Mr Speaker and Gent:

To yo[ur] last Saturdays Message Sent to us by m[r] Trott and others, Wee Send This Answer. That tho the House of Commons in England have thought fitt that no Publick Officer should be a member of their House, yett they would never Presume, to Say
That a Memb'r of ye upper House Should not beare any Publick office in the state, Their Reason wee suppose for This Difference to be This, That money Bills ariseng in the Lower House, any person who Could make an Interest in that House to be Elected such or such an officer, might, by his Same Interest secure Such Bills to Pass as would be oppressive & Burthen Some to the subject, out of a Pure Designe, to Enrich himselfe of which Inconvenience wee have been Lately to Sensible in this Province, yett seeing you are so desireous that Mr: Thomas Smith should be Publick Receiver, And to That End have presented him to us for our Concurrence, That Wee may find you ye more Expeditious in all other Business, We should not be unwilling to accept of the sd Thomas Smith, And That youu—Prepare a Bill in Which you Oblidge him to Give security for ye faithfull Executing his said office &c And to Qualilifie Some persons to sue his Bond in Case of Forfeiture, and to Appoynt a Successor: and That if you thinke fitt to make a Comptroller he may be made wth out Encreaseing The Publick Charge/
