Motion being made by Mr. Henry Wigington that the Governor be acquainted that this House is already Qualified.

Ordered that Ralph Izard Esq[r] Mr. John Abra[m]e Motte and Mr. Rob[e]n Daniel do attend accordingly. who

Being return'd reported to the House that they had acquainted the Governor & Council of the Same

A message from the Governor and Council by Mr. John Barnwell desiring this House to attend them immediately

Mr. Speaker and the House Return'd and Mr. Speaker: Reasum'd the Chair and Inform'd the House that the Governor had Delivered'd a Copy of his Speech to him to prevent mistakes.

Gentlemen,

Since my Coming to the Governor: I have Endeavoured to make ye Law my Rule and was carefull accordingly to call a Parliament within the time Limited, but you all know how foolishly these Gentlemen disapointed both the Countrey themselves and me for tho they had a Law to Guide and direct them (which if I should in any other Case, have pretended to dispence with I am Sattisfied they would have been the first to have Condemned that Dispenceing power) yet they now pretend to blame me for not granting it But Pardon me Gentlemen If I cannot let this pass without an Observation that Such men of unsteady and Censorious Principles so visible in other Respects (as Some of those were) cannot help makeing their Hypocracit appear in more Essentiall things in being Ignorant or Wavering, as to what Church they belong to, a Crime I think unpardonable in Such as proposed themselves (to the Countrey) fit to make Laws, and yet were wanting and Ignorant in that great Law to themselves in being at a loss and Hessitateing (at those years) in what man' er to Serve their great Creatour/

But the Quick Applicacon Gentlemen you have made to Qualify your Selves gives me a fair prospect and hopes that you will not be wanting in your Duty both to God and the Publick/
In the first place in finishing what may be still thought necessary towards the Sure and Lasting Establishment in this Province of Our Infant Church of England with Suitable Encouragement to those, that are willing and desireous to come into her Com'union, for the more it is Envey'd and Struck at by a Dissenter agent in England and Restless and Censorious Spirits here, though under Colour of more plausible pretences of Conscience and Liberty, by so much the more I hope you will Endeavour to lay its foundation the Stronger and firmer and Convince the World in so good a Cause that you are neither discouraged nor afraid whatever mourns without, or a Snarling, Imperious, positive, self Conceited proud and haughty prelate within us (that no warning or patience or at last Severity could make Sensible of his miscarrage to the Government) may Report or Preach to the Contrary, in Easely Vilifying undervaluing and Censureing our Church Act, and proceedings upon it, yet maugre that and other Reflections, you will approve your selves no Januses to the Church as he hath done in takeing part with her Hypocriticall Pretenders and Declared Enemys, but that you will act like what you are. true Sons of your Mother the Church of England to the Disapointment of her false heart'd friends and more open Enemyes/

As to Civill affairs I have only to Recom'end to you Gentlemen

1st To Rectify the mistakes the last assembly was Guilty of to the great discouragement of many of the Inhabitants and the lessning, if not almost ruin of the publick Credit by that hardship (if not Injustice) to receive and not willing to discount, were a Just Debt was due from the publick as well as appropriateing the Severall funds, so as not to Consider Casualties which Occasioned a great Clamour and Sever Reflections and Censure upon the publick Receiv', and had the Cryes of those whose slaves was forced to ye Publick Service When their Familyes in the mean time Starved for want of their Just dues and my selfe Obliged to the uneasesiness of Continually hearing those Just Complaints without being able to administer any Releif./

But Gentlemen I recom'end it to you, and hope you will Inspect and Correct those Unhappy Circumstances, we have layn under, for I do not doubt but you will find Sufficient
Diffunds to answer (In time) all our Publick Occasions without thinking to lay new Burdens upon the Collony who have Sufficiently sett the load of Our Missfourtunes, without further pressure from our Selves, Those of buying dear and Selling Cheap being what our poor Planters have long groaned under and without hopes of Remidy, if not from your Prudence in finding some Expedient to Ease them./

2dly My Duty obleidges me, to give you warning as I did the last assembly of the danger and hazard we are Expos’d to for want of some regulation in the Indian Trade, for the management of those that now go abroad upon that account are grown Numerous to what they were formerly in that trade and for their particular Intrest deal so Unjustly and Rigoursly with the Indians, that I have Continuall Complaints, so that I greatly fear the Consequence, if you do not find out some way to secure us from the apparent hazard we dayly are liable to, if methods of prevention are not taken very Speedily. I would not have you think Gentlemen that either relations or any particular Intrest will have or hath any byss with me were the Safety of the publick is in Danger therefore be Assured Gentlemen I will heartily Joyn with you in this or what else may Conduce to our Peace and Security/

3dly To alter the Gauge of your Barrells of Pitch and Tarr, not that our most Gracious Soveraign the Queen hath given us so fair a prospect of proffitt to Shipp it home, and I think if some method Could be thought of to Encourage Shipping to Come and fetch it, will Require your Serious thoughts, as also Severe penalties upon those that shall Steal lightwood from their Lords: Lands or their Neighbours and to make it felony without benefitt of Clergy, willfully to Sett flire to any uncovered Tarrkiln or Pitch and Tarr in Barrells, as in like cases, fireing Houses and Barnes &c./

4thly: As I formerly recom’ended to the late house, so I do againe to you, the unreasonable Hucstering and forestalling in this Town, to that End that you would think of haveing a Markett and regulation of Weights for it is a Crying Sin to See what light bread is Imposed upon those that are necessitated to by it nay even when Corne is Cheap./

Affair also for buying and Selling of horses and Cattle and Sheep would be altogether necessary, now that horses are be-
come plentifull and Oxen fitt for the Plow, would I doubt not find Vent as well as a great Convenience to Encourage grazing and Butchers to Supply the Town with greater plenty and better meat./

5thly. A Magazine for your Stores of powder Bullett and other warlike tooles Necessary is greatly wanting

6thly That you also Explaine that part of the act of Duty upon Slaves Imported, for I believe it was never meant or Intended to discourage Strangers with their Slaves to Come and Settle amongst us, but only such to pay the Duty as were Imported for Sale and profitt./

7thly. What I recomended to the last Parliament I must to you, the Constitution which last was, Some years Since, Sent for your approbaccon and I think it was their (the neglected) Duty as it is yours to give their Lordshipps an Answer whether you are Dissattisfied in the whole sceam of the Govern't. their laid down by them, or Some particulars, but if either it is but reasonable you should draw up the Reasons of your dislike, that if the Councell here cannot on their behalfe give you Satisfacion they may be transmitted to their Lordfps: whom we doubt not will be willing to give you all reasonable Satisfacion./

8thly. To Inquire into the Reasons that Act is so much neglected in Tolleing of Cattle that Comes to Town and were Impracticable to mend it

9thly: That you appoint a Committee to look over your old acts and those necessary to Renew them and add or Diminish what is necessary in others./

10thly And further I Recom'ended to you, that you will Call to a Strict Account the Publick Receiv': or any others that have touched any of the Publick moneys, that those malitious, unreasonable or Factious Persons, that have continually been Censureing and bespattering the Goverment that the Publick moneys have been Clandestinely made use of, to particular mens Intrest and profitts, may be made Slanderers and Iyers in the most publick man'er you possible Can, to the Satisfacion of our planters who have been so frequently buz'd in the Ears with that and other Villanous Stories only ffor Some particular Self Intrest of the base fforgers of them and this matter Gentlemen I think will Require your particular Care/
11thly. I cannot leave you Gentlemen without this further Remarke wch: I have freequently taken notice of that nothing Conduces more to the Disturbing the Peace and breach of Charity and Divideing us further amongst our Selves, then the Spreading false Reports, malitious Suggestions and Scandalous Refflections without any Just grounds upon the Govern-ment and those Concerned in it, with a Design to discourage those of our Friends and pleaseing those that Nothing will Sattisy but the Governent in their own hands or haveing it Cast into their Antimonarchial modle and Principles./

But I hope Gentlemen you will thinke of makeing an act this Sessions to discontenance and deterr Such Injurious and Insolent Spreaders of Such misgrounded and malicious Reports, and make it very penall, and so shall Conclude with de-sireing you to loose no time but to make what Dispatch you possibly can that you may Returne to the management of your own affair, Planting time drawing near/

To the Rd. Hon:ble Sr Nathaniel Johnson Kn: Governr: Admirall and Gen: of South and North Carolina./

The Humble Address of the House of Com'ons now Convened at Charles Town for the South West part of this province Wee the Com'ons now mett at Charles Town do Returne yo: Honr: our most Sincere and hearty thanks for that Excellent Speech you made and delivered to us at the opening of this present Session

With Joy we take notice how particularly in the first place your Honr: has Recommended Religion as it is the protestant Religion Established by Law in the Church of England. And Wee the Representatives of the people following your good Example will Endeavour to Consider it, as Parliaments in all ages have
done, that is, as a part of Our Laws and a necessary part of Our Government.

It is no Doubt a Duty which we owe to God and ourselves to the present Age and to Posterity to Improve the Opportunities God gives us of defending our Vineyard; and making the Hedge about it as Strong as we can, And we dont at all Question that your Hon'r: will be found wanting in any thing which the prudence and Justice of this Assembly can propose as Expedient for so good, so peaceable and so excellent a purpose:

In the Next place it is with a like and equall Joy and Satisfaction we behold your Hon'r: directing your Considerations upon the Safety and Hon'r of the Government both which are then best Provided for when we keep up the strength and Reputation of Our Publick Credditt, are Carefull that those persons are paid to whome the Countrey is Indebted, by making and Executing good and wholesome laws and by providing agst— the Com'on Enemy.

But with unconceivable Regreest and Sorrow we cant but Observe. with your Hon'r. to what a strange kind of perplexity Some Men Labour to Reduce this Goverment. The false slanderous and absurd Reports that flie about this place agst an administration that has been so easy and happy, Give us to know who are the authors of them, even those who are Enemies to our peace Enemies to themselves, and Enemies to their Country who both at home and abroad labour and practise to bring about new Changes and Revolutions in the Goverment yet lett it be Lawfull to provoke and Challange the most Discontented and most unsatisfied Sperits amongst them to Shew the time if he can Since we became a Collony wherein there were fewer greivances and less Causes of Complaint then there is at present: Who doth not see that there are in all Goverments difficulties more then enough, tho they mett with no Intestine divisions, difficulties that the united Endeavours of a State can hardly Struggle with. But after all is done that can be by our most Implacable Enemies, we are assured your Hon'r will Remain insuperable and Continue to your last breath a hearty and Zealous patron of the Church and Patriot of yo Countrey./
