A Message from the Governr and Councill by Cap. Geo: Evans as followeth Viz'.

Gentlemen/

There's nothing that can give an Interruption to publick affairs, or disturb that good Agree'. that ought to be between us, but that we Share therein wth Infinite concern

And therefore we have carefully Enquir'd into the Nature of the Complaint laid against Coll—Risbee and th'o he disowns the words as they are charged yet we are Satisfied that Severall indecent and unbecoming expressions past between him & Mr Stanyarne a Member of your House over a glass of wine and that Mr Stanyarne a member of yo House tooke the liberty to Say (among other things) that 'twas in the power of the House of Com'ons, if they pleas'd to Send any of the Dep'ties, to be lookouts on Sullivans Island or words to that effect, wch must needs be owned very rash and Affrontive to us also who are the Superior part of the Legislature, so that if Enquiry be made into the case of Coll—Risbee, we cannot be
so farr wanting to own Honrs. as to overlook Mr Stanyarne behaviour./

But this measure being likely to engage us into heats and Contentions, looseing our time, & Neglecting the end for wch we are mett, we think it more adviseable to pass it by, with a Mutuall Silence, takeing more care on both Sides not to give the like offence for the future—

As to the repairing & disposeing of the Countreys boat and Galleys we agree with you, in the Measures you propose and desire it may be done as soon as possible—

We have Consider’d Capt Eves petition and cant find any Law Impowering any to make a passage through his Land, and therefore are of opinion its no ways consisting wth: the trust reposed in us to pay him anything for damage thereby Sustained out of the publick, but in such case must must leave him to Such Methods as the law directs and to Improve his Land according to his discretion—

A Message from the Govern'r & Councill by Capt Evans Viz'.
Gentlemen/

Yeasterday in the Afternoon we rec'd three Messages from your House. One concerning James Child another about Cap't Eves Petition and the third relateing to the presents Collected for the Govern'r by the Indians, to wch we answer first we are very willing if Mr Child has transgress'd the Laws or Committed any misdemeanors in prejudice of the peace of the Countrey that he Should be proceeded against according to Justice without any respect or regard whatsoever, but we cant but take notice how little trouble you give your Selves to informe us what grounds you have for yo' Suspitions agst him, tho you press us to Shew him the Strictness due only to Traters & Murderers—

Therefore Gentlemen we do expect that if you have any Lett's: depositions or other informac'ons concerning Mr Child you lay them before us, that from theme we may Collect whether his Offence is Bailable or not. for otherwise we fall into an Error against the Intent both of Law and Justice, and when we are so inform'd there will be no need to importune us either to take Cognizance of the Crime or punish the Offender—

As to Cap't Eves Petition we are Still of the opinion and think it but reasonable that the publick & no other Should make him Satisfaction for his Land, Since it would have been so inconvenient and prejudiciall to the In-trenchm's: to have the Adjoyning Lotts finished & Settled, and we wonder at the little respect wherewith you treat your Govern'r, letting every private person loose to Contest his Actions, which you cannot but own were design'd for the publick Safety for if our fortifications are block'd up tis in vain to expect any Advantage by them rather we are less then on even terms with an Enemy—Besides Gentlemen you mistake the words and meaning of the Act when you say that you cant find any Law &c, for in the Act made for fortifying Charles Town amongst other things it is said that the Commissio'n. Coll Rhett Shall have power with the advice of the Right Hon'ble: the Govern'r: to remove any thing that he Shall think prejudicial to the said fortificac'ons, the true intent & meaning of wch: is to remove any thing that might obstruct the Guns from playing or Shelter an Enemy on his approach to the Town, which the Setting up fences & building houses so near the trenches
would certainly do, and so the prohibition to Cap't Eves does not exceed the power given by the purport of that Act but is pursuant thereto, and absolutely necessary for the reasons aforesaid & therefore it will be very little to Cap't Eves Advantage to Send him to the Govern'r for Satisfaction—

And lastly as to the doubt you make whether according to the Act, the Govern'r ought to have the present of Skins (prepared and ready to be Sent to him by the Cherekees) or not, we see no room for Such Scruples, or any reason to Expect better Satisfaction any were else, or from any other person then you had yeasterday we Sent you two of y's head men of men of that Nation, who have Inform'd you that tis above Eight Months Since those Skins were Collected for the Govern'r, and the Act expressly excepts in the same paragraph were he quitts Claim to all Indian presents Such as are already in the Hands of Some Indian Trader or any other person or his sons for him, so that without a manifest violation to yo' own Act you cannot deny or delay Sending orders to your agent to forward the present to the Govern'r— as has been already requested of of you & which we had much rather Should be Effected that way, then owing to the necessity of other measures—

X Johnson—

Motion being made that the Govern'r may appoint Some places for to retreat to upon any Sudden Surprize, & upon debateing the Same Order'd that Mr Rich'd. Berrisford & Mr Grange Carry the following Message to the Govern'r Viz't.

May it please your Hon'r./

This House haveing under their Consideration the necessity of places for Randevouze and Rallying our forces in case of a Sudden Surprize or Repulse from our Enemys least your Hon'rs orders Should not reach time enough to the respective Officers of each Company as also besides the powder to be lodg'd with every Respective Cap'ts: of the patrooles, to have two Magazines of four Barr's of powder & ball proportionable in each Magazine at some convenient parts in the Countrey, do humbly offer the Same to yo' Hon'r— consideracion to appoint where the places for Randevouze and Magazines Shall be fixt that the Same may be Inserted in an Act

Tho: Smith Speak'r—

Order'd

Order'd
That Mr John Stroud & Mr Robt: Fenwick prepare & draw up an Answer to the Govern'rs last message which was done accordingly and is as followeth—
May it please yo' Hon'rs—

By Capt Evans yeasterday we rece'd yo' Hon'rs— answer to our Messages we Sent you in relat'on to Mr Child Capt Eves and the presents of Skins &c as to that of Mr Child we had Sufficient reason to make our Applicac'on to your Hon'rs that he might be prosecuted according to Law, haveing had as well heretofore as of late Severall good proffs of his notorious Crimes and misdemean'rs. Committed amongst the Indians tending to the breach of friendship between the Indians and us, & Consequently the dreadfull Effects of an Indian Warr, which proffs we herew'h. Send you, & pray yo' Hon'rs. will take Such Methods as the Crimes Imports to bring him to Condeign Punishment—

As to what Concerns Capt Eves we can't be of any other opinion till better Satisfied but that he ought to have the liberty of putting up his fences for his proffitt as well as others have to keep
up theirs as well as their Houses which are as near to the fortifications, & much more prejudicial to the Same than his. And what your Hon's suffers from Coll Rhett's power joyed with the Advice of the Rt: Honble: the Governr, we dont apprehend that thereby any person should be deprived of his undoubted right in making the best advantage of his Land—

And Lastly as to the Indian presents of Skins which your Honr intimates was design'd for Governr— we Shall not be no ways a hindrance to the Same as Soon as it appears to us t'was intended for his Honr. according to the Intent & purport of the Act—

A Message from the Govern't. & Council by Cap't: Geo: Evans wth: the following Message. Viz: Gentlemen.

Yo': Message this Morning offers to our Consideration the Necessity of places of Randesvoze & Rallying our ffores in a Case of a Sudden Surprize or Repulse from the Enemy & to fix the Same that they may be inserted in an Act wch: proposall, we are of the opinion is inconsistent with the nature thereof as well as not practicable for how is it possible to Assertaine any place as a Randesvonz to Rally our ffores when wee know not where the Repulse will be given, but in all Such, Cases tis the Generall only that is invested with a Discretionall power to Direct as the Exigency of affairs shall Require, & therefore (not to say any thing) of the Dangerous Consequence of the publick knowledge of a place to Rally on with wch: the enemy in all Likelyhood may be informed & so Defeat the Design) such insertion in an Act is altogether improper & interffers with that power that ought to be reserved & Lodged in the brest of the Generall & as to the other part of that Message Concerning Magazines &c we do not very rightly Understand the Meaning & intent of it without Some further Explanation wch: Wee expect from You./
But Gentlemen Since we perceive yo: House is under Military Considerations we think it Seasonable to Advise You that there is a Great Defect & Want of Cap:s: there being Severall Companies unprovided, and therefore it is Absolutely Necessary that some means & Methods be used & taken to encourage Capable persons to supply those Vacancies for it is in Vaine to think of the Advantage of our forces if the several Companies want Leaders & tis very Likely this Mischief may be prevented & fitt p:sons undertake the Charge if the Trophies of each Company be allowed by the Country w:th: is no ways Unreasonable Since there are always other Considerable Charges unavoidable incident to the Commission & therefore wee press Yo: Speedy Consideration in that affair

Wee Likewise must put You in Mind of the Eight Barrells of powder & Shott borrowed & Lent to us by the Governr: of Bur-mudas as w:th: all in Hono: & Justice wee ought to have paid Long Since, which the Governr: by Severall Urgent Letters has Demanded of us./

Nath:ll: Johnson.

Upon Debat:ing the same the Question was put whether Drums Collours & Haulbards be paid for out of the publick to each Company

Carried in the Negative.

The Committee Appointed to prepare & draw up the Message to the Governr: & Councill. Concerning Dr: Marston brought in the Same which was Read & Agreed to & is as followeth.

May it please Yo: Honrs:

Dr: Edward Marston

Haveing made Application to this House to Have his Salary of £150 & amm paid him as being Minister to the Church of England In Charles Town According to a Law made & pro-vided in that Case for the payment thereof. And the same Appearing to us by the said Act to be justly due to him but finding Yo: Honrs: not Concurring to an Ordinr: for the pay-ment of said Sallary the Last Sessions do pray Yo: Honrs: to Show us Such reasons that wee may be thereby Satisfied Why the said Doct: Marston ought not to be paid According to the directions & Intent of the said Act./

Gentlemen.

Wee Expect the House of Com'ons would have been so Civil as to Have Sent us the originall Mittimus Depositions & Examinations Concerning James Child as they were taken or at Least Attested Coppies of them & before whome taken but However that shall Give no interruption to our proceedings thereon & therefore supposeing the Crimes Laid agst: him are true Wee are unresolv'd in the Case of takeing or Refuseing baile & Desire Yo': opinion whither a prison Killing any Indian in amity with this Govern't: ought to be proceeded agst: as a Murderer of any of the Queens Leige Subjects if you think he ought wee desire to know by what Law whereby the Attorney Gener': may Ground the Inditemt: agst: Mr: Child but if in that respect you find a deficiency in the Law then we advise You immediatly to bring in a bill for the passing & makeing of Such a Law to punish the Like offence for the future for wee agree wth: You in the dangerous Consequences of such practices & will give the Attorney Gener: strict Charge to prosecute Jeames Child at the next Gener: Sessions of ye peace for these high Misdemeanours Laid agst: him but See not How Wee can in Justice refuse to accept Baile for his Appearances & therefore being a Matter of So Great Moment Desire Yo': Advice therein/

Nathan: Johnson.
Gentlemen,

Wee Read Yo: Message relating to Mr: Edwd: Marston & do find the same so Generl: that wee Cannot well tell Your Meaning in it for You say he Hath made his Application to have His Salary of a £150 pr annum paid him as being Minister to the Church of England in Charles Town but you do not say for wt: time so that by the Writing of Yo: Message it Looks as if he thought himself still Minister of Charles Town for You have not Said that he Officiated a Year before he was Removed & that there is 150 Due to him for that time but only in Generall that is due to him 150£ pr annum So if You please to explaine Yo: Message Wee question not but wee Shall be able to give a Satisfactory Answere if Reason will Satisfy You founded upon the Honr: of Yo: owne House

Nathan: Johnson ordered yt ye following Message be sent to the Gvr: & Council viz: May it please Yo: Honrs: /

You are pleas'd to Lett us know by Yo: Message Relating to the Revd: Edwd: Marston that you find our address Concerning the said Marston So Generl: that you cant well tell our Meaning in it & that if we will explaine ye Same you question not but you will be Able to give a Satisfactory answere if Reason will Satisfie us &c.
as to the first part of our Message wch: is said to be So Generl: that the meaning thereof Cannot be Understood. Wee therefore informe Yo: Honrs: That from the Date of the Ordinance of Assembly to Stop Doct: Marston Sallary there is Justly due to him One Hundred & fifty pounds to the date of the Decree of the Commissionrs: to eject him and wee Suppose You are not Ignorant that Doct: Marston officiated in his FUNCTION at Charles Town to that time and as to the Latter part of the Message wee doe Expect to be satisfied by Reason Grounded upon a Sure foundation which is Consistent wth: the Honr: of our House./

Upon reading an Additionall Bill to the Indian Trading Act. Ordered
That the said Bill be recommitted for Amendm: to Mr: ffenwick Mr: Stroud Mr: William Smith Mr: Grange & Mr: Woodward
be a Com"ittee accordingly & bring in the Same on Monday next. a Message from the Govern". & CounciLLU by Cap": Evans &c. Gentlemen.

Wee read yo$: Second Message relateing to Mr$: Edward Marston wherein You desire us to Give our Reasons why he should not Have 150£ paid him for officiating from the date of the ordinance of the assembly to stop his Salary till the time that he was ejected by the Decree of the Comission rs: And we Cannot but wonder yt you should ask us to Give reason why he should not be paid yc Salary when you may see the Reasons very plainly in the words of the ordinance where after yc recitall of his offences & his abusing of the Goverm$: It is expressly Said yt no more Money Shall be paid him out of the publick Treasury untill Such time as by an ordinance of the Generll: Assembly upon his Amendment better behaviour & Submission he be Restored to the Same, Now he hath been so far from any Amendment or making any Submission to the Goverm$: that he Continued his abuses & Railing Constantly in his Sermons So that neither the Goverm$: nor no one else Concerned in the Goverm$: could Goe to Church except they would be Contented to hear themselves abused He having his abuse papers ready penned into his Sermon Notes to make use of When he saw any one Concerned in the Goverm$: come to Church wch: necessitatd the Commission rs: to proceed agst: him And Several of the Articles Chargd agst: him before the Commission rs: was Occasioned by these Railing & abusive Sermons Therefore wee Suppose you Cannot Expect wee Should Consent to have him paid for these abusive Sermons for which we thought him worthy to be deprived And whereas You object yt he officiated yt time to yt we Answere yt we know no one Yet desired him & all of us would have been Glad if he would have Lett it a Lone for it was his officiating drove us & others from the Church who were Sure to be abused by him in his Sermons And he hath Still Continued His Insolences & abuses to the Goverm$: a particular Instance of which You had in Last Scurrilous & abusive Letter sent the Goverm$: wch: was Laid before Yo$: House yc Last Sessions & at yc opening this Yo$: Meeting the Goverm$: told you how ill he took yo$: iformer Treatment of him wth: Respect to Mr$: Marston And therefore Wee wonder to See you repeat Yo$: Affronts to
the Govern'': by siding with Mr: Marston by which we & every one may plainly See that a person need have no other Qualifications to Entitle him to Your favour but abuseing the Govern'': otherwise Surely You would never Expose the Cause of Mr: Marston whose notorious Guilt in yt p'ticular is so well known, for Certainly You Cannot Suppose that we or any other person will think it is Yo: kindness to the Church & the Clergy in Generall. for as to the Church You have Sufficiently Shewed Yo: prejudices to yt by a Late Instance And for the Clergy You Have Shewed Yo: Good will to them in the Case of Mr: Lazel whom You have refused to Gratify tho You all know yt he Hath Officiated to ye Satisfaction & Content of the Goverment & his parishioners.

Now as to Mr: Marston he hath never made any amendment nor Submission in all this time Elaps'd since the first passing the Ordinance for Stoping his Salary and therefore we Give You this as our possitive & final Answere Concerning him That we will never Consent that he shall have any Money paid him out of the publick Treasury Neither will we Spend any more time and pains in Receiving or Answering any more Messages relating to him.

Neither do we know wch: way he Could be paid as a Minister if were willing when the old Church Act is Repealed and all the publick Money Appropriated under a Strict penalty upon the receiver for paying Contrary to the Appropriation And therefore if he Deserv'd our Pitty or favour wt Should be Allotted him (as the Treasury is now Settled) must be by way of Gift or Charity, and as to that when we Can See his Submission to the Goverment for his many Abuses of them, and that Wee shall have Some Experience of his Liveing as becomes a Christian & a Minister of the Gospel & of the Church of England in particular by paying all Dutifull obedience to the Government, According to the known Doctrine of the Church & Liveing in Love & Charity wt: all people And particularly the people of his parish, Then & not before wee shall Consider how farr he & his family are objects of our Charity. And Shall not then be Wanting to shew our Selves Compassionate & ready to forgive/

Wee have taken notice of Yo: Comitting Jeames Child to Prison & beleiving the Information You have recd Concerning his behaviour among the Indians to be in a Great Measure (if not altogether true) Wee have there upon Addressed the Governr: That he be Comitted a Close prisoner according to the nature of the Crime he is Charged with justly requires, but the Governr: in his Answer to us Seems to Doubt Least there be not Sufficient Evidence against him So that as Yett he is indulg'd wth: a Great deal of Liberty, This has occasioned Some Debate between the Two Houses the final decission of which must Depend on the further Information You Can Give us wth: wee Desire you would Doe Carefully & Speedily.

Gentlemen.

I need not be Large to Give You reasons why I Called You Suddainly & before the pro'gation.

Yo'v: Com'ns: for the Indian Trade informed me that the Ex-igency of those Affairs required it otherwise, I had not Given You the Trouble of Leaveing Yo'v: private Concerns at this time But You Very well know that be the Necessity never So Great or Dangerous neither my Selfe or the Commissionvz: Can Draw any Money out of the Treasury for publick Service

I dont Observe this to You Gentlemen as Tho I would in-sinuate or Desire to have any Such power or Trust for that would but Impose a Greater burthen on my Shoulders & per-haps to Expose to Censure (for Experience has instructed that the good or bad Management of Human Affairs is Determind by Success) but that the Distributive power of Money may be placed in Such Hands where Yo'v: Jeliousses may give You more Assurance then in my Owne for I am No wais fond of being Accountable for publick Money & So Little Gratified I have found for past Services, that I am not Desireous to run any Hazards of that kind for the future Except in the way of y't Duty I owe to my publick Station & there both my Life & Intrest Shall be freely Expos'd

To Yo'v: Commissionvz: I referr you for the Speciall Oc-cassion of this Meeting from whose Acco': if You Collect a Necessity of Sending forces to Reduce or Distroy those Indians or others who are Reported to Insult our Settlements I am Ready not only to Stamp Yo'v: Resolves w'th my Authority, but even (if you Desire it & think the Danger So Great & iminent) to Go in person & Venture my Life in the Service & as the na-ture of this Affair requires hasts & Expedition So I will Detaine You no Longer from Goeing to Gether to Consult what is Neces-sary to be done at this time Only Gentlemen I must Observe to You that I did Expect from w't I said the Last Sessions You would have done me Justice by Expunging out of Yo'v: Jour-nall that precipitated Vote wherein You Censure Yo'v: Gov-ernv: without Hearing w't: he Could Say himselfe, which as it was Denying him Com'on Justice that not any of you, but would think hard in his owne Case, So I did Expect that Yo'v: Cooler reflections on it, would have been more Just & therefore
now Desire it may be Done & that I may No Longer have Occasion to Complain
