One hundred twenty Members having answered the roll call, the Secretary of State declares a quorum is present.

The Secretary of State announces that the first order of business is the election of a Speaker and declares that nominations are in order.

ELECTION OF OFFICERS

Representative Charles Beall places in nomination the name of Representative Liston B. Ramsey, of Madison County, as Speaker of the 1985 House of Representatives.

"Mr. Secretary of State, distinguished visitors and guests, ladies and gentlemen of the House:

"It is with utmost pleasure and pride that I nominate for Speaker of this body my distinguished colleague and associate from the 52nd House District, the Honorable Liston Bryan Ramsey.

"His election to a third consecutive term will be extraordinary but this is entirely fitting, for Liston Ramsey is an extraordinary person.

"Liston Ramsey was essentially created for greatness, for service beyond the realm of what is ordinary or merely average, sufficient or adequate.

"Henry Wadsworth Longfellow said: 'In this world a man must either be a hammer or an anvil.'

"Liston Ramsey is a hammer.

"He is leader, a doer of deeds who takes his responsibilities seriously. If he thinks something is worth doing, he puts his whole self into it. Add to this quality a demonstrated devotion to public service, a razor-sharp insight into issues and a loyalty to the Legislature as an institution, and you have the ingredients of a success story unparalleled in North Carolina history.

"His road to success has been paved by a thorough knowledge of the legislative process. He is a master of legislative rules and procedures — a master, that is the only word for it.

"Those of you who will be serving under his guidance for the first time will readily see that I do not indulge in exaggeration when I say that for knowledge of the inner workings of this General Assembly Liston Ramsey has no equal, past or present.

"If there is a single word in all the wealth of the English language that best describes his dominant trait and his character, that word is 'loyalty'.

"Loyalty to his Statewide constituency.

"Loyalty to the General Assembly of North Carolina and particularly to this House.

"Loyalty to his friends.

"Loyalty to the concept of democratic representation and fair play.

"This is why so many are so loyally attached to him and why their attachment grows stronger with the passage of time.

"His accomplishments come from within the man, not from positions or power of influence, although he has both. He is a man of clear common sense and honest purpose whose every act is to serve faithfully the people of this State — all of them, regardless of their place of residence or their station in life.
He is a stranger to pretense and flowery formality. He is a person of simple abstract goodness who makes no effort to seem what he is not, yet does not let his practicality block out his humaneness.

"Calm amidst excitement, patient under pressure, never unduly elated by victory or depressed by defeat, his forebearance and generosity will be talked about as long as these qualities are honored.

"The legislative session we are embarking upon today will, without question, be one of the most challenging of recent times.

"Challenge presents opportunity. And opportunity attracts leaders. We are exceedingly fortunate to have Liston Ramsey leading us at this time.

"Perhaps the briefest way to sum up Liston Ramsey is the way Sam Rayburn summed up Harry Truman: 'His heart is right and his head worked.'

"It is my high privilege to nominate for Speaker of the 1985 House my friend and your friend and one of the finest public servants North Carolina has produced, the Honorable Liston B. Ramsey of the 52nd House District of North Carolina."

The nomination is seconded by Representative Jo Graham Foster.

"Mr. Secretary, honored guests, ladies and gentlemen of the House and other visitors:

"Truly this is the season of our hearts' desire. A time that we come to second the nomination of Liston B. Ramsey for Speaker of the North Carolina House.

"Liston is a man of calmness, courage and power. These words truly portray the man of the hour. A man who has defined his purpose and shaped his destiny — never drifting without direction.

"I think that as a young boy Liston must have waded in those mountain brooks observing each inch of the way how freely they were giving of themselves until they reached the ocean. I, too, think that standing by his side and watching him step from stone to stone was the poet who penned these lines:

'Isn't it strange that princes and kings and clowns that caper in sawdust rings

And common folks like you and me are builders for eternity.

For each is given a book of rules

A shapeless mass and a bag of tools

And each must make ere that life has flown

A stumbling block or a stepping stone.'

Liston Ramsey — never a stumbling block but always a stepping stone to higher and more beautiful achievements.

"Now, if you will allow me, I would like to speak on Liston, the Speaker.

"Liston will keep his eyes on the steady stars and not on every small ship that goes sailing by.
"He will not give us endless applause to tell how great we are but will conduct each day's session so that it will bring hope and satisfaction because Liston has the ability to say 'no' when necessary and the wisdom to say 'yes' when appropriate.

"Liston has a cooperative spirit and appreciates cooperation far more than cut throat competition.

"Liston has great respect for all people learning over the years that many may be hiding golden wings beneath a ragged coat.

"Liston will call you by name never asking the earth shattering question Who are You, but quite often he will leave the Halls of this House with the penetrating thought but never a question 'And what did you make of it all?'

"Liston will set his priorities rather than floating around doing what comes next. Liston will defend us to the end.

"Mr. Miniche, surrounded by roses, was an elderly gentleman confined to the hospital. A visitor finding Mr. Miniche absent, but the room still filled with roses, inquired about his whereabouts. The reply was that Mr. Miniche had gone but he had left his roses behind him. When the Session is over while others may give a sigh of relief when we are gone, I believe that Liston will go back to his office, sit in his chair and say — they have all gone home but they have left their roses behind them.

"Liston Ramsey — a man of calmness, courage and power.

"Truly he is the man of this hour."

The nomination is also seconded by Representative Dennis Wicker.

"Mr. Secretary, Mr. Chief Justice, distinguished members of the House, family and friends:

"Everyone knows that the sun rises in the East and that water is wet, and everyone who knows Liston Ramsey knows that he is a legislative leader of uncommon ability.

"I have worked closely with him and for him for the past four years, and he never ceases to amaze me.

"Men with his kind of energy, dedication, know-how are rare and getting rarer.

"It has been said that 'Many people can play a musical instrument but few can lead an orchestra.'

"He is fair to all and presides with a level head and an even hand.

"Liston Ramsey is a man of his word.

"Doesn't commit himself until he is absolutely sure of his position, but once he gives his word, he keeps it, even if it hurts.

"He is forthright.

"When it comes time for an answer, you get a 'yes' or 'no' instead of a 'maybe'.

"The speakership is his life's ambition.

"Recognizes importance of dual legislature...that we need to work in harmony with the Senate. But he is of and for the House, in which he has served since I was 9 years old.
"And he is a recognized authority on rules and processes and procedures. Most importantly, he takes a statewide view.

"East...Piedmont...West...makes no difference to him...wants all regions and all classes of people treated fairly and equitably.

"And I predict, Mr. Secretary, that when history is written about the General Assembly that Liston Ramsey will be listed as one of the greatest speakers ever to serve in the Halls of the House.

"Mr. Secretary, members of the House, it is with great expectations and enthusiasm that I second the nomination of Liston B. Ramsey to continue as our Speaker for the 1985-86 Session of the General Assembly.

The nomination is also seconded by Representative C. R. Edwards.

"Mr. Secretary of State, honored guests, family, friends, ladies and gentlemen of the House, it is a distinct honor and privilege of mine to second the nomination of the Honorable Liston Ramsey as Speaker of the House for the 1985-86 Session. The speakers who have preceded me have extolled the virtues of our Speaker, indicating that he is a very capable person and a friend to us all, to this, I believe we agree; but, it can be repeated several times to emphasize our respect for this man.

"As a member of the freshman class entering in 1983, I must admit that I approached my first session with a great deal of anxiety and maybe some fear. Maybe, I even felt like Paul the Apostle who, when he wrote the letter to the Corinthian Church, informed them that he approached their city with 'great fear and trembling'. But, the moment I visited with Liston Ramsey, our leader in the House, my fears were dispelled and my anxieties allayed. I felt that I was coming into an assembly where friendship would prevail. He made me feel comfortable, and that I would be given every opportunity to market my ideas in the market place of this House.

"It is amazing, almost unbelievable, how amid his busy schedule, he has time to talk, advise, suggest, and never seems to be in a hurry. He is sensitive to the concerns of each legislator.

"Speaker Ramsey has a way of listening, making one feel that he is hitting a home run when he may not even be in the ball park.

"I do not, however, want us to believe that our Speaker is not in control. In a word, he is firm but fair, guiding this August Body with skill and compassion, and never failing to remind us that we are working for all of the people of this great State of North Carolina.

"A final word is that our Speaker knows how to assemble a staff that blends with his spirit. Think of Jack Hunt, our Speaker Pro Tempore, Dot Barbour, Grace Collins, Larry Eagles, Sam Burrow, Jr., and all. These people aid in the smooth and effective operation of this Assembly.

"We need Speaker Ramsey to continue as Speaker of the House and I welcome the privilege of seconding his nomination."

The nomination is also seconded by Representative N. J. Crawford.

"Ladies and gentlemen of the House:

"There is a phrase in the Bible, I believe you will find it in I Corinthians, and it goes something like this:
For the trumpet gives an uncertain sound, who shall prepare us for the battle? 1985, my friends, will be a year of many battles in this General Assembly; battles for ideas and ideals, battles for education and ecology, battles for construction and conservation, battles for highways and health, battles for principles and priorities — battles that will deeply affect the lives and future of those we are charged and privileged to serve, and there is no one better qualified to prepare us for these battles than that magnificent man from the County of Madison.

For Liston Ramsey speaks not with uncertain and cacophonous sounds. He speaks with clarity and precision, with poignancy and persuasiveness, with passion and power. He speaks with that breadth of experience and that depth of preception which has been the foundation and the fruit of his distinguished career spanning two decades in this General Assembly.

For Liston Ramsey's life is a litany of concern for people and for genuine human need wherever it exists. Those of us who have been privileged to serve with him in this House can testify that he is a daily and persistent practitioner of the art and science of government.

Liston has taught us in his own inimitable way that politics is not a spectator sport; that it is the singularly, serious vocation of action and participation and that the deliberations of this body, and others like it across the land, are the heart and core, the strength and vitality, the purpose and the meaning of the democratic process and indeed the hope and the glory of this state and of this Republic.

It is with a commingling of pleasure and pride that I second the nomination of this man of candor, creativity and compassion; this man we have come to know and respect and love…. the great Speaker of the North Carolina House — the Honorable Liston Ramsey.”

Mr. Ramsey having received all the votes is declared Speaker of the 1985 House of Representatives.

The Speaker, escorted to the Chair by Representatives Margaret Stamey, Wendell Murphy. Joe Hudson, Charles Woodard, Frank Ballance and Ray Fletcher, takes and subscribes to the following oath of office administered by the Honorable Joseph Branch, Chief Justice of the Supreme Court of North Carolina.
"I, Liston B. Ramsey, do solemnly swear that I will support the Constitution and laws of the United States; and,

"I do solemnly and sincerely swear that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; and that I will endeavor to support, maintain, and defend the Constitution of said State, not inconsistent with the Constitution of the United States, to the best of my knowledge and ability; and,

"I do solemnly swear that I will well and truly execute the duties of the office of Speaker of the 1985 House of Representatives of the General Assembly of the State of North Carolina to the best of my skill and ability, according to laws; so help me, God."

The Speaker, Mr. Ramsey, approaches the dais and makes the following remarks:

"Mr. Secretary of State, Justices of the Supreme Court, Judges of the Court of Appeals, Members of the Council of State, fellow Members of the House, my family and friends, ladies and gentlemen.

"Please accept my warmest personal thanks for the opportunity to continue in the service of this House in the position of Speaker. You do me an honor for which I shall forevermore be grateful.

"I accept the nomination and the challenge it represents. I will do my very best to continue to merit your confidence, your trust, your good wishes and your generous appraisal of my work.

"Doubtless I will need the benefit of your advice and counsel many times during the coming months. I shall not hesitate to ask for it, because teamwork is one of the standout characteristics of the North Carolina House of Representatives.

"A warm, fraternal feeling exists among those having seats on this floor. Party divisions exist, differences on policy matters arise; conflicts develop over bills. But the divisions, differences and conflicts are honestly and squarely fought out upon this floor. They are not permitted to dilute the warm and kindly personal relations which bind together the Members of this House.

"This mutual respect exists also between Members of the House and our counterparts in the Senate, and between the General Assembly and the Executive and Judicial branches of our government. Let us act accordingly during the days that lie ahead, bearing in mind always that the ultimate beneficiaries of our efforts are the people themselves.

"As to the nature and scope of our responsibilities, I am not here to tell you what to expect. I do not know what to expect myself, although it would seem safe to say that the session will be influenced by how the economy performs this year.

"North Carolina has made great progress in economic development over the last few years, putting the State government in a favorable financial position. But there is no guarantee this will continue. Some national economic experts tell us that the economy is sputtering and could slip toward a mild recession in months to come.

"Consequently, we must be cautious and prudent with our spending. We must not lay out a single dime or dollar that is not absolutely needed to meet a clearly demonstrated need.

"But there are clearly demonstrated needs, and we have to make ample provision for them."
"— Needs like the education of our young people at all three levels of learning — the public schools, the community and technical colleges and in our colleges and universities. We have made commendable progress in education these last several years, but the job is not finished and we must continue on down the path to quality education for all.

"— Needs like health care and other human services that are an essential part of every civilized society.

"— Needs like the protection of the quality of the water we drink and the air we breathe. Once pollution taints our underground and surface waters, they seldom if ever recover. We simply must preserve our environment, not so much for ourselves as for those who will come after us. As the saying goes: We ought to 'leave the woodpile a little higher than we found it.'

"— Needs like providing good roads for the citizens of all sections of this State.

"During the years from 1977 through 1983, $12.7 billion in industrial investments were made in North Carolina. Of that amount $8.7 billion, or 68 percent, were made in the 35 counties touched by the Interstate Highway System. This leaves only 32 percent for the remaining 65 counties.

"North Carolina has three Interstate corridors — the Mountain Corridor, the Piedmont Corridor and the I-95 Corridor. Forty-five percent of the industrial investments were made along the Piedmont Corridor, 14 percent along the I-95 Corridor and 9 percent along the Mountain Corridor.

"The story is the same so far as new industrial jobs are concerned. Of the 207,000 jobs created between 1977 and 1983, 66.3 percent went to the Interstate Corridors.

"According to the latest census, 65.9 percent of North Carolina's total population lives in the 35 counties touched by the Interstates.

"We ought to take advantage of all available federal road funds and press forward with development of what could be called our 'principal highways'. But let's not forget the other 65 counties who are not touched by an Interstate but do have urgent needs for primary and secondary roads.

"Much has been said about the great differences in the level of funding for the public schools in the various counties across North Carolina.

"I feel that the underdeveloped counties are making a maximum effort but simply do not have the financial resources of the more industrialized counties. It is a problem that commands our attention.

"Indications are that a great variety of matters will claim the attention of this session, including the Safe Roads Act and the legal drinking age; day care; hazardous waste disposal; programs for the elderly; and, of course, taxes, including proposals to reform taxes, increase taxes and cut taxes.

"Twenty years ago, in 1964, the personal income tax accounted for 26.5 percent of the State tax revenues going into our General Fund. Today, it accounts for 46.8 percent.

"Twenty years ago, the corporate income tax accounted for 14.8 percent of the State tax revenues going into our General Fund. Today, it accounts for 9.6 percent.

"I cite these figures not as a suggestion for any course of action but simply as a matter of information.
"I have no way of knowing how many millions of dollars the federal government will cut out of the allocations we have grown accustomed to receiving. This could possibly put a strain on our General Fund, and we need to keep an eye on it.

"The term 'a new source of revenue' is often heard. I would point out that there is only one source of revenue, namely, the taxpayers themselves, and we must forever keep that in mind.

"The famous sidewalk philosopher, Will Rogers, had some things to say about taxes that may be pertinent to our present-day situation.

"'It's a great country,' Rogers said, 'but you can't live in it for nothing. There are dozens of great humanitarian things that could be done at a very little cost if the tax was properly applied. It's the waste in government that the citizens resent.'

"All things considered, I think we are facing a busy and demanding session. There will be plenty of work for all of us to do and I suggest we get started right now.

"Let's apply ourselves, make good use of our time, and focus everything we do on the most fundamental question of all: How can the public interest best be served?

"Thank you very much."

The Speaker assumes the duties of the Chair.

On motion of Representative Daniel T. Lilley the rules of the House of Representatives for 1983, with the following amendment, are adopted as temporary rules for the 1985 House of Representatives:

The Speaker announces that nominations are in order for Speaker Pro Tempore.

Representative Richard Wright places the name of John J. Hunt in nomination for Speaker Pro Tempore. The nomination is seconded by Representatives Bob Etheridge and Sidney Locks.
On motion of Representative Allen C. Barbee the nominations are closed and Representative Hunt is elected by acclamation.

The Speaker Pro Tempore, escorted to the dias by Representatives Charles Owens, Anne Barnes, Gerald Anderson, Dan DeVane, and David Diamont, takes and subscribes to the following oath of office administered by Judge John Mull Gardner, 27th District Court Judge.

"I, Jack Hunt, do solemnly swear that I will support the Constitution and laws of the United States; and,

"I do solemnly and sincerely swear that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; and that I will endeavor to support, maintain, and defend the Constitution of said State, not inconsistent with the Constitution of the United States, to the best of my knowledge and ability; and,

"I do solemnly swear that I will faithfully discharge my duties as Speaker Pro Tempore of the 1985 House of Representatives of the General Assembly of the State of North Carolina, to the best of my skill and ability; so help me, God."

The Speaker Pro Tempore, Representative Hunt, makes the following remarks.

"Mr. Speaker, fellow Members of the House, my family and friends, distinguished guests, ladies and gentlemen:

"You have just given me the most rewarding moment of my public life, and I thank you very sincerely. It is an honor to be cherished for all time.

"In all of my efforts I will seek to uphold the trust you have placed in me and to render faithful service to the people, to the Members of this House and to Speaker Ramsey, one of the supremely great figures of our time.

"It will be a privilege and honor to serve in a supporting role for Liston Ramsey as he oversees the operations of this Body. We are fortunate indeed to be able to draw upon his wealth of experience and know-how. With Liston Ramsey at the helm, this House will weather any storm that may develop and will write sane and financially sound legislation to meet the needs of a rapidly growing state.

"We embark today on a session that could be one of the most difficult of recent times. It will require teamwork to meet the problems, economic and otherwise, that confront us during this period of political transition. I will give it my best effort, as I know you will. Whenever I may be of service to you, you know where to find me.

"The fact that our legislative and executive leaders are from different political parties creates the potential for disagreement and cries of 'playing politics.'

"It should not be allowed to hold back progress and it will not if each of us will stick to our principles and try to do the right thing, which in the long run is the best politics that can be played.

"As various groups become tempted to show their power, all the people of North Carolina, the nation and the world would be better served, if each would try to be filled more with the power of love than the love of power.

"Our responsibility is to promote the well-being of the people of our districts. This is our first duty but we are also legislators-at-large because the majority of questions that come before us are of a statewide nature and affect all of the people throughout the length and breadth of North Carolina."
"It's a big job, but I feel we have the ability, drive and determination to get the job done. After all, we are not building a legislative session. We are building a future — a better future for everyone.

"Thank you very much."

The Speaker announces that nominations are in order for Principal Clerk of the House of Representatives.

Representative Charles Evans places the name of Mrs. Grace A. Collins of Wake County in nomination for Principal Clerk.

"I do solemnly swear that I will faithfully discharge my duties as Principal Clerk of the 1985 House of Representatives of the General Assembly of the State of North Carolina, to the best of my skill and ability; so help me, God."

REGULAR SESSION 1985

STATE OF THE STATE
ADDRESS TO THE NORTH CAROLINA GENERAL ASSEMBLY
IN JOINT SESSION BY GOVERNOR JAMES G. MARTIN

February 28, 1985

Mr. President, Mr. Speaker, members of the Senate, members of the House, members of the North Carolina Supreme Court, members of the Court of Appeals, members of the Council of State, members of my Cabinet, distinguished guests, my fellow North Carolinians:

Nearly eight weeks ago, on a cold Saturday morning, you honored me with your presence for my inauguration and kindly received my remarks at the time regarding the unity of our State. Today you have honored me again, with this opportunity to address this Joint Session on the State of the State, and to present my first biennial message.

In many respects, our State and its economy have shown strength and resilience. We continue to see improvements in retail sales, in wages relative to inflation, in productivity, in housing and other construction, in new investment and in overall optimism. At the same time, there are strategic weaknesses in many sectors. The strength of the U. S. dollar has generated a severe, chronic trade deficit, as cheaper imports flood American markets and our exports are priced out of the foreign markets. This threatens our vital textile and apparel manufacturing in North Carolina, as well as our tobacco stabilization program.

At a time when our economic development resources have been focused on recruiting new industries, especially in high technology and services, an effort I intend to continue, I have added a new commitment to emphasize also the need to sustain our existing traditional industries. I intend to be measured not only by the familiar yardstick of success at recruiting new investment, which is relatively easy and seems now destined to reach new heights, but also by the more difficult standard of how well we help sustain existing businesses. For that reason, I have established a new program under an Assistant Secretary of Commerce for Traditional Industries to coordinate our efforts to support these businesses that have been historically important to our job market.

It is for this reason also that my proposals to phase out the intangibles tax and inventory tax, and to replace any lost revenue for local governments, are so eminently justifiable. At the same time, our pattern of unemployment, which clearly correlates with rural border counties, is a compelling argument for eliminating these virtually unique, self-inflicting handicaps on North Carolina businesses and the jobs they provide. We are indeed fortunate that many profitable businesses can prosper in North Carolina; we are unfortunately that too many marginally profitable businesses cannot. When that investment goes elsewhere or goes under, it is our workers who pay a “hidden tax” of unemployment.

In past years, the majority of you favored efforts to repeal these taxes. It was never possible to do so before because the recommended budget proposed to spend all the accelerating revenue growth. With this Governor, that will not be a problem, because my budget for fiscal 1985-87 will not spend all the growth in revenues, reserving enough to give tax cuts to our people. The plan I submit to you fulfills my chosen obligation, endorsed
by the voters of this State by a larger total vote than any other North Carolina candidate has ever received, to use part of that healthy revenue growth for a tax cut, so that we give part of it back to the people.

My plan will include not only these two strategic anti-jobs taxes, beginning on January 1, 1986, six months earlier than my proposal of last October, but also the elimination of the 3% State sales tax on food and non-prescription medicine at the point of sale. My plan shows (in the "General Fund" attachment) that this is feasible not only for the 1985-87 biennium, but also for the following two years until the last stage of relieving the inventory tax is complete beginning January 1, 1988.

Today those three taxes extract $340 million a year, not to mention the corollary cost in lost jobs and buying power. If continued, by 1988 they would rise to almost $500 million. By adopting my schedule for phasing in these cuts, you can save our taxpayers the combined four-year total of almost $1.2 billion in reduced taxes. That will greatly improve their buying power and savings rate.

And it can be done, as I will show you, without cutting any existing programs, although because of a specific belief and commitment, I do propose to greatly reduce funding for abortions, by eliminating payments for elective abortions.

SALES TAX ON FOOD AND MEDICINE

I propose to eliminate only the 3% State tax on food and non-prescription medicines, without affecting the local sales tax on these items. The State 3% tax would cease to be collected for all food items purchased in retail grocery stores for home preparation. It would continue to be collected for restaurants, carry-outs, and ready-to-eat home deliveries, as well as some vending machines. Of the 46 states which have a sales tax, 28 exclude food from the sales tax, and two provide some relief from the food tax through a credit. Only 16 states tax food.

Other groups of citizens, merchants as well as consumers, have a legitimate interest to express as to how this tax relief on life's necessities can best be implemented.

Let me make clear that my essential goal is to relieve a tax burden of $178 million a year. How to do it is of secondary importance, but I would not dodge that issue. So I have told you how I would propose to do it: just stop collecting it, like dozens of other states.

INTANGIBLES TAX

Eliminating this irrevered "nuisance tax" will greatly boost the attractiveness of North Carolina to investors and retirees who have substantial assets. That will remedy a severe problem in that our State is now capital deficient. It will also deprive local governments of $87 million in 1987-88 which is remitted to them from the N. C. Department of Revenue (which actually collects the tax and deducts 6.5% for overhead).

To offset this lost source of revenue, I propose to distribute a like amount of money to the localities from excess State revenues. Each county would get a fixed share in 1985. The amount would increase each year at the same rate as the State sales tax (adjusted to prevent any penalty arising from the elimination of the food and medicine tax). Historically, the intangibles tax has increased at an average rate of 9.3%, while the sales tax has grown at a 9.3% rate. Other formulas were considered, but this one has the profound advantages that (A) no county or its municipalities will get less than each receives from its own prior share of the intangibles tax; and (B) the future will be as bright as before because of tying the replacement revenue to the growth of the sales tax.
The intangibles tax would not be reported or paid on assets for the 1986 tax year and thereafter. It would be collected for the last time in April, 1986, upon the 1985 tax return, and local governments would receive their share of that tax as in the past. The replacement would thus begin in mid-1987.

**BUSINESS INVENTORY TAX**

My proposal is to make a 50% rebate to businesses for the tax year beginning January 1, 1986, continuing in 1987 and then going to a 100% rebate on January 1, 1988. Those businesses having a tax liability for that or any subsequent year could elect a tax credit instead of a rebate and realize an earlier cash flow advantage.

With these tax cuts on schedule, revenues will continue to grow, but to the extent of 23% over the next four years instead of a 33% increase with no tax relief. Once again, the important thing to keep clearly in mind is that our objective is to cut those taxes.

**BASE BUDGET**

I propose funding at levels that will continue the present levels of service. In a few instances, present levels of service are possible at reduced cost, so those savings are incorporated as “Adjustments to Continuation Budget.” For example, a reduced reimbursement allowed for use of one’s personal automobile is appropriate in light of reduced fuel costs from the peak years for which current allowances are pegged.

**ABORTION**

I propose to continue limited State funding for abortions only for those cases involving rape or incest (promptly reported), or where two medical opinions agree that continuing a pregnancy to term would endanger the life or physical health of the pregnant woman. Some view such limited exceptions as amounting to “self-defense.” Other abortions of an elective nature would not be financed by State funds.

Otherwise, my budget allows for continuation of all existing government services and programs. During the course of the next year, my new administration will be examining existing programs to find areas for savings. We expect that my newly announced Efficiency Study Commission, chaired by Mr. Tom Storrs, will identify many improvements that we can implement administratively. Others will require legislation. You can be sure that I will want to share as many such ideas with you as quickly as I can.

This means, then, that my tax cut proposals will not necessitate any spending cuts in existing programs. To the extent any are proposed later, by you or me, on their own merits, that will certainly free up flexibility for some new spending or reserves, a rainy day fund or the like.

**EXPANSION, NEW PROGRAMS AND PAY INCREASES**

My tax cut proposals will still leave room for major improvements. Previously, I had indicated to you in my acceptance of your kind invitation to speak that my specific proposals for the expansion budget and compensation improvements would be presented to you just a few legislative days after the biennial address. Indeed, I have completed those recommendations and will be ready to share the itemized specifics with you on Monday.

Accordingly, I have indicated to the Speaker and President, the Speaker Pro Tem and the President Pro Tem, that I am prepared to appear before a joint session of the full
Appropriations Committee convening on next Monday evening at 6:30 o'clock in the House Appropriations Committee room. This would be a less formal situation suitable for our purposes in a location that can accommodate the attendance of all members. That will be an historic innovation for presenting to you and the people of North Carolina my specific recommendations for improvements.

These can be summarized at this time as providing expansions, compensation improvements and capital outlays totaling $519 million in 1985-86. For 1986-87, my proposal provides $760 million in improvements over this current year.

For the biennium, instead of spending the entire excess revenue, I propose $1.28 billion for program improvements, along with $328 million in combined tax cuts.

What that means is that, thanks to the same healthy revenue growth forecast which Governor Hunt presented to you in December, there is room to use most of it for improvements in State programs, and use a smaller part of it to cut taxes as I have proposed, and do that without having to cut any existing programs except the ones I have already identified.

It can be done. And it should be done.

Now, some have already raised the spector of possible federal budget cuts. If the Congress of the United States were somehow to enact a fiscally responsible federal budget and reduce the growth of federal spending, it would so strengthen our economy that we would have no great trouble financing those lost programs that we would agree on the need to keep as a State responsibility. It is simply not realistic to postpone our overdue tax cuts on the remote, hypothetical possibility that federal spending is going to be cut substantially.

The question before us is not really whether Congress might surprise us and cut spending. The question is whether we are going to take all of that revenue growth over the next four years and spend it all—or whether we are going to give a fourth of it back to our taxpayers.

Many of the so-called federal cuts are, in reality, just smaller increases than some would want. For example, what the National Governors' Association claims to be a 13% "cut" in Medicaid for North Carolina means in fact that we get only a 15% increase in place of a 28% increase!

Keep in mind that there are several significant factors that serve to protect my budget proposals that are not reflected in the numbers I've shown you. For one, there is the Efficiency Study with a potential saving upwards of $200 million, none of which is yet projected in my budget (nor should it be until we receive the specifics). If that achieves one-half of its potential, it will more than offset the federal cuts in State programs. For another, there is the likelihood that my strategic tax cuts will generate more investment, more jobs, more tax base and therefore a stronger budget balance. Nothing of this effect is reflected in my revenue projections, however, for they use the same cautious, static assumptions that predicted little economic growth in 1983-84 after President Reagan's tax cuts. You will be pleased to note that no mirrors have been used: no prior year reversions after 1985 and 86; and no non-recurring funds for recurring expenses.

But if you want a bigger cushion in the budget numbers for a specific "rainy day fund" greater than the annual balances I've shown, I will be happy to work with you to identify where cuts might be made in the Base Budget. This proposal reflects my belief that none are needed to accommodate the tax cuts.
OTHER LEGISLATIVE INITIATIVES

I am pleased to use part of this time to put before you a select number of other legislative initiatives for which I respectfully invite your consideration. You will recognize in them some ideas that many of you have championed in the past. My purpose is not to usurp your authorship, but to add my support along with modifications I believe are desirable.

EDUCATION

The greatest number of funding improvements in my budget over this current year, as well as the majority (60%) of the dollars budgeted for improvements, are for education. That is as it should be. Public schools especially represent the greatest area of need. These improvements will be documented in detail on Monday evening. Let me emphasize for now that I propose salary improvements for certified and non-certified personnel, a two-step reduction in class size for grades seven through nine, remedial summer school for third graders scoring poorly on the competency test, the Teacher Advancement Center at Western Carolina University, and microcomputer laboratories to completely establish your computer.

In addition, I wholeheartedly endorse the start-up of the Career Ladder pilot program to develop incentives for Better Pay for Better Teachers. Almost no one closely associated with this vitally important experiment is advocating that the results of only one year of pilot development should be promptly imposed statewide in 1986-87. The consensus, with which I agree, is that at least a second year and maybe a third will be needed to work out the organizational and preceptual difficulties of so profound a change. We must not force this prematurely if we want to build confidence both inside as well as outside the classroom. I therefore propose to fund it in 1986-87 at the level needed for the second year of a two-year pilot program for the initial sixteen (16) school systems. Without prejudging 1987-88, I have reserved an additional amount for that and the next year in the general reserve for Compensation Improvements the amount needed for full statewide implementation of the career ladder beginning in the fall of 1987.

In all, I project over the biennium $116 million in improvements for our public schools, with $75 million of that coming in the first year.

THE YEAR OF THE CHILD

One of the most gratifying developments in this Session is the emphasis which so many of you have given to the problems of the abused, abducted and victimized children. Many of you have highlighted this as the “Year of the Child.” My wife, Dottie, has promoted family awareness of Child Safety practices. I hope that you will welcome me to this crusade. Accordingly, I am proclaiming that for North Carolina, 1985 is “The Year of the Child.” (At this time the Governor presents a proclamation to the Lieutenant Governor and the Speaker.)

My administration, working with Dottie, Senator Hipps, Representatives Easterling, Keesee-Forrester, and others, has put together an eleven-part package of firm measures for dealing with the tragedy of abducted, lost, disappeared or otherwise missing children. That will be submitted to you as my Missing Children Act of 1985.

A companion bill, the Child Protection Act of 1985, proposes seven important steps to combat the exploitation and sexual or other physical abuse of our children. It also provides for videotaped testimony of children to be admitted as evidence in criminal trials, to at least minimize the further traumatization of victimized minors.
Together, these two bills will move North Carolina well into the forefront of states in responding to the modern horror of at least 50,000 American children disappearing every year without a trace and many thousands more brutalized and murdered.

You are to be commended for your progress in earlier years. Let’s push ourselves to get all the basic protections in place this year.

Let me add that in my budget improvements I have proposed additional support for prevention of pregnancy, prenatal care and more adoption (and less abortion) as a plan for dealing with the problem of the unwanted pregnancy.

DOPE FAST

The rising tide of drug traffic assaults us almost daily as more and more families find themselves infected by this epidemic plague. It is widely recognized today as nothing less than a terrorist invasion of our very homeland, and it is time for us to declare war on those who seek to destroy us by psychochemical guerilla warfare.

I repeat my 1984 proposal for a Drug Observation, Prevention and Education (DOPE) Program to interdict the international supply routes, catch the dealers and their suppliers, and educate our young people to the horrible danger they face. We must work on both the supply and the demand. We must employ modern surveillance, including our most sophisticated military assets. We must double the number of undercover agents, as Attorney General Thornburg and I separately and jointly have proposed. And we must bring Families And School Together (FAST) in a community effort to rescue those who have begun a chemical dependency and to help others to avoid that first fateful step.

I will share with you briefly four more initiatives before closing this address.

OPEN MEETINGS

I am submitting to you legislation to tighten up certain exceptions to the Open Meetings Law and to provide for nullification of official actions taken in unlawfully closed meetings of public bodies. This legislation was inspired by, and tracks earlier proposals by, Senator Ballenger.

It is time for us to assure the people that (with few justifiable exceptions) public business must be done in public. Already we have demonstrated that the Council of State and the Advisory Budget Commission can function very well and meet their responsibilities with only a modest additional burden of time. If anything, members of these important bodies find greater reassurance that their views will be less misrepresented when they can speak for themselves rather than risking having an adversary characterize their participation after a secret session.

In a time of bipartisan government, both our rivalries and our collaborations deserve the public confidence and awareness of open meetings.

STATE PERSONNEL ACT AMENDMENT

I have previously announced my commitment to State employees to reduce the number of State jobs that are exempt from the protections of the State Personnel Act. In fact, my Senior Assistant for Personnel Policy has begun a review with all my Cabinet Secretaries of the 1,529 individually exempt positions. By law, those designations can be added or subtracted at the discretion of the Governor, provided notice is given. I intend to make substantial reductions in the number of such exempt positions, and deeply appreciate the forbearance of the General Assembly until that review is completed. Most understand and
agree with the absolute need for a new Governor to make key managerial changes, without which one cannot govern.

I submit to you a related measure, which I expect you will welcome and enact with suitable dispatch. I am proposing that for all other personnel, that the initial trial period until their rights are vested in the State Personnel Act be reduced from five (5) years to three (3) years. Democrats and Republicans and Independents alike, our new employees can understand a reasonable "apprenticeship," but reducing that to three (3) years and keeping it there will vastly reduce unnecessary political pressure. I believe that after a three-year vulnerability, they are entitled to full protection so that they can settle down to do their job with pride.

I am also particularly interested in the initiative introduced by Representatives Jones, Warren, Allran, and Anderson to put teeth into legislation to protect State employees from being coerced by their supervisors into making involuntary campaign contributions.

MERIT SELECTION OF JUDGES

It is becoming increasingly clear that many leaders in the legal profession are concerned about our process for selection and retention of judges in our State courts. Chief Justice Joseph Branch and I have proposed a plan which we believe deserves serious consideration. It would modify the plan established in Missouri, which would improve the Merit Selection and Retention of Judges. In the weeks to come, we will be calling attention to the advantages of such a system.

VETO POWER

I am convinced also that it is time for serious consideration of a Constitutional Amendment to grant the veto power to the Governor of North Carolina. Let me just leave three (3) points with you:

1. The Constitutional system of checks and balances between executive and legislative branches of government has been so successful in America that every other state has enshrined it—and every one of the original thirteen (13) colonies has long since overcome any residual phobia against royal governors in the two centuries since they were driven from our shores. Is our system so enviable that even one other state is moving to revoke veto authority?

2. As several editorial commentators have observed, there is, after all, a responsibility which we alone in North Carolina do not require of our Governor: the obligation to be involved in some degree of leadership on every important issue of the State, and be held accountable for his views. That is a profound point worth considering. You and your predecessors have experienced days of high honor when you have risen to confront a difficult issue, to meet it head on without your Governor sharing that public burden, other than whispering words of encouragement from the cool shade while you had to take the heat.

3. Check it out and you will find that the people of this State are ready for it. You have under consideration another constitutional amendment to repeal gubernatorial succession after the next election. While I have no self-interest in that issue, I do question whether the people are ready to change it back after only one experience. They will care little whether it is a bottleneck to ambition. Yet, I see nothing wrong with placing that question before the people, along with the veto amendment.

Think about it. Really think about it. Can we not do more of genuine value for North
Carolina if we are compelled to share responsibility and accountability for the tough decisions through a system that works in every other state? Is it really so uniquely and exclusively alien to North Carolina?

Distinguished members of the North Carolina General Assembly, you have honored me with your attendance and your attention to these thoughts. In coming months, as you react to and speak of these proposals—and you will—be confident in the assurance that I have prepared and brought them to you in a sincere commitment to work honorably and cooperatively with you. I will do my best to try to fulfill the kind of leadership that the people of North Carolina expect from their Governor. And I will always do my best to respect your jurisdiction and prerogatives so as to help you carry out the kind of responsibility that they have come to expect from their Legislature.

If, together, we can just reaffirm those vows and endeavor to keep them, the people of North Carolina are going to be well-served during these coming years.

Thank you.

H. R. 1, A HOUSE RESOLUTION STATING THAT LIMITATIONS ON SUBSTANTIVE LEGISLATION ON APPROPRIATIONS BILLS SHOULD BE CONSIDERED IN THE RULES OF THE TWO HOUSES.

Whereas, the Senate has passed Senate Bill 851, which amends the Executive Budget Act in an attempt to place a limitation on substantive legislation in appropriations bills; and

Whereas, such a limitation in the Executive Budget Act would be a nullity as to future General Assemblies because the rules of the two houses prevail over any statute when a question of legislative procedure is involved; and

Whereas, enactment of Senate Bill 851 would thus mislead the two bodies into thinking that meaningful legislation had been passed on the subject, when in fact Senate Bill 851 could be overridden in future General Assemblies by a simple majority vote by passing any bill; and

Whereas, the question of limiting substantive legislation on appropriations bills needs to be considered as part of the process of adopting rules for the two houses of the 1987 General Assembly;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The two houses of the General Assembly should examine the issue of limiting substantive legislation on appropriations bills as part of the process of adopting rules for the 1987 Session of their respective houses.

Sec. 2. This resolution is effective upon adoption.

Be it resolved by the House of Representatives:

(b) Should the point of a quorum be raised, the doors shall be closed and the Clerk shall call the roll of the House, after which the names of those not responding shall again be called. In the absence of a quorum, fifteen members are authorized to compel the attendance of absent members and may order that absentees for whom no sufficient excuses are made be taken into custody wherever they may be found by special messenger appointed for that purpose.

II. CONDUCT OF DEBATE

RULE 6. Duties and Powers of the Speaker.—The Speaker shall have general direction of the Hall. He may name any member to perform the duties of the Chair, but substitution shall not extend beyond one day, except in the case of sickness or by leave of the House.

RULE 7. Obtaining Floor.—(a) When any member desires recognition for any purpose, he shall rise from his seat and respectfully address the Speaker. No member shall proceed until recognized by the Speaker.

   (b) When a member desires to interrupt a member having the floor, he shall first obtain recognition by the Speaker and permission of the member occupying the floor, and when such recognition and permission have been obtained, he may propound a question to the member occupying the floor; but he shall not otherwise interrupt the member having the floor, except as provided in subsection (c) of this rule; and the Speaker shall, without the point of order being raised, enforce this rule.

   (c) A member who has obtained the floor may be interrupted only for the following reasons:

   1. a request that the member speaking yield for a question,
   2. a point of order,
   3. a parliamentary inquiry, or
   4. a question of privilege.

RULE 8. Questions of Privilege.—Upon recognition by the Speaker for that purpose, any member may speak to a question of privilege for a time not to exceed three (3) minutes. Questions of privilege shall be, first those affecting the rights of the House collectively, its safety, dignity, and the integrity of its proceedings; second, the rights, reputation, and conduct of members, individually, in their representative capacity only; and shall have precedence of all other questions, except motions to adjourn. Privilege may
not be used to explain a vote or debate a bill. The Speaker shall determine if the question is one of privilege and shall, without the point of order being raised, enforce this rule.

RULE 9. Points of Order.—(a) The Speaker shall decide questions of order and may speak to points of order in preference to other members arising from their seats for that purpose. Any member may appeal from the ruling of the Chair on questions of order; on such appeal no member may speak more than once, unless by leave of the House. A two-thirds (2/3) vote of the members present shall be necessary to sustain any appeal from the ruling of the Chair.

(b) When the Speaker calls a member to order, the member shall take his seat except that a member called to order may clear a matter of fact, or explain, but shall not proceed in debate so long as the decision stands. If the member appeals from the ruling of the Chair and the decision by a two-thirds (2/3) vote of the members present be in favor of the member called to order, he may proceed; if otherwise, he shall not; and if the case, in the judgment of the House, requires it, he shall be liable to censure by the House.

RULE 10. Limitations on Debate.—(a) No member shall speak on, debate, or solicit cosponsors for, a bill or resolution at its first reading.

(b) No member shall speak more than twice on the main question, nor longer than 30 minutes for the first speech and 15 minutes for the second speech; nor shall he speak more than twice upon an amendment or motion to reconsider, commit, appeal or postpone, and then not longer than 10 minutes for the first speech and five minutes for the second speech.

(c) A member may speak only once and for not more than 20 minutes on the question of the adoption of a minority report.

(d) The House, by consent of a majority of the members present, may suspend the operation of subsections (b) and (c) of this rule during any debate on any particular question before the House.

RULE 11. Reading of Papers—When there is a call for the reading of the text of a paper which has been presented to the House, and there is objection to such reading, the question shall be determined by a majority vote of the members of the House present. Except for protests permitted by the Constitution, no member may have material printed in the Journal until said material has been presented to the House and the printing approved by the House, and said material shall not exceed 1,000 words.

RULE 12. General Decorum—(a) The Speaker shall preserve order and decorum.

(b) Decency of speech shall be observed and disrespect to personalities carefully avoided.

(c) When the Speaker is putting any question, or addressing the House, no person shall speak, stand up, walk out of or cross the House, nor when a member is speaking, engage in disruptive discourse or pass between the member and the Chair.

(d) Food or beverages shall not be permitted on the floor of the House.

(e) The reading of newspapers shall not be permitted on the floor of the House while the House is in session.

(f) Smoking or the consumption of food or beverages shall not be permitted in the galleries at any time.

(g) Special recitals, performances by musicians or other groups shall not be permitted
on the floor of the House and special guests of members of the House shall not be permitted on the floor of the House.

(h) Members shall observe appropriate attire, coat and tie for male members and dignified dress for female members.

III. MOTIONS

RULE 13. Motions Generally.—(a) Every motion shall be reduced to writing, if the Speaker or any two members request it.

(b) When a motion is made, it shall be stated by the Speaker, or, if written, it shall be handed to the Chair and read aloud by the Speaker or Clerk before debate.

(c) After a motion has been stated by the Speaker or read by the Speaker or Clerk, it shall be in the possession of the House; but it may be withdrawn before a decision or amendment, except in case of a motion to reconsider, which motion, when made by a member, shall be in possession of the House and shall not be withdrawn without leave of the House.

RULE 14. Motions, Order of Precedence.—When there are motions before the House, the order of precedence is as follows:

To adjourn
To lay on the table
To postpone indefinitely
Previous question
To postpone to a day certain
To commit
To amend an amendment
To amend
To substitute
To pass the bill

No motion to lay on the table, to postpone indefinitely, to postpone to a day certain, to commit or to make a particular amendment, being decided, shall be again allowed at the same stage of the bill or proposition.

RULE 15. Motion to Adjourn.—(a) A motion to adjourn shall be seconded before the motion is put to the vote of the House.

(b) A motion to adjourn shall be decided without debate, and shall always be in order, except when the House is voting or some member is speaking; but a motion to adjourn shall not follow a motion to adjourn until debate or some other business of the House has intervened.

RULE 16. Motion to Table.—(a) A motion to table shall be seconded before the motion is put to the vote of the House and is in order except when a motion to adjourn is before the House.

(b) A motion to table shall be decided without debate.
(c) A motion to table a bill shall constitute a motion to table the bill and all amendments thereto.

(d) When the question before the House is the adoption of an amendment to a bill or resolution, a motion to table the bill is not in order, and a motion to table an amendment applies to the amendment only, and the motion may not expressly or by implication or construction be expanded to include a motion to table the bill also.

(e) When a question has been tabled, it shall not thereafter be considered except on motion to reconsider under Rule 18, or to remove from the table approved by a two-thirds (2/3) vote.

RULE 17. Motion to Postpone Indefinitely.—A motion to postpone indefinitely is in order except when a motion to adjourn or to lay on the table is before the House. However, after one motion to postpone indefinitely has been decided, another motion to postpone indefinitely shall not be allowed at the same stage of the bill or proposition. When a question has been postponed indefinitely, it shall not thereafter be considered except on motion to reconsider under Rule 18, or to place on the favorable calendar approved by a two-thirds (2/3) vote.

RULE 18. Motion to Reconsider—(a) When a question has been decided, it is in order for any member to move for the reconsideration thereof, on the same or the succeeding legislative day; provided that if the vote by which the motion was originally decided was taken by a recorded vote, only a member of the prevailing side may move for reconsideration.

(b) A motion to reconsider shall be determined by a majority vote, except a motion to reconsider a vote upon a motion to table, a motion to postpone indefinitely, a motion to remove a bill from the unfavorable calendar, a motion that a bill be read twice on the same day, or a motion to remove from the table, which shall require a two-thirds (2/3) vote.

RULE 19. Previous Question—(a) The previous question may be called only by the member submitting the report on the bill or other matter under consideration, by the member introducing the bill or other matter under consideration, or by the member in charge of the measure, who shall be designated by the Chairman of the committee reporting the same to the House at the time the bill or other matter under consideration is reported to the House or taken up for consideration.

(b) The previous question shall be as follows: “Shall the main question now be put?” When the call for the previous question has been decided in the affirmative by a majority vote of the House, the “main question” is on the passage of the bill, resolution or other matter under consideration.

(c) The call for the previous question shall preclude all motions, amendments and debate, except the motion to adjourn or motion to table or motion to postpone indefinitely made prior to the determination of the previous question.

(d) If the previous question is decided in the negative, the main question remains under debate.

IV. VOTING

RULE 20. Use of Electronic Voting System.—(a) Votes on the following questions shall be taken on the electronic voting system, and the ayes and noes shall be recorded on the Journal:
(1) All questions on which the Constitution of North Carolina requires that the ayes and noes be taken and recorded on the Journal.

(2) All measures affecting a fee imposed by the State or any subdivision thereof.

(3) All questions on which a call for the ayes and noes under Rule 24(a) has been sustained.

(4) Both second and third readings of bills proposing amendment of the Constitution of North Carolina or ratifying resolutions amending the Constitution of the United States.

(b) Votes on the following questions shall be taken on the electronic voting system:

(1) Second reading of all public bills, all amendments to public bills offered after second reading, third reading if a public bill was amended after second reading or if the reading occurs on a day or days following the second reading, all conference reports on public bills, all motions to lay public bills on the table, and all motions to postpone public bills indefinitely.

(2) Upon a call for division.

(3) Any other question upon direction of the Speaker or upon motion of any member supported by one-fifth (1/5) of the members present.

(c) When the electronic voting system is used, twenty seconds shall be allowed for voting on the question before the House, unless the Chair shall direct otherwise. The system shall be set to close automatically when that time has expired. Once the system is locked, the vote shall be recorded and printed.

(d) The voting station at each member’s desk in the Chamber shall be used only by the member to which the station is assigned. Under no circumstances shall any other person vote at a member’s station. It is a breach of the ethical obligation of a member either to request that another person vote at the requesting member’s station, or to vote at another member’s station. The Speaker shall enforce this rule without exception.

(e) When the electronic voting system is used, the Speaker shall state the question and shall then state substantially the following: “All in favor vote ‘aye’; all opposed vote ‘no’; the Clerk will open the vote.” In order to have the vote recorded, the member must vote by the electronic voting system within the time allowed for that vote, unless the voting station assigned to a member is malfunctioning. The Speaker shall enforce this rule without exception. After the allotted time for voting has elapsed, the Speaker shall say: “The Clerk will now lock the machine and record the vote.” After the machine is locked and the vote recorded, the Speaker shall announce the vote and declare the result.

(f) One copy of the machine printout of the vote record of all votes taken on the electronic system shall be filed in the office of the Principal Clerk, and one copy shall be filed in the Legislative Library where it shall be open to public inspection.

(g) When the Speaker ascertains that the electronic voting system is inoperative before a vote is taken or while a vote is being taken on the electronic system, he shall announce that fact to the House and any partial electronic system voting record shall be voided. In such a case, if the Constitution of North Carolina or the Rules of the House require a call of the ayes and noes, the Clerk shall call the roll of the House, and the ayes and noes shall be taken manually and shall be recorded on the Journal. All roll call votes shall be taken alphabetically. All other votes shall be taken by voice vote. If, after a vote is taken on the electronic system, it is discovered that a malfunction caused an error in the electronic
system printout, the Speaker shall direct the Reading Clerk and the Principal Clerk to verify and correct the printout record and so advise the House.

(h) For the purpose of identifying motions on which the vote is taken on the electronic system, the motions are coded as follows:

1. To adjourn
2. To lay on the table
3. To postpone indefinitely
4. Previous question
5. To postpone to a day certain
6. To commit
7. To amend an amendment
8. To amend
9. To substitute
10. To reconsider
11. To concur or not concur
12. Miscellaneous

RULE 21. Voice Votes; Stating Questions.—(a) When the electronic voting system is not used, the Speaker shall rise and put a question.

(b) The question shall be put in this form, namely, “Those in favor (as the question may be) will say ‘Aye’,” and after the affirmation voice has been expressed, “Those opposed will say ‘No’.”

RULE 22. Determining Questions.—(a) Unless otherwise provided by the Constitution of North Carolina or by these rules, all questions shall be determined by a simple majority of the members present and voting.

(b) No member may vote unless he is in the chamber when the question is put. This subsection of this rule cannot be suspended.

RULE 23. Voting by Division.—Any member may call for a division of the members upon the question before the result of the vote has been announced. Upon a call for a division, the Speaker shall cause the number voting in the affirmative and in the negative to be determined. Upon a division and count of the House on any question, no member away from his seat shall be counted.

RULE 24. Roll-Call Vote.—(a) Before a question is put, any member may call for the ayes and noes. If the call is sustained by one-fifth (1/5) of the members present, the question shall be decided by the ayes and noes upon a roll call vote.

(b) Every member who is in the Hall of the House when the question is put shall vote upon a call of the ayes and noes, unless excused pursuant to Rule 24.1A.

RULE 24.1A. Excuse From Deliberations and Voting on a Bill.—(a) Any member shall upon request be excused from the deliberations and voting on a particular bill, but to do so must make that request after the second reading of the bill and before any motion or
vote on the bill or any amendment thereto. If the reason for the request arises at some point later in the proceedings, the request may be made at that time.

(b) The member may make a brief statement of the reasons for making that request. The member may send forward to the Principal Clerk, on a form provided by the Clerk, a concise statement of the reason for the request, and the Clerk shall include this statement in the Journal.

(c) The member so excused shall not debate the bill or any amendment to the bill, vote on the bill, offer or vote on any amendment to the bill, or offer or vote on any motion concerning the bill at that reading, any subsequent reading, or any subsequent consideration of the bill.

(d) A member may request that his excuse from deliberations on a particular bill be withdrawn.

RULE 24.1B. Division of Amendments.—Any member may call for an amendment to be divided into two or more amendments to be voted on separately, and the Speaker shall determine whether the amendment admits of such a division.

RULE 25. Voting by Speaker.—In all elections the Speaker may vote. In all other instances he may exercise his right to vote, or he may reserve this right until there is a tie in which event he may vote, but in no instance may he vote twice on the same question.

V. COMMITTEES

RULE 26. Committees Generally.—(a) All standing and select committees shall be appointed by the Speaker. The Speaker shall appoint all standing committees at the beginning of the session or, in the case of a newly-created committee, within 10 days of its creation.

(b) Ten days after the Speaker makes his initial appointments to a standing or select committee, he shall not increase the membership of that committee, but may fill any vacancies which occur on that committee.

(c) The first member announced on each committee shall be Chairman, and where the Speaker so desires he may designate a cochairman and one or more vice-chairmen.

(d) Either the Chairman or the Acting Chairman, designated by the Chairman or by the Speaker, and five other members of the committee, or a majority of the committee, whichever is fewer, shall constitute a quorum of that committee.

Resolutions are not law but may be used when a law is not necessary for the purpose contained therein. committees to which the bill is referred, to individual legislators on request, and to the
general public.

(b) Availability of Copies of Bills. A public bill is a bill affecting 15 or more counties. A
local bill is one affecting fewer than 15 counties. No public bill and, upon objection by a
member, no local bill may be considered unless copies of the bill have been made available
to the entire membership of the House.

RULE 35.1. Assessment reports. —Every bill or resolution proposing the establish-
ment of an occupational or professional licensing board or a study for the need to establish
such a board shall have attached to the jacket of the original bill or resolution at the time of
its consideration on second and third readings by the House or by any committee of the
House, an assessment report from the Legislative Committee on New Occupational and
Professional Licensing Boards pursuant to Article 18 of Chapter 120 of the General
Statutes. The assessment report shall not constitute any part of the expression of
legislative intent proposed by the formation of a licensing board. Upon receipt of the
request the Legislative Committee on New Occupational and Professional Licensing
Boards shall prepare and return the assessment report as soon as possible but not later
than 60 days, reserving the right to extend this time to 90 days.

RULE 36. Report by Committee.—All House bills and resolutions shall be reported
from the committee to which referred, with such recommendations as the committee may
desire to make except in the case where the principal introducer requests in writing to the
Chairman of the committee that the bill not be considered. The Chairmen of the full
Appropriations Committees may refer a bill or resolution to another appropriations
committee specifically charged with the subject matter of the bill or resolution; the
committee to which the bill or resolution is referred shall report the bill or resolution back
to the full Appropriations Committees.
(a) **Favorable Report.** When a committee reports a bill with the recommendation that it be passed, the bill shall be placed on the favorable calendar for the next succeeding legislative day; except that committee substitutes for bills shall be placed on the favorable calendar for the second next succeeding legislative day after being reported. When a committee substitute is adopted and receives a favorable report by the committee, the committee chairman shall submit to the committee the question of an unfavorable report on the original bill. The committee’s action, if any, on the original bill shall be reported at the same time the committee substitute is reported.

(b) **Report Without Prejudice.** When a committee reports a bill without prejudice, the bill shall be placed on the favorable calendar.

(c) **Postponed Indefinitely.** When a committee reports a bill with the recommendation that it be postponed indefinitely, and no minority report accompanies it, the bill shall be placed on the unfavorable calendar.

(d) **Unfavorable Report.** When a committee reports a bill with the recommendation that it be not passed, and no minority report accompanies it, the bill shall be placed on the unfavorable calendar.

(e) **Minority Report.** When a bill is reported by a committee with a recommendation that it be not passed or that it be postponed indefinitely, but it is accompanied by a minority report signed by at least one-fourth (1/4) of the members of the committee who were present and voting when the bill was considered in committee, the question before the House shall be: “The adoption of the minority report.” If the minority report is adopted by majority vote, the bill shall be placed on the favorable calendar for consideration. If the minority report fails of adoption by a majority vote, the bill shall be placed on the unfavorable calendar.

**RULE 37. Removing Bill from Unfavorable Calendar.**—A bill may be removed from the unfavorable calendar upon motion carried by a two-thirds (2/3) vote. A motion to remove a bill from the unfavorable calendar is debatable.

**RULE 38. Reports on Appropriation and Revenue Bills.**—(a) All committees, other than the Committees on Appropriations, when favorably reporting any bill or resolution which:

1. carries an appropriation from the State; or
2. requires or will require in the future substantial additional State monies from the General Fund or Highway Fund to implement its provisions,

shall indicate same in the report, and said bill or resolution shall be referred to the Committees on Appropriations for a further report before being acted upon by the House.

(b) All committees, other than the Committee on Finance, when favorably reporting any bill which in any way or manner raises revenue, reduces revenue, levies a tax, authorizes the levying of a tax or a fee, or authorizes the issue of bonds or notes, whether public, public-local, or private, shall indicate same in the report, and said bill shall be referred to the Committee on Finance for a further report before being acted upon by the House.

(c) **Action on Amendment Before Re-Referral.** If any committee recommends adoption of an amendment or committee substitute of a bill which, under the rules of the House must be referred to the Committees on Appropriations or Committee on Finance, the amendment or committee substitute shall be considered and, if adopted, the amendment or substitute engrossed before the bill is re-referred.
RULE 39. Recall of Bill from Committee.—When a House bill has been introduced and referred to a committee, if after 10 legislative days the committee has failed to report thereon, then the introducer of the bill or some member designated by him may, after three legislative days' public notice given in the House and delivered in writing to the Chairman of the committee, on motion supported by a majority vote of the members present and voting, recall the same from the committee to the floor of the House for consideration and such action thereon as a majority of the members present may direct. This rule shall not be temporarily suspended without one day's notice on the motion given in the House and delivered in writing to the Chairman of the committee, and to sustain that motion two-thirds (2/3) of the members present and voting shall be required.

RULE 40. Calendars and Schedules of Business.—The Clerk of the House shall prepare a daily schedule of business, including the Calendar of Bills and Resolutions for consideration and debate that day, in accordance with the Order of Business of the Day (Rule 5). The Clerk shall number all bills and resolutions in the order in which they are introduced. All bills and resolutions shall be taken up as they appear in each category (Rule 5(8)) in the order they were reported by committee; but the Committee on Rules and Operation of the House may at any time arrange the order of precedence in which bills may be considered.

RULE 41. Reading of Bills.—(a) Every bill shall receive three readings in the House prior to its passage. The first reading and reference to committee of a House bill shall occur on the next legislative day following its introduction. The first reading and reference to committee of a Senate bill shall occur on the next legislative day following its receipt on messages from the Senate. The Speaker shall give notice at each subsequent reading whether it be the second or third reading.

(b) No bill shall be read more than once on the same day without the concurrence of two-thirds (2/3) of the members present and voting; provided, no bill governed by Article II, Section 23 of the North Carolina Constitution or described in Rule 20 (a)(2) herein shall be read twice on one day under any circumstance.

(c) No public bill or resolution filed in either house, after May 15, shall pass either its second or third readings unless voted on affirmatively by two-thirds (2/3) of the members present and voting. This subsection shall not apply to a bill or resolution proposing adjournment, an emergency appropriation, continuance and/or expansion of the State budget, or changing State revenues; proposing or ratifying a constitutional amendment; or calling for a constitutional convention.

RULE 42. Effect of a Defeated Bill.—(a) Subject to the provisions of subsection (b) of this rule, after a bill has

1. been tabled,
2. been postponed indefinitely,
3. failed to pass on any of its readings, or
4. been placed on the unfavorable calendar,

the contents of that bill or the principal provisions of its subject matter shall not be considered in any other measure originating in the Senate or originating thereafter in the House. Upon the point of order being raised and sustained by the Chair, that measure shall be laid upon the table, and shall not be taken therefrom except by a two-thirds (2/3) vote of the members present and voting.
(b) No local bill shall be held by the Chair to embody the contents of or the principal provisions of the subject matter of any statewide measure which has been laid on the table, has failed to pass on any of its readings, or has been placed on the unfavorable calendar.

RULE 43. Amendments.—No amendment to a bill before the House shall be in order unless the amendment is germane to the bill under consideration. A House amendment deleting a previously adopted House amendment shall not be in order.

Only one principal (first degree) amendment shall be pending at any one time. If a subsequent or substitute principal amendment shall be offered, the Speaker shall rule it out of order. However, any member desiring to offer a subsequent or substitute principal amendment in opposition to the pending amendment may inform the House by way of argument against the pending amendment that if it is defeated he proposes to offer another principal amendment, and he may then read and explain such proposed amendment.

Perfecting (or second degree) amendments may be offered and considered without limitation as to number, and in the event of multiple perfecting amendments, they shall be voted upon in inverse order.

RULE 43.1. Engrossment.—Bills and resolutions, except those making appropriations, which originate in the House and which are amended, shall be engrossed before being sent to the Senate.

RULE 43.2. House Concurrence in Senate Amendments to House Bills.—The House shall not concur in a Senate amendment to a bill originating in the House until the next legislative day after the day on which the House receives the Senate amendment.

RULE 43.3. Committee Substitutes Adopted by the Senate to Bills Originating in the House.—(a) Whenever the Senate has adopted a committee substitute for a bill originating in the House, and has returned the bill to the House for concurrence in that committee substitute, the House may not concur in that committee substitute until the next legislative day following the day on which the House receives that committee substitute.

(b) The Speaker may, and upon motion supported by a majority of the House present and voting shall, refer the bill to an appropriate committee for consideration of the committee substitute.

(c) The Speaker shall, in placing the bill on the calendar, rule whether the committee substitute is a material amendment under Article II, Section 23, of the State's Constitution which reads:

"Revenue bills.—No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each House of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each House respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal."

If the committee substitute was referred to committee, the committee shall:

i. report the bill with the recommendation either that the House concur or that the House do not concur; and
ii. advise the Speaker as to whether or not that committee substitute is a material amendment under Article II, Section 23, of the State's Constitution.

(d) If the committee substitute for a bill is not a material amendment, the question before the House shall be concurrence.

(e) If the committee substitute for a bill is a material amendment, the receiving of that bill on messages shall constitute first reading and the question before the House shall be concurrence on second reading. If the motion is passed, the question then shall be concurrence on third reading on the next legislative day.

(f) No committee substitute adopted by the Senate to a bill originating in the House may be amended by the House.

RULE 44. Conference Committees.—(a) Whenever the House shall decline or refuse to concur in amendments put by the Senate to a bill originating in the House, or shall refuse to concur in a substitute adopted by the Senate for a bill originating in the House or whenever the Senate shall decline or refuse to concur in amendments put by the House to a bill originating in the Senate, or shall refuse to concur in a substitute adopted by the House for a bill originating in the Senate, a conference committee may be appointed by the Speaker upon his own motion or shall be appointed upon request by the principal sponsor of the original bill, the chairman of the House Committee which reported the bill, or by the sponsor of the amendment in which the Senate refused to concur; and the bill under consideration shall thereupon go to and be considered by the joint conferees on the part of the House and Senate. In appointing members to conference committees the Speaker shall appoint no less than a majority of members who generally supported the House position as determined by the Speaker.

(b) Only such matters as are in difference between the two houses shall be considered by the conferees, and the conference report shall deal only with such matters. The conference report may be made by a majority of the House members of such conference committee and shall not be amended.

(c) If the conferees fail to agree, new conferees may be appointed. However, if either house refuses to adopt the report of its conferees, no new conferees may be appointed.

RULE 44.1. Transmittal of bills to Senate.—Unless ordered by the Speaker or two-thirds (2/3) vote of the members present and voting, no bill shall be sent from the House on the day of its passage, except on the last day of the session.

Sec. 2. This resolution is effective upon adoption.

H. R. 317, A HOUSE RESOLUTION DESIGNATING THE FIRST WEEK OF EVERY MONTH AS "BUY ONLY AMERICAN WEEK" AND TO HONOR THE MEMORY OF NORTH CAROLINIANS WHO HELPED TO BUILD NORTH CAROLINA'S TEXTILE INDUSTRY.
Whereas, North Carolinians recognize the need for a diversified economy with a strong industrial base to assure this State's prosperity; and

Whereas, North Carolinians for over a century have worked diligently to build a strong textile industry and include among their number such men as Michael Schenck and Absalom Warlick, owners of the State's first cotton factory, Edwin Michael Holt, whose mills produced the famous Alamance plaids, and Governor Luther H. Hodges, one of the first governors to make the industrialization of this State a top priority of his administration; and

Whereas, textile manufacturing today is one of North Carolina's most important industries providing employment for over 300,000 people and a payroll of over one billion dollars; and

Whereas, increasing foreign textile imports are a significant factor in many textile plant closings and permanent layoffs resulting in the loss of more than 7400 jobs for North Carolinians;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representativés of the 1985 North Carolina General Assembly acknowledges the importance of the textile industry to this State's continued prosperity, honors the lives and accomplishments of those individuals whose efforts laid a solid economic foundation for North Carolina, and declares the first week of every month to be "Buy Only American Week".

Sec. 2. The Secretary of State shall send a certified copy of this resolution to the Trustees of North Carolina Vocational Textile School.

Sec. 3. This resolution is effective upon adoption.

Whereas, since 1980 imports of textiles and textile products have grown at an annual rate of nineteen percent (19%), far greater than the orderly growth objectives of the Multi-Fiber Arrangement and far in excess of the one percent (1%) average growth of the United States market during that period; and

Whereas, fiber, textile, and apparel imports are far outpacing the growth of the domestic market and creating intolerable market disruptions, job losses, curtailed production, and plant closings; and

Whereas, the textile and apparel trade deficit has grown to a record sixteen billion dollars ($16,000,000,000) in 1984 and now accounts for thirteen percent (13%) of the United States merchandise trade deficit; and

Whereas, United States textile, fiber, and apparel companies are continuing to spend billions of dollars annually to modernize and improve worker productivity, and although the resulting productivity increases have been significantly greater than the rate of productivity growth for all of United States manufacturing, United States manufacturers nevertheless continue to lose market shares; and

Whereas, if import growth is not slowed, future investment in this industry is likely to be sharply curtailed, leading to a loss in competitiveness and the continued liquidation of an industry which is a major element of the United States and North Carolina manufacturing and is recognized as vital to our national security; and
Whereas, over three hundred fifty thousand (350,000) North Carolinians depend on textile and apparel industries for their jobs; and

Whereas, the Textile and Apparel Trade Enforcement Act of 1985 would cover textile, apparel, textile products, and synthetic fibers, and would apply to all exporting countries with the exception of Canada and current members of the European Economic Community;

Now, therefore be it resolved by the House of Representatives:

Sec. 2. The Secretary of State shall send a certified copy of this resolution to every member of the congressional delegation from North Carolina, the Governor of North Carolina, and to the Secretaries of the North Carolina Department of Administration and Commerce.

Sec. 3. This resolution is effective upon adoption.

H. R. 527, A HOUSE RESOLUTION URGING NORTH CAROLINA CORPORATIONS TO END ALL FINANCIAL INVOLVEMENT WITH SOUTH AFRICA.

Whereas, apartheid is the South African practice of strict racial segregation of education, housing, and public facilities; and

Whereas, the policy of apartheid, mandating both segregation and white supremacy, means that the vast majority of South Africans are governed by the sixteen percent (16%) of their countrymen who are Caucasian; and

Whereas, the number of Black South Africans in poverty rose from 4.9 million to 8.9 million between 1960 and 1980; and

Whereas, pay for Blacks averages one-eighth that of white workers and at least one-quarter of black babies born in rural areas die before their first birthday; and

Whereas, because Blacks do not have the right to vote, the white minority controls the entire government, most businesses, and eighty-seven percent (87%) of the land; and

Whereas, there is no free speech and opponents of apartheid are silenced by South African law that allows authorities to detain people indefinitely, cut off from family or an attorney, without charging an offense; and

Whereas, Amnesty International reports that torture is extensively inflicted on political detainees and the government sanctions its use; and

Whereas, the South African government has forcibly resettled more than 3,000,000 Africans, moving them from the cities and more prosperous areas to rural, economically barren “homelands”; and

Whereas, the South African government has begun waging attacks and acts of sabotage against neighboring countries such as Angola, Swaziland and at least six other countries; and

Whereas, although Blacks make up seventy-two percent (72%) of the population of South Africa, the “homelands” where they must settle constitute only thirteen percent (13%) of the land; and
Whereas, black workers who find employment in the cities are forced to leave their families in the “homelands”, visiting them only once a year; and

Whereas, several hundred U.S. corporations supply capital, technology, and equipment to South Africa; and

Whereas, U.S. financial involvement in South Africa amounts to fourteen billion dollars ($14,000,000,000); and

Whereas, American involvement is particularly heavy in sectors such as mining, computers, and transportation, crucial to the survival of the white minority rulers, and all foreign companies are required to adhere to racially discriminatory laws and must cooperate with the current government in cases of civil unrest; and

Whereas, foreign investment supports the present economic system of political injustice; and

Whereas, according to a U.S. Senate report, “The net effect of American investment has been to strengthen the economic and military self-sufficiency of South Africa’s apartheid regime.”; and

Whereas, loans by American banks totalling three billion dollars ($3,000,000,000) also help preserve South Africa’s unstable economy; foreign lending allows the apartheid government to concentrate domestic resources on strengthening its internal security apparatus and conducting military operations against neighboring Black-governed states; and

Whereas, divestment is the only effective way to prod South Africa’s rulers to enact significant reforms; without foreign corporate and bank dollars to mask its weakness, South Africa would be forced to confront the fundamental flaws in its system and to reassess its elaborate system of repression in light of the loss of high technology capital resources provided by U. S. firms; and

Whereas, despite a South African law punishing by up to twenty years imprisonment anyone who advocates divestment, the 100,000-member Federation of South African Trade Unions supports divestment; and

Whereas, Bishop Desmond Tutu, winner of the 1984 Nobel Peace Prize, favors foreign economic pressure to force political change in South Africa; and

Whereas, five states and the District of Columbia have enacted legislation restricting or forbidding investment of public funds in companies that do business in South Africa; and

Whereas, 24 other states are considering similar legislation;

Now, therefore, be it resolved by the House of Representatives:

Section 1. the North Carolina House of Representatives urges all North Carolina corporations to withdraw all investments and loans from South Africa and to end all financial involvement with South Africa until all vestiges of apartheid are eliminated.

Sec. 2. This resolution is effective upon adoption.

Whereas, Charles B. Aycock served as Governor of North Carolina from 1901 to 1905; and
Whereas, Governor Aycock recognized the compelling needs of North Carolina's system of public education at the turn of the century; and

Whereas, Governor Aycock's leadership established a longer school term, rural schools, increased education appropriations, higher teacher salaries and committed North Carolina to universal education; and

Whereas, Governor Aycock is universally recognized as North Carolina's first education Governor; and

Whereas, North Carolina has enjoyed 80 years of steady educational progress building on the solid foundation established by Governor Aycock; and

Whereas, in appreciation of the contributions to education of Governor Aycock and in appreciation of the contributions of all North Carolina educators, it is appropriate to declare 1985 the Year of the North Carolina Teacher;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The General Assembly of North Carolina pauses to honor the contributions to education and the memory of Governor Charles B. Aycock.

Sec. 2. In recognition of Governor Aycock's contributions to education and in appreciation of the contributions of all North Carolina educators, the General Assembly declares 1985 the Year of the North Carolina Teacher.

Sec. 3. The Secretary of State shall transmit a certified copy of this resolution to The Honorable James Grubbs Martin, Governor; The Honorable C. Dixon Spangler, Jr., Chairman, State Board of Education; The Honorable Craig Phillips, State Superintendent of Public Instruction; the North Carolina Association of Educators; the North Carolina Association of School Administrators; the North Carolina School Boards Association; the North Carolina Congress of Parents and Teachers; the North Carolina Advisory Council on Education; the Chairman of the Board of Governors of The University of North Carolina; The Honorable William Friday, President of The University of North Carolina; and The Honorable Robert Scott, President of the Community College System.

Sec. 4. This resolution is effective upon adoption.

H. R. 1035, A HOUSE RESOLUTION HONORING THE LIFE AND MEMORY OF MRS. EUGENIA PATTERSON VANLANDINGHAM AND THEREBY APPLAUDING THE EFFORTS TO REMOVE OR IMPROVE ABANDONED STRUCTURES WHICH BLIGHT THE SCENIC BEAUTY OF NORTH CAROLINA'S ROADWAYS.

Whereas, North Carolina, a State blessed with a variety of abundant natural resources, has developed over more than four centuries an agrarian society that still has a major impact on its economic resources; and

Whereas, as a part of the development of its agrarian society, North Carolina possessed a farm-tenant network that has long since been abandoned as this State has become a modern agricultural State in which its farm industry is all but totally mechanized; and

Whereas, left behind from yesteryear, there are tenant houses, no-longer-used farm buildings, and other structures that are falling into unused decay alongside the most extensive highway system in the nation; and

Whereas, while seeing a few of these abandoned and decaying structures may provide a
feeling of nostalgia to visiting passersby, seeing one after another could create a feeling of 
decay and a lack of community and State pride; and

Whereas, the Eastern North Carolina Chamber of Commerce has initiated a project to 
encourage the improvement or the removal of abandoned and decaying buildings from 
alongside the roads and highways while at the same time encouraging the retention and 
the preservation of structures in the rural areas that may be historic; and

Whereas, in honor of the life and memory of Mrs. Eugenia Patterson VanLandingham, 
a remarkable Home Economics Extension Agent, the North Carolina Extension 
Homemakers’ Association has now allied itself with the Eastern North Carolina Chamber 
of Commerce to extend this “Remove-Improve” effort statewide into every county in our 
State and, while creating a citizen awareness effort resulting in the removal or improve-
ment of abandoned structures, they will conduct an inventory of rural structures which 
may have historic significance and will encourage their retention and restoration; and

Whereas, this entire project is a voluntary undertaking by the private sector to improve 
the appearance of our great State and to present it in an improved light to tourists, to 
industrial prospects, and to its own citizenry;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The North Carolina House of Representatives honors the life and memory of 
Mrs. Eugenia Patterson VanLandingham, a remarkable Home Economics Extension Agent, and applauds the efforts of the organizations undertaking this “Remove-Improve” 
Project, and calls on the people of North Carolina, the employees of the State of North 
Carolina, and all who are elected and appointed to create and implement the affairs of the 
State, to support this most worthy undertaking which seeks to keep our State first in 
attraction as it shines in a variety of natural beauty to those who would come to visit, to 
those who come to work, and to those who are honored to call it home.

Sec. 2. This resolution is effective upon adoption.

H. R. 1038, A HOUSE RESOLUTION ENDORSING THE PROPOSAL OF THE 
DEPARTMENT OF TRANSPORTATION AND THE DEPARTMENT OF NAT-
URAL RESOURCES AND COMMUNITY DEVELOPMENT TO USE THE RUB-
BLE FROM DISMANTLED BRIDGES TO BUILD ARTIFICIAL REEFS.

Whereas, artificial reefs are used to enhance marine resource habitats; and

Whereas, studies prove that a great variety of marine life are attracted to artificial 
reefs, providing recreational fishing and research opportunities; and

Whereas, the State of North Carolina is striving to develop a well-planned system of 
artificial reefs along the coast; and

Whereas, such a system would encourage recreational fishing along the coast thus 
increasing the tourist trade that is so important to North Carolina’s economy; and

Whereas, there are so many bridges in the State which must be replaced; and

Whereas, a large expense in constructing new bridges is the cost of disposing of the 
rubble from the old bridges; and

Whereas, concrete rubble is an excellent material for building artificial reefs but is 
difficult and often expensive to obtain; and
Whereas, the rubble from a dismantled bridge could easily be transported by the contractor to the nearest proposed artificial reef site; and

Whereas, such a practice would benefit the Department of Transportation, the Department of Natural Resources and Community Development, and the citizens of North Carolina economically; and

Whereas, both the Department of Transportation and the Department of Natural Resources and Community Development are anxious to cooperate in this venture; and

Whereas, the General Assembly of North Carolina heartily approves of the cooperative spirit and resourcefulness demonstrated by both the Department of Transportation and the Department of Natural Resources and Community Development in this effort;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The General Assembly of North Carolina endorses the proposal of the Department of Transportation and the Department of Natural Resources and Community Development to use the rubble from dismantled bridges to build a system of artificial reefs along the coast. The General Assembly further recognizes and supports the economic benefits such cooperation will bring to the citizens of North Carolina.

Sec. 2. This resolution is effective upon adoption.

H. R. 1156, A HOUSE RESOLUTION TO PROVIDE FOR THE EXTENSION OF CERTAIN DEADLINES.

STATEMENT FILED BY REPRESENTATIVE COCHRANE
FEBRUARY 25, 1985

"Mr. Speaker, Ladies and Gentlemen of the House of Representatives:

"I take the floor on this occasion to invoke Section 18, Article II, of the Constitution of the State of North Carolina, and to exercise freely the rights granted by that provision.

"It is out of obedience to our Constitution, and with a deep sense of respect which the people of our state have vested in this legislative body to voice their will, that I place on record my dissent from and protest against House Bill 91, adopted in this Chamber on February 21, 1985.

"Anything that stains the reputation of North Carolina, or weakens the confidence of our people in their system of representative government, injures the public. And House Bill 91 accomplishes just that!

"By abolishing the discretionary authority of the Governor to go beyond partisan party recommendations in selecting members of the State Board of Elections, the Democratic majority in this House has denied him the same privileges enjoyed by their own Standard Bearer for eight consecutive years. If the Governor's authority is wrong now, was it not wrong during the longest term ever served by a Chief Executive of our State?

"Moderation in the affairs of our state is the highest virtue. 'Virtuous' is the word used by the Founding Fathers of our nation to describe the morals of its people, more particularly, the morals of their elected representatives.

"Defined by Webster, 'Virtue' is 'a standard of conformity to right.' But whatever word is used to impart its meaning, such a moral standard is the necessary fountainhead of a free society.

"It is when we allow disagreement, nurtured in a climate of partisanship and narrow purpose, to overrun and overrule good judgment that we forget our basic goodness and decency. It is then that we ignore why we were elected to sit in this chamber and make decisions that affect our entire state.

"House Bill 91, which also extends the term of office served by the Director of the State Board of Elections, denies that Board the freedom to choose among those who, in their best judgment, can interpret our election laws in a fair and impartial manner.

"I have no quarrel with the present Director, and I do not believe there is a single
representative present today who would question his manifest qualifications, dedication to public service, and objectivity.

"It is the principle of the amendment to G. S. 163-19 that so incenses and increases public outrage, and so disturbs the loyal opposition.

"It would appear that the parliamentary method employed to bring House Bill 91 to a vote in such haste was unnecessary. Without regard to normal procedures, the majority party imposed its will.

"No matter that the opposition won on the floor of this chamber last Thursday, the House of Representatives has lost. And the people of this state have lost. For this partisan victory has disillusioned the citizens of North Carolina, raised doubts about the motives of the membership of this House, and divided its political factions wider.

"This could not have come at a worse time. For it is at a period in our history when our Governor, in the true spirit of unity, has reached out in all directions for every hand.

"His opponents have not reciprocated in kind with House Bill 91.

"If the Proponents of H. B. 91 wish to diminish Governor Martin's position in any way, they should be sure that it is the will of the citizenry who elected him. If the House chooses not to be accountable to the people and succeeds in repudiating a Governor who has the support of the citizenry, then, it seems to me, the confidence of the people of North Carolina in the elective process is sadly at stake.

"In approving H.B. 91, I fear the Majority Party of this State has jeopardized its credibility in the eyes of the people of North Carolina. Abuse of power, by anyone's standards, is difficult to accept.

"If all of us do what is 'right' for North Carolina, the North Carolina House of Representatives will then be guiding the affairs for our State with the virtuousness our founding fathers so revered.

"I move, Mr. Speaker, that this statement be entered into the Journal of proceedings and made a part of the record in perpetuity."

IN THE GENERAL ASSEMBLY OF NORTH CAROLINA

16 July 1985

Mr. Speaker and members of the General Assembly:

"Pursuant to Article II, Section 18 of the Constitution of North Carolina, I wish to formally enter my dissent and protest against S. B. 711 which was passed by this House on its third reading on Friday, July 12, 1985 and was sent to the Senate for concurrence.

"Mr. Speaker and members of the House, I deem S. B. 711 to be injurious to the public for the following reasons among others:

"1. I do not believe we should amend the Constitution of North Carolina for partisan political purposes. If the Constitution can be amended by the acts of a majority party then holding power, it can be amended in like manner where political fortunes shift. Thus, we trivialize the Constitution as the organic law of the land.

"Amending the Constitution is a two-step proposition. It requires the vote of both the Houses of the General Assembly and a vote of the people. We cannot absolve ourselves,
therefore, by merely saying, 'Let the people decide' for we ourselves are equally responsible for any amendment.

"2. S. B. 711 as amended by this House contains fourteen (14) separate amendments to our Constitution. Yet, we have attempted to hide these fourteen (14) amendments from the people by submitting them a single question of whether they favor having the election of State and local officials on odd-numbered years.

"3. I object to the retroactive features of Section 6 of the bill which extends the terms of office of Supreme Court Judges, Judges of the Court of Appeals and Superior Court Judges who were elected in 1982 and 1984. By extending their terms retroactively, we have disenfranchised our people.

"4. I object to amending the law so that this General Assembly will meet at a regular session for two consecutive years in 1989 and 1990. This is a usurpation of our office. This is a defiance of the solemn oath we took.

"5. I object to having important constitutional questions submitted to the people of North Carolina at a time when the voting history of this state tells us we have the very lowest turnout.

"I now move that this protest be spread upon the minutes of the Journal of this House as by the Constitution provided.

"This the 16th day of July 1985."

S/Joe H. Hege, Jr.

POEM BY BOBBY ANDREWS, JR., 16 YEARS OF AGE, LITTLETON, N. C. READ FEBRUARY 25, 1985 BY REPRESENTATIVE FRANK BALLANCE

THEY DID NOT KNOW . . .

They brought us to America
in big slave ships.
We had fear in our hearts,
but the word love, on our lips.
But they did not know.

They put us to work
tilling the land.
They thought we were content,
but they didn’t understand.
They did not know.

With a snap of a whip
they broke our backs.
They did all of this
because we were blacks.
But they did not know.

They separated our families
mother and child.
They called us savage,
animal, and wild.
But they did not know.
They held us back
and kept us from learning,
but the fire in our hearts
was still a burning.
But they did not know.

We chanted in the fields
of once being free.
We wanted our freedom
and our liberty.
But they did not know.

We, the children of Kings and Queens
with empires in our hand,
were now lessened lower than animals
with no place to stand.
But they did not know.

When the war broke out
we were the first to go.
We wanted our freedom,
and we were telling them so.
But they did not know.

When the battle was over
and we had won our plea.
we the children of Africa
were once again free.
But they did not know.

We who had tread
where no man dared trod,
was now standing strong
through faith in God.
But they did not know.

We wanted to vote
and we gained the right,
but they tried to put us back
by scaring us at night.
They did not know.

They dressed up in sheets
to fill us with fear.
They burned our homes,
and destroyed that which was dear.
But they did not know.

They lynched our families
and beat our wives.
They cut our throats
with axes and knives.
But they did not know.
We held strong and steady up through the years.
We had a few laughs, and shed a few tears.
But they did not know.

We filled our minds with everything taught.
We wanted a better life, for this we had fought.
But they did not know.

We expressed our abilities in everything we tried.
We walked with Presidents, and we walked with pride.
But they did not know.

We were ambassadors, doctors, and such.
We were almost at the top.
The world was at our finger touch.
But they did not know.

We invented ideas and conquered land, but they still called us boy instead of man.
They did not know.

Later they turned the word boy into man, and our way of living they began to understand.
But they still did not know.

They didn’t know how proud it is to be an Afro-American and living free.
They did not know.

They did not know what we went through, the way we felt, or the things we had to do.
They did not know.

But I for one would like to let them know I’m proud to be black and I’ll tell the whole world so.
I'm going to hold my head high and walk with pride, because for you and me our ancestors wept and cried. And now they know.

July 12, 1985
Statement by Rep. Larry T. Justus regarding S. B. 711:
“To record a protest under Article II, Sec. 18 of the Constitution:
‘Sec. 18. Protests. Any member of either house may dissent from and protest against any act or resolve which he may think injurious to the public or to any individual, and have the reasons of his dissent entered on the Journal.’
“There are 12 amendments to the Constitution in this bill. But only one is set out in the bill and that proposition — on page 3 speaks only to electing State and County officers in odd-numbered years.
“The people of North Carolina cannot read the single proposition on the ballot and know what they're voting on — certainly they can't know they are voting on 12 separate amendments to the Constitution.
“This is inimical to the people of this State and I want my protest in the Journal of this House as provided in the Constitution.”

Let us pray.

Almighty and everlasting God, we meet here today as members of this House. As we come, we know that there are members who have been here for many years and those who are new.

It is a day of beginning and a time that will be recorded in the history of this State.

Bless each one and strengthen each one as they consider the issues of this House and make decisions that will affect the lives of everyone in the State of North Carolina.

Bless these members as they give leadership to this great State of North Carolina.

Amen.

February 6, 1985

Our Father in Heaven, who knowest the thoughts of our minds and the desires of our hearts, we thank Thee for Thy presence. Thou knowest us corporately as well as individually, even to the point of knowing the committees on which we would like to serve.

Some who will be appointed will be elated, others will be disappointed, while others will be willing to serve wherever appointed.

Bless the Speaker as he makes decisions, and bless each one and help him or her to accept whatever task given and to work to the end of making this House of Representatives for 1985 the most effective in its history.

Amen.

February 7, 1985

Almighty God, as we are gathered together here, we have many questions in our minds, some are asking who am I, while others are asking why am I here, and still others are asking how can I accomplish what I need to do and what I promised my constituents that I would do.

Grant, O God, to each member of this House the strength and courage and ability to do
what he or she needs to do for his or her constituents, but help each one we pray to understand the needs of the entire State of North Carolina and to be a part of meeting them.

In Thy name we pray.
Amen.

February 8, 1985

O God, Lord of life who grants unto us every blessing in life, and who brings redemption to life, we thank Thee for Thy love.

As this week comes to a close, we are all looking forward to going home. Maybe we have been frustrated at times, while others very happy. Grant a safe trip home and refreshing rest in order that we will be ready for next week.

Amen.

February 11, 1985

God of the universe, we are here tonight because we want to be, and because it is our duty to be present. We thank you for a weekend of rest and reflection.

More and more issues are beginning to face us, and we know that we must honestly face them. We acknowledge that the longer we stay, the more difficult it will become. Grant unto each member of this House the grace needed to face each issue and make decisions that are in keeping with Thy will.

Amen.

February 12, 1985

Eternal God, there are many blessings which we could request, but we request the gift of strength. Help us to persevere and do what we need to do.

Most of all, help us to understand the meaning of the word strength so that we would know that we are often strongest when we are weakest.

In Thy name we pray.
Amen.

February 13, 1985

Eternal and gracious God, we thank Thee for the beautiful day, the beauty of Thy creation, which surrounds us, and for our families and friends who love us.

We know that there are members of this body who have relatives who are sick. We pray that Thou wilt guide and direct the doctors who seek to bring about healing.

There are others who must be facing grief. Comfort and reassure them in their moments of distress and trouble. Be near to us and help us.

It is in the Master's name we pray.
Amen.
February 14, 1985

O God, our Father, we pause in Thy presence awed by Thy goodness. The weeks between our election and now seem to be many. Help us to understand that we are servants. Servants of the people who elected us and of Thee.

So often we wish to be served rather than to serve. Be near to us and enable us to be the chief servants so those who watch us will know that we are servants.

In Thy name we pray. Amen.

February 15, 1985

Almighty God our Father, we acknowledge that we are a proud people. We have made many accomplishments through our elections.

Help us, we pray, to understand the meaning of humility. May we not have a perverted view of pride, for if we do, we will think too highly of ourselves, but also help us not to have a perverted view of humility or we will think too lowly of ourselves.

Help us to be what Thou would have us to be.

In Thy name we pray. Amen.

February 18, 1985

There are times when we feel that you have forgotten us, O God. Our faith in thee is restored when we remember that Jesus came into the world. You have always known the world and your children who dwell therein, their failures and their successes, their weaknesses and their strengths. You will never leave us comfortless. Our fathers longed to see the day of Christ's coming. Some died, not having received the promise. They might, in their human weakness, have cried out that you had forgotten them. Now, too, we know that you never forsake your own; they are ever with thee.

Many times we, too, have wished that Jesus might come. We share with those of old the feeling that all is not well with the world, and that only the presence of your Son will bring peace on earth and good will to men. All too often we forget the lesson of the Incarnation. We go our way and when that way grows hard we call upon thee. Perhpas we wonder why you have allowed us to travel so many meaningless and useless pathways. Help us never again to entertain thoughts so unworthy of ourselves and so false to thee. We commit all our ways and the way of a wandering and weary world into your keeping, knowing that Jesus will come to us again in the fulness of our time. For we pray in the name of the Father, Son and Holy Spirit. Amen.

Prayer by
The Reverend Rudolph H. Hodge
Minister of Visitation
Hayes Barton United Methodist Church
Raleigh, North Carolina

February 19, 1985

Eternal God, as we think, meet in committees, and prepare for debate, we ask Thee to
help us remember the past. May we remember those who filled our seats and helped shape the destiny of our state.

Be with us as we make decisions now concerning our state and may each member of this House know that decisions made now will shape it for the future, even to the end.

In Thy Name.
Amen.

February 20, 1985

Let us pray.

O God, our Father, on sunny days we feel so good and yet on those days that are cloudy somehow we feel from time to time that life becomes cloudy. Help us to know that in Thee that life is always sunny and that nothing is so small that it goes unnoticed by Thee, and that nothing is so complicated or complex that you do not understand it. Help us to believe this and to know this as we seek to go about our work.

In Thy name we pray.
Amen.

February 21, 1985

Eternal God, our Father, we pause in the midst of our hectic lives to acknowledge Thee, for only Thou art great, and to say “Thank You” for this beautiful day and for every expression of Thy love which has come our way.

Be very near to this Assembly today in its deliberations and decisions. Guide and uphold each member so to know Thy wisdom and find direction in Thy perfect will.

We pray for each individual member and the special and specific needs they might have just now. Bless those families from whom many are separated during this session.

Use each of us this day and every day as emissaries of thy “good news” to all men in Christ Jesus. Give us confidence that thy grace supports us in every situation. Amen.

Prayer by
The Reverend Jerry Smith
Fuquay-Varina
United Methodist Church

February 22, 1985

Let us pray.

Our Father, help each member of this House of Representatives to know that today is the first day of the rest of his or her life.

As we think of life from this perspective, we know that it is important that we use it carefully. Cause us not to be morbid and to think about dying, but rather to think about living and to know that we need to live each day as we deliberate and carry on the business of this House.

Be with us and keep us.
In Thy name we pray.
Amen.

February 25, 1985

Let us pray.

O God, many members of this House are raising the question, how many more bills will there be introduced, and as we think about the number, somehow it overwhelms us. As we examine them, some seem so unimportant while to others they are so significant. Somehow give us insight and guidance that we might know that each bill that is presented is important to the one who offers it. May it be examined and carefully viewed by the respective committee.

Give us guidance and may we know that all of the laws that are enacted are done so to govern the lives of Thy children in the State of North Carolina.

In Thy name we pray.
Amen.

February 26, 1985

Almighty God, who divided day from night, whose hand stretched out the heavens and commanded all their hosts, who laid the foundations of the deep, who spoke and it was done, who commanded and it stood fast, we worship you who are the creator and the source of our life, the preserver of all things that live.

O Lord, who has set us in a day of great confusion and of great hope, you have tried us by many perplexities and disciplined us with many responsibilities. Help us to live in the trials of our day with patience and to meet our tasks with courage. When the confusion of claims threatens to overwhelm us, guide us by your grace; when our tasks are beyond our powers, assist us with your power; when our own fears and ambitions add to the world’s woes, over-rule us to that despite our weakness your will may be done. In Christ's name we pray. Amen.

Prayer by
The Reverend Michele R. Wellons,
Associate Minister
Hayes Barton United Methodist Church

March 1, 1985

Let us pray.

O God, it was only yesterday that the Governor stood here and made his speech. When he finished, there were those who thought it was the finest speech that any Governor had ever made, while others thought it was the most ridiculous one ever made. Then there were others who were committed in their minds to seeking to bring about reconciliation and unity.

We pray that Thou wilt lead this House as it continues to work, cause it to be united, cause it to strive for the purpose of helping people. Make the differences known, and yet, O God, may they be resolved.

Bless each member this day and each member of the staff who works diligently to make
the work of this House possible. Help this to be a productive day, one which will always be remembered.

In Thy name we pray.
Amen.

March 4, 1985

Let us pray.

Almighty God, as we pause in Thy presence we are aware that one among us is in grief because of the loss of a child. Be near to him and his family, undergird them and strengthen them. When he returns to this House, may it become a support group showing love and concern unto him.

We know in many ways members of this House believe that the meeting this evening may have been one of the most important meetings that will be held as the Governor met with the Appropriation Committees of both Houses.

Tomorrow morning as the sub-committees go to work, we pray that Thou wilt give guidance and direction. May they use sober judgment. May they be firm in their convictions and yet may they seek to do that which is right, looking for the best for all of Thy people in this great State.

In Thy name we pray.
Amen.

March 5, 1985

Let us pray.

O God, we thank Thee for this day, for the beauty of it reminds us of Thy presence and Thy love and Thy grace.

We thank Thee for the members of this House, for the particular responsibility that each one has, and we pray that Thou wilt grant unto each one the know-how to perform his or her task, to do so gladly, to do so with thanksgiving and to do so knowing that they occupy an honored place.

We thank Thee for the Speaker of this great body, and we ask Thee to guide him day by day as he leads in deliberations. For all of those that are seated with him, we offer our gratitude, for without them, the work of this House would be impossible.

And then, O God, help us to remember the multitude of others that are working in various and sundry capacities, all working together as a team to make this legislative process possible.

Be near and bless, for it is in Thy name we pray.
Amen.

March 6, 1985

Let us pray.

Eternal and Everlasting God, as this House assembles, we would ask Thee to help them to ask a question and that question being, "Who are we?" And to be more specific, may
each one ask the question, "Who am I?" This is a frightening question to ask because as we ask this question there are so many things that are relative to the answer. For some the answer comes when we ask, "Who am I?" in terms of the education that we might have, for others it might have to do with the family from which we have come, while others might understand himself or herself in terms of origin as it relates to power. This is a great body, and the group that understands the meaning of power; we pray that somehow that Thou will help each one to understand that he or she is an earthen vessel, all of us are weak and frail and that true power comes from Thee.

Help us, O God, to understand who we are and for each individual to be able to ask himself or herself the question, "Who am I?" and to know.

Amen.

March 7, 1985

Let us pray.

O God, our Father, there are many petitions that we offer unto Thee daily. We recognize many needs that we have individually and collectively. One of the great needs that we have is to understand the meaning of humility. Often times it is difficult to be humble in a position like the members of this great body occupy, but we pray that Thou will enable each one to understand the meaning of humility, to put aside that pride which might hinder the work individually and collectively and help us to know that as we become humble, we become great.

In Thy name we pray.

Amen.

March 8, 1985

Let us pray.

Heavenly Father, for many of us as we woke up this morning, we said, "Thank the Lord it is Friday and this week has come to an end." And then there are others that woke up this morning with feelings of frustration, for the accomplishments this week have not been what they had anticipated and hoped them to be. For others, going home is going to be refreshing, while others will go home to difficult circumstances.

We pray that Thy grace will be with us during the weekend and that we shall all have refreshing rest and that we shall all be renewed in mind and spirit and ready to come back on Monday to begin the work of this House.

In Thy name we pray.

Amen.

March 13, 1985

Let us pray.

O Lord, somehow we lived through the ACC Tournament. We had many thoughts about it. We were pulling for different teams. And one that some years ago would never have thought to have won, won.

In some ways this House reminds us of that tournament. There are those here who are
so confident in terms of what they are doing that they know beyond any doubt that they will be the winner, and they may lose. On the other hand, there are those who have serious doubts about themselves and are not sure that they will win, and they might be the winners. We ask Thee whether we win or whether we lose, that Thou will be near to us to grant unto us the awareness of Thy presence and to make us aware of the need of Thy grace which sustains us in every moment in life.

Be with this body and guide it.

For it is in Thy name we pray.

Amen.

March 14, 1985

O God, our gracious Father, you are the great governor of all the World, the Lord of the states, the Shepherd of the people: We pray today for these public leaders. As they hold and shape the destiny of your people, make them alert to the people's needs and aware of your divine principles of law and justice; truth and compassion.

Holy Father, breathe a new spirit into these legislators today. Give them a vision of your grand plan for this state; and set their hearts on fire with a noble resolve to fight hard for a free, peaceful and productive citizenry.

Now, good Lord, we offer up to your Fatherly care, each of these leaders gathered here in this moment of devotion. You know the burdens they carry, the condition of their heart and life. We pray your Spirit will move in each to give insight and guidance, to strengthen their person and give fortitude to their resolves. Bless their families with patience and grace as they share their beloved in service to this state.

Thanks be to you, O Lord, for all your gifts and for this day and hour of opportunity. We give you now our best in mind and spirit, trusting that you will enter these deliberations and sustain your divine will in all our counsels to the honor and glory of your holy name. Amen.

Prayer by
Rev. E. Clifford Shoaf

March 18, 1985

Let us pray.

The psalmist said, “I will lift up mine eyes unto the hills from whence does my help come.” “My help comes from the Lord who made Heaven and earth.”

We pray, O God, that Thou wilt enable us to understand the source of our help and also that Thou wilt give unto us an understanding that Thou art the owner of this universe, and that this area over which we preside and for which we are the custodians, that Thou art the owner. May we treat it as such as we offer bills and as we debate and deliberate.

Be near to us and guide us.

In Thy name we pray.

Amen.
Let us pray.

O Lord, we thank Thee for Thy many blessings.

We recognize that we live in a world of controversy. There are those who enjoy it and seek to stir it up. There are others who seek to be the leavening influence. But we pray that as decisions are made, often times difficult decisions, that even in the midst of controversy that we shall respond in terms of our conscience, asking Thee to guide us and direct us in order that we might do that which is in keeping with Thy will.

Bless each member of this House, and may each one seek to be diligent to his or her own conscience.

In Thy name we pray.
Amen.

Let us pray.

Eternal God, we are grateful for these members of this House, but today may we offer unto Thee a petition of thanksgiving for the many families that are represented. What an honor it is to be elected to such high positions. But we know with that honor comes cooperation and demands that are made upon each family. So we pray that Thou wilt be near to each family, to bless the spouses and the children. Be near to them in the absence of mother or father. Help them to understand the task of service and to be in unity with what is being done and the office that is being filled. May they know of the love that each member of the House has for his or her family and feel their presence even in their absence.

In Thy name we pray.
Amen.

Let us pray.

The psalmist said, “The Lord is my Shepherd, I shall not want.” “He makes me to lie down in green pastures.”

O Lord, so often green pastures are presented unto us. The grazing that the sheep knew we have as an opportunity of life, and yet we take it for granted. We find ourselves so busy in life, often times doing that which is productive, that which benefits those people back at home whom we represent, and often times we find ourselves spinning our wheels making few or no accomplishments.

We pray that Thou would sensitize us and help us to know that through Thy manifold mercies and greatness and through the many blessings that are given unto us through Thee, that we shall be able to find life and find it forever.

In Thy name we pray.
Amen.
March 26, 1985

Let us pray.

O Lord, our God, looming in our minds are bills and motions, so many motions that we are fatigued from hearing them. Some being unable to eat and not having the opportunity to eat because this great House would not suspend the rules.

And as we go back and forth dealing with motions, even motions to adjourn rather than to remain at work, we find ourselves in the position of laughing at ourselves, having fun with each other, putting the Speaker through a difficult time, and yet, O God, all of this seems to be necessary in order to bring about and effect the laws of our State.

So be near to each member of this House. And in times of serious debate and in times of laughter, in times when motions seem to some inappropriate, at times when Democrats are pitted against the Republicans, in all of this, may that which is pleasing to Thee be done. Use us as earthen vessels to bring it about.

In Thy name we pray.

Amen.

March 27, 1985

Let us pray.

Our Father, this day is so beautiful that we feel we would like to adjourn and go to the outside, but we know that it might be difficult to conduct business there. Cause us to keep our minds on what we are doing here, and yet at the same time to be extremely grateful and thankful for all of the many blessings that Thou hast given unto us. They are so numerous, so many that we can not recall them, so many that we forget and fail to remember; but we offer unto Thee our gratitude for each and every blessing that Thou hast given unto us.

Bless this group and strengthen each one. For it is in Thy name we pray.

Amen.

March 28, 1985

Let us pray.

O God, our Father, it was one year ago today that the tornado came through our State causing people to lose their lives and devastating so many. It is a concern of ours in terms of what they have faced this past year; in particular those representatives who have dealt with those people, who have shown them love and concern, we thank Thee for their love.

Most of all, O God, we thank Thee that we can depend upon Thee to be our Father in all kinds of times; whether good or bad, we know that Thou art near us.

Lead, guide and direct us, and bless those whose memories will go back one year to the time when they lost loved ones, the time when neighbors were devastated and perhaps property destroyed. Help them to feel Thy love and grace.

In Thy name we pray.

Amen.
Let us pray.

O God, in the midst of all our deliberations, we ask Thee to make us proper representatives. May we be able to represent those that we know that are wealthy and powerful, but at the same time to represent those that are poor and powerless. Give unto us the ability to represent those who helped us to be elected, and yet to represent those that worked for us, and we may not know about it. We ask Thee, O God, to help us to properly represent those who stood behind us all the way and yet to represent those that fought us to the bitter end.

Make us individuals that are great in being statesmen enabled to carry through our commitments.

In Thy name we pray.
Amen.

April 1, 1985

Let us pray.

O God, Thou hast given unto us many gifts. We have the gift of speaking. Often times we say too much, and then again we fail to say enough. Thou hast given unto us the ability to think. We pray that Thou wilt enable us to use that gift as we work through our committees and as we work in this House as a body. We hope that each has received the gift of love to show appreciation one to another, to feel the closeness as a Body and to spread this love throughout the area that is represented by each one.

Be near to us tonight, and lead, guide and direct us.

In Thy name we pray.
Amen.

April 2, 1985

Let us pray.

O God, we confess unto Thee that we are finite, and we acknowledge that you are infinite.

We know that we are limited by time and space, and that you are not. To understand ourselves in this way causes us pain sometimes, but it helps us not to think too highly of ourselves. We ask Thee to help us to know that no matter who we are, that we are important to Thee. We are Thy children and that Thou art our Father.

Look over us and guide us and keep us, for it is in Thy name we pray.
Amen.

April 3, 1985

Let us pray.

O God, the beauty of Thy creation is bursting out all around us, the beautiful flowers that are blooming, the trees that are budding, the birds that are chirping remind us of Thy great creation.
It is difficult for us who live in this technological age to realize that Thou art the Creator, because we see so many things that are made that we do not understand that it causes us to think of the greatness of man and enables us from time to time to allow Thee to diminish in our sight. It also humbles us, O God, to know that all of the elements that are necessary for all of the creations and inventions that we see were made by Thee from the beginning.

May we love and appreciate and adore Thy creation and enjoy the beauty of it.

In Thy name we pray.

Amen.

April 4, 1985

Let us pray.

O God, we ask Thee to teach us to listen. May we listen to those whom we represent and be keenly aware of their needs. But at the same time, make us aware of the fact that we are responsible for those decisions which we make.

Help us to listen to each other. Cause us to refrain from voting against bills and motions simply because others are voting for them or to vote for a certain matter simply because others are voting against it. Rather, help us to understand the seriousness of the responsibility that has been given to us by the voters of the State of North Carolina. It has been entrusted to this Body and may it always collectively and individually seek to act responsibly.

In Thy name we pray.

Amen.

April 5, 1985

Let us pray.

Our Father, we think so much about what we give and so much about what we do, so much about the time that is required of us, and yet we would hope that we would somehow find the time to sit down and reflect upon all that Thou hast done for us.

May we always remember that Thou art our Father, that Thou art constantly doing things for us that we forget, even when we come to those moments of almost passing from this life to the next. When we have a come back, we find ourselves quickly forgetting Thy providential care and love. Help us to remember that, and as we remember that, may it temper all that we do that affects the lives of Thy children, young, the youth, the adults throughout our State.

In Thy name we pray.

Amen.

April 8, 1985

Let us pray.

Almighty God, Father of us all, as we assemble here this evening after a weekend of rest and relaxation, we lift up unto Thee those people across this State of ours that have received pain and damage because of fire. We ask Thee to be close to each one and even
though there are many affected, may each one feel like that he or she is very important to Thee.

We thank Thee for the thoughtfulness of the representatives who represent these people. May this become a concern of the entire body as we seek to serve those we represent across this great State.

In Thy name we pray.
Amen.

April 10, 1985

Let us pray.

Our Father, we know that among us there are those who are suffering from grief, those who have had difficulties that confront them day by day as they live. We ask Thy blessings upon each one, and we ask Thee to enable this body to become a supportive group, one which will allow those members that need help to be helped, one which will seek to understand each other, and one which will turn to Thee as the source of help and strength.

In Thy name we pray.
Amen.

April 11, 1985

Let us pray.

O God, as we find ourselves in this corner of Thy earth, from time to time we feel like we are giants in the midst of Thy world. But then, on other occasions we feel like we are infants in the arms of fate.

We pray, Father, that Thou wilt help us to understand that we are neither giants nor infants, but little children needing to have simple, child-like faith and trust and confidence in Thee. Knowing that as we place it in Thee that Thou wilt be faithful to meet our needs and the needs of those whom we represent. So reduce the giants to children and raise up the infants to children that we might be truly Thine.

In Thy name we pray.
Amen.

April 12, 1985

Let us pray.

O God, we know that all over this state the young people are saying to each other T.G.I.F., thank God it is Friday. As we are gathered here today, many of us are saying thank God it is Friday. For we want to leave this place and get away from debate and deliberation and dissension and all that might cause us stress and turmoil, but as we leave, we would have Thee to help us to understand that not only are we responsible for the time that we must allot for business in the House of Representatives, but at the same time we are held accountable for the use of our time away from here. So may we use this weekend for a good purpose and come back on Monday ready to begin again.

In Thy name we pray.
Amen.
April 17, 1985

Let us pray.

Eternal God, there are many virtues for which we could pray and for which we could ask, but we ask Thee today to grant unto us the virtue of patience.

Many of us have short fuses, lose our tempers when we should not, say things that we regret, are impatient with those whom we love and adore. We ask Thee to help us to be more patient with our families, to demonstrate patience one with another, and also to show that we are patient with those constituents who have concerns, even those concerns that seem to be so trite to us.

For it is in Thy mane we pray.

Amen.

April 18, 1985

Let us pray.

O God, our Father, we are proud of the fact that in our country that we claim to be free, and we talk much about the freedoms that we have.

Here in this House of Representatives, we wish to think that we are a free body to deliberate and make decisions, and yet, O God, as we face ourselves individually as well as cooperatively, we know that we are not truly free, for there are so many things to which we are enslaved. We find ourselves having difficulty because of the pressure of various groups, because of lobbyists who are seeking to get our attention, because of fellow members of the House who have expectations of us, because of family members that we love and cherish; so we find ourselves so often realizing that we are not free, but enslaved.

Help us to understand and to know that it is only in Thee that we can find true freedom. May we seek to find it, knowing that Thou wilt grant it.

In Thy name we pray.

Amen.

April 19, 1985

Let us pray.

O God, yesterday was an interesting day, one that caused soul-searching, debate and questions. Too many times we think that we have the answers, and if we would search ourselves, we would find that we have more questions than answers.

We ask Thee to help us as finite beings to allow Thee, the infinite one, to be with us as we make decisions, knowing that ultimate decisions need to be made in consultation with Thee.

Be near to this Body and lead, guide and direct them as they continue to deliberate and as matters become graver in concern.

For it is in Thy name we pray.

Amen.
April 22, 1985

Let us pray.

O God, it is with some sense of excitement that we return tonight, some joy that we feel among us to be back and to begin our association again; and yet we have mixed feelings. By this time as we deal with the hot weather, some of us who are old veterans are feeling, "wonder why I ever decided to run again", some who are freshmen are thinking that this might be the most difficult experience that they have ever faced.

And yet, O God, there is given to the members of this Body great responsibility, responsibility which must be taken with a great degree of seriousness, for the laws which are enacted affect the lives of Thy children in this part of the country and in this corner of Thy world.

Be near tonight and lead, guide, and direct.

For it is in Thy name we pray.

Amen.

April 23, 1985

Let us pray.

O God, help us to know right from wrong and always seek to do that which is right.

Help us to be diligent rather than derelict, careful rather than careless and to know that in all that we do that it is necessary to have these qualities of life about us if we are to be the representatives that we need to be and that Thou wouldst have us to be. Grant unto each one these abilities.

In Thy name we pray.

Amen.

April 24, 1985

Let us pray.

O God, our Father, this is a special week, a week that has been designated as National Secretaries Week. We offer unto Thee our gratitude and thanksgiving for all who are working in various positions as secretaries.

We know that the work of this House would be impossible without their diligent service. We pray Thy blessings upon them as they continue to serve and upon those whom they work and to whom they are responsible. Help those that are the employers to show appreciation to those who work faithfully in order to do the task which is set before them.

Be near to us in this session and bless all that is done, for it is in Thy name we pray.

Amen.

April 29, 1985

Let us pray.

Our Father, the psalmist said, "I will lift up mine eyes unto the hills from whence does my help come, my help comes from the Lord who made heaven and earth."
O God, the psalmist knew the source of his strength. He knew that power which would enable him to live, and we know that you know that we also need that power, that we need to recognize Thee as the source of that power and strength. Help us to recognize it as we deliberate from day to day. May we know that that strength comes truly from Thee, for it is in Thy name we pray.

Amen.

April 30, 1985

O God, grant us wisdom, grant us courage for the living of these days. Help us as a responsible body of government to realize the opportunities that we have to improve the conditions for those whom we represent. Help us to concentrate upon improvement. All too often we get caught up in other things and fail to remember that one of our main goals is to improve the conditions of all of those in every age and every status, all races, all of Thy children.

Be near to each one and lead, guide, and direct him or her, for it is in Thy name we pray.

Amen.

May 1, 1985

Let us pray.

O God, teach us to call Thee Father, and as we call Thee Father to do so in the same way that a little child addresses his father or mother.

Help us to call Thee Lord, and as we acknowledge that Thou art the Lord of life, to know that it means that Thou art Lord over everything that we do, that we say, and that we are.

Help us as we think about these matters to be more faithful.

In Thy name we pray.

Amen.

May 3, 1985

Let us pray.

O God, our Father, we thank Thee for the refreshing rain that we have received. Many times we forget the need for rain until Thy earth is so dry, and then we are much aware of the need of it.

O God, there are so many blessings that are bestowed upon us, given to us freely by Thee that we take for granted, that we ignore and that we fail to realize that life without them would be difficult and miserable.

Help us during this day in the midst of all of responsibility that we might have as members of this House to spend some time concentrating upon those gifts that are given to us so freely by Thee and to offer unto Thee our gratitude, for it is in Thy name we pray.

Amen.

May 6, 1985

O God, as we think about life, we think of those happy moments that we have with our
families and friends and with our colleagues here in the House. And yet, as we watch television, we find things that sadden our hearts. When we hear of a school where there have been several deaths in recent days, it brings sadness to us. When we see on the news that there are attempted murders, how this causes our hearts to throb.

We know, O God, that each representative who is personally concerned for his or her district in facing such problems must feel a deep sense of concern. But we pray that Thou wilt fill each of us with compassion and love so that we do not feel that we just need to be concerned about our own district, but for those tender lives throughout the entire State.

Grant unto us compassion and love that will be obvious as we move in and about our constituents.

In Thy name we pray.

Amen.

May 8, 1985

Let us pray.

O God, who knoweth the inner-most secrets of our hearts and every thought that passes through our minds, Thy knowledge overwhelms us. We would ask Thee to make us into the creatures that you would have us to be, acceptable unto Thee, and we know that if we are acceptable unto Thee, that we shall certainly be acceptable unto each other.

Grant us an awareness of Thy presence so that every decision that we make might be one that is more than just a human decision, but one that takes into account Thy judgment, as well as Thy love.

In Thy name we pray.

Amen.

May 22, 1985

Let us pray.

O God, our Father, as we come together here from day to day, we feel some sense of security in that we are removed from the areas in which we live and yet at the same time we find ourselves in the midst of controversy and in the midst of debate, in the midst of making decisions that have far-reaching implications. This demands courage, demands character, demands strength that will enable us to stand up when we need to stand, to be alone when we need to be alone, to be with the group when we need to be all together.

We pray, our Father, that Thou wilt give unto each one all of these qualities and combine that with a sense of being brothers and sisters, working together for the common cause of the great State of North Carolina.

Lead, guide, and direct the speaker as he guides this Body as they deliberate and make decisions, for it is in Thy name we pray.

Amen.

May 23, 1985

Let us pray.

Eternal God, the psalmist said, “the Lord knows the way of the righteous.” We talk
about being righteous, righteous people, living out lives of righteousness and often times we fail to understand its implications, for to be righteous indeed is to have the right relationship with Thee and a right relationship with our fellowmen.

We ask Thee to help us to understand that righteousness is not something that we practice from time to time, not something that we do when we go to worship, but is is a way of life that embodies all that we are, all that we do, every relationship that we have and even the thoughts of our minds.

May this body, who represents many people, the House of Representatives, be known by Thee as righteous people.

In Thy name we pray.
Amen.

May 24, 1985

Let us pray.

O God, open our eyes that we might see, help us to have a clear vision of all of Thy children in this State, those whom we represent and those that are not among our constituents. Help us to see them as they are, to understand them and know their needs. Open our ears that we might hear. Teach us, our Father, to listen. It is difficult for us to listen so many times because we find ourselves wishing to respond. Help us to listen attentively to those words that come from our constituents and our colleagues in the House of Representatives. Then we beg Thee to open our mouths that we might speak. Help us to speak words that need to be spoken, to leave off those words that need not to be spoken, to speak even when it seems to be unpopular to speak, but when our conscience is telling us to do so.

Be with this Body during this day, for it is in Thy name we pray.
Amen.

May 27, 1985

Let us pray.

The psalmist said, "God is our refuge and strength, a very present help." We pray that we shall understand that strength and that presence.

As we think about our State and our City and County, there are some of us that are distressed and disturbed about events that have happened that have caused loved ones to lose their lives. Be near to all that are suffering and grieving, and help this Body to be sensitive to those concerns, sensitive to the enactment of laws that might govern the problems that contribute to such problems.

In Thy name we pray.
Amen.

May 29, 1985

Let us pray.

Merciful Father, who knoweth the desires of our hearts and all of the needs that we have, we acknowledge that Memorial Day has come and gone. We remember those who
have given their lives in service for their country. But as we remember those who have
given themselves in service in such a noble way, we must remember that we, too, are to
give our lives in service. We are not to preserve them, but to use them up, to use them in
service to Thee and our fellowman.

So help us this day, O God, to yearn earnestly to become servants that those who know
us and see us in action might recognize this House of Representatives as a Body of
servants.

In Thy name we pray.
Amen.

May 30, 1985

Let us pray.

Our Father in Heaven, we ask Thee to purify our lives and to make us into great leaders.
May this House of Representatives be remembered down through the history as one of the
greatest. Help us, O God, to never take our work lightly, to never see it as routine
business that has to be performed, but rather, serious matters that we must consider
carefully in order that we as great leaders might do that which is best for our constituents.

Bless each one individually and the entire Body collectively. Help us seek to be the
leaders that Thou wouldst have us to be and to expect from Thee the purity of heart that
we all must have.

In Thy name we pray.
Amen.

May 31, 1985

Let us pray.

Eternal God, as we move into this session and as we come to the end of this week, some
feel weary because of the pressure of time, some wonder if all the business can be
conducted. We pray that Thou wilt grant unto each one the strength to face each day as
though it were the beginning of the session, to take each matter of responsibility as
seriously as though it had just been introduced.

May the members of this great Body have rest and relaxation and renewal and come
back Monday ready to begin afresh. Grant them that, O God, and the strength to continue.

In Thy name we pray.
Amen.

June 7, 1985

Let us pray.

O God, our Father, this day we wish to come and offer unto Thee a prayer of Thanksgiv-
ing. We thank Thee that Thou hast been present with us during times that we have faced
severe and difficult problems. We are grateful for Thy presence in times that we have had
to deal with difficult issues in this House of Representatives. We thank Thee that you have
been nearby when we have worked one with another, when we have had relationships that
seem to be difficult to mend and yet Thou hast given us the grace to do so. We thank Thee
that you are God and that you are always present to be with us in an ever-present source of help. Thank you for all of this.

In Thy name we pray.
Amen.

June 10, 1985

Let us pray.

Almighty God our Father, we are gathered here this evening after several days of being away. We come back together asking Thee to help us to examine our own hearts and minds.

As the session begins this evening, there are many issues that will be raised, some that might demand much debate. We ask Thee to help us to be level-headed, to be understanding and to seek to do that which is best for all of Thy children.

Grant us Thy grace, for it is in Thy name we pray.
Amen.

June 12, 1985

Let us pray.

O God, our Father, as we come here today, we come thinking that so often we feel as though we live in a glass house, because most of what we do is known so quickly to the world and to our constituents; and yet, this is a part of the responsibility of the office to which we have been elected.

We pray that Thou would strengthen us, grant unto us the serenity of mind to move forward in the business of this House, always doing that which we believe is right, but more important than that which we believe is right, to do that which we believe that you think is right.

Be with each member and with this Body collectively.

In Thy name we pray.
Amen.

June 13, 1985

Let us pray.

O Lord, our Lord, how majestic is Thy name in all the earth.

As we find ourselves dealing with so many matters that are controversial and difficult, we wonder sometimes about Thy presence. Even from time to time we know that the State which we represent is just a small part of Thy universe, just a little corner of it. We pray, O God, that we shall understand it with the same kind of seriousness as though it were the whole world.

In Thy name we pray.
Amen.
Let us pray.

Eternal God, our Father, we confess to Thee that too often we put faith and confidence in ourselves when in fact we know that we must put our trust and confidence in Thee.

Thy grace and mercy always abounds and is always present for us and yet we do not always open our lives and avail ourselves unto it.

We ask Thee as this House continues to work together that even as they leave this weekend for a weekend of rest and relaxation that Thou wilt enable them to place their lives in Thy hands and to get in touch with Thee, to let Thy mercy and grace abound and that the coming week might be the most productive week they have ever had.

In Thy name we pray.

Amen.

June 14, 1985

Let us pray.

O God, our Father, as we come together this evening we feel the pressure and stress of time. We have gathered even early that the business might be done. And not only do we feel this pressure, but we feel frustration knowing that there is much yet to be done, many important decisions to make, that we must work together and seek to do that which must be done for the good of the whole State, even when we are faced with so many items that involved us personally and the constituents whom we represent.

Bring over us, O God, a spirit of calm that we might work together better than we ever have before, that we might accomplish more, and that we might have a productive week together.

Bless the pages that have come, the staff that is supporting the members of this House and the great Speaker that leads it, for it is in Thy name we pray.

Amen.

June 17, 1985

Let us pray.

O God, for the joy that we hear in the chirping of the birds, we give unto Thee our thanksgiving; for the beautiful trees that we see as we move around and see in them Thy creation, we thank Thee. For the flowers that are blooming and beautify our earth, we offer our deep gratitude, for the good water that we have to drink. We are so thankful for the bounty of food that is provided for us, to sustain us and keep us, we give Thee our thanks.

Help us all to be in a spirit of thanksgiving, even for those blessings that we so often take for granted.

In Thy name we pray.

Amen.

June 18, 1985
June 19, 1985

Almighty God, we pray in the name of Him who has unveiled the secret of thy purpose for humanity. He is before all things. At His feet we hear the song of hope and breathe the prayer of gratitude. We pray Thee that our daily comfort may be born of the conviction that thou art always near. Impress us, our Father in Heaven, that it is ours to make the unknown future brighter, to see the vision and fulfill it. May we so labor, plan, and live as to be an inspiration and a blessing to others. Oh, breathe thy silent, life-giving power into us that service may be our souls' immortal purpose and our richest achievement. No life is useless, neither is its labor in vain, that lightens the burden of another. Do thou harmonize all true works and workers. Encourage us to walk in Thy Way, think thy thoughts, and let the pure, deep splendor of thy Spirit dwell in us. For we pray in Christ's Name. Amen.

Prayer by
The Reverend Rudolph H. Hodge
Associate Minister
Hayes Barton United Methodist Church
Raleigh, North Carolina

June 20, 1985

Let us pray.

Merciful God, our Father, there are so many things that are going through our minds at this time. We are thinking about the time that we have and all too often we think of it as our time, when we must know and realize that it is your time, for we are finite human beings, while we acknowledge that Thou art infinite. We are thinking also about the tremendous task that is before us, about the dilemmas that we face about pressure. Oh, pressure is so great and so difficult at times for us to handle and to endure. We pray through Thy grace and heavenly benediction that Thou wilt be near to each of us and what we do might be proper and in keeping with what you would have us to do.

In Thy name we pray.

Amen.

June 21, 1985

Let us pray.

O Lord, we have so many bills before us. There are those bills that care for the needs of school systems. There is a bill that deals with people who give worthless checks, and then so many others. We need Thy presence, and we pray Father that in the midst of strife that we shall feel Thy presence, in the midst of joy and victory when we all feel good about what we have done, that we will feel Thy presence then. But we beg Thee to help us day by day in our lives personally to feel keenly Thy presence.

Be near to this Body and bless what is done this day and go with them for the weekend for a weekend of rest.

In Thy name we pray.

Amen.

June 25, 1985

Almighty God our Father, as we gather here this day, we have heard for so many days
about those who are captives on an airplane. As we think of them, how it makes us sad. We beseech Thee to be with them and their families, in particular with those who are grieving because of death. When we think of this, not only does it make us sad, but it reminds us of how quickly chaos can be brought out of order. It reminds us of how, if you’re determined to do that which is not proper, it causes so much trouble. We ask Thee, O God, as we work as a Body of responsible men and women elected to this House of Representatives, that we shall seek always to do what we do in proper order and bring about legislation to help to govern the lives of Thy people.

In Thy name we pray.

Amen.

June 26, 1985

O Lord, grant us strength as we seek to serve, concern for our constituents, peace of mind as we live, and the satisfaction that we have done our best.

In Thy name we pray.

Amen.

July 1, 1985

God of our fathers and our God, we pray for the Members of this body and the heavy responsibilities which confront them this afternoon. Help them as they face these responsibilities to “be wise as serpents and innocent as doves”. May they never forget that what is said and done in these closing days of this body, will effect the lives of the people of this great state for generations to come. May their decisions inspire us, rather than disillusion us, by what we the people of North Carolina are asked to do. God be very real to this body, that they may feel your presence, hear your voice and win your approval. In your name we pray. Amen.

Prayer offered by
The Reverend Lawrence E. Lugar
Minister of Ebenezer United
Methodist Church, Raleigh,
North Carolina

July 3, 1985

Almighty Heavenly Father, we bow to acknowledge Thee as one who daily touches our lives as creator and as shepherd of our souls. Thy greatness inspires our minds — thy love lifts our hearts — and we are thankful.

We thank Thee for life with its mysteries and wonders — with its splendor and its satisfactions. You have planted in our minds and hearts seeds of love and compassion for your people and have given our lives an inspired restlessness to seek out ways of ministry to the sick, the lonely, the hungry and homeless.

As we rush through this day — heavy with responsibilities — send us searching for ways to light the light of hope in every heart. Keep us quarreling with our world as it is — but may this quarrel always be a lover’s quarrel. Out of a deep love for you and for our brothers and sisters, our sons and daughters — may our dream of a better world grow brighter and our labors for a better world increase.
On this threshold of our national celebration of our beginnings as a free nation, make real to us again the background out of which have come the nobler aspects of our heritage — make us thankful for the bounties of this land — for the freedom of our people — for the vitality and the blessings of our homes — and for the greatnes of things unseen.

O God of all grace and love — we have praised Thee with our lips — grant that we may also praise Thee in consecrated and faithful lives.

And to Thy name shall be the glory and dominion now and forever. Amen.

Prayer by
The Reverend John M. Cline
Highland United Methodist Church
Raleigh, North Carolina

July 9, 1985

O God, these are great days in which to live, though sometimes they may seem so difficult. There are so many decisions to make that are difficult and laws to enact that are tough. Decisions must be made concerning taxes. Help each one to know that he or she in some small measure has a part in enacting the laws by casting his or her vote for the constituents that he or she represents. Be near to this Body as it prepares to finish its work and as it ends, may it represent a job well done.

In Thy name we pray.

Amen.

July 11, 1985

O God, our Father, we confess that from time to time we are very frustrated as we work under the pressure of time. Some are sure that they have made right decisions, at least they think they have, while others are not sure.

Be with us and help us to feel good about the decisions that we make as we pass the laws for this great State.

In Thy name we pray.

Amen.

July 12, 1985

Our Father, your creative power is bursting out all around us. Help us to know that the power of your creation is within us.

May we be creative in our thoughts and acts to the end that your Holy name might be glorified and your children enriched.

In Thy name we pray.

Amen.

July 15, 1985

O Lord, Thy word says, "No man shall know the day nor the hour." This prophecy seems to have come to pass in this Body.
There is a bill which indicates that the House has already adjourned.

Be near to each member. May patience and kindness be shown one to another as the business is completed.

In Thy name we pray.
Amen

July 16, 1985

O Lord, Thy love is so great it overwhelms us. May we allow Thee to appropriate it in us that we might truly have a life change. Allow us to pass this love to one another, to the constituents whom we represent, and finally to Thy children around the world.

In Thy name we pray.
Amen.

July 17, 1985

O Lord, as we come afresh, we ask Thee to lead, guide, direct and be with us.

As we finish our business, help us to act expeditiously, but create within us calm spirits. We need Thy grace and mercy, and we know that it is present if we will receive it. Help us, our Father, to receive it now.

In Thy name we pray.
Amen.

July 18, 1985

O God, our Father, as we come together there are many with expectant hearts and minds, believing that this will be the last day of this session. If it is, we wish God's blessings upon each as he or she returns home. Be near and lead and direct as he or she returns to the area represented.

If the business is not finished, may each find the strength to persevere to the end.

In Thy name we pray.
Amen.

### APPOINTMENT

**BY THE SPEAKER OF THE HOUSE OF REPRESENTATIVES**

- National Conference of State Legislatures
- Legislative Working Group on High-Level Radioactive Waste

Rep. George W. Miller, Jr.
ADDENDUM

It will be noted that a number of bills and resolutions passed second reading and then were read a third time on the same day.

Rule 41(b) states:

No bill shall be read more than once in the same day without the concurrence of two-thirds (2/3) of the members present and voting.

In order to comply with this Rule, no bill which has passed its second reading is read a third time except:

(1) When a member moves that the Rule be suspended, and this motion carries by at least a two-thirds vote of the members present.

(2) When the Chair determines that there is no objection from any member present. This constitutes unanimous consent of those members present that Rule 41(b) be suspended.

In these cases, the bill is read a third time.

Grace A. Collins
Principal Clerk
