The Principal Clerk announces that the first order of business is the election of a Speaker and declares that nominations are in order.

ELECTION OF OFFICERS

Representative Charles M. Beall places the name of Representative Liston B. Ramsey, of Madison County for the Democratic nomination.

"Madam Principal Clerk, Distinguished Members of the Judiciary, Special Guests, Fellow Members of the House, Ladies and Gentlemen:
"The Office of Speaker of this House requires a person of experience, ability and fortitude, with a knowledge of the ins and outs of lawmaking, and above all with a mind and heart imbued with a passion for fairness.

"We are fortunate indeed to have such a person at our service. I am exceedingly proud to place in nomination for speaker of the 1989 House of Representatives the name of my distinguished colleague from the 52nd House District, Representative Liston B. Ramsey.

"There are certain things that are special to Liston Ramsey.

"One of them is the legislative institution, to which he has devoted more than a quarter-century of service.

"Another is loyalty...loyalty to this House...loyalty to his friends...loyalty to this State...loyalty to the principles of integrity and fair play.

"There is still another thing that is special to Liston Ramsey, and it speaks to the entire noble nature of the man, I refer to that great body of citizens who could be called 'The Plain People'...those voiceless folk who have no lobbyists promoting their interests.

"Liston Ramsey has always been close to the plain people. Always willing to hear them out and always ready to respond to their sounder notions.

"With Liston Ramsey there are no unimportant people.

"Through leadership and example, he has helped assure for every North Carolinian the opportunity to become whatever their talents and energies can combine to make them.

"I have been privileged to serve with him all but one year of his tenure as Speaker, and he never ceases to amaze me with his skill, his insight and his effectiveness.

"As the new members of this House will learn—if you have not already done so—he is a recognized authority on the rules, processes and procedures that govern this body.

"By electing Liston Ramsey to another term as Speaker, we will be assured of the leadership necessary to a successful session. He will be the right man, in the right place, at the right time, doing the right thing in the right way.

"It is a pleasure and privilege to nominate for the Speakership a fine public servant and a fine individual, the gentleman from Madison, The Honorable Liston Bryan Ramsey."

The nomination is seconded by Representative Daniel T. Blue, Jr.

"I am pleased to second the nomination of Liston B. Ramsey, the Democratic nominee for Speaker of the 1989 House of Representatives.

"In The Prophet, Kahlil Gibran writes:

'Then said a rich man, speak to us on giving.
'And he answered:

'You give but little when you give of your possessions.

'It is when you give of yourself that you truly give.

'For what are your possessions but things you keep and guard for fear you may need them tomorrow?

'And tomorrow, what shall tomorrow bring to the overprudent dog burying bones in the trackless sand as he follows the pilgrims to the Holy City?

'And what is fear of need but need itself?

'Is not dread of thirst when your well is full, the thirst that is unquenchable?

'There are those who give little of the much which they have – and they give it for recognition and their hidden desire makes their gifts unwholesome.

'And there are those who have little and give it all.

'These are the believers in life and the bounty of life, and their coffer is never empty.

'There are those who give with joy, and that joy is their reward.

'And there are those who give with pain, and that pain is baptism.

'And there are those who give and know not pain in giving, nor do they seek joy, nor give with mindfulness of virtue.

'They give as in yonder valley the myrtle breathes its fragrance into space.

'Through the hands of such as these God speaks, and from behind their eyes he smiles upon the earth.'

"For eight years Liston has freely given of himself so that this house would truly be equal to our sister chamber across the hall and, more importantly, equal – as our constitution envisioned – to the Governor and the Executive Branch.

"That spirit and sense of giving of himself on behalf of the things that are substantive and important rather than those that are glitzy and hollow, has made Liston a figure who sometimes seems bigger than life and a convenient target of derision and ridicule. But he continues to give of himself, to give of himself not only for his mountain people but for the ordinary people of my native Robeson County who didn’t want their Lumber River polluted by waste from GSX although he could have abstained or even worked against his friends from those districts as the Governor did. He continues to give of himself by championing the cause of young people by conceiving and
ensuing the passage of the basic education program and of legislation to help poorer counties build much needed school facilities; by helping working people find justice when they suffer injuries in the workplace; by bringing fairness to our court selection process; and generally by putting his progressive imprint on all the important things this State has done for ordinary people during this decade. Liston continues to give.

“As Representative Beard so proudly proclaimed two months ago at a function at his house to honor our Speaker: ‘Liston Ramsey is a man who has been the best Speaker ever and who deserves to be Speaker again.’

“Lastly, Liston gives of himself freely by abiding by promises and commitments he makes to friend and foe alike regardless of the expediency of breaking them. For he believes firmly in that biblical teaching which proclaims: ‘What profiteth a man if he gains the world, but loses his soul’ Liston Ramsey gives his promise, he keeps it; he gives of himself to us and wants nothing in return. I am extremely honored to place a second on his nomination.”

The nomination is also seconded by Representative Ruth M. Easterling.

“Madam Chairman and Members of the House and Guests:

“I am honored to second the nomination of Rep. Liston B. Ramsey as Speaker of the House for 1989–90, based on the following qualifications of ability and character:

“LISTON RAMSEY is a man of his word. He does not give it lightly, but once committed, he keeps his word. You do not have to sign a contract with him. His handshake binds his word. You can trust him. He is a modest man, with no pomposity or sense of drama. He is what he is, day in and day out.

“LISTON RAMSEY is fair. Ask any Republican who has worked with him for one term. Everyone gets his day in court, so to speak, a fair and courteous hearing.

“LISTON RAMSEY is a humble man – and that’s important. His eyes are not dazzled by the pomp of titles and a large retinue. He does not aspire to be Governor – or Lieutenant Governor – or Secretary of State – or United States Senator.

He sees the position of Speaker of the House as the ultimate and positive avenue of service. He aspires to serve.

“He believes with Dag Hammarskjold that the end of all political effort must be the well being of the individual in a life of safety and freedom.

“He believes that little children should not suffer because their parents are poor — that everyone who wants to work should have that opportunity and should receive a fair wage for his labor — that it is the duty of the State to have concern and to care for its most vulnerable citizens: the young — the poor — the elderly — the handicapped.

“People are always saying that politics and State government should be operated like a business, but LISTON RAMSEY knows differently.
Politics is harder than business. In business, you are judged by your successes, and everybody forgets your mistakes. In politics, you are also judged by your mistakes. (Wm. Benton) In politics, one who possesses merit and ability are raised, like a target, to a position to be fired at. (C. N. Bovee) I submit to you today such a man in LISTON RAMSEY. He is the victim of his successes — and an alleged mistake or two!

"LISTON RAMSEY is a statesman in the best sense of the word. W. R. Alger said that true statesmanship is the art of changing a nation from what it is into what it should be. LISTON RAMSEY has a vision of what North Carolina ought to be, and he has dedicated his time and talents to that purpose.

"In a lighter vein, someone has observed that a statesman is a politician considered safe to name a school after. (Wm. Vaughn) Not a school — but a building at Mars Hill College is named after this good and humble man.

"Honor — Integrity — Loyalty. These are qualities that LISTON RAMSEY possesses in abundance, which only serves to illustrate the saying that the place should not honor the man but the man should honor the place. (Alesilous II)

"REPRESENTATIVE RAMSEY has a keen sense of humor. He can laugh at himself and at all of us because he sees life steadily and he sees it whole. (Aaron N. Nieckel)

"I do not present to you LISTON RAMSEY as a paragon of all virtues or a man who never made a mistake. But in addition to the qualities mentioned, I call your attention to his proven good judgment and his comprehensive experience in the operation of the House.

"I am proud to second the nomination of LISTON RAMSEY for Speaker of the House, and I urge you to vote for him."

The nomination is also seconded by Representative E. David Redwine.

"Madam Principal Clerk, members of the Judiciary, distinguished visitors and guests, fellow members of the House:

"It is with a great deal of pleasure and pride that I rise to second the nomination of Representative Liston B. Ramsey for re-election as Speaker of this body.

"It has been my good fortune to serve under the guidance and leadership of Liston Ramsey for the past four years. To be able to work with one of the recognized authorities on the legislative process has been a learning experience for me—an experience that I will always treasure.

"As you new members will soon learn, if you have not already done so, Liston Ramsey is a master of the rules and procedures that govern this body.

"He is a nuts-and-bolts man, yes, but he is much more than that. He is a leader—a leader who conducts the affairs of the House in a level-headed and even-handed manner that is fair to all members and all viewpoints."
“Liston Ramsey is the genuine article...without a trace of artificiality...honest and forthright in his approach and in his dealings with others.

“He is endowed with a good measure of common sense and, as the late Sam Rayburn of Texas once said: ‘When a man has common sense he has all the sense there is.’

“He is fit by training, temperament, experience and ability for the duties of Speaker, and he has handled them with uncommon skill and effectiveness.

“Ladies and gentlemen of the House, I have the honor of seconding the nomination of a legislative legend and an outstanding individual, the Honorable Liston Ramsey of Madison County.”

The nomination is also seconded by Representative Eugene Rogers.

“Madam Principal Clerk, Distinguished Visitors, Ladies and Gentlemen of the House:

“I count it a privilege to second the nomination of Representative Liston B. Ramsey as Speaker of this Body for our 1989 Session.

“Liston Ramsey is sometimes referred to as ‘A Legislator’s Legislator.’ I have found him to be just that. He is of, by and for this House, which he has served with fidelity and skill for more than a quarter of a century.

“Liston Ramsey is solid and sensible, resolute and reliable. I know of no one in public life whose opinion I value more highly.

“Liston Ramsey symbolizes the motto of North Carolina: ‘To be rather than to seem.’ He is not one to travel under false colors.

“He is a practical man, yes, but he does not let this blot out his concern for humanity. He is a faithful defender of the people—the people as a whole, not just those in his native mountains.

“Liston Ramsey has a viewpoint that stretches far beyond regionalism to embrace the entire State and all classes of people.

“From all reports, this will be a tough and highly demanding session. Liston Ramsey is tailor-made for such a challenge, and North Carolina is indeed fortunate that his talents are available in this hour of need.

“It is my high privilege to second the nomination of Liston B. Ramsey, a model of decent and effective public service, as Speaker of this House.

“Thank you very much.”

The Chair recognizes Representative Frank J. Sizemore, III who announces that there is no Republican nominee for Speaker of the 1989 House of Representatives.

The Chair recognizes Representative R. Samuel Hunt, III who places in nomination the name of Representative Josephus Lyman Mavretic as Speaker of the 1989 House of Representatives.
"Fellow Members of the House and distinguished guests:

"The history of the North Carolina House of Representatives is one of accomplishment and achievement and we owe our past members and leaders our appreciation.

"But, as with any organization there comes a time when change must occur.

"Indeed, the North Carolina House is unique and stands out because of its regular and predictable changes of leadership.

"Now, as we look to the future we are fortunate to have among us a man well suited to lead our 120 members for the 1989 session.

"Representative Joe Mavretic has distinguished himself during his nine years in the House.

"He has accomplished much through his dedication and hard work. He has the intelligence and the organizational ability to help us continue our record of accomplishment. He also brings to this job a dedication to fairness that is so important to us all.

"I am proud to place the name of Josephus L. Mavretic in nomination for Speaker of the North Carolina House of Representatives."

The nomination is seconded by Representative Johnathan L. Rhyne, Jr.

"Madam Clerk, Members of the Judiciary, Distinguished Guests and Members of the House:

"I am honored to second the nomination of Representative Josephus Mavretic for the position of Speaker of the North Carolina House of Representatives.

"It occurs to me that this election is, as has been mentioned on this floor today, and as has been mentioned in this building over the past several days many times, about loyalty. Not loyalty to any individual legislator, not loyalty to any part of our State, and certainly not loyalty to any political party. But rather loyalty to the citizens of our State.

"I say that this election is about loyalty because each of us was elected to represent the citizens of our District and State. This election is about fairness and participation. It is about doing the job we were elected to do in an open and impartial manner regardless of political party.

"With loyalty to the citizens of my District, and with loyalty to the citizens of this great State, I am proud to second the nomination of Josephus Mavretic as Speaker of the North Carolina House of Representatives. Thank you."

There being no further nominations, the Principal Clerk declares the nominations closed and requests that the roll of the House be called. The following members vote for Representative Ramsey: Representatives Albertson, Anderson, Barnes, Barnhill, Beall, Blue, Bowen, Burke, Chapin, Church, Colton, N. J. Crawford, Cunningham, Easterling, B. Ethridge, Fitch, Fletcher, Foster, Fussell, Gist, Greenwood, Hackney, Hardaway, Holt, Jack Hunt, Judy Hunt,
The following members vote for Representative Mavretic:

Representative Mavretic having received a majority vote is declared Speaker of the 1989 House of Representatives.

The Speaker, escorted to the Chair by Representatives Harry E. Payne, Jr., Betty H. Wiser, Chancy Rudolph Edwards, Pryor Gibson, Charles L. Cromer, Ann Q. Duncan, and George S. Robinson takes and subscribes to the following oath of office administered by the Honorable Gerald Arnold, Judge of the North Carolina Court of Appeals:

"I, Josephus L. Mavretic, do solemnly swear that I will support the Constitution and laws of the United States; and,

"I do solemnly and sincerely swear that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; and that I will endeavor to support, maintain, and defend the Constitution of said State, not inconsistent with the Constitution of the United States; to the best of my knowledge and ability; and,

"I do solemnly swear that I will well and truly execute the duties of the office of Speaker of the 1989 House of Representatives of the General Assembly of the State of North Carolina to the best of my skill and ability, according to laws; so help me, God."

The Speaker, Mr. Mavretic, approaches the dias and makes the following remarks:

"Members of the Judiciary, Honorable members of the House and your families, distinguished visitors and friends...

"Liston Ramsey was the Speaker of this House for the longest tenure in modern times. He presided over this House with wisdom and skill. I am sure that each member of this body joins me in acknowledging his long commitment to public service and the public good accomplished under his gavel.

"My Sunday school teacher, Miss Elizabeth Raulfs, taught me to believe that the Lord always gives me what is best for me at the time.
Today is one of the best of times. My wife Laura is one of the best and she carries another. My Mom started it all and she and I have been through all the worst and all the best. To everyone else who is a piece of me, especially my supporters in the 8th House District, I thank you all for this best day – especially the group and the coalition.

"Change in this body is evolutionary – one has but to identify the trends. In 1985, the Speaker was elected 119 to nothing without opposition. In 1983, the Speaker was elected 82 to 35 with opposition. Today the Speaker was elected 65 to 54 with opposition and coalition. The trend is clear. Future North Carolina Speakers will be elected by a majority but the composition of that majority does not necessarily have to fall into partisan lines. The people will not measure our performance by the politics we play, but by the policies we set.

"For the next few days, political pundits are going to answer this riddle. 'The more you give away, the more you have; The more you try to get, the less you have.' For those more studious, THE MARCH OF FOLLY by Barbara Tuchman is instructive. For those purely political, look to the Connecticut precedent.

"For those of us sitting in this hall, the next few days will be a shift in the organization of the House to a new direction. Committees will be functionally organized according to subject matter with permanent sub-committees – much like the Congress. The organization of this House should encourage full and open participation by all 120 members and it will permit each one of you to grow as much as you want as a legislator. Part of growing is getting out of the way and future speakers should be constitutionally limited to four years or two terms. That will be part of the balance of power referendum. Coupled to this organizational change, will be an effort to provide every member with the best personnel and equipment you need to do your job and to communicate your efforts to your constituents.

"For those of you concerned about legislative style – in my opinion, a sitting member represents her or his district FIRST and in the most productive way possible. The Speaker, on the other hand, must take a wider view...a statewide perspective. The Speaker is the referee between district bias and not a player in the game. The Speaker must ensure that every member has an equal opportunity in sub-committee, committee, on this floor and in assignments so that all 6.5 million North Carolinians are treated fairly in this House.

"Members have told me they believe that standing committees should meet between sessions, that the introduction of bills should be allowed between sessions so long as the sponsor could defend them in the next regular session – The Rules Committee will consider that as well as considering the oversight responsibility of standing committees between sessions.

"More changes will surely happen because this is the House created for change but for the next two years one thing will not change – among the many treasures of this House, office, staff, administration and other personnel – we know in our hearts that we still have the best head chaplain in America."

The Speaker assumes the duties of the Chair.
On motion of Representative Donald M. Dawkins the permanent rules of the House of Representatives for 1987, with the following amendment, are adopted as temporary rules for the 1989 House of Representatives:

"I do solemnly and sincerely swear that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; and that I will endeavor to support, maintain, and defend the Constitution of said State, not inconsistent with the Constitution of the United States; to the best of my knowledge and ability; and,

I do solemnly swear that I will faithfully discharge my duties as Speaker Pro Tempore of the 1989 House of Representatives of the General Assembly of the State of North Carolina to the best of my skill and ability; so help me, God."

The Speaker Pro Tempore, Representative Beard, makes the following remarks:

"Mr. Speaker:

"Your job may be the biggest, but my family is the largest. I don't know how long I will hold that position because your family is growing.

"Now, I want to introduce to you my family.

"First, the oldest, my wife Katherine, with 45 devoted loving years.

"Next, my oldest daughter Linda, the mother of two of my grandchildren, and her husband, David Kay.

"Next, my second daughter, Kathy, the mother of the other two grandchildren, and her husband, Greg Allen.

"Next, my son, Don, Jr., the overseer of the family at 6 feet, 5 inches tall.

"Now, legislators be on your guard - Linda and Kathy may just start lobbying you at any moment for higher salaries for teachers and so forth.

"Now for the grandchildren - have you ever seen a grandparent without readily available pictures of their grandchildren? I am no exception. Over the years I have politically used all of these fine grandchildren as I've been sworn in seven times before. Here is the youngest - Lynn Allen - her picture on opening day at about four years old. (You can see the presence of Molly and Teddy Warner, this practice is continuing.)

"Next, Brooke Allen, standing on desk #30 at about age 4, as I was being sworn in.
“Next, Jennifer Kay at about age 4 at the same desk – all of these received press attention.

“Next is David Kay, Jr., at about age 4 at the first swearing-in in 1975. As you may or may not can see this is the front page (I just happened to be caught as part of the picture) standing on the same desk. On the right of the front page is President Ford with Vice President Rockefeller behind him as the President gives his State of the Union Address to Congress and the Nation.

“I want to thank the press for their attention over the years to my grandchildren. You have impressed not only me, but them as well, especially Dave. He was so impressed and appreciative that he is now on the Dean’s List at The University of South Carolina studying journalism and broadcasting. Keep up the good work press, you may just inspire some more fine youngsters. If you have come to the conclusion that I am a proud parent and grandparent, you are right on target.

“This concludes my children and grandchildren. Now I would like to tell you about my only brother, Mac.

“I am also proud, but more importantly grateful and humble, as I accept this new role and position as Speaker Pro Temp of the House in this great State of North Carolina.

“I pledge to you my devoted and prayerful best for the next two years of this session.

“Let me cover briefly something about North Carolina’s good government, yet inexpensive government. I did not say cheap government. We get a lot of government for our money. There may be those that would say they are glad we’re not getting the government we are paying for.

“I am talking specifically about what it cost our taxpayers to run the Legislature in North Carolina. To pay for this building, the lights, the heat and cooling, the security of the building, the fine staff, yes, legislators salaries which are among the lowest of the nation.

“The cost of running the Legislature in North Carolina does not include a full time secretary in Raleigh, not an office in our district, not a secretary in our district, not an automobile furnished.

“These are just a few of the proofs that North Carolina is a sound and conservatively new legislature, and I promise my very best in continuing this practice.

“It does not cost $47.00 per year per person in North Carolina as it does in Alaska. It does not cost $5.55 per year as it does in South Carolina. It doesn’t even cost $2.72 per year per citizen as it does in our neighbor State of Virginia.

“You see, North Carolina ranks number 50 in this nation at $1.71 per year per citizen.

“Will you, with me, take pride and pledge to keep on being just as kind as possible to our taxpayers in our great State.

“Thank you very much.”

SPECIAL MESSAGE FROM THE SENATE

SENATE CHAMBER
January 13, 1989

Mr. Speaker:

Pursuant to S.J.R. 1, A JOINT RESOLUTION INFORMING HIS EXCELLENCY, GOVERNOR JAMES G. MARTIN, THAT THE GENERAL ASSEMBLY IS ORGANIZED AND READY TO PROCEED WITH PUBLIC BUSINESS AND INVITING THE GOVERNOR TO ADDRESS A JOINT SESSION OF THE SENATE AND HOUSE OF REPRESENTATIVES, the President appoints as a committee on the part of the Senate to escort the Governor to the Joint Session, in the Hall of the House, Senators Rauch, Kaplan, Cobb, and Royall.

Respectfully,
S/ Sylvia M. Fink
Principal Clerk

The Speaker appoints as a committee on the part of the House to escort the Governor to the Joint session, Representatives Hurley, Hasty, Brown, and Hege.
The Chair recognizes Representative Michaux who makes the following remarks:

"His struggles were inspired by his religious faith and his commitment to the brotherhood of man. Without his faith he would never have had the strength to climb mountains, to move powerful men, or to walk so long and so tall in the valley of the shadow of death. It was the central element of his life of struggle which rewards every new examination of it. The depth of meaning of his life is unfathomable, inexhaustible and fertilizing – from one generation to another. Those who survive must confront the power of his character and moral presence, the force of his personality, the charisma of his being, the creativity of his thought and the invincibility of his belief that God called him and therefore he knew no fear in his struggle.

"While these words are inadequate to honor Martin Luther King, Jr., they are equally inadequate to record the meaning and powerful impact he had upon the future of this, the greatest country on earth. The great theologian, Martin Luther, wrote the following as his own epitaph and it certainly characterizes his namesake, our leader:

'I NEITHER CAN NOR WILL RECAP ANYTHING, SINCE IT IS NEITHER RIGHT NOR SAFE TO ACT AGAINST CONSCIENCE.
HERE I STAND, I CAN DO NO OTHER.'

"Martin Luther King, Jr. – at a later time, in another place – stood his ground, and could do no other in the struggle against bigotry, injustice and immorality. Clear vision, courage and determination were the cornerstones of his life.

"We are here today to pay tribute to his leadership – for black Americans, yes – but indeed, for all Americans and all people. It is a symbolic occasion to reaffirm our own commitment to the brotherhood of man and to rededicate ourselves to his dream for America."

Representative Edwards is recognized and reads the following resolution from the black citizens of Fayetteville.

"Whereas, the North Carolina General Assembly is meeting at the site where our ancestors were sold as slaves which is an affrontive act to many black citizens even though the North Carolina constitution was ratified at this site in 1789;

"Whereas, as black citizens of this community do not condemn, but express commendation to the North Carolina Legislative Black Caucus for its role in pricking the conscience of this community to the sensitivity with which our ancestors were treated at the very site at which this session is being held;

"Whereas, the Constitution as ratified here in 1789 states in the preamble 'We the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this constitution for the United States of America' was not a reality for the blacks then and continues to be a racial struggle;

"Whereas, to many black citizens, a part of the history of the Market House has been and still is a serious reminder that the intentions as ordained in the constitution were not enacted when slaves were sold at the very site where the constitution was ratified;
"Whereas, the municipalities have made no admission that slavery as exemplified by the sale of black people at the Market House is morally wrong and should be publicly admitted and condemned by the City Council and the Board of County Commissioners;

"Now, therefore, be it resolved that we commend the North Carolina Legislative Black Caucus for its stand against the General Assembly meeting in the shadow of the Market House here where our ancestors were sold; and,

"Be it further resolved, that the black community requests that a public acknowledgment of this moral atrocity be made by local officials, and specifically requests that an early plan to prepare and dedicate a plaque, listing the names of all human beings sold at the Market House, be initiated and carried forward to completion; and,

"Be it still further resolved, that the plaque state that slavery is morally wrong under any circumstances, and avow that the citizens of our fair community strive to oppose injustice in any form; and, that this symbol of contrition be placed in a permanent area within the Market House and publicly dedicated in a specific ceremony; and,

"Be it finally resolved, that the leadership of this community immediately come together to discuss other ways of repairing the damage that has been done recently to our city."

SPEAKER REQUESTS VOTE ON RULE INTERPRETATION

Speaker Mavretic polls the members on the following questions:

1. The chair needs to know how many members relied on the House interpretation of the Rules concerning the May 11 deadline – and still have bills they believe should be considered by the House after May 11 and, if they pass the House in 1989, be eligible for Senate consideration in the 1990 short session.

Now the Chair wants only those members who fit into this category to signify by pushing your “aye” button.

Voting in the negative: None.

2. Now this next question applies only to those 35 members who just voted “aye”.

The Chair wants to ask those 35 members – and only those members – if they want the House to defend the position that they have the right to have their bills eligible to be heard and, if they pass the House in 1989, be sent to the Senate for consideration in the 1990 short session.

Now the question is – and it is directed only to those 35 members who participated in the previous vote – those who want the House to defend their right to have their bills eligible to be heard, signify by voting “aye”. All opposed vote “no”.

Voting in the negative: Representatives Colton and Loflin – 2.

3. Now this next question is to all one hundred nineteen members of the House. And the question is — those members who want the House to defend the position that these 29 House members have the right to have their bills heard, and if they pass the House in 1989, be sent to the Senate for consideration in the 1990 short session.

All of those House members who want the House to defend that position signify by voting “aye”. Those who are opposed, vote “no”.

On motion of Representative Payne, seconded by Representative Gardner, the House adjourns, by electronic vote (87-5), at 3:45 p.m. to reconvene May 18 at 2:00 p.m.

**H.B. 204**

August 12, 1989

To: THE PRESIDENT OF THE SENATE AND THE SPEAKER OF THE HOUSE OF REPRESENTATIVES

We, your conferees, appointed to resolve the differences arising between the Senate and the House of Representatives on H.B. 204, (Fourth Edition Engrossed) A BILL TO BE ENTITLED AN ACT TO ENHANCE AND PROMOTE ACCESS TO GOVERNMENT PROCEEDINGS IN NORTH CAROLINA, wish to report as follows:

The House concurs in the Senate Committee Substitute, Fourth Edition Engrossed, with the following amendments:

(1) on page 1, line 9, delete "excluding any executive sessions held pursuant to G.S. 143-318.11"

(2) on page 1, line 9, add the following at the end: "If any executive session is held pursuant to G.S. 143-318.11, minutes may be kept at the discretion of the public body."

(3) on page 2, lines 21 through 24, delete the sentence beginning on line 21, and substitute "A joint meeting between the Governor’s Cabinet and the Council of State is a meeting of a public body."

(4) on page 2, line 33, add the following immediately before the period "and does not apply to a joint meeting between the Governor’s Cabinet and the Council of State"

(5) on page 2, line 24, add the following immediately before the quotation marks: "To implement the requirements of G.S. 143-10 and G.S. 143-11, the Governor and the Office of State Budget and Management shall conduct public hearings for the purpose of receiving recommendations from agencies of the State and other interested parties for the preparation of the State Budget, which hearings shall be official meetings of a public body.

Any meeting during the period beginning with the first such hearing and the submission of the State Budget by the Governor to the General Assembly, held between the Governor and:

(1) The head of any department listed in G.S. 143B-2; or

(2) Any Deputy Secretary, Assistant Secretary or Division Director of such department

is an official meeting of a public body when held for the purpose of preparing or transmitting recommendations for the State Budget.

This Article shall not be construed to prohibit meetings between the Governor and the Office of State Budget and Management from being held in executive session when such meetings are for the purpose of
putting in final form the recommended budget for presentation to the
Advisory Budget Commission and the General Assembly.

Any additional or supporting documents received by the Governor
or the Office of State Budget and Management shall be made avail-
able for public inspection.

Information requests or recommendations directed to or from or
received by or from the Governor shall not be in violation of this
section so long as such does not circumvent the spirit of AN ACT TO
ENHANCE AND PROMOTE ACCESS TO GOVERNMENTAL
PROCEEDINGS IN NORTH CAROLINA.

Any meeting between the Governor and the Advisory Budget
Commission is an official meeting of a public body, subject to the
provisions of G.S. 143–318.11.

The Senate agrees to the same.

To this end, the conferees recommend that the Senate and House
of Representatives adopt the foregoing report.

This the 12th day of August, 1989.

S/ Milton F. Fitch, Jr.
S/ Edith L. Lutz

Representative Pope moves that the Conference Report be tempo-
orarily displaced.

On motion of Representative Miller, seconded by Representative
Ramsey, the motion to temporarily displace the Conference Report is
tabled by electronic vote (38-34).

Representative Pope rises on a point of order and the Speaker rules
that under House Rule 44(b), some of the provisions of the Confer-
ence Report on H.B. 204, are not in difference and therefore finds
that the conferees have failed to agree.

Representative Miller moves that the rule be temporarily suspended
in order that the Conference Report may be considered.

Representative Payne requests that the motion to suspend the rules
be made in writing.

Representative Miller complying with the request, submits the fol-
lowing motion.

"I move to suspend the rules to the end that the Conference Report
for Committee Substitute for H.B. 204, which makes the legislative
branch and executive branch be subject to open meetings law, a bill to
enhance and promote access to government proceedings in North
Carolina, be eligible for adoption."

S/ George Miller
Representative Redwine calls for the “ayes” and “noes” on the motion.

Representative Miller calls the previous question on the motion and the call is sustained by electronic vote (55-18).

The question before the House is the motion to suspend the rules temporarily in order that the Conference Report may be considered. The motion fails, by the following vote, as the Speaker rules this is not a two-thirds majority vote.

The Speaker having ruled that the conferees fail to agree, appoints the following new conferees: Representatives Miller, Pope, Rhyne, Cooper, Lutz, DeVane, Fitch, Payne, Isenhower, and Howard and the Senate is so notified by Special Message.

GOVERNOR JAMES G. MARTIN
STATE OF THE STATE ADDRESS
JANUARY 17, 1989
LEGISLATIVE BUILDING

"Mr. President, Mr. Speaker; Honorable Members of the North Carolina General Assembly; My Fellow North Carolinians:

"I have come here at your invitation to present the Biennial Budget Message, a balance of revenue and spending proposals to guide and stimulate your own deliberations for the next few months. There will be some surprises, although not many, since the Advisory Budget Commission has already publicly aired most of the requests.

"So much has been written and said about the reorganization of the Senate and House last week, and I will not add to that. I do wish to congratulate the new leadership of both parties, in both chambers, and express my readiness to work with you to achieve great things for North Carolina. Judging from optimistic statements many of you have voiced, the essential time of reconciliation and accommodation
already has begun. I commend you for that: there is so much to be done, and so many able minds among all factions in the House and Senate, that North Carolina can reach its full potential only if all of you are involved to your full potential.

"Let me also personally offer to every member my pledge to work with you to serve the people of your district, for they are my constituents, too.

"We meet this afternoon in a time of great change, of great challenges, and of great expectations. It is a time of revenue growth more limited than we have enjoyed in recent years. And yet, while it may not be 'the best of times' neither is it 'the worst of times'.

"North Carolina has continued to experience robust economic growth, with all sections of the State, rural and urban, sharing in that prosperity as never before. Economic growth cooled a fraction, from a 6 percent high in 1987 to 5.2 percent last year; but that still exceeded the national mark, as well as our own previous 3-year average.

"Unemployment continued to improve for the sixth year in a row, a full two percent below the national average for the last four years. See Chart 1. Factory wages climbed faster than nationally, as the number of manufacturing jobs continued a healthy climb. Jobs paying $45,000 or more rose by half again faster than the national average.

"While the number of counties above 10 percent unemployment steadily improved from 20 in 1984 to only 2 in 1988, the number of counties with less than 5 percent jobless improved also, from just 8 in 1984 to a grand total of 76 counties better than 5 percent unemployment last year! See Chart 2. It is noteworthy that almost half (43 percent) of the net gain in new jobs came from small firms with less than 20 employees.

"Thanks to this robust economy and superior regulatory standards (in contrast with Texas and certain other states), North Carolina financial institutions, and businesses generally, experienced a healthier year than in many other states.

"By continuing to sustain a strong job market, we have a great opportunity to boost wage levels higher for the people. For that reason, my primary message to you is the strategic importance of continuing our bold investment in Education and Transportation. More than any other factors, those two will generate the biggest dividends of better paying Jobs for North Carolinians.

"Through Better Schools, we can ensure that our workers are prepared and trainable for the more technologically demanding jobs of the future. It's one thing to bring more skilled jobs to the people; we must also bring their skills up to meet the jobs. Through Better Roads, we can meet a fundamental necessity upon which manufacturing investment depends. Very few of our new factories have located in a community that did not have the convenience of a four-lane highway connecting to the Interstate System.

"For these reasons, my Budget for the 1989–91 biennium places its priorities on Better Schools and Better Roads. In a session facing a
relatively tight budget, it is even more important to keep schools at the top of our priorities, as you and I have done every year for the last four years. Every budget I have submitted, and every budget you have adopted, has increased the proportion of the General Fund Operating Budget allocated to our public schools. We can share pride in that constancy, because that had never happened before.

"There are some important choices to be made within that top priority of public education; because there is not enough revenue growth to cover all the needs that have been submitted for schools alone. To put that in perspective, let me review the revenue picture.

**REVENUE**

"Through the first six months of this fiscal year, despite a slow start through October, General Fund revenues have grown by 6.86 percent over the previous year. That supports the confidence of both the Fiscal Research office and the Budget office that the current fiscal year will reach the forecast growth of 6.4 percent. Based on that, we can project the availability for the next fiscal year of only $233 million in increased recurring revenue, after allocating $80 million for mandated Medicaid costs, $65 million for construction of schools, and $75 million to continue recurring items that were funded last year with non-recurring dollars. Then, we would expect a more normal growth level of $435 million more in the second year, 1990-91.

"This creates an unusual situation of being able to budget more generously for new programs in the second year of the biennium, while having to hold to a stricter diet in the first year. If no more than $233 million is available in 1989-90 for recurring expenses, such as salary improvements and new programs, only our top priorities can be addressed without increasing taxes. For example, a 5 percent pay raise for all State and school employees, including teachers, would take all of the available recurring revenue, leaving nothing for added prison employees ($10 million), the Basic Education Plan ($113 million), State employees' health insurance ($40 million), or services to Older Adults ($6 million). Or anything else.

"Choices must be made. Some may suggest that taxes be increased. That might have to be considered in the future if we find a chronic slowdown in revenue growth. But nobody forecasts that grim a picture. So instead I see one year in which we will have to tighten our belts to make room for some urgent improvements, while deferring others.

**A DEFERRED PAY INCREASE...AND HOW TO IMPROVE IT:**

"Let me turn, then, to the toughest part of the budget. In order to accommodate the most pressing program responsibilities for education, prisons, health, aging, environmental protection, and law enforcement, there remains only $62.4 million for pay increases in the first year, and four times as much, $250 million in the second year. That's enough for a 4.5 percent pay increase (5.7 percent for teachers) for the entire second year, but for only one quarter of the first year (shown on Chart 3), unless additional revenues can be found.
“Because my recommendations need to be submitted now, several months before revenue estimates can be reliably improved, my budget reflects that tentative choice of initiating the pay increase in April, 1990; but with the recommendation further that any additional savings or revenue growth be applied primarily to moving up the starting date for the pay hike. It’s easy to say that’s not fair to teachers and other employees, but you will have the next four months to look at possible alternatives: whether to cut programs or re-estimate revenues.

“The Revenue Department reports that we are already beginning to experience some surge of estimated tax payments that might reflect an anticipated windfall of capital gains tax for RJR-Nabisco stockholders. However, it will be April before a clear prediction of the magnitude of that effect can be made. So it is too early to rely on how much that might yield. If, for illustration only, we could be sure in June that it would generate an extra $62 million, then I would recommend that amount be used to advance the starting date for the pay increase by three months, to January (as shown on the Chart 4). That’s what it would take.

“As requested by the State Employees Association (SEANC) and recommended by your Study Commission, part (one-third) of the increase for State employees is reserved for restoring Performance Pay.

“Your Tax Fairness Study Commission has produced a monumental package of recommendations to simplify the tax code, improve the fairness of its burden, strengthen its enforcement, and replace obsolete taxes (such as that on Intangible Property). This work was guided by the intention of being revenue neutral. It appears from examination that it may well raise the yield of revenues by its enforcement features, although again it is too early to predict how much with any certainty.

“Meanwhile, any savings you can achieve in the continuation budget (over and above what I have submitted) could similarly be applied to an earlier pay increase. I have asked all departments to eliminate approximately one percent of their positions, and to identify user fees that might be increased, including tuition, to generate funds for an earlier pay raise, or for program improvements that could not otherwise be afforded in 1989.

“Alternatively, you might consider deferring some part of the program expansions that I have recommended, in order to apply that to an earlier pay raise. I tried that with the Advisory Budget Commission, and got advised: not to touch any sacred cows.

“Not even the teachers association rose to put pay increases ahead of hiring more non–teachers (perhaps not realizing that was the only trade–off), and only one editorial response endorsed deferring the hiring of additional non–instructional personnel so that the same money could be used to improve teachers’ salaries. Perhaps that was because no one understood my earlier attempt to explain what the options were.
"If that's so, there will be plenty of time over the next few months for you to heed any revised advice, and amend the budget accordingly. I have done the best I can with this subject, and certainly hope that by springtime revenues will be blooming in brighter abundance, and that you will have the benefit of a rosier, but less thorny, pathway than is evident now. Let me quickly highlight some of the more noteworthy program improvements being recommended.

EDUCATION:

"Most of the new spending goes for public education, with $113 million in the first year and $212 million in the second year for the Basic Education Program (keeping it on schedule, as shown on Chart 5). In comparison with the 4.5 percent pay increase for all other employees, it is proposed that a salary reserve for public school teachers be established, equivalent to a 5.7 percent average raise, and that the State Board of Education recommend to the General Assembly how much of this should be applied to Career Ladder increments and how much of it to 'across-the-board' increases. This would likewise begin in April, 1990, unless additional revenues could be identified to cover an earlier pay raise.

Other school improvements would:

(a) double the Teaching Fellows Program, adding 400 each year;
(b) strengthen Teacher Education, including expansion of the summer Foreign Language Institutes; and
(c) fund various approaches to dropout prevention, including 'Cities-in-Schools.'

In all, this will continue to increase (to 47.3 percent) the share of the General Fund operating budget going to public schools.

"In addition to budget priorities, some exciting and challenging educational issues face you and our new State Superintendent and Board of Education. A rising consensus of these and other educators and community leaders has called for a greater degree of accountability at all levels of school leadership, with the emphasis on results. After years of debating inputs of funding formulas and staffing allotments, we are now going to awaken to the real objective of public education: improving student achievement. It is my contention that the fundamental standard by which our schools should be measured is Student Performance. Coupled with that is the need to increase the level of local flexibility in the management of state programs, even the BEP.

"At the direction of the legislature, the State Board of Education is undertaking a 'mid-course review' of the Basic Education Program, in order to set accreditation standards for individual schools. They will be able to recommend to you any modifications that would allow more local flexibility in allocating the positions within a school. Clearly, the typical school is not average, but has a unique combination of needs
that is not likely to be met by some average prescription. One school might need more counselors and social workers for dropout prevention; others might need more math teachers.

"Another reform that is having considerable success around the nation is Public School Choice: allowing students and their parents to have more to say about the school they attend.

"In North Carolina, local boards have established 'magnet schools' to which one may choose to attend. In Maryland, Massachusetts, New York, New Jersey, Missouri, and Wisconsin, it is permitted to choose any school in some systems; in Minnesota, any school in the state.

"This approach imposes the ultimate test of accountability on a school system: to meet the needs of the students. It is self-enforcing through choice of enrollment, and generally strengthens teachers as academic leaders. And it should lead local boards to create more kinds of innovative schools, like 'Career Education' high schools, and combinations with Community Colleges.

"While 23 states have looked at this, North Carolina has watched from the sidelines. My own reluctance arose out of a concern that such choices might lead to resegregation of schools. Other states have found ways to safeguard against this, and have found a very high level of acceptance among parents of all racial and geographic and economic circumstances. With president-elect Bush encouraging this movement to 'Schools of Choice', the time has come for us to begin debate on this issue. I call upon the State Board of Education and this General Assembly to examine with me how 'Schools of Choice' might improve education in North Carolina. It does not have to be rushed, what with so many issues on our agenda, but neither should it be ignored. Defining the concept would help public discussion of it.

"Many of these programs seek to build improved literacy, as do our Community Colleges, prisons, and many employers and volunteer tutors. To help coordinate these efforts, I propose a Literacy Office to be created in the Department of Administration.

"In addition to programs to reduce dropout rates, we must find better ways to prepare 4-year-olds to be ready to 'drop-in' when they get to kindergarten and first grade. I am convinced that we can offer appropriate readiness programs at lowest cost by utilizing our Day Care providers. Accordingly, I propose $2 million for pre-kindergarten, developmental Day Care for 'at-risk' 4-year-olds. This would be administered by the Department of Human Resources, with valuable input and assistance from the Department of Public Instruction, allowing the DPI to continue its concentration on improving grades K-through-12.

TRANSPORTATION:

"Turning now to Better Roads, I predict that his session will be historic for adopting the Strategic Corridor Highway concept, and for moving boldly to fund it to completion. The Highway Study
Commission is nearing agreement on its recommendations. It is their hope to present you with a map and construction schedule of four-lane highways to be built by the turn of the Century, along with improved connectors, and a tax and bond package to pay for it in the most economical way. Out of deference to the explicit request of the Highway Study Commission, I have withheld placing my own separate funding proposal before you.

"When their recommendation is made public, I urge you all to be prepared to work with us on it, and to support it here and among your constituents. At long last, we will have a reliable commitment that will bring the economic benefits of four-lane roads within 10 miles of over 90 percent of our people. In response to your suggestions, the package is likely to include improved funding for secondary roads and municipalities.

"Railroads also have a vital place in our future, just as they had in our past. Last year, you gave me authority to acquire rail right-of-way that was about to be abandoned, albeit without funding. Fortunately, a creative financing package enabled us to strike a bargain for 67 miles of railroad from Murphy to Dillsboro, which is quickly becoming a major tourist attraction. With a one-time appropriation of one million, we will be better positioned to respond to future contingencies in other rural areas.

"The Governor's Rail Passenger Task Force has been studying ways to restore passenger service along the route of the North Carolina Railroad, in which our State has held 70 percent of the shares for 140 years, and along which our urban piedmont corridor has grown. This will require a significant investment in rolling stock and improvements in our track, and it is my view that this should be financed out of the State's future earnings from the Railroad stock, which will be enhanced when we complete the renegotiation of our lease with Norfolk-Southern.

ECONOMIC DEVELOPMENT:

"The public dividend from all this investment in Better Schools and Better Roads will be Better Jobs for our people. Yet, that will also require continuation of a vigorous economic development program. To strengthen our efforts through the Department of Commerce, I propose a $2 million expansion of:

- the Business/Industry development program;
- the International Division for export promotion and missions; and
- Travel and Tourism promotion.

"With migrant labor rapidly becoming the major source of farm workers, many headaches are caused by having four agencies making migrant housing inspections, using different rules and standards. My Task Force on the Farm Economy has prepared a simple bill to consolidate these inspections under one agency.
"I am also proposing a stronger emphasis on Aquaculture to be funded within the Department of Agriculture.

ENVIRONMENT:

"In addition to moving forward with the Coastal Initiative, to protect Outstanding Resource Waters while promoting environmentally appropriate waterfront development, I will also develop and establish an Environmental Index, to provide a frame of reference with which to gauge our progress.

"North Carolina will continue to receive its distribution from petroleum overcharge settlements. Again, $24 million over the biennium will be allocated for energy conservation programs, with one-fourth of that going for the Low Income Home Energy Assistance Program.

"I recommend funding ($9 million) to the Departments of Agriculture, Administration, Human Resources, and Natural Resources and Community Development, to establish and strengthen programs relating to:

(a) Pesticides in groundwater;
(b) compliance of air quality standards;
(c) the siting and establishment of a Low Level Radioactive Waste Management Facility;
(d) our response to Mobil Oil’s proposed exploratory well;
(e) water quality regulation and permitting;
(f) clean-up and replacement of leaking underground storage tanks;
(g) hazardous waste regulation and site clean-up; and
(h) assistance and permitting for solid waste management.

"In the second year, I propose also $10 million for a Solid Waste revolving fund, and $8.5 million of the North American pavilion at the N. C. Zoo, and a $10 million reserve for improvements within the State Parks System. A study of our State Parks has identified $135 million in needed park improvements, and recommends funding half of that over the next five years. This will only meet the most urgent needs.

"It is especially critical that we get back on track with our obligation to select a site for a facility to treat, recycle and detoxify so-called 'hazardous wastes'. If we fail to certify by October our ability to pick a site, we would face penalties from the federal government. I must report to you that we have even less time than that to show our commitment to this responsibility.

"Our neighboring state of South Carolina is considering excluding any hazardous waste delivered to its site from any state that has not taken steps to solve its own problem by March 1. The posture we have taken for the last six months is interpreted by Governor Campbell as prohibiting any solution. This will require prompt attention. I will work with you to meet both these imminent deadlines, but
I challenge you either to create a framework for making a site decision, or I invite you to turn it over to me. Something has to be done soon.

"I am very much encouraged by progress that has been made in recent months by your Environmental Study Commission to recommend consolidation of environmental regulation within one new Department of Health and Environment; mainly along the lines that I recommended a year ago. This has now been thoroughly studied, and has widespread endorsements, and it is my hope that this can also be among the first major accomplishments of this session.

PRISON OVERCROWDING:

"Another issue that must be resolved early in this session is the overcrowding of our prisons. In previous sessions, we have provided for the requirements imposed under the settlement involving 15 prisons in the South Piedmont district, and move to get ahead of the curve overall. Last month, a settlement was reached in litigation over another 49 prison units. On tomorrow, I will submit to you a package of emergency legislation to do four things:

1. Approve the terms of the settlement;
2. Commit to funding additional prison construction, using the expedited approach that has proved so successful;
3. Expand intensively supervised parole and probation, electronic monitors for house arrest, and other alternatives to prison, and
4. Extend the Prison Cap Law, amending it so as to enlarge the pool of nonviolent inmates eligible for early release under the Cap, while removing from eligibility drug traffickers, rapists, and others deemed unworthy by the Parole Commission.

"I will also ask the Department of Corrections and the Budget Office to determine whether, and under what arrangements, prison construction contractors could use inmates who are trained for construction work. As part of the rehabilitation program through Prison Enterprises, we have previously used inmates for prison maintenance; now let's see if it can be cost effective to let Prisoners Build Prisons.

LAW ENFORCEMENT:

"In order to maintain safe highways and address the continuing drug trafficking problem in North Carolina, I am recommending additional highway patrol troopers (50 each year), State Bureau of Investigation agents (40 in the second year), and Alcohol Law Enforcement agents (36). Another $20 million is proposed for a new S.B.I. complex in Raleigh. Initially, the costs of staff support for the Drug Cabinet, chaired by Lieutenant Governor Gardner, are expected from federal grants from the Drug Enforcement Agency, plus direct participation from State agency personnel."
The tragic toll of highway accidents involving alcohol or drug impaired drivers has been thoroughly addressed by both your Safe Roads Study Commission and my Highway Safety Commission, with nearly identical conclusions, which ought to be a good sign. I am pleased to endorse their joint recommendations:

1. To make a single breathalyzer test admissible when appropriate;
2. To reduce the blood alcohol standard for DWI from 0.10 to 0.08;
3. To reenact the lower 0.04 BAC level for truck and bus drivers;
4. To increase fines for DWI convictions;
5. To clarify the revocation period for provisional licensees;
6. To increase the penalty for felony death by vehicle;
7. To prohibit open containers of alcohol in passenger vehicles;
8. To make juveniles subject to implied consent laws.

Last year, the House passed legislation I had proposed to increase the license revocation of DWI from 10 days to 30. I urge you to enact this tougher provision, and to provide for revocation of the 'limited driving privilege' when its terms are violated.

In addition, I ask you to add DWI victims as beneficiaries of the Victims Compensation Fund. Because we average daily 600 DWI inmates, adding to the crowding of our prisons, I will propose that you establish one or more alcoholic treatment centers under the Department of Correction. Judges should be authorized to sentence multiple offenders to such facilities for treatment, in lieu of active prison terms. Hopefully, you will find no objection to authorizing contracts with private facilities for intensive treatment of multiple DWI offenders.

There are many facets to this DWI program. There is treatment, loss of privilege, punishment, and publicity. There is also injury, pain, and death. We must use every reasonable weapon to put a stop to it.

HEALTH:

Federal Medicaid changes will obligate an increase in the Continuation Budget of $80 million in the first year, and another $64 million in the second year, as already noted.

In order to assist local communities to build Area Mental Health Facilities, we are looking at developing a package of Mental Health Facility Revenue Bonds, which can be payed off using anticipated federal assistance payments.

Faced with declining enrollment in nursing schools, and greater need for nursing services, I will ask the Department of Public Instruction to encourage counselors and teachers to promote Nursing as a career opportunity. When the revenue picture becomes clearer, I will have other measures to recommend next year to help with this.
“Rising costs and utilization of Health Insurance for State employees continues to far outstrip available funding. For now, I am proposing yet another infusion of $40 million and $53 million, respectively, for these next two years; with a similar $4 million and $6 million for the Highway Fund. But the time has come for a reexamination of the principles of deductibles and copayments as cost restraint factors.

“I also propose again to reduce the State Abortion Fund to cover only those abortions where the pregnancy resulted from rape or incest (promptly reported), or where the mother’s life is imperiled.

OLDER ADULTS:

“Finally, funds are recommended in the Department of Human Resources for programs related to the aging, such as Alzheimer’s patients, senior centers, in-home and caregiver support services, and monitoring complaints against health care facilities. And transportation services for the elderly and handicapped.

“This Budget does not provide for all of the needs that have been documented and requested. And it is likely that you will adopt other amendments, reflecting any differences in priorities that you wish. I hope that you will agree that in one irregular year for which modest revenue growth is expected, if we cannot have the luxury of a lot more money to spend on new and expanded programs, then our challenge will be to do better with what we have. Rather than applying our energies toward starting up so many new operations, we can direct our attentions toward polishing up the existing ones and making them work better.

“ Debate and progress on many of these fiscal issues present a major challenge to this General Assembly. Continued momentum for the BEP, expanding the Career Ladder statewide, funding the Strategic Corridor Highway trust fund, relieving overcrowded prisons, consolidation of environmental agencies, stronger DWI laws and drug abuse counter-measures are a full agenda for you.

CONSTITUTIONAL BALANCE OF POWERS:

“I believe chances are good that another issue also will see consummation this year, leaving its mark on history. It is certainly my hope that this will be the year in which the North Carolina Constitution will be amended to provide for the Executive Veto.

“Just like every other state.

“Already, a number of bills have been introduced, ranging from an effective ‘line item’ veto, subject to a two-thirds vote of both houses to override; to a limited veto for striking an entire bill or nothing, subject to being overridden by a simple majority. The latter version is essentially the equivalent of a way to hold a bill for a fourth reading, and thus is largely symbolic.

“I see this as a major issue for good government, and an issue of historic dimensions. After 212 years of avoidance and denial, the
time has finally come to submit the Veto question to the people of North Carolina. We are the only state where the people have never been allowed to vote on whether the governor should have the power and responsibility of the Veto. Let there be no doubt that they are ready.

"It will not do to submit a watered down version to the people. Neither should there be any sandbagging of the issue by tying it to unpopular measures in a package so unappealing that the whole would be doomed. The people should be allowed to vote on a Real Veto, separate and apart from any other questions. The people are our ultimate authority for Constitutional and political decisions, and they should not be put in the position of having to accept something they don't want in order to win something else that they do want. If it is desired to submit other Constitutional questions to the people at the same time, they must be separate items on the ballot.

"Many ideas have been put forward of companion issues that should be taken up along with the Veto. Some want to eliminate the consecutive terms for future governors. Others want to adjust the balance of other powers between the governor and the legislative branch. I am among those who feel we need to change the way judges are selected. (The Constitution provides for partisan election of judges, but few like the judicial elections to be very partisan.) Other would bargain for extraneous matters, such as electing the governor and lieutenant governor together as one unit on the ballot.

"I will say to you that I am prepared to discuss any proposal, and will consider support of other Constitutional amendments, but will not concede on any issue prematurely in advance of knowing what will be granted in return. What I would hope for is a mechanism for discussion of any proposals that might lead to a decision to place the Veto amendment on the ballot.

"As long as it's free-standing, and alone.

"As you can see, there are a host of major challenges facing us. I offer to work with you to solve them. If we work together with all the energy and creativity we have, and personal forbearance and respect, I am confident that we can achieve many great things for North Carolina. There are so many goals before us that could make historic achievements for us.

"One is so special, that if we can overcome our differences and meet its historic challenge, you can be sure that future histories of North Carolina will name this:

"THE YEAR OF THE VETO"
STATE OF THE JUDICIARY MESSAGE
James G. Exum, Jr., Chief Justice,
Supreme Court of North Carolina
Joint Session
General Assembly of North Carolina
8 February 1989
2:30 p.m.

"President Gardner, Speaker Mavretic, President Pro Tempore Barnes, Speaker Pro Tempore Beard, Majority and Minority leaders of both the Senate and House, Senators and Representatives, my colleagues on the Supreme Court and the Court of Appeals, clerks and pages, guests, ladies and gentlemen:

"I thank you for giving me this opportunity to report personally to you and to the people of North Carolina on the state of our judiciary. This great hall has special significance to me because this is where I began my public career as a Representative from Guilford County in the 1967 Session of the General Assembly. I made a few suggestions that year about what the General Assembly ought to do, and it has taken you twenty-two years to invite me back to make a few more!

"Indeed this is a significant occasion because it is a first — a first for me and for the judicial system which I am proud to represent, a first for you, and a first for our state. I feel very much as I did when, as a young lawyer some twenty-eight years ago, I had to make my first jury speech! I have been excited about it and it has generated some excitement over in the Justice Building where I work. Our esteemed and very able messenger, Mr. Lacy Johnson, greeted me yesterday morning by saying, 'Well, Chief, I see where you are going to make one of those State of the Union speeches!' I hope this will be but the first of many of those kinds of speeches you will, from time to time, ask our Chief Justices to make.

"Let me at the outset assure you that we in the Judicial Branch are grateful for the support we have received from you in recent sessions. We are grateful for the important role the General Assembly has historically played in advancing our state's system of justice. The Administrative Office of the Courts, its directors, past and present, I and my predecessors have all enjoyed a good working relationship with you. It has been a relationship based upon mutual respect and understanding — your understanding of the judiciary's needs and ours of the limitations you face in trying to meet those needs. We will continue to do our part to see that the relationship continues, not just in the interest of the court system but for the benefit of all our people whom it serves. I believe, as I am sure you do, that the court system does not exist for the benefit of judges and lawyers, just as the legislature does not exist for the benefit of legislators. Both branches exist for the benefit of the people they serve. It is in that spirit that I appear here today at your invitation.

"More than a quarter of a century ago, after long and dedicated work by a number of leaders of the bench and bar, the General
Assembly had the courage, wisdom and foresight to meet our state’s need for a unified, state-coordinated court system. Then, when constitutional changes to restructure and reform our court system were required, the General Assembly overcame considerable opposition, met the challenge, and measured up to its responsibility. You then helped transform a plethora of different kinds of county, municipal and justice of the peace courts, in which evenhandedness and efficiency in the administration of justice statewide was virtually impossible, into the present, uniform system of district courts, which we now enjoy. At the same time, you created the Administrative Office of the Courts to administer, under the direction of the Chief Justice, the uniform statewide judicial system. You also created the Court of Appeals, which has increased the quality as well as the efficiency and effectiveness of our system of appeals. Over the years you have helped initiate and implement other related court improvements — all designed to move our state forward by providing the basic framework for the kind of courts our people need and deserve. Today our present unified court structure is recognized throughout the country as a model, which many other states have followed and still others are studying. Over the years since these important reforms, you have wisely preserved the court structure we now enjoy. I strongly urge you to continue your support for this structure.

“I am proud of the bench and the bar in this state. Our judicial system is, overall, working well; but it is not working as well as we can make it. Perhaps our healthiest characteristics are that we continually reexamine ourselves, we look for ways to improve the way we work, and we are not afraid to try new and different approaches to old problems. I will touch briefly on some of these innovations with which we are now experimenting in a moment.

“There are so many things I would like to address in detail, such as, for example, the problem of counsel fees for indigent defendants, my support for the efforts of the North Carolina Legal Services Corporation to provide our poor access to the courts, and our severe space problems both in Raleigh and in a number of county courthouses.

“I have, however, chosen to talk about only three subjects, trouble spots, if you will, which need your attention and for the resolution of which I ask your help. They are, first, the dramatic recent caseload growth in our trial divisions; second, the matter of inadequate judicial compensation; and, finally the problems inherent in our present, partisan, political method of judicial selection and retention. All three problems have potential for inflicting damage on our judicial system if they are not promptly and boldly addressed. In some respects your response to these problems that confront us today will need to be marked by the same kind of courage, wisdom and farsightedness you displayed when you restructured and modernized our judicial a quarter of a century ago.

CASELOAD GROWTH

“First, our caseload growth. Population growth, an increase in the crime rate, particularly in drug-related criminal offenses, more and better trained law enforcement officers making more arrests, a
relatively strong economy in the last six years promoting more commerce and more civil lawsuits have all led to the recent rapid increases in our courts’ workload.

"From fiscal 1984 through fiscal 1988 the total number of cases filed increased, in round figures, from 1,600,000 to 2,200,000 — an increase of 37.8 percent. During that same four-year period the number of court personnel increased by only 13 percent, from 3,559 to 4,019.

"An alarmingly rapid growth rate has occurred at both the superior and district court levels. Quite recently the growth rate in some of the more complex and time-consuming cases has been even greater than the average annual growth rate in the total caseload. For example, from fiscal 1986 to fiscal 1987, criminal felony filings rose 13.8 percent, and last fiscal year we witnessed a 8.7 percent annual rate of increase in civil filings in superior court. From fiscal 1985 through fiscal 1987 general civil cases in the district court division increased 14.7 percent.

"Annual caseloads per judge have also dramatically increased over the last four years. At the superior court level the increase has been 20.6 percent; for the district court, 35 percent; for district attorneys, 41.1 percent; and for clerks’ office employees, 20.8 percent. A 1987 national study on caseloads demonstrated that of the thirty-four states participating in the study North Carolina’s judicial system had the third heaviest caseload per judge.

"In addition to our continuing efforts to increase our efficiency, which cannot take us but so far, there are two primary responses we can make to our ever-increasing caseloads. One is to add more personnel. The second is to devise alternative methods of resolving disputes other than courtroom proceedings.

"We are acting on both fronts. Because of your help in 1987 and 1988 we have already added new district and superior court judges, deputy clerks and assistant prosecutors; but due to the financial constraints you then faced, you were unable to authorize as many of these positions as we requested.

"The need for additional personnel is even more dramatic now than it was two years ago. I urge you to authorize us to add in the next biennium six superior court judges, twenty-three district court judges, thirty-three assistant district attorneys and eighty-nine deputy clerks of superior court.

"Believe me, ladies and gentlemen, these requests for additional personnel are at bare minimum levels. Representatives of some components of the Judicial Branch have met privately with me to suggest that we are not asking for enough.

"We are not asking in this budget that you return us to the caseload per unit of personnel we carried in 1983. Rather, even with this request, we will in the immediate future be demanding more work from our personnel than we were then and are at present. Without the
additional increases in personnel we now seek our courts soon will simply not be able to perform adequately.

"I pledge to you to continue, and increase wherever possible, our efforts to improve our efficiency by making the most of the financial resources which you do provide. We have already made progress in this regard. For example, child support collections by our clerks have increased 130 percent in the last five years, from $90,000,000 to $209,000,000 annually. And the relatively new requirement enacted by you that child support cases be brought to conclusion within sixty days is now being met by our district court judges. Through automation, which you funded, we have increased the efficiency in our clerks of court offices. We calculate that to date this automation is the equivalent of adding 130 persons to our clerk's offices statewide, and we continue to add automation in the counties. As reported recently by the Civil Justice Study Committee of the Governor's Policy and Planning Board, the civil side of our state courts is presently operating well despite unusually heavy caseloads.

ALTERNATIVE DISPUTE RESOLUTION PROGRAMS

"I mentioned that we were addressing the caseload problem on two fronts. The second is alternative methods of dispute resolution.

Perhaps the most promising of these programs is mandatory, non-binding court-ordered arbitration. Thanks to the untiring leadership over a number of years of the North Carolina Bar Association, funding contributed by public and private foundations — particularly the North Carolina State Bar's Interest on Lawyers Trust Account program we have, for the last two years, under your enabling legislation, conducted pilot programs of court-ordered arbitration in three judicial districts — district 3 in the east, 14 in the piedmont, and 29 in the west. Under these programs claims for damages of $15,000 or less must be arbitrated before they can be tried. The three programs are being evaluated by the Institute of Government. The Institute's final evaluation report should be ready soon. Preliminary results indicate that the pilot programs are going to be successful by almost any measure. Litigants and lawyers seem to be satisfied with the quality of justice administered by the arbitrators. The improvement in disposition times of the cases arbitrated and the potential cost savings to litigants and the judicial system may be substantial.

"So far no state funds have been used in these pilot programs. If, however, the final evaluation confirms that they can be successful, we intend to ask you for permanent funding for the programs in at least the three pilot districts and perhaps to inaugurate the programs in other districts as well. Eventually if the programs continue to fulfill the hopes we have for them, our goal is to have state-supported, court-ordered arbitration in all our judicial districts.

"Another promising alternative with which we are experimenting in Judicial Districts 10, 26 and 28 is the summary jury trial of complex cases. Ordinarily a summary jury trial is completed within a day to a day and a half; whereas the full-bLOWn, regular trial would consume two to three weeks. So far eight cases have gone through this
procedure in the three pilot districts. All were settled after the summary jury trial proceeding without having to go to a full trial.

"Mediation is another alternative that is getting a good workout in North Carolina. We have two pilot mediation programs, authorized by you, for the resolution of child custody disputes, one in Mecklenburg County and the other in Gaston. Mediated child custody disputes have enjoyed a high degree of satisfaction among the litigants who participated in them. Mediation may be a better way to resolve contested custody cases, focusing as it does on the best interests of the child. North Carolina currently has fifteen community-based mediation centers operating across the state from Wayne County in the east to Buncombe County in the west. All but three of the programs are funded in part by the state.

"As much as these alternative methods of dispute resolution may assist the courts, this is not the most important reason for them. Their real reason for being is to provide our citizens with a variety of methods for resolving their disputes. Disputes come in all sizes, shapes and forms and involve persons in all kinds of different relationships. For some of them a full-scale jury trial or formal court proceeding is the best method — indeed, it may be the only method — to achieve proper resolution. For others, it may be arbitration, and for still others, mediation or some other alternative method. The point is that we need alternatives. We need methods of dispute resolution which are not all alike because disputes are not all alike.

JUDICIAL COMPENSATION

"Now for a word or two about judicial compensation. Since 1987 I have been trying to persuade you that judicial salaries at all levels, as well as salaries for other components of the judicial branch, are much too low. It has been, so far, a mostly unsuccessful effort on my part. I can only hope, for the sake of the judges who are relying on me to carry this ball, and for the people whom they serve, that my efforts this year will bear more fruit than they have in the past.

"Today judicial base salaries are, at all levels, several thousand dollars less than what I suggested they should be in 1987.

"A substantial upward adjustment in judicial compensation is required to enable us to continue to attract able lawyers to the bench. It is, after all, from the lawyers that we must draw our judges, prosecutors, and public defenders. I have never advocated that judicial compensation ought to be equal to that of the private, practicing bar; but the gap between the two should not become so great that, first, able lawyers cannot be attracted to the bench and, second, judges resign to return to private practice for financial reasons.

"I believe the gap now is that great, even when you consider the judges' total compensation package, including retirement, health and other benefits. Ideally a lawyer should have at least ten years experience in practice before assuming judicial responsibility at the lowest level. More experience would be desirable at higher levels. Yet an average North Carolina lawyer with ten years experience earning at
the 75th percentile and practicing alone or in firms with no more than 29 lawyers (this eliminates the high levels of compensation earned by lawyers in the so-called 'big' firms) would, to become a district court judge, take an annual cut in total compensation of $18,000. This same lawyer after practicing fifteen years would, to become a superior court judge, take an annual cut in total compensation of $21,500. After practicing twenty years, the lawyer would, to become a justice of the North Carolina Supreme Court, take an annual reduction in total compensation of $42,814.

"Differences in cash compensation between lawyers and judges are even more dramatic.

"I recognize that our longevity increases over and above base salaries improve the salary picture for those, like me, who have been around a long time. But a great number of judges, even at the appellate court level, are new to the bench and have to look a good ways into the future to see these longevity benefits.

"From 1981 through 1987 compensation of judges increased, on the average, by 5 percent each year. Over the same time period, lawyers' incomes increased, on the average, by 8.2 percent per year.

"How do we compare with neighboring, comparable states? Not well. North Carolina is the tenth largest state. It is rapidly growing and relatively prosperous. Yet the base annual salaries of our superior court judges are $11,000 to $15,000 less than their counterparts in Virginia, South Carolina, Tennessee (as of 1 January 1990), Georgia, Delaware and Maryland. Court of Appeals judges' salaries and Supreme Court Justices' salaries in North Carolina also lag behind their counterparts in these states. I have no national figures with which to compare our district court judges.

"In 1980 North Carolina ranked fourteenth in the nation in base pay for superior court judges. In 1981 we were seventeenth. In 1982, twenty-sixth. We fell as low as thirtieth in 1986. As of November, 1988, we were twenty-ninth. We were twenty-fourth at the Supreme Court level and twenty-first at the Court of Appeals level.

"In 1988 we saw the first resignation of a Court of Appeals judge for the purpose of returning to private practice and motivated largely by compensation considerations. From 1977 to 1981 we had five such resignations from the district court bench. From 1982 through 1986 we had fourteen such resignations and seven of these came in 1986 alone.

"Judges, statewide, are becoming demoralized, if not angry, over pay. We have had, it is true, no wholesale resignations from the bench in 1987 or 1988. One of the reasons, I believe, is our judges' hope that you will heed the requests I have been making during these years to grant substantial pay increases. I intend to continue to make these requests. I urge you to respond as soon as you possibly can.

"The salary increases I am now proposing would place the levels at approximately what they would be had my 1987 proposals been
adopted and regular state employee increases been accorded us in the interim. I urge you to fix the salaries of Supreme Court Justices, in round figures, at $90,000; Court of Appeals Judges at $85,000; Superior Court Judges at $80,000; and District Court Judges at $70,000. I propose salary levels for District Attorneys and Public Defenders at $75,000; Clerks of Court ranging from $40,000 to $60,000; and magistrates ranging from $18,000 to $28,000.

"These levels would, for the most part, put our base judicial salaries approximately on a par with the levels in surrounding, comparable states. They have been agreed upon and are supported by all components of the Judicial Branch. The idea of substantial increases in judicial salaries is supported by the North Carolina State Bar and, I understand, by a majority of the lawyers polled in a recent survey conducted by the North Carolina Bar Association.

"Judicial salaries that are equitable and commensurate with the responsibilities accepted and the jobs done are all that I am suggesting. Our judges are expected to and daily do make difficult decisions having profound effects on the lives, the liberties, and the properties of our people. We need, accordingly, to be able to attract successful and public spirited practitioners in order to have judges whose abilities are commensurate with their responsibilities. No amount of excellence in court organization, procedure, and staff support can compensate for the damage which can daily be done by judges whose abilities are simply not equal to the tasks they have been assigned. Like the proverbial chain, our court system is no stronger overall than its weakest judge.

"For all these reasons I urge you to grant the salary increases I have suggested.

"Let me hasten to add that all of us support the teachers and the state employees in their requests for salary increases. Until there is money in the budget for salary increases for them, we do not ask that any be appropriated for us. If, however, money can be found to give raises to teachers and state employees, then I urge you to grant us raises at the levels I have suggested.

JUDICIAL SELECTION

"Finally I come to the problem of judicial selection and retention in North Carolina.

"Let me first commend you for establishing in 1987 the Judicial Selection Study Commission to study the method of selecting and retaining judges in North Carolina and to recommend changes needed to improve the system. Since 1987 the Commission has been hard at work. It is poised to report to you shortly the results of its labors. I have been furnished a copy of a draft of the report which was adopted by a majority of the Commission on 1 February 1989. The Commission, co-chaired by Senator Winner and Representative Michaux, did its work thoroughly and well. Its report is searching, thoughtful, and well balanced. Please read it. I urge you to adopt, at least in principle, the recommendations which this Commission, your Commission, will make to you.
"Essentially the Commission is going to recommend that you propose to the people of North Carolina in the elections of 1989 a constitutional amendment which will substitute for our present, partisan political method, an appointive method for the selection and retention of judges. Ladies and gentlemen, we need this change in North Carolina now.

"Since my earliest days at the bar I have consistently advocated an appointive, rather than an elective, system for selecting and retaining judges, even as I myself at times fared somewhat better with elections than appointments.

"We have two great branches of government elected by and politically responsible to the people. The third branch, the Judiciary, should march to a different drummer. The motivating force which drives the judiciary must be principle, not politics. Courts, indeed, are in many ways anti-majoritarian institutions. They are the only institutions we have, purposely designed to protect the rights of minorities, the weak, the poor, the criminally accused, even when it is not politically popular to do so. The road to popularity, political or otherwise, is not paved with judicial decisions, however principled or right they may intrinsically be. After all, judges are always disappointing half the litigants. I have often thought that the perfect judicial opinion, at the appellate court level, would be one that convinced the losing party that he, or she, was wrong. I am confident that opinion has rarely, if ever, been written.

"We need an appointive system in order to maintain the quality, the independence, and the impartiality which we now enjoy in our courtrooms. Paradoxically, we need this change in order to preserve what has, in fact, been the method of selecting and retaining judges in North Carolina since the 'Carpetbagger' Constitution of 1868 first provided for the partisan, political election of judges.

"Practically, in North Carolina, we have always had an appointive system for the selection of judges. Almost all our judges have traditionally gotten their positions by way of initial appointment. Someone once defined a judge as a legislator who happened to know a governor. In my case that is true. As I said at the outset, I started out in this chamber as a legislator in 1967. I happened to know then Governor Dan K. Moore, who appointed me to the bench where I have been ever since.

"Having gotten their positions by appointment, our judges, until quite recently, could almost always count on remaining there. Few political challenges to sitting judges occurred.

"Today North Carolina, politically, is a far different state than it was only a decade ago. In addition to the growing political strength of the Republican Party, which has increased partisan competition for judgeships, judging has in recent years become a high visibility enterprise; and there has been an increasing tendency, not only in North Carolina, but all over the nation, to 'politicize' the judiciary. This is occurring even in states which have forms of elective systems other than partisan political elections, such as retention and nonpartisan
elections. This politicization of the courts was well–chronicled in a May 1986 article in a national magazine titled 'Justice for Sale'. The subtitle was 'After Years of Aiming Their Larger Donations at Congress and the State House, Special Interests have Discovered the Courts'. This, to me, is a chilling description. I hope it is to you. We must do all in our power to see that it never fits, or can be thought to fit, our state’s judicial system.

"One need only look to the 1988 judicial elections in Texas to see the epitome of judicial politicization. Texas, like North Carolina and only seven other states, relies on partisan, political judicial elections. Also like North Carolina the Republicans there have grown in strength at the polls. In 1988 seven Texas Supreme Court Justices, including the Chief Justice, were up for election. The contests were largely conducted along partisan, political lines and ideological, philosophical lines. The candidates for Chief Justice each spent over $2,000,000.

"The Texas judiciary has become so politicized that Texas State Representative Bruce Gibson testified before our Judicial Selection Study Commission last fall, 'If you are before a judge in Texas now, you’ve got to be worried if you are a Democrat and he is a Republican. You’ve got to be worried if your lawyer didn’t make a big enough contribution to the judge and the other side did.' Mr. Gibson, in urging us to change our system, as many in Texas are trying to change theirs, also suggested that if we do not change, North Carolina in about six years will be where Texas is now.

"Those who think what is happening in Texas will not happen in North Carolina must have been somnambulant during our 1986 judicial campaigns. What happened here then differs only in degree, not in kind, from what is happening now in Texas.

"Indeed, just last fall, several experienced trial judges at the district court level were defeated at the polls. I have, to my dismay, seen some of the newspaper advertising used to attack a sitting judge with regard to the manner in which he had handled a criminal case. It was not a pretty picture. Also last fall in another district court race, newspapers reported the two candidates spent more than $75,000.

"Unless we change our system, the future will bring more and more political contests for judicial positions in this state. The contests will be fought along partisan, political lines as well as along ideological and philosophical lines. I cannot think of anything more destructive of the independence and impartiality of our judiciary than regular judicial elections fought along these lines.

"As for impartiality, it makes no difference which side wins these kinds of elections; the impartiality of the court in the eyes of the people is damaged beyond repair.

"The Chief Justice of Texas, Tom Phillips, told me recently that he is now receiving letters from campaign supporters and contributors reminding him not only of their support but of cases they have pending in the Texas court system for which they need his assistance. Judge Phillips will, of course, ignore these letters. That is not the
point. The point is that when people see their courts as political institutions, instead of tribunals of law and justice, the judicial system has lost the ball game.

"It is fitting, at times, for politicians to become judges. But it is altogether wrong to make judges remain politicians.

"As for independence, judges must be able to decide cases free from any influence whatsoever except their perception, informed by their legal training and experience, of what law and justice require under the particular facts and circumstance of each case. This means freedom from concern about whether decisions will meet with popular favor; freedom from concern about whether the decision is in keeping with the platform of the party on whose ticket they ran; freedom from concern about whether the decision will irritate or alienate persons who made substantial contributions to the judge's campaign; freedom from concern about whether the decision will sit well with the establishment, that element of society of which judges may consider themselves a part. Judges who know they must attain or retain their offices by the process of election cannot be free from these concerns, whether or not they may ultimately be able to put them aside when they render their decisions.

"Please understand that I am not suggesting that we take politics out of the judicial selection process. I am not so naive as to think this is possible. Politics in judicial selection is like matter in the universe. It cannot be destroyed. It can only be moved around, shaped, and controlled so that it works for us and not against us. An appointive system, with the governor making the appointments and the General Assembly confirming them, such as will be recommended to you by the Judicial Selection Study Commission, puts the politics where it belongs. It puts political responsibility for judicial selection and retention squarely on the shoulders of those who are directly elected by the people and who can be held politically accountable for their judicial appointments as well as other decisions.

"Nor am I suggesting that an appointive system, or any other system, is a perfect way to select judges. No system is perfect. But I am confident that an appointive system is more likely than an elective one to safeguard those two characteristics of our judicial system, without which it cannot properly function — its impartiality and its independence.

"Finally I am not suggesting that we take away the right of the people to vote on their judges. No one but the people themselves can do this. I am suggesting that we give the people the privilege of voting on how they want their judges selected, a privilege they have not had since they voted for the Constitution of 1868, 93,086 to 74,016. It is time, ladies and gentlemen, to give modern North Carolinians, six and one-half million strong, the opportunity to vote again on this vital question. I urge you, then, to adopt the recommendations, at least in principle, of the Judicial Selection Study Commission. Let this question go forward to the people, the same people, after all, who were wise enough to send you here. I am confident they will be wise
enough to address and resolve to their satisfaction the question of how we should select and retain judges.

CLOSING

"In closing let me say that we in the Judicial Branch will continue to do the best job we can with the resources, whatever they may be, that you provide us. I am confident you are as interested as we in seeing that justice is done in our courts. I know you recognize that improvements in the administration of justice become necessary, indeed urgently needed, from time to time. I know you share our concern about the demoralization among our judges brought on by an ever-widening compensation gap between their earnings and those of the practicing bar. I know you are as interested as we in having a judiciary that is truly impartial and independent, free from political pressures and demands which an elective system, if regularly practiced, can bring to it.

"I hope you will respond, favorably, to the proposals I have discussed. I want us to have the best judicial system there is; such a system is well within our grasp. With a little extra effort on our part and with your help, we'll have it!

"Thank you very much for your attention."

Sec. 2. This resolution is effective upon adoption.

H.R. 178, A HOUSE RESOLUTION TO ESTABLISH THE PROCEDURE FOR NOMINATING AND ELECTING MEMBERS OF THE BOARD OF GOVERNORS OF THE UNIVERSITY OF NORTH CAROLINA.

Be it resolved by the House of Representatives:

Section 1. The following procedures for nominating and electing members of the Board of Governors of The University of North Carolina are adopted:

I. COMMITTEE RESPONSIBILITIES.

1. It is the duty of the Education Committee of the House of Representatives, in conjunction with the Subcommittee on The University of North Carolina, (hereinafter the "Subcommittee") to choose at least two nominees for each opening in each category of seats on the Board of Governors of The University of North Carolina to which the House of Representatives is to elect members.

2. The Subcommittee shall receive suggestions of proposed candidates for nomination for election to the University Board of Governors through February 14, 1989. Any person proposed in writing by any member of the House of Representatives to the Chairman of the Subcommittee shall be considered as a candidate for nomination by the Education Committee. Members of the House of Representatives shall ascertain that the candidates they propose for nomination are qualified to serve as members of the Board of Governors of The University of North Carolina pursuant to G.S.116-7(b), and are willing to serve if elected.

3. After February 14, 1989, the Education Committee shall meet and receive from members of the Committee formal proposals of candidates for nomination. A committee member may propose
candidates for nomination only for the categories available for election by the House of Representatives.

4. The Education Committee shall screen the proposed candidates for nomination proposed to it as to their qualifications and background and may interview each one to make sure that suitable persons are nominated for each category. The Committee shall confirm that each candidate for nomination is willing and able to serve and has no statutory disability.

5. A Representative may propose as candidates for nomination only as many persons as there are places to be filled by the House. When the proposing process is closed, the Education Committee shall list all proposed candidates for nomination by category. The Education Committee shall vote to determine whether each person proposed shall be placed on the House ballot as a "Recommended Nominee" or a "Nominee." A majority vote of the members of the Education Committee who are present and voting shall constitute one a "Recommended Nominee" or a "Nominee," as the Committee shall determine. An individual cannot be a candidate for nomination or be nominated in more than one category.

6. Education Committee nominees shall be placed before and recommended to a joint session of the House of Representatives and Senate.

II. JOINT SESSION—SELECTION OF NOMINEES.

1. The Senate and House of Representatives shall meet in joint session at 1:30 p.m. on February 28, 1989, for the purpose of nominating persons for election to the Board of Governors of The University of North Carolina. In the joint session of the Senate and House of Representatives, committee nominations shall be made first and then the floor shall be opened for the nomination by any Senator or Representative of persons for election to the Board of Governors. Nominees shall be grouped into the following categories, as required by G.S. 116–6:

   (1) Women nominees for four-year term,
   (2) Minority race nominees for four-year term,
   (3) Minority party nominees for four-year term,
   (4) At-large nominees for four-year term, Senate,
   (5) At-large nominees for four-year term, House of Representatives.

Notwithstanding any provision herein, any person may be nominated in either category 4 or 5 above so long as his name does not appear in more than one category.

2. In proposing a nominee, the nominator shall state the category for which the nominee is being proposed. An individual cannot be proposed in more than one category.
3. In the joint session, a Representative may nominate only as many persons as there are positions to be filled in each category.

4. Names shall continue to be received until the number of nominees in each category is at least twice the number of places to be filled, that is, there shall be nominated a minimum of two women, two Republicans, two racial minority members, six at-large nominees (House of Representatives) and four at-large nominees (Senate), all for four-year terms.

5. No vote shall be taken on the nominees in the joint session. When the names of all nominees have been received, the joint session shall be dissolved.

6. The Chairman of the Subcommittee shall contact the members of the General Assembly who proposed the candidates nominated for election by the House of Representatives and ascertain whether they would serve if elected. Any nominee may withdraw his name without the approval of the person who proposed his name. If withdrawals reduce the number of nominees below twice the number of places to be filled in any category, another joint session of the Senate and House shall be held to receive sufficient additional nominations in that category.

III. ELECTIONS IN THE HOUSE OF REPRESENTATIVES.

1. A list of nominees shall be prepared under the supervision of the Chairman of the Subcommittee for the information of the House of Representatives.

2. The list shall include only the names of those candidates nominated during the joint session of the Senate and House of Representatives. The list shall be composed of nominees proposed by the Education Committee who have consented to run and those nominees proposed from the floor in the joint session who have consented to run and for whom the House is entitled to vote. Their names shall be arranged (a) by category and (b) within each category, alphabetically by surname. Each person whose name appears on the list shall be thereon designated as a “Recommended Nominee” or “Nominee”, as the Education Committee shall have determined.

3. The House of Representatives shall hold its election immediately after being notified by Special Messenger that the Senate has completed its election. Before the voting begins, the Speaker of the House of Representatives shall explain the voting rules, which are:

(i) No nomination shall be received from the floor.

(ii) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting for his category.

(iii) Each member present and voting shall vote for as many nominees as there are positions to be filled in each category.
(iv) When a member for a category containing a single position is to be chosen and no nominee receives a majority of the votes cast for all the nominees in that category, a runoff shall be conducted between the person receiving the highest and the person receiving the second highest number of votes cast.

(v) When fewer than three nominees in the four-year at-large category receive the votes of a majority of all members present and voting for positions in that category, a runoff to fill the open position or positions shall be conducted among the nominees receiving the highest number of votes cast, and the number of nominees eligible to be voted on in the runoff shall be twice the number of positions to be filled.

(For the purpose of illustration, if when the first ballot is taken, no nominee receives a majority, then the top six vote-getters will be in the runoff, because there must be twice the number of persons in the runoff that there are positions to be filled and the House has three such positions to fill. If one person receives the votes of a majority of all members present and voting for that category, then he is elected and a runoff will be held among the four next highest vote-getters. This is so because there are two positions remaining to be filled and there must be twice the number of nominees in the runoff that there are positions available, therefore four.)

(vi) If there is a tie for the last position between two nominees who are eligible for the next runoff, both nominees shall be included in the next runoff, even though there would thereby be more than two nominees per available position on the Board of Governors.

(vii) When more than three nominees in the four-year at-large category receive the votes of a majority of all members present and voting for positions in that category, then the three nominees receiving the highest number of votes shall be deemed to have been chosen.

4. The members of the House of Representatives shall proceed to vote by roll-call for the following:

One person in the minority party category for a four-year term, and

Three persons in the at-large category for four-year terms.

5. The Chairman of the Subcommittee shall be responsible for canvassing the vote and declaring the results thereof.

6. When the Chairman of the Subcommittee has determined that the House of Representatives has chosen one member of the Board of Governors from the minority party category for a term of four years
and three members of the Board of Governors from the at-large category for a term of four years, the Speaker of the House shall declare those four persons to have been elected by the House of Representatives to the indicated positions and for the indicated terms.

7. The results of the election in the House of Representatives shall then be sent by Special Messenger to the Senate.

IV. NOTIFICATION OF ELECTION RESULTS.

When the election process is complete, the Chairman of the Subcommittee shall notify the Secretary of the Board of Governors of The University of North Carolina of the names of the persons elected by the House of Representatives and the category for which and term for which each of them was elected.

Sec. 2. This resolution is effective upon adoption.

Whereas, March 9, 1989, is the centennial of the founding of Pilot Mountain in Surry County; and

Whereas, the founding fathers, Virgil Boyles, Job Hiatt, Samuel Hill, John Lewis Phillip Joyce, Jesse Lowell, Daniel Marion, J. A. Stone, and J. S. Venable, are worthy of honoring and remembering as the centennial is observed by the present residents of the Town of Pilot Mountain, many of whom are direct descendants of the founding fathers;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representatives honors the memory of Virgil Boyles, Job Hiatt, Samuel Hill, John Lewis Phillip Joyce, Jesse Lowell, Daniel Marion, J. A. Stone, and J. S. Venable, the founding fathers of the Town of Pilot Mountain in Surry County for the centennial of the incorporation of the Town, which incorporation occurred on March 9, 1889. The House of Representatives also honors the Town of Pilot Mountain in Surry County on March 9, 1989, the date of its centennial.

Sec. 2. A certified copy of this resolution shall be transmitted by the Secretary of State to Wilson Smith, the mayor of the Town of Pilot Mountain, and to the commissioners, Margaret Barnes, Joe Coe, Melvin Lambe, and David Lineback.

Sec. 3. This resolution is effective upon adoption.
H.R. 1119, A BILL TO BE ENTITLED A HOUSE RESOLUTION EXPRESSING AS THE OPINION OF THE NORTH CAROLINA HOUSE OF REPRESENTATIVES THAT THE CHARACTERIZATION OF THE EMPLOYMENT RELATIONSHIP IN NORTH CAROLINA AS "MASTER AND SERVANT" IS INAPPROPRIATE.

Whereas, several legal texts, such as West Publishing Company's North Carolina Reporter and North Carolina Digest, and the Lawyers Co-operative Publishing Company's Strong's North Carolina Index, continue to catalog the employment relationship in North Carolina under the heading "master and servant"; and

Whereas, employers in North Carolina are no longer masters and employees are no longer servants; and

Whereas, this characterization finds its roots in antiquated European law, suggesting that the legal relationship between individuals is based upon their social status; and

Whereas, the characterization's use has been fading rapidly in recent years; and

Whereas, this characterization does not reflect the nature of the employment relationship in North Carolina;

Now, therefore, be it resolved by the House of Representatives:

Section 1. It is the opinion of the House of Representatives that the characterization of the employment relationship in North Carolina is not accurately reflected by the terms "master" and "servant" as is still used by several legal texts, because those terms are inappropriate for both employers and employees, and no longer ought to be used in any legal texts.

Sec. 2. This resolution is effective upon adoption.

Be it resolved by the House of Representatives:

A two-thirds (2/3) vote of the members present shall be necessary to sustain any appeal from the ruling of the Chair.

(b) When the Speaker calls a member to order, the member shall take his seat except that a member called to order may clear a matter of fact, or explain, but shall not proceed in debate so long as the decision stands. If the member appeals from the ruling of the Chair and the decision by a two-thirds (2/3) vote of the members present be in favor of the member called to order, he may proceed; if otherwise, he shall not; and if the case, in the judgment of the House, requires it, he shall be liable to censure by the House.

(b) No member shall speak more than twice on the main question, nor longer than 30 minutes for the first speech and 15 minutes for the second speech; nor shall he speak more than twice upon an amendment or motion to reconsider, commit, appeal or postpone, and then not longer than 10 minutes for the first speech and five minutes for the second speech.

(c) A member may speak only once and for not more than 20 minutes on the question of the adoption of a minority report.

(d) The House, by consent of a majority of the members present, may suspend the operation of subsections (b) and (c) of this rule during any debate on any particular question before the House.

RULE 11. Reading of Papers.—When there is a call for the reading of the text of a paper which has been presented to the House, and
there is objection to such reading, the question shall be determined by a majority vote of the members of the House present. Except for protests permitted by the Constitution, no member may have material printed in the Journal until said material has been presented to the House and the printing approved by the House, and said material shall not exceed 1,000 words.

RULE 12. General Decorum.—(a) The Speaker shall preserve order and decorum.

(b) Decency of speech shall be observed and disrespect to personalities carefully avoided.

(c) When the Speaker is putting any question, or addressing the House, no person shall speak, stand up, walk out of or cross the House, nor when a member is speaking, engage in disruptive discourse or pass between the member and the Chair.

(d) Food or beverages shall not be permitted on the floor of the House.

(e) The reading of newspapers shall not be permitted on the floor of the House while the House is in session.

(f) Smoking or the consumption of food or beverages shall not be permitted in the galleries at any time.

(g) Special recitals, performances by musicians or other groups shall not be permitted on the floor of the House and special guests of members of the House shall not be permitted on the floor of the House.

(h) Members shall observe appropriate attire, coat and tie for male members and dignified dress for female members.

III. Motions

RULE 13. Motions Generally.—(a) Every motion shall be reduced to writing, if the Speaker or any two members request it. No motion relating to a bill shall be in order which does not identify the bill by its number and short title.

(b) When a motion is made, it shall be stated by the Speaker, or, if written, it shall be handed to the Chair and read aloud by the Speaker or Clerk before debate.

(c) After a motion has been stated by the Speaker or read by the Speaker or Clerk, it shall be in the possession of the House; but it may be withdrawn before a decision or amendment, except in case of a motion to reconsider, which motion, when made by a member, shall be in possession of the House and shall not be withdrawn without leave of the House.

RULE 14. Motions, Order of Precedence.—When there are motions before the House, the order of precedence is as follows:

To adjourn
To lay on the table
To postpone indefinitely
Previous question
To reconsider
To postpone to a day certain
To re-refer
To amend an amendment
To amend
To substitute
To pass the bill

No motion to lay on the table, to postpone indefinitely, to postpone to a day certain, to commit or to make a particular amendment, being decided, shall be again allowed at the same stage of the bill or proposition.

RULE 15. Motion to Adjourn.—(a) A motion to adjourn shall be seconded before the motion is put to the vote of the House.

(b) A motion to adjourn shall be decided without debate, and shall always be in order, except when the House is voting or some member is speaking; but a motion to adjourn shall not follow a motion to adjourn until debate or some other business of the House has intervened.

RULE 16. Motion to Table.—(a) A motion to table shall be seconded before the motion is put to the vote of the House and is in order except when a motion to adjourn is before the House.

(b) A motion to table shall be decided without debate.

(c) A motion to table a bill shall constitute a motion to table the bill and all amendments thereto.

(d) When the question before the House is the adoption of an amendment to a bill or resolution, a motion to table the bill is not in order, and a motion to table an amendment applies to the amendment only, and the motion may not expressly or by implication or construction be expanded to include a motion to table the bill also.

(e) When a question has been tabled, it shall not thereafter be considered except on motion to reconsider under Rule 18, or to remove from the table approved by a two-thirds (2/3) vote.

RULE 17. Motion to Postpone Indefinitely.—A motion to postpone indefinitely is in order except when a motion to adjourn or to lay on the table is before the House. However, after one motion to postpone indefinitely has been decided, another motion to postpone indefinitely shall not be allowed at the same stage of the bill or
proposition. When a question has been postponed indefinitely, it shall not thereafter be considered except on motion to reconsider under Rule 18, or to place on the favorable calendar approved by a two-thirds (2/3) vote.

**RULE 18. Motion to Reconsider.**—(a) When a question has been decided, it is in order for any member to move for the reconsideration thereof, on the same or the succeeding legislative day; provided that if the vote by which the motion was originally decided was taken by a recorded vote, only a member of the prevailing side may move for reconsideration.

(b) A motion to reconsider shall be determined by a majority vote, except a motion to reconsider a vote upon a motion to table, a motion to postpone indefinitely, a motion to remove a bill from the unfavorable calendar, a motion that a bill be read twice on the same day, or a motion to remove from the table, which shall require a two-thirds (2/3) vote.

(c) A motion to reconsider the vote by which a person has been elected as Speaker or Speaker Pro Tempore shall not be in order. This subsection of this rule cannot be suspended.

**RULE 19. Previous Question.**—(a) The previous question may be called only by the member submitting the report on the bill or other matter under consideration, by the member introducing the bill or other matter under consideration, or by the member in charge of the measure, who shall be designated by the Chair of the standing committee reporting the same to the House at the time the bill or other matter under consideration is reported to the House or taken up for consideration.

(b) The previous question shall be as follows: "Shall the main question now be put?" When the call for the previous question has been decided in the affirmative by a majority vote of the House, the "main question" is on the passage of the bill, resolution or other matter under consideration.

(c) The call for the previous question shall preclude all motions, amendments and debate, except the motion to adjourn or motion to table or motion to postpone indefinitely made prior to the determination of the previous question.

(d) If the previous question is decided in the negative, the main question remains under debate.

**IV. Voting**

**RULE 20. Use of Electronic Voting System.**—(a) Votes on the following questions shall be taken on the electronic voting system, and the ayes and noes shall be recorded on the Journal:

(1) The passage as required by Article II, Section 23 of the Constitution of North Carolina, on second and third readings of any bill:
a. Raising money on the credit of the State,

b. Pledging the faith of the State for the payment of a debt,

c. Imposing a State tax, or

d. Authorizing a county, municipality, or other local governmental unit to

1. Raise money on its credit,

2. Pledge its faith for the payment of a debt, or

(2) All measures affecting a fee imposed by the State or any subdivision thereof.

(3) All questions on which a call for the ayes and noes under Rule 24(a) and Article II, Section 19 of the Constitution of North Carolina has been sustained.

(4) Both second and third readings of bills proposing amendment of the Constitution of North Carolina or ratifying resolutions amending the Constitution of the United States.

(b) Votes on the following questions shall be taken on the electronic voting system:

(1) Second reading of all public bills, all amendments to public bills offered after second reading, third reading if a public bill was amended after second reading or if the reading occurs on a day or days following the second reading, all conference reports on public bills, all motions to lay public bills on the table, and all motions to postpone public bills indefinitely.

(2) Upon a call for division.

(3) Any other question upon direction of the Speaker or upon motion of any member supported by one-fifth (1/5) of the members present.

(c) When the electronic voting system is used, 15 seconds shall be allowed for voting on the question before the House, unless the Chair shall direct otherwise. The system shall be set to close automatically when that time has expired. Once the system is locked, the vote shall be recorded and printed.

(d) The voting station at each member's desk in the Chamber shall be used only by the member to which the station is assigned. Under no circumstances shall any other person vote at a member's station. It is a breach of the ethical obligation of a member either to request that another person vote at the requesting member's station, or to vote at another member's station. The Speaker shall enforce this rule without exception.

(e) When the electronic voting system is used, the Speaker shall state the question and shall then state substantially the following: "All in favor vote 'aye'; all opposed vote 'no'; the Clerk will open the
vote.” In order to have the vote recorded, the member must vote by
the electronic voting system within the time allowed for that vote, un-
less the voting station assigned to a member is malfunctioning. The
Speaker shall enforce this rule without exception. After the allotted
time for voting has elapsed, the Speaker shall say: “The Clerk will
now lock the machine and record the vote.” After the machine is
locked and the vote recorded, the Speaker shall announce the vote
and declare the result.

(f) One copy of the machine printout of the vote record of all votes
taken on the electronic system shall be filed in the office of the Princi-
pal Clerk, and one copy shall be filed in the Legislative Library where
it shall be open to public inspection.

(g) When the Speaker ascertains that the electronic voting system is
inoperative before a vote is taken or while a vote is being taken on the
electronic system, he shall announce that fact to the House and any
partial electronic system voting record shall be voided. In such a
case, if the Constitution of North Carolina or the Rules of the House
require a call of the ayes and noes, the Clerk shall call the roll of the
House, and the ayes and noes shall be taken manually and shall be
recorded on the Journal. All roll call votes shall be taken alphabeti-
cally. All other votes shall be taken by voice vote. If, after a vote is
taken on the electronic system, it is discovered that a malfunction
caus ed an error in the electronic system printout, the Speaker shall
direct the Reading Clerk and the Principal Clerk to verify and correct
the printout record and so advise the House.

(h) For the purpose of identifying motions on which the vote is
taken on the electronic system, the motions are coded as follows:

1. To adjourn
2. To lay on the table
3. To postpone indefinitely
4. Previous question
5. To postpone to a day certain
6. To re-refer
7. To amend an amendment
8. To substitute
9. To reconsider
10. To concur or not concur

RULE 23. Voting by Division.—Any member may call for a division of the members upon the question before the result of the vote has been announced. Upon a division and count of the House on any question, no member away from his seat shall be counted.

RULE 24. Roll Call Vote.—(a) Before a question is put, any member may call for the ayes and noes. If the call is sustained by one-fifth (1/5) of the members present, the question shall be decided by the ayes and noes upon a roll call vote.

(b) Every member who is in the Hall of the House when the question is put shall vote upon a call of the ayes and noes, unless excused pursuant to Rule 24.1A.

RULE 24.1A. Excuse From Deliberations and Voting on a Bill.—(a) Any member shall upon request be excused from the deliberations and voting on a particular bill, but to do so must make that request after the second reading of the bill and before any motion or vote on the bill or any amendment thereto. If the reason for the request arises at some point later in the proceedings, the request may be made at that time.

(b) The member may make a brief statement of the reasons for making that request. The member may send forward to the Principal Clerk, on a form provided by the Clerk, a concise statement of the reason for the request, and the Clerk shall include this statement in the Journal.

(c) The member so excused shall not debate the bill or any amendment to the bill, vote on the bill, offer or vote on any amendment to the bill, or offer or vote on any motion concerning the bill at that reading, any subsequent reading, or any subsequent consideration of the bill.

(d) A member may request that his excuse from deliberations on a particular bill be withdrawn.
RULE 24.1B. Division of Amendments.—Any member may call for an amendment to be divided into two or more amendments to be voted on separately, and the Speaker shall determine whether the amendment admits of such a division.

RULE 25. Voting by Speaker.—In all elections the Speaker may vote. In all other instances he may exercise his right to vote, or he may reserve this right until there is a tie in which event he may vote, but in no instance may he vote twice on the same question.

V. Committees

RULE 26. Standing Committees and Permanent Subcommittees Generally.—(a) The Speaker shall appoint a Chair, or Cochairs, of every standing committee and select committee, if any. The Speaker shall have the exclusive right and authority to establish select committees, but this does not exclude the right of the House by resolution to establish select committees.

(b) All permanent subcommittees of each standing committee shall be appointed by the Speaker and the members appointed, along with the Chair of the standing committee, shall constitute the standing committee of which the permanent subcommittee is a part. The Speaker shall appoint all members and Chairs of permanent subcommittees at the beginning of the first regular session in a manner to reflect the partisan membership of the House.

The Speaker may name one or more Vice-Chair for any standing committee not having permanent standing subcommittees.

(f) Either the Chair or Acting Chair, designated by the Chair or by the Speaker, and five other members of the standing committee or permanent subcommittee, or a majority of the standing committee or permanent subcommittee, whichever is fewer, shall constitute a quorum of that standing committee or permanent subcommittee.

the floor of the House may request that a fiscal analysis be made of a
bill, resolution or an amendment to a bill or resolution which is in the
possession of the House and that a fiscal note be attached to the
measure, when in the opinion of that Chair or Vice-Chair the fiscal
effects of that measure are not apparent from the language of the
measure.

(b) The fiscal note shall be filed and attached to the bill or amend-
ment within two legislative days of the request. If it is impossible to
prepare a fiscal note within two legislative days, the Director of Fiscal

(2) Program of hospital, medical, disability or related benefits provided for teachers and State employees, funded in whole or in part by State funds; shall have attached to it at the time of its consideration by any standing committee or permanent subcommittee a brief explanatory statement or note which shall include a reliable estimate of the financial and actuarial effect of the proposed change to that retirement or pension system. The actuarial note shall be attached to the jacket of each proposed bill or resolution which is reported favorably by any standing committee or any permanent subcommittee, shall be separate therefrom, and shall be clearly designated as an actuarial note.

(b) The sponsor of the bill or resolution shall present a copy of the measure, with his request for an actuarial note, to the Fiscal Research Division which shall prepare the actuarial note as promptly as possible but not later than two weeks after the request is made unless an extension of time is agreed to by the sponsor as being necessary in the preparation of the note. The actuarial note of the Fiscal Research Division shall be prepared and signed by an actuary.

(c) The sponsor of the bill or resolution shall also present a copy of the measure to the actuary employed by the system or program affected by the measure. The provisions of this subsection may be waived by the measure's sponsor for a measure affecting local government retirement or pension plans not administered by the State or any local government program of hospital, medical, disability or related benefits for local government employees not administered by the State.

(d) The note shall be factual and shall, if possible, provide a reliable estimate of both the immediate effect and, if determinable, the long range fiscal and actuarial effect of the measure. If, after careful investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the actuarial note with regard to the merits of the measure for which the note is prepared. Technical and mechanical defects in the measure may be noted.

(e) When any permanent subcommittee or standing committee reports a measure to which an actuarial note is attached at the time of permanent subcommittee or standing committee consideration, with any amendment of such nature as would substantially affect the cost to or the revenues of any retirement or pension system, the Chair of the permanent subcommittee or standing committee reporting the measure shall obtain from the Fiscal Research Division an actuarial note of the fiscal and actuarial effect of the proposed amendment. The actuarial note shall be attached to the jacket of the measure. An amendment to any bill or resolution shall not be in order if the amendment affects the costs to or the revenues of a State-administered retirement or pension system, unless the amendment is accompanied by an actuarial note, prepared by the Fiscal Research Division, as to the actuarial effect of the amendment.

(f) The Fiscal Research Division shall make all relevant actuarial notes available to the membership of the House.

H.R. 2028, A HOUSE RESOLUTION TO HONOR THE CITY OF DUNN FOR ITS ACHIEVEMENT OF NATIONAL RECOGNITION AS “ALL AMERICA CITY”.

Whereas, the citizenry of Dunn has an unusually strong heritage of community pride; and

Whereas, the City’s religious, civic, and political leaders in their respective and various roles are charged with the task of evaluating and appraising the status quo; and

Whereas, community leaders, in their infinite wisdom, sensed a possible relapse in citizen involvement in the community and grew concerned that such a relapse would lead to the resurgence of an old enemy, citizen apathy; and

Whereas, Dunn and its people, in concert with the Chamber of Commerce and with the full support of 55 voluntary organizations and 50 churches, immediately charted a course of community improvement to enhance the quality of life; and

Whereas, the course to community improvement led to the initiation of a “Community Pride” program in 1984 which was carried out by all of the Chambers of Commerce in Harnett County, as well as the entire citizenry of the County, and which has had a highly beneficial impact on a multicounty area, to wit:

(1) A failing hospital, originally designed for 117 beds, became a “state of the art” community hospital with a wide variety of specialized medical services, 16 new physicians, and a fully-funded five-million-dollar building program, and
The home of General William C. Lee, an international military hero and "Father of the Airborne", was developed into a center of community life and tourism; and

Whereas, 36 new businesses opened in Dunn in 1988 with an additional $60,000,000 invested in industrial plant expansion resulting in the creation of approximately 1,100 new jobs; and

Whereas, a regional economic development organization was created, including a small business incubator which has already attracted six tenants; and

Whereas, the Dunn City Council voluntarily and harmoniously redrew voting district lines to facilitate fair and equal representation on the Council; and

Whereas, an application was filed with the National Civic League to enter the City of Dunn in the "All America City" competition; and

Whereas, the City of Dunn was selected as one of 30 finalists from a field of over 400 entrants to compete in the national finals held in Chicago on May 11-13, 1989; and

Whereas, City officials at the Chicago finals participated in conferences and interviews, and made a near perfect presentation to judges of the competition; and

Whereas, on May 13, 1989, the City of Dunn was named "All America City" and received this prestigious award at a banquet for award recipients;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The City of Dunn and its citizens are recognized and commended for receiving the prestigious "All America City" award for their outstanding services and efforts toward improving the quality of life of its citizens.

Sec. 2. The "All America City" award earned by the City of Dunn brings great pride to the citizens of Harnett County and all citizens of the great State of North Carolina.

Whereas, in recent years, many of the constituent institutions of The University of North Carolina, as well as many other colleges and universities of this State and of other states, have been actively participating in exchanges of students with the People's Republic of China in order to further the exchange of each culture's most enduring principles; and

Whereas, this exchange has resulted in this State's and this country's increasing awareness and understanding of the Chinese people's cultural and historical uniqueness; and

Whereas, this exchange has also resulted in the Chinese students and the Chinese people's increasing awareness and understanding of this country's cultural and historical uniqueness, specifically as manifested in the United States' enduring principles of democracy; and

Whereas, some Chinese students, acting upon these principles of democracy, engaged in peaceful demonstration in Tiananmen Square in Beijing; and

Whereas, the Chinese Government's killing of Chinese students and other civilians in retaliation against this demonstration was an unwarranted and ruthless retaliation against all democratic principles;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representatives condemns the Chinese Government's killing of Chinese students and other civilians in Beijing in retaliation against the students' peaceful demonstrations requesting moderate democratic reform.

Sec. 2. The House of Representatives requests that Congress take immediate and appropriate action to condemn this killing and to demonstrate to the Chinese Government, the Chinese people and all people, the United States' support for democratic principles in China and throughout the world.

Whereas, the City of New Bern thrived as a seaport and prospered with the coming of the railroad in 1850; and

Whereas, by the 1970s, the City of New Bern had begun to face economic hardships and other challenges; and

Whereas, the city suffered a loss of industry, tourism, and employment as a result of an interstate highway system that bypassed the city, a decline in the railroad’s importance, a loss of air service, obsolete port areas, and the mechanization of farming; and

Whereas, out-migration and suburban flight coupled with human services that were not being met also plagued the city; and

Whereas, the citizens of the City of New Bern and Craven County sought to change these conditions; and

Whereas, city and county leaders began working with the Chamber of Commerce to form nonprofit organizations with professional staff to address the city’s problems; and

Whereas, one of these nonprofit organizations, Swiss Bear, which has over 700 members today, was instrumental in a number of projects, including having oil tanks removed near the waterfront and enlisting the State and corporations to contribute funds to transform the oil storage depot into a park; and

Whereas, these nonprofit corporations, with the hard work of volunteers, have helped to renew the economic conditions of the City of New Bern and revitalize much of the downtown area, including the opening of 54 new businesses in the central business district that were once vacant stores, the addition of two new hotels, a 150 slip marina, a $185,000 farmers market, $200,000,000 in new investment, a new industrial park with five industries that have created 2,000 industrial jobs, and a countywide unemployment rate below 4%; and

Whereas, an aggressive industrial development program and an equally aggressive tourism promotion plan have helped to eliminate out-migration in Craven County and contributed towards a growth in population; and

Whereas, the New Bern Historic Foundation was formed to take on the responsibility of preserving and restoring many residential and commercial structures, many of which predated the Revolution; and

Whereas, the New Bern Historic Foundation’s efforts have resulted in the restoration of 157 residential structures and 35 commercial buildings; and

Whereas, the City of New Bern is proud to have two residential districts and an eight block area downtown placed on the National Register of Historic Places; and

Whereas, Religious Community Services, which began with 12 churches, representing different faiths and races and today has 28 churches, 500 volunteers, and five ministries, formed to address
human services, such as providing shelter and emergency services and feeding the homeless and needy; and

Whereas, with a population just over 18,000, the City of New Bern's citizens have raised millions of dollars to contribute towards improving their city; and

Whereas, volunteers, monetary donations, and community cooperation have resulted in improving the community, human services, and the economic conditions of the City of New Bern; and

Whereas, this community spirit had a direct influence in helping the City of New Bern to receive the "All America City" award; and

Whereas, the National Civic League presented the City of New Bern with the "All America City" award on May 13, 1989, at a banquet held in Chicago for award recipients;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representatives wishes to honor the City of New Bern and its citizens for receiving the National Civic League's "All America City" award on May 13, 1989.

Sec. 2. The House of Representatives wishes to extend its pride to the City of New Bern and Craven County and to its citizens for bringing national recognition to the State of North Carolina.

Sec. 3. The Principal Clerk shall transmit a certified copy of this resolution to the Mayor of the City of New Bern and to the President of the New Bern Chamber of Commerce.

Sec. 4. This resolution is effective upon adoption.

INDEPENDENCE DAY REMARKS
BY REPRESENTATIVE ALBERT S. LINEBERRY

JULY 4, 1989

FREEDOM

"What price must have been paid for it? Is it worth the price of putting our life on the line to preserve our Democracy?

"Those who have fought for this country have already answered this question for themselves. But what about the rest of us? Can we really know until we are actually put to the test?

"In 1776, the men who developed and wrote the Declaration of Independence must have asked themselves some of the same questions. A question we must ask today—What has caused a great deal of unrest within our country? To name a few—dishonesty, manipulation, murders, drugs and diseases. Also I would conclude that the rising
tide of unrest and suspicion and violence in our civilization is flawed in part from the abuse of the ideas of freedom. Freedom is not free. Speaker Mavretic made that statement in his opening remarks when accepting the Speakership of the House. Freedom never has been an absolute license for the individual to do what he pleases for at least two reasons. One is that it would be destructive to the individual. Throughout the history of civilization democracies that have followed the ideas that liberty can be perverted and a license for individuals to practice undisciplined freedom have tended to be destroyed.

"My heart breaks when I look out among people who are giving themselves to such license which simply lures them into some unfavorable situation. We find that today there is a tremendous increase in venereal disease in our country; and within major cities and throughout the country, we are having an almost epidemic proportion of the disease of AIDS. We neither have the cure nor the answer for this type of living. The millions of dollars we spend each year for research in these areas simply shows the exaggerated problem and concern we have. The ancient Roman philosopher Seneca said, 'No man is free when he becomes a slave to his flesh.' You can see that with drugs. You can see that with alcohol. This principle would also apply to the materialistic – the fastidious woman who is chained to her antique furnishings, or ceramic collection. Whenever one submits to some habit which he or she has acquired in order to demonstrate one's freedom, the threads of habit become so loosely kept they cannot be free until they are so strong they can be broken.

"Our forefathers achieved freedom the old fashioned way. They earned it. Freedom is not a cheap gift. IT IS AN ACHIEVEMENT. This is one thing that I hope you will remember. I say once again – Freedom is not a gift. It is an achievement. It is something which is earned and it belongs only to the men and women who are willing to pay the price. Freedom does not mean that a man or woman can do as he or she pleases. Freedom says to the man or woman they cannot do what they please. A person is known as free only within the discipline that he or she is not free. For example, I would like to be free to play the violin. I would love to come home at night and pick up the violin and play. It would relax me. And I also would have the opportunity to be free to sit down with the violin. But I can't play the violin because I have not practiced and practiced and practiced. There has been no sacrifice and there has been no dedication to that art. A number of our problems are because we are unwilling to pay the price to be free because we think of freedom as owed to us. 'Give me my freedom'—as opposed to something that must be achieved. And when men and women begin with that concept of freedom we end up being destroyed in our personal lives—which is the only place freedom really can be contained. And so secondly, when men and women are destroyed as persons, society cannot survive as a free culture because it takes free men and women to create their freedom. We believe that a free society gives liberty to its people. If you are born in an American bed you get to do your own thinking. If you are born in Outer Mongolia, that is different. But in America we are free. That is because we think of freedom as a gift. What we ought to know is that
any government is strictly a neutral force that derives its character from the people that man it. I have been fortunate in traveling throughout the world and I have observed that governments draw their credibility from the character of their people—and this is true throughout the world—although in many instances the character of the people is sometimes stymied by dictatorial conflict. China’s leaders today are afraid of their young people and, therefore, they line them up at gunpoint when initiatives of democracy are shown. But never in American history have men and women apparently given more indication of willingness to turn to tyranny as a solution to anarchy. Eric Fromm’s great book, *Escape from Freedom*, has the theory that every human being is free but the human personality will turn back in willful abandonment and submit to some kind of control. Maybe it is social or maybe it is economic control. Or maybe it is theological control. We limit ourselves because we prefer security. The control brings us security. And further he says so does the community of men and women, and he demonstrates his thesis by taking the life of Adolf Hitler in Germany to show how it did work. The German people voted Hitler to power because he promised to revitalize their economy and he did so. He said that he would stop the Communists in their tracks, and he did. Hitler promised to restore law and order, and the Nazi regime was characterized by law and order. And the fact of history is that the German people simply preferred the stern efficiency of totalitarianism to the nature of their own lives. Men who do not govern themselves always become governed. The only solution between the anarchist on one hand and the tyrant on the other hand is the self discipline of free men and women. It is the only solution. And if we are unwilling to discipline our own lives and produce the price of freedom in terms of discipline and responsibility, the closer we move towards anarchy and the more frustrated and insecure we become. It is a high price to pay and I am certain that we are not willing to pay the price of tyranny because we will be prepared to pay the price of personal discipline. In looking across America today, I am optimistic and encouraged as I see people projecting themselves in a way that will make a difference. Remember, ladies and gentlemen, how beautiful America is. As the song says, ‘Oh beautiful for spacious skies for amber waves of grain...’ But the last verse of that song says what I say to you today. ‘America, America, God mend thine every flaw. Confirm thy soul in self control, thy liberty in law.’ God bless America’

**DISSENT AND PROTEST TO CONFERENCE REPORT ON S.B. 43 BY REPRESENTATIVE STAM**

Mr. Speaker, Members of the House:

Pursuant to Article II Section 18 of the Constitution of North Carolina, I dissent from and protest the adoption of the conference report and submit my reasons for entry upon the House Journal. Under Section 19 I move that the yeas and nays be taken and entered upon the Journal.
The United States Supreme Court has ruled that government has no obligation to pay for abortion. (e.g. Williams vs. Zbaraz, 1980). Since 1979, the Federal Government and thirty-one (31) states have prohibited abortion funding with language much stricter than Section 68 of the House Committee Substitute for Senate Bill 43 (hereinafter House Version). North Carolina is one of only nine (9) states where the legislature voluntarily appropriates public funds for elective abortion and is the only such state in the South. Abortion industry publications list North Carolina in the “full funding” category.

The House Version was not arbitrary in either numbers or text. It came from the Recommended Budget of the Governor and was accepted by the Advisory Budget Commission. What would it have covered?

First, cases where the mother’s life was imperiled would have been covered. This is the same standard as thirty-one (31) states and the Federal Government. It does not require a last minute decision and there is an objective standard.

Second, abortions for pregnancies resulting from rape would have been covered. Forcible rape is included but what else does the term include? Some members have raised the case of pregnant nine-year-olds. I have found the statistics for the last 4 1/2 fiscal years and discovered that there have been three (3) cases of abortion provided by the State Abortion Fund for girls under the age of twelve (12). This is usually rape in the first degree (G.S. 14-27.3) and would have been covered by the House Version.

In addition abortions for pregnancies resulting from rape in the second degree (G.S. 14-27.3) would have been covered. This includes intercourse with a person who is mentally incapacitated or physically helpless and the defendant reasonably knows that. The term “mentally defective” is defined as: “mental retardation or one who suffers from mental disorder, either temporary or permanent, which renders the victim substantially incapable of comprehending the nature of the conduct, or resisting, or communicating unwillingness.” Those cases too would have been covered under the House Version.

What about incest? G.S. 14-178 and G.S. 14-179 include the relationships of grandparent and grandchild, parent and child, stepparent and stepchild, parent and adopted child, brother and sister, uncle and niece, and aunt and nephew. Abortion for pregnancies resulting from these relationships would have been covered under the House Version.

While in the 1987-88 fiscal year only $14,080 was spent on rape and incest abortions, it is possible that these categories also include some cases that may have previously fallen into other categories, such as the $1,760 spent for eight (8) abortions for the mentally retarded and some funds under the category of abortions for minors. But the $200,000 would have been more than enough to cover the language of the House version. In my opinion only $30,000 would actually have been spent per fiscal year under the House Version.
The Senate version was adopted – hook, line, and sinker – by a majority (eight out of fifteen) of the House Conferees. This version caps the fund at $425,000 each fiscal year but uses the same standards as the current year’s budget. In my opinion this means those funds will run out in December of 1989 (and again in December of 1990 for that fiscal year) and thereafter there will be no money, even for abortions in the cases of rape or incest, which some members find so compelling.

Let me explain the current funding standards which the conferees have accepted:

1. They require payment for abortion through 135 days of pregnancy. This is 19 1/4 weeks – almost five months of gestation.

2. They allow abortions for “health impairment” as determined in the sole discretion of the physician, i.e. the abortionist, selected by the woman. These are not your regular family doctors.

While the full $924,000 was spent in fiscal year 1988–89, let me give some percentage from fiscal year 1987–88 in which $802,000 was spent. $102,000 (12%) went to one clinic on the coast. Another $38,462 went to the hospital across the street where that clinic does second trimester abortions. Almost the entire fund went to high volume abortion clinics where the patient rarely speaks to the doctor.

3. What kind of health impairment qualifies? Since the Department of Human Resources is prohibited by the current budget bill (and the Senate Version) from even questioning the diagnosis, the abortionists have become fairly disingenuous about their requisitions.

In fiscal year 1987–88, 59% refused to provide anything at all specific. Of those who bothered to submit a diagnosis, by far the largest categories were for “stress”, “adjustment reactions”, “high risk”, “emotional problems”, “depression” and other similar diagnoses.

While there are a few conditions that do put the mother’s life in peril, such as an ectopic pregnancy, the national statistics would indicate that true health impairments which remotely indicate the necessity for an abortion are extremely rare. This is why Congress, ten years ago, abolished the “health impairment” category for funding. It was conducive to extreme fraud and abuse. Those pregnancies that genuinely threaten the mother’s life are covered by federal Medicaid moneys and would have been covered by the House Version.

Several Red Herrings have been raised – most notably that criminal abortions will increase. Published studies by the Center for Disease Control in its Morbidity and Mortality Weekly Reports (copies of which have been furnished to most members) show that complications do not increase from a cutoff of funds.

The Red Herring that welfare births will increase has been refuted by an article, furnished to most members, showing that in two states surveyed, prospective analysis found that welfare births actually decreased after the cutoff of abortion funding. This second Red Herring is morally offensive. Its failure to mention the positive value of these
kids (not just in economic terms) but in their intrinsic worth is troubling.

A third objection has been raised — that failure to adopt the Conference Report will result in the failure of any continuation budget. Happily the Senate has sent us another bill (SB 996) which is virtually identical to Senate Bill 43. If the Conference Report were defeated it would be the work of an afternoon to wrap all the other provisions of the House Committee Substitute for Senate Bill 43 and the Conference Report and insert a proper provision on abortion and send it to the Senate for Concurrency.

While I voted for the House Committee Substitute for SB 43 on its second and third readings I will have to vote against this conference report. It is fatally flawed, leads to the unjust deaths of many innocent children, and leads to bizarre distinctions.

Whereas, the State of North Carolina is fortunate to have the Plott Hound, which is one of only four breeds known to be of American origin; Now, therefore,

The General Assembly of North Carolina enacts:

PRAYERS OFFERED IN
THE HOUSE OF REPRESENTATIVES
1989
BY
Dr. Albert G. Edwards
House Chaplain

Wednesday, January 11, 1989

Sovereign God, we thankfully admit and affirm that Thou hast made us in Thy image, and hast equipped us for a variety of services. Once more Thou dost behold this Chamber filled with bodies, but we think this morning not so much of the bodies of these elected Representatives as we do of their heads.

Be with the "HOT-HEADS"; grant them that great gift of self-control which will prevent cutting words and careless deeds.

Be with the "HARD-HEADS"; may the tornado power of Thy Holy Spirit blow holes in their minds, through which the ideas of others may enter and also be entertained.

Be with the "SORE-HEADS"; if they receive not what they expect, keep them from sulking and whining. Help them not only to "weep with those who weep, but also to rejoice with those who rejoice."

Be with the "SOFT-HEADS"; help them to become less sentimental and more convicted.

O God, our heads may differ, but our hearts can be the same; thus enable all members of this House so to put their hearts into their work, that their work may also be in their hearts.

We pray in the Name of Him whose heart has room enough and love enough for us all. Amen.

Thursday, January 12, 1989

Almighty God, we thank Thee that in a time of change, Thou art the changeless one, for as Thy word affirms,

"With Thee there is no variation, nor shadow due to change". (James 1:17)

We thank Thee for those who led this House in past sessions, and whose ability, dedication, and determination brought sound and enduring benefits to all areas and to all citizens of our State.
We thank Thee that we live in a nation where those who seek high political office, and fail, are neither exiled nor exterminated, but are free to continue their service, albeit in changed circumstances.

We pray for those who are new to leadership. May all their rightful and worthy efforts be encouraged and supported, rather than opposed, resisted and torpedoed.

And I thank Thee, Lord, that in this time of change, I have not been, as Representative Holt said, replaced by Jim and Tammy.

In Thy strong Name, we pray. Amen.

Friday, January 13, 1989

O matchless and Almighty God, may not the unfounded and unworthy fears associated with Friday the Thirteenth prevent us from believing that since this day, like all days, is Thy gift to all people therefore Thou wouldst have us "rejoice and be glad in it". May we see that this day, and all days, are given us for Thy glory and our good and our joy. Enable us also to see that what is "good" in Thy sight is not always for our physical comfort but for our spiritual growth.

Be with those who soon may take to the highways and begin their journey home; if they exhibit good sense and sound judgment grant them a safe journey and joy at the end.

In Thy strong Name we pray. Amen.

Wednesday, January 18, 1989

Gracious God, we recall the words of the Apostle Paul:

"May we with one mind and one mouth glorify the God and Father of our Lord Jesus Christ."
(Romans 15:16)

This House, our Father, will never be "one mind and one mouth", and forbid it ever should be, for that would imply that only a few are thinking and the others are mimicking.

We do ask that You will enrich the minds of those who think, and set a guard upon the lips of those who speak; may those who dinna speak be given by Thee a zest for listening, a zeal for reasoning, and courage to stand by their convictions. Thus may the meditations of our minds, and the words of our mouths, and the casting of our votes be acceptable in Thy sight. Amen.
Gracious God, with gladness and gratitude we recall the assuring words Thou dost give us through the Prophet Isaiah:

“They who wait upon the Lord, shall renew their strength; they shall mount up with wings as eagles, they shall run and not be weary, and they shall walk and not faint.” (Isaiah 40:31)

We rejoice in this promise of the gifts of perspective, power, and persistence. May these gifts be sought by the members of this House; may their possession guide aright the work and witness of all Representatives, and may it be to Thy glory and the benefit of our State.

We pray in the Name of Jesus, whose life proved the words to be more than a promise — to be indeed a fact. Amen.

We thank Thee, God, for words and phrases which enlist our attention, and attach themselves with adhesive power to our minds.

Thus it is that we thank Thee for one who said, “use power to help people”.

This is a powerful body, Lord, and may the power that each possesses never be used to hinder and hamper the passage of that which is needed and lawful.

May each member of this House regard his or her power not as a triumph but as a trust — a trust to be used for the progress of our State and the benefit of our people.

We pray in the name of Him who is all-powerful and all-wise. Amen.

Almighty God, Thou who dost so wisely and generously and compassionately satisfy the needs of all Thy people, we have witnessed again the presentation of gavels, symbols of authority and power.

May the wielders of these gavels ever remember that the basic meaning of “authority” is, “to make able to grow”. Thus may all members of all committees be encouraged to grow in participation and expression, knowing that they will not be “pounded” into submission and silence.

We pray in the name of Him who is willing to be our Counselor today but who will be our Judge tomorrow. Amen.
Soon, our Father, the composition of all House Committees will be complete. For some there may be disappointment, and for others there will be rejoicing. But this is life, Lord, and most are old enough and experienced enough to understand that as we comprehend fairness, “life isn’t fair”.

Help all of us to be able more and more to come to terms with the tough times and to live humbly with the good times.

Above all, help us to believe and to know that whether we walk through “glens of gloom” or through “green pastures” that “the Lord is our Shepherd and we shall not want”.

We pray in the name of Him who said. “I am the good Shepherd, and I know my sheep”. Amen.

O gracious God, in whom all abiding blessings have their origin, we, in whose lives these blessings find their destination, thank Thee that when we call there is not an intermediary voice that inquires, “May I please tell Him who is calling”?

We rejoice in the direct access that we have to Thee, for we remember Your encouraging invitation, “Call upon me, and I will deliver you”. Thou knowest, Lord, that from which we need deliverance – our envy, jealousy, bitterness, littleness, maliciousness, and laziness. May we not only know we need such deliverance, but may we also seek it, and seeking it, have faith sufficient to know that by Thy grace we will experience it. Amen.

We recall, our Father, the petition of the Psalmist,

“The work of our hands, establish Thou it, O Lord”. (Psalm 90:17)

Since the members of this House work more with their minds than with their hands our Prayer is,

“The work of our minds, make it successful, O Lord”.

And we pray that what is ought by our mental effort may not be for personal gain but for the benefit of others.

Since some of us, Lord, have hands that are bigger than our minds, help us to do our utmost with what little we may have.

For Thy glory and our good, we pray. Amen.
We recall, our Father, the words of William Cowper:

"God moves in a mysterious way
His wonders to perform".

And the members of this House and their secretaries, also are on the move; members moving from one office to another, and secretaries moving their automobiles from one parking place to another. Consequently, some are glad and others mad. Help us to remember, Lord, that You never have promised to protect us from the hurts and unhappiness of life, but that You have promised to make us adequate for the trials and the testings.

Enable us to become less interested in office size and office location and creature comfort, and to become more concerned with the everyday living conditions of many in our State who live at and below the poverty level.

We pray in the Name of Him who is our Friend and Counselor today, and who will be our Judge tomorrow. Amen.

Thursday, February 9, 1989

For rain that replenishes and renews, and for sunshine which brightens and warms, we thank Thee, Lord.

We recall the epitaph on the gravemarker of Deets, the black scout, in the book, "Lonesome Dove":

"He was cheerful in all weather".

For some, our Father, the Legislative weather is fair and for others it is foul; but with Thy help, may the pleased and the displeased have it said of them that in all kinds of weather they were cheerful.

We pray in the name of Him who encourages us by His own example, and with His familiar words, "Be of good cheer". Amen.

Tuesday, February 14, 1989

Almighty God, gladly we affirm that great is Thy faithfulness, and unchanging and undiminishning is Thy love. On this Valentine's Day help us to remember that genuine love is more than emotion; it is action. Help us to remember that love is something more than a feeling; it is something we do. Frequently may we recall the words of the Apostle Paul (I Corinthians 13:1)

"Though I speak in the tongues of men
and of angels, and have not love, I
have become as a noisy gong and a clanging cymbal".

We pray in the Name of Him whose life was a constant demonstration of what love truly is. Amen.
Great God, Healer of our hurts and Increaser of our happiness, one thing that all members of this House experience within this chamber is proximity. The member with the weakest vision and the poorest condition of senses can see and sense that there is someone very near. So it is that we ask Thee to help us experience community, since proximity without community leads to selfish individualism. But we do not seek a community where all are “like-minded”, for worthy action necessitates the presence and participation of the “other-minded”. May this combination of minds – cooperative and counter – be the sources of wise decisions which will benefit the citizens of our State, and also demonstrate that the members of this House are more interested in public service than they are in individual political rating.

We pray in the Name of Thy Son, our Saviour. Amen.

Gracious God, another weekend is a memory; may it have been for all members of this House a time of blessedness and brightness and buoyancy; if not, may those who have memories that burn find anew that Thou art the healer of hurts, and the balm for woe.

As we face the days that lie ahead may it not be done in our own unaided strength and wisdom, but may they be faced and lived in the confident certainty that was expressed by the hymn writer, “The soul that on Jesus hath leaned for his strength, our Jesus will never desert to his foes”.

We pray in the name of Him whose confidence and trust never brought disappointment. Amen.

Almighty God, Thou who art Forgiver, Friend, and Critic, we thank Thee for the snow of recent days and the rain of recent hours which have returned needed moisture and mineral to the dry soil.

We thank Thee that the weather brings to our glad remembrance Thine own words delivered through the prophet Isaiah:

“As the rain and the snow descendeth from heaven, and returneth not thither, but watereth the ground that it may bring forth and sprout, giving seed to the sower and bread to the eater, so shall my word be that goeth forth from my mouth; it shall not return unto me empty, but it shall accomplish that which I purpose, and prosper in the thing for which I sent it.”

(Isaiah 55:10–11)
And as we continue to seek the counsel of Thy word, may it always be "a light to our feet and a lamp to our path". Amen.

Wednesday, February 22, 1989

We have been taught, our Father, that one way to express gratitude is to ask for more. We thanked Thee yesterday for the snow and rain of past days, but we are not now asking for more of the same.

When we think of "more of the same", help us to recall the words of the old hymn, "more of Thy saving fullness know" that we may have "more of Thy grace to others show".

Thus, our Father, may there be a stronger bonding of members and a deeper concern for the needs of the people of North Carolina. Amen.

PRAYERS OFFERED IN
THE HOUSE OF REPRESENTATIVES
1989
by
James W. McGinnis
House Chaplain

O blessed God, we thank You for health and strength, for work to do, and strength to do it; and for all persons who not only challenge and inspire us but also make our lives more desirable and enjoyable.

Cleanse our thoughts and purify our aspirations, and strengthen our wills on the side of what is right and good and against what is wrong and evil. We humbly pray. Amen.

Gracious God, we never cease to marvel at the dedication, hard work, and the accomplishments of the members of this legislative body – coming from so diverse backgrounds of opportunity, education, experience, and personal talents but united in bringing more of the better life to all the people.

Thank You for Your every blessing and help us to be as You would have us to be and to do, remembering always that You are the final authority. We humbly pray. Amen.
O God of love and compassion, You have not promised us a bed of roses in the daily discharge of our duties and responsibilities, but we have the assurance of Your presence, Your tender, loving care with us during every circumstance of life.

So, we pray that we may know Your will each day and have the courage to implement it for the benefit of our people and our personal growth in commitment.

May the obstacles and discouragements along the way be viewed as challenges, which with Your help, we will overcome with patience and perseverance. We humbly pray. Amen.

O blessed God, Creator of the universe, Sustainer of us all, the One in Whom we seek to live and move and have our being, we humbly pray for Your guidance in what we think, what we say, and what we do. Save us, we pray, from any temptation to give disproportionate time and funding to smaller concerns but to give full discussion, debate, and funding to such priorities as education, human services, commerce, law and safety, and the environment.

Let us remember each day that we are Your stewards as well as the Representatives from the Districts, and that we are responsible for what we do as well as for what we leave undone.

We express our gratitude for the many years of service of the late Honorable Ralph H. Scott, State Senator, and we express our sympathy to his loved ones.

May the signs of new life all about us in this springtime revitalize us to enrich the tradition of good government and thus bring greater joy, peace, and happiness to all the people. We humbly pray. Amen.

O Thou Who art the same yesterday, today and tomorrow, and Who provides wisdom, guidance, and strength to all who call upon You – to all who call in truth, aware of their needs, and have faith that in You all things can be accomplished (according to Your Holy Will) – give us a clearer vision not only of the wonderful people and the natural environment of our State but also the prioritization and funding of people needs and the environment.

Discerning Your will we pray for courage to speak and promote those bills which enhance the life of our citizens and protect the environment. We humbly pray. Amen.

Ever-living God, Who art the Author and Giver of law, from Whom alone all just designs and righteous judgments proceed, give unto all of
those who frame, interpret, or administer human law the counsel of Thy Holy Spirit, that they may know themselves Thy ministers. May they neither be influenced by prejudices nor may they appeal to the weaknesses of others; but that they may deal fairly and counsel wisely in all matters; to be the servants of all people, but the hirelings of none, and thus enhance the coming of the kingdom of God on earth. We humbly pray. Amen.

O God, our Creator and Sustainer, we are grateful that You are near to us. As the Psalmist said that You are near to all of us who call upon You in truth.

With one accord, blessed God, we acknowledge our need for greater wisdom, understanding, and patience; and we confess our limitations of information and expressions of kindness.

We are thankful that You can supply our every need as well as renew a right spirit within us, and so we pray for Your blessings upon these public servants. May Your will be done through each one as he or she seeks to be a faithful steward worthy of the trust of their people. We humbly pray. Amen.

O blessed God, we confess that it is difficult to recall when, if ever, we had so great concentration of rain in a few weeks. With so much rain, while the Legislature is in session, we continue to wonder if we might need to prepare for a future drought and/or consider encouraging our farmers towards greater diversification of crops and include the growing of rice and hydroponics in some of the low-lands.

Help us to interpret aright Your will for these days. We humbly pray. Amen.

Eternal God, as a consequence of the recent storm, we lift our hearts and voices in sympathy for those lives which have been taken, for those persons who have been injured, and to those who have experienced extensive damage to their homes, businesses, and other properties.

We express our gratitude for all persons who serve during disasters such as law enforcement, emergency management, the National Guard, the Red Cross, Amateur Radio Operators, and the Salvation Army.

With a heavy calendar of responsibilities, we humbly pray for guidance, wisdom, and perseverance. Amen.

Blessed God, we truly confess our limitations of wisdom, understanding and patience, and we pray that the windows of our hearts
and minds will be widely opened to the sunlight of Your truth which focuses upon serving.

Lead us to provide and support those activities and programs which enhance a better life for our people, and protect the environment in which we are privileged to live and labor. We humbly pray. Amen.

Ever-living God, unto Whom all hearts are open, all desires known, and from Whom no secrets are hid; cleanse the thoughts of our minds by flooding them with loving-kindness, compassion, and forgiveness. May the words of the poet inspire us as we continue to address the responsibilities and opportunities of the day.

Drop Thy still dews of quietness,
Till all our strivings cease;
Take from our souls the strain and stress,
And let our ordered lives confess
The beauty of Thy peace.

We, pray. Amen.

Eternal God, we never cease to marvel at the enjoyment, pleasure, and inspiration we receive from family and friends during the weekend days at home.

With many manifestations of new life – the beautiful flowers, colorful azaleas and dogwoods, and the green grass, we return to our labors renewed and determined to make those decisions that, as best we can, address the array of needs despite the availability of only limited funds.

Lead and guide us in all things. We humbly pray. Amen.

O blessed God, we give Thee thanks for all previous accomplishments, and express our ongoing need of Your guidance that we may boldly and creatively, as good stewards, pass those bills which improve and strengthen our educational system, assist those who exist in poverty, protect the environment, promote better transportation and safer highways, and improve the quality of life for all citizens.

With concerned, dedicated, and able Legislators, we face the future with confidence. We humbly pray. Amen.

O gracious God, we lift our hearts in gratitude for representative democracy which has recognized the place of a Chaplain not only in
the United States Senate and House of Representatives but also in the several state legislatures and in the several branches of the Armed forces. In more recent times industry and medical centers have made the services of a chaplain available to the workers and patients.

Together, O God, as citizens of this great State, may we walk with Thee, may we be guided by Your will, and truly all of our citizens will enjoy more of the better life. We humbly pray. Amen.

Eternal God, we continue to be blessed with a colorful and inspiring springtime. The poet Mary S. Edgar has put it in words for us:

God, Who touchest earth with beauty,
Make me lovely, too;

Keep me ever, by Thy Spirit,
Pure, and strong, and true.

Guide the deliberations of the day; and help us to have a safe return home, along with a restful and enjoyable week-end. We humbly pray. Amen.

O Thou Who art high above and yet as near as hands and feet and breathing, we thank Thee for the nurture of family, friends, and our Senior Citizens who are here today in observance of a Special Senior Citizens’ Day.

Blessed God, we are glad for the opportunity to express our deep indebtedness to our Senior Citizens, not only for what they have done for us over the years, but for what many of them are doing by staying in the mainstream of life – some continuing their life profession, many others are faithful active volunteers, and others have accepted a diversity of employment. Without a doubt our State is a much better place because of their participation and generous contributions.

O God, we are thankful for the Legislature which has been a special friend of the elderly over many years. Here we recall the development of the Senior Centers across the State, the Bill of Rights for persons in Nursing Homes, and the formation of County Councils of Volunteers (appointed by County commissioners) whose purpose is to work for better services and activities for the elderly. It is from Federal and State funds that the Division of Aging, the Councils of Governments, and the Area Agencies on Aging provide thousands of older persons a nutritious meal as well as a variety of social services which sustains and enriches their quality of life substantially.

With God’s guidance and the ongoing help of our Senior Citizens and others, this Legislature faces the future with confidence for a better life for us all. As a familiar hymn suggests, “Trust and Obey”. We humbly pray. Amen.
O blessed God, we thank Thee that daily work is intended by Thee as a blessing and not as a burden or as a punishment. We are grateful that the nail driven straight and true, the furrow well turned, the study honestly engaged, the chore faithfully completed, the day’s business properly done, all worship You in the integrity of necessary activities completed. Guide us each day and accept the dedication of our hearts and the labor of our hands. We humbly pray. Amen.

Gracious God, we thank Thee that Your people have placed so much faith and confidence in this Legislative body. Help each member to be that Representative that enhances the good life for the people, and experiences feelings of satisfaction from individual and from cooperative labors, and brings honor to Your Name.

Guide each person as he/she seeks to raise the educational level of our people since representative democratic government – we learned in school – is dependent upon an educated community composed of persons willing to run for public office, and who faithfully cast their vote during each election as a responsible citizen. We humbly pray. Amen.

O God our help in ages past, our hope for years to come. We place our trust in You with the confidence that together tomorrow will be even better than today. Truly, there is none other in Whom we can have so great assurance. Blessed God, Your ongoing guidance by each person (Representative) is essential if we are to build on and enhance the great tradition of “good government” in North Carolina and be worthy stewards of all Your blessings.

Keep us near You and lead us to think, to say, and to do those things which are pleasing to You and thereby meeting the needs of Your children, our constituents. We humbly pray. Amen.

Blessed God, Who hast given us such a wonderful Nation and State in which to live and to work and serve with so great people with diverse talents, skills, and abilities, and yet have basic common needs.

For that better life and world for which we pray and work, help us to remember that a first step in the direction of that goal of a better life is to be that better person – the example – that You would have us to be.

With Your help and our determination and perseverance, we will succeed. We humbly pray. Amen.

Blessed God, Inspirer, Hearer, and Answerer of prayer, we rejoice in the glory of this day of labor.
May our lives so manifest the love that knows no evil that our prayers shall be no mere form of words, but the expression of souls in love with Thee and intent on helping all our citizens “to be all they can be” in mind, in body, in spirit, and in service.

We pray for the great nation of China whose people are engaged in a bitter struggle for democratic freedom. We humbly pray. Amen.

Blessed God, we truly acknowledge and confess our limitations of wisdom, understanding, patience, and forgiveness, and we pray that the windows of our hearts and minds will be widely opened to the sunlight of Your truth which focuses upon “serving”...akin to the One Who came to serve and not to be served.

Lead us to provide and support those activities and programs which enhance a better life for our people, and protect the environment – the only one we have – in which we are privileged to live and labour. We humbly pray. Amen.

Gracious God, we thank Thee for all persons who give themselves to Thee in service to their fellow men and women. Give to them clear vision and true judgment as they address the needs of all ages, as You would have them do.

May we truly remember and honor those who died in war on this Memorial weekend; and help us to be safety conscious as we drive on the highways. We humbly pray. Amen.

Gracious God, we acknowledge our daily need for strength of mind, patience, understanding, and respect in all the deliberations of this honorable body. Surely, no one has a monopoly on the truth for it is in the sharing and pooling of wisdom, knowledge, and experience that we make progress in being more useful stewards and legislators worthy of the honor and trust that has been bestowed.

Let your healing power continue to be with those who are ill, and may we all be more thankful for innumerable daily blessings. We humbly pray. Amen.

Almighty God, from Whom every good prayer cometh, and Who pourest out on all who desire it the spirit of grace and supplication, send forth Thy blessings upon these legislators here convened.

In the broad areas of human services – activities and natural resources – may their leadership and stewardship be in accord with Your Holy Will.
We pray not only for ourselves but for all the persons engaged in the great “clean-up” of oil in the Valdez area and the fishermen and others who depend so much on a clean environment for their livelihood.

O God, for all those persons at the local level – paid personnel and volunteers – who implement the laws passed by this House and the Senate, we are deeply grateful. Their ongoing feedback regarding needs and priorities is encouraged and appreciated. We humbly pray. Amen.

Blessed God, Inspirer, and Hearer and Answerer of prayer, Thou Shepherd and Guardian of the people, we rejoice in the glory of this new day of labor. Safely through another week Thou hast brought us on our way, and we are thankful.

May our lives so manifest the love that knows no evil that our prayers shall be no mere form of words, but the expression of souls in love with Thee and intent on helping all our citizens “to be all they can be” in mind, body, spirit, and service.

Grant us a useful day, a safe and refreshing week-end which will strengthen and prepare us for the duties of the coming week. We pray. Amen.

Ever-living God, unto Whom all hearts are open, all desires known, and from Whom no secrets are hid; cleanse the thoughts of our minds by filling them with loving kindness, understanding, compassion, and forgiveness.

Bless we pray Thee this legislative meeting and help us to have a safe and meaningful trip to and from Fayetteville as we participate in the Bicentennial celebration of North Carolina’s signing of that great historic, monumental document – the United States Constitution.

May the words of the poet inspire us as we continue to address the responsibilities and opportunities of the day.

Drop Thy still dews of quietness,
Till all our strivings cease;
Take from our souls the strain and stress,
And let our ordered lives confess
The beauty of Thy peace.

We humbly pray. Amen.

O Sovereign Spirit of the Universe, Supreme in Power, Ineffable in Majesty, Thou Who has made us so that our hearts are restless until
they find rest in Thee, forgive what we have been, amend what we are, and fill us with gratitude that we may go forward under Your guidance to think, to say, and to do what You would have us to do as faithful stewards who have been entrusted with so much.

O God, may the vital element of compassion be abundantly present when human problems or needs are addressed. We humbly pray. Amen.

Blessed God, during this special week, we give ourselves afresh to the faith of our fathers. Give us a new vision of our State and Nation as they might be if we followed Thy leadership.

We pray that our leaders and each of us may look to Thee for guidance and wisdom, and that the citizens of our land may also seek to do Thy will.

Increase our faith, our vision, our loyalty to the principles of justice, mercy, integrity, and peace. Govern us well that we may govern in accordance with Thy will and purpose for our beloved State. We humbly pray. Amen.

Ever-present God, Who hast made Thyself known in all ages, and Who is known this day through men and women in all walks of life, as well as through the sacred writings, we lift our hearts in gratitude for all the blessings of life – opportunities for growth and development, and sharing our blessings with those in greater need.

With frightful weather so wide-spread, we express deep appreciation for the unselfish labors of our law enforcement and fire departments, those engaged in health and welfare services, and legislators who are determined to bring more of the good life to those who have experienced so little of it.

O God, guide our footsteps and our operation of vehicles, if we must drive today. We humbly pray. Amen.

Eternal God, the Creator and Sustainer of life, we thank Thee for so great abundance of blessings. And to those of us so bountifully blessed, help us to measure up to the accompanying accountability and responsibility.

O God, we acknowledge our deep indebtedness to legislators of other years, and we pray that their example of commitment, dedication, patience, perseverance, and hard work will continue to inspire this distinguished body.
We pray that all meetings and sessions may be fruitful in providing pertinent information on the subject or subjects being discussed. Though the days and nights may be long and sometimes lead to weariness, we pray that the examples of veteran legislators of other years and the privileges of this honorable office will inspire and strengthen us to make this an outstanding session of the legislature. We truly pray. Amen.

Almighty and ever-living God, the God of Abraham, Isaac, Jacob, and the Lord Jesus Christ, we lift our hearts in gratitude for this great Nation, the State of North Carolina – its people, its land, and its rivers.

Truly we are blessed with a great heritage for which many, many persons have paid a great price including their lives that we might be free from tyrants to govern ourselves under law – provide law and order within as well as protection from without. Help us to remember each day that we express our gratitude for all our blessings and heritage by the quality of lives which we live before and among our fellow men and women.

May the refreshment, nurture, and relaxation of the special weekend with family and friends, in the congregation of your choice, be a tower of strength and a source of inspiration as you discuss, compromise, recommend, and vote on bills which will not only require funding through taxes but will – we pray – protect and improve the environment and particularly make for a better life to many who seem to be trapped in ongoing poverty. They are illiterate, unskilled, unemployed, and often have large families.

Guide and protect these special Public Servants as they seek to discern Your will and to make it their will as they seek to serve all the people. We pray. Amen.

O Thou Who givest us the springtime and the flowers along with the green grass and wild onions, we thank You for our several religious faiths which have provided much of the moral and ethical foundation of our representative democracy, namely, the Judeo-Christian code as summarily contained in the Decalog – commonly known as the Ten Commandments.

Blessed God, during this special week for many believers, it can be very useful for all of us to reflect on the need to believe, to teach, and to exercise belief in a Supreme Being Who teaches us among other things ....

...to honor our father and mother
...that we should not commit murder, steal, tell lies,
...or covet another man’s wife.
Surely if these admonishings were taken more seriously by a greater number of people each day, there would be ample funds not only for the public schools, teachers' and state employees' salaries, but also the development and upkeep of the State Parks System and the building and maintenance of a first-rate transportation system.

Gracious God, help us to enhance this proven way of living for a better world by making sure that our example has fewer and fewer flaws or negatives as the years go by.

We express our gratitude for the unselfish labors of the late State and United States Representative – The Honorable Basil L. Whitener – and we extend our sympathy to his family and numerous friends. We humbly pray. Amen.

Gracious God, now in the closing days of the legislative session, we are set in the midst of so great needs for maintaining numerous programs and services and initiating others – all from limited funds – may these honorable Representatives not become weary in well doing but press onward and forward toward a better life for all citizens from the mountains to the coast.

O God, You have made each of us a new, unique creation, and we come from a variety of experiences with different abilities and backgrounds. Help us to remember during the days that we serve that it is the giving and sharing of our knowledge and understanding in the context of representative democratic government that we must carry out the duties of this high office.

Daily we anticipate the warmth of the sun and the refreshment and beauty of nature, and may we also be reassured that the Creator–God is still in control of the universe and blesses those efforts which come from a penitent, believing, and trusting heart.

In a spirit of gratitude and with great anticipation may we look forward to each day as an opportunity for public service. We pray. Amen.

Almighty God, Who hast given us this good land for our heritage; we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favor and glad to do Thy will. Bless our land with honorable industry, sound learning, and pure manners. Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought hither out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in Thy Name we entrust the authority of government, that there may be justice and peace at home, and that, through obedience to Thy law, we may show forth Thy praise among the nations of the earth.
In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in Thee to fail; all which we humbly pray. Amen.

Eternal God, in these waning days of an unusual and significant legislative session, we share the words of the Psalmist of old who said that "O Thou Who hast been our dwelling place in all generations, before the mountains were brought forth, or ever Thou hast formed the earth and the world, from everlasting to everlasting Thou Art God." Let Thy work be manifest to Thy servants, and Thy glorious power to their children. Let the favor of the Lord our God be upon us, and establish Thou the work of our hands upon us, yea, the work of our hands establish Thou it."

Guide the daily labors of these persevering legislators, and may they experience feelings of accomplishment and satisfaction from their individual and corporate efforts. We humbly pray. Amen.

Eternal and Ever-Living God, we lift our hearts in gratitude for this glad occasion of the Bicentennial Celebration of North Carolina's signing of the great United States Constitution - the document that has served us so well in the past, and now in the present, that we are confident it will surely guide us in the future.

For all the many persons who have planned and worked to make this wonderful occasion an exciting reality, we are grateful. The enthusiastic, ongoing cooperation between the City of Fayetteville, Cumberland County, 18th Airborne Corps (Fort Bragg), and Pope Air Force Base sets a high standard for other communities.

O God of our fathers, we the people dedicate ourselves anew to the faith of our fathers. Give us a new vision of our State and our Nation as they might be if we followed Thy leadership. We pray that our elected officials, our Governor, and our Legislators may look to Thee for guidance and wisdom, and that the citizens of our land may also seek to do Thy will.

Increase our faith, our vision, our loyalty to the principles of justice, mercy, integrity, and "secure the Blessings of Liberty to ourselves and our Posterity." We humbly pray. Amen.

Gracious God, as the poet John G. Whittier phrased it,

Dear Lord and Father of mankind, Forgive our feverish ways; Reclote us in our rightful mind; In purer lives Thy Service find, In deeper reverence, praise.
Drop Thy still dews of quietness, Till all our strivings cease;
Take from our souls the strain and stress,
And let our ordered lives confess
The beauty of Thy peace.

Blessed God, let us ever be mindful that the Legislature has increasing responsibilities in a great growing State not only to maintain particular services and activities but to initiate new programs essential to the well being of all ages. In your labors may you receive wisdom from the One Who knows all things, and information and guidance from personal research, associates and constituents; and may you have the courage to use a sharp pencil to support, reduce and/ or delete, and initiate laws that bring more of the better life to persons in every walk of life. We humbly pray. Amen.

Almighty and ever-living God, Who hast made the world and all the people, and Whose concern for all of creation continues twenty-four (24) hours of every day throughout the year, we thank Thee for this body of Legislators who are committed to promote peace and prosperity, law and order, and economic, spiritual and educational development and growth of all ages. In common parlance O God, this honorable body is charged with being a very significant planner, initiator, and provider of those activities, opportunities, and services “which challenge and enable” the citizens to be all they can be which are pleasing to You.

O God, many needs and concerns of our citizens are ably presented to these public servants by special skilled representatives, nevertheless, may the concern for the so-called unpopular needs like persons surviving on low-incomes, living in less than a decent dwelling, illiterate, and unemployed receive due concern as well as appropriate support.

Blessed God, Your graciousness and ongoing Leadership inspires us to be Your stewards in all our duties, and may our cooperative labours be pleasing to You and thereby bring joy to all the citizens. We pray. Amen.

Eternal God, look not only upon us but upon all persons everywhere, whose lives make for a better world; who are humble in self-estimate, who do not measure all things by the question, what is in it for me? and are ready for self-sacrifice.

Help us to be upright and trustworthy, kindly and generous, discerning and compassionate; who do not despise others nor take advantage of them nor condemn them with arrogance, but communicate blessing.

Reward them, we pray, for their goodness, let it evoke gratitude and induce imitation; let it not be obscured by failures; and grant to them,
Thy faithful servants, the benediction of Thy sure strength and support. We humbly pray. Amen.

Gracious God, we thank Thee that our state and nation have been founded on the Judeo-Christian moral code summarily contained in the Decalog which we commonly call the Ten Commandments.

Today, we see ourselves with far reaching problems like unlawful drugs, children born out of wedlock, increasing crime rates, a breakdown in school discipline, and the disappearance of the traditional family of father, mother, and children living together. These things are happening in all socio-economic groups.

We confess that we have not followed the basic moral code as we could and should have, nevertheless, we earnestly desire Your help that we may have the courage to live, faithfully, by the Ten Commandments in our personal lives and work cooperatively with other legislators to lead our state forward in a better life for all citizens. Failure to act in a positive manner will surely lead to disaster and bankruptcy – a price we cannot afford. We humbly pray. Amen.

Ever-present God, We express our gratitude for the change of pace, the relaxation, the nurture of family and friends, and the observance of another Memorial Day.

O God, it is with the assurance of Your guidance, faith in one another as well as in ourselves, that we face the responsibilities and opportunities of a challenging week with much anticipation. And we humbly pray. Amen.

Eternal God, You have made each of us a new and unique creation, and we come from a variety of experiences with different abilities and backgrounds. Help us to remember that it is the giving and sharing of our knowledge and understanding, in the context of representative democratic government, that we must fulfill the responsibilities of this high office.

In a spirit of gratitude for Your healing powers over the years, we pray that such powers will be with Sam Burrow, our Reading Clerk, and Larry Eagles, our Sergeant At Arms, and all others in need of Your healing powers. Amen.

Gracious God Who hears and answers prayer, we thank You for the safe travel to and from Fayetteville, and the pleasure of participating
in the celebration of North Carolina's signing of the Constitution. Surely, it was a memorable time, and the hundreds of boys and girls present will remember seeing their Legislature in action - particularly the children voting - long after we have passed.

O Lord, we thank You for this beautiful day - the dogwoods, the azaleas, and the new green grass - and an opportunity for our farmers to get along with their planting and kindred needs.

Guide us in all the deliberations of the day, and give us a sense of accomplishment as we work together to help our citizens be all that You want them to be. We humbly pray. Amen.

O blessed God, after a full week of long hours and numerous meetings, we lift our hearts in gratitude for the great degree of enjoyment, pleasure, and inspiration we receive from our family and friends during the week-end days at home.

Yes, we pray that it is like the old gentleman said when asked to describe how he felt after attending his congregation's worship service. He said, "I feel just like my battery has been re-charged!"

With their minds, bodies, and spirits re-charged, guide each Representative as he or she addresses the broad array of human and environmental needs of the people despite the availability of very limited funds. We humbly pray. Amen.

O Thou Who art high above and yet as near as hands and feet and breathing, we thank Thee for the nurture of family, friends, and community, and for our safe return to legislative responsibilities.

O God, we continue to pray that our sensitivities to the needs of the people will not become dormant or decrease in intensity but will be increased by our sharing in and out of committees, along with our contacts with persons in our districts and visits in the communities. We pray for Your guidance that we may give the major portion of our time and abilities to the priorities, and thereby render a greater stewardship to You as well as to those who elected us to this office of high honor and responsibility.

With deep gratitude for Your leadership and assurance of Your blessings as we serve, we face the present and future with confidence that a better life can be enjoyed by all our people, the nation, and eventually the world.

Blessed God, we confess that we have not tried all Your ways and come up wanting but we are wanting in numerous ways because we have not fully accepted Your ways. Teach us to "Trust and Obey", we humbly pray. Amen.
Blessed God, We thank You for our rich heritage of “representative democracy” and for these men and women who are committed and dedicated to bring more of the “better life” to the people in this context of government. Throughout their numerous deliberations, may the stewardship elements of “conservation” and “development” have great relevance.

We pray, O God, for strength of mind, patience, forbearance, understanding, and respect in all the deliberations of this honorable body. Surely, no individual has a monopoly on the truth for it is in the sharing and pooling of wisdom and knowledge that we make progress in being good stewards and legislators worthy of the honor and trust citizens have bestowed. We humbly pray. Amen.

Almighty and ever-living God, the God of Abraham, Issac, Jacob, and the Lord Jesus Christ, we lift our hearts in gratitude for this great State of North Carolina – its people and its land. Ours is a great heritage for which some persons made the supreme sacrifice and many others have endured great hardships because they cared for freedom, dignity, self-respect, and government by law.

O God, mindful of our heritage that “good government is a tradition and not an exception in our state”, we are confident under YOUR guidance along with the abilities, dedication, and determination of each Representative that all the people can enjoy a little more of the better life.

May the refreshment and relaxation of the week-end with family and special friends be a source of inspiration and strength as you wrestle with major issues like –

- persons existing in poverty
- improving public school education
- encouraging industry and commerce to provide jobs for the unemployed
- encouraging a stronger anti-drug program, and
- improving the highway network.

Watch over these Public Servants and their dear ones while they are separated one from another we pray in Thy name. Amen.

O God of Grace from whom cometh every good prayer, deliver us from coldness of heart and wandering of mind that with steadfast thoughts we may adore Thee and with contrite prayers we may obtain that mercy which we need.

We humbly pray. Amen.
Ever-living God, Who did give us the breath of life, and alone can keep alive in us the holy desires You impart; we beseech Thee, for Thy compassion's sake, to sanctify all our thoughts and endeavors; that we may neither begin an action without pure intention nor continue it without Thy blessing. And grant that having the eyes of the mind opened to behold things invisible and visible, we may in heart be inspired by Thy wisdom, and in work be upheld by Thy strength, and when our years term or terms of public service are completed be accepted of Thee as a faithful Legislator.

We humbly pray. Amen.

Blessed God, we have not only been aware of but are truly grateful for Your guidance, strength, and love in good times and in difficult times.

With a heavy calendar before us and desiring to do Your will which will surely bring blessings to our people from the mountains to the coast, we earnestly pray for Your guidance and wisdom, and your patience and understanding. And may we reflect our gratitude to You for such great blessings by the quality of lives we live. We humbly pray. Amen.

O Thou Who art the same yesterday, today, and tomorrow and Who provides wisdom, guidance, and strength to all who call upon You – to all who call in truth, aware of their needs, and have faith that in You all things can be accomplished according to Your Holy Will – give us a clearer vision not only of the wonderful people and the natural environment of our State but also the prioritization and funding of people needs and the environment.

Discerning Your will we pray for courage to speak and promote those bills which enhance the life of our citizens and protect the environment.

We humbly pray. Amen.

Ever-living God, Who art the Author and Giver of law, from Whom alone all just designs and righteous judgments proceed, give unto all of those who frame, interpret, or administer human law the counsel of Thy Holy Spirit, that they may know themselves Thy ministers. May they neither be influenced by prejudices nor may they appeal to the weaknesses of others; but that they may deal fairly and counsel wisely in all matters; to be the servants of all people, but the hirelings of none, and thus to enhance the coming of the Kingdom of God on earth, we humbly pray. Amen.
Ever-living God, unto Whom all hearts are open, all desires known, and from WHOM no secrets are hid: cleanse the thoughts of our minds by flooding them with loving-kindness, compassion, and forgiveness. May the words of the poet inspire us as we continue to address the responsibilities and opportunities of the day.

Drop they still dews of quietness,
Till all our strivings cease;
Take from our souls the strain and stress,
And let our ordered lives confess
The beauty of Thy peace.

We humbly pray. Amen.

O blessed God, we thank Thee that daily work is intended by Thee as a blessing and not as a burden or as a punishment. We are grateful that the nail driven straight and true, the furrow well turned, the study honestly engaged, the chore faithfully completed, the day's business properly done, all worship You in the integrity of necessary activities completed. Guide us each day and accept the dedication of our hearts and the labor of our minds and hands.

Let peace, comfort, and strength be with all persons who have experienced the loss of a loved one or who have had an illness or hospital experience. We humbly pray. Amen.

Gracious God, now in the closing days of a possible very significant and historic legislative session, we are set in the midst of so great needs for maintaining numerous programs and services and initiating others — all from limited funds — may these honorable Representatives not become weary in well doing but press onward and forward toward a better life for all citizens from the mountains to the coast. We humbly pray. Amen.

O, God, our Creator and Sustainer, we are grateful that You are near to us. As the Psalmist said that You are near to all of us who call upon You in truth. We are thankful that You can supply our every need as well as renew a right spirit within us, and so we pray for Your blessings upon these public servants. May Your will be done through each one, as he or she seeks to be a faithful steward worthy of the trust of their people. We humbly pray. Amen.

O, God, many of the citizens of North Carolina and many of the legislators may be saying with the Psalmist, "How long, O Lord, how
long?” But let us thank Thee again for the privilege that is ours of serving Thee in this place and in this time and for the assurance that Thou art with us and will guide us.

Truly, Rome was not built in a day and “good government” in North Carolina was not made in a short time but through hard work over the years we enjoy the blessings of able and dedicated public servants. Guide us in the ongoing process to bring more blessings to all the people and show our stewardship to Thee. We humbly pray. Amen.

Ever-present God who has revealed Thy self in all ages, and for whom many in this legislative body know Thou art the Way, the Truth, and the Life. Guide us in Your Way, enlighten us with the Truth, and grant us the courage and perseverance to provide and to support those measures which make for the more abundant life for all the people. We humbly pray. Amen.

Ever-living God, Who did give us the breath of life, and alone can keep alive in us the holy desires You impart; we beseech Thee, for thy compassion’s sake, to sanctify all our thoughts and endeavors; that we may neither begin an action without pure intention nor continue it without Thy blessing. And grant that having the eyes of the mind opened to behold things invisible and visible, we may in heart be inspired by Thy wisdom, and in work be upheld by Thy strength, and when the years of public service are completed be accepted of Thee as a faithful Legislator. We humbly pray. Amen.

O God of love and compassion we are reminded that You have not promised us an easy way or a bed of roses in the daily discharge of our duties and responsibilities, but we have the assurance of Your presence, Your tender, loving care with us during every circumstance of life.

So, we pray that we may know Your will each day and have the courage to implement it – the hard decisions often made with a sharp pencil in budget matters – for the benefit of our people and our personal growth in stewardship to You.

May the obstacles and discouragements along the way be viewed as challenges, which with Your help, we will overcome with patience and perseverance. We humbly pray. Amen.

Almighty and ever-living God, Who hast made the world and all the people, and Whose concern for all of creation continues twenty-four
(24) hours of every day throughout the year, we thank Thee for this body of Legislators who are committed to promote peace and prosperity, law and order, and economic, spiritual, and educational development and growth of all ages. In common parlance O God, this honorable body is charged with being a very significant planner, initiator, and provider of those activities, opportunities, and services “which challenge and enable” the citizens to be all they can be which are pleasing to You. We humbly pray. Amen.

O God of us all, we recall that to whom much is given of these shall much be required.

Help us, gracious God, to use whatsoever blessings You have given to us in our commitment to be Your faithful stewards and thereby make possible more of the better life for Your people and our constituents. We humbly pray. Amen.

Almighty God, who hast given us this good land for our heritage; We humbly beseech Thee that we may always prove ourselves a people mindful of thy favor and glad to do Thy will. Bless our land with honorable industry, sound learning, and pure manners. Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought hither out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in Thy Name we entrust the authority of government, that there may be justice and peace at home, and that, through obedience to Thy law, we may show forth thy praise among the nations of the earth.

In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in Thee to fail; all for which we humbly pray. Amen.

Eternal God, Thou Who art the same, yesterday, today, and always, we give Thee thanks that this honorable body is united in the goal to assist each person to attain his or her highest potential.

O God, You have not promised us a bed of roses or that all of our paths would be paved and free of pot-holes, but You have promised to be with us to share any disappointments, hardships, or road blocks as we seek to discern Your will for our actions and the courage and perseverance to follow through. We humbly pray. Amen.
Gracious God, we never cease to marvel at the perseverance, hard work, and long hours of labor which typify these public servants. Each Representative, we trust, has the good feeling that he or she has participated in legislation that has the potential to bring more of the better life to their constituents. May the months before the short session provide opportunities for these legislators to discuss passed and defeated motions and return refreshed to carve out other laws and amendments which also address people and environmental needs.

O God, we acknowledge the unselfish, dedicated, and efficient labors of the staff and all support personnel who help make “good government” a custom and a tradition in North Carolina. Without their innumerable services and faithfulness, this historic session would have been severely handicapped.

Guide us in all things, and forgive us when we error, and accept our thanks for being a part of this honorable body. We humbly pray. Amen.
INDEX GUIDE

Following each bill title, the last action or present status of said bill is indicated. For example, a bill ratified will be followed by its chapter number in the Session Laws. If the bill remains in committee, the name of the committee is so noted. If the bill has passed the House and been sent to the Senate, this is indicated by the word “Senate”. If a bill has an identical Senate or House bill, that identical bill number appears in parentheses preceded by “H” or “S”.

All bills dealing with funds are indexed under Appropriations Public and Appropriations Local. All local non-appropriation bills are indexed under individual counties.
