On motion of Representative Payne, the permanent Rules of the 1989 Regular Session of the House of Representatives are adopted as permanent Rules of the 1989 Extra Session.

The Reading Clerk reads the following Proclamation by the Governor:
PROCLAMATION BY THE GOVERNOR

"In Chapter 168 of the 1989 Session Laws, the General Assembly of North Carolina made legislative findings including (i) that the safe management of hazardous waste, and particularly the timely establishment of adequate facilities for the treatment and disposal of hazardous waste, is one of the most urgent problems facing North Carolina, (ii) that safe management of hazardous waste is essential to protect public health and safety and the environment and to continued economic growth, and (iii) that the most practical approach to hazardous waste management, including compliance with the CERCLA/SARA capacity assurance requirements, is through a regional approach.

"To the end that a regional approach to hazardous waste management could be accomplished, Chapter 168 of the 1989 Session Laws authorized me, as Governor, to enter into interstate agreements approved by the General Assembly for the management of hazardous waste.

"After the enactment of Chapter 168 of the 1989 Session Laws, negotiations were conducted among representatives of the States of Alabama, Georgia, Florida, Kentucky, Mississippi, South Carolina, Tennessee and North Carolina in an effort to reach an interstate agreement for the management of hazardous waste. As a result of those negotiations, Alabama, Kentucky, South Carolina and Tennessee have entered into such an interstate agreement. Further negotiations with those four states have now resulted in agreed terms for North Carolina to become party to the interstate agreement with Alabama, Kentucky, South Carolina and Tennessee.

"I find that this agreement is consistent with the requirements of Chapter 168 of the 1989 Session Laws, would meet the needs of North Carolina for hazardous waste treatment and disposal, and achieve compliance with the CERCLA/SARA capacity assurance requirements. I recommend the agreement to the General Assembly. That being so, it is appropriate that I present the agreement to the General Assembly for its approval, as required by Chapter 168 of the 1989 Session Laws and that an extra session of the General Assembly be convened for that purpose.

"As required by Article III, Section 5(7) of the Constitution, I have sought and received the advice of the Council of State concerning the necessity for an interstate agreement and the requirements of Chapter 168 of the 1989 Session Laws and received from them their advice that immediate approval of such an interstate agreement by the General Assembly is in order and that it is appropriate for the General Assembly to be convened into extra session as provided in Article III, Section 5(7) of the Constitution for that purpose. I have also discussed the matter with the Lieutenant Governor, the President Pro Tempore of the Senate and the Speaker of the House of Representatives. They are of the same view.

"ACCORDINGLY, pursuant to the authority granted to me by Article III, Section 5(7) of the Constitution of North Carolina, I find that the circumstances stated above constitute an 'extraordinary occasion'
within the meaning of Article III, Section 5(7) and PROCLAIM that the General Assembly is hereby convened in extra session for the purpose of approving the interstate agreement for the management of hazardous waste.

"This extra session shall begin December 7, 1989, at 12:00 noon, and shall continue as provided by law and the respective rules of the Senate and House of Representatives until both houses shall have adjourned such special session sine die.

"Done at Lake Norman, Iredell County, North Carolina, this 24th day of November, 1989."

S/James G. Martin
Governor

THE RECEIVING OF PETITIONS, MEMORIALS AND PAPERS ADDRESSED TO THE GENERAL ASSEMBLY OR TO THE HOUSE

Upon motion of Representative Rhyne the following message from the Governor of North Carolina is presented and ordered spread upon the Journal:

MESSAGE TO THE GENERAL ASSEMBLY FROM THE GOVERNOR OF NORTH CAROLINA

"I have requested your return to Raleigh today in order to consider a matter which requires prompt legislative action.

"For the past six months, representatives of North Carolina have negotiated in good faith with various other states, primarily seven southeastern states comprising EPA Region IV, in an effort to reach an interstate agreement for the management of hazardous waste on a regional basis. Initial efforts to reach an agreement including all states in EPA Region IV broke down when South Carolina, Alabama, Kentucky and Tennessee elected to enter into an agreement among themselves. That agreement however, left open the possibility of subsequent joinder by other states in EPA Region IV. Over the past month, I have had further negotiations with those four states resulting in the agreement before you today providing for North Carolina to join with the states of Alabama, South Carolina, Tennessee and Kentucky for management of hazardous waste on a regional basis.

"The agreement will share the burden of hazardous waste treatment and disposal on an equitable basis and relieve North Carolina of the necessity of providing comprehensive facilities for all forms of treatment and disposal within our own borders.

"I find that the agreement meets this state's needs for hazardous waste treatment and disposal, is consistent with the legislative intent of Chapter 168 of the 1989 Session Laws, and puts North Carolina in compliance with CERCLA/SARA capacity assurance requirements as
outlined in Public Law 99-499. As a consequence, North Carolina achieves assured access to hazardous waste management facilities located in the other party states and firmly establishes its eligibility to receive superfund payments in the amount of $23.4 million for which the state has already otherwise qualified, as well as future superfund allocations for clean up of other hazardous waste sites.

“Therefore, on behalf of the State of North Carolina and consistent with law, I have entered into the interstate agreement with the states of Alabama, Kentucky, South Carolina and Tennessee. I commend the agreement to your careful consideration in this extra session and urge its approval in order that it may become effective without delay.”

S/James G. Martin
Governor

Pursuant to a call of his Excellency, Governor James G. Martin, hereinafter recorded, the House of Representatives of the General Assembly of North Carolina convenes in its Hall in Extra Session, at the hour of twelve o’clock noon, Tuesday, March 6, 1990 and is called to order by Speaker Mavretic.

Prayer is offered by the Reverend James W. McGinnis, House Chaplain.

QUORUM CALL

Leaves of absence are granted Representatives Ligon and Rogers for today.

The Speaker declares a quorum present.

On motion of Representative Payne, the permanent Rules of the 1989 Regular Session of the House of Representatives are adopted as permanent Rules of the 1990 Extra Session.

The Reading Clerk reads the following Proclamation by the Governor:
PROCLAMATION BY THE GOVERNOR

"The Department of Correction has faced and continues to face a crisis in the management of the inmate population of the State's prisons as a result of prison overcrowding and lawsuits incident thereto.

"In 1987, the General Assembly responded to the crisis by, among other things, enacting the Emergency Prison Population Stabilization Act. A salient feature of the Act was the imposition of an inmate population 'cap' and a requirement that when the 'cap' is violated it becomes mandatory that inmates be paroled in sufficient numbers to bring the prison population below that figure.

"Initially, the Act's 'cap' provisions worked well. Each time the 'cap' was violated the Parole Commission identified inmates it felt could be safely paroled and the inmate population was reduced below the maximum. But as prison admissions continued to increase and the pool of inmates found by the Parole Commission to be suitable for parole shrank, overcrowding again reached crisis proportions. In early 1989 and as a result of a special message to the General Assembly, the 'cap trigger' was raised.

"Notwithstanding the best efforts of all concerned, prison admissions have continued to rise and the Department of Correction again is faced with there being more inmates admitted than the prison system can handle. Worse, not only is the inmate population 'cap' being repeatedly exceeded, but to meet the requirements of the 'cap' law the Parole Commission is having to parole inmates that it otherwise would not consider for parole. Circumstances again have reached the point that the inmate population 'cap' must be raised or else inmates may be released from prison on parole who, in the opinion of the Parole Commission, should continue to be confined. The imminent availability of newly constructed prison facilities now makes it appropriate to raise this 'cap'.

"I have sought and received the advice of the Council of State that the circumstances facing the Department of Correction constitutes an extraordinary occasion within the meaning of Article III, §5(7) of the Constitution, that immediate action by the General Assembly is required and the the General Assembly should be convened into extra session to address the matter. I have also discussed the circumstances with the Lt. Governor, the President Pro Tempore of the Senate and the Speaker of the North Carolina House of Representatives. They are of the same view.

ACCORDINGLY, pursuant to the authority granted to me by Article III, §5(7) of the Constitution of North Carolina, I find that the circumstances facing the Department of Correction constitute an extraordinary occasion within the meaning of Article III, §5(7) of the Constitution of North Carolina and PROCLAIM that the General Assembly is hereby convened in extra session for the purpose of considering legislation to raise the inmate population 'cap' for the State's prison system and take such other action incident thereto as is deemed appropriate.
This extra session shall begin March 6, 1990, at 12:00 noon, and shall continue as provided by law and the rules of each House until both Houses shall have adjourned sine die.

Done in Raleigh, North Carolina, this 28th day of February, 1990."

S/James G. Martin
Governor

The Speaker announces that standing and select committees for the 1989 Regular Session remain in effect for the 1990 Extra Session.

APPENDIX
SECOND EXTRA SESSION 1990
PRAYER OFFERED IN
THE HOUSE OF REPRESENTATIVES
EXTRA SESSION 1990
by
James W. McGinnis
House Chaplain

March 6, 1990

Gracious God, we thank You for these public servants who have put aside, momentarily, their personal affairs and are here in response to the urgent need to address the problem: "How shall we care for the increasing number of persons in the prison system?"

When we return home, on a personal basis let us not forget to strengthen those programs, activities, services, and institutions like the church and synagogue which are so helpful in keeping many of us from traveling on the road to lawlessness and eventually incarceration.

With the abundance of wisdom and experience in the House and Senate, by Your grace we are confident that a consensus can be reached after due and proper debate.

In the matter before us, as well as in all things, guide us by Your Spirit, Your Understanding, Your Forgiveness, and Your Love. We humbly pray. Amen.

REMARKS OF REPRESENTATIVE NARVEL JIM CRAWFORD TO THE NORTH CAROLINA HOUSE OF REPRESENTATIVES JULY 3, 1990

“Mr. Speaker, Ladies and Gentlemen of the House!

“Ever so often there comes a day and a moment when we need to pause, to reflect, to ruminate, and to give thanksgiving. Today is such a day, and this is such a moment.

“For today marks the anniversary of the natal day of one of the most beloved members of this extended family. For his longevity in this Body, spanning two decades and more, is second only to former Speaker Ramsey. It is, however, not so much the length as the quality of the tenure which commands our admiration. For whether on his daily rounds here among us or in his beloved bailiwick of Black Mountain – his deeds read like a stellar litany of selfless service.

“I think perhaps that the poet had Gordon in mind when he penned those wonderful words:

‘Lives of great men all remind us
we can make our lives sublime
and departing leave behind us
footprints in the sands of time.’
“Gordon Greenwood is leaving footprints wherever he goes – footprints which enable us, ennoble us, enlighten us, and enlarge us every day of our lives.

“Please join me in wishing my seatmate and your friend, Gordon Greenwood, a happy birthday!”

SENATE CHAMBER
July 28, 1990

Mr. Speaker:

It is ordered that a message be sent to the House of Representatives with the information that the business of the Senate of the 1989 General Assembly has been completed and that that Body will be ready to open the doors of the Senate immediately upon receipt of a message from your Honorable Body that you are ready to open the doors of the House of Representatives to the end that the gavels may fall simultaneously and adjournment declared sine die.

Respectfully,
S/ Sylvia M. Fink
Principal Clerk

The hour having arrived for adjournment, as set by H.J.R. 2412, the House Sergeant-at-Arms is ordered to open the doors.

The doors of the Senate are opened and the President stands ready to let the gavel fall. The Speaker sounds the gavel and declares the House of Representatives of the 1989-1990 Session of the General Assembly of North Carolina adjourned sine die.

Grace A. Collins
Principal Clerk
ADDENDUM

It will be noted that a number of bills and resolutions passed second reading and then were read a third time on the same day.

Rule 41(b) states:

No bill shall be read more than once in the same day without the concurrence of two-thirds (2/3) of the members present and voting.

In order to comply with this Rule, no bill which has passed its second reading is read a third time except:

(1) When a member moves that the Rule be suspended, and this motion carries by at least a two-thirds vote of the members present.

(2) When the Chair determines that there is no objection from any member present. This constitutes unanimous consent of those members present that Rule 41(b) be suspended.

In these cases, the bill is read a third time.

Grace A. Collins
Principal Clerk

REMARKS BY GOVERNOR JIM MARTIN
1990 MESSAGE TO THE JOINT SESSION
NORTH CAROLINA GENERAL ASSEMBLY
THURSDAY, JUNE 21, 1990  2:15 P.M.

"Lieutenant Governor Gardner, Speaker Mavretic, Members of the North Carolina General Assembly.

"I am here at your kind invitation, to present a message regarding the condition of the State budget, along with my recommendations. It is highly unusual for a governor to make such an address, but you have recognized the highly unusual circumstances of the historic challenge we face. Even with a $400 million increase in State revenue this year, it is not enough to fund almost a billion dollars in new appropriations; so we must face the difficult task of amending this year's budget and the one for the second year of the biennium, which begins on July 1st. Furthermore, we must face the consequences of the impact of our decisions, past and present, on future years.

"I believe it will help to focus attention on what I am going to say if I first tell you what my conclusions are, and then you can keep that in mind as I review the basis for my recommendations. That way, you will not be wondering where each argument is headed. You can relate it to the conclusion that you will know is coming. Since everyone has a personal opinion on how to solve the problems, and since there is considerable disagreement on what to do, it is likely that what I propose will contain some disappointment for everyone.

"I only ask you not to judge the specific proposals until you hear my reasons for them.

"Because I am convinced that both measures are necessary and unavoidable, I am proposing both a tax increase and major cuts in spending. A one cent sales tax increase, effective in July, 1991, is unavoidable, as I will show you. And without real cuts in spending, of 3 percent as the Senate has adopted, even greater tax increases would be needed. Therefore, I propose to you a sales tax increase for the next biennium; and, for the coming fiscal year 1990-1991, enactment of something equivalent to the Senate bill, which requires no new taxes for now.

"Ever since the adoption of the budget last August, on the advice of my Budget Office, I have taken executive actions to restrain spending, at first by a modified freeze on vacant, non-critical positions, beginning with all departments except public schools and community colleges. Then, as revenue collections progressively weakened, I took steps to progressively tighten down on spending, with the cooperation of everyone, except some few public school leaders, who reacted instead by trying to generate firm resistance against any economy measures for school administrators.

"Article III, Section 5, Subsection (3) of the North Carolina Constitution obligates me to maintain a balanced budget, with language that defines balance in terms of cash accounting. Regardless of how the problem occurred, and regardless of who was at fault, here was my obligation. It directs me as follows:
'To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures...whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures.'

"And that's what I have done. The constitution does not obligate me to clean up only my own mess, but to take action regardless of the cause whenever expenditures are likely to exceed combined receipts and the balance carried over from the prior budget period.

"There were not attractive options; only unattractive ones from which to choose. There were no permanent solutions which I was authorized to take; only temporary halts to spending authority. There were not many suggestions, frankly; but to those of you who commiserated, and encouraged me to do what I had to do to cut spending $550 million, I offer my thanks.

"On May 10, I had presented to the Advisory budget commission a plan for spending reductions for this fiscal year (which ends this month) as well as for fiscal 1990-1991. That plan was based on consensus revenue estimates, showing that this year's revenues would be $550 million below the amount budgeted, while next year's would be $336 million lower than adopted last August for fiscal 1990-91.

"I am pleased to note that in your work you have retained the concept of consensus revenue estimates.

"Since that time, I and all our department heads have been working with you to achieve three objectives:

1) to ensure that actual current expenditures not exceed the combined receipts and carry-over from last year, which cash balance is required by the State Constitution;

2) to pass H.B. 2377 to balance the financial statement for this fiscal year, including accrued liabilities (this being one of the key factors on which preservation of our AAA credit rating might depend);

3) to amend line-item appropriations levels for next year, not to exceed the consensus revenue estimates now expected for fiscal 1990-91, and to accommodate new spending for education, health and corrections.

"A great deal of legislative work has gone into meeting this challenge, but there is not agreement yet as to the final form and content of the budget changes. Some insist firmly that the budget be balanced entirely by means of spending cuts, with no tax increase of any kind; while others insist that a major tax increase be a large part of the preferred solution. While both positions are courageous, because there's a political risk both in cutting popular programs and in raising taxes, there is not yet a majority to go either way, and we're running out of time. It is very important that an amended budget be enacted by June 30, or soon thereafter. In order to help move this process along to conclusion, I have decided to throw my support behind the bill which has just passed the Senate. Let me tell you why.
“When officials from Standard and Poor's and Moody's credit rating offices visited Raleigh earlier this month to review our budget situation, that highlighted the critical nature of our challenge. Both indicated that they were less concerned about the size of the revenue shortfall in North Carolina, or how it got there. That is a very important point: those considerations have not cost us our lofty credit rating. What concerns them is whether we have the will and the cooperative spirit to fix it.

“While Moody's has since advised us that they expect our budget problems to be resolved, and that they would continue our triple-A rating until their review of our legislative action is completed, Standard and Poor's has placed our State on its CreditWatch list. This gives formal 90-day notice to the bond markets of their concerns.

“It cannot be overemphasized how serious this it. On average, of all the organizations which have been placed on CreditWatch, 90 percent of them have been downgraded. Meanwhile, a deep re-examination of major financial institutions is underway. Of the 25 largest banks in America, 14 have been recently downgraded, some by two or more notches.

“In subsequent telephone conversations with officials from Standard and Poor's, I have been assured that once they are satisfied that we have adopted 'permanent' solutions to the budget, we can be taken off of the CreditWatch list just as swiftly as we were put on. The factor that I must emphasize...because their emphasis of it was so firm and clear, is that our budget solutions must be permanent.

“Whatever the choices we make to achieve a re-balanced budget for fiscal 1990-91, whether spending cuts, or tax increases, or some combination of both, they must not rely on one-time measures.

“They have declined to write a prescription of how we solve the problem. Rightly so, I think, for they should not substitute their views for yours in setting goals and policies, other than to evaluate whether the budget and its process are fiscally sound. They will not give us a prior written approval of selected features which might be incorporated into an approved budget, since those features in an otherwise defective budget would not save our credit rating. They expect the General Assembly to decide on policies needed to strengthen North Carolina's economic vitality, to decide how much we can afford to spend, and then to match up the two in a permanent way.

“Neither will they get specific in advance with what will be acceptable on our present timetables for the Basic Education Plan, the network of 4-lane highways in the Highway Trust Fund, or Senate Bill 2, the educational reform placing greater control and accountability with local schools. Their position is that legislative judgment must prevail as to what our goals are to be, including schedules for completion. They will not decide those goals for us, but will judge us on whether our funding is realistic.

“If we have set too many expensive goals for the available revenue flow, then they expect us either to raise taxes to pay for them, or realign our timetable more in keeping with reality.
"I and my financial advisors interpret that to mean that once a long-
term commitment was made to boost State funding of local schools by
$800 million over and above adjustments for inflation, it is our responsi-
bility to review that from time to time, to adjust the timetable if neces-
sary, and to revise the detailed formulas as desired; but that it would be a
sign of weak character and commitment if we abandon such a goal en-
tirely under stress. School improvements are vital to the economic future
of any state, and our determination to reach our goals on a realistic
schedule will reflect our worthiness for the highest, most pristine credit
rating.

"Consider with me what features are needed to achieve the status of
being 'permanent' solutions. First, the budget must be balanced not only
on a cash basis, as required by our Constitution, but must be balanced
with including any accrued liabilities. One timely example to illustrate
this distinction is the decision I have announced to delay this month's
paycheck from the last working day of June to the first working day of
July, which is the next fiscal year. That does have the effect of reducing
cash outlays in this current fiscal year by $170 million, which helps to
meet the cash accounting standard of the Constitution. It does not, how-
ever, balance our financial statement, because the $170 million in re-
duced spending in this fiscal year is matched by a $170 million increase
in the accrued liability (namely, the liability to meet that payroll on July 1,
in the next fiscal year).

"Delaying the June payday until July does not effect the financial state-
ment at all, on balance. It does not hurt it or help it. By itself, the
delayed payday does not affect our credit rating, just as long as we also
make changes that will balance the financial statement. Only the General
Assembly can make those changes. The change which I have made will
not help correct the financial statement, but was intended solely to meet
the Constitutional requirement that 'total expenditures...not exceed the
total of receipts...and the surplus remaining in the State Treasury at the
beginning of the period.' Remember that we have that obligation regard-
less of whether we can also balance the financial statement including ac-
crued liabilities. Fortunately, the action taken earlier this week to enact
the accounting amendments in H.B. 2377 takes the remaining necessary
steps to balance the financial statement for 1989-90.

"The second standard we must meet in order for our budget to be
'permanently' balanced is that recurring expenditures must be covered by
recurring revenues. It is essential that this be clearly understood and
honored. Another way of saying that is: there must be sufficient reve-
ues from permanent sources to cover all expenditures that continue into
subsequent years. One-time, 'windfall,' that is non-recurring revenues
must be used only for non-recurring expenses, like capital projects. Part
of the problem we face is that we have strayed from that standard under
pressure to increase salaries and program spending without raising taxes
to pay for it, and now we must restore the discipline of using non-recur-
ring revenues only for non-recurring expenses.

"These, then, are the two standards by which we will be judged as to
the permanence of our balanced budget solution: 1) the financial state-
ment (with its accrued liabilities) must also be balanced as well as cash
flow, and 2) recurring expenses must not be funded with non-recurring revenues. If we restore those two standards, I am confident that our AAA credit rating will deserve to be reaffirmed. If our solutions are of lesser quality, we might receive a *good* credit rating, as good as most states, but we will lose our distinction of having earned the highest, most pristine credit rating.

"Even if we did not intend to sell bonds for any capital projects, the loss of our triple-A credit rating would be a severe loss to North Carolina. It would injure the reputation for sound fiscal policies that has attracted many large employers to consider locating new facilities here. It would have the side-effect of undercutting the reputations of the cities and counties whose own credit ratings reflect their stature as subdivisions of North Carolina. And it would erode the value and marketability of our outstanding bonds presently held by individuals and foundations (who acquired them in reliance on our fiscal reputation).

"The measures available to me as governor are not permanent. I have the authority to reduce spending levels by freezing vacancies, halting construction projects before the contracts are awarded, delaying purchases, and the like. But such administrative measures do not change the levels of authorized spending in any permanent way.

"If you were to adjourn without action on the budget amendments, in theory I could then proceed to reorganize government in ways that might produce some permanent savings, but that would not reassure bond rating agencies that North Carolina was serious about the kind of fiscal policies worthy of a triple-A rating. I can order reductions in the amounts dispersed to any departments, and have indicated to you that I will do so to make temporary savings if a permanently balanced budget is not enacted by June 30; but permanent solutions must be made by the General Assembly if they are to be accepted as credibly permanent.

"Now that I have explained the necessity for long-term, permanent, budget solutions, let me turn to specifics. It is possible for these standards to be met either by a) cutting program spending to the level of available revenues, or b) by raising sufficient taxes to cover the level of spending adopted last August, or a combination of both. The Senate bill comes very close to achieving the goal, while relying entirely on spending cuts. It gives me authority, if needed, to make another $42.5 million in real cuts, by providing a 'Negative Reserve' whereby I can reduce the Base Budget by that amount. It would be a great help, and I think would be well received by State employees for you to pass a spending bill providing a window of opportunity for early retirement for those with 28 years of service. But only when we know how much it would save would I then decide on other cuts.

"What I now propose to you, from the context of where we stand, is to begin with the Senate approach or something like it, making cuts on the order of 3 percent in all departments. I had earlier advocated that level of cuts to be administered by department heads who would be given management flexibility to get the job done. That was dropped in deference to your wish to retain responsibility for specific cuts.

"But it would be a serious mistake, in my view, for you not to order at least the Senate level of spending cuts. For one thing, the credibility of
our case for tax increases depends on our ability to show that we have cut spending as much as possible. Based on the work done in the Senate bill, it would be difficult to argue that maximum spending cuts had been achieved if we accept less that the Senate’s reductions. At this point, the Senate bill as been properly repaired to eliminate $30.2 million that was earlier being shifted over onto local governments.

“So, I recommend that we start with the cuts in the Senate bill. That means that we get close to that level of spending reductions. Some will argue that no cuts be made in public school appropriations, but I believe that before we raise taxes in this election year, we should show that the non-institutional bureaucracies in education are not insulated from the economies we ordered. After all, that’s where most of the growth in school spending has occurred, most of it in the administrative hierarchy, with lesser amounts in teaching positions. The Basic Education Plan was scheduled to grow by an additional $116 million next year, but that was based on the erroneous assumption that this would be affordable from growth in revenues, which has not turned out to be the case.

“Fortunately, there is a way for you to allow a major improvement in public schools without a major tax increase until the next session. If you increase the local control and flexibility in the management of our schools, local superintendents will be able to achieve better results than if you just insist on adding specific positions in the Basic Education Plan’s six-year-old-formula.

“I would recommend, then, that as you slow down the growth of funding mainly for non-teaching positions in the B.E.P., that you again consider the advantages of giving local school systems greater flexibility in allocating the positions that they do receive. When S.B. 2 was enacted, local Boards were given encouragement to seek waivers of laws and regulations if they could show the State Board of Education how those waivers would help them achieve the goals they set for student improvement.

“For some reason, the B.E.P. was specifically exempted from that flexibility of S.B. 2, thus requiring local schools to employ precisely the mix of positions prescribed in the B.E.P., with no adjustment for local needs that might differ from the B.E.P. formula. If you will now amend that law to extend local control over the positions allocated from the Basic Education Plan, I believe local boards can do more to improve student performance with flexibility over the positions already allocated than if required to stay locked into a prescribed pattern of staffing which bears little relation to their local needs.

“If one school system needs more guidance counselors, social workers, and psychologists to deal with an unusually severe dropout problem, they should have the flexibility to exchange some of their allocated positions accordingly. If another school system has a very low dropout rate, they ought not to be required to hire the statewide average of such positions, but should be given flexibility to exchange some of those positions they don’t need for other positions they decide they do need. A school system with a higher than average number of college bound students would probably need a higher than average number of math, science, history, language, and advanced placement courses.
“It should not be required that every school system be locked in to the same rigid formula based on some average statewide need. The typical school is not average. All you have to do is remove the exemption excluding B.E.P. allocations from the School Flexibility and Accountability Act, S.B. 2, and depend on local boards and superintendents to get the most out of their total number of positions.

“For the past 5 years, we have steadily budgeted increasing percentages of the General Fund for public schools. You have, and I have. That has gone unnoticed by educators and editorialists, but it never happened before. We can and should continue that pattern, even if we order some reduction in the rate of growth for schools. With everybody else being cut 3 percent in the Senate bill, schools will have to take only 2.4 percent. Schools have in fact become, and must remain, our number one priority, but they’re not our only priority. We have other needs, too, in corrections, environmental protection, higher education, health, law enforcement, etc., and these other departments cannot be expected to be the only ones to economize. If they must tighten up their administrative overhead, the schools can certainly follow the same example to a lesser extent.

“And why not? The argument that schools can only be improved by laying on ever greater infusions of money and bureaucracy is clearly a fallacy. It should be obvious by now that adding another $116 million will only expand the variety, but will not improve the performance of our schools. Had that argument been true, our schools would have shown more improvement by now. Let’s not lose sight of the fact that we have seen some improvement in dropout rates, and in C.A.T. if not S.A.T. scores.

“But after having increased funding for schools by $1.2 billion over the last ten years, it would be ridiculous to contend that no real progress will be possible unless and until another $355 million is added on a strict timetable of 3 more years. No, my advice to my fellow educators is, if you want to help sustain momentum to keep B.E.P. on schedule, maybe you ought to show more appreciation for what has been provided so far, exceeding any other state in relative terms; and maybe show more results.

“Some have argued that we should not cut public schools at all, but should only cut departments which have been inefficient. Public schools are the only departmental function of State government which have not had to tighten spending practices or administrative costs in recent years. In fact, that’s where most of the growth in management positions has gone. It’s time, then, to ask school administrators to do what others in government have been willing to do: to reorganize with leaner, more responsive management. And if you will grant them the flexibility to realign B.E.P. positions to fit their local needs, they, and we, and the taxpayers will all come out ahead. And so will our students.

“You have under consideration a bill to grant a much higher degree of management flexibility to the University of North Carolina. I would strongly encourage passage of this measure. Again, we would expect to get much more mileage from the talented Chancellors who head up these institutions. And the same would be expected from our local school
superintendents if we will give them more flexibility over the B.E.P. Now, let me turn to the issue of tax increases.

“When the budget for the next biennium is considered, when you return in January, we will face another major challenge in the General Fund. For one thing, we will have to confront the end of the two-year diversion of Highway Trust Fund moneys to the General Fund. That will no longer be available. What then? Fortunately, the Senate bill has already faced up to half of the problem that was created last August, by reducing the General Fund spending levels to correct for the money that isn’t there in fiscal 1990-91. That $94 million has to be cut out before the next biennium, leaving another $92 million to be found when you meet in January.

“Add to that the remaining expansion of B.E.P. and S.B. 2, and that’s another $152 million in 1991-92, rising to $520 million in four years. Then we have to anticipate covering the rising cost of health insurance, on top of at least cost-of-living pay raises. If we do what we have to do for prison expansion that will kick in at only $47 million in 1991-92, and rise to $142 million. Unless you really think the General Assembly is going to dodge most of these responsibilities, or somehow find another 6 percent across-the-board cuts on top of what we’ve already done, then we’re looking at $500 million a year more than we would have available to spend without a tax increase.

“And just as it is essential to put school needs and medicaid and prison needs on the table as we approach the next long legislative session, I recommend strongly that we also put alongside them the needs for improving services of our vital Community College system. This will be our key asset for meeting the educational needs of that half of our young people who go to work after high school.

“My commission on workforce preparedness will be recommending to us in November how best to strengthen this resource, by expanding the training programs for expanding existing businesses, and by going statewide with the ‘TechPrep’ collaborations between high schools and community colleges. Let’s be ready in 1991 to make the most of that.

“I hope I have made clear that the problem just described for the next biennium is not the result of postponement from this year. It’s primarily a recognition of new requirements coming just over the horizon, having little to do with this biennium. That’s one reason we must resist raising major taxes well before they are actually needed. That would only put that revenue in play too soon, with an irresistible temptation to spend it right away. Then it’s gone. Then we will still have to face the same future budget problem, after having already spent one big tax increase, and with little room or will left for another. Then we would be in a bigger fiscal mess that we have now.

“It is important for us to face up to these consequences now, rather than ignore the long-term effects. It is essential that as you go into the election campaigns this Fall, you know and understand that after the General Assembly has cut spending as far as is practical, there will still be a need for another $500 million a year to start the next biennium. Your opponents may not know it, but you and I know it. You might disagree
as to whether you favor more cuts; but if you can enact the level of cuts in the Senate bill, and no more, there will remain no room for disagreement as to whether substantially more cuts will be made.

"We have cut administrative costs almost every year I've been here. With the guidance of the Efficiency Study Commission, we saved $120 million. Each biennium, we've cut out many vacant positions. Again this year, we will have cut $262 million out of the Base Budget continuation for next year.

"Yet, after all this we will still have to provide for anticipated cost increases of another $500 million a year. The only way to raise that kind of money without injuring the economic health of the State is to raise the sales tax one cent for items already covered by the full five cents, producing $529 million in 1991-92.

"Some like to argue instead for an increase in personal income taxes. The problem with that is that those who pay the income tax already got a big increase last year, because 700,000 other taxpayers got excluded from having to pay income taxes. Even so, North Carolina raises more income tax per capita, on a basis of the total population, than all but 7 other states. We're also in the top ten states in the total corporate income taxes raised per capita, and that, too, just got raised two years ago. So neither of those income taxes should take another hit for $500 million, unless you want to savage the competitiveness of manufacturers here, in the number one state with the highest percentage of the workforce in manufacturing of all 50 states.

"The current 5 percent sales tax, however, is not among the top ten states. While it is regressive, with lower income taxpayers paying a relatively higher fraction of income for retail purchases, it should be remembered that 700,000 lower income workers were relieved of any income tax just last year.

"And those with lowest income no longer have to pay sales tax on food stamps. So I conclude that the sales tax is the fairest way of all for us to raise $500 million.

"At least, let's be sure we get something for our money.

"Now comes the hard part. What do we do about it. Many of you made solemn promises not to vote for a tax increase this year. It is an election year. But most of you have also taken an honest position of acknowledging that a tax increase will have to be passed next year.

"The safest thing to do, facing review by Standard and Poor's and Moody's, is to vote now for the tax increase to take effect next year. But the worst thing to do would be to have it voted down now. If we wait until next session, we will still be vulnerable to a downgraded credit rating, unless we can take credible action to prove the character of our intentions. Is that possible?

"There is a bill being introduced today by the chairman of the Senate Appropriations committee, which will state your resolution of intent to increase the sales tax by one-cent early in the next session. It would show future anticipated expenditure growth that is not included in the
amended budget for 1990–91, along with the consensus estimate of revenue growth (so that there will be no disagreement again on that subject). It will show that the sales tax is needed, because of requirements that go beyond what is required in fiscal 1990–91.

"If it is not possible to enact a future tax increase until the time comes that it is needed, then I hope you will give this resolution of intent the strongest possible endorsement, including bipartisan support, to undergird its credibility. Then I will do the best I can, with my financial advisors, to persuade the bond rating houses that you are with me in a commitment to the future.

"We can get no guarantee in advance. That is not their way. The only way to assure that we keep that triple-A rating would be adopt the tax increase now, this session. However, ironically, the only way to assure that we lose that vaunted rating would be to defeat the needed tax increase, which is likely to happen if we force it to a vote before it is actually needed.

"Although we have raised taxes as needed in the past five years, sales taxes, individual income taxes, corporate income taxes, gasoline taxes ... you name it. But we have never had to raise a tax over a year before it was needed. Not in 30 years of the highest rating has such a politically indefensible move been demanded of us. I will try my best to show the bond rating houses that our fiscal policy is still as strong as it ever was, if you will at least give me the strongest possible endorsement in passing this resolution of intent, and clear up any misperception about the future fiscal picture.

"For those who continue to bemoan the responsibility we have to tighten our belts before we raise taxes, those who have never yet shown the slightest appreciation for what we've done, let me ask them to look at how far we've come, let me ask them to look at how far we've come in five years.

"Look at what we've done already to strengthen school funding as a percentage of the budget, and in real dollars over inflation! Look at what we've done to add $450 million so far in the B.E.P., even in the tightest budget years! Look at what we have insisted on doing with Senate Bill 2, to require better results for all these unappreciated appropriations that have gone to schools: to start getting something for our money.

"Look at what we've done to raise taxes for a magnificent boost in highway construction, rivalling the combined total of ever previous legislature and governor ... combined! Look at what that will do to open every community to share the blessings of economic development!

"Look at what we have done together to save our prison system from federal courts throwing open the doors because of overcrowding! Look at what we will do to increase our prison capacity to contain the rising tide of dangerous criminals ... and make them spend more time in prison and less time in our homes and neighborhoods!

"Look at what we've done to tighten our administrative belts, so that other than education, health, and corrections, there has been very little
growth in administrative costs of general government! And, look at what we've done in 1989 to unfreeze the salary schedule for our teachers that was frozen in 1982, while providing justifiable pay increases for school and state employees, which we're retaining even in the pressure of this greatest revenue shortfall we've ever seen! And look at what we're going to do to establish a $140 million permanent reserve for major emergencies, later rising to $200 million; a "rainy day fund" to safeguard against future shortfalls.

"Look at what we've done! And look at what we're doing!

"Is it too much to ask some recognition for the fact that right here in North Carolina over the last seven years, we have increased total expenditures (state and local) on a per capita basis by 60 percent, most of that coming in the last five years, and most of it for public schools? Friends, only four other states have done more. Isn't it time for somebody to say "thank you"? And isn't it time for us to begin to expect better results.

"Today, I have recommended to you that there is a need for a major tax increase, but in 1991-92, not in 1990-92, our most immediate fiscal year. I have recommended that you move rather promptly to balance fiscal 1990-91 as the Senate has done, realizing that there will be some justifiable differences in details of the House version, but with the realization that it can be achieved with permanent cuts in levels of spending that never should have been so high if the real revenue growth had been forecast accurately. If instead of spending cuts for fiscal 1990-91, you were to use tax increases to balance that second year of this biennium, you would still have to face another big tax increase next January. But by relying primarily on spending cuts for the fiscal year beginning next week, we can show that a tax increase is clearly a last resort, not the first.

"I do understand that the House is reluctant to accept some cuts, and may be able to find alternative areas for savings to take to conference. Should you be unable to agree on such savings, and find that you have to rely on a modest tax increase in the coming year, than I have no objection to that, but urge you to do so promptly so we can go to conference.

"Maybe now it can be seen that this tax increase should have been enacted last year, but my purpose is not to say, "I told you so", but rather to help build bi-partisan support for what will need to be done. And to give me ammunition with which to reassure Moody's and Standard and Poor's of the clarity of our intentions, I am asking you to enact a resolution of intent to adopt that sales tax increase next year, in timely fashion to fund the needs that are not a part of this biennium, but will need attention in the next.

"This is not easy medicine, but with your favorable response, I believe that we cannot only meet the needs of North Carolina, but also deserve the confidence of those whose judgment is valued so highly in evaluating credit worthiness. The problem is real, and it is serious. Let's work together, without rancor, and without panic, and do what we must do to fix it.

"Thank you for your attention, and for what you do for North Carolina."
H.R. 2389, A HOUSE RESOLUTION TO ESTABLISH THE PROCEDURE FOR NOMINATING AND ELECTING A MEMBER OF THE BOARD OF GOVERNORS OF THE UNIVERSITY OF NORTH CAROLINA TO FILL A CURRENT VACANCY.

Be it resolved by the House of Representatives:

Section 1. The following procedures for nominating and electing a member of the Board of Governors of The University of North Carolina are adopted for the vacancy created by the death of Mrs. Joan S. Fox:

I. COMMITTEE RESPONSIBILITIES.

1. It is the duty of the Education Committee of the House of Representatives, in conjunction with the Subcommittee on The University of North Carolina, (hereinafter the "Subcommittee") to choose nominees for the currently existing vacancy in the woman category on the Board of Governors of The University of North Carolina for the term expiring June 30, 1991, which the House of Representatives is to fill.

2. The Subcommittee shall receive suggestions of proposed candidates for nomination for election to the University Board of Governors through 5:00 p.m. Wednesday, June 20, 1990. Any person proposed in writing by any member of the House of Representatives to the Chairman of the Subcommittee shall be a candidate for nomination by the Education Committee. Members of the House of Representatives shall ascertain that the candidates they propose for nomination are qualified to serve as members of the Board of Governors of The University of North Carolina pursuant to G.S.116-7(b), and are willing to serve if elected.

3. After June 20, 1990, the Subcommittee shall meet and screen the proposed candidates for nomination as to their qualifications and background. The Subcommittee shall confirm that each candidate for nomination is willing and able to serve and has no statutory disability. After the Subcommittee meeting, the Subcommittee shall refer the list of nominees to the Education Committee which shall meet and screen the proposed candidates as to their qualifications and background and shall confirm that each candidate is willing and able to serve and has no statutory disability.

4. The Education Committee shall list all proposed candidates for nomination and they shall be placed before and recommended to a session of the House of Representatives.

II. SESSION—SELECTION OF NOMINEES.

The House of Representatives shall at its session on Tuesday, June 26, 1990, as a special order of business receive nominations to the Board of Governors of The University of North Carolina from the Chairman of the Education Committee. The floor shall not be opened for nominations from the House.

III. ELECTIONS.

1. A list of nominees shall be prepared under the supervision of the Chairman of the Subcommittee for voting upon by the House of Representatives.
2. The list shall include only the names of those candidates proposed by the Education Committee who have consented to run and who have no statutory disability. Their names shall be arranged alphabetically by surname.

3. The election shall be conducted by the House of Representatives at its session on Thursday, June 28, 1990, as a special order of business.

4. Before the voting begins, the Speaker of the House of Representatives shall explain the voting rules, which are:
   (i) No nomination shall be received from the floor.
   (ii) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting.
   (iii) Each member present and voting shall vote for one of the nominees.
   (iv) If no nominee receives a majority of the votes cast for all the nominees, a runoff shall be conducted between the person receiving the highest and the person receiving the second highest number of votes cast.
   (v) If there is a tie for the last position between two nominees who are eligible for the next runoff, both nominees shall be included in the next runoff, even though there would thereby be more than two nominees.

5. The members of the House of Representatives shall proceed to vote by roll call in the election.

6. The Chairman of the Subcommittee shall be responsible for canvassing the vote and declaring the results thereof.

7. When the Chairman of the Subcommittee has determined that the House of Representatives has chosen one member of the Board of Governors from the woman category to fill the remainder of the term expiring June 30, 1991, the Speaker of the House shall declare that person to have been elected by the House of Representatives to the position for the indicated term.

8. The results of the election in the House of Representatives shall then be sent by Special Messenger to the Senate.

IV. NOTIFICATION OF ELECTION RESULTS.

When the election process is complete, the Chairman of the Subcommittee shall notify the Secretary of the Board of Governors of The University of North Carolina of the name of the person elected by the House of Representatives and the category and term for which such person was elected.

Sec. 2. This resolution is effective upon adoption.

H.R. 2397, A HOUSE RESOLUTION HONORING THE MEN AND WOMEN WHO DIED FIGHTING FOR FREEDOM IN SOUTH AFRICA AND TO WELCOME NELSON MANDELA, A LIVING SYMBOL OF FREEDOM, ON HIS VISIT TO THE UNITED STATES.

Whereas, thousands of men, women, and children have died fighting for freedom in South Africa; and
Whereas, thousands of political prisoners remain imprisoned in South Africa and thousands of other South Africans remain exiled; and

Whereas, although some reforms against apartheid have been made in South Africa under President Frederik W. de Klerk, most forms of apartheid such as racial classifications, racially segregated residential areas, impoverished rural homelands, inferior education systems, poor medical facilities, police raids, and forced relocations still exist; and

Whereas, Nelson Mandela, Deputy President of South Africa's most visible anti-apartheid organization, the African National Congress (ANC), has emerged as a symbol for freedom and inspiration not only to black South Africans, but also to all people worldwide; and

Whereas, Nelson Mandela was released from prison after serving more than 27 years for sabotage and conspiracy against the state and has not exhibited any bitterness towards those who imprisoned him; and

Whereas, Nelson Mandela will visit 13 countries in Europe, North America, and Africa seeking greater sanctions and worldwide support against the South African government, hoping to establish a "new free, nonracial unitary, and democratic South African nation", and obtaining monetary support to aid this cause; and

Whereas, scheduling would not permit Nelson Mandela to visit North Carolina, however the House of Representatives wishes to extend him a warm welcome on his visit to the United States; and

Whereas, Nelson Mandela's tour of the United States will include addressing the joint Houses of Congress and the United Nations General Assembly as well as visiting Atlanta, Boston, Detroit, Los Angeles, Washington, D.C., and other cities;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representatives wishes to honor the lives and memory of the men and women who died for freedom in South Africa.

Sec. 2. The House of Representatives wishes to extend a warm welcome to Nelson Mandela on his visit to the United States and recognizes him for his dedication to abolishing apartheid and improving the lives of his fellow South Africans. The House of Representatives further urges all North Carolinians to uphold their beliefs in the American principles of freedom, democracy, and civil rights by opposing apartheid.

Sec. 3. The Principal Clerk shall transmit a certified copy of this resolution to Nelson Mandela and to President Frederik W. de Klerk.

Sec. 4. This resolution is effective upon adoption.

H.R. 2411, A HOUSE RESOLUTION MEMORIALIZING CONGRESS TO PASS LEGISLATION TO ENSURE EQUITABLE DISTRIBUTION OF SOCIAL SECURITY BENEFITS.

Whereas, the United States Congress amended the Social Security Act in 1972 (Public Law 92–603) to increase retirement benefits to reflect cost–of–living increases; and
Whereas, a technical flaw in the amended benefit formula overcompensated people who retired after 1972; and

Whereas, Congress corrected its error by amending the Social Security Act in 1977 (Public Law 95-216) to bring benefits back to historical levels, and phased in the reduction over five years, affecting individuals born between 1917 and 1921, called the "Notch" years; and

Whereas, the phase-in period has not provided a smooth transition, but has resulted in "Notch Babies" receiving as much as three thousand dollars ($3,000) per year less in benefits than people who have similar work histories but were born in 1916; and

Whereas, members of Congress have for several years tried to pass legislation that would establish a uniform benefit formula to treat those born in the "Notch" years more equitably; and

Whereas, the House of Representatives of the State of North Carolina is committed to equitable distribution of Social Security benefits and feels that the continued inequities in benefits received by persons born during the "Notch" years undermines public confidence in the Social Security system;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representatives of the General Assembly urges Congress to pass legislation to ensure equitable distribution of Social Security benefits paid to those born between 1917 and 1921.

Sec. 2. The House of Representatives further urges the President of the United States to sign this legislation so that the Social Security system will once again provide equal retirement benefits to all deserving individuals.

Sec. 3. The Principal Clerk of the House of Representatives shall transmit a certified copy of this resolution to the President of the United States, the Secretary of the United States Senate, the Clerk of the United States House of Representatives, and to every member of the congressional delegation from North Carolina.

Sec. 4. This resolution is effective upon adoption.

H.R. 2413, A HOUSE RESOLUTION HONORING REPRESENTATIVE ROBERT C. HUNTER, NEWLY ELECTED CHAIRMAN OF THE SOUTHERN LEGISLATIVE CONFERENCE; JOHN YOUNG, RECIPIENT OF THE SAM CARTER AWARD; THE HOUSE HOST COMMITTEE OF THE SOUTHERN LEGISLATIVE CONFERENCE, AND LEGISLATIVE STAFF FOR THEIR WORK IN MAKING THE 1990 SOUTHERN LEGISLATIVE CONFERENCE AN OVERWHELMING SUCCESS.

Whereas, the Southern Legislative Conference is an annual event that provides an important regional forum for legislators and legislative staff from 15 southern states to consider common problems and issues, to
exchange ideas and information, and to enjoy the company and hospitality of fellow Southerners, a tradition as old as the South itself; and

Whereas, the City of Asheville and County of Buncombe extended every courtesy to those attending the 1990 Southern Legislative Conference and graciously welcomed them to our State; and

Whereas, the members of the House Host Committee, Representative Jack Hunt, Co-chair, and Representatives N. Jim Crawford, Julia C. Howard, Robert C. Hunter, Howard Hunter, Jr., and Marty Kimsey did an outstanding job of coordinating seminars that addressed a wide range of issues and planning social events and recreational activities that showcased some of the State's most splendid and beautiful cultural and natural resources; and

Whereas, Representative Robert C. Hunter is the newly elected Chairman of the Southern Legislative Conference, a distinguished office that signifies long hours of service, generous contributions of time and talent, the high esteem with which he is regarded by his peers, and an honor that reflects proudly not only on Representative Hunter but also on the House in which he serves and the State that he represents; and

Whereas, John H. Young, III, who has served the General Assembly as a Human Resources Analyst in the General Research Division since 1975 and whose professional expertise in the public health area, personal integrity, and willingness to help are respected by legislators and staff, is the first recipient of the Southern Legislative Conference's Sam Carter Award for demonstrated excellence and dedication to legislative service; and

Whereas, because the splendid success of the Southern Legislative Conference was possible only because of the efforts and hard work of many: George Hall, Legislative Administrative Officer, and Beverly Adams, Administrative Assistant, who spent countless hours arranging and rearranging conference plans and activities; the legislative staff, who cheerfully and ably tended to the work that is essential to the success of the conference; and those in the private sector, who were generous in their support of this legislative effort; and

Whereas, the House of Representatives wishes to thank its own members who attended the Southern Legislative Conference for their fine representation of North Carolina and the warmth with which they welcomed their neighbors and guests to the Old North State;

Now, therefore, be it resolved by the House of Representatives:

Section 1. The House of Representatives extends its congratulations to Representative Robert C. Hunter in his new office as Chairman of the Southern Legislative Conference.

Sec. 2. The House of Representatives extends its congratulations to John Young, the first recipient of the Sam Carter Award and expresses its appreciation for the work he has done.

Sec. 3. The House of Representatives expresses its gratitude to the members of the House Host Committee of the Southern Legislative
Conference and to the legislative staff for the work they did to make the Southern Legislative Conference an overwhelming success.

Sec. 4. The Principal Clerk shall send certified copies of this resolution to all persons mentioned by name in this resolution.

Sec. 5. This resolution is effective upon adoption.

If federal funds are reduced below the amounts specified above after the effective
date of this act, then every program, in each of the federal block grants listed above,
shall be reduced by the same percentage as the reduction in federal funds. If federal
funds are reduced in the Education Consolidation and Improvement Act Chapter II

be made among the various local agencies.

(c) Increases in Federal Fund Availability
Any block grant funds appropriated by the United States Congress in addition to
the funds specified in this act shall be expended as follows:
(1) For the Community Development Block Grant or for the Preventive Health
Block Grant — each program category under the Community Development
Block Grant or the Preventive Health Block Grant, as applicable, shall be
increased by the same percentage as the increase in federal funds.
(2) For the Maternal and Child Health Services Block Grant — these addi-
tional funds shall be allocated to local health departments to assist in the
reduction of infant mortality.
(3) For other block grants — these additional funds may be budgeted by the
appropriate department, with the approval of the Office of State Budget and
Management, provided the resultant increases are in accordance with
federal block grant requirements and are within the scope of the block
grant plan approved by the General Assembly. All these budgeted in-
creases shall be reported to the Joint Legislative Commission on Govern-
mental Operations and to the Director of the Fiscal Research Division.

This subsection shall not apply to Job Training Partnership Act funds.

PART IV.-----GENERAL PROVISIONS

Requested by: Senator Royall, Representative Diamont
-----NEGATIVE RESERVES/MANAGEMENT FLEXIBILITY

Sec. 7. (a)(1) To achieve the negative reserves set out in this act, each State
department, institution, and agency and the public schools shall give highest priority to
leaving positions vacant pursuant to subdivision (a)(2) of this subsection.

(2) The Office of State Budget and Management shall manage quarterly allot-
ments so as to maximize savings from the General Fund for fiscal year 1990-91 by not
filling vacancies (i) in positions that have never been filled or (ii) caused by resignation or retirement, unless the Governor has determined that there is a critical need to fill the vacancies. These actions shall result in savings of at least $40,000,000 from the General Fund for the 1990-91 fiscal year.

The Office of State Budget and Management shall make every effort to allocate the freeze equitably based on the vacant position report used by the Senate Appropriations Committee in selecting this reduction and, at the same time, protecting critical vacant positions needed in the State's institutions and prisons.

This subdivision applies to State government and to State-funded positions in the public school system, but it does not apply (i) to the employees of the Senate, the House of Representatives, or the Legislative Services Office, or (ii) to any teaching position with classroom responsibilities in the public school system, in The University of North Carolina system, in the Correctional System, or in the Department of Human Resources.

(b)(1) To the extent the Director of the Budget finds that actions taken pursuant to the subsection (a) of this section are not adequate to achieve the negative reserves set out in this act, the budget flexibility provisions set out in this subsection shall apply.

(2) G.S. 143-27 reads as rewritten:

"§ 143-27. Appropriations to educational, charitable and correctional institutions are in addition to receipts by them.

All appropriations now or hereafter made to the educational institutions, and to the charitable and correctional institutions, and to such other departments and agencies of the State as receive money available for expenditure by them are declared to be in addition to such receipts of said institutions, departments or agencies, and are to be available as and to the extent that such receipts are insufficient to meet the costs anticipated in the budget authorized by the General Assembly, of maintenance of such institutions, departments, and agencies: Provided, however, that if the receipts, other than gifts and grants that are unanticipated and are for a specific purpose only, collected in a fiscal year by an institution, department, or agency exceed the receipts certified for it in General Fund Codes or Highway Fund Codes, the Director of the Budget shall decrease the amount he allots to that institution, department, or agency from appropriations from that Fund by the amount of the excess, unless the Director of the Budget finds that the appropriations from that Fund are necessary to maintain the function that generated the receipts at the level anticipated in the certified Budget Codes for that Fund. Notwithstanding the foregoing provisions of this section, receipts within The University of North Carolina realized in excess of budgeted levels shall be available, up to a maximum of ten percent (10%) above budgeted levels, for each Budget Code, in addition to appropriations, to support the operations generating such receipts, as approved by the Director of the Budget.

The Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office within 30 days after the end of each quarter on expenditures of receipts in excess of the amounts certified in General Fund Codes or Highway Fund Codes that did not result in a corresponding reduced allotment from appropriations from that Fund agencies."

(3) G.S. 143-23(a1) reads as rewritten:

"(a1) No transfers may be made between line items in the budget of any department, institution, or other spending agency; however, with the approval of the Director of the Budget, a department, institution, or other spending agency may spend more than was appropriated for a line item if the overexpenditure is:

(1) In a program for which funds were appropriated for that fiscal period and the total amount spent for the program is no more than was appropriated for the program for the fiscal period;

(2) Required to continue a program because of unforeseen events, so long as the scope of the program is not increased;"
The Director of the Budget shall report on a quarterly basis to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office the reason if the amount expended for a program is more than the amount appropriated for it from all sources.

Funds appropriated for salaries and wages may only be used for salaries and wages or for premium pay, overtime pay, longevity, unemployment compensation, workers' compensation, temporary wages, contracted personal services, moving expenses, payment of accumulated annual leave, certain awards to employees, tort claims, and employer's social security, retirement, and hospitalization payments: provided, however, funds appropriated for salaries and wages may also be used for purposes for which over expenditures are permitted by subdivisions (3), (4), and (5) of this subsection but the Director of the Budget shall include such use and the reason for it in his quarterly report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office. Lapsed salary funds that become available from vacant positions may not be used for new permanent employee positions or to raise the salary of existing employees.

As used in this subsection, 'program' means a group of expenditure and receipt line items for support of a specific budgeted activity outlined in the certified budget for each department, agency, or institution, as designated by the four-digit fund (purpose) number in the Budget Preparation System.

The requirements in this section that the Director of the Budget report to the Joint Legislative Commission on Governmental Operations shall not apply to expenditures of receipts by entities that are wholly receipt supported, except for entities supported by the Wildlife Resources Fund.

(c) The Office of State Budget and Management shall provide a quarterly report to each member of the General Assembly and to the Joint Legislative Commission on Governmental Operations and a monthly report to the Fiscal Research Division on budgetary actions taken pursuant to this section. The Office of State Budget and Management shall also report to the appropriations committees of the Senate and the House of Representatives prior to March 15, 1991, on budgetary actions taken through February 28, 1991, pursuant to this section and any other such actions anticipated during the 1990-91 fiscal year.

The March 15, 1991, report shall include vacant positions identified statewide that would result in $40,000,000 of annualized savings should these positions be eliminated.

(d) All reductions achieved pursuant to the provisions of this section shall be temporary unless they are made permanent by the General Assembly.

(e) The Governor shall submit to the General Assembly with his proposed budget for the 1991-93 fiscal biennium a report of which items in the proposed budget are continuations of budget reductions achieved pursuant to the provisions of this section.

(f) This section shall not be construed to permit the creation of any new programs not authorized by the General Assembly or the elimination of any programs for which the appropriations committees of the Senate or the House of Representatives considered cuts that were not enacted for the 1990-91 fiscal year.

(g) This section shall become effective July 1, 1990, and shall expire June 30, 1991. Subdivisions (b)(2) and (b)(3) of this section shall become effective only to the extent the Director of the Budget finds necessary to achieve the reductions set out as "Reserves - Negative Appropriations" in the appropriations for each department.

Sec. 8. Section 48 of Chapter 752 of the 1989 Session Laws reads as rewritten:

"Sec. 48. Sections 156 through 160 of Chapter 479 of the 1985 Session Laws, as amended, and G.S. 143-16.3, do not apply to the extent that the Director of the Budget finds that compliance is impossible and that deviation is necessary because of
complications in the budget process that were not contemplated when the budget for the 1989-91 fiscal biennium was enacted.

The Director of the Budget shall report, on a monthly basis to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office on any deviations from Sections 156 through 160 of Chapter 479 of the 1985 Session Laws, as amended, and G.S. 143-16.3, and the reasons it was impossible to comply.

This section does not authorize deviations from Sections 156 through 160 of Chapter 479 of the 1985 Session Laws, as amended, and G.S. 143-16.3, to combine fund codes."

-----BUDGET STABILIZATION RESERVE

Sec. 10. There is appropriated from the General Fund to the Office of State Budget and Management the sum of $141,000,000 for the 1990-91 fiscal year for the initial establishment of a Budget Stabilization Reserve. The purpose of the Reserve is to provide a mechanism to stabilize the annual funding availability for carrying out State programs and providing financial assistance to local government units.

It is the intent of the General Assembly that the Economic Future Study Commission develop recommended rules governing the creation and maintenance of a permanent Reserve and that the 1991 General Assembly enact laws establishing the permanent Reserve.

It is also the intent of the General Assembly that the Reserve will be financed from General Fund revenues that would otherwise be expended and that the monies placed in the Reserve will be used to offset unanticipated reductions in funding availability resulting from changes in the economic outlook, federal tax changes, corporate financial actions, judicial decisions, federal spending mandates, and natural disasters.

The funds in the Reserve shall not be spent during the 1990-91 fiscal year without the prior approval of the General Assembly.

The reimbursements under G.S. 105-275.1 for the 1991-92 fiscal year shall be calculated as if the amount distributed for the 1990-91 fiscal year had not been reduced pursuant to this subsection.

(b) G.S. 105-275.1 reads as rewritten:

"§ 105-275.1. Reimbursement for exclusion of manufacturers' inventories and poultry and livestock.

(a) Initial Distribution. -- On or before January 15, 1989, the governing body of each county and each city shall furnish to the Secretary a list of (i) all the inventories owned by manufacturers that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the county or city under this Subchapter; (ii) all livestock and poultry and feed used in the production of livestock and poultry that was required to be listed and assessed as of January 1, 1987, and was listed on or before September 1, 1987, in the county or city under this Subchapter; (iii) all the crops and other agricultural or horticultural products held for sale, whether in process or ready for sale, owned by taxpayers regularly engaged in the growth, breeding, raising, or other production of new products for sale, that were not included under subdivision (ii) above and that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the county or city under this Subchapter; and (iv) in the case of a city, all the inventories owned by manufacturers that were located as of January 1, 1987, in an area for which the city began annexation proceedings before September 1, 1987, and which became a part of the city after January 1, 1987, and before January 1, 1988; and (v) in the case of a city, all the inventories owned by manufacturers that were located as of January 1, 1987, in an area for which the city began annexation proceedings before September 1, 1987, and which became a part of the city after January 1, 1988, and before July 1, 1990.

The list shall contain the value of the inventories and other items as well as the property tax rates in effect in the county or city for the eight years from 1980 through 1987. The list shall also contain the property tax rates in effect for those years in each special district for which the county or city collected taxes in 1987 but whose tax rates were not included in the rates listed for the county or city, and the value of the inventories owned by manufacturers and other items described in subdivisions (ii) and (iii) above that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in that district. The list shall be accompanied by an affidavit attesting to the accuracy of the list and shall be on a form prescribed by the Secretary.

On or before March 20, 1989, the Secretary shall pay to each county and city that submitted a list under this subsection an amount equal to the county or city average rate, as provided below, multiplied by the value of the inventories described in subdivisions (i) and (iv) above contained in the list submitted by the city or county, plus or minus the percentage of this product that equals the percentage by which State personal income has increased or decreased during the most recent 12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce.

On or before March 20, 1989, the Secretary shall also pay to each county and city that submitted a list under this subsection an amount equal to the average rate, as provided below, for each special district for which the county or city collected taxes in 1987, but whose tax rates were not included in the county or city's rates, multiplied by
the value of the inventories owned by manufacturers that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the district, plus or minus the percentage of this product that equals the percentage by which State personal income has increased or decreased during the most recent 12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce.

The Secretary shall calculate an average rate for each county and city, and for each special district whose tax rates were not included in the tax rates of a county or city, as the arithmetic mean of the property tax rates in effect in the county, city, or district for the eight years from 1980 through 1987. If a county, city, or district did not have tax rates in effect for the entire eight-year period, the average rate shall be the arithmetic mean of the property rates in effect for the years during the eight-year period that it did have rates in effect.

Of the funds received by each county and city pursuant to this subsection, the portion that was received because the county or city was collecting taxes for a special district (either because the district’s tax rate was included in the city or county’s rate or because the Secretary paid the county or city the product of the district’s average rate and the value of the inventories in the district) shall be distributed among the districts in the county or city as soon as practicable after the city or county receives funds under this subsection. The county or city shall distribute to each special district in the county or city an amount equal to the average rate for the district multiplied by the value of the inventories owned by manufacturers that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the district, plus or minus the percentage of this product that equals the percentage by which State personal income has increased or decreased during the most recent 12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce. The Local Government Commission may adopt rules for the resolution of disputes and correction of errors in the distribution among special districts provided in this paragraph. The Local Government Commission shall report to the 1990 General Assembly any errors it discovers in the information furnished by local governments to the Secretary as required in this subsection.

(b) Subsequent Distributions. -- As soon as practicable after January 1, 1990, the Secretary shall pay to each county and city the amount it received under subsection (a) in 1989 plus an amount equal to the county or city average rate multiplied by the value of the items described in subdivisions (ii) and (iii) of subsection (a) that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the county or city, plus or minus the percentage of this product that equals the percentage by which State personal income has increased or decreased during the most recent 12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce. As soon as practicable after January 1, 1990, the Secretary shall also pay to each county and city an amount equal to the average rate for each special district for which the county or city collected taxes in 1987, but whose tax rates were not included in the county or city’s rates, multiplied by the value of the items described in subdivisions (ii) and (iii) of subsection (a) that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the district, plus or minus the percentage of this product that equals the percentage by which State personal income has increased or decreased during the most recent 12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce. As soon as practicable after January 1, 1991, except as provided in subsection (f), the Secretary shall pay to each county and city the amount it received under this section the preceding year plus an amount equal to the county or city average rate multiplied by the value of the items described in subdivision (v) of subsection (a) contained in the list submitted by the county or city, plus or minus the percentage of this product that equals the percentage by which State personal income has increased or decreased during the most recent
12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce. Thereafter, except as provided in subsection (f), as soon as practicable after January 1 of each year, the Secretary shall distribute to each county and city the amount it received under this section the preceding year.

Of the funds received by each county and city pursuant to this subsection in 1990, the portion that was received because the county or city was collecting taxes for a special district (either because the district’s tax rate was included in the city or county’s rate or because the Secretary paid the county or city the product of the district’s average rate and the value of the inventories and other items in the district) shall be distributed among the districts in the county or city as soon as practicable after the city or county receives the funds. The county or city shall distribute to each special district in the county or city the amount it distributed to the district in 1989 plus an amount equal to the average rate for the district multiplied by the value of the items, other than inventory, described in subdivisions (ii) and (iii) of subsection (a) that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the district, plus or minus the percentage of this product that equals the percentage by which State personal income has increased or decreased during the most recent 12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce.

Each year thereafter, as soon as practicable after receiving funds under this subsection, every county and city shall distribute among the special districts for which the county or city collects tax an amount equal to the amount it distributed among such districts the previous year. The Local Government Commission may adopt rules for the resolution of disputes and correction of errors in the distribution among special districts provided in this subsection. In addition, the Local Government Commission may adopt rules for the reallocation of funds when a special district is dissolved, merged, or consolidated, or when a special district ceases to levy tax, either temporarily or permanently.

(c) Use. -- Funds received by a county, city, or special district under this section may be used for any lawful purpose.

(d) ‘City’ Defined. -- As used in this section, the term ‘city’ has the same meaning as in G.S. 153A-1(1).

(e) Source of Funds. -- To pay for the distribution required by this section and the cost to the Department of Revenue of making the distribution, the Secretary of Revenue shall draw from the Local Government Tax Reimbursement Reserve an amount equal to the amount distributed and the cost of making the distribution.

(f) Correction of Errors. -- If the Secretary discovers that the amount or value of any inventories or other items listed by a county or city pursuant to subsection (a) of this section was overstated or understated, the Secretary shall adjust the amount to be distributed under subsection (b) as follows. For the distribution to be made in the year following discovery of the overstatement or understatement, the Secretary shall distribute to the county or city the amount it would have received under subsection (b) in 1990 if it had not overstated or understated the amount or value of any inventories or other items, plus the total amount it failed to receive in 1989 and subsequent years due to understatement of the amount or value of the inventories or other items, or minus the total amount it received in 1989 and subsequent years due to overstatement of the amount or value of the inventories or other items. Thereafter, each year the Secretary shall distribute to the county or city the amount it would have received under subsection (b) in 1990 if it had not overstated or understated the amount or value of any inventories or other items.”

(c) A city affected by the amendment to G.S. 105-275.1 provided in this section shall submit to the Secretary of Revenue a list of the manufacturers’ inventories in the annexed area as soon as practicable.

(d) This section is effective upon ratification.

——-WASTE STREAM ANALYSIS

Sec. 40. Section 34 of Chapter 754 of the 1989 Session Laws, as rewritten by Section 28 of Chapter 799 of the 1989 Session Laws, reads as rewritten:

“Sec. 34. Of the funds allocated from the Special Reserve for Oil Overcharge Funds to the North Carolina Housing Trust Fund in Section 2 of Chapter 841 of the 1987 Session Laws, the sum of $500,000 shall be reallocated to the Department of Commerce Economic and Community Development for the 1989-90 fiscal year to be used for a study including a waste stream analysis and the development of a State and local government recycling and waste management plan by the Department of Environment, Health, and Natural Resources. These funds shall be used to conduct waste stream research in North Carolina counties. This research study shall be contracted out by the Secretary of the Department of Environment, Health, and Natural Resources on a competitive bid basis to an organization or firm that responds successfully to a ‘request for proposals’ (RFP) issued at the direction and approval of the Secretary of the Department of Environment, Health, and Natural Resources. The RFP shall be issued by the Secretary and awarded no later than December 31, 1989. November 15, 1990. The RFP shall contain provisions for quarterly progress reports to be issued by the contractor to the Secretary, who shall also make provisions for distributing reports to private entities participating in the matching-grants provision. Reports to the appropriate committees of the General Assembly shall be determined by the President Pro Tempore of the Senate and the Speaker of the House of Representatives. These funds shall be matched on a one-to-one basis by private entities by April 30, 1990. The Secretary shall appoint a special advisory panel, composed of representatives from local units of government and organizations participating in the matching grants program, to comment on contractors’ responses to the RFP. Panel members from local units of government shall be appointed so as to ensure that all regions of the State are equally represented. The Secretary, however, shall have final responsibility for awarding the contract.”
At a minimum, the waste stream analysis research study shall include scientific and statistically significant sampling of solid waste material in each of North Carolina's 120 landfills; or, the study shall contain sufficient statistically reliable data to project, at an eighty percent (80%) confidence level, the content and volume of all existing North Carolina landfills or other properly permitted solid waste disposal facilities. Based on these specific findings, additional written outcomes of this waste stream analysis shall be the following:

1. Recommended solid waste disposal policies, appropriate for regions or local units of government, that are considered practical, as well as 'state-of-the-art'; that evaluate the financial impact and energy avoidance of recycling and alternative methods of solid waste disposal, including incineration and waste-to-energy options; that are consistent with contractor's findings; that contain specific procedures for monitoring market demand for recyclable goods; that identify potential domestic and foreign markets; that propose collection, storage, and transportation strategies, for regions, and for multi-county and single-county collection, recycling, treatment, and disposal; and that identify all relevant operating costs, capital costs, and revenues derived through the sale of recycled waste stream components and energy, related to their implementation;

2. A recommended solid waste management plan, based upon the policies recommended in subdivision (1) of this section, for the State of North Carolina, or regions therein, including policies the State may consider to provide incentives for recycling facilities to locate in North Carolina; that suggest future strategies the State might consider to ensure that its investments produce measurable reductions in solid waste, offer economic alternatives to traditional landfills, and provide increased technical assistance to regions, counties, and cities;

3. The plan, as recommended, shall contain a year-by-year determination of all relevant operating and capital costs, and propose recommended appropriations and/or financing mechanisms needed for the number of years required for its full implementation;

4. Finally, the plan shall contain a specific evaluation component which shall describe criteria for measuring progress and results against the plan, and which shall be understood clearly by the general public.

The Secretary of the Department of Environment, Health, and Natural Resources shall solicit matching funds from non-State entities.

The waste stream analysis shall include a representative sample of waste disposal sites that considers such regional and county specific variables as topography, agriculture, industry, and economic base. The study shall be designed so that a statewide waste stream can be statistically defined. The analysis shall identify components and quantities of the materials in the State's waste stream and the recyclability of these components.

Based on the findings of the waste stream analysis, the study shall develop a State and local government recycling and waste management plan as set forth in G.S. 130A-309.07 and G.S. 130A-309.09. The plan shall also address the following:

1. Strategies for recycling or managing each of the waste streams identified;

2. Development of recycling plans, which may include the marketing of guaranteed waste streams, to meet the State's goal of recycling twenty-five percent (25%) of the State's waste stream by 1993; and

3. Development of county or regional waste stream profiles that shall be used for the development of model recycling plans for cities, towns, counties, and regions of the State.

The North Carolina Housing Finance Agency shall transfer the funds reallocated by this subsection to the Department of Economic and Community Development no later than September 1, 1989.

-----RURAL DEVELOPMENT PROGRAMS

Sec. 84. (a) The General Assembly finds that local capacity to plan and manage development efforts in rural areas has traditionally been impaired due to the lack of fiscal resources to attract and maintain the full-time, professional expertise required. Budget limitations and the resulting dearth of positions for planning and development specialists in rural areas have created the false impression that there is no demand for specially trained professionals to address these important rural needs. Consequently, few universities offer a curriculum tailored to the development needs of rural communities. This persistent shortage of trained planning and development personnel tends to exacerbate the already serious disadvantages rural areas face in trying to compete with the faster growing, more prosperous urban areas. The large number of relatively small units of government in rural areas with their attendant budget and staff limitations have resulted in a fragmentation of development efforts.

Where expertise, technical support, and adequate compensation are in short supply, the creation of a county-level planning and development position complete with an appropriately trained specialist can provide the focus, initiative, and direction necessary to help overcome programming deficiencies and problems of organization and coordination. By strengthening and broadening local and regional institutional capacity, rural areas will be in a better position to solve their problems and capture development opportunities.

(b) The Board of Governors of The University of North Carolina shall review the need for a two-year graduate degree program in rural economic planning and development, which may include a broad range of courses in relevant fields of study such as agriculture, rural sociology, economics, public administration, and regional development.

The Board of Governors may appoint a special ad hoc committee to advise the Board in planning the rural economic planning and development program.
Membership of such a committee should include University of North Carolina System faculty and administrators, representatives of local governments, and experts in rural economic development.

(c) The North Carolina Rural Economic Development Center, Inc., shall study the development of (i) a program to provide rural economic development internships, (ii) a matching grant program to enable distressed counties to fund development personnel positions, and (iii) an economic development scholarship loan program. Any plans for those programs shall be developed as State-funded programs in accordance with the proposals in House Bill 2253.

(d) All studies and plans to be developed in this section shall be submitted to the General Assembly by February 1, 1991.

"§ 115C-471. Fund administered by State Superintendent of Public Instruction; rules and regulations.

The Scholarship Loan Fund for Prospective Teachers shall be administered by the State Superintendent of Public Instruction, under the following rules and regulations, and under such further rules and regulations as the State Board of Education shall in its discretion promulgate:

(1) Any resident of North Carolina who is interested in preparing to teach in the public schools of the State shall be eligible to apply in writing to the State Superintendent of Public Instruction for a regular scholarship loan in the amount of not more than two thousand dollars ($2,000) per academic school year.

(2) All scholarship loans shall be evidenced by notes made payable to the State Board of Education which shall bear interest at the rate of six percent (6%) per annum from and after September 1 following fulfillment by a prospective teacher of the requirements for a teacher’s certificate based upon the bachelor’s entry level degree; or in the case of persons already teaching in the public schools who obtain scholarship loans such notes shall bear interest at the prescribed rate from and after September 1 of the school year beginning immediately after the use of such scholarship loans; or in the event any such scholarship shall be terminated under the provisions of subdivision (3) of this section then such notes shall bear interest from the date of such termination. A minor recipient who signs such note or notes shall also obtain the endorsement thereon by a parent, if there be a living parent, unless such endorsement is waived by the Superintendent of Public Instruction. Such minor recipient shall be obligated upon such note or notes as fully as if he or she were of age and shall not be permitted to plead such minority as a defense in order to avoid the obligations undertaken upon such note or notes.

(3) Each recipient of a scholarship loan under the provisions of this program shall be eligible for scholarship loans each year until he has qualified for a teacher’s certificate based upon the bachelor’s entry level degree, but he shall not be so eligible for more than five years nor after the minimum number of years required by the college or university for qualifying for said certificate. The permanent withdrawal of any recipient from college or failure of such recipient to do college work in a manner acceptable to the State Superintendent of Public Instruction will immediately forfeit such recipient’s right to retain such scholarship and subject such scholarship to termination by the State Superintendent of Public Instruction in his discretion. All terminated scholarships shall be regarded as vacant and subject to being awarded to other eligible persons.

(4) Except under emergency conditions applicable to the State Superintendent of Public Instruction, recipients of scholarship loans shall enter the public school system of North Carolina at the beginning of the next school term after qualifying for a teacher certificate based upon the bachelor’s entry level degree or in case of persons already teaching in the public schools at the beginning of the next school term after the use of such loan. All teaching service for which the recipient of any scholarship loan is obligated shall
be rendered within seven years after the completion of the use of each such scholarship loan.

(5) For each full school year taught in a North Carolina public school, the recipient of a scholarship loan shall receive credit upon the amount due by reason of such loan equal to all interest accrued upon the loan to that time plus a credit of two thousand dollars ($2,000) upon the principal amount of such obligation or such lesser amount as may remain due upon said principal; provided, however, that in lieu of teaching in the public school, a recipient may elect to pay in cash the full amount of scholarship loans received plus interest then due thereon or any part thereof which has not been canceled by the State Board of Education by reason of teaching service rendered.

(6) If any recipient of a scholarship loan who is fulfilling his obligation under subdivision (4) of this section dies within the seven-year period, or if any recipient dies during the period of attendance at a college or university under a scholarship loan, any balance that has not been discharged through service shall be automatically canceled. If any recipient of a scholarship loan fails to fulfill his obligations under subdivision (4) of this section, other than as provided above, the amount of his loan and accrued interest, if any, shall be due and payable from the time of failure to fulfill such obligations.

(7) The State Superintendent of Public Instruction shall award scholarship loans with due consideration to such factors and circumstances as: attitude, purposefulness, scholarship, character, financial need, and areas or subjects of instruction in which the demands for teachers are greatest. Since the primary purpose of this Article is to attract worthy young people to the teaching profession, preference shall be given to high school seniors in the awarding of scholarships."

---CAREER DEVELOPMENT PROGRAM TRANSITION

Sec. 97. Section 7 of Chapter 778 of the 1989 Session reads as rewritten:

"Sec. 7. Existing Career Development and Lead Teacher Pilot Programs.

(a) Notwithstanding the provisions of Article 24B of Chapter 115C of the General Statutes, Article 24D of Chapter 115C of the General Statutes, or any other provision of law, funding for the career development pilot projects and the lead teacher pilot projects shall continue through the 1989-90 fiscal year: Provided, however, that any additional compensation received by an employee as a result of the unit's participation in the pilot program for the 1989-90 fiscal year and for subsequent fiscal years shall be paid as a bonus or supplement to the employee's regular salary.

Funding of these pilot projects shall continue for subsequent fiscal years only if the pilot units successfully submit local school improvement plans pursuant to the Performance-based Accountability Program, during the 1989-90 school year and during subsequent school years.

(b) Beginning with the 1993-94 fiscal year, and for each year thereafter, the career development and the lead teacher pilot units shall receive only the amount of State funds available for school units participating in a differentiated pay plan pursuant to the School Improvement and Accountability Act of 1989; seven percent (7%) of teacher and administrator salaries and of the employer's contributions for social security and retirement, so long as they participate in differentiated pay plans in accordance with G.S. 115C-238.4; they shall receive no additional State funding as career development pilot units or lead teacher pilot units.

For fiscal years 1990-91 through 1993-94, the provisions of G.S. 115C-363.28 regarding flexible funding continue to apply to the lead teacher pilot units.

(c) The local school improvement plan for each career development pilot program shall include a schedule of modifications to the career development differentiated pay program. This schedule shall result in an incremental reduction or increase, as appropriate, in the amount of funds allocated for differentiated pay so that, for the 1993-94 fiscal year and subsequent fiscal years, the cost of the differentiated pay plan equals (i) seven percent (7%) of teacher and administrator salaries and of the employer's contributions for social security and retirement and (ii) the amount of State and local funds available for differentiated pay for school units participating in differentiated pay plans pursuant to the School Improvement and Accountability Act of 1989.

For the 1990-91 fiscal year, the total amount appropriated for the career development pilot units is $4,693,368 less than it was for the 1989-90 fiscal year. It is the intent of the General Assembly to phase out the amount appropriated for the career development pilot units by reducing the amount appropriated by equal increments over the 1991-92, 1992-93, and 1993-94 fiscal years.

The State Board of Education shall require the pilot units to modify their differentiated pay programs so that the schedules of incremental reductions or increases result in these reductions.

(d) If an employee in a career development pilot unit is recommended for Career Status I or II and that status is approved by the local board of education prior to the beginning of the 1989-90 school year, the local board of education may pay that employee a bonus or supplement to his regular salary. For the 1989-90 fiscal year only, the local board of education may use any State or local funds available to it for the career development pilot program to pay these bonuses or supplements.
(e) Effective at the beginning of the 1989-90 school year, an employee may be considered for Career Status II no earlier than his third year in Career Status I; an employee may be considered for Career Status III no earlier than his third year in Career Status II.

(f) Any career ladder pilot project in a school unit that has resulted from a merger of school units, within the last calendar year preceding the effective date of this act, may be modified by the local school board, upon the recommendation of the State Superintendent of Public Instruction and with the approval of the State Board of Education. This For the 1989-90 fiscal year, this modification shall require no more funds than allocated to the particular project by the State Board of Education from funds appropriated to the State Board of Education in Chapter 500 of the 1989 Session Laws, the Current Operations Appropriations Act of 1989. For the 1990-91 fiscal year through the 1993-94 fiscal year, the merged unit shall receive (i) the amount of funds that was previously allocated to the particular pilot project, reduced by the State Board pursuant to subsection (c) of this section, and (ii) the amount of funds it is entitled to receive pursuant to G.S. 115C-238.4(c)(1), for the portion of the merged unit that did not participate in the pilot project.

(g) No provision of this section shall be construed to allow a local school administrative unit to pay any teacher, in salary and State-funded bonus or supplement, less than it paid that teacher on a monthly basis during the prior school year, so long as the teacher qualifies for a bonus or supplement under the local differentia ted pay plan."

PRAYER BY REP. SIDNEY A. LOCKS

At 1990 Southern Legislative Conference
Asheville, North Carolina

O, Sovereign God;
Indescribable, yet undeniable, Thou Art God!
Tonight we offer Thanksgiving for our safe arrivals, successful meet-
ings, moments of repose and for your favor of hearing our prayers!

While ridged here on this particular plateau we remember that you
have given great, tried and true instruction atop and about mountains
in times past.

O, Creator, command these our hearts and our collective conscious-
ness that we may leave these mountains with a new divine balance to
be spread across each and every state in this your blessed southland.

Help us to be fearful of betraying the great trust given us by our voters
and by You. Help us to also be brave in the face of those our own
moments of vulnerability.

Save us from the mundaness of our selfless valuable work and pull us
through the temptations of divisive opportunities for self vain glory.

Lead those who “follow us” to worthy positions of purpose for the
good of all.

And follow those who “lead us” protecting them from the further de-
terioration of the integrity of the public leaders in our land.

Bless and give holy pardon to all these lobbyists. Bless this great
North state that we may be truly known as the land where people
choose to be rather than to seem.

May we be truly grateful for this food. May we be truly happy with
these our interstate friends and may we all be truly saved when in
Jesus’ second coming to establish an eternal assembly whose Speaker
and President is YOU, Sovereign, Creator, Indescribable yet undeni-
able, for thou art God.

-Amen-
Blessed God we express our gratitude for this great Nation and this
great State of North Carolina which has known good times and hard
times. We thank thee that during such times You have given us men
and women of faith, courage, conviction, devotion, and determination
and through them we have been made stronger as we worked through
depressions, wars, natural disasters, and various epidemics.

Based upon our gratitude to You, O God, and our indebtedness to
former public servants, we are confident that this honorable House of
Representatives and its sister body – The Senate – will with Your
Guidance and Inspiration and their abilities, skills, and commitments
lead us forward through the “financial agenda” to a better life.

In all that is done let us remember the familiar words ...
May the words of our mouths,
The meditations of our hearts, and
The bills which we pass bring glory to Your Name and joy to all
citizens. We humbly pray. Amen.

Gracious God, Who makes the sun to shine and the rain to fall upon
all Your creatures, we pray for Your continued guidance and blessings
upon these public officials that they may make those deci-
sions – whether popular or unpopular – that are pleasing to You and
thereby are best for all the people.

We humbly pray. Amen.

Father God — and God of our Fathers — we thank You for the
privilege of living in this challenging period of history.
All over the world there seems to be a new birth of freedom. Millions of people living in so many different nations are experiencing a new joy of being liberated. We give thanks for their excitement and pray that they may use their new freedom wisely.

We remember and pray for ourselves this day and for the land in which we live. Freedom has been our heritage for a long time. The time has come, our Father, when it seems we have become enslaved in our misuse of our freedom.

We have insisted on living without restraint and regulations and many have become slaves to our own desires which in the end have enslaved us to habits which destroy all that is good about us.

Give to us we pray, the wisdom to know the difference between good and evil and to choose the good.

Renew within us again the attitude of service to others rather than demanding all for ourselves. Lead us Father, that we may again be a caring and loving people.

Bless now in a very special way those who have been chosen by the people to serve in this place.

Give to each, wisdom and understanding, as they deal with the many critical issues facing us as a state.

Give to each strength of body and clarity of mind as they labor long and hard in this session. Mostly, give to each courage of conviction to do that which is right.

When the task is over, may it be said of each that they served their people and state well.

In Your name our Father, we breathe our prayer. Amen.

Thursday, May 24, 1990

Blessed God, help us to understand that we are in our present stewardship status not because we have tried Your ways in all things and are in need, but that we may have taken the easy ways or taken a short-view of things instead of a broad, long-range view.

Save us from ourselves for thee and our constituents. We humbly pray. Amen.

Friday, May 25, 1990

Gracious God, we thank Thee for Thy guidance during these early days of this short session, and for every evidence by this honorable
body that they are persevering – without fear or favor – to resolve on behalf of all the citizens major funding problems.

During the holiday week-end, help us to look beyond the Memorial Day ads and sales to the true meaning of honoring those United States persons who died in war.

As we return to homes today and to our duties on Tuesday, may we be alert and careful drivers. We humbly pray. Amen.

Wednesday, May 30, 1990

O Thou who hearest and answers prayers on Memorial Day as well as on all other days, teach us to pray in accord with Your will for ourselves, our families, and the citizens of this great State. And give us, we pray Thee, the insight to discern the priority of issues and the courage to support enthusiastically bills – without fear or favor – which bring more of the good life to all persons.

May we never forget that we are both accountable and responsible first to You for what we do as well as for what we should have done. Seal us for service today! We humbly pray. Amen.

Thursday, May 31, 1990

Blessed God, in these times of special stress and strain, we pray for a greater sense of serenity. And in this context we recall the words of the late intellectual theologian – Dr. Reinhold Niebuhr – who said,

"God grant me
The serenity to accept the things I cannot change,
The courage to change the things I can,
And the wisdom to distinguish the one from the other."

Help us to be and to do what You would have us to be and to do. We humbly pray. Amen.

Friday, June 1, 1990

Almighty God, the creator of the ends of the earth, with whom there is no distinction of race or habitation, but all one in Thee: Break down, we pray Thee, the barriers which separate or divide; that we may work together in one accord with each other and with Thee as true stewards.

Help us to be careful drivers as we go to our homes, and may we safely return to our legislative duties renewed in mind, body, and spirit. We humbly pray. Amen.

Monday, June 4, 1990

Dear God and Father of us all, You ordained that Governments should lead and guide your people. Before you tonight are those who have been chosen for that sacred duty.
Give them wisdom as they make decisions that will affect the lives of others. Help them to see that real wisdom comes from a heart that is open to your counsel.

Give them inspiration as they endeavor to find answers, solve problems and dream dreams. Help them to know that in partnership with you dreams can come true and visions can become realities.

Give them courage so when they are right they will be able to stand firm in spite of criticism, persecution or resistance.

Give them humility so when they are wrong they will be able to change in spite of embarrassment or pride.

Give them understanding so they will know when to be courageous and when to be humble.

They are not perfect Lord, sometimes they get it wrong. Forgive their imperfections. But Dear Lord, sometimes they get it right. Let them know the warm feeling that comes from a job well done.

And now Lord, in the mystery that is you, fill this place with your Spirit and grant that the decisions made here tonight might aid in our beloved land truly being “One Nation Under God, Indivisible, with Liberty and Justice for All”.

For we offer our prayer in the name of the one who told us that the truth would set us free. The one who is the Way, the Truth and the Life.

Tuesday, June 5, 1990

O Thou Who art high above, and yet as near as hands and feet and breathing, we thank Thee for the blessings of families and friends, worshipping in the congregations of our choices, enjoying good health, and serving the great people of North Carolina.

In these trying times of budget shortfalls, we are confident and thankful that this legislative body has a feasible solution to the monetary problems if each member truly shares his/her wisdom, without fear or favor, with all members of this honorable House of Representatives. So, we pray that each member will have the courage to be a part of the solutions of our problems and render a good stewardship to God and their constituents. We humbly pray. Amen.

Wednesday, June 6, 1990

Blessed God who has made us in thine image, and who sustains us in our failures, preserve us, we beseech thee, from presumption and despair, and grant that we may serve thee with steadiness and patience.
Accept our thanks, we pray thee, for all those persons who presented themselves as candidates for public service and those who carried out their citizenship responsibility of voting for the candidates of their choice. We humbly pray. Amen.

Thursday, June 7, 1990

Eternal God, with whom a thousand years are as one day, and who hast called us whose lives pass as a watch in the night unto thy service; help us to perform our work so it will be pleasing to you and do much towards helping persons of ages to be all they can be in your design for each creation.

Help us to remember that in your light we see life clearly and in doing your will we experience true freedom. We humbly pray. Amen.

Friday, June 8, 1990

Ever living God we thank you for the legislative week that is soon to close. From the committee meetings where there was an abundance of ideas and comments, we were informed and sometimes surprised, nevertheless, they will provide a useful foundation upon which a variety of bills will be drawn.

We pray for a safe journey to our homes and a glad time with our families and friends. We humbly pray. Amen

Monday, June 11, 1990

Almighty and eternal God, we bow before you, trusting not in our own righteousness, but in your manifold and great mercy.

We give you thanks for this good land in which we dwell and for that noble heritage dedicated to the proposition that all people are equal and possessed of certain inalienable rights including life, liberty and pursuit of happiness. We rejoice in that spirit of our forbears whose unwillingness to be wed to antiquity gave them freedom to seek a better way. Grant that we may so cherish this sacred patrimony that it may be passed to yet another generation un tarnished.

We ask your blessing upon this legislative body, convened to consider matters affecting the general welfare of our State. Grant unto these men and women your guidance that their deliberation may be quickened by conscience and shaped by moral responsibility.

May they be possessed of that nobility of spirit whose character is:

openness of purpose,
gracious in manner,
honest in effort, and
humble in judgement.
Where there is:

- conflict of interest,
- intermingling of motives,
- doubt as to procedure,
- question as to fairness,
- clash in principle,
- difference of opinion,

may they be possessed of that singleness of intent which would seek the common good.

In all our seeking, in all our longing, in all our striving, in all our effort, grant we may be possessed of the quiet mind.

To thee be the praise and the glory, both now and for evermore, world without end. Amen.

Tuesday, June 12, 1990

Wonderful Creator, God, Who hast made each one of us in Thine own image and thereby placed infinite value and worth upon every person, help us to nurture every day that spiritual aspect of our being that performs the daily direction and quality of our living.

O, God, as the years come and go, we are increasingly grateful for all persons who seek to know Your will and seriously attempt to implement Your teachings in their daily lives.

In the institutions of the family, education, and government we sorely need the leadership and commitment of more and more men and women and young people to see us through these challenging and troublesome times.

Inspire us anew to do what you would have us to do. We humbly pray. Amen.

Wednesday, June 13, 1990

O Thou Who hast been our dwelling place in all generations, the psalmist stated, “before the mountains were brought forth, or ever Thou hadst formed the earth and the world, from everlasting to everlasting Thou Art God. Let Thy work be manifest to Thy servants, and Thy glorious power to their children. Let the favor of the Lord our God be upon us, and establish Thou the work of our hands upon us, yea, the work of our hands establish Thou it”.

Guide the daily labors of these legislators; and may they experience feelings of satisfaction and accomplishment from their individual and corporate efforts. We humbly pray. Amen.
Thursday, June 14, 1990

Our Father, we ask Thy blessings upon these honorable men and women that have been elected to lead the great State of North Carolina. Endow them with divine wisdom as You blessed Thy servant of old, Solomon.

May the spirit of cooperation and support prevail between the elected and those that elect. We pray that the laws which are passed in this House will provide a better quality of life for all the people of our State.

May the love of Thy Son temper the thoughts of our hearts. May the presence of His spirit strengthen our courage. May His will prevail in everything we do.

For we make our prayer in His Name and for His sake. Amen.

The Rev. Fred Hall, Pastor
Friendship Baptist Church
Hope Mills, N.C. 28748

Friday, June 15, 1990

Blessed God, we truly acknowledge and confess our limitations of wisdom, understanding, patience, and forgiveness, and we pray that the doors and windows of our hearts and minds will be widely opened to the sunlight of Your truth which focuses upon “serving”...akin to the One Who came to serve and not to be served.

Lead us to provide and support those activities and programs which enhance a better life for our people and protect the environment in which we are privileged to live and labour. We humbly pray. Amen.

Monday, June 18, 1990

Ever-living God, unto Whom all hearts are open, all desires known, and from Whom no secrets are hid: cleanse the thoughts of our minds by filling them with loving kindness, understanding, compassion, and forgiveness. Accept our thanks for an enjoyable visit with our families and a safe return to our legislative responsibilities.

Guided by Your wisdom along with the wisdom of these dedicated Public Servants, we anticipate much progress towards resolving the challenges and problems of the day. We humbly pray. Amen.

Tuesday, June 19, 1990

Blessed God, Who hast given us such a wonderful Nation and State in which to live and to work and serve with so great people with diverse talents, skills, and abilities, and yet have basic common needs.
For that better life and world for which we pray and work, help us to remember that a first step in the direction of that goal of a better life is to be that better person – the example You would have us to be.

With your help and our determination and perseverance, we will succeed. We humbly pray. Amen.

Wednesday, June 20, 1990

O blessed God, we are reminded of a wise man of old, namely, Job, who responded to You in these words: “I know that thou canst do all things, and that no purpose of thine can be thwarted.” Like Job may we truly have our faith grounded in You and work with our heart, soul, mind, and spirit to resolve budgetary and all other problems of these days.

In our labors we express our gratitude to all staff, secretarial persons, and all others who render innumerable assistance to this honorable body. We humbly pray. Amen.

Thursday, June 21, 1990

Almighty God, Thou Who art Omnipotent, Omniscient, as well as all-loving and forgiving, truly help us to discern Your will in resolving the matters which come before this legislative body. After discerning Your will on any given bill, help us to have the courage to execute and support our convictions.

We look forward today to the address of our Governor before a joint session of the Senate and House of Representatives, and we pray that Governor Martin may share information and insights helpful to all the legislators. We humbly pray. Amen.

Friday, June 22, 1990

Eternal God, we thank Thee for this special legislative week which is coming to a close. From all the information we have been exposed to, including the Governor’s Address to the joint session, truly lead us to discern our priorities and to separate fact from fiction as that may be appropriate.

Help us to be careful and safe drivers as we return to our homes. We humbly pray. Amen.

Monday, June 25, 1990

Almighty God, Chief Lawgiver and Peacemaker, what a privilege to come into Your Presence at this time and place. We are all people who have been called, chosen, or elected and given talents for service. We praise You for that responsibility. But Lord, we know that You are the Chief Servant. Teach us and guide us, we pray, in mak-
ing better laws, keeping a stronger peace, and serving in a more dedicated way.

Many people from across our great State are represented here in this room. They are living under many different conditions and they are facing circumstances of all kinds which are changed only by concerns we have, and stands we take, and decisions we make. We ask You Lord to make each one here pure in motive, wise in counsel, and strong in action. Give grace and guidance to each member of this House that they may stand firm for truth and right.

Each time they come together, we pray that you will give to them a new spirit of human brotherhood and sisterhood. Give to them a new respect for man and woman, a new loyalty in service and love, a new sensitivity and happiness in work and new visions for life — life as You would have it.

Each one needs to rise up above all self-seeking and party zeal to the nobler concerns of public good. Lord, look around this room at all who have committed themselves to responsibility of government and leadership in our State. Breathe a new spirit into our beings. Raise up stronger leaders with a greater faith and eye on Your Great Kingdom. Our prayer is that our State might be a blessing to our United States as we all live and serve as disciplined and devoted people. Amen.

Reverend Caswell Shaw

Tuesday, June 26, 1990

I share with you today a prayer that the Rev. Peter Marshall, Chaplain of the United States Senate from 1947–49, prayed before the U.S. Senate on Wednesday, January 8, 1947.

“Eternal Father of our souls, grant to the Members and the officers of this body a sacred moment of quiet as they take up the duties of the day. Turn their thoughts to Thee and open their hearts to Thy Spirit that they may have wisdom in their decisions, understanding in their thinking, love in their attitudes, and mercy in their judgments.

“Let them not think, when this prayer is said, that their dependence upon Thee is over, and forget Thy counsels for the rest of the day.

“Rather from these moments of heart-searching may there come such a sweetness of disposition that all may know that Thou art in this place. From this holy interlude may there flow light and joy and power that will remain with them until night shall bring Thy whispered benediction, ‘Well done, good and faithful servant’.

“So help us all this day, through Jesus Christ our Lord. Amen.”

(This prayer was taken from the book, The Prayers of Peter Marshall, p. 130, edited by Catherine Marshall, published by McGraw–Hill Book Company, Inc. in 1954.)
O blessed God, we seek to give ourselves afresh to the faith of our fathers – the faith that faced great perils of creating, carving out, and protection for the people from without, and the establishment of law and order within a new nation.

Truly, these are times which try the souls of men and women in all walks of life, nevertheless, we are thankful that these public servants in this House have the ability and wisdom to continue to lead us forward towards a better life for every citizen. Where any one may need courage to share his/her convictions, may they know anew that You can supply their every need. We humbly pray. Amen.

Gracious God, we continue to marvel at the dedication, the hard work, and the numerous accomplishments of this legislative body – coming from so diverse backgrounds of education, opportunity, experience, and personal skills – but united in bringing more of “the better life” to all the people.

O God, it is neither in my wisdom nor my responsibility relative to budgetary and other matters to say that the time is fast approaching or that the time is now to act – particularly – upon fiscal matters. Some persons I hear say that it is time to fish or cut bate.

In these as well as in all matters, we recognize our limitations and ask Your guidance that we may not only do all things decently and in order but also according to Your will and therefore for the best interests of our people. We humbly pray. Amen.

Ever-present God, Who hast made Thyself known in all ages, and Who is known this day through men and women in all walks of life, as well as through the sacred writings, we lift our hearts in gratitude for all the blessings of life – opportunities for personal growth and development, and sharing our blessings with those who have special needs.

Our sympathy is extended to the people of Iran where so many lives have been lost, numerous homes and business establishments destroyed by the recent earthquake, and our sympathy is also extended to West Coast persons who are suffering great losses due to raging forest fires.

Help us to be alert and careful drivers as we journey to our homes. We humbly pray. Amen.
Eternal God, in the early days of the second half of this memorable year, we pray the prayer of the Psalmist of old; "Let Thy work be manifest to Thy servants, and Thy glorious power to their children. Let the favor of the Lord our God be upon us, and establish Thou the work of our hands upon us, yea, the work of our hands establish Thou it".

We thank Thee, O God, for the serious concern which these dedicated legislators have towards their stewardship responsibilities as elected representatives. In an atmosphere of mutual trust, respect, and cooperation, may they continue to use their abilities, skills, and experience along with Your guidance to resolve the budgetary problems and other challenges in ways pleasing to You and thus bring blessings to the people. We humbly pray. Amen.

O gracious God, the Giver and Sustainer of life, we thank Thee for these great United States of America and this State of North Carolina in which we are privileged to live, work, worship, and develop towards our full potential.

On this 214th anniversary of the signing of the Declaration of Independence and the 150th anniversary of the State Capitol, we acknowledge our indebtedness to all those men and women over the years who have worked, fought, and many died for the freedoms which we take too often for granted.

Thanks be to Thee, O God, that good government in North Carolina is not an exception but a tradition of long standing, and we are confident that this legislature with Your blessings will enrich that tradition, bring glory to Your Name, and blessings to the people. We humbly pray. Amen.

Blessed God, Who gives us this day and every day, let us rejoice and be glad for each day and the opportunity to become a more faithful steward to You as we serve others.

Today, O God, could be a special day of personal growth for each legislator as he/she participates in the discussions and debates on matters that have state-wide interest and concern.

Through democratic procedures which have been refined over the years – we believe they are in an ongoing refinement process – encourage each member to contribute to the discussions and debates from his/her reservoir of experience, wisdom, and knowledge. Wherein there may be a lack of knowledge, understanding, or courage to speak for and vote for ones convictions, we know that You can fully meet that need if one will ask and trust.
Help us to remember that we are representatives of the people, however, in final analysis we are responsible and accountable to You, O God, for what we do as well as for what we should have done but to date we have neglected. We humbly pray. Amen.

Friday, July 6, 1990

Gracious God, Who makes the sun to shine and the rain to fall upon the just and the unjust, we pray for Your continued guidance and blessings upon these elected representatives that they may make those decisions – whether popular or unpopular – that are pleasing to You and thereby are best for all the people. We humbly pray. Amen.

Monday, July 9, 1990

Ever-present, all-loving, and forgiving God, we thank Thee for the nurture, joy, and rich blessings which we experienced back home with family and friends over the week-end, along with a safe return to legislative duties.

O God, lead this House of Representatives as Your stewards to pass those bills which appropriately address the urgent needs of all the people and the environment. Grant to each person the courage to share and support his/her convictions. We humbly pray. Amen.

Tuesday, July 10, 1990

Gracious God, Who hast made each one of us in Thine own image and thereby placed infinite value and worth upon every person, help us to nurture every day that spiritual aspect of our being that performs the daily direction and quality of our living.

O God, as the years come and go, we are increasingly grateful for all persons who seek to know Your will and seriously attempt to implement Your teachings in their daily lives.

In the institutions of the family, education, and government, we sorely need the leadership and commitment of more and more men and women to see us through these challenging and troublesome times.

Inspire us anew to do what You would have us to do. We humbly pray. Amen.

Wednesday, July 11, 1990

O Sovereign Spirit of the universe, supreme in power, ineffible in majesty, Thou Who hast made us so that our hearts are restless until they find rest in Thee, forgive what we have been, amend what we are, and fill us with gratitude that we may continue to go forward under Your guidance even though we are close on funds, to be the worthy stewards You would have us to be.
For the evidences of leadership and statesmanship along with the out-pouring of patience and perseverance by the members of this legislative body, we are truly thankful. In areas wherein one person is weak may another be strong, and bringing together the weak and strong – pooling all our skills and knowledge – lead us in making our State a greater place to live, work, and continue to grow and serve in retirement. We humbly pray. Amen.

Thursday, July 12, 1990

At a time during the day when many business people don’t have time for you, our Father, we pause and say thank you for this dedicated and committed group of men and women who we set aside a brief moment to acknowledge their need for mutual divine awareness.

As they proceed with the awesome task of planning and directing the present and future of this great state of ours, grant them the integrity to resist the expedient at the expense of right, the popular at the expense of the practical.

We thank you Lord for the part you’ve assigned each of us in this great drama called life, that part we’ve assumed responsible for carrying out on the floor of this Legislative Chamber today.

Grant it Lord, that each person here will do their utmost to fulfill their obligation to the state in such a way that thou would’st be pleased and their fellowman would’st be blessed.

Hear our prayer o Lord, for it’s in the name of Jesus we ask these blessings. Amen.

Friday, July 13, 1990

Eternal God, in these waning days of an unusual and significant legislative session, we share the words of the Psalmist of old who said that O Thou Who hast been our dwelling place in all generations, before the mountains were brought forth, or ever Thou hadst formed the earth and the world, from everlasting to everlasting Thou Art God. Let Thy work be manifest to Thy servants, and Thy glorious power to their children. Let the favor of the Lord our God be upon us, and establish Thou the work of our hands upon us, yea, the work of our hands establish Thou it.

Guide the daily labors of these perservering legislators, and may they experience feelings of accomplishment and satisfaction from their
individual and corporate efforts. Accept our gratitude, O God, for the recent showers that have brought refreshment, nurture, and relief from the drought and high temperatures. We humbly pray. Amen.

Monday, July 16, 1990

Eternal God, with whom a thousand years are as one day, and who hast called us whose lives pass as a watch in the night unto Thy service; help us to perform our work so it will be pleasing to You and do much towards helping persons of all ages to be all they can be in Your design for each creation.

Help us to remember that in Your light we see life clearly and in doing Your will we experience true freedom. We humbly pray. Amen.

Tuesday, July 17, 1990

Eternal God, the Creator and Sustainer of life, we thank Thee for so great abundance of blessings which include the recent “love feast” fellowship, food, and program. Thanks be to Thee that we do not live in a community or society surrounded by a steel fence or divided by a stonewall.

Help us, O God, to show our gratitude for all Your blessings by the quality of life we live through the moral and ethical code we practice as well as by our stewardship of the peoples resources entrusted to us.

Guide us in all the matters which come before us.

May Your healing power continue to be with Representative Woodard and Your comfort to his family and friends during his anticipated recovery. We humbly pray. Amen.

Wednesday, July 18, 1990

Blessed God, we pray for Your continuing healing powers in the recovery of Representative Woodard and comfort to his family and friends. Thou Shepherd and Guardian of the people, we rejoice in the glory of this new day of labor.

May our lives so manifest the love that knows no evil that our prayers shall be no mere form of words, but the expression of souls in love with Thee and intent on helping all our citizens “to be all they can be” in mind, body, spirit, and service.

Grant us a useful day, a productive day towards resolving the issues which lie before us, not for personal gain or profit, but for the glory of Your Holy Name. We humbly pray. Amen.

Thursday, July 19, 1990

Blessed God, we seem to see some light at the end of the tunnel relative to our duties and responsibilities of this short session of the
legislature. Here we give thanks to Thee and to the legislators and their associates for all the accomplishments to date. The work is not finished, much hard work is yet to be done. Help us, we pray, to face our tasks with renewed vigor, dedication, and perseverance knowing that Your guidance and strength are available to everyone who calls upon You in spirit and in truth.

May Your healing powers continue to be with Representative Woodard and all others who are ill. We humbly pray. Amen.

Friday, July 20, 1990

O blessed God of Light and Truth, break in upon our darkness and our self content. Open our minds that we may think Thy thoughts, and our hearts that we may love as You love. Let the truth be more precious to us than pride of intellect, or the approval of men and women. Help us to annihilate, erase prejudice and selfishness in our thinking and in our daily living. Flood our being with kindness, generosity, agape love, and unselfish service. Then we will be Your more worthy servants and be instrumental in bringing greater blessings to our people.

Let Your healing powers continue to be with Representative Woodard and with all other who are in need. We humbly pray. Amen.

Thursday, July 26, 1990

Gracious God, Who hast made us so that our hearts are restless until they find rest in Thee, we are reminded of a creed by Howard Arnold Walter which many people find helpful in their quest to be a faithful steward. It goes like this:

I would be true, for there are those who trust me;
I would be pure, for there are those who care;
I would be strong, for there is much to suffer;
I would be brave, for there is much to dare,
I would be friend of all—the poor—the friendless;
I would be giving and forget the gift;
I would be humble, for I know my weakness;
I would look up—and laugh—and love—and lift.

Blessed God, many of us find meaningful spiritual strength in this creed which is conveyed in a familiar hymn.

May Your healing powers continue to be with Representative Woodard and all others who are in need. We humbly pray. Amen.

Ever living God, in these waning hours of an unusual and significant legislative session; we share the words of the Psalmist of old who said
that O Thou Who has been our dwelling place in all generations, before the mountains were brought forth, or ever Thou hadst formed the earth and the world, from everlasting to everlasting Thou Art God. Let Thy work be manifest to Thy servants, and Thy glorious power to their children. Let the favor of the Lord our God be upon us, and establish Thou the work of our hands upon us, yea, the work of our hands establish Thou it.

Guide the daily labors of these patient and persevering legislators, and may they experience feelings of accomplishment and satisfaction from their individual and corporate efforts. We humbly pray. Amen.

Saturday, July 28, 1990

“This is the day which the Lord hath made, let us rejoice and be glad!”

Almighty God, by whose grace we have come to this day and hour, we give Thee thanks for having guided us through this short session when we have passed good bills, better bills, and other bills. May our stewardship to You be worthy and our labors add numerous blessings to all the people, through health and human services, education, law and order, and the protection and care of the environment. Keep before us the adverse affects of having to cut-back/trim activities and services as well as eliminate jobs, postpone construction, and reduce funds for daily supplies in many areas.

Blessed God, help us to work for a stronger economy and promote greater efficiency in government in order to make a greater impact on unmet needs as well as shore up all areas of government as needed.

To a hearty, faithful, persevering, and usually patient legislative body, we are deeply indebted. Your accomplishments have been enhanced by the tireless labors of staff, secretaries, sergeant-at-arms staff, and others.

To our energetic Speaker, who has kept us on track over mountains, valleys, and plains with a marine corps discipline, a twinkle in his eye, and an occasional humorous comment, we are truly thankful.

May this day and all the days until we met again be used for the advancement of Your kingdom on earth. We humbly pray. Amen.

HOUSE JOURNAL
SECOND SESSION
1990
INDEX GUIDE

Following each bill title, the last action or present status of said bill is indicated. For example, a bill ratified will be followed by its chapter number in the Session Laws. If the bill remains in committee, the name of the committee is so noted. If the bill has passed the House and been sent to the Senate, this is indicated by the word “Senate”. If a bill has an identical Senate or House bill, that identical bill number appears in parentheses preceded by “H” or “S”.

All bills dealing with funds are indexed under Appropriations Public and Appropriations Local. All local non-appropriation bills are indexed under individual counties.

Individual members’ leaves of absence are reflected on the first page of each daily journal following approval of the preceding day’s journal.

A list of bills introduced by each member is found in the appendix.

The following is a guide to committee abbreviations:
