Mr. Graham, of Orange, on behalf of the Committee on Judiciary, submitted the following report in response to a resolution offered by Mr. Merrimon on 23d November:

RESOLUTION.

WHEREAS, His Excellency, the Governor, in his message, among other things, in reference to the Constitution and salaries and fees, says:

"The Constitution is not to blame for the high salaries and
fees paid to various State and County Officers” * * and “there is nothing in said instrument which fixes salaries and fees.” * * *

*Now, Therefore Resolved*, That the Judiciary Committee be instructed to enquire whether under the Constitution the salary of the Governor may be reduced to the sum of three thousand dollars per annum, the salary of the Treasurer to two thousand dollars per annum, and the salaries of the several Judges of the Supreme and Superior Courts to one thousand nine hundred and fifty dollars per annum, and report by bill or otherwise, November 23d, 1871.

REPORT.

Judiciary Committee of Senate, November 24, 1871.

The committee report that section 1, article 2, of the Constitution—“Executive Department”—provides that “the officers mentioned in this article shall, at stated periods, receive for their services a compensation, to be established by law, which shall neither be increased or diminished during the time for which they shall have been elected;” and also section 23 of article 4, “The General Assembly shall prescribe and regulate the fees, salaries and emoluments of all officers provided for in this article; but the salaries of the Judges shall not be diminished during their continuance in office.” The salaries of the officers mentioned in this resolution were fixed by the Legislature of 1868-'69, and cannot be reduced by the present Legislature. The Constitution is to blame for the continuance of the high salaries paid to the officers named in the resolution, and there is something in the said instrument which, in the opinion of the committee, prevents the reduction of such salaries during the term of the present incumbents.

The committee asked to be discharged from the further consideration of the subject.
The committee was discharged from the further consideration of the subject.

The Senate then adjourned.

The Chair decided the point of order to be not well taken, and that objection having been made, the question now before the Senate was whether the paper writing should be received.
