At a General Assembly of the State of North Carolina, begun and held in the city of Raleigh, on Wednesday, 8th day of January, A. D. 1879, it being the day appointed by law for the meeting of the General Assembly, the Honorable Thos. J. Jarvis, Lieutenant-Governor, took the chair, and called the Senate to order.

The following Senators elect presented their credentials and were qualified according to law, to-wit:

1st Senatorial District, R. White.
2d " J. T. Respass, J. T. Waldo.
3d " G. D. Holleman.
4th " Henry Eppes.
5th " Frank D. Dancy.
6th " E. A. Moye.
7th " W. T. Harris, R. W. King.
8th " Edward Bull.
9th " J. W. Shackleford.
10th " W. T. Dortch, J. A. Bryan.
11th " W. P. Ormand.
12th " R. K. Bryan.
13th " Asa Ross.
14th " R. Ward.
15th " D. P. McEachairn.
16th " N. S. Stewart.
A quorum being present, the President announced the next business in order was the election of a Secretary of the Senate.

Mr. Leach placed in nomination Robt. M. Furman of Buncombe.

Messrs. Waddell and Everett were appointed tellers.

The Senate then voted as follows:

*For Mr. Furman—Messrs. Alexander, Alston, Austin, Bledsoe, Brower, Bryan of Duplin, Bryan of Pender, Bynum,*
Caldwell, Dancey, Davidson, Dillard, Dortch, Erwin, Everett, Graham of Lincoln, Harriss, Henderson, Hoyle, King, Leach, Lyon, Matheson, McEachairn, Mebane, Merritt, Moye, Nicholson; Ormand, Redwine, Respass, Robinson, Scales, Shackleford, Snow, Stewart, Taylor, Waddell, Waldo, and Williamson—40.

Mr. Furman was declared elected.

The Senate then proceeded to the election of a Reading Clerk.

Mr. Bryan of Pender, placed in nomination Mr. Platt D. Cowan of New Hanover.

The Senate voted as follows:

Mr. Cowan was declared elected.

The Secretary and Reading Clerk were sworn in.

The Senate then proceeded to the election of Principal Door Keeper.

Mr. Shackleford nominated Mr. H. D. Murrill of Onslow.

The Senate voted as follows:

Mr. Murrill was declared elected.
The Senate then proceeded to the election of Assistant Door Keeper.

Mr. Caldwell nominated Mr. W. V. Clifton of Wake.

The Senate voted as follows:

Mr. Everett voted for Mr. Anderson Douglass.

Mr. Clifton was declared elected.

The Door Keeper and Assistant Door Keeper were sworn in.

The Senate proceeded to elect an Engrossing Clerk.

Mr. Graham of Lincoln, nominated Mr. J. S. Tomlinson of Catawba.

The Senate proceeded to vote as follows:

Mr. Tomlinson was declared elected, was qualified and entered upon the duties of his office.

On motion of Mr. Robinson, a message was ordered to be sent to the House of Representatives informing that honorable body that the Senate was organized and ready to proceed with business.

Mr. Williamson moved that the Senate adjourn until tomorrow at 10 o'clock.
Mr. Leach moved to amend by inserting "12 o'clock." Lost.

Mr. Bynum moved to amend by inserting "11 o'clock." On a division the amendment was adopted, and the Senate adjourned accordingly.

SECOND DAY.

Senate Chamber, Jan. 9th, 1879.

Senate met pursuant to adjournment, President Jarvis in the Chair.

Journal of yesterday read and approved.

Senators Mitchell of the first, Black of the 25th, and Graham of the 26th districts, presented their credentials, qualified and took their seats.

On motion of Mr. Dortch, the rules of the last Senate were adopted for the temporary government of the Senate. Also, on his motion, a committee of three was appointed to act in conjunction with the presiding officer of the Senate, and report rules for the permanent government of the body. Messrs. Dortch, Robinson and Scales were appointed the committee.

Under the call of

BILLS AND RESOLUTIONS,

Mr. Merritt introduced S. R. 1, to invite the clergy of the city to open the daily sessions of the Senate with prayer. The Secretary was ordered to inform clergy.

Mr. Dortch, S. R. 2, resolution of instruction to the committee on Internal Improvements in regard to railroads.

Message from the House, announcing its readiness to proceed to an election of Enrolling Clerk; that Messrs. A. D.
Brooks of Alamance and W. K. Price of New Hanover were in nomination, and Messrs. Carter of Buncombe, Armstrong and Harrison were tellers upon the part of the House. The Senate proceeded to vote as follows:

Mr. Moye introduced S. B. 17, bill to amend chapter 105, laws of 1876-'77. Calendar.

Mr. Scales, of Senate branch of joint committee to wait on the Governor, reported his Excellency would communicate with the Senate at 1 P. M.

On motion of Mr. Davidson, S. B. 6, bill to restore to judgment debtors the exemptions to which they were entitled prior to the adoption of the Constitution of 1868, was ordered to be printed.

On motion of Mr. Mebane, the Senate took a recess for thirty minutes.

At one P. M., the President called the Senate to order.

Mr. Waddell, of tellers to count vote for Enrolling Clerk, reported Mr. Brooks as having received one hundred and thirteen votes, Mr. Price thirty-two, and Mr. Douglas twelve. Mr. Brooks was declared elected.

Message from the House transmitting to the Senate the message of his Excellency, the Governor, with the accompanying documents, with a proposition to print.

The Secretary proceeded to read the message, as follows:
THE GOVERNOR'S MESSAGE.

To the Honorable the General Assembly of North Carolina:

In compliance with the Constitution and the time-honored custom of my predecessors, I have the honor to greet you as the representatives of the people and to confer with you in regard to the state of our Commonwealth. To an Executive desirous of serving well his State, the meeting of the General Assembly is always the occasion of rejoicing, as it not only brings to his aid the wise counsels of legislators fresh from their constituents, but relieves him of much embarrassing responsibility. I therefore gladly welcome you to the capital, and promise to co-operate most heartily with you in devising means to promote the public good.

It is known to you that, owing to causes which I need not here attempt to elucidate, the people of the United States—and in a great measure of the civilized world—have been for some years past, and still are passing through a period of most remarkable financial trouble, producing everywhere much distress and even disaster. Of course North Carolina has shared these calamities, and her prosperity has been retarded as has that of others. But I believe I can truthfully say that she has suffered as little, if not less, by these hard times than her sisters. Looking at the whole State and comparing her condition with others, we have abundant reason to be thankful and take courage for the future. The public health has never been better, whilst the pestilence has played with pitiless fury among the homes and pleasant places of our Southern and Western neighbors, especially of our great daughter, Tennessee. The profoundest quiet and most reverential obedience to legal authority have prevailed throughout our borders, while, robbing and defiant lawlessness have disturbed the peace of many States north and west of us, accompanied both by arson and bloodshed.
The crops of the last two seasons have been excellent, and the means of subsistence have never been more abundant and cheap. The industry of our people has been notably increased and diversified; their farms, stock and agricultural implements show considerable improvement; and while the production of our cash staples has steadily enlarged, the amount of breadstuffs purchased abroad has visibly diminished. This is an undoubted evidence of progress. But manufacturing enterprise and the legal class of speculation requiring more capital have not equally advanced, owing to the financial derangement referred to, in consequence of which there has been some distress among our mechanical population, and prices of all products, including labor, have ruled low.

Remembering that North Carolina is pre-eminently an agricultural State, your legislation should be directed towards the improvement of that interest mainly. In this connection, I beg to call your attention to the fact that the first and perhaps greatest need of an agricultural people, thinly scattered over a wide extent of territory, is that of good highways and easy transportation for persons and products. As a general rule, from the lowland belt westward the highways of our State are as bad as, if not worse than, any to be found in the Atlantic States. The old system of locating them and keeping them in repair, adopted by our fathers more than a hundred years ago, is still in use, though its utter inefficiency for nearly that length of time has been apparent. Of the inconvenience, cost and depressing tendency upon all industry which such roads occasion, I need not stop to remind you; I shall only beg your earnest attention to the necessity for a change, and express my decided opinion that no permanent prosperity need be expected unless this grievous evil is remedied. Certain great leading thoroughfares through the most convenient centres, and all pouring into the nearest railroad lines, might be cheaply and thoroughly constructed by convict labor, the counties
through which they pass supporting the convicts. And as to the other roads discharging into these, I advise that some other method for their construction and repairing be devised.

I am happy to be able to state that an increased interest is manifested among all classes in popular education. This is, I believe, mainly due to the action of the last Legislature in appropriating money for the establishment of Normal Schools. In accordance with the law the Board of Education established one for the whites at the University and decided to locate one for the blacks at Fayetteville, in a building tendered by the colored people of that place. They were established on somewhat different systems, regard being had to the circumstances of each race. It was considered that the white race had already many educated teachers who simply needed instruction in the art of teaching, while the blacks needed teachers instructed in both the elements of learning and the art of teaching. For the one therefore a six weeks school was held at Chapel Hill during the summer vacations, and for the other a permanent school was established in Fayetteville. Both have been remarkably successful—at the first session of the white school 225 teachers attended, and at the second one—the past summer, more than 400 teachers were present, representing about sixty counties. An excellent corps of instructors were employed, the University gave the use of its buildings, its libraries, laboratories and apparatus. The railroads very generously gave reduced rates, the agent of the Peabody fund supplemented the appropriation with a handsome donation, and every dollar that could be spared was used to equalize the benefits of the State's bounty by paying the traveling expenses of the more indigent. Lectures by distinguished citizens of the State on popular themes were delivered almost daily with the best results. The undoubted effort of the whole was to arouse an enthusiastic interest in behalf of popular education among a large portion of our people, and
to excite a spirit of honest pride in their noble calling among all the teachers present, which will, it is hoped, do much good. The accompanying report of President Battle is referred to for particulars. The colored Normal School at Fayetteville was put in charge of Mr. Robert Harris, a native colored man of excellent character and capacity, supervised by a board of local managers selected from the best business citizens of the town who took a great interest in its welfare. It has been managed with unexpected success. The first session opened with fifty-eight pupils, about forty of whom have received certificates as teachers, some of high grade; the second year began with seventy-four pupils, and is now in progress. The same donation was made to this school by the Peabody Fund as to the white school, and the same scheme adopted to equalize its benefits. The reports of Mr. Harris, to which you are referred, will be as surprising as I am sure it will be pleasing to all who desire the real welfare of our colored citizens.

I sincerely hope the appropriation for both schools may be renewed, and the law be made to embrace both sexes. For though females have attended both schools by permission, yet the Board of Education did not feel at liberty to expend any State money in their aid, which appeared a little ungallant for so Christian a people as ours, who are so well aware that as a general rule our female teachers are better than the males. The excellently worded memorial of the teachers themselves, which accompanies the report of President Battle, is especially commended to your favor.

BOARD OF AGRICULTURE.

The establishment by the last Legislature, in pursuance of the Constitution, of a Department of Agriculture, was a very important step indeed to the welfare of this State. As was to have been expected the law has in some respects proven defective, and will require some amending at your hands,
but in the main it is an admirable one. It is the first special effort ever made in the direct interest of agriculture, and has been hailed by our farming people with great satisfaction. So far this Bureau has cost the people nothing, the tax on the license to sell fertilizers having yielded sufficient revenue for all its purposes. As soon as possible after the passage of the law in 1877, the organization of the Board of Agriculture was completed by the election of the two intelligent farmers who now occupy seats in it; a Commissioner was elected, a Secretary and Treasurer chosen, and work began immediately. For the results of the first two years I refer you to the accompanying report of the Commissioner, Col. L. L. Polk, which sets out everything in detail. I regard the beginning as excellent. The chief difficulty in the way of doing any new thing among a people so conservative as ours is in securing their prompt co-operation. It was found very difficult at first to awaken an active interest in the operations of the Bureau, but the impression once produced is lasting and enlarging. Special attention has been given to the analyzing and classification of fertilizers, including marls; to the restocking of our rivers with fish, and the preparation of a hand-book of information concerning the State and its resources. Much good has been effected, I am sure, and an interest excited that will lead to still more. A serious drawback to fish propagation is the numerous dams and obstructions of the streams; and public sentiment is in many places prevented from bearing upon the owners of these obstructions by the sneers of the ignorant and the incredulous. This will disappear when the results are seen, and the laws passed in aid of this important matter will then be helped in their execution by a wiser popular opinion. The trouble with regard to the preparation of a proper hand-book has been the actual impossibility of getting statistics. The duties required of tax-listers under the 6th section of the act establishing the Department, have been in seven cases out of ten evaded or openly and defiantly re-
fused. Additional legislation is needed to make this law effectual. And in this connection I beg permission to remark generally, that the vital defects of our laws lies in the machinery provided for their execution. The general tenor of our legislation is excellent, as all who philosophically examine our statutes for a hundred years past will confess; but a large portion of them—often of a most beneficent character—lie dormant and inoperative. There is no power given to the Chief Executive, or any head of a Department, to quicken the dilligence or rebuke the criminal neglect of his subordinates; and many of our best laws take the chance of the local favor or disfavor with which they may be regarded, and are alive or dead as that may be. Proof of this is found in the number of new statutes in relation to subjects concerning which excellent ones are already in existence. It is not a good thing or a healthy sign, perhaps, for a people to multiply greatly their list of criminal offences, but for the curing of this serious defect in the administration of our laws I can see no better way than the imposition of heavy penalties for the omission or refusal, on the part of any public officer, to perform any duty which he is required to perform. It has not only been found impossible to get the statistics required under the act establishing the Board of Agriculture, as before remarked, but also to get proper and timely returns from the county school boards and managers; whilst several counties in the last election for Congressmen failed to send full and proper returns of the votes cast, and some even failed to return any at all; and so on through the list. It is to the last degree discouraging to those who earnestly desire to do something for the public good to find that those whose special duty it is to help will not do so, and can refuse to do so with impunity.

As to the work of the Agricultural Bureau, I desire to call your attention to the subject of our forests. I will not undertake to point out the many and most important functions which they fulfill in the economy of nature, and which
the investigations of scientific men are every day bringing to the attention of the world, but will content myself with referring to them as a source of wealth, health and fertility, and to the fact of their rapid and wasteful destruction. Depleted as they are, our forests are to-day, perhaps, worth more intrinsically, properly managed, than the lands they stand upon; whilst the value of those especially which shadow the highlands round about the sources of our rivers is simply incalculable considered with reference to rainfalls, destructive floods, &c. The proof of this is plain to any one who has observed the condition of those valleys whose hill-sides have been entirely stripped of timber and converted into that shame of Southern agriculture—old fields; and yet, in the face of the increasing value of timber and the decreasing value of the lands from which it is ruthlessly swept, the destruction goes on. Many counties already feel the evil keenly, and not many years hence, if some remedy be not applied, the outcry will be general. I confess I do not see my way clear to that remedy. I am aware of the difficulty and the danger of interfering with the owners' legal right to do what he pleases with his own. If he sees proper to cut down all his timber, dry up the springs which feed our streams, and precipitate his soil into their channels, changing their currents and deluging all the low lands below him, and impoverishing himself and his children, I can't see how he is to be hindered. But the people of other nations are finding means by bonuses, exemption from taxation and other devices to restore the forests and denuded lands; and many of our counties are adopting laws, with regard to inclosing the lands, the effect of which is to reduce the expenditure of timber for farming purposes to the minimum. As guardians of the interests of an agricultural people, I commend this whole subject to your serious attention. I am requested by the Board of Agriculture to say that they concur in the recommendations of the Commissioner.

I call your special attention to the report of Dr. Ledoux,
Director of the Fertilizer Control Station. It is gratifying in the extreme, you will perceive, that the quality of the Fertilizers sold in the State has steadily improved, and the marked value of the improvement amounts to more than $100,000 in two years! This is caused obviously by the fact that, knowing their wares were to be subject to a rigid scientific test, the dealers were careful to make them come up to the mark, and many others have quit the market altogether.

PENAL AND CHARITABLE INSTITUTIONS.

I am happy to say that the affairs of the Penitentiary and the two Asylums have been well managed by their respective Boards, and are in a satisfactory condition. The Deaf and Dumb, and Blind Asylum makes perhaps a more satisfactory exhibit than it has ever done since its establishment. With a large increase of pupils there has been a decrease of 16 per cent. in the total of expenses. As you will see by the Superintendent’s report, with a reduced appropriation from former years, the Board of this Institution have saved $15,056.12 out of the amount, with which they have erected an elegant and much needed addition to the main building, at a cost of $7,576.55, and have still to their credit in the Treasury $7,489.57.

Though results have not been quite so satisfactory with the Insane Asylum, yet, on the whole, it has done well. Notwithstanding the number of its inmates have increased, and some extraordinary and costly improvements have been made, expenses have been kept down, and it has lived within its appropriation. I recommend that the board be authorized to build upon the grounds a separate residence for the superintendent, and that his pay be fixed in cash as are the salaries of all the other principal officers of the various institutions of the State. I also recommend the repeal of section 29, chapter 6, of Battle’s Revisal, under which the
State pays for transporting all patients to and from the Asylum, to whom the clerks of the Superior Courts will give a certificate that they have not property sufficient to pay their own expenses. Under that act the State is often imposed upon shamefully. It is the nature of public charities to invite such abuses, custom legitimates them and they become a base for still greater abuses. The only safe way is to use the knife promptly on their first appearance. It is known that much of the laws, as they now stand, on the statute book in relation to each of the Asylums and the Penitentiary, was abrogated by the decisions of the Supreme Court in the litigation concerning their management about 1872, and some legislation has been had since in consequence thereof. The laws now have to be read with the decisions of the Court to arrive at their meaning. Implication also has to be resorted to in order to supply deficiencies. This makes it extremely inconvenient for the Board and all concerned, who sometimes have to consult counsel before performing a plain duty. I recommend that the various acts regulating these institutions be re-enacted, striking out those features declared void by the Court, and the whole simplified and connected so as to be easily understood by all.

The work on the Western Insane Asylum has been fully commensurate with the appropriations. The report of the Commissioners will give all the particulars. No work ever undertaken for the State has been done better or more cheaply, and when finished, all its surroundings considered, it will, in the opinion of many, be the most desirable institution of the kind in the United States. I trust that a sufficient appropriation will be made to finish the wing now so near completion, and furnish it for the reception of patients. This can be done at an early period of the summer of 1880, and will give much relief to many distressing cases which cannot find room in the Asylum at Raleigh.

For reasons well known to all who are acquainted with
the state of the Treasury, but little has been done toward providing an Asylum for the colored. An appropriation of $20,000 was made by the last Legislature, but no tax was levied to raise money, and at an early day the Treasurer notified me that he could not pay my warrants. Unwilling to do nothing toward an object so much needed, I appointed a Board of Commissioners, as the act required, and requested them at least to select a location and make a beginning. After proper deliberation and examination the Board finally located the Asylum near Goldsboro, as being near the centre of our colored population, and purchased a beautiful site containing 170 acres on the railroad and Little river, within one mile of the town, for $5,000, a large part of which is farming land. A design has been accepted and the foundation of the building laid, as will appear by the report of the Commissioners. It now remains for you to provide the means to erect the buildings, which I respectfully recommend be done. The care of our insane is a heavy and growing burden, but humanity and the constitution are alike imperative that it shall be done at State expense. Let us not try to evade a plain duty, but face it manfully, using due care to prevent extravagance and waste in the manner of doing it.

THE PENITENTIARY.

The Penitentiary system of dealing with our criminals is comparatively new in this State, and as it is now by far the most costly of all our institutions, and is almost daily becoming more so, everything pertaining to it is deserving of your earnest attention. The main idea of such a system is to punish offenders with hard labor, either to reform or deter them and others from the commission of crime. The economic problem is to make this labor support the institution. The plan adopted at present is much more than doing this if the work being done by the convicts was paid for in
The number of convicts now on hand and their distribution is shown by the report of the very competent and energetic Board of Directors and Superintendent, sent herewith. The able force kept in the enclosure has been constantly employed upon the walls and buildings, and by placing a cash valuation upon the work done, it will be seen that they have earned handsome wages over and beyond their keep. The returns from those engaged on the various railroads show greater wages, valuing their work by engineers' estimates. These estimates are very liberal toward the company for whom the work is done, yet it will be seen that the convicts have earned more than four times the minimum fixed by the Legislature at which the companies should be charged.

**VALUE OF CONVICT LABOR.**

From this we may draw some valuable conclusions:

1. That convict labor is almost if not quite as valuable for road construction as hired labor.

2. That convict labor is more valuable used in this kind of work than employed at trades and mechanical work in close confinement.

3. That the health and general tone of the convicts is better in outdoor work. Influenced by these considerations I am induced to say, that in my opinion, it is our policy to provide labor for them on public works altogether, after the completion of the Penitentiary buildings, leaving within its walls only such as from feebleness or the nature of their crimes cannot be sent outside. In addition to the completion of the roads begun by the State, and to which labor has been already assigned, there are a number of local railroads and turnpikes greatly desired in many parts of the State, and valuable swamp lands to be drained, at which convicts might be employed with great profit to the State, the counties or communities supporting the convicts. I
think that whenever any county or community will obtain a charter for building a railroad or a turnpike, or draining a swamp, or dyking a river, and will undertake to support the hands, they should be given the convict labor. There are many fertile valleys of greater or less extent, remote from railroad facilities, such as the great valley of the Yadkin from Salisbury to Patterson, where well-to-do farmers I am sure would be induced to attempt the building of narrow gauge railroads if they were given the necessary labor; and many excellent turnpikes would be constructed as feeders to our railroads, and many rich swamps might be drained in the same manner. In this way the increasing cost of the Penitentiary would be kept down, and a vast benefit to the people be accomplished.

DYKES FOR THE ROANOKE.

As a further illustration of this idea, I beg leave to call your attention to the situation of that rich and once productive region, the Roanoke country below Weldon. At one time the Egypt of our State and a source of great wealth to our people, those splendid and inexhaustible lands are fast becoming a wilderness by reason of the destruction of the levees which confined the Roanoke within its banks. In the demoralized state of labor there and the reduced condition of the planters, it has been found impossible to replace them, and the whole region will be lost to the State for generations if something is not done to reclaim it. If the counties or citizens interested will undertake to support the convicts and their guard, I recommend that sufficient force be furnished them to rebuild those levees, and thus rescue that important portion of our State from ruin, and enable the citizens thereof to recover their prosperity, and increase greatly the public wealth. It is entirely practicable as I am informed.
RAILROADS.

The public works have been pushed forward with energy and economy. I regret exceedingly that the management has not been able to have the cars on the Western North Carolina Railroad running across the Blue Ridge by this time, as was confidently expected when your predecessors adjourned. No energy or determination has been wanting, but insuperable obstacles were found in the nature of the country and the insufficiency of funds. Naked labor can make little progress in such a work as cutting a railroad track through our Western mountains, unaided by all the modern appliances and material now used in such operations, and which cost more money than the company could command. Owing to the geological peculiarities of the formations through which the track is cut, vast slides of earth and rock, some of them as great as fifteen acres of surface, have been continually falling into the track as fast as it could be removed. But the work is now almost done; daylight is nearly through the great tunnel. In a few weeks from this day the engine will pass the summit, and the track can be completed to Asheville easily by midsummer.

Owing to the condition of the Treasury, I did not purchase the whole amount of iron which I was authorized by law to buy, though greatly tempted to do so by the low price for which it was offered. About twelve miles of rails only were purchased, the cost of the whole being a little over $75,000. The remainder of the appropriation will furnish the iron necessary to reach Asheville unless it should rise greatly in the market. By the reports of Maj. Wilson, President, it will be seen that the earnings, by his estimates as engineer, of 427 hands (about the average number furnished him) have been nearly $100,000 per annum, or $200,000 for the years 1877-78, being about $236.00 per annum per hand, gross. The cost of supporting,
guarding and overseeing them has been for the same time about $98,000. Their health has been excellent. As nearly as can be ascertained their net earnings, deducting everything, and including the sick, the women and all others not at work on the road from any cause, is $121.50 per hand.

On the whole the experiment of constructing that road by the convict labor has been a success. I hope it will be continued, the number kept up and every necessary step taken by your body to finish the road to its Western connections as heretofore agreed upon.

The squad of hands employed on the Georgia and North Carolina Railroad has finished grading to the town of Murphy, in Cherokee county. I have received no official report of the work.

Col. L. C. Jones, President of the Western Railroad, makes a very flattering report of the progress of the work done by the convicts on his line. Having determined to extend it in the direction of Greensboro, the company began work at or near Egypt, in March, 1878, with 100 convicts, and there is a good prospect of soon seeing this road completed to Greensboro. It will open out a fine section, and be a great benefit to the country through which it passes, to Fayetteville and to Wilmington. The hands on this road have earned net about $... per head.

The Chester and Lenoir Narrow Gauge Railroad Company has finished its line to Dallas, in Gaston county, and the grading to Newton, on the Western North Carolina Railroad. From that point to Lenoir the greater part of the grading is done, and the work is being pushed with energy. They have been furnished with fifty convicts, and the number has been kept up. I cordially commend this enterprise to your favor.

It is reaching out in a direction perhaps more important to the welfare of the State than that of any other railroad, except the Western North Carolina. It not only points towards the most remarkable and extensive iron and copper
mines in the South—Cranberry and the Ore Knob—but also the salt, lime and plaster deposits of Washington county, Virginia, the cheap importation of which would probably do more to renovate the agriculture of our State than anything which could perhaps be devised. I regret to say that work on the Spartanburg and Asheville Railroad has been suspended, just as it has attained the crossing at the Blue Ridge, into the beautiful valley of the French Broad. Two hundred hands had been kept with that company, under a contract made before I came into office, at a small hire, which contract was respected by my board until last September, when, finding the company in a failing condition and unable to pay, the hands were withdrawn and placed on the Western North Carolina work, beyond the Ridge.

The Atlantic and North Carolina Railroad has been environed with difficulties ever since my accession to office, some of which were called to the attention of the last Legislature. A suit begun in the State courts to impeach the validity of the mortgage bonds, on the ground of usury, was followed by a counter suit, in the Federal court, to foreclose the mortgage and sell the road. These have at length been compromised, on terms which it is thought will enable the road to live and meet its interest promptly hereafter, the accumulated interest being funded, and time of payment extended, the bondholders surrendering $10,000 of bonds and coupons to be cancelled. When it came into the hands of the present board, it was apparently in the last extremity of exhaustion. Its road-bed, track and bridges worn out and unsafe, its rolling stock run down, its employees unpaid, its interest really twelve months in default, and a floating debt of about $27,000 due—all this has been changed. The road-bed, bridges and rolling stock are now much improved; the floating debt has all been paid, employees are paid off weekly, arrangements made to adjust its bonded debt, an old tax debt due the United States compromised at $6,500, is being paid at the rate of $500 per month, $1,500 being
already paid; and the President reports $10,000 in the treasury on the 1st of January to meet the interest when the first installment becomes due in July next. Its gross receipts for 1877 were about 12 per cent. greater than the year previous, and up to date of report were still greater for 1878. These are certainly very gratifying results, and give positive assurance that the road can take care of itself, if run on business principles and by business men. It is a source of much regret to me that the plan adopted by the board, and approved by me, to reach this end caused such local opposition, and subjected all concerned to the imputation that the great desire of the Board and myself to save the State's property was pursued without due regard to private interests. I believe and earnestly hope that when results are seen, these unjust impressions will be removed.

ANGOLA BAY.

It is also a source of regret that the work of cutting a canal through Angola Bay was not undertaken as provided by law. The Board was ready to do so at my request, and offered the convicts; but found it practically impossible to do the work, owing to the omission of the act to provide the necessary means for its execution, there being authority for neither a survey to be made, overseers to be employed, nor implements to be purchased by the Board. A little amendment to the law in this respect will enable the work to be done promptly.

NAVIGABLE WATERS.

It is gratifying to see that the General Government has begun to take an interest in the improvement of our navigable waters. Surveys of the Neuse, the Yadkin and the Catawba are in progress or contemplation; and if reported upon favorably, I would suggest that a resolution of
your honorable body in this behalf would materially strengthen the hands of our representatives in Congress in obtaining the necessary appropriations.

FINANCIAL.

The Treasurer's report will engage your earnest attention. You will see that whilst the utmost economy has been practiced, yet the funds in his hands have not been sufficient to meet all the objects provided by law. The reason is simply that the last Legislature increased the appropriations without increasing the taxes. But little over half of the $140,000 appropriated to buy iron for the Western North Carolina Railroad has been expended, none of the $20,000 appropriated to the Colored Insane Asylum, whilst $15,000 of the sum given to the Western Insane Asylum was paid out of this year's taxes. All other small items which could be so postponed have been carried over into this year's account, in order that the Treasurer should not be compelled to borrow. This deficiency, it will be noted, is only in regard to the special appropriations, and is to some extent attributable to the lengthening of the fiscal year from October to January. It is to be regretted, and I have no doubt is very surprising to the Finance Committees of the last General Assemby, who thought the tax bill would yield sufficient revenue; and so it would, and more, under a better scheme of assessment. I cannot conceive it possible to devise one which would operate more unequally, unjustly or prejudicially to the Treasury. The rule for every county, town and township is different, and the values of property situated in the same locality and of the same character, are as variant and unequal as the avoided, arbitrary, and often indifferent opinions of the assessors may chance to be. Very little property is assessed to anywhere within the neighborhood of its value; but that does not matter; the essential idea is to have the assessment bear the same uniform proportion to
the true value of the property taxed. Unless this is secured, one man pays a vastly higher tax than his neighbor, and one township or county than the adjoining township or county, and it is in the power—and often happens in practice—of the county assessors and commissioners to defeat the will of the Legislature by lowering the assessments. It becomes also a heavy tax on honesty, and compels the conscientious man to pay sometimes double or treble the tax paid by his less scrupulous neighbor. A remedy for this evil is demanded alike by justice and good policy. What that remedy shall be your wisdom must devise. We do not want an increase of taxes, but an equalization of taxes, and a faithful collection of those which are levied. My own opinion is, that the Treasurer, Auditor, or other State officers, be authorized to act as a State Board of Assessors, with power to supervise and equalize the assessment of the county officials whose lists should be submitted to it; and it should have authority to summon witnesses, hear testimony, &c., and if the county assessors were chosen by this State Board it seems to me we would almost have a guaranty that uniformity could be secured.

So, too, some disposition should be made relative to the lands sold for taxes and bought in for the State. For ten years these lands have been accumulating, until, as the report of the Secretary of State informs me, there are now in his office sheriffs' deeds for 1,756 tracts and lots of real estate, representing taxes to the amount of nearly $17,000, on which the time for redemption has expired, and the State's title is absolute. In most cases the owners continue happily in possession, whilst their defaults go to swell the taxes of their neighbors. I refer to the Treasurer's report for a statement of the annual expenditure of the government, which is clearly set forth as to need no comment from me.

PUBLIC DEBT.

The public debt, it will be seen by the Treasurer's report,
amounts to $16,960,045 principal, and $10,160,182.25 interest. This is known as the recognized debt, as contradistinguished from the special tax bonds. What shall be done with it is a question that deserves your best consideration. It is out of the question for us to attempt to pay it at its face value. Indeed I do not conceive that there is any moral obligation on us to do so; nor do our creditors expect it of us. Quite one-half of our property upon which our bonds were based was wantonly destroyed by consent of a large majority of those who held them, and no court of conscience upon the earth would permit a creditor to destroy one-half of his security, and claim full payment out of the remainder. But we can and should pay something. The resolution of last session constituting the Governor, Treasurer and Attorney-General a committee to confer with our creditors gave no power to make or accept any proposition whatever; and so an invitation to visit New York to confer with the holders of our bonds was declined, as the accompanying correspondence will show. Besides this no attempt to open negotiations with us has been made. But I have grounds to believe that very reasonable terms indeed can be obtained if we evince a determination to settle the question and be done with it. I refer exclusively to what is known as the "recognized" debt. So far as the special tax bonds are concerned, my opinion as expressed to your predecessors remains unchanged—that they are not binding either in law or good morals, unless it may be as to a very small fraction honestly appropriated to the State's use and accepted by her. For one I vow my readiness to co-operate with you to the full extent of my power in devising the method and bearing the burdens of an honorable adjustment of all our indebtedness, as something which sooner or later will have to be done alike for the sake of our good name and our future prosperity.
FEDERAL INTERFERENCE WITH STATE COURTS.

I also call your attention to certain matters which have occurred since your last session, and which give rise to questions of difficulty and of grave importance, involving a serious conflict between the laws of the United States and those of the State.

At the Fall Term, 1876, of the Superior Court of Guilford county, one Hoskins and two others were indicted for an assault and battery upon Levi Humble. In March, 1877, the defendants having been arrested, filed in the office of the Circuit Court of the United States for the Western District of North Carolina, their petition under oath, in which they set forth that they were officers of the Internal Revenue Department of the United States, and that the acts charged against them in the bill of indictment I have mentioned were committed under color of their office; they therefore prayed that the prosecution against them should be removed from the State Court to the Circuit Court, in pursuance of an act of Congress now embodied in section 643 of the Revised Statutes of the United States, and which provides that criminal prosecutions commenced in any court of a State against any officer acting by authority of any revenue law of the United States, on account of any act done under color of his office, may at any time before trial be removed for trial into the Circuit Court next to be holden in the district where such prosecutions are pending. The prayer of the petition having been granted, a copy of the order removing the case was, on the 5th of March, 1877, served upon the Clerk of the Superior Court of Guilford county, and when, at the ensuing Spring Term of that Court, the case was called, the defendants objected to further proceedings in the State Court, upon the ground that the Court no longer has jurisdiction of the case. Upon argument before the Hon. William R. Cox, then holding the Guilford Superior Court,
that officer was of opinion that he could proceed no further in the matter, and so decided. From his decision the Solicitor for the State appealed to the Supreme Court. Recognizing the important and delicate nature of the question presented, I deemed it to be my duty to assist the deliberations of the Supreme Court with argument from counsel learned in the law. I accordingly employed counsel to aid the Attorney General in presenting to the Court the views entertained by the government of the State. After a full discussion by counsel, the Supreme Court, with one dissenting voice, affirmed the opinion and judgment of the lower court, and dismissed the appeal. The same question was presented to the Supreme Court at the same time in the case of the State against William Deaver appealed at the Spring Term, 1877, of the Superior Court of Rutherford county, from the judgment of the Hon. John M. Cloud, the Judge presiding. Deaver and another had been indicted for a conspiracy to extort money from one Henry Summit and had obtained from the Circuit Court of the United States an order of removal similar to that obtained by Hoskins.

The decision of the Supreme Court was the same in both cases.

Impressed with the importance of having the earliest possible settlement of a question of so great moment, I directed the State's counsel to carry, by writ of error, both cases to the Supreme Court of the United States, where alone such questions of such a nature can be finally decided. Transcripts of the cases have accordingly been prepared and forwarded, and the cases are now depending in the Supreme Court. I am advised, however, by the State's counsel that there may be difficulties growing out of the peculiar Constitution of the Federal Supreme Court, which will prevent an adjudication in these cases of the question I desired to have presented. I have reason to believe that similar difficulties have arisen in other States, and that public attention and discussion has been excited thereby.
I therefore refer it to your Honorable body to decide whether I shall further prosecute the cases now depending in the Supreme Court of the United States; or whether it more comports with the dignity and gravity of the question, that you should instruct your Senators and request your Representatives in Congress to call the attention of that Honorable body to the fact that persons indicted under the criminal laws of this State are seeking and obtaining immunity from prosecution under a federal law enacted for the only purpose of protecting the collections of the Internal Revenue of the United States.

STATE PROSECUTIONS.

An indictment inaugurated by Governor Caldwell, in Wake Superior Court in 1874, against G. W. Swepson and M. S. Littlefield having been tried as was alleged, before Judge Watts in 1875, and taken by certiorari to the Supreme Court and being continued there until August last, was then decided upon and case remanded for a new trial. The circumstances are all set out with particularity in said decisions, reported in 79 N. C., to which you are referred. Under a resolution of the Legislature ratified on the 16th of February, 1874, I employed counsel to assist. An amended bill against both defendants was found for obtaining money under false pretences, and the case now stands for trial. It is alleged, however, that a compromise was made between parties acting for Swepson and the Western Division of the W. N. C. R. R. Company, which by implication binds the State not to prosecute. I did not wish, if I possessed the right, to take the responsibility of deciding whether it does or does not, and so refused to interfere with the due course of law. I respectfully ask your will in the premises, and forbear further remarks as manifestly improper upon a case now before the courts.
STATE PROPERTY HELD BY THE UNITED STATES.

The property of the State, once called the Confederate Hospital, now known as the United States barracks in this city, has been occupied by the United States ever since 1865; and although the troops have long since been removed, possession or payment for its use have both been refused, contrary, as it seems to me, to both law and public comity.

In accordance with a resolution of the last General Assembly, I also applied to the Secretary of War to restore the official letter-books of the Executive office of this State taken by military authority in 1865, or to permit me to make a copy to supply the place of the original in this office. Both requests were refused. The correspondence between the Secretary of War and myself in relation to the barracks and the letter-books, is herewith submitted. My opinion in regard to these matters being intimated in the correspondence itself, I make no further comment.

STATE GEOLOGIST.

The State Geological Survey having been made a co-worker with the Board of Agriculture, its usefulness has been thereby greatly increased to the people. In order that it may be made still more to meet the popular needs, I recommend that it be placed under the direction of the Board of Agriculture, of which the State Geologist is ex-officio a member, instead of the Board of Education, as at present. I am satisfied that the dissatisfaction which has for a long while existed with a portion of our people towards this most valuable and important work, has arisen from a failure of the latter Board to direct the labors of the Geologist in those channels in which the majority of the public feel most immediate interest. The Board of Agriculture, constituted as it is, can surely do this; and if so, good results may be anticipated.
THE UNIVERSITY.

The success which has attended the efforts to revive the University is gratifying in the extreme. The number of students is constantly increasing, a large proportion of whom receive tuition free—the course of study is practical and thorough, the corps of professors is ample and excellent, and the administration of President Battle has proven able and untiring. I commend most heartily to your favor this cherished memorial of the wisdom and patriotism of our fathers.

MILITIA.

To the unceasing energy and perseverance of Adjutant General Jones we are indebted for the nucleus of an excellent volunteer organization—the State Guards. Two brigades of white and eleven companies of colored Guards have been already organized; the former consisting of thirty-two companies, uniformed at their own expense, and armed and equipped by the allowance from the General Government. The great majority of them are excellent, industrious young men, the flower of the communities where they live, and not likely to sympathize in any way with lawlessness and riot. In case of emergency they would be invaluable for maintaining order and enforcing the laws. To all appearances the colored companies are equally well disposed and deserving of encouragement. I earnestly call your attention to the memorial from the officers of this organization suggesting the means of supporting it and promoting its efficiency. The cost of uniforms, loss of time and expense of rationing themselves when assembling for parades, reviews, &c., fall quite heavily on them.

The State Guard really do all the duty, and fill all the functions of the whole militia contemplated in the Consti-
tution, and should be encouraged and supported liberally. I respectfully recommend that the Adjutant General’s pay be increased to $600. His duties are now considerable, and are daily increasing in laboriousness and usefulness.

Provision also should be made for a speedy and cheap enrollment of the militia by the tax-listers, or otherwise, and a small sum levied as an equivalent for exemption from duty for the benefit of the school fund, as provided in the Constitution.

ACTS OF THE LEGISLATURE.

Complaint is frequently made by the Secretary of State and others, at the careless and insufficient manner in which many of the acts and laws in the original are kept and enrolled. Some that were passed by your predecessors were lost entirely; to some the amendments were lost, and could not be supplied from the journals, being often mere scraps of paper pinned to the originals which were lost in handling, together with other inaccuracies, which made it difficult to prepare proper copies for the printer. I trust your committees and clerks will remove all further trouble in these respects. It is of sufficient importance to be looked after closely.

EXECUTIVE CLEMENCY.

Much criticism has been made upon this and preceding administrations in regard to the exercise of executive clemency toward criminals. In accordance with law, I herewith submit a list of those to whom clemency has been extended by me, with a brief statement of the reasons which influenced my action in each case. It will be seen that the number amounts in all to 106, of which 13 were commutations, and 3 were simply respites. Counting those in confinement at the beginning of my term, and those convicted of offences
during the past two years, the whole number of offenders cannot fall short of 3,000, of which those pardoned and commuted would be one and one-half per cent. per annum. It is quite possible that in some cases I have been imposed upon, though in most cases of importance I have made it a rule to consult both Judge and Solicitor, and obtain their approval. And it may also be that in some cases I have yielded to the importunity of friends—human nature could scarcely avoid this in a government like ours—but in the vast majority of the cases acted on, I exercised this grand and majestic attribute of the collective sovereignty of the people, with a sincere desire to promote the public good, and in the fear of that God who is to pardon our transgressions, as we trust. The subject of the proper exercise of this prerogative is so grave, the responsibility—especially in capital cases—is so great, that the criticism of those unacquainted with the facts is often dangerous as well as unjust, as tending to force Executive action one way or the other contrary to judgment or conscience. I have tried to avoid this; but it is hard to hold the balance even amid such complicating clamor. If error there has been—and undoubtedly there was some—I am glad to believe that it was on Mercy's side.

The reports of the Secretary of State, Auditor, and Superintendent of Public Instruction are herewith sent and commended to your attention. They evince economy and faithful work on the part of those officers. The Auditor requests me to say that he reserves his special suggestions for the various committees of your honorable body, before which he will appear from time to time.

The Superintendent's report shows an encouraging increase in the receipts and expenditures of the School Fund and in the attendance of pupils.

I also send in a communication and report from the Grand Lodge of Masons in this State, relative to the Oxford Asylum for Orphans, and commend it to your attention, in connection with section 8, article XI, of the Constitution.
And now, gentlemen, having briefly reviewed the condition of affairs and made such suggestions as I deem calculated to aid you in the performance of your important duties, I commend you to the Spirit of all Wisdom, praying that your labors may be such as will redound to the welfare of the great people whose servants you are.

Very respectfully,

Your fellow-citizen,

Z. B. VANCE.

Mr. Everett moved that the proposition to print be concurred in; he also moved that twenty copies for each member of the General Assembly of the message of the Governor be printed.

Mr. Alexander moved to amend the motion by ordering twenty copies for each member of the General Assembly of the Report of the Commissioner of Agriculture be printed.

The amendment was accepted, and as amended the motion was adopted.

On motion of Mr. Everett, S. B. 8, bill to encourage the manufacture of cotton and woolen fabrics and agricultural implements in the State of North Carolina, was ordered to be printed.

On motion of Mr. Everett, the Senate adjourned.

THIRD DAY.

Senate Chamber, Jan. 10th, 1879.

The Senate met pursuant to adjournment.
The Journal of yesterday was read and approved.

PETITIONS.

The following petitions were presented:
By Mr. Dortch, petition from citizens of Edgecombe county.

Mr. Graham of Lincoln, petition from citizens of Lincoln and Catawba counties.

Mr. Davidson, petition from citizens of Buncombe county.

Mr. Nicholson, petition from citizens of Iredell county.

All of which were placed upon the Calendar.

REPORTS OF COMMITTEES.

Mr. Dortch, from committee upon Rules of the Senate, submitted a report, which was placed upon the Calendar.

BILLS AND RESOLUTIONS.

The following bills and resolutions were introduced and disposed of as follows:

By Mr. Caldwell, S. R. 18, a joint resolution referring to a committee that portion of the Governor's message relating to highways, &c. Calendar.

By Mr. Everett, S. R. 19, resolution concerning the State debt. Calendar.

By Mr. Everett, S. R. 20, resolution requesting information from State officers. Calendar.

By Mr. Graham, S. R. 21, resolution in favor of Judge David Schenck. Calendar.

By Mr. Dortch, S. R. 22, resolution of instruction to the committee on Salaries and Fees. Calendar.

By Mr. Dortch, S. B. 23, bill for draining and damming low lands. Placed on the Calendar and ordered to be printed.

By Mr. Williamson, S. B. 24, bill to apply the tax fees of attorneys in the several courts of the State to the public school fund. Placed upon the Calendar and ordered to be printed.

By Mr. Graham of Lincoln, S. B. 25, bill to amend chap-
ter 87, private laws of 1870-'71. Placed upon the Calendar and ordered to be printed.

By Mr. Dortch, S. B. 26, bill to punish the abduction of children under the age of eighteen years. Calendar.

By Mr. Nicholson, S. B. 27, bill to prohibit the sale of spirituous liquors within one mile and a half of St. Paul's church, Iredell county. Calendar.

By Mr. Graham of Lincoln, S. B. 28, bill to render more speedy the execution of persons convicted of capital felonies. Placed upon the Calendar, and ordered to be printed.

By Mr. Dortch, S. B. 29, bill to punish the stealing of dead bodies. Calendar.

By Mr. Graham of Lincoln, S. B. 30, bill in relation to warrants in Bastardy. Placed on the Calendar and ordered printed.

By Mr. Alexander, S. B. 31, bill to amend the Constitution of North Carolina. Placed upon the Calendar and ordered printed.

By Mr. Alexander, S. B. 32, bill to amend the Constitution of North Carolina. Calendar.

By Mr. Graham of Lincoln; S. B. 33, bill to provide for holding terms of the Superior Court in certain cases. Placed on the Calendar and ordered to be printed.

By Mr. Dortch, S. B. 34, bill to amend an act to establish courts inferior to the Superior Court, to be styled "Inferior Courts." Calendar.

By Mr. Dortch, S. B. 35, bill in regard to practice in criminal actions. Calendar.

By Mr. Dortch, S. B. 36, bill to allow defendants in certain criminal actions to become witnesses for themselves. Calendar.

By Mr. Brower, S. B. 37, bill to repeal chapter 141, laws 1876-'77, entitled an "act to establish county governments." Calendar.

By Mr. Dortch S. B. 38, bill to punish incest. Calendar.
By Mr. Dortch, S. B. 39, bill in relation to judgments on appeal from Justices of the Peace. Calendar.
By Mr. Davidson, S. B. 40, bill to empower the foreman of grand juries to administer oaths or affirmations. Calendar.

By Mr. Dortch, S. B. 41, bill to repeal that part of chapter 260, passed at the session of 1876 and 1877, prohibiting the sale of spirituous liquors within three miles of Lawrence's Church, in Edgecombe county. Calendar.

By Mr. Dortch, S. B. 42, bill to punish the selling or giving away of poisonous drugs or medicines, except upon prescription of a physician. Calendar.

By Mr. Dortch, S. B. 43, bill to punish seduction of women. Calendar.

On motion of Mr. Scales, a message was sent to the House of Representatives proposing the appointment of a Joint Committee on Rules for the government of the General Assembly to consist of three on the part of the Senate and five on the part of the House.

The report of the committee on Rules for the government of the Senate was taken up, read and adopted, and ordered to be printed.

The Rules are as follows:

ORDER OF BUSINESS.

1. The President having taken the Chair at the hour to which the Senate shall have adjourned, and a quorum being present, the Journal of the preceding day shall be read, to the end that any mistakes therein may be corrected.

2. After the reading and approval of the Journal, the order of business shall be as follows:
   1. The Presentation of Petitions.
   2. Reports of Standing Committees.
   3. Reports of Select Committees.
   4. Messages from the House of Representatives.
   5. Introduction of Bills and Resolutions.
7. Special Orders.

8. General Orders: First, bills and resolutions on third reading; second, bills and resolutions on second reading; but messages from the Governor and House of Representatives, and communications and reports from State Officers and reports from the committee on Engrossed Bills and Enrolled Bills, may be received and acted on under any order of business.

POWERS AND DUTIES OF THE PRESIDENT.

3. The President shall appoint all committees, unless otherwise ordered by the Senate.

4. He shall have the right to name any member to perform the duties of the Chair, who is hereby vested, during such time, with all the powers of the President, except that of giving a casting vote in case of a tie, when he shall have voted as a Senator; but his power as such substitute shall not continue for a longer period than two days without leave of the Senate.

5. He shall assign to doorkeepers their respective duties and stations.

OF THE CLERK.

6. The President and Clerk of the Senate shall see that all bills shall be acted upon by the Senate in the order in which they stand upon the Calendar, unless otherwise ordered as hereinafter provided. The Calendar shall include the number and title of bills and joint resolutions which have passed the House of Representatives and been received by the Senate for concurrence.

7. He shall certify the passage of bills by the Senate, with the date thereof, together with the fact whether passed by a vote of three-fifths or two-thirds of the Senate, whenever such vote may be required by the Constitution or laws of this State.
8. Every Senator presenting a paper shall indorse the same; if a petition, memorial, or report to the General Assembly, with a brief statement of its subject or contents, adding his name; if a resolution, with his name; if a report of a committee, a statement of such a report, with the name of the committee and member making the same; if a bill, a statement of its title, with his name.

9. All motions shall be reduced to writing, if desired by the President or any Senator, delivered in at the table, and read by the President or Clerk, before the same shall be debated; but any such motion may be withdrawn at any time before decision or amendment.

10. If any question contains several distinct propositions, it shall be divided by the President, at the request of any Senator: Provided, Each sub-division, if left to itself, shall form a substantitive proposition.

11. No member shall speak to another, or otherwise interrupt the business of the Senate, or read any newspaper while the Journals or public papers are being read; when the President is putting a question, or a division by counting shall be had, no Senator shall walk out of, or across the house, nor when a Senator is speaking, pass between him and the President.

12. Every Senator wishing to speak or debate, or to present a petition or other paper, or to make a motion or report, shall rise from his seat and address the President, and shall not proceed further until recognized by him. No Senator shall speak more than twice, nor longer than thirty minutes, on the same day on the same subject, without leave of the Senate; and when two or more Senators rise at once, the President shall name the Senator who is first to speak.

13. Every Senator who shall be within the bar of the
Senate when a question is stated by the Chair, shall vote thereon unless he shall be excused by the Senate, or unless he be directly interested in the question; and the bar of the Senate shall include so much of the body of the Senate Chamber as is within the columns.

14. When a motion to adjourn, or for a recess, shall be affirmatively determined, no member or officer shall leave his place till the adjournment or recess shall be declared by the President.

15. Standing Committees, consisting, unless otherwise ordered, of seven members, shall be appointed by the President on the following subjects:

1. On Propositions and Grievances.
2. On Privileges and Elections.
3. On Claims.
4. On Judiciary.
5. On Internal Improvements.
6. On Education.
7. On Military Affairs.
11. On Finance.
12. On Insurance.
15. On Salaries and Fees.
17. Deaf, Dumb and Blind Asylum.
18. Insane Asylums.

16. The Committee on Engrossed Bills shall examine all bills, amendments and resolutions before they go out of the possession of the Senate, and make report when they find them correctly engrossed.

17. Every report of a Committee upon a bill or resolution which shall not be considered at the time of making
the same, or laid on the table by a vote of the Senate, shall stand upon the General Orders with the bill or resolution.

OF GENERAL ORDERS AND SPECIAL ORDERS.

18. Any bill or other matter may be made a Special Order for a particular day or hour by a vote of a majority of the Senators voting, and if it shall not be completed on that day, it shall be returned to its place on the Calendar, unless it shall be made a Special Order for another day; and when a Special Order is under consideration, it shall take precedence of any Special Order for a subsequent order for the day; but such subsequent Order may be taken up immediately after the previous Special Order has been disposed of.

OF BILLS.

19. Every bill shall receive three readings previous to its being passed, and the President shall give notice at each, whether it be the first, second or third. After the first reading, unless a motion shall be made by some Senator, it shall be the duty of the President to refer the subject matter to an appropriate committee. No bill shall be amended until it shall have been twice read.

PROCEEDINGS WHEN THERE IN NOT A QUORUM VOTING.

20. If, on taking the final question on a bill, it shall appear that a constitutional quorum is not present, or if the bill require a vote of a certain proportion of all the Senators to pass it, and it appears that such a number is not present, there shall be a call of the Senate, and if a quorum is ascertained to be present, the bill shall be again read and the final question taken thereon; if the bill fail a second time for the want of a quorum or for the want of the necessary number being present and voting, the bill shall not be
finally lost, but shall be returned to the Calendar in its proper order.

**PRECEDEENCE OF MOTION.**

21. When a question is before the Senate, no motions shall be received, except those herein specified, which motions shall have precedence as follows, viz:

1. For an adjournment.
2. For the previous question.
3. For a recess.
4. To lay on the table.
5. To postpone indefinitely.
6. To postpone to a day certain.
7. To commit to a standing committee.
8. To commit to a select committee.
9. To amend.

**THE PREVIOUS QUESTION.**

22. The previous question shall always be as follows: "Shall the main question be now put?" and until it is decided shall preclude all debate. If this question shall be decided in the affirmative, the "main question" shall be on the passage of the bill, resolution or other matter under consideration; but when amendments are pending, the question shall be first taken upon such amendments in their order without further debate. If such question be decided in the negative, the main question shall be considered as remaining under debate.

**OTHER QUESTIONS TO BE TAKEN WITHOUT DEBATE.**

23. The motions to adjourn and lay on the table shall be decided without debate, and the motion to adjourn shall always be in order when made by a Senator entitled to the floor.
24. The respective motions to postpone to a day certain or commit, shall preclude debate on the main question.

25. All questions relating to the priority of business shall be decided without debate.

26. When the reading of a paper is called for, except petitions, and the same is objected to by any Senator, it shall be determined by a vote of the Senate, without debate.

27. Any Senator requesting to be excused from voting may make, either immediately before or after the vote shall have been called, and before the result shall have been announced, a brief statement of the reasons for making such request, and the question shall then be taken without debate.

QUESTIONS THAT REQUIRE A TWO-THIRDS VOTE.

28. No bill or resolution on its third reading shall be acted on out of the regular order in which it stands on the Calendar, and no bill or resolution shall be acted upon on its third reading the same day on which it passed its second reading, unless so ordered by a vote of two-thirds of the Senators present.

28. No bill or resolution shall be sent from the Senate on the day of its passage, except on the last day of the session, unless otherwise ordered.

DECORUM IN DEBATE.

30. No remark reflecting personally upon the action of any Senator shall be in order in debate, unless preceded by a motion or resolution of investigation or censure.

31. When a Senator shall be called to order, he shall take his seat until the President shall have determined whether he was in order or not; if decided to be out of order, he shall not proceed without the permission of the Senate, and every question of order shall be decided by the President.
subject to an appeal to the Senate by any Senator, and if a Senator be called to order for words spoken, the exceptional words shall be immediately taken down in writing, that the President or Senate may be better enabled to judge of the matter.

MISCELLANEOUS RULES.

32. When a blank is to be filled, and different sums or times shall be proposed, the question shall be first taken on the highest sum or the longest time.

33. When a question has been once put and decided, it shall be in order for any Senator who shall have voted in the majority, to move a reconsideration thereof; but no motion for the reconsideration of any vote shall be in order after the bill, resolution, message, report, amendment or motion, upon which the vote was taken, shall have gone out of the possession of the Senate. Nor shall any motion for reconsideration be in order unless made on the same day or the next following legislative day on which the vote proposed to be reconsidered shall have taken place. Nor shall any question be reconsidered more than once.

34. All bills and resolutions shall take their place upon the Calendar according to their number, and shall be taken up in regular order, unless otherwise ordered.

35. No smoking shall be allowed within the Senate Chamber during the sessions.

36. Senators and visitors shall uncover their heads upon entering the Senate Chamber while the Senate is in session, and shall continue uncovered during their continuance in the Chamber.

37. No Senator or officer of the Senate shall depart the service of the Senate without leave, or receive pay as a Senator or officer for the time he is so absent without leave.

38. No person other than the Executive and Judicial officers of the State, members and officers of the Senate and
House of Representatives, unless on invitation of the President or by a vote of the Senate, shall be admitted within the bar.

39. No rule of the Senate shall be altered, suspended or rescinded without a vote of a majority of all the Senators elected; and no motion to suspend shall embrace more than one rule, or relate to any other subject than the one specified in said motion.

40. In case a less number than a quorum of the Senate shall convene, they are authorized to send the doorkeeper or any other person for any or all absent Senators, as the majority of Senators present shall determine.

41. The yeas and nays upon any question shall be taken and entered upon the Journal upon demand of one-fifth of the Senators present.

---

JOINT RULES OF ORDER.

1. Each House shall transmit to the other all papers on which any bill or resolution shall be forwarded.

2. When a bill or resolution which shall have passed in one House shall be rejected in the other, notice thereof shall be given to the House in which the same may have passed.

3. Messages from one House to the other, shall be communicated by their clerks respectively, unless the House transmitting the message shall specially direct otherwise.

4. It shall be in the power of either House to amend any amendment made by the other, to any bill or resolution.

5. In every case of difference between the two Houses, upon any subject of legislation, either House may request a conference, and appoint a committee for the purpose, and the other shall also appoint a committee to confer. The committee shall meet at such time and place as shall be appointed by the chairman of the committee, on the part
of the House requesting such committee. The conferees shall state to each other verbally, or in writing, as either shall choose, the views of their respective Houses, and confer freely thereon. The committee shall report in writing, and shall be authorized to report such modifications or amendments as they may think advisable. But no committee on conference shall consider or report on any matters, except those directly at issue between the two Houses. The papers shall be left with the conferees of the House assenting to such conference, and they shall present the report of the committee to their House; when such House shall have acted thereon, they shall transmit the same and the papers relating thereto, to the other with a message certifying its action thereon.

6. It shall be in order for either House to recede from any subject matter of difference existing between the two Houses, at any time previous to conference, whether the papers on which such difference arose are before the House receding formally or informally, and on such vote to recede the same number shall be required to constitute a quorum to act thereon and to assent to such receding, as was required on the original question out of which the difference arose.

7. All joint committees of the two Houses, and all committees of conference, shall consist of three Senators and five members of the House of Representatives, unless otherwise specially ordered by concurrent resolution.

8. There shall be printed on joint order, unless otherwise specified, two hundred and twenty copies of all messages from the Governor, all reports of standing or select committees, and all reports or communications made in pursuance of law.

9. When the same document shall, by separate orders, be directed to be printed by both Houses, it shall be regarded as but one joint order, unless otherwise expressly directed by either House.
10. The Clerk of each House shall receive from the Public Printer all matter ordered by their respective Houses, and shall keep a book and enter therein the time of reception by him, of every such bill or document, and the number of copies received, and shall cause each and any of such bills or documents to be immediately placed upon the desks of the members.

11. The two hundred and twenty copies of messages from the Governor, reports of committees, and reports or communications made in pursuance of law, ordered to be printed by section eight, shall be distributed as follows: to the Senate, seventy copies; to the House of Representatives, one hundred and fifty copies.

12. There shall be joint standing committees, consisting of three members of the Senate, and five members of the House of Representatives, on the following subjects:
2. On Library.
3. On Enrolled Bills.

On motion of Mr. Henderson, the Senate adjourned.

MESSAGE FROM THE HOUSE OF REPRESENTATIVES.

A message was received from the House transmitting a communication from his Excellency Gov. Z. B. Vance, tendering his resignation as Governor, to take effect February 5th, 1879, in words following, to-wit:
STATE OF NORTH CAROLINA,  
EXECUTIVE DEPARTMENT,  
RALEIGH, Jan. 28, 1879.  

To the Honorable, the General Assembly of North Carolina:

Having received official information of my election as a Senator in the Congress of the United States from the State of North Carolina for the term commencing on the 4th of March next, I hereby tender my resignation as Governor of this State, to take effect on Wednesday, the 5th day of February, 1879. In thus surrendering into your hands the great trust which was placed in mine by the people of North Carolina, in 1876, in order to accept another to which their representatives have thought it proper to transfer me, I deem it not unbecoming to say that I find it impossible adequately to express the thanks, of which my heart is so full, for this last and greatest expression of the confidence of my countrymen. To have inspired such a feeling fills me with grateful pride, and to deserve it shall constitute the sole aim of the remaining years of my existence, and to which all that I have and am shall be sacredly dedicated.

With earnest wishes for the health and happiness of each individual member of your honorable bodies, and with fervent prayers for the prosperity and honor of our native land,

I am, gentlemen,

Most respectfully and truly,

Your friend and fellow-citizen,

ZEBULON Baird VANCE.

Mr. Williamson submitted for himself and others a protest to the passage of
H. B. 367, S. B. 458, bill to charter the Cape Fear and Yadkin Valley Railroad.
Mr. Caldwell moved to strike out certain objectionable features of the protest.
Mr. Dortch moved the protest be received and spread upon the Journal, which prevailed.
The protest is in words following, to-wit:

The undersigned respectfully protest against the passage of House Bill No. 367, “entitled an act to change the name and authorize the consolidation of the Western Railroad Company with the Mount Airy Railroad Company and to complete said roads.”

1st. In our opinion the preamble to the bill is deceptive and well calculated to mislead as to its full meaning. It recites: “That the stock has been preserved by the action of the president and directors of the company at heavy expense and pecuniary responsibility, (mark you not pecuniary loss,) to them, without expense incurred by the State.”

We with our limited knowledge, frankly admit that the State had suffered no detriment before the passage of this bill, but after its passage, we do aver that a plain statement of accounts show as follows: State’s interest in railroad $1,100,000; approximate and full value in market $66,000.

Appropriations under this bill:
Direct appropriation........................................ $50,000
Expense of convicts, clothing and feeding 750 convicts for 1879........................................... 75,000
Expense ditto ditto, 1880................................... 75,000

Total of direct and indirect appropriations... $200,000
2d. This bill (or law) accomplishes and perfects a departure from well established rules in political economy,
and is a bold innovation on well settled principles in the financial world.

It compels the State to give two hundred thousand dollars of good money to save sixty-six thousand of bad, with a possible contingency that in the future she may realize eleven hundred thousand dollars.

3d. While it is claimed by the friends of the bill that this appropriation is, and should be made, to save the interest of the State in this road, it in effect amounts to a gift of two hundred thousand dollars, and it is proposed to immediately mortgage the road for four hundred thousand dollars, which being accomplished, at once the whole property is at the mercy of the mortgage bondholders, who will in a short time inevitably own the whole road, unless the State in her generosity comes forward and by increased taxation purchases it at a sacrifice of probably one million dollars.

4th. We regard such legislation as this bill perfects as directly in the interest of the railroad monopolies and combinations, and in conflict with the material good of the State. And in view of the fact that our citizens are now burdened with taxation, the State laboring under a debt which all good men desire to be adjusted, and all intelligent men know that the dearly beloved old State of North Carolina is trembling and cowering on the very brink of the abyss that leads to repudiation and dishonor, we do think it not wise or statesmen-like to make any appropriations other than those the Constitution and laws of the State make imperative.

5th. We are aware of and deprecate the fact that the railroad corporations in the United States, as in Europe, are surely and steadily assuming the position of one of the most potent influences in directing and controlling legislation in the interest of the money kings, as against the bone and sinew of the land. And even now, we know or believe that railroad corporations, by powerful combinations, are exerting an influence upon the Congress of the United States, as well
as here in North Carolina, which must be hurtful to the masses of the people.

6th. The friends of the bill, in their zealous support of this measure, used the very plausible, but in our opinion fallacious argument, that it was honest and right to make the appropriation this bill calls for, to save private stockholders "three hundred thousand dollars (nominally,) but really eighteen thousand dollars, because these patriotic stockholders saved to the State eleven hundred thousand dollars, really sixty-six thousand dollars."

In view of all these recited facts, the State appropriates two hundred thousand dollars to save sixty-six thousand, with a railroad contingency of eleven hundred thousand dollars in the remote future. Well might this good old commonwealth, which we so dearly love, exclaim, "God save us from such friends."

The undersigned believe that this bill will be injurious to the interest of the State; they believe that increased taxation upon an already complaining people must necessarily follow, and they know the masses of our citizens are poor and unable to pay greatly increased taxes, hence they respectfully ask to enter this protest against the passage of this bill, and at the same time disclaim all intention to wound the feelings of any one who has differed with us as to the wisdom of this measure.

(Signed) GEO. WILLIAMSON, J. M. REDWINE, E. A. MOYE, J. P. DILLARD, GEO. A. GRAHAM, JAMES T. RESPASS, E. E. LYON.
On motion of Mr. Davidson, a message was sent to the House of Representatives informing that honorable body that the Senate would, at 12 M., proceed to elect justices of the peace for the several townships, towns and cities of the State, in accordance with the resolution of Assembly, and that Messrs. Dillard and Bull were appointed tellers on the part of the Senate.

On motion, H. R. 143, S. R. 662, resolution to develop the agricultural and other material interest of North Carolina, passed its several readings.

A message was received from the House of Representatives announcing the readiness of that honorable body to proceed with the election of justices of the peace, and that Messrs. Lewis and Clarke had been appointed tellers on the part of the House.

The hour for the special order having arrived, being the election of justices of the peace for the several townships and towns of the State,

Mr. Waddell

Of the Joint Committee to whom was referred the nominations for justices of the peace for the several counties of the State, to fill the vacancies of such justices of the peace whose terms expire in August, 1879, having performed their duty, respectfully recommend that the following persons be elected by this General Assembly as justices of the peace to fill such vacancies as will occur in August, 1879, in the several townships in the various counties in the State.

The Committee would further report that new townships have been created since the last election of justices of the peace in the counties of Bladen, Buncombe, Davidson, Harnett, Haywood, Orange and Yancey, for which we make nominations.
Also, there are newly incorporated towns in several counties, for which nominations are made in the report.

L. R. WADDELL, Chm’n,
D. P. McEACHERN,
NEILL S. STEWART,
E. E. LYON,
A. H. MERRITT,

Senate Branch.

GEO. N. LEWIS, Chm’n.
L. R. CARROLL,
T. D. BRYSON,
D. C. MOORE,
D. F. COVINGTON,
J. T. BLAISDELL,

House Branch.

Upon a call of the roll Senator Austin voted for the following named persons for justices of the peace to fill vacancies occurring in this State in August, A. D. 1879, and for such new townships as have been created since the last election of magistrates, also for such newly incorporated towns as have no justices of the peace now:

Amend by striking out all after the word "same," in section one, line five, and insert the following:
Sec. 1. The Treasurer of the State is hereby authorized and directed to issue new, and exchange them for old, bonds. The new bonds to be payable forty years from the first day of April, eighteen hundred and eighty-nine, bearing interest from the first day of April, eighteen hundred and seventy-nine, at ...... per cent. per annum, payable semi-annually, on the first day of April and October of each and every year until the principal shall be due.
Sec. 2. The said bonds shall be coupon bonds of the denomination of fifty, one hundred, five hundred, and one thousand dollars each, and shall be signed by the Governor and Public Treasurer, and shall be sealed with the great seal of the State. The coupons thereon may be signed by the Treasurer alone or have a \textit{fac simile} of his signature printed, engraved or lithographed thereon. And the said bonds and coupons shall in all other respects be in such form as the Treasurer may direct; and shall express on their face that they are issued in renewal of said bonds.

Sec. 3. The Public Treasurer, before delivering any of said bonds under the provisions of this act, shall record in a well-bound book an accurate account and descriptive list of the said bonds, which shall embrace the date, amount and number thereof, and the name of the person or persons to whom issued.

Sec. 4. It shall be the duty of the Treasurer of the State, after exchanging the bonds, the new for the old, to burn the old bonds in the presence of the Governor, Secretary and Auditor of the State, who shall make affidavit to the fact.

Sec. 5. The new bonds shall in all respects stand in the place of, and be entitled to, the same securities as are the old bonds and coupons aforesaid, and shall have the same lien on the stock of the State in the said railroad company which the said old bonds and coupons now have; and the Public Treasurer shall apply the dividends received by the State on its stock in said company to the payment of the coupons on said new bonds.

Sec. 6. This act shall be in force from and after its ratification.
