MESSAGE FROM HOUSE OF REPRESENTATIVES.

House of Representatives, January 14, 1913.

Mr. President: It is ordered that a message be sent to the Senate, informing you that the House is now ready to receive your honorable body in joint session to witness the canvass of the votes for the various State officers cast at the last general election.

Very respectfully,

T. G. Cobb,
Principal Clerk.

The President announces that, in accordance with law, the Senate will meet in joint session with the House of Representatives at 11 o'clock to canvass the vote for State officers.

JOINT SESSION.

CANVASS OF VOTE FOR STATE OFFICERS.

The hour of 11 o'clock having arrived, the Senate proceeds to the hall of the House of Representatives, preceded by its officers, where they are received by the Members of the House, standing.
The Senators are assigned seats, and the President of the Senate, Hon. William C. Newland, calls the joint assembly to order.

The Principal Clerks of the Senate and House call the roll of their respective bodies.

The Principal Clerk of the Senate announces 37 Senators present, and the Principal Clerk of the House announces that 104 Members of the House are present.

The President of the Senate thereupon announces a quorum present and the joint assembly ready to proceed with the canvass of the returns for State officers.

On motion of Senator Pharr, the joint session adjourns, and the Senators
return to their chamber, the Senate reconvenes and proceeds with business
as follows:
Senator Davis, for the Committee on Rules, makes the following report,
which is, after some discussion on sections 43 and 45, adopted:

SENATE RULES.

Be it resolved by the Senate, That the following rules be adopted to govern
the Senate, session 1913:

ORDER OF BUSINESS.

1. The President having taken the chair at the hour to which the Senate
shall have adjourned, and a quorum being present, the Journal of the pre-
ceding day shall be read, unless otherwise ordered by the Senate, to the end
that any mistake may be corrected.
2. After reading and approval of the Journal, the order of business shall
be as follows:
   (1) Reports of standing committees.
   (2) Reports of select committees.
   (3) Announcement of petitions, bills, and resolutions.
   (4) Unfinished business of preceding day.
   (5) Special orders.
   (6) General orders: First, bills and resolutions on third reading; second,
bills and resolutions on second reading; but messages from the Governor
and House of Representatives, and communications and reports from State
officers and reports from the Committees on Engrossed Bills and Enrolled
Bills, may be received and acted on under any order of business.

POWERS AND DUTIES OF THE PRESIDENT.

3. He shall take the chair promptly at the appointed time and proceed
with the business of the Senate according to the rules adopted. At any time
during the absence of the President, the President pro tempore, who shall
be elected, shall preside, and he is hereby vested, during such time, with
all powers of the President, except that of giving a casting vote in case of a
tie, when he shall have voted as a Senator.
4. He shall assign to doorkeepers their respective duties and stations and
shall appoint such pages and laborers as may be authorized by the Senate,
each of whom shall receive the same compensation as is now provided by law.

OF THE CLERK.

5. The President and Clerk of the Senate shall see that all bills shall be
acted upon by the Senate in the order upon which they stand upon the Calen-
dar, unless otherwise ordered, as hereinafter provided. The Calendar shall
include the numbers and titles of bills and joint resolutions which have
passed the House of Representatives and have been received by the Senate for concurrence.

6. The Clerk shall certify the passage of bills by the Senate, with the date thereof, together with the fact whether passed by a vote of three-fifths or two-thirds of the Senate, whenever such vote may be required by the Constitution and laws of the State.

ON THE RIGHTS AND DUTIES OF SENATORS.

7. Every Senator presenting a paper shall endorse the same; if a petition, memorial, or report to the General Assembly with a brief statement of its subject or contents, adding his name; if a resolution, with his name; if a report of a committee, a statement of such report, with the name of the committee and member making the same; if a bill, a statement of its title, which shall contain a brief statement of the subject or contents of the bill, with his name; and all bills, resolutions, petitions, and memorials shall be delivered to the Clerk and by him handed to the President, to be by him referred, and he shall announce the titles and references of the same, which shall be entered on the Journal.

8. All motions shall be reduced to writing, if desired by the President or any Senator, delivered at the table and read by the President or Clerk before the same shall be debated; but any such motion may be withdrawn by the introducer at any time before decision or amendment.

9. If any question contains several distinct propositions it shall be divided by the President, at the request of any Senator; provided each subdivision, if left to itself, shall form a substantive proposition.

10. When the President is putting a question, or a division by counting shall be had, no Senator shall walk out of or across the house nor, when a Senator is speaking, pass between him and the President.

11. Every Senator wishing to speak or debate, or to present a petition or other paper or to make a motion or report, shall rise from his seat and address the President, and shall not proceed further until recognized by him. No Senator shall speak or debate more than twice nor longer than thirty minutes on the same day on the same subject without leave of the Senate, and when two or more Senators rise at once the President shall name the Senator who is first to speak.

12. Every Senator who shall be within the bar of the Senate when the question is stated by the Chair shall vote thereon, unless he shall be excused by the Senate, or unless he be directly interested in the question; and the bar of the Senate shall include the entire Senate Chamber.

13. When a motion to adjourn or for recess shall be affirmatively determined, no member or officer shall leave his place until adjournment or recess shall be declared by the President.

STANDING COMMITTEES.

14. The following named committees shall be named by the Lieutenant-Governor:

On Agriculture.
On Appropriations.
On Banks and Currency.
On Claims.
On Commerce.
On Congressional Apportionments.
On Constitutional Amendment.
On Corporation Commission.
On Corporations.
On Counties, Cities, and Towns.

On Engrossed Bills.
On Federal Relations.
On Finance.
On Fish and Fisheries.
On Game Law.
On Immigration.
On Insane Asylums.
On Institutions for the Blind.
On Institutions for the Deaf.
On Insurance.
On Internal Improvements.
On Journal.
On Judicial Districts.
On Judiciary No. 1.
On Judiciary No. 2.
On Manufacturing.
On Military Affairs.
On Mining.
On Penal Institutions.
On Pensions and Soldiers’ Home.
On Propositions and Grievances.
On Public Health.
On Public Roads.
On Railroads.
On Rules.
On Salaries and Fees.
On Senate Expenditures.
On Shell Fish.

JOINT COMMITTEES.

15. On Enrolled Bills.
On Justices of the Peace.
On Library.
On Printing.
On Public Buildings and Grounds.
On Trustees of the University.

16. The Committee on Engrossed Bills shall examine all bills, amendments, and resolutions before they go out of the possession of the Senate and make a report when they find them correctly engrossed: Provided, that when a bill is typewritten and has no interlineations therein, and has passed the Senate without amendment, it shall be sent to the House without engrossment, unless otherwise ordered.

17. The Committee on Appropriations shall carefully examine all bills and
resolutions appropriating or paying any moneys out of the State Treasury, keep an accurate record of the same and report to the Senate from time to time.

18. Every report of the committee upon a bill or resolution which shall not be considered at the time of making the same, or laid on the table by a vote of the Senate, shall stand upon the general orders with the bill or resolution; and the report of the committee shall show that a majority of the committee were present and voted.

19. That no committee shall be composed of more than nine members, unless the Lieutenant-Governor shall, without objection from the Senate, appoint a greater number on any committee.

ON GENERAL ORDERS AND SPECIAL ORDERS.

20. Any bill or other matter may be made a special order for a particular day or hour by a vote of a majority of the Senators voting, and if it shall not be completed on that day it shall be returned to its place on the Calendar, unless it shall be made a special order for another day; and when a special order is under consideration it shall take precedence of any special order or a subsequent order for the day, but such subsequent order may be taken up immediately after the previous special order has been disposed of.

21. Every bill shall receive three readings previous to its being passed, and the President shall give notice at each whether it be the first, second, or third. After the first reading, unless a motion shall be made by some Senator, it shall be the duty of the President to refer the subject matter to an appropriate committee. No bill shall be amended until it shall have been twice read.

PROCEEDINGS WHEN THERE IS NOT A QUORUM VOTING.

22. If, on taking the question on a bill, it shall appear that a constitutional quorum is not present, or if the bill requires a vote of a certain proportion of all the Senators to pass it, and it appears that such a number is not present, the bill shall be again read, and the question taken thereon; if the bill fails a second time for the want of a necessary number being present and voting, the bill shall not be finally lost, but shall be returned to the Calendar in its proper order.

PRECEDENCE OF MOTIONS.

23. When a question is before the Senate no motion shall be received except those herein specified, which motions shall have precedence, as follows, viz.:

(1) For an adjournment.
(2) To lay on the table.
(3) For the previous question.
(4) To postpone indefinitely.
(5) To postpone to a certain day.
(6) To submit to a standing committee.
(7) To submit to a select committee.
(8) To amend.
(9) To substitute.

24. The previous question shall be as follows: "Shall the main question be put?" and until it is decided shall preclude all amendments and debate. If this question shall be decided in the affirmative the "main question" shall be on the passage of the bill, resolution, or other matter under considera-
tion; but when amendments are pending, the question shall be taken up on such amendments in their order, without further debate or amendments. However, any Senator may move the previous question and may restrict the same to an amendment or other matter then under discussion. If such question be decided in the negative, the main question shall be considered as remaining under debate.

25. When the motion for the previous question is made, and pending the second thereto by a majority, debate shall cease, and only a motion to adjourn or lay on the table shall be in order, which motions shall be put as follows: Previous question; adjourn; lay on the table. After a motion for the previous question is made, pending a second thereto, any member may give notice that he desires to offer an amendment to the bill or other matter under consideration; and after the previous question is seconded, such member shall be entitled to offer his amendment in pursuance of such notice.

OTHER QUESTIONS TO BE TAKEN WITHOUT DEBATE.

26. The motions to adjourn and lay on the table shall be decided without debate, and the motion to adjourn shall always be in order when made by a Senator entitled to the floor.

27. The respective motions to postpone to a certain day or to commit shall preclude debate on the main questions.

28. All questions relating to priority of business shall be decided without debate.

29. When the reading of a paper is called for, except petitions, and the same is objected to by any Senator, it shall be determined by the Senate without debate.

30. Any Senator requesting to be excused from voting may make either immediately before or after the vote shall have been called, and before the result shall have been announced, a brief statement of the reasons for making such request, and the question shall then be taken without debate. Any Senator may explain his vote on any bill pending by obtaining permission of the President before the vote is put: Provided, that not more than three minutes shall be consumed in such explanation.

QUESTIONS THAT REQUIRE TWO-THIRDS VOTE.

31. No bill or resolution on its third reading shall be acted on out of the regular order in which it stands on the Calendar, and no bill or resolution shall be acted upon on its third reading the same day on which it passed its second reading, unless so ordered by two-thirds of the Senators present.

32. No bill or resolution shall be sent from the Senate on the day of its passage, except on the last day of the session, unless otherwise ordered by a vote of two-thirds of the Senators present.

33. No bill or resolution, after being laid upon the table upon motion, shall be taken therefrom except by a vote of two-thirds of the Senators present.

DECORUM IN DEBATE.

34. No remark reflecting personally upon the action of any Senator shall be in order in debate, unless preceded by a motion or resolution of censure.

35. When a Senator shall be called to order he shall take his seat until the President shall have determined whether he was in order or not; if decided to be out of order he shall not proceed without the permission of the Senate Jour. ---3
Senate, and every question of order shall be decided by the President, subject to an appeal to the Senate by any Senator; and if a Senator is called to order for words spoken, the words excepted to shall be immediately taken down in writing, that the President or Senate may be better able to judge of the matter.

MISCELLANEOUS RULES.

36. When a blank is to be filled and different sums or times shall be proposed, the question shall be first taken on the highest sum or the longest time.

37. When a question has been once put and decided, it shall be in order for any Senator who shall have voted in the majority to move a reconsideration thereof; but no motion for the reconsideration of any vote shall be in order after the bill, resolution, message, report, amendment or motion upon which the vote was taken shall have gone out of the possession of the Senate; nor shall any motion for reconsideration be in order unless made on the same day, or the next following legislative day, on which the vote proposed to be considered shall have taken place, unless the same shall be made by the Committee on Enrolled Bills for verbal or grammatical errors in the bills, when the same may be made at any time. Nor shall any question be reconsidered more than once.

38. All bills and resolutions shall take their place upon the Calendar according to their number, and shall be taken up in regular order, unless otherwise ordered.

39. No smoking shall be allowed within the Senate Chamber during the sessions.

40. Senators and visitors shall uncover their heads upon entering the Senate Chamber while the Senate is in session, and shall continue uncovered during their continuance in the Chamber.

41. No Senator or officer of the Senate shall depart the service of the Senate without leave or receive pay as a Senator or officer for the time he is absent without leave.

42. No person other than the Executive and judicial officers of the State, members and officers of the Senate and House of Representatives, unless on invitation of the President or by a vote of the Senate, shall be permitted within the bar.

43. No rule of the Senate shall be altered, suspended or rescinded except on a two-thirds vote of the Senators present: Provided, that a majority of all the Senators elected may change the rules at any time.

44. In case a less number than a quorum of the Senate shall convene they are authorized to send the doorkeeper or any other person for any or all absent Senators, as a majority of the Senators present shall determine.

45. The ayes and noes may be called for on any question before the vote is taken, and if seconded by one-fifth of the Senators present the question shall be decided by the ayes and noes, and the same shall be entered upon the Journal.

46. When any committee shall decide that it is advisable to employ a clerk for such committee the chairman of the committee shall first obtain the consent of the Senate for such employment, and if the Senate shall allow the clerk as requested, he shall be appointed by the Lieutenant-Governor upon the recommendation of the committee.

47. Every bill introduced into the Senate shall be printed or typewritten. Amendments may not be typewritten.
48. The Clerk of the Senate shall provide a box of sufficient size, with an opening through the top, for the reception of bills. Such box shall be kept under lock and key and shall be stationed on the Clerk’s desk. The President shall have in his charge and keeping the key to such box. All bills which are to be introduced into the Senate shall be deposited in such box before the session begins. At the proper time the President shall open the box and take therefrom the bills. Such bills shall be read by their titles, which reading shall constitute the first reading of the bill, and unless otherwise disposed of shall be referred to the proper committee. A bill may be introduced by unanimous consent at any other time during a session.

49. The Chief Engrossing Clerk of the Senate shall appoint, with the approval of the President of the Senate, as his assistants not more than three competent stenographers and typewriters. Such stenographers and typewriters shall work under the direction and supervision of the Engrossing Clerk. They shall also make for the members of the General Assembly who introduce a bill, without extra cost, one original and two carbon copies of all bills.

50. The Journal of the Senate shall be typewritten in duplicate, original, and carbon, the original to be deposited in the office of Secretary of State as the record, and the other (carbon) copy to be delivered to the State Printer.

51. That in case of adjournment without any hour being made, the Senate shall reconvene the next legislative day at 11 o’clock a.m.

52. All bills and resolutions reported unfavorably by the committee to which they were referred, and having no minority report, shall lie upon the table, but may be taken from the table and placed upon the Calendar at the request of any Senator.

53. When a bill is materially modified or the scope of its application extended or decreased, or if the county or counties to which it applies be changed, the title of the bill shall be changed by the Senator introducing the bill or by the committee having it in charge, or by the Engrossing Clerk, so as to indicate the full purport of the bill as amended and the county or counties to which it applies.

On motion of Senator Little of Wake, the Senate accepts an invitation from Principal John E. Ray, of the State School for Deaf and Blind, to attend a recital to be given by the students of the State School for the Blind in the auditorium of the school, Friday evening, January 24, 7:30 o’clock.

Senator Bridgers asks the consent of the Senate to place Senate Bill No. 34, H. B. 51, on the Calendar, and the bill is ordered placed thereon.

A message is received from His Excellency the Governor, W. W. Kitchin, transmitting the following report of the State Building Commission, which is read the first time and referred to the Committee on Public Buildings:

of North Carolina,
Raleigh, N. C.

To His Excellency:—The State Building Commission, appointed by you under chapter 66 of the Public Laws of 1911, beg leave to report that in pursuance of the duties imposed on us under said act we purchased for the State the corner lot on Fayetteville and Salisbury streets, fronting the Capitol, and known as the Grimes lot, sixty-five by two hundred and ten feet, at the cost of $45,000, and proceeded to erect thereon a fireproof building to accommodate the State Library, the State Historical Commission, the Supreme Court and its library, including private rooms for the Judges and offices for the Clerk of the Court and the Attorney-General of the State.

In addition thereto we provided in the basement storage space approximating an area of 11,600 square feet for storing records and public documents of the State. We have carefully inspected the building this day, and we find all material and workmanship most satisfactory and we estimate that the building will be ready to receive its furnishings and equipments on
or about February 15, 1913. The contracts awarded to date, including the amount paid for the purchase of lot, is approximately $250,000, which gives us the assurance that the work will be completed practically within the appropriation. We suggest that you recommend to the present Legislature that provision be promptly made for the heating, furnishing, and equipment required for the occupancy of this building.

Respectfully submitted,

ASHLEY HORNE, Chairman.
J. A. LONG.
J. ELWOOD COX.
JULIAN S. CARR.

WALTER L. PARSONS.

This January 11, 1913.

A message is received from His Excellency the Governor, W. W. Kitchin, transmitting the following resolution from the General Assembly of the State of Arkansas:

HOUSE CONCURRENT RESOLUTION NO. 15.

WHEREAS, The Government of the United States levied a tax on all raw cotton in 1862, and continued the same at varying amounts until 1867; and, WHEREAS, The chief burden of this tax, amounting to $68,000,000, fell upon the cotton growers at a time when they were least able to bear it; and,
WHEREAS, The constitutionality of this tax has always been seriously questioned and was affirmed only by an equally divided court; and,
WHEREAS, The direct tax on land, the constitutionality of which has never been questioned, was long since returned to the States; therefore be it

RESOLVED by the House of Representatives of the State of Arkansas, the Senate concurring therein:

Section 1. That we request the Government of the United States to return this tax to the States in which it was collected in order that it may be used by them for the benefit of rural schools.
Section 2. That the Governor of the State of Arkansas be requested to transmit a copy of these resolutions to the executives of all the other States to be by them laid before the Legislatures for such action as they may see fit; to the President of the United States for his consideration; and to our Senators and Representatives in Congress, with the request that they formulate and introduce a bill designed to carry out the end suggested in this resolution.

HURST of Washington.
The resolutions are read for the first time and referred to the Committee on Judiciary No. 2.

A message is received from his Excellency the Governor, W. W. Kitchin, transmitting resolution from the Senate of the General Assembly of the State of New York, as follows:

STATE OF NEW YORK,
OFFICE OF SECRETARY OF STATE.

Pursuant to the direction therein contained, I have the honor to transmit herewith the following concurrent resolution of the Senate and Assembly of the State of New York, adopted March 4, 1912.
WHEREAS, There have been introduced in Congress three bills (numbers H. R. 36, H. R. 4428, S. 2367) to afford federal protection to migratory game birds; and,

WHEREAS, There is a very general sentiment in this State in favor of such protection, and an urgent request for the enactment of such a law has been made, as appears by numerous petitions received; now, therefore,

Resolved (if the Assembly concur), That Congress be and hereby is requested to enact a law giving ample protection to migratory game birds.

Resolved, That the Legislature of all other States of the United States, now in session or when next convened, be, and they hereby are, respectfully requested to join in this request by the adoption of this or any equivalent resolution.

Resolved, further, That the Secretary of State be, and he is hereby, directed to transmit copies of this resolution to the Senate and House of Representatives of the United States, and to the several members of said body representing this State therein; also to transmit copies hereof to the Legislatures of all other States of the United States.

By order of the Senate.

PATRICK E. MCCABE, Clerk.

The resolution passes first reading and is referred to the Committee on Game Laws.

THE CALENDAR.

Bills and resolutions on the Calendar are taken up and disposed of as follows:

S. B. 30, bill to authorize the Board of County Commissioners for Forsyth County to issue bonds to pay its debt contracted in building its present courthouse, on third reading.

The bill passes third reading, ayes 31, noes none, as follows:

The bill is ordered sent to the House of Representatives without engrossment.

S. B. 28, bill to authorize the levy of additional tax to support the graded school of Lexington, Davidson County, on third reading.

The bill passes third reading, ayes 31, noes none, as follows:

The bill passes third reading and is ordered sent to the House of Representatives without engrossment.

On motion of Senator Little of Wake, the Senate takes a recess until 11:30 o'clock.
SENATE RECONVENES.

The Senate reconvenes at 11:30 o'clock and, on motion of Senator Daniel, a further recess is taken until 12 o'clock.

A message is sent to the House of Representatives requesting them to meet the Senate in the rotunda of the Capitol and form a procession to march to the city Auditorium.

The Senate reconvenes at the hour of 12 and a message is received from the House of Representatives granting the above request to meet in the rotunda of the Capitol and march to the Auditorium for the inauguration ceremonies.

The Lieutenant-Governor announces that, in accordance with law, the persons declared elected on yesterday in accordance with Senate Resolution No. 2 will be sworn into office at the city Auditorium.

The Senate rises and proceeds to the Auditorium, where a joint session of the Senate and House of Representatives is called to order by Lieutenant-Governor W. C. Newland for the installation of the newly elected State officers.

The State officers-elect are presented by Senator Weaver of Buncombe County, Chairman of the Inauguration Committee, and the oaths of office are administered in turn, as follows:

By Associate Justice Allen:
George P. Pell, Corporation Commissioner.
Edward L. Travis, Corporation Commissioner.
Mitchell L. Shipman, Commissioner of Labor and Printing.

By Associate Justice Hoke:
James R. Young, Insurance Commissioner.
W. A. Graham, Commissioner of Agriculture.
T. W. Bickett, Attorney-General.

By Associate Justice Brown:
Benjamin R. Lacy, State Treasurer.
W. P. Wood, State Auditor.

By Associate Justice Walker:
J. Y. Joyner, State Superintendent of Public Instruction.
J. B. Grimes, Secretary of State.
Elijah L. Daughtridge, Lieutenant Governor.

By Chief Justice Clark:
Locke Craig, Governor of North Carolina.

The retiring Governor, W. W. Kitchin, presented his Excellency, Governor Craig, to the joint assembly.

Each of the officers-elect thus presented as above mentioned and to each of whom the oath of office is administered, subscribed to their several oaths.

The Governor-elect, Hon. Locke Craig, thereupon delivers his inaugural address.

The business for which the joint assembly convened having been accomplished, the Senate returns to its Chamber and reconvenes at 4 o'clock p. m. and proceeds with its business.

The retiring Lieutenant Governor, W. C. Newland, presents Lieutenant Governor Daughtridge, who was escorted to the chair by Senators Daniel, Pharr and Grant.
Lieutenant Governor Daughtridge, upon taking the chair, addresses the Senate as follows:

"In assuming the duties of Lieutenant Governor of North Carolina and as presiding officer of this distinguished body, I do so with a deep sense of gratitude and appreciation for the confidence reposed in me by the people of my State.

"Realizing as I do the great responsibilities imposed upon me by this office, I solicit the coöperation of each Senator, and I ask you to give me that cordial support that will enable me to preside over this body fairly and impartially.

"During this session of the General Assembly you will be called upon to pass upon questions that vitally affect the future prosperity of the State and its people, one of the most important of which is the great question of taxation. There must be some plan adopted by which the burden of taxation will raise sufficient revenue to meet the needs of the State government economically administered. We must take no backward step in the great educational work of the State. Our educational system is not only the pride of our own people, but of the whole nation. We must not fail to provide sufficient means to care for the State's charitable institutions. Nor can we, when the twilight in the evening of life is fast falling around the few remaining old soldiers, when in a few more years they will have all crossed over the river, withhold from them any part of the appropriation given them in the past, but if necessary we should increase this appropriation until every necessary comfort of this life is provided for them during their last days upon this earth. Not only should we provide for the old veterans themselves, but this Legislature should appropriate a sufficient amount to build and maintain a home for the needy wives and widows of these old battle-scarred veterans.

"You should by proper legislation foster and encourage every legitimate industry in our State, and especially should you pass such legislation as will promote that industry in our State in which so many of our people are engaged. I believe that money judiciously invested by the State at this time in the practical education of the farmer boys and girls will yield greater returns than it can if invested in any other way. I believe that the intelligent cultivation of our rich, fertile soils, the building of good roads, the general betterment of rural conditions are the very foundations upon which rests the future prosperity of our people.

"I shall do all in my power to aid you in accomplishing these results, consistent with the duties of my office, and I have an abiding faith in the wisdom and patriotism of this distinguished body, and I believe your deliberations will be guided by that wisdom that cometh from above, and that all your acts will be uplifting and for the promotion of all the industries of the State, with a view to making all her people free, happy and contented.

"When the General Assembly of 1913 shall have finished its work, and shall have passed into history, may each one of us go to our homes, rewarded with that inner consciousness that we have done what we could to promote the general welfare of our beloved commonwealth.

"And now, Governor Newland, I want to thank you for the kind words you have spoken of me. I assure you I greatly appreciate them, and I only hope the Senators may accord to me the same kindly and sympathetic con-
Consideration and courtesy they have accorded to you, my distinguished predecessor, and I hope as near as possible to approach that degree of success to which you attained as their presiding officer.

"I now declare this Senate ready for the transaction of business."

Senator Thorne offers the following resolution:

Whereas, The Honorable Wm. C. Newland, as the Lieutenant Governor of the State and presiding officer of the Senate, has, during his continuance in office, discharged the duties incumbent upon him with great distinction, marked ability and unfailing kindness: therefore, be it

Resolved, That this Senate, in recognition of the sterling worth, patriotism, impartiality, and able manner in which the Honorable Wm. C. Newland has presided over its deliberations, extends to him hereby our sincere thanks for his public services and best wishes for his future happiness and prosperity.

The resolution is adopted by a unanimous rising vote of the Senate.

On motion of Senator Watts, the privileges of the floor are extended to Hon. Cameron Morrison.

On motion of Senator Peterson, ex-Senator Thos. W. Harring is granted the privileges of the floor.

On motion of Senator Davis, leave of absence is granted Senator Gilliam.

On motion of Senator Long, leave of absence is granted Senator Nimocks until Friday.

REPORT OF COMMITTEE ON HOME FOR WIVES AND WIDOWS OF CONFEDERATE VETERANS.

A message is received from His Excellency, the Governor, W. W. Kitchin, transmitting the following report from the Committee on Home for Wives and Widows of Confederate Veterans:

To His Excellency, W. W. Kitchin, Governor of North Carolina

Sir:—The Committee appointed by the President of the Senate and Speaker of the House pursuant to the directions of the General Assembly of 1911, beg leave to report as follows:

We met in the city of Rocky Mount on November 20, 1912. The several members before that time had made careful efforts to inform themselves of the advisability and need of establishment of a home for dependent wives and widows of Confederate soldiers, but encountered much difficulty in obtaining exact information relative to the subject. It was learned by us from the Auditor of the State that six thousand widows of Confederate soldiers were on the pension roll, and that of the inmates of the Soldiers' Home at Raleigh, twenty-four had wives who were being cared for in different parts of the State, either as county charges or by their relatives or friends. How many of those now on the pension roll were also dependent upon the various counties of the State or relatives or friends for support we were not able to learn.

The meeting of the committee was attended by several of the officials as well as other representatives of the North Carolina Division of the United Daughters of the Confederacy and representatives from some of the cities and towns of the State who were interested either in the general proposition of having the home established or offering sites on which to locate it if the Legislature deems it best and wise to do so.

The committee had excellent reason to believe that any one of the several important towns and cities of the State would donate ample land for the purposes of the site of the home and grounds and give substantial financial aid in furtherance of the scheme.

After a very full hearing and a most thorough consideration of the subject the committee adopted the following resolution:

"That we recommend to the General Assembly that it build a home for the dependent widows of Confederate soldiers and all other worthy dependent women of the Confederacy, and to effectuate this purpose at least ten thousand dollars be appropriated and the sum of five thousand dollars annually thereafter for the maintenance of the home.

"That the location of the said home be selected by its board of directors, who will be appointed by the Governor."
That due advertisement for bids for said location be made by the board of directors.

The committee recommends that the home be not built in connection with or as a part of the Soldiers' Home, but disconnected from it, and that it be built in such town or city of the State as will offer the best inducement. That the rules and regulations governing the admission of applicants and management of the home be prescribed by the board of directors, to consist of seven members, to be appointed by the Governor and to hold office for the term of two years and until their successors are elected and qualified.

It is further recommended that an advisory board of ten ladies, one from each Congressional district, be appointed in the bill, who shall hold office for two years, any vacancy occurring in such advisory board, whether from expiration of office or otherwise, to be filled by the board of directors.

A bill embodying the recommendations of the committee is attached to this report, and it is respectfully requested that you will transmit this report and bill to the next General Assembly, with such recommendation relative thereto as you think right and proper.

Respectfully submitted,

T. T. Thorne,
M. Leslie Davis,
Committee on the part of the Senate.

Archibald D. McGill,
Joseph F. Spainhour,
W. A. Grier,
Committee on the part of the House.

The report is referred to the Committee on Pensions and Soldiers' Home.

ENROLLED BILLS.

Senator Hannah, from the Committee on Enrolled Bills, reports the following bill properly enrolled, and it is duly ratified and sent to the office of Secretary of State:

H. B. 51, S. B. 34, act to amend section 2798 of The Revisal of 1905, relative to pay of jurors in Warren County.

On motion of Senator Jones, the Senate adjourns until 11 o'clock tomorrow NINTH DAY.

SENATE CHAMBER, January 17, 1913.

The Senate meets pursuant to adjournment.

Andrew Grant, Janitor, weekly salary ................................ 10.50

Respectfully submitted,
J. Y. Joyner,
State Superintendent of Public Instruction.

REPORT OF SELECT COMMITTEE.

The joint committee appointed under Senate resolution No. 1, House resolution No. 2, to investigate and report back to the Senate and House of Representatives upon the salaries of clerks, stenographers, laborers, and pages, and report the amount paid to them respectively, do respectfully submit the following as our report:

We find that the rules of the Senate and the House conflict in such a way that it is impossible to reconcile them upon the question of employing clerks to the various committees of the respective bodies. We therefore recommend that each body adjust the question of clerkships to their respective committees under the rules of each body. We further recommend that no clerk be appointed by the chairman of any committee till the chairman ask for such clerk, and that the necessity of such clerkship be submitted to the members of the respective bodies in session.

We find that there is now employed by the Senate eleven clerks and stenographers at $4 per day; fourteen laborers at $2.50 per day; ten pages at $1 per day. We find that the House has employed twenty-one clerks and stenographers at $4 per day; twenty-five laborers at $2.50 per day; fourteen pages at $1 per day. That the aggregate amount of expenses to be incurred by the Senate and House of Representatives under this statement and report would be $18,630 if all the clerks and laborers and pages are permitted to prove and receive pay for the entire term of the Legislature. We further find, upon investigation of the Auditor's records, the cost of former Legislatures for clerks, stenographers, employees, and pages to be as follows: For the session of 1903, $15,212.80; session of 1905, $18,752.43; session 1907, $20,355.56; session of 1909, $22,327.50; session of 1911, $25,737.50.

We further find upon investigation of the Auditor's reports that there has been very little difference in the cost of expenses of each Legislature for the past four or five sessions. We recommend that the sum of $4 per day be allowed each clerk and stenographer, and said sum of $4 per day be allowed each clerk for any committee which their respective bodies may deem necessary to be employed as clerks to said committee. We further recommend that the sum of $2.50 per day be allowed each laborer, and that no mileage or additional pay be allowed any clerk, stenographer or laborer at the end of the session. We further recommend that $1 per day be allowed each page. We further recommend that clerks, stenographers, and laborers do not be permitted to draw pay for the entire session, but only from the time they may be appointed and commence service. This report is estimated upon the present conditions and does not include the amounts which may be allowed to clerks to committees or other clerks hereafter to be appointed by the respective bodies.
On motion of Senator Councill, the report of the Joint Committee is adopted.

On motion of Senator Hobgood, the Senate adjourns until 11 o'clock tomorrow in accordance with H. R. 168, S. R. 78, joint resolution for celebration of General Robert E. Lee's birthday.

REPORT OF LEGISLATIVE COMMITTEE.

A message is received from His Excellency, the Governor, transmitting majority and minority reports of the Legislative Committee appointed to investigate and report as to the advisability of consolidating the State Agricultural Department and the A. and M. College.

Majority Report.

Raleigh, N. C., January 16, 1913.

To His Excellency, Governor Locke Craig:

We, your committee appointed under Resolution No. 34, page 374, Public Laws of 1911, to investigate and report on the advisability of combining the Agricultural Department and the A. and M. College, would respectfully submit the following report:

First. That we have thoroughly investigated both departments named in said resolution, visited the test farms of the Agricultural Department, found the same a model of neatness, and ascertained from the people of the counties in which said farms are situated that the tests and demonstrations that are carried on at said farms are of the utmost importance and benefit to the people of the county and the surrounding counties.

Second. We do not think that it is advisable to unite the Agricultural Department and the A. and M. College under one head, but we recommend in lieu thereof that a bill be introduced into and passed by the General Assembly of 1913 embodying substantially the following recommendations, to wit: That there be and is hereby authorized and legalized a joint committee, to be known as the "Joint Committee for Agricultural Work"; that this committee shall be composed of four members of each of the Boards of Agriculture and the Trustees of the North Carolina College of Agriculture and Mechanical Arts; and in addition thereto the Commissioner of Agriculture and the President of the A. and M. College be ex officio members of said committee. That the four members of the Joint Committee from each of the two boards shall be designated by the board of which they are members respectively, and shall serve
on the committee during their terms as members of the board unless excused from such service by their respective boards. The members already designated by the two boards for service on this committee shall continue to serve during their terms as board members.

Third. That for the purpose of preventing duplication and friction and for increasing efficiency in agricultural work in the State, the Joint Committee for Agricultural Work, heretofore provided for, shall have supervision and control of such agricultural work of the same kind or kinds as both the Department of Agriculture of the State and the North Carolina College of Agriculture and Mechanic Arts are conducting or may conduct under authority of law, together with any work which either of these institutions may agree to place under the Joint Committee, and especially shall this Joint Committee have supervision and control of all experimental and investigational work in agriculture in the State.

Fourth. The Joint Committee shall use such funds as may be designated by law or which may be placed at its disposal by each of the two boards or by any benefactions in the conduct of the work outlined in section three of this report. It shall determine and employ such workers as may be necessary for the conduct of the work and regulate their salaries and duties. All actions of the Joint Committee shall be subject to the approval of the Board of Agriculture and the Board of Trustees of the North Carolina College of Agriculture and Mechanic Arts.

Fifth. That while the resolution under which this report is authorized and made does not empower your committee to make any recommendations concerning a new agricultural building, yet your committee do beg leave to recommend that the Agricultural Department be authorized and empowered to erect a new building on the site where the old building now stands, the expenses of the same to be paid for by the Agricultural Department. Your committee would further state that in their opinion such action is highly necessary for the welfare of the Agricultural Department.

Respectfully submitted,

(Signed) W. C. Newland, Chairman.
M. J. Hawkins.
Charles Ross.
F. P. Alspaugh.
J. M. Mitchell.

Minority Report.

Raleigh, N. C., January 17, 1913.

To His Excellency, Hon. Locke Craig,
Governor of North Carolina,
Raleigh, North Carolina.

Dear Sir:—As a member of the committee appointed under Resolution No. 34, page 374, Public Laws of 1911, to investigate and report on the advisability of combining the Agricultural Department and the A. and M. College, and having been the introducer of the resolution, I regret my inability to sign the majority report and beg leave to submit the following:

First. The purpose of my resolution was not to cripple in any way either the Agricultural Department or the A. and M. College, but to eliminate duplication of work and the useless expenditure of the State's money and to make both departments more useful and more effective in the development of the Senate Jour.—5
State's resources. Having this purpose in view, I am glad to be able to report that since the introduction of my resolution the Board of Agriculture and the Trustees of the A. and M. College have appointed a Joint Committee, which committee has investigated the work of the two boards and reports that it has eliminated duplication in several lines to the advantage of the State, financially and otherwise.

Second. The progress made strengthens my conviction that ultimately the work of these two departments should be merged under one general head. I think, however, that a matter of such importance requires time, and with this end in view I concur in the recommendation of the committee that there be authorized and legalized a Joint Committee for agricultural work; but this committee shall be composed of four members of each of the Boards of Agriculture and the Trustees of North Carolina College of Agriculture and Mechanic Arts, that these four members from the Joint Committee of each of the two boards shall be designated by the board of which they are members respectively, and shall serve on the committee during their term as members of the board unless excused from such service by their respective boards, and that the Legislature confer on them such powers and duties as will enable them to continue the work of consolidation along the lines already so auspiciously begun.

Third. I heartily concur in section three of the majority report of the committee.

Fourth. I concur in section four so far as it goes, but suggest that it might be wise in addition to submit the action of the Joint Board to the Council of State for its approval or disapproval.

Fifth. I strongly dissent from the recommendation that the Board of Agriculture be authorized or empowered to borrow money at this time for the erection of a new building, and I think the erection of the building authorized by the last Legislature will relieve all congestion for the present, and if the suggestions contained in this minority report become effective, and the consolidation is finally effected, any building erected at the present time might become useless.

In conclusion let me say that in my judgment no departments of the State government more vitally touch its future growth and development than the Agricultural Department and the A. and M. College. I am in favor of any proper step that will increase the usefulness of either, and I believe a proper solution of these questions by your administration and the present Legislature would go far towards enabling North Carolina to reach the position to which she is justly entitled in the agricultural world.

Respectfully submitted, (Signed) W. C. Dowd.

MESSAGE FROM THE GOVERNOR. January 30, 1913.

To the General Assembly of the State of North Carolina:

Hon. E. C. Duncan has submitted to me a proposition to buy the stock which the State of North Carolina owns in the Atlantic and North Carolina Railroad Company. The face value of this stock is $1,266,600. He offers for the same, in cash, 75 per cent of its par value; the full amount offered being $949,950.

I herewith submit to you this proposition for your consideration.

Respectfully, Locke Craig.
Governor.

Raleigh, N. C., January 29, 1913.

To His Excellency, Honorable Locke Craig.
Governor of North Carolina, Raleigh, N. C.

Dear Sir:—It is my desire to purchase the stock owned by the State of North Carolina in the Atlantic and North Carolina Railroad Company. The total stock of the said railroad company is 17,972 shares of the par value of one hundred dollars each. Of this stock the State owns 12,566 shares of the par value of $1,266,600, and individuals, corporations and certain counties in the State own the remaining shares of stock. There is a mortgage upon the road of $325,000.
During the administration of Governor Aycock this road was leased for a term of ninety-one years and four months, beginning September 1, 1904, expiring January 1, 1996. By the terms of this lease, the lessee pays as rental $53,916 annually, payable in two equal installments on the first of July and first of January, this amount being three per cent upon the stock at par. The State's part of this annual rental of $53,916 is $37,998. Payments at this rate will continue until January 1, 1925.

From January 1, 1925, to January 1, 1935, the rental will be on a basis of 3½ per cent; from January 1, 1936, to January 1, 1945, the rental will be on a basis of 4 per cent; from January 1, 1945, to January 1, 1955, the rental will be on a basis of 4½ per cent; from January 1, 1955, to January 1, 1965, the rental will be on a basis of 5 per cent; and during the remainder of the term, from January 1, 1965, to January 1, 1996, on a basis of 6 per cent.

The lessee also pays the taxes and insurance on the property and the interest on the mortgage indebtedness of $225,000.

I hereby offer the State $949,950 in cash for the said stock, this amount being 75 per cent of its par value, and I respectfully request that you transmit this offer to the General Assembly now in session for their consideration.

I beg to remain, Your obedient servant,

(Signed) E. C. DUNCAN.

The message is referred to the Committee on Finance.

On motion of Senator Bridgers, it is ordered that three hundred copies of S. B. 251 be printed for distribution.

On motion of Senator Phillips it is ordered that five hundred copies of S. B. 254 be printed for distribution.

On motion of Senator Thorne, it is ordered that the Senate adjourn tomorrow at 1:30 o'clock.

On motion of Senator Hobgood, the Senate adjourns until 10:30 o'clock tomorrow.

MESSAGE FROM THE GOVERNOR.

The following message is received from His Excellency, the Governor, Hon. Locke Craig:

EXECUTIVE DEPARTMENT,
Raleigh, N. C., February 4, 1913.

To the General Assembly of the State of North Carolina:

In accordance with the joint resolution of the General Assembly entitled "Joint Resolution in Regard to Interstate Transportation Charges by Common Carriers," ratified on the 3d day of February, 1913, which said resolution provides "that the Governor of the State be empowered and requested to appoint a commission composed of three members, whose duty it shall be to take up with the common carriers by railroad, doing interstate business in this State of transporting freight and passengers, or with such of said common carriers as may seem to said commission to be wise, the question and manner of said railroads conforming to the declared policy of this State, and report in full during the present session of the General Assembly the result of such conference, and the prospects and methods of securing conformity by said common carriers to the State's declared policy":

I therefore, in accordance with the power conferred upon me by said resolution, do hereby appoint as the three members of the said commission E. J. Justice, of the county of Guilford; W. B. Councill, of the county of Catawba; N. B. Broughton, of the county of Wake, to carry out the purposes of the said resolution, and I do further hereby signify my readiness to sit with the said commission in accordance with the invitation in said resolution.

Respectfully,
(Signed) Locke Craig, Governor.

MESSAGE FROM THE GOVERNOR.

RALEIGH, N. C., February 5, 1913.

To the General Assembly of the State of North Carolina:

I have the honor to submit herewith the Biennial Report of the Board of
Internal Improvements.

Respectfully,

(Signed)  
LOCKE CRAIG.  
Governor.
To the Honorable, the General Assembly of North Carolina:

In obedience to the law, chapter 101 of The Revisal, we have carefully inspected works of internal improvement in which the State has an interest, State institutions, and institutions receiving State aid, and have the honor to report:

Mattamuskeet Railroad.—That the Mattamuskeet Railroad has been graded by convict labor from Fairfield in Hyde County to Belhaven in the county of Beaufort, a distance of about sixty-three miles; that the State's stock in said road represents a par value of $99,765, received in payment of convict labor in grading said road. The actual cash value of said stock is problematical.

This company has not been able to raise funds to equip the road. The reason for hiring State convicts to this company and taking stock of said company in payment of their labor, seems, on the part of the State, to have been to open up and give to the rich county of Hyde railroad communication with the outside world; we therefore recommend that some such disposition of the State's interest in this road be made as will result in its early equipment without further cost to the State. A temporary option has been given to certain parties looking to that end, which may or may not amount to anything.

Elkin and Alleghany Railroad.—The work of grading the Elkin and Alleghany Railroad, in which the State has interest, is progressing satisfactorily, some fourteen miles having been graded and ironed. This work is being done by convict labor, for which the State receives and now holds stock in the company of the par value of $140,000, under an act of the General Assembly. We do not know its cash value. This road is opening up direct communication to the rest of the State the rich northwestern counties beyond the Blue Ridge, and to that end seems to be of prime importance, and to justify the use of convicts on the work.

Statesville Airline Railroad.—The work of grading by convicts is progressing on the Statesville Airline Railroad, and the State's interest in the same is now $38,500, face value, in the company's stock; cash value unknown.

Transcontinental Railway.—The State holds stock of the face value of $11,800 in this company, issued in payment of work of convicts. Eighteen convicts are still employed in grading this road, for which work the State will receive additional shares of stock. We can place no present or future value on this stock.

Wilkesboro-Jefferson Turnpike.—The Wilkesboro-Jefferson Turnpike, in which the State holds stock of the par value of $63,810, issued in payment of convict labor, is in bad physical condition. This stock, we think, is without market value. Several years ago there were judgments docketed against this company, in the county of Wilkes, aggregating $7,500. Executions issued thereon and the property was advertised to be sold to satisfy the same. Two years ago, under the direction of his Excellency, the Governor, the Assistant Attorney-General and a member of this board arranged to have these executions returned into the clerk's office and further proceedings
thereon stopped, but since that time the property has been sold to satisfy said executions.

We therefore suggest that a joint committee of the General Assembly be appointed to look into the affairs of this company, that proper steps may be taken to safeguard the State’s interest in this property, if it can now be done, or that such disposition be made of the State’s stock in the same as may seem wise to your honorable body.

**Atlantic and North Carolina Railroad.**—We find that the terms of the contract of lease of the Atlantic and North Carolina Railroad have been substantially complied with on the part of the lessees or their assigns since our last report, except as hereinafter follows: That the report of the expert on part of the State is a true and detailed account of the affairs and property of the company, and we concur in the following, taken from his last report: “The roadbed is not up to the required standard.” “The shops (partially burned several years ago) are in about the same chaotic condition as last year, and we have no definite information to report as to when the shops are to be rebuilt, if at all. By reference to lease, on page five, we find as follows: *And the lessee doth further covenant to and with the lessor, its successors and assigns, that it will keep the said railroad, roadbed, superstructures, depots, buildings, houses, shops, engines, cars, fixtures, and all other property of every kind and part thereof, so hired, let, farmed out, and delivered, in equally as good condition and repair as the property is at the date of this lease, or to keep in the place of the same like things of equally good condition and repair,* etc.

“The old pier and warehouse at Morehead City seems to be little used, and with no one especially charged with its care. Doors and windows are left open to the storm and rains, with thousands of bags of cement inside, set perfectly hard by the exposure. We mention this to show the exposed condition of the property and lack of care in properly protecting the building from the elements. The dock of the pier is in poor condition, needs considerable planking, and new piling is needed under this pier to put it in proper repair.” And the same applies to old piers and warehouses at New Bern. It seems to us that the lessees should be required to live up strictly to the terms of the contract of lease.

**North Carolina Railroad.**—That the physical condition of the North Carolina Railroad from Goldsboro to Greensboro is not such as the safety and best interest of the public demand; but we are not prepared to say that the condition of the same is not substantially up to the requirements of the terms of the lease. But one or more of the old shop buildings in Burlington badly need repairing, if they are considered worth preserving.

**State Institutions.**—We find the physical and sanitary conditions of the several State institutions, and those institutions that receive financial aid from the State, generally satisfactory. With the exception of the unsatisfactory condition of one of the newly erected buildings at the School for the Feeble Minded at Kinston, and one at the Negro Normal School at Fayetteville, and the building erected about two years ago at the Negro Normal School at Elizabeth City, we have nothing to add to what we said in our last report under this head, to wit: “In our opinion much of the material and workmanship and on these buildings (and others not specially referred to) are not such as should be used in permanent public buildings at State institutions.” The interest of the State demands the best in material and workmanship.
Financial Condition.—For the financial condition of all institutions, we respectfully refer to the special reports of the special auditors, filed in the Governor's office under the statute.

Tuberculosis Sanatorium.—We entered very fully into an examination of the North Carolina Sanatorium for the Treatment of Tuberculosis. We found that there has been planned an enterprise of vast importance to the people of the State. We repeat what was said in our last report: “Dollars spent in this enterprise mean untold savings both of life and health, and hence in economic force. The sanatorium is of strategic importance in the battle against the great white plague, and the Legislature should provide for its work on a basis consistent with its importance.” We especially recommend that provision be made for free wards for treatment of incipient cases; not fewer than one hundred free beds should be provided for those too poor to pay. Appeals for admittance constantly going in, from those unable to pay, are heartrending. Refusal is equivalent to death sentence.

School for the White Blind.—Four and two years ago this board, complying with the statute, respectfully suggested to the General Assembly “that steps be taken looking to removing the School for the White Blind children to more commodious quarters; that the school had outgrown its present cramped site in the heart of the city of Raleigh, and must be soon removed where the children could have sufficient breathing room and proper playgrounds; that a further expenditure of money on the present plant or site would be to do patchwork only and be a waste of public funds.”

We see no reason for changing our opinion then expressed, but rather are confirmed in the opinion that immediate action ought to be taken to remove this institution to some convenient point near the city of Raleigh, where necessary land can be had for present requirements and future growth. Sooner or later some such action must be taken—the sooner the better, if economy is considered.

Oxford Orphan Asylum.—A thorough study of the work of this institution convinces us that it is entitled to additional aid from the State. We therefore respectfully suggest that in our opinion the appropriation to this institution ought to be increased from ten thousand dollars to twenty thousand dollars a year.

Oxford Negro Orphanage.—The boys' dormitory at this institution is an old, rotten, ramshackle, barnlike firetrap, open to the four winds, impossible of being properly heated or kept clean. There is constant danger of fire and loss of life therefrom, as the whole building is attempted to be heated from the lower floor by a large cylinder stove, the pipe leading through the second floor and thence through the roof. If fire should occur on the lower floor in the night time, escape from the upper story would be almost impossible, as the exit is by narrow stairway near the front of the building. The State ought either to withdraw its connection with this institution or appropriate a sum sufficient to remedy present evil conditions. We recommend an appropriation.

The Stonewall Jackson Training School.—This institution is doing a great work. It is worthy of special consideration at your hands.

The University.—Several of the old buildings at this institution need repairing to preserve them; the newer buildings are in good condition. Without going into details as to the needs of the University in order to place it on a footing of efficiency for its work, but, respectfully referring your Honorable Body for full information in detail as to its needs to the recent
report of the President, Dr. F. P. Venable, filed in the Governor's office, we feel that we ought to especially refer to one thing needful at the University—a dining hall to accommodate the students now there and others to come. The present arrangements are inadequate. The equipment is not only insufficient, but it is old, wornout, and unsanitary, and is, in our opinion, a disgrace to the State. We concur in what Dr. Venable says: "It is only through maintaining its own dining hall that the University can keep down the price of board or supervise the wholesome character of the food given." Students at the University who are financially unable to pay the prices charged by hotels and boarding houses are entitled to a dining hall with modern equipment, at least such as has been provided at other institutions.

General Suggestions.—The law requires us to biennially report to the General Assembly the condition of all works of internal improvement and institutions in which the State has an interest, and at the same time to suggest such improvements, enlargements or extensions of such works and institutions as to us shall seem to be demanded by the general prosperity of the State. But if the law did not so require, we should still deem it our duty as commissioners to repeat that "Neither halting nor backward step should be taken in the State's policy of giving liberally to her educational and charitable institutions, that they may open wide their doors to all who knock. Hundreds are knocking, but for lack of room and equipment, cannot enter. Those who have knocked at the doors of these institutions but for lack of room and equipment could not enter, have the right to demand that they shall not longer be denied that which others enjoy.

"Failure to provide for the equal enjoyment of a right is a denial of that right. The denial of a right to equal opportunity for an education is an irreparable wrong." The time has come for improvements and enlargements to meet the growing demand that the increased prosperity of the State is making upon our educational and charitable institutions; for, notwithstanding the deficit reported by the Treasurer, this State, having more than two billions of dollars in taxable property, if properly assessed, is able to meet the demands thus made upon her. But we say such enlargements should be carefully planned, and made only after taking into consideration the State's policy as a whole, so that there may be both economy and efficiency. The present haphazard plan in enlargement should be avoided. Before any great increase is made a broader and deeper foundation should be laid, sufficient to meet the needs of the present and calculated with regard to the development of the future.

Respectfully submitted,

(Signed) B. C. Beckwith.

R. F. Beasley.

Commissioners.

REPORT FROM COMMITTEE EXAMINING GOVERNOR'S MANSION.

To the General Assembly of North Carolina:

We, the undersigned committee, appointed under and by virtue of a joint resolution of this General Assembly, to examine the Governor's Mansion, and the furnishings therein, and to report back to this body the result of such examination, together with any recommendation we had to make in respect thereto, beg leave to submit the following as the result of such examination and make the recommendation as will hereinafter appear:

We visited the Mansion in a body and were shown over the entire building and made a most careful examination of it and the furnishings therein; we examined every hall, room, bath, and other apartment of the building, and from such examination found that the interior of the building is in great and imperative need of repair. The woodwork of the interior, such as the paneling, wainscoting, doors, windows, stairways, and floors throughout the building need to be worked over with some kind of finish so as to restore and preserve same.

The walls of the building all need to be worked over, and in some of the rooms they are so cracked and otherwise in disrepair that they will have to be papered, or else be made anew. A number of the carpets in the building should be discarded and new ones supplied, while all other carpets in the building need to be taken up and thoroughly cleaned and renovated. The curtains and shades to most of the windows on the first floor are old, faded, and worn, and should be discarded and new ones supplied.

The linen supply is insufficient and needs to be replenished. The china
and tableware is wholly insufficient. The building is practically without any tables, and at least a dozen good, substantial tables of different sizes are badly needed.

The kitchen is in need of a number of articles, as well as in bad need of some repairs. The refrigerator used in the building needs to be discarded and a new one purchased.

We find that the building also needs a number of chairs, sofas and settees. Our examination also disclosed that there are a number of articles of furniture in the building that are old and worn and otherwise unfit and unsuited for use and should be disposed of to the best advantage possible. We have endeavored to obtain estimates as to the amount that would be required to make the needed repairs upon the building, and to supply the necessary furniture, but this has been difficult to do, as the judgment of those consulted differ, ranging from fifteen thousand dollars as the highest estimate to twenty-five hundred as the lowest estimate—the last named sum not including the purchase of any new furniture, or if any, but very little.

Our committee, bearing in mind that our State has so many institutions to provide for, and further realizing the present condition of our State Treasury, decided to adopt the lowest estimate hereinbefore mentioned, and in accordance therewith we recommend that a special appropriation of twenty-five hundred dollars be made at once, to be expended upon the repairs of the Governor's Mansion as herein referred to; and we further recommend that such furniture as may be found to be unsuited and unfit for the building be disposed of, and anything realized from it be used as supplemental fund to the twenty-five hundred dollars herein recommended.

All of which we respectfully submit.

W. B. COUNCILL.
WILEY W. RODMAN.

REPORT OF COMMITTEE VISITING SCHOOL FOR DEAF AND DUMB, MORGANTON.

To the Honorable General Assembly of North Carolina:

We, your Special Committee on Institutions for Deaf and Dumb, of the Senate and House of Representatives, beg leave to submit the following report on our tour of inspection:

On February 6th and 7th we visited the North Carolina School for the Deaf and Dumb at Morganton, in a body, and we were accorded every opportunity and facility for the inspection of the physical condition of the plant and its entire equipment, and we found it to be well kept and in fairly good repair, barring the natural wear and tear. The institution is doing the work for which it was created. We found an enrollment of 252 pupils at present, being taught by a corps of twenty-four well equipped teachers. The teachers seem to be unselfishly devoting their time and life to this special work. We find the children comfortably housed and well fed. Their enjoyment is manifest upon their bright and happy faces.

Methods of Instruction.—We find both oral and manual methods of instruction are used in this school, and this combined method is of an advantage in a marked degree over either one of the methods used alone. About seventy-five per cent of the present enrollment are being taught by the oral or speech method, the same course of study being used in both the manual and oral departments. We visited the different class rooms, and found to our very great delight and pleasure, that the various members of the committee could converse with the pupils by speech, and could readily understand them. The advantage of lip-reading, or speech-reading, is seen from the fact that the people who are not trained in sign making can easily communicate orally with deaf and dumb people who are taught by the oral method. We heartily endorse the entire management of this institution and its methods of training.

Industrial Department.—We visited the farm and found the same in good condition and producing fairly good crops, from which the school is furnished wholesome foodstuffs. We find a nice herd of milk cows, from which is furnished an abundance of milk. Some of the pupils are taught the valuable art of agriculture. We recommend the purchase of an additional team and some implements for the farm.

Senate Jour.—14
In our visit to the printing department we found there, to our delight, a class of pupils being taught the art of printing, from which they will become not only self-supporting but successful printers. In the shoe shop and wood-working departments we found that a portion of the pupils are being taught the various kinds of woodwork and handicraft.

Needs of School.—After careful examination, we found that there are on file in the Superintendent’s office a large number of applications, who should be admitted, also a large number of reports from the various county superintendents of the State, those who have not applied, but should be provided for, and we find after a very careful examination that the amounts asked for by the board are reasonable and conservative, and we might add, absolutely necessary.

We desire to commend the wisdom of the establishment of the primary building, known as Goodwin Hall, which was established by the Legislature four years ago. In this building we found seventy-four young children, taught exclusively by the oral or speech method. No fair-minded man can examine this department without being profoundly impressed with the fact that the great desire of the deaf children and their parents is that they be taught to communicate by speech.

We desire to commend the Board of Directors and the Superintendent for their business-like methods in the management of this institution. We do not find a dollar misspent or wasted. On the contrary, we find that the most careful, business-like methods are used for the spending of every dollar.

We find since last Legislature there has been established a gravity water system, which furnishes an abundance of pure water for the entire plant.

The specific items of needs set forth for this institution we wish to recommend.

We find perfect harmony among the Superintendent, Board of Directors, and corps of teachers and officers, and they are working in entire accord and harmony and apparently with one end in view, viz, the success of the school.

Respectfully submitted, D. C. BARNES,
For the Committee.

The report is referred to the Committee on Appropriations.

SPECIAL ORDER.

REPORT FROM COMMITTEE VISITING STATE HOSPITAL AT MORGANTON.

To the Honorable Senate and House of Representatives:

We, the members of the subcommittee, having visited and carefully inspected the State Hospital for the Insane at Morganton, N. C., beg leave to submit the following report:

First, On Tuesday, February 11, we went through all the wards and carefully inspected the patients therein. We find them, so far as we could ascertain, well cared for in every respect; the sanitary conditions are excellent and the management reflects credit on the institution and the State.

Second, We find that twelve hundred patients are now in the Hospital and about one hundred are out on probation. We find that a good number of the males are cared for at the colony located on the grounds of the institution, where they are engaged in farming, dairying, etc. Besides furnishing a healthful employment for those thus engaged, it also provides a large amount of provisions for the institution.
Third, We find that the present capacity of the institution is not sufficient to meet the demands; that applicants are turned away almost daily, and that if the Hospital is to fully accomplish the purpose for which it was intended more room must be provided. We therefore recommend that two more buildings be erected with a capacity of one hundred beds each, on the grounds of the institution, of an estimated cost of one hundred thousand ($100,000) dollars which we think will be sufficient to meet the needs of the institution at the present time. We recommend that two hundred thousand ($200,000) dollars be appropriated annually for maintenance to keep the institution up to the present high standard of efficiency.

Fourth, We think that with the above named improvements added the State will have one of the best institutions of its kind in our country.

Respectfully submitted, Barbour, for Committee.

REPORT OF FREIGHT RATE DISCRIMINATION COMMITTEE.

On motion of Senator Hobgood, the following report of the committee appointed by the Governor, in relation to the freight rate situation in North Carolina, is spread upon the Journal:

To the Honorable the General Assembly of North Carolina:

The Commission appointed by his Excellency, the Governor, in pursuance to the joint resolution relative to the enforcement of the declared policy of the State with respect to freight discriminations, have the honor to report that on February 12, 1913, his Excellency, the Governor, and this Commission met with the representatives of the interstate railroads doing business in this State and undertook to accomplish the purposes for which this Commission was created.

Nothing transpired at the conference to cause any member of this Commission or, as we are advised, his Excellency, the Governor, to doubt that the declared policy of this State with respect to this economic matter is sound. Representatives of the Southern Railway Company, the Atlantic Coast Line Railroad Company, the Seaboard Air Line Railway Company, the Norfolk and Western Railway Company, the Carolina, Clinchfield and Ohio Railway Company and the Carolina and Northwestern Railroad Company did not concede the soundness of the policy declared by the State, and represented that unless it should be made a national policy by act of Congress, or by proper orders of the Interstate Commerce Commission, and until there was a general readjustment by the railroads throughout the country of the entire
rate situation, they could not strictly comply with the policy as declared by
the State of North Carolina. They left as an open question what their atti-
dude would be in the event the policy of the State should become the policy
of the nation.

These representatives nevertheless expressed their great desire and their
hope and impression that some action could be taken by the railroads that
would remove the sense of injustice felt by the people of this State on account
of the present freight rate situation.

They did not state that they had in mind any specific plan for the ac-
complishment of this purpose but only that they entertained views that made
it advisable and desirable that they be given an opportunity to work out
with this Commission and his Excellency, the Governor, a plan which would
bring about a substantial reduction and equalization in the matter of freight
charges against which the State of North Carolina now complains. We were
impressed with the earnestness of this request and were pleased with the ex-
pression of the representatives of the railroad companies that it was made
in good faith.

We report the expression of the desire on the part of the representatives
of the railroad companies that the General Assembly shall enlarge the powers
of this Commission somewhat in order that they may consider such plans as
the railroad companies may have for conforming in some substantial way
with the requirements of the State of North Carolina.

We take the liberty of suggesting that nothing should be said or done that
would seem to embarrass the State in the exercise of its right and purpose
to appeal to the Interstate Commerce Commission and to Congress for relief
against the present act of Congress with reference to the charges for long
and short hauls of freights by railroads. We trust that if the General As-
sembly should act upon the suggestion of the representatives of the railroad
companies that concessions will be made by the companies that will go far
towards immediately correcting present discriminations and unjust freight
charges. If no satisfactory arrangement is arrived at between the repre-
sentatives of the State and the railroad companies it will still be open for
the General Assembly to deal with the subject directly.

We are convinced that the sovereign State of North Carolina is not im-
potent in the present situation. No self-respecting State can, in the opinion
of this Commission, and as we are advised, in the opinion of the Governor,
tolerate the unjust burdens imposed upon the producer, the dealer and the
consumer, and which prevent our legitimate commercial and business de-
development. No State that is great in the character of its people will submit to
this injustice without exhausting every means within its power to correct it.
We believe that means are available to the State to compel justice to be done
in this matter. If in the meantime satisfactory arrangements can not be
made by further conference between this Commission and his Excellency, the
Governor, and the representatives of the railroad companies, the General
Assembly will then be in position to exercise its proper power to see that
justice shall be done.

We await further action and instructions by the General Assembly.

The course we have taken has the approval of the Governor.

Respectfully submitted. E. J. Justice, Chairman,
W. B. Council,
N. B. Broughton,

February 13, 1913.

STATEMENT OF THE NEEDS OF THE NORTH CAROLINA STATE NORMAL AND INDUSTRIAL COLLEGE.

I. SUPPORT AND MAINTENANCE.

Present appropriation ........................................ $87,000.00
Increase needed ........................................ 3,000.00
For summer session ....................................... 5,000.00
Repairs .................................................. 6,000.00

Total ...................................................... $101,000.00

EXPLANATION.

1. By the addition of the new dormitory the attendance of the college was increased about sixty. The total enrollment, including the Summer Session and the Training School last year, was 1,321. Two additional teachers will be needed next year. This will require three thousand dollars.

2. During the Summer Session last year there were enrolled 416 students. Nearly all the work was done by the regular members of the faculty without extra compensation. It will require five thousand dollars to do this work with efficiency.

3. The Curry Building and the Administration Building should be thoroughly repaired. It will require at least six thousand dollars a year for the next two years to do this work well.

4. Ten thousand dollars of the 1913 appropriation for permanent improvements have been expended on the new dormitory. This appropriation was made for four years, but if it should for any reason not be continued, the ten thousand dollars should be provided for, as the bank holds our note for that amount.
II. PERMANENT IMPROVEMENTS.

During the next two years we should, if possible, provide the following additions to the college plant:

First. Completion of the Memorial Building $65,000.00
Second. Additional dormitory capacity 65,000.00
Third. Music Building and large Auditorium 75,000.00

1. When the McIver Building was begun we did not have sufficient funds with which to undertake its completion. As this building is a memorial to the first President of the college, and as additional classrooms are seriously needed, it should be completed as early as possible.

2. The dormitory capacity of the college has never been sufficient to accommodate all who desired admission. It is necessary to refuse admission to a large number of students each year who desire to enter.

3. One of the most serious needs of the college is the proper accommodation of the Music Department. This department is developing satisfactorily and rapidly and we find it impossible to locate the practice rooms and music studies so as not to disturb the other departments of the college. Our present auditorium is located on the second floor of the Students' Building and seats about 800 people. Our student body numbers more than 600 and, consequently, it is impossible to accommodate the large audiences that assemble at the college during the commencement season and at other times.

This is an imperative need.

To the Committee on Education:

We beg leave to report that we have visited the State Normal and Industrial
College at Greensboro, on the 20th instant, and carefully investigated condi-
tions, both as to the conduct and management of the institution, and as to its
conditions and needs with regard to facilities for carrying on its work and
preserving the property of the State.

We have no criticism to make of the management, except to say that all
officers, faculty and students seem to be working in harmony with a view to
economy and efficiency in producing the best results obtainable, and in our
judgment are succeeding admirably.

We find certain repairs absolutely necessary to preserve the property of the
State and prevent great loss, and to make the buildings and rooms comfort-
able and sightly.

We found some floors, originally of poor material, particularly in the Currie
Building and the Administration Building, and we found the Currie Building
needed ceiling and repairs to plastering.

The barn and stables are far too close to the senior dormitory, and should
be removed to a greater distance.

The grounds are in great need of attention in the way of walkways to
secure comfort in wet weather.

As soon as possible the private property on the opposite side of Lithia
street from the power house should be purchased, and, if it can be accom-
plished, this street should be closed.

We find other buildings in a fair state of preservation, but the usefulness
of the institution is obviously much restricted for want of dormitory space,
auditorium and study halls. The musical department is especially embar-
rassed because of the necessity of scattering practice rooms all over the cam-
pus, wherever available space can be found in the various buildings.

We attach hereto a copy of the response of Mr. Foust to the request of the
Committee on Appropriations for information as to the needs of the institu-
tion. In our judgment this statement sets forth very conservatively the needs
of the institution, as we had an opportunity of verifying the same upon the
grounds. In the matter of maintenance especially we believe the amount
asked for can not be reduced without seriously crippling the work of the college.

Respectfully submitted,

Woodley,
Phillips,

Visiting Committee on the part of the Senate Committee on Education.

REPORT OF SPECIAL COMMITTEE RELATIVE TO QUARTERS FOR CERTAIN STATE DEPARTMENTS.

To the Lieutenant-Governor and members of the Senate:

Mr. President and Senators: The Joint Committee of the Senate and House of Representatives appointed to recommend assignments of quarters for the various Departments of State in the new State Building, and in the old Supreme Court Building, beg leave to report:

1. We recommend that the space in the new State Building be occupied as follows:
The first floor by the State Library.
The second floor by the Hall of History, Hall of Records and Portraits, and the North Carolina Historical Commission; the third floor by the Supreme Court, the Clerk of the Supreme Court, and the Attorney-General; the fourth floor by the Supreme Court Library and the Supreme Court records, and the basement of the building shall be used for storing the printed Journals of the General Assembly, printed laws, Supreme Court Reports, the publications by the Board of Trustees of the State Library, and of the Historical Commission, and for such other purposes as the Board of Public Buildings and Grounds may direct.

2. That the present Supreme Court Building shall be occupied as follows:
The first floor by the Corporation Commission and the State Tax Commission, if created.
The second floor of said building shall be occupied by the Departments of Labor and Printing and Public Instruction.
The third floor of said building shall be occupied by the Department of Insurance. The fourth floor by the Board of Health. The basement of said building shall be used as a storeroom for the departments occupying the said building and used as may be necessary by them.

In order to make the old Supreme Court Building suitable to be occupied
by the departments aforesaid, we suggest that the following improvements be made to the same.

(a) That additional floors be placed over the rooms heretofore occupied by the Supreme Court and its library and the State Library, so as to make the building a complete four-story building.

(b) That a fireproof vault be erected in said building with partitions on each floor for the safekeeping of the valuable records of the departments.

(c) That an elevator be provided for said building.

(d) That proper toilet rooms be installed on each floor.

(e) That the building be protected from the Agricultural Building at its ends by fire blinds or metal frames and sash with wire glass.

(f) That the different floors be arranged and divided into rooms or apartments as may be most desirable for the use of the departments by which they are to be occupied.

(g) That the departments be furnished with proper furniture and fittings for each department.

(h) That it will be necessary to equip the building with fire escapes and also metal stand pipe with hose attached on each floor.

We further recommend that sufficient funds be provided by bond issue, or otherwise, for the purpose of making the aforesaid changes and additions to said building, and that the Board of Public Buildings and Grounds be charged with the duty of having said work done.

3. We further recommend that the State provide one central heating plant for the Capitol, the old Supreme Court Building, the Agricultural Building and the new State Building, to be erected either on property now owned by the State or to be acquired by it, and that for the purpose sufficient funds be provided by sale of bonds or otherwise, by this General Assembly, and that the Board of Public Buildings and Grounds be charged with the duty of erecting and installing said central heating plant. That the present heating plants in the Supreme Court Building, the Agricultural Building and the new State Building be disposed of by the Board of Public Buildings and Grounds to the best advantage, and the proceeds thereof be paid into the treasury.

Respectfully submitted, J. A. Long,

W. L. Parsons,

W. J. Hannah,

On the part of the Senate.

David P. Dellinger,

E. A. Stevens,

Thos. J. Gold,

On part of the House of Representatives.

To the General Assembly:

The commission appointed by His Excellency, the Governor, in accordance with the terms of a joint resolution adopted by you relative to the interstate freight charges, beg leave to submit the following report:

We, together with the Governor, acting for the State, have had two formal conferences with the managing officers of the railroad companies mentioned in exhibits "B" and "C," attached hereto. The result of the first conference has, therefore, been reported to you during this session, and your action thereon in conferring added powers on this commission is a matter of record upon the Journals of the Senate and of the House of Representatives.

The second conference with the representatives of these railroad companies was held on the 26th of this month. Prior to that date many arguments and suggestions were made to this commission to convince it that the practices of the railroad companies with reference to charges for transporting interstate freight were proper.

We adhered to the attitude stated in our former report to you, and our position was fully stated to these companies in writing, and we attach hereto a copy thereof and mark it exhibit "A."

The companies submitted to us in writing a proposition, and we attach a copy of it to this report as exhibit "B."

Our response to these suggestions of the railroad companies was likewise in writing, and a copy thereof is attached as exhibit "C."

It will be observed from these exhibits that the commission has not undertaken to limit or embarrass the State of North Carolina in the exercise of its right to take any steps it may see proper.

We have proceeded with due regard to the fact that the State has all advantage as to its power to act in the premises and that these railroad companies are dependent, as are all business interests, and all citizens, on the State's honor and sense of justice, for their success. This we know, and we believe the railroad companies feel, is all sufficient for them.

The suggestions by the railroad companies that they will disist from the practice of hauling freight from the West through North Carolina points to the Virginia cities at a lower rate than is charged for hauling it to North Carolina, and the further suggestion that inasmuch as freight from the West comes to Virginia cities at a low rate and can be brought into North Carolina on short hauls over the lines connecting these cities with North Carolina, that it should be hauled here at a lower proportional than is now charged, go far in removing the reasons for the discriminations and unjust charges so long and so bitterly complained of by the consumers and business classes of the State.

The suggestions made to us by the railroad companies are broad enough
to cover any other rates charged to or from points in this State, either on incoming or outgoing freight, and in any direction, if the State, through its constituted representatives, thinks them unjust, and desires that they should be readjusted.

The principles contended for by the State no longer being challenged, though not admitted by the railroads, the question now open is, What would be fair charges for bringing freight into North Carolina from the West via points in Virginia, taking into consideration the low rate at which they get as far as the Virginia cities? Just what the numbered and lettered classes of freight and commodities should be hauled at in justice to the railroads and the State was not suggested by the companies.

We think that the revision of these rates involves technical investigation that will require considerable time and labor. The evident desire on the part of the companies was to remove all just cause that the people of North Carolina have for the feeling of injustice and resentment towards these transportation companies for their present discriminations and high charges.

Having entered upon an effort to correct these abuses they cannot now desist or turn back without great embarrassment; and they having agreed upon the principles, we hope for substantial lowering of the present rates, and a policy that will not cause discrimination against the business interests of this State and in favor of certain Virginia points.

In no event, however, will the State be bound by anything except what its representatives may hereafter agree upon, while the companies are bound by the terms of their proposition.

We therefore recommend that the State appoint a commission empowered to confer with the railroad companies with respect to freight rates, and if they can do so, agree on such rates as will be just to the State, not, however, empowering the commission to do any act that will thereafter embarrass the State in the exercise of any of its powers.

We believe that accurate knowledge with respect to the entire freight situation is necessary to justly fix the rates, and that liberal provisions for the employment of rate experts should be made.

If these differences between the people and the railroads can be adjusted in the manner herein indicated, it will result in a great saving of time and money.

We recommend that this report and the exhibits hereto attached be spread upon the Journals of the Senate and House of Representatives, and thus preserved as a precaution against loss, and consequent misunderstandings as to the State's position.

Respectfully submitted,

E. J. Justice, Chairman,
W. B. Council,
N. B. Broughton,

Commission.

EXHIBIT "A."

SUGGESTIONS OF COMMISSION APPOINTED TO CONSIDER THE SUBJECT OF FREIGHT RATES.

To the Representatives of North Carolina Railroads:

The arguments made by the representatives of railroad companies at their first conference with the Governor and the commission, and the written and printed arguments furnished by these representatives, were made to justify the present practices of the railroads in making interstate rates.

The resolutions under which the representatives of the State are acting preclude this question, and extended discussion of it will not produce practical results.

The commission has not agreed with the railroad companies that their practices in fixing interstate rates is economically sound, or that it is in any degree just to the people of this State.

An extremely artificial situation in the matter of freight rates has been created by the railroads.

It is certain, we believe, that a reduction and equalization of rates will increase the density of traffic, and develop business in this State, so as to largely, and probably entirely, compensate the railroads for reduction of rates.

In view of this opinion we are not content to permit the present injustice to continue simply because the railroads are unwilling to take the risk.

The increase of traffic is an element that every railroad company considers when a new line is built.

Few railroad lines would be constructed if they were not influenced by the development and increase of business.

It is just that this consideration should have its influence on the question of the removal of discrimination in rates.

It is scarcely necessary at this late date to cite further instances of the present unscientific results of rate making by railroad companies in this State.

We will cite one illustration of the result of the present conditions. It is not an isolated case, but is in line with most interstate business done in this State.

It does not reach the difficulty to say that the correction of a few cited cases of injustice will be sufficient.

The cited cases are not isolated, but illustrate the injustice of present general conditions.

In the city of Durham there is a grist mill. The owner of this mill buys corn from Louisville, Ky., and ships same by the Southern Railway via Greensboro to Richmond for 10 cents per Cwt. or $56 per car. If this grain stops in Greensboro the freight is $162.40. This grain is reconsigned at Richmond, and 18 cents per Cwt. freight is paid to Durham, and it is ground and the product is reshipped into Greensboro on the through rate of 18 cents. This product costs, delivered in Greensboro from Louisville via this roundabout line, 28 cents per Cwt., of which 10 cents is to Richmond and 18 cents to Greensboro. If this product had originally stopped in Greensboro on its way to Richmond, it would have cost 29 cents per Cwt. Again, if it had been shipped from Louisville to Durham and its product reshipped to Greens-
boro, it would have cost not only 1 cent per Cwt., or $5.60 per car more freight, but the miller would have had to pay the Southern Railway Co. 3 cents per Cwt. back haul privileges. By having this grain shipped to Richmond and reconsigning the miller saves 4 cents per Cwt., equivalent to $22.40 per car. This is as much profit as he makes on handling a car-load of corn meal, and unless he is prepared to overcome this by manipulating all rates, or in other words is prepared to reconsign in Richmond, he is forced to liquidate this $22.40 which the Richmond millers clear as net profit.

The argument that railroads should be privileged to charge at will, less for a long than for a short haul, subject only to the restraint of the Interstate Commerce Commission, is economically wrong.

To allow railroads to charge less for the long than the short haul places an unjust portion of the total transportation expense on those who pay the higher rate for less service, and deprives the people as a whole of the influence of competition to keep rates at a reasonable level.

For instance, there is water competition between New York and Charleston, the people of those cities can take advantage of it at will, but when the Southern or other railroad lines make rates between those two cities to meet the water rates, charging higher rates at intermediate points, they create an artificial condition and destroy every element of competition, leaving the people no remedy except appeal to overworked tribunals which are unable to offer prompt relief.

By refusing to allow the railroads to charge less for a long haul, even when water rates are in effect, than they charge to or from intermediate points, there is not taken away from the terminal points any of their rights, as they can avail themselves of the water rates at will, and if for any reason they prefer or must have the rail service, it is more valuable and should receive greater compensation. No injustice is thereby done the railroads because the Interstate Commerce Commission formally notified them about two years ago in a decision refusing to permit a general advance in rates, that when it could be shown to the satisfaction of the Commission that the railroads were unable to earn a fair return on their investment, they would be given authority to make appropriate advances.

It was stated that the adoption by the railroads of the policy proposed by the Legislature would reduce the revenues of the Southern Railway approximately thirteen millions of dollars annually, basing this assertion on two propositions, neither of which are tenable, the first being that the policy would reduce the ton mile rates of the Southern Railway to a level of the C. & O. on at least some of its lines, the second being that having adopted this policy in North Carolina it would be necessary to apply the same policy to all the other States served by the Southern, which would in turn reduce the ton mile rate in all these States to a level with the C. & O.

The declared policy of the Legislature makes no reference to ton mile rates; it simply demands, for instance, that the rates to Greensboro from a given point shall not exceed the rates to Lynchburg, Va., Greensboro being intermediate. If the Southern handled no traffic except between Cincinnati and Lynchburg, their ton mile rate would be less than that of the C. & O., the Southern mileage being substantially greater; if they applied the Cincinnati-Lynchburg rates as maxima at Greensboro and Asheville their ton mile rate would be higher because the distance is less, provided the traffic was identical in character and volume, but there are no two cities where the traffic is identical in character and volume, hence it might easily happen
that the same scale of rates from the common point of origin to different destinations would produce a lower average ton mile rate for the shorter hauls because of low class freight predominating while higher class freight moved in greater volume to and from the more distant point. The ton mile revenue of a railroad is an average of all the tonnage hauled between all points and is, therefore, of little value in arriving at a reasonable basis for any given rate or scale of rates; in arriving at this average ton mile rate the railroads include their earnings on coal and confectionery, pig iron and pianos, stone and statuary, brick and bicycles, and so on indefinitely.

What part of the traffic moves between points that would be affected by the reduction asked for is problematical; it could be determined with a fair degree of accuracy by an analysis of the records of the railroads, but until this is done one estimate of its probable volume is as good as another, and nothing short of a careful analysis of the records by a disinterested investigator would convince one that a large per cent of the total tonnage moving to and from the territory mentioned would be affected; the revenue on the tonnage would be reduced, not lost entirely; what the amount of the reduction would be is also very uncertain, probably not more than 25 per cent, on which basis the reduction in the revenue of the Southern Railway would be a small per cent, not on their entire line, but merely on a very small part of it.

The total freight revenue of the Southern Railway for the fiscal year ending June 30, 1911 (the latest record available), was $39,498,961. The railway's estimate that to adopt the declared policy of the State of North Carolina and apply it over their entire line in other States would entail a reduction in revenue of approximately one-third, or $12,000,000, is very wide of the mark.

The second proposition, that if this policy were adopted so far as it applies to North Carolina traffic it would be necessary to apply this principle over their entire lines in other States, and that it would be "unfair" to do otherwise, is untenable because the policy of the Southern, and all other railroads, is, and always has been, to treat every community as a separate proposition, and so adjust their rates to and from that community as to, in their opinion, meet what they consider competitive conditions surrounding that particular community, or make rates that in their judgment will best conserve their interests; in other words, rates that will permit of a reasonably free movement of traffic at as high a rate as possible.

With respect to Mr. Ruffin's illustration at the first hearing of a 19 cent rate on tobacco, Winston-Salem to Durham via the Norfolk & Western, a distance of 292 miles against the Southern's direct line, while applying a 24½ cent rate from intermediate points, that is an economic waste; unless the Norfolk & Western can afford to apply the 19 cent rate from intermediate points they are handling this tobacco at very small or no profit, while the Southern, with its direct line, can handle it at a good profit, with the result that every patron of these two railroads is penalized indirectly by this transaction; the loss of this business to the Southern reduces its ratio of revenue to tonnage handled, its acceptance by the Norfolk & Western increases its ratio of expense to tonnage handled. This is but a sample of thousands of cases where the railroads are hauling traffic unnecessary distances, thus increasing the ratio of expense to revenue without performing any necessary service, and as a result of this economic waste, when a proposition to
reduce rates is made the railroads are able to present a more plausible argument, based on their record, that to do so would jeopardize their prosperity.

If the traffic moving between two given points is not sufficiently attractive to induce the long line to make the terminal rates the maximum at intermediate points they should be debarred from engaging in the traffic at rates less than those applicable at intermediate points, and if the shippers at the terminal point can not secure satisfactory service via the short lines they should be required to pay a higher rate for this more expensive service.

Attention is directed to the following statistics taken from the Southern Railway’s report to the Corporation Commission of North Carolina for the year ending June 30, 1911:

Freight revenue, entire line, $39,498,963.61.
   Per cent of North Carolina revenue to entire line, 24.35.
Mileage operated, entire line, 7,038.64.
Mileage operated, North Carolina, 1,465.95.
   Per cent of North Carolina mileage to entire line, 20.8.
Gross freight revenue per mile of road, entire line, $5,609.09.
Gross freight revenue, North Carolina, $6,581.19.
   Per cent of North Carolina revenue to entire line, 116.
Net revenue per mile of road, entire line, $2,757.52.
Net revenue per mile, North Carolina, $3,841.62.
   Per cent of North Carolina revenue to entire line, 139.
Receipts per ton mile, entire line, 966 mills.
Receipts per ton mile, North Carolina, 1,100 mills.
   Per cent of North Carolina to entire line, 114.
Revenue per train mile, entire line, $2.32.
Revenue per train mile, North Carolina, $2.55.
   Per cent of North Carolina to entire line, 110.
Tons carried one mile, entire line, 4,088,496,793.
Tons carried one mile, North Carolina, 873,972,169.
   Per cent of North Carolina to entire line, 21.38.

With 20.8 per cent of the mileage, North Carolina produces 21.38 per cent of the tonnage and 24.35 per cent of the revenue.

The net revenue per mile of road on both freight and passenger traffic in North Carolina was $1,084.10 greater than on the entire line or 139 per cent. The rate per ton mile in North Carolina was 14 per cent greater and revenue per train mile was 10 per cent greater in North Carolina than on the entire line. As the total revenue of the Southern’s North Carolina traffic was but $9,617,523.26 it is not accurate to contend that by reducing rates to and from North Carolina to the level of rates in adjoining States would reduce their income twelve or thirteen millions annually.

The contention that it will not help the State of North Carolina for the railroad companies to get out of the Virginia cities’ business is not sound. If they get out of the business and let the freight from the West come by the C. & O. Railroad to Lynchburg and other Virginia cities, and thence into North Carolina at fair rates to North Carolina, the situation will be helped.

Corn from Cincinnati to Lynchburg via C. & O. lines is brought there for 10 cents per hundred, or about $62 per car (56,000 pounds carload minimum).
What would be a fair charge for bringing the freight on over the Southern Railway Company's line an added distance of 114 miles to Greensboro?

Certainly not the present difference between the Lynchburg and Greensboro rate.

The rate to Greensboro now on a car of corn is $100 more than the rate to Lynchburg.

We do not desire to have further debate about the justice of this matter, for we recognize that it has been settled by the General Assembly for us.

We have not the power nor the disposition to go behind what the General Assembly has said. The question now is, What will the railroad companies do to improve conditions? When we have reported on this, and made proper recommendations as to what they ought to do, our duty will have been performed.

This position on our part has the approval of the Governor.

Commission.

EXHIBIT "B."

1. The carriers, if now engaging therein, will withdraw from business from the West to Virginia city points through North Carolina. This will be done, not because they consider carrying of such business at present tariff rates as economically unsound, but in deference to the sentiment of the North Carolina public on the subject. It will be done in good faith, but as a matter of current business management, with the understanding, however, that if any of them should hereafter resume such business, the State of North Carolina is to lose none of its rights as at present existing or such as it may hereafter have, in respect to such rate structure.

2. That the carrier will, for the purpose of these negotiations, recognize the principle of making a lower proportional rate from Virginia city points to North Carolina points than the rate now existing and will endeavor to work out with this commission what would be such reasonable reduction, this commission or its representatives to sit with the representatives of the carriers in the effort to arrive at what is reasonable and proper in the premises; with the understanding, however, that, although actuated by the disposition to make sacrifices to fairly meet the view entertained in North Carolina that freight rates from the West to North Carolina points are unjustly discriminatory as compared with rates from the West to Virginia city points, the carriers are confronted with the difficulty that a voluntary reduction in these rates will, under the law as administered by the Interstate Commerce Commission, doubtless be used to measure the rates into other territory and to bring about a reduction of these last mentioned rates. Because of the smaller density of traffic in the South as compared with Trunk Line and adjacent territory, it is impossible for the carriers to make or to stand such general reduction in rates. The view of the North Carolina public can, without incurring the serious consequences mentioned as to rates into other territory, only be met under an order of the Interstate Commerce Commission directing certain reductions to North Carolina points and holding that such reductions will not affect the rate into other territory. Any arrangement reached, is, therefore, to be
carried out by an application by the North Carolina authorities to the Interstate Commerce Commission for such an order, and the carriers will cooperate in an effort to secure such reductions as may be agreed upon between the North Carolina commission and the carriers, provided such order of the Interstate Commerce Commission will protect them from reductions, because of such reductions to North Carolina territory, in their rates to other territory; and provided further, that if the action of the Interstate Commerce Commission shall not be in accordance with such agreement, the State of North Carolina shall not be precluded from such other action in respect thereto as it may be advised. If the commission and the carriers fail to agree upon what would be reasonable in the premises, the North Carolina authorities may, in their discretion, submit the question to the Interstate Commerce Commission and the carriers pledge themselves to facilitate and expedite the hearing and determination thereof in every reasonable manner, but the State is not hereby precluded from using any other remedy or taking any other action as it may be advised.

3. If there are any other questions with reference to the rate situation which either the said commission or the carriers may desire to have considered such questions may be taken up and considered with a view of adjusting them by agreement between said commission and the carriers, and if not adjusted, the position of neither party to be prejudiced by such consideration or by anything herein contained. Any other questions not presented and agreed upon are left unprejudiced hereby.

4. Inasmuch as this is an effort made in the earnest desire on the part of the carriers to meet the sentiment of North Carolina and to remove causes of controversy in that State the above suggestion is made with the understanding that if, for any reason, it is not acceptable to the North Carolina authorities, or a final judgment is not reached thereunder, nothing herein contained is to be used to the prejudice of the carriers in any proceeding that may be instituted against them, or any of them, in respect to freight rates as regards North Carolina territory.

EXHIBIT "C."

We have considered the proposition made by the Southern Railway, Atlantic Coast Line, Seaboard Air Line, Norfolk & Western, Norfolk Southern, and Carolina, Clinchfield & Ohio Railroads.

We feel assured that this proposition was made in good faith, and with the intention of offering substantial reductions in freight rates affecting North Carolina.

We will report the proposition to the General Assembly with the recommendation that it be adopted as a basis of negotiation.

We will make this recommendation to the General Assembly with the hope that such negotiation will result in relief from present injuries discriminations and meet the reasonable demands of the people of the State and their representatives.
REPORT OF THE COMMITTEE FROM THE HOUSE COMMITTEE ON EDUCATION, AND THE COMMITTEE FROM THE SENATE TO VISIT AND INSPECT THE CULLOWHEE NORMAL AND INDUSTRIAL SCHOOL.

We, the committee from the House Committee on Education, and the committee from the Senate, do hereby respectfully submit to the Honorable General Assembly of North Carolina the following report:

We were extended every courtesy possible by the president of this institution to investigate thoroughly the condition of this school, and we find that this Teachers' Training School is located in an ideal place with only one dormitory, which in its present condition can accommodate only thirty-two girls, but when completed can accommodate thirty-six more. This building is equipped with steam heat, water and electric lights. We find one other building used for class rooms on the ground floor, and an auditorium upstairs. The desire of the administration is to convert the ground floor of this building into a study hall to be used by the entire student body. We find a steam heating plant consisting of one eighty-horse-power boiler which is adequate only for the present building. We find also a complete sewerage system and waterworks sufficient to supply an institution of a much larger size. We find a most excellent student body consisting of thirty-two girls who room in the dormitory, and are cared for and looked after by the matron and lady teachers of the faculty, and one hundred and twenty-eight male students who for lack of a dormitory are forced to board out in the country, some as far as five miles from the school. We find a faculty consisting of seven men and three ladies who rank among the best educators of the State. In view of the fact that we have a six months school law now, we believe that this institution will be one of the greatest sources from which can be supplied the demand for teachers. Besides the maintenance fund of fifteen thousand dollars annually, which is imperative, the needs of this school for improvements, summarized, are as follows:

For finishing girls' dormitory ............................ $3,000.00
For constructing boys' dormitory ......................... 15,000.00
For erecting administration building .................... 15,000.00
For purchasing books ...................................... 2,000.00
For securing athletic field .............................. 1,500.00
For providing library .................................... 2,500.00
For erecting and equipping gymnasium .................. 3,000.00
For buying pianos ........................................ 1,500.00
For purchasing equipment for domestic science .......... 1,000.00
For purchasing apparatus for laboratory ................ 1,500.00
For procuring farm and dairy ............................ 10,000.00
For securing laundry .................................... 1,000.00
For purchasing water power plant ....................... 3,500.00

Total improvements needed .............................. $60,500.00

REPORT OF COMMITTEE TO VISIT THE UNIVERSITY OF NORTH CAROLINA.

The undersigned, the joint committee, having visited and carefully inspected the University of North Carolina at Chapel Hill, N. C., beg leave to make the following report:
First. We went through and carefully inspected the different buildings as far as it was possible with the time at our disposal. We find the buildings that have been erected in recent years in good condition, built according to the purposes for which they were intended, admirably suited for the schools of the institution, and creditable to this center of our educational system.
Second. While this report is too late to be of any practical benefit, it was evident to the committee that the large auditorium is of little use to the institution. An immense building, almost circular in shape, with defective acoustics, impossible to heat, it can only be used on commencement occasions,
or for other assemblies during temperate or warm weather. It is impossible for the committee to make any recommendations as to this building.

The other place for the gathering of the student body in assembly, Gerrard Hall, we find too small to meet the growing demands of the institution. We doubt if at this time, with the gallery used, it will comfortably seat the student body. We do not think this building at all in line with what the University should have for these purposes. There is no more important function of university life than the assembling of the student body together for chapel exercises, for preaching, for lectures, or for any other purpose. The University should have an auditorium, creditable to the institution, comfortable at all times, sufficient for its needs, and this is our recommendation.

Third. We find the departments of University work efficiently done, with competent professors and assistants, the modern buildings for certain departments ideally arranged. The Department of Geology, taught by Professor Cobb, has not the location to which, on account of its importance, it is entitled. We recognize, however, the limitation of the conditions which at this time are unavoidable, but this department is entitled, on account of its importance, to consideration.

Fourth. The old buildings of the institution are in as good repair as can be expected; some of these sadly need attention to prevent further injury if left as they are. The building used as a Commons Hall, or boarding house for furnishing reasonable board to students, is not suitable to the purposes for which it is being used. The committee is of the opinion that those in charge of this branch of the University are doing the best they can with the means at hand.

Fifth. The grounds of the University are of great beauty, capable of being made one of the most beautiful landscapes in North Carolina. The campus is well kept with the means at the disposal of the University authorities. We recommend, however, that there should be a larger appropriation for this purpose. Money could not be better spent than in making every part of this splendid campus a thing of beauty and a pride to every citizen, a fit environment of the University of the State of North Carolina.

Respectfully submitted,

W. E. DANIEL,
W. B. COUNCILL,
On the part of the Senate.
G. C. PICKARD.
JOHN W. HODGES,
H. L. GIBBS,
On the part of the House of Representatives.

MESSAGES FROM THE GOVERNOR.

Raleigh, North Carolina, March 6, 1913.

To the General Assembly of the State of North Carolina:

This General Assembly has already accomplished a great work. The welfare of the State has been remembered, and the people will support it. No law that has been enacted will be more earnestly endorsed than the law providing for a six months' school. This act of humanity and justice creates an additional demand upon the State Treasury of $400,000 a year. Statutes providing for the conservation of the general health, the maintenance of our institutions, the administration of justice and other necessary expenses call for additional appropriations amounting to $150,000 or $200,000 a year.

We must provide the money to meet these large but necessary appropriations. The policy of blindly appropriating money when there is no money in the Treasury and none in sight will not do. It is a bankrupt policy. It is tolerable neither in public nor private business. We cannot always cover deficits by bond issues. It is admitted, however, that the money herebefore appropriated has been honestly and wisely spent. It was necessary for the welfare of the State, and the State has gotten value received and more.

Two methods for providing for the increased demands have been suggested:

One method is by a higher tax rate on the present assessment of taxable property.

The other method is by a low tax rate on a reassessment of property.

Everybody knows that the present assessment is an unjust and an inequitable assessment. We know that the property that has been placed upon the tax books has been assessed at values that are ridiculously low, and we know that the great bulk of the personal wealth of the State has not been placed upon the tax books at all, and that it pays no tax whatever. The present assessment operates unjustly against the average citizen who pays
his taxes; his property is upon the tax book; his farm and his farm stock cannot be concealed. The raising of the revenue for the six months' school alone requires an additional tax of from five to twenty-five cents on the $100 worth of property in all the counties, towns and special tax districts of the State. We know that many do not on the present assessment pay taxes in proportion to their ability, and the proposition to place upon the people these additional burdens according to the existing inequitable appropriation ought not to be done if we can possibly avoid it. Besides, the validity of an act of the Legislature authorizing a county to levy a tax for general expenses in excess of the constitutional limit of 66⅔% cents on the $100 worth of property might be seriously questioned. A similar act was held unconstitutional by the Supreme Court of North Carolina in the case of William v. Commissioners, 119 North Carolina, page 520.

The Constitution, Article V, section 7, provides: “Every act of the General Assembly levying a tax shall state the special object to which it is to be applied, and it shall be applied to no other purpose.”

It might with plausibility be argued that if the General Assembly can appropriate 48 cents or 50 cents of the general levy for general State purposes, and authorize the counties to levy 5 cents or 25 cents in excess of the constitutional limit for general expenses, the State could appropriate 66⅔% cents for general State purposes and authorize the counties to levy any per cent that might seem proper to any General Assembly. If this General Assembly should provide no other way for the maintenance of the public schools except by the increase of the tax rate beyond the constitutional limit, and if the Supreme Court on the petition of any citizen of this State should declare that this General Assembly had no constitutional power to authorize such a tax, the State would suffer a great calamity.

Let us consider the proposition for the reassessment of property. There is now $750,000 worth of property upon the tax books. If the property of the State, real and personal, were assessed at approximately a proper value there is no doubt that we could easily have $2,000,000,000 upon the tax books. The rate of taxation could be reduced fifty per cent. There is a reason for the undervaluation and concealment of property. Each land owner knows that other lands will be undervalued and he knows that solvent credits in large amounts will not be listed. On the other hand, the owner of solvent credits knows that real estate in and around the cities and towns, yielding large revenues and increasing in value, and that farm lands, will be greatly undervalued; that his securities cannot be undervalued but if listed must go at their real value. For this reason they are concealed and escape taxation. When the present assessment was made all the people were aware that the tax rate would be high; in some instances almost confiscatory. This was another strong temptation for concealment and undervaluation. Such was the state of the public mind when we reassessed property in 1911. The result was a great wrong to the people who pay taxes upon their visible property. These now bear the burdens of government while wealth escapes.

Let us remove, as far as possible, the causes that produced this wrong. Let us have a just reassessment, provide machinery that will work with courage and intelligence, and with the determination to place the property
upon the tax books; the property is here; we know it. There is a vast amount of wealth in this State, amounting to many millions of dollars, represented by stocks and bonds in foreign corporations. I am informed that only one citizen of this State pays tax upon such securities. Let us provide for a just assessment, and let it be understood from this General Assembly and from this administration that the man who will suffer will not be the man who comes forward with his property, but the man who tries to escape. Let it be known that men must bear their burdens in proportion to their ability. We can put $2,000,000,000 upon the tax list and cut the rate in two.

Perhaps the most potent reason for keeping property off our tax books is our high rate of taxation. If we reduce this rate 50 per cent in every county, town, city and special tax district in the State, a great cause for concealment and undervaluation will be removed.

We can accomplish but little towards placing the vast personal wealth of the State upon the tax books until there is an assurance that the rate will be low. We cannot have a low rate without a reassessment.

A just reassessment would not hurt the average man who now pays his taxes, but it would doubtless reduce his taxes. It would increase the value of his property, but would lower the rate of taxation. The low rate would not frighten property out of the State and into concealment. By firm and fearless enforcement of the law it could be brought out to bear its just part of the burdens. This has been tried in other States with marked success.

We must raise a certain amount of revenue. The question is, shall we raise this revenue by a high tax rate on a low assessment of a part of the property, or shall we raise it by a low tax on all the property, equitably, from the rich and the poor alike.

I would that the difficulty were not here, but to have the schools and roads and health and great institutions and make and administer law and to be a great State, we must have money; let us get it justly. We need not fear the people for an act of justice to all the people.

The fact that ever since the war our assessments have been in periods of four years should not deter us. The property of North Carolina has increased in value more in the last two years than it did in twenty years after the war, and no one denies that the present assessment is flagrantly wrong. Why tolerate this wrong for two years longer? We could appeal to the people with all confidence to sustain an act of justice. We could say to them, we did this in discharge of the trust that you reposed in us, as wisely as we could. In obedience to your demands, your multitudinous petitions from Farmers' Unions, from Junior Orders, from people in all the walks of life, we provided for the education of your children, for the preservation of your health, for the higher education of your young men and your young women. We remembered in mercy, which is the highest justice, the insane and the deaf and the dumb and the blind and the sick and the feeble minded; we have built roads into your community; we have taken North Carolina out of the list of the most ignorant States and given her the rank in the procession of the States that she occupied in the days we boast about. She is no longer a pauper State. We have taken her from the affected rags of pauperism, and shown her to the world as she is—a great progressive State of wealth and commerce and schools and public
roads. We have done this by an act of justice—by an act requiring her people to bear the burdens of government in proportion to their strength.

From a low rate of taxation, property will come here to engage in enterprise and development. This General Assembly can say that from fear we did not, like the servant of old, hide the talents in a napkin and bring it back unincreased to a hard master, but that it improved its trust for the welfare of all the people and for the progress of the State.

I feel sure that this General Assembly will rightly solve this question in the exercise of its patriotism and wisdom.

Locke Craig, Governor.

Raleigh, North Carolina, March 6, 1913.

To the General Assembly of North Carolina:

The Panama Canal will be completed during the present year. A world exposition celebrating this event will be held in San Francisco in the year 1915. This General Assembly must decide as to whether North Carolina shall be represented.

The construction of the Panama Canal is the greatest accomplishment of the human race in ancient or modern times. It surpasses any of the monuments of ancient civilization and in magnitude is far ahead of the Suez Canal, or any undertaking by any of the countries of Europe or Asia. This cleaving asunder of the two continents of the Western Hemisphere and uniting the two oceans that bear the commerce of the world, will change the markets of the world and the centers of the world’s traffic. It will make the seacoast cities of the South the gateways for the commerce of the United States. It will be of untold advantage to the South. The exposition in San Francisco that will celebrate this great accomplishment has been hitherto unequalled in all the earth. The countries and the republics of Europe and Asia will have their exhibits, and every State in the American Union, in Central America and in South America will be represented. If North Carolina be represented at all she ought to be creditably represented. Thousands of North Carolinians will visit this exposition. They will take advantage of the transportation rates across the continent, and see the greatest fair that has ever been held. There is one feature of this celebration that appeals especially to North Carolinians. There will be a parade of all the navies of the earth, the greatest in all history. A North Carolina man, Josephus Daniels, Secretary of the Navy, will head that parade in a battleship flying the flag of the Republic. I would regret that North Carolina should not be represented at this great festival, celebrating as it will the greatest event in the development of the South.

I have visited several of the world exhibitions, and to my regret North Carolina has not properly shown her strength and her resources. On the 4th of March I witnessed the procession celebrating the inauguration of a Democratic President. I saw in this procession the States of the Union. Immediately in front of North Carolina were the States of Pennsylvania, New Jersey, Virginia, and New York; each had thousands of the national guard well equipped. The men that North Carolina sent made a most creditable showing, but in numbers they were conspicuously few. There was a consoling thought that welled in the heart of every North Carolinian that in the days when she has been called upon for men of action and daring she
has been weighed in the balance and not found wanting; she has been great in times of war and she should be great in times of peace. If we should be worthy of the heritage of our fathers we ourselves must go forward.

In expositions displaying the industries and resources of States and in great festivals it has been the regret of North Carolinians that our State has been so far outstripped by other States and countries. We are not poor and resourceless. We should not advertise to the world that we are poor and unprogressive. The participation in the Panama Exposition is not purely sentimental, but it will be the first step to be taken by the States of the Union in their effort to secure for themselves the benefits that are to be derived from the opening of the Panama Canal. All the States of the Union and all the nations of the earth will take advantage of this opportunity to bring to the attention of home seekers and investors the advantages of their respective countries.

The tide of immigration is now setting in towards the South, and we believe that we are in the beginning of an era of unprecedented promise.

I hope that this General Assembly can see its way clear to provide representation from North Carolina, and a proper representation, at this great festival, celebrating, as it will, the greatest event in the development of the South. The large appropriations recently made for the improvement of the harbors at Beaufort and Wilmington will guarantee that North Carolina will derive as much benefit from the opening of the canal as any other State in the Union.

LOCKE CRAIG, Governor.

REPORTS OF CONFERENCE COMMITTEES.

Following is report of conference committee appointed by the House and Senate to consider H. B. 37, S. B. 215, bill to require certain reports of county officers, whose compensation is derived from fees:

We, the undersigned Conference Committee, appointed by the Senate and House of Representatives to consider S. B. 215, H. B. 37, beg leave to submit the following report:

That the House concur in the Senate amendment adding the county of "Bladen."
That the Senate recede from its amendment, striking out the word "Randolph."
That the Senate recede from its amendment adding "Sampson County."
That the Senate recede from its amendment, striking out "Haywood County."

Jones,
Hannah,
Evans of Bladen,
Conference Committee on part of Senate.
Henry A. Page,
For Conference Committee on part of the House.

The report of the conference committee is adopted and the bill is ordered enrolled.

REPORT OF COMMITTEE TO INVESTIGATE COLLECTION OF INCOME, INHERITANCE, AND OTHER TAXES.

To the General Assembly of North Carolina, Session of 1913:

Your joint committee, Senator E. B. Jones, on the part of the Senate, and A. R. Dunning and E. F. Young, on the part of House, beg leave to report as follows:

First, that since your committee was appointed to make this investigation, the following counties have paid the amounts mentioned herein into the State Treasury:

<table>
<thead>
<tr>
<th>County</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mecklenburg County</td>
<td>$331.82</td>
</tr>
<tr>
<td>New Hanover County</td>
<td>1,872.86</td>
</tr>
<tr>
<td>Granville County</td>
<td>70.68</td>
</tr>
<tr>
<td>Lenoir County</td>
<td>182.18</td>
</tr>
<tr>
<td>Moore County</td>
<td>72.12</td>
</tr>
<tr>
<td>Wake County</td>
<td>917.71</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$3,447.37</strong></td>
</tr>
</tbody>
</table>

Second, that your committee has been so busily engaged in other matters that it has been a physical impossibility for them to make a thorough investigation of this matter. They did, however, make an investigation of the county of Wake and in the opinion of your committee, there is yet due from the said county of Wake to the State on account of inheritance tax an amount not less than five thousand dollars over and above the amount paid in by the county of Wake as shown above.

Third, that in the opinion of your committee from the limited investigation they have been able to make, the State should have collected from this tax alone not less than one hundred thousand dollars in the past two years,
if the law had been enforced, when in fact less than fifteen thousand dollars was collected from that source.

Fourth, that from our investigation, we are led to believe that the State is losing hundreds of thousands of dollars by reason of the non-enforcement of the inheritance, income, license and franchise taxes.

We, therefore, recommend that a section be added to the Machinery Act providing a heavy penalty against the officers charged with the duty of collecting these taxes for their failure to do so.

Respectfully submitted,

E. B. JONES.
A. R. DUNNING.
E. F. YOUNG.

C., and to Southport or Wilmington, N. C.; and whereas, it appears by the charter of said railroad company that the State is to receive first mortgage bonds or stock in said railroad company for the use and services and expenses of said convicts; and whereas, it is apparent that first mortgage bonds or stock therein have never had nor at any future time will they have, any value: Now, therefore,  
Be it resolved by the House of Representatives, the Senate concurring;  
SECTION 1. That it shall be the duty of the Speaker of the House to appoint a special committee of three, upon the part of the House, and that the Presi-
dent of the Senate shall appoint a committee of two, upon the part of the Senate, who shall sit together in joint session, and who shall be constituted a court of inquiry, and further the committee sitting as a court of inquiry shall issue notice to the said South Atlantic and Western Railroad Company to appear and show, if it so desires, its financial ability to construct the said railroad, and that its stocks and bonds, having sufficient value to justify the State to furnish convict labor, and take such stock or mortgage bonds, and who shall have the right and power to subpoenas witnesses anywhere in the State and compel their attendance, and said committee shall have power to issue subpoenas of ducès tecum compelling any witness to bring any papers or records relating to the subject of this inquiry, and to produce said papers or records as evidence before said committee, if so required. That this committee shall have its sittings and make its report to the General Assembly on or before the 25th day of February, 1913.

Sec. 2. That this resolution shall be in force and effect from and after its ratification.

To the Senate and House of Representatives:

The undersigned committee, appointed under "A joint resolution relative to investigating the South Atlantic and Western Railroad Company," ratified the .... day of February, 1913, beg leave to report that on Saturday, the first day of March, 1913, they heard such evidence as was offered and all statements made by persons pro and con, the said railroad company being represented by Col. A. S. Jones and its attorney, Hon. Theodore F. Davidson.

They transmit herewith such matters as are in writing.

It appears that negotiations are in progress for financing the enterprise, that a large amount of money has been spent in promoting the enterprise, and a considerable amount has been spent in actual work on the enterprise.

We recommend that the matter be left in statu quo and that the committee be permitted to report finally to the adjourned or extra session after the result of the present negotiations and the progress meantime on the work are known.

Respectfully submitted,
E. B. Jones,
A. D. Ward,
Senate Committee.
Chas. L. Wallace,
Woodus Kellum,
J. R. Gordon,
House Committee.

March 6, 1913.

To the Honorable A. D. Ward, State Senator, and Acting Chairman of the Committee Appointed to Investigate the South Atlantic and Western, known as the Transcontinental R. R.

Dear Senator:—I herewith hand you:
1. A brief prepared of the condition of this railroad by General Davidson.
2. Copy of letters from W. H. Staton, president and general counsel of the Transcontinental Construction Co.
3. Statement of expenditures by Transcontinental Construction Co., to which
reference to Mr. Staton's letter of even date therewith shows one hundred and ninety thousand dollars can be added.

4. My own statement certified as to expenditures by the railroad company, with list of stockholders constituting same.

5. Statement of cash expenditures for the use of convict labor made by the Prison Board, deducted from total expenditures of Transcontinental.

6. Wire from the Asheville Board of Trade Merchants' Association.

7. Copy of resolution adopted by the Waynesville Board of Trade, given to the committee by Senator Weaver of Buncombe.

8. Copy of charter and amendments thereto, including contract between the Transcontinental Railroad and the State of North Carolina for the use of convicts, copy of which was mailed each member of the committee last Sunday.

9. Copy of my report as commissioner from the Governors of North Carolina, Tennessee and Florida to the Governors and Legislatures of these States, made to them in the sessions of 1911, copies of which were mailed to each member last Sunday, of the committee.

10. Copy of map showing North Carolina's relation and Southport's relation to the commerce of the world in connection with the construction of the Transcontinental Railroad, mailed to you and Senator Jones last Sunday.

11. Attached to the report, brief statement of what the Governors and the Council of State from Governor Aycock's administration down to and including Governor Craig, think of the value to the State of North Carolina as a whole, of the Transcontinental Railroad. Also printed clippings from newspapers furnished to every member of the General Assembly at this session, setting out as to whether the road is a local and private or a public and State enterprise.

12. Paper clippings showing what over one hundred of the largest manufacturing institutions of the State feel about the bill to put in operation the Transcontinental R. R.

13. A perusal of these statements and facts, I trust, will convince your honorable committee that the Transcontinental has been unwisely and unjustly placed by the language used in the resolution for investigation, and by statements made on the floor of the General Assembly when in session, that it was a fraud being perpetrated on the State, and that such stigma, going out through the press, not known as to whether it is false or true, and by the competing lines of road, to the financial institutions in Europe, is both a reflection on four sessions of the General Assembly, that has amended the charter and cooperated with the good citizens of Western Carolina and the Governors and the Council of State in every way to strengthen their hand and effort to secure the coöperation of foreign capital in the construction of this road.

14. And notwithstanding the General Assembly, both Senate and House, have adopted a joint resolution to not conflict in any way with the present existing contract prevailing between State and the roads that are now using convicts until said contract shall have been completed, that it must be apparent to your honorable committee that in justice to the good people of this State, and other great States, who through their Legislatures have lent their support to North Carolina in this work, that your honorable committee will make a short report, that they find that the Transcontinental is not guilty as charged in the indictment, and that your committee recommends that the State keep good faith with the great work the Transcontinental is engaged
in, and that it has not been the purpose or the desire of the State administration or the General Assembly to pass any act that would cause the loss of more than half a million of dollars that has been justly and wisely expended in the effort to secure for this State a great State control competing line of road, and give to this State a rate basing port to aid in the breaking up of freight rate discrimination that is annually costing the State of North Carolina more than fifteen millions of dollars, and the placing into this State of twenty-four millions of new money to stay here and be subject to taxation forever.

15. Under these unfortunate and mistaken statements that have gone broadcast over the land, we feel a perusal by the committee of the names of the men that represent as stockholders the Transcontinental Railroad Company, that it will know that such men have lived faithful to their trust and work, and that if let alone, and the State remains faithful to her pledges, the work will succeed.

16. The amount the State is involved compares with the amount that the stockholders of the railroad company and of the construction company have expended, appears absurd, coupled with a great discredit that has been sought to be brought on the work.

17. General Theodore F. Davidson, twice Attorney-General of the State, has directed every step from the minutest to the greatest that has been made or taken by the Transcontinental, and no man that knows him would believe for a moment that he would loan his honorable name and his profession without compensation to an enterprise that would be in the least a reflection and not for the upbuilding and the best interests of the State.

18. He has requested me to say to the committee and to every member of the General Assembly, that he is deeply interested and concerned in this matter, and trusts that the committee will take the time to go through with the work and reports submitted, so that it may have a thorough and full knowledge of the immense volume of work that has been done, and the long strides that have been made towards success.

19. He asks that the committee, when it is through with the papers and statements that have been filed in our answer to the indictments, that they be sealed up in a package and filed with the honorable Secretary of State, so that they may be obtainable hereafter when any controversies of misunderstanding may arise as regarding the men and the purposes connected with the construction of the South Atlantic and Western Railway, generally known as the Transcontinental R. R. He wishes me to say further, that he exceedingly regrets that he was called home on matters imperative that made it impossible for him to remain to the end and conclusion of this investigation.

20. I have the honor, Mr. Chairman and gentlemen of the committee, to remain,

Yours most respectfully,

S. A. Jones.

Vice-President of the Transcontinental R. R. and State Commissioner to secure its construction.

P. S.—Attached to the papers are copies of my commission to the various States to secure the adoption of joint resolution to Congress in connection with this work, you will find set out in full in my report as commissioner to the Legislature.
In the Matter of the South Atlantic and Western Railway Company
Investigation.

The representatives of the above named railroad think it is not improper for them to restate in condensed and connected form some of the leading facts which were brought out upon the hearing before the two committees of the General Assembly on Saturday last; and to suggest some considerations which in their judgment would make it unfair and unwise for the General Assembly to adopt any policy which might be construed as unfavorable or unfriendly to the company.

The company has until recently been known as the South Atlantic and Transcontinental Railway Company, and in the public mind is commonly called the Transcontinental.

1. The company has been duly organized and has been from the beginning purely a North Carolina enterprise; its original stockholders and officers were entirely North Carolinians, and the line of the proposed railroad contemplates ultimately a railway from Knoxville, Tenn. (where close connection is made with the Tennessee coal fields), and either Southport, at the mouth of the Cape Fear River, or Beaufort, on the coast of North Carolina. The work of actual construction first completed is the building of the road from a point at Sevierville, in Tennessee, thirty-eight miles east of Knoxville, to Rutherfordton, North Carolina, and branching off from that line at a point near Waynesville, North Carolina, to Greenville, South Carolina; at Rutherfordton and Greenville connection will be made with various other railway systems penetrating the Atlantic southeast seaboard. Under the charter and the contract between the railroad company and the Prison authorities of North Carolina, which has received the approval of the Governor of North Carolina, the Council of State, and which is now a part of the charter, having been made so by an express act of the Legislature, the State has hired to the company a small number of convicts who, in conjunction with a very considerable number of hired laborers, have been employed in the grading of the road in that portion of the line known as the Pigeon River Gorge, in Haywood County, beginning at the North Carolina and Tennessee State line. The work there, because of the unusual mountainous and precipitous character of the country, is very heavy and expensive and only, so far, about from two to three miles have been graded.

2. In addition to the work above mentioned, the railroad company has had elections duly called and held in the counties of Haywood, Henderson, Transylvania, Buncombe, Rutherford and Moore, through which the proposed line will pass, and in all these counties subscriptions in aid of this road have been voted, aggregating $1,200,000; these subscriptions are available under contracts with the counties when the work is completed in the respective counties.

In addition, the company has had its road surveyed and located from the State line in Haywood County to Rutherfordton in North Carolina and Greenville, South Carolina, and maps and profiles thereof made and filed as required by law. For this work a large sum of money has been expended; and has acquired rights of way covering nearly the whole of these routes.

3. It has entered into a contract with a construction company composed of experienced railroad constructors, engineers and men of capital, to build its road, the said construction company to receive the bonds of this company and its subscriptions from the counties in payment for its work. That con-
struction company has made a contract for the purchase of the controlling interest in Knoxville, Sevierville and Eastern Railroad, extending from Knoxville to Sevierville, a distance of thirty-eight miles, completed and now in operation, and upon which it has paid at least $50,000. It has also contracted for the purchase of short line of railroad extending from the city of Greenville, South Carolina, north in the direction of the North Carolina line, a distance of nearly twenty miles, and which is also in operation and upon which a considerable sum of money has been paid in cash. Upon both these contracts for purchase of these roads, the balance of the purchase money is to be paid from the sale of the bonds of this company. In addition, that construction company has bought and paid for a controlling interest in the Bat Cave and Interurban Railroads between Asheville, Hendersonville and Rutherfordton—those roads having been organized for the purpose of building local lines between those points and having surveyed and the rights of way acquired thereon. That construction company has for the last year or more been engaged in negotiations in Europe for the sale of the bonds of this company—the conditions and prospects for the successful consummation thereof are set forth in the letter of W. H. Stayton, Esq., the president of that company, and Col. S. A. Jones, and a copy of which was filed with the committee at its meeting on Saturday last.

4. These results have been obtained after years of continuous effort and in the face of many obstacles of the character which usually surround enterprises of this kind; and have involved an actual expenditure of cash, raised entirely from private resources so far, amounting to more than $200,000, and perhaps more than $300,000, for which we refer you to the official statement of that construction company, which is now being prepared and will be filed with the committee.

5. It is at this juncture of its affairs that the attack expressed in the joint resolution under which one of your committees is acting was made, and was made without any notice or opportunity to meet until after the passage of the resolution; and it will be at once apparent to the committees that any hostile or unfriendly action by the State of North Carolina, or by any of its agencies, could not be made at a time more perilous to the success of this enterprise than the present, for it is almost certain that upon the first intimation to foreign capitalists that the liberal and sympathetic interest and support of the State of North Carolina to this enterprise, which has heretofore been so generously manifested, is being withdrawn, the negotiations for the sale of securities would at once fall to the ground. Of course it is not expected that we shall say that there is no doubt of the successful completion of these negotiations if they are not interfered with will follow, but we do believe that they will succeed, and we think that the facts which we have submitted to the committee justify that confidence.

It may be well to say here that neither the railway company nor the construction company had notice of the beginning of this investigation, and those of us who are here were hastily summoned from New York and Richmond and have not had opportunity to present a detailed statement of facts, which they might otherwise have been able to do; but they are authorized to say on behalf of the railway company and the construction company that all their books, records, maps, estimates, etc., are at the disposition of the committee and will be produced whenever required.

6. Leaving out all questions of personal antagonism and feeling, it must be obvious to the committee that the real source of this attack proceeds di-
rectly or indirectly from a rival railroad company which desires to occupy the Pigeon River Gorge for its line. That road is a local road, extending from Newport, Tennessee, to Waterville on the State line and projecting to Canton, in Haywood County, North Carolina. Both its termini are on the Southern Railway; in fact, it is muddled up at both ends by the Southern Railway. It was projected and is being constructed solely for the purpose of reaching its own and other timber land and getting timber products into the markets. The Transcontinental would not for a moment hinder its construction; on the contrary, it has often and now expresses its willingness to enter into a contract for the joint construction and operation of the line from the State line to the mouth of Jonathan's Creek. As a matter of fact, there is room through the gorge for both tracks, it being only a question of the relative cost of construction. There is no reason why that road shall not go on today with its construction; and if there should arise a conflict between the two lines as to location, our laws generally and the powers of the Corporation Commission specifically provide the amplest means for adjustment. So there can be no valid excuse for that road not going on with its work.

That rival road is known as the North Carolina and Tennessee Road, and has twenty-one miles in Tennessee, built nearly fourteen years ago from near Newport to Waterville, and has graded, as stated by its engineers, within the last two years one mile in Tennessee and one-half mile in North Carolina. It still owes one-fourth of the purchase price the present owners contracted to pay for it, to the original owners of the road. Time after time the Transcontinental has offered, if they would put the line on the proper grade, to cooperate with it to help it through the gorge while the Transcontinental was being financed, and offered to allow the convicts to be utilized on it and the county aid on it from the Tennessee line to the mouth of Jonathan's Creek, but it has never been able to come forward with sufficient money to build those miles. The Transcontinental agreed, if it would build the gorge line itself, that it would enter into track line arrangement with it to pass over from Jonathan's Creek to the Transcontinental line in Tennessee, en route for Knoxville and the Tennessee coal fields.

Its reply has invariably been that it had not the money and preferred to wait until the Transcontinental could be built.

So soon as the Transcontinental began work at the Tennessee line the present owners of the Tennessee and North Carolina line had heard that the Transcontinental had closed its sale for its bonds. The Tennessee and North Carolina line owned the land for the first twelve miles from the Tennessee line up the Pigeon River and refused to let the Transcontinental have the right of way. It had gone to work in good faith, believing that the T. & N. C. R. R. was cooperating with it in good faith. The Transcontinental notified the president of the road that the work was to begin, giving him the date, and hoping it would be good news. The Transcontinental had not been at work more than probably fifteen days before the T. & N. C. R. R. began work to block the way, and wanted to make a timber traffic agreement that we could not make without the consent of the State directors and no rate that would be less for them than for anyone else could be made without violation of the law. Then they made a proposition that they would join in the construction through the gorge if, after we completed our line across the State, we would allow them to send cars over the entire system of the Transcontinental at rates they would name on the T. & N. C. R. R., they would join in the construc-
tion through the gorge. The committees will see at once the absurdity of such a proposition.

They have kept a few men with a steam shovel at work, have admitted they have graded a half mile in North Carolina, while the Transcontinental has graded over two and a half miles by their own man's report, but in truth between three and four miles. Now what is the condition of the Transcontinental in that section? It controls, in Tennessee, by purchase, thirty-eight miles in operation in exact conformity with its charter, now running from Knoxville, Tennessee, to Sevierville, with only nineteen more miles to build to reach the North Carolina line to meet the grade of the North Carolina division of the Transcontinental.

The Transcontinental has got to build on the opposite side of the river in Tennessee nearly to the North Carolina line, to get to its proper grade in North Carolina. It can not use the T. & N. C. R. R. line or its grade to any extent, because the Transcontinental is under specifications and agreements suggested in the War Department and with the State of North Carolina to construct a grade for coal carrying road, to not be over one and three-quarters per cent east bound for the coast. The T. & N. C. R. R. to enter Knoxville from the North Carolina and Tennessee line would have to run over the track of the Transcontinental, now operating from Sevierville to Knoxville, and build nineteen miles over the surveyed and located line of the Transcontinental procured under the contract for the purchase of the Sevierville and Eastern, or parallel the line for fifty-nine miles.

It must appear strange to the committees and the General Assembly that the Transcontinental, that has the endorsement of every administration and every officer of the administrations and every session of the Legislature, amending, fortifying and strengthening its charter and its relation to State control, since Governor Aycock's administration, to get foreign capital to come here in cooperation with the State to build this road, in opposition to the roads that are maintaining freight rate discrimination, and in opposition to the money trusts that are holding the securities of these old roads that do not want any competing lines of roads in this State built, no matter by whom, to be held up here in such manner.

So it must appear strange to the committees and the General Assembly that a set of men who in twelve years have built one-half a mile of road, or rather graded one-half a mile, in North Carolina, are made to appear that they are entering a complaint here through the representatives of Haywood County that they are being blocked out of the State.

And it must appear very remarkable that with all the other railroads in this State that have been receiving convicts, all of them many and many times more than have even been asked for by the Transcontinental, that the people in all those counties where the convicts are at work are standing shoulder to shoulder with their representatives and through them petitioning the Legislature to not interfere with their convict contracts until their roads are complete, but here come the representatives, or at least the Senator from Haywood County, the home of the Transcontinental, and asks that the convicts as a matter of economy to the State be taken from this road and that it be wiped entirely off the slate.

By a little inquiry, the committees and the General Assembly will find that outside of the people living in Canton and along the Pigeon River to the mouth of Jonathan's Creek, there is not in all Western Carolina ten men
that own their homes that have any earthly sympathy with the position taken by the Senator from Haywood.

The Transcontinental has won already nine Legislatures in nine different States, asking Congress to coöperate with North Carolina in the construction of this road by making an appropriation of one million dollars a year for five years, to give thirty feet depth of water from Southport to Wilmington and construct a naval coaling station at Southport, and appropriate $200,000 a year for five years to establish a Wilmington-Southport and South American mail line in connection with the construction, under State control, of the Transcontinental road.

The committees will find by the report of the gentlemen commissioned by the Governor of this State and other States to secure the construction of this road, its value and relation to this State, and by reading the charter and the amendments thereto, and the contract with the State, ratified by the General Assembly, all compiled into one pamphlet, the committee will find that never in the history of railway construction in America has so strict and so rigid and perfect safety guards been thrown around the State's interest in the road, preventing the possibility of its losing a dollar by watered stock or watered bonds or fictitious debts, and providing as never before the method of cancellation of the bond debt so that the stock in the road will be the most valuable railroad stock in this entire Southland unless the State directors criminally neglect to perform their duties. Therefore, with these facts before the committee, it would seem not only unjust to the people of Western Carolina who have put up their good money in the interest of the whole State, for this General Assembly to pass any act that would cause the loss of over $300,000 of private capital spent on their belief in the good faith of the State of North Carolina. All the Transcontinental asks is to be let alone and it will accomplish the great purpose it has undertaken.

Respectfully,

Theo. F. Davidson,
General Counsel.

S. A. Jones,
Commissioner.

165 Broadway, New York, January 23, 1913.

Col. S. A. Jones, Waynesville, N. C.

My Dear Colonel:—Replying to your inquiry as to the status of the European negotiations for financing the South Atlantic and Western Railroad Company, I beg leave to say that the situation is as follows:

1. It has been decided to sell $12,500,000 of bonds for building the first divisions of the road from Knoxville east as far as Rutherfordton, Greenville and Augusta.

2. The second issue of securities will be made in time to extend the road on to Southport.

3. The negotiations taken up in Europe finally resulted in a plan which contemplated the sale of $6,250,000 of bonds in England and the other $6,250,000 on the continent. The English issue is to be made first and the money received from the sale of these bonds is to be used at once in constructing the road, and as soon as additional money is required, the other half of the issue is to be put on the continent. The idea of dividing the
issue into halves was to save interest money and other expenses, because all of the money can not be used at once.

4. After the arrangement had assumed the condition indicated in the last preceding paragraph, it was decided that the English issue would be made by the house of Linton, Clarke & Company. Upon inquiry at your bankers you will undoubtedly learn that the firm named is one of the leading, if not the very leading house of issue in England. This house itself agreed to take $2,500,000 of bonds, and among its friends it definitely arranged to place all the remainder of the $6,250,000 of bonds which were to be sold in England.

5. Linton, Clarke & Company undertook to make the issue and to actually produce the money from the sale of the bonds on one condition, namely: That we should procure from the continent a letter from various bankers that they would on demand take the other $6,250,000 of bonds.

6. This arrangement with Linton-Clarke was not reduced to a written contract. It was contained in letters and in oral interviews, but there are absolutely no uncertainties as to the agreement. It is definite and precise that when we can produce the agreement from the continent, Linton, Clarke & Company will perform their half of the contract. This information does not come to us second hand, but comes to me from personal interviews with the members of the firm of Linton, Clarke & Company and with their lawyers and from letters and telegrams which I have had from the firm. The last telegram was dated January 22, 1913, and contained a positive statement of the readiness of the firm to proceed as soon as we were ready with our agreement from the continent.

7. When these terms had been reached with Linton, Clarke & Company, our representatives went to the continent and had interviews with the bankers in France, Germany, Switzerland, Belgium, and Holland, and made oral arrangements with banks in those countries to take the other $6,250,000 of bonds.

8. I did not personally see all of the bankers on the continent, but I did see the French bankers, and I received from them assurances which left in my mind no doubt that the continental arrangement was in as satisfactory shape as it could be put during the summer holidays.

9. The arrangement on the continent at that time was that the bankers said that they would take the $6,250,000 of bonds as soon as the business season opened in the fall, unless in the meantime there should be financial or other complications of such nature as to make it unfair to ask people to issue securities.

10. Just as the fall business season arrived the Balkan war broke out, and the continental bankers at once told us that they could not undertake to issue securities while the war was going on, and it was quite evident from the investigations we ourselves made that it would be unfair to ask that the bonds be issued during the hostilities.

11. Within the last month our representatives have again visited the continental bankers and asked their views concerning the situation, and I am informed that in not one single case did a banker say that he would have to take the matter up for later consideration, but on the contrary in absolutely every case the banker said: "We want the securities and are ready to take them as soon as peace is declared."

12. The telegram received yesterday asked for certain papers and requested that Captain Mayer, who has been in this country in connection with
the matter, should return to Europe and get the signatures of the continental bankers. The Captain is now down on the line of the railroad, and I have telegraphed him and he will at once return here and sail for England by the earliest possible steamer. Roughly speaking, therefore, he should be in England within ten days at the latest.

13. I shall personally sail either with Captain Mayer or within two or three days after he goes.

14. When Captain Mayer reaches London he will deliver the papers which he is taking with him and will at once proceed to the continent and get the signatures of the bankers as required by Linton, Clarke & Company. Since he will have to visit eight or ten different cities and get the signatures of two or three bankers in each city, it may possibly take him ten days to complete the rounds, so that within three weeks from this date, I should, I think, be able to send you a cablegram of the definite closing of the contracts which will finance the company fully and satisfactorily.

15. I should perhaps add that Linton, Clarke & Company are so sure that the contemplated contracts are all right that they have had their attorneys examine the laws of the States and prepare the necessary papers which are to go to the public. They have also had the prospectus printed and passed on by their attorneys, and they have of their own motion notified the trust company which is to act as trustee for the bonds to get ready for issuing the bonds as soon as the peace treaty is signed.

16. It so happened that while I was in London your counsel, General Davidson, was in England, and he was good enough to interrupt his vacation and come to London, where he met some of the members of the firm of Linton, Clarke & Company, as well as their counsel, and with them he discussed the matter of the issuance of securities.

Later in the summer, or in the early fall, when General Davidson was on his way back to the United States, he again stopped in London and had interviews with some of the interested people. The General therefore really knows as much about the status of our affairs in Europe as anyone knows, and I am sure that he will tell you that our affairs there are in the best possible hands, that the conditions are excellent, and that we have good prospects of early and complete success.

Very truly yours,

Col. S. A. JONES, Waynesville, N. C.

Thank you very much indeed for your good letter of the 25th with the fine news as to the decision of the Senate. I need not tell you that here it rejoices us all very much.

The news from Europe is now for the first time very encouraging. Here-tofore it has been half way so, but this time it is excellent.

General Dupont has had personal telegrams from France which have strengthened his belief that all is in good condition.

Mr. Oliver is here and I am closing up some final matters and getting papers in shape and shall sail promptly, when you wire all is well in Raleigh.  
(Signed) W. H. STAYTON.
HON. T. F. DAVIDSON, Clerk Supreme Court, Raleigh, North Carolina.

My Dear General Davidson,—I regret that Mr. Cloran's absence yesterday prevented our getting off the statement of accounts which you wanted.

We have all worked on the matter all day today, and I enclose herewith a verified statement of accounts, which I am sure is at least moderate and conservative.

For a time I hesitated as to whether to include services and property which had been paid for in stock, but I finally decided to leave out everything except what had been paid for in actual cash.

There was, however, as you know, a time when we were having various things done and buying various pieces of property, which we paid for in stock, because those who have the services or sold the property preferred to take stock instead of cash, believing the stock to be worth more than par.

At that time we were selling stock at par, and we issued $190,000 in stock in payment for property, services, etc., when we could have sold the stock for par and have paid the cash, so that in reality, if one wanted to make a showing, you would add $190,000 to the figures shown in the accompanying certificate.

I trust you will find this statement what you want, and am,

Very truly yours, W. H. Stayton.

North Carolina Transcontinental Construction Co.
Edward F. Cloran, Treasurer.

State of New York—County of New York—ss.

On the 4th day of March, 1913, before me personally came Edward F. Cloran, to me known, who, being by me duly sworn, did depose and say that he resides in the city, county and State of New York; that he is the Treasurer of the North Carolina Transcontinental Construction Company; and that the foregoing figures were taken by him from the records of the said construction company, and are true to the best of his knowledge and belief.

Nicholas Abel.
Notary Public, New York County.

49—Senate Jour.
Raleigh, N. C., March 5, 1913.

I, T. W. Fenner, clerk, hereby certify that the Waterville camp of convicts now at work on the South Atlantic Transcontinental Railway has cost the State's Prison, in actual cash, since commencing work there in June, 1911, to January 1, 1913, the sum of $6,858.24. T. W. FENNER, Clerk.

March 6, 1913.

Hon. A. D. Ward, Acting Chairman of Committee of Investigation of Transcontinental R. R.

Dear Sir:—I hereby certify that the Transcontinental Railroad, its stockholders and officers, are all citizens of North Carolina, but the president, and that we have since the incorporation of the company expended in cash for publicity work, for general promotion work, county, state and national legislative support and endorsement, and general incidental expenses, the sum of $95,000.

(Signed) S. A. Jones,
V. P. Transcontinental R. R.

March 6, 1913.

Total expenditures to date of January 31, 1913:
By the Construction Company, cash.......................... $264,513.89
Stock, equivalent to cash........................................... 190,000.00
By the railroad company ............................................ 95,000.00

Total expenditures to January 31, 1913.........................$549,513.89
Total cash expenditures by the State's Prison.................. 6,858.24

Total .......................................................... $542,655.65

This trial balance shows whether or not the Transcontinental is an imposition on the State of North Carolina, when it is only utilizing the little convict expense to show the foreign capital that the State is acting in good faith in the premises.

Respectfully,
(Signed) S. A. Jones,
Vice-President.

Certain other papers are presented to the committee, which the committee refers to the Senate. These papers are from the Governor of North Carolina under date of March 8, 1909; from the Governor of the State of Tennessee, under date of May 5, 1909, and from the Governor of the State of Florida, under date of June 16, 1909, reposing special trust and confidence in this company and its officers and urging the legislatures of their respective States to consider the company's proposition.

MESSAGE FROM THE GOVERNOR.

To the General Assembly of North Carolina:

In accordance with the resolution heretofore passed by the General Assembly providing for the appointment of a commission to consider amendments to the Constitution and report to an adjourned or extra session of this General Assembly, and in accordance with the power conferred upon me by such resolution to appoint five members of the said commission, I do hereby appoint the following persons as members of said commission:

A. M. Scales, of the county of Guilford.
J. W. Bailey, of the county of Wake,
D. Y. Cooper, of the county of Vance,
H. Q. Alexander, of the county of Mecklenburg,
N. J. Rouse, of the county of Lenoir.

This the 11th day of March, 1913.

LOCKE CRAIG, Governor.

In accordance with S. R. 235, resolution to the proposed amendments to the Constitution of North Carolina, providing for a special committee to consider said amendments, adopted and approved by the joint committee on the part of the Senate and House on Constitutional Amendments, the President appoints Senators Stubbs, Ward, Washington, Ivie and Grant as a committee on the part of the Senate.

In accordance with S. R. 1010, H. R. 1490, joint resolution relative to investigation of the State's stock in the Atlantic and North Carolina Railroad, the President appoints Senators Parsons, Gilliam and Weaver as the committee on the part of the Senate.

In accordance with S. B. 1900, bill to provide money for the North Carolina School for the Feeble Minded and to appoint a committee to investigate the same, the President appoints Senator Bellamy as the committee on the part of the Senate.

The following resolution is presented and adopted:

"Resolved, that the Senate adjourn today at 1:45 for the purpose of visiting the new Administration Building now completed, to which the Senate is cordially invited.

W. L. Parsons.
J. A. Long.

Of the State Building Commission."
REPORT OF COMMITTEES ON PENAL INSTITUTIONS, VISITING THE STATE FARM IN HALIFAX COUNTY AND THE STATE PRISON AT RALEIGH, NORTH CAROLINA.

These committees beg leave to report to the General Assembly:

First: The State Farm is probably one of the finest bodies of land in the State; it is especially fitted for the uses of the State Prison. So long as there must be prisons these committees are of the opinion that this location is the best, and that the next General Assembly should provide for the removal of the Central Prison at Raleigh, together with all officers, to the State Farm.

Second: The lands are fertile, the condition of the buildings sanitary, the health of the convicts good. These committees desire to commend the management and all officers and employees at this Farm. We recommend new buildings at the State Farm.

Third: The Prison at Raleigh is admirably kept. Much improvement is manifest in conditions and grounds. Humane treatment of the convicts is emphasized. These committees desire to commend the Superintendent, Mr. Laughinghouse; the Clerk, Mr. Fenner, and the Warden, Mr. Sale, and all employees, for a faithful discharge of their duties and for humane treatment of those in prison.

Fourth: These committees are of the opinion that there should be some system enacted into law by which a man's conduct could materially shorten his term of imprisonment. Respectfully submitted,

W. E. DANIEL,
Chairman Senate Committee.
H. P. GRIER,
Chairman House Committee.

Senator Payne, for the Conference Committee appointed to confer with the House Conference Committee on S. B. 1205, H. B. 1929, makes the following report:

The Conference Committee appointed by the Senate and House of Representaties to consider S. B. 1205, H. B. 1929, and amendments thereto, to which the Senate refused to concur, agree as follows, and ask that the report be adopted:

That the Senate do not concur in the first amendment.

That the Senate do concur in the second amendment, which is as follows: “Strike out all of section sixteen of said bill.”

That section six be amended as follows by striking out all after the word “act,” in line three, down to and including the word “constituted,” in line five, and insert in lieu thereof “the Governor shall appoint three freeholders and residents of Old Fort Township, who, when thus appointed, shall constitute.”

ZEBULON WEAVER,
For the Senate Committee.
DAVID P. DELLINGER,
For the House Committee.

On motion of Senator Wakefield the Senate adopts the report and the bill is ordered sent to the House of Representatives for concurrence in the same.

FIFTY-FIFTH DAY.

SENATE CHAMBER, March 12, 1913.

The Senate meets pursuant to adjournment.

A message is received from the House of Representatives, informing the Senate that the House has concurred in the report of the Conference Committee appointed to consider H. B. 1569, S. B. 1687, bill to raise revenue, and asks the Senate to inform the House of the Senate's action on the Conference Committee's report.

On motion of Senator Watts, the report of the Conference Committee is adopted, ayes 37, noes 1, as follows:

Those voting in the negative are: Senator Mashburn.

The report of the Conference Committee follows:

We, the Conference Committee appointed by the Senate and House, re-
spectively, to consider the several amendments made by the Senate to the Revenue Bill, beg to make the following recommendations:

1st. That the Senate amendments to sections 1, 2, 3, 4, 5 be adopted.
2d. That the Senate amendment to section 6, subsection 2, be adopted.

It is recommended that the Senate recede from the amendment to section 6, subsection 4.

That the first and second Senate amendments to section 6, subsection 5, be adopted.

That the Senate recede from the third amendment to section 6, subsection 6.

3d. That the Senate amendment to section 21, subsection A, be adopted.

That the Senate amendment to section 21, subsection D, be adopted, with the following proviso: "That nothing in this proviso shall be construed as relieving any clerk from provision of penalties prescribed by previous acts of the General Assembly or the estate of decedents for inheritants' taxes not paid as provided by law."

4th. It is recommended that the Senate recede from the amendment to section 24.

5th. It is recommended that the Senate recede from the amendment to section 28.

6th. That the Senate amendment to section 31 be adopted.
7th. That the Senate recede from the amendment to section 32.
8th. That the Senate amendment to section 34 be adopted.
9th. That the Senate recede from the amendment to section 42.
10th. That the Senate recede from the amendment to section 45.
11th. That the Senate amendment to section 48 be adopted.
12th. That the Senate recede from the amendment to section 63.
13th. That the House and Senate each recede from their amendments to section 72, and your Conference Committee recommend the following: "Every manufacturer of automobiles engaged in the business of selling the same in this State, or every person or persons or corporation engaged in selling automobiles in this State the manufacturer of which has not paid the license tax provided for in this section before selling or offering for sale any such machine shall pay to the State Treasurer a tax of five hundred dollars and obtain a license for conducting such business. Any applicant for a license shall furnish the State Treasurer with the names of every class or style of machine offered for sale, with a written application for the license. The State Treasurer shall, upon the written application of any one who has obtained the license provided in this section and the payment of a fee of five dollars, issue a certified duplicate containing the name of the agent representing the holder of the license, which gives him the privilege of doing business as the agent of the holder of the license.

"Everyone to whom license shall have been issued as provided in this section shall have power to employ an unlimited number of agents to sell only the machines designated in the license upon the payment of the tax aforesaid. Each county may levy a tax of five dollars upon each agent doing business in the county. It shall be the duty of the State Treasurer to have this section printed on the face of each license issued under this act for the information and protection of parties to whom the same may be issued: Provided, that where a manufacturer or person or persons or corporation licensed to do business in this State as provided by this act employs one or more traveling representatives, such traveling representative may do business in any county in which the manufacturer or person or persons or corporation em-
ploying such traveling representatives has paid the tax of five dollars to the county as provided by this act and such traveling representatives shall not be required to pay any tax to the county: Provided, further, that if any officer, agent or representative of such manufacturer shall file with the State Treasurer a sworn statement showing that at least three-fourths of the entire assets of the said manufacturer of automobiles are invested in any of the following securities of property, viz, bonds of the State of North Carolina, or of any county, city or town of said State, or any property situated therein, the taxes named in this section shall be one-fifth those named.

14th. That the Senate recede from the amendment to section 82 to the fee of "ten dollars," and concur with the House of the fee of "seven dollars and fifty cents."

That the other Senate amendments to section 82 be adopted.

Respectfully submitted,

J. P. Cook,

**Afternoon Session.**

On motion of Senator Hobgood, S. B. 1965, H. B. 1998, bill to make it unlawful for minors to smoke or have in their possession cigarettes, is recalled from the Enrolling Department for the reconsideration of the vote by which it passed third reading.

The bill is placed on the Calendar.

On motion of Senator Hobgood the bill is tabled.

In accordance with S. R. 1766, H. R. 1711, resolution appointing a com-
mission relative to the State's publishing school books and selling them to
the citizens of the State at actual cost, the President appoints Senator Hob-
good.

In accordance with section 5378 of The Revisal of 1905 of North Carolina,
the President appoints the following as commissioners to examine the ac-
counts of the State Treasurer, Insurance Commissioner, and Auditor, as
required under said section of The Revisal: Senators Barnes and Bryant.

Senator Evans of Pitt explains that S. B. 1799, H. B. 1886, bill providing
for the working of roads in Pitt County, passed third reading on the general
roll call Calendar on March 8 and that he is recorded as voting aye, but
since he has learned the nature of the bill he wishes to be recorded as voting
no.
