REPORT OF RULES COMMITTEE

Senator Grady for the Committee on Rules, submits the following report:

Mr. President:

The Committee on Rules submits the following Report and Recommendations:

That the Senate Rules of 1933 be adopted with the following amendments:

1. Amend Section 15 by striking out the words "On Corporation Commission" and inserting in lieu thereof "On Public Utilities." To further amend said section by striking out the words "On Game Law." To further amend said Section 15 by inserting after the Committee "On Public Roads" the words "On Public Welfare."

2. That Section 20 be stricken out.

3. That Section 46 be amended by striking out the words "Constitutional Amendments" and adding the following words: Roads, Judiciary No. 1, Judiciary No. 2, Counties, Cities and Towns, Election Laws, Insurance, Agriculture, Conservation and Development.

4. Amend Section 50 by striking out the words "Majority vote of the Senate" in the last line of said section and inserting in lieu thereof the words "two-thirds vote of those present and voting."

5. Amend Section 53 by striking out the word "six" in line four and inserting in lieu thereof the word "twelve."

6. To amend by striking out Section 57 and by inserting in lieu thereof the following: "When a bill has been introduced and referred to a committee, if after ten days the committee has failed to report thereon then the author of the bill may after three days public notice given in the Senate, on motion supported by a vote of two-thirds of the Senators present and voting, recall the same from the committee to the floor of the Senate for consideration and such action thereon as a majority of the Senators present may direct."
(7) That the Rules of the 1933 Senate with the amendments be re-numbered so as to read consecutively.

Upon motion of Senator Grady, the recommendations submitted in the report of the Committee on Rules are adopted and copies of the rules as amended ordered printed.

The President appoints as a Committee on the part of the Senate to act with a like Committee on the part of the House of Representatives to wait upon and escort the Governor to the Hall of the House for the Joint Session this evening, Senators Smith and Burrus.

Upon motion of Senator Johnson of Duplin, the Senate recesses to meet this evening at 7 o'clock.

EVENING SESSION

SENATE CHAMBER,

THURSDAY, JANUARY 10, 1935.

The Senate meets pursuant to recess, and is called to order by Lieutenant Gover-
nor A. H. Graham.

The President announces that in accordance with the Joint Resolution inviting His Excellency, the Governor, to address a Joint Session of the Legislature, the hour having arrived for the delivery of his message, the Senate, preceded by its officers, will repair to the Hall of the House of Representatives, there to sit in Joint Session with that Honorable Body.

JOINT SESSION

The Senate is received by the members of the House of Representatives and the Joint Session is called to order by Lieutenant Governor A. H. Graham.

Mr. Bowie of Ashe County, on the part of the committee appointed by the President of the Senate and the Speaker of the House to escort His Excellency to the Hall of the House, presents Governor J. C. B. Ehringhaus, who delivers the following message:

Mr. President, Mr. Speaker, and Members of the General Assembly:

To you, who have come here fresh from the people whom you serve, I extend my very sincere welcome to the Capital and assurance that I am looking forward with pleasure to our association as laborers in the common cause. Your wisdom and rich experience will enable you to make from time to time valuable suggestions which you may be sure I shall gladly welcome and carefully consider; and whatsoever of information and experience is mine will likewise, at all times, be at your service. The recommendations which I may voice either now or later are not offered dogmatically or with any obsession of infallibility, but on the contrary are tendered in what I conceive to be the spirit of the constitutional provision which brings me presently before you and in the single hope and desire that we may co-operate in an honest effort to measure and meet the needs of the Commonwealth.

Retreating shadows are difficult to trace and an accurate appraisal of the past is never a simple task. Today finds it quite as hard to understand and interpret the maze and hurly-burly of yesterday as to unravel the mystery of tomorrow. But the elusiveness of both cannot excuse the failure of honest effort both to comprehend and envision. And that is the task which is yours and mine.
I have neither disposition nor desire to paint a dark picture or indulge in rueful retrospection. I am content and it will sufficiently serve our purpose and the present proprieties to chronicle a few recollections and results by way of stewardship accounting.

Yesterdays

And a consideration of our "yesterday" does not present an alluring picture. Like it or not, the depression had laid unduly heavy hand upon us and just two short years ago North Carolina stood upon the very threshold of bankruptcy. Nor was it a mere fiscal bankruptcy which threatened the State. Real estate yielded no profit. The tide of foreclosures of homes, farms and factories was running strong. Taxes were uncollectible. The financial structure of our governmental subdivisions had been completely undermined and the constantly increasing shrinkage of State revenue brought us perilously close to collapse in essential functioning. With the second highest bonded debt of any state in the Union rapidly approaching the peak period of its maturities, with an overdraft of $15,000,000 in sight for the dying fiscal year, with a spending program in progress which was adding to this deficit at the rate of seven and half million dollars annually, with the notes covering this deficit being called for immediate payment—though bearing the highest interest rate known to the law—and with the banking structure of the Nation tottering to that dismal day soon to come when every bank in the country was closed by Presidential decree, it was manifest that our credit was exhausted and that further loans were impossible. With a municipal debt load of paralyzing proportions, with more than sixty of our one hundred counties and about one hundred fifty of our two hundred sixty cities and towns in default, with our educational system (dependent then upon local tax support) facing chaos and collapse, with real estate manifestly no longer able to bear the tax burden or be counted a dependable source of revenue, with landowners clamoring for revaluation and relief, and with income and other tax fields near the limit of constitutional or prudential restrictions, am I far wrong in suggesting that the situation which confronted us was the gravest since Reconstruction?

In the face of such dangers the voice of the defeatest was strong and strident and the counsel of despair was heard on every side. After sixty days of legislative study and effort, with no final action in sight, some went so far as to suggest temporary adjournment and that legislators trek home to "think it over." But the futility of such action and the duty as well as the desirability of meeting the problem then and immediately was soon made manifest. So steadfastness prevailed. How your predecessors met this emergency is now history. It is much easier to criticize the past than to offer remedies even in the present. Hind sight always enjoys an advantage over foresight. But even hind sight has failed to point a better way than that adopted in 1933. Whatever of defects some may sense in that action, none can deny this much of accomplishment:

Action

The Assembly of 1933 recognized that the situation presented three closely allied problems or three phases of the same problem: the fiscal, the educational, and the land tax question. These were the same sinister sisters which were haunting the peace of practically every other state in the Union. I welcome any fair comparison both of methods and results achieved here and elsewhere. At least we may set down here these indubitable facts by way of chronicling definite accomplishments during this administration:
Results

First. The people then demanded economy. They got it. Our general fund appropriations, exclusive of debt service which could not be cut, were reduced approximately one-third. This process of economizing proceeded to the point that the Executive felt impelled finally to stand up and say, "Hold, enough, even if we have to accept a new and unpopular tax," a tax which, though accepted by the Executive and the General Assembly only in the darkest moment of the depression, had been put forward and espoused much earlier (not as a temporary expedient but as a permanent taxing policy) by some of those now most critical of it and of the administration for defending its acceptance.

Second. They asked for revaluation and relief of real estate. They got these two in the greatest measure anywhere chronicled. Land values in North Carolina, as a result of the revaluation provided by the last General Assembly, were reduced by nearly $900,000,000 (practically one-third of the previous total), and real estate enjoyed an average relief throughout the Commonwealth of near 33½ per cent, or 35c on the $100 valuation. Let him who doubts or disents look at his tax receipts.

Third. The total tax burden throughout North Carolina (state and local) was brought to a new low level of $52,191,835.00 in 1933-34, which should be compared with the peak level of $102,131,265.00 in 1929-30.

Fourth. Since January 5, 1933, the State has made large payments on its outstanding obligations. Including payments to be made next February 15th and funds for which are already in hand and available, we will on that day have paid during the life of the administration a total of $26,737,580.00 in principal and interest, of which $11,866,000.00 represents principal. In other words, we are paying at the rate of over $2,000,000.00 per month.

Fifth. By reason of State relief afforded the counties and municipalities, they have been able to make substantial progress in the liquidation of their own debts, and in the two-year period from January 1, 1933, to January 1, 1935, inclusive, the Local Government Commission reports, they have retired a total of $51,899,-495.79. Offsetting this with new bond issues in the same period aggregating $5,310,000.00, we still have a net retirement or reduction of municipal indebtedness amounting to $46,589,395.79.

Sixth. The State is once more living within its income and the balance between income and outgo is being preserved and protected.

Seventh. Our credit as a state has been restored and is today as good as that of any commonwealth. Its remarkable recovery has been frequently the subject of national comment and praise.

Eighth. Our bonds, which on January 1, 1933, were selling at an average of around 89½ cents on the dollar, and in the next three months sank to lower levels were, on January 1, 1935, selling at an average of $1.09½.

Ninth. We have been able to fund the $12,230,000.00 of our short term indebtedness in part at 3½ per cent, at an average rate of 3.76 per cent—the lowest interest rate ever obtained by the State in more than one hundred fifty years of its history. And this though we have not yet emerged from the depression.

We have effected thereby an interest saving to date of funding over $200,000.00 and over $2,000,000.00 during the lifetime of the bonds. The above saving is sufficient to pay (on the basis of present appropriations) practically one-fourth of the office and departmental costs of the State. Here is the soundest sort of economy.
Tenth. We have for the first time in many years come through the biennium without borrowing even in anticipation of taxes. Not one cent has been borrowed since this administration assumed responsibility and the appropriation of $25,000.00, set up by the last Legislature for each year of the biennium to cover interest on said temporary loans, has been thus wholly saved—enough in itself to cover the entire appropriations for the Governor's office. Indeed, based on past experiences, this item would equal $125,000.00 per year, instead of $25,000.00.

Eleventh. Through consolidation of the Highway and Prison Departments recommended by the Governor to the last General Assembly and adopted by them, we have been able largely to put our prison population to work and bring it to the point where it no longer accumulates an annual loss of from $200,000.00 to $300,000.00 against the State, but is now for the first time in many years practically self-supporting. An audit of operations for the last fiscal year (ending July 1, 1934) shows a deficit of only $63,604.38. This in spite of the fact that for six months of the year the Prison Department received credit for prisoners' work at the rate of 70 cents instead of 80 cents per day, the lowest rate which prevailed when the two were separate departments. Had the rate of 80 cents per day been continued for the whole year—that is, had the same allowance been made for prison labor after as before consolidation—the Prison Department would have shown a profit for the highway fund. We expect to close that gap this year, so no longer can it be suggested that the Prison Department was "unloaded" on the Highway fund and a "diversion" of its funds thereby accomplished.

Twelfth. Through a reorganization of the Revenue Department we have realized our ambition to make of it a collecting rather than a receiving agency. What is more, through the installation of the most modern business methods its efficiency has been increased in many ways. In spite of critical suggestions, we have proceeded quietly with the work in hand, guided solely by a desire to increase efficiency and promote economy. Today North Carolina's revenue is being collected at a cost of less than 1½ per cent, a record which I do not believe is equalled by any state in the Union. Today also that revenue is being collected more promptly and more efficiently than at any time in the State's history. By way of illustration, while in 1933 the income tax rush required the addition of thirty-five temporary helpers for some sixty days, through improved methods of handling in 1934 not a single temporary worker was required and the work was up to date each night with checks deposited in the bank. Again, in the collection of License B taxes, we were able to show in 1934 an increase of a million dollars on the same items. In franchise tax collections, too, preliminary statements brought in prompt responses. The bad check account, so long a matter of concern, has been greatly reduced and gasoline delinquencies of long accumulation have been collected or are in process of active collection and additional or new ones absolutely avoided. Best of all, there is a new spirit among the workers and a state-wide recognition of improved enforcement and collection methods which, because they are impartial even though vigorous, are being generally commended. By such methods, insuring reasonably full realization on all taxes levied, and a constant realization of the truth that all taxes are levied to be collected, we have built up a more wholesome support for the department. Only by following them have we been able to maintain a balanced budget. Failure to press collections vigorously for the last year would have resulted inevitably in another deficit with its consequent ills.

In bringing about these results we have sought to obtain the cooperation of the entire force and they are entitled to the thanks of the Governor and the Legislature, as well as the Commissioner, and each and all I am sure take pride in what
has been done. The informational resources of the department will be at the service of the General Assembly constantly and I am sure you will find prompt, cheerful and accurate responses to your every inquiry.

Thirteenth. The Department of Conservation and Development has been set up anew on a basis of efficiency and insistence upon technical training for technical jobs—a set-up that has met with state-wide commendation. In the report of its Director it will present its needs and its program in detail for your consideration and present to you the minimum of its requirements for adequate functioning.

Fourteenth. In the work of the Parole Commissioner, too, we have made a distinct and definite progress toward a sound and scientific parole policy. His report, which will be available for your study, presents clearly the work and the needs of this service. We have, as he so well points out, endeavored to make the exercise of Executive clemency a part and parcel of the State's law enforcement machinery—to supplement rather than supplant the work of the courts, to encourage and increase the hope of worthy applicants for parole and to build up a conviction that clemency comes only out of merit and is not the child of personal or political favor. I venture the opinion that this concept of Executive clemency has never been more prevalent in North Carolina than now and that there has never been a more widespread respect for and confidence in the high purpose and effort in this enterprise. The work of the Commissioner has been limited by inadequate appropriations. The assistance of the additional supervisors from the Highway and Prison Department contemplated by the last General Assembly has been lacking because, due to its own inadequate maintenance fund, that department could not spare the personnel for this work. This condition should be remedied.

Fifteenth. The Division of Purchase and Contract and The Budget Bureau have functioned during the biennium with a new maximum of efficiency and minimum of friction.

Sixteenth. Under direction of the last General Assembly a new set-up has also been effected in the Utilities Commission. The Commission has been selected with a view to obtaining an unusually competent and experienced group which would be fair alike to utilities and the people. Their labors have already brought rich rewards to the people in reduced rates, aggregating hundreds of thousands annually and near three millions in the last two years. The future will, I am confident, bring additional proof of their high consecration. The needs of this activity will be later presented.

These particular departments and bureaus have been mentioned here because they are, strictly speaking, a part of the Governor's office or have been operated under Executive appointment. The other departments also are entitled to commendation for their cooperation and accomplishments. They will each present report of their activities, needs and suggestions, which I commend for your consideration. The Banking Department particularly has been required to meet a major crisis and, under the emergency legislation, conferring extraordinary power upon the department and the Executive, has functioned so efficiently that today North Carolina stands out as the only state in the Union with all banks under State supervision rated as number one banks.

Today

Let me turn now from the past to the present and list for your consideration some of its problems and my recommendations thereon. The gravity and uncertainty of the general situation two years ago created in the minds of the public an insistent demand for stringent economy and restricted spending: The results of
this demand have been chronicled in dollars and percentages, but have not been
set forth in terms of the sacrificial service of the State’s employees in every phase
of its activities. Since that date the cost of living has advanced and the losses
entailed by salary cuts have become more acute. The hard necessities of that
day cut deeply also into maintenance and constructive activities, and though service
demands have increased, potential response has been greatly diminished. This too
applies to all departments, activities and institutions of the State.

Recognizing that we are still under the shadow of the great depression and that
there is still imperative necessity for cautious spending and the avoidance of rash
commitments, I have no difficulty in sensing a changed situation. Today, in
answer to the demands of decency as well as deserts, the great necessity is for an
increased wage and provision all along the line and for as rapid and near approach
to pre-depression levels as our circumstances and sound fiscal policy permit. This
does not mean that I feel that the danger point is passed or favor letting down the
bars indiscriminately. There is still need for great caution. But the tide has
turned and the day has come when we should start resolutely and with a measurable
step on the journey toward normal and adequate functioning and compensation.

The major spendings of the State, of course, are centered in two activities—
schools and roads. The debt service item likewise looms large. But if we con-
tinue to insist, as above all we must, upon the maintenance of a balance between
income and outgo and the provision of a dollar of taxes for every dollar of appro-
piation, the day of its lightening and ultimate disappearance is within sight.
Fifteen more years will put us comparatively on “Easy Street” with revenue possi-
bilities ample and chance to meet every requirement of the most advanced social
program.

We need and must have a substantial increase in our appropriation for schools.
Teachers’ as well as other salaries are at much too low a level.

I am not, however, one of those who see only bad in the present educational set-up.
Indeed, I am persuaded that those who indulge in such suggestions do the State,
the schools, and themselves real dis-service. They do not voice disinterested
outside opinion; on the contrary, they contradict it. We can never base progress
on misleading propaganda. Expediency as well as honesty demands fair appraisal
and fair approach to the problem. In spite of deficiencies in the present set-up,
these merits cannot be denied:

(a) An eight months term has been assured to every child without ad valorem
taxes.

(b) For the first time an approach has been made to real democracy in educa-
tional opportunity and in the provision of equality of opportunity between
the city and the country boys and girls.

(c) This is not the maximum possible, but the minimum. The right of sup-
plementation has been preserved to the various units to be exercised if
they desire it. If they fail so to vote, the failure is theirs, not the State’s.
Let us place the emphasis where it properly belongs. The people can have
just as much more of educational opportunity as they desire and can and
will support.

(d) North Carolina was the only State, save possibly one that kept her schools
open through all of eight months last year. Even great states like New
York, Pennsylvania, Ohio, Illinois, and Massachusetts, saw many schools
close in the face of ambitious little children.

(e) North Carolina was the only State to provide eight months’ employment
for all her teachers and pay them promptly and in cash.
North Carolina carried on last year, and is still carrying on, the greatest transportation enterprise of any state in the Union. Over 250,000 children, more than one-seventh of all transported in the nation, were daily carried to school.

North Carolina, through action of the last General Assembly, increased its average school term a total of near seven full days—one full school week and two extra days—the greatest single advance in school term ever made here or elsewhere. In every other state in the Union I am informed the average length of term showed some decrease.

There was more advance provided for Negro children in North Carolina than in any southern state.

Show me a parallel to this progress made in any state of the Union. If hard times have dealt heavily with the schools of North Carolina, they have also dealt in like manner with those in other states. National and other state authorities have been “Thanking God” for North Carolina’s resoluteness and results. We have preserved the foundation; we have strengthened and made it ready for that advance which now we contemplate.

Nor is the problem of obtaining better schools soluble in terms of increased salaries only. It is entirely possible to spend twenty-five or even more millions without achieving very great improvement. If, as we frequently hear, many of our most efficient teachers have been driven by low salaries into other fields of activity and their places filled by incompetents, to the detriment of the instruction offered, then merely increasing salaries is not going to bring them back or improve the service of such low priced incompetents as may have crept in. We must take steps to see that such a calamity is prevented or otherwise “the last state” of the schools would be “worse than the first.” We must constantly keep in mind the fact that there are two groups vitally interested in and affected by our schools—the teachers and the taught. We must deal fairly with our teachers, but it is even more imperative that we deal fairly with the children who are taught. The latter are primarily the object of the State’s concern. We should pay adequate salaries not for the benefit of the teachers—even the most proficient teachers who fully earn their recompense—but for the benefit of the children and to secure for these children the best of instruction available.

New York maintains a high teacher salary level, but New York also demands much in teacher qualifications. And while I have no quarrel with those who hold to the view that the teacher load must be limited, I am rather definitely of the opinion that I would rather have my child in a room with a good teacher and a large number of pupils than in another room with few pupils and an inferior instructor.

Curricula

The State is also interested in the character of instruction—the curricula of the school which should be designed to fit the child for citizenship. The great man whom death relieved but recently of the duties of State superintendency had visioned this and inaugurated an effort to improve the curricula and adapt it more nearly to the needs of the many. The good man who has succeeded him no doubt will carry on this enterprise. I hope that we shall make provision for and insist upon this work and that we may increase the standards of the teaching profession constantly until we are assured always of the best.
Negro Schools and Colleges

I have myself also caused to be made a study of conditions peculiarly applicable to the Negro schools in North Carolina and the results of this study will be available for your consideration. We should be careful to see that justice is done our Negro citizenship.

Savings on School Books

In connection with our consideration of the schools and their necessities, I venture also to call your attention to the report of the School-book Commission submitted to the State Board of Education of North Carolina in January, 1933, and particularly to its study of the problem of cheaper books for our school children. It is my earnest desire that at the earliest practical moment we adopt a policy of school book rentals, which will immediately insure a great saving in school book cost to our children and patrons and which can be gradually developed to provide ultimately free text books for all children. This recommendation is made not for the purpose of adding to but rather of subtracting from the cost of public education in North Carolina. The provision of books and materials for each child at the beginning of the school term will result in greatly increased efficiency in class room instruction and remove as well an outstanding cause of irritation against the schools. Under present conditions it is estimated near 25 per cent of the children are so late in obtaining their books that 12 per cent to 15 per cent of class room efficiency is lost for the year. On the basis of an eight months term, this means a practical loss of near one and one-third months. The cost to the State in repeaters and otherwise is incalculable, to say nothing of the loss to the child. I realize that it is probably impossible to accomplish this immediately, as the State now lacks the funds to make the necessary initial investments and a borrowing at this time is inadvisable. But I believe that a plan may be worked out which would put us in a position to proceed if opportunity presented itself and to accomplish a gradual, if not an immediate, shifting from the present to the rental plan.

University, Colleges and Institutions

Our higher institutions of learning likewise have suffered as a result of the depression. They were, of course, included in our thoughts above voiced with reference to salary levels and provisions. Likewise, too, plant maintenance and provision of greatly needed additions have been curtailed by the economies growing out of these lean days. The same is true also of our charitable and correctional institutions, which have been seriously handicapped. The need in each and every instance is manifest and worthy. It is presented in their individual reports. Our response is and should be limited only by the necessity of preserving a balanced budget (without which all activities would collapse) and the ability of our people to bear increased tax levies.

Increase For Highways

Our highways also require large spending. Not only are helper wages too low, but maintenance provision entirely inadequate to cover the necessities of near 60,000 miles of highways. Real loss through deterioration has resulted from enforced economies. We cannot afford to jeopardize further this investment of near 300 million dollars.

And there is equally good necessity for some provision for construction, not only to meet Federal funds requiring matching but also by way of response to press-
ing needs, particularly in areas on which Federal aid may not be obtained. In any abandonment of construction it is the outlying country roads, those in sparsely settled sections of our State, which suffer most. Understand me—by “construction” it is not intended to propose an orgy of “system expansion” but rather road betterment at points where betterment is essential to service and safety.

**Diversion**

I am just as much opposed to diversion of highway funds now as during the last General Assembly. Not only are these funds, paid solely by motorists, morally and many think legally committed to these purposes, but under Congressional enactments loss of Federal funds also would result from such diversion. Besides, the much discussed highway surplus—resulting entirely from starvation of both maintenance and construction—will, after payment of debt maturities in July, fall far short of many reckless estimates. It is also obvious that if it should be diverted it might satisfy the cause to which it was diverted for a brief period only, but at the end of this period our dilemma would be increased since our surplus would then be gone and we would be faced with the same desirabilities or necessities which now suggest its appropriation to other purposes. Personally I dissent from the suggestion sometimes made that the prevailing school sentiment has designs upon this surplus. Personally I refuse to believe that the prevailing school sentiment has any more desire to encroach upon the highway fund than the advocates of highways have to rob the schools. Highways and schools are, or should be, coordinated activities and each, in a very real sense, is dependent on the other for adequate functioning.

**Changes in Officials**

The Highway Department has suffered a great loss through the illness of the splendid man who so long presided over its destinies. In his first waking moments his thought and his concern were for this work and for provision for carrying it on. Publicly I desire to recognize his outstanding service and contribution to the State which he served. I believe too that we are happy in being able to obtain by way of succession to him the present Chairman, who will give a fine and intelligent service to the cause.

**Toll Bridges**

In connection with the discussion of highways and their needs, I venture also to call your attention to what I believe to be the necessity to remove a discrimination that exists in certain territories. In a great State highway system, there is no place for the toll road or toll bridge connecting State highways. In other days, when spending was allocated according to population and mileage, the handicap of such provisions prevented a recognition of fundamental equities. Under present conditions, where need without regard to geography is the controlling motive and where the necessities of the isolated are just as considerable as the requirements of those who dwell in congested centers, a different rule prevails. We cannot justify, under present conditions, continuance of toll charges upon the Cape Fear and the Chowan River Bridges. The State should take, and this General Assembly should enact, the necessary steps to accomplish this elimination. The bonds covering these two bridges already are represented in the State’s total of outstanding obligations. Debt service charges upon the two projects involve only a comparatively small addition to the State’s debt service load and simple justice to the sections concerned requires such a step.
Highway Safety

Any consideration of highways brings immediately before us the aggravating and constantly increasing problem of highway safety. The mounting total of accidents appalls us and chills our enthusiasm for the enterprise of increased transportation facilities and enlarged opportunities for neighborhood contacts. If the highways continue to exact, through their improper use, the bloody toll of life and limb which now they claim, then their value may be seriously questioned. Constantly the Executive has called upon the citizenship for observance of the rules of safety in travel. No opportunity is neglected and we have endeavored to give cooperation to every private or public enterprise which sought to alleviate this condition. Instructions and suggestions to law enforcing officers have been repeatedly given. The evil is still with us and grows rather than diminishes. I would enlist your earnest consideration of the situation.

It is manifest that we can solve this question by no ordinary methods. Nor can or will any law or action prevent evil consequences to drivers (and their passengers) apparently bent on suicide. The experience of some states with really efficient driver's license laws would suggest, however, the advisability of such enactment. A driver's license law designed only to levy greater taxes upon the motorist or to bring more money into the treasury does not command my approval and should certainly be avoided. To be effective, there must be a real limitation upon incompetent operation and real and inescapable penalties for those who prove themselves incapable or inattentive to the necessities of safe driving.

Nor do I cherish the delusion that the mere enactment of a drivers license or other law will solve this problem. There must be a constant, unrelenting, and real enterprise toward real enforcement by all public officials and the inferior courts, the courts of first instance, which are peculiarly charged with this duty. Above all, there must be an increasingly insistent public sentiment which demands observance of these regulations and the safety which should attend the use of this vital and valuable public facility.

In this connection also let me add to the suggestion of driver regulation, the desirability of increasing the Highway Patrol within the limits of our present abilities. The full policing of 60,000 miles of highways is out of the question, of course. Let us not forget too that fully 50 per cent of our accidents occur within city limits. The present force cannot possibly cover the entire state. We can greatly help, however, by adding to it.

Election Laws

Existing laws governing elections have been a subject of considerable criticism and under them practices have sometimes prevailed which are reprehensible and calculated to bring censure upon the State. This is particularly true of the so-called absentee ballot law.

I have no patience with indiscriminate and unjustifiable claims of fraud put forward primarily to cover disappointments or for partisan purposes and I know that such claims frequently occur. I am quite certain, however, that it is almost as important for the people to think their elections are fair as for them to be in fact fairly conducted. The various phases of this subject are fully covered in the report of the State Board of Elections, which I recommend to your careful consideration. I quite concur in the recommendation that the absentee ballot provisions of the law must be either so drastically amended as to avoid even the appearance of evil or repealed altogether.
We should seriously consider also the suggestion of separate party primary registrations as a means of avoiding participation by one political group in the primary election of the other.

Certain amendments to the law relating to meetings of Presidential Electors are necessitated by the change in the presidential inauguration date. A bill has been prepared to cover this and will be submitted for your attention.

_Social Legislation_

Our schools are of course the greatest of our social activities. Their needs have already been discussed. There are other matters of social legislation requiring your attention.

_Child Labor_

Child labor has already been outlawed under the NRA codes. The elimination of this social evil may be assured on exactly equal terms in all the states by adoption of the proposed Child Labor Amendment to the Federal Constitution. Such legislation is peculiarly of national scope and significance and I therefore recommend to you its adoption as in line with the progressive thought and trend of the times.

_Social Insurance_

Pursuant to a resolution adopted by the last General Assembly, I designated a commission to study the unemployment insurance problem. Before its naming, however, I sought and obtained approval of a Federal project for its financing so that its work might be facilitated. Under the chairmanship of former Senator Burgin this Commission has made a detailed study of the problem and the remedies now in use elsewhere. This study will be at your disposal and you will find it thoroughgoing and interesting. A model bill has also been prepared for submission to you, which, subject to some few changes or exceptions, meets with my approval.

I am convinced that this General Assembly should take definite action to provide in North Carolina such insurance and that its action should be in line with the Federal proposals and Congressional enactments on this subject. We have not as yet full information as to what Congressional action will be, but our State must put itself in line to provide for, as well as escape from, the penalties of such legislation.

Besides, as I have previously indicated, this is an advance in social legislation which our State should not fail to take as a matter of humanity and sensible provision against future industrial calamities. You will find here too some studies on old age pensions, but our information on this subject is hardly sufficient to justify any present recommendation with reference to it. I hope, however, that authorization for a continuance of these studies may be made.

_Workmen's Compensation_

Employees in the industries of this State who lose the opportunity of making a living for themselves and their families as a result of occupational disease, contracted in their employment, are as much entitled to the benefits of the Compensation Law as those who are stricken down by accidental injuries. The Workmen's Compensation Law should be amended to extend its beneficent provisions to include the occupational disease hazard. This clause should be definite in its nature and fair in its provisions both to the employers and to the employees in the distribution
of its benefits and burdens and should affirmatively set out the risks included. I am persuaded also that teachers, so long as they are employed by the State, should be treated as all other State employees and included in the protection of Workmen's Compensation Act and I so recommend.

Many employers in this State, by reason of the attitude of the insurance companies carrying compensation coverage, have found it difficult and sometimes impossible to insure their risks as required by the compensation law. Insurance companies engaged in this business in this State can and should be required by law to cover all insurable risks offered to them. Penalties should be imposed upon employers who consistently refuse to observe reasonable regulations for the safety of employees.

Compensation insurance rates have been from time to time steadily advanced in this State especially as against the smaller employers of the State. With the enactment of legislation above suggested it may become necessary to put into effect some system of State insurance in order to provide the necessary coverage at fair rates. The subject of a State Insurance Fund is one which deserves the careful thought of the General Assembly as a measure to be put into effect in an emergency arising from failure or refusal of insurance companies to cover completely risks offered them in North Carolina at fair and reasonable rates.

Charities and Welfare

Permit me also to bring to your attention and commend for your careful consideration the report of the State Board of Charities and Public Welfare and the specific recommendation therein set out. You may not find it possible to provide for each and all of these recommendations, though their worthiness is apparent, but I bespeak for the general program the utmost possible of your consideration.

Employment Activity

The unemployment situation continues to vex the State and the Nation. If the present Federal Re-employment service is to be continued beyond June 30, 1935, it must be supplemented by the State. It is folly for us to fail to make certain and have always available accurate information on the subject of unemployment, particularly if we are to adopt, as I trust we will, the policy of unemployment insurance. I commend for your consideration the recommendations of our Labor Department for the establishment and maintenance of a National Employment service on a Federal State co-operative basis. I also particularly commend and urge your careful consideration and approval of its suggestion as to provisions of legal machinery in the State for the adjustment of labor and industrial disputes.

Other Legislation

There are other subjects now being studied by Federal agencies and on which legislation may be advisable in order that North Carolina may fully participate in the new National Recovery Program. I shall not hesitate to communicate my views with reference to these subjects or Federal proposals as occasion develops or to submit appropriate suggestions for your consideration.

Veterans' Loan Fund

The Veterans' Loans Fund, authorized and financed by previous legislation, has felt, as other activities, the heavy hand of the depression. Foreclosures made neces-
sary have accumulated, I am told, a large amount of real estate holdings and developed a situation which requires different treatment. The Commissioner in his report to you will make clear this situation, and I suggest you take careful study of the whole problem, to the end that proper provision may be made for adequate administration, the safeguarding of the State’s interests and the protection of the fund for all veterans.

Constitutional Amendments

The last General Assembly provided for the submission of a number of Constitutional amendments. These submissions, however, never took place as a result of the opinion of our Supreme Court. While some of these amendments were fiercely debated, there were others of such manifest merit that no voice was raised against them. Personally I am impressed that legitimate objections to others could be easily removed. I am particularly concerned about the opportunities which some of them would afford to liberalize our tax structure, work out reforms in our judicial system, protest against excessive debt, and provide opportunities for legislation to encourage home building and ownership. These matters have long been of great interest to me. It is noteworthy that Federal income tax collections in North Carolina greatly exceed those paid the State, that ownership of humble homes is really penalized, and that the way to municipal debt accumulations is made comparatively easy under present Constitutional provisions. The possibility of reforming these and other conditions should not be lightly passed by. I venture to suggest, therefore, a study of this situation by you, to the end that, if possible, the undeniable benefits of some of these recommendations may be obtained for the people.

Tax Foreclosure Laws

Legislation by your immediate predecessor has been construed in such a way as to leave in some confusion the presently existing tax foreclosure laws. The situation should be clarified by appropriate legislation and I shall be glad to submit suggestions as to how it may be accomplished, though your own studies no doubt will suggest the remedies.

Generally

During the months since the Assembly was last here our people have been through many vicissitudes. They have also experienced some real triumphs and definite progress along the road to recovery is everywhere apparent. Greatly improved farm prices are largely responsible for this. In all activities concerning the people the Chief Executive has endeavored to play a proper part and lend the weight of his influence and the power of his office. Whether a movement for improved prices, a crusade for the Parkway in the West, an erosion enterprise in the Piedmont, the development of our Ports and all of them in the East, our time, talents and energies have been at all times available. Particularly too have we endeavored at all times to co-operate with each and every of the New Deal activities and in the National Recovery Program. We shall continue that attitude. And for such enterprise as you may also determine I pledge you here and now an earnest co-operation and a sympathetic understanding.

Finally

Men may differ in appearance, but the fundamental differential between individuals is in the character which they develop. And in the enterprise of State Government we have striven earnestly to give to this administration something of distinctive
character. It may fail in many ways to achieve its objectives; it may make in the future, as no doubt it has in the past, many and grievous mistakes. But I am resolved that, failing all else, it shall at all times be characterized by an unflinching integrity, an earnest sincerity, a determined effort towards efficiency and fair play, and a broad humanitarian sympathy. Again I welcome you to the comradeship of service to the Commonwealth and wish for each of you a real pleasure in the performance of your arduous but most important duties.

At the conclusion of the Governor's Message, upon motion of Senator Nixon, the Joint Session dissolves and the Senate returns to its chamber.

The Senate resumes consideration of its regular business.

Upon motion of Senator Johnson, the Senate adjourns to meet tomorrow morning at 10 o'clock.

Upon motion of Senator Spence, the Senate adjourns to meet tomorrow morning at 10 o'clock, at which time only Public-Local bills will be considered, and when the Senate adjourns tomorrow it will adjourn to meet Monday night at 8 o'clock.

FOURTH DAY

Senate Chamber,
Saturday, January 12, 1935.

The Senate meets pursuant to adjournment, and is called to order by Lieutenant Governor A. H. Graham.

Prayer is offered by Rev. H. Leon Arnold, Johnson Memorial Baptist Church, Raleigh, N. C.

Without objection, the reading of the Journal of yesterday is dispensed with and the same stands approved.

Senator Williams of Yadkin rises to a point of personal privilege and upon his motion the following statement is entered in the Senate Journal.

STATEMENT

Whereas, on January 9, 1935, in a certain daily newspaper in the State of North Carolina there appeared an article under the heading, "Republican Plot to Exclude Bowie." The contents of the said article accused the Republicans of secretly and furtively attempting to prevent the said Tam C. Bowie from taking his seat on January 9. It is further alleged in said article that the Republicans accused Bowie of having bought his election in Ashe County last November, or that he bought about one thousand votes, which gave him the election of the lower house.

As a Republican Senator from the Twenty-fourth District, I have attended all political caucuses held by the Republican members of the 1935 General Assembly,
and at no time has the name of Tam C. Bowie ever been mentioned directly or indirectly. Nor have the Republicans ever mentioned directly or indirectly in any of their caucuses ever attempting to prevent any duly certified Democratic member of the 1935 House or Senate from taking his seat.

We, the Republicans of the State Senate, brand this article as absolutely false and untrue, and ask that a copy of this resolution be put on record at this Senate.

INTRODUCTION OF BILLS AND RESOLUTIONS

Bills and resolutions are introduced, read the first time, and disposed of as follows:

By Senator Weathers: S. B. 15, a bill to amend Section 1218 of the Consolidated Statutes, relating to taxes and fees for filing certificates for corporate purposes.

Referred to Committee on Judiciary No. 2.

Upon motion of Senator Bagley, the Senate adjourns to meet Monday night at 8 o’clock.

FIFTH DAY

SENATE CHAMBER,
MONDAY, JANUARY 14, 1935.

The Senate meets pursuant to adjournment, and is called to order by Lieutenant Governor A. H. Graham.

Prayer is offered by Rev. A. S. Parker of the Central Methodist Church, Raleigh, N. C.

Without objection the reading of the Journal of Saturday is dispensed with, and the same stands approved.

Senator Owen S. Robertson, representing the 16th District, being present for the first time, is called before the bar of the Senate and the prescribed oath of office administered to him by the President of the Senate.

The President announces that upon the death of Attorney General Dennis G. Brummitt, Saturday, January 12, 1935, after adjournment of the Senate, that he appointed as a Committee on the part of the Senate to attend the funeral, Senators Watkins, Grady, Burrus, Nixon and Weathers.

ENROLLED BILLS

Senator Bailey, for the Committee on Enrolled Bills, reports the following resolutions properly enrolled, and they are duly ratified and sent to the office of the Secretary of State.

S. R. 1, a joint resolution informing His Excellency, the Governor, that the General Assembly is organized and ready to proceed with public business.

Passes its second and third readings and is ordered sent to the House of Representatives.

In accordance with the joint resolution and upon motion of Senator Watkins, the Senate adjourns in respect to the memory of Attorney General Dennis G. Brummitt to meet tomorrow at 12 o'clock, M.

SIXTH DAY

Senate Chamber,
Tuesday, January 15, 1935.

The Senate meets pursuant to adjournment, and is called to order by Lieutenant Governor A. H. Graham.

MESSAGE FROM THE GOVERNOR

The following message is received from His Excellency, Governor J. C. B. Ehringhaus:

HONORABLE A. H. GRAHAM,
President of the Senate,
Raleigh, North Carolina.

My dear Mr. President:
I take pleasure in transmitting to you herewith my Budget Message to the 1935 General Assembly.

Respectfully yours,
J. C. B. EHRINGHAUS,
Governor.

To the Members of the General Assembly:

In keeping with the statutory provisions on the subject, I am transmitting to you herewith, (a) Report of the Budget Commission, (b) The Budget Revenue Bill, and (c) The Budget Appropriation Bill.

It was not deemed necessary to write anew the machinery law, as any desirable changes could be accomplished by slight amendments thereto.

You will observe that the Revenue Bill herewith submitted follows largely the presently existing law, including the emergency sales tax feature thereof, with the present exemptions eliminated and with certain other changes which were designed primarily to stop leakages and insure full collection.

In the preparation of this measure the Commissioner of Revenue and his department, The Budget Bureau, the Advisory Budget Commission, and the Governor cooperated and it represents not only their painstaking and diligent study and effort but their combined best judgment as to what, under existing conditions and limitations, can be done to meet the demands for a measurable and necessary increase in appropriations without increasing existing levies or imposing new ones.

The measure herewith sent—recognizing both present aims and conditions—seeks to accomplish this purpose by the simple process of tightening up provisions in the present law and eliminating existing exemptions. Experience has indicated that these exemptions have provided for greater opportunity for escape of taxes justly due under the law than they have afforded in relief to those whom they were designed to benefit. They have constituted as well a rather constant source of irritation both to the merchants and their customers. Estimates also indicate that with these eliminated, with improved methods growing out of our experience in administering the tax, with a continuance of the present rate of increase in business conditions, and with a staff enabling more frequent and widespread checking of returns in all tax fields, the present suggested measure should show an increase in each field and produce, during each year of the next biennium, enough in revenue to provide an additional two and one-half million dollars for our schools and, gen-
eraly, to enable a general salary increase of 15 per cent. It should as well take care of the most pressing institutional and agency needs, as set out in the Budget Appropriation Bill also herewith sent—needs largely attributable to the increased cost of things we are required to buy.

The revenue measure herewith submitted is not presented dogmatically, dictatorially, or with any sense of final infallibility. It recognizes a continued existence of the same emergency which faced us two years ago, even though there has been an improvement in conditions and there is a rather general feeling that at last we are headed steadily toward recovery. It recognizes too that while we should take advantage of every advance or improvement, yet as long as this emergency continues it is incumbent that we proceed with caution and circumspection to avoid the temptation to over-commitment.

From the statements in the Budget Report you will be able to ascertain the amount of revenue which is being presently derived from each source as well as the estimates of revenue for the next biennium under existing and suggested provisions.

The emergency sales tax as presently set up will yield during this fiscal year probably seven and one-half million dollars. With the exemptions eliminated and the inclusion of the other "stop-gap" features suggested by way of amendment to the law, it should yield in the first year of the next biennium $8,750,000. Realizing that you as well as the Executive desire to go forward as fast and as far as existing conditions permit, it may not be improper to suggest that reduced to the simplest terms the problem shapes up about as follows:

For every 10 percent of salary increase made the State will require approximately two million dollars of revenue. This approximation may be divided roughly as follows:

To cover increase of 10 per cent in teachers salaries $1,400,000
To cover increase in salaries of Highway and other State employees 600,000

Total $2,000,000

Bearing this in mind and bearing in mind also that any enlargement of our general fund spending program will require an additional equivalent in revenue to offset it, these conclusions would seem to be obvious:

(a) If the emergency sales tax feature of the Revenue Bill is eliminated we must deduct immediately from our estimates of its productive capacity $8,750,000.

(b) If the exemptions presently existing are retained we must deduct from our estimates for each year of the next biennium about $1,000,000.

(c) In the event of either deduction it is incumbent that we provide from other sources the amount of revenue so lost or cut appropriations accordingly.

(d) If an addition to the 15 per cent increase suggested and provided for in the submitted measure is desired, then additional revenue of approximately $2,000,000 for each 10 per cent increase enacted or $1,000,000 for each 5 per cent increase enacted must be provided from other sources by the General Assembly.

(e) Under present conditions, if such an increase is desired, about the only practicable source is an increase of existing rates which are now perilously close to constitutional and prudential levels.

(f) Since, as above pointed out, the elimination of the sales tax feature of the bill would cut out of General Fund revenues near 30 per cent of the total,
I have no hesitation in saying that in my judgment the reenactment of
the sales tax is inevitable, and I know of no other dependable field of taxation
open to the State in which, under existing constitutional or prudential
limitations, such a large sum can be provided.

I do not believe that it is the part of wisdom, nor do I think it in keeping with
prevailing sentiment or the necessities of dependable provision that this tax should
be at this time abandoned. To do so would paralyze every State activity; most
of all our largest General Fund spending agency, the schools. As pointed out in
my biennial message, through diversion of the highway surplus we might accom-
plish the purpose temporarily and for a brief period only, but at the end of this
brief period we would find ourselves more distressed and more perplexed than ever.
Nor do I think that the burden should be put back on land or taken out of our
appropriations for schools, wage earners or other governmental institutions and
activities. The resources and information of the Revenue Department and The
Budget Bureau as to possible revenue realizations from any suggested measure
will be at all times available to you. But frankness compels the suggestion that
none has come to our attention which would involve prudent imposition and also
promise any very great yield as long as we remain under present constitutional
restrictions. The return of reasonable prosperity will put quite a different picture
before us. But even in the most improved sections of our State relief necessities,
still great, show that we are yet some distance from that happy day.

The choice of methods is yours, of course. If your wisdom suggests a better or
more equitable and dependable way to provide for our needs we shall be delighted.
If you can find ways to avoid the sales tax or any other tax and provide for these
needs we shall not be offended. There is just one point upon which I am insistent
and that is, FOR EVERY DOLLAR YOU APPROPRIATE YOU SHOULD
LEY A DOLLAR OF DEPENDABLE TAXES. We can never again afford
to run into an unbalanced budget; the experiment has proven too costly; and
correspondingly the value of a balanced budget has been demonstrated by our
success in obtaining the lowest interest rate in our State's history and the restora-
tion of the State's credit.

Let me repeat—it is imperative that we preserve a balance in our budget, not
by way of following a fetish but to protect the entire governmental structure against
that collapse which inevitably and invariably follows fiscal instability in state and
municipal government and which was upon us prior to the last General Assembly.
Not only am I opposed to diversion of highway funds but I wish also to record my
most emphatic dissent to each and every suggestion that may be forthcoming
either to cut down or fail to make provision for a reasonable advance in our appro-
priations, as previously indicated, or to push back on land a part of this burden,
or to take it out of the State's credit by failing to meet our obligations, or, last but
not least, to take it out of our schools or wage earners.

You will observe also that we have endeavored to meet the demand for some
State Unemployment Relief activity through an enlarged highway activity made
necessary by deteriorated condition of our highway system. It is earnestly hoped
that this special designation and its provision of opportunities for new employments
will meet any and all Federal requirements on this score.

With these measures before you, you will be enabled to proceed promptly and
patriotically to the task ahead, and I am content to leave the situation in your
capable hands.
The message is referred to the Committees on Finance and Appropriations.
Upon motion of Senator Lee, the Senate adjourns to meet tomorrow at 12 o'clock, M.

MESSAGE FROM THE GOVERNOR

The following message is received from His Excellency, Governor J. C. B. Ehringhaus:

To the President of the Senate

and

Speaker of the House of Representatives of the General Assembly of North Carolina:

Some time ago there was forwarded to me by the Honorable the Secretary of the Interior of the United States several proposed Legislative enactments along with the suggestion that they first be submitted to the office of the Attorney General of North Carolina for study and suggestion as to such amendments as might be appropriate and proper to make them conform to our North Carolina Constitution and laws and then be submitted for the consideration of the General Assembly. These measures have been carefully studied by the Attorney General’s office and slight amendments made in conformance with this suggestion. I beg now to transmit to you herewith the following bills for your careful consideration:

First—A bill to be entitled an Act to authorize Cities and Towns to issue bonds for municipal improvements for the purpose of financing or aiding in the financing of any work, undertaking or project to which any loan or grant is or may be made by the United States of America through the Federal Emergency Administrator of Public Works or through any other agency or department of the United States of America, and to expedite the procedure for the issuance of such bonds.

Second—A bill to be entitled an Act to authorize Counties to issue bonds for improvements for the purpose of financing or aiding in the financing of any work, undertaking or project to which any loan or grant is or may be made by the United States of America through the Federal Emergency Administrator of Public Works, or through any other agency or department of the United States of America, and to expedite the procedure for the issuance of such bonds.

Third—A bill to be entitled an Act providing for the acquisition, purchase, construction, reconstruction, improvement, betterment, extension, operation and maintenance of revenue-producing undertakings by any City, Town, or Incorporated Village; authorizing and regulating the issuance of revenue bonds for financing such undertakings; and providing for the payment of such bonds and the rights of holders thereof.

Fourth—A bill to be entitled an Act to validate certain bonds heretofore issued and authorizing the issuance of bonds pursuant to certain proceedings heretofore taken by municipalities for the purpose of financing or aiding in the financing of any work, undertaking or project to finance or aid in the financing in which any loan or grant has heretofore been or may hereafter be made by the United States of America through the Federal Emergency Administrator of Public Works.
The first three measures above submitted are, as you will readily observe, submitted as necessary prerequisites to the participation by counties and municipalities in North Carolina in the proposed Federal Emergency of Public Works spending. The fourth measure above is submitted not only for this purpose but also in compliance with the agreement heretofore entered into by various counties and municipalities in North Carolina in connection with borrowing heretofore made from Public Works or other Federal departments. In my judgment, each of these four measures should be promptly enacted by the General Assembly substantially as presented.

Numbers Five, Six, and Seven, respectively, "Housing Authorities Law," "Housing Cooperation Law," and "Eminent Domain Law for Certain Corporations" have been, after careful study and consideration, amended by the addition of a section attached thereto in order to bring them into conformity with State procedure and practice and further safeguard the citizens of the State against possible abuses. With these amendments incorporated I recommend also the passage of these three measures.

Attached herewith also are bills numbered Eight, Nine, and Ten, entitled respectively: "State Electrification Authority," "Power District Law," and "Membership Corporations." I am submitting these three measures to you without comment or recommendation for your study and consideration.

Some time ago, at the request of the State Grange, I designated a Committee for the study of the rural electrification problem in North Carolina and solicited and obtained, through the Emergency Relief Administration, approval of a project providing for the financing of a survey of the State in this connection. That survey has been made and has met with widespread approval. The Committee has also, as a result of their studies, had prepared two measures looking towards the promotion of a rural electrification activity in the State, and bills embodying their views and recommendations on this subject have been prepared and presented to the General Assembly through their introduction in the Senate. I have reference, of course, to Senate Bills Nos. 426 and 427. These two measures, already presented in the Senate, have been unanimously endorsed and recommended by the Committee as peculiarly suited to the needs of North Carolina and as entirely responsive to the necessities of legislation as a predicate for the Federal assistance contemplated. They have also my unqualified endorsement and approval, and I hope that they will be promptly enacted and that the rural citizenship of our State may thus be afforded an opportunity for the development of a real rural electrification program.

Eleven—Lastly, I am presenting herewith a measure, designated as a bill to be entitled an Act authorizing the State of North Carolina and its several departments, agencies and commissions to issue revenue bonds for the purpose of financing such undertakings as the Governor, with the approval of the Council of State, may deem for the best interest of the State, and authorizing the State of North Carolina and its several departments, agencies and commissions to accept and receive loans, gifts and other assistance from the United States Government and other agencies. This, you will observe, is designed to provide an opportunity for the State Government, in certain instances, to participate in the proposed program of Federal spending authorized on the basis of revenue bonds payable only out of the receipts of the particular project financed and involving no liability beyond these receipts. The desirability of such legislation will immediately suggest itself to you in connection
with the anticipation of this program of Federal spending, and I recommend the prompt passage of this measure.

Respectfully,

J. C. B. EHRINGHAUS,
Governor.

Bills 1, 2, 3, 4, 5, 6, 7 and 11 referred to in the Governor's message are referred to the Committee on Finance.

Bill 8, 9 and 10 referred to in the Governor's message are referred to the Committee on Agriculture.

H. B. 32, a bill to raise revenue, for the adoption of the following Conference report.

Honorable A. H. Graham, President of the Senate, and Honorable Robert G. Johnson, Speaker of the House of Representatives:

The undersigned Conference do hereby report that they have agreed upon a Conference Report and recommend to the Senate and the House of Representatives the adoption of the following:

1. It is recommended that the House concur in the Senate amendment to Section 21, as follows:

"Amend Section 21, by adding at the end thereof the following: ‘If any executor, administrator, collector, committee, trustee or any other fiduciary within or without this State holding or having control of any funds, property, trust or estate, the transfer of which becomes taxable under the provisions of this act, shall fail to file the statements herein required within the time herein required, the Commissioner of Revenue is authorized and shall be required to secure the information herein required from the best sources available, and therefrom assess the taxes levied hereunder, together with the penalties herein and otherwise provided.’"

2. It is recommended that the House concur in the Senate amendment to Article 1, Schedule A, by adding on page 36, a new section to be known as Section 29, as follows:

"Section 29: Reciprocal Relations in Respect to Death Taxes.

(a) The terms "death tax" and "death Taxes," as used in the five following Subsections, shall include inheritance, succession, transfer and estate taxes and any taxes levied against the estate of a decedent upon the occasion of his death.

(b) At any time before the expiration of eighteen months after the qualification in any probate court in this commonwealth of any executor of the will or administrator of the estate of any non-resident decedent, such executor or administrator shall file with such court proof that all death taxes, together with interest or penalties thereon, which are due to the State of domicile of such decedent, or to any political subdivision thereof, have been paid or secured, or that no such taxes, interest or penalties are due, as the case may be, unless it appears that letters testamentary or of administration have been issued on the estate of such decedent in the State of his domicile in the four following subsections called the domiciliary State.

(c) The proof required by Subsection (b) may be in the form of a certificate issued by the official or body charged with the administration of the death tax laws of the domiciliary state. If such proof has not been filed within the time limited in Subsection (b), and if within such time it does not appear that letters testamentary or of administration have been issued in the domiciliary state, the register of probate shall forthwith upon the expiration of such time notify by mail the official or body of
the domiciliary state charged with the administration of the death tax laws thereof with respect to such state, and shall state in such notice so far as is known to him (a) the name, date of death and last domicile of such decedent, (b) the name and address of each executor or administrator, (c) a summary of the values of the real estate, tangible personalty, and intangible personalty, wherever situated, belonging to such decedent at the time of his death, and (d) the fact that such executor or administrator has not filed theretofore the proof required in Subsection (b). Such register shall attach such notice to plain copy of the will and codicils of such decedent, if he died testate, or if he died intestate, a list of his heirs and next of kin, so far as is known to such register. Within sixty days after the mailing of such notice the official or body charged with the administration of the death tax laws of the domiciliary state may file with such probate court in this commonwealth a petition for an accounting in such estate, and such official or body of the domiciliary state shall, for the purposes of this section, be a party interested for the purpose of petitioning such probate court for such accounting. If such petition be filed within said period of sixty days, such probate court shall decree such accounting and upon such accounting being filed and approved shall decree either the payment of any such tax found to be due to the domiciliary state or subdivision thereof or the remission to a fiduciary appointed or to be appointed by the probate court, or other court charged with the administration of estates of decedents, of the domiciliary state, of the balance of the intangible personalty after the payment of creditors and expenses of administration of this commonwealth.

(d) No final account of any executor or administrator of a non-resident decedent shall be allowed unless either (1) proof has been filed as required by Subsection (b), or (2) notice under Subsection (c) has been given to the official or body charged with the administration of the death tax laws of the domiciliary state, and such official or body has not petitioned for an accounting under said subsection within sixty days after the mailing of such notice, or (3) an accounting has been had under said Subsection (c), a decree has been made upon such accounting and it appears that the executor or administrator has paid such sums and remitted such securities, if any, as he was required to pay or remit by such decree, or (4) it appears that letters testamentary or of administration have been issued by the domiciliary state and that no notice has been given under said Subsection (c).

(e) Subsections (a) to (d), inclusive, shall apply to the estate of a non-resident decedent, only in case the laws of the domiciliary state contain a provision, of any nature or however expressed, whereby this commonwealth is given reasonable assurance, as finally determined by the Commissioner, of the collection of its death taxes, interest and penalties from the estates of decedents dying domiciled in this commonwealth, when such estates are administered in whole or in part by a probate court, or other court charged with the administration of estates of decedents, in such state.

(f) The provisions of Subsections (a) to (e), inclusive, shall be liberally construed in order to insure that the domiciliary state of any non-resident decedent whose estate is administered in this commonwealth shall receive any death taxes, together with interest and penalties thereon, due to it from the estate of such decedent.

3. It is recommended that the House concur in Senate amendment to Section 112, page 63, Subsection (d) as follows:

"Amend Section 112, Subsection (d) by retaining therein the printed Subsection (d) as reported to the House by the Joint Committee on Finance"; and by adding the following: "Provided further that any person, firm or corporation soliciting
orders for pool cars of coal to be distributed without profit shall be subject to license tax."

4. It is recommended that the House concur in Senate amendment to Section 121, page 73, as follows:

Amend Committee Substitute to H. B. 32 by striking out the figures "50" in line 13, Section 121, page 73, and insert in lieu thereof the figures "25."

5. It is recommended that the House concur in Senate amendment to Section 121, page 74, as follows:

"Amend Section 121, by adding at the end of Subsection (b) the following: Provided, however, any person peddling fruits, vegetables or produce of the farm shall pay a license tax of $28.00 per year, which license shall be State-wide. No county shall levy an additional tax under this subsection but cities and towns may levy a tax under this subsection equal to the State tax."

6. It is recommended that the House concur in Senate amendment to Section 121, line 32 on page 74, as follows:

Amend Section 121, page 74, line 32, by striking out the House amendment which reads as follows: "by adding after the word 'same' in line 32 the following: 'or to fish and other sea foods sold from door to door by the person catching same'."

51. It is recommended that the House concur in Senate amendment to Section 162, page 154 as follows:

Amend Section 162, page 154, by inserting after the word “vehicles” in line 79 and before the word “who” in line 80, the words “and automotive equipment and supply dealers at wholesale.”

52. It is recommended that the Senate recede from its amendment to Section 162 as follows:

Amend Section 162 by striking out lines 79, 80 and $1, being the last three lines thereof, and inserting in lieu thereof the following: “This section shall not apply to the business taxed under Section 153 of this Article.”

53. It is recommended that the House concur in Senate amendment to Section 162½, pages 154, 155, 156, 157 and 158 except that the figures in the bracket “for not more than four additional automotive service stations, for each such station” shall be $10.00 in lieu of $15.00, and that the figures in the bracket “for five additional automotive service stations and not more than eight for each such additional station” shall be $15.00 in lieu of $30.00 and that the said section shall be made to read as follows:

Amend Committee Substitute for H. B. 32 by striking out the House Section 162½ and adding between Sections 162 and 163 the following:

Section 162½. Branch or chain automotive service stations.

Every person, firm or corporation engaged in the business of operating or maintaining in this State, under the same general management, supervision or ownership, two or more automotive service stations, or engaged in the business of retail selling and/or delivering of any tires, tools, batteries, electrical equipment, automotive accessories, or motor fuels and/or lubricants, or any of such commodities, or who controls by lease either as lessor or lessee, or by contract, the manner in which any such automotive service station is operated, or the kind or kinds, character or brand or brands of merchandise which are sold therein, shall be deemed a branch or chain automotive service station operator, and shall apply for and obtain from the Commissioner of Revenue a State license for the purpose of engaging in the business of a branch or chain automotive service station operator, and shall pay for such license a tax according to the following schedule:
On each and every such automotive service station in this State in excess of one:
For not more than four additional automotive service stations, for each such station $10.00
For five additional automotive service stations and not more than eight, for each such additional station 15.00
For nine additional automotive service stations and not more than twelve, for each such additional station 20.00
For thirteen additional automotive service stations and not more than sixteen, for each such additional station 25.00
For seventeen additional automotive service stations and not more than twenty, for each such additional station 30.00
For twenty-one additional automotive service stations and not more than thirty, for each such additional station 35.00
For thirty-one additional automotive service stations and not more than fifty, for each such additional station 47.50
For fifty-one additional automotive service stations and not more than one hundred, for each such additional station 60.00
For one hundred and one automotive service stations and over, for each such additional station 85.00

The term "chain automotive service stations," as used in this section shall include automotive service stations operated under separate charters of incorporation, if there is common ownership of a majority of stock in such separately incorporated companies and/or if there is similarity of name of such separately incorporated companies, and/or if such separately incorporated companies have the benefit in whole or in part of group purchase of merchandise, or of common management; and in like manner the term "chain automotive service station" shall apply to any group of automotive service stations where a majority interest is owned by an individual or partnership.

Nothing herein contained shall be construed as placing this tax on lessors or sub-lesseors of such automotive service stations who have no control over the operation or management thereof and do not control or restrict the kind or kinds, character, brand or brands of merchandise or price of said brands of merchandise sold or offered for sale therein either in the lease, sub-lease, or by separate contract.

 Counties, cities and towns shall not levy a license tax on the business taxed under this Section, but this shall in no way affect the right given to counties, cities and towns to levy taxes under Section 153 of this Act.

Any contract or agreement which has been, or may hereafter be, entered into including separate contracts or portions of contracts between any chain automotive service station operator and the operator of any unit in the chain operated by such branch or chain operator, by the terms of which the operator of any such unit shall be required to pay the tax levied in this Section, or to reimburse the branch or chain automotive service station operator for tax paid under this section, is hereby declared to be contrary to public policy, and shall be null, void and of no effect.

In enforcing this provision of this Act the Commissioner of Revenue may prorate the total amount of tax for the chain to the several units, and the amount so prorated may be recovered from such unit in the chain in the same way as other taxes levied in this Act.

Business taxed under this section shall not be taxed under Section 162 of this Act.

It is recommended that the House concur in Senate amendment to Section 203, Subsection 5, page 174, as follows:
Amend Section 203, Subsection 5, page 174, line 80, by inserting after the word "article" the words "unless the tax levied by Sections 210 and 211 of this article exceed the tax levied in this section."

55. It is recommended that the House concur in Senate amendment to Section 207, page 179, as follows:

63. It is recommended that the Senate recede from its amendment to Section 310, Article IV, pages 201 and 202, as follows:

"Amend Section 310, Article IV, pages 201 and 202, by striking out lines 11, 12, 13, 14, 15, 16 and 17, and substituting in lieu thereof the following: 'On the excess over the amount legally exempted, up to one thousand dollars, four percent. On the excess above one thousand dollars and up to two thousand dollars, five percent. On the excess over two thousand dollars, six percent.'"

64. It is recommended that the House concur in Senate amendment to Section 311\(\frac{1}{2}\), page 207, as follows:

Amend Section 311\(\frac{1}{2}\) of Article IV, Schedule D, entitled "Income from stock in foreign corporations," by striking out the last sentence thereof beginning at line 30 on page 207.

65. It is recommended that the House concur in Senate amendment to Section 322, page 222, as follows:

Amend Section 322, entitled "deductions," by striking out Subsection 5 thereof and inserting in lieu thereof the following: "Dividends from stock in any corporation, the income of which shall have been assessed, and the tax on such income paid by the corporation under the provisions of this Act; Provided, that when only part of the income of any corporation shall have been assessed under this Act, only a corresponding part of the dividends received therefrom shall be deducted."

66. It is recommended that the House concur in Senate amendment to Section 322, Subsection 9, page 223, as follows:

Amend Section 322, page 223, Subsection 9, in line 82, by striking out the word "fifteen" and inserting in lieu thereof the word "ten."

67. It is recommended that the House concur in Senate amendment to Section 323, page 225, as follows:

Amend Section 323, page 225, entitled "Items not deductible" by striking out the whole of paragraph (f) thereof beginning at line 12 on page 225.

68. It is recommended that the House concur in Senate amendment to Section 326, page 228, as follows:

Amend Section 326, page 228, by inserting after the word "Act" in line 12, the following: "Every resident of the State having a gross income in excess of five thousand dollars ($5,000), and every non-resident having gross income within this State in excess of five thousand dollars ($5,000) shall be required to make a return."

69. It is recommended that the House concur in Senate amendment to Section 336, page 240, as follows:

Amend Section 336, by adding at the end of Subsection 5 thereof, the following:

(6) Any person required under this Act to pay any tax or required by law or regulations made under authority thereof to make a return, keep any records, or supply any information for the purposes of computation, assessment or collection of any tax imposed by this Act, who willfully fails to pay this tax, keep such records or supply such information at the time or times required by law or regulations, shall, in addition to other penalties provided by law, be guilty of a misdemeanor, and upon conviction thereof, shall be fined not more than $500.00 or imprisoned not more than six months, or punished by both within the limitation aforesaid.

70. It is recommended that the House concur in Senate amendment in the caption of Schedule E, Article V, page 243, as follows:

The house amendment to caption of Schedule E, of Article V, page 243 was adopted and the words "For State purposes" was added by the Senate Committee after the words, "Emergency Revenue."
71. It is recommended that the House concur in Senate amendment to Section 401, line 2, page 243, as follows:
   Amend Committee Substitute for H. B. 32, Section 401, line 2, page 243, by inserting the word “emergency” between the words “provide” and “revenue.”
72. It is recommended that the House concur in Senate amendment to Section 401, pages 243 and 244, as follows:
   Amend Section 401, by striking out lines 7 to 13, inclusive.
73. It is recommended that the House concur in Senate amendment to Section 401, page 244, as follows:
   “Amend Section 401, by striking out the word ‘shall’ in line 17, on page 244, and substituting in lieu thereof the word ‘may.’”
74. It is recommended that the House concur in Senate amendment to Section 401, pages 245 and 246, as follows:
   Amend Section 401, by striking out all of the section beginning on line 38, page 245, through line 76 on page 246.
75. It is recommended that the House concur in Senate amendment to Section 403, page 247, as follows:
   Amend by striking out all of Section 403 on page 247.
76. It is recommended that the House concur in Senate amendment to Section 404, as follows:
   Amend Section 404 by striking out sub-heading “Consumers Tax.”
77. It is recommended that the House concur in the Senate amendment to Section 404, Subsection 5, page 248, as follows:
   Amend Section 404, Subsection 5, by inserting after the word “tobacco,” in line 41, the words “and other farm products.”
78. It is recommended that the House concur in Senate amendment to Section 404, Subsection 9, as follows:
   Amend paragraph 9 of Section 404 by adding between the word “sold” and the word “in” in line 62 on page 249, the words “at retail.”
79. It is recommended that the Senate recede from its amendment to Section 404, Subsection 12, page 250, as follows:
   Amend Committee Substitute for H. B. 32, as amended, by striking out the words and figures “ten dollars ($10.00)” in line 86 of paragraph 12, Section 404, and inserting in lieu thereof the words and figures “fifteen dollars ($15.00).”
80. It is recommended that Section 404, Subsection 13, page 252, be amended as follows:
   Add after the word “Act” in line 131, page 252, the following: “The term ‘motor vehicle’ as used in this section shall include trailers.”
81. It is recommended that the Senate recede from that portion of Section 405, pages 252, 253 and 254, which reads as follows:
   Amend Article 5, Schedule E, by adding the following to be known as Section 405, and striking out all of the present Section 405 in Committee Substitute for H. B. 32.

Section 405. The taxes imposed in this article shall not apply to the sale of commercial fertilizer on which an inspection tax is paid nor to the sale of public school books on the adopted list and the selling price of which is fixed by law. The taxes imposed in this Article shall not apply to the sale of products of farms, forests or mines when such sales are made by the persons or members of their immediate families or by employees forming a part of the organization of persons who produce such products in the original state or condition of preperation for sale, but shall apply to the resale of such products. The exemption in this section shall not ex-
tend to manufacturers or producers who become merchants in the ordinary meaning of that term and who maintain separate from the place of production, stores for the retail sale of merchandise nor to the sale of their own products through such retail stores, nor shall it extend to the sale of their products through merchants acting as agents for the manufacturer nor to the sale of products by peddlers.

No tax shall be imposed under this Article upon the sale of any merchandise to the Federal Government or any of its agencies or the State of North Carolina, or any of its subdivisions, including sales of merchandise to agencies of Federal, State or local governments for distribution in public welfare and relief work.

Conditional Exemptions. In addition to the exemptions set out in this section, there shall also be an exemption of sales by retail merchants upon conditions hereinafter set out of the following articles: flour, meal, meat, lard, milk, molasses, salt, sugar and coffee. It is the intention that this exemption shall apply to these primary and essential articles of food as the words used are commonly understood. Flour, means wheat flour, and does not include cereal products other than flour. Meal, means corn meal and not grits, flakes or other cereal products. Meat, includes fresh or cured meats of animals or fish, other than shell fish, but does not include any specialized products in cans, jars, boxes or cartons for the retail trade. Lard, is intended to include articles commonly understood by the use of this term, both from animal fat and vegetable substitute, but does not include oleomargarine, butter oil, or other like products. Molasses, includes the products commonly understood by that name and does not include cane, sugar, maple, or other syrups. Milk includes sweet and buttermilk, but does not include canned milk, evaporated milk or other milk products. Sugar, includes plain and granulated sugar as commonly understood, and no other products. Coffee, means plain, roasted or ground coffee, as commonly understood, but not coffee substitutes.

The exemption of the article of food herein understood is upon condition that the retail merchant shall keep accurate and separate records of invoices and sales of the exempted articles in such form and detail as may be prescribed by the Department of Revenue and in any event and in such manner that accurate reports may be separately made covering the sale of such conditionally exempted articles, and in such form as may be accurately and conveniently checked by the representatives of the Department of Revenue.

Unless records are kept in such manner as will accurately disclose separate accounting of sales of taxable and non-taxable merchandise and conditional exemptions herein made shall not be allowed, and it shall be the duty of the Commissioner to assess a tax upon the total gross sales, and if records are not kept showing total gross sales, it shall be the duty of the Commissioner or agents to assess a tax upon an estimation of sales upon the best information obtainable.

It is recommended further that the House concur in so much of said Senate amendment to Section 405 as reads as follows: "which portion of said section shall be adopted in lieu of the present said Subsection A of 405 of the Printed bill, to wit:

(a) "It is not the intent of this Act to exempt gasoline from the retail sales tax levied in this Act nor is it considered expedient to levy a tax upon the wholesale distribution of gasoline payable at the source of distribution and an additional tax upon the retail sale. Therefore, to carry out the intent of this act a proportion of the tax of six cents per gallon, to be determined in the manner herein set out, shall be deemed in satisfaction of the tax upon retail sales levied in this act. The Director of the Budget, the Chairman of the Highway Commission and the Commissioner of Revenue, shall in the first fifteen days of each quarterly period, determine the total amount of gasoline sold in the State in the preceeding three months, and the
average retail price inclusive of gasoline tax and shall on this basis compute the amount of tax liability at the rate of tax levied in this act on the retail sale and the sum so computed shall be deducted from the tax of six cents per gallon, and credited by the State Treasurer to the sales tax revenue levied in this Act.”

It is further recommended that Section 405, entitled “Exemptions,” as permitted in Committee Substitute to H. B. 32 shall be in all respects adopted except that for Subsection A contained in the printed bill there shall be substituted the Senate Amendment relative to gasoline as hereinbefore set out.

The Conferees on the part of the House of Representatives and the Senate recommend the following addition to the Senate amendment to Section 405, page 18 of the report, by adding at the end of Subsection 2 the following, “the allocation from the Highway fund to the General Fund herein provided for insofar as it may exceed the sum of one million dollars per year shall not be made to any extent that violates the provisions of the Hayden Cartwright Act of Congress, ratified on the 18th day of June, 1934, and that has the effect of reducing the allotment of highways in this State. These sums shall be available only after full provision is made for the expense of collecting highway revenues, for the administration of the Highway and Public Works Commission, for the service of the Debt and for reasonable maintenance of State and County Highways and Federal aid construction (as set out under titles XII and XIII of Section 3 of the Appropriation Act), and there then remains a sufficient balance or surplus, nor shall the application herein made become available to the general fund unless the Director of the Budget shall find such sums to be reasonably necessary to meet appropriations from the general fund (not including the contingent increase in salaries beyond twenty per cent provided in the Appropriation Bill for the first year of Biennium). In construing this provision the Director of the Budget shall not be required to take into account in incidental credit balance of the general fund.

82. It is recommended that the House concur in Senate amendment to Section 406, page 254, as follows:

Amend Section 406, by inserting after the word “business” in line 11, the following, “The license tax levied in this section shall be a continuing license until revoked for failure to comply with the provisions of this article. License issued under Article V, Chapter 445, Public Laws of 1933, for the year 1934-1935, shall be deemed a continuing license under this section.”

83. It is recommended that the House concur in Senate amendment to Section 406 by striking out in line 12 as follows:

Amend Section 406, page 254, by striking out in line 12 the words “on the sale of,” and substituting in lieu thereof the words “for the privilege of engaging in the business of selling.”

84. It is recommended that the House concur in Senate amendment to Section 427, as follows:

Amend by striking out Section 427 of Article V thereof.

85. It is recommended that the House concur in Senate amendment to Section 451, as follows:

“Amend Section 451 by striking out in line 16 the words ‘margin of the record thereof,’ and inserting in lieu thereof the words ‘records of his office.’”

86. It is recommended that the House concur in Senate amendment to Section 121, page 74, as follows:

Amend Section 121, page 74, by striking out House amendment which reads as follows: “Amend Committee Substitute for H. B. 32, as follows: By adding at the end of Subsection (b), Section 121 the following: Provided, however, any per-
son, peddling fruits, vegetables, or products of the farm shall pay a license tax of $25.00 per year, which license shall be State-wide and no county or city shall levy an additional tax on such peddler."

87. It is recommended that the House concur in Senate amendment to Section 126, page 85, as follows:

Amend Section 126 by inserting in line 36 between the words "the" and "license" the word "base" and by striking out the words "a tax upon" in line 37 and inserting in lieu thereof "for the privilege of engaging in such business a license tax measured by."

The Conferrees on the part of the House of Representatives and the Senate are unable to agree upon further changes in Revenue which will be approved by a majority of Conferrees of each House, or that they could hope would meet majority support in both houses of the General Assembly.

All of which is respectfully submitted, this the 26th day of April, 1935.

It is recommended that the House adopt the Senate amendment amending Section 1, Article IX, Subsection 1, by striking out the following: "Provided, that in event there shall be any additional revenue, more than anticipated, or surplus in the general fund, said such surplus or excess revenue shall be used to increase teachers' salaries up to 25% above the existing salary schedule; in no event, however, to exceed the sum of $22,000,000 for each year of the biennium 1935-36, 1936-37."

9. It is recommended that the House adopt the Senate amendment to amend by inserting at the end of Section 1 a new section to be known as Section 1 1/2 to read as follows: "Section 1 1/2. For the efficient administration of Article V, Schedule E of the Revenue Act, an appropriation is hereby made for the use of the Department of Revenue in addition to the appropriation otherwise made in this Act of a sum not to exceed two per cent (2%) of the total revenue collections under this article to be expended under allotments made by the Budget Bureau of such part or the whole of such appropriation as may be found necessary for the administration of this article."

10. It is recommended that the House adopt the Senate amendment amending Section 3, Article XIII, line 42 by adding after the word "Budget" the following language: "Provided no item shall be reduced more than fifteen percent."

11. It is recommended that the House adopt the Senate amendment amending Section 3, Article XIII, Subsection 4, by striking out all of line 55 beginning with the word "and" and lines 56 and 57 of the printed bill.

12. It is recommended that the House adopt the Senate amendment striking out Section 4 and inserting in lieu thereof the following:

"Section 4. Whereas, the Revenue Act of this General Assembly has repealed the exemption contained in the Emergency Revenue Act as to tax upon the sale of gasoline, and has placed three per cent upon the retail sale of gasoline, uniformly with sales of other commodities, thereby raising approximately the amount heretofore transferred from the Highway Fund to the General Fund, the same shall be
taken and considered to be in full compliance with the policy set forth under Section 4 of the Appropriations Act of 1933.”

13. It is recommended that the House adopt the Senate amendment amending Section 6, by striking out in line 8 the words “State Board of Equalization” and inserting in lieu thereof the words “State School Commission.”

14. It is recommended that the House adopt the Senate amendment striking out the following language from Section 7: “For subsistence—hotel and meals—in towns of less than 10,000 population, $3.50 per day; over 10,000 and less than 20,000, $4.00 per day; over 20,000, $5.00 per day”; and inserting in lieu thereof the following: “For subsistence—hotel and meals—$4.00 per day.”

All of which is respectfully submitted this the 2nd day of May, 1935.

CONFERENCE REPORT

Senator Spence for the Conferees appointed to consider the differences arising upon S. B. 194, a bill to increase the number of the State highway patrol, submits the following report:

To the President of the Senate and the Speaker of the House of Representatives:

We, the undersigned Conferees appointed on the part of the Senate and House of Representatives to consider the differences between the two bodies on Committee substitute for Senate Bill No. 194, entitled, "An act to increase the number of the State highway patrol, and to define and prescribe its duties and supervision, and to amend Chapter 218, Public Laws of 1929, as amended by Chapter 381, Public Laws of 1931, and by Chapter 214, Public Laws of 1933, relating to the State highway patrol, and to provide a State-wide radio system to be used in connection with the enforcement of the criminal laws of the State," respectfully report as follows:

We have considered the House amendment offered to the Senate Bill, amending Section 2 thereof by striking out in line two of said Section 2 the words "his department" and inserting in lieu thereof the words "The Motor Vehicle Bureau of the Revenue Department" and the majority of the Conferees agree that the House recede from its amendment and that the bill as passed by the Senate be adopted and enacted into law.

Respectfully submitted,

Senate Conferees,
U. L. Spence,
A. Hall Johnston,
Arthur B. Corey,

House Conferees,
Laurie Mceachern
W. M. Sherard,
E. Hathaway Cross,
Roy L. Davis.

Upon motion of Senator Spence the Conference Report is adopted, and a message is ordered sent to the House of Representatives informing that Body of such action.

CONFERENCE REPORTS

Senator Spence for the Conferees appointed to consider the differences arising upon S. B. 82, a bill to amend Section 1, Chapter 375 of the Public Laws of 1933, relating to the rates for automobiles, trucks, truck-trailers, trailers, semi-trailers and busses, submits the following report:

To the President of the Senate and the Speaker of the House of Representatives:

We, the undersigned conferees appointed respectively on the part of the Senate and the House of Representatives to consider the difference between the House of Representatives and the Senate, on Committee Substitute for S. B. 82, entitled "A bill to be entitled An act to amend Chapter 375, Public Laws 1933, reducing license fees for private passenger motor vehicles," have considered the differences between the Senate and the House of Representatives and recommend the following:

First: That the Senate adopt the House amendment reducing from forty-five cents to forty cents for each one hundred pounds thereof, and that the committee substitute for S. B. 82, fixing the rate of taxation of private passenger vehicles at forty cents per hundred pounds in weight, and that the same be incorporated into and become a part of the bill as amended by the House.

Second: That the House recede from its amendment reducing from forty cents to thirty cents per hundred pounds in weight on all private hauler vehicles under 8,000 pounds gross weight, and that the rate now fixed for all private hauler vehicles under 8,000 pounds remain at forty cents as set out in Subsection 5, page 536, Public Laws of the Session of 1933.

Respectfully submitted,

U. L. Spence,
R. D. Johnson,
E. W. Summersill,
Conferees on the part of the Senate.
B. C. Jones,
John Hill Paylor,
A. B. Palmer,
H. J. Hatcher,
B. J. Howard,
Conferees on the part of the House.

Upon motion of Senator Spence, the report of the Conferees is adopted and a message is ordered sent to the House of Representatives informing that Body of such action.

Senator Griffin of Chowan, for the Conferees appointed to consider the differences arising upon H. B. 1189, a bill to provide for the administration and operation of a uniform system of public schools of the State for the term of eight months without the levy of an ad valorem tax therefor, submits the following report:

Honorable A. H. Graham, President of the Senate, and Honorable Robert Grady Johnson, Speaker of the House of Representatives:

The undersigned Conferees on the part of the Senate and House of Representatives, after full conference and discussion, have agreed and now recommend and report as follows:

(1) That the Senate amendment to Section 2, striking out the word "and" and inserting in lieu thereof the word "who" in line 12 be adopted.
(1½) The Senate and House Conferences agree to recommend as follows: Amend Section 2, Line 5 by adding a period after the word "Governor," and striking out the remainder of the sentence.

(2) That the Senate amendment to Section 2, line 13, to insert after the word "act" "to be approved by the State School Commission" be adopted.

(3) That the Senate amendment to Section 4, at the end of line 10 to add a new proviso as follows: "Provided, that all schools served by the same school bus or busses shall have the same opening date" be adopted.

(4) That the Senate amendment to strike out the last proviso at the end of Section 4 be adopted.

(5) That the Senate recede from its first amendment to Section 5 at the beginning of the second paragraph, and that the House and Senate agree to insert the following language: "Any district having a school population of one thousand or more for the school year 1934-1935 in which a special charter district was operated for the school year 1932-1933 may."

(6) The House concurs in the Senate amendment at the end of Section 5, reading as follows: "Provided, that nothing in this act shall be construed to prevent the State School Commission from establishing a city administrative unit in school districts which have a resort town in said district: Provided, said district had a school enrollment of not less than 500 for the school year 1934-35."

(7) The Senate recedes from its amendment to Section 6 in line 11 of the second paragraph.

(8) The House concurs in the Senate amendment to add after the word "also" and before the word "serve" the words "be elected and."

(9) The Senate recedes from its amendment in line 7, paragraph 2, in Section 6.

(10) The House concurs in the Senate amendment to strike out Section 7 and substitute in lieu thereof a new section as follows:

"At the first regular meeting during the month of May, 1935, or as soon thereafter as practical, and biennially thereafter, the county boards of education shall elect and appoint school committees for each of the several districts in their counties consisting of not less than three nor more than five persons for each school district, whose term of office shall be for two years: Provided, that in the event of death or resignation of any member of said school committee, the county board of education shall be empowered to select and appoint his or her successor to serve the remainder of the term. The said district committee shall select the teachers and principals for the schools of the districts subject to the approval of the county superintendent and the county boards of education: Provided further that the county board of education may appoint an advisory committee of three members for each school building in the said school district, who shall care for the school property, advise with the district committee in recommending teachers, and such other duties as may be defined by the county board of education."

(11) The House concurs in the Senate amendment to Section 9, line 11, adding after the word "education" the following: "in the sum of one hundred dollars to each county."

(12) The House concurs in the Senate amendment to Section 9, line 15, changing the period after the word "funds" to a comma, and adding "in accordance with the provisions of this act."

(13) The House concurs in the Senate amendments striking out after the word "economics" in line 13 of the last paragraph of Section 9 "and/or other vocational subjects supported in part from Federal Vocational Education Funds" and inserting
in lieu thereof “and trades and industrial vocational subjects supported in part from Federal Vocational Education funds.”

(14) The House concurs in the Senate amendment adding at the end of the second paragraph to Section 12, the following: “provided, that such notice shall not be required to be given in the year 1935 except within 30 days after the election of the district committees provided for in Section 7 herein.”

(15) The House concurs in the Senate amendment to Section 19, striking out all of the second paragraph and inserting in lieu thereof the following:

“When it shall appear to the State School Commission from said certified statement that any amounts are due and necessary to be paid, such amounts shall be certified to the State Superintendent, who shall draw a requisition on the State Auditor covering the same; and upon receipt of notice from the State Treasurer showing the amount placed to their credit, the only duly constituted authorities may issue State warrants in the amount so certified: Provided that no funds shall be released for payment of salaries of administrative officers of county or city units if any reports required to be filed by the State school authorities are more than 30 days overdue.”

(16) The Senate recedes from its amendment to Section 23.

(17) The House concurs in the Senate amendment to Section 24, inserting a new sentence after the word “unit” in line 12, reading as follows:

“That it shall be the duty of the administrative officer of each administrative unit to require an adequate inspection of each bus at least once each thirty days, the report or reports of which inspection shall be filed with the administrative officer. Every principal upon being advised of any defect by the bus driver shall cause a report of such defect to be made to this administrative officer immediately, whose duty it shall be to cause such defect to be remedied before such bus can be further operated.”

(18) The Senate recedes from its amendment striking out the last proviso at the end of section 24.

(19) The House concurs in the Senate amendment to strike out all of Section 24\(\frac{1}{2}\).

(20) The House concurs in the Senate amendment to Section 31 in line 8 of the second paragraph striking out the words “specific legislation” and substituting in lieu thereof “the provisions of this act.”

(21) The House concurs in the Senate amendment adding a new sentence at the beginning of Section 32 and before the word “If” to read as follows: “All public, public-local, or private laws and clauses of laws in conflict with this act, to the extent of such conflict only, are hereby repealed.”

Respectfully submitted,

L. E. Griffin,
W. P. Horton,
Ralph Ramsey,
Conferees on the part of the Senate.

R. G. Harris,
J. W. Bean,
Hugh G. Horton,

A Resolution Providing for Adjournment of the Senate in Honor of the Halifax Resolution April 12, 1776.

Whereas, the Provincial Congress which met at Halifax, in this State, in April, 1776, after providing for the military organization of the State, did, on the 12th day of April, 1776, adopt the following resolution, generally known as the "Halifax Resolution," to wit:

"Resolved, that the delegates for this colony in the Continental Congress be empowered to concur with the delegates of the other colonies in declaring independency, and forming foreign alliances, reserving to this Colony the sole and exclusive right of forming a constitution and laws for this Colony, and of appointing delegates from time to time (under the direction of a general representation thereof) to meet the delegates of other Colonies for such purposes as shall be hereafter pointed out."

And

Whereas, said resolution is the first declaration in favor of independence by the people of any American Colony, through their duly authorized representatives and was adopted more than two months before the Declaration of Independence by the Continental Congress; and

Whereas, an occurrence so momentous in the history of our State and Nation, and so illustrative of the patriotism and wisdom of the whole people of North Carolina, should be commemorated; and

Whereas, by act of the General Assembly of 1909, the 12th of April was made a legal holiday;

Now, Therefore, be it Resolved:

Section 1. That when the Senate adjourns on this Friday, the 12th day of April, 1935, it do adjourn in honor of the Halifax Resolution of April 12, 1776.

Section 2. That this resolution shall be in full force and effect from and after its ratification.

A Resolution to Commemorate the Birth of Abraham Lincoln.

Whereas, this the 12th day of February, 1935, commemorates the one hundred and twenty-sixth anniversary of the birth of Abraham Lincoln, the sixteenth President of the United States, we, the State Senate of North Carolina, duly assemble and hereby adopt the following resolution:

1. We recognize the hardships and achievement of his early youth and recommend his autobiography to the youth of this State. We recognize in him the preserver of the American Union and repeat in the words of Colonel Watterson on the Lincoln Centenary celebration, the following: "Only a little while and there will not be a man living who saw service on either side of that great struggle. Its passions long ago faded from many bosoms. Meanwhile it is required of no one, whichever flag he served under, that he make renunciations dishonoring himself. Each may leave to posterity the casting of the balance between antagonistic schools of thought and opposing camps in action, wherein both the essentials of fidelity and courage were so amply met. Nor is it the part of wisdom to regret a tale that is told. The issues that evoked the strife of sections are dead issues. The conflict which was thought to be irreconcilable and was certainly inevitable, ended more than forty years ago. It was fought to its conclusion by fearless and upright men. To some the result was logical; to others it was disappointing; to all it was final."

2. Today, in 1935, we are glad that the prejudices of the Civil War are passed, and even in the hearts of the most loyal Southerner we glory in a united nation, and are happy that never again, since Lincoln lived and died, has an innocent man worn a chain of slavery on his foot on this vast continent; since he lived, worked, and was slain, all men to whom God has given the gift of life are here born free.
Resolution to Order a State Flag, Made by the Sixth Grade of the Venable School of the City of Asheville, Placed in the Hall of History.

The General Assembly of North Carolina do enact:

Section 1. That Whereas, the sixth grade of the Venable School of the city of Asheville has made a State Flag and has sent same to the Senator from Buncombe to be exhibited to the Senate; And, Whereas, it is the desire of the Senator from Buncombe that same may be exhibited to the Senate and by the Senate ordered placed in the Hall of History of the State.

Now, Therefore, be it resolved:

That permission be given to the Senator from Buncombe to exhibit the Flag, made by said sixth grade of the Venable School of Asheville, N. C., to the Senate and that the Principal Clerk of the Senate deliver said flag to the custodian of the Hall of History of the State of North Carolina to be preserved therein.

Section 2. This act shall be in full force and effect from and after its ratification.

A Senate Resolution of Appreciation Accepting a Bell and Gavel from Robert Edward Simpson, a Citizen of North Carolina.

Whereas, Robert Edward Simpson, a native son of North Carolina, and representing the finest development of her manhood, having presented to the Senate a walnut Gavel, carved from one of the first cross ties ever used in a railroad over one hundred miles in length, extending from Charleston to Hamburg, South Carolina and placed in said road bed in 1829; and

Whereas, at the same time and occasion, Robert Edward Simpson, having presented to the Senate of North Carolina a beautiful brass Bell, taken from the first locomotive built in America for actual service in Charleston, South Carolina, in 1830, and called “Best Friend,” and used in the South Carolina Canal and Railroad System, being at that time the longest railroad in the world, one hundred and thirty-six miles in length. This railroad was also the first American railroad to transport the mail, and also constructed for the use of steam motor power; and

Whereas, the State Senate, wishing to express its appreciation to Robert Edward Simpson for the thoughtfulness and for the usefulness of the gift of the historic Bell and Gavel above described;

Now, Therefore, be it Resolved by the Senate:

1. That the Senate accept the Bell and the Gavel from the hands of Robert Edward Simpson, and that both be used in this and future Sessions of the Senate.

2. That the Senate express its thanks and appreciation for the above gifts and that a copy of this resolution be transcribed in the Journals of this General Assembly, and that a copy of the same be sent to the donor, Robert Edward Simpson.

3. That this resolution shall be in full force and effect from and after its ratification.

Resolution to Adjourn in Honor of Admiral George Dewey.

Whereas, on May 1, 1898, the Asiatic Squadron of the United States Navy, under the command of Admiral George Dewey, engaged the Spanish fleet in Manila Bay, and

Whereas, the said Spanish fleet was entirely destroyed and Admiral George Dewey was proclaimed the “Hero of Manila Bay” in recognition of his able leadership in said engagement;

Now, Therefore, be it Resolved:

That when the Senate adjourns that it do adjourn in honor of Admiral George Dewey.
REPORT OF THE COMMITTEE APPOINTED TO INVESTIGATE THE MANAGEMENT OF THE
STATE HOSPITAL FOR THE INSANE AT MORGANTON

To the Honorable Senate and the Honorable House of Representatives of the
General Assembly of the State of North Carolina.

Pursuant to Joint Resolution number 29, for the investigation of the management
of the State Hospital at Morganton, which was adopted by the General Assembly of
1935, and ratified on the 11th day of March, 1935, a committee was appointed by
the President of the Senate were Senators J. T. Burrus of the county of Guilford,
and J. Ray Shute of the county of Union; members appointed by the Speaker of
the House of Representatives were, Representatives F. E. Thomas of the county of
Anson, W. Wiley Andrews of the county of Wayne, and Robert H. Rouse of the
county of Lenoir.

The full Joint Committee met in the city of Morganton on the morning of March
29, Senator J. T. Burrus being duly elected Chairman of the Investigating Commit-
tee. Arrangements were made for the taking of testimony of the witnesses at the
Caldwell Hotel, and at the State Hospital for the Insane in the city of Morganton,
and immediately after convening, the Committee began its investigating by exam-
in ing witnesses. The witnesses had theretofore been subpoenaed and each testified
under oath. There were approximately one hundred and fifty witnesses examined
on behalf of the proponents and complainants and on behalf of the respondent,
the taking of the testimony lasting three days. A transcript of the evidence is filed
herewith in support of the findings by and recommendations of the Committee.

The Committee made a personal inspection of the Hospital and conditions sur-
rounding the same as they affect the patients and personnel, and particularly in-
pected and personally examined those matters that were brought to its attention
and about which complaints had been made.

As a result of its investigation, the Committee begs leave to submit herewith its
findings, as follows:

I. The State Hospital at Morganton has been the subject of much criticism in
the State, due to its inability to satisfy the many demands made upon it. These
various criticisms may be classified as being:

A. From patients in the institution who feel that:

1. They do not receive the proper diet, which the committee finds is due to the
inadequate funds appropriated by the State for that purpose. (Eight cents per
patient per day);

2. They do not receive adequate medical attention, which the committee finds
is due to the fact that the medical staff is entirely too small to attend properly to
the needs of the patients. (There being four doctors for more than two thousand
patients, an average of more than five hundred patients per doctor);

3. They do not receive proper attention from nurses and attendants, which the
committee finds is due to the fact that there are only one hundred, twelve nurses
and attendants to care for more than two thousand patients. (This being an aver-
age of eighteen patients per nurse or attendant per twenty-four hours, and this
average is many times greater in some wards; and

4. They are neglected to the extent that they are not permitted to get out in
the open as often as they would like, and in other ways, which the committee finds
is due to the insufficient number of nurses and attendants.
B. From nurses and attendants employed by the institution who feel that:

1. They have to work fifteen hours per day, which the committee finds is now remedied by a new Legislative enactment which will reduce the number of working hours per day to twelve;

2. They do not receive sufficient remuneration for their services, which the committee finds will be remedied by the proposed increase in their salaries as contained in the Appropriation Bill;

3. They do not have suitable social and recreational facilities, which the committee finds is due to the fact that the recreational hall is now closed and not in use, and that little provision has been made for social activities, and were the hall open, it is inadequate; and

4. They endure hardships in removing corpses from various wards from their place of demise to the death room, which the committee finds is due to inadequate means of conveyance, and to steam pipes, over which they are compelled to go in the course of removal of bodies, which is to be remedied by proper sheltering of said pipes and securing of rolling stretchers.

C. From the doctors on the staff of the institution who feel that:

1. There should be more professional assistance to the end that the patients may receive more attention from the doctors on the staff of the hospital;

2. Facilities for the practice of surgery are inadequate, which the committee finds is due to the lack of equipment in the operating room and the need of a better plan for operations;

3. There is a need for a full time dentist at the institution, that the dental treatment of patients may be the better facilitated, which the committee finds could be economically provided for, in that there is certain dental equipment already available at the institution; and;

4. They need additional equipment and an eye, ear, nose and throat specialist at the institution, which the committee finds to be the case, as many of the patients suffer from the lack of same.

D. From the Board of Trustees of the Institution who feel that:

1. Too many families criticized the management of the institution for not receiving therein inebriates and similar types, on which the committee reports that such cases should be entered at the State Institution at Raleigh, where such cases are cared for, and not at Morganton;

2. In far too many instances families and relatives of patients in the institution felt that after the patients come to the institution their duty to them ceases, which the committee finds is responsible for much unhappiness on the part of the patients;

3. The main building is not fireproof and human life is greatly endangered thereby, which the committee finds is true, and the average patient in the hospital would be unable to escape injury in case of fire by the use of fire escapes; and

4. The heating and plumbing systems of the hospital are inadequate and obsolete and in need of immediate repair and replacement.

E. From various Clerks of Court who feel that:

1. There is far too often trouble in getting patients from their counties entered into the institution, which the committee finds is due to the lack of sufficient facilities for caring for the increasing number of patients sent to or applying for admission into the hospital;
2. Far too many accounts payable to the institution are not being collected and the State thereby is losing much revenue, which the committee finds is due to the lack of contact and cooperation between the collecting department of the institution and the Clerks of Court; and;

3. There is a lack of follow-up in the matter of collections from estates and guardianships of patients and former patients.

F. From groups of outstanding citizens who appeared before the committee, who feel that;

1. The institution is merely a keeper of the wards entrusted to its care, rather than an institution that is giving medical and surgical treatment to the patients, which the committee finds is due to the lack of funds appropriated by the State, which could be so increased as to give more doctors, equipment and nurses and attendants, to the end that this could be remedied; and

2. Much work needs to be done in connection with proper recreation for patients, nurses, attendants and doctors.

II. By way of remedying the existing conditions at the State Hospital at Morganton, and attempting to cause a better functioning of the institution, the committee respectfully recommends that:

A. Four additional doctors be added to the Medical Staff of the institution at a salary of two hundred dollars ($200.00) per month each, minimum;

B. The recreational hall at the institution be reopened, and that social and recreational welfare of patients, doctors, nurses and attendants be constantly borne in mind and encouraged by the Management and the Board of Trustees;

C. All exposed steam pipes in the avenue of travel by nurses and attendants be properly insulated, so as to eliminate the possibility of personal injury in crossing same.

D. At least one rolling stretcher be purchased for the removal of corpses, at a cost not to exceed two hundred, fifty dollars ($250.00);

E. Seven thousand, five hundred dollars ($7,500.00) be appropriated to equip the operating room at the hospital to the end that surgical operations may be performed under more favorable circumstances;

F. The Board of Trustees of the hospital select a visiting Surgical Staff, who shall receive no fee for professional services, but who shall be allowed mileage and special nurse hire when employed in surgical operations at the hospital;

G. An appropriation of one thousand, eight hundred dollars ($1,800.00) per year be made for a full time dentist for the institution may be better cared for;

H. An appropriation of two thousand, five hundred dollars ($2,500.00) be made for dental equipment, which shall include a movable X-ray unit;

I. That an appropriation of four thousand dollars ($4,000.00) per year be made for an eye, ear, nose and throat specialist, whose time shall be divided between the institutions at Morganton, Goldsboro and Raleigh and which appropriation shall cover traveling expenses;

J. An appropriation of ten thousand dollars ($10,000.00) be made available immediately for improvements and equipment in heating and plumbing, although, the committee finds that one hundred thousand dollars ($100,000.00) needs to be spent in this work, which should include the fireproofing of buildings;
K. The Steward of the hospital be required to send each year to the Clerks of Court of the various counties, a list of the patients in the institution from the county to which he sends said list, to the end that the Clerks may constantly check the estates, etc., of patients and assist in the collection of accounts; also, that guardianships be checked and the interest of the State protected;

L. The present Superintendent be retained as such, and as Chief of the Medical Staff, under the supervision of the Board of Trustees;

M. The Superintendent should be commended for his untiring and dutiful attention to duty in the management of this hospital, and that the Board of Trustees of this hospital have been diligent to their duty, and have given to this institution unstintedly their best attention and consideration of all matters.

N. An appropriation of three thousand, six hundred dollars ($3,600.00) per year be made for a Business Manager of the State Hospital at Morganton, who shall be the business head of the institution, under the supervision of the Superintendent of the Hospital and the Board of Trustees;

O. If possible, the salaries of the employees of the institution be increased beyond the percentage prescribed in the proposed Appropriation Bill, and that just as soon as possible the hours of the employees be lowered from the now prescribed twelve hours per day maximum;

P. Two thousand, five hundred dollars ($2,500.00) be appropriated for the construction of a cafeteria for nurses and attendants;

Q. The number of attendants, both male and female, should be increased one hundred per cent.

R. Each ward and cottage should have an enclosure available at all times for patients, that they might have fresh air and sunshine.

S. The evidence secured at, and in connection with, the Special Investigation held at Morganton, be filed with the Secretary of State as an unprinted auxiliary to this report.

Respectfully submitted,

J. T. Burrus, Chairman.
J. Ray Shute,
F. E. Thomas,
W. W. Andrews,
R. R. Rouse.
