SENATE JOURNAL
FIRST SESSION 1985
FIRST DAY

SENATE CHAMBER,
Tuesday, February 5, 1985.

In accordance with law, as set forth in the Constitution of the State of North Carolina and G. S. 120-11.1 and Chapter 949 of the Session Laws of the 1983 General Assembly, the Senate of the General Assembly of North Carolina assembles this day, at the hour of 12 M., in the Senate Chamber of the Legislative Building in the City of Raleigh.

The Honorable Robert B. Jordan III, Lieutenant Governor, calls the Senate to order.

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain and Minister of White Plains United Methodist Church, Cary, North Carolina, as follows:

"O God of Justice, we thank Thee for all those men and women who have governed with integrity and compassion in all lands throughout the generations; and we pray this day for the leaders of our Nation and our State, that they may not yield to the pressure of special interest groups; but that they may instead, work for the fulfillment of the American dream, so that ours may indeed become 'a nation under God with liberty and justice for all.'

"O God of Love, deliver us from hardness of heart, and give to us a love for Thee and a love for one another. Inspire us to love our neighbor as we love ourselves; and give us grace to love even those who have misused us. It is so much easier to hold grudges than to forgive; and we are tempted not to be loving, lest others think us soft and impractical; but grant, we pray Thee: that love may become the hallmark of our personal lives; that love may characterize all our interpersonal relationships; that love, patience, and understanding may prevail in this Chamber; and that love may grow and flourish in the heart of each resident of our State.

"O God of compassion, we pray for Thy special blessing this day, upon the Lieutenant Governor of our fair State, and upon the members of the North Carolina Senate. Be with the Lieutenant Governor, that he may preside with honor and fairness over the affairs of this Chamber; and be with the members of this Body, that they may be sensitive to the needs of all the citizens of our State, and may enact laws which promote the well-being of all—rich and poor, young and old, male and female.

"All this we ask in the Name of Him who calls us to be apostles of justice, love, and compassion. Amen."

Led by the Lieutenant Governor, the Senators-elect and distinguished guests remain standing, and pledge their allegiance to the United States of America.

The Chair directs the Reading Clerk of the 1983 Session to call the roll and the following Senators-elect appear with the proper certificates of election:

February 5, 1985
Those present take and subscribe to the following oath of office, which is administered by the Honorable J. William Copeland, former Associate Justice of the Supreme Court of North Carolina:

"I do solemnly swear or affirm that I will support and maintain the Constitution and laws of the United States; and I do solemnly and sincerely swear or affirm that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; and that I will endeavor to support, maintain, and defend the Constitution and laws of said State, not inconsistent with the Constitution of the United States, to the best of my knowledge and ability; and I do solemnly and sincerely swear or affirm that I will faithfully discharge my duties as a member of the Senate of the 1985 General Assembly of the State of North Carolina to the best of my skill and ability, according to law, so help me, God."

To which oath each Senator answers, "I do."

The President declares a quorum of the Senate present.

REMARKS BY LIEUTENANT GOVERNOR ROBERT B. JORDAN III

"Congratulations! Your taking the oath of office and the convening of this the 136th Session of the North Carolina Senate is an important milestone in your lives and in that of this great State. As the 29th Lieutenant Governor, I welcome this opportunity to serve with you.

"I want to recognize and welcome the families and guests of the members of the Senate. These Senators are here today because of your strong support, and they will need your
support even more in the days and weeks ahead as they deliberate the many important issues that will come before this Body.

"I also recognize and welcome our other distinguished guests—members of the Council of State, the Judiciary, representatives of the Executive Branch, and visitors.

"This is a very special day for me, and I especially want to recognize my wife, Sarah, my children, other members of my family, and friends, and to thank them for their confidence and support and most importantly for their love.

"To stand here before this distinguished body is an humbling experience. I am reminded of those who have preceded me in the Office of Lieutenant Governor and of the contributions that they and the members of the Senate have made to this great State.

"We can be proud of North Carolina’s momentum. We have made gains in microelectronics, biotechnology, and new jobs. We can be proud of North Carolina’s attractiveness as a place to live and to retire. We can be proud of the steps taken to improve education, of the efforts to help the elderly and those who cannot care for themselves. We can be proud of North Carolina’s history of frugal and responsive government.

"Now the opportunity and the responsibility has been passed to us. I am certain that every Senate, every General Assembly, every administration has felt its time to be unique—its problems, the most difficult—its opportunities for service, the greatest.

"Certainly this is an exciting time, a tremendously important time for North Carolina. The people of our State have many needs in education, in health care, in highways. Our State has needs to develop economically, to provide more and better job opportunities, to maintain its environment.

"The first priority must be—our children. They are the future. We must see to their care and well-being. We must provide every child with ‘equal opportunity’ to education regardless of where he or she lives in our State.

"Unfortunately, there is not enough money to do all we would like to do. Although the budget approved this Session will total around $16 billion, your deliberations must assure that it is utilized where it will do the most good for the most people without waste and without duplication.

"This State’s ability to provide for its future needs is dependent on its economic development. We must look for ways to encourage sound economic development without penalizing local governments, and without depriving citizens of the basic needs of life.

"The citizens of North Carolina have elected us to chart a sound and enduring course for the State as it moves into the closing years of this century. We must build upon past accomplishments, and we must utilize the available resources to the fullest as we chart the course for the future.

"It has been said that ‘coming together, as we have done today, is a beginning. Keeping together is progress. Working together is success.’ I pledge to you today a willingness to work together with you, with the House of Representatives, with the Administration to do the best possible job for North Carolina.

February 5, 1985
"I pledge to you an open Senate. Each of you will have the opportunity to be heard and to participate fully in the deliberations. The number of committees has been reduced to avoid as many conflicts in schedules as possible, and to allow more time for members to study issues.

"I am committed to working with you in cooperation with Speaker Ramsey and the members of the House, and with Governor Martin and his administration. This is not to say that we will not have differences, we will. But I will work diligently to seek positive solutions that are in the best interest of the people of the State.

"All of us—Senators and Representatives, Democrats and Republicans—must remember that our first responsibility is to serve the people of this great State. We asked for the opportunity, but it was the people who have given us their trust. We must uphold their faith in us, and with God's guidance, we will.

"I look forward to working with each of you this Session."

The President announces the Senate is ready to proceed with election of officers.

**APPOINTMENT OF COMMITTEES**

The President announces appointments to the standing committees, as follows:

**RULES AND OPERATION OF THE SENATE COMMITTEE:** Senators Harrington (Chairman), Barnes, Royall (Vice-Chairmen), Hardison, Hipps, Kincaid, Plyler, Rand, Rauch, Redman, Swain, Thomas of Craven, Walker, Ward, Warren, Winner, and Woodard.

The President charges the Committee, as follows:

"Senator Harrington and members of the Committee:

"It is my sincere desire that the rules governing the operation of this Senate be structured so as to make us efficient as well as fair to all members who have been duly elected by their constituents. It will be your duty to monitor the operation of this Senate and to propose modifications to our rules when you determine that such are necessary for efficiency and fairness.

"I know that you and your Committee will carry out this assignment for the benefit of this Senate and the people of this State."

**AGRICULTURE COMMITTEE:** Senators Speed (Chairman), Hipps, Taft, Warren (Vice-Chairmen), Barnes, Ezzell, Jordan, McDuffie, Martin of Pitt, Parnell, Plyler, Price, Redman, Shaw, Soles, and Thomas of Craven.

The President charges the Committee as follows:

"Senator Speed and members of the Committee:

"North Carolina's number one industry continues to be agriculture. Our farmers are involved in the production of food and fiber used all over the world, but there are new and challenging issues which face this industry. We must find additional and expanding markets for our products. We must make use of state of the art technology while paying careful attention to soil conservation and protecting the small family farm which has a rich tradition in this State. We must be particularly sensitive to the concerns of tobacco farmers who will be facing difficult challenges in the years ahead.

"I appreciate your willingness to assume and discharge this important work."

February 5, 1985
APPROPRIATIONS COMMITTEE: Senators Plyler (Chairman), Hardison, Royall, Walker, Warren (Vice-Chairmen), Ballenger, Barnes, Basnight, Cobb, Conder, Ezzell, Goldston, Guy, Harrington, Harris, Hipps, Hunt of Durham, Johnson of Cabarrus, Johnson of Wake, Kincaid, Martin of Guilford, Martin of Pitt, Marvin, Parnell, Rand, Simpson, Speed, Swain, Taft, Tally, Thomas of Craven, Thomas of Henderson, Ward, Watt, Winner, and Woodard.

APPROPRIATIONS ON EDUCATION COMMITTEE: Senators Ward (Chairman), Winner (Vice-Chairman), Goldston, Martin of Guilford, Simpson, and Tally.

APPROPRIATIONS ON GENERAL GOVERNMENT COMMITTEE: Senators Woodard (Chairman), Thomas of Henderson (Vice-Chairman), Conder, Ezzell, Hunt of Durham, Johnson of Cabarrus, and Speed.

APPROPRIATIONS ON HUMAN RESOURCES COMMITTEE: Senators Walker (Chairman), Harris (Vice-Chairman), Ballenger, Harrington, Marvin, and Watt.

APPROPRIATIONS ON JUSTICE AND PUBLIC SAFETY COMMITTEE: Senators Parnell (Chairman), Swain (Vice-Chairman), Barnes, Cobb, Hipps, and Taft.

APPROPRIATIONS ON NATURAL AND ECONOMIC RESOURCES COMMITTEE: Senators Thomas of Craven (Chairman), Martin of Pitt (Vice-Chairman), Basnight, Guy, Johnson of Wake, and Kincaid.

BASE BUDGET COMMITTEE: Senator Rand (Chairman).
(All members of Appropriations Committee are also members of the Base Budget Committee)

The President charges the Committees as follows:

"Senators Plyler and Rand:

"Senators Ward, Woodard, Walker, Parnell, and Joe Thomas:

"The work of the Advisory Budget Commission will soon be before you in the form of the recommended budget for the 1985-1987 biennium.

"As this legislation is introduced, it will be your duty to examine it carefully to determine whether each proposal is a wise expenditure of State funds. It will be your duty to take a hard look at the base budget to determine if there are ways to better utilize our resources. There will be significant reductions in federal funds available to North Carolinians for programs traditionally funded by Congress. It will be your duty to determine if these funds can and should be replaced by State revenues.

"I am particularly concerned that your committees pay special attention to the needs of our children, our elderly and those less able to take care of themselves. Be especially attentive to the educational needs of children and adults. The infrastructure needs of our State as well as the utilization of biotechnology in North Carolina deserve your thoughtful consideration. Give special attention to the immediate needs of local governments and the State mandates that offer no monies to provide services. Each of the five subject-matter Appropriations Committees will sit first as a Base Budget Committee, under Senator Rand, to review continuation requests and to eliminate unnecessary expenditures.

February 5, 1985
Following the review of continuation requests, each Committee will be reconstituted as an Appropriations Committee under Senator Plyler to consider expansion proposals to provide services to meet the needs of our citizens, which have not been adequately met in the past.

"The people of North Carolina are depending on you to make certain they get the very best in government services for the very least amount of their tax money. You have my confidence and gratitude for your willingness to assume and discharge these tasks so vital to the people of this State."

CHILDREN AND YOUTH COMMITTEE: Senators Hipps (Chairman), Ballenger, Marvin (Vice-Chairmen), Barnes, Harrington, Harris, Johnson of Cabarrus, Kaplan, Martin of Guilford, Redman, Royall, Taft, Tally, Walker, Ward, and Woodard.

The President charges the Committee as follows:

"Senator Hipps and members of the Committee:

"Children are our most precious resource. With the adoption of the temporary rules, you have authorized the establishment of a new committee of the Senate to deal with issues affecting children and youth.

"In past years, legislation on these matters was spread over several committees. It is my intention to bring these issues into one committee to enable its members to develop an expertise on subjects affecting young people.

"Among the important issues which you will be addressing are child care, child support enforcement, abuse and neglect, child health, juvenile justice, permanency planning for children without a home, and missing children legislation.

"I am confident that this Committee will make a very positive mark on the lives of children and youth in North Carolina."

COMMERCE COMMITTEE: Senators Hardison (Chairman), Guy (Vice-Chairman), Ballenger, Cobb, Goldston, Harrington, Harris, Johnson of Wake, Martin of Pitt, Parnell, Plyler, Rauch, Redman, Royall, Smith, Soles, Staton, Watt, and Woodard.

The President charges the Committee as follows:

"Senator Hardison and members of the Committee:

"Providing the proper balance in the relationship between commerce and consumers is a constant and continuing challenge.

"This Committee will be receiving legislation dealing with financial institutions, public utilities and small business. Like all other North Carolina citizens, you are consumers and are directly affected by legislation in these areas. Yours is therefore a heavy responsibility which I am confident you will faithfully discharge.

"Your duty is to be mindful of the concerns of the business community. You will have to look at the effect the reciprocal interstate banking legislation is having on our financial institutions. It is imperative that when considering utilities legislation, you consider the impact that legislation will have on the availability of the services provided by these utilities for our citizens in the decades to come.

February 5, 1985
"You must encourage the development of our small businesses and foster an entrepreneurial spirit in North Carolina both for those businesses which are dependent on technology and those which are not.

"You will have broad responsibilities in the area of commerce not placed before under one committee. I appreciate your dedication and willingness to serve North Carolina in this way."

EDUCATION COMMITTEE: Senators Winner (Chairman), Ward, Warren (Vice-Chairmen), Basnight, Conder, Hipps, Hunt of Durham, Hunt of Moore, Jordan, McDuffie, Martin of Pitt, Martin of Guilford, Marvin, Sawyer, Simpson, Speed, Taft, Tally, and Wright.

The President charges the Committee as follows:

"Senator Winner and members of the Committee:

"The education of our children is the single most important investment we, as a State, make and so it is fitting and right that we invest more of our resources into education than in any other single area of our budget.

"Past sessions of this General Assembly have mandated that the State Board of Education along with the Department of Public Instruction make proposals to this 1985 Session. You will have those as well as other proposals before you for your consideration. It is my charge to you to continue with the development of a basic education program which ensures that every child will have an equal opportunity to reach his and her full potential as a contributing member of our society.

"Like many of the committees charged, this Committee will spend long hours in its efforts and I am grateful to you and confident that you will discharge this work to the very best of your ability.

"Much of what will be remembered about the 1985 Legislature will come from the work of this Committee."

ELECTION LAWS COMMITTEE: Senators Kaplan (Chairman), Smith, Watt (Vice Chairmen), Cobb, Ezzell, Johnson of Wake, Parnell, Plyler, Price, Rauch, and Swain.

The President charges the Committee as follows:

"Senator Kaplan and members of the Committee:

"As our State's population continues to grow and voting technology advances, we must be mindful of our obligation to have election laws which will provide every opportunity to encourage our citizens to exercise their constitutional privilege to vote.

"There have been many recent changes in both the federal and the State election laws. Many of our State laws in this area need refinement and it will be your duty to ensure that proposals which accomplish that are sent to the floor of the Senate.

"Yours is an important task and I have every confidence that you will perform it well."

FINANCE COMMITTEE: Senators Rauch, Thomas of Henderson (Co-Chairmen), Staton, Winner (Vice-Chairmen), Guy, Hardison, Harrington, Harris, Hunt of Moore,

The President charges the Committee as follows:

"Senators Rauch and Thomas and members of the Committee:

"Our citizens want fair and equitable taxes. The Finance Committee has the duty of making sure adequate resources are available to support the essential services of the State. This year there will be a number of proposals to reduce taxes and some proposals to change the way North Carolina finances the business of the State.

"I believe money will be available to grant some tax relief, but we cannot consider tax cuts in a vacuum. They must be weighed in conjunction with the demands for services, the effects of the federal budget cuts, and the economic conditions of the State.

"Many of you have already been at work as members of study commissions which have been active between the sessions, looking at revenue laws and amendments to existing laws. You will need to give careful consideration to those and any other tax modification proposals.

"The choices are there, and you must provide for the Senate the best legislation for the citizens of North Carolina."

**HIGHER EDUCATION COMMITTEE:** Senators Martin of Guilford (Chairman), Cobb, Tally (Vice-Chairmen), Conder, Goldston, Hunt of Durham, Rauch, Royall, Sawyer, Smith, Staton, and Woodard.

"Senator Martin and members of the Committee:

"North Carolina has a higher education system that it can be proud of. Our future economic growth depends on keeping this system strong and responsive.

"I have and intend to continue to devote a considerable amount of my time and energy to improving our primary, secondary and higher education programs. We need to forge better communication among the various education agencies in making sure that resources are shared in a way that is the most beneficial to all of our citizens.

"Our higher education system must properly prepare our students, we must retrain our work force to meet the changing demands of our national and State economy.

"I have confidence in the ability of this Committee to help the Senate in its work."

**HUMAN RESOURCES COMMITTEE:** Senators Harris (Chairman), Redman, Walker (Vice-Chairmen), Ballenger, Hardison, Harrington, Hunt of Moore, Martin of Guilford, Marvin, Royall, Taft, Thomas of Henderson, Ward, Warren, and Watt.

The President charges the Committee as follows:

"Senator Harris and members of the Committee:

"Our dwindling tax revenues might make us forget those who truly depend on the vital services the State provides. Our sense of responsibility, and of compassion, compel us not to do that. There are many in this State who cannot do for themselves, and it is up to all of us who can to insure that they get the help they need.

February 5, 1985
“Most of you have served on this Committee before and are familiar with many of the issues which will confront you. There will, however, be new concerns which will merit your careful consideration.

“I am confident in the ability and willingness of all members of this Committee to assume and discharge this vital work.”

**INSURANCE COMMITTEE:** Senators Johnson of Wake (Chairman), Kincaid (Vice-Chairman), Ballenger, Hardison, Parnell, Rand, Smith, Soles, and Staton.

The President charges the Committee as follows:

“Senator Johnson and members of the Committee:

“Issues involving the rates, coverages, and types of insurance available to our citizens are among the most controversial matters traditionally considered by the General Assembly. You will be asked to carefully examine proposed legislation to insure that the insurance laws are structured to maximize both availability of coverages and fairness to consumers.

“Yours will not be an easy task because insurance is a complicated subject. I am grateful that you have agreed to undertake this task and am confident you will perform it to the best of your abilities.”

**JUDICIARY I COMMITTEE:** Senators Barnes (Chairman), Hipps (Vice-Chairman), Johnson of Cabarrus, Price, Sawyer, Tally, Warren, and Watt.

**JUDICIARY II COMMITTEE:** Senators Staton (Chairman), Martin of Guilford (Vice-Chairman), Ezzell, Hunt of Moore, Kaplan, Simpson, Woodard, and Wright.

**JUDICIARY III COMMITTEE:** Senators Swain (Chairman), Johnson of Wake (Vice-Chairman), Harris, Kincaid, Marvin, Somers, Taft, and Thomas of Henderson.

**JUDICIARY IV COMMITTEE:** Senators Soles (Chairman), Rand (Vice-Chairman), Ballenger, Cobb, Goldston, Parnell, Royall, and Winner.

The President charges the Committee as follows:

“Senators Barnes, Staton, Swain and Soles and members of all four Judiciary Committees:

“This Senate has been delegated heavy responsibilities by the Constitution of our State. "O God of the Family, we thank Thee for the love and security which we experienced in our families as children and youth; we thank Thee for the joys which we have experienced with our spouses and children through the years; and we thank Thee for the excitement which we shared with our families in yesterday's opening festivities.

"O God of Patience, we acknowledge that we in this Chamber are a family, working for the good of all the families of our State. Sometimes however, we are tempted; we fuss and pout like little children — each wanting his own way, each flexing his muscles, and each saying, 'my dad is stronger than your dad.' Be patient with us, and give us patience with one another.

"O God of Integrity, we thank Thee for the President of this Body, and for his fair and representative committee assignments which give all of us — veterans and freshmen,
Democrats and Republicans, a chance for involvement and leadership; and we pray that we may each work with integrity, open-mindedness, and diligence on our assigned committees — for the enrichment of life for each family in our State.

"O God of Love, as we assume the demanding responsibilities that lie before us in this Session of the General Assembly, give to us a commitment to our sacred task as elected officials of the people; but deliver us from the temptation to neglect our own families while seeking to serve the families of our District. Help us to faithfully fulfill our sacred responsibilities as husbands, fathers, wives, and mothers; and as we deal with complicated issues and face pressure from many sides on all major issues, give to us the blessing of loving, understanding, and supportive families.

"And we shall be careful to give Thee the praise and the glory. Amen."

"Be with the President of the United States, the members of Congress, the Justices of the United States Supreme Court, and all federal officials that they may promote justice, brotherhood, and peace in our own land, and among all races and nationalities on the face of the earth.

"Be with the Governor, the Lieutenant Governor, the Council of State, the members of the North Carolina Supreme Court, the members of the North Carolina General Assembly, and all State officials and employees, that they may be advocates of justice and opportunity for all the citizens of our State.

"As we begin to debate the State budget, and as we begin to deliberate the hundreds of bills that will be introduced into this Session of the Senate, give us a sense of fiscal responsibility; and yet also make us responsive to the genuine needs of individuals. Make us sensitive we pray Thee, not only to the needs of those groups who can afford lobbyists to promote their cause, but make us sensitive also to the needs of children, youth, migrant workers, members of ethnic minorities, the poor, and the aged — who may have no one to champion their needs.

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"Almighty God, as we observe this day which Christians call Ash Wednesday, we acknowledge that our sins are such as sent Jesus to the cross.

"All of us have at one time or another given in to mob psychology and allowed the innocent to suffer and be crucified, so that our friends or associates, like Barabbas, might go free.

"All of us—preachers, politicians, and lay people—like Pilate, have tried, at some point in our life, to wash our hands of a politically sensitive issue, and refused to take the position we know we should have taken, because we were afraid that the crowd or our party members might riot and turn against us.

"All of us, like the soldiers, have sometimes given in to the temptation to kick a man when he was down. We have all—ministers and laymen—mocked those whose opinions or beliefs differed from our own, instead of seeking to understand them. Each of us has at some point inflicted unnecessary pain on those over whom we had control—placing a crown of thorns on the head of persons who had already experienced more than their fair share of pain and suffering.

"O God of Mercy, we come to Thee in sackcloth and ashes, like the prophets of old, and pray for Thy forgiveness.

"Forgive us for all our sins of omission and commission; renew a right spirit within; and give us grace to live a life of love, tenderness, and compassion—in a world that is often hard and cruel. Amen."

"And above all, help us not to forget who You are, and who we are: a people under God entrusted with the privilege and responsibility of pursuing life, liberty, and justice for all. Amen."

name is to be praised. You are high above all of this land and Your glory above the heavens. We give thanks to You, O God, for You are good and Your steadfast love lasts forever. Praise be the name of the Lord, our God.

"O God, we confess our shortcomings, our failures in judgment and action, and our unfaithfulness to our calling to be righteous citizens of Your Kingdom. Forgive us and restore within us right hearts and by Your Grace have patience with us as we strive ever so slowly toward Your perfection.

"We commend to You this State, its leaders, and its people, its many races, its rich, its poor, its young and its old. Build in this State not only a prosperity of riches but a prosperity of spirit and give its people health, joy, safety, and peace. Raise up the poor and the deprived from the dust of poverty; lift up the needy, the distressed, the forgotten from their misery, and make places for them to sit with the princes of Your people. Inspire our citizens to compassion for those who suffer from loneliness, neglect, and indignity. Put within us hearts of charity and equity for all of our neighbors.

"We pray, O Blessed God, for those men and women who are entrusted with offices of leadership in this State. We pray for our Governor, the Honorable James G. Martin, for our Lieutenant Governor, the Honorable Robert B. Jordan III, and all who sit as members of this Legislative Body. Direct them in their way and give them wisdom and courage to make judgments that are always fair and forever in the best interest of our citizens. Give to these servants of Yours and of this State a clear vision of a society ruled by principles of truth and justice. Provide through these leaders a sound government and just laws ensuring to our people the abolition of inequality and the promise of a full and satisfying existence in this State.

"O God, You could not have given to any of Your people a more beautiful land than the one we possess, nor a land more generous with its resources. We give praise and thanksgiving to Your name for Your generosity. And to the honor of Your holy name we pray. Amen."

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of the Family, we thank Thee for the time of fellowship and renewal that we had this past week-end in our family circle and in the household of faith.

"O God of Integrity, we pray for Thy guidance and strength, that we might be true to the sacred trust which has been given to us as elected public officials.

"Dear Lord, You see through our pretense and recognize the games which we sometimes play with ourselves. We talk about the good of all, but work for the good of our own party. We talk about the needs of the people, but often make the decision which we think is to our own best interest. Be patient with us; pardon us for our sins against Thee and one another; deliver us from playing games with one another; and help us to be men and women of integrity.

"O God of Tolerance, as we deal with the formation of a state budget, proposals for tax cuts, the question of state funding for abortion, and many other thorny issues, help us to be tolerant with one another. Give us the courage to stand up for our own personal convictions, but deliver us from personal attacks on individuals who may be on the opposite side of any given issue. Give us the wisdom and the grace to debate the issues with zeal, but save us from the temptation to attack the integrity of individuals who may have strong, but opposite convictions from our own.

"O God of Understanding, as we begin to deal with substantive issues in the General Assembly, grant that understanding, tolerance, integrity, patience, and good sportsmanship may prevail in this Chamber, in the House, and between the executive and legislative branches of our State Government.

"All this we ask in the Name of God, our Father, Who desires that we live and work together in a cooperative spirit as members of His family. Amen."

State of North Carolina
Superintendent of Public Instruction
Raleigh 27611

February 28, 1985

Lt. Governor Robert B. Jordan, III
North Carolina General Assembly
Legislative Office Building
Raleigh, N.C. 27611

Dear Governor Jordan:

The new Carl D. Perkins Vocational Education Act requires that a copy of the State Plan for Vocational Education be furnished to the State Legislature. A copy of the State Plan is being provided to you and Speaker Ramsey.

March 7, 1985
The Act provides the State Legislature sixty (60) days to review and comment on the Plan prior to May 1; the date the Plan is due in the office of the US Secretary of Education. We would be very appreciative if the State Legislature would provide a reaction to the Plan within thirty (30) days of receipt of same. This will provide staff adequate time to address any concerns expressed by the State Legislature.

Meeting the May 1 deadline for submitting the Plan to the US Secretary of Education, as set forth in the Act, is imperative for the State to receive the grant award and facilitate the orderly administration of vocational education in North Carolina.

The State Legislature’s consideration of this request is appreciated. Any questions or concerns regarding the State Plan for Vocational Education or the Carl D. Perkins Vocational Education Act should be directed to Dr. Clifton B. Belcher, secondary education and Dr. Edward H. Wilson, Jr., postsecondary education.

Sincerely,
S/ A. CRAIG PHILLIPS

"Almighty God, we thank Thee that Thou dost call each of us by name, giving to us a sacred calling which fits our talents, and which allows us to be in ministry in those places where we live, work, and play.

"Make each of us—as pastors and politicians, as clergy and laity, as men and women—sensitive to Your still small voice. And when You call, saying, 'Whom shall we send, and who will go for us?"—grant that each of us, like Isaiah of old might respond, 'Here am I, Lord, send me.'

"We thank Thee for pastors, priests, and rabbis who witness each week to Your love, in word and deed; but we thank Thee also for all those doctors, nurses, teachers, social workers, counselors, public officials, and others who see their occupation as a calling, and their place of employment as a mission field.

"Help us—chaplains, Senators, clerks, and employees—we pray Thee, to see the special opportunity which is ours to be priests and ministers in the General Assembly. May we, like the priests, use our arena of action, as a place to intercede for the concerns of children, youth, and adults; and may we, like true shepherds of the flock, minister daily to the needs of the abandoned, the lost, the wounded, the heavy-laden, and the bereaved.

"As members of this Chamber, we have a special vocation, like unto that of Moses, Deborah, Jeremiah, Amos, Saul, David, and Solomon. Help us to take seriously this calling; and grant that we may use our public office as a means for becoming real priests and ministers to all the citizens of this State.

"All this we ask in the Name of Him Who said, 'You shall be called priests of the Lord, (and) men shall speak of you as ministers of our God.' Amen."

TWENTY-EIGHTH DAY

SENATE CHAMBER,
Thursday, March 14, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by the Reverend Norman Joyner, Bethel Baptist Church, Bethel, a former Senator from Iredell County, as follows:

Our President gave me permission to make one observation. Yesterday, the attention of the world pretty much was focused upon affairs in Moscow, where at the funeral of their leader that had passed away and burial yesterday, and at the installation of his successor,
there was neither a reference to God nor to prayer, nor a hymn. So, I think this is a very stark contrast to that which we do today, as we humble ourselves and pray together. May we pray.

"Thou Great Jehovah God, the Lord God Almighty, in Whom we live and move and have our being; we thank You for our land and its freedom, that it is, and we ever pray that it might be, one nation under God.

"We are thankful that as we come to Thee, O God, with our very special needs, Thy mercies are new every morning, and help us to remember in places of leadership and responsibility the words of Thy servant in ancient times, 'I am like a child. I know not how to go out or come in,' and that we, too, might pray for wisdom and understanding from above. Help us to remember, too, the attitude of the psalmist: 'Blessed is the nation whose God is the Lord.'

"And now, Father, we thank You that Thou has called us, that Thou has placed us in service and in places of responsibility, with duties to Thee, O God, and to mankind about us, and so we pray for each of us that we might be vessels that are chosen; that we might be instruments of healing and peace for the people throughout the length and breadth of North Carolina. Guide today in the deliberations and bless each of us with our family needs, and we seek Thy blessings, our God, that in our lives and in our work, the Kingdom of Heaven might come, and this we pray for the honor and glory of Thy Great and Holy Name. Amen."

Senator Harrington for the Rules and Operation of the Senate Committee announces that the Journal of yesterday has been examined and is found to be correct. On his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

If this question is decided in the affirmative, the "main question" shall be on the passage of the bill, resolution, or other matter under consideration; but when amendments are pending, the question shall be taken upon such amendments in their inverse order, without further debate or amendment: Provided, that no one shall move the previous question except the chairman of the committee submitting the report on the bill or other matter under consideration, or the member introducing the bill or other matter under consideration, or the member in charge of the measure, who shall be designated by the chairman of the committee reporting the same to the Senate at the time the bill or other matter under consideration is reported to the Senate or taken up for consideration.

1. All questions on which the Constitution of North Carolina requires that the ayes and noes be taken and recorded on the Journal.
2. All questions on which a call for the ayes and noes under Rule 26(b) has been sustained.

(b) Votes on the following questions shall be taken on the electronic voting system, and a copy of the machine print-out of the votes shall be filed in the Legislative Library where it shall be open to public inspection:

1. Second reading of all public bills, all amendments to public bills offered after second reading, third reading if a public bill was

March 19, 1985
amended after second reading, and all conference reports on public bills.

(2) Any other question upon direction of the Chair or upon motion of any Senator supported by one-fifth of the Senators present.

(c) When the electronic voting system is used, the Chair shall fix and announce the time, not to exceed one minute, which shall be allowed for voting on the question before the Senate. The system shall be set to lock automatically and to record the vote when that time has expired. Once the system has locked and recorded a vote, the vote shall be printed by the system.

(d) The voting station at each Senator's desk in the Chamber shall be used only by the Senator to which the station is assigned. Under no circumstances shall any other person vote at a Senator's station. It is a breach of the ethical obligation of a Senator either to request that another vote at the requesting Senator's station, or to vote at another Senator's station. The Chair shall enforce this rule without exception.

(e) When the electronic voting system is used, the Chair shall state the question and shall then state substantially the following: "All in favor vote 'aye'; all opposed vote 'no'; ______ seconds will be allowed for voting on this question; the Clerk will record the vote." After the machine locks and records the vote, the Chair shall announce the vote and declare the result.

(f) One copy of the machine print-out of the vote record shall be filed in the office of the Principal Clerk, and one copy shall be filed in the Legislative Library where it shall be open to public inspection.

(g) When the Chair ascertains that the electronic voting system is inoperative before a vote is taken or while a vote is being taken on the electronic system, he shall announce that fact to the Senate and any partial electronic system voting record shall be voided. In such a case, if the Constitution of North Carolina or the Rules of the Senate require a call of the ayes and noes, the Clerk shall call the roll of the Senate, and the ayes and noes shall be taken manually and shall be recorded on the Journal. All other votes shall be taken by voice vote as prescribed in Senate Rule 26(a). If, after a vote is taken on the electronic system, it is discovered that a malfunction caused an error in the electronic system print-out, the Chair shall direct the Reading Clerk and the Principal Clerk to verify and correct the print-out record and so advise the Senate.

(h) For the purpose of identifying motions on which the vote is taken on the electronic system (the identification codes having no relation to the order of precedence of motions), the motions are coded as follows:

1. To lay on the table.
2. For the previous question.
3. To postpone indefinitely.
4. To postpone to a day certain.
5. To refer to a committee.
6. To reconsider.
7. To adopt.
8. To concur.
9. To take from the table.
10. Miscellaneous.

RULE 26. Voice votes; call for ayes and noes. — (a) When the electronic voting system is not used, all votes on which a call of the roll of the Senate is not required shall be taken by voice vote. The question shall be put as follows: "Those in favor say 'aye'," and,

March 19, 1985
after the affirmative vote is expressed, "Opposed 'no' "; after which the Chair shall announce the result. If a division on any vote is desired, it must be called for immediately before the result of the voting is announced on any question, and upon such call, the Chair shall require the members to stand and be counted for and against the proposition under consideration.

(b) The ayes and the noes may be called for on any question before the vote is taken. If a Senator desires the ayes and noes recorded on the Journal on a question, he shall address the Chair and obtain recognition and say, "Upon that question I call for the ayes and noes." Whereupon the Chair shall say, "Is the call sustained?" If one-fifth of the Senators present then stand, the vote shall be taken on the electronic voting system if it is operative, and the ayes and noes shall be recorded on the Journal. If the electronic voting system is inoperative, the roll of the Senate shall be called and the ayes and noes taken manually and recorded on the Journal. If fewer than one-fifth of the Senators present stand to sustain the call, the Chair shall announce, "An insufficient number up" and a vote by electronic voting or by voice, whichever is appropriate under the Rules of the Senate, shall be taken.

RULE 27. Pairs. — If a Senator is paired with another Senator on a question, the Senator shall announce the pair as follows: "Mr. President, I desire to announce a pair. If Senator _____ were present, he would vote _____; I would vote _____ (the opposite)." The Senator shall send forward at that time a written statement of the pair on a form provided by the Principal Clerk and neither member of the pair shall vote on the question. A pair shall be announced before the vote is taken viva voce, or if the electronic voting system is used, before the machine is unlocked. The Clerk shall record the pair on the Journal when the Constitution or Rules of the Senate require a call of the roll and shall record on the electronic system print-out all pairs announced.

RULE 28. Dividing question. — If any question contains several distinct propositions, it shall be divided by the President, at the request of any Senator, provided each subdivision, if left to itself, forms a substantive proposition.

RULE 29. Duty to vote; excuses. — (a) Every Senator who is within the bar of the Senate when the question is stated by the Chair shall vote thereon unless he is excused by the Senate. The bar of the Senate shall include the entire Senate Chamber.

(b) Any Senator may request to be excused from voting, either immediately before or after the vote has been called for and before a viva voce vote result has been announced or before the electronic voting system has been unlocked. The Senator may make a brief statement of the reasons for making such request, and shall send forward to the Principal Clerk, on a form provided by the Clerk, a concise statement of the reason for the request, and the Clerk shall include this statement in the Journal. The question on granting of the request shall be taken without debate.

RULE 30. Explanation of vote. — Any Senator may explain his vote on any bill pending by obtaining permission of the President after the final vote is taken: Provided, that not more than three minutes shall be consumed in such explanation.

RULE 30.1. Questions of personal privilege. — Upon recognition by the President for that purpose, any Senator may speak to a question of personal privilege for a time not exceeding three minutes. Personal privilege may not be used to explain a vote, debate a bill, or in any way disrupt the regular business of the Senate. The President shall determine if the question raised is one of privilege and shall, without the point of order being raised, enforce this rule.

March 19, 1985

Upon the recommendation of the Committee on Rules and Operation of the Senate, the Senate may authorize, by majority vote of the Senators present and voting, a change in the number of standing committees.

When a bill which is introduced is not in the prescribed form, the Principal Clerk shall cause the bill to be retyped in the prescribed form, and the retyped copy shall become the official copy of the bill for all purposes. The original bill shall then be returned to the introducer of the bill and shall not become a part of the records or documents of the Senate.

(b) The fiscal note shall be filed and attached to the bill or amendment within two legislative days of the request. If it is impossible to prepare a fiscal note within two legislative days, the Director of Fiscal Research shall, in writing, so advise the Presiding Officer, the Principal Clerk, and the member introducing or proposing the measure and shall indicate the time when the fiscal note will be ready.

(c) The fiscal note shall be prepared by the Fiscal Research Division on a form approved by the Rules Committee as to content and form and signed by the staff member or members preparing it. (d) The note shall be factual and shall, if possible, provide a reliable estimate of both the immediate effect and, if determinable, the long range fiscal and actuarial effect of the measure. If, after careful investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the actuarial note with regard to the merits of the measure for which the note is prepared. Technical and mechanical defects in the measure may be noted.

(e) When any committee reports a measure to which an actuarial note is attached at the time of committee consideration, with any amendment of such nature as would substantially affect the cost to or the revenues of any retirement or pension system, the chairman of the committee reporting the measure shall obtain from the Fiscal Research Division an actuarial note of the fiscal and actuarial effect of the proposed amendment. The actuarial note shall be attached to the jacket of the measure. An amendment to any bill or resolution shall not be in order if the amendment affects the costs to or the revenues of a State-administered retirement or pension system, unless the amendment is accompanied by an actuarial note, prepared by the Fiscal Research Division, as to the actuarial effect of the amendment.

(f) The Fiscal Research Division shall make all relevant actuarial notes available to the membership of the Senate.

Whereas, Ralph Henderson Scott, Sr., one of the supremely great figures of our time, served 13 terms in the North Carolina Senate spanning the years 1951 through 1979 and covering the administrations of eight Governors, including his brother, W. Kerr Scott, and nephew, Robert W. Scott; and

Whereas, Ralph Scott was a member of the Advisory Budget Commission for 14 years, including six years as its Chairman, being credited with a major role in developing the modern-day fiscal policies of the government of North Carolina; and

Whereas, Ralph Scott, to a degree unsurpassed by any citizen of this State, has been an unyielding advocate and friend of the mentally afflicted and physically disabled, devoting a lifetime of leadership and service to their cause; and

March 19, 1985
Whereas, Ralph Scott’s legislative experience, instinct and hard work made him one of the most effective members in the annals of the North Carolina Senate, setting a standard of excellence by which public service may be gauged; and

Whereas, Ralph Scott, although a successful businessman, values sincerity more than gold, and has forever been a friend to the oppressed and a foe of injustice; and

Whereas, Ralph Scott’s every action has been to promote the advancement of a progressive State without sacrificing its traditional values; and

Whereas, we operate in the giant shadow of a man who by his life and work will “leave the woodpile a little higher than he found it”; and

Whereas, we wish to express to former Senator Ralph Scott our heart-felt commenda-
tion, admiration and appreciation for his many accomplishments on behalf of our State and its people;

Now, therefore, be it resolved by the Senate:

Section 1. The Senate expresses to Ralph Scott the sentiments of a grateful people and declares this day, March 19, 1985, to be “Ralph Scott Day in the North Carolina Senate.”

Wednesday, March 20, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

“O God of Life, we thank Thee for all the blessings of life. For the very life that stirs within us, for the love and security of our family circle, for Your grace which has sustained us in the difficult moments of our lives, and for Your calming presence as we face the pressures of this day—we give Thee thanks, O Lord.

“O God of Compassion, we pray Thee to be with all the citizens of our State who are weary and heavy-laden. Give renewed strength and vision to those who are suffering from burnout; and give hope for a better tomorrow to all who are unemployed. Offer Thy grace and strength to all who are suffering the pain and loneliness of separation or divorce. Work

March 20, 1985
Thy healing power in all who are sick; and sustain all who are confined to bed, home, or nursing facility—with an assurance of Thy presence. Offer hope to all who are discouraged; and give comfort to all who grieve the loss of a loved one. And give to each of us hearts of compassion that we may reach out in love to all who need and long for some demonstration of love and support.

"O God of Love, use each of us as messengers of love, apostles of hope, and agents of compassion in a battered world. In this Chamber, in the legislative buildings, and in our local communities—make us sensitive to the burdens, needs, and hurts of the children, youth, and adults who daily touch our lives. Deliver us from coldness of heart; inspire us to extend the touch of tenderness to all who are battered and bruised by life; and use us as instruments of Your grace and peace in all those places where we live, work, and play.

“All this we ask in the gracious Name of our God, who says, ‘Comfort ye, comfort ye my people.’ Amen.”

"Lord, through Your Holy Spirit enable us as Your servants and as servants of our constituents and State of North Carolina to exemplify in our lives the virtues You gave us.

FORTY-FOURTH DAY

SENATE CHAMBER,
Friday, April 5, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of justice, as we recall the first Good Friday, we confess that our sins are such as sent Jesus to the cross.

"Like the Chief Priests and Sadducees, we have often sought to do away with those whose religious or political views differed from our own.

"Like the crowd, we have often been ruled by mob psychology instead of reason; and we have often allowed innocent persons to suffer in order that our friends might go free.

"Like Pontius Pilate, we have often sought to wash our hands of politically sensitive issues, for fear the crowd might turn against us, rather than take the stand that we know we ought to take.

"O God of mercy, forgive us for these and all other sins; and give us the courage to stand up for love, truth, and justice.

"O God of power, as we recall that first Passover long ago in Egypt, we rejoice to know that always You have been on the side of the poor and the oppressed; and that in due time You have raised up men and women of courage and faith like Moses and Miriam to say to all the Pharaohs—'Let my people go.'

"O God of righteousness, we thank Thee for all those men and women of faith who have worked with You in the deliverance of Thy people from injustice and oppression, and we pray, no matter how powerful the forces of the Pharaoh may be, that we may always be counted on to be the champion of the needy, the oppressed, and the powerless.

"O God of springtime, go with us as we go to our homes and to our houses of worship this weekend; renew a right spirit within each of us; and give to each of us the victory of the Passover and Easter Seasons. Amen."

Prayer is offered by the Reverend Paul Lowder, Leaksville United Methodist Church, Eden, as follows:

“Oh God, we thank You for the blessings of life;
for health and energy,
for opportunities that challenge our best,
for the freedom to participate in choosing our destiny,
and for the awesome, sacred trust You bestow on us.

“Renew in us a sense of calling to fulfill Your plan for all people. Give us courage to stand for those values which come from You,
those things which are reconciling and healing,
that which lasts and is not temporary.

“Give us clarity in seeing what is important and deliver us from becoming absorbed in the insignificant.

“Bring us a vision that inspires and gives us hope, wisdom equal to the demands of technology, creativity in finding answers when the old ones no longer suffice.

ever taking for granted the value of each individual.

Senator Swain rises to a point of personal privilege and upon his motion, his comments are spread upon the Journal, as follows:

"Mr. President, Members of the Senate, I have been accorded the honor of moving for adjournment. Prior to making that motion, I wish to make a few statements relative to the subject that Senator Johnson (Cabarrus) mentioned.

"Giles Harmon was a resident of my County of Buncombe. He was born in Asheville. He grew up in the area represented by Senator Hipps and Senator 'Bo' Thomas. He was the only son of Mr. and Mrs. Frank C. Harmon of Brevard. This young man I knew. Senator Winner and I have both known him. I'm speaking for the delegation of Buncombe and Transylvania Counties. I knew this young man and was impressed with him. He was not a great big tall policeman like we sometimes picture our soldiers. He was a little man in stature, but he was big in many ways.

"I had some clients who had been stopped by him and had charges laid by this fine officer. You could discuss with him—he was open and honest, he was not oppressive. That is one characteristic that you don't find in all peace officers. He did not try to damage your person beyond what the truth required. He was not what I referred to yesterday as a 'macho officer.' He was an humble man who carried out his duties honestly, directly, and without fanfare.

"He was educated by the University of Tennessee and graduated with honors with a Degree in Criminology. He was only twenty-six years old. His parents, Mr. and Mrs. Harmon, are lifelong natives of this State. I believe his mother came from Iredell County and his father, of course, was from Buncombe. I make these remarks in an effort to inform you and to inform his parents and his wife of a few years, Mrs. Belinda Morgan Harmon. She resides now at 32 Turnberry Road in Arden, which is within the district represented by Senator Winner and me."
"Mr. President, I move that this Body adjourn and that the contents of the message I have just delivered be placed on the Journal to be transmitted to the wife and the parents of this fine young representative of our citizens. Tomorrow, there will be a memorial service in Brevard at 2:00 P.M. at the First Methodist Church in Brevard. There will be a private graveside service.

"Mr. President, I move that the minutes reflect these remarks and that we adjourn in honor of this fine citizen of our State, Giles A. Harmon."

FORTY-NINTH DAY

SENATE CHAMBER,
Friday, April 12, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by Dr. Reginald Ponder, First United Methodist Church, Rocky Mount, as follows:

"Almighty God, our Heavenly Father, we thank you for this most beautiful day in the ‘goodliest land’ under the sun. We thank You for the manifold blessings You have bestowed upon our great State. We thank You for the heritage we have received from our forbearers who have forged for us a rich tradition on the awful anvil of self-sacrifice. We are here today to carry on that rich tradition and noble heritage. May the decisions made by this body of Senators be in the best interest of all of our citizens and in keeping with Your holy purpose and will.

"Almighty God, Who alone gives wisdom and understanding, inspire the minds of all to whom You have committed the responsibility of government and leadership in our beloved State. Give to them the vision of truth and justice so that by their counsel all of Your people may work together in true fellowship and unity.

"O God, the Great Governor of the whole world, we pray for all who hold public office and power in our State—our Governor and Lieutenant Governor, the officers of the Council of State, the members of the Senate and the House, and all others who affect the life and welfare of the citizens of the State of North Carolina. Strengthen the sense of duty in our political life. Grant that the servants of this State may feel ever more deeply that any diversion of their public powers for private ends is a betrayal of a sacred trust. Purge our counties, cities, and State of the deep causes of corruption which have so often made sin profitable and uprightness difficult. Breathe a new spirit of righteousness into our State. Give these our leaders new vision and set their hearts on fire with Your purposes. May they be a generation of men and women with the faith and the daring resolve of the Kingdom of God in hearts, who will commit themselves to the holy business of giving justice, dignity, and a meaningful life to all citizens of this State.

"Guide, we pray, the presiding officer of this Senate and all who serve in its assembly this day. We thank You for their faithfulness and commitment. May they be servants, too, in the image and spirit of Jesus Christ, our Risen Savior, in whose name we pray. Amen."

FIFTIETH DAY

FIFTIETH DAY

SENATE CHAMBER,
Monday, April 15, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.
Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of the Family, in our busy schedules, help us not to neglect our families; but grant that we may always give to them that same kind of love and support which we need from them. We thank Thee for the time of fellowship which we shared with our families this weekend; and we pray that we may ever see the maintenance of strong family ties as a priority in our personal lives and in the life of our State.

"O God of Life, as we deal with substantive matters which affect the life of every individual and family in our State, we pray for Thy guidance and Thy support. Deliver us from petty bickering between individuals, power blocks, and political parties. Give us insight to deal with the complicated issues of the State budget, proposals for tax cuts, the question of State funding for abortion, the issue of pollution control, and the sensitive issues of child care and child abuse. Give us strength to withstand the pressure of hundreds of lobbyists; make us sensitive to the feelings of the residents of our district; and give us the courage to vote our convictions after having carefully considered all sides of every issue.

"On the day when we have all had to pay our State and federal taxes, make us sensitive to both the personal needs and the tax burdens of the people of our State. Help us to plan for programs that will minister to the needs of all the children, youth, and adults of our State. Help us to plan wisely for the use of our State's resources, and help us to develop a tax plan that will be fair to all our people.

"O God of Strength, as we deal with personal pressures at home, in our business, and in the Chamber; give us the strength to be men and women of conviction, tolerance, understanding, love, and compassion.

"All this we ask in the Name of our God, Who loves us as a mother loves her children, and Who desires that we live and work together in a cooperative spirit as members of the Household of God. Amen."

Encourage them in their work, O Lord, lest in a world of complex systems and distorted values they should feel their work is in vain.

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of Strength, we need Thy presence here, for we feel under pressure from all sides. Our party leaders, our political opponents, our constituents, the lobbyists, and the news media—all seek to pressure us into supporting their positions on tax reform, the budget, the veto, and all other major bills. Give us the determination to examine all sides of each issue and the pros and cons of each bill. Grant us the wisdom to discern what is best for the citizens of our fair State; and then grant us the courage to speak our mind and to vote our personal convictions.

"O God of Tolerance, in our zeal to support a given issue or a particular bill, deliver us from the temptation to attack the integrity of those whose views may be exactly opposite from ours. Grant that we may debate each bill on its own merits. Deliver us from the temptation to attack the character of fellow legislators; and give us strength to withstand attempts at character assassination which may be aimed at us. Give us grace to debate the issues in committee and in this Chamber instead of in the media; and help us to stand up firmly for what we believe; but grant us also tolerance for those whose opinions may differ sharply with our own; and let us give them the right to stand as firmly for their convictions as we do for our own.

"O God of Compassion, make us sensitive to the hurts and needs of others. Help us to become good listeners; so that we may hear what our family members, our co-workers, our friends, and our constituents are trying to say to us. Give us hearts of compassion, so that we may be touched by the hurt and pain of others; equip us to reach out with 'the touch of tenderness' to those about us who long for some expression of love and support: and help us to enact laws which will minister effectively to the needs of all the people of our State.

"O God of Life, we thank Thee for the life of Thy servant, Ruth Holmes. We thank Thee for the example and for the life which she shared with us. Grant that we, too, may come, like her, to live a life of service to others. For this we ask in Your Name. Amen."

FIFTY-SEVENTH DAY

SENATE CHAMBER,
Wednesday, April 24, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

April 24, 1985
Prayer is offered by the Reverend Paul L. Leeland, Saint Andrews United Methodist Church, Garner, as follows:

"Almighty God, receive now our humble praise and glad service for that which sustains us, though we comprehend it not. Because Thou hast first loved us, we now love Thee, and in reverence, humble ourselves before Thee, O Lord of hosts.

"As entrusted leaders of our State, we confess that we have misunderstood and been misunderstood. We have misinterpreted and been misinterpreted. We have let frustration anger us and allowed minor issues to seem primary. We, who love the people of this State, have often erred when trying to do right. Forgive our failures; bless our best efforts; and nurture us into godly men and women.

"As people who are sometimes dependent upon the leadership of others, we confess we become impatient with their outdated, outmoded, and old-fashioned ideas. In that judgment we may be right; we may be wrong; but, Lord, do not let it corrode our respect for one another. Help us to honor our colleagues where honor is due and to obey when it is our reasonable service.

"We confess that the demands upon our time have often divided us and caused us to be away from our families. We confess the need to serve others and the privilege of family are difficult to keep in balance. Mold our character and multiply our patience so that time spent with our families will be of the finest quality and lasting worth.

"We acknowledge the special gifts and graces that are represented in this Assembly. Grant them moral fiber to stand for truth and goodness when all about them tempts toward the counterfeit and transitory. We would learn from one another. For those who serve as models of political integrity, we ask a measure of Thy understanding and an astute sense of Thy leadership.

"Lord, let us seek peaceful accord in decision making, respect in discipline, and honor regardless of our differences. May our love for Thee be mirrored in our affection for one another. Amen."

Senator Harrington for the Rules and Operation of the Senate Committee announces that the Journal of yesterday has been examined and is found to be correct. On his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

On motion of Senator Hipps, the remarks of Senator Simpson are spread upon the Journal, as follows:

"Ladies and gentlemen of the Senate, I'm sure you all know from reading today's paper and from reading—or from watching television that Burke County and North Carolina and this Nation lost a very distinguished citizen to the Grim Reaper.

"Mr. President, there's not much that I can add to what we have read in the paper and to what we have seen on television and there are not many accolades that I could give Senator Ervin that haven't already been given. But maybe I did have the opportunity to know Senator Ervin in just a little different way from most of you.

"When I returned after the War to Burke County to practice law, Senator Ervin had just been elected to a judgeship and as a new attorney and 'green behind the ears,' I needed all the help I could get and Senator Ervin had probably the largest private law
library in North Carolina. He used that library, Mr. President, to try to satiate his thirst for knowledge. I don't believe the man ever completely satiated that thirst, because all his life he was seeking and obtaining knowledge. And what it did for those of us who lived near him and who practiced law in his courts, it gave us the opportunity to seek advice and to seek his wise counsel, which he never hesitated to give. Why a Judge of the North Carolina Supreme Court would stop to talk to some young attorney and to explain to him the intricacies of the law, tell him where he could find the answers to his questions is one of the things that made him a great man.

“Senator Ervin never sought fame, he never sought fortune and he never sought the limelight, but he received all of these, Mr. President, because he had a set of goals and ideals which were before him and which he always strived for, and which he never lost sight of. And as a result of these goals and these ideals, both fame and fortune came his way.

“Maybe if we look at his life and tried to pattern our own after his goals and ideals and tried to reach them, maybe many more of us would obtain the type of fame that he did receive; and Mr. President, when we adjourn today, I would like to request that we adjourn in memory of this great Burke Countian, North Carolinian, and American.

“Thank you.”

FIFTY- NINTH DAY

SENATE CHAMBER,
Friday, April 26, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by the Reverend John R. Nagle, Pastor, Christ the King Lutheran Church, Cary, as follows:

"The calendar says that the week is almost over, O God. But our hearts and our heads and our desks remind us that there's still much work to be done. Nor will we ever be finished, O Lord, as long as this world is imperfect. Ours is an awesome task: to seek out responsibility, morality, and justice. Why did You choose us to do Your will? And if You didn't choose us, at least work through us so that Your will is done.

"Remind us of the opportunities You put before us to work with You in achieving Your intentions for this State. We long for perfection and completeness. But remind us that, as we are not finished with the agenda, You are not finished with us either. So work through us to do what is right, and to be satisfied that the end of the week finds us going as far as we can go, that the members of this Body and the people of this State may see Your hand in all that has been accomplished. Amen."

Prayer is offered by the Reverend Del Parkenson, Pastor, First Baptist Church, Sanford, as follows:

"We bow, O Heavenly Father, at the opening of this Session of the North Carolina Senate to acknowledge Your sovereignty over our lives, and over the affairs of mankind. Grant to each member of this Body a heart like that of our blessed Saviour—a heart more ready to minister than to be ministered unto. Guide today their deliberations to the end that the attitudes expressed and the actions which are taken might reflect for all the world to see the fruits of honesty, integrity, and commitment to the ideal of serving others.

"May each Senator, O Lord, use:
Disappointment as material for patience and determination;
Success as material for thankfulness;
Obstacles and opposition as material for perseverance;
The unjust pressures sent in their direction by special interest groups and persons as material for courage;
The carping criticism of those who have no vision as material for unyielding commitment to progress;
The praise and flattery of their peers as material for humility and grace;

May 1, 1985
The temptations always thrown in the pathway of those who would be leaders as material for self-control;
Their position and privilege as material for commitment to the ideal of serving ALL the citizens of our great State.

"These things I pray in their behalf, O Lord, that they may be good stewards of the duties and opportunities with which You have endowed them—in the Name of the Father, and of the Son, and of the Holy Spirit. Amen."

Senate Chamber,

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by the Reverend Michael Safley, Associate Director, Conference Council on Ministries, United Methodist Church, Raleigh, as follows:

"O Lord, God of Compassion and Justice, we pray to You today. In the midst of hectic schedules and special interests demanding our time, help us to take time for reflection and our own needs. Lord, help us not to become so burdened with daily responsibilities that we never take time to enjoy our family, our friends, and the beauty of Your creation. Lord, we know the crises that surround us—problems in education, transportation, crime, communication and so much more. But Lord, help us to realize that in order to solve these

May 2, 1985
problems effectively we must be physically and mentally alert. Therefore, give us the strength to care about ourselves so that we will be able to tend to the business of the State and Nation. Forgive us for trying to be all things to all people and neglecting our physical and spiritual needs.

"Lord, You set the example. When the demands became so overwhelming You separated Yourself and retreated to a secluded spot in order to discover answers and to refresh a weary soul. Enable us to follow Your example in these difficult days in which we face important decisions.

"Lord, help us to be open to You so that You may refresh us, strengthen us and empower us.

"In Your Name we pray. Amen."

SIXTY-FOURTH DAY

SENA TE CH A MB ER,

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

May 3, 1985
Prayer is offered by the Reverend Edward F. Hill, Associate Minister of Edenton Street United Methodist Church, Raleigh, as follows:

"There is a world outside of these walls, O God. A world not of our own making, but a world created out of Your love and sustained by Your mercy. In such a world it is a privilege for each of us to gather in this place to be about the tasks of governing. In a world as big as ours, we acknowledge that we and our people are a mere speck in the cosmos. But we rejoice in the assurance that to Your Eye there is none more precious than the people of this State. For those people, and for the privilege to serve them, we give You thanks.

"We give thanks also for those among us who come today with lofty ideals, those who come to serve others at a sacrifice to themselves, and those who come being particularly sensitive to the needs of people and their own need for Your guidance. And we, as members of this Body, are grateful for the call to serve and thankful for the clarity of mind with which to make decisions.

"O God, Thou knowest our hearts better than we ourselves. Look at the desires within us and elevate them to new heights; purify our thoughts, and direct our words and actions to Your glory. As we seek to accomplish the work that is before us, we remember the words of Christ when He said, 'not My will, but (Father) Thy will be done.' Might the desires and wishes of our hearts be in accordance with Your will for us.

"In all that we do, say, and seek to accomplish, may there be a whisper in our heart that says, Lord not what I will for my glory, but God to Thy glory might I do Your will.

"We pray in the Name of God our Creator, Redeemer, and Sustainer. Amen."

______________________________
SIXTY-NINTH DAY

Senate Chamber,
Friday, May 10, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.
Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of the Family, we thank Thee for the love and support which we have received from our families; and we pray that we may ever be sensitive to the needs of our spouse and children—as they are to ours. And confronted with the pressures and stress of public office, deliver us from bickering with one another, and empower us to always love and affirm one another.

"As we approach this Mother's Day weekend, we give Thee a special thanks for our mothers. For their love, for their gentleness, for their guidance in the formative years of our lives, and for their continued encouragement to us in our adult years—we give Thee thanks, O Lord.

"And remembering those mothers and grandmothers who have gone to their eternal reward, we pause to thank Thee for their positive influence in our lives and for the memories which fill our minds and sometimes overflow our eyes in tears of thanksgiving.

"Help us, O God, to always live lives that will bring honor to our mothers; and help us to enact legislation which will be to the best interest of young mothers, middle-aged working mothers, and aging grandmothers—for then we will know that we are passing laws which will benefit all the citizens of our State.

"All this we ask in the Name of the All Powerful God, Who has loved us with the love and tenderness with which a mother loves her children. Amen."

We thank Thee that under the leadership of the President of the North Carolina Senate and the Governor of North Carolina, that 1985 has been declared the 'Year of the Child' in our State; we are grateful for the work of the Children and Youth Committee of this Body; we rejoice in the many bills that have been introduced in both Houses of the General Assembly to benefit the children of North Carolina; and we pray Thee that in this Chamber we may pass bills which we believe will best protect and provide for the welfare of all the children of our State.

"O God of Comfort, we pray Thee to be with the husband of Mrs. Catherine Eastburn in Cumberland County, with the family of Highway Patrolman Raymond Worley, who was killed in the line of duty yesterday; and with all others who grieve the loss of a loved one. Help us to move with dispatch, but grant that we may give full consideration to all matters before this Body, so that we may be found faithful stewards of the sacred responsibilities which are ours as members of this legislative Body. We rejoice when the wind of truth can blow away the deceits with which we fool ourselves.

"Forgive us, Lord, when we grow accustomed to those things that separate us. Forgive us, Lord, when we enjoy the things that divide us. Forgive us, Lord, when the world becomes so easily ‘us’ and ‘them.’

"Move us toward differences that matter. Grant us openness toward the future You would give us. Keep us in such watchful care that we take these responsibilities with joy and peace.

"And now accept the offerings we make of thought, and word, and deed, so that in all things we may be pleasing in Your sight, and so that in all things we can be healing for Your children. Receive us as Your instruments in a world that hurts, even as you have hurt for us. Amen."

SEVENTY-EIGHTH DAY

SENATE CHAMBER,

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by the Reverend Robert L. Baldridge, Associate Director for Christian Nurture and Leadership Development, Council on Ministries of the North Carolina Conference of the United Methodist Church, Raleigh, as follows:

"O God, the Giver of all good gifts, we pause to offer thanks—for this day—for this life—for health—for our family—for our larger family of friends and co-workers—and for all opportunities to serve others.

"But when we think of the responsibilities of life, we are overwhelmed. So many people look to us for help. The demands of stewardship weigh heavily upon us. The pressures of the office are tremendous. Indeed, it would be too much to bear if we had to bear it alone.

"O God, remind us of all who stand by us in our work. Remind us of that great cloud of witnesses who have given their lives in service to others. Their example is a source of constant support. And, above all, remind us that You never leave us alone. We can never get out of Your love and care, concern, and support. All this we would remember as we begin this session. Thanks be to You, O God, for You are our God. Amen."

Senator Harrington for the Rules and Operation of the Senate Committee announces that the Journal of yesterday has been examined and is found to be correct. On his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

"O God of Renewal, we are weary and heavy-laden with the work of this week, and we

renewing, and healing us with the power of Thy Spirit—that we may come to live with
purpose and enthusiasm, with courage and grace, with honesty and integrity, with

live as Your sons and daughters. Amen."

EIGHTY-SECOND DAY

SENATE CHAMBER,

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of Deborah and Joshua, we thank Thee for all those men and women who through the ages have committed their lives to the defense of their country; and in this memorial week, we thank Thee for all those who have served in the Armed Forces of our land, and especially for those who have given their very lives in the defense of freedom. Grant that we may always cherish the freedoms which are ours in this great land; and grant, we pray Thee, that we may always be 'a nation under God, with liberty and justice for all.'

"O God of Abraham and Sarah, we thank Thee for all those men and women of faith in every generation, who have been willing to venture out in the fulfillment of noble dreams and goals; and we thank Thee for those persons who have helped our State fulfill its motto, 'to be, rather than to seem.' Deliver each of us—all our State officials, and all citizens of our State—from sham and pretense. Give to each of us integrity, and a sense of mission in life.

"O God of Grace and God of Power, as we wrestle with complicated and sometimes controversial issues in the closing weeks of this Session of the General Assembly, equip us we pray Thee—with the courage to stand up for our convictions and at the same time tolerance toward the opinions of others. Dear Lord, give to each of us compassionate hearts, and a sense of our sacred responsibility to work for the best interest of all the people of our State.

"All this we ask in the Name of Jesus Christ, Who said, 'The greatest among you, shall be the servant of all.' Amen."

Prayer is offered by the Reverend Clyde Dunn, Associate Director, North Carolina Conference Council on Ministries, United Methodist Church, Raleigh, as follows:

"Almighty God, we come before Thee aware we are Thy creation, and that in Thee we live and move and have our being.

"We confess our dependence upon Thee. We look to Thee for wisdom, guidance, and strength.

"We pray today for those who govern us, the President of the United States, the Governor of this State, and all lawmakers.

"Especially do we pray for those in this place who deliberate and make important decisions which affect so many people. Save them from blindness which would prevent them from seeing those places of corruption and the unjust character of so much of our society.

"Grant unto them clear vision to perceive those things in our social order which are amiss; give them true judgment, courage, and perservance to help further the cause of justice and good relationships among all citizens of our State.

"May unity of purpose prevail so that the decisions made here are those which contribute to a just and orderly society.

"We offer this prayer in the Name and Spirit of Jesus Christ. Amen."

SENATE CHAMBER,
Wednesday, June 5, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by the Reverend Mack McMillan, Youth Minister, Louisburg United Methodist Church, Louisburg, as follows:

"Lord of all worlds and lover of all peoples, we pray for the nations and societies of this world. Convert all destructive powers, crush every tyranny, correct each injustice, and reconcile to Your Will all conflicting interests, so that in freedom everyone may enjoy the
good world You have made, and know our true humanity in its fullness. This is our prayer for our world.

"Mighty God, Whose governing hand is upon all the world, we ask Your mercy upon this Nation, that Your ruling power may be recognized and obeyed. Grant to all in public authority the humility to see themselves as Your servants, that they may act responsibly toward the world's peoples—so that we may follow their leadership with confidence. This is our prayer for our Nation.

"Holy God, bearer of the world's pain, compassionate to those who suffer, whether at their own hand or at the hands of others, we commit to You all persons in need and offer ourselves to serve them, that they may know an end to needless pain. Compel us to take risks in order to help our fellow North Carolinians, so that we may be reconciled to You and to one another. As representative leaders, may the Senators here assembled act in love towards one another and the citizens of this State. May the power of Thy Holy Spirit, O God, strengthen our faith, increase our love for one another, and send us forth into the world as ambassadors of peace. This is our prayer for ourselves and our State.

"Finally, most gracious God, we pray that our actions in this Chamber might be reflective of Your love for us. We thank You and praise You for creating us and all that is necessary for life. Help us to be good stewards of those gifts, and enable us to remember Your gifts to us, that we may praise You with lives of joy and service. Amen."

"O God, our Creator and our Sustainer; we thank You for all the gifts which You have showered upon us from our infancy until this day. Prayer is offered by the Reverend Herman Winberry, Superintendent, Fayetteville District, United Methodist Church, Fayetteville, as follows:

"Almighty and Sovereign God, Who doest govern the world in righteousness, and Whose judgments are true and righteous altogether, grant that those who rule over us and legislate for us may be of one mind to establish justice and promote with enthusiasm the well-being of all our people. May there be no secret dishonesties in the hearts of our Senators.

"Endow these leaders with ability to make decisions that will bless and build up all. And O Lord, let there be no secret agendas, no hidden deals. Help them to rise above self-seeking to the nobler concerns of common good.

"And may we as citizens, too, feel a keen responsibility not just to find fault but also to support these with our prayers. Not only these in this upper Chamber, but may we go into the Upper Room with prayer and offer to them words of encouragement and a helping hand. And if these begin to feel at this time in the Session that they are to run the whole State, enable them, O Lord, to discipline their own lives first.

"O Father God, you have favored our State beyond anything we deserve, and we offer our heartfelt thanks. Great is your goodness to us. Enable these Senators to help create a climate in North Carolina where, indeed, the weak grow strong and the strong grow great to the honor and glory of Thy Marvelous Name. Amen."

ONE HUNDREDTH DAY

Senate Chamber,
Monday, June 24, 1985.

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by Dr. Milton H. Gilbert, Pastor, Louisburg United Methodist Church, Louisburg, as follows:

"Eternal God, Redeemer, Creator and Judge of the world, with intentional minds we petition You to hear the prayers of Your servants.

"We are ever-mindful that the world in which human beings live is a large and frightening arena. Our sensitivity to the advance of Your creation commands us to seek true wisdom—Your eternal presence. Imbue us, O God, with a hunger and thirst for Your will that we might be obedient servants seeking eternal wisdom.

"Equally upon our minds, O God, is our desire for vision. Where vision has been absent there occurs a poverty of hope. Where vision becomes blurred by self-interests there occurs a privation of promise.

"We who call upon Your Heavenly Grace pray that these elected persons called to represent Your people might be alert to Your wisdom blessed with that unique gift of vision for the weak and lowly, the humble and meek, the righteous and the upright that comes only by the indwelling of Your Spirit.

"For those who would represent Your people we give You thanks and pray that each might receive the blessings of Your wisdom in their search for authentic humanness. Amen."

ONE HUNDRED SECOND DAY

Senate Chamber,

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by the Reverend Camille O. Yorkey, Pastor, Saint Paul United Methodist Church, Goldsboro, as follows:

"Most Gracious God, Who Creator of a world filled with wonder and mystery, we give thanks that You are revealed to us in the events of human history, even on this day in the North Carolina Senate. You know that we live in a constant state of brokenness and alienation—not only from one another but also from You, God. Bring us back into Your Presence.

"You are the God of Mercy, and thus our failures don't surprise You—and because You are the God of Love, You accept us as we are. Bring us back into Your Presence so that we may accept ourselves and others here as well.

"You are the God of Truth, but how difficult it is for us to be truthful. We often try to hide who we really are. Bring us back into Your Presence, and lead us to the truth.

"You are the God of Wisdom, and You have given us Your Light to guide us through confusion, yet we all too often have relied instead on our human wisdom and thus have lost our way. Bring us back into Your Presence as we seek to make wise decisions on complicated issues.

"Fill us with Your Compassionate Spirit so that we most faithfully can serve those people to whom we are responsible. Grant us Your Guidance so that we may creatively pass laws which affirm justice, life, love, and the dignity of all persons. Bring us back into Your Presence, O God. Amen."

“Our Father, Who is in Heaven and within the heart of every believer, we thank You this day that we do not live in a land ruled by an Ayatollah, a politburo, or a group of self-appointed terrorists, but that we reside in the land of the free where the voice of every individual can be heard, and every man, woman, and child may exercise his or her God-given, unalienable rights of life, liberty, and the pursuit of happiness.

“Help us to be proud Americans, and grant us the wisdom, O God, to enact legislation that will make this a better place to live, so that we may have even greater cause to be proud.

“We confess to You, O God, that even though we have been elected to this high office and given this massive responsibility, that we are only human—often short-sighted, narrow-minded, and selfish. Because we are fragile and finite beings, we need Your Guidance and Grace.

“Help us to be worthy of the confidence and trust of those whom we represent, and help us to commit ourselves to the good of this world, this nation, this State, our communities, and each other as individuals. And help us, O God, to ultimately place our faith, trust, and commitment in Thee.

“In Thy Holy Name we pray. Amen.”

The Senate meets pursuant to adjournment and is called to order by the Honorable Robert B. Jordan III, Lieutenant Governor.

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of the Nations, we thank Thee for this great land in which we live. Give to us—a new birth of freedom, a new zeal for justice, and a new determination that all citizens of our State and nation may have equal opportunities to enjoy the good life.

"O God of Power, deliver us from pride in our own positions of power in the church, in our local communities, and in this Chamber. Help us to see that all our power and possessions come from Thee; grant that we may always acknowledge that we are accountable unto Thee for the use of the power and possessions which You have entrusted to us as individuals, as ministers, as elected officials, as a State, and as a Nation; and inspire us to be good stewards of our time, influence, and treasure.

"O God of Reason, deliver the members of the North Carolina General Assembly from stubbornness as they seek to work out compromises in the major bills left to be dealt with in this session. Deliver us from party spirit, power plays, and bickerings between the members of the Senate and the House. Grant that reason, tolerance, and understanding may prevail in our committee meetings; inspire us to move with dispatch in settling the differences which exist between House and Senate bills; and give us the wisdom and courage to enact legislation which will be to the benefit of all our citizens—not just special interest groups.

"All this we ask in the Name of our Heavenly Father who desires that we work together in concord, and that we promote love, justice, freedom, and opportunity for all our citizens. Amen."

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

"O God of Strength, we confess that we are tired and weary from the long days of this General Assembly. Give us patience as we deal with one another this day; renew our strength through a time of fellowship with Thee and our families this week-end; and give us integrity and perseverance as we deal with the remaining bills before us in the closing days of our session, next week.

"O God of Healing, work Thy healing powers in Senator Jim Ezzell; give to him renewed strength of body, mind, and spirit; and grant he may soon be restored to perfect health.

July 5, 1985
"O God of Freedom, we thank Thee for the United States of America, and for the freedoms which we enjoy here. Grant that we may never take these freedoms for granted; and help us to work for the fulfillment of the American dream, so that ours may become, indeed, a nation under God with liberty and justice for all.

"O God of Justice, deliver us from that false patriotism, which cries, 'our nation, right or wrong'; help us to see that our nation and all nations are accountable unto Thee for their domestic and foreign policies; give us compassion for the needy and oppressed at home and around the world; and grant that in our land and in all lands that justice may flow down like waters, and righteousness like an everflowing stream.

"O God of Peace, help us to put our trust in Thee and not in weapons of war; give us courage to use restraint, reason, and diplomacy—not force—in the settlement of international disputes; and grant that we may become peacemakers in our local communities, our State, the Nation, and the world—until all your children come to live in peace and good will with one another. Amen."

"O God of Creation, we thank Thee for the land of the long-leaf pine, and for the high honor which has been ours to represent the citizens of this great State during this Session of the General Assembly.

"For those times when we have had the wisdom, integrity, and courage to stand up for our convictions and to take action which was in the best interest of all our citizens, We give Thee thanks.

"For those times when we as pastors and politicians have done less than our best—when we have attacked the integrity of another because his views were different from our own—when we have taken cheap shots at our political opponents—and when we have yielded to the pressure of special interest groups—at the expense of the average citizen—we ask Thy forgiveness.

"O God of Prayer, we pray that these opening moments before the business of our sessions, have not simply been a polite "nod" to God; but a time when we have acknowledged our accountability unto Thee; and when we have sought Your guidance on the important matters before us. We thank Thee for all those pastors, priests, rabbis, and Senators who have led us in prayer; and we pray that each of us may develop our own prayer life and a strong relationship with Thee—which will issue in a life of integrity, compassion, and servanthood.

"O God of Love, we thank Thee for all those who have aided us in our work during this Session of the General Assembly. For the love and support of our families—for the long hours of labor by our secretaries—for the effective work of the Principal Clerk and her staff—for the services rendered by the Sergeant-at-Arms and her staff—for the work of the staff of the General Assembly—for the help of the Journal Clerk, the Reading Clerk, and the Pages—for the leadership of our Lieutenant Governor and his staff—for the labors of the Majority and Minority Leaders—for the leadership of our President Pro Tempore and our Committee Chairpersons—and for all others who have contributed to the success of this Session—we give Thee thanks.

"O God of Wisdom, guide us now in the closing hours of this General Assembly. Inspire us to move with dispatch, but deliver us from hasty decisions and shoddy legislation.

"O God of Power, we pray that You will bless the President of these United States; the Governor and Lieutenant Governor of our State; the Senators and Representatives of our General Assembly; our federal, State, and local officials; and the pastors and people of our great State—with wisdom, integrity, love, and compassion—so that we may become, indeed, a nation under God with liberty and justice for all. Amen."

Senator Harrington for the Rules and Operation of the Senate Committee announces that the Journal of yesterday has been examined and is found to be correct. On his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.
The President extends courtesies of the floor to Malcolm Fulcher, former member of the House of Representatives from Carteret County.

S. B. 532 (Committee Substitute), a bill to establish a State lottery after a binding referendum.

The President of the Senate makes the following statement:

"The Chair would also like to announce to the Senate that under Rule 24 of the Senate, the motion to reconsider says that when a question has been once put and decided, then a Senator who voted in the majority may move to reconsider thereof. It really does not address a tie-vote. Our rules also indicate that anything that is not spoken to directly in the Senate Rules can be addressed by the U. S. House of Representatives—U. S. House Rules. The provision in the U. S. House of Representatives' Rules—it says, the provision of the rule that the motion may be made—in quotations—'by any member of the majority'—end of quote—is construed in case of a tie-vote to mean any member of the prevailing side. So what that means is that in the tie-vote yesterday on the bill on the lottery, the prevailing side being the side that won that vote, being the ones who voted against the bill, those members who voted in the prevailing side or those members who voted against the bill are those who have the opportunity to make the motion to reconsider. That is to me a very clear statement of what the rule should be and the Chair will follow that."

Prayer is offered by Dr. Samuel D. McMillan, Jr., Senate Chaplain, as follows:

“Almighty God, Thou Who are our refuge and strength; we thank Thee for Thy sustaining grace during the long days of this General Assembly.

July 11, 1985
"For strength to persevere—through tedious committee meetings—and through marathon business sessions—

"For grace to deal with the pressures of family, business, and Senate responsibilities—

"For wisdom to discern the essence of an issue, the validity of a bill, and the needs of the people—in the face of pressure from constituents, special interest groups, and political allies—and—

"For courage, to withstand the political heat— and to vote our moral and religious convictions on significant matters—

"We give Thee thanks, O Lord.

"O God of Forgiveness, we ask Thy forgiveness for our sins of omission and commission. For those times—when we have failed to live up to Your expectations of us—when we have compromised principle for political gain—when we have made attacks on individuals instead of attacking the issue—when we have put undue pressure on our colleagues—when we have neglected our families because of our love of politics—we ask Thy forgiveness.

"O God of Grace, bless us now in the final hours of this Session. Give us the grace and courage to do the right thing in our final votes; give us safe trips home; help us to strengthen our family ties in the months ahead; and grant that we may live lives of integrity, joy, love, and compassion—both now and ever more. Amen."

“O God of Moses and of Jesus, we thank Thee for the Ten Commandments and for the Sermon on the Mount—which provide guidelines for our moral and religious conduct. “O God of Strength, give us strength now to persevere in the completion of the tasks that are before us, that we may with all deliberate speed, bring this Session of the General Assembly to a successful conclusion.

"Pursuant to Article II Section 18 of the Constitution of North Carolina, I wish to formally enter my dissent and protest against Committee Substitute for House Bill 922.

"Mr. President and Members of the Senate, I am convinced that Committee Substitute for House Bill 922 is injurious to the public for the following reasons among others:

"1. The pork barrel system as demonstrated by this legislation prostitutes the legislative system in that money is appropriated without consideration of the merits of those various groups who receive the money.

"2. Tax funds appropriated by this bill are used by a few members of the legislature as a tool to attempt to control the votes of members of the General Assembly.

"3. I doubt the constitutionality of distributing public tax funds to private groups, lodges, clubs, and fraternities.

"4. In my opinion, the Pork Barrel System on a national level has contributed to the Federal deficit which has placed our national government on the brink of disaster.

"I now move that this protest be spread upon the minutes of the Journal of this Senate as by the Constitution provided."

-----

It will be noted that a number of bills and resolutions passed second reading and then were read a third time on the same day.

Rule 50 states:

No bill on its third reading shall be acted upon out of the regular order in which it stands on the calendar, and no bill shall be acted upon on its third reading the same day on which it passed its second reading, unless so ordered by two thirds of the membership of the Senate.

In order to comply with this Rule, no bill which has passed its second reading is read a third time except:

(1) when a member moves that the Rule be suspended, and this motion prevails by at least a two-thirds vote of the membership of the Senate, or
(2) when the Chair determines that there is no objection from any member present, which constitutes unanimous consent that Rule 50 be suspended.

In these cases, the bill is read a third time.

-----

It will be noted that when a bill passes its second reading and remains on the Calendar for further consideration, unless indicated otherwise, the measure is placed on the Calendar for the next legislative day.

-----

It will be noted that Rule 20 (2) of the House of Representatives requires that "all measures affecting a fee imposed by the State or any subdivision thereof" are classified roll-call measures for the purpose of spreading the ayes and noes on the Journal. Though the Senate Rules do not require, the Rule of the House of Representatives is honored and the measures are considered as roll-call measures, unless ruled otherwise by the presiding officer.

REMARKS BY LIEUTENANT GOVERNOR ROBERT B. JORDAN III

Congratulations: your taking the Oath of Office and the convening of this the 136th Session of the North Carolina Senate is an important milestone in your lives and in that of this great state. As the 29th Lieutenant Governor, I welcome this opportunity to serve with you.

I want to recognize and welcome the families and guests of the members of the Senate. These Senators are here today because of your strong support, and they will need your support even more in the days and weeks ahead as they deliberate the many important issues that will come before this body.

I also recognize and welcome our other distinguished guests—Members of the Council of State, the Judiciary, representatives of the Executive Branch, and visitors.

This is a very special day for me, and I especially want to recognize my wife, Sarah, my children, other members of my family, and friends, and to thank them for their confidence and support and most importantly for their love.

To stand here before this distinguished body is an humbling experience. I am reminded of those who have preceded me in the Office of Lieutenant Governor and of the contributions that they and the members of the Senate have made to this great State.

We can be proud of North Carolina's momentum. We have made gains in microelectronics, biotechnology, and new jobs. We can be proud of North Carolina's attractiveness
as a place to live and to retire. We can be proud of the steps taken to improve education, of the efforts to help the elderly and those who cannot care for themselves. We can be proud of North Carolina’s history of frugal and responsive government.

Now the opportunity and the responsibility has been passed to us. I am certain that every Senate, every General Assembly, every administration has felt its time to be unique; its problems, the most difficult; its opportunities for service, the greatest.

Certainly this is an exciting time, a tremendously important time for North Carolina. The people of our State have many needs in education, in health care, in highways. Our State has need to develop economically, to provide more and better job opportunities, to maintain its environment.

The first priority must be—our children. They are the future. We must see to their care and well-being. We must provide every child with ‘equal opportunity’ to education regardless of where he or she lives in our State.

Unfortunately, there is not enough money to do all we would like to do. Although the budget approved this Session will total around $16 billion, your deliberations must assure that it is utilized where it will do the most good for the most people without waste and without duplication.

This State’s ability to provide for its future needs is dependent on its economic development. We must look for ways to encourage sound economic development without penalizing local governments, and without depriving citizens of the basic needs of life.

The citizens of North Carolina have elected us to chart a sound and enduring course for the State as it moves into the closing years of this century. We must build upon past accomplishments, and we must utilize the available resources to the fullest as we chart the course for the future.

It has been said that ‘coming together, as we have done today, is a beginning. Keeping together is progress. Working together is success.’ I pledge to you today a willingness to work together with you, with the House of Representatives, with the Administration to do the best possible job for North Carolina.

I pledge to you an open Senate. Each of you will have the opportunity to be heard and to participate fully in the deliberations. The number of committees has been reduced to avoid as many conflicts in schedules as possible, and to allow more time for members to study issues.

I am committed to working with you in cooperation with Speaker Ramsey and the Members of the House, and with Governor Martin and his administration. This is not to say that we will not have differences, we will. But I will work diligently to seek positive solutions that are in the best interest of the people of the state.

All of us, Senators and Representatives, Democrats and Republicans, must remember that our first responsibility is to serve the people of this great State. We asked for the opportunity, but it was the people who have given us their trust. We must uphold their faith in us, and with God’s guidance, we will.

I look forward to working with each of you this Session.
ACCEPTANCE REMARKS:

Mr. President, distinguished guests, fellow senators, my family and friends:

I accept, with heart-felt appreciation, the office of President Pro Tem of the 1985 Senate. You have granted me an honor for which I shall be grateful for the rest of my life.

I have the honor of being the first citizen of northeastern North Carolina to be elected President Pro Tem in 40 years. The northeast is indeed special to all North Carolinians. It is the site of our first settlement, the land of our beginnings, the cradle of the colony. And I am immensely proud of it. But we are one State and one people and I pray that we will always look at ourselves in that light.

I will work with and for all members of this Body. I shall need your advice and counsel, and I will not be reluctant to ask for it. As your President Pro Tem, I will attempt to meet problems head-on when they arise and do whatever I can to see that solutions are sound and sufficient.

I am confident that we will have a smooth and productive session under the guidance of our President, the Honorable Bob Jordan. He is a man of uncommon ability, insight, and fairness and I count it a privilege to be able to work with him.

Our legislative process is really a three-way partnership involving the Senate, our esteemed colleagues in the House of Representatives, and the Executive Branch headed by the Governor. All three in this partnership have a role to play, and I hope that each will respect the other’s position.

For the second time in this century, the legislative leadership and the executive leadership are from different political parties. Differences are bound to arise, but we can disagree without being disagreeable. I think I speak for all members of this Body when I say that Governor Martin’s proposals will get all due consideration. After all, we are all working toward the same goal—a better life for all of the people of our great State.

To you freshmen members—a special greeting—welcome to our midst and to the membership in one of democracy’s truly great legislative bodies. The Senate of North Carolina is an ancient and honorable institution. It is the upper chamber of the most powerful legislative body in America. You incoming freshmen will find that we are a close-knit group of men and women who share friendship and respect. You will also find that we must take our responsibilities seriously and give each and every measure before us thorough and careful consideration.

One main factor that will affect this Session is the economy. The economy, of course, directly affects our State budget and revenues. Some experts are forecasting a slide in the economy this year and some just the reverse.

So we will be challenged to use our resources in a sensible manner—to give the people what they want at a price they are willing to pay and to base all our decisions on what will produce the greatest good for the greatest number.

I hope that when our work is done several months from now, all 50 of us who occupy seats on this Floor will have made a meaningful contribution to good government in North Carolina. Working together, we will write a record of achievement that will reflect favorably upon this Senate and upon the State of North Carolina.
Let's approach the Session with our eyes open and our sleeves rolled up. And let's conduct a Session that will leave an imprint that will last for all time to come.

Thank you very much.

NOMINATION OF SENATOR KENNETH C. ROYALL, JR.  
SENATE MAJORITY LEADER

ACCEPTANCE REMARKS:

Mr. President, Honorable Members of the Judiciary, distinguished guests, my fellow Senators, ladies and gentlemen:

My sincere thanks to Senator Harris, Senator Rand and Senator Bo Thomas for their kind remarks. My heartiest congratulations to President Pro Tem, Monk Harrington; Principal Clerk, Ms. Sylvia Fink; Reading Clerk, Mr. Leroy Clark; and Sergeant-at-Arms, Gerda Pleasants.

It is with humble heart and a deep sense of gratitude that I accept the position of Majority Leader of the Senate. To know that I have your confidence is a source of great personal satisfaction to me. I will make every effort to justify your trust and to serve as best I can the interests of this Body and the people of our great State.

We should proceed no further without recognizing our outstanding leader, Lieutenant Governor Jordan. We are fortunate to have a man with his experience, ability and sincere dedication to the public good to serve as President of this Senate Body.

Working behind this great man you will find a very dedicated staff and I would like to ask each of them to stand as they are recognized: John McMillan, Legal Counsel; Brenda Summers, Director of Communications; Rachel Havnaer, Special Assistant for Administration; Wayne Loftin, Administrative Assistant for Constituency Services; Judy Britt, Administrative Secretary for Lieutenant Governor; Ellen Stainback, Staff Assistant; Betty Taylor, Staff Assistant; Laura Bingham, Administrative Assistant for Policy; and Mr. John A. Williams, Senior Staff Advisor, who could not be with us today. Let's give them a hand.

I also want to especially recognize someone else who will be working closely with the Lieutenant Governor and with each one of us, our President Pro Tem, Senator Monk Harrington. He has many years of valuable experience and expertise to share with us and will be a great leader. I would like to recognize Senator Harrington's able Special Assistant, Joan Leatherman. My right arm, Loraine Newsome, will be in my office and we hope you will call on us at any time that we can be of assistance to you.

As legislators, we face a number of uncertainties, not the least of which is the economy. We also have many responsibilities. But I submit that none is more important than education. Unless our people acquire the knowledge and skills they need to make their way in life, our entire economic structure is adversely affected. North Carolina has a great tradition of being fiscally responsible and giving better government to all its citizens. As long as we work together as a team, we will continue that great tradition.

To serve as Majority Leader is indeed a challenge. I accept this challenge with you, my colleagues, the great people of North Carolina, my caring and understanding wife, Julia, and my family.
With two outstanding leaders, Lieutenant Governor Jordan and President Pro Tem Harrington and their staffs, I am sure we will move forward in 1985 to provide better programs and better government for all the people of our great State. Working together we can keep North Carolina the number one State in the Nation. With God's help, we can accomplish this.

Thank you from the bottom of my heart and God bless each one of you.

**REMARKS BY SENATOR WILLIAM W. REDMAN, JR. MINORITY LEADER**

Mr. President, and ladies and gentlemen of the Senate:

I would like for each and every one of you to know that we are not necessarily here in an adversarial role as a minority group. What we are here as is a group of people who are concerned about North Carolina. We are concerned about the same things that your Majority Leader has just mentioned and that you, Mr. President, mentioned earlier. Those same concerns affect us, too. We may have different ideas about their path to get there, and we would like to have an open and free debate to discuss them with you, and I am sure that we will be provided that as time goes on.

Coming from the Ninth Congressional District, though, Mr. President and ladies and gentlemen of the Senate, I have had the pleasure, too, of working in that area and having our present Governor serve as my Congressman for a number of years. I would like for each and every Member here to know that we do have an outstanding gentleman in the Governorship at this time. He is a man of great compassion, a man who truly is concerned about people, the little people as well as the big people and the middle people. That's the type of person he is. If I had to give one shortcoming that he might have—and I think it's a terrible thing that we today would call this a shortcoming—he believes that there is a little bit of good in everybody, and being Governor, he is liable to find out that may not be true all the time.

But I look forward for this Session, Mr. President, my colleagues, to working with you and with the Governor for a better North Carolina. Thank you.

**STATE-OF-THE-STATE ADDRESS**

by Governor James G. Martin

Mr. President, Mr. Speaker, Members of the North Carolina General Assembly, your distinguished guests and fellow North Carolinians:

Nearly eight weeks ago, on a cold Saturday morning, you honored me with your presence for my inauguration and kindly received my remarks at the time regarding the unity of our State. Today you have honored me again, with this opportunity to address this Joint Session on the State of the State, and to present my first biennial message.

In many respects, our State and its economy have shown strength and resilience. We
continue to see improvements in retail sales, in wages, relative to inflation, in productivity, in housing and other construction, in new investment and in overall optimism. At the same time, there are strategic weaknesses in many sectors. The strength of the United States dollar has generated a severe, chronic trade deficit, as cheaper imports flood American markets and our exports are priced out of the foreign markets. This threatens our vital textile and apparel manufacturing in North Carolina, as well as our tobacco stabilization program.

At a time when our economic development resources have been focused on recruiting new industries, especially in high technology and services, an effort I intend to continue, I have added a new commitment to emphasize also the need to sustain our existing, traditional industries. I intend to be measured not only by the familiar yardstick of success at recruiting new investment, which is relatively easy and seems now destined to reach new heights, but also by the more difficult standard of how well we help sustain existing industries. For that reason, I have established a new program under an Assistant Secretary of Commerce for traditional industries to coordinate our efforts to support these industries that have been historically important to our job market.

It is for this reason also that my proposals to phase out the intangibles tax and inventory tax, and to replace any lost revenue for local governments, are so eminently justifiable. At the same time, our pattern of unemployment in North Carolina, which clearly correlates with rural border counties, is a compelling argument for eliminating these virtually unique, self-inflicting handicaps on North Carolina businesses and the jobs they provide. We are indeed fortunate that many profitable businesses can prosper in North Carolina; we are unfortunate that too many, marginally profitable businesses cannot. When that investment goes elsewhere or goes under, it is our workers who pay a “hidden tax” of unemployment.

In past years, the majority of you favored efforts to repeal these taxes. It was never possible to do so before because the recommended budget proposed to spend all the accelerating revenue growth. With this Governor, that will not be a problem, because my biennial budget for fiscal 1985-87 will not spend all the growth in revenues, reserving enough to give tax cuts to you, our people. The plan I submit to you fulfills my chosen obligation, endorsed by the voters of this State by a larger total vote than any other North Carolina candidate has ever received, to use part of that healthy revenue growth for a timely tax cut, so that we give part of it back to the people.

My plan will include not only these two strategic anti-jobs taxes, beginning on January 1, 1986, six months earlier than my proposal of last October, but also the elimination of the 3% State sales tax on food and non-prescription medicine at the point of sale. My plan shows that this is feasible not only for the 1985-87 biennium, but also for the following two years until the last stage of relieving the inventory tax is complete beginning January 1, 1988.

Today those three taxes extract $340 million a year, not to mention the corollary cost in lost jobs and buying power. If continued, by 1988 they would rise to almost $500 million. By adopting my schedule for phasing out these taxes and phasing in these cuts, you can save our taxpayers the combined four-year total of almost $1.2 billion in reduced taxes. That will greatly improve their buying power and savings rate.

And it can be done, as I will show you, without cutting any existing programs, although because of a specific belief and commitment, I do propose to greatly reduce funding for abortions, by eliminating payments for elective abortions.
SALES TAX ON FOOD AND MEDICINE

I propose to eliminate only the 3% State tax on food and non-prescription medicines, without affecting the local sales tax on these items. The State 3% tax would cease to be collected for all food items purchased in retail grocery stores for home preparations. It would continue to be collected for food services, restaurants, carry-outs, and ready-to-eat home deliveries, as well as some vending machines. Of the 46 states which have a sales tax, 28 exclude food from the sales tax, and two provide some relief from the food tax through a credit. Only sixteen (16) states tax food.

Other groups of citizens, merchants as well as consumers, have a legitimate interest to express to you as to how this tax relief on life’s necessities can best be implemented.

Let me make clear that my essential goal is to relieve a tax burden of $178 million a year. How to do it is of secondary importance, but I would not dodge that issue, and I have told you how I would propose to do it: just stop collecting it, like dozens of other states.

INTANGIBLES TAX

Let me talk about the intangibles tax. Eliminating this irrevered “nuisance tax” will greatly boost the attractiveness of North Carolina to investors and retirees who have substantial assets. That will remedy a severe problem in that our State is now capital deficient. It will also deprive local governments of $87 million in 1987-88 which is remitted to them from the North Carolina Department of Revenue unless it is replaced.

To offset this lost source of revenue, I propose to distribute a like amount of money to the localities from excess State revenues. Each county would get a fixed share in 1987. The amount would increase each year at the same rate as the State sales tax (adjusted to prevent any penalty arising from the elimination of the food and medicine tax). Historically, the intangibles tax has increased at an average rate of 9.3%, while the sales tax has grown at a 9.3% rate. Other formulas were considered, but this one has the profound advantages that (A) no county or its municipalities will get less than each receives from its own prior share of the intangibles tax; and (B) the future will be as bright as before because of tying the replacement revenue to the growth of the sales tax.

BUSINESS INVENTORY TAX

Let me talk about the business inventory tax. My proposal is to make a 50% rebate to businesses for the tax year beginning January 1, 1986, continuing in 1987 and then going to a 100% rebate on January 1, 1988. Those businesses having a tax liability for that or any subsequent year could elect a tax credit instead of a rebate and realize an earlier cash flow advantage.

With these tax cuts on schedule, revenues will continue to grow, but to the extent of 23% over the next four years instead of a 33% increase were there no tax relief. Once again, the important thing to keep clearly in mind is that our objective is to cut those taxes.

BASE BUDGET

As the accompanying charts will show, this can be done without reducing any continuation level of funding for any program in the base budget. That means that for all programs but one, I propose funding at levels that will continue to present levels of service. In a few instances, identified in the appendix, present levels of service are possible at reduced cost, so those savings are incorporated as “Adjustments to Continuation Budget.” For example, a reduced reimbursement allowed for use of one’s personal automobile is appropriate in light of reduced fuel costs from the peak years for which current allowances are pegged.
ABORTION

I propose to continue limited state funding for abortions only for those cases involving rape or incest, which are promptly reported, or where two medical opinions agree that continuing a pregnancy to term would endanger the life or physical health of the pregnant woman. Some would view such limited exceptions as amounting to "self-defense." Other abortions of an elective nature would not be financed by State funds.

Otherwise, my budget allows for continuation of all existing government services and programs. During the course of the next year, my new administration will be examining existing programs to find areas for savings, that is, during this coming year. We expect that my newly announced Efficiency Study Commission, chaired by Mr. Tom Storrs, will identify many improvements that we can implement administratively. Others will require legislation. You can be sure that I will want to share as many such ideas with you as quickly as I can.

This means, then, that my tax cut proposals will not necessitate any further spending cuts in existing programs. To the extent any are proposed later, by you or me, on their own merits, that will certainly free up flexibility for some new spending or reserves, a rainy day fund or the like.

EXPANSION, NEW PROGRAMS AND PAY INCREASES

My tax cut proposals will still leave room for major improvements. Previously, I had indicated to you in my acceptance of your kind invitation to speak that my specific proposals for the expansion budget and compensation improvements would be presented to you just a few legislative days after the biennial address. Indeed, I have completed those recommendations and will be ready to share the itemized specifics with you on Monday.

Accordingly, I have indicated to the Speaker and Lieutenant Governor, the Speaker Pro Tem and the President Pro Tem, that I am prepared to appear before a joint session of the full Appropriations Committee convening on next Monday evening at 6:30 in the House Appropriations Committee room. This would be a less formal situation suitable for our purposes in a location that can accommodate the attendance of all members. That will be an historic innovation for presenting to you and the people of North Carolina my specific recommendations for improvements.

These can be summarized at this time as providing expansions, compensation improvements of 5% or more in each year and capital outlays totaling $519 million in 1985-86. For 1986-87, my proposal provides $760 million in improvements over this current fiscal year.

For the biennium, instead of spending the entire excess revenue, I propose $1.28 billion for program improvements, along with $328 million in combined tax cuts.

What that means is that, thanks to the same healthy revenue growth forecast which Governor Hunt presented to you in December, there is room to use most of it for improvements in State programs, and use a smaller part of it to cut taxes as I have proposed, and do that without having to cut any existing programs except the ones I have already identified.

It can be done. And it should be done.
Now, some have already raised the specter of possible federal budget cuts. If the Congress of the United States were somehow to enact a fiscally responsible federal budget and reduce the growth of federal spending, it would so strengthen our economy that we would have no great trouble financing those lost programs that we would agree on the need to keep as a state responsibility. It is then simply not realistic to postpone our overdue tax cuts on the remote, hypothetical possibility that federal spending is going to be cut substantially.

The question before us is not really whether Congress might surprise us and cut spending. The question is whether we are going to take all of that revenue growth over the next four years and spend it all—or whether we are going to give a fourth of it back to our taxpayers.

Let me point out, for example, that many of the so-called federal cuts are, in reality, just smaller increases than some would want. For example, what the National Governors' Association claims to be a 13% "cut" in Medicaid for North Carolina means in fact that we get only a 15% increase in place of a 28% increase!

Keep in mind that there are several significant factors that serve to protect their budget proposals that are not reflected in the numbers I've shown you on what I've commented on, so far. For one, there is the efficiency study with a potential saving upwards of $200 million, none of which is yet projected in my budget (nor should it be until we receive the specifics). If that achieves one-half of its potential, it will more than offset the federal cuts in state programs. For another, there is the likelihood that my strategic tax cuts will generate more investment, more jobs, more tax base and therefore a stronger budget balance. Nothing of this secondary supply-side effect is reflected in my revenue projections, however, for they use the same cautious, static assumptions that predicted little economic growth in 1983-84 after President Reagan's tax cuts. You will be pleased to note that no mirrors have been used; no prior year reversions after 1985 and 86; and no non-recurring funds for recurring expenses.

But if you want a bigger cushion in the budget numbers for a specific "rainy day fund" greater than the annual balances I've shown, I will be happy to work with you to identify where cuts might be made in the base budget. This proposal reflects my belief that none are needed to accommodate the tax cuts.

OTHER LEGISLATIVE INITIATIVES

I am pleased to use part of this time to put before you a select number of other legislative initiatives for which I respectfully invite your consideration. You will recognize in them some ideas that many of you have championed in the past. My purpose is not to usurp your leadership, but to add my support along with modifications I believe are desirable.

EDUCATION

The greatest number of funding improvements in my budget over this current year, as well as the majority (60%) of the dollars budgeted for improvements are for education. That is as it should be. Public schools especially represent the greatest area of need. These improvements will be documented in detail on Monday evening. Let me emphasize for now that I propose salary improvements for certified and non-certified personnel, a two-step reduction in class size for grades seven through nine, remedial summer school for third graders scoring poorly on the competency test, the Teacher Advancement Center at Western Carolina University, and microcomputer laboratories to completely establish your computer literacy initiative for our schools.
In addition, I wholeheartedly endorse the start-up of the Career Ladder Pilot Program to develop incentives for better pay for better teachers. Almost no one closely associated with this vitally important experiment is advocating that the results of only the one year of pilot development should be promply imposed statewide in 1986-87. The consensus, with which I agree, is that at least a second year and maybe a third will be needed to work out the organizational and preceptual difficulties of so profound a change. We must not force this prematurely if we want to build confidence both inside as well as outside the classroom. I, therefore, propose to fund it in 1986-87 at the level needed for the second year of a two-year pilot program for the initial sixteen (16) school systems. Without prejudging 1987-88, I have reserved an additional amount for that and the subsequent year in the general reserve for compensation improvements the amount needed for full statewide implementation of the career ladder beginning in the fall of 1987.

In all, I project over the biennium $116 million in improvements for our public schools, with $75 million of that coming in the first year.

THE YEAR OF THE CHILD

One of the most gratifying developments in this Session is the emphasis which so many of you have given to the problems of the abused, abducted and victimized children. Many of you have highlighted this as the “Year of the Child.” My wife, Dottie, has promoted family awareness of child safety practices all across our State. I hope that you will welcome me to this crusade. Accordingly, I am proclaiming that for North Carolina 1985 is “The Year of the Child.”

My administration, working with Dottie, Senator Hipps, Representatives Easterling, Keesee-Forrester, and others, has put together an eleven-part package of firm measures for dealing with the tragedy of abducted, lost, disappeared or otherwise missing children. That will be submitted to you as my Missing Children Act of 1985.

A companion bill, the Child Protection Act of 1985, proposes seven important steps to combat the exploitation and sexual or other physical abuse of our children. It also provides for videotaped testimony of children to be admitted as evidence in criminal trials, to at least minimize the further traumatization of victimized minors.

Together, these two bills will move North Carolina well into the forefront of states in responding to the modern horror of at least 50,000 American children disappearing every year without a trace and many thousands more brutalized and murdered.

You are to be commended for your progress in earlier years and the leadership so many of you have taken in these areas. Let’s push ourselves to get all the basic protections in place this year.

Let me add that in my budget improvements I have proposed additional support for prevention of pregnancy, prenatal care and more adoption (and less abortion) as a plan for dealing with the problem of the unwanted pregnancy.

DOPE FAST

The rising tide of drug traffic assaults us almost daily as more and more families find themselves infected by this epidemic plague. It is widely recognized today as nothing less than a terrorist invasion of our very homeland, and it is time for us to declare war on those who seek to destroy us by psychochemical guerilla warfare.

I repeat my 1984 proposal for a Drug Observation, Prevention and Education (DOPE)
Program to interdict the international supply routes, catch the dealers and their suppliers, and educate our young people to the horrible danger they face. We must work on both the supply and the demand. We must employ modern surveillance, including our most sophisticated military assets. We must double the number of undercover agents, as Attorney General Thornburg and I separately and jointly have proposed. And we must bring families and school together (FAST) in a community effort to rescue those who have begun a chemical dependency and to help others to avoid this fateful step.

I will share with you briefly four more initiatives before closing this address.

OPEN MEETINGS

I am submitting to you legislation to tighten up certain exceptions to the Open Meetings Law and to provide for nullification of official actions taken in unlawfully closed meetings of public bodies. This legislation was inspired by, and tracks earlier proposals by, Senator Ballenger.

It is time for us to assure the people that (with few justifiable exceptions) public business must be done in public. Already we have demonstrated that the Council of State and the Advisory Budget Commission can function very well and meet their responsibilities with only a modest additional burden of time. If anything, members of these important bodies find greater assurance that their views will be less misrepresented when they can speak for themselves rather than risking having an adversary characterize their participation after a secret session.

In a time of bipartisan government, both our rivalries and our collaborative efforts deserve the public confidence and awareness of open meetings.

STATE PERSONNEL ACT AMENDMENT

I have previously announced my commitment to State employees to reduce the number of State jobs that are exempt from the protections of the State Personnel Act. In fact, my Senior Assistant for Personnel Policy has begun a review with all my Cabinet Secretaries of the 1,529 individually exempt positions in our Department. By law, those designations can be added or subtracted at the discretion of the Governor, provided notice is given. I intend to make substantial reductions in the number of such exempt positions, and deeply appreciate the forbearance of the General Assembly until that review is completed. Most understand and agree with the absolute need for a new Governor to make key managerial changes, without which one cannot govern.

I submit to you a related measure, which I expect you will welcome and enact with suitable dispatch. I am proposing that for all other personnel, that the initial trial period until their rights are vested in the State Personnel Act be reduced from five (5) years to three (3) years. Democrats and Republicans and Independents alike, our new employees can understand a reasonable “apprenticeship,” but reducing that to three (3) years and keeping it there will vastly reduce unnecessary political pressure. I believe that after a three-year vulnerability, they are entitled to full protection so that they can settle down to do their job with pride.

I am also particularly interested in the initiative introduced by Representatives Jones, Warren, Allran, and Anderson to put teeth into legislation to protect State employees from being coerced by their supervisors into making involuntary campaign contributions.

MERIT SELECTION OF JUDGES

It is becoming increasingly clear that many leaders in the legal profession are concerned
about our process for selection and retention of judges in our State courts. Chief Justice Joseph Branch and I have proposed a plan which we believe deserves serious consideration. It would modify the plan established in Missouri, which would improve the merit selection and retention of judges. In the weeks to come, we will be calling attention to the advantages of such a system.

**VETO POWER**

I am convinced also that it is time for serious consideration of a Constitutional Amendment to grant the veto power to the Governor of North Carolina. Let me just leave three (3) points with you:

1. The Constitutional system of checks and balances between executive and legislative branches of government has been so successful in America that every other state has enshrined it—and every one of the original thirteen (13) colonies has long since overcome any residual phobia against royal governors in the two centuries since they were driven from our shores. Is our system so enviable that even one other state is moving to revoke veto authority?

2. As several editorial commentators have observed, there is, after all, a responsibility which we alone in North Carolina do not require of our Governor: The obligation to be involved in some degree of leadership on every important issue of the State, and be held accountable for his views. That is a profound point worth considering. You and your predecessors have experienced days of high honor when you have risen to confront a difficult issue, to meet it head on without your Governor sharing that public burden, other than whispering words of encouragement from the cool shade while you had to take the heat.

3. Check it out and you will find that the people of this State are ready for it. You have under consideration another constitutional amendment to repeal gubernatorial succession after the next election. While I have no self-interest in that issue, I do question whether the people are ready to change it back after only one experience. They will care little whether it is a bottleneck to ambition. Yet, I see nothing wrong with placing that question before the people, along with the veto amendment.

Think about it. Really think about it. Can we not do more of genuine value for North Carolina if we are compelled to share responsibility and accountability for the tough decisions through a system that works in every other state? Is it really so uniquely and exclusively alien to North Carolina?

Distinguished members of the North Carolina General Assembly, you have honored me with your attendance and your attention to these thoughts. In coming months, as you react to and speak of these proposals—and you will—be confident in the assurance that I have prepared and brought them to you in a sincere commitment to work honorably and cooperatively with you. I will do my best to try to fulfill the kind of leadership that the people of North Carolina expect from their Governor. And I will always do my best to respect your jurisdiction and prerogatives so as to help you carry out the kind of responsibility that they have come to expect from their Legislature.

If, together, we can just reaffirm those vows and endeavor to keep them, the people of North Carolina are going to be well-served during these coming years.

Thank you.

Re: Roanoke River Basin Litigation With Hampton Roads, Virginia; Request for Appropriation  

Dear Representative Watkins:  

After consultation with the Attorney General and his staff concerning the above-captioned matter, and pursuant to N.C.G.S. Section 143-15, I request that appropriate legislation be introduced to the end that $500,000 may be appropriated immediately for the purposes of this litigation.  

It is understood that the litigation, which has been under way for several months and involves complex litigation in three federal court forums, has reached a critical juncture from the standpoint of this State. Funds are needed immediately to fund expert witness research and preparation and for attorneys fees.  

The appropriation should be broken down between the Department of Justice and the Department of Natural Resources and Community Development in accordance with their immediate needs. It is understood that Department spokesmen will give you these figures.  

Should further assistance on my part be desired, please let me know.  

With best personal regards, I am  

Very truly yours,  
S/ James G. Martin
