In accordance with law, as set forth in the Constitution of the State of North Carolina and G.S. 120-11.1, the Senate of the General Assembly of North Carolina assembles this day at the hour of 12:00 Noon in the Senate Chamber of the Legislative Building in the City of Raleigh.

The Honorable Beverly E. Perdue, Lieutenant Governor, calls the Senate to order.

The President extends privileges of the floor to the spouses of the Senators-elect and to the individuals invited by a Senator-elect and requests that they be seated beside their spouse or host.

The President recognizes the Sergeant-at-Arms of the 2003 Session of the General Assembly who announces the presence of the members of the Judiciary and the Secretary of State at the doors of the Senate. The President directs the Sergeant-at-Arms to open the doors of the Senate and to escort the members of the Judiciary and the Secretary of State to their seats.

The Chair directs the Sergeant-at-Arms of the 2003 Session of the General Assembly to open the doors of the Senate and to escort the members of the Durham Police Department Choir, Durham, North Carolina, to the Well of the Senate.

The Chair introduces The Reverend Mike Morris, who is serving as Senate Chaplain for the 2005 Session of the General Assembly, who offers prayer as follows:

"Dear Lord, in the gospel of Matthew's account of the Parable of the Talents, a wealthy landowner, before leaving on a journey entrusts the equivalent of five thousand dollars to one of his employees, two thousand to another, and one thousand to the last. Upon the landowner's return from his trip, the workers with five thousand and two thousand dollars had invested and doubled the landowner's resources. Needless to say, he was pleased. But the servant with one thousand dollars had buried his money, fearing that he might lose what had been given to him. The landowner rebuked this employee for his fearfulness.

"Look around this Senate Chamber, O God. The men and women here are not talent buriers. They are risk takers! Each of them has put much on the line to be in this place. They sacrifice time with family and friends who support and surround them here today. They give up some anonymity and find themselves instead under the watchful eye of public scrutiny."
"Most of us cannot understand all the emotions they must feel attendant to such a day.
"But I pray that the risking attitude that has brought them to this place will not be checked at the door now that they are here but will be present every day as they execute their duties in the Senate. Then, when the final gavel sounds, they will also hear Your still voice saying, 'Well done, good and faithful servants!'
"In Your Holy Name we pray, Amen."

**PRESENTATION OF THE COLORS**

The Chair orders the Sergeant-at-Arms of the 2003 Session to open the doors of the Chamber for the presentation of the Colors by the Pisgah High School Navy Junior ROTC from Canton, North Carolina. *(See Appendix.)*

**PLEDGE OF ALLEGIANCE**

Led by the Lieutenant Governor, the Senators-elect, distinguished guests, and all of those present remain standing and pledge allegiance to the flag of the United States of America.

**NATIONAL ANTHEM**

The President recognizes the Durham Police Department Choir who sings the National Anthem.

*The President of the Senate extends privileges of the floor to Dr. Zane T. Walsh, Jr. from Fayetteville, North Carolina, who is serving the Senate as Doctor of the Day, and to Pet Pruden from Wilson, North Carolina, who is serving the Senate as Nurse of the Day.*

**CALL OF THE ROLL**

The Chair directs the Reading Clerk of the 2003 Session to call the roll by Senatorial District, and the following Senators-elect appear with the proper certificate of election received from the Secretary of State, The Honorable Elaine F. Marshall:

ORGANIZATION OF THE SENATE

The President announces that the Senate stands ready to proceed with the election of officers, and declares the floor open for nominations for President Pro Tempore of the Senate, pursuant to Article II, Section 14(1) of the North Carolina Constitution.

The President recognizes Senator Hoyle who offers the following nomination and remarks:

“President Perdue, fellow Senators, friends, it is indeed a distinct privilege to nominate Senator Marc Basnight for another term as President Pro Tempore of the North Carolina Senate. Although Senator Basnight hails from the beautiful Outer Banks, and you won’t have to talk with him but for a moment or two to figure that out, his vision encompasses our entire State. He has personally driven many times from Manteo to Murphy, the old saying we’ve heard so many times, but he is stopping, literally, at every nook and every cranny to talk and to chat with the people from all walks of life along his way. It may be a farmer in a field or a person filling their car with gas or a waiter in a diner or folks in a small, rural schoolhouse. Now I’ve seen this firsthand because two years ago I happened to hitch a ride with him to go to the Outer Banks. I will say I’ll never do that again! The trip that should have gotten me to the Outer Banks in about three hours landed me there about seven hours later. Due to all the detours and the unscheduled stops and conversations that he made, it took forever. I didn’t believe I was going to live long enough to get through the trip!

“But every North Carolinian is important to Marc Basnight. He represents and serves all citizens of this wonderful State, regardless of their station in life and he does that with a passion that is unsuppressed by any of us or by any of his predecessors. These travels are done, I believe, with a calculated purpose. It allows Marc to see firsthand how the decisions in Raleigh affect the lives of ordinary people and typical communities across our State. These unplanned, unscheduled visits keep him in touch and in tune with the reality of day-to-day living in North Carolina. In the western part of North Carolina, he was a key force in helping establish a regional healthcare facility that will be a model, hopefully, for aging, wellness, and geriatrics care. In the Triad, he pushed hard to promote biotechnology and to bring new employers like Dell and Federal Express to this area. Along the coast he has worked to protect our beautiful beaches from erosion and from pollution to ensure that future generations will enjoy the beauty, as well as the bounty, from the sea. In the City of Charlotte, or as we affectionately call it here in Raleigh, the great State of Mecklenburg, he has worked tirelessly to help leaders ease transportation problems and has supported the social, the cultural, the business infrastructure that makes Charlotte a crown jewel for this Tarheel State. He works nonstop to bring help to our small rural communities to provide the tools that they need like water and sewer and infrastructure, to help their economy and help their communities grow. Marc Basnight’s great passion and vision for North Carolina has helped

January 26, 2005
to make this a better place to live, to work, and to raise our families for every community and every person in our State, regardless of where they live or whatever their station in life might be or what political party they belong to. As leader of the Senate, Marc Basnight has trusted us and challenged us to be leaders, as well. He relies on us to make the right decisions for the people of North Carolina. He consistently challenges us to help make our initiatives stronger and our State more progressive in improving our schools, our community colleges, our universities, as well as reforming our government to make it work better and to be more responsive to our citizens. Everyone who knows Marc Basnight knows he is loyal, he is faithful, he is honest and trustworthy. He is a personal friend to us all. These are traits that I deeply admire and respect about Marc. These traits are visible to his colleagues, but they are also readily witnessed by others who meet him as he travels the highways and the back roads of this State. The hallmark of his leadership is his readiness to put personal or partisan differences aside and to work with anyone who is willing to roll up their sleeves to get the job done because his ultimate loyalty is to this great State of North Carolina and her people.

“Now, with this all said, the purpose at hand, ladies and gentlemen of the Senate, I am honored and pleased to nominate Marc Basnight, a friend of yours and a friend of mine, for another term as President Pro Tempore of the North Carolina Senate.”

The President recognizes Senator Malone who offers the following nomination and remarks:

“Thank you, Madame President and my fellow Senators and friends. I am pleased, I am just excited to have the opportunity to second the nomination for Senator Marc Basnight to become the President Pro Tempore of the Senate of North Carolina of the 2005 Session. It is a real honor to me to be able to speak on Senator Basnight’s behalf. Most of you know I’ve been here only a short period of time, but it does not take eons; it does not take forever to identify and to recognize strong, positive leadership, to recognize a man of his word. That’s what I personally have found Senator Basnight to be. He demonstrates his love for the State of North Carolina and he leads us; he encourages us to do the kinds of things that are for the benefit of the entire State. Now running this Senate is obviously a tough job. I’m sure it is, but Senator Basnight gives the time and effort – I imagine he gets terribly frustrated sometimes - but he gives the time and the effort. The doors to his office are always open for those who wish to go and have conversation with him, and he listens. When you talk to him, you know he is listening to you. It is not a perfunctory thing where he is really talking to you and looking at somebody else. He cares deeply about the tradition of this Senate – the legislative process. That’s why he challenges us to work diligently to keep this State moving forward. He does, indeed, have time for people. Personal incident, my wife, Susan, and I were at a big store here in Raleigh some years ago before I became a member of this Senate, and Senator Basnight was there, and the thing that moved me about that encounter was that

January 26, 2005
he was raising questions with people from Wake County about what they thought this State could be and how best we could improve it, and, Senator, there’s not one vote in Wake County for you because I want all them for me.

“Madame President and members of the Senate, I believe it is time for action. So I move that the nominations be closed and that Senator Basnight be elected to the office of President Pro Tempore of the North Carolina Senate for the 2005 Session.”

Senator Malone offers a motion that the nominations be closed and that Senator Basnight be elected President Pro Tempore by acclamation which motion prevails.

The President declares Senator Basnight duly elected President Pro Tempore and appoints Senator Soles, Senator Lucas, Senator Garrou, Senator Hagan, Senator Clodfelter, and Senator Albertson to escort the President Pro Tempore-Elect to the Well of the Senate. Senator Soles presents Senator Basnight to the President. The Sergeant-at-Arms escorts Senator Basnight's daughter, Caroline Basnight Shannon, to the Well of the Senate to join him as he receives the Oath of Office. The Honorable Todd W. Tilley, District Court Magistrate of Perquimans County, administers the prescribed Oath of Office.

The President recognizes Senator Marc Basnight, President Pro Tempore, who addresses the Senate from the Well of the Senate and offers the following remarks:

“Thank you, thank you, thank you, a very humbling experience to say the least. Senators Hoyle and Malone, I thank you but didn’t hear what you had to say, but I will. To my escort committee, to very special friends in this Senate joined together and most especially to all members of this North Carolina Senate, we are embarking on a huge opportunity to make life richer and better for all people. To the friends and the family, my wife, my family, your family, all people gathered here today on a very special occasion, welcome. General Charlie Hagan, a two-star general who served in the Marines in World War II in the Pacific Theatre, today you represent every soldier who has ever served this Country and who are serving in conflict today, so a standing ovation for General Hagan.

“To my Lieutenant Governor, to your Lieutenant Governor and to the best Lieutenant Governor in this whole Country I thank you for being fair, generous, and caring and having concern for all the people of this great State.

“Some twenty plus years ago I met a man in the outer banks who informed me I knew very little about this State, and I was running for the State Senate and why was I running he questioned me. I said well, maybe I could help a fisherman or maybe I could help the tourist industry. Well, to him that was not good enough and you know, he was right. It was not good enough for any of us today who enter as a new member, from whatever piece of geography you come from. But he gave me so much and he has given you so much as well. Never has he really received the awards that he should, never has been nominated as the greatest that there is and never would he ever accept it, but our public schools, our universities, our community colleges, or State would not be as rich

January 26, 2005
or as prosperous as it is today were it not for a man who is getting up in numbers and, hopefully, he’ll be able to come back every two years for years to come. But I want you to give thanks to a very special friend of yours, Walter Davis. He is a Republican, by the way!

“North Carolina has made a lot of progress in years past and you are probably more responsible for that as anyone else, this Senate. We all talk about One North Carolina but you know and I know there’s not One North Carolina and there are differences and problems in all regions of our State. As you go through our cities, you see congestion and see the difficulties of getting around as a pedestrian or driver of a car or someone carrying freight in one our trucks to one of our businesses. So the roads are overcrowded, our schools are overcrowded. There are trailers upon trailers upon trailers in the yards of the public schools in North Carolina. You go through sections of our cities and you see the despair, the loss and the tragedies of human life not succeeding. Places where you don’t even want to go into at night. So things are not just right there. In the rural communities, when we went through Tabor City or Chadburn, I believe it was, and you said for the first time in your life you saw a man sort of bent over. He had given up in life, there was nowhere to go to work, nothing to do. The town was boarded up. I’m not picking one particular town. You can go to many and in rural North Carolina the opportunities and chance to succeed is not there today. They lack the infrastructure that is necessary to put them on a level playing field with the more prosperous places of this State. One of those is where I live in Dare County and the Outer Banks. Tourism has been good to that community as people come in to work in the different trades. But if you leave that community and go to Hyde County, you see despair again and you wonder why is it such as this. Why is it that people have nowhere to work, to provide for their families, and to be able to give back. Well, they lack the roads, they lack the water, they lack the sewers, they lack the infrastructure, they lack the educational opportunities that bring the One North Carolina we dream of. Yesterday, talking to the mountain senators, we were concerned about what the future held unless we made a quick appropriation to fix the area back up, to repair the damage that occurred from a hurricane and a second hurricane. Villages are struck down with no one living in the houses – they are a wreck. There is debris and trash littered across the mountainsides of North Carolina as well as in Eastern North Carolina still left behind from storms from natural disasters. Is it that we look at this session and not consider having enough resources to prepare for natural disasters and having the reserves that are necessary to protect those found in harm’s way and to build back a North Carolina that would give deserving opportunity to all people. All of us in here work awfully hard to give a chance and an opportunity for our children. We want them to succeed, each and everyone. We want the grandchildren to succeed. We want them to have good jobs with good benefits; we want excellent education for our children; we want health care; we want safe communities; we want a better government. Well, shouldn’t we want that for every community in North Carolina and not just a few?

January 26, 2005
“So I ask that we concentrate to a higher level than we have in the past and be more successful than we have in the past in making certain that we have job opportunity, that we build the infrastructure for the communities to attract business all across North Carolina, that we help the small businesses, that we educate all people who are prepared and ready to be educated to go to work and that we not have to listen to a judge to tell us that we have to make appropriations to small areas of this State who lack the resources to educate their children. It is incumbent that we do it and not be pressured to do so.

“When you and I speak about helping people we want to help people who are willing to work. We’re not here to give anybody anything that they don’t earn unless they have a physical or mental disability and they’re unable to do so, or unless there is no job to be found. That is where the government helps. But it is so sad when a person is willing to go to work when the whistle blows and there is no place to go. We know what has happened in North Carolina, this Country, and other places as we have exported so many jobs, not just in the textile community and in the furniture industry, but anywhere where you have to use labor. I had a conversation with the Chancellor at North Carolina State University just recently after talking to Senator Jenkins from Tarboro who was telling me about a small company there that made socks, and I said why is it that we can’t make a machine that can make the socks so that we have lost the cost of labor that we have given to China, Mexico or other places, and we can keep what labor is necessary to make us competitive in this State and the officers and the CEO’s and small business will flourish once again. Why is it that we don’t have that technology and in that conversation he told me we can develop that technology if we make the proper investments. I said is it that we could make a suit that would fit the General just perfectly from a machine that did not require labor. He said yes we can, but that technology is not before us today, that is not occurring now. Is it not appropriate that this State be the leading State to find new technologies, new opportunities and new ventures with a great view of a larger world that is giving, caring and rewarding to the citizens of this State that are prepared to go to work tomorrow and this is a part of the course of action that I charge you to participate in today. Even with technology, if we’re are not conscious of efficiencies and the removal of waste, the reduction of duplication that you find ever too often in businesses and in government, to you Appropriations members, I ask that you be more than just conscious, to be more than just reticent, to make a cut that is necessary I ask you that you give the kind of concentrated effort that we will succeed in purging our budget of any waste or any mismanagement that you can find and give it the kind of priority that’s necessary.

“You know I care about the environment, you care about the environment. You know where I come from I understand that the water is dirty and it is so easy so many times to blame when we have not fish to catch or commercial fishermen. He is the culprit, he has the reason we have no fish. But I think, Senator Horton, we have to look at ourselves, we have to look at our growth, we have to look at our development, we have to look at that easy tendency just to shoot it off into the river and let it find its own course and let it have its own effect. I believe that is definitely wrong and I believe change has to occur and should occur in this session and that when we build and develop, and I encourage that we do that, that we do it appropriately and properly and we do not stain or taint our waters and leave it to another generation to find resources that will be very difficult to do so to clean up what we left behind.

January 26, 2005
“Not many years ago we were paying our teachers in North Carolina what was known as the national average. Just recently, we looked and found out we have slipped from that location we found ourselves in. All the gain that we had participated in, the four-year struggle to increase salaries by eight percent per year brought us to where we wanted to be and today we’ve slipped and we’re not where we should be with those salaries. The professionals that work for us, the engineers, the doctors, the nurses, the people who run our backhoes and drive our trucks, people who work in our daycares, the people that are employed by the State of North Carolina are underpaid today and I believe it is important that we focus and that we give great concentration and strive to reach a better pay plan for the future years of the employees that work for the people of this great State.

“Dr. Purcell tells each and everyone of us we do not do enough for those who cannot help themselves because of their disabilities and in the mental health arena you know that there are great struggles within families to sustain some decency as it pertains to that person. The caseload is way too long, the ratios of patients vs. the caseworker is way too large. So Senator Nesbitt and Senator Purcell, I am hopeful that we succeed in reducing the waiting lines and do the right things by people who cannot take care of themselves.

“You always need enough money to pay for things after you have taken out of the government the waste that you can find and I’m hopeful that we don’t need to have discussions on new revenue or where we find it or how we address the taxes that are to be terminated this year. I’m hopeful that we can remove those taxes, but if we’re going to remove them at the expense of the people and the development of this State, I believe we do wrong. I think it is ever so important that we look at optional taxes that no one has to participate in and that you put it on the table for discussion up or down. There are many states that are prospering today because of certain taxes that we don’t have – a cigarette tax. But if you go to Virginia today there’s a tax of twenty percent that goes to thirty cents, I believe, next year per pack plus a local tax in certain cities up to fifty cents a pack. So if you are in a certain city in Virginia, you’ll pay eighty cents a pack. I’m not suggesting, Senator Garrou, that we raise this some unfair amount but I would suggest that we do have great discussions in raising these taxes on cigarettes and applying those funds against the Medicaid costs that we are now paying out of our pockets for the taxes that we collect from income, sales, corporations and other areas and that we subtract that amount because of that loss and you apply it directly. There is a ten billion dollar identified cigarette/alcohol tax effect on this State, loss of income or something of that sort, in that magnitude. Would it not be fair that we add upon alcohol a small tax and apply that against the cost of what alcohol does and how it affects society in this State and I’d like to remind you that these are only taxes of choice, you do not have to participate. It’s not like the income tax or any other tax that we have. If you believe we need resources to let this State grow and prosper and do better I believe you should consider these as well as one that I’ve never cared for, and that’s the lottery. But we’ve surrounded ourselves with gaming activities and lotteries in this State. Tennessee, Georgia, Virginia, Alabama and other states alike now have the lottery. I believe it is time that North Carolina pass a lottery and include the money for worthwhile benefits as it pertains to education.

January 26, 2005
“I know as I have this discussion with you today, it is not the most delighted one to have, but I believe you have to be willing to take on tough issues or we’re not doing our jobs. I do believe, as well, that if we work together to solve these problems, we make a better, richer life for all people in this State. I’d hate to come back two years from now and have to discuss the very same issues that we did not tackle again.

“So I look forward to working with all the members of the Senate and, again, I thank you and I congratulate you and I can only offer God Bless and Godspeed and thank you for what you have given me today.”

III. MOTIONS

RULE 18. Motions generally. – Any motion shall be reduced to writing, if requested by the Presiding Officer or a Senator, and read by the Presiding Officer or Reading Clerk before the same is debated. Any motion may be withdrawn by the introducer at any time before decision or amendment. No motion relating to a bill shall be in order which does not identify the bill by its number and short title. Except as otherwise specifically provided in these rules, no second is required.

RULE 19. Motion; order of precedence. – When a question is before the Senate, no motion shall be received except those herein specified, which motions shall have precedence as follows:

1. To adjourn.
2. To lay on the table.

5. To postpone to a certain day.

RULE 22. Motion to substitute. – Subject to Rule 19, a member may offer a motion to substitute to any motion, except the motions for the previous question, to table or to adjourn. No motion to substitute shall be offered to a motion to substitute.

RULE 23. Motion for previous question. – (a) The previous question may be moved upon a pending single motion, any pending amendment or amendments, and/or the pending bill to its passage on that reading or all readings or the pending resolution to its adoption. An authorized Senator

January 26, 2005
moving the previous question shall specify to what the motion applies. Unless specifically limited, the motion shall be deemed to apply to the bill or resolution along with any pending amendments to its passage.

(b) The previous question shall be as follows: "Shall the main question be now put?" and until it is decided shall preclude all amendments and debate. If this question is decided in the affirmative, the "main question" shall be on the passage of the bill, resolution, or other matter under consideration; but when amendments are pending, the question shall be taken upon such amendments in their inverse order, without further debate or amendment.

(c) Only one of the following Senators may move the previous question:

(1) The chair of the committee submitting the report on the bill or other matter under consideration;
(2) The member introducing the bill or other matter under consideration;
(3) The member in charge of the measure, who shall be designated by the chair of the committee reporting the same to the Senate at the time the bill or other matter under consideration is reported to the Senate or taken up for consideration; or
(4) The Chair of the Committee on Rules and Operations of the Senate.

RULE 24. Motion to reconsider. – (a) When a question has been once put and decided, any Senator who voted in the majority may move to reconsider the vote thereof. No motion for reconsideration shall be in order unless made on the same day or in the next following legislative day on which the vote took place. When the next legislative day has by motion of the Senate been restricted as to matters which may be considered, a motion to reconsider shall be in order on the next succeeding day upon which regular business is conducted. No question shall be reconsidered more than once.

(b) Notwithstanding subsection (a) of this rule, a motion to reconsider is in order at any time if made by the Chair or, in the Chair's absence, the Vice-Chair of the Committee on Rules and Operations of the Senate for the sole purpose of correcting grammatical errors in bills in the possession of the Senate.

(c) If a bill has gone out of the possession of the Senate and a motion to reconsider under these rules is passed, the bill shall not be enrolled unless it again passes third reading. The Principal Clerk shall notify the House of Representatives and the Enrolling Clerk of any action under this subsection.

IV. VOTING

RULE 25. Use of electronic voting system. – (a) Votes on the following questions shall be taken on the electronic voting system, and the ayes and noes shall be recorded on the Journal:

(1) All questions on which the Constitution of North Carolina requires that the ayes and noes be taken and recorded on the Journal;
(2) All questions on which a call for the ayes and noes under Rule 26(b) has been sustained;

January 26, 2005
(3) Second and third readings of bills proposing amendment of the Constitution of North Carolina; and
(4) The vote on approval of a bill that was vetoed by the Governor.

(b) Votes on the following questions shall be taken on the electronic voting system, and the resulting totals shall be recorded on the Journal:

(1) Second reading of all public bills, all amendments to public bills offered after second reading, third reading if a public bill was amended after second reading, and all conference reports on public bills.

(2) Any other question upon direction of the Presiding Officer or upon motion of any Senator supported by one-fifth of the Senators present.

(c) When the electronic voting system is used, the Presiding Officer shall fix and announce the time, not to exceed one minute, which shall be allowed for voting on the question before the Senate. The system shall be set to lock automatically and to record the vote when that time has expired. Once the system has locked and recorded a vote, the vote shall be printed by the system.

(d) The voting station at each Senator's desk in the Chamber shall be used only by the Senator to whom the station is assigned. Under no circumstances shall any other person vote at a Senator's station. It is a breach of the ethical obligation of a Senator either to request that another vote at the requesting Senator's station or to vote at another Senator's station. The Presiding Officer shall enforce this rule without exception.

(e) When the electronic voting system is used, the Presiding Officer shall state the question and shall then state substantially the following: "All in favor vote 'aye'; all opposed vote 'no'; ___ seconds will be allowed for voting on this question; the Clerk will record the vote." After the machine locks and records the vote, the Presiding Officer shall announce the vote and declare the result.

(f) One copy of the machine printout of the vote record shall be filed in the office of the Principal Clerk, and one copy shall be filed in the Legislative Library where it shall be open to public inspection.

(g) When the Presiding Officer ascertains that the electronic voting system is inoperative before a vote is taken or while a vote is being taken on the electronic system, the Presiding Officer shall announce that fact to the Senate, and any partial electronic system voting record shall be voided. In such a case, if the Constitution of North Carolina or the Rules of the Senate require a call of the ayes and noes, the Clerk shall call the roll of the Senate, and the ayes and noes shall be taken manually and shall be recorded on the Journal. All other votes shall be taken as prescribed in Senate Rule 26. If, after a vote is taken on the electronic system, it is discovered that a malfunction caused an error in the electronic system printout, the Presiding Officer shall direct the Reading Clerk and the Principal Clerk to verify and correct the printout record and so advise the Senate.

(h) For the purpose of identifying motions on which the vote is taken on the electronic system (the identification codes having no relation to the order of precedence of motions), the motions are coded as follows:

January 26, 2005
RULE 26. Voice votes; call for division; call for ayes and noes.

– (a) When the electronic voting system is not used, all votes on which a call of the roll of the Senate is not required shall be taken by voice vote. The question shall be put as follows: "Those in favor say 'aye';" and, after the affirmative vote is expressed, "Opposed 'no';" after which the Presiding Officer shall announce the result. If a division on any vote is desired, it must be called for immediately before the result of the voting is announced on any question, and, upon such call, the Presiding Officer shall require the members to stand and be counted for and against the proposition under consideration.

(b) The ayes and the noes may be called for on any question before the vote is taken. If a Senator desires the ayes and noes recorded on the Journal on a question, that Senator shall address the Presiding Officer and obtain recognition and say, "Upon that question I call for the ayes and noes." Whereupon the Presiding Officer shall say, "Is the call sustained?" If one-fifth of the remaining Senators present then stand, the vote shall be taken on the electronic voting system if it is operative, and the ayes and noes shall be recorded on the Journal. If the electronic voting system is inoperative, the roll of the Senate shall be called and the ayes and noes taken manually and recorded on the Journal. If fewer than one-fifth of the Senators present stand to sustain the call, the Presiding Officer shall announce, "An insufficient number up", and a vote by electronic voting or by voice, whichever is appropriate under the Rules of the Senate, shall be taken.

RULE 27. Pair votes. – (a) If a Senator is paired with another Senator on a question, the Senator shall announce the pair as follows: "I desire to announce a pair. If Senator _____ were present, that Senator would vote _____; I would vote _____ (the opposite)." The Senator shall send forward at that time a written statement of the pair on a form provided by the Principal Clerk and neither member of the pair shall vote on the question. A pair shall be announced before the vote is taken viva voce or, if the electronic voting system is used, before the machine is unlocked. The Clerk shall record the pair on the Journal when the Constitution or Rules of the Senate require a call of the roll and shall record on the electronic system printout all pairs announced.

(b) No Senator who is absent shall pair unless the absent Senator has obtained a leave of absence.

(c) This rule does not apply to committee or subcommittee proceedings.

January 26, 2005
RULE 28. Dividing question. – (a) If a bill is subject to division into separate parts so that each part states a separate and distinct proposition capable of standing alone, a Senator may move that the question be divided. The motion shall:

1. Be in writing,
2. Be submitted to the Principal Clerk at the time the motion is made, and
3. Clearly state how the question is to be divided.

Upon a majority vote of the Senators present and voting, the motion shall be adopted.

(b) If the motion to divide the question is adopted, then there shall be no further amendment or debate on any of the distinct propositions.

(c) If the question is divided and any part thereof fails, then the bill or resolution and any pending amendments shall be removed from the calendar and rereferred to the committee from which the bill or resolution was reported.

(d) Only one motion to divide the question shall be in order during consideration of a bill or resolution.

RULE 29. Duty to vote; excuses. – (a) Every Senator who is within the Senate Chamber when the question is stated by the Presiding Officer shall vote thereon unless that Senator is excused by the Senate.

(b) A Senator who is a member of a committee shall, upon request, be excused from deliberations and voting on the bill while it is before the committee. The Senator must make the request to the chair of the committee when the bill is first taken up for consideration and before any motion or vote on the bill or any amendment to the bill. The Senator making the request for excuse in committee must renew that request for excuse on the floor of the Senate as set forth in this rule.

(c) Any Senator may move to be excused at any time from voting on any matter. The Senator may make a brief statement of the reasons for the motion which question shall be taken without debate on the motion.

(d) The Senator may send forward to the Principal Clerk, on a form provided by the Clerk, a concise statement of the reason for the motion, and the Clerk shall include this statement in the Journal.

(e) The Senator so excused shall not debate the bill or any amendment to the bill, vote on the bill, offer or vote on any amendment to the bill, or offer or vote on any motion concerning the bill at that reading, any subsequent reading, or any subsequent consideration of the bill.

(f) A Senator may move that the excuse of that Senator from deliberations on a particular bill be withdrawn, which question shall be determined without debate.

(g) A motion to be excused or for the withdrawal of an excuse shall be taken without debate.

(h) A motion by any Senator to change that Senator's vote must be made on the same legislative day as the vote is taken. This subsection may not be suspended.

January 26, 2005
RULE 30. **Explanation of vote.** – Any Senator may, as the last order of the Senate's business that day, explain that Senator's vote on any bill that day by obtaining permission of the Presiding Officer after the final vote is taken. No more than three minutes shall be consumed in such explanation.

No bill, resolution, or amendment for which a fiscal note has been requested may be considered for passage prior to the fiscal note's being attached to it.

(b) The fiscal note shall be filed and attached to the bill, resolution, or amendment within two legislative days of the request. If it is impossible to prepare a fiscal note within two legislative days, the Director of Fiscal Research shall, in writing, so advise the Presiding Officer, the Principal Clerk, and the member introducing or proposing the measure and shall indicate the time when the fiscal note will be ready.

(c) The fiscal note shall be prepared by the Fiscal Research Division on a form approved by the Chair of the Committee on Rules and Operations of the Senate as to content and form and signed by the staff member or members preparing it. If, after careful investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the actuarial note with regard to the merits of the measure for which the note is prepared. Technical and mechanical defects in the measure may be noted.

(e) When any committee reports a measure to which an actuarial note is attached at the time of committee consideration, with any amendment of such nature as would substantially affect the cost to or the revenues of any system, the chair of the committee reporting the measure shall obtain from the Fiscal Research Division and the administrator of the affected system an actuarial note of the fiscal and actuarial effect of the proposed amendment. The actuarial note shall be attached to the jacket of the measure. A Chair of the Appropriations/Base Budget Committee, or of the Finance Committee, or of the Committee on Rules and Operations of the Senate, or of the Ways and Means Committee, upon the floor of the Senate, may request that an actuarial note be attached to a bill, resolution, or an amendment which affects the costs to or the revenues of a system described in this rule and which is in the possession of the Senate, when in the opinion of that Chair, the effect to the cost to or the revenues of a system described in this rule are not apparent from the language of the measure. No bill, resolution, or amendment for which an actuarial note has been requested may be considered for passage prior to the actuarial note from both the Fiscal Research Division and the administrator of the affected system being attached to it.

The assessment report shall not constitute any part of the expression of legislative intent proposed by the formation of a licensing board.

Upon receipt of the request, the Legislative Committee on New Licensing Boards shall prepare and return the assessment report as soon as possible but not later than 60 days from the date of receipt of the request, reserving the right to extend this time to 90 days. The fiscal note shall be prepared in consultation with the Sentencing Policy and Advisory Commission and shall identify and estimate, for the first five fiscal years the proposed change would be in effect, all costs of the proposed net increase in incarceration, including capital outlay costs if the legislation would require increased cell space. If, after careful investigation, the Fiscal Research Division determines that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the fiscal note with regard to the merits of the measure for which the note is prepared. However, technical and mechanical defects may be noted.
(b) The sponsor of each bill, amendment, or resolution to which this subsection applies shall present a copy of the bill, amendment, or resolution with the request for a fiscal note to the Fiscal Research Division. Upon receipt of the request and the copy of the bill, amendment, or resolution, the Fiscal Research Division shall prepare the fiscal note as promptly as possible. The Fiscal Research Division shall prepare the fiscal note and transmit it to the sponsor within two weeks after the request is made, unless the sponsor agrees to an extension of time.

(c) This fiscal note shall be attached to the original of each proposed bill, amendment, or resolution that is reported favorably by any committee, but shall be separate from the bill, amendment, or resolution and shall be clearly designated as a fiscal note. A fiscal note attached to a bill, amendment, or resolution pursuant to this subsection is not a part of the bill, amendment, or resolution and is not an expression of legislative intent proposed by the bill, amendment, or resolution.

(d) If a committee reports favorably a proposed bill or resolution with an amendment that proposes a change in the law that could cause a net increase in the length of time for which persons are incarcerated or the number of persons incarcerated, whether by increasing penalties for violating existing laws, by criminalizing behavior, or by any other means, the chair of the committee shall obtain from the Fiscal Research Division and attach to the amended bill or resolution a fiscal note as provided in this section.

The Principal Clerk shall inform the Presiding Officer of the referral. The title and referral shall be entered upon the Journal.

(b) Not later than two weeks after the initial committee assignments become final, the President Pro Tempore of the Senate is authorized to make assignments of committee rooms and offices to designated committees, chairs, and members of the Senate. RULE 73. introducer of the resolution must, on the floor of the Senate, give notice of the intent to introduce the resolution on the legislative day preceding its introduction.

(b) Except as otherwise provided herein, the Senate, upon two-thirds vote of the membership of the Senate present and voting, may temporarily suspend any of these rules.

SECTION 2. This resolution is effective upon adoption.

ELECTION OF OFFICER ESTABLISHED BY THE SENATE RULES

Pursuant to Senate Rule 65, the President declares the floor open to receive nominations for Deputy President Pro Tempore and recognizes Senator Dalton who offers the following nomination and remarks:

“Thank you, Madame President, members of the Senate and guests. It is my honor and privilege to nominate Charlie Smith Dannelly for the position of Deputy President Pro Tempore for the North Carolina Senate. It is an honor and privilege because Charlie is well qualified for that position because he has served with distinction in that position for the last two years. It is also an honor and privilege because I have known Charlie for many years, and I consider him a friend. In fact, I can remember the first time I met Charlie Dannelly in person. And I say ‘in person’ because I knew him by reputation long before that time. You see, I watch WBTV, and when Charlie was on the city council, he would be on WBTV quite often and it was obvious he was giving great leadership to that city; giving great leadership to the State of North Carolina during a challenging time. It was during that twelve years that he was on the city council that I had dinner with him. Lucille and I had dinner with him at the Vance Aycock dinner up in Asheville and as we came down the mountain, we talked about what a wonderful person Charlie Dannelly is and what a wonderful leader. We watched his political career with great interest and we were very pleased when he was elected to the North Carolina Senate. I was even more pleased a couple years later when I was elected to the Senate and realized I would have the opportunity to serve with Charlie. I have also had the pleasure of sitting next to him in many committee meetings. He has always amazed me at his common-sense approach and to the solutions that he comes up with. Charlie Dannelly is a hero, not only in the military sense because of his service in Korea where he was well decorated, but Charlie is also a hero for those who believe in improving education in this State. Charlie is a hero for those people who only want one thing in life, and that is to have the opportunity to prove their abilities. Charlie is a hero to those thousands of students who came under his tutelage during his twenty-five years as a principal in our public schools. I submit to you that Charlie Dannelly is well qualified for this position. He is deserving of another term, and I hope you will support him as I nominate Charlie Smith Dannelly for the position of Deputy President Pro Tempore of the North Carolina Senate.”

The Chair recognizes Senator Hoyle who seconds the nomination and adds the following remarks:

January 26, 2005
Thank you, Madame President and members of the Senate. I am privileged to second the nomination for Charlie Smith Dannelly for the office of Deputy President Pro Tempore of the North Carolina Senate. Charlie is respected by all the many people that know him. He is truly a gentleman and a gentle man. While Charlie supports economic development, he supports education, job creation, transportation. He never lets us forget here in the Senate Chamber all of those among us who are less fortunate and really are not able to help themselves. Truly Charlie, I think, is the conscience of the North Carolina Senate. Now Senator Dalton said Charlie had a very distinguished military career as an airborne officer, as well as a distinguished career in public education as a teacher and later as an administrator. He was gainfully employed, but somewhere along the way he lost his mind and decided to run for the North Carolina Senate. I’m only kidding. But Charlie surely has all the qualifications to hold this high honor that he has been nominated for, and I am very pleased and happy to second the nomination for Charlie Smith Dannelly for Deputy President Pro Tempore of the North Carolina Senate.”

The motion offered by Senator Hoyle that the nominations be closed and that Senator Dannelly be elected Deputy President Pro Tempore by acclamation prevails.

The President declares Senator Dannelly elected Deputy President Pro Tempore and appoints Senator Dalton, Senator Malone, Senator Hoyle, Senator Lucas, Senator Garrou, and Senator Graham to escort the Deputy President Pro Tempore - Elect to the Well of the Senate. Senator Dalton presents Senator Dannelly to the President. The President directs the Sergeant-at-Arms to escort Mrs. Rose Dannelly to the Well of the Senate where she joins Senator Dannelly as he receives the prescribed Oath of Office. The Honorable Michael Morgan, Superior Court Judge, Judicial District 10, administers the prescribed Oath of Office.

The President recognizes Senator Dannelly, Deputy President Pro Tempore, who offers the following remarks:

“Thank you, Madame President. Ladies and gentlemen of the Senate, first let me thank God for this moment in my life and next, let me thank my best friend, my love, my wife, Rose. And of course I thank family and friends, family members too far away to be here, long-time life friends, Barbara Waymer and Jeanne Brayboy – they have always been here. I thank my constituents back home who thought enough of me to send me here. And last but not least, I thank you, my fellow Senators, for showing the confidence in me and electing me to this wonderful position.

“For the last several years, we’ve started our sessions with a serious deficit in revenue. This session is no different in that we face in excess of a billion dollar deficit. In the past, we have cut departments and programs across the board. We will probably do the same this year. Everyone, and I mean everyone, feels the pain. However, it is my opinion and the opinion of many of my constituents that the most deprived citizens suffer the heaviest burdens when we cut

January 26, 2005
programs and make budget cuts. As we proceed with this session, let us be even more mindful of the needs of our children, our seniors, and our mentally and physically disabled citizens. We seem every year to be able to find revenues to expand or start new programs, and I’m quite sure with the brilliant minds we have in this chamber this year, someone will come up with a plan to maintain appropriate funding to provide adequate services for our disadvantaged citizens. Let us be very careful about paying for tax cuts with service reductions affecting our most needy citizens. Of the many issues we will face this year, including education, healthcare costs, the economy and employee raises, services for our least advantaged citizens is one of the main issues, I hope, we will constantly be aware of as we deliberate. Let me end this short plea by asking this chamber for one additional consideration and that is to encourage our colleagues across the hall to follow this Senate’s lead and pass a moratorium on the death penalty. No one should want an innocent person to die for the guilty. Finally, let me leave you with a quote by one of my friends’ and our colleagues’ favorite idol, Sir Winston Churchill, and that colleague, of course, is Senator Clodfelter. Churchill said, and I quote, ‘Politicians are thinking about the next election. Statesmen are thinking about the succeeding generations.’ My colleagues in this Senate, let us be statesmen. Thank you and God bless.”

**ELECTION OF STATUTORY OFFICERS**

Pursuant to G.S. 120.37, the President declares the floor open to receive nominations for the Office of Principal Clerk.

The President recognizes Senator Garrou who offers the following nomination and remarks:

“Thank you, Madame President. Ladies and gentlemen of the Senate, Janet Pruitt has served as our Clerk since 1997. For those of you new folks, you cannot be aware of how difficult and how tedious this job is of coordinating all the bills and all the amendments. But I’d say the main thing about Janet and her staff is they do everything with a smile on their face. They do everything they can to help us look good, sometimes that’s hard because we make mistakes. Janet is one of our best advocates for us here in this body, and I would urge your support of her nomination. Thank you.”

The President recognizes Senator Weinstein who seconds the nomination and offers the following remarks:

“Thank you, Madame President. Ladies and gentlemen of the Senate, it is my pleasure to rise to second the nomination of Janet Pruitt as the Principal Clerk of North Carolina Senate. I’d like to reiterate what Senator Garrou said. She is very efficient, she is pleasant, and she will take the time for each individual Senator to listen to what they have to say. With that, Madame President, I move that the nominations be closed.”

January 26, 2005
The motion by Senator Weinstein that the nominations be closed and that Janet B. Pruitt be elected Principal Clerk of the 2005 Senate by acclamation prevails. The President declares Janet B. Pruitt duly elected and appoints Senator Dalton, Senator Garwood, and Senator Dorsett to escort the Principal Clerk-Elect, Janet B. Pruitt, to the Well of the Senate. Senator Dalton is recognized and presents the Principal Clerk-Elect, Janet Pruitt. The Honorable Elaine Marshall, Secretary of State of North Carolina, administers the prescribed Oath of Office, and the President directs the Principal Clerk to assume her seat.

The President declares the floor open to receive nominations for the Office of Reading Clerk. The President recognizes Senator Swindell who offers the following nomination and remarks:

“Ladies and gentlemen of the Senate, in our officers in the Senate, one important position is the Reading Clerk. Throughout the history in North Carolina, reading clerks have been well known, and in the archives you will find reading clerks who served many, many, many years. Today I have the privilege of suggesting a name for you to place in nomination of Ted Harrison. Ted is a native of Salisbury. He was educated at Duke University and The University of North Carolina, receiving bachelor’s degrees from both institutions. His wife, Betsy, her father, Joe Warren, was a member of the North Carolina House, Senate, and served as the Sergeant-at-Arms of the North Carolina House. Betsy hails from Prospect Hill in Caswell County. Ted Harrison first came to this body in 1967 as a reporter for WFMY-TV in Charlotte. He then was familiar to all of us who followed the legislature in those years with the Legislative Weekly reports, reporting for UNC-TV. He served for many years in that capacity and last session we elected him as the Reading Clerk of the North Carolina Senate. I hereby place in nomination, Madame President, the name of Ted Harrison for Reading Clerk for the 2005 General Assembly for North Carolina Senate.”

The President recognizes Senator Lucas who seconds the nomination and offers the following remarks:

“Thank you, Madame President, members of the Senate, ladies and gentlemen. It is my joy and esteemed honor to second this nomination. We always need someone who speaks clearly and enunciates the King’s English so that we will know what the bills are. Ted does exactly that, so I second the nomination.”

The motion offered by Senator Lucas that the nominations be closed and that Mr. Ted Harrison be elected Reading Clerk of the 2005 Senate by acclamation prevails. The President declares Mr. Ted Harrison duly elected and appoints Senator Albertson, Senator Kerr, and Senator Stevens to escort the Reading Clerk-Elect to the Well of the Senate. Senator Albertson is recognized and presents the Reading Clerk-Elect, Mr. Ted Harrison. The Honorable W. Osmond Smith, III, Senior Resident Superior Court Judge, Judicial District 9A, administers the prescribed Oath of Office, and the President directs the Reading Clerk to assume his seat.

January 26, 2005
The President declares the floor open to receive nominations for the Office of Sergeant-at-Arms. The President recognizes Senator Rand who offers the following nomination and remarks:

“Thank you, Madame President, ladies and gentlemen of the Senate, it is my great honor and privilege today to place in nomination the name of Cecil Goins for Sergeant-at-Arms of the North Carolina Senate. Cecil is a native of Moore County, he attended NC A&T State University, served as a commissioned officer in Europe with the Big Red One. He then served for a long period of time as a Deputy Marshal with the United States Marshal Service in the Eastern District of North Carolina. That is where I came to know Cecil. I was always impressed with the way he did his duty. He was always courteous, very business-like as he went about the duties of serving the court. He and I had a, well, I represented some people that probably were considered anti-social in those days and Cecil would always handle them in a way that was professional but yet was not demeaning, I thought, and I always respected him greatly for that. He has served six terms as Sergeant-of-Arms of the North Carolina Senate and in doing so he has always acquitted himself quite well in maintaining the dignity and the operation of this body. His wife, Laverne, and he have two daughters. One is an attorney in Asheville and one is a University professor in Virginia. They are a wonderful family and he brings great experience and great dignity to the position of Sergeant-at-Arms so I would place in nomination the name of Cecil Goins as Sergeant-at-Arms of the 2005 Session of the Senate.”

The President recognizes Senator Dannelly who seconds the nomination and offers the following remarks:

“Thank you, Madame President, and ladies and gentlemen, my colleague didn’t leave me much to say about Cecil but I do intend to second the nomination of my good friend and a faithful servant of this Senate. Having taken care of us for twelve years and how he can do that and remain so gentlemanly I just don’t understand, but Cecil takes his Sergeant-at-Arms responsibilities seriously and we are all better off for that because he watches things we don’t see to be sure that we are safe and that the business in this chamber is conducted in the best manner. So, Madame President, I certainly second the nomination of Cecil Goins as Sergeant-at-Arms and move that the nominations come to a close.”

The motion of Senator Dannelly that the nominations be closed and that Cecil Goins be elected Sergeant-at-Arms of the 2005 Senate by acclamation prevails. The President declares Mr. Cecil Goins duly elected and appoints Senator Soles, Senator Malone, and Senator Forrester to escort the Sergeant-at-Arms-Elect, Cecil Goins to the Well of the Senate. Senator Soles is recognized and presents the Sergeant-at-Arms-Elect, Cecil Goins. The Honorable James A. Wynn, Jr., Judge of the North Carolina Court of Appeals, administers the prescribed Oath of Office, and the President directs the Sergeant-at-Arms to assume his seat.

REMARKS BY THE LIEUTENANT GOVERNOR

The President of the Senate, The Honorable Beverly E. Perdue, offers the following remarks:

“Members of the Senate, this is about the only time that I speak and I want to remind you all how important today is. One hundred and forty-six sessions of the Senate, think of all the history that has gone on in this chamber before, long before you became involved in public service, long before our grandparents were born. I’d like for us all for just a moment to pause out of respect and in thanks for the thousands of brave Americans, lots and lots of them from North Carolina’s bases, who are fighting overseas right now as we do the work of the State here in this chamber. We’ve had several deaths in North Carolina in this fight for freedom, safety and security. Will you join me just quietly say a little prayer to thank them for their service and their families…. Over the past year, our State has had more members of the National Guard serving in Iraq than any other state in America. Remember that as you think about what needs to be
done for the Guard. Thirty five hundred members of the Guard returned home
in the last four weeks. I welcome them back, as do you, to your communities
and your schools and your jobs. We thank them for that service for this
Country. You know this State is home to an eighteen billion dollar military
economy. That makes it real important, other than the fact that it stands for
freedom, we are in the short rows in North Carolina in this Country of the
federal government’s mandate to re-evaluate military bases. Secretary Rumsfeld
has said he is going to close or realign about twenty-five percent of the bases in
America. You in this chamber who were here last year help set the bar for
North Carolina and how we feel about the military in this State. You have
become in North Carolina the envy of every state in America. Folks, governors
and leaders across general assemblies in America, are saying we have got to do
this and that like they did in North Carolina last session. I pray that you
continue that commitment to do whatever it takes to keep our bases strong and
to grow this military economy. I personally want to welcome the twelve new
members of the Senate. I had to check the numbers twice, Senator Basnight. I
was shocked that there was that much turnover. Good people, Welcome. I want
to offer my support to Senator Basnight who’s like a brother to me. We’ve
served together a long time. To Charlie Dannelly, the Deputy Pro Tem, to
Senator Rand, the majority leader and the Rules Chairman, he does so much for
us; to Phil Berger, the minority leader, and to Jeanne Lucas, the majority whip, I
thank you for all you do for me and for the people of North Carolina. You
know, in these early days and we’re still in the early days of the 21st Century, the
State faces so many challenges. Senator Basnight enumerated so many of them.
I have great faith, as do the people of this State, that those problems, those
challenges, will be solved. Many of them will be solved this session by those of
you in this room who will take a political risk and do the right things. You have
got to think about different kinds of stuff – how do you compete in a global
economy, what do we do to sustain North Carolina’s remaining tobacco, textile
and furniture workers. Senator Basnight offered one quick solution, develop the
machinery and equipment to help keep those businesses here. What do you do
to continue to find new economies. Last year we were all so successful in a
huge investment in biotech. What’s next? Are we thinking ahead of the curve?
How do you prepare kids – think about this – how do you prepare kids for a
world of work where eighty percent of the jobs that will exist for today’s eighth
graders in 2010 when they go to look for that job do not even exist today, they
have not been “thunk of” yet. How do you prepare people for a world of work
where we know for a fact we are going to change professions, not jobs,
professions, eighteen times on the average during a career in these first forty
years of the 21st century. I continue to believe that the economic prowess of our
State lies in our people’s commitment to public education. Most of us would
not be here today if it were not for the public schools of North Carolina. Those
eye childhood experiences from Smart Start, More at Four, all the way through
the community college and university system, we need to keep that commitment
up. Education is a lifetime endeavor for us all. It is time that all of us in the
State to admit that it just never ends. I would urge you to figure out how to
work those terms of lifetime learning into the things you do in education and to
acknowledge straight off that traditional and technical training is a part of life
for all of us who want to succeed in the global economy and that things have to

January 26, 2005
change in our educational system, a huge challenge. I believe strongly that e-
learning, 24-7, is a mandate in North Carolina and that we have got to redesign a
funding system for the public school system that is not based on seat time and
for the universities not based on FTE or physical location and in my definition
of public school equity, every child and every community college or university
student or teacher, every citizen, in fact, in a good North Carolina, would have
access to high-speed, broad-band, and that two North Carolina’s that Senator
Basnight talked about, that access to broad-band includes those kids and those
families who cannot pay forty bucks a month for an internet service provider.
They probably cannot pay for an old beat-up used computer. What are we going
to do for those kids to level the playing field, for those workers, to level the
playing field in North Carolina. I think technology has to be part of the new
definition of 21st century infrastructure for this great State. This economy will
be driven by the decisions you make here these next few months and incentives -
- you’re going to talk and lot about that. I hate them, but you know what, they
work. We want blue chips badly to come to this State and we want them to
bring those jobs to North Carolina. If you do not believe it, do what I have just
done and go talk to some of those people who are praying to be hired by Dell.
They believe in incentives and small businesses, wow. Ninety-six percent of the
jobs in this State are in businesses like many of yours that employ less than one
hundred people. We have to nurture those businesses and help entrepreneurship.
Somewhere in North Carolina right now there are four or five people sitting
around somebody’s kitchen table and they’re signing mortgage payments from
the bank. They are going to put their houses on the block so that they can get
the capital to start a new little business. They have that American dream and
what can we do to help them? I would urge us to think about that one-stop
shopping that we have talked about for so long - licensure in regulation -
something that we heard over and over this past year. Help us, Senator Rand
leads the effort and Senator Purcell, to figure out how to have affordable health
care for all of our workers and their families. I have been told it is the number
one issue again in this State for people. It is the biggest cost driver for
employers, for government, and for families. You worry about it and I worry
about. I believe that we have got to embark on that mission of teaching our
folks that it is a lot cheaper and actually a lot more fun to stay healthy than to get
dick. Well care and we’ve got to encourage our private and public insurers in
businesses to provide for well care. My goal and yours should be to have North
 Carolina as the healthiest state in America. I can remember when people
criticized one of our members for having bike paths in his district. Bike paths
today are the dream of every community in North Carolina because they want
their citizens to be healthy and well.

“So now this session is about over, your first for many of you. It is time for
your families to go back home and for you to stay and start this long and
arduous and very productive path of being a North Carolina Senator. You are
official and you are going to work. Your family is so proud and they should be.
Your district is counting on you and it should. But I would like to remind you
that there are eight million or so people out there that you do not know who are
counting on you equally as well, depending on you and us to make sure that this
magnificent Old North State lives up to the words that were adopted by this

January 26, 2005
body back in 1957 in that great Toast to the State. I think about those words and I hope that you do every day you are here. The real goal of North Carolina is to be the land ‘where the weak grow strong and the strong grow great’ if, indeed, we are to continue to be the Old North State. Congratulations.”

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Holy God, we pray today for each of the twelve first-time Senators elected to this Body. They have made it through part of what must seem like legislative boot camp.

"Yesterday, they stood among family and friends to take the oath of office. We pray they felt affirmed. Today, they may feel a little overwhelmed by the process that is yet to be learned.

"May they rely on Your ever-present help, their own good judgment, and the advice of their veteran Senate colleagues who themselves were once second-day Senators! Godspeed. Amen."

The Chair grants leaves of absence for today to Senator Berger of Rockingham and Senator Webster.

Senator Dannelly, Deputy President Pro Tempore, announces that the Journal of yesterday, Wednesday, January 26, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

“The new members did not have a chance to know Rolf Blizzard – or maybe some of you did. Rolf Blizzard worked on behalf of the people of this State through his position as my Chief of Staff, your servant. He helped all people regardless of party affiliation. That is something my office has never asked, what affiliation you are. That is a hard rule that we have if you call in for assistance or help or information or whatever it may be. He abided by that rule and he was fair to every person. He treated all the same, whether you were black or white, Jewish or Protestant, whatever you may be. He cared about the people of this State as much as any human being I’ve ever met. We never paid him nearly as much as he was worth. He would work from 7:00 or 7:30 in the morning in the office until 7:30 or 8:00 or 10:00 at night. He would work weekends. If he was sent to the mountains, Senator Nesbitt, or a conference or a meeting or to tour there because of the storm or whatever it may be, he would drive back that night to be back here the next morning at 7:30. If you called upon him, he would respond with efficiency and quickness. He would never leave anything on his desk that could be attended to during the day. He would badger anybody anywhere who had a responsibility to respond back to your problem. He never would send an e-mail to someone in government and say, ‘This is the problem, would you take care of it?’ or write a letter, as is typical of many agencies and people in government. If he sent it, a telephone call would follow up within a few minutes or hours. Then a phone call would be returned to the person that had made the request to let them know the condition and timing of that request. Then he would review the final outcome and store that outcome and then he would share it with the person. It was never handed to someone else and let it be. You experienced this with him. He’s as good as the Good Lord makes. He and his wife, Ashley, are here today. He is working now in a new position with North Carolina Business and Industry. I can only wish him the very best. He did not want a watch. He is not accustomed to very expensive clothes, so we did not buy him a nice suit. He did not want a hairpiece. That was Senator Rand’s suggestion, not with a ponytail, just curled January 27, 2005
up real nice. He did not want to come today. But I believe we are giving him
the best gift that can be had and that is your wishes of thanks and a great future.
So if Rolf Blizzard would come forward to receive, and we will frame this, this
token from the North Carolina Senate to him for the many years, the many hours
of work on your behalf and on the behalf of the people of this great State. Your
Rolf Blizzard.”

Rolf Blizzard:
“Thank you, thank you. I’m looking around for the casket up here. I keep
telling people I am not dying; you are probably going to see more of me now
than you have before. I did really struggle with coming today. It has been a
tough decision for me, but I felt like there were some things that I wanted to say
to you all, and so I wrote a few things down and I am going to share those now.

“Not everyone has the opportunity to do their dream job to make a real
difference in another person’s life and do it in a way at the end of the task where
at least one brief moment, life and government were truly better for that same
person. But because of this North Carolina Senate, I have been able to do just
that and I thank you for that opportunity. Nine years ago, Marc Basnight took a
chance on a recommendation from Charlie Albertson and hired a short, fat,
folically challenged kid from rural Eastern North Carolina in an internship
position that grew into a way of life for me and an opportunity that exceeded
any expectations that I or my family ever had for myself. As a member of the
President Pro Tempore’s staff, I saw my role as a servant. You may recall when
you passed my office, I had a slogan on my wall that simply stated what I
believed my job was and that was to ensure that each citizen’s life was not
negatively affected simply because they did not know how to interact with the
government system. I hope that my work with you here modeled that vow and
that my performance illustrated that belief. You all are and always will be my
Senate family. We have been through a lot together – my marriage to Ashley,
the birth of my son, James Rolf, the achievement of an advanced degree,
homeownership, parenthood, hurricanes, office assignments, seat assignments,
water and sewer projects, road issues and budget fights. Always there with a
word of encouragement and support, I knew I could count on your advice, your
condemnation in some respects, your encouragement, and mostly important,
your friendship. And that is the greatest gift that I take away from this Senate
today – the wonderful bond of friendship that I have with you. My time here
was the ride of my life. The many unique memories that I have of each of you
have inscribed on my soul the fabric of what I am today. I thank you for these
memories and thoughts, for all your support in my decision to move on
professionally, for your understanding when the answers I had to relay were
tough ones, for pushing me to be a better person and a better citizen, for
everything that you have meant in my life over these last nine years. I want to
especially thank you, Ashley, for your support and patience in this decision and
over the last nine years. Finally, I hope that you will continue to appreciate the
efforts of the entire legislative staff – the best staff in America. These guys do a
tremendous job of keeping the Senate and this State moving forward. They are

January 27, 2005
a talented and unconditionally committed part of this Senate family – the very glue that keeps this place together. I wish you much success in this new session of the General Assembly and look forward to working with you in this new chapter in my life. It’s truly been an honor and a pleasure to serve with you all. Thank you.”

January 31, 2005
The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear Lord, each day the Senators will have to exercise some measure of both faith and knowledge as they execute their duties. Some people actually believe these two great resources are mutually exclusive.

"Some believe that knowing all the answers is a sign of great faith, but authentic faith has little to do with having answers and a great deal to do with seeking truth!

"Others say the greater the faith, the greater the ignorance...also not true. It will not be an act of faith to leave one's great ideas outside this Senate Chamber.

"So God, give out ample amounts of knowledge and faith to each of the members here today. Amen."

The Chair grants leaves of absence for today to Senator Berger of Rockingham and Senator Hartsell.

H.J.R. 26, A JOINT RESOLUTION HONORING THOSE WHO PARTICIPATED IN THE SIT-IN MOVEMENT THAT BEGAN IN THE CITY OF GREENSBORO ON THE 45TH ANNIVERSARY OF THE MOVEMENT, placed earlier on today's Calendar.

The joint resolution passes its second reading (48-0) and third reading with members standing, and is ordered enrolled.

Upon motion of Senator Dannelly, the remarks of the members are spread upon the Journal, as follows:

Senator Dorsett:

“Thank you, Madame President and members of the Senate. Forty-five years ago today, four courageous young men sat down at Woolworth’s Department Store so that they could sit down for freedom and that we could all enjoy freedom throughout the world. Those courageous young men, Ezell Blair (known as Jibreel Khazan), Joseph McNeil, Franklin McCain, and the late David Richmond changed the course of history, not only for Greensboro, but for America and, indeed, for the world. Those young men refused to get up until they were served and thus a national sit-in movement began. Now they started on one day but the second day they were joined by young women from UNC-G and the next day young women from Bennett College and then Dudley High School students and others throughout the city and so this sit-in movement was launched. This act of civil disobedience prompted actions throughout the South and eventually it ended our Jim Crow laws. This day is particularly significant to me because I was on the faculty on February 1, 1960, and so I felt very much a part of it. Now I’m reminded often of the remarks of the then-President Warmouth T. Gibbs when he was told by some establishment leaders that ‘you need to control those young people up there.’ His reply was, ‘We teach our people how to think and not what to think.’ So that was one of the things that those young people took to heart and their thinking skills really made them aware of the need of this movement and so today, we commemorate this occasion sparked by these courageous young men and certainly we honor them today and we express our gratitude and our thanks for their acts of courage. There were many activities. I’ve been up and out since 6:30 this morning to various activities and I don’t end until tonight. So it’s indeed a day of celebration and the young men are there. Today they also dedicated a façade and I want to just share with you not the entire inscription, but I want to read with you just the first and last lines of this dedication of the inscription. ‘In memory of generations past and those to come, we mark this first day of February, 2005, commemorating the 45th Anniversary of America’s most celebrated lunch counter sit-in movement.’ Then there are other things in between, but the last line says, ‘In tribute to the enduring mark that was made February, 1, 1960, by these four North Carolina A & T University freshmen, we pay tribute to the allegiance of men, women, and children of every race and color who peopled this battle and continue to this day to champion justice.’ It’s, indeed, a great day for North Carolina and a great day for the state of North Carolina and the world so I commend the resolution to you. Thank you.”

February 1, 2005
Senator Hagan:

“At noon today, I also was in Greensboro with Senator Dorsett and others on the corner of Elm Street and February 1 Place, which is right in front of Woolworth’s. There were hundreds of people out there, it was 33 degrees, and we were commemorating really these four young men who took this courageous step. As I was sitting there standing next to three of the men and as, Senator Dorsett said, Mr. Richmond died in 1990, I began to think about what I was doing at 18 years old. Think of where you were at 18 years old and if you were in college. These four men were freshmen at North Carolina A & T. Think of what the courage that they had to discuss this. There was lots of discussion going on between the students and then to actually take the walk on February 1 from A & T to the Woolworth’s and sit at the counter, knowing that they would be refused and really not knowing what would happen. As Senator Dorsett said, it was the start of many people joining them day after day and it really did have a movement that swept the nation. The media got on this and it really did, it took over. Hundreds of thousands of people replicated this around the nation. It was actually on June 25 of 1960 when they actually began being served, the African Americans were served and that will be the date that the museum actually opens in Greensboro, come in June. One of the things that some of the speakers talked about this morning was that when you think about the Thirteenth Amendment that did away with slavery in our U.S. Constitution, I want to read this to you. ‘Neither slavery nor involuntary servitude, except as a punishment for crime where of the party shall have been duly convicted, shall exist within the United States or any place subject to their jurisdiction.’ North Carolina ratified the Thirteenth Amendment on December 4, 1865. It was ninety-five years later that African Americans still could not eat at the Woolworth’s lunch counter. They would take their money for products, for packages, for any parcels, anything to buy, and they could take it to go, but not to eat at the counter. I think of the Jim Crow laws that were just so devastating to happen to our population. I really have been so honored to meet the four men who did this and the three that we honored today. They’re just courageous men and I hope that when you get a chance and the museum opens that you can come to Greensboro. There will be some wonderful exhibits in the museum. There is going to be a replica of their dorm room at A & T. There will be a film depicting what the men were talking about prior to actually coming. There is going to be a re-enactment of that. There will be a portal, and I’m not sure exactly how it’s going to be, but of a railroad station showing the colored only signs and the white only restrooms and the white only water fountains. There are also going to be artifacts, as in any museum. There will be artifacts of the wooden chair that Martin Luther King was sitting in when he was being arraigned in Birmingham, going to jail. There will also be a letter written by Booker T. Washington and many other things. Representative Brad Miller was also with us this morning, and he and Representative Watt and Representative Coble put forth the resolution in Congress, also commemorating this date. I just think that the courage that these young men showed really sets North Carolina A & T apart and our State and we are very proud of everything that they stood for and continue to stand for. So I urge you to pass this resolution. Thank you.”

February 1, 2005
Senator Basnight:
“Thank you, Madame President, members of the Senate. As you use the word, ‘courage’, I think back upon the courage that was found in all African Americans but not allowed to surface. If you think of that day, in that time, society was changing and people in general enough to allow that you could have courageous people to walk forward, Senator Dorsett, and take a stand, because if you had tried to do it ten years prior to that date or twenty years prior to that date, the Ku Klux Klan or some other society of whites would have been available to stop the courageous among the African American community. The change in the hearts and the life and the belief of all of us as a people has been gradual and slow. But there was a recognition that something was wrong where you would disallow any human being the right to sit at a counter and have lunch or to participate in everything that our forefathers fought for and believed in, justice, equality, the opportunity to succeed in life. There was a change, and it was in the air and fortunately it occurred in our community where we can be recognized as a people different than others, that we believe in freedom; we believe in rights. There is a big difference between right and wrong. Those people expressed it that day, and I thank them.”

Senator Snow:

“I appreciate the opportunity to speak on the Senate floor. This is a resolution honoring the 150th Anniversary of the founding of the Town of Franklin. The Town of Franklin is the home of Senator Carpenter who held this seat before me. It is a very progressive town in Macon County, North Carolina which is one of the fastest growing communities in our State. It is an honor for me to present this resolution and I hope you will vote for this resolution honoring the town.”

The joint resolution passes its second reading (48-0) and third reading with members standing, and is ordered sent to the House of Representatives by special message.

S.J.R. 84, A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF HUBERT B. HUMPHREY, FORMER MEMBER OF THE GENERAL ASSEMBLY.

Upon motion of Senator Hagan, the joint resolution is read in its entirety and, upon motion of Senator Jenkins, the remarks of the members are spread upon the Journal, as follows:

Senator Hagan:

“Thank you, Mr. President. I am honored to be here today to discuss this
resolution with you about the life and memory of Hubert Humphrey. He was in the House, elected to the House in 1958 for the 1959 Session and then was in this Body for the 1961 Session. The first time I got to know Hugh Humphrey was when I worked for one of the large banking institutions in North Carolina. I was in the trust department and he and I were working on a situation and he said that one of the first loans he ever got was from that institution, and because of that, it was given to him at a time when they shouldn’t have, but he was very loyal to that institution. When I think back about that, I look at the loyalty that he gave to his universities and the college that he attended. He attended Mars Hill College and then Wake Forest and then The University of North Carolina at Chapel Hill Law School. He was very loyal to those institutions. As you heard on the resolution, he was very involved in Wake Forest. He also received the Distinguished Alumni Award from The University of North Carolina Law School at Chapel Hill. He was a partner in the Brooks, Pierce, McClendon, Humphrey, and Leonard Law Firm in Greensboro and had just an excellent reputation as being one of the top lawyers in our State. One of the most distinguished awards that I know of, personally, was the one that the Z. Smith Reynolds Foundation dedicated in his memory, and that is to fund opportunities for teachers, administrators, and staff at a local high school in Guilford County, and I can’t think of anything more of honor than to have something like that done in your memory. It is with great respect that I request your support in this resolution today honoring the life and memory of one of our former members, Hubert B. Humphrey. Thank you.”

Senator Garrou:

“Ladies and gentlemen of the Senate, for many years I only knew Hugh Humphrey by reputation. I knew he was a brilliant, charming, urbane man who loved his family, loved life, and loved telling a good story, often stories that would include himself as sort of the butt of the story. Only after my daughter and his daughters became devoted friends did I really have an opportunity to get to know him and know him well. On one of the trips that he took his family, on a trip to Switzerland, they were heading in the last day of afternoon of skiing. Hugh persuaded his wife and his children to stop at this beautiful little chapel that he saw as they were skiing down the mountains, and I can hear it now. I can hear Lyle and Jackie and Hillary saying, ‘Oh, Daddy, don’t make us go do this.’ But he said, ‘You know, what better way to end this day than this beautiful chapel out here in Switzerland in this beautiful place that God has made.’ So, as any of you who are skiers know, it’s quite a challenge to take off your skis and enter a house of worship without making too much noise. So it’s my understanding that they tromped down to the front of the chapel where the only seats were left. They slipped over and had to crawl over people and then they took off their hats and their goggles and their gloves and they settled down and they looked around and they looked up at the front of the chapel and there was a flower-draped coffin. They realized at that point that they had come for a funeral service, at which point they gathered their things and, I don’t know if I’m getting this story exactly right but I think this is the gist of it, and tromped out of the chapel before they lost total composure, as you could imagine, as they skied on back and went back for the end of the day. He loved life. He loved the State of North Carolina. He loved the opportunity to serve and we are very
blessed to have him. Jackie and Lyle and Patrick, we appreciate your being here today and know that we join you in rejoicing in the life of your father and your husband. Mr. President, could I say at the end of this that we’d like to have all these resolutions sent to the House by special messenger.”

Senator Horton:

“Mr. President, members of the Senate, I never really had the pleasure of trying a case with Hugh. He was a little ahead of me, not only in legal knowledge, but seniority. But he was always such a good friend. That’s how I knew him, a person of broad interests, encyclopedic knowledge of virtually everything, a great wit - in short, a boon companion. Somehow he always managed to stand for what was right and, yet, never seemed to force it on anybody. That’s the way he was. He and Jackie made a great pair and I can only say he died much too young. We miss him.”

Senator Clodfelter:

“Members of the Senate, Jackie, it was my very great good fortune, one of the luckier things in my life, to have served with Hugh Humphrey for some twenty years on the Board of Trustees for the Z. Smith Reynolds Foundation. Before I ever met him, though, as a young lawyer I knew him by reputation. I knew him as one of the finest lawyers then in practice or, I think we will say, ever in practice in the State of North Carolina. I assure you my opinion of him and that reputation never changed in all the years that we became colleagues and friends. It didn’t matter how many years went by, but I continued, even as I aged and became more experienced in my profession and things that I was doing in the world, I continued to always look up to Hugh as a mentor and as a model. He was that most important model for young lawyers in a high-pressure career in a high-power world. He was not only a model for us in our careers, but he was a model in the far more important business of integrating those careers with the things that make life really valuable – our families, our communities, our principles. Hugh Humphrey lived a life that was whole and complete. It was not broken. He was deliberate and thoughtful. I never saw him swayed by the passion of a moment on any subject. His judgment was always the very soundest, and his values were constant. His belief in the possibilities of bettering the life of people in North Carolina never wavered. He cared deeply about our State and he communicated that to others in a way that was infectious. When he spoke about the things that he cared about, whether that was his home community of Greensboro or about public education or very often, indeed, about Wake Forest University, the depth of his conviction and his sincerity was made all the more powerful by the calmness with which he spoke. He was my teacher. He was my guide and he was a great friend. He remains that for all of us who will remember him and who will continue to take from him inspiration that we can be all that is the best, the most humane, and the most civilized that is within us. We will miss him.”

The joint resolution passes its second reading (48-0) and third reading with members standing, and is ordered sent to the House of Representatives by special message.

CALENDAR

A resolution on today's Calendar is taken up and disposed of, as follows:

S.R. 57, A SENATE RESOLUTION HONORING THE COURAGEOUS ACTIONS OF THE IRAQI CITIZENS WHO VOTED IN THEIR COUNTRY'S FIRST FREE ELECTION IN FIFTY YEARS AND HONORING THE COMMITMENT, BRAVERY, AND SACRIFICE OF THE UNITED STATES AND COALITION FORCES IN IRAQ, placed earlier on today's Calendar, for adoption.

Upon motion of Senator Berger of Rockingham, the remarks of the members are spread upon the journal, as follows:

Senator Goodall:

“Personal liberty is a powerful force in personal freedom. I think there is a natural desire for that. On January 30, eight million Iraqis voted in their country’s first free election in fifty years. Men represented sixty percent of their eligible voters. I would like for this body to honor those voters today by adopting this resolution. In addition, American forces, men and women, and coalition forces have paid the ultimate sacrifices in Iraq and need to be recognized, also. One of them, Christopher Kenneth Hill, is from Charlotte, North Carolina. I spoke with his widow last week and asked her for permission to use his name in this resolution. She and her daughter, Sierra, are doing fine after her husband and Sierra’s father died in Fallujah. I would ask that we recognize all these people that have made these sacrifices by passing Resolution 57. Thank you very much, Madame President.”

Senator Smith:

“I also would like to honor the seeds of freedom that we see being planted in the Middle East, and how great it is to see eight million people risk their lives to vote and to see our brave soldiers paying the ultimate sacrifice. I had the great

February 15, 2005
privilege, when I got out of law school, to serve in the U.S. Army for four years. At my duty station (I was in the JAG Corps as a Captain), my duty station at the University of Virginia at the Staff Judge Advocate School and at Pine Bluff Arsenal in Pine Bluff, Arkansas, was such that some of the general officers had to perform duties that, traditionally, they did not perform. So, as a young officer from 1966 to 1970 in the height of the Vietnam War, I was called upon to attend burial details and to give flags to the family of the deceased. I was also called upon to be a notification officer and to walk up to a house and to knock on the front door and to have a mother come to the front door and to tell that mother that her son would not be coming home. Those experiences have stuck with me all of my adult life, all of my adult life, and I can tell you that they have burned in my conscience and in my mind the true reality that freedom is not free. People throughout this country have paid the ultimate price so that we can stand on this Senate floor today and debate bills, so that our citizens can vote for us. We are so fortunate to live in this Country, and we take so many things for granted and I just want to stand today to honor the men and women who have paid the ultimate price in Iraq and the men and women who have paid the ultimate price in this great Country so that we can enjoy the freedom that we all so much cherish. Thank you.”

Upon motion of Senator Goodall, the Senate Resolution is adopted (48-0)

support. When we last came together in this Chamber, our Country was under the shadow of war. Two years and 1400 courageous American lives later, that war is still with us. As we take time to reflect on our progress here at home, let us also reflect on those who are serving so well abroad. To the airmen at Seymour Johnson and Pope Air Force Base, the Marines at Cherry Point and Camp Lejeune, the soldiers at Fort Bragg, the National Guard and Coast Guard who are here tonight, we are so proud of you and we are proud to be the most military-friendly State in America. So many of our brave men and women are still abroad serving with honor and with dignity. We lend them our support and pray for their safe and speedy return, but our prayers must be coupled with action for our military families. To that end, I will ask for another appropriation this year to help our military children and spouses with expenses incurred by the long and unexpected separation. You funded it last year, I will ask for it again. The fight for the protection of American values is not only the duty of the military, it is the patriotic duty of all of us. Our effort to protect America’s dominance in the world depends not just on the finest military, but also on the finest workforce in the world. With us tonight is General Dan Hickman. He just returned after a year as the commanding officer of the 30th Infantry Heavy Brigade in Iraq. He is the General who brought to our attention that our troops needed radios, laptops, armor, and other equipment. North Carolina ordered that equipment and shipped that equipment over to Iraq. But he is also Dan Hickman, Community College Vice President. He has a dual role in protecting the American way of life. He commands the finest military in the world, but he also trains the finest workforce in the world. He performs his patriotic duty in both lines of work and, General, we will support you all the way in both your endeavors.

“It is the Federal Constitution that provides for the common defense, but it is our State Constitution that provides for the education of our workforce. In this global era, freedom is not guaranteed by a strong military alone. Today, a high-quality workforce is essential to our economic freedom. We must raise the knowledge, talent and skill of our people in this State and in this Country because America’s competitive edge is creativity, now and always has been, and innovation. Whether we as Americans maintain dominance in the world economy depends not on Washington, but on this General Assembly and your colleagues in other states to provide all Americans the education they need to compete and win in the global economy. I cannot speak for other states, but we in North Carolina will do our part. Since I last spoke to you, our economy is stronger, our budget is stronger and most important, our State is stronger. Our unemployment rate has dropped faster in the last two years than nearly every state and is now below the national average. We have gained over 83,000 jobs and we were in the top five in the nation in net jobs created last year. This is no accident or stroke of luck – this is the result of tough choices and hard work. While other states buckled under budget pressure, North Carolina refused to drop the ax on our classrooms because together we have faith that investing in education will allow all of our people in every corner of every county of this great State to fully develop their God-given talents. This is not just an economic

February 21, 2005
imperative, it is a moral imperative. It is a North Carolina value. Four years ago, some classrooms had thirty-five students. Today in K-third grade the class size is just eighteen. Four years ago, North Carolina was one of only two Southern states with no pre-k program. This year, over 15,000 four-year olds will start pre-k as at-risk children and finish as ready-to-learn students. Our school children are making more progress than ever. Our fourth graders led the Nation in math last year. Class size is down and test scores are up. Not long ago our college-going rate trailed the Nation but today, because we fully funded enrollment increases and kept college affordable, we are a national leader in high school seniors going on to college. Our investments in Moving Ahead, highways, roads and bridges, have all paid off and North Carolina goods are now flowing through our ports all around the world with direct shipments to China and Japan. Now we can do what we ought to be doing - export North Carolina products, not North Carolina jobs. We are using smart and targeted investments to take advantage of major business opportunities. You have given me the flexibility we need to respond quickly to new opportunities and I am mindful of the responsibility that accompanies that trust. Every economic development tool will be used for the public purpose of creating jobs and we cannot stop until every North Carolinian who wants a job has a job. New names have arrived like General Dynamics, Verizon and Dell. Long-time North Carolina companies are expanding like GE, Merck and Lowe’s and we will soon have the only statewide bio-manufacturing job-training network in the world. North Carolina is now poised to become the world leader in bio-manufacturing with new good-paying jobs not just in the Triangle but throughout the entire State. Today, companies can take advantage of a broader R&D tax credit to make sure that their most creative work stays here in North Carolina. Today, Ernst & Young says North Carolina has one of the lowest tax burdens on business. We continue to be ranked at the top in business climate because we keep skills high and costs low. We want to make it easy for business to create jobs not just so business will profit but so our people will prosper. In the end, everything that we do must be about making a higher and better quality of life for all of our people.

“Speaking of people, we have not forgotten those people who built this Country and made it great. Today, according to the State AARP, we have the best prescription drug coverage for seniors in America. North Carolina is proud to lead the nation in providing for the greatest generation and we will not forget the great generations to come. We have fully funded our Health Choice program for over 124,000 children. In North Carolina, no child will be left behind in health care, either. But here is the good part, maybe the best part. The important part is we did all this while we restored fiscal discipline. We did all of this while we cut waste and we did all this while we put a cap on government growth. North Carolina made real and sustainable progress. That means the funds will be there to provide these important programs in years to come, in good times and in bad. So let us continue our progress aggressively, but within a new era of realism that guarantees the promises we make today will not be broken tomorrow.

February 21, 2005
“Real vision demands that we make tough choices, but real vision is responsible and it is paid for. We have met the challenges of the past four years, but we still have much to do. Too many of our ninth graders are still not completing high school on time. As the economy changes, our schools must change, too. We must raise our high school graduation rate dramatically and quickly. We have great universities, great community colleges, wonderful early childhood and now great elementary schools. There is no excuse not to have great high schools, too, in North Carolina. The high schools we have simply will not meet the demands of the global economy and 21st century schools must teach 21st century skills. I want all ninth graders to hear this. By the time you reach the twelfth grade, no matter where you live in North Carolina, you will have the opportunity to receive a two-year college degree with just one extra year of school. A new partnership with high schools, community colleges and universities holds great promise for fully developing our State’s talent. You funded these pilot programs last year. The innovative project is called Learn and Earn. It’s simple, you learn more and you earn more. We are taking this initiative statewide over four years and everybody wins. Our workforce gets better skilled and more attractive and students get better educated and get a better job. We are moving forward on other high school initiatives, too, as well with help from the Gates Foundation. We are building smaller schools within a school so the students know the teachers and the teachers know the students. These schools will focus on areas such as health sciences, biotechnology, and information technology, the very fields that have the most potential for growth and the students will work in these sectors as part of their education. Students can then see the connection between the courses they take and the jobs they want and it makes school relevant for them and they do not drop out. If we keep their interest, we will keep them in school and soon the best-educated workforce in America will be found within the borders of this State. Today, the economy demands that everybody participate. There is no room for error. Nobody can be left behind. It is time that we provide adequate funds to those counties that lack the ability to provide for their schoolchildren. Just as we will be judged individually by how we treat the least of our brethren, so shall we be judged as a state. We cannot pretend that low-wealth and at-risk schools are not a problem in this State and it cannot be solved by a judge's decision or my executive order. To have a fair shake in life, these disadvantaged kids need the power, the commitment and the compassion of this General Assembly. We cannot allow support of a system of education that discriminates against even one child in North Carolina. My budget will fully fund the low-wealth formula over two years, an increase of over fifty percent, to see that all children receive the same opportunities as the rest of North Carolina, not because it is law, but because it is right and just and fair. But let this much be clear. When we offer opportunity, we will demand real accountability. We can do a better job with the money we have. Our children deserve more and so do our taxpayers. The State has too many different funds for at-risk kids with too little accountability. I want to pull this money together under one formula with one set of requirements and a lot of

February 21, 2005
accountability. That is the only way to find out what works and what does not. Then we can invest in a proven strategy that helps all children meet high standards and reach their full potential. We know that when our children have access to good teachers, they not only succeed, they excel. But right now we only produce one-third of the teachers we need. We know that this business model will not work. We have to change it so we are bringing together our community colleges with our universities to educate teachers in the communities where they are needed most. If you let teachers learn close to their homes, they will stay there and teach. This partnership has worked well on a pilot basis. Now all of our university campuses will begin programs with community colleges in every corner of this State so that teachers can get their degree from a licensed university in their community and children can get the teachers they need in their schools. This plan will increase the number of new teachers by sixty-four percent each year. Even the best teachers cannot control every aspect of a student’s life. Life outside of school matters as much as the classroom, if not more. That is why we mandated character education. If we are to close the achievement gap, increase the graduation rate, and prepare all of our students for the global economy, we must address the whole child. Many of you know that I was a prosecutor for fifteen years in our State courts. I saw thousands of young children come to court with their parents and you could literally pick out which ones had a chance, which ones would make it and which ones would not. You’ve seen the same thing. Everybody there knew it. I knew it, the Judge knew it, the Clerk knew it. If we know we have a problem then we have a duty to address it and we have a duty to fix it. We need social services and school staff working closer together in our schools to connect students and their families to the help they need. The services are already available in every county. We just need to connect them with the schools. We cannot educate a child without the help and cooperation of parents. Clearly, parents are trying to raise their children right and get them a good education, but some ignore parental responsibility. There is a child neglect statute on the books in this State. For those parents who intentionally interfere with their child’s education, we will use that law to protect that child’s right to get an education. Teachers are held accountable for educating our children in school. We, as parents, should be held accountable for our children at home. Reforming high schools, requiring more accountability for more resources, providing more teachers, meeting the needs of our children, and improving our skills in the global economy - this is a formula for success that leads to progress. This is what it takes to protect American values and that is what it takes to build One North Carolina and a stronger America.

“But our education plans do not stop in high school. This year, more students will enter college than ever before in the history of North Carolina. More students will need financial aid. Washington just cut aid to over 15,000 North Carolina students. They need that help desperately to go to college in this knowledge-based economy. We will have to provide the funds. So our message to these students is simple - stay in school and study hard. Washington may leave you on the curb, but North Carolina will not. Our budget will fund what

February 21, 2005
Washington shamefully cut. I commend the Board of Governors for holding the line on tuition this year. Tuition cannot rise every single year, and it will not go up in my budget. More community colleges need equipment for training, otherwise, they have to waitlist students. My budget will make these investments and it is not just equipment, but people that make the difference in community colleges. My budget will continue the progress to get community college pay up to the national average. This package of educational initiatives and restructuring and reforms I have outlined tonight, from pre-k to the university, is critical to our State, especially in the area of globalization. We have no choice but to provide the resources necessary to meet all those demands.

“So where do we get those resources? Is this something that we can pull this year from the revenue that we are overlooking? Something that forty-two other states have that we don’t have? Is there something that I have missed? You know my idea. I had a man at church not long ago tell me that he was against the lottery and he was selling me a raffle ticket at the time. I’m for the education raffle! Rest easy, my budget will not include an education lottery this year. You should remember that you have fronted the money from the general fund for More at Four, class size reduction and school construction. From day one, I have said an education lottery should pay for these items. This lottery issue is not going away, only the money for the education lottery is going away, from our State to other states every single day. Since I delivered my first State-of-the-State address, hundreds of millions of dollars have gone to education in South Carolina, Georgia, Virginia and Tennessee. Our people are playing the lottery. We just need to decide which schools we want to fund, other states or ours. I am for funding our schools.

“We cannot talk about our needs and ignore health care. Costs are rising by double digits. The bad habits of some drive up costs for all. This must change. The time has come to significantly increase the cigarette tax and reduce teen smoking in North Carolina and the time has also come for those cigarette companies who are not part of the original tobacco settlement agreement to make payments for the disease they cause and abide by the same advertising restrictions that prohibit marketing to children that other companies have to do.

“We have come so far these past four years through focus and discipline, a lot of discipline. State spending growth has been the lowest of any four-year period in the past fifty years. We have turned deficits into surpluses and overcome adversity at every turn. But let us never forget the recent past.

“We must abide by a reasonable spending cap. We can never let the overspending of the nineties occur again. Efficiency and reasonable cuts are the new realities of budget life, but we can make it work. We have made it work. We kept spending growth down, while test scores went up. We cut spending and still raised college enrollment and we sustained our investments without sticking it to those who will come after us. The continued progress must be a North Carolina hallmark this year as well as others. We cannot be satisfied with the status quo or be satisfied to measure our progress against neighboring states. We must look across the nation and across the ocean to other countries to take our measure. We cannot hesitate in our journey to build One North Carolina or our patriotic duty to build a better America.”

February 21, 2005
“I want to close tonight by saying something to this General Assembly, to each of you. In the last four years, you have accomplished more with fewer resources in a shorter period of time than almost any legislature in history. It has not always been pretty, but it has been pretty doggone good. With faith in God and confidence in our ambition, let us work together on these mighty goals, for they are worthy of a great State. God bless you, and God bless North Carolina.”

The Escort Committee is recognized to escort Governor Easley from the Hall of the House of Representatives, who departs to a standing ovation.

"No one was counting the masonry blocks that make up the wall of the House Chamber or scribbling notes on the daily calendar in front of him like members of the congregations often do at a worship service.

"I must admit that I found myself somewhat jealous of the attention directed toward the Governor as opposed to the kind of attention one gets in church, until I remembered that when the congregation listens to the preacher so intently, they have more on their minds than the Kingdom of Heaven! Take note, Governor. Amen."

EIGHTEENTH DAY

Senate Chamber
Thursday, February 24, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Marc Basnight, President Pro Tempore, who presides in the absence of the Lieutenant Governor.

Prayer is offered by The Honorable Larry Shaw, Senator from Cumberland County, as follows:

"In the name of God, the most gracious, the dispenser of grace, all that is the heavens and all that is on Earth extols God's limitless glory. For He alone is The Almighty, truly wise and supreme. All you who have attained to faith, why do you say one thing and do another? Most loathsome is it in the sight of our Lord that you say what you do not do.

"Now when Moses spoke to his people, there was the same truth that he had in mind. All my people, why do you cause me grief? Why you know that I am an apostle of God, sent unto you. And when they swerve from the right, God let their hearts swerve from the right way. God let their hearts swerve from the truth. And this happened, too, when Jesus, son of Mary, said, 'Oh children of Israel, behold, I am an apostle of God unto you sent to confirm the truth of the Torah and to give you glad tidings of an apostle who shall come after me, who's name shall be Ahmad.' But God does not distill his guidance upon evil-doing folks. They aim to extinguish God's light with their mouths and their slander. But God has willed to spread His light in all of His fullness.

February 24, 2005
"Ladies and gentlemen, this week, as always, we have pages. These outstanding young men and women come to serve us. Let us be a light for them. Also in their midst is a very special group of young men and women. These young men and women are wards of the State. I have come to know them, love them, and appreciate their courageousness beyond valor, their grace beyond humility. For when there is no one to care for them, they have continued to persevere, and many of them have made it this far. I hope that you join and keep them in mind in your prayer because I have found them to be very sincere, cheerful, and hopeful for the future. Amen."

The Chair grants leaves of absence for today to Senator Allran, Senator Atwater, Senator Dalton, Senator Hoyle, Senator Malone and Senator Rand.

Senator Dannelly, Deputy President Pro Tempore, announces that the Journal of yesterday, February 23, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

The Senate meets pursuant to adjournment and is called to order by The Honorable Marc Basnight, President Pro Tempore, who presides in the absence of the Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, some days we live by going through the motions. We look busy. We haven't a moment to spare. But the reality is that we're like a person with a bad head cold. We have lost our sense of taste and smell for what is going on around us.

"If today is one of those days when we seem to view life with glazed eyes, let us rest in Your presence for those few moments and then proceed with clarity and renewed energy. For Your sake we pray, Amen."

The Chair grants a leave of absence for today to Senator Webster.

Senator Dannelly, Deputy President Pro Tempore, announces that the Journal of yesterday, February 28, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

March 1, 2005
H.J.R. 375 (Committee Substitute), A JOINT RESOLUTION HONORING NORTH CAROLINA’S GREAT NASCAR LEGENDS RALPH DALE EARNHARDT, SR., RALPH LEE EARNHARDT, LEE PETTY, ADAM KYLER PETTY, JULIUS TIMOTHY "TIM" FLOCK AND HIS COMPANION JOCKO FLOCKO, EDWIN KEITH "BANJO" MATTHEWS, CURTIS MORTON TURNER, EDWARD GLENN "FIREBALL" ROBERTS, ELZIE WYLIE "BUCK" BAKER, SR., AND AFRICAN-AMERICAN RACING PIONEER WENDELL OLIVER SCOTT, AND ENCOURAGING NASCAR TO SELECT NORTH CAROLINA AS THE LOCATION FOR ITS HALL OF FAME.

With unanimous consent, upon motion of Senator Hartsell, the privileges of the floor are extended to guests of the NASCAR community: Benny Parsons; Bobby Allison and his wife, Judy; Junior Johnson and his wife, Lisa; Wendell Scott, Jr. and Sybil Scott, children of African-American racing pioneer Wendell Scott; Sam Behavis; Dr. Thurmon Exum; and Ed McLean.

Senator Nesbitt, Chair; Senator Apodaca; Senator Dalton; Senator Dannelly; Senator Hagan and Senator Hartsell are appointed to escort the guests to the Well of the Senate.

Upon motion of Senator Rand, the joint resolution is read in its entirety, and upon motion of Senator Forrester, the remarks of the members are spread upon the Journal, as follows:

Senator Nesbitt:
"Thank you, Mr. President. I present to you some of the legends of NASCAR."

Senator Rand:
"Mr. President, if I could I’d like to introduce some of these wonderful gentlemen and say a little something about them. The first one I’d like to introduce is the 1973 Winston Cup Champion, the 1975 winner of the Daytona 500, and the 1996 ESPY Emmy Award Winner. He was named one of the fifty greatest drivers in NASCAR History in 1998 and was the first driver to qualify a stock car at over 200 miles an hour. I think that was at Talladega, wasn’t it? Born in Wilkes County, North Carolina, he retired from competition in 1988 and is currently an announcer and color commentator for NBC and TNT. It’s my pleasure to introduce to you Benny Parsons."

"The next individual I’d like to introduce to you, Mr. Chairman, ladies and gentlemen of the Senate, is a gentleman whose racing career spans almost three decades. He was chosen the most popular driver from NASCAR’s Winston Cup division in 1971, 1972, 1973, and 1974 – a pretty good run. In 1983, he was the Winston Cup Champion and received NASCAR’s Award of Excellence in 1988. A three-time winner of the Daytona 500, he won it in 1978, 1982, and 1988. His career as a driver ended in 1988 when he had a serious accident. He’s the father of Clifford and Davie. We are pleased to have with us today Bobby Allison and his wife, Judy."

March 1, 2005
"The next individual I want to introduce to you is truly a legend in the sport of stock car racing in North Carolina. He drafted his way through the field to win the Daytona 500 in 1960. He later became a car owner and drivers like Curtis Turner, Bobby Allison, Cale Yarborough, and Darryl Waltrip were some of the drivers who drove for him. As a car owner, he went to victory lane 140 times. He was influential in the beginning of sponsors for racing as we know it today. The two-way radio system used by drivers and crews in communicating during the races is one of the things he pioneered. It’s a great pleasure to have with us today Junior Johnson and his wife, Lisa."

"The next gentleman I’d like to talk about, I think it’s particularly fitting in that we’ve just finished Black History Month in the United States and he was truly a pioneer. Wendell Oliver Scott was an African-American racing pioneer. He is the only African American to win a race in the top series of the sport, the Grand National Circuit, later named the Winston Cup Series. It’s currently the Nextel Cup Series. The legacy of Wendell Scott has not been forgotten in the NASCAR community and we are delighted today to have his son and daughter, Wendell Scott, Jr. and his daughter, Sybil Scott, the children of this African-American pioneer in NASCAR racing."

"We also have with us Sam Belnavis, the first African-American team owner to run a full Nextel Cup schedule and the Chief Diversity Officer for Roush Racing. And we are particularly pleased to have Dr. Thurmond Exum, the Director of Motorsports at North Carolina A & T State University."

Senator Rand:

"Mr. President, ladies and gentlemen of the Senate, the first race I guess I think I ever saw was in Wake County. There was a speedway up north here somewhere. It was three-quarters of a mile, I think, and I remember that Tim and Fonty Flock were there driving those big Chrysler 300’s, the white ones that Kiekhaefer, I think Kiekhaefer was a Mercury outboard motor man and he sponsored that team, and Herb Thomas was there driving a Buick. I didn’t know a bit more about it than I did about nuclear physics, but it was one of the most exciting things I ever saw in my life. I told some of you about Jocko Flocko. Tim Flock had a monkey that had a racing suit – rode with him, I think, sometimes, didn’t he? It was truly amazing. It was just absolutely wonderful and later when I went to Fayetteville, I had the opportunity and the great pleasure there to represent the Dodge dealer. It was ‘Royal Dodge, give the king a ring.’ He sponsored a car through Ray Fox. Buddy Baker drove it and I went with him – he paid for everything, of course, but I had the best time you ever saw in your life. We went to most all the races everywhere. I was an industrial observer at NASCAR. I joined that way because that way I could go down to the pits to see what ya’ll were up to! It was a grand and glorious time. NASCAR is particularly, I think, rooted in North Carolina. The things that make North Carolina so great and make it so wonderful for all of us, I think is exemplified by these men you see before you and those others named in this

March 1, 2005
resolution today because it’s a strong feeling of individuality. They are out there on their own doing the things that just give us all such a great feeling and it is wonderful entertainment now to the entire United States. We’ve been fortunate to have these gentlemen and those that have gone before them that are not here with us today to cheer for and to really be almost a part of our families now for a long, long time. It’s meant a great deal to so many of us and it’s meant so much to our State and now to our Nation and I’m delighted that you have come today so that we might recognize you and recognize the contribution that you have made to our State and to just the whole fabric of what makes North Carolina wonderful. So I would ask each of you to vote for the resolution so that we might honor these men that have done so much to make this sport what it is and they provided so much entertainment for so many people over this period of time. Thank you, Mr. President.”

Senator Dannelly:

“Thank you, Mr. President, we all know what NASCAR has meant to the Carolinas, particularly North Carolina. This being the first day after Black History Month, I want to certainly expand a little bit on Wendell Oliver Scott’s life, just a little bit. There was a lot behind this man. Wendell Scott was from Danville, Virginia, just over the North Carolina state line. Now, as indicated in the resolution, he was the only African American to win the Grand National race event December 1, 1963, in Jacksonville, Florida. Now forty-two years later, in this day and time no other black has won a NASCAR Grand National event. Now here’s the funny thing about it. Wendell Scott wanted to be a racecar driver. Can you imagine, ladies and gentlemen, way back then that is what he set out to do and did. Now during that time, the ruler of the South was really the Ku Klux Klan (KKK). But it seems he graduated from being a cab driver, a taxicab driver, and I used to drive cabs not back then, but I used to drive cabs, but he graduated from that to running moonshine. Apparently the KKK didn’t bother people who were running moonshine, but I don’t know. But at any rate, he won that race by two laps, I read, over Buck Baker. But NASCAR waved the checkered flag when Buck came over the line later on and, of course, they awarded Buck the trophy. Now, I read that hours later NASCAR officials told Scott he really won that race and they gave him a trophy a month later at Savannah. Now, the trophy they gave him is off-brown. I’m told it was really a pathetic excuse for a trophy. It’s off-brown, hardly more than a stick of wood covered with a little varnish, no brass nameplate, nothing to reveal its history or its origin, but it sits among many gold trophies and silver bowls in Scott’s home. It is the centerpiece of his stock car racing career. When he died December 22, 1990, many of the well-known NASCAR drivers attended his funeral to show their respect for a man that gave not one inch in his desire to become a race driver. Later, he was elected to the International Motorsports Hall of Fame in Talladega, Alabama. Wendell Scott made it in NASCAR racing without the money or the resources and with all the odds, the many odds stacked against him during that time. NASCAR is very important nowadays in diversity and since we are in the running for the museum, I think it is only fitting that the decision-makers know that in the Carolinas we are working on diversity very hard. You

March 1, 2005
just met Sam Belnavis, a co-owner of a team. Well, to develop more Wendell Oliver Scotts, we have Chris Bristol who is with Joe Gibbs Racing. There is Joel Henderson III with Dodge Weekly Racing Series in Tennessee. There is Tommy Lamb of Irvingham Motorsports and fifteen year-old Chase Austin with Hendrick Motorsports. Ladies and gentlemen, with that, if you know anybody on the decision-making team for the museum, let them know that North Carolina is the place to place that museum. I recommend the resolution to you.”

Senator Clodfelter:
“As all of you know from looking at the history of the pioneers named in this resolution, NASCAR is not only an exciting sport as Senator Rand said, but it is also sometimes a very dangerous sport. I want to say that these pioneers who are named in the resolution, their successors and their contemporaries today that carry on their proud tradition and also undertake the risk that they undertook in their careers, I want to ask that we remember in voting for this resolution that 2004 was a particularly difficult year for one of NASCAR’s current leading families. It was the year that saw the death of Papa Joe Hendrick and the tragic loss of John Hendrick, his daughters, Ricky Hendrick and several members and employees of Hendrick Motorsports. So as we remember these pioneers who are before us today and celebrate their achievements, I ask that on voting for the resolution we also remember with special thoughts the members of the Hendrick family.”

Senator Hartsell:
“Thank you, Mr. President, members of the Senate, I’ve used this quotation on a number of occasions in the past, but I think it is most fitting today. Thomas Jefferson said a long time ago that each generation owes to the next those opportunities and possibilities for life at least as great as those passed to it by his own parents. We have before us today those who represent an industry that began here, that is homegrown, that grew and flourished because of the folks we have here today. We thank you for that. We thank you from the bottom of our hearts because that is an industry that we hope will stay here. I recall as a young man, and I’m from Cabarrus County and, folks, I’m familiar with the Charlotte Motor Speedway. We had Senator Basnight in our neck of the woods not too long ago. We had a meeting to deal with, hopefully to deal with the race and those kinds of things. Thirty years ago, you would never have thought that this would be the industry that it is today. There is no way. It is entertainment, but it is sport. It has a lot of learning associated with it and we see a future now that arises from what you have done because we have people who are interested in developing themselves. It will be with us for a long time. The safety side, the research and development – and all of that is owed to you and we thank you for it. We thank you for the future of this industry, of the people who are associated with it. As a kid, I was a fan of Fireball Roberts. Some of you probably knew him. I didn’t know who the man was, I just remembered the name. It was really neat. It served as an inspiration just because of the name. We have some real fireballs here and there are many more in this State who will arise because of what you’ve done and we thank you.”

March 1, 2005
Senator Basnight:

“Members of the Senate and NASCAR family, I guess the beginning of racing, to some extent, did start in the mountains of Carolina when you wanted to transport a very famous drink and share with your northern friends and from there it grew to what it is today. I remember my first race on the Outer Banks. It was around Jockey’s Ridge and the Midgett family seemed always to win and they had a number of them. There were cars with balloon tires, pumped up so that the rim was split and the rubber would expand and it wouldn’t get stopped, but they always did, and they raced hard and fast and always had a drink or two along the way, but it was a beautiful time enjoyed by all. Eventually, that stopped and we better understood that through regulation and safety in a sport that was pioneered by you and your friends, we have an industry that now in America is affecting in excess of forty million Americans. This is the very beginning of NASCAR in this State and it is incumbent upon this body and our counterpart on the other side of the hall to see in concert with many others that the NASCAR Hall of Fame is built in the great State of North Carolina.”

The joint resolution passes its second reading (47-0) and third reading with members standing, and is ordered enrolled.

The President Pro Tempore recognizes the Committee to escort the guests from the Chamber, who depart to a standing ovation.

Upon motion of Senator Rand, seconded by Senator Dannelly, the Senate adjourns subject to ratification of bills and introduction of bills, to meet tomorrow, Wednesday, March 2, at 3:30 P.M.

Prayer is offered by Father John C. Rivers, Supply Priest of the Episcopal Diocese of East Carolina, Bath, North Carolina, as follows:

"Almighty God, Creator of all that is pure and just and wise, send down Your grace on all who hold office in the State of North Carolina, the Governor, the General Assembly meeting in this commemorative session, and especially the members of the Senate. Give them the spirit of wisdom, charity and justice that with steadfast purpose they may faithfully serve in their offices to promote the well being of all the people.

"May they never lead this State wrongly through love of power, the desire only to please and not to challenge, or with unworthy ideals, but always love righteousness and truth and walk in the shadow of their Creator.

"Grant that the Senatorial members of this General Assembly may be bold and adventurous and open to the good that is new while honoring and respecting the works, traditions and accomplishments that began with the first such makers of laws here in Bathtown some 300 years ago.

"And we, Lord, who were Your instruments in the selection by the governed of those who govern give You thanks for just causes they have espoused and the worthy accomplishments they have achieved and will achieve in the future. It is because of the merits of our Lord and Savior we so boldly pray. Amen."

PCCS35100-RU-3 is as follows:

A BILL TO BE ENTITLED
AN ACT TO PROVIDE PROCEDURES FOR RESOLVING ELECTION
CONTESTS FOR MEMBERS OF THE GENERAL ASSEMBLY AND
COUNCIL OF STATE.

Whereas, Article II, Section 20 of the Constitution provides that each
house shall be the judge of the qualifications and elections of its members; and

Whereas, the current statutory procedures for handling contested legislative elections were enacted in 1796, amended slightly in 1893, and are antiquated; and

Whereas, Article VI, Section 5 of the Constitution provides that a contested election for Governor, Lieutenant Governor, or other Council of State member shall be determined by joint ballot of both houses of the General Assembly in the manner prescribed by law; and

Whereas, the constitutional provision on contested executive branch elections was originally enacted in 1835, with the statutory implementing language enacted in 1836; and

March 9, 2005
Whereas, at the time of their repeal in 1971, those statutory procedures merely referred to the antiquated procedure for contested legislative elections; and

Whereas, it is necessary to revise the antiquated legislative election contest procedure and enact an executive election contest procedure as required by the Constitution; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 120-10 reads as rewritten:

No person shall be allowed to contest the seat of any member of the General Assembly unless he shall have given to the member 30 days' notice thereof in writing, prior to the meeting of the General Assembly, which must state the particular grounds of such contest. If the seat is contested on account of the reception of illegal votes, the notice must set forth the number of such votes, by whom given, and the supposed disqualifications; and if the same is contested on account of the rejection of legal votes, the notice must give the names of the persons whose votes were rejected. No evidence shall be admitted to show that the contestant received illegal votes, unless he shall also have been notified the same number of days, and in the same manner. The same notice of time and place required in taking depositions shall be required and proved on the investigation.

(a) Initiating a Contest. – A contest of the election of any member to the General Assembly may only be initiated by an unsuccessful candidate in the election, referred to hereafter as the contestant. In addition, if at the time of convening of the Regular Session of the General Assembly next after the election, no candidate has received a certificate of election for a particular seat or office, the contest may be initiated by any candidate in the election for that seat or office.

To initiate a contest, the contestant shall give written notice, in the manner provided in subsection (c) of this section, of the intent to contest the election. The written notice shall be provided to the person or persons apparently elected, hereinafter referred to as the contestee, and to the Principal Clerk of the house to which that person seeks election.

The notice of intent shall be provided no earlier than the date provided in G.S. 163-182.5 for the canvass by the board of elections with jurisdiction for the office under G.S. 163-182.4 and no later than the last of: (i) 30 days following the date of the election, (ii) 10 days after a certificate of election has been issued, or (iii) 10 days after the conclusion of the election protest procedure under Article 15A of Chapter 163 of the General Statutes. If none of those events has occurred at the time of the convening of the Regular Session of the General Assembly next after the election, a contestant may initiate a contest no later than 30 days after the convening of that session.

As used in this section, 'to contest' means to challenge the apparent election of a member of the General Assembly or to request the decision of an undecided election to a seat in the General Assembly, where the challenge or the request is
filed in accordance with the timing and procedures of this section and states as grounds: (i) objections to the eligibility or qualifications of the contestee based on specific allegations, (ii) objections to the conduct or results of the election accompanied by specific allegations which, if proven true, would have a probable impact on the outcome of the election, or (iii) both. The grounds for the contest shall be stated in the notice of intent.

The notice shall state that an answer by the contestee must be filed with the clerk of the appropriate house within 10 days following service of the notice. The contestant shall sign and verify the notice by his oath or affirmation.

(b) Answering a Contest. – Within 10 days after service of the contestant's notice on the contestee, the contestee shall file with the clerk of the appropriate house a written answer. The contestee's answer shall admit or deny the allegations on which the contestant relies, or state that the contestee has no knowledge or information concerning an allegation which shall be deemed denial, and state any other defenses, in law or fact, on which the contestee relies. The contestee shall sign and verify his answer by his oath or affirmation.

(c) Filings. – The notice of intent to contest shall be filed by the contestant with the clerk of the appropriate house and copies thereof served by the contestant as provided under the Rules of Civil Procedure on each contestee. The answer, petition, and any reply and copies thereof shall be filed with the appropriate Principal Clerk, and copies shall be served on the opposing party or the opposing party's counsel, if any, in the manner prescribed by the Rules of Civil Procedure.

After service of the notice of intent, any party, after reasonable notice to the other party or parties, may take depositions to sustain or invalidate the election. The contestant shall complete the taking of depositions to submit with his petition at any time within 20 days following the date of the notice of intent to contest the election, and the contestee shall complete the taking of his depositions within 30 days following the date of the notice of intent to contest the election. By written stipulation of the parties, the testimony of any witness may be filed in the form of an affidavit by the witness within the same time limitations prescribed for the taking of depositions.

Subpoenas for witnesses shall be issued upon the application of either party or upon motion of the committee under the same procedures as under Article 5A of this Chapter and shall be enforced as provided under G.S. 120-19.4. Witnesses shall be entitled to the same allowances and privileges, and be subject to the same penalties, as witnesses summoned to attend the courts. Every deposition shall be taken before a person authorized by law to administer oaths, who shall certify and seal the deposition in the same manner as in judicial civil proceedings and file the same with the Principal Clerk of the appropriate house.

(d) Petitions. – A written petition shall be filed by the contestant with the Principal Clerk of the appropriate house within 40 days following the filing of the notice of intent to contest the election. The petition shall set forth the facts and arguments supporting the case of the contestant. The contestee may file a written reply to the petition within five days following its service on the contestee.

March 9, 2005
No affidavit may be made a part of, or filed in support of, a petition or reply thereto unless the affidavit has previously been filed with the Principal Clerk of the appropriate house, pursuant to the written stipulation of the parties or their counsel, on or before the date established by subsection (c) of this section for the completion of the taking of depositions by the proponent of the affidavit.

(e) Referral to Committee. – The Principal Clerk shall refer the notice, answer, petition, reply, depositions, and affidavits to the Committee on Rules, which documents shall constitute part of the record in the contest. Unless another committee has been designated by the rules of the house to hear contest matters, the Committee on Rules shall hear the contest and conduct such investigation as has been directed by resolution of its house.

The committee handling the protest shall set a schedule for taking depositions and receiving affidavits. The committee may consider the contestant's and contestee's recommendations for the procedural schedule. The committee may hold hearings and may compel the attendance of witnesses and the production of documents in its inquiry. The committee may order the filing of briefs. The committee may order the recount of the ballots in the election.

The committee shall report its findings as to the law and the facts and make recommendations to the house for its action.

(f) Standards. – If the contest is as to the eligibility or qualifications of the contestee, the house shall determine if the contestee is eligible and qualified. If it determines that the contestee is not eligible or not qualified, it shall order a new election. If the contest is as to the conduct or results of the election, the house shall determine which candidate received the greatest number of votes. If it can determine which candidate received the greatest number of votes, it shall order that candidate seated. If it cannot determine which candidate received the greatest number of votes, it may order a new election, or may order such other relief as may be necessary and proper, except that if it determines that two or more candidates shall be equal and highest in votes, the provisions of G.S. 163-182.8 shall apply.

(g) New House to Hear. – The contest shall be heard and decided by the newly elected house.

(h) Bad Faith. – The prevailing party in any contest may in a civil action recover that party's costs of the legislative proceeding, upon a showing that the contestor filed, prosecuted, or maintained the contest in bad faith and without substantial justification.

(i) Applicability. – This section applies only to a general or special election and does not apply to the primary or any other part of the nominating process.

SECTION 2. G.S. 120-11 reads as rewritten:

"§ 120-11. Depositions taken; penalty and privilege of witnesses.

Any person duly authorized to take depositions to be read before courts, may take depositions to be used in the investigation, and may issue subpoenas for witnesses, which shall be executed by any officer authorized to execute process. And if any witness shall fail to appear and give his deposition according to the subpoena, he shall forfeit and pay to the party

causing him to be summoned forty dollars ($40.00). And on such investigation no witness in this or in the case of any other contested election shall be excused from discovering whether he voted at such election, or his qualification to vote, except as to his conviction for any offense which would disqualify him. And if he was not a qualified voter, he shall be compelled to discover for whom he voted; but any witness making such discovery shall not be subject to criminal or penal prosecution for having voted at such election."

SECTION 3.(a) Article 15A of Chapter 163 of the General Statutes is amended by adding a new section to read:

"§ 163-182.13A. Contested elections for Executive Branch offices.

(a) Notice. – Except as provided by this section, in any election for any elective office established by Article III of the Constitution, notice of the intent to contest the election shall be filed with the Principal Clerk of the House of Representatives as if it were a contested election for the House of Representatives as prescribed in G.S. 120-10.

(b) Applicability. – The provisions of G.S. 120-10 and G.S. 120-11 shall apply to contested elections for any elective office established by Article III of the Constitution and shall govern standing, notice of intent to contest, answers, service of process, evidence, the petition, procedures, and relief except as provided in this section. All filings shall be with the Principal Clerk of the House of Representatives.

As used in this section, 'to contest' means to challenge the apparent election for any elective office established by Article III of the Constitution or to request the decision of an undecided election to any elective office established by Article III of the Constitution, where the challenge or the request is filed in accordance with the timing and procedures of this section and states as grounds: (i) objections to the eligibility or qualifications of the contestee based on specific allegations, (ii) objections to the conduct or results of the election accompanied by specific allegations which, if proven true, would have a probable impact on the outcome of the election, or (iii) both. The grounds for the contest shall be stated in the notice of intent.

(b1) New General Assembly to Hear. – When a contest arises out of the general election, the General Assembly elected at the same time shall hear and decide it.

(c) Jurisdiction of Select Committee. – The matter shall be heard before a select committee consisting of five Senators appointed by the President Pro Tempore and five Representatives appointed by the Speaker of the House of Representatives. Not more than three members of the Senate appointed by the President Pro Tempore shall be members of the same political party. Not more than three members of the House of Representatives appointed by the Speaker shall be members of the same political party. That committee shall have the same power as a committee under G.S. 120-10. The committee shall report its findings as to the law and the facts and make recommendations to the General Assembly for its action.

(d) Final Determination. – The final determination on the recommendations of the committee shall be made by the General Assembly,

March 9, 2005
both houses sitting in joint session in the Hall of the House of Representatives, with the Speaker of the House of Representatives presiding. The vote shall be taken as provided by Article VI, Section 5 of the Constitution. In order to find for the contestant and order the contestant elected, the vote on the joint ballot must include the affirmative vote of a majority of the members of the General Assembly voting on the issue. The ballots shall be considered written ballots rather than secret ballots and are subject to the provisions of G.S. 143-318.13(b).

(d1) Standards. – If the contest is as to the eligibility or qualifications of the contestee, the General Assembly shall determine if the contestee is eligible and qualified. If it determines that the contestee is not eligible or not qualified, it shall order a new election. If the contest is as to the conduct or results of the election, the General Assembly shall determine which candidate received the greatest number of votes. If it can determine which candidate received the greatest number of votes, it shall order that candidate to be elected. If it cannot determine which candidate received the greatest number of votes, it may order a new election, or may order such other relief as may be necessary and proper, except that if it determines that two or more candidates shall be equal and highest in votes, the provisions of G.S. 147-4 shall apply.

(e) Filing of Determination. – A copy of the determination of the General Assembly under this section shall be filed with the Clerk of Superior Court of Wake County and with the State Board of Elections.

(f) Copies to Senate Principal Clerk. – The Principal Clerk of the House of Representatives shall make copies of any filings and transmit them to the Principal Clerk for the Senate.

(g) Applicability. – This section applies only to a general or special election and does not apply to the primary or any other part of the nominating process.

SECTION 3.(b) For any election in 2004, notice of the intent to contest the election shall be filed within 10 days of this act becoming law, notwithstanding the deadlines established under subsection (a) of this section. Any election contest petition received prior to this act becoming law may be amended, if necessary, to comply with the provisions of this act.

SECTION 4. G.S. 163-182.14 reads as rewritten:

(a) Final Decision. – A copy of the final decision of the State Board of Elections on an election protest shall be served on the parties personally or by certified mail. A decision to order a new election is considered a final decision for purposes of seeking review of the decision.

(b) Timing of Right of Appeal. – Except in the case of a general or special election to either house of the General Assembly or to an office established by Article III of the Constitution, an aggrieved party has the right to appeal the final decision to the Superior Court of Wake County within 10 days of the date of service.

After the decision by the State Board of Elections has been served on the parties, the certification of nomination or election or the results of the referendum shall issue pursuant to G.S. 163-182.15 unless an appealing party

March 9, 2005
obtains a stay of the certification from the Superior Court of Wake County within 10 days after the date of service. The court shall not issue a stay of certification unless the petitioner shows the court that the petitioner has appealed the decision of the State Board of Elections, that the petitioner is an aggrieved party, and that the petitioner is likely to prevail in the appeal.

(c) Contests for General Assembly and Executive Branch Offices. – In the case of a general or special election to either house of the General Assembly or to an office established by Article III of the Constitution, an unsuccessful candidate has the right to appeal the final decision to the General Assembly in accordance with G.S. 120-10 and G.S. 163-182.13A, as appropriate.

After the decision by the State Board of Elections has been served on the parties, the certification of nomination or election shall issue pursuant to G.S. 163-182.15 unless a contest of the election is initiated pursuant to G.S. 120-10 or G.S. 163-182.13A, as appropriate. The decision of the General Assembly in determining the contest of the election pursuant to G.S. 163-182.13A, or the decision of one of its houses in determining a contest pursuant to G.S. 120-10, as appropriate, may not be reviewed by the General Court of Justice."

SECTION 5. G.S. 163-182.15 reads as rewritten:

If there is an election protest, the certificate of nomination or election or the certificate of the result of the referendum shall be issued in one of the following ways, as appropriate:

(1) The certificate shall be issued five days after the protest is dismissed or denied by the county board of elections, unless that decision has been appealed to the State Board of Elections.

(2) The certificate shall be issued 10 days after the final decision of the State Board, unless the State Board has ordered a new election or the issuance of the certificate is stayed by the Superior Court of Wake County pursuant to G.S. 163-182.14.

(3) If the decision of the State Board has been appealed to the Superior Court of Wake County and the court has stayed the certification, the certificate shall be issued five days after the entry of a final order in the case in the Superior Court of Wake County, unless that court or an appellate court orders otherwise.

(4) No certificate of election need be issued for any member of the General Assembly following a contest of the election pursuant to G.S. 120-10.

March 9, 2005
(b) Issued by State Board of Elections. – In ballot items within the jurisdiction of the State Board of Elections, the State Board of Elections shall issue a certificate of nomination or election, or a certificate of the results of the referendum, as appropriate. The certificate shall be issued by the State Board six days after the completion of the canvass pursuant to G.S. 163-182.5, unless there is an election protest pending. If there is an election protest, the certificate of nomination or election or the certificate of the result of the referendum shall be issued in one of the following ways, as appropriate:

**TWENTY-NINTH DAY**

Senate Chamber
Wednesday, March 16, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"In Holy Scripture, the Apostle Paul says this in his letter to the Church at Galatia, 'For if those who are nothing think they are something, they deceive themselves.' (Galatians 6:3)

"There is some sort of connection between what Paul calls self-deception and our pride. Truth is, O God, that we are just plain prone to self-partiality.

"Only our relationship with You gives us the means to see ourselves not only honestly but also humbly. We pray that is the lens through which we see ourselves. Amen."

The Chair grants leaves of absence for today to Senator Clodfelter, Senator Goodall, Senator Smith and Senator Webster.

Senator Basnight, President Pro Tempore, announces that the Journal of yesterday, March 15, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

**THIRTIETH DAY**

*Senate Chamber*

*Thursday, March 17, 2005*

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Almighty God, in Elie Wiesel's 'The Oath', there is an interesting dialogue between a prophet and a young man.

"'You go to school?' asked the prophet, 'To what purpose?"

"'To learn. To learn what?"

"'The laws of God,' the boy said uneasily.

"'The laws of God are life,' said the prophet, 'And life must be lived; it cannot be learned between four walls. But the laws of God are greater than life - even God follows the Commandments.'

"'God, too, must be lived, my son. You must live God, not just study God in books, between four walls.'

"May the wisdom of that dialogue guide the members here who pass laws that we all must live out. Amen."

The Chair grants leaves of absence for today to Senator Clodfelter, Senator Goodall, Senator Smith and Senator Webster.

Senator Basnight, President *Pro Tempore*, announces that the Journal of yesterday, March 16, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

THIRTY-FOURTH DAY

Senate Chamber
Thursday, March 24, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Marc Basnight, President Pro Tempore, who presides in the absence of the Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Almighty God, as we close another week in the Senate, Easter approaches. The word conjures up different feelings, different experiences, for those listening to this prayer. For Christians it is the highest and holiest of days. The remembrance of the death, the burial, the resurrection of Jesus is the source of Christians' eternal hope!

"It also reminds us that not only can sorrow and joy exist within the same experience, but that each can enrich the other. When we cry and laugh at the same moment, when we feel both down and up, empty then filled, tested but trusting, we are experiencing Easter...Your magnificent grace.

"And so we pray in gratitude for this great gift to us. Amen."

The Chair grants leaves of absence for today to Senator Dorsett, Senator Hoyle, Senator Pittenger and Senator Weinstein.

**S.B. 130** (House Committee Substitute), A BILL TO BE ENTITLED AN ACT TO CONVEY CERTAIN DESCRIBED PROPERTY TO THE COUNTY OF CURRITUCK AND CERTAIN PROPERTY TO JOHNSON & WALES UNIVERSITY.

**STATE OF NORTH CAROLINA**  
**OFFICE OF THE GOVERNOR**  
**20301 MAIL SERVICE CENTER • RALEIGH, NC 27699-0301**

MICHAEL F. EASLEY  
GOVERNOR

March 25, 2005

**GOVERNOR'S OBJECTIONS AND VETO MESSAGE**

*Senate Bill 130, "An act to convey certain described property to the County of Currituck and certain property to Johnson & Wales University," among other things, requires the conveyance of a deed for the James K. Polk Building to the Johnson and Wales University.*

Pursuant to the mandate of Section 19.5 of the 2004-05 budget bill which states *"Upon the sale of the James K. Polk Building • in the City of Charlotte..." (emphasis added),"* the State put the property up for bid.

On March 24, 2005, the Council of State approved the sale of the Polk Building to Trinity Capital Advisors, LLC, pursuant to the legally established process set up for disposal of surplus state property.

March 29, 2005
Since the property has been sold and deeded for $5.25 million, it is not available to be deeded to another party as per this legislation, and such a conveyance as contemplated in the bill would be illegal.

Therefore, I veto the bill.

Michael F. Easley

The bill, having been vetoed, is returned to the Clerk of the North Carolina Senate on this 25 day of March, 2005 at 10 o'clock for reconsideration by that body.

The House Committee Substitute bill with the veto message is referred to the Judiciary I Committee, and the House of Representatives is so notified.

SPECIAL MESSAGE FROM THE HOUSE OF REPRESENTATIVES

The following special message is received from the House of Representatives:

H.J.R. 520, A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF ASHLEY B. FUTRELL, FORMER MEMBER OF THE GENERAL ASSEMBLY.

Upon motion of Senator Rand, the Rules are suspended and the House Joint Resolution is placed before the Senate for immediate consideration.

Upon motion of Senator Basnight, the joint resolution is read in its entirety and, upon motion of Senator Berger of Rockingham, the remarks of the members are spread upon the Journal, as follows:

Senator Basnight:

"Thank you Madame President, members of the Senate. Ashley Futrell meant a lot to myself and, indirectly, to you for his contributions to this State. He was a patriot, a newspaperman, a public servant, and a loving family man. He died at the age of ninety-three and just a little prior to that at my last visit with Mr. Futrell in his office, and it was always open – his door was never closed when you would come in. He had an old typewriter, an Underwood, I believe it was, that he would peck away at and daily write an editorial in his newspaper. It was an editorial that spoke of life, of progress, failure, of dreams, of aspirations of people and communities, of the condition of the city or the town or the county or

March 29, 2005
our State, and he could sting one, and he would do so, rightfully, in many different ways as he did me. I kept coming back for more though and Mr. Ashley would tell me what was wrong with the state of affairs in our community or in our State or our Country and he would share stories, stories that each and every one of you would enjoy so very much. I just wish he could come back and sit here in this Chamber where he once served. He represented the County that I live in and the County that I now represent – Beaufort. He always wanted those communities to be back together. For some period of time I had a piece of Beaufort County and that was never good enough. He wanted Beaufort County to be whole and he wanted Dare County to be a part of that First Senatorial District, just as he represented it in 1965. The story that stands out, and there are many, is during World War II he served and he was at Normandy on D-Day. He worked his way across Europe into France and ended up with a newspaper job there, by the way, and that’s how he got into the printing business and the newspaper business. But the one that really stands out for me and he was wounded in Europe, by the way, and when he married his wife, Rachel, who is with us today, and son Brownie, and grandson, Ace, and Brownie’s wife, Susan, who you’ll meet in a second, the shrapnel still would come out of his legs after they were married. It came from a grenade, as I understand it, in a foxhole. He was one of the great North Carolinians and great warriors of our Country. But the one that stands out, and I think you would like this, Senator Clodfelter, because you are a rabid fan of Churchill. Churchill came to America for a particular speech with Roosevelt and they shared the podium in Harvard. Mr. Ashley was there learning Chinese because as Mr. Ashley told me, it looked like an invasion was going to occur. He had graduated from Duke University with three different degrees and he had tested at such a level that they chose him to learn this very difficult language. In fact, he said he had to learn two. You were learning two different particular languages because if you invaded China or Japan there had to be some interpreters. And he didn’t get to go home that particular weekend because he was so far away. Washington and Wilson was a long ways away, and he couldn’t get there, so he and a few other soldiers, one from Oklahoma and one from Texas and somewhere else, ended up being the honor guard that was being trained at Harvard in this new language. Everyone else went home except for four or five of those. They became that honor guard. They escorted Churchill into the Commons at Harvard, I believe it is, if I have it correct what he told me. They went through the Commons into the Church and afterwards Churchill invited this honor guard to the back to have a little conversation. He offered a cigar to all these young soldiers and Mr. Ashley had never had a cigar of that value, size, length, or thickness, and he said, ‘Well, Mr. Churchill, I certainly can’t take this from you.’ He said, ‘The hell you can’t,’ and handed it to him in his way. They shared stories and he said, ‘Do you know this particular place in South Carolina?’ Well that was where Churchill’s wife was from. Mr. Ashley shared that story and what it meant for him to see two great world leaders that had saved the world and without the contributions of either of those two, most especially our Country, the freedoms that we have today would not be here. So from Churchill and Roosevelt to the Futrells of the world, we are safe today. He was an incredible man and he loved education. He believed it was the way out of the dungeons of the, how did he describe it, the March 29, 2005
dungeons of the past that imprisoned so many people and locked them out of the knowledge world. He had a way with words that was pretty unique. He worked awfully hard to see that we had a medical school at East Carolina University and today we admit seventy-two young adults every year to learn medicine, Dr. Forrester and Dr. Purcell. We have been very successful with that school. Were it not for Ashley Futrell, he being one of the people, we would not have this school this day. He fought awfully hard for Beaufort Community College to see that it was there in the community that he loved so much and that it would serve so many different people. He never quit fighting for the person who was willing to get up in the morning and try to make a go at it. He loved this State dearly."

The joint resolution passes its second reading (50-0) and third reading with members standing, and is ordered enrolled.

Upon motion of Senator Basnight, the Chair extends the privileges of the floor to Rachel F. Futrell, wife of Ashley B. Futrell; their son, Ashley B. Futrell, Jr.; his wife, Susan B. Futrell; and their son, Ashley B. Futrell III.

CALENDAR

Bills on today's Calendar are taken up and disposed of, as follows:

Upon motion of Senator Rand, the joint resolution is read in its entirety, and upon motion of Senator Soles, the remarks of the members are spread upon the Journal, as follows:

Senator Rand:

"Thank you very much, Madame President, and ladies and gentlemen of the House and Senate and all of our guests here today. It’s really impossible to verbalize the way you feel at a time like this, to recognize the sacrifices that have been made for us and the things that have been done to protect freedom and keep this Country what it is and so as we are here today what I would like, Madame President, the first thing is read the citation where Mr. Hernandez won the Congressional Medal. I think that would say more and just to put it in all in context, I would like to ask that our reading clerk read this at this time."

Reading Clerk:

"Corporal Rodolfo P. Hernandez was a member of the Company G 187th Airborne Regimental Combat Team in action near Wontong-ni Korea, 31 May 1951. Corporal Hernandez, a member of Company G, distinguished himself by conspicuous gallantry above and beyond the call of duty and action against the

April 6, 2005
enemy. His platoon in defensive positions on Hill 420 came under ruthless attack by a numerically superior and fanatical hostile force, accompanied by heavy artillery, mortar and machine gun fire, which inflicted murderous casualties on the Platoon. His comrades were forced to withdraw due to lack of ammunition, but Corporal Hernandez, although wounded in an exchange of grenades, continued to deliver deadly fire into the ranks of the on-rushing assailants until a ruptured cartridge rendered his rifle inoperative. Immediately leaving his position, Corporal Hernandez rushed the enemy armed only with a rifle with bayonet. Fearlessly engaging the foe, he killed six of the enemy before falling unconscious from grenade, bayonet, and bullet wounds, but his heroic action momentarily halted the enemy advance and enabled his unit to counterattack and to retake the lost ground. His fighting spirit, outstanding courage, and tenacious devotion to duty clearly demonstrated by Corporal Hernandez reflect the highest credit upon himself, the infantry, and the U.S. Army.”

Senator Rand:

“Madame President, that’s why it’s really impossible to say what you feel at a time like this or to really understand the depths of all our feelings. I read a little more on Corporal Hernandez. He was discovered the next day by troops and was initially pronounced dead. They found him later and he began to move a little and discovered that he was, in fact, alive and he spent a significant amount of time, of course, in military hospitals, both abroad and in the United States where he regained the use of his limbs and the greatest thing about it is that after he was rehabilitated, after he came back home and twelve years later after he came back from Korea he became a counselor to wounded veterans of Korea and Vietnam at the Veterans Administration helping others who had been through some of the same things, had been wounded, also, to help them learn that they could lead a productive life and to recover from their wounds. I think he represents all these gentlemen here today who have done so much, whose conspicuous gallantry says a great deal about the American spirit and about our feeling for this Country and how we call upon common people to do uncommon things in the defense of liberty and to defend us all that are here at home. So I would just like to thank them all for what they have done for us, thank them for their service to their Country and say that we are deeply indebted to them and we greatly appreciate everything that they and all these other gentlemen and the people they represent by their presence here today, that we so very much appreciate all they have done for us and we are delighted to have them here today to recognize their contribution and what they have done for their Country.”

Senator Basnight:

“Thank you, Madame President, members of the Senate and the House and very special people in the gallery and most especially to those of you who gave my family and me and all North Carolinians and Americans and people around the free world an opportunity to participate in our likes. This past weekend I was fortunate enough to go to a basketball game in St. Louis. At that game and
in that place I saw people have fun and celebrate and enjoy an occasion that was so festive of freedom, chance, opportunity, and share in some respect of the success of America. You gave me that opportunity and my children and my family. From the very first day that George Washington, General Washington who never wanted to be known as President - he wanted to be known as General Washington because he believed his greatest contribution to his Country and the cause of freedom and of liberty came through the sacrifices of the soldier, not through the Government, not through the laws, not through the Constitution that was written. All those particles of a Government that make freedom ring so loudly were important. But the most important of all is you, the soldier, from when he crafted the smallest of materials, purple in color, to give that first soldier the Purple Heart, to the Congressional Medal of Honor. What distinguishes you differently from me and so many others around this world is that you gave us that liberty, you gave us that freedom and that opportunity to be successful as human beings. God bless each and everyone just like you all across this great land of ours. You gave me chance and opportunity. Thank You.”

Senator East:
“Madame President, I just wanted to add my blessings to this resolution and thank these gentlemen for what they’ve done for our Country and at the appropriate time I would like to call the name of three Silver Star recipients from Mount Airy. They are in ill health and could not be here today: Mr. Melvin Strickland, 126 Vanilla Lane in Mount Airy, is a Silver Star recipient from World War II; Mr. Herman Ball, 1601 East Winsley Lane, Mount Airy, a Silver Star recipient from World War II; Mr. Floyd Darrh, 311 Pender Street in Mount Airy, a Silver Star recipient from the Vietnam War, and regrettably Mr. Darrh died last year. Thank you very much.”

Lieutenant Governor Perdue:
“As the Senate votes on this resolution, I’d like to invite all of you for a second just to kind of close your eyes and think what it was like for these men and think about the men and women serving today in Afghanistan and Iraq, ordinary people across North Carolina, homes left, little towns, big cities, rich and poor, black and white, all kinds of creeds and races to fight for America. North Carolina continues to have more military deployed in this effort than any other state in America and so for these veterans we honor today, we thank you and we celebrate you, but we equally celebrate those who are in harms way as we speak today.”

The joint resolution passes its second reading (50-0) and third reading with members standing, and is ordered sent to the House of Representatives by special message.

The President of the Senate recognizes each veteran seated on the floor and others in the gallery and expresses appreciation to them for their service to our Country.

CALENDAR (continued)

S.J.R. 161, A JOINT RESOLUTION HONORING THE LIFE AND INFLUENCE OF NORTH CAROLINA MUSICIAN AND SINGER CHARLIE POOLE.
Upon motion of Senator Berger of Rockingham, the joint resolution is read in its entirety, and upon motion of Senator Shaw, the remarks of the members are spread upon the Journal, as follows:

Senator Berger of Rockingham:
"Thank you, Mr. President, and members of the Senate and guests. As is indicated, you are all invited to the Tenth Annual Charlie Poole Music Festival in Eden May 20 and 21. At that time, the city of Eden will continue to recognize one of the founders of country music. Today, country music enjoys immense popularity around the world and across the nation. Its influence is felt just about any place you go. Bluegrass music has a distinctive sound and it's always recognized as being a part of the Southern United States and Appalachian area. The roots of both of those forms of music can be found in

April 7, 2005
North Carolina and often times in the mill towns and in the rural areas of our State and that’s the case with Charlie Poole. In the days before television, the days before computers, at the infancy of the record industry, and the infancy of radio, you could go to any small town in North Carolina at an auditorium or on someone’s front porch or at a street corner and people would be playing music and often times it would be somebody with a fiddle and a banjo and a guitar and that’s Charlie Poole and the North Carolina Ramblers. In the 1920’s, they were a very popular group of musicians and had many recordings and spent a lot of time traveling the Southeast. Charlie Poole’s individual life was a life of tragedy. He had a real problem with alcohol and there are lessons to be learned from his life in terms of some of the failures. Lessons can also be learned from his life and life of the other North Carolina Ramblers in terms of the success that they had in developing country music and bluegrass music. I wanted to read something to you from a biography, the introduction of a biography of Charlie Poole that gives you a little bit of background. I’ll just read this: ‘Among the thousands of musicians active in the 1920’s and 1930’s in what has been called the Golden Age of Country Music, a few select stand out as larger-than-life figures. One of these is the North Carolina singer, banjo picker, and bandleader, Charlie Poole. Into an all too brief playing life he packed a wealth of songs that have been enjoyed, reproduced and built upon by generations of later musicians. Many of the numbers Poole originated are popularized, such as ‘Don’t Let Your Deal Go Down;’ ‘There’ll Come a Time,’ ‘If the River Was Whiskey’ and ‘White House Blues’, have passed into the repertoires of country luminaries like Roy Acuff, Bill Monroe, Ralph Stanley, and they are staples of the Bluegrass songbook. Charlie Poole was not only a great country singer, but a pioneering country banjo player. His three finger picking style, and Senator Albertson you may know something about what the three finger style is, I’m not a musician, but his three finger picking style virtually unique in his own day, was also one of the formidable sounds in the development of bluegrass. Poole’s North Carolina Ramblers have often been called the classic old-time string band and their intricate texture of fiddle, banjo, and guitar is one of the artistic high points of early country music. With such superb musicians as the fiddlers, Posey Rorer, Lonnie Austin, and Odell Smith, and guitarists, Roy Harvey and Norman Woodlieff, the North Carolina Ramblers were one of the best loved and most eagerly followed of the old-time bands, both in person and on their magnificent recordings.’ And that is from the introduction of the biography written by Kinney Rorer. There is the new CD that is coming out. I’ve had an opportunity to listen to an advanced copy of it. To listen to those songs, it takes you back to another time, not necessarily a better time, but certainly a simpler time, a time that we all would do well to go back and think about it at times. Part of that time is what makes us what we are today and I think it is important for us to look back. We all, as you know, stand on the shoulders of those who came before us and those stars of country music and bluegrass music today stand on the shoulders of people like Charlie Poole and the North Carolina Ramblers and I certainly appreciate the fact that the representatives of the Charlie Poole Music Festival and representatives of the recording industry are here today to see us pass this resolution and I would certainly appreciate your support. Thank you.”

April 7, 2005
Senator Albertson:

“Thank you, Mr. President, and members of the Senate. I never got a chance to see Charlie Poole but I certainly heard about him and I knew he was a great musician. I guess his name being Charlie he would have to be! You know, seriously, back at that time, back in the 1920’s and 1930’s, of course I was born in the early 1930’s, you can tell that. Back in that time music seemed to be much more special than it even is today. People had to work hard and most people lived on the farms so when they heard some good music either at the Grand Ole Opry or could pick up some music on the radio, that was about one of the best things you could expect back in that time. And back in that time, the instruments that people had to play on were nothing compared to what instruments are today, so somebody who could excel like he did with the kind of rather crude instruments, that’s again as compared to what we have, he was really good. He was what you called an entrepreneur in every way, so I certainly appreciated his music and I remember one of his songs we used to do, one that you referred to in the resolution “Don’t Let Your Deal Go Down.” I played that many times on Saturday night and enjoyed every bit of it. So I appreciate Charlie Poole and I recommend this resolution to you.”

The joint resolution passes its second reading (50-0) and third reading with members standing, and is ordered sent to the House of Representatives by special message.

Upon motion of Senator Berger of Rockingham the President extends the courtesies of the gallery to Hank Sapoznik, producer of "You Ain't Talkin' to Me" Charlie Poole and the Roots of Country Music; George Goehl, Straight Six Films producer of an upcoming documentary on the life of Charlie Poole; the Reverend Warwick Aiken of Eden; Mrs. Marianne Aiken, publicist of Charlie Poole Music Festival in Eden; The Honorable Philip Price, Mayor of the City of Eden; and Mrs. Louise Price, Director of the Charlie Poole Music Festival.

We know the Senators will be up to the task. Maybe there's nothing on earth more important for us to do during hurried days than to sit down every evening or morning and think over - try to figure out and come to terms with the events of each day, where they are taking us and where they are taking the people we care about. That kind of quiet reflection is, if nothing else, an effective way of beginning our personal prayers with you. So help each of us to take that kind of time this week for your sake and for our own. Tonight we also congratulate and celebrate Senator Brown and his wife on their marriage this past weekend. Amen."

S.J.R. 1170, A JOINT RESOLUTION RECOGNIZING THE UNIVERSITY OF NORTH CAROLINA AT CHAPEL HILL MEN'S BASKETBALL TEAM FOR AN OUTSTANDING SEASON CULMINATING IN THE 2005 NCAA DIVISION I CHAMPIONSHIP.

Upon motion of Senator Forrester, the joint resolution is read in its entirety and, upon motion of Senator Forrester, the remarks of the members are spread upon the Journal, as follows:

Senator Rand:
“Thank you, Madame President, and ladies and gentlemen of the Senate and the House. This is a special day for North Carolina as we celebrate the accomplishments of these young men and their coaches and managers and all those who do so much to bring so many people in North Carolina a great deal of pleasure. There are a few in North Carolina that they bring a great deal of pain for and for that we are everlastingly grateful! But, Madame President, we also salute their accomplishments for things other than athletics. I placed a copy of a letter from a gentleman in St. Louis on your desk. He is the owner of the restaurant where they had dinner last Thursday night before the games. He said, as a Georgetown alumnus, Chapel Hill had broken his heart in 1982 when they won the National Championship, but this team had converted him because they had dinner in his restaurant and he talks about how they had conducted themselves as perfect gentlemen and the way they had treated the staff and the way they had conducted themselves was very pleasing to him and they had made such an impression that he wrote a letter to a newspaper in North Carolina which I think is really a great tribute to these young men for the way that they

April 12, 2005
conducted themselves and the honor they reflect upon us and themselves. I don’t know if any of you had the opportunity to see it, but you know you talk about the sweet-sixteen, but Time magazine, before the tournament ever started, published the ‘smart-sixteen’ where they ranked the teams that were going into the tournament and they ranked them on their scholastic accomplishments. The finals were between Michigan State and North Carolina. It’s amazing how that came pretty close, but I’m delighted to tell you that the outcome was the same. The winner of the ‘smart-sixteen’ was the University of North Carolina and, of course, that says volumes about winning, but winning the right way, doing it in a way that reflects honor upon your State, upon the institution and upon the young men that represent us so well. So when you reflect upon this year and you reflect upon the wonderful run up to this tournament, I think that we have so much to be proud of today, the accomplishments of this team, both scholastically and athletically, the way they represent us, the way they carry themselves and what it says about North Carolina. North Carolina is an old and grand State and the University its priceless gem, I believe the oldest State University in our Country. We have a lot to be proud of and so much of it sits before us here today. I would just like to offer them our thanks for a job well done and for reflecting so well upon themselves and upon all of us. Thank you, Madame President.”

Senator Kinnaird:
“I want to offer a special congratulations and thanks from the hometown of these wonderful champions and on behalf of Representative Joe Hackney and Verla Insko, who also represent you. I want to tell you how thrilled we are as I say thanks and congratulations to our great coach who came back home and became even greater. To our wonderful coaching staff that helped to make us and the managers who pulled us all together and, of course, to our champions who not only deserve our thanks and our congratulations, but they not only did it, they did it right. Thank you.”

The joint resolution passes its second (47-0) and third readings and is ordered sent to the House of Representatives by special message.

Representative Hackney:
“I have the privilege of introducing someone who truly needs no introduction. His bio will reflect that he was born in Spruce Pine but that he grew up in Buncombe County and then he came to Chapel Hill where he obtained two degrees, that he came back and coached at Charles D. Owens Swannanoa High School for a while, that he came back to Chapel Hill to coach in 1978, that he went on to Kansas where he coached for fifteen seasons and then he came back to North Carolina, as we all know. Coach Williams, some would say that coaching and basketball is like the legislature. You have to work together as a team at all times. All the shots you take should be good shots and sometimes you just have to play good defense. I give you, Coach Roy Williams, the gentleman from Orange.”

April 12, 2005
Coach Roy Williams:

“Thank you very much. I do feel uncomfortable with my back to the distinguished lady and not uncomfortable, but just because it is not mannerly. It is a great thrill for us today to be here before the joint session, to be in front of such a distinguished group and such an enthusiastic group of people who feel good about what this team of youngsters in front of you did and I emphasize that word ‘team’ because they are a very gifted group of individuals and the only way that they are the 2005 National Champions is because they did work as a team. On the first day of practice this year, the thought for the day was ‘It’s amazing how much can be accomplished when no one cares who gets the credit,’ and the team went into the locker room and put that up on the blackboard and it stayed there the entire season and I think that epitomizes this group of youngsters that you have sitting in front of you. It was a thrill for all of us. It was something that our players will remember for the rest of their lives. Before the game, I talked to them about the 1957 North Carolina team and how last year at the reunion they came back forty-seven years afterwards and everybody still had great thoughts and great memories and that’s what they could accomplish and that’s what they did accomplish. It is something that we are extremely proud of what happened. During the game I will admit that I wanted to be first in the game, I did not know that we were first in the ‘sweet sixteen’ on the graduation rate, but that is something that is extremely important to us, but during the game I was more interested in how they played defense and whether we rebounded or made shots. Before you stands the seventeenth team that I have coached as a head coach. Before you sits not only the National Champions of 2005, but the toughest group of individuals that I have ever been around – a group that in the last three minutes of the championship game against Illinois held Illinois scoreless and did that several times down the stretch including – Mr. Rand may help me remember who it was in our last regular-season game that we held scoreless for three minutes at that time as well - but I do think that it is a team that we will always have in our memories, that we will always cherish. We appreciate the support that you give us. We feel great about being in the Atlantic Coast Conference, in a league of such tremendous teams and tremendous universities that we compete with and some of them very close. I will tell you on behalf of this entire team, we are thrilled to be here, we were thrilled last Monday night, and we are going to be thrilled for the rest of our lives for what these young men have accomplished. Thank you very much.”

Speaker Black, Senator Basnight, and the Lieutenant Governor present Coach Williams with a plaque commemorating the basketball championship and make the following remarks:

Speaker Black:

“On behalf of the North Carolina General Assembly, Senator Basnight and I would like to congratulate you, Coach Williams, and all of these fine young men that have brought this National Championship back to North Carolina, back home where it belongs. We thank you, Coach Williams, for coming back to Carolina and we do hope that all of these young men who don’t graduate will come back again next year so that we can do this again.”

April 12, 2005
Senator Basnight:

“I cannot say enough on behalf of the North Carolina Senate and the people that we all represent across this beautiful State, that what it means to all of us, all 8.2 million people, to be able to claim a National Championship in basketball from a hometown favorite that drove you and drove you and you drove yourselves until you were victorious, and what it means to all people to be able to say that you are the leaders. It is not just North Carolina that wins this today, it is the country that you represent and all of its people. I am so proud of you as all people are. God bless and all come back and let’s do it one more time. I will quickly say, Coach Williams and team, that this is only the third time that we have ever done this in this Chamber and in this Body and never have we had an audience as large and as proud as it is today. Thank you.”

The Lieutenant Governor recognizes the Committee to escort the guests from the Chamber, who depart to a standing ovation.

Upon motion of Speaker Black, seconded by Senator Basnight, the Joint Session is dissolved at 4:04 P.M.

The Senate is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

H.J.R. 1118 (Committee Substitute), A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF JUNE ELIZABETH KAY CAMPBELL, FORMER CIVIL RIGHTS LEADER, placed earlier on today's Calendar.

Upon motion of Senator Malone, the joint resolution is read in its entirety and, upon motion of Senator Dalton, the remarks of the members are spread upon the Journal, as follows:

Senator Malone:

“Thank you, Madame President, and ladies and gentlemen of the Senate. This resolution, obviously, had its origin in the distinguished House of Representatives and I seek your concurrence in its passage. June Campbell was a grand lady of charm and dignity. From a public point of view, she was a rather quite lady but she had the strength and fortitude of a boulder. She was the glue that sustained and bonded a family …publican in many ways. She bonded them as other members of the family went about carrying on their civic and public responsibilities. June Campbell believed in education to the extent that she pushed her own children to the very limit and, in so doing that, she was also leveling the field for other children who had to follow in their wake. Mrs. Campbell believed in the Pledge of Allegiance and she also believed strongly that when we say ‘liberty and justice for all’ she believed that those words meant precisely what they said. Therefore, they devoted a lot of their time and energy to bring those to realization. I recall that her pride could hardly be contained when her son was elected Mayor of the City of Atlanta and he played a very critical role in bringing the Olympics to that City. Equally proud was she when her son, Ralph, became the first African-American to be elected to a statewide office in the State of North Carolina. All the time her daughter, Mildred, and other son, Eddie, were key players in all these events. When Mrs. Campbell died not too many months ago, not only did her family mourn her death, but all of those of us in the community who had been associated with the Campbell family realized a great loss. They were exemplary in their courage and pride and willingness to pay the sacrifice. I urge your positive vote on the resolution honoring Mrs. June Campbell. What I would ask you, Madame President, is at the appropriate time if you will please recognize the members of her family who are here. Thank you very much.”

Senator Rand:

“Thank you, Madame President, and ladies and gentlemen of the Senate. It is hard really to overemphasize the role of a wife and mother and what a family accomplishes and I have always read about the things that went on around the table there at the Campbell home during the Civil Rights Movement and the contributions that were made to the good of us all by this family are truly amazing. The accomplishments of her children are wonderful and a great tribute to a mother who was a caring and gentle lady who meant so much to all of them. We are very fortunate to have had people like Mrs. Campbell in our capital city and in North Carolina and we will always remember the quite, gentle spirit that she had that took us all forward. Thank you.”

April 12, 2005
Senator Dannelly:

“Thank you, Madame President. I’m really trying to remember when I met Ralph Campbell, Sr. and I can’t quite remember, during all those years during his activities to try to equal the playing field for those that were less fortunate than others. If Mrs. Campbell could walk into this chamber today, I would not know her. There is an old saying that, ‘Behind every good man, there’s a good woman.’ In this case, behind every good family, there’s a wonderful mother and wife. I’m so happy that I know her children. I urge you to support this resolution.”

Senator Basnight:

“Thank you, Madame President, and members of the Senate. We could go to any small town or large city in the State and find families like the Campbell family. Senator Nesbitt, they are in the mountains and in the hollows and where I live along the coast. You’ll find them around the inlets and along the shorelines and all in between there are these special families that kept together the brothers and the sisters, the mother and the father, as a part of what makes us successful and that we are one. It is in that community that she made the contribution and the contributions that are made in families just like hers all across this State are what allows us to hold the freedoms and furnish the opportunities to be successful in life. Ralph, to you, your brothers, your sister and all of our people, I say thank you to a lady I never met, but feel like I know.”

The joint resolution passes its second reading (47-0) and third reading with members standing, and is ordered enrolled.

The President extends courtesies of the gallery to June Campbell’s sons, Ralph Campbell, Jr., and Eddie Campbell, and to her daughter, Mildred Campbell Christmas.

Upon motion of Senator Basnight, seconded by Senator Dalton, the Senate adjourns subject to reading of messages from the House of Representatives, to meet tomorrow, April 13, at 3:30 P.M.

FORTY-FIFTH DAY

Senate Chamber
Wednesday, April 13, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Oh God, last night at a church meeting, a few people broke up the flow of what had been a positive, productive time. Members of a church who own a parking lot were complaining about members from a neighboring church who take five or six of the landowning church's 150 parking places - every Sunday! I was reminded by their complaints that there are too many unhappy people in this world with little minds and too much time on their hands. They just don't get Grace. Help us not to be distracted by negative people, but live with appreciation for every minute that you give us as a gift! The man who will be honored today by the Senate, the late Jim Graham, a longtime member of my church, knew how to live with both thanksgiving and grace. Let us do likewise. Amen."

The Chair grants a leave of absence for today to Senator Webster.

Senator Basnight, President Pro Tempore announces that the Journal of yesterday, April 12, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

Upon motion of Senator Rand the joint resolution is read in its entirety and, upon motion of Senator Soles, the remarks of the Senators, are spread upon the Journal, as follows:

Senator Rand:

"Thank you, Madame President, and ladies and gentlemen of the Senate. I was trying to think of how long I knew Jim Graham and I can't remember a time when I didn't know him. He became the Commissioner of Agriculture the year I graduated from Law School. Before that, he had run the Farmers Market and somehow my

April 13, 2005
Dad and he were friends and I had known him. Of the people I have known in my life, he was truly an unforgettable character. When you think about that he was the Commissioner of Agriculture during a time when agriculture changed as much as it has in any period of time in our history, it’s an amazing thing that he presided over and that he worked everyday, all-day as hard as he could to make sure that the people involved in the production of food and fiber were looked after and that the opportunities for them were as bright as they could be. I remember well when he had the funeral for the boll weevil. He had the casket and had the pallbearers. I don’t remember who the pallbearers were but they buried the boll weevil and, of course, what that did, they worked to eradicate the boll weevil and what it did for North Carolina farm families is amazing because we have all seen cotton come back across North Carolina and it has added a very valuable crop. I had never heard of Pseudorabies but he and Senator Plyler used to talk about Pseudorabies. I didn’t know whether you should be afraid a hog was going to bite you or what was going to bite you. I never could figure that out, but he worked to eradicate that, also. Of course, if you never heard Jim Graham do his bray like a donkey, if you never heard that or saw that, your life is not complete. It was one of the most amazing things that I ever saw. It was impossible to be with Jim Graham and not enjoy his company and not recognize what a great North Carolinian he was, how much he loved his State and, of course, how much he loved his job and what he meant to the rural people of North Carolina. There was a great bumper sticker they put out one time that said something like if you don’t support farmers then don’t talk with your mouth full. I always thought that was a great thing because we take the production of food - I think most people think food is grown by Harris Teeter or Winn Dixie or somebody - they don’t understand that the men and women who are true entrepreneurs of our world who get up early and stay up late and depend on whether it rains or doesn’t rain or all of that, they are out here making us the best-fed country in the history of the world. Jim Graham loved all of that, he was at home. His cowboy boots, I never saw such big boots. I wear a fairly large size shoe, but that was an amazing thing. He had his feet solidly on the ground. He was a great man, he was a great friend, he served this State and the people of it with the distinction and with humor and with enthusiasm for a long time. We are lucky to have had him with us and we are just delighted that he was a part of what North Carolina is because, if you think of it, he exemplifies the very best of what our State is, someone who grows up attached to the soil, who works hard all his life, who moves his State forward and is dedicated to the fact that North Carolina is the kind of place that it is. So I’m delighted that we can think about him today, honor him in this way and thank his family for the service that he gave to North Carolina and what he meant to all of us. Thank you.”

Senator Albertson:

“Thank you, Madame President, and members of the Senate. I was listening to Senator Rand talk and I think he covered it pretty good. I was just thinking, what do you say about a person like Jim Graham? How do you describe this man? It’s almost impossible, I think, to really grasp what he was and what he was all about. Tony alluded to it. Of course, he would always say no matter where he went how much he loved his job and, folks, he loved his job, now he really did. He loved the people of this State dearly. That was obvious to me and I think to all of you, as well. What a great human person he was and what great April 13, 2005
leadership he provided to the farm people of this State who dearly loved him in return. He, in fact, made North Carolina the third most diversified State in the Nation in Agriculture. It’s still our number one industry. I told our new commissioner when he came to speak to our committee after we first assembled, ‘There are two things that I think that you are going to find, Mr. Commissioner, when you go over to your Department to go to work.’ He said ‘What is that?’ I said ‘Well first of all, you are going to find that we cut your Department pretty much to the bone. The other thing is that you are going to find one of the best agriculture departments in the Nation.’ And so it was and that was because of Jim Graham’s leadership and his love for agriculture and this great State. The first time I ran for office he came down to Duplin County at one of my rallies and, of course, I had seen Jim Graham a few times and had heard so much about him and he got up on the podium and tried to rally folks to support me. I remember what he always said, ‘Charlie, when that section starts and the roll is called up yonder, I want you to be there.’ And you know how he could say it. But he and I had little things going sort of the last few years of his life and the last time I saw him, I think, was down in the cafeteria. We had this little thing going - he called it the mating call. You ought to remember him doing that. He would always do that and just laugh and break out and laugh. What a wonderful human being he was. Jim Graham, we loved you. Thank you for all you did for the people of this State and we will never, never forget you.”

Senator Swindell:

“Madame President, I shall be brief, but just a quick bit of history. I remember well my father and Jim Graham were such dear friends and both of them wore, as Senator Basnight knows, a big Stetson hat all their life and daddy, who looked somewhat like Jim Graham, that used to be his free ticket to the State Fair when it was in town. When he would get to the gate they would say ‘Come on in, Mr. Graham.’ But my family went way back with Jim Graham and to Senator Basnight and I this means a little more. But I must say that when Stag Ballentine died as our Commissioner of Agriculture, it was a former member of this body who was President Pro Tempore of the Senate, Lunsford Crew, who nominated Jim Graham to be our Commissioner of Agriculture before the Democratic Executive Committee before he was appointed. We all in this room knew him as a dear friend of our State, a dear friend of North Carolina. He was faithful and just to me, not to steal words from Shakespeare, but I think everyone of us can say that. I thank you for allowing me to speak.”

Senator Smith:

“Ladies and gentlemen of the Senate, I had the great pleasure of knowing Jim Graham. I was in the cattle business and had the great honor to be President of the North Carolina Cattlemen’s Association in 1989. In that role, Jim Graham and I spent a lot of time together, time together in his office where we would talk about the affairs of the cattle business in North Carolina. Jim Graham came to my farm when it used to be a farm, before I lost all of the money that I had and all the money that the bank would let me have. But we traveled all across North Carolina and Senator

April 13, 2005
Albertson was exactly right. I have never seen a public servant loved by the people of North Carolina the way Jim Graham was loved. When we would go from farm to farm, the respect that that man had I'll never see again. He clearly loved his job. I've never seen anyone love his job as much as Jim Graham loved being the Commissioner of Agriculture of this great State. He was a great public servant and he cared more about the average farmer, the farmer who had dirt on his hands, who was out tending the soil than anyone I have ever seen. He was a credit to this State, he was a credit to the Agriculture Department and I will always remember and have great respect for Jim Graham.”

Senator Horton:

“Thank you, Madame President. As you all can tell from what has been said today, he wasn’t exactly a shrinking violet. In fact, Jim Graham had one of the biggest personalities that you’ll run into in this life. Just an incredible guy. Senator Rand mentioned his boots, Senator Swindell his ever-present gigantic hat. He knew North Carolina’s people better than anybody I have ever run into. In fact, he could introduce himself or you introduce yourself to him and he’d not only remember you, but he would tell you who you were kin to and who your third cousin twice removed was. He was incredible. He just knew it and loved the people of this State and he never forgot to inquire about your kin, about how they were doing. He was just a warm, wonderful person. He loved his job as you’ve heard said so many times and that love was returned by the people of this State. We were served well by him and we won’t see his like again. I wish we could, but everyone of us has been made better by the memory of knowing a fellow like Jim Graham.”

Senator Brock:

“Thank you. I represent the area of Rowan County where he came from of Cleveland, but our families go way back. In fact, he used to run around with my uncle and if those were not two characters I don’t know what were. One time when Jim was about fifteen or sixteen he came up to the farm where we had a creek dammed off for a swimming hole. He said we tried to drown him but in those Republican waters we were trying to baptize him. It didn't take so we let him up for some air. He would never fail to remind me of that every time I saw him. When I came down here, when I worked here as an intern, he said he would look out for me, that there are some tough characters down there in the Senate. He said he would look out for me and I would see him at the K&W. He was such a good family friend of ours. When I first met him I was six years old and it was 1980 during the campaign. He was a good close friend of our family. My father said ‘Son come here I want to introduce you to somebody. This is the Commissioner of Agriculture, Jim Graham.’ I was six years old and I kind of looked up and said ‘Daddy come here, he is a Democrat.’ He said ‘Son he’s okay, he’s a good man, there are some good ones.’ I looked at him with a little reservation and Jim said ‘Son listen to your daddy, I’m a good man.’ I said ‘Well you may be the only Democrat I’ll ever vote for.’ Jim always had a good time with that. He did so much for all the farmers back home and all across the State. The

April 13, 2005
farmer had no greater friend than Jim Graham. Like Senator Horton said, every
time I would see him he would want to sit down and find out how everyone was
doing back home. He was somebody I always looked forward to and loved to
walk into his office up there in the Agriculture Building and look into the corner
and see all those gold plated shovels lined up in the corner like a shed. He was
just one of our own. Like I said, there was no greater public servant that we have
had in this State than Jim Graham. I commend the resolution to you.”

Senator Basnight:
“Thank you, Madame President, and members of the Senate. Jim Graham had
many cars that were State-owned through the years because he served so long.
But one came new and it had an airbag in it and he was not accustomed to
airbags and did not know anything about them and his driver, Peter, was going
through an intersection and somebody hit the car and the airbag came out and
released just at the right time that Jim was rolling a cigar in and out of his mouth
getting it good and wet so it would heat right. The bag hit the cigar and sent it
down his throat. It didn’t break it or bend it, just sent it all the way down. He
had not lit the cigar at the time but he fully took all of that cigar. He described
that to the mechanic and to the person that was trying to put that bag back into
the dashboard. ‘Whatever you do young man, don’t put that balloon back
together.’ He did have big boots and big hats and big belt buckles and
suspenders. He loved NC State. He loved the School of Agriculture and Life
Sciences. He loved the soil, the air, and his people. We went to Salisbury one
night and it was raining and it was bad and he didn’t drive. No matter how you
felt or how you wanted to share in that trip for someone to help out with the
driving, he was not there to help. He kept telling me how to drive, though, as I
worked my way through the bad weather. He wanted me to get down to a crawl
on the Interstate. He just said you are too fast and you are too quick. You know
you younger people don’t know how to get to where you need to get to safely.
Well, we got there and I did the little speech and got a small applause and then
he gave a speech and got a large applause. We left to have supper and went to a
barbecue place that he chose and we ate and left and everyone in there knew
him. Then we got into the car and he said we got to go down the road to
George’s Barbecue place and we have got to eat again. You can’t come to
Fred’s and eat at Fred’s and not eat at George’s and, sure enough, we ate at two
barbecue places that night and went to the third one and got a sandwich to go.
That was my night with Brother Graham. It was an incredible evening and I
heard so much about our State and people and his love. He truly loved all the
people of this State, Republicans and Democrats. He was a great, great man.”

The joint resolution passes its second reading (48-0) and third reading with
members standing, and is ordered enrolled.

The President extends the courtesies of the gallery to Mr. Graham’s daughters,
Connie G. Brooks, Nashville, Tennessee; Representative Alice G. Underhill, New
Bern; and Donna Creech, Garner, Commissioner Graham’s long-time assistant.

S.J.R. 1165, A JOINT RESOLUTION HONORING THE MEMORY OF THE FOUNDERS OF THE TOWN OF GARNER ON THE OCCASION OF THE TOWN'S ONE HUNDREDTH ANNIVERSARY.

Upon motion of Senator Stevens, the joint resolution is read in its entirety and, upon motion of Senator Dannelly, the remarks of the members are spread upon the Journal, as follows:

Senator Stevens:

"Thank you, Madame President, and members of the Senate. We have a lot of wonderful towns in North Carolina all the way from Senator Basnight’s area in the East, all the way down to Senator Snow’s area in the West. There are a lot of wonderful towns, but a special town is just a few minutes from here, the Town of Garner, and they are celebrating their one-hundredth anniversary and they have been for the last year and will culminate that this Saturday. If any of you are around, please come down. You can eat some of the best barbecue you have had. They have the twenty-first annual North Carolina Barbecue Cook-off happening in Garner this Saturday. There are records that go back as far as 1756 that show a church down in the Garner area, but the town really came into existence when it finally got a railroad stop on the North Carolina railroad in 1847. I mention that detail because it took a tie-vote break by the Speaker of the House in 1847 to get that railroad stop and it was known then as Garner Station. We don’t know exactly why it was called Garner. Senator Bingham, the postmaster was Thomas Bingham, same spelling, and he had a post office at a general store and the word Garner from Webster’s Dictionary means something like store, so it’s possible that it was Bingham’s Store. It’s also possible that someone named

April 14, 2005
Garner had the town named for him, but we just don’t know for sure but, whatever cause, it became a wonderful place to live. You’re going to hear a lot about the Rands in a few minutes, I suspect. Anything I may tell you about the history I suspect Senator Rand will correct it if I get it wrong because he has a long and lengthy history and experience with the town from growing up there himself and his family. Senator Kerr, Highway 70 is an important part of Garner, as you know. It was one of the first paved roads in North Carolina, paved in 1916 to 1917. I think DOT started planning the Clayton bypass that year! It might get done in the next few months! Today, Garner is a town of over 18,000 people. A wonderful place to be. You go to their home site on their web page and you’ll see Garner is a small town, has a small town atmosphere with an uptown access. For a lot of years Garner lived somewhat in the shadow of Raleigh. It was somewhat of a suburban town and people came to jobs in Raleigh, but lived there where they could have a nice place to be, know their neighbors, have a good church experience, grow a little bit of a garden product in their backyard and have a wonderful quality of life. That’s still true in Garner today. There is a quote that says, ‘Garner is where the solid bed-rock of family-oriented tradition and the progressive catalyst of new ideas and new technology meet and mingle.’ If you run for anything in Wake County, you’ve got to go to Garner Firemen’s Day Parade. If you haven’t been in a float or car in that, you haven’t run for office successfully in Wake County. It is an important day in that Town. I think that the term ‘Family Values’ may have been invented in Garner. It still is a wonderful place to live, but now growing, growing rapidly with new industry, new businesses and thanks to this General Assembly, some new highways are coming and it’s a great place to live and work and raise a family to this day. It is not a tourist spot like you might think of on the coast, Senator Basnight, or the mountains, but it is a wonderful place to be and I commend this resolution to you. Senator Malone and I and the other members of the Wake Delegation are proud to present this resolution to you and hope you will adopt it."

**Senator Malone:**

“Madame President, thank you very much. Senator Stevens gave you a lot of firsts about the great little town of Garner. One thing I believe he omitted was the fact that the first business established in Garner was a cabinet and carpenter maker who happened to have been an African-American. So a good bit of history was made during the early establishment of this great Town and we certainly would not want to overlook that. The Town of Garner abuts the community almost in which I live and I wake up every morning fearful that they will have annexed me, but that would not be the worst thing that could happen to me if indeed they chose to do that. This is a grand old community, a very close knit community, a very patriotic community. We talked about the Pledge of Allegiance this morning and this community certainly represents that and I, along with Senator Stevens and the other members of the Wake County Delegation, would solicit your support in this regard.”

April 14, 2005
Senator Rand:

“Thank you, Madame President. Ladies and gentlemen of the Senate, my daddy was Mayor of Garner, my great, great, great… I believe his great grandfather’s brother, John Rand, moved to Panther Branch where Swift Creek is. Around in the late 1750’s, he established a mill there and he was killed in the Revolution and he left part of his land there, Swift Creek, to his brother, Walter, who had had the poor judgment to remain in Virginia when the other members of his family, his other two brothers, moved to North Carolina. Walter Rand came to Wake County, I think, around 1789 and my folks have lived there since that time. I noticed that the members, Mr. A. T. Rand, Mr. Hal Rand, I grew up in the house he built, and Mr. J. S. Buffalo was either my great uncle or great, great uncle. I’m remiss in my duties, I didn’t talk to my momma before this thing got going good and I regret that. My momma is ninety-eight years old and would take full credit for this, I reckon. I know that I’m kin to the Bryans, the Buffaloes, the Pennys, and, of course, the Rands. I reckon I’m kin to everybody that was in Garner when I grew up because I remember when they paved the main street and I used to deliver the News and Observer and The Raleigh Times in Garner so I knew virtually everybody in the Town. I used to hop cars at the Toot-N-Tell-It and then I knew what everybody in Town was doing. But Garner is a wonderful place. It really takes you back thinking about it. I graduated from Garner High School in 1957. You know they said the Class of ’57 had its dreams and we really did. Some of them came true. But this is a grand thing and I appreciate more than I know how to tell you good members of the General Assembly from Wake County for bringing this forward because this is a great day for Garner. It really is a neat deal and I would appreciate everybody’s support on this resolution and you can all go out to Garner because they really will have some good barbecue, but I would invite you in February of every year when the Wake County Chitlin’ Club has its end gathering at the Toot-N-Tell-It and if any of you feel particularly adventurous that might be a good time to come to Garner and we will tell tall tales and have a good time. Thank you.”

The joint resolution passes its second reading (49-0) and third reading with members standing, and is ordered sent to the House of Representatives by special message.

Upon motion of Senator Stevens, the Chair extends the courtesies of the gallery to Mr. Buck Kennedy, Alderman, Town of Garner; Don Rohrbaugh, former Mayor of Garner; Mary Lou Todd, Town Manager of Garner; Norman Karr, Chairman of the Centennial Commission; Theresa Karr, Secretary of the Centennial Commission; Harold Garner, Member of the Centennial Commission; and Rodney Dickenson, Assistant Town Manager of Garner.

May they serve the people of North Carolina wisely and well, bringing to the business of government brains that think and hearts that feel. May they have ideals, imagination, wisdom and courage, that they may never be enslaved by routine or popular opinion, but ever upheld by your free spirit and guided by your righteous will.

“On this day when the people of our country remember the act of terror that engulfed Oklahoma City ten years, we pray also for those who defend and protect us: the police, the firefighters, the emergency and intelligence services, all medical and hospital personnel, and those branches of local and state government that must guide and direct their efforts. Give us gratitude for their selfless courage and keep us ever mindful that our common life depends upon other's toil.

“We rejoice, also, with our many citizens who give thanks this day for the election of Joseph Ratzinger as Benedict XVI, the two hundred and sixty-fifth Pope. Grant him, O Lord, wisdom, grace, health and strength to lead his people into the third millennium of the Common Era, that he and they may be a blessing to all the world. All this we ask in the name of the God who creates, redeems and sustains us all. Amen.”

daily provide in manifold ways the support needed to carry out the mission of

Prayer is offered by The Reverend Neil Dunnavant, First Presbyterian Church, Greensboro, North Carolina as follows:

"Eternal and Majestic Creator, we come before you, each one of us unique, each worlds unto ourselves, each one of us with high hopes and heavy regrets, each one of us with petitions and praises no other will ever utter. Yet, O God, we are united in our humanity, which includes our exaltations and our deprivations. We are united in our citizenship. We are united as leaders in the State of North Carolina, the United States of America, and the world.

April 28, 2005
“If we are weary, strengthen us. If we are proud, humble us. If we are perplexed enlighten us. If we are torn up inside, heal us. If we are lost in meaningless activities, redirect us with thy purpose. If we are discouraged by our failures, give us hope and persistence. If we are mean and insensitive and stubborn, teach us gentleness. If we have sinned, teach us how to repent. If we have been sinned against, teach us how to forgive. Whatever our wilderness may be, lead us to the promised land. Whatever trial we have entered, help us to act with courage and unhesitating faith. Lord, whatever task you have called us to, may we be given a steadfast purpose, to both seek and approximate your wisdom and truth, justice and mercy, walking before you in faithfulness, righteousness, and upright of heart. Give these your servants understanding minds to govern your people turning each and every day toward your great counsel. Amen.”

 Upon motion of Senator Snow, the Senate joint resolution is read in its entirety and, upon motion of Senator Webster, the remarks of Senator Snow are spread upon the Journal, as follows:

Senator Snow:

“Thank you, Mr. President. This is a good opportunity for me to talk about someone who represented Western North Carolina in the Senate. He held the Senate seat here from 1848 through 1861 and during that period of time he worked for the protection of his Indian friends for economic development in the Mountains, social reforms, such as the establishment of the hospital for the mentally ill, and he voted for secession from the Union at the North Carolina Convention in 1861. What is really important about William Thomas, he was a great friend of the Indians. They nicknamed him ‘Little Will’ and if you’ll remember during the 1830’s, the Indians were moved out. The Federal troops moved into the area and moved the Indian group, the Cherokee, to Oklahoma. There was a substantial band of Indians that refused to go and hid out all over Western North Carolina. After everybody was gone and the pressure was off from the Federal people, these folks started to come back out and recognized Will Thomas as a friend. He advocated for them and finally went to Washington and won the right for them to hold the lands there in Western North Carolina. At that time, Indians couldn’t have the land in their names so he took it in his name so

May 2, 2005
later on he could turn that land over to them. That became Quala Boundary for the Eastern Band of the Cherokee Indians. He was truly a friend to the Cherokees and, but for him, we would not have the Eastern Band of the Cherokee. He was a great, great man and I ask you to support this Resolution.”

Senator Jacumin:

hog callings and I haven’t seen anything to beat the activities that this little town
has going for them. It’s just outstanding. It would take most towns ten years to

May 3, 2005
do what they are doing this year. Hudson is like a young man; they don’t know that you can’t do something. We might take that same advice sometimes in our older ages! They’ve got a Walk of the Cross there and on Easter each year other communities from around them will come and join them and it’s just quite an occasion on that day. They value their heritage. Hudson supplies recreation for all the communities around them although they are not part of that town. When I think about Hudson, I think of a good-neighbors town. I would certainly appreciate your support of this resolution.”

The House Joint Resolution passes its second (45-0) and third readings and is ordered enrolled.

Prayer is offered by The Reverend Ralph Sproles (Retired), Poplar Springs Church of Christ, King, North Carolina as follows:

"Father we acknowledge you as the creator of all things. All things have been made by you and without you has not anything been made that was made. Lord, we also realize that every good and every perfect gift that we have has come from you and so we are honored that you'll let us call you Father, even though often, Lord, we have been rebellious children. We have disregarded and often even displaced your holy commandments that came from Mount Sinai which have been that moral code for civilization from that day until now, even the foundation upon which our great land was founded. Please forgive us. We know you will because you love us when we are not lovable and you forgive us when we do not deserve to be forgiven. You call that grace and, Lord, we need it. We thank you that you refer to us in the most enduring terms when you called us 'your friends.' We haven't always been faithful friends. Sometimes we have chosen the friendship of power, the friendship of prestige, the friendship of materialism, and the friendship of selfishness over our friendship with you. Please forgive us and because of your faithfulness and unchanging ways we know that you will. You still cause that sun to come up every morning. You still let the moon and the stars shine at night. We know that you will still keep your word when you promised us that if your people who are called by name would humble themselves and pray and seek your face and turn from their wicked ways, then you would hear from heaven. You would forgive our sins and you would heal our land. Lord, we know that you will only honor you. I pray right now Father for our National leaders. Please give them strength and wisdom to lead this great land of ours. We pray for our troops, Father, who serve this country with pride and with commitment and a brought hope and freedom to troubled nations. We pray for the leaders of our State and especially right now, Lord, I pray for the people in this room who have been elected to make decisions that affect all of the citizens of the great Old North State. Please give them the courage to fulfill their responsibilities with integrity. I ask this prayer, Lord, in the powerful and sweet name that is above every other name, the name of Jesus, Amen."

SIXTIETH DAY

Senate Chamber
Tuesday, May 10, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"O God, from 'Thunder Road' and dirt tracks to 'Lowe's Motor Speedway,' the names of France, Petty, and 'Earnhardt' come to the minds of North Carolinians. Their names are yelled with enthusiasm above the thundering noise of racing engines. Today when the Legislative honors NASCAR, they recognize a sport that is as synonymous with North Carolina as college basketball and they honor people of this sport who have connected with our citizens like no other sports personalities. So today we pray with gratitude for what NASCAR Racing means to our State and ask your continued blessing on all their endeavors. Amen."

SPECIAL MESSAGE FROM THE HOUSE OF REPRESENTATIVES

The following special message is received from the House of Representatives:

Upon motion of Senator Rand, the rules are suspended and the joint resolution is placed before the Senate for immediate consideration.

Upon motion of Senator Forrester, the remarks of the members of the Senate are spread upon the Journal, as follows:

Senator Rand:

"Thank you, Madame President, Ladies and Gentlemen. Today is a special day for us all as we honor 'Big Bill' France and the pioneers of this wonderful sport that has meant so much to North Carolina and defines us, I think, as a people. 'Big Bill' France was a large man, but his dreams were much bigger than he was. You go back and you see the films of those early races where they raced down the street and then down the ocean. That was an amazing enterprise. It was a harbinger of things to come that are truly amazing and has meant so much to the people of this Country and has given a lot of pleasure, enjoyment and excitement to the people as this sport has really become a major part of the American scene. It is wonderful now today as we celebrate with NASCAR, with Nextel, with Lowe’s Motor Speedway, this All-Star Challenge Tour. The NASCAR NEXTEL All-Star Challenge Tour is a wonderful thing for North Carolina. I know it will go to Fort Bragg, it will go to Pope Air Force Base, it will go down to Lejeune. This will be a wonderful thing to the men and women who protect this Nation, that this sport thinks enough to come and celebrate with them and then all the people of North Carolina will have the opportunity as it tours the State to show what racing today really is. Of course, the All-Star Challenge means so much to North Carolina. It’s been there twenty some years. It really has a home there at Lowe’s and if any of you have never been there, it’s grand to watch it on television. I’ve enjoyed it immensely, but being there is really a special thrill and it really kind of defines the year and the drivers that go there. It means a great deal to them. So today as we celebrate all of this, I think we have a great deal to be proud of in North Carolina. We have a wonderful heritage in this sport and it’s a grand day for us all. Now, Madame President, if I could I’d like to introduce some of the ladies and gentlemen that we have as our guests today.

“The 1973 Winston Cup Champion, is now the NEXTEL Cup Championship, of course, was Benny Parsons. Benny is a native North Carolinian. He came from Wilkes County. His racing career spanned twenty-five years and he was named one of the fifty greatest drivers in NASCAR history, but after his racing career he became a very successful race analyst and color commentator. He was on ESPN, NBC, TNT. His successes were both in sports, his public life, on radio and television and in 1995 he received the ESPN Emmy award. It’s a

May 10, 2005
great thing to have a native North Carolinian who has done so much for his State and for his sport as Benny Parsons and we are delighted to have him here today. I’d like to ask Benny to please stand if he would.

“I next want to introduce the Alabama Gang, but I would say that while they are called the Alabama gang they both have the good judgment and keen insight to live in North Carolina now. But during their time in racing, they were an amazing group. Bobby Allison is a patriarch of the Allison racing family. He was the father of David and Clifford. His racing career lasted almost three decades. One of his most famous wins was when he and David finished first and second in the Daytona Race. It was the first father and son team to accomplish that feat. The 1983 Winston Cup Champion, now of course, the NEXTEL Cup Champion, Bobby was the runner-up for the championship four times. He was named one of the fifty greatest drivers in NASCAR history and was a six-time winner of the Driver of the Year. I was asking about the difference in the cars today as compared to when he was driving. He said there wasn’t a great deal of difference. He qualified second at Talladega at 210 miles per hour, so it’s obvious that his car would run and he could get it around there. So please welcome NASCAR Champion, Bobby Allison.

“The second member of the Alabama Gang here with us today is his brother, Donnie Allison. He began his career as a member of the famed Alabama Gang and he, of course, is Bobby’s younger brother. He was chosen NASCAR Rookie of the Year in 1967 and the Indianapolis Rookie of the Year in 1970. He won the World 600 at the Charlotte Motor Speedway in the same weekend that he finished fourth in the Indianapolis 500 in 1970. He probably went 1100 miles that weekend quicker than anybody in history. His career in NASCAR was 10 wins, 17 pole positions, 78 top five finishes, and a 115 top ten finishes. One of the most famous scenes of NASCAR is Donnie Allison and Cale Yarborough in 1975 dancing together. It was some kind of enterprise, I never was sure what, but it’s still one of the famous scenes in NASCAR history, so we are delighted today to have here with us Donnie Allison.

“Our next special guest is a native of California but he also has a keen insight to be with us in North Carolina now. Ernie Irvan went from washing cars for a living in 1987 to driving the winning car at the Daytona 500 four years later for Morgan-McClure Racing. His career earned him 15 cup victories and 22 Pole positions. His promising career was interrupted in 1994 when he had a rather horrific crash in Michigan, but he came back to racing in 1995. He was named one of NASCAR’s fifty greatest drivers in 1998 at the time of the fiftieth anniversary. In 1999, he retired from driving and, as a head injury survivor, after his retirement he began researching head injuries and their prevention primarily focusing on head injury prevention for children. He founded the ‘Race2Safety Foundation’ to promote head injury awareness and prevention. He was called many times while he was racing ‘Swerving Irvan’, but I’m sure that’s a misnomer, but he’s one of NASCAR’s greatest drivers and we are delighted to have him here today-Ernie Irvan.

“Thomas Wolfe, dubbed Junior Johnson the last American Hero in 1965. At that time he was already a legend and his stock car racing days go back to a 14-year-old driving a car hauling that special elixir that makes North Carolina so famous in other ways through the mountains to celebrate the end of World War II. He was a central character as NASCAR progressed from jalopies and dusty short

May 10, 2005
tracks to become the most popular form of motor sports in the world. He’s legendary as both an owner and a driver. He was a part of grooming the sport to what it is today and we applaud Junior Johnson and we all celebrate the role he has played in the growth and development of the most popular fan sport in the Country so we are delighted today to have with us Junior Johnson and his wife, Lisa.

“Mike Bliss is currently the driver of the number zero, NetZero Chevrolet. He is the 2002 NASCAR Craftsman Truck Series Champion. He began his rookie campaign as a driver in the Craftsman Truck Series in 1995 finishing eighth in points that year. He moved to the big series in 2000 and started 25 races. After sitting out in 2001, he returned to the Truck series in 2002 and it was a good move in his career. He won five races that year and scored four pole positions. He’s a 12-time winner on the NASCAR Craftsman Truck Series. We are delighted today to have with us, Mike Bliss.

“Another one of our real pioneers is Ned Jarrett, ‘Gentleman Ned’, as he was called because of his smooth demeanor and pleasant disposition, but he was an intense competitor. He was born in Newton and still lives in Newton today. His racing career started in 1952 in Hickory and it flourished from there. He won his first NASCAR Championship in 1961 and became a super star when he won 13 races and another Grand National Championship in 1965. He is the only four-time winner of the Myers Brothers Memorial Award presented to the person or company contributing the most to the sport of auto racing in America. This award was named for the father and uncle of ‘Chocolate’ Myers who I’ll introduce here in a minute, and it was named for the number three Goodwrench Chevrolet driven by Dale Earnhardt. Ned retired from racing at the young age of 34 and has spent his time in business ventures and broadcasting. His son, Dale, currently drives in the Nextel Cup Series and his grandson, Jason, drives in the ARCA Series. And if you ever had the opportunity to hear the 1993 Daytona 500 that he announced where his son, Dale, won you’ll understand how proud a father can be of his son’s accomplishments. I heard it at the time and it was one of the most memorable things really that I think I’ve heard. So we’re delighted to have with us today, Ned Jarrett.

“Richard Childress is no newcomer to racing. He drove his own car in NASCAR’s top series from 1969 to 1981, but he retired in 1981 as a driver and brought a young man named Dale Earnhardt to finish the season in his car. He formed a second cup team in 1996, a third team in 2001, and he has two Busch Teams that he started in 2000. He’s the first owner to win championships in NASCAR’s top series as a car owner with Dale Earnhardt and he won six NASCAR Cup Championships. His driver, Kevin Harvick, won the Busch Grand National Championship in 2001 and Mike Skinner won the Craftsman Truck Series as a driver for Richard Childress Racing in 1995. His career has been a strong and prosperous one. You can visit the Richard Childress Racing Museum in Welcome, North Carolina and view the racecars that won six cup championships and a lot of other special racing vehicles. But he is also now branching out in other things - the Richard Childress Vineyards, another investment by Richard in North Carolina. His goal is to produce world-class wine and I’m sure we would all salute that and if we were able I’m sure we would toast to it. His goal is to provide a distinct tourist experience in North Carolina for those people that come and visit with us, so we are delighted today to have Richard Childress and his wife, Judy.

May 10, 2005
“We also are delighted to have with us today Mark Friszolowski and his wife, Patty. Mark is a General Manager and Winemaker of the Childress Vineyards. Mark, we are glad to have you here. We’ve talked a lot today about Nextel and its wonderful sponsorship of the All-Star Challenge and, of course, the Cup Series.

“We have a number of Nextel guests with us today that mean so much to what goes on here and so much to the sport of racing. We are pleased to have Lonnie Taylor, the Vice-President of Government Affairs of Nextel; Craven Shumaker, Area Vice-President; Todd Weller, Vice-President of NASCAR Business Development; Michael Robichaud, Senior Director, Sports and Entertainment Marketing for Nextel; Jill Gregory, Director of Sports Marketing; Michael Mooney, Director of Corporate Communications; Chris Panel, District Sales Manager; Lee Horner, Director of Public Affairs; and Chris Cingilani, Manager of Business Development. We are delighted to have our friends from Nextel and we hope that the people of North Carolina will really have a special feeling after this tour because that’s a wonderful thing you are doing for North Carolina.

“I next would like to introduce to you Sam Belnavis. I have a special connection with Sam because he gave me a coin from his car and the car has now won two races since he gave me this coin, so Sam and I plan to hook up together and go forward from here. Sam has a broad-based marketing experience in both general and diversity advertising and promotion. He’s held managerial positions with Sear Roebuck and was Director of Sports Marketing with Miller Brewing. He comes to NASCAR’s top series with a strong background in marketing in motor sports. He is currently the Chief Diversity Officer with the Roush Racing Organization. He also has ownership in the 50 Craftsman Truck and the number 16 Nextel car driven by Greg Biffle. Now this was a car that was decided as winner of the Dodge Charger 500 at Darlington Race Track and it was his third win of the season. He has been involved in racing for many years and is committed to the diversity initiative in NASCAR and with Rouse Racing. He is here today with his daughter, Cherise Johnson. Please welcome Sam Belnavis and his daughter, Cherise.

“I’m now pleased to introduce to you Danny ‘Chocolate’ Myers. ‘Chocolate’ is one of the most popular crew members in the world of stock car racing. He was the famed ‘gas man’ for the number three GM Goodwrench Chevy driven by Dale Earnhardt and when you are dumping the gas cans you have got to be full grown to do it and, as you can see, he is, in fact, full grown. For the past eighteen years ‘Chocolate’ and team owner Richard Childress have visited victory lane no less than 83 times. He comes from a racing family. His father, the late Bobby Myers, a pioneer of NASCAR, was lost while driving in the Southern 500 at Darlington in 1957. Each year NASCAR presents the Myers Brothers Award that we talked about a minute ago at the Waldorf Estoria Hotel in New York and it’s given to the person or entity having the greatest positive impact on racing. The award was named, of course, for his father and uncle. He is retired from racing now and remains with Richard Childress Racing as a safety director. Please welcome Danny ‘Chocolate’ Myers and his wife, Caron.

“One of the real exciting drivers of NASCAR today is Casey Mears. He has a last name synonymous with racing, with a father named Roger Mears who excelled in off-road racing and an uncle, Rick Mears, who won the Indianapolis

500 four times, so his career in racing was all but pre-determined. He gives Team Target its first top-five finish at the Watkins-Glenn International in only his third full season of NASCAR. Casey won the pole position in track record time in the Indianapolis Motor Speedway in 2004. He won his first career pole at Pocono a week earlier, making him the first driver since 1964 to post its first two career NASCAR NEXTEL Cup Poles in consecutive races. His rookie season was in 2003 and he completed 36 Cup Series races that year and 13 Busch Series races. We are pleased to have with us today the driver of the Target team and the NEXTEL cup driver, Casey Mears.

“We also have with us a number of friends from Lowe’s Motor Speedway, the location of the NASCAR NEXTEL Challenge All-Star Race and the place were we think it would be an absolute marvelous idea to have for its permanent home. We are really pleased to have the President and General Manager of Lowe’s Motor Speedway, the Chief Operating Officer, and the President of Speedway Motorsports, Humpy Wheeler. We are also pleased to have with us the Executive Vice-President of Speedway Motorsports and a member of one of North Carolina’s first families of racing, Marcus Smith. We also have the Executive Vice-President of Lowe’s Motor Speedway and I think he is the President of the Chamber of Commerce up there, too, Doug Stafford. Here also is the Vice-President of Marketing and Public Relations of Lowe’s, Jerry Gappens. We are also delighted to have Ed McLean, the Executive Director of the North Carolina Motorsports Association.

“Now the people that really make all of this turn around and go and write the rules and watch it all is, of course, NASCAR and we have with us here today representatives of NASCAR, Mark Dyer, Vice-President of Licensing of Consumer Products; Kerry Tharp, Director of Public Relations; and John Datsun with the NASCAR Technical Institute. If I missed anybody in this marvelous assemblage, I apologize, but I am somewhat in awe of the accomplishments of the gentlemen you see before here, the kind of things they have done and the ladies, of course, because they couldn’t have done it without the help of the good women that are here with them. The things they've done and what they have meant to North Carolina is really almost beyond anybody’s ability to describe because they have given so much pleasure and it’s also a five-billion dollar business in North Carolina. I will just throw that in for what it’s worth. But this means a great deal to North Carolina, we greatly pride ourselves on our heritage in North Carolina. We give a great honor to those who have done the things that have made this State what it is. The gentlemen that you see here before you today have had a great deal to do with the development of North Carolina and making us the center of really of the motor sport industry and for that we are everlastingly grateful. We thank you all for coming here today so we might give some small thanks for your contribution to this wonderful sport that means so much to us. I would ask the support of the body for the resolution, Madame President.”

Senator Hartsell:

“Madame President, being the tactical soul that I am, on behalf of my colleagues from the House, Representative Johnson and Representative Barnhart, I call the attention of the Body to page two, line eight. It points out that Lowe’s Motor Speedway is located in Concord, North Carolina. Madame President and members of the Senate and House, I want to speak to a sort of personal side of

May 10, 2005
NASCAR as it exists in our community and, I think, in the State as a whole. On this floor in times past, I have quoted Thomas Jefferson as saying that each generation owes to the next those opportunities and possibilities for life at least as great as those passed to it from their parents. NASCAR came from humble beginnings. Its taproot was North Carolina. Its existence … in fact our community is here. NASCAR has done things well, it has done things right, it has expanded and provided opportunity to tremendous numbers of individuals, not just in racing itself, but in other ways that we are so thankful for. And let me say from my own community how important that is. We had a bond referendum for school bonds in Cabarrus County last November. It was touch and go. The Co-Chair of the bond referendum committee was Anne Trader, the wife of Ken Trader, a NASCAR driver, and I think the person that turned it around was Dale Earnhardt, Jr. who spoke in support of the schools in our community as they needed it. As Senator Rand has previously said, the current Chair of our Chamber of Commerce is Doug Stafford, who works for Lowe’s Motor Speedway. I think that it is emblematic of the nature of NASCAR, what it does in communities, what it means to those communities and the people who are involved. It does things well, it does things right and boy does it do things fast! Thank you.”

Senator Pittenger:
“Much has been said about the economic prowess in this industry and it is significant. I’ll tell you a story that happened to my son and me. We were headed down to Daytona and we were invited to go on the airplane with the pit crews. That was an incredible experience, leaving at four o’clock in the morning, gave us a little card as we got on the plane that said, ‘No alcohol and no food fights.’ Well, we knew we were in for a good time. Coming back, that was the year that Dale Earnhardt won the Daytona. We were the first people to get on the plane, but the last people to get on the plane were Dale Earnhardt’s pit crew. When they got on the plane, everyone stood and cheered. What a tremendous statement of the family that this industry represents. You’ve done so much for us as a State, but what you’ve done for us in how you represent yourselves, how you are committed to each other as a family speaks so highly of you. Thank you for it and I commend this resolution. Thank you.”

Senator Garrou:
“Ladies and gentlemen of the Senate and the House and honored guests, we are so happy to have you here today and I want to tell you that in honor of all the good things that you have done and the integral part that you have played in the history of North Carolina, tomorrow in Winston-Salem we are going to open the Winston-Cup Museum that will celebrate many of your accomplishments and I just wanted to be sure that everybody knew about that. Thank you for all that you have done for this great State.”

Senator Dannelly:
“Ladies and Gentlemen of the House and Senate, I’ll take another direction. Back in the 1970’s, the Charlotte Motor Speedway owners and the City of Charlotte, particularly the City of Charlotte, saw the potential for Charlotte Motor Speedway and in cooperation with the City, the City helped build some of
the parking lots around the Charlotte Motor Speedway. I won’t tell you how, but we helped develop and build some of the parking lots around the Charlotte Motor Speedway. In the ensuing years I, personally, particularly at this time, have given that area the name that I like to call it and that is NASCAR City, because if any lady in here has not been to Concord Mills, then you are missing something and I would venture to say that Concord Mills is there because of the NASCAR NEXTEL All-Star Challenge over the years. Not only Concord Mills, but many other venues. Hotels galore. There was a time when we couldn’t get hotels in Charlotte and there is still that time now even when you have a raise. On May 21, people will be coming from Lancaster, Rock Hill, Greensboro, and Statesville, coming to the race. The All-Star Challenge was born there. It built the area. That is its home. Don’t take it away. Thank you for the many good things you’ve done and let me compliment NASCAR on this. When you decided that you wanted diversity, you didn’t play around. You stuck your hands out and you are still working on it. Thank you for that, too.”

The Senate sitting in joint session passes H.J.R. 1605 on its second and third readings and the President orders the resolution enrolled.

ENROLLED BILLS AND RESOLUTIONS

The Enrolling Clerk reports the following joint resolution duly ratified, properly enrolled, and presented to the Office of the Secretary of State:

Upon motion of Speaker Black, seconded by Senator Basnight, the Joint Session is dissolved at 1:14 P.M.

ADDITIONAL SPONSOR

Senator Holloman requests to be added as a sponsor of previously introduced legislation:

S.B. 8, A BILL TO BE ENTITLED AN ACT TO AMEND THE CONSTITUTION TO PROVIDE THAT MARRIAGE IS THE UNION OF ONE MAN AND ONE WOMAN AT ONE TIME, AND THIS IS THE ONLY MARRIAGE THAT IS RECOGNIZED AS VALID IN THIS STATE.

Pursuant to the motion previously made by Senator Basnight, seconded by Senator Rand, the Senate will meet tomorrow, May 11, at 1:30 P.M.
The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, the Members of the Senate read the detailed, complex written language of legislation everyday. Learning that language is an acquired and necessary skill. Though we trust their translation, O God, for most of the rest of us, I wish they would attach a paraphrased 'Cliff Note' version to every bill. Since that won't happen, we pray that one legacy of this session is that the Senators enact new laws which 'Common Sense,' without the grace of genius, can deal with successfully. Amen."

Senator Basnight, President Pro Tempore, announces that the Journal of yesterday, May 10, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

The President of the Senate extends privileges of the floor to Dr. Janice E. Daugherty from Greenville, North Carolina, who is serving the Senate as Doctor of the Day, and to Kristin Ratcliff from Winston-Salem, North Carolina, who is serving the Senate as Nurse of the Day.

"Almighty God, as you anointed leaders and called prophets of old, may our elected leaders of today exercise authentic leadership in the North Carolina Senate. Especially do we pray for those in the North Carolina Senate. Help them to listen to their people and then set forth a vision that will help bring to pass the highest and best good for all North Carolinians. Help each member of the Senate to focus on one or two things that he or she likes about each colleague so all can work better together. At the same time, may each member focus on what's right with each piece of legislation that comes across their desk so they can better improve it. O Lord, in a world of change you have given our leaders the capacity for thoughtful decision-making and the power to discern good from evil. Help them in crafting legislation to seek those things which endure, to see truth steadily and follow the path of wisdom faithfully. As this week the Senate considers various legislative matters, help the members to seek the common good for all citizens of our State. Give them boldness to transform our political system so that it truly serves the best interests of all North Carolina citizens, and may all they say and do bring glory to your name. Amen."

Upon motion of Senator Jacumin, the joint resolution is read in its entirety and, upon motion of Senator Webster, the remarks of Senator Jacumin, are spread upon the Journal, as follows:

Senator Jacumin:

“When Red Gibson moved into our community it immediately caused a stir. He homesteaded and later bought a small strip of property between Highway 70 and the railroad. His home started out as a woodpile and a pup tent and then he moved into an old school bus and later an old house trailer. Then a family in the community gave Red a Winnebago and the neighbors put the first water and electricity in the Winnebago. His girls are here today. He smiled and told his girls, ‘I’m really living now, ain’t I? I am living like a king.’ Red was different in another way, a patriotic way. He wouldn’t wear anything that wasn’t military. He cherished being a soldier. Ironically, it was the hell of a war and the nightmares night after night that cost him his family. Red wore his uniform and walked everywhere he went. Everyday at the

May 12, 2005
same time he would march carrying an American flag on a pole to the overhead bridge where he would stand guard and then return. Initially, kids and adults would laugh at him and saluted him in jest. Red kept carrying a flag. No matter how hot or cold or even in the rain, he kept carrying the flag to the overhead bridge, not for a short period of time, but for week after week, month after month, and year after year. Red never changed but the people watching him did. No more laughing. Now there was a reverence when he passed with the flag on his way to the bridge. Young men and their fathers stood at attention and you could see their shirts bulge with pride. They knew a man who had given so much and was struggling on how he could let it go was passing before them. Everyone in the community had adopted him by now. Some said Red was a simple man, but he was far from simple. He was independent and self-sufficient. Red would tell how people were so good to him. The neighbor ladies would bring him plates of leftovers and check on him and see how he was doing and whether or not he needed anything. He told the ladies, ‘I have so much, God’s been so good to me.’ He called our soldiers ‘his boys.’ He said he prayed for his boys every night. Red Gibson had changed the entire community. After 9-11, some community sawmill men came into the only restaurant in town and announced, ‘We are going to stand and pray and have the Pledge of Allegiance and if anybody does not like it they can leave.’ On February 5, 2004, two young punks and their girlfriends broke in on Red and robbed him for drug money and brutally beat him to death. Two daughters had lost a loving father. The whole part of the county had lost their hero and America had lost a true patriot. At his funeral the church that he had passed by everyday with a flag but had never been in was full with people standing outside in the rain. Red was such a special veteran. He deserved so much more than he got. He had the right to at least die on his own terms and in God’s own time. The community is presently trying to raise funds to place a $15,000 statute in his memory at the courthouse. You know life can be less than a ripple or more than a splash depending really on just a few things. Up near the surface is what we spend our life doing, but down deep what mainly counts is who we spend it with. And finally, the who and the what can best be explained by the why. Why we really exist can be explained simply by a four-letter word - g-i-v-e. You can get without loving, but you can’t love without giving. Red Gibson loved to give to this Country. He will long be remembered in that community. Thank you, Senators, for allowing me to share this about Red this morning to you. I ask you for your support on this resolution.”

The joint resolution passes its second (46-0) and third readings and is ordered sent to the House of Representatives by special message.

Upon motion of Senator Jacumin the Deputy President Pro Tempore extends the courtesies of the gallery to Margaret Gentry and Betty Reid, two daughters of Henry "Red" Gardner Gibson.

H.J.R. 744, A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF STORYTELLER JACQUELINE CARSON "JACKIE" TORRENCE.

Upon motion of Senator Dorsett, the joint resolution is read in its entirety and, upon motion of Senator Berger of Rockingham, the remarks of the members are spread upon the Journal, as follows:

May 12, 2005
Senator Dorsett:

“I did not personally know Jackie Torrence, but I heard many great things about her. This great African-American storyteller was born in Chicago, but she was reared in North Carolina. She was a world renown and nationally acclaimed storyteller who had been featured in a lot of the major newspapers in the Country and, in fact, throughout the world, newspapers such as the Wall Street Journal, and the New York Times and there were many, many others. As a child growing up in the rural hills of North Carolina, Jackie learned the craft of telling stories from her grandfather, from her aunts and her uncles. She began her career as a library storyteller and then she began traveling and performing at major halls and festivals across North Carolina. Jackie appeared on radio and television shows frequently and through her award winning recordings and books and television and festival appearances, she actually helped storytelling take its place in the world of fine arts. Her success as a storyteller is more remarkable because Jackie actually had a childhood speech impediment and with the help of two teachers she overcame this problem. Jackie died in November of 2004 leaving a daughter and three grandsons, but she has left a wonderful legacy of stories that touched the lives of many children and adults with her unique style, her melodious voice, and her expressive faith. I commend the resolution to you.”

Senator Brock:

“I knew Jackie or was just one of the few kids in her audience when I was a few years younger. It was just so exciting when the teacher would come into the classroom and announce that Miss Jackie was going to come and tell some stories to us and this was before she started to get really big. I remember attending a PTA meeting with my mother who was a teacher at the school, and they were wondering if they would have enough money to bring Jackie back. She had become that popular. It was so exciting as a student when she would come and tell stories. It was just amazing for us to fall in love with her and her stories. In fact, we would find out she was coming to the library and we would all run to the library to check out Jack Tales and all the old folk tales and we would want to see which book we could read and which story she would tell out of it. It was just so amazing, and I kind of get goose bumps now because it was just amazing to hear her tell a story and then to turn around and look at all the kids who are watching and all the teachers and the other administration and finally when people would come in and start hearing her stories, parents and people of the community would start coming to story time when Miss Jackie would come and tell stories. It was quite an event to have one of our own from Salisbury to arrive to such prominence in the Nation and to the world. But if you never had a chance to hear her you really missed a true North Carolina treat. It was just so amazing that she whetted the appetite of so many students to learn to read, to learn a little bit about history and who you were and all these old stories. I commend the resolution to you.”

The joint resolution passes its second (46-0) and third readings and is ordered enrolled.

SIXTY-SIXTH DAY

Senate Chamber
Thursday, May 19, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear Lord, seeing all the children in the gallery today reminds me that as a child in elementary school, I had a ruler at my desk on which was written: 'Do unto others as you would have others do unto you.' The Golden Rule. I even think the school gave us the rulers. It was a different world then. Here in the Senate, where cameras and microphones are ever present and the members are subject to a more high profile existence, Holy Scripture reminds us that the best portion of a good person's life are his or her unnoticed, nameless and often unremembered acts of kindness and love done in your behalf. We may live in a different world today, but Holy Scripture is timeless. Help us to do good to others for your sake. Amen."

The Chair grants leaves of absence for today to Senator Garwood, Senator Hoyle and Senator Weinstein.

Senator Basnight, President Pro Tempore, announces that the Journal of yesterday, May 18, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

The President of the Senate extends privileges of the floor to Dr. Barry Ostrow from Raleigh, North Carolina, who is serving the Senate as Doctor of the Day, and to Rebecca Lindsey from Winston-Salem, North Carolina, who is serving the Senate as Nurse of the Day.

"May the Infinite Power which rules the destinies of the universe lead our councils to what is best, and give them a favorable issue for peace and prosperity. I shall need, too, the favor of the Being in whose hands we are, who led our fathers, as Israel of old, from their native land and planted them in a country flowing with all the necessaries and comforts of life; the God who has covered our infancy with His providence and our riper years with His wisdom and power, and to whose goodness I ask you to join in supplications with me that He will so enlighten the minds of your servants, guide their councils, and prosper their measures that whatsoever they do shall result in your good and secure to you the peace, friendship, and approbation of all nations.

"Almighty God, you've given us this good land for our heritage. We humbly beseech Thee that we would always prove ourselves a people mindful of Thy favor and glad to do your will. Bless our land with honorable ministry, sound learning, and pure manners. Save us from violence, discord, and confusion, from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people, the multitude brought here out many kindreds and tongues. Endow with Thy spirit of wisdom those whom in Thy name we entrust the authority of government, that there may be justice and peace at home, and that through obedience to your law, we may show your praise among the nations of the earth. In time of prosperity fill our hearts with thankfulness and in the day of trouble, suffer not our trust in you to fail; continuing to pray the words of Jefferson all of which we ask through Jesus Christ our Lord, Amen."

Originally written by Thomas Jefferson; prayed on March 4, 1801 in Washington, DC.

SIXTY-NINTH DAY

Senate Chamber
Wednesday, May 25, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Dr. Bob Battle, Community Presbyterian Church, Pinehurst, North Carolina as follows:

"God of heaven and earth, you have called us to live in harmony with everything you have made. Renew within us and among us a respect for this vision so that the whole creation may resound in an anthem of praise. We thank you that you have given us this good land - the great State of North Carolina - as our heritage. And we pray that we might pass it on as an even finer thing to those who follow after. Bless all those who hold office in our State Government, and especially our Senators and those on their staff. Unite them in a common pursuit of just priorities so that all may live together as one people, the young - educated, and the old - cared for, the hungry - filled, and the homeless - housed, and the sick - comforted and healed. Grant them wisdom as they make and administer laws to build a society based on trust and respect so that each of our citizens may live in security and freedom and each may have an equal opportunity and equal chance to do their best. When times are prosperous, let our hearts be thankful, and, in troubled time, do not let our trust in you fail. Hear this our prayer, Mighty God, Amen."

This is a good day to be alive and in community with our brothers and sisters in this room. Remind us that those common ideals and goals that bind us together are stronger than the things that divide us. We come from many places and circumstances, but we are all your children. We thank you for your grace. This morning we gather with a sense of gratefulness in our hearts and a sense of awesome responsibility in our souls. You have made us leaders; help us to lead with integrity and honesty. Help us to keep your vision of a just and compassionate world before our eyes at all times knowing that our sight is limited and our mercy inadequate. Forgive us for our inadequacies. Lord, guide us with your wisdom and humble us with your presence. Enable us to see you in the eyes of our neighbors across this land. Move us beyond pettiness and individual claims and allow us to see the larger picture of a state and a world in need. As a guest within the walls of this honorable institution, I ask a special blessing on those who assemble here day after day seeking to encourage your people in North Carolina to live lives characterized by civic responsibility. I thank you for their dedication and their personal sacrifice. Lift them up individually and corporately so that they might know your presence anew in their lives. Have mercy on us all and allow your glory to light our path today and always. In your Holy Name we pray. Amen."

We fearlessly and confidently draw near to thy throne. Father, thank you for sending your commandment sending your Word that it may have swift action in the earth. We humble ourselves in your presence and pause in this moment of time to give You honor and glory and praise. The earth is the Lord's and the fullness thereof, the world, and they that dwell therein. Have your way today, dear God. Send thy directions. Have your way in this place, rule and reign, for your glory. God, we seek your council in these holy chambers. Lord, anoint and bless this Senate and its members. Shower them and their families with your choice blessings. And please remember our President of these United States and our Governor of this great State of North Carolina. Thank you, Father, for guiding us and sending your angels who are assigned over these chambers. God continue to anoint us afresh. In the name of Christ, we stand victorious over the principalities, powers, rulers of darkness of this world and spiritual wickedness in high places over this State as we lift our hands in this place and ask for your presence to sweep through the gates of our cities in this State. We ask God to convince the people and bring demonstration to them about sin, about righteousness of heart and right standing with God. Father, You said in you word, 'For I know the thoughts and plans that I have for you...thoughts and plans for welfare and peace and not for evil, to give you hope in your final outcome.' Now God, Thy kingdom come Thy will be done in earth, as it is in heaven. Amen."

Upon motion of Senator Garrou, the joint resolution is read in its entirety and, upon motion of Senator Forrester, the remarks of the members, are spread upon the Journal, as follows:

*Senator Garrou:*

“Thank you, Madame President. Ladies and gentlemen of the Senate, ‘Big House’ Gaines was truly a legend. While I knew about all of the games that he won, recognition and awards, I really knew him best as a community leader. When we are in session and when I’m feeling dutiful, I will go to my Rotary make-up on Friday afternoon. There is a Rotary that meets then, and I would see him at the Rotary and he would always say, ‘Come on over,’ and he would ask me to join him at the table. ‘Big House’ was one of those people that I was never sure if he knew my name. You would meet him and I just knew that he had met people just over and over, so I was just never sure if he knew my name because he always called me ‘little lady’ which was fine with me. In the last year or so I went to Rotary one day

June 2, 2005
and he motioned to me to come over and I went down and sat down with him and someone came and joined us at the table and he said, ‘I want to be sure you know that Linda Garrou is my Senator.’ So it made me very proud. ‘Big House’ Gaines’ mother wanted him to become a dentist. Instead of fixing teeth he fixed students and souls and we can’t even count the number of children and young men that he touched. I asked one of his former coaches to give me a quote, something that ‘Big House’ said to his players. This was the quote that he gave. He said that one of his favorite things that he would say to his players was, ‘The world doesn’t owe you anything boy. If you want something out of this world you better get off your butt and work for it.’ I’m sure many of us have heard that from our daddies and mommas and other folks and teachers and I’m sure the number of folks whose lives he has touched could not be counted. We are grateful for his life and for his legacy. I would appreciate your support for this resolution.”

Senator Dorsett:

“‘Big House’ Gaines was one of those larger-than-life individuals. He was a mentor for many young students. While he was very competitive, he did that in a very positive way. I was working at A&T and he was working at Winston-Salem State and really the greatest rivalry we had was in basketball. We would always try to be the ones to win and in most of the times he did. But at any rate, he was one of those individuals that touched many lives. He was a former basketball coach at Winston-Salem State University and that really was his life. He enjoyed it, he loved students, he worked with them and he was like a father figure. He retired as one of the winningest active coaches in basketball. Although he won many awards and accolades, he was much more than a coach. He was really a teacher and he taught young people the game of life. He was a very sensitive and caring man who had his nickname which represented just who he was, ‘Big House.’ Despite his many health problems, he and his wife, Claire, were still very active in the community. He and his wife delivered ‘Meals on Wheels’ to the people in the community and he was involved in many professional and civic organizations. He passed away on April 15, 2005, but he really left a wonderful legacy of his life. He touched many people in the community and I commend the resolution.”

Senator Horton:

“He was big as a house. He got that nickname when he was eighteen at Morgan State, 250 pounds, six feet four at the age of eighteen. He was big the whole life he served and it was a long and rich life. ‘Big House’ was a special member of our community. He stood for all that was good and solid in education and served as a mentor as well as a coach. He served as a father figure to students at Winston-Salem State for forty-seven years. Someone said that whatever you come up with in talking about ‘Big House’ will never equal what he has meant to this community and that, I think, is probably more important than just the fact that he was the winningest basketball coach anyone had ever heard of. I think in 828 games he lost 447. He got 12 Central Intercollegiate Association Championships. Winston-Salem State was the first predominately black institution to win an NCAA basketball title. All of that, as I would say, would fade into insignificance compared to what he meant for 47 years to those thousands that he coached. We’ll miss him. Our community will miss him.”

June 2, 2005
Senator Jacumin:

“I only had one opportunity to meet ‘Big House’ Gaines and that was in 1983 when NC State was playing Houston in that final game. He was sitting behind us a row or two there. By half time it looked like it was going to be a shaky situation out there and I turned around and I said, ‘Big House’ you are going to have to help us cheer for this crowd. He grabbed about three or four of those shakers there. I know he’s a winner because he had Dean Smith pulling for us, too, right behind him. I’ll always remember that about him. He seemed to be a leader in every group he got in. I commend this resolution to you.”

Senator Dannelly:

“Ladies and Gentlemen, when I was a freshmen at Howard University in 1944, I did not know ‘Big House’ Gaines. I was a basketball player at Howard and we played Morgan and if ya’ll think Michael Jordan could jump high or David Thompson, I was known as the ‘Sky Guy.’ No one could beat me at rebounding until we played Morgan. I went up for a rebound and something hit me in the back of the head. When I got up off the floor I saw this huge figure holding the ball. I went over to the bench, sat down to get the cobwebs out and I said, ‘Who’s that?’ Someone said, ‘That’s Big House Gaines.’ I’ve known him ever since. ‘Big House’ was a bosom buddy of my late brother-in-law, Eddie McGirt. They were both basketball coaches, Eddie at Johnson C. Smith University, and ‘Big House’ at Winston-Salem. They were both football and basketball coaches at those schools. After Eddie passed, when I would see ‘Big House’ he would always ask me, ‘How is Eddie’s boy doing.’ He not only loved the children and young men and women he worked with, but his friends’ children as well. But more importantly than that, one of our own right here in this chamber, one of our own Assistant Sergeants-At-Arms, Leslie Wright, was a star tight end at A&T State University and Leslie had the experience of playing against ‘Big House’ Gaines from Morgan in the season of 1943 and 1944. Anybody who played against ‘Big House’ Gaines never forgot it. You always remembered him. He was bigger than life and, to my recollection, since the CIAA started I missed only one tournament. ‘Big House’ missed none. Even this past CIAA tournament he was here in Raleigh. He was bigger than life. I recommend the resolution to you.”

The joint resolution passes its second reading (50-0) and third reading with members standing, and is ordered enrolled.

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by Rabbi Fred Guttman, Temple Emanuel Synagogue, Greensboro, North Carolina as follows:

"Almighty God, we stand here today reaffirming your sovereignty and our belief that You are the Parent of us all. In Your wisdom, You have granted to us the faculty of appreciating the value of representative government. We ask Your guidance for those of the North Carolina Senate who are charged with the awesome responsibility of directing the affairs of this State. Help our Senators, God, to understand that virtually every issue which they will deal with in their deliberations today and in the future has a spiritual component. Our task as a Nation and as a State is to live according to the highest ethical and religious values of our tradition. Help us to appreciate our diversity and the fact that our State functions best when we acknowledge that all who live here have their own particular contribution to make, their own spiritual melody to play. May the spirit of compromise fill this body. Help the members of the Senate to understand that their task is to raise the welfare of all the citizens, not help some up while pushing others down. God, let us recognize that you are truly on our side when we direct our attention to issues such as the betterment of education and the eradication of poverty. Enlighten the eyes of our legislators today and months to come to comprehend the tremendous

The Senate meets pursuant to adjournment and is called to order by The Honorable Marc Basnight, President Pro Tempore, who presides in the absence of the Lieutenant Governor.

June 20, 2005
Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Gracious God, last week, millions of people from all over the world caught a glimpse of our State through camera lenses trained on the small town of Pinehurst. The visible images of the beauty of the sandhills was unmistakable, but what people heard was also a testimony to what we believe to be important here. Throughout the week drifting through the long leaf pines was the gentle sound of a chapel's church bells playing hymns to the glory of God. Many of us caught ourselves singing along. That chapel's bells bore testimony to our values and our gratitude to you, O God, for creating such a place of beauty. It is a blessing to live in this State. Here in the Senate, help us each day to make it even a better place for all of our citizens. Amen."

EIGHTY-SEVENTH DAY

Senate Chamber
Monday, June 27, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

June 27, 2005
Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Eternal God, we learned today that the Supreme Court has taken a 'middle ground' on when and where your Ten Commandments may be displayed. Apparently an acceptable venue is a public park, but not a courthouse. In this place where important laws are being considered, though we do not see the Ten Commandments, we confess that they are written on our minds and in our hearts. Let there be no fence sitting as the session moves forward. May your laws inform and underwrite all the lawmaking that goes on here. In your holy name we pray, Amen."

The Chair grants leaves of absence for tonight to Senator Apodaca, Senator Kinnaird, Senator Nesbitt and Senator Soles.

Senator Basnight, President Pro Tempore, announces that the Journal of Thursday, June 23, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

Senate Chamber
Wednesday, June 29, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Charlie Dannelly, Deputy President Pro Tempore, who presides in the absence of the Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God you have encouraged us by deed and by word to help others. There are countless opportunities every day to do so. Within a few steps of this Legislative building there are those asking for bus fare or lunch money. Whether we summon the courage to admit it or not, so often in trying to help people, our motivation is not their discomfort, but our own guilt. We confuse loving someone and feeling sorry for them. You look at people in need not only with compassion, but also with appreciation. You always honor people in need with some form of personal affirmation. Teach us to do likewise. Amen."

The Chair grants a leave of absence for today to Senator Basnight.

Senate Chamber
Thursday, June 30, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Marc Basnight, President Pro Tempore, who presides in the absence of the Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"The drought was into its third year in Israel. The famine was severe in Samaria. All the people of Israel, tired, hungry, frustrated gathered to watch a battle of epic proportions. Eight-hundred and fifty prophets of the gods of Baal and Asherah stood opposite your prophet Elijah at the top of Mt. Carmel. The false prophets prayed to their gods, cried aloud, but no voice, no response, no answer was heard. The Elijah prayed, O Lord, let it be known that you are the one God. A small cloud no larger than a person's hand began rising out of the sea. In a little while the heavens grew black with clouds and wind and there was a heavy rain. The battle was over. The drought ended. Your sovereignty, O God, was established and the people went home. We pray that there will be an Elijah event in the Legislature today. Amen."

"Loving God, calm the frantic beatings of our hearts, smooth the wrinkled lines of our brows. Help us to be still that we may be open in this moment to your peace that passes all understanding. God, we come to you this hour with images of yet another terrorist attack fresh in our minds. We shout, 'Not Again' as this tragedy touches each of us in an all too familiar way. We feel deeply the shock and despair of our neighbors across the sea, and yet this is not just an attack on the United Kingdom but on each of us as we bear witness to man's inhumanity to man. We are only comforted in knowing that you are already there with the men, women, children and families whose lives have been changed forever. Make your presence known to them in a very real way. Surround all of our service personnel as they continue to secure our safety around the globe. Guide the decisions of our world leaders as they work together for peace. Be with our Senators as they carry out the tasks ahead of them this day. Make your presence real to them. Guide them as they make wise, informed decisions.

Upon motion of Senator Holloman, the joint resolution is read in its entirety and, upon motion of Senator Lucas, the remarks of the Senators are spread upon the Journal, as follows:

Senator Holloman:

“Thank you, Mr. President. It is a great privilege tonight that I stand before you to support this resolution. I met Milton Fitch, Sr. in 1977 when I became the first … Grand Master of the State of North Carolina at age twenty-one. Milton Fitch, Sr. was a person who was supportive of me and others who were trying to make a difference as young people in North Carolina. It was under Grand Master Will B. Clement from Durham, North Carolina. I worked very closely with Milton Fitch, Sr. when he was appointed CCFC Officer for North Carolina which had done communications for the Masons worldwide. It was through this relationship that I came to know him and saw him to be a people person and a man that really wanted to make a difference, not only for his county, his State, but the Nation. He was a man that was very courageous, a very intelligent man and he didn’t mind standing and speaking for the truth regardless of who heard it, who liked him and who didn’t like him. Milton Fitch, Sr. believed in standing for weak people and small people and I believe that’s where his son, Toby, who served in the House for so many years received so much of his stubbornness from his father because when his father put his foot down he meant something. He would stand on it if he had to stand by himself. Milton would speak out and was a man that would stand up for those who couldn’t stand for themselves and that’s what I admired about him. Even in the grand lodge of North Carolina, many times we would be debating issues and Milton would stand against the Grand Master himself when he believed an issue to be right for all the

July 11, 2005
people of North Carolina and the world. Milton Fitch, Sr., I want to tell you this evening that he has left his footprint in the sands of this world. He is a man that we need to emulate in so many positive ways for the changes that he stood for and the difference that he made in this world. His wife was a loving wife and supporting wife and a great mother and tonight we are very honored to have the family with us in the gallery: Milton F. Fitch, Jr., former House member and now Superior Court Judge; Dr. Christine Fitch, Professor at East Carolina University; Patricia Fitch Ambrose, Attorney; and Billy Haze, friend. I ask for your support in this House Joint Resolution 198 for a great man and a great woman that have been a legacy for our Country and our world. Thank You.”

Senator Swindell:
“Ladies and gentlemen of the Senate, it is not often that we celebrate the life of people in a Joint Resolution for a husband and wife team. In fact, I can’t think of any right off hand since I’ve been in the Senate. Not only did I know Mr. Milton and Mrs. Cora very well as Mr. Toby, my friend upstairs there knows, but I was also at both of their funerals, 1987 and 1995. I attended many events throughout Wilson and Wilson County back in the early eighties even that were designed to honor these people, Mrs. Cora as a County Commissioner and as an educator and Mr. Milton, as well as Mrs. Cora, for the work they did on Civil Rights. They always fought for the people who could not help themselves and I remember very vividly as I heard Reverend Holloman talking then that the one thing about the both of them is that they were straight shooters. They did not talk circles, they did not talk in waves, they told you the way it was. So it doesn’t take much understanding to know where Toby got it from. But his parents were not only great leaders in Wilson and Wilson County as Reverend Holloman said, but their footprints are all across probably the Country as well as Eastern North Carolina for sure and I recommend this Resolution to you for consideration.”

Senator Dannelly:
“Thank you, Mr. President. Ladies and gentlemen of the Senate, it was quite sometime before I met Milton Fitch, Sr. It came about in an unusual way. The first Fitch that I met in person, even though the name was well recognized over the State, was Jerome, but we called him Jerry down at Johnson C. Smith University when Jerry was one of the assistant football and basketball coaches and if I had another hour then I could go into Jerry and my … while he was down at Johnson C. Smith. He was a very astute and fun-loving young man, but he loved his family dearly so I heard those names, Milton and Cora, many times. When I met Mr. Fitch, and that is what I called him, Mr. Fitch, the first time was at an ACC Tournament in Charlotte. Toby brought his Dad down to see the tournament in the new Charlotte Coliseum and when I looked at this giant of a man, a little fear came over me because he would look at you, straight through you. You knew that this was a man’s kind of man. And when I came up here to serve in the Senate, I met him again. Toby invited the Legislative Black Caucus over to their place in Wilson for a little cookout and so I went and there was this giant of a man sitting by the bathing pool just surveying the young bucks, us,

July 11, 2005
that he helped get where we are. We are sitting and standing on his shoulders. He had to be a great man because he and I were in an organization, the Prince Hall Masons. I didn’t reach his level, but the principles that the Prince Hall Masons instilled in their members were paramount in Mr. Fitch’s life. I will say to you, ladies and gentlemen, please support this resolution.”

Senator Rand:
“Thank you, Mr. President, and ladies and gentlemen of the Senate. If you lived in Eastern North Carolina and you were aware of what was going on in that part of the world, you knew the Fitch family and you knew what it stood for and you knew the kind of things they did to make our State a better place. It is an amazing family that has done so much for North Carolina and continues to do the things that I know make those that came before them proud and make all of us proud of the accomplishments of a family that has done so much for so many people. It was my pleasure to meet Mr. Fitch, I don’t think I ever met Mrs. Fitch, but to meet Mr. Fitch and he was a compelling personality, I guess you would say, and he certainly passed that on to the other members of his family. We are most fortunate to have had someone of the quality and the character of the Fitch family to help North Carolina through a difficult period in its history and continue to add so much to everything we do to this day. Thank you, Mr. President.”

Senator Basnight:
“Members of the Senate, I certainly know the Fitch family as all of us do and what their contributions have meant to society and people and those of us who do not remember our past as well as we should or understand it as we are taught. As Senator Dannelly said, many people stood on those shoulders of Cora and Milton Fitch as they worked hard to make wrongs right. There was a sad chapter in our history in America, one over which much blood was lost, one which was wrong and all of us here know that to be so. He made what was wrong right and many people through that period of time did not like the Fitch family because there was a story being told that was harmful and hurt. It hurt all people, black and white. Why the struggle over the differences of a color of a skin, it’s beyond all of us. I can’t comprehend it, I can’t understand it. I guess maybe I would have been a part of that argument as well. I would hope not. Toby, to you and your family, I didn’t realize that your dad was such a wonderful soldier in fighting for the freedoms that he didn’t have and the freedoms that our Country had fought for so many times. The very documents that make this Country different than any other country when it was originally written spoke of being equal, the document of words from which we were founded and of which we are instructed today did not give equality to all people. It certainly said so, but it was not offered. That’s why Milton Fitch had to march and had to preach so that the documents spoke for all people, not just one color. It’s a bit interesting to see that the changes that they had to help happen were all centered around race with the exception, from what I can read in this Joint Resolution, that they were able to educate their children as all of us want our children educated. The many appropriations, the arguments, the debates, the differences that are found on how to educate children for success, if we could only take a page out of their book. It’s kind of interesting, too, and I guess it has July 11, 2005
to be for all of us and be a bit painful to read about how a man had to stand and fight for the right to be a letter carrier, to work for the postal system in Wilson, North Carolina. But he couldn’t do it because he was black. And he had to convince people that all people should have a place for all veterans, regardless of their station in life and he had to play a role in convincing the Wilson County Government that poor people, poor veterans should lie in peace in the Rest Haven Cemetery. Then his wife had to work to create the first African-American Girl Scout Troop. To me it is always a bit painful to relive these chapters of our past, but it is also rewarding to stand here and listen to what a man did to make a change. We all should feel proud that we have a chance to vote on this House Joint Resolution.”

The joint resolution passes its second reading (47-0) and third reading with members standing, and is ordered enrolled.

S.B. 532 (House Committee Substitute), A BILL TO BE ENTITLED AN ACT TO AGGRAVATE THE PENALTY FOR THE LARCENY, POSSESSION, OR RECEIVING OF GOODS VALUED AT MORE THAN THREE HUNDRED DOLLARS FROM A PERMITTED CONSTRUCTION SITE, for concurrence in the House Committee Substitute bill.

**Senator Soles:**

“Thank you, Madame President, and ladies and gentlemen of the Senate. You know that we have very little choice about where we are born, but we have a lot of choice about where we live and I want you to know that I was born in the little Town of Tabor City and I chose to live there. I really have never been gone from Tabor City except when I left to go to Wake Forest and then over to Chapel Hill and then here in Raleigh and I'm not so sure at this point whether Tabor City or Raleigh is my home, but when I’m asked to put my residence down I always claim Tabor City. It’s a wonderful community that grew up out of farm families, a farm community and when the railroad track came through people started building kind of around the railroad track and grocery stores, hardware stores and other things built up. Eventually, we became a town that was incorporated and the town was originally known as Tabor and later, as you heard from the Resolution, it became Tabor City. I had a great uncle that was in the Legislature in the House of Representatives at that time and the best that I can tell and the only thing that I can find he really did was to change the name

July 13, 2005
from Tabor to Tabor City. We are delighted that we are called Tabor City and the newspaper from time to time has a headline that says ‘Tabor City, a Town with a City Future.’ Well, we are still looking towards the future so that we can be a city. Our economy has turned negative over the last several years with the closing of the tobacco warehouses, the produce industry has gone South, the small manufacturing plants that we have are basically closed, but we have now rehabilitated the downtown area and we’ve got some small industry coming in and it’s a wonderful place to live and I advise you all to come. We have, Madame President, some guests in the gallery and at the appropriate time I’d like for you to recognize our guests today.”

Senator Weinstein:

“I have very fond memories of Tabor City. In the early 1950s, it was a bustling town and it was sort of my stomping grounds. On Saturday nights in the early 1950s, I used to drive from Lumberton to Tabor City to go to dances that people held in their homes for young people. In fact, I dated one of Senator Soles’ cousins back then. She introduced me to most of the young people in Tabor City and I made a lot of friends there. I remember downtown Tabor City on Saturdays. It was like a hive of bees. The downtown was full of mom and pop stores just like all little towns in North and South Carolina. But I found out one thing about Tabor City. On Saturday nights you didn’t mess around in the downtown area too much. It was a rough place. In fact, Tabor City had a name which I don’t want to call on the Senate floor, but I will. It was called ‘Razor City’ so you had to watch out a little bit. But the big event that I remember in high school was the Yam Festival. The Yam Festival was a big deal. They had really famous bands to come for this dance which was held in a warehouse. Thousands of people from all over North and South Carolina attended this event. Last week I went to Tabor City to an affair honoring Mr. and Mrs. R. C. Soles, Sr. on their 75th Wedding Anniversary. It was just a wonderful affair and people from all over Southeastern North Carolina came to honor the Soles family. I saw a lot of friends that I knew fifty years ago and we re-introduced ourselves. Tabor City is a friendly town and I wish all of you, the citizens of Tabor City, the very best on your 100th Year Anniversary and I recommend this joint resolution to the Senate.”

Senator Rand:

“Thank you, Madame President, and ladies and gentlemen of the Senate. Tabor City is a wonderful example of what makes North Carolina so really special, small towns that have meant so much really to the fabric of our society. But it is also a microcosm of what’s happened to North Carolina as our economy has changed, as agriculture has changed, as tobacco has changed, how small towns have changed and Tabor City has been a part of that and has seen the problems that they have faced the small towns of Southeastern North Carolina and have changed really the way we have all lived for so long. Tabor City is doing a good job at coming back. They are remodeling, they are re-doing, and it’s a place where the quality of life is really and truly wonderful. I don’t remember the things Senator Weinstein mentioned. Fifty years ago I was just a small child so I can’t relate to all that, but it’s certainly a wonderful place populated by wonderful people and the Yam Festival really was a big deal and that’s the kind of thing that makes North
Carolina the special place that it is and why we all value the people of Tabor City so much. Senator Soles, of course, signed the Constitution, I think, I know the Declaration of Independence, but the people of Tabor City have contributed so much to Southeastern North Carolina and really all of North Carolina that we wish them well on this special anniversary."

Senator Albertson:

“Madame President, and members of the Senate, of course I heard Senator Weinstein talking about years ago. I heard about this wonderful place called Tabor City and I never was invited to go there with band. I don’t know why. I was just kidding, but I did hear about those wonderful events that took place around the festival down there. I know it was a wonderful place. I was just talking here to Senator Kerr and I wonder how many of us in this Chamber can say we live and came from the town that we were born in. Probably not many of us, if any. As I was thinking as we were hearing this resolution debated, I was thinking about Tabor City and I was thinking about one of the great contributions that the Town has made to our State and I’m speaking about our very own R. C. Senator Soles, what a wonderful Senator. He has taught me so much and I learn from him in every session. R. C., you are a blessed member of this Body and we are grateful to Tabor City for you.”

Senator Webster:

“I have a lot of reasons I love Tabor City, but you know I didn’t know about that ‘Razor City’ but I did know there was some reason. We went to Tabor City to take tobacco because the tobacco warehouses down there opened a whole lot earlier than they did up in the old belt and we needed some money. Well, instinct told us, told me, to take your tobacco down there, sell it as quickly as you could and take your money and run. Don’t get caught down there when the sun sets. I don’t know why my instinct was telling me that, but I didn’t know Senator Soles then. If I had of known him I probably would have stayed on down there for a little socializing, you know with good folks and good friends. I am very thankful for you, Senator Soles, and I want to say something. Over the years I have been asked, ‘Well, what do you think about so and so?’ and I remember my quick answer when somebody asked who my favorite Senator was and this was back when Senator Martin was here, ‘Uncle Bob,’ and I immediately gave the answer, he is gone now, I’m sorry, and they would say, ‘Well he is a Democrat,’ and I said, ‘That doesn’t matter, he is a man that when he says something, you can take poison with what he tells you because he is absolutely straight and dependable and he won’t lead you wrong.’ I want to say here publicly that this is how I have found Senator Soles and North Carolina has been lucky to have such a Senator from Tabor City and thank you for serving these years here and thanks to Tabor City for trading the money for my tobacco so I could take my money and run.”

Senator Basnight:

“Thank you, Madame President. To our guests and members of the Senate, there was a little chuckle in the back when Hugh stood up to speak and the part

of him saying he sold his tobacco and left town, somebody said they saw him and Weinstein dancing with some of the finest in Tabor City that night. I don’t know that the money got back to Caswell County. It is, as Senator Rand says, it’s part of the picture of what North Carolina is when you go to small towns like that and what it has been, is it the future? Probably not. But is the future better than the past? Probably not. But is there hope for the future? Obviously there is. Do we all work for a better future? We do. But nobody works with a better aggression for fairness or honesty than Senator Soles does for your Town. I remember when we had a storm and the storm broke the dam at Tabor City and I really did not realize there was a dam in Tabor City. I knew that there was a pond but I didn’t realize that it was impounded. I sort of told him that and he jumped all over me. He was upset for my calling it a small mud hole or pond. He said that this place is just as important as the Kerr Dam or any other dam in this State. This is our community and it’s where I live. A couple of weeks ago, R. C. and I had dinner together and during that time as you and I chatted about the past and looked to the future I asked you why is it that you stayed in Tabor City. You could have gone anywhere. By the way, a few folks in Tabor City don’t know this but we know it here. He is a very wealthy man and he has done very well in Tabor City and he said, ‘It’s my home, it’s my family, it’s my friends and it’s everyone in Tabor City and in my County that I love and I will never, ever, ever leave it.’ R.C., you are what was just described by Senator Webster, an honest man, a man of high integrity and a man that we all love and we love you just like we love Tabor City. This is a grand event to offer some celebration to the senior citizen of the North Carolina Senate.”

The joint resolution passes its second reading (49-0) and third reading with members standing, and is ordered sent to the House of Representatives by special message.

The President extends privileges of the floor to Mr. and Mrs. R. C. Soles, Sr., parents of Senator Soles, and to Mrs. Darcus Woody, sister of Senator Soles.

Upon motion of Senator Soles the President extends the courtesies of the gallery to guests from Tabor City: Marion S. Baxter, Mayor; Al Leonard, Jr., Town Manager; Roy Norris, Police Chief; Diane B. Ward, Town Clerk; Donald James, Public Works Director; Lora Merritt, Utility Clerk; Rachel Fields, Administrative Assistant; Deuce Niven, Editor of TABOR-LORIS TRIBUNE; Clara Cartrette, News Reporter of Whiteville; Cynthia Nelson, Tabor City Chamber of Commerce Executive; The Reverend Toni Vereen, Centennial Committee Member; Nellie Vereen, Centennial Committee Member; Dennis Cox, Centennial Committee Member; Lee Ethyl Vereen, Centennial Committee Member; Mitchel Tyler; Sherry Prince; and Clara Cartrette, News Reporter of Whiteville.

INTRODUCTION OF BILLS AND RESOLUTIONS

A resolution is filed for introduction today, the rules are suspended and it is read the first time, and disposed of, as follows:

July 13, 2005
By Senator Rand:

S.R. 1177, A SENATE RESOLUTION CONGRATULATING ROBERT C. SOLES AND MYRTLE NORRIS SOLES ON THEIR SEVENTY-FIFTH WEDDING ANNIVERSARY AND DECLARING ROBERT C. "R.C." SOLES, JR. TO BE A NORTH CAROLINA INSTITUTION.

With unanimous consent, upon motion of Senator Rand, the rules are suspended and the resolution is placed before the Senate for immediate consideration.

Upon motion of Senator Rand, the Senate resolution is read in its entirety and, upon motion of Senator Berger of Rockingham, the remarks of the Senators are spread upon the Journal, as follows:

Senator Basnight:

“Thank you, Madame President. I don’t know of anyone that has ever served in the Senate that had parents that were born and raised, as Senator Albertson said, in one town and will die in one town and will remain there for evermore, and to do so with seventy-five years of life together. That is not just unusual, that is incredible and what makes it even more incredible is the life that they have lived and what they have given to the community of Tabor City and to a community of people that make up that town and what they are. Senator Soles, you should be awfully proud today, but equally so, I am proud as is each and every member in this Body. They have done something special that is unusual for us. They have framed this copy and on this copy of the resolution that we are going to give to your family is a signature of all fifty members of the North Carolina Senate. This is something to remain in the family archives for evermore as a lasting memory of what we think of your family. So at this time, Madame President, if it would meet your approval, I ask that the Senate suspend the rules to the end that will allow the Soles Family, Senator Soles, his sister, his mother and father, to come to the Well of the Senate to receive a framed copy from Members of the North Carolina Senate of the Resolution honoring their life. Will members please stand.”

Lieutenant Governor, Beverly E. Perdue:

“This is as good as it gets in North Carolina. Three years ago I was in Tabor City with the Senator for an event and Mrs. Soles took me for a spin around the city block in her cute little convertible. So I want you know that they are physically fit and very active still. Thank you, Senator Soles, for bringing your parents up. All of us should be so blessed.”

Senator Basnight:

“Just briefly if I may to the Senators, Mr. Soles still drives the BMW convertible.”

Senator Soles:

“Thank you very much. I am not really sure I can get through this. Let me say that I knew about the first one, but not the second one.”

July 13, 2005
Senator Rand:

“Madame President, I have seen R. C. in court for forty years and I have never before heard him speechless!”

The resolution is adopted (49-0).

start name calling. Sometimes, out of frustration, we set off on our own course,

Senate Chamber
Tuesday, July 19, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear Lord, near the end of his life, your prophet Joshua made an impassioned speech to the children of Israel. Typical of a fiery prophet, first he recounted the blessings you had bestowed, then he called the people to renounce their idols and follow you. 'Choose this day whom you will serve,' he said, and then quickly responded, 'As for me and my house, we will serve the Lord.' Joshua's testimony and decisiveness is both refreshing and challenging, especially because we live in a world that all too often trembles on the edge of a MAYBE. This week in the Senate, help us to be decisive this week in your word and deed. To your glory, Amen."

The Chair grants leaves of absence for today to Senator Smith, Senator Soles and Senator Webster.

The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. Prayer is offered by Dr. Joseph Welker, Jr., Pastor, Kirk of Kildaire Presbyterian Church, Cary, North Carolina as follows:

"Lord of our life and God of our salvation, we ask your blessing on all that is best about us, and your forgiveness for anything that has fallen short of the greatness of the past, the hopes of the present and the call to higher things in the future. Guide those who direct the affairs of our State. Sustain them in their work, support them in their anxieties, and strengthen them in their resolve to seek and pursue the well-being of all the people. Help them to seek the peaceable fruits of justice and mercy. Grant that they may know the limits of human wisdom as they face the perplexing issues of our day. Give them joy in their service, due pride in their successes, and the peace of a good conscience in all of their endeavors. And so work among us by your good and kindly Spirit that our State may be renewed in beauty and order, in happiness and peace. For we ask this in your Holy name. Amen."

**PART IV. DURHAM OCCUPANCY TAX.**

**SECTION 4.1.** Section 7(a) of S.L. 2001-480, as amended by Section 1 of S.L. 2002-36, reads as rewritten:

"**SECTION 7(a)** If a plan for financing a Performing Arts Theater has not been approved by the Durham City Council and has been disapproved by the Durham County Commissioners within 42 months after the levy of the one percent (1%) tax authorized under Section 6(c) of this act, the county's authority to levy the one percent (1%) tax described under Section 6(c) of this act and the levy of the one percent (1%) tax described in this subsection are repealed on the first day of the second month following the 42-month period.

If construction on the Performing Arts Theater has not begun within 42 months after the levy of the one percent (1%) tax authorized under Section 6(c) of this act, the county's authority to levy the one percent (1%) tax described in Section 6(c) of this act and the levy of the one percent (1%) tax described in Section 6(c) of this act are repealed on the first day of the second month following the 42-month period.

It is the goal of the General Assembly that a plan for financing the Performing Arts Theater shall be adopted within 12 months after the levy of the one percent (1%) tax authorized under Section 6(c) of this act, and construction of the Performing Arts Theater shall begin within 24 months of the levy of the one percent (1%) tax described in Section 6(c) of this act.

Any funds collected but not spent before the repeal date shall be redistributed to the Durham Convention and Visitors Bureau to promote travel and tourism."

**SECTION 4.2.** Section 9(e) of S.L. 2001-480, as amended by Section 4 of S.L. 2002-36, reads as rewritten:

"**SECTION 9(e)** Use of Proceeds From Additional One Percent (1%) Tax After First 24 Months. – The net proceeds of the tax collected under Section 6(c)
of this act after the first 24 months that the tax is levied shall be remitted monthly to the Durham Convention and Visitors Bureau as set out in Section 10 of this act. The Bureau shall use and distribute these net proceeds in the following priority order:

1. To the City of Durham, the first one million four hundred thousand dollars ($1,400,000) collected annually to finance the debt service associated with the construction of the Performing Arts Theater and for the design and engineering costs associated with the construction of the Theater. But no more than two million seven hundred fifty-two thousand dollars ($2,752,000) of those proceeds may be used for design and engineering costs associated with the construction of the Theater. Until those funds are distributed to the City of Durham for that purpose, they shall be held by the Durham Convention and Visitors Bureau in a capital reserve fund as provided by Part 2 of Article 3 of Chapter 159 of the General Statutes except they may be expended as provided by the last sentence of Section 7(a) of this act if the tax is repealed as provided by Section 7(a) of this act. Any interest earned by that fund shall be credited to the fund.

2. Thirty-two years after the levy of the tax authorized under Section 6(c) of this act, instead of the allocation under subdivision (1) of this subsection, the first one million four hundred thousand dollars ($1,400,000) collected annually shall be used by the Bureau to promote travel and tourism or for tourism related expenditures.

3. To Durham County, the next five hundred thousand dollars ($500,000) collected annually to be used for improvements to the Museum of Life and Science. This may include the financing of debt service. Any of these funds that are not needed for this purpose shall be returned to the Bureau and used to promote travel and tourism.

4. The Bureau shall use any net proceeds in excess of that provided by subdivisions (1), (2), and (3) of this subsection to promote travel, tourism, and conventions in Durham County.

As used in this subsection, "annually" means the 12-month period beginning after the first 24 months that the tax authorized under Section 6(c) of this act is levied."

PART V. ROCKINGHAM COUNTY OCCUPANCY TAX.

SECTION 5. Chapter 322 of the 1991 Session Laws, as amended by Chapter 52 of the 1995 Session Laws, reads as rewritten:

"Section 1. Occupancy Tax. -

(a) Authorization and Scope. - The Rockingham County Board of Commissioners may, by resolution, after not less than 10 days public notice and
after a public hearing held pursuant thereto, may levy a room occupancy tax of three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by educational organizations, religious organizations, or summer camps, nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

(b) Collection. Every operator of a business subject to the tax levied under this act shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchasing instead of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.

(c) Administration. The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county finance officer in monthly installments on or before the fifteenth day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the fifteenth day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

A return filed with the county finance officer under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.

(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due for each additional month or fraction thereof until the tax is paid. The board of commissioners may, for good cause shown, compromise or forgive the tax penalties imposed by this subsection.

Any person who willfully attempts in any manner to evade a tax imposed under this act or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

(e) Distribution and Use of Tax Revenue. Rockingham County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Rockingham County Tourism Development Authority. The Authority may
spend funds remitted to it under this subsection only to further the development of travel, tourism, and conventions in the county through State, national, and international advertising and promotion. As used in this subsection, "net proceeds" means gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Rockingham County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this Part:

(1) **Net proceeds.** – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) **Promote travel and tourism.** – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) **Tourism-related expenditures.** – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

(f) **Effective Date of Levy.** A tax levied under this act shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, may not be earlier than July 1, 1991, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(g) **Repeal.** A tax levied under this act may be repealed by a resolution adopted by the Rockingham County Board of Commissioners. Repeal of a tax levied under this act shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this act does not affect a liability for a tax that attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

"Sec. 2. Tourism Development Authority."

(a) **Appointment and Membership.** When the board of commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act and Act. At least one-third of the members must be individuals affiliated with businesses that collect the tax in the county, and at

All members of the Authority shall serve without compensation. Vacancies in the Authority shall be filled by the appointing authority of the member creating the vacancy. Members appointed to fill vacancies shall serve for the remainder of the unexpired term which they are appointed to fill. Except as provided in subsection (b) for initial members, members shall serve three-year terms. Members may serve no more than two consecutive terms. The members shall elect a chair from the membership of the Authority, who shall serve for a term of two years. The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Rockingham County shall be the ex officio finance officer of the Authority.

"Sec. 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. "SECTION 1.1. G.S. 58-86-85 is repealed.

August 3, 2005
SECTION 1.2. G.S. 58-86-35 reads as rewritten:
"§ 58-86-35. Firemen's application for membership in fund; monthly payments by members; payments credited to separate accounts of members; termination of membership.

Senate Chamber
Thursday, August 4, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"God of reconciliation, more often than we care to admit, each of us has walked away from the negotiating table at which important issues are being considered, wishing like your prophet, Nahum, that we might dance on our adversaries' graves rather than to accede to their demands. We say it's a matter of principle, but we have learned in retrospect that some things we considered
non-negotiable were. Then having returned to the table, we discovered that the sacrifices made on both sides were in your and our neighbor's best interests. Show us how to be peacemakers today. Amen."

The Chair grants a leave of absence for today to Senator Shaw.

Senator Basnight, President Pro Tempore, announces that the Journal of yesterday, August 3, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

ONE HUNDRED ELEVENTH DAY

Senate Chamber
Monday, August 8, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Marc Basnight, President Pro Tempore, who presides in the absence of the Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Eternal God, in response to a lame man's request for a few pennies, Peter responded, 'I don't have any silver and gold, but such as I have I give you.' Then Peter healed the man. That is an interesting story as the Senate prepares to debate the State's budget. We know that all of life's needs cannot be met by line items in budgets. Yet we know the futility of trying to meet needs without money. As the attention of the Senate turns to the passage of a budget, help us to remember that the best gift we may offer is that of ourselves and understanding. As was the case with Peter and the man he healed, neither the giver nor the recipient will be impoverished. Amen."

The Chair grants leaves of absence for tonight to Senator Bingham, Senator Hartsell and Senator Jacumin.

ONE HUNDRED THIRTEENTH DAY

Senate Chamber
Wednesday, August 10, 2005

The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, this is a story as prayer worth rehearing during these days of debate in the Senate. Two teams eyed the clear cup sitting on the table in front of them. It contained water to the mid-point of the cup. The debate began. Was the glass half full or half empty. After an hour of spirited, articulate argument, no team had a clear advantage. Then from the audience an elderly woman walked up to the table. The debate captains asked incredulously, 'Well, what do you have to offer? Is it half full or half empty?' The old woman quickly replied, 'It depends on whether you're drinking or pouring.' Then she sat down. Though the debate was still unsolved, the woman had offered something more important: a new perspective. We know and respect that some issues are non-debatable for the members here. But other decisions might be made easier when viewed from a fresh new perspective. Who will step up to the table? Amen."

SECTION 2.8. The first report required pursuant to G.S. 113-175.7, as enacted by Section 2.7 of this act, is due by October 1, 2006.

SECTION 2.9. G.S. 113-174.2(d), as enacted by Section 1.4 of this act, provides that the holders of certain lifetime licenses purchased prior to January 1, 2006, are exempt from the license requirement for engaging in recreational fishing in coastal fishing waters. The General Assembly finds that, because the holders of these lifetime licenses will be authorized to take marine resources from the coastal fishing waters of the State, it is appropriate that a portion of the revenues derived from the sale of these lifetime licenses should be transferred to the Marine Resources Endowment Fund so that the endowment investment income generated by the transferred license revenues will be used to manage, protect, restore, develop, cultivate, conserve, and enhance the marine resources of the State. The General Assembly specifically finds that this transfer of funds is consistent with the overall spirit, intent, and purpose underlying the creation of the Wildlife Endowment Fund and the Marine Resources Endowment Fund. Therefore, in accordance with G.S. 143-250.1(d)(3), the State Treasurer shall transfer the sum of three million four hundred thousand dollars ($3,400,000) from the Wildlife Endowment Fund to the Marine Resources Endowment Fund. This transfer shall be made in five equal installments of six hundred eighty thousand dollars ($680,000) on the first day of March in 2006, 2007, 2008, 2009, and 2010.

SECTION 2.10.(a) The Wildlife Resources Commission may disburse up to one million dollars ($1,000,000) from the Wildlife Resources Fund to implement this act.

SECTION 2.10.(b) The State Treasurer shall transfer a sum equal to the sum of funds disbursed pursuant to subsection (a) of this section from the Marine Resources Fund to the Wildlife Resources Fund on July 1, 2010.

The Wildlife Resources Commission is exempt from the contested case provisions of Chapter 150B of the General Statutes with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission.

If any check or bank account draft of any license agent for the issuance of licenses or permits shall be returned by the banking facility upon which the same is drawn for lack of funds, the license agent shall be liable to the Commission for a penalty of five percent (5%) of the amount of the check or bank account draft, but in no event shall the penalty be less than five dollars ($5.00) or more than two hundred dollars ($200.00). License agents shall be assessed a penalty of twenty-five percent (25%) of their issuing fee on all remittances to the Commission after the fifteenth day of the month immediately following the month of sale.

The Executive Director must make the impounded property, or copies of it, available to the licensee during the period of temporary suspension.

(f) If a hearing is requested, it is before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. The temporary suspension remains in effect until the hearing, and after the hearing may be rescinded or continued in effect, as the facts warrant, in the discretion of the Executive Director. A temporary suspension may not last longer than 30 days, but additional suspensions may be imposed if at the end of the suspension period the license agent is still not in compliance with appropriate standards, qualifications, and administrative directives. A license agent may at any time after a hearing appeal his suspension to the Wildlife Resources Commission.

(g) Notice of revocation or nonrenewal of the appointment may be sent the license agent in lieu of or in addition to temporary suspension. The notice must state the grounds for termination of the appointment and the license agent’s right to a hearing if he has not previously been afforded one. If the appointment is to be revoked, the notice must state the effective date and hour of revocation. If the appointment is not to be renewed, the notice must state that the appointment expires at midnight on April 30. If he has not been previously afforded a hearing, a license agent is entitled to a hearing within 14 days before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. After the hearing, the Executive Director, applying appropriate standards, must take the action with respect to the appointment as license agent that the facts warrant. If the Executive Director upholds the decision to terminate the appointment, a license agent may appeal his termination to the Wildlife Resources Commission. Pending the hearing and any appeal from it, the termination is held in abeyance, but no license sales may be made once the license agent's bond has expired.

(h) Upon termination of the appointment, the former agent must return to the Wildlife Resources Commission all record books, reports, license forms, moneys, and other property pertaining to the license agency, and must allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits required in terminating the license agency. Each day’s refusal after termination to return, upon demand, the record books, reports, license forms, moneys, and other property pertaining to the license agency is a separate offense. Each instance of refusal, after termination, to allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits during regular business hours is a separate offense. A violation of this subsection is a Class 2 misdemeanor. Before termination, violations by license
agencies are punishable under G.S. 113-135, subsection (d) above, or other provision of this Subchapter, as appropriate.

(4) No person denied appointment or whose appointment was terminated under this section is eligible to apply again for an appointment as a license agent for two years. Upon application, the executive director may not grant the appointment as license agent unless the applicant produces clear evidence, convincing to the Executive Director, that he meets all standards and qualifications and will comply with all requirements of statutes, rules, and reasonable administrative directives pertaining to license agents.

(5) The Executive Director or his designee holding any hearing under this section must keep a written record of evidence considered and findings made. Upon appeal to the Wildlife Resources Commission, the commission chairman or other presiding officer must cause such a written record of evidence and findings to be made and kept. Hearings and appeals under this section are internal matters concerning license agents of the Wildlife Resources Commission and are not governed by the North Carolina Administrative Procedure Act.

SECTION 3.3. G.S. 150B-1(e) is amended by adding a new subdivision to read:

"(e) Exemptions From Contested Case Provisions. – The contested case provisions of this Chapter apply to all agencies and all proceedings not expressly exempted from the Chapter. The contested case provisions of this Chapter do not apply to the following:

... (15) The Wildlife Resources Commission with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission."

(d) Any person who renders first aid or emergency assistance at the scene of a motor vehicle accident on any street or highway to any person injured as a result of such the accident, shall not be liable in civil damages for any acts or omissions relating to such the services rendered, unless such the acts or omissions amount to wanton conduct or intentional wrongdoing.

If the court makes this finding, the Division of Motor Vehicles shall revoke that person's drivers license for two years. Upon a first conviction only for a violation of subsection (a) of this section, a trial judge may allow limited driving privileges in the manner set forth in G.S. 20-179.3(b)(2) during any period of time during which the drivers license is revoked."

SECTION 2. Article 3 of Chapter 20 of the General Statutes is amended by adding a new section to read:

(a) The passenger of any vehicle who knows or reasonably should know that the vehicle in which he or she is a passenger is involved in an accident or collision shall not willfully leave the scene of the accident by acting as the driver of a vehicle involved in the accident until a law enforcement officer completes the investigation of the accident or collision or authorizes the passenger to leave, unless remaining at the scene places the passenger or others at significant risk of injury.

August 12, 2005

H.J.R. 1615 (Committee Substitute), A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF JOHN D. HALL, FORMER MEMBER OF THE GENERAL ASSEMBLY.

August 13, 2005
Upon motion of Senator Holloman, the joint resolution committee substitute is read in its entirety and, upon motion of Senator Holloman, the remarks of the Senators are spread upon the Journal, as follows:

**Senator Holloman:**

“Thank you, Madame President. I had the opportunity to work with Representative John Hall for approximately seventeen years. We served on the CADA Board together representing four counties and that is where I first met John. After leaving there, we served together as County Commissioners and we worked very closely together. Representative John Hall was a person of great conviction. He was a person that could argue with you all night, be against your decision and your opinion, but the next day he was still your friend. John made a difference in Halifax County in Northeastern North Carolina as being a man who was self-made and he proved to others that you could do it if you really put your mind to it and work hard. John worked hard to become the first black radio station owner in Halifax County and the surrounding areas and his radio station was very popular with all the people and this is one of the reasons that he got elected because he had a broad band of listeners. Most of them were Christian ladies in the morning and John in his very deep voice on the radio was very appealing to the people, very convincing. We said to you that John Hall was a person, also, that was concerned about what happened here in Raleigh with the General Assembly. He really loved being in the General Assembly, he loved working in the House, he loved intermingling with those of us in the Senate and today we have lost a great soldier and I just believe today that John is still trying to get some rules changed, trying to make a difference wherever he is and we believe he is in the great beyond. We commend this resolution to you. God Bless.”

**Senator Swindell:**

“Well, I’m going to take a different spin on this resolution of my friend, John Hall. John and I first met in the spring of 1982 when he was selling caskets and he traveled all over Eastern North Carolina and John called on the predominately, at that time, the white funeral directors. At first folks had said to John, ‘Well John, they are not going to buy your caskets.’ Well not only did they not buy his caskets, they stopped doing business with a lot of the other folks that supplied them with caskets. Then when I went with Tim Valentine in the Congressional Office, John would come to Washington. He would come to Washington with two or three folks and he would say, ‘Show me what’s going on.’ And I would take him into the Committee Rooms, we would go around back where all the Committee Members would sit and John would sit there sometimes for forty-five or fifty minutes at a time and he would say, ‘A. B., I like this.’ So finally, we stopped inviting John up because we were afraid he would run for Congress against Tim. I called up John one time and he answered the phone when he was running for the State House. He was on the air and as I listened to the radio as you hear the radio going, he picked up the phone and he said, ‘Hold on a minute. This is John Hall. John Hall Gospel live, John Hall. John Hall, anytime today you have a request, call John Hall. This is John Hall,

August 13, 2005
your favorite Gospel radio show. Thank you for listening to John Hall.’ So as he came back to the phone, I said, ‘John’, as brother Holloman knows, I said, ‘John, no wonder you don’t have any trouble getting re-elected.’ So he had his own audience and I must tell you two other quick things, but I don’t think this justifies any meter award for this because I must tell it because if he were here he would want me to. One night we were at a dinner in Spring Hope and we were sitting up at the head table and it was about ten-thirty at night. The meeting had run long and it was about thirty minutes from time that I thought it should have been called and I was ready to finish whether they were or not, but they had a little contest. A woman that couldn’t be there sent a hundred dollar bill and said that this hundred dollar bill was going to be for the oldest grandmamma present. So they started with every grandmother standing up and they recognized all of them and they went through the ages and the years and they got down to about eighty years old. They said okay you can sit down. Is there anybody over the age of 85? This one lady said that I am a grandmother, a great-grandmother, and I am 87. They said you come on down front and we will give you this hundred dollar bill. As the lady started down front, a woman jumped up in the back and said, ‘I’m 87 and I’m a grandmother.’ John Hall turned to me and said, ‘A.B. you got fifty dollars?’ And I said, ‘John, let me see, I don’t know.’ John stood all of a sudden and he said, ‘Well me and Senator Swindell, we are going to do the right thing and we are going to give this other women a hundred dollars.’ So as I started to leave I looked at my gas needle, I was in Spring Hope, which isn’t but ten miles from home. My gas was beyond empty, I had one dollar in my pocket and I stopped by a convenience store and I got one dollars’ worth of gas. I must say to you that John Hall visited my home frequently as Reverend Holloman knows that and one night Diane met us at the car as we pulled up in the driveway after Monday night session and Diane came out wearing a pair of pink shoes, green sweatpants, a blue sweatshirt, and a red bandanna around her head. John Hall looked at her and said, ‘I swear Miss Diane you are ready for Jerry Springer.’ But I must say this in closing. John Hall, I love you. You were a great inspiration to many of us. You knew him, those in this building. He always had a kind word for everybody. To his family and friends, we loved John Hall and I thank you, Senator Holloman, and those for bringing this Resolution forward. Thank You.”

**Senator Dorsett:**

“John Hall was one of the Commissioners in our respected counties. One of the things that I remember is that if you were standing many feet away you always knew of John’s presence both by his voice and his laugh. But he was certainly one to keep everybody happy during all of the county commissioner meetings and was very effective. But another part of him that I knew was when we had the terrible hurricanes and floods down in the Eastern part of the State and I remember Governor Hunt had all of us going down with our work clothes on. I never went to Halifax County when John was not there working and helping the people so that proved to me that he certainly was one of the servants who worked with the people on a daily basis, not just here in Raleigh because by

August 13, 2005
that time he was here, but back home as well. He was well respected, I never heard his radio station, but I certainly heard him talk about it. But John Hall was one who was a tremendous asset not only to Halifax County, but to the people of this State and I commend the resolution to you. Thank you"

Senator Albertson:
“Thank you, Madame President and members of the Senate. John was the kind of a person that once you got to know him you couldn’t help but like him. The connection that I had with John was through the music. I found out that he had a radio station so that kind of brought us together, I guess. I was talking to him about the radio station, telling him about a little record I had, a Gospel record. He said, ‘If you bring me a copy of that album I’ll make sure it gets played.’ So I got him one, I guess he did. But he was just a wonderful person. You couldn’t help but love John. Every time you saw him he had a smile on his face, like you were the most important person in the world and I will always remember him that way.”

The joint resolution passes its second reading (48-0) and third reading with members standing, and is ordered enrolled.

Pursuant to Senator Nesbitt's motion to adjourn having prevailed, the Senate adjourns at 11:59 P.M.

August 22, 2005
The Senate meets pursuant to adjournment and is called to order by The Honorable Beverly E. Perdue, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Some days, O God, we do choose the wrong battle and the wrong opponent. That truth is illustrated by the story of a grandfather and grandson's conversation while taking a walk together on an old country road. The boy turns to the old man and asks, 'Do you still wrestle with the devil?' The old man looked at his grandson and said, 'No, my son, I guess I'm too old and too wise for that. Now I just wrestle with God.' 'With God?' the boy questioned. 'Do you hope to win?' 'Oh no, my son,' said the grandfather. Limping off into the morning brightness, he smiled and said, 'I hope to lose.' So if we have to lose a battle, let it be with God. Amen."

Senator Basnight, President Pro Tempore, announces that the Journal of yesterday, August 22, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

Before we begin today's business in the Senate, we pray for all the people who are in the process of starting their lives all over again. We know that your presence is there with the victims O God, but we are also so grateful for the people of North Carolina and thousands of disaster relief volunteers who have been a presence, offering food, clean water, shower facilities and sometimes just a shoulder to cry on. The work in the Senate has always given energy and purpose when we remember the great people who reside in our State. Amen."

EDITOR’S NOTES

A number of bills and resolutions passed second reading and were read a third
time on the same day.

Rule 50 states:
No bill on its third reading shall be acted upon out of the regular order in
which it stands on the calendar, and no bill shall be acted upon on its third
reading the same day on which it passed its second reading, unless so
ordered by two-thirds of the membership of the Senate present and voting.

In order to comply with this Rule, no bill which has passed its second reading
is read a third time except:
(1) when a member moves that the Rule be suspended and this motion
prevails by at least a two-thirds vote of the membership of the Senate
present and voting, or
(2) when the Chair determines that there is no objection from any member
present, which constitutes unanimous consent that Rule 50 be suspended.
In these cases, the bill is read a third time and remains before the Senate for
further consideration.

The phrase “without objection” appears throughout the Senate Journal. Upon
a motion offered, this reflects a determination by the Chair that there is no
objection from a member present, which constitutes unanimous consent, for the
order of the Chair.

When a bill passes its second reading and remains on the Calendar for further
consideration, unless indicated otherwise the measure is placed on the Calendar
for the next legislative day in its regular order of business.

Rule 20(2) of the House of Representatives requires that “all measures
affecting a fee imposed by the State or any subdivision thereof” are classified
roll-call measures for the purpose of spreading the ayes and noes on the Journal.
Though the Senate Rules do not require the same, the Rule of the House of
Representatives is honored and the measures are considered as roll-call measures,
unless ruled otherwise by the Presiding Officer.

The Presiding Officer of the Senate rules in a number of instances that “the
bill does not require a call of the roll” or “requires a call of the roll.” The
ruling is made pursuant to the following citation which reads:
North Carolina Constitution—Article II
Sec. 23.—Revenue bills. No laws shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

-----------------------------

The numerical figures which appear within parentheses throughout the Senate Journal represent the affirmative and negative votes cast and recorded electronically, pursuant to Rule 25. Copies of the vote print-out are on file in the Legislative Library and the original is deposited in the Division of Archives and History of the Department of Cultural Resources.

Whereas, today, North Carolinians honor the incredible courage of the Iraqi voters who took part in the democratic election on January 30, 2005, to determine their own destiny; and

Whereas, the success of this election illuminates the hard work, dedication, and courage of the men and women who serve the United States military as well as the coalition forces who made this possible; and

These parting words are in behalf of an outraged, heartbroken, bruised, and bleeding, but God-fearing people, faithful, industrious, loyal, rising people--full of potential force.'; and

S.R. 220, A SENATE RESOLUTION TO ESTABLISH THE PROCEDURE FOR NOMINATING AND ELECTING MEMBERS OF THE BOARD OF GOVERNORS OF THE UNIVERSITY OF NORTH CAROLINA.

Be it resolved by the Senate:
SECTION 1. The following procedures for nominating and electing members of the Board of Governors of The University of North Carolina are adopted:
I. COMMITTEE RESPONSIBILITIES.

1. It is the duty of the Senate Committee on Education/Higher Education (hereinafter referred to as the "Senate Committee") to choose nominees for each opening on the Board of Governors of The University of North Carolina to which the Senate is to elect members.

2. The Senate Committee shall receive suggestions of proposed candidates for nomination for election to the Board of Governors of The University of North Carolina from Monday, March 14, 2005, through Friday, March 18, 2005. In 2005, the total number of positions is eight. In order for a person to have standing to be considered as a candidate for nomination by the Senate Committee, that person must be formally proposed as a candidate for nomination by a member of the Senate. Only a written nomination on a form provided by the cochairs of the Senate Committee for that purpose and received in the Office of the Senate Principal Clerk on or after Monday, March 14, 2005, and no later than 5:00 P.M. on Friday, March 18, 2005, shall constitute formal proposal of a candidate. Delivery of a nomination form by facsimile transmission shall not constitute a formal proposal of a candidate.

3. A Senator may propose candidates for nomination only for the openings available for election by the Senate. In the 2005 Session of the General Assembly, the Senate will elect eight persons for four-year terms.

4. On or after March 19, 2005, the Senate Committee shall list all proposed candidates for nomination. The Senate Committee shall screen the proposed candidates for nomination as to their qualifications and background and may interview each one to make sure that suitable persons are nominated. The Senate Committee shall ascertain that each candidate for nomination is willing and able to serve and has no statutory disability. On completion of the screening process, the Senate Committee shall conduct a vote to ensure that the slate of legally qualified candidates lists no more than twice the number of candidates for the total seats open.

5. The cochairs of the Senate Committee shall ascertain whether the nominees for election by the Senate would serve if elected. Any nominee may withdraw without the approval of the sponsor.

6. Senate Committee nominees shall be placed before and recommended to the Senate for election.

II. ELECTIONS IN THE SENATE.

1. A ballot shall be prepared under the supervision of the cochairs of the Senate Committee for the use of the Senate.

2. The ballot shall list only the names of those nominees proposed by the Senate Committee who have consented to run and for whom the Senate is entitled to vote. Their names shall be arranged alphabetically by surname.

3. The Senate shall hold its election no later than the beginning of the daily session on April 6, 2005. Before the voting begins, one of the cochairs of the Senate Committee shall explain the voting rules, which are:
   (a) No nomination shall be received from the floor.
   (b) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting.
(c) Each member present and voting shall vote for as many nominees as there are positions to be filled, and any ballot not so marked shall be deemed void.

(d) If fewer than eight nominees receive the votes of a majority of all members present and voting, a runoff to fill the open position or positions shall be conducted among the nominees who were not elected but who received the highest numbers of votes cast; and the number of nominees eligible to be voted on in the runoff shall be twice the number of positions to be filled.

(e) If there is a tie for the last position between two nominees who are eligible for the next runoff, both nominees shall be included in the next runoff balloting, even though there would be more than two nominees per available position, unless the deciding vote is cast in accordance with the North Carolina Constitution, Article II, Section 13.

(f) If more than eight nominees receive the votes of a majority of all members present and voting, then the eight nominees receiving the highest numbers of votes shall be deemed to have been chosen.

4. The Senators shall proceed to mark their ballots for eight persons, for four-year terms.

   Every ballot shall be signed by the Senator casting it, and no unsigned ballots shall be counted.

5. The cochairs of the Senate Committee shall be responsible for canvassing the vote and declaring the results. All ballots shall be retained by the Principal Clerk as part of the permanent records of the Senate and shall be open for immediate public inspection.

6. When the cochairs of the Senate Committee have determined that the Senate has chosen eight persons to serve as members of the Board of Governors for terms of four years, the President of the Senate shall declare those eight persons to have been elected.

7. The results of the election in the Senate shall then be sent by Special Messenger to the House of Representatives.

III. NOTIFICATION OF ELECTION RESULTS.

When the election process is complete, the cochairs of the Senate Committee shall notify the Secretary of the Board of Governors of The University of North Carolina of the names of the persons elected by the Senate and of the term for which each person was elected.

SECTION 2. As used in this resolution, the term "cochairs" means the cochairs of the Senate Committee.

SECTION 3. This resolution is effective upon adoption.

Adopted May 11, 2005 (See page 543.)

ALPHABETICAL INDEX

The North Carolina General Statutes titles form the basis for the Alphabetical Index. Following each bill title, the last action or the present status for the bill is reflected. For example, a ratified bill is followed by its Chapter Number in the 2005 Session Laws. Bills which are included in whole or in part in other measures are reflected as such, if known.

Bills dealing with funds are indexed under Appropriations. Local bills are indexed under the counties which are affected.

Bills and resolutions introduced by a specific Senator are found under the Senator's name and are noted as to whether or not the Senator is the primary sponsor or a co-sponsor.
