Prayer is offered by The Reverend Dennis P. Levin, Ayden United Methodist Church, Ayden, North Carolina, as follows:

"O God, You created this fair earth and set us here to tend it. You gave us the law that we might do it well. You are the author of our freedom and our mentor to treasure it. We marvel at your trust in us and are grateful for your continuing desire to help us overcome our imperfections. All that we have done and all that we intend to do is known to you. You know our choices and the consequences we cannot anticipate. Therefore, help us in our deliberations to listen to your voice. For it is not the voice of special privilege, nor the voice of malice. In your counsel are grace and justice, wisdom and righteousness. Be with this Body in a season of trial. Let each member set aside temporal loyalties for the good of the citizenry of this great State. May the debates be honest and devoid of manipulative antagonisms, the pettiness of privilege and the tyranny that majority can sometimes impose. Let us not forget the sacred oath we have taken, for the constituents we represent are the children of your creation. We are accountable to them and to the God who loves them. Our responsibility is commensurate with our power. Let us, therefore, proceed with the humility of servants, knowing that without your guidance, we shall surely fail. This we pray in the name of the God who loves us all. Amen."

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, the stress of hammering out our State's budget was evident in Senator Garrou's quote this morning in the N & O that if the budget isn't decided by the new deadline, she might drop dead. Well, I don't see her here, but we want her to know that we are praying for her and for Senator Basnight who leads all our conferees. Sometimes we do earnestly pray that 2 and 2 not equal 4 because no matter how hard the math, when the numbers and the bottom line are

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Eternal and liberating God, your hand has made and preserved our Nation. Allow us to fully appreciate what we will celebrate on our Country's birthday Saturday at parades, picnics and fireworks displays. Grant that the blessing of freedom, which was purchased at a tremendous cost and which we are privileged to enjoy in such an abundant measure, may always be coordinated with the spirit of self-discipline. Remind us that liberty, justice and equality are not goals already achieved, but tasks yet to be fulfilled. George Washington, in his farewell address, proclaimed that religion and morality are indispensable to our National greatness. We pray never to subvert or do away with those sacred principles. We pray in your holy name. Amen."

"Dear God, this afternoon the few of us here have the opportunity to pray for all the Senate family, even the entire Legislative family. So we pray for answers to the differing opinions that still exist regarding the budget. "Dear God, the Israelites had been in exile from their land too long, held captive by the Babylonians. They were ready to go home so they prayed to you July 7, 2009
urgently for help. But instead of being released by their captors, they were encouraged to be patient by the Prophet Isaiah. Isaiah reminded them that God's timing is not always our own when he wrote: 'Have you not known, have you not heard? God does not faint or grow weary; His understanding is unsearchable. He gives power to the faint and strengthens the powerless. Those who wait for the Lord shall renew their strength, they shall mount up with wings like eagles, they shall run and not be weary, they shall walk and not faint.' Help us all to find encouragement this week in that powerful portrait of your availability to be with us. Amen.'

The Chair grants leaves of absence for today to Senator Kinnaird and Senator Stevens.

"Eternal God, I heard a preacher, a friend who had left his sermon manuscript at home, step up to his pulpit and say, 'I'm going to have to rely on the inspiration of the Lord today, but I promise to do better next week.' Unintentional or not, we would also like to go on our own sometimes. With sixty-four bills on the Calendar today, we stand unashamedly in need of prayer and your inspiration. Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear Lord, we pray today's prayer in memory of Senator Vernon Malone, whose life was a sermon to us. I can almost hear him praying this way. We pray, O God, that you will fill this sacred minute of prayer on today's Calendar with meaning. Refresh our souls from the noise and clatter. Clean the windows of our vision. Recharge the batteries of our spirit. Sometimes we need less talking and more thinking. Less work and more worship. When we are too busy to pray, we are far busier than we have any right to be. Through your spirit, who is waiting to lead us we pray. Amen."

S.J.R. 1106, A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF VERNON MALONE, STATE SENATOR.

Upon motion of Senator Rand, the joint resolution is taken out of its regular order of business and placed before the Senate for immediate consideration.

Upon motion of Senator Dorsett, the joint resolution is read in its entirety and, upon motion of Senator Weinstein, the remarks of the members, are spread upon the Journal, as follows:

Senator Dorsett:

“You just heard in the resolution a lot about the accomplishments of Vernon Malone during his life and when thinking about what I would say to you today about my friend, or our friend, and our beloved colleague, there are several things that come to mind. Vernon was a very caring person. He took the time for all of those who sought his advice. Vernon had many loves in his life. He dearly loved his wife, Susan. He loved his family and his grandchildren were very special to him. He talked about them all the time. He loved his church and he was very active in his church. He loved his community and as you heard from the resolution, he was heavily involved in his community. Vernon loved being a public servant and most of all he loved being a member of this Body, the Senate. Vernon was a public servant in the very best sense. He spent his entire life in service to his County, this State, and the Nation. There are those who run
for office for recognition or just for power, but not Vernon Malone. He ran for
office to serve and, indeed, he served his entire life to make sure that every child
receives a solid education, to make sure that every generation is better off than
the one that comes before it, to give everyone, regardless of where you came
from or what you looked like, an equal opportunity for success. Vernon worked
tirelessly for over fifty years to achieve these goals. None other than Gandhi
said that ‘The best way to find yourself is to lose yourself in the service of
others.’ That sounds like Vernon Malone to me. There are few people that I
have met who are so comfortable with who they are and what they are doing.
Those of us who knew him well know that he was always working. He spoke
softly, sometimes unassuming and we recognize that. But you couldn’t let that
fool you. Sometimes he’d surprise all of us with that booming voice that you
forgot that he had. You knew if you heard that voice you’d better stop and listen
because he meant it and he was right. Vernon and I sat together from the very
beginning of our tenure here in the Senate in 2003 and there are just so many
memories. He, Jeanne Lucas and I sat back here together and one of the things
that I remember the most about Vernon as he was telling me something, he’d
start pointing at the person he was talking to and I always hit his hand and he’d
say, ‘be quiet.’ So, he said that’s what Jeanne always said so there are many
memories but that one sticks out in particular. I miss him everyday and I know
all of you do, too. His life was certainly cut short when there is so much more
work to do and so much more to live for. Now, more than ever, we need his
wisdom and we certainly need his sense of humor. But we can be proud that we
had the honor to know him and to learn from him and to serve with him. Our
State is a better place because of Vernon Malone and to his family and friends,
thank you for sharing him with us. And to Vernon, thank you. We love you and
God loves you, too. I commend this resolution to you and ask for your support.
Thank you.”

Senator Swindell:

“Ladies and gentlemen of the Senate and to the family and friends I see in the
gallery of Vernon Malone, on April 18, I’ll never forget that Saturday morning
when I got an early morning call from Amy telling me that we had lost Vernon.
Shortly thereafter I had another call from Senator Basnight. Vernon Malone and
I were friends before I came to this Body. Many years ago we became friends
and I often thought about Vernon as he lived not after his death, but what made
him tick and what made him the person that he is. We talked about how as a
child growing up he could not go to the Olivia Raney Library in Raleigh and he
could not go to places where a lot of white people could go. Yet, he was a man
whose parents encouraged him to get an education and to work hard. One night,
Mr. Basnight and myself and Vernon went to Greensboro and this was not long
before his death. We were talking about the presidential campaign and Mr.
Basnight, as he does to all of us, he challenges us in many ways and he asked
Vernon to talk about what it was like growing up as a young black at the time he
came along and he talked about what he had, not what he didn’t have. As I
served as a Co-chair of Education with Vernon Malone the one thing that I had

July 9, 2009
said to Vernon face-to-face many, many times and I’ve said this to Don Davis sitting beside me before about Vernon and others, he cared so deeply about his people. He cared so deeply about the African-Americans, not only in our community, but throughout this Country and throughout the World. But it was not just about African-Americans. Now, he held that up here but right there beside it was for all races and all people. He believed in what he did and every day I would see Vernon we would have a little code between ourselves. I would say ‘Yo’ and he would say ‘Yo’ back to me. I miss Jeanne Lucas calling me Sweeney for years and years and I miss Vernon and our ‘Yo, Yo.’ But when we would sit down to look at bills in this Body, he didn’t look to see if they were introduced by republicans, he didn’t look to see who introduced them. He would ask staff, what does this bill do and do we need it. On Monday morning after his death I went over to his house and I sat down, I don’t know if it was the chair Vernon was sitting in or not, but I sat down in that white chair there beside the back door and read my News and Observer. I took a bag of fruit over there and put by the door that I know you got later. But I sat there because I was trying to vision myself what it was maybe Vernon was thinking about that morning and I will bet you it had to do with what he could do for somebody. So I want to thank you for allowing me to speak on this resolution. Vernon Malone will long be remembered for many reasons but to take a short sentence from Shakespeare, ‘He was my friend, faithful and just to me.’ Thank you.”

Senator Albertson:

“Members of the Senate, in all the words that have been spoken I think have described Vernon so very well and I find it hard really to find the right words and combinations to really describe to you how this man came across to me. He was such a wonderful, caring, generous, loving person. I always knew that Vernon loved me and I think he knew I cared deeply for him. But he had so many good qualities that it’s just hard to describe all of them to someone. But, Senator Garrou, I will never forget the morning that we were in Room 605 and we, of course, were debating the budget. The committee had come in and had given us their recommendations, and as Vernon started to leave the room, you said to him, ‘Well, Senator Malone, be on standby. We might be calling you back this weekend for some work.’ And, without saying a word, without cracking a smile, he said, ‘Well, the battery is dead,’ meaning, that we couldn’t reach him. Then he had that little ole’ pretty smile and little chuckle, unlike anyone, I think I have ever known. I was privileged to be down in this section and I got to speak to Vernon almost every day but I will always remember him for his kindness, his goodness, and that little special smile and chuckle that he had. He was a wonderful human being.”

Senator Garrou:

“I loved Vernon Malone. You know, when you get to be an old lady like I am, you appreciate nice things that are said to you and he used to write me mash notes, that’s what I called them, because that’s what I called them when I was in school, mash notes! He would write me silly things about, you know, he liked
that outfit or he did this or that and he had beautiful handwriting and I’ve kept all those notes because I think they’re so much fun. After Susan died, I learned that his favorite fruit was apples and so for the first month or so after Susan died I would carry some apples to his office to put them in there and just leave a note and tell him I loved him and that those apples were from Susan and that she was thinking about him. He was such a gentleman. He was a lovely, lovely man and we will miss him terribly. I urge you to support this resolution.”

Senator Blue:

“My colleagues, you know Vernon was a native of Wake County and those who’ve followed Wake County over the past 20-30 years know that that is sort of a rare thing. In thinking about a few minutes ago the comments that would be appropriate about Vernon, I was reminded of the story from Mark 6 beginning at Verse 1 where Jesus came back to his hometown and started trying to heal and trying to teach and trying to do the things that he had done everywhere else and because of the skepticism and folks saying, you know, just a carpenter’s son, just a common fellow, why should we believe this stuff that he says or that we see him do. We get that famous quote that ‘A prophet is not without honor except in his hometown and among his own relatives and in his own household.’ I think about how Jesus was perplexed and vexed by that. But, you know, Vernon didn’t have that problem. I’ve known Vernon and Susan since 1973 and he and Susan were dear friends of Earle and me. We were political friends, social friends, and however you might measure it. Vernon was instrumental in my getting involved in politics in Wake County. But let me share a particular story with you about why Vernon was not an unappreciated prophet in his home town. In 1974, Wake County and Raleigh were basically butting up against each other with our school districts - a city school district that had city out rules which means the city had begun to grow but all the new areas that were annexed to Raleigh were in the county school system, a recipe for choking the life out of the city school system. The voters of Wake County had it put to them in a referendum and voted by greater than two to one against merging the Raleigh and Wake County school districts, two to one! Now, what sensible politician in the face of those kinds of results would still plow on? Well, fortunately, Vernon, on the Raleigh City School Board along with his colleagues on the Wake County School Board pushed on because they could see the future and realized what merging this school district would do for this County and do for this State, as a matter of fact. And so, in 1976, the legislature, 1975, effective in 1976, the legislature, both House and Senate, with a resolution from the city and county school boards against the wishes of the overwhelming majority of the population, merged this school district. I don’t need to tell you what happened to Wake County and this little area of the State as a result of that. Last year, Wake County was the 18th or 19th largest school district in the Country. It’s the largest school district in North Carolina with over 138,000-140,000 students and, by most measures, most objective measures, in fact, all that I’ve seen, Wake County is consistently rated in the top five large school districts in this Country. We have some challenges still in this County but many of you saw

July 9, 2009
some of the recent articles on the performance of our kids compared to other school districts in the State, other large school districts in the Country. It was phenomenal and that was partly brought about because of Vernon’s ability to play prophet in his own land, to have a vision of what the future could be if we did the right thing. Let me tell you one other point that I would bring to you. You know, many that I could, but one other that I would point out specifically to you. In the early 1990’s, we chose, that is, the County Commissioners, the residents of Raleigh primarily and Wake County, chose to go about attracting people to this area in a much more aggressive way than we had done, both for economic development as well as recreational activities and we chose to put an occupancy and food tax on the residents of this County. It was not very popular when it was done but the County Commissioners, led by Vernon Malone as the Chairman of that Board, hunkered down and even with serious opposition within the Commission, asked us to do that special tax. We passed it as a General Assembly but I will tell you it even failed in the House. Charlie, you were there. It failed in the House and at one o’clock in the morning when we had those marathon sessions, it was resurrected with Vernon Malone participating and convincing members it was something that we ought to do. I mention that to you because you see the results of it now, a tax that generates millions and millions of dollars per year and has generated over hundreds of millions of dollars for facilities around this County, RBC Center, Convention Center where we had a reception earlier this year, parks for soccer, Mudcats Stadium, and all of these recreational facilities across this County and cultural arts activities, that have received hundreds of millions of dollars because, first, Vernon had a vision, and secondly, he had the courage to help implement that vision. I will tell you, my friends, you, in life rarely have the opportunity to rub shoulders on a daily or at least weekly basis and talk about things that really matter for the future with someone of Vernon’s caliber. I feel fortunate to have been able to do that and I think that all of the members in this Chamber have been especially blessed to have served with Vernon, to witness firsthand his passion in education. But I share with you his passion across a broad range of issues. In closing, each Christmastime before Susan got sick, Vernon and Susan would have a dessert party and if you wanted to see what Wake County really looked like, if you wanted to see what healing communities looked like, and the conversation that occurred at those dessert parties around Christmastime, then you missed the greatest opportunity by not being at Vernon and Susan’s party during the Christmas holidays. Mr. President, I commend this resolution to you and proudly sit in the seat that Vernon Malone occupied so admirably in this Chamber.”

Senator Jenkins:

“As my friend would want me to be, I will be brief. Everyone has always heard several things, don’t judge a book by its cover, don’t reach a conclusion on a first impression, and I can tell you Vernon Malone contradicts both of these old pieces of wisdom. The first time I ever met Vernon was in Chapel Hill at the freshman legislative training sessions. When I walked into the room and
saw that white-haired gentleman, I knew he had a lot of experience and lot of wisdom. He never proved that not to be the case. Vernon was always available to give me any help and advice I wanted. We will all miss him and I commend this resolution to you. Thank you very much.”

**Senator Stein:**

“Senator Stevens couldn’t be here today and so he asked me to read a short statement that he had written and before I do that I’ll offer my own personal words. Although I had known of Vernon for many years, I didn’t have the opportunity to meet him personally until last year through my campaign and then joining the Senate this year. He was everything that a rookie Senator would want a veteran Senator from a home county to be, advising me on matters large and small. When we had our first caucus meeting over here in Senator Soles’ office, when I walked in I had no idea of what the protocol is, where I was supposed to go. Vernon immediately pulled me over and sat me down right beside him so I had my place and he explained to me, whispered in my ear what was going on and when I should be quiet! He also advised me occasionally on what committees I should sit in, and he would pull me over and whisper in my ear on matters, policy or political. He was great. Vernon was a gentleman, he was a steely gentleman. We in Wake County owe some large measure of our good fortune to Vernon Malone. We’re routinely one of the fastest growing counties. We have so many large and successful businesses and a substantial factor in Wake County’s success is the quality of our public school system. As Senator Blue noted, Vernon was a major advocate for unifying the city and county schools at a time when not everyone saw the wisdom in doing that. He believed strongly that our schools should remain strong and that they should not become re-segregated so I’m grateful to Vernon for the personal grace he demonstrated to me and to others and for his leadership in helping to make our community and State what it is today. And now I’d like to read you all what Senator Stevens wrote in memory of Vernon Malone.”

**Senator Stevens (read by Senator Stein):**

“Mr. President and members of the Senate, I regret very much that I am unable to be with you today as the General Assembly honors the life and memory of my dear friend, Vernon Malone. I had the honor and privilege of knowing and working with Vernon for over twenty-five years. He was elected to the Wake County Board of Commissioners in 1984, the same year I became County Manager. We worked together on dozens and dozens of difficult and challenging issues and I learned so much from him. He was truly a dedicated and outstanding public servant. While I worked with many County Commissioners and several board chairs, somehow Vernon and I developed a special bond like no other. We shared our dreams, our hopes, and our desires for a better community, and yes, we sometimes shared our frustrations. Throughout all the years of working together in Wake County, I looked to Vernon for guidance, inspiration and vision, but most of all, I valued his friendship. In one of life’s ironies, Vernon and I both decided to run for the

July 9, 2009
Senate in 2002 without even discussing our plans with the other. When we were elected it was a joy and privilege to once again have the opportunity to work with Vernon. He was that steady rock of reason, a man who cared so deeply for his County and his State. You never doubted where Vernon Malone stood on the importance of education and the responsibility the State had to care for those less fortunate. Vernon was often a man of few words but each word he spoke was significant. If you listened, you learned. Wake County and North Carolina lost a significant leader on April 18 of this year. This Senate lost one of our finest members ever. I, like so many of you, lost a dear friend. To Rob, Barry, Laverne, and the entire Malone family, thank you for sharing this great man with us. As it is written in 2nd Timothy 4:7, Vernon Malone fought the good fight, he finished his course, and he kept the faith. God bless you, Vernon. I miss you every day but your legacy will live on and on. I commend this resolution to you.”

Senator Purcell:

“I first got to know Vernon Malone when Vernon, Charlie Dannelly, A. B. Swindell, David Weinstein and Senator Rand and I took a trip to Taiwan. I found out that was a trip that Senator Weinstein smuggled a concealed weapon on Air China. He carried this rather large pocket knife and they identified him as a dignitary from America so they let him carry this pocket knife on Air China and we all could have been arrested! Anyway, I got to know Vernon pretty well then and what a quality guy he was. But I really got to know him after Bill Martin died and Senator Malone and I were appointed Co-chairs of Health and Human Services Appropriations until Senator Basnight, someone above my level, saw fit to move him to Education. In Health and Human Services, I really got to know his concern for the poor, the downtrodden, the elderly, the Medicaid patients, and all those people who needed help. He was just such a sincere guy about his concern for those people who were less fortunate than most of us here in this Senate. I will never forget him for that and it was a pleasure to have an opportunity to work with him.”

Senator Foriest:

“Unfortunately for me, I didn’t know Vernon Malone before I became a member of this Body. Since that time, though, I’ve had the privilege to know him and to learn from him and I have been impressed with his passion for life, with his love of this Body, this Senate Body, and his desire to better everyone through education. Now, I learned a lot from him and much of what was said was unspoken. Much of it was based on what I saw him do, the respect that he was able to garner from the people who were around him, but I learned from all of that and it has helped make me a better person. Now, how well I learned my lesson, I suppose time will tell but it had nothing at all to do with the teacher. He did his job and he did what he was supposed to do. He taught me that education and service to others are the keys to success and I think he did everything within his ability to ensure that everybody else understood that. There probably isn’t much that I can add to what has already been said. Most of
you have known him a lot longer than I have and you’ve shared from his wisdom a lot longer than I have but I can say that he has been a tremendous teacher, a tremendous inspiration, a tremendous example to anyone who has seen or worked with him. I just want to thank the family for sharing him with us because that meant he took time away from you, but it was not time that was ill spent because I think this Body, this City, and this State, are better off because of Vernon Malone. I want to thank you, Vernon Malone, wherever you are, for sharing a life well-lived and I commend this resolution to you.”

Senator Dannelly:

“Ladies and gentlemen of the Senate, I wish I could remember when I first met Vernon Malone. I know it was long before I came up here in 1994, but I didn’t really get to know him until beginning my service in the General Assembly and I would see him operate throughout Wake County. Vernon Malone is a longtime friend of one of my fraternity brothers, Chairman Harold Webb of the Wake County Commissioners, and from time-to-time they would have lunch up here. Now, Harold is an Omega. He belongs to Omega Psi Phi fraternity and so do I. Vernon belongs to Alpha Phi Alpha fraternity and when the two of them are together they would do something that’s hard to understand. Harold, in Vernon’s presence, would act like an Alpha and Vernon would act like an Omega and I just couldn’t understand that! They are long-time friends. Vernon was not braggadocious about himself and reading this resolution you can see how well he kept things to himself. Vernon rubbed shoulders with the richest and the most powerful people in Wake County and this State, yet you couldn’t be under the ground and need help and let Vernon know because he would help you. There was one experience, and I don’t think the member would tell you, but Vernon told me that happened. When Susan was going through her sicknesses, Vernon tried in all his power to find ways and places to seek relief and a member of this Body was so impressed with his association with Vernon that he came to him and said that no matter where you need to take Susan, even out of this State, if it’s a distance, let me know and I will fly you there. That’s impressive to someone from a different party, but that’s how Vernon affected people. There are many more things I could say about Vernon. One thing I will say that we all know, Vernon never met a stranger, never, and he would always lend a helping hand but if he didn’t like something, you found out and if he gave you his word, you had a friend. I’m so thankful that I had an opportunity to work with and to know this wonderful, wonderful man. I miss him every day. One other thing I’ll say. We all have experience but when you have something that’s good, if it’s a sermon, if it’s an association, or whatever it is, it seems to end too soon. Seven and plus years that I have worked with Vernon here seems like seven plus months. That’s how quick it was because the association was so enjoyable. I say to you, support this resolution.”

Senator Apodaca:

“I think everybody in here knows that Vernon and I had a special relationship. He and I came through what I think is the finest freshman class we’ve had in this Senate in many, many years, especially since then. I was up

July 9, 2009
this morning about 5:30 sitting out on my porch trying to think about what to say today and all I could hear was Vernon saying, ‘Please, don’t say much. Get this over with and get on with the business of the State.’ But, there are a couple of things I’ve got to say, and it’s something that I’ll always remember Vernon for and that was his relationship with my wife, Lisa. The first time my wife met Vernon Malone she said that is one of the most handsome men I’ve ever seen in my life. Oh Lord, Vernon loved that and he played on that! I’ll tell you, when Susan passed, I really kept a close eye! But anyway, Vernon and Lisa would have telephone conversations. As you know, Lisa taught third grade for many, many years. Lisa had quite a few at-risk students in her class that she tried to reach out to and a lot of times she would have problems with that and needed advice and she would turn to one of my favorite people that was in this Senate, Jeanne Lucas, and Vernon Malone and they were both there for her to give her advice on how to reach these children. Both of them volunteered to come up there and meet with these children. That’s the kind of people that are in this Senate. I could go on and on about Vernon but he knew how I felt about him and I knew how he felt about me. But when I was sitting back here listening to the words spoken about Vernon and listening to him saying, all right, enough already, sit down, I thought of the words of Dr. King in his famous speech that we should judge, and I’m paraphrasing, we should judge a man by the content of his character. I don’t know of a measurement that can accurately describe and measure the content of Vernon Malone’s character. I recommend this resolution to you.”

Senator McKissick:

“So many kind remarks have been made about Vernon Malone and he deserves every one of them, one of the few people that I can say that I’ve known over the years. I knew Vernon by reputation before I met him. I was serving on the City Council in Durham for about eight years beginning back in 1993 and he was a County Commissioner in that same time frame. I knew of him but had not met him until I joined the Council and we served on the Triangle J Council of Governments Board as delegates and attended many, many meetings together with over forty other members that served on that Board, units of local government. The thing you could always know about Vernon is that when he came there he brought an archive of information with him, a wealth of knowledge, a wealth of experience, and he was very passionate about so many issues affecting not just Wake County but all of North Carolina, how we were working together and how we needed to work together. When it came to issues that would affect us in the Triangle, he was committed to resolving those. When it came to openness in government, he understood the imperative need for it. When it came to issues of education and transportation, he was particularly knowledgeable and brought a lot to the table. I gained a great deal of respect for Vernon from those years that we worked on the Triangle J Council of Governments together, but more importantly, when I began working here in this Senate and joined this Body. He was one of those people you could go to, one of those people you could confide in, one of those people that you could rely upon to share with you his thoughts and his perspective and his wisdom on

July 9, 2009
things. Most recently, we had worked together in trying to come up with perhaps private resources of getting together funds to do a documentary that would help people understand the Wilmington Race Riots back in 1898 and to see how we could likewise get some component about that into our public schools’ curriculum because it didn’t look like we had much chance in the budget. Vernon understood why there was a need for that, to understand history, to understand from where we had come, to understand and make sure that the generations to come had an appreciation for that. Vernon, most importantly, was somebody with impeccable character, someone whom you could rely upon, someone you could trust, someone who brought to us all a wealth of knowledge that I think this Body benefited from. To his family, to his friends, to those of you who knew him better, to those of you that allowed him to serve and contribute his time, we thank you all and to Vernon, you can know that there’s a special place in Heaven for those who have served and been as passionate and committed to the lives and richness of others as you have been.”

Senator Rand:

“Mr. President, ladies and gentlemen of the Senate, Vernon and I were both products of rural Wake County. Vernon was older than I, of course, but we came along at a time when the world was really different than it is now and we talked about that a lot. I always thought that Vernon was one of the most forgiving people because I know that I could not have dealt with all of that the way he did. He never looked back, he always looked to the future and he always believed in the best of things. For that, I was always thankful because he certainly was helpful to me in understanding all about that and where we are now but more importantly, where we need to go and so he was a great friend. But the great thing about Vernon, it was always such a good time just to be with him. He understood the humor in things, he loved to laugh, he had a great laugh and he loved just to talk about foolishness and just about what life is really like. On that great fact-finding mission we did in Taiwan, you know, when you go to these places, whenever you meet with these officials, you have to give them a present. We were in some town there meeting with the Mayor and we had run out of presents and we didn’t have anything to give that guy. Senator Swindell had some cufflinks and I don’t know if they were of Wake County or North Carolina or something so Vernon and I took A. B.’s cufflinks and gave them to this Mayor on behalf of the State of North Carolina! He thought that was really funny and that was really funny! If you were going to pass important legislation, if you were going to go fishing, or you were going to climb a tree, you wanted to do it with Vernon. Thank you.”

Senator Atwater:

“Senator Malone was indeed a man of few words and, therefore, when he spoke to you a word or two or three, and he did to me in the early years of my coming to this Chamber, I remember those words of encouragement in particular and that he was scarce and brief with his words. I took him to be a deep thinker and when he spoke, it was very evident in his comments that he was and the

July 9, 2009
weight of his substantive comments were enriched by deep personal experience and wide professional experience. He had the gift of personal courage to accompany his convictions, to be able to stand up in whatever type of audience he might be in and express his convictions and that made him especially influential. I want to read to you a letter that was addressed to our President Pro Tem, Senator Marc Basnight, April 21, from a neighboring county, Lee County, that I’m privileged to represent, and it goes as follows:

‘Dear Senator Basnight:

During last night’s meeting of the Lee County Board of Commissioners, the Board unanimously asked me to send a letter of condolence to the North Carolina State Senate for the loss of Senator Vernon Malone. Over the years, many of the Commissioners of Lee County had the opportunity to meet Senator Malone and were touched by his work on behalf of the citizens of North Carolina. Senator Malone’s civic career is an inspiration to all that knew him. His leadership during the school consolidation in Wake County stands as his legacy to generations to come. Standing up for what is right is not always easy. In difficult times, strong leaders such as Senator Malone have stood up for those who could not do so for themselves. For almost forty years he has fought for diversity in our schools and in our communities. His fight has made North Carolina a better place to live for all citizens. We know that the Senate will miss Senator Malone’s leadership. All of North Carolina will miss his ability to steer our politics towards what is right. We offer our condolences to his family and to the State for this loss. The Commissioners asked that this letter be part of any official record in the State Senate which honors the life and accomplishments of Senator Vernon Malone.

Sincerely,
John A. Crumpton
Lee County Manager’

The last words I would like to make are more on the light side. Each time I would invite Senator Malone to come to a fundraiser, he responded each and every time and he would be introduced as the ‘long-term Wake County Commissioner’ and I mean this in a positive way, with all these Wake accomplishments, you know, very ‘Wake-centric’, and this is important for the last comments that I’m going to make. I hardly knew Senator Malone when he came to these fundraisers. He was the life of the party! Everybody enjoyed him and everybody wanted to talk to him. In his closing remarks, he made some mighty positive comments about me and I surely appreciated that and he said, you know, and this was in Pittsboro by the way, he said, ‘You know, this is a gathering that has such a nice feel to it and I’m just so pleased to be here.’ He said, ‘I really need to come more often. You know, I’ve never really been to Western North Carolina!’ I commend the resolution to you.”

July 9, 2009
Senator Soles:
“Mr. President, ladies and gentlemen of the Senate, I’ll be brief. Vernon Malone and I became very good friends. We used to sit around and tell what I call war stories about how times have changed and our experiences in politics. We’d talk about when I began in the House of Representatives in 1969 there was one African-American there, none in the Senate. How there was one female in the House, two in the Senate, how over a period of time as he worked in local government and Wake County and how I served here how things have changed for the better. He was a dear friend. You might remember that a year or so ago the News and Observer followed me around for a month. I thought my career was coming to an end because I didn’t know exactly what it was but they did this big front page article about me and went over into another page and about a week or two or three weeks later I got a call in the office from Senator Malone and he wanted to know if he could come visit me. He came in and when he came, he had that article framed with a nice frame and a glass and it was about as big as one of these portraits around here and I have it in my office in Tabor City and think of him every time I see it. I thought about bringing it down here but I thought I’d get too much kidding about it if I put it in the Raleigh office so I see it at home but I thank him and his family for the contributions they’ve made and I’m thankful for the personal benefits that I received.”

Senator Basnight:
“Members of the Senate and to the family, I can see now in real life Vernon and Susan in Sam’s Club on Saunders Street in Raleigh. They were in the corner looking at something on the shelf and the love was very evident that he cared for her so much. It was at a time when life was declining as we see it today. That was occurring with me as well. I had a shopping cart and I had some beer and wine in the cart. I pushed the cart over to speak to Vernon and Susan and when I did Susan looked in the cart and I thought for a minute, ‘Oh, my goodness, if I could have only covered it up with ham and cheese or bologna, or something but no, it was not to be done!’ I looked at Susan and I told her this is for the rowdy members of the Body that Vernon and I serve in. Well, needless to say we laughed but then we talked about life. We talked about the people that would come into this big supermarket and what their reason was and their needs in life. But in general we hugged and we then connected in a different way, my wife to his wife, and he to me, and what life had for us and what it meant. From there, Vernon and I would chat about Susan and the family and I fully realized that time was ending for both of our wives. I knew what Vernon was giving and what was occurring. I knew as everyone in here has said, he was a loving, caring, giving individual and he cared for others more than he did himself. He made life better for the people in the mountains, for those of us on the coast, and everyone in between. Vernon touched all of us because of the way he lived life. We would go into caucus and A.B. and Vernon would sit next to each other and Ed Jones would be on the left, me on the end, and Tony to my right. Someone would get up for my friends on the back row like Floyd McKissick and he would talk for the greatest length of time. Vernon

July 9, 2009
would shuffle his feet and squirm in his seat and say, ‘That’s just like somebody from Durham!’ He was a bit selfish for Wake County then and he loved his community, but he loved me, and he loved you, Tom and Lisa, and he loved Tony’s family. There was no one that he did not care for. He was a giant of a person. If only America had more like him, if the world had people who would follow in his footsteps and live the life as he did, one of generosity. He was a great man. He continues to live in this Chamber and in this State. We are so fortunate. Godspeed, Vernon. I recommend this resolution to you on behalf of all the people of North Carolina. Thank you.”

**Lieutenant Governor Dalton:**

“I would just like to say that Vernon Malone was a great friend, a great leader and he’ll be greatly missed. When Vernon was your friend, he was your friend forever. He stuck with you through thick and thin. He would stand by you and he would fight for those things that mattered. Some of you attended the service for John Hope Franklin and heard President Clinton describe him as a happy, angry man, a passionate rationalist. I got to thinking about it and I think it applies to Vernon Malone. He was certainly a happy man. He was happy because he loved his family and he was very proud of your accomplishments. You could tell he was happy because every time you saw him and he greeted you, he had a smile on his face and it was one of the greatest smiles of all time. But he not only greeted you with his smile, he would greet you with his eyes. You knew that if you were talking to Vernon, he was not only listening, he was thinking. Vernon was always optimistic. He not only saw the glass half-full but he was always thinking of ways to increase its volume and to make things better. But there were things that made him angry – poverty made him angry, prejudice made him angry, ignorance made him angry, and the thing, I think, that made him most angry, was apathy because he believed everybody should care, everybody should work for making things better for people. That’s what he did. He spent his entire life trying to eradicate those problems of poverty and prejudice and ignorance. Senator Basnight, he absolutely loved you and he had the greatest love and respect for you and Senator Rand and his good friend, Harold Webb, who is in the gallery. I can remember during his first term we went over to NCCU to see the Biotech Building. On the way back Vernon went off on a Vernon ‘toot’ and he talked about his passion for education, he talked about what was wrong with education, he talked about what we needed to do for education, and you knew in that car that you had a special person there. You knew you had somebody that was going to mean a lot to this North Carolina Senate and a lot to the people of North Carolina. He was indeed one of the best people I have ever known. He was my friend, he was your friend, and he was a friend of North Carolina. He was a great leader. We will all miss him and I certainly want to thank the family for sharing him with us.”

The joint resolution passes its second reading (43-0) and, without objection, is read a third time and passes its third reading with members standing and is ordered sent to the House of Representatives by special message.

Prayer is offered by The Reverend Lin Carter, Associate Minister, First Baptist Church, Raleigh, North Carolina as follows:

"God of goodness, it seems that no matter how hard we work, our to-do list never shortens. We often come to you with long lists of requests, and rightly so as you are a generous God. We confess that we often become so task-oriented that we let the blessings of life slip by unnoticed. So today we give you thanks for one particular blessing that we have long enjoyed as people of this great State. We pause to remember and be grateful that on this date in 1937, in Winston Salem, the first Krispy Kreme doughnut shop opened its doors. Thank you God, for Krispy Kreme doughnuts. I pray that these Senators will cooperate with each other as smoothly as a doughnut melts in one's mouth. And may you glaze our State with your blessings. Amen."

NINETY-SEVENTH DAY

Senate Chamber
Wednesday, July 15, 2009

The Senate meets pursuant to adjournment and is called to order by The Honorable Walter Dalton, Lieutenant Governor.

Prayer is offered by The Reverend Dowd Davis, Retired, Mt. Carmel Baptist Church, Chapel Hill, North Carolina as follows:

"Almighty God, our heavenly Father, King of Kings and Lord of Lords, from whom comes down all power and dominion in heaven and upon earth, we thank you for your many gifts to us, for life, for families, for communities, for our State and for our Nation. We particularly thank you for the freedoms of faith, of speech, the freedom of want and fear that our forebears risked their lives to give us. Merciful Father, bless the President of the United States, the Governor of this State, and the members of this Senate. Give them the spirit of wisdom, compassion and truth and so rule their hearts and bless their efforts that law and order, justice and peace may everywhere prevail. As they conduct the affairs of our State, fill them with a passion for the well-being of all our people. For the greater good of these people, may they put away any desire for personal gain or any excessive preference for party ideology. Make these Senators, our servants, strong and great in the fear of God and in the love of truth so that being blessed by you, they may become a blessing to all people of this State, to the praise of the glory of your grace. Gracious Lord, preserve us from public calamities, from plague, famine and natural disasters, from war, conspiracy and rebellion, but especially from national sins and personal corruption. Amen."

The Chair grants leaves of absence for today to Senator Bingham, Senator Shaw, Senator Stein, and Senator Stevens.

Senator Dannelly, Deputy President Pro Tempore, announces that the Journal of Tuesday, July 14, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

NINETY-NINTH DAY

Senate Chamber
Monday, July 20, 2009

The Senate meets pursuant to adjournment and is called to order by The
Honorable Walter Dalton, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, tonight we celebrate along with our Nation the 40th Anniversary
of the incredible journey of Apollo 11 resulting in a lunar landing piloted by
astronauts Armstrong, Aldrin, and Collins, marked in history by the words, 'The
Eagle has landed.' At the same time, though, we mourn the death of the late 20th
Century's most beloved and trusted news anchor, Walter Cronkite, who narrated
Apollo 11's improbable, unbelievable, hand-wrenching journey as we watched
spellbound to his telecast. When President Kennedy announced in 1961 that
Americans would land a man on the moon and bring him back safely by the end
of the decade, very few believed such an incredible prediction would take place.
There may be similar naysayers around here who don't believe Senator Basnight

to complete that task. And that's the way it is Monday, July 20, 2009. Amen."

July 21, 2009
The Senate meets pursuant to adjournment and is called to order by The Honorable Walter Dalton, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, a Pope is elected by the Catholic Church when 115 Cardinals sequester themselves in the Vatican Chapel. They pray, they debate, they vote. A plume of black smoke rising from the Chapel window means no decision has been reached after a round of voting. White smoke, however, announces that a new Pope has been elected. Coming to an agreement on a State Budget is a similar process. Leaders and appointed members of the Senate and House sequester themselves for long meetings. They're prayed for, they debate, they vote. After reading this morning's News and Observer article about a tentative agreement on the budget, I actually thought I saw some white smoke rising above the Legislative Building as I drove to work. It turned out to be the spray from the sprinkler system watering the rooftop plants. We're grateful though for the progress made. So we'll keep praying with an eye to the sky while the designated members of our Senate and the House keep working out the last details. Amen."

The Chair grants leaves of absence for today to Senator Blue, Senator Graham, Senator Preston, and Senator Stevens.

Senator Basnight, President Pro Tempore, announces that the Journal of Tuesday, July 21, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

ONE-HUNDRED AND THIRD DAY

Senate Chamber
Monday, July 27, 2009

The Senate meets pursuant to adjournment and is called to order by The Honorable Walter Dalton, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, second chances, do-overs, that some people call them now, are great blessings when we have erred. But when we've worked diligently, completed our task and then are forced to start over, well, that hardly seems a blessing. As we begin this week's work in the Senate, the do-over of revising the State's proposed budget proposal in the coming days must seem more curse than blessing to the Senators. This reminds me of the Biblical story where having been promised Labon's younger daughter, Rachel, in marriage in exchange for seven years of work, Jacob, instead was given Labon's older daughter, Leah, under the wedding veil after his seven years of labor. Disappointed, yet resolute, Jacob worked seven more years in exchange for Rachel becoming his wife. The lesson is, even in the renegotiation of the budget proposal, you are there, O God. Give the members the tough-minded will of Jacob. Happily, this do-over won't require another seven years of work. Take heart Senators. Amen."

The Chair grants leaves of absence for tonight to Senator Boseman, Senator Nesbitt, Senator Stevens, and Senator Weinstein.

 Senator Basnight, President Pro Tempore, announces that the Journal of Thursday, July 23, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

July 27, 2009
The Chair extends privileges of the floor to Lucy Kernodle from Graham, North Carolina, who is serving the Senate as Nurse of the Day.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Strengthen your servants, O God, against attitudes toward each other which might alienate them. In retrospect, we have prayed diligently for our Senate Members and their counterparts from the House during the difficult budget negotiations, but we have failed to name verbally at least Governor Perdue in our prayers. She cut her political teeth in this very Senate Chamber and as Governor has an opinion and stake in any outcome. However difficult the continuing process under the pressure of demanding deadlines, let respect for each other, peace and fair-mindedness prevail. Amen."

The Chair grants leaves of absence for today to Senator Boseman, Senator Graham, Senator Stevens, and Senator Weinstein.

JUSTUS WESTERN JUSTICE ACADEMY SHALL BE AN INDOOR FACILITY.

The General Assembly of North Carolina enacts:

SECTION 1.(a) The Department of Justice and the Wildlife Resources Commission may develop jointly a plan for the construction and operation of a firing range on land owned by the Wildlife Resources Commission.
The plan may identify a tract of land in the Green River game land approved by the Wildlife Resources Commission for this purpose. The plan may provide for a firing range that can accommodate the needs of the criminal justice officers attending the Western Justice Academy, federal, State, and local agencies, community college law enforcement training, and the law enforcement officers of the Wildlife Resources Commission, as well as provide a facility for hunter safety classes supervised and conducted by the Wildlife Resources Commission. The plan may further provide for a public firing and archery range, open and accessible for public use, to be operated by the Wildlife Resources Commission. The Wildlife Resources Commission, in consultation with the Department of Justice, may present the plan developed pursuant to this section to the Chairs of the Senate and House of Representatives Appropriations Committees on or before April 1, 2010.

SECTION 1.(b) The Department of Justice and the Wildlife Resources Commission may use receipts and other non-General Fund sources totaling up to the sum of one million dollars ($1,000,000) to provide additional funding for any project resulting from the plan authorized by this section, in addition to any funds that may be authorized or appropriated for the project by the General Assembly.

SECTION 2. Subject to the provisions of Section 4 of this act, the firing range currently under contract for construction on the grounds of the Larry T. Justus Western Justice Academy shall be constructed as an indoor facility.

SECTION 3. Subject to the provisions of Section 4 of this act, funds appropriated to the Department of Justice for the 2007-2009 fiscal biennium for a firing range at the Western Justice Academy shall be used to plan and construct the indoor firing range referred to in Section 2 of this act. The Department of Justice and the State Construction Office of the Department of Administration shall, pursuant to the terms of the contracts, negotiate with the existing contractor and designer of the firing range project for change orders or other amendments to the construction contract in order to construct an indoor facility that can be accommodated within the original budget for the project. Notwithstanding any other provision of law, no public bidding is required in order to negotiate those change orders and amendments, regardless of the size and scope of the necessary changes to the project.

SECTION 4. If the Department of Justice, in consultation with the State Construction Office, is unable to negotiate reasonable change orders with the existing contractor and designer to construct the project as an indoor facility as required by this act, then any unencumbered funds appropriated to construct the project shall not be expended and, except as otherwise provided in this section, shall be held by the Department of Justice to await additional funding or authorization for a firing range to accommodate the needs of the Western Justice Academy. The Department may use that portion of the unencumbered funds that may be necessary to compensate the contractor and designer of the project for any unpaid sums that have been earned under the contract and for any sums necessary to defray documented reliance costs of the contractor and designer in preparing to perform the contract.

ONE-HUNDRED AND SEVENTH DAY

Senate Chamber
Monday, August 3, 2009

The Senate meets pursuant to adjournment and is called to order by The Honorable Walter Dalton, Lieutenant Governor.

Prayer is offered by The Honorable Don Davis, Senator from Greene County, as follows:

"It is the first day of the week, a week that I'm certain will be consumed with discussing the budget and policies and other matters that are important to you and North Carolinians. And yes, we start it all with prayer, using the words of Oswald Chambers: 'Prayer does not fit us for the greater work, but prayer is the greater work.' I pray that thy greater work is done. I pray for the members of this Body and those whom we serve. I pray for the staff, our interns, our nurse of the day and pages. I pray for our chaplain, Michael, who graces us with such wonderful and inspiring prayers. And yes, a special prayer goes out to Ernie Sherrell and his family. Robert Foster once said, 'Most pray for power, the strength to do things. Few pray for love. The quality to be someone.' I pray for strength and, above all, those qualities that make us better people. As a member of this Body, I've had many wonderful experiences. Many have gone out of their way to help me. Some have even barked at me. However, there has been no greater experience than this. So lead us in prayer. Let us remember these words of Allen Bartlett, 'Seven days without prayer makes us one weak.' Amen."

The Chair grants leaves of absence for tonight to Senator Allran, Senator Atwater, Senator Blake, and Senator Stevens.

August 3, 2009
(The full text of the Conference Committee Substitute can be found in the 2009 Session Laws-Chapter 451).

The Conference Report, which changes the title, is placed on the Calendar for Tuesday, August 4, for adoption.

Pursuant to Senator Basnight's motion to adjourn having prevailed, the Senate adjourns at 10:52 P.M.

ONE-HUNDRED AND EIGHTH DAY

Senate Chamber
Tuesday, August 4, 2009

The Senate meets pursuant to adjournment and is called to order by The Honorable Walter Dalton, Lieutenant Governor.

Prayer is offered by The Honorable Steve Goss, Senator from Watauga County, as follows:

“I am not going to try to preach a sermon. Many of us work very hard and it made me think of a story I read. Some of you, perhaps, have heard it, about the gentleman that was at his wit’s end. Perhaps he had been working on a state budget or some other big project. He finally said, I’m going to take my good book and I’m going to let God tell me what to do. So what did he do? He closed his eyes and he opened it up and it said, ‘And Judas Iscariot went out and hanged himself.’ He said, ‘Well, Lord, that can’t be right. I’m going to try it one more time.’ He did it again and he opened it up and it said, ‘Go thou and do likewise.’ Let us pray. God, it is a lesson like this that allows us to understand that faith is a journey and not a game of chance. May we keep the faith and the journey alive. In your Holy Name I pray. Amen.”

August 4, 2009
The Chair grants leaves of absence for today to Senator Allran, Senator Atwater, and Senator Stevens.

Senator Dannelly, Deputy President Pro Tempore, announces that the Journal of Monday, August 3, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

The Chair extends privileges of the floor to Carol Taylor from Raleigh, North Carolina, who is serving the Senate as Nurse of the Day.

ONE-HUNDRED AND NINTH DAY

Senate Chamber
Wednesday, August 5, 2009

The Senate meets pursuant to adjournment and is called to order by The Honorable Walter Dalton, Lieutenant Governor.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"Dear God, a young minister was asked by a funeral director to hold a graveside service for a person who had no family or friends. The funeral was to be held at a new cemetery way back in the country and this person would be the first to be buried there. The young preacher was not familiar with this backwoods area, soon became lost, but did not stop for directions and finally arrived an hour late. He saw the backhoe and open grave, but the hearse was nowhere in sight. The digging crew was eating lunch. The preacher apologized for his tardiness, stepped to the edge of the grave, saw the vault lid already in place and began to offer his passionate tribute. The workers gathered around and stood silently. As the preacher continued, the workers responded with an amen or two. That inspired the preacher so his sermon and tribute went on and on.
Finally, when he ended he walked back to the car, opened the door and was taking off his coat and heard one of the workers say, 'I have never seen anything like that before and I've been putting in septic tanks for 27 years.' When voting on the budget today, there may be a part of each Senator which feels like he or she is offering a tribute over, well, you know. The lesson: God looks down on us every day, affirming the good and redeeming the bad. We trust God to do the same thing with the proposed budget. Amen."

The Chair grants leaves of absence for today to Senator Atwater, Senator Bingham, and Senator Stevens.

Senator Basnight, President Pro Tempore, announces that the Journal of Tuesday, August 4, has been examined and is found to be correct. Upon his motion, the Senate dispenses with the reading of the Journal and it stands approved as written.

The Chair extends privileges of the floor to Katie Pehan from Winston-Salem, North Carolina and Judy Reibel from Raleigh, North Carolina, who are serving the Senate as Nurses of the Day.

A BILL TO BE ENTITLED
AN ACT TO AUTHORIZE COUNTIES TO PROVIDE HEALTH
INSURANCE BENEFITS TO FORMER EMPLOYEES WHO ARE NOT
RECEIVING RETIREMENT BENEFITS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-93(d) reads as rewritten:
"(d) A county which is providing health insurance under G.S. 153A-92(d) may provide health insurance for all or any class of former officers and employees of the county who are receiving benefits under subsection (a) of this section. Such health insurance may be paid entirely by the county, partly by the county and former officer or employee, or entirely by the former officer or employee, at the option of the county."

SECTION 2. G.S. 153A-93 is amended by adding two new subsections to read:
"(d1) On and after October 1, 2009, a county which is providing health insurance under G.S. 153A-92(d) may provide health insurance for all or any class of former officers and employees of the county who have obtained at least 10 years of service with the county prior to separation from the county and who are not receiving benefits under subsection (a) of this section. Such health insurance may be paid entirely by the county, partly by the county and former officer or employee, or entirely by the former officer or employee, at the option of the county.

(d2) Notwithstanding subsection (d) of this section, any county that has elected to and is covering its active employees only, or its active and retired employees, under the State Health Plan, or elects such coverage under the Plan, may not provide health insurance through the State Health Plan to all or any class of former officers and employees who are not receiving benefits under subsection (a) of this section. The health insurance premium may be paid entirely by the county, partly by the county and former officer or employee, or entirely by the former officer or employee, at the option of the county."

SECTION 3. Section 1 of this act is effective when it becomes law and applies to any county providing health insurance to former officers and employees on that date. Section 2 of this act becomes effective when it becomes law and applies to any officer or employee who separates from service with the county on or after October 1, 2009. Senate Chamber
Thursday, August 6, 2009

The Senate meets pursuant to adjournment and is called to order by The Honorable Marc Basnight, President Pro Tempore.

Prayer is offered by The Reverend Mike Morris, Senate Chaplain, as follows:

"O Lord, during this session you have been in the midst of the Senate family guiding the work of these friends and colleagues. You have come, sometimes as strangers, seeking welcome and been received. You have comforted us during times the members grieved and celebrated with us on two special occasions. In the midst of the practical and pragmatic decisions faced by the Senators each week, you have come as a dreamer, pointing sometimes to an even greater

vision. In the midst of their questions, you have come as sure and solid rock. On days when answers seem too pat, you have come offering questions. In the midst of extraordinarily difficult times, you have been sustaining. Gratefully, we can't pin you down or box you in so out of a sense of deep gratitude we pray, 'Please let our light so shine that others might always see you in each of us.' Amen."

The Chair grants leaves of absence for today to Senator Atwater, Senator Bingham, Senator Graham, and Senator Stevens.

Every individual staffing any of those sites shall be a member or full-time employee of the county board of elections or an employee of the county board of elections whom the board has given training equivalent to that given a full-time employee. Those sites must be approved by the State Board of Elections as part of a Plan for Implementation approved by both the county board of elections and by the State Board of Elections which shall also provide adequate security of the ballots and provisions to avoid allowing persons to vote who have already voted. The Plan for Implementation shall include a provision for the presence of political party observers at each one-stop site equivalent to the provisions in G.S. 163-45 for party observers at voting places on election day. A county board of elections may propose in its Plan not to offer one-stop voting at the county board of elections office; the State Board may approve that proposal in a Plan only if the Plan includes at least one site reasonably proximate to the county board of elections office and the State Board finds that the sites in the Plan as a whole provide adequate coverage of the county's electorate. If petitioned, the State Board may also receive and consider alternative petitions from another member or members of that county board. The State Board of Elections may adopt a Plan for that county. The State Board, in that Plan, shall take into consideration factors including geographic, demographic, and partisan interests of that county.

(g1) The State Board of Elections shall not approve, either in a Plan approved unanimously by a county board of elections or in an alternative Plan proposed by a member or members of that board, a one-stop site in a building that the county board of elections is not entitled under G.S. 163-129 to demand and use as an election-day voting place, unless the State Board of Elections finds..."
that other equally suitable sites were not available and that the use of the sites chosen will not unfairly advantage or disadvantage geographic, demographic, or partisan interests of that county. In providing the site or sites for one-stop absentee voting under this section, the county board of elections shall make a request to the State, county, city, local school board, or other entity in control of the building that is supported or maintained, in whole or in part, by or through tax revenues at least 90 days prior to the start of one-stop absentee voting under this section. The request shall clearly identify the building, or any specific portion thereof, requested the dates and times for which that building or specific portion thereof is requested and the requirement of an area for election related activity. If the State, local governing board, or other entity in control of the building does not respond to the request within 20 days, the building or specific portion thereof may be used for one-stop absentee voting as stated in the request. If the State, local governing board, or other entity in control of the building or specific portion thereof responds negatively to the request within 20 days, that entity and the county board of elections shall, in good faith, work to identify a building or specific portion thereof in which to conduct one-stop absentee voting under this section. EDITOR’S NOTES

A number of bills and resolutions passed second reading and were read a third time on the same day.

Rule 50 states:

No bill on its third reading shall be acted upon out of the regular order in which it stands on the calendar, and no bill shall be acted upon on its third reading the same day on which it passed its second reading, unless so ordered by two-thirds of the membership of the Senate present and voting.

In order to comply with this Rule, no bill which has passed its second reading is read a third time except:

(1) when a member moves that the Rule be suspended and this motion prevails by at least a two-thirds vote of the membership of the Senate present and voting, or

(2) when the Chair determines that there is no objection from any member present, which constitutes unanimous consent that Rule 50 be suspended.

In these cases, the bill is read a third time and remains before the Senate for further consideration.

----------------------------

The phrase “without objection” may appear throughout the Senate Journal. Upon a motion offered, this reflects a determination by the Chair that there is no objection from a member present, which constitutes unanimous consent, for the order of the Chair.

----------------------------

When a bill passes its second reading and remains on the Calendar for further consideration, unless indicated otherwise the measure is placed on the Calendar for the next legislative day in its regular order of business.

----------------------------

Rule 20(2) of the House of Representatives requires that “all measures affecting a fee imposed by the State or any subdivision thereof” are classified roll-call measures for the purpose of spreading the ayes and noes on the Journal. Though the Senate Rules do not require the same, the Rule of the House of Representatives is honored and the measures are considered as roll-call measures, unless ruled otherwise by the Presiding Officer.

----------------------------

The Presiding Officer of the Senate rules in a number of instances that “the bill does not require a call of the roll” or “requires a call of the roll.” The ruling is made pursuant to the following citation which reads:
North Carolina Constitution—Article II

Sec. 23.—Revenue bills. No laws shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

------------------------------

The numerical figures which appear within parentheses throughout the Senate Journal represent the affirmative and negative votes cast and recorded electronically, pursuant to Rule 25. Copies of the vote print-out are on file in the Legislative Library and the original is deposited in the Division of Archives and History of the Department of Cultural Resources.

GOVERNOR’S OBJECTIONS AND VETO MESSAGE

House Bill 104, "An act to clarify legislative confidentiality."

This bill unnecessarily adds new restrictions on public access to documents and information.

Further, it unfairly and unequally subjects state employees to criminal penalties for performing their duties.

Therefore, I veto this bill.

S.R. 186, A SENATE RESOLUTION TO ESTABLISH THE PROCEDURE FOR NOMINATING AND ELECTING MEMBERS OF THE BOARD OF GOVERNORS OF THE UNIVERSITY OF NORTH CAROLINA.

Be it resolved by the Senate:

SECTION 1. The following procedures for nominating and electing members of the Board of Governors of The University of North Carolina are adopted:

1. COMMITTEE RESPONSIBILITIES.
   1. It is the duty of the Senate Committee on Education/Higher Education (hereinafter referred to as the "Senate Committee") to choose nominees for each opening on the Board of Governors of The University of North Carolina to which the Senate is to elect members.
   2. The Senate Committee shall receive suggestions of proposed candidates for nomination for election to the Board of Governors of The University of North Carolina from Monday, March 2, 2009, through Friday, March 6, 2009. In 2009, the total number of positions available for election by the Senate is eight, and each position is for a four-year term. A Senator may propose candidates for nomination only for the openings available for election by the Senate. In order for a person to have standing to be considered as a candidate for nomination by the Senate Committee, that person must be formally nominated as a candidate by a member of the Senate. Only a written nomination on a form provided by the Cochairs of the Senate Committee for that purpose and received in the Office of the Senate Principal Clerk on or after Monday, March 2, 2009, and no later than 5:00 P.M. on Friday, March 6, 2009, shall constitute a formal nomination of a candidate. Delivery to the Office of the Senate Principal Clerk of a nomination form by facsimile transmission or e-mail transmission shall not constitute a formal nomination of a candidate. An individual is not eligible for nomination in the Senate if he or she was nominated and not elected to the Board of Governors by the House of Representatives during the 2009 Session.
   3. Notwithstanding G.S. 138A-22, every person who has been formally nominated shall file a completed North Carolina State Ethics Commission Statement of Economic Interest with the North Carolina State Ethics Commission to be received by the North Carolina State Ethics Commission no later than 5:00 P.M. on Friday, March 6, 2009.
   4. On or after March 7, 2009, the Senate Committee shall list all proposed candidates for nomination. The Senate Committee shall screen the proposed candidates for nomination as to their qualifications and background and may interview each one to make sure that suitable persons are nominated. The Senate Committee shall ascertain that each candidate for nomination is willing...
and able to serve and has no statutory disability. On completion of the screening process, the Senate Committee shall conduct a vote to ensure that the slate of legally qualified candidates lists no more than twice the number of candidates for the total seats open.

5. The Cochair of the Senate Committee shall ascertain whether the nominees for election by the Senate would serve if elected. Any nominee may withdraw without the approval of the sponsor.

6. Senate Committee nominees shall be placed before and recommended to the Senate for election.

II. ELECTIONS IN THE SENATE.

1. A ballot shall be prepared under the supervision of the Cochair of the Senate Committee for the use of the Senate.

2. The ballot shall list only the names of those nominees proposed by the Senate Committee who have consented to run and for whom the Senate is entitled to vote. Their names shall be arranged alphabetically by surname.

3. The Senate shall hold its election no later than the beginning of the daily session on March 31, 2009. Before the voting begins, the Cochair of the Senate Committee shall explain the voting rules, which are:

   (a) No nomination shall be received from the floor.
   (b) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting.
   (c) Each member present and voting shall vote for as many nominees as there are positions to be filled, and any ballot not so marked shall be deemed void.
   (d) If fewer than eight nominees receive the votes of a majority of all members present and voting, a runoff to fill the open position or positions shall be conducted among the nominees who were not elected but who received the highest numbers of votes cast; and the number of nominees eligible to be voted on in the runoff shall be twice the number of positions to be filled.
   (e) If there is a tie for the last position between two nominees who are eligible for the next runoff, both nominees shall be included in the next runoff balloting, even though there would be more than two nominees per available position, unless the deciding vote is cast in accordance with the North Carolina Constitution, Article II, Section 13.
   (f) If more than eight nominees receive the votes of a majority of all members present and voting, then the eight nominees receiving the highest numbers of votes shall be deemed to have been chosen.

4. The Senators shall proceed to mark their ballots for eight persons, for four-year terms.
   Every ballot shall be signed by the Senator casting it, and no unsigned ballots shall be counted.
5. The Cochairs of the Senate Committee shall be responsible for canvassing the vote and declaring the results. All ballots shall be retained by the Principal Clerk as part of the permanent records of the Senate and shall be open for immediate public inspection.

6. When the Cochairs of the Senate Committee have determined that the Senate has chosen eight persons to serve as members of the Board of Governors for terms of four years, the President of the Senate shall declare those eight persons to have been elected to the Board of Governors by the Senate.

7. The results of the election in the Senate shall then be sent by Special Messenger to the House of Representatives.

III. NOTIFICATION OF ELECTION RESULTS.
When the election process is complete, the Cochairs of the Senate Committee shall notify the Secretary of the Board of Governors of The University of North Carolina of the names of the persons elected by the Senate and of the term for which each person was elected.

SECTION 2. As used in this resolution, the term "Cochairs" means the Cochair of the Senate Education/Higher Education Committee.

The North Carolina General Statutes titles form the basis for the Alphabetical Index. Following each bill title, the last action or the present status for the bill is reflected. For example, a ratified bill is followed by its Chapter Number in the Session Laws. Bills which are included in whole or in part in other measures are reflected as such, if known.

Bills dealing with funds are indexed under Appropriations. Local bills are indexed under the counties which are affected.

Bills and resolutions introduced by a specific Senator are found under the Senator's name and are noted as to whether or not the Senator is the primary sponsor or a co-sponsor.
