CONSTITUTION
OF THE
STATE OF NORTH CAROLINA.

PREAMBLE.
We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union, and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof, and for the better government of this State, ordain and establish this Constitution:

ARTICLE I.

DECLARATION OF RIGHTS.

That the great, general and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and Government of the United States, and those of the people of this State to the rest of the American people, may be defined and affirmed, we do declare:

SECTION 1. That we hold it to be self-evident that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. That all political power is vested in, and derived from, the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. That the people of this State have the inherent, sole and exclusive right of regulating the internal government and police thereof, and of altering and abolishing their Constitution and form of government whenever it may be necessary for their safety and happiness; but every such right should be exercised in pursuance of law, and consistently with the Constitution of the United States.
Sec. 4. That this State shall ever remain a member of the American Union; that the people thereof are a part of the American Nation; that there is no right on the part of the State to secede, and that all attempts, from whatever source or upon whatever pretext, to dissolve said Union, or to sever said Nation, ought to be resisted with the whole power of the State.

Sec. 5. That every citizen of this State owes paramount allegiance to the Constitution and Government of the United States, and that no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. The State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; nor shall the General Assembly assume or pay, or authorize the collection of any tax to pay, either directly or indirectly, expressed or implied, any debt or bond incurred, or issued, by authority of the Convention of the year one thousand eight hundred and sixty-eight, nor any debt or bond, incurred or issued by the Legislature of the year one thousand eight hundred and sixty-eight, at its special session of the year one thousand eight hundred and sixty-eight, or at its regular sessions of the years one thousand eight hundred and sixty-eight and one thousand eight hundred and sixty-nine, and one thousand eight hundred and sixty-nine and one thousand eight hundred and seventy, except the bonds issued to fund the interest on the old debt of the State, unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State, at a regular election held for that purpose.

Sec. 7. No man or set of men are entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 8. The legislative, executive and supreme judicial powers of the government ought to be forever separate and distinct from each other.

Sec. 9. All power of suspending laws, or the execution of laws, by any authority, without the consent of the representatives of the people, is injurious to their rights, and ought not to be exercised.

Sec. 10. All elections ought to be free.

Sec. 11. In all criminal prosecutions, every man has the right to be informed of the accusation against him and to confront the accusers and witnesses with other testimony, and to have counsel for his defence, and not be compelled to give evidence against himself or to pay costs, jail fees, or necessary witness fees of the defence, unless found guilty.
Sec. 12. No person shall be put to answer any criminal charge, except as herininafter allowed, but by indictment, presentment or impeachment.

Sec. 13. No person shall be convicted of any crime but by the unanimous verdict of a jury of good and lawful men in open Court. The Legislature may, however, provide other means of trial for petty misdemeanors, with the right of appeal.

Sec. 14. Excessive bail should not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 15. General warrants, whereby any officer or messenger may be commanded to search suspected places, without evidence of the act committed, or to seize any person or persons not named, whose offence is not particularly described and supported by evidence, are dangerous to liberty and ought not to be granted.

Sec. 16. There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 17. No person ought to be taken, imprisoned, or dispossessed of his freehold, liberties or privileges, or outlawed or exiled, or in any manner deprived of his life, liberty or property, but by the law of the land.

Sec. 18. Every person restrained of his liberty is entitled to a remedy to enquire into the lawfulness thereof, and to remove the same, if unlawful; and such remedy ought not to be denied or delayed.

Sec. 19. In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and ought to remain sacred and inviolable.

Sec. 20. The freedom of the press is one of the great bulwarks of liberty, and, therefore, ought never to be restrained, but every individual shall be held responsible for the abuse of the same.

Sec. 21. The privileges of the writ of habeas corpus shall not be suspended.

Sec. 22. As political rights and privileges are not dependent upon, or modified by, property, therefore, no property qualification ought to affect the right to vote or hold office.

Sec. 23. The people of the State ought not to be taxed, or made subject to the payment of any impost or duty without the consent of themselves, or their representatives in General Assembly freely given.

Sec. 24. A well-regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they ought not to be kept up, and the military should be kept under strict subordination to, and governed by, the civil power. Nothing herein contained shall justify the practice of carrying concealed weapons, or prevent the Legislature from enacting penal statutes against said practice.
SEC. 25. The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress of grievances. But secret political societies are dangerous to the liberties of a free people, and should not be tolerated.

SEC. 26. All men have a natural and unalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority should, in any case whatever, control or interfere with the rights of conscience.

SEC. 27. The people have the right to the privilege of education, and it is the duty of the State to guard and maintain that right.

SEC. 28. For redress of grievances, and for amending and strengthening the laws, elections should be often held.

SEC. 29. A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

SEC. 30. No hereditary emoluments, privileges or honors ought to be granted or conferred in this State.

SEC. 31. Perpetuities and monopolies are contrary to the genius of a free State, and ought not to be allowed.

SEC. 32. Retrospective laws, punishing acts committed before the existence of such laws, and by them only declared criminal, are oppressive, unjust and incompatible with liberty; wherefore, no ex post facto law ought to be made. No law taxing retrospectively sales, purchases, or other acts previously done, ought to be passed.

SEC. 33. Slavery and involuntary servitude, otherwise than for crime, whereof the parties shall have been duly convicted, shall be and are hereby forever prohibited within the State.

SEC. 34. The limits and boundaries of the State shall be and remain as they now are.

SEC. 35. All courts shall be open; and every person for an injury done him in his lands, goods, person or reputation, shall have remedy by due course of law, and right and justice administered without sale, denial or delay.

SEC. 36. No soldier shall, in time of peace, be quartered in any house without the consent of the owner; nor in time of war, but in a manner prescribed by law.

SEC. 37. This enumeration of rights shall not be construed to impair or deny others retained by the people; and all powers not herein delegated remain with the people.

ARTICLE II.

LEGISLATIVE DEPARTMENT.

SECTION 1. The legislative authority shall be vested in two distinct branches, both dependent on the people, to-wit, a Senate and House of Representatives.
Sec. 2. The Senate and House of Representatives shall meet biennially on the first Wednesday after the first Monday in January next after their election; and, when assembled, shall be denominated the General Assembly. Neither House shall proceed upon public business unless a majority of all the members are actually present.

Sec. 3. The Senate shall be composed of fifty Senators, biennially chosen by ballot.

Sec. 4. The Senate Districts shall be so altered by the General Assembly, at the first session after the return of every enumeration by order of Congress, that each Senate District shall contain, as near as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators.

Sec. 5. The House of Representatives shall be composed of one hundred and twenty Representatives, biennially chosen by ballot, to be elected by the counties respectively, according to their population, and each county shall have at least one representative in the House of Representatives, although it may not contain the requisite ratio of representation; this apportionment shall be made by the General Assembly at the respective times and periods when the Districts of the Senate are hereinbefore directed to be laid off.

Sec. 6. In making the apportionment in the House of Representatives, the ratio of representation shall be ascertained by dividing the amount of the population of the State, exclusive of that comprehended within those counties, which do not severally contain the one hundred and twentieth part of the population of the State, by the number of Representatives, less the number assigned to such counties; and in ascertaining the number of the population of the State, aliens and Indians not taxed shall not be included. To each county containing the said ratio and not twice the said ratio, there shall be assigned one Representative; to each county containing two, but not three, times the said ratio, there shall be assigned two Representatives, and so on progressively, and then the remaining Representatives shall be assigned severally to the counties having the largest fractions.

Sec. 7. Each member of the Senate shall not be less than twenty-five years of age, shall have resided in the State as a citizen two years, and shall have usually resided in the District for which he is chosen, one year immediately preceding his election.

Sec. 8. Each member of the House of Representatives shall be a qualified elector of the State, and shall have resided in the county
for which he is chosen, for one year immediately preceding his election.

Sec. 9. In the election of all officers, whose appointment shall be conferred upon the General Assembly by the Constitution, the vote shall be viva voce.

Sec. 10. The General Assembly shall have power to pass general laws regulating divorce and alimony, but shall not have power to grant a divorce or secure alimony in any individual case.

Sec. 11. The General Assembly shall not have power to pass any private law to alter the name of any person, or to legitimate any person not born in lawful wedlock, or to restore to the rights of citizenship any person convicted of an infamous crime, but shall have power to pass general laws regulating the same.

Sec. 12. The General Assembly shall not pass any private law, unless it shall be made to appear that thirty days' notice of application to pass such a law shall have been given, under such direction and in such manner as shall be provided by law.

Sec. 13. If vacancies shall occur in the General Assembly by death, resignation or otherwise, writs of elections shall be issued by the Governor under such regulations as may be prescribed by law.

Sec. 14. No law shall be passed to raise money on the credit of the State, or to pledge the faith of the State, directly or indirectly, for the payment of any debt, or to impose any tax upon the people of the State, or allow the counties, cities or towns to do so, unless the bill for the purpose shall have been read three several times in each House of the General Assembly and passed three several readings, which readings shall have been on three different days, and agreed to by each House respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 15. The General Assembly shall regulate entail in such manner as to prevent perpetuities.

Sec. 16. Each House shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 17. Any member of either House may dissent from and protest against any act or resolve, which he may think injurious to the public, or any individual, and have the reasons of his dissent entered on the journal.

Sec. 18. The House of Representatives shall choose their own Speaker and other officers.

Sec. 19. The Lieutenant-Governor shall preside in the Senate, but shall have no vote unless it may be equally divided.

Sec. 20. The Senate shall choose its other officers, and also a Speaker (pro tempore), in the absence of the Lieutenant-Governor, or when he shall exercise the office of Governor.
Sec. 21. The style of the acts shall be: "The General Assembly of North Carolina do enact."

Sec. 22. Each House shall be judge of the qualifications and election of its own members, shall sit upon its own adjournment from day to day, prepare bills to be passed into laws; and the two Houses may also jointly adjourn to any future day or other place.

Sec. 23. All bills and resolutions of a legislative nature shall be read three times in each House, before they pass into laws; and shall be signed by the presiding officers of both Houses.

Sec. 24. Sec. 3. The return of every election for officers of the Executive Department shall be sealed up and transmitted to the seat of government by the returning officers, directed to the Speaker of the House of Representatives, who shall open and publish the same in the presence of a majority of the members of both Houses of the General Assembly. The person having the highest number of votes respectively shall be declared duly elected; but if two or more be equal and highest in votes for the same office, then one of them shall be chosen by joint ballot of both Houses of the General Assembly. Contested elections shall be determined by a joint ballot of both Houses of the General Assembly in such manner as shall be prescribed by law.

Sec. 4. Whenever, during the recess of the General Assembly, it shall become necessary for the President of the Senate to administer the government, the Secretary of State shall convene the Senate, that they may select such President.

Sec. 13. The respective duties of the Secretary of State, Auditor, Treasurer, Superintendent of Public Instruction, and Attorney-General shall be prescribed by law. Feigned issues shall also be abolished, and the fact at issue tried by order of Court before a jury.

Sec. 2. The judicial power of the State shall be vested in a Court for the trial of Impeachments, a Supreme Court, Superior Courts, Courts of Justices of the Peace, and such other Courts inferior to the Supreme Court as may be established by law.

Sec. 10. The State shall be divided into nine judicial districts, for each of which a Judge shall be chosen; and there shall be held a Superior Court in each county at least twice in each year, to continue for such time in each county as may be prescribed by law. But the General Assembly may reduce or increase the number of districts.

Sec. 11. Every Judge of the Superior Court shall reside in the district for which he is elected. The Judges shall preside in the Courts of the different districts successively, but no Judge shall hold the Courts in the same district oftener than once in four years; but in case of the protracted illness of the Judge assigned to preside in any district, or of any other unavoidable accident to him, by reason of which he shall be unable to preside, the Governor may require any Judge to hold one or more specified terms in said district, in lieu of the Judge assigned to hold the Courts of the said district.

Sec. 12. The General Assembly shall have no power to deprive the Judicial Department of any power or jurisdiction which rightfully pertains to it as a co-ordinate department of the government; but the General Assembly shall allot and distribute that portion of this power and jurisdiction which does not pertain to the Supreme Court, among the other Courts prescribed in this Constitution or which may be established by law, in such manner as it may deem best; provide also a proper system of appeals, and regulate by law, when necessary, the methods of proceeding in the exercise of their powers, of all the Courts below the Supreme Court, so far as the same may be done without conflict with other provisions of this Constitution.

Sec. 13. In all issues of fact, joined in any Court, the parties may waive the right to have the same determined by a jury, in which case the finding of the Judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 17. Clerks of the Superior Courts shall hold their office for four years.

Sec. 18. The General Assembly shall prescribe and regulate the fees, salaries and emoluments of all officers provided for in this article; but the salaries of the Judges shall not be diminished during their continuance in office.

Sec. 19. The laws of North Carolina, not repugnant to this Constitution, or the Constitution and laws of the United States, shall be in force until lawfully altered.

Sec. 20. Actions at law, and suits in equity, pending when this Constitution shall go into effect, shall be transferred to the Courts having jurisdiction thereof, without prejudice by reason of the change; and all such actions and suits commenced before, and pending at the adoption by the General Assembly of the rules of practice and procedure herein provided for, shall be heard and determined according to the practice now in use, unless otherwise provided for by said rules.

The General Assembly may, from time to time, provide by law that the Judges of the Superior Courts, chosen at succeeding elections, instead of being elected by the voters of the whole State, as is herein provided for, shall be elected by the voters of their respective districts.

Sec. 22. The Superior Court shall be, at all times, open for the transaction of all business within their jurisdiction, except the trial of issues of fact requiring a jury.

Sec. 23. A Solicitor shall be elected for each Judicial District by the qualified voters thereof, as is prescribed for members of the General Assembly, who shall hold office for the term of four years, and prosecute on behalf of the State, in all criminal actions in the Superior Courts, and advise the officers of justice in his district.

Sec. 25. All vacancies occurring in the offices provided for by this Article of the Constitution shall be filled by the appointments of the Governor, unless otherwise provided for, and the appointees shall hold their places until the next regular election for members of the General Assembly, when elections shall be held to fill such offices. If any person, elected or appointed to any of said offices, shall neglect and fail to qualify, such offices shall be appointed to, held and filed as provided in case of vacancies occurring therein. All incumbents of said offices shall hold until their successors are qualified.

And the General Assembly may give the Justices of the Peace jurisdiction of other civil actions, wherein the value of the property in controversy does not exceed fifty dollars. When an issue of fact may be joined before a Justice, on demand of either party thereto, he shall cause a jury of six men to be summoned, who shall try the same. The party against whom judgment shall be rendered in any civil action, may appeal to the Superior Court from the same. In all cases of a criminal nature, the party against whom judgment is given may appeal to the Superior Court, where the matter shall be heard anew. In all cases brought before a justice, he shall make a record of the proceedings, and file the same with the Clerk of the Superior Court for his county.

Sec. 28. When the office of Justice of the Peace shall become vacant otherwise than by expiration of the term, and in case of a failure by the voters of any District to elect, the Clerk of the Superior Court for the county shall appoint to fill the vacancy for the unexpired term.
Sec. 29. In case the office of Clerk of a Superior Court for a county shall become vacant otherwise than by the expiration of the term, and in case of a failure by the people to elect, the Judge of the Superior Court for the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 30. In case the General Assembly shall establish other Courts inferior to the Supreme Court, the presiding officers and clerks thereof shall be elected in such manner as the General Assembly may from time to time prescribe, and they shall hold their offices for a term not exceeding eight years.

And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this Constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by the majority of those who shall vote thereon.

Sec. 2. Every homestead, and the dwellings and buildings used therewith, not exceeding in value one thousand dollars, to be selected by the owner thereof, or in lieu thereof, at the option of the owner, any lot in a city, town or village, with the dwelling and buildings used thereon, owned and occupied by any resident of this State, and not exceeding the value of one thousand dollars,

Sec. 3. The homestead, after the death of the owner thereof, shall be exempt from the payment of any debt during the minority of his children, or any one of them.

Sec. 4. The provisions of sections one and two of this Article shall not be so construed as to prevent a laborer’s lien for work done and performed for the person claiming such exemption, or a mechanic’s lien for work done on the premises.

Sec. 5. If the owner of a homestead die, leaving a widow, but no children, the same shall be exempt from the debts of her husband, and the rents and profits thereof shall inure to her benefit during her widowhood, unless she be the owner of a homestead in her own right.

Sec. 6. Sec. 7. The husband may insure his own life for the sole use and benefit of his wife and children, and in case of the death of the husband, the amount thus insured shall be paid over to the wife and children, or to the guardian, if under age, for her or their own use, free from all the claims of the representatives of her husband, or any of his creditors.

Sec. 8. Nothing contained in the foregoing sections of this Article shall operate to prevent the owner of a homestead from disposing of the same by deed; but no deed made by the owner of a homestead shall be valid without the voluntary signature and assent of his wife, signified on her private examination according to law.

ARTICLE XI.

PUNISHMENTS, PENAL INSTITUTIONS AND PUBLIC CHARITIES.

Section 1. The following punishments only shall be known to the laws of this State, viz., death, imprisonment, with or without hard labor; fines, removal from office, and disqualification to hold and enjoy any office of honor, trust or profit under this State. The foregoing provision for imprisonment with hard labor shall be construed to authorize the employment of such convict labor on
CONSTITUTION OF NORTH CAROLINA.

Convict labor. public works, or highways, or other labor for public benefit, and the farming out thereof, where and in such manner as may be provided by law; but no convict shall be farmed out who has been sentenced on a charge of murder, manslaughter, rape, attempt to commit rape, or arson: Provided, that no convict whose labor may be farmed out shall be punished for any failure of duty as a laborer, except by a responsible officer of the State; but the convicts so farmed out shall be at all times under the supervision and control, as to their government and discipline, of the Penitentiary Board or some officer of the State.

Sec. 2. The object of punishment being not only to satisfy justice, but also to reform the offender, and thus prevent crime, murder, arson, burglary and rape, and these only, may be punishable with death, if the General Assembly shall so enact.

Sec. 3. The General Assembly shall, at its first meeting, make provision for the erection and conduct of a State's Prison or Penitentiary, at some central and accessible point within the State.

Sec. 4. The General Assembly may provide for the erection of Houses of Correction, where vagrants and persons guilty of misdemeanors shall be restrained and usefully employed.

Sec. 6. It shall be required by competent legislation that the structure and superintendence of penal institutions of the State, the county jails, and city police prisons, secure the health and comfort of the prisoners, and that male and female prisoners be never confined in the same room or cell.

Sec. 7. Beneficent provision for the poor, the unfortunate and orphan, being one of the first duties of a civilized and Christian State, the General Assembly shall, at its first session, appoint and define the duties of a Board of Public Charities, to whom shall be entrusted the supervision of all charitable and penal State institutions, and who shall annually report to the Governor upon their condition, with suggestions for their improvement.

Sec. 8. There shall also, as soon as practicable, be measures devised by the State for the establishment of one or more Orphan Houses, where destitute orphans may be cared for, educated and taught some business or trade.

Sec. 9. It shall be the duty of the Legislature, as soon as practicable, to devise means for the education of idiots and inebriates.

Sec. 10. The General Assembly may provide that the indigent deaf mute, blind and insane, of the State shall be cared for at the charge of the State.

Sec. 11. It shall be steadily kept in view by the Legislature and the Board of Public Charities, that all penal and charitable insti-

All able-bodied male citizens of the State of North Carolina, between the ages of twenty-one and forty years, who are citizens of the United States, shall be liable to do duty in the militia: Provided, that all persons who may be averse to bearing arms, from religious scruples, shall be exempt therefrom.

Sec. 2. The General Assembly shall provide for the organizing, arming, equipping and discipline of the militia, and for paying the same, when called into active service.

Sec. 3. The Governor shall be Commander-in-Chief, and shall have power to call out the militia to execute the law, suppress riots or insurrection, and to repel invasion.

Sec. 4. The General Assembly shall have power to make such exemptions as may be deemed necessary, and to enact laws that may be expedient for the government of the militia.

ARTICLE XIII.

AMENDMENTS.

SECTION 1. No convention of the people of this State shall ever be called by the General Assembly, unless by the concurrence of two-thirds of all the members of each House of the General Assembly, and except the proposition, Convention or No Convention, be first submitted to the qualified voters of the whole State, at the next general election in a manner to be prescribed by law. And should a majority of the votes cast be in favor of said convention, it shall assemble on such day as may be prescribed by the General Assembly.

Sec. 2. No part of the Constitution of this State shall be altered unless a bill to alter the same shall have been agreed to by three-fifths of each House of the General Assembly. And the amendment or amendments so agreed to shall be submitted at the next general election to the qualified voters of the whole State, in such a manner as may be prescribed by law. And in the event of their adoption by a majority of the votes cast, such amendment or amendments shall become a part of the Constitution of this State.

ARTICLE XIV.

MISCELLANEOUS.

SECTION 1. All indictments which shall have been found, or may hereafter be found, for any crime or offence committed before this
Constitution takes effect, may be proceeded upon in the proper Courts, but no punishment shall be inflicted which is forbidden by this Constitution.

Sec. 2. No person who shall hereafter fight a duel, or assist in the same as a second, or send, accept, or knowingly carry a challenge therefor, or agree to go out of the State to fight a duel, shall hold any office in this State.

Sec. 3. No money shall be drawn from the treasury but in consequence of appropriations made by law; and an accurate account of the receipts and expenditures of the public money shall be annually published.

Sec. 4. The General Assembly shall provide, by proper legislation, for giving to mechanics and laborers an adequate lien on the subject-matter of their labor.

Sec. 5. In the absence of any contrary provision, all officers of this State, whether heretofore elected, or appointed by the Governor, shall hold their positions only until other appointments are made by the Governor, or, if the officers are elective, until their successors shall have been chosen and duly qualified according to the provisions of this Constitution.

Sec. 6. The seat of government of this State shall remain at the city of Raleigh.

Sec. 7. No person, who shall hold any office or place of trust or profit under the United States, or any department thereof, or under this State, or under any other State or Government, shall hold or exercise any other office or place of trust or profit under the authority of this State, or be eligible to a seat in either House of the General Assembly: Provided, that nothing herein contained shall extend to officers in the militia, Justices of the Peace, Commissioners of Public Charities, or Commissioners for special purposes.

These become the highways of the county, as they are properly graded and drained and have their surfaces improved by being covered with broken stones, gravel, shells or suitable admixture of sand and clay.

"(b) The neighborhood or branch roads are public roads which are usually to the limit of one or two townships and generally lead from neighborhoods or settlements to main thoroughfares.

"(c) Cartways, which have no general public junction, are private ways opened up to allow one or more persons on foot, on horseback, or with any vehicle, to pass to and from his or her property through lands belonging to other parties in order to reach the public road.

"Information and advice concerning the location, re-location and general improvement of these public roads shall be furnished to the county authorities by the State Highway Commission. And the said Highway Commission is hereby made the interpreter of and may revise the specification for road building provided in this
act; and it shall further prescribe the general regulations for the management of prisoners working on the public roads.

"That the thoroughfares or highways as defined above to be improved or constructed in accordance with the provisions of this act, prior to the inauguration of any such permanent improvements on the road or highway to be so improved or constructed, shall be first carefully surveyed and located by an engineer or surveyor trained and experienced in such work, aided by the County Road Superintendent or Supervisor and such assistants as it may be necessary for him to employ, the same to be paid out of the road fund of the county, for services and expenses, as may be agreed upon by the County Commissioners. All such public roads or highways, where changed or hereafter located or re-located or widened, shall be given a grade nowhere greater than seven feet in one hundred feet; and they shall have a width of not less than twenty feet, clear of ditches, logs, trees and other obstructions: Provided, that where the roadway must be located on the steep slope of a mountain its width shall not be less than sixteen feet between ditches, or where blasted out in hard rock the width of such roadway shall not be less than thirteen feet: Provided further, that these thoroughfares or highways shall have a right of way of sixty feet wide, but the width of the road-bed within the limits here specified shall be decided by the Board of Commissioners. All such roads shall be thoroughly drained, and wherever it may be necessary to turn water across them this shall be done by putting in sewer pipes or other forms of covered drains or culverts. These thoroughfares or highways as they are improved under the provisions of this act shall be located at a distance from any railway line of not less than three hundred (300) feet, except in cases where, in the opinion of an experienced engineer, a nearer approach to said railway line be necessary. They shall cross said railway line only when, in the opinion of such engineer, this be necessary; and at such crossings, whenever possible, the roadway shall be located either under or over the said railway line; and it shall be the duty of the company operating the said railway line to construct and keep in good repair the road-bed, including necessary bridges or culverts, of such thoroughfares or highways across the right of way occupied and claimed by said railway company, this precaution being taken as a proper safeguard to life.

"The neighborhood or branch roads, as defined above, shall have a right of way of thirty feet; but the width and grade of the roadway, and specifications under which these roads shall be kept in repair, shall be decided by the County Superintendent of Roads or the Supervisor in that township or district, subject to the approval of the Board of County Commissioners; and said roads
may be re-located or otherwise changed in the manner provided for in this act. The amount and nature of the labor to be performed under this act, in the maintenance and repair or change of any one of these roads, or parts thereof, shall be at the discretion of the Superintendent or Supervisor in charge of said roads.

"Cartways as defined above, are to be kept in repair by parties using the same. Any party desiring a cartway opened up over lands of other persons may file his petition for the same before the Board of County Commissioners through the Road Supervisor of the township or district in which such cartway is to be located, praying for a cartway to be kept opened across such other person's land, leading to some public road; and upon his making it appear to the Board that the owner or owners of said lands, or their legal representatives, had ten days' notice of his intention, the Board shall hear the allegations of the petitioner and the objections, if any, of the owner or owners, or their representatives, and if sufficient reason be shown, shall order the Constable or other officer to summon a jury of five freeholders to view the premises and lay off a cartway not less than fourteen feet wide and assess the damages, if any, the owner of such land may sustain thereby, which, with the expense of making the way, shall be paid by the petitioner; and the way shall be kept open for the free passage of all persons, on foot or horseback, carts and wagons. Cartways, laid off according to the provisions of this section, may be changed or discontinued upon application by any person concerned, under the same rules of proceedings as they may be first laid off, and upon such terms as to the Board of County Commissioners shall seem equitable and just. And any person through whose land a cartway may pass may direct gates or bars across same; if any person shall leave open, break down or otherwise injure such gates or bars he shall forfeit and pay for every such offense, ten dollars to the person erecting the same, or the owner of the land; and if the offense shall be maliciously done, he shall be guilty of a misdemeanor: Provided, that in case a cartway has been granted by mutual consent of the interested parties and without official sanction the same shall not be closed by any party until opportunity has been given for the establishment of such a cartway as herein provided for; and any person so closing a cartway in violation of this provision shall be guilty of a misdemeanor."

Sec. 11. That section 11 of said act be amended as follows: Strike out the word "county" in line 23 of said section 11 and substitute "township in which the offense was committed." Add in line 30 of said section 11, after the word "price" and before the word "and," the following words, "out of the township road fund wherein said material was used."

That if any person or persons shall willfully alter, deface or otherwise injure any such post or guide-boards, every person so offending shall, upon conviction thereof before any Justice of the Peace, be fined any sum not less than five nor more than twenty-five dollars and cost, or imprisoned or sentenced to work on the public roads not less than five nor more than twenty-five days, and the money, when collected, shall be, by the Justice of the Peace collecting the same, paid over to the Treasurer of the road fund for use in the district where the offense was committed.

That any person or persons who shall willfully obstruct any public road of the county, or who shall cut, girdle, undermine, or in any way weaken and leave standing any tree or trees where they may fall across and obstruct any public road, or who shall interfere with, or in any way willfully or without having taken due precaution, damage any public road, culvert or bridge, or who shall in any way interfere with any officer, laborer or prisoner working on the same, shall be guilty of a misdemeanor and shall be fined or sentenced to work on the public roads at the discretion of the Court. And any officer or employee appointed by virtue of this act or to whom duties are assigned in this act, who shall fail to make complete returns within the time prescribed therein, or who shall otherwise fail to discharge the duties imposed upon him by this act, and any person or persons or corporations who shall violate any of the provisions of this act, shall, in all cases, whether penalties for such failure are or are not prescribed in this act, be guilty of a misdemeanor. Preamble.

Whereas, by virtue of the Public Laws of 1885, chapter 116, and the Public Laws of 1887, chapters 3 and 148, the Board of County Commissioners of Granville County, upon the vote of the majority of the qualified voters of Oxford Township, to aid in the construction of the Oxford and Clarksville Railroad, did issue the coupon bonds of said township to the amount of twenty thousand dollars, payable in thirty years, bearing interest at the rate of six per cent per annum;

And whereas, by the Laws of 1891, chapters 63 and 300, the township of Salem was erected out of a portion of said Oxford Township, with the proviso that the property of said Salem Township should still be responsible for its proportionate part of the debt incurred in aid of the construction of the Oxford and Clarksville Railroad;

And whereas, the people of said two townships have paid off three thousand dollars of said indebtedness, and now wish to extend the date of the payment of the seventeen thousand ($17,000) still due on said bonded indebtedness, and refund the same at a lower rate of interest: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. That for the purpose of refunding and paying off the bonded indebtedness of the townships of Oxford and Salem, incurred for the purpose of aiding in the construction of the Oxford and Clarksville Railroad, the Board of Commissioners of the county of Granville, are hereby authorized to issue coupon bonds on behalf of said Oxford and Salem townships, to an amount not exceeding seventeen thousand dollars ($17,000), in denominations of from one hundred dollars, five hundred dollars and one thousand dollars, payable in not more than thirty years,
and bearing interest at a rate not exceeding five per centum per annum, payable semi-annually, at such time and place as may be deemed advisable by the said Board of County Commissioners, with a proviso that said bonds may be redeemed after ten years at the option of the said Board of County Commissioners. Said bonds shall be signed by the Chairman of the Board of County Commissioners, and attested by the Register of Deeds, ex officio Clerk of the Board, with the seal of said county, and said coupons shall have the engraved or lithographed signature of the Chairman of said Board of County Commissioners. And said bonds shall be payable at such place as the Board of County Commissioners may designate.

Said bonds shall be sold either publicly or privately, with or without notice, as the Board of County Commissioners may determine, for not less than their par value and accrued interest. And the proceeds of said bonds, including any premium received upon their sale, shall be applied to the payment of the outstanding bonds of the said Oxford Township issued to aid in the construction of the aforesaid Oxford and Clarksville Railroad, and the interest thereon, but the purchaser of said bonds shall not be required to see to the application of the purchase money.

Sec. 2. That it shall be the duty of the Chairman and Clerk of the said Board of County Commissioners to make a record of all the bonds paid off, and then destroy said bonds. They shall also make a record of the sale of the bonds authorized under this act, and the name and address of the purchaser or purchasers thereof.

Sec. 3. That the Board of County Commissioners and Justices of the Peace of Granville County are hereby authorized, empowered and directed, at their meeting in June of each year, when the taxes are levied, to levy a sufficient tax upon real and personal property, and all other subjects upon which county taxes can be levied, and polls in said townships, to pay off and discharge the interest upon said bonds, always preserving the equation between the tax upon property and upon the poll. And at the end of ten years they shall also levy such additional tax upon the subjects enumerated above as may be necessary to provide a sinking fund for the payment of said bonds at or before maturity.

Sec. 4. That after the expiration of ten years said Board of County Commissioners may redeem one or two thousand dollars of said bonds each year, if they deem it advisable, by giving notice to the holders of said bonds and paying the principal and interest up to date.

Sec. 5. That this act shall be in force from and after its ratification.

For appearing with said list as required herein, the tax officer shall receive the same pay per diem as is received by him in the preparation of the tax list to be presented to and paid by the proper officers of the county or municipality of which he is the assessing officer in the manner as his other compensation is paid. The action of said Board or member taken as provided in this act shall be final.

SEC. 9. Board may order general review of tax list.

In case it shall appear or be made to appear to said Board that any tax list in the State is so grossly irregular and unlawfully assessed that adequate compliance with the law can not be secured except by a general review of said tax list, said Board may

order, at which said list shall be reviewed, and under said order

tax officer shall receive the same compensation as provided in said
section.

Sec. 10. If it shall appear to said Board at any time that any
property liable to taxation has not been assessed for any previous

to the proper assessing officer, and the same shall be listed for
taxation upon the next tax list that shall be made, and shall be
valued as all other property. The said Board shall further cer-

If any poll tax or other tax shall not be paid within sixty days after the same shall be demandable, it shall be the duty of the Sheriff, if he can find no property of the person liable sufficient to satisfy the same, to attach any debt or other property incapable of manual delivery, due or belonging to the person liable, or that may become due before the expiration of the calendar year, and the person owing such debt or having such property in possession, shall be liable for said tax. Any corporation, firm or person who shall on demand or request made, refuse to give to the tax collector of any county, city or town a list giving the names of all persons employed by them who are liable for tax, shall be guilty of a misdemeanor. Sec. 12. Commissioners to appoint Board of List-takers and Assessors; shall assess property at its true value in money; shall elect Secretary and Chairman.

The Board of List-takers and Assessors shall ascertain the true value in money of all personal property and every tract or parcel of land or other real estate with the improvements thereon, and assess the same in accordance with said valuation. Said Board of List-takers and Assessors shall meet at some place in their respective townships on or before the first Monday in May and elect one of their members chairman and one of their members secretary. Sec. 13. Real property to be assessed at its true value in money.

Real property shall be valued by the assessors either from actual view or from the best information that the assessors can practically obtain, according to its true value in money. In determining the value the assessors shall consider, as to each piece, its advantage or disadvantage of location, quality of soil, quantity of standing timber, water privileges, mines, minerals, quarries, or other valuable deposits known to be available therein and their value.

Sec. 14. All articles of personal property to be assessed at their true value in money.

All articles of personal property shall, as far as practicable, be
valued by the assessors, according to their true value in money; and after arriving at the total valuation of all articles of personal property which they shall be able to discover as belonging to any person, if they have sufficient evidence upon which to form a belief that such person has other personal property consisting of money, credits, debts due or to become due, or any other thing of value liable to taxation, they shall report the fact to the Board of County Commissioners, who shall have power to take such action as may be necessary to get said property on the tax list.

Sec. 14½. Defining “market” value or “true value.”

The intent and purpose of the tax laws of this State is to have all property and subjects of taxation fairly assessed at their true value in money in such manner as such property and subjects are usually sold, but not by forced sale thereof, and, the words “market value” or “true value,” whenever in the tax laws, shall be held and deemed to mean what the property and subjects would bring at cost sale when sold in such manner as such property and subjects are usually sold.

Sec. 15. Board of Assessors shall advertise in five places.

Each Township Board of List-takers and Assessors shall advertise in five or more public places in the township immediately after their appointment, notifying all tax-payers to return to the list-taker all the real and personal property which each tax-payer shall own on the first day of June, requiring said returns to be made to the list-takers during the month of June under the pains and penalties imposed by law, and naming the places and times at which they will be present to receive tax lists: Provided, in cities and towns of five thousand inhabitants or more, the said Board of List-takers and Assessors may proceed from and after the first Monday in May to assess real estate and personal property, but the actual listing thereof shall not begin until the first day of June, and said list-takers and assessors shall receive for their services such compensation as may be allowed them by the Board of County Commissioners.

Sec. 16. Tax Commissioners to prepare instructions for assessors and listers.

It shall be the duty of the Tax Commissioners, at least thirty days previous to the date fixed for listing taxes, to prepare a pamphlet for the instruction of tax assessors. Said pamphlet shall, in as plain terms as possible, explain the proper working of the tax laws of the State, and shall call particular attention to any points in the administration of the laws which have seemed to be overlooked or neglected. They shall advise the assessors of the practical working of the laws, and explain any points which seem to be intricate and upon which assessors may differ. Copies of
said pamphlet shall be sent to the Register of Deeds of each county, whose duty it shall be to see that each assessor and tax-lister is furnished with a copy.

SEC. 17. Oath of tax-listers and assessors.

The Board of List-takers and Assessors shall make a complete return of their assessments, embracing an abstract of the taxable property of their respective townships, to the Board of County Commissioners on or before the second Monday in July, and annex the following affidavit, subscribed and sworn to before a Justice of the Peace, who shall certify the same:

“We, the list-takers and assessors of ________ township, of ________ County, make oath that the foregoing list contains, to the best of our knowledge and belief, all the real and personal property required by law to be assessed in said township, and that we have assessed every tract or parcel of land or other real and personal property at its true value in money, and have endeavored to do equal justice to the public and to the tax-payers concerned.”

Before entering upon the discharge of the duties of their office they shall also take and subscribe the following oath before the Chairman of the Board of County Commissioners for their respective counties, or some officer qualified to administer oaths:

“I, ________, list-taker (or assessor) of ________ township, of ________ County, do solemnly swear (or affirm) that I will discharge the duties devolving upon me as list-taker (or assessor) according to the laws in force governing said office. So help me, God.”

SEC. 18. Board of Equalization.

The Board of County Commissioners and the Chairman of the Board of List-takers and Assessors of the several townships and wards of cities and towns shall constitute a Board of Equalization for the county, and shall meet on the second Monday in July. The Chairman of the Board of County Commissioners shall be Chairman of the Board of Equalization, and shall lay before the Board of Equalization the returns of the list-takers and the assessors. Said Board shall equalize the valuation so that each tract or lot or article of personal property shall be entered on the tax list at its true value in money, and for this purpose they shall observe the following rules: (1) They shall raise the valuation of such tracts or lots of property or articles of personal property, including stocks, bonds and shares in all incorporated companies, except such as are specifically exempt by law, as in their opinion have been returned below their true value, to such price or sum as they may believe to be the true value thereof. (2) They shall reduce the valuation of such tracts and lots or articles of personal property as in their opinion have been returned above their true
value as compared with the average valuation of real and personal property, including stocks, bonds and shares of all incorporated companies of such county. In regard to real property they shall have due regard to the relative situation, quality of soil, improvements, natural and artificial advantages possessed by each tract or lot.

Sec. 19. Compensation of list-takers and assessors.

The Board of County Commissioners shall allow each list-taker and assessor such compensation as said Board shall deem just and proper for each day actually engaged in the performance of his duties. Said Board of County Commissioners shall also allow each member of the Board of Equalization such per diem for the number of days actually engaged in the performance of his duties as the said Board of Commissioners shall deem just and proper, and in addition thereto mileage at the rate of five cents for each mile necessarily traveled in attending the meetings of the Board of Equalization. The per diem and mileage as provided in this section shall be paid by the county.

Sec. 20. List-takers and assessors to make out their accounts; when entitled to compensation.

List-takers and assessors shall make out their accounts in detail, giving the date of each day when they shall have been employed, which account they shall verify under oath. They shall not be entitled to compensation until they shall have filed lists, schedules, statements and books appertaining to the assessment of property for such year, in the office of the clerk of the Commissioners, the books to be accurately made up. The list-takers and assessors shall not be entitled to pay unless they have performed the labor and made return in strict compliance with the law. The County Commissioners shall be the judges of the number of days actually necessary for taking the list, and may regulate the same when a greater number of days are charged for than they deem necessary.

Sec. 21. The said Board of County Commissioners shall annually, at their session in the month of April, except in the year when there shall be an assessment of property, appoint one competent person in each township to list the lands therein at the valuation previously assessed on the same and all personal property in said township: Provided, said Board of County Commissioners may appoint a list-taker for the purposes mentioned in this section for each ward in any city or town in their respective counties. Said Board of Commissioners shall allow the list-takers such compensation for their services as the Board may deem just and proper, and the same shall be paid by the County Treasurer.

Every such list-taker shall correct any parcel of real property

The taxes imposed for State purposes upon the shares of stock in any bank, banking association or savings institution (whether State or national) in this State, shall be paid by the cashier of such bank, banking association or savings institution, directly to the State Treasurer, within thirty days after the first day of July of each year, and upon failure to pay the State Treasurer as aforesaid, he shall institute an action against the bank, banking association or savings institution to enforce the same in the county of the bank, or in the county in which the bank, banking association or savings institution is located, which action shall be prosecuted in the name of the State of North Carolina, on the relation of the Treasurer of the State, and which shall be tried at the return term of the Court: Provided, the complaint is filed ten days before the first day of such term, and shall have precedence over all other actions. The Board of Commissioners of the county in which such banks, banking associations or savings institutions are located shall assess against the value of shares of residents in that county the tax imposed for school and county purposes, which shall be paid to the Sheriff of that county; and shall assess against the value of shares held by non-residents of this State, in such bank, banking association or savings institutions located in that county, the said tax imposed for school, county and municipal purposes, which shall be paid to the Sheriff of that county by the said bank. The value of such shares shall be determined as is hereinafter in this section provided. Every bank, banking association or savings institution (whether State or national) shall
list its real estate in the county, city or town in which such real estate is located for the purposes of State, county and municipal taxation. The actual value of such shares, where such shares have no market value, shall be ascertained by adding together the capital stock, surplus and undivided profits and deducting therefrom the amount of real and personal property owned by said institution on which it pays tax and dividing the net amount by the number of shares in said institution. Insolvent debts due said institution may be deducted from the items of undivided profits or surplus if itemized, and sworn to and forwarded to the Auditor by the cashier of such institution. If the Auditor shall have reason to believe that the market or actual value as given in is not its true value, he shall ascertain such true value by such examination and investigation as to him seems proper, and change the value as given in to such amount as he ascertains the true value to be, which action on the part of the Auditor may be reviewed by the Superior Court by an action brought against the State Auditor in his official capacity by the party aggrieved. But no action shall lie until all taxes, admitted by such aggrieved party to be due, shall have been paid or tendered. In listing the shares for State taxation, such bank, banking association or savings institution shall file with the Auditor of the State a statement showing the name and residence of each shareholder, the number of shares held by each and the taxable value of such shares as fixed by the provisions of this act, which statement shall be in writing and subscribed and sworn to by the president, cashier, or some other officer of the bank. hereinbefore required to be made by such bank, banking association or savings institution to the Auditor of the State. It shall also be the duty of the State Auditor to certify to the Board of County Commissioners of each county wherein any of said shareholders reside a statement showing the names of all the shareholders resident in such county, with the number of shares owned by each, and the value of such shares as ascertained by the statement hereinbefore required to be made by such bank, banking association or savings institution to the Auditor of the State. And it shall thereupon be the duty of the chairman and clerk of the said Board of County Commissioners to list said shares of stock, with the assessed value thereon, for the purposes of county, school or municipal taxation; and the tax-lister for the city or town shall compute the municipal taxes thereon: Provided, that no city or town shall assess any bank stock at a valuation different from that affixed by the Auditor. The residents of this State who are shareholders in any bank, banking association or savings institution (whether State or national) shall list their respective shares in the county, city or town, precinct or village where they reside for the purposes of county, school or municipal taxation. The shares of non-residents of this State, who are shareholders in any bank, banking association or savings institution (whether State or national) located in this State, shall be listed in the county, city, town, precinct or village in which such bank, banking association or savings institution is located for the purposes of county, school and municipal taxation. All shares, whether owned by residents or non-residents, shall be listed at the time prescribed for listing taxes. The County Commissioners, list-takers and other county and municipal officers shall have the same power to enforce the listing of shares of stock in any such bank, banking association or savings institution, whether held by residents or non-residents, as they have for enforcing the listing of other personal property. The taxation of shares in any such bank, banking association or savings institution shall not be at a greater rate than as assessed upon other moneyed capital in the hands of individual citizens of this State, whether such taxation is for State, county, school or municipal purposes.

Sec. 34. Reports from corporations.

fidelity and according to the best of his knowledge and belief,

amount of profit made, either declared in dividends or carried
into surplus or sinking fund, and when the same shall have been
so truly estimated and appraised, they shall forthwith forward to
the Auditor a certificate thereof, accompanied by a copy of their
said oath or affirmation, signed by them and attested by a Mag-

them for taxes, penalties and interest due the State thereon, of
which such settlement immediate notice shall be given to said
corporation by said Auditor and State Treasurer, with the right
to the company dissatisfied with any settlement so made against
it to appeal to the Superior Court in term time of the county in

Upon the filing of the statements required in the preceding sections the Board of Corporation Commissioners shall examine them, and each of them, and if the Commissioners shall deem the same insufficient, or in case they shall deem that other information is requisite, they shall require such officer to make such other and further statements as said Commissioners may call for. In case of the failure or refusal of any association, company, copartnership or corporation to make out and deliver to the Board of Corporation Commissioners and statement or statements required by this act, such association, company, copartnership or corporation shall forfeit and pay to the State of North Carolina one hundred dollars ($100) for each additional day such report is delayed beyond the twentieth day of June, to be sued for and recovered in any proper form of action in the name of the State of North Carolina on the relation of the Corporation Commissioners, and such penalty, when collected, shall be paid into the general fund of the State.

**Sec. 47. Corporation Commissioners shall examine statements.**

The Corporation Commissioners shall thereupon value and assess the property of each association, company, copartnership or corporation in the manner hereinafter set forth, after examining such statements and after ascertaining the value of such properties therefrom, and upon such other information as they may have or obtain. For that purpose they may require the agents or officers of said association, company, copartnership or corporation to appear before them with such books, papers and statements as they may require, or they may require
additional statements to be made to them, and may compel the attendance of witnesses in case they shall deem it necessary, to enable them to ascertain the true cash value of such property.

Sec. 48. Manner of assessment.

Said Corporation Commission shall first ascertain the true cash value of the entire property owned by the said association, company, copartnership or corporation, from said statements or otherwise, for that purpose, taking the aggregate value of all the shares of capital stock, in case shares have a market value, and in case they have none, taking the actual value thereof or of the capital of said association, company, copartnership or corporation, in whatever manner the same is divided, in case no shares of capital stock have been issued: Provided, however, that in case the whole or any portion of the property of such association, company, copartnership or corporation shall be encumbered by a mortgage or mortgages, such Board shall ascertain the true cash value of such property by adding to the market value of the aggregate shares of stock, or to the value of the capital; in case there should be no such shares, the aggregate amounts of such mortgage or mortgages, and the result shall be deemed and treated as the true cash value of the property of such association, company, copartnership or corporation. Such Board of Corporation Commissioners shall, for the purpose of ascertaining the true cash value of the property within the State of North Carolina, next ascertain from such statements, or otherwise, the assessed value for taxation, in the localities where the same is situated, of the several pieces of real estate situated within the State of North Carolina, and not specifically used in the general business of such associations, companies, copartnerships or corporations, which said assessed value for taxation shall be by said Board deducted from the gross value of the property as above ascertained. Said State Board of Corporation Commissioners shall next ascertain and assess the true cash value of the property of the associations, companies, copartnerships or corporations within the State of North Carolina by taking as a guide, as far as practicable, the proportion of the whole aggregate value of said associations, companies, copartnerships or corporations as above ascertained, after deducting the assessed value of such real estate without the State, which the length of lines of said associations, companies, copartnerships or corporations, in the case of telegraph and telephone companies within the State of North Carolina, bears to the total length thereof, and in the case of express companies and sleeping-car companies the proportion shall be the proportion of the whole aggregate value, after such deduction, which the length of the lines, or routes within the State of North Carolina, bears.
to the whole length of the lines or routes of such associations, companies, copartnerships or corporations, and such amount so ascertained shall be deemed and held as the entire value of the property of said associations, companies, copartnerships or corporations within the State of North Carolina. From the entire value of the property within the State so ascertained there shall be deducted by the Commissioners the assessed value for taxation of all real estate, structures, machinery and appliances within the State and subject to local taxation in the counties, as hereinbefore described in sections 40, 41, 42, 43, 44 and 45 of this act, and the residue of such value so ascertained, after deducting therefrom the assessed value of such local properties, shall be by said Board assessed to said association.

SEC. 49. Value per mile.

Said Corporation Commission shall thereupon ascertain the value per mile of the property within the State by dividing the total value, as above ascertained, after deducting the specific properties locally assessed within the State by the number of miles within the State, and the result shall be deemed and held as value per mile of the property of such association, company, copartnership or corporation within the State of North Carolina.

SEC. 50. Total value for each county.

Said Corporation Commission shall thereupon, for the purpose of determining what amount shall be assessed by it to said association, company, copartnership or association, in each county in the State, through, across and into or over which the line of said association, company, copartnership or corporation extends, multiply the value per mile, as above contained, by the number of miles in each of such counties as reported in said statements, or as otherwise ascertained, and the result thereof shall be by the Clerk of said Board certified to the Chairman of the Board of County Commissioners, respectively, of the several counties through, into, over or across which the lines or routes of said association, company, copartnership or corporation extends. All taxes due the State from any corporation taxed under the preceding sections, except the tax paid for school purposes, shall be paid by the Treasurer of each company direct to the State Treasurer.

SEC. 51. Companies failing to pay tax.

In case any such association, company, copartnership or corporation, as named in this act, shall fail or refuse to pay any taxes assessed against it in any county in this State, in addition to other remedies provided by law for the collection of taxes, an action may be prosecuted in the name of the State of
North Carolina by the Solicitors of the different judicial circuits of the State, on the relation of the County Commissioners of the different counties of this State, and the judgment in the said action shall include a penalty of fifty per cent of the amount of taxes as assessed and unpaid, together with reasonable attorney's fees for the reduction of such action, which action may be prosecuted in any county into, through, over or across which the line or routes of any association, company, copartnership or corporation shall extend, or in any county where such association, company, copartnership or corporation shall have an office or agent for the transaction of business. In case such association, company, copartnership or corporation shall have refused to pay the whole of the taxes assessed against the same by the said Corporation Commission, or in case such association, company, copartnership or corporation shall have refused to pay the taxes or any portion thereof assessed to it in any particular county or counties, such action may include the whole or any portion of the taxes so unpaid in any county or counties, but the Attorney-General may, at his option, unite in one action the entire amount of the tax due, or may bring separate actions to each separate county or adjoining counties, as he may prefer. All collection of taxes for or on account of any particular county made in any such suit or suits shall be by said Board accounted for as a credit to the respective counties, for or on account of which such collections were made by the said Board, at the next ensuing settlement with such county, but the penalty so collected shall be credited to the general fund of the State; and upon such settlement being made, the treasurers of the several counties shall, at their next settlements, enter credits upon the proper duplicates in their offices, and at the next settlement with such county report the amount so received by him in his settlement with the State, and proper entries shall be made with reference thereto: Provided, that in any such action the amount of assessment fixed by said Corporation Commission and apportioned to such county shall not be controverted.

Sec. 52. Railroads.

The Commissioners selected from time to time under the authority to establish the North Carolina Corporation Commission shall constitute a Board of Appraisers and Assessors for railroad, telegraph, telephone, street railway, canal and steamboat companies, and other companies exercising the right of eminent domain.

Sec. 53. Railroads.

The President, Secretary, Superintendent, or other principal
accounting officers within this State of every railroad, telegraph, telephone, street railway company, whether incorporated by the laws of this State or not, shall at such dates, as real estate is required to be assessed for taxation, return to the said Commission for assessment and taxation, verified by the oath or affirmation of the officer making the return, all the following described property belonging to such corporation within this State, viz.: The number of miles of such railroad lines in each county in this State, and the total number of miles in the State, including the road-bed, right of way and superstructures thereon, main and side-tracks, depot buildings and depot grounds, section and tool houses, rolling stock and personal property necessary for the construction, repairs or successful operation of such railroad lines, including also, if desired by the North Carolina Corporation Commission, Pullman or sleeping-cars or refrigerator cars owned by them or operated over their lines: Provided, however, that all machine and repair shops, general office buildings, store houses, and also real and personal property outside of said right of way and depot grounds, as aforesaid, of and belonging to any such railroad companies, shall be listed for purposes of taxation by the principal officers or agents of such companies with the list-takers of the county where the real and personal property may be situated, in the manner provided by law for the listing and valuation of real and personal property, a list of such property shall be filed by such company with the Corporation Commission. It shall be the duty of the Register of Deeds, if required so to do by the said Commission, to certify and send to the said Commission a statement giving a description of the property mentioned in the foregoing proviso, and showing the assessed valuation thereof. The Register of Deeds shall also certify to the Commission the local rate of taxation for county purposes as soon as the same shall be determined, and such other information obtained in the course of the performance of the duties of their office as the said Commission shall require of them, and the Mayor of each city or town shall cause to be sent to the said Commission the local rate of taxation for municipal purposes.

Sec. 54. Railroads.

The moveable property belonging to a railroad company shall be denominated, for the purpose of taxation, "rolling stock." Every person, company or corporation owning, constructing or operating a railroad in this State shall (in the month of June, annually), return a list or schedule to the Corporation Commission, which shall contain a correct detailed inventory of all the rolling stock belonging to such company, and which shall distinctly set forth the number of locomotives of all classes, pas-

the Commission and with reference to amounts and values on
the first day of June of the year of which the return is made.

Sec. 55. Tangible and intangible property assessed separately.

(a) The said Commission shall first determine the value of
the tangible property of each division or branch of such rail-
road, of rolling stock, and all other physical or tangible prop-
erty. This value shall be determined by a due consideration of
the actual cost to replace the property, with a just allowance
for depreciation on rolling stock, and also of other conditions, to
be considered as in the case of private property.

(b) They shall then assess the value of the franchise, which
shall be determined by due consideration of the gross earnings
as compared with the operating expenses; and particularly by
consideration of the value placed upon the whole property by
the public (the value of the physical property being deducted),
as evidenced by the market value of all capital stock, certificates
of indebtedness, bonds or any other securities, the value of
which is based upon the earning capacity of the property.

(c) The aggregate value of the physical or tangible property
and the franchise, as thus determined, shall be the true value of
the property for the purpose of an ad valorem taxation, and
shall be apportioned in the same proportion that the length of
such road in each county bears to the entire length of such di-
vision or branch road in each county bears to the entire length
of such division or branch thereof; and the Corporation Com-

And upon the application of the said Road Superintendent of the county, or that of the Chairman of the Board
of County Commissioners, the Judge of the Superior Court, or the Judge of the Criminal Court, the Justices of the Peace and the principal officer of any municipal or other inferior Court, it shall be the duty of said Judges or Justices of the Peace, or said principal officer to assign such persons convicted in his Court to said Road Superintendent or Road Supervisor in any township making provision for the same for work on the public roads of said county or township, all such convicts to be fed and clothed and otherwise cared for at the expense of the township in which they are worked: Provided further, that in case of serious physical disability, certified by the county physician, persons convicted in said Superior, Criminal or inferior Court, may be sentenced to the Penitentiary or the county jail.

Sec. 10. That section ten of said act may be amended by striking out same and substituting in lieu thereof the following: For the purposes of this act the roads are hereby classified as follows:

(a) The thoroughfares include the most important public roads which usually lead through two or more townships or counties and extensively used by the traveling public. These become the highways of the county as they are properly graded and drained and have their surface improved by being covered with broken stones, gravel, shells or suitable mixture of sand and clay.

(b) The neighborhood or branch roads are public roads which

Pub——27
are usually to the limits of one or two townships, and generally lead from neighborhood or settlements to main thoroughfares.  

(c) Cartways which have no general public junction, are private ways opened up to allow one or more persons on foot, on horseback, or with any vehicle to pass to and from his or her property through lands belonging to other parties in order to reach the public roads.

Information and advice concerning the location, re-location and general improvement of these public roads, shall be furnished to the county authorities by the State Highway Commission. And the said Highway Commission is hereby made the interpreter of and may revise the specification for road building provided for in this act; and it shall further prescribe the general regulations for the management of prisoners working on the public roads. That the thoroughfares or highways as defined above to be improved or constructed according to the provisions of this act prior to the inauguration of any such permanent improvements on the road or highway to be so improved or constructed, shall be first carefully surveyed and located by an engineer or surveyor trained and experienced in such work, aided by the county road Superintendent or Supervisor and such assistants as may be necessary for him to employ, the same to be paid out of the road fund of the county for services and expenses as may be agreed upon by the County Commissioners. All such public roads or highways where changed, or hereafter located, or re-located or widened, shall be with a given grade nowhere greater than ten feet in a distance of one hundred feet; and they shall have a width of not less than twenty feet, clear of ditches, logs, trees and other obstructions: Provided, that where it shall be necessary to locate the roadway on the steep slope of a mountain, its width shall not be less than sixteen feet between ditches, or where blasted out in hard rock, the width of such roadway shall not be less than thirteen feet: Provided further, that these thoroughfares or highways shall have a right of way of at least sixty feet wide, but the width of the road-bed within the limits here specified shall be decided by the Board of Commissioners. All such roads shall be thoroughly drained, and wherever it shall become necessary to turn water across them, this shall be done by putting in sewer pipes or other forms of covered drains or culverts. The neighborhood or branch roads as defined above, shall have a right of way of thirty feet, but the width and grade of the roadway, and the specifications under which these roads shall be kept in repair, shall be decided by the County Superintendent of Roads or the Supervisor in that township or district, subject to the approval of the Board of County Commissioners; and said roads may be re-located or otherwise changed in the manner provided for in this
act. The amount and nature of the labor to be performed under this act, in the maintenance and repair, or change of any one of these roads, or parts thereof, shall be at the discretion of the Superintendent or Supervisor in charge of said roads. Cartways defined above are to be kept in repair by parties using the same. Any party desiring a cartway opened up over the lands of other persons may file his petition for the same before the Board of County Commissioners, through the Road Supervisor of the township or district in which such cartways are to be located, praying for a cartway to be kept open across such lands of another, leading to some public road; and upon making it appear to the Board that the owner or owners of the said lands, or their legal representatives, had a notice of ten days of his intention; the Board shall hear the allegations of the petitioner and the objections thereto, if any, of the owners or their representatives, and if sufficient reason be shown, shall order the Constable or other officer to summon a jury of three freeholders to view the premises and lay off a cartway not less than fourteen feet wide and assess the damages the owner of such lands may sustain thereby, which, with the expense of making the way, shall be paid by the petitioner; and the way shall be kept open for the free passage of all persons, either on foot or horseback, or in wagons, or any other vehicles whatsoever. Cartways laid off according to the provisions of this section may be changed or discontinued upon the application of any person concerned, under the same rules and proceedings as they may have been laid off, and upon such terms as to the Board of County Commissioners shall seem equitable and just. And any person over whose lands a cartway shall be laid off, may direct gates or bars to be erected across the same; and if any person shall leave open, break down or otherwise injure such gates or bars, he shall forfeit and pay for every such offence ten dollars to the person erecting the same, or to the owner of the land; and if the offence shall be maliciously done, he shall be guilty of a misdemeanor: Provided, that in case a cartway has been granted by the mutual consent of the interested parties and without official sanction, the same shall not be closed by any party until an opportunity has been given for the establishment of such a cartway as herein provided for, and any person so closing a cartway in violation of this provision shall be guilty of a misdemeanor.

Sec. 11. That section eleven of said act be amended as follows: Strike out the word "county" in line nineteen of said section eleven, and substitute the words, "township in which the offence was committed." Add in line thirty of said section eleven, after the word "price" and before the word "and," the following words, "out of the township road fund wherein said material was used."
Sec. 12. That section twelve of said act be amended by adding to said section the following words: "Provided further, that the damages awarded shall be paid out of the road fund of the township in which the property concerned is located."

Sec. 13. That section fourteen of said act be amended so as to read as follows: The County Commissioners shall cause to be set up along the highways and principal public roads of the county, substantial mile posts, on which shall be indicated the distance from the county site; and at important road forks and crossings the Commissioners shall cause to be erected guide boards on which shall be indicated the principal place or places to which these roads lead, and the distances to the same. That if any person or persons shall wilfully alter, deface or otherwise injure any such posts or guide boards, every person so offending shall, upon conviction thereof, before any Justice of the Peace, be fined any sum not less than five nor more than twenty-five dollars and costs, or imprisoned or sentenced to work on the public roads not less than five nor more than twenty-five days; and the money when collected by said Justice of the Peace, shall be paid over to the treasurer of the road fund for use in the district where the offence was committed. That any person or persons who shall wilfully obstruct any public road in the county, cut, girdle, undermine, or in any other way weaken and leave standing any tree or trees so located that they may fall across and obstruct any public road, or who shall interfere with or in any way wilfully or without having taken due precaution damage any public road, culvert or bridge, or who shall in any way interfere with any officer, laborer or prisoner working on the same, shall be guilty of a misdemeanor, and shall be fined or sentenced to work on the public roads at the discretion of the Court. And any officer or employee employed by virtue of this act, or to whom duties are assigned by this act, who shall fail to make complete returns within the time prescribed therein, or who shall otherwise fail to perform the duties imposed upon him by this act, and any person or persons or corporations who shall violate any of the provisions of this act, shall, in all cases, whether penalties for such failure are, or are not, prescribed in this act, be guilty of a misdemeanor. For posting and advertising the applicant shall pay to the entry-taker one
dollar ($1), and in addition thereto the applicant shall also pay the cost of the newspaper advertising. If any person shall claim title to or an interest in the land covered by the entry, or any part thereof, he shall, within the time of advertisement as above provided, file his protest in writing with the entry-taker against the issuing of a warrant thereon; and upon the filing of such protest, the entry-taker shall certify copies of the entry and protest to the Superior Court, and thereupon a notice shall be issued by the Clerk of the Superior Court to the claimant, commanding him to appear at the next term of said Court and show cause why his entry shall not be declared inoperative and void. In case no protest is filed, or where the protest is filed, and the right of the claimant to make the entry is sustained, the entry-taker shall deliver to the party a copy of the entry with its proper number and a warrant to the surveyor to survey the same, which warrant shall contain a copy of the entry with its number and date, and a certificate that notice has been given as above provided, and that no protest has been filed, or that protest has been filed and that the Court has decided in favor of the claimant. Each warrant shall be delivered to the surveyor in the order of time in which the entry was made. If the Secretary of State has reason to believe that the land covered by any entry and the surveys made in pursuance of the same is the property of the State Board of Education, he may, in his discretion, withhold the issuance of a grant for the same until the engineer of the State Board of Education or surveyor appointed by said Board shall have examined into the matter and made report. And if said engineer or surveyor shall report that the lands in question are the property of the State Board of Education and not subject to entry, the Secretary of State shall not issue grant on such entry and surveys. If the Secretary of State shall have reason to believe that the land for which grant is sought has already been granted and does not belong to the State, he shall not issue grant for the same until it appears to his satisfaction that the land does belong to the State and is subject to entry."

Sec. 4. In line five of section 2769, after the word "whereof," insert the words, "and the number of the entry."

Sec. 5. Add the following sections to said chapter 17: "2788 (a). Any person, individual or corporation who shall make an entry for any lands, and who, before perfecting title to same, shall enter upon such lands and cut therefrom any wood, trees or timber, shall be guilty of a misdemeanor and shall be fined not exceeding one hundred dollars or imprisoned not exceeding four months, or both fined and imprisoned, in the discretion of the Court. One-half of any fine collected under this section shall be paid to the informer and one-half to the school fund of the county
in which the land is situate. Any person found guilty under the provisions of this section shall further pay to the State double the value of the wood, trees or timber taken from the land and it shall be the duty of the Solicitor of the district in which the land lies to sue for the same.

"Sec. 2788 (b). The Secretary of State is hereby authorized to have printed as many copies of this chapter as he may deem advisable, together with all amendments to the same."

Sec. 6. That this act shall be in force from and after its ratification.

In the General Assembly read three times, and ratified this 9th day of March, A. D. 1903.

Sec. 2. This act shall be in force from and after its ratification.

In the General Assembly read three times, and ratified this 9th day of March, 1903.
AN ACT TO REVISE THE LAWS AUTHORIZING THE BUSINESS OF BANKING AND TO DEFINE THE DUTIES OF THE CORPORATION COMMISSION IN THE SUPERVISION OF THE STATE, PRIVATE AND SAVINGS BANKS OF THE STATE AND TO PROVIDE FOR THE CHARTER OF SAME BY THE SECRETARY OF STATE.

The General Assembly of North Carolina do enact:

SECTION 1. That any number of persons, not less than three, may associate to establish banks of discount and deposit, to be known as Commercial Banks, and also to establish offices of loan and deposit to be known as Savings Banks, or to establish banks having departments for both classes of business, upon the terms and conditions and subject to the liabilities prescribed in this act, but the aggregate amount of capital stock of any such bank shall not be less than $25,000.00, except when banks with a capital of not less than $5,000.00 may be organized in a city or village, the population of which does not exceed 1,500 inhabitants, and with a capital of not less than $10,000.00 in a city or village, the population of which does not exceed 5,000 inhabitants. No bank shall be the holder as pledgee or as purchaser of any portion of its capital stock, unless such purchase shall be necessary to prevent loss upon a debt previously contracted in good faith.

Sec. 2. The persons associating shall execute Articles of Incorporation, which shall specify:
1st. The name assumed by such bank, which shall be in no material respect similar to the name of any other bank organized under the laws of this State or National Banking Association.
2d. The county and city, or village, where such bank shall be located to conduct its business.
3rd. The nature of its business, whether that of commercial bank, savings bank, or both.
4th. The amount of its capital stock, which shall be divided into shares of $50.00 or $100.00 each.
5th. The names and places of residence of the stockholders, and the number of shares held by each of them.
6th. The period for which the bank is organized, which shall not exceed thirty years.

Such Articles of Incorporation shall be acknowledged before any officer authorized by the laws of this State to take and certify acknowledgments.

Sec. 3. Such Articles of Incorporation shall be executed in triplicate, one of which shall be recorded in the office of the County Clerk for the county in which the bank is located, one filed in the office of the Corporation Commission and one filed and recorded in the office of the Secretary of State, and shall also be spread

Sec. 4. That sections twenty-nine (29) and ninety-six (96) of chapter two (2), Public Laws of 1901, being "An act to revise the Corporation Laws of North Carolina," shall be applicable to banks organized under this act. The machinery provided for the dissolution of corporations under said act shall also apply to banks.

The Secretary of State shall then issue a Certificate of Incorporation to such corporation, granting the privilege of doing a banking business as authorized by this act.

Sec. 5. Whenever the Articles of Incorporation are filed with the Corporation Commission as provided in this act and the bank transmitting the same files the certificate of payment of capital stock as provided in this act, and certifies that such bank has complied with all of the provisions in this act required, before the bank shall be authorized to commence business, the Corporation Commission shall examine the sworn statements of the conditions of such bank, or have same examined in person and ascertain the amount of money paid in on account of its capital, the name and place of residence of each of its directors and the amount of capital stock of which each is the owner in good faith, and whether such bank has complied with all the provisions of this act required to entitle it to engage in the business of banking.

Sec. 6. The Corporation Commission may withhold from any bank its certificate authorizing the commencement of business whenever it has reason to believe that the stockholders have formed the same for any other purpose than the legitimate objects contemplated by this act.

Sec. 7. If upon such examination it appears to the Corporation Commission that such bank is lawfully entitled to commence the business of banking, it shall within thirty days after the filing of the certificate of payment of capital as provided in this act, give to such bank a certificate signed by the Chairman of the Corporation Commission, attested by the Secretary of the Commission, that such bank has complied with all the provisions required to be complied with before commencing the business of banking and that such bank is authorized to commence such business.

Sec. 8. Upon making and filing the Articles of Incorporation required by this act, the bank shall become a body corporate and as such shall have power:

1st. To adopt and use a corporate seal.
2d. To have succession for the period of years named in the Articles of Incorporation.
3rd. To make contracts.
4th. To sue and be sued in any court of law or equity as fully as natural persons.

5th. To elect or appoint directors, who shall choose from their number a president and one or more vice-presidents, and shall have power to appoint and employ a cashier or treasurer and any other officers, define their duties, require bonds from such officers and clerks, dismiss such officers so elected or appointed, or any of them at pleasure and elect or appoint others to fill their places.

6th. To prescribe by its board of directors by-laws not inconsistent with law, regulating the manner in which its stock shall be transferred, its directors and officers elected or appointed, its stockholders convened for special meetings, its property transferred and its general business conducted and the privilege granted to it by law exercised and enjoyed.

7th. To exercise by its board of directors or duly authorized officers or agents subject to law, all such powers as shall be necessary to carry on the business of banking, by discounting and negotiating promissory notes, drafts, bills of exchange and other evidences of debts, by receiving deposits. by buying and selling exchange, coin and bullion, by loaning money on personal security or real property. Such association at the time of making loans or discounts may take and receive in advance such interest as may be agreed upon not exceeding the legal rate.

Sec. 9. Such bank may purchase, hold and convey real estate for the following purposes:

1st. Such as shall be necessary for the convenient transaction of its business, including with its banking offices other apartments to rent as a source of income, which investment shall not exceed 25 per cent of its paid in capital stock and permanent surplus: Provided, that this provision shall not apply to any such investment made before the date that this act takes effect.

2d. Such as is mortgaged to it in good faith by way of security of loans made or money due to such bank.

3d. Such as is conveyed to it in satisfaction of debts previously contracted in the course of its dealings.

4th. Such as it acquires by sale on execution or judgment of any Court in its favor.

Sec. 10. At least 50 per cent of the capital stock of every bank shall be paid in in cash before it shall be authorized to commence business and the remainder of the capital stock of such bank shall be paid in in monthly installments of at least 10 per cent in cash of the whole of the capital, payable at the end of each succeeding month from the time it shall be authorized by the Corporation Commission to commence business, and the payment of each installment shall be certified to the Commission under oath by the Cashier or President of the bank.

Sec. 11. Whenever any stockholder or his assignee fails to pay any installment on the stock, when the same is required by the preceding section to be paid, the Directors of such bank may sell the stock of such delinquent stockholders at public sale, as they shall deem best, having first given the delinquent stockholder twenty days notice, personally or by mail, at his latest known address. If no party can be found who will pay for such stock the amount due thereon to the bank, with any notes incurred, the amount previously paid shall be forfeited to the bank and such stock shall be sold as the Directors may order, within six months of the time of such forfeiture, and if not sold, it shall be cancelled and deducted from the capital of the bank.

Sec. 12. The shares of stock of such bank shall be deemed personal property and shall be transferred on the books of the bank in such manner as the by-laws of the bank may direct; but no transfer of stock shall be valid against the bank so long as the registered holder thereof shall be liable as principal debtor, surety or otherwise to the bank for any debt which shall be due and unpaid, nor in such case shall any dividends, interest or profits be paid on such stock so long as such liabilities continue; but all such dividends, interests or profits shall be retained by the bank and applied to the discharge of such liabilities, and no stock shall be transferred on the books of any bank without the consent of the Board of Directors where the registered holder thereof is in debt to the bank for any matured and unpaid obligations.

Sec. 13. The stockholders of every bank organized under this act shall be individually responsible, equally and ratably and not one for another for all contracts, debts and engagements of such corporation, to the extent of the amount of their stock therein at the par value thereof, in addition to the amount invested in such shares. The term "stockholder," when used in this chapter, shall apply not only to such persons as appear by the books of the corporation to be stockholders, but also to every owner of stock, legal or equitable, although the same may be on such books in the name of another person; but not to a person who may hold the stock as collateral security for the payment of a debt.

Sec. 14. No person who has in good faith and without any intent to evade his liability as a stockholder, transferred his stock on the books of the corporation, when solvent, to any person of full age, previous to any default in the payment of any debt or liability of the corporation, shall be subject to any personal liability on account of the non-payment of such debt or liability of the corporation, but the transferee of any stock as transferred previous to any default shall be liable for any such debt or liability of the corporation to the extent of such stock, in the same manner as if he had been the owner at the time the corporation contracted such debt or liability.
Sec. 15. Every President, Director, Cashier, Teller, Clerk or agent of any bank or association created under this act, who embezzles, abstracts or wilfully misapplies any of the moneys, funds or credits of the association, or who, without authority from the Directors, issues or puts forth any certificate of deposit, draws any order or bill of exchange, makes any acceptance, assigns any note, bond, draft, bill of exchange, mortgage, judgment or decree, or who makes any false entry in any book, report or statement of the bank or association, with the intent in either case to injure or defraud the bank or association or any other company, or any individual person, or to deceive any officer of the bank or association, or any person who aids and abets in the doing of any of these things, shall be guilty of a high misdemeanor, and upon conviction shall be imprisoned in the penitentiary of the State for not less than two years, nor more than fifteen years, and likewise fined, at the discretion of the Court.

Sec. 16. Every bank shall at all times keep a correct list of the names of all its stockholders, and once in each year, or whenever called upon, file in the office of the Corporation Commission a correct copy of such list.

Sec. 17. Whenever any bank, under the laws of this State or of the United States, is authorized to dissolve and shall have taken the necessary steps to effect dissolution, it shall be lawful for a majority of the Directors of such bank, upon the authority in writing of the owners of two-thirds of its capital stock, with the approval of the Corporation Commission, to execute articles of incorporation as provided in this act, which articles, in addition to the requirements above, shall further set forth the authority derived from the stockholders of said dissolved National Bank or State Bank, and upon filing the same as hereinbefore provided, upon the organization of banks, the same shall become a bank under the laws of this State, and thereupon all assets, real and personal, of said dissolved National Bank, shall by act of law be vested in and become the property of said State bank, subject to all liabilities of said National Bank not liquidated under the laws of the United States before such reorganization: Provided, such State or National bank shall not be required to pay the fee as provided in section 4 of this act.

Sec. 18. Every bank, association, firm or individual now doing a banking business without being organized by a State charter to do so, shall conform to all the provisions of this act before such bank, firm or individual shall be authorized to continue to do a banking business: Provided, such bank, association, firm or individual shall have sixty days within which to conform to the provisions of this act: Provided further, this shall not apply to individuals or firms doing business as bankers in his or their own names and so published.
Sec. 19. Every bank, corporation, partnership, firm or individual, now or hereafter transacting a banking business under the laws of and within this State, shall be subject to the provisions of this act and regulated by and be under the supervision of the North Carolina Corporation Commission.

Sec. 20. The North Carolina Corporation Commission shall have power to make such rules for the government of the banks and banking institutions of this State as may in its judgment seem wise and expedient: Provided, that no such rule or regulation shall in any way conflict with any of the provisions of this act.

Sec. 21. Every bank and every corporation, partnership, firm or individual transacting a banking business shall make to the Corporation Commission not less than four reports during each year, according to the form which may be prescribed by said Board, which reports shall be verified in the case of incorporated banking companies by the oath or affirmation of the President, Vice-President or Cashier, and, in addition, two of the Board of Directors, and in other cases by the oath or affirmation of the partners, members of the firm or individual owner. The bank, corporation or individual making such report shall publish same in some newspaper in the county in which such bank, corporation or individual is located.

Sec. 22. The Corporation Commission shall have power to call for special reports from any bank, corporation, firm or individual transacting a banking business, whenever necessary, in order to obtain a full and complete knowledge of its, their or his bank.

Sec. 23. The North Carolina Corporation Commission shall appoint a suitable person or persons to make an examination of and into the affairs of every bank, corporation or individual doing a banking business as often as shall be deemed necessary and proper, and at least once every year. The Corporation Commission may at any time remove any person appointed by said Commission.

Sec. 24. The person or persons so appointed as examiners shall have power to make a thorough examination into all the books, papers and affairs of the bank or corporation, firm or individual transacting a banking business, and, in so doing, to administer oaths and affirmations and to examine on oath or affirmation any individual banker and the officers, agents, partners and clerks of such bank, corporation, firm or individual touching the matters he or they shall be authorized and directed to inquire into, and examine, and to summon, and by attachment compel the attendance of any person or persons in this State to testify under oath before him or them in relation to the affairs of such corporation, partnership, firm or individual. The person or persons making such examination shall make a full and detailed report of the
condition of such corporation, partnership, firm or individual to the Commission: Provided, that any examiner appointed under the provisions of this act, who shall knowingly and willingly make any false or fraudulent report of the condition of any bank which shall have been examined by him, with the intent to aid or abet the officers, owners or agents of such bank, in continuing to operate an insolvent bank; or if any such examiner shall receive or accept any bribe or gratuity, given for the purpose of inducing him not to file any report of an examination of any bank made by him, or who shall neglect to make an examination of any bank by reason of having received or accepted any bribe or gratuity, he shall be deemed guilty of felony, and, on conviction thereof, shall be imprisoned in the State penitentiary for not less than two nor more than ten years.

Sec. 25. One examination each year shall be designated as the annual examination, and for each examination the bank, corporation, association or individual so examined shall pay into the office of the Corporation Commission, to be paid to the examiners, an examination fee as follows: Banks, banking institutions or individuals doing a banking business, having a capital of $25,000 or less, shall pay a fee of $15.00; those having a capital stock of more than $25,000 and not over $50,000, $25.00; those having a capital stock of over $50,000, $30.00. The expenses incurred and services, other than examinations performed especially for any bank, shall be paid by such bank or banking institution. No bank shall be compelled to pay for more than one examination in each year, unless it shall appear from report, examination or otherwise that the condition of any bank or banking institution or banker is precarious, or in any way unsatisfactory, it shall be the duty of the Commission to order a special examination, which shall be paid for as regular examinations.

Sec. 26. Every bank, corporation, partnership, firm or individual that shall refuse, fail or neglect to make any report, or any published statement required by the provisions of this act, shall be subject to a fine or penalty of fifty ($50) dollars per day for each day after the time named for said report or statement to be made, that it, they or he delays to make and transmit such report or statement to the Corporation Commission. The fine or penalty herein provided for shall be recovered by the State, for the benefit of the general fund, in a civil action in any Court of competent jurisdiction, and it is hereby made the duty of the Attorney-General to enforce the fine or penalty herein provided.

Sec. 3. A record shall be kept by the said Board of Commissioners in a separate book for that purpose of all bonds sold, and to whom, the amount and date of sale, and the maturity of each bond and its number.

Sec. 4. In order to pay the interest on said bonds said Commissioners, or other authority vested with levying taxes for said county, shall annually compute and levy at the time of levying other county taxes a sufficient special tax on all polls, all real estate and personal property and all other subjects of taxation, which said Commissioners or other authorities now or hereafter may be allowed to levy taxes upon for any purpose whatever, always observing the constitutional equation between the tax on property and the tax on polls.

Sec. 5. That said taxes, when collected, shall be kept separate and apart from all other taxes and shall be used only for the purpose for which it was collected.

Sec. 6. That after the expiration of ten years the said Commissioners, or other authorities vested with the power of levying taxes, in order to create a sinking fund for the purpose of taking up said bonds at maturity, shall levy a special tax of not exceeding ten cents on the hundred dollars worth of property and thirty cents on the poll in addition to the special tax to pay the interest.

That it shall be the duty of the said Commissioners to annually invest any and all moneys arising from the special tax for sinking fund in the purchase of any of said bonds at a price deemed advantageous to said county by said Commissioners. But in case said county bonds can not be purchased, the said Commissioners shall invest said sinking fund in North Carolina four per cent State bonds; or may loan the same upon notes or bonds, secured by the deposit of such North Carolina State bonds as collateral security for said loan.

Sec. 8. That any money of said sinking fund so loaned shall have the legal rate of interest in North Carolina, and any interest from said fund shall be annually reinvested in the same way.

Sec. 9. That the money arising from the sale of said bonds shall be used to purchase improved road-working machinery, macadamizing and otherwise improving the public roads of said county and in guarding and maintaining such convict force as may from time to time be assigned to work on said road.

At the close of the
election in each precinct the votes shall be counted and returned over the signatures of the registrar and judges of election to the Board of County Commissioners. Abstracts or blanks for this purpose shall be prepared by the Board of County Commissioners and furnished to each precinct, and the registrar or one judge of election shall be chosen as a messenger to transmit the said returns to the Board of Commissioners. Said returns shall be executed in triplicate. One copy shall be transmitted as before said to the Board of Commissioners, one copy to the Clerk of the Superior Court of said county, and one copy retained by the registrar of each precinct. But if a majority of the qualified voters of said county shall fail to vote "For Road Improvement" at said election, then and in that event, on the first Thursday in August, nineteen hundred and four, the question may again be submitted to the voters of Gaston County under the same rules and regulations as the election herein provided to be held during the year nineteen hundred and three, unless one of the days named for the doing of some act shall during the said year nineteen hundred and four fall upon Sunday, in which case the said act shall be done on the day preceding said day. If at said second election a majority of the qualified voters of said county shall vote "For Road Improvement," the Commissioners of said county shall issue and sell the bonds as is herein before provided. But if a majority of said voters shall fail to vote "For Road Improvement" at said election, then and in that event this entire act shall become null and of no effect. At any election held under this act any person who shall not have been entitled to registration while the said registration books are open for registration, but shall have become entitled to registration after said registration closed and before or on the day of election, shall be entitled to register on the day of election and vote.

(c) Cartways, which have no public use, are private ways opened up to allow one or more persons to pass through lands belonging to other parties in order to reach the public roads.

Sec. 10. That the thoroughfares for the principal public roads as defined above, to be improved and constructed in accordance with the provisions of this act, shall be first carefully surveyed and located by the chief engineer of roads, aided by such assistance as may be necessary for him to employ, the same to be paid for.
out of the General Road Fund of the county, by the County Treasurer upon the order of the chief engineer of roads, after the same shall have been approved by the Board of County Commissioners. All public roads shall be given a grade nowhere greater than one foot in sixteen, and a width not less than sixteen feet, clear of ditches, trees, logs and other obstructions. All such roads shall be thoroughly graded, and whenever it may be necessary to turn water across the road, this shall be done by putting sewer pipes or other forms of covered drains, culverts or bridges: Provided, that where, in the opinion of the chief engineer of roads, obstructions make the grade of one foot in sixteen impracticable, the grade may be increased as may be determined by the said chief engineer of roads: And provided further, that in places where the roadway must be blasted out in hard rock, the width of said roadway shall not be less than twelve feet.

SEC. 11. SEC. 12. Cartways defined in section nine of this act are to be kept in repair by parties using the same. Any person desiring a cartway opened up over lands of other persons shall file his petition for the same before the Board of County Commissioners, praying for a cartway to be kept open across such other person's lands, leading to some public road; and upon his making it appear to the Board that the adverse party has had ten days' notice of his intention, the Board shall hear the allegations of the petitioner and the objections of the adverse party or parties, and if sufficient reason be shown, shall order the Constable to summon a jury of five freeholders, to view the premises and lay off a cartway not less than fourteen feet wide, and assess the damages the owner of such land may sustain thereby, which, with the expense of making the way, shall be paid by the petitioner, and the way shall be kept open for the free passage of all persons, on foot or horseback, carts and wagons. Cartways, laid off according to the provisions of this section, may be changed or discontinued upon application by any person concerned, under the same rules of proceedings as they may be first laid off, upon such terms as to the Board of County Commissioners shall seem equitable and just. And any person through whose land a cartway may pass, may erect gates or bars across the same; and if any person shall
leave open, break down, or otherwise injure such gates or bars, he shall forfeit and pay, for every such offence, ten dollars to the person erecting the same, or his assigns of the land; and if the offence shall be maliciously done, he shall be guilty of a misdemeanor.

SEC. 13. That for the purpose of carrying out the provisions of this act the chief engineer of roads and the overseer or overseers are hereby authorized to enter upon any lands near to or adjoining such roads, to cut and carry timber, except trees or groves on improved lands planted or left for ornament or shade, to dig or cause to be dug and carried away any gravel, sand or stone which may be necessary to construct, improve or repair said road, and to enter on any lands adjoining or lying near the road in order to make such drain or ditches through the same as he or they may deem necessary for the betterment of the road, doing as little injury to said lands and the timber or improvements thereon as the nature of the case and the public good will permit; and the drains and ditches so made shall be conducted to the nearest ditch, water-course or waste ground, shall be kept open by the said overseer, and shall not be obstructed by the owner or occupant of said land, or any other person or persons, under penalty of forfeiting a sum not exceeding ten dollars or imprisonment for not exceeding twenty days for each and every offence, said penalty to be collected by the Board of Trustees and paid over to the County Treasurer and applied to the General Road Fund. If the owner of any lands or the agent or agents of such owner having in charge lands from which timber, stone or gravel were taken as aforesaid shall claim any damage for injury done to growing crops or standing upon the land entered upon by the chief engineer of roads or any overseer or overseers for the purpose of carrying out the provisions of this act, shall present an account of the same at any regular meeting of the County Commissioners within thirty days after the taking and carrying away of such timber, stone or gravel, or injury to crops; it shall be the duty of said Commissioners to pay for the same such sum as may be agreed upon by them or by an impartial jury of three freeholders, one of them to be selected by the chief engineer of roads or overseer, one by the party claiming damages, and the third to be selected by these two, with the right of either party to appeal, as provided in the fifteenth section of this act.

SEC. 14. That the chief engineer of roads or overseer or overseers, subject to the approval of the chief engineer, are empowered to locate and re-locate, widen or otherwise change any part of any public road where in his or their judgment such location, re-location or change will prove advantageous to public travel.
That when any person or persons on whose lands a new road or part of road is to be located, claims damages therefor, and within thirty days petitions the Board of County Commissioners for a jury to assess the damages, the said Commissioners, within not less than fifteen nor more than sixty days after the completion of said road, shall order a jury of freeholders of the township of not less than three persons, nor more than five, not related to the person claiming damages, to be summoned by the Sheriff of the county or the Constable of the township, to meet and assess the damages, if any, sustained by the owner of the land, which said jury, after first being duly sworn, to impartially assess damages, shall forthwith proceed to assess the same, and to make their report to the next regular or special session of the Board of Commissioners of said county. That said jury, in considering the question of damages, shall take into consideration the benefits to public travel and to the owner of the land, and if the said benefits be considered equal to the damages sustained, the jury shall so declare; and if the jury shall adjudge that the benefits are in excess of the damages, the said jury shall determine the amount, and unless the same is paid to the secretary-treasurer of the Board of Trustees of the voting precinct in which the land is located, by the owner or owners of the land within thirty days after such determination, the Board of Trustees are authorized and empowered to institute in any court having jurisdiction an action for the purpose of recovering the said sum, which, when recovered, shall be applied to the General Road Fund. The Sheriff or Constable serving the process shall be allowed the sum of twenty-five cents for each person summoned for a jury, and the jurors who make claim shall be paid the sum of fifty cents each, to be paid out of the General Road Fund. A copy of the summons shall be served on each freeholder summoned on the jury: Provided, however, that such service shall not be necessary if the parties accept service of said summons. The damages, if any awarded, shall be paid out of the General Road Fund.

Sec. 15. That in case either of the parties interested shall be dissatisfied with the finding of the juries provided for in sections thirteen and fourteen of this act, such dissatisfied party may appeal from the decision of said jury to the County Commissioners, and if dissatisfied with their decision, may in turn appeal to the Superior Court of the county of Haywood: Provided, however, that an appeal may be taken from the judgment of the Board of County Commissioners by either party without bond, and the same shall be heard de novo; but the Judge may, in his discretion, require either party to give bond, when the case is taken by appeal to the Superior Court: Provided further, that the
party to whom the damages are awarded shall recover no more cost than a sum equal to the amount of damages so awarded.

Sec. 16. That the County Treasurer shall be and is hereby appointed Treasurer of the Road Fund of the county; and for the faithful keeping and disbursing of said money, the bond of such Treasurer shall be liable, and for his services for receiving and disbursing such fund he shall receive as commission three per centum on all moneys disbursed hereunder. He shall pay the accounts against the Road Fund of the county, when itemized statements of the same have been certified to by the Board of County Commissioners.

Sec. 17. The County Treasurer shall keep a separate account of the Road Fund of the county and of his disbursements of the same, and he shall make a written report thereof to the Board of County Commissioners at their regular meetings on the first Monday in each month; and on the first Monday in July and January of each and every year he shall present to the said Board of Commissioners a written report, giving a statement of the disbursements from the General Road Fund, during the preceding six months, which reports, or the substance thereof, shall be published by said Commissioners in at least one newspaper published at the county seat at least one insertion.

Sec. 18. That the Board of Commissioners of the county, for the purpose of prosecuting the road work of the county, are hereby authorized and empowered to borrow money at the legal rate of interest until the taxes are levied and collected in accordance with the provisions contained in section one of this act, and the sum so borrowed shall be paid out of the taxes collected and applicable to the county road fund: Provided, however, that said Board shall not borrow a sum to exceed two-thirds of the amount of the taxes to be levied and collected for the county road fund.

Sec. 19. When one-fourth of the registered electors in any township in Haywood County shall file a petition requesting an increase of the road tax provided in this act, to be levied and collected in such township, to be expended in such township in building and improving the roads in such township, which increased road tax shall not exceed twenty-five cents on one hundred dollars worth of property, and seventy-five cents on the poll, subject to taxation in said township, the Board of County Commissioners shall order an election to be held in such township, after giving thirty days' notice of the time and place of holding said election, which shall be at the usual voting places, and all persons entitled to vote for members of the General Assembly shall be entitled to vote, and those voting for the increased tax shall vote a ticket written or printed thereon the
words "Increased Road Tax," and those opposed "No Increased Road Tax." Should a majority of the registered voters of such township vote for increased road tax, the judges of the election shall so declare and certify the result to the Board of Commissioners of the county, who shall levy said increased road tax on the property and poll in such township, subject to taxation, as the other taxes are levied, which increased road tax shall be collected as provided for collecting the road tax authorized in section one of this act, and when collected shall be paid to the Treasurer of the county and set apart to the township or townships voting the same as the increased road fund of such township, and shall be expended in said township for the construction and improvement of the roads in said township, under the direction of the chief engineer of roads in like manner as the special township road fund is expended. That said election may be held at any time after giving due notice aforesaid, and said election shall be held by the same judges of election and other officers who held the preceding election for State and county officers, and in case of a vacancy in these by death or otherwise, the Board of County Commissioners shall fill the vacancy.

Sec. 20. That the Board of County Commissioners of the county of Haywood shall, at their regular meeting on the first Monday in April, 1905, and every two years thereafter, elect a Chief Engineer of Roads, who shall hold office until his successor shall have been duly elected and qualified. That I. M. Hyatt, of the county of Haywood, is hereby elected Chief Engineer of Roads of said county, his term of office to begin on the first day of April, 1903, and who shall hold office until his successor shall have been duly elected and qualified. That said Chief Engineer of Roads shall receive a salary of three dollars per day, to be paid out of the General Road Fund of the county, payable monthly, and it shall be the duty of the said Board of County Commissioners to issue their warrant on the County Treasurer for the compensation which the said Chief Engineer of Roads is authorized to receive. It shall be the duty of the said Chief Engineer of Roads to supervise, direct and have charge of the maintenance and building of all public roads, culverts, and bridges in said county of Haywood, and he shall submit to the Board of County Commissioners of Haywood County a monthly report concerning the work in progress and the moneys expended, and he shall submit quarterly a report on the condition of the public roads and bridges, and plans for their improvement, and he shall include in this quarterly report an inventory of the tools, implements, teams and other equipment on hand belonging to the said county of Haywood. Said Chief Engineer of Roads shall deposit with the Board of County Commissioners a good and lawful bond for the sum of $2,000 as a guarantee of the
faithful discharge of the duties of his office, which bond shall be
duly registered in the office of the Register of Deeds and filed
with the Clerk of the Superior Court of Haywood County. In
case of the death or resignation or removal of said Chief Engi-
neer of Roads it shall be the duty of the County Commissioners
to appoint a Chief Engineer of Roads, who shall hold office until
his successor shall have been elected and qualified.

Sec. 21. That all prisoners authorized to be worked on the
public road, as provided in sections 8 and 9 of chapter one hun-
dred and forty-nine, Public Laws of North Carolina, session
eighteen hundred and ninety-seven, shall be committed to the
Chief Engineer of Roads, who shall have custody of the whole or
any part of the convict force, and is authorized and empowered to
employ such guards or other employees as he may deem neces-
sary, whose compensation shall be paid out of the General Road
Fund, and the Chief Engineer of Roads and said guards, sub-
ject to the approval of the Chief Engineer, are authorized and
empowered to use such discipline only as may be necessary to
carry out the rules and regulations that the Chief Engineer may
prescribe for the working of the public roads to the same extent
as allowed by law to the authorities of the penitentiary in the
custody and control of convicts committed to the State's Prison.

Sec. 22. That all road trustees, secretary-treasurers and over-
seers shall be exempt from road duty while serving as such,
and all trustees, secretary-treasurers and overseers who shall
serve for over six months shall be exempt from road duty for a
period of time next ensuing, equal in duration to that during
which they may have served. And all road trustees, secretary-
treasurers and overseers who are not subject to road duty shall
receive as compensation for their services $6.00 per annum.

Sec. 23. That any County Commissioner, Chief Engineer of
Roads, Road Trustee, Secretary-Treasurer or Overseer who shall
wilfully neglect, fail or refuse to perform any of the duties im-
posed upon him by this act, he or they shall be guilty of a misde-
meanor, and upon conviction shall be fined, or imprisoned, or
both, in the discretion of the Court.

Sec. 24. That if the Chief Engineer of Roads or any member of
the Board of Trustees provided for in section two of this act
shall fail, neglect or refuse to discharge the duties imposed upon
them, either from incompetency, neglect, or from any other cause,
the said Board of County Commissioners shall have power to re-

if upon the hearing, after ten days' notice shall have been
given, it appears that good cause exists for the said removal:
Provided, that in the event of removal, the party removed may
appeal to the next term of the Superior Court of Haywood
County.
Sec. 25. That all laws and parts of laws in conflict with this act be and the same are hereby repealed.

CHAPTER 364.

AN ACT TO ENABLE THE COMMISSIONERS OF GRANVILLE COUNTY TO INAUGURATE A BETTER SYSTEM OF WORKING THE PUBLIC ROADS OF SAID COUNTY.

The General Assembly of North Carolina do enact:

SECTION 1. That for the purpose of purchasing improved roadworking machinery, maintaining a force of convicts, macadamizing and otherwise working the public roads of Granville County, the Board of County Commissioners of said county is hereby authorized, empowered and directed to issue coupon bonds of said county to an amount not exceeding twenty thousand dollars ($20,000) of denominations not to exceed one thousand dollars ($1,000), bearing interest from the date thereof at a rate not to exceed five per cent per annum, payable semi-annually; such bonds to be of such form and tenor and transferable in such way, and the principal thereof payable at such time or times not exceeding twenty years from the date thereof, and at such place or places as the said Board of County Commissioners may determine: Provided, that none of said bonds authorized by this act shall be disposed of either by sale, exchange, hypothecation or otherwise for a less price than their face value.

Sec. 2. The bonds shall be numbered and shall be signed by the Chairman of said Board of County Commissioners and countersigned and attested by the Treasurer of said county, with the corporate seal of said county of Granville, and the coupons shall bear the engraved or lithographed seal of the Chairman of said Board of County Commissioners.

Sec. 3. The Board of County Commissioners shall keep a record of all bonds so issued, on the minutes of said Board, showing to whom sold, the amount and date of sale and the number and date of maturity of each bond.

Sec. 4. In order to pay interest upon said bonds said Board of County Commissioners, or other authority vested with the power of levying taxes in Granville County, shall compute and levy annually, at the time of levying other taxes, a special tax upon all polls and real and personal property and all other subjects of.
taxation in said county, always preserving the equation between taxes upon the poll and upon property. And said tax, when collected, shall be kept separate and apart from all other taxes and shall be used only for the purposes for which it was collected.

Sec. 5. That after the expiration of ten years the Board of County Commissioners, or other authorities vested with the power of levying taxes in Granville County, in order to take up said bonds at maturity shall, by a special tax of not exceeding ten cents on the one hundred dollars worth of all real and personal property and thirty cents ($0.30) on each poll in addition to the special tax to pay the interest on said bonds.

Sec. 6. That it shall be the duty of said Board of County Commissioners to annually invest any and all moneys arising from the special tax for said sinking fund in the purchase of any of said bonds at a price deemed advantageous to said County Commissioners. But in the event said county bonds cannot be purchased, the Commissioners shall invest said sinking fund in North Carolina four per cent State bonds or may loan the same upon notes or bonds secured by the deposit of such North Carolina State bonds as collateral security for said loan. That said Commissioners shall charge the legal rate of interest upon any money belonging to the sinking fund so loaned by them and shall collect the interest annually and reinvest the same.

Sec. 7. That the money arising from the sale of said bonds shall be used to purchase improved road-working machinery, maintaining and guarding such convict force as may be from time to time assigned to work on the roads of said county, and in purchasing material for the construction of said roads and in working said roads under the provisions of this act.

Sec. 8. That the Board of County Commissioners may, in order to provide an additional fund for the proper construction, improvement and maintenance of the public roads of the county, at their regular meeting in June, 1904, of each and every year, levy a special tax on all property subject to taxation under the State law in said county of not less than five cents, nor greater than twenty cents on the $100 worth of property, and not less than fifteen cents nor greater than sixty cents on the poll; the constitutional equation to be observed at all times; said taxes to be collected as all other taxes are, to be kept separate in the tax books of the county, to be set aside as a special road fund to be used in the construction, improvement and maintenance of the public roads of the county, the purchase of such material, implements, teams, wagons, camp outfit, quarters or stockades for the use of and safe-keeping of the convict force as may be found necessary in the proper carrying out of this work.
and for the employment of such additional labor as may be deemed necessary: Provided, however, that the moneys raised under this section, as far as possible, be used for permanent improvements.

Sec. 9. That there shall hereafter be elected by the Board of County Commissioners, at their regular meeting in April, 1903, and at or before their regular meeting in January of each and every year thereafter, a Superintendent of Roads, who shall be paid such compensation as may be fixed by the Board of County Commissioners, and to be paid out of the County Road Fund, and who, after January, 1904, shall hold office for one year, or until his successor has been elected or qualified, as provided for in this act: Provided, that the said Superintendent of Roads may be at any time removed by the Board of County Commissioners after having given ten days notice and a hearing, when, in the opinion of the Board, there exists good and sufficient cause for such action; and for malfeasance or misconduct in office he may be removed by them without further notice than may be necessary in order to give him a hearing. It shall be the duty of said Superintendent of Roads, subject to the approval of the Board of County Commissioners, to supervise, direct and have charge of the maintenance and building of all public roads in the county, and he shall submit to the Board of County Commissioners a monthly report concerning the work in progress and the moneys expended; and he shall submit quarterly a report on the condition of the public roads and bridges, and plans for their improvements, and he shall include in this quarterly report an inventory of the tools, implements, teams and other equipments on hand. Said Road Superintendent, before entering upon the duties of his office, shall deposit with the Board of County Commissioners a good and lawful bond, to be approved by the said Board of Commissioners, for the sum of $2,000, as a guarantee of the faithful and honest discharge of the duties of his office, which bond shall be duly registered in the office of the Register of Deeds and filed with the Clerk of the Superior Court of the county. In case of the death or resignation or removal of said Road Superintendent, it shall be the duty of the County Commissioners to elect at their first meeting thereafter a Road Superintendent, who shall hold office at the discretion of said Board of County Commissioners, or until the regular January meeting of said Board, and until his successor has been elected and qualified: Provided, that when in the opinion of the Board of Commissioners the appointment of a Road Superintendent is inconsistent with the best interest of such county, the said Board shall not be required to comply with the requirements of section two of this act, but may, in lieu thereof, appoint directly one or more Supervisor of Roads in each township, and each Supervisor, in
the township for which he is appointed, shall perform the duties and assume the responsibilities in this act otherwise required of the County Road Superintendent; he shall be subject to dismissal under the same terms as laid down for the Road Superintendent, and he shall give a good and lawful bond, satisfactory to the Board of Commissioners, for not less than twice the amount of the road tax in his township for any one year, under the same conditions as laid down for said Road Superintendent, and he shall be paid such remuneration as may be agreed upon by the Board of County Commissioners.

Sec. 10. That the Board of County Commissioners, or the Road Superintendent, subject to the approval of said Board, shall appoint, with power at any time to remove or discontinue, such guards or other employees as may be needed to take charge of the convict force, and also one or more persons in each township of the county, to be known as Township Supervisor of Roads, who, acting under the Road Superintendent, shall supervise the road work in the township for which they are appointed, or such parts thereof as said Superintendent may direct. The said guards or Township Supervisors shall be paid for such time as they may be required to give to this work such compensation, per day, during such time as they are actually employed in working on the public roads, as may be agreed upon by said Road Superintendent and approved by the Board of County Commissioners, the guards to be paid out of the General County Road Fund and the Township Supervisors to be paid out of the respective township road funds.

Sec. 11. That all able-bodied male persons of the county, between the ages of eighteen and forty-five years, except residents of incorporated cities and towns, shall work on the public roads of said county for four days (of nine hours each) in each and every year, at such time and place, and in such manner as may be designated by the Road Superintendent or Township Supervisor: Provided, that the said Superintendent or the Supervisors in each township shall give to each person of his township, who is subject to road duty, at least three days notice by personal warning, or by leaving a written notice at the home or residence of such person, specifying in such notice the time and place, when and where such work is to be performed, and also designating in such notice the tool or implement, if any, with which such person shall be required to work: Provided further, that in case of washout or other unexpected obstruction to travel, the three days notice shall not be necessary, and any person liable to road duty in the township in which such obstruction to travel may occur shall, upon being properly summoned by said Superintendent or Supervisor of Roads, respond to such summons with

reasonable promptness: *Provided further,* that any person may, in lieu of working four days on the public roads, pay on or before the first day of May, 1903, and on or before the first day of April of each year thereafter, to the County Treasurer, Road Superin-
tendent or Supervisor, as the Board of County Commissioners may order, the sum of three dollars; and it shall be the duty of said Treasurer, Road Superintendent or Supervisor, upon re-
ciept of said money, or any part thereof, to issue to such person a receipt for the same, stating in such receipt the amount and the year for which the same is paid. All moneys paid to the said Road Superintendent or Supervisor, as provided for in this act, shall, within fifteen days after being received by him, be turned over to the County Treasurer and credited to the road fund of the township from which the same was paid, and the same shall be expended in the improvement of the roads in that township.

If the Road Superintendent or Supervisor fail to turn over to the County Treasurer money so collected within fifteen days he shall be guilty of a misdemeanor: *Provided further,* that no per-
son liable to road duty under this section shall be required to work on the public roads outside of the township and road dis-
trict in which he resides, the boundaries of the road district within each township to be fixed by the County Commissioners: *Provided further,* that any person coming of road age or becom-
ing a resident of any township or road district after the first of April shall be required to work out the remaining proportionate part of the road labor required in this act for that year, or to pay the proportionate part of the money requirement in lieu thereof.

Sec. 12. That any person who shall, after being duly notified as provided in section four of this act, fail to appear and work as required to do (after having failed to pay the sum of two dollars), or any person who shall appear as notified, and fail or refuse to perform good and reasonable labor, as required by said Superintendent or Supervisor, shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than two nor more than five dollars, or sentenced to work on the public roads of the county for not less than ten nor more than twenty days.

Sec. 13. That proper implements and tools for use in working the public roads of the county, as provided in section four of this act, may be supplied by the County Road Superintendent, and shall be paid for out of the road fund of the township in which the said implements or tools are to be used: *Provided,* that until the County Road Superintendent shall be able to supply the nec-
essary implements and tools, he may, and is hereby empowered to compel any and all persons working on the public roads of the county to provide themselves with such implements as are
commonly used, while working on said road, as the Superintendent or Supervisor may designate in his notice or summons as being necessary.

Sec. 14. That on or before the fifteenth day of April of each and every year the County Treasurer shall furnish to the Road Superintendent or each Township Supervisor an alphabetical list by townships of all persons who have paid their money requirement in lieu of the . . . . days of road labor for that year, the said Treasurer having as many such lists prepared as shall be needed and the County Road Superintendent or Treasurer shall furnish each township Supervisor a copy of such list of all those who have paid for that year in his township or district, as provided in section four of this act. That the Supervisors shall carefully list all persons of road age within their respective townships or districts, check off the names of all those found on the list who have paid money in lieu of their labor requirement for that year, and furnish to the Commissioners or Superintendent of Roads copies of such list of persons liable for road duty in each district, and those who have paid in lieu thereof. A list of such persons liable to road duty in each township, who have at any time during the year failed to work on the public road after having been duly notified, or to pay as provided for in section four of this act, shall be within fifteen days submitted by the County Superintendent or Supervisor to a Justice of the Peace in the township in which such persons reside, and it shall be the duty of said Justice of the Peace to immediately issue his warrant for such persons and proceed against them according to law: Provided, however, that the defaulting party may be prosecuted at any time and by any citizen of the county.

Sec. 15. That all prisoners confined in the county jail, under a final sentence of the court for crime, or imprisoned for non-payment of costs or fines, or under final judgment in cases of bastardy, or under the vagrant acts, all insolvents who shall be imprisoned by any court in said county for non-payment of costs, and all persons who would otherwise be sentenced in said county to the State's Prison for a term of less than ten years, shall be worked on the public roads of the county: Provided, that in case the number of such persons in any county, at any time, be less than ten the Commissioners of the county may arrange with the Commissioners of any neighboring county or counties for such exchange of prisoners, during alternate months or years, as will enable each such co-operating county to thereby increase the number of prisoners at work on the public roads at any given time. And upon application of the said Road Superintendent of the county, or that of the Chairman of the Board of County Commissioners, the Judge of the Superior Court, or the Judge of the

Criminal Court, the Justices of the Peace and the principal officer of any municipal or any other inferior court, it shall be the duty of the said Judge or Justice of the Peace, or said principal officer, to assign such persons convicted in his court to said Road Superintendent or Road Supervisor in any township making provision for the same, for work on the public roads of said county or township; all such convicts to be fed, clothed and otherwise cared for at the expense of the county or township, as the case may be: Provided further, that in case a serious physical disability, certified by the county physician, persons convicted in said Superior, Criminal or inferior court may be sentenced to the penitentiary or the county jail.

Sec. 16. That when the Commissioners of the county shall have made provision for the expense of supervising and guarding, while at work on the public roads of the county, or any township thereof, a larger number of prisoners than can be supplied from that county, upon application of the Commissioners of said county to the Judge of the Superior and Criminal Courts, the Justices of the Peace and the principal officers of any municipal or other inferior court presiding in any other county or counties which do not otherwise provide for the working of their own convicts upon their own public roads, shall sentence such able-bodied male prisoners as are described in section eight of this act from such other counties to work on the public roads of said county or townships applying for the same, in the order of their application; and the cost of transporting, guarding and maintaining such prisoners as may be sent to any such county or township applying for the same shall be paid by the county or township applying for and receiving them out of the road fund of each such county or township: Provided, that any and all such prisoners from such other counties may at any time be returned to the keeper of the common jail of such counties, at the expense of the county or township having received and used them.

Sec. 17. For the purposes of this act the roads or ways of the county are hereby classified as follows:

(a) The thoroughfares include the more important public roads which usually lead through two or more townships and are extensively used by the traveling public. These become the highways of the county as they are properly graded and drained, and have their surfaces improved by being covered with broken stones, gravel, shells, or suitable admixture of sand and clay.

(b) The neighborhood or branch roads are public roads which are usually to the limits of one or two townships and generally lead from neighborhoods or settlements to main thoroughfares.

(c) Cartways, which have no general public junction, are
private ways opened up to allow one or more persons on foot, on horseback, or with any vehicle, to pass to and from his or her property through lands belonging to other parties in order to reach the public road.

Sec. 18. The neighborhood or branch roads, as defined in section ten of this act, shall have a right of way of thirty feet; but the width and grade of the roadway, and specifications under which these roads shall be kept in repair, shall be decided by the County Superintendent of Roads or the Supervisor in that township or district, subject to the approval of the Board of County Commissioners; and said roads may be re-located or otherwise changed in the manner provided for in section fifteen of this act. The amount and nature of the labor to be performed under sections four, five, six, and seven of this act, in the maintenance and repair or change of any one of these roads or parts thereof, shall be at the discretion of the Superintendent or Supervisor in charge of said roads.

Sec. 19. Cartways, defined in section ten of this act, are to be kept in repair by parties using same. Any party desiring a cartway opened up over lands of other persons may file his petition for the same before the Board of County Commissioners through the Road Supervisor of the township or district in which such cartway is to be located, praying for a cartway to be kept open across such other persons' land, leading to some public road; and upon his making it appear to the Board that the owner or owners of said lands, or their legal representatives, have had ten days notice of his intention, the Board shall hear the allegations of the petitioner and the objections, if any, of the owner or owners or their representatives, and if sufficient reason be shown shall order the Constable or other officer to summon a jury of five freeholders to view the premises and lay off a cartway not less than fourteen feet wide, and assess the damages, if any, the owner of such land may sustain thereby, which, with the expense of making the way, shall be paid by the petitioner; and the way shall be kept open for the free passage of all persons, on foot or horseback, carts and wagons. Cartways, laid off according to the provisions of this section, may be changed or discontinued upon application by any person concerned, under the same rules of proceedings as they may be first laid off, and upon such terms as to the Board of County Commissioners shall seem equitable and just. And any person through whose land a cartway may pass may erect gates or bars across the same; if any person shall wilfully leave open, break down, or otherwise injure such gates or bars, he shall forfeit and pay for every such offense, ten dollars to the person erecting the

Sec. 5. That in order to pay the interest on said bonds as it may accrue, and the principal thereof as it may mature, the Board of Commissioners of said county shall annually levy a special tax sufficient to meet these demands; the said tax shall be levied and collected as other county taxes are levied and collected and shall be imposed upon such property, polls and other subjects of taxation as are now or may hereafter be subject to taxation under the laws of this State; and said tax shall be collected by the officers charged with the collection of other county taxes, and who shall in respect thereto be liable officially as well as personally to all of the requirements of the law now prescribed, or which may be hereafter prescribed, for the faithful collection and payment of other taxes.

CHAPTER 411.

AN ACT TO REVISE, CONSOLIDATE AND AMEND THE ROAD LAW OF BUNCOMBE COUNTY, AND TO AUTHORIZE THE LEVY OF A SPECIAL ROAD TAX IN SAID COUNTY, AND FOR OTHER PURPOSES.

The General Assembly of North Carolina do enact:

Section 1. That chapter 139 of the Public Laws of the year 1895, and all amendments thereto, are hereby repealed.

Sec. 2. That the Board of County Commissioners of Buncombe county, at their regular meeting in June, in the year one thousand nine hundred and three, and at each regular annual meeting thereafter, shall provide a fund for the construction and repairing of the public roads in said county by levying a special tax of not exceeding fifteen cents on the one hundred dollars worth of all property in said county subject to taxation.

Sec. 3. Sec. 4. That all resident male persons, between the ages of eighteen and forty-five, shall work on the public roads of said county for four days in each year, under such rules and regulations as the Board of Commissioners shall prescribe: Provided, this act shall not take the power from the said Commissioners to exempt any one from working on said roads on account of physical inability.

Sec. 5. Every person who may be liable to work upon the public roads in said county, as in this act provided, may, when summoned to perform such labor, tender and pay to the Supervisor, or other person in charge, in lieu of such labor, a sum of money equal to not less than seventy-five cents for each day he
may be required to work, and it shall be the duty of the person in charge of the work to receive said sum, and give receipt therefor, and all moneys collected, as provided in this section of this act, shall be placed in the general road fund, as provided by this act, and shall become a part thereof.

Sec. 6. That all male persons confined in the county jail, either under a final sentence of the Court for crime or imprisonment, or non-payment of fines and costs, or under final judgment in cases of bastardy, or under the vagrant acts, and all persons sentenced to prison for a term less than five years, shall be available to said County Commissioners, for the purpose of working said persons upon said public roads, under the provisions of this act; and upon the application of said Commissioners to the Judge of the Superior, Inferior or Criminal Court of said county he shall assign such persons convicted in his Court to said Commissioners for said purposes.

Sec. 7. That in no case shall a person be compelled to wear stripes or convict clothing, unless said person was duly convicted of a felony, when such person shall be compelled to wear striped or convict clothing.

Sec. 8. That no female person shall be made to work on said roads.

Sec. 9. Sec. 10. That said Commissioners may adopt any method, plan or system for sustaining and keeping in repair said public roads of said county, not inconsistent with the provisions of this act, and may use said road fund and labor provided for in this act, under such rules and regulations as they may prescribe.

Sec. 11. That the Board of Commissioners of said county may, in their discretion, purchase such improved road machines and other implements and tools as may be deemed necessary in constructing and keeping in repair said public roads.

Sec. 12. That the said Board of Commissioners shall have discretionary power to make an appropriation out of said road fund for putting in repair any place in any public road in said county requiring more than an ordinary expenditure of money or labor.
Sec. 13. That the said Board of County Commissioners shall have powers to locate, re-locate or change any part of any public road in said county, when in their judgment such re-location or change shall prove advantageous to travel, and such location, re-location or change shall be made in the manner now provided by law for laying out new roads or highways.

Sec. 14. That all persons who are subject to the road under this act shall be governed by the laws now in operation in relation to fines and penalties for non-performance of road duty.

Sec. 15. That the Board of County Commissioners may appoint a competent Supervisor for each township, or any part of a township, who shall receive such compensation as said Board may prescribe: Provided, that such compensation shall not exceed one dollar and twenty-five cents per diem for days actually engaged in service. It shall be the duty of said Township Supervisor to certify to the County Commissioners, each quarter after January first, one thousand nine hundred and three (1903), the amount of work done by such persons as may labor on said road, either as provided for in section five of this act, or otherwise, and the amount due said person, if any, in accordance with the rules and regulations made by said Board of County Commissioners, and when approved by said Commissioners and found to comply with rules and regulations as provided by law the same shall be paid by the County Commissioners out of said road fund. Or the said Board of Commissioners may, instead of appointing Supervisors, as herein provided, adopt and put into operation any other plan or mode, not inconsistent with the general laws of the State for the construction, repair and maintenance of the public highways and bridges of the county of Buncombe; and to this end they are hereby authorized and empowered to divide the public highways into sections or road districts, and to appoint overseers, or supervisors thereof, as to them may seem best, assigning to such road or roads or districts such persons as are now required by law to work upon roads; and whenever in their judgment it is best for the public interest they may enter into a contract or contracts with any person or persons, to construct, repair and maintain any of said bridges, roads, or any portion thereof, at such prices and upon such terms as may be agreed upon and to pay therefor out of the common or general road fund of the county. It shall be the duty of the said Board of Commissioners of said county, to employ and use the convict force of said county in the construction and macadamizing of the principal thoroughfares of said county until the same shall have been completed to its several boundary lines: Provided, however, that the said convict force may be employed and used for the repair of other roads and bridges, when because of the exigencies of the case the labor assigned to
them, or other means adopted for their maintenance, are inadequate.

It shall be the duty of said Inspector to make a monthly report, in writing, to said Judge, and the Judge shall, if he thinks proper, lay the same before the Solicitor of said Court with such orders as he may think just and proper.

Sec. 17. That the said Board of Commissioners may receive from any other county, to be worked on the roads of Buncombe County, prisoners or convicts, who may be assigned by the several Judges of the Superior Court to work on its roads, but said Board shall have the right to refuse to receive or work any such prisoners or convicts on the roads of said Buncombe County, and when such prisoners or convicts are received and worked on said public roads the said Board of Commissioners shall not pay or allow any compensation to the county sending such prisoners or convicts for the service of such convicts, and shall only be required to provide them with proper food, clothing and medical attention.

County, at their regular meeting in June, 1903, and at each annual meeting thereafter, shall levy a special tax on all property subject to taxation under the law in said county of not less than ten cents nor more than thirty cents on the one hundred dollars worth of property, and not less than thirty cents, nor more than ninety cents on the poll, the constitutional equation to be observed at all times; said taxes to be collected as all other taxes are, to be kept separate on the tax books of the county, to be set aside as a special road fund to be used in the construction, improvement and maintenance of the public road and such bridges in said county not costing to exceed fifty dollars, the purchase of such material, implements, teams, wagons, camp outfits, quarters of stockade for the use of and for the safe-keeping of the convict force as may be necessary in the proper carrying out of this work, and for the employment of such additional labor as may be necessary: Provided, however, that the money raised under this section shall, as far as possible, be used for permanent improvement of the roads.

Sec. 2. That the Board of County Commissioners, at their regular meeting in June of each year, shall appoint a County Road Superintendent, whose salary shall be fixed by said Board, to be paid out of the county road fund; that it shall be the duty of said Superintendent, subject to the approval of said Board, to supervise and have charge of the maintenance and building of all public roads and bridges of Wilson County, and he shall submit to said Board a monthly report concerning the work in progress and the expenses incurred, and he shall submit a quarterly report on the condition of the public roads and bridges, with plans for their improvement. He shall include in his quarterly report an inventory of the tools, implements and other equipments on hand. If in the opinion of said Board the employment of a County Road Superintendent is not consistent with the best interest of the county, then said Board shall not be required to employ one, but in lieu thereof they may appoint a Township Superintendent for one or more townships in the county, whose duties and responsibilities in such townships shall be the same as those provided in section one of this act for County Road Superintendent; and he shall be paid, and his salary fixed by said Board; that the said Board may discharge him upon ten days' notice.

Sec. 3. That the Superintendent of Roads, with the approval of said Commissioners, shall have power to employ and discharge such guards as may be needed to take charge of the convict force, and such other laborers as may be employed. He shall have the power to employ one or more persons in each township, to be known as Township Supervisors, who, acting
under the supervision of the County Road Superintendent and County Commissioners, shall supervise the road work in the township for which he is appointed.

Sec. 4. That all prisoners confined in the county jail under final judgment of any Court having jurisdiction for crime or imprisonment for the non-payment of costs or fines, or under final judgment in cases of bastardy, or under vagrant acts, and all involvents who may be imprisoned by any Court of competent jurisdiction in Wilson County for the non-payment of costs and all persons who may be sentenced in said county to the State Prison for a term less than ten years, may be worked on the public roads: Provided, that said Commissioners may arrange with the Commissioners of neighboring counties for such an exchange of prisoners during alternate months or years as will enable them to increase the number of prisoners at work on its public roads at any given time, and that upon application of the Chairmen of Boards of County Commissioners to the Judge of the Superior Court, the Justices of the Peace and the principal officers of any municipality or other inferior Courts, it shall be the duty of the said Judge, Justice of the Peace or said principal officer to sentence such person convicted in such Court to work on the public roads of said county, all such convicts to be fed, clothed and otherwise cared for at the expense of the county, to be paid out of the general county fund or the road fund, in the discretion of the Board of County Commissioners.

Sec. 6. That no road laid out and constructed under this act shall be less than twenty feet wide nor more than fifty feet wide, in the discretion of the Superintendent of Roads or the Board of County Commissioners, the same to be laid out or surveyed by or under the direction of the County Road Superintendent or Township Road Superintendent.
Sec. 7. That for the purpose of carrying out the provisions of this act the said County or Township Superintendent is hereby authorized to enter upon any land, near to or adjoining any road, to cut and carry away timber, except trees or groves or improved land planted or left for ornament or shade, to dig or cause to be dug and carry away any gravel, sand, clay or stone which may be necessary to construct, improve or repair said road, and to enter upon any land adjoining or lying near said road in order to make such drains or ditches through the same as he may deem necessary for the betterment of the road, doing as little injury to said land and timber and improvements thereon as the nature of the case and the public good will permit: and the drains and ditches so made shall be conducted to the nearest ditch, watercourse or waste place, and shall be kept open by the Road Superintendent, and shall not be obstructed by the owner or occupant of said land or other person. When the owner of land or the agent of such owner, having in charge any land from which timber or other material shall have been taken for road purposes, shall present an account through the Road Superintendent at any regular meeting of the County Commissioners within sixty days from the taking and carrying away of such material, it shall be the duty of said Commissioners to pay for the same a fair price, to be determined by a jury of three freeholders, one to be selected by such land owner or his agent, one to be selected by the Road Superintendent, the third to be chosen by those two, said jury to be appointed by the Board of County Commissioners, when selected in the manner aforesaid, which jury shall report in writing their decision to the Board of County Commissioners for revision or confirmation; Provided, that said land owner or his agent shall have the right of appeal as provided by this act.

Sec. 8. That subject to the approval of said Board, the County Superintendent of Roads is hereby empowered, with the aid of a competent engineer or surveyor, to locate, re-locate or change any part of any public road in Wilson County, when in his judgment the same will prove advantageous to public travel; and when any person or persons on whose land the new road or part of the road is to be located, claims damages therefor, and within sixty days files a petition before said Board asking for a jury to assess such damages, the said Board, within not less than twenty days, nor more than sixty days after the completion of said road, shall order a jury of three disinterested freeholders to be summoned by the Sheriff or Constable, as provided by law, who shall give said land owner or his local representative forty-eight hours' notice of the time and place, when and where said jury will meet to assess damages; and said jury being duly
sworn, in considering the question of damages, shall also take in consideration the benefits to the owner of said land, and if such benefits shall be considered equal to or greater than the damages sustained, then the jury shall so declare and report in writing its finding to the Board of County Commissioners for revision or confirmation: Provided, that if said land owner be a non-resident of the county and have no local representative, it shall be deemed a sufficient service of such notice for the Sheriff or Constable to forward, by mail, a written notice of the purpose, time and place of such meeting of said jury to the last known postoffice address of such land owner, seven days in advance of such meeting, and also to post a notice for seven days at the court house door in the town of Wilson.

Sec. 9. That in case the land owner or his regal representative shall be dissatisfied with the finding of the jury and the decision of the County Commissioners, as aforesaid, he may appeal from their decision to the Superior Court of the county—all such appeals being governed by the law regulating appeals from Justices of the Peace, and the same shall be heard de novo; but the Judge, in his discretion, may require the land owner to give bond when the case is taken by appeal to the Supreme Court.

Sec. 10. That no land owner or tenant shall turn field water upon the county roads without the consent of the Superintendent of Roads, and any land owner who has heretofore, by ditches or drains constructed by him, turned the water from his field upon the public road, shall, within ten days after notice to do so, given by the said Superintendent in writing, change the course of his ditches or drains so that the water shall not flow into or over said road.

Sec. 11. That it shall be unlawful for any one to take and carry away sand, clay, soil or gravel from a public road in Wilson County, or from the ditches along the side of public roads in said county, without the written consent of the Superintendent in charge of such roads.

Sec. 12. That the moneys collected from the taxes levied or bonds sold under the provisions of this act shall, by the proper officer, be paid in to the hands of the County Treasurer, and paid out upon the warrant of the Board of County Commissioners as are other public moneys; and on the first Monday in June and December of each and every year the said Board shall make a written report, giving a statement of the disbursements and receipts of the several road funds during the preceding six months, which reports, or the substance thereof, the said Board shall cause to be published, at least once in one of the newspapers published in the town of Wilson.

Sec. 13. That no land owner or tenant shall cut a ditch across
a public road in Wilson County without the written consent of the Superintendent of Roads of said county or township; and any one cutting a ditch across the public road of said county shall, with the consent of the Superintendent or Supervisor of Roads, tile the same with pipes of the size designated by the said Superintendent or Supervisor.

Sec. 14. That it shall be unlawful for any person to plow, to cut up or otherwise unlawfully injure any public road in said county.

Sec. 15. That said Commissioners are hereby empowered to call an election of the qualified voters of said county, after giving thirty days' notice in a newspaper published in said county, and submit to them the question of a bond issue, not to exceed six per cent of the assessed valuation of the real and personal property of said county for road improvement, and said elections shall be held pursuant to the provisions of chapter 514 of the Public Laws of 1899; and those favoring said bond issue shall vote a ticket on which is written or printed "For Road Improvements," those opposing shall vote a ticket on which is written or printed "Against Road Improvements." If a majority of said qualified voters shall vote "For Road Improvements," then the said Commissioners of said county shall issue bonds, otherwise they shall not. And if a majority of said voters shall vote "For Road Improvements," then the said Commissioners are hereby authorized to issue bonds, to run not to exceed thirty years, bearing five per cent interest per annum, payable semi-annually, to levy a tax to pay the interest on said bonds and to create a sinking fund to meet the principal at maturity.

hereby authorized to use the convicts and all the force connected
therewith as now constituted and provided for in Lexington Town-
ship under existing laws, and pay all expenses for same out of said
funds arising from the sale of said bonds, and they may use the

Provided, however, that no bonds shall be issued in any one year in excess of the estimated expenditure of that wear. If it shall be found that the majority of the registered voters have not cast their ballots “For Good Roads,” no bonds shall be issued, but this shall not destroy this act nor prevent said Board of Trustees from submitting the question again to the qualified voters of the township, without a new registration, at a subsequent election called by said Board for that purpose at any time within two years from the holding of the first election.

Sec. 10. When any of said bonds are sold the proceeds of such sale shall be turned over to the County Treasurer, who shall keep said funds and all other funds provided for under this act and which may come into his hands, separate from all other funds, and he shall keep a separate account of the same, and said County Treasurer, before any money shall be turned over to him, shall execute an official bond payable to said Board of Trustees in a sum one-fourth greater than the sum which may come into his hands by reason of this act, conditioned for his faithful safe-keeping and accounting for the same, and in all things holding and disbursing and accounting for the same as is required of him by law, and all orders directed to said Treasurer for payment of money under this act shall bear on their face that they are “Good Road Bonds Orders.” But if said County Treasurer refuses or fails to make the foregoing bond then the said Board of Trustees shall elect some proper person as treasurer of said board who shall serve under the provisions and directions set forth above.

They shall also audit and approve all accounts against the road fund of their several townships: Provided, that the chairman and two other justices shall constitute a quorum.

Sec. 10. As soon as the superintendent of roads shall have qualified for their respective townships, it shall be their duty to examine all the public roads in the township for which they were appointed and take immediate steps to put all the roads in the township in good condition, and shall keep them in good condition by making all needed repairs so far as the same can be done with the road hands of such township liable to work on the public roads, working the
roads by sections, and of not less than ten hands in any one section for not more than two days until the entire list of hands have been worked on said roads, then all hands who have worked two days on said roads shall not be required, under ordinary conditions of the roads, to work on said roads again until after fifteen days have intervened.

Sec. 11. That if the Board of County Commissioners, Board of Township Road Supervisors or superintendent of roads shall willfully neglect, fail or refuse to perform any of the duties imposed upon him or them by this act, he shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, or both, at the discretion of the court.

If the owner of any lands or the agent or agents of such owner having in charge lands from which timber, gravel or stone were taken as aforesaid shall present an account of the same through the superintendent of roads at any regular meeting of the County Commissioners within thirty days after the taking and carrying away of such timber, gravel or stone, it shall be the duty of the County Commissioners to pay for same such sum as may be agreed upon by them or assessed by an impartial jury of three freeholders, one to be selected by the superintendent of roads, one by the party claiming damages, and a third to be selected by these two with the right of either party to appeal as provided for in section 14 of this act.

Sec. 13. That the superintendent of roads or Board of Township Supervisors is hereby given the power, subject to the approval of
of the Board of County Commissioners, to locate new roads and

of damages, shall take into consideration the benefits to public
travel and the benefits accruing to the owner of the land, and if
said benefits are considered equal to the damages done by the road
being so built, the jury shall so find and count the benefits against
the owner of the lands as against the damages done to him by the
reason of constructing the road over or through his lands in miti-
gation of the damages so claimed by him. The Sheriff or Constable
serving the process shall be allowed the sum of twenty-five cents
for each person summoned for a jury, and any jury who makes
claim shall be paid the sum of fifty cents each, to be paid out of
the township road fund. A copy of the summons shall be served
on each freeholder summoned on the jury: Provided, however, that
such service shall not be necessary if parties accept service of said
summons. The damages, if any awarded, shall be paid out of the
road fund of the township in which the property concerned is
located.

and 13 of this act, such dissatisfied party may appeal from the
decision of said jury to the County Commissioners, and if dissat-
sified with their decision, may in turn appeal to the Superior
Court of the county: Provided, that an appeal may be taken from
the judgment of the Board of Commissioners by either party with
bond, and same shall be heard de novo; but the Judge may, in his
discretion, require either party to give bond when the case is taken
by appeal to the Superior Court: Provided further, that the party
to whom the damages awarded shall recover no more costs than

The Board of County Commissioners shall, for at least thirty days preceding said election, give public notice of said election and the purposes thereof in one or more newspapers published in said county: Provided, if a majority of the qualified voters fail to vote for the bond issue at said election, or if said election is not held at said time, then the Commissioners may at any time submit the question to the voters within two years from and after the ratification of this act, after first giving the notice as already prescribed, said election to be held under the rules and regulations hereinafter prescribed.

Sec. 2. That any election held under the provisions of this act shall be held and conducted in the same manner as is now or may hereafter be prescribed by law for holding elections for members of the General Assembly: Provided, however, that the Board of County Commissioners shall appoint the registrars and judges of election and any and all other officers to conduct said elections, and the registration and challenge of voters shall be conducted in like manner as in elections of members of the General Assembly, and said Commissioners may or may not order a new registration for said elections. Sec. 3. That at said election the ballots tendered and cast by the qualified voters shall have written or printed upon them the words “For Good Roads” or “Against Good Roads.” All electors who favor the issuing of said bonds and the levying of the tax herein-after provided for shall vote “For Good Roads,” and all who do not favor same shall vote “Against Good Roads.”

Sec. 4. In the event a majority of the qualified voters of said county shall vote “For Good Roads” at any of the said elections and the result shall be declared and recorded as aforesaid, the Board of Commissioners shall have prepared and issued bonds in denominations not exceeding one thousand dollars and not less than
one hundred dollars, the total amount not to exceed that provided for in the first section of this act, and said bonds shall bear a rate of interest as fixed by the Board of Commissioners, not to exceed five per cent. per annum, with interest coupons attached, payable semi-annually on the first days of January and July during the time of their running, and the principal thereof shall be payable or redeemable at such time or times as designated in the bonds by the Commissioners, such time not to exceed thirty years from the date of their issuing, as the said Board of Commissioners may determine. SEC. 5. That none of the bonds authorized by this act shall be disposed of by sale, exchange, hypothecation or otherwise for a less price than their face value, nor shall said bonds or their proceeds be used for any other purpose or purposes than those declared by this act. When said bonds are issued they shall be numbered consecutively, and the coupons attached and issued with them shall bear the number of the bonds to which they are attached. The taxes herein provided for shall be collected under the same rules and regulations as govern in the collection of other taxes, and the same when collected shall be a separate fund, applied first to the payment of the interest on said bonds and then to the creation of a sinking fund for the redemption of said bonds. The Board of County Commissioners are authorized to invest the money set apart as a sinking fund in such manner as they may decide upon, and the interest collected shall be credited to said sinking fund; Provided, that the said Board of Commissioners may in their discretion from time to time use any of said sinking fund for the purchase in open market of any bonds issued under the provisions of this act.

Sec. 8. The said Board of County Commissioners shall use the funds derived from the sale of said bonds for the purpose of constructing and improving the public roads in said county, and for such purpose they may establish and maintain a chain-gang and work persons convicted of crime and sentenced by a court or courts to terms of penal servitude on said public roads; may purchase tools, machinery, appliances, materials, stock and all other things whatsoever deemed by them necessary for the purpose of working convicts or hired free labor on the public roads in said county.

The person so elected shall take and subscribe an oath for the faithful performance of his duties as road commissioner, and shall execute an official bond with sufficient surety in such amount as may be fixed by the Board of Commissioners for the faithful performance of all his duties and
for the faithful accounting for all money and property which may come into his hands as said officer. Said bond shall be approved by said County Commissioners and recorded as are other official bonds. Said road commissioner shall hold his office for two years from the first Monday in July after his election or until his successor is elected and qualified, except that said board may for good cause remove said road commissioner from his said office and elect a successor for his unexpired term. The Board of County Commissioners shall biennially, at their regular meeting on the first Monday in June, elect a road commissioner for the following two years, beginning with the first Monday in July following election, and he shall take oath and give bond as aforesaid. Said road commissioner shall enter upon his duties and work when directed by said Board of County Commissioners to begin. Said road commissioner shall have charge and direct the laying out of the road-way, with the aid of an engineer experienced in such work, and say when and where to work: Provided, that the work shall begin at the county-seat, and the full Board of Commissioners of Lincoln County shall designate which road leading out from Lincolnton shall first be worked and to what distance before beginning work on any other road. The Board of Commissioners shall have the supervision of the work done by the road commissioner and shall require him to direct the working of convicts and all other laborers employed on said roads. It shall be the duty of the road commissioner to employ such overseers for convicts and other assistance as the Board of Commissioners of the county may agree to and direct, he may prescribe the duties of such employees and discharge same subject to the consent and approval of the County Board of Commissioners. The Board of County Commissioners shall fix the compensation of all officers and employees herein provided for, and the moneys raised under this act shall not be paid out except upon the order of the Board of County Commissioners. They shall require the County Treasurer to render them an account twice each year showing the status of the road fund, and may require reports from the road commissioner and other officers of roads as often as they may deem necessary about the general progress of the work or upon any particular feature of the work as they may direct.

Sec. 10. That nothing in this act shall be construed as repealing the general road law now in force in Lincoln County as amended, and the powers therein granted are applicable to this act and may be exercised under it: Provided, that the Board of Commissioners may dispense with the use of the road supervisors over such roads as are being improved and worked under this act by means of the
road commissioner, for such time as they decide upon, where in the general road law for Lincoln County powers to go on the lands adjacent to roads and remove trees and gravel, stones and other material is granted to the supervisor, the same is to be construed as being granted to the road commissioner under the direction of the Board of County Commissioners under this act, and in other respects the powers granted to the road supervisor shall be a part of the powers granted under this act to the road commissioner over the road worked under this act.

Sec. 11. That the Board of County Commissioners shall have authority to employ a physician to attend to the convicts worked on the public roads, provide for their care, safe-keeping and discipline, and shall have power and authority to do so and perform all things necessary to carry into effect the objects and provisions of this act.

Sec. 12. The provisions in the general road law for Lincoln County in regard to working of convicts on the public roads shall be construed as a part of this act; when said convicts are worked on the roads under this act they shall be under the charge of the road commissioner.

The superintendent of roads shall be paid such compensation as shall be fixed by said board out of the county road fund, and hold office for two years and until his successor has been elected and qualified. The said superintendent of roads shall at all times be under the direction and control of the Board of Commissioners of Wake County, and he may at any time be removed by them, after having been given ten days' notice and a hearing, when in the opinion of the board there exists a good and sufficient cause for such action; and for malfeasance or misconduct in office he may be removed by them without notice other than may be necessary in order to give him a hearing. It shall be the duty of said superintendent of roads, subject to the approval of the Board of County Commissioners, to supervise, direct and have charge of the maintenance and building of all public roads in the county, and he shall submit to the County Board of Commissioners a monthly report concerning the work in progress and the moneys expended, and he shall submit a quarterly report on the condition of the public roads and bridges and plans for their improvement. Said road superintendent, before entering upon the duties of his office, shall deposit with the Board of County Commissioners a good and lawful bond, to be approved by the said Board of Commissioners, for the sum of $2,000 as a guarantee of the faithful and honest discharge of the duties of his office, which bond shall be duly registered in the office of the Register of Deeds and filed with the Clerk of the Superior Court. In case of the death, resignation or removal of said superintendent, it shall be the duty of the County Commissioners to elect at their first meeting thereafter a road superintendent, who shall hold office for the balance of the unexpired term and until his successor has been elected and qualified.

Sec. 2. That the Board of Commissioners shall divide the county into three road districts, to be known as the Raleigh, the Northern and the Southern road districts, respectively. The boundary of the Raleigh road district shall be the circumference of a circle, the radius of which shall extend eight miles from the Capitol Building, in the city of Raleigh, in every direction; and the boundaries of the other districts shall be fixed by the Board of County Commissioners, and said board shall have power to create new road districts whenever in their opinion there is necessity for the same, and to alter the boundaries of any district, except the Raleigh road district, when they may consider it advisable.

Sec. 3. For each of the road districts the County Commissioners shall elect, at the time herein prescribed for the election of the road superintendent, a district supervisor, who shall hold office for
the same term and in the same manner that he holds, and until their successors are elected and qualified. Each supervisor shall give bond in the sum of $1,000 for the faithful performance of the duties of his office, the truthful accounting for all moneys coming into his possession and the proper care of all teams, wagons, machinery, tools and implements entrusted to his charge; and they shall furnish inventories of such material, tools, implements, machinery and utensils of every nature that shall come into their hands upon their entrance upon and retirement from office; they shall be paid such compensation as shall be fixed by the Board of County Commissioners, and may be removed from office in the same manner provided for the road superintendent. Each supervisor shall render a monthly report of all moneys coming into his hands, which shall be turned over to the Treasurer of the county, and of all the work done by him during the month. Such report shall be made to the road superintendent, and shall be embraced in his report to the board on the first Monday in each month. The report for each road district shall be kept separate from the reports of every other district.

Sec. 4. The County Commissioners shall furnish each supervisor with a complete outfit of teams, carts, machinery, implements, tools and utensils for use by him upon the roads of his district, and the machinery, tools, implements and property now belonging to the Raleigh road district shall not be used upon the roads of any other district, but shall be kept for the exclusive use of that district.

There shall be kept continuously employed upon the roads of each district a squad of not less than fifteen hired hands, whose compensation shall be fixed by the Board of Commissioners: Provided, that such number may be increased in any district in the discretion of the board: And provided further, that in order that as much money as possible may be spent on the roads of the other districts, the Commissioners may dispense with all hired labor in the Raleigh road district so long as they deem best. The Board of Commissioners shall allot to the Raleigh road district two-thirds of the convict force of the county, and the remaining third shall be kept at work to assist the hired labor in the other districts in building four or more thoroughfares leading from Raleigh to the county limits, one road to be completed at the time. Such convict force shall not be divided, but may be sent to assist the work in any district at the discretion of the board. In each district the supervisor shall, as soon as sufficient roads have been built to make it advisable, keep a part of his force employed for the sole purpose
of keeping such roads in as perfect repair and condition as possible. Such force may be composed of either hired or convict labor, and it shall be the duty of the superintendent of roads to see that this provision is enforced as soon as the same shall become necessary.

All moneys paid to the road superintendent as provided for in this act shall, within fifteen days after being received by him, be turned over to the County Treasurer and credited to the road fund. If the road superintendent fails to turn over to the County Treasurer the money so collected within fifteen days he shall be guilty of a misdemeanor: Provided, that no person liable for road duty under this act shall be required to work on the public roads outside of the township in which he resides, and every person who works upon said roads shall be paid fifty cents for each day's work out of the county road fund.

The General Assembly of North Carolina do enact:

SECTION 1. That where any judgment or judgments are docketed in the office of any Clerk of Superior Court in the State of North Carolina requiring the payment of money by any party to such judgment, and such judgment has been paid in part or in whole, either to the party to whom said money is going or his or their agent or attorney, and the party to whom said money is going, his, their or its agent or attorney have failed to give the proper credit on such judgment, it shall be lawful and right for the party who is or was ordered and decreed to pay said money, his trustee, assign, administrator, executor or its (if it be a corporation, firm or company) assignee, trustee or receiver, or any surety or creditor of such party against whom said judgment was rendered, to show by affidavit or petition, duly verified and addressed to the Clerk of the Superior Court of the county in which said judgment was rendered, the amount or amounts so paid and ask that all credits be given on said judgment or judgments, and if the party filing such affidavit or petition claims that he is entitled to credit or credits upon any judgment or judgments, or that said judgment or judgments should be credited by reason of any payment or payments made by himself, themselves, itself or any one for them or either of them, or by reason of any sale or sales of his or their or its real or personal property made by any Sheriff, Commissioner or other officer on one or more executions on any one or more judgments, then it shall be lawful for such party filing such affidavit or petition to embrace, if he sees fit so to do, in his affidavit or petition all judgments and parties to the various judgments, so that the party filing said petition or affidavit may have the credits adjusted in the hearing of one affidavit or petition.

Sec. 2. That any person or persons, their administrator, executor or assignee or their trustee, and any firm, company or corporation, its trustee or receiver, who have purchased any real estate upon which any judgment or judgments were or are a lien or liens, may have the same right to file affidavit as is given and set forth in the first section of this act, and demand that all proper credits be given on any judgment or judgments that should be credited.

Sec. 3. That whenever any petition or affidavit is filed by any one, as set forth in sections one and two of this act, it shall be the duty of the Clerk before whom such petition or affidavit is filed to at once notify the party or parties to whom said money is or was going, or his, her, their or its attorney or agent, to appear before.
sufficient Clerk, not less than ten days from the date of issuing such notice, in his office and show cause, if any he, they, she or it can, why the judgment or judgments should not be credited as demanded by the party filing the petition or affidavit, or should not have the proper credits given on such judgment or judgments; if the party upon whom such notice is to be served is a non-resident of this State, and personal services cannot be had, then it shall be lawful to serve such notice by publication in some newspaper for four successive weeks, or have same served by the Sheriff of the county of the State in which such party lives: Provided, that when notice is to be served upon a firm, co-partnership or corporation, service upon any member (if it be a firm or co-partnership) or officer (if it be a corporation) shall be as sufficient as if personal service was had. And such Clerk shall, on the day so set for the hearing, proceed to hear the matters set forth in such petition or affidavit or continue the hearing, as the justice of the case may demand. At the hearing such Clerk may hear same upon affidavits or upon oral evidence, or upon both; and if oral evidence be offered, the Clerk shall take such evidence down in writing and require of the party giving such evidence to sign and swear to the same. And to this end that any party may have the benefit of the evidence of any person, the Clerk hearing the matter may issue subpœna or subpoenas for witnesses, directed to the Sheriff of the county in which said witness lives, as subpoenas are issued in any civil action, and compel the attendance of any witness or witnesses, or if for any reason such witnesses cannot attend the hearing before the Clerk, or that he is sick or lives more than fifty miles from the office of such Clerk, then said Clerk may issue a commission or commissions to take the depositions of such witness, which commission and the taking of such deposition or depositions shall be governed by the same rules, regulations and laws that now govern the taking of depositions in civil actions. If any person shall fail to obey the process or any order issued or made in the premises by such Clerk, then such Clerk shall have the power and authority to punish such party for contempt, as now provided by law in special proceedings or the general law governing contempt. After hearing the evidence in the matter the Clerk shall find the facts, and if such Clerk shall find that any judgment or judgments mentioned in the proceedings before him should be credited by any sum or sums, then such Clerk shall make an order directing the party who received the money and the party to whom the money is or was going to within three days after the finding of the Clerk, enter such credit and credits on judgment or judgments, as the Clerk may direct. And if it should be made to appear that any judgment on which the party filing the petition or affidavit is a judgment rendered in the Superior
Court on any case or cases, whether singly or consolidated, that have come to such Superior Court by appeal from the judgment of any justice of the peace, and the judgment of the justice of the peace has been docketed in the Superior Court judgment docket, then it shall be the duty of such Clerk or Judge hearing the matter to order such credit or credits to be entered upon the judgment rendered in the Superior Court, and also upon the judgment and judgments of the justices of the peace so docketed in such Superior Court judgment docket, and if any party, agent or attorney to whom any order is directed in the matter refuses and fails to enter such credit or credits as are directed by the Clerk or Judge to be entered, and within the time given for such entry, then such party, agent or attorney shall be guilty of contempt, and may be punished as for contempt by such Clerk or Judge under the general law governing contempt. And if any party to such proceeding, or any party, agent or attorney who is adjudged in contempt, or any party against whom judgment is entered by such Clerk is aggrieved by any order made by such Clerk, such party, agent or attorney may pray an appeal to the Superior Court in term, and such Clerk hearing the matter shall, after he has fully heard and determined the whole matter, if any appeal be taken, transfer all the papers and evidence, together with his findings and orders, to the civil issue docket for the next term of the Superior Court for his county, and the Judge holding such term or any subsequent term may proceed to hear and determine the matter: Provided, that if an appeal be taken to the Superior Court, and an issue of fact arises between the parties, then either party shall be entitled to have the issue or issues of fact heard before a jury; under the same rules, regulations and law as other civil cases are tried; and on the final hearing of the matter, either before the Clerk or the Judge, the Clerk shall, if the party, agent or attorney fails to enter the credit or credits ordered to be entered, proceed to enter such credit or credits on the judgment docket where such judgment is entered, showing why such entry is made by such Clerk. And if any such judgment so ordered to be credited has been docketed in any other county in the State, it shall be the duty of the Clerk of the county in which the judgment is first docketed to certify said credit or credits to the Clerks of the several counties where such judgment is docketed under his hand and official seal, and direct that such entries of credit or credits be made in such other county or counties. And if after the hearing of the matter by such Clerk or Judge there should be found to be a balance due on any such judgment or judgments, the Clerk may issue execution or other final process for such balance so found due.

The running of the statute of limitation against any judgment shall cease during the pendency of any proceeding under this act, and the party against whom the same is running shall not be prejudiced as to such statute by any such proceeding.

Sec. 5. That all costs, including pay of witnesses as now provided for when they attend the Superior Court, and five dollars per day to the Clerk for each day he may sit in hearing upon the matters involved in said petition or affidavit, shall be paid by the party or parties who have received the money and have failed to give the proper credit or credits; and if any attorney or agent who was or is representing any party to whom the money is or was going has received any money or thing of value as a payment on any judgment or judgments, and has failed to give credit for same, and such credit is given after the proceedings provided for in this act have been begun, then the Clerk or Judge hearing the matter may adjudge that the entire costs be paid by such attorney or agent, and any such judgment for costs so made by any Clerk or Judge shall be docketed as other judgments and be a lien against the property of such person who is adjudged to pay same and be enforced by execution as other judgments are. If, however, upon the final hearing of the matter it should be determined by the Clerk or Judge that the party filing such affidavit or petition has failed to establish any right to any credit, then the party filing such affidavit or petition shall pay all costs of the proceedings, which said costs shall be a lien upon the property of such party and shall be collected as other judgments are collected.

SEC. 9.
