CONSTITUTION
OF THE
STATE OF NORTH CAROLINA

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign ruler of nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof, and for the better government of this State, ordain and establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

That the great, general and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and Government of the United States, and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare:

Section 1. The equality and rights of men. That we hold it to be self-evident that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Political power and government. That all political power is vested in, and derived from, the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State. That the people of this State have the inherent, sole and exclusive right of regulating the internal government and policies thereof, and of altering and abolishing their Constitution and form of government whenever it may be necessary for their safety and happiness; but every such right should be exercised in pursuance of the law, and consistently with the Constitution of the United States.

Sec. 4. That there is no right to secede. That this State shall ever remain a member of the American Union; that the people
thereof are part of the American nation; that there is no right on the part of the State to secede, and that all attempts, from whatever source or upon whatever pretext, to dissolve said Union, or to sever said nation, ought to be resisted with the whole power of the State.

SEC. 5. Of allegiance to the United States Government. That every citizen of this State owes paramount allegiance to the Constitution and Government of the United States, and that no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. Public debt; bonds issued under ordinance of Convention of 1868-69, '69-'70, declared invalid: exception. The State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; nor shall the General Assembly assume or pay, or authorize the collection of any tax to pay, either directly or indirectly, expressed or implied, any debt or bond incurred, or issued, by authority of the Convention of the year one thousand eight hundred and sixty-eight, nor any debt or bond incurred or issued by the Legislature of the year one thousand eight hundred and sixty-eight, either at its special session of the year one thousand eight hundred and sixty-eight or at its regular sessions of the years one thousand eight hundred and sixty-eight and one thousand eight hundred and sixty-nine, and one thousand eight hundred and sixty-nine and one thousand eight hundred and seventy, except the bonds issued to fund the interest on the old debt of the State, unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State, at a regular election held for that purpose.

SEC. 7. Exclusive emoluments, etc. No man or set of men are entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

SEC. 8. The legislative, executive, and judicial powers distinct. The legislative, executive, and supreme judicial powers of the government ought to be forever separate and distinct from each other.

SEC. 9. Of the power of suspending laws. All power of suspending laws, or the execution of laws, by any authority, without the consent of the representatives of the people, is injurious to their rights and ought not to be exercised.

SEC. 10. Elections free. All elections ought to be free.

SEC. 11. In criminal prosecutions. In all criminal prosecutions every man has the right to be informed of the accusation
against him and to confront the accusers and witnesses with other testimony, and to have counsel for his defense, and not be compelled to give evidence against himself, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 12. Answers to criminal charges. No person shall be put to answer any criminal charge, except as hereinafter allowed, but by indictment, presentment, or impeachment.

Sec. 13. Right of jury. No person shall be convicted of any crime but by the unanimous verdict of a jury of good and lawful men in open court. The Legislature may, however, provide other means of trial for petty misdemeanors, with the right of appeal.

Sec. 14. Excessive bail. Excessive bail should not be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted.

Sec. 15. General warrants. General warrants, whereby any officer or messenger may be commanded to search suspected places, without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty, and ought not to be granted.

Sec. 16. Imprisonment for debt. There shall be no imprison-ment for debt in this State, except in cases of fraud.

Sec. 17. No person taken, etc., but by law of land. No person ought to be taken, imprisoned, or disseized of his freehold, liberties or privileges, or outlawed or exiled, or in any manner deprived of his life, liberty or property, but by the law of the land.

Sec. 18. Persons restrained of liberty. Every person re-strained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the same, if unlawful; and such remedy ought not to be denied or delayed.

Sec. 19. Controversies at law respecting property. In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and ought to remain sacred and inviolable.

Sec. 20. Freedom of the press. The freedom of the press is one of the great bulwarks of liberty, and therefore ought never to be restrained, but every individual shall be held responsible for the abuse of the same.

Sec. 21. Habeas corpus. The privileges of the writ of habeas corpus shall not be suspended.

Sec. 22. Property qualification. As political rights and privileges are not dependent upon, or modified by, property, therefore no property qualification ought to affect the right to vote or hold office.
Sec. 23. Representation and taxation. The people of the State ought not to be taxed or made subject to the payment of any impost or duty, without the consent of themselves, or their representatives in General Assembly, freely given.

Sec. 24. Militia and the right to bear arms. A well regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they ought not to be kept up, and the military should be kept under strict subordination to, and governed by, the civil power. Nothing herein contained shall justify the practice of carrying concealed weapons, or prevent the Legislature from enacting penal statutes against said practice.

Sec. 25. Right of the people to assemble together. The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress of grievances. But secret political societies are dangerous to the liberties of a free people and should not be tolerated.

Sec. 26. Religious liberty. All men have a natural and unalienable right to worship Almighty God according to the dictates of their own conscience, and no human authority should, in any case whatever, control or interfere with the rights of conscience.

Sec. 27. Education. The people have the right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 28. Elections should be frequent. For redress of grievances, and for amending and strengthening the laws, elections should be often held.

Sec. 29. Recurrence to fundamental principles. A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 30. Hereditary emoluments, etc. No hereditary emoluments, privileges, or honors ought to be granted or conferred in this State.

Sec. 31. Perpetuities, etc. Perpetuities and monopolies are contrary to the genius of a free state, and ought not to be allowed.

Sec. 32. Ex post facto laws. Retrospective laws, punishing acts committed before the existence of such laws, and by them only declared criminal, are oppressive, unjust, and incompatible with liberty; wherefore no ex post facto law ought to be made. No law taxing retrospectively sales, purchases, or other acts previously done ought to be passed.
Sec. 33. Slavery prohibited. Slavery and involuntary servitude otherwise than for crime, whereof the parties shall have been duly convicted, shall be, and are hereby, forever prohibited within the State.

Sec. 34. State boundaries. The limits and boundaries of the State shall be and remain as they now are.

Sec. 35. Courts shall be open. All courts shall be open; and every person for an injury done him in his lands, goods, person, or reputation, shall have remedy by due course of law, and right and justice administered without sale, denial, or delay.

Sec. 36. Soldiers in time of peace. No soldier shall in time of peace be quartered in any house without the consent of the owner; nor in time of war but in a manner prescribed by law.

Sec. 37. Other rights of the people. This enumeration of rights shall not be construed to impair or deny others retained by the people; and all powers not herein delegated remain with the people.

ARTICLE II

LEGISLATIVE DEPARTMENT

Section 1. Two branches. The legislative authority shall be vested in two distinct branches, both dependent on the people, to wit: a Senate and House of Representatives.

Sec. 2. Time of assembly. The Senate and House of Representatives shall meet biennially on the first Wednesday after the first Monday in January next after their election; and when assembled shall be denominated the General Assembly. Neither house shall proceed upon public business unless a majority of all the members are actually present.

Sec. 3. Number of senators. The Senate shall be composed of fifty senators, biennially chosen by ballot.

Sec. 4. Regulations in relation to districting the State for senators. The Senate districts shall be so altered by the General Assembly, at the first session after the return of every enumeration by order of Congress, that each Senate district shall contain, as near as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate district, unless such county shall be equitably entitled to two or more senators.

Sec. 5. Regulations in relation to apportionment of representatives. The House of Representatives shall be composed of one hundred and twenty representatives, biennially chosen by ballot, to be elected by the counties respectively, according to their population, and each county shall have at least one representa-
tive in the House of Representatives, although it may not contain the requisite ratio of representation; this apportionment shall be made by the General Assembly at the respective times and periods when the districts for the Senate are hereinbefore directed to be laid off.

Sec. 6. Ratio of representation. In making the apportionment in the House of Representatives the ratio of representation shall be ascertained by dividing the amount of the population of the State, exclusive of that comprehended within those counties which do not severally contain the one hundred and twentieth part of the population of the State, by the number of representatives, less the number assigned to such counties; and in ascertaining the number of the population of the State, aliens and Indians not taxed shall not be included. To each county containing the said ratio and not twice the said ratio there shall be assigned one representative; to each county containing two but not three times the said ratio there shall be assigned two representatives, and so on progressively, and then the remaining representatives shall be assigned severally to the counties having the largest fractions.

Sec. 7. Qualifications for senators. Each member of the Senate shall not be less than twenty-five years of age, shall have resided in this State as a citizen two years, and shall have usually resided in the district for which he was chosen one year immediately preceding his election.

Sec. 8. Qualifications for representatives. Each member of the House of Representatives shall be a qualified elector of the State, and shall have resided in the county for which he is chosen for one year immediately preceding his election.

Sec. 9. Election of officers. In the election of all officers, whose appointment shall be conferred upon the General Assembly by the Constitution, the vote shall be viva voce.

Sec. 10. Powers in relation to divorce and alimony. The General Assembly shall have power to pass general laws regulating divorce and alimony, but shall not have power to grant a divorce or secure alimony in any individual case.

Sec. 11. Private laws in relation to names of persons, etc. The General Assembly shall not have power to pass any private law to alter the name of any person, or to legitimate any person not born in lawful wedlock, or to restore to the rights of citizenship any person convicted of an infamous crime, but shall have power to pass general laws regulating the same.

Sec. 12. Thirty days' notice shall be given anterior to passage of private laws. The General Assembly shall not pass any private laws, unless it shall be made to appear that thirty days' notice of application to pass such a law shall have been given,
under such direction and in such manner as shall be provided by law.

Sec. 13. Vacancies. If vacancies shall occur in the General Assembly by death, resignation or otherwise, writs of election shall be issued by the Governor under such regulations as may be prescribed by law.

Sec. 14. Revenue. No law shall be passed to raise money on the credit of the State, or to pledge the faith of the State, directly or indirectly, for the payment of any debt, or to impose any tax upon the people of the State, or allow the counties, cities or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 15. Entails. The General Assembly shall regulate entails in such a manner as to prevent perpetuities.

Sec. 16. Journals. Each house shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 17. Protest. Any member of either house may dissent from, and protest against, any act or resolve which he may think injurious to the public, or any individual, and have the reason of his dissent entered on the journal.

Sec. 18. Officers of the House. The House of Representatives shall choose their own speaker and other officers.

Sec. 19. President of the Senate. The Lieutenant-Governor shall preside in the Senate, but shall have no vote unless it may be equally divided.

Sec. 20. Other senatorial officers. The Senate shall choose its other officers and also a speaker (pro tempore) in the absence of the Lieutenant-Governor, or when he shall exercise the office of Governor.

Sec. 21. Style of the acts. The style of the acts shall be: "The General Assembly of North Carolina do enact."

Sec. 22. Powers of the General Assembly. Each house shall be judge of the qualifications and election of its own members, shall sit upon its own adjournment from day to day, prepare bills to be passed into laws; and the two houses may also jointly ad- journ to any future day, or other place.

Sec. 23. Bills and resolutions to be read three times, etc. All bills and resolutions of a legislative nature shall be read three times in each house before they pass into laws, and shall be signed by the presiding officers of both houses.
Oath of members. Sec. 24. Oath of members. Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States, and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

Terms of office. Sec. 25. Terms of office. The terms of office for senators and members of the house of representatives shall commence at the time of their election.

Yeast and nays. Sec. 26. Yeas and nays. Upon motion made and seconded in either house by one-fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journals.

Election for members of the General Assembly. Sec. 27. Election for members of the General Assembly. The election for members of the General Assembly shall be held for the respective districts and counties, at the places where they are now held, or may be directed hereafter to be held, in such manner as may be prescribed by law, on the first Thursday in August, in the year one thousand eight hundred and seventy, and every two years thereafter. But the General Assembly may change the time of holding the elections.

Pay of members and officers of the General Assembly. Sec. 28. Pay of members and officers of the General Assembly; extra session. The members of the General Assembly for the term for which they have been elected shall receive as a compensation for their services the sum of four dollars per day for each day of their session, for a period not exceeding sixty days; and should they remain longer in session they shall serve without compensation. They shall also be entitled to receive ten cents per mile, both while coming to the seat of government and while returning home, the said distance to be computed by the nearest line or route of public travel. The compensation of the presiding officers of the two houses shall be six dollars per day and mileage. Should an extra session of the General Assembly be called, the members and presiding officers shall receive a like rate of compensation for a period not exceeding twenty days.

Extra session. Sec. 29. Limitations upon power of General Assembly to enact private or special legislation. The General Assembly shall not pass any local, private, or special act or resolution relating to the establishment of courts inferior to the Superior Court; relating to the appointment of justices of the peace; relating to health, sanitation, and the abatement of nuisances; changing the names of cities, towns, and townships; authorizing the laying out, opening, altering, maintaining, or discontinuing of highways, streets, or alleys; relating to ferries or bridges; relating to nonnavigable streams; relating to cemeteries; relating to the pay of jurors; erecting new townships, or changing township lines, or estab-
lishing or changing the lines of school districts; remitting fines, penalties, and forfeitures, or refunding moneys legally paid into the public treasury; regulating labor, trade, mining, or manufacturing; extending the time for the assessment or collection of taxes, or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability; giving effect to informal wills and deeds; nor shall the General Assembly enact any such local, private or special act by the partial repeal of a general law, but the General Assembly may at any time repeal local, private, or special laws enacted by it. Any local, private or special act or resolution passed in violation of the provisions of this section shall be void. The General Assembly shall have power to pass general laws regulating matters set out in this section.

SEC. 30. Inviolability of sinking funds. The General Assembly shall not use nor authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for which said sinking fund has been created.

ARTICLE III

EXECUTIVE DEPARTMENT

SECTION 1. Officers of the executive department; terms of office. The executive department shall consist of a Governor, in whom shall be vested the supreme executive power of the State; a Lieutenant-Governor, a Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, and an Attorney-General, who shall be elected for a term of four years by the qualified electors of the State, at the same time and places and in the same manner as members of the General Assembly are elected. Their term of office shall commence on the first day of January next after their election, and continue until their successors are elected and qualified: Provided, that the officers first elected shall assume the duties of their office ten days after the approval of this Constitution by the Congress of the United States, and shall hold their office four years from and after the first day of January.

SEC. 2. Qualifications of Governor and Lieutenant-Governor. No person shall be eligible as Governor or Lieutenant-Governor unless he shall have attained the age of thirty years, shall have been a citizen of the United States five years, and shall have been a resident of this State for two years next before the election; nor shall the person elected to either of these two offices be eligible to the same office more than four years in any term of eight years, unless the office shall have been cast upon him as Lieutenant-Governor or president of the Senate.
Sec. 3. Returns of election. The return of every election for officers of the executive department shall be sealed up and transmitted to the seat of government by the returning officer, directed to the Speaker of the House of Representatives, who shall open and publish the same in the presence of a majority of the members of both houses of the General Assembly. The persons having the highest number of votes respectively shall be declared duly elected; but if two or more be equal and highest in votes for the same office, then one of them shall be chosen by joint ballot of both houses of the General Assembly. Contested elections shall be determined by a joint ballot of both houses of the General Assembly, in such manner as shall be prescribed by law.

Sec. 4. Oath of office for Governor. Sec. 4. The Corporation Commission of the State of North Carolina is hereby vested with power and authority to supervise and regulate every motor vehicle carrier in the State, to fix or approve the rates, fares, charges, classifications, rules and regulations of each such motor vehicle carrier; to fix and prescribed the speed limit, which may be less, but shall not be greater than that prescribed by the statute law of the State; to regulate the accounts, service and safety of operation of each such motor vehicle carrier; to require the filing of annual and other reports and of other data by such motor vehicle carriers, and to supervise and regulate motor vehicle carriers in all other matters affecting the relationship between such carriers and the traveling and shipping public. The Corporation Commission shall have power and authority, by general order or otherwise, to prescribe rules and regulations applicable to any and all motor vehicle carriers, and the said commission is authorized, directed and empowered, whenever the public convenience and necessity requires, to increase or decrease the service upon any route for which the license certificate has been issued to any motor vehicle and to prescribe by rules when any motor vehicle carrier operating on a particular route may for a specific time increase the service on said route, and the Secretary of State through the automobile department is hereby authorized, empowered and directed to see that the rules and regulations prescribed by the Corporation Commission for the operation of motor-propelled vehicles on the highways of the State, and all and singular the provisions of this act, and of all statutes heretofore enacted regulating the traffic upon the highways of the State and fixing the speed limit for operation, are enforced; and also, said Secretary of State, through the automobile department, is authorized and directed to collect all fees and charges imposed by this act upon such motor vehicle carriers, and to collect all fines and penalties imposed for violation of this act or for the violation of the rules and regulations prescribed by the Corporation Commission.

Sec. 5. The commission may at any time, upon written complaint made to it by the Secretary of State or by any citizen,
Upon violation of laws, or upon its own motion, that any motor vehicle carrier is violating the provisions of this act or any of the rules or regulations prescribed by the commission, or is violating any of the laws of the State or any requirement of his license certificate, issue its order to the said motor vehicle carrier notifying it to appear before the commission at a fixed time and place, at which time and place the commission shall investigate the complaint made, and if it shall be satisfied after such hearing that the said motor vehicle carrier holding a license certificate has willfully violated or refused to observe the laws of this State touching motor vehicle carriers or any of the terms of his certificate or any of the commission's orders, rules or regulations, the said commission may suspend, revoke, alter or amend any certificate issued under the provisions of this act, but the holder of such certificate shall have the right of appeal to the Superior Court as is now provided by law for appeals from the orders of said commission: Provided, that in all cases of appeal from the decision of the commission, the commission may permit the certificate holder to operate pending such appeal if in the judgment of the commission the public convenience and necessity requires such service, but no certificate holder may operate pending such appeal unless permitted to do so by the commission.

Sec. 6. No certificate holder under this act shall operate or permit any person to operate a motor vehicle for the transportation of persons or property for compensation in this State unless and until the operator thereof shall have obtained from the Secretary of State a driver's permit, which may be revoked for cause by the Secretary of State: Provided, however, that no such permit shall be issued to any person under eighteen years or age. Such permit shall always be carried by the person to whom issued, and shall be shown to any official or citizen upon request.

Each applicant for a driver's permit under the provisions of this act shall be examined by a person designated by the Secretary of State as to his knowledge of the traffic laws of this State and as to his experience as a driver, and such applicant may be required to demonstrate his skill and ability to safely handle his vehicle; he shall be of good moral character, and he shall furnish such information concerning himself as required, upon form provided for such purpose. If the result of such examination be unsatisfactory, the permit shall be refused. The Secretary of State shall collect a fee of one dollar for each permit issued by him, and all funds so collected shall be paid into the State treasury monthly to the credit of the State highway fund.

Sec. 7. It shall be the duty of the Secretary of State, upon the presentation of a certificate from the commission authorizing
the motor vehicle carrier to operate, to countersign the same, upon payment of the proper license tax herein prescribed and the giving of the bond hereinbefore prescribed, to furnish the motor vehicle carrier with a distinguishing plate or marker of a design selected by the Secretary of State: Provided, however, that where it appears that the applicant has previously secured his several licenses for the year ending June thirtieth, one thousand nine hundred and twenty-five—then, in that event, the Secretary of State shall credit such applicant proportionately with the unused portion thereof in computing the amount of the privilege or license tax required hereunder for the year for which said license certificate is granted.

Sec. 8. There shall be collected by the Secretary of State, through the automobile department, a privilege, franchise or license tax from each grantee of a license certificate of six per cent of the gross amount received by said carrier from all fares and charges collected by it for the transportation of persons, property and freight, either or both, which said privilege tax shall be paid quarterly in advance; and at the time of issuing said license certificate the said Secretary of State shall collect from each grantee for the first quarter at least two hundred dollars, which said amount shall at the end of the quarter be credited to the said licensee, and if there is an excess, the same shall be paid to said licensee. In order to ascertain the gross amount of revenues received and collected by said licensee, the Secretary of State shall prescribe the books and forms of account to be kept by said licensee, and at the end of each current month the said licensee shall file with the Secretary of State a statement verified by an officer, if the licensee is a corporation, or if the licensee is a person, then by such person, showing the gross amount of fares and charges collected by said licensee during the said month. The books and records of the licensee shall be at all times open to the inspection of the said Secretary of State or any agent by him appointed for such purpose, and if the said licensee shall fail to make the monthly reports herein prescribed to the Secretary of State or shall fail to keep said books and records as prescribed by the said Secretary of State, then, upon notice in writing to said licensee of such default or defaults and the failure of the said licensee within five days to make said statement or to keep said records properly, the certificate issued to said licensee shall be revoked by the Corporation Commission upon notice by the Secretary of State, but the commission shall, if requested by the said licensee, order a hearing. The Secretary of State shall in his automobile department keep a true and accurate list of all persons and corporations to whom license
certificates shall be issued, with the postoffice address of the licensee.

In the event that any motor vehicle carrier of persons or freight for compensation shall operate between a certain point or points without the State of North Carolina to a certain point or points within the State of North Carolina, then such motor vehicle carrier shall be subject to the same rules and regulations and the same privilege or license tax as motor vehicle carriers operating solely and entirely within the State, but in computing the license or privilege tax to be paid by such motor vehicle carriers, operating partly within and partly without the State, the privilege or license tax of six per cent upon the gross amount of fares and charges collected shall be based upon the proportion of mileage in the State as compared to the total mileage between the termini of the route of the said motor vehicle carriers. And if such motor vehicle carrier operating on the route which lies partly without and partly within the State shall fail to pay the said license or privilege tax, then the Secretary of State is authorized and directed to compute said tax as best he can, to certify the same to the sheriff of any county in this State in which said motor vehicle carrier is operating, which said certificate to the said sheriff shall have all the force and effect of a judgment and execution, and the said sheriff is authorized and directed to levy upon any property in said county owned by said motor vehicle carrier, and to sell the same for payment of said tax as other property is sold in the State for the nonpayment of taxes, and for such service the sheriff shall be allowed the fees now prescribed by law for sales under execution.

SEC. 9. It shall be the duty of the Secretary of State to keep a separate account of all moneys collected under this act, and any and all moneys so collected shall be paid to the State Treasurer monthly, and the amount so collected and paid to the State Treasurer shall be distributed as follows after deducting the necessary expenses incurred by the Secretary of State in the enforcement of the provisions of this act: To each county, whose county highway system is used as a part of the route authorized in the license certificate issued to any motor vehicle carrier, its part, computed upon the proportionate mileage of said county highway is to the entire mileage of the route of said license certificate holder; to each town or city, which out of its own revenue maintains its own streets, its proportionate part computed upon the mileage of said streets so used by the licensee in its route has to the entire mileage of said route, which such amounts shall be semiannually remitted to the said respective counties, cities, and towns by the treasurer of the State, said
payments to be made on warrants of the State Auditor to the respective treasurers of the counties, cities, or towns, the balance of said fund to be placed to the credit of the highway fund of the State.

Sec. 10. The commission and the Secretary of State shall have authority to employ such clerks and other aid as may be necessary for their respective departments to carry out the provisions of this act, and to fix their compensation subject to the approval of the Governor and Council of State, and said expenses and compensation of additional clerks or other aid shall be paid out of the moneys collected under this act.

Sec. 11. Every officer, agent or employee of any corporation and every other person who willfully violates or fails to comply with or who procures, aids or abets the violation of any provision of this act, or who fails to obey, observe or comply with any order, decision, rule or regulation, direction or requirement of the commission or any part or provision thereof, or who operates any motor vehicle for the transportation of persons or property for compensation while under the influence of intoxicating liquors or drugs, or in such a reckless manner or at such rate of speed as would endanger the safety of passengers or any other person along such highway, shall be guilty of a misdemeanor and punishable by fine of not less than fifty dollars nor more than five hundred dollars, or imprisonment, in the discretion of the court, or both fine and imprisonment in the discretion of the court.

Sec. 12. That there shall be posted and kept posted therein on the inside of the front of each motor vehicle operated by any carrier the photograph and name of the driver and the schedule of time and fares.

Sec. 13. No county, city or town shall impose any tax upon any motor vehicle carrier licensed under the provisions of this act, except ad valorem tax upon the property of the said motor vehicle carrier at the principal office of the said carrier along said route over which he operates.

Sec. 14. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

Sec. 15. All acts or parts of acts inconsistent herewith are hereby repealed to the extent of said inconsistency, but nothing herein contained shall be construed to relieve any motor vehicle carrier as herein defined from any regulation otherwise imposed by law or lawful authority.

Sec. 16. This act shall be in full force and effect thirty days after its ratification.

Seventh. The words "such property or any part thereof or interest therein within this State," wherever appearing in this act, shall include in its meaning bonds and shares of stock in any incorporated company incorporated in this State, regardless of whether or not any such incorporated company shall have any or all of its capital stock invested in property outside of this State and doing business outside of this State, and the tax on the transfer of any bonds or shares of stock in any such incorporated company owning property and doing business outside of this State shall be paid before waivers are issued for the transfer of such bonds or shares of stock as hereinabove provided for.

The words "estate" and "property" wherever used in this act, except where the subject or context is repugnant to such construction, shall be construed to mean the interest of the testator, intestate, grantor, bargainor, or vendor passing or transferred to the individual or specific legatee, devisee, heir, next of kin, grantee, donee, or vendee, not exempt under the provisions of this act, whether such property be situated within or without the State. The word "transfer" as used in this act shall be taken to include the passing of property or any interest therein, in possession, or enjoyment, present or future, by distribution, or by statute, descent, devise, bequest, grant, deed, bargain, sale, or gift.

Any incorporated company not incorporated in this State and owning property in this State which shall transfer on its books the bonds or shares of stock of any decedent holder of shares of stock in such company exceeding in par value two hundred dollars before the inheritance tax, if any, has been paid, shall become liable for the payment of the said tax, and any property held by such company in this State shall be subject to execution to satisfy same. A receiver or waiver signed by the Commis-
sioner of Revenue of North Carolina shall be full protection for any such company in the transfer of any such stock or bonds.

Whenever any person or corporation shall exercise a power of appointment derived from any disposition of property made either before or after the passage of this act, such appointment when made shall be deemed a transfer taxable under the provisions of this act, in the same manner as though the property to which such appointment relates belonged absolutely to the donee of such power and had been bequeathed or devised by such donee by will, and the rate shall be determined by the relationship between the beneficiary under the power and the donor; and whenever any person or corporation possessing such power of appointment so derived shall omit or fail to exercise the same within the time provided therefor, in whole or in part, a transfer taxable under the provisions of this act shall be deemed to take place to the extent of such omission or failure in the same manner as though the persons or corporations thereby becoming entitled to the possession or enjoyment of the property to which such power related and succeeded thereto by a will of the donee of the power failing to exercise such power, taking effect at the time of such omission or failure.

Whenever any real or personal property, or both, of whatever kind or nature, including stocks of foreign or domestic corporations or bonds of foreign corporations secured by mortgage or deed of trust upon any real or personal property, or both, situate in and located in the State of North Carolina, is disposed of by will or by deed to any person or persons for life, or the life of the survivor, or for a term of years, or to any corporation for a term of years, with the power of appointment in such person or persons, or in such corporation, or reserving to the grantor or devisee the power of revocation, the tax, upon the death of the person making such will or deed, shall on the whole amount of property so disposed of be due and payable as in other cases, and the said tax shall be computed according to the relationship of the first donee, or devisee, to the devisee.

Where real property is held by husband and wife as tenants by the entirety, the surviving tenant shall be taxable only on one-half of the value of the property so transferred, unless where it shall appear that the husband supplied the entire purchase money and the husband predeceases the wife, the wife shall be chargeable with the entire value of the property for inheritance tax, and where it appears that the wife supplied the entire purchase money and the wife predeceases the husband, the husband is chargeable with the value of the property for inheritance tax, and in the absence of evidence as to the proportions of the purchase price paid by the husband and wife, the presumption will
be that each paid equal amounts, and only one-half of the value of the property shall be charged to the survivor for inheritance tax.

The Commissioner of Revenue shall prepare and furnish, upon application, blank forms covering such information as may be necessary to determine the amount of inheritance tax due the State of North Carolina on the transfer of any such bonds or stock; he shall determine the value of such bonds or stocks, and shall have full authority to do all things necessary to make full and final settlement of all such inheritance taxes due or to become due, and shall make prompt return to the State Treasurer of all such taxes collected.

The Commissioner of Revenue shall have authority, under penalties provided in section eighty-nine of this act, to require that any reports necessary to a proper enforcement of this act be made by any such incorporated company owning property in this State.

**Sec. 7. When all heirs, legatees, etc., are discharged from liability.**

All heirs, legatees, devisees, administrators, executors and trustees shall only be discharged from liability for the amount of such taxes, the settlement of which they may be charged with, by paying the same for the use aforesaid as hereinafter provided.

**Sec. 8. Discount for payment in six months; interest after twelve months; penalty after two years.**

The penalty of ten per cent herein imposed may be remitted to simple interest by the Commissioner of Revenue in case of unavoidable delay in settlement of estate or of pending litigation. And the Commissioner of Revenue is further authorized, in case of protracted litigation or other delay in settlement not attributable to laches of the party liable for the tax, to remit all or any portion of the interest charges accruing under this schedule with
respect to so much of the estate as was involved in such litigation or other unavoidable cause or delay: Provided, that time for payment and collection of such tax may be extended by the Commissioner of Revenue for good reasons shown.

Sec. 9. *Collection to be made by sheriff if not paid in two years.*

If taxes imposed by this act are not paid within two years after the death of the decedent, it shall be the duty of the Commissioner of Revenue to certify to the sheriff of the county in which the estate is located the amount of tax due upon such inheritance, and the sheriff shall collect the same as other taxes, with an addition of two and one-half per cent as sheriff's fees for collecting same; and the sheriff is hereby given the same rights of levy and sale upon any property upon which the said tax is payable as is given in the Machinery Act for the collection of other taxes. The sheriff shall make return to the Commissioner of Revenue of all such taxes within thirty days after collection.

Sec. 11. *Legacy for life, etc., tax to be retained, etc., upon the whole amount.*

If the legacy or devise subject to said tax be given to a beneficiary for life or for a term of years, or upon condition of contingency, with remainder to take effect upon the termination of the life estate or the happening of the condition of contingency, the tax on the whole amount shall be due and payable as in other
cases, and said tax shall be apportioned between such life tenant and the remainderman, such apportionment to be made by computation based upon the mortuary and annuity tables set out as sections one thousand seven hundred and ninety and one thousand seven hundred and ninety-one of the Consolidated Statutes, and upon the basis of six per centum of the gross value of the estate for the period of expectancy of the life tenant in determining the value of the respective interests. When property is transferred or limited in trust or otherwise and the rights, interest or estates of the transferees or beneficiaries are dependent upon contingencies or conditions whereby they may be wholly or in part created, defeated, extended or abridged, a tax shall be imposed upon said transfer at the highest rate, within the discretion of the Revenue Commissioner, which, on the happening of any of the said contingencies or conditions, would be possible under the provisions of this act, and such tax so imposed shall be due and payable forthwith out of the property transferred and the Commissioner of Revenue shall assess the tax on such property.

SEC. 12. Legacy charged upon real estate, heir or devisee to deduct and pay to executor, etc.

SEC. 13. Computation of tax on nonresident decedents.

A tax shall be assessed on the transfer of property, including property specifically devised or bequeathed, made subject to tax as aforesaid in this State of a nonresident decedent if all or any part of the estate of such decedent, wherever situated, shall pass to persons or corporations taxable under this act, which tax shall bear the same ratio to the entire tax which the said estate would have been subject to under this act, if such nonresident decedent had been a resident of this State, and all his property real and
personal, had been located within this State, as such taxable property within this State bears to the entire estate, wherever situated.

SEC. 14. Foreign executor or administrator transferring stock shall pay the tax on such transfer.

If any administrator or executor fails or refuses to comply with any of the requirements of this section he shall be liable to a penalty, to be imposed by the Commissioner of Revenue, of not less than one hundred dollars or more than one thousand dollars. He shall regularly employ such deputies, attorneys, examiners or special agents as may be necessary for the reasonable carrying out of its full intent and purposes. Such deputies, attorneys, examiners or special agents shall, as often as required to do so, visit the several counties of the State to inquire and ascertain if all inheritance
taxes due from estates of decedents, or heirs-at-law, legatees, devisees, or distributees thereof, have been paid; to see that all statements required by this act are filed by administrators and executors, or by beneficiaries under wills where no executor is appointed; to examine into all statements filed by such administrators and executors; to require such administrators and executors to furnish any additional information that may be deemed necessary to determine the amount of tax that should be paid by such estate. If not satisfied, after investigation, with valuations returned by the administrator or executor, the deputy, attorney, examiner, or appraiser shall make an additional appraisal after proper examination and inquiry, or may, in special cases, recommend the appointment by the Commissioner of Revenue of a special appraiser, who, in such case, shall be paid five dollars per day and expenses for his services. The administrator or executor, if not satisfied with such additional appraisal, may appeal within thirty days to the Commissioner of Revenue, which appeal shall be heard and determined as other cases. From this decision the administrator or executor shall have the right to appeal to the Superior Court of the county in which said estate is situated for the purpose of having said issue tried; said appeal to be made in the same way and manner as is now provided by law for appeals from the decisions of the Corporation Commission: Provided, that the tax shall first be paid, and if it shall be determined upon trial that said tax or any part thereof was illegal or excessive, judgment shall be rendered therefor with interest, and the amount of tax so adjudged overpaid or declared invalid shall be certified by the clerk of the court to the Commissioner of Revenue, who is authorized and directed to draw his warrant on the State Treasurer for the amount thereof.

Sec. 17. Proportion of tax to be repaid upon certain conditions.

Sec. 18. Commissioner of Revenue may order executor, etc., to file account, etc.

The annual license tax for operating such chair and sleeping cars within the State shall be four percent (4%) of the gross earnings of the previous year. The tax imposed by this section shall be paid to the Commissioner of Revenue at the time of making the report provided for herein. No county, city or town shall impose any tax under this section.

Upon the failure of any corporation to pay such taxes and fees and penalties to the Commissioner of Revenue, he may certify same to the sheriff of the county in which any such company has its home office, or any county in which any such company may own property, for collection as provided in section four of this act; and if collection is not made in this way, such taxes or fees and penalties thereon may be recovered by an action in the name of the State, which may be brought in the Superior Court of Wake County, or in any county in which such public utility is doing business, or the line of any street, suburban, or inter-urban railroad company or railroad company is located. The Attorney-General, on request of the Commissioner of Revenue, shall institute such action in the Superior Court of Wake County, or of any such county as the Commissioner of Revenue may direct. case of mines, oil, and gas wells, and other natural deposits, the cost of development not otherwise deducted). In the cases of leases the deductions allowed may be equitably apportioned between the lessor and the lessee.

9. Contributions or gifts made by individuals within the income year to corporations or associations operated exclusively for religious, charitable, scientific, or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual, to an amount not in excess of fifteen per centum of the taxpayer’s net income as computed without the benefit of this subdivision.

10. Resident individuals and corporations having an established business in another state, or investment in property in another state, may deduct the net income from such business or investment, if such business or investment is in a state that levies a tax upon such net income. The deduction authorized in this subsection shall in no case extend to any part of income of resident individuals and corporations from personal services, or mortgages, stocks, bonds, securities, and deposits.

11. In the case of a nonresident individual, the deductions allowed in this section shall be allowed only if, and to the extent that, they are connected with income arising from sources within the State; and the proper apportionment and allocation of the deductions with respect to sources of income within and without the State shall be determined under rules and regulations prescribed by the Commissioner of Revenue.

Sec. 307. Items not deductible.

In computing net income no deduction shall in any case be allowed in respect of:

(a) Personal, living, or family expenses.

(b) Any amount paid out for new buildings or for permanent improvements or betterments, made to increase the value of any property or estate.

(c) Any amount expended in restoring property for which an allowance is or has been made.

(d) Premiums paid on any life insurance policy.

Sec. 308. Exemptions.

1. There shall be deducted from the net income the following exemptions:

(a) In the case of a single individual, a personal exemption of one thousand dollars.

(b) In the case of a married man with a wife living with him, two thousand dollars, or in the case of a person who is the head
of a household and maintains the same and therein supports one or more dependent relatives, two thousand dollars.

(c) In the case of a widow or widower having minor child or children natural or adopted, two thousand dollars.

(d) Two hundred dollars ($200) for each individual (other than husband and wife) dependent upon and receiving his chief support from the taxpayer, if such dependent individual is under eighteen years of age or is incapable of self-support because mentally or physically defective.

(c) In the case of a fiduciary, if taxable under clause (a) of paragraph one of section two hundred and five, a personal exemption of one thousand dollars; if taxable under clause (b) of said paragraph an exemption of one thousand dollars: Provided, that the surviving husband or wife shall be entitled to exemption as provided in paragraph three of this section; if taxable under clause (c) of said paragraph the same exemptions to which the beneficiary would be entitled.

(f) A married woman having a separate and independent income, one thousand dollars ($1,000).

2. The exemptions allowed by this section shall not be allowed with respect to a resident of this State having income from a business or agency in another state, or with respect to a non-resident having a business or agency in this State, unless the entire income of such resident or nonresident individual is shown in the return of such resident or nonresident, and if the entire income is so shown the exemption shall be prorated in the proportion of the income in this State to the total income.

3. The status on the last day of the income year shall determine the right to the exemptions provided in this section: Provided, that a taxpayer shall be entitled to such exemption for husband or wife or dependents who have died during the income year.

Sec. 309. Credit for taxes in case of taxpayers other than resident of the State.

Whenever a taxpayer other than a resident of the State has become liable to income tax to the state or country where he resides upon his net income for the taxable year, derived from sources within this State and subject to taxation under this article, the Commissioner of Revenue shall credit the amount of income tax payable by him under this article with such proportion of the tax so payable by him to the state or country where he resides as his income subject to taxation under this article bears to his entire income upon which the tax so payable to such other state or county was imposed: Provided, that such credit shall be allowed only if the laws of said state or country (1) grant a substantially similar credit to residents of this State
subject to income tax under such laws; or (2) impose a tax upon the personal incomes of its residents derived from sources in this State and exempt from taxation the personal incomes of residents of this State. No credit shall be allowed against the amount of the tax on any income taxable under this article which is exempt from taxation under the laws of such other state or country.

SEC. 400. RETURNS.

1. Every resident or nonresident having a net income during the income year taxable in this State of one thousand dollars ($1,000) and over, if single, or if married and not living with husband or wife, or having a net income for the income year of two thousand dollars ($2,000) or over, if married and living with husband or wife, and every corporation doing business in the State except foreign insurance companies or associations paying the gross premium receipts tax under section seventy of this act, shall make a return under oath, stating specifically the items of gross income and the deductions allowed by this act, and such other facts as the Commissioner of Revenue may require for the purpose of making any computation required by this act. income properly attributable to the State, whether by the arbitrary shifting of income, through price fixing, charges for service or otherwise, whereby the net income is arbitrarily assigned to one or another unit in a group of taxpayers carrying on business under a substantially common control, he may require such facts as he deems necessary for the proper computation of the entire net income and the net income properly attributable to the State, and in determining the same the Commissioner of Revenue shall have regard to the fair profit which would normally arise from the conduct of the trade or business.

Sec. 401. *Fiduciary returns.*

1. Every fiduciary subject to taxation under the provisions of this act, as provided in section two hundred and five hereof, shall make a return under oath, for the individual, estate or trust for whom or for which he acts, if the net income thereof amounts to one thousand dollars or over.

2. The return made by a fiduciary shall state specifically the items of gross income, and the deductions and exemptions allowed by this act, and such other facts as the Commissioner of Revenue may prescribe. Under such regulations as the Commissioner may prescribe a return may be made by one or two or more joint fiduciaries.

3. Fiduciaries required to make returns under this act shall be subject to all the provisions of this act which apply to individuals.

Sec. 402. *Information at the source.*

1. Every individual, partnership, corporation, jointstock company or association or insurance company, being a resident or having a place of business in this State, in whatever capacity acting, including lessee or mortgagors or real or personal property, fiduciaries, employers and all officers and employees of the State or of any political subdivision of the State, having the control, receipt, custody, disposal, or payment of interest (other than interest coupons payable to bearer), rent, salaries, wages, premiums, annuities, compensations, remunerations, emoluments, or other fixed or determinable annual or periodical gains, profits, and incomes, amounting to one thousand dollars or over paid or payable during any year to any taxpayer, shall make complete return thereof to the Commissioner of Revenue under such regulations and in such form and manner and to such extent as may be prescribed by him.

2. Every partnership having a place of business in the State shall make a return, stating specifically the items of its gross income, and the deductions, allowed by this act, and shall in-
clude in the return the names and addresses of the individuals who would be entitled to share in the net income if distributed, and the amount of the distributive share of each individual. The return shall be sworn to by one of the partners.

3. Every fiduciary shall make, under oath, a return for the individual, estate or trust for whom or for which he acts, if the net income thereof, distributed or distributable to beneficiaries during the year is one thousand dollars or over, in which case the fiduciary shall set forth in such returns the items of the gross income, the deductions allowed by this act, and the net income, the names and addresses of the beneficiaries, the amounts distributed or distributable to each and the amount, if any, lawfully retained by him for future distribution. Such return may be made by one of two or more joint fiduciaries.

SEC. 403. Time and place of filing returns.

Returns shall be in such forms as the Commissioner of Revenue may from time to time prescribe, and shall be filed with the Commissioner at his main office or at any branch office which he may establish, on or before the fifteenth day of March, in each year, and for all taxpayers using a fiscal year, within seventy-five days after expiration of the fiscal year. In case of sickness, absence, or other disability, or whenever in his judgment good cause exists, the Commissioner may allow further time for filing returns. There shall be annexed to the return the affidavit or affirmation of the taxpayer making the return, to the effect that the statements contained therein are true. The Commissioner shall cause to be prepared blank forms for the said returns, and shall cause them to be distributed throughout the State and to be furnished upon application; but failure to receive or secure the form shall not relieve any taxpayer from the obligation of making any return herein required.

SEC. 404. Blank forms to be kept on file with register of deeds and deputy commissioners.

For convenience of all parties liable for making a return of income, and who may not receive blank forms by mail for this purpose, the Commissioner of Revenue shall keep on deposit with the register of deeds or county auditor or deputy commissioner of revenue in each county a supply of blank forms for distribution.

SEC. 405. Failure to file returns; supplementary returns.

If the Commissioner of Revenue shall be of the opinion that any taxpayer has failed to file a return, or to include in a return filed, either intentionally or through error, items of taxable in-
come, he may require from such taxpayer a return, or supplementary return, under oath, in such form as he shall prescribe, of all the items of income which the taxpayer received during the year for which the return is made, whether or not taxable under the provisions of this act. If from a supplementary return, or otherwise, the Commissioner finds that any items of income, taxable under this act, have been omitted from the original return, or any items, returned as taxable that are not taxable, or any item of taxable income overstated, he may require the items so omitted to be disclosed to him under oath of the taxpayer, and to be added to or deducted from the original return. Such supplementary return and the correction of the original return shall not relieve the taxpayer from any of the penalties to which he may be liable under any provision of this act. The Commissioner may proceed under the provisions of section five hundred and two of this act, whether or not he requires a return or a supplementary return under this section.

ARTICLE V

COLLECTION AND ENFORCEMENT OF TAX

SEC. 500. Time and place of payment of tax.

1. The full amount of the tax payable, as the same shall appear from the face of the return, shall be paid to the Commissioner of Revenue at the office where the return is filed at the time fixed by law for filing the return. If the time for filing the return be extended, interest at rate of six per cent per annum, from the time when the return was originally required to be filed, to the time of payment, shall be added and paid.

2. The tax may be paid with uncertified check, during such time and under such regulations as the Commissioner of Revenue shall prescribe, but if a check so received is not paid by the bank on which it is drawn, the taxpayer by whom such check is tendered shall remain liable for the payment of the tax and for all legal penalties, the same as if such check had not been tendered.

SEC. 501. Examination of returns.

1. As soon as practicable after the return is filed the Commissioner of Revenue shall examine it and compute the tax, and the amount so computed by the Commissioner shall be the tax. If the tax found due shall be greater than the amount theretofore paid, the excess shall be paid to the Commissioner within ten days after notice of the amount shall be mailed by the Commissioner, and any overpayment of tax shall be returned within ten days after it is ascertained.
2. If the return is made in good faith and the understatement of the tax is not due to any fault of the taxpayer, there shall be no penalty or additional tax added because of such understatement, but interest shall be added to the amount of the deficiency at the rate of six per cent per annum until paid.

3. If the understatement is due to negligence on the part of the taxpayer, but without intent to defraud, there shall be added to the amount of the deficiency five per cent thereof, and in addition, interest at the rate of six per cent per annum until paid.

4. If the understatement is found by the Commissioner of Revenue to be false or fraudulent, with intent to evade the tax, the tax on the additional income discovered to be taxable shall be doubled and six per centum per annum upon the amount of tax so found. The provisions of this act with respect to revision and appeal shall apply to a tax thus assessed.

5. The interest provided for in this section shall in all cases be computed from the date the tax was originally due to the date of payment.

6. If the amount of tax found due as computed shall be less than the amount theretofore paid, the excess shall be refunded by the Commissioner of Revenue out of the proceeds of the tax retained by him as Commissioner as provided in this act.

Sec. 502. Corrections and changes.

If the amount of the net income for any year of any taxpayer under this article, as returned to the United States Treasury Department, is changed and corrected by the Commissioner of Internal Revenue or other officer of the United States of competent authority, such taxpayer within thirty days after receipt of final determination by the United States Government of his corrected net income shall make return under oath or affirmation, to the Commissioner of Revenue, of such final determined income. The Commissioner shall thereupon proceed to determine, from such evidence as he may have brought to his attention or shall otherwise acquire, the correct net income of such taxpayer for the fiscal or calendar year, and if there shall be any additional tax due from such taxpayer the same shall be assessed and collected, and if there shall have been an overpayment of the tax the said Commissioner shall, within thirty days after the final determination of the net income of such taxpayer, refund the amount of such excess.

Sec. 503. Additional taxes.

If the Commissioner of Revenue discovers from the examination of the return or otherwise that the income of any taxpayer, or any portion thereof, has not been assessed, he may, at any
time within three years after the time when the return was due, assess the same and give notice to the taxpayer of such assessment, and such taxpayer shall thereupon have an opportunity, within thirty days, to confer with the Commissioner of Revenue as to the proposed assessment. This limitation of three years shall apply also to taxes due or found to be due under the acts of one thousand nine hundred and twenty-one and one thousand nine hundred and twenty-three. The limitation of three years to the assessment of such tax or an additional tax shall not apply to the assessment of additional taxes upon fraudulent returns. When the Commissioner of Revenue after examination, discovers that any portion of revenue has not been assessed and has determined the amount thereof, he shall notify the taxpayer of his findings, and the taxpayer shall then have thirty days in which to be heard and file exceptions to such reassessments, whereupon the Commissioner shall pass on any objections or exceptions made and determined the amount of tax, interest and penalties, if any, and such amount shall be due within ten days after notice thereof. The provisions of this act with respect to revision and appeal shall apply to a tax so assessed.

SEC. 504. WARRANT FOR THE COLLECTION OF TAXES.

If any tax imposed by this act or any portion of such tax be not paid within sixty days after the same becomes due and has been assessed, the Commissioner of Revenue shall issue an order under his hand and official seal directed to the sheriff of any county of the State, commanding him to levy upon and sell the real and personal property of the taxpayer, found within his county, for the payment of the amount thereof, with the added penalties, interest, and the cost of executing the same, and to return to the commissioner the money collected by virtue thereof by a time to be therein specified, not less than sixty days from the date of the order. The said sheriff shall thereupon proceed upon the same in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the order, to be collected in the same manner. If an order be returned not satisfied in full, the Commissioner shall have the same remedies to enforce the claim for taxes against the taxpayer as if the State had recovered judgment against the taxpayer for the amount of the tax.

SEC. 505. TAX A DEBT.

Every tax imposed by this act, and all increases, interest, and penalties thereon, shall become, from the time it is due and
payable, a personal debt, from the person or persons liable to pay the same, to the State of North Carolina.

SEC. 506. Action for recovery of taxes.

Action may be brought at any time by the Attorney-General of the State at the instance of the Commissioner of Revenue in the name of the State, to recover the amount of any taxes, penalties, and interest due under this act.

SEC. 507. Tax upon settlement of fiduciary's account.

1. No final account of a fiduciary shall be allowed by the probate court unless such account shows, and the judge of said court finds, that all taxes imposed by the provisions of this act upon said fiduciary, which have become payable, have been paid, and that all taxes which may become due are secured by bond, deposit or otherwise. The certificate of the Commissioner of Revenue and the receipt for the amount of tax therein certified shall be conclusive as to the payment of the tax, to the extent of said certificate.

2. For the purpose of facilitating the settlement and distribution of estates held by fiduciaries, the Commissioner of Revenue, with the approval of the Attorney-General, may, on behalf of the State, agree upon the amount of taxes at any time due or to become due from such fiduciaries under the provisions of this act, and the payment in accordance with such agreement shall be full satisfaction of the taxes to which the agreement relates.

ARTICLE VI

Penalties

SEC. 600. Penalties.

1. If any taxpayer, without intent to evade any tax imposed by this act, shall fail to file a return of income and pay the tax, if one is due, at the time required by or under the provisions of this act, but shall voluntarily file a correct return of income and pay the tax due within sixty days thereafter, there shall be added to the tax an additional amount equal to five per cent thereof, but such additional amount shall in no case be less than one dollar and interest at the rate of one-half of one per centum per month or fraction thereof from the time said return was required by law to be filed until paid.

2. If any taxpayer fails voluntarily to file a return of income or pay the tax, if one is due, within sixty days of the time required by or under the provisions of this act, there shall be added to the tax an additional amount equal to twenty-five per cent thereof and interest at the rate of one-half of one per cent

3. The Commissioner of Revenue shall have power, upon making a record of his reasons therefor, to waive or reduce any of the penalties or additional taxes provided for in subdivisions one and two of this section, or in subdivisions three and four of section five hundred and one.

4. If any taxpayer fails to file a return within sixty days of the time prescribed by this act, any judge of the Superior Court, upon petition of the Commissioner of Revenue, or of any ten taxable residents of the State, shall issue a writ of mandamus requiring such person to file a return. The order of notice upon the petition shall be returnable not later than ten days after the filing of the petition. The petition shall be heard and determined on the return day or such day thereafter as the court shall fix, having regard to the speediest possible determination of the case consistent with the rights of the parties. The judgment shall include costs in favor of the prevailing party. All writs and processes may be issued from the clerk's office in any county, and, except as aforesaid, shall be returnable as the court shall order.

The certificate of the Commissioner of Revenue to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required by or under the provisions of this act, shall be prima facie evidence that such tax has not been paid, that such return has not been filed, or that such information has not been supplied.

6. If any taxpayer who has failed to file a return, or has filed an incorrect or insufficient return, and has been notified by the Commissioner of Revenue of his delinquency, refuses or neglects within twenty days after such notice to file a proper return, or files a fraudulent return, the Commissioner shall determine the income of such taxpayer, according to his best information and belief, and assess the same at not more than double the amount so determined. The Commissioner may, in his discretion, allow further time for the filing of a return in such case.

ARTICLE VII

Revision and Appeal

Sec. 700. Revision by Commissioner of Revenue.

A taxpayer may apply to the Commissioner of Revenue for revision of the tax assessed against him, at any time within one
year from the time of the filing of the return or from the date of the notice of the assessment of any additional tax. The Commissioner shall grant a hearing thereon, and if, upon such hearing, he shall determine that the tax is excessive or incorrect, he shall resettle the same according to the law and the facts and adjust the computation of tax accordingly. The Commissioner shall notify the taxpayer of his determination, and shall refund to the taxpayer the amount, if any, paid in excess of the tax found by him to be due.

Sec. 701. Appeal.

Any taxpayer may file formal exceptions to a finding by the Commissioner of Revenue, under subsection four of section five hundred and one, section five hundred and three, and section seven hundred, with respect to his taxable income, either to a matter of fact or law, as far as possible stating such exceptions separately. After they are filed, the Commissioner shall pass upon the same formally and notify the taxpayer immediately of his findings upon these exceptions. The taxpayer may within ten days after notification of the Commissioner's ruling upon these exceptions appeal to the Superior Court of Wake County upon paying the tax assessed by the Commissioner and giving a bond for costs in the sum of two hundred dollars ($200). Upon receipt of such notice and the taxes paid and the filing of the cost bond in the sum of two hundred dollars ($200), the Commissioner shall certify the record to the Superior Court of Wake County. In the Superior Court the proceedings shall be as follows:

The cause shall be entitled, "State of North Carolina, on relation of the Commissioner of Revenue, vs. Appellant (giving name)." If there are exceptions to facts found by the Commissioner, it shall be placed on the civil issue docket of such court and shall have precedence of other civil actions, and shall be tried under the same rules and regulations as are prescribed for the trial of such civil actions, except that the findings of the Commissioner shall be prima facie correct. If only issues of law, or if issues of fact are raised and the appellant shall waive jury trial at the time of taking the appeal, the appeal may be had to the Superior Court of the county in which the appellant resides, and the cause shall be heard by the judge holding courts in the judicial district in which the appeal is docketed, at chambers, upon ten days notice to the parties of the time and place of hearing, and the said judge shall pass upon and determine all issues, both of law and fact, the State hereby waiving in such cases a trial by jury. Either party may appeal to the Supreme Court from the judgment of the Superior Court, under the rules and

Any taxes, interest, or penalties, paid, found by the court to be in excess of those, which can be legally assessed, shall be ordered refunded to the taxpayer, with interest from the time of payment.

ARTICLE VIII

Administration

Sec. 800. Commissioner of Revenue to administer this act: districts.

The Commissioner of Revenue shall administer and enforce the tax herein imposed, and his interpretation of the act or the terms used therein shall be prima facie correct. He may divide the State into districts, in each of which a branch office of the Commissioner of Revenue may be established. He may from time to time change the limits of such districts.

Sec. 801. Powers of Commissioner of Revenue.

The Commissioner of Revenue, for the purpose of ascertaining the correctness of any return or for the purpose of making an estimate of the taxable income of any taxpayer, shall have power to examine or cause to be examined by any agent or representative designated by him for that purpose, any books, papers, records or memoranda, bearing upon the matters required to be included in the return, and may require the attendance of the taxpayer or of any other person having knowledge in the premises, and may take testimony and require proof material for his information, with power to administer oath to such person or persons.

Sec. 802. Deputies and clerks.

1. The Commissioner of Revenue may appoint and remove such deputies and clerks as he may find necessary under his direction to administer the laws relating to the assessment and collection of all taxes provided for in this act and fix the compensation of such clerks and deputies.

2. For the reasonable necessary expenses of carrying out the provisions of this act, including salaries and necessary traveling expenses of deputies, clerks, and employees, warrants shall be issued by the State Auditor and paid by the State Treasurer out of any funds not otherwise appropriated, upon approved vouchers by the Commissioner of Revenue, which Commissioner of
Revenue shall not later than the tenth of each month file with the State Budget Commission a complete statement of all vouchers approved for the previous month, and upon any item in said account being disapproved by the State Budget Commission, the same shall be discontinued at once.

3. The Commissioner of Revenue may require such of the deputies and clerks and employees as he may designate to give bond for the faithful performance of their duties in such sum and with such sureties as he may determine, and all premiums on such bonds shall be paid in the manner provided for the payment of other expenses in the preceding section.

SEC. 803. Oaths and acknowledgments.

The Commissioner of Revenue and such deputies as he may designate shall have the power to administer an oath to any person or to take the acknowledgment of any person in respect of any return or report required by this act or for the rules and regulations of the Commissioner of Revenue.

SEC. 804. Publication of statistics.

The Commissioner of Revenue shall prepare and publish annually statistics reasonably available, with respect to the operation of this act, including amounts collected, classifications of taxpayers, income and exemptions, and such other facts as are deemed pertinent and valuable.

SEC. 805. Secrecy required of officials; penalty for violation.

1. Except in accordance with proper judicial order or as otherwise provided by law, it shall be unlawful for the Commissioner of Revenue, any deputy, agent, or clerk, or other officer or employee to divulge and make known in any manner the amount of income or any particulars set forth or disclosed in any report or return required under this act. Nothing herein shall be construed to prohibit the publication of statistics, so classified as to prevent the identification of particular reports or returns and the items thereof, or the inspection by the Attorney-General or other legal representatives of the State of the report or return of any taxpayer who shall bring action to set aside or review the tax based thereon, or against whom an action or proceeding has been instituted to recover any tax or any penalty imposed by this act. Reports and returns shall be preserved for two years and thereafter, until the Commissioner of Revenue orders them to be destroyed.

2. Any offense against subdivision one of this section shall be punished by a fine of not exceeding one thousand dollars or by imprisonment not exceeding one year, or both, at the discretion of the court, and if the offender be an officer or em-
employee of the State he shall be dismissed from office and be incapable of holding any public office in this State for a period of five years thereafter.

3. Notwithstanding the provisions of this section, the Commissioner of Revenue may permit the Commissioner of Internal Revenue of the United States, or the proper officer of any state imposing an income tax upon the income of individuals, or the authorized representative of either such officer, to inspect the income tax returns of any individual, or may furnish to such officer or his authorized representative an abstract of the return of income of any taxpayer or supply him with information concerning any item of income contained in any return or disclose by the report of any investigation of the income or return of income of any taxpayer; but such permission shall be granted or such information furnished to such officer, or his representative, only if the statutes of the United States or of such other state, as the case may be, grants substantially similar privileges to the proper officer of this State charged with the administration of the personal income tax law thereof.

Sec. 806. Regulations.

The Commissioner of Revenue may from time to time make such rules and regulations not inconsistent with this act as he may deem necessary to enforce its provisions.

Sec. 807. It shall be the duty of the Commissioner of Revenue to keep such records of collection of taxes as may be prescribed by the State Auditor, in books to be furnished by the State Auditor. It shall also be the duty of the Commissioner of Revenue to make monthly reports to the State Treasurer or State Auditor, or both, of all collections of taxes, on such forms as may be prescribed and furnished him by the State Auditor.

ARTICLE IX

Miscellaneous

Sec. 900. Unconstitutionality or invalidity.

If any clause, sentence, paragraph, or part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this act, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered. No caption of any section or set of sections shall in any way affect the interpretation of this act or any part thereof.
SEC. 901. Disposition of income tax.

SEC. 902. No city, town, township, or county shall levy any tax on income, or inheritance tax.

SEC. 903. Subjects of taxation revised in this act not otherwise taxable.

This act, after its ratification, shall constitute authority for the imposition of taxes upon the subjects herein revised, and all laws in conflict with it are hereby repealed, but such repeal shall not affect taxes listed or which ought or should have been listed, or which may have been due, or penalties or fines incurred from failure to make the proper reports, or to pay the taxes at the proper time under any of the schedules of existing law, but such taxes and penalties may be collected, and criminal offenses prosecuted, under such law existing at the time of the ratification of this act, notwithstanding this repeal.

SEC. 904. Construction of the act; population.

It shall be the duty of the Commissioner of Revenue to construe all sections of this act imposing either license, inheritance, income or other taxes, and in construing the same, such construction as will be most favorable to the taxpayer shall be upon the same. Such decisions by the Commissioner of Revenue shall be prima facie correct and a protection to the officers and taxpayers affected thereby. Where the license tax is graduated in this act according to the population, the population shall be the number of inhabitants as determined by the last census of the United States Government: Provided, that if any city or town in this State has extended its limits since the last census period and thereafter has taken a census of its population in these increased limits by an official enumeration either through the aid of the United States Government or otherwise, the population thus ascertained shall be that upon which the license tax is to be graduated.

officers, officers of corporations, and individuals failing to comply with this act; and in the execution of these powers the said board may call upon the Attorney-General or any prosecuting attorney in the State to assist said board, and any person or officer who fails or refuses to comply with any lawful order of the State Board of Assessment shall be subject to a penalty or forfeiture of one hundred dollars, the same to be imposed by order of said Board of Assessment, and in addition, any such person or officer so offending shall be liable to punishment by said board as for contempt.

2. At least thirty days previous to the date fixed for listing taxes, to prepare a pamphlet for the instruction of tax assessors. Said pamphlet shall, in as plain terms as possible, explain the proper meaning of the tax laws of the State, and shall call particular attention to any points in the administration of the laws which have seemed to be overlooked or neglected. The said board shall advise the assessors as to the practical working of the laws, and explain any points which seem to be intricate and upon which assessors may differ.

3. To receive complaints as to property liable to taxation that has not been assessed or of property that has been fraudulently or improperly assessed through error or otherwise, and to investigate the same, and to take such proceedings and to make such orders as will correct the irregularity complained of, if found to exist. The said board shall constitute a State board of equalization of valuation and taxes. In case it shall be made to appear to the board that any tax-list in any county in the State is grossly irregular, unlawfully or unequally assessed, it shall be the duty of the board to correct such irregularities, and to equalize the valuations of property, in a particular county, upon complaint to it of particular taxpayers, or upon its own initiation, under rules and regulations prescribed by it, not inconsistent with this act.

7. To further report to the Legislature at each regular session thereof, or at such other times as the Legislature may direct, the whole amount of taxes collected in the State for all State and county purposes, classified as to State, county, township and municipal purposes, with the sources thereof; the proceedings of said board, and such other matters of information concerning the public revenues as it may deem of public interest. Sec. 7. The State Board of Assessment is authorized to require the county assessors or clerk of the board of county commissioners, or auditor, of each county in the State to file with it when called for, complete abstracts of all real and personal property in the county as equalized by the county board of equalization and itemized by townships. The Board of Assessment is authorized to make such rules and regulations as the board may deem proper to effectually carry out the purposes for which the board is constituted, and to make such rules and regulations not inconsistent with law as the board may deem necessary with respect to its own meetings, proceedings, notices, and hearings.

Sec. 8. The State Board of Assessment shall keep an accurate record of its official proceedings. Certified copies of its records, attested with its official seal, shall be received in evidence in all courts of the State with like effect as certified copies of other public records.

Sec. 9. Place of meetings of board; shall have access to books, papers, etc., with power to subpoena and examine witnesses.

Regular sessions of said board shall be held in the city of Raleigh at the office of the chairman. The said board and the members thereof, or any duly authorized deputy, shall have access to all books, papers, documents, statements, and accounts on file or of record in any of the departments of State. The person serving such subpoena shall receive the same compensation now allowed to sheriffs and other officers for serving subpoenas. Said board shall have the power to examine witnesses under oath, said oath to be administered by any member of said board. Said board shall have the right to examine books, papers, or accounts of any corporation, firm or individual owning property liable to assessment for taxes, by the State board, general or specific, under the laws of this State; and any officer or stockholder of any such corporation, any member of any such firm, or any per-
son or persons who shall refuse to permit such inspection, or neglect or fail to appear before said board in response to its subpoenas, or testify, as provided for in this section, shall be deemed guilty of a misdemeanor and fined or imprisoned in the discretion of the court.

Sec. 10. The State Board of Assessments may direct that any member of the board shall hear complaints, make examinations and investigations.

Sec. 11. Bank taxation.

The value of such shares of stock of banks shall be determined as is hereinafter in this section provided. Every bank, banking association, or savings institution (whether State or National), shall list its real estate in the county, city or town in which such real estate is located, for the purposes of county and municipal taxation. Every such bank, banking association, or savings institution shall, during the month of May, list annually with the State Board of Assessment, in the name of and for its shareholders, all the shares of its capital stock, whether held by residents or nonresidents, at its market value on the first day of May, or, if it have no market value, then at its actual value on that day, from which market or actual value shall be deducted the assessed value of the real and personal property which such bank, banking association or savings institution shall have listed for taxation in the county or counties wherein such real and personal estate is located. The actual value of such shares, where such shares have no market value, shall be ascertained by adding together the capital stock, surplus, and undivided profits, and deducting therefrom the amount of real and personal property owned by said institution on which it pays tax, and dividing the net amount by the number of shares in said institution. There may be deducted from the items of surplus and undivided profits an amount not exceeding five (5) per cent of the bills receivable of said institution to cover bad or insolvent debts: Provided, the cashier of the bank shall make an affidavit that in his opinion the deductions asked for above, not exceeding five per cent, is reasonable. There shall also be deducted from the items of surplus and undivided profits, investments by such banks in bonds of this State, of the United States Government, of the Federal Farm Loan Banks, and of the Joint-stock Land Banks at the actual cost price of said bonds to the bank claiming such deductions. To be entitled to this deduction, it must be shown by the reports of such bank that the bonds were purchased, and paid for in full at least ninety days before the first day of May. And also an amount equal to the true value of any shares of stock owned in other North Caro-
lina banks or corporations upon which the tax is paid by the owner or the corporation issuing the same.

If the State Board of Assessment shall have reasons to believe that the market or actual value as given in is not its true value, it shall ascertain such true value by such examination and investigation as to it seems proper, and change the value as given in to such an amount as it ascertains the true value to be, which action on the part of the State Board of Assessment may be reviewed by the Superior Court by an action brought against the State Board of Assessment in its official capacity by the party aggrieved. But no action shall lie until all taxes admitted by such aggrieved party to be due shall have been paid or tendered. The value of the capital stock of all such banks, as found by the State Board of Assessment, shall be certified to the county and city in which the bank is located, except that as to banks having one or more branches the State Board of Assessment shall make an allocation of the value of the capital stock as between the parent and branch banks in proportion to the deposits of the parent and branch banks and certify the allocated values so found to the counties and cities in which the parent and branch banks are located. The taxes so assessed upon the shares of any such bank, company or association shall be paid by the cashier, secretary, treasurer or proper accounting officer thereof, and in the same manner and at the same time as other taxes are required to be paid in such county, special school district or city; in default of such payment such cashier, secretary, treasurer, or other accounting officer, as well as such bank, company or association, shall be liable for such taxes, and in addition for a sum equal to ten per centum thereof. Any taxes so paid upon any such shares may, with the interest thereon, be recovered from the owners thereof by the bank, company, association, or officer paying them, or may be deducted from the dividends accruing on such shares. The taxation of shares of any such bank, banking association, or savings institution shall not be at a greater rate than is assessed upon other moneymed capital in the hands of individual citizens of this State, whether such taxation is for State, county, school or municipal purposes.

SEC. 12. Reports from corporations.

 capital stock in this State, as indicated or measured by the

 into surplus or sinking fund; and when the same shall have
 been so truly estimated and appraised they shall forthwith for-
 ward to the State Board of Assessment certificate thereof, ac-

Upon the filing of the statements required in the preceding sections the State Board of Assessment shall examine them and each of them; and if the board shall deem the same insufficient, or in case it shall deem that other information is requisite, it shall require such officer to make such other and further statements as said board may call for. In case of the failure or re-

Sec. 25. State Board of Assessment shall examine statements.

The State Board of Assessment shall thereupon value and assess the property of each association, company, copartnership, or corporation in the manner hereinafter set forth, after examining such statements and after ascertaining the value of such properties therefrom, and upon such other information as the board may have or obtain. For that purpose it may require the agents or officers of said association, company, copartnership, or corporation to appear before it with such books, papers and statements as it may require, or may require additional statements to be made and may compel the attendance of witnesses in case the board shall deem it necessary to enable it to ascertain the true cash value of such property.

Said State Board of Assessment shall first ascertain the true cash value of the entire property owned by the said association, company, copartnership, or corporation, from said statement or otherwise for the purpose, taking the aggregate value of all the shares of capital stock, in case shares have a market value, and in case they have none, taking the actual value thereof or of the capital of said association, company, copartnership, or corporation in whatever manner the same is divided, in case no shares of capital stock have been issued: Provided, however, that in case the whole or any portion of the property of such association, company, copartnership, or corporation shall be encumbered by a mortgage or mortgages, such board shall ascertain the true cash value of such property by adding to the market value of the aggregate shares of stock, or to the value of the capital in case there should be no such shares, the aggregate amounts of such mortgage or mortgages, and the result shall be deemed and treated as the true cash value of the property of such association, company, copartnership, or corporation. Lina, next ascertain from such statements or otherwise the assessed value for taxation, in the localities where the same is situated, of the several pieces of real estate situated within the State of North Carolina, and not specifically used in the general business of, such associations, companies, copartnerships, or corporations, which assessed value for taxation shall be by said board deducted from the gross value of the property as above ascertained. Said State Board of Assessment shall next ascertain and assess the true cash value of the property of the associations, companies, copartnerships, or corporations within the State of North Carolina by taking as a guide, as far as practicable, the proportion of the whole aggregate value of said associations, companies, copartnerships, or corporations as above ascertained, after deducting the assessed value of such real estate without the State which the length of lines of said associations, companies, copartnerships, or corporations, in the case of telegraph and telephone companies, within the State of North Carolina bears to the total length thereof, and in the case of express companies and sleeping-car companies the proportion shall be the proportion of the whole aggregate value, after such deduction, which the length of lines or routes within the State of North Carolina bears to the whole length of lines or routes of such associations, companies, copartnerships, or corporations, and such amount so ascertained shall be deemed and held as the entire value of the property of said association, companies, copartnerships, or corporations within the State of North Carolina. From the entire value of the property within the State so ascertained there shall be deducted by the commissioners the assessed value for taxation of all real estate, structures, machinery, and appliances within the State and subject to local taxation in the counties, as hereinafore described in sections twenty, twenty-one, twenty-two, twenty-three, twenty-four and twenty-five, of this act, and the residue of such value so ascertained, after deducting therefrom the assessed value of such local properties, shall be by said board assessed to said association: Provided, the State Board of Assessment shall also assess the value for taxation of all structures, machinery, appliances, pole lines, wire and conduit of telephone and telegraph companies within the State subject to local taxation, but land and buildings located thereon owned by said companies shall be assessed in like manner and by the same officials as though such property was owned by individuals in this State.

Sec. 27. Value per mile.

Said State Board of Assessment shall thereupon ascertain the value per mile of the property within the State by dividing the
total value as above ascertained, after deducting the specific
properties locally assessed within the State, by the number of
miles within the State, and the result shall be deemed and held
as value per mile of the property of such association, company,
copartnership, or corporation within the State of North Caro-
Una: Provided, the value per mile of telephone companies shall
be determined on a wire mileage basis.

SEC. 28. Total value for each county.

Said State Board of Assessment shall thereupon, for the pur-
pose of determining what amount shall be assessed by it to said
association, company, copartnership, or corporation in each
county in the State, through, across, and into or over which the
lines of said association, company, copartnership, or corporation
extends, multiply the value per mile, as above ascertained, by
the number of miles in each such counties as reported in said
statements or as otherwise ascertained, and the result thereof
shall be by the clerk of said board certified to the chairman of
the board of county commissioners, respectively, of the several
counties through, into, over, or across which the lines or routes
of said association, company, copartnership, or corporation ex-
tend. All taxes due the State from any corporation taxed under
the preceding sections shall be paid by the treasurer of each
company direct to the Commissioner of Revenue.

SEC. 29. Companies failing to pay tax.

In case any such association, company, copartnership, or cor-
poration as named in this act shall fail or refuse to pay any
taxes assessed against it in any county in this State, in addition
to other remedies provided by law for the collection of taxes,
an action may be prosecuted in the name of the State of North
Carolina by the solicitors of the different judicial districts of
the State on the relation of the boards of commissioners of the
different counties of this State, and the judgment in said action
shall include a penalty of fifty per cent of the amount of taxes
as assessed and unpaid, together with reasonable attorney's fees
for the prosecution of such action, which action may be prose-
cuted in any county into, through, over, or across which the
lines or routes of any association, company, copartnership, or
corporation shall extend, or in any county where such associa-
tion, company, copartnership, or corporation shall have an office
or agent for the transaction of business. In case such associa-
tion, company, copartnership, or corporation shall have refused
to pay the whole of the taxes assessed against the same by the
State Board of Assessment, or in case such association, company,
copartnership, or corporation shall have refused to pay the taxes
or any portion thereof assessed to it in any particular county or counties, such action may include the whole or any portion of the taxes so unpaid in any county or counties; but the Attorney-General may, at his option, unite in one action the entire amount of the tax due, or may bring separate actions to each separate county or adjoining counties, as he may prefer. All collection of taxes for or on account of any particular county made in any such suit or suits shall be by said board accounted for as a credit to the respective counties for or on account of which such collections were made by the said board at the next ensuing settlement with such county, but the penalty so collected shall be credited to the general fund of the State and upon such settlement being made, the treasurers of the several counties shall at their next settlement enter credits upon the proper duplicates in their offices, and at the next settlement with such county report the amount so received by him in his settlement with the State, and proper entries shall be made with reference thereto: Provided, that in any such action the amount of assessment fixed by said State Board of Assessment and apportioned to such county shall not be controverted.

Sec. 30. The State Board of Assessment herein established is constituted a board of appraisers and assessors for railroad canal, steamboat, hydro-electric, street railway and all other companies exercising the right of eminent domain.

Sec. 31. Railroads.

The president, secretary, superintendent, or other principal accounting officer within this State, of every railroad, telegraph, telephone, street railway company, whether incorporated by the laws of this State or not, shall, at such date as real estate is required to be assessed for taxation, return to the said board for assessment and taxation, verified by the oath or affirmation of the officer making the return, all the following described property belonging to such corporation within the State, viz.: The number of miles of such railroad lines in each county in this State, and the total number of miles in this State, including the roadbed, right of way and superstructures thereon, main and sidetracks, depot buildings and depot grounds, section and tool houses and the land upon which they are situated and necessary to their use, water stations and land, coal chutes and land, and real estate and personal property of every character necessary for the construction and successful operation of such railroad, or used in the daily operations, whether situated on the charter, right of way of the railroad or on additional land acquired for this purpose, except as provided below, including, also, if desired by the State Board of Assessment, Pullman or sleeping cars.
or refrigerator cars owned by them or operated over their lines: Provided, however, that all machine and repair shops, general office buildings, storehouses, and contents, located outside of the right of way and also real and personal property other than the property as returned above to the State Board of Assessment, shall be listed for purposes of taxation by the principal officers or agents of such companies with the list-takers of the county where the real and personal property may be situated in the manner provided by law for the listing and valuation of real and personal property. A list of such property shall be filed by such company with the State Board of Assessment. It shall be the duty of the register of deeds, if requested so to do by the State Board of Assessment, to certify, and send to the said board a statement giving a description of the property mentioned in the foregoing proviso, and showing the assessed valuation thereof, which value shall be deducted from the total value of the property of such railroad company as arrived at by the board in accordance with section thirty-two, before the apportionment is made to the counties and municipalities. The registers of deeds shall also certify to the board the local rate of taxation for county purposes as soon as the same shall be determined, and such other information obtained in the performance of the duties of their office as the said board shall require of them; and the mayor of each city or town shall cause to be sent to the said board the local rate of taxation for municipal purposes.

Sec. 32. Railroads.

The movable property belonging to a railroad company shall be denominated for the purpose of taxation "rolling stock." Every person, company, or corporation owning, constructing, or operating a railroad in this State shall, in the month of May, annually return a list or schedule to the State Board of Assessment which shall contain a correct detailed inventory of all the rolling stock belonging to such company, and which shall distinctly set forth the number of locomotives of all classes, passenger cars of all classes, sleeping cars and dining cars, express cars, horse cars, cattle cars, coal cars, platform cars, wrecking cars, pay cars, hand cars, and all other kinds of cars, and the value thereof, and a statement or schedule, as follows: (1) The amount of capital stock authorized and the number of shares into which such capital stock is divided; (2) the amount of capital stock paid up; (3) the market value, or, if no market value, then the actual value of shares of stock; (4) the length of line operated in each county and total in the State; (5) the total assessed value of all tangible property in the State; (6) and, if desired, all the information heretofore required to be annually reported by sec-

Section 33. Tangible and intangible property assessed separately.

(a) At such dates as real estate is required to be assessed for taxation, the said Board of Assessment shall first determine the value of the tangible property of each division or branch of such railroad or rolling stock and all the other physical or tangible property. This value shall be determined by a due consideration of the actual cost of replacing the property, with a just allowance for depreciation on rolling stock, and also of other conditions, to be considered as in the case of private property.

(b) They shall then assess the value of the franchise, which shall be determined by due consideration of the gross earnings as compared with the operating expenses, and particularly by consideration of the value placed upon the whole property by the public (the value of the physical property being deducted), as evidenced by the market value of all capital stock, certificates of indebtedness, bonds, or any other securities, the value of which is based upon the earning capacity of the property.

(c) The aggregate value of the physical or tangible property and the franchise, as thus determined, shall be the true value of the property for the purpose of an ad valorem taxation, and shall be apportioned in the same proportion that the length of such road in each county bears to the entire length of such division or branch thereof and the State Board of Assessment shall certify, on or before the first day of September, to the chairman of the county commissioners and the mayor of each city or incorporated town the amounts apportioned to his county, city or town; all taxes due the State from any railroad company shall be paid by the treasurer of each company directly to the Commissioner of Revenue within thirty days after the first day of July of each year; and upon failure to pay the Commissioner of Revenue as aforesaid, he shall institute an action to enforce the same in the county of Wake or any other county in which such railroad is located, adding thereto twenty-five per centum of the tax. The board of county commissioners of each county through which said railroad passes shall assess against the same only the tax imposed for county, township, or other taxing district purposes, the same as is levied on other property in such county, township, or special taxing districts.
Sec. 34. Railroads.

When any railroad has part of its road in this State and part thereof in any other state, the said board shall ascertain the value of railroad track, rolling stock, and all other property liable to assessment by the State Board of Assessment of such company as provided in the next preceding section, and divide it in the proportion to the length such main line of road in this State bears to the whole length of such main line of road and determine the value in this State accordingly: Provided, the board shall, in valuing the fixed property in this State, give due consideration to the character of roadbed and fixed equipment, number of miles of double track, the amount of gross and net earnings per mile of road in this State, and any other factor which would give a greater or less value per mile of road in this State than the average value for the entire system. On or after the first Monday in July the said board shall give a hearing to all the companies interested, touching the valuation and assessment of their property. The said board may, if they see fit, require all argument and communications to be presented in writing.

Sec. 35. Railroads.

If the property of any railroad company be leased or operated by any other corporation, foreign or domestic, the property of the lessor or company whose property is operated shall be subject to taxation in the manner hereinafter directed; and if the lessee or operating company, being a foreign corporation, be the owner or possessor of any property in this State other than which it derives from the lessor or company whose property is operated, it shall be assessed in respect to such property in like manner as any domestic railroad company.

Sec. 36. Railroads.

The State Board of Assessment shall have power to summon and examine witnesses and require that books and papers shall be presented to them for the purpose of obtaining such information as may be necessary to aid in determining the valuation of any railroad company. Any president, secretary, receiver, or accounting officer, servant or agent of any railroad or steamboat company having any proportion of its property or roadway in this State, who shall refuse to attend before the said board when required to do so, or refuse to submit to the inspection of said board any books or papers of such railroad company in his possession, custody, or control, or shall refuse to answer such questions as may be put to him by said board, or order touching the business or property, moneys and credits, and the value thereof, of said railroad company, shall be guilty of a misdemeanor, and
on conviction thereof before any court of competent jurisdiction shall be confined in the jail of the county not exceeding thirty days, and shall be fined in any sum not exceeding five hundred dollars and costs and any president, secretary, accounting officer, servant, or agent aforesaid, so refusing as aforesaid, shall be deemed guilty of contempt of such board, and may be confined, by order of said board, in the jail of the proper county until he shall comply with such order and pay the cost of his imprisonment.

Sec. 37. Board of Assessment to certify; when tax payable.

The State Board of Assessment shall, upon completion of the assessment directed in the preceding sections, certify to the registers of deeds of the counties and the clerk of the boards of commissioners of the municipalities through which said companies operate, the apportionment of the valuations as hereinbefore determined and apportioned by the board, and the board of county commissioners shall assess against such valuation the same tax imposed for county, township, town, or other tax district purposes, as that levied on all other property in such county, township, town, or other taxing districts. This tax shall be paid to the sheriff or tax collector of the county and municipality.

Sec. 38. Canal and steamboat companies.

The property of all canal and steamboat companies in this State shall be assessed for taxation as above provided for railroads. In case any officer fails to return the property provided in this section, the board shall ascertain the length of such property in this State, and shall assess the same in proportion to the length at the highest rate at which property of that kind is assessed by them.

Sec. 39. Form of assessing and listing property.

The State Board of Assessment shall prepare forms to be used in assessing and listing property for taxation by assessors and list-takers. It shall transmit said forms to the clerk of the board of commissioners of each county by the fifteenth day of April, and the clerk shall deliver to each board of list-takers and assessors the necessary number of forms for their respective use. The assessors' forms shall be furnished every fourth year, and the list-takers' forms annually. The State Board of Assessment shall furnish the respective boards of commissioners of the different counties with a bill covering the actual cost of the assessors and list-takers' forms and county tax books furnished the county, and the board of commissioners of the county so
furnished shall audit said bill and shall cause payment to be made to the Commissioner of Revenue within forty days of the account or claim rendered for such forms, etc., furnished for the benefit of the county.

Sec. 40. Any person, firm, or corporation who is liable for any license or privilege tax under Schedules B and C, and who practice their or its profession or trade without paying said license or privilege tax, shall be subject to a penalty of two hundred and fifty dollars, the same to be recovered by the Commissioner of Revenue, in an action to enforce same in the Superior Court of Wake County or in the county of the defendant. Every person engaged in an itinerant business that is made taxable under the Revenue Act shall have with him when so engaged in such business either the original license required to be obtained for engaging in each business, or a duplicate thereof, and shall exhibit the same upon demand of any sheriff, deputy, constable, or other officer.

Sec. 40a. Bonds of State to be accepted in payment of inheritance tax.

Bonds of the State of North Carolina bearing a rate of interest of not less than four and one-quarter per cent shall be accepted at par by the Commissioner of Revenue in payment of inheritance taxes.

ARTICLE III

COUNTIES AND COUNTY ASSESSMENTS

The fiscal year of the government for all the counties in the State shall annually close on the thirtieth day of June, and the accounts of the Treasurer or other fiscal agencies and of all other county officers, agencies, or commission of the various counties of the State shall be annually closed on that date.

Sec. 41. Rates of tax.

The boards of county commissioners of the several counties of the State may, at any regular or called meeting, after the valuation of real and personal property has been completed as provided in this act, in the months of July, August, or September, levy such rate of tax for general county purposes as may be necessary to meet the general expenses of the county, not exceeding the legal limitation, and such rates for other purposes as may be authorized by law.

Sec. 42. Machinery for listing personal property.

The board of county commissioners of each county shall on the first Monday in April in each year meet and appoint a resident
freeholder as county supervisor. In those counties which have an auditor, tax clerk, all-time county chairman, or other similar official such auditor, tax clerk, all-time county chairman, or other similar official shall be the supervisor. The county supervisor may have general supervision of the assessment of all personal property for taxation in his respective county. He shall appoint an assistant for each township. In townships in which there are located cities and towns and in townships having an unusually large proportion of property in the county, more than one assistant supervisor may be appointed. In the quadrennial periods herein provided for the assessment of real estate, the same machinery and officials who are hereinafter appointed to assess the real estate shall at the same time by the same method assess the personal property.

SEC. 43. The county supervisor and assistants shall meet together at the court house on the first Monday in May for general consideration of methods of securing a complete list of all personal property, tangible and intangible, and of valuing in an equal manner in the several townships and the different classes of personal property to be listed. They shall begin the work of listing and assessing on Tuesday after the first Monday in May in each year, and shall complete the same as early as practicable, and shall return his list of assessments, after it has been approved by the county supervisor, to the clerk of the board of county commissioners.

SEC. 44. Duties of township list-taker and assessor as to assessing and listing property.

Each township list-taker and assessor appointed under the authority of this act shall advertise in five or more public places within the township not later than the twentieth day of April, notifying all taxpayers to return to him all real and personal property which each taxpayer shall own on the first day of May, and said return shall be made to the list-taker during the month of May under the pains and penalties imposed by law, and naming the times and places at which he will be present to receive tax lists. The township list-taker and assessor shall obtain from each taxpayer a full, complete and detailed statement of each and every piece and kind of property, real, personal, and mixed, which said taxpayer shall own on the first day of May, together with, as near as possible, the true value in money of all such property owned by him, or them, or which may be under his or their control as agent, guardian, administrator, or otherwise, and which should be listed for taxation; and it shall be the duty of said township list-taker and assessor to ascertain by visitation, investigation, or otherwise the actual cash value in
money of each piece or class of property in his township, and to
establish such property at its actual value for taxation. He is hereby
authorized and empowered to administer oaths in all cases
necessary to obtain full and correct information concerning any
taxable real and personal property in his township.

Sec. 45. Oath of township list-taker and assessor.

Before entering upon the discharge of the duties of his office
the assistant assessor shall take and subscribe the following oath before the chairman of the board of county commissioners
for his county or some officer qualified to administer oaths:

"I, ________________________________ , assistant assessor
for ______________________ Township of ______________________ County,
do solemnly swear (or affirm) that I will discharge the duties
devolving upon me as assistant assessor according to the laws in
force governing said office; so help me, God."

And upon making his complete returns of his assessments,
embracing an abstract of the taxable property of the town-
ship, to the county assessor, the assistant assessor shall annex
the following affidavit, subscribed and sworn to before a justice
of the peace, who shall certify the same:

"I, the assistant assessor for ________________________________
Township of ______________________ County, make
oath that the foregoing list contains, to the best of my knowledge
and belief, all the real and personal property required by law
to be assessed in said township, and that I have assessed every
tract or parcel of land or other real and personal property at its
true value in money, and have endeavored to do equal justice
to the public and to the taxpayers concerned."

Any assessor making a false return shall be deemed guilty of
misdemeanor.

Sec. 46. Real property to be assessed at its true value in money.

All real property shall be valued for taxation for the year
one thousand nine hundred and twenty-three at the time of the
listing of same at its assessed value, as herein provided for.

Sec. 47. Personal property to be assessed at its true value in
money.

All articles of personal property shall, as far as practicable, be
valued by the list-takers and assessors according to their true
value in money; and after arriving at the total valuation of all
articles of personal property which he shall be able to discover
as belonging to any person, if he or they have sufficient evidence
upon which to form a belief that such person has other personal
property, consisting of money, credits, debts due or to become
due, or any other thing of value liable, he, they, or the board of commissioners shall have power to take such action as may be necessary to get said property on the tax lists.

SEC. 48. **Defining actual value in money.**

The intent and purpose of the tax laws of this State is to have all property and subjects of taxation assessed at their true and actual value in money, in such manner as such property and subjects are usually sold, but not by forced sale thereof, and the words "market value" or "true value," whenever in the tax laws, shall be held and deemed to mean what the property and subjects would bring at cash sale when sold in such manner as such property and subjects are usually sold.

SEC. 49. **Discovering property not listed.**

It shall be the duty of the county commissioners and the several list-takers to be constantly looking out for property which has not been listed for taxation, and when discovered, such property shall be duly placed upon the assessment list and properly assessed for taxation; and for this purpose the county commissioners of any county, either separately or in conjunction with any municipality in the same county may further employ some suitable and competent person whose duty it shall be to discover and report to the county commissioners any unlisted property, to the end that the same may be listed and properly assessed for taxation. At any time before or after the tax list has been turned over to the sheriff as provided for in section seventy-four of this act, such property may be so discovered, the list-taker shall make return thereof to the clerk of the board of county commissioners, who shall enter such property upon the tax books, make out a tax account, and place the same in the hands of the sheriff or tax collector and charge him with the same, and issue such orders to the sheriff as provided in section seventy-four, and such orders shall have the force and effect of a judgment and execution against the real and personal property of the person charged with such list, as provided in section seventy-four of the regular tax list.

SEC. 50. **County board of equalization.**

It shall be the duty of the commissioners of each county to employ a competent man whose duty it shall be to spend such time as the commissioners may deem necessary to make diligent search for property not listed for taxes, and to put such property on the tax books: Provided, the cost of listing such unlisted property shall not exceed ten per cent of the revenue so derived, said expense to be borne by the county: Pro-
vided, further, that nothing in this section shall be construed as authorizing or empowering the county commissioners to appoint tax collectors: Provided, further, that nothing contained in this section shall be construed to repeal or affect private or public laws affecting one or more counties.

Sec. 74. Register of deeds to make out tax duplicate.

The board of county commissioners shall cause the register of deeds, auditor, tax clerk or other official performing such duties to make out two copies of the tax list for each township, as revised and settled by the tax-lister, according to a form to be furnished to them by the State Board of Assessment. Such form shall show in different columns the sum due by each taxpayer to the county, and also in separate columns the amount of school poll tax levied by the county commissioners, and the total amount of property school tax levied by the county commissioners, the amount of county road tax and other county taxes. The form of receipt shall be prescribed by the State Board of Assessment. The register of deeds or auditor shall also fill out receipts and stubs for all taxes charged on the tax books so made out, the receipts to be written in full except date and signature of col-
lecting officer. Receipt books for this purpose shall be furnished by the county, on order of the register of deeds or auditor: Pro-
vided, this shall not be required in counties using carbon re-
cipe books and cash books combined, but such may be used in lieu thereof. One of said copies shall remain in the office of the clerk of the board of commissioners; the other shall be delivered to the sheriff or tax collector on or before the first Monday in Oc-
tober in each year, and he shall receipt for the same. The clerk shall endorse on the copies given the sheriff an order to collect the taxes therein mentioned, and such order shall have the force and effect of a judgment and execution against the real and per-
sonal property of the person charged with such list. In such list the clerk shall notice all appeals from the judgment of the board of commissioners which have been perfected by the giving of a bond.
Said order shall be in the following or similar form:

"State of North Carolina,
"Office Board of Commissioners, ............................................County.
"To the Sheriff of......................................................County:

"You are hereby commanded to collect the taxes herein mentioned according to the provisions and requirements of the existing law.

"In witness whereof, I hereunto set my hand and seal ............ day of............................................., 19......

.................................................................
"Clerk of Board of Commissioners."

The board of commissioners shall make an order for the payment of the register of deeds or auditor, as the case may be, of such a sum as may be deemed a proper compensation of the work, of computing the taxes and making out the tax list and the necessary copies thereof, including the making of such abstract and returns as he may be required to furnish to the State Board of Assessment and Auditor; but the sum allowed for computing the taxes and making out the tax list shall not exceed ten (10) cents for each name appearing on the tax list, which shall include the original and duplicate tax lists and also the receipts and stubs provided for in this section, to be paid by the county treasurer out of the county funds.

Sec. 75. Agents paying taxes shall have lien.

When property is assessed to any person as agent for another or in a representative capacity, such person shall have a lien upon such property or any property of his principal in his possession until he is indemnified against the payment thereof, or, if he has paid the tax, until he is reimbursed for such payment.

Sec. 76. Register of deeds shall make report to the State Board of Assessment.

The clerk of the board of commissioners, auditor, tax clerk or other official performing such duties shall, on or before the first Monday in November after the lists are deposited with him by the board of commissioners, return to the State Board of Assessment and Auditor an abstract of the same, showing the number of acres of land and their value and the value of town lots and the number of white and negro polls, separately, and specify every other subject of taxation and the amount of county tax payable on each subject, and the amount payable on the whole. At the same time the clerk, auditor, tax clerk, or other official performing such duties shall return to the State Board of Assessment an abstract of the list of the poll, county, and school taxes payable in his county, setting forth separately the
tax levied on each poll and on each one hundred dollars value
of real and personal property for each purpose, and also the
gross amount of every kind levied for county purposes.

SEC. 77. Property may be divided upon sale.

In case, within the interval between the regular periods of the
valuation of lands or real property, any piece of land or real
property shall become divided in ownership, either by partition
or sale of a portion thereof or otherwise, either of the part own-
ers may at any time, upon five days' notice to the other part
owner, apply to the board of commissioners for an apportion-
ment of valuation. The board of commissioners shall allow
such amendment to the tax duplicate as they may think
just, and the person who has in custody the tax duplicate shall
amend the same according to the assessment of the board of
commissioners, on the production of a certified copy of their
proceedings ordering the change: Provided, that no amendment
made after a tax has become due shall operate to affect the tax.

SEC. 78. Taxes due the first Monday in October.

The taxes (ad valorem and poll), shall be due the first Mon-
day in October in each year. Unless the board of commissioners
of any county shall deem it wise to do so, and shall by resolu-
tion duly passed at a regular or special called meeting of said
board prescribe discounts and penalties for the payment or
nonpayment of taxes, then none shall be allowed or assessed. In
the event a board of commissioners by resolution duly passed,
as provided herein, provide for discounts and penalties, then
such discounts and penalties shall be not in excess of the fol-
lowing schedule, to wit: A discount of one per cent shall be
allowed upon all taxes paid in the month of October and a dis-
count of one-half per cent upon all taxes paid in November.
Those paid in December and January shall be paid at par. A
penalty of one-half of one per cent shall be levied upon taxes
paid in February, one per cent upon taxes paid in March,
and one-half per cent upon taxes paid in April, and upon
all taxes paid after April, one and one-half per cent: Provided,
that the entire penalty in no case shall exceed one and one-half
per cent.

The sheriff or tax collector shall note on the tax duplicate
against the names of the party, date of payment, and the amount
paid. He shall also give receipt to the party, stating the amount
of the county taxes, and the date of payment and for failure to
give such receipt stating the county tax, he shall be guilty of a
misdemeanor, and on conviction shall be fined in the discretion
of the court. The sheriff or tax collector shall not collect the
taxes for any year until he shall have settled in full with county for taxes of the previous year (if he were sheriff or tax collector for the previous year) and give the bonds required by law; and if, upon examination, the commissioners are not satisfied with the solvency of the surety of said bonds, they may require more bonds to be given. The sheriff or tax collector shall produce receipts for the county taxes for the year previous (if he were sheriff or tax collector) before receiving the tax duplicate from the board of commissioners, and in the event the sheriff or collector fails to produce the aforesaid receipt or give the required bonds, the board of commissioners shall appoint a tax collector, who shall give a bond to faithfully collect and pay over taxes according to law. When the sheriff shall collect by his deputies they shall, before the clerk of the board of commissioners, or before a justice of the peace of the county, take and subscribe an oath to faithfully and honestly account for the same with the sheriff or other person authorized to receive same. Said oath shall be tied with the register of deeds of the county and kept in the office of the board of commissioners; and for failure of any deputy to pay over such taxes as he might collect, he shall be guilty of a misdemeanor.

SEC. 79. Sheriff shall attend to receive taxes.

The sheriff or his deputy or tax collector shall attend at the court house or his office in the county-town during the months of October and November for the purpose of receiving taxes. The sheriff or his deputy or tax collector shall also in like manner attend at least one day during the month of October at some one or more places in each township, and when so attending in the township shall not be required to be in his county-town office, of which fifteen days' notice shall be given by advertisement at three or more public places and in a newspaper, if one is published in the county: Provided, that nothing in this section shall be construed to prevent the collecting officer from levying and selling personal property after the first day of November, but he shall not sell before that day unless he has reason to believe the taxpayer is preparing to leave the county or State. The sheriff or tax collector shall be entitled to fifty cents for each actual levy or sale and fifteen cents for each advertisement, but in no case shall said sum be collected where there is no levy or sale or advertisement. Where the sheriff claims insolvents, a list thereof containing the names and amounts, and subscribed by the sheriff, shall be returned by him to the board of commissioners, and the same shall be allowed only on his making oath that he has been at the dwelling house or usual place of abode of each of the taxpayers and could not there or elsewhere in the county find any
property wherewith to discharge his taxes or such part thereof as is returned unpaid, and that the persons named in this list were insolvent at the time when by law he ought to have endeavored to collect the taxes. Such list shall be recorded in the commissioners’ docket.

Quadrennial Assessment

Sec. 100. That on the first Monday in April, nineteen hundred and twenty-three, and quadrennially thereafter, the board of commissioners of each county shall meet and appoint a resident freeholder as county supervisor; in those counties which have an auditor, tax clerk, or other similar official, such auditor, tax clerk or other similar official may be the supervisor. In those counties where by special act the chairman of the board of county commissioners is created an all-time chairman, such all-time chairman may be named as county supervisor. The county supervisor shall have general supervision of the assessment of all real property for taxation in his respective county. He shall appoint an assistant for each township. In townships in which there are located cities and towns and in townships having an unusually large proportion of the property in the county, or for any other reason, more than one assistant supervisor may be appointed.

Sec. 101. The county supervisor and assistants shall meet in the courthouse within ten days after their appointment and qualification, upon call of the county supervisor, for general consideration of methods of securing a complete list of all real and personal property and of valuing the same in an equal manner in the several townships. Sec. 103. Before entering upon the discharge of their respective duties, the county supervisor and the assistant supervisors shall take and subscribe an oath substantially as follows:
Form of oath.

"I, ........................................, supervisor (or assistant supervisor) for ................................ county and ................................ township therein, do solemnly swear (or affirm) that I will discharge the duties devolving upon me as county supervisor (or assistant supervisor) according to the laws in force governing such office, so help me, God."

Upon making his complete returns of assessment as herein provided for, the assistant supervisor shall annex thereto the following affidavit:

"I, ........................................, the assistant supervisor for ................................ township of ................................ county, make oath that the foregoing list contains, to the best of my knowledge and belief, all the real and personal property required by law to be assessed in said township, and that I have assessed each tract or parcel of land at its true value in money, and have endeavored to do equal justice to the public and to the taxpayers concerned."

Sec. 104. All real and personal property shall be valued by the assistant supervisors under the supervision of the county supervisor as herein provided. In determining the value of real property the assistant supervisor and county supervisor shall consider as to each piece or parcel its advantage as to location, quality of soil, quantity of standing timber, water privileges, water-power, mines, minerals, quarries and other valuable deposits known to be available therein, and their value, its fertility and adaptability to agricultural or commercial uses; shall take into consideration the past income derived therefrom and its probable future income, and shall also take into consideration its present assessed value. The above enumeration shall not preclude taking into consideration other facts which may affect the value. In order to arrive at the true value in money of each and every parcel of land the county supervisor and assistant supervisors may examine the owner and other persons under oath.

Sec. 105. As soon as practicable after each of the assistant supervisors have completed his work and assessment and made return, as by this act required, the county supervisor shall convene all of the assistant supervisors and they shall then jointly review the valuation and assessments, to the end that it may be ascertained whether the various assistant supervisors have adopted the same means and methods of valuing land in the various townships, correcting any errors which may have been committed and equalizing the valuations in the different townships.

Sec. 106. The county supervisor shall, from the report of the various assistant supervisors, prepare a complete roll or list
for each of the several townships in each of the several counties, showing the names, which shall be entered alphabetically as nearly as possible, of the various owners of land (owned by the various owners) and the valuation placed thereupon, which said roll shall be filed as a permanent roll for the quadrennial period, either with the board of county commissioners or with the auditor, tax clerk or other similar officer.

Sec. 107. The county auditor, tax clerk, or other similar officer of the board of commissioners in counties in which there are no such officers, shall add to said roll from time to time such real property as may have been omitted therefrom.

Sec. 108. The board of county commissioners shall constitute the Board of Equalization and Review. As soon as possible after the making up of the roll as herein provided for, said board of commissioners shall meet, first giving ten days notice by publication for the purpose of equalizing the valuation so that each tract or parcel of land shall be entered on the tax list at its true value in money. To this end, they shall adopt the means and methods heretofore pointed out in this act in section fifty hereof. In counties in which there is an auditor, tax clerk or other similar official, such official shall be the clerk of the equalization board. In counties having no such official, the clerk of the board of commissioners shall be the clerk of the equalization board.

Sec. 109. Specific complaints.

The board of county commissioners of the several counties shall have and exercise authority to hear and determine specific complaints of overvaluation or undervaluation of any particular tract of real property, and after the general equalization order provided for in the preceding section has been made, any person who owns property subject to taxation, and who finds that said property stands assessed for taxation, after such equalization order has been made, at an amount in excess of the actual value of such property on the first day of May, of the current year, may have the right to have the same reassessed and reappraised by the said board by filing with the clerk of the board of county commissioners, some time during the months of May and June of the current year, an application in form and substance as follows:

"To the Board of County Commissioners, .................................................................

County.

I hereby make application for the reassessment of the real property hereinafter described, for the reason that the said property is now assessed in excess of its actual value on the first day of May, of the current year, and do hereby certify that in
my best judgment the actual value of said property on that date was as it is stated herein to be:

"Location .................................................................
"Condition .................................................................
"Acreage ........................................................................
"Assessed value ................................................................
"Actual value May 1, 1921 (3) ...........................................

(Signature of Complainant)

Any citizen of the county may file complaint of the undervaluation of any real property in the county, or the board may of its own motion revise the valuation of any property that it finds to be valued at more or less than the actual value of such property on the first day of May of the current year.

The county board of commissioners may appoint the county auditor, all-time county chairman, or any resident freeholder of the county, who has general knowledge of the value of the real property of the county, to investigate any and all complaints filed under the provisions of this section, and make report and recommendations to the said board as to the true value in money of such properties. The county board of commissioners shall thereupon approve or revise such recommendations, and shall, not later than the fifteenth day of July of the current year, make report to the State Board of Assessment of the increases and reductions in the valuation of specific properties made under authority of this section.

Sec. 110. Any change which may be made in the valuation of any tract or lot of land shall be noted upon the permanent roll.

Sec. 111. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed: Provided, that such repeal shall not in any manner affect any rights heretofore acquired, or the collection of any taxes heretofore levied or assessed, or the validity of any sale heretofore made, or any rights heretofore acquired in the law of this State, but all taxes due and penalties incurred from the nonpayment of taxes shall be collected and enforced under the machinery as it existed at the time said tax became due or said penalties were incurred.

Sec. 112. If any section of this act shall be declared unconstitutional for any reason, by any court of competent jurisdiction, the remainder of the act shall not be affected thereby.

Sec. 113. That this act shall be in force and effect from and after its ratification.

Ratified this 10th day of March, A.D. 1925.

CHAPTER 120

AN ACT PLACING ALL STATE CHARITABLE INSTITUTIONS ON THE SAME BASIS AND TO PROTECT THE INTEREST OF THE STATE AND TO REQUIRE THOSE WHO ARE ABLE TO PAY TO BEAR THE EXPENSE OF THEIR CARE, MAINTENANCE AND TREATMENT, AND TO ENFORCE THE SAME POLICY IN ALL SUCH INSTITUTIONS, AND TO PROVIDE MACHINERY RELATING TO THE SAME.

Whereas, there have been different policies in practice in different institutions in this State, according to the several created
Preamble.

and regulatory statutes affecting the several institutions, and resulting therefrom different policies have been pursued at the State charitable, custodial, curative and correctional institutions, until the State, as result thereof, now bears a heavy expense at these institutions for such pupils, inmates and patients as are financially able to pay the same, or are legally dependent upon others who are solvent and able to pay the same thereby not only burdening the State unnecessarily but preventing the State from caring for many indigent patients that it should and otherwise would care for if a single policy were in force at all such institutions, under which those who are able to pay, would pay, and those who could not pay would be given adequate treatment at the cost of the State: Now, therefore,

The General Assembly of North Carolina do enact:

SECTION 1. That all persons admitted to the State Hospital at Raleigh, State Hospital at Morganton, State Hospital at Goldsboro, Caswell Training School at Kinston, Stonewall Jackson Training School for Boys at Concord, the State Home and Industrial School for Girls at Samarcand, the East Carolina Training School at Rocky Mount, the Morrison Training School for Negro Boys in Richmond County, the School for the Deaf at Morganton, the School for the Blind and Deaf at Raleigh, and the North Carolina Sanatorium for the Treatment of Tuberculosis at Sanatorium, be and they are hereby required to pay the actual cost of their care, treatment, training and maintenance at such institutions.

SEC. 2. The respective boards of trustees or directors of each of said institutions, by whatever name they may be called, are hereby empowered with the final authority to determine and fix the actual cost of such training, treatment, care and maintenance, to be paid for by or for each inmate or patient, and the said boards of trustees or directors shall, to the best of their ability, fix such cost so as to include all the cost of such care, maintenance, treatment and training at such institutions, for each respective inmate, pupil or patient thereof, and the said sum, when so fixed, shall be the actual cost thereof.

SEC. 3. Such cost, when so fixed and determined by the respective boards of trustees or directors of each institution, shall be paid by the patient, pupil or inmate thereof, or by his parent, guardian, trustee or other person legally responsible therefor, and the payment thereof shall constitute a valid expenditure of the funds of any such pupil, patient or inmate by any fiduciary who may be in the control of such fund, and a receipt for the payment of such cost in the hands of such fiduciary shall be a valid voucher to the extent thereof in the settlement of his
accounts of his trust. Immediately upon the determination of the cost, as herein provided for, the superintendent of the institution shall notify the patient, pupil, inmate, parent, guardian, trustee, or such other person who shall be legally responsible for the payment thereof, of the monthly amount thereof, and such statement shall be rendered from month to month. The respective boards of trustees or directors of the various institutions are vested with full and complete authority to arrange with the patient, pupil, inmate, parent, guardian, trustee, or other person legally responsible for the cost, for the payment of any portion of such cost monthly or otherwise, in the event such patient, pupil, inmate, parent, guardian, trustee or other person legally responsible therefor shall not be able to pay the total cost. The head of the various institutions shall annually file with the Auditor of the State a list of all unpaid accounts.

Sec. 4. From and after the passage of this act the respective boards of trustees or directors of each institution shall ascertain which of the various patients, pupils or inmates thereof, or which of the parents, guardians, trustees, or other persons legally responsible therefor, are financially able to pay the cost, to be fixed and determined by this act, and so soon as it shall be ascertained such patient, pupil, inmate, parent, guardian, trustee or other person legally responsible therefor, shall be notified of such cost, and in general of the provisions of this act and such patient, pupil, inmate or the parent, guardian, trustee, or other person legally responsible therefor, shall have the option to pay the same or to remove the patient, pupil or inmate from such institution, unless such person was committed by an order of a court of competent jurisdiction, in which event, the liability for the cost as fixed by this act shall be fixed or determined and payment shall be made in accordance with the terms of this act.

Sec. 5. That immediately upon the fixing of the amount of such actual cost, as herein provided, a cause of action shall accrue therefor in favor of the State for the use of the institution in which such patient, pupil or inmate is receiving training, treatment, maintenance or care, and the State for the use of such institution may sue upon such cause of action in the courts of Wake County, or in the courts of the county in which such institution is located, against said patient, pupil or inmate, or his parents, or either of them, or guardian, trustee, committee, or other person legally responsible therefor, or in whose possession and control there may be any funds or property belonging to either the said pupil, patient or inmate, or to any person upon whom the said patient, pupil or inmate may be legally dependent, including both parents.
SEC. 6. That no statute of limitation shall apply to or constitute a defense to any cause of action asserted by any of the above-named institutions for the collection of the cost of care, treatment, training or maintenance, or any or all of these against any person liable therefor, as herein provided, and all statutes containing limitations which might apply to the same are hereby pro tanto repealed, as to all such causes of action or claims, and this section shall apply to all claims and causes of action for like cost heretofore incurred with such institutions and now remaining unpaid.

SEC. 7. That this act shall not be held or construed to interfere with or to limit the authority and power of the management of the boards of trustees, or directors of any of the institutions named herein, to make provision for the care, custody, treatment and maintenance of all indigent persons who may be otherwise entitled to admission in any of the said institutions, and as to indigent pupils, inmates and patients, the same provisions now contained in the several statutes relating thereto shall continue in force, but if at any time any of the said indigent patients, pupils or inmates shall succeed to or inherit, or acquire, in any manner, property, or any of the persons named above as legally responsible for the cost of care, treatment and maintenance of the pupil, inmate and patient at the above named institutions, shall acquire property, or shall otherwise be reputed to be solvent, then each of said institutions shall have the full right and authority to collect and sue for the entire cost and maintenance of such inmate, pupil or patient, without let or hindrance on account of any statute of limitation whatsoever.

SEC. 8. That at the request of such institution, all actions and suits shall be sued upon and prosecuted by the Attorney General, and such institution shall have the right to elect as to whether it will institute such action in the courts of Wake County or in the courts of the county in which such institution is located.

SEC. 9. That any judgment obtained by the State for the use of any of the above named institutions shall never be barred by any statute of limitation, but shall continue in force, and, at the request of the Attorney-General or the superintendent of any of said institutions, an execution shall issue therefor at any time without requiring such institution to revive the said judgment, as is now provided by statute, but in case any judgment debtor, or any fiduciary responsible for the payment thereof, shall make affidavit and file the same with the clerk of the Superior Court from which such execution is issued, that payments have been made upon the said judgments, then the clerk shall recall said execution and proceed to hear and determine what is the true amount due thereon, if anything, in the same manner as is now
required in motions to revive dormant judgments with the right of appeal to the judge of the Superior Court, as now provided in such motions, and the clerk of the Superior Court and the judge thereof shall have authority, in their discretion, to require security for the payment of the amount of said judgment pending such appeal.

Sec. 10. That in the event of the death of any inmate, pupil or patient, of either of said institutions above named, leaving any such cost of care, maintenance, training and treatment unpaid, in whole or in part, then such unpaid cost shall constitute a first lien on all the property, both real and personal, of the said decedent, subject only to the payment of funeral expenses and taxes to the State of North Carolina.

Sec. 11. All money collected by any institution pursuant to this act shall be by such institution paid into the State treasury, and shall be by the State Treasurer credited to the account of the institution collecting and turning the same into the treasury, and shall be paid out by warrants drawn by the Auditor as in cases of appropriations made for the maintenance of such institutions and shall be used by such institution as it uses and is authorized by law to use appropriations made for maintenance.

Sec. 12. That all laws and clauses of laws in conflict herewith are, to the extent of such conflict, hereby repealed.

Sec. 13. That this act shall be in force from and after its ratification.

Ratified this 4th day of March, A.D. 1925.

In cases where the local annual tax voted to supplement the funds of the six months public school term is of the same rate in such district and in the new territory necessary to be added to such district in order to make the district coterminous with such city or town, the county board of education shall have power to enlarge the boundaries of the district as aforesaid. In cases where such tax rates are not the same, the boundaries of the district shall become so enlarged upon the adoption of a proposition for such enlargement by a majority of the qualified voters of such new territory. The validity of the said election and of the registration for said election and of the correctness of the determination of the result of said election shall not be open to question except in an action or proceeding commenced within thirty days after the determination of the result of said election. At the same time that said election is held it shall be lawful to hold an election in the entire territory of said city or town on the question of issuing bonds of said city or town or of said school district as so enlarged, for school purposes, and levying a sufficient tax for the payment of said bonds, or on the question of levying a local annual tax on all taxable property in said city or town or in said school district as so enlarged, to supplement the funds for the six months public school term for said district, in addition to taxes for the payment of bonds, in the same manner that would be lawful if said district had been so enlarged prior to the

7703. Directors to employ servants and agents. The board of directors, by and with the consent and approval of the Governor, are authorized to employ such managers, superintendents and wardens as they may deem necessary; and the board of directors are further authorized to employ such physicians, supervisors, overseers and other servants and agents as they may deem necessary for the management of the affairs of the State Prison Department, and the safekeeping and employment of the convicts therein confined. The compensation and duties of the managers, superintendents and wardens shall be fixed by the board of directors, by and with the consent and advice of the Governor. The board of directors shall fix the compensation of all physicians, supervisors, overseers and other servants and agents, prescribe their duties by proper rules and regulations, and may discharge them at will. Any manager, superintendent or warden may be discharged by the board of directors, by and with the consent and approval of the Governor.

7704. Employees' bonds; money paid to State Treasurer. The board of directors shall require of its officers, employees, or agents, who may be authorized by law, or hereafter authorized by the board of directors, to collect or receive the moneys and earnings of said institution, to enter into bonds payable to the State of North Carolina in such penal sums as may be approved by the board, with such security or securities, conditioned upon the faithful performance of the duties of such officers, employees or agents in collecting and receiving, and paying over the moneys and earnings of the State Prison. Only such corporate security shall be accepted by the said board as is licensed to do such business within the State of North Carolina.

7705. Acquisition and alienation of property. That whenever it may be necessary or convenient in the conduct of the operations of the State Prison Department, or when hereafter expressly authorized by law, such property, both real and personal, as may be desired by the board of directors, by and with the advice, consent and approval of the Budget Bureau, and Governor, and Council of State, may be acquired by gift, devise, purchase, or lease; and all such gifts, devises, purchase or lease shall be made to the State of North Carolina; and whenever it may be necessary or convenient, in the opinion of the said board of directors, by and with the advice, consent and approval of the Budget Bureau and the Governor, and Council of State to dispose of any such property, either real or personal, or any interest or estate therein by lease, subletting, sale or conveyance, such disposal may be effected upon the adoption of the resolution of
the board of directors by vote of majority of the board of directors, and approved by the Budget Bureau, and Governor and Council of State. All leases, bills of sale, and conveyance necessary to execute such powers of lease, subletting, sale and conveyance shall be executed in the name of the State of North Carolina by the Governor, attested by the Secretary of State, with the Great Seal of the State of North Carolina affixed thereto; and such conveyance shall be admitted to registration in the several counties of the State upon such probate as is now required by law for other corporate conveyances.

7706. Directors manage property and convicts. The board of directors shall have charge of, and, through its agents and employees, manage all the property and effects of the State Prison Department, and conduct the operation of all its affairs subject to the provisions of this chapter. The board of directors may adopt and enforce such rules and regulations for the government of the State Prison Department, its agents and employees and the convicts therein confined as to them may seem just and proper.

7707. Custody, employment, hiring out and recapture of convicts. The board of directors shall make provision for receiving, keeping in custody until discharging by law, all such convicts as may be now confined in said prison and such as may hereafter sentenced to imprisonment therein by the several courts of this State. The board of directors shall have full power and authority to provide for the employment of such convicts, either in the prison or on farms leased or owned by the State of North Carolina, or elsewhere, or otherwise; and may contract for the hire or employment of any able-bodied convicts upon such terms as may be just and fair, but such convicts so hired, or employed, shall remain under the actual management, control and care of the board of directors, or its employees, agents and servants: Provided, however, that no female convict shall be worked on public roads or streets in any manner.

Sec. 2. The board of directors may provide for the recapture of convicts that may escape from such prison and may pay such reward and expense of recapture to any person making the same. Any citizen of North Carolina shall have authority without warrant to apprehend any convict who may escape before the expiration of the term of his imprisonment, and to retain him in custody and redeliver him to the State Prison Department.

7708. Reports. The board of directors shall make to the Budget Bureau, or to the Governor, a full report of the finances and physical condition of the State Prison Department on the first day of July of each year hereafter, and at such other times as the Governor, or director of the budget, may call for same;
and said report shall contain such information as may be desired by the Budget Bureau, or the Governor.

7709. **Compensation of the board: not eligible to other office or employment in connection with the State Prison Department.** Each member of the board of directors shall receive as compensation for his services, four dollars ($4.00) per day for such days, or fractional parts thereof, as he may be engaged in the duties of said board, together with five (5) cents per mile traveled while in the discharge of his official duties; but the board may allow its chairman a salary in lieu of the per diem and mileage above set forth, and may confer such authority and impose such duties upon him in reference to the management of the institution as it may think proper. No member of the board of directors shall be eligible to any employment in connection with the State Prison Department.

7710. **Directors not to furnish supplies.** No director shall furnish any supplies or materials, directly or indirectly, for the support of the convicts, or for the use of the State Prison Department.

7711. **Duty of State Treasurer and regulation of disbursement of funds for the State Prison Department.** All moneys received, or collected, by the State Prison Department, or its agents, officers, or employees thereof, belonging to the State shall be paid to the State Treasurer at such times and in such manner as may be prescribed by law, and in default of any specific requirement otherwise provided by law as to the deposit of same, then the Budget Bureau is hereby empowered and directed to make such rules and regulations for the payment of such funds to the State Treasurer as may in its opinion be just and proper, and in conformity with the policy of the State with reference to the deposit with and payment to the State Treasurer of funds belonging to the State.

The State Prison Department shall hereafter be operated upon legislative appropriations, and disbursements on account of these institutions shall be made by the State Treasurer upon warrants drawn by the State Auditor after the presentation of itemized vouchers, approved by the board of directors, who shall indicate their approval thereon by the signature of the chairman of the board. Duplicates of such vouchers shall be kept and filed in the office of the chairman of the board of directors and the originals thereof shall be kept and filed, after payment, in the office of the State Treasurer.

7712. **Work of convicts on public roads.** The board of directors of the State Prison Department are authorized to work the prisoners committed to their charge on the public roads of the State by organizing State camps for housing and feeding the

prisoners while at work on such roads, but the construction of such camps must be in accordance with plans approved by the State Highway Commission and the State Board of Health, but if worked upon the public roads of any county or subdivision thereof, then such county or subdivision shall pay to the State Prison such compensation as may be agreed upon by such county, or subdivision thereof, and the board of prison directors.

7713. Supervision of jails and camps by Board of Health. The State Board of Health shall have the same supervision of all jails, county camps or other places of confinement of county or city prisoners in regard to the method of construction, sanitary or hygienic care as they have over the State Prison Department and no jail, county camp, or other place of confinement of county or city prisons shall be constructed or used as such for a period of six months, unless the State Board of Health shall have approved the same, and the violation of this section shall constitute a misdemeanor punishable by fine or imprisonment, or both, in the discretion of the court.

7714. Sanitary and hygienic care of prisoners. The sanitary and hygienic care of the prisoners shall be under the direction, supervision, and regulation of the State Board of Health, and all camps and camp equipment shall conform to the plans and specifications of and be approved by the State Board of Health; and the board of directors of the State Prison shall do such things as may be necessary to carry out the recommendations of the State Board of Health. The supervision of the State Board of Health shall apply to the State Prison, the State farms, and county or State camps or other places where the prisoners are confined or housed, and such recommendations as shall be made by the State Board of Health regarding clothes, bedding, tableware, and bathing for the prisoners shall be carried out by the board of directors of the State Prison.

7715. Quarters at State farm. In order to erect suitable quarters for the prisoners kept at the State farms, the board of directors of the State Prison Department is authorized and directed to spend a sufficient amount of the funds, under the control of the board, for permanent improvements, to pay for the erection of sanitary quarters for the prisoners with individual cells, when cells are deemed necessary, for each prisoner, and the plans and specifications for the erection of such quarters shall be approved by the State Board of Health.

7716. What prisoners sent to State Prison. All persons convicted of crime punishable by imprisonment in the State Prison in any of the courts of this State whose sentence shall be for five years or more shall be sent to the State prison.

7717. Convicts sent to place of labor. The board of directors shall, as far as practicable, make arrangements for the convey-
ing of convicts from the places where convicted direct to the place where they are to be worked, when it would be to the interest of the State so to do.

7718. To be sent within five days. The sheriff, having in charge any prisoner sentenced to the State Prison Department shall proceed to send him to the State Prison Department or place of assignment within five days after the adjournment of the court at which he was sentenced, if no appeal has been taken.

7719. Copy of affidavit filed with commissioners. The sheriff shall file with the board of commissioners of his county a copy of his affidavit as to necessary guard, together with a copy of his itemized account of expenses, both certified to by the auditor as true copies of those on file in his office.

7720. State not liable for expenses before convicts received. The State is not liable for the expenses of maintaining convicts until they have been received by the State Prison Department authorities, nor shall any moneys be paid out of the treasury for support of convicts prior to such reception.

7721. Board to make regulations. The board of directors is authorized to adopt such rules and regulations for enforcing discipline as their judgment may indicate, not inconsistent with the constitution and laws of the State. And they shall print and post the same in the cells of the convicts, and the same shall be read to every convict in the State Prison Department when received.

7722. Infraction of rules recorded. The board of directors shall require to be kept a book in which shall be entered a record of every infraction of the published rules of discipline, with the name of the prisoner so guilty, and the punishment inflicted therefor, which record shall be submitted to the directors at their monthly meeting.

7723. Prisoners classified and distinguished. The board of directors of the State Prison Department shall direct the classification of all male prisoners committed to their charge into three classes or grades, as follows: In the first class shall be included all those prisoners who have given evidence that they will, or whom it is believed will, observe the rules and regulations and work diligently, and are likely to maintain themselves by honest industry after their discharge; in the second class shall be included those prisoners who have not as yet given evidence that they can be trusted, but are competent to work and are reasonably obedient to the rules and regulations of the institution; and in the third class shall be those prisoners who have demonstrated that they are incorrigible, have no respect for the rules and regulations, and seriously interfere with the
discipline and the effectiveness of the labor of the other prisoners. The men of the first class shall be known as honor men, and when grouped together in camps as hereinafter provided for the camp shall be known as “honor camp.” and they shall wear a distinctive but not very conspicuous uniform, and shall be worked without guards, and when in prison or camps, or in any other place of detention, they shall not be chained or under armed guards at night. The men of the second class shall wear a conspicuous uniform, and shall be worked under armed guards, but shall not wear chains, while at work, but may or may not be chained at night, in the discretion of the superintendent. The men of the third class shall be dressed in stripes, shall be worked under armed guards, wear chains during the day, whether this is considered necessary, and be chained at night when in camp, and shall be worked as far as possible in stockades, inclosing rock quarries, but may be worked on public roads in camps containing only this class of men, at the discretion of the superintendent, or that may hereafter be made by the General Assembly. The classification of male prisoners shall apply to female prisoners so far as it relates to commutation of time and pay for their work. Honor men may be worked wherever any work is being carried on by the prison, provided their privileges and immunities as set forth in this prison section are in no wise abridged.

7724. Assignment to classes and changes. Persons sentenced to the penitentiary, or State Prison Department, for the first time shall be placed in the first or second class, but the assignment of a prisoner to any one of the three classes referred to in this article shall not be considered to mean that such prisoner must remain in such class, but a prisoner may be changed from a lower to a higher class or from a higher to a lower class, depending upon his behavior, and it is the purpose and intent of this section to direct the board of directors of the State Prison to encourage and assist the men to improve themselves that they can be transferred from a lower to a higher class or grade.

7725. Commutation of time. The men of the first class shall be allowed a commutation of their sentence of one hundred and four days for each year served, and the men of the second class shall be allowed a commutation of their sentence of seventy-eight days for each year they serve, and the men of the third class shall be allowed a commutation of their sentence of fifty-two days for each year they serve. If a man remains in the third class for three continuous years, he shall not be allowed any further commutation of time. In the event any prisoner shall be sentenced for a less period of time than one year, said prisoner shall be entitled to a proportionate commuta-
tion of his sentence. The board of directors of the State Prison Department, by and with the advice and consent and approval of the Governor, and Commissioner of Public Welfare, may make such regulations and pay such sums to prisoners at the expiration of their sentence as may in their judgment adequately aid such prisoners in securing employment and in defraying their expenses to the place of such employment within this State, or to the place from which said prisoners were sent to the State Prison, having due regard to article eleven, section eleven, of the Constitution, "that all penal and charitable institutions shall be made as nearly self-supporting as is consistent with the purposes of their creation."

7726. Employment at useful labor. The board of directors of the State Prison Department shall, through the superintendent, wardens, managers, or officials of the penitentiary, state farms, or reformatories in the State, so far as is practicable, cause all the prisoners in such institutions who are physically capable thereof to be employed at useful labor.

7727. Prisoners examined for assignment to work. Each prisoner committed to the charge of the board of directors of the State Prison Department shall be carefully examined by a competent physician in order to determine his physical and mental condition, and his assignment to labor and the work he is required to do shall be dependent upon the report of said physician as to his physical and mental capacity.

7728. Whipping or flogging prisoners. It is unlawful for the board of directors of the State Prison to whip or flog, or have whipped or flogged, any prisoner committed to their charge until twenty-four hours after the report of the offense or disobedience, and only then in the presence of the prison physician or prison chaplain; and no prisoner other than those of the third class as defined in this article shall be whipped or flogged at any time.

7729. Prisoner's supplies and clothes to be marked. The prisoner's number shall be used for marking all clothes, bedclothing, beds, and other supplies used by prisoners, so that when such clothes, bedclothing, and supplies are washed and cleaned they shall be always returned for the use of the same prisoner.

7730. Uniform for prisoners; felon's stripes. It is the duty of the several judicial officers of the State, in assigning any person to work the public roads of any county, to designate in each judgment that such as may be convicted of a felony shall wear felon's stripes, and such as are convicted of a misdemeanor shall not wear felon's stripes. In order to carry into effect the provisions of this section, the State Prison Board shall prescribe a uniform to be worn by persons convicted of

felony, and a uniform to be worn by persons convicted of a misdemeanor which shall be different and easily distinguished from the uniform of the felon; but the board of directors of the State Prison Department or other governing authority may in their discretion allow prisoners sentenced for misdemeanor only to wear clothes similar to that worn by the ordinary citizen. The board of commissioners of the respective counties in which convicts are worked on the public roads shall provide uniforms of each kind, except in those cases exempted in this section.

7731. Violation as to work in felon's uniform; officer liable. It shall be unlawful to work persons convicted of a felony in other than the uniform of a felon, or to clothe a person convicted of a misdemeanor in the uniform of a felon. Any superintendent of convicts or other persons in authority who shall violate this law shall be guilty of a misdemeanor, and fined or imprisoned, or both, in the discretion of the court; and, moreover, be liable in damage to the party aggrieved, to be recovered in a civil action, which may be brought in either the county from which the party was sentenced or the county in which the wrong was done.

7732. Recreation and instruction of prisoners. The board of directors of the State Prison Department is authorized and directed to arrange certain forms of recreation for the prisoners, and to arrange so that the prisoners during their leisure hours between work and time to retire shall have an opportunity to take part in games, and attend lectures, and take part in other forms of amusement as may be provided by the board. The board is also authorized and directed to make such arrangements as are necessary to enable classes to be organized amongst the prisoners so that those who desire may receive instruction in various lines of educational pursuits. The board of directors shall utilize, where possible, the services of the prisoners who are sufficiently educated to act as instructors for such classes in education; such services, however, shall be voluntary on the part of the prisoner. The board of directors of the State Prison Department is further authorized and directed to make such arrangements as will be necessary so that religious services may be held for the prisoners on Sunday and at such other times as they may deem wise. The attendance of the prisoners at such religious services shall be voluntary. The provisions of this section shall apply to the State Prison Department, State Farms and State Camps.

7733. Use of intoxicants forbidden to employees. No one addicted to the use of intoxicating liquors shall be employed as superintendent, warden, guard, or in any other position
connected with the State Prison Department, where such position requires the incumbent thereof to have any charge or direction of the prisoners; and any one holding such position, or any one who may be employed in any other capacity in the State Prison Department, who shall come under the influence of intoxicating liquors, shall at once cease to be an employee of any of the institutions and shall not be eligible for reinstatement to such position or be employed in any other position in any of the institutions. Any superintendent, warden, guard, supervisor, or other person holding any position in the State Prison Department who curses a prisoner under his charge shall at once cease to be an employee of the institution and shall not be eligible for reinstatement.

7734. Correspondence of prisoners regulated. The prisoners confined at any State Prison, State Farm, or State Camp who are in the first class or grade authorized by this article shall be allowed general correspondence privileges in so far as such correspondence does not interfere with the work and discipline of the prison, farm, or camp; prisoners who are in the second class or grade shall be allowed similar correspondence privileges, but somewhat more restricted than those in the first class or grade; and prisoners who are in the third class or grade shall only be allowed such correspondence privileges as may be deemed best by the superintendent. Any prisoner shall be permitted to write a letter to the Governor of the State at any time he desires, and such letter shall be mailed for him as other letters are mailed.

7735. Divine services; Sunday school. The board of directors is authorized to provide for divine service for the convicts each Sunday, if possible, and to secure the visits of some minister at the hospital to administer to the spiritual wants of the sick.

7736. Religious instruction at Caledonia farm. The board of directors of the State Prison Department is authorized and directed, in order to provide religious worship for the prisoners confined in the State's Prison, known as the Caledonia farm, to employ a resident minister of the gospel and to provide for his residence and support in such manner as the board may determine.

7737. Obsolete.

7738. Indeterminate sentence and discharge. The various judges of the Superior Courts of North Carolina are authorized and directed, in their discretion, in sentencing prisoners to the State Prison, to pass upon such prisoner a minimum and maximum sentence, thus making the sentence of the prisoner an indeterminate sentence, and the board of directors of the State Prison Department is authorized and directed to consider at
least once every six months the cases of such prisoners as have been committed to the State Prison with an indeterminate sentence, as to whether such prisoner is entitled to a discharge, and to take into consideration the prisoner's record since committed to the charge of the board of directors of the State Prison Department: Provided, that the prisoner has served the minimum time to which he was sentenced after allowing credit for good behavior as authorized by law.

7739. Application for pardon to include record. Any application for the pardon of a prisoner committed to the discharge of the board of directors of the State Prison shall include a record of such prisoner since he was committed to the charge of the board; and in determining whether or not a parole or pardon shall be granted, consideration shall be given to the record of such prisoner; and the record of such prisoner shall be available to those making the application.

7740. Prisoners of different races kept separate. White and colored prisoners shall not be confined or shackled together in the same room of any building or tent, either in the State Prison or at any State or county convict camp, during the eating or sleeping hours, and at all other times the separation of the two races shall be as complete as practicable. Any officer or employee of either the State or any county in the State having charge of convicts or prisoners who shall violate or permit the violation of this section shall be guilty of a misdemeanor, and upon conviction shall be fined not more than fifty dollars or imprisoned not more than thirty days.

7741. Separation of youthful prisoners. Youthful convicts shall be kept separate from old and hardened criminals in sleeping quarters.

7742. Punishment for recaptured prisoners. If a prisoner of the first or second class or grade attempts to escape or leaves the State Prison, State Farm, or State Camp without permission, he shall, upon being recaptured, be reduced to the third class or grade and shall permanently loose all his accumulated time and money; and the board of directors of the State Prison Department is authorized and directed to use every means possible to recapture any escaping or leaving, without permission, any of the State Prisons, Camps, or Farms, regardless of expense.

7743. Recapture of escaped felons; reward. It is the duty of the superintendent of the State Prison Department, when any person escapes from the State Prison Department who has been confined or placed to work, to immediately notify the Governor, and to accompany such notice with a full description of the escaped, together with such information as will be of
service in the recapture. The Governor is authorized to offer such reward as he may deem advisable and necessary for the recapture and return to the State Prison Department of any person who may escape or who heretofore has escaped therefrom. Such reward earned shall be paid by the Treasurer of the State upon the warrant of the Governor and charged to the penitentiary board, and by said board to be repaid to the State Treasurer, and accounted for as a part of the expense of maintaining the State's prisoners.

7744. Copy of this article supplied to prisoners. This article shall be printed in pamphlet form and each prisoner committed to the charge of the board of directors of the State Prison Department shall be supplied with a copy, and its contents shall be explained to him at the time he is brought to the State Prison.

7745. Overseers and guards may maintain discipline. When a convict or several combined shall offer violence to any officer, overseer or guard, or to any convict, or attempt to do any injury to the prison building or the workshops, or shall attempt to escape, or shall resist, or disobey any lawful command, the officer, overseer, or guard shall use any means necessary to defend himself, to enforce the observance of discipline, to secure the person of the offender and to prevent an escape.

7746. Death of convict investigated by directors. It shall be the duty of the board of directors, or some member thereof, upon information of the death of a convict other than by natural causes, to investigate the cause thereof and report the result of such investigation to the Governor, and for this purpose the board of directors, or any member thereof, shall have power to administer oaths, and send for persons and papers.

7747. Convict furnished transportation. The Superintendent of the State Prison Department shall furnish to every convict, upon the expiration of his sentence, such transportation and such other money, or property, as may be prescribed by the rules and regulations of the board of directors adopted pursuant to the provisions of section seven thousand seven hundred and twenty-five of the Consolidated Statutes.

7748. Children born in State Prison Department. Any child born of a female convict while she is in the custody of the State Prison Department that shall not be taken in charge upon arrival at an age suitable to be separated from the mother by some of its kindred of other responsible party, shall, on the application of the deputy warden to the clerk of the Superior Court of the county of Wake, be disposed of as the law pro-
vides in the case of children whose parents are dead or unable to provide for them.

7749. Governor may parole. The Governor may and it shall be his duty to parole such of the convicts in the State Prison Department as may be in his opinion necessary or useful in the upkeep of the State buildings and grounds in Raleigh, and for such other work in connection with any activities in which the State, its departments, or institutions may be engaged, with full power and authority to place such convicts under custody of any person, or persons designated by the Governor, and to cause such convicts to be managed and controlled under his direction, and to be returned to the State Prison at such times as he may direct, and to make such regulations, or arrangements by which the State Prison Department shall be properly compensated for the labor of such convicts so used.

7750. Record of conduct of prisoners. It is the duty of the superintendent of the State Prison Department and superintendents of county chain gangs or road forces, under rules and regulations to be made and promulgated by the board of directors of the State Prison Department, to keep a record of the conduct and demeanor of all prisoners held in the State Prison Department and on county chain gangs.

7751. Obsolete.
7752. Obsolete.
7753. Obsolete.

7754. No female prison work on streets or roads. Nothing in this article shall be held or construed to permit the working or hiring of female convicts for work upon any street, road or highway.

7755. Reimprisonment. If the Governor shall order the reimprisonment of any person discharged on parole, he may issue his order directly to the sheriff of any county in the State, directing the arrest of such person and his return by such officer to the State Prison Department, the expense of which shall be paid by the State Treasurer upon a warrant issued by the State Auditor on an order made by the superintendent of the State Prison Department.

7756. No deduction of time. If any such person be reimprisoned by order of the Governor for violation of the conditions of his parole, the time such person has been out on parole shall not be deducted from the term of imprisonment to which he was originally sentenced by the court, but the time of his imprisonment shall be understood as continuing from the time he was discharged on his parole.
7757. No impairment of Governor’s powers. Nothing herein is to be taken as in any way attempting to interfere with, or regulate the power of the Governor to grant reprieves, commutations, and pardons and paroles.

7758. Counties and towns may employ. It shall be lawful for the board of commissioners of any county, and likewise for the corporate authorities of any city or town to contract, in writing, with the board of directors of the State Prison Department for the employment of convicts in the State Prison Department upon the highways or streets of such county, city or town, and such contracts when so exercised shall be valid and enforceable against such county, city or town, and in the name of the State the Attorney-General may prosecute an action in the Superior Court of Wake County for the enforcement thereof.

7759. Duty to hire to counties and towns. Upon application to them, it shall be the duty of the board of directors of the State Prison Department, in their discretion, to hire to the board of commissioners of any county, and to the corporate authorities of any city, or town, for purposes specified in the preceding section, such convicts as may be mentally and physically capable of performing the work or labor contemplated and shall not at the time of such application be so hired, or otherwise engaged in labor under the direction of said board of directors; but the convicts hired for services under the preceding section shall be fed, clothed and quartered while so employed by the board of directors, or managers of the State Prison Department.

7760. Contract for hire; how enforced. The board of commissioners of any county, the corporate authorities of any city or town, so hiring such convicts shall pay into the treasury of the State for the labor of any convict so hired such a sum or sums of money at such time, or times, as may be agreed upon in the contract of hire; and if any such county, city or town, fail to pay the State money due for such hiring, the same shall bear interest from the time it shall become due until paid at the rate of six per cent per annum; and an action to recover the same may be instituted by the Attorney-General in the name of the State in the courts of Wake County.

7761. Counties to appoint superintendent. The board of commissioners of any county and the corporate authorities of any city or town so hiring such convicts shall have power to appoint and remove at will all such necessary agents to superintend the construction or improvement of such highways and streets as they may deem proper, or to pay the costs and expenses incident to such hiring may levy taxes and raise money as in other respects.
Contracts for labor, or products of labor regulated.

The board of directors of the State Prison Department shall in the case any and all contracts for labor provide under their direction and management for the feeding and clothing of such convicts by the State Prison Department and shall maintain, control, and guard the quarters in which such convicts live during the time of such contracts; and the said board shall provide for the guarding and working of such convicts under its sole supervision and control. The board of directors of the State Prison Department may make such contract for the hire of the convicts confined in the State Prison as may, in its discretion, be proper and will promote the purpose and duty to make the State Prison Department as nearly self-supporting as is consistent with the purpose of its creation, as set forth in section eleven, article eleven of the Constitution; and the said board of directors may engage in and use the labor of convicts confined in the State Prison Department in such work on farms, in manufacturing, either within or without the State Prison, as the board of directors may hereafter determine to be proper and profitable to be carried on by the State Prison Department; and the said board of directors may dispose of the products of the labor of said convicts either in farming, or manufacturing, or in other industry at the State Prison or to or for any public institution owned, managed, or controlled by the State, to or for any county, city or town within this State; and may sell or dispose of the same elsewhere and in the open markets or otherwise, as in its discretion may seem profitable.

7763. To make State Prison Department self-supporting. It is the purpose of this chapter to make the State Prison Department self-supporting as contemplated by the Constitution, and to that end the directors thereof are hereby authorized and empowered to employ the convicts therein in such form of work and to transfer such convicts from one form of work and employment to another when in the opinion of such board of directors such form of employment shall best serve the purpose.

It is further declared to be the State's policy in the conduct of the State Prison Department that convict labor shall be devoted primarily to State use, and to that end the board of directors of the State Prison Department shall as a primary purpose employ labor of such convicts in farming and in the production of such material as may be necessarily used by said State Prison Department and other institutions and departments, having due regard at all times to the promotion of the purpose set out in article eleven, section eleven, of the Constitution.
7764. Directors may establish reformatory. There may be established in connection with the North Carolina State Prison Department, under the control and direction of the board of directors of that institution, a reformatory either within the enclosure of the penitentiary or elsewhere as said board shall deem most practicable and economical, in which reformatory convicts under the age of eighteen years sentenced to the penitentiary shall be confined separate and apart from other convicts.

7765. May exempt from convict garb. It shall be in the discretion of the board to exempt the convicts confined in the reformatory from the requirement of wearing the usual convict garb.

7766-A. Supervision and visitation of the State Prison Department. That it shall be the duty of the State Board of Charities and Public Welfare to exercise a supervision over the State Prison Department, as contemplated by the Constitution, under proper rules and regulations; and that the rules and regulations be prescribed by the Governor.

Sec. 2. That all laws and clauses of laws in conflict with this act to the extent of such conflict are hereby repealed; that this act shall be enforced from and after its ratification.

Sec. 2. That the county civil court shall be presided over by a judge, who may be an attorney at law, and shall reside and be a qualified elector in the county during his term of office, and shall be permitted to practice law during his term of office. The first judge of the county civil court shall be elected by the board of county commissioners at the time of the establishment of said court, and he shall hold his office until January first, following the next general election of county officers within said county, and until his successor is elected and qualified, and if a vacancy occurs in the office of judge, it shall be filled by the election of a successor for the unexpired term by the board of county commissioners. Each succeeding judge shall be elected by a vote of the qualified electors of the county at the next general election before the expiration of the term of office in the same manner as other county officers are nominated and elected, and shall hold office for a term of four years, beginning January first, following his election and until his successor is elected and qualified, unless said court is abolished. The judge shall qualify by taking and subscribing an oath of office as is now provided by law for a judge of the Superior Court, which shall be filed with the clerk. The salary of said judge shall be fixed by the board of commissioners of the county, which shall not be decreased during the term of office; to be paid in monthly installments by the county. The judge shall be provided by the county board of commissioners with an office and a suitable and convenient room for holding court at the county seat.

who shall be invested with all the powers and duties of the
judge, and his compensation during his appointment shall be

for trial, on which jury cases shall have precedence.

SEC. 5. The clerk of the Superior Court of the county shall
be ex officio clerk of the court, and in addition to the salary or
fees paid him as clerk of the Superior Court, he shall be paid
such additional compensation as the county commissioners of
the county may fix to be paid monthly out of the county funds,
and the board of county commissioners be and are hereby
authorized and empowered to provide for salary or fees for
such additional deputies as he may need. The said clerk shall

SEC. 9. It shall be the duty of the board of county commissioners, upon the establishment of a court as herein provided, and every two years thereafter, to prepare a list of jurors, identical with the list prepared for the Superior Court and subject to the same rules and regulations, and mark said jury box as the county civil court box, from which the jury shall be drawn. The judge of the court shall issue the proper writ to the sheriff of the county to summons the jurors for the court in the same manner as juries are ordered and drawn in the Superior Court.

SEC. 10. The judge shall have the right to call in talesmen to serve as jurors, according to the practice of the Superior Court, and to direct the sheriff to summons a sufficient number of talesmen to serve during any one week for the proper dispatch of the business of the court.

Appeals in all actions may be taken from the court to the Superior Court of the county in term time for errors assigned in matters of law in the same manner as is now provided for appeals from the Superior Court to the Supreme Court, with the exception that the record may be typewritten instead of printed, and only two copies shall be required; one for the court and the other for the opposing counsel. The time for taking and prosecuting appeals shall be counted from the end of the calendar month of the court at which such trial is had. It shall be the duty of any judge of the Superior Court holding the courts in any county, where a court is established under the provisions of this act, to allot sufficient and adequate time during each regular term of the Superior Court held in such county for the hearing of appeals from the county civil court of such county. Upon such appeal the Superior Court may either affirm or modify and affirm the judgment of the county civil court or remand the cause for a new trial. From the judgment of the Superior Court an appeal may be taken to the Supreme Court, as is now provided by law. Orders to stay execution on judgments entered in the court shall be the same as in appeals from the Superior Court to the Supreme Court, and judgments of said court may be enforced by execution by the clerk thereof, returnable within twenty days, and transcripts of such judgments may be docketed in the Superior Court and
become judgments of the Superior Court as is now provided. Transcripts may be docketed in the Superior Court as now provided for judgments of justices of the peace, and when docketed shall, in all respects, be judgments of the Superior Court in the same manner and to the same extent as if rendered by the Superior Court.

Sec. 15. Where the judge is disqualified to try any case, it shall be removed for trial to the Superior Court of the county, in which the court is located or ore tenus by the substitute judge.

Sec. 18. That this act shall not be construed to repeal any existing laws by which a county court may be created or to affect or repeal any court now or hereafter created under exist-

Each applicant for registration of securities shall, at the time of filing its application, pay to the commissioner, and the commissioner shall collect, a filing fee of fifty dollars plus the sum of two per centum of the par value of each issue of securities for which application for registration is filed. If any such securities have no par value, the price at which the applicant proposes to sell and issue the same to the public shall be deemed the par value thereof for the purpose of computing the fee to be paid by such applicant upon the filing of such application with the commissioner.

Sec. 10. Consideration of application by commissioner. (1) As soon as practicable after the filing of an application the commissioner shall examine the application, statements and documents so filed; and if he deems it advisable, may make or cause to be made such inspection, examination, audit and investigation of the business and affairs of the issuer as he may deem necessary or advisable, which said inspection, examinations, audit and investigation shall be at the expense of the applicant. As a part of the aforesaid inspection, examination, audit and investigation the commissioner may, if he deems it necessary or advisable, cause an appraisal to be made of the property or assets of the issue, or parts thereof, where such property or assets does not include intangible assets; but wherever such property or assets of the issuer does include intangible assets as a material part thereof the commissioner shall cause an appraisal to be made of such intangible assets. Appraisals herein provided for may be made by three disinterested appraisers; and the commissioner is authorized to nominate and appoint such appraisers, who shall be paid not more than twenty-five dollars per day and their actual expenses while so employed, which compensation and expenses shall be paid by the applicant. The commissioner may require a bond sufficient to cover the expense of any such inspection, examination, audit or investigation as may be deemed
necessary by the commissioner in connection with the application for or after the granting of such application for registration. Before admitting any security to record in such register of qualified securities the commissioner, or his deputy, or duly appointed appraisers, may require the applicant to furnish certain information as may in his or their judgment be necessary for the commissioner to ascertain whether such securities should be so admitted to record pursuant to the provisions of this act; and the failure to furnish such requested information within such reasonable time, not exceeding three months, shall be considered as a withdrawal of the application for registration. The commissioner may require such verification of the information submitted in support of any application as he may deem necessary or desirable.

(2) The commissioner shall make a complete report of the inspection, investigation, examination, etc., of the business and affairs of the applicant above provided for, which record shall include a copy of the appraisal aforesaid, provided such an appraisal be made.

Sec. 11. Hearing before commissioner. The commissioner shall, within fifteen days after such investigation, give the applicant a hearing if he so desires.

(1) If the commissioner shall act favorably upon the application, he shall issue an order directing that such securities be admitted to record in the register of qualified securities, hereinafter provided for. The commissioner shall keep a permanent record of all proceedings, findings, judgments and orders. In granting to an applicant the privilege of offering securities to the public in the State of North Carolina the commissioner may impose such reasonable conditions, either precedent or concurrent thereto, as in his judgment may be necessary or advisable. As one of such conditions precedent the commissioner may require that any securities of the issuer, which have been or are to be issued for property or assets, either tangible or intangible, shall be deposited in escrow, under such terms as he may prescribe in each case, to the end that the owners of the securities, so issued in payment for property and so placed in escrow, shall in case of dissolution or insolvency of the issuer, not participate in the assets of such issuers until after the owners of all other securities have been paid in full.

The securities deposited under such escrow agreement shall be released from such escrow agreement only at such time as the commissioner may deem just and equitable; and in any event such escrow securities shall be released therefrom when the issuer's earnings shall equal those prescribed in paragraph (1) of section three of this act for the same class of securities.
(2) If, however, the commissioner shall, in any case, believe from all the evidence before it—
(a) That the sale of such securities would work a fraud, deception or imposition upon the purchasers thereof; or
(b) That the articles of incorporation or association, declaration of trust, charter, constitution, by-laws, or other organization papers of the issuer, are unfair, unjust, inequitable, illegal or oppressive; or
(c) That the issuers or guarantors of such securities are insolvent, or are in failing circumstances, or are not trustworthy; or
(d) That the issuer’s plan of business is unfair, inequitable, dishonest, or fraudulent; or
(e) That the issuer’s literature or advertising is misleading or calculated to deceive purchasers or investors; or
(f) That the securities offered, or to be offered, issued or to be issued in payment for property or assets, either tangible or intangible, are so in excess of the reasonable value thereof as to indicate fraud or bad faith; or
(g) That the enterprise or business of either the issuers, or of the applicant, is unlawful or against public policy; or
(h) That the sale of such securities is a mere scheme of either the issuer or the applicant to dispose of worthless securities of no intrinsic value, at the expense of the purchasers of said securities—

Then the commissioner shall refuse to admit said securities to record in the register of qualified securities, or if such securities are admitted to record, such action may at any time thereafter be revoked by the commissioner for any of the reasons set out in section eleven, subsection two, and it shall thereafter be unlawful to sell such securities in this State or to advertise same, or to circulate any advertisements thereof.

(3) But, however, no securities shall be admitted to record in the register of qualified securities until the applicant or applicants therefor have entered into a bond for not less than one thousand dollars, nor more than one hundred thousand dollars. The amount of said bond shall be fixed by the commissioner in his order admitting said securities to record. Said bond shall be payable to the State of North Carolina and be conditioned upon the truth of the statements set forth in the application filed with the commissioner, also the truth of the statements set forth in all literature or advertising matter used or circulated in connection with the sale or offer of sale of such securities and of the evidence and other probative matter offered in connection with such application to the State official or officials, and upon compliance by said applicant and his agents with the provisions
of this act. Said bond shall be made with a surety company authorized to do business in the State of North Carolina, and shall be filed with and approved by the commissioner. Any person who shall have a right of action against said bond shall bring suit thereon within two years after such right of action shall have accrued, and not thereafter. One or more recoveries upon such bond shall not vitiate the same; but no recoveries thereon shall ever exceed the full amount of such bond. Upon suits being filed in excess of the amount of such bonds, the commissioner shall require a new bond; and if same is not given within thirty days thereafter, he shall cancel the registration of the securities involved.

Sec. 12. No person as dealer or agent shall represent any stock sold under the provisions of this act as being endorsed or recommended by the State of North Carolina or any officer thereof, nor shall make any mention whatever of recording or being admitted to record in the State of North Carolina.

Sec. 13. Register of qualified securities. The commissioner shall keep and maintain a permanent register of qualified securities and shall enter therein the names and amounts of all securities the privilege of offering which to the public in the State of North Carolina has been granted by the commissioner, and the date thereof, and such other data as the commissioner may deem proper. All securities admitted to record and recorded in such register shall be deemed, for the purpose of this act, to have been fully qualified for sale in the State of North Carolina, and thereafter any person may lawfully sell or offer for sale any part of such issue as recorded; subject, however, to the provisions of this act. Such register shall be open to inspection by the public.

Sec. 14. Report to commissioner. Every issuer whose securities have been admitted to record and recorded as herein provided shall, during the offering of such securities, file within thirty days after the close of business on December thirty-first, March thirty-first, June thirtieth, and September thirtieth, of each year, and at such other times as may be required by the commissioner, a statement, verified under oath by some person having actual knowledge of the facts therein stated, setting forth, in such form as may be prescribed by the commissioner, the financial condition, the amount of assets and liabilities of such issuer on the above dates and such other information as said commissioner may require. It shall be unlawful for any issuer subject to the provisions of this act, who refuses or fails to comply with the provisions of this section, or for his agent or agents, to thereafter sell such securities in this State.

Sec. 15. Examination and examiners. The records and the business affairs of every company, or person, whose securities
have been admitted to record in the register of qualified securities, shall be subject to examination and inspection by the commissioner or upon his direction by his assistants, accountants or examiners, at any time said commissioner may deem it advisable; and such company or person shall pay a fee for each of such examinations of not to exceed twenty-five dollars ($25) for each day or fraction thereof, plus the actual traveling and hotel expenses of said commissioner, his assistant, accountant or examiner, that he is absent from the Capitol of the State for the purpose of making such examination.

Sec. 16. Complaints, investigations, findings of facts. The commissioner may, upon his own initiative or upon the complaint of any reasonable person, hold such public hearings or make or have made such special inspection, examination or investigation as he may deem necessary in connection with the promotion, sale or disposal in this State of any security, or securities, to determine whether the same constitutes a violation of law; and the said commissioner, his assistant or deputy shall have power and authority—

(1) To issue subpoenas and process compelling the attendance of any person and the production of any papers, records, or books relating to any matter of which the commissioner has jurisdiction under this article, and (2) to administer an oath to any person whose testimony may be required on such inspection, examination, or investigation. Upon the conclusion of any such hearing, inspection, examination or investigation the commissioner may make findings of fact concerning the matter or matters investigated. Such findings of fact shall be admissible in evidence in any suit or action, at law or in equity, instituted under any of the laws of this State, and shall be prima facie evidence of the truth of the matters therein found by said commissioner.

Sec. 17. Certain information and records open to inspection by public. All information received by the commissioner shall be kept open to public inspection at all reasonable hours, and the commissioner shall supply to the public upon request copies of any papers or record with the commissioner at charges equaling the cost of typing same; and the commissioner shall have power and authority to place in a separate file, not open to the public except on his special order, any information which he deems in justice to the person filing the same should not be made public. An exemplification of the record under the hand of the commissioner, or of his deputy, shall be good and sufficient evidence of any record made or entered by the commissioner. A certificate under the hand of the commissioner or his deputy or assistant, and the seal of the commissioner showing that the
securities in question have not been recorded in the register of
qualified securities, shall constitute prima facie evidence that
such securities have not been qualified for sale pursuant to the
provisions of this act, and shall be admissible in evidence in
any proceeding, either civil or criminal, instituted under any
of the laws or statutes of this State.

Sec. 18. Appeal. Any interested person aggrieved by any
order of the commissioner, or by any refusal or failure of the
commissioner to make an order under any of the provisions of
this act, shall, upon written request directed to the commissioner,
and within thirty days after such request has been filed with the
said commissioner, be entitled to a hearing before the Corpora-
tion Commission as a body. The commission shall, within ten
days after such hearing, rule upon the subject-matter of
such hearing. Any person, being dissatisfied with any findings,
rulings, order or judgment of the commission may, within thirty
days after the making and issuance thereof, commence a suit
in the Superior Court of Wake County, North Carolina, against
the commission as defendant, to vacate and set aside said
findings, ruling, or order on the ground that same is unjust
and unreasonable. The rules of pleading and procedure in such
suit shall be the same as are provided by law for the trial of
other actions in the Superior Court of this State, and on the
hearing the judge of said Superior Court may set aside, modify,
or confirm said finding, ruling, order or judgment as the evidence
and the rules of law or equity may require. Appeals may be
taken from the decision of the Superior Court to the Supreme
Court by either party in the same manner as is provided by
law in other civil cases, but the commission may appeal
without bond. Pending any such appeal, the said findings, rul-
ings, orders, and judgments of the commission shall be prima
facie evidence that they are just and reasonable and that the
facts found are true, and shall remain in full force and effect;
if no such suit be brought within said thirty days, said finding,
ruled, order or judgment shall become final and binding.

Sec. 19. No dealer or salesman shall carry on business in
the State of North Carolina as such dealer or salesman, or sell
securities, including any securities exempted under the pro-
visions of section three hereof, unless he has been registered
as dealer or salesman in the office of the commissioner pursuant
to the provisions of this section. Every applicant for registra-
tion shall file in the office of the commissioner, pursuant to the
provisions of this section, an application in writing, duly signed
and sworn to, in such form as the commissioner may prescribe,
giving particulars concerning the business reputation of the
applicant. The commissioner in his discretion may require
that the applicant shall have been a bona fide resident of the State of North Carolina for a term not to exceed two years prior to the filing of the application. The names and addresses of all persons approved for registration as dealers or salesmen shall be recorded in a register of dealers and salesmen kept in the office of the commissioner, which shall be open to public inspection. Every registration under this section shall expire on the thirty-first day of March in each year, but the same may be renewed. The fee for such registration and for each annual renewal thereof shall be fifty dollars in the case of dealers, and ten dollars in the case of salesmen. Registration may be refused or a registration granted may be canceled by the commissioner if, after reasonable notice and a hearing, the commissioner determines that such applicant or dealer or salesman so registered (1) has violated any provision of this act or any regulation made hereunder; or (2) has made a material false statement in the application for registration; or (3) has been guilty of a fraudulent act in connection with any sale of securities in the State of North Carolina, or has been or is engaged in making fictitious or pretended sales or purchases of any such securities or has been engaged in any practice or transaction or course of business relating to the purchase or sale of securities which is fraudulent or in violation of law; or (4) has demonstrated his unworthiness to transact the business of dealer or salesman. It shall be sufficient cause for refusal or cancellation of registration in the case of a partnership, corporation or unincorporated association or trust estate, if any member of the partnership, or any officer or director of the corporation, association or trust estate has been guilty of any act or omission which would be cause for refusing or canceling the registration of an individual dealer or salesman. The word "dealer" as used in this section shall include every person, other than a salesman, who in the State of North Carolina engages, either for all or part his time, directly or through an agent, in the business of offering for sale, selling or otherwise dealing in securities, including securities exempted under the provisions of section three, or of purchasing or otherwise acquiring such securities from another person with the purpose of reselling them or of offering them for sale to the public for a commission or at a profit, or who deals in futures on market quotations of prices or values of any securities, or accepts margins on prices or values of said securities. The word "salesman" as used in this section shall include every person employed, appointed or authorized by another person to sell securities in any manner in the State of North Carolina. No person shall be registered as a salesman except upon the application of the person on whose
behalf such salesman is to act. It shall be unlawful for any person required to register under the provisions of this section to sell any security to any person in the State of North Carolina without having registered, or after such registration has expired or been canceled and not renewed: Provided, however, that employees of a company, securities of which are exempted under the provisions of section three hereof, may sell or solicit or negotiate for the sale or purchase of any such securities of such company in the territory served by such company or in which it operates without being considered as salesmen or dealers within the meaning of this act and without being required to register under its provision.

Sec. 20. Assistants, clerks, etc., employment of. It shall be the duty of the commissioner to administer and enforce the provisions of this act. The commissioner shall appoint an assistant who shall have special charge of the administration and enforcement of this act under the direction and authority of the commissioner. He shall keep all records and generally perform such duties as the commissioner may direct; and for his services he shall be paid such salary as may be fixed by the commission. The commissioner may appoint such clerks and other assistants as may from time to time be needed, and may likewise fix their salaries or compensation, subject to the approval of the commission.

Sec. 21. Fees paid into State treasury, expenses of administration. All fees herein provided for shall be collected by the commissioner and shall be paid over to the State Treasurer to go into the general fund; as well as all fees, per diems, expenses, etc., of appraisers, assistants, and investigators as herein provided, and all other expenses and fees required by this act. The commissioner may from time to time employ special counsel for the purpose of enforcing and carrying out the provisions of this act. All expenses of the administration of this act, including salaries, special council fees, clerk hire, postage, printing, stationery and the like, shall be paid out of available funds in the treasury on the Auditor's warrant for the payment of bills itemized and certified to by the commissioner.

Sec. 22. When sales made in violation of this act voidable. Every sale or contract for sale of any securities made in violation of the provisions of this act shall be voidable at the election of the purchaser thereof; and every person making such sale or contract for sale, and every agent of or for such seller who shall have participated or aided in any way in making such sale, knowing same to be in violation of this act, shall be jointly and severally liable to such purchaser, upon tender of said securities or said contract to the seller for the full amount paid by said
purchaser, together with interest and all taxable court costs in any action brought under this section. No action shall be brought under this section after two years from the date of such sale or contract for sale.

Sec. 23. **Punishment for violation.** Any person who violates any of the provisions of this act shall be punished by a fine of not less than two hundred nor more than five thousand dollars, or by imprisonment in jail or work on the roads for not exceeding two years, or by both such fine and imprisonment.

Sec. 24. If any clause, sentence, paragraph, or part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of said act, but shall be confined in its operation to the clause, sentence, paragraph or part thereof directly involved in the controversy in which said judgment shall have been rendered.

Sec. 25. All laws and clauses of laws in conflict with this act are hereby repealed: Provided, however, that this clause shall not be construed to prevent the prosecution of any offenses committed before the passage of this act against any law or laws heretofore in force, but all such crimes and offenses committed before the ratification of this act may be prosecuted to final judgment under the laws in force at the time of the commission of such crimes or offenses. This act shall not affect any right accrued or liability incurred prior to the ratification of this act.

Sec. 26. This act shall be in force from and after April first, one thousand nine hundred and twenty-five.

Ratified this 9th day of March, A.D. 1925.

CHAPTER 192

AN ACT TO AUTHORIZE THE ISSUANCE OF BONDS OF THE STATE FOR THE PERMANENT IMPROVEMENT OF STATE INSTITUTIONS.

tions, many of them remain inadequate to meet the rapidly increasing demands of the people of the State, and it is necessary that certain institutions and State buildings be permanently enlarged, improved and equipped; and

Whereas, it is proper that the General Fund of the State be reimbursed for moneys paid therefrom for certain permanent improvements heretofore made to some of said institutions and interest thereon: Now, therefore,

CHAPTER 201

AN ACT TO PROVIDE A SPECIAL BUILDING FUND TO BE LOANED TO COUNTY BOARDS OF EDUCATION TO AID IN ERECTING SCHOOLHOUSES.

Whereas, the General Assembly of North Carolina, at the regular session of one thousand nine hundred and twenty-one, by the enactment of chapter one hundred and forty-seven, Public Laws of one thousand nine hundred and twenty-one, in order to aid the counties in the erection of a larger and more permanent type of rural school, created a special building fund of five million dollars, all of which, supplemented by another five million from the counties, is now in commodious school buildings in every county of the State; and
Whereas, the General Assembly of North Carolina, article twenty-five, chapter one hundred and thirty-six, Public Laws of one thousand nine hundred and twenty-three, created a second special building fund of five million dollars to be loaned to the county boards of education from and after January first, one thousand nine hundred and twenty-four; and

Whereas, the State Board of Education received applications from county boards of education for loans from this fund to the amount of more than eight million dollars, from which applications the State Board of Education approved loans for the full amount authorized, and has actually lent the entire five million dollars to the county boards of education for definite and fully described projects, most of which were complete by December, one thousand nine hundred and twenty-four, and available for schools this year; and

Whereas, the entire amount of the literary fund available on February tenth, one thousand nine hundred and twenty-five, has already been definitely lent, and is now going into school buildings for use next year, leaving no State funds for building purposes that may be used in the calendar year, one thousand nine hundred and twenty-five; and

Whereas, ninety-two counties estimate their urgent building needs for the year one thousand nine hundred and twenty-five to be seven million five hundred and thirty-five thousand six hundred dollars ($7,535,600) in order to meet the insistent demands of the people themselves for adequate school buildings in which to operate the six months school term; and

Whereas, since counties and districts have to pay higher interest charges on local bonds than the State pays on State bonds, the two previous special building funds are saving one hundred and fifty thousand dollars in interest charges to the counties: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. That for the purpose of providing "a special building fund," to be loaned to the county boards of education for maintaining a six months school term, the Treasurer is authorized and directed to issue bonds of the State of North Carolina, payable in the manner and on the date hereinafter described, to an amount not to exceed five million dollars ($5,000,000). All of said bonds shall bear interest at a rate not to exceed four and one-half (4½) per cent per annum, payable semiannually on the first days of January and July of each year, and the said bonds shall bear date as of the first day of January of each and every year in which they may be issued, under the provisions of this act.
(a) Special building fund a separate fund. That the proceeds from the sale of these bonds shall be a separate fund in the hands of the State Treasurer and shall be kept distinct from all other funds of the State. The funds shall be paid out upon the warrant of the State Auditor, but no warrant shall be issued by the Auditor except upon the requisition of the State Superintendent of Public Instruction, with the approval and at the direction of the State Board of Education. The bank or banks in which any money belonging to this fund is deposited by the State Treasurer shall be required to pay interest on monthly balances on said money at the rate of three per cent per annum, and all such money so collected shall be credited monthly by the State Treasurer to this fund.

(b) State Board of Education authorized to make loans. That the State Board of Education, under such rules and regulations as it may deem advisable, not inconsistent with the provisions of this chapter, may make loans from "The Special Building Fund" to the county board of education of any county for building, equipping and repairing public school buildings, dormitories, teacherages, and for the purchase of suitable sites: Provided, that no loan shall be made from this fund until the application for said loan has been made by the county board of education and approved by the county commissioners, nor until said commissioners shall certify that the loan is necessary to maintain a six months school term: Provided further, that no loan shall be made from this fund for erecting or repairing any school building containing less than seven rooms, nor shall any building be erected in whole or in part from funds borrowed from the State unless the plans for said building shall have been approved by the State Superintendent of Public Instruction.

(c) The first four installments paid back to the State by the counties, as contemplated in this act, are hereby declared to be a part of the special building fund and may, in the discretion of the State Board of Education, be loaned to the counties on the same terms and in accordance with the same rules as provided for an original loan.

Sec. 2. Loans to county boards of education made under the provisions of this act shall be payable in twenty equal installments, shall bear interest payable annually in advance at the same rate that the State had to pay on the bonds issued under this act for securing "The Special Building Fund," and said loans shall be evidenced by the note or notes of the county board of education, executed by the chairman and secretary thereof, and deposited with the State Treasurer. The first installment of such loan, together with the interest on the balance of the principal remaining unpaid, shall be paid by the county board
of education on or before the fifteenth day of December subsequent to the making of such loan, and the remaining installments, together with the interest, shall be paid, one each year, on the fifteenth day of December of each subsequent year until all shall have been paid: Provided, if at the end of any five-year period it shall appear the earnings of said fund are more than sufficient to retire said bonds the State board may direct the State Treasurer to transfer such surplus to the State literary fund, and after all bonds are retired any balance remaining shall be turned over to the State literary fund.

Sec. 3. The county board of education shall provide in its May budget for a special tax, to be styled "A Special Building Fund Tax," sufficient to repay the annual installment, together with the interest due, and shall issue its order upon the treasurer of the county school fund therefor, who, prior to the fifteenth day of December, shall pay over to the State Treasurer the amount then due. Any amount loaned under the provisions of this act shall be a lien upon the total school fund of such county, in whatsoever hands such funds may be; and if the board of county commissioners fail to provide for a sufficient tax for the fund for the repayment of notes, loans and bonds to pay the loans and interest when due, so long as any part of said loan and the interest are due, the board of county commissioners shall borrow the money in order that the six months school term may be maintained in accordance with the Constitution. Upon failure of any county to pay any installment or interest, or part of either, when due, the State Treasurer may deduct a sufficient amount for the payment of the same out of any fund due such county from any special State appropriation for public schools, and if the amount necessary to conduct a six months school term has been decreased thereby, thus making it impossible to provide the funds for a six months term in every district in said county in accordance with law and the Constitution, the county commissioners shall borrow the amount necessary to meet the deficit caused thereby.

The State Treasurer may bring action against the county board of education of such county, or against any person in whose possession may be any part of the school funds of the county, or against the tax collector of such county; and if the amount of school fund then on hand be insufficient to pay in full the sum so due, then the State Treasurer shall be entitled to an order directing the tax collector of such county to pay over to the State Treasurer all moneys collected for school purposes until such debt and interest shall have been paid: Provided, this lien shall not lie against taxes collected to pay
interest and principal on bonds issued by the authorities of any county or any district.

Sec. 4. That the State Board of Education shall approve all applications for loans and the amount to be loaned to each county. When said board has received and approved applications for loans in an amount of not less than five hundred thousand dollars ($500,000), the State Board of Education shall direct the State Treasurer to sell, and he shall sell, in accordance with the provisions of this article, North Carolina bonds to provide funds for making the loans in accordance with the applications approved: Provided, that whenever applications are received and approved, in accordance with the provisions of this article, if the State Board of Education shall deem it unwise to sell bonds at that time, the State Treasurer, by and with the consent of the Governor and the Council of State, is hereby authorized to borrow money at the lowest rate of interest obtainable, in anticipation of the sale of the bonds herein authorized, and for the purposes for which said bonds are authorized. The State Treasurer shall execute and issue notes of the State for the money so borrowed, and he is hereby authorized to renew any such notes from time to time by issuing new notes. The rate of interest, the date of payment of said notes or renewals, and all matters and details in connection with the issuance and sale thereof shall be fixed and determined by the Governor and Council of State. Such notes when issued shall be entitled to all privileges, immunities and exemptions that the bonds authorized to be issued are entitled to. The full faith, credit and taxing power of the State are hereby pledged for the payment of such notes as may be issued, and interest thereon. The proceeds received from said notes shall be used for making loans to county boards of education in accordance with this article. The notes issued in anticipation of the sale of bonds shall be paid with the funds derived from the sale of said bonds whenever said bonds are sold.

Sec. 5. That the bonds authorized and directed to be issued by the preceding sections shall be coupon bonds of the denomination of five hundred dollars ($500) and one thousand dollars ($1,000) each, as may be determined by said State Treasurer, and shall be signed by the Governor of the State and State Treasurer and sealed with the Great Seal of the State. The coupons thereon may be signed by the State Treasurer alone, or may have a facsimile of his signature printed, engraved, or lithographed thereon, and the said bonds shall in all other respects be in such form as the State Treasurer may direct; and the coupons thereon shall, after maturity, be receivable in payment of all taxes, debts, dues, licenses, fines and demands due
the State of North Carolina, of any kind whatsoever, which shall be expressed on the face of said bonds. Before selling any of the series of bonds herein authorized to be issued, the State Treasurer shall advertise the sale and invite sealed bids in such manner as in his judgment may seem to be most effectual to secure the par of said bonds at the lowest rate of interest. He is authorized to sell the bonds herein authorized in such manner as in his judgment will produce the par value of said bonds at the lowest rate of interest, and where the conditions are equal he shall give the preference of purchase to the citizens of North Carolina.

One-twentieth of the total bonds issued under date of January first, one thousand nine hundred and twenty-six, shall be due and payable on the first day of January, one thousand nine hundred and thirty-one, and another one-twentieth of the amount of said bonds shall be due and payable on January first of each year thereafter until the whole series shall be paid, and any bonds issued under this act on any subsequent January first shall be due and payable as follows: One-twentieth of the total amount of said bonds shall be due and payable on the first day of January five years after the date of issuance of said bonds, and one-twentieth on each subsequent January first of each year thereafter until the whole series authorized by this act shall be paid in full.

Sec. 6. The said bonds and coupons shall be exempt from all State, county or municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, and the interest paid thereon shall not be subject to taxation as for income, nor shall said bonds and coupons be subject to taxation when constituting a part of the surplus of any bank, trust company, or other corporation, and it shall be lawful for all executors, administrators, guardians, or other fiduciaries generally to invest in said bonds.

Sec. 7. The county board of education, from any amount borrowed under the provisions of this act, may make loans to special charter, local tax or special school taxing districts, and the amount so loaned to any such district shall be payable in twenty annual installments, with interest thereon at the rate the county is required to pay, payable annually in advance. Any amount loaned under the provisions of this act shall be a lien upon the total local tax funds produced in the district. Whenever the local taxes at any time may not be sufficient to pay the installments with the interest, the county board of education must supply the remainder out of the operating and equipment fund, and shall make provisions for the same when the county budget is made and presented to the commissioners in
May: *Provided*, nothing in this section shall prevent the county board of education from assuming the entire expense of erecting said building or buildings in any district of the county.

All loans made to such districts, under the provisions of this act, shall be made upon the written petition of a majority of the committee, or board of trustees, of the said district asking for the loan and authorizing the county board of education to deduct a sufficient amount from the local taxes or other funds belonging to said district, other than the teachers' salary fund, to meet the indebtedness to the county board of education. Otherwise, the county board of education shall have no lien upon the local taxes for the repayment of this loan: *Provided*, this lien shall not lie against taxes collected or hereafter levied to pay interest and principal on bonds issued by the authority of any district.

SEC. 8. Upon the completion of project for which the loan was made, the county board of education, upon blanks prepared for this purpose, shall file with the State Board of Education an itemized sworn statement of all expenditures on said project, including the loan from the State and all other funds invested in such building. Members of the county board of education and the county superintendent refusing or failing to make such report or authorizing the expenditure of said loan otherwise than upon the specific project, set forth in the approved application, or otherwise than as set out in the plans and specifications, approved by the State Board of Education, except upon the written approval of the State Board of Education, shall be severally guilty of a misdemeanor, punishable by a fine or imprisonment, or both, in the discretion of the court.

SEC. 9. All laws and clauses of laws in conflict with this act are hereby repealed.

SEC. 10. This act shall be in full force and effect from and after the date of its ratification.

Ratified this 9th day of March, A.D. 1925.

Sec. 24. Restriction on holding real estate. That it shall be the duty of said board of trustees to hold at Cullowhee an annual meeting, at which meeting they shall qualify and organize, and consider recommendations of the president of the normal school, and such other business as may properly come before them. The board shall elect, at such meeting, a chairman and vice chairman, and appoint such committees among their membership as they may deem proper and wise for the conduct of this institution. They may also hold such special meetings from time to time as they may deem necessary.

Sec. 6. That it shall be the duty of the board of trustees to elect a president of the said normal school, to fix his salary, and his tenure of office. Upon the recommendation of the president, it shall be the duty of the board of trustees to elect other officers, teachers, and employees, to fix their duties, tenure of office and their respective salaries. No person shall be elected as a teacher or shall teach in the regular classes of the Cullowhee State Normal School whose academic and professional qualifications are lower than that represented by graduation from a standard college or its undoubted equivalent: Provided, that persons who do not have such qualifications may be elected and may teach as a substitute or temporary teacher.
Sec. 7. That it shall be the duty of the president to act as secretary of the board of trustees, to keep, in a book to be provided for the purpose, a full and complete record of all meetings of said board, and he shall be the custodian of all records, deeds, contracts and the like. He shall, with the approval of the chairman of the board, call all meetings of the board, giving proper notice to each member of every such meeting. The president shall be the administrative and executive head of the institution. He shall prepare annually, for the board of trustees, a detailed report of the normal school for the preceding year, a copy of which report shall be sent to the State Superintendent of Public Instruction, and a copy shall be filed in the office of the president.

Sec. 8. That the central purpose of the Cullowhee State Normal School shall be to prepare teachers for the public schools of North Carolina. To that end, the president shall prepare courses of study, subject to the approval of the State Superintendent of Public Instruction. It shall be the duty of the State Superintendent to visit the Cullowhee State Normal School from time to time, and to advise with the president about standards, equipment and organization, to the end that a normal school of high grade shall be maintained. The standards shall not be lower in the main, than the average standard of normal schools of like rank in the United States.

Sec. 9. That it shall be the duty of the board of education and county superintendent of Jackson County to cooperate with the board of trustees of the Cullowhee State Normal School in maintaining a practice or demonstration school. It shall be the duty of the board of trustees to furnish buildings, equipment, water and lights for such practice school; while the county board of education and the local school authorities shall furnish fuel and janitors, and shall pay all teachers in the practice school the regular State or county salary schedule, with the proviso that any excess in salaries on account of specially qualified teachers shall be paid by the board of trustees of the normal school. The qualifications of teachers in the practice school shall be fixed by the board of trustees; the nomination of such teachers shall be made jointly by the county superintendent and the president; but the practice teachers shall be elected by the school authorities of the local school district. The practice school, while under the general administration and control of the normal school authorities, shall remain an integral part of the county school system, and be subject to the same regulations as to supervision, standards, records, and the like as other graded schools of the county. That since the total amount of the equalizing fund apportioned for teachers', principals' and superintendents' salaries to the several counties of the State for the year one thousand nine hundred twenty-three-twenty-four was $1,164,461.97, the same amount shall be apportioned to the same counties and on the same basis for the year one thousand nine hundred twenty-five-twenty-six and for the year one thousand nine hundred twenty-six-twenty-seven. The remainder of the equalizing fund for the year one thousand nine hundred and twenty-five-twenty-six and for the year one thousand nine hundred and twenty-six-twenty-seven shall be apportioned as provided below:
The Governor, within thirty days after the ratification of this act, shall appoint a special commission of five members to be known as "The Equalizing Fund Commission." Said commission shall meet within ten days after their appointment and organize by the election of a chairman and a secretary, and enter upon the discharge of their duties. It shall be the duty of said commission to apportion the remainder of the equalizing fund and in doing so it shall consider the various factors which in its judgment will bring about a more equalized distribution of the equalizing fund for schools provided in this act, giving due regard to the school population, the distribution of wealth, the burden of taxation, the valuation of the property, and the educational needs generally of the several counties of the State.

Said commission shall have authority to apportion the remainder of the equalizing fund on any basis that it may adopt which will give a fair and just apportionment to those counties that need it most, but no county shall receive any of this remainder until it has levied a tax on its present property valuation of at least forty-four (44) cents on the one hundred dollars for teachers', principals', and superintendents' salaries. When the said commission by a majority vote shall have reached a decision for each year, it shall certify its findings to the State Superintendent of Public Instruction on or before the first day of June, and the State Superintendent of Public Instruction shall put the same into effect.

The members of said commission shall receive ten dollars per day for not exceeding ten days in any one year, the same to be in lieu of all per diem and expenses, and to be paid from the equalizing fund.

(b) That the appropriations to the Cullowhee Normal School and to the Appalachian Training School provided in schedule IX 1 (f) and (g) in section one of this act shall be expended by the State Board of Education in accordance with the provisions of "An act to place certain normal schools under control of the State Board of Education," chapter sixty-one of the Public Laws of nineteen hundred and twenty-one.

The plans so prepared and finally approved by the chairman of the State Highway Commission shall have the same force and effect, and said railroad company shall be charged with like liability, and said underpass or overpass shall be constructed or such safety device installed in accordance therewith as if said plans had been originally prepared and submitted by said railroad company. If said railroad company shall fail or neglect to begin or complete the construction of said underpass or overpass, or the installation of such safety device, as required by the order of the State Highway Commission, said com-
mission is authorized and directed to prepare the necessary plans therefor, which plans shall have the same force and effect, and shall fix said railroad company with like liability, as if said plans had been originally prepared and submitted by said railroad company, and the State Highway Commission shall proceed to construct said underpass or overpass or install such safety device in accordance therewith. An accurate account of the cost of said construction or installation shall be kept by the State Highway Commission and upon the completion of such work a statement of that portion thereof chargeable to such railroad company as set out in the order of the commission shall be rendered said railroad company. Upon the failure or refusal of said company to pay the bill so rendered, the Highway Commission shall recover the amount thereof by suit therefor against said company in the Superior Court of Wake County: Provided, that the payment by such railroad company of said proportionate part may be made under such rules and regulations and by such method as the State Highway Commission may provide. If the State Highway Commission shall undertake to do the work, it shall not obstruct or impair the operation of the railroad and shall keep the roadbed and tracks safe for the operation of trains at every stage of the work. That if said railroad company shall construct such underpass or overpass or shall install such safety devices in accordance with the order of the State Highway Commission, one-half of the cost of such construction shall upon the completion of said work be paid to such railroad company by the State Highway Commission. The State Highway Commission may inspect and check the expenditures for such construction or installation so made by the railroad company and an accurate account of the cost thereof shall upon the completion of said work be submitted to the commission by the railroad company. If the Highway Commission shall neglect or refuse to pay that portion of the cost of such construction or installation chargeable to it, the railroad company shall recover the amount thereof by suit therefor against the Highway Commission in the Superior Court of Wake County.

CHAPTER 303
AN ACT TO PROVIDE FOR THE REPRODUCTION OF CANOVA'S STATUE OF WASHINGTON.

Whereas, the General Assembly of North Carolina, by joint resolution adopted at the annual session in one thousand eight hundred and fifteen, authorized and requested the Governor of this State to purchase on behalf of the State a full length statue of General Washington, and under the authority thereof Governor William Miller engaged the services of Canova, the Roman sculptor, and had executed a full length statue of Washington, which was received at Raleigh, December the twenty-fourth, one thousand eight hundred and twenty-one, and set up in the rotunda of the State House; and

Whereas, the burning of the State House on the morning of June the twenty-first, one thousand eight hundred and thirty-
one. Left Canova's statue of Washington a heap of ruin. The General Assembly at its annual session held during the same year, appointed a committee, of which William Gaston was chairman, to provide for the restoration of the statue and appropriated five thousand dollars ($5,000) for that purpose. An English sculptor, Ball Hughes, was engaged to restore the statue. One thousand dollars as earnest money was paid to him, but the effort proved impracticable as the artist had insufficient material or design in the old ruins with which to restore the statue. Canova had died in one thousand eight hundred and twenty-two, and the existence of the original model being then unknown in America the question of restoring the statue was definitely abandoned, and the ruins were placed in the State Museum, where an eminent sculptor recently appraised their value at something near fifty thousand dollars; and

Whereas, in one thousand nine hundred and eight the Secretary of the North Carolina Historical Association, Mr. R. D. W. Connor, accidently learned through Honorable Belamy Storer, then American ambassador to Austria, that the original model made by Canova himself still existed in the Canova Museum at Passagno, Italy, and thereafter through the proper diplomatic channels made request for permission to have made a copy of the model. Whereupon, the Italian government at its own expense had a reproduction of the cast made and presented it to the North Carolina Historical Commission, by whom it was received in one thousand nine hundred and ten, and is now preserved in the North Carolina Hall of History; and

Whereas, the General Assembly, at the regular session in one thousand nine hundred and twenty-three, provided in chapter two hundred and fifty-three, Public Laws, for the appointment of a "commission on the reproduction of the Canova statue of Washington," and charged it with the duty of collecting data and making recommendation relative to the reproduction in marble of said statue. The said commission made its report.
