CONSTITUTION
OF THE
State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution:

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and Government of the United States, and those of the people of this State to the rest of the American people, may be defined and affirmed, we do declare:

Section 1. The equality and rights of persons. That we hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Political power and government. That all political power is vested in, and derived from, the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State. That the people of this State have the inherent, sole and exclusive right of regulating the internal government and policies thereof, and of altering and abolishing their Constitution and form of government whenever it may be necessary for their safety and happiness; but every such right should be exercised in pursuance of the law, and consistently with the Constitution of the United States.

Sec. 4. That there is no right to secede. That this State shall ever remain a member of the American Union; that the people thereof are a part of the American Nation; that there is no right on the part of the State to secede, and that all attempts, from whatever source or upon whatever pretext, to dissolve said Union or to sever said Nation, ought to be resisted with the whole power of the State.
Sec. 5. Of allegiance to the United States Government. That every
citizen of this State owes paramount allegiance to the Constitution and
Government of the United States, and that no law or ordinance of the
State in contravention or subversion thereof can have any binding force.

Sec. 6. Public debt; bonds issued under ordinance of Convention of
1868, '68-'69, '69-'70, declared invalid; exception. The State shall never
assume or pay, or authorize the collection of any debt or obligation, express
or implied, incurred in aid of insurrection or rebellion against the United
States, or any claim for the loss or emancipation of any slave; nor shall
the General Assembly assume or pay, or authorized the collection of any tax
to pay, either directly or indirectly, expressly or implied any debt or bond
incurred, or issued, by authority of the Convention of the year one thou-
sand eight hundred and sixty-eight, nor any debt or bond incurred or issued
by the Legislature of the year one thousand eight hundred and sixty-eight,
either at its special session of the year one thousand eight hundred and
sixty-eight, or at its regular sessions of the years one thousand eight hun-
dred and sixty-eight and one thousand eight hundred and sixty-nine, and
one thousand eight hundred and sixty nine and one thousand eight hundred
and seventy, except the bonds issued to fund the interest on the old debt
of the State, unless the proposing to pay the same shall have first been sub-
mitted to the people, and by them ratified by the vote of a majority of all
the qualified voters of the State at a regular election held for that purpose.

Sec. 7. Exclusive emoluments, etc. No person or set of persons are en-
titled to exclusive or separate emoluments or privileges from the commu-
nity but in consideration of public services.

Sec. 8. The legislative, executive and judicial powers distinct. The legis-
lative, executive, and supreme judicial powers of the government ought to
be forever separate and distinct from each other.

Sec. 9. Of the power of suspending laws. All power of suspending laws,
or the execution of laws, by any authority, without the consent of the repre-
sentatives of the people, is injurious to their rights, and ought not to be
exercised.

Sec. 10. Elections free. All elections ought to be free.

Sec. 11. In criminal prosecutions. In all criminal prosecutions every
person charged with crime has the right to be informed of the accusation
and to confront the accusers and witnesses with other testimony, and to
have counsel for defense, and not be compelled to give self incriminating
evidence, or to pay costs, jail fees or necessary witness fees of the defense,
unless found guilty.

Sec. 12. Answers to criminal charges. No person shall be put to answer
any criminal charge except as hereinafter allowed, but by indictment, pre-
sentment, or impeachment, but any person, when represented by counsel,
may, under such regulations as the Legislature shall prescribe, waive in-
dictment in all except capital cases.

Sec. 13. Right of jury. No person shall be convicted of any crime but
by the unanimous verdict of a jury of good and lawful persons in open
court. The Legislature may, however, provide other means of trial, for
petty misdemeanors, with the right of appeal.

Sec. 14. Excessive bail. Excessive bail should not be required nor exces-
sive fines imposed, nor cruel or unusual punishments inflicted.
SEC. 15. General warrants. General warrants, whereby any officer or messenger may be commanded to search suspected places, without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty, and ought not to be granted.

SEC. 16. Imprisonment for debt. There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 17. No person taken, etc., but by law of the land. No person ought to be taken, imprisoned or disseized of his freehold, liberties or privileges, or outlawed or exiled, or in any manner deprived of his life, liberty or property but by the law of the land.

SEC. 18. Persons restrained of liberty. Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the same, if unlawful; and such remedy ought not to be denied or delayed.

SEC. 19. Controversies at law respecting property. In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and ought to remain sacred and inviolable. No person shall be excluded from jury service on account of sex.

SEC. 20. Freedom of the press. The freedom of the press is one of the great bulwarks of liberty, and therefore ought never to be restrained, but every individual shall be held responsible for the abuse of the same.

SEC. 21. Habeas corpus. The privileges of the writ of habeas corpus shall not be suspended.

SEC. 22. Property qualification. As political rights and privileges are not dependent upon, or modified by, property, therefore no property qualification ought to affect the right to vote or hold office.

SEC. 23. Representation and taxation. The people of the State ought not to be taxed, or made subject to the payment of any impost or duty without the consent of themselves, or their representatives in General Assembly, freely given.

SEC. 24. Militia and the right to bear arms. A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and as standing armies in time of peace are dangerous to liberty, they ought not to be kept up, and the military should be kept under strict subordination to, and governed by, the civil power. Nothing herein contained shall justify the practice of carrying concealed weapons, or prevent the Legislature from enacting penal statutes against said practice.

SEC. 25. Right of the people to assemble together. The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress of grievances. But secret political societies are dangerous to the liberties of a free people, and should not be tolerated.

SEC. 26. Religious liberty. All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority should, in any case whatever, control or interfere with the rights of conscience.

SEC. 27. Education. The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.
Constitution of liberty.

To amend and strengthening the laws, elections should be often held.

Recurrence to fundamental principles. A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Hereditary emoluments, etc. No hereditary emoluments, privileges, or honors ought to be granted or conferred in this State.

Perpetuities, etc. Perpetuities and monopolies are contrary to the genius of a free State, and ought not to be allowed.

Ex post facto laws. Retrospective laws, punishing acts committed before the existence of such laws, and by them only declared criminal, are oppressive, unjust, and incompatible with liberty; wherefore no ex post facto law ought to be made. No law taxing retrospectively sales, purchases, or other acts previously done, ought to be passed.

Slavery prohibited. Slavery and involuntary servitude, otherwise than for crime, whereof the parties shall have been duly convicted, shall be, and are hereby, forever prohibited within the State.

State boundaries. The limits and boundaries of the State shall be and remain as they now are.

Courts shall be open. All courts shall be open; and every person for an injury done him in his lands, goods, person, or reputation, shall have remedy by due course of law, and right and justice administered without sale, denial, or delay.

Soldiers in time of peace. No soldier shall, in time of peace, be quartered in any house without the consent of the owner; nor in time of war but in a manner prescribed by law.

Other rights of the people. This enumeration of rights shall not be construed to impair or deny others retained by the people; and all powers not herein delegated remain with the people.

ARTICLE II

LEGISLATIVE DEPARTMENT

Section 1. Two branches. The legislative authority shall be vested in two distinct branches, both dependent on the people, to-wit: a Senate and House of Representatives.

Time of assembling. The Senate and House of Representatives shall meet biennially on the first Wednesday after the first Monday in January next after their election; and, when assembled, shall be denominated the General Assembly. Neither house shall proceed upon public business unless a majority of all the members are actually present.

Number of senators. The Senate shall be composed of fifty Senators, biennially chosen by ballot.

Regulations in relation to districting the State for Senators. The Senate district shall be so altered by the General Assembly, at the first session after the return of every enumeration by order of Congress, that each Senate district shall contain, as near as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all
times consist of contiguous territory; and no county shall be divided in
the formation of a Senate district, unless such county shall be equitably
entitled to two or more Senators.

Sec. 5. Regulations in relation to apportionment of representatives.
The House of Representatives shall be composed of one hundred and
twenty Representatives, biennially chosen by ballot to be elected by the
counties respectively, according to their population, and each county shall
have at least one Representative in the House of Representatives, although
it may not contain the requisite ratio of representation; this apportion-
ment shall be made by the General Assembly at the respective times and
periods when the districts of the Senate are hereinbefore directed to be
laid off.

Sec. 6. Ratio of representation. In making the apportionment in the
House of Representatives, the ratio of representation shall be ascertained
by dividing the amount of population of the State, exclusive of that com-
prehended within those counties which do not severally contain the one
hundred and twentieth part of the population of the State, by the num-
ber of Representatives, less the number assigned to such counties; and in
ascertaining the number of the population of the State aliens and Indians
not taxed shall not be included. To each county containing the said ratio
and not twice the said ratio there shall be assigned one Representative; to
each county containing twice but not three times the said ratio there shall
be assigned two Representatives, and so on progressively, and then the
remaining Representatives shall be assigned severally to the counties hav-
ing the largest fractions.

Sec. 7. Qualifications for senators. Each member of the Senate shall
not be less than twenty-five years of age, shall have resided in the State
as a citizen two years, and shall have usually resided in the district for
which he was chosen one year immediately preceding his election.

Sec. 8. Qualifications for representatives. Each member of the House
of Representatives shall be a qualified elector of the State, and shall have
resided in the county for which he is chosen for one year immediately pre-
ceding his election.

Sec. 9. Election of officers. In the election of all officers whose appoint-
ment shall be conferred upon the General Assembly by the Constitution,
the vote shall be viva voce.

Sec. 10. Powers in relation to divorce and alimony. The General
Assembly shall have power to pass general laws regulating divorce and
alimony, but shall not have power to grant a divorce or secure alimony
in any individual case.

Sec. 11. Private laws in relation to names of persons, etc. The General
Assembly shall not have power to pass any private law to alter the name
of any person, or to legitimate any person not born in lawful wedlock, or
to restore to the rights of citizenship any person convicted of an infamous
crime, but shall have power to pass general laws regulating the same.

Sec. 12. Thirty days notice shall be given anterior to passage of private
laws. The General Assembly shall not pass any private law, unless it shall
be made to appear that thirty days notice of application to pass such a
law shall have been given, under such direction and in such manner as
shall be provided by law.
Sec. 13. Vacancies. If vacancies shall occur in the General Assembly by death, resignation, or otherwise, writs of election shall be issued by the Governor under such regulations as may be prescribed by law.

Sec. 14. Revenue. No law shall be passed to raise money on the credit of the State, or to pledge the faith of the State, directly or indirectly, for the payment of any debt, or to impose any tax upon the people of the State, or allow the counties, cities or towns to do so, unless the bill for the purpose shall have been read three several times in each House of the General Assembly and passed three several readings, which readings shall have been on three different days, and agreed to by each House respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 15. Entails. The General Assembly shall regulate entails in such a manner as to prevent perpetuities.

Sec. 16. Journals. Each House shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 17. Protest. Any member of either House may dissent from, and protest against, any act or resolve which he may think injurious to the public, or any individual, and have the reasons of his dissent entered on the journal.

Sec. 18. Officers of the House. The House of Representatives shall choose their own Speaker and other officers.

Sec. 19. President of the Senate. The Lieutenant-Governor shall reside in the Senate but shall have no vote unless it may be equally divided.

Sec. 20. Other senatorial officers. The Senate shall choose its other officers and also a Speaker (pro tempore) in the absence of the Lieutenant-Governor, or when he shall exercise the office of Governor.

Sec. 21. Style of the acts. The style of the acts shall be: "The General Assembly of North Carolina do enact."

Sec. 22. Powers of the General Assembly. Each House shall be judge of the qualifications and election of its own members, shall sit upon its own adjournment from day to day, prepare bills to be passed into laws; and the two Houses may also jointly adjourn to any future day, or other place.

Sec. 23. Bills and resolutions to be read three times, etc. All bills and resolutions of a legislative nature shall be read three times in each House before they pass into laws, and shall be signed by the presiding officers of both Houses.

Sec. 24. Oath of members. Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States, and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

Sec. 25. Terms of office. The terms of office for Senators and members of the House of Representatives shall commence at the time of their election.

Sec. 26. Yeas and nays. Upon motion made and seconded in either House by one-fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journals.
SEC. 27. Election for members of the General Assembly. The election for members of the General Assembly shall be held for the respective districts and counties, at the places where they are now held, or may be directed hereafter to be held, in such manner as may be prescribed by law, on the first Thursday in August, in the year one thousand eight hundred and seventy, and every two years thereafter. But the General Assembly may change the time of holding the elections. (Changed to Tuesday after first Monday in November. c. 275—1876.)

SEC. 28. Pay of Members and Presiding Officers of the General Assembly. The members of the General Assembly for the term for which they have been elected shall receive as a compensation for their services the sum of fifteen dollars ($15.00) per day for each day of their session, for a period not exceeding ninety days; and should they remain longer in session they shall serve without compensation. The compensation of the presiding officers of the two houses shall be twenty dollars ($20.00) per day for a period not exceeding ninety days. Should an extra session of the General Assembly be called, the members and presiding officers shall receive a like rate of compensation for a period not exceeding twenty-five days.

SEC. 29. Limitations upon power of General Assembly to enact private or special legislation. The General Assembly shall not pass any local, private or special act or resolution relating to the establishment of courts inferior to the Superior Court; relating to the appointment of justices of the peace; relating to health, sanitation, and the abatement of nuisances; changing the names of cities, towns, and townships; authorizing the laying out, opening, altering, maintaining, or discontinuing of highways, streets, or alleys; relating to ferries or bridges; relating to non-navigable streams; relating to cemeteries; relating to the pay of jurors; erecting new townships, or changing township lines, or establishing or changing the lines of school districts; remitting fines, penalties, and forfeitures, or refunding moneys legally paid into the public treasury; regulating labor, trade, mining, or manufacturing; extending the time for the assessment or collection of taxes or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability; giving effect to informal wills and deeds; nor shall the General Assembly enact any such local, private, or special act by the partial repeal of a general law, but the General Assembly may at any time repeal local, private, or special laws enacted by it. Any local, private, or special act or resolution passed in violation of the provisions of this section shall be void. The General Assembly shall have power to pass general laws regulating matters set out in this section.

SEC. 30. The General Assembly shall not use nor authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for which said sinking fund has been created.

SEC. 31. The General Assembly shall not use, or authorize to be used, nor shall any agency of the State, public officer or public employee use or authorize to be used the funds, or any part of the funds, of the Teachers' and State Employees' Retirement System except for retirement system purposes. The funds of the Teachers' and State Employees' Retirement System shall not be applied, diverted, loaned to or used by the State,

Sec. 5. Duties of Governor. The Governor shall reside at the seat of
government of this State, and he shall, from time to time, give the General
Assembly information of the affairs of the State, and recommend to their
consideration such measures as he shall deem expedient.
SEC. 6. Reprieves, commutations, and pardons. The Governor shall have power to grant reprieves, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to such regulations as may be provided by law relative to the manner of applying for pardons. He shall biennially communicate to the General Assembly each case of reprieve, commutation, or pardon granted, stating the name of each convict, the crime for which he was convicted, the sentence and its date, the date of commutation, pardon, or reprieve, and the reasons therefor.

SEC. 7. Annual reports from officers of Executive Department and of public institutions. The officers of the Executive Department and of the public institutions of the State shall, at least five days previous to each regular session of the General Assembly, severally report to the Governor, who shall transmit such reports, with his message, to the General Assembly; and the Governor may, at any time, require information in writing from the officers in the Executive Department upon any subject relating to the duties of their respective offices, and shall take care that the laws be faithfully executed.

SEC. 8. Commander-in-Chief. The Governor shall be Commander-in-Chief of the militia of the State, except when they shall be called into the service of the United States.

SEC. 9. Extra sessions of General Assembly. The Governor shall have power, on extraordinary occasions, by and with the advice of the Council of State, to convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

CHAPTER 17

AN ACT AMENDING CHAPTER 130 OF THE GENERAL STATUTES RELATING TO THE ISSUANCE OF BONDS BY SANITARY DISTRICTS AND CHANGING THE METHOD OF DETERMINING RESULTS OF ELECTIONS IN SANITARY DISTRICTS SO AS TO CONFORM WITH THE CONSTITUTION OF NORTH CAROLINA AND TO ENACT WHAT APPEARS AS CHAPTER 880 OF THE SESSION LAWS OF 1949 WHICH WAS NOT ADOPTED IN ACCORDANCE WITH THE APPLICABLE PROVISIONS OF THE CONSTITUTION.

The General Assembly of North Carolina do enact:

Section 1. That Article 6 of Chapter 130 of the General Statutes shall be and the same is hereby amended as follows:

(1) By changing subsection 10 of Section 130-39 to read as follows:

"10. After adoption of a plan as provided in Section 130-44, the sanitary district board may, in its discretion, alter or modify such plan if, in the opinion of the State Board of Health, such alteration or modification does not constitute a material deviation from the objective of such plan. Such alteration or modification may provide among other things for the construction of a water line for the supply of any person, firm, corporation, city, town, village or political subdivision of the State either within and/or without the corporate limits of the district instead of a sewage disposal line and other improvements, where such alteration or modification would permit the disposal of sewage at a point nearer the district either within and/or without the corporate limits, thereby contaminating the prevailing water supply of the person, firm, corporation, city, town, village or political subdivision of the State to whom the water is to be supplied and would effect a saving to the district, and the sanitary district board may appropriate or reappropriate money of the district for carrying out such plan as altered or modified."

(2) By changing Section 130-44 to read as follows:

"130-44. Consideration of Reports and Adoption of a Plan. The report or reports filed by the engineers pursuant to Section 130-43 shall be given careful consideration by the sanitary district board, and said board shall adopt a plan, but before adopting such plan said board may, in its discretion, hold a public hearing, giving due notice of the time and place thereof, for the purpose of considering objections to such plan. The plan adopted as aforesaid shall be submitted by the sanitary district board to the State Board of Health and shall not become effective unless and until it is approved by the State Board of Health.

"The provisions of this Section and of Section 130-43 shall apply when it shall have been determined by the sanitary district board that consumption of the plan is predicated upon the issuance of bonds of the district, except that they shall not apply in a proposed purchase of firefighting equipment and apparatus. Failure to observe or comply with said provisions shall not, however, affect the validity of any bonds of a sanitary district which may be hereafter issued pursuant to this Article."
(3) By changing Section 130-45 to read as follows:

"130-45. Resolution Authorizing Bond Issue and Purposes for Which Bonds May Be Issued. Either before or after the adoption of the plan as aforesaid, the sanitary district board may adopt a resolution authorizing the issuance of bonds of the sanitary district for one of the following purposes, which purpose may include land, rights in land or other rights necessary for the accomplishment thereof, viz:

(a) Acquisition, construction, reconstruction, enlargement of, additions or extensions to a water system or systems, including interest on the bonds during construction if deemed advisable by the sanitary district board, water purification or treatment plant or plants and/or acquisition, construction, reconstruction, enlargement of or additions or extensions to a sanitary sewer system or systems and/or a sewage treatment plant or plants.

(b) Construction, reconstruction or acquisition of an incinerator or incinerators or other facilities for the disposal of garbage, waste and other refuse.

(c) Purchase of fire-fighting equipment and apparatus. Such resolution shall state,

1. In brief and general terms, the purpose for which the bonds are to be issued.
2. The maximum aggregate principal amount of the bonds.
3. That a tax sufficient to pay the principal and interest of the bonds when due shall be annually levied and collected on all taxable property within the sanitary district.
4. That the resolution shall take effect when and if it is approved by the voters of the sanitary district at an election.

Such resolution shall be published once a week for three successive weeks: Provided, however, the first of such publications shall be not later than the first publication of the notice of election required in Section 130-46. A statement in substantially the following form (the blanks being first properly filled in), with the printed signature of the secretary of the sanitary district board appended thereto, shall be published with the resolution:

The foregoing resolution was adopted by the sanitary district board of........................................ Sanitary District on the.........day of................................., 19........, and was first published on the.........day of................................., 19........ Any action or proceeding questioning the validity of said resolution must be commenced within thirty days after its first publication.

.................................................................
Secretary, ........................................ Sanitary District Board."

(4) By inserting new Sections after Sections 130-45 to read as follows:

"130-45.1. Limitation of Action to Set Aside a Bond Resolution. Any action or proceeding in any court to set aside a bond resolution adopted pursuant to this Article, or to obtain any other relief upon the ground that such resolution is invalid, must be commenced within thirty days after the first publication thereof as provided in Section 130-45. After the expira-
tion of such period of limitation, no right of action or defense founded upon the invalidity of the resolution shall be asserted, nor shall the validity of such resolution be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period.”

“130-45.2. Publication of Resolution, Notice and Statement. A resolution or notice or statement required by this Article to be published shall be published in a newspaper published in the county in which the district lies or if the district lies in two or more counties, in a newspaper published in each such county or if there is no newspaper published in a county in which the whole or a part of the district lies, then and in lieu of a newspaper published in such county in a newspaper which, in the opinion of the sanitary district board, has general circulation within the district.”

(5) Amend Section 130-46 as follows: (a) by striking out the words “the resolution” in line two and by inserting in lieu thereof the words “a bond resolution,” (b) by striking out the words “to provide funds for doing the work as set forth in the resolution adopted by the sanitary board” in lines 9, 10 and 11 and by inserting in lieu thereof the words “as set forth in such bond resolution,” (c) by striking out the words “if, at such election the majority of the registered voters vote in favor of incurring the indebtedness as proposed, the district board shall issue and sell bonds for the amount set forth in the resolution” in lines 11, 12, 13, 14 and 15 and by inserting in lieu thereof the words “if, at such election a majority of the registered voters who shall vote thereon at such election shall vote in favor of the proposition submitted, the bonds set forth in the bond resolution may be advertised, sold and issued in the manner provided by law,” (d) by striking out the first sentence of the last paragraph and by inserting in lieu thereof “A ballot shall be furnished to each qualified voter in said election, which ballot may contain the words ‘For approval of the bond resolution adopted by the sanitary district board of………………………….Sanitary District on the……..day of……………………………., 19………, authorizing the issuance of not exceeding $………………. of bonds of said sanitary district (briefly stating the purpose of such bonds), and the levy of a tax for the payment thereof,’ and the words ‘Against approval of the bond resolution adopted by the sanitary district board of…………………………Sanitary District on the……..day of……………………………., 19………, authorizing the issuance of not exceeding $………………. of bonds of said sanitary district (briefly stating the purpose of such bonds), and the levy of a tax for the payment thereof,’ with squares opposite said affirmative and negative forms of the proposition submitted to the voters, in one of which squares the voter may make a cross (X) mark, but this form of ballot is not prescribed. Two or more bond resolutions adopted by the sanitary district board, each for a separate purpose as provided in Section 130-45, may be submitted at the same election and each may be stated on the same ballot as a separate proposition,” and (a) by adding a paragraph at the end to read “A statement of results of an election on the proposition of issuance of bonds showing the date of such election, the proposition submitted, the number of voters who voted for the proposition and declaring the result of the
election shall be prepared and signed by a majority of the members of
the sanitary district board and deposited with the clerk of the superior
court of the county in which the district lies, or, if parts of the district
lie in two or more counties, with the Clerk of the Superior Court of each
such county. Such statement shall be published once. No right of action
or defense founded upon the invalidity of such election shall be asserted,
nor shall the validity of the election be open to question in any court upon
any ground whatever, except in an action or proceeding commenced within
thirty days after the publication of such statement,” and (f) by striking
out the second sentence of the third paragraph of said Section which
reads “The notice of the election shall be given by publication at least
three times in some newspaper published or circulated in the district”
and inserting in lieu thereof the sentence “The notice of the election shall
be given by publication once a week for three successive weeks.”

(6) Amend Section 130-47 by striking out the last two sentences and
by inserting in lieu thereof the following:
“The officer or officers having charge or custody of funds of the district
shall require said bank to furnish security for the protection of deposits
of the district as provided in Section 159-28” and by adding the following
paragraph at the end of said Section:
“Bonds issued for any purpose pursuant to this Article shall mature
within the period of years as hereinafter provided, each such period being

If all of the bonds of any issue are not issued at the same time, the bonds
at any one time outstanding shall mature as aforesaid. Such bonds may
be issued either all at one time or from time to time in blocks, and dif-
ferent provisions may be made for different blocks. Bonds issued pursuant
to this Article shall be subject to the provisions of the Local Government
Act. The cost of preparing, issuing, and marketing bonds shall be deemed

(7) Amend Section 130-48 by striking out the last sentence and by
inserting in lieu thereof the following:

of the amount necessary for the purpose for which they were issued, such
excess shall be applied to the payment of principal and interest of said
bonds.”

(8) Amend Section 130-49 by striking out the last sentence of the
second paragraph and by inserting in lieu thereof “The officer or officers
having charge or custody of the funds of the district shall require said
bank to furnish security for protection of such deposits as provided in
Section 159-28.”

Sec. 5. In order to provide for the services herein set forth, the board of commissioners of any county may execute such contracts or agreements as in its opinion will promote efficiency and economy in the county government, in the carrying out of the purposes of this Act. CHAPTER 260

AN ACT TO PROVIDE FOR THE MAINTENANCE OF CITY STREETS CONSTITUTING PARTS OF THE STATE HIGHWAY SYSTEM BY THE STATE HIGHWAY AND PUBLIC WORKS COMMISSION AND TO APPROPRIATE FUNDS FROM THE HIGHWAY FUND FOR THE PARTIAL MAINTENANCE OF OTHER CITY STREETS AND TO SET FORTH A PUBLIC POLICY FOR THE CONSTRUCTION AND MAINTENANCE OF ALL STREETS IN THE CITIES AND TOWNS.

WHEREAS, all citizens, regardless of rural or urban residence, pay the same rate of motor vehicle license and gas tax, to the State Highway Fund, and

WHEREAS, the 1931 General Assembly placed the entire cost of construction, reconstruction and maintenance of all rural roads upon the State Highway Fund, thereby relieving the counties of all ad valorem property taxes for roads; and

WHEREAS, there remains a heavy ad valorem tax on urban property for the construction and maintenance of streets, which burden should be lessened; therefore:

It is the declared policy of the State:

1. That all streets in cities and towns which are now, or hereafter may be, a part of, continuation of, or a connecting link between highways, shall be declared a part of the State Public Roads System, and shall be wholly
constructed, reconstructed and maintained by the State Highway and Public Works Commission out of the State Highway Funds.

2. The cost of the construction, reconstruction and maintenance of all other streets in the cities and towns of the State, shall be equalized, between the cities, towns, and the State, as may be determined, by the General Assembly. The construction and maintenance of such streets shall remain under the jurisdiction of the cities and towns. Now, therefore:

*The General Assembly of North Carolina do enact:*

Section 1. From and after July 1, 1951, all streets within municipalities which now or hereafter may form a part of the State Highway System shall be maintained, repaired, improved, widened, constructed and reconstructed by the State Highway and Public Works Commission, to the same extent and in the same manner as is done on roads and highways of like nature outside the corporate limits and the costs of such activities shall be paid from the State Highway and Public Works Fund. Provided, that municipalities shall be required to provide one-third of the cost of acquisition of right-of-way for new streets or for regulating or widening old streets. The appropriations in the Budget Appropriation Bill of 1951-53, the same being Senate Bill 9 and House Bill 7, for the maintenance of state highways, both within and without cities and towns, together with any other appropriations for such purposes hereafter made, shall be used by the State Highway and Public Works Commission for the purposes specified in this Section as well as for maintaining other portions of the State Highway System.

Sec. 2. In addition to the amounts to be expended under the preceding Section, there is hereby annually appropriated out of the State Highway and Public Works Fund a sum equal to the amount that was produced during the preceding fiscal year by ¼ of one-cent tax on each gallon of motor fuel taxed by Sections 105-434, and 105-435 of the General Statutes, to be allocated in cash on or before October first each year after the ratification of this Act to the cities and towns of the State in accordance with the following formula:

One-half of said Fund shall be distributed among the several eligible municipalities of the State in the percentage proportion that the population of each eligible municipality bears to the total population of all eligible municipalities as indicated by the latest certified Federal decennial census, and one-half of said Fund shall be distributed among the several eligible municipalities of the State in the percentage proportion that the mileage of public streets in each eligible municipality which do not form a part of the Highway System bears to the total mileage of public streets in all eligible municipalities which do not constitute a part of the State Highway System.

No municipality shall be eligible to receive funds under this Act unless it has within the four-year period next preceding the annual allocation of funds conducted an election for the purpose of electing municipal officials and currently imposes an ad valorem tax or provides other funds for the general operating expenses of the municipality. It shall be the duty of the mayor of each municipality to report to the State Highway and
Public Works Commission such information as it may request for its guidance in determining the eligibility of each municipality to receive funds by virtue of this Act. Upon failure of any municipality to make such report within the time prescribed by the State Highway and Public Works Commission, the State Highway and Public Works Commission may disregard such defaulting unit in making said allotment.

The funds to be allocated under this Section shall be paid in cash to the various eligible municipalities on or before October 1 each year after the ratification of this Act.

No allocation to cities and towns shall be made under the provisions of this Section from the one cent per gallon additional tax on gasoline imposed by Chapter 1250 of the Session Laws of 1949, unless and until said additional one cent per gallon gasoline tax produces funds which are not needed for or committed by said Chapter 1250 of the Session Laws of 1949, to the payment of the principal of or the interest on the secondary road bonds issued pursuant to the provisions of said Chapter 1250 of the Session Laws of 1949.

"The word ‘street’ as used in this Section is hereby defined as any public road maintained by a municipality and open to use by the general public, and having an average width of not less than sixteen (16) feet. In order to obtain the necessary information to distribute the funds herein allocated, the State Highway and Public Works Commission may require that each municipality eligible to receive funds under this Act submit to it a statement, certified by a registered engineer or surveyor, of the total number of miles of streets in such municipality. The State Highway and Public Works Commission may in its discretion require the certification of mileage on a biennial basis."

Sec. 3. The funds allocated to cities and towns under the provisions of Section 2 of this Act shall be expended by said cities and towns only for the purpose of maintaining, repairing, constructing, reconstructing or widening of any street or public thoroughfare including bridges, drainage, curb and gutter, and other necessary appurtenances within the corporate limits of the municipality or for meeting the municipality’s proportionate share of assessments levied for such purposes.

Each municipality receiving funds by virtue of this Act shall maintain a separate record of accounts indicating in detail all receipts and expenditures of such funds. It shall be unlawful for any municipal employee or member of any governing body to authorize, direct, or permit the expenditure of any funds accruing to any municipality by virtue of this Act for any purpose not herein authorized. Any member of any governing body or municipal employee shall be personally liable for any unauthorized expenditures. On or before the first day of August each year, the treasurer, auditor, or other responsible official of each municipality receiving funds by virtue of this Act shall file a statement under oath with the Chairman of the State Highway and Public Works Commission showing in detail the expenditure of funds received by virtue of this Act during the preceding year and the balance on hand.
"That in the discretion of the local governing body of each municipality receiving funds by virtue of this Act it may contract with the State Highway and Public Works Commission to do the work of maintenance, repair, construction, reconstruction, widening or improving the streets in such municipality; or it may let contracts in the usual manner as prescribed by the General Statutes to private contractors for the performance of said street work; or may undertake the work by force account. The State Highway and Public Works Commission within its discretion is hereby authorized to enter into contracts with municipalities for the purpose of maintenance, repair, construction, reconstruction, widening or improving streets of municipalities."

Sec. 5. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 15th day of March, 1951.

S. 52-33 and the remedies provided for enforcement thereof, including any penalty imposed thereby, bind the obligor regardless of the presence or residence of the obligee.

Interstate Rendition.—The Governor of this State (1) may demand from the governor of any other state the surrender of any person found in such other state who is charged in this State with the crime of failing to provide for the support of any person in this State and (2) may surrender on demand by the governor of any other state any person found

The complaint shall be verified and shall state the name and, so far as known to the plaintiff, the address and circumstances of the defendant and his dependents for whom support is sought and all other pertinent information.

"52-36. Duty of Court of This State as Initiating State.—If the court of this State acting as initiating state and from the return on the summons and the verified complaint finds that the defendant is not to be found in this State, that the complaint sets forth facts from which it may be determined that the defendant owes a duty of support, and that a court of the responding state may obtain jurisdiction of the defendant or his property, it shall so certify and shall cause certified copies of the complaint, the certificate and an authenticated copy of this Act to be transmitted to the court of the responding state.

"52-37. cedure under this Act shall be the same as in actions for alimony without divorce as provided by G. S. 50-16.

"52-38. Order of Support.—If the court of the responding state finds a duty of support, it may order the defendant to furnish support or reimbursement therefor and subject the property of the defendant to such order.

"52-39. Responding State to Transmit Copies to Initiating State.—The court of this State when acting as a responding state shall cause to be transmitted to the court of the initiating state a copy of all orders of support or for reimbursement therefor.

"52-40. Additional Powers of Court.—In addition to the foregoing powers, the court of this State when acting as the responding state has the power to subject the defendant to such terms and conditions as the court may deem proper to assure compliance with its orders and in particular.

(a) To require the defendant to furnish recognizance in the form of a cash deposit or bond of such character and in such amount as the court may deem proper to assure payment of any amount required to be paid by the defendant.

(b) To require the defendant to make payments at specified intervals to the clerk of the court or the obligee and to report personally to such clerk at such times as may be deemed necessary.

(c) To punish the defendant who shall violate any order of the court to the same extent as is provided by law for contempt of the court in any other suit or proceeding cognizable by the court.

Sec. 2. Severability.—If any provisions hereof or the application there-of to any person or circumstance is held invalid, such invalidity shall not

The commission in accepting a voluntary contribution shall not be bound by any condition stipulated in or made a part of such voluntary contribution by any employer."

Sec. 6. That Article 2, Chapter 96, Section (9), subsection (c), paragraph (1), General Statutes of North Carolina, 1943, as amended, be and the same is hereby amended by striking out the period after the word "accounts" in next to the last sentence thereof and inserting immediately thereafter the following:

"; in computing the amount to be credited to the reserve account of an employer as a result of interest earned by funds on deposit in the Unemployment Trust Fund in the Treasury of the United States to the account of this State, any voluntary contribution made by an employer after August 1st of any year shall not be considered a part of the reserve balance of the employer until the next computation date occurring after such voluntary contribution was made."

Sec. 7. That Article 2, Chapter 96, Section (9), subsection (c), paragraph (4), General Statutes of North Carolina, 1943, as amended, be and the same is hereby amended by striking out subparagraph (A) and inserting in lieu thereof the following:

272
“(A) Whenever any individual, group of individuals, or employing unit, who or which, in any manner, succeeds to or acquires substantially all or a distinct and severable portion of the organization, trade, or business of another employing unit as provided in Section 96-8, subsection (f), paragraph (2), the reserve account or that part of the reserve account of the predecessor which relates to the acquired portion of the business shall, upon the mutual consent of the parties concerned and approval of the commission in conformity with the regulations as prescribed therefor, be transferred as of the date of acquisition to the successor employer for use in the determination of his rate of contributions, provided application for transfer is made within sixty (60) days after the commission notifies the successor of his right to request such transfer, otherwise the effective date of the transfer shall be the first day of the calendar quarter in which such application is filed, and that after the transfer the successor employing unit continues to operate the transferred portion of such organization, trade, or business. This provision shall not be retroactive with respect to the transfer of a part of a reserve account of the predecessor in those cases in which an employing unit succeeds to or acquires a distinct and severable portion of the organization, trade, or business of another employing unit as provided in Section 96-8, subsection (f), paragraph (2), and shall apply only when the transfer of such distinct and severable portion of the organization, trade, or business of another occurred after March 21, 1949.”

Sec. 8. That Article 2, Chapter 96, Section (10), subsection (b), paragraph (1), General Statutes of North Carolina, 1943, as amended, be and the same is hereby amended by striking out said paragraph (1) in its entirety and inserting in lieu thereof the following:

“(1) If, after due notice, any employer defaults in any payment of contributions or interest thereon, the amount due shall be collected by civil action in the name of the commission, and the employer adjudged in default shall pay the cost of such action. Civil actions brought under this Section to collect contributions or interest thereon from an employer shall be heard by the court at the earliest possible date, and shall be entitled to preference upon the calendar of the court over all other civil actions, except petitions for judicial review under this Chapter and cases arising under the Workmen's Compensation Law of this State; or, if any contribution imposed by this Chapter, or any portion thereof, and/or penalties duly provided for the non-payment thereof shall not be paid within 30 days after the same become due and payable, and after due notice and reasonable opportunity for hearing, the commission, under the hand of its chairman, may certify the same to the Clerk of the Superior Court of the county in which the delinquent resides or has property, and additional copies of said certificate for each county in which the commission has reason to believe such delinquent has property located; such certificate and/or copies thereof so forwarded to the Clerk of the Superior Court shall immediately be docketed and indexed on the cross index of judgment, and from the date of such docketing shall constitute a preferred lien upon any property which said delinquent may own in said county, with the same
force and effect as a judgment rendered by the Superior Court. The Clerk of Superior Courts shall charge a fee of one dollar ($1.00) for indexing and docketing said certificates, which shall be in lieu of any other fee chargeable under the General Statutes of North Carolina or any Public, Local or Private Act. The commission shall forward a copy of said certificate to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the commission, and when so forwarded and in the hands of such sheriff or agent of the commission, shall have all the force and effect of an execution issued to such sheriff or agent of the commission by the Clerk of the Superior Court upon a judgment of the Superior Court duly docketed in said county. Provided, however, the commission may in its discretion withhold the issuance of said certificate or execution to the sheriff or agent of the commission for a period not exceeding one hundred and eighty (180) days from the date upon which the original certificate is certified to the Clerk of Superior Court. The commission is further authorized and empowered to issue alias copies of said certificate or execution to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the commission in all cases in which the sheriff or duly authorized agent has returned an execution or certificate unsatisfied; when so issued and in the hands of the sheriff or duly authorized agent of the commission, such alias shall have all the force and effect of an alias execution issued to such sheriff or duly authorized agent of the commission by the Clerk of the Superior Court upon a judgment of the Superior Court duly docketed in said county. Provided, however, that notwithstanding any provision of this subsection, upon filing one written notice with the commission, the sheriff of any county shall have the sole and exclusive right to serve all executions and make all collections mentioned in this subsection, and in such case no agent of the commission shall have the authority to serve any executions or make any collections therein in such county. A return of such execution, or alias execution, shall be made to the commission, together with all moneys collected thereunder, and when such order, execution, or alias is referred to the agent of the commission for service the said agent of the commission shall be vested with all the powers of the sheriff to the extent of serving such order, execution or alias and levying or collecting thereunder. The agent of the commission to whom such order or execution is referred shall give a bond not to exceed three thousand dollars ($3,000.00) approved by the commission for the faithful performance of such duties. The liability of said agent shall be in the same manner and to the same extent as is now imposed on sheriffs in the service of executions. If any sheriff of this State or any agent of the commission who is charged with the duty of serving executions shall wilfully fail, refuse, or neglect to execute any order directed to him by the said commission and within the time provided by law, the official bond of such sheriff or of such agent of the commission shall be liable for the contributions, penalty, interest, and costs due by the employer."

"Provided, however, that each such eligible individual who established a benefit year on and after the effective date of this Act shall have such partial benefit figured to the nearest multiple of one dollar ($1.00)."

Sec. 12. That Article 2, Chapter 96, Section (12), subsection (d), General Statutes of North Carolina, 1943, as amended, be and the same is hereby amended by striking out said subsection and inserting in lieu thereof the following:

"(d) Duration of Benefits.—The maximum amount of benefits payable to any eligible individual, whose benefit year begins prior to the effective date of this Act, shall be 20 times his weekly benefit amount during such benefit year. The maximum amount of benefits payable to any eligible individual, whose benefit year begins on and after the effective date of this Act, shall be 26 times his weekly benefit amount during any benefit year. The commission shall establish and maintain individual wage record accounts for each individual who earns wages in covered employment, until such time as such wages would not be necessary for benefit purposes."

Sec. 13. That Article 2, Chapter 96, Section (13), General Statutes of North Carolina, 1943, as amended, be and the same is hereby amended by striking out subsection (d) thereof in its entirety.

Sec. 15. That Article 2, Chapter 96, Section (15), subsection (b), General Statutes of North Carolina, 1943, be and the same is hereby amended by striking out said subsection and inserting in lieu thereof the following:

"(b) (1) Initial Determination.—A representative designated by the commission shall promptly examine the claim and shall determine whether or not the claim is valid, and if valid, the week with respect to when benefits shall commence, the weekly benefit amount payable, and the potential maximum duration thereof. The claimant shall be furnished a copy of such initial or monetary determination showing the amount of wages paid him by each employer during his base period and the employers by whom such wages were paid, his benefit year, weekly benefit amount, and the maximum amount of benefits that may be paid to him for unemployment during the benefit year. When a claimant is ineligible due to lack of earnings in his base period, the determination shall so designate. The most recent and the base period employers shall be notified upon the filing of a claim which establishes a benefit year or an ineligible amount.

"At any time within one year from the date of the making of an initial determination, the commission on its own initiative may reconsider such determination if it finds that an error in computation or identity has occurred in connection therewith or that additional wages pertinent to the
claimant's benefit status have become available, or if such determination
of benefit status was made as a result of a nondisclosure or misrepresentation
of a material fact.

"(2) Hearings before Deputy.—When a question or issue is presented or
raised as to the eligibility of a claimant for benefits under Section 96-13
herein, or whether any disqualification shall be imposed by virtue of Sec-
tion 96-14 of this Chapter, or benefits denied, or his account adjusted pur-
suant to Section 96-18 of this Act, the claim shall be referred to a deputy
who, after due notice to the parties and affording them reasonable oppor-
tunity for a fair hearing, shall find facts and make his decision based there-
on; provided the deputy shall not be required to issue notice of, or to hold
a formal hearing in cases involving interstate claims filed by a claimant
in another State against this State, or in cases involving the failure of a
claimant to meet any procedural requirement pertaining to the filing of
claims, or the denial of benefits or the adjustment of the account of a
claimant under Section 96-18 of this Chapter. The commission may remove
to itself or transfer to another deputy or to an appeal tribunal the pro-
ceedings on any claim pending before a deputy. The deputy shall promptly
notify the claimant and any other interested party of his decision and the
reason therefor. Unless the claimant or any such interested party, within
five (5) calendar days after such notification was mailed to his last known
address, files an appeal from such decision, such decision shall be final and
benefit shall be paid or denied in accordance therewith, and for the purpose
of this subsection, the commission shall be deemed an interested party:
Provided, however, that on claims filed outside of this State, the claim-
ant, or such interested party, shall have 10 calendar days from the date
of mailing such notification to his last known address in which to file notice
of appeal. If an appeal is duly filed, benefits with respect to the period
prior to the final determination of the commission shall be paid only after
such determination: Provided further, however, that if an appeal tribunal
affirms a decision of a deputy, or the commission affirms a decision of an
appeal tribunal allowing benefits, such benefits shall be paid regardless of
any appeal which may thereafter be taken, but if such decision is finally
reversed, no employer's reserve account shall be charged with benefits so
paid and such payments shall be charged to the pooled account.”

fact shall constitute a separate offense.
“Records, with any necessary authentication thereof, required in the prosecution of any criminal action brought by another State or foreign government for misrepresentation to obtain benefits under the law of this State shall be made available to the agency administering the employment security law of any such State or foreign government for the purpose of such prosecution. Photostatic copies of all records of agencies of other States or foreign governments required in the prosecution of any criminal action under this Section shall be as competent evidence as the originals when certified under the seal of such agency, or when there is no seal, under the hand of the keeper of such records.”

“(d) Any person who, by reason of the nondisclosure or misrepresentation by him or by another of a material fact (irrespective of whether such nondisclosure or misrepresentation was known or fraudulent), has received any sum as benefits under this Chapter while any conditions for the receipt of benefits imposed by this Chapter were not fulfilled in his case, or while he was disqualified from receiving benefits, shall, in the discretion of the commission, either be liable to have such sum deducted from any future benefits payable to him under this Chapter, or shall be liable to repay to the commission for the unemployment compensation fund a sum equal to the amount so received by him, and such sum shall be collectible in the manner provided in Section 96-10 (b) for the collection of past due contributions; provided this ‘Chapter’ and ‘unemployment compensation fund’ shall also be deemed to mean the Employment Security Law and the unemployment compensation fund of any other State or the Federal Government, or a foreign government for purposes of this subsection, when a interstate claim is involved.”

“(e) An individual shall not be entitled to receive benefits for the remainder of any benefit year during which he, or another in his behalf with his knowledge, has been found to have knowingly made a false statement or misrepresentation or who has knowingly failed to disclose a material fact to obtain or increase any benefit or other payment under this Chapter.”

When, in the opinion of said Clerk of the Superior Court, the financial condition of any professional bondsman is inadequate to justify acceptance of further bonds, he shall demand from such professional bondsman a deposit of security in such value as to secure the State in the collection of any forfeited penalty.

Sec. 3. The term "professional bondsman", as herein used, shall be construed to include any individual, group of individuals, or corporation who shall, for pay or profit, execute any bond for the release of any person or property from custody of law, or recognizance, who executes more than four bonds in one calendar year.

CHAPTER 385

AN ACT TO EXTEND THE RIGHT OF EMINENT DOMAIN TO MU-
NIPICALITIES FOR THE PURPOSE OF ACQUIRING CEMETERIES
ADJOINING MUNICIPAL CEMETERIES AND FOR THE PURPOSE
OF CONFERRING UPON MUNICIPALITIES THE AUTHORITY TO
ACQUIRE NECESSARY RIGHTS FOR THE PERPETUAL CARE OF
SUCH CEMETERIES.

WHEREAS, many municipalities have acquired and established municipal
cemeteries, which said cemeteries are located outside of the corporate limits
of such municipalities; that in many instances, cemeteries or graveyards
border upon, are located contiguously to and adjoin these municipal ceme-
teries; that in many instances, these adjoining cemeteries are owned by pri-
vate individuals or by various undertaking establishments who are merely
interested in the sale of burial plots or lots; that in other instances, these
cemeteries or graveyards have been almost abandoned and for long periods
of time, there have been few burials in said cemeteries in an intermittent
manner; and

WHEREAS, these cemeteries and graveyards adjoining such municipal
cemeteries have no perpetual care plan or program for beautifying the
graves and for the care and preservation of same and for the creation of
necessary curbing, walkways and other features that make for a well-
ordered cemetery; that in many instances, said cemeteries have grown up
in weeds and underbrush and the graves are beginning to fall in with
defaced monuments and the near relatives of those interred in said ceme-
teries and graveyards have moved away to other states and to other com-
munities; and

WHEREAS, all civilized peoples and races reverence and respect the
burial place of their dead, and such cemeteries should be adorned and dec-
orated and should, as far as possible, be cared for and should have the
usual ornamentals that denote respect for the dead and show a sense of
reverence for the last abode of their mortal bodies: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. Part 9 of Article 18 of Chapter 160 of the General Statutes
is hereby amended by adding thereto a new Section which shall be design-
nated as § 160-260.1, which said new Section shall read as follows:

"§ 160-260.1. Right to condemn and take over cemeteries adjoining mu-
ncipal cemeteries. When, in the opinion of the governing authority of any
city or town, it is deemed advisable and desirable to acquire and take over
any cemetery, graveyard or burial place adjoining any cemetery heretofore
established by any city or town, then such governing authority of said city
or town shall have the right to take over or acquire by condemnation or
the right of eminent domain such adjoining cemetery, graveyard or burial
place and in the acquisition of such adjoining cemetery, graveyard or burial
place, the governing authority of any city or town shall exercise such
authority according to the procedure and rights set forth in Article 1 and
Article 2 of Chapter 40 of the General Statutes entitled "Eminent Domain",
as amended. The governing authority of such city or town shall have the
right to acquire the title in fee simple to such adjoining cemetery, grave-
yard or burial place, and, in addition, shall have the right to establish
perpetual care for such adjoining cemetery or cemeteries, including the right
to adopt rules and regulations for decorating and beautifying said ceme-
teries, establishing walkways, care of graves and any and all other things
necessary to be done for the care, preservation and upkeep of such ceme-
teries. As used in this Section, the word "adjoining" shall be construed to
mean not only cemeteries immediately adjacent to, bordering on or con-
tiguous to the boundaries of a cemetery already established by a city or
town but also shall include other cemeteries, graveyards and burial places
which are immediately connected together successively or in a series of con-
tiguous tracts or boundaries, and which when taken together constitute one
unified body or tract of land."

Sec. 2. Further amend Part 9 of Article 18 of Chapter 160 of the Gen-
eral Statutes by adding thereto another new Section, which said Section
shall be designated as § 160-260.2 and shall read as follows:

"§ 160-260.2. Right to condemn easement for perpetual care. In lieu
of acquiring by condemnation a title in fee simple to the adjoining ceme-
teries as set forth in § 160-260.1, the governing authorities of said cities
or towns shall have the right to condemn or acquire an easement or privi-
lege for the purpose of establishing a system of perpetual care for such
adjoining cemeteries. In condemning or acquiring such easement or privi-
lege, the authority and procedure conferred by Articles 1 and 2 of Chapter
40 of the General Statutes entitled "Eminent Domain", as amended, shall
be used for such purpose and shall be applicable to the exercise of the acquisition of the easement or privilege herein established. The proceedings under this Section shall be limited to the acquisition of an easement or privilege for establishing perpetual care of such adjoining cemeteries, and the governing authority of any city or town exercising such rights shall have the authority to make reasonable rules and regulations for the decoration, adornment and upkeep of said adjoining cemeteries and to establish a perpetual care system or plan for such purpose. The word "adjoining", as used in this Section, shall be construed and defined in the same way and manner as construed and defined in § 160-260.1. The governing authority of any city or town shall have the right to discontinue or take a non-suit in such condemnation proceedings, whether exercised under § 160-260.1 or under this Section, at any time prior to the entering of said final order or decree in such proceedings. Any condemnation proceedings instituted under this Section shall not divest any person, firm or corporation of any title held in fee simple but shall confer upon the governing authority of such city or town the right to establish perpetual care as herein set forth. The authority to acquire such adjoining cemeteries as set forth in § 160-260.1, as well as the authority to acquire the easement or privilege set forth in this Section, and the exercise of same, are declared to be for a public purpose, and the governing authority of such city or town is authorized to expend public funds for such acquisition and for such perpetual care."

Sec. 2½. This Act does not apply to any cemetery to which Article 7 of Chapter 65 of the General Statutes is applicable.

Sec. 2. That proceeds derived from the use of such parking meters in the City of Lenoir shall be set up and maintained in a special account and fund and used for the establishment and maintenance of such parking meters and for making such regulations effective; and in addition there-to, a portion of said proceeds derived from the parking meters, not to exceed fifty per cent (50%), of the total proceeds, may be used for any general municipal purpose that may be designated by the governing body of the City of Lenoir, which may include establishment and maintenance of recreational facilities in the City of Lenoir, including playgrounds and

Sec. 6. The recreation commission may accept grants, leases, loans and devises of real estate or gift of money or other personal property, or any donation to be applied, principal or income for either temporary, immediate or permanent recreational use, provided, however, that if the acceptance of any grant or devise of real estate, or gift or bequest of money or other personal property will in any way subject the unit to expense for improvement or maintenance, the acceptance thereof shall be subject to the approval of the governing body of the City of Lenoir.

"Art. 19A. Prevention of Spread of Tuberculosis.

§ 130-225.1. Health officer to cause suspects to be examined. When any health officer shall have reasonable grounds to believe that any person has tuberculosis in an active stage or in a communicable form, and who will not voluntarily seek a medical examination, then it shall be the duty of such health officer to order such person, either orally or in writing, to undergo an examination by a physician qualified in chest diseases or at some State or county sanatorium for tuberculosis or at some clinic or hospital approved by the North Carolina State Board of Health for such examinations. The health officer and the person suspected of having tuberculosis shall, if possible, agree upon the time and place of examination, but if no satisfactory time and place can be arranged by agreement, then the health officer shall fix a reasonable time and place for such examination, and it shall be the duty of such suspected person to present himself or herself for examination at such time and place as ordered by the health officer. The examination shall include an X-ray of the chest, a sufficient number of microscopical examinations of sputum, and such other forms and types of examinations as shall be approved by the North Carolina State Board of Health. or household, or any other person with whom he may be associated to danger of infection, and said health officer shall investigate from time to time for the purpose of seeing if said instructions are being carried out in a reasonable and acceptable manner. Any person shall be guilty of a misdeemeanor who shall wilfully fail to do any of the following acts:

(a) Wilfully fail and refuse to present himself or herself to any private physician qualified in chest diseases, hospital, clinic, county sanatorium or State sanatorium for an examination for tuberculosis at such time and place as ordered by the health officer or at such time and place agreed upon between such suspected person and the health officer.

(b) Wilfully fail and refuse to present himself or herself for admission as a patient to any State sanatorium, county sanatorium, provided such facilities are available, or private hospital or ward of a private hospital maintained and operated for the treatment of tuberculous persons when such action is found by the health officer to be necessary for the prevention of spread of the disease, in accordance with the provisions of Section 130-225.1.

The period of imprisonment shall be for a period of two years. He shall report each such discharge, together with a full statement of the reasons therefor, at once to the health officer serving the territory from which the person came and to the board of trustees or other controlling authority of such sanatorium and to the prison division of the State Highway and Public Works Commission. The court may suspend judgment, however, if such convicted person shall be hospitalized in a county sanatorium and shall remain there until discharged by the medical superintendent or controlling authority of any county sanatorium. The medical superintendent of the North Carolina Sanatorium, with the advice and consent of the Commissioner of Paroles, where he finds in an occasional and rare instance that a person committed to the prison division of the State Sanatorium has obeyed the rules and regulations of such division or department for a period of not less than sixty (60) days
may, in his discretion, have the authority to transfer any patient who, in his judgment, will conform to the rules of the sanatorium, from the prison division to the central or main sanatorium, and the medical superintendent shall be responsible for his care and custody. The medical superintendent of any State sanatorium or the medical superintendent or controlling authority of any county sanatorium are hereby authorized, empowered and directed to transfer and deliver to the United States Veterans Bureau or other appropriate department or bureau of the United States Government or to the representative or agent of such veterans bureau or other department or bureau of said Government any inmate or convicted tuberculous person, being soldiers or sailors or other members of the Armed Forces who have served at any time in any branch of the Military or Naval Forces of the United States, who are now in or may hereafter be committed to said prison division or who may be admitted to any State sanatorium or county sanatorium."

The General Assembly of North Carolina do enact:

Section 1. That Section 163-143 of the General Statutes of North Carolina be amended by repealing all of said Section and substituting the following in lieu thereof:

"Section 163-143. Recount of ballots in a primary or general election. When a county board of elections is of the opinion that a recount of the ballots in one or more precinct boxes is necessary and advisable to determine the correct vote received by any one or more candidates in any primary or general election, then the county board of elections shall have the power and authority to order a recount of the ballots in any one or more precincts in the county, which recount shall be done under such rules and regulations as may be adopted and established by the county board of elections not inconsistent with any rules or regulations adopted by the State Board of Elections relating thereto.

"Whenever, in any primary or general election, the difference in the vote between the candidate receiving the highest vote and the candidate receiving the second highest vote for any county or township office is not over one per cent (1%) of the total vote cast for said candidates for said office, then upon the request for a recount by the can-

a recount of the ballots cast for said office in each of the voting precincts
in the county. The candidate so requesting a recount of the ballots shall
not be required to serve any prior notice of said request upon the candidate
receiving the highest vote. When such written request for a recount has
been filed with the chairman or secretary of a county board of elections

the ballots on the night of the primary or general election, so that no
ballots may be put in or taken from any of said boxes, and the registrar
shall be responsible for the safekeeping of said ballot boxes in a sealed
and locked condition from the time the boxes are sealed and locked after
the completion of the counting until the same are delivered on the canvass
day to the county board of elections for the county canvassing of the votes.
Should a recount be requested the county board shall see that the boxes
are secured in such manner as will preserve the integrity of the ballot
boxes until they are actually opened by the county board of elections at
the time and place decided upon by the board for said recount, and the
candidates who may be affected by the recount shall be given such proper
and sufficient notice of the time and place of said recount as to enable them
to be present to witness the opening of the boxes and the recount of the

Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the State Agency
and Federal Security Administrator shall agree upon, but, except as may be otherwise required by or under the Social Security Act as to the services to be covered, such agreement shall provide in effect that—

(1) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of Title II of the Social Security Act.

(2) The State will pay to the Secretary of the Treasury, at such time or times as may be prescribed under the Social Security Act, contributions with respect to wages (as defined in §135-20 of this Article), equal to the sum of the taxes which would be imposed by §§1400 and 1410 of the Federal Insurance Contributions Act if the services covered by the agreement constituted employment within the meaning of that Act.

(3) Such agreement shall be effective with respect to services in employment covered by the agreement performed after a date specified therein but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year in which such agreement is entered into or in which the modification of the agreement making it applicable to such services, is entered into.

(4) All services which constitute employment as defined in §135-20 and are performed in the employ of the State by employees of the State, shall be covered by the agreement.

(5) All services which (A) constitute employment as defined in §135-20, (B) are performed in the employ of a political subdivision of the State, and (C) are covered by a plan which is in conformity with the terms of the agreement and has been approved by the State agency under §135-23, shall be covered by the agreement.

Such agreement shall, to the extent practicable, be consistent with the terms and provisions of subsection (a) and other provisions of this Article.

§135-22. Contributions by State Employees. (a) Every employee of the State whose services are covered by an agreement entered into under §135-21 shall be required to pay for the period of such coverage, into the contribution fund established by §135-24, contributions, with respect to wages (as defined in §135-20 of this Article), equal to the amount of tax which would be imposed by §1400 of the Federal Insurance Contributions Act if such services constituted employment within the meaning of that
Act. Such liability shall arise in consideration of the employees' retention in the service of the State, or his entry upon such service, after the enactment of this Article.

(b) The contribution imposed by this Section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

(3) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (1) of subsection (c) and by subsection (d) are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose.

(6) It authorizes the State agency to terminate the plan in its entirety, in the discretion of the State agency, if it finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the State agency and may be consistent with the provisions of the Social Security Act.

(b) The State agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (a), and shall not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

Contributions so collected shall be paid into the contribution fund in partial discharge of the liability of such political subdivision or instrumentality under paragraph (1) of this subsection. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(d) Delinquent payments due under paragraph (1) of subsection (c) may, with interest at the rate of six per centum (6%) per annum, be recovered by action in the Superior Court of Wake County against the political subdivision liable therefor or may, at the request of the State agency, be deducted from any other moneys payable to such subdivision by any department or agency of the State.

The fund shall be liable for the payment of the supplemental benefits hereinafter referred to and defined. Any donations made to the Durham City Fire Department in excess of the amount of one hundred dollars ($100.00) may be given and transferred to the fund by a majority vote of the members of the Durham City Fire Department. The fund shall be liable for all reasonable and necessary expenses of administration as shall be determined by the board of trustees.

Sec. 4. Eligibility for Supplemental Benefits. For the purposes of this Section, "retirement benefit" shall be defined as the retirement allowance payable to a member of the Durham City Fire Department who retires from the local governmental employees' retirement system as established by Article 3 of Chapter 128 of the General Statutes and as said retirement allowance as computed by virtue of § 128-27 of the General Statutes, as amended, excluding any optional allowance provided for in said Section. "Supplemental benefit", as used in this Section, shall be defined to mean any sum of money payable by the fund to eligible firemen of the Durham City Fire Department and which, when added to the retirement allowance herein defined, shall produce a total sum of one hundred dollars ($100.00) per month, or twelve hundred dollars ($1,200.00) per annum, except as hereinafter provided in cases of revaluation of the fund. All firemen of the Durham City Fire Department who retire from the local governmental employees' retirement system, including disability retirement as provided in said system, and who receive upon retirement from said system a re-
tirement allowance of less than one hundred dollars ($100.00) per month, or twelve hundred dollars ($1,200.00) per annum, shall be entitled to a supplemental benefit paid from the fund which, when added to the retirement allowance above defined, shall cause such fireman to receive the sum of one hundred dollars ($100.00) per month, or twelve hundred ($1,200.00) per annum, the term "month" to be considered and defined according to the plan of payment of the retirement allowance of the local governmental employees' retirement system. The supplemental benefit herein provided shall also be available to the members of the Durham City Fire Department who have already retired from the local governmental employees' retirement system upon the same terms and conditions as the same shall be made available to those firemen who shall hereafter retire except the supplemental benefit payable to firemen who have already retired shall not be retroactive but shall be prospective, beginning as of the effective date of this Section. All firemen who have retired from the local governmental employees' retirement system or who may hereafter retire and whose retirement allowance, as herein defined, shall be in the amount of twelve hundred dollars ($1,200.00) per annum, or in excess thereof, shall not be eligible for a supplemental benefit except as hereinafter provided. The supplemental benefit herein provided shall be payable to each fireman for life, subject to any revision made by the local governmental employees' retirement system which may render such firemen ineligible by reason of increased retirement allowance. Should any fireman die subsequent to the payment of a supplemental benefit for any preceding month and prior to the payment of any supplemental benefit in the month in which such fireman dies, then such supplemental benefit for that month shall be paid to the deceased fireman's personal representative. The board of trustees shall have the authority and power to promulgate rules and regulations to the end that the supplemental benefit herein provided may be properly administered and carried out and for the purpose of achieving the objectives herein sought.

Sec. 5. Revaluation of Fund. Under such rules and regulations as the board of trustees may promulgate and adopt, the board of trustees shall revalue the fund at the end of each five year period, and for the purpose of revaluation, a year shall be defined as a fiscal year. If, in the opinion of the board of trustees, and with the approval of a competent actuary, the fund has increased to such an extent that its solvency will not be impaired, supplemental benefits may be paid to other groups of firemen, including those retired and who may retire in the future whose retirement allowance under the local governmental employees' retirement system exceeds the sum of one hundred dollars ($100.00) per month or twelve hundred dollars ($1,200.00) per annum. The board of trustees, with the approval of the actuary, shall be the judge of the retirement allowance limitation in excess of twelve hundred dollars ($1,200.00) per annum within which retirement allowance range supplemental benefits shall be paid to those firemen whose retirement allowances exceeds twelve hundred dollars ($1,200.00) per annum. In no case shall supplemental benefits be paid to those firemen whose retirement allowance exceeds one hundred
dollars ($100.00) in such an amount as to impair the solvency of the fund.

Sec. 7. All laws and clauses of laws in conflict with this Act are hereby repealed.

WHEREAS, under and by virtue of Chapter 7 of the Public-Local Laws of 1938, Extra Session, as amended, the Tar River Port Commission has been created to construct, own, operate and manage port facilities and related operations on the Tar River in Pitt County; and

WHEREAS, the Tar River Port Commission proposes to issue revenue bonds to finance the construction, maintenance and operation of such facilities, and it is necessary to have its functions, powers and duties more fully and completely set forth to enable it to legally and successfully market the proposed revenue bond issue or issues: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. Short Title. This Act may be cited as the “Tar River Port Commission Act.”

(d) The word “bonds” shall mean bonds of the commission authorized under the provisions of this Act.

Sec. 3. There is hereby created a body corporate and politic to be known as “Tar River Port Commission”. The commission is hereby constituted an instrumentality of the State of North Carolina, and the exercise by the commission of the powers conferred by this Act in the construction, maintenance, repair and operation of any project, shall be deemed and held to be an essential governmental function of the State. The commission shall consist of three members, each of whom shall be residents of the County of Pitt. Each member of the commission shall be appointed by joint or appropriate resolution of the Board of Commissioners of Pitt County and the Board of Aldermen of the Town of Greenville, North Carolina, for a term of two years and shall serve until his successor is appointed and has qualified. Each member of the commission may be removed from office by the appointing bodies, for cause.

Any vacancy in the membership of the commission shall be filled in the same manner as the original appointment, but for the unexpired term only.

The commission shall elect one of its members chairman, and another member vice-chairman, who shall serve until their respective successors have been designated. The commission shall elect a secretary and treasurer, who need not be a member. Two members of the commission shall constitute a quorum, and the vote of two members shall be necessary for any action taken by the commission. No vacancy in the membership of the commission shall impair the right of a quorum to exercise all the rights and perform all the duties of the commission.

The members of the commission shall not receive regular compensation for their services as members of the commission. Each member shall be paid a per diem compensation, and actual expenses necessarily incurred in the performance of official duties, said per diem to be fixed by the appointing bodies at the time of their appointment or prior to the sale of revenue bonds, and to be paid only from revenues accruing to the commission, as hereinafter provided.

The appointment of the membership of the commission, and any and all official actions taken by the commission prior to this amendment and consolidation are recognized as regular and official acts, and shall not be affected or invalidated by this Act.

Sec. 4. The County of Pitt and the Town of Greenville, North Carolina, respectively, are hereby authorized and permitted to advance or expend such amount or amounts as either or both of said local governments, acting together or separately, may in their discretion determine, not exceeding fifty thousand dollars ($50,000.00), as a loan to Tar River Port Commission to be used in the payment of any portion of the cost of any project or projects.

Sec. 5. General Grant of Powers. The commission shall have perpetual succession and shall have the following powers:

(a) To adopt bylaws for the regulation of its affairs and the conduct of its business;
(b) To adopt a corporate seal and alter the same at pleasure;
(c) To maintain an office at such place or places within the State as it may designate;
(d) To sue and be sued in its name;
(e) To construct, maintain, repair and operate projects at such locations on or near the Tar River in Pitt County as shall be designated by the commission;
(f) To issue revenue bonds of the commission for any of its corporate purposes, payable from the rents, tolls and revenues pledged for their payment, and to refund its bonds, all as provided in this Act;
(g) To fix and revise, from time to time, and charge and collect tolls, rents and service charges for the use of any portion or all of any project and its various services and facilities;
(h) To establish rules and regulations for the use of any portion or all of any project or facilities to be constructed by it;
(i) To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this Act;
(j) To purchase, solely from funds provided under this Act, such lands, machinery, buildings, structures, equipment, rights of way, franchises, easements and interests in lands deemed by the commission to be necessary for the construction, operation or protection of any project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof;
(k) To make and enter into all contracts, leases and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act;
(l) To employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in its judgment; to fix their compensation; and to promote and discharge such employees and agents;
(m) To employ contractors and enter into construction contracts for the erection and construction of each and every part of any project in such manner and for such price as it may determine to be for the best interests of the commission.
(n) To accept loans and grants of money or materials or property, at any time, from the United States of America or the State of North Carolina or any agency or instrumentality thereof, or any person, firm or corporation upon such terms and conditions as the lender or grantor may impose;
(o) To do all acts and things necessary or convenient to carry out the powers expressly granted in this Act.

Sec. 6. Acquisition of property. The commission is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase, whenever it shall deem such purchase expedient, solely from funds provided under the authority of this Act, such lands, structures, property, rights, rights of way, franchises, easements and other interests in lands, including lands lying under water and riparian rights, which are located within the State, as it may deem necessary or convenient for the construc-
tion and operation of any project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof, and to take title thereto in the name of the commission.

Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated or is absent, unknown or unable to convey valid title, the commission is hereby authorized and empowered to acquire by condemnation or by the exercise of the power of eminent domain any lands, property, rights, rights of way, franchises, easements and other property, or parts thereof or rights therein, of any person, copartnership, association, or corporation, deemed necessary or convenient for the construction or the efficient operation of any project. Any such proceedings shall be conducted, and the compensation to be paid shall be ascertained and paid, in the manner provided by the laws of the State then applicable which relate to condemnation or the exercise of the power of eminent domain as provided in Chapter 40 of the General Statutes and amendments thereof. In any condemnation proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the commission and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the commission to accept and pay for the property, but neither such undertaking or security nor any act or obligation of the commission shall impose any liability upon the State, county, municipality or the commission except as may be paid from the funds provided under the authority of this Act.

Sec. 7. Revenue Bonds. The commission is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the commission for any of its corporate purposes, including the refunding of its bonds. The principal of and the interest on any issue of such bonds shall be payable from and be secured by a pledge of rents, tolls and revenues of all or any part of any project financed in whole or in part with the proceeds of such issue or with the proceeds of bonds refunded or to be refunded by such issue. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times, not exceeding 35 years from their date or dates, as may be determined by the commission, and may be made redeemable before maturity, at the option of the commission, at such price or prices and under such terms and conditions as may be fixed by the commission prior to the issuance of the bonds. The commission shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The bonds shall be signed by the chairman of the commission or shall bear his facsimile signature, and the corporate seal of the commission shall be impressed thereon and attested by the secretary and treasurer of the commission, and any coupons attached thereto shall bear the facsimile signature of the chairman of the
commission. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until such delivery. All bonds issued under the provisions of this Act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of this State. The bonds may be issued in coupon or in registered form, or both, as the commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The commission may sell such bonds in such manner and for such price as it may determine to be for the best interests of the commission. The proceeds of the bonds of each issue shall be disbursed in such manner and under such restrictions, if any, as the commission may provide in the resolution authorizing the issuance of such bonds, or in the trust agreement hereinafter mentioned securing the same.

The commission is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the commission for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the commission, for the additional purpose or purposes of constructing improvements or enlargements of the project or projects in connection with which the bonds to be refunded shall have been issued and of paying all or any part of the cost of any additional project or projects. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the commission in respect of the same, shall be governed by the provisions of this Act in so far as the same may be applicable.

Prior to the preparation of definitive bonds, the commission may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The commission may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

Sec. 8. Bonds not to Constitute a Debt or Pledge of Taxing Power. Revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the State of North Carolina or of any county, city, district, or political subdivision thereof, or a pledge of the faith and credit of the State or any county, city, district, or political subdivision thereof, but such bonds shall be payable from the funds herein provided therefor.
from tolls, rents and revenues. The issuance of revenue bonds under the provisions of this Act shall not directly or indirectly or contingently obligate the State or county, city, or district therein or any political subdivision thereof, to levy or to pledge any form of taxation whatsoever therefor. All such revenue bonds shall contain a statement on their face substantially to the foregoing effect.

Sec. 9. Trust Agreement. In the discretion of the commission any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company, within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds (subject to the provisions of Section 7 of this Act) may pledge or assign rents, tolls or other revenues of any project. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the right and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the commission in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project, the rates of rents, tolls and revenues to be charged, the payment, security or redemption of bonds, and the custody, safeguarding and application of all moneys, and provisions for the employment of consulting engineers in connection with the construction or operation of the project. It shall be lawful for any bank or trust company incorporated under the laws of this State which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the commission. Any such trust agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual rights of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the commission may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as a part of the cost of the operation of the project.

Any pledge of rents, tolls or other revenues or other moneys made by the commission shall be valid and binding from the time when the pledge is made; the rents, tolls or other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind, in tort, contract or otherwise, against the commission, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded, except in the records of the commission.

Sec. 10. Revenues. The commission is hereby authorized to fix, revise, charge and collect rents and tolls for the use of any project and the different spaces, parts or sections thereof, and to contract with or lease to any person, partnership, association, corporation, or agency of the State
or United States desiring the use of all or any part thereof, and to fix the terms, conditions, rents and rates or charges for such use. Such rents, rates, charges and tolls shall be so fixed and adjusted as to carry out and perform the terms and provisions of any contract with or for the benefit of bondholders. Such rents, rates, charges and tolls shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State. The use and disposition of rents, charges, tolls and revenues shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of the trust agreement securing the same.

Sec. 11. The commission is hereby authorized and empowered to mortgage all or any part of any project as the commission may deem advisable for the further security of any bonds issued under the provisions of this Act. Subject to the provisions of any trust agreement or resolution securing said bonds, the mortgage may provide for the appointment of a receiver and for the foreclosure and sale of the mortgaged property and the application of the sale proceeds to the payment of the principal of and the interest on said bonds.

Sec. 12. Trust Funds. All moneys received pursuant to the provisions of this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this Act. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and such resolution or trust agreement may provide.

Sec. 13. Remedies. Any holder of bonds issued under the provisions of this Act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by resolution passed before the issuance of the bonds or by such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State of North Carolina or granted hereunder or such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel performance of all duties required by this Act or by such trust agreement or resolution to be performed by the commission or by any officer thereof, including the fixing, charging and collecting of rents, charges and tolls.

Sec. 14. Exemption from Taxation. The exercise of the powers granted by this Act will be in all respects for the benefit of the people of the State of North Carolina, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of any project by the commission will constitute the performance of essential governmental functions, the commission shall not be required to pay any taxes or assessments upon any project or any property acquired by the commission under the provisions of this Act, or upon the income therefrom, and any project and any property acquired or used by the commission under the provisions of this Act and
the income therefrom, and the bonds issued under the provisions of this Act, their transfer and the income therefrom, shall be exempt from taxation.

Sec. 15. Bonds Eligible for Investment. Bonds issued by the commission under the provisions of this Act are hereby made securities in which the State and all political subdivisions of this State, all banks, trust companies, savings and loan associations, all insurance companies, and all administrators, executors, guardians, trustees and other fiduciaries, may properly and legally invest any funds in their control.

Sec. 16. Ownership. When any project is constructed and operated under the authority of this Act, and leased to the State Ports Authority, (a public agency of the State of North Carolina), or its successors or assigns, and such leasing agreement remains in full force and effect until all bonds issued to finance such project, and every part thereof, and the interest thereon shall have been paid, or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, the project shall become a part of the operations of the North Carolina State Ports Authority, and be under their exclusive direction, control and supervision, at the option of the State Ports Authority. In the event the State Ports Authority does not wish to assume the ownership, direction, supervision and control of the project, the project shall continue to be operated by the commission for the use and benefit of the Town of Greenville, North Carolina, and County of Pitt, and all net revenues received from the operation of the project shall be equally divided between the aforesaid two bodies politic.

Sec. 17. Act Liberally Construed. This Act being necessary for the welfare of the State and its inhabitants shall be liberally construed to effect the purposes thereof.

Sec. 18. Severability. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provisions or application, and to this end the provisions of this Act are declared to be severable.

Sec. 19. Inconsistent Laws Applicable. All other general or special laws, or parts thereof, inconsistent herewith, are hereby declared to be inapplicable to the provisions of this Act.

Sec. 20. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 5th day of April, 1951.

The General Assembly of North Carolina do enact:

Section 1. That Section 1, subsection (b), of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941, as amended, be further amended by striking out the period at the end thereof and inserting in lieu thereof a semi-colon, and by adding thereto the following:

"Provided, however, that in the event the City of High Point hereafter becomes subject to the provisions of the Social Security Act of the United States Government as to any other department of the city, then and in such event the City of High Point shall make to this pension fund the same contribution, in percentage of wage or salary, per member of the fire department of said city as it makes per employee in any other department or departments subject to the provisions of said Social Security Act, such contributions to begin as of the same date as contributions under said Social Security Act; provided, further, that up to a maximum of two per cent (2%) of the salary of each member of the fire department, the city treasurer shall deduct each month from the second pay check of each and every said member an additional amount equivalent to the sum contributed per said member by the city, said amount to be paid into this pension fund each month; provided, still further, that such deductions shall not be retroactive, but shall begin as of the date the other department or departments of the city become subject to the provisions of said Social Security Act."

Sec. 2. That Section 4 of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941, as amended, be amended by striking out subsection (4) of said Section and inserting in lieu thereof the following:

"(4) Should he die leaving none of the above named beneficiaries, or should none of them qualify in accordance with the above requirements, then, and in such event, a sum equal to one-half of the amount paid into said pension fund by him shall be paid to the administrator or executor of his estate, or into the office of the Clerk of the Superior Court of Guilford County, if there be no administration of his estate."

Sec. 3. That Section 5 of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941, as amended, be amended by striking out said Section and inserting in lieu thereof the following:

"Sec. 5. That in the event any full time paid member of the High Point Fire Department shall hereafter become, in the opinion of the board of examiners, disabled from injury sustained, or disease contracted, while acting in the line of his duties, and is found by the board of examiners
to be unable to work as a fireman, he shall receive each month from said pension fund during such disability whatever proportion of the salary paid him by the City of High Point the board of examiners, in its sole discretion, shall find he is entitled to receive, after taking into consideration the nature and extent of his disability, his income and compensation from all other sources, whether received directly or indirectly, and his ability to earn an income from any other source; provided, however, that in no event shall any compensation be paid him under this Section during such time as his income and compensation from any other source shall equal or exceed the salary paid him by the City of High Point at the time of his disability; provided, further, that if any full time paid member of said department dies, and the board of examiners shall find that his death was proximately caused from said disability, then the contingencies provided for in Section 4 of this Act, and in the order therein enumerated, shall apply; provided, still further, that a lump sum settlement under the provisions of the Workmen's Compensation Act, for the purpose of determining the amount to be paid under this Section, shall be treated as if said lump sum settlement had been distributed over the period over which it would have been paid except for settlement in a lump sum; provided, still further, that the board of examiners shall not be bound by any provision of the North Carolina Workmen's Compensation Act as to whether or not a particular disease is contracted while acting in the line of duty."

Sec. 4. That Section 6 of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941, be stricken out and the following inserted in lieu thereof:

"Sec. 6. That in the event any full time paid member of the High Point Fire Department shall hereafter become disabled from injury or disease which the board of examiners shall find was not proximately caused while acting in the line of his duties, and is found by the board of examiners to be unable to work as a fireman, he shall receive monthly therefor during his disability whatever proportion of one-twelfth (1/12th) of three and one-half per centum (3½%) of his total earnings as a full time paid member of said department from the beginning of his full time paid employment until the time of his disability, or for the last 20 years of his full time paid employment, whichever is the shorter, which the board of examiners, in its sole discretion, shall find he is entitled to receive, after taking into consideration the nature and extent of his disability, his income and compensation from all other sources, whether received directly or indirectly, and his ability to earn an income from any other source; provided, however, that in no event shall any compensation be paid him under this Section during such time as his income and compensation from any other source shall equal or exceed the salary paid him by the City of High Point at the time of his disability; provided, further, that three years' full time paid service in said department shall be a prerequisite to benefits under this Section; and provided, further, that if any said full time paid member dies, and the board of examiners shall find that his death was proximately caused from said disability, then the contingencies provided for in Section 4 of this Act shall apply, and in the order therein enumerated.
Sec. 5. That Section 7 of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941 be amended by striking out the same and inserting in lieu thereof the following:

"Sec. 7. If any full time paid member of said department shall sever his connection with said department, whether voluntarily or involuntarily, or by death before eligibility for retirement, he shall be entitled to have refunded to him one-half of all money deducted from his salary which went into said pension fund. If he is later re-employed in said department he shall forfeit the time accrued to him under this Pension Act unless he shall pay into said pension fund on or before the date his re-employment begins the amount refunded him plus interest thereon at the rate of two and one-half per centum (2½%) per annum."

Sec. 6. That Section 8 of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941 be amended by striking out same and inserting in lieu thereof the following:

"Sec. 8. That the board of examiners shall consist of five members; that the Mayor of the City of High Point shall ex officio be the chairman of said board with all the privileges and duties of any other member; that the city council shall elect two other members, one of whom shall be a local physician, and neither of which shall be employed in the fire department; that one member shall be the chief of the fire department, and still another member shall be elected by a majority vote of all full time paid members of the fire department; that all members of said board, other than the mayor, shall be appointed or elected for a term of three years, and they shall be selected within five days after the ratification of this Act and all members of said board shall promptly thereafter take the oath of office administered to other officials of the city and shall then enter upon their duties, and the appointed or elected members shall serve until the 15th day of March, 1954, or until their successors are appointed or elected and duly qualified. Vacancies must be filled in the same manner as provided in the original selection, except that upon the resignation, or refusal to serve, of the mayor, the city council shall appoint some one to fill his unexpired term."

Sec. 7. That a new Section, to be designated Section 8½ of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941, be added, which shall read as follows:

The said board of examiners is vested with authority to determine all matters affecting the administration of this Act, including the power and authority to determine the claims of firemen coming under the provisions of this Act, and the decision of a majority of a quorum of the board shall be final, and there shall be no appeal therefrom. The board may meet at any time upon the call of the chairman, or upon the call of any three members if the chairman neglects or refuses to call a meeting. Two days' written notice of the time and purpose of a meeting to determine the claims of firemen shall be given, but the failure to give such notice shall not invalidate the proceedings at any such meeting, provided all members of the board are present. Two days' oral notice of the time of the meeting shall be sufficient as to meetings held for any other purpose.
The board shall designate someone, who need not be a member of the board, to act as secretary at its meetings, and it shall be his duty to give notice of all meetings. A majority of the members of the board shall constitute a quorum at any meeting except meetings to determine contested claims of firemen, in which event the three members not connected with the fire department shall constitute a quorum. At any duly held meeting a majority vote of those present shall decide any matter coming before the meeting, but any member of the board who is employed in the fire department shall be disqualified from voting in the determination of his own claim for compensation. All claims of firemen for benefits under the provisions of this Act shall be made in writing and shall state the nature of the claim and the relief demanded. All claims shall be filed with the chairman of the board of examiners within 60 days from the date the claim arose. Failure to so present a written claim within said 60-day period, or acceptance of a refund of one-half of all money deducted from his salary which went into said pension fund, shall operate as a bar to the consideration and payment of said claim; provided, however, that the time for presenting any claims which arose prior to the enactment of this Section shall be extended to a date 60 days from said date.

As a condition prerequisite to the payment of benefits for disability under either Section 5 or 6 of this Act, the board of examiners may require the claimant: (1) to submit to any medical examinations by physicians the board may select which the board may consider advisable; (2) to produce for inspection by the board any records pertaining to the income or financial status of the claimant; (3) to answer such inquiries as the board may make into the financial status or income or physical condition of the claimant. The failure of the claimant to comply with these conditions shall operate as a bar to the payment of benefits hereunder so long as such non-compliance continues. Any fireman who prosecutes before the board of examiners a claim for benefits hereunder shall thereby forfeit his right to a refund of any payments by him into said pension fund."

Sec. 8. That Section 10 of Chapter 293 of the Public-Local and Private Laws of North Carolina, Session 1941, as amended, be amended by adding at the end thereof the following:

"The board of examiners is authorized and empowered to pay out of this pension fund all expenses incurred in connection with the administration of this Act, including reasonable fees of an attorney employed by the fire department to assist in having this Act amended from time to time, or to represent the fire department in connection with any contested claim for benefits under this Act."

Sec. 9. That all laws and clauses of laws in conflict herewith are hereby repealed.

Sec. 10. That this Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 5th day of April, 1951.

In the General Assembly read three times and ratified, this the 5th day of April, 1951.

CHAPTER 596

AN ACT TO AUTHORIZE THE CITY OF DURHAM OR THE BOARD OF COMMISSIONERS OF DURHAM COUNTY, BY SECURING LIABILITY INSURANCE, TO WAIVE GOVERNMENTAL IMMUNITY FOR DAMAGES RESULTING FROM THE NEGLIGENT OPERATION OF MOTOR VEHICLES, AND TO AUTHORIZE THE GOVERNING BODY OF THE CITY OF DURHAM TO COMPENSATE PERSONS FOR CLAIMS ARISING SINCE JANUARY 1, 1951.

The General Assembly of North Carolina do enact:

Section 1. The Governing Body of the City of Durham or the Board of County Commissioners of Durham County, are each hereby authorized and empowered, but not required, to waive governmental immunity from liability for any damage by reason of death, or injury to person or property, proximately caused by the negligent operation of any motor vehicle by an officer, agent or employee of said city or county, respectively when acting within the scope of his authority or within the course of his employment. Said city or county may waive said immunity only by securing liability insurance therefor, as is hereinafter provided, and the securing of such insurance constitutes an election to waive any defense of governmental immunity by the city or county securing the same to the extent of the amount of the insurance so obtained.

Sec. 2. The contract of insurance purchased pursuant to this Act must be one issued by a company or corporation duly licensed and authorized to execute insurance contracts in this State, and must by its terms adequately insure said city or county, as the case may be, against any and all liability for any damage by reason of death, or injury to person or property, proximately caused by the negligent operation of any motor vehicle by an officer, agent or employee of said city or county, as the case may be, when acting within the scope of his authority or within the course of his
employment. Any company or corporation which enters into a contract of
insurance as above described with said city or county, by such act, waives
any defense based upon the governmental immunity or said city or county
from liability.

The Governing Body of the City of Durham and the Board of County
Commissioners of Durham County are each authorized and empowered to
pay, as a necessary expense, the lawful premiums for such insurance
secured by the city or county, out of the general tax revenues or other
appropriate funds.

Sec. 3. Any person sustaining damage, or in case of death, his personal
representative, may sue the City of Durham or Durham County, as the case
may be, as provided by this Act, for the recovery of such damages in any
court of competent jurisdiction in Durham County; and it shall be no
defense to any such action that the operation of such motor vehicle by
such officer, agent or employee, was in pursuance of a governmental,
municipal, or discretional function of said city or county if, and to the
extent, said city or county being sued, has insurance coverage as provided
by this Act.

Except as hereinbefore expressly provided, nothing in this Act shall
be construed to deprive said city or county of any defense whatsoever to
any such action for damages, or to restrict, limit or otherwise affect any
such defense, which said city or county may have at common law or by
virtue of any statute (whether general, special, private or local); and
nothing in this Act shall be construed to relieve any person sustaining dam-
ages, or any personal representative of any decedent, from any duty to
give notice of such claim to said city or county, or to commence any civil
action for the recovery of damages, within the applicable period of time
prescribed or limited by statute.

Sec. 4. The City of Durham may incur liability pursuant to this Act
only with respect to a claim arising after said city has procured liability
insurance pursuant to this Act and during the time when such insurance
is in force and Durham County may incur liability pursuant to this Act
only with respect to a claim arising after said county has procured liability
insurance pursuant to this Act and during the time when such insurance
is in force.

Sec. 5. No part of the pleadings which relates to or alleges facts as
to a defendant's insurance against liability shall be read or mentioned in
the presence of the trial jury in any action brought pursuant to this Act.
Such liability shall not attach unless the plaintiff shall waive the right
to have all issues of law or fact relating to insurance in such an action
determined by a jury and such issues shall be heard and determined by
the judge without resort to a jury and the jury shall be absent during any
motions, arguments, testimony or announcement of findings of fact or
conclusions of law with respect thereto unless the defendant shall ask
for a jury trial thereon.

No plaintiff to an action brought pursuant to this Act nor counsel,
nor witness therefor, shall make any statement, ask any question, read
any pleadings or do any other act in the presence of the trial jury in such
case so as to indicate to any member of the jury that the defendant's liability would be covered by insurance, and if such is done judgment shall be entered as of nonsuit and the plaintiff shall be taxed with the costs, but such judgment as of nonsuit shall not preclude or bar plaintiff from instituting another action based upon the same cause of action.

Sec. 6. The Governing Body of the City of Durham is hereby authorized to investigate any claim for any damage by reason of death, or injury to person or property, proximately caused by the negligent operation of any motor vehicle by an officer, agent or employee of said city when acting within the scope of his authority or within the course of his employment. Notwithstanding the provisions of Section 4 of this Act, upon production of proof satisfactory to the said governing body that said death or injury to person or property was so caused as claimed and that there was no contributory negligence on the part of the person in whose behalf the claim is asserted, the said governing body is authorized, in its discretion, to pay out of the general fund of the city such sum as will constitute reasonable compensation for said death or injury. This Section shall apply only with respect to deaths or injuries to person or property occurring on or subsequent to January 1, 1951, and prior to the securing of liability insurance by the City of Durham as hereinbefore authorized by this Act.

Sec. 7. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 8. This Act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 5th day of April, 1951.

An emergency measure is an ordinance or resolution to provide for the immediate preservation of the public peace, property, health or safety, in which the emergency claimed is set forth and defined in a preamble thereto. The affirmative vote of at least three members of the board of aldermen shall be required to pass any ordinance or resolution as an emergency measure. No measure making or amending a grant, renewal or extension of a franchise or other special privilege shall ever be passed as an emergency measure. No situation shall be declared an emergency by the board of aldermen except as defined in this Section, and it is the intention of this charter that such definition shall be strictly construed by the courts.
Sec. 11. Authentication and Publication of Ordinances and Resolutions. Upon its final passage each ordinance or resolution shall be authenticated by the signatures of the mayor and the town clerk and shall be recorded in a book kept for that purpose. Within ten days after final passage, a notice setting forth in brief the substance of each ordinance shall be published at least once in some newspaper having general circulation in said town.

(a) Establishment of Committee: For the purpose of administering this Article, there is hereby created within the State Board of Health a permanent committee to be known as the "State Stream Sanitation Committee" which shall be composed of eight members as follows: The Chief Engineer of the State Board of Health, ex officio, the Chief Engineer of the Water Resources and Engineering Division of the Department of Conservation and Development, ex officio, and six members appointed by the Governor, one who shall at the time of appointment be actively connected with and have had production experience in the field of agriculture, one who shall at the time of appointment be actively connected with and have had experience in the wildlife activities of the State, two who shall at the time of appointment be actively connected with and have had practical experience in waste disposal problems of municipal government, and two who shall at the time of appointment be actively connected with and
have had industrial production experience in the field of industrial waste disposal. Of the members initially appointed by the Governor, two shall serve for terms of two years each, two shall serve for terms of four years each, and two shall serve for a term of six years. Thereafter, all appointments shall be for terms of six years. Ex officio members shall have all the privileges, rights, powers and duties held by appointed members under the provisions of this Article except the right to vote.

In each instance the appointment shall be of a person of experience in the same field as that of the member who is being replaced. The Governor may at any time, after notice and hearing, remove any member for gross inefficiency, neglect of duty or other sufficient cause.

(c) Initial Appointments. In order to make available to the State the benefit of the six years of study by the State Stream Sanitation and Conservation Committee created for that purpose by the Legislature of 1945, all members appointed by the Governor initially, except the member who shall have had experience with wildlife activities, shall be from the present membership of the State Stream Sanitation and Conservation Committee.

(d) Compensation of Committee Members: No salary or other compensation, for services thereon, shall be allowed members of the committee who already receive compensation as officials or employees of State departments. Service on the committee is to be considered as part of the duties of such officials as representatives of the respective departments. Reimbursement for travel shall be made from travel funds available in their respective departments. The other members shall receive ten dollars ($10.00) per day, including necessary time spent in traveling to and from their place of residence within the State to any place of meeting or while traveling on official business of the committee. In addition, they shall receive mileage according to State practice while going to and from any place of meeting, or when on official business of the committee.

"Section 143-214. Organization of committee; meetings; executive secretary.

(a) First Meeting—Organization—Rules—Regulations: The committee shall, within 30 days after its appointment, meet and organize, and elect from among its members a chairman and such other officers as it may choose for such terms as may be specified by the committee in its rules and regulations. The chairman may appoint members to such committees as the work of the committee may require.

(b) Meeting of committee: The committee shall meet regularly, at least once every six months, at places and dates to be determined by the committee. Special meetings may be called by the chairman on his own initiative, and must be called by him at the request of two or more members of the committee. All members shall be notified by the chairman in
writing of the time and place of regular and special meetings at least seven days in advance of such meeting. Five members shall constitute a quorum.

(c) Executive Secretary: The committee shall appoint an executive secretary, who shall be a well qualified individual, fully trained and experienced in the field of waste disposal. Such executive secretary shall be the administrative officer of the committee and shall have the authority to perform in the name of the committee such functions and duties of the committee as shall be delegated to him by formal resolution. The executive secretary shall:

(1) Attend all meetings, but without the power of voting,
(2) Keep an accurate and complete record of all meetings, hearings, correspondence, laboratory studies, and technical work, and shall make these records available for public inspection at all reasonable times,
(3) Direct the work of the personnel employed by the committee and perform such other duties as the committee may from time to time direct.

(d) Personnel and Facilities of Committee: The committee shall have the authority to employ clerical, technical, and professional personnel with such qualifications as the committee may prescribe, in accordance with the State Personnel Regulations and Budgetary Laws, and shall have the authority to pay such personnel from any appropriations made to the committee, or from any appropriations made to any other agency of the State for the benefit of the committee. In the interest of efficient use of personnel and facilities, technical, laboratory, or other services shall be performed, insofar as practicable, by personnel of presently existing State agencies. The committee shall have authority to compensate such State agencies for services received. The Attorney General shall act as attorney for the committee.

(e) Fiscal Affairs of Committee: For the more efficient conduct of the fiscal affairs of the committee, as well as for the convenience of any State agency, officer or department that may hold or have appropriated to or the custody of funds for the use and benefit of the committee, all such funds shall be held in a separate or special account on the books and records of such State agency, officer or department with a separate financial designation or code number to be assigned by the budget bureau or its agent, and said funds shall be expended solely upon the proper authorization or order of the committee.

"Section 143-215. Water classification; standards and assignment of classifications.

(a) Duties of Committee Under This Section: The committee is hereby directed and empowered, as rapidly as possible within the limits of funds and facilities available to it, and subject to the procedural requirements of this Article:

(1) To develop and adopt, after proper study, a series of classifications and the standards applicable to each such classification, which will be appropriate for the purpose of classifying each of the waters of the State in such a way as to promote the policy and purposes of this Article most effectively;
(2) To survey all the waters of the State and to separately identify all such waters as the committee believes ought to be classified separately in order to promote the policy and purposes of this Article, omitting only such waters as, in the opinion of the committee, are insufficiently important to justify classification or control under this Article; and

(3) To assign to each identified water of the State such classification, from the series adopted as specified above, as the committee deems proper in order to promote the policy and purposes of this Article most effectively.

(b) Criteria for Classification: In developing and adopting classifications, and the standards applicable to each, the committee shall recognize that a number of different classifications should be provided for (with different standards applicable to each) so as to give effect to the need for balancing conflicting considerations as to usage and other variable factors; that different classifications with different standards applicable thereto may frequently be appropriate for different segments of the same water; and that each classification and the standards applicable thereto should be adopted with primary reference to an existing or a contemplated best usage to be made of the waters to which such classification will be assigned.

(c) Criteria for Standards: In establishing the standards applicable to each classification, the committee shall consider, and the standards when finally adopted and published shall state: The extent to which any physical, chemical, or biological properties should be prescribed as essential to the contemplated best usage.

(d) Criteria for Assignment of Classifications: In assigning to each identified water the appropriate classification (with its accompanying standards), the committee shall consider, and the decision of the committee when finally adopted and published shall contain its conclusions with respect to the following factors as related to such identified waters:

(1) The size, depth, surface area covered, volume, direction and rate of flow, stream gradient and temperature of the water;

(2) The character of the district bordering said water, including any peculiar suitability such district may have or any dominant economic interest or development which has become established in relation to or by reason of any particular use of such water;

(3) The uses which have been made, are being made, or may in the future be made, of such water for transportation, domestic consumption, industrial consumption, bathing, fishing and fish culture, fire prevention, the disposal of sewage, industrial wastes and other wastes, or any other uses;

(4) The extent to which such water is already receiving sewage, industrial waste, or other waste as a result of present or past usage of the water, and the relative economic values involved in improving or attempting to improve the condition of such water.

(e) Proposed Adoption and Assignment of Classification: Prior to the adoption by the committee of the series of classifications and standards applicable thereto as specified in subparagraph (a) (1) of this Section, prior to the assignment by the committee of any such classifications to any waters as specified in subparagraph (a) (3) of this Section, and prior
to any modification of any of such actions previously taken by the committee, the committee shall give notice of its proposed action and shall conduct one or more public hearings with respect to any such proposed action in accordance with the following requirements:

(1) Notice of any such hearing shall be given not less than 20 days before the date of such hearing and shall state the date, time, and place of hearing, the subject of the hearing, and the action which the committee proposes to take. The notice shall either include details of such proposed action, or where such proposed action, as in the case of proposed assignments of classifications to identified waters, is too lengthy for publication, as hereafter provided for, the notice shall specify that copies of such detailed proposed action can be obtained on request from the office of the committee in sufficient quantity to satisfy the requests of all interested persons.

(2) Any such notice shall be published at least once in one newspaper of general circulation circulated in each county of the State in which the water area affected is located, and a copy of such notice shall be mailed to each person on the mailing list required to be kept by the committee pursuant to the provisions of Section 143-215.4.

(3) Any person who desires to be heard at any such public hearing shall give notice thereof in writing to the committee on or before the first date set for the hearing. The committee is authorized to set reasonable time limits for the oral presentation of views by any one person at any such public hearing. The committee shall permit anyone who so desires to file a written argument or other statement with the committee in relation to any proposed action of the committee at any time within 30 days following the conclusion of any public hearing or within any such additional time as the committee may allow by notice given as prescribed in this Section.

(f) Final Adoption and Assignment of Classifications: Upon completion of hearings and consideration of submitted evidence and arguments with respect to any proposed action of the committee pursuant to this Section, the committee shall adopt its final action with respect thereto and shall publish such final action as part of its official regulations. When final action has been adopted and is published with respect to the assignment of classifications applicable to the identified waters of any one or more watersheds within the State, the committee shall likewise publish as part of its official regulations, the effective date for the application of the provisions of Section 143-215.1 and 143-215.2 of this Article to persons within such watershed or watersheds. Such effective date shall not be less than 60 days from the date of such publication.

(g) Committee’s Power to Modify or Revoke: The committee is empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this Section, any such modification or revocation, however, to be subject to the procedural requirements of this Article.

“Section 143-215.1. Control of new sources of pollution. (a) Required permits: After the effective date applicable to any watershed, no person shall:
(1) Make any new outlet into the waters of such watershed;
(2) Construct or operate any new disposal system within such watershed;
(3) Alter or change the construction or the method of operation of any existing disposal system within such watershed;
(4) Increase the quantity (determined by such method of measurement as the committee shall prescribe by its official regulations) of sewage, industrial waste, or other waste discharged through any existing outlet or processed in any existing disposal system to an extent which would adversely affect the condition of the receiving water within such watershed in relation to any of the standards applicable to such water, or to an extent beyond such minimum limits as the committee may prescribe, by way of general exemption from the provisions of this paragraph, by its official regulations;
(5) Change the nature of the sewage, industrial waste or other waste discharged through any existing outlet or processed in any existing disposal system in any way which would adversely affect the condition of the receiving water within such watershed in relation to any of the standards applicable to such water: Unless such person shall have applied to the committee for and shall have received from the committee a permit therefor and shall have complied with such conditions, if any, as are prescribed by such permit, and in this connection no such permit shall be granted for disposal of wastes into water used for a public water supply where the State Board of Health determines and advises the committee that such waste disposal is sufficiently close to the source of the public water supply as to have an adverse effect thereon until complete plans and specifications have been submitted to and approved by the State Board of Health in accordance with the provisions of Section 130-110 of the General Statutes of North Carolina. In any case where the committee denies a permit, it shall state in writing the reasons for such denial and shall also state the committee's estimate of the changes in the applicant's proposed activities or plans which will be required in order that the applicant may obtain a permit. If any person has obtained the approval of the State Board of Health for the construction, alteration, or change of any disposal system prior to the effective date applicable to any watershed in which such disposal system is located, such person shall not be required to obtain a permit from the committee with respect to such construction, alteration or changes, and further provided that any person who has let a contract for the construction of a plant or who has acquired a plant site and the construction of which plant is begun within twelve (12) months from the ratification of this Bill, shall have the status of a person already established in the discharge of waste, and may proceed with the proposed methods of discharge without the necessity of applying for a permit from this committee."

(b) Committee's Powers as to Permits: The committee shall act upon all applications for permits so as to effectuate the purpose of this Section, by preventing so far as reasonably possible, any pollution or any increase in the pollution of the waters of the State from any additional or enlarged sources. The committee shall have the power:

537
(1) To grant a permit with such conditions attached as the committee believes necessary to achieve the purposes of this Section;

(2) To grant any temporary permit for such period of time as the committee shall specify even though the action allowed by such permit may result in pollution or increased pollution where conditions make such temporary permit essential; and

(3) To modify or revoke any permit upon not less than 60 days' written notice to any person affected.

No permit shall be denied and no conditions shall be attached to the permit, except when the committee finds such denial or such conditions necessary to effectuate the purposes of this Section.

(c) Procedure as to Applications and Permits: All applications for permits and all permits issued by the committee, or decisions denying any application for a permit, shall be in writing. The committee shall act on all applications for permits as rapidly as possible and consideration of and action on such applications shall be given preference to all other business of the committee. The committee shall have power to request such information from an applicant and to conduct such inquiry or investigation as it may deem necessary prior to acting on any application for a permit. Failure of the committee to take action on an application for a permit within 90 days shall be treated as approval of such application. The committee shall adopt such forms and rules as it deems necessary, to be published as part of its rules of procedure, with respect to the application for the grant or denial of permits pursuant to this Section.

(d) Hearings and Appeals: Any person whose application for a permit is denied, or is granted subject to conditions which are unacceptable to such person, or whose permit is modified or revoked, shall have the right to a hearing before the committee upon making written demand therefor within 30 days following the giving of notice by the committee as to its decision on such application. Unless such a demand for a hearing is made, the decision of the committee on the application shall be final and binding. If demand for a hearing is made, the procedure with respect thereto and with respect to all further proceedings in the case shall be as specified in Section 143-215.4 and in any applicable rules of procedure of the committee.

"Section 143-215.2. Abatement of existing pollution.

(a) Required Compliance with Special Orders: After the effective date applicable to any watershed, no person shall discharge any sewage, industrial waste, or other waste into the waters of such watershed in violation of, or except upon compliance with the terms of, any special order issued by the committee to such person in accordance with the procedure specified by this Article.

(b) Committee's Powers as to Special Orders: The committee is hereby empowered, after the effective date applicable to any watershed, to issue (and from time to time to modify or revoke) a special order to any person who it finds responsible for causing or contributing to any pollution of water within such watershed. Such an order may direct such person to take, or refrain from taking such action, or to achieve such results, within a period of time specified by such special order, as the committee
deems necessary and feasible in order to alleviate or eliminate such pollution. No such special order shall be issued against a person, or, if issued, the time for compliance therewith by such person shall be extended to the extent necessary, where the committee concludes, after investigation, or where it is demonstrated after a hearing, that it is impossible or, for the time being, not feasible for such person to correct or eliminate the activities causing or contributing to any pollution. Such a situation shall be deemed to exist where no adequate or practical method of disposal or treatment is known for the particular waste for which such person is responsible, or where the cost of any such known method of disposal or treatment is unduly burdensome in comparison with the pollution abatement results which can be achieved, or where a known method of disposal or treatment cannot be adopted because of financial inability (due to statutory restriction on borrowing power or otherwise), or where there is reason to believe that diligent research and experimentation is being carried on to such an extent as to justify postponement of the adoption of relatively inefficient known methods of disposal or treatment until further opportunity is given for the discovery of more effective methods. The burden of proof as to any of such conditions or any other conditions alleged to exist as a reason for the non-issuance of a special order or for extension of the time of compliance therewith shall be upon the person alleging such conditions.

(c) Procedure as to Special Orders: No special order shall be issued by the committee (unless issued upon the consent of a person affected thereby) except after a hearing in accordance with the procedural requirements specified in Section 143-215.4 and in any applicable rules of procedure of the committee. Any special order shall be based on and shall set forth the findings of fact resulting from the evidence presented at such hearing and shall specify the time within which the person against whom such order is issued shall achieve the results required by the special order.

(d) Appeals: Any person against whom a special order is issued shall have the right to appeal in accordance with the provisions of Section 143-215.5. Unless such appeal is taken within the prescribed time limit, the special order of the committee shall be final and binding.

(e) Encouragement of Voluntary Action: The powers conferred by this Section are granted for the purpose of enabling the committee to carry out a State-wide program of pollution abatement to the end that ultimately the purposes of this Article will be achieved. It is the intent of this Section, however, that the committee shall seek to obtain the cooperative effort of all persons contributing to each situation involving pollution in remedying such situation, and that the powers granted by this Section shall be exercised only when the objective of this Section cannot be otherwise achieved within a reasonable time.

(f) Equality of Enforcement Action: It is the intent of this Act that a comprehensive all inclusive effort be made to accomplish the purposes of this Act and to that end it is specifically provided that whenever more than one person is found to be responsible for a condition involving pollution of any segment of any particular water as identified and classified under Section 143-215 that the committee shall endeavor to obtain the
cooperative effort of all such persons and that if this cannot be accomplished and the committee deems it necessary to take enforcement action to correct such pollution, by invoking the power granted by this Act, such action shall be taken against all persons who share responsibility for such condition, to the extent that such persons have not voluntarily undertaken satisfactory remedial measures or have not agreed, by consenting to the issuance of special orders pursuant to this Section to undertake such measures: Provided, however, that where because of operation of law or otherwise, enforcement against any municipality or other political subdivisions of the State cannot be had, no special order shall be issued against any other person within the segment of water where abatement of pollution is sought.

(g) Voluntary Projects; Applications for Certificate of Approval; Installation of Treatment Works and Approval thereof: After the date of enactment of this Article, any person who is discharging or who proposes to discharge, sewage, industrial waste, or other waste into any waters of the State may submit to the committee proposed plans for the installation of treatment works with respect to such sewage, industrial waste or other waste, and apply to the committee for approval thereof. Such applications shall be in such form as the committee may prescribe in its rules of procedure, shall describe in precise detail the nature and volume of the sewage, industrial waste or other waste which the applicant discharges or proposes to discharge, and shall contain or be supplemented by any information whatsoever which the committee may request. The applicant may submit the opinion of any independent expert as to the probable effectiveness and results of such treatment works and the committee may request that the opinion of experts or additional experts be obtained in any case where it considers the same necessary, the expense in connection therewith to be borne by the applicant. Such an application may be filed by any person irrespective of whether any proceedings involving such person have been taken or are pending under any other provision of this Article.

(h) Voluntary Projects, Conditions for Issuance of Certificate: The committee shall make a thorough investigation of any application filed pursuant to this Section before acting thereon, and may require the applicant to submit any statements in support of such application under oath. The committee shall not issue a certificate of approval to any applicant, unless it finds that the proposed treatment works, if installed and operated in accordance with the plans submitted to the committee:

(1) Will provide an effective method of preventing or abating actual or potential pollution of waters into which the applicant is discharging or proposes to discharge any sewage, industrial waste, or other waste; and

(2) Will require such expenditure by the applicant, in relation to the waste treatment problem to be remedied and the size and nature of the applicant's activities resulting in such problem, that it is fair to give the applicant reasonable protection against being required by law, at some later date, to make further capital expenditures in connection with the same waste treatment problem.

(i) Voluntary Projects, Effect of Certificate of Approval: If the committee approves the proposed treatment works, with any modifications it
may recommend, it shall have the power to issue to the applicant a certificate of approval which shall have the following effect and be subject to the following limitations:

(1) Such certificates shall give the person to whom it is issued binding assurance that, for the period specified in the certificate and so long as such person complies with all the terms of the certificate, he will not be required to take or refrain from any further action nor be required to achieve any further results under the terms of this or any other State law relating to the control of water pollution, for the purpose of alleviating or eliminating any pollution or alleged pollution resulting from the sewage, industrial waste or other waste which such person is discharging into any water.

(2) Such certificate shall be effective from the date of its issuance for such period of time as the committee deems fair and reasonable in the light of all the circumstances.

(3) Such certificate shall provide that it shall become void unless the applicant completes the proposed treatment works within a time limit specified in such certificate, and unless the proposed treatment works is constructed and at all times operated in accordance with the plans and specifications approved by the committee pursuant to this Section.

(4) Such certificate shall be effective only with respect to the nature and volume of sewage, industrial waste or other waste described in the application or in the certificate itself after treatment by the proposed treatment works.

(5) Such certificate shall inure to the benefit of any successors or assigns of the applicant subject to the same conditions as are applicable to the applicant.

(6) Such certificate may impose any other limitations on its effectiveness as the committee may deem necessary or appropriate.

(j) Voluntary Projects, Procedure: The committee by rules of procedure, not inconsistent with this Article, may specify any further rules applicable to the granting of certificates of approval pursuant to this Section. Any action by the committee on an application for a certificate of approval is a matter of discretion and consequently there shall be no right to a hearing nor to an appeal with respect to any refusal of the committee to grant any certificate of approval, or to the terms thereof. The committee shall have power to entertain and act on applications for modification of any certificate of approval. The committee shall have no power to revoke or modify a certificate of approval which has been issued, except by agreement, or except where the terms of such certificate have been violated or have not been fulfilled.

(k) Non-voluntary Projects, Effect of Compliance: Any person who installs a treatment works for the purpose of alleviating or eliminating pollution in compliance with the terms of, or as a result of conditions specified in, a permit issued pursuant to Section 143-215.1 or a special order issued pursuant to Section 143-215.2 or a final decision of the committee or a court rendered pursuant to either of said Sections, shall not be required to take or refrain from any further action nor be required to achieve any further results under the terms of this or any other State
law relating to the control of water pollution, for period to be fixed by the committee or court as it shall deem fair and reasonable in the light of all the circumstances after the date when such special order or decision or the conditions of such permit become finally effective, if:

(1) The treatment works results in the elimination or alleviation of pollution to the extent required by such permit, special order or decision and complies with any other terms thereof; and

(2) Such person complies with the terms and conditions of such permit, special order or decision within the time limit, if any, specified there-by, or as the same may be extended, and thereafter remains in compliance.

"Section 143-215.3. General powers of the Committee. (a) Auxiliary Powers: In addition to the specific powers prescribed elsewhere in this Article, and for the purpose of carrying out its duties, the committee shall have the power:

(1) To adopt from time to time and to modify and revoke official regulations interpreting and applying the provisions of this Act and rules of procedure establishing and amplifying the procedures to be followed in the administration of the Article: Provided, that no regulations and no rules of procedure shall be effective nor enforceable until published and filed as prescribed by Section 143-215.4 of this Article;

(2) To conduct such investigations as it may deem necessary to carry out its duties as prescribed by this Article, and for this purpose to enter upon any property, public or private, for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste or other waste and to require written statements or reports under oath with respect to pertinent questions relating to the operation of any sewer system, disposal system or treatment works: Provided, that no person shall be required to disclose any secret formula, processes, or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision.

(3) To conduct public hearings in accordance with the procedures prescribed by this Article.

(4) To delegate such of the powers of the committee as the committee deems necessary to one or more of its members or to any qualified employee of the committee; provided, that the provisions of any such delegation of power shall be set forth in the official regulations of the committee, and further provided that the committee shall not delegate to persons other than its own members the power to conduct hearings and to make decisions with respect to the classification of waters, the assignment of classifications, or the issuance of any special order for the abatement of existing pollution.

(5) To institute such actions in the Superior Court in the county in which any defendant resides, or has his or its principal place of business, as the committee may deem necessary for enforcement of any of the provisions of this Article or of any official actions of the committee, including proceedings to enforce subpoenas or for the punishment of contempt of the committee.
(6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.

(b) Research Functions: The committee shall have the power to conduct scientific experiments, research, and investigations to discover economical and practicable corrective methods for waste disposal problems. To this end, the committee may cooperate with any public or private agency or agencies in the conduct of such experiments, research, and investigations, and may, when funds permit, establish research studies in any North Carolina education institution, with the consent of such institutions. In addition, the committee shall have the power to cooperate and enter into contracts with technical divisions of State agencies, institutions and with municipalities, industries, and other persons in the execution of such surveys, studies, and research as it may deem necessary in fulfilling its functions under this Act. d) Relations with Other States: The committee may, with the approval of the Governor, consult with qualified representatives of adjoining states relative to the establishment of regulations for the protection of waters of mutual interest, but the approval of the General Assembly shall be required to make any regulations binding.

"Section 143-215.4. General provisions as to procedure. (a) Persons entitled to notice, mailing list: In any proceeding pursuant to Section 143-215.1, 143-215.2, 143-215.3 of this Article, the committee shall give notice with respect to all steps of the proceeding only to each person directly affected by such proceeding who shall be made a party thereto. In all proceedings pursuant to Section 143-215, the committee shall give notice as provided by that Section, and it shall also give notice of all its official acts (such as the adoption of regulations or rules of procedure) which have, or are intended to have, general application and effect, to all persons on its mailing list on the date when such action is taken. It shall be the duty of the committee to keep such a mailing list on which it shall record the name and address of each person who requests listing thereon, together with the date of receipt of such request. Any person may, by written request to the committee, ask to be permanently recorded on such mailing list.

(b) Publication and Codification of Committee's Regulations and Rules: All official acts of the committee which have or are intended to have general application and effect shall be incorporated either in the committee's official regulations (applying and interpreting this Article), or in its rules of procedure. All such regulations and rules shall upon adoption thereof by the committee be printed (or otherwise duplicated), and a duly certified copy thereof shall immediately be filed with the Secretary of State. One copy of each such action shall at the same time be mailed to all persons then on the mailing list, and additional copies shall at all times be

(c) Notices: All notices which are required to be given by the committee or by any party to a proceeding shall be given by registered mail to all persons entitled thereto, including the committee. The date of receipt for such registered mail shall be the date when such notice is deemed to have been given. Notice by the committee may be given to any person upon whom a summons may be served in accordance with the provisions of law covering civil actions in the Superior Courts of this State. Any notice shall be sufficient if it reasonably sets forth the action requested or demanded or gives information as to action taken. The committee by its rules of procedure may prescribe other necessary practices and procedures with regard to the form, content and procedure as to any particular notices.

(d) Hearing: The following provisions, together with any additional provisions not inconsistent herewith which the committee may prescribe, shall be applicable in connection with hearings pursuant to this Article, except where other provisions are applicable in connection with specific types of hearings:

(1) Any hearing held pursuant to Sections 143-215.1 and 143-215.2 or 143-215.3 whether called at the instance of the committee or of any person, shall be held upon not less than 30 days written notice given by the committee to any person who is, or is entitled to be, a party to the proceedings with respect to which such hearing is to be held, unless a shorter notice is agreed upon by all such parties.

(2) All hearings by the committee shall be open to the public.

(6) The burden of proof at any hearing shall be upon the person or the committee, as the case may be, at whose instance the hearing is being held.

(7) No decision or order of the committee shall be made in any proceeding unless the same is supported by competent, material and substantial evidence upon consideration of the whole record.
(8) Following any hearing, the committee shall afford the parties thereto an opportunity to submit within such time as prescribed by the committee proposed findings of fact and conclusions of law and any brief in connection therewith. The record in the proceeding shall show the committee's ruling with respect to each such requested finding of fact and conclusion of law.

(9) All orders and decisions of the committee shall set forth separately the committee's findings of fact and conclusions of law and shall, where ever necessary, cite the appropriate provision of law or other source of authority on which any action or decision of the committee is based.

(10) The committee shall have the authority to adopt a seal which shall be the seal of said committee and which shall be judicially noticed by the Courts of the State. Any document, proceeding, order, decree, special order, rule, regulation, rule of procedure or any other official act or records of the committee or its minutes may be certified by the secretary of the committee under his hand and the seal of the committee and when so certified shall be received in evidence in all actions or proceedings in the Courts of the State without further proof of the identity of same if such records are competent, relevant and material in any such action or proceeding. The committee shall have the right to take judicial notice of all studies, reports, statistical data or any other official reports or records of the Federal Government or of any sister state and all such records, reports and data may be placed in evidence by the committee or by any other person or interested party where material, relevant and competent.

"Section 143-215.5. Judicial Review. Any person against whom any final order or decision has been made except where no appeal is allowed as provided by 143-215.2 (j) shall have a right of appeal to the Superior Court of the county where the order or decision is effective within 30 days after such order or decision has become final. Upon such appeal the committee shall send a certified transcript of the order or decision and the notice of appeal to the Superior Court. The trial shall be de novo, with the procedure as in other civil matters, and appellant shall have the right to have a jury trial.

Any person discharging wastes into the waters which are the subject matter of the proceedings, whether such discharge is immediate or remote, shall have the right to intervene in said pending proceeding and shall have the same right as any other party to introduce evidence as to the reasonableness of the order as defined. Failure of such person to intervene in the proceeding shall not operate to deny him his right to a full hearing on any order that might subsequently be issued to him as provided in this Section.

Both the person and the committee may introduce evidence bearing upon the reasonableness of the order, and the court and jury shall give due consideration to the practicability, the physical and economic feasibility of disposing of the waste involved, and the economic effect on the community, and shall enter such judgment and orders enforcing such judgment as the public interest and equities of the case may require, and as shall be consistent with the provisions of this Article. Such judgment
and orders shall fix a period of time, during which the compliance there-
with shall constitute a satisfactory method of discharging such wastes.
The appellant shall not, during said period of time, and while in com-
pliance with said orders, be required, by the committee or by any court,
to change further his method or process of discharging his wastes. In
fixing said period of time, due consideration shall be given to the expense
involved. Appeals from the judgment and orders of the Superior Court
will lie to the Supreme Court. No bond shall be required of the committee
in appeal to the courts.

"Section 143-215.6. Violations and penalties. (a) Acts which consti-

(2) To fail to comply with the terms of any special order issued by
the committee to such person, which has become final, pursuant to Section
143-215.2.

part of such person resulting from any act of God, war, strike, riot or
other event over which such person has no control.

(b) Penalties for Violations: Any person who shall be adjudged to
have violated this Article shall be guilty of a misdemeanor and shall be
liable to a penalty of not less than fifty dollars ($50.00) nor more than
five hundred dollars ($500.00) for each violation. In addition, if any
person is adjudged to have committed such violation willfully, the court
may determine that each week during which such violation continued con-
stitutes a separate violation subject to the foregoing penalty: Provided,
however, that where a vote of the people is required to effectuate the
intent and purpose of this Article by a municipality or other political sub-
division of the State and the vote on the referendum is against the means
of machinery for carrying the same into effect, then, and only then, this
Section shall not apply to the elected officials or to any duly authorized
appointed officials or employees, of said municipality or political sub-
division.

The ballots to be used in said election shall have printed thereon the words “In favor of approval of contract for sale of water by the City of Asheville in ................................ district” and “Against approval of contract for sale of water by the City of Asheville in ................................ district”; the blanks shall be filled with the name of the water district or water and sewer district in which the election is being held. All other details of said election shall be fixed by the Board of Commissioners and the expenses of holding and conducting the election in the district shall be paid by the Commissioners out of the general fund of the county.

If on any such election the majority of the votes cast is in favor of the approval of the contract for sale of water by the City of Asheville in the district, then the Commissioners of Buncombe County are authorized in their discretion to proceed to the execution of the contract as contemplated by Section 3 hereof; otherwise said contract shall not be executed.

Sec. 7. Water districts or water and sewer districts may be created in Buncombe County by the County Commissioners upon a petition of the qualified voters in such district. The petition shall be signed by a majority of the qualified voters of such proposed district; shall set forth a description of the territory to be embraced therein; shall state the type of district proposed to be created and shall give the name proposed for said district.

Sec. 8. Whenever a petition as prescribed in the next preceding Section of this Act shall have been presented to the Board of Commissioners of Buncombe County, it shall be the duty of said Board within thirty (30) days after the filing of said petition to examine the same in order to determine whether or not the petition contains a sufficient number of signers and whether the said petition is in due form as prescribed by Section 6 hereof. In the event that the said board of Commissioners shall find that the petition contains the requisite number of signers and is in due form in accordance with Section 7 hereof, the said Board of Commissioners of Buncombe County are hereby authorized and empowered to cause a public hearing to be held on the question of the advisability or necessity of establishing or creating said district; they shall have power to fix a day for the said public hearing, not later than sixty (60) days from the date of the filing of said petition with said Board. Notice of such public hearing shall be given by publication in some newspaper published in the City of Asheville and circulated within said proposed district, said publication to be made in said newspaper once a week for four successive weeks, the first publication to appear at least thirty (30) days before the date of said public hearing.

At said public hearing, all property owners, citizens or taxpayers or other persons interested in or affected by the creation of said district, shall have the right to appear before said board and enter any objections which
they may have against the creation or establishment of said district. The said Board of County Commissioners, upon such hearing, may in their discretion, create the said district in accordance with the said petition, or may, in their discretion, refuse to create the said district, or may alter the boundary lines of said district by excluding any property which in their opinion would not be benefited by the proposed improvements, and they may, in their discretion, order a new survey to be made if in their opinion necessary in order to determine the proper boundaries of said proposed district. The determination of the said board of County Commissioners as to the sufficiency of the petition, and the exercise of their discretion as to the advisability and necessity for said district, shall be conclusive.

Sec. 9. In the event the said Board of County Commissioners shall determine that the proposed water district or water and sewer district shall be created, they shall make an order creating said district and designating a name for said district, which may be the name mentioned in the petition. Such order shall set forth a description of the territory which the said Board shall have determined as proper for said district. The said Board shall at the same time appoint three trustees for said district who shall be qualified voters of said district, and who shall hold office for a period of one year or until their successors are appointed and qualified, and at the expiration of their terms of office their successors shall be appointed in like manner by the said Board of County Commissioners: Provided, however, in case of vacancy in said Board of Trustees, due to death, resignation or otherwise, such vacancy shall be filled by the Board of County Commissioners. The trustees so appointed by the County Commissioners shall be clothed with the powers and duties hereinafter mentioned.

Sec. 10. The said board of trustees appointed by the Board of County Commissioners shall elect one of their members as Chairman and one as secretary and shall fix the date for their regular meetings, and may from time to time, upon call of the chairman or two of the trustees, hold special meetings, and a majority of said trustees shall constitute a quorum.

Sec. 11. Every water or water and sewer district created under this Act by the Board of County Commissioners as hereinbefore provided shall be and become a municipal corporation with perpetual existence and may adopt a corporate seal, and may sue and be sued, and may purchase, hold and convey real and personal property, and shall in addition to the powers hereinafter conferred, be clothed with all powers relating to the establishment, regulation, and control of water systems, water sheds, and sewer systems, and extensions thereof as are now conferred on municipal corporations under the laws of North Carolina. In addition to the foregoing powers the trustees of any such district are fully authorized and empowered to enter into a contract or contracts with the City of Asheville or with any other sanitary water or sanitary water and sewer district in Buncombe County or with any other person, firm or private or municipal corporation looking to the construction of a water distribution system or a sewer distribution system or water and sewer distribution systems in said district, and their maintenance or the acquisition, extension, replacement, or maintenance of existing water and sewer systems therein or the
sale and distribution of water in said district. Any such contract shall be for such length of time and on such terms and conditions as the contracting parties may agree.

Sec. 12. Additions to the territory embraced in a water district or a water and sewer district in Buncombe County, now or hereafter existing, may be made by the County Commissioners upon a petition of the qualified voters in the territory proposed to be added to such district. The petition shall be signed by a majority of the qualified voters in such additional territory; shall set forth a description of the territory proposed to be added to such district; shall state the type of district to which the addition is proposed to be made and give its name.

Whenever a petition, as provided in this Section, shall have been presented to the Board of Commissioners of Buncombe County, it shall be the duty of said Board, by the use of the procedure provided by Section 8 of this Act, to determine whether such petition is in due form and to determine after notice and a public hearing, as in said section provided, whether such addition to the territory embraced in an existing district should be made as proposed, the Board of Commissioners being given in proceedings of this kind all of the power and discretion conferred upon them by Section 8 of this Act with respect to the creation of new districts. The determination of said Board as to the sufficiency of the petition and the exercise of their discretion as to the advisability for making the proposed addition to a district shall be conclusive.

If at the time the Board of Commissioners determines that it is advisable to make the proposed addition of territory to an existing district there is outstanding an unpaid bonded indebtedness of such district, the principal and interest of which is or may be met by an ad valorem tax levied on the taxable property in the district, then before any such addition of territory to such district becomes effective, the same must be approved by the qualified voters of the territory proposed to be added to such district at an election held for that purpose. The Board of Commissioners in that event shall call such election to be held in such territory and fix the date for the same. The procedure to be followed in calling said election, giving notice thereof, providing for registration of qualified voters of the territory and holding such election and the powers and duties of the Board of Commissioners with respect to such election shall be as hereinbefore provided in Section 6 of this Act with respect to elections therein provided for and the provisions of said Section insofar as applicable shall apply to elections held under this Section of the Act. The ballots to be used in an election with respect to the addition of territory to an existing district shall have printed thereon the words "In favor of the addition of territory to........................ district" and "Against the addition of territory to........................ district". The blanks shall be filled with the name of the water district or water and sewer district to which it is proposed that an addition be made. If on any such election the majority of the votes cast is in favor of the addition of territory to the district as proposed in the petition filed with respect thereto, then when that result has been determined and declared by the Board of Commissioners of Buncombe County, such territory shall become a part of said district. If the majority of votes
cast is opposed to the addition of territory to said district, the Board of Commissioners shall so declare and the boundaries of the district shall remain unchanged.

When any territory has been added to an existing water district or water and sewer district as herein provided, such added territory shall thereafter be deemed to be a part of that district to the same extent and with the same effects as if it had been a part of the district as originally created.

Sec. 13. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 14. Nothing contained in Section 1 of Chapter 399 of the Public-Local Laws of 1933 shall be construed to impair or affect to any degree any contract between the City of Asheville and any other contracting party made pursuant to the provisions of this Act and providing for the sale of water outside of the City of Asheville by said City, or to affect or impair any of the provisions of any such contract. Any and all such contracts and the provisions thereof shall be deemed to be valid and enforceable, notwithstanding the provisions of Section 1 of Chapter 399 of the Public-Local Laws of 1933 above referred to.

Sec. 15. All laws and clauses of laws in conflict with the provisions of this Act are hereby repealed to the extent that they are in conflict therewith. This Act shall not have the effect of repealing any of the provisions of Chapter 399 of the Public-Local Laws of 1933, which is modified and amended to the extent indicated by Section 14 of this Act but not otherwise.

Subsection (e). Amend Section 105-54 of the General Statutes by redesignating present Subsections (f) and (g) as Subsections (g) and (h), respectively, and by adding a new Subsection (f) to read as follows:

"(f) In the event joint bidders shall submit one joint bid for the construction of any of the projects enumerated under Subsection (a), each of the joint bidders shall procure in his own name a bidder's license under Subsection (a); provided, that if a joint bidder has already procured a bidder's license for the current year, he will not be required to procure an additional bidder's license by reason of joining in a joint bid, and the license so procured shall entitle the licensee to submit other bids, either severally or in conjunction with others, during the remainder of the current license tax year. In the event a contract shall be awarded to joint bidders, a new project license shall be procured under Subsection (b) in the full amount of the contract price or estimated cost of the project, in the same name or names under which the contract is awarded, which new license will be valid for the remainder of the license tax year for the same combination of joint bidders in other joint projects, but will not be valid for a part of the joint bidders, nor for all of them plus others, nor for a part of them plus others.

"For the purpose of this subsection, 'joint bidders' shall mean two or more separate entities consisting of either individuals, partnerships or corporations who or which combine for the purpose of submitting one joint bid for the construction of a particular project, or who or which jointly enter into a contract for the construction of a particular project."

Subsection (f). Amend Section 105-91 of the General Statutes by inserting a new paragraph immediately preceding Subsection (a) to read as follows:

"With respect to electricians and electrical contractors, a license procured under this Section shall cover the installation of electrical equipment, fixtures and wiring in or upon the consumer's premises, or on the 'customer's side' of the point of delivery of electric service, but shall not cover
the installation of or service to transmission or distribution lines or work on the 'distributor's side' of the point of delivery of electric service. With respect to plumbers and plumbing contractors, a license procured under this Section shall cover plumbing work and plumbing installations in buildings and upon the premises upon which the buildings are situated and up to the connection with the sewer or water mains, but shall not cover the construction of or work upon water or sewer systems or mains."

Subsection (g). This Section shall be effective on and after June 1, 1951.

Sec. 3. Amendments to the Franchise Tax Article,
Article 3, Schedule C.

Subsection (a). Amend Section 105-116 of the General Statutes by inserting in line 4 of Subsection (1) between the words "or" and "gas" the word "piped", and by inserting in line 16 of Subsection (3) between the word "receipts" and the comma at the end of said line the words "from piped gas", and by inserting in line 18 of Subsection (3) between the figures in parentheses "(25,000.00)" and the word "shall" the words "from piped gas".

Subsection (b). Amend Section 105-119 of the General Statutes by changing the colon after the word "for" in line 14 of Subsection (2) to a period and by striking out the remainder of said subsection, which reads as follows:

"Provided, that the tax on the first one thousand dollars ($1,000.00) of gross receipts of any such telegraph company shall be at the rate of four per cent (4%), and all gross receipts in excess of said first one thousand dollars ($1,000.00) shall be taxed at the rate of six per cent (6%)."

Subsection (c). Rewrite Section 105-122 of the General Statutes to read as follows:

"§ 105-122. Franchise or privilege tax on domestic and foreign corporations. (1) Every corporation, domestic and foreign, incorporated or, by any Act, domesticated under the laws of this State, except as otherwise provided in this Article or Schedule, shall, on or before the thirty-first day of July of each year, make and deliver to the Commissioner of Revenue in such form as he may prescribe a full, accurate and complete report and statement verified by the oath of its duly authorized officers, containing such facts and information as may be required by the Commissioner of Revenue as shown by the books and records of the corporation as at the close of its last calendar or fiscal year next preceding July thirty-first of the year in which report is due.

“(2) Every such corporation taxed under this Section shall determine the total amount of its issued and outstanding capital stock, surplus and undivided profits; no reservation or allocation from surplus or undivided profits shall be allowed other than for definite and accrued legal liabilities, except as herein provided; taxes accrued, dividends declared and reserves for depreciation of tangible assets as permitted for income tax purposes shall be treated as deductible liabilities. Treasury stock shall not be considered in computing the capital stock, surplus and undivided profits as the basis for franchise tax, but shall be excluded proportionately from

591
said capital stock, surplus and undivided profits as the case may be upon the basis and to the extent of the cost thereof.

"Every corporation doing business in this State which is a parent, subsidiary, or affiliate of another corporation shall add to its capital stock, surplus and undivided profits all indebtedness owed to or endorsed by a parent, subsidiary or affiliated corporation as a part of its capital used in its business and as a part of the base for franchise tax under this Section. The term 'indebtedness' as used in this paragraph shall include all loans, credits, goods, supplies or other capital of whatsoever nature furnished by a parent, subsidiary, or affiliated corporation. The terms 'parent,' 'subsidiary,' and 'affiliate' as use in this paragraph shall have the meaning specified in Section 105-143. If any part of the capital of the creditor corporation is capital borrowed from a source other than a parent, subsidiary or affiliate, the debtor corporation, which is required under this paragraph to include in its tax base the amount of debt by reason of being a parent, subsidiary, or affiliate of the said creditor corporation, may deduct from the debt thus included a proportionate part determined on the basis of the ratio of such borrowed capital as above specified of the creditor corporation to the total assets of the said creditor corporation. Further, in case the creditor corporation as above specified is also taxable under the provisions of this Section, such creditor corporation shall be allowed to deduct from the total of its capital, surplus and undivided profits the amount of any debt owed to it by a parent, subsidiary or affiliated corporation to the extent that such debt has been included in the tax base of said parent, subsidiary or affiliated debtor corporation reporting for taxation under the provisions of this Section.

"In determining the total amount of the capital stock, surplus and undivided profits, as herein defined, effect shall be given to the final judgment of any court approving a corporate reorganization entered prior to July first of any calendar year and since the close of the corporation's last calendar or fiscal year next preceding.

"(3) After ascertaining and determining the amount of its capital stock, surplus and undivided profits, as herein provided, every such corporation permitted to do business in this State shall allocate to such business in this State a proportion of the total amount of its capital stock, surplus and undivided profits as herein defined, according to the following rules:

"(A) If the principal business in this State of a company is manufacturing, or if it is any form of collecting, buying, assembling, or processing goods and materials within this State, the total amount of capital stock, surplus and undivided profits of such corporation shall be apportioned to North Carolina on the basis of the ratio obtained by taking the arithmetical average of the following two ratios:

"(a) The ratio of the book value of its real estate and tangible personal property in this State on the date of the close of the calendar or fiscal year of such corporation in the income year is to the book value of its entire real estate and tangible personal property then owned by it, with no deductions on account of encumbrances thereon.
“(b) The ratio of the total cost of manufacturing, collecting, buying, assembling, or processing within this State during the income year to the total cost of manufacturing, collecting, assembling, or processing within and without the State. The term ‘cost of manufacturing, collecting, buying, assembling, or processing within and without this State’ as used herein shall be interpreted in a manner to conform as nearly as may be to the best accounting practice in the trade or business. Unless in the opinion of the Commissioner of Revenue the peculiar circumstances in any case justify a different basis, this term shall be generally interpreted to include as elements of cost within and without this State the following:

“(c) The total cost of all goods, materials, and supplies used in manufacturing, assembling, or processing, regardless of where purchased.

“(d) The total wages and salaries paid or accrued during the income year in such manufacturing, assembling, or processing activities.

“(e) The total overhead or manufacturing burden properly assignable according to good accounting practice to such manufacturing, assembling, or processing activities, not including, however, property, privilege, stamp or other taxes.

“(f) The term ‘book value’ as used herein shall be defined to mean original cost plus additions and improvements less reserve for depreciation on the date of the close of the calendar or fiscal year of such company, unless in the opinion of the Commissioner of Revenue the peculiar circumstances in any case justify a different basis.

“(g) The words ‘tangible personal property’ shall be taken to mean corporeal personal property such as machinery, tools, implements, goods, wares and merchandise, and shall not be taken to mean cash on hand or in bank, shares of stock, bonds, notes, accounts receivable, credits, special privileges, franchises, good will, or evidence of an interest in property and evidences of debt.

“(h) The word ‘manufacturing’ shall be defined as mining and all processes of fabricating or of curing raw material.

“(B) If the principal business in this State of a company is selling, distributing, or dealing in tangible personal property within this State, the total amount of capital stock, surplus and undivided profits of such company shall be apportioned to North Carolina on the basis of the ratio obtained by taking the arithmetical average of the following two ratios:

“(a) The ratio of the book value of its real estate and tangible personal property in this State on the date of the close of the calendar or fiscal year of such company in the income year is to the book value of its entire real estate and tangible personal property then owned by it, with no deduction on account of encumbrances thereon.

“(b) The ratio of the total sales made through or by offices, agencies, or branches located in North Carolina during the income year to the total sales made everywhere during said income year.

“(c) The word ‘sales’ as used in this Section shall be defined as sale or rental of real estate and sale or rental of tangible properties.

“(d) The term ‘book value’ as used herein shall be defined to mean original cost plus additions and improvements less reserve for deprecia-
tion on the date of the close of the calendar or fiscal year of such company, unless in the opinion of the Commissioner of Revenue the peculiar circumstances in any case justify a different basis.

"(e) The words 'tangible personal property' shall be taken to mean corporeal personal property such as machinery, tools, implements, goods, wares and merchandise, and shall not be taken to mean cash on hand or in bank, shares of stock, bonds, notes, accounts receivable, credits, special privileges, franchises, good will, or evidence of an interest in property and evidences of debt.

"(C) If the principal business in this State of a corporation is other than that described in Subsection (A) or Subsection (B) of this Section, then the total amount of capital stock, surplus, and undivided profits of such corporation shall be apportioned to North Carolina on the basis of the ratio of its gross receipts in this State during the income year to its gross receipts for such year within and without the State.

"(a) The words 'gross receipts' as used in this subsection shall be taken to mean and include the entire receipts for business done by such corporation.

"(D) If any corporation believes that the method of allocation or apportionment hereinbefore described as administered by the Commissioner of Revenue has operated or will so operate as to subject it to taxation on a greater portion of its capital stock, surplus, and undivided profits than is reasonably attributable to business within the State, it shall be entitled to file with the Commissioner a petition setting forth the facts upon which its belief is based and its argument with respect to the application of the allocation formula. This petition shall be filed in such form and within such time as the Commissioner may prescribe. If, after a consideration of the matters involved, it shall be found by the Commissioner upon evidence offered which is clear, cogent and convincing that the application of the allocation formula subjects the corporation to taxation on a greater portion of its capital stock, surplus and undivided profits than is reasonably attributable to business within this State, the Commissioner shall be authorized to add to the factors of the applicable allocation formula, or substitute for one of the factors of the applicable allocation formula, depending on whether such addition or such substitution in the opinion of the Commissioner more accurately reflects the capital stock, surplus, and undivided profits attributable to this State, the following factor:

"The ratio of the expenditure of the wages, salaries, commissions, or other compensation of whatsoever kind to its officers or employees, assignable to this State as hereinafter provided, to the total expenditure of the corporation for wages, salaries, commissions, or other compensation of whatsoever kind to all its officers or employees. The amount assignable to this State of the expenditure of the corporation for wages, salaries, commissions or other compensation to its officers or employees shall be such expenditure for the taxable year as represents the compensation of officers or employees not chiefly situated at, connected with or sent out from premises for the transaction of business owned or rented by the corporation outside the State.
"The relief herein authorized shall be granted by the Commissioner only in cases of clear, cogent, and convincing proof that the petitioning taxpayer is entitled thereto. There shall be a presumption that the allocation formula prescribed in subdivision (3) of this Section reasonably attributes to North Carolina the proportion of the corporation's capital stock, surplus and undivided profits used in connection with its business in this State, and the burden shall rest upon the corporation to show the contrary. No corporation shall use this alternative factor in making a franchise tax report or return to this State except upon order in writing of the Commissioner, and any return in which the alternative factor is used without the permission of the Commissioner shall not be a lawful return.

"(E) The proportion of the total capital stock, surplus and undivided profits of each such corporation so allocated shall be deemed to be the proportion of the total capital stock, surplus and undivided profits of each such corporation used in connection with its business in this State and liable for annual franchise tax under the provisions of this Section.

"(4) After determining the proportion of its total capital stock, surplus and undivided profits as set out in Subsection 3 of this Section, which amount so determined shall in no case be less than the total assessed value (including total gross valuation returned for taxation of intangible personal property) of all the real and personal property in this State of each such corporation for the year in which report is due nor less than its total actual investment in tangible property in this State, every corporation taxed under this Section shall annually pay to the Commissioner of Revenue, at the time the report and statement are due, a franchise or privilege tax, which is hereby levied, at the rate of one dollar and fifty cents ($1.50) per one thousand dollars ($1,000.00) of the total amount of capital stock, surplus and undivided profits as herein provided. The tax imposed in this Section shall in no case be less than ten dollars ($10.00) and shall be for the privilege of carrying on, doing business, and/or the continuance of articles of incorporation or domestication of each such corporation in this State: Provided, that the basis for the franchise tax on all corporations, eighty per cent (80%) of whose outstanding capital stock is owned by persons or corporations to whom or to which such stock was issued prior to January 1, 1935, in part payment or settlement of their respective deposits in any closed bank of the State of North Carolina, shall be the total assessed value of the real and tangible personal property of such corporation in this State for the year in which report and statement is due under the provisions of this Section. The term 'total actual investment in tangible property' as used in this Section shall be construed to mean the total original purchase price or consideration to the reporting taxpayer of its tangible properties, including real estate, in this State plus additions and improvements thereto less reserve for depreciation as permitted for income tax purposes, and also less any indebtedness incurred and existing by virtue of the purchase of any real estate and any permanent improvements made thereon.
"In determining the total tax payable by any corporation under this Section and under Section 105-115 there shall be allowed as credit on such tax the amount of intangibles tax paid during the preceding franchise tax year on bank deposits under the provisions of Section 105-199, except that the minimum tax herein provided shall not be less than the ten dollars ($10.00) elsewhere specified.

"(5) The report, statement and tax required by this Section shall be in addition to all other reports required or taxes levied and assessed in this State.

"(a) Counties, cities and towns shall not levy a franchise tax on corporations taxed under this Section."

Subsection (d) This Section shall be effective from and after the ratification of this Act.

CHAPTER 704

AN ACT TO PROVIDE FOR THE ISSUANCE OF BONDS BY MUNICIPALITIES FOR FINANCING OFF-STREET PARKING FACILITIES; PROVIDING FOR THE IMPOSITION AND COLLECTION OF RATES, RENTALS, FEES AND CHARGES FOR THE USE OF SUCH PARKING FACILITIES; PLEDGING TO THE PAYMENT OF SUCH BONDS THE REVENUES OF SUCH PARKING FACILITIES; PROVIDING FOR THE LEVY OF SPECIAL ASSESSMENTS UPON BENEFITED PROPERTY; AND AUTHORIZING THE PLEDGING OF SUCH SPECIAL ASSESSMENTS AND THE REVENUES OF ON-STREET PARKING METERS.

The General Assembly of North Carolina do enact:

Section 1. Declaration of Public Necessity. It is hereby determined and declared that the free circulation of traffic of all kinds through the streets of the municipalities in the State is necessary to the health, safety and general welfare of the public, whether residing in such municipalities or travelling to, through or from such municipalities in the course of lawful pursuits; that in recent years the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in the streets of such municipalities; that the parking of motor vehicles in the streets has contributed to this congestion to such an extent as to constitute at the present time a public nuisance; that such parking prevents the free circulation of traffic in, through and from such municipalities, impedes the rapid and effective fighting of fires and disposition of police forces, threatens irreparable loss in values of urban property which can no longer be readily reached by vehicular traffic, and endangers the health, safety and welfare of the general public; that the regulation of traffic on the streets by the installation of parking meters and the imposition of charges in connection with such on-street parking facilities has not relieved this
congestion except to a limited extent; that this traffic congestion is not capable of being adequately abated except by provisions for sufficient off-street parking facilities; that adequate off-street parking facilities have not been provided and parking spaces now existing must be forthwith supplemented by off-street parking facilities provided by public undertaking; and that the enactment of the provisions of this Act is hereby declared to be a public necessity.

Sec. 2. Definitions. As used in this Act, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

(a) The word “municipality” shall mean any city or town in the State, whether incorporated by Special Act of the General Assembly or under the general laws of the State, which may desire to finance parking facilities under the provisions of this Act.

(b) The term “governing body” shall mean the board or body in which the general legislative powers of a municipality are vested.

(c) The words “Parking Facilities” shall mean and shall include lots, garages, parking terminals or other structures (either single or multi-level and either at, above or below the surface) to be used solely for the off-street parking of motor vehicles, open to public use for a fee, and all property, rights, easements and interests relating thereto which are deemed necessary for the construction or the operation thereof.

(d) The word “cost” as applied to parking facilities or to extensions or additions thereto shall include the cost of acquisition, construction or reconstruction, the cost of all labor, materials, machinery and equipment, the cost of all lands, property, rights, easements and interests acquired by the municipality for such parking facilities or the operation thereof, the cost of demolishing or removing any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during construction and, if deemed advisable by the governing body, for one year after completion of construction, cost of engineering and legal services, plans, specifications, surveys and estimates of cost and of revenues, administrative expense, and such other expense as may be necessary or incident to such acquisition, construction or reconstruction, the financing thereof and the placing of the parking facilities in operation.

(e) The word ‘revenues’ when applied to revenues of the parking facilities shall mean the net revenues derived in any fiscal year from the operation of the parking facilities after paying all expenses of operating, managing and repairing such parking facilities.

Sec. 3. General Grant of Powers. The governing body of any municipality in the State is hereby authorized and empowered:

(a) To acquire, construct, reconstruct, equip, improve, extend, enlarge, maintain, repair and operate parking facilities within the corporate limits of such municipality;

(b) To issue bonds of the municipality as hereinafter provided to pay the cost of such acquisition, construction, reconstruction, equipment, improvement, extension or enlargement;
(c) To establish and revise from time to time and to collect (such collection to be made by the use of parking meters, if deemed desirable by the governing body) rates, rentals, fees and other charges for the services and facilities furnished by such parking facilities, and to establish and revise from time to time regulations in respect of the use, operation and occupancy of such parking facilities or part thereof;

(d) To accept from any authorized agency of the Federal Government loans or grants for the planning, construction or acquisition of any parking facilities and to enter into agreements with such agency respecting any such loans or grants, and to receive and accept aid and contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such loans, grants or contributions may be made;

(e) Subject to any provisions or restrictions which may be set forth in the ordinance authorizing bonds, to acquire in the name of the municipality, either by purchase or the exercise of the right of eminent domain, such lands and rights and interests therein, and to acquire such personal property, as it may deem necessary in connection with the construction, reconstruction, improvement, extension, enlargement or operation of any parking facilities;

(f) To lease all or any part of such parking facilities upon such terms and conditions and for such term of years as it may deem advisable to carry out the provisions of this Act;

(g) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act, and to employ such engineers, attorneys, accountants, construction and financial experts, superintendents, managers and other employees and agents as it may deem necessary, and to fix their compensation; and

(h) To do all acts and things necessary or convenient to carry out the powers expressly granted in this Act.

Sec. 4. Issuance of Bonds. Subject to the provisions of The Municipal Finance Act of 1921, as amended, subchapter III, Chapter 160 of the General Statutes, but notwithstanding any limitation or indebtedness contained therein or in any other law, any municipality may issue its negotiable bonds for the purpose of paying the cost of parking facilities, for the payment of which bonds, there shall be pledged, in addition to the full faith, credit and taxing power of the municipality, (a) the revenues of such parking facilities, (b) all the revenues of on-street parking meters collected in each fiscal year following the issuance of all or any part of such bonds (after paying any operating deficit of such parking facilities therewith) until a reserve has been established and is maintained at the close of each fiscal year which shall equal in amount at least ten per centum (10%) of the principal amount of such bonds then outstanding or at least the total amount of principal of and interest on such bonds falling due in the next ensuing fiscal year, whichever is greater, and (c) the proceeds of special assessments levied as hereinafter provided upon benefited property, except that all or any part of such proceeds may be applied to
the payment of notes issued in anticipation of receipt of the proceeds of sale of such bonds, but the amount of such bonds authorized shall be reduced by the amount of such payments.

Such bonds shall mature at such time or times, not exceeding 40 years from their respective dates, and may be subject to such terms of redemption with or without premium, as the governing body may provide, with the approval of the Local Government Commission. The governing body may authorize the purchase and retirement of any of such bonds with funds pledged to their payment at market prices not in excess of the redemption value of the bonds so purchased.

Money may be borrowed in anticipation of the receipt of the proceeds of sale of such bonds under the provisions of Section 160-375 of the General Statutes, and notes may be issued therefor as provided in Section 160-376 of the General Statutes.

Bonds and notes issued under the provisions of this Act shall be subject to the provisions of the Local Government Act.

Sec. 5. Parking Meters. The governing body of any municipality in the State is hereby authorized to install parking meters, or cause the same to be installed, at or near the curbs of the streets within the municipality and to adopt such regulations and impose such charges in connection with any parking meters heretofore or hereafter installed as it may deem advisable. The governing body is further authorized to combine into a single project for financing purposes and for the more adequate regulation of traffic and relief of congestion such parking meters or any portion thereof with any parking facilities financed by bonds issued under the provisions of this Act and to pledge to the payment of such bonds, as provided in Section 4 of this Act, the revenues derived from such parking meters.

Sec. 6. Pledge of Revenues. The revenues derived from any parking facilities for which bonds shall be issued under the provisions of this Act shall be pledged to the payment of the principal of and the interest on such bonds. Subject to the provisions of Section 4 of this Act, the governing body shall also pledge to the payment of such principal and interest the revenues derived from on-street parking meters, and all or any part of the special assessments levied as hereinafter provided upon benefited property.

Sec. 7. Authorizing Ordinance. Any ordinance authorizing the issuance of bonds under the provisions of this Act shall contain the following matters, in addition to all other matters required to be stated therein by The Municipal Finance Act:

(1) A statement that the revenues of on-street parking meters shall be pledged to the payment of such bonds as provided in this Act; and

(2) A statement that special assessments shall be levied on benefited property, giving a description of the property which is to be specially benefited and is to be assessed, the basis of assessment, the proportion of the cost to be specially assessed, and the number of equal annual installments in which assessments may be paid. Such installments shall be not less than five nor more than twenty.
Sec. 8. Special Assessments. Any municipality in the State shall have power, through its governing body, upon petition made as herein provided, to provide for the levy of special assessments on benefited property.

A. The Petition. A petition shall be submitted to the governing body of any municipality in the State requesting such governing body to issue bonds for the purpose of paying the cost of parking facilities. Such petition shall (a) designate by a brief description the parking facilities proposed; (b) request that the same be provided as authorized by this Act; (c) set forth a description of the property which is to be specially benefited and is to be assessed; (d) request that such proportion of the cost of such parking facilities as may be specified in the petition be specially assessed against the property in the benefited area; (e) set forth the basis on which such assessments shall be assessed, whether by lineal feet of frontage on streets in the benefited area, by square feet of floor space on property fronting on streets in the benefited area, or by some other fair basis as determined upon by the petitioners. The petition shall be signed by at least a majority in number of the owners of property in the benefited area, who must represent at least a majority of the lineal feet of frontage, square feet of floor space, or other basis on which the assessments shall be assessed. For the purpose of the petition, all the owners of undivided interests in any land shall be deemed and treated as one person and such land shall be sufficiently signed for when the petition is signed by the owner or owners of a majority in amount of such undivided interests: Provided, that for the purpose of this Section the word "owners" shall be considered to mean the owners of any life estate, of an estate by entirety, or of the estate of inheritance, and shall not include mortgagees, trustees of a naked trust, trustees under deeds of trust to secure the payment of money, lien holders, or persons having inchoate rights of courtesy or dower. Upon the filing of such petition with the municipality, the clerk, or other person designated by the governing body thereof, shall investigate the sufficiency of the petition, and if it is found to be sufficient, he shall certify the same to the governing body.

B. The Preliminary Resolution. Upon the finding by the governing body that the petition provided for in the preceding subsection is sufficient, the governing body shall adopt a resolution which shall contain substantially the following:

(1) That a sufficient petition has been filed requesting the issuance of bonds for the purpose of paying the cost of parking facilities;

(2) A brief description of the proposed parking facilities;

(3) A description of the property to be specially benefited and assessed, the proportion of the cost of the parking facilities to be specially assessed, the basis of assessment, and the number of equal annual installments in which the assessments may be paid;

(4) A notice of the time and place, when and where a public hearing will be held to hear the objections of all interested persons to (i) the proposed parking facilities, (ii) the property which is to be specially benefited and assessed, (iii) the proportion of the cost of the parking facilities to be specially assessed, (iv) the basis of assessment, and (v) the number
of equal annual installments in which the assessments may be paid, which notice shall state that a petition has been filed requesting the issuance of bonds for the purpose of paying the cost of the parking facilities, shall contain a brief description of the proposed parking facilities and a description of the property to be specially benefited and assessed, shall show the proportion of the cost of the parking facilities to be specially assessed, the basis of assessment, and the number of equal annual installments in which the assessments may be paid, and such notice shall also state that all objections shall be made in writing, signed in person or by attorney, and filed with the clerk of the municipality at or before the time of such hearing, and that any such objections not so made will be waived.

Said notice shall be published one time in a newspaper published in the municipality, or if there be no such newspaper, such notice shall be posted in three public places in the municipality for at least five days, the date of publication or posting of the notice to be not less than ten days prior to the date fixed for the hearing.

C. Public Hearing on Preliminary Resolution. At the time for the public hearing, or at some subsequent time to which such hearing shall be adjourned, the governing body shall consider such objections as have been made in compliance with subsection B (4) above. Any objection not made in writing, signed in person or by attorney, and filed with the clerk of the municipality at or before the time or adjourned time of such hearing shall be considered as waived; and if any such objection shall be made and shall not be sustained by the governing body, the adoption of the ordinance as provided in the next following subsection, shall be the final adjudication of the issues presented, unless an action or proceeding is commenced to set aside the ordinance or to obtain other relief upon the ground that the ordinance is invalid as provided by Section 160-385 of the General Statutes.

D. Authorizing Ordinance. The governing body shall thereafter determine in its discretion whether or not to proceed with the acquisition or construction of such parking facilities, and if it decides to proceed, it shall then adopt a bond ordinance in accordance with the provisions of Section 7 of this Act.

E. Amount of Assessment Ascertained. Upon the completion of the proposed parking facilities the governing body shall compute and ascertain the total cost thereof. The governing body must thereupon make an assessment in accordance with the terms of the bond ordinance, and for that purpose must make out an assessment roll in which must be entered the names of the persons assessed as far as they can ascertain the same, and the amount assessed against them, respectively, with a brief description of the lots or parcels of land assessed.

F. Filing of Assessment Roll; Publication of Notice of Hearing Thereon. After such assessment roll has been completed, the governing body of the municipality shall cause it to be filed in the office of the clerk of the municipality for inspection by parties interested, and shall cause to be published one time, in some newspaper published in the municipality, or if there be no such newspaper the governing body shall cause to be posted in three public places in the municipality, a notice of the completion of
THE ASSESSMENT ROLL, SETTING FORTH A DESCRIPTION IN GENERAL TERMS OF THE PARKING FACILITIES, AND STATING THE TIME FIXED FOR THE MEETING OF THE GOVERNING BODY FOR THE HEARING OF OBJECTIONS TO THE SPECIAL ASSESSMENTS, SUCH MEETING TO BE NOT EARLIER THAN 10 DAYS AFTER THE FIRST PUBLICATION OR FROM THE DATE OF POSTING OF SAID NOTICE. THE GOVERNING BODY SHALL PUBLISH IN SAID NOTICE THE AMOUNT OF EACH ASSESSMENT.

G. HEARING, REVISION; CONFIRMATION; LIEN. AT THE TIME APPOINTED FOR THAT PURPOSE OR AT SOME OTHER TIME TO WHICH IT MAY ADJOURN, THE GOVERNING BODY OF THE MUNICIPALITY SHALL HEAR THE OBJECTIONS TO THE ASSESSMENT ROLL OF ALL PERSONS INTERESTED, WHO MAY APPEAR AND OFFER PROOF IN RELATION THERETO. THEN OR THEREAFTER, THE GOVERNING BODY SHALL EITHER ANNUL OR SUSTAIN OR MODIFY IN WHOLE OR IN PART THE PRIMA FACIE ASSESSMENT AS INDICATED ON SAID ROLL, EITHER BY CONFIRMING THE PRIMA FACIE ASSESSMENT AGAINST ANY OR ALL LOTS OR PARCELS DESCRIBED THEREIN, OR BY CANCELLING, INCREASING OR REDUCING THE SAME, ACCORDING TO THE SPECIAL BENEFITS WHICH SAID GOVERNING BODY DECIDES EACH OF SAID LOTS OR PARCELS HAS RECEIVED OR WILL RECEIVE ON ACCOUNT OF SUCH PARKING FACILITIES. IF ANY PROPERTY WHICH MAY BE CHARGEABLE UNDER THIS ACT SHALL HAVE BEEN OMITTED FROM SAID ROLL OR IF THE PRIMA FACIE ASSESSMENT HAS NOT BEEN MADE AGAINST IT, THE GOVERNING BODY MAY PLACE ON SAID ROLL AN APPORTIONMENT TO SAID PROPERTY. THE GOVERNING BODY MAY THEREUPON CONFIRM SAID ROLL, BUT SHALL NOT CONFIRM ANY ASSESSMENT IN EXCESS OF THE SPECIAL BENEFITS TO THE PROPERTY ASSESSED AND THE ASSESSMENTS SO CONFIRMED SHALL BE IN PROPORTION TO THE SPECIAL BENEFITS. WHENEVER THE GOVERNING BODY SHALL CONFIRM AN ASSESSMENT FOR PARKING FACILITIES, THE CLERK OF THE MUNICIPALITY SHALL ENTER ON THE MINUTES OF THE GOVERNING BODY AND ON THE ASSESSMENT ROLL, THE DATE, HOUR, AND MINUTE OF SUCH CONFIRMATION, AND FROM THE TIME OF SUCH CONFIRMATION THE ASSESSMENTS EMBRACED IN THE ASSESSMENT ROLL SHALL BE A LIEN ON THE PROPERTY AGAINST WHICH THE SAME ARE ASSESSED OF THE SAME NATURE AND TO THE SAME EXTENT AS COUNTY AND CITY OR TOWN TAXES AND SUPERIOR TO ALL OTHER LIENS AND ENCUMBRANCES. AFTER THE ASSESSMENT ROLL IS CONFIRMED A COPY OF THE SAME SHALL BE DELIVERED TO THE TAX COLLECTOR OF THE MUNICIPALITY.

H. APPEAL TO SUPERIOR COURT. IF THE OWNER OF, OR ANY PERSON INTERESTED IN, ANY LOT OR PARCEL OF LAND AGAINST WHICH AN ASSESSMENT IS MADE IS DISSATISFIED WITH THE AMOUNT OF SUCH ASSESSMENT HE MAY, WITHIN 10 DAYS AFTER THE CONFIRMATION OF THE ASSESSMENT ROLL, GIVE WRITTEN NOTICE TO THE MAYOR OR CLERK OF THE MUNICIPALITY THAT HE TAKES AN APPEAL TO THE SUPERIOR COURT OF THE COUNTY WHEREIN SUCH MUNICIPALITY IS Situated, IN WHICH CASE HE SHALL WITHIN 20 DAYS AFTER THE CONFIRMATION OF THE ASSESSMENT ROLL SERVE ON SAID MAYOR OR CLERK A STATEMENT OF FACTS UPON WHICH HE BASES HIS APPEAL. THE APPEAL SHALL BE TRIED AS OTHER ACTIONS AT LAW. THE REMEDY HEREIN PROVIDED FOR ANY PERSON DISSATISFIED WITH THE AMOUNT OF THE ASSESSMENT AGAINST ANY PROPERTY OF WHICH HE IS THE OWNER OR IN WHICH HE IS INTERESTED SHALL BE EXCLUSIVE.

I. POWER TO ADJUST ASSESSMENTS. THE GOVERNING BODY MAY CORRECT, CANCEL OR REMIT ANY ASSESSMENT FOR PARKING FACILITIES, AND MAY REMIT, CANCEL OR ADJUST THE INTEREST OR PENALTIES ON ANY SUCH ASSESSMENT. THE GOVERNING BODY HAS THE POWER, WHEN IN ITS JUDGMENT THERE IS ANY IRREGULARITY, OMISS...
sion, error or lack of jurisdiction in any of the proceedings relating thereto to set aside the whole of the local assessment made by it, and thereupon to make a reassessment. The proceeding shall be in all respects as in the case of original assessment, and the reassessment shall have the same force as if it had originally been properly made.

J. Payment of Assessment in Cash or by Installments. The property owner against whom an assessment is made shall have the option and privilege of paying the assessment in cash, or if he should so elect and give notice of the fact in writing to the municipality within 30 days after the confirmation of the assessment roll, he shall have the option and privilege of paying the assessments in installments as may have been determined by the governing body in the bond ordinance. Such installments shall bear interest at the rate of six per cent (6%) per annum from the date of the confirmation of the assessment roll, and in case of the failure or neglect of any property owner to pay any installment when the same shall become due and payable, then and in that event all of the installments remaining unpaid shall at once become due and payable and such property shall be sold by the municipality under the same rules, regulations, rights of redemption and savings as are now prescribed by law for the sale of land for unpaid taxes. The whole assessment may be paid at the time of paying any installment by payment of the principal and all interest accrued to that date.

K. Payment of Assessment Enforced. After the expiration of 20 days from the confirmation of an assessment roll the tax collector or such other officer of the municipality as the governing body may direct so to do shall cause to be published in a newspaper published in the municipality, or if there be no such newspaper, shall cause to be posted in at least three public places therein, a notice that any assessment contained in the assessment roll, naming and describing it, may be paid to him at any time before the expiration of 30 days from the first publication of the notice without any addition. In the event the assessment is not paid within such time, it shall bear interest at the rate of six per cent (6%) per annum from the date of confirmation of the assessment roll. The assessment shall be due and payable on the date on which taxes are payable, provided, that where an assessment is divided into installments one installment shall become due and payable each year on the date on which taxes are due and payable. After default in the payment of any installment, the governing body may, on the payment of all installments in arrears, together with interest due thereon and on reimbursement of any expenses incurred in attempting to obtain payment, reinstate the remaining unpaid installments of such assessment so that they shall become due in the same manner as they would have if there had been no default, and such extension may be granted at any time prior to the institution of an action to foreclose.

L. Sale or Foreclosure for Unpaid Assessments Barred in 10 Years; No Penalties. No statute of limitation, whether fixed by law especially referred to in this Act or otherwise, shall bar the right of the municipality to enforce any remedy provided by law for the collection of unpaid assessments, save from and after 10 years from default in the payment.
thereof, or if payable in installments, 10 years from the default in the payment of any installment. No penalties prescribed for failure to pay taxes shall apply to special assessments, but they shall bear interest at the rate of six per cent (6%) per annum only. In any action to foreclose a special assessment the costs shall be taxed as in any other civil action, and shall include an allowance for the commissioner appointed to make the sale, which shall not be more than five per cent (5%) of the amount for which the land is sold, and one reasonable attorney's fee for the plaintiff.

M. Assessments in Case of Tenant for Life or Years. Whenever any real estate or portion thereof is in the possession or enjoyment of a tenant for life, or a tenant for a term of years, and an assessment is laid or levied on said property, the amount so assessed for such purposes, or a portion of the amount so assessed in case only a portion of the real estate is so possessed, shall be paid by the tenant for life or for years, and the remaindersmen after the life estate, or the owner in fee after the expiration of tenancy for a term of years, pro rata their respective interests in said real estate.

The respective interests of a tenant for life and the remainderman in fee shall be calculated as provided in Section 37-13 of the General Statutes.

If the assessment, after same shall be laid or levied, shall all be paid by either the tenant for life or the tenant for a term of years, or by the remainderman, or the owner in fee, the party paying more than his pro rata share of the same shall have the right to maintain an action in the nature of a suit for contribution against the delinquent party to recover from him his pro rata share of such assessment, with interest thereon from the date of such payment, and be subrogated to the right of the municipality to a lien on such property for the same.

Any one of several tenants in common, or joint tenants, or copartners, shall have the right to pay the whole or any part of the special assessments assessed or due upon the real estate held jointly or in common, and all sums by him so paid in excess of his share of such special assessments, interest, costs and amounts required for redemption, shall constitute a lien upon the shares of his cotenant or associates, payment whereof, with interest and costs, he may enforce in proceedings for partition, actual or by sale, or in any other appropriate judicial proceeding: Provided, the lien provided for in this paragraph shall not be effective against an innocent purchaser for value unless and until notice thereof is filed in the office of the Clerk of the Superior Court in the county in which the land lies and indexed and docketed in the same manner as other liens required by law to be filed in such clerk's office.

N. Apportionment of Assessments. When any special assessment has been made against any property as authorized by this Act, and it is desirable that said assessment be apportioned among subdivisions of said property, the governing body of the municipality shall have authority, upon petition of the owner of said property, to apportion said assessment fairly among said subdivisions. Thereafter, each of said subdivisions shall be relieved of any part of such original assessment except the part thereof apportioned to said subdivision; and the part of said original assessment
apportioned to any such subdivision shall be of the same force and effect as the original assessment.

O. No Change of Ownership Affects Proceedings. No change of ownership of any property or interest therein after the passage of the bond ordinance authorized by this Act shall in any manner affect subsequent proceedings, and the parking facilities may be completed and assessments made therefor as if there had been no change in such ownership.

P. Lands Subject to Assessment. No lands in the municipality shall be exempt from special assessment as provided in this Act except lands belonging to the United States and except as provided in Section 9 hereof: and the governing bodies of municipalities and the officers, trustees or boards of all incorporated or unincorporated bodies in whom is vested the right to hold and dispose of real property shall have the right by authority duly given to sign the petition for any parking facilities authorized by this Act.

Q. Proceedings In Rem. All proceedings for special assessment under the provisions of this Act shall be regarded as proceedings in rem, and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded a substantial mistake or omission.

Sec. 9. Exemption of Property from Taxation. As adequate off-street parking facilities are essential to the health, safety and general welfare of the public, and as the exercise of the powers conferred by this Act to effect such purposes constitute the performance of essential municipal functions, and as parking facilities constructed under the provisions of this Act constitute public property and are used for municipal purposes, no municipality shall be required to pay any taxes or assessments upon any such parking facilities or any part thereof, or upon the income therefrom, and any bonds issued under the provisions of this Act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the State.

Sec. 10. Alternative Method. This Act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local.

Sec. 11. Liberal Construction. The provisions of this Act, being necessary for the welfare of the municipalities and their inhabitants, shall be liberally construed to effect the purposes thereof.

Sec. 12. Provisions of Act Severable. The provisions of this Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Sec. 13. Inconsistent Laws Inapplicable. All other general or special laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this Act.
Sec. 14. This Act shall be in full force and effect from and after its ratification.

CHAPTER 707

AN ACT TO AMEND THE ACT RELATING TO THE SCHOOLS OF THE GREENSBORO CITY ADMINISTRATIVE UNIT AND TO THE GOVERNING BODY THEREOF, SET OUT IN CHAPTER 385, SESSION LAWS 1949, AND AS AMENDED BY CHAPTER 968, SESSION LAWS 1949.

The General Assembly of North Carolina do enact:

Section 1. Article 6 of Chapter 385, Session Laws, 1949, and as amended in Chapter 968, Session Laws, 1949, is hereby amended by adding at the end of said Article 6 the following sections:

"Sec. 6.8. Insurance for terms not exceeding five years.

(a) The board may enter into contracts for any insurance, of any kind which it is permitted by law to carry, for terms not exceeding five years for any policy and for the payment of the premium thereon in annual or such other installments as it may deem advisable.

(b) All contracts for insurance heretofore made by the board for any term in excess of one year are hereby validated.

"Sec. 6.9. Interim appropriations and disbursements.

(a) During the interval between the beginning of any fiscal year and the date of approval of the budget for that year, the board may, from any available funds, make such appropriations and disburse such amounts as it may deem necessary or proper to pay salaries and wages, principal and interest of indebtedness, and all other necessary or proper expenses becoming due and payable during such interval. Each amount so paid shall be chargeable to the proper budget fund thereafter approved for that fiscal year.

(b) During the interval between the beginning of any fiscal year and the date of approval of the budget for that year, the board may make such appropriations and may disburse such amounts as it may deem advisable from any surplus which it has in the capital outlay fund, the current expense fund, the book fund, or the cafeteria fund for the purchase of equipment, materials, and supplies for the then current year. Each amount so used shall be chargeable to the proper budget fund thereafter approved for that fiscal year.

"Sec. 6.10. Investment of surplus funds.

(a) Whenever the board has on deposit in any bank or has otherwise on hand any money belonging to the capital outlay fund, the current expense fund, the debt service fund, the book fund, the cafeteria fund, the nonbudget fund, or any other fund of which it has control, which in the opinion of the board is in excess of the amount required to meet the current needs of such fund, such excess may, by order of the board, be invested in any one or more of the following securities which in the opinion of the board may be readily converted into money:

(1) Bonds, notes, or certificates of indebtedness of the United States of America.
(2) Bonds, notes, or other obligations of any agency or instrumentality of the United States of America, the payment of the principal and interest of which is guaranteed by the United States of America.

(3) Bonds or notes of the State of North Carolina.

(b) Any such securities so purchased by the board shall be sold only upon order of the board. The proceeds of the sale of any such securities shall become a part of the fund used for the purchase of the securities.

"Sec. 6.11. Temporary transfers from one fund to another.

(a) Whenever the board has on deposit in any bank or has otherwise on hand any money belonging to the capital outlay fund, the current expense fund, or the book fund which in the opinion of the board is in excess of the amount required to meet the current needs of such fund, but does not have on hand money belonging to another of these funds necessary to meet the current needs thereof, the board may make a temporary transfer of money from the fund in which there is an excess to the other, provided the amount so transferred will not have the effect of increasing the expenditures from the latter fund beyond the amount of such fund in the approved budget for the then current year. The amount thus transferred shall be returned to the fund from which it was transferred as soon as there is in the fund to which it was transferred a sufficient excess of money above the amount required for its then current needs.

(b) Under similar circumstances and subject to the same restrictions as are set out in subsection (a) of this section, funds may be temporarily transferred from the book fund or the cafeteria fund to the other of such funds, or from the cafeteria fund to the capital outlay fund or the current expense fund; but no such transfers may be made from the capital outlay fund or the current expense fund to the cafeteria fund.

(c) The board may whenever it deems it advisable make a temporary transfer of money from the nonbudget fund to the capital outlay fund, the current expense fund, the book fund, or the cafeteria fund. The amount thus transferred shall be returned to the nonbudget fund as soon as there is in the fund to which it was transferred a sufficient excess of money above the amount required for its then current needs.

(d) All temporary transfers heretofore made by the board from any of the funds referred to in this section to any other of such funds are hereby validated.

(e) Nothing contained in this section shall have the effect of preventing the board from making any appropriation or expenditure which it is otherwise lawfully authorized to make from the nonbudget fund.

"Sec. 6.12. Transfers from one object of expenditure to another. The board may whenever it deems it advisable make a transfer of any portion of the amount of any item in the budget for any year to any other item or items to be paid out of the same fund, the effect of which will be to increase any one or more of such other items and correspondingly to decrease one or more items to be paid out of the same fund, without any increase in the total amount of the expenditures to be made from such fund.

"Sec. 6.13. Use of anticipated capital outlay funds. At any time between the approval of the capital outlay budget for any year by the Board
of Commissioners for the County of Guilford and the levy of taxes for that year by that board, The Board of Trustees of the Greensboro City Administrative Unit may, in the manner otherwise provided by law, enter into any contract or contracts for the purchase of equipment, materials, or supplies or for construction or repair work to be paid for out of the funds to be provided for such capital outlay budget, the total of which contracts does not exceed sixty per cent (60%) of such capital outlay budget for the Greensboro City Administrative Unit.

"Sec. 6.14. When money is available for purchases or contracts for construction or repair work. Money is available for the purchase of equipment, materials, or supplies, or for contracts for construction or repair work, within the meaning of the term "available" as it is used in General Statutes 115-84, either—

(1) When the tax levy has been made for the funds with which such purchases or contracts are to be paid for, whether or not the money has actually been paid over to The Board of Trustees of the Greensboro City Administrative Unit, or

(2) When the capital outlay budget including the funds with which such purchases or contracts are to be paid for has been approved by the Board of Commissioners for the County of Guilford but before the tax levy therefor has been made, if the total of such contracts does not exceed sixty per cent (60%) of such capital outlay budget for the Greensboro City Administrative Unit.

"Sec. 6.15. Additions to duly awarded contracts for construction or repair work. Whenever any contract for construction or repair work is awarded by the board and the board is thereafter of the opinion that changes in or additions to such construction or repair work should be made, the board may, by means of change orders or otherwise as it may deem advisable, and without advertising for bids, enter into a supplemental contract with the person, firm, or corporation to which such contract was awarded for such changes or additions to be made at such price as the board may approve, provided the total additional costs of all such supplemental contracts for any single construction or repair project do not exceed $10,000.00 or ten per cent (10%) of the amount of the total contract awards for such single construction or repair project, whichever is greater. The provisions of General Statutes 143-129 shall not apply to any such supplemental contract."

Sec. 2. Amend Article 7 by adding at the end thereof the following section:

"Sec. 7.4. Transfer of title to school busses. Whenever in the opinion of The Board of Trustees of the Greensboro City Administrative Unit it is advisable to transfer any or all school busses which it owns to the State Board of Education in order that such busses may be operated by the State Board of Education for the transportation of school children within the territorial limits of the Greensboro City Administrative Unit, The Board of Trustees of the Greensboro City Administrative Unit may so transfer title to such school busses without the payment of any compensation therefor."
Sec. 3. Amend Article 8 thereof to read as follows:

"Sec. 8.1. Purposes for which land may be condemned. Any land or easement therein may be condemned which, in the opinion of the board, is required for any of the following purposes:

(1) The construction of school houses or other school buildings;
(2) The construction of water or sewer lines;
(3) Playgrounds for use in connection with any school house then existing or thereafter to be constructed; or
(4) Any other purpose incident to the construction, maintenance, or operation of the schools of the district.

"Sec. 8.2. Alternative methods of condemnation. Whenever land or any easement therein is to be condemned for school purposes, such condemnation may be had, as may be directed by the board, pursuant to either—

(1) The provisions of Chapter 40, entitled 'Eminent Domain' of the General Statutes, or
(2) The provisions of General Statutes 115-85, entitled 'Acquisition of sites'.

"Sec. 8.3. Provisions of this article applicable. The provisions of this article apply to every condemnation proceeding commenced by the board regardless of which of the two methods authorized by Section 8.2 hereof is followed.

"Sec. 8.4. Amount that may be condemned.

(a) The ten-acre limitation provided by General Statutes 115-85 shall not apply to the condemnation of property for school purposes, and such amount of land may be condemned in any case as in the opinion of the board is necessary or proper for the purpose for which condemnation is to be had.

(b) Notwithstanding the provisions of General Statutes 40-10, any dwelling house, kitchen, yard, or garden may be condemned for school purposes without the consent of the owner thereof.

"Sec. 8.5. Effort to purchase not prerequisite. It is not a prerequisite to the condemnation of any land or easement therein for school purposes that the board attempt to acquire the needed property by gift or purchase prior to the commencement of the condemnation proceeding; and an allegation that the board has not been able to acquire title thereto, together with the reasons therefor, is not a necessary allegation of the petition for condemnation.

"Sec. 8.6. Condemnation when member of board is interested. Whenever any member of the board is interested as owner, mortgagee, trustee, lessee, or otherwise in any land required for school purposes, such land may nevertheless be acquired by condemnation; and the condemnation thereof by the board shall not subject such interested member of the board to any civil or criminal liability, notwithstanding the provisions of General Statutes 14-234, if such member does not vote for the condemnation of such land.

"Sec. 8.7. When fee condemned. Whenever any land is condemned the fee shall be condemned unless the board specifically provides otherwise.
"Sec. 8.8. Qualifications of appraisers. The commissioners or appraisers appointed by the clerk of the Superior Court shall be freeholders, and shall be disinterested citizens of the school district.

"Sec. 8.9. Testimony need not be reduced to writing. Notwithstanding the provisions of General Statutes 40-17, testimony taken by the commissioners need not be reduced to writing.

"Sec. 8.10. Board may take nonsuit. At any time after the commencement of a condemnation proceeding and before the clerk confirms the report of the commissioners or appraisers or otherwise makes an order or enters judgment fixing the amount of compensation to be paid for the land sought to be condemned, the board may, upon paying the costs of the proceeding, take a nonsuit.

"Sec. 8.11. Compensation of commissioners or appraisers. The compensation of the commissioners or appraisers shall be fixed by the clerk of the Superior Court of Guilford County, shall be taxed as a part of the costs of the condemnation proceeding, and shall be paid by the board out of district funds.

"Sec. 8.12. When title vests.

(a) Upon payment into the office of the clerk of the Superior Court of Guilford County of the compensation to be paid for the land condemned, as fixed by the order or judgment of the clerk confirming the report of the commissioners or appraisers, or as otherwise fixed by order or judgment of the clerk, the board may enter, take possession of, and hold the land condemned, and,—

(1) If there is no appeal from such order or judgment of the clerk, title to the land condemned shall thereupon vest in the board;

(2) If there is an appeal, and under the final judgment the board is entitled to condemn the land, then upon payment by the board of any additional compensation to which the owner is entitled under the judgment, title to the land condemned shall thereupon vest in the board."

Sec. 4. (a) Amend Article 9 thereof by rewriting Section 9.2 to read as follows:

"Sec. 9.2. Sale of personal property not exceeding $500.00 in value. Any such personal property the value of which, in the opinion of the board, does not exceed five hundred dollars ($500.00) may be sold at private sale, and the board may delegate to any employee of the board authority to make any such sale. No advertisement of any such sale is necessary, the sale is not subject to an upset bid, and the sale, when made pursuant to authority of the board, is final."

(b) Further amend Article 9 by adding at the end of Section 9.4 thereof the following:

"When an increased or upset bid is made for any real property, the order of resale shall be made by the clerk of the Superior Court. No deed for any real property sold pursuant to the provisions of General Statutes 115-86 shall be made unless and until the sale is confirmed by the board. No confirmation of any such sale by the clerk of the Superior Court is necessary."
Sec. 5. Amend Article 13 thereof by rewriting said Article to read as follows:

“Sec. 13.1. Contracts or purchases with cafeteria funds. The board may delegate to the director of cafeterias or to the director of purchase and contract, or to such other employee or employees of the board as it may deem advisable, either general authority or special authority from time to time to make contracts for construction or repair work or to purchase or make contracts for the purchase of equipment, materials, and supplies, for which cafeteria funds are to be used, the amount of all such contracts and purchases, however, to be within the balance of the appropriation for the cafeteria fund for the then current year or otherwise within the balance of cafeteria funds on hand at the time such contracts or purchases are made. The provisions of General Statutes 115-372, 143-129, and 143-131 shall not apply to any such contract or purchase.

(1) If payment is to be made out of the non-budget fund, the contract shall be made only for a purpose specifically authorized by the board and out of an appropriation made by the board.

(2) If payment is to be made out of any fund other than the non-budget fund (this section not applying to the book fund and the cafeteria fund), the contract shall be made only for a purpose specifically authorized by the

The General Assembly of North Carolina do enact:

Section 1. The State Highway and Public Works Commission is authorized, empowered and directed to install and operate a ferry, including the construction and maintenance of the approaches thereto, across the Cape Fear River. The eastern terminus of such ferry, and approaches thereto, shall be located at or near Fort Fisher, in New Hanover County, and the western terminus of such ferry, and approaches thereto, shall be located at or near Southport, in Brunswick County. The exact location of the ferry, and its approaches, shall be selected by the State Highway and Public Works Commission, and when completed shall become a part of the State Highway System.

Sec. 2. For the purpose of obtaining funds with which to construct and install said ferry, and the approaches thereto, and acquiring the necessary land or rights therefor, the State Treasurer is authorized, by and with the
consent of the Governor and Council of State, to issue and sell not exceeding two hundred thousand dollars ($200,000.00) bonds of the State to be designated "State of North Carolina Highway Serial Bonds" maturing in annual installments on the first day of January, beginning not later than 1956 and running not longer than 1971, the amount of each annual installment to be fixed by the Governor and Council of State. The said bonds shall bear interest at a rate to be fixed by the Governor and Council of State, but not exceeding five per cent (5%) per annum to be payable semiannually on the first days of January and July.

Sec. 3. Said bonds shall carry interest coupons which shall bear the signature of the State Treasurer or a facsimile thereof, and said bonds shall be subject to registration and be signed and sealed as is now or may hereafter be provided by law for State bonds, and the form and denominations thereof shall be such as the State Treasurer may determine in conformity with this Act.

Sec. 4. Subject to determination by the Governor and Council of State as to the manner in which said bonds shall be offered for sale, whether by publishing notices in certain newspapers and financial journals or by mailing notices or by inviting bids by correspondence or otherwise, the State Treasurer is authorized to sell said bonds at one time or from time to time at the best price obtainable, but in no case for less than par and accrued interest, and when the conditions are equal he shall give the preference of purchase to the citizens of North Carolina. All expenses necessarily incurred in the preparation and sale of the bonds shall be paid from the proceeds of such sale.

Sec. 5. The proceeds of said bonds and of the bond anticipation notes herein authorized (except the proceeds of bonds the issuance of which has been anticipated by such bond anticipation notes) shall be placed by the Treasurer in the construction funds known as the "State Highway and Public Works Commission Funds," but shall be used only for the purposes of this Act.

Sec. 6. By and with the consent of the Governor and Council of State, who shall determine the rate or maximum rate of interest and the date or approximate date of payment, the State Treasurer is hereby authorized to borrow money at the lowest rate of interest obtainable, and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

(a) For anticipating the sale of any of said bonds to the issuance of which the Governor and the Council of State have given consent if the Treasurer shall deem it advisable to postpone the issuance of such bonds.

(b) For the payment of interest upon or any installment of principal of any of said bonds then outstanding if there shall not be sufficient funds in the State Treasury with which to pay such interest or installment as they respectively fall due.

(c) For the renewal of any loss evidenced by notes herein authorized.

Sec. 7. Funds derived from the sale of bonds shall be used in the payment of any bond anticipation notes that may have been issued in antici-
pation of the sale of such bonds and any renewal of such notes, and ferry tolls and other funds provided by the General Assembly for the payment of interest and/or principal of such bonds shall be used in paying the principal and/or interest of any notes or renewals thereof, the proceeds of which shall have been used in paying interest and/or principal of such bonds. Interest payments upon said notes may be evidenced by interest coupons in the Treasurer's discretion.

Sec. 8. The full faith, credit and taxing power of the State are hereby pledged for the payment of the principal and interest of the bonds and notes herein authorized.

Sec. 9. The coupons of said bonds and notes after maturity shall be receivable in payment of all taxes, debts, dues, licenses, fines and demands due the State of any kind whatsoever.

Sec. 12. Unless and until otherwise directed by the General Assembly, the State Highway and Public Works Commission shall charge and collect for the privilege of using the ferry herein directed to be constructed and operated, tolls at such rates as will in the judgment of the Commission produce an amount sufficient to pay when due the principal and interest of the bonds and notes herein authorized, and the expense of operation and maintenance of said ferry. The agents and employees whose duty it shall be to collect such tolls shall be required to give bond for their proper accounting of collections in such sum and with such sureties as the Commission shall determine.

Sec. 13. All funds collected as provided for in Section 12 shall be daily deposited with the State Treasurer, as now required by the Daily Deposit Act for the deposits of other State moneys as collected, and the same shall constitute a special fund for the payment of the interest and/or principal on the bonds herein provided for, and/or the interest and/or the principal of the notes issued in anticipation of said bonds and/or the interest and/or principal of any renewal notes thereof. It shall be the duty of the State Treasurer at intervals of six months, or shorter intervals, in his discretion, to pay over said funds to the State Sinking Fund Commission to be invested by it, as provided by law for other sinking funds, to create a fund for the discharge of the bonds and notes herein authorized, together with the interest on the same.

Sec. 14. When the State Sinking Fund Commission, or if there be no such Commission, the State Treasurer shall certify to the State Highway and Public Works Commission that in its or his opinion the tolls received,
after adding any surplus of the bond proceeds remaining over after paying for the ferry, abutments, approaches and necessary land or rights, and after subtracting any other disbursements made necessary because of the erection of the ferry, are sufficient, together with reasonable anticipated interest accretions, to meet the payment of principal and interest upon the bonds herein authorized, then the State Highway and Public Works Commission shall suspend the collection of further tolls for the use of said ferry.

Sec. 15. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 16. This Act shall be in full force and effect from and after its ratification.
