CHAPTER 631

AN ACT PROVIDING FOR THE ENTRY OF THE STATE INTO AN INTERSTATE AGREEMENT ON CERTIFICATION OF EDUCATIONAL PERSONNEL.

The General Assembly of North Carolina do enact:

Section 1. The interstate agreement on qualifications of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

598
Interstate Agreement on Qualifications of Educational Personnel

Article I

Purpose, Findings, and Policy

1. The States party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the States party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party States find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from State to State in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other States. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their States of origin, can increase the available educational resources. Participation in this Compact can increase the availability of educational manpower.

Article II

Definitions

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to State law as a condition of employment in educational programs.

2. "Designated State official" means the educational official of a State selected by that State to negotiate and enter into, on behalf of his State, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another State relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving State.

4. "State" means a State, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a State (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools, is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a State (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to Article III.
CHAPTER 631  SESSION LAWS—1969

Article III

Interstate Educational Personnel Contracts

1. The designated State official of a party State may make one or more contracts on behalf of his State with one or more other party States providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the States whose designated state officials enter into it, and the subdivisions of those States, with the same force and effect as if incorporated in this Agreement. A designated state official may enter into a contract pursuant to this Article only with States in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own State.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating State in qualifying educational personnel for acceptance by a receiving State.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving State of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving State.

6. A contract committee composed of the designated state officials of the contracting States or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting States.

Article IV

Approved and Accepted Programs

1. Nothing in this Agreement shall be construed to repeal or otherwise modify any law or regulation of a party State relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that State.
2. To the extent that contracts made pursuant to this Agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V
Interstate Cooperation

The party States agree that:

1. They will, so far as practicable, prefer the making of multi-lateral contracts pursuant to Article III of this Agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI
Agreement Evaluation

The designated state officials of any party State(s) may meet from time to time as a group to evaluate progress under the Agreement, and to formulate recommendations for changes.

Article VII
Other Arrangements

Nothing in this Agreement shall be construed to prevent or inhibit other arrangements or practices of any party State or States to facilitate the interchange of educational personnel.

Article VIII
Effect and Withdrawal

1. This Agreement shall become effective when enacted into law by two States. Thereafter it shall become effective as to any State upon its enactment of this Agreement.

2. Any party State may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States.

3. No withdrawal shall relieve the withdrawing State of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX
Construction and Severability

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase,
clause, sentence, or provision of this Agreement is declared to be contrary to the
constitution of any State or of the United States, or the application thereof to any
Government, agency, person, or circumstance is held invalid, the validity of the
remainder of this Agreement and the applicability thereof to any Government, agen-
cy, person, or circumstance shall not be affected thereby. If this Agreement shall
be held contrary to the constitution of any State participating therein, the Agree-
ment shall remain in full force and effect as to the State affected as to all severable
matters.

Sec. 2. For the purposes of the Agreement set forth in Section 1 of this Act
the "designated State official" for this State shall be the State Superintendent of
Public Instruction. He shall enter into contracts pursuant to Article III of the agree-
ment only with the approval of the specific text thereof by the State Board of Educa-

ordered, the election shall be held under the existing registration, with such revision as is herein provided for. If a new registration is ordered at least one notice thereof shall be published in a newspaper of general circulation in the town at least thirty days before the first day of such new registration.

(d) In all cases, whether for a new or regular registration, the registration books shall be opened (Sundays excepted) for the registration of voters at nine o'clock A. M. on the fourth Friday before the general municipal election, and shall be closed at five o'clock P. M. on the second Friday before the general municipal election. It shall be the duty of each registrar, between the hours of nine o'clock A. M. and five o'clock P. M. on each day during the period when the registration books are open, to keep open said books for the registration of voters residing within his precinct and entitled to registration. On each Saturday during the period of registration the registrar shall attend with his registration books at the polling place of his precinct, between the hours of nine o'clock A. M. and nine o'clock P. M., for the registration of voters.

(e) It shall be the duty of each registrar to attend the polling place of his precinct with the registration books on the second Saturday preceding the election, from the hour of nine o'clock A. M. till the hour of three o'clock P. M. On such day during said hours the registration books shall be open for the inspection of the electors of the town, and any of said electors shall be allowed to object to the name of any person appearing on said books. In case of any such objection, the registrar shall enter upon his books, opposite the name of the person so objected to, the word "Challenged", and shall appoint a time and place, before the election day, when he together with the judges of election shall hear and determine said objection. They shall give notice thereof, and shall hear and determine the challenge, under the rules and regulations prescribed for elections for members of the General Assembly (now codified in G. S. Chapter 163). Nothing herein contained shall prohibit any elector from challenging or objecting to the name of any person registered or offering to register at any time other than the above specified.

(f) No registration shall be allowed on the day of election, except that a person shall be allowed to register and vote if:

1. He gives satisfactory evidence to the registrar and judges of election that he has become qualified to register and vote since the registration books were closed for registration;

2. His name having been removed from the registration books pursuant to subsection (a) of this Section, he appears at the polling place on election day and satisfied the precinct officials that he is qualified to vote in that precinct;

or

3. His name having been removed from the registration books pursuant to subsection (b) of this Section, he appears at the polling place on election day and gives satisfactory evidence to the precinct officials that he had never received any notice by mail or otherwise of his name being placed among the list of disqualified voters in that precinct, and satisfied said officials that he is qualified to vote in that precinct.

Section 2.23. Use of county registrations. In lieu of the registration procedures provided for by Section 2.22 of this charter, the Town may use the registration books of Orange County under agreement with the board of county commissioners pursuant to general law (now codified as G. S. 163–31.3). In the event that the
board of aldermen chooses to use the county registration books for any election or elections, then, for purposes of such election or elections: (1) the provisions of Section 2.21 of this charter shall remain applicable; but (2) the provisions of Section 2.22 of this charter shall not apply, and the existing county registrations shall be used without modification.

SUBCHAPTER C. NOMINATIONS

Section 2.41. Nominations of candidates for elective offices; preparation of ballots.

(a) Any person who desires to become a candidate for any elective office may file for said office with the town manager but not less than fifteen days prior to the holding of the town election by signing a certificate of nomination reading as follows:

(b) The manager shall cause the names of the persons so filing, and only such names, to be printed upon an official ballot which shall be in such form as the board of aldermen may determine and shall bear instructions to the voter as to the number of candidates to be voted for and the method of designating his choice. Beneath each printed name sufficient space shall be left so that another name may be substituted by writing it in. Having caused the ballots to be printed, the manager shall cause to be delivered at each polling place a number of ballots equal to at least five percent greater than the number of persons registered in the precinct.

SUBCHAPTER D. GENERAL MUNICIPAL ELECTION

Section 2.61. Time of general municipal election. The general election for members of the town board of aldermen and the mayor, herein referred to as the "general municipal election", shall be held on Tuesday after the first Monday in May biennially in odd-numbered years.

Section 2.62. Qualifications for voting. The qualifications for voting at a general municipal election shall be those required of an elector by the State Constitution.

Section 2.63. Conduct of election and counting of ballots.

(a) The registrar and judges of election shall open and close the polls, shall keep poll books in which shall be entered the name of every person who shall vote, and shall superintend and conduct the election, all in like manner as is provided by law for election of members of the General Assembly (now codified as G. S. Chapter 163). The polls shall open and close at the same hours as provided by law for said elections of members of the General Assembly (now codified as G. S. 163-84 and 163-179). At the close of the election the registrar and judges for each precinct shall certify the poll books over their proper signatures and shall deposit the poll books and registration books with the town manager.

(b) At the end of the election, in each precinct the polls shall be closed, the ballot boxes opened, and the ballots counted by or under the supervision of the registrar and judges of election, in like manner as is provided by law for elections for members of the General Assembly (now codified as G. S. Chapter 163).
Section 2.64. Cannassing and declaration of results.

(a) The registrar and judges of election in each precinct shall appoint one of their number to serve as a member of the board of canvassers. The results of the counting of the ballots shall be embodied in a duplicate statement, one copy of which shall be placed in a sealed envelope and delivered to the precinct official appointed to attend the meeting of the board of canvassers, and one copy of which shall be delivered by one of the other precinct officials to the town manager immediately after the close of the precinct count.

(b) The members of the board of canvassers shall meet at 11:00 A. M. on the second day after the election at the town hall, and a majority of the members shall constitute a quorum. The board shall organize by the election of one of its number as chairman and one as secretary. Any member of the board who fails to deliver the certified returns from his precinct by 12:00 noon on the day of the board meeting shall be guilty of a misdemeanor, unless for illness or good cause shown for such failure. If any precinct returns have not been received by the board by 12:00 noon on the first day of this meeting, or if any returns are incomplete or defective, it shall have authority to dispatch an officer for the purpose of securing the proper returns for the precinct. The board may adjourn from time to time and thereafter reconvene.

(c) The board of canvassers shall, at their meeting, in the presence of such electors as choose to attend, open, canvass, and judicially determine the results, and shall make abstracts, stating the number of legal ballots cast in each precinct, the name of each candidate, and shall sign the abstracts in duplicate with their certificate as to the correctness of the abstracts. It shall have power and authority to pass upon judicially all the votes relative to the election and judicially determine and declare the results of the same; upon its own motion to order or conduct a recount of the ballots in any precinct; to send for papers and persons and examine the latter upon oath; and to pass upon the legality of any disputed ballots transmitted to them by any precinct officer.

(d) In the general municipal election the candidate receiving the highest number of votes for mayor shall be elected. The three candidates in such election receiving the highest number of votes for the office of alderman shall be elected for full four-year terms. If it is necessary in addition to elect one or more aldermen to fill the unexpired terms of one or more aldermen whose offices were vacated, the person receiving the fourth highest number of votes for alderman (and, if necessary, the fifth and the sixth highest number of votes) shall be elected for said unexpired term or terms.

(e) If in any municipal election held under this Charter there shall be an equal number of votes cast for two or more persons, and the resulting tie must be resolved in order to determine the identity of the persons elected therein, decision shall be made by lot between the contesting persons in a manner prescribed by the board of aldermen.

(f) The board of canvassers shall transmit one copy of the certified abstract of the results to the mayor and shall file the other copy, together with the original precinct returns with the town manager. The manager shall publish the results at least once in some newspaper of general circulation in the town.

(g) If no election contest, appeal or recount is pending, the town manager within six days after the election shall furnish each of the officers who were elected a certificate of election under his hand and seal. At the same time he shall notify
said officers to meet at the town hall at the time prescribed by Section 3.05 of this charter to be sworn into office.

(h) If an election contest, appeal or recount is pending, the manager shall furnish the certificates and notification within six days after the contest or appeal or the results of the recount have been finally determined.

SUBCHAPTER E. SPECIAL ELECTIONS
Section 2.81. Calling and conduct of special elections.

(a) The function of calling special elections within the town (other than school elections) shall be exercised exclusively by the board of aldermen. The board may call any such special election for any purpose authorized by law to be called within the town, and shall call any such special election required by law to be called within the town.

(b) Registrations made and elections held under the authority of the Municipal Finance Act shall be called and conducted, the ballots counted, and the results canvassed and proclaimed, as provided by said Act. All other special elections shall be conducted by the board of aldermen with registrars and judges of election appointed by the board; and registrations therefor shall be made, the ballots counted, and the results canvassed and proclaimed under the same rules and conditions as are provided by this Charter with respect to general municipal elections. Every special election, except as otherwise provided by law or by this Charter, shall be held on a date fixed by the board of aldermen.

SUBCHAPTER F. MISCELLANEOUS PROVISIONS
Section 2.101. General laws applying to town elections.

In all respects not provided for by this Charter all elections held pursuant to this Charter shall be conducted as prescribed by law for the election of members of the General Assembly. Wherever in such statutes appear the words "State Board of Elections" and "county board of elections" shall be deemed to be written "board of aldermen", and wherever appear the words "chairman of county board of elections" shall be deemed to be written the words "town manager". Nothing herein contained, however, shall be construed as providing for the designation of candidates' political party affiliations on municipal election ballots, nor as authorizing absentee registration or absentee voting by voters in the armed forces of the United States or by any other voters in any such elections.

Section 2.102. Designation of precincts and polling places.

For the purpose of elections held under this Charter, the board of aldermen may establish, define, provide, re-arrange and combine one or more voting precincts and polling places within the town. Notice of alteration of existing precinct lines or polling places shall be given as provided by the general laws governing election of members of the General Assembly (now codified as G. S. 163-22). As nearly as may be practicable, the board shall make the precinct lines and polling places designated for elections held under this Charter conform to those designated within the town for elections of members of the General Assembly, but failure to make such precinct lines and polling places so conform shall not affect the validity of any election.

Section 2.103. Use of voting machines. The board of aldermen may conduct any general municipal or other election using voting machines approved by the State Board of Elections instead of paper ballots under applicable rules of the State
Board of Elections, which rules shall prevail in the event of conflict with this charter.

CHAPTER III. MAYOR AND BOARD OF ALDERMEN

SUBCHAPTER A. BOARD OF ALDERMEN: COMPOSITION, QUALIFICATIONS, COMPENSATION

Sec. 3.01. Composition of governing body. The governing body of the Town of Carrboro shall consist of a mayor and a six-member board of aldermen, who shall be elected in the 1967 manner provided by Chapter II of this Charter. The board of aldermen shall constitute the legislative body of the municipality.

Sec. 3.02. Qualifications of elected officers. (a) No person shall be eligible to be elected as mayor or alderman unless he is a qualified voter and resident of the Town for six months.

(b) No person elected to the board of aldermen, whether he qualify or not, shall during the term for which he was elected, be appointed to any other position or office of trust or profit under the town government. However, when a vacancy exists or shall occur in the office of mayor, an alderman shall not be debarred from selection as mayor for the unexpired term.

Sec. 3.03. Vacancies in elected offices. If any elected town officer shall fail or refuse to be qualified, or if there is a vacancy in any elective Town office after qualification, or if the holder of any such office be unable to discharge the duties of his office, the board of aldermen shall choose some person to fill the vacancy until the next general municipal election or to serve in the office during the disability, as the case may be. A person selected to fill a vacancy in the office of mayor shall serve for the unexpired term. A person selected to fill a vacancy in the office of alderman shall serve until the next general municipal election, at which time a person shall be elected to fill the unexpired term (if any) or as successor, as the case may be.

Sec. 3.04. Compensation of governing body. The mayor and each alderman shall receive as compensation for his services an amount fixed by the board of aldermen. In addition thereto, they may be reimbursed for actual and necessary travel expenses incurred by them in the performance of their official duties, as allowed by the board, not exceeding the amount permitted by general law.

Sec. 3.05. Oaths of office. Each newly elected or appointed alderman and mayor before entering upon his duties shall take and subscribe before the town clerk an oath to perform faithfully the duties of his office and the oaths of office required by general law (now codified as G. S. 11-6 and 11-7). The newly elected officers shall meet at the town hall for the purpose of taking such oaths at the time of the next regular meeting of the board of aldermen following the date of their election. A person appointed to fill a vacancy in any elective office shall take the oaths at the next aldermen's meeting following his appointment. Any person who is not present at the time and place provided for by this section may take the oaths at any time thereafter. In the absence of the clerk, the oaths may be administered by any other person authorized by law to administer oaths of office.

SUBCHAPTER B. BOARD OF ALDERMEN: ORGANIZATION AND PROCEDURES

Sec. 3.21. Organizational meeting. The organizational meeting of each board of aldermen shall be the next regular meeting following the date of the election of its members, and following the taking of the oaths of office by the newly elected town officers. The board shall choose from its members a mayor pro tem, who shall
hold office for a term of two years. The organization of the board shall take place notwithstanding the absence, death, refusal to serve or nonelection of one or more members; provided, that at least four of the persons entitled to be members are present and (if necessary) take oath. An alderman serving as mayor pro tem shall be entitled to vote on all matters and, unless otherwise provided by this Charter, shall be considered an alderman for all purposes (including the determination of whether a quorum is present).

Sec. 3.22. Regular and special meetings. (a) The board of aldermen shall fix suitable times for its regular meetings. The mayor, the mayor pro tem, or any two members of the board may at any time call a special meeting by signing a written notice stating the time and place of the meeting, which notice shall be delivered to each member or left at his usual dwelling place at least six hours before the meeting. Meetings of the board may also be held at any time when all members of the board are present and consent thereto or when those not present have signed written waiver of notice. Except as otherwise provided by law, any business may be transacted at a special meeting that might be transacted at a regular meeting.

(b) Except where otherwise specifically provided by this Charter, the board of aldermen shall have authority to determine the time and place of board meetings, to make such provisions as it may deem wise relative to regular, special, adjourned and continued meetings, to adopt rules of procedure, and generally to regulate the time, place, manner and method of the exercise of its powers. No ordinance, resolution, rule or directive may be adopted, amended or repealed, however, except in a public meeting. All meetings of the board shall be held at the town hall, unless the board otherwise provides. In the event the board is authorized or required by law to hold a joint meeting with the governing body of another municipality or political subdivision of the State of North Carolina, it may at its election meet with the other governing body at a designated place within the area subject to the jurisdiction of the other governing body.

Sec. 3.23. Quorum; votes. (a) A majority of the members of the board of aldermen shall constitute a quorum to do business.

(b) No member shall be excused from voting except upon matters involving the consideration of his own official conduct or involving his financial interest. In all other cases, a failure to vote by a member who is present or who, having been present, has withdrawn from the meeting without being excused, shall be deemed an affirmative vote and shall be so recorded. A member who has withdrawn from a meeting without being excused shall be counted as present for purposes of determining whether or not a quorum is present.

SUBCHAPTER C. BOARD OF ALDERMEN: POWERS AND DUTIES

Sec. 3.41. General powers of board of aldermen. (a) The government of the Town and the general management of the Town shall be vested in the board of aldermen, except that the town manager shall have the powers hereinafter specified.

(b) In addition to other powers conferred upon it by law, the board of aldermen may adopt and provide for the execution of such ordinances, rules and regulations, not inconsistent with this Charter, as may be necessary or appropriate to protect health, life or property, or to preserve or promote the comfort, convenience, security, good order, better government or general welfare of the Town or its inhabitants; may enforce the same by imposing penalties on such as violate them; and may compel the performance of the duties imposed upon others, by suitable penalties.

Any such code or compilation may consist of two separate parts, the “General Ordinances” and the "Technical Ordinances". The technical ordinances may be published in sections and may include ordinances regarding the construction of buildings, the installation of plumbing or electric wiring or gas or oil appliances or equipment, and use of the public sewerage system, the zoning ordinance, the privilege license tax ordinance, and other technical ordinances designated as such by the board. The board may provide for the omission from the code or compilation of designated classes of ordinances which, in its judgment, need not be included because of their limited interest or transitory nature.

(b) Any of the following shall be admitted in evidence in all courts and shall have the same force and effect as would an original ordinance:

(1) An official code or compilation of ordinances which: (i) sets forth the ordinances in question; (ii) is reproduced by the process of printing, mimeographing, photoduplication, or similar process; (iii) is issued as a securely bound book or books with or without periodic, separately bound supplements; and (iv) is certified by the town clerk, both as to the original volume or volumes and the supplements, as having been adopted by the Board of Aldermen.

(2) An official code or compilation of ordinances which meets the requirements of items (i) and (ii) of paragraph (1), above, but which is issued as a loose-leaf book or books and is certified by the clerk as having been prepared and maintained pursuant to action by the board of aldermen.

(3) A photographed, typed or other copy of an ordinance, as set out in the minute books of the board of aldermen or as set out in an official code or compilation of ordinances, certified by the clerk as a true copy.

The burden of pleading and proving the existence of any modification or repeal of an ordinance, a copy of which has been duly pleaded or submitted in evidence, shall be upon the party asserting such modification or repeal.

(c) The official copy of the Carrboro code (or compilation) of ordinances, whether said code or compilation is issued in bound or loose-leaf form, shall be kept in the office of the clerk, and shall be certified by the clerk and designated as the official copy as adopted by the board. It shall be the duty of the clerk to insert at the appropriate places in any loose-leaf code or compilation all amending or supplementing ordinances, and to extract from said code or compilation all provisions which from time to time may be repealed by the board of aldermen.

Sec. 3.64. Codification of certain zoning, traffic and related ordinances by appropriate entries upon official map books. (a) The board of aldermen may provide that any one or more classes of ordinances concerning the matters enumerated in subsections (b) and (c) of this section shall be codified by appropriate entries upon official map books to be retained permanently in the office of the town clerk. Such entries shall be made by or under the direction of some official designated by the board. In conjunction with the introduction of every proposed ordinance concerning any
of these matters, a map of the affected area shall be presented to the board, but failure to present such a map shall not affect the validity of the ordinance.

(b) The ordinances referred to in subsection (a) include all ordinances establishing or amending boundaries of any zoning district under zoning regulations.

(c) The ordinances referred to in subsection (a) include also all ordinances:

(i) Designating the location of official traffic control devices;

(b) The mayor shall preside at all meetings of the board of aldermen, but shall have the right to vote only in case of a tie. He shall be recognized as the official head of the town by the courts for the purpose of serving civil process and by the public for all ceremonial purposes. He shall have the power to administer oaths.

The powers granted to the board of aldermen by this Article are intended to be supplementary to any powers which have heretofore been granted, or which may hereafter be granted, to it under other provisions of law. The exercise of the powers granted by this Article shall be within the discretion of the board of aldermen. Unless and until the board exercises these powers, this Article shall have no effect upon any existing or future ordinances of the Town of Carrboro. The adoption of any ordinance under the authority of this Article shall have no effect upon any litigation which is pending at the time of such adoption.

Section 5.88. Separability.

If any Section, subdivision, clause, or provision of this Article shall be adjudged invalid, such adjudication shall apply only to such Section, subdivision, clause, or provision so adjudged, and the remainder of the article shall be deemed valid and effective.

ARTICLE 2. SUBDIVISION CONTROLS

Section 5.101. Board of aldermen as platting authority.

The board of aldermen is hereby authorized to enact an ordinance regulating the platting and recording of any subdivision of land as defined by this Article lying within the said municipality or within the area defined by Article 1 of this subchapter.

Section 5.102. Procedure for adopting subdivision ordinance.

Before the board of aldermen shall adopt a subdivision control ordinance or any amendment thereto under the provisions of this Article, it shall hold a public hearing on the proposed ordinance. A notice of such public hearing shall be given once a week for two successive calendar weeks in a newspaper circulated in the Town of Carrboro.

Section 5.103. Procedure for filing plat.

The board of aldermen may adopt an ordinance regulating the subdivision of land as authorized herein, and thereafter no subdivision plat shall be filed or recorded until it shall have been submitted to and approved by said board and such approval entered in writing on the plat by the town clerk. A copy of such ordinance shall be filed with the register of deeds of Orange County. The register of deeds upon receipt of such ordinance shall not hereafter file or record a plat of a subdivision of land located within the territorial jurisdiction of the board of aldermen without the approval of such plat by the board as required in this Article. The owner of land shown on a subdivision plat submitted for recording, or his authorized agent, shall sign a statement on the plat stating whether or not any land shown hereon
is within the territorial jurisdiction of the Town of Carrboro as defined herein. The Register of Deeds of Orange County shall not order or direct the recording of a plat where such recording would be in conflict with this Section.

Section 5.104. Subdivision regulations.

(a) Prior to exercising the powers granted to it by this Article, the board of aldermen shall by ordinance adopted pursuant to this Article adopt regulations governing the subdivision of land within its platting jurisdiction as defined in Section 5.101. Such ordinance shall require that at least a preliminary plan of every proposed subdivision shall be submitted for study, recommendation, and tentative approval, to the Planning Board for Carrboro and environs created and appointed under the authority of Sections 160-22 to 160-24 of the General Statutes and Article 1 of this subchapter.

(b) Such ordinance may provide for the orderly development of the town and its environs; for the coordination of streets within proposed subdivisions with existing or planned streets or with other public facilities; for the dedication or reservation of right-of-way or easements for street and utility purposes; and for the distribution of population and traffic which shall avoid congestion and overcrowding; and which shall create conditions essential to public health, safety, and general welfare.

(c) Such ordinance may include requirements for the final plat to show sufficient data to determine readily and reproduce accurately on the ground the location, bearing and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformance with good surveying practice.

(d) Such ordinance may include requirements as to the improvement and grading of streets and construction and installation of street pavements, and surface water drainage as a condition precedent to the approval of the plat. In addition, such ordinance may require the installation of water and sewer facilities so as to conform to town ordinances now or hereafter enacted regulating water and sewer extensions and installation as a condition precedent to the approval of the plat. The board of aldermen shall provide that the plat be tentatively approved before any such improvements and installations may be undertaken.

(e) Such ordinance may provide that in lieu of the completion of such improvements and installations prior to the final approval of a plat, the board of aldermen may accept a bond, in an amount and with surety and conditions satisfactory to it, providing for and securing to the town the actual construction and installation of such improvements and utilities within a period specified by the board and expressed in the bond; and the town is hereby granted the power to enforce such bonds by all appropriate legal and equitable remedies. Such ordinance may provide that for subdivisions within the corporate limits the board may in lieu of requiring a bond or the completion of such improvements and installations prior to the final approval of a plat, provide for an assessment under Article 9 of G. S. Chapter 160 or other statutory authorization whereby the town may make said improvements and installations at the cost of the owners of the property within the subdivisions.

Section 5.105. Effect of plat approval on status of dedications.

The approval of a plat by the board of aldermen shall not be deemed to constitute or effect the acceptance by the town or public of the dedication of any street or other ground, public utility line, or other public facility shown upon the plat.
CHAPTER 660  Session Laws—1969

Section 5.106. Penalties for transferring lots in unapproved subdivisions.

After the board of aldermen adopts an ordinance regulating the subdivision of land as authorized herein, any person who, being the owner or agent of the owner of any land located within the platting jurisdiction granted to the town by Section 5.101, thereafter transfers or sells such land by reference to a plat showing a subdivision of such land before such plat has been approved by said board and recorded in the office of the Orange County register of deeds, shall upon conviction be guilty of a misdemeanor, and the description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties. The Town, through its town attorney or other official designated by the board of aldermen, may enjoin such transfer or sale by action for injunction.

Section 5.107. Definitions.

For the purpose of this Article, the following definitions shall apply: SUBDIVISION. A “Subdivision” shall include all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions for the purpose, whether immediate or future sale, or building development, and shall include all divisions of land involving the dedication of a new street or a change in existing streets; provided, however, that the following shall not be included within this definition nor be subject to the regulations authorized by this Article: (1) the combination or recombination of portions of previously platted lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the town as shown in its subdivision regulations; (2) the division of land into parcels greater than five acres where no street right-of-way dedication is involved; (3) the public acquisition by purchase of strips of land for the widening or opening of streets; (4) the division of a tract in single ownership whose entire area is no greater than two acres into not more than three lots, where no street right-of-way dedication is involved and where the resultant lots are equal to or exceed the standards of the town as shown in its subdivision regulations.

Section 5.108. Powers granted herein supplementary.

The powers granted to the Town of Carrboro by this Article shall be deemed supplementary to any powers heretofore or hereafter granted by its charter, by general law or by local act for the same or a similar purpose, and in any case where the provisions of this Article conflict with or are different from such charter, general law or local act provisions, the board of aldermen may in its discretion proceed in accordance with such charter, general law, or local act provisions, or, as an alternative method, in accordance with the provisions of this Article.

ARTICLE 3. BUILDING REGULATIONS

Section 5.121. Fire limits.

The board of aldermen may establish in the said town fire limits with such boundaries as they may determine, within which it may prescribe by general rules or specific permits, the kind of buildings which may be erected, so as to provide against accidents by fire, and may prohibit the erection of wooden buildings within the same. It may also provide for the inspection of all buildings now erected or hereafter to be erected and condemn such as are unsafe or dangerous to life or limb by reason either of their defective construction or dilapidation, and may notify the owner or owners to remove or repair such as are condemned within thirty days. If the owner or owners shall refuse to remove or repair the same, or shall neglect
to do so, for the space of thirty days, the board of aldermen shall have the power to remove the same, which expense shall be a lien on the lot, and the owner or owners shall be liable for all such loss as may be incurred by the board, and the board shall not be liable for damages.

Section 5.122. Building setback lines.

(a) For purposes stated in subsection (b) of this Section the board of aldermen is hereby authorized (1) to classify the streets of said Town according to their sizes, present and anticipated traffic loads, and other characteristics relevant to the achievement of said purposes, and (2) to establish, by ordinance, minimum distances which buildings constructed along each class or type of street shall set back from the right-of-way line of the street or from the center line of the street.

(b) Any setback lines established under the authority of this Section shall be designed (1) to promote public safety, by providing adequate sight distances for motorists using the street, lessening congestion in the street, facilitating the movement of traffic on the street, and providing adequate fire lanes between buildings, and (2) to promote the public health, by keeping dwellings and other structures an adequate distance from the dust, noise, and fumes created by traffic on the street and by insuring an adequate supply of light and air.

Section 5.123. Power to destroy property to stop fires.

The mayor, the town manager, or the chief of the fire department may order the blowing up, tearing down or other destruction of any building when it is deemed necessary to stop the progress of a fire. No person shall be held liable, civilly or criminally, for acting in obedience to orders thus given, nor shall the town, the mayor, the manager, or the fire chief be held liable, civilly or criminally, for the giving of such orders or for damages to property ordered destroyed.

Upon the failure of the owner, after due notice to make such improvements, such work may be done by the Town, and the cost thereof assessed against the lot immediately abutting said improvement, and such assessment shall be a lien against such abutting lot, collectible as and when the taxes for the next fiscal year are due.

The General Assembly of North Carolina do enact:

Section 1. Definitions: (1) "Landscape Architect" shall mean a person who, on the basis of demonstrated knowledge acquired by professional education or practical experience, or both, has been granted, and holds a current certificate entitling him to use the title "Landscape Architect" in North Carolina under the authority of this Chapter.

(2) "Landscape Architecture", or the "Practice of Landscape Architecture" shall mean the preparation of plans and specifications and supervising the execution of projects involving the arranging of land and the elements used thereon for public and private use and enjoyment, embracing drainage, soil conservation, grading and planting plans and erosion control, in accordance with the accepted professional standards of public health, safety and welfare.

(1) On and after January 1, 1970, no person shall use the designation "Landscape Architect", "Landscape Architecture", or "Landscape Architectural", or advertise any title or description tending to convey the impression that he is a Landscape Architect unless such person is registered or has obtained a temporary permit as a Landscape Architect in the manner hereinafter provided and shall thereafter comply with the provisions of this Act. Every holder of a certificate shall display it in a conspicuous place in his principal office, place of business or employment.

(2) Nothing in this Chapter shall be construed as authorizing a Landscape Architect to engage in the practice of architecture, engineering or land surveying, nor to restrict or otherwise affect the rights of any person licensed to practice architecture under Chapter 83, or engineering or land surveying under Chapter 89 of the General Statutes; or to restrict any person from engaging in the occupation of grading lands whether by hand tools or machinery, or the planting, maintaining or marketing of plants or plant materials: Provided, however, that no individual shall use the title "Landscape Architect" unless he has complied with the provisions of this Chapter.

(3) Each Landscape Architect shall, upon registration, obtain a Seal of the design authorized by the Board, bearing the name of the registrant, date of registration, number of certificate and the legend "N. If the result of the examination of any applicant shall be satisfactory to the Board, then the Board shall issue to the applicant a certificate to use the title "Landscape Architect" in North Carolina. Examinations shall be held at least once a year at a time and place to be fixed by the Board which shall determine the subjects and scope of the examination.

(3) The Board, within its discretion, may issue temporary permits pending examinations, or without examination may grant licenses, by reciprocity, to persons holding a license or certificate in Landscape Architecture from any legally constituted board of examiners in another State whose registration requirements are deemed to be equal or equivalent to those of this State.

shall be issued a certificate without the requirement for examination.

Sec. 5. Annual Renewal of Certificate. Every registrant under this Chapter shall,
on or before the first day of July in each year, obtain a renewal of a certificate
for the ensuing year, by application, accompanied by the required fee; and upon
failure to renew, his certificate shall be automatically revoked; but such certificate
may be renewed at any time within one year upon payment of the prescribed renew-

The General Assembly of North Carolina do enact:

Section 1. The National Guard Mutual Assistance Compact is hereby enacted into law and entered into by this State with all other States legally joining therein, in the form substantially as follows:

Article 14

NATIONAL GUARD MUTUAL ASSISTANCE COMPACT

G. S. 127-118. Purposes. (1) Provide for mutual aid among the party States in the utilization of the National Guard to cope with emergencies.

(2) Permit and encourage a high degree of flexibility in the deployment of National Guard forces in the interest of efficiency.

(3) Maximize the effectiveness of the National Guard in those situations which call for its utilization under this Compact.

(4) Provide protection for the rights of National Guard personnel when serving in other States on emergency duty.

G. S. 127-119. Entry into Force and Withdrawal. (a) This Compact shall enter into force when enacted into law by any two States. Thereafter, this Compact shall become effective as to any other State upon its enactment thereof.

(b) Any party State may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of such withdrawal to the Governors of all other party States.

G. S. 127-120. Mutual Aid. (a) As used in this Article:

(1) "Emergency" means an occurrence or condition, temporary in nature, in which police and other public safety officials and locally available National Guard
forces are, or may reasonably be expected to be, unable to cope with substantial and imminent danger to the public safety.

(2) "Requesting State" means the State whose Governor requests assistance in coping with an emergency.

(3) "Responding State" means the State furnishing aid, or requested to furnish aid.

(b) Upon request of the Governor of a party State for assistance in an emergency, the Governor of a responding State shall have authority under this Compact to send without the borders of his State and place under the temporary command of the appropriate National Guard or other military authorities of the requesting state all or any part of the National Guard forces of his State as he may deem necessary, and the exercise of his discretion in this regard shall be conclusive.

(c) The Governor of a party State may withhold the National Guard forces of his State from such use and recall any forces or part or member thereof previously deployed in a requesting State.

(d) Whenever National Guard forces of any party State are engaged in another State in carrying out the purposes of this Compact, the members thereof so engaged shall have the same powers, duties, rights, privileges and immunities as members of National Guard forces in such other State. The requesting State shall save members of the National Guard forces of responding States harmless from civil liability for acts or omissions in good faith which occur in the performance of their duty while engaged in carrying out the purposes of this Compact, whether the responding forces are serving the requesting State within its borders or are in transit to or from such service.

(e) Subject to the provisions of paragraphs (f), (g) and (h) of this Article, all liability that may arise under the laws of the requesting State, the responding State, or a third State on account of or in connection with a request for aid, shall be assumed and borne by the requesting State.

(f) Any responding State rendering aid pursuant to this Compact shall be reimbursed by the requesting State for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of the materials, transportation and maintenance of National Guard personnel and equipment incurred in connection with such request: provided, that nothing herein contained shall prevent any responding State from assuming such loss, damage, expense or other cost.

(g) Each party State shall provide, in the same amounts and manner as if they were on duty within their State, for the pay and allowances of the personnel of its National Guard units while engaged without the State pursuant to this Compact and while going to and returning from such duty pursuant to this Compact. Such pay and allowances shall be deemed items of expense reimbursable under paragraph (f) by the requesting State.

(h) Each party State providing for the payment of compensation and death benefits to injured members and the representatives of deceased members of its National Guard forces in case such members sustain injuries or are killed within their
own State, shall provide for the payment of compensation and death benefits in the same manner and on the same terms in case such members sustain injury or are killed while rendering aid pursuant to this Compact. Such compensation and death benefits shall be deemed items of expense reimbursable pursuant to paragraph (f) of this Article.

G. S. 127-121. Delegation. Nothing in this Compact shall be construed to prevent the Governor of a party State from delegating any of his responsibilities or authority respecting the National Guard, provided that such delegation is otherwise in accordance with law. For purposes of this Compact, however, the Governor shall not delegate the power to request assistance from another State.

G. S. 127-122. Limitations. Nothing in this Compact shall: (1) Expand or add to the functions of the National Guard, except with respect to the jurisdictions within which such functions may be performed.

(2) Authorize or permit National Guard units to be placed under the field command of any person not having the military or National Guard rank or status required by law for the field command position in question.

G. S. 127-123. Construction and Severability. This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any State participating herein, the Compact shall remain in full force and effect as to the remaining party States and in full force and effect as to the State affected as to all severable matters.

G. S. 127-124. Upon presentation of a claim therefor by an appropriate authority of a State whose National Guard forces have aided this State pursuant to the Compact, any liability of this State pursuant to G. S. 127-120 (f) of the Compact shall be paid out of the General Fund.

G. S. 127-125. In accordance with G. S. 127-120 (h) of the Compact, members of the National Guard forces of this State shall be deemed to be in State service at all times when engaged pursuant to this Compact, and shall be entitled to all rights and benefits provided pursuant to the laws of this State.

G. S. 127-126. All benefits to be paid under 127-120(h) of the foregoing Compact shall include any injury or death sustained while going to or returning from such duty.

G. S. 127-127. Nothing in the foregoing Compact shall authorize or permit State officials or Military officers of the requesting State to relieve from assignment or reassign officers or non-commissioned officers of National Guard units of the responding State without authorization by the appropriate authorities of the responding State.

Sec. 11.5. *Assessment Procedure.* In ordering street improvements without a petition and assessing the cost thereof under authority of this Article, the Board of Aldermen shall comply with the procedure provided by Article 9 of Chapter 160 of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

Sec. 11.6. *Effect of Assessments.* The effect of the act of levying assessments under authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 9 of Chapter 160 of the General Statutes.
Sec. 11.7. Maintenance of Sidewalks. It shall be the duty of every property owner in the Town to maintain in good repair and to keep clean and free of debris, trash, and other obstacles or impediments the sidewalks abutting his property. The Board of Aldermen may by ordinance establish a procedure whereby Town forces may repair or clean any sidewalk or remove therefrom any debris or trash after failure of the abutting property owner after ten days notice to do so. In such event, the cost of such repair or cleaning or removal shall become a lien upon the abutting property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the Town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs, and penalties as provided by law for the foreclosure of the lien on real estate for ad valorem taxes. The authority and procedure of this Section as to repair of sidewalks shall be supplementary to the authority and procedure of Section 11.4 and the Board of Aldermen may, in its discretion, proceed under either Section in causing sidewalks to be repaired.

Sec. 11.8. Acceptance of Conveyance in Satisfaction of Assessments. The Town Tax Collector or other official or employee of the Town having charge of the collection of special assessments, shall have the right, power, and authority, by and with the approval of the Board of Aldermen first had and obtained, to receive and accept a fee simple conveyance to the Town of any lot or parcel of land in the Town, free and clear of other encumbrances, in full settlement and satisfaction of all street and sidewalk assessments outstanding and unpaid against such property. Such right, power, and authority, however, shall be limited to a conveyance of the whole of the lot or parcel of land against which the particular assessment or assessments involved were levied. No lot or tract of land may be divided and such right, power, and authority exercised as to a part, only, of the property originally embraced in and covered by said assessment or assessments. In the case of such conveyance, it shall not be necessary that the street or sidewalk assessment or assessments against the property be foreclosed; but the Town, upon the receipt of any such conveyance, shall become and be the absolute fee simple owner of the property, as fully to all intents and purposes as if purchased in and through foreclosure proceedings for the enforcement of such street and sidewalk assessment or assessments.

ARTICLE XII. WATER AND SEWER

Sec. 12.1. Laterals included in Cost. In ordering water or sewer line extensions, or both, and the assessment of the costs thereof under authority of G.S. 160-241 or any other law, the Board of Aldermen is hereby authorized to include in such extensions water and sewer line laterals, and to include the cost of such laterals in the total cost to be assessed upon abutting properties.

Sec. 12.2. Corner Lot Exemptions. The Board of Aldermen is hereby authorized to establish, by ordinance or resolution, schedules of exemptions for assessments for water and sewer line extensions for corner lots when water or sewer lines, or both, are installed along both sides of such lots and when the cost of such installation along both sides were or are financed in whole or in part by assessments. The schedules of exemptions may be classified as to land uses (residential, commercial, industrial, institutional, or agricultural) and shall be uniform for each such classification used; provided, however, that no schedule of exemptions may provide for exemption of more than fifty per cent (50%) of the frontage on any side of a corner lot, or 150 feet, whichever is greater.

Sec. 12.3. Alternative Methods of Assessment. In addition to, and as alternatives, to the method provided in G.S. 160-241 for assessing the costs of water and sewer
lines and laterals, the Board of Aldermen, if in its opinion it would be more equitable to do so, is hereby authorized in its discretion to levy any such assessments according to either of the following methods: (1) equally against each of the lots capable of being served by such line or lines, or (2) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the governing body may annually, between the first days of January and July of each year, determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It may also include the anticipated increase in labor and materials costs based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such line shall not be made until after the particular assessment project has been completed. The purpose of this Section is to distribute more equitably the cost of the installation of water and sewer lines throughout the Town: to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights-of-way may also be assessed as a part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation costs at the time of the completion of the project, such costs may be assessed separately when they are determined.

Sec. 12.4. Water Connections. In addition to the authority granted by G.S. 160-240, the Board of Aldermen may require owners of improved property which may be located upon or near any water line of the Town to connect with the Town water system, and may establish and collect reasonable charges for such connections.

ARTICLE XIII. REFUSE, WEEDS, AND TRASH

Sec. 13.1. Property Kept Free of Offensive Matter. It shall be the duty of every property owner in the Town to keep his property free from noxious weeds, trash, and all other forms of offensive animal or vegetable matter or refuse which may be dangerous or prejudicial to the public health or which may constitute a public nuisance.

Sec. 13.2. Removal of Offensive Matter; Charges a Lien. The Board of Aldermen may by ordinance establish a procedure whereby Town forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter from any property upon failure of the owner or occupant after ten days notice to do so. In such event, the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the Town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

ARTICLE XIV. REGULATORY POWERS

Sec. 14.1. Subdivision Regulations. Any subdivision control ordinance enacted by the Board of Aldermen pursuant to general law may also provide for the more orderly development of subdivisions by requiring the construction of community
service facilities, including water lines; sewer lines; street paving, curbing, and guttering; and street and storm drainage facilities in accordance with Town standards and specifications and, to assure compliance with such requirements, the ordinance may require the posting of bond or such other method as will offer guarantee of compliance.

Sec. 14.2. **Regulatory Codes.** The Board of Aldermen is hereby authorized to make effective and to enforce within the territory lying outside the corporate limits and within one mile thereof all ordinances and codes of the Town regulating the construction and repair of buildings, including building codes, plumbing codes, electrical codes, heating and air conditioning codes, fire prevention codes, minimum housing codes adopted pursuant to Article 15 of Chapter 160 of the General Statutes, and ordinances adopted pursuant to G. S. 160-200(28) relating to unsafe buildings. In addition, the Board of Aldermen is hereby authorized to enforce in such area the North Carolina State Building Code, the North Carolina State Plumbing Code, and the North Carolina Uniform Residential Building Code, all as published by the North Carolina Building Code Council. Such enforcement powers shall include the power to require that prior to the beginning of any construction, reconstruction, or alteration of any building or structure or any part or system thereof within such area, the appropriate permit or permits be obtained from the Town; provided, that the Board of Aldermen may by ordinance require that the contractor or other person charged with such construction, reconstruction, or alteration secure such permit or permits, rather than requiring the owner of the property to do so.

**ARTICLE XV. CLAIMS AGAINST THE TOWN**

Sec. 15.1. **Presentation of Claims; Suit Upon Claims.** (a) All claims or demands against the Town of Belhaven arising in tort or in contract shall be presented to the Board of Aldermen in writing, signed by the claimant, his attorney or agent, within ninety days after the claim or demand is due or the cause of action accrues, and no suit or action shall be brought thereon within thirty days or after the expiration of twelve months from the time said claim or demand is so presented. Unless the claim or demand is so presented within ninety days after the cause of action accrues, and unless suit is brought within twelve months thereafter, any action thereon is barred.

(b) No action shall be instituted against the Town on account of damages to or compensation for real property taken or used by the Town for any public purpose, or for the ejectment of the Town therefrom, or to remove a cloud upon the title thereof, unless, within two years after such alleged use, the owner, his executor, administrator, guardian, or next friend, shall have given notice in writing to the Board of Aldermen of the claim, stating in the notice the date that the alleged use commenced, a description of property alleged to have been used, and the amount of the damage or compensation claimed.

(c) Notwithstanding the provisions of subsections (a) and (b) of this Section, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of his incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within three years after the happening or the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred.
CHAPTER 714  SESSION LAWS—1969

if notice of claim is given on his behalf within six months after termination of the incapacity, or within three years after the happening or the infliction of the injury complained of, whichever is the longer period. The Town may at any time request the appointment of a next friend to represent any person having a potential claim against the Town and known to be suffering from physical or mental incapacity.

Sec. 15.2. Settlement of Claims by Town Manager. The Town Manager may, with the approval of the Board of Aldermen, settle claims against the Town for (1) personal injuries or damages to property when the amount involved does not exceed the sum of one hundred dollars ($100.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred and (2) the taking of small portions of private property which are needed for the rounding of corners at intersections of streets, when the amount involved in any such settlement does not exceed five hundred dollars ($500.00) and does not exceed the actual loss sustained. Settlement of a claim by the Town Manager pursuant to this Section shall constitute a complete release of the Town from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of. All such settlements, and all such releases, shall be approved in advance by the Town Attorney.

Sec. 2. The purpose of this Act is to revise the Charter of the Town of Belhaven and to consolidate herein certain acts concerning the property, affairs, and government of the Town. It is intended to continue without interruption those provisions of prior acts which are consolidated into this Act, so that all rights and liabilities that have accrued are preserved and may be enforced.

Sec. 3. This Act shall not be deemed to repeal, modify, nor in any manner to affect any of the following acts, portions of acts, or amendments thereto, whether or not such acts, portions of acts, or amendments are expressly set forth herein:

(a) Any acts concerning the property, affairs, or government of public schools in the Town of Belhaven;

(b) Any acts validating, confirming, approving, or legalizing official proceedings, actions, contracts, or obligations of any kind.

(b) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken (including the adoption of ordinances or resolutions) pursuant to or within the scope of any provision of law repealed by this Act.

Sec. 6. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

CHAPTER 715

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE CITY OF FAYETTEVILLE OF AREAS, TERRITORIES OR SUBDIVISIONS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE CITY OF FAYETTEVILLE.

The General Assembly of North Carolina do enact:

Section 1. That the owner or owners of any area, territory or subdivision within the boundaries of Cumberland County but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose property is not contiguous to the municipal boundaries of the City of Fayetteville, may, by petition directed to the City Council of the City of Fayetteville, request that the property described in the petition be annexed and made a part of the City of Fayetteville as hereinafter set out; provided any property annexed as herein provided must be located at the closest point not more than three miles from the City of Fayetteville municipal limits wherein is located and situated the City Hall.
CHAPTER 715  SESSION LAWS—1969

Sec. 2. That said petition shall be directed to the City Council of the City of Fayetteville and shall contain:

(1) The names of the owners of the real property for which a request to annex is made.

(2) A description of the area to be annexed by metes and bounds.

(3) The signatures of all property owners of the area, territory or subdivision requesting annexation.

In the case of annexing a subdivision under this Act, the petition must be signed by all owners of property within the subdivision; provided nothing herein shall be construed to authorize the annexation of a portion of a subdivision.

Upon the receipt of the petition, the City Council of the City of Fayetteville shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

Upon receipt of the certification and petition, the City Council shall fix dates for two public hearings on the question of annexation and shall cause notice of the public hearings to be published twice in a newspaper having general circulation in the municipality at least ten (10) days prior to the date of the first public hearing, and published in like manner preceding the second public hearing. The second public hearing shall be held at least twenty (20) days after the first public hearing. At such public hearings, all residents of Cumberland County opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The City Council shall then determine whether the petition meets the requirements of this Act.

Upon further finding and determination by the City Council that:

(1) The public health, safety and welfare of the inhabitants of the City of Fayetteville, as well as those of the area, territory or subdivision requesting such annexation will best be served by such annexation, and

(2) The City of Fayetteville will be able to provide the same services to the annexed area, territory or subdivision in the same manner in which other areas within the municipal boundaries of said city are served, the City Council of the City of Fayetteville may adopt an ordinance annexing that area described in the petition, provided the ordinance annexing the area, territory or subdivision shall be passed at each meeting of the City Council where a public hearing is held as hereinbefore provided. From and after the effective date of said ordinance, which date shall not be less than ninety (90) days from and after the final passage of said ordinance, unless an election is required as hereinafter provided, the area, territory or subdivision and its citizens shall be subject to all debts, laws, ordinances and regulations in force in said City of Fayetteville and shall be entitled to the same benefits and privileges of other parts of said city. The newly annexed area, territory or subdivision shall be subject to city taxes for the fiscal year following the effective date of annexation.

Sec. 3. The City Council of the City of Fayetteville may make said annexation contingent on such conditions as it may desire in order to insure that the area, territory or subdivision proposed to be annexed will not receive preferential treatment.
Sec. 4. The City Council in its discretion may charge in any noncontiguous area, territory or subdivision annexed water or sewer rates in excess of those charged within the municipal limits wherein is located the City Hall, and from time to time the council shall review the expenses related to any noncontiguous area to determine that said expenses are not in excess of taxes and revenues derived therefrom.

Sec. 5. If, before the effective date of an annexation as provided herein, a petition is filed by at least ten per cent (10%) of the qualified voters of the City of Fayetteville requesting a referendum on the question of annexation of that property described in the petition, the City Council of the City of Fayetteville shall submit the question of annexation to an election to be held as hereinafter provided or in the City Council's discretion said council may adopt an ordinance revoking its prior action and request for annexation. If the petition for annexation is not denied and a petition for a referendum is filed as provided herein, the City Council shall order the Board of Elections of Cumberland County to call an election to determine whether or not the proposed area, territory or subdivision shall be annexed to the City of Fayetteville. Said order to the Board of Elections shall set forth that date on which the election shall be held but, in no event, shall said date be less than sixty (60) days from the date of the adoption of the order.

Sec. 6. Such election shall be called by resolution or resolutions of the Cumberland County Board of Elections which shall:

1. Describe the area, territory or subdivision petitioning to be annexed as set out in the order of said City Council.

2. Provide that the matter of annexation shall be, submitted to the vote of the qualified voters of the City of Fayetteville.

3. Designate the precincts and voting places for such election.

4. Name the registrars and judges of such election.

5. Make all other necessary provisions for the conducting and holding of such election, the canvassing of returns and the declaration of the results of such election.

Said resolution or resolutions of the Cumberland County Board of Elections shall be published in one or more newspapers of such county once a week for thirty (30) days prior to the opening of the registration books. All the cost of holding such election shall be paid by the City of Fayetteville. Except as herein provided, said election shall be held under the same statutes, rules and regulations as are applicable to other elections in the City of Fayetteville.

Sec. 7. At such election, those qualified voters of the City of Fayetteville who present themselves to the election officials at the respective voting places shall be furnished with ballots upon which shall be written or printed the words "for extension" and "against extension". If, at such election, the majority of votes cast shall be "for extension", then from and after the date of the declaration of the result of such election, the area, territory or subdivision and its citizens shall be subject to all debts, laws, ordinances and regulations in force in said City of Fayetteville and shall be entitled to the same benefits and privileges of other parts of said city. The newly elected area, territory or subdivision shall be subject to city taxes for the fiscal year following the effective date of annexation.

Sec. 8. Any ordinance adopted pursuant to this Act shall be subject to referendum only as herein provided, notwithstanding any laws or parts of laws to the contrary.

713
Sec. 9. Whenever the limits of the City of Fayetteville are enlarged in accordance with the provisions of this Act, it shall be the duty of the Mayor of the City of Fayetteville to cause an accurate map of the said area, territory or subdivision, newly annexed, together with a copy of the ordinance duly certified and the official results of the election, if conducted, to be recorded in the office of the Register of Deeds of Cumberland County and in the office of the Secretary of State of North Carolina.

Sec. 10. Any area, territory or subdivision annexed pursuant to this Act shall cease to be noncontiguous for all intents and purposes when and in the event said area shall touch the municipal limits of the City of Fayetteville pursuant to the extension of the boundaries of said city pursuant to Article 36, Chapter 160, of the General Statutes of North Carolina.

Sec. 11. Any area, territory or subdivision annexed pursuant to this Act shall not be included in that area of the municipal boundaries used for determining any extraterritorial jurisdiction of the City of Fayetteville and further shall not be considered within the municipal boundaries for the purposes of defining an area as contiguous to the city limits within the provision of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina with reference to further annexation unless and until the area, territory or subdivision annexed pursuant hereto shall, by extension of the municipal boundaries pursuant to Article 36 of Chapter 160 of the General Statutes of North Carolina, touch and become a part of the municipal boundaries of the City of Fayetteville wherein is located the City Hall. Any area, territory or subdivision annexed pursuant hereto may be included at only forty per cent (40%) of the normal rate for the purposes of population density or character of any larger area, territory or subdivision to be annexed at any time in the future pursuant to the provisions of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina.

Sec. 12. The total area of all noncontiguous portions of the city annexed pursuant to this Act shall at no time exceed ten per cent (10%) of the total area of the City of Fayetteville wherein is located City Hall.

Sec. 13. This Act shall be supplemental and in addition to any other methods or procedure for annexation heretofore available or hereafter provided for the City of Fayetteville.

Sec. 14. If any clause, sentence, paragraph, subsection, Section or any part of this Act shall for any reason be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such judgment shall not affect, impair or invalidate the remainder of this Act but shall be confined in its operation to the part thereof directly involved in said judgment.

Sec. 15. All laws and clauses of laws in conflict with this Act are repealed.

Sec. 16. This Act shall be full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 6th day of June, 1969.

CHAPTER 717

AN ACT AUTHORIZING THE BOARD OF COMMISSIONERS OF ANY COUNTY TO MODIFY THE COMPOSITION AND MODE OF ELECTION OF THE BOARD OF COUNTY COMMISSIONERS.

The General Assembly of North Carolina do enact:

Section 1. G. S. Sec. 153-16, 153-17, 153-18, and 153-19 are repealed and the following sections inserted in lieu thereof:

"Sec. 153-16. Modification of form of government. (1) It is hereby declared to be the policy of the General Assembly that the qualified voters of each county may alter the composition and mode of election of the board of commissioners for their county within the options and according to the procedures prescribed by this Article.

(2) The voters may alter the number of members of the board of commissioners to any number not less than 3 nor more than 7, except that an even number may not be adopted if option (d) of paragraph (3) is adopted.

(3) The voters may alter the terms of office of members of the board of commissioners by adopting one of the following options:

(a) members of the board shall be elected for terms of two years;

(b) members of the board shall be elected for terms of four years;

(c) members of the board shall be elected for overlapping terms of four years;"
(d) the board shall consist of three, five, or seven members serving a combination of four- and two-year terms so that a majority of the board is elected every two years.

If the board consists of three members and option (c) is adopted as hereinafter provided, at the first election following such adoption the two members receiving the highest number of votes shall be elected for a term of four years, and the member elected with the lowest number of votes for a term of two years. Thereafter, all candidates shall be elected for terms of four years. If the board consists of five or seven members and option (c) is adopted as hereinafter provided, at the first election following such adoption three members of a five-member board or four members of a seven-member board receiving the highest number of votes shall be elected for terms of four years and the remaining members for terms of two years. Thereafter, all candidates shall be elected for terms of four years. If the board consists of four or six members, and option (c) is adopted as hereinafter provided, at the first election following such adoption the two members of a four-member board and the three members of a six-member board receiving the highest number of votes shall be elected for terms of four years, and the remaining members shall be elected for terms of two years. Thereafter, all candidates shall be elected for terms of four years.

If option (c) is adopted in conjunction with either option (b) or (c) of paragraph (4), members of the board first elected under option (c) shall at their first meeting determine by lot which of them will serve four-year terms, and the remainder shall serve two-year terms. The number of four-year terms shall be one-half of the membership of a board with an even number of members, and a simple majority of a board with an odd number of members. After the expiration of these initial terms, all members shall be elected for terms of four years.

If option (d) is adopted with a three-member board, at the first election following such adoption, the candidate receiving the highest number of votes shall be elected for a term of four years, and the two candidates receiving the next highest number of votes shall be elected for terms of two years. Thereafter, the candidate receiving the highest number of votes shall be elected for a term of four years and the candidate receiving the next highest number of votes shall be elected for a term of two years. If option (d) is adopted with a five-member board, at the first election following such adoption the two members receiving the highest number of votes shall be elected for a term of four years and the three members receiving the next highest number of votes shall be elected for terms of two years. Thereafter, the two candidates receiving the highest number of votes shall be elected for a term of four years, and the candidate receiving the next highest number of votes shall be elected for a term of two years. Thereafter, the three candidates receiving the highest number of votes shall be elected for terms of four years, and the candidate receiving the next highest number of votes shall be elected for a term of two years.

(d) the county shall be divided into districts; commissioners shall be apportioned to the districts so that each member represents the same number of persons as near as may be, except for members apportioned to the county at large; and candidates shall reside in and represent the districts according to the apportionment plan adopted, but all candidates shall be nominated and elected by all the qualified voters of the county.

Options (b) and (c) may not be adopted by a board which has adopted option (d) of paragraph (3).

(5) the voters may alter the mode of selecting the chairman of the board of county commissioners by adopting one of the following options:

(a) the board shall select a chairman from among its membership to serve at its pleasure;

CHAPTER 718

AN ACT TO CREATE CHAPTER 55B OF THE GENERAL STATUTES RELATING TO THE FORMATION OF CORPORATIONS BY PERSONS DUTY LICENSED TO RENDER PROFESSIONAL SERVICES AND DEFINING THE POWERS AND RESPONSIBILITIES OF SUCH CORPORATIONS AND ITS MEMBERS, AND IMPLEMENTING CHAPTER 55B OF THE GENERAL STATUTES BY AMENDING G.S. 90-125, G.S. 93-8, G.S. 83-12, G.S. 89-13, G.S. 84-4, and G.S. 84-5 TO CONFORM.

The General Assembly of North Carolina do enact:

Section 1. Title. This Act may be cited as "The Professional Corporation Act".

Sec. 2. Definitions. As used in this Chapter, the following words shall, unless the context requires otherwise have the following meanings:

(a) "Professional Corporation" means a corporation which is engaged in rendering the professional services as herein specified and defined pursuant to a certificate of registration issued by the licensing board regulating the profession or practice, and which has as its shareholders only individuals who themselves are duly licensed to render the same professional service as the corporation, and which designates itself as may be required by this statute, and which is organized under the provisions of this Chapter and of Chapter 55, The Business Corporation Act.

(b) The term "professional service" means any type of personal or professional service to the public which requires as a condition precedent to the rendering of such service the obtaining of a license from a licensing board as herein defined, and pursuant to the following provisions of the General Statutes: Chapter 83, "Architects"; Chapter 84, "Attorneys at Law"; Chapter 93, "Public Accountants"; and Article 1, "Practice of Medicine", Article 2, "Dentistry", Article 6, "Optometry", Article 7, "Osteopathy", Article 8, "Chiropractic", Article 11, "Veterinarians", Article 12.
"Podiatrists", of Chapter 90; Article 18A, "Practicing Psychologist", of Chapter 90; Chapter 89, "Engineering and land surveying".

(c) "Licensing Board" means a Board which is charged with the licensing and regulating of the profession or practice in this State in which the professional corporation is organized to engage.

(d) The term "licensing board", as the same applies to attorneys at law, shall mean the Council of the North Carolina State Bar, and it shall include the North Carolina State Board of Law Examiners only to the extent that the North Carolina Board of Law Examiners is authorized to issue licenses for the practice of law under the supervision of the Council of the North Carolina State Bar.

(e) "Licensee" means any natural person who is duly licensed by the appropriate licensing board to render the same professional services which will be rendered by the professional corporation of which he is, or intends to become, an officer, director, shareholder or employee.

(f) "Disqualified Person" means a licensed person who for any reason becomes legally disqualified to render the same professional services which are or were being rendered by the professional corporation of which such person is an officer, director, shareholder or employee.

Sec. 3. Business Corporation Act Applicable. The Business Corporation Act shall be applicable to such professional corporations, including their organization, and professional corporations shall enjoy the powers and privileges and shall be subject to the duties, restrictions and liabilities of other corporations, except insofar as the same may be limited or enlarged by this Act. If any provision of this Act conflicts with the provisions of the Business Corporation Act, the provisions of this Act shall prevail.

Sec. 4. Formation of Corporation. A professional corporation under this Act may be formed pursuant to the provisions of Chapter 55, The Business Corporation Act, with the following limitations:

(a) At least one incorporator shall be a "Licensee" as hereinabove defined in Sec. 2(e).

(b) All of the shares of stock of the corporation shall be owned and held by a licensee, or licensees, as hereinabove defined in Sec. 2(e).

(c) At least one Director and one officer shall be a "Licensee" as hereinabove defined in Sec. 2(e).

(d) The Articles of Incorporation, in addition to the requirements of Chapter 55, shall designate the personal services to be rendered by the professional corporation and shall be accompanied by a certification by the appropriate licensing board that each of the owners of shares of stock is duly licensed to render such professional services.

Sec. 5. Corporate Name. The corporate name used by professional corporations under this Act, except as limited by the Licensing Acts of the respective professions, shall be governed by the provisions of Chapter 55, The Business Corporation Act; provided that professional corporations may use the words "Professional Association" or "P.A." in lieu of the corporate designations specified in Chapter 55; and provided further that Licensing Boards by regulations may make further corporate name requirements or limitations for the respective professions, but such regulations may not prohibit the continued use of any corporate name duly adopted in
conformity with the General Statutes and with the pertinent Licensing Board regulations in effect at the date of such adoption.

Sec. 6. Capital Stock. A professional corporation may issue shares of its capital stock only to a licensee as hereinabove defined, and such shareholders may voluntarily transfer such shares of stock issued to him only to another such licensee. No share or shares of any stock of such corporation shall be transferred upon the books of the corporation unless and until the corporation has received a certification of the appropriate licensing board that the transferee of such shares is a licensee as here defined. Any share of stock of such corporation issued or transferred in violation of this Section shall be null and void. No shareholder of a professional corporation shall enter into a voting trust agreement or any other type of agreement vesting in another person the authority to exercise the voting power of any or all of his stock.

Sec. 7. Death or Disqualification of a Stockholder or Employee. (a) If any officer, shareholder, agent or employee of a corporation organized under this Act who is a licensee becomes legally disqualified to render professional services within this State, he shall sever all employment with, and financial interest in, such corporation forthwith. A corporation's failure to comply with this provision shall constitute grounds for the forfeiture of its certificate of incorporation and its dissolution. When a corporation's failure to comply with this provision is brought to the attention of the Secretary of State, the Secretary of State shall forthwith certify that fact to the Attorney General for appropriate action to dissolve the corporation.

(b) A professional corporation shall report to the appropriate licensing board the death of any of its shareholders within 30 days thereafter. Within one year of the date of such death, all of the shares owned by such deceased shareholder shall be transferred to and acquired by the professional corporation or persons qualified to own such shares. In the absence of an agreement which determines the equitable value of the shares, then the price for such shares shall be the fair market value of the stock, but not less than the book value as of the end of the month immediately preceding the death or disqualification. Notwithstanding any other provisions of this Act, the shares of stock owned by such deceased shareholder may be owned and held by the person or persons who may be legally entitled to receive such shares for a period of one year after the death of such deceased shareholder, or in the case of the death of the owner of all the shares of such corporation, for such period of time as may be necessary to liquidate the corporation.

Sec. 8. Rendition of Professional Services. A professional service corporation may render professional services only through its officers, employees and agents who are duly licensed to render such professional services; provided, however, this provision shall not be interpreted to include in the term "employee", as used herein, clerks, secretaries, bookkeepers, technicians and other assistants who are not considered by law to be rendering professional services to the public.

Sec. 9. Professional Relationship and Liability. Nothing in this Act shall be interpreted to abolish, modify, restrict, limit or alter the law in this State applicable to the professional relationship and liabilities between the person furnishing the professional services and the person receiving such professional service, or the standards of professional conduct applicable to the rendering therein of such services.

Sec. 10. Registration With Licensing Board. No professional corporation shall open, operate, or maintain an establishment for any of the purposes set forth in this Act without first having obtained a certificate of registration from the licensing board or boards. Applications for such registration shall be made to the licensing
board or boards in writing and shall contain the name and address of the corporation and such other information as may be required by the licensing board or boards. If the board finds that no disciplinary action is pending before the Board against any of the licensed incorporators, officers, directors, shareholders or employees of such corporation, and if it appears that such corporation will be conducted in compliance with the law and the regulations of the board, the board shall issue, upon the payment of a registration fee, not to exceed fifty dollars ($50.00), a certificate of registration which shall remain effective until January 1 following the date of such registration or until such other expiration or renewal date as may be established by law or by the regulations of the licensing board.

Sec. 11. Renewal of Certificate of Registration. Upon written application of the holder, accompanied by a fee not to exceed the sum of twenty-five dollars ($25.00), the licensing board shall renew the certificate of registration of a professional corporation as required by law or the regulations of the licensing board if the board finds that the corporation has complied with its regulations and the provisions of this Act. If the corporation does not apply for renewal of its certificate or registration within thirty (30) days after the date of the expiration of such certificate, the certificate or registration shall be automatically suspended and may be reinstated within the calendar year upon the payment of the required renewal fee plus a penalty of ten dollars ($10.00), if such corporation is then otherwise qualified and entitled to a renewal of its certificate of registration.

Sec. 12. Application of Regulations of Licensing Boards. A professional corporation shall be subject to the applicable rules and regulations adopted by, and all the disciplinary powers of, the licensing board as herein defined. Nothing in this Act shall impair the disciplinary powers of any licensing board applicable to a licensee as herein defined. No professional corporation may do any act which its shareholders as licensees are prohibited from doing.

Sec. 13. Suspension or Revocation of Certificate of Registration. A licensing board may suspend or revoke a certificate of registration issued by it to a professional corporation for any of the following reasons:

(a) Upon the failure of such corporation to promptly remove or discharge an officer, director, shareholder or employee who becomes disqualified by reason of the revocation or suspension of his license to practice;

or

(b) Upon a finding by the licensing board that the professional corporation has failed to comply with the provisions of this Act or the regulations of the licensing board.

Upon the suspension or revocation of a certificate of registration issued to a professional corporation, such corporation shall cease forthwith to render professional services, and the Secretary of State shall be notified to the end that the corporation may be removed from active status and remain as such until reinstatement.

Sec. 14. Types of Professional Services. A professional corporation shall render only one specific type professional service, and such services as may be ancillary thereto, and shall not engage in any other business or profession; provided, however, such corporation may own real and personal property necessary or appropriate for rendering the type of professional services it was organized to render and it may invest in real estate, mortgages, stocks, bonds, and any other type of investments; provided further, that in the case of architectural, engineering or land surveying
services, as defined in Chapter 83 and 89 respectively, one corporation may be au-
thorized to provide such of these services where such corporation, and at least one
corporate officer who is a stockholder thereof, is duly licensed by the licensing board
of each such profession.

Sec. 15. Applicability of Act. This Act shall not apply to any corporation which
prior to the ratification of this Act was permitted by law to render professional
services as herein defined; provided, however, any such corporation rendering "pro-
fessional service" as defined in Sec. 2(c) of this Act may be brought within the provi-
sions of this Act by the filing of an amendment to its Articles of Incorporation
declaring that its shareholders have elected to bring the corporation within the
provisions of this Act and to make the same conform to all of the provisions of
this Act.

Sec. 16. The provisions of G. S. 90-125 are amended by adding at the beginning
of the sentence which starts on the second line the following: "Except as provided
for in Chapter 55-B of the General Statutes of North Carolina," and by changing
the word "It" to read "it" as the same appears on line 2.

to the provisions of Chapter 55-B of the General Statutes of North Carolina."

Sec. 19. The provisions of G. S. 84-4 are amended by adding at the end thereof
the following: "provided, however, this Section shall not apply to corporations au-

Subsection 143-215.40. Short Title. This part shall be known as and may be cited as the Federal Water Resources Development Law of 1969.

Subsection 143-215.41. Public Policy: It is hereby declared the public policy of the State of North Carolina to encourage development of such river and harbor, flood control and other similar civil works projects as will accrue to the general or special benefit of any county or municipality of North Carolina or to any region of the State. To this end, it is also hereby declared that within the meaning of the North Carolina Constitution expenditures for such projects and obligations incurred for such projects are for public purposes, that county and municipal and other local government expenditures and obligations incurred therefor are necessary expenses, and that county expenditures therefor are for special purposes for which the special approval of the General Assembly is hereby given.

Subsection 143-215.42. Resolutions and ordinances assuring local cooperation. (a) The boards of commissioners of the several counties, in behalf of their respective counties, the governing bodies of the several municipalities, in behalf of their respective municipalities, the governing bodies of any other local government units, in behalf of their units, and the North Carolina Board of Water and Air Resources, in behalf of the State of North Carolina, subject to the approval of the Governor and the Advisory Budget Commission, are hereby authorized to adopt such resolutions or ordinances as may be required giving assurances to any appropriate agency of the United States Government for the fulfillment of the required items of local cooperation as expressed in acts of Congress or congressional documents, as conditions precedent to the accomplishment of river and harbor, flood control or other such civil works projects, when it shall appear, and is determined by such board or governing body that any such project will accrue to the general or special benefit of such county or municipality or to a region of the State. In each case where the subject of such local cooperation requirements comes before a board of county commissioners or the governing body of any municipality or other local unit a copy of its final action, whether it be favorable or unfavorable, shall be sent to the Director of the Department of Water and Air Resources for the information of the Governor.

(b) Within the meaning of this part, a "local government unit" means any local subdivision or unit of government or local public corporate entity (other than a county or municipality), including any manner of special district or public authority.

Subsection 143-215.43 Items of cooperation to which localities and the State, acting through the Board of Water and Air Resources, may bind themselves. Such resolutions and ordinances may irrevocably bind such county, municipality, other local unit, of the State of North Carolina, acting through the Board of Water and
Air Resources, to the following when included as requirements of local cooperation for a Federal water resources development project.

(1) To provide, without cost to the United States, all lands, easements, and rights-of-way required for construction and subsequent maintenance of the project and for aids to navigation, if required, upon the request of the Chief of Engineers, or other official to be required in the general public interest for initial and subsequent disposal of spoil, and also necessary retaining dikes, bulkheads, and embankments therefor, or the costs of such retaining works.

(2) To hold and save the United States free from damages due to the construction works and subsequent maintenance of the project.

(3) To provide firm assurances that riverside terminal and transfer facilities will be constructed at the upper limit of the modified project to permit transfer of commodities from or to plants and barges.

(7) To adjust all claims concerning water rights.

(8) To maintain and operate the project after completion, without cost to the United States, in accordance with regulations prescribed by the Secretary of the Army or other responsible Federal official, board, or agency.

(9) To provide a cash contribution for project costs assigned to project features other than flood control.

(10) To prevent future encroachment which might interfere with proper functioning of the project for flood control.

(11) To provide or satisfy any other items or conditions of local cooperation as stipulated in the congressional or other Federal document covering the particular project involved.

This Section shall not be interpreted as limiting but as descriptive of the items of local cooperation, the accomplishment of which counties, municipalities and the State are herein authorized to irrevocably bind themselves; it being intended to authorize counties, municipalities and the Board of Water and Air Resources in behalf of the State to comply fully and completely with all of the items of local cooperation as contemplated by Congress and as stipulated in the congressional acts or documents concerned, or project reports by the Army Chief of Engineers, the Administrator of the Soil Conservation Service, the Board of Directors of the Tennessee Valley Authority, or other responsible Federal official, board or agency.

Subsection 143-215.43. Acquisition of lands. (a) For the purpose of complying with the terms of local cooperation as specified in Chapter 143, Article 21, Part
CHAPTER 724  SESSION LAWS—1969

4, and as stipulated in the Congressional document covering the particular project involved, any county, municipality, or other local government unit may acquire the necessary lands, or interest in lands, by lease, purchase, gift or condemnation. A municipality, county or other local government unit may acquire such lands by any of the aforesaid means outside as well as inside its territorial boundaries, if the local governing body finds that substantial benefits will accrue to property inside such territorial boundaries as a result of such acquisition.

(b) The power of condemnation herein granted may be exercised only after:

(1) The municipality, county or other local unit makes application to the Board of Water and Air Resources, identifying the land sought to be condemned and stating the purposes for which said land is needed; and

(2) The Board of Water and Air Resources finds that the land is sought to be acquired for a proper purpose within the intent of Chapter 143, Article 21, Part 4. The findings of the Board of Water and Air Resources will be conclusive in the absence of fraud, notwithstanding any other provision of law.

(c) The Board of Water and Air Resources shall certify copies of its findings to the applicant municipality, county, or other local unit, and to the Clerk of Superior Court of the county or counties wherein any of the land sought to be condemned lies for recordation in the special proceedings thereof.

(d) For purposes of this Section:

(1) The term 'interest in land' means any land, right-of-way, rights of access, privilege, easement, or other interest in or relating to land. Said 'interest in land' does not include an interest in land which is held or used in whole or in part for a public water supply, unless such 'interest in land' is not necessary or essential for such uses or purposes.

(2) A 'description' of land shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land. In the discretion of the applicant, boundaries may be described by any of the following methods or by any combination thereof: by reference to a map; by metes and bounds; by general description referring to natural boundaries, or to boundaries of existing political subdivisions or municipalities, or to boundaries of particular tracts or parcels of land.

(e) The procedure in all condemnation proceedings pursuant to this Section shall conform as nearly as possible to the procedure provided in G.S. Chapter 40, Article 2, and all acts amatory thereof.

(f) Interests in land acquired pursuant to this Section may be used in such manner and for such purposes as the local governing body deems best. If, in the opinion of the local governing body, such lands should be sold, leased or rented, this may be done, subject to the approval of the Board of Water and Air Resources.

(g) This Section is intended to confer supplementary and additional authority, and not to confer exclusive authority nor to impose cumulative requirements. AN ACT TO AUTHORIZE THE ISSUANCE OF SCHOOL BUILDING BONDS AND NOTES IN BEHALF OF THE HENDERSONVILLE CITY ADMINISTRATIVE UNIT AS A SPECIAL BOND TAX UNIT AND THE LEVY OF TAXES WITHIN SUCH UNIT FOR THE PAYMENT OF THE PRINCIPAL AND INTEREST OF SUCH BONDS AND NOTES.

The General Assembly of North Carolina do enact:

Section 1. Upon receipt of a petition, signed by not less than ten per cent (10%) of the qualified voters of the territory embraced within the Hendersonville City Administrative Unit and described in such petition, praying that bonds and/or notes be issued under the provisions of this Act, the Board of County Commissioners of Henderson County shall order a special election to be held in such school
district for the purpose of voting upon the question of issuing bonds and/or notes and levying a sufficient tax for the payment thereof for the purpose of acquiring, erecting, enlarging, altering and equipping school buildings, including gymnasiums, agricultural buildings, shops, school cafeterias and other necessary buildings, and purchasing sites in such district or unit, or for any one or more of said purposes. In all such elections the board of county commissioners shall designate the polling place or places, appoint the registrars and judges, and canvass and judicially determine the results of the election upon filing with it of the election returns by the officers holding the election, and shall record such determination on their records, which shall be conclusive of all the facts therein found and determined. The notice of election shall be given by publication at least three times in some newspaper published or circulating in such district or unit. The notice shall state the date of the election, the place or places at which the election will be held, the boundary lines of such district or unit, unless the district or unit is coterminous with a city, town or township (in which event the notice shall so state), the maximum amount of bonds and/or notes to be issued, the purpose or purposes for which the bonds and/or notes are to be issued, and the fact that a sufficient tax will be levied on all taxable property within the district or unit for the payment of the principal and interest of the bonds and/or notes. The first publication of the notice shall be at least thirty days before the election. A new registration of the qualified voters of such district or unit shall be ordered and notice of such new registration shall be deemed to be sufficiently given by publication once in some newspaper published or circulating in such district or unit at least thirty (30) days before the close of the registration books. This notice of registration may be considered one of the three notices required of the election. Such published notice of registration shall state the days on which the books will be open for registration of the voters and the place or places at which they will be open on Saturday. The books of such new registration shall close on the second Saturday before election. The Saturday before the election shall be challenge day and except as otherwise provided in this Act, such election shall be held in accordance with the laws governing general elections. The form of the question, as stated on the ballots, shall be in substantially the words: "For the issuance of $________________ School Bonds and/or Notes and the levying of a sufficient tax for the payment thereof," and "Against the issuance of $________________ School Bonds and/or Notes and the levying of a sufficient tax for the payment thereof." Such affirmative and negative form may be printed upon separate ballots, or both thereof may be printed on one ballot, containing squares opposite the affirmative and the negative forms, in one of which squares the voter may make a cross (X) mark. The petition herein provided for shall be filed with the Board of Commissioners of Henderson County and referred to the Board of Elections of Henderson County to determine the sufficiency thereof, and upon a finding by said board that the petition meets the requirements of this Section, the chairman of said board shall file a certificate to that effect with the Chairman of said Board of Commissioners of Henderson County.

Sec. 2. At the close of the polls the election officers shall count the votes and make returns thereof to the Board of County Commissioners of Henderson County, which board shall, as soon as practicable after the election, judicially pass upon the returns and judicially determine and declare the results of such election, which determination shall be spread upon the minutes of said board. The returns shall be made in duplicate, one copy of which shall be delivered to the Board of County Commissioners of Henderson County as aforesaid and the other filed with the Clerk
of the Superior Court of Henderson County. The Board of County Commissioners of Henderson County shall prepare a statement showing the number of votes cast for and against the bonds and/or notes, and declaring the result of the election, which statement shall be signed by the chairman of the board and attested by the clerk, who shall record it in the minutes of the board and file the original in his office and publish it once in a newspaper published or circulating in such district or unit.

Sec. 3. No right of action or defense founded upon the invalidity of such election or the invalidity of any proceedings or steps taken in the creation of such district or such unit shall be asserted, nor shall the validity of such election or the validity of the creation of such district or such unit, or the right or duty to levy a sufficient tax for the payment of the principal and interest of such bonds and/or notes, be open to question in any court upon any ground whatever, except in an action or proceeding commenced within thirty (30) days after the publication of such statement of results as provided in the preceding Section.

Sec. 4. If a majority of the votes cast shall be in favor of the issuance of such bonds and/or notes and the levy of such tax, then the Board of Commissioners of Henderson County shall provide by resolution, which resolution may be finally passed at the same meeting at which it is introduced, for the issuance of such bonds and/or notes, which bonds and/or notes shall be issued in the name of the county, but shall be made payable exclusively out of the taxes to be levied in such district or such unit, except the Board of County Commissioners of Henderson County may pay from county funds any part of the principal and interest of said bonds and/or notes. They shall be issued in such form and denominations, and with such provisions as to the time, place and medium of payment of principal and interest as the Board of County Commissioners of Henderson County may determine, subject to the limitations and restrictions of this Act. They may be issued as one issue, or divided into two or more separate issues, and in either case may be issued at one time or in blocks from time to time. When bonds are to be issued, they shall be serial bonds and each issue thereof shall so mature that the aggregate principal amount of the issue shall be payable in annual installments or series, beginning not more than three years after the date of the bonds of such issue and ending not more than thirty (30) years after such date. No such installment shall be more than two and one-half (2 1/2) times as great in amount as the smallest prior installment, of the same bond issue. The bonds and/or notes shall bear interest at a rate not exceeding eight per cent (8%) per annum, payable semiannually, and may have interest coupons attached, and may be made registerable as to principal or as to both principal and interest, under such terms and conditions as may be prescribed by said board. They shall be signed by the Chairman of the Board of County Commissioners of Henderson County, and the seal of the county shall be affixed to or impressed upon each bond and/or note and attested by the register of deeds or by the clerk of said board; and the interest coupons shall bear the printed lithographed or facsimile signature of such chairman. The delivery of bonds and/or notes, signed as aforesaid by officers in office at the time of such signing, shall be valid, notwithstanding any changes in office occurring after such signing.

Sec. 5. The Board of County Commissioners of Henderson County is hereby authorized and directed to levy annually a special tax, ad valorem, on all taxable property in the district or in the special bond tax unit in which the election was held, sufficient to pay the principal and interest of the bonds and/or notes as such principal and interest become due. Such special tax shall be in addition to all other
taxes authorized to be levied in such district or in such unit. The taxes provided for in this Section shall be collected by the county officer collecting other taxes and be applied solely to the payment of principal and interest of such bonds and/or notes.

Sec. 6. In the event the boundary lines of the territory embracing the Hendersonville City Administrative Unit are hereafter changed or altered, this Act shall apply to and within the territory embracing said unit at the time of the filing of the petition and the holding of the election as provided for in this Act. No change or alteration of the boundary lines of said unit shall in any way affect the validity of this Act.

Sec. 7. The powers conferred by this Act shall be regarded as supplemental and in addition to powers conferred by other laws and shall not supplant or repeal any existing powers for the issuance of bonds and/or notes, or any provisions of law for the payment of bonds and/or notes issued under such powers, or for the custody of moneys provided for such payment.

Sec. 8. This Act shall constitute full authority for the things herein authorized and no proceedings, publications, notices, consents or approvals shall be required for the doing of the things herein authorized, except such as are herein prescribed and required, and except that the provisions of the Local Government Act then in force as to the approval of the issuance of bonds and/or notes and endorsements of such approval upon such bonds and/or notes and as to the sale of bonds and/or notes and the disposition of the proceeds, shall be applicable to the bonds and/or notes authorized by this Act. The proceeds shall be paid out only upon order of the Board of Education of the Hendersonville City Administrative Unit.

Sec. 9. This Act shall apply only to Hendersonville City Administrative Unit and Henderson County.

Sec. 10. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 11. This Act shall be in full force and effect from and after its ratification.

The delivery of bonds and/or notes, signed as aforesaid by officers in office at the time of such signing, shall be valid, notwithstanding any changes in office occurring after such signing.

Sec. 5. The Board of County Commissioners of Randolph County is hereby authorized and directed to levy annually a special tax, ad valorem, on all taxable property in the district or in the special bond tax unit in which the election was held, sufficient to pay the principal and interest of the bonds and/or notes as such principal and interest become due. Such special tax shall be in addition to all other taxes authorized to be levied in such district or in such unit. The taxes provided for in this Section shall be collected by the county officers collecting other taxes and be applied solely to the payment of principal and interest of such bonds and/or notes.

Sec. 6. The Randolph County Administrative Unit is defined as being all of the territory embraced within the boundary lines of Randolph County, North Carolina, except that portion of said county embraced within the boundary lines of the Asheboro City Administrative Unit as said City Administrative Unit is constituted at the time of the petition and the holding of the election as provided for in this Act.

The powers conferred by this Act shall be regarded as supplemental and in addition to powers conferred by other laws and shall not supplant or repeal any existing powers for the issuance of bonds and/or notes, or any provisions of law for the payment of bonds and/or notes issued under such powers, or for the custody of moneys provided for such payment.

Sec. 8. This Act shall constitute full authority for the things herein authorized and no proceedings, publications, notices, consents or approvals shall be required for the doing of the things herein authorized, except such as are herein prescribed and required, and except that the provisions of the Local Government Act then in force as to the approval of the issuance of bonds and/or notes and endorsements of such approval upon such bonds and/or notes and as to the sale of bonds and/or notes and the disposition of the proceeds, shall be applicable to the bonds and/or notes authorized by this Act. The proceeds shall be paid out only upon order of the Board of Education of the Randolph County Administrative Unit.

CHAPTER 733

AN ACT TO PROVIDE RELOCATION ASSISTANCE TO INDIVIDUALS, FAMILIES AND BUSINESS DISPLACED BY HIGHWAY CONSTRUCTION.

The General Assembly of North Carolina do enact:

Section 1. This Act may be cited as the Highway Relocation Assistance Act.

Sec. 2. Declaration of Purpose

The General Assembly hereby finds and declares that it is in the public interest that the State Highway Commission be authorized to fairly compensate those persons displaced by the construction of highways for certain expenses incurred and for certain inconveniences suffered as a result of highway programs designed for
the benefit of the public as a whole and to provide relocation assistance in order to insure that a few individuals do not suffer disproportionate injuries as a result of displacement caused by the highway program, and to insure adequate housing for those persons displaced, and further to insure continuing eligibility for federal aid highway funds to the State in accordance with the provisions of the Federal Aid Highway Act of 1968. The General Assembly further finds and declares that relocation assistance and assistance in the acquisition of adequate replacement housing are proper costs for the acquisition of right-of-way for highways and the construction of designated highways on the State Highway System.

Sec. 3. Definitions as used in this Act

(a) "Person" shall mean (1) any individual, partnership, corporation or association which is the owner of a business; (2) any owner, part owner, tenant, or sharecropper operating a farm; (3) an individual who is the head of a family; or (4) an individual not a member of a family.

(b) "Family" shall mean two or more individuals living together in the same dwelling unit who are related to each other by blood, marriage, adoption or legal guardianship.

(c) "Displaced person" shall mean any person who moves from real property on or after the effective date of this Act as a result of the acquisition or reasonable expectation of acquisition of such real property, which is subsequently acquired, in whole or in part, for highway purposes or as the result of the acquisition for highway purposes of other real property on which such person conducts a business or farm operation.

(d) "Business" shall mean any lawful activity conducted primarily (1) for the purchase and resale, manufacture, processing, or marketing of products, commodities or any other personal property; (2) for the sale of services to the public; or (3) by a nonprofit organization.

(e) "Farm operation" shall mean any activity conducted solely or primarily for the production of one or more agricultural products or commodities for sale and home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

Sec. 4. Administration of Relocation Assistance Program

In order to prevent unnecessary expenses and duplication of functions, the State Highway Commission may make relocation payments or provide relocation assistance or otherwise carry out the functions authorized under this Act by utilizing the facilities, personnel, and services of any other Federal, State or local governmental agency having an established organization for conducting relocation assistance programs. Cities furnishing right of way for a State Highway Project may utilize services of the State or Federal Government. In the acquisition of right of way for any State Highway System street, the municipality shall be vested with the same authority to render such services and make such payments as is given the State Highway Commission in this Article.

Sec. 5. Relocation Services

The State Highway Commission is authorized to provide a relocation advisory assistance program which shall include such measures, facilities, or services as may be necessary or appropriate:

(a) To determine the needs for relocation, if any, of families, individuals, business concerns, and farm operators to be relocated by reason of a State Highway Project;
CHAPTER 733  SESSION LAWS—1969

(b) To assure that within a reasonable period of time prior to displacement, there will be available to the extent as can be reasonably accomplished a sufficient amount of housing meeting the standards to satisfy the State Highway Commission for decent, safe and sanitary dwellings, reasonably accessible to the places of employment of the families and individuals displaced and in areas which are generally at least as desirable as the areas in which they are displaced, in regard to public utilities and public and commercial utilities and at rent or prices within the financial means of families and individuals displaced from their homes;

(c) To assist owners of displaced businesses and displaced farm operators in obtaining and becoming established in suitable locations; and

(d) To supply information concerning the Federal Housing Administration home acquisition program under Section 221(d)(2) of the National Housing Act, the small business disaster loan program under Section 7(b)(3) of the Small Business Act, and other programs of the Federal Government and the State.

Sec. 6. Relocation Payments

(a) Payments for Actual Expenses: As part of the cost of right of way acquisition for a highway construction project, the State Highway Commission may compensate displaced persons for the actual and reasonable expenses for the relocation of a household and for the relocation of a business including farm operations and non-profit organizations.

(b) Optional Payments (Dwellings): Any person displaced from a dwelling who moves and elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (a) of this Section may receive:

(1) A moving expense allowance, determined according to a schedule established by the State Highway Commission not to exceed two hundred dollars ($200.00) and;

(2) A dislocation allowance in the amount of one hundred dollars ($100.00).

(c) Optional Payments (Business and Farm Operations): Any displaced person who moves or discontinues his business or farm operation who elects to accept the payment authorized by this Section in lieu of the payment authorized by subsection (a) of this Section, may receive a fixed relocation payment in an amount equal to the average annual net earnings of the business or farm operation or five thousand dollars ($5,000.00), whichever is the lesser. In the case of a business, no payment shall be made under this subsection unless the State Highway Commission is satisfied that the business (1) cannot be relocated without a substantial loss of its existing patronage, and (2) is not part of a commercial enterprise having at least one other establishment, not being acquired by the State or by the United States, which is engaged in the same or similar business. For purposes of this subsection the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before Federal, State, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such two-year period. To be eligible for the payment authorized by this subsection, the business or farm operation must make its State income tax returns available and its financial statements and accounting records available for audit for confidential use to determine the payment authorized by this subsection.
Sec. 7. Replacement Housing

(a) In addition to amounts otherwise authorized by this Article, as part of the cost of right of way acquisition, the State Highway Commission may make a payment to the owner of real property acquired for a project which is improved by a single-, two-, or three-family dwelling actually occupied by the owner for not less than one year prior to the initiation of negotiations for the acquisition of such property. Such payment, not to exceed five thousand dollars ($5,000.00), shall be the amount, if any, which when added to the acquisition payment, equals the average price required for a comparable dwelling determined in accordance with standards established by the State Highway Commission to be a decent, safe, and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and places of employment and available on the private market. Such payment shall be made only to a displaced owner who purchases and occupies a dwelling within one year subsequent to the date on which he is required to move from the dwelling acquired for the project.

(b) In addition to payments otherwise authorized by this Act, the State Highway Commission is authorized to make a payment to any individual or family displaced from any dwelling not eligible to receive a payment under subsection (a) of this Section which dwelling was actually and lawfully occupied by such individual or family for not less than ninety days prior to the initiation of negotiations for acquisition of such property. Such payment, not to exceed fifteen hundred dollars ($1,500.00) shall be the amount which is necessary to enable such person to lease or rent for a period not to exceed two years or to make the down payment on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such individuals or family in areas not generally less desirable in regard to public utilities and public and commercial facilities.

Sec. 8. Expenses Incidental to Transfer of Property

(a) In addition to amounts otherwise authorized by this Article, the State Highway Commission is authorized to reimburse the owners of real property acquired for a project for reasonable and necessary expenses incurred for (1) recording fees, transfer taxes, and similar expenses incidental to conveying such property; (2) penalty costs for prepayment of any mortgage entered into in good faith encumbering such real property if such mortgage is on record or has been filed for record as provided by law on the date of approval by the State Highway Commission of the location of such project; and (3) the pro rata portion of real property taxes paid which are allocable to a period subsequent to the date of vesting of title in the State, or the effective date of possession of such real property by the State Highway Department, whichever is earlier.

Sec. 9. Status of Payments

No payment received under this Act shall be considered as income for purposes of the State Income Tax Law; nor shall such payments be considered as income or resources to any recipient of public assistance and such payment shall not be deducted from the amount of aid to which the recipient would otherwise be entitled to under the State Welfare Act.

Sec. 10. Delegation of Authority to Adopt Rules and Regulations
The State Highway Commission is authorized to adopt such rules and regulations as it deems necessary and appropriate to carry out the provisions of this Article. The State Highway Commission is authorized and empowered to adopt all or any part of applicable Federal rules and regulations which are necessary or desirable to implement this Article. Such rules and regulations shall include, but not limited to, provisions relating to:

(a) Payments authorized by this Article to assure that such payments shall be fair and reasonable and as uniform as possible on those highway projects to which this Act is applicable.

(b) Prompt payment after a move to displaced persons who make proper application and are entitled to payment, or, in hardship cases, payment in advance.

(c) Moving expense allowances as provided for in Section 6, subsections (a) and (b) of this Article.

(d) Standards for decent, safe and sanitary dwellings.

(e) Eligibility of displaced persons for relocation assistance payments, the procedure for such persons to claim such payments, and the amounts thereof.

(f) Procedure for an aggrieved displaced person to have his determination of eligibility or amount of payment reviewed by the State Highway Commission or its administrative officers.

(g) Projects or classes of projects on which payments as herein provided will be made.

Sec. 11. Eminent Domain

Nothing contained in this Article shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of damages not in existence on the date of enactment of this Article. Payments made and services rendered under this Article are administrative payments and in addition to just compensation as provided by the law of eminent domain. Nothing contained in this Article shall be construed as creating any right enforceable in any court and the determination of the State Highway Commission under the procedure provided for in subsection (f) of Sec. 10 of this Act shall be conclusive and not subject to judicial review.

Sec. 12. Separability

If any provision of this Article or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provision or application of this Article which can be given effect without such invalid provision or application, and to this end the provisions of this Article shall be severable.

Sec. 13. Section 19.2 of Chapter 136 of the General Statutes and all other laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 14. This Act shall become effective January 1, 1970.

The General Assembly of North Carolina do enact:

Section 1. The Board of Commissioners of the Town of Sunset Beach may on its own motion and shall upon a petition to said board signed by at least fifteen per cent (15%) of the registered and qualified voters of the Town of Sunset Beach order an election to be held on the question of whether or not town alcoholic beverage control stores may be operated in the Town of Sunset Beach and if a majority of the votes cast in such election shall be for the operation of such stores, it shall be legal for alcoholic beverage control stores to be set up and operated in the Town of Sunset Beach, but if a majority of the votes cast in said election shall be against the operation of said alcoholic beverage control stores, no such stores shall be set up and operated in the Town of Sunset Beach under the provisions of this Act.

Sec. 2. The Board of Commissioners of the Town of Sunset Beach may submit the questions herein above mentioned and call a special election for the purpose of submitting said questions on or before November 1, 1969. In the event said special election is called, same shall be held and conducted on the dates fixed by the Board of Commissioners of the Town of Sunset Beach. A new registration of voters for such election shall not be necessary and all qualified voters who are properly registered prior to the registration for the election and those who register in said alcoholic beverage control election shall be entitled to vote in said election. In said election a ballot shall be used upon which shall be printed upon separate lines for each proposition "For Town Alcoholic Beverage Control Stores", "Against Town Alcoholic Beverage Control Stores". Those favoring setting up and operating alcoholic beverage control stores in the Town of Sunset Beach shall mark in the voting square to the left of the words "For Town Alcoholic Beverage Control Stores" printed on the ballot and those opposed to town alcoholic beverage control stores shall mark in the voting square to the left of the words "Against Town Alcoholic Beverage Control Stores". Except as otherwise provided herein, if a special election is called, the special election authorized shall be conducted under the same statutes, rules and regulations applicable to general elections for the Board of Commissioners of the Town of Sunset Beach and the cost thereof shall be paid from the general fund of the Town of Sunset Beach.

Sec. 3. Thereafter, all public, public local and private laws applicable to the sale of intoxicating beverages within said Town of Sunset Beach in force and effect prior to the authorization to operate town alcoholic beverage control stores shall be in full force and effect the same as if such election had not been held, and until and unless another election is held under
the provisions of this Act in which a majority of the votes shall be cast "For Town Alcoholic Beverage Control Stores". No election shall be called and held in the Town of Sunset Beach under the provisions of this Act within three years from the holding of the last election thereunder. It shall be the duty of the Board of Commissioners of the Town of Sunset Beach to order the alcoholic beverage control election in its own motion or within sixty (60) days after a petition shall have been presented, filed and signed by at least fifteen per cent (15%) of the registered and qualified voters of the Town of Sunset Beach requesting the same.

Sec. 4. If the operation of town alcoholic beverage control stores is authorized under the provisions of this Act, the Board of Commissioners of the Town of Sunset Beach shall immediately create a Town Board of Alcoholic Control to be composed of a chairman and two other members who shall be well known for their character, ability, and business acumen. Said Board shall be known and designated as "The Town of Sunset Beach Board of Alcoholic Control". The members and chairman of said board shall be designated by the mayor and governing body of the town and the member designated as chairman shall serve for his first term a period of three years. As to the other members, one member shall serve for his first term a period of two years and the other member shall serve for his first term a period of one year; and all terms shall begin with the date of their appointment. Thereafter, as the terms of the chairman and members expire, their successors in office shall serve for terms of three years each, and until their successors are appointed and qualified. Any vacancy shall be filled by the Board of Commissioners for the unexpired term. The said Town of Sunset Beach Board of Alcoholic Control and the operation of any town alcoholic beverage control stores authorized under the provisions of this Act shall be subject to and in pursuance with the provisions of Article 3 of Chapter 18 of the General Statutes of North Carolina except to the extent which the same may be in conflict with the provisions of this Act. Wherever the word "County" Board of Alcoholic Control appears in said Article, it shall include the Town of Sunset Beach Board of Alcoholic Control. The Town of Sunset Beach Board of Alcoholic Control shall have authority to employ legal counsel and such other employees as it may deem wise and fix their compensation.

Sec. 6. In the expenditure of said funds, the Town Board of Alcoholic Control shall employ one or more persons as law enforcement officer or officers to be appointed by and directly responsible to the said board. The person or persons so appointed shall, after taking the oath prescribed by law for peace officers, have the same powers and authorities within Brunswick County as other peace officers. And any such person or persons
so appointed, or any other peace officer while in hot pursuit of anyone found to be violating the prohibition laws of this State, shall have the right to go into any other county of the State and arrest such defendant therein so long as such hot pursuit of such person shall continue, and the common law of hot pursuit shall be applicable to said offenses and such officer or officers. Any law enforcement officer appointed by the said Board of Alcoholic Control and any other peace officer are hereby authorized, upon request of the sheriff or other lawful officer in any other county, to go into such other county and assist in suppressing a violation of the prohibition laws therein, and while so acting, shall have such powers as a peace officer as are granted to him in Brunswick County and be entitled to all the protection provided for said officer while acting in his own county.

Out of the net profits derived from the operation of said alcoholic beverage control stores, the Town of Sunset Beach Board of Alcoholic Control, shall, on a quarterly basis, pay over to the following named governing bodies, departments, boards, and agencies amounts equal to the percentages of the net profits which shall be expended by said governing bodies, departments, boards, and agencies for these purposes and none other as follows:

CHAPTER 736

AN ACT TO PROVIDE FOR INSTRUMENTS TO SECURE FUTURE ADVANCES AND FUTURE OBLIGATIONS.

The General Assembly of North Carolina do enact:

Section 1. Chapter 45 of the General Statutes, entitled "Mortgages and Deeds of Trust," is hereby amended by adding at the end thereof a new article to read as follows:

"Sec. 45-67. Definition. As used in this Article, 'security instrument' means a mortgage, deed of trust, or other instrument relating to real property securing an obligation or obligations to a person, firm, or corporation specifically named in such instrument, as distinguished from being included in a class of security holders referred to therein, for the payment of money.

"Sec. 45-68. Requirements. A security instrument, otherwise valid, shall secure future obligations which may from time to time be incurred thereunder so as to give priority thereto as provided in G. S. 45-70, if:

(1) Such security instrument shows:
   a. That it is given wholly or partly to secure future obligations which may be incurred thereunder;
   b. The amount of present obligations secured, and the maximum amount, including present and future obligations, which may be secured thereby at any one time;
   c. The period within which such future obligations may be incurred, which period shall not extend more than ten years beyond the date of the security instrument; and

(2) At the time of incurring any such future obligations, each obligation is evidenced by a written instrument or notation, signed by the obligor and stipulating that such obligation is secured by such security instrument; and

(3) At any time a security instrument securing future advances is transferred or assigned by the owner thereof that the amount, date and due date of each note, bond, or other undertaking for the payment of money representing a future obligation secured by such security instrument be noted in writing thereon.

"Sec. 45-69. Fluctuation of obligations within maximum amount. Unless the security instrument provides to the contrary, if the maximum amount has not been advanced or if any obligation secured thereby is paid or is reduced by partial payment, further obligation may be incurred from time to time within the time limit fixed by the security instrument, provided the unpaid balance of principal outstanding shall never exceed the maximum amount authorized pursuant to G. S. 45-
68(1)(b). Such further obligations shall be secured to the same extent as original obligations thereunder, if the provisions of G. S. 45-68(2) and (3) are complied with.

"Sec. 45-70. Priority of security instrument. (a) Any security instrument which conforms to the requirements of this Article and which on its face shows that the making of future advances is obligatory, shall, from the time and date of registration thereof, have the same priority to the extent of all obligatory future advances secured by it, as if all the advances had been made at the time of the execution of the instrument.

"(b) Any security instrument which conforms to the requirements of this Article, which on its face does not show that the making of future advances is obligatory, shall, from the time and date of registration thereof, have the same priority to the extent of all obligations secured by it, as if all the advances had been made at the time of the execution of the instrument, except that when an intervening lienor or encumbrancer gives actual notice as hereinafter provided that an intervening lien or encumbrance has been perfected on the property covered by the security instrument, or is being incurred and when perfected will relate back to the time when incurred, any future advances made subsequent to the receipt of such notice shall not take priority over such intervening perfected lien or encumbrance. Such notice shall be in writing and shall be given to the secured creditor named in the security instrument; but if the security instrument is registered and if any assignment of the security instrument has been noted on the margin of the record showing the name and address of the assignee, such notice shall be given to the last assignee so noted at the address so shown.

"(c) Payments made by the secured creditor for fire and extended coverage insurance, taxes, assessments, or other necessary expenditures for the preservation of the security shall be secured by the security instrument and shall have the same priority as if such payments had been made at the time of the execution of the instrument, whether or not notice has been given as provided in subsection (b) of this Section. The provisions of G. S. 45-68(2) and (3) shall not be applicable to such payments, nor shall such payments be considered in computing the maximum amount which may be secured by the instrument.

"Sec. 45-71. Satisfaction of the security instrument. Upon payment of all the obligations secured by a security instrument which conforms to the requirements of this Article and upon termination of all obligation to make advances, and upon written demand made by the maker of the security instrument, his successor in interest, or anyone claiming under him, the holder of the security instrument is hereby authorized to and shall make a written entry upon the security instrument showing payment and satisfaction of the instrument, which entry he shall date and sign. When the security instrument secures notes, bonds, or other undertakings for the payment of money which have not already been entered on the security instrument as paid, the holder of the security instrument, unless payment was made to him, may require the exhibition of all such evidences of indebtedness secured by the instrument marked paid before making his entry showing payment and satisfaction.

"Sec. 45-72. Termination of future optional advances. (a) The holder of a security instrument conforming to the provisions of this Article, which on its face does not show that the making of future advances is obligatory, shall, at the request of the maker of the security instrument or his successor in title promptly furnish to him
a statement duly executed and acknowledged in such form as to meet the requirements for the execution and acknowledgment of deeds, setting forth in substance the following:

'This is to certify that the total outstanding balance of all obligations, the payment of which is secured by that certain instrument executed by __________________________, dated ___________, recorded in book ______ at page _______ in the office of the Register of Deeds of ________________________________
County, North Carolina, is $____________________, of which amount $__________________ represents principal.

'No future advances will be made under the aforesaid instrument, except such expense as it may become necessary to advance to preserve the security now held.

This ______ day of __________, 19__.

(Signature and Acknowledgment)

"(b) Such statement, when duly executed and acknowledged, shall be entitled to probate and registration, and upon filing for registration shall be effective from the date of the statement. It shall have the effect of limiting the lien or encumbrance of the holder of the security instrument to the amount therein stated, plus any necessary advances made to preserve the security, and interest on the unpaid principal. It shall bar any further advances under the security instrument therein referred to except such as may be necessary to preserve the security then held as provided in G. S. 45-70(c).

"Sec. 45-73. Cancellation of record; presentation of notes described in security instrument sufficient. The provisions of G. S. 45-37 apply to discharge of record of instruments executed under this Article except that in cases of cancellation by exhibition or presentation under G. S. 45-37(a)(2) or G. S. 45-37(a)(3), only notes or bonds described in the body of the instrument or noted in writing thereon as provided in G. S. 45-68(3) need be exhibited or presented.

"Sec. 45-74. Article not exclusive. The provisions of this Article shall not be deemed exclusive, and no security instrument securing future advances or future obligations which is otherwise valid shall be invalidated by failure to comply with the provisions of this Article."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.
Sec. 3. This Act shall become effective October 1, 1969.

S. B. 113  CHAPTER 746

AN ACT TO RECODIFY AND SIMPLIFY THE LAW CONCERNING DISCHARGE OF RECORD OF MORTGAGES, DEEDS OF TRUST AND OTHER INSTRUMENTS INTENDED TO SECURE THE PAYMENT OF MONEY OR THE PERFORMANCE OF ANY OTHER OBLIGATION.

The General Assembly of North Carolina do enact:

Section 1. G.S. 45-37 is rewritten to read as follows:

"Sec. 45-37. Discharge of record of mortgages, deeds of trust and other instruments. (a) Subject to the provisions of G.S. 45-73 relating to secured instruments which secure future advances, any deed of trust or mortgage or other instrument
intended to secure the payment of money or the performance of any other obligation registered as required by law may be discharged and released of record in the following manner:

(1) By acknowledgment of the satisfaction of the provisions of such deed of trust, mortgage or other instrument in the presence of the Register of Deeds by
   a. the trustee,
   b. the mortgagee,
   c. the legal representative of a trustee or mortgagee, or
   d. a duly authorized agent or attorney of any of the above.

Upon acknowledgment of satisfaction, the Register of Deeds shall forthwith make upon the margin of the record of such deed of trust, mortgage or other instrument an entry of such acknowledgment of satisfaction which shall be signed by the trustee, mortgagee, legal representative, agent or attorney and witnessed by the Register of Deeds who shall also affix his name thereto.

(2) By exhibition of any deed of trust, mortgage or other instrument accompanied with the bond, note, or other instrument thereby secured to the Register of Deeds, with the endorsement of payment and satisfaction appearing thereon by
   a. the obligee,
   b. the mortgagee,
   c. the trustee,
   d. an assignee of the obligee, mortgagee, or trustee; or
   e. any chartered banking institution, national or state, qualified to do business in and having an office in the State of North Carolina, when so endorsed in the name of the institution by an officer thereof.

Upon exhibition of the instruments, the Register of Deeds shall cancel the mortgage, deed of trust or other instrument by entry of satisfaction on the margin of the record. The person so claiming satisfaction, performance or discharge of the debt or other obligation may retain possession of all of the instruments exhibited. The exhibition of the mortgage, deed of trust or other instrument alone to the Register of Deeds, with endorsement of payment, satisfaction, performance or discharge shall be sufficient if the mortgage, deed of trust or other instrument itself sets forth the obligation secured or the performance of any other obligation and does not call for or recite any note, bond or other instrument secured by it. The Register of Deeds may require the person exhibiting the instruments for cancellation to furnish him an acknowledgment of cancellation of the mortgage, deed of trust or other instrument for the purpose of showing upon whose request and exhibition the mortgage, deed of trust or other instrument was cancelled.

(3) By exhibiting to the Register of Deeds by:
   a. the grantor,
   b. the mortgagor, or
   c. an agent, attorney or successor in title of the grantor or mortgagor
of any mortgage, deed of trust or other instrument intended to secure the payment of money or the performance of any other obligation, together with the bond, note or other instrument secured thereby, or by exhibition of the mortgage, deed of trust or other instrument alone if such instrument itself sets forth the obligation secured or other obligation to be performed and does not call for or recite any note, bond or other instrument secured by it, if at the time of exhibition, all such instruments are more than ten (10) years old counting from the maturity date of the last obligation secured. If the instrument or instruments so exhibited have an endorsement of partial payment, satisfaction, performance or discharge within the said period of ten (10) years, the period of ten (10) years shall be counted from the date of the most recent endorsement.

The Register of Deeds shall make proper entry of cancellation and satisfaction of said instrument on the margin of the record where the same is recorded, whether there be any such entries on the original papers or not.

(4) By exhibition to the Register of Deeds of any deed of trust given to secure the bearer or holder of any negotiable instruments transferable by delivery, together with all the evidences of indebtedness secured thereby, marked paid and satisfied in full and signed by the bearer or holder thereof.

Upon exhibition of the deed of trust, and the evidences of indebtedness properly marked, the Register of Deeds shall cancel such deed of trust by entry of satisfaction upon the margin of the record, which entry shall be valid and binding upon all persons, if no person rightfully entitled to the deed of trust or evidences of indebtedness has previously notified the Register of Deeds in writing of the loss or theft of the instrument or evidences of indebtedness and has caused the Register of Deeds to record the notice of loss or theft on the margin of the record of the deed of trust.

Upon receipt of written notice of loss or theft of the deed of trust or evidences of indebtedness the Register of Deeds shall make on the record of the deed of trust concerned a marginal entry in writing thereof, with the date of receipt of the notice. The deed of trust shall not be cancelled after such marginal entry until the ownership of said instrument shall have been lawfully determined. Nothing in this subdivision (4) shall be construed to impair the negotiability of any instrument otherwise properly negotiable, nor to impair the rights of any innocent purchaser for value thereof.

Every entry of acknowledgment of satisfaction or of satisfaction made or witnessed by the Register of Deeds as provided in subdivision (a)(1) shall operate and have the same effect to release and discharge all the interest of such trustee, mortgagee or representative in such deed or mortgage as if a deed of release or reconveyance thereof had been duly executed and recorded.

"(b) It shall be conclusively presumed that the conditions of any deed of trust, mortgage or other instrument securing the payment of money or securing the performance of any other obligation or obligations have been complied with or the debts secured thereby paid or obligations performed, as against creditors or purchasers for valuable consideration from the mortgagor or grantor, from and after the expiration of fifteen (15) years from whichever of the following occurs last:

a. The date when the conditions of such instrument were required by its terms to have been performed, or
b. The date of maturity of the last installment of debt or interest secured thereby;
Provided that the holder of the indebtedness secured by such instrument or party secured by any provision thereof may file an affidavit with the Register of Deeds which affidavit shall specifically state:

1. the amount of debt unpaid, which is secured by said instrument; or
2. in what respect any other condition thereof shall not have been complied with;

may make on the margin of the record of the instrument a notation signed by the holder or party secured and witnessed by the Register of Deeds stating:

1. any payments that have been made on the indebtedness or other obligation secured by such instrument including the date and amount of payments and
2. the amount still due or obligations not performed under the instrument.

The effect of the filing of the affidavit or of the notation made as herein provided shall be to postpone the effective date of the conclusive presumption of satisfaction to a date fifteen (15) years from the filing of the affidavit or from the making of the notation. There shall be only one postponement of the effective date of the conclusive presumption provided for herein. The Register of Deeds shall record the affidavit provided for herein and shall make a reference on the margin of the record of the instrument referred to therein to the filing of such affidavit and to the book and page where the affidavit is recorded. This subsection shall not apply to any deed, mortgage, deed of trust or other instrument made or given by any railroad company, or to any agreement of conditional sale, equipment trust agreement, lease, chattel mortgage or other instrument relating to the sale, purchase or lease of railroad equipment or rolling stock, or of other personal property.

"(c) In any county in which deeds of trust and mortgages are recorded in the office of the Register of Deeds by microphotographic process or any other method or process which renders impractical or impossible the subsequent entry of marginal notations upon the records of instruments, the Register of Deeds, in lieu of making entries of acknowledgment, of satisfaction or of cancellation and satisfaction, shall require the submission for recordation of a notice of satisfaction sufficient to comply with the provisions of G. S. 45-37.2.

"(d) For the purposes of this section 'Register of Deeds' means the Register of Deeds, his deputies or assistants of the county in which the mortgage, deed of trust, or other instrument intended to secure the payment of money or performance of other obligation is registered."

"(e) Any transaction subject to the provisions of the Uniform Commercial Code, Chapter 25 of the General Statutes, is controlled by the provisions of that Act and not by this section."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.  Sec. 3. This Act shall become effective January 1, 1970.

In the General Assembly read three times and ratified, this the 9th day of June, 1969.

CHAPTER 750

AN ACT TO AMEND CHAPTER 163 OF THE GENERAL STATUTES OF NORTH CAROLINA SO AS TO REQUIRE THAT ALL COUNTIES ADOPT THE FULL-TIME REGISTRATION OF VOTERS.

The General Assembly of North Carolina do enact:

Section 1. G. S. 163-67(a) is amended by deleting it in its entirety and inserting in lieu thereof the following:

"G. S. 163-67(a). The County Boards of Elections shall establish, prior to January 1, 1971, a full-time system of registration, as prescribed by the State Board of Elections, under which the registration books, process, and records shall be open continuously for the acceptance of registration applications and for the registration of voters at all reasonable hours and time consistent with the daily function of all other county offices. In such counties no registration shall entitle a registrant to vote in any primary, general or special election unless the registrant shall have made application not less than 21 days, excluding Saturdays and Sundays, immediately preceding such primary, general or special election, provided that nothing shall prohibit registrants from registering to vote in future elections during such period.

When full-time registration has been established in a county, the official record of registration shall be made and kept in the form of an application to register which, as prescribed by the State Board of Elections, shall contain all information necessary to show the applicant's qualifications to register. In such a county, no person shall be registered to vote without first making a written, sworn, and signed application to register upon the form prescribed by the State Board of Elections. If the applicant cannot write because of physical disability, his name shall be written on the application for him by the election official to whom he makes application, but the specific reason for the applicant's failure to sign shall be clearly stated upon the face of the application.

Registrars and special registration commissioners appointed under the provisions of G. S. 163-41 may take registration applications from and administer registration oaths to qualified applicants without regard to the precinct residence of the registrar, special registration commissioner, or applicant: Provided, however, the County Board of Elections shall have power to limit the areas in which registrars and special registration commissioners may exercise the authority conferred in this paragraph.

Applications to register which have been completed by persons who have taken the required oath shall be forwarded promptly to the County Board of Elections. An application to register shall constitute a valid registration unless the County Board of Elections shall notify the applicant of its rejection within 30 days after its completion; provided that where the application is completed during the last 51 days prior to the election but at least 21 days prior to the election, the notification of rejection shall be made no less than 21 days prior to the election or the application shall constitute a valid registration. The loose-leaf binders containing the precinct records and the duplicate registration record, required by G. S. 163-65(a), shall be kept at all times in a safe place.

For the purpose of receiving registration applications, registrars shall attend the voting places in their precincts only on such days and at such hours as may be fixed by the County Board of Elections: Provided, the County Board of Elections
shall not require registrars to be present at the voting places for this purpose on any day less than 21 days, excluding Saturdays and Sundays, prior to a primary or election. In its discretion, the County Board of Elections may require no attendance by registrars at the voting places for the purpose of receiving registration applications.

The County Board of Elections is authorized to make reasonable rules and regulations, not inconsistent with law and State Board regulations, to insure full-time registration as provided in this Section.*

G. S. 163-67(b) is amended by deleting it in its entirety and inserting in lieu thereof the following:

"G. S. 163-67(b). In counties which have less than 14,001 registered voters the State Board of Elections shall prescribe reasonable regulations permitting such counties to operate a modified full-time office to the extent that the operation of such full-time office will not necessarily be required to be open such as is required in counties with total registered voters in excess of 14,000; provided, that nothing herein shall preclude such counties from maintaining office hours for registration consistent with the hours observed by all other offices within said county. In counties which operate under a modified full-time system as authorized by this Section, registration commissioners shall not be allowed."

G. S. 163-67.1—Executive Secretary, Appointment by County Board of Elections. The County Boards of Elections, whether operating under the provisions of G. S. 163-67(a) or (b) shall have authority to employ an Executive Secretary who shall be paid such compensation as recommended by the County Board of Elections and approved by the respective Boards of County Commissioners. The Executive Secretary may be empowered by the County Board of Elections to perform such administrative duties as might be assigned by the chairman. In addition to any administrative duties the Executive Secretary shall be authorized to receive applications for registration and in pursuit of such authority shall be given the oath required of all registrars. In addition, the Executive Secretary may be authorized by the chairman to execute the responsibilities devolving upon the chairman from G. S. 163-73 provided such authorization by any chairman shall in no way transfer the responsibility for compliance with the law. The chairman shall remain liable for proper execution of all matters specifically assigned to him by law.

Sec. 2. The cost of maintaining the registration and election processes required by this Act shall be allocated by the respective Boards of County Commissioners upon approval of budget requirements submitted by the respective County Board of Elections. The respective Boards of County Commissioners shall appropriate reasonable and adequate funds necessary for the legal functions of the County Boards of Elections, including reasonable and just compensation of the Executive Secretary.

Sec. 3. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 4. This Act shall be in full force and effect from and after its ratification.

Sec. 3. The funds appropriated by this Act to provide for Capital Improvements by Sections 4, 5, and 6 of this Act shall be disbursed for the purposes provided by this Act upon warrants drawn by the State Disbursing Officer, which warrants shall not be drawn for any State institution, department, or agency until a requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1, Chapter 143, of the General Statutes. Any officer of this State or executive head of any institution, or any director, trustee, or commissioner of any State institution, department, or agency to which an appropriation is made under the provisions of this Act who votes for or aids in spending more money for any improvement for any institution, department, or agency than is appropriated therefor may be removed from office by the Governor. Any additional monies which may be received
by means of a grant or grants from the United States of America or any agency or department thereof, or from any other source to aid in financing the cost of any of the improvements herein referred to may be placed by the State Treasurer in the same fund or in a separate fund and, to the extent permitted by terms of such grant or grants, with the approval of the Governor and the Advisory Budget Commission, shall be disbursed in the same manner and for the same purposes mentioned in this Act, and only as detailed in Vol. III of the 1969-71 Budget. Appropriations and authorizations for student housing are on the basis of three thousand nine hundred dollars ($3,900.00) per student and shall not exceed this per student cost for the stated project including equipment and furnishings. College housing authorized to be constructed by self-liquidating funding in Section 4 of this Act shall have been recommended by the Advisory Budget Commission as to need and as to method of financing before construction may be started. Where funds are shown in this Act for the purpose of furnishing equipment for any project, such funds for equipment shall not be subject to transfer into construction accounts except as authorized by the Advisory Budget Commission. However, equipment funds may be expended under construction accounts to the specific amount required for fixed equipment attached or connected to the building for which it is intended. It is the intent of this Act that projects listed herein shall be completed, including fixed and movable equipment and furnishings, within the limits of the amounts of funds appropriated or authorized herein.

The Advisory Budget Commission may, when in its opinion it is in the best interest of the State to do so, and upon the request of the department, institution, or agency, authorize the increase or decrease in size and scope of any project or projects enumerated in this Act within the funds provided in this appropriation to that department, agency or institution.
CHAPTER 755  
SESSION LAWS—1969

Sec. 10. It shall be incumbent upon each agency, department or institution enumerated in this Act to apply for Federal Aid to participate in the construction of each project appropriated for in this Act and to the extent to which projects may be eligible for such Federal aid. Participating Federal funds shall not be used for the purpose of enlarging any project enumerated in this Act beyond the physical or functional scope provided for in this Act and as detailed in Volume III of the Budget but shall replace State funds in the same amount as such Federal aid. The State funds so replaced by Federal funds shall be placed into a special Capital Construction Reserve Fund which fund shall be used at the discretion of the Governor and Advisory Budget Commission for the purpose of providing funds to construct additional facilities which in the opinion of the Governor and Advisory Budget Commission are considered essential subject to availability of funds. Projects so selected by the Governor and the Advisory Budget Commission for construction from the special Capital Construction Reserve Fund shall be as detailed in Volume III of the Budget. In order that the Capital Construction Reserve Fund be used to its fullest benefit to the State, the Advisory Budget Commission, and the Department of Administration, and its pertinent division, shall be furnished in advance with copies of all requests for Federal funds, and this information furnished shall be kept current. Application for use of funds from the special Capital Construction Reserve Fund for additional projects will not be considered until and unless sufficient funds to cover full cost of design, construction, and equipment exist within the special Capital Construction Reserve Fund. Applications in anticipation of these funds will not be considered.

Sec. 11. There is provided in Section 4 of this Act the sum of one million eight hundred twenty five thousand dollars ($1,825,000.00) appropriated to the Department of Administration for the purpose of providing certain air conditioning and renovation for the four (4) units of the Sanatorium System. These funds shall be allocated and expended as determined by the Governor and the Advisory Budget Commission for the purposes intended and based upon the ultimate use of these facilities.

Sec. 12. The construction, equipping and furnishing of a new State Art Museum Building, together with the acquisition of a site for the same, is hereby authorized. The appropriation for said purposes of ten million dollars ($10,000,000) is also hereby authorized pursuant to the provisions of Chapter 1142 of the Session Laws of 1967, as amended. There is appropriated the sum of three million dollars ($3,000,000) as set forth in Section 4 of this Act to the Department of Administration to be used with funds received from other sources for the construction of said new Museum of Art Building herein authorized. It is the intent of the General Assembly of North Carolina that this appropriation of three million dollars ($3,000,000) shall be reserved and used with funds received from private gifts and grants and from other non-state funds made available by individuals, corporations, foundations and others to provide for the design, construction, furnishing, and all related costs in constructing, equipping and furnishing an Art Museum Building and acquiring a site therefor as authorized by said Chapter 1142 of the Session Laws of 1967, to be used as requested by the State Art Museum Building Commission and shall be subject to the approval of the Governor and the Advisory Budget Commission. The provisions of this Act relative to reversion shall not be applicable to this appropriation.

Sec. 13. There is provided in Section 4 of this Act the sum of ten million eighty one thousand nine hundred twenty one dollars ($10,081,921.00) appropriated to the
University of North Carolina at Chapel Hill for the purpose of providing the State's share of the total cost to construct and equip a Preclinical Education Facility, a Clinical Science Facility and a Bed Tower Addition to Memorial Hospital, each of these facilities being appropriated as detailed in Section 4 of this Act. The funds so appropriated shall be contingent upon matching funds indicated to be provided by the Federal Government for each of these three projects. In the event that Federal funds are not forthcoming, then the funds appropriated in this Act for either or all of the three enumerated projects not receiving Federal support as indicated in Section 4 of this Act shall revert to the General Fund, and shall not be used for any other purpose.

Sec. 14. Subject to any transfers and changes between appropriations as permitted in Sections 7, 8 and 9 of this Act, the appropriations for CAPITAL IMPROVEMENT made in this Act shall be expended only for specific projects set out in this Act. Construction of all CAPITAL IMPROVEMENT projects enumerated in this Act shall be commenced on or before December 31, 1970; if construction on such project or projects has not been commenced on or before December 31, 1970, then the appropriation for such project or projects shall revert to the original source and no transfer to other projects shall be allowed; provided, however, that subject to the approval of the Governor and the Advisory Budget Commission this deadline may be extended when such action is justified in the opinion of the Governor and the Advisory Budget Commission by existing circumstances and conditions.

Sec. 15. Any unencumbered balances remaining in the CAPITAL IMPROVEMENT funds of 1967 appropriated for construction and equipment shall revert to the original source on December 31, 1969; provided, that the Governor and the Advisory Budget Commission may grant further extension for specific projects in such cases wherein a real emergency exists.

Sec. 16. The several departments, institutions, and agencies of the State are fully authorized and empowered to make application or applications to any agency or agencies of the United States of America for grant-in-aid for the construction of the several projects mentioned in this Act and within the scope and intent of the projects enumerated in this Act and to expend the same in accordance with the terms of such grants which are not contrary to the laws of this State. The Advisory Budget Commission and the Department of Administration, and its pertinent divisions, shall be furnished in advance with copies of all requests for Federal funds and this information shall be kept current.

Sec. 17. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 18. This Act shall be in full force and effect July 1, 1969.

In the General Assembly read three times and ratified, this the 11th day of June, 1969.

(b) As used in this Section and in G. S. 55-20 and 55-21, the term “officer” includes any dominant shareholder engaged to perform services for the corporation, whether as employee or independent contractor; and the term “person” includes the legal representative of such person.

(c) Anything in this Section or in G.S. 55-20 or 55-21 to the contrary notwithstanding, a corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability.

(d) Expenses incurred by a director, officer, employee or agent in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding as authorized by the board of directors in the specific case upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the corporation as authorized in this Section.”

Sec. 2. G.S. 55-20 is hereby amended and rewritten to read as follows:

“Section 55-20. Indemnification in Actions by Outsiders. (a) When because of his duties or activities while serving as director, officer, employee or agent of a corporation, or in any such capacity at the request of the corporation in any other corporation, partnership, joint venture, trust or other enterprise, any person is or was a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceedings, whether civil, criminal, administrative or investigative, not brought by the corporation nor brought by any party seeking derivatively to enforce a liability of such a person to the corporation, such person shall be entitled to indemnification or reimbursement by the corporation for any expenses, including attorneys’ fees, or any liabilities which he may have incurred in consequence of such action, suit or proceeding, under the following conditions:

(1) If such person is wholly successful in his defense on the merits, or if the proceeding is an administrative or investigative proceeding which does not result in the indictment, fine or penalty of such person, he shall be entitled to reimbursement from the corporation of all his reasonable expenses of defense or participation, including attorneys’ fees.

(2) If such person is wholly successful in his defense otherwise than solely on the merits, the corporation may pay or agree to pay to him such expenses of defense or participation, including attorneys’ fees, as the board of directors in good faith shall deem reasonable, regardless of any adverse interest of any or all the directors.

(3) If such person is not wholly successful or is unsuccessful in his defense, or the proceeding to which he is a party results in his indictment, fine or penalty, the corporation may pay or agree to pay, in whole or in part, such expenses of defense or participation, including attorneys’ fees, and the amount of any judgment,
money decree, fine, penalty or settlement for which he may have become liable, if

(i) a plan for such payment is approved by a consent in writing signed by the holders of all shares entitled to vote or such plan is sent to the holders of all shares entitled to vote, with notice of a shareholders' meeting, whether annual or special, to be held to take action thereon and if at such meeting a plan is approved by the holders of a majority of such shares, exclusive of the shares held directly or indirectly by any persons to be benefited by the plan if approved, or

(ii) a majority of a quorum consisting of directors who are not parties to such action, suit or proceeding shall determine that such person acted in good faith and in a manner he reasonably believed to be in the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, or

(iii) in a proceeding brought by such person for such determination in the Superior Court of the district where the corporation has its registered office it shall be determined that such person acted in good faith and in a manner he reasonably believed to be in the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In such a proceeding, the court in its discretion may order notice thereof to be sent to the shareholders of the corporation in such manner and in such form as it may deem appropriate, at the expense of the corporation; and it may allow all shareholders so notified to be heard in opposition to the determination requested.

(b) The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful."

Sec. 3. G. S. 55-21(a) is hereby amended and rewritten to read as follows:

"(a) When a present or former director, officer, employee or agent of a corporation or any person who has served or is serving in such capacity at the request of the corporation in any other corporation, partnership, joint venture, trust or other enterprise, is sued, alone or with others, in the courts of this State, in any action seeking to establish his liability to the corporation arising out of his alleged dereliction of duty to the corporation, he shall in turn be entitled to indemnification or reimbursement from the corporation for so much of his expenses of defense, including attorneys' fees, as the court in its discretion, upon motion for indemnification or reimbursement, duly made in such action, finds to be reasonable, if:

(1) Such person is successful in whole or in part in the action against him or in any settlement thereof and the court finds that his conduct fairly and equitably merits such relief;

or

(2) The court finds, despite his adjudication of liability, that such person has acted honestly and reasonably and that, in view of all the circumstances of the case, his conduct fairly and equitably merits such relief."
Sec. 4. G. S. 55-155(a) is hereby amended by striking out the first word of the first sentence following the catchline, "The" and inserting in lieu thereof the words, "In addition to any taxes prescribed by G. S. 55-156, ."

Sec. 5. G. S. 55-156(a) is hereby amended by striking out the first word of the first sentence following the catchline, "On", and inserting in lieu thereof the words, "In addition to any fees prescribed by G. S. 55-155, ."

Sec. 10. It is the intention of this Act that, as to new units except those herein authorized, no recommendations for establishment of additional units shall be made by the Department of Community Colleges in the absence of a showing of a clear and urgent need in a particular area of the State. It is the further intention of this Act that it shall be the announced policy of the Department of Community Colleges that, as to capital improvement projects, no construction contracts may be let until it has been clearly established that funds are available for the related permanent equipment.

Sec. 11. The Director of the Budget shall require that the Highway Fund, other special funds employing personnel, and other operations employing personnel which are designated by the resolution of the Governor and Advisory Budget Commission as self-supporting operations shall budget as a line item object of expenditure sufficient funds to pay their employer proportion of contributions to the Teachers' and State Employees' Retirement System as required by the Act creating said system.

In those instances in which an employee's salary is paid in part from the General Fund or from gifts (including foundations) and in part from receipts of the State institution or agency (other than gifts, including foundation funds), which receipts are deposited in institutional funds for the specific purpose of paying part of the compensation of such State employee, the appropriations described above shall be used to pay a portion of the employer's contribution for retirement and social security equal to that proportion of the employee's total salary paid from the General Fund or from gifts (including foundations), and the remainder of the employer's contribution shall be paid from the same sources as supply the remainder of such employee's salary. It is the intent and purpose of this Act that, when retirement system or social security matching funds are required to be made on behalf of the State as an employer in the situations described above in this paragraph, such matching funds to the extent necessary shall be paid out of the funds of the institution or operation or activity described above in this paragraph. Notwithstanding the restrictions in this paragraph, the Director of the Budget is authorized and empowered to promulgate rules and regulations to apply to receipts - supported operations of a central services nature where the payments for services originate from appropriations, to the end that the effective purchasing power of such appropriations shall not be materially reduced as a result of payment of the employer's contribution for retirement and social security. Any question as to the applicability of this paragraph shall be resolved by the Director of the Budget and the Advisory Budget Commission.

Sec. 12. Subject to rules and regulations promulgated by the Department of Administration and approved by the Director of the Budget, any State department, institution, or agency of the State is hereby authorized to expend, from appropriations made in this Act, funds to pay the expenses of transporting the household goods and furniture of an employee and members of his household when such an employee is directed by the employing agency to transfer from one location to another.

For an employee whose salary is not equal to a specific pay rate within the present salary schedule, the annual increase will be the amount applicable to the next lower pay rate. The increases hereby provided for shall be based on salaries in effect on June 30, 1969, except that for certain employees whose salaries, by direction of the Governor, were adjusted to the annual rate of three thousand, seven hundred and fifty-six dollars ($3,756) effective April 1, 1969, the increases hereby provided for shall be based on the salaries such employees would have received on June 30, 1969, if such adjustment had not been made. Upon the petition of fifteen percent (15%) of the resident freeholders living in an area which has previously been established as a recreation district and in which there has been authorized by a vote of the people a special tax not exceeding ten cents (10¢) on the one hundred dollars ($100.00) valuation of property within the area, the board of county commissioners shall call an election in said area for the purpose of submitting to the qualified voters therein the question of increasing the allowable special tax for recreational programs and facilities within said district from ten cents (10¢) on the one hundred dollars ($100.00) valuation of fifteen cents (15¢) on the one hundred dollars ($100.00) valuation on all taxable property within such district. Elections on the question of increasing the allowable tax rate for recreational programs and facilities shall not be held within the same district at intervals less than two years.

If a majority of the qualified voters voting at said election vote in favor of levying and collecting a tax in said district, then the board of county commissioners is authorized and directed to levy and collect a tax in said district in such amount as it may deem necessary, not exceeding ten cents (10¢) on the one hundred dollars ($100.00) valuation of property in said district from year to year, and shall keep the same as a separate and special fund, to be used only for furnishing recreational programs and facilities within said district, as provided in Subsection 160-166.7.

Subsection 160-166.10. Authority, rights, privileges and immunities of counties, etc., performing services under Article. Any county, municipal corporation or recreation district performing any of the services authorized by this Article shall be subject to the same authority and immunities as a county would enjoy in the operation of a county recreation system within the county, or a municipal corporation would enjoy in the operation of a recreation system within its corporate limits.

Members of any county, municipal or recreation district shall have all of the immunities, privileges and rights, including coverage by workmen's compensation insurance, when performing any of the functions authorized by this Article, as members of a county recreation system would have in performing their duties and for a county, or as members of a municipal recreation system would have in performing their duties in for and within the corporate limits of the municipal corporation.

In the event that an area petitioning for a tax election under this Article lies in more than one county said petition shall be submitted to the board of county commissioners of all the counties in which said area lies and election shall be called which shall be conducted by the joint boards of county commissioners and the cost of same shall be shared equally by all counties.

Upon passage, the tax herein provided shall be levied and collected by each county on all of the taxable property in its portion of the recreation district; the tax collected shall be paid into a special fund and used for the purpose of providing recreation programs and facilities for the district.

Subsection 160-166.12. Means of abolishing tax district. Upon a petition of fifteen percent (15%) of the resident freeholders of any special recreation district or area, at intervals of not less than two years, the board of county commissioners or the joint boards of county commissioners, if the area lies in more than one county, shall call an election to abolish the special tax for recreation programs and facilities for the area, the election to be called and conducted as provided in Subsection 160-166.4; if a majority of the registered voters vote to abolish said tax, the commissioners shall cease levy and collecting same and any unused funds of the district shall be turned over to and used by the county commissioners of the county collecting same as a part of its general fund, and any property or properties of the district or the proceeds thereof shall be distributed, used or disposed of equitably by the board of county commissioners or the boards of county commissioners.

Subsection 160-166.13. Changes in area of district. After a recreation district has been established under the provisions of this Article and recreation commissioners have been appointed, changes in the area may be made as follows:

1. The area of any recreation district may be increased by including within the boundaries of the district any adjoining territory upon the application of the owner, or a two-thirds majority of the owners, of the territory to be included, the unanimous recommendation in writing of the recreation commissioners of said district, and the approval of the board or boards of county commissioners in the county or counties in which said recreation district is located. However, before said recreation district change is approved by the
county commissioners, notice shall be given once a week for two successive calendar weeks in a newspaper having general circulation in said district, and notice shall be posted at the courthouse door in each county affected, and at three public places in the area to be included, said notices inviting interested citizens to appear at a designated meeting of said county commissioners, said notice to be published the first time and posted not less than fifteen days prior to the date fixed for hearing before the county commissioners.

(2) The area of any recreation district may be decreased by removing therefrom any territory, upon the application of the owner or owners of the territory to be removed, the unanimous recommendation in writing of the recreation commissioners of said district, and the approval of the board or boards of county commissioners of the county or counties in which the district is located.

(3) In the case of adjoining recreation districts having in effect the same rate of tax for recreational programs and facilities, the board of county commissioners, upon petition of the recreation commissioners shall have the authority to relocate the boundary lines between such recreation districts in accordance with the petition or in such other manner as to the board may seem proper. Upon receipt of such petition, the board of county commissioners shall set a date and time for a public hearing on the petition, and notice of such hearing shall be published in some newspaper having general circulation within the districts to be affected once a week for two weeks preceding the time of the hearing. Such hearings may be adjourned from time to time and no further notice is required of such adjourned hearings. In the event any boundaries of recreation districts are altered or relocated under this Section, the same shall take effect at the beginning of the next succeeding fiscal year after such action is taken.

(4) In the case of adjoining recreation districts having in effect a different rate of tax for recreational programs and facilities, the board of county commissioners, upon petition of two thirds of the owners of the territory involved and after receiving a favorable recommendation of the recreation commissioners, may transfer such territory from one district to another and therefore relocate the boundary lines between such recreation districts in accordance with the petition or in such other manner as the board may deem proper. Upon receipt of such petition, the board of county commissioners shall set a date and time for a public hearing on the petition, and notice of such hearing shall be published in some newspaper having general circulation within the districts to be affected once a week for two weeks preceding the time of the hearing. Such hearings may be adjourned from time to time and no further notice is required of such adjourned hearings. In the event any boundaries of recreation districts are relocated under this Section, the same shall take effect at the beginning of the next succeeding fiscal year after such action is taken.

Subsection 160-166.14. Privileges and taxes where territory added to district. In case any territory is added to any recreation district, from and after such addition, the taxpayers and other residents of said added territory shall have the same rights and privileges and the taxpayers shall pay taxes at the same rates as if said territory had originally been included in the said recreation district.

Subsection 160-166.15. Privileges and taxes where territory removed from district. In case any territory is removed from any recreation district from and after
said removal, the taxpayers and other residents of said removed territory shall cease to be entitled to the rights and privileges vested in them by their inclusion in said recreation district, and the taxpayers shall no longer be required to pay taxes upon their property within said district.

Subsection 160-166.16. Contract with city or town to which all or part of district annexed concerning property of district and furnishing of recreational programs and facilities. Whenever all or any part of the area included within the territorial limits of a recreation district is annexed to or becomes a part of a city or town, the governing body of such district may contract with the governing body of such city or town to give, grant or convey to such city or town, with or without consideration, in such manner and on such terms and conditions as the governing body of such district shall deem to be in the best interests of the inhabitants of the district, all or any part of its property, including, but without limitation, any recreation equipment or facilities, and may provide in such contract for the furnishing of recreational programs and facilities by the city or town or by the district.

Subsection 160-166.17. When district or portion thereof annexed by municipality furnishing recreational programs and facilities. When the whole or any portion of a recreation district has been annexed by a municipality furnishing recreational programs and facilities to its citizens, then such recreation district or the portion thereof so annexed shall immediately thereupon cease to be a recreation district or a portion of a recreation district; and such district or portion thereof so annexed shall no longer be subject to Subsection 160-166.6 authorizing the board of county commissioners to levy and collect a tax in such district for the purpose of furnishing recreational programs and facilities therein.

Nothing herein shall be deemed to prevent the board of county commissioners from levying and collecting taxes for recreational programs and facilities in the remaining portion of a recreation district not annexed by a municipality, as aforesaid."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.
Sec. 3. This Act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 12th day of June, 1969.

The General Assembly of North Carolina do enact:

Section 1. There is hereby added to the General Statutes the following new chapter to be designated Chapter 19A:

`Chapter 19A—Protection of Animals

Section 19A-1 Definitions. For the purposes of this Chapter the following definition of terms shall be applicable:

(1) The term 'cruelty' shall be held to include every act, omission or neglect whereby unjustifiable physical pain, suffering or death is caused or permitted; but such term shall not be construed to prohibit lawful taking or attempting to take game animals or birds as allowed by law, provided further that such term shall not include activities sponsored by agencies or institutions conducting bio-medical research or training or for sport as provided by the laws of North Carolina.

(2) The terms 'animals' and 'dumb animals' shall be held to include every useful living creature.

(3) The term 'person' as used herein shall be held to include any persons, firm or corporation, including any non-profit corporation, such as a society for the prevention of cruelty to animals.

Section 19A-2 Purpose. It shall be the purpose of this Act to provide a civil remedy for the protection and humane treatment of animals in addition to any criminal remedies that are available and it shall be proper in any action to combine causes of action against one or more defendants for the protection of one or more animals. A real party in interest as plaintiff shall be held to include any 'person' as hereinbefore defined even though such person does not have a possessory or ownership right in an animal; a real party in interest as defendant shall include any person who owns or has possession of an animal.

Section 19A-3 Preliminary Injunction or Restraining Order. Upon the filing of a verified complaint in Superior Court in the county in which cruelty to an animal has allegedly occurred, and upon petition for a preliminary injunction or temporary restraining order, the resident judge or any judge holding a regular or special term of Court may in the court's discretion issue such preliminary injunction or temporary restraining order, the duration of which shall be twenty (20) days. Such injunction or restraining order may in the discretion of the court issue without prior notice to any person named as a defendant in the verified complaint, if service of process cannot be obtained, and such injunction may issue immediately and as soon as practicable be served upon every person named as a defendant. Every such preliminary injunction or restraining order, if the petition or complaint so requests, may in the discretion of the Court give plaintiff the right to temporarily correct the condition giving rise to the cruel treatment of an animal; and if it shall appear

926
upon the face of the complaint or verified petition, that the condition giving rise
to the cruel treatment of an animal requires that plaintiff take custody of an animal,
then it shall be proper for the Court in its discretion in the order to allow plaintiff
to take possession of the animal.

Section 19A-4 Permanent Injunction. On the date specified in a preliminary
injunction or temporary restraining order, which date shall not be later than twenty
(20) days from the issuance thereof, a resident Superior Court judge or a Superior
Court judge holding a regular or special term of Superior Court in the county in
which the action is brought shall determine the merits of the action by trial without
jury, and upon hearing such evidence as may be presented, shall enter orders as
he deems appropriate, including the issuance of a permanent injunction or final
determination of the custody of the animal where appropriate."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 12th day of

The General Assembly of North Carolina do enact:

Section 1. Chapter 20 of the General Statutes is hereby amended to conform to the Uniform Commercial Code by rewriting G. S. 20-58 through G. S. 20-58.8 to read as follows:

"Sec. 20-58. Perfection by indication of security interest on certificate of title. (a) Except as provided in G. S. 20-58.8, a security interest in a vehicle of a type for which a certificate of title is required shall be perfected only as hereinafter provided.

"(1) If the vehicle is not registered in this State, the application for notation of a security interest shall be the application for certificate of title provided for in G. S. 20-52.

"(2) If the vehicle is registered in this State, the application for notation of a security interest shall be in the form prescribed by the Department, signed by the
debtor, and containing the amount, date and nature of the security agreement, and
the name and address of the secured party from whom information concerning the
security interest may be obtained. The application must be accompanied by the
existing certificate of title unless it is in the possession of a prior secured party.
If there is an existing certificate of title issued by this or any other jurisdiction
in the possession of a prior secured party, the application for notation of the security
interest shall in addition, contain the name and address of such prior secured party.

"(3) If the application for notation of security interest is made in order to continue
the perfection of a security interest perfected in another jurisdiction, it may be
signed by the secured party instead of the debtor. Such application shall be accompa-
nied by documentary evidence of a perfected security interest. No such application
shall be valid unless an application for a certificate of title has been made in North
Carolina.

"Sec. 20-58.1. Duty of the Department upon receipt of application for notation
of security interest. (a) Upon receipt of an application for notation of security inter-
est, the required fee and accompanying documents required by G. S. 20-58, the
Department, if it finds the application and accompanying documents in order, shall
either endorse upon the certificate of title or issue a new certificate of title contain-
ing, the name and address of each secured party, the amount of each security inter-
est, and the date of perfection of each security interest as determined by the Depart-
ment. The Department shall deliver or mail the certificate to the first secured party
named in it and shall also notify the new secured party that his security interest
has been noted upon the certificate of title.

"(b) If the certificate of title is in the possession of some prior secured party,
the Department, when satisfied that the application is in order, shall procure the
certificate of title from the secured party in whose possession it is being held, for
the sole purpose of noting the new security interest. Upon request of the Depart-
ment, a secured party in possession of a certificate of title shall forthwith deliver
or mail the certificate of title to the Department. Such delivery of the certificate
does not affect the rights of any secured party under his security agreement.

"Sec. 20-58.2. Date of perfection. If the application for notation of security inter-
est with the required fee is delivered to the Department within ten (10) days after
the date of the security agreement, the security interest is perfected as of that date.
Otherwise, the security interest is perfected as of the date of delivery of the applica-
tion to the Department.

"Sec. 20-58.3. Notation of assignment of security interest on certificate of title.
An assignee of a security interest may have the certificate of title endorsed or issued
with the assignee named as the secured party, upon delivering to the Department
on a form prescribed by the Department, with the required fee, an assignment by
the secured party named in the certificate together with the certificate of title. The
assignment must contain the address of the assignee from which information con-
cerning the security interest may be obtained. If the certificate of title is in the
possession of some other secured party the procedure prescribed by G. S. 20-58.1(b)
shall be followed.

"Sec. 20-58.4. Release of security interest. (a) Upon the satisfaction or other dis-
charge of a security interest in a vehicle for which the certificate of title is in the
possession of the secured party, the secured party shall within ten (10) days after
demand and, in any event, within thirty (30) days, execute a release of his security
interest, in the space provided therefor on the certificate or as the Department
prescribes, and mail or deliver the certificate and release to the next secured party
named therein, or if none, to the owner or other person authorized to receive the
certificate for the owner.

"(b) Upon the satisfaction or other discharge of a security interest in a vehicle
for which the certificate of title is in the possession of a prior secured party, the
secured party whose security interest is satisfied shall within ten (10) days execute
a release of his security interest in such form as the Department prescribes and
mail or deliver the same to the owner or other person authorized to receive the
same for the owner.

"(c) An owner, upon securing the release of any security interest in a vehicle
shown upon the certificate of title issued therefor, may exhibit the documents evi-
dencing such release, signed by the person or persons making such release, and
the certificate of title to the Department which shall, when satisfied as to the genu-
ineness and regularity of the release, issue to the owner either a new certificate
of title in proper form or an endorsement or rider attached thereto showing the
release of the security interest.

"(d) If an owner exhibits documents evidencing the release of a security interest
as provided in subsection (c) of this Section but is unable to furnish the certificate
of title to the Department because it is in possession of a prior secured party, the
Department, when satisfied as to the genuineness and regularity of the release,
shall procure the certificate of title from the person in possession thereof for the
sole purpose of noting thereon the release of the subsequent security interest, follow-
ing which the Department shall return the certificate of title to the person from
whom it was obtained and notify the owner that the release has been noted on
the certificate of title.

"(e) If it is impossible for the owner to secure from the secured party the release
contemplated by this Section, the owner may exhibit to the Department such evi-
dence as may be available showing satisfaction or other discharge of the debt
secured, together with a sworn affidavit by the owner that the debt has been satis-
fied, which the Department may treat as a proper release for purposes of this
Section when satisfied as to the genuineness, truth and sufficiency thereof. Prior
to cancellation of a security interest under the provisions of this subsection, at least
fifteen (15) days' notice of the pendency thereof shall be given to the secured party
at his last known address by the Department by registered letter.

"Sec. 20-58.5. Duration of security interests in favor of firms which cease to do
business. Any security interest recorded in favor of a firm or corporation which,
since the recording of such security interest, has dissolved, ceased to do business,
or gone out of business for any reason, and which remains of record as a security
interest of such firm or corporation for a period of more than three years from
the date of the recording thereof, shall become null and void and of no further
force and effect.

"Sec. 20-58.6. Duty of secured party to disclose information. A secured party
named in a certificate of title shall, upon written request of the Department, the
owner or another secured party named on the certificate, disclose information as
to his security agreement and the indebtedness secured by it.
"Sec. 20-58.7. Cancellation of certificate. The cancellation of a certificate of title shall not, in and of itself, affect the validity of a security interest noted on it.

"(b) The provisions of G. S. 20-58 through 20-58.8 inclusive shall not apply to or affect:

"(1) A lien given by statute or rule of law for storage of a motor vehicle or to a supplier of services or materials for a vehicle;

"(2) A lien arising by virtue of a statute in favor of the United States, this State or any political subdivision of this State; or

"(3) A security interest in a vehicle created by a manufacturer or by a dealer in new or used vehicles who holds the vehicle in his inventory. Such security interests shall be perfected by filing a financing statement under Article 9 of the Uniform Commercial Code.

"(c) When the term 'lien' is used in other sections of this Chapter, or has been used prior to October 1, 1969, with reference to transactions governed by G. S. 20-58 through 20-58.8, to describe contractual agreements creating security interests in personal property, the term 'lien' shall be construed to refer to a 'security interest' as the term is used in G. S. 20-58 through 20-58.8 and the Uniform Commercial Code."

Sec. 2. This Act shall not be construed so as to invalidate any security interest in a motor vehicle properly perfected in North Carolina prior to the effective date of this Act.

Sec. 3. G. S. 20-58.9 is hereby repealed.

Sec. 4. All laws and clauses of laws in conflict with this Act are hereby repealed.

The Board shall have exclusive authority to determine the qualifications, skill and fitness of any person to serve as an Administrator of a Nursing Home under the provisions of this Act, and the holder of a license under the provisions of this Act shall be deemed qualified to serve as the Administrator of a Nursing Home for all purposes.

Section 90-285. Functions and Duties of the Board. The Board shall meet at least once annually in Raleigh or any other location designated by the chairman and shall have the following functions and duties:

(a) Develop, impose and enforce rules and regulations setting out standards which must be met by individuals in order to receive and hold a license as a Nursing Home Administrator, which standards shall be designed to insure that Nursing Home Administrators shall be individuals who are of good character and who are otherwise suitable, by training or experience in the field of institutional administration, to serve as nursing home administrators.

(b) Develop and apply appropriate methods and procedures, including examination and investigations, for determining whether individuals meet such standards, and administer an examination at least twice each year at such times and places as the Board shall designate.

(c) Issue licenses to qualified individuals; and for cause, after due notice and hearing, revoke, suspend, or deny renewal of licenses previously issued by the Board.
in any case where the individual holding such license is determined substantially to have failed to conform to the requirements of such standards.

(d) Establish and implement procedures designed to insure that individuals licensed as Nursing Home Administrators will, during any period that they serve as such, comply with the requirements of such standards.

(e) Receive, investigate, and take appropriate action with respect to any charge or complaint filed with the Board to the effect that any individual licensed as a Nursing Home Administrator has failed to comply with the requirements of such standards.

(f) Conduct a continuing study and investigation of nursing homes and Nursing Home Administrators within the state in order to make improvements in the standards imposed for the licensing of Administrators and of procedures and methods for the enforcement of such standards, and to raise the quality of nursing home administration in such other ways as may be effective.

(g) Conduct, or cause to be conducted by contract or otherwise, one or more courses of instruction and training sufficient to meet the requirements of this Article, and make provisions for the conduct of such courses and their accessibility to residents of this state, unless it finds that there are sufficient courses conducted by others within this state. In lieu thereof the Board may approve courses conducted within and without this state as sufficient to meet the education and training requirements of this Article.

(h) Make rules and regulations, not inconsistent with law, as may be necessary for the proper performance of its duties, and to take such other actions as may be necessary to enable the State to meet the requirements set forth in Section 1908 of the Social Security Act, the Federal rules and regulations promulgated thereunder, and other pertinent Federal authority.

(i) Receive and disburse any funds appropriated or given to the Board, including any Federal funds, to carry out the purposes of this Act.

(j) Maintain a register of all applications for licensing and registration of nursing home administrators, which register shall show: The place or residence, name and age of each applicant; the name and address of employer or business connection of each applicant; the date of application; information of educational and experience qualifications; the action taken by the Board and the dates; the serial number of the license issued to the applicant; and such other pertinent information as may be deemed necessary.

Section 90-286. Renewal of License. Every holder of a Nursing Home Administrators license shall renew it biennially, by making application to the Board. Renewals of licenses shall be granted as a matter of course, unless the Board finds that the applicant has acted or failed to act in such a manner, or under circumstances, as would constitute grounds for suspension, revocation, or denial of renewal of a license, as provided by this Act and the rules and regulations issued pursuant to this Act.

Section 90-287. Reciprocity with Other States. The Board may issue a nursing home administrators license, without examination, to any person who holds a current license as a nursing home administrator from another jurisdiction, provided that the Board finds that the standards for licensure in such other jurisdiction are at least the substantial equivalent of those prevailing in this State, and that the applicant is otherwise qualified.
Section 90-288. Misdemeanor. It shall be unlawful and constitute a misdemeanor or punishable upon conviction by a fine or imprisonment in the discretion of the court, (a) for any person to act or serve in the capacity as, or hold himself out to be, a Nursing Home Administrator, or use any title, sign, or other indication that he is a Nursing Home Administrator, unless he is the holder of a valid license as a Nursing Home Administrator, issued in accordance with the provisions of this Article, and (b) for any person to violate any of the provisions of this Article or any rules and regulations issued pursuant thereto.

Sec. 2. G.S. 150-9, as it appears in the 1967 Cumulative Supplement Volume 3C, is amended by adding the words and punctuation, "the North Carolina State Board of Examiners for Nursing Home Administrators" following the comma and preceding the word "and" in the next to last line thereof.

If any section or provision of this Act shall be declared unconstitutional or void by any court of competent jurisdiction, or the applicability thereof to any person or circumstances shall be held invalid, the constitutionality and validity of the remainder of the Act and the applicability thereof to other persons and circumstances shall not be affected thereby, and to this end the sections and provisions of this Act are declared to be severable.

The General Assembly of North Carolina do enact:

Section 1. Chapter 20 of the General Statutes of North Carolina is amended by inserting therein a new Article 8 to read as follows:

"ARTICLE 8

Habitual Offenders

G. S. 20-220. Declaration of Policy: It is hereby declared to be the policy of North Carolina: (1) To provide maximum safety for all persons who travel or otherwise use the public highways of this State; and

(2) To deny the privilege of operating motor vehicles on such highways to persons who by their conduct and record have demonstrated their indifference to the safety and welfare of others and their disrespect for the laws of this State, the orders of its Courts, and the statutorily required acts of its administrative agencies; and

(3) To discourage repetition of criminal acts by individuals against the peace and dignity of this State and her political subdivisions and to impose increased and added deprivation of the privilege to operate motor vehicles upon habitual offenders who have been convicted repeatedly of violations of the traffic laws.

G. S. 20-221. Habitual offender defined. An habitual offender shall be any person, resident or nonresident, whose record, as maintained in the office of the Department of Motor Vehicles, shows that such person has accumulated the convictions for separate and distinct offenses described in subsections (a), (b), or (c), of this Section, committed after the effective date of this Act and within a seven year period, Provided, that where multiple convictions result from a series of offenses committed within a six hour period, only one conviction shall be recorded for the purposes of this Article, as follows:

(a) Three or more convictions arising from separate acts of any one or more of the following offenses, either singularly or in combination:

(1) Voluntary and involuntary manslaughter resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug;

(3) Driving a motor vehicle while operator's or chauffeur's license is suspended or revoked;

(4) Any offense punishable as a felony under the motor vehicle laws of North Carolina or any felony in the commission of which a motor vehicle is used;

(5) Failure to stop and render aid as required under the laws of this State in the event of a motor vehicle accident;

(6) Failure of the driver of a motor vehicle involved in an accident resulting
only in damage to an attended or unattended vehicle or other property in excess of one hundred dollars ($100.00) to stop close to the scene of such accident and report his identity or otherwise report such accident in violation of law.

(7) Any motor vehicle moving violation committed during a period of suspension or revocation.

(b) Twelve or more convictions of any separate and distinct offenses in the operation of a motor vehicle which are required to be reported to the Department of Motor Vehicles and the conviction whereof authorizes or requires the Department of Motor Vehicles to suspend or revoke the privilege to operate motor vehicles on the highways of this State for a period of thirty days or more and such convictions shall include those offenses enumerated in subsection (a) above when taken with and added to those offenses described herein.

(c) The offenses included in subsections (a) and (b) hereof shall be deemed to include offenses under any valid town, city or county ordinance paralleling and substantially conforming to the State’s statutory provisions concerning such offenses and all changes in or amendments thereto and any Federal law, any law of another State or any valid town, city or county ordinance of another State substantially conforming to the aforesaid State’s statutory provisions.

(d) For the purpose of this Article, the term "conviction" shall mean a final conviction. Also for the purposes of this Article a forfeiture of bail or collateral deposited to secure a defendant’s appearance in Court in North Carolina, which forfeiture has not been vacated, shall be equivalent to a conviction.

G. S. 20-222. Commissioner to certify record to Superior Court. The Commissioner of Motor Vehicles shall certify, substantially in the manner provided for in G. S. 20-42(b) three abstracts of the conviction record as maintained in his office of any person whose record appears to bring him within the definition of an habitual offender, as defined in G. S. 20-221, to the Superior Court solicitor of the judicial district in which such person resides according to the records of the Department of Motor Vehicles or to the Superior Court solicitor for the County of Wake if such person is not a resident of this State. Such abstract may be admitted as evidence as provided in G. S. 20-42(b). Such abstract shall be competent evidence that the person named therein was duly convicted by the Court wherein such conviction or holding was made of each offense shown by such abstract.

G. S. 20-223. Solicitor to initiate court proceeding, petition. The solicitor, upon receiving the aforesaid abstract from the Commissioner, shall forthwith file a petition against the person named therein in the Superior Court Division of the county wherein such person resides or, in the case of a nonresident, in the Superior Court Division of Wake County. The petition shall request the Court to determine whether or not the person named therein is an habitual offender.

G. S. 20-224. Service of petition, order to show cause. Upon the filing of the petition, any Superior Court judge having jurisdiction over criminal cases within the county shall enter an order incorporating by attachment the aforesaid abstract and directed to the person named therein to appear at the next Criminal Session of the Court and show cause why he should not be barred from operating a motor vehicle on the highways of this State. A copy of the petition, the show cause order and the abstract shall be served upon the person named therein in the manner prescribed by law for the service of process. Service thereof on any nonresident
of this State may be made in the same manner as in any action or proceeding arising out of a collision on the highways in this State in the manner provided in G. S. 1-105 which is hereby made applicable to these proceedings except that any fee for such service shall be taxed against the person named in the petition as a part of the cost of such proceeding.

G. S. 20-225. Hearing, procedure. The matter shall be heard at the Criminal Session of the Court by the judge without a jury. If such person denies that he was convicted of any offense shown in the abstract and necessary for a holding that he is an habitual offender, and if the Court cannot, on the evidence available to it, determine the issue, the Court may require of the Department of Motor Vehicles certified copies of such records respecting the matter as it may have in its possession. If, upon an examination of such records, the Court is still unable to make such determination, it shall certify the decision of such issue to the Court in which such conviction was reportedly made. The Court to which such certification is made shall forthwith conduct a hearing to determine such issue and send a certified copy of its final order determining such issue to the Court in which the petition was filed.

G. S. 20-226. Court's Findings, Judgment. If the Court finds that such person is not the same person named in the aforesaid abstract, or that he is not an habitual offender under this Article, the proceeding shall be dismissed, but if the Court finds that such person is the same person named in the abstract and that such person is an habitual offender, the Court shall so find and by appropriate judgment shall direct that such person not operate a motor vehicle on the highways of the State of North Carolina and to surrender to the Court all licenses or permits to operate a motor vehicle upon the highways of this State. The Clerk of the Court shall forthwith transmit a copy of such judgment together with any licenses or permits surrendered to the Department of Motor Vehicles.

G. S. 20-227. No new license issued for five years. No license to operate a motor vehicle in North Carolina shall be issued to an habitual offender, (1) For a period of five years from the date of the judgement of the Court finding such person to be an habitual offender and (2) Until the privilege of such person to operate a motor vehicle in this State has been restored by judgment of the Superior Court Division.

G. S. 20-228. Driving after judgment prohibited. It shall be unlawful for any person to operate any motor vehicle in this State while the judgment of the Court prohibiting the operation remains in effect. Any person found to be an habitual offender under the provisions of this Article who is thereafter convicted of operating a motor vehicle in this State while the judgment of the Court prohibiting such operation is in effect, shall be guilty of a misdemeanor and imprisoned for not less than one year nor more than five years or by fine or imprisonment in the discretion of the Court.

For the purpose of enforcing this Section, in any case in which the accused is charged with driving a motor vehicle while his license, permit or privilege to drive is suspended or revoked or is charged with driving without a license, the Court before hearing such charge shall require the Solicitor to determine whether such person has been adjudged an habitual offender and by reason of such judgment is barred from operating a motor vehicle on the highways of this State. If the Solicitor determines that the accused has been so held, he shall cause the appropriate criminal charges to be lodged against the accused.
G. S. 20-229. Restoration of driving privilege. At the expiration of five years from the date of any final judgment of the Court entered under the provisions of this Article finding a person to be an habitual offender and directing him not to operate a motor vehicle in this State, such person may petition the Court in which he was found to be an habitual offender, or the Superior Court Division of any county in this State having criminal jurisdiction over the place in which such person then resides, for restoration of his privilege to operate a motor vehicle in this State. Upon such petition, the court shall restore to such person the privilege to operate a motor vehicle in this State.

G. S. 20-230. Appeals. An appeal may be taken from any final action or judgment entered under the provisions of this Article in the same manner and form as appeals in civil actions.

G. S. 20-231. No existing law modified. Nothing in this Article shall be construed as amending, modifying or repealing any existing law of North Carolina or any existing ordinance of any political subdivision relating to the operation of motor vehicles, the licensing of persons to operate motor vehicles or providing penalties for the violation thereof; or shall be construed so as to preclude the exercise of the regulatory powers of any division, agency, department or political subdivision of this State having the statutory authority to regulate such operation and licensing.

Sec. 2. This Act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 19th day of June, 1969.

Sec. 3. G. S. 160-186 is hereby amended by striking out the second sentence and inserting in lieu thereof the following: "Where service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises thereby affected."

Sec. 4. G. S. 160-186 is hereby further amended by striking out the last sentence thereof.

Sec. 5. G. S. 160-187 is hereby rewritten to read as follows: "G. S. 160-187. Remedies. (a) The governing body may provide for the creation and organization of a Housing Appeals Board to which appeals may be taken from any decision or order of the public officer, or may provide for such appeals to be heard and determined by its Zoning Board of Adjustment."
(b) The Housing Appeals Board, if created, shall consist of five members to serve for three-year staggered terms. It shall have power to elect its own officers, to fix the times and places for its meetings, to adopt necessary rules of procedure, and to adopt all other rules and regulations not inconsistent herewith which may be necessary for the proper discharge of its duties; and it shall keep an accurate record of all its proceedings.

(c) An appeal from any decision or order of the public officer may be taken by any person aggrieved thereby or by any officer, board or commission of the municipality. When any appeal is from a decision of the public officer requiring the person aggrieved to do any act, the appeal shall have the effect of suspending the requirement until the hearing by the Board, unless the public officer certifies to the Board, after the notice of appeal is filed with him, that by reason of the facts stated in the certificate (a copy of which shall be furnished the appellant), a suspension of his requirement would cause imminent peril to life or property, in which case the requirement shall not be suspended except by a restraining order, which may be granted for due cause shown upon not less than one day's written notice to the public officer, by the Board, or by a court of record upon petition made pursuant to subsection (f) of this Section.

(d) The Appeals Board shall fix a reasonable time for the hearing of all appeals, shall give due notice to all the parties, and shall render its decision within a reasonable time. Any party may appear in person or by agent or attorney. The Board may reverse or affirm, wholly or partly, or may modify the decision or order appealed from, and may make such decision and order as in its opinion ought to be made in the matter, and to that end it shall have all the powers of the public officer, but the concurrence of four members of the Board shall be necessary to reverse or modify any decision or order of the public officer. The Board shall have power also in passing upon appeals, in any case where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of the ordinance, to adapt the application of the ordinance to the necessities of the case to the end that the spirit of the ordinance shall be observed, public safety and welfare secured, and substantial justice done.

(e) Every decision of the Board shall be subject to review by proceedings in the nature of certiorari instituted within 15 days of the decision of the Board, but not otherwise.

"Sec. 14-288.10. Frisk of persons during violent disorders; frisk of curfew violators. (a) Any law enforcement officer may frisk any person in order to discover any dangerous weapon or substance when he has reasonable grounds to believe that the person is or may become unlawfully involved in an existing riot and when the person is close enough to such riot that he could become immediately involved in the riot. The officer may also at that time inspect for the same purpose the contents of any personal belongings that the person has in his possession.

"(b) Any law enforcement officer may frisk any person he finds violating the provisions of a curfew proclaimed under the authority of Sections 14-288.12, 14-288.13, 14-288.14, or 14-288.15 or any other applicable statutes or provisions of the common law in order to discover whether the person possesses any dangerous weapon or substance. The officer may also at that time inspect for the same purpose the contents of any personal belongings that the person has in his possession.

"Sec. 14-288.11. Warrants to inspect vehicles in riot areas or approaching municipalities during emergencies. (a) Notwithstanding the provisions of Article 4 of Chapter 15, any law enforcement officer may, under the conditions specified in this Section, obtain a warrant authorizing inspection of vehicles under the conditions and for the purpose specified in subsection (b).
"(b) The inspection shall be for the purpose of discovering any dangerous weapon or substance likely to be used by one who is or may become unlawfully involved in a riot. The warrant may be sought to inspect:

(1) All vehicles entering or approaching a municipality in which a state of emergency exists; or

(2) All vehicles which might reasonably be regarded as being within or approaching the immediate vicinity of an existing riot.

"(c) The warrant may be issued by any judge or justice of the General Court of Justice.

"(d) The issuing official shall issue the warrant only when he has determined that the one seeking the warrant has been specifically authorized to do so by the head of the law enforcement agency of which the affiant is a member, and:

(1) If the warrant is being sought for the inspection of vehicles entering or approaching a municipality, that a state of emergency exists within the municipality; or

(2) If the warrant being sought is for the inspection of vehicles within or approaching the immediate vicinity of a riot, that a riot is occurring within that area.

Facts indicating the basis of these determinations must be stated in an affidavit and signed by the affiant under oath or affirmation.

"(e) The warrant must be signed by the issuing official and must bear the hour and date of its issuance.

"(f) The warrant must indicate whether it is for the inspection of vehicles entering or approaching a municipality or whether it is for the inspection of vehicles within or approaching the immediate vicinity of a riot. In either case, it must also specify with reasonable precision the area within which it may be exercised.

"(g) The warrant shall become invalid twenty-four hours following its issuance and must bear a notation to that effect.

"(h) Warrants authorized under this Section shall not be regarded as search warrants for the purposes of application of Article 4 of Chapter 15.

"(i) Nothing in this Section is intended to prevent warrantless frisks, searches, and inspections to the extent that they may be constitutional and consistent with common law and governing statutes.

"Sec. 14-288.12. Powers of municipalities to enact ordinances to deal with states of emergency. (a) The governing body of any municipality may enact ordinances designed to permit the imposition of prohibitions and restrictions during a state of emergency.

"(b) The ordinances authorized by this Section may permit prohibitions and restrictions:

(1) Of movements of people in public places;

(2) Of the operation of offices, business establishments, and other places to or from which people may travel or at which they may congregate;

(4) Upon the possession, transportation, sale, purchase, storage, and use of dangerous weapons and substances, and gasoline; and

(5) Upon other activities or conditions the control of which may be reasonably necessary to maintain order and protect lives or property during the state of emergency.
The ordinances may delegate to the mayor of the municipality the authority to determine and proclaim the existence of a state of emergency, and to impose those authorized prohibitions and restrictions appropriate at a particular time.

"(c) This Section is intended to supplement and confirm the powers conferred by Sections 160-52, 160-200(7), and all other general and local laws authorizing municipalities to enact ordinances for the protection of the public health and safety in times of riot or other grave civil disturbance or emergency.

"(d) Any ordinance of a type authorized by this Section promulgated prior to the effective date of this Section shall, if otherwise valid, continue in full force and effect without re-enactment.

"(e) Any person who violates any provision of an ordinance or a proclamation enacted or proclaimed under the authority of this Section is guilty of a misdemeanor punishable as provided in Section 14-4.

"Sec. 14-288.13. Powers of counties to enact ordinances to deal with states of emergency: (a) The governing body of any county may enact ordinances designed to permit the imposition of prohibitions and restrictions during a state of emergency.

"(b) The ordinances authorized by this Section may permit the same prohibitions and restrictions to be imposed as enumerated in Section 14-288.12(b). The ordinances may delegate to the chairman of the board of county commissioners the authority to determine and proclaim the existence of a state of emergency, and to impose those authorized prohibitions and restrictions appropriate at a particular time.

"(c) No ordinance enacted by a county under the authority of this Section shall apply within the corporate limits of any municipality, or within any area of the county over which the municipality has jurisdiction to enact general police-power ordinances, unless the municipality by resolution consents to its application.

"(d) Any person who violates any provision of an ordinance or a proclamation enacted or proclaimed under the authority of this Section is guilty of a misdemeanor punishable as provided in Section 14-4.

"Sec. 14-288.14. Power of chairman of board of county commissioners to extend emergency restrictions imposed in municipality: (a) The chairman of the board of commissioners of any county who has been requested to do so by a mayor may by proclamation extend the effect of any one or more of the prohibitions and restrictions imposed in that mayor's municipality pursuant to the authority granted in Section 14-288.12. The chairman may extend such prohibitions and restrictions to any area within his county in which he determines it to be necessary to assist in controlling the state of emergency within the municipality. No prohibition or restriction extended by proclamation by the chairman under the authority of this Section shall apply within the limits of any other municipality, or within any area of the county over which the municipality has jurisdiction to enact general police-power ordinances, unless that other municipality by resolution consents to its application.

"(b) Whenever any chairman of the board of county commissioners extends the effect of municipal prohibitions and restrictions under the authority of this Section to any area of the county, it shall be deemed that a state of emergency has been validly found and declared with respect to such area of the county.
"(c) Any chairman of a board of county commissioners extending prohibitions and restrictions under the authority of this Section must take reasonable steps to give notice of its terms to those likely to be affected. The chairman of the board of commissioners shall proclaim the termination of any prohibitions and restrictions extended under the authority of this Section upon:

(1) His determination that they are no longer necessary; or
(2) The determination of the board of county commissioners that they are no longer necessary; or
(3) The termination of the prohibitions and restrictions within the municipality.

"(d) The powers authorized under this Section may be exercised whether or not the county has enacted ordinances under the authority of Section 14-288.13. Exercise of this authority shall not preclude the imposition of prohibitions and restrictions under any ordinances enacted by the county under the authority of Section 14-288.13.

"(e) Any person who violates any provision of any prohibition or restriction extended by proclamation under the authority of this Section is guilty of a misdemeanor punishable by a fine not to exceed fifty dollars ($50.00) or imprisonment for not more than thirty days.

"Sec. 14-288.15. Authority of Governor to exercise control in emergencies. (a) When the Governor determines that a state of emergency exists in any part of North Carolina, he may exercise the powers conferred by this Section if he further finds that local control of the emergency is insufficient to assure adequate protection for lives and property.

"(b) Local control shall be deemed insufficient only if:

(1) Needed control cannot be imposed locally because local authorities responsible for preservation of the public peace have not enacted appropriate ordinances or issued appropriate proclamations as authorized by Sections 14-288.12, 14-288.13, or 14-288.14; or
(2) Local authorities have not taken implementing steps under such ordinances or proclamations, if enacted or proclaimed, for effectual control of the emergency that has arisen; or
(3) The area in which the state of emergency exists has spread across local jurisdictional boundaries and the legal control measures of the jurisdictions are conflicting or uncoordinated to the extent that efforts to protect life and property are, or unquestionably will be, severely hampered; or
(4) The scale of the emergency is so great that it exceeds the capability of local authorities to cope with it.

"(c) The Governor when acting under the authority of this Section may:

(1) By proclamation impose prohibitions and restrictions in all areas affected by the state of emergency; and
(2) Give to all participating State and local agencies and officers such directions as may be necessary to assure coordination among them. These directions may include the designation of the officer or agency responsible for directing and controlling the participation of all public agencies and officers in the emergency. The Governor may make this designation in any manner which, in his discretion, seems most likely to be effective. Any law enforcement officer participating in the control of a state of emergency in which the Governor is exercising control under this Section shall have the same power and authority as a sheriff throughout the territory to which he is assigned.
"(d) The Governor in his discretion, as appropriate to deal with the emergency then occurring or likely to occur, may impose any one or more or all of the types of prohibitions and restrictions enumerated in Section 14-288.12(b), and may amend or rescind any prohibitions and restrictions imposed by local authorities.

"(e) Any person who violates any provision of a proclamation of the Governor issued under the authority of this Section is guilty of a misdemeanor punishable by a fine not to exceed five hundred dollars ($500.00) or imprisonment for not more than six months.

"Sec. 14-288.16. Effective time, publication, amendment, and rescission of proclamations. (a) This Section applies to proclamations issued under the authority of Sections 14-288.12, 14-288.13, 14-288.14, and 14-288.15, and any other applicable statutes and provisions of the common law.

"(b) All prohibitions and restrictions imposed by proclamation shall take effect immediately upon publication of the proclamation in the area affected unless the proclamation sets a later time. For the purpose of requiring compliance, publication may consist of reports of the substance of the prohibitions and restrictions in the mass communications media serving the affected area or other effective methods of disseminating the necessary information quickly. As soon as practicable, however, appropriate distribution of the full text of any proclamation shall be made. This subsection shall not be governed by the provisions of Section 1-597.

"(c) Prohibitions and restrictions may be extended as to time or area, amended, or rescinded by proclamation. Prohibitions and restrictions imposed by proclamation under the authority of Sections 14-288.12, 14-288.13, and 14-288.14 shall expire five days after their last imposition unless sooner terminated under Section 14-288.14(c)(3), by proclamation, or by the governing body of the county or municipality in question. Prohibitions and restrictions imposed by proclamation of the Governor shall expire five days after their last imposition unless sooner terminated by proclamation of the Governor.

"Sec. 14-288.17. Municipal and county ordinances may be made immediately effective if state of emergency exists or is imminent. (a) Notwithstanding any other provision of law, whether general or special, relating to the promulgation or publication of ordinances by any municipality or county, this Section shall control with respect to any ordinances authorized by Sections 14-288.11 and 14-288.12.

"(b) Upon proclamation by the mayor or chairman of the board of county commissioners that a state of emergency exists within the municipality or the county, or is imminent, any ordinance enacted under the authority of this Article shall take effect immediately unless the ordinance sets a later time. If the effect of this Section is to cause an ordinance to go into effect sooner than it otherwise could under the law applicable to the municipality or county, the mayor or chairman of the board of county commissioners, as the case may be, shall take steps to cause reports of the substance of any such ordinance to be disseminated in a fashion that such substance will likely be communicated to the public in general, or to those who may be particularly affected by the ordinance if it does not affect the public generally. As soon as practicable thereafter, appropriate distribution or publication of the full text of any such ordinance shall be made.

"Sec. 14-288.18. Injunction to cope with emergencies at public and private educational institutions. (a) The chief administrative officer, or his authorized representa-
tive, of any public or private educational institution may apply to any superior
court judge for injunctive relief if a state of emergency exists or is imminent within
his institution. For the purposes of this Section, the superintendent of any city or
county administrative school unit shall be deemed the chief administrative officer
of any public elementary or secondary school within his unit.

"(b) Upon a finding by a superior court judge, to whom application has been
made under the provisions of this Section, that a state of emergency exists or is
imminent within a public or private educational institution by reason of riot, disor-
derly conduct by three or more persons, or the imminent threat of riot, the judge
may issue an injunction containing provisions appropriate to cope with the emergen-
cy then occurring or threatening. The injunction may be addressed to named per-
sons or named or described groups of persons as to whom there is satisfactory cause
for believing that they are contributing to the existing or imminent state of emer-
gency, and ordering such persons or groups of persons to take or refrain or desist
from taking such various actions as the judge finds it appropriate to include in
his order."

Sec. 2. G. S. 153-9 is amended to add a new subdivision at the end of that
Section as follows:

"(60) The board of commissioners of any county may enact ordinances dealing
with states of emergency as authorized by Section 14-288.13, and the chairman
of the board of commissioners of any county may issue proclamations
imposing prohibitions and restrictions in emergencies under the authority
of Section 14-288.14 and, to the extent authorized in ordinances dealing with
states of emergency, under the authority of Section 14-288.13."

Sec. 3. G. S. 160-200 is amended to add a new subdivision at the end of that
Section as follows:

the Governor finds that a state of emergency, as defined in Section 14-288.1, exists
anywhere within the State, he may order the closing of county and municipal liquor
stores in all or any portion of the State for the period of the emergency. His order
shall be directed to the Chairman of the State Board of Alcoholic Control. The
express authority granted by this Section is not intended to limit any other authori-
ity, express or implied, to order the closing of these stores."

Sec. 5. Chapter 18 of the General Statutes of North Carolina is amended to
add a new section as follows:

"Sec. 18-129.1. Authority of the Governor to limit sale of wine and malt beverag-

288.1, exists anywhere within the State, he may order the cessation of all sale or
transfer, manufacture, or bottling of malt beverages or wine in all or any portion
of the State for the period of the emergency. His order shall be directed to the
Chairman of the State Board of Alcoholic Control. The express authority granted
by this Section is not intended to limit any other authority, express or implied,
to order cessation of these activities."

Sec. 2. Meat and meat food products are an important source of the Nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and results in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the Board and cooperation by North Carolina and the United States as contemplated by this Act are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this Act.

Sec. 3. For the purpose of preventing the use in intrastate commerce, as hereinafter provided, of meat and meat food products which are adulterated, the Commissioner shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of all cattle, sheep, swine, goats, horses, mules, and other equines before they shall be allowed to enter into any slaughtering, packing, meat-canning, rendering, or similar establishment in this State in which slaughtering and preparation of meat and meat food products of such animals are conducted for intrastate commerce; and all cattle, sheep, swine, goats, horses, mules, and other equines found on such inspection to show symptoms of disease shall be set apart and slaughtered separately from all other cattle, sheep, swine, goats, horses, mules, or other equines, and when so slaughtered, the carcasses of said cattle, sheep, swine, goats, horses, mules, or other equines shall be subject to a careful examination and inspection, all as provided by the rules and regulations to be prescribed by the Board as herein provided for.

Sec. 4. For the purposes hereinbefore set forth the Commissioner shall cause to be made by inspectors appointed for that purpose, as hereinafter provided, a post-mortem examination and inspection of the carcasses and parts thereof of all cattle, sheep, swine, goats, horses, mules, and other equines, capable of use as human food, to be prepared at any slaughtering, meat-canning, salting, packing, rendering, or similar establishment in this State in which such articles are prepared for intrastate commerce; and the carcasses and parts thereof of all such animals found to be not adulterated shall be marked, stamped, tagged, or labeled, as "Inspected and Passed;" and said inspectors shall label, mark, stamp, or tax as "Inspected and Condemned," all carcasses and parts thereof of animals found to be adulterated; and all carcasses and parts thereof thus inspected and condemned shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the Commissioner or his authorized representative may remove inspectors from any such establishment which fails to so destroy any such condemned carcass or part thereof, and said inspectors, after said first inspection shall, when they deem it necessary, reinspect said carcasses or parts thereof to determine whether since the
first inspection the same have become adulterated and if any carcass or any part thereof shall, upon examination and inspection subsequent to the first examination and inspection, be found to be adulterated, it shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the Commissioner or his authorized representative may remove inspectors from any establishment which fails to do so destroy any such condemned carcass or part thereof.

Sec. 5. The foregoing provisions shall apply to all carcasses or parts of carcasses of cattle, sheep, swine, goats, horses, mules, and other equines or the meat or meat products thereof, capable of use as human food, which may be brought into any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where inspection under this Part is maintained, and such examination and inspection shall be had before the said carcasses or parts thereof shall be allowed to enter into any department wherein the same are to be treated and prepared for meat food products; and the foregoing provisions shall also apply to all such products which, after having been issued from any such slaughtering, meat-canning, salting, packing, rendering, or similar establishment, shall be returned to the same or to any similar establishment where such inspection is maintained. The Commissioner or his authorized representative may limit the entry of carcasses, part of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this part is maintained, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this Act.

Sec. 6. For the purposes hereinbefore set forth the Commissioner or his authorized representative shall cause to be made by inspectors appointed for that purpose an examination and inspection of all meat food products prepared in any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where such articles are prepared for intrastate commerce and for the purposes of any examination and inspection said inspectors shall have access at all times during regular business hours to every part of said establishment; and said inspectors shall mark, stamp, tag, or label as "North Carolina Department of Agriculture Inspected and Passed" all such products found to be not adulterated; and said inspectors shall label, mark, stamp, or tag as "North Carolina Department of Agriculture Inspected and Condemned" all such products found adulterated, and all such condemned meat food products shall be destroyed for food purposes, as hereinbefore provided, and the Commissioner or his authorized representative may remove inspectors from any establishment which fails to so destroy such condemned meat food products.

Sec. 7. (a) When any meat or meat food product prepared for intrastate commerce which has been inspected as hereinbefore provided and marked "North Carolina Department of Agriculture Inspected and Passed" shall be placed or packed in any can, pot, tin, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Act is maintained, the person, firm, or corporation preparing said product shall cause a label to be attached to said can, pot, tin, canvas, or other receptacle or covering, under supervision of an inspector, which label shall state that the contents thereof have been "North Carolina Department of Agriculture Inspected and Passed" under the provisions of this Act, and no inspection and examination of meat or meat food products deposited or inclosed in cans, tins, pots, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Act is maintained shall be deemed to be complete until such meat or meat food products have been sealed or inclosed in said can, tin, pot, canvas, or other receptacle or covering under the supervision of an inspector.

(b) All carcasses, parts of carcasses, meat and meat food products inspected at any establishment under the authority of this Act and found to be not adulterated, shall at the time they leave the establishment bear, in distinctly legible form, directly thereon or on their containers, as the Commissioner or authorized representative may require, the information required under paragraph (k) of Section 1 of this Act.

(c) The Board whenever it determines such action is necessary for the protection of the public, may prescribe: (1) the styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling of any articles or animals subject to this Act; (2) definitions and standards of identity or composition for articles subject to this Part and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug, and Cosmetic Act, or under the Federal Meat Inspection Act, and there shall be consultation between the Commissioner or his authorized representative and the Secretary of Agriculture of the United States prior to the issuance of such standards to avoid inconsistency between such standards and the Federal standards.

(e) If the Commissioner or his authorized representative has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this title is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the marking, labeling or container does not accept the determination of the Commissioner or his authorized representative, such person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall, if the Commissioner so directs, be withheld pending hearing and final determination by the Commissioner. Any such determination by the Commissioner shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person, firm, or corporation adversely affected thereby appeals to the Superior Court of Wake County. Such appeal shall be under the provision of Article 33 of Chapter 143 of the General Statutes.

Sec. 8. The Commissioner or his authorized representative shall cause to be made, by experts in sanitation, or by other competent inspectors, such inspection of all slaughtering, meat-canning, salting, packing, rendering, or similar establishments in which cattle, sheep, swine, goats, horses, mules, and other equines are slaughtered and the meat and meat food products thereof are prepared for intrastate commerce as may be necessary to inform himself concerning the sanitary conditions of the same, and the Board shall prescribe the rules and regulations of sanitation under which such establishments shall be maintained, and where the sanitary conditions of any such establishment are such that the meat or meat food products are rendered adulterated, the Commissioner or his authorized representative shall
refuse to allow said meat or meat food products to be labeled, marked, stamped, or tagged as "North Carolina Department of Agriculture Inspected and Passed."

Sec. 9. No person, firm, or corporation shall, with respect to any cattle, sheep, swine, goats, horses, mules, or other equines, or any carcasses, parts of carcasses, meat or meat food products of any such animals—

(a) No brand manufacturer, printer, or other person, firm, or corporation shall cast, print, lithograph, or otherwise make any device containing any official mark or simulation thereof, or any label bearing any such mark or simulation, or any form of official certificate or simulation thereof, except as authorized by the Commissioner or his authorized representative.

Sec. 11. No person, firm, or corporation shall sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, any carcasses of horses, mules, or other equines or parts of such carcasses, or the meat or meat food products thereof, unless they are plainly and conspicuously marked or labeled or otherwise identified as required by regulations prescribed by the Board to show the kinds of animals from which they were derived. When required by the Commissioner or his authorized representative, with respect to establishments at which inspection is maintained under this Act, such animals and their carcasses, parts thereof, meat and meat food products shall be prepared in establishments separate from those in which cattle, sheep, swine, or goats are slaughtered or their carcasses, parts thereof, meats or meat food products are prepared.
Sec. 12. The Commissioner or his authorized representative shall appoint from
time to time inspectors to make examination and inspection of all cattle, sheep,
swine, goats, horses, mules, and other equines the inspection of which is hereby
provided for, and of all carcasses and parts thereof, and of all meats and meat
food products thereof, and of the sanitary conditions of all establishments in which
such meat and meat food products hereinbefore described are prepared; and said
inspectors shall refuse to stamp, mark, tag or label any carcass or any part thereof,

other officer or employee of this State authorized to perform any of the duties pre-
scribed by this Act or by the rules and regulations of the Board or by the Commis-
sioner or his authorized representative any money or other thing of value, with
intent to influence said inspector, or other officer or employee of this State in the
discharge of any duty herein provided for, shall be deemed guilty of a felony and,
upon conviction thereof, shall be punished by a fine not less than five hundred
dollars ($500.00) nor more than ten thousand dollars ($10,000.00) and by imprison-

and meat food products of such animals, exclusively for use, in the household of
such owner, by him, and members of his household and his nonpaying guests and
employees: Provided, That all carcasses, parts thereof, meat and meat food products
derived from custom slaughter shall be identified as required by the Commissioner,
during all phases of slaughtering, chilling, cooling, freezing, packing, meat-canning, rendering, preparation, storage and transportation; provided further, that the custom slaughterer does not engage in the business of buying or selling any carcasses, parts thereof, meat or meat food products of any cattle, sheep, swine, goats or equines, capable of use as human food, unless the carcasses, parts thereof, meat or meat food products have been inspected and passed and are identified as having been inspected and passed by the Commissioner or the United States Department of Agriculture.

(b) The provisions of this Act requiring inspection of the slaughter of animals and the preparation of carcasses, parts thereof, meat and meat food products shall not apply to operations of types traditionally and usually conducted at retail stores and restaurants, when conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of such articles to consumers at such establishments. (a) The North Carolina Department of Agriculture is hereby designated as the State agency which shall be responsible for cooperating with the Secretary of Agriculture of the United States under the provisions of Section 301 of the Federal Meat Inspection Act and such agency is directed to cooperate with the Secretary of Agriculture of the United States in developing and administering the meat inspection program of this State under this Act in such a manner as will effectuate the purposes of this Act.

(b) In such cooperative efforts, the North Carolina Department of Agriculture is authorized to accept from said Secretary advisory assistance in planning and otherwise developing the State program, technical and laboratory assistance and training (including necessary curricular and instructional materials and equipment), and financial and other aid for administration of such a program. The North Carolina Department of Agriculture is further authorized to spend public funds of this State appropriated for administration of this Act to pay fifty per centum (50%) of the estimated total cost of the cooperative program.

(c) The North Carolina Department of Agriculture is further authorized to recommend to the said Secretary of Agriculture such officials or employees of this State as the Commissioner shall designate, for appointment to the advisory committees provided for in Section 301 of the Federal Meat Inspection Act; and the Commissioner or his authorized representative shall serve as the representative of the Governor for consultation with said Secretary under paragraph (c) of Section 301 of said Act.

Part III

AUXILIARY PROVISIONS

Sec. 16. The Commissioner may (for such period, or indefinitely, as he deems necessary to effectuate the purposes of this Act) refuse to provide, or withdraw, inspection service under Part I of this Act with respect to any establishment if he determines, after opportunity for a hearing is accorded to the applicant for, or recipient of, such service, that such applicant or recipient is unfit to engage in any business requiring inspection under Part I because the applicant or recipient, or anyone responsibly connected with the applicant or recipient, has been convicted, in any Federal or State court, of (1) any felony, or (2) more than one violation of any law, other than a felony, based upon the acquiring, handling, or distributing of unwholesome, mislabeled, or deceptively packaged food or upon fraud in connection with transactions in food. This Section shall not affect in any way other provisions of this Act for withdrawal of inspection services under Part I from establishments failing to maintain sanitary conditions or to destroy condemned carcasses, parts, meat or meat food products.

For the purpose of this Section a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or owner of ten per centum (10%) or more of its voting stock or employee in a managerial or executive capacity. The determination and order of the Commissioner with respect thereto under this Section shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within

1020
thirty days after the effective date of such order in the appropriate court as provided in Section 19.

Sec. 17. Whenever any carcass, part of a carcass, meat or meat food product of cattle, sheep, swine, goats, horses, mules, or other equines, or any product exempted from the definition of a meat food product, or any dead, dying, disabled, or diseased cattle, sheep, swine, goat, or equine is found by any inspector of the Meat and Poultry Inspection Service of the North Carolina Department of Agriculture upon any premises where it is held for purposes of, or during or after distribution in intrastate commerce, and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of the provisions of Part I of this Act or of the Federal Meat Inspection Act or the Federal Food, Drug and Cosmetic Act, or that such article or animal has been or is intended to be, distributed in violation of any such provisions, it may be detained by such inspector, upon approval of his supervisor, for a period not to exceed twenty days, pending action under Section 19 of this Act, and shall not be moved by any person, firm, or corporation from the place at which it is located when so detained, until released by the area supervisor of the Meat and Poultry Inspection Service. All official marks may be required by such inspector to be removed from such article or animal before it is released unless it appears to the satisfaction of the area supervisor that the article or animal is eligible to retain such marks.

Sec. 18. (a) Any carcass, part of a carcass, meat or meat food product of cattle, sheep, swine, goats, horses, mules or other equines, or any dead, dying, disabled, or diseased cattle, sheep, swine, goat, or equine, that is being transported in intrastate commerce, or is held for sale in this State after such transportation, and that (1) is or has been prepared, sold, transported or otherwise distributed or offered or received for distribution in violation of this Act, or (2) is capable of use as human food and is adulterated or misbranded, or (3) in any other way is in violation of this Act, shall be liable to be proceeded against and seized and condemned, at any time, on a complaint in any proper court as provided in Section 19 of this Act within the jurisdiction of which the article or animal is found. If the article or animal is condemned it shall, after entry of the order be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the General Fund of this State, but the article or animals shall not be sold contrary to the provisions of this Act. Provided, That upon the execution and delivery of a good and sufficient bond conditioned that the article or animal shall not be sold or otherwise disposed of contrary to the provisions of this Act, the court may direct that such article or animal be delivered to the owner thereof subject to such supervision by the authorized representative of the Commissioner as is necessary to insure compliance with the applicable laws. When an order of condemnation is entered against the article or animal and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article or animal. The proceedings in such cases shall be heard by the Superior Court without a jury, with the right of the aggrieved party to appeal to the Court of Appeals, and all such proceedings shall be at the suit of and in the name of this State. No appeal shall lie from the Court of Appeals.

(b) The provisions of this Section shall in no way derogate from authority for condemnation or seizure conferred by other provisions of this Act, or other laws.
Sec. 19. The Superior Court is vested with jurisdiction specifically to enforce, and to prevent and restrain violations of this Act, and shall have jurisdiction in all other kinds of cases arising under this Act, provided however, all prosecutions for criminal violations under this Act shall be in any court having jurisdiction over said violation.

Sec. 20. Any person who willfully assaults, resists, opposes, impedes, intimidates, or interferes with any person while engaged in or on account of the performance of his official duties under this Act shall be guilty of a misdemeanor and fined not more than five hundred dollars ($500.00) or imprisoned for not more than six months or both fined and imprisoned. For the purposes of this Section, "impede", "oppose", and "intimidate", or "interfere" shall include, but not be limited to, the use of profane and indecent language, or any act or gesture, verbal or nonverbal, which tends to cast disrespect on an inspector or the Meat and Poultry Inspection Service. Whoever, in the commission of any such acts, uses a deadly weapon, shall be fined not less than two hundred fifty dollars ($250.00) or not more than one thousand dollars ($1,000.00) or imprisoned not less than one year or not more than two years, or both.

Sec. 21. (a) Any person, firm, or corporation who violates any provision of this Act or any regulation of the Board for which no other criminal penalty is provided by this Act shall upon conviction be subject to imprisonment for not more than six months, or a fine of not more than five hundred dollars ($500.00), or both such imprisonment and fine; but if such violation involves intent to defraud, or any distribution or attempted distribution of an article that is adulterated (except as defined in Section 1 (j)(8) of this Act), such person, firm or corporation shall be subject to imprisonment for not more than three years or a fine of not more than ten thousand dollars ($10,000.00) or both: Provided. That no person, firm, or corporation shall be subject to penalties under this Section for receiving for transportation any article or animal in violation of this Act if such receipt was made in good faith, unless such person, firm, or corporation refuses to furnish on request of a representative of the Meat and Poultry Inspection Service the name and address of the person from whom he received such article or animal, and copies of all documents, if any there be, pertaining to the delivery of the article or animal to him.

(b) Nothing in this Act shall be construed as requiring the Commissioner or his authorized representative to report for prosecution or for the institution of condemnation or injunction proceedings, minor violations of this Act whenever he believes that the public interest will be adequately served by a suitable written notice of warning.

Sec. 22. (a) The Commissioner shall also have power—

Such reports and answers shall be made
under oath, or otherwise, as the Commissioner may prescribe, and shall be filed with the Commissioner within such reasonable period as the Commissioner may prescribe, unless additional time be granted in any case by the Commissioner.

(b) For the purposes of this Act the Commissioner shall at all reasonable times have access to, for the purpose of examination, and the right to copy any documentary evidence of any person, firm, or corporation being investigated, proceeded against, and may require by subpoena the attendance and testimony of witnesses and the production of all documentary evidence of any person, firm, or corporation relating to any matter under investigation. The Commissioner may sign subpoenas and may administer oaths and affirmations, examine witnesses, and receive evidence.

(1) Such attendance of witnesses, and the production of such documentary evidence, may be required at any designated place of hearing. In case of disobedience to a subpoena the Commissioner may invoke the aid of any court designated in Section 19 of this Act in requiring the attendance and testimony of witnesses and the production of documentary evidence.

(2) Any of the courts designated in Section 19 of this Act within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, firm, or corporation, issue an order requiring such person, firm, or corporation, to appear before the Commissioner or to produce documentary evidence if so ordered, or to give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

(3) Upon the application of the Attorney General of this State at the request of the Commissioner, the Superior Court shall have jurisdiction to issue writs of mandamus commanding any person, firm, or corporation to comply with the provisions of this Act or any order of the Commissioner made in pursuance thereof.

(4) The Commissioner may order testimony to be taken by deposition in any proceeding or investigation pending under this Act at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the Commissioner and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition, or under his direction and shall then be subscribed by the deponent. Any person may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the Commissioner as hereinbefore provided.

(5) Witnesses summoned before the Commissioner shall be paid the same fees and mileage that are paid witnesses in the courts of this State, and witnesses whose depositions are taken and the persons taking the same shall severally be entitled to the same fees as are paid for like services in such courts.

(6) No person, firm, or corporation shall be excused from attending and testifying or from producing books, papers, schedules of charges, contracts, agreements, or other documentary evidence before the Commissioner or in obedience to the subpoena of the Commissioner whether such subpoena be signed or issued by him or his delegate, or in any cause or proceedings, criminal or otherwise, based upon or growing out of any alleged violation of this Act, or of any amendments thereto, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him or it may tend to incriminate him or it or subject him or it to a penalty or forfeiture; but no person shall be prosecuted
or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any person so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

(c) Any person, firm, or corporation that shall neglect or refuse to attend and testify or to answer any lawful inquiry, or to produce documentary evidence, if in his or its power to do so, in obedience to the subpoena or lawful requirement of the Commissioner shall be guilty of a misdemeanor and upon conviction thereof by a court of competent jurisdiction shall be punished by a fine of not more than five hundred dollars ($500.00) or by imprisonment for not more than six months or by both such fine and imprisonment.

(1) Any person, firm, or corporation that shall willfully make, or cause to be made, any false entry or statement of fact in any report required to be made under this Act, or that shall willfully make, or cause to be made, any false entry in any account, record, or memorandum kept by any person, firm, or corporation subject to this Act or that shall willfully neglect or fail to make, or to cause to be made, full, true, and correct entries in such accounts, records, or memoranda, of all facts and transactions appertaining to the business of such person, firm, or corporation, or that shall willfully remove out of the jurisdiction of this State, or willfully mutilate, alter, or by any other means falsify any documentary evidence of any such person, firm, or corporation or that shall willfully refuse to submit to the Commissioner or to any of his authorized agents, for the purpose of inspection and taking copies, any documentary evidence of any such person, firm, or corporation in his possession or within his control, shall be deemed guilty of an offense and shall be subject, upon conviction in any court of competent jurisdiction to a fine of not more than five hundred dollars ($500.00) or to imprisonment for a term of not more than six months or to both such fine and imprisonment.

(2) If any person, firm, or corporation required by this Act to file any annual or special report shall fail so to do within the time fixed by the Commissioner for filing the same, and such failure shall continue for thirty days after notice of such default, such person, firm, or corporation shall forfeit to this State the sum of one hundred dollars ($100.00) for each and every day of the continuance of such failure, which forfeiture shall be payable into the General Fund of this State, and shall be recoverable in a civil suit in the name of the State brought in the Superior Court where the person, firm, or corporation has his or its principal office or in Wake County. It shall be the duty of the Attorney General of this State, to prosecute for the recovery of such forfeitures. The costs and expenses of such prosecution shall be paid out of the amount recovered in such action.

(3) Any officer or employee of this State who shall make public any information obtained by the Commissioner without his authority, unless directed by a court, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars ($500.00) or by imprisonment, not exceeding six months or by both such fine and imprisonment, in the discretion of the court.

The complaint and summons shall be delivered to some proper person for service. In this State, such proper person shall be the sheriff of the county where service is to be made or some other person duly authorized by law to serve summons. Outside this State, such proper person shall be anyone who is not a party and is not less than 21 years of age or anyone duly authorized to serve summons by the law of the place where service is to be made. Upon request of the plaintiff separate or additional summons shall be issued against any defendants. A summons is issued when, after being filled out and dated, it is signed by the officer having authority to do so. The date the summons bears shall be prima facie evidence of the date of issue."

If there is no parent, guardian, or other person having care and control of the child when service is made upon the child, then service of process must also be made upon a guardian ad litem who has been appointed pursuant to Rule 17.

b. If the plaintiff actually knows that a person under disability is under guardianship of any kind, process shall be served separately upon his guardian in any manner applicable and appropriate under this Section (j). If the plaintiff does not actually know that a guardian has been appointed when service is made upon a person known to him to be incompetent to have charge of his affairs, then service of process must be made upon a guardian ad litem who has been appointed pursuant to Rule 17."

person who is apparently in charge of the office.
b. If relief is sought against a partner specifically, a copy of the summons and
of the complaint must be served on such partner as provided in this Section
(j).
(8) Other Unincorporated Associations and Their Officers. Upon any unincor-

or managing agent or member of the governing body of the unincorporated
association, organization or society, or by leaving copies thereof in the office
of such officer, director, managing agent or member of the governing body with
the person who is apparently in charge of the office; or
b. By delivering a copy of the summons and of the complaint to an agent au-

Sec. 4. G. S. 1A-1, Rule 4(j) is hereby amended by adding a new subdivision
(9) at the end thereof to read as follows:
"(9) Alternative Method of Service on Party That Cannot Otherwise Be Served
or is not Inhabitant of or Found Within State. - Any party that cannot after due
diligence be served within this State in the manner heretofore prescribed in this
Section (j), or that is not an inhabitant of or found within this State, or is concealing
his person or whereabouts to avoid service of process, or is a transient person, or
one whose residence is unknown, or is a corporation incorporated under the laws
of any other state or foreign country and has no agent authorized by appointment
or by law to be served or to accept service of process, service upon the defendant
may be made in the following manner:
a. Personal Service Outside State. Personal service may be made on any party
outside this State by anyone authorized by section (a) of this rule and in the
manner prescribed in this Section (j) for service on such party within this State.
Before judgment by default may be had on such service, there shall be filed
with the court an affidavit of service showing the circumstances warranting the
use of personal service outside this State and proof of such service in accordance
with the requirements of G. S. 1-75.10 (1).
b. Registered Mail. Any party subject to service of process under this subsection
(9) may be served by mailing a copy of the summons and complaint, registered
mail, return receipt requested, addressed to the party to be served. Service shall be complete on the day the summons and complaint are delivered to the addressee, but the court in which the action is pending shall, upon motion of the party served, allow such additional time as may be necessary to afford the defendant reasonable opportunity to defend the action. Before judgment by default may be had on such service, the serving party shall file an affidavit with the court showing the circumstances warranting the use of service by registered mail and averring (i) that a copy of the summons and complaint was deposited in the post office for mailing by registered mail, return receipt requested, (ii) that it was in fact received as evidenced by the attached registry receipt or other evidence satisfactory to the court of delivery to the addressee and (iii) that the genuine receipt or other evidence of delivery is attached. This affidavit shall be prima facie evidence that service was made on the date disclosed therein in accordance with the requirements of this paragraph, and shall also constitute the method of proof of service of process when the party appears in the action and challenges such service upon him.

c. Service By Publication. A party subject to service of process under this subsection (9) may be served by publication whenever the party's address, whereabouts, dwelling house or usual place of abode is unknown and cannot with due diligence be ascertained, or there has been a diligent but unsuccessful attempt to serve the party under either paragraph a or under paragraph b or under paragraphs a and b of this subsection (9). Service of process by publication shall consist of publishing a notice of service of process by publication in a newspaper qualified for legal advertising in accordance with G.S. 1-597, 1-598, and published in the county where the action is pending or, if no qualified newspaper is published in such county, then in a qualified newspaper published in an adjoining county, or in a county in the same judicial district, once a week for three successive weeks. If the party's post office address is known or can with reasonable diligence be ascertained, there shall be mailed to the party at or immediately prior to the first publication a copy of the notice of service of process by publication. The mailing may be omitted if the post office address cannot be ascertained with reasonable diligence. Upon completion of such service there shall be filed with the court an affidavit showing the publication and mailing in accordance with the requirements of G. S. 1-75.10(b) and the circumstances warranting the use of service by publication.

The notice of service of process by publication shall (i) designate the court in which the action has been commenced and the title of the action which title may be indicated sufficiently by the name of the first plaintiff and the first defendant; (ii) be directed to the defendant sought to be served; (iii) state either that a pleading seeking relief against the person to be served has been filed or has been required to be filed therein not later than a date specified in the notice; (iv) state the nature of the relief being sought; (v) require the defendant being so served to make defense to such pleading, within 40 days after a date stated in the notice, exclusive of such date, which date so stated shall be the date of the first publication of notice, or the date when the complaint is required to be filed, whichever is later, and notify the defendant that upon his failure to do so the party seeking service of process by publication will apply to the court for the relief sought; (vi) be subscribed by the party seeking service or his attorney and give the postoffice address of such party or his attorney; and (vii) be substantially in the following form:

Where service under this subsection (9) is to be effected upon a party in a foreign country, in the alternative service of the summons and complaint may be made (i) in the manner prescribed by the law of the foreign country for service in that country in an action in any of its courts of general jurisdiction; or (ii) as directed by the foreign authority in response to a letter rogatory, when service in either case is reasonably calculated to give actual notice; or (iii) upon an individual, by delivery to him personally, and upon a corporation or partnership or association, by delivery to an officer or a managing or general agent; or (iv) by any form of mail, requiring a signed receipt, to be addressed and dispatched by the clerk of the court to the party to be served; or (v) as directed by order of the court. On request, the clerk shall deliver the summons to the plaintiff for transmission to the person or the foreign court or officer who will make the service. Proof of service may be made as prescribed in G. S. 1-75.10, the order of the court or paragraph (b) hereof, in which case there shall be included an affidavit or certificate of addressing and mailing by the clerk of the court, or by the law of the foreign country.

e. Attack on Judgment by Default. No party served under this subsection (9) may attack any judgment by default entered on such service on the ground that service, as required by this section (j), should or could have been effected, with or without due diligence, under some other subsection of this section (i) or under a different paragraph of this subsection (9).

Sec. 5. G. S. 1A-1, Rule 17(a) is hereby amended and rewritten to read as follows:

Every claim shall be prosecuted in the name of the real party in interest; but an executor, administrator, guardian, trustee of an express trust, a party with whom or in whose name a contract has been made for the benefit of another, or a party authorized by statute may sue in his own name without joining with him the party for whose benefit the action is brought; and when a statute of the State so provides, an action for the use or benefit of another shall be brought in the name of the State of North Carolina. No action shall be dismissed on the ground that it is not prosecuted in the name of the real party
in interest until a reasonable time has been allowed after objection for ratification of commencement of the action by, or joinder or substitution of, the real party in interest; and such ratification, joinder, or substitution shall have the same effect as if the action had been commenced in the name of the real party in interest."

Sec. 6. (a) G. S. 1A-1, Rule 17 (b) is amended by renumbering subsection (6) thereof as subsection "(7)" and inserting the following new subsection "(6)"

"(6) When guardian ad litem not required in domestic relations actions. Notwithstanding any other provisions of this Rule, an infant who is competent to marry, and who is 18 years of age or older, is competent to prosecute or defend an action or proceeding for his or her absolute divorce, divorce from bed and board, alimony pendente lite, permanent alimony with or without divorce, or an action or proceeding for the custody and support of his or her child, without the appointment of a guardian ad litem."

Sec. 7. G. S. 1A-1, Rule 18(a) is amended and rewritten as follows:

"(a) Joinder of Claims. A party asserting a claim for relief as an original claim, counterclaim, crossclaim, or third-party claim, may join, either as independent or as alternate claims, as many claims, legal or equitable, as he has against an opposing party."

Sec. 8. G. S. 1A-1, Rule 34 is hereby amended by deleting that paragraph of the Rule numbered "(b)" and entitled "Discovery Without Court Order." and by deleting the letter and symbols "(a)" from the first line of Rule 34.

Sec. 9. G. S. 1A-1, Rule 40 is hereby amended by rewriting the catchline to read "Assignment of Cases for Trial; Continuances.," making Rule 40 as presently written subsection (a) and adding a subsection (b) to read as follows:

"(b) No continuance shall be granted except upon application to the court. A continuance may be granted only for good cause shown and upon such terms and conditions as justice may require."

Sec. 10. G. S. 1A-1, Rule 41 is hereby amended and rewritten to read as follows:

"Rule 41

"DISMISSAL OF ACTIONS.

"(a) Voluntary Dismissal; Effect Thereof.

(1) By Plaintiff; by Stipulation. Subject to the provisions of Rule 23 (c) and of any statute of this State, an action or any claim therein may be dismissed by the plaintiff without order of court (i) by filing a notice of dismissal at any time before the plaintiff rests his case, or; (ii) by filing a stipulation of dismissal signed by all parties who have appeared in the action. Unless otherwise stated in the notice of dismissal or stipulation, the dismissal is without prejudice, except that a notice of dismissal operates as an adjudication upon the merits when filed by a plaintiff who has once dismissed in any court of this or any other state or of the United States, an action based on or including the same claim. If an action commenced within the time prescribed therefor, or any claim therein, is dismissed without prejudice under this subsection, a new action based on the same claim may be commenced within one year after such dismissal unless a stipulation filed under (ii) of this subsection shall specify a shorter time.

(2) By Order of Judge. Except as provided in subsection (1) of this section, an action or any claim therein shall not be dismissed at the plaintiff's instance save upon order of the judge and upon such terms and conditions as justice requires.

1030
Unless otherwise specified in the order, a dismissal under this subsection is without prejudice. If an action commenced within the time prescribed therefor, or any claim therein, is dismissed without prejudice under this subsection, a new action based on the same claim may be commenced within one year after such dismissal unless the judge shall specify in his order a shorter time.

"(b) Involuntary Dismissal; Effect Thereof. For failure of the plaintiff to prosecute or to comply with these rules or any order of court, a defendant may move for dismissal of an action or of any claim therein against him. After the plaintiff, in an action tried by the court without a jury, has completed the presentation of his evidence, the defendant, without waiving his right to offer evidence in the event the motion is not granted, may move for a dismissal on the ground that upon the facts and the law the plaintiff has shown no right to relief. The court as trier of the facts may then determine them and render judgment against the plaintiff or may decline to render any judgment until the close of all the evidence. If the court renders judgment on the merits against the plaintiff, the court shall make findings as provided in Rule 52(a). Unless the court in its order for dismissal otherwise specifies, a dismissal under this section and any dismissal not provided for in this rule, other than a dismissal for lack of jurisdiction, for improper venue, or for failure to join a necessary party, operates as an adjudication upon the merits. If the court specifies that the dismissal of an action commenced within the time prescribed therefor, or any claim therein, is without prejudice, it may also specify in its order that a new action based on the same claim may be commenced within one year or less after such dismissal.

"(c) Dismissal of Counterclaim, crossclaim, or third-party claim. The provisions of this rule apply to the dismissal of any counterclaim, crossclaim, or third-party claim.

"(d) Costs. A plaintiff who dismisses an action or claim under section (a) of this rule shall be taxed with the costs of the action unless the action was brought in forma pauperis. If a plaintiff who has once dismissed an action in any court commences an action based upon or including the same claim against the same defendant before the payment of the costs of the action previously dismissed, unless such previous action was brought in forma pauperis, the court, upon motion of the defendant, shall dismiss the action."

Sec. 11. G. S. 1A-1, Rule 50(b) is hereby amended and rewritten to read as follows:

"(b) Motion for Judgment Notwithstanding the Verdict.

1) Whenever a motion for a directed verdict made at the close of all the evidence is denied or for any reason is not granted, the submission of the action to the jury shall be deemed to be subject to a later determination of the legal questions raised by the motion. Not later than 10 days after entry of judgment, a party who has moved for a directed verdict may move to have the verdict and any judgment entered thereon set aside and to have judgment entered in accordance with his motion for a directed verdict; or if a verdict was not returned such party, within 10 days after the jury has been discharged, may move for judgment in accordance with his motion for a directed verdict. In either case the motion shall be granted if it appears that the motion for directed verdict could properly have been granted. A motion for a new trial may be joined with this motion, or a new trial may be prayed for in the alternative. If a verdict was returned the judge may allow the
judgment to stand or may set aside the judgment and either order a new trial or
direct the entry of judgment as if the requested verdict had been directed. If no
verdict was returned the judge may direct the entry of judgment as if the requested
verdict had been directed or may order a new trial. Not later than ten (10) days
after entry of judgment or the discharge of the jury if a verdict was not returned,
the judge on his own motion may, with or without further notice and hearing, grant,
deny, or redeny a motion for directed verdict made at the close of all the evidence
that was denied or for any reason was not granted.

(2) An appellate court, on finding that a trial judge should have granted a motion
for directed verdict made at the close of all the evidence, may not direct entry
of judgment in accordance with the motion unless the party who made the motion
for a directed verdict also moved for judgment in accordance with Rule 50(b) (1)
or the trial judge on his own motion granted, denied or redenied the motion for
a directed verdict in accordance with Rule 50(b)(1)."

Sec. 12. G. S. 1A-1, Rule 52(a) is hereby amended and rewritten to read as
follows:

"Rule 52

"FINDINGS BY THE COURT

"(a) Findings. (1) In all actions tried upon the facts without a jury or with an
advisory jury, the court shall find the facts specially and state separately its conclu-
sions of law thereon and direct the entry of the appropriate judgment.

(2) Findings of fact and conclusions of law are necessary on decisions of any
motion or order ex mero motu only when requested by a party and as provided
by Rule 41(b). Similarly, findings of fact and conclusions of law are necessary on
the granting or denying of a preliminary injunction or any other provisional remedy
only when required by statute expressly relating to such remedy or requested by
a party.

(3) If an opinion or memorandum of decision is filed, it will be sufficient if the
findings of fact and conclusions of law appear therein."

Sec. 13. G. S. 1A-1, Rule 53(a)(1) is hereby amended and rewritten to read as
follows:

"(1) By consent. Any or all of the issues in an action may be referred upon the
written consent of the parties except in actions to annul a marriage, actions for
divorce, actions for divorce from bed and board, actions for alimony without divorce
or actions in which a ground of annulment or divorce is in issue."

Sec. 14. G. S. 1-75.10(1)b is hereby amended to read as follows:

"b. If served by any other person, his affidavit thereof, showing place, time and
manner of service; his qualifications to make service under Rule 4 (a) or Rule 4
(j) (9) (d) of the Rules of Civil Procedure; that he knew the person served to be
the party mentioned in the summons and delivered to and left with him a copy;
and if the defendant was not personally served, he shall state in such affidavit when,
where and with whom such copy was left. If such service is made outside this State,
the proof thereof may in the alternative be made in accordance with the law of
the place where such service is made."

Sec. 15. G. S. 1-271 is hereby amended by adding at the end thereof a new
sentence to read as follows:
"A party who cross assigns error in the grant or denial of a motion under the Rules of Civil Procedure is a party aggrieved."

Sec. 16. G.S. 50-13.3(b) is hereby amended by striking out the period at the end thereof and adding thereto the words and figures, "and G.S. 1A-1, Rule 65".

Sec. 17. G.S. 50-13.4(f) is hereby amended by:

(1) Striking out of subdivision "(2)" the letters and figures, "G.S. 1-227" and inserting in lieu thereof "G.S. 1A-1, Rule 70".

(2) Inserting in subdivision "(5)" immediately after the words "General Statutes" and before the comma, the words and figures, "and G.S. 1A-1, Rule 65".

Sec. 18. G.S. 50-16.7 is hereby amended by:

CHAPTER 897

AN ACT TO CREATE AN UNEARNED PREMIUM RESERVE REQUIREMENT AS AN ADDITION TO ARTICLE 14 OF CHAPTER 58 OF THE GENERAL STATUTES OF NORTH CAROLINA.

The General Assembly of North Carolina do enact:

Section 1. Article 14 of Chapter 58 of the General Statutes of North Carolina is amended by adding immediately after G. S. 58-134.1 the following:

"G. S. 58-134.2. Unearned premium reserve. Every domestic title insurance company shall, in addition to other reserves, establish and maintain a reserve to be known as the "unearned premium reserve" for title insurance, which shall at all times and for all purposes be considered and constitute unearned portions of the original risk premiums and shall be charged as a reserve liability of such title insurance company in determining its financial conditions.

"G. S. 58-134.3. Amount of unearned premium reserve. (a) The unearned premium reserve of every domestic title insurance company shall consist of the aggregate of:

(1) The amount of the unearned premium reserve held as of the effective date of this Act.

(2) The amount of all additions required to be made to such reserve by this Section 58-134.3, less the reduction of such aggregate amount required hereby.

(b) On each contract of title insurance issued by a domestic title insurance company on and after the effective date of this Act, there shall be reserved initially as an unearned premium reserve a sum equal to ten per centum (10%) of the original risk premium charged therefor.

(c) After the aggregate of the amounts set aside in unearned premium reserves reaches a total of one hundred fifty thousand dollars ($150,000.00) then those amounts set aside in any calendar year pursuant to Subsection (b) of this Section 58-134.3, shall be reduced annually, at the end of each calendar year following the year in which the policy is issued, at the annual rate of one-twentieth (1/20th) of the aggregate of such amounts. Provided, the aggregate total of the unearned premium reserves shall not be reduced below one hundred fifty thousand dollars ($150,000.00); provided, however, that if the laws of another jurisdiction in which a domestic title insurance company is licensed has requirements for the maintenance of reserves in excess of those contained in this Section, such requirements shall be complied with.

(d) The entire amount of the unearned premium reserve held as of the effective date of this Act shall be presumed to have been added to the reserve in the calendar year next preceding the effective date of this Act and shall be released from said reserve and restored to net profits at the annual rate of one-twentieth (1/20th) of the said entire amount.

(e) If substantially the entire outstanding liability under all policies, contracts of title insurance or reinsurance agreements of any such title insurance company shall be reinsured, the value of the consideration received by a reinsuring title insurance company authorized to transact the business of title insurance in this State, shall constitute, in its entirety, unearned portions of original premiums and be added to its unearned premium reserve and deemed, for recovery purposes, to have
been provided for liabilities assumed during the year of such reinsurance. The amount of such addition to the unearned premium reserve of such assuming title insurance company shall be not less, however, than two-thirds (2/3rds) of the amount of the unearned premium reserve required to be maintained by the ceding title insurance company at the time of such reinsurance.

"G. S. 58-134.4. Unearned premium reserve on policies issued by foreign or alien title insurance companies. Every foreign or alien title insurance company licensed to transact title insurance in this State shall reserve and maintain the same reserves as are required of domestic companies under the provisions of G. S. 58-134.4, unless by the laws of the state or country of domicile of such company there is required to be set aside and maintained an unearned premium reserve in at least as great an amount as is required of domestic companies by that Section.

"G. S. 58-134.5. Maintenance of the unearned premium reserve. If by reason of any cause, other than depreciation in the market value of investments, the amount of the assets of a title insurance company held as investments of its unearned premium reserve should on any date be less than the amount required to be maintained by law in such reserve, and the deficiency shall not be promptly cured, such title insurance company shall forthwith give written notice thereof to the Commissioner and shall make no further policies, contracts of title insurance or reinsurance agreements of title insurance until the deficiency shall have been eliminated and until it shall have received written approval from the Commissioner authorizing it to again issue such policies, contracts of title insurance or agreements.

"G. S. 58-134.6. Use of the unearned premium reserve on liquidation, dissolution or insolvency: (a) If a title insurance company becomes insolvent, or is in the process of liquidation or dissolution, or in the possession of the Commissioner:

1. Such amount of the assets of such title insurance company equal to the unearned premium reserve then remaining as is necessary may be used by or with the written approval of the Commissioner, to pay for reinsurance of the liability of such title insurance company upon all outstanding policies or contracts or reinsurance agreements of title insurance, as to which claims for losses by the holders are not then pending, the balance, if any, of assets equal to the unearned premium reserve fund then remaining, then to be transferred to the general assets of the title insurance company.

2. The assets other than the unearned premium reserve shall be available to pay claims for losses sustained by holders of policies then pending or arising up to the time reinsurance is effected. In the event that claims for losses are in excess of such other assets of the title insurance company, such claims, when established, shall be paid pro rata out of the surplus assets attributable to the unearned premium reserve, to the extent of such surplus, if any.

(b) In the event that reinsurance is not obtained, the unearned premium reserve and assets constituting minimum capital, or so much as remains thereof after outstanding claims have been paid, shall constitute a trust fund to be held by the Commissioner for twenty (20) years, out of which claims of policyholders shall be paid as they arise. The balance, if any, of such fund shall, at expiration of twenty (20) years, revert to the general assets of the title insurance company."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect upon its ratification.

The General Assembly of North Carolina do enact:

Section 1. Except for G. S. 110-25.1 and G. S. 110-39, Article 2 of Chapter 110 of the North Carolina General Statutes is rewritten to read as follows:

"ARTICLE 2.

Juvenile Services.

G. S. 110-21. *Probation.* The county director of social services shall be the chief juvenile probation officer in each county, except that the chief counselor shall be the chief juvenile probation officer in counties where family counselor services are established as provided in G. S. 7A-134. The chief juvenile probation officer shall supervise the work of any persons who provide juvenile probation services.

If there are no family counselor services available in a district, the judges exercising juvenile jurisdiction and the directors of the county social services departments
in the district may agree in writing that all persons providing juvenile probation services in the district shall be regular employees of the county social services departments in the district who are administratively responsible to the county director of social services as chief juvenile probation officer in each county. Such written agreement shall provide for uniform practices and procedures in juvenile cases in the district. Upon election or appointment of a judge who was not a party to the agreement, the parties may enter a new agreement as herein provided.

G. S. 110-22. Probation conditions; revocation. When the court places any child on probation, the court order shall specify the conditions of probation and the period of time the child shall remain on probation. The conditions of probation shall be designed by the court to meet the needs of the child and may include any of the following or such other conditions of probation as the court may order in the best interest of the child:

(1) That the child shall remain on good behavior and not violate any laws;
(2) That the child attend school regularly;
(3) That the child not associate with specified persons or be in specified places;
(4) That the child report to the probation officer as often as required by the probation officer;
(5) That the child make specified financial restitution or pay a fine;
(6) That the child be employed regularly if not attending school.

The court may review the progress of any child on probation at any time during the period of probation. The conditions of probation or the period of time on probation may be modified as may be appropriate in a particular case, provided there is notice and a hearing as provided by Article 23 of Chapter 7A. If a child violates the conditions of his probation, such child may be required to appear before the court after notice, and the court may make any disposition of the matter that it might have made when the child was placed on probation. At the end of a child's period of probation, the child shall appear after notice for a hearing with the juvenile probation officer so that the court may evaluate the child's need for continued supervision, and the judge may terminate the probation, continue the child on probation under the same or modified conditions for a specified term, or enter such other order as the court may find to be in the best interest of the child.

G. S. 110-23. Duties and powers of juvenile probation officers. All juvenile probation officers or family counselors providing services to judges hearing juvenile cases shall have the following powers and duties, as the court may require:

(1) To secure or arrange for such information concerning a case as the court may require before, during or after the hearing;
(2) To prepare written reports for the use of the court;
(3) To appear and testify at court hearings;
(4) To assume temporary custody of a child when so directed by court order;
(5) To furnish each child on probation and his parents with a written statement of his conditions of probation, and to consult with the parents, guardian or custodian so that they may help the child comply with his probation;
(6) To keep informed concerning the conduct and progress of any child on probation or under court supervision through home visits or conferences with the parents, guardian or custodian, and in other ways;
(7) To see that the conditions of probation are complied with by the child, or to bring any child who violates his probation to the attention of the court;
(8) To make periodic reports to the court concerning the adjustment of any child on probation or under court supervision;
(9) To keep such records of his work as the court may require;
(10) To account for all funds collected from children;
(11) To have all the powers of a peace officer in the district;
(12) To provide supervision for a child transferred to his supervision from another court or another state, and to provide supervision for any child released from an institution operated by the North Carolina Board of Juvenile Correction when requested by such Board to do so;
(13) To have such other duties as the judge may direct.

G. S. 110-24. Detention homes. It shall be unlawful for any child coming within the provisions of Article 23 of Chapter 7A to be placed in any jail, prison or other penal institution where such child will come into contact with adults charged with or convicted of crimes, except as herein provided.

Children who are alleged or adjudicated to be delinquent or undisciplined and who require secure custody for the protection of the community or in the best interest of the child may be temporarily detained in a juvenile detention home, which shall be separate from any jail, lockup, prison or other adult penal institution. A juvenile detention home shall be located in a building designed to provide secure custody and shall have such personnel as may be necessary to provide for the supervision and safety of the children being detained. A detention home shall be operated as a family home according to the standards applicable to juvenile detention facilities adopted by the State Board of Social Services under G. S. 153-52 and under the supervision of the judges exercising juvenile jurisdiction in the district. Personnel employed in a detention home may be appointed by the unit of government which operates the program, except that such appointments shall be approved by the State Department of Social Services. The program of a detention home shall be designed as far as possible to provide wholesome activities in the best interest of the children placed therein.

If there is no detention home available, the judge may arrange for the care of a child requiring secure custody in a private home, a foster home or in any other available child-care facility. When the judge finds there is a pressing need that a child be held in secure custody and there is no juvenile detention home available to the judge, the judge may order the temporary detention of such child in any section of a local jail which is so arranged that the child cannot converse with, see or be seen by the adult population of the jail while being detained, provided that the jailer or other personnel responsible for administration of the jail shall provide close supervision of any child so detained for the protection of the child."

Sec. 2. Article 23 of Chapter 7A of the North Carolina General Statutes (containing one section, G. S. 7A-277) is hereby rewritten to read as follows:

"ARTICLE 23.

Jurisdiction and Procedures Applicable to Children.

G. S. 7A-277. Purpose. The purpose of this article is to provide procedures and resources for children under the age of sixteen years which are different in purpose and philosophy from the procedures applicable to criminal cases involving adults. These procedures are intended to provide a simple judicial process for the exercise of juvenile jurisdiction by the district court in such manner as will assure the protec-

tion, treatment, rehabilitation or correction which is appropriate in relation to the needs of the child and the best interest of the State. Therefore, this article should be interpreted as remedial in its purposes to the end that any child subject to the procedures applicable to children in the district court will be benefitted through the exercise of the court's juvenile jurisdiction.

G. S. 7A-278. Definitions. The terms or phrases used in this article shall be defined as follows, unless the context or subject matter otherwise requires:

(1) 'child' is any person who has not reached his sixteenth birthday.
(2) 'delinquent child' includes any child who has committed any criminal offense under state law or under an ordinance of local government, including violations of the motor vehicle laws or a child who has violated the conditions of his probation under this article.
(3) 'undisciplined child' includes any child who is unlawfully absent from school, or who is regularly disobedient to his parents or guardian or custodian and beyond their disciplinary control, or who is regularly found in places where it is unlawful for a child to be, or who has run away from home.
(4) 'dependent child' is a child who is in need of placement, special care or treatment because such child has no parent, guardian or custodian to be responsible for his supervision or care, or whose parent, guardian or custodian is unable to provide for his supervision or care.
(5) 'neglected child' is any child who does not receive proper care or supervision or discipline from his parent, guardian, custodian or other person acting as a parent, or who has been abandoned, or who is not provided necessary medical care or other remedial care recognized under state law, or who lives in an environment injurious to his welfare, or who has been placed for care or adoption in violation of law.
(6) 'custodian' is a person or agency that has been awarded legal custody of a child by a court, or a person other than parents or legal guardian who stands in loco parentis to a child.
(7) 'court' means the district court division of the General Court of Justice, except as otherwise specified.

G. S. 7A-279. Juvenile jurisdiction. The court shall have exclusive, original jurisdiction over any case involving a child who resides in or is found in the district and who is alleged to be delinquent, undisciplined, dependent or neglected, or who comes within the provisions of the Interstate Compact on Juveniles, except as otherwise provided. This jurisdiction shall be exercised solely by the district judge.

G. S. 7A-280. Felony cases. If a child who has reached his fourteenth birthday is alleged to have committed an offense which constitutes a felony, the judge shall conduct a preliminary hearing to determine probable cause after notice to the parties as provided by this article. Such hearing shall provide due process of law and fair treatment to the child, including the right to counsel, privately retained or at state expense if indigent.

If the judge finds probable cause, he may proceed to hear the case under the procedures established by this article, or if the judge finds that the needs of the child or the best interest of the State will be served, the judge may transfer the case to the superior court division for trial as in the case of adults. The child's attorney shall have a right to examine any court or probation records considered by the court in exercising its discretion to transfer the case, and the order of transfer shall specify the reasons for transfer.
If the alleged felony constitutes a capital offense and the judge finds probable cause, the judge shall transfer the case to the superior court division for trial as in the case of adults.

In case of transfer of any case to the superior court division under this section, the judge may order that the child be detained in a juvenile detention home or separate section of a local jail as provided by G. S. 110-24, pending trial in the superior court division.

G. S. 7A-281. *Petition.* Any person having knowledge or information that a case has arisen which invokes the juvenile jurisdiction established by this article may file a verified petition with the clerk of superior court. The petition shall contain the name, age and address of the child, the name and last-known address of his parents or guardian or custodian, and shall allege the facts which invoke the juvenile jurisdiction of the court.

After a petition is filed, any judge exercising juvenile jurisdiction may arrange for evaluation of juvenile cases through the county director of social services or the chief family counselor or such other personnel as may be available to the court. The purpose of this procedure is to use available community resources for the diagnosis or treatment or protection of a child in cases where it is in the best interest of the child or the community to adjust the matter without a formal hearing.

G. S. 7A-282. *Issuance of summons.* After a petition is filed and when directed by the court, the clerk of superior court shall cause a summons to be issued directed to the parents or guardian or custodian and to the child, requiring them to appear for a hearing at the time and place stated in the summons.

G. S. 7A-283. *Service of summons and petition.* The summons and a copy of the petition shall be served upon the parents or either of them or the guardian or custodian, and the child, not less than five (5) days prior to the date scheduled for the hearing, provided that the time provided herein may be waived in the discretion of the judge in the best interest of the child. Service of the summons and petition shall be made personally by leaving a copy of the summons and the petition with the person summoned. If personal service upon a parent is attempted at his last-known address but such parent cannot be located, and there is no parent, guardian or custodian available to appear with the child for the hearing, the court shall appoint a guardian ad litem or a guardian of the person to appear with the child.

If the court finds it is impractical to obtain personal service upon the parents, guardian or custodian, the judge may authorize service of summons and petition by mail or by publication, provided that a guardian or custodian shall appear with the child for the hearing if neither parent is present.

If the parent, guardian or custodian is personally served as herein provided and fails without reasonable cause to appear and to bring the child, he may be proceeded against as for contempt of court.

G. S. 7A-284. *Immediate custody of a child.* If it appears from a petition that a child is in danger, or subject to such serious neglect as may endanger his health or morals, or that the best interest of the child requires that the court assume immediate custody of the child prior to a hearing on the merits of the case, the judge may enter an order directing an officer or other authorized person to assume immediate custody of the child. Such an order shall constitute authority to assume physical custody of the child and to take the child to such place or person as is
designated in the order. The court shall conduct a hearing on the merits at the earliest practicable time within five (5) days after assuming custody, and if such a hearing is not held within five (5) days, the child shall be released.

G. S. 7A-285. Juvenile hearing. Juvenile hearings shall be held in each county in the district at such times and places as the chief district judge shall designate. The general public may be excluded from any juvenile hearing in the discretion of the judge. Reporting of juvenile cases shall be as provided by G. S. 7A-198 for reporting of civil trials.

The juvenile hearing shall be a simple judicial process designed to adjudicate the existence or non-existence of any of the conditions defined by G. S. 7A-278 (2) through (5) which have been alleged to exist, and to make an appropriate disposition to achieve the purposes of this article. In the adjudication part of the hearing, the judge shall find the facts and shall protect the rights of the child and his parents in order to assure due process of law, including the right to written notice of the facts alleged in the petition, the right to counsel, the right to confront and cross-examine witnesses, and the privilege against self-incrimination. In cases where the petition alleges that a child is delinquent or undisciplined and where the child may be committed to a state institution, the child shall have a right to assigned counsel as provided by law in cases of indigency.

The court may continue any case from time to time to allow additional factual evidence, social information or other information needed in the best interest of the child. If the court finds that the conditions alleged do not exist, or that the child is not in need of the care, protection or discipline of the State, the petition shall be dismissed.

At the conclusion of the adjudicatory part of the hearing, the court may proceed to the disposition part of the hearing, or the court may continue the case for disposition after the juvenile probation officer or family counselor or other personnel available to the court has secured such social, medical, psychiatric, psychological or other information as may be needed for the court to develop a disposition related to the needs of the child or in the best interest of the State. The disposition part of the hearing may be informal, and the court may consider written reports or other evidence concerning the needs of the child.

The child or his parents, guardian or custodian shall have an opportunity to present evidence if they desire to do so, or they may advise the court concerning the disposition which they believe to be in the best interest of the child.

In all cases, the court order shall be in writing and shall contain appropriate findings of fact and conclusions of law.

G. S. 7A-286. Disposition. The judge shall select the disposition which provides for the protection, treatment, rehabilitation or correction of the child after considering the factual evidence, the needs of the child, and the available resources, as may be appropriate in each case. In cases where the court finds a factual basis for an adjudication that a child is delinquent, undisciplined, dependent or neglected, the court may find it is in the best interest of the child to postpone adjudication or disposal of the case for a specified time or subject to certain conditions.

In any case where the court adjudicates the child to be delinquent, undisciplined, dependent or neglected, the jurisdiction of the court to modify any order of disposition made in the case shall continue during the minority of the child or until termi-
nated by order of the court, except as otherwise provided herein, provided that any child subject to the juvenile jurisdiction of the court shall be subject to prosecution in any court for any offense committed after his sixteenth birthday.

The court shall have a duty to give each child subject to juvenile jurisdiction such attention and supervision as will achieve the purposes of this article. Upon motion in the cause or petition, and after notice as provided in this article, the court may conduct a review hearing to determine whether the order of the court is in the best interest of the child, and the court may modify or vacate the order in light of changes in circumstances or the needs of the child.

The following alternatives for disposition shall be available to any judge exercising juvenile jurisdiction:

1. The judge may dismiss the case, or continue the case in order to allow the child, parents or others to take appropriate action.

2. In the case of any child who needs more adequate care or supervision, or who needs placement, the court may:
   (a) Require that the child be supervised in his own home by the county department of social services, juvenile probation officer, family counselor or such other personnel as may be available to the court, subject to such conditions applicable to the parents or the child as the court may specify; or
   (b) Place the child in the custody of a parent, relative, private agency offering placement services, or some other suitable person; or
   (c) Place the child in the custody of the county department of public welfare in the county of his residence, or in the case of a child who has legal residence outside the State, in the temporary custody of the county department of social services in the county where the child is found so that said agency may return the child to the responsible authorities.

In any case where the court removes custody from a parent, the court may order any parent who appears in court with such child to pay such support for the child as may be reasonable under the circumstances, or after notice to the parent as provided in this article, the court may hold a hearing and order such parent to pay such support as may be reasonable under the circumstances.

3. In the case of any child who is alleged to be delinquent or undisciplined and where the court finds it necessary that such child be detained in secure custody for the protection of the community or in the best interest of the child before or after a hearing on the merits of the case, the court may order that such child be detained in a juvenile detention home as provided in G. S. 110-24, or if no juvenile detention home is available, in a separate section of a local jail which meets the requirements of G. S. 110-24, provided the court shall notify the parent, guardian or custodian of the child of such detention. No child shall be held in any juvenile detention home or jail for more than five (5) days without a hearing under the special procedures established by this article. If the judge orders that the child continue in the detention home or jail after such hearing, the court order shall be in writing with appropriate findings of fact.

4. In the case of any child who is delinquent or undisciplined, the court may:
   (a) Place the child on probation for whatever period of time the court may specify, and subject to such conditions of probation as the court finds are related to the needs of the child and which the court shall specify, under the supervision of the juvenile probation officer or family counselor; or
(b) Continue the case in order to allow the family an opportunity to meet the needs of the child through more adequate supervision, or placement in a private or specialized school, or placement with a relative, or through some other plan approved by the court; or if the child is delinquent, the court may

(c) Commit the child to the care of the North Carolina Board of Juvenile Correction to be assigned to whatever facility operated by such Board as the Board or its administrative personnel may find to be in the best interest of the child. Said commitment shall be for an indefinite term, not to extend beyond the eighteenth (18th) birthday of the child, as the Board or its administrative personnel may find to be in the best interest of the child, provided that if a child is engaged in a vocational training program when he becomes eighteen (18) years of age, the Board may extend the indefinite term of such child beyond the eighteenth (18th) birthday until the vocational training program is completed. The Board or its administrative personnel shall have final authority to determine when any child who has been admitted to any facility operated by the Board has sufficiently benefitted from the program as to be ready for release. At the end of any term, the Board shall notify the court that the child is ready for release and shall plan for the return of the child to the community in cooperation with the juvenile probation officer or the family counselor or such other appropriate personnel as may be available. If the Board finds that any child committed to its care is not suitable for the program of any facility operated by the Board, or that further court action is needed to protect the best interest of a child at the end of his term, the Board shall make a motion in the cause so that the court may enter an appropriate order.

(5) In any case, the court may order that the child be examined by a physician, psychiatrist, psychologist or other professional person as may be needed for the court to determine the needs of the child. If the court finds the child to be in need of medical, surgical, psychiatric, psychological or other treatment, the court may allow the parents or other responsible persons to arrange for such care. If the parents decline or are unable to make such arrangements, the court may order the needed treatment, surgery or other needed care, and the court may order the parents or other responsible parties to pay the cost of such care, or if the court finds the parents are unable to pay the cost of such care, such cost shall be a charge upon the county when approved by the court. If the court finds the child to be in need of institutional care because of mental illness or mental retardation, the court may commit the child to the appropriate institution operated by the state, provided two (2) physicians certify in writing that such commitment is in the best interest of the child and the State. After such commitment, the child may be released only by the governing board or administrative personnel of such state institution, who shall report to the court from time to time on the progress of such child and who shall return the child to the court upon release during his minority for such further orders as the court finds to be in the best interest of the child.

(6) In any case where there is no parent to appear in a hearing with the child or where the court finds it would be in the best interest of the child, the court may appoint a guardian of the person for the child, who shall operate under the supervision of the court with or without bond, and who shall file
only such reports as the court shall require. Such guardian of the person shall have the care, custody and control of the child or may arrange a suitable placement for the child, and may represent the child in legal actions before any court. Such guardian of the person shall also have authority to consent to certain actions on the part of the child in place of the parents, including but not limited to marriage, enlisting in the armed forces, major surgery, or such other actions as the court shall designate where parental consent is required. The authority of the guardian of the person shall continue for whatever period of time the court shall designate during the minority of the child.

G. S. 7A-287. Juvenile records. The court shall maintain a complete record of all juvenile cases to be known as the juvenile record, which shall be withheld from public inspection and may be examined only by order of the judge, except that the child, his parents, guardian, custodian and attorney, or other authorized representative of the child shall have a right to examine the child's juvenile record.

The juvenile record may be divided into two (2) parts, social and legal:

(1) The social part of the juvenile record may include family background information or reports of social, medical, psychiatric, psychological or other information concerning a child or his family, or a record of the probation reports of a child or interviews with his family, or other information which the judge finds should be protected from public inspection in the best interest of the child. The social part of the juvenile record may be filed separate from other records of the court under rule of the Administrative Office of the Courts.

(2) The legal part of the record includes the summons, petition, court order, written motions, the transcript of the hearing and other papers filed in the proceeding.

An adjudication that a child is delinquent or undisciplined shall not disqualify the child for public office nor be considered as conviction of any criminal offense.

G. S. 7A-288. Termination of parental rights. In cases where the court has adjudicated a child to be neglected or dependent, the court shall have authority to enter an order which terminates the parental rights with respect to such child if the court finds any one of the following:

(1) That the parent has abandoned the child for six (6) consecutive months prior to the special hearing in which termination of parental rights is considered or that a child is an abandoned child as defined by Chapter 48 of the General Statutes entitled "Adoption of Minors."

(2) That a child born out of wedlock is living under such conditions that the health or general welfare of the child is endangered by the living conditions and environment, pursuant to the procedure established by G. S. 130-58.1 and as specified by G. S. 48-6.1; or

(3) That the parent has willfully failed to contribute adequate financial support to a child placed in the custody of an agency or child-care institution, or living in a foster home or with a relative, for a period of six (6) months; or

(4) That the parent has so physically abused or seriously neglected the child that it would be in the best interest of the child that he not be returned to such parent.

The court shall conduct a special hearing to consider any case involving termination of parental rights. There shall be a petition requesting such termination and
alleging facts which would justify termination as herein provided. The parent shall be notified in advance of such special hearing by personal service of the summons and petition as provided in this article or under the procedures established by Rule 4 of the Rules of Civil Procedure of Chapter 1A of the North Carolina General Statutes. Before entering an order of termination of parental rights, the court shall consider all available facts and social information concerning the child to evaluate whether the parent may re-establish a suitable home for the child, for the policy of law is to preserve natural family ties where possible in the best interest of the child.

Such an order terminates all rights and obligations of the parent to the child and of the child to the parent, arising from the parental relationship. Such a parent is not thereafter entitled to notice of proceedings for the adoption of the child and has no right to object thereto or otherwise participate therein.

In such cases, the court shall place the child by written order in the custody of the county department of social services or a licensed child-placing agency, and such custodian shall have the right to make such placement plans for the child as it finds to be in his best interest. Such county department of social services or licensed child-placing agency shall further have the authority to consent to the adoption of the child, to its marriage, to its enlistment in the armed forces of the United States, and to surgical and other medical treatment of the child.

G. S. 7A-289. Appeals. Any child, parent, guardian, custodian or agency who is a party to a proceeding under this article may appeal from an adjudication or any order of disposition to the Court of Appeals, provided that notice of appeal is given in open court at the time of the hearing or in writing within ten (10) days after the hearing. Pending disposition of an appeal, the court may enter such temporary order affecting the custody or placement of the child as the court finds to be in the best interest of the child or the best interest of the State.

CHAPTER 912
AN ACT TO PROVIDE FOR THE QUALIFICATION OF NOTARIES PUBLIC BEFORE THE REGISTER OF DEEDS AND TO REQUIRE THE REGISTER OF DEEDS TO KEEP A RECORD OF THE QUALIFICATION OF NOTARIES PUBLIC.

The General Assembly of North Carolina do enact:

Section 1. G. S. 10-1 is hereby rewritten in its entirety to read as follows:

"G. S. 10-1. Appointment and Commission; term of office; revocation of commission. The Governor may, from time to time, at his discretion, appoint one or more fit persons in every county to act as notaries public and shall issue to each a commission. The commission shall show that it is for a term of five years and shall show the effective date and date of expiration. The term of the commission shall be computed by including the effective date and shall end at midnight of the day preceding the anniversary of the effective date, five years thereafter. The commission shall be sent to the register of deeds of the county in which the appointee lives and a copy of the letter of transmittal to the register of deeds shall be sent to the appointee concerned. The commission shall be retained by the register of deeds until the appointee has qualified in the manner provided by G. S. 10-2.

Any commission so issued by the Governor or his predecessor, shall be revocable by him in his discretion upon complaint being made against such notary public and when he shall be satisfied that the interest of the public will be best served by the revocation of said commission. Whenever the Governor shall have revoked the commission of any notary public appointed by him, or his predecessor in office, it shall be his duty to file with the register of deeds in the county of such notary public a copy of said order and mail a copy of same to said notary public. Any person holding himself out to the public as a notary public, or any person attempting to act in such capacity after his commission shall have been revoked by the Governor, shall be guilty of a misdemeanor and upon conviction be punishable in the discretion of the court, as provided for in other misdemeanors."

Sec. 2. G. S. 10-2 is hereby rewritten in its entirety to read as follows:
"G. CHAPTER 960

AN ACT PROVIDING THE TOWN OF EDENTON, NORTH CAROLINA, ALTERNATIVE METHODS OF ASSESSING THE COST OF EXTENDING WATER AND SEWER LINES.

The General Assembly of North Carolina do enact:

Section 1. In addition and as alternatives to the method provided in G.S. 160-241 for assessing the costs of water and sewer lines and laterals, the Board of Councillors of the Town of Edenton, North Carolina, if in its opinion it would be more equitable to do so, hereby is authorized in its discretion to levy any such assessments according to either of the following methods: (1) equally against each of the lots capable of being served by such line or lines, or (2) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the governing body annually between the first days of January and July of each year, may determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost of any portion thereof during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It also may include the antici-
pated increase in labor and materials costs based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such line shall not be made until after the particular assessment project has been completed. The purpose of this Act is to distribute more equitably the cost of the installation of water and sewer lines throughout the Town; to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights of way also may be assessed as a part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation costs at the time of the completion of the project, such costs may be assessed separately when they are determined.

If a lot or parcel of land used for a single-family residential purpose is assessed under this Section and the lot or parcel of land is subdivided into additional lots for single-family occupancy, the Board of Councilmen may assess the additional lots or parcels of land into which the original parcel of land is from time to time divided on the basis of the average cost as determined under the provisions of this Section at the time the owner of the additional lot requests the utility service. Such assessment shall be made only after the owner of the newly created lot or lots has requested water or sewer service and an assessment against his property or has paid the amount of the assessment in cash. In the absence of such request or payment, the service shall be withheld from the property.

If a lot or parcel of land is used for any purpose other than for single-family occupancy, the Board of Councilmen may assess the lot or parcel of land used for such other purpose in an amount equal to the multiple of the assessment for a single-family lot by the nearest number of times that the area so used is divisible by 20,000 feet but in no case shall the assessment be less than the assessment which would be made against a single-family dwelling lot.

Sec. 2. The Board of Councilmen shall have authority to exempt from assessment for water and sewer extensions for corner lots 150 feet of the frontage of any side of a corner lot when water and sewer extensions are installed along both sides of such lot.

Sec. 3. All laws and clauses of law in conflict with this Act are hereby repealed.

Sec. 4. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified this the 20th day of June, 1969.

CHAPTER 961

AN ACT TO PROVIDE FOR THE ESTABLISHMENT OF STANDARDS OF CONSTRUCTION FOR MOBILE HOMES, TO REQUIRE COMPLIANCE THEREWITH, TO PROVIDE FOR RECIPROCITY WITH OTHER STATES AND FOR OTHER PURPOSES.

The General Assembly of North Carolina do enact:

Section 1. Short Title. This Act shall be known and may be cited as "The Uniform Standards Code for Mobile Homes Act".

Sec. 2. Definitions. Unless clearly indicated otherwise by context, the following words when used in this Act, for the purpose of this Act, shall have the meanings respectively ascribed to them in this Section:
(a) "Mobile Home" means a movable or portable dwelling over 32 feet in length and over 8 feet wide, constructed to be towed on its own chassis and designed without a permanent foundation for year-round occupancy, which includes one or more components that can be retracted for towing purposes and subsequently expanded for additional capacity, or of two or more units separately towable but designed to be joined into one integral unit, as well as a portable dwelling composed of a single unit.

(b) "Commissioner" means the Commissioner of Insurance of the State of North Carolina.

(a) Mobile homes, because of the manner of their construction, assembly and use and that of their systems, components and appliances (including heating, plumbing and electrical systems) like other finished products having concealed vital parts may present hazards to the health, life and safety of persons and to the safety of property unless properly manufactured. In the sale of Mobile Homes, there is also the possibility of defects not readily ascertainable when inspected by purchasers. It is the policy and purpose of this State to provide protection to the public against those possible hazards, and for that purpose to forbid the manufacture and sale of new Mobile Homes which are not so constructed as to provide reasonable safety and protection to their owners and users.

(b) The Commissioner is authorized and empowered to promulgate rules and regulations embodying the fundamental principles adopted, recommended, or issued as USAS A119.1 and amended from time to time by the United States of America Standards Institute (USASI), successor to the American Standards Association (ASA) applicable to mobile homes as defined herein.

Sec. 4. Compliance with the Commissioner's Rules. No person, firms or corporations may manufacture, sell, or offer for sale any mobile home which has been constructed more than twelve (12) months after the effective date of this Act, unless such mobile home, its components, systems and appliances have been constructed and assembled in accordance with the Standards herein defined. Any mobile home unit which bears the label or seal of compliance of a recognized testing laboratory having follow-up inspection services approved by the North Carolina State Building Code Council (such as Underwriters' Laboratories or similar testing service) shall be deemed to be in full compliance with the standards and rules and regulations prescribed in this Act. All mobile home units bearing such label or seal shall be acceptable as meeting the requirements of this Act throughout the State of North Carolina without further inspection or fees except for zoning, utility connections and foundation permits required by local ordinance. Any Mobile Home unit not bearing such label or seal shall be subject to inspection by local building inspectors as provided in Section 5 of this Act.

Sec. 5. Enforcement. This Act shall be enforced by local building inspectors under the supervision of the State Commissioner of Insurance in the same manner as the State Building Code is enforced under Article 9 of Chapter 143 of the General Statutes, and all penalties and enforcement provisions of said Article apply to the enforcement of this Act.

Sec. 6. All laws and clauses of laws in conflict with this Act are hereby repealed. Sec. 7. This Act shall be in full force and effect from and after July 1, 1969.

CHAPTER 968

AN ACT TO IMPLEMENT STATE COOPERATION IN NORTH CAROLINA - FEDERAL WATER RESOURCES DEVELOPMENT PROJECTS.

The General Assembly of North Carolina do enact:

Section 1. Article 21 of Chapter 143 of the North Carolina General Statutes is hereby amended by adding at the end thereof a new Part to be designated as “Part 4” and reading as follows:

Subsection 143-215.40. Short Title. This part shall be known as and may be cited as the Federal Water Resources Development Law of 1969.

Subsection 143-215.41. Public Policy. It is hereby declared the public policy of the State of North Carolina to encourage development of such river and harbor, flood control and other similar civil works projects as will accrue to the general or special benefit of any county or municipality of North Carolina or to any region of the State. To this end, it is also hereby declared that within the meaning of the North Carolina Constitution expenditures for such projects and obligations incurred for such projects are for public purposes, that county and municipal and other local government expenditures and obligations incurred therefor are necessary expenses, and that county expenditures therefor are for special purposes for which the special approval of the General Assembly is hereby given.

Subsection 143-215.42. Resolutions and ordinances assuring local cooperation. (a) The boards of commissioners of the several counties, in behalf of their respective counties, the governing bodies of the several municipalities, in behalf of their respective municipalities, the governing bodies of any other local government units, in behalf of their units, and the North Carolina Board of Water and Air Resources, in behalf of the State of North Carolina, subject to the approval of the Governor and the Advisory Budget Commission, are hereby authorized to adopt such resolutions or ordinances as may be required giving assurances to any appropriate agency of the United States Government for the fulfillment of the required items of local cooperation as expressed in acts of Congress or congressional documents, as conditions precedent to the accomplishment of river and harbor, flood control or other such civil works projects, when it shall appear, and is determined by such board or governing body that any such project will accrue to the general or special benefit
of such county or municipality or to a region of the State. In each case where the subject of such local cooperation requirements comes before a board of county commissioners or the governing body of any municipality or other local unit a copy of its final action, whether it be favorable or unfavorable, shall be sent to the Director of the Department of Water and Air Resources for the information of the Governor.

(b) Within the meaning of this part, a "local government unit" means any local subdivision or unit of government or local public corporate entity (other than a county or municipality), including any manner of special district or public authority.

Subsection 143-215.43. Items of cooperation to which localities and the State, acting through the Board of Water and Air Resources, may bind themselves. Such resolutions and ordinances may irrevocably bind such county, municipality, other local unit, of the State of North Carolina, acting through the Board of Water and Air Resources, to the following when included as requirements of local cooperation for a Federal water resources development project.

(1) To provide, without cost to the United States, all lands, easements, and rights-of-way required for construction and subsequent maintenance of the project and for aids to navigation, if required, upon the request of the Chief of Engineers, or other official to be required in the general public interest for initial and subsequent disposal of spoil, and also necessary retaining dikes, bulkheads, and embankments therefor, or the costs of such retaining works.

(2) To hold and save the United States free from damages due to the construction works and subsequent maintenance of the project.

(3) To provide firm assurances that riverside terminal and transfer facilities will be constructed at the upper limit of the modified project to permit transfer of commodities from or to plants and barges.

(4) To provide and maintain, without cost to the United States, depths in berthing areas and local access channels serving the terminals commensurate with depths provided in related project areas.

(5) To accomplish, without cost to the United States, such alterations, if any, as required in sewer, water-supply, drainage, electrical power lines, and other utility facilities, as well as their maintenance.

(6) To provide, without cost to the United States, all lands, easements, rights-of-way, utility relocations and alterations, and, with the concurrence and under the direction of the State Highway Commission, highway or highway bridge construction and alterations necessary for project construction.

(7) To adjust all claims concerning water rights.

(8) To maintain and operate the project after completion, without cost to the United States, in accordance with regulations prescribed by the Secretary of the Army or other responsible Federal official, board, or agency.

(9) To provide a cash contribution for project costs assigned to project features other than flood control.

(10) To prevent future encroachment which might interfere with proper functioning of the project for flood control.
(11) To provide or satisfy any other items or conditions of local cooperation as stipulated in the congressional or other Federal document covering the particular project involved.

This Section shall not be interpreted as limiting but as descriptive of the items of local cooperation, the accomplishment of which counties, municipalities and the State are herein authorized to irrevocably bind themselves; it being intended to authorize counties, municipalities and the Board of Water and Air Resources in behalf of the State to comply fully and completely with all of the items of local cooperation as contemplated by Congress and as stipulated in the congressional acts or documents concerned, or project reports by the Army Chief of Engineers, the Administrator of the Soil Conservation Service, the Board of Directors of the Tennessee Valley Authority, or other responsible Federal official, board or agency.

Subsection 143-215.43. Acquisition of lands. (a) For the purpose of complying with the terms of local cooperation as specified in Chapter 143, Article 21, Part 4, and as stipulated in the Congressional document covering the particular project involved, any county, municipality, or other local government unit may acquire the necessary lands, or interest in lands, by lease, purchase, gift or condemnation. A municipality, county or other local government unit may acquire such lands by any of the aforesaid means outside as well as inside its territorial boundaries, if the local governing body finds that substantial benefits will accrue to property inside such territorial boundaries as a result of such acquisition.

(b) The power of condemnation herein granted may be exercised only after:

(1) The municipality, county or other local unit makes application to the Board of Water and Air Resources, identifying the land sought to be condemned and stating the purposes for which said land is needed; and

(2) The Board of Water and Air Resources finds that the land is sought to be acquired for a proper purpose within the intent of Chapter 143, Article 21, Part 4. The findings of the Board of Water and Air Resources will be conclusive in the absence of fraud, notwithstanding any other provision of law.

(c) The Board of Water and Air Resources shall certify copies of its findings to the applicant municipality, county, or other local unit, and to the Clerk of Superior Court of the county or counties wherein any of the land sought to be condemned lies for recordation in the special proceedings thereof.

(d) For purposes of this Section:

(1) The term 'interest in land' means any land, right-of-way, rights of access, privilege, easement, or other interest in or relating to land. Said 'interest in land' does not include an interest in land which is held or used in whole or in part for a public water supply, unless such 'interest in land' is not necessary or essential for such uses or purposes.

(2) A 'description' of land shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land. In the discretion of the applicant, boundaries may be described by any of the following methods or by any combination thereof: by reference to a map; by metes and bounds; by general description referring to natural boundaries, or to boundaries of existing political subdivisions or municipalities, or to boundaries of particular tracts or parcels of land.
(e) The procedure in all condemnation proceedings pursuant to this Section shall conform as nearly as possible to the procedure provided in G.S. Chapter 40, Article 2, and all acts amendatory thereof.

(f) Interests in land acquired pursuant to this Section may be used in such manner and for such purposes as the local governing body deems best. If, in the opinion of the local governing body, such lands should be sold, leased or rented, this may be done, subject to the approval of the Board of Water and Air Resources.

(g) This Section is intended to confer supplementary and additional authority, and not to confer exclusive authority nor to impose cumulative requirements. If a municipality, county or other local government unit is authorized to acquire lands or interests in lands by some other law (such as by General Statutes Chapter 139, 153, 160, or 162A) as well as by this Section, compliance with the requirements of this Section or the requirements of such other law will be sufficient.

(h) This Section shall not authorize acquisition by condemnation of interests in land within the boundaries of any project to be constructed by the Tennessee Valley Authority, its agents or sub-division or any project licensed by the Federal Power Commission or interests in land owned or held for use by a public utility, as defined in G.S. 62-3. No Commission created pursuant to G. S. 158-8 shall condemn or acquire any property to be used by the Tennessee Valley Authority, its agents or sub-division.

Subsection 143-215.44. Additional powers. For the purpose of complying with requirements of local cooperation as described in this Part, county and municipal governing bodies shall also have the power to accept funds, and to use general tax funds for necessary project purposes, including project maintenance.

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 20th day of June, 1969.

At least 30 days public notice shall be given prior to the date of the election by publishing notice of said election in a newspaper with general circulation within said City at least once a week for four weeks. If such election should be held upon Petition duly filed, then the date of said election shall be within 90 days of the filing of such Petition.

Sec. 2. At such special election, ballots shall be provided which contain the words "For Alcoholic Beverage Control Stores", and "Against Alcoholic Beverage Control Stores", with appropriate squares so that each voter may by his cross (x) mark indicate his preference.

The General Assembly of North Carolina do enact:

Section 1. G. S. Chapter 7A, Judicial Department, is amended by adding at the end thereof the following new subchapter:

"Subchapter IX. Representation of Indigent Persons.

Article 36. Entitlement of Indigent Persons Generally.

Sec. 7A-500. Indigency; definition; entitlement; determination.

(a) An indigent person is a person who is financially unable to secure legal representation and to provide all other necessary expenses of representation in an action or proceeding enumerated in this subchapter.

(b) Whenever a person, under the standards and procedures set out in this subchapter, is determined to be an indigent person entitled to counsel, it is the responsibility of the State to provide him with counsel and the other necessary expenses of representation. The professional relationship of counsel so provided to the indigent person he represents is the same as if counsel had been privately retained by the indigent person.

(c) The question of indigency may be determined or redetermined by the court at any stage of the action or proceeding at which an indigent is entitled to representation.

Sec. 7A-501. Scope of entitlement. (a) An indigent person is entitled to services of counsel in the following actions and proceedings:

(1) any felony case, and any misdemeanor case for which the authorized punishment exceeds six months imprisonment or a fine not exceeding five hundred dollars ($500.00);

(2) a hearing on a petition for a writ of habeas corpus under Chapter 17 of the General Statutes;

(3) a post-conviction proceeding under Chapter 15 of the General Statutes;

(7) a civil arrest and bail proceeding under Chapter 1, Article 34, of the General Statutes; and

(8) in the case of a juvenile, a hearing as a result of which commitment to an institution or transfer to the Superior Court for trial on a felony charge is possible.
(b) In each of the actions and proceedings enumerated in subsection (a) of this Section, entitlement to the services of counsel begins as soon as feasible after the indigent is taken into custody or service is made upon him of the charge, petition, notice or other initiating process. Entitlement continues through any critical stage of the action or proceeding, including, if applicable:

(1) an in-custody interrogation;
(2) a pre-trial identification procedure at which the presence of the indigent is required;
(3) a hearing for the reduction of bail, or to fix bail if bail has been earlier denied;
(4) a preliminary hearing;
(5) trial and sentencing; and
(6) direct review of any judgment or decree, including review by the United States Supreme Court of final judgments or decrees rendered by the highest court of North Carolina in which decision may be had.

Sec. 7A-502. Source of counsel; fees; appellate records.

(a) Counsel for an indigent person shall be assigned by the court. In those districts which have a public defender, however, the public defender may tentatively assign himself or an assistant public defender to represent an indigent person, subject to subsequent approval by the court.

(b) Fees of assigned counsel and salaries and other operating expenses of the offices of the public defenders shall be borne by the State.

(c) In a county in which the district court has not yet been established, when an appeal is taken by an indigent person, the county shall make available a trial transcript and any other records required for adequate appellate review.

Sec. 7A-503. Duty of custodian of a possibly indigent person; determination of indigency.

(a) In districts which have a public defender, the authority having custody of a person who is without counsel for more than 48 hours after being taken into custody shall so inform the public defender. The public defender shall make a preliminary determination as to the person’s entitlement to his services, and proceed accordingly. The court shall make the final determination.

(b) In districts which do not have a public defender, the authority having custody of a person who is without counsel for more than 48 hours after being taken into custody shall so inform the clerk of superior court. The clerk shall make a preliminary determination as to the person’s entitlement to counsel and so inform any district or superior court judge holding court in the county. The judge so informed may assign counsel. The court shall make the final determination.

(c) In any district, if a defendant, upon being taken into custody, states that he is indigent and desires counsel, the authority having custody shall immediately inform the defender or the clerk of superior court, as the case may be, who shall take action as provided in this Section.

(d) The duties imposed by this Section upon authorities having custody of persons who may be indigent are in addition to the duties imposed upon arresting officers under G.S. 15-47.

Sec. 7A-504. Supporting services. The court, in its discretion, may approve a fee for the service of an expert witness who testifies for an indigent person, and
shall approve reimbursement for the necessary expenses of counsel. Fees and expenses accrued under this Section shall be paid by the State.

Sec. 7A-505. Partial indigency; liens; acquittals.

(a) If, in the opinion of the court, an indigent person is financially able to pay a portion, but not all, of the value of the legal services rendered for him by assigned counsel or by the public defender, and other necessary expenses of representation, he shall order the partially indigent person to pay such portion to the clerk of superior court for transmission to the State treasury.

(b) In all cases the court shall fix the money value of services rendered by assigned counsel or the public defender, and such sum, to the extent not reimbursed to the State by the indigent person as provided in subsection (a), plus any sums allowed by the court for other necessary expenses of representing the indigent person, shall be entered as a judgment in the office of the clerk of superior court, and shall constitute a lien as prescribed by the general law of the State applicable to judgments. Funds collected by reason of any such judgment shall be deposited in the State Treasury.

(c) If the indigent person is not finally convicted, the foregoing provisions with respect to partial payments and liens shall not be applicable.

Sec. 7A-506. False statements; penalty. A false material statement made by a person under oath or affirmation in regard to the question of his indigency constitutes perjury, and upon conviction thereof, the defendant may be punished as provided in G. S. 14-209.

Sec. 7A-507. Waiver of counsel; pleas of guilty.

(a) An indigent person who has been informed of his rights under this subchapter may, in writing, waive any right granted by this subchapter, if the court finds of record that at the time of the waiver the indigent person acted with full awareness of his rights and of the consequences of a waiver. In making such a finding, the court shall consider, among other things, such matters as the person's age, education, familiarity with the English language, mental condition, and the complexity of the crime charged. A waiver shall not be allowed in a capital case.

(b) If an indigent person waives counsel as provided in subsection (a), and pleads guilty to any offense, the court shall inform him of the nature of the offense and the possible consequences of his plea, and as a condition of accepting the plea of guilty the court shall examine the person and shall ascertain that the plea was freely, understandably and voluntarily made, without undue influence, compulsion or duress, and without promise of leniency. An indigent person without counsel shall not be allowed to plead guilty to a capital offense.

Sec. 7A-508. Counsel fees. In districts which do not have a public defender, the court shall fix the fee to which an attorney who represents an indigent person is entitled. In doing so, the court shall allow a fee based on the factors normally considered in fixing attorneys' fees, such as the nature of the case, the time, effort and responsibility involved, and the fee usually charged in similar cases. Fees shall be fixed by the district court judge for actions or proceedings finally determined in the district court and by the superior court judge for actions or proceedings originating in, heard on appeal in, or appealed from the superior court. Even if the trial, appeal, hearing or other proceeding is never held, preparation therefor is nevertheless compensable.

Sec. 7A-509. Implementing regulations by State Bar Council. In districts which do not have a public defender, the North Carolina State Bar Council shall make
rules and regulations consistent with this Article relating to the manner and method of assigning counsel, the procedure for the determination of indigency, the waiver of counsel, the adoption and approval of plans by any district bar regarding the method of assignment of counsel among the licensed attorneys of the district, and such other matters as shall provide for the protection of the constitutional rights of all indigent persons and the reasonable allocation of responsibility for the representation of indigent persons among the licensed attorneys of this State. Such rules and regulations shall not become effective until certified to and approved by the Supreme Court of North Carolina.

ARTICLE 37. The Public Defender.

Sec. 7A-520. Public Defender; defender districts; qualifications, compensation. The office of public defender is established, effective January 1, 1970, in the following judicial districts: the twelfth and the eighteenth.

The public defender shall be an attorney licensed to practice law in North Carolina, and shall devote his full time to the duties of his office. The compensation of the defender is the same as that of a full-time district solicitor, and is paid by the State.

Sec. 7A-521. Selection of defender; term; removal. The Public defender shall be appointed by the Governor from a list of not less than two names and not more than three names nominated by written ballot of the attorneys resident in the district who are licensed to practice law in North Carolina. The balloting shall be conducted pursuant to regulations promulgated by the Administrative Office of the Courts. "Sec. 95-122. Emergency shut-down. Such emergency order shall be in writing, signed by the Commissioner, and notice thereof shall be served upon the operator or his agent immediately in control of said tramway by a true copy of such order, with a return being made of such service and endorsed on the original order. his findings, the corrective action to be taken, and fixing a reasonable time for compliance therewith. Such orders shall be served upon the operator involved by Certified Mail, and shall become final, unless the operator shall seek judicial review of said order as hereinafter provided. The Commissioner shall have the power to institute injunctive proceedings in any court of competent jurisdiction of the judicial district in which the passenger tramway is located for the purpose of restraining the operation of said tramway or for compelling compliance with any lawful order of the Commissioner. Any appeal from an order of the Commissioner shall be made in conformance with the Article provided for judicial review of decisions of administrative agencies, the same being Article 33 of Chapter 143 of the General Statutes, as amended.

"Sec. 95-124. Suspension of registration. If any operator fails to comply with the lawful order of the Commissioner as issued under this Article, and within the time fixed thereby, the Commissioner may suspend the registration of the affected passenger tramway for such time as he may consider necessary for the protection of the safety of the public. Any operator who shall be convicted, or enter a plea of guilty or nolo contendere, to operating a passenger tramway which has not been registered by the Commissioner, or after its registration has been suspended by the Commissioner, shall be guilty of a misdemeanor and shall be punished by a fine of not more than fifty dollars ($50.00) per day for each day of the such illegal operations or by imprisonment in the discretion of the court, or both such fine and imprisonment.

"(d) Attachment and Garnishment. Subject to the provisions of this Article governing the priority of rights acquired, the collector may attach wages or other compensation, rents, bank deposits, the proceeds of property subject to levy and sale, or other property incapable of manual delivery: Provided, the same belongs to the
taxpayer or has been transferred to another under circumstances which would permit it to be levied upon if it were tangible, or is due to the taxpayer or may become due to him in the calendar year; and the person owing same or having same in his possession shall become liable for the taxes to the extent of the amount he owes or has in his possession: Provided, that not more than ten percent of wages or other compensation for personal services shall be liable to attachment and garnishment for failure to pay taxes.

To proceed under this subsection, the collector shall serve or cause to be served upon the taxpayer and the person owing or having in his possession the wages, rents, debts or other things sought to be attached, a notice showing at least:

(1) The name of the taxpayer;
(2) The amount of the taxes, penalties and costs (including the fees allowed by this subsection) and year or years for which such taxes were levied;
(3) The name of the taxing unit or units by which such taxes were levied;
(4) A brief description of the thing sought to be attached; and
(5) A statement that the person served has the right to appear, within ten days after service, before some designated Division of the General Court of Justice in the county in which the taxing unit lies, and show cause why he should not be compelled to pay said taxes, penalties and costs.

Notices concerning two or more taxpayers may be combined if they are to be served upon the same person, but in such case the taxes, penalties and costs charged against each taxpayer must be set forth separately.

A copy of each notice shall be retained by the collector and a copy shall be filed, not later than the first business day following the day of service, with the Court before which the notice is returnable, together with a notation of service. Section 1. Article 7 of G.S. Chapter 130 is hereby rewritten to read as follows:

"Article 7.

Vital Statistics.

G.S. 130-36. State Registrar. The State Health Director shall be State Registrar of Vital Statistics and shall have general supervision over the Central Office of Vital Statistics, which is hereby established.

G.S. 130-37. Duties of State Registrar. The State Registrar shall have charge of the registration of births and deaths, shall prepare the necessary instructions, forms and blanks for obtaining and preserving such records, and shall procure the faithful registration of the same in each local registration district as constituted in the succeeding Section, and in the Central Office of Vital Statistics at the capital of the State. The State Registrar shall be charged with the uniform and thorough enforcement of the provisions of this Article throughout the State, and shall from time to time recommend to the General Assembly any additional legislation that may be necessary for this purpose. The State Registrar is authorized to make reasonable rules and regulations for the administration of this Article.

G.S. 130-38. Registration Districts. For the purposes of this Article, the State shall be divided into local registration districts as follows: Each county, and each area served by a local health department, or any combination of the above governmental units, as designated by the State Registrar.
G.S. 130-39. Control of State Registrar over local districts. The State Registrar shall have the authority to abolish or consolidate existing registration districts, and/or create new districts when economy and efficiency and the interests of the public service may be promoted thereby.

G.S. 130-40. Appointment and removal of local registrars. (a) The State Registrar shall appoint a local registrar for each registration district. The State Registrar shall have the authority and power to designate and appoint the local health director or administrator as registrar for the area over which he has jurisdiction, or any fractional part or parts thereof. The fees accruing from the vital statistics registration service, where such service is performed by the local health director or administrator under such appointment, shall be used by the local health department for health services. The State Registrar shall direct, supervise, and control the activities of local registrars.

(b) The State Registrar may remove a local registrar for reasonable cause.

G. S. 130-41. Appointment of deputy and sub-registrars. Each local registrar shall, immediately upon his acceptance of appointment as such, appoint a deputy, whose duty it shall be to act in his stead in case of absence, illness, disability, or removal, and such deputy shall in writing accept such appointment, and be subject to all rules and regulations governing local registrars. When it may appear necessary, the local registrar is hereby authorized, with the approval of the State Registrar, to appoint one or more suitable persons to act as sub-registrars, who shall be authorized to receive certificates and to issue burial-transit permits in and for such portions of the district as may be designated; and each sub-registrar shall enter the date the certificate was received by him and shall forward all certificates to the local registrar of the district within seven days, and in all cases before the third day of the following month: provided, that each sub-registrar shall be subject to the supervision and control of the State Registrar and may be by him removed for neglect or failure to perform his duties in accordance with the provisions of this Article or the rules and regulations of the State Registrar, and he shall be subject to the same penalties for neglect of duties as the local registrar.

G. S. 130-42. Burial-transit permits. (a) The funeral director or person acting as such who first assumes custody of a dead body or fetus shall obtain a burial-transit permit prior to final disposition or removal from the State of the body or fetus and within seventy-two (72) hours after death. Such burial-transit permit shall be issued by the local registrar of the district where the death or fetal death occurred. A burial-transit permit issued under the law of another state which accompanies a dead body or fetus brought into this State shall be authority for final disposition of the body or fetus in this State.

(b) A permit for disinterment and reinterment of a dead body or fetus except as authorized by regulation or otherwise provided by law. Such permit shall be issued by the local registrar to a licensed funeral director, embalmer, or other person acting as such, upon proper application.

(c) The State Registrar may promulgate rules and regulations to provide for the issuance of a burial-transit permit prior to the filing of a certificate of death or fetal death in cases in which compliance with the requirement that the certificate be filed prior to the issuance of the permit would result in undue hardship.

G. S. 130-43. Fetal Death Registration. (a) A fetal death certificate for each fetal
death (stillbirth) which occurs in this State after gestation period of twenty (20) completed weeks or more shall be filed with the local registrar of the district in which the delivery occurred within seventy-two (72) hours after such delivery and prior to final disposition of the fetus or removal from the State. If the place of fetal death is unknown, a fetal death certificate shall be filed in the registration district in which a dead fetus was found within seventy-two (72) hours after the occurrence. If a fetal death occurs on a moving conveyance, a fetal death certificate shall be filed in the registration district in which the fetus was first removed from such conveyance.

(b) The funeral director or person acting as such who first assumes custody of a fetus shall file the fetal death certificate. In the absence of such person, the physician in attendance at or after the delivery shall file the certificate. He shall obtain the personal data from the next of kin or the best qualified person or source available. He shall obtain the medical certification of cause of death and other required medical information from the person responsible therefor. The medical certification and other required medical information shall be completed and signed within seventy-two (72) hours after delivery by the physician in attendance at or after delivery except when inquiry is required by Article 21 of this Chapter. When such inquiry is required, the medical examiner shall complete and sign the medical certification within seventy-two (72) hours after taking charge of the case.

(c) When a fetal death is attended by a midwife, the midwife shall sign as the attendant but shall not sign the medical certificate of fetal death; such cases, and fetal deaths occurring without attendance of either physician or midwife, shall be treated as deaths without medical attendance as provided for in G. S. 130-45.

G. S. 130-44. Contents of death certificate. The certificate of death shall contain, as a minimum, those items prescribed and specified on the standard certificate of death as prepared by the national agency in charge of vital statistics except as the same may be changed or amended by the North Carolina State Registrar of Vital Statistics.

G. S. 130-45. Death without medical attendance; duty of funeral directors and officials; approval required before cremation. (a) In case of death without medical attendance, it shall be the duty of the funeral director or person acting as such, and any other person having knowledge of such death, to notify the local medical examiner and local registrar of such death. No burial-transit permit shall be issued until the medical examiner has completed his investigation and certification. If there is no local medical examiner, the registrar shall refer the case to the Chief Medical Examiner for investigation and certification of death. The certificate of death, required for a burial-transit permit, shall state therein the name of deceased, the disease causing death, or, if from external causes, the means of death, whether probably accidental, suicidal, or homicidal, and such other information as may be required by the State Registrar in order to properly classify the death.

(b) No cremation of a dead body, in case of death without medical attendance, shall take place until the medical examiner has made inquiry into the cause of and manner of death and has certified in writing that the inquiry has been made and in his opinion no further examination is necessary.

G. S. 130-46. Death Registration. (a) A death certificate for each death which occurs in this State shall be filed with the local registrar of the district in which the death occurred within seventy-two (72) hours after such death and prior to final
disposition of the body or removal from the State. If the place of death is unknown, a death certificate shall be filed in the registration district in which a dead body is found within seventy-two (72) hours after such occurrence. If death occurs in a moving conveyance, a death certificate shall be filed in the registration district in which the dead body was first removed from such conveyance.

(b) The funeral director or person acting as such who first assumes custody of a dead body shall file the death certificate. He shall obtain the personal data from the next of kin or the best qualified person or source available. He shall obtain the medical certification of cause of death from the person responsible therefor. He shall then state the facts required relative to the date and place of burial, over his signature and over the signature of the embalmer, if applicable. He shall present the completed certificate to the local registrar or his representative in order to obtain a burial-transit permit. He shall deliver the burial-transit permit to the person in charge of the place of burial before interring or otherwise disposing of the body; or shall attach the burial-transit permit to the box containing the corpse, when shipped by any transportation company.

(c) The medical certificate shall be made and signed by the physician, if any, who last treated the deceased for the disease or injury which caused death, and such physician shall specify the time in attendance, the time he last saw the deceased alive, and the hour of the day at which death occurred, and he shall further state the cause of death. Indefinite and unsatisfactory terms, denoting only symptoms of disease or conditions resulting from disease, will not be held sufficient for the issuance of a burial-transit permit; and any certificate containing any such indefinite or unsatisfactory terms, as defined by the State Registrar, shall be returned to the physician or person making the medical certificate for correction and more definite statement. In deaths in hospitals, institutions, or of nonresidents, the physician shall supply the information required above, if he is able to do so, and may state where, in his opinion, the disease was contracted.

(d) It shall be the duty of the physician or medical examiner making the medical certification as to the cause of death to complete the medical certification prior to interment but in no event more than seventy-two (72) hours after death. The said physician or medical examiner may, in appropriate cases, designate the cause of death as unknown pending an autopsy or upon some other reasonable cause for delay, but shall send the supplementary information to the local registrar as soon as it is obtained.

G. S. 130-47. Interment without burial-transit permit forbidden. No person in charge of any premises in which interments are made shall inter or permit the interment, disinterment, or other disposition of any body unless it is accompanied by a burial-transit permit, as herein provided. Such person shall endorse upon the burial-transit permit the date of interment, or disinterment over his signature, and shall return all burial-transit permits so endorsed to the local registrar of his district within ten (10) days from the date of disposal. He shall also keep a record of all bodies interred or otherwise disposed of on the premises under his charge, in each case stating the name of each deceased person, place of death, date of burial or disposal, and the name and address of the funeral director; which record shall at all times be open to official inspection. When burying a body in a cemetery or burial ground having no person in charge, the funeral director, or person acting as such, shall sign the burial-transit permit, giving the date of burial, and shall write across
the face of the burial-transit permit the words "No person in charge," and file the burial-transit permit within ten (10) days with the registrar of the district in which the cemetery is located.

G. S. 130-48. Registration of divorces and annulments. (a) For each divorce and annulment of marriage granted by any court of jurisdiction in this State, a report shall be prepared and filed by the clerk of court with the State Registrar. The information necessary to prepare the report shall be furnished to the clerk of court by the parties or their legal representatives on forms prescribed and furnished by the State Registrar. On or before the 15th day of each month, the clerk of court shall forward to the State Registrar the report of each divorce and annulment granted during the preceding calendar month. Upon request, the Office of Vital Statistics shall furnish a true copy of any such record, which may be, but is not required to be, photographic, upon the payment to the office of a fee not to exceed two dollars ($2.00), and such true copy shall be competent evidence in any court or other proceeding in this State with like force and effect as the original. The monies received by the office pursuant to this Section shall be turned over to the State Treasurer and paid into the General Fund of the State. The Office of Vital Statistics is hereby authorized and empowered to do all things necessary to implement and carry out the provisions of this Section.

(b) In any county in which the district court is not established, the sum of one dollar ($1.00) shall be taxed as a part of the costs in the cause in which the decree of divorce or annulment is granted and the same shall be collected by the clerk of the court as costs. With each monthly report, the clerk shall transmit to the Office of Vital Statistics one-half of these costs.

G. S. 130-49. Registration of marriage certificates; duty of registers of deeds; forms; furnishing copies; copies as evidence. On or before the fifteenth day of each month, the registers of deeds of the several counties of this State shall transmit to the Office of Vital Statistics, on forms prescribed and furnished by it, a record of each and every marriage ceremony performed in his county during the preceding calendar month, a record of which has been filed in his office as required by applicable law. The form prescribed by the State Registrar shall contain and set forth in substance the forms and information required by G. S. 51-16, as amended, as a minimum requirement, and shall be the official form of a marriage license, certificate of marriage, and application for marriage license, issued by the register of deeds. The form so prescribed shall contain additional information in order to conform to the minimum requirements of the national agency in charge of vital statistics. Each form signed and issued by the register of deeds, assistant register of deeds, or deputy register of deeds shall constitute an original or duplicate original. Upon request, the Office of Vital Statistics shall furnish a true copy of any such record, which may be, but is not required to be, photographic, upon the payment to the office of a fee of two dollars ($2.00), and such true copy shall be competent evidence in any court or other proceeding in this State with like force and effect as the original. The monies received pursuant to this Section shall be paid into the General Fund of the State. The Office of Vital Statistics is authorized to do all things necessary to implement and carry out the provisions of this Section.

G. S. 130-50. Birth Registration. (a) A certificate of birth for each live birth, regardless of the gestation period, which occurs in this State shall be filed with the local registrar of the district in which the birth occurs within five (5) days after
such birth and shall be registered by such registrar if it has been completed and filed in accordance with this Section. Such certificate shall be on the form adopted and furnished by the State Registrar. When a birth occurs on a moving conveyance, a birth certificate shall be filed in the district in which the child was first removed from the conveyance. When a birth occurs in a hospital or other medical facility, the person in charge of the institution or his designated representative shall obtain the personal data, prepare the certificate, secure the signatures required by the certificate and file it with the local registrar. The physician in attendance shall certify to the facts of birth and provide the medical information required by the certificate within five (5) days after the birth.

(b) When a birth occurs outside a hospital or other medical facility, the certificate shall be prepared and filed by one of the following in the indicated order of priority:

(1) The physician in attendance at or immediately after the birth, or in the absence of such a person,
(2) The midwife or any other person in attendance at or immediately after the birth, or in the absence of such a person,
(3) Either parent, or, in the absence of the father and the inability of the mother, the person in charge of the premises where the birth occurred.

(c) If the mother was married either at the time of conception or birth, the name of the husband shall be entered on the certificate as the father of the child and the surname of the child shall be the same as that of the husband, unless paternity has been determined otherwise by a court of competent jurisdiction in which case the name of the father as determined by the court shall be entered and the surname of the child shall be the same as that of the mother. If the mother was not married either at the time of conception or birth, the certificate shall be completed as provided in G. S. 130-54.

G. S. 130-51. Registration of birth certificate more than five days and less than four years after birth. Any birth may be registered more than five (5) days and less than four (4) years after birth in the same manner as births are registered under this Article within five (5) days of birth. Such registration shall have the same force and effect as if the registration had occurred within five (5) days of birth: Provided, such registration shall not relieve any person of criminal liability for the failure to register such birth within five (5) days of birth as required by G. S. 130-50.

G. S. 130-52. Registration of birth four years or more after birth. (a) When the birth of a person born in this State has not been registered within four (4) years after birth, a delayed certificate may be filed with the register of deeds in the county in which the birth occurred in accordance with regulations promulgated by the State Registrar. Each such birth must be registered in duplicate on forms approved and furnished by the State Registrar. Such certificate so registered shall have the same evidentiary value as those registered within five (5) days. Certificates of birth registered four (4) years or more after the date of occurrence shall be marked "delayed" and show on their face the date of the delayed registration. A summary statement of the evidence submitted in support of the delayed registration shall be endorsed on the certificate. The register of deeds shall forward the original and duplicate certificate to the Office of Vital Statistics for final approval. If the certificate complies with the rules and regulations and has not been previously registered, the State Registrar shall file the original and return the duplicate to the register of deeds for recording.
(b) When an applicant does not submit the minimum documentation required in the regulations for delayed registration or when the State Registrar finds reason to question the validity or adequacy of the certificate or the documentary evidence, the State Registrar shall not register the delayed certificate and shall advise the applicant of the reasons for this action. In the event the deficiencies are not corrected, the registration official shall advise the applicant of his right of appeal to a court of competent jurisdiction.

G. S. 130-53. Register of deeds may perform notarial acts. (a) The register of deeds is hereby authorized to take acknowledgments, administer oaths and affirmations, and to perform all other notarial acts necessary for the registration or issuance of certificates relating to births, deaths or marriages. The register of deeds shall be entitled to a fee as prescribed in G. S. 161-10.

(b) All acknowledgements taken, affirmations or oaths administered, or other notarial acts performed by the register of deeds relating to the registration of certificates of births, deaths or marriages, prior to June 16, 1959, are hereby validated and in all respects confirmed.

G.S.130-54. Contents of birth certificate. The certificate of birth shall contain, as a minimum, those items prescribed and specified on the standard certificate of birth as prepared by the national agency in charge of vital statistics, except as the same may be amended or changed by the North Carolina State Registrar of Vital Statistics: Provided, that in case of a child born out of wedlock, the father's name shall not be shown on the certificate without his written consent under oath, and provided, further, that in case of a child born out of wedlock, the last name of the child shall be the same as that of the mother, or the person or persons caring for the child when such request is made by both the mother of the child and the person or persons caring for the child, or, if the mother of the child is deceased, or her whereabouts shall have been unknown for a period of three years, then the person or persons caring for such child may make such a request for such change. Where it has been adjudicated in a court of competent jurisdiction that a mother has abandoned her child, then the consent required of the mother by this Section shall not be necessary.

G.S. 130-55. Validation of irregular registration of birth certificates. The registration and filing with the Office of Vital Statistics of the birth certificate of any person whose birth has not been registered within five days of birth under G.S. 130-50 is hereby validated. All copies of birth certificates filed prior to April 9, 1941, properly certified by the State Registrar, shall have the same evidentiary value as if the birth had been registered within five days of such birth as provided by G.S. 130-50.

G.S. 130-56. Institutions to keep records of inmates. All superintendents or managers, or other persons in charge of hospitals, lying-in or other institutions, public or private, to which persons resort for treatment of diseases or confinement, or to which persons are committed by process of law, shall make a record of all the personal and statistical particulars relative to the inmates or patients in their institutions. Such records shall be in the form of the certificates provided for by this Article, as directed by the State Registrar. This information must be obtained at the time of the inmate's or patient's admittance or as soon thereafter as practicable, but in any event prior to the discharge of said inmate or patient. In case of persons admitted or committed for treatment of disease, the physician in charge shall specify
for entry in the record the nature of the disease, and where, in his opinion, it was contracted. The personal particulars and information required by this Section shall be obtained from the individual himself if it is practicable to do so; and when they cannot be so obtained, they shall be obtained in as complete a manner as possible from relatives, friends, or other persons acquainted with the facts.

G.S. 130-57. Certificate of identification in lieu of birth certificate where parentage cannot be established. A certificate of identification for a foundling child whose parentage cannot be established shall be filed by the court which determines that the child is a foundling, with the local registrar of vital statistics of the district in which the child was found. This certificate of identification shall contain such information and be in such form as the State Registrar may prescribe and shall serve in lieu of a birth certificate.

G.S. 130-58. Certificate of identification for child of foreign birth. In the case of an adopted child born in a foreign country and having legal settlement in this State, the State Registrar shall, upon the presentation of a certified copy of the original birth certificate from the country of birth and a copy of the final order of adoption signed by the clerk of court or other appropriate official prepare a certificate of identification for such child. The certificate shall contain the same information as is required by G.S. 48-29 (a) for children adopted in this State, except that the country of birth shall be specified in lieu of the state of birth.

G.S. 130-59. State Registrar to supply blanks; to perfect and preserve birth and death certificates. (a) The State Registrar shall prepare, have printed, and supply to all registrars all blanks and forms used in registering, recording, and preserving the returns, or in otherwise carrying out the purposes of this Article; and shall prepare and issue such detailed instructions as may be required to procure the uniform observance of its provisions and the maintenance of a perfect system of registration; and no other blanks shall be used than those supplied by the State Registrar. He shall carefully examine the certificate received monthly from the local registrars, and if any such are incomplete or unsatisfactory he shall require such further information to be supplied as may be necessary to make the record complete and satisfactory.

of birth and parentage of said petitioner, and record the same in the record of special
proceedings in his office. The clerk shall certify the same to the Office of Vital Statis-

(b) The clerk shall find such facts as the evidence may warrant and, if there is insufficient evidence to establish the place of birth, it shall be conclusively presumed that such person was born in the county where he was abandoned. The clerk shall enter a judgment as to his findings and record the same in the record of special proceedings in his office. The clerk shall certify the same to the State Office of Vital Statistics and the same shall thereupon be recorded in the State Office of Vital Statistics upon forms which it may adopt and a copy thereof certified to the register of deeds of the county in which said petitioner was abandoned. CHAPTER 1048

AN ACT TO CREATE A STATE CONSTRUCTION FINANCE AUTHORITY AUTHORIZED TO ISSUE REVENUE BONDS TO FINANCE CERTAIN STATE GOVERNMENT BUILDING PROJECTS.

The General Assembly of North Carolina do enact:

Section 1. Creation of Authority. There is hereby created a body corporate and politic and constituting an agency of the State government to be known as the North Carolina State Construction Finance Authority. It shall consist of five members, all of whom shall serve ex officio: The Governor, the Director of the Department of Administration, the State Treasurer, the State Auditor, and the Lieutenant Governor. The Governor shall serve as Chairman unless he elects to designate some other member as Chairman. The members of the Authority shall receive no compensation for their services in that capacity, but shall be entitled to reimbursement for all reasonable expenses necessarily incurred in connection with performance of their duties and functions as such members.

Three members of the Authority shall constitute a quorum for the transaction of business, and in the absence of a quorum one or more members may adjourn from time to time. The Authority shall elect a secretary and a treasurer who need not be members of the Authority, each of whom shall serve at the pleasure of the Authority and, if not members of the Authority, receive such compensation as the Governor and the Advisory Budget Commission shall determine. The treasurer shall give such bond as the Authority shall prescribe.

Sec. 2. Purpose of Act. The purpose of this Act is to provide a method of financing, through the Authority, the acquisition or construction of buildings and other facilities authorized by the General Assembly for the operation of the State Government and its departments, institutions and agencies, without a pledge of the faith and credit or the taxing power of the State.

Sec. 3. Definitions. As used in this Act, the following words shall have the following meanings, unless another or different meaning or intent shall be clearly indicated by the context:

1. The word "Authority" shall mean the North Carolina State Construction Finance Authority.

2. The word "bonds" shall mean bonds or revenue refunding bonds of the Authority issued under the provisions of this Act.

3. The word "project" shall mean any building, structure or other facility authorized by the General Assembly to be acquired, constructed, enlarged, extended, remodelled or improved by the Authority for the operation of the State Government or any department, agency or institution thereof, and such authorization shall state the maximum authorized cost thereof, and any such project may include any necessary land, furnishings and equipment and parking facilities, utilities and landscaping.

4. The word "cost" as applied to a project shall include the cost of acquisition or construction, the cost of acquisition of all property, both real and personal, or interests therein, the cost of demolishing, removing or relocating any buildings or structures on land so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all labor, materials, equipment and furnishings, financing charges, interest prior to and during con-
struction and, if deemed advisable by the Authority, for a period not exceeding one year after completion of such construction, cost of engineering, financial and legal services, plans, specifications, studies, surveys, estimates of cost, administrative expenses, and such other expenses as may be necessary or incident to the acquisition or construction of the project and the financing of such acquisition or construction. Any obligation or expense incurred by the State or the Authority prior to the issuance of bonds under the provisions of this Act in connection with any of the foregoing items of cost may be regarded as a part of such cost.

Sec. 4. Revenue bonds not debits. Revenue bonds issued pursuant to this Act shall not be deemed to constitute a debt or liability of the State or any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the State nor the Authority shall be obligated to pay the same or the interest thereon except from revenues as herein defined and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds hereunder shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any taxes whatsoever therefor.

Sec. 5. General powers of Authority. The Authority shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this Act, including, but without limiting the generality of the foregoing, the following powers:

(1) To sue and be sued;

(2) To make contracts;

(3) To adopt and use a common seal and to alter the same as may be deemed expedient;

(4) to acquire by purchase or otherwise (including the power of condemnation by the exercise of the right of eminent domain under the eminent domain laws of the State), construct, complete, remodel, enlarge, extend, improve and equip any project;

(5) to acquire property of any and every kind and description, real, personal, or mixed, by gift, purchase or otherwise, including property of the State or of any department, board, commission, or other agency of the State transferred to the Authority as herein authorized;

(6) to lease any project to, and to charge and collect rents from, any officer, department, board, commission or other agency of the State for the use of any such project;

(7) in the event of non-payment of rents under any such lease, to maintain and operate any such project or lease such project to others for any suitable purpose or dispose of any such project, all as hereinafter provided;

(8) to borrow money and to issue bonds or notes or other obligations as hereinafter provided to pay all or any part of the cost of any project or projects, and to fund or refund the same;

(9) to fix and revise and charge and collect rents and other charges for the use of any project;
(10) to employ consulting engineers, architects, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in the judgment of the Authority, and to fix their compensation;

(11) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act;

(12) to receive and accept from any federal, State or other public agency or from any private agency, person or other entity donations, loans, grants, aid or contributions of any money, property, labor or other things of value for any project or projects, and to agree to apply and use the same in accordance with the terms and conditions under which the same are provided; and

(13) to do all acts and things necessary or convenient to carry out the powers granted by this Act.

Sec. 6. Issuance of revenue bonds and bond anticipation notes. The Authority is hereby authorized to issue, at one time or from time to time, revenue bonds of the Authority for the purpose of paying all or any part of the cost of any project or projects. The bonds of each issue shall be dated and shall mature at such time or times not exceeding forty (40) years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. Any such bonds shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the Authority. The Authority shall determine the form and manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Act or any recitals in any bonds issued under the provisions of this Act, all such bonds shall be deemed to be negotiable instruments under the laws of this State, subject only to the provisions for registration in any resolution authorizing the issuance of such bonds or any trust agreement securing the same. The bonds may be issued in coupon or registered form or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. Unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than the cost of a project or projects
for which such bonds shall have been issued, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

Any resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds thereunder as the Authority may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Except as herein otherwise provided, bonds may be issued by the Authority under this Act and other powers vested in the Authority under this Act may be exercised by the Authority without obtaining the consent of any department, division, commission, board, bureau or agency of the State and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

In anticipation of the issuance of bonds for any project the Authority may borrow money at the lowest rate of interest obtainable and execute and issue notes of the Authority for the payment of any of the costs of such project. The provisions of this Act relating to bonds of the Authority and the proceeds thereof shall govern as to any bond anticipation notes issued hereunder and the proceeds thereof in so far as such provisions may be made applicable thereto. To the extent that any such notes shall not have been retired from revenues received by the Authority on account of the project for which they were issued or from other sources, such notes shall be paid from the proceeds of the bonds of the Authority issued for such project.

Sec. 7. Leases of projects. The Authority and the department, board, commission or other agency of the State or the State Treasurer on behalf of the State Government are authorized and empowered to enter into a lease or leases with respect to any project or projects financed by the Authority hereunder for such department, board, commission or other agency of the State or the State Government, as the case may be, any such lease to be payable solely from appropriations to be made by the General Assembly for the payment of the rent therein provided to be paid. Any such lease may be entered into contemporaneously with or at any time after the financing by the Authority of the project described in such lease, and payments under the lease may begin at any time after execution of such lease. Any such lease shall extend only for the biennium in which it is executed, and shall be automatically renewed for the succeeding biennium, effective on the first day thereof, unless the General Assembly shall fail to make an appropriation or appropriations for the payment of the rent therein provided to be paid during such succeeding biennium.

The rents provided for in the lease with respect to any project shall be sufficient at all times to pay the principal of and the interest on the bonds issued therefor and a proportion of the administrative expenses of the Authority as provided for
by such lease and such reserves as may be required by the resolution authorizing the issuance of such bonds.

In the event any such lease is not renewed the Authority may maintain and operate the project described therein, or lease all or any part of such project to any other person, firm or corporation for any purpose deemed by the Authority to be suitable, or sell or otherwise dispose of such project in any manner and on such terms and conditions as the Authority shall determine to be for the best interest of the State, the Authority and the holders of bonds or other obligations of the Authority issued to finance such project or payable in whole or in part from the revenues thereof. Any fees, rents or charges on the part of the Authority or any such lessee shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State.

Sec. 8. Trust agreement; money received deemed trust funds; insurance; remedies. In the discretion of the Authority, any revenue bonds issued under this Act may be secured by a trust agreement by and between the Authority and a corporate trustee which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign all or any part of the revenues to be received, but shall not convey or mortgage any project or projects or any part thereof. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of such bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition, construction or provision of any project or projects; the maintenance, repair, operation and insurance of any project or projects; rents, charges or fees to be fixed and collected, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement or resolution may set forth the rights and remedies of the holders of the bonds and the rights, remedies and immunities of the trustee or trustees, if any, and may restrict the individual right of action by such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of such holders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as an administrative expense of the Authority or as a part of the cost of the project or projects for which such bonds are issued or as an expense of operation of such project or projects, as the case may be.

All moneys received pursuant to the authority of this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Act. The Authority may provide for the payment of the proceeds of the sale of the bonds and the revenues, or part thereof, to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine, and may provide for the temporary investment thereof pending such disbursement. Any officer with whom or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such
requirements as are provided in this Act and in the resolution or trust agreement authorizing or securing such bonds.

Notwithstanding the provisions of any other law the Authority may carry insurance on any project or projects in such amounts and covering such risks as it may deem advisable.

Any holder of bonds issued under this Act or of any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, and may enforce and compel the performance of all duties required by this Act or by such trust agreement or resolution to be performed by the Authority or by any officer thereof.

Sec. 9. Sinking fund; pledge of revenues. Any resolution or trust agreement providing for the issuance of and securing bonds hereunder shall provide that all revenues derived from or on account of the leasing of any project, except such part thereof as may be necessary to pay administrative costs of the Authority and the cost of maintenance, repair and operation of any project during any operation thereof by the Authority and reserves for the payment of such cost, shall be set aside in a sinking fund or funds which shall be and are hereby pledged to and charged with the payment of the principal of and the interest on such bonds as the same shall become due and the redemption or purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the fees, rents and charges and other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of the trust agreement securing the same.

Sec. 10. Refunding bonds. The Authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds or revenue refunding bonds issued by the Authority under this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The Authority is further authorized to issue from time to time revenue refunding bonds for the combined purpose of (i) refunding any such revenue bonds or revenue refunding bonds issued by the Authority under this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (ii) paying all or any part of the cost of acquiring or constructing any additional project or projects.

The issuance of such refunding bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the Authority with respect to the same, shall be governed by the foregoing provisions of this Act insofar as the same may be applicable.
Sec. 11. Sale of bonds; sale or exchange of refunding bonds. Upon the filing with the Local Government Commission of North Carolina of a resolution of the Authority so requesting, bonds authorized to be issued hereunder shall be sold on behalf of the Authority by the Local Government Commission in such manner, at public or private sale, and for such price as the Local Government Commission may determine to be for the best interests of the Authority and the State, provided that such sale shall be approved by the Authority.

Refunding bonds may be sold or exchanged by the Local Government Commission on behalf and with the approval of the Authority for outstanding bonds of the Authority issued under this Act and, if sold, the proceeds thereof may be applied to the purchase, redemption or payment of such outstanding bonds. Pending the application of the proceeds of any such refunding bonds, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding bonds or in the trust agreement securing the same, to the payment of any interest on such refunding bonds and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

Sec. 12. Exemption from taxation; bonds eligible for investment or deposit. Any bonds issued under this Act, including any of such bonds constituting a part of the surplus of any bank, trust company or other corporation, and the transfer of and the income from any such bonds (including any profit made on the sale thereof and all principal, interest and redemption premiums, if any), and all property of the Authority, shall at all times be exempt from all taxes or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, which are levied or assessed by the State or by any county, political subdivision, agency or other instrumentality of the State.

Bonds issued by the Authority under the provisions of this Act are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds or obligations of the State is now or may hereafter be authorized by law.

Sec. 13. Transfer of State property. Any department, board, commission, agency or officer of the State may transfer jurisdiction of or title to any property under its or his control to the Authority when such transfer is approved in writing by the Governor as being advantageous to the State.

Sec. 14. Conveyance of property by the Authority to the State. Upon the final payment of all obligations of the Authority on account of any project financed hereunder the Authority shall convey such project, without charge, to the State or to the appropriate agency thereof.
Sec. 15. **Authorization to accept appropriated moneys.** The Authority is authorized to accept such moneys as may be appropriated from time to time by the General Assembly for effectuating the purposes of this Act, including, without limitation, the payment of expenses of administration and operation of the Authority or of any project, lease payments, and the establishment of a reserve or contingency fund to be available for the payment of the principal of and the interest on any bonds or notes of the Authority.

Sec. 16. **Annual reports.** The Authority shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor, the General Assembly, the Advisory Budget Commission and the Local Government Commission. Each such report shall set forth a complete operating and financial statement of the Authority during such year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the Authority.

Sec. 17. **Officers not liable.** No member or other officer of the Authority shall be subject to any personal liability or accountability by reason of his execution of any obligations or the issuance thereof.

Sec. 18. **Additional method.** The foregoing Sections of this Act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds or notes.

Sec. 19. **Act liberally construed.** This Act, being necessary for the prosperity of the State and its inhabitants, shall be liberally construed to effect the purposes thereof.

Sec. 20. **Constitutional construction.** The provisions of this Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Sec. 21. **Inconsistent laws inapplicable.** Insofar as the provisions of this Act are inconsistent with the provisions of any general or special laws, or parts thereof, the provisions of this Act shall be controlling.

Sec. 22. **Effective upon ratification.** This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 26th day of June, 1969.
