CHAPTER 1064

AN ACT REDEFINING THE JURISDICTION OF COUNTY BUILDING INSPECTORS AND RECODIFYING THE PROVISIONS CONCERNING COUNTY ELECTRICAL INSPECTORS.

The General Assembly of North Carolina do enact:

Section 1. Section 160-122 of the General Statutes is repealed and the following new Subsection 153-9(47a) is enacted in substitution therefor:

"G. S. 153-9(47a). County Electrical Inspectors. The county commissioners of each county may, in their discretion, designate and appoint one or more electrical inspectors, who shall qualify as hereinafter prescribed, whose duty it shall be to enforce all State and local laws governing electrical installations and materials and to make inspections of all new electrical installations and such re-inspections as may be prescribed by the county commissioners, in buildings located in all unincorporated areas of the county, and to issue a certificate of approval where such installations fully meet the requirements set forth in State and local laws. In lieu of appointing a separate electrical inspector, the county commissioners may designate as county electrical inspectors:

a. An electrical inspector of any other county or counties, with the approval of the board of county commissioners of such other county or counties;

b. A municipal electrical inspector of any municipality or municipalities within the county, with the approval of the municipal governing body;

c. The county fire marshal; or

d. A county building inspector appointed under the provisions of G. S. 153-9(52).

The county commissioners shall fix the fees to be charged by such county electrical inspector, which fees shall be paid by the owner of the property inspected. The county commissioners may pay the electrical inspector a fixed salary or may in lieu thereof reimburse him for his services by paying over any inspection fees which he collects or parts of such fees. The board of county commissioners may make necessary appropriations for the special purpose of paying the salary or salaries of county electrical inspectors and any expenses pertaining to electrical inspection.

It shall be unlawful for the county electrical inspector or any of his authorized agents to engage in the business of installing electrical wiring, devices, appliances, or equipment, and he shall have no financial interest in any concern engaged in such business in the county, at any time while he fills this position.

Before confirmation of his appointment, the electrical inspector shall take and pass a qualifying examination based on the electrical regulations included in the latest edition of the State Building Code, as filed with the Secretary of State. This examination shall be in writing and shall be conducted according to the rules and regulations prescribed by and under the supervision of the Chief State Electrical Inspector or Engineer of the State Department of Insurance and the Board of Examiners of Electrical Contractors. The prescribed rules and regulations may provide for the appointment of class I, class II, and class III inspectors in accordance with the qualifications revealed by the examination. Examinations shall be given quarterly in Raleigh, or in such other places as may be designated by the Chief State Electrical Inspector or Engineer, at his discretion. Examinations shall be based on the type and character of electrical installations being made in the territory in
which the applicant wishes to serve as electrical inspector. An electrical inspector having qualified for a class I appointment shall be eligible without further examination to serve as electrical inspector anywhere in the State, but an inspector having qualified for a class II or class III appointment shall be limited to the territory for which he has qualified.

Upon passing the required examination, the applicant shall be issued a certificate by the N. C. Commissioner of Insurance approving him as inspector for a designated territory. Such certificate shall be renewed annually between January 1 and January 31 and shall be subject to cancellation at any time if the inspector is removed from office for cause by the board of county commissioners, which removal is hereby authorized. The fee for examination shall be five dollars ($5.00). The annual renewal fee for a certificate of appointment shall be one dollar ($1.00).

If the person appointed as electrical inspector by the county commissioners fails to take the examination or to make the necessary passing grade, the county commissioners shall continue to make appointments until one or more applicants has passed the examination. In the interim, a temporary inspector may act with the approval of the Commissioner of Insurance.

The inspector appointed shall give a bond approved by the county commissioners for the faithful performance of his duties.

Sec. 2. Subsection 153-9(39a) is amended by striking out the words "G. S. 160-122" and substituting therefor the words "subsection (47a) hereof" in line 16 of said subsection.

Sec. 3. Subsection 153-9(39b), as the same appears in the 1967 Cumulative Supplement to Volume 3C, is amended by striking out the words "G. S. 160-122" and substituting therefor the words "subsection (47a) hereof" in line 25 of said subsection. Said subsection is further amended by striking out the words "outside the corporate limits of any incorporated city or town in the county" in lines 7 and 8 and substituting therefor the words "in all unincorporated areas of the county."

Sec. 4. Subsection 153-9(47), as the same appears in the 1967 Cumulative Supplement to Volume 3C, is amended by inserting the word "all" before the word "unincorporated" in line 4.

Sec. 5. Subsection 153-9(52), as the same appears in the 1967 Cumulative Supplement to Volume 3C, is amended by inserting the following sentence at the end of the first paragraph of said subsection: "The territorial jurisdiction of such inspectors shall be all unincorporated areas of the county." Said subsection is further amended by striking out the words "G. S. 160-122" and substituting therefor the words "subsection (47a) hereof" in line 25. Said subsection is further amended by adding the words "part or all of" between the word "over" and the word "any" in line 31.

CHAPTER 1065

AN ACT REPEALING OBSOLETE MUNICIPAL BUILDING LAWS AND AUTHORIZING THE CREATION OF MUNICIPAL INSPECTION DEPARTMENTS.

The General Assembly of North Carolina do enact:

Section 1. Article 11 of Chapter 160 of the General Statutes is hereby rewritten as follows:

"Article 11

Regulation of Buildings.

G. S. 160-115. Inspection Department. The governing board of every city and town in the State is hereby authorized to create an Inspection Department, and shall appoint one or more inspectors who may be given the titles of Building Inspector, Electrical Inspector, Plumbing Inspector, Housing Inspector, Zoning Inspector, Heating and Air Conditioning Inspector, Fire Prevention Inspector, or Deputy or Assistant Inspector, or such other titles as may be generally descriptive of the duties assigned. Such Department may be headed by a Superintendent or Director of Inspections.

G. S. 160-116. Duties and Responsibilities. The duties and responsibilities of any such Inspection Department and of the inspectors therein shall be to enforce within their territorial jurisdiction such state and local laws relating to (a) the construction of buildings and other structures; (b) the installation of such facilities as plumbing systems, electrical systems, heating systems, refrigeration systems, and air conditioning systems; (c) the maintenance of buildings and other structures in a safe, sanitary, and healthful condition; and (d) other matters, as may be specified by the local governing board. Such duties shall include the receipt of applications for permits and the issuance or denial of permits, the making of any necessary inspections, the issuance or denial of certificates of compliance, the issuance of orders to correct violations, the bringing of judicial actions against actual or threatened violations, the keeping of adequate records, and such other actions as may be required in order adequately to enforce those laws. The municipal governing body shall have the authority to enact such reasonable and appropriate provisions governing the enforcement of such laws, not inconsistent with law, as it may deem necessary.

G. S. 160-117. Territorial Jurisdiction. Unless otherwise specified by law, the territorial jurisdiction within which a municipal Inspection Department may enforce the State Building Code (including plumbing, heating, refrigeration, and electrical regulations), a fire prevention code, and any minimum housing standards ordinance adopted pursuant to Article 15 of this Chapter shall be the area within the municipal limits.

G. S. 160-118. Joint Inspection Department; Other Arrangements. A municipal governing board may enter into and carry out contracts with (a) any other municipality or municipalities, (b) any county or counties, or (c) any combination of municipalities and counties, under which the parties agree to create and support a joint Inspection Department for the enforcement of such state and local laws as may be specified in the agreement. The governing boards of the units which are parties to the agreement shall be authorized to make any necessary appropriations for such a purpose.
In lieu of a joint Inspection Department, a municipal governing board may designate an inspector from any other municipality or county to serve as a member of its Inspection Department, with the approval of the governing body of said municipality or county. Such inspector shall, while exercising the duties of such position, be considered a municipal employee.

The governing board of any municipality may request that the board of county commissioners of the county in which the municipality is located direct one or more county building inspectors to exercise their powers within part or all of the municipality's jurisdiction, and they shall thereupon be empowered to do so until such time as the municipal governing board officially withdraws its request.

Where a county is not exercising its authority to enforce building, electrical, and plumbing regulations within an area which is regulated by a municipality's validly-enacted zoning ordinance, the governing board of the municipality may request in writing prior to April 1 of any fiscal year that the county initiate such enforcement no later than the beginning of the next fiscal year. If the county declines in writing to exercise such powers or if it fails to initiate enforcement by the beginning of the next fiscal year, the municipality shall thereupon be empowered to enforce all such regulations within said area.

"G. S. 160-119. Financial Support. The governing board of the municipality may appropriate for the support of the Inspection Department such funds as it deems necessary. It may provide for paying inspectors fixed salaries or it may in lieu thereof reimburse them for their services by paying over part or all of any fees collected. It shall have power to fix such reasonable fees for issuance of permits, inspections, and other services of the Inspection Department as it deems necessary.

"G. S. 160-120. Conflicts of Interest. No member of an Inspection Department shall be financially interested in the furnishing of labor, material, or appliances for the construction, alteration, or maintenance of any building or any part or system thereof, or in the making of plans or specifications therefor, unless he is the owner of such building. No member of an Inspection Department shall engage in any work which is inconsistent with his duties or with the interests of the municipality.

"G. S. 160-121. Failure to Perform Duties. If any member of an Inspection Department shall willfully fail to perform the duties required of him by law, or willfully shall improperly issue a permit, or shall give a certificate of compliance without first making the inspections required by law, or willfully shall improperly give a certificate of compliance, he shall be guilty of a misdemeanor.

"G. S. 160-122. Permits. No person shall commence or proceed with (a) the construction, reconstruction, alteration, repair, removal, or demolition of any building or structure, (b) the installation, extension, or general repair of any plumbing system, (c) the installation, extension, alteration, or general repair of any heating or cooling equipment system, or (d) the installation, extension, alteration, or general repair of any electrical wiring, devices, appliances, or equipment, without first securing from the Inspection Department with jurisdiction over the site of the work any and all permits required by the State Building Code and any other state or local laws applicable to such work. Any permit shall be in writing and shall contain a provision that the work done shall comply with the State Building Code and all other applicable state and local laws. No permits shall be issued unless the plans and specifications are identified by the name and address of the author thereof.
and where the General Statutes of North Carolina require that plans for certain types of work be prepared only by a registered architect or registered engineer, no permit shall be issued unless such plans and specifications bear the North Carolina seal of a registered architect or of a registered engineer. Where any provision of the General Statutes of North Carolina or of any ordinance requires that work be done by a licensed specialty contractor of any kind, no permit for such work shall be issued unless it is to be performed by such a duly licensed contractor.

"G. S. 160-123. Time Limitations on Validity of Permits. Any permit issued pursuant to Sec. 160-122 shall expire by limitation six months, or such lesser time as may be fixed by ordinance of the local governing board, after the date of issuance if the work authorized by the permit has not been commenced. If after commencement the work is discontinued for a period of 12 months, the permit therefor shall immediately expire. No work authorized by any permit which has expired shall thereafter be performed until a new permit therefor has been secured.

"G. S. 160-124. Changes in Work. After a permit has been issued, no changes or deviations from the terms of the application, plans and specifications, or the permit, except where such changes or deviations are clearly permissible under the State Building Code, shall be made until specific written approval of such changes or deviations has been obtained from the Inspection Department.

"G. S. 160-125. Inspections of Work in Progress. As the work pursuant to a permit progresses, local inspectors shall make as many inspections thereof as may be necessary to satisfy them that the work is being done according to the provisions of any applicable state and local laws and of the terms of the permit. In exercising this power members of the Inspection Department shall have a right to enter on any premises within the jurisdiction of the Department at all reasonable hours for the purposes of inspection or other enforcement action, upon presentation of proper credentials.

"G. S. 160-126. Stop Orders. Whenever any building or structure or part thereof is being demolished, constructed, reconstructed, altered, or repaired in a hazardous manner, or in substantial violation of any state or local building law, or in such manner as to endanger life or property, the appropriate inspector may order the specific part of such work which is in violation or presents such a hazard to be immediately stopped. Such order shall be in writing to the person doing the work, and shall state the specific work to be stopped, the specific reasons therefor, and the conditions under which the work may be resumed. The owner or builder may appeal from such order to the North Carolina Commissioner of Insurance within a period of five days after such order is issued. Notice of such appeal shall be given in writing to the Insurance Commissioner, with a copy to the local inspector. The Insurance Commissioner shall promptly conduct a hearing at which the appellant and the inspector shall be permitted to submit relevant evidence, and he shall rule on such appeal as expeditiously as possible. Pending the ruling by the Insurance Commissioner on said appeal no further work shall take place in violation of said order. Violation of a stop order shall constitute a misdemeanor.

"G. S. 160-127. Revocation of Permits. The appropriate Inspector may revoke and require the return of any permit by notifying the permit holder in writing stating the reason for such revocation. Permits shall be revoked for any substantial departure from the approved application, plans, or specifications; for refusal or failure to comply with proper orders of the inspector; for refusal or failure to comply
with the requirements of any applicable state or local laws; or for false statements or misrepresentations made in securing such permit. Any permit mistakenly issued in violation of an applicable state or local law may also be revoked.

"G. S. 160-128. Certificates of Compliance. At the conclusion of all work done under a permit, the appropriate inspector shall make a final inspection, and if he finds that the completed work complies with all applicable state and local laws and with the terms of the permit, he shall issue a certificate of compliance. No new building or part thereof shall be occupied, and no addition or enlargement of any existing building shall be occupied, and no existing building after being altered or moved shall be occupied, until the Inspection Department has issued such a certificate; provided, however, that a temporary certificate of compliance may be issued permitting occupancy for a stated period of specified portions of the building which the inspector finds may safely be occupied prior to final completion of the entire building.

"G. S. 160-129. Periodic Inspections. The Inspection Department shall make such periodic inspections as the governing board shall direct, by ordinance or otherwise, for unsafe, insanitary, or otherwise hazardous and unlawful conditions in structures within their territorial jurisdiction. In addition, it shall make such other inspections as may be required when it has reason to believe that such conditions may exist in a particular structure. In exercising this power, members of the Department shall have a right to enter on any premises within the jurisdiction of the Department at all reasonable hours for the purposes of inspection or other enforcement action, upon presentation of proper credentials.

"G. S. 160-130. Defects in Buildings to be Corrected. Whenever a local inspector finds any defects in a building, or finds that said building has not been constructed in accordance with the applicable state and local laws, or that a building because of its condition is dangerous or contains fire hazardous conditions, it shall be his duty to notify the owner or occupant of the building of its defects, hazardous conditions, or failure to comply with law. The owner or the owner of the contents shall immediately remedy such defects, hazardous conditions, or violations of law in the property he owns.

"G. S. 160-131. Unsafe Buildings Condemned. Every building which shall appear to the inspector to be especially dangerous to life because of its liability to fire or because of bad condition of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of said building.

"G. S. 160-132. Removing Notice from Condemned Building. If any person shall remove any notice which has been affixed to any building or structure by a local inspector of any municipality, which notice shall state the dangerous character of the building or structure, he shall be guilty of a misdemeanor.

"G. S. 160-133. Action in Event of Failure to Take Corrective Action. If the owner of a building or structure which has been condemned as unsafe pursuant to Sec. 160-131 shall fail promptly to take corrective action, the local inspector shall give such owner written notice, by certified or registered mail to the last known address of the owner or by personal service, (a) that said building or structure is in such a condition as appears to constitute a fire or safety hazard or to be dangerous to life, health, or other property; (b) that a hearing will be held before the inspector

1227
at a designated place and time, which time shall be not less than ten days after the date of such notice, at which hearing the owner shall be entitled to be heard in person or by counsel and to present arguments and evidence pertaining to the matter; and (c) that following the hearing, the inspector may issue such order to repair, close, vacate, or demolish the building or structure as appears appropriate. If the name or whereabouts of the owner cannot after due diligence be discovered, such notice shall be considered properly and adequately served if a copy thereof is posted on the outside of the building or structure in question at least ten days prior to the hearing and a notice of the hearing published in a newspaper having general circulation in the municipality at least once and at least one week prior to the hearing.

"G. S. 160-134. Order to Take Corrective Action. If, upon a hearing held pursuant to the notice prescribed in Sec. 160-133, the inspector shall find that the building or structure is in such a condition as to constitute a fire or safety hazard or to be dangerous to life, health, or other property, he shall make an order in writing, directed to the owner of such building or structure, requiring the owner to remedy such conditions by repairing, closing, vacating, or demolishing the building or structure or taking such other steps as may be necessary, within such period, not less than sixty days, as the inspector may prescribe.

"G. S. 160-135. Appeal; Finality of Order if not Appealed. Any owner who has received an order under Sec. 160-134 shall have a right of appeal from such order to the municipal governing board, provided notice of such appeal is given in writing to the inspector and to the municipal clerk, as agent of the governing board, within ten days following issuance of the order. In the absence of such an appeal, the order of the inspector shall be final. The governing board shall, on receipt of an appeal, hear the same within a reasonable time and take such action to affirm, modify and affirm, or revoke the order as it deems reasonable and proper.

"G. S. 160-136. Failure to comply with Order. If the owner of a building or structure fails to comply with an order issued pursuant to Sec. 160-134 from which no appeal has been taken, or fails to comply with an order of the municipal governing board following an appeal, he shall be guilty of a misdemeanor and shall be punished in the discretion of the court.

"G. S. 160-137. Equitable Enforcement. Whenever any violation is denominated a misdemeanor under the provisions of this Article, the proper local authorities of the municipality, either in addition to or in lieu of other remedies may initiate any appropriate action or proceedings to prevent, restrain, correct, or abate such action or violation or to prevent the occupancy of the building or structure involved.

"G. S. 160-138. Records and Reports. The Inspection Department shall keep complete, permanent, and accurate records in convenient form of all applications received, permits issued, inspections and reinspections made, defects found, certificates of compliance granted, and all other work and activities of said department. Periodic reports shall be submitted to the local governing body and to the Commissioner of Insurance as they shall by ordinance, rule, or regulation require.

"G. S. 160-139. Appeals in General. Unless otherwise specified by law, appeals from any order, decision, or determination by a member of a local Inspection Department pertaining to the State Building Code or other state building laws shall be taken to the Commissioner of Insurance or other official specified in Sec. 143-139, by filing a written notice with him and with the Inspection Department within
a period of ten days after such order, decision, or determination. Further appeals may be taken to the State Building Code Council or to the courts as provided by law.

"G. S. 160-140. Establishment of Fire Limits. The governing body of every incorporated city or town shall pass one or more ordinances establishing and defining fire limits, which shall include the principal business portions of said city or town and which shall be known as primary fire limits. In addition, such governing body may, in its discretion, establish and define one or more separate areas within the municipality as secondary fire limits.

"G. S. 160-141. Restrictions within Primary Fire Limits. Within the primary fire limits of any city or town, as established and defined by ordinance, no frame or wooden building or structure or addition thereto shall hereafter be erected, altered, repaired, or moved (either into such limits or from one place to another within the limits), except upon the permit of the local Inspection Department approved by the Insurance Commissioner. The local governing body may make such additional regulations as it shall deem necessary for the prevention, extinguishment, or mitigation of fires within such limits.

"G. S. 160-142. Restrictions within Secondary Fire Limits. Within any secondary fire limits of any city or town, as established and defined by ordinance, no frame or wooden building or structure or addition thereto shall be erected, altered, repaired, or moved except in accordance with such rules and regulations as the local governing body shall establish by ordinance for such areas.

"G. S. 160-143. Failure to Establish Primary Fire Limits. If the aldermen or commissioners of any city or town shall fail or refuse to establish and define the primary fire limits of such city or town as required by law, after having such failure or refusal called to their attention in writing by the State Commissioner of Insurance, the Commissioner shall have power to establish such limits upon making a determination that they are necessary and in the public interest."

Sec. 2. Section 160-184 is amended by inserting the words "and enforce" between the word "adopt" and the word "ordinances" in line 4, and by inserting immediately after the words "such municipality" in line 5 of said Section the words "and any extraterritorial areas regulated by the municipality's zoning ordinance pursuant to Article 14 of this Chapter or any special or local Act enacted by the General Assembly."

Sec. 3. Sections 160-236 and 160-237 are repealed, and the following new Sections are substituted therefor:

Where not otherwise prescribed, the duties of the fire chief shall be to preserve and care for fire apparatus, have charge of the fighting and extinguishing of fires, have charge of the training of the fire department, seek out and have corrected all places and conditions dangerous to the safety of the municipality and its citizens from fire, and to make annual reports to the governing body concerning such duties."

Sec. 4. Should any Section, clause, or provision of this Act be declared by the courts to be unconstitutional or invalid for any reason, such decision shall not affect
the validity of the Act as a whole nor any part thereof other than the part so declared to be unconstitutional or invalid.

Sec. 5. The powers granted by this Act are intended to supplement and be in addition to any existing powers of municipalities. Subject to this overriding intention, all laws and clauses of laws in conflict herewith are repealed to the extent of such conflict.

The General Assembly of North Carolina do enact:

Section 1. A new Article 27 is added to Chapter 153 of the General Statutes, which shall provide as follows:

"Article 27

"County Inspection Department.

"G.S. 153-341. Inspection Department. Such Department may be headed by a Superintendent or Director of Inspections.

"G.S. 153-342. Duties and Responsibilities. The duties and responsibilities of any such Inspection Department and of the inspectors therein shall be to enforce within their territorial jurisdiction such state and local laws relating to (a) the construction of buildings and other structures; (b) the installation of such facilities as plumbing systems, electrical systems, heating systems, refrigeration systems, and air conditioning systems; (c) the maintenance of buildings and other structures in a safe, sanitary, and healthful condition; and (d) other matters, as may be specified by the local governing board. Such duties shall include the receipt of applications for permits and the issuance or denial of permits, the making of any necessary inspections, the issuance or denial of certificates of compliance, the issuance of orders to correct violations, the bringing of judicial actions against actual or threatened violations, the keeping of adequate records, and such other actions as may be required in order adequately to enforce those laws. The governing board shall have the authority to enact such reasonable and appropriate provisions governing the enforcement of such laws, not inconsistent with law, as it may deem necessary.

"G.S. 153-343. Territorial Jurisdiction. Unless otherwise specified by law, the territorial jurisdiction within which a county Inspection Department may enforce the State Building Code (including plumbing, heating, refrigeration, and electrical regulations), any local building regulations, and any local fire prevention code shall be all unincorporated areas of the county.
G.S. 153-344. Joint Inspection Department; Other Arrangements. A county governing board may enter into and carry out contracts with (a) any municipality or municipalities, (b) any county or counties, or (c) any combination of municipalities and counties, under which the parties agree to create and support a joint Inspection Department for the enforcement of such state and local laws as may be specified in the agreement. The governing boards of the units which are parties to the agreement shall be authorized to make any necessary appropriations for such a purpose.

In lieu of a joint Inspection Department, a county governing board may designate an inspector from any other municipality or county to serve as a member of its Inspection Department, with the approval of the governing body of said municipality or county. Such inspector shall, while exercising the duties of such position, be considered a county employee.

The governing board of any municipality may request that the board of county commissioners of the county in which the municipality is located direct one or more county building inspectors to exercise their powers within part or all of the municipality's jurisdiction, and they shall thereupon be empowered to do so until such time as the municipal governing board officially withdraws its request.

Where a county is not exercising its authority to enforce building, electrical, and plumbing regulations within an area which is regulated by a municipality's validly-enacted zoning ordinance, the governing board of the municipality may request in writing prior to April 1 of any fiscal year that the county initiate such enforcement no later than the beginning of the next fiscal year. If the county declines in writing to exercise such powers or if it fails to initiate enforcement by the beginning of the next fiscal year, the municipality shall thereupon be empowered to enforce all such regulations within said area.

G. S. 153-345. Financial Support. The county governing board may appropriate for the support of the Inspection Department such funds as it deems necessary. It may provide for paying inspectors fixed salaries or it may in lieu thereof reimburse them for their services by paying over part or all of any fees collected. It shall have power to fix such reasonable fees for issuance of permits, inspections, and other services of the Inspection Department as it deems necessary.

G.S. 153-346. Conflicts of Interest. No member of an Inspection Department shall be financially interested in the furnishing of labor, material, or appliances for the construction, alteration, or maintenance of any building or any part or system thereof, or in the making of plans or specifications therefor, unless he is the owner of such building. No member of an Inspection Department shall engage in any work which is inconsistent with his duties or with the interests of the county.

G.S. 153-347. Failure to Perform Duties. If any member of any Inspection Department shall willfully fail to perform the duties required of him by law, or willfully fail to issue a permit, or shall give a certificate of compliance without first making the inspections required by law, or willfully fail to improperly give a certificate of compliance, he shall be guilty of a misdemeanor.

G.S. 153-348. Permits. No person shall commence or proceed with (a) the construction, reconstruction, alteration, repair, removal, or demolition of any building or structure, (b) the installation, extension, or general repair of any plumbing system, (c) the installation, extension, alteration, or general repair of any heating or cooling equipment system, or (d) the installation, extension, alteration, or general repair of any electrical wiring, devices, appliances, or equipment, without first secur-

ing from the Inspection Department with jurisdiction over the site of the work any
and all permits required by the State Building Code and any other state or local
laws applicable to such work. Any permit shall be in writing and shall contain
a provision that the work done shall comply with the State Building Code and all
other applicable state and local laws. No permits shall be issued unless the plans
and specifications are identified by the name and address of the author thereof,
and where the General Statutes of North Carolina require that plans for certain
types of work be prepared only by a registered architect or registered engineer,
no permit shall be issued unless such plans and specifications bear the North Caroli-
na seal of a registered architect or of a registered engineer. Where any provision
of the General Statutes of North Carolina or of any ordinance requires that work
be done by a licensed specialty contractor of any kind, no permit for such work
shall be issued unless it is to be performed by such a duly licensed contractor.

"G.S. 153-349. Time Limitations on Validity of Permits. Any permit issued pur-
suant to G.S. 160-122 shall expire by limitation six months after the date of issuance
if the work authorized by the permit has not been commenced. If after commence-
ment the work is discontinued for a period of 12 months, the permit therefor shall
immediately expire. No work authorized by any permit which has expired shall
thereafter be performed until a new permit therefor has been secured.

"G.S. 153-350. Changes in Work. After a permit has been issued, no changes
or deviations from the terms of the application, plans and specifications, or the
permit, except where such changes or deviations are clearly permissible under the
State Building Code, shall be made until specific written approval of such changes
or deviations has been obtained from the Inspection Department.

"G.S. 153-351. Inspections of Work in Progress. As the work pursuant to a permit
progresses, local inspectors shall make as many inspections thereof as may be neces-
sary to satisfy them that the work is being done according to the provisions of
any applicable state and local laws and of the terms of the permit. In exercising
this power members of the Inspection Department shall have a right to enter on
any premises within the jurisdiction of the Department at all reasonable hours for
the purposes of inspection or other enforcement action, upon presentation of proper
credentials.

"G.S. 153-352. Stop Orders. Whenever any building or structure or part thereof
is being demolished, constructed, reconstructed, altered, or repaired in a hazardous
manner, or in substantial violation of any state or local building law, or in such
manner as to endanger life or property, the appropriate Inspector may order the
specific part of such work which is in violation or presents such a hazard to be
immediately stopped. Such order shall be in writing to the person doing the work,
and shall state the specific work to be stopped, the specific reasons therefor, and
the conditions under which the work may be resumed. The owner or builder may
appeal from such order to the N. C. Commissioner of Insurance within a period
of five days after such order is issued. Notice of such appeal shall be given in writing
to the Insurance Commissioner, with a copy to the local Inspector. The Insurance
Commissioner shall promptly conduct a hearing at which the Appellant and the
Inspector shall be permitted to submit relevant evidence, and he shall rule on such
appeal as expeditiously as possible. Pending the ruling by the Insurance Commis-
sioner on said appeal no further work shall take place in violation of said order.
Violation of a stop order shall constitute a misdemeanor.
"G.S. 153-353. Revocation of Permits. The appropriate Inspector may revoke and require the return of any permit by notifying the permit holder in writing stating the reason for such revocation. Permits shall be revoked for any substantial departure from the approved application, plans, or specifications; for refusal or failure to comply with proper orders of the Inspector; for refusal or failure to comply with the requirements of any applicable state or local laws; or for false statements or misrepresentations made in securing such permit. Any permit mistakenly issued in violation of an applicable state or local law may also be revoked.

"G.S. 153-354. Certificates of Compliance. At the conclusion of all work done under a permit, the appropriate Inspector shall make a final inspection, and if he finds that the completed work complies with all applicable state and local laws and with the terms of the permit, he shall issue a certificate of compliance. No new building or part thereof shall be occupied, and no addition or enlargement of any existing building shall be occupied, and no existing building after being altered or moved shall be occupied, until the Inspection Department has issued such a certificate; provided, however, that a temporary certificate of compliance may be issued permitting occupancy for a stated period of specified portions of the building which the Inspector finds may safely be occupied prior to final completion of the entire building.

"G.S. 153-355. Periodic Inspections. The Inspection Department shall make such periodic inspections as the governing board shall direct, by ordinance or otherwise, for unsafe, insanitary, or otherwise hazardous and unlawful conditions in structures within their territorial jurisdiction. In addition, it shall make such other inspections as may be required when it has reason to believe that such conditions may exist in a particular structure. In exercising this power, members of the Department shall have a right to enter on any premises within the jurisdiction of the Department at all reasonable hours for the purposes of inspection or other enforcement action, upon presentation of proper credentials.

"G.S. 153-356. Defects in Buildings to be Corrected. Whenever a local inspector finds any defects in a building, or finds that said building has not been constructed in accordance with the applicable state and local laws, or that a building because of its condition is dangerous or contains fire hazardous conditions, it shall be his duty to notify the owner or occupant of the building of its defects, hazardous conditions, or failure to comply with law. The owner or the owner of the contents shall immediately remedy such defects, hazardous conditions, or violations of law in the property he owns.

"G.S. 153-357. Unsafe Buildings Condemned. Every building which shall appear to the inspector to be especially dangerous to life because of its liability to fire or because of bad condition of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of said building.

"G.S. 153-358. Removing Notice from Condemned Building. If any person shall remove any notice which has been affixed to any building or structure by a local inspector of any county, which notice shall state the dangerous character of the building or structure, he shall be guilty of a misdemeanor.

"G.S. 153-359. Action in Event of Failure to Take Corrective Action. If the owner of a building or structure which has been condemned as unsafe pursuant to G.S.
153-357 shall fail promptly to take corrective action, the local inspector shall give such owner written notice, by certified or registered mail to the last known address of the owner or by personal service. (a) that said building or structure is in such a condition as appears to constitute a fire or safety hazard or to be dangerous to life, health, or other property; (b) that a hearing will be held before the inspector at a designated place and time, which time shall be not less than ten days after the date of such notice, at which hearing the owner shall be entitled to be heard in person or by counsel and to present arguments and evidence pertaining to the matter; and (c) that following the hearing, the inspector may issue such order to repair, close, vacate, or demolish the building or structure as appears appropriate. If the name or whereabouts of the owner cannot after due diligence be discovered, such notice shall be considered properly and adequately served if a copy thereof is posted on the outside of the building or structure in question at least ten days prior to the hearing and a notice of the hearing published in a newspaper having general circulation in the county at least once and at least one week prior to the hearing.

"G.S. 153-360. Order to Take Corrective Action. If, upon a hearing held pursuant to the notice prescribed in G.S. 153-359, the inspector shall find that the building or structure is in such a condition as to constitute a fire or safety hazard or to be dangerous to life, health, or other property, he shall make an order in writing, directed to the owner of such building or structure, requiring the owner to remedy such conditions by repairing, closing, vacating, or demolishing the building or structure or taking such other steps as may be necessary, within such period, not less than sixty days, as the inspector may prescribe.

"G.S. 153-361. Appeal; Finality of Order if not Appealed. Any owner who has received an order under G.S. 153-360 shall have a right of appeal from such order to the county governing board, provided notice of such appeal is given in writing to the inspector and to the clerk, as agent of the governing board, within ten days following issuance of the order. In the absence of such an appeal, the order of the inspector shall be final. The governing board shall, on receipt of an appeal, hear the same within a reasonable time and take such action to affirm, modify and affirm, or revoke the order as it deems reasonable and proper.

"G.S. 153-362. Failure to Comply with Order. If the owner of a building or structure fails to comply with an order issued pursuant to G.S. 153-360 from which no appeal has been taken, or fails to comply with an order of the county governing board following an appeal, he shall be guilty of a misdemeanor and shall be punished in the discretion of the court.

"G.S. 153-363. Equitable Enforcement. Whenever any violation is denominated a misdemeanor under the provisions of this article, the proper local authorities of the county, either in addition to or in lieu of other remedies may initiate any appropriate action or proceedings to prevent, restrain, correct, or abate such action or violation or to prevent the occupancy of the building or structure involved.

"G.S. 153-364. Records and Reports. The Inspection Department shall keep complete, permanent, and accurate records in convenient form of all applications received, permits issued, inspections and reinspections made, defects found, certificates of compliance granted, and all other work and activities of said department. Periodic reports shall be submitted to the local governing body and to the Commissioner of Insurance as they shall by ordinance, rule, or regulation require.
"G.S. 153-365. Appeals in General. Unless otherwise specified by law, appeals from any order, decision, or determination by a member of a local Inspection Department pertaining to the State Building Code or other state building laws shall be taken to the Commissioner of Insurance or other official specified in G.S. 143-139, by filing a written notice with him and with the Inspection Department within a period of ten days after such order, decision, or determination. Further appeals may be taken to the State Building Code Council or to the courts as provided by law.

"G.S. 153-366. Establishment of Fire Limits. The board of Commissioners of every county may pass one or more ordinances establishing and defining fire limits, which may include business and industrial sections of the county lying in unincorporated areas not subject to a validly-adopted municipal zoning ordinance. Within such fire limits, no frame or wooden building or structure or addition thereto shall be erected, altered, repaired, or moved (either into such fire limits or from one place to another within the limits), except upon the permit of the local Inspection Department approved by the Insurance Commissioner. The board of commissioners may make such additional regulations as it shall deem necessary for the prevention, extinguishment, or mitigation of fires within such limits."

Sec. 2. Should any section, clause, or provision of this Act be declared by the courts to be unconstitutional or invalid for any reason, such decision shall not affect the validity of the Act as a whole nor any part thereof other than the part so declared to be unconstitutional or invalid.

Sec. 3. The powers granted by this Act are intended to supplement and be in addition to any existing powers of counties. Subject to this overriding intention, all laws and clauses of laws in conflict herewith are repealed to the extent of such conflict.

The General Assembly of North Carolina do enact:

Section 1. G. S. 20-16.2, as same appears in the 1965 Replacement Volume 1C of the General Statutes, is rewritten to read as follows:

"G. S. 20-16.2. Mandatory revocation of license in event of refusal to submit to chemical tests. (a) Any person who operates a motor vehicle upon the public highways of this State or any area enumerated in G.S. 20-139 shall be deemed to have given consent, subject to the provisions of G. S. 20-139.1, to a chemical test or tests of his breath or blood for the purpose of determining the alcoholic content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was driving a motor vehicle while under the influence of intoxicating liquor. The test or tests shall be administered at the request of a law enforcement officer having reasonable grounds to believe the person to have been driving a motor vehicle upon the public highways of this State or any area enumerated in G. S. 20-139 while under the influence of intoxicating liquor. The law enforcement officer shall designate which of the aforesaid tests shall be administered. Before any of the tests shall be administered, the accused person shall be permitted to call an attorney and to select a witness to view for him the testing procedures; providing, however, that the testing procedures shall not be delayed for these purposes for a period of time of over thirty (30) minutes from the time the accused person is notified of these rights.

1240
(b) Any person who is unconscious or who is otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (a) of this Section and the test or tests may be administered, subject to the provisions of G.S. 20-139.1.

(c) If a person under arrest who wilfully refuses upon the request of a law enforcement officer to submit to a chemical test designated by the law enforcement officer as provided in subsection (a) of this section, none shall be given, but the department, upon the receipt of a sworn report of the law enforcement officer or other witness that the arrested person had been driving a motor vehicle upon the public highways of this State while under the influence of intoxicating liquor and that the person had wilfully refused to submit to the test upon the request of the law enforcement officer, shall revoke his driving privilege for a period of sixty days. Provided, if the person so arrested shall be acquitted of the charge of driving while under the influence of intoxicating liquor, the Clerk of the Court in which such person is tried shall immediately notify the department of such acquittal and the department upon receipt of notice of acquittal shall immediately order the revocation be rescinded.

(d) Upon receipt of the sworn report required by G.S. 20-16.2(c) the Department shall immediately notify the arrested person that his license to drive is revoked immediately unless said person requests in writing within three days of receipt of notice of revocation a hearing. If such person requests in writing a hearing, he shall retain his license until after the hearing. The hearing shall be conducted under the same conditions as hearings are conducted under the provisions of G.S. 20-16 except that the scope of such a hearing for the purpose of this Section shall cover the issues of whether the person had been driving a motor vehicle upon the public highways of this State or any area enumerated in G.S. 20-139 while under the influence of intoxicating liquor, whether the person was placed under arrest, and whether he refused to submit to the test upon the request of the officer. Whether the person was informed that his privilege to drive would be revoked if he refused to submit to the test shall be an issue. The department shall order that the revocation either be rescinded or sustained. If the revocation is sustained, the person shall surrender his license immediately upon notification unless said license shall have been returned to him under G.S. 20-16.2(c).

(e) If the revocation is sustained after such a hearing, the person whose driving privilege has been revoked, under the provisions of this Section, shall have the right to file a petition in the Superior Court to review the action of the department in the same manner and under the same conditions as is provided in G.S. 20-25.

(f) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this State has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he has a license.

Sec. 2. G.S. 20-139.1, as the same appears in the 1965 Replacement Volume 1C of the General Statutes, is rewritten to read as follows:

"G. S. 20-139.1. Result of a chemical analysis admissible in evidence; presumption. (a) In any criminal action arising out of acts alleged to have been committed by any person while driving a vehicle while under the influence of intoxicating liquor, the amount of alcohol in the person's blood at the time alleged as shown
by chemical analysis of the person's breath or blood shall be admissible in evidence and shall give rise to the following presumptions:

1. If there was at that time 0.10 per cent or more by weight of alcohol in the person's blood, it shall be presumed that the person was under the influence of intoxicating liquor.

2. Per cent by weight of alcohol in the blood shall be based upon milligrams of alcohol per one hundred cubic centimeters of blood.

3. The provisions of this Section shall not be construed as limiting the introduction of any other competent evidence, including other types of chemical analyses, bearing upon the question whether the person was under the influence of intoxicating liquor.

(b) Chemical analyses of the person's breath or blood, to be considered valid under the provisions of this Section, shall have been performed according to methods approved by the State Board of Health and by an individual possessing a valid permit issued by the State Board of Health for this purpose. The State Board of Health is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the State Board of Health; Provided, that in no case shall the arresting officer or officers administer said test.

(c) When a person shall submit to a blood test at the request of a law enforcement officer under the provisions of G. S. 20-16.2 only a physician or a registered nurse (or other qualified person) may withdraw blood for the purpose of determining the alcoholic content therein. No such person shall be held to answer in any criminal or civil action for assault or battery by reason of withdrawing blood from another under this Section; provided, however, that no person shall be relieved of liability for negligent acts or omissions in withdrawing blood from another under the provisions of this Section.

(d) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability of the person tested to obtain an additional test shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer. Any law enforcement officer having in his charge any person who has submitted to the chemical test under the provisions of G. S. 20-16.2 shall assist such person in contacting a qualified person as set forth above for the purpose of administering such additional test.

(e) The individual making such chemical analysis of a person's breath shall record in writing the time of arrest and the time and results of such analysis, a copy of which record shall be furnished to the person submitting to said test or to his attorney prior to any trial or proceeding where the results of the test may be used.

(f) If a person under arrest refuses to submit to a chemical test under the provisions of G. S. 20-16.2, evidence of refusal shall be admissible in any criminal action arising out of acts alleged to have been committed while the person was driving a motor vehicle upon the public highways of this State while under the influence of intoxicating liquor.
(g) The State Board of Health is empowered to make regulations concerning the ingestion of controlled amounts of beverages containing ethyl alcohol by individuals submitting to chemical analyses as a part of scientific, experimental, educational, or demonstration programs. Such regulations shall prescribe procedures consistent with controlling federal law governing the acquisition, transportation, possession, storage, administration, and disposition of ethyl alcohol or of beverages containing ethyl alcohol intended for use in such programs. Any person acquiring ethyl alcohol or beverages containing ethyl alcohol under such regulations shall keep records accounting for the disposition of all ethyl alcohol and beverages containing ethyl alcohol so acquired, and such records shall at all reasonable times be available for inspection upon the request of any federal or State law enforcement officer with jurisdiction over the laws relating to alcohol or intoxicating liquor. (c) By adding a new Section 18-85.2, immediately following G. S. 18-85.1, to read as follows:

"G. S. 18-85.2. Additional Tax on Spirituous Liquors. In addition to the taxes provided for in subsections (a) and (b) of G. S. 18-85, there is hereby levied an additional tax or surtax upon the retail sale of spirituous distilled liquors of every kind that is sold in this State, including liquors sold in county or municipal liquor stores, at the rate of five cents (5¢) for each five ounces or fractional part thereof until July 1, 1970, and on and after July 1, 1970, at the rate of five cents (5¢) for each three and one-third ounces or fractional part thereof. The proviso contained in subsection (a) of G. S. 18-85 shall not apply to the taxes levied under this Section.

The aforesaid additional tax or surtax shall be in addition to the 'total prices' of alcoholic beverages established by the State Board of Alcoholic Control pursuant to G. S. 18-39(3). The entire proceeds of the additional tax levied in this Section shall be payable monthly at the same time, in the same manner and subject to the same rules, regulations and penalties as apply to the taxes imposed under G. S. 18-85."

Sec. 2. Subchapter I of Chapter 105 of the General Statutes is hereby amended by adding a new Article thereto immediately following Article 2, to be designated as Article 2A and to read as follows:

"Article 2A.
Schedule B-A. Cigarette Tax.
G. S. 105-113.2. Short title. This Article may be cited as the 'Cigarette Tax Act' or 'Cigarette Tax Article'.

G. S. 105-113.3. Purpose. It is hereby declared to be the intent and purpose of this Article that the incidence of the tax herein provided for shall rest upon the ultimate consumer and not upon the grower or processor of leaf tobacco or upon the manufacturer of cigarettes. This tax shall be paid to the State only once, regardless of the number of times the cigarettes may be sold in this State, but it is the intent of this Article that such tax shall be added to the sales price and passed on from successive sellers to successive purchasers so that it may be included in the ultimate purchase price of the final or last purchaser. The amount of the tax may be stated separately from the price of the cigarettes on all price display signs, sales or delivery slips, bills and statements which advertise or indicate the price, but it is not required that it be stated in such manner or in any other manner. The provisions of this Section shall in no way affect the assessment, levy or collection of the taxes provided for by this Article, as the same may be more specifically provided herein with respect to activities hereinafter described, but merely states the general intent with respect to this Article.
G. S. 105-113.4. Definitions. The following words, terms, and phrases when used in this Article have the meanings ascribed to them in this Section, except where the context clearly indicates a different meaning:

(a) 'Cigarette' means - (1) any roll of tobacco wrapped in paper or in any substance not containing tobacco, and (2) any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in subparagraph (a)(1) above;

(b) 'Commissioner' means Commissioner of Revenue of the State of North Carolina;

(c) 'Distributor' means any person, wherever resident or located, who purchases unstamped cigarettes directly from the manufacturer thereof and stores, sells or otherwise disposes of the same; and also any person who manufactures or produces cigarettes or causes them to be manufactured or produced;

(d) 'In this State' or 'within this State' means within the exterior limits of the State of North Carolina, and includes all territory within such limits owned by, leased by or ceded to the United States of America;

(e) 'Manufacturer' means any person engaged in the manufacture or production of cigarettes.

(f) 'Package' means the individual packet, can, box or other container used to contain and to convey cigarettes to the consumer.

(g) 'Person' means and includes any individual, firm, co-partnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate, or any other group or combination acting as a unit, the State or any of its political subdivisions, and the plural as well as the singular number.

(h) 'Selling' or 'sale' means any sale, transfer, exchange, barter, gift, or offer for sale and distribution, in any manner or by any means whatsoever.

(i) 'Stamp' means any impression, device, stamp, label or print manufactured, printed or made as prescribed by the Commissioner under this Article.

(j) 'Unstamped' means not bearing a North Carolina cigarette tax stamp prescribed by the Commissioner under this Article.

(k) 'Use' means the exercise of any right or power over cigarettes, incident to the ownership or possession thereof, other than the making of a sale thereof in the course of engaging in a business of selling cigarettes and shall include the keeping or retention of cigarettes for use.

(m) 'Retail dealer' means any person other than a distributor engaged in this State in the business of selling cigarettes at retail.

G. S. 105-113.5. Privilege tax levied. In addition to all other taxes and fees, a tax is hereby levied upon the sale or possession for sale within this State, by distributors, of all cigarettes at the rate of one mill per individual cigarette.

G. S. 105-113.6. Use Tax levied. In addition to all other taxes and fees, a tax is hereby levied upon the sale or possession for sale by all persons other than distrib-
utors, and upon the use, consumption, and possession for use or consumption of cigarettes within this State at the rate set forth in G. S. 105-113.5; Provided, that the tax levied by this Section shall not be applicable to the sale or possession for sale by persons other than distributors, or to the use, consumption or possession for use or consumption of cigarettes with respect to which the tax levied by the provisions of G. S. 105-113.5 has been computed and paid.

G. S. 105-113.7. Tax with respect to inventory on effective date of Act. Every person subject to the taxes levied in G. S. 105-113.5 and G. S. 105-113.6 who, on the effective date of this Act, has on hand any cigarettes shall file a complete inventory thereof within twenty (20) days thereafter, and shall pay to the Commissioner at the time of filing such inventory a tax with respect thereto computed at the rate set forth in G. S. 105-113.5 and G. S. 105-113.6. All provisions of this Article relative to the collection, verification and administration of the tax herein imposed shall, insofar as pertinent, be applicable to the tax imposed by this Section, but the affixing of stamps as evidence of the payment of such tax by persons subject to the taxes levied in G. S. 105-113.6 shall not be necessary except as the Commissioner by regulation or administrative rule may require.

G. S. 105-113.8. Federal Constitution and statutes. Any activities which this Article may purport to tax in violation of the Constitution of the United States or any Federal statute are hereby expressly exempted from taxation under this Article.

G. S. 105-113.9. Out-of-State shipments. Any distributor engaged in interstate business shall be permitted to set aside such part of his stock as may be necessary for the conduct of such interstate business without paying the tax or affixing the stamps otherwise required by this Article, but only if such distributor complies with the regulations and administrative rules concerning keeping of records, making of reports, posting of bond and such other rules and regulations as may be promulgated by the Commissioner for the administration of this Article.

G. S. 105-113.10. Manufacturers shipping to distributors exempt. Any manufacturer shipping cigarettes to other distributors who are licensed to affix stamps as provided in this Article may, upon application to the Commissioner and upon compliance with such regulations and administrative rules in regard thereto as may be promulgated by the Commissioner, be relieved of the requirement of paying the taxes and affixing the stamps required by this Article, but no manufacturer may be relieved of the requirement to be licensed as a distributor in order to make shipments, including drop shipments, to a retail dealer or ultimate user. However, the Commissioner may permit monthly reports from the manufacturer instead of requiring stamps to be affixed on free cigarettes given complimentary by the manufacturer when the package contains only five (5) or less cigarettes and has imprinted on said package the wording ‘State tax paid’.

G. S. 105-113.11. Licenses required. After the effective date of this Article, no person shall engage in business as a distributor in this State, without having first obtained from the Commissioner the appropriate license for that purpose as prescribed herein. Any license required by this Article shall be in addition to any and all other licenses which may be required by law.

G. S. 105-113.12. Distributors’ License. (a) Distributors shall obtain, for each place of business, a continuing license, for which a fee of twenty-five dollars ($25.00) shall be paid.

1246
(b) For the purposes of this Section, 'place of business' means any place where unstamped packages of cigarettes are received or stored by a distributor for the purposes of affixing stamps thereto, and any place where a distributor actually affixes stamps to unstamped packages of cigarettes.

(c) Out-of-State distributors may obtain appropriate distributors' licenses upon compliance with the provisions of G. S. 105-113.24, for which a fee of twenty-five dollars ($25.00) shall be paid for each such license.

G. S. 105-113.13. Issuance of licenses. (a) All licenses shall be issued by the Commissioner.

(b) No license shall be issued to a distributor except upon payment of the full fee therefor.

(c) Prior to the issuance of any license under this Article, the Commissioner may cause to be made such investigation as he deems necessary respecting the eligibility of the applicant to receive such license and the accuracy of the information contained in the application therefor. The Commissioner may refrain from the issuance of a license where he has reasonable cause to believe that the applicant has wilfully withheld information requested by him for the purpose of determining the eligibility of the applicant to receive a license or where he has reasonable cause to believe that the information submitted in the application is false or misleading and is not made in good faith.

(d) When the Commissioner deems it necessary to the proper administration of this Article, he may require any distributor upon application for a license to file with him a bond payable to the State of North Carolina in such amount and upon such conditions as in the opinion of the Commissioner will guarantee the performance of the duties and the discharge of the liabilities of said distributor under this Article. Such bond shall be executed by the distributor as principal and by an indemnity company licensed to do business under the Insurance Laws of this State as surety.

(e) No license shall be assignable or transferable.

G. S. 105-113.14. Refund of license fee. No refund of a license fee shall be paid to any person upon the surrender, suspension or revocation of any license except a license fee paid or collected in error.

G. S. 105-113.15. Duplicate or amended license. Upon application to the Commissioner, a distributor may obtain without charge:

(a) A duplicate license, upon a satisfactory showing that the original has been lost, destroyed or defaced;

(b) An amended license, upon a satisfactory showing that the location of the place of business represented by the license has been changed.

Each duplicate or amended license shall bear the words 'duplicate license' or 'amended license' on its face, as appropriate.

G. S. 105-113.16. Revocation of license. (a) The Commissioner shall, without notice or hearing, revoke the license of every distributor who voluntarily surrenders the same.

(b) Whenever any distributor violates any provision of this Article or any regulation or administrative rule of the Commissioner made pursuant to the provisions
of this Article, or has ceased to act in the capacity for which the license was issued, the Commissioner, upon hearing, after giving the licensed distributor ten days notice in writing, specifying the time and place of hearing and requiring him to show cause why his license should not be revoked, may revoke or suspend the license held by such distributor. The notice may be served personally or by registered mail directed to the last known address of such person. All provisions with respect to review and appeals of the Commissioner's decisions as provided by G. S. 105-241.2, G. S. 105-241.3 and G. S. 105-241.4 shall be applicable to this subsection (b).

(c) No distributor whose license has been suspended or revoked shall sell cigarettes or permit the same to be sold during the period of such suspension or revocation on premises occupied by him or upon other premises controlled by him or others in any other manner or form whatever.

(d) No disciplinary, penal or regulatory proceeding or action shall be barred or abated by the expiration, transfer, surrender, continuance, renewal or extension of any license issued under the provisions of this Article.

(e) If any person licensed under the provisions of G. S. 105-65.1, G. S. 105-84, G. S. 105-164.4, G. S. 105-164.5, G. S. 105-164.6 and G. S. 105-164.29 shall be convicted by any court of competent jurisdiction in this State of any offense under this Article, the Commissioner is authorized to revoke any or all licenses issued to such person under the provisions of the aforesaid sections of Chapter 105 of the General Statutes. The provisions of subsection (b) above relative to notice, hearing, review and appeal shall apply to this subsection (e).

G. S. 105-113.17. Exhibit of license; identification of dispensers. (a) Each license, or certificate thereof, or such other evidence of license as the Commissioner may authorize, shall be exhibited in the place of business for which it is issued and in such manner as may be prescribed by the Commissioner.

(b) Every vending machine which dispenses cigarettes shall be identified as to ownership in such manner as the Commissioner may prescribe.

G. S. 105-113.18. Reports. The following reports are required to be filed with the Commissioner:

(a) Every distributor required to affix stamps as prescribed herein shall file a report on or before the twentieth day of each month, in such form as the Commissioner shall prescribe, which report shall disclose the quantity of cigarettes on hand on the first and last days of the calendar month immediately preceding the month in which such report is required, the amount of stamps purchased, used and on hand during the report period, and such other information as the Commissioner shall prescribe.

(b) Every other person who has acquired unstamped cigarettes for sale, use or consumption subject to the tax imposed by this Article shall, within ninety-six hours after receipt of same, complete and file, in such form as the Commissioner shall prescribe, a report showing the amount of cigarettes so received and such other information as the Commissioner shall prescribe. Said report shall be accompanied by a remittance of the full amount of the tax.

(c) Any person, except a licensed distributor, who transports cigarettes upon the public highways, roads or streets of this State, upon notice from the Commissioner,
shall file a report in such form, on such dates, and containing such information as the Commissioner shall prescribe.

(d) Every distributor, as that term is defined in G. S. 105-250.1, shall include in the report required by G. S. 105-250.1 to be filed as of January first of each year, the location and serial number of each vending machine dispensing cigarettes owned and placed on location by said distributor.

G. S. 105-113.19. Commissioner to provide stamps. (a) The taxes levied by this Article shall be paid or payment shall be evidenced by the use of stamps, except as provided in G. S. 105-113.6. The Commissioner shall make arrangements with some manufacturer to manufacture taxpaid cigarette tax stamps provided for in this Article. The Commissioner shall prescribe the form, design, denominations and such other matters as may be necessary with respect to said stamps. The Commissioner may sell such stamps directly to taxpayers and he may also make arrangements for release of taxpaid stamps to taxpayers by the manufacturer of said stamps. Said manufacturer shall furnish such bond as the Commissioner may deem advisable, in such amount and upon such conditions as in the opinion of the Commissioner will adequately protect the State in the collection of the taxes levied by this Article.

(b) Payment in full shall accompany application for purchase of stamps; provided, however, a licensed distributor may purchase stamps on credit if such distributor has filed with the Commissioner a bond satisfactory to the Commissioner in an amount not less than the amount to be paid for said stamps and prior to the date any such credit purchases are made. Such licensed distributor shall pay for said credit purchases of stamps on or before the tenth day of the month next following the date of purchase, and the bond herein required shall be conditioned upon such payment. The bond shall be executed by the distributor as principal and by an indemnity company licensed to do business under the insurance laws of this State, as surety.

(c) A licensed distributor using a stamp metering machine as provided for in G. S. 105-113.23 may make payment upon the same terms and conditions as in the case of the purchase of stamps as set forth in subsection (b) of this Section.

G. S. 105-113.20. Distributors to affix stamps. Only licensed distributors shall affix stamps. A licensed distributor shall not sell, borrow, loan, buy or exchange stamps to, from or with any other person, except as provided in G. S. 105-113.19.

Unless stamps have been previously affixed, the stamps required by this Article shall be affixed to packages by the licensed distributor within forty-eight (48) hours of the receipt of all unstamped cigarettes, exclusive of Saturdays, Sundays and legal holidays of this State, and prior to any and all deliveries to other persons except deliveries to points outside the State, deliveries by manufacturers to licensed distributors and those deliveries which this State is prohibited from taxing under the Constitution or the statutes of the United States.

G. S. 105-113.21. Discount on sales of stamps. On sales of stamps, the Commissioner shall allow a discount of seven per cent (7%) of the entire amount of any sale of one hundred dollars ($100.00) or more of said stamps as compensation for the services and expenses of the licensed distributor in handling and affixing such stamps to packages. No discount shall be allowed or given on any sales of stamps in amounts less than one hundred dollars ($100.00).
G. S. 105-113.22. Manner of affixing and cancelling stamps. The Commissioner shall regulate and prescribe the manner of affixing and cancelling stamps, but no more than one stamp shall be affixed to any package and that stamp shall represent the proper tax paid.

G. S. 105-113.23. Stamp metering machines. The Commissioner, if he shall determine that it is practicable in any case to permit licensed distributors to impress on or attach to each package of cigarettes evidence of tax payment by means of a metering machine, in lieu of stamps, may authorize any licensed distributor to use any metering machine approved by the Commissioner, such machine to be sealed by the Commissioner before being used and used in accordance with rules and regulations prescribed by the Commissioner. All costs and expenses of procuring and using any metering machine shall be borne by the user.

G. S. 105-113.24. Sale of stamps to out-of-State Distributors. (a) In case the Commissioner shall find that the collection of any tax imposed by this Article would be facilitated thereby, he may authorize, under reasonable conditions, any distributor outside this State engaged in the business of selling and shipping cigarettes into the State, upon complying with the rules and regulations of the Commissioner, to purchase and affix or cause to be affixed on behalf of any purchaser of cigarettes, who would otherwise be taxable therefor, the stamps required by this Article, or may authorize the use of a machine by such person in the same manner and under the same conditions as set forth in G. S. 105-113.23.

(b) Any such nonresident distributor shall be required to agree to submit his books, accounts, and records to reasonable examination by the Commissioner or his duly authorized agents. Each such nonresident distributor shall file with the Commissioner a performance bond fulfilling the terms and conditions set forth with respect to bonds in subsection (d) of G. S. 105-113.13.

(c) Each such nonresident distributor, other than a foreign corporation which has qualified with the Secretary of State as doing business in this State shall, by a duly executed instrument filed in the office of the Secretary of State, constitute and appoint the Secretary of State his lawful attorney in fact upon whom any original process in any action or legal proceeding against such nonresident distributor arising out of any matter relating to this Article may be served, and therein agree that any original process against him so served shall be of the same force and effect as if served on him within this State, and that the authority thereof shall continue in force irrevocably so long as any such nonresident distributor shall remain liable for any taxes, interest and penalties under this Article.

(d) Any nonresident distributor who shall comply with the provisions of this Section may be licensed as a distributor.

G. S. 105-113.25. Redemption and refund. The Commissioner shall redeem any unused or mutilated, but identifiable, stamps that any distributor may present for redemption, and refund therefor the face value of said stamps, less the discount allowed at the time of the purchase of the stamps by said distributor. In the event any stamped cigarettes are shipped out of this State, or are sold to those agencies or instrumentalities which this State is prohibited from taxing under the Constitution or statutes of the United States, by any distributor, a refund of the face value of the said stamps less the discount allowed by the Commissioner at the time of the purchase of the stamps by said distributor, shall be made upon the application of the distributor on forms prescribed by the Commissioner together with such evidence and proof of sale as the Commissioner shall require.
G. S. 105-113.26. **Records to be kept.** Every person required to be licensed under this Article and every person required to make reports under this Article shall keep complete and accurate records of all sales and such other information as is required under this Article. The kind and form of such records may be prescribed by the Commissioner and all records shall be so kept as to be adequate to enable him to determine any tax liability.

All such records shall be safely preserved for a period of three (3) years in such a manner to insure their security and accessibility for inspection by the Commissioner or his duly authorized agents. The Commissioner may, in his discretion, consent to the destruction of any such records at any time within said period.

G. S. 105-113.27. **Unstamped cigarettes.** (a) Except as otherwise provided in this Article, licensed distributors shall not sell, borrow, loan or exchange unstamped cigarettes to, from or with other licensed distributors.

(b) No person shall sell or offer for sale unstamped cigarettes.

(c) The possession of more than six hundred (600) unstamped cigarettes by any person other than a licensed distributor, shall be prima facie evidence that such cigarettes are possessed in violation of the provisions of this Article.

G. S. 105-113.28. **Displaying unstamped cigarettes for sale.** It shall be unlawful for any person to display for sale or offer for sale unstamped cigarettes within this State.

G. S. 105-113.29. **Unlicensed place of business.** It shall be unlawful for any person to maintain a place of business within this State required by this Article to be licensed to engage in the business of selling or offering for sale cigarettes without first obtaining such licenses.

G. S. 105-113.30. **Records and reports.** It shall be unlawful for any person who is required under the provisions of this Article to keep records or make reports, to fail to keep such records, refuse to keep such reports, make false entries in such records, fail to produce such records for inspection by the Commissioner or his duly authorized agents, fail to file a report, or make a false or fraudulent report or statement.

G. S. 105-113.31. ** Possession and Transportation of unstamped cigarettes; seizure and confiscation of vehicle or vessel.** (a) It shall be unlawful for any person to transport unstamped cigarettes in violation of the provisions of this Article, or to fail or refuse to comply with regulations and administrative rules promulgated by the Commissioner in regard thereto. The Commissioner may make reasonable rules and regulations governing the quantities of untaxed cigarettes, not exceeding six hundred (600), which may be brought into this State by any transient, tourist, or person returning to this State after traveling outside this State, for the use of such transient, tourist or person; and the possession or transportation of such quantities shall not be subject to the penalties imposed by this Section.

(b) Every person who shall transport cigarettes not stamped as required by this Article upon the public highways, roads, streets or waterways of this State shall have in his actual possession invoices or delivery tickets for such cigarettes which shall show the true name and complete and exact address of the consignee or purchaser, the quantity and brands of the cigarettes transported and the true name and complete and exact address of the person who has paid or who shall
assume the payment of the tax imposed by this Article or the tax, if any, of the State or foreign country at the point of ultimate destination.

(2) Any common carrier which has issued a bill of lading for a shipment of cigarettes and is without notice to itself or to any of its agents or employees that said cigarettes are not stamped as required by this Article shall be deemed to have complied with this Article and the vehicle or vessel in which said cigarettes are being transported shall not be subject to confiscation hereunder. In the absence of such invoices, delivery tickets or bills of lading, as the case may be, the cigarettes so transported, the vehicle or vessel in which the cigarettes are being transported and any paraphernalia or devices used in connection with the unstamped cigarettes are declared to be contraband goods and may be seized by any officer of the law, who shall take possession of the vehicle or vessel and unstamped cigarettes therein, and shall arrest any person in charge thereof.

(3) Such officer shall at once proceed against the person arrested, under the provisions of this Article, in any court having competent jurisdiction; but the said vehicle or vessel shall be returned to the owner upon execution by him of a good and valid bond, with sufficient sureties, in a sum double the value of the property, which said bond shall be approved by said officer and shall be conditioned to return said property to the custody of said officer on the day of trial to abide the judgment of the court. All unstamped cigarettes seized under this Section shall be held and shall, upon the acquittal of the person so charged, be returned to the established owner.

(4) Unless the claimant can show that the unstamped cigarettes seized were not transported in violation of this Article and that the property seized is his property, or that in the case of property other than cigarettes, such property was used in transporting unstamped cigarettes in violation of this Article without his knowledge or consent, with the right on the part of the claimant to have a jury pass upon his claim, the court shall order a sale by public auction of the property seized, and the officer making the sale, after deducting the cost of stamps which he shall affix to said cigarettes upon sale, expenses of keeping the property, the fee for the seizure, and the costs of the sale, shall pay all liens according to their priorities, which are established, by intervention or otherwise, at said hearing or in other proceeding brought for said purpose as being bona fide and as having been created without the lienor having any notice that the vehicle or vessel was being used for the unlawful transportation of unstamped cigarettes, and shall pay the balance of the proceeds to the State Treasurer for the General Fund.

(5) All liens against property sold under the provisions of this Section shall be transferred from the property to the proceeds of the sale of the property. If, however, no one shall be found claiming the cigarettes, or the vehicle or vessel, the taking of the same, with a description thereof, shall be advertised in some newspaper published in the city or county where taken, or, if there be no newspaper published in such city or county, in a newspaper having circulation in the county, once a week for two weeks and by notices posted in three public places near the place of seizure, and if no claimant shall appear within ten (10) days after the last publication of the advertisement, the property shall be sold, and the proceeds, after deducting the expenses and costs, shall be paid to the State Treasurer for the General Fund.

(6) Nothing in this Section shall be construed to authorize any officer to search any vehicle or vessel or baggage of any person without a search warrant duly issued,
except where the officer sees or has knowledge that there are unstamped cigarettes in such vehicle or vessel.

G. S. 105-113.32. Un stamped cigarettes subject to confiscation. All cigarettes subject to the tax imposed by this Act, to which stamps have not been affixed as required by this Act, together with any container in which they are stored, or displayed for sale (including but not limited to vending machines) are declared to be contraband goods and may be seized by any officer of the law, who shall arrest any person in charge thereof. Such officer shall at once proceed against the person arrested, under the provisions of this Article, in any court having competent jurisdiction and the disposition of said unstamped cigarettes and container shall be governed and controlled by the provisions of G. S. 105-113.31.

G. S. 105-113.33. Criminal penalties. Any person who violates any of the provisions of this Article for which no other punishment is specifically prescribed shall be guilty of a misdemeanor punishable by a fine or imprisonment or both in discretion of the Court.

G. S. 105-113.34. Forging or counterfeiting revenue stamps. Any person who falsely or fraudulently makes, forges, alters or counterfeits, or causes or procures to be falsely or fraudulently made, forged, altered or counterfeited, any stamps prepared or prescribed by the Commissioner under the authority of this Article, or who knowingly and wilfully utters, publishes, passes or tenders as true, any such false, altered, forged or counterfeited stamps for the purpose of evading the tax levied by this Article, shall be guilty of a felony, and upon conviction thereof shall be fined not more than two thousand dollars ($2,000.00) or imprisoned in the State Prison for a term of not more than five (5) years, or both, in the discretion of the Court.

If any person secures, manufactures or causes to be secured or manufactured, or has in his possession any stamp or any counterfeit impression device not prescribed or authorized by the Commissioner, such person shall be guilty of a felony and subject to the punishment above provided for in the first paragraph of this Section.

G. S. 105-113.35. Interest and Penalty: If any person shall neglect, fail or refuse to pay any tax due under this Article, interest shall be added thereto at the rate of one-half of one per cent (1/2%) per month from the date due until paid and there shall also be added to said tax an amount equal to fifty per cent (50%) thereof.

G. S. 105-113.36. General administrative provisions of Revenue Act applicable. All provisions not inconsistent with this Article contained in Article 9 entitled 'General administration-penalties and remedies' of subchapter 1 of Chapter 105 of the General Statutes, including but not limited to administration, auditing, making returns, promulgation of administrative rules and regulations by the Commissioner, additional taxes, assessment procedure, imposition and collection of taxes of the lien thereof, assessments, refunds and penalties are hereby made a part of this Article and shall be applicable thereto.

G. S. 105-113.37. Commissioner to make rules and regulations. Subject to the provisions of G. S. 105-262, the Commissioner is hereby authorized and empowered to make all reasonable regulations and administrative rules necessary for the efficient administration and enforcement of this Article not inconsistent with the

All provisions with respect to reviews and appeals from the Commissioner's decisions as provided by G. S. 105-241.2, G. S. 105-241.3 and G. S. 105-241.4 of the General Statutes shall be applicable to this Article.

G. S. 105-113.38. Tax to be paid only once. Whenever the tax levied by this Article has been computed and paid to the State with respect to any cigarettes as provided by this Article, and appropriate stamps affixed, the same shall not be required to be paid again to the State regardless of how many times such cigarettes may thereafter be sold or resold, but the seller may add to his sales price thereafter the amount of such tax.

G. S. 105-113.39. Local units prohibited to tax. No city, town or county shall levy any privilege license tax with respect to the sale of cigarettes other than as permitted by Article 2 of subchapter 1 of Chapter 105 of the General Statutes.

This Article shall be in full force and effect on and after July 1, 1969, or on the first day of the month next after the ninetieth day from its ratification, whichever is the later date. However, the Commissioner is authorized, prior to that time, to do all things necessary to the implementation of the provisions of this Article, including making regulations and administrative rules, procuring the manufacture of stamps, and providing for sale of the same, in order to secure effective administration of this Article on and after its effective date."

Section 3. Chapter 105 of the General Statutes is hereby amended by adding immediately after the present Article 2, a new Article to be designated as Article 2B, and reading as follows:

(b) The rate of tax on each bottled soft drink shall be one cent (1¢).

(c) The rate of tax on each gallon of soft drink syrup or simple syrup shall be one dollar ($1.00), and on a fraction of a gallon the rate shall be an amount which represents one dollar ($1.00) multiplied by the same fraction of a gallon. The rate of tax on each ounce or fraction of an ounce of soft drink syrup or simple syrup shall be four-fifths of a cent (4/5¢), and no exemption or refund shall be allowed on such syrup even though it may subsequently be diverted to some purpose other than the making of soft drinks.

(d) The rate of tax on dry soft drink powders and base products which are used to make soft drinks without being converted into syrup shall be one cent (1¢) per
ounce or fraction thereof of the dry powder or base product weight. However, the
tax on dry soft drink powder or base product which is to be converted into syrup
shall be the same as that which would be due upon the syrup produced, if the
syrup were being taxed according to the rates set out in subsection (c) above.

(e) The excise tax herein levied on syrups, powders and base products shall not
apply to syrups, powders and base products used by persons in the manufacture
of bottled soft drinks which are otherwise subject to tax under this Article. The
Commissioner may by administrative rules or regulation, provide for the storage
of such syrups, powders and base products when they are not for use in the manufac-
ture of bottled soft drinks.

G. S. 105-113.46. Exemption of certain milk drinks. All natural liquid milk drinks
produced by farmers or dairies shall be exempt from the payment of the soft drink
excise tax. Where a product other than the above is produced, such product is subject
to the tax unless otherwise exempt under this Article.

G. S. 105-113.47. Natural fruit or vegetable juice or natural liquid milk drinks
exempted from tax. (a) All bottled soft drinks containing thirty-five per cent (35%)
or more of natural fruit or vegetable juice and all bottled natural liquid milk drinks
containing thirty-five per cent (35%) or more of natural liquid milk, are exempt
from the excise tax imposed by this Article, except that this exemption shall not
apply to any fruit or vegetable juice drink to which has been added any coloring,
artificial flavoring or preservative. Sugar, salt or vitamins shall not be construed
to be an artificial flavor or preservative.

(b) Any bottled soft drink for which exemption is claimed under this Section
must be registered with the Commissioner. No bottled soft drink shall be entitled
to the exemption until registration has been accomplished by the filing of an applica-
tion for exemption on such form as may be prescribed by the Commissioner, which
form shall include an affidavit setting forth the complete and itemized formula by
volume of the drink therein referred to, and the failure to submit such affidavit
shall be prima facie evidence that such bottled soft drink is not exempt. All bottled
soft drinks which are not so registered and do not have affixed thereto the proper
stamps or crowns shall be subject to confiscation. The Commissioner or his duly
authorized representative may at any time check the formulas or the manufacturing
of such bottled soft drinks for which exemption is claimed under this Section and
in addition thereto, the Commissioner or his duly authorized representative may
at any time take samples of any product for which exemption has been claimed,
from any and all persons offering such product for sale for the purpose of ascertaining
by analysis the contents thereof. The sample shall be clearly marked for identifi-
cation and such sample may be turned over to any registered chemist designated
by the Commissioner for the purpose of analysis. If such investigation establishes
that such bottled soft drink contains less than thirty-five per cent (35%) by volume
of natural fruit juice, natural vegetable juice or natural liquid milk, or if any person
engaged in selling, manufacturing, purchasing, consigning, using, shipping or distrib-
uting for the purpose of sale within this State who has applied for an exemption
hereunder fails or refuses to allow the Commissioner or his duly authorized repre-
sentative to check the formulas or inspect the manufacturing of such bottled soft
drinks, the excise tax imposed by this Article shall apply to all sales of such products
and all such products offered for sale and not properly stamped shall be subject
to confiscation until such person permits the Commissioner to examine the formulas or inspect the manufacturing of such bottled soft drinks.

(c) Except in accordance with proper judicial order or as otherwise provided by law, it shall be unlawful for the Commissioner or any deputy, agent, clerk or other officer or employee or any other person acting in a confidential relationship with the Commissioner to divulge or make known in any manner any formula or any particulars of any formula pertaining to any drink hereinabove referred to. However, such prohibition shall not be construed to prohibit the publication of whether or not such bottled soft drinks contain thirty-five per cent (35%) or more of natural fruit or vegetable juice or thirty-five per cent (35%) or more of natural liquid milk, nor shall it be construed to prohibit the inspection by the Attorney General or other legal representative of the State of the formula of any taxpayer who shall bring action to set aside or review the tax base thereon or against whom an action or proceeding has been instituted to recover any tax imposed by this Article.

(d) Where any product for which exemption is claimed under this Section is found to contain less than thirty-five percent (35%) by volume of natural fruit juice, natural vegetable juice, or natural liquid milk, the excise tax imposed by this Article shall apply to all sales of such product, and all such products offered for sale and not properly stamped shall be subject to confiscation.

G. S. 105-113.48. Exemption of goods intended for out-of-state sale. It shall not be necessary to pay any tax levied by this Article with respect to any bottled soft drinks, soft drink syrups and powders, base products and other items taxed under this Article manufactured or acquired for sale or distribution outside this State, or to affix taxpaid stamps or crowns thereto, provided the same are manufactured, acquired, stored, and distributed, and records are maintained, in accordance with the rules and regulations of the Commissioner. The Commissioner is hereby authorized to promulgate such rules and regulations with respect thereto as will exclude from the measure of excise tax levied pursuant to this Article the sales of such goods or articles of merchandise outside this State and at the same time protect the interests of this State in collecting all taxes lawfully due to the State.

G. S. 105-113.49. Exemption of coffee and tea. All coffee and tea, whether in liquid, powder or natural form shall be exempt from the tax imposed by this Article.

G. S. 105-113.50. Soft drink licenses required. (a) Distributors and wholesale dealers shall obtain for each place of business a continuing soft drink license for which a fee of twenty-five dollars ($25.00) shall be paid. For the purpose of this Section, 'place of business' means any place where soft drinks are manufactured by a distributor, or any place where unstamped bottled soft drinks, soft drink syrups and powders, base products and other items taxed under this Article are received or stored by a distributor or wholesale dealer.

(b) Out-of-state distributors and wholesale dealers may obtain appropriate distributors' or wholesale dealers' licenses upon compliance with the provisions of this Article and such regulations and administrative rules as may be issued by the Commissioner hereunder, for which a fee of twenty-five dollars ($25.00) shall be paid for each such soft drink license.

(c) Each retail dealer manufacturing or purchasing not previously taxed syrups, powders or base products shall secure a continuing soft drink license for which a fee of five dollars ($5.00) shall be paid for each place of business at which such
unstamped syrups, powders or base products are received or at which place such retail dealer manufactures them.

d) Distributors, wholesale dealers and retail dealers licensed under this Section shall file such reports with the Commissioner as he may require not later than the 15th day of each month showing transactions for the preceeding month.

G. S. 105-113.51. **Affixing of crowns and stamps to containers; crowns and stamps not transferable.** (a) Any bottled soft drink offered for sale shall within twenty-four hours of its manufacture or receipt in this State have affixed to it a North Carolina taxpaid stamp or a North Carolina taxpaid crown at the rate provided for in this Article.

(b) The distributor or dealer who first distributes, sells, uses, consumes or handles bottled soft drinks, syrups, powders, base products and other items subject to the soft drink excise tax is subject to the tax unless taxpaid stamps or crowns have previously been affixed. The distributor, wholesale dealer or retail dealer, or any person who is the original consignee of any bottled soft drink, soft drink syrup, powder, base product or other item subject to the soft drink excise tax manufactured or produced outside this State, or who brings such into this State, shall pay the excise tax.

(c) Taxpaid stamps shall be affixed to each individual container of soft drink syrups, powders, and base products by wholesale dealers or distributors within forty-eight hours after such syrups, powders, or base products are received or made by them and by retail dealers within twenty-four hours after such syrups, powders or base products are received by them, and in any event the containers must be stamped before such products are used in the preparation of soft drinks.

d) The payment of the excise tax provided for in this Article shall be evidenced by the affixing of taxpaid stamps or crowns to the original containers and the stamps and crowns provided for in this Act shall not be transferable to any person other than their original purchaser.

G. S. 105-113.52. **Taxpaid stamps; rules and regulations; cancellation; discount.** (a) The Commissioner shall make arrangements with some manufacturer to manufacture the taxpaid stamps provided for in this Article. The Commissioner shall prescribe the form, design, denominations and such other matters as may be necessary with respect to said stamps. The Commissioner may sell such stamps directly to taxpayers and may also make arrangements for release of taxpaid stamps to taxpayers by the manufacturer. Said manufacturer shall furnish such bond as the Commissioner may deem advisable, in such penalty and upon such conditions as in the opinion of the Commissioner will adequately protect the State in the collection of the excise tax imposed by this Article. Such bond shall be executed by the manufacturer as principal and by an indemnity company licensed to do business under the insurance laws of this State, as surety. The costs of manufacture, transportation and distribution of said stamps shall be computed in accordance with administrative rules or regulations of the Commissioner and payment thereof pursuant to such rules and regulations of the Commissioner may be required in addition to the amount of taxes which said stamps evidence regardless of whether said stamps are released or distributed by the Commissioner or by the manufacturer pursuant to authorization from the Commissioner.
(b) Upon the sale of taxpaid stamps, the Commissioner shall allow a discount of five per cent (5%) of the entire amount of any sale of fifty dollars ($50.00) or more of said stamps. On sales of stamps of less than fifty dollars ($50.00), no discount shall be allowed. Such discount shall apply only to the tax and not the manufacturer's price or transportation or distribution costs.

(c) When stamps are attached to bottled soft drinks, or to containers of soft drink powders or base products, no cancellation or obliteration of them shall be required, but stamps affixed to containers of syrup to be used at soda fountains shall be canceled by the person affixing them by writing or stamping with ink or indelible pencil across the stamps his initials or name and the date on which the stamps were affixed. When the container to which the stamp has been affixed has been emptied, the stamp must be obliterated by making at least three incisions crisscross through the stamp with a knife or other sharp instrument.

(d) Any person who makes use of any stamp to denote the payment of the tax imposed by this Article without canceling or obliterating such stamps if required to do so by this Section shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than one hundred dollars ($100.00) or be imprisoned for not more than thirty days for each offense.

G. S. 105-113.53. Stamps not required when crowns used. If a distributor of bottled soft drinks either within or without the State shall use taxpaid crowns as hereinafter provided, such distributor shall be relieved of the duty of affixing taxpaid stamps to each individual bottle. Whenever the Commissioner deems it to be advantageous for the effective and efficient enforcement of this Article, he may require that such crowns be used in lieu of stamps.

G. S. 105-113.54. Taxpaid crowns; rules and regulations; discount on sale of crowns. (a) The Commissioner shall prescribe the form, design, denominations and such other matters as may be necessary with respect to taxpaid crowns. The Commissioner shall make arrangements with one or more manufacturers to manufacture, sell and distribute such crowns and shall require of such persons manufacturing, selling and distributing such crowns a bond payable to the State of North Carolina in such penalty and upon such conditions as in the opinion of the Commissioner will adequately protect the State in the collection of the taxes levied by this Article. The bond shall be executed by the manufacturer as principal and by an indemnity company licensed to do business under the insurance laws of this State, as surety. The Commissioner shall promulgate administrative rules and regulations governing the purchase, sale and distribution of crowns and all purchasers of crowns shall be required to purchase crowns in accordance with administrative rules and regulations promulgated by the Commissioner.

(b) The price to be paid by purchasers of crowns shall be the manufacturer's price plus all transportation charges to the consignee at destination in addition to the tax represented by the crowns.

(c) The Commissioner shall allow to each purchaser of taxpaid crowns, whether for cash or credit, a discount of eight per cent (8%) of the excise tax represented by such crowns. No compensation or refund shall be made for taxpaid soft drinks given as free goods or as advertising, or for losses sustained by spoilage or breakage incident to the production, sale and distribution of such drinks, or to the loss or destruction of any taxpaid stamps or crowns.
G. S. 105-113.55. Payment for stamps and crowns. (a) Payment in full shall accompany application for purchase of stamps. However, a licensed distributor may purchase crowns on credit if such distributor has filed with the Commissioner a bond satisfactory to the Commissioner in an amount not less than one hundred twenty-five per cent (125%) of the amount of credit authorized and prior to the date any such credit purchases are made. Such licensed distributor shall pay for such credit purchases of crowns on or before the tenth day of the month next following the date of purchase, and the bond herein required shall be conditioned upon such payment. The bond shall be executed by the distributor as principal and by an indemnity company licensed to do business under the insurance laws of this State, as surety.

(b) Except where credit purchases of crowns are made, payment for stamps and crowns must be made by cash, cashier's check, certified check or money order. Personal checks may be accepted in payment of monthly amount due on credit sales, pursuant to such regulations or administrative rules as the Commissioner may adopt.

G. S. 105-113.56. Provisions for refund; discount. Whenever any person shall receive permission from the Commissioner to return any unused taxpaid crowns or stamps which have not been canceled and when such unused taxpaid crowns and stamps have been returned as the Commissioner shall direct, the Commissioner is authorized to make a refund for such crowns or stamps, less any discount which may have been allowed to the purchaser.

G. S. 105-113.57. Records required of ingredients received. Every person engaged in the business of making, mixing or compounding bottled soft drinks, soft drink syrups and powders, base products and other items taxed under this Article shall keep a distinct, legible and permanent record of all extracts, flavoring, sugar, syrup or other ingredients except water received by him that may be useful in making, mixing or compounding soft drinks, and he shall retain invoices on all such purchases for a period of not less than three years from the date thereof. Such records shall show the quantity of such commodities received, the date of receipt thereof and the name of the person from whom they were secured or received and shall be open at all times for inspection by the Commissioner or his duly authorized representative.

G. S. 105-113.58. Records of sale to be kept. Every distributor, wholesale dealer and retail dealer shall keep an accurate account of all daily sales, sales slips, bills, invoices, delivery slips, statements, bills of lading, freight bills, credit memoranda and similar documents for a period of not less than three years from the date shown thereon. All such records shall be open at all times for inspection by the Commissioner or his duly authorized representative.

G. S. 105-113.59. Theoretical calculation of tax. Upon the records required to be kept pursuant to this Article and upon such other information as may be obtained, the Commissioner shall calculate the number or amount of soft drinks that are ordinarily manufactured, mixed or compounded from such ingredients in accordance with the standard or average formula used therefor by bottlers, mixers and compounders of soft drinks and the result thus obtained shall be prima facie evidence of the sale thereof. However, nothing contained in this Section shall be construed to prevent any bottler, mixer or compounder of soft drinks from showing that he has actually not sold the whole or any part of the amount of soft drinks
as determined by the above method of calculation. The Commissioner shall, in making the above provided calculation, allow as a deduction the reasonable average loss for waste and breakage, but not exceeding discount allowed on sale of stamps.

G. S. 105-113.60. Manufacturer as well as dealer subject to penalties. When any item, taxable under the provisions of this Article and to which a stamp or crown is required to be affixed, is found in the possession of any retail dealer without having the stamps or crowns affixed, the distributor or wholesale dealer selling such articles within this State shall be subject to the penalties provided in this Article, as well as the retail dealer in whose possession the goods are located.

G. S. 105-113.61. Criminal acts. (a) It shall be unlawful for any person willfully to:

(1) Remove, wash, restore, alter or otherwise prepare any adhesive stamp or crown with intent to use it or cause it to be used after it has already been used;

(2) Knowingly or willfully buy, sell, offer for sale or give away any such washed, restored or altered stamp or crown to any person;

(3) Knowingly use or have in his possession any washed, restored or altered stamps or crowns which have been removed from the articles to which they have been previously affixed;

(4) For the purpose of indicating the payment of any tax under this Article, re-use any stamp or crown that has theretofore been used for the purpose of denoting payment of the tax provided in this Article.

(b) It shall be unlawful for any person to prepare, buy, sell, offer for sale or have in his possession any counterfeit, or false stamps or crowns, or any stamps or crowns printed, fabricated or manufactured contrary to the provisions of this Article. Violation of subsection (b) of this Section is hereby made a felony punishable by a fine of not more than five thousand dollars ($5,000.00) or imprisonment in the State prison for not more than five (5) years, or both, in the discretion of the court.

G. S. 105-113.62. Criminal law penalties. Violation of any provision of this Article, except as otherwise specifically provided in this Article, is hereby made a misdemeanor, punishable by fine or imprisonment, or both, in the discretion of the court.

G. S. 105-113.63. Rules and regulations. The Commissioner is hereby authorized and directed to make all reasonable rules and regulations necessary for the efficient administration and enforcement of this Article, not inconsistent with the provisions of this Article.

G. S. 105-113.64. General administrative provisions of Revenue Act applicable. All provisions of Article 9 of subchapter 1 of Chapter 105 of the General Statutes, not inconsistent herewith, are hereby made applicable to this Article.

G. S. 105-113.65. Tax with respect to October 1, 1969 inventory: (a) Every person subject to the taxes levied by this Article who, on October 1, 1969, has bottled soft drinks on hand in this State shall file a complete inventory thereof as of the opening of business on October 1, 1969, within seventy-two hours thereafter. The Commissioner shall arrange with some manufacturer to manufacture "inventory stamps" in such appropriate form and design as he shall determine, which shall, upon application, be furnished to distributors and wholesale dealers at cost, including transpor-
tation, between September 20, 1969 and October 3, 1969. No order or application received after October 3, 1969, shall be filled by the Commissioner, and no distributor or wholesale dealer shall, after September 30, 1969, sell any bottled soft drink which does not bear either an "inventory stamp" as herein provided for or a stamp or crown evidencing payment of the excise tax levied in this Article. No distributor or wholesale dealer shall borrow, exchange, sell or give away any "inventory stamp". Every distributor and wholesale dealer shall affix one "inventory stamp" to each bottled soft drink which he has on hand in this State on October 1, 1969 within 48 hours after the effective date of this Act. Every "inventory stamp" not so affixed shall be returned to the Commissioner, without any refund being made therefor, at the time of filing the inventory herein required. No retail dealer shall be required to affix "inventory stamps" to bottled soft drinks on hand on October 1, 1969; provided, however, that no person shall sell any bottled soft drink after November 30, 1969 unless either a crown or a stamp evidencing payment of the excise tax levied in this Article, has been affixed thereto.

(b) Every person subject to the taxes levied by this Article who, on October 1, 1969, has on hand any article, goods or merchandise taxed by this Article or with respect to which a tax is computed under this Article, other than bottled soft drinks, shall file a complete inventory thereof as of the opening of business on October 1, 1969, within twenty (20) days thereafter, and shall pay to the Commissioner at the time of filing such inventory a tax with respect thereto computed at the rates set forth in this Article. All the provisions of this Article relative to the collection, verification and administration of the taxes imposed by this Article shall, insofar as pertinent, be applicable to the tax imposed by this subsection, but the affixing of taxpaid stamps or taxpaid crowns as evidence of the payment of such tax by retail dealers shall not be necessary except as the Commissioner by regulation may require. However, the sale of any articles for resale shall not be permitted under this subsection until the appropriate taxes have been paid and the appropriate taxpaid stamps or crowns affixed unless the Commissioner permits otherwise.

G. S. 105-113.66. Federal Constitution and statutes. Any activities which this Article may purport to tax in violation of the Constitution of the United States or any Federal statute are hereby expressly exempted from taxation under this Article.

G. S. 105-113.67. Effective date of this Article. This Article shall be in full force and effect on and after October 1, 1969. However, the Commissioner is authorized to do all things needful before October 1, 1969, including making rules and regulations, procuring the manufacture of stamps and crowns, and providing for sale of the same, in order to secure effective administration of this Article on and after October 1, 1969.

Sec. 4. The Individual Income Tax Act, being Article 4, Schedule D, Division II of Chapter 105 of the General Statutes, is hereby amended as follows:

(a) Subsection (8) of G. S. 105-135, as the same appears in the 1967 Cumulative Supplement to Volume 2D of the General Statutes, is hereby amended by striking out the entire Section and inserting in lieu thereof the following:

Lease, rent, purchase, construct, otherwise obtain, maintain, operate, repair, and replace, either on its own or in cooperation with other public or private agencies or individuals, any of the following: parks, shoreline and water recreational areas, swimming pools and swimming areas, marinas, fishing piers, boat docks, boating and fishing access areas, navigation aids, waterway markers, public information signs and notices, and other items of real and personal property designed to enhance public recreation, public safety in Lake Norman and its shoreline area, or protection of property in the shoreline area.

(b) The Commission may accept, receive, and disburse in furtherance of its functions any funds, grants, services, or property made available by the Federal Government or its agencies or subdivisions, by the State Government or its agencies or subdivisions, or by private and civic sources.

(c) The boards of the four counties may appropriate funds to the Commission out of surplus funds or funds derived from nontax sources. They may appropriate funds out of tax revenues and may also levy annually taxes for the payment of such appropriation as a special purpose, in addition to any allowed by the Constitution.

(d) The Commission shall be subject to such audit requirements as may be specified in any joint resolution.

(e) In carrying out some or all of its duties and in either in addition to or in lieu of exercising various provisions of the above authorizations, the Commission may, with the agreement of the board of the county concerned, utilize personnel and property of or assign responsibilities to any officer or employee of any of the four counties. Such contribution in kind, if substantial, may with the agreement of the other three counties be deemed to substitute in whole or in part for the financial contribution required of such county in support of the Commission.

(f) Unless otherwise specified by joint resolution, each of the four counties shall annually contribute an equal financial contribution to the Commission in an amount appropriate to support the activities of the Commission in carrying out its duties.
Sec. 7. Filing and publication of joint resolutions. (a) A copy of the joint resolution creating the Commission and of any joint resolution amending or repealing the joint resolution creating the Commission shall be filed with the Executive Director of the Wildlife Commission. When the Executive Director receives resolutions that are in substance identical from all four counties concerned, the Executive Director shall within ten days so certify and distribute a certified single resolution text to the following:

(1) The Secretary of State.
(2) The Director of the Department of Local Affairs.
(3) The clerk to the board of each of the four counties.
(4) The clerk of superior court of each of the four counties.

Upon request, the Executive Director shall also send a certified single copy of any and all applicable joint resolutions to the chairman of the Commission.

(b) Unless a joint resolution specifies a later date, it shall take effect when the Executive Director's certified text has been submitted to the Secretary of State for filing. Certifications of the Executive Director under the seal of the Commission as to the text or amended text of any joint resolution and of the date or dates of submission to the Secretary of State shall be admissible in evidence in any court. Certifications by any clerk of superior court of the text of any certified resolution filed with him by the Executive Director shall also be admissible in evidence and the Executive Director's submission of the resolution for filing to the clerk shall constitute prima facie evidence that such resolution was on the date of submission also submitted for filing with the Secretary of State. Except for the certificate of a clerk as to receipt and date of submission, no evidence may be admitted in court concerning the submission of the certified text of any resolution by the Executive Director to any person other than the Secretary of State.

Sec. 8. Regulatory authority: (a) Except as limited in subsection (b) below, by restrictions in any joint resolution, and by other supervening provisions of law, the Commission may make regulations applicable to Lake Norman and its shoreline area concerning all matters relating to or affecting public recreation and water safety. These regulations may not conflict with or supersede provisions of general or special Acts or of regulations of State agencies promulgated under the authority of general law. In lieu of or in addition to passing regulations supplementary to State law and regulations concerning the operation of vessels on Lake Norman, the Commission may, after public notice, request that the Wildlife Commission pass local regulations on this subject in accordance with the procedure established in G. S. 75A-15.

(b) Violation of any regulation of the Commission commanding or prohibiting an act shall be a misdemeanor punishable by a fine not to exceed fifty dollars ($50.00).

(c) The regulations promulgated under this Section take effect upon passage or upon such dates as may be stipulated in the regulations except that no regulation may be enforced unless adequate notice of the regulation has been posted in or on Lake Norman or its shoreline area. Adequate notice as to a regulation affecting only a particular location may be by a sign, uniform waterway marker, posted notice, or other effective method of communicating the essential provisions of the regulation in the immediate vicinity of the location in question. Where a regulation applies generally as to Lake Norman or its shoreline area, or both, there must
be a posting of notices, signs, or markers communicating the essential provisions in at least three different places throughout the area.

(d) A copy of each regulation promulgated under this Section must be filed by the Commission with the following persons:

(1) The Secretary of State, in accordance with G. S. 143-195 to -198.
(2) The clerk of superior court of each of the four counties, in accordance with G. S. 143-198.1.
(3) The Executive Director of the Wildlife Commission.
(4) The Director of the Department of Local Affairs.
(e) Any official designated in subsection (d) above may issue certified copies of regulations filed with him under the seal of his office. Such certified copies may be received in evidence in any proceeding.

(f) Publication and filing of regulations promulgated under this Section as required above is for informational purposes and shall not be a prerequisite to their validity if they in fact have been duly promulgated, the public has been notified as to the substance of the regulations, a copy of the text of all regulations is in fact available to any person who may be affected, and no party to any proceeding has been prejudiced by any defect that may exist with respect to publication and filing. Rules and regulations promulgated by the Commission under the provisions of other sections of this Act relating to internal governance of the Commission need not be filed or published. Where posting of any sign, notice, or marker or the making of other communication is essential to the validity of a regulation duly promulgated, it shall be presumed in any proceeding that proper notice was given and maintained and the burden shall lie upon the party asserting to the contrary to prove lack of adequate notice of any regulation.

Sec. 9. Enforcement. (a) Where a joint resolution so provides, all law enforcement officers (or such officers as may be designated in the joint resolution) with territorial jurisdiction as to any part of Lake Norman or its shoreline area shall, within the limitations of their subject matter jurisdiction, have the authority of peace officers in enforcing the laws over all of Lake Norman and its shoreline area.

(b) Where a joint resolution so provides, the Commission may hire special officers to patrol and enforce the laws on Lake Norman and its shoreline area. Such special officers shall have and exercise all the powers of peace officers generally within the area in question and shall take the oaths and be subject to all provisions of law relating to law enforcement officers.

(c) Unless a joint resolution provides to the contrary, all courts in the four counties, within the limits of their subject matter jurisdiction, shall have concurrent jurisdiction as to all criminal offenses arising within the boundaries of Lake Norman and its shoreline area.

(d) Where a law enforcement officer with jurisdiction over any part of Lake Norman or its shoreline area is performing duties relating to the enforcement of the laws on Lake Norman or in its shoreline area, he shall have such extra-territorial jurisdiction as may be necessary to perform such duties. These duties include investigations of crimes an officer reasonably believes have been, or are about to be, committed within the area in question; traversing by reasonable routes from one portion of such area to another although across territory not within the boundaries of Lake Norman and its shoreline area; conducting prisoners in custody to such court or detention facilities as may be authorized by law, although this may involve going outside the area in question; execution of process connected with any criminal
offense alleged to have been committed within the boundaries in question, except that such process may not be executed by virtue of this provision beyond the boundaries of the four counties; continuing pursuit of and arresting any violator or suspected violator as to which grounds for arrest arose within the area in question.

(e) Where law enforcement officers are given additional territorial jurisdiction under the provisions of this Section, this shall be deemed an extension of the duties of the office held and no officer shall take any additional oath or title of office.

Sec. 10. Repealer. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 11. Effective date. This Act shall become effective upon its ratification.

CHAPTER 1093  
AN ACT TO ESTABLISH A NORTH CAROLINA WATER SAFETY COMMITTEE, TO EMPOWER LOCAL GOVERNMENTS TO CREATE AND SPONSOR LOCAL WATER SAFETY COMMITTEES, TO GRANT THE WILDLIFE RESOURCES COMMISSION THE POWER TO MAKE REGULATIONS OVER MATTERS OF WATER SAFETY, AND TO IMPLEMENT THE UNIFORM STATE WATERWAY MARKING SYSTEM.

The General Assembly of North Carolina do enact:

Section 1. Chapter 75A of the General Statutes of North Carolina entitled "Motorboats" is hereby redesignated "Boating and Water Safety."

Sec. 2. G.S. 75A-1 to 75A-19 is hereby designated as "Article 1. Boating Safety Act."

Sec. 3. There is hereby added a new Article to Chapter 75A of the General Statutes of North Carolina to read as follows:
Article 2.

North Carolina Water Safety Committee.

G.S. 75A-20. Creation of North Carolina Water Safety Committee. There is hereby created the North Carolina Water Safety Committee to function as a continuing advisory and coordinative body with respect to the activities of the various public and private agencies, organizations, corporations, and individuals with responsibilities or interests relevant to the maintenance of an effective program of water safety in North Carolina.

G.S. 75A-21. Terms and appointment of members. (a) Members of the Committee shall be appointed by the Governor so as to represent various viewpoints and interests respecting water safety that exist within the State. The membership of the Committee shall be not less than twenty-five nor more than fifty.

(b) Regular terms of members other than those designated by the Governor to serve on the executive committee shall be for periods of three years. In making initial appointments, the Governor shall appoint approximately one-third of the members for one-year terms, another third for two-year terms, and the balance for three-year terms so as to achieve an overlapping of terms. In subsequent years as increases or decreases in the number of members of the Committee may occur the Governor shall appoint or reappoint members for such periods of less than three years as may be necessary to preserve the system of overlapping terms. Members representing the agencies listed in subsection (e) of this Section and designated by the Governor to serve on the executive committee of the Committee shall serve at the pleasure of the Governor.

(c) Except as to representatives of the agencies listed in subsection (e) of this Section, the Governor may decline to fill any vacancy that may occur on the Committee. As used in this subsection, "vacancy" includes termination of membership caused by expiration of a term as well as that caused by resignation, death, inability to serve, or termination of the appointment by the Governor.

(d) The Governor may terminate the appointment of any member serving for a specific term for cause. Cause for termination shall include the member's ceasing to hold the position or to be affiliated with the organization or agency by reason of which he was appointed to the Committee. The Governor in his discretion, however, taking into account the balance of representation of interest on the Committee and factors pertaining to its total size, may permit such member to continue to serve on the Committee by reason of the individual contributions he may make. Where a member of the executive committee serving at the pleasure of the Governor has been retained on the Committee despite his ceasing to represent one of the agencies listed in subsection (e) of this Section, he shall lose his membership on the executive committee.

(e) In making his appointments the Governor shall provide for continuing membership on the Committee by at least one professional representative from each of the following agencies of the State:

1. The Department of Conservation and Development.
2. The Department of Public Instruction.
3. The Department of Water Resources.
(6) The State Board of Health.

G.S. 75A-22. Executive Committee. (a) Except as indicated in subsection (b) of this Section, the executive committee of the Committee shall have full power to act on behalf of the Committee with regard to external affairs in the interim period between meetings of the Committee. The executive committee shall consist of the professional representatives from the agencies listed in G.S. 75A-21 (e) plus six other members of the committee selected by the Governor. Where there is more than one member from any of the listed agencies appointed to the Committee, the Governor shall designate which one is to serve on the executive committee.

(b) The Committee may not restrict the authorization to the executive committee to act on its behalf in any class of external affairs or repudiate any action taken in its behalf except upon the vote of a majority of the full membership of the Committee.

G.S. 75A-23. Chairman. The Governor shall designate one of the agency members of the executive committee to serve both as chairman of the Committee and the executive committee. The chairman shall serve as such at the pleasure of the Governor.

G.S. 75A-24. Organization and meetings. (a) To the extent not in conflict with specific provisions of this Article, the Committee may organize itself as it sees fit, specifically including selection and duties of other officers than the chairman, fixing dates and procedures for calling regular meetings, selection and tenure of chairmen and members of subcommittees, and the extent to which authority to act on internal matters may be delegated to the chairman or the executive committee.

(b) Regular meetings of the Committee shall be held at least twice each year. Special meetings may be held upon the call of:

(1) The chairman,

(2) Three members of the executive committee, or

(3) One-third of the full membership of the Committee.

(c) Meetings of the executive committee shall be held upon the call of the chairman or upon the call of three of its members. To constitute a quorum of members attending a meeting of the Committee, there must be present at least eight members of the executive committee and one-third of the balance of the members of the Committee. Eight members shall constitute a quorum for meetings of the executive committee, except that the votes of at least seven members shall be required to carry any matter in which the executive committee is acting on behalf of the Committee in regard to external affairs.

G.S. 75A-25. Administrative and staff support. Administrative and staff support for the Committee shall be provided by such State agency or agencies as may be designated by the Governor.

G.S. 75A-26. Local water safety committees. (a) In order that responsible State and local officials may consult with an advisory body as to the needs and desires of the public in matters of water recreation and safety in various local waters, local authorities may sponsor local water safety committees. When a local government or two or more local governments acting jointly determine that the interests of the public would be served by sponsorship of a local water safety committee, such local government or governments may sponsor a committee. As used in this Section,
the noun "sponsor" shall include a sponsoring local government or a sponsoring group of local governments acting jointly.

(b) Members of a local committee shall be selected by the sponsor to represent various viewpoints and interests respecting water recreation and safety in the locality concerned. The membership of the Committee shall be not less than fifteen nor more than thirty-five, and members shall serve at the pleasure of the sponsor. Except where the charter granted by the sponsor may make specific provision, the members of a local committee shall select their officers, determine the need for subcommittees (if any), provide for times and places of regular meetings, and otherwise order the internal organization and administration of the committee. Special meetings may be held:

(1) Upon the call of such officers or members of the local committee as may be specified in the charter from the sponsor or the bylaws enacted by the committee.

(2) Upon the call of three members of the governing body or bodies of the sponsor.

(3) Upon the call of the chairman of the North Carolina Water Safety Committee.

(c) Where the sponsor finds that an existing organization or committee is sufficiently broadly based to represent the various community interests, it may sponsor (and at any time withdraw sponsorship of) the activities of such organization or committee relating to water recreation and safety in lieu of creating a separate local committee. In the event an existing organization or committee is sponsored, the membership restrictions of subsection (b) do not apply. The phrase "local committee" as used in this Section shall include such sponsored existing organizations and committees as well as separate committees.

(d) Except as indicated below, members of a local committee shall serve without compensation from the sponsor. Public officers and employees who are acting within the scope and course of their employment, however, may receive such travel and subsistence allowance as authorized by law when attending meetings, whether as members or observers, or otherwise assisting or participating in the affairs of a local committee. Within the bounds set by governing provisions of the law generally, a sponsor may also provide administrative and staff services to a local committee and may underwrite or finance its projects which are carried out to the benefit of water recreation and safety in the area concerned.

(e) At the time of sponsorship, or withdrawal of sponsorship, of a local committee, the sponsor shall notify the following persons of the action taken:

(1) The Chairman of the North Carolina Water Safety Committee.

(2) The Executive Director of the North Carolina Wildlife Resources Commission.

(f) All meetings of separately created local committees shall be open to the public. Where an existing organization or committee has received sponsorship, all its meetings devoted to carrying out the advisory functions of a local committee shall be open to the public.

(g) Members of a local committee are under an obligation:

(1) To keep themselves informed as to problems of water recreation and safety in their area.

(2) To study such problems concerning water recreation and safety as may be referred to them by their sponsor or by the chairman of the North Carolina Water Safety Committee.
(3) To make reports from time to time, either on their own motion or in response to a request for a study, on problems of water recreation and safety, and with suggestions for remedies where such are indicated and feasible. Such reports may be made to the sponsor, the Chairman of the North Carolina Water Safety Committee, the Executive Director of the North Carolina Wildlife Resources Commission, or any other public or private person, agency, firm, corporation, or organization with the power to effect improvements in the level of water recreation and safety available to the public.

(4) To take part in and, where necessary, to help coordinate programs of public education in the field of water safety.

Sec. 4. G.S. 75A-15 is rewritten to read as follows:

G.S. 75A-15. Regulations on water safety; adoption of the Uniform Waterway Marking System. (a) Upon petition to it in accordance with subsection (b) of this Section, the Wildlife Resources Commission is empowered to make special regulations, for the local water in question, as to:

(1) Operation of vessels, including restrictions concerning speed zones, and type of activity conducted.

(2) Promotion of boating and water safety generally by occupants of vessels, swimmers, fishermen, and others using the water.

(3) Placement and maintenance of navigation aids and markers, in conformity with governing provisions of law.

Prior to making any special regulations, the Commission shall investigate the water recreation and safety needs of the local water in question in accordance with any standards that may have been developed by the North Carolina Water Safety Committee. In making such investigation, the Commission in its discretion may hold public hearings on the regulations proposed and the general needs of the local water in question. After such investigation and application of standards, the Commission may in its discretion pass the special regulations requested, pass them in an amended form, or refuse to pass them. After passage, the Commission may amend or repeal the special regulations after first holding a public hearing.

(b) The agencies listed in this subsection may, but only after public notice, make formal application to the Wildlife Resources Commission for special regulations on local waters as to the matters listed in subsection (a) of this Section. The agencies and waters in question are:

(1) Any subdivision of this State, with reference to waters within its territorial limits.

(2) The North Carolina Water Safety Committee, with reference to local areas of water defined by it which are found to be heavily used for water recreation purposes by persons from other areas of the State and as to which there is not coordinated local interest in regulation.

(c) The Uniform State Waterway Marking System as approved by the Advisory Panel of State Officials to the Merchant Marine Council, United States Coast Guard, in October 1961 is hereby adopted for use on the waters of North Carolina. The Wildlife Resources Commission is authorized to pass regulations implementing the marking system and may:

(1) Modify provisions as necessary to meet the special water recreational and safety needs of this State, provided that such modifications do not depart in any essential manner from the uniform standards being adopted in other states.
(2) Modify provisions as necessary to conform with amendments to the marking system that may be proposed for adoption by the states.

(3) Enact supplementary standards regarding design, construction, placement, and maintenance of markers.

(4) Enact clarifying regulations as to matters not covered with precision in the report of the Advisory Panel of State Officials.

(5) Enact implementing regulations as to matters left to State discretion in the report of the Advisory Panel of State Officials.

(6) Enact regulations forbidding or restricting the placement of markers either throughout the State or in certain classes or areas of waters without prior permission having been obtained from the Commission or some agency or official designated by the Commission.

It is unlawful to place or maintain any marker of the sort covered by the marking system in the waters of North Carolina that does not conform to or is in violation of the marking system and the implementing regulations of the Commission.

(d) Special regulations enacted under the authority of subsections (a) and (b) of this Section shall supersede all local regulations in conflict or incompatible with such special regulations. As used in this subsection, "Local regulations" shall include provisions relating to boating, water safety, or other recreational use of local waters in special local, or private acts, in ordinances or regulations of local governing bodies, or in ordinances or regulations of local water authorities. Except as may be authorized in subsections (a) and (b) of this Section, no local regulations may be made respecting the Uniform Waterway Marking System and its implementation or respecting supplemental safety equipment on vessels.

Sec. 5. The following local acts, having been superseded in their entirety, are hereby repealed: Session Laws of 1955, Chapters 277 and 1115 (Catawba Lake, now Lake Wylie, in Gaston and Mecklenburg counties); Session Laws of 1955, Chapter 1219 (Catawba River in Catawba, Iredell, Alexander, Caldwell and Burke counties).

Sec. 6. This Act shall take effect from and after the date of its ratification.

"Sec. 44A-8. Mechanics', laborers' and materialmen's lien; persons entitled to lien. Any person who performs or furnishes labor or furnishes materials pursuant to a contract, either express or implied, with the owner of real property, for the making of an improvement thereon shall, upon complying with the provisions of this Article, have a lien on such real property to secure payment of all debts owing for labor done or material furnished pursuant to such contract."

"Sec. 44A-9. Extent of lien. Liens authorized under the provisions of this Article shall extend to the improvement and to the lot or tract on which the improvement is situated, to the extent of the interest of the owner. When the lot or tract on which a building is erected is not surrounded at the time of making the contract with the owner by an enclosure separating it from adjoining land of the same owner, the lot or tract to which any lien extends shall be such area as is reasonably necessary for the convenient use and occupation of such building, but in no case shall the area include a building, structure, or improvement not normally used or occupied or intended to be used or occupied with the building with respect to which the lien is claimed.

"Sec. 44A-10. Effective date of liens. Liens granted by this Article shall relate to and take effect from the time of the first furnishing of labor or materials at the site of the improvement by the person claiming the lien.

"Sec. 44A-11. Perfecting liens. Liens granted by this Article shall be perfected as of the time set forth in G. S. 44A-10 upon filing of claim of lien pursuant to G. S. 44A-12 and may be enforced pursuant to G. S. 44A-13.

"Sec. 44A-12. Filing claim of lien. (a) Place of Filing. All claims of lien against any real property must be filed in the office of the clerk of superior court in each county wherein the real property subject to the claim of lien is located. The clerk of superior court shall note the claim of lien on the judgment docket and index the same under the name of the record owner of the real property at the time the claim of lien is filed. An additional copy of the claim of lien may also be filed with any receiver, referee in bankruptcy or assignee for benefit of creditors who obtains legal authority over the real property.

"(b) Time of Filing. Claims of lien may be filed at any time after the maturity of the obligation secured thereby but not later than 120 days after the last furnishing of labor or materials at the site of the improvement by the person claiming the lien.

"(c) Contents of Claim of Lien to be Filed. All claims of lien must be filed using a form substantially as follows:
CLAIM OF LIEN

1. Name and address of the person claiming the lien:

2. Name and address of the record owner of the real property claimed to be subject to the lien at the time the claim of lien is filed:

5. Date upon which labor or materials were first furnished upon said property by the claimant:

6. General description of the labor performed or materials furnished and the amount claimed therefor:

Filed this ______ day of ________, 19

(Clerk of Superior Court)

"A general description of the labor performed or materials furnished is sufficient. It is not necessary for lien claimant to file an itemized list of materials or a detailed statement of labor performed.

"(d) No Amendment of Claim of Lien. A claim of lien may not be amended. A claim of lien may be cancelled by a claimant or his authorized agent or attorney and a new claim of lien substituted therefor within the time herein provided for original filing.

"(e) Notice of Assignment of Claim of Lien. When a claim of lien has been filed, it may be assigned of record by the lien claimant in a writing filed with the clerk of superior court who shall note said assignment in the margin of the judgment docket containing the claim of lien. Thereafter the assignee becomes the lien claimant of record.

"Sec. 44A-13. Action to enforce lien. (a) Where and When Action Instituted. An action to enforce the lien created by this Article may be instituted in any county in which the lien is filed. No such action may be commenced later than 180 days after the last furnishing of labor or materials at the site of the improvement by the person claiming the lien. If the title to the real property against which the lien is asserted is by law vested in a receiver or trustee in bankruptcy, the lien shall be enforced in accordance with the orders of the court having jurisdiction over said real property.

"(b) Judgment. Judgment enforcing a lien under this article may be entered for the principal amount shown to be due, not exceeding the principal amount stated in the claim of lien enforced thereby. The judgment shall direct a sale of the real property subject to the lien thereby enforced.

"Sec. 44A-14. Sale of property in satisfaction of judgment enforcing lien or upon order prior to judgment; distribution of proceeds. (a) Execution Sale; Effect of Sale. Except as provided in subsection (b) of this Section, sales under this Article and

"(b) Sale of Property Upon Order Prior to Judgment. A resident judge of superior court in the district in which the action to enforce the lien is pending, a judge regularly holding the superior courts of the said district, any judge holding a session of superior court, either civil or criminal, in the said district, a special judge of superior court residing in the said district, or the Chief Judge of the District Court in which the action to enforce the lien is pending, may, upon notice to all interested parties and after a hearing thereupon and upon a finding that a sale prior to judgment is necessary to prevent substantial waste, destruction, depreciation or other damage to said real property prior to the final determination of said action, order any real property against which a lien under this Article is asserted, sold in any manner determined by said judge to be commercially reasonable. The rights of all parties shall be transferred to the proceeds of the sale. Application for such order and further proceedings thereon may be heard in or out of session.

"Sec. 44A-15. Attachment available to lien claimant. In addition to other grounds for attachment, in all cases where the owner removes or attempts or threatens to remove an improvement from real property subject to a lien under this Article, without the written permission of the lien claimant or with the intent to deprive the lien claimant of his lien, the remedy of attachment of the property subject to the lien shall be available to the lien claimant or any other person.

"Sec. 44A-16. Discharge of record lien. Any lien filed under this Article may be discharged by any of the following methods:

(1) The lien claimant of record, his agent or attorney, in the presence of the clerk of superior court may acknowledge the satisfaction of the lien indebtedness, whereupon the clerk of superior court shall forthwith make upon the record of such lien an entry of such acknowledgment of satisfaction, which shall be signed by the lien claimant of record, his agent or attorney, and witnessed by the clerk of superior court.

(2) The owner may exhibit an instrument of satisfaction signed and acknowledged by the lien claimant of record which instrument states that the lien indebtedness has been paid or satisfied, whereupon the clerk of superior court shall cancel the lien by entry of satisfaction on the record of such lien.

(3) By failure to enforce the lien within the time prescribed in this Article.

(4) By filing in the office of the clerk of superior court the original or certified copy of a judgment or decree of a court of competent jurisdiction showing that the action by the claimant to enforce the lien has been dismissed or finally determined adversely to the claimant.

(5) Whenever a sum equal to the amount of the lien or liens claimed is deposited with the clerk of court, to be applied to the payment finally determined to be due, whereupon the clerk of superior court shall cancel the lien or liens of record."

AN ACT TO AMEND THE UNIFORM COMMERCIAL CODE AS ENACTED IN THIS STATE AND TO AMEND OTHER RELATED STATUTES.

The General Assembly of North Carolina do enact:

Section 1. Chapter 25 of the General Statutes of North Carolina, the Uniform Commercial Code, as the same appears in the 1965 Replacement Volume 1D of the General Statutes of North Carolina and the 1967 Cumulative Supplement, is hereby amended, as follows:

(1) G.S. 25-8-407 is repealed.

(2) G.S. 25-9-402(1) is hereby amended by deleting from the ninth line thereof, immediately after the word "owner" the words "or record lessee."

G.S. 25-9-402(3) as the same appears in the 1967 Supplement to Volume 1D of the General Statutes of North Carolina is hereby amended by deleting from the tenth and fourteenth lines thereof, immediately after the words "Owner" the words "or Record Lessee."

(3) G.S. 25-9-402(1) is hereby amended by adding at the end thereof the following subsections:
"(a) Each financing statement covering crops growing or to be grown or goods which are or are to become fixtures must contain the statement, 'Collateral is or includes fixtures,' and/or 'Collateral is or includes crops,' as is appropriate; or the appropriate box in Block 6 of said financing statements shall be marked, thus likewise so identifying such collateral.

"(b) A duplicate, photostatic copy, photocopy or other facsimile of a security agreement is sufficient as a financing statement provided the security agreement copied contains the above information and is signed by both parties."

(4) G.S. 25-9-402 is amended by adding thereto the following subsection:

"(6) The Secretary of State shall have the authority to promulgate, issue and prescribe such financing statement forms and other forms as he deems necessary to be used as standard forms for any filing contemplated by any Section under this Article."

(5) G.S. 25-9-403(4) is amended by adding at the end thereof the following:

"(a) As to all financing statements filed on or after July 1, 1969, in addition to the indexing required in the preceding sentence, where the financing statements bear the statement(s), 'Collateral is or includes Fixtures,' and/or 'Collateral is or includes Crops,' as is appropriate, or their substantial equivalent; or where the appropriate box identifying 'FIXTURES' and/or 'CROPS' is checked or marked in Block 6 of such financing statements; the register of deeds shall index the statements in the index to financing statements so as to reflect the name of the record owner given in the statement. When the debtor is not the record owner, the register of deeds shall enter the name of the record owner in the place designated for entry of the name of the debtor and shall stamp or print conspicuously beneath the surname of the record owner the legend "RECORD OWNER" and shall note therein the file number of the financing statement. When the debtor is also the record owner, the register of deeds shall make one index entry in the name of the debtor and shall stamp or print conspicuously beneath his surname the legend, "RECORD OWNER."

(b) As to financing statements previously filed through June 30, 1969, if such statements show plainly on their face that they were intended to cover crops growing or to be grown or goods which are or are to become fixtures, by virtue of their having identified the collateral on the face of such statements as 'FIXTURES' and/or 'CROPS;' as is appropriate, or by their having checked or marked the appropriate box in Block 6 of said financing statements; the register of deeds shall also index such financing statements in the index to financing statements so as to reflect the name of the record owner in the manner required by paragraph (a) above. This indexing shall be completed not later than July 1, 1972.

(c) If copies of security agreements are filed as financing statements, on or after July 1, 1969, as authorized by G.S. 25-9-402, to perfect security interests in crops and/or fixtures, the secured party or other filer shall stamp or print conspicuously on the face of the first page of such copy the legend, 'Collateral is or includes fixtures' and/or 'Collateral is or includes crops;' as is appropriate.

(d) As to copies of security agreements previously filed until July 1, 1969, as previously authorized by G. (6) G.S. 25-9-404(1) is rewritten to read as follows:

"(1) Whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must on written demand by the debtor send the debtor a statement that he no longer claims a security interest under the financing statement, which shall be identified by file number. A termination statement signed by a person other than the secured party of record must include or be accompanied by the assignment or a statement by the secured party of record that he has assigned the security interest to the signer of the termination statement. The uniform fee for filing and indexing such an assignment or statement thereof shall be two dollars ($2.00) when submitted on a standard size form approved by the Secretary of State, and for all other assignments or statements thereof, a three dollar ($3.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages. If the affected secured party fails to send such a termination statement within ten days after proper demand therefor, he shall be liable to the debtor for one hundred dollars ($100.00), and in addition for any loss caused to the debtor by such failure."

Either the original secured party or the assignee may sign this statement as the secured party. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in Section 25-9-403(4). The uniform fee for filing, indexing and furnishing filing data for a financing statement so indicating an assignment shall be three dollars ($3.00) when submitted on a standard size form approved by the Secretary of State, and for all other statements a three dollar ($3.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages.

A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of the filing. He shall note the assignment on the index of the financing statement. The uniform fee for filing, indexing and furnishing filing data about such a separate statement of assignment shall be two dollars ($2.00) when submitted on a standard size form approved by the Secretary of State, and for all other statements a three dollar ($3.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages.

(3) After the disclosure or filing of an assignment under this Section, the assignee is the secured party of record."
(8) G.S. 25-9-406 is rewritten to read as follows:

The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. Upon presentation of such a statement to the filing officer, he shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. The uniform fee for filing and noting such a statement of release shall be two dollars ($2.00) when submitted on a standard size form approved by the Secretary of State, and for all other statements a three dollars ($3.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages."

(9) G.S. 25-9-603(3), as the same appears in the 1967 Cumulative Supplement to the 1965 Replacement Volume 1D of the General Statutes of North Carolina, is hereby rewritten to read as follows:

"(3) in addition to mailing a copy of the notice of sale to each debtor, the secured party or other party holding such sale shall, except in the case of consumer goods, also mail a copy of said notice by registered or certified mail to any other person who has a security interest in the collateral and who has duly filed a financing statement, which is on record in the proper filing office twenty days' prior to the date of sale or who is known by the secured party to have a security interest in the collateral."

Money in the hands of such broker or custodian derived from the sale of, or held for the purpose of, such shares or securities shall be treated in the same manner as such shares or securities.

(c) Upon the death of a joint tenant his interest shall pass to the surviving joint tenant. The interest of the deceased joint tenant, even though it has passed to the surviving joint tenant, remains liable for the debts of the decedent in the same manner as the personal property included in his estate, and recovery thereof shall be made from the surviving joint tenant when the decedent's estate is insufficient to satisfy such debts.
(d) Nothing herein contained shall be construed to repeal or modify any of the provisions of G.S. 105-2, G.S. 105-11, and G.S. 105-24, relating to the administration of the inheritance tax laws, or any other provisions of the law relating to inheritance taxes."

There is hereby created a general claim and a lien, enforceable as hereinafter provided, upon the real property of any person who receives assistance to the aged and disabled. The claim and the lien shall be for the total amount of assistance paid to such person from and after (a) October 1, 1951, if the recipient receives assistance as an aged person, or (b) October 1, 1963, if the recipient receives assistance as a permanently and totally disabled person."

Sec. 2. Part 1 of Article 2 of Chapter 108 of the General Statutes, as it appears in Chapter 546 of the Session Laws of 1969, is hereby further amended by repealing the first sentence of G. S. 108-30 and by inserting in lieu thereof the following:

or subsequently owns real property."

Sec. 3. Part 1 of Article 2 of Chapter 108 of the General Statutes, as it appears
in Chapter 546 of the Session Laws of 1969, is hereby further amended by repealing
G. S. 108-32 and by inserting in the place thereof a new G. S. 108-32 as follows:

"G. S. 108-32. Priority of claim; priority of lien. (a) The claim created against
the estate of the recipient shall have equal priority in order of payment with the
sixth class under G. S. 28-105 and shall be subordinate to the debts, expenses, taxes,
dues and judgments of the first five classes as provided by G. S. 28-105.

"(b) The priority of the lien created on the real property of the recipient shall
be determined in accordance with the laws governing priority of liens against real

improvements on the property, whether title to the property is held by the recipient

satisfied, provided that any such lien which has been filed more than ten (10) years
prior to January 1, 1970, and any such lien which shall become ten (10) years old
thereafter shall expire unless an additional statement of such lien is filed and prop-
perly indexed as required by G. S. 108-30, prior to the date of such expiration; provid-
ed further that no action to enforce the lien may be brought more than ten (10)
years after the last day on which assistance was paid nor more than three (3) years
after the date of the recipient's death. Failure to bring action within such times
shall be a complete bar against any recovery and shall extinguish the lien."

Sec. 5. Part 1 of Article 2 of Chapter 108 of the General Statutes as it appears
in Chapter 546 of the Session Laws of 1969, is hereby further amended by repealing
sections as follows:

"G. S. 108-35. Notification of lien on termination of assistance. The county depart-

to the aged and disabled grant by reason of death or otherwise, examine the case
record of such recipient, the tax records of the county, and, in case of termination
because of death, the records relating to executors, administrators, collectors, or
other personal representatives. If it appears from this examination or from any
other information which has come to the attention of the department, (i) that such
recipient does not own, or has not owned since the date of the filing of the lien
against such recipient's realty, any real property, and (ii) that such recipient does
not own nor his estate consist of any personal property in excess of one hundred
dollars ($100.00), and (iii) in the case of a termination because of death, that no
executor, administrator, collector or other personal representative has been appoint-
ed an entry shall be made in the case record reflecting the results of this examina-
tion. If it appears from this examination, from a subsequent examination, or from
any other information which may come to the attention of the department, (i) that
such recipient does own, or has owned since the date of the filing of the lien against
such recipient's realty, any property, or (ii) that such recipient does own or his
estate consists of personal property of a value in excess of one hundred dollars
($100.00), or (iii) in case of termination by death, that an executor, administrator,
collector, or other personal representative has been appointed, then the department
shall furnish to the county attorney all available information concerning the prop-
erty of the recipient the name of the spouse of the recipient, the township in which
the recipient resides or resided, the total amount of aid to the aged and disabled
assistance received by the recipient from and after October 1, 1951, in the case
of a recipient of aid to the aged, and October 1, 1963, in the case of a recipient
of aid to the disabled, by or through the State and the several counties thereof;
and the reason for termination of the grant.

*G. S. 108-36. Enforcement of lien. Upon receipt of this information, the county
attorney shall take such steps as he may determine to be necessary to enforce the
claim or lien herein provided. If it be made to appear to the Clerk of the Superior
Court that the personal property of the estate of a deceased recipient of assistance
does not exceed one hundred dollars ($100.00) in value, a personal representative
of such deceased recipient shall not be a necessary party to an action to enforce
the lien against such recipient's realty. Any funds remaining after satisfaction of
such lien shall be paid into the office of the Clerk of the Superior Court.

*G. S. 108-37. Distribution of funds collected. The United States and the State
of North Carolina shall be entitled to share in any sum collected under the provi-
sions of this Article, and their proportionate parts of such sum shall be determined
in accordance with the matching formulas in use during the period for which assist-
ance was paid to the recipient. The county enforcing the claim as herein provided
and any other county within the State which has paid aid to the aged or disabled
assistance to such recipient shall share proratably in any sum collected. All sums
collected shall be deposited in the county aid to aged and disabled fund and a report
of such deposit made to the State Board of Social Services. All sums to which the
United States or the State of North Carolina may become entitled under the provi-
sions of this Article shall be promptly paid or credited. All such sums to which
the State may become entitled shall be deposited in the State Aid to the Aged and
Disabled Fund and shall become a part of that fund.

*All necessary costs incurred in the collection of any claim shall be borne prorat-
ably by the United States, the State, and the county in proportion to the share
of the sum collected to which each may be entitled; provided, that neither the United
States nor the State shall in any instance be chargeable for costs in excess of the sum received by it from the claim. Necessary costs of collection of any claim shall include all costs of services in the filing, processing, investigation, and collection of such claim.

Sec. 6. All laws and clauses of laws in conflict with this Act are hereby repealed.

CHAPTER 1166

AN ACT TO ESTABLISH IN THE PUBLIC SCHOOLS A PROGRAM FOR THE EDUCATION OF HEARING-IMPAIRED CHILDREN, TO PROVIDE FUNDS FOR THE OPERATION OF SUCH PROGRAM AND TO PROVIDE CERTAIN STANDARDS FOR THE CONTINUING EDUCATION OF HEARING-IMPAIRED CHILDREN.

The General Assembly of North Carolina do enact:

Section 1. Chapter 115 of the General Statutes is hereby amended by adding immediately after the present Article 38 a new article to be designated as Article 38A and reading as follows:

"Article 38A.

*Education for Hearing-Impaired Children in the Public Schools.

"Sec. 115-315.1. Purpose of Act. It is the purpose of this Act to provide, in the Public Schools of North Carolina, a comprehensive program for hearing-impaired children of pre-school age so that such pre-school children may be taught and instructed during the critical learning years, and to provide likewise a comprehensive program in the public schools of this State for school age children who, while not deaf, have some degree of hearing impairment which calls for and lends itself to special instruction in the public schools implemented by trained teachers and special equipment. It is further the purpose of this Act to provide a system for the identification and professional evaluation of pre-school children who have impaired hearing.

It is deemed advantageous that hard-of-hearing children of school age be, as far as is possible, educated in a normal public school environment in their home community and in the presence of children not handicapped by hearing impairment rather than in the isolation of special programs away from the home community and local environment. At the same time the General Assembly recognizes the continuing and strong need for the State's residential schools for the deaf and affirms continued support in such schools. It is not the purpose of this Act to duplicate in any manner the function of the residential schools for the deaf."

"Sec. 115-315.2. Definitions. Unless the context of this Article otherwise requires:

"(1) The term 'deaf' shall mean those children in whom the sense of hearing is non-functional for the ordinary purposes of life. The term is inclusive both of congenitally deaf and adventitiously deaf.

"(2) The term 'hard-of-hearing' means those children in whom the sense of hearing, although defective, is functional with or without the hearing aid."
"(3) The term 'hearing-impaired' is inclusive both of the deaf and the hard-of-hearing and includes any child in whom there is some substantial degree of hearing impairment which calls for special instruction or special equipment in the learning processes."

"Sec. 115-315.3. Organization of program; rules and regulations; eligibility for instructional training; information to local school units. There shall be organized and administered by the State Superintendent of Public Instruction and the State Board of Education, under the general supervision of the State Superintendent of Public Instruction, a program for the education of hearing-impaired children residing within the State. Such program shall be available to all pre-school hearing-impaired children between the ages of one and six and shall be available for all hard-of-hearing children of school age. Such program shall be a continuing program and shall commence during the school year 1969-70. The State Superintendent of Public Instruction, subject to the approval of the State Board of Education, shall formulate reasonable rules prescribing the program and procedures for its operation and maintenance and shall prescribe reasonable rules for determining a child's eligibility for participation on the basis of adequate individual audiology, medical evaluation and other related factors. Provided, however, children who are of school age and who are, upon medical evaluation, found to be deaf, may be instructed in the North Carolina Schools for the Deaf. In order to assure maximum participation by local school administrative units, full information on the rules and regulations and pertinent information shall be forwarded to the local school unit in time for them to meet the requirements in qualifying for participation in the program.

"The State Superintendent of Public Instruction in prescribing the procedures for the operation and maintenance of a program under this Article, shall distinguish between the program for pre-school children, which program shall be available to all hearing-impaired children of pre-school age, and the program for school age children."

"Sec. 115-315.4. Authority of local school board to establish programs; joint operations; duty of local superintendent. County and city boards of education are hereby authorized to establish programs for pre-school hearing-impaired children and hard-of-hearing school age children in each administrative unit. Boards of education in more than one administrative unit may by written agreement recorded in their minutes jointly operate such program. When directed by the board of education in the administrative unit, it shall be the duty of the superintendent of public instruction in that unit to conduct a survey of the pre-school aged children residing in said unit for the purpose of determining the identity of the hearing-impaired. The superintendent shall then make a full report to the board as to his findings and shall thereafter report to the board, from time to time, any other such hearing-impaired children within the administrative unit when they shall come to his attention. All pre-school children included in the program shall first be afforded an otological and audiological examination."

"Sec. 115-315.5. Expenditure of State and local funds; gifts. In addition to such other funds as may be available for their purpose, county and city boards of education establishing programs for the pre-school age hearing-impaired and school age hard-of-hearing under this Article are authorized to expend therefor any State or local funds appropriated to them under the provisions of this Article. County and city boards may also receive gifts to be used for such programs and may expend
them for such purposes. Any funds received by way of gift for use of the hearing-impaired program, shall be faithfully accounted for the same as if such funds were public funds. County and city boards of education are authorized to include in their capital outlay and current expense budgets, funds to facilitate the establishment, maintenance and operation of programs pursuant to this Article, and the tax levying authorities of the counties and municipalities involved are authorized to levy proper taxes therefor."

"Sec. 115-315.6. Request for teachers and other allotments from State Board; disapproval of request; transfer of funds. When the county or city board of education in any administrative unit or units shall approve the establishment of an instruction program for pre-school age hearing-impaired children and for the school age hard-of-hearing in said unit or units, it may thereupon request from the State Board of Education an allotment of teachers for the program and such other allotments as may be applicable to the program. When such programs in a unit or a combination of units meets the rules and regulations prescribed in accordance with the State Board of Education, the State Board may provide teachers and other applicable allotments for such a program from the appropriation made to the Nine Months School Fund. Whenever a request is disapproved either by failure to qualify under the rules and regulations established under authority of G. S. 115-315.3 or because of lack of funds, the reason for such disapproval shall be certified by the State Superintendent of Public Instruction to the State Board of Education and to the superintendent of the unit or units making the request."

Sec. 2. G. S. 115-78(b) is amended by adding after the present subsection (6) a new subsection to be designated as subsection (7) and reading as follows:

"(7) Special program for hearing-impaired children at the pre-school age level and for school age children who are hard-of-hearing, includes cost of purchasing instructional apparatus and equipment, salaries for trained instructors and teachers."

Sec. 3. G. S. 115-79(5) is amended by adding a new subdivision, to be designated as subdivision d., to read as follows:

Sec. 2. Definitions. Wherever used or referred to in this Act, unless a different meaning clearly appears from the context:

(a) "Mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include those aspects of deep mining not having significant effect on the surface; and shall not include excavation or grading when conducted solely in aid of on-site farming or construction.

(b) "Council" means the Mining Council created by Section 2 of Chapter 946 of the Session Laws of 1967.

(c) "Department" means the Department of Conservation and Development.

Sec. 3. State Mining Engineer. The position of State Mining Engineer is hereby created within the Division of Mineral Resources of the Department of Conservation and Development. Sec. 5. **Mining Registration.** Prior to March 31, 1970, the owner or operator of every mining operation in the State shall secure a registration certificate from the State Mining Engineer. (e) Summary of present and proposed conservation and land reclamation plans and procedures, if any.

The owner or operator of any mining operation which begins subsequent to March 31, 1970, shall secure such a registration certificate no later than thirty (30) days after beginning operations.

Provided, however, that the Mining Council may by regulation exempt from registration mining operations that involve or affect surface areas of less than one-quarter acre in extent, if the Council finds that it is not administratively feasible to register such mining operations and that the exemption of such mining operations will not substantially impair the purposes of this Act.

Sec. 6. **Mining Council.** (a) The Mining Council, in addition to its duties under the Interstate Mining Compact as specified in Chapter 946 of the Session Laws of 1967, shall develop with the assistance of the State Mining Engineer recommendations to the 1971 General Assembly for legislation under which mining operations in the State shall be regulated. Such recommended legislation shall include provisions (1) designating or creating a State agency to regulate the mining industry, (2) specifying the legal responsibility for reclamation of mined-out land, and (3) creating a system of licensing of mining operations sufficient to insure adequate conservation and land reclamation measures in connection with such operations, in addition to such other provisions as the Council shall deem necessary and appropriate.

(b) The Mining Council may adopt and modify from time to time rules and regulations consistent with this Act to implement the provisions of this Act. All such rules and regulations, and modifications thereof, shall be filed with the Secretary of State as required by Article 18 of Chapter 143 of the General Statutes.

In the event a municipal governing body designates itself to exercise the powers, duties, and responsibilities of a redevelopment commission, it may assign the administration of redevelopment policies, programs and plans to any existing or new department of the municipality.

(b) The governing body of any municipality which has prior to the effective date of this section created, or which may hereafter create, a redevelopment commission may, in its discretion, by resolution abolish such redevelopment commission, such abolition to be effective on a day set in such resolution not less than 90 days after its adoption. Any municipality which abolishes a redevelopment commission pursuant to this subsection may, at any time subsequent to such abolition or concurrently therewith, exercise the authority granted by subsection (a) of this section.

On the day set in the resolution of the governing body:

(1) the redevelopment commission shall cease to exist as a body politic and corporate and as a public body;

(2) all property, real and personal and mixed, belonging to the redevelopment commission shall vest in, belong to, and be the property of the municipality;

(3) all judgements, liens, rights of liens, and causes of action of any nature in favor of the redevelopment commission shall remain, vest in, and inure to the benefit of the municipality;

(4) all rentals, taxes, assessments, and any other funds, charges or fees, owing to the redevelopment commission shall be owed to and collected by the municipality;

(5) any actions, suits, and proceedings pending against, or having been instituted by the redevelopment commission shall not be abated by such abolition, but all such actions, suits, and proceedings shall be continued and completed in the same manner as if abolition had not occurred, and the municipality shall be a party to all such actions, suits, and proceedings in the place and stead of the redevelopment commission and shall pay or cause to be paid any judgment rendered against the redevelopment commission in any such actions, suits, or proceedings, and no new process need be served in any such action, suit, or proceeding;

(6) all obligations of the redevelopment commission, including outstanding indebtedness, shall be assumed by the municipality, and all such obligations and outstanding indebtedness shall be constituted obligations and indebtedness of the municipality;

(7) all ordinances, rules, regulations and policies of the redevelopment commission shall continue in full force and effect until repealed or amended by the governing body of the municipality.

CHAPTER 1228

AN ACT ENABLING EACH OF THE COUNTIES OF THE STATE TO HOLD A SPECIAL ELECTION FOR THE PURPOSE OF CONSIDERING WHETHER A COUNTY SHALL OR SHALL NOT IMPOSE AND LEVY A SALES AND USE TAX OF ONE PER CENT (1%) UPON CERTAIN TAXABLE TRANSACTIONS.

The General Assembly of North Carolina do enact:

Section 1. Article 5 of Chapter 105 of the General Statutes of North Carolina is hereby amended by adding at the end thereof, immediately following G. S. 105-164.44, a new division to be designated as Division IX and reading as follows:

"Division IX. Title and Purpose

G. S. 105-164.45. Short title. This division shall be known as the 'Local Option Sales and Use Tax Act'.

G. S. 105-164.46. Purpose and intent. It is the purpose of this Act to provide the counties and municipalities of this State with an added source of revenue and to assist them in meeting their growing financial needs by providing that counties may by special election adopt and levy a one per cent (1%) sales and use tax as hereinafter provided.

G. S. 105-164.47. County elections as to adoption of local sales and use tax. The board of elections of each county shall call and conduct a special election on Tuesday, November 4, 1969, for the purpose of submitting to the voters of each such county the question of whether a one per cent (1%) sales and use tax as hereinafter provided will be levied.
The special election shall be held under the same rules and regulations applicable to the election of members of the General Assembly. A new registration of voters is not required and all qualified voters in each county who are properly registered prior to the registration for the special election, as well as those voters who register for the special election, shall be entitled to vote in said election. The board of elections of each county shall give at least twenty (20) days' public notice prior to the opening of the registration books for the special election, and the registration books shall remain open for the same period of time before the special election as is required by law for a regular election.

The board of elections of each county shall prepare ballots for the special election which shall contain the words, 'FOR the one per cent (1%) local sales and use tax', and the words, 'AGAINST the one per cent (1%) local sales and use tax', with appropriate squares so that each voter may designate his vote by his cross (x) mark.

G. S. 105-164.48. Subsequent county elections as to adoption of local sales and use tax. The board of elections of any county in which the local sales and use tax is not approved in the special election authorized by G. S. 105-164.47, upon the written request of the board of county commissioners thereof, or upon receipt of a petition signed by qualified voters of the county equal in number to at least fifteen percent (15%) of the total number of votes cast in the county at the last preceding election for the office of Governor, shall call a special election for the purpose of submitting to the voters of the county the question of whether a one per cent (1%) sales and use tax as hereinafter provided will be levied.

The special election shall be held under the same rules and regulations applicable to the election of members of the General Assembly. A new registration of voters is not required and all qualified voters in the county who are properly registered prior to the registration for the special election, as well as those voters who register for the special election, shall be entitled to vote in said election. The county board of elections shall give at least twenty (20) days' public notice prior to the opening of the registration books for the special election, and the registration books shall remain open for the same period of time before the special election as is required by law for a regular election.

The county board of elections shall prepare ballots for the special election which shall contain the words, 'FOR the one per cent (1%) local sales and use tax', and the words, 'AGAINST the one per cent (1%) local sales and use tax', with appropriate squares so that each voter may designate his vote by his cross (x) mark.

The county board of elections shall fix the date of the special election; provided, however, that the special election shall not be held on the day of any biennial election for county officers, nor within sixty (60) days thereof, nor within one (1) year from the date of the last preceding special election under this division.

G. S. 105-164.49. Effect of election in counties levying local sales and use tax. No special election held pursuant to this Act shall have the effect of repealing or altering in any manner whatsoever any local sales and use tax adopted and levied pursuant to Chapter 1096 of the Session Laws of 1967, or pursuant to any other local Act heretofore or hereafter enacted.

G. S. 105-164.50. Effective date of tax. In the event a majority of those voting in a special election held pursuant to either G. S. 105-164.47 or G. S. 105-164.48 shall approve the levy of the local sales and use tax, the tax shall be levied beginning on the first day of the month following the expiration of ninety (90) days from the
date of the special election. Upon receipt of a certified statement from the county board of elections of the result of a special election held pursuant to either G. S. 105-164.47 or G. S. 105-164.48 approving the tax in a county, the Commissioner of Revenue shall proceed as authorized in this division to administer the tax in such county; provided, however, that the tax shall not be levied in Edgecombe County unless a majority of those voting in a special election in Edgecombe County and a majority of those voting in a special election in Nash County shall approve the levy of the tax, and the tax shall not be levied in Nash County unless a majority of those voting in a special election in Nash County and a majority of those voting in a special election in Edgecombe County shall approve the levy of the tax; provided, further, special elections in Edgecombe County or Nash County approving the levy of the tax need not have been held simultaneously.

G. S. 105-164.51. Sales tax imposed: Limited to items on which the State now imposes a 3% sales tax. The sales tax which may be imposed under this division is limited to a tax at the rate of one percent (1%) of: (1) the sale price of those articles of tangible personal property now subject to the three percent (3%) sales tax imposed by the State under G. S. 105-164.4(1); (2) the gross receipts derived from the lease or rental of tangible personal property where the lease or rental of such property is an established business now subject to the three percent (3%) sales tax imposed by the State under G. S. 105-164.4(2); (3) the gross receipts derived from the rental of any room or lodging furnished by any hotel, motel, inn, tourist camp or other similar public accommodations now subject to the three percent (3%) sales tax imposed by the State under G. S. 105-164.4(3); and (4) the gross receipts derived from services rendered by laundries, dry cleaners, cleaning plants and similar type businesses now subject to the three percent (3%) sales tax imposed by the State under G. S. 105-164.4(4).

The exemptions and exclusions contained in G. S. 105-164.13 shall apply with equal force and like manner to the local sales tax authorized to be imposed and levied under this division. The county shall have no authority, with respect to the local sales and use tax, imposed under this division, to change, alter, add or delete any exemptions or exclusions contained under G. S. 105-164.13.

The local sales tax authorized to be imposed and levied under the provisions of this division shall be applicable to such retail sales, leases, rentals, rendering of services, furnishing of lodging or accommodations and other taxable transactions which are made, furnished or rendered by retailers whose place of business is located within the taxing county. The tax so imposed and levied shall apply to the furnishing of rooms, lodging or other accommodations within the county which are rented to transients. For the purposes of this division, it is immaterial that the sale of tangible personal property is consummated by delivery in another county or that tangible personal property leased or rented is or may be located in another county; provided, however, no tax shall be imposed where the tangible personal property sold is delivered by the retailer or his agent to the purchaser at a point outside this State or to a common carrier for delivery to the purchaser at a point outside this State.

G. S. 105-164.52. Use tax imposed: Limited to items upon which the State now imposes a three percent (3%) use tax. The use tax which may be imposed under this division shall be at the rate of one percent (1%) of the cost price of each item or article of tangible personal property when the same is not sold but used, con-
sumed or stored for use or consumption in the taxing county, except that no tax
shall be imposed upon such tangible personal property when, if the property were
subject to the use tax imposed by G. S. 105-164.6, such property would be taxed
by the State of North Carolina at a rate less than three percent (3%).

Every retailer engaged in business in this State and in the taxing county and
required to collect the use tax levied by G. S. 105-164.6 shall also collect the one
percent (1%) use tax when such property is to be used, consumed or stored in the
taxing county, said one percent (1%) use tax to be collected concurrently with the
State's use tax; but no retailer not required to collect the use tax levied by G. S.
105-164.6 shall be required to collect the one percent (1%) use tax. The use tax
contemplated by this Section shall be levied against the purchaser, and his liability
for such use tax shall be extinguished only upon his payment of the use tax to
the retailer, where the retailer is required to collect the tax, or to the Commissioner
of Revenue, where the retailer is not required to collect the tax.

Where a local sales or use tax has been paid with respect to said tangible person-
al property by the purchaser thereof, either in another taxing county within the
State, or in a taxing jurisdiction outside the State where the purpose of the tax
is similar in purpose and intent to the tax which may be imposed pursuant to this
division, said tax may be credited against the tax imposed under this Section by
a taxing county upon the same property. If the amount of sales or use tax so paid
is less than the amount of the use tax due the taxing county under this Section,
the purchaser shall pay to the Commissioner of Revenue an amount equal to the
difference between the amount so paid in the other taxing county or jurisdiction
and the amount due in the taxing county hereunder. The Commissioner of Revenue
may require such proof of payment in another taxing county or jurisdiction as he
deems to be necessary and proper. The use tax levied hereunder shall not be subject
to credit for payment of any state sales or use tax not imposed for the benefit and
use of counties and municipalities.

G. S. 105-164.53. Collection and administration of local sales and use tax; autho-
rization to promulgate rules and regulations. The Commissioner of Revenue shall
collect the local sales and use tax imposed by any county pursuant to the provisions
of this division and shall be charged with the duty of administering the local sales
and use tax authorized to be imposed by this division. In addition to the present
statutory provisions authorizing the Commissioner of Revenue to adopt and promul-
gate rules and regulations pertaining to the administration and collection of taxes
under this Article, the Commissioner of Revenue is empowered to promulgate such
additional rules and regulations as are necessary and proper for the implementation
of this division.

G. S. 105-164.54. Retail bracket system; application to local sales and use tax.
For the convenience of the retailer in collecting the State sales and use tax due
at the rate of three percent (3%) and the county sales and use tax due at the rate
of one percent (1%), and to facilitate the administration of this Article, every retailer
making sales subject to the tax imposed and levied herein shall add to the sale
price, collect from the purchaser and remit to the Commissioner of Revenue on
all taxable sales an amount equal to the following:

No amount on sales of less than 10¢
1¢ on sales of 10¢ to 29¢
2¢ on sales of 30¢ to 59¢

1427
The use of the bracket system, set out above, shall not relieve the retailer from the duty and liability of collecting and remitting to the Commissioner of Revenue an amount equal to the tax imposed by the State and the taxing county under this Article.

G. S. 105-164.55. Retailer to collect tax. Every retailer having a place of business in any taxing county levying a sales and use tax under this division, shall on and after the effective date of the tax herein levied collect the one percent (1%) local sales and use tax provided by this division.

The tax to be collected under this division shall be collected as a part of the sales price of the item of tangible personal property sold, the cost price of the item of tangible personal property used, or as a part of the charge for the rendering of any services, renting or leasing of tangible personal property, or the furnishing of any accommodations taxable hereunder. The total taxes imposed under this Article shall be stated and charged separately from the sales price or cost price, shall be shown separately on the retailer's sales record, and shall be paid by the purchaser to the retailer as trustee for and on account of the county wherein the tax is imposed. It is the intent and purpose of this division that the local sales and use tax herein authorized to be imposed and levied by counties shall be added to the sales price and that the tax shall be passed on to the purchaser instead of being borne by the retailer. The Commissioner of Revenue shall design, print and furnish to all retailers the necessary forms for filing returns and instructions to insure the full collection from retailers, and the Commissioner may adapt the present form used for the reporting and collecting of the State sales and use tax to this purpose.

G. S. 105-164.56. Disposition and distribution of taxes collected; counties and municipalities to share with tax districts. The Commissioner of Revenue shall, on a quarterly basis, distribute to the taxing counties and to the municipalities therein the net proceeds of the tax collected under this division, which amount shall be determined by deducting taxes refunded, the cost to the State of collecting and administering the tax in the taxing counties and such other deductions as may be properly charged to the taxing counties, from the gross amount of the tax remitted to the Commissioner of Revenue from the taxing counties. The Commissioner shall determine the cost of collection and administration, and that amount shall be retained by the State before distribution of the net proceeds of the tax.

The amount distributable to each taxing county and to the municipalities therein from the net proceeds of the tax collected under this division shall be determined upon the following basis:

(a) One half (1/2) of the net proceeds collected in each taxing county shall be returned to that county, and the amounts so returned to each taxing county shall in turn be divided between the county and the municipalities therein in proportion to the total amount of ad valorem taxes levied by each during the fiscal year next preceding such distribution. For purposes of this Section, the amount of the ad valorem taxes levied by each county and municipality shall include any ad valorem taxes levied by such county or municipality in behalf of a taxing district or districts and collected by the county and municipality. In computing the amount of tax proceeds to be distributed to any county or municipality, the amount of any ad valorem
taxes levied but not substantially collected shall be ignored. Each county and municipality receiving a distributable share of the sale and use tax levied under this division shall in turn share the proceeds with any district or districts in behalf of which the county or municipality levied ad valorem taxes in the proportion that the district levy bears to the total levy of the county or municipality.

(b) The remainder of the net proceeds of the tax collected in the taxing counties shall be distributed to the taxing counties and to the municipalities therein upon a per capita basis according to the total population of all taxing counties, plus the total population of the municipalities therein. For this purpose, the Commissioner of Revenue shall determine a per capita figure by dividing the remainder of the net proceeds of the tax collected under this division for the preceding quarter within the taxing counties by the total population of the taxing counties plus the total population of all municipalities therein according to the most recent federal decennial census. The per capita figure thus derived shall be multiplied by the population of each respective taxing county and each respective municipality therein according to the most recent annual estimates of population as certified to the Commissioner of Revenue by the Director of the North Carolina Department of Administration. The Director of the North Carolina Department of Administration shall annually cause to be prepared and shall certify to the Commissioner of Revenue such reasonably accurate population estimates of all counties and municipalities in the State as may practicably be developed, and each respective product shall be the amount to be distributed to each taxing county and to each municipality therein.

G. S. 105-164.57. Definitions; Application of other provisions of Article 5; Construction of this division; Penalties. The definitions set forth in G. S. 105-164.3 shall apply to this division insofar as such definitions are not inconsistent with the provisions of this division, and all other provisions of Article 5 as the same relate to the North Carolina Sales and Use Tax Act shall be applicable to this division unless such provisions are inconsistent with the provisions of this division. In construing and interpreting the provisions of this division, the Commissioner of Revenue may uniformly apply the administrative interpretations which have heretofore been made by the Department of Revenue with respect to the North Carolina Sales and Use Tax Act. It is the intention of this division that the provisions of this division and the provisions of the North Carolina Sales and Use Tax Act, insofar as it is practicable, shall be harmonized.

The penalty provisions now applicable to the enforcement of the North Carolina Sales and Use Tax Act shall be applicable in like manner to the tax authorized to be levied and collected under this division."

Sec. 2. The provisions of Section 1 of this Act shall not be applicable with respect to any building materials purchased for the purpose of fulfilling any lump sum or unit price contract entered into or awarded, or entered into or awarded pursuant to any bid made, before the effective date of the tax imposed by a taxing county when, absent the provisions of this Section, such building materials would otherwise be subject to tax under the provisions of Section 1 of this Act.

Sec. 3. If any provisions of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 4. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 5. This Act shall be in full force and effect upon its ratification.

AN ACT RELATING TO THE FINANCING OF RESIDENTIAL HOUSING FOR PERSONS AND FAMILIES OF LOWER INCOME AND CREATING THE NORTH CAROLINA HOUSING CORPORATION; DEFINING ITS DUTIES, POWERS AND RESPONSIBILITIES; AUTHORIZING THE ISSUANCE OF NOT IN EXCESS OF $200,000,000 BONDS TO ASSIST IN THE FINANCING OF SUCH HOUSING; CREATING THE HOUSING DEVELOPMENT FUND AND AUTHORIZING THE ISSUANCE OF FUND NOTES, NOT MORE THAN $5,000,000 FUND NOTES TO BE OUTSTANDING AT ANY ONE TIME, TO PROVIDE DEVELOPMENT COST, CONSTRUCTION COST AND DOWN PAYMENT MONEYS; AND PROVIDING FOR THE TERMS, SECURITY, PAYMENT AND TAXATION STATUS OF ALL SUCH BONDS AND NOTES.

The General Assembly of North Carolina do enact:

Section 1. Short title. This Act shall be known and may be cited as the "North Carolina Housing Corporation Act".

Sec. 2. Legislative findings and purposes. The General Assembly hereby finds and declares that as a result of the spread of slum conditions and blight to formerly sound urban and rural neighborhoods and as a result of actions involving highways, public facilities and urban renewal activities there exists in the State of North Carolina a serious shortage of decent, safe and sanitary residential housing available at low prices or rentals to persons and families of lower income. This shortage is severe in certain urban areas of the State, is especially critical in the rural areas, and is inimical to the health, safety, welfare and prosperity of all residents of the State and to the sound growth of North Carolina communities.

The General Assembly hereby finds and declares further that private enterprise and investment have not been able to produce, without assistance, the needed construction of decent, safe and sanitary residential housing at low prices or rentals.
which persons and families of lower income can afford, or to achieve the urgently needed rehabilitation of much of the present lower income housing. It is imperative that the supply of residential housing for persons and families of lower income affected by the spread of slum conditions and blight and for persons and families of lower income displaced by public actions or natural disaster be increased; and that private enterprise and investment be encouraged to sponsor, build and rehabilitate residential housing for such persons and families, to help prevent the recurrence of slum conditions and blight and assist in their permanent elimination throughout North Carolina.

The General Assembly hereby finds and declares further that the purposes of this Act are to provide financing for development costs, land development and residential housing construction, new or rehabilitated, for sale or rental to persons and families of lower income.

The General Assembly hereby finds and declares further that in accomplishing this purpose, the North Carolina Housing Corporation, a public agency and an instrumentality of the State, is acting in all respects for the benefit of the people of the State in the performance of essential public functions and serves a public purpose in improving and otherwise promoting their health, welfare and prosperity, and that the North Carolina Housing Corporation is empowered to act on behalf of the State of North Carolina and its people in serving this public purpose for the benefit of the general public.

Sec. 6. Credit of State not pledged. Obligations issued under the provisions of
this Act shall not be deemed to constitute a debt, liability or obligation of the State
or of any political subdivision thereof or a pledge of the faith and credit of the
State or of any such political subdivision, but shall be payable solely from the reve-
enues or assets of the Corporation. Each obligation issued under this Act shall contain
on the face thereof a statement to the effect that the Corporation shall not be obligat-
ed to pay the same nor the interest thereon except from the revenues or assets
pledged therefor and that neither the faith and credit nor the taxing power of the
State or of any political subdivision thereof is pledged to the payment of the prin-
cipal of or the interest on such obligation.

Expenses incurred by the Corporation in carrying out the provisions of this Act
may be made payable from funds provided pursuant to this Act and no liability
shall be incurred by the Corporation hereunder beyond the extent to which moneys
shall have been so provided.

Sec. 7. Housing development fund. There is hereby created and established
a special revolving loan fund to be known as the "Housing Development Fund" and
to be administered by the Corporation as a trust fund separate and distinct from any other moneys or funds administered by the Corporation.

The Housing Development Fund shall be comprised of the proceeds of grants and contributions and of fund notes issued by the Corporation for the purpose of providing funds therefor. The Corporation is hereby authorized to receive and accept from any source whatever any grants or contributions for the Housing Development Fund. The Corporation is further authorized to provide for the issuance, at one time or from time to time, of Housing Development Fund notes for the purpose of providing funds for such Fund; provided, however, that not more than five million dollars ($5,000,000.00) fund notes shall be outstanding at any one time. The principal of and the interest on any such fund notes shall be payable solely from the Housing Development Fund. The fund notes of each issue shall be dated, shall mature at such time or times not exceeding ten years (10) from their date or dates, and may be made redeemable before maturity, at the option of the Corporation, at such price or prices and under such terms and conditions as may be determined by the Corporation. The Corporation shall determine the form and manner of execution of the fund notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State or any agent, including the lender. In case any officer whose signature or a facsimile of whose signature shall appear on any fund notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The fund notes may be issued in coupon or in registered form, or both, as the Corporation may determine, and provision may be made for the registration of any coupon fund notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon fund notes of any fund notes registered as to both principal and interest, and for the interchange of registered and coupon fund notes. Any such fund notes shall bear interest at such rate or rates as may be determined by the Corporation and may be sold in such manner, either at public or private sale, and for such price as the Corporation shall determine to be for the best interest of the Corporation and best effectuate the purposes of this Act.

The proceeds of any fund notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Corporation may provide in the resolution authorizing the issuance of such fund notes. The Corporation may provide for the replacement of any fund notes which shall become mutilated or shall be destroyed or lost.

Fund notes may be issued under the provisions of this Section without obtaining the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Act and the provisions of the resolution authorizing the issuance of such fund notes.

The purpose of the Housing Development Fund is to provide a source from which the Corporation may make temporary loans, and the Corporation is authorized to make temporary loans from the Housing Development Fund, at such interest rate or rates as may be determined by the Corporation to be for the best interest of the Corporation and best effectuate the purposes of this Act, and with such security
for repayment as the Corporation deems reasonably necessary and practicable, to
(1) defray development costs of sponsors, builders and developers of residential housing, or
(2) provide to persons and families of lower income who are applying for mortgages, the amounts required to make down payments and pay closing costs, or
(3) make or participate in the making of construction loans which are not federally insured to sponsors, builders and developers of land development or residential housing; provided, however, that such loans shall be made only upon the determination by the Corporation that construction loans are not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions; and provided further that no such loan shall be made unless
(i) the United States or an instrumentality thereof has approved the subdivision planning and has agreed to insure the mortgage loan or loans, the proceeds of which shall be applied to the payment of all or any part of such construction loans, and
(ii) a North Carolina banking or lending institution has agreed to furnish not less than 20% of such construction loan, the security interest of the banking or lending institution under the loan to be subordinate in all respects to the Corporation's security interest in such loan.

No temporary loan shall be made by the Corporation from the Housing Development Fund except in accordance with a written agreement which shall include, without limitation, the following terms and conditions:
(a) the proceeds of such loan shall be used only for the purposes for which such loan shall have been made as provided in the agreement;
(b) such loan shall be repaid in full as provided in the agreement;
(c) all repayments in connection with a loan to defray development costs shall be made concurrent with receipt by the borrower of the proceeds of a construction loan or mortgage loan, as the case may be, or at such other times as the Corporation deems reasonably necessary or practicable; and
(d) such security for repayment shall be specified and shall be upon such terms and conditions as the Corporation deems reasonably necessary or practicable to insure all repayments.

No funds from the Housing Development Fund shall be used to carry on propaganda or otherwise attempt to influence legislation.

Sec. 8. Bonds and notes. The Corporation is hereby authorized to provide for the issuance, at one time or from time to time, of not exceeding two hundred million dollars ($200,000,000) bonds of the Corporation to carry out and effectuate its corporate purposes; provided, however, that not more than fifty million dollars ($50,000,000) bonds shall be issued prior to June 30, 1971. In anticipation of the issuance of such bonds, the Corporation also is hereby authorized to provide for the issuance, at one time or from time to time, of bond anticipation notes; provided, however, that prior to June 30, 1971 the total amount of bonds and bond anticipation notes outstanding at any one time shall not exceed fifty million dollars ($50,000,000.00) excluding therefrom any bond anticipation notes for the payment of which bonds shall have been issued. The principal of and the interest on such bonds or notes shall be payable solely from the funds herein provided for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes
may be paid from any available revenues or assets of the Corporation. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the Corporation at such price or prices and under such terms and conditions as may be determined by the Corporation. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the Corporation. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Corporation. The Corporation shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The Corporation may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the Corporation may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. Upon the filing with the Local Government Commission of North Carolina of a resolution of the Corporation requesting that its bonds or notes be sold, such bonds or notes may be sold in such manner, either at public or private sale, and for such price as said Commission shall determine to be for the best interest of the Corporation and best effectuate the purposes of this Act provided that such sale shall be approved by the Corporation.

The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Corporation may provide in the resolution authorizing the issuance of such bonds or notes or in the trust agreement hereinafter mentioned securing the same.

Prior to the preparation of definitive bonds, the Corporation may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Corporation may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

Bonds or notes may be issued under the provisions of this Act without obtaining, except as otherwise expressly provided in this Act, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Act and the provisions of the resolution authorizing the issuance of such bonds or notes or the trust agreement securing the same.

Sec. 9. Trust agreement or resolution. In the discretion of the Corporation any obligations issued under the provisions of this Act may be secured by a trust agreement by and between the Corporation and a corporate trustee, which may be any
trust company or bank having the powers of a trust company within or without
the State. Such trust agreement or the resolution providing for the issuance of such
obligations may pledge or assign all or any part of the revenues or assets of the
Corporation, including, without limitation, mortgage loans, mortgage loan commit-
ments, construction loans, temporary loans, contracts, agreements and other securi-
ty or investment obligations, the fees or charges made or received by the Corpora-
tion, the moneys received in payment of loans and interest thereon and any other
moneys received or to be received by the Corporation. Such trust agreement or
resolution may contain such provisions for protecting and enforcing the rights and
remedies of the holders of any such obligations as may be reasonable and proper
and not in violation of law, including covenants setting forth the duties of the Corpo-
ration in relation to the purposes to which obligation proceeds may be applied, the
disposition or pledging of the revenues or assets of the Corporation, the terms and
conditions for the issuance of additional obligations, and the custody, safeguarding
and application of all moneys. It shall be lawful for any bank or trust company
incorporated under the laws of the State which may act as depositary of the proceeds
of obligations, revenues or other money hereunder to furnish such indemnifying
bonds or to pledge such securities as may be required by the Corporation. Any such
trust agreement or resolution may set forth the rights and remedies of the holders
of any obligations and of the trustee, and may restrict the individual right of action
by any such holders. In addition to the foregoing, any such trust agreement or reso-
lution may contain such other provisions as the Corporation may deem reasonable
and proper for the security of the holders of any obligations. All expenses incurred
in carrying out the provisions of such trust agreement or resolution may be paid
from the revenues or assets pledged or assigned to the payment of the principal
of and the interest on obligations or from any other funds available to the Corpora-
tion.

Sec. 10. Validity of any pledge. The pledge of any assets or revenues of the
Corporation to the payment of the principal of or the interest on any obligations
of the Corporation shall be valid and binding from the time when the pledge is
made and any such assets or revenues shall immediately be subject to the lien of
such pledge without any physical delivery thereof or further act, and the lien of
any such pledge shall be valid and binding as against all parties having claims
of any kind in tort, contract or otherwise against the Corporation, irrespective of
whether such parties have notice thereof. Nothing herein shall be construed to pro-
hibit the Corporation from selling any assets subject to any such pledge except to
the extent that any such sale may be restricted by the trust agreement or resolution
providing for the issuance of such obligations.

Sec. 11. Trust funds. Notwithstanding any other provisions of law to the con-
trary, all moneys received pursuant to the authority of this Act shall be deemed
to be trust funds to be held and applied solely as provided in this Act. The resolution
authorizing any obligations or the trust agreement securing the same may provide
that any of such moneys may be temporarily invested pending the disbursement
thereof and shall provide that any officer with whom, or any bank or trust company
with which, such moneys shall be deposited shall act as trustee of such moneys
and shall hold and apply the same for the purposes hereof; subject to such regula-
tions as this Act and such resolution or trust agreement may provide. Any such
moneys or any other moneys of the Corporation may be invested as provided in
G. S. 159-28.1.

1445
Sec. 12. Remedies. Any holder of obligations issued under the provisions of this Act or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such obligations, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the Corporation pursuant to this Act, and may enforce and compel the performance of all duties required by this Act or by such trust agreement or resolution to be performed by the Corporation or by any officer thereof.

Sec. 13. Negotiable instruments. Notwithstanding any of the foregoing provisions of this Act or any recitals in any obligations issued under the provisions of this Act, all such obligations and interest coupons appertaining thereto shall be and are hereby made negotiable instruments under the laws of this State, subject only to any applicable provisions for registration.

Sec. 14. Obligations eligible for investment. Obligations issued under the provisions of this Act are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of the State is now or may hereafter be authorized by law.

Sec. 15. Refunding obligations. The Corporation is hereby authorized to provide for the issuance of refunding obligations for the purpose of refunding any obligations then outstanding which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such obligations and, if deemed advisable by the Corporation, for any corporate purpose of the Corporation. The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Corporation in respect of the same shall be governed by the provisions of this Act which relate to the issuance of obligations, insofar as such provisions may be appropriate therefor.

Refunding obligations may be sold or exchanged for outstanding obligations issued under this Act and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding obligations. Pending the application of the proceeds of any such refunding obligations, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding obligations or in the trust agreement securing the same, to the payment of any interest on such refunding obligations and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respec-
tive dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

Sec. 16. Annual reports. The Corporation shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor, State Auditor, the General Assembly, the Advisory Budget Commission and the Local Government Commission. Each such report shall set forth a complete operating and financial statement of the Corporation during such year. The Corporation shall cause an audit of its books and accounts to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the Corporation.

Sec. 17. Officers not liable. No member or other officer of the Corporation shall be subject to any personal liability or accountability by reason of his execution of any obligations or the issuance thereof.

Sec. 18. Authorization to accept appropriated moneys. The Corporation is authorized to accept such moneys as may be appropriated from time to time by the General Assembly for effectuating its corporate purposes including, without limitation, the payment of the initial expenses of administration and operation and the establishment of a reserve or contingency fund to be available for the payment of the principal of and the interest on any bonds or notes of the Corporation.

Sec. 19. Tax exemption. The exercise of the powers granted by this Act will be in all respects for the benefit of the people of the State, for their well being and prosperity and for the improvement of their social and economic conditions, and the Corporation shall not be required to pay any tax or assessment on any property owned by the Corporation under the provisions of this Act or upon the income therefrom.

Any obligations issued by the Corporation under the provisions of this Act, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes.

Sec. 20. Conflict of interest. If any member, officer or employee of the Corporation shall be interested either directly or indirectly, or shall be an officer or employee of or have an ownership interest in any firm or corporation interested directly or indirectly in any contract with the Corporation, including any loan to any sponsor, builder or developer, such interest shall be disclosed to the Corporation and shall be set forth in the minutes of the Corporation, and the member, officer or employee having such interest therein shall not participate on behalf of the Corporation in the authorization of any such contract.

Sec. 21. Additional method. The foregoing Sections of this Act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds or notes.

Sec. 22. Act liberally construed. This Act, being necessary for the prosperity of the State and its inhabitants, shall be liberally construed to effect the purposes thereof.

Sec. 23. Constitutional construction. The provisions of this Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.
Sec. 24. Inconsistent laws inapplicable. Insofar as the provisions of this Act are inconsistent with the provisions of any general or special laws, or parts thereof, the provisions of this Act shall be controlling.

Sec. 25. Effective upon ratification. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 2nd day of July, 1969.

"Sec. 12. Right of assembly and petition. The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

"Sec. 13. Religious liberty. All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

"Sec. 14. Freedom of speech and press. Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

"Sec. 15. Education. The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

"Sec. 16. Ex post facto laws. Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

"Sec. 17. Slavery and involuntary servitude. Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. General warrants. General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. Inquiry into restraints on liberty. Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution. Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused. In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases. No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases. In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

Sec. 27. Bail, fines, and punishments. Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. Imprisonment for debt. There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. Treason against the State. Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses.
to the same overt act, or on confession in open court. No conviction of treason or
attainder shall work corruption of blood or forfeiture.

"Sec. 30. Militia and the right to bear arms. A well regulated militia being neces-
sary to the security of a free State, the right of the people to keep and bear arms
shall not be infringed; and, as standing armies in time of peace are dangerous to
liberty, they shall not be maintained, and the military shall be kept under strict
subordination to, and governed by, the civil power. Nothing herein shall justify
the practice of carrying concealed weapons, or prevent the General Assembly from
enacting penal statutes against that practice.

"Sec. 31. Quartering of soldiers. No soldier shall in time of peace be quartered
in any house without the consent of the owner, nor in time of war but in a manner
prescribed by law.

Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.
"(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. "Sec. 14. Waiver of jury trial. In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Any Clerk so removed from office shall be entitled to an appeal as provided by law.

"Sec. 18. Solicitors and solicitorial districts.

"(1) Solicitors. The General Assembly shall, from time to time, divide the State into a convenient number of solicitorial districts, for each of which a Solicitor shall
be chosen for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. RESOLUTION 13

A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF JOHN WESLEY UMSTEAD, JR.

WHEREAS, John Wesley Umstead, Junior, a native of Durham County and long a resident of Orange County, humanitarian, legislator, and businessman, died on August 21st, 1968, in his eightieth year, after a long and constructive life of public service, it is proper that this General Assembly in which he served so long and ably take note of his eminent contributions to North Carolina;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring, that:

Section 1. As a Senator in the General Assemblies of 1931 and 1939 and a Representative in the General Assemblies of 1941 through 1963, John Umstead established a sound reputation as an effective legislative leader. While his legislative interests and contributions ranged widely, his special concerns were education and mental health. In 1943, he led the successful battle to extend the public school term to nine months. As the "spokesman of those who could not speak for themselves," he led numerous legislative efforts to improve the facilities and programs for the mentally ill.

The Hospitals Board of Control (forerunner of the State Department of Mental Health) was created through his efforts. For many years as Chairman of that Board, he gave enlightened and vigorous leadership to the upbuilding of the State system of mental health care. The institution at Camp Butner that now bears his name
and the youthful offenders' camp and alcoholic rehabilitation center also located there are but a few of the permanent legacies of his service in this capacity.

John Umstead was a proud son and faithful servant of The University of North Carolina. As a graduate of the Class of 1909, he was one of a cohort of men distinguished in the public service and professional life of this State, among them Frank P. Graham, Kemp D. Battle, Francis E. Winslow, and Oscar J. Coffin. He served the University as a trustee from 1939 until his death, and for most of that time was a leading member of the Executive Committee of the Board of Trustees. His services to the University and to the cause of education included many private benefactions to students whom he took into his home and helped to obtain an education that would otherwise have been denied them.

Success in private business gave John Umstead both independence and the means to help others less fortunate than himself.

In all of his endeavors, his courage, compassion, and intelligence, vigorously exercised in the service of his fellowman, earned John Umstead the respect of all who served with him in these halls and in other public endeavors and the gratitude of thousands who may never know his name.

Sec. 2. The General Assembly acknowledges for itself and for the people of North Carolina a deep sense of gratitude for the life and public services of John Wesley Umstead, Junior, and records its profound respect for his memory.

Sec. 3. Copies of this Resolution, duly certified, shall be transmitted to the members of the immediate family of Mr. Umstead.

Sec. 4. This Resolution shall become effective upon its adoption.

In the General Assembly read three times and ratified, this the 10th day of February, 1969.

RESOLUTION 25

A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF JAMES VIVIAN WHITFIELD.

WHEREAS, James Vivian Whitfield, a native of Seven Springs and longtime resident of Wallace, farmer, businessman, educator, diplomat, legislator, and leader in the clean streams movement died on November 19, 1968, in his 75th year after a long and dedicated life of public service, it is fitting that the General Assembly,
which witnessed some of his most notable service, should take note of his contributions to North Carolina:

Now, therefore, be it resolved by the House of Representatives, the Senate concurring, that:

Section 1. Senator J. Vivian Whitfield, the father of the North Carolina Stream Sanitation Law, for fourteen years the Chairman of the State Stream Sanitation Committee, and the first Chairman of the State Board of Water and Air Resources, was a strong and guiding force in the clean streams movement of North Carolina for over two decades. His firm imprint was felt in the shaping and the enactment of the Stream Sanitation Law, the policy directions of the clean streams program, the selection and retention of an able and effective staff, and the education of the people of North Carolina to the need for constant vigilance in the cause of clean air and water. This "splendid public servant," in the words of Governor Dan K. Moore, "brought national attention to North Carolina's progress in the protection of natural resources; his dedicated efforts brought him great distinction as a man who gave much of himself for the best interest of all our citizens."

J. Vivian Whitfield's service in the clean streams movement was a fitting climax to a remarkable career in public and private life. After graduating from the University of North Carolina in 1915, he served as Commandant of the Horner Military School and Captain in the Army Reserve Corps, as military and English instructor at the University of North Carolina, and received a Master's degree from the University in 1919. From 1919 to 1927 he served his nation with distinction as a member of the U.S. Foreign Service in the Embassies at Uruguay, Argentina, Cuba, and Mexico. He was a leader in the North Carolina Farm Bureau, serving as Director from 1943 to 1950. He devoted long and useful service to the cause of forest conservation as President of the Forest Farmers Association, Director of the North Carolina Forestry Association, and a member of the Council on Forestry, Research and Education of the Southern Regional Education Board.

He served in the North Carolina House of Representatives in 1945, 1947, 1949, and 1951, and in the North Carolina Senate in 1953. He was appointed in 1951 to the State Stream Sanitation Committee, following his unflagging efforts for three successive legislative sessions to secure passage of the Stream Sanitation Law. In 1956 he became Chairman of the Stream Sanitation Committee and held that post until 1967 when the Committee was merged into a new Board of Water and Air Resources. He was appointed the first chairman of the Board of Water and Air Resources in July, 1967, and exercised that position of leadership with characteristic vigor and imagination until his untimely death in November, 1968.

In his long and varied career, J. Vivian Whitfield earned the respect and affection of his fellow workers and colleagues for his courage and candor, his vigor and determination, his keen intelligence, and the lively enthusiasm that he gave to all of his endeavors. He left, as few men do, an indelible mark on his times in the cause of conservation of natural resources for all the people.

Sec. 2. The General Assembly acknowledges its sense of gratitude for the life and public services of J. Vivian Whitfield and records its profound respect for his memory.

Sec. 3. Copies of this resolution, duly certified, shall be transmitted to the members of the immediate family of Senator Whitfield and to the Chairman of the North Carolina Board of Water and Air Resources.

RESOLUTION 46

A JOINT RESOLUTION HONORING THE MEMORY OF A DEDICATED PUBLIC SERVANT AND DEVOTED NORTH CAROLINIAN, BOWMAN GRAY, JR.

WHEREAS, Bowman Gray, Jr., of Forsyth County, was born on January 15, 1907, and after a fruitful and dedicated life of service to his community, State and industry, departed this life on April 11, 1969; and

WHEREAS, his eminence in the field of business, as chief executive officer of Reynolds Tobacco Company and later as Chairman of the Board of that Company; as representative of the tobacco industry in hearings before Congressional Committees in 1964 and 1965 when, in the midst of threatened panic, his calm conviction that the attacks on tobacco were unjustified, stabilized the entire industry; and his position as a leader in the diversification of his industry have tended to eclipse his equally great contribution to his State and nation as a public servant and benefactor; and

WHEREAS, Bowman Gray, Jr., from his early manhood to his last crippling illness never permitted his concern with his business enterprises to overshadow his sense of responsibility to his fellow citizens; but rather, Mr. Gray led in such efforts as the planning and construction of a stadium for his community which was completed in 1938, took a major part in the establishment of the Bowman Gray School of Medicine of Wake Forest College at Winston-Salem in 1941 as a memorial to his father, served as a member of the University of North Carolina Board of Trustees, was a director of the Business Foundation of North Carolina and the Research Triangle Foundation, and in many other ways quietly contributed to the social and economic welfare of his community and State; and

WHEREAS, his contributions as a citizen did not stop with the borders of his State but extended to the nation where, as an intelligence officer in the United States Navy during World War II, he originated and organized the concept of Operational Intelligence which afforded commanding officers in combat current information on enemy dispositions, and originated and organized the Harbor Entrance Control and System used throughout the Eastern Sea Frontier as a means of controlling access to our ports and harbors, thus substantially contributing to the over-all success of the nation's war effort; and
WHEREAS, Bowman Gray, in his love of hard work, his incisive intellect, his self-effacing modesty, his dislike of publicity, his love of husbandry and of the land, his loyalty to his friends and his neighbors, his deep attachment to his family and to those tasks committed to him, his sensitivity to the feelings of others, his willingness to share what fortune and industry had given him, and his pervading sense of what was right and proper exemplify the meaning of the phrase "esse quam videri";

RESOLUTION 55

A JOINT RESOLUTION AUTHORIZING AND DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY NORTH CAROLINA'S HEALTH MANPOWER NEEDS, MEASURES TO INCREASE THE SUPPLY, AND MEANS TO ACCOMPLISH INDICATED CHANGES IN THE HEALTH CARE SYSTEM.

WHEREAS, while medicine today offers great promise for the improvement of the human condition and alleviation of human suffering and our society is committed to the removal of the barriers which have kept many people from the fulfillment of this promise, yet today and in the next decade the critical need is for health manpower—the right numbers and kinds of people in the right places; and

WHEREAS, the Legislative Research Commission of 1967-69 was directed to study ways and means of providing more medical doctors for small towns and communities; and

WHEREAS, the study by the Legislative Research Commission revealed that the problem is national as well as local, that many diverse factors are at play in its identification and interpretation, that many persons and institutions have a continuing effect on its manifestation and solution, and that the shortage of physicians in rural areas in North Carolina is undeniably entwined in the very much larger and more comprehensive problem of sufficient health manpower and adequate means of health services delivery in all parts of the state and nation; and
RESOLUTIONS—1969

WHEREAS, North Carolina is near the bottom of the list in regard to physician-population ratios and the shortage and distribution problems were found by the Commission to be related to economic factors, population concentration, specialization, medical school orientation, and many other factors affecting supply and demand, and this and a wealth of other information is contained in material presented to and garnered by the Commission and retained in the Commission files for further study; and

WHEREAS, the Legislative Research Commission of 1965-67 studied the shortages in technical and professional personnel in the field of medical services and found that additional State concern and assistance were necessary to cope with the problem of providing more nurses and other paramedical personnel; and

WHEREAS, the Report of the National Advisory Commission on Health Manpower in 1967 concluded that while the growth of some health services will outpace the growth of population in the coming decade, paradoxically, the physician shortage will continue to worsen, that inadequate health care will continue to exist for the disadvantaged (disadvantaged for any reason, including poverty, geographic isolation or rural residency, age, etc.), that difficulty of entry into the medical care system and of obtaining personal contact with a physician will not be eased, unless measures to increase the supply of health manpower are found and changes in the health care system are accomplished; and

WHEREAS, The General Assembly recognizes its responsibility to all of the citizens of North Carolina to maintain vigilance over matters pertaining to their health and to assume the burden of identifying and seeking answers to the health care problems confronting the citizenry now and in the future, particularly the problem of health manpower;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The Legislative Research Commission is hereby authorized and directed to study the health manpower needs of North Carolina.

Sec. 2. The Commission shall make a broad and in-depth study of the health manpower needs of North Carolina and of the measures necessary to produce or provide the right kinds and numbers of personnel. It shall also analyze the distribution problems and possible solutions to providing more equitable health care to all who need it. It shall seek to suggest changes in the health care system that are needed to meet the demands for care and for additional manpower.

Sec. 3. The Legislative Research Commission shall report its findings and recommendations to the 1971 General Assembly.

Sec. 4. This Resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 7th day of May, 1969.

A JOINT RESOLUTION PROVIDING FOR THE APPOINTMENT OF A LEGISLA-
TIVE STUDY COMMISSION ON STUDENT FINANCIAL AID.

WHEREAS, more than two-thirds of all jobs now require some training beyond

WHEREAS, future job requirements in a technological age and the approach
of the 21st Century will require even higher levels of human skills and abilities; and

WHEREAS, it is of great importance to the economy of the State, as well as
to the welfare and happiness of its citizens, that educational opportunities be availa-
ble beyond high school for all who can benefit from them; and

WHEREAS, college attendance has been directly related to family income, the
chance that a child will go to college being approximately seven times greater if
his family's income is in the highest 25 per cent than if it is in the lowest 25 per
cent; and

WHEREAS, North Carolina families have demonstrated a strong desire for high-
er education for their children and have expressed mounting concern regarding
ability to finance an education adequate to prepare for useful and satisfying lives; and

WHEREAS, the opportunity for educational preparation commensurate with the
individual's ability to absorb and utilize such preparation should not be a class,
racial or economic privilege; and

WHEREAS, one of the ways through which education beyond the high school
can be made available to all who need it and can benefit from it is through the
development of adequate programs of student financial aid; and

WHEREAS, a recent study by the Board of Higher Education indicates that
there exists a severe shortage of student financial aid in North Carolina and that
many of our young people do not continue their education owing to inadequate
finances;

name the chairman of the commission from among the members. The commission
shall select its own vice chairman and secretary.

Sec. 2. The purpose of the commission is to consider the advisability of creation

Per diem, subsistence and travel allowances incurred by the members of the commission shall be the same as are allowed to state boards and commissions generally. Expenses incurred in the employment of temporary personnel and other assistance and for per diem, subsistence and travel allowances shall, with the approval of the Governor and Council of State, be paid out of the Contingency and Emergency Fund.

Sec. 4. This Resolution shall be effective upon its adoption.

RESOLUTION 59

A JOINT RESOLUTION HONORING THE MEMORY OF T. CLARENCE STONE, FORMER PRESIDENT OF THE SENATE OF NORTH CAROLINA.

WHEREAS, The Honorable T. Clarence Stone of Rockingham County served as President of the Senate in the North Carolina General Assembly during the Regular Session of 1963, the Extra Session of 1963, and thereafter until December 31, 1964; and
WHEREAS. The Honorable T. Clarence Stone died January 17, 1969, and it is most appropriate, and the earnest desire of the General Assembly to honor his memory, to pay appropriate tribute to him, and to gratefully acknowledge the lasting benefit of his life and services;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The State of North Carolina is indebted to the Honorable T. Clarence Stone for his long and faithful service rendered to the State in the House of Representatives as Representative from Rockingham County in the 1935, 1937, 1939, 1941, 1943, 1945 and 1947 sessions of the General Assembly. The State is further indebted to The Honorable T. Clarence Stone for his service in the State Senate in the 1955, 1961, and 1963 sessions of the General Assembly. During his long service in the General Assembly he served with distinction on many important boards and commissions, including the Advisory Budget Commission. He served effectively and energetically as a member of and as chairman of important committees in both the House of Representatives and the Senate, and provided constructive, sound and conservative leadership. In 1963 he was elected President of the Senate of North Carolina by his fellow members of the Senate, and in that high office he rendered a great service. During his tenure of office as President of the Senate great dignity and decorum prevailed on the floor of the Senate during its sessions. No newspaper reporters, editors, cameramen, no representatives of other news media nor any cameras, lights, wires, electronic equipment nor other distracting influence whatever was permitted to be or remain on the floor of the Senate during its sessions. As president of the Senate, The Honorable T. Clarence Stone distinguished himself as a fearless leader, a public servant, dedicated to the principles he thought were in the best interests of the State and her people. He reached his decisions thoughtfully and when he became convinced that a decision was the right one he was resolute and valiant in support of whatever he felt was right, honorable and just.

Sec. 2. Clarence Stone loved his hometown of Stoneville, his County of Rockingham, his church, his State and her institutions, especially the University of North Carolina at Chapel Hill and the University of North Carolina at Greensboro. To Clarence Stone there was only one University,—the one at Chapel Hill. And the Woman's College and the University both had especial places of equal dignity in his great heart. His loyal, continuing and substantial support of the Division of Health Affairs of the University of North Carolina, especially the North Carolina Memorial Hospital at Chapel Hill, Mental Health Programs, Highway Safety and increased appropriations for Education at all levels has benefitted thousands of North Carolinians, and has contributed much to the great services rendered by our State to her people in Health, Safety and Education. He gave his time, his energies, his wisdom and much of his life to the State he loved and in unselfish service to her people. In his love and loyalty to his friends, and in his service in the Legislature, Clarence found great joy. He was a man of great worth to the State, a man of utmost honor and integrity—one who maintained constantly a fierce loyalty to his friends and to the principles he regarded as right and just. Clarence Stone lived intensely. In most legislative battles and political battles he was found promptly participating on one side or the other. He was a great competitor. In his battles for what he was convinced was right he asked no quarter—and he gave none. He fought always to win. In every battle on behalf of a cause or a friend he gave no
thought for the possible adverse effects his zeal might have upon himself, either immediately or at any time or place in the future. To him self-sacrifice was merely an incident of the battle. He never counted the possible or probable cost or injury to himself, and such prospect never caused him to alter his course, delay his attack, or abandon his defense. If the fight was for a principle in which he believed, or was in behalf of a friend, that was all that mattered to him, and he was faithful and valiant to the end. Such was the nature of T. Clarence Stone, the man.

Sec. 3. The Honorable T. Clarence Stone was a great Democrat, and through the Democratic Party rendered distinguished service to the State over a period of more than thirty years. In the last four years of his life he fought a losing battle with ill health, notwithstanding which his interest in his State and the political future of her people endured to the end.

Sec. 4. The General Assembly of North Carolina acknowledges on behalf of the State and its people the great value of the services rendered to the State and her people by the Honorable T. Clarence Stone, and by the adoption of this Resolution the General Assembly expresses gratitude for the great and unselfish public service rendered by Clarence Stone, and for the inspiration derived from his public life and service.

Sec. 5. Copies of this Resolution, duly certified, shall be transmitted by the Secretary of the State to the brothers of The Honorable T. Clarence Stone.

Sec. 6. That upon its adjournment today the General Assembly adjourn in honor of the memory of T. Clarence Stone.

Sec. 7. This Resolution shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 26th day of May, 1969.

RESOLUTIONS—1969

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That, born in Monroe, Martha Blakeney graduated from the University of North Carolina at Greensboro, and served as a teacher and principal in the public schools of North Carolina.

In 1922, she was married to Luther H. Hodges. To them were born two daughters and a son. Throughout Governor Hodges' illustrious career as a business executive, as Lieutenant Governor and Governor of North Carolina, as Secretary of Commerce of the United States, and in positions of leadership in other public and private endeavors, she was his constant companion and counsellor, wife and hostess — "A crown to her husband". She was always — in Leaksville and Raleigh, in Washington and abroad — a gracious dispenser of hospitality and a charming representative of North Carolina at its best. She served well her family, her community, her State, and her Nation, and we are all diminished by her passing.

Sec. 2. The General Assembly acknowledges for itself and for the people of North Carolina a deep sense of gratitude for the life and character of Mrs. Martha Blakeney Hodges and records its profound respect for her memory.

Sec. 3. Copies of this Resolution, certified by the Secretary of State, shall be transmitted to Governor Hodges and to the immediate members of the family of Mrs. Hodges.

Sec. 4. This Resolution shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 2nd day of July, 1969.
