CONSTITUTION

OF THE

State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof, and for the better government of this State, ordain and establish this Constitution:

ARTICLE I

DECLARATION OF RIGHTS

That the great, general and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and Government of the United States, and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare:

SECTION 1. The equality and rights of persons. That we hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. Political power and government. That all political power is vested in, and derived from, the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. Internal government of the State. That the people of this State have the inherent, sole and exclusive right of regulating the internal government and police thereof, and of altering and abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right should be exercised in pursuance of law, and consistently with the Constitution of the United States.

SEC. 4. That there is no right to secede. That this State shall ever remain a member of the American Union; that the people thereof are a part of the American Nation; that there is no right on the part of the State to secede, and that all attempts, from whatever source or upon whatever pretext, to dissolve said Union or to sever said Nation, ought to be resisted with the whole power of the State.
Sec. 5. Of allegiance to the United States Government. That every citizen of this State owes paramount allegiance to the Constitution and Government of the United States, and that no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Public debt; bonds issued under Ordinance of Convention of 1868, '68-'69, '69-'70, declared invalid; exception. The State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; nor shall the General Assembly assume or pay, or authorize the collection of any tax to pay, either directly or indirectly, expressed or implied, any debt or bond incurred, or issued, by authority of the Convention of the year one thousand eight hundred and sixty-eight, nor any debt or bond incurred or issued by the Legislature of the year one thousand eight hundred and sixty-eight, either at its special session of the year one thousand eight hundred and sixty-eight, or at its regular sessions of the years one thousand eight hundred and sixty-eight and one thousand eight hundred and sixty-nine, and one thousand eight hundred and sixty-nine and one thousand eight hundred and seventy, except the bonds issued to fund the interest on the old debt of the State, unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State, at a regular election held for that purpose.

Sec. 7. Exclusive emoluments, etc. No person or set of persons are entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 8. The legislative, executive and judicial powers distinct. The legislative, executive, and supreme judicial powers of the government ought to be forever separate and distinct from each other.

Sec. 9. Of the power of suspending laws. All power of suspending laws, or the execution of laws, by any authority, without the consent of the representatives of the people, is injurious to their rights, and ought not to be exercised.

Sec. 10. Elections free. All elections ought to be free.

Sec. 11. In criminal prosecutions. In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 12. Answers to criminal charges. No person shall be put to answer any criminal charge except as hereinafter allowed, but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the Legislature shall prescribe, waive indictment in all except capital cases.

Sec. 13. Right of jury. No person shall be convicted of any crime but by the unanimous verdict of a jury of good and lawful persons in open court. The Legislature may, however, provide other means of trial, for petty misdemeanors, with the right of appeal.
SEC. 14. Excessive bail. Excessive bail should not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

SEC. 15. General warrants. General warrants, whereby any officer or messenger may be commanded to search suspected places, without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and ought not to be granted.

SEC. 16. Imprisonment for debt. There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 17. No persons taken, etc., but by law of land. No person ought to be taken, imprisoned or disseized of his freehold, liberties, or privileges, or outlawed or exiled, or in any manner deprived of his life, liberty or property, but by the law of the land.

SEC. 18. Persons restrained of liberty. Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the same, if unlawful; and such remedy ought not to be denied or delayed.

SEC. 19. Controversies at law respecting property. In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and ought to remain sacred and inviolable. No person shall be excluded from jury service on account of sex.

SEC. 20. Freedom of the press. The freedom of the press is one of the great bulwarks of liberty, and therefore ought never to be restrained, but every individual shall be held responsible for the abuse of the same.

SEC. 21. Habeas corpus. The privilege of the writ of habeas corpus shall not be suspended.

SEC. 22. Property qualification. As political rights and privileges are not dependent upon, or modified by, property, therefore no property qualification ought to affect the right to vote or hold office.

SEC. 23. Representation and taxation. The people of the State ought not be taxed, or made subject to the payment of any impost or duty without the consent of themselves, or their representatives in General Assembly, freely given.

SEC. 24. Militia and the right to bear arms. A well regulated militia being necessary to the security of a free State, the right of people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they ought not to be kept up, and the military should be kept under strict subordination to, and governed by, the civil power. Nothing herein contained shall justify the practice of carrying concealed weapons, or prevent the Legislature from enacting penal statutes against said practice.

SEC. 25. Right of the people to assemble together. The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress of grievances. But secret political societies are dangerous to the liberties of a free people, and should not be tolerated.
Sec. 26. Religious liberty. All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority should, in any case whatever, control or interfere with the rights of conscience.

Sec. 27. Education. The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 28. Elections should be frequent. For redress of grievances, and for amending and strengthening the laws, elections should be often held.

Sec. 29. Recurrence to fundamental principles. A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 30. Hereditary emoluments, etc. No hereditary emoluments, privileges, or honors ought to be granted or conferred in this State.

Sec. 31. Perpetuities, etc. Perpetuities and monopolies are contrary to the genius of a free State, and ought not to be allowed.

Sec. 32. Ex post facto laws. Retrospective laws, punishing acts committed before the existence of such laws, and by them only declared criminal, are oppressive, unjust and incompatible with liberty; wherefore no ex post facto law ought to be made. No law taxing retrospectively sales, purchases, or other acts previously done, ought to be passed.

Sec. 33. Slavery prohibited. Slavery and involuntary servitude, otherwise than for crime, whereof the parties shall have been duly convicted, shall be, and are hereby, forever prohibited within the State.

Sec. 34. State boundaries. The limits and boundaries of the State shall be and remain as they now are.

Sec. 35. Courts shall be open. All courts shall be open; and every person for an injury done him in his lands, goods, person, or reputation, shall have remedy by due course of law, and right and justice administered without sale, denial, or delay.

Sec. 36. Soldiers in time of peace. No soldier shall, in time of peace, be quartered in any house without the consent of the owner; nor in time of war but in a manner prescribed by law.

Sec. 37. Treason against the State. Treason against the State shall consist only in levying war against it or adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 38. Other rights of the people. This enumeration of rights shall not be construed to impair or deny others retained by the people; and all powers not herein delegated remain with the people.

(1) Forms of action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment of the same, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the appellate division. SEC. 12. Waiver of jury trial. In all issues of fact joined in any court, the parties in any civil case may waive the right to have the same determined by a jury; in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

When the Attorney General determines that there is serious imbalance in the work loads of the Solicitors or that there is other good cause, he shall recommend redistricting to the General Assembly. The Solicitor shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney General may require, and perform such other duties as the General Assembly may prescribe.

(2) Prosecution in District Court division. Criminal actions in the District Court division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 17. Vacancies. Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than thirty days after such vacancy occurs, when elections shall be held to fill such offices: Provided, that when the unexpired term of any of the offices named in this Article of the Constitution in which such vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of said offices shall neglect and fail to qualify, such office shall be appointed to, held, and filled as provided in case of vacancies occurring therein. In no case shall the compensation of any Judge or Magistrate be dependent upon his decision or upon the collection of costs.

SEC. 20. Effect of uniform general law requirement. Where the General Assembly is required by the provisions of this Article to enact only general laws uniformly applicable throughout the State or in every county or local court district thereof, no special, public-local, or private law shall be enacted relating to the subject-matter of those provisions, and every amendment or repeal of any law relating to such subject-matter shall also be general and uniform in its application and effect throughout the State.

SEC. 21. Schedule. All Justices of the Supreme Court and Judges of the Superior Court shall continue to serve as such within the General Court of Justice for the remainder of their respective terms.

The statutes and rules governing procedure and practice in the Superior Courts and inferior courts, in force at the time the amendments constituting this Article are ratified by the people, shall continue in force until superseded or repealed by rules of procedure and practice adopted pursuant to Section 11(2) of this Article.

As of January 1, 1971, all previously existing courts inferior to the Superior Court shall cease to exist, and cases pending in these courts shall be transferred as provided in the next succeeding paragraph of this Section. (b) to prepare a report on its studies and findings, setting forth a general plan of local government for Mecklenburg County;

(c) to prepare a proposed charter that provides for the reorganization and reallocation of local governmental powers, duties, functions and responsibilities into a single government for Mecklenburg County. The plan of government proposed, however, shall be so devised that the towns of Cornelius, Davidson, Huntersville, Matthews, and Pineville, or any of them, may, by vote of their citizens as provided in Section 10 of this Act, withdraw from the new government prior to the date on which it becomes effective. Furthermore, any plan of government proposed shall also contain a procedure by which a municipality that initially elects to withdraw may, at a future date, elect to become an integral part of the new government;

(d) to submit the proposed charter to the voters of Mecklenburg County in a referendum as provided in Section 10 of this Act; and

Settlement of a claim by the city manager pursuant to this Section shall constitute a complete release of the city from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of. All such settlements, and all such releases, shall be approved in advance by the city attorney.

ARTICLE XII. STREET AND SIDEWALK IMPROVEMENTS.

Section 12.1. Authority: In addition to any authority which is now or may hereafter be granted by general law to the city for making street and sidewalk improvements, the City Council is hereby authorized to make street and sidewalk improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of this Article:
Section 12.2. Street improvements; when petition unnecessary. The City Council may order street improvements and assess the cost thereof, exclusive of the costs incurred at street intersections, against the abutting properties at an equal rate per front foot, without the necessity of a petition, upon the finding by the Council as a fact:

(a) That the street improvement project does not exceed 1200 lineal feet, and

(b) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement, or

(c) That it is in the public interest to connect two streets, or portions of a street already improved, or

(d) That it is in the public interest to widen a street, or part thereof, which is already improved; provided that assessments for widening any street or portion of a street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the city's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Article.

Section 12.3. Street improvement defined. For the purposes of the preceding Section, the term "street improvement" shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of right-of-way, and the construction or reconstruction of curbs, gutters and street drainage facilities.

Section 12.4. Sidewalk improvements. The City Council is hereby authorized to cause sidewalks to be constructed or sidewalk improvements or repairs to be made in accordance with standards and specifications of the city, and to assess the total cost thereof against abutting properties, without the necessity of a petition; provided, that the Council may order the cost of sidewalk improvements made on only one side of a street to be assessed against the properties abutting both sides of such street.

Section 12.5. Assessment procedure. In ordering street or sidewalk improvements without a petition and assessing the cost thereof under authority of this Article, the City Council shall comply with the procedure provided by Article 9, Chapter 160 of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

Section 12.6. Effect of Assessments. The effect of the act of levying assessments under authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 9, Chapter 160 of the General Statutes.

Section 12.7. Maintenance of sidewalks. It shall be the duty of every property owner in the city to maintain in good repair and to keep clean and free of debris, trash, and other obstacles and impediments the sidewalks abutting his property. The City Council is hereby authorized to establish by ordinance a procedure whereby city forces may repair or clean any sidewalk or remove therefrom any trash, debris, or other obstacles or impediments upon the failure of the abutting property owner after 10 days' notice to do so. In such event, the cost of such repair, cleaning, or removal shall become a lien upon the abutting property equal to the lien for ad valorem taxes, and may thereafter be collected either by suit in the name of the city or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real estate for ad valorem taxes. The authority and procedure of this Section
as to repair of sidewalks shall be supplementary to the authority and procedure of Section 12.4, and the City Council may, in its discretion, proceed under either Section in causing sidewalks to be repaired.

Section 12.8. *Acceptance of conveyance in satisfaction of assessments.* The City Tax Collector or other official or employee of the city having charge of the collection of special assessments, shall have the right, power, and authority, by and with the approval of the City Council first had and obtained, to receive and accept a fee simple conveyance to the city of any lot or parcel of land in the city, free and clear of other encumbrances, in full settlement and satisfaction of all street and sidewalk assessments outstanding and unpaid against such property. Such right, power, and authority, however, shall be limited to a conveyance of the whole of the lot or parcel of land against which the particular assessment or assessments involved were levied. No lot or tract of land may be divided and such right, power, and authority exercised as to a part, only, of the property originally embraced in and covered by said assessment or assessments. In the case of such conveyance, it shall not be necessary that the street or sidewalk assessment or assessments against the property be foreclosed; but the city, upon the receipt of any such conveyance, shall become and be the absolute fee simple owner of the property as fully to all intents and purposes as if purchased in and through foreclosure proceedings for the enforcement of such street and sidewalk assessment or assessments.

**ARTICLE XIII. REFUSE, WEEDS, AND TRASH.**

Section 13.1. *Property kept free of offensive matter.* It shall be the duty of every property owner in the city to keep his property free from noxious weeds, trash, and all other forms of offensive animal or vegetable matter or refuse which may be dangerous or prejudicial to the public health or which may constitute a public nuisance.

Section 13.2. *Removal of offensive matter; charges a lien.* The City Council may by ordinance establish a procedure whereby city forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter, from any property upon failure of the owner or occupant after ten days' notice to do so. In such event, the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the city or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

**ARTICLE XIV. REGULATORY POWERS.**

Section 14.1. *Subdivision regulations.* The City Council is hereby authorized to adopt an ordinance regulating the subdivision of land in accordance with the provisions of G. S. 160-226 through 160-227, inclusive. Such ordinance may also provide for the more orderly development of subdivisions by requiring the construction of community service facilities, including water lines; sewer lines; street paving, curbing, and guttering; and street and storm drainage facilities in accordance with city standards and specifications and, to assure compliance with such requirements, the ordinance may require the posting of bond or such other method as will offer guarantee of compliance. The City Council is hereby authorized to make such subdivision ordinance effective and to enforce the same within the territory lying outside the corporate limits and within one mile in all directions of its corporate limits.

Section 14.2. *Regulatory codes.* The City Council is hereby authorized to make effective and to enforce within the territory lying outside the corporate limits and
within one mile thereof all ordinances and codes of the city regulating the construction and repair of buildings, including building codes, fire prevention codes, minimum housing codes adopted pursuant to Article 15 of Chapter 160 of the General Statutes, and ordinances adopted pursuant to G. S. 160-200 (28) relating to unsafe buildings. In addition, the City Council is hereby authorized to enforce in such area the North Carolina State Building Code, the North Carolina State Plumbing Code, and the North Carolina Uniform Residential Building Code, all as published by the North Carolina Building Code Council. Such enforcement powers shall include the power to require that prior to the beginning of any construction, reconstruction, or alteration of any building or structure or any part or system thereof within such area, the appropriate permit or permits be obtained from the city; provided, that the City Council may by ordinance require that the contractor or other person charged with such construction, reconstruction, or alteration secure such permit or permits, rather than requiring the owner of the property to do so.

Section 14.3. Zoning Board of Adjustment rules. The City Council may establish by ordinance general and reasonable rules fixing the time within which appeals shall be taken from any order, requirement, decision or determination made by the building inspector or any other administrative official charged with the enforcement of any ordinance adopted pursuant to Article 14 of Chapter 160 of the General Statutes, and general and reasonable rules regulating the procedure for taking such appeals, for the giving of notice to interested parties and to the general public, for the conduct of hearings by the Board of Adjustment, for keeping the records by the Board of Adjustment, and for the issuance of certificates of its decisions by the Board of Adjustments. The City Council may prescribe by ordinance the forms of notices, orders, and certificates to be issued by the Board of Adjustment and to be used in proceedings before the board, and may from time to time amend such general rules and regulations. The City Council may also require reasonable costs to be advanced by appellants, so as to defray the expenses of the city in connection with such appeals and hearings.

ARTICLE XV. WATER AND SEWER IMPROVEMENTS.

Section 15.1. Alternative method of assessing costs of water and sewer improvements. In addition to, and as alternatives, to the method provided in G. S. 160-241 for assessing the costs of water and sewer lines and laterals, the City Council, if in its opinion it would be more equitable to do so, is hereby authorized in its discretion to levy any such assessments according to either of the following methods: (1) equally against each of the lots capable of being served by such line or lines, or (2) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the governing body may annually, between the first days of January and July of each year, determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It may also include the anticipated increase in labor and materials costs based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such line shall not be made until after the particular assessment project has been completed. The purpose of this Section is to distribute more equitably the cost of the installation
of water and sewer lines throughout the City; to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights-of-way may also be assessed as a part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation costs at the time of the completion of the project, such costs may be assessed separately when they are determined.

ARTICLE XVI. COMMUNITY ANTENNA TV SERVICE.

Section 16.1. Authority to grant franchise for CATV or to own and operate same. The City of Wilson shall have authority to grant upon reasonable terms franchises for the operation of cable television systems, such grant not to exceed the period of 20 years, to levy franchise taxes on the business of operating cable television systems, and to prohibit the operation of cable television systems without a franchise. Any franchise granted hereunder may include, but shall not be limited to, provisions for control of rates; for control of the quality, level and availability of service; for limitations upon the territory to be served; and for governing the use of streets. Any franchise granted hereunder may be suspended or revoked, in whole or in part, by the governing body after notice and hearing, for failure to comply with any term, condition or limitation of such franchise. For the purposes of this subsection, "cable television system" shall mean any system or facility which, by means of a master antenna and wires or cables, or of wires and cables alone, receives, amplifies, modifies, transmits, or distributes any television, radio, or electronic signal, audio or video or both, to subscribing members of the public for compensation; provided, that "cable television system" shall not mean or include the providing by any person, firm, or corporation of master antenna service only to property owned or leased by such person, firm, or corporation, if no part of any public right of way or easement is used in providing such service. That the City of Wilson shall have authority to construct, operate and maintain such "cable television systems" within the area of its city limits and in areas served by its electrical distribution system and to make charges to users of such system.

Sec. 2. The purpose of this Act is to revise the Charter of the City of Wilson and to consolidate herein certain Acts concerning the property, affairs, and government of the city. Sec. 5. No provision of this Act is intended, nor shall be construed, to affect in any way any rights or interests (whether public or private):

(a) Now vested or accrued, in whole or in part, the validity of which might be sustained or preserved by reference to any provisions of law repealed by this Act;

(b) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken (including the adoption of ordinances or resolutions) pursuant to or within the scope of any provision of law repealed by this Act.

Sec. 6. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

(a) The repeal herein or any Act repealing such law, or

(b) Any provision of this Act that disclaims an intention to repeal or effect enumerated or designated laws.

No new registration of voters shall be necessary for such special election, and all qualified voters of each Town who are registered prior to the regular registration period for the regular 1969 municipal election in each Town, and all who register during such period, shall be entitled to vote in such special election. Notice of such special election shall be posted at the Town Hall in each Town and at two other public places in each Town at least fifteen days preceding the day of election. Except as otherwise provided herein, the special election in each Town shall be conducted in accordance with the laws, rules, and regulations governing regular Town elections in each Town, respectively.

Sec. 2. At such special election, in each Town, ballots shall be provided which contain the words "For Town Alcoholic Beverage Control Stores" and "Against Town Alcoholic Beverage Control Stores", with appropriate squares so that each voter may designate by his cross (X) mark his preference.

Sec. 3. If a majority of the votes cast at such special election in the Town of Biscoe shall be cast "For Town Alcoholic Beverage Control Stores", then it shall thereafter be lawful for such stores to be established and operated within the Town of Biscoe. If a majority of the votes cast at such special election in the Town of Mount Gilead shall be cast "For Town Alcoholic Beverage Control Stores", then it shall thereafter be lawful for such stores to be established and operated within the Town of Mount Gilead. In the event a majority of the votes cast at either or both of the special elections shall be cast "For Town Alcoholic Beverage Control Stores", then the Boards of Commissioners of the Towns of Biscoe, Candor, Mount Gilead, Star, and Troy shall create the Montgomery Municipal Board of Alcoholic Beverage Control, to be composed of five (5) members, one each appointed by the Board of Commissioners of each of the Towns for terms of three (3) years. The members so appointed shall choose from among their number a Chairman to serve at their pleasure. Any vacancy on such Board shall be filled for the unexpired term by the Town Board of Commissioners which appointed the member causing such vacancy. Compensation of the members of the Board shall be fixed by concurrent action of the Boards of Commissioners of the Town. Such Board shall open and operate one or more alcoholic beverage control stores in each Town in which such stores shall be authorized by the special elections herein provided.

Sec. 4. The Montgomery Municipal Alcoholic Beverage Control Board shall have all the powers granted to, and duties imposed upon, county alcoholic control boards by G. Sec. 5. The net annual revenue from the operation of alcoholic beverage control stores remaining after payment of all costs and operating expenses and after retain-

(a) five per cent (5%) each to the Towns of Biscoe and Mount Gilead to be used for law enforcement purposes; provided, however, in the event alcoholic beverage control stores shall be authorized in only one of said Towns by the special elections herein provided, then the Board shall pay ten per cent to such Town to be used for law enforcement purposes;

(b) fifty per cent (50%) to be divided among and paid to the Towns of Biscoe, Candor, Mount Gilead, Star, and Troy on the basis of their relative populations according to the most recent Federal census, and to be used by them for any authorized Town purpose or function;

(c) forty per cent (40%) to Montgomery County to be used for any authorized County purpose or function.

The Montgomery Municipal Alcoholic Beverage Control Board shall, upon request of the Boards of Commissioners of the Towns appointing its members, pay out the funds authorized by this Section quarterly after sufficient working capital has initially been set aside.

Sec. 6. In expending the funds for law enforcement pursuant to Section 5 of this Act, the Board of Commissioners of the Towns of Biscoe and Mount Gilead, or either of them, may assign to one of its police officers the additional duty of enforcing the alcoholic beverage control laws, and in performing such duty, such officer or officers shall have county-wide jurisdiction. At any time when the amount allocated by this Act for law enforcement shall be deemed to be sufficient to do so, the Board of Commissioners of each Town receiving funds for law enforcement hereunder may appropriate such funds to employ either, singly or jointly, one or more alcoholic beverage control officers.

Sec. 7. If a majority of the votes cast in such special election in either the Town of Biscoe or the Town of Mount Gilead shall be cast "Against Town Alcoholic Beverage Control Stores", then no Town alcoholic beverage control stores shall be established in such Town under authority of this Act, unless authorized by a subsequent special election which may be called and conducted at any time by the Board of Commissioners of such Town on its own motion, and which may be held on the day of any other regular or special Town election, and which shall be conducted in accordance with the laws applicable to regular municipal elections in such Town.

**CHAPTER 249**

AN ACT TO ESTABLISH THE NORTH CAROLINA UNDERWRITING ASSOCIATION SO AS TO PROVIDE A METHOD WHEREBY ADEQUATE FIRE AND EXTENDED COVERAGE INSURANCE MAY BE OBTAINED IN THE BEACH AREA OF NORTH CAROLINA.

The General Assembly of North Carolina do enact:

**Section 1.** Article 18A of Chapter 58 of the General Statutes of North Carolina is hereby repealed in its entirety and in lieu thereof the following is substituted:

"Sec. 58-173.1. Declarations and purpose of the Act. It is hereby declared by the General Assembly of North Carolina that an adequate market for fire and extended coverage insurance is necessary to the economic welfare of the beach area of the State of North Carolina and that without such insurance the orderly growth and development of the beach area of the State of North Carolina would be severely impeded; that furthermore, adequate insurance upon property in the beach area is necessary to enable home owners and commercial owners to obtain financing for the purchase and improvement of their property; and that while the need for such insurance is increasing the market for such insurance is not adequate and is likely to become less adequate in the future; and that the present plans to provide adequate insurance on property in the beach area, while deserving praise, have not been sufficient to meet the needs of this area. It is further declared that the State has an obligation to provide an equitable method whereby every licensed insurer writing fire and extended coverage in North Carolina is required to meet its public responsibility instead of shifting the burden to a few willing and public spirited insurers. It is the purpose of this Act to accept this obligation and to provide a mandatory program to assure an adequate market for fire and extended coverage insurance in the beach area of North Carolina."

"Sec. 58-173.2. Definition of terms. In this Article, unless the context otherwise requires,

"(1) 'Essential Property Insurance' means insurance against direct loss to property as defined and limited in the standard statutory fire policy and extended coverage endorsement thereon, as approved by the Commissioner;"
"(2) 'Association' means the North Carolina Insurance Underwriting Association established pursuant to the provisions of this Act;

"(3) 'Plan of Operation' means the plan of operation of the Association approved or promulgated by the Commissioner of Insurance, pursuant to the provisions of this Act;

"(4) 'Insurable Property' means real property at fixed locations in beach areas of the State as that term is hereinafter defined or the tangible personal property located therein, but shall not include insurance on motor vehicles, farm and manufacturing risks, which property is determined by the Association, after inspection and pursuant to the criteria specified in the plan of operation, to be in an insurable condition: Provided, however, any one and two family dwellings built in substantial accordance with the North Carolina Uniform Residential Building Code and any structure or building built in substantial compliance with the North Carolina Building Code, including the design-wind requirements, which is not otherwise rendered uninsurable by reason of use or occupancy, shall be an insurable risk within the meaning of this Act, but neighborhood, area, location, environmental hazards beyond the control of the applicant or owner of the property shall not be considered in determining insurable condition. Provided further, that any structure commenced on or after January 1, 1970, not built in substantial compliance with the North Carolina Uniform Residential Building Code or the North Carolina Building Code, including the design-wind requirements therein, shall not be an insurable risk. The owner or applicant shall furnish with the application proof in the form of a certificate from a local building inspector, contractor, engineer or architect that the structure is built in substantial accordance with the North Carolina Uniform Residential Building Code or the North Carolina Building Code;

"(5) 'Commissioner' means the Commissioner of Insurance of the State of North Carolina;

"(6) 'Beach Area' means all of that area of the State of North Carolina South and East of the inland waterway from the South Carolina line to Fort Macon (Beaufort Inlet); thence South and East of Core, Pamlico, Roanoke and Currituck Sounds to the Virginia line, being those portions of land generally known as the Outer Banks;

"(7) 'Net Direct Premiums' means gross direct premiums (excluding reinsurance assumed and ceded) written on property in this State for fire and extended coverage insurance, including the fire and extended coverage components of home owners and commercial multiple peril package policies as computed by the Commissioner, less return premiums upon cancelled contracts, dividends paid or credited to policyholders or the unused or unabsorbed portion of premium deposits, and further excluding premiums on farm properties and manufacturing risks."

"Sec. 58-173.3. North Carolina Insurance Underwriting Association created. There is hereby created the North Carolina Insurance Underwriting Association, consisting of all insurers authorized to write and engage in writing within this State, on a direct basis, property insurance, except town and county mutual insurance associations and assessable mutual companies as authorized by General Statute 58-77(5b, 58-77(5d, and 58-77(7)b. Every such insurer shall be a member of the Association and shall remain a member of the Association so long as the Association is in existence as a condition of its authority to continue to transact the business of insurance in this State."
"Sec. 58-173.4. Powers and duties of the Association. The Association shall, pursuant to the provisions of this Act and the plan of operation, and with respect to essential property insurance on insurable property, have the power on behalf of its members:

(a) to cause to be issued policies of insurance to applicants;
(b) to assume reinsurance from its members;
(c) to cede reinsurance to its members and to purchase reinsurance in behalf of its members."

"Sec. 58-173.5. Temporary directors of Association. Within ten days after the effective date of this Act the Commissioner shall appoint a temporary Board of Directors of this Association, which shall consist of eleven (11) representatives of members of the Association. Such temporary Board of Directors shall prepare and submit a plan of operation in accordance with Section 58-173.7 and shall serve until the permanent Board of Directors shall take office in accordance with said plan of operation."

"Sec. 58-173.6. Members of Association to participate in its writings, expenses, profits and losses in proportion to net direct premium of such member. All members of the Association shall participate in its writings, expenses, profits and losses in the proportion that the net direct premium of such member written in this State during the preceding calendar year bears to the aggregate net direct premiums written in this State by all members of the Association, as certified to the Association by the Commissioner after review of annual statements, other reports and any other statistics the Commissioner shall deem necessary to provide the information herein required and which the Commissioner is hereby authorized and empowered to obtain from any member of the Association, provided, however, that a member shall annually receive credit for essential property insurance voluntarily written in the beach area and its participation in the writings in the Association shall be reduced accordingly. Each member’s participation in the Association shall be determined annually in the same manner as the initial determination. Any insurer authorized to write and engage in writing any insurance, the writing of which requires such insurer to be a member of the Association, pursuant to the provisions of General Statute 58-173.3 of this Act, who is authorized and engaged in writing such insurance after the effective date of this Act, shall become a member of the Association on the January 1 immediately following such authorization and the determination of such insurer’s participation in the Association shall be made as of the date of such membership in the same manner as for all other members of the Association."

"Sec. 58-173.7. Directors to submit plan of operation to Commissioner for review and approval. Within ninety (90) days after the effective date of this Act, the directors of the Association shall submit to the Commissioner for his review and approval, a proposed plan of operation. Such proposed plan shall set forth the number, qualifications, terms of office, and manner of election of the members of the Board of Directors, and shall grant proper credit annually to each member of the Association for essential property insurance voluntarily written in the beach area and shall provide for the efficient, economical, fair and non-discriminatory administration of the Association and for the prompt and efficient provision of essential property insurance in the beach areas of North Carolina so as to promote orderly community development in those areas and to provide means for the adequate maintenance and improvement of the property in such
areas. Such proposed plan may include a preliminary assessment of all members
for initial expenses necessary to the commencement of operation; the establish-
ment of necessary facilities; management of the Association; plan for the assess-
ment of members to defray losses and expenses; underwriting standards; proce-
dures for the acceptance and cession of reinsurance; procedures for determining
the amounts of insurance to be provided to specific risks; time limits and proce-
dures for processing applications for insurance and for such other provisions
as may be deemed necessary by the Commissioner to carry out the purposes
of this Act.

"The proposed plan shall be reviewed by the Commissioner and approved by
him if he finds that such plan fulfills the purposes provided by General Statute
58-173.1 of this Act. In the review of the proposed plan the Commissioner may,
in his discretion, consult with the directors of the Association and may seek
any further information which he deems necessary to his decision. If the Commissi-
on approves the proposed plan, he shall certify such approval to the directors
and the plan shall become effective ten (10) days after such certification. If the
Commissioner disapproves all or any part of the proposed plan of operation he
shall return the same to the directors with his written statement for the reasons
for disapproval and any recommendations he may wish to make. The directors
may alter the plan in accordance with the Commissioner's recommendation or
may within thirty (30) days from the date of disapproval return a new plan
to the Commissioner. Should the directors fail to submit a proposed plan of opera-
tion within ninety (90) days of the effective date of this Act, or a new plan which
is acceptable to the Commissioner, or accept the recommendations of the Commissi-
oner within thirty (30) days after his disapproval of the plan, the Commis-
sioner shall promulgate and place into effect a plan of operation certifying the
same to the directors of the Association. Any such plan promulgated by the Com-
missioner shall take effect ten (10) days after certification to the directors: Provi-
ded, however, that until a plan of operation is in effect, pursuant to the provi-
sions of this Act, any existing temporary placement facility may be continued in effect
on a mandatory basis on such terms as the Commissioner may determine.

"The directors of the Association may, subject to the approval of the Commis-
sioner, amend the plan of operation at any time. The Commissioner may review
the plan of operation at any time he deems expedient or prudent, but not less
than once in each calendar year. After review of such plan the Commissioner
may amend the plan after consultation with the directors and upon certification
to the directors of such amendment."

"Sec. 58-173.8. Persons eligible to apply to Association for coverage; contents
of application. (a) Any person having an insurable interest in insurable property,
may, on or after the effective date of the plan of operation, be entitled to apply
to the Association for such coverage and for an inspection of the property. Such
application may be made on behalf of the applicant by a broker or agent author-
ized by him. Every such application shall be submitted on forms prescribed
by the Association after consultation with the Commissioner, which application
shall contain statement as to whether or not there is any unpaid premiums due
from the applicant for fire insurance on the property.

"The term 'insurable interest' as used in this subsection shall be deemed to
include any lawful and substantial economic interest in the safety or preserva-
tion of property from loss, destruction or pecuniary damage.
"(b) If the Association determines that the property is insurable and that there is no unpaid premium due from the applicant for prior insurance on the property, the Association upon receipt of the premium, or such portion thereof, as is prescribed in the plan of operation, shall cause to be issued a policy of essential property insurance for a term of one (1) year. Any policy issued pursuant to the provisions of this section shall be renewed annually, upon application therefor, so long as the property meets the definition of 'insurable property' set forth in G.S. 58-173.24.

"(c) If the Association, for any reason, denies an application and refuses to cause to be issued an insurance policy on insurable property to any applicant or takes no action on an application within the time prescribed in the plan of operation, such applicant may appeal to the Commissioner and the Commissioner, or a member of his staff designated by him, after reviewing the facts, may direct the Association to issue or cause to be issued an insurance policy to the applicant. In carrying out his duties pursuant to this section, the Commissioner may request, and the Association shall provide any information the Commissioner deems necessary to a determination concerning the reason for the denial or delay of the application."

"Sec. 58-173.9. Association members may cede insurance to the Association. Any member of the Association may cede to the Association essential property insurance written on insurable property, to the extent, if any, and on the terms and conditions set forth in the plan of operation."

"Sec. 58-173.10. Rates, rating plans and rate rules applicable. The rates, rating plans and rating rules applicable to the insurance written by the Association shall be in accord with the manual rates in current usage throughout the State of North Carolina. No special surcharge (other than those presently in effect) may be applied to the fire or extended coverage rates of properties located in the beach area."

"Sec. 58-173.11. Appeal from acts of the Association to Insurance Commissioner; appeal to the Superior Court from the Commissioner. Any person insured pursuant to this Act, or his representative, or any affected insurer, who may be aggrieved by an act, ruling or decision of the Association, may, within thirty (30) days after such ruling appeal to the Commissioner. Any hearings held by the Insurance Commissioner pursuant to such an appeal shall be in accordance with the procedure set forth in General Statute 58-9.2: Provided, however, the Insurance Commissioner is authorized to appoint a member of his staff as Deputy Commissioner for the purpose of hearing such appeals and a ruling based upon such hearing shall have the same effect as if heard by the Commissioner. All persons or insureds aggrieved by any order or decision of the Insurance Commissioner may appeal as is provided by the provisions of General Statute 58-9.3."

"Sec. 58-173.12. Reports of inspection made available. All reports of inspection performed by or on behalf of the Association shall be made available to the members of the Association, applicants, agents or broker, and the Commissioner."

"Sec. 58-173.13. Association and Commissioner immune from liability. There shall be no liability on the part of and no cause of action of any nature shall arise against the Insurance Commissioner or any of his staff, the Association or its agents or employees, or against any participating insurer, for any inspections made hereunder or any statements made in good faith by them in any reports or communications concerning risks submitted to the Association, or at
any administrative hearings conducted in connection therewith under the provisions of this Act."

"Sec. 58-173.14. Association to file annual report with Commissioner. The Association shall file in the Office of the Commissioner on an annual basis on or before July 1 a statement which shall summarize the transactions, conditions, operations and affairs of the Association during the preceding year. Such statement shall contain such matters and information as are prescribed by the Commissioner and shall be in such form as is approved by him. The Commissioner may at any time require the Association to furnish to him any additional information with respect to its transactions or any other matter which the Commissioner deems to be material to assist him in evaluating the operation and experience of the Association."

"Sec. 58-173.15. Commissioner may examine affairs of the Association. The Commissioner may from time to time make an examination into the affairs of the Association when he deems it to be prudent and in undertaking such examination he may hold a public hearing pursuant to the provisions of General Statute 58-9.2. The expenses of such examination shall be borne and paid by the Association."

"Sec. 58-173.16. Commissioner authorized to promulgate reasonable rules and regulations. The Commissioner of Insurance shall have authority to make reasonable rules and regulations, not inconsistent with law, to enforce, carry out and make effective the provisions of this Article. The Commissioner shall not be liable for any act or omission in connection with the administration of the duties imposed upon him by the provisions of this Article."

Sec. 2. If any provisions of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 3. This Act shall become effective upon ratification.

"Said board, with the advice and counsel of the Chief of Police, shall establish and fix requirements for applicants for position in the police department and all persons who make application shall be subjected to an examination by said board
which shall be competitive and free to all persons possessing the rights of suffrage and meeting the requirements of said board, subject to reasonable limitations as to residence, age, health, and moral character, and said examinations shall be practical in their nature and shall be limited to those matters which will fairly test the relative ability of the persons examined to discharge the duties and responsibilities of the positions which they are seeking, and shall include tests of physical qualifications, and health, but no applicant shall be examined concerning his political or religious opinions or affiliations."

"In the event the Chief of Police shall determine that a member of the police department should be discharged or subjected to disciplinary action not within the power of the Chief of Police under the above provisions of this section, the Chief shall reduce his charges against the said member of the police department to writing, including his recommendation relative to discharge, fine, or suspension without pay, and shall file a copy of the same with the clerk to the Civil Service Board and deliver a copy to the said member of the police department personally or by certified mail. return receipt requested. Upon delivery of said written charges and recommendations to the member of the police department, if the Chief's recommendation is that the member be discharged or be suspended, the Chief of Police shall suspend such member from duty forthwith. If the charged officer shall not file a request for hearing by the Civil Service Board with the clerk to said Board within five days after the delivery of the charges and recommendations to him, the recommendation of the Chief shall thereupon become effective. In the event said charged officer requests a hearing within said specified period of time, then and in that event, the hearing by the Board shall be conducted as soon as is reasonably possible, and in no event later than thirty (30) days after the written charges have been filed with the clerk to said board, unless the suspended member of the police department shall, in writing, file with said clerk a request for delay beyond said period of time, stating the reason therefor. Such hearings may be open or closed to spectators. Witnesses who are to appear before the Board may be sequestered. Testimony offered before the Board shall be recorded by mechanical process or by court reporter. The ordinary rules of evidence shall not apply, but the hearing shall be conducted with decorum. The decision of the Civil Service Board shall be final.

"In the event the charged police officer is found guilty of violating the rules and regulations of the police department, the Civil Service Board may discharge him, fine him, or suspend him without pay for a period not to exceed ninety (90) days. In addition, the Civil Service Board may attach such conditions to his reinstatement to duty as it deems advisable.

"As of December 31st of each year after 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined.

"(1) If such ratio indicates an increase that equals or exceeds three per centum, each beneficiary receiving a retirement allowance as of the end of the preceding year shall be entitled to have his allowance increased three per centum effective on July 1st of the year following the date of determination, provided that any such increase in allowances shall be contingent upon the total fund providing sufficient investment gains to cover the additional actuarial liabilities on account of such increase.

"(2) If such ratio indicates an increase of less than three per centum for any year, the index at the end of such year will be compared to the index at the end of 1968, or if later, at the end of the last year when an increase of three per centum or more was indicated.

"If such comparison indicates an increase of three per centum or more, each beneficiary receiving an allowance at the beginning of the period encompassed by the comparison shall be entitled to have his allowance increased three per centum effective on July 1st of the year following such period, subject to the proviso stated in (1) above.

"The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

"Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

"For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items - United States City average), as published by the United States Department of Labor, Bureau of Labor Statistics."

"Upon receipt of proof, satisfactory to the board of trustees, of the death, in service, of a member who had completed at least one full calendar year of membership in the System, there shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the board of trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the compensation earned by the member during the calendar year preceding the year in which his death occurs but not to exceed the sum of fifteen thousand dollars ($15,000.00). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions on his death pursuant to the provisions of subsection (f) of this Section 128-27. For purposes of this subsection (1), a member shall be deemed to be in service at the date of his death if his last day of actual service occurred not more than 90 days before the date of his death; provided that he shall not have retired or that payment of a refund of his contributions shall not have been issued by the Retirement System.  
"The death benefit provided in this subsection (1) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs  
(1) After June 30, 1969 and after he has attained age 70; or  
(2) After December 31, 1969 and after he has attained age 69; or  
(3) After December 31, 1970 and after he has attained age 68; or

(5) After December 31, 1972 and after he has attained age 66; or  
(6) After December 31, 1973 and after he has attained age 65.  
"Notwithstanding the above provisions, the board of trustees may and is specifically authorized to purchase a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, which policy contract or contracts shall provide death benefits upon the life of each member according to the terms and conditions otherwise appearing in this subsection. To that end the board of trustees is authorized and empowered to investigate the feasibility of utilizing group life insurance for the purpose of providing a death benefit for members comparable to the death benefits provided for herein.  
"In administration of the death benefit the following shall apply:  
(1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of twelve consecutive months. For all other purposes in this subsection, "calendar year" shall mean the twelve months beginning January 1 and ending December 31.  
"(2) Last day of actual service shall be:  
   a. When employment has been terminated (except by retirement), the last day the member actually worked.  
   b. When employment has not been terminated, the date on which an absent member's sick and annual leave expire.  
"(3) A member shall be deemed to have retired on the day he becomes eligible to receive monthly retirement benefits.
"(4) A member in service who has filed an early election of option, without designating a date of retirement, is deemed to have retired on the first day of the month following the date of his death."

Sec. 14. Early election of option. G. S. 128-27 is hereby further amended by adding a new subsection at the end thereof, to be designated as Subsection (m), and to read as follows:

"(m) Early Election of Option.—Any member in service, after attainment of age 55 or completion of 30 years of creditable service, may elect one of the following options which would become effective and remain in effect until a final election has been made:

"(1) Designation of a single beneficiary who would receive the monthly benefit provided by Option 2 of subsection (g) above. Such benefit would be computed by assuming that the member had retired on the first day of the month following the date of his death.

"(2) Designation of a single beneficiary who would have the right upon the member's death to elect to receive either the benefit under (1) of this subsection or a lump sum return of the member's accumulated contributions.

"Such elections would become effective under the conditions stated if a form provided for this purpose by the board of trustees is executed and filed with the Retirement System 30 days or more before the member's death."

Sec. 15. Administration of system - annual valuation. Subsection (p) of G. S. 128-28 is hereby amended by rewriting said subsection in its entirety to read as follows:

The said election or referendum may be held by the County Board of Elections of Robeson County if the Commissioners request said Board to so do, and the Board of County Commissioners of Robeson County shall pay the expense of said election or referendum. The said election or referendum shall be held according to the rules and regulations set forth in Article 14 of Chapter 115 of the General Statutes, and particularly the rules governing elections set forth in G.S. 115-122. from time to time be lawfully imposed for the use and benefit of the Lumberton City Administrative Unit.

Sec. 4. If the results of said election or referendum shall be in favor of annexation in the case of the area above described, then the school taxes referred to in this Act as to the residents of the area so annexed shall be levied and collected in the same manner as the taxes for the public schools of the Lumberton City Administrative Unit as administered by the Lumberton City Board of Education. All taxes authorized to be levied and collected under this Act shall be collected by the City of Lumberton.

Section 9.2. When Petition Unnecessary. The City Council may order street improvements and assess the cost thereof, exclusive of the cost incurred at street intersections, against the abutting property owners at an equal rate per front foot, without the necessity of a petition, upon the finding by the Council as a fact:

(a) That the street improvement project does not exceed twelve hundred lineal feet; and

(b) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement; or

(c) That it is in the public interest to connect two streets or portions of a street already improved; or

(d) That it is in the public interest to widen a street or part thereof, which is already improved, provided, that assessment for widening any street or portion of street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the City's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Section.

Sec. 10. ARTICLE X. ESTABLISHMENT OF PROPOSED STREET LINES.

Section 10.1. Authority to Establish Proposed Street Lines. Whenever, in the opinion of the City Council, it is in the best interest of the City to do so, the Council may make provision for the ultimate widening or extension or both of existing streets and for the opening of new streets, and for the gradual acquisition of the lands necessary for such improvements, in accordance with the procedure established by this Article.

Section 10.2. Plating of Proposed Street Lines. From and after the time of adoption of a major street plan by the City Council and the State Highway Commission pursuant to provisions of G. S. 136-66.2, and as amended, the City Council shall have power to request, make, or cause to be made, from time to time, surveys for the exact locating of the lines of new, extended, widened, or narrowed streets and highways in the whole or any portion of the City and the area within one mile outside of its corporate boundaries. Personnel making such surveys are empowered to enter upon lands, make examinations or surveys and place and maintain necessary monuments thereon, at reasonable times and with due care for the property. A plat or plats of the area or areas thus surveyed shall be prepared on which are indicated the locations of the lines recommended as the planned or mapped lines of future streets, street extensions, street widenings, or street narrowings. The preparation of such plat or plats shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

Section 10.3. Adoption of Official Map; Hearing; Notice. Following the preparation of such plats, the City Council may officially adopt a map or maps of planned new streets and highways, extensions, widenings, narrowings, or vacations of streets within the City and the area within one mile outside of its corporate boundaries. Before taking any such action, the Council shall hold a public hearing thereof, notice of the time and place of which shall have been given once a week for two successive weeks in a newspaper published in the City, or if there be no newspaper published in the City, by posting such notice at four public places in the City and at four public places within the affected area outside of the corporate boundaries. Said notice shall be published or posted for the first time not less than fifteen days prior to the date fixed for said hearing. Following adoption of such map or maps, the Council shall certify a copy to the Register of Deeds of Richmond County, which copy shall be duly filed. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.
CHAPTER 506  SESSION LAWS—1969

Section 10.4. Right of City to Acquire Property before Improvement. From and after the time of adoption and certification to the Register of Deeds of any such map or maps, it shall be unlawful to build upon any land within the lines of proposed streets shown thereon or to repair or otherwise improve any existing buildings within said lines until the City Council shall have been given an opportunity to purchase or otherwise acquire said property for street purposes as provided by this Article. To that end, any person proposing to build upon such land or to make repairs or improvement to any existing building on such land, shall, in writing, notify the City Council of the nature and estimated cost of such building, repairs, or improvements. The Council shall then determine whether it will take the necessary steps to acquire said land prior to construction of said buildings or the making of said repairs or improvements. If the Council fails, within sixty days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire said property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in said notice. The Building Inspector is authorized to withhold and refrain from issuing, for a period not exceeding sixty days from receipt by the Council of the notice herein prescribed, any building permit for the erection of any building within the said lines, or for the making of any repairs or improvements to existing buildings within said lines.

Section 10.5. Failure to Give Notice Bars Recovery for Value of Improvements. If any person, firm or corporation builds upon any land included within said proposed street lines, or repairs or otherwise improves that part of any existing building within said lines, without giving the City Council an opportunity to acquire said property free from improvements, as provided in Section 10.4 of this Article, the Council shall not be required to pay for the value of said building, repairs, or improvements in any proceeding subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

Section 10.6. Failure of City to Act; No Limit to Subsequent Condemnation. The failure of the City Council to take action under Sections 10.4 and 10.5 of this Article within sixty days after notice shall not have the effect of limiting the right of the Council at any subsequent time to condemn the same. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or improvements made after the failure of the Council to take action within the prescribed period.

Sec. 11. ARTICLE XI. ZONING.

The City Council may, in addition to providing civil penalties, provide that such vehicles in violation of parking regulations at any of the places designated in Sections 12.1 and 12.2 of this Article, may be towed away and the owner or person responsible therefor required to pay the resulting towing and storage charges.

Section 12.4. Towing of Vehicles from Streets; Charges. The City Council may provide by ordinance that vehicles stalled, wrecked, abandoned, or illegally parked upon any public street may be removed therefrom by having the same towed away to such place as may be designated by a Council appointed City official and to require that the owner or person responsible therefor pay the resulting towing and storage charges.

Section 12.5. Registration Prima Facie Evidence of Responsibility. The ownership of any vehicle as established by its registration with the North Carolina Department of Motor Vehicles shall be prima facie evidence as to the person, firm or corporation responsible for violating the provisions of any ordinance adopted in accordance with the powers granted in this Article.

Section 12.6. Towing and Storage Facilities. In the implementation of the authority granted by this Article relating to the removal and storage of vehicles, the City Council may provide such towing and storage facilities by and through its own forces, equipment and property, as well as by contract with independent towing and storage contractors and operators, and the City Council may appropriate and use reasonable sums of public funds to defray the necessary expenses thereof.

Sec. 13. ARTICLE XIII. TRAFFIC BUREAU.

The City Council may, by ordinance, establish a procedure whereby City forces may clean or repair any sidewalk upon failure of the abutting property owner after ten days' notice to do so. In such event, the cost of such cleaning or repair shall become a lien upon the abutting property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the City or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

Any such person who has such an interest in any proposed contract shall make known that interest. The willful concealment of such a financial interest or the willful violation of this Section shall constitute malfeasance in office or position, and any violator shall forfeit his office or position. Violation of this Section with the knowledge express or implied of the person, firm, or corporation contracting with the City shall render the contract void.

Sec. 18. ARTICLE XVIII. CLAIMS AGAINST THE CITY.

Unless the claim or demand is so presented within ninety days after the cause of action accrues, and unless suit is brought within twelve months thereafter, any action thereon shall be barred.
(b) No action shall be instituted against the City on account of damages to or compensation for real property taken or used by the City for any public purpose of any kind or for the ejectment of the City therefrom, or to remove a cloud upon the title thereof unless, within two years after such alleged use, the owner, his executor, administrator, guardian or next friend shall have given notice in writing to the City Council of the claim, stating in the notice the date that the alleged use commenced, a description of the property alleged to have been used, and the amount of damage or compensation claimed.

S. B. 477  CHAPTER 519

AN ACT TO AMEND AND REVISE ARTICLES 25 and 26 OF CHAPTER 115 OF THE GENERAL STATUTES TO AUTHORIZE COUNTY AND CITY BOARDS OF EDUCATION TO PROVIDE FOR THE SELECTION AND PROCUREMENT OF SUPPLEMENTARY TEXTBOOKS, LIBRARY BOOKS, PUBLICATIONS, AND OTHER INSTRUCTIONAL MATERIALS FOR THE PUBLIC SCHOOL SYSTEM.

WHEREAS, the State Board of Education has approved the recommendation of the State Superintendent of Public Instruction that amendments be made to Articles 25 and 26 of Chapter 115 of the General Statutes relating to the selection and adoption of textbooks, and to the furnishing of basic and supplementary textbooks and instructional materials insofar as these Articles relate to the adopting, warehousing, and distribution of supplementary books by the State Board of Education and to the buying and selling of library books based on a list recommended by the State Superintendent of Public Instruction; and

WHEREAS, it is desirable that the selection of supplementary instructional materials be made by each school administrative unit and that State funds available
for these purposes be allotted to the school administrative units under the State Nine Months School Fund; and

WHEREAS, in view of the wide variety of library books available to the public schools that can be purchased by the school administrative units from large commercial publishers and book jobbers at a price comparable to that charged by the State for the limited number of titles that the State is able to warehouse and distribute; and

WHEREAS, it is the consensus that the limited jobbing service being performed by the State Board of Education for library books is no longer needed by the school administrative units, and that the time spent by the professional staff of the Department of Public Instruction in selecting, processing and compiling a list of library books by title to be warehoused by the State could better be spent in more productive instructional efforts; and

WHEREAS, the North Carolina public school system cannot now be properly served under the present system of distributing supplementary text materials because of the cumbersome and antiquated contract system which delays introduction into the classrooms of the newest available materials and sometimes keeps items on contract that are no longer appropriate, and since technological breakthroughs in the design and manufacture of supplemental materials have placed an enormous volume and variety of materials within easy reach of most local school systems; and

WHEREAS, the present system of distributing supplementary materials is also limited because many of these materials can no longer be made available through the current contract system because of the limitations placed on the contract system by publishers; and since the local units should be encouraged to design and develop instructional programs that will meet the specific needs of each child in every school situation, and since the limited supplementary book list restricts and hinders the local school system in accomplishing the goals and objectives for their programs; and

WHEREAS, the selection of library materials that should be purchased for inclusion in a given school library or unit center should be done by the individual school faculty and at the county and city administrative levels under the guidance of a professional school librarian, and since the State Department of Public Instruction, through conferences and other in-service education activities can assist school administrative units in developing sound written selection policies and procedures;

NOW, THEREFORE,

The General Assembly of North Carolina do enact:

Section 1. A new Article, to be designated Article 25A and entitled "Textbooks and Instructional Material", shall be inserted in Chapter 115 of the General Statutes immediately following Article 24 and shall read as follows:

ARTICLE 25A. TEXTBOOKS AND INSTRUCTIONAL MATERIAL.

"Sec.115-206.1. Textbook needs are determined by course of study. When the State Board of Education has adopted, upon the recommendation of the State Superintendent of Public Instruction, a standard course of study at each instructional level in the elementary school and the secondary school, setting forth what subjects
shall be taught at each level, it shall proceed to select and adopt textbooks. Textbooks adopted in accordance with the provisions of this Article shall be used by the public schools of the State."

"Sec.115-206.2. State Board of Education to select and adopt textbooks. The Board shall select and adopt for a period determined to be most advantageous to the State public school system for the exclusive use in the public schools of North Carolina the basic textbooks or series of books needed for instructional purposes at each instructional level on all subject matter required by law to be taught in elementary and secondary schools of North Carolina."

"Sec. 115-206.3. Appointment of Textbook Commission. Shortly after assuming office, the Governor, upon recommendation of the State Superintendent, shall appoint a Textbook Commission of twelve members who shall hold office for four years, or until their successors are elected and qualified. The Governor shall fill all vacancies by appointment for the unexpired term. Six of the members shall be teachers or principals in the elementary grades; five shall be teachers or principals in the high school grades; and one shall be a superintendent of a county or city school administrative unit. The Commission shall elect a chairman, subject to the approval of the State Superintendent. The members shall be entitled to compensation for each day spent on the work of the Commission as approved by the Board and to reimbursement for travel and subsistence expense incurred in the performance of their duties at rates specified in G. S. 138-5(b)."

"Sec.115-206.4. Commission to evaluate books offered for adoption. The members of the Commission who are teachers or principals in the elementary grades shall evaluate all textbooks offered for adoption in the elementary grades. The members who are teachers or principals in the high schools shall evaluate all books offered for adoption in the high school grades.

Each member shall examine carefully and file a written evaluation of each book offered for adoption in the category for which he is responsible.

The evaluation report shall give special consideration to the suitability of the book to the instructional level for which it is offered, the content or subject matter, and other criteria prescribed by the Board.

Each evaluation report shall be signed by the member making the report and filed with the Board not later than a day fixed by the Board when the call for adoption is made."

"Sec.115-206.5. Selection of textbooks by Board. At the next meeting of the Board after the reports have been filed, the Textbook Commission and the Board shall jointly examine the reports. From the books evaluated the Board shall select those that it thinks will meet the teaching requirements of the State public schools in the instructional levels for which they are offered. The Board shall then request sealed bids from the publishers on the selected books.

The Board shall make all necessary rules and regulations concerning requests for bids, notification to publishers of calls for adoption, execution and delivery of contracts, requirement of performance bonds, cancellation causes, and such other material matters as may affect the validity of the contracts."

"Sec.115-206.6. Adoption of textbooks and contracts with publishers. The publishers' sealed bids shall be opened in the Board's presence at the next regular meeting
after the Board has requested the submission of bids. The Board may then adopt the books required by the courses of study and enter into contracts with the publisher of adopted books. It may refuse to adopt any of the books offered at the prices bid and call for new bids. When bids are accepted and a contract entered into, the contract may require, in the Board’s discretion, that the total sales of each book in the State of North Carolina be reported annually to the Board."

"Sec. 115-206.7. Continuance and discontinuance of contracts with publishers. When an existing or future contract expires, the Board may, with the publisher’s approval, continue the contract for any particular book or books for a period not less than one or more than five years. If a publisher desires to terminate a contract that has been extended beyond the original contract period, he shall give notice to the Board ninety (90) days prior to May 1. The Board may then proceed to a new adoption."

"Sec. 115-206.8. Procedure for change of textbook. The Superintendent may at any time communicate to the Board that a particular book is unsatisfactory for the schools, whereupon the Board may call for a new selection and adoption. If the Board votes to change a textbook, it shall give the publisher ninety (90) days' notice prior to May 1, after which it may adopt a new book or books on the subject for which a book is sought."

"Sec. 115-206.9. Advice from and suits by Attorney General. The form and legality of contracts between the Board and publishers of textbooks shall be subject to the approval of the Attorney General.

When requested by the Board, the Attorney General shall bring suit against any publisher who fails to keep his contract as to prices, distribution, adequate supply of books in the edition adopted, or in any other way violates the terms of his contract. The suit shall be brought for an amount sufficient to enforce the contract or to compensate the State for any loss sustained by the publisher's failure to keep his contract."

"Sec. 115-206.10. Publishers to register. Any publisher who submits books for adoption shall register in the office of the State Superintendent of Public Instruction the names of all agents or other employees authorized to represent that company in the State, and this registration list shall be open to the public for inspection."

(7) "Resident" is a person who has resided continuously within the State of North Carolina for at least one year prior to the date on which application for assistance to him is made with a county department of social services.

Part 1. Aid to the Aged and Disabled.

G. S. 108-25. Eligibility requirements. Assistance shall be granted to any person who:

(1) Is sixty-five (65) years of age and older, or is between the ages of eighteen and sixty-five and is permanently and totally disabled;
(2) Has insufficient income or other resources to provide a reasonable subsistence compatible with decency and health as determined by the rules and regulations of the State Board of Social Services;

(3) Is a resident of North Carolina;

(4) Shall agree in writing that the amount of assistance granted him under this Article shall constitute a lien against his real property or a claim against his estate.

G. S. 108-26. Determination of disability. (a) An applicant between the ages of 18 and 65 seeking assistance under this part must be found to be permanently and totally disabled as defined in G. S. 108-24 by a physician or by a medical review board in his county of residence; such physician or board must submit any findings of disability to the county department of social services for transmittal to the State Department of Social Services.

(b) All applications for assistance as a permanently and totally disabled person shall be reviewed by medical consultants employed by the State Department of Social Services. The final decision on the disability factor shall be made by such medical consultants under rules and regulations adopted by the State Board of Social Services.

G. S. 108-27. Direct payments for nursing and custodial care. (a) The State Department is authorized and empowered to make payments to duly licensed nursing homes or extended care facilities for persons eligible to receive assistance to the aged and disabled when nursing care is found to be essential for such persons by the State Department under the rules and regulations of the State Board of Social Services.

(b) The State Department is authorized and empowered to make payments to family care homes, homes for the aged and intermediate care homes for persons eligible to receive assistance to the aged and disabled when such facilities are found to be essential for such persons by a county department of social services under the rules and regulations of the State Board of Social Services.

G. S. 108-28. Limitations on payments. No payment of public assistance derived from federal, State or local sources shall be made for the care of any person in a nursing home, home for the aged, family care home, or intermediate care home which is owned or operated in whole or in part by any of the following:

(1) A member of the State Board of Social Services, of any county board of social services, or of any board of county commissioners;

(2) An official or employee of the State Department of Social Services or of any county department of social services;

(3) A spouse of a person designated in subsections (1) and (2).

G. S. 108-29. Creation of lien on property: A general lien shall be created against the real property of any person who receives assistance to the aged and disabled. The lien shall be to the extent of the total amount of assistance paid from and after (a) October 1, 1951, if the recipient receives assistance as an aged person, or (b) October 1, 1963, if the recipient receives assistance as a permanently and totally disabled person.

G. S. 108-30. Procedure for filing lien. After the approval of assistance to an applicant under this part, the county director of social services shall file a statement
showing the name of the applicant and the date he received his first payment of
public assistance in the office of the clerk of the Superior Court in the county of
the recipient's residence and in each county where he owns or subsequently owns
real property. Such statement shall be filed in the regular lien docket, showing
the name of the county filing the statement as claimant or lienor, and the name of
the recipient as owner or lienee, and it shall be indexed in the name of the
lienee in the defendant's, or reverse alphabetical, side of the cross index to civil
judgments. The county shall appear as plaintiff, or lienor, in such index. No cross
index in the name of the county, or lienor, shall be required.

G. S. 108-31. Effect of filing. From the date on which the statement required
by G. S. 108-30 is filed, the statement shall be and constitute due notice of a lien
against the real property owned by the recipient and lying in the county to the
extent of the total amount of assistance given the recipient after the proper date
shown in G. S. 108-29.

G. S. 108-32. Priority of lien. (a) The lien created on the real property of the
recipient shall have equal priority in order of payment with the sixth class under
G. S. 28-105 and shall be subordinate to the debts, expenses, taxes, dues and judgments of the first five classes as provided by G. S. 28-105.

(b) The board of county commissioners and the county board of social services
of the county in which the recipient resides may subordinate such lien to a mortgage
or lien created against the property of such recipient for necessary repairs or
improvements on the property, whether title to the property is held by the recipient
alone or by the entirety with the recipient's spouse.

G. S. 108-33. Statute of limitations on lien. The lien created by G. S. 108-29
shall continue from the date of filing until satisfied, except that no action to enforce
it may be brought more than ten years after the last day on which assistance was
paid nor more than three years after the date of the recipient's death. Failure to
bring action within such times shall be a complete bar against any recovery and
shall extinguish the lien.

G. S. 108-34. Limitations on enforcement. No action to enforce the lien created
by G. S. 108-29 may be brought upon any real property as long as the property
is being occupied as a homosite by the former recipient or, in the event of his death,
by the surviving spouse, by a dependent minor child of the recipient, or by a depen-
dent adult child of the recipient who is incapable of self-support because of a mental
or physical disability.

G. S. 108-35. Notification of lien on termination of assistance. (a) The county
department of social services shall, within one month after the termination of an
aid to the aged and disabled grant, notify the former recipient or, in the event of
his death, his personal representative of the lien against the former recipient's
real property and the amount of assistance provided to him since the appropriate
date specified by G. S. 108-29.

(b) The county department shall also inform the clerk of superior court of the
total amount of assistance and the clerk shall thereafter be authorized to accept
full or partial payment of such sum as may be tendered to him by the former recipi-
ent or on his behalf. When the total sum has been so collected, the lien of record
shall be cancelled. Upon receipt of the total sum, the clerk shall disburse the funds
as provided by G. S. 108-37.
CHAPTER 546  SESSION LAWS—1969

G. S. 108-36. Enforcement of lien after notification. When the former recipient or someone on his behalf fails to satisfy the lien of which he is notified under G. S. 108-35, the county director of social services shall examine the case records of the former recipient, the tax records of the county, and (if termination was caused by the recipient's death) the records relating to executors, administrators, or other personal representatives within six months after the termination of assistance. If it appears from such examinations or from any other information available to the director that (1) the former recipient does own or did own since the date on which the lien was filed any real property, or (2) that he owns or owned personal property of more than one hundred dollars ($100.00) in value, or (3) that a personal representative has been appointed over his estate, the director shall notify the county attorney or the special county attorney for social service matters of such findings and provide him with such information as may be required to obtain satisfaction of the lien.

G. S. 108-37. Distribution of collected funds. (a) The United States, the State of North Carolina, and the counties which provided assistance to a former recipient shall share in any sum collected under the lien created by G. S. 108-29, and their proportionate shares of such sum shall be determined in accordance with the matching formulas in use during the period in which assistance was provided the recipient. All sums collected shall be deposited with the clerk of superior court in the county enforcing the lien and, when such lien is satisfied, the clerk shall report to the State Department of Social Services, which shall inform the clerk of the correct distribution of the deposited funds. All sums to which the United States and North Carolina may become entitled under this Section shall be promptly paid or credited. All sums to which the State may be entitled shall be deposited in the State Fund for Aid to the Aged and Disabled and shall become a part of such fund.

(b) All necessary costs incurred in the collection of a lien shall be paid by the United States, the State of North Carolina, and the counties in proportion to the share of the sum collected to which each may be entitled. Neither the United States nor North Carolina shall be charged for costs in excess of the sum they would have received from the payment of the lien. Necessary costs of collecting any lien shall include all costs of services in the filing, processing, investigation and collection of such lien.

Part 2. Aid to Families with Dependent Children.

G. S. 108-38. Eligibility requirements. Assistance shall be granted to any dependent child, as defined in G. S. 108-24, who:

(1) Is a resident of the State or whose mother was a resident when the child was born;

(2) Has been deprived of parental support or care by reason of a parent's death, physical or mental incapacity, or continued absence from the home;

(3) Has no adequate means of support.

G. S. 108-39. Limitations on eligibility. (a) No assistance shall be granted to any dependent child who:

(1) Has passed his sixteenth birthday and has the ability and capacity for gainful employment, unless he is regularly enrolled and attending school or unless no gain-
ful employment is available, except that a dependent child over sixteen years of age and attending school is not eligible for assistance during the summer months unless no gainful employment is available;

(2) Has passed his eighteenth birthday unless he is regularly attending and successfully pursuing (i) a course of study leading to a high school diploma or its equivalent, (ii) a course of study at the college level, or (iii) a course of vocational or technical training designed to fit him for gainful employment.

(b) No parent shall be made the payee of assistance granted under this part who has the ability and capacity for gainful employment but who is not employed either on a part or full-time basis unless the parent is needed in the home to provide continuous care for or supervision over the child in the home or an incapacitated member in the household, or unless no gainful employment is available.

(c) Any child or parent required to engage in gainful employment but who cannot obtain such employment shall register with an employment service and make reasonable and continuous efforts to find gainful employment and provide such proof of his registration and efforts as the county department of social services may require.

Part 3. The Administration of AAD and AFDC.

G. S. 108-40. Application for assistance. Any person who believes that he or another person is eligible to receive aid to the aged and disabled or aid to families with dependent children may submit an application for assistance to the county department of social services. It shall be made in such form and shall contain such information as the State Board of Social Services may require.

G. S. 108-41. Investigation of applicant. Upon receipt of an application for public assistance, the county department shall make a prompt evaluation or investigation of the facts alleged in the application in order to determine the applicant's eligibility for assistance and to obtain such other information as the State Department of Social Services may require.

G. S. 108-42. The granting or denial of assistance. (a) The county director of social services shall submit his findings and recommendations on each application for aid to the aged and disabled and aid to families with dependent children to the county board of social services at its next meeting for its approval of assistance in each case, except that the disability factor of applications for aid to the disabled shall be finally determined by the State Department of Social Services as provided in G. S. 108-26.

(b) The county board of social services may delegate authority to the director to consider and process applications for assistance in all cases that require immediate action to prevent undue hardship; in such cases, the director shall report on his actions to the board at its next meeting, and the board shall approve, reject or modify such decisions.

(c) The board of county commissioners may review any grant approved by the county board of social services. The recipient of a disputed grant shall receive notice of the time and place of such review. If the board of commissioners deems that a grant was improperly allowed under the policies of the State Board of Social Services, it may order that proper action be taken. The board of commissioners shall notify the recipient, the county director of social services, and the State Department of Social Services of any changes it may make in reviewing assistance grants.
(d) All rules and regulations of the State Board of Social Services which govern eligibility for public assistance from state appropriations or the amount of public assistance grants shall be subject to the approval of the Director of the Budget and the Advisory Budget Commission.

G. S. 108-43. Reconsideration of grants. All grants of public assistance shall be reconsidered as frequently as required by the rules of the State Board. Whenever the condition of any recipient has changed to the extent that his award must be modified or terminated, the county director may make the appropriate termination or change in payment and submit it to the county board of social services for approval at its next meeting. Prompt notice of all changes shall be given to the recipient, to the State Board, and to the board of county commissioners.

G. S. 108-44. Appeals. (a) A public assistance applicant or recipient shall have a right to appeal the decision of the county board of social services or the board of county commissioners granting or denying assistance, or modifying the amount of assistance, or the failure of the county board of social services to act within a reasonable time under the rules and regulations of the State Board of Social Services, to the Commissioner of Social Services. Each applicant or recipient shall be notified of this right to appeal when applying for assistance and upon any subsequent action of the county board on his case. An applicant or recipient may give notice of appeal by written notice to the county department of social services or through verbal notice to personnel employed by said county department.

(b) If there is such an appeal, the county director shall notify the State Department of Social Services according to the rules and regulations of the State Board of Social Services, and the State Department shall designate a hearing officer who shall promptly hold an appeal hearing in the county after giving reasonable notice of the time and place of such hearing to the appellant and the county department of social services.

(c) At the appeal hearing before the hearing officer, the appellant and personnel of the county department of social services shall present such facts as may bear upon the case. After such hearing, the hearing officer shall forward a transcript of the hearing to the State Department of Social Services, to the county department of social services, and to the appellant or his attorney, which transcript or other documents considered at the appeal hearing shall serve as the basis for the Commissioner's decision on such appeal.

(d) The Commissioner of Social Services shall make a decision on such appeal in conformity with federal and state law and the rules and regulations of the State Board of Social Services. The Commissioner shall notify the appellant and the county board of social services of his decision in writing by mail. The decision of the Commissioner on such an appeal shall be binding upon the county board of social services and the board of county commissioners unless there is a petition for court review as provided in (e) herein.

(e) Any appellant or county board of social services who is dissatisfied with the decision of the Commissioner may file a petition within thirty days after receipt of written notice of such decision for a hearing in the superior court of Wake County or of the county from which the case arose. Such court shall set the matter for a hearing within thirty days after receipt of such petition and after reasonable written notice to the State Department of Social Services, the county board of social services, the board of county commissioners, and the appellant. The court may take
testimony and examine into the facts of the case to determine whether the appellant
is entitled to public assistance under federal and state law, and under the rules
and regulations of the State Board of Social Services. The court may affirm, reverse
or modify the order of the Commissioner.

G. S. 108-45. Confidentiality of records. (a) Except as provided in (b) below, it
shall be unlawful for any person to obtain, disclose or use, or to authorize, permit,
or acquiesce in the use of any list of names or other information concerning persons
applying for or receiving public assistance that may be directly or indirectly derived
from the records, files or communications of the State Board or the county boards
of social services, or acquired in the course of performing official duties except for
purposes directly connected with the administration of the programs of public assis-
tance in accordance with the rules and regulations of the State Board.

(b) The Department of Social Services shall furnish a complete list of names,
addresses, and amounts of monthly grants of all persons receiving payments under
all programs of public assistance administered under the supervision of the Depart-
ment to the auditor of each county at least semi-annually. This list shall be a public
record open to public inspection during the regular office hours of the county aud-
tor. The list, or any part of it, may not be published in any newspaper or periodical
nor used for any commercial or political purpose. Any person so using it or using
it for any other purpose not directly connected with the administration of public
assistance shall be guilty of a misdemeanor.

G. S. 108-46. Removal to another county. Any recipient who moves from one
county to another county of this State shall continue to receive public assistance
if eligible. The county director in the county from which he has moved shall transfer
all necessary records relating to the recipient to the county director of the county
to which the recipient has moved. The county from which the recipient moves shall
pay the amount of assistance to which the recipient is entitled for a period of three
months following his move, and thereafter the county to which the recipient has
moved shall pay such assistance.

G. S. 108-47. Assistance not assignable. The assistance granted by this Article
shall not be transferable or assignable at law or in equity; and none of the money
paid or payable as assistance shall be subject to execution, levy, attachment, gari-
nishment, or other legal processes, or to the operation of any bankruptcy or insolu-
cy law.

G. S. 108-48. Fraudulent misrepresentation. Any person who wilfully and know-
ingly, with the intent to deceive, makes a false statement or representation or fails
to disclose a material fact in order to enable himself or another person to obtain
or to continue to receive assistance to which he is not entitled, is guilty of a misdeme-
anor, and upon conviction or plea of guilty shall be fined or imprisoned or both
at the discretion of the court.

G. S. 108-49. Personal representative for mismanaged grants. (a) Whenever a
county director of social services shall determine that a recipient of assistance is
unwilling or unable to manage assistance grants to the extent that deprivation or
hazard to himself or others results, the director shall file a petition before a district
court or the clerk of superior court in the county alleging such facts and requesting
the appointment of a personal representative to be responsible for receiving such
grants and to use them for the benefit of the recipient.
(b) Upon receipt of such petition, the court shall promptly hold a hearing, provided the recipient shall receive five days notice in writing of the time and place of such hearing. If the court, sitting without a jury, shall find at the hearing that the facts alleged in the petition are true, it may appoint some responsible person as personal representative. The personal representative shall serve without compensation and be responsible to the court for the faithful performance of his duties. He shall serve until the director of social services or the recipient shows to the court that the personal representative is no longer required or is unsuitable. All costs of court relating to proceedings under this Section shall be waived.

(c) Any recipient for whom a personal representative is appointed may appeal such appointment to Superior Court for a hearing de novo without a jury.

(d) All findings of fact made under the proceedings authorized by this Section shall not be competent as evidence in any case or proceeding which concerns any subject matter other than that of appointing a personal representative.

G. S. 108-50. Protective payments. The State Board of Social Services shall adopt rules and regulations providing for the use of protective payments to the extent authorized by the federal Social Security Act to be available in cases where payees or recipients of public assistance grants fail to use such grants for the purposes for which they are intended.

Part 4. Financing AAD and AFDC.

G. S. 108-51. Acceptance of grants-in-aid. The State Department of Social Services is hereby authorized to accept all grants-in-aid for the programs of public assistance established under this Article which may be available to the State by the federal government under the Social Security Act. The provisions of this Article shall be liberally construed in order that the State and its citizens may benefit fully from such grants-in-aid.

G. S. 108-52. Transfer of funds to counties. (a) A State fund for each program of public assistance established under this Article is hereby created from the federal and state appropriations to such program. Each state fund shall be drawn out on the warrant of the State Treasurer and issued upon order of the Commissioner of Social Services. Quarterly, or more often if the State Board directs, the Commissioner shall transfer to each county that part of the county's allotment from each state fund that the county is required to disburse for its public assistance programs during the appropriate period. Before transferring such funds, the Commissioner may require that the county certify, through its auditor or fiscal agent, that sufficient county funds are available to pay the county's share of the public assistance expenditures corresponding to the amount of state money to be transferred.

(b) The Commissioner may transfer to any county an amount sufficient to pay in full the grants approved in that county for the first quarter in any fiscal year. One-fourth of this amount shall be advanced in anticipation of the collection of taxes and shall be deducted from future allotments within the same fiscal year to that county.

(c) When the Commissioner finds that the disbursement of funds by a county to qualified recipients is being unduly delayed, or that payments to recipients are jeopardized, he may require that grants be promptly paid as a condition for the allotment or transmission of state monies to the county. State monies may be withheld until the Commissioner is satisfied that the county is paying the grants promptly.
(d) When the State Board of Social Services finds it to be in the public interest to require more adequate protection of funds collected in the county for disbursement to recipients, or the more prompt, efficient and certain payment of grants to recipients, the Commissioner may demand and require that the funds raised by taxation in any county be transmitted to the State Treasurer. The Commissioner shall, in such cases, give notice to the board of county commissioners and to the county officials having such funds in their custody. The board of county commissioners and responsible officials shall immediately transfer all such funds to the State Treasurer for disbursement under rules and regulations established by the State Board of Social Services.

G. S. 108-53. Allocation of non-federal shares. (a) The non-federal share of the annual cost of each public assistance program may be divided between the State and the counties in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties may not exceed the share required from the State.

(b) The non-federal share of the annual cost of public assistance provided to Indians living on federal reservations held in trust by the United States on their behalf shall be borne entirely by the State. The Commissioner shall reserve from state appropriations for public assistance an amount sufficient to pay the county's share of the cost of public assistance to eligible Indian residents of federal reservations, plus related administrative costs incidental to providing such assistance, and shall pay same to counties containing such a federal reservation.

G. S. 108-54. Determination of county expenditures. Before March 15 of each year, the director of social services of every county shall compile and submit to the county board of social services an estimate of total funds required to finance each program of public assistance within the county in the next fiscal year on forms furnished by the State Department of Social Services. The county board shall review, modify, and approve such estimate and transmit it before April 1 to the board of county commissioners, which shall review, modify and approve it before April 15 for transmittal to the Commissioner of Social Services. The Commissioner, as agent of the State Board, shall review the estimate submitted by each county and notify the board of county commissioners by June 1 of the adequacy of the county's estimate and of the amount of county funds necessary to support an adequate public assistance budget in the next fiscal year. Upon receipt of such notice, the board of county commissioners shall levy taxes sufficient to provide for the payment of the county's part of such budget. If the board of commissioners disputes the budget recommended by the Commissioner, the State Board of Social Services shall make a final determination that shall be binding upon the county.

G. S. 108-55. Determination of administrative expenses. The director of social services of each county shall annually compile and submit to the county board of social services an estimate of total funds required to finance the administrative expenses of the social service programs in the next fiscal year. This estimate shall be prepared before March 15 on forms furnished by the State Department of Social Services. The county board of social services shall review, modify and approve the estimate and transmit it to the board of county commissioners before April 1 for its review, modification and approval. The estimate shall then be forwarded to the Commissioner of Social Services on or before April 15. The Commissioner, as agent
of the State Board, shall review the estimate submitted by the county and notify the board of commissioners by June 1 of the adequacy of its estimate and of the amount of county funds necessary to support the social service administrative budget in the subsequent fiscal year. Upon receipt of such notice, the board of commissioners shall levy taxes sufficient to provide for the payment of the county's part of the budget. If the board of commissioners disputes the budget recommended by the Commissioner, the State Board of Social Services shall make a final determination that shall be binding upon the county.

G. S. 108-56. Counties to levy taxes. (a) Whenever the Commissioner assigns a portion of the non-federal share of public assistance expenses to the counties under the rules and regulations of the State Board, the board of commissioners of each county shall levy and collect the taxes required to meet the county's share of such expenses.

(b) The board of county commissioners may combine any or all of the separate special taxes for each program of public assistance and for the administrative expenses of such programs in place of levying separate special taxes for each item. This consolidated public assistance tax shall be sufficient, when combined with other funds available for use for public assistance expenses from any other source of county income and revenue (including borrowing in anticipation of collection of taxes), to meet the financial requirements of public assistance. The appropriations and expenditures for each of the several programs and for administrative expenses shall be separately stated and accounted for.

G. S. 108-57. Appropriations not to revert. County appropriations for public assistance expenses or administration shall not lapse or revert, and the unexpended balances may be considered in making further public assistance or administrative appropriations. At any time during the fiscal year, any county may transfer county funds from one public assistance program to another if such action appears to be both necessary and feasible, provided the county secures the approval of the Commissioner of Social Services.

G. S. 108-58. Equalizing Fund. The Commissioner of Social Services is authorized and directed to reserve from State appropriations for the programs of public assistance an amount that he finds to be necessary to equalize the burden of taxation in the counties of the State, and to equalize the benefits received by the recipients of public assistance. This amount shall be expended and disbursed solely for the use and benefit of persons eligible for assistance. The amount reserved, to be known as the Equalizing Fund, shall be distributed among the counties according to their needs under a formula approved by the State Board of Social Services so as to produce a fair and just distribution.

Part 5. Medical Assistance.

G. S. 108-59. State Fund created. To provide for an effective medical assistance program and its administration in North Carolina, the State Board of Social Services is authorized and empowered to establish from federal, State and county appropriations a fund to be known as the State Fund for Medical Assistance, and to adopt rules and regulations under which payments are to be made out of such Fund in accordance with the provisions of this part. The non-federal share may be divided between the State and the counties, in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties
may not exceed the share required from the State. If a portion of the non-federal share is required from the counties, the boards of county commissioners of the several counties shall levy, impose and collect the taxes required for the special purpose of medical assistance as provided in this part, in an amount sufficient to cover each county's share of such assistance.

G. S. 108-60. Payments from Fund. From the Fund established in G. S. 108-59, the State Board of Social Services may authorize, within appropriations made for this purpose, payments of all or part of the cost of medical and other remedial care for any eligible person, when it is essential to the health and welfare of such person that such care be provided, and when the total resources of such person are not sufficient to provide the necessary care. Payments from the Fund shall be made only to hospitals licensed and approved under the laws of the State of North Carolina or under the laws of another state, or to pharmacies, physicians, dentists, optometrists or other personnel authorized by the State Board of Social Services.

G. S. 108-61. Acceptance of federal grants. All of the provisions of the federal Social Security Act providing grants to the states for medical assistance are accepted and adopted, and the provisions of this part shall be liberally construed in relation to such Act so that the intent to comply with it shall be made effectual. Nothing in this part or the regulations made under its authority shall be construed to deprive a recipient of assistance of the right to choose the licensed provider of the care or service made available under this part within the provisions of the federal Social Security Act.

G. S. 108-62. Eligibility. Assistance may be granted under this part to any person who is unable to earn a sufficient income and is without sufficient resources to provide a subsistence compatible with decency and health.

G. S. 108-63. Application procedure. (a) Applications under this part shall be made to the county director of social services who, with the approval of the county board of social services and in conformity with the rules and regulations of the State Board of Social Services, shall determine whether assistance shall be granted and the amount of such assistance.

(b) The amount of assistance which any eligible person may receive shall be determined with regard to the resources and necessary expenditures of the applicant, in accordance with the appropriate rules and regulations of the State Board.

(c) Insofar as available funds permit, assistance under this part shall be sufficient, when added to all other income and resources of the applicant, to provide him a reasonable subsistence compatible with health and decency, in conformity with the principle of equitable treatment among counties set forth in the rules and regulations of the State Board.

G. S. 108-64. State funds to counties. (a) A fund, to be known as the "State General Assistance Fund", shall be created from appropriations made by the General Assembly and from grants of the federal government (when such grants are made available to the State). This fund shall be used exclusively for assistance to needy persons eligible under this part.

(b) Allotments shall be made annually by the Commissioner of Social Services, as prescribed by G. S. 108-52, to the counties participating in the program established by this part.
(c) The allotments provided by this Section shall be used by the counties entitled to them solely as supplementary funds to increase the general assistance being granted. No allotment shall be used, either directly or indirectly, to replace county appropriations or expenditures.

G. S. 108-65. Participation permissive. The general assistance program established by this part shall be administered as required by the rules and regulations of the State Board of Social Services, except that no county shall be granted any allotment from the State General Assistance Fund nor be subject to the provisions of this part unless its consent be given in the manner prescribed by the rules and regulations of the State Board. In the event that federal general assistance grants be made available to the State on the condition that all counties participate in such program, however, all of the provisions of this part shall become mandatory upon every county.

Part 7. Foster Home Fund.

G. S. 108-66. State Foster Home Fund. (a) The General Assembly shall appropriate funds to the State Department of Social Services for the purpose of providing assistance to needy children who are placed in foster homes by county departments of social services in accordance with the rules and regulations of the State Board. Such appropriations shall be known and designated as the State Foster Home Fund and, together with county contributions for this purpose, shall be expended to provide for the costs of keeping needy children in foster homes.

(b) No needy child shall be eligible for the benefits provided by this Section if he be eligible for foster home care benefits provided by Part 2 of this Article entitled "Aid to Families with Dependent Children".

Article 3.

S. 108-73, shall solicit benefits from residents of North Carolina unless it has filed a request with the Commissioner of Social Services for a license and is so licensed as provided by this part.

G. S. 108-69. Licensing procedure. (a) Every charitable organization required under this part to secure a license in order to solicit benefits or to authorize solicitations in its behalf shall file a written application with the Commissioner on a form furnished by him. The application shall require proof of the following subjects: the worthiness of the charitable organization's cause or causes; its chartered responsibility; the existence of an adequate, responsible and functioning governing board; its need for public solicitation, and the proposed uses of solicited funds. The applicant shall also file a report summarizing its accomplishments during the preceding fiscal period; a verified financial report for the preceding fiscal period; and a report of the proposed program and objectives, including a budget, for the fiscal period for which the application is filed.

(b) Newly created charitable organizations with no financial history may be granted a non-renewable license for one year if, in the judgment of the Commissioner, all requirements for licensing except that of the verified financial report are satisfied.

(c) The State Board of Social Services may adopt standards for the regulation and licensing of certain charitable organizations whose solicitation goals and total contributions received are below specified limits to provide for simplified financial reporting as a prerequisite for licensing.

(d) In considering applications for licensing, the Commissioner shall seek the counsel of any State agency in any cause in which an agency may have an interest or responsibility.

(e) A license shall not be issued to any applicant that pays or agrees to pay an unreasonable or exorbitant amount of the funds collected, as determined by regulations of the State Board of Social Services, for the compensation of solicitors and for expenses incurred in promoting and conducting its fund raising activities and solicitation campaign.

(f) The Commissioner shall issue a license to solicit for a period not to exceed one year, subject to annual renewal, if he finds after full investigation and consideration of the completed application that the causes of the applicant are not harmful to the public interest and that the proposed solicitations are truly for the causes set forth in the application.

(g) The Commissioner may revoke any license before its expiration date if such action would be in the public interest.

G. S. 108-70. Appeal procedure. Such report shall contain, but not be limited to, details on the costs of raising or securing contributions; the costs of administration, including the organization and operation of new member groups and affiliates within the State; the costs of research pursued by the licensee; and the portion of funds raised in the State and expended inside and outside the State.

The exemption shall be authorized by the Commissioner before such organization may begin or continue to solicit from the public. The claimed exemption shall be subject to annual renewal on forms prescribed by the Commissioner.

G. S. 108-74. Solicitation for individual livelihood. (a) It shall be unlawful for any person to engage in the business of soliciting contributions for his own or another person's livelihood, either upon the streets and highways of this State, through door to door solicitation, or through the mails unless he obtains a license for this purpose from the Commissioner of Social Services.
(b) Any person who desires to engage in the business of soliciting contributions under this section shall file a written application for a license on a form furnished by the Commissioner which shall contain his name, his addresses for the past five years, his purpose in seeking to solicit contributions, his reasons for not pursuing another means of livelihood or for not seeking public assistance grants, and such other information as the Commissioner may require. Before issuing a license, the Commissioner shall seek counsel from other interested State agencies. Section 1. Article 18 of the General Statutes of North Carolina is hereby rewritten to read as follows:

"G.S. 90-256. Definitions. In this Article, unless the context otherwise requires, the following definitions shall apply:

(a) 'Examining committee' means the North Carolina State Examining Committee of Physical Therapy.

(b) 'Physical therapy' means the evaluation or treatment of any person by the employment of the effective properties of physical measures and the use of therapeu-
tic exercises and rehabilitative procedures, with or without assistive devices, for the purposes of preventing, correcting, or alleviating a physical or mental disability. Physical therapy includes the performance of specialized tests of neuromuscular function, administration of specialized therapeutic procedures, interpretation of referrals from medical doctors and dentists, and establishment and modification of physical therapy programs for patients.

(c) 'Physical therapist' means any person who practices physical therapy.

(d) 'Physical therapy assistant' means any person who assists and works under the supervision of a physical therapist by performing such patient-related activities as assigned to him by a physical therapist which are commensurate with his education and training, including simple physical therapy procedures, but not the interpretation of physicians' or dentists' referrals, performance of evaluation procedures, or determination and modification of patients' programs.

G.S. 90-257. Examining committee. The North Carolina State Examining Committee of Physical Therapy is hereby created. The examining committee shall consist of seven members, including at least one licensed medical doctor, four physical therapists and two physical therapy assistants, who shall be appointed by the Governor from a list submitted to him by the North Carolina Physical Therapy Association, Inc., for terms as provided in this Article. Each physical therapy member of the examining committee shall be licensed and a resident of this State; he shall have not less than three years' experience in the practice of physical therapy immediately preceding his appointment and shall be actively engaged in the practice of physical therapy during his incumbency. Each physical therapy assistant member shall be licensed and a resident of this State, provided that the members first appointed on January 1, 1970, shall be deemed to be eligible and shall be licensed immediately upon their appointment to the examining committee.

Members shall be appointed to serve three-year terms, or until their successors are appointed, to commence on January 1 in respective years, provided that members of the examining committee on the effective date of this Act shall continue to serve for the remainder of their terms, respectively, or until their successors are appointed. The physical therapy assistant members shall be first appointed on January 1, 1970; one such member shall serve a two-year term and the other a three-year term, but thereafter, all appointments shall be for three years. No member may serve for more than two successive three-year terms.

The examining committee each year shall designate one of its members as chairman and one as secretary-treasurer. The examining committee shall have the power to make such rules and regulations not inconsistent with law which may be necessary for the performance of its duties and shall employ such clerical and other assistance as it may require. It is authorized to prescribe reasonable fees for applications for examination and for certificates of licensure but not to exceed seventy-five dollars ($75.00), and for renewals of licensure but not to exceed twenty-five dollars ($25.00). It shall be the duty of the examining committee to pass upon the qualifications of applicants for licensure, approve and be responsible for administering the examination to be given, and determine the applicants who successfully
pass the examination. The two physical therapy assistants shall exercise this duty with the other members only as to applicants for licensure as physical therapy assistants.

Each member of the examining committee shall receive such per diem compensation and reimbursement for travel and subsistence as shall be set for State boards generally.

"G.S. 90-258. Records to be kept; copies of record. The examining committee shall keep a record of proceedings under this Article and a record of all persons licensed under it. The record shall show the name of every living licensee, his last known place of business and last known place of residence and the date and number of his licensure certificate as a physical therapist or physical therapy assistant. Any interested person in the State is entitled to obtain a copy of that record on application to the examining committee and payment of such reasonable charge as may be fixed by them based on the costs involved.

"G.S. 90-259. Disposition of funds. All fees and other moneys collected and received by the examining committee shall be used for the purposes of implementing this Article. The financial records of the examining committee shall be subjected to an annual audit and paid for out of the funds of the examining committee.

(1) is of good moral character;
(2) has obtained a high school education or its equivalent as determined by the examining committee;

(4) if an applicant for physical therapy assistant licensure, has been graduated from a program for physical therapy assistants which has been approved by the examining committee, or has had training or experience deemed equivalent to such program by the examining committee; may make application on a form furnished by the examining committee for examination for licensure as a physical therapist or physical therapy assistant by the examining committee. The physical therapy examination shall embrace the following subjects: The applied sciences of anatomy, neuroanatomy, kinesiology, physiology, pathology, psychology, physics; physical therapy as applied to medicine, neurology, orthopedics, pediatrics, psychiatry, surgery; medical ethics; and technical procedures in the practice of physical therapy as defined in this Article. passes the examination for licensure as a physical therapist or physical therapy assistant, respectively.

"G.S. 90-262. Certificates of licensure for persons registered in other states or territories. The examining committee shall furnish a certificate of licensure to any person who is a physical therapist or physical therapy assistant registered or licensed under the laws of another state or territory, if the applicable requirements were at the date of his registration or licensure substantially equal to the requirements under this Article. At the time of making such application, the applicant shall pay to the secretary-treasurer of the committee the fee prescribed by the committee.

"G.S. 90-263. Graduate students exempt from licensure; licensure of foreign-trained physical therapists. (a) Physical therapists, including foreign-trained physical therapists, who are graduate students in special physical therapy courses receiving a small stipend rather than the usual staff salary for practicing their profession as part of their training, shall not be required to be licensed as physical therapists in North Carolina. Any such physical therapist shall furnish sufficient information to the examining committee for it to determine such person's status. At the end of one year, should the student wish to continue his education in this State, he must apply to the examining committee for evaluation of this status as of that time.

(b) A temporary certificate of licensure, limited to six months, may be issued to a foreign-trained physical therapist who

(1) makes the usual application for licensure and pays the required fee,

Every licensed physical therapist or physical therapy assistant shall, during the month of January, 1970, and during the month of January every year thereafter, apply to the examining committee for a renewal of licensure and pay to the secretary-treasurer the prescribed fee. Licenses that are not so renewed shall automatically lapse, provided that any licenses in effect on the effective date of this Act shall remain in effect until February 1, 1970, unless revoked or suspended in accordance with the provisions of this Article. The examining committee shall revive and extend a lapsed license on the payment of current fees provided the requirements for securing an original certificate have not been changed so as to have become more stringent that the requirements at the time the certificate lapsed, but the examining committee may refuse to grant any such extension on the same grounds as are set forth in this Article for refusing
to grant or for revoking the license of a physical therapist or physical therapy assistant.

"G.S. 90-265. Grounds for refusing licensure; revocation. The examining committee shall refuse to grant licensure to any person or shall revoke or suspend the license of any physical therapist or physical therapy assistant if he

(1) is habitually drunk or is addicted to the use of narcotic drugs;
(2) has been convicted of violating any State or Federal narcotic law;
(3) has obtained or attempted to obtain licensure by fraud or material misrepresentation;

495
(f) Nothing in this Article shall be construed to authorize persons licensed under this Article to use radiology for diagnostic and therapeutic purposes, or to use electricity for surgical or cauterization purposes, or to make diagnoses of human conditions, or to prescribe therapeutic measures.

g. Any employer may at any time make a voluntary contribution, additional to the contributions required under this Chapter, to the fund to be credited to his account, and such voluntary contributions when made shall for all intents and purposes be deemed "contributions required" as said term is used in G. "In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

"Notwithstanding any other provisions of this Chapter, no work shall be deemed suitable and benefits shall not be denied under this Chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

"a. If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

"b. If the remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

"c. If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

"(4)"For not less than four nor more than twelve consecutive weeks of unemployment which occur within a benefit year, beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the Commission that: (a) Such individual has failed without good cause to attend a vocational school or training program when so directed by the Commission; (b) Such individual has discontinued his training course without good cause; or (c) If the individual is separated from his training course or vocational school due to misconduct; and the maximum amount of benefits due said individual during his current benefit year shall be reduced by an amount determined by multiplying the number of such consecutive weeks of unemployment by the weekly benefit amount.

Provided, however, that in any case where any week or weeks of disqualifica-
tion as provided in subdivisions (1), (2), (3), and (4) of this Section have not elapsed on account of the termination of an individual's benefit year, such remaining week or weeks of disqualification shall be applicable in the next benefit year at the then current benefit amount of such individual; provided such new benefit year is established by the individual within twelve months from the date of the ending of the preceding benefit year. When any individual who has been disqualified as provided in subdivisions (1), (2), (3), and (4) of this Section returns to employment or training before the disqualifying period has elapsed, the remaining week or weeks of disqualification shall be cancelled and no deduction based on such weeks shall be made from the maximum amount of benefits of such individual; provided such individual shows the fact of employment or training to the satisfaction of the Commission.

Provided, that an individual disqualified under the provisions of this subdivision shall continue to be disqualified thereunder after the labor dispute has ceased to be in active progress for such period of time as is reasonably necessary and required to physically resume operations in the method of operating in use at the plant, factory, or establishment of the employing unit.

"(6) If the Commission finds he is customarily self-employed and can reasonably return to self-employment.

"(7) For any week after June 30, 1939, with respect to which he shall have and assert any right to unemployment benefits under an employment security law of either the federal or a state government, other than the State of North Carolina.

"(8) For any week with respect to which he has received any sum from the employer pursuant to an order of the National Labor Relations Board or by private agreement, consent or arbitration for loss of pay by reason of discharge. When the amount so paid by the employer is in a lump sum and covers a period of more than one week, such amount shall be allocated to the weeks in the period on a pro rata basis; provided further that if the amount so prorated to a particular week is less than the benefits which would otherwise be due under this Chapter, he shall be entitled to receive for such week, if otherwise eligible, benefits as provided under Section 96-12 of this Chapter.

CHAPTER 592  

AN ACT PROVIDING THE CITY OF ALBEMARLE, NORTH CAROLINA, ALTERNATIVE METHODS OF ASSESSING THE COST OF extending WATER AND SEWER LINES.
The General Assembly of North Carolina do enact:

Section 1. In addition and as alternatives to the method provided in G. S. 160-241 for assessing the costs of water and sewer lines and laterals, the Board of Commissioners of the City of Albemarle, North Carolina, if in its opinion it would be more equitable to do so, hereby is authorized in its discretion to levy any such assessments according to either of the following methods: (1) equally against each of the lots capable of being served by such line or lines, or (2) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the governing body annually between the first days of January and July of each year, may determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It also may include the anticipated increase in labor and materials costs based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such line shall not be made until after the particular assessment project has been completed. The purpose of this Act is to distribute more equitably the cost of the installation of water and sewer lines throughout the City; to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights of way also may be assessed as a part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation costs at the time of the completion of the project, such costs may be assessed separately when they are determined.

If a lot or parcel of land used for a single-family residential purpose is assessed under this Section and the lot or parcel of land is subdivided into additional lots for single-family occupancy, the Board of Commissioners may assess the additional lots or parcels of land into which the original parcel of land is from time to time divided on the basis of the average cost as determined under the provisions of this Section at the time the owner of the additional lot requests the utility service. Such assessment shall be made only after the owner of the newly created lot or lots has requested water or sewer service and an assessment against his property or has paid the amount of the assessment in cash. In the absence of such request or payment, the service shall be withheld from the property.

If a lot or parcel of land is used for any purpose other than for single-family occupancy, the Board of Commissioners may assess the lot or parcel of land used for such other purpose in an amount equal to the multiple of the assessment for
a single-family lot by the nearest number of times that the area so used is divisible by 20,000 feet but in no case shall the assessment be less than the assessment which would be made against a single-family dwelling lot.

Sec. 2. The Board of Commissioners shall have authority to exempt from assessment for water and sewer extensions for corner lots 150 feet of the frontage of any side of a corner lot when water and sewer extensions are installed along both sides of such lot.

Sec. 3. The Board of Commissioners shall have authority to waive the assessment for water and sewer extensions against lands owned by Stanly County, the Stanly County Board of Education, and the Albemarle City School Administrative Unit.

Sec. 4. All laws and clauses of law in conflict with this Act hereby are repealed.

Sec. 5. This Act shall be in full force and effect from and after its ratification.

CHAPTER 611  SESSION LAWS—1969

The Board of County Commissioners of Robeson County shall have the power and authority to call upon the Robeson County Board of Elections to hold or conduct such election or referendum if the said Board of County Commissioners desires to do so, and the expense of such election or referendum shall be paid by the Board of County Commissioners of Robeson County. If a majority of the qualified voters voting in the area above described shall vote in favor of the annexation and tax equalization in said area, then the said area shall be annexed to the Lumberton City Administrative Unit, and the residents of said area so annexed shall become a part of the Lumberton City Administrative Unit as to its public schools and shall pay the school taxes assessed and heretofore existing in the Lumberton City Administrative Unit, together with such other taxes as may from time to time be lawfully imposed for the use and benefit of the Lumberton City Administrative Unit. The said election or referendum may be held by the County Board of Elections of Robeson County if the Commissioners request said Board to so do, and the Board of County Commissioners of Robeson County shall pay the expense of said election or referendum. The said election or referendum shall be held according to the rules and regulations set forth in Article 14 of Chapter 115 of the General Statutes, and particularly the rules governing elections set forth in G.S. 115–122. In case the said area votes for annexation to the Lumberton City Administrative Unit, the taxes referred to in this Act which are to be equalized are the supplemental taxes levied by the Lumberton City Administrative Unit as adopted in 1956, and the tax passed by the voters of the City of Lumberton for the retirement of the capital improvement program, the same having been passed on the 16th day of April, 1963, and such other taxes as may from time to time be lawfully imposed for the use and benefit of the Lumberton City Administrative Unit.

Sec. 4. If the results of said election or referendum shall be in favor of annexation in the case of the area above described, then the school taxes referred to in this Act as to the residents of the area so annexed shall be levied and collected in the same manner as the taxes for the public schools of the Lumberton City Administrative Unit as administered by the Lumberton City Board of Education. All taxes authorized to be levied and collected under this Act shall be collected by the City of Lumberton.

H. B. 259 CHAPTER 616

AN ACT TO AMEND GENERAL STATUTE 58-72(2) AND GENERAL STATUTE 58-79.2 SO AS TO DEFINE VARIABLE ANNUITY CONTRACTS AND PROVIDE THAT DOMESTIC LIFE INSURANCE COMPANIES MAY ESTABLISH SEPARATE ACCOUNTS WITH RESPECT THERETO.

The General Assembly of North Carolina do enact:

Section 1. Amend G. S. 58-72(2) as the same appears in the 1965 Replacement to Volume 2B of the General Statutes of North Carolina by inserting immediately following the words "periodical payments" at the end of line 1 thereof, the words "; whether in fixed or variable dollar amounts, or both.",

Sec. 2. Amend G. S. 58-79.2 as the same appears in the 1967 Cumulative Supplement to the General Statutes by rewriting the same to read as follows:

"G. S. 58-79.2. Establishment of separate accounts by life insurance companies. (a) When used in this Act, 'variable annuity contract' shall mean any individual or group contract issued by an insurance company providing for annuity benefits or contractual payments or values which vary so as to reflect investment results of any segregated portfolio of investments or of a designated separate account or
accounts in which amounts received or retained in connection with any of such contracts have been placed.

"(b) Any domestic life insurance company may, pursuant to resolution of its Board of Directors, establish one or more separate accounts and may allocate to such account or accounts amounts received or retained in connection with variable annuity contracts.

"(c) In addition to the amounts allocated under subsection (b), such company may allocate from its general accounts to such separate account or accounts additional amounts, which may include an initial allocation to establish such account; provided, that the aggregate amount so allocated shall not exceed one per centum of its admitted assets as of the preceding December 31, or one million dollars ($1,000,000), whichever is less, and, provided further, that such company shall be entitled to withdraw at any time, in whole or in part, its participation in any separate account to which funds have been allocated as provided in this subsection (c), and to receive, upon withdrawal, its proportionate share of the value of the assets of the separate account at the time of withdrawal.

"(d) Except as hereinafter provided, the amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this State governing the investments of life insurance companies; provided, that to the extent that the company's reserve liability with regard to (1) benefits guaranteed as to amount and duration, and (2) funds guaranteed as to principal amount or stated rate of interest is maintained in any separate account, a portion of the assets of such separate account at least equal to such reserve liability shall be, except as the Commissioner may otherwise approve, invested in accordance with the laws of this State governing the investments of life insurance companies. The investments in such separate account or accounts shall not be taken into account in applying the investment limitations applicable to other investments of the company.

"(e) With respect to seventy-five per cent (75%) of the market value of the total assets in a separate account no company shall purchase or otherwise acquire the securities of any issuer, other than securities issued or guaranteed as to principal or interest by the United States, if immediately after such purchase or acquisition the market value of such investment, together with prior investments of such separate account in such security taken at market, would exceed ten per cent (10%) of the market value of the assets of said separate account; provided, however, that the Commissioner may waive such limitation if, in his opinion, such waiver will not render the operation of such separate account hazardous to the public or the policyholders in this State.

"(f) No separate account shall invest in the voting securities of a single issuer in an amount in excess of ten per cent (10%) of the total issued and outstanding voting securities of such issuer provided that the foregoing shall not apply with respect to securities held in separate accounts, the voting rights in which are exercisable only in accordance with instructions from persons having interests in such accounts.

"(g) The limitations provided in paragraphs (e) and (f) above shall not apply to the investment with respect to a separate account in the securities of an investment company registered under the Investment Company Act of 1940, provided that the investments of such investment company comply in substance with paragraphs (e) and (f) hereof.
(h) The income, if any, and gains and losses, realized or unrealized, from assets allocated to each account shall be credited to or charged against the account without regard to other income, gains or losses of the company.

(i) Unless otherwise approved by the Commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account; provided, that unless otherwise approved by the Commissioner that portion of the assets of such separate account equal to the company's reserve liability with regard to the guaranteed benefits and funds referred to in subsection (d) hereof, if any, shall be valued in accordance with the rules otherwise applicable to the company's assets. The reserve liability for variable annuity contracts shall be determined in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

(j) If and to the extent so provided under the applicable contracts, that portion of the assets of any such separate account equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the company may conduct.

(k) The life insurance company shall have the power and the company's charter shall be deemed amended to authorize such company to do all things necessary under any applicable state or federal law in order that variable annuity contracts may be lawfully sold or offered for sale including, without limitation, the power to provide for management of a separate account by persons who may otherwise be unaffiliated with the life insurance company and the power to grant in connection with such contracts voting rights with respect to the management of and the investment and other policies of a separate account. This provision shall not affect existing laws pertaining to the voting rights of the life insurance company's policyholders.

(l) Amounts allocated to a separate account in the exercise of the power granted by this Act shall be owned by the company, and the company shall not be, or hold itself out to be, a trustee with respect to such amounts.

(m) The company shall not, in connection with the allocation of investments or expenses, or in any other respect, discriminate unfairly between separate accounts or between separate and other accounts, but this provision shall not require the company to follow uniform investment policies for its accounts.

(n) No sale, exchange or other transfer of assets may be made by a company between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made (a) by a transfer of cash, or (b) by a transfer of securities having a readily determinable market value, provided that such transfer of securities is approved by the Commissioner. The Commissioner may approve other transfers among such accounts if, in his opinion, such transfers would not be inequitable.

(o) Any variable annuity contract providing benefits payable in variable amounts delivered or issued for delivery in this State shall contain a statement
of the essential features of the procedure to be followed by the company in determining the dollar amount of such variable benefits. Any such contract, including a group contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount will vary to reflect investment experience and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis.

"(p) Any variable annuity contract providing benefits payable in variable amounts issued under this Section may include as an incidental benefit provision for payment on death during the deferred period of an amount not in excess of the greater of the sum of the premiums or stipulated payments paid under the contract or the value of the contract at time of death; such contracts will be deemed not to be contracts of life insurance and therefore not subject to the provisions of the Insurance Law governing life insurance contracts. Provision for any other benefit on death during the deferred period will be subject to such insurance provisions.

"(q) No domestic life insurance company and no other life insurance company shall deliver or issue for delivery within this State any contracts under this Act unless it is licensed or organized to do a life insurance or annuity business in this State, and the Commissioner of Insurance is satisfied that its financial condition and its methods of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this State. In determining the qualification of a company requesting authority to deliver such contracts within this State, the Commissioner of Insurance shall consider, among other things:

"(1) The history and financial condition of the company;

"(2) The character, responsibility and general fitness of the officers and directors of the company; and

"(3) The law and regulations under which the company is authorized in the state of domicile to issue variable annuity contracts.

"An authorized life insurance company, whether domestic, foreign or alien, which issues variable annuity contracts and which is a subsidiary of (or affiliated through common management or ownership with) another life insurance company authorized to do business in this State may be deemed to have met the provisions of this subsection if either it or the parent or affiliated company meets the requirements hereof.

"(r) The Commissioner of Insurance shall have sole and exclusive authority to regulate the issuance by life insurance companies and the sale of such contracts and to issue such reasonable rules and regulations as may be necessary to carry out the purposes and provisions of this Section 58-79.2, and such contracts and the life insurance companies which issue them shall not be subject to the Securities Law of North Carolina nor to the jurisdiction of the Secretary of State thereunder; provided, however, that any person that offers for sale or sells such contracts shall be subject to the Securities Law of North Carolina.

"(s) Except as otherwise provided in this Section, all pertinent provisions of the insurance laws of this State shall apply to separate accounts and contracts issued in connection therewith."

Sec. 3. If any provisions of this Section or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions
or applications of the section which can be given effect without the invalid provisions or application, and to this end the provisions of this Section are declared to be severable.

Sec. 4. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 5. This Act shall be in full force and effect from and after July 1, 1970.

In the General Assembly read three times and ratified, this the 29th day of May, 1969.

(2) Style of governing board:
(a) The governing board shall be known as the Board of Commissioners.
(b) The governing board shall be known as the Board of Aldermen.
(c) The governing board shall be known as the Council.

(3) Terms of office of members of the governing board:

If the board consists of an even number of members, at the first election following adoption of option (c), one-half of the members shall be elected for four-year terms, and one-half shall be elected for two-year terms. If the board consists of an odd number of members, at the first election following adoption of option (c), a simple majority of the members shall be elected for four-year terms and the remainder of the members shall be elected for two-year terms. In both cases those members elected with the highest number of votes shall serve the four-year terms. At all elections following the first election under option (c), members shall be elected for four-year terms.
Number of members of the governing board:

(a) The board shall consist of any number of members not less than three nor more than twelve.

Mode of election of the governing board:

(a) All candidates shall be nominated and elected by all the qualified voters of the municipality.

(b) The municipality shall be divided into wards; members of the board shall be apportioned to the wards so that each member represents the same number of persons as nearly as possible, except for members apportioned to the municipality at large, if any; the qualified voters of each ward shall nominate and elect candidates who reside in the ward for seats apportioned to that ward; and all the qualified voters of the municipality shall nominate and elect candidates apportioned to the municipality at large, if any.

(c) The municipality shall be divided into wards; members of the board shall be apportioned to the wards so that each member represents the same number of persons as nearly as possible, except for members apportioned to the municipality at large; and candidates shall reside in and represent the wards according to the apportionment plan adopted, but all candidates shall be nominated and elected by all the qualified voters of the municipality.

(d) The municipality shall be divided into wards; members shall be apportioned to each ward so that each member represents the same number of persons as nearly as possible, except members apportioned to the municipality at large, if any; the qualified voters of each ward shall nominate two candidates who reside in the ward for each seat apportioned to that ward in a non-partisan primary, and the qualified voters of the entire municipality shall nominate two candidates for each seat apportioned to the municipality at large, if any; and all candidates shall be elected by all the qualified voters of the municipality.

If either of options (b), (c), or (d) is adopted, the governing board shall divide the municipality into the requisite number of wards according to the apportionment plan adopted, and shall cause a map of the wards so laid out to be drawn up and recorded in the office of the municipal clerk, where it shall be available for public inspection. The governing board shall have authority to revise ward boundaries from time to time to correct imbalances in ward population and to account for newly annexed territory. The governing board shall also have authority to revise the apportionment plan from time to time in order to insure that each member represents the same number of persons as nearly as possible, but in no event may more than one-half of the governing board be apportioned to the municipality at large. The initial ordinance or petition initiating adoption of either of options (b), (c), or (d) may specify the number of wards to be laid out, but the drawing of ward boundaries and apportionment of members to the wards shall be done in all cases by the governing board.

Primaries:

(a) There shall be no municipal primary but all candidates shall be nominated and elected at the regular municipal election.

(b) There shall be a non-partisan primary to nominate two candidates for each vacancy on the board to be filled at the regular municipal election.

(c) The mayor shall be selected by the governing board from among its membership to serve at its pleasure.

Part 2. City Manager.

Sec. 160-292. Adoption of manager plan. The governing board of any city or town may amend its charter by adopting G. S. Sec. 160-293 as a part of its charter. (The words "city" and "council" may be replaced with the correct terminology for the particular municipality.)

Sec. 160-293. (a) Appointment of city manager. The Council may appoint a city manager for an indefinite term and may fix his compensation. The manager shall be appointed solely on the basis of his executive and administrative qualifications. He need not be a resident of the city or State at the time of his appointment, but shall become a resident of the city as soon after his appointment as possible. He shall not be deemed an officer of the city within the meaning of Article XIV, Section 7, or Article VI, Section 7, of the Constitution of North Carolina.

(b) Powers and duties of manager. The manager shall be the chief administrator of the city. He shall be responsible to the Council for the administration of all municipal affairs placed in his charge by them, and shall have the following powers and duties:

1. He shall appoint and, when he deems it necessary for the good of the service, suspend or remove all municipal employees in accordance with such general personnel rules, regulations, policies, or ordinances as the Council may adopt, except the City Attorney and the City Clerk.
2. He shall direct and supervise the administration of all departments, offices, and agencies of the city, subject to the general direction and control of the Council, except as otherwise provided by law.
3. He shall attend all meetings of the Council and recommend for adoption such measures as he shall deem expedient.
4. He shall see that all laws of the State and the ordinances, resolutions, and regulations of the Council are faithfully executed within the city.
5. He shall prepare and submit the annual budget and capital program to the Council.
6. He shall submit to the Council and make available to the public a complete report on the finances and administrative activities of the city as of the end of the fiscal year.
7. He shall make such other reports as the Council may require concerning the operations of city departments, offices, and agencies subject to his direction and control.
8. He shall perform such other duties as may be required or authorized by the Council.

Sec. 160-294. Existing charter provisions not affected. Sections 160-292 and 160-293 shall not apply to any city or town whose charter provides for the appointment
of a city or town manager and shall not be construed to permit the amendment or repeal of any such provisions.

Sec. 160-295. Initiative by governing board. (a) The governing board may adopt an ordinance amending the charter or general law applicable to the municipality in any of the particulars set out in Sections 160-291 and 160-293. The ordinance shall be passed for the first time not later than 90 days before the deadline for filing notice of candidacy for the municipal governing board, or, if no such deadline is prescribed by law or ordinance, not later than 120 days before the municipal election. The ordinance may combine adoption of the manager plan as permitted by Sec. 160-293 with modification of the charter in the particulars permitted by Sec. 160-291, or separate ordinances under Secs. 160-291 and 160-293 may be adopted. If separate ordinances are adopted, they may be considered at the same meetings and the same public hearing, but shall be considered separate ordinances for the purposes of Sec. 160-296. Following passage on first reading, the substance of the ordinance shall be published in some newspaper having a general circulation in the municipality. Following this publication the board shall call a public hearing on the ordinance. Following the public hearing, the board shall read the ordinance for a second time and if it shall pass its second reading, it shall take effect for the next succeeding regular municipal election, unless submitted or petitioned to a vote of the people as hereinafter provided.

(b) The governing board may not adopt an ordinance amending the charter between the time of registration of an initiative petition pursuant to Sec. 160-298 and the time the plan proposed in such petition takes effect, unless the petition shall be declared invalid for failure to meet the requirements imposed by Sec. 160-297 and 160-298, or unless the plan proposed by the petition fails adoption by the voters: Provided, that this subsection shall not apply to an ordinance proposing charter amendments under Sec. 160-291 if the petition proposes only adoption of the manager form of government under Sec. 160-293, nor to an ordinance proposing adoption of the manager form of government under Sec. 160-293 if the petition proposes only charter amendments under Sec. 160-291.

Sec. 160-296. Referendum on new plan initiated by the governing board. The governing board may of its own motion, and shall upon receipt of a valid petition bearing the signatures of a number of qualified voters of the municipality equal to at least fifteen percent (15%) of the whole number of voters who participated in the last regular municipal election, submit any ordinance adopted pursuant to Sec. 160-295 to a vote of the people. No petition shall be valid unless delivered to the mayor or clerk at least 60 days prior to the deadline for filing notice of candidacy for the municipal governing board, or, if no such deadline is prescribed by law or ordinance, at least 90 days before the municipal election.

Sec. 160-297. Initiative by the people. (a) The people may initiate a referendum on adoption of a new form of government by petition. The petition shall bear the signatures of a number of qualified voters of the municipality equal to at least twenty-five percent (25%) of the whole number of voters who participated in the last regular municipal election. It may propose only one form of government for submission to the voters and shall be in substantially the following form:

To the __(governing board)__ of __(municipality)__

We, the undersigned qualified voters of __(municipality)__ do hereby request
that you submit to the people the question of whether to adopt a new form of government as follows:—describe the proposed plan briefly but completely and refer to the pertinent provisions of Sec. 160-291 and/or 160-293. No petition shall be valid which proposes any form of government not entirely composed of the options set out in Sec. 160-291 or 160-293. No petition shall be valid unless received by the mayor or clerk at least 120 days prior to the deadline for filing notice of candidacy for the municipal governing board, or, if no such deadline is prescribed by law or ordinance, at least 150 days before the municipal election. Upon receipt of such a valid petition, the governing board shall fix a date for submitting the new form of government to the people.
