AN ACT TO AMEND RULE 37 OF THE RULES OF CIVIL PROCEDURE TO ALLOW THE IMPOSITION OF EXPENSES, UPON FAILURE TO ADMIT PURSUANT TO RULE 36, WITHOUT REQUIRING THE ESTABLISHMENT OF THE TRUTH OF THE MATTER IN QUESTION BY THE VERDICT OF A JURY.

The General Assembly of North Carolina enacts:

Section 1. Section 1A-1 of the General Statutes, Rule 37, is hereby amended by deleting paragraph (c) thereof, and substituting therefor the following:

"(c) Expenses on failure to admit. If a party fails to admit the genuineness of any document or the truth of any matter as requested under Rule 36, and if the party requesting the admissions thereafter proves the genuineness of the document or the truth of the matter, he may apply to the court for an order requiring the other party to pay him the reasonable expenses incurred in making that proof, including reasonable attorney's fees. The court shall make the order unless it finds that:

(1) the request was held objectionable pursuant to Rule 36(a), or
(2) the admission sought was of no substantial importance, or
(3) the party failing to admit had reasonable ground to believe that he might prevail on the matter, or
(4) there was other good reason for the failure to admit."

Sec. 2. This act shall be in full force and effect on and after January 1, 1975, and shall apply to actions and proceedings pending on that date as well as to actions and proceedings commenced on and after that date.

In the General Assembly read three times and ratified, this the 28th day of January, 1974.

CHAPTER 829

AN ACT AUTHORIZING THE CITY OF OCEAN ISLE BEACH IN BRUNSWICK COUNTY TO ESTABLISH AN AIRPORT COMMISSION VESTED WITH THE POWER OF EMINENT DOMAIN AND THE POWER TO ISSUE BONDS OR OTHER SECURITIES OR OBLIGATIONS FOR THE PURPOSE OF PROVIDING FUNDS FOR THE ACQUISITION OF LANDS, CONSTRUCTION AND OPERATION OF AN AIRPORT FACILITY TOGETHER WITH ALL POWERS AS SET OUT IN CHAPTER 63 OF THE GENERAL STATUTES OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

Section 1. There is hereby created a board to be known as the Airport Commission of Ocean Isle Beach, which board is hereby constituted a body politic and corporate. The board shall be comprised of three members, all of whom shall be experienced businessmen with no qualifications as to residence. The membership of the board shall be named by the governing body of the Town of Ocean Isle Beach and shall be selected initially to serve one, two, and three year terms respectively beginning on July 1, 1973. All subsequent appointments shall be for terms of three years and until the successor is selected and qualifies. The governing body of the town shall name the chairman. The members of the board shall receive no compensation, per diem or otherwise, but shall be allowed and paid actual expenses incurred in the transaction of business and at the instance of the Commission.

Sec. 2. The Airport Commission shall, in addition to the powers conferred in Chapter 63 of the General Statutes of North Carolina, have the following powers:

(1) To sue and be sued in the name of the Airport Commission; to acquire by purchase and condemnation, and to hold lands for the purpose of constructing, maintaining or operating the airport facilities hereinafter referred to; and make such contracts and to hold such personal property as may be necessary for the exercise of the powers of the Airport Commission.
(2) To issue bonds or other securities or obligations for the purpose of providing funds for such acquisition of lands, construction, maintenance or operating the airport facilities, said bond, if and when issued, shall be denoted "Airport Commission Bonds of Ocean Isle Beach" and shall be issued in such form and denominations and shall mature at such time or times not exceeding fifty (50) years after their date and shall bear such rate of interest not exceeding six percent (6%) per annum payable either annually or semi-annually as the Airport Commission may determine; provided, however, that neither the Airport Commission Board, nor the individual members thereof, shall have authority to pledge the credit of or contract for or on behalf of the Town of Ocean Isle Beach. The bonds shall be signed by the Chairman of the Airport Commission Board and the corporate seal affixed or impressed on each bond and attested by the secretary to the Board. The coupons to be attached to said bond shall bear the facsimile signature of the Chairman officiating at the time of issuance of the bond. Such bonds or notes issued for the purpose or purposes above set out may be sold at private sale for not less than par to any U.S. governmental agency with the approval of the governing body of the Town of Ocean Isle Beach, but if such private sale is not made to a U.S. governmental agency, then the sale shall be made under the provisions of the Municipal Finance Act of the State with the approval of the local government board and commission.

Bonds and notes issued under this act shall be exempt from all State, county or municipal taxes or assessments, direct or indirect, general or special, and the interest paid on said bonds or notes shall not be subject to taxation as income, nor shall said bonds or notes, or coupons of said bonds, be subject to taxation when constituting part of the surplus of any bank, trust company or other corporation.

(3) Any resolution or resolutions authorizing any bonds may contain provisions which shall be part of the contract with the holders of the bonds, as to:

(A) Pledging any and all revenue received by the Airport Commission in the operation of the airport facilities after operational costs.

(B) The rates of any charges by the Commission for the use of the facilities of the Commission and the use and disposition of such revenues.

(C) The setting aside of reserve and sinking funds and the rate and disposition thereof.

(D) Limitations on the purposes to which the proceeds of sale of any issue of bonds to be issued may be applied.

(E) Limitations on the issuance of additional bonds, and

(F) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which the consent may be given.

(4) To do all things necessary or convenient to carry out all powers expressly given in this act.

Whenever a person becomes an inebriate from the use of alcoholic beverages and has been committed by the Clerk of Court of Randolph County, as provided in G.S. 35-2, and such person is indigent so that expenses of his care and cure shall constitute a valid charge against the county, as provided in G.S. 35-2, the town Alcoholic Control Board shall pay to the county such charges; provided, that the town Alcoholic Control Board shall not be required to pay any such charges except where it has agreed with the Clerk of Superior Court to pay such charges prior to the person’s commitment. The town Alcoholic Control Board is authorized to participate in and to make contributions to public and private organizations which have rehabilitation programs for alcoholics, when the organization and its programs have been approved by the board. Nothing herein shall be construed as limiting the Alcoholic Control Board’s discretion in establishing its educational and rehabilitation program and expenditures therefor within the ten percent (10%) net profits herein allocated.

3. Eighty-five percent (85%) of the net profits shall be allocated to the general fund of the Town of Liberty. The governing body of the town is hereby authorized to appropriate such funds for any proper governmental purpose, including that set out in subsection 1 of Section 6, in amounts in excess of the five percent (5%) set out in that section, and the costs of any additional law enforcement officers and facilities necessitated by the sale of liquor within the Town of Liberty.

H. B. 1691    CHAPTER 984

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE TOWN OF MANTEO OF AREAS, TERRITORIES, OR SUBDIVISIONS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE TOWN OF MANTEO.

Whereas, Article 4A of Chapter 160A of the General Statutes of North Carolina contains no provision for the annexing of areas, territories or subdivisions not contiguous to the municipal boundaries of the Town of Manteo; and

Whereas, it would be in the interest of the public health, safety and welfare of the inhabitants of said city and would permit a more orderly growth of the municipal boundaries of said town to allow the annexation of noncontiguous areas, territories or subdivisions by petition of the property owners who desire that their property be annexed; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. That the owner or owners of any area, territory or subdivision within the boundaries of Dare County but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose property is not contiguous to the municipal boundaries of the Town of Manteo, may, by petition directed to the governing body of the Town, request that the property described in the petition be annexed and made a part of the Town of Manteo as hereinafter set out; provided any property annexed as herein provided must be located at the closest point not more than three miles from the Town of Manteo municipal limits wherein is located and situated the Town Hall.

Sec. 2. That said petition shall be directed to the governing body of the Town of Manteo and shall contain:

(1) The names of the owners of the real property for which a request to annex is made.

(2) A description of the area to be annexed by metes and bounds.

(3) The signatures of all property owners of the area, territory or subdivision requesting annexation.

In the case of annexing a subdivision under this act, the petition must be signed by all owners of property within the subdivision, provided nothing herein shall be construed to authorize the annexation of a portion of a subdivision.
Upon receipt of the petition, the governing body of the Town of Manteo shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

Upon receipt of the certification and petition, the governing body shall fix dates for two public hearings on the question of annexation and shall cause notice of the public hearings to be published twice in a newspaper having general circulation in the municipality at least ten days prior to the date of the first public hearing, and published in like manner preceding the second public hearing. The second public hearing shall be held at least 20 days after the first public hearing. At such public hearings, all residents of Dare County opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The governing body shall then determine whether the petition meets the requirements of this act.

Upon a further finding and determination by the governing body that:

(1) The public health, safety and welfare of the inhabitants of the Town of Manteo, as well as those of the area, territory or subdivision requesting such annexation, will best be served by such annexation, and

(2) The Town of Manteo will be able to provide the same services to the annexed area, territory or subdivision in the same manner in which other areas within the municipal boundaries of said city are served, the governing body of the Town of Manteo may adopt an ordinance annexing that area described in the petition; provided the ordinance annexing the area, territory or subdivision shall be passed at each meeting of the governing body where a public hearing is held as hereinbefore provided. From and after the effective date of said ordinance, which date shall not be less than 90 days from and after the final passage of said ordinance, the area, territory or subdivision and its citizens shall be subject to all debts, laws, ordinances and regulations in force in said Town of Manteo and shall be entitled to the same benefits and privileges of other parts of said Town. The newly annexed area, territory or subdivision shall be subject to city taxes for the fiscal year following the effective date of annexation.

Sec. 3. The governing body of the Town of Manteo may make said annexation contingent on such conditions as it may desire in order to insure that the area, territory or subdivision proposed to be annexed will not receive preferential treatment.

Sec. 4. The governing body, in its discretion, may charge in any noncontiguous area, territory or subdivision annexed water or sewer rates in excess of those charged within the municipal limits wherein is located the Town Hall, and from time to time the council shall review the expenses related to any noncontiguous area to determine that said expenses are not in excess of taxes and revenues derived therefrom.

Sec. 5. Any area, territory or subdivision annexed pursuant to this act shall cease to be noncontiguous for all intents and purposes when and in the event said area shall touch the municipal limits of the Town of Manteo pursuant to the extension of the boundaries of said Town pursuant to Article 4A, Chapter 160A of the General Statutes of North Carolina.

Sec. 6. Any area, territory or subdivision annexed pursuant to this act shall not be included in that area of the municipal boundaries used for determining any extraterritorial jurisdiction of the Town of Manteo and further shall not be considered within the municipal boundaries for the purpose of defining an area as contiguous to the city limits within the provisions of Article
4A of Chapter 160A of the General Statutes of North Carolina with reference to further annexation unless and until the area, territory or subdivision annexed pursuant hereto shall, by extension of the municipal boundaries pursuant to Article 4A of Chapter 160A of the General Statutes of North Carolina, touch and become a part of the municipal boundaries of the Town of Manteo wherein is located the Town Hall. Any area, territory or subdivision annexed pursuant hereto may be included at only forty percent (40%) of the normal rate for the purposes of population density or character of any larger area, territory, or subdivision to be annexed at any time in the future pursuant to the provisions of Article 4A of Chapter 160A of the General Statutes of North Carolina.

Sec. 7. The total area of all noncontiguous portions of the town annexed pursuant to this act shall at no time exceed ten percent (10%) of the total area of the Town of Manteo wherein is located the Town Hall.

Sec. 8. This act shall be supplemental and in addition to any other methods or procedure for annexation heretofore available or hereafter provided for the Town of Manteo.

Sec. 9. If any clause, sentence, paragraph, subsection, section or any part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such judgment shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the part thereof directly involved in said judgment.

Sec. 10. This act shall be effective upon ratification.

In exercising and enjoying any power, duty, right, privilege or immunity, the Durham government shall follow the procedures, if any, set out in this charter. If the charter contains a procedure that does not include all acts necessary to exercise the power, duty, right, privilege or immunity, the Durham government shall supplement the charter procedure by applicable procedures set out in other statutes. If no procedure is set out in the charter, the Durham government shall follow the procedure set out in any general or applicable local law granting the power, duty, right, privilege or immunity; and if two or more laws, other than this charter, grant the same power, duty, right, privilege or immunity, but with differing procedures, the Durham government may proceed under either. Before proceeding under either procedure, the Board of Government shall by resolution select which of the alternative procedures available under general law the Durham government shall follow. The Board may by resolution change the selection from time to time. The procedure set out in any statute, when employed by the Durham government, is deemed amended to conform to the structure and administrative organization of the Durham government. If a statute refers to the governing body or governing board of a county or city, the reference, except as otherwise provided in this charter, means the Board of Government; and a reference to a specific official means the official of the Durham government who most nearly performs the same duties performed by the specified official. If there is doubt as to the appropriate official, the Board shall by resolution designate an appropriate official to act as fully as if his office were specified in the statute.

"Chapter 2. The Board of Government.

"Sec. 2-1. Composition; numbers of members; how elected.—The governing board of the Government of Durham and Durham County is the Board of Government. It has sixteen members. There are sixteen electoral districts, and the qualified voters of each district shall elect one member of the Board.

"Sec. 2-2. Terms.—Except for the initial members of the Board of Government, who shall serve for the terms provided for in Section 10-9 of this charter, members of the Board are elected to four-year terms, and shall take office at the first regular meeting of the Board in December next following their election.

"Sec. 2-3. Eligibility.—To be eligible for election to, appointment to and service on the Board of Government, a person must be eligible for election by the people under the Constitution of North Carolina. In addition, no person may file
notice of candidacy for or be nominated, elected, appointed, or serve from a
district in which he does not reside.

"Sec. 2-4. Compensation.—The initial base compensation of members of the
Board of Government is two hundred dollars per month. In addition, each
member of the Board is entitled to receive twenty-five dollars for attendance at
each official meeting of the Board and of the committee of the whole, but the
total of sums received for attendance at meetings may not exceed one hundred
fifty dollars in any month.

The Board may by ordinance fix its own compensation, to become effective on
December 1 following the next regular Durham government election following
adoption of the ordinance.

"Sec. 2-5. Vacancies.—A vacancy in the membership of the Board of
Government exists when a duly elected person fails to qualify, or when a
member who has been duly elected and has qualified either dies, resigns, no
longer meets the requirements of Section 2-3 of this charter, is removed or is
recalled. The Board shall fill all vacancies. In order to qualify, the person
appointed shall take and subscribe the oath required by the Constitution of
North Carolina. The term of the appointed member extends to the first regular
meeting of the Board in December following the next general Durham
government election. At the next general Durham government election
following the creation of a vacancy, a person shall be elected to the seat vacated,
either for the remainder of the unexpired term, or if the term has expired, to a
four-year term.

"Sec. 2-6 through 2-10. Reserved.

"Article 2. Organization, Rules, Officers.

"Sec. 2-11. Organizational meetings.—The Board of Government shall meet
on the date of the first regular meeting of the Board in December next following
each Durham government election. At that meeting, the Mayor and each
member of the Board whose term of office begins that day shall take and
subscribe the oath required by the Constitution of North Carolina. The Clerk of
Superior Court shall administer the oath. A member absent from the
organizational meeting may take and subscribe the oath at a later time.

"Sec. 2-12. Mayor Pro Tempore; duties.—At the first regular meeting of the
Board of Government in December next following each Durham government
election, the Board shall elect from among its members a Mayor Pro Tempore to
serve a two-year term. The Mayor Pro Tempore shall preside at meetings of the
Board in the absence of the Mayor.

The Mayor Pro Tempore is a member of the Board for all purposes, including
the determination of whether a quorum is present.

In the event of a vacancy in the office of Mayor, the Mayor Pro Tempore
shall act as Mayor until a Mayor is appointed by the Board pursuant to this
charter.

"Sec. 2-13. Rules.—Consistent with this charter, the Board of Government
may adopt its own rules of procedure. The Board shall adopt rules under which
the public shall be afforded reasonable opportunity to be heard on any matter
before the Board.

"Sec. 2-14. Quorum; voting.—Nine members of the Board of Government or
eight members of the Board and the Mayor constitute a quorum. A member
who has withdrawn from a meeting without being excused by a majority vote of
the remaining members present shall be counted as present for purposes of determining whether or not a quorum is present.

The vote of each member on each ordinance shall be recorded in the official minutes. Voting by proxy is not allowed.

If a matter before the Board involves a member’s official conduct or his personal or financial interest, the member must state the nature and extent of his interest. The Board, in its discretion, may excuse the member from voting upon matters involving his official conduct or his personal or financial interest but may not excuse a member from voting for any other reasons. In all other cases, a member is required to vote on matters before the Board.

A member who is present and fails to vote or who having been present has withdrawn from the meeting without being excused by the remaining members of the Board shall be recorded as having voted affirmatively.

No action may be taken except by an affirmative vote of a majority of the votes cast. Except when a greater number is required by law, an affirmative vote of a majority of all of the members of the Board, including the Mayor, not excused from voting on the question in issue is required to adopt an ordinance or take any action having the effect of an ordinance or ratify or authorize any contract on behalf of the Durham government except that only a simple majority of the votes cast is required to adopt a budget ordinance.

“Sec. 2-15. Meetings.—The Board of Government shall hold its regular meetings in the evening at a time starting after 6:00 p.m. The Board shall fix the time, day and place of its regular meetings and shall hold at least one regular meeting each month. A meeting of the committee of the whole is not a regular meeting of the Board. The Mayor, a majority of the members of the Board or the Chief Administrative Officer may call a special meeting of the Board. The person or persons calling the meeting shall, at least 24 hours in advance of the meeting, cause a written notice of the meeting to be delivered to each member or to be left at his usual residence or place of business. He or they shall also cause public notice of the meeting to be made at least 24 hours in advance of the meeting. The notice shall state the time and place of the meeting and the business to be transacted, and shall be signed by the person or persons calling the meeting. Only the business stated in the notice may be transacted at the meeting.

The Mayor, a majority of the members of the Board or the Chief Administrative Officer may call a meeting to deal with an emergency. The notice provisions of this section do not apply to those meetings. The Board shall specify by ordinance the procedure for calling a meeting to deal with an emergency.

“Sec. 2-16 through 2-19. Reserved.

“Article 3. Legislative Powers and Ordinance Procedure.

“Sec. 2-20. Legislative power.—All legislative powers of the Durham government are vested in the Board of Government.

“Sec. 2-21. Ordinance procedure.—(a) Adoption. No ordinance nor any action having the effect of an ordinance may be adopted on the date on which it is introduced except by an affirmative vote of at least twelve members of the Board of Government or of eleven members of the Board and the Mayor. No ordinance making a grant, renewal, extension or amendment of any franchise may be finally adopted until it has been passed at two regular meetings of the Board.
(b) Effective date. Bond orders, franchise, appropriation, revenue, and budget ordinances and any ordinance that by law may not be adopted without prior public notice and a public hearing become effective as provided in the ordinance. All other ordinances become effective at the expiration of 30 days after adoption or at any later date specified in the ordinance except an ordinance may take effect upon adoption if the Board determines that immediate operation of the ordinance is necessary to protect the health, safety or welfare of the citizens of Durham County or the public peace and dignity. Any such ordinance that is to become effective upon adoption shall contain a declaration stating in clear and specific terms the reason for its immediate effective date.

"Article 4. Initiative and Referendum."

"Sec. 2-22. General authority.—(a) Initiative power. The qualified voters of the Durham government have the power to propose any ordinance to the Board of Government, except a budget ordinance, bond order, franchise ordinance or any ordinance creating, expanding or abolishing an urban service district. The initiative process may be used to repeal any ordinance that could be proposed under the initiative process except that it may not be used to repeal any ordinance affirmed by a referendum election within one year after the referendum vote. If the Board fails to adopt the ordinance without substantive change, the voters have the power to approve or reject the proposed ordinance at the polls. These powers comprise the initiative power.

(b) Referendum power. The qualified voters of the Durham government have the power to require reconsideration by the Board of Government of any adopted ordinance, except a budget ordinance, bond order, franchise ordinance or any ordinance that by law may not be adopted without prior public notice and a public hearing. If the Board fails to repeal an ordinance which it has been required to reconsider, the voters shall have the power to approve or reject the referred ordinance at the polls. These powers comprise the referendum power.

"Sec. 2-23. Commencement of proceedings.—Any five qualified voters may commence an initiative or referendum petition by filing with the Durham government clerk an affidavit stating that they will constitute the petitioners’ committee and will be responsible for circulating the petition and filing it in proper form.

"Sec. 2-24. Petitions.—(a) Signatures. An initiative or referendum petition shall bear the signatures equal in number to at least ten percent of the registered voters of the Durham government or 5,000, whichever is less.

(b) Form and content. The Board of Government by ordinance shall specify the form and content of a petition and procedures for initiative and referendum elections.

(c) Time for filing. An initiative petition may be filed at any time. A referendum petition must be filed within 30 days after adoption by the Board of Government of the ordinance sought to be reconsidered.

"Sec. 2-25. Certification.—The petition shall be filed with the Durham government clerk and the signatures shall be verified by the Durham County Board of Elections. The Board of Government by ordinance shall specify the procedures for certifying the sufficiency of a petition. The Board shall provide in the ordinance reasonable time limits for completing the certification of sufficiency or insufficiency of a petition.

"Sec. 2-26. Suspension of effective date of referred ordinance.—When, within the time allowed, a referendum petition is filed with the Durham government
clerk, the ordinance sought to be reconsidered shall be suspended from taking
effect, except an ordinance which takes effect upon adoption as provided in
Section 2-21(b) of this charter shall continue in effect until repealed. The
suspension of the effective date of an ordinance shall terminate when:
(a) There is a final determination that the petition is insufficient,
(b) The petitioners' committee withdraws the petition, or
(c) The Board of Elections certifies that the repeal of the ordinance has
been rejected in an election.

"Sec. 2-27. Consideration by Board of Government and submission to vote.—
When an initiative or referendum petition has been finally determined
sufficient, the Board of Government shall promptly consider it. If the Board fails
to adopt without substantive change an ordinance proposed by initiative
petition or fails to repeal a referred ordinance within 60 days after the date on
which the petition was certified as sufficient, the Board shall cause the proposed
ordinance or the referred ordinance to be submitted to the voters of the Durham
government. The vote on the proposed ordinance or the referred ordinance shall
be held within 120 days of the date on which the petition was certified as
sufficient.

"Sec. 2-28. Withdrawal of petition.—The petitioners' committee may
withdraw the initiative or referendum petition at any time prior to the fifteenth
day immediately preceding the day scheduled for a vote on the proposed or
referred ordinance. The written request for withdrawal shall be signed by at
least four members of the petitioners' committee and shall be filed with the
Durham government clerk. The filing of the request withdraws the petition.
The petition has no further effect and all proceedings are terminated.

"Sec. 2-29. Results of election.—(a) Initiative. If a majority of those voting in
an initiative election approve the proposed ordinance, it shall become an
ordinance of the Durham government on the date the results of the election are
certified or a later effective date specified in the proposed ordinance.
(b) Referendum. If a majority of those voting in a referendum election
approve the repeal of the referred ordinance, it shall be repealed on the date the
results of the election are certified. If a majority of those voting in the election
reject the repeal of the ordinance, the ordinance shall be an ordinance of the
Durham government and shall become effective on the date the results of the
election are certified or a later effective date specified in the referred ordinance.

"Chapter 3. Mayor.

"Article 1. Qualification and Election.

"Sec. 3-1. Election; term.—The qualified voters of the entire Durham
government elect the Mayor to a two-year term of office. He assumes office at
the first regular meeting of the Board of Government in December next
following his election.

"Sec. 3-2. Eligibility.—To be eligible for election to, appointment to and
service as Mayor, a person must be eligible for election by the people to office
under the Constitution of North Carolina.

"Sec. 3-3. Compensation.—The initial annual compensation of the Mayor is
six thousand dollars. The Board of Government may by ordinance fix his
compensation, to become effective on December 1 following the first regular
Durham government election following adoption of the ordinance.

"Sec. 3-4. Vacancy.—A vacancy in the office of Mayor exists when a duly
elected person refuses to qualify or when a person who has been elected and has
qualified dies, resigns, no longer meets the requirements of Section 3-2 of this charter, is removed or is recalled. The Board of Government shall fill any vacancy by appointing a person to the remainder of the unexpired term. In order to qualify, the person appointed shall take and subscribe the oath required by the Constitution of North Carolina.

"Sec. 3-5. Absence; temporary incapacity. —The Mayor may designate the Mayor Pro Tempore to serve as acting mayor while the Mayor is absent from the county. If the Board of Government, by a vote of twelve of its members, determines that the Mayor is temporarily incapacitated, the Mayor Pro Tempore shall serve as acting mayor for the duration of the incapacity. Nine members of the Board may determine that the Mayor's incapacity has terminated.

If an emergency arises during the absence of the Mayor from the county, the Board, by a vote of twelve of its members, may designate the Mayor Pro Tempore to serve as acting mayor. The designation of the Mayor Pro Tempore as acting mayor terminates when the Mayor is no longer absent from the county or when nine members of the Board determine that the emergency has ended.

When serving as acting mayor, the Mayor Pro Tempore shall have the powers, duties, rights, privileges and immunities of the office of Mayor.

"Article 2. Powers and Duties.

"Sec. 3-6. Powers and duties.—The Mayor is the official head of the Durham government. Consistent with the provisions of this charter, he has all the powers, duties, rights, privileges and immunities granted to and imposed on chairmen of boards of county commissioners and mayors of cities by the general laws of North Carolina.

He shall preside at meetings of the Board of Government and has the rights, powers, duties and responsibilities of a member of the Board.

The Mayor, unless some other officer or employee is authorized by the Board, shall sign each written contract or obligation of the Durham government and any of its agencies, boards, commissions and authorities. No contract or obligation of the Durham government or any of its agencies, boards, commissions and authorities required to be in writing is binding on them until so signed.

"Chapter 4. Elections and Removal.

"Sec. 4-1. Applicability of general laws.—Except as otherwise provided in this charter, Chapter 163 of the General Statutes as applicable to cities governs the elections for the office of Mayor and for membership on the Board of Government. When used in Chapter 163, the word ‘city’ or ‘cities’ includes the Durham government. The office of Mayor and membership on the Board are city offices.

"Sec. 4-2. Election board; officials.—The County Board of Elections shall conduct the elections for the Durham government. The election officials appointed by the County Board of Elections shall be the election officials for Durham government elections.

"Sec. 4-3. Types of elections.—The Mayor and members of the Board of Government shall be elected by the nonpartisan primary and election method as provided in G.S. 163-290 and 163-294.

"Sec. 4-4. Filing fee.—The filing fee for the initial primary shall be sixty dollars for the office of Mayor and forty-two dollars for membership on the
CHAPTER 989   Session Laws—1973

Board of Government. The Board of Government may modify the filing fee for primaries no later than July 1 immediately preceding the first primary to which it is to apply.

"Sec. 4-5. Absentee ballots.—The provisions of Articles 20 and 21 of Chapter 163 of the General Statutes shall apply to the elections of the Mayor and members of the Board of Government.

"Sec. 4-6. Regulation of campaign expenses.—Article 22 of Chapter 163 of the General Statutes applies to elections held under this article.

"Sec. 4-7 through 4-9. Reserved.

"Article 2. Districts, Reapportionment.

"Sec. 4-10. Districts established.—The boundaries and the numbers of the 16 electoral districts are set out in Chapter 11 of this charter.

"Sec. 4-11. Commission established; membership.—By July 1 of the year in which an official federal census is taken, the Board of Government shall establish a Districting Commission of 16 members. Each member of the Board shall appoint to the Commission one person who resides in the electoral district that the member represents. The Commission functions until a new districting plan is adopted or until it determines that a new districting plan is unnecessary.

"Sec. 4-12. Redistricting.—After publication of the official federal census, the Districting Commission shall determine the population of each existing electoral district and whether redistricting is necessary because the population among districts is substantially unequal. If there is a difference of at least ten percent between the populations of the most populated and of the least populated districts, the population shall be deemed to be substantially unequal. The Commission, moreover, may determine that a difference of less than ten percent causes the population to be substantially unequal. If the Commission finds that the population of the districts is substantially unequal, the Commission shall adopt a plan of redistricting no later than July 1 of the year following the year in which the official federal census was taken. The districts as established by the plan shall be the basis for electing members of the Board of Government at the first election following its adoption and each election thereafter until a new plan is adopted. The plan shall take effect on the date of the first regular meeting of the Board in December next following the first election to which the plan applied.

In any plan adopted, all electoral districts shall be as nearly equal in population as possible; the districts shall assure, as reasonably as possible, equitable representation on the Board of races, socio-economic groups and geographic sections of the county; and each district shall be formed of compact, contiguous territory and its boundary lines, to the extent possible, shall follow natural or distinctive features such as rivers, roads and streets.

The Commission shall certify any new districting plan to the Durham County Board of Elections within seven days after its adoption by the Commission.

If a plan causes a vacancy on the Board, the vacancy shall be filled at the first election to which the plan is to apply. The person elected to fill the vacancy shall take office at the first regular meeting of the Board in December next following his election, and is elected to the remainder of the unexpired term. If two or more members of the Board are found to reside in a single new district created by the adoption of a new districting plan, the member who previously occupied the district with the same number as the number of the new district shall be the
representative of that district. If two or more members of the Board reside in a newly formed district, the number of which is different from that of the district either previously represented, a vacancy on the Board from that district shall be deemed to have been caused by the adoption of the new districting plan.

"Sec. 4-13 through 4-16. Reserved.

"Sec. 4-17. Removal by the Board of Government.—The Board of Government after a removal hearing and an affirmative vote of twelve of its members or of eleven members and the Mayor may remove from office a member of the Board or the Mayor for nonfeasance, misfeasance, malfeasance or conviction of a crime involving moral turpitude. A member of the Board or the Mayor may initiate removal by making a motion at a Board meeting calling for the removal of an officer. The motion shall specify the grounds on which removal is sought. The Durham government clerk shall cause written notice of the motion and a copy of the charges to be given to the officer against whom removal is sought at least ten days before the removal hearing. At the removal hearing, the officer shall have the right to be heard in person and by counsel in his defense. If a member of the Board or the Mayor is removed, the vacancy shall be filled as provided in Section 2-5 or Section 3-4 of this charter.

"Sec. 4-18. Recall.—The Mayor, a member of the Board of Government, a member of the Durham County Board of Education and the Register of Deeds are subject to removal pursuant to this section. An officer is removed upon the filing of a sufficient recall petition and the affirmative vote of a majority of those voting on the question of removal at a recall election.

A recall petition shall be filed with the Durham County Board of Elections. A petition to recall the Mayor, a member of the Durham County Board of Education or the Register of Deeds shall bear the signatures equal in number to at least twenty percent of the registered voters in the Durham government. A petition to recall a member of the Board of Government shall bear the signatures equal in number to at least twenty percent of the registered voters in the district that the member represents.

The Board of Elections shall verify the petition signatures. If a sufficient recall petition is submitted, the Board of Elections shall certify its sufficiency to the Board of Government, and the Board of Government shall adopt a resolution calling for a recall election to be held not less than 40 days nor more than 60 days after the petition has been certified to the Board of Government. The election may be held by itself or at the same time as any other general or special election within the period. The Board of Elections shall conduct the recall election. The proposition submitted to the voters shall be substantially in the following form:

For the recall of (name of officer)
Against the recall of (name of officer)

The registered voters of the Durham government are eligible to vote in an election to recall the Mayor, a member of the Board of Education or the Register of Deeds. In an election to recall a member of the Board of Government, only the voters registered in the district that the member to be recalled represents are eligible to vote.

If a majority of the votes cast on the question are against the officer's recall, he shall continue in office, but is subject to recall as before. If a majority of the votes cast on the question are for the recall of the officer, he is removed on the
CHAPTER 989  Session Laws—1973

date the Board of Elections certifies the results of the election. A vacancy created by removal of a member of the Board of Government or the Mayor shall be filled as provided in Section 2-5 or Section 3-4 of this charter. A vacancy created by removal of a member of the Board of Education shall be filled as provided in Chapter 296 of the 1963 Session Laws. A vacancy created by the removal of the Register of Deeds shall be filled by the Board of Government.

"Chapter 5. Administrative.

"Sec. 5-1. Initial administrative organization.—The initial administrative organization of the Durham government is that of the merging governments on the effective date of this charter and shall continue until changed by law or in accordance with the provisions of this charter.

"Sec. 5-2. Administrative reorganization.—Except as restricted by this charter or the general law of the State, the Board of Government may reorganize the administrative structure of the Durham government by creating, consolidating, reorganizing and abolishing offices, positions, departments, committees, agencies, boards, commissions and authorities of the Durham government. In a plan of reorganization, the Board may impose additional powers and duties on any office, position, department, committee, agency, board, commission or authority. Except by amendment of this charter, however, no office, position, department, committee, agency, board, commission or authority expressly established or continued by this charter may be abolished, nor may any power, duty, right, privilege or immunity expressly conferred by this charter be removed or abolished.

"Sec. 5-3 through 5-5. Reserved.

"Article 2. Chief Administrative Officer.

"Sec. 5-6. Appointment; qualifications; term.—The Board of Government shall appoint the Chief Administrative Officer to hold office at the pleasure of the Board. The Chief Administrative Officer shall be appointed solely on the basis of his executive and administrative qualifications and need not be a resident of Durham County when appointed.

"Sec. 5-7. Duties and responsibilities.—The Chief Administrative Officer shall:

(a) See that the laws of the State and the ordinances, resolutions, rules and regulations of the Durham government are faithfully executed and enforced within the county.

(b) Attend all meetings of the Board of Government and recommend for adoption any measure he deems expedient.

(c) Make reports to the Board from time to time upon the affairs of the Durham government and keep the Board fully advised of the Durham government's financial condition and its future financial needs.

(d) Appoint and suspend or remove all Durham government employees whose appointments or selections are not otherwise provided for in this charter or by general law, in accordance with personnel rules, regulations, policies or ordinances adopted by the Board.

(e) Prepare and submit the annual budget and capital program to the Board.

(f) Direct and supervise the administration of all departments, boards, offices, agencies and commissions of the Durham government, subject to the general direction and control of the Board, except as otherwise provided by law.
(g) Exercise any other powers and perform any other duties authorized by the Board and not inconsistent with this charter or with the general law of the State.

"Sec. 5-8. Absence or disability.—By letter filed with the Durham government clerk, the Chief Administrative Officer may designate, subject to the approval of the Board of Government, a qualified person to exercise the powers and perform the duties of the Chief Administrative Officer during his temporary absence or disability. During this absence or disability, the Board may revoke that designation and appoint another to serve until the Chief Administrative Officer returns or his disability ceases.

"Sec. 5-9 through 5-11. Reserved.

"Sec. 5-12. Personnel system.—The Board of Government shall establish by ordinance a system of personnel administration. The system shall cover all employees of the Durham government except as otherwise provided by law.

The system shall not cover (a) elected officials, (b) employees of the Durham City and County Boards of Education and (c) employees of any committee, agency, board, commission and authority authorized to appoint its own chief administrative officer except as otherwise provided in this charter or other law. Employees of the Sheriff and Register of Deeds are appointed, supervised and discharged pursuant to the provisions of general law. Employees subject to State or federal civil service regulations and procedures may be made subject to the personnel ordinances of the Durham government in any manner consistent with State or federal regulations and procedures.

The system of personnel administration may provide for classification of positions, the manner and method of publicizing vacancies, employing and appointing personnel, the qualifications of employees, employee evaluations and performance, salaries, hours of employment, vacations, sick leave, special workman's compensation leave, job security, promotion, demotion, disciplinary procedures, transfer, layoff, removal, welfare of employees, retirement policy, payment of premiums for employee insurance benefits, grievance procedures, service awards, training leave and any other measures that promote the hiring and retaining of capable, diligent and honest career employees.

"Sec. 5-13. Discrimination prohibited.—It is the policy of the Durham government and its committees, agencies, boards, commissions and authorities that appointment, promotion, demotion, transfer, layoff, disciplinary action, removal, rates of compensation, employee benefits and all other personnel matters shall be determined without respect to race, color, religion, sex, national origin, age (except upon the basis of a bona fide occupational qualification, retirement plan or statutory requirement), political affiliation or any circumstances other than merit and qualification.

The Durham Human Relations Commission shall annually make a survey of the personnel practices of the Durham government and its committees, agencies, boards, commissions and authorities to assess the extent to which the policy of non-discrimination is being followed. The Committee shall make a report of its findings to the Board of Government on the third Monday of January of each year and may make recommendations to the Board for actions or changes in practices the Commission deems appropriate to the full observation of the policy.
The Durham Human Relations Commission is authorized, on its own, to initiate investigations of employment practices and to hear grievances by employees or prospective employees of the Durham government who allege that they have been discriminated against because of race, color, religion, sex, national origin, age, political affiliation or any circumstances other than merit and qualification.

Any employee or prospective employee of the Durham government who claims that he has been discriminated against or denied opportunities because of race, color, religion, sex, national origin, age, political affiliation or any circumstances other than merit and qualification may file a signed, written complaint with the Commission. The complaint shall include the name of the department head, supervisor or officer alleged to have committed the discriminatory practice, a description of the alleged discriminatory practice and any other information required by the Commission. After the filing of the complaint, the Commission shall cause a prompt investigation to be made.

All department heads, supervisors or officers shall cooperate with the Human Relations Commission in the conduct of any investigation.

If the Commission determines after the investigation that there is insufficient evidence to support the complaint, it shall within ten days of the determination give the complainant written notice of its findings. The complaint is then dismissed unless the complainant requests a review hearing within ten days after receipt of the Commission’s findings. Upon the request for a review hearing, the Commission shall provide an opportunity for the complainant or his attorney to appear before the Commission and present any additional information to support the allegations of the complaint. The Commission shall also provide an opportunity for the department head, supervisor or officer alleged to have committed the discriminatory practices to be heard. If after hearing the additional information the Commission determines that there is insufficient evidence to support the allegation, the complaint shall be dismissed.

Complainants and employees representing them or testifying at a hearing or assisting in any manner in an investigation under this section shall be free from restraint, interference, retaliation or coercion, at any stage in the presentation and processing of a complaint or at any time thereafter. No employee who has filed a complaint or assisted in any manner in an investigation of a complaint may be subject to loss of pay through discharge or demotion or transfer within 120 days of the date of final action on the complaint by the Human Relations Commission unless and until the Commission finds that no retaliation or reprisal is involved in the personnel action. The Commission is authorized to make an investigation and hold hearings to determine whether retaliation or reprisal is involved in such actions.

If the Commission after any investigation determines that a pattern and practice of discrimination exists, it may endeavor to eliminate the discriminatory practice by persuasion, force of publicity or any other reasonable and appropriate means.

If, after investigation of any complaint, the Commission determines that an applicant for employment has been discriminated against and except for that reason would have been hired, or an employee has been discharged, demoted, denied promotion, transferred against his wishes, or unfairly disciplined solely because of discrimination, it shall make appropriate certification of its findings.

"Sec. 5-15. Durham government clerk.—The Board of Government shall appoint a Durham government clerk to serve at the pleasure of the Board. The clerk shall keep the record and minutes of the Board and perform any other duties that may be required by law or by the Board.

"Sec. 5-16 through 5-18. Reserved.

"Article 5. Continuing Offices.

"Sec. 5-19. Sheriff continued.—The office of Sheriff of Durham County continues within the Durham government as provided in the Constitution and laws of North Carolina.

"Sec. 5-20. Duties continued.—The duties of the Sheriff of Durham County continue within the Durham government as provided in the Constitution and laws of North Carolina.

H. B. 1453  CHAPTER 1042
AN ACT TO AMEND THE NORTH CAROLINA CONSUMER FINANCE ACT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 53-166(a) as the same appears in Volume 2B of the 1973 Cumulative Supplement to the General Statutes of North Carolina is amended by striking the words and numerals “nine hundred dollars ($900.00)” in the second line thereof and substituting in lieu thereof the words and numerals “fifteen hundred dollars ($1500),” and by striking “G.S. 24-1.1” in the sixth line thereof and substituting in lieu thereof “Chapter 24.”

Sec. 2. G.S. 53-168(c) as the same appears in Volume 2B of the 1973 Cumulative Supplement to the General Statutes of North Carolina is amended to read as follows:

“(c) Existing business. Notwithstanding the provisions of this section, any person, firm or corporation which, on December 31, 1973, was a licensee under this Article either as a licensee to make loans under the provisions of G.S. 53-173 or as a motor vehicle lender under G.S. 53-176.1, may surrender such license to the commissioner within 90 days after the effective date of this subsection and elect to become a licensee to make loans under either G.S. 53-173 or G.S. 53-176.1 but not both. Such license shall be issued by the commissioner without further application or investigation and the licensee shall be deemed a licensee under the category that it elects upon the surrender of its current license and the election.”

Sec. 3. G.S. 53-173 as the same appears in Volume 2B of the 1973 Cumulative Supplement to the General Statutes of North Carolina is amended to read as follows:

“§ 53-173. Maximum rate of charge; computation of charges; limitation on interest after judgment; limitation on interest after maturity of the loan; inapplicability of other sections.—(a) Maximum rate of charge. Every licensee hereunder may contract for, compute, and receive on any loan of money, not exceeding fifteen hundred dollars ($1500) in amount, charges at rates not exceeding two and one-half percent (2 1/2%) per month on that part of the unpaid principal balance of any loan not in excess of three hundred dollars ($300.00) and one and one-half percent (1-1/2%) per month on any remainder of such unpaid principal balance.

(b) Computation of charges. Charges on loans made pursuant to this section shall not be paid, deducted, or received in advance. Such charges shall not be compounded but charges on loans shall (1) be computed and paid only as a percentage of the unpaid principal balance or portion thereof and (2) computed on the basis of the number of days actually elapsed; provided, however, if part or
all of the consideration for a loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the loan contract may include any unpaid charges on the prior loan which have accrued within 90 days before the making of the new loan contract. For the purpose of computing charges, a month shall be that period of time from one date in a month to the corresponding date in the following month but if there is no corresponding date, then to the last day of such following month, and a day shall be one-thirtieth of a month where computation is made for a fraction of a month. Any payment made on a loan shall be applied first to any accrued interest and then to principal, and any portion or all of the principal balance may be prepaid at any time without penalty.

(c) Limitation on interest after judgment. If judgment be obtained against any party on any loan made under the provisions of this section neither the judgment nor the loan shall carry, from the date of the judgment, any interest in excess of six percent (6%) per annum.

(d) Limitation of interest after maturity of loan. After the maturity date of any loan contract made under the provisions of this section and until the loan contract is paid in full by cash, new loan, refinancing or otherwise, no charges other than interest at six percent (6%) per annum shall be computed or collected from any party to the loan upon the unpaid principal balance of the loan.

(e) Inapplicability of other sections. The provisions of G.S. 53-173.1, G.S. 53-174 and 53-175 shall not apply to any loan made pursuant to the provisions of this section.

(f) Subject to the limitations contained in this Article as to maximum rates, the Commission may from time to time, upon the basis of changed conditions or facts, redetermine and refix any such maximum rates of charge, but, before determining or redetermining any such maximum rates, the Commission shall give reasonable notice of its intention to consider doing so to all licensees and a reasonable opportunity to be heard and introduce evidence with respect thereto. The notice herein required may be given by mailing such notice to the offices of the licensees as shown in the records of the Commissioner of Banks. Any such changed maximum rates of charge shall not affect preexisting loan contracts lawfully entered into between any licensee and any borrower.”

Sec. 4. Chapter 53 of the General Statutes is amended by inserting a new section to be designated G.S. 53-173.1 to read as follows:

“§ 53-173.1. Computations; other procedures.—Every loan made pursuant to the provisions of this Article other than G.S. 53-173 shall be repayable in substantially equal consecutive monthly installments, and subject to the following:

(a) The charge for payment according to schedule shall be computed at the time the loan is made and when computed shall be added to the cash advance. A licensee shall compute monthly charges for a period of time less than one year at one-twelfth of the annual rate for each loan month and shall compute charges for a period of less than one loan month at one-thirtieth of one-twelfth of the annual rate for each day. A loan month is that period of time from one date in the month through the corresponding date in the next month. If there is no corresponding date, then the last day of the next month will be used. All payments made on account, except those applied to default or deferment charges, shall be applied to the unpaid installments in the order in which they are due.
(b) The licensee shall not fix a due date of the first installment of any loan contract providing for monthly installments for a term exceeding 45 actual days from the date of the loan. When the first payment of any such contract may be due on a date beyond a loan month defined above, a licensee will be permitted to make an additional charge for the number of days in excess of 30 or the number of days in excess of one loan month from the date of the loan, whichever is less. The charge for the extra days may be added to the amount of the first installment and shall be excluded in computing any rebate.

(c) If, as of an installment due date the payment dates of all unpaid installments are deferred for one or more full months and the maturity of the contract is extended for a corresponding period, the licensee may charge and collect a defferment charge, which shall not exceed that portion of the charge for payment according to schedule originally added to the cash advance attributable under the rule of seventy-eights (78's) or the sum of the digits principle to the first of the deferred monthly installment periods multiplied by the number of months in which no schedule payment has been made or in which no payment is required by reason of the deferment. The Banking Commission may promulgate any further rules and regulations which may be necessary with regard to the provisions of this subsection."

Sec. 5. G.S. 53-176.1 as the same appears in the 1973 Cumulative Supplement to the General Statutes of North Carolina is amended by deleting the first sentence of subsection (a) and by changing the second sentence to read as follows:

"Any person applying for a license as a motor vehicle lender shall meet all the requirements of G.S. 53-168."

Sec. 6. The last sentence of G.S. 53-179 as the same appears in the 1973 Cumulative Supplement to the General Statutes of North Carolina is rewritten to read as follows:

"Such loans granted inadvertently resulting in a total liability of fifteen hundred dollars ($1500) or less, shall be adjusted to the rates applicable under the Article to a single loan of equivalent amount, and when the total liability on such loans is in excess of fifteen hundred dollars ($1500), interest shall be adjusted to simple interest at six percent (6%) per annum on the entire obligation."

Sec. 7. G.S. 53-180 as the same appears in the 1973 Cumulative Supplement to the General Statutes of North Carolina is rewritten to read as follows:

"§ 53-180. Limitations and prohibitions on practices and agreements.—(a) Time and payment limitation. Except as otherwise provided in this Article, no licensee making a loan pursuant to G.S. 53-173 shall enter into any contract of loan under this Article providing for any scheduled repayment of principal more than 25 months from the date of making the contract if the cash advance is six hundred dollars ($600.00) or less; nor more than 37 months from the date of making the contract if the cash advance is in excess of six hundred dollars ($600.00). Every loan contract shall provide for repayment of the amount loaned in substantially equal installments, either of principal or of principal and charges in the aggregate, at approximately equal periodic intervals of time. Nothing contained herein shall prevent a loan being considered a new loan because the proceeds of the loan are used to pay an existing contract."
(b) No assignment of earnings. A licensee may not take an assignment of earnings of the borrower for payment or as security for payment of a loan. An assignment of earnings in violation of this section is unenforceable by the assignee of the earnings and is revocable by the borrower. A sale of unpaid earnings made in consideration of the payment of money to or for the account of the seller of the earnings is deemed to be a loan to the seller by an assignment of earnings.

(c) Limitation on default provisions. An agreement between a licensee and a borrower pursuant to a loan under this act with respect to default by the borrower is enforceable only to the extent that (1) the borrower fails to make a payment as required by the agreement, or (2) the prospect of payment, performance, or realization of collateral is significantly endangered or impaired, the burden of establishing the prospect of a significant endangerment or impairment being on the licensee.

(d) Prohibitions on discrimination. No licensee shall deny an extension of credit or discriminate in the fixing of the amount, duration, application procedures or other terms or conditions of such extension of credit because of the race, color, religion, national origin, sex or marital status of the applicant or any other person connected with the transaction.

(e) Limitation on attorney’s fees. With respect to a loan made pursuant to the provisions of G.S. 53-173, the agreement may not provide for payment by the borrower of attorney fees.

(f) No real property as security. No loan made pursuant to the provisions of G.S. 53-173 shall be secured in any way by an interest in real property.

(g) Deceptive acts or practices. No licensee shall engage in any unfair method of competition or unfair or deceptive trade practices in the conduct of making loans to borrowers pursuant to this Article or in collecting or attempting to collect any money alleged to be due and owing by a borrower.”

Sec. 8. G.S. 53-190 as the same appears in the 1973 Cumulative Supplement to the General Statutes of North Carolina is amended by striking the words and numerals “nine hundred dollars ($900.00)” in the second line and substituting in lieu thereof the words and numerals “fifteen hundred dollars ($1500)”.

Sec. 9. Chapter 53 of the General Statutes is amended by inserting a new section to be designated as G.S. 53-173.2 to read as follows:

“§ 53-173.2. Special rate.—In lieu of making loans pursuant to G.S. 53-173, a licensee may make loans at a rate not in excess of one dollar ($1.00) for each five dollars ($5.00) of cash advance to the borrower up to the amount of one hundred dollars ($100.00) and a period of at least 15 days must be allowed for repayment of each five dollars ($5.00) cash advance. Such charges shall not be assessed by any subterfuge or device on any loan over one hundred dollars ($100.00) or on any balance of one hundred dollars ($100.00) or less when the original loan was greater than one hundred dollars ($100.00). Provided, however, that if there is an unpaid balance on a loan made under this section, no further loan can be made by the licensee to the borrower until the unpaid balance has been paid in full.”

Sec. 10. This act shall become effective 60 days after ratification.

In the General Assembly read three times and ratified, this the 26th day of March, 1974.

AN ACT TO AUTHORIZE SUPPLEMENTAL COMPENSATION FOR CUMBERLAND COUNTY LAW ENFORCEMENT OFFICERS INJURED IN LINE OF DUTY.

The General Assembly of North Carolina enacts:

Section 1. This act shall apply only to the duly elected and qualified sheriff of the county and to all deputies appointed by the sheriff, who are full-time employees of the county in which they are duly appointed, qualified and employed, and the word “officer”, as used in this act, shall mean such sheriff and deputies.

Sec. 2. Whenever it is determined that any officer is injured as the result of a criminal assault committed upon him in the performance of official duty and that such injury resulted in the total, permanent disability of such officer, as herein defined, the county is authorized to pay such officer such sum which, together with all other compensation he shall receive under the Workmen’s Compensation Act, disability benefits or other compensation provided by the county, will equal his regular monthly salary at the time of injury subject to any increase or decrease in salary being paid by the county for the same duty from year to year.

Sec. 3. In addition to the salary compensation, the county is authorized to pay all medical expenses incurred by any officer determined to be eligible for benefits under this act, the payment of which is not otherwise provided for under the Workmen’s Compensation Act, or insurance coverages participated in by the county. Such medical expenses shall be limited to those required for proper treatment of the injuries sustained by the officer and shall include drugs, hospital care, rehabilitation treatment and equipment, physicians bills, and medical examinations. The county is not liable for any expenses paid by a third
party who contributed to the injury of the officer in the event recovery is made by the officer for the same.

Sec. 4. Total disability as used in this act shall be construed to include any case wherein subsequent to February 1, 1971, the officer has suffered the loss of both arms, or both legs or both eyes, or is rendered totally deaf; or has a disability rating of seventy-five percent (75%) or more due to loss of main bodily functions.

Sec. 5. Written application for benefits under this act shall be made by the injured officer to the County Board of Commissioners accompanied by a certification as to the nature and extent of disability by a licensed physician. The Board of Commissioners may make a determination of eligibility and direct payment of benefits or may in its discretion refer the case to a commission for determination.

Sec. 6. In its discretion the Board of County Commissioners may, by resolution, appoint a Law Enforcement Disability Commission of three members to make a determination of entitlement to compensation under the act, or eligibility for continuance of the same. At least one member of the Commission shall be a licensed physician. Such Commission shall serve for the term prescribed in the resolution creating the Commission. The Commission shall have the right to issue subpoenas for all witnesses and medical records which it deems necessary to determine entitlement to compensation under this act. The county will furnish the Commission necessary personnel and equipment for taking and recording testimony and the maintenance of records of all its proceedings. In any proceeding of the Commission wherein evidence and testimony is received, the officer whose case is being considered will be given the opportunity to be present and be represented by a licensed attorney. The Commission will review any case referred to it by the County Board of Commissioners to determine eligibility for continuation of compensation. The Commission shall have full authority to promulgate all rules and regulations necessary to properly perform its function and to afford due process of law to each officer in the consideration of all hearings conducted. Upon conclusion of its deliberation the Commission shall file a written report of its findings and determination with the County Board of Commissioners, a copy of which shall be furnished the officer concerned. The determination of the Commission shall be final, subject only to judicial review.

Sec. 7. Any officer seeking benefits under this act shall waive client and physician relationship and execute a written authorization for all medical records and statements of the attending physicians to be available to the county or the Disability Commission including all testimony, if any, to be given by any physician before the Commission. The officer shall also waive and release any other medical information of record at a hospital or other facility. The officer shall further be required to report to any doctor or other qualified medical examiner designated by the county or Commission, and failure to so report and submit to treatment or examination and to further cooperate shall preclude or terminate benefits under this act, upon a finding by the county or Commission that such failure to report and be examined as directed is without just cause or excuse on the part of the officer.

Sec. 8. In the event the officer is offered work at a lesser salary by the county, even though he is injured as hereinbefore set out, then the salary paid by the county shall be deducted from benefits allowed by the Commission, so long
as the officer works. Upon his being unable to work or voluntarily resigns said employment, all benefits awarded by the Commission shall immediately be paid to the officer, unless terminated by the Commission as hereinbefore set out. Payments of medical expenses before or after the award shall not be deducted from the salary of the officer.

§ 160-453.26. Petition for annexation; standards.—(a) Upon receipt of a valid petition signed by all of the owners of real property in the area described therein, a city may annex an area not contiguous to its primary corporate limits when the area meets the standards set out in subsection (b) of this section. The petition need not be signed by the owners of real property that is wholly exempt from property taxation under the Constitution and laws of North Carolina, nor by railroad companies, public utilities as defined in G.S. 62-3(23), or electric or telephone membership corporations.

(b) A noncontiguous area proposed for annexation must meet all of the following standards:

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city;
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

(c) The petition shall contain the names, addresses, and signatures of all owners of real property within the proposed satellite corporate limits (except owners not required to sign by subsection (a)), shall describe the area proposed for annexation by metes and bounds, and shall have attached thereto a map showing the area proposed for annexation with relation to the primary corporate limits of the annexing city. When there is any substantial question as to whether the area may be closer to another city than to the annexing city, the map shall also show the area proposed for annexation with relation to the primary corporate limits of the other city. The city council may prescribe the form of the petition.

§ 160-453.27. Public hearing.—Upon receipt of a petition for annexation under this Part, the city council shall cause the city clerk to investigate the petition, and to certify the results of his investigation. If the clerk certifies that upon investigation the petition appears to be valid, the council shall fix a date for a public hearing on the annexation. Notice of the hearing shall be published once at least 10 days before the date of hearing.

At the hearing, any person residing in or owning property in the area proposed for annexation and any resident of the annexing city may appear and be heard on the questions of the sufficiency of the petition and the desirability of the
annexation. If the council then finds and determines that (i) the area described in the petition meets all of the standards set out in G.S. 160-453.26(b), (ii) the petition bears the signatures of all of the owners of real property within the area proposed for annexation (except those not required to sign by G.S. 160-453.26(a)), (iii) the petition is otherwise valid, and (iv) the public health, safety and welfare of the inhabitants of the city and of the area proposed for annexation will be best served by the annexation, the council may adopt an ordinance annexing the area described in the petition. The ordinance may be made effective immediately or on any specified date within six months from the date of passage.

“§ 160-453.28. Annexed area subject to city taxes and debts.—From and after the effective date of the annexation ordinance, the annexed area and its citizens and property are subject to all debts, laws, ordinances and regulations of the annexing city, and are entitled to the same privileges and benefits as other parts of the city. The newly annexed area is subject to city taxes levied for the fiscal year following the date of annexation. If the effective date of annexation falls between January 1 and June 30, the city shall, for purposes of levying taxes for the fiscal year beginning July 1 following the date of annexation, obtain from the county a record of property in the area being annexed which was listed for taxation as of January 1. If the effective date of annexation falls between June 1 and June 30, and the privilege licenses of the annexing city are due on June 1, then businesses in the annexed area are liable for privilege license taxes at the full year rate.

“§ 160-453.29. Extraterritorial powers.—Satellite corporate limits shall not be considered a part of the city’s corporate limits for the purposes of extraterritorial land use regulation pursuant to G.S. 160A-360, or abatement of public health nuisances pursuant to G.S. 160A-193. However, a city’s power to regulate land use pursuant to G.S. Chapter 160A, Article 19, or to abate public health nuisances pursuant to G.S. 160A-193, shall be the same within satellite corporate limits as within its primary corporate limits.

“§ 160-453.30. Special rates for water, sewer and other enterprises.—For the purposes of G.S. 160A-314, provision of public enterprise services within satellite corporate limits shall be considered provision of service for special classes of service distinct from the classes of service provided within the primary corporate limits of the city, and the city may fix and enforce schedules of rents, rates, fees, charges and penalties in excess of those fixed and enforced within the primary corporate limits. A city providing enterprise services within satellite corporate limits shall annually review the cost thereof, and shall take such steps as may be necessary to insure that the current operating costs of such services, excluding debt service on bonds issued to finance services within satellite corporate limits, does not exceed revenues realized therefrom.

“§ 160-453.31. Transition from satellite to primary corporate limits.—An area annexed pursuant to this Part ceases to constitute satellite corporate limits and becomes a part of the primary corporate limits of a city when, through annexation of intervening territory, the two boundaries touch.”

Sec. 2. Whenever it is determined that any employee is injured as the
result of a criminal assault committed upon him in the performance of official
duty and that such injury resulted in the total, permanent disability of such
employee, as herein defined, the City is authorized to pay such employee such
sum which, together with all other compensation he shall receive under The
Workmen's Compensation Act, disability benefits or other compensation
provided by the employing governmental unit, will equal his regular monthly

Sec. 8. Providers of medical services under the various State programs offering medical care to citizens of the State shall be reimbursed at the same rates as those provided under the Medicaid program. This provision relates specifically to the Crippled Children and Maternal and Child Health programs and the Chronic Disease Section of the Division of Health Services, services under Vocational Rehabilitation and Services for the Blind under the Department of Human Resources, and the school health program under the Department of Public Instruction. Income eligibility requirements for services shall be those requirements existing as of January 1, 1974. Any changes must be approved by the Advisory Budget Commission.

Sec. 9. Appropriations made herein to the Division of Health Services are intended to provide for the purchase of medical services for a full twelve month period for eligible recipients under certain programs; namely, Cancer, Crippled Children, and Maternal and Child Health. If during the fiscal year, expenditures in these programs indicate that the funds may be insufficient for a full twelve months, the Division shall adjust the eligibility requirements for participation in these programs to the end that the appropriations are sufficient.

Sec. 10. Appropriations made herein to the Division of Mental Health Services for Community Mental Health Programs, as authorized by G.S. 122-35.1, are intended to be for both out-patient and in-patient services.

Sec. 11. It is the intent of the General Assembly that the funds appropriated herein to replace lost federal receipts be utilized only for existing programs that suffer a loss in federal funding, and that transfers or allocations of funds from this reserve may not be made until approved by the Governor and Advisory Budget Commission.

Sec. 12. It is the intention of this act that it shall be the announced policy of the Department of Community Colleges that, as to capital improvement projects, no construction contracts may be let until it has been clearly established that funds are available for the related permanent equipment.

Funds appropriated herein to the State Department of Public Education, Department of Community Colleges, to purchase equipment and library books for the community colleges institutions shall be permanent appropriations, and unexpended portions of these appropriations shall not revert to the General Fund at the end of the fiscal year.

Sec. 13. Funds appropriated herein to the State Department of Public Education, Department of Community Colleges, for allocation to the institutions comprising the Community College System as operating expenses shall not be used to support general adult education extension courses. The financing of such courses by any institution shall be in accordance with the State Board of Education's Policy #3.0222:

"An institution in the Community College System shall have the authority to sponsor self-supporting programs, seminars, cultural exhibits, and the like, as differentiated from normal organized class instruction, deposit income, if any, to a local account, and pay all expenses from such local account. (6-2-66) However, contact hours produced from such activities shall not be counted for inclusion when computing FTE for use in budget-funding formulas at the State level. (2-1-68) Institutions may also offer self-supporting organized class instruction in recreational or avocational areas by making special request to the Department of Community Colleges, showing income to offset expenditures, and
justifying same. Such income will be State funds, and deposited accordingly. Expenditures will be made from an allocation of State funds made to the institution on the basis of the increased receipts shown in the application. (6-2-66).

Sec. 14. Except as specifically authorized in this act, funds appropriated herein to the State Department of Public Education, Department of Community Colleges, for operating costs of the community colleges and technical institutes are intended to support student enrollment at the per student rate provided by the formula adopted by the State Board of Education for 1973-74 for allocation of these operating funds and shall not be used to increase the formula by which the fund allocations will be determined.

Sec. 15. Funds appropriated to the State Department of Public Education for the purchase of elementary basic textbooks shall be permanent appropriations, and unexpended portions of these appropriations shall not revert to the General Fund at the end of the fiscal year.

Sec. 16. Funds appropriated herein to the State Department of Education to provide financial assistance to hospital programs of nursing education leading to diplomas in nursing which are fully accredited by the North Carolina Board of Nursing and operated under the authority of a public or nonprofit hospital licensed by the North Carolina Medical Care Commission shall be distributed, upon application for financial assistance, on the basis of eight hundred fifty dollars ($850.00) for each student duly enrolled in the program as of December 1 of the preceding year and on condition that accreditation is maintained. The State Board of Education shall make such rules and regulations as are necessary to ensure that this financial assistance is used directly for faculty and instructional needs of diploma nursing programs.

Sec. 17. Funds appropriated herein to the Board of Governors of the University of North Carolina for continuation of financial assistance to the medical schools of Duke University and Wake Forest University shall be disbursed on certification of the respective school of medicine showing the number of North Carolina residents enrolled as first, second, third and fourth year students in the school as of November 1, 1974. To the extent of the appropriation made herein, disbursement shall be made to the school in the amount of five thousand dollars ($5,000) for each such student, five hundred dollars ($500.00) of which shall be placed by the school in a fund to be used to provide for tuition remission to financially needy North Carolina students who are enrolled in the school, provided that no individual student shall be awarded assistance from this fund in excess of one thousand five hundred dollars ($1,500) per year. The Board of Governors shall establish the criteria for determining eligibility for tuition remission for financially needy North Carolina students who are enrolled in the school and shall review the grants or awards to said eligible students. The Board of Governors shall promulgate regulations not inconsistent with the North Carolina General Statutes pertaining to eligibility for in-State tuition at public universities and colleges in determining which students are residents of North Carolina. The Board shall also make such regulations as it may deem desirable to ensure that these funds are used directly for instruction in the medical programs of the schools and not for religious or other nonpublic purposes. The Board shall encourage the two schools to orient students toward personal health care in North Carolina giving special emphasis to family and community medicine.
Sec. 18. Funds appropriated in this act to the Board of Governors of the University of North Carolina for aid to private colleges shall be disbursed in accordance with the provisions of G.S. 116-19, G.S. 116-21, and G.S. 116-22. These funds are intended to provide up to two hundred dollars ($200.00) per full-time equivalent North Carolina undergraduate student enrolled at a private institution as of October 1, 1974. These funds shall not be used for the provision of G.S. 116-20 and any funds not required to fulfill the intent of the General Assembly shall revert to the General Fund as of June 30, 1975.

Sec. 19. All appropriations for grants-in-aid to private nonprofit organizations in the areas of history, art and culture shall be placed in the State fund entitled Historical-Educational Grants-in-Aid. This fund is assigned to the Department of Cultural Resources for allocation of the appropriations as directed by the Director of the Budget.

It is the intent of the General Assembly that the Department of Cultural Resources make regular and timely reviews, studies and recommendations relating the actual operations of the recipients of grants-in-aid to their needs for and use of State funds. The Department of Cultural Resources may request operating statements, audit reports and other information they deem appropriate from the grantees. Appropriation requests for all non-State organizations in the areas of history, art and culture shall be transmitted through the Department of Cultural Resources to the Governor and the Advisory Budget Commission with the recommendations of the Department.

Funds appropriated in Section 2 of this act herein to the Division of Archives and History of the Department of Cultural Resources, for grants-in-aid to assist in the restoration of significant historic sites owned by private nonprofit organizations shall be expended only in accordance with Sections 121-11, 121-12 and 143-31.2 of the General Statutes. All expenditures of State appropriated funds for these purposes are contingent upon matching dollar-for-dollar by non-State funds raised by the designated recipient organizations for the same purposes on or after July 1, 1974.

Sec. 20. It is the intent of this act that expenditures of funds appropriated herein as reserves shall not be scheduled in amounts or in such manner as to create an increased annual obligation in the succeeding year, except as provided by statute.

Sec. 21. Subject to a recommendation of the Director of the Budget, funds not to exceed one hundred fifty thousand dollars ($150,000) for the fiscal year 1974-75 may be allotted out of the Contingency and Emergency Appropriation for use by the State Department of Agriculture, or North Carolina Agricultural Experiment Station, and/or the U.S. Department of
Agriculture, for a witch weed control program and/or for payment of hog cholera indemnities.

Sec. 22. Appropriations are provided in Section 2 of this act for required employer contributions to the Teachers’ and State Employees’ Retirement Fund, the Law Enforcement Officers’ Benefit and Retirement Fund, the Judicial Department Retirement Fund, and the Social Security Agency, for employees whose salaries are paid from the General Fund; in Section 3 of this act, for required employer contributions for employees whose salaries are paid from the Highway Fund; and in Section 4 of this act, for required employer contributions for employees whose salaries are paid from Special Funds. For employees whose salaries are paid from department, office, institution, or agency receipts (other than gifts, including foundation funds), the employer requirement shall be paid from the same source as the source of the employee’s salary. In those instances in which an employee’s salary is paid in part from the General Fund and in part from department, office, institution, or agency receipts (other than gifts, including foundation funds), required employer contributions shall be paid from the General Fund only to the extent of the proportionate part paid from the General Fund in support of the salary of such employee, and the remainder of the employer’s requirement shall be paid from the same source which supplies the remainder of such employee’s salary. The requirements of this section as to source of payment are also applicable to payments on behalf of employees of Hospital-Medical Insurance, Disability Salary Continuation Benefits, Longevity, and Unemployment Insurance, except that where the employee’s salary is paid in whole or in part from gifts, including foundations, the source of such gifts must bear its proportional share of the employer’s requirement for these purposes.

Notwithstanding the restrictions in this section, the Director of the Budget is authorized and empowered to promulgate special rules and regulations to apply to employer requirements with respect to employees whose salaries are paid from inter-agency receipts, where payments for the services of such employees originate from State appropriations, to the end that the effective purchasing power of such appropriations shall not be materially reduced as a result of payment of the employer’s requirement.

Any questions as to the applicability of the provisions of this section shall be resolved by the Director of the Budget and the Advisory Budget Commission.

Sec. 23. Funds appropriated in Section 2 of this act to the Judicial Department for salary increases and employer’s retirement and social security contributions thereon for permanent employees whose salaries are not established under Section 33 of this act or not otherwise provided for under provisions of Chapter 7A of the General Statutes are intended to provide salary increases commencing July 1, 1974, by the same percentage as that authorized for State employees subject to the Personnel Act by Section 31 of this act, rounded to conform to the steps in the salary ranges adopted by the Judicial Department, and for salary increases commencing July 1, 1974, of an additional average of five percent (5%), rounded to conform to the steps in the salary ranges adopted by the Judicial Department, for those employees whose salaries as of June 30, 1973, were two dollars and sixty-three cents ($2.63) or less per hour.

Sec. 24. Subject to the rules and regulations promulgated by the Department of Administration and approved by the Director of the Budget, any State department, institution, or agency of the State is hereby authorized to
expend, from appropriations made in this act, funds to pay reasonable expenses for transporting the household goods of an employee and members of his household when the transfer of the employee is considered by the Director of the Budget to be in the best interests of the State.

Sec. 25. The Director of the Budget with the approval of the Council of State is authorized to make transfers from the Contingency and Emergency Fund for any purpose authorized by law for which no specific appropriation has been made, or when, inadvertently, an insufficient appropriation has been made.

Sec. 26. The Director of the Budget with the advice and consent of the Advisory Budget Commission may reduce Highway Fund appropriations in the event that revenues are not sufficient to prevent an overdraft or deficit in the Highway Fund during the 1974-75 fiscal period.

Sec. 27. The Director of the Budget, with the approval of the Advisory Budget Commission, is authorized and empowered to transfer to State departments appropriations made in Section 2 of this act as a reserve to implement the provisions of Public Law 91-596, the Occupational Safety and Health Act of 1970.

Sec. 28. The Director of the Budget, with the approval of the Advisory Budget Commission and upon the request of the Governor’s Aviation Committee, is authorized and empowered to allocate grants from the appropriations for airport improvements made in Section 2 of this act.

Sec. 29. Within the limits of the appropriations made in Section 2 to the Board of Governors of the University of North Carolina, community hospitals are to be awarded grants in the amount of fifteen thousand dollars ($15,000) per year for each certified residency that is established and filled and that represents an increase over the number of certified residencies at those hospitals as of June 30, 1974, in the fields of family practice, internal medicine, pediatrics and obstetrics/gynecology.

None of the money appropriated to the Board of Governors of the University of North Carolina that is allocated as grants to area Health Education Centers shall be used to construct housing for residents or interns other than on-call quarters necessary while such residents or interns are on duty.

Sec. 30. Funds appropriated in Section 2 to the State Department of Public Education for instructional personnel in the areas of psychological and guidance counselling, health and social services, reading, mathematics and cultural arts shall be allocated to local administrative units on the basis of average daily membership. The State Board of Education shall require local administrative units to provide evidence that the expenditure of local funds for the payment of such instructional personnel is no less than the amount expended per pupil in average daily membership for such purposes during the prior year. At the discretion of the State Board of Education, funds appropriated under this act may be withheld to ensure that supplanting of local funds does not occur. The State Board of Education is empowered to waive this requirement upon a showing of fact by the local administrative unit that compliance would result in inefficient use of funds and that the overall per pupil expenditure from local funds for instructional purposes is no less than the overall per pupil expenditure from local funds for instructional purposes in the preceding fiscal year.

SALARIES AND WAGES

Sec. 31. The Director of the Budget is authorized and empowered to transfer from the appropriations in Section 2 of this act for Salary Increases of
State Employees, such amounts, including the employer's retirement and social security contributions, as may be required to increase salaries in effect on June 30, 1974, for all permanent employees subject to the Personnel Act whose salaries are paid from the General Fund, and from the appropriations in Section 3 of this act for Salary Increases of State Employees, such amounts, including the employer's retirement and social security contributions, as may be required to increase salaries in effect on June 30, 1974, for all permanent employees subject to the Personnel Act whose salaries are paid from the Highway Fund, by an average of seven and one-half percent (7 1/2%) commencing July 1, 1974, rounded to conform to the steps in such salary ranges as may be adopted by the State Personnel Board. For an employee whose salary in effect on June 30, 1974, is not equal to a specific pay rate within the present salary schedule, the annual increase will be the amount applicable to the next lower pay rate.

It is the intent of this section that State Department Secretaries, Deputy Secretaries or Chief Assistants, whose salaries are required to be set by the General Assembly, be granted seven and one-half percent (7 1/2%) salary increases commencing July 1, 1974.

The Director of the Budget is further authorized to transfer any unexpended balances which may remain, after the provisions of this section have been fully met, from the appropriations for Salary Increases of State Employees to the appropriations for Salary Adjustments of State Employees.

The Director of the Budget is authorized and empowered to allocate, out of special operating funds under which personnel are employed or from sources other than tax revenues, sufficient funds to conform with the provisions of this section, provided necessary funds are available or made available by sponsoring agents. The Director of the Budget is further authorized to promulgate special rules and regulations to apply to salary increases for employees whose salaries are paid from inter-agency receipts, where payments for the services of such employees originate from State appropriations, to the end that the effective purchasing power of such appropriations shall not be materially reduced as a result of these salary increases. Any question as to the applicability of the provisions of this paragraph shall be resolved by the Director of the Budget and the Advisory Budget Commission.

Salaries for positions which are paid partially from the General Fund and partially from sources other than the General Fund shall be increased from the General Fund appropriation only to the extent of the proportionate part of the salaries paid from the General Fund.

The salary increases shall not affect the status of eligibility for automatic and/or merit salary increments for which the employee may be eligible for the fiscal year 1974-75 notwithstanding the granting of the legislative salary increase.

The salary ranges for all employees under the Personnel Act shall be increased, so far as the maximums are concerned, by amounts corresponding to those of this legislative salary increase to the end that, after the salary increases provided for in this act are made, every employee will continue to have the same relative position with respect to salary increases and future increments as he would have had if the salary increases provided by this act had not been made.

The salary increases provided in this act to be effective July 1, 1974, shall not apply to persons separated from the State service due to resignation,
dismissal, reduction in force, death or retirement, whose last work day is prior to July 1, 1974.

Sec. 32. The Director of the Budget is authorized and empowered to transfer to General Fund budget codes from the General Fund Salary Adjustment appropriation, and to Highway Fund budget codes from the Highway Fund Salary Adjustment appropriation, such amounts as may be required to support approved salary adjustments made necessary by difficulties in recruiting and holding qualified employees in State Government. These funds are intended to be transferred only when the use of salary reserve funds in individual operating budgets is not feasible.

Sec. 33. The salary per annum of each of the following shall be:

The beginning salary of any Assistant Solicitor or Assistant District Attorney and Assistant Public Defender shall be twelve thousand dollars ($12,000) per annum; provided, that on recommendation of the District Attorney or the Public Defender with the approval of the Administrative Officer of the General Court of Justice, the salaries of Assistant District Attorneys and Assistant Public Defenders may be adjusted so long as the average salaries of Assistant District Attorneys and Assistant Public Defenders in a judicial district do not exceed seventeen thousand five hundred dollars ($17,500).

Sec. 34. Funds provided in this act for salary increases to academic personnel in higher educational institutions are to be allocated to individuals according to rules and regulations established by the Board of Governors of the University of North Carolina.

Sec. 35. Salary increase funds provided in this act for community college personnel are for two purposes:

1) to provide an average increase of seven and one-half percent (7 1/2%) for all community college institutional personnel to be allocated to individuals according to the rules and regulations established by the State Board of Education; and

2) to provide an additional average increase of two and one-half percent (2 1/2%) for instructional curriculum personnel to be distributed according to rules and regulations established by the State Board of Education.
Sec. 36. It is the intent of the General Assembly that farms currently operated by the Department of Human Resources and the Department of Social Rehabilitation and Control not being used to execute the statutory duties of these departments continue to be operated as farms until the General Assembly can ascertain their best use.

With the approval of the Council of State, the land included in such farms may be transferred to the Department of Agriculture. Equipment, machinery and funding associated with these farming operations may also be transferred to the Department of Agriculture with the approval of the Advisory Budget Commission. The lands so transferred shall be managed and operated as farm lands or leased for use as farm lands. The Department of Agriculture shall farm these lands to provide food needed by the Departments of Human Resources and Social Rehabilitation and Control.

The Department of Administration shall consider the long-range needs of the State and shall submit recommendations to the 1977 Session of the General Assembly to establish whether the State’s interest is best served by continued farming of these lands, by their use for other purposes, or by disposal of these properties.

Sec. 37. Funds appropriated to the State Board of Education in Section 2 of this act for occupational education which represent an increase over appropriations for that purpose in fiscal year 1973-74 shall be allocated by the State Board of Education solely on the basis of average daily membership. The allocation formula shall not include any requirement for matching funds on the part of the recipient units. The State Board of Education shall require local administrative units to provide evidence that the expenditure of local funds for occupational education programs is no less than the amount expended per pupil in average daily membership for those programs during the prior year and may, at the discretion of the State Board, withhold funds appropriated under this act to ensure that supplanting of local funds does not occur.

Sec. 38. Funds appropriated in Section 2 to the State Department of Public Education for clerical assistance in the public schools shall be allocated in the following manner:

Three thousand seven hundred dollars ($3,700) to each school with 10 or fewer State allocated teaching positions; two thousand five hundred dollars ($2,500) to each school with 11 to 20 State allocated teaching positions; one thousand five hundred dollars ($1,500) to each school with 21 to 40 State allocated teaching positions; eight hundred dollars ($800.00) to each school with more than 40 State allocated teaching positions.

These formula allocations are to be used as base grants and made prior to the allocation of funds for clerical assistance on the basis of average daily membership. The Department is responsible for ensuring the funds allocated to local administrative units for clerical assistance are distributed to schools within those units in amounts consistent with the above formula. Further, the State Board of Education shall require local administrative units to provide evidence that the expenditure of local funds for the payment of educational secretaries and clerical personnel is no less than the amount expended per pupil in average daily membership for such personnel during the prior year. At the discretion of the State Board of Education, funds appropriated under this act may be withheld to ensure that supplanting of local funds does not occur. The State Board of Education is empowered to waive this requirement upon a
showing of fact by the local administrative unit that compliance would result in inefficient use of funds and that the overall per pupil expenditure from local funds for school purposes is no less than the overall per pupil expenditure from local funds for school purposes in the preceding fiscal year.

Sec. 39. It is the intent of the General Assembly that the amount of seven hundred fifty thousand dollars ($750,000) appropriated in Section 2 to the State Department of Public Education specifically to improve instructional practices in the public schools be a permanent appropriation. Unexpended portions of this appropriation shall not revert to the General Fund at the end of the 1974-75 fiscal year.

Sec. 40. Funds appropriated in Section 2 of this act to the State Board of Education for development of health, physical education and athletic activities shall be allocated by the Board to local administrative units on the basis of average daily membership in kindergarten through grade six in the 1973-74 school year. These funds shall be used to provide instruction, supplies or equipment in the improvement of physical education programs.

Eighty-eight thousand five hundred dollars ($88,500) of these funds is to be used by the State Board of Education in the summer of 1974 to conduct regional workshops to prepare trainees for the physical education leadership positions in kindergarten through grade six in local administrative units.

Sec. 41. It is the intent of this General Assembly that non-State health and welfare agencies submit their appropriation requests for grants-in-aid through the Secretary of the Department of Human Resources for his recommendations to the Governor and the Advisory Budget Commission.

Sec. 42. It is the intent and purpose of this act to establish a more adequate level of direct patient care in each of the mental health institutions. Positions recommended for direct patient care in the budget shall not be reclassified or funds reallocated to non-direct patient-care activities.

Sec. 43. The funds appropriated in Section 2 for Health Aid to Counties include two million dollars ($2,000,000) for counties that choose to consolidate local health departments, upgrade salaries of local health personnel, or contract with the state for the provision of public health services. It is the intent of this General Assembly that any portion of these funds not required for these specific purposes be included in the general distribution of funds to local health departments based on a formula adopted by the Department of Human Resources.

Sec. 44. Funds appropriated herein to the Department of Administration as a Reserve for Fuel Price Increases shall be distributed to Departments according to actual need and up to four hundred thousand dollars ($400,000) is authorized for use as a revolving fund to establish an emergency fuel storage program.

Sec. 45. Capital projects for 1973-74 authorized from the Highway Fund by the General Assembly are cancelled upon ratification of this act as follows:

Department of Transportation:
  Division of Highways     $4,060,849
  Division of Motor Vehicles     446,000
  Total                      $4,506,849

These funds are hereby reappropriated to support the construction of primary roads in 1974-75. In addition the sum of four hundred thirty thousand eight hundred seventy-one dollars ($430,871) in the Highway Fund Credit balance
for the fiscal year ending June 30, 1974, is hereby reserved to support the construction of primary roads in 1974-75. These two sums shall be added to all other funds appropriated for the construction of primary roads in this act.

Sec. 46. The Board of Governors of the University of North Carolina is hereby directed to submit to the General Assembly in its operating budget for the 1975-76 fiscal year comprehensive plans (1) to expand as soon as practicable the program of first-year medical education at the East Carolina University School of Medicine, and (2) to add a second year program of medical education at the East Carolina University School of Medicine, and (3) that concentration be placed upon the training of family care physicians, and (4) that special efforts be taken to encourage the recruitment and medical education of racial minorities.

In carrying out the purpose of this act, the University of North Carolina School of Medicine at Chapel Hill and the East Carolina University School of Medicine shall work cooperatively toward full accreditation of the expanded medical education program at East Carolina University to the end that its graduates may transfer freely to other units of the University of North Carolina School of Medicine.

The sum of seven million five hundred thousand dollars ($7,500,000) in Section 2 of this act is appropriated to the Board of Governors of the University of North Carolina to be expended for the erection of a basic medical science building at East Carolina University and for the purposes outlined in this section.

Funds appropriated in 1973-74 to the Board of Governors of the University of North Carolina as a reserve for an additional degree-granting school of medicine and carried forward to fiscal year 1974-75 shall be available for the purposes outlined in this section.

Sec. 47. Except as exempted by statute and as provided by Section 46 of this act, it is the intent of the General Assembly that all unencumbered balances of maintenance appropriations for 1973-74 shall revert to the State treasury to the credit of the General Fund or special funds from which the appropriations were made or expended, at the end of the 1973-74 fiscal year. Encumbered balances and unliquidated obligations will be handled in accordance with existing state budget policy.

Sec. 48. The provisions of the Executive Budget Act, Chapter 143, Article 1, of the General Statutes, are re-enacted and shall remain in full force and effect, and are incorporated in this act by reference.

Sec. 49. If any section or provision of this act be declared unconstitutional or invalid by the courts, the same shall not affect the validity of the act as a whole or any part other than the part so declared to be unconstitutional or invalid.

Sec. 50. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 51. This act shall become effective on July 1, 1974.

In the General Assembly read three times and ratified, this the 8th day of April, 1974.

Sec. 3. The direct appropriations made by this act to provide for Capital Improvements under Sections 4, 5, and 6 of this act shall be disbursed for the purposes provided by this act upon warrants drawn by the State Disbursing Officer, which warrants shall not be drawn for any State institution, department, or agency until an allotment has been approved by the Director of the Budget, and which allotment shall be approved only after full compliance with the Executive Budget Act, Article I, Chapter 143, of the General Statutes. in the opinion of the Director of the Budget. The Project Reserve Fund shall not
be used in connection with any projects under the University of North Carolina
Board of Governors. At the discretion of the Advisory Budget Commission, any
balances in the Project Reserve Fund shall revert to the original source.

Sec. 7. Upon the request of the department, agency or institution for
which a capital improvement appropriation is herein made, the Governor with a
majority vote of the membership of the Advisory Budget Commission is
authorized and empowered to postpone any capital improvement project as
provided in this act and upon a finding that the project cannot be carried out as
originally intended by the General Assembly.

Sec. 8. The Advisory Budget Commission may, when in its opinion it is
in the best interest of the State to do so, and upon the request of the department,
institution, or agency, authorize an increase or a decrease in size, scope, direct or
self-liquidating appropriation, of any project or projects enumerated in this act
within the funds available to that department, agency, or institution.

Sec. 9. The Director of the Budget and the Advisory Budget Commission
may when, in their opinion, it is in the best interest of the State to do so and
upon the request of the administration of any State agency or institution,
authorize the construction of a capital improvement project not specifically
provided for or authorized by the General Assembly when funds become
available by gifts, grants or receipts.

Sec. 10. The Director of the Budget is authorized and empowered to
advance from the land-purchase appropriations made in this act, funds necessary
for purchase of recreational land for which there is either no specific
appropriation or only a partial appropriation, when reimbursement of such
advances will be later effected by the Federal Bureau of Outdoor Recreation.

Sec. 11. Any lump sum appropriated in Section 4 of this act shall be used
for specific projects of capital improvements from time to time and in
accordance with the priority needs of the respective agencies, and as approved by
the Advisory Budget Commission.

Sec. 12. There is appropriated in Section 4 of this act a lump sum to the

appropriation shall be in accordance with provisions of Chapter 1244 of the
1971 Session Laws, and provisions of this act except where specifically excluded.

Sec. 13. Subject to any transfers and changes between appropriations as
permitted in previous sections of this act, the appropriations for capital
improvements made in this act shall be expended only for specific projects set
out in this act. Construction of all capital improvement projects enumerated in
this act shall be commenced or self-liquidating indebtedness with respect
thereto shall be incurred on or before December 31, 1975; if construction on
such project or projects has not been commenced or self-liquidating
indebtedness has not been incurred on or before December 31, 1975, then the
direct appropriation for such project or projects shall revert to the original
source, and the self-liquidating appropriation shall lapse; except that direct
appropriations may be placed in the Project Reserve Fund; provided, however,
that subject to the approval of the Governor and the Advisory Budget
Commission this deadline with respect to both direct and self-liquidating
appropriations may be extended when, in the discretion of the Governor and the
Advisory Budget Commission, existing circumstances and conditions warrant
such extension.

Sec. 14. Any unencumbered direct appropriation balances remaining in
the capital improvement funds of 1973 appropriated for construction and
equipment shall revert to the original source on December 31, 1974; provided
that the Governor and Advisory Budget Commission may grant further
extension for specific projects in such cases where conditions warrant.

Sec. 15. The several departments, institutions, and agencies of the State
are fully authorized and empowered to make application or applications to any
agency or agencies of the United States of America for grant-in-aid for the
construction of the several projects in this act and within the scope and intent of
the projects enumerated in this act and to expend the same in accordance with
the terms of such grants which are not contrary to the laws of this State. The
Advisory Budget Commission and the Department of Administration, in its
pertinent divisions, shall be furnished in advance with copies of all requests for
federal funds and this information shall be kept current.

Sec. 16. If reversions of 1973-74 maintenance appropriations exceed

at the School of the Arts in the amount of $3,685,000.

Sec. 17. There is appropriated under Section 4 of this act to the
Department of Administration the sum of four million dollars ($4,000,000) as a
Reserve for Capital Improvements Cost Increases to supplement previously
appropriated construction projects authorized by the General Assembly. This
reserve may be used at the discretion of the Director of the Budget solely to
allow for award of contracts where bids exceed appropriated funds, on the
condition that such supplemented projects shall have been designed within the
physical scope intended by the applicable appropriation or any authorized
changes therein, and all means to award contracts within the appropriation shall
have been reasonably attempted in the opinion of the Director of the Budget.

Sec. 18. It is the intent of this General Assembly that, of the
appropriations enumerated above in this act, the items below are to be financed
from the General Revenue Sharing Trust Fund of the State, and that all the
provisions of this act which are applicable to the remaining items are also
applicable to those funded from the General Revenue Sharing Trust Fund of the
State, to the end of providing maximum flexibility for the expenditure of the
appropriations made herein consistent with federal regulations governing
expenditure of general shared federal revenue.

CHAPTER 1230  

AN ACT TO PROVIDE FOR DETENTION OF JUVENILES ON A STATEWIDE BASIS.

Whereas, there are eight juvenile detention homes located in eight urban counties which provide detention of juveniles before or after a juvenile hearing as ordered by the court which vary in suitability of physical facility, adequacy of personnel and program, and quality of care for children held in detention. In the other counties, it is necessary to use local jails when detention of juveniles is required for the protection of the community or the best interest of the child; and

Whereas, the continuing use of jails for detention of children is a problem of serious consequence to the State so that it seems imperative to develop a statewide plan for juvenile detention services; and

Whereas, the National Juvenile Detention Association completed a study of juvenile detention in North Carolina during 1972 and published a written report of this study in January, 1973, which is entitled Juvenile Detention in North Carolina: A Study Report. This report identifies the problems and recommends a regional approach to the problems of juvenile detention within the State; and

Whereas, the purpose of this legislation is to provide a legal structure for implementation of the recommendations of this report; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. Chapter 134 is amended by adding Article 6 to read as follows:

“Article 6

“Detention Services

§ 134-35. Legislative intent and purpose.—The General Assembly hereby declares its intent and legislative policy with respect to detention of children alleged to be within the juvenile jurisdiction of the district court as delinquent or undisciplined: The General Assembly intends that the State-level
responsibility for juvenile detention services shall be divided between two State agencies as follows: The Department of Human Resources shall continue to provide the services outlined in Part 3, Article 3, General Statutes Chapter 108 and Article 10, General Statutes Chapter 153A, in relation to juvenile detention homes, including development of State standards, inspections, consultation, technical assistance and training so that the providers of juvenile detention care will be subject to inspection by a separate agency. The State Department of Youth Development shall be responsible for development and administration of the regional detention homes as recommended in the Report and for coordination of regional detention services through existing county detention homes. Further, the General Assembly intends that both State agencies shall have some administrative flexibility in implementation of the Report so as to allow appropriate time for planning and to operate within available funds from State and other sources.

“§ 134-36. Definitions.—The following terms or phrases shall be defined as follows in this Article unless the context or subject matter otherwise requires:

(1) 'Juvenile detention' refers to detention of a child alleged to be undisciplined or delinquent before or after a juvenile hearing as authorized by G.S. 7A-286(3).

(2) ‘County detention home’ means one of the existing county-supported detention homes for juveniles or one which may be established by a county or other unit of local government in the future.

(3) ‘Regional detention home’ means a State-supported and administered regional facility providing detention care as recommended by the report.

(4) ‘Holdover facility’ means a place approved by the Department of Human Resources for detention of juveniles for not more than 72 hours prior to placement in an approved detention home.

(6) ‘Department’ means the State Department of Youth Development as provided for in General Statutes Chapter 134 or any department of State government to which responsibility for operation of institutions for committed delinquent youth may be assigned by legislation relating to State government organization.

“§ 134-37. Regional detention services.—The Department shall establish a unit for juvenile detention services within the Department which shall be responsible for the development of a statewide plan for regional juvenile detention services as recommended by the Report which will offer juvenile detention care of sufficient quality to meet State standards to any child requiring juvenile detention care within the State in a county detention home or a regional detention home by January 1, 1979, as follows:

(1) The Department shall plan with the counties operating a county detention home to provide regional juvenile detention services to surrounding counties as recommended by the Report, except that the Department shall have some discretion in defining the geographical boundaries of the regions based on negotiations with affected counties, distances, availability of juvenile detention care that meets State standards, and other appropriate variable factors.

(2) The Department shall plan for and administer five or more regional detention homes as recommended in the Report, including careful planning on
location, architectural design, construction, and administration of a program to meet the needs of children in juvenile detention care. Both the physical facility and the program of a regional detention home shall comply with State standards.

“§ 134-38. State subsidy to county detention homes.—The Department shall develop a State subsidy program to pay a county detention home which provides regional juvenile detention services and meets State standards a certain portion of its operating costs and its per capita daily cost per child for any child cared for from another county as recommended in the Report. In general, this subsidy should be fifty percent (50%) of the operating costs of a county detention home and one hundred percent (100%) of the per capita daily cost of caring for a child from another county; any county placing a child in the county detention home of another county providing regional juvenile detention services or a regional detention home should pay fifty percent (50%) of the per capita daily cost of caring for the child to the Department. The exact funding formulas may be varied by the Department to operate within existing State appropriations or other funds that may be available to pay for juvenile detention care.

“§ 134-39. Authority for implementation.—In order to allow for effective implementation of a statewide regional approach to juvenile detention, the Department shall have legal authority to do the following:

(1) To make rules and regulations necessary to fulfill its responsibilities under this Article;

(2) To plan with counties operating county detention homes to provide regional services and to upgrade physical facilities as recommended in the Report, to contract with counties for services and care, and to pay State subsidies to counties providing regional juvenile detention services that meet State standards;

(3) To develop one or more pilot programs to demonstrate quality juvenile detention care on a regional basis that meet State standards;

(4) To develop a plan whereby law enforcement officers, court personnel or other appropriate employees of local government shall be reimbursed by the State for the costs of transportation of a child to and from any juvenile detention facility;

(5) To seek funding for juvenile detention services from federal sources, and to accept gifts of funds from public or private sources; and

(6) To transfer State funds appropriated for institutional programs or other services to develop a pilot program of juvenile detention care, to purchase detention care in a county detention home which meets State standards, or to operate a regional detention home.”

Sec. 2. G.S. Chapter 153A is amended by adding G.S. 153A-221.1 to read as follows:

“§ 153A-221.1. Standards and inspections.—The legal responsibility of the Secretary of Human Resources and the Social Services Commission for State services to county juvenile detention homes under this Article is hereby confirmed and shall include the following: development of State standards under the prescribed procedures; inspection; consultation; technical assistance; and training. Further, the legal responsibility of the Department of Human Resources is hereby expanded to give said Department the same legal responsibility as to the State-administered regional detention homes which
shall be developed by the State Department of Youth Development as provided by G.S. 134-37.

The Secretary of Human Resources shall develop new standards which shall be applicable to county detention homes and regional detention homes as defined by G.S. 134-36 in line with the recommendations of the report entitled *Juvenile Detention in North Carolina: A Study Report* (January, 1973) where practicable, and such new standards shall become effective not later than July 1, 1977.

The Secretary of Human Resources shall also develop standards under which a local jail may be approved as a holdover facility for not more than 72 hours pending placement in a juvenile detention home which meets State standards, providing the local jail is so arranged that any child placed in the holdover facility cannot converse with, see, or be seen by the adult population of the jail while in the holdover facility. The personnel responsible for the administration of a jail with an approved holdover facility shall provide close supervision of any child placed in the holdover facility for the protection of the child.”

Sec. 3. G.S. 110-24 is rewritten to read as follows:

“§ 110-24. Requirements for lawful juvenile detention.—It shall be unlawful for any child coming within the provisions of Article 23 of General Statutes Chapter 7A to be placed in any jail, prison or other penal institution where such child will come into contact with adults charged with or convicted of crimes, except that a court may detain a child in a jail with a holdover facility for juveniles approved by the Department of Human Resources as meeting the State standards as provided by Part 3, Article 3, General Statutes Chapter 108 and Article 10, General Statutes Chapter 153A.

Children who are alleged or adjudicated to be delinquent or undisciplined as defined by Article 23, General Statutes Chapter 7A, and who require secure custody for the protection of the community or in the best interest of the child may be temporarily detained in a county detention home or a regional detention home as defined by G.S. 134-36 which shall be separate from any jail, lockup, prison, or other adult penal institution. It shall be unlawful for a county or any unit of government to operate a juvenile detention home unless the facility meets the State standards of the Department of Human Resources.

A juvenile detention facility shall be located in a building designed to provide secure custody which meets State standards and shall have such personnel as may be necessary to provide for the supervision and safety of the children being detained. A juvenile detention home shall provide a program for children detained therein which meets the standards of the Department of Human Resources, and such program shall be designed to provide wholesome activities in the best interest of the children placed therein.”

Sec. 4. This act shall become effective July 1, 1975.

S. B. 1247  CHAPTER 1240
AN ACT TO CREATE A PROGRAM TO IMPROVE PERINATAL HEALTH CARE IN THIS STATE AND TO PROVIDE FUNDS TO IMPROVE THE FACILITIES AND SERVICES RELATED TO PRENATAL CARE DELIVERY AND NEWBORN CARE.

The General Assembly of North Carolina enacts:

Section 1. Chapter 143 of the General Statutes is amended by adding a new section to be entitled “Perinatal Health Care” and to read as follows:

“Perinatal Health Care.
“Section 1. Purpose. Based upon the report of the Task Force on Maternal-Infant Care of the Governor’s Advisory Council on Comprehensive Health Planning, the General Assembly finds and recognizes the following problems related to maternal and infant health care in North Carolina: Perinatal
mortality and morbidity rates are excessively high; low socio-economic status contributes significantly to perinatal mortality and morbidity; existing perinatal health services are inconsistently planned, organized and delivered; many perinatal health facilities are too small, inefficient and underutilized; perinatal education is inadequate; no guidelines exist for assessing perinatal care services; financial support for perinatal services for medically indigent mothers is insufficient; and health insurance maternity coverage is restrictive. The General Assembly finds that these problems can be alleviated by a program of regionalized perinatal care which is to include hospital certification, coordination of other pertinent health care resources, and funding. For purposes of this program the perinatal period is defined as beginning with conception and extending through the first 28 days of life.

“Sec. 2. Establishment of program. The Secretary of the Department of Human Resources is authorized and directed to establish a perinatal health care program with the following components as outlined in the report of the Task Force on Maternal-Infant Care:

(a) Community perinatal health care services, including health education for pregnant girls of school age, increased prenatal care, identification of high risk pregnancies, and increased interconceptional care.

(b) Hospital perinatal health care, including a voluntary certification system for hospitals providing for graduated levels of complexity: level I hospitals to provide normal obstetric and neonatal care, level II hospitals to provide the more complicated obstetric and neonatal care, and level III hospitals to provide care for the most complicated maternal and neonatal problems.

CHAPTER 1252

AN ACT TO AMEND G.S. 105-282.1 TO SIMPLIFY THE PROCEDURE FOR FILING APPLICATIONS FOR EXEMPTION FROM PROPERTY TAXES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-282.1 is hereby rewritten to read as follows:

“§ 105-282.1. Applications for property tax exemption or exclusion.—(a) Every owner of property claiming exemption or exclusion from property taxes under the provisions of this Subchapter has the burden of establishing that the property is entitled thereto. Except as otherwise provided below, every owner claiming exemption or exclusion hereunder shall annually, during the regular listing period, file an application therefor with the tax supervisor of the county in which the property would be subject to taxes if taxable. For the year 1974, the application may be filed not later than May 31, 1974. If the property covered by the application is located within a municipality, that fact shall be shown on the application. Each such application shall be submitted on a form approved by the Department of Revenue. The forms shall be made available by the tax supervisor.

(1) The United States Government, the State of North Carolina and the counties and municipalities of the State are exempted from the requirement that owners file applications for exemption.

(2) Owners of the special classes of property excluded from taxation under G.S. 105-275(5), (13) and (15) or property exempted under G.S. 105-278.2 shall not be required to file applications for the exclusion of such property.

(3) After an owner of property entitled to exemption under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8 or exclusion under G.S. 105-275(3), (7) or (12) has applied for exemption and the exemption has been approved, such owner shall not be required to file applications in subsequent years except in the following circumstances:
   a. new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or
   b. there is a change in the use of the property necessitating a review of the exemption.

(4) Nothing in this section shall be construed to relieve any governmental unit or private owner of the duty of listing for taxation property that is not entitled to exemption.

(b) Applications for exemption or exclusion that are approved by the tax supervisor shall be filed in his office and shall be made available to authorized representatives of any municipality within the county. If an application for exemption or exclusion is denied by the tax supervisor, he shall notify the owner of his decision in time for him to appeal to the board of equalization and review and from the county board to the Property Tax Commission as provided in G.S. 105-322 and 105-324. If the notice of denial covers property located within a

365
municipality, the tax supervisor shall send a copy of the notice and a copy of the application to the governing body of the municipality. The municipal governing body shall then advise the owner whether it will adopt the decision of the county board or require the owner to file a separate appeal with the municipal governing body. In the event the owner is required to appeal to the municipal governing body and that body renders an adverse decision, the owner may appeal to the Property Tax Commission as provided in G.S. 105-324. Nothing in this section shall prevent the governing body of a municipality from denying an application which has been approved by the tax supervisor or by the county board provided the owner's rights to notice and hearing are not abridged. Applications handled separately by a municipality shall be filed in the office of the person designated by the governing body, or in the absence of such designation, in the office of the chief fiscal officer of the municipality.

(c) When an owner of property who is required to file an application for exemption or exclusion fails to do so, the tax supervisor shall proceed to discover the property as provided in G.S. 105-312. If upon appeal to the county board of equalization and review or board of commissioners, the owner demonstrates that the property meets the conditions for exemption, the exemption may be approved by the board at that time. Discovery of the property by the county shall automatically constitute a discovery by any other taxing unit in which the property also has a taxable situs.

(d) The county tax supervisor shall prepare and maintain a roster of all property in the county that is granted tax relief through classification or exemption. As to affected real and personal property, the roster shall set forth:

(1) The name of the owner of the property.
(2) A brief description of the property.
(3) A statement of the use to which the property is put.
(4) A statement of the value of the property.
(5) The total value of exempt property in the county and in each municipality therein.

(e) A duplicate copy of the roster shall be forwarded to the Department of Revenue on or before November 1, 1974. In subsequent years, on or before November 1, a report shall be filed with the Department of Revenue showing all changes since the last report.”

"Article IX. Establishment of Proposed Street Lines.

"Sec. 9.1. Authority to establish proposed street lines. Whenever, in the
opinion of the city council, it is in the best interest of the city to do so, the

existing streets and for the opening of new streets, and for the gradual
acquisition of the lands necessary for such improvements, in accordance with
the procedure established by this article.

"Sec. 9.2. Plotting of proposed street lines. From and after the time of
adoption of a major street plan by the city council and the State Highway
Commission pursuant to provisions of G.S. 136-66.2, and as amended, the city
council shall have power to request, make, or cause to be made, from time to
time, surveys for the exact locating of the lines of new, extended, widened, or narrowed streets and highways in the whole or any portion of the city and the area within one mile outside of its corporate boundaries. Personnel making such surveys are empowered to enter upon lands, make examinations or surveys, and place and maintain necessary monuments thereon, at reasonable times and with due care for the property. A plat or plats of the area or areas thus surveyed shall be prepared on which are indicated the locations of the lines recommended as the planned or mapped lines of future streets, street extensions, street widenings or street narrowings. The preparation of such plat or plats shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

"Sec. 9.3. Adoption of official map; hearing; notice. Following the preparation of such plats, the city council may officially adopt a map or maps of planned new streets and highways, extensions, widenings, narrowings, or vacations of streets within the city and the area within one mile outside of its corporate boundaries. Before taking any such action, the council shall hold a public hearing thereon, notice of the time and place of which shall have been given once a week for two successive weeks in a newspaper published in the city, or if there be no newspaper published in the city, by posting such notice at four public places in the city and at four public places within the affected area outside of the corporate boundaries. Said notice shall be published or posted for the first time not less than fifteen (15) days prior to the date fixed for said hearing. Following adoption of such map or maps, the council shall certify a copy to the register of deeds of Richmond County, which copy shall be duly filed. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

"Sec. 9.4. Right of city to acquire property before improvement. From and after the time of adoption and certification to the register of deeds of any such map or maps, it shall be unlawful to build upon any land within the lines of proposed streets shown thereon or to repair or otherwise improve any existing buildings within said lines until the city council shall have been given an opportunity to purchase or otherwise acquire said property for street purposes as provided by this article. To that end, any person proposing to build upon such land or to make repairs, or improvement to any existing building on such land shall, in writing, notify the city council of the nature and estimated cost of such building, repairs, or improvements. The council shall then determine whether it will take the necessary steps to acquire said land prior to construction of said building or the making of said repairs or improvements. If the council fails, within sixty (60) days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire said property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in said notice. The building inspector is authorized to withhold and refrain from issuing, for a period not exceeding sixty (60) days from receipt by the council of the notice herein prescribed, any building permit for the erection of any building within the said lines, or for the making of any repairs or improvements to existing buildings within said lines.

"Sec. 9.5. Failure to give notice bars recovery for value of improvements. If any person, firm, or corporation builds upon any land included within said
proposed street lines, or repairs or otherwise improves that part of any existing building within said lines, without giving the city council an opportunity to acquire said property free from improvements, as provided in Section 9.4 of this article, the council shall not be required to pay for the value of said buildings, repairs, or improvements in any proceeding subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

"Sec. 9.6. Failure of city to act; no limit to subsequent condemnation. The failure of the city council to take action under Sections 9.4 and 9.5 of this article within sixty (60) days after notice shall not have the effect of limiting the right of the council at any subsequent time to condemn the same. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or improvements made after the failure of the council to take action within the prescribed period.

"Article X. Zoning.

"Sec. 11.4. Towing of vehicles from streets; charges. The city council may provide by ordinance that vehicles stalled, wrecked, abandoned, or illegally parked upon any public street may be removed therefrom by having the same towed away to such place as may be designated by a council-appointed city official and to require that the owner or person responsible therefor pay the resulting towing and storage charges.

"Sec. 11.5. Registration prima facie evidence of responsibility. The ownership of any vehicle as established by its registration with the North Carolina Department of Motor Vehicles shall be prima facie evidence as to the person, firm, or corporation responsible for violating the provisions of any ordinance adopted in accordance with the powers granted in this article.

"Sec. 11.6. Towing and storage facilities. In the implementation of the authority granted by this article relating to the removal and storage of vehicles, the city council may provide such towing and storage facilities by and through
CHAPTER 1265   Session Laws—1973

disposed of by the traffic bureau.

(b) The jurisdiction of the police force is hereby extended to include all city-
owned property and facilities, whether located within or outside the corporate
limits, and all members of the police force shall have upon and within such
property and facilities all rights, power, and authority as they now have within
the corporate limits.

"Article XIV. Sidewalks.

"Sec. 14.1. City may clean or repair after notice; charges a lien. The city
council may, by ordinance, establish a procedure whereby city forces may clean
or repair any sidewalk upon failure of the abutting property owner after ten (10)
days' notice to do so. In such event, the cost of such cleaning or repair shall
become a lien upon the abutting property equal to the lien for ad valorem taxes
and may thereafter be collected either by suit in the name of the city or by
foreclosure of the lien in the same manner and subject to the same rules,
regulations, cost, and penalties as provided by law for the foreclosure of the lien
on real property for ad valorem taxes.

"Sec. 15.1. Property kept free of offensive matter. It shall be the duty of every
property owner in the city to keep his property free from noxious weeds, trash,
and all other forms of offensive animal or vegetable matter or refuse which may
be dangerous or prejudicial to the public health or which may constitute a
public nuisance.
"Sec. 15.2. Removal of offensive matter; charges a lien. The city council may
by ordinance establish a procedure whereby city forces may clean, cut, and

upon failure of the owner or occupant after ten (10) days' notice to do so. In such
event, the cost of such cleaning, cutting, and removal shall become a lien upon
the particular property equal to the lien for ad valorem taxes and may thereafter
be collected either by suit in the name of the city or by foreclosure of the lien in
the same manner and subject to the same rules, regulations, costs, and penalties
as provided by law for the foreclosure of the lien on real property for ad valorem
taxes.

Any such person who has such an interest in any proposed contract shall make known that interest. The wilful concealment of such a financial interest or the willful violation of this section shall constitute malfeasance in office or position, and any violator shall forfeit his office or position. Violation of this section with the knowledge express or implied of the person, firm, or corporation contracting with the city shall render the contract void.

“Article XVII. Claims Against the City.

"IV. (a) The Trustees are hereby authorized to provide for the issuance, at one time or from time to time, of bonds, or notes in anticipation of the issuance of bonds, of the Trustees to carry out and effectuate their corporate purposes, including the cost of any hospital facilities. The term 'cost' as applied to any hospital facilities means the cost of construction or acquisition; the cost of acquisition of property, including rights in land and other property, both real and personal and improved and unimproved; the cost of demolishing, removing or relocating any buildings or structures on land so acquired, including the cost of acquiring any land to which such buildings or structures may be moved or relocated; the cost of all machinery, fixed and movable equipment and furnishings; financing charges, interest prior to and during construction and, if deemed advisable by the Trustees, for a period not exceeding two years after the estimated date of completion of construction, the cost of engineering and architectural surveys, plans and specifications; the cost of consulting and legal services and other expenses necessary or incident to the feasibility or practicability of constructing or acquiring such hospital facilities; the cost of administrative and other expenses necessary or incident to the construction or acquisition of such hospital facilities, and the financing of the construction or acquisition thereof, including reasonable provisions for working capital and a reserve for debt service.

The principal of and the interest on such bonds or notes shall be payable solely from funds provided under this section for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or other funds provided therefor. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the Trustees at such price or prices and upon such terms and conditions as may be determined by the Trustees. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Trustees. Notes shall mature at such time or times not exceeding 10 years from their date or dates, and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Trustees. The Trustees shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before
the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The Trustees may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the Trustees may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. Such bonds or notes may be sold in such manner, either at public or private sale, and for such price as the Trustees shall determine to be in their best interests.

The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Trustees may provide in the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

Prior to the preparation of definitive bonds, the Trustees may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Trustees may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

Bonds or notes may be issued under the provisions of this section without obtaining the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by the provisions of the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

(b) In the discretion of the Trustees any bonds or notes issued under the provisions of this section may be secured by a trust agreement by and between the Trustees and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the Trustees received pursuant to this act, including, without limitation, fees, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any hospital facilities, and may mortgage the hospital facilities or any part thereof. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Trustees in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the Trustees, the duties of the Trustees with respect to the acquisition, construction, maintenance, repair and operation of any hospital facilities, the fees, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Trustees. Any such trust agreement or
resolution may set forth the rights and remedies of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Trustees may deem reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any hospital facilities or paid from the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the Trustees.

(c) (1) The Trustees are hereby authorized to fix and to collect fees, rents and charges for the use of any hospital facilities and any part or section thereof.

(2) The fees, rents and charges shall be fixed so as to provide a fund sufficient with such other funds as may be made available therefor, (i) to pay the costs of operating, repairing and maintaining the hospital facilities, to the extent that adequate provision for the payment of such costs has not otherwise been provided for, (ii) to pay the principal of and the interest on all the bonds as the same shall become due and payable and (iii) to create and maintain any reserves provided for in the resolution authorizing the issuance of, or any trust agreement securing, such bonds; provided, however, that nothing herein shall prohibit the application of fees, rents and charges to the payment of debt service on the bonds prior to the payment of the costs of operating, repairing and maintaining the hospital facilities.

(3) All pledges of fees, rents, charges and other revenues under the provisions of this section shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the Trustees shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Trustees, irrespective of whether such parties have notice thereof. The resolution or any trust agreement by which a pledge is created need not be filed or recorded except in the records of the Trustees; provided, however, that any trust agreement or resolution creating a mortgage on real property of the Trustees shall be filed in the same manner required by law for mortgages of real property.

(d) Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this section, including, without limitation, fees, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any hospital facilities, shall be deemed to be trust funds to be held and applied solely as provided in this section. The resolution authorizing the issuance of, or any trust agreement securing, any bonds or notes may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this section, subject to such regulations as this section and such resolution or trust agreement may provide.
(e) Any holder of bonds or notes issued under the provisions of this section or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such bonds or notes, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the Trustees pursuant to this section, and may enforce and compel the performance of all duties required by this section or by such trust agreement or resolution to be performed by the Trustees or by any member or employee thereof.

(f) The Trustees are hereby authorized to provide for the issuance of refunding bonds or notes for the purpose of refunding any bonds or notes then outstanding which shall have been issued under the provisions of this section, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds or notes and, if deemed advisable by the Trustees for any corporate purpose of the Trustees, including, without limitation:

(1) Constructing improvements, additions, extensions or enlargements of the hospital facilities in connection with which the bonds or notes to be refunded shall have been issued, and

(2) Paying all or any part of the cost of any additional hospital facilities.

The issuance of such bonds or notes, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Trustees in respect of the same shall be governed by the provisions of this section which relate to the issuance of bonds or notes, insofar as such provisions may be appropriate therefor.

Refunding bonds or notes may be sold or exchanged for outstanding bonds or notes issued under this section and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds or notes. Pending the application of the proceeds of any such refunding bonds or notes, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the bonds or notes being refunded, and, if so provided or permitted in the resolution authorizing the issuance of, or in the trust agreement securing, such bonds or notes, to the payment of any interest on such refunding bonds or notes and any expenses in connection with such refunding, such proceeds may be invested in such manner as shall be permitted in the resolution authorizing the issuance of, or the trust agreement securing, such refunding bonds or notes.

(g) No member or employee of the Trustees shall be subject to any personal liability or accountability by reason of his execution of any bonds or notes or the issuance thereof.

(h) Bonds or notes issued under the provisions of this section shall not be deemed to constitute a debt or obligation of the State, the County of Wake, the City of Raleigh or of any other municipality or political subdivision, but shall be payable solely from the revenues and other funds provided therefor. Each bond or note issued under this section shall contain on the face thereof a statement to the effect that the Trustees shall not be obligated to pay the same nor the interest thereon except from the revenues and other funds pledged therefor and that neither the State, the County of Wake, the City of Raleigh nor any other
municipality or political subdivision is liable for the payment of the principal of or the interest on such bonds or note.

(i) The Trustees are hereby authorized to agree to convey, and, subject to the retirement of any bonds issued pursuant to this section, or the making of provision for such retirement, to convey title to any hospital facilities owned by the Trustees to the State of North Carolina, the County of Wake, the City of Raleigh or any other political subdivision deemed appropriate by the Trustees.

(j) The foregoing provisions of this section shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this section need not comply with the requirements of any other law applicable to the issuance of bonds or notes.”

Profits from coin operated vending machines secured by the Department shall be used by the Department for the support of vending facilities operated by the visually handicapped.

§ 111-44. H. B. 1611  CHAPTER 1281
AN ACT TO REWRITE CHAPTER 35, ARTICLE 7, OF THE GENERAL STATUTES ENTITLED "PERSONS WITH MENTAL DISEASES AND INCOMPETENTS".

The General Assembly of North Carolina enacts:

Section 1. Article 7 of Chapter 35 of the General Statutes of North Carolina is hereby rewritten to read:

"Article 7.

"Sterilization of Persons Mentally Ill and Mentally Retarded.

"§ 35-36. Sterilization of mental defectives in State institutions.—The responsible director, or other public official performing the functions of such director, of any institution supported wholly or in part by the State of North Carolina is hereby authorized to petition the district court of the county in which such institution is located for the sterilization operation of any mentally ill or retarded resident or patient thereof as may be considered in the best interest of the mental, moral, or physical improvement of the resident or patient, or for the public good, provided, that no operation authorized in this section shall be lawful unless and until the provisions of this Article shall first be complied with. It shall be the responsibility of the State institution to provide or pay for the cost and expense of the operations authorized in this section for those persons residents or patients in State institutions.

"§ 35-37. Sterilization of mental defectives not in State institutions.—The county director of social services, or other public official performing the functions of such director, is hereby authorized to petition the district court of his county for the sterilization operation of any mentally ill or retarded resident of the county, not a resident or patient of any State institution, or of any mentally ill or retarded person who is on parole from a State institution considered in the best interest of the mental, moral, or physical improvement of such resident, or for the public good, provided that no operation authorized in this section shall be lawful unless and until the provisions of this Article shall first be complied with. It shall be the responsibility of the board of commissioners of the respective counties to provide or pay for the cost and expense of the operations authorized in this section for those persons residents in their respective counties.

"§ 35-38. Who shall perform sterilization operations upon the mental defectives.—No operation under this Article shall be performed by other than a duly qualified and licensed North Carolina physician or surgeon, pursuant to Chapter 90 of the General Statutes as amended, and by him only upon a written order signed by the court having authority under the provisions of either G.S. 35-41 or G.S. 35-42. The petitioner will select the physician or surgeon to perform the sterilization operation and notify the patient and next of kin. If however, the patient or next of kin wishes to select a physician or surgeon other than the one selected by the petitioner, it will be the responsibility of the patient or next of kin to pay for the costs and expense of the sterilization operation. In the event the patient or next of kin is unable to provide for payment of the physician or surgeon selected by them, the operation will be performed by the physician or surgeon selected by the petitioner."
§ 35-39. Duty of petitioner.—It shall be the duty of such petitioner promptly to institute proceedings as provided by this Article in any of the following circumstances:

(1) When in his opinion it is for the best interest of the mental, moral or physical improvement of the patient, resident of an institution, or noninstitutional individual, that he or she be sterilized.

(2) When in his opinion it is for the public good that such patient, resident of an institution, or noninstitutional individual be sterilized.

(3) When in his opinion such patient, resident of an institution, or noninstitutional individual would be likely, unless sterilized, to procreate a child or children who would have a tendency to serious physical, mental, or nervous disease or deficiency; or, because of a physical, mental, or nervous disease or deficiency which is not likely to materially improve, the person would be unable to care for a child or children.

(4) When requested to do so in writing by the next of kin or legal guardian of such patient, resident of an institution, or noninstitutional individual.

§ 35-39.1. Contents of petition.—The petition shall contain allegations of the results of psychological or psychiatric tests supporting the assertion that such person is subject to the provisions of this Article; shall contain the statement of a physician who has examined such person affirming whether or not there is any known contraindication to the requested surgical procedure; shall state the name and address of the physician or surgeon who will perform the operation; and shall contain the written consent or objection of the next of kin, the legal guardian or, if there is no next of kin and no known legal guardian ad litem who shall be appointed by the district court judge and who shall make investigation and report to the court before the hearing shall commence. The petition should also contain the consent or objection of the person upon whom the sterilization operation is to be performed. In the event the person upon whom the operation is to be performed is not capable of giving consent or objection, there must be a certification by the petitioner that the procedure has been explained to the person upon whom the operation is to be performed.

§ 35-39.2. Copy of petition served on patient.—At least 20 days prior to the hearing on the petition in the district court, a copy of such petition must be served upon the resident of the institution, patient, or noninstitutional individual and to the legal or natural guardian, guardian ad litem, or next of kin of the resident of the institution, patient, or noninstitutional individual.

§ 35-40. Judge to order investigation.—If the petitioner instituting the sterilization proceedings is other than the county director of social services the judge shall order the county director of social services in the county in which the person upon whom the operation is to be performed has domicile to investigate and make recommendations to him regarding the case.

§ 35-41. Hearing before the judge of district court.—Should the petitioner, the person subject to the petition, or any other interested party request a hearing, a hearing shall be held in the district court before the judge without a jury. In the absence of written objection filed with the court by the person alleged to be subject to this section or by any other interested party on his or her behalf, the court may render judgment without the appearance of witnesses. In the event a hearing is requested the district attorney for the district in which the petition is heard or the district attorney's assistant shall present the
CHAPTER 1281 Session Laws—1973

evidence for the petitioner. The respondent shall be entitled to examine the petitioner's witnesses and shall be entitled to present evidence in his own behalf. If the judge of the district court shall find from the evidence that the person alleged to be subject to this section is subject to it and that because of a physical, mental, or nervous disease or deficiency which is not likely to materially improve, the person would probably be unable to care for a child or children; or, because the person would be likely, unless sterilized, to procreate a child or children which probably would have serious physical, mental, or nervous diseases or deficiencies, he shall enter an order and judgment authorizing the physician or surgeon named in the petition to perform the operation.

“§ 35-42. Appeal to superior court.—An appeal to the superior court may be had by the person alleged to be subject to this section or any other interested party on such judgment in the district court if filed within 15 days following the date the court judgment is entered. The proceedings before the superior court shall constitute a trial de novo, and upon application of either party shall be heard before a jury. The District Attorney for the district in which the petition is heard or his assistant shall present the evidence for the petitioner. The respondent shall be entitled to examine the petitioner's witnesses and to present evidence in his own behalf. Any decision of the superior court in such cases may be appealed to the appellate courts as in other civil cases. The cost of the appeal, if any, to the superior court and higher courts shall be taxed as in other civil cases and the pendency of any appeal shall stay the proceedings in the lower court until the appeal be finally determined. Pauper’s affidavits regarding court costs and costs of appeal may be filed as in other cases made and provided by the laws of this State.

“§ 35-43. Right to counsel.—The person alleged to be subject to the provisions of this section shall have the right to counsel at all stages of the proceedings provided for herein. This person and all others served with the notification provided for in G.S. 35-39.2 shall be fully informed of the person’s entitlement to counsel at the time of this service of notice. This information shall be given in language and in a manner calculated to insure, insofar as such is possible in view of the individual’s capability to comprehend it, that the recipient understands the entitlement. Every person subject to be sterilized under this Article after the filing of the petition shall have counsel at every stage of the proceedings. If there is a conflict between the election of the person concerned and that of the other persons being served with notice, determination of the question of representation by counsel shall be made by the court having jurisdiction of the case. The person concerned may, in any instance, be represented by counsel retained by him. In cases of claimed indigency, a request for counsel shall be processed in the manner provided for in Subchapter IX, Chapter 7A, General Statutes of North Carolina.

“§ 35-44. Sterilization procedure to be performed after court judgment.—After judgment of the court in accordance with G.S. 35-41 and G.S. 35-42 shall have become final to the effect that such sterilization shall be performed upon such person subject to this section, a sterilization procedure may be performed by a physician upon such person subject to this section.

“§ 35-44.1. Sterilization procedure defined.—Wherever used in this section, the words 'sterilization procedure' shall include and authorize the performance by the physician of any procedure or operation deemed to be in the best interest
of the individual patient or intended to prevent conception, but does not include castration.

"§ 35-44.2. Civil or criminal liability of parties limited.—When an operation shall have been performed in compliance with the provisions of this law, no physician duly licensed without restriction to practice medicine and surgery in this State or other person legally participating in the execution of the provisions of this act shall be liable civilly or criminally on account of such operation or participation therein, except in the case of negligence in the performance of said procedures.

"§ 35-44.3. Necessary medical treatment unaffected by Article.— Nothing in this section shall be construed so as to require compliance with this section or to prevent the medical or surgical treatment for sound therapeutic purposes of any person in this State, by a physician duly licensed without restriction to practice medicine and surgery in this State, which treatment may involve the nullification or destruction of the reproductive functions at the same time that it serves such sound therapeutic purposes.

"§ 35-44.4. Hospitals not compelled to admit patient.— Nothing in this section shall require a hospital to admit any patient under the provisions hereof for the purpose of performing a sterilization procedure."

Sec. 2. This act shall become effective on and after January 1, 1975.
In the General Assembly read three times and ratified, this the 11th day of April, 1974.

“(25) The purchase price of a seeing-eye dog actually purchased and used by a person who is blind, and/or all of the cost of maintenance and upkeep of a seeing-eye dog, including veterinary expenses. The amount claimed under this subsection shall not be allowed as a deduction under G.S. 105-147(11).”

Sec. 2. This act shall become effective January 1, 1974.
In the General Assembly read three times and ratified, this the 11th day of April, 1974.

H. B. 2125 CHAPTER 1283
AN ACT RELATING TO ZONING IN MECKLENBURG COUNTY AND THE CITY OF CHARLOTTE.

The General Assembly of North Carolina enacts:

Section 1. The governing bodies of Mecklenburg County and the City of Charlotte, in addition to the authority conferred upon them by the General or local law, are hereby empowered by ordinance to regulate in any portion or portions of the City of Charlotte and the County of Mecklenburg within their existing zoning jurisdictions the uses of buildings and structures for trade, industry, residence, recreation, public activities or other purposes, and the uses
of land for trade, industry, residence, recreation, agriculture, water supply conservation, soil conservation, forestry or other purposes.

For any or all these purposes, the City and County may divide its territorial jurisdiction into districts of any number, shape, and area that may be deemed best suited to carry out the purposes of this act; and within those districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures, or land. All regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts; provided, however, that the City and County may provide for the creation of special use districts in addition to general use districts.

It is the purpose and intent of this act to permit the City and County to create general use districts in which a variety of uses are permitted, and to also create special use districts in which a single use is permitted upon the issuance by the governing body of a special use permit prescribing the conditions under which such use will be permitted.

A person petitioning for rezoning of a tract of land, where special use districts are authorized by ordinance, may elect to request general use district zoning for said tract, or he may elect to request special use district zoning for said tract.

If the petitioner elects to petition for general use district zoning, the governing body may not consider the intended use in determining whether to approve or disapprove the petition, but shall consider the full range of uses permitted within the requested general use district. If the petition is approved, the rezoned property may be used for any of the uses permitted in the applicable general use district.

If the petitioner elects to petition for special use district zoning, the petition must specify the actual use intended for the property specified in the petition, and the intended use must be one permitted in the corresponding general use district. If the petition is for special use district zoning, the governing body is to approve or disapprove the petition on the basis of the specific use requested. If the petition is approved, the governing body shall issue a special use permit authorizing the requested use with such reasonable conditions as the governing body determines to be desirable in promoting public health, safety and general welfare.

The conditions contained in a special use permit issued by the governing body may include: location of the proposed use on the property; the number of dwelling units; the location and extent of support facilities such as parking lots, driveways, and access streets; location and extent of buffer areas and other special purpose areas; the timing of development; and such other matters as the governing body may find appropriate or the petitioner may propose, but not to include architectural review or controls.

It is the further intent of this section to permit the creation of districts for specific uses and the imposition of reasonable conditions in order to secure the public health, safety and welfare, and insure that substantial justice be done.

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 11th day of April, 1974.
S. B. 972  CHAPTER 1284

AN ACT RELATING TO MANAGEMENT OF THE COASTAL AREA OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

Section 1. G.S. Chapter 113A is hereby amended by adding thereto a new Article 7, to be entitled "Coastal Area Management", and to read as follows:

"Article 7.
"Coastal Area Management.

"§ 113A-100. Short title.—This Article shall be known as the Coastal Area Management Act of 1974.

"§ 113A-101. Cooperative State-local program.—This Article establishes a cooperative program of coastal area management between local and State governments. Local government shall have the initiative for planning. State government shall establish areas of environmental concern. With regard to planning, State government shall act primarily in a supportive standard-setting and review capacity, except where local governments do not elect to exercise their initiative. Enforcement shall be a concurrent State-local responsibility.

"§ 113A-102. Legislative findings and goals.—(a) Findings. It is hereby determined and declared as a matter of legislative finding that among North Carolina’s most valuable resources are its coastal lands and waters. The coastal area, and in particular the estuaries, are among the most biologically productive regions of this State and of the nation. Coastal and estuarine waters and marshlands provide almost 90 percent (90%) of the most productive sport fisheries on the east coast of the United States. North Carolina’s coastal area has an extremely high recreational and esthetic value which should be preserved and enhanced.

In recent years the coastal area has been subjected to increasing pressures which are the result of the often conflicting needs of a society expanding in industrial development, in population, and in the recreational aspirations of its citizens. Unless these pressures are controlled by coordinated management, the very features of the coast which make it economically, esthetically, and ecologically rich will be destroyed. The General Assembly therefore finds that an immediate and pressing need exists to establish a comprehensive plan for the protection, preservation, orderly development, and management of the coastal area of North Carolina.

In the implementation of the coastal area management plan, the public’s opportunity to enjoy the physical, esthetic, cultural, and recreational qualities of the natural shorelines of the State shall be preserved to the greatest extent feasible; water resources shall be managed in order to preserve and enhance water quality and to provide optimum utilization of water resources; land resources shall be managed in order to guide growth and development and to minimize damage to the natural environment; and private property rights shall be preserved in accord with the Constitution of this State and of the United States.
CHAPTER 1284  Session Laws—1973

(b) Goals. The goals of the coastal area management system to be created pursuant to this Article are as follows:

(1) To provide a management system capable of preserving and managing the natural ecological conditions of the estuarine system, the barrier dune system, and the beaches, so as to safeguard and perpetuate their natural productivity and their biological, economic and esthetic values;

(2) To insure that the development or preservation of the land and water resources of the coastal area proceeds in a manner consistent with the capability of the land and water for development, use, or preservation based on ecological considerations;

(3) To insure the orderly and balanced use and preservation of our coastal resources on behalf of the people of North Carolina and the nation;

(4) To establish policies, guidelines and standards for:
   (i) Protection, preservation, and conservation of natural resources including but not limited to water use, scenic vistas, and fish and wildlife; and management of transitional or intensely developed areas and areas especially suited to intensive use or development, as well as areas of significant natural value;
   (ii) The economic development of the coastal area, including but not limited to construction, location and design of industries, port facilities, commercial establishments and other developments;
   (iii) Recreation and tourist facilities and parklands;
   (iv) Transportation and circulation patterns for the coastal area including major thoroughfares, transportation routes, navigation channels and harbors, and other public utilities and facilities;
   (v) Preservation and enhancement of the historic, cultural, and scientific aspects of the coastal area;
   (vi) Protection of present common law and statutory public rights in the lands and waters of the coastal area;
   (vii) Any other purposes deemed necessary or appropriate to effectuate the policy of this Article.

"§ 113A-103. Definitions.—As used in this Article:

(1) ‘Advisory Council’ means the Coastal Resources Advisory Council created by G.S. 113A-105.

(2) ‘Coastal area’ means the counties that (in whole or in part) are adjacent to, adjoining, intersected by or bounded by the Atlantic Ocean (extending offshore to the limits of State jurisdiction, as may be identified by rule of the Commission for purposes of this Article, but in no event less than three geographical miles offshore) or any coastal sound. The Governor, in accordance with the standards set forth in this subdivision and in subdivision (3) of this section, shall designate the counties that constitute the ‘coastal area’, as defined by this section, and his designation shall be final and conclusive. On or before May 1, 1974, the Governor shall file copies of a list of said coastal area counties with the chairmen of the boards of commissioners of each county in the coastal area, with the mayors of each incorporated city within the coastal area (as so defined) having a population of 2,000 or more and of each incorporated city having a population of less than 2,000 whose corporate boundaries are contiguous with the Atlantic Ocean, and with the Secretary of State. The said coastal area counties and cities shall thereafter transmit nominations to the
Governor of members of the Coastal Resources Commission as provided in G.S. 113A-104(d).

(3) 'Coastal sound' means Albemarle, Bogue, Core, Croatan, Currituck, Pamlico and Roanoke Sounds. For purposes of this Article, the inland limits of a sound on a tributary river shall be defined as the limits of seawater encroachment on said tributary river under normal conditions. 'Normal conditions' shall be understood to include regularly occurring conditions of low stream flow and high tide, but shall not include unusual conditions such as those associated with hurricane and other storm tides. Unless otherwise determined by the Commission, the limits of seawater encroachment shall be considered to be the confluence of a sound’s tributary river with the river or creek entering it nearest to the farthest inland movement of oceanic salt water under normal conditions. For purposes of this Article, the aforementioned points of confluence with tributary rivers shall include the following:

(a) On the Chowan River, its confluence with the Meherrin River;
(b) On the Roanoke River, its confluence with the northeast branch of the Cashie River;
(c) On the Tar River, its confluence with Tranters Creek;
(d) On the Neuse River, its confluence with Swift Creek;
(e) On the Trent River, its confluence with Ready Branch.

Provided, however, that no county shall be considered to be within the coastal area which: (a) is adjacent to, adjoining or bounded by any of the above points of confluence and lies entirely west of said point of confluence; or (b) is not bounded by the Atlantic Ocean and lies entirely west of the westernmost of the above points of confluence.

(4) 'Commission' means the Coastal Resources Commission created by G.S. 113A-104.

(5) (a) ‘Development’ means any activity in a duly designated area of environmental concern (except as provided in paragraph (b) of this subdivision) involving, requiring, or consisting of the construction or enlargement of a structure; excavation; dredging; filling; dumping; removal of clay, silt, sand, gravel or minerals; bulkheading, driving of pilings; clearing or alteration of land as an adjunct of construction; alteration or removal of sand dunes; alteration of the shore, bank, or bottom of the Atlantic Ocean or any sound, bay, river, creek, stream, lake, or canal.

(b) The following activities including the normal and incidental operations associated therewith shall not be deemed to be development under this section:

(i) Work by a highway or road agency for the maintenance of an existing road, if the work is carried out on land within the boundaries of the existing right-of-way;
(ii) Work by any railroad company or by any utility and other persons engaged in the distribution and transmission of petroleum products, water, telephone or telegraph messages, or electricity for the purpose of inspecting, repairing, maintaining, or upgrading any existing substations, sewers, mains, pipes, cables, utility tunnels, lines, towers, poles, tracks, and the like on any of its existing railroad or utility property or rights-of-way, or the extension of any of the above

(x) It is the intention of the General Assembly that if the provisions of any of the foregoing paragraphs (i) - (ix) of this subsection are held invalid as a grant of an exclusive or separate emolument or privilege or as a denial of the equal protection of the laws, within the meaning of Article I, Sections 19 and 32 of the North Carolina Constitution, the remainder of this Article shall be given effect without the invalid provision or provisions.

(c) The Commission shall define by rule (and may revise from time to time) certain classes of minor maintenance and improvements which shall be exempted from the permit requirements of this Article, in addition to the exclusions set forth in paragraph (b) of this subdivision. (11) Two who shall at the time of appointment be actively connected with or have experience in local government within the coastal area.

(12) Three at-large members.

(c) The Governor shall appoint in his sole discretion those members of the Commission whose qualifications are described in paragraphs (6) and (10), and one of the three members described in paragraph (12) of subsection (b) of this section. The remaining members of the Commission shall be appointed by the Governor after completion of the nominating procedures prescribed by subsection (d) of this section.

(d) On or before May 1 in every even-numbered year the Governor shall designate and transmit to the board of commissioners in each county in the coastal area four nominating categories applicable to that county for that year. Said nominating categories shall be selected by the Governor from among the categories represented, respectively by paragraphs (1), (2), (3), (4), (5), (7), (8), (9), (11) - two persons, and (12) - two persons, of subsection (b) of this section (or so many of the above-listed paragraphs as may correspond to vacancies by expiration of term that are subject to being filled in that year). On or before June 1 in every even-numbered year the board of commissioners of each county in the coastal area shall nominate (and transmit to the Governor the names of) one qualified person in each of the four nominating categories that was designated by the Governor for that county for that year. In designating nominating categories from biennium to biennium, the Governor shall equitably rotate said categories among the several counties of the coastal area as in his judgment he deems best; and he shall assign, as near as may be, an even number of nominees to each nominating category and shall assign in his best judgment any excess above such even number of nominees. On or before June 1 in every even-numbered year the governing body of each incorporated city within the coastal area having a population of 2,000 or more, and of each incorporated city having a population of less than 2,000 whose corporate boundaries are contiguous with the Atlantic Ocean, shall nominate (and transmit to the Governor the name of) one person as a nominee to the Commission. The several boards of county commissioners and city governing bodies shall transmit the names, addresses, and a brief summary of the qualifications of their nominees to the Governor on or before June 1 in each even-numbered year, beginning in 1974; provided, that the Governor, by registered or certified mail, shall notify the chairmen or the mayors of the said local governing boards by May 20 in each such even-numbered year of the duties of local governing boards under this sentence. If any board of commissioners or city governing body fails to transmit its list of nominations to the Governor by June 1, the Governor may add to the nominations a list of qualified nominees in lieu of those that were not
transmitted by the board of commissioners or city governing body. Within the meaning of this section, the 'governing body' is the mayor and council of a city as defined in G.S. 160A-66. The population of cities shall be determined according to the most recent annual estimates of population as certified to the Secretary of Revenue by the Secretary of Administration.

(g) The members shall serve staggered terms of office of four years. At the expiration of each member's term, the Governor shall reappoint or replace the member with a new member of like qualification (as specified in subsection (b) of this section), in the manner provided by subsections (c) and (d) of this section. The initial term shall be determined by the Governor in accordance with customary practice but eight of the initial members shall be appointed for two years and seven for four years.

(h) In the event of a vacancy arising otherwise than by expiration of term, the Governor shall appoint a successor of like qualification (as specified in subsection (b) of this section) who shall then serve the remainder of his predecessor's term. When any such vacancy arises, the Governor shall immediately notify the board of commissioners of each county in the coastal area and the governing body of each incorporated city within the coastal area having a population of 2,000 or more and of each incorporated city having a population of less than 2,000 whose corporate boundaries are contiguous with the Atlantic Ocean. Within 30 days after receipt of such notification each such county board and city governing body shall nominate and transmit to the Governor the name and address of one person who is qualified in the category represented by the position to be filled, together with a brief summary of the qualifications of the nominee. The Governor shall make the appointment from among said city and county nominees. If any county board or city governing body fails to make a timely transmittal to its nominee, the Governor may add to the nominations a qualified person in lieu of said nominee.

(i) The chairman shall be designated by the Governor from among the members of the Commission to serve as chairman at the pleasure of the Governor. The vice-chairman shall be elected by and from the members of the Commission and shall serve for a term of two years or until the expiration of his regularly appointed term.

(j) Compensation: The members of the Commission shall receive per diem and necessary travel and subsistence expenses in accordance with the provisions of G.S. 138-5.

(6) The Secretary of the Department of Cultural Resources or his designee;
(7) One member from each of the four multi-county planning districts of the coastal area to be appointed by the lead regional agency of each district;
(8) One representative from each of the counties in the coastal area to be designated by the respective boards of county commissioners;
(9) No more than eight additional members representative of cities in the coastal area and to be designated by the Commission.
(10) Three members selected by the Commission who are marine scientists or technologists;
(11) One member who is a local health director selected by the Commission upon the recommendation of the State Health Director.

(c) Functions and Duties: The Advisory Council shall assist the Secretaries of Administration and of Natural and Economic Resources in an advisory capacity: (1) on matters which may be submitted to it by either of them or by the Commission, including technical questions relating to the development of rules and regulations, and (2) on such other matters arising under this Article as the Council considers appropriate.

(d) Multiple Offices: Membership on the Coastal Resources Advisory Council is hereby declared to be an office that may be held concurrently with other elective or appointive offices (except the office of Commission member) in addition to the maximum number of offices permitted to be held by one person under G.S. 128-1.1.

(e) Chairman and Vice-Chairman: A chairman and vice-chairman shall be elected annually by the Council.

(f) Compensation: The members of the Advisory Council who are not State employees shall receive per diem and necessary travel and subsistence expenses in accordance with the provisions of G.S. 138-5.

"§ 113A-106. Scope of planning processes.—Planning processes covered by this Article include the development and adoption of State guidelines for the coastal area and the development and adoption of a land use plan for each county within the coastal area, which plans shall serve as criteria for the issuance or denial of development permits under Part 4.

"§ 113A-107. State guidelines for the coastal area.—(a) State guidelines for the coastal area shall consist of statements of objectives, policies, and standards to be followed in public and private use of land and water areas within the coastal area. Such guidelines shall be consistent with the goals of the coastal area management system as set forth in G.S. 113A-102. They shall give
particular attention to the nature of development which shall be appropriate within the various types of areas of environmental concern that may be designated by the Commission under Part 3. Such guidelines shall be adopted, and may be amended from time to time, in accordance with the procedures set forth in this section.

(b) The Commission shall be responsible for the preparation, adoption, and amendment of the State guidelines. In exercising this function it shall be furnished such staff assistance as it requires by the Secretary of Natural and Economic Resources and the Secretary of the Department of Administration, together with such incidental assistance as may be requested of any other State department or agency.

(c) Within 90 days after the effective date of this Article the Commission shall submit proposed State guidelines to all cities and counties and lead regional organizations within the coastal area for their comments and recommendations. In addition, it shall submit such guidelines to all State, private, federal, regional, and local agencies which it deems to have special expertise with respect to any environmental, social, economic, esthetic, cultural, or historical aspect of development in the coastal area. It shall make copies of the proposed guidelines available to the public through the Department of Administration.

(d) Cities, counties, and lead regional organizations and such other agencies or individuals as desire to do so shall have 60 days from receipt of such proposed guidelines within which to submit to the Commission their written comments and recommendations concerning the proposed guidelines.

(e) The Commission shall review and consider all such written comments and recommendations. Within 210 days after the effective date of this Article, the Commission shall by rule adopt State guidelines for the coastal area. Certified copies of such guidelines shall be filed with the Secretary of State and the Principal Clerks of the Senate and House, and the guidelines shall be mailed to each city, county, and lead regional organization in the coastal area and to such other agencies or individuals as the Commission deems appropriate. Copies shall be made available to the public through the Department of Administration.

(f) The Commission may from time to time amend the State guidelines as it deems necessary. In addition, it shall review such guidelines each five years after the effective date of this Article in accordance with the procedures for adoption of the original guidelines, to determine whether further amendments are desirable. Any proposed amendments shall be submitted to all cities, counties, members of the General Assembly and lead regional organizations in the coastal area, and may be distributed to such other agencies and individuals as the Commission deems appropriate. All comments and recommendations of such governments, agencies, and individuals shall be submitted to the Commission in writing within 30 days of receipt of the proposed amendments. The Commission shall review and consider these written comments and thereupon may by rule reject or adopt the proposed amendments or modify and adopt the amendments. Certified copies of all amendments shall be filed with the Secretary of State and the Principal Clerks of the Senate and House. Amendments shall thereupon be mailed to each city, county, members of the General Assembly and lead regional organization in the coastal area and to such other agencies and individuals as the Commission deems appropriate. Copies shall be made available to the public through the Department of Administration.
CHAPTER 1284  Session Laws—1973

"§ 113A-108. Effect of State guidelines.—All local land use plans adopted pursuant to this Article within the coastal area shall be consistent with the State guidelines. No permit shall be issued under Part 4 of this Article which is inconsistent with the State guidelines. Any State land policies governing the acquisition, use and disposition of land by State departments and agencies shall take account of and be consistent with the State guidelines adopted under this Article, insofar as lands within the coastal area are concerned. Any State land classification system which shall be promulgated shall take account of and be consistent with the State guidelines adopted under this Article, insofar as it applies to lands within the coastal area.

"§ 113A-109. County letter of intent; timetable for preparation of land use plan.—Within 120 days after the effective date of this Article, each county within the coastal area shall submit to the Commission a written statement of its intent to develop a land use plan under this Article or its intent not to develop such a plan. If any county states its intent not to develop a land use plan or fails to submit a statement of intent within the required period, the Commission shall prepare and adopt a land use plan for that county. If a county states its intent to develop a land use plan, it shall complete the preparation and adoption of such plan within 300 days after adoption of the State guidelines. In the event of failure by any county to complete its required plan within this time, the Commission shall promptly prepare and adopt such a plan.

In any case where the Commission has adopted a land use plan for a county that county may prepare its own land use plan in accordance with the procedures of this Article, and upon approval of such plan by the Commission it shall supersede the Commission’s plan on a date specified by the Commission.

"§ 113A-110. Land use plans.—(a) A land use plan for a county shall, for the purpose of this Article, consist of statements of objectives, policies, and standards to be followed in public and private use of land within the county, which shall be supplemented by maps showing the appropriate location of particular types of land or water use and their relationships to each other and to public facilities and by specific criteria for particular types of land or water use in particular areas. The plan shall give special attention to the protection and appropriate development of areas of environmental concern designated under Part 3. The plan shall be consistent with the goals of the coastal area management system as set forth in G.S. 113A-102 and with the State guidelines adopted by the Commission under G.S. 113A-107. The plan shall be adopted, and may be amended from time to time, in accordance with the procedures set forth in this section.

(b) The body charged with preparation and adoption of a county’s land use plan (whether the county government or the Commission) may delegate some or all of its responsibilities to the lead regional organization for the region of which the county is a part. Any such delegation shall become effective upon the acceptance thereof by the lead regional organization. Any county proposing a delegation to the lead regional organization shall give written notice thereof to the Commission at least two weeks prior to the date on which such action is to be taken. Any city or county within the coastal area may also seek the assistance or advice of its lead regional organization in carrying out any planning activity under this Article.

(c) The body charged with preparation and adoption of a county’s land use plan (whether the county or the Commission or a unit delegated such
responsibility) may either (i) delegate to a city within the county responsibility for preparing those portions of the land use plan which affect land within the city's zoning jurisdiction or (ii) receive recommendations from the city concerning those portions of the land use plan which affect land within the city's zoning jurisdiction, prior to finally adopting the plan or any amendments thereto or (iii) delegate responsibility to some cities and receive recommendations from other cities in the county. The body shall give written notice to the Commission of its election among these alternatives. On written application from a city to the Commission, the Commission shall require the body to delegate plan-making authority to that city for land within the city's zoning jurisdiction if the Commission finds that the city is currently enforcing its zoning ordinance, its subdivision regulations, and the State Building Code within such jurisdiction.

(d) The body charged with adoption of a land use plan may either adopt it as a whole by a single resolution or adopt it in parts by successive resolutions; said parts may either correspond with major geographical sections or divisions of the county or with functional subdivisions of the subject matters of the plan. Amendments and extensions to the plan may be adopted in the same manner.

(e) Prior to adoption or subsequent amendment of any land use plan, the body charged with its preparation and adoption (whether the county or the Commission or a unit delegated such responsibility) shall hold a public hearing at which public and private parties shall have the opportunity to present comments and recommendations. Notice of the hearing shall be given not less than 30 days before the date of the hearing and shall state the date, time, and place of the hearing; the subject of the hearing; the action which is proposed; and that copies of the proposed plan or amendment are available for public inspection at a designated office in the county courthouse during designated hours. Any such notice shall be published at least once in a newspaper of general circulation in the county.

(f) No land use plan shall become finally effective until it has been approved by the Commission. The county or other unit adopting the plan shall transmit it, when adopted, to the Commission for review. The Commission shall afford interested persons an opportunity to present objections and comments regarding the plan, and shall review and consider each county land use plan in light of such objections and comments, the State guidelines, the requirements of this Article, and any generally applicable standards of review adopted by rule of the Commission. Within 45 days after receipt of a county land use plan the Commission shall either approve the plan or notify the county of the specific changes which must be made in order for it to be approved. Following such changes, the plan may be resubmitted in the same manner as the original plan.

(g) Copies of each county land use plan which has been approved, and as it may have been amended from time to time, shall be maintained in a form available for public inspection by (i) the county, (ii) the Commission, and (iii) the lead regional organization of the region which includes the county.

§ 113A-111. Effect of land use plan.—No permit shall be issued under Part 4 of this Article for development which is inconsistent with the approved land use plan for the county in which it is proposed. No local ordinance or other local regulation shall be adopted which, within an area of environmental concern, is inconsistent with the land use plan of the county or city in which it is effective; any existing local ordinances and regulations within areas of environmental
concern shall be reviewed in light of the applicable local land use plan and modified as may be necessary to make them consistent therewith. All local ordinances and other local regulations affecting a county within the coastal area, but not affecting an area of environmental concern, shall be reviewed by the Commission for consistency with the applicable county and city land use plans and, if the Commission finds any such ordinance or regulation to be inconsistent with the applicable land use plan, it shall transmit recommendations for modification to the adopting local government.

"§ 113A-112. Planning grants.—The Secretary of Natural and Economic Resources is authorized to make annual grants to local governmental units for the purpose of assisting in the development of local plans and management programs under this Article. The Secretary shall develop and administer generally applicable criteria under which local governments may qualify for such assistance.

"Part 3. Areas of Environmental Concern.

"§ 113A-113. Areas of environmental concern; in general.—(a) The Coastal Resources Commission shall by rule designate geographic areas of the coastal area as areas of environmental concern and specify the boundaries thereof, in the manner provided in this Part.

(b) The Commission may designate as areas of environmental concern any one or more of the following, singly or in combination:

1. Coastal wetlands as defined in G.S. 113-230(a);
2. Estuarine waters as defined in G.S. 113-229(n)(2), that is, all the water of the Atlantic Ocean within the boundary of North Carolina and all the waters of the bays, sounds, rivers, and tributaries thereto seaward of the dividing line between coastal fishing waters and inland fishing waters, as set forth in an agreement adopted by the Wildlife Resources Commission and the Department of Conservation and Development filed with the Secretary of State, entitled 'Boundary Lines, North Carolina Commercial Fishing-Inland Fishing Waters, Revised to March 1, 1965';
3. Renewable resource areas where uncontrolled or incompatible development which results in the loss or reduction of continued long-range productivity could jeopardize future water, food or fiber requirements of more than local concern, which may include:
   (i) Watersheds or aquifers that are present sources of public water supply, as identified by the North Carolina Board of Health or Board of Water and Air Resources, or that are classified for water supply use pursuant to G.S. 143-214.1;
   (ii) Capacity use areas that have been declared by the Board of Water and Air Resources pursuant to G.S. 143-215.13(c) and areas wherein said Board (pursuant to G.S. 143-215.3(d) or G.S. 143-215.3(a)(8) has determined that a generalized condition of water depletion of water or air pollution exists;
   (iii) Prime forestry land (sites capable of producing 85 cubic feet per acre-year, or more, of marketable timber), as identified by the North Carolina Forest Service.
4. Fragile or historic areas, and other areas containing environmental or natural resources of more than local significance, where uncontrolled or incompatible development could result in major or irreversible damage
to important historic, cultural, scientific or scenic values or natural systems, which may include:

(i) Existing national or State parks or forests, wilderness areas, the State Nature and Historic Preserve, or public recreation areas; existing sites that have been acquired for any of the same, as identified by the Secretary of Natural and Economic Resources; and proposed sites for any of the same, as identified by the Secretary of Natural and Economic Resources, provided that the proposed site has been formally designated for acquisition by the governmental agency having jurisdiction;

(ii) Present sections of the natural and scenic rivers system;

(iii) Stream segments that have been classified for scientific or research uses by the Board of Water and Air Resources, or that are proposed to be so classified in a proceeding that is pending before said Board pursuant to G.S. 143-214.1 at the time of the designation of the area of environmental concern;

(iv) Existing wildlife refuges, preserves or management areas, and proposed sites for the same, as identified by the Wildlife Resources Commission, provided that the proposed site has been formally designated for acquisition (as hereinafter defined) or for inclusion in a cooperative agreement by the governmental agency having jurisdiction;

(v) Complex natural areas surrounded by modified landscapes that do not drastically alter the landscape, such as virgin forest stands within a commercially managed forest, or bogs in an urban complex;

(vi) Areas that sustain remnant species or aberrations in the landscape produced by natural forces, such as rare and endangered botanical or animal species;

(vii) Areas containing unique geological formations, as identified by the State Geologist; and

(viii) Historic places that are listed, or have been approved for listing by the North Carolina Historical Commission, in the National Register of Historic Places pursuant to the National Historic Preservation Act of 1966; historical, archeological, and other places and properties owned, managed or assisted by the State of North Carolina pursuant to G.S. Chapter 121; and properties or areas that are or may be designated by the Secretary of the Interior as Registered Natural Landmarks or as National Historic Landmarks;

(5) Areas such as waterways and lands under or flowed by tidal waters or navigable waters, to which the public may have rights of access or public trust rights, and areas which the State of North Carolina may be authorized to preserve, conserve, or protect under Article XIV, Section 5 of the North Carolina Constitution;

(6) Natural hazard areas where uncontrolled or incompatible development could unreasonably endanger life or property, and other areas especially vulnerable to erosion, flooding, or other adverse effects of sand, wind and water, which may include:

(i) Sand dunes along the Outer Banks;

(ii) Ocean and estuarine beaches and shoreline;

(iii) Floodways and flood plains;
(iv) Areas where geologic and soil conditions are such that there is a substantial possibility of excessive erosion or seismic activity, as identified by the State Geologist;

(v) Areas with a significant potential for air inversions, as identified by the Board of Water and Air Resources.

(7) Areas which are or may be impacted by key facilities.

(c) In those instances where subsection (b) of this section refers to locations identified by a specified agency, said agency is hereby authorized to make the indicated identification from time to time and is directed to transmit the identification to the Commission; provided, however, that no designation of an area of environmental concern based solely on an agency identification of a proposed location may remain effective for longer than three years unless, in the case of subparagraphs (4)(i) and (iv) of subsection (b) of this section, the proposed site has been at least 75% acquired. Within the meaning of this section, "formal designation for acquisition" means designation in a formal resolution adopted by the governing body of the agency having jurisdiction (or by its chief executive, if it has no governing body), together with a direction in said resolution that the initial step in the land acquisition process be taken (as by filing an application with the Department of Administration to acquire property pursuant to G.S. 146-23).

(d) Additional grounds for designation of areas of environmental concern are prohibited unless enacted into law by an act of the General Assembly.

"§ 113A-114. Designation of interim areas of environmental concern; notice of developments within such areas.—(a) Pending the designation of areas of environmental concern pursuant to G.S. 113A-115, the Commission may by rule designate such interim areas of environmental concern (hereafter referred to as "interim areas") as it deems appropriate.

(b) Not earlier than 15 days nor later than 75 days after the effective date of this Article the Secretary of Natural and Economic Resources, or his designee or designees, shall hold a one-day public hearing, at which public and private parties shall have the opportunity to present views and comments concerning proposed interim areas, in each of the following cities: Elizabeth City, Jacksonville, Manteo, Morehead City, Washington and Wilmington. The following provisions shall apply for all such hearings:

(1) The hearing shall begin with a description of interim areas proposed by the Secretary.

(2) Notice of any such hearing shall be given not less than seven days before the date of such hearing and shall state the date, time and place of the hearing, the subject of the hearing and the action to be taken. The notice shall state that a copy of a description of interim areas proposed by the Secretary (including a map of such proposed areas) is available for public inspection at the county courthouse of each county affected.

(3) Any such notice shall be published one time in a newspaper of general circulation in the county or counties affected at least seven days before the date of the public hearing.

(4) Any person who desires to be heard at such public hearing shall give notice thereof in writing to the Secretary on or before the date set for the hearing. The Secretary is authorized to set reasonable time limits for the oral presentation of views by any one person at any such hearing. The Secretary shall permit anyone who so desires to file a written
argument or other statement with him in relation to proposed interim areas within five days following the conclusion of any public hearing or within such additional time as he may allow in his discretion.

(5) A record of each such hearing shall be presented to the Commission by the Secretary, together with the description of interim areas proposed by the Secretary (with such revisions as he deems appropriate in light of the hearings). Upon receipt of said hearing records and description, and consideration of submitted evidence and arguments with respect to any proposed action pursuant to this section, the Commission shall adopt its final action with respect thereto and shall file a duly certified copy thereof with the Secretary of State and with the board of commissioners of each county affected thereby.

(c) The Commission may revise the interim areas (or any part thereof) at any time in the manner provided by subsection (b) of this section, except that the hearing or hearings shall be held in each county in which lands to be affected are located.

(d) The interim areas (with such revisions as may be made pursuant to this section) shall remain in effect until designation of areas of environmental concern are made pursuant to G.S. 113A-115.

(e) During the period while interim areas are in effect, any person proposing to undertake any development in an interim area shall notify the Commission at least 60 days in advance of initiating construction, installation or other land or water disturbing activity in connection with said development.

“§ 113A-115. Designation of areas of environmental concern.—(a) Prior to adopting any rule permanently designating any area of environmental concern the Secretary and the Commission shall hold a public hearing in each county in which lands to be affected are located, at which public and private parties shall have the opportunity to present comments and views. The following provisions shall apply for all such hearings:

(1) Notice of any such hearing shall be given not less than 30 days before the date of such hearing and shall state the date, time and place of the hearing, the subject of the hearing, and the action to be taken. The notice shall specify that a copy of the description of the area or areas of environmental concern proposed by the Secretary is available for public inspection at the county courthouse of each county affected.

(2) Any such notice shall be published at least once in one newspaper of general circulation in the county or counties affected at least 30 days before the date on which the public hearing is scheduled to begin.

(3) Any person who desires to be heard at such public hearing shall give notice thereof in writing to the Secretary on or before the first date set for the hearing. The Secretary is authorized to set reasonable time limits for the oral presentation of views by any one person at any such hearing. The Secretary shall permit anyone who so desires to file a written argument or other statement with him in relation to any proposed plan any time within 30 days following the conclusion of any public hearing or within such additional time as he may allow by notice given as prescribed in this section.

(4) Upon completion of the hearing and consideration of submitted evidence and arguments with respect to any proposed action pursuant to this section, the Commission shall adopt its final action with respect
CHAPTER 1284   Session Laws—1973

thereto and shall file a duly certified copy thereof with the Secretary of State and with the board of commissioners of each county affected thereby.

(b) In addition to the notice required by G.S. 113A-115(a)(2) notice shall be given to any interested State agency and to any citizen or group that has filed a request to be notified of a public hearing to be held under this section.

(c) The Commission shall review the designated areas of environmental concern at least biennially. New areas may be designated and designated areas may be deleted, in accordance with the same procedures as apply to the original designations of areas under this section. Areas shall not be deleted unless it is found that the conditions upon which the original designation was based shall have been found to be substantially altered.

“Part 4. Permit Letting and Enforcement.

“§ 113A-116. Local government letter of intent.—Within one year after the effective date of this Article, each county and city within the coastal area shall submit to the Commission a written statement of its intent to act, or not to act, as a permit-letting agency under G.S. 113A-121. If any city or county states its intent not to act as a permit-letting agency or fails to submit a statement of intent within the required period, the Secretary of Natural and Economic Resources shall issue permits therein under G.S. 113A-121; provided that a county may submit a letter of intent to issue permits in any city within said county that disclaims its intent to issue permits or fails to submit a letter of intent. Provided, however, should any city or county fail to become a permit-letting agency for any reason, but shall later express its desire to do so, it shall be permitted by the Coastal Resources Commission to qualify as such an agency by following the procedure herein set forth for qualification in the first instance.

“§ 113A-117. Implementation and enforcement programs.—(a) The Secretary of Natural and Economic Resources shall develop and present to the Commission for consideration and to all cities and counties and lead regional organizations within the coastal area for comment a set of criteria for local implementation and enforcement programs. In the preparation of such criteria, the Secretary shall emphasize the necessity for the expeditious processing of permit applications. Said criteria may contain recommendations and guidelines as to the procedures to be followed in developing local implementation and enforcement programs, the scope and coverage of said programs, minimum standards to be prescribed in said programs, staffing of permit-letting agencies, permit-letting procedures, and priorities of regional or statewide concern. Within 14 months after the effective date of this Article, the Commission shall adopt and transmit said criteria (with any revisions) to each coastal area county and city that has filed an applicable letter of intent, for its guidance.

(b) The governing body of each city in the coastal area that filed an affirmative letter of intent shall adopt an implementation and enforcement plan with respect to its zoning area within 20 months after the effective date of this Article. The board of commissioners of each coastal area county that filed an affirmative letter of intent shall adopt an implementation plan with respect to portions of the county outside city zoning areas within 20 months after the effective date of this Article, provided, however, that a county implementation and enforcement plan may also cover city jurisdictions for those cities within the counties that have not filed affirmative letters of intent pursuant to G.S. 113A-116. Prior to adopting the implementation and enforcement program the
local governing body shall hold a public hearing at which public and private parties shall have the opportunity to present comments and views. Notice of the hearing shall be given not less that 15 days before the date of the hearing, and shall state the date, time and place of the hearing, the subject of the hearing, and the action which is to be taken. The notice shall state that copies of the proposed implementation program and enforcement program are available for public inspection at the county courthouse. Any such notice shall be published at least once in one newspaper of general circulation in the county at least 15 days before the date on which the public hearing is scheduled to begin.

(c) Each coastal area county and city shall transmit its implementation program when adopted to the Commission for review. The Commission shall afford interested persons an opportunity to present objections and comments regarding the program, and shall review and consider each local implementation program submitted in light of such objections and comments, the Commission’s criteria and any general standards of review applicable throughout the coastal area as may be adopted by the Commission. Following such changes, the program may be resubmitted in the same manner as the original program.

(d) If the Commission determines that any local government is failing to administer or enforce an approved implementation program, it shall notify the local government in writing and shall specify the deficiencies of administration and enforcement. If the local government has not taken corrective action within 90 days of receipt of notice of notification from the Commission, the Commission shall assume enforcement of the program until such time as the local government indicates its willingness and ability to resume administration and enforcement of the program.

“§ 113A-118. Permit required.—(a) After the date designated by the Secretary of Natural and Economic Resources pursuant to G.S. 113A-125, every person before undertaking any development in any area of environmental concern shall obtain (in addition to any other required State or local permit) a permit pursuant to the provisions of this Part.

(b) Under the expedited procedure provided for by G.S. 113A-121, the permit shall be obtained from the appropriate city or county for any minor development; provided, that if the city or county has not developed an approved implementation and enforcement program, the permit shall be obtained from the Secretary of Natural and Economic Resources.

(c) Under the quasi-judicial procedure provided for by G.S. 113A-122, the permit shall be obtained from the Commission.

(d) Within the meaning of this Part:

(1) A ‘major development’ is any development which requires permission, licensing, approval, certification or authorization in any form from the Board of State Water or Air Resources, the State Board of Health, the State Departments of Natural and Economic Resources or Conservation and Development, the State Department of Administration, the North Carolina Mining Council, the North Carolina Pesticides Board, or the North Carolina Sedimentation Control Board; or which occupies a land or water area in excess of 20 acres; or which contemplates drilling for or
excavating natural resources on land or under water; or which occupies on a single parcel a structure or structures in excess of a ground area of 60,000 square feet.

(2) A ‘minor development’ is any development other than a ‘major development’.

(e) If, within the meaning of G.S. 113A-103(5)(b)(iii), the siting of any utility facility for the development, generation or transmission of energy is subject to regulation under this Article rather than by the State Utilities Commission or by other law, permits for such facilities shall be obtained from the Coastal Resources Commission rather than from the appropriate city or county.

“§ 113A-119. Permit applications generally.—(a) Any person required to obtain a permit under this Part shall file with the Secretary of Natural and Economic Resources and (in the case of a permit sought from a city or county) with the designated local official an application for a permit in accordance with the form and content designated by the Secretary and approved by the Commission. The applicant must submit with the application a check or money order payable to the Department or the city or county, as the case may be, constituting a reasonable fee (not to exceed twenty-five dollars ($25.00)) set by the Commission to cover the administrative costs in processing the said application.

(b) Upon receipt of an application, the Secretary shall issue public notice of the proposed development (1) by mailing a copy of the application, or a brief description thereof together with a statement indicating where a detailed copy of the proposed development may be inspected, to any citizen or group which has filed a request to be notified of the proposed development, and to any interested State agency; (2) by posting or causing to be posted a copy of the application at the location of the proposed development; and (3) by publishing notice of the application at least once in one newspaper of general circulation in the county or counties wherein the development would be located at least seven days before final action on a permit under G.S. 113A-121 or before the beginning of the hearing on a permit under G.S. 113A-122. The notice shall set out that any comments on the development should be submitted to the Secretary by a specified date, not to exceed 15 days from the date of the newspaper publication of the notice. Public notice under this subsection is mandatory.

(c) Within the meaning of this Part, the ‘designated local official’ is the official who has been designated by the local governing body to receive and consider permit applications under this Part.

“§ 113A-120. Grant or denial of permits.—(a) After consideration of submitted evidence and arguments submitted at the hearing, or otherwise in the case where no hearing was conducted, the responsible official or body shall deny the application for permit upon finding:

(i) In the case of coastal wetlands, that the development would contravene an order that has been or could be issued pursuant to G.S. 113-230.

(ii) In the case of estuarine waters, that a permit for the development would be denied pursuant to G.S. 113-229(e).

(iii) In the case of a renewable resource area, that the development will result in loss or significant reduction of continued long-range productivity that would jeopardize one or more of the water, food or
further requirements of more than local concern identified in subparagraphs (i) - (iii) of paragraph (b)(3) of G.S. 113A-113.

(iv) In the case of a fragile or historic area, or other area containing environmental or natural resources of more than local significance, that the development will result in major or irreversible damage to one or more of the historic, cultural, scientific, environmental or scenic values or natural systems identified in subparagraphs (i) - (viii) of paragraph (b)(4) of G.S. 113A-113.

(v) In the case of areas covered by G.S. 113A-113(4), that the development will jeopardize the public rights or interests specified in said subdivision.

(vi) In the case of natural hazard areas, that the development would occur in one or more of the areas identified in subparagraphs (i) - (v) of paragraph (b)(6) in such a manner as to unreasonably endanger life or property.

(vii) In the case of areas which are or may be impacted by key facilities, that the development is inconsistent with the State guidelines or the local land use plans, or would contravene any of the provisions of paragraphs (i) through (vi) of this subsection.

(viii) In any case, that the development is inconsistent with the State guidelines or the local land use plans.

(b) In the absence of such findings, a permit shall be granted. The permit may be conditioned upon the applicant’s amending his proposal to take whatever measures are reasonably necessary to protect the public interest with respect to the factors enumerated in subsection (a) of this section.

(c) Variances. Any person may petition the Commission for a variance granting permission to use his land in a manner otherwise prohibited by rules, regulations, standards or limitations prescribed by the Commission, or orders issued by the Commission, pursuant to this Article. When it finds that (a) practical difficulties or unnecessary hardships would result from strict application of the guidelines, rules, regulations, standards, or other restrictions applicable to the property, (b) such difficulties or hardships result from conditions which are peculiar to the property involved, (c) such conditions could not reasonably have been anticipated when the applicable guidelines, rules, regulations, standards, or restrictions were adopted or amended, the Commission may vary or modify the application of the restrictions to the property so that the spirit, purpose, and intent of the restrictions are preserved, public safety and welfare secured, and substantial justice preserved. In varying such regulations, the Commission may impose reasonable and appropriate conditions and safeguards upon any permit it issues. The Commission may conduct a hearing within 45 days from the receipt of the petition and shall notify such persons and agencies that may have an interest in the subject matter of the time and place of the hearing.

§ 113A-121. Permits for minor developments under expedited procedures.—
(a) Applications for permits for minor developments shall be expeditiously processed so as to enable their promptest feasible disposition.

(b) In cities and counties that have developed approved implementation and enforcement programs, applications for permits for minor developments shall be considered and determined by the designated local official of the city or county as the case may be. In cities and counties that have not developed approved implementation and enforcement programs, such applications shall be
considered and determined by the Secretary of Natural and Economic Resources.

(c) Failure of the Secretary or the designated local official (as the case may be) to approve or deny an application for a permit for a minor development within 30 days from receipt of application shall be treated as approval of such application, except that the Secretary or the designated local official (as the case may be) may extend such deadline by not more than an additional 30 days if necessary properly to consider the application. No waiver of the foregoing time limitation (or of the time limitation established in G.S. 113A-122(c)) shall be required of any applicant.

(d) Any person who is directly affected by the decision of the Secretary or the designated local official (as the case may be) to grant or deny an application for minor development permit, may request within 20 days of such action, a hearing before the Commission. In the case of a grant or denial of a permit by a local official, the Secretary shall be considered to be a person affected by the decision. Pending final disposition of any such appeal, no action shall be taken which would be unlawful in the absence of a permit issued under this section.

“§ 113A-122. Permits under quasi-judicial procedures.—(a) The procedure set forth in this section applies to all permit applications for major developments, as well as to permit applications for minor developments whose disposition was appealed under G.S. 113A-121(d). All permit applications subject to this section shall be heard by the Commission.

(b) The following provisions shall be applicable in connection with hearings pursuant to this section:

(i) Any hearing held pursuant to this section shall be held upon not less than 30 days' written notice given by the Commission to any person who is a party to the proceedings with respect to which such hearing is to be held, unless a shorter notice is agreed upon by all such parties.

(ii) All hearings under this section shall be open to the public. Any person to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Commission for decision.

(iii) A full and complete record of all proceedings at any hearing under this section shall be taken by a reporter appointed by the Commission or by other method approved by the Attorney General. Any party to a proceeding shall be entitled to a copy of such record upon the payment of the reasonable cost thereof as determined by the Commission.

(iv) The Commission and its duly authorized agents shall follow generally the procedures applicable in civil actions in the superior court insofar as practicable, including rules and procedures with regard to the taking and use of depositions, the making and use of stipulations, and the entering into of agreed settlements and consent orders.

(v) The Commission and its duly authorized agents may administer oaths and may issue subpoenas for the attendance of witnesses and the production of books, papers, and other documents belonging to the said person.

(vi) Subpoenas issued by the Commission in connection with any hearing under this section shall be directed to any officer authorized by law to serve process, and the further procedures and rules of law applicable with respect thereto shall be prescribed in connection with subpoenas to the same extent as if issued by a court of record. In case of a refusal to obey a
subpoena issued by the Commission, application may be made to the superior court of the appropriate county for enforcement thereof.

(vii) The burden of proof at any hearing under this section on appeal pursuant to G.S. 113A-121(d) shall be upon the Secretary. The burden of proof at any hearing under this section on a permit application for a major development shall be upon the applicant. The provisions of this paragraph shall apply only to the hearings specified in this paragraph.

(viii) No decision or order of the Commission shall be made in any proceeding unless the same is supported by competent, material, and substantial evidence upon consideration of the whole record.

(ix) Following any hearing, the Commission shall afford the parties thereto an opportunity to submit within 30 days, or within such additional time as prescribed by the Commission, proposed findings of fact and conclusions of law and any brief in connection therewith.

(x) After hearing the evidence, the Commission shall grant or deny the permit in accordance with the provisions of G.S. 113A-120. All such orders and decisions of the Commission shall set forth separately the Commission’s findings of fact and conclusions of law and shall, wherever necessary, cite the appropriate provision of law or other source of authority on which any action or decision of the Commission is based.

(xi) The Commission shall have the authority to adopt a seal which shall be the seal of said Commission and which shall be judicially noticed by the courts of the State. Any document, proceeding, order, decree, special order, rule, regulation, rule of procedure or any other official act or records of the Commission or its minutes may be certified by the Executive Director under his hand and the seal of the Commission and when so certified shall be received in evidence in all actions or proceedings in the courts of the State without further proof of the identity of the same if such records are competent, relevant and material in any such action to proceedings. The Commission shall have the right to take judicial notice of all studies, reports, statistical data or any other official reports or records of the federal government or of any sister state and all such records, reports and data may be placed in evidence by the Commission or by any other person or interested party where material, relevant and competent.

(c) Failure of the Commission to approve or deny an application for a permit (or to dispose of an appeal) pursuant to this section within 90 days from receipt of application or notice of appeal shall be treated as approval of such application or of the action appealed from, as the case may be, except that the Commission may extend such deadline by not more than an additional 90 days if necessary properly to consider the application or the appeal.

(d) All notices which are required to be given by the Secretary or Commission or by any party to a proceeding under this section shall be given by registered or certified mail to all persons entitled thereto. The date of receipt or refusal for such registered or certified mail shall be the date when such notice is deemed to have been given. Notice by the Commission may be given to any person upon whom a summons may be served in accordance with the provisions of law covering civil actions in the superior courts of this State. The Commission may prescribe the form and content of any particular notice.
"§ 113A-123. Judicial review.—(a) Any person directly affected by any final decision or order of the Commission under this Part may appeal such decision or order to the superior court of the county where the land or any part thereof is located, pursuant to the provisions of Article 33 of Chapter 143 of the General Statutes. Pending final disposition of any appeal, no action shall be taken which would be unlawful in the absence of a permit issued under this Part.

(b) Any person having a recorded interest or interest by operation of law in or registered claim to land within an area of environmental concern affected by any final decision or order of the Commission under this Part may, within 90 days after receiving notice thereof, petition the superior court to determine whether the petitioner is the owner of the land in question, or an interest, therein, and in case he is adjudged the owner of the subject land, or an interest therein, the court shall determine whether such order so restricts the use of his property as to deprive him of the practical uses thereof, being not otherwise authorized by law, and is therefore an unreasonable exercise of the police power because the order constitutes the equivalent of taking without compensation. The burden of proof shall be on petitioner as to ownership and the burden of proof shall be on the Commission to prove that the order is not an unreasonable exercise of the police power, as aforesaid. Either party shall be entitled to a jury trial on all issues of fact, and the court shall enter a judgment in accordance with the issues, as to whether the Commission order shall apply to the land of the petitioner. The Secretary of Natural and Economic Resources shall cause a copy of such finding to be recorded forthwith in the register of deeds office in the county where the land is located. The method provided in this subsection for the determination of the issue of whether such order constitutes a taking without compensation shall be exclusive and such issue shall not be determined in any other proceeding. Any action authorized by this subsection shall be calendared for trial at the next civil session of superior court after the summons and complaint have been served for 30 days, regardless of whether issues were joined more than 10 days before the session. It is the duty of the presiding judge to expedite the trial of these actions and to give them a preemptory setting over all others, civil or criminal. From any decision of the superior court either party may appeal to the court of appeals as a matter of right.

(c) After a finding has been entered that such order shall not apply to certain land as provided in the preceding subsection, the Department of Administration, upon the request of the Commission and upon finding that sufficient funds are available therefor, and with the consent of the Governor and Council of State may take the fee or any lesser interest in such land in the name of the State by eminent domain under the provisions of Chapter 146 of the General Statutes and hold the same for the purposes set forth in this Article.

"§ 113A-124. Additional powers and duties.—(a) The Secretary of Natural and Economic Resources shall have the following additional powers and duties under this Article:

(1) To conduct or cause to be conducted, investigations of proposed developments in areas of environmental concern in order to obtain sufficient evidence to enable a balanced judgment to be rendered concerning the issuance of permits to build such developments.

(2) To cooperate with the Secretary of the Department of Administration in drafting State guidelines for the coastal area.

(3) To keep a list of interested persons who wish to be notified of proposed developments.
developments and proposed rules designating areas of environmental concern and to so notify these persons of such proposed developments by regular mail. A reasonable registration fee to defray the cost of handling and mailing notices may be charged to any person who so registers with the Commission.

(4) To propose rules and regulations to implement this Article for consideration by the Commission.

(5) To delegate such of his powers as he may deem appropriate to one or more qualified employees of the Department of Natural and Economic Resources or to any local government, provided that the provisions of any such delegation of power shall be set forth in departmental regulations.

(6) To delegate the power to conduct a hearing, on his behalf, to any member of the Commission or to any qualified employee of the Department of Natural and Economic Resources. Any person to whom a delegation of power is made to conduct a hearing shall report his recommendations with the evidence and the record of the hearing to the Secretary for decision or action.

(b) In order to carry out the provisions of this Article the Secretaries of Administration and of Natural and Economic Resources may employ such clerical, technical and professional personnel, and consultants with such qualifications as the Commission may prescribe, in accordance with the State Personnel Regulations and Budgetary Laws, and are hereby authorized to pay such personnel from any funds made available to them through grants, appropriations, or any other sources. In addition, the said Secretaries may contract with any local governmental unit or lead regional organization to carry out the planning provisions of this Article.

(c) The Commission shall have the following additional powers and duties under this Article:

(1) To recommend to the Secretary of Natural and Economic Resources the acceptance of donations, gifts, grants, contributions and appropriations from any public or private source to use in carrying out the provisions of this Article.

(2) To recommend to the Secretary of Administration the acquisition by purchase, gift, condemnation, or otherwise, lands or any interest in any lands within the coastal area.

(3) To hold such public hearings as the Commission deems appropriate.

(4) To delegate the power to conduct a hearing, on behalf of the Commission, to any member of the Commission or to any qualified employee of the Department of Natural and Economic Resources. Any person to whom a delegation of power is made to conduct a hearing shall report his recommendations with the evidence and the record of the hearing to the Commission for decision or action.

(5) To adopt from time to time and to modify and revoke official regulations interpreting and applying the provisions of this Article and rules of procedure establishing and amplifying the procedures to be followed in the administration of this Article.

(d) The Attorney General shall act as attorney for the Commission and shall initiate actions in the name of, and at the request of, the Commission, and shall
CHAPTER 1284    Session Laws—1973

represent the Commission in the hearing of any appeal from or other review of any order of the Commission.

§ 113A-125. Transitional provisions.—(a) Existing regulatory permits shall continue to be administered within the coastal area by the agencies presently responsible for their administration until a date (not later than 27 months after the effective date of this Article), to be designated by the Secretary of Natural and Economic Resources as the permit changeover date. Said designation shall be effective from and after its filing with the Secretary of State.

(b) From and after the 'permit changeover date', all existing regulatory permits within the coastal area shall be administered in coordination and consultation with (but not subject to the veto of) the Commission. No such existing permit within the coastal area shall be issued, modified, renewed or terminated except after consultation with the Commission. The provisions of this paragraph concerning consultation and coordination shall not be interpreted to authorize or require the extension of any deadline established by this Article or any other law for completion of any permit, licensing, certification or other regulatory proceedings.

(c) Within the meaning of this section, 'existing regulatory permits' include dredge and fill permits issued pursuant to G.S. 113-229; sand dune permits issued pursuant to G.S. 104B-4; air pollution control and water pollution control permits, special orders or certificates issued pursuant to G.S. 143-215.1 and G.S. 143-215.2, or any other permits, licenses, authorizations, approvals or certificates issued by the Board of Water and Air Resources pursuant to G.S. Chapter 143; capacity use area permits issued pursuant to G.S. 143-215.15; final approval of dams pursuant to G.S. 143-215.30; floodway permits issued pursuant to G.S. 143-215.54; water diversion authorizations issued pursuant to G.S. 143-354(c); oil refinery permits issued pursuant to G.S. 143-215.99; mining operating permits issued pursuant to G.S. 74-51; permissions for construction of wells issued pursuant to G.S. 87-88; restricted use pesticide permits issued pursuant to G.S. 143-440(b), pesticide applicator licenses issued pursuant to G.S. 143-452 for persons who may apply pesticides within the coastal area, and regulations concerning pesticide application within the coastal area issued pursuant to G.S. 143-458; approvals by the State Board of Health of plans for water supply, drainage or sewerage, pursuant to G.S. 130-161.1 and G.S. 130-161.2; standards and approvals for solid waste disposal sites and facilities, adopted by the State Board of Health pursuant to G.S. Chapter 130, Article 13B; permits relating to sanitation of shellfish, crustacea or scallops issued pursuant to G.S. Chapter 130 with reference to mosquito control programs or districts; any permits, licenses, authorizations, regulations, approvals or certificates issued by the State Board of Health relating to septic tanks or water wells; oil or gas well regulations and orders issued for the protection of environmental values or resources pursuant to G.S. 113-391; a certificate of public convenience and necessity issued by the State Utilities Commission pursuant to G.S. department, agency or institution; any approvals of erosion control plans that may be issued by the North Carolina Sedimentation Control Commission pursuant to G.S. 113A-60 or G.S. 113A-61; and any permits, licenses, authorizations, regulations, approvals or certificates issued by any State agency pursuant to any environmental protection legislation not specified in this subsection that may be enacted prior to the permit changeover date.

(d) The Commission shall conduct continuing studies addressed to developing a better coordinated and more unified system of environmental and land use permits in the coastal area, and shall report its recommendations thereon from time to time to the General Assembly. Specifically, the Commission shall report to the 1975 General Assembly recommended procedures to implement the requirement of subsection (b) of this section for administration of existing regulatory permits within the coastal area in coordination and consultation with the Commission. In its 1975 recommendations, the Commission shall seek to develop procedures that are administratively practicable, that are not unduly burdensome for the affected agencies, and that are adapted to the circumstances of each agency, taking into account the volume of permits issued, the location of the regulated activity (whether or not within or near an area of environmental concern), the significance of the environmental consequences of the regulated activity, and the scheduling problems and needs of the regulatory agency: provided, however, that no consultation or coordination shall be required in advance of issuance of individual pesticide applicator licenses, but only periodic consultation concerning the overall effect of the applicator licensing program within the coastal area. In its 1975 recommendations, the Commission shall also evaluate the desirability of legislation to provide for coordination of environmental permits at the option of permit applicants. In developing its 1975 recommendations, the Commission shall meet with all affected State agencies and shall hold one or more public hearings concerning its recommendations.

"§ 113A-126. Injunctive relief and penalties.—(a) Upon violation of any of the provisions of this Article or of any regulation, rule or order adopted under the authority of this Article the Secretary may, either before or after the institution of proceedings for the collection of any penalty imposed by this Article for such violation, institute a civil action in the General Court of Justice in the name of the State upon the relation of the Secretary for injunctive relief to restrain the violation and for such other or further relief in the premises as said court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed by this Article for any violation of same.

(b) Upon violation of any of the provisions of this Article relating to permits for minor developments issued by a local government, or of any regulation, rule or order adopted under the authority of this Article relating to such permits, the designated local official may, either before or after the institution of proceedings for the collection of any penalty imposed by this Article for such violation, institute a civil action in the General Court of Justice in the name of the affected local government upon the relation of the designated local official for injunctive relief to restrain the violation and for such other and further relief in the premises as said court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed by this Article for any violation of same.
(c) Any person who shall be adjudged to have knowingly or willfully violated any provision of this Article, or any regulation, rule or order adopted pursuant to this Article, shall be guilty of a misdemeanor, and for each violation shall be liable for a penalty of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000) or shall be imprisoned for not more than 60 days, or both. In addition, if any person continues to violate or further violates, any such provision, regulation, rule or order after written notice from the Secretary or (in the case of a permit for a minor development issued by a local government) written notice from the designated local official, the court may determine that each day during which the violation continues or is repeated constitutes a separate violation subject to the foregoing penalties.

(d) (1) A civil penalty of not more than one thousand dollars ($1,000) may be assessed by the Commission against any person who:

(i) Is required but fails to apply for or to secure a permit required by G.S. 113A-122, or who violates or fails to act in accordance with the terms, conditions, or requirements of such permit.

(ii) Fails to file, submit, or make available, as the case may be, any documents, data or reports required by the Commission pursuant to this Article.

(iii) Refuses access to the Commission or its duly designated representative, who has sufficiently identified himself by displaying official credentials, to any premises, not including any occupied dwelling house or curtilage, for the purpose of conducting any investigations provided for in this Article.

(iv) Violates any duly adopted regulation of the Commission implementing the provisions of this Article. Provided, however, that this paragraph (iv) shall not apply to regulations relating to minor developments.

(2) If any action or failure to act for which a penalty may be assessed under this subsection is willful, the Commission may assess a penalty not to exceed one thousand dollars ($1,000) for each separate violation, after the first assessment, provided, however, no penalty shall be imposed under this subsection pending court review of the first assessment, if appealed pursuant to subsection (3).

(3) The Commission may assess the penalties provided for in this subsection. When the Commission proposes to assess a penalty, it shall notify the person whom it proposes to assess by registered or certified mail of the proposal to assess a penalty, and the notice shall specify the reason for assessment and the date of the proposed hearing when assessment is to be determined. The hearing shall be no sooner than 15 days after the mailing of notice of the proposed assessment. Any hearing shall be based upon competent evidence, and the person the Commission proposes to assess shall be allowed to present evidence, and the hearing shall be reported. The person assessed may apply to the superior court of the county where such person resides for review of the hearing and assessment and the scope of the court’s review of the Commission’s action (which shall include a review of the amount of the assessment), shall be as provided in G.S. 143-315. If the person assessed fails to pay the amount of the assessment to the Department of Natural and Economic Resources within 30 days after receipt of notice, or such

longer period, not to exceed 180 days, as the Commission may specify, the Commission may institute a civil action in the superior court of the county in which the violation occurred or, in the discretion of the Commission in the superior court of the county in which the person assessed resides or has his or its principal place of business, to recover the amount of the assessment. In any such civil action, the scope of the court’s review of the Commission’s action (which shall include a review of the amount of the assessment), shall be as provided in G.S. 143-315.

(4) In determining the amount of the penalty the Commission shall consider the degree and extent of harm caused by the violation and the cost of rectifying the damage.

“§ 113A-127. Coordination with the federal government.—All State agencies shall keep informed of federal and interstate agency plans, activities, and procedures within their area of expertise that affect the coastal area. “§ 113A-128. Protection of landowners’ rights.—Nothing in this Article authorizes any governmental agency to adopt a rule or regulation or issue any order that constitutes a taking of property in violation of the Constitution of this State or of the United States.

“§ 113A-129. Severability.—If any provision of this Article or its application to any person or circumstance is held invalid, the remainder of the Article, or the application of the provisions to other persons or circumstances, is not affected.

(Reserved for future codification)

“Article 3.

“Venue.

“§ 15A-131. Venue generally.—(a) Venue for pretrial and trial proceedings in district court of cases within the original jurisdiction of the district court lies in the county where the charged offense occurred.

(b) Except for the probable cause hearing, venue for pretrial proceedings in cases within the original jurisdiction of the superior court lies in the judicial district embracing the county where venue for trial proceedings lies.

(c) Venue for probable cause hearings and trial proceedings in cases within the original jurisdiction of the superior court lies in the county where the charged offense occurred.

(d) Venue for misdemeanors appealed for trial de novo in superior court lies in the county where the misdemeanor was first tried.

(e) An offense occurs in a county if any act or omission constituting part of the offense occurs within the territorial limits of the county.

(f) For the purposes of this Article, pretrial proceedings include all proceedings prior to arraignment.

“§ 15A-132. Concurrent venue.—(a) If acts or omissions constituting part of the commission of the charged offense occurred in more than one county, each county has concurrent venue.

(b) If charged offenses which may be joined in a single criminal pleading under G.S. 15A-926 occurred in more than one county, each county has concurrent venue as to all charged offenses.

(c) When counties have concurrent venue, the first county in which a criminal process is issued in the case becomes the county with exclusive venue.

“§ 15A-133. Waiver of venue; motion for change of venue; indictment may be returned in other county.—(a) Except for a waiver of venue made as required in Article 35 of this Chapter, Speedy Trial, a waiver of venue must be in writing and signed by the defendant and the solicitor indicating the consent of all parties to the waiver. The waiver must specify what stages of the proceedings are affected by the waiver, and the county to which venue is changed. If the venue is to be laid in a county in another judicial district, the consent in writing of the solicitor in that district must be filed with the clerks of both counties.

(b) If a waiver of venue is made by the defendant as provided in Article 35 of this Chapter, Speedy Trial, the solicitor in his discretion may elect the county in the district in which to proceed. He may also elect not to proceed in another county, but the State is subject to the sanctions provided in Article 35.
(c) Motions for change of venue by the defendant are made under G.S. 15A-957. If venue is laid in a county in another judicial district by order of the judge ruling on the motion, no consent of any solicitor is required.

(d) If venue is changed to a county in another judicial district, whether upon waiver of venue or by order of a judge, the solicitor of the district where the case originated must prosecute the case unless the solicitor of the district to which venue has been changed consents to conduct the prosecution.

(e) If venue is changed, whether upon waiver of venue or by order of a judge, the grand jury in the county to which venue has been transferred has the power to return an indictment in the case. If an indictment has already been returned before the change of venue, no new indictment is necessary and prosecution may be had in the new county under the original indictment.

"§ 15A-134. Offense occurring in part outside North Carolina.—If a charged offense occurred in part in North Carolina and in part outside North Carolina, a person charged with that offense may be tried in this State if he has not been placed in jeopardy for the identical offense in another state.

"§ 15A-135. Allegation of venue conclusive in absence of timely motion.—Allegations of venue in any criminal pleading become conclusive in the absence of a timely motion to dismiss for improper venue under G.S. 15A-952. A defendant may move to dismiss for improper venue upon trial de novo in superior court, provided he did not in the district court with benefit of counsel stipulate venue or expressly waive his right to contest venue.

An attorney who appears for a limited purpose under the provisions of G.S. 15A-141(3) undertakes to represent the defendant only for that purpose and is deemed to have withdrawn from the proceedings, without the need for permission of the court, when that purpose is fulfilled.

“§ 15A-144. Entry and withdrawal of attorney; withdrawal with permission of court.—The court may allow an attorney to withdraw from a criminal proceeding upon a showing of good cause.

“Search and Seizure by Consent.

“§ 15A-221. General authorization.—(a) Authority to Search and Seize Pursuant to Consent. Subject to the limitations in the other provisions of this Article, a law enforcement officer may conduct a search and make seizures, without a search warrant or other authorization, if consent to the search is given.

(b) Definition of ‘Consent’. As used in this Article, ‘consent’ means a statement to the officer, made voluntarily and in accordance with the requirements of G.S. 15A-222, giving the officer permission to make a search.

“§ 15A-222. Requirements of effective consent.—Person From Whom Effective Consent May Be Obtained. The consent needed to justify a search and seizure under G.S. 15A-221 must be given:

(1) by the person to be searched;

(2) by the registered owner of a vehicle to be searched or by the person in apparent control of its operation and contents at the time the consent is given;

(3) by a person who by ownership or otherwise is reasonably apparently entitled to give or withhold consent to a search of premises.

“§ 15A-223. Permissible scope of consent search and seizure.—(a) Search Limited by Scope of Consent. A search conducted pursuant to the provisions of this Article may not exceed, in duration or physical scope, the limits of the consent given.

(b) Items Seizable as Result of Consent Search. The things subject to seizure in the course of a search pursuant to this Article are the same as those specified in G.S. 15A-242. Upon completion of the search, the officer must make a list of the things seized, and must deliver a receipt embodying the list to the person who consented to the search and, if known, to the owner of the vehicle or premises searched.

“Article 10.

“Other Searches and seizures.

“§ 15A-231. Other searches and seizures.—Constitutionally permissible searches and seizures which are not regulated by the General Statutes of North Carolina are not prohibited.

“Article 11.

“Search Warrants.

“§ 15A-241. Definition of search warrant.—A search warrant is a court order and process directing a law enforcement officer to search designated premises,
vehicles, or persons for the purpose of seizing designated items and accounting for any items so obtained to the court which issued the warrant.

"§ 15A-242. Items subject to seizure under a search warrant.—An item is subject to seizure pursuant to a search warrant if there is probable cause to believe that it:
(1) Is stolen or embezzled; or
(2) Is contraband or otherwise unlawfully possessed; or
(3) Has been used or is possessed for the purpose of being used to commit or conceal the commission of a crime; or
(4) Constitutes evidence of an offense or the identity of a person participating in an offense.

"§ 15A-243. Who may issue a search warrant.—(a) A search warrant valid throughout the State may be issued by:
(1) A Justice of the Supreme Court.
(2) A judge of the Court of Appeals.
(3) A judge of the superior court.
(b) Other search warrants may be issued by:
(1) A judge of the district court as provided in G.S. 7A-291.
(2) A clerk as provided in G.S. 7A-180 and 7A-181.
(3) A magistrate as provided in G.S. 7A-273.

"§ 15A-244. Contents of the application for a search warrant.—Each application for a search warrant must be made in writing upon oath or affirmation. All applications must contain:
(1) The name and title of the applicant; and
(2) A statement that there is probable cause to believe that items subject to seizure under G.S. 15A-242 may be found in or upon a designated or described place, vehicle, or person; and
(3) Allegations of fact supporting the statement. The statements must be supported by one or more affidavits particularly setting forth the facts and circumstances establishing probable cause to believe that the items are in the places or in the possession of the individuals to be searched; and
(4) A request that the court issue a search warrant directing a search for and the seizure of the items in question.

"§ 15A-245. Basis for issuance of a search warrant.—(a) Before acting on the application, the issuing official may examine on oath the applicant or any other person who may possess pertinent information, but information other than that contained in the affidavit may not be considered by the issuing official in determining whether probable cause exists for the issuance of the warrant unless the information is either recorded or contemporaneously summarized in the record or on the face of the warrant by the issuing official.
(b) If the issuing official finds that the application meets the requirements of this Article and finds there is probable cause to believe that the search will discover items specified in the application which are subject to seizure under G.S. 15A-242, he must issue a search warrant in accordance with the requirements of this Article. The issuing official must retain a copy of the warrant and warrant application and must promptly file them with the clerk. If he does not so find, the official must deny the application.

"§ 15A-246. Form and content of the search warrant.—A search warrant must contain:
(1) The name and signature of the issuing official with the time and date of issuance above his signature; and
(2) The name of a specific officer or the classification of officers to whom the warrant is addressed; and
(3) The names of the applicant and of all persons whose affidavits or testimony were given in support of the application; and
(4) A designation sufficient to establish with reasonable certainty the premises, vehicles, or persons to be searched; and
(5) A description or a designation of the items constituting the object of the search and authorized to be seized.

"§ 15A-247. Who may execute a search warrant.—A search warrant may be executed by any law enforcement officer acting within his territorial jurisdiction, whose investigative authority encompasses the crime or crimes involved.

"§ 15A-248. Time of execution.—A search warrant must be executed within 48 hours from the time of issuance. Any warrant not executed within that time limit is void and must be marked 'not executed' and returned without unnecessary delay to the clerk of the issuing court.

"§ 15A-249. Notice of identity and purpose.—The officer executing a search warrant must, before entering the premises, give appropriate notice of his identity and purpose to the person to be searched, or the person in apparent control of the premises to be searched. If it is unclear whether anyone is present at the premises to be searched, he must give the notice in a manner likely to be heard by anyone who is present.

"§ 15A-251. Entry by force.—An officer may break and enter any premises or vehicle when necessary to the execution of the warrant if:
(1) The officer has previously announced his identity and purpose as required by G.S. 15A-249 and reasonably believes either that admittance is being denied or unreasonably delayed or that the premises or vehicle is unoccupied; or
(2) The officer has probable cause to believe that the giving of notice would endanger the life or safety of any person.

"§ 15A-252. Service of a search warrant.—Before undertaking any search or seizure pursuant to the warrant, the officer must read the warrant and give a copy of the warrant application and affidavit to the person to be searched, or the person in apparent control of the premises or vehicle to be searched. If no one in apparent and responsible control is occupying the premises or vehicle, the officer must leave a copy of the warrant affixed to the premises or vehicle.

"§ 15A-253. Scope of the search; seizure of items not named in the warrant.—The scope of the search may be only such as is authorized by the warrant and is reasonably necessary to discover the items specified therein. Upon discovery of the items specified, the officer must take possession or custody of them. If in the course of the search the officer inadvertently discovers items not specified in the warrant which are subject to seizure under G.S. 15A-242, he may also take possession of the items so discovered.

"§ 15A-254. List of items seized.—Upon seizing items pursuant to a search warrant, an officer must write and sign a receipt itemizing the items taken and containing the name of the court by which the warrant was issued. If the items were taken from a person, the receipt must be given to the person. If items are taken from a place or vehicle, the receipt must be given to the owner, or person in apparent control of the premises or vehicle if the person is present; or if he is
not, the officer must leave the receipt in the premises or vehicle from which the items were taken.

“§ 15A-255. Frisk of persons present in premises or vehicle to be searched.—An officer executing a warrant directing a search of premises or of a vehicle may, if the officer reasonably believes that his safety or the safety of others then present so requires, search for any dangerous weapons by an external patting of the clothing of those present. If in the course of such a frisk he feels an object which he reasonably believes to be a dangerous weapon, he may take possession of the object.

“§ 15A-256. Detention and search of persons present in private premises or vehicle to be searched.—An officer executing a warrant directing a search of premises not generally open to the public or of a vehicle other than a common carrier may detain any person present for such time as is reasonably necessary to execute the warrant. If the search of such premises or vehicle and of any persons designated as objects of the search in the warrant fails to produce the items named in the warrant, the officer may then search any person present at the time of the officer’s entry to the extent reasonably necessary to find property particularly described in the warrant which may be concealed upon the person, but no property of a different type from that particularly described in the warrant may be seized or may be the basis for prosecution of any person so searched. For the purpose of this section, all controlled substances are the same type of property.

“§ 15A-257. Return of the executed warrant.—An officer who has executed a search warrant must, without unnecessary delay, return to the clerk of the issuing court the warrant together with a written inventory of items seized. The inventory, if any, and return must be signed and sworn to by the officer who executed the warrant.

“§ 15A-258. Disposition of seized property.—Property seized shall be held in the custody of the person who applied for the warrant, or of the officer who executed it, or of the agency or department by which the officer is employed, or of any other law enforcement agency or person for purposes of evaluation or analysis, upon condition that upon order of the court the items may be retained by the court or delivered to another court.

“§ 15A-259. Application of Article to all warrants; exception as to inspection warrants and special riot situations.—The requirements of this Article apply to search warrants issued for any purpose, except that the contents of and procedure relating to inspection warrants are to be governed by the provisions of Article 4A of Chapter 15 and warrants to inspect vehicles in riot areas or approaching municipalities during emergencies are subject to the special procedures set out in G.S. 14-288.11. Nothing in this Article is intended to alter or affect the emergency search doctrine.

“Article 14.

“Nontestimonial Identification.

“§ 15A-271. Authority to issue order.—A nontestimonial identification order authorized by this Article may be issued by any judge upon request of a solicitor. As used in this Article, ‘nontestimonial identification’ means identification by
fingerprints, palm prints, footprints, measurements, blood specimens, urine specimens, saliva samples, hair samples, or other reasonable physical examination, handwriting exemplars, voice samples, photographs, and lineups or similar identification procedures requiring the presence of a suspect.

“§ 15A-272. Time of application.—A request for a nontestimonial identification order may be made prior to the arrest of a suspect or after arrest and prior to trial. Nothing in this Article shall preclude such additional investigative procedures as are otherwise permitted by law.

“§ 15A-273. Basis for order.—An order may issue only on an affidavit or affidavits sworn to before the judge and establishing the following grounds for the order:

(1) That there is probable cause to believe that an offense punishable by imprisonment for more than one year has been committed;

(2) That there are reasonable grounds to suspect that the person named or described in the affidavit committed the offense; and

(3) That the results of specific nontestimonial identification procedures will be of material aid in determining whether the person named in the affidavit committed the offense.

“§ 15A-274. Issuance.—Upon a showing that the grounds specified in G.S. 15A-273 exist, the judge may issue an order requiring the person named or described with reasonable certainty in the affidavit to appear at a designated time and place and to submit to designated nontestimonial identification procedures. Unless the nature of the evidence sought makes it likely that delay will adversely affect its probative value, the order must be served at least 72 hours before the time designated for the nontestimonial identification procedures.

“§ 15A-275. Modification of order.—At the request of a person ordered to appear, the judge may modify the order with respect to time and place of appearance whenever it appears reasonable under the circumstances to do so.

“§ 15A-276. Failure to appear.—Any person who fails without adequate excuse to obey an order to appear served upon him pursuant to this Article may be held in contempt of the court which issued the order.

“§ 15A-277. Service of order.—An order to appear pursuant to this Article may be served by a law enforcement officer. The order must be served upon the person named or described in the affidavit by delivery of a copy to him personally. The order must be served at least 72 hours in advance of the time of compliance, unless the judge issuing the order has determined, in accordance with G.S. 15A-274, that delay will adversely affect the probative value of the evidence sought.

“§ 15A-278. Contents of order.—An order to appear must be signed by the judge and must state:

(1) That the presence of the person named or described in the affidavit is required for the purpose of permitting nontestimonial identification procedures in order to aid in the investigation of the offense specified therein;

(2) The time and place of the required appearance;

(3) The nontestimonial identification procedures to be conducted, the methods to be used, and the approximate length of time such procedures will require;

(4) The grounds to suspect that the person named or described in the affidavit committed the offense specified therein;
(5) That the person is entitled to be represented by counsel at the procedure, and to the appointment of counsel if he cannot afford to retain one;

(6) That the person will not be subjected to any interrogation or asked to make any statement during the period of his appearance except that required for voice identification;

(7) That the person may request the judge to make a reasonable modification of the order with respect to time and place of appearance, including a request to have any nontestimonial identification procedure other than a lineup conducted at his place of residence; and

(8) That the person, if he fails to appear, may be held in contempt of court.

"§ 15A-279. Implementation of order.—(a) Nontestimonial identification procedures may be conducted by any law enforcement officer or other person designated by the judge issuing the order. The extraction of any bodily fluid must be conducted by a qualified member of the health professions and the judge may require medical supervision for any other test ordered pursuant to this Article when he considers such supervision necessary.

(b) In conducting authorized identification procedures, no unreasonable or unnecessary force may be used.

(c) No person who appears under an order of appearance issued under this Article may be detained longer than is reasonably necessary to conduct the specified nontestimonial identification procedures, and in no event for longer than six hours, unless he is arrested for an offense.

(d) Any such person is entitled to have counsel present and must be advised prior to being subjected to any nontestimonial identification procedures of his right to have counsel present during any nontestimonial identification procedure and to the appointment of counsel if he cannot afford to retain counsel. No statement made during nontestimonial identification procedures by the subject of the procedures shall be admissible in any criminal proceeding against him, unless his counsel was present at the time the statement was made.

(e) Any person who resists compliance with the authorized nontestimonial identification procedures may be held in contempt of the court which issued the order.

"§ 15A-280. Return.—Within 90 days after the nontestimonial identification procedure, a return must be made to the judge who issued the order or to a judge designated in the order setting forth an inventory of the products of the nontestimonial identification procedures obtained from the person named in the affidavit. If, at the time of the return, probable cause does not exist to believe that the person has committed the offense named in the affidavit or any other offense, the person named in the affidavit is entitled to move that the authorized judge issue an order directing that the products and reports of the nontestimonial identification procedures, and all copies thereof, be destroyed. The motion must, except for good cause shown, be granted.

"§ 15A-281. Nontestimonial identification order at request of defendant.—A person arrested for or charged with an offense punishable by imprisonment for more than one year may request that nontestimonial identification procedures be conducted upon himself. If it appears that the results of specific nontestimonial identification procedures will be of material aid in determining whether the defendant committed the offense, the judge to whom the request was directed must order the State to conduct the identification procedures.
§ 15A-282. Copy of results to person involved.—A person who has been the subject of nontestimonial identification procedures or his attorney must be provided with a copy of any reports of test results as soon as the reports are available.

"Article 15.
"Urgent Necessity.

§ 15A-285. Non-law enforcement actions when urgently necessary.—When an officer reasonably believes that doing so is urgently necessary to save life, prevent serious bodily harm, or avert or control public catastrophe, the officer may take one or more of the following actions:
(1) Enter buildings, vehicles, and other premises.
(2) Limit or restrict the presence of persons in premises or areas.
(3) Exercise control over the property of others.

An action taken to enforce the law or to seize a person or evidence cannot be justified by authority of this section.

(2) If criminal process is not served or executed within the number of days indicated below, it must be returned to the clerk of court in the county in which it was issued, with the reason for the failure of service or execution noted thereon.
   a. Warrant for arrest-90 days.
   b. Order for arrest-90 days.
   c. Criminal summons-90 days or the date the defendant is directed to
appear, whichever is earlier.
(3) Failure to return the process to the clerk does not invalidate the
process, nor does it invalidate service or execution made after the period
specified in subdivision (2).
(4) The clerk to which return is made may redeliver the process to a law
enforcement officer for further attempts at service.
(e) Copies to be Made by Clerk.
(1) The clerk may make a certified copy of any criminal process filed in his
office pursuant to subsection(a) when the original process has been lost
or when the process has been returned pursuant to subdivision (d)(2).
The copy may be executed as effectively as the original process.
(2) When criminal process is returned to the clerk pursuant to subdivision
(d)(1) and it appears that the appropriate venue is in another county,
the clerk must make and retain a certified copy of the process and
transmit the original process to the clerk in the appropriate county.
(3) Upon request of a defendant, the clerk must make and furnish to him
without charge one copy of every criminal process filed against him.
(f) Protection of Officer. An officer receiving criminal process which is
complete and regular on its face may execute the process in accordance with its
terms and need not inquire into its regularity or continued validity, nor does he
incur criminal or civil liability for its due service.

§ 15A-302. Citation.—(a) Definition. A citation is a directive, issued by a
law enforcement officer, that a person appear in court and answer criminal
charges.
(b) When Issued. An officer may issue a citation to any person who he has
probable cause to believe has committed a misdemeanor.
(c) Contents. The citation must:
(1) Identify the crime charged, including the date, and where material,
identify the property and other persons involved,
(2) Contain the name and address of the person cited, or other
identification if that cannot be ascertained,
(3) Identify the officer issuing the citation, and
(4) Cite the person to whom issued to appear in a designated court, at a
designated time and date.
(d) Service. A copy of the citation must be delivered to the person cited who
must sign a receipt on the original, which the officer must file with the clerk.
(e) Dismissal by Solicitor. If the solicitor finds that no crime is charged in the
citation, or that there is insufficient evidence to warrant prosecution, he may
dismiss the charge and so notify the person cited. An appropriate entry must be
made in the records of the clerk. It is not necessary to enter the dismissal in open
court or to obtain consent of the judge.
(f) Citation No Bar to Criminal Summons or Warrant; Enforcement of
Citation in Motor Vehicle Offenses.
(1) A criminal summons or a warrant may issue, notwithstanding the prior
issuance of a citation for the same offense.
(2) Suspension of the driving privilege of a person who fails to appear when
cited for a violation of the motor vehicle laws is as provided in
G.S.20-16.4.
(g) Preparation of Form. The form and content of the citation is as prescribed
by the Administrative Officer of the Courts. The form of citation used for
violation of the motor vehicle laws must contain a notice that the driving
privilege of the person cited may be revoked for failure to appear as cited, and
must be prepared as provided in G.S. 7A-148(b).

"§ 15A-303. Criminal summons.—(a) Definition. A criminal summons
consists of a statement of the crime of which the person to be summoned is
accused, and an order directing that the person so accused appear and answer to
the charges made against him. It is based upon a showing of probable cause
supported by oath or affirmation.

(b) Statement of the Crime. The criminal summons must contain a statement
of the crime of which the person summoned is accused. No criminal summons is
invalid because of any technicality of pleading if the statement is sufficient to
identify the crime.

(c) Showing of Probable Cause; Record. The showing of probable cause for
the issuance of a criminal summons, and the record thereof, is the same as
provided in G.S. 15A-304(d) for the issuance of a warrant for arrest.

(d) Order to Appear. The summons must order the person named to appear in
a designated court at a designated time and date and answer to the charges made
against him and advise him that he may be held in contempt of court for failure
to appear.

(e) Enforcement.

(1) A warrant for arrest, based upon the same or another showing of
probable cause, may be issued by the same or another issuing official,
notwithstanding the prior issuance of a criminal summons.

(2) An order for arrest, as provided in G.S. 15A-305, may issue for the
arrest of any person who fails to appear as directed in a duly executed
criminal summons.

(3) A person served with criminal summons who willfully fails to appear as
directed may be punished for contempt as provided in G.S. 5-1.

(4) A person served with a criminal summons for a violation of the motor
vehicle laws who fails to appear is subject to suspension of his driving
privilege pursuant to G.S. 20-16.4.

(f) Who May Issue. A criminal summons may be issued by any person
authorized to issue warrants for arrest.

"§ 15A-304. Warrant for arrest.—(a) Definition. A warrant for arrest consists
of a statement of the crime of which the person to be arrested is accused, and an
order directing that the person so accused be arrested and held to answer to the
charges made against him. It is based upon a showing of probable cause
supported by oath or affirmation.

(b) When Issued. A warrant for arrest may be issued, instead of or subsequent
to a criminal summons, when it appears to the judicial official that the person
named should be taken into custody. Circumstances to be considered in
determining whether the person should be taken into custody may include, but
are not limited to, failure to appear when previously summoned, facts making it
apparent that a person summoned will fail to appear, danger that the person
accused will escape, danger that there may be injury to person or property, or
the seriousness of the offense.

(c) Statement of the Crime. The warrant must contain a statement of the
crime of which the person to be arrested is accused. No warrant for arrest, nor
any arrest made pursuant thereto, is invalid because of any technicality of
pleading if the statement is sufficient to identify the crime.
(d) Showing of Probable Cause. A judicial official may issue a warrant for arrest only when he is supplied with sufficient information, supported by oath or affirmation, to make an independent judgment that there is probable cause to believe that a crime has been committed and that the person to be arrested committed it. The information must be shown by either or both of the following:

(1) Affidavit,
(2) Oral testimony under oath or affirmation before the issuing official.

If the information is insufficient to show probable cause, the warrant may not be issued.

(e) Order for Arrest. The order for arrest must direct that a law enforcement officer take the defendant into custody and bring him without unnecessary delay before a judicial official to answer to the charges made against him.

(f) Who May Issue. A warrant for arrest, valid throughout the State, may be issued by:

(1) A Justice of the Supreme Court.
(2) A judge of the Court of Appeals.
(3) A judge of the superior court.
(4) A judge of the district court, as provided in G.S. 7A-291.
(5) A clerk, as provided in G.S. 7A-180 and 7A-181.
(6) A magistrate, as provided in G.S. 7A-273.

“§ 15A-305. Order for arrest.—(a) Definition. As used in this section, an order for arrest is an order issued by a justice, judge, clerk, or magistrate that a law enforcement officer take a named person into custody.

(b) When Issued. An order for arrest may be issued when:

(1) A grand jury has returned a true bill of indictment against a defendant who is not in custody and who has not been released from custody pursuant to Article 26 of this Chapter, Bail, to answer to the charges in the bill of indictment.
(2) A defendant who has been arrested and released from custody pursuant to Article 26 of this Chapter, Bail, fails to appear as required.

(c) Statement of Cause and Order; Copy of Indictment.

(1) The process must state the cause for its issuance and order an officer described in G.S. 15A-301(b) to take the person named therein into custody and bring him before the court. If the defendant is to be held without bail, the order must so provide.
(2) When the order is issued pursuant to subdivision (b) (1), a copy of the bill of indictment must be attached to each copy of the order for arrest.

“Arrest.

“§ 15A-401. Arrest by law enforcement officer.—(a) Arrest by Officer Pursuant to a Warrant.

(1) Warrant in possession of officer. An officer having a warrant for arrest in his possession may arrest the person named or described therein at any time and at any place within the officer’s territorial jurisdiction.

(2) Warrant not in possession of officer. An officer who has knowledge that a warrant for arrest has been issued and has not been executed, but who does not have the warrant in his possession, may arrest the person named therein at any time. The officer must inform the person arrested that the warrant has been issued and serve the warrant upon him as soon as possible.

(b) Arrest by Officer Without a Warrant.

(1) Offense in presence of officer. An officer may arrest without a warrant any person who the officer has probable cause to believe has committed a criminal offense in the officer’s presence.

(2) Offense out of presence of officer. An officer may arrest without a warrant any person who the officer has probable cause to believe:
   a. Has committed a felony; or
   b. Has committed a misdemeanor, and:
      1. Will not be apprehended unless immediately arrested, or
      2. May cause physical injury to himself or others, or damage to property unless immediately arrested.

(c) How Arrest Made.

(1) An arrest is complete when:
   a. The person submits to the control of the arresting officer who has indicated his intention to arrest, or
   b. The arresting officer, with intent to make an arrest, takes a person into custody by the use of physical force.

(2) Upon making an arrest, a law enforcement officer must:
   a. Identify himself as a law enforcement officer unless his identity is otherwise apparent,
   b. Inform the arrested person that he is under arrest, and
   c. As promptly as is reasonable under the circumstances, inform the arrested person of the cause of the arrest, unless the cause appears to be evident.

(d) Use of Force in Arrest.

(1) Subject to the provisions of subdivision (2), a law enforcement officer is justified in using force upon another person when and to the extent that he reasonably believes it necessary:
   a. To prevent the escape from custody or to effect an arrest of a person who he reasonably believes has committed a criminal offense, unless he knows that the arrest is unauthorized; or
   b. To defend himself or a third person from what he reasonably believes to be the use or imminent use of physical force while effecting or
attempting to effect an arrest or while preventing or attempting to prevent an escape.

(2) A law enforcement officer is justified in using deadly physical force upon another person for a purpose specified in subdivision (1) of this subsection only when it is or appears to be reasonably necessary thereby:

a. To defend himself or a third person from what he reasonably believes to be the use or imminent use of deadly physical force;

b. To effect an arrest or to prevent the escape from custody of a person who he reasonably believes is attempting to escape by means of a deadly weapon, or who by his conduct or any other means indicates that he presents an imminent threat of death or serious physical injury to others unless apprehended without delay; or

c. To prevent the escape of a person from custody imposed upon him as a result of conviction for a felony.

Nothing in this subdivision constitutes justification for willful, malicious or criminally negligent conduct by any person which injures or endangers any person or property, nor shall it be construed to excuse or justify the use of unreasonable or excessive force.

(e) Entry on Private Premises or Vehicle; Use of Force.

(1) A law enforcement officer may enter private premises or a vehicle to effect an arrest when:

a. The officer has in his possession a warrant or order for the arrest of a person or is authorized to arrest a person without a warrant or order having been issued,

b. The officer has reasonable cause to believe the person to be arrested is present, and

c. The officer has given, or made reasonable effort to give, notice of his authority and purpose to an occupant thereof, unless there is reasonable cause to believe that the giving of such notice would present a clear danger to human life.

(2) The law enforcement officer may use force to enter the premises or vehicle if he reasonably believes that admittance is being denied or unreasonably delayed, or if he is authorized under subsection (e)(1)(c) to enter without giving notice of his authority and purpose.

§ 15A-402. Territorial jurisdiction of officers to make arrests.—(a) Territorial Jurisdiction of State Officers. Law enforcement officers of the State of North Carolina may arrest persons at any place within the State.

(b) Territorial Jurisdiction of County and City Officers. Law enforcement officers of cities and counties may arrest persons within their particular cities or counties and on any property and rights-of-way owned by the city or county outside its limits.

(c) City Officers, Outside Territory. Law enforcement officers of cities may arrest persons at any point which is one mile or less from the nearest point in the boundary of such city.

(d) County and City Officers, Immediate and Continuous Flight. Law enforcement officers of cities and counties may arrest persons outside the territory described in subsections (b) and (c) when the person arrested has committed a criminal offense within that territory, for which the officer could have arrested the person within that territory, and the arrest is made during such person’s immediate and continuous flight from that territory.
(e) County Officers, Outside Territory, for Felonies. Law enforcement officers of counties may arrest persons at any place in the State of North Carolina when the arrest is based upon a felony committed within the territory described in subsection (b).

"§ 15A-403. Arrest by officers from other states.—(a) Any law enforcement officer of a state contiguous to the State of North Carolina who enters this State in fresh pursuit and continues within this State in such fresh pursuit of a person who is in immediate and continuous flight from the commission of a criminal offense, has the same authority to arrest and hold in custody such person on the ground that he has committed a criminal offense in another state which is a criminal offense under the laws of the State of North Carolina as law enforcement officers of this State have to arrest and hold in custody a person on the ground that he has committed a criminal offense in this State.

(b) If an arrest is made in this State by a law enforcement officer of another state in accordance with the provisions of subsection (a), he must, without unnecessary delay, take the person arrested before a judicial official of this State, who must conduct a hearing for the purpose of determining the lawfulness of the arrest. If the judicial official determines that the arrest was lawful, he must commit the person arrested to await a reasonable time for the issuance of an extradition warrant by the Governor of this State or release him pursuant to Article 26 of this Chapter, Bail. If the judicial official determines that the arrest was unlawful, he must discharge the person arrested.

(c) This section applies only to law enforcement officers of a state which by its laws has made similar provision for the arrest and custody of persons closely pursued within its territory.

"§ 15A-404. Detention of offenders by private persons.—(a) No Arrest; Detention Permitted. No private person may arrest another person except as provided in G.S. 15A-405. A private person may detain another person as provided in this section.

1. A felony,
2. A breach of the peace,
3. A crime involving physical injury to another person, or
4. A crime involving theft or destruction of property.

(c) Manner of Detention. The detention must be in a reasonable manner considering the offense involved and the circumstances of the detention.

(d) Period of Detention. The detention may be no longer than the time required for the earliest of the following:

1. The determination that no offense has been committed.
2. Surrender of the person detained to a law enforcement officer as provided in subsection (e).

(e) Surrender to Officer. A private person who detains another must immediately notify a law enforcement officer and must, unless he releases the person earlier as required by subsection (d), surrender the person detained to the law enforcement officer.

"§ 15A-405. Assistance to law enforcement officers by private persons to effect arrest or prevent escape; benefits for private persons.—(a) Assistance Upon Request; Authority. Private persons may assist law enforcement officers
in effecting arrests and preventing escapes from custody when requested to do so by the officer. When so requested, a private person has the same authority to effect an arrest or prevent escape from custody as the officer making the request. He does not incur civil or criminal liability for an invalid arrest unless he knows the arrest to be invalid. Nothing in this subsection constitutes justification for willful, malicious or criminally negligent conduct by such person which injures or endangers any person or property, nor shall it be construed to excuse or justify the use of unreasonable or excessive force.

(b) Benefits to Private Persons. A private person assisting a law enforcement officer pursuant to subsection(a) is:

(1) To be treated as a citizen duly deputized as a deputy by a sheriff or other law enforcement officer in an emergency for the purposes of G.S. 143-166(m) (Law Enforcement Officers' Benefit and Retirement Fund);

(2) Entitled to the same benefits as a ‘law enforcement officer’ as that term is defined in G.S. 143-166.2(4)(Law Enforcement Officers’ Death Benefit Act); and

(3) To be treated as an employee of the law enforcement officer within the meaning of G.S. 97-2(2)(Workmen’s Compensation Act).

The Governor and the Council of State are authorized to allocate funds from the Contingency and Emergency Fund for the payment of benefits under subdivisions (1) and (3) when no other source is available for the payment of such benefits and when they determine that such allocation is necessary and appropriate.

(c) This section does not authorize the taking of photographs or fingerprints of a 'child' as defined in G.S. 7A-278, unless the case has been transferred to the Superior Court Division pursuant to G.S. 7A-280.

(d) This section does not prevent the taking of photographs, moving pictures, video or sound recordings, fingerprints, or the like to show a condition of intoxication or for other evidentiary use.

(e) Fingerprint or photographs taken pursuant to subsection (a) may be forwarded to the State Bureau of Investigation, the Federal Bureau of Investigation, or other law enforcement agencies.

“Initial Appearance.

(1) A law enforcement officer making an arrest with or without a warrant must take the arrested person without unnecessary delay before a magistrate as provided in G.S. 15A-501.

(2) The magistrate must proceed in accordance with this section, except in those cases in which he has the power to determine the matter pursuant to G.S. 7A-273. In those cases, if the arrest has been without a warrant, the magistrate must prepare a statement of the crime with which the defendant is charged.

(b) Statement by the Magistrate. The magistrate must inform the defendant of:

(1) The charges against him;
(2) His right to communicate with counsel and friends; and
(3) The general circumstances under which he may secure pretrial release.

(c) Procedure When Arrest is Without Warrant; Magistrate's Order. If the person has been arrested without a warrant:

(2) If the magistrate determines that there is no probable cause the person must be released.

(3) If the magistrate determines that there is probable cause, he must issue a magistrate's order:

(f) Powers Not Limited to Magistrate. Any judge, justice, or clerk of the General Court of Justice may also conduct an initial appearance as provided in this section.

"Commitment.

"§ 15A-521. Commitment to detention facility pending trial.—(a) Commitment. Every person charged with a crime and held in custody who has not been released pursuant to Article 26 of this Chapter, Bail, must be committed by a written order of the judicial official who conducted the initial appearance as provided in Article 24 to an appropriate detention facility as provided in this section.

(b) Order of Commitment; Modification. The order of commitment must:

(1) State the name of the person charged or identify him if his name cannot be ascertained.
(2) Specify the offense charged.
(3) Designate the place of confinement.
(4) If release is authorized pursuant to Article 26 of this Chapter, Bail, state the conditions of release. If a separate order stating the conditions has been entered, the commitment may make reference to that order, a copy of which must be attached to the commitment.
(5) Subject to the provisions of subdivision(4), direct, as appropriate, that the defendant be:
a. Produced before a district court judge pursuant to Article 29 of this Chapter, First Appearance before District Court Judge,

(1) The order of commitment must be delivered to a law enforcement officer, who must deliver the order and the prisoner to the detention facility named therein.
(2) The jailer must receive the prisoner and the order of commitment, and note on the order of commitment the time and date of receipt. As used in this subdivision, 'jailer' includes any person having control of a detention facility.
(3) Upon releasing the prisoner pursuant to the terms of the order, or upon
delivering the prisoner to the court, the jailer must note the time and date on the order and return it to the clerk.

(4) When a judicial official issues an order of commitment, or an order supplemental to an order of commitment, a copy must be filed in the office of the clerk. The clerk must keep the copy separately available until the original order or supplemental order is returned to him, at which time both may be placed in the case file. Upon a change of venue the copies must be transmitted with the other papers in the case.

(d) Commitment of Witnesses. If a court directs detention of a material witness pursuant to G.S. 15A-803, the court must enter an order in the manner provided in this section, except that the order must:

(1) State the reason for the detention in lieu of the description of the offense charged, and

(2) Direct that the witness be brought before the appropriate court when his testimony is required.

"Article 26.
"Bail.

"§ 15A-531. Definitions.—As used in this Article the following definitions apply unless the context clearly requires otherwise:

(1) Bail Bond. An undertaking by the principal to appear in court as required upon penalty of forfeiting bail to the State of North Carolina in a stated amount. Bail bonds include an unsecured appearance bond, a premium-secured appearance bond, an appearance bond secured by a cash deposit of the full amount of the bond, an appearance bond secured by a mortgage pursuant to G.S. 109-25, and an appearance bond secured by at least one solvent surety.

(2) Obligor. A principal or a surety on a bail bond.

(3) Principal. A defendant or material witness obligated to appear in court as required upon penalty of forfeiting bail under a bail bond.

(4) Surety. One who, with the principal, is liable for the amount of the bail bond upon forfeiture of bail.

"§ 15A-532. Persons authorized to determine conditions for release.—Judicial officials may determine conditions for release of persons brought before them, in accordance with this Article.

"§ 15A-533. Right to pretrial release in capital and noncapital cases.—(a) A defendant charged with a noncapital offense must have conditions of pretrial release determined, in accordance with G.S. 15A-534.

(b) A judge may determine in his discretion whether a defendant charged with a capital offense may be released before trial. If he determines release is warranted, the judge must authorize release of the defendant in accordance with G.S. 15A-534.

"§ 15A-534. Procedure for determining conditions of pretrial release.—(a) In determining conditions of pretrial release a judicial official must impose one of the following conditions:

(1) Release the defendant on his written promise to appear.

(2) Release the defendant upon his execution of an unsecured appearance bond in an amount specified by the judicial official.

(3) Place the defendant in the custody of a designated person or organization agreeing to supervise him.

(4) Require the execution of an appearance bond in a specified amount
CHAPTER 1286    Session Laws—1973

secured by a cash deposit of the full amount of the bond, by a mortgage pursuant to G.S. 109-25, or by at least one solvent surety. If condition (3) is imposed, however, the defendant may elect to execute an appearance bond under subdivision (4). If a judicial official orders release of a defendant under conditions (1), (2), or (3), he may also place restrictions on the travel, associations, conduct, or place of abode of the defendant.

(b) The judicial official in granting pretrial release must impose condition (1), (2), or (3) in subsection(a) above unless he determines that such release will not reasonably assure the appearance of the defendant as required; will pose a danger of injury to any person; or is likely to result in destruction of evidence, subornation of perjury, or intimidation of potential witnesses. Upon making the determination, the judicial official must then impose condition (4) in subsection(a) above instead of condition (1), (2), or (3).

(c) In determining which conditions of release to impose, the judicial official must, on the basis of available information, take into account the nature and circumstances of the offense charged; the weight of the evidence against the defendant; the defendant’s family ties, employment, financial resources, character, and mental condition; the length of his residence in the community; his record of convictions; his history of flight to avoid prosecution or failure to appear at court proceedings; and any other evidence relevant to the issue of pretrial release.

(d) The judicial official authorizing pretrial release under this section must issue an appropriate order containing a statement of the conditions imposed, if any; inform the defendant in writing of the penalties applicable to violations of the conditions of his release; and advise him that his arrest will be ordered immediately upon any violation. The order of release must be filed with the clerk and a copy given the defendant.

(e) A magistrate or a clerk may modify his pretrial release order at any time prior to the initial appearance before the district court judge. At or after such initial appearance, except when the conditions of pretrial release have been reviewed by the superior court pursuant to G.S. 15A-539, a district court judge may modify a pretrial release order of the magistrate or clerk or any pretrial release order entered by him at any time prior to:

1. In a misdemeanor case tried in the district court, the noting of an appeal; and
2. In a case in the original trial jurisdiction of the superior court, the binding of the defendant over to superior court after the holding, or waiver, of a probable cause hearing.

After a case is before the superior court, a superior court judge may modify the pretrial release order of a magistrate, clerk, or district court judge, or any such order entered by him, at any time prior to the time set out in G.S. 15A-536(a).

(f) For good cause shown any judge may at any time revoke an order of pretrial release. Upon application of any defendant whose order of pretrial release has been revoked, the judge must set new conditions of pretrial release in accordance with this Article.

(g) In imposing conditions of pretrial release and in modifying and revoking orders of release under this section, the judicial official must take into account all evidence available to him which he considers reliable and is not strictly bound by the rules of evidence applicable to criminal trials.
(h) A bail bond posted pursuant to this section is effective and binding upon the obligor throughout all stages of the proceeding in the trial division of the General Court of Justice until the entry of judgment in the district court from which no appeal is taken or the entry of judgment in the superior court. The obligation of an obligor, however, is terminated at an earlier time if:

(1) A judge authorized to do so releases the obligor from his bond; or
(2) The principal is surrendered by a surety in accordance with G.S. 15A-540; or
(3) The proceeding is terminated by voluntary dismissal by the State before forfeiture is ordered under G.S. 15A-544(b); or
(4) Prayer for judgment has been continued indefinitely in the district court.

"§ 15A-535. Issuance of policies on pretrial release.—Subject to the provisions of this Article, the senior resident superior court judge of each judicial district in consultation with the chief district court judge must devise and issue recommended policies to be followed within the district in determining whether, and upon what conditions, a defendant may be released before trial.

"§ 15A-536. Release after conviction in the superior court.—(a) A defendant whose guilt has been established in the superior court and is either awaiting sentence or has filed an appeal from the judgment entered may be ordered released upon conditions in accordance with the provisions of this Article.

(b) If release is ordered, the judge must impose the conditions set out in G.S. 15A-534(a) which will reasonably assure the presence of the defendant when required and provide adequate protection to persons and the community. If no single condition gives the assurance, the judge may impose the condition in G.S. 15A-534(a)(3) in addition to any other condition and may also, or in lieu of the condition in G.S. 15A-534(a)(3), place restrictions on the travel, associations, conduct, or place of abode of the defendant.

(c) In determining what conditions of release to impose, the judge must, on the basis of available information, consider the appropriate factors set out in G.S. 15A-534(c).

(d) A judge authorizing release of a defendant under this section must issue an appropriate order containing a statement of the conditions imposed, if any; inform the defendant in writing of the penalties applicable to violations of the conditions of his release; and advise him that his arrest will be ordered immediately upon any such violation. The order of release must be filed with the clerk and a copy given the defendant.

(e) An order of release may be modified or revoked by any superior court judge who has ordered the release of a defendant under this section or, if that judge is absent from the judicial district, by any other superior court judge. If the defendant is placed in custody as the result of a revocation or modification of an order of release, the defendant is entitled to an immediate hearing on whether he is again entitled to release and, if so, upon what conditions.

(f) In imposing conditions of release and in modifying and revoking orders of release under this section, the judge must take into account all evidence available to him which he considers reliable and is not strictly bound by the rules of evidence applicable to criminal trials.

"§ 15A-537. Persons authorized to effect release.—(a) Following any authorization of release of any person in accordance with the provisions of this Article, any judicial official, or in the absence of a judicial official, the sheriff or
any law enforcement officer having custody must effect the release of the person upon the official’s satisfying himself that the conditions of release, if any, have been met. In no event shall there be civil liability to any judicial official, sheriff, or law enforcement officer for his actions in good faith pursuant to this subsection.

(b) A sheriff or other officer having custody of any person who has been imprisoned because of failure to meet conditions (3) or (4) of G.S. 15A-534(a) must release him upon determination that the conditions imposed by the judicial official authorizing release have been met. Any surety bond taken by the officer is to be regarded in every respect as any other bail bond. Upon the release of the person in question, the officer must file a return and with it the bond, deposit, or mortgage, if any, with the clerk.

(c) For the limited purposes of this section, any officer acting under the authority of this section may administer oaths to sureties and take other actions necessary in carrying out the duties imposed by this section.

“§ 15A-538. Modification of order on motion of person detained; substitution of surety.—(a) A person who is detained or objects to the conditions required for his release, which were imposed or allowed to stand by order of a district court judge, may apply in writing to a superior court judge to modify the order.

(b) The power to modify an order includes the power to substitute sureties upon any bond. Substitution or addition of acceptable sureties may be made at the request of any obligor on a bond or, in the interests of justice, at the request of a solicitor under the provisions of G.S. 15A-539.

“§ 15A-539. Modification upon motion of solicitor.—A solicitor may at any time apply to an appropriate district court judge or superior court judge for modification or revocation of an order of release under this Article.

“§ 15A-540. Surrender of a principal by a surety; setting new conditions of release.—(a) A surety may surrender his principal to the sheriff of the county in which the principal is bonded to appear. A surety may arrest his principal for the purpose of returning him to the sheriff. Upon surrender of the principal the sheriff must provide a receipt to the surety, a copy of which must be filed with the clerk. Upon application by the surety after the surrender of the principal, before the forfeiture of bail under G.S. 15A-544(b), the clerk must exonerate him from his bond.

(b) A principal surrendered by his surety is entitled to an immediate hearing on whether he is again entitled to release and, if so, upon what conditions.

“§ 15A-541. Persons prohibited from becoming surety.—(a) No sheriff, deputy sheriff, other law enforcement officer, judicial official, attorney, parole officer, probation officer, jailer, assistant jailer, employee of the General Court of Justice, other public employee assigned to duties relating to the administration of criminal justice, or spouse of any such person may in any case become surety on a bail bond for any person other than a member of his immediate family. In addition no person covered by this section may act as agent for any bonding company or professional bondsman. No such person may have an interest, directly or indirectly, in the financial affairs of any firm or corporation whose principal business is acting as bondsman.

(b) A violation of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500.00), imprisonment for not more than six months, or both.
“§ 15A-542. False qualification by surety.—(a) No person may sign an appearance bond as surety knowing or having reason to know that he does not own sufficient property over and above his exemption allowed by law to enable him to pay the bond should it be ordered forfeited.

(b) A violation of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500.00), imprisonment for not more than six months, or both.

“§ 15A-543. Penalties for failure to appear.—(a) In addition to forfeiture imposed under G.S. 15A-544, any person released pursuant to this Article who willfully fails to appear before any court or judicial official as required is subject to the criminal penalties set out in this section.

(b) A violation of this section is a felony punishable by a fine not to exceed three thousand dollars ($3,000), imprisonment for not more than three years, or both, if:

(1) The violator was released in connection with a felony charge against him; or

(2) The violator was released under the provisions of G.S. 15A-536.

(c) If, except as provided in subsection(b) above, a violator was released in connection with a misdemeanor charge against him, a violation of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500.00), imprisonment not to exceed six months, or both.

“§ 15A-544. Forfeiture.—(a) By entering into a bail bond the obligor submits himself to the jurisdiction of the court and irrevocably appoints the clerk as his agent for any proceedings with reference to the bond. His liability may be enforced on motion without the necessity of an independent action.

(b) If the principal does not comply with the conditions of the bail bond, the court having jurisdiction must enter an order declaring the bail to be forfeited. If forfeiture is ordered by the court, a copy of the order of forfeiture and notice that judgment will be entered upon the order after 30 days must be served on each obligor. Service is to be made by the sheriff by delivery of the order and notice to him or by delivery at his dwelling house or place of abode with some person of suitable age and discretion residing therein. If the sheriff is unable to effect service because an obligor cannot be found or has no dwelling house or place of abode known to the sheriff, he must file a return to this effect; the clerk must then mail a copy of the order of forfeiture and notice to the obligor at his address of record and note on the original the date of mailing. Service is complete three days after the mailing.

(c) If the principal does not appear before the court having jurisdiction within 30 days of the date of service, or on the first day of the next session of court commencing more than 30 days after the date of service, and satisfy the court that his appearance on the date set was impossible or that his failure to appear was without his fault, the court must enter judgment for the State against the principal and his sureties for the amount of the bail and the costs of the proceedings. If the principal appears within the time allowed following the date of service and satisfies the court that his appearance on the date set was impossible or that his failure to appear was without his fault, the order of forfeiture must be set aside. If the principal appears but is unable to satisfy the court that his appearance on the date set was impossible or that his failure to appear was without his fault, but the court determines that justice does not
require the forfeiture of the full amount of the bond, the court may enter judgment in an amount it considers appropriate.

(d) To facilitate the procedure under this section, the clerk in each county must present a forfeiture roll at the first session of superior court commencing more than 30 days after the entry of any order of forfeiture in either the district or superior court. The forfeiture roll must list the names of all principals as to which forfeiture has been ordered in the county in the past three years and as to which judgments of forfeiture against obligors have not been entered or, if entered, not yet satisfied by execution. In addition, the forfeiture roll must show the amount of the bond ordered forfeited in each case and the names of all sureties liable on each bond.

(e) At any time within 90 days after entry of the judgment against a principal or his surety, or on the first day of the next session of court commencing more than 90 days after the entry of the judgment, the court may direct that the judgment be remitted in whole or in part, upon such conditions as the court may impose, if it appears that justice requires the remission of part or all of the judgment.

(f) If a judgment has not been remitted within the period provided in subsection(e) above, the clerk must issue execution on the judgment within 30 days, and remit the clear proceeds to the county for use in maintaining free public schools. Any clerk who fails to perform his duty as required in this subsection is subject to a penalty of five hundred dollars ($500.00).

(g) If a return of execution upon a judgment against an obligor remains unsatisfied for 10 days, the obligor may not become surety on any bail bond in the judicial district so long as the judgment remains unsatisfied.

(h) For extraordinary cause shown, the court which has entered judgment upon a forfeiture of a bond may, after execution, remit the judgment in whole or in part and order the clerk to refund such amounts as the court considers appropriate. Any person moving for remission of judgment must do so by verified petition, and a copy of the petition must be served upon the attorney for the county school board at least three working days prior to the hearing on the motion. The moving party must notify the attorney for the school board of the time and place of the hearing, and such attorney, if he so desires, must be given an opportunity to appear and be heard. If money has been paid to the county pursuant to execution on a judgment of forfeiture, it must refund to the person entitled the amount of any remission granted under the terms of this subsection upon receipt of a certified copy of the judgment of remission from the clerk.

“§ 15A-546. Contempt.—Nothing in this Article is intended to interfere with or prevent the exercise by the court of its contempt powers.

“§ 15A-547. Right to habeas corpus.—Nothing in this Article is intended to abridge the right of habeas corpus.

“First Appearance Before District Court Judge.

“§ 15A-601. First appearance before a district court judge; right in felony and other cases in original jurisdiction of superior court; consolidation of first appearance before magistrate and before district court judge.—(a) Any
defendant charged in a magistrate’s order under G.S. 15A-511 or criminal process under Article 17 of this Chapter, Criminal Process, with a crime in the original jurisdiction of the superior court must be brought before a district court judge in the judicial district in which the crime is charged to have been committed. This first appearance before a district court judge is not a critical stage of the proceedings against the defendant.

(b) When a district court judge conducts an initial appearance as provided in G.S. 15A-511, he may consolidate those proceedings and the proceedings under this Article.

(c) Unless the defendant is released pursuant to Article 26 of this Chapter, Bail, first appearance before a district court judge must be held within 96 hours after the defendant is taken into custody or at the first regular session of the district court in the county, whichever occurs first. If the defendant is not taken into custody, or is released pursuant to Article 26 of this Chapter, Bail, within 96 hours after being taken into custody, first appearance must be held at the next session of district court held in the county. With the consent of the defendant and the solicitor, it may be continued for not more than seven additional days, or until the next session of district court, whichever period is greater. The defendant may not waive the holding of the first appearance before a district court judge but he need not appear personally if he is represented by counsel at the proceeding.

"§ 15A-602. Warning of right against self-incrimination.—Except when he is accompanied by his counsel, the judge must inform the defendant of his right to remain silent and that anything he says may be used against him.

"§ 15A-603. Assuring defendant's right to counsel.—(a) The judge must determine whether the defendant has retained counsel or, if indigent, has been assigned counsel.

(b) If the defendant is not represented by counsel, the judge must inform the defendant that he has important legal rights which may be waived unless asserted in a timely and proper manner and that counsel may be of assistance to the defendant in advising him and acting in his behalf. The judge must inform the defendant of his right to be represented by counsel and that he will be furnished counsel if he is indigent.

(c) If the defendant asserts that he is indigent and desires counsel, the judge must proceed in accordance with the provisions of Article 36 of Chapter 7A of the General Statutes.

(d) If the defendant is found not to be indigent and indicates that he desires to be represented by counsel, the judge must inform him that he should obtain counsel promptly.

(e) If the defendant desires to waive representation by counsel, the waiver must be in writing in accordance with the provisions of Article 36 of Chapter 7A of the General Statutes except as otherwise provided in this Article.

"§ 15A-604. Determination of sufficiency of charge.—(a) The judge must examine each criminal process or magistrate’s order and determine whether each charge against the defendant charges a criminal offense within the original jurisdiction of the superior court.

(b) If the judge determines that the process or order fails to charge a criminal offense within the original jurisdiction of the superior court, he must notify the solicitor and take further appropriate action, including one or more of the following:
CHAPTER 1286    Session Laws—1973

(1) Dismiss the charge.
(2) Permit the State to amend the statement of the crime in the process or order.
(3) Continue the proceedings, for not more than 24 hours, to permit the State to initiate new charges.
(4) With the consent of the solicitor, set the case for trial in the district court if the charge is found to be within the original jurisdiction of the district court.

"§ 15A-605. Additional proceedings at first appearance before judge.—The judge must:

(1) Inform the defendant of the charges against him;
(2) Determine that the defendant or his counsel has been furnished a copy of the process or order; and
(3) Determine or review the defendant's eligibility for release under Article 26 of this Chapter, Bail.

"§ 15A-606. Demand or waiver of probable cause hearing.—(a) The judge must schedule a probable cause hearing unless the defendant waives in writing his right to such hearing. A defendant represented by counsel, or who desires to be represented by counsel, may not before the date of the scheduled hearing waive his right to a probable cause hearing without the written consent of the defendant and his counsel.

(b) Evidence of a demand or waiver of a probable cause hearing may not be admitted at trial.

(c) If the defendant waives a probable cause hearing, the district court judge must bind the defendant over to the superior court for further proceedings in accordance with this Chapter.

(d) If the defendant does not waive a probable cause hearing, the district court judge must schedule a hearing not later than 15 working days following the initial appearance before the district court judge; if no session of the district court is scheduled in the county within 15 working days, the hearing must be scheduled for the first day of the next session. The hearing may not be scheduled sooner than five working days following such initial appearance without the consent of the defendant and the solicitor.

(e) If an unrepresented defendant is not indigent and has indicated his desire to be represented by counsel, the district court judge must inform him that he has a choice of appearing without counsel at the probable cause hearing or of securing the attendance of counsel to represent him at the hearing. The judge must further inform him that the judge presiding at the hearing will not continue the hearing because of the absence of counsel except for extraordinary cause.

(f) Upon a showing of good cause, a scheduled probable cause hearing may be continued by the district court upon timely motion of the defendant or the State. Except for extraordinary cause, a motion is not timely unless made at least 48 hours prior to the time set for the probable cause hearing.

(g) If after the first appearance before a district court judge a defendant with consent of counsel desires to waive his right to a probable cause hearing, he may do so in writing filed with the court signed by defendant and his counsel. Upon waiver the defendant must be bound over to the superior court.

"Article 30.
"Probable Cause Hearing.

§ 15A-611. Probable cause hearing; procedure.—(a) At the probable cause hearing:
   
   (1) A solicitor must represent the State.
   
   (2) The defendant may be represented by counsel.
   
   (3) The defendant may testify as a witness in his own behalf and call and examine other witnesses, and produce other evidence in his behalf.
   
   (4) Each witness must testify under oath or affirmation and is subject to cross-examination.

   (b) The State must by nonhearsay evidence, or by evidence that satisfies an exception to the hearsay rule, show that there is probable cause to believe that the offense charged has been committed and that there is probable cause to believe that the defendant committed it, except:

   (1) A report or copy of a report made by a physicist, chemist, firearms identification expert, fingerprint technician, or an expert or technician in some other scientific, professional, or medical field, concerning the results of an examination, comparison, or test performed by him in connection with the case in issue, when stated by such person in a report made by him, is admissible in evidence.

   (2) If there is no serious contest, reliable hearsay is admissible to prove value, ownership of property, possession of property in another than the defendant, lack of consent of the owner, possessor, or custodian of property to its taking or to the breaking or entering of premises, chain of custody, authenticity of signatures, and the existence and text of a particular ordinance or regulation of a governmental unit or agency.

The district court judge is not required to exclude evidence on the ground that it was acquired by unlawful means.

   (c) If a defendant appears at a probable cause hearing without counsel, the judge must determine whether counsel has been waived. If he determines that counsel has been waived, he may proceed without counsel. If he determines that counsel has not been waived, except in a situation covered by G.S. 15A-606(e) he must take appropriate action to secure the defendant’s right to counsel.

   (d) A probable cause hearing may not be held if an information in superior court is filed upon waiver of indictment before the date set for the hearing.

§ 15A-612. Probable cause hearing; disposition of charge.—(a) At the conclusion of a probable cause hearing the judge must take one of the following actions:

   (1) If he finds that the defendant probably committed the offense charged, or a lesser included offense of such offense within the original jurisdiction of the superior court, he must bind the defendant over to a superior court for further proceedings in accordance with this Chapter. The judge must note his findings in the case records.

   (2) If he finds no probable cause as to the offense charged but probable cause with respect to a lesser included offense within the original jurisdiction of the district court, he may set the case for trial in the district court in accordance with the terms of G.S. 15A-613. In the absence of a new warrant or information, the judge may not set a case for trial in the district court on any offense which is not lesser included.

   (3) If he finds no probable cause pursuant to subdivisions (1) or (2) as to any charge, he must dismiss the proceedings in question.
(b) No finding made by a judge under this section precludes the State from instituting a subsequent prosecution for the same offense.

"§ 15A-613. Probable cause hearing; setting offense for trial in district court.—If an offense set for trial in the district court under the terms of G.S. 15A-604(b)(4) or any provision of G.S. 15A-612 is a lesser included offense of the charge before the court on a pleading, the judge may:

(1) Accept a plea of guilty or no contest, with the consent of the solicitor; or

(2) Proceed to try the offense immediately, with the consent of both the defendant and the solicitor.

Otherwise, the judge must enter an appropriate order for subsequent calendaring of the case for trial in the district court. The trial so ordered may not be earlier than five working days nor later than 15 working days from the date of the order. The judge must note in the case records the new offense with which the defendant is charged, has been tried, or to which he entered a plea of guilty or no contest.

"§ 15A-614. Probable cause hearing; review of eligibility for pretrial release.—Upon binding a defendant in custody over to the superior court for trial or upon entering an order for subsequent calendaring of the case of such a defendant for trial in the district court, the judge must again review the eligibility of the defendant for release under Article 26 of this Chapter, Bail.

“Article 31.

"§ 15A-621. Grand jury; definition.—A grand jury is a body consisting of not less than 12 nor more than 18 persons, impaneled by a superior court and constituting a part of such court.

"§ 15A-622. Formation and organization of grand jury; other preliminary matters.—(a) The mode of selecting grand jurors and of drawing and impaneling grand jurors is governed by this Article and Chapter 9 of the General Statutes, Jurors.

(b) To impanel a new grand jury, the presiding judge must direct that the names of all persons returned as jurors be separately placed in a container. The clerk must draw out the names of 18 persons to serve as grand jurors. Of these 18, the first nine drawn serve until the first session of court at which criminal cases are heard held in the county after the following January 1, and thereafter until their replacements are selected and sworn. The next nine serve until the first session of court at which criminal cases are heard held in the county after the following July 1, and thereafter until their replacements are selected and sworn. If this formula results in any term likely to be shorter than two months or longer than 15 months, the presiding judge may modify the terms. Thereafter, beginning with the first session of superior court at which criminal cases are heard held in the county following January 1 and July 1 of each year, nine new grand jurors must be selected in the manner provided above to replace the jurors whose terms have expired. All new grand jurors so selected serve until the first session of court at which criminal cases are heard held after January 1 or July 1 which most nearly results in a 12-month term, and thereafter until their replacements are selected and sworn. If a vacancy occurs in the membership of the grand jury, the superior court judge next convening the jury or next holding a session of court at which criminal cases are heard in the county may order that a new juror be drawn in the manner provided above to fill the vacancy.
(c) Neither the grand jury panel nor any individual grand juror may be challenged, but a superior court judge may:

(1) At any time before new grand jurors are sworn, discharge them, or discharge the grand jury, and cause new grand jurors or a new grand jury to be drawn if he finds that jurors have not been selected in accordance with law or that the grand jury is illegally constituted; or

(2) At any time after a grand juror is drawn, refuse to swear him, or discharge him after he has been sworn, upon a finding that he is disqualified from service, incapable of performing his duties, or guilty of misconduct in the performance of his duties so as to impair the proper functioning of the grand jury.

(d) The presiding judge may excuse a grand juror from service of the balance of his term, upon his own motion or upon the juror's request for good cause shown. The foreman may excuse individual jurors from attending particular sessions of the grand jury, except that he may not excuse more than two jurors for any one session.

(e) After the impaneling of a new grand jury, or the impaneling of nine new jurors under the terms of this section, the presiding judge must appoint one of the grand jurors as foreman and may appoint another to act as foreman during any absence or disability of the foreman. Unless removed for cause by a superior court judge, the foreman serves until his successor is appointed and sworn.

(f) The foreman and other new grand jurors must take the oath prescribed in G.S. 11-11. After new grand jurors have been sworn, the presiding judge may give the grand jurors written or oral instructions relating to the performance of their duties. At subsequent sessions of court, the presiding judge is not required to give any additional instructions to the grand jurors.

(g) At any time when a grand jury is in recess, a superior court judge may, upon application of the solicitor or upon his own motion, order the grand jury reconvened for the purpose of dealing with a matter requiring grand jury action.

§ 15A-623. Grand jury proceedings and operation in general.—(a) The finding of an indictment, the return of a presentment, and every other affirmative official action or decision of the grand jury requires the concurrence of at least 12 members of the grand jury.

(b) The foreman presides over all hearings and has the power to administer oaths or affirmations to all witnesses.

(c) The foreman must indicate on each bill of indictment or presentment the witness or witnesses sworn and examined before the grand jury. Failure to comply with this provision does not vitiate a bill of indictment or presentment.

(d) During the deliberations and voting of a grand jury, only the grand jurors may be present in the grand jury room. During its other proceedings, the following persons, in addition to a witness being examined, may, as the occasion requires, also be present:

(1) An interpreter, if needed.

(2) A law enforcement officer holding a witness in custody.

Any person other than a witness who is permitted in the grand jury room must first take an oath before the grand jury that he will keep secret all matters before it within his knowledge.

(e) Grand jury proceedings are secret and, except as expressly provided in this Article, members of the grand jury and all persons present during its sessions
shall keep its secrets and refrain from disclosing anything which transpires during any of its sessions.

(f) The presiding judge may direct that a bill of indictment be kept secret until the defendant is arrested or appears before the court. The clerk must seal the bill of indictment and no person including a witness may disclose the finding of the bill of indictment, or the proceedings leading to the finding, except when necessary for the issuance and execution of an order of arrest.

(g) Any grand juror or other person authorized to attend sessions of the grand jury and bound to keep its secrets who discloses, other than to his attorney, matters occurring before the grand jury other than in accordance with the provisions of this section is in contempt of court and subject to proceedings in accordance with law.

“§ 15A-624. Grand jury the judge of facts; judge the source of legal advice.—

(a) The grand jury is the exclusive judge of the facts with respect to any matter before it.

(b) The legal advisor of the grand jury is the presiding or convening judge.

“§ 15A-626. Who may call witnesses before grand jury; no right to appear without consent of solicitor or judge.—(a) Except as provided in this section, no person has a right to call a witness or appear as a witness in a grand jury proceeding.

(b) In proceedings upon bills of indictment submitted by the solicitor to the grand jury, the clerk must call as witnesses the persons whose names are listed on the bills by the solicitor. If the grand jury desires to hear any witness not named on the bill under consideration, it must through its foreman request the solicitor to call the witness. The solicitor in his discretion may call, or refuse to call, the witness.

(c) In considering any matter before it a grand jury may swear and hear the testimony of a member of the grand jury.

(d) Any person not called as a witness who desires to testify before the grand jury concerning a criminal matter which may properly be considered by the grand jury must apply to the district solicitor or to a superior court judge. The judge or the district solicitor in his discretion may call the witness to appear before the grand jury.

(e) An official who is required or authorized to call a witness before the grand jury does so by issuing a subpoena for the witness or by causing one to be issued. If the official is assured that the witness will appear when requested without issuance of a subpoena, he may call the witness simply by notifying him of the time and place his presence is requested before the grand jury.

“§ 15A-627. Submission of bill of indictment to grand jury by solicitor.—(a) When a defendant has been bound over for trial in the superior court upon any charge in the original jurisdiction of such court, the solicitor, unless he dismisses the charge under the terms of Article 50 of this Chapter, Voluntary Dismissal by the State, or proceeds upon a bill of information, must submit a bill of indictment charging the offense to the grand jury for its consideration.

(b) A solicitor may submit a bill of indictment charging an offense within the original jurisdiction of the superior court.
“§ 15A-628. Functions of the grand jury.—(a) A grand jury:
(1) Must return a bill submitted to it by the solicitor as a true bill of indictment if it finds from the evidence probable cause for the charge made.
(2) Must return a bill submitted to it by the solicitor as not a true bill of indictment if it fails to find probable cause for the charge made. Upon returning a bill of indictment as not a true bill, the grand jury may request the solicitor to submit a bill of indictment as to a lesser included or related offense.
(3) May return the bill to the court with an indication that the grand jury has not been able to act upon it because of the unavailability of witnesses.
(4) May investigate any offense as to which no bill of indictment has been submitted to it by the solicitor and issue a presentment accusing a named person or named persons with one or more criminal offenses if it has found probable cause for the charges made. An investigation may be initiated upon the concurrence of 12 members of the grand jury itself or upon the request of the presiding or convening judge or the solicitor.
(5) Must inspect the jail and may inspect other county offices or agencies and must report the results of its inspections to the court.

(b) In proceeding under subsection (a), the grand jury may consider any offense which may be prosecuted in the courts of the county, or in the courts of the judicial district when there has been a waiver of venue in accordance with Article 3 of this Chapter, Venue.

(c) Bills of indictment submitted by the solicitor to the grand jury, whether found to be true bills or not, must be returned by the foreman of the grand jury to the presiding judge in open court. Presentments must also be returned by the foreman of the grand jury to the presiding judge in open court.

(d) The clerk must keep a permanent record of all matters returned by the grand jury to the judge under the provisions of this section.

“§ 15A-629. Grand jury procedure upon finding of not a true bill; dismissal of charge; release of defendant; restrictions upon further prosecution.—(a) Upon the return of a bill of indictment as not a true bill, the presiding judge must immediately examine the case records to determine if the defendant is in custody or subject to bail or conditions of pretrial release. If so, except as provided in subsection (b), the judge must immediately order release from custody, exoneration of bail, or release from conditions of pretrial release, as the case may be.

(b) Upon the return of a bill of indictment as not a true bill but with a request that the solicitor submit a bill of indictment to a lesser included or related offense, the judge may defer the action required in subsection (a) for a reasonable period, not to extend past the end of that session of superior court, to allow the institution of the new charge.

“§ 15A-630. Service of notice upon defendant required when grand jury returns true bill of indictment.—(a) Except as provided in subsection (b) and (c), upon the return of a bill of indictment as a true bill the presiding judge must immediately cause notice of the indictment to be served upon the defendant. The notice must inform the defendant of the time limitations upon his right to discovery under Article 48 of this Chapter, Discovery in the Superior Court, and a copy of the indictment must be attached to the notice.
CHAPTER 1286    Session Laws—1973

(b) The provisions of subsection (a) do not apply if;
   (1) The defendant was afforded or waived a probable cause hearing
       authorized under Article 30 of this Chapter, Probable Cause Hearing, on
       the charge in the indictment;
   (2) The defendant was represented by counsel of record, under Article 4 of
       this Chapter, Entry and Withdrawal of Attorney in Criminal Case, at

   “Indictment and Related Instruments.
   "§ 15A-641. Indictment and related instruments; definition of indictment,
   information, and presentment.—(a) An indictment is a written accusation by a
   grand jury, filed with a superior court, charging a person with the commission
   of one or more criminal offenses.
   (b) An information is a written accusation by a solicitor, filed with a superior
   court, charging a person represented by counsel, with the commission of one or
   more criminal offenses.
   (c) A presentment is a written accusation by a grand jury, made on its own
   motion and filed with a superior court, charging a person, or two or more persons
   jointly, with the commission of one or more criminal offenses. A presentment
   does not institute criminal proceedings against any person, but the district
   solicitor is obligated to investigate the factual background of every presentment
   returned in his district and to submit bills of indictment to the grand jury
   dealing with the subject matter of any presentments when it is appropriate to do
   so.
   "§ 15A-642. Waiver of indictment.—(a) Prosecutions originating in the
   superior court must be upon pleadings as provided in Article 49 of this Chapter,
   Pleadings and Joinder.
   (b) Indictment may not be waived in a capital case or in a case in which the
   defendant is not represented by counsel.
   (c) Waiver of indictment must be in writing and signed by the defendant and
   his attorney. The waiver must be attached to or executed upon the bill of
   information.
   "§ 15A-643. Joinder of offenses and defendants and consolidation of
   indictments and informations.—The rules with respect to joinder of offenses and
   defendants and the consolidation of charges in indictments and informations are
   provided in Article 49 of this Chapter, Pleadings and Joinder.
   "§ 15A-644. Form and content of indictments and information.—(a) An
   indictment must contain:
   (1) The name of the superior court in which it is filed;
   (2) The title of the action;
   (3) Criminal charges pleaded as provided in Article 49 of this Chapter,
       Pleadings and Joinder;
   (4) The signature of the solicitor, but its omission is not a fatal defect; and
   (5) The signature of the foreman or acting foreman of the grand jury
       attesting the concurrence of 12 or more grand jurors in the finding of a
       true bill of indictment.
   (b) An information must contain everything required of an indictment in
   subsection(a) except that the accusation is that of the solicitor and the

522
provisions of subdivision (a)(5) do not apply. The information must also contain or have attached the waiver of indictment pursuant to G.S. 15A-642(c).

(c) A presentment must contain everything required of an indictment in subsection(a) except that the provisions of subdivisions (a)(4) and (5) do not apply and the foreman must by his signature attest the concurrence of 12 or more grand jurors in the presentment.

§ 15A-645. Allegations of previous convictions.—Trial upon indictments and informations involving allegation of previous convictions is subject to the provisions of G.S. 15A-928.

§ 15A-646. Superseding indictments and informations.—If at any time before entry of a plea of guilty to an indictment or information, or commencement of a trial thereof, another indictment or information is filed in the same court charging the defendant with an offense charged or attempted to be charged in the first instrument, the first one is, with respect to the offense, superseded by the second and, upon the defendant's arraignment upon the second indictment or information, the count of the first instrument charging the offense must be dismissed by the superior court judge. The first instrument is not, however, superseded with respect to any count contained therein which charged an offense not charged in the second indictment or information.

"Speedy Trial.

§ 15A-701. Policy of appropriate promptness.—It is the policy of this State to minimize undue delay and to further the prompt disposition of criminal cases. The powers granted by this Article should be used to pursue this policy.

§ 15A-702. Speedy trial for defendants.—(a) A superior court judge presiding over a mixed or criminal session may order prompt trial as provided in subsection (b) for a defendant charged with an offense within the original jurisdiction of the superior court or a misdemeanor docketed in superior court for trial de novo. A district court judge may order prompt trial as provided in subsection (b) for any person charged with a misdemeanor pending in district court.

(b) A judge authorized by subsection (a) to order a defendant's prompt trial may order the defendant's case brought to trial or disposed of within a period not less than 30 days, determined by the judge, when:

1. The venue of the defendant's case lies in the county in which the judge is presiding and the defendant has been confined awaiting trial of that case for a period greater than 60 days; or
2. The defendant has been confined awaiting trial for a period greater than 30 days and files with the judge a petition requesting prompt trial, as authorized by G.S. 15A-703; or
3. The venue of the defendant's case lies in the county in which the judge is presiding and the defendant has been awaiting trial for a period greater than 90 days; or
4. The defendant has been awaiting trial for a period greater than 60 days.
and files a petition with the judge requesting prompt trial, as authorized by G.S. 15A-703.

The judge’s order may provide that, if the case is not brought to trial or disposed of within the period specified by his order, the defendant must be released upon his own recognizance or the charges against the defendant must be dismissed with prejudice.

(c) The period of a defendant’s awaiting trial or of confinement awaiting trial commences to run upon a date determined according to the provisions of G.S. 15A-705 and excludes those periods specified in G.S. 15A-706.

“§ 15A-703. Petition for speedy trial.—(a) A defendant may file a petition for prompt trial of his case when:

(1) He has been confined awaiting trial of that case for a period more than 30 days; or
(2) He has been awaiting trial for a period greater than 60 days.

(b) The defendant must file the petition for prompt trial with a judge authorized by G.S. 15A-702(a) to order prompt trial of his case and presiding in the county in which venue of his case lies, or, in the event that no such judge is presiding in that county, in the judicial district embracing the county in which venue lies.

“§ 15A-704. Consequences to defendant of petition for speedy trial.—A defendant who files a petition for prompt trial, as authorized by G.S. 15A-703, accepts venue anywhere within the judicial district and may not continue or delay his case except on the basis of matters which arise after he files the petition and which he or his counsel could not have reasonably anticipated. The defendant may withdraw the petition for prompt trial only on order of the court, for good cause shown or with consent of the State.

“§ 15A-705. When period of awaiting trial or confinement begins.—(a) A defendant commences his period of confinement awaiting trial on the latest of the following:

(1) The date he is first confined awaiting trial on that charge; or
(2) The date he is reconfined after his escape from confinement awaiting trial on that charge; or
(3) The date of his confinement awaiting trial on that charge following a mistrial, order for a new trial, remand for a new trial upon that charge, or notice of appeal for trial de novo.

(b) A defendant commences his period of awaiting trial on a charge on the latest of the following:

(1) In misdemeanor cases, the date that the criminal pleading is served upon the defendant, and in felony cases, the later of the service of criminal process or the return of a bill of indictment; or
(2) The date of a mistrial, order for a new trial, remand for a new trial upon that charge, or notice of appeal for trial de novo.

(c) The charge for which a person is awaiting trial includes the charge upon which he is to be tried and any other charge with which it may be joined under the provisions of G.S. 15A-926.

“§ 15A-706. Excluded periods.—(a) The period of awaiting trial or confinement awaiting trial does not include periods of delay resulting from other proceedings concerning the defendant, from the absence or unavailability of the defendant, or from the defendant’s incapacity to proceed.
Session Laws—1973  CHAPTER 1286

(b) The period of confinement awaiting trial does not include periods during which the defendant is released under Article 26 of this Chapter, Bail.

“Special Criminal Process for Attendance of Defendants.

“§ 15A-711. Securing Attendance of Criminal defendants confined in institutions within the State; requiring solicitor to proceed.—(a) When a criminal defendant is confined in a penal or other institution under the control of the State or any of its subdivisions and his presence is required for trial, the solicitor may make written request to the custodian of the institution for temporary release of the defendant to the custody of an appropriate law enforcement officer who must produce him at the trial. The period of the temporary release may not exceed 60 days. The request of the solicitor is sufficient authorization for the release, and must be honored, except as otherwise provided in this section.

(b) If the defendant whose presence is sought is confined pursuant to another criminal proceeding in a different judicial district, the defendant and the solicitor prosecuting the other criminal action must be given reasonable notice and opportunity to object to the temporary release. Objections must be heard by a superior court judge having authority to act in criminal cases in the district in which the defendant is confined, and he must make appropriate orders as to the precedence of the actions.

(c) A defendant who is confined in an institution in this State pursuant to a criminal proceeding and who has other criminal charges pending against him may, by written request filed with the clerk of the court where the other charges are pending, require the solicitor prosecuting such charges to proceed pursuant to this section. A copy of the request must be served upon the solicitor in the manner provided by the Rules of Civil Procedure, G.S. 1A-1, Rule 5(b). If the solicitor does not proceed pursuant to subsection (a) within six months from the date the request is filed with the clerk, the charges must be dismissed.

(d) Detainer.

(1) When a criminal defendant is imprisoned in this State pursuant to prior criminal proceedings, the clerk upon request of the solicitor, must transmit to the custodian of the institution in which he is imprisoned, a copy of the charges filed against the defendant and a detainer directing that the prisoner be held to answer to the charges made against him. The detainer must contain a notice of the prisoner’s right to proceed pursuant to G.S. 15A-711 (c) and his right to a speedy trial pursuant to Article 35 of this Chapter, Speedy Trial.

(2) Upon receipt of the charges and the detainer, the custodian must immediately inform the prisoner of its receipt and furnish him copies of the charges and the detainer, must explain to him his right to proceed pursuant to G.S. 15A-711(c) and his right to a speedy trial under Article 35 of this Chapter, Speedy Trial.

(3) The custodian must notify the clerk who transmitted the detainer of the defendant’s impending release at least 30 days prior to the date of release. The notice must be given immediately if the detainer is received less than 30 days prior to the date of release. The clerk must direct the sheriff to take custody of the defendant and produce him for trial. The custodian must release the defendant to the custody of the sheriff, but
may not hold the defendant in confinement beyond the date on which he is eligible for release.

(4) A detainer may be withdrawn upon request of the solicitor, and the clerk must notify the custodian, who must notify the defendant.

"§ 15A-771. Securing attendance of defendants confined in federal prisons.—(a) A defendant against whom a criminal action is pending in this State, and who is confined in a federal prison or custody either within or outside the State, may, with the consent of the Attorney General of the United States, be produced in such court for the purpose of criminal prosecution, pursuant to the provisions of:

(1) Section 4085 of Title 18 of the United States Code; or
(2) Subsection (b) of this section.

(b) When such a defendant is in federal custody as specified in subsection (a), a superior court, may, upon application of the solicitor, issue a certificate, addressed to the Attorney General of the United States, certifying the charges and the court in which they are pending, and that attendance of the defendant in such court for the purpose of criminal prosecution thereon is necessary in the interest of justice, and requesting the Attorney General of the United States to cause such defendant to be produced in such court, under custody of a federal public servant, upon a designated date and for a period of time necessary to complete the prosecution. Upon issuing such a certificate, the court may deliver it, or cause or authorize it to be delivered, together with a certified copy of the charges upon which it is based, to the Attorney General of the United States or to his representative authorized to entertain the request.

"§ 15A-772. Securing attendance of defendants who are outside the United States.—(a) When a criminal action for an offense committed in this State is pending in a criminal court of this State against a defendant who is in a foreign country with which the United States has an extradition treaty, and when the offense charged is one which is declared in such treaty to be an extraditable one, the solicitor may make an application to the Governor, requesting him to make an application to the President of the United States to institute extradition proceedings for the return of the defendant to this country and State for the purpose of prosecution of such action. The solicitor's application must comply with rules, regulations, and guidelines established by the Governor for such applications and must be accompanied by all the charges, affidavits, and other documents required thereby.

(b) Upon receipt of the solicitor's application, the Governor, if satisfied that the defendant is in the foreign country in question, that the offense charged is an extraditable one pursuant to the treaty in question, and that there are no factors or impediments which in law preclude such an extradition, may in his discretion make an application, addressed to the Secretary of State of the United States, requesting that the President of the United States institute extradition proceedings for the return of the defendant from such foreign country. The Governor's application must comply with applicable treaties and Acts of
Congress and with rules, regulations, and guidelines established by the Secretary of State for such applications and must be accompanied by all the charges, affidavits, and other documents required thereby.

(c) The provisions of this section apply equally to extradition or attempted extradition of a person who is a fugitive following the entry of a judgment of conviction against him in a criminal court of this State.

"§ 15A-773. Corporate defendants; securing attendance; appearance.—(a) The court attendance of a corporation for purposes of commencing or prosecuting a criminal action against it may be accomplished by the issuance and service of a criminal summons. The criminal summons must be directed to the corporation, and must be served upon the corporation by delivery thereof to an officer, director, managing or general agent, cashier or assistant cashier of such corporation, or to any other agent of such corporation authorized by appointment or by law to receive service of process.

(b) At all stages of a criminal action, a corporate defendant may appear by counsel or agent having authority to transact the business of the corporation.

"Attendance of Witnesses Generally.

"§ 15A-801. Subpoena for witness. The presence of a person as a witness in a criminal proceeding may be obtained by subpoena, which must be issued and served in the manner provided in Rule 45 of the Rules of Civil Procedure, G.S. 1-1A.

"§ 15A-802. Subpoena for the production of documentary evidence.—The production of records, books, papers, documents, or tangible things in a criminal proceeding may be obtained by subpoena which must be issued and served in the manner provided in Rule 45 of the Rules of Civil Procedure, G.S. 1-1A.

"§ 15A-803. Attendance of witnesses.—(a) Material Witness Order Authorized. A judge may issue an order assuring the attendance of a material witness at a criminal proceeding. This material witness order may be issued when there are reasonable grounds to believe that the person whom the State or a defendant desires to call as a witness in a pending criminal proceeding possesses information material to the determination of the proceeding and may not be amenable or responsive to a subpoena at a time when his attendance will be sought.

(b) When Order Issued. A material witness order may be issued by a judge of superior court at any time after the initiation of criminal proceedings. A judge of district court may issue a material witness order only at the time that a defendant is bound over to superior court at a probable cause hearing.

(c) How Long Effective. A material witness order remains in effect during the period indicated in the order by the issuing judge unless it is sooner modified or vacated by a judge of superior court. In no event may a material witness order which provides for incarceration of the material witness be issued for a period longer than 20 days, but upon review a superior court judge in his discretion may renew an order one or more times for periods not to exceed five days each.

(d) Procedure. A material witness order may be obtained upon motion supported by affidavit showing cause for its issuance. The witness must be given
reasonable notice, opportunity to be heard and present evidence, and the right of representation by counsel at a hearing on the motion. Counsel for a material witness may be appointed and compensated in the same manner as counsel for an indigent defendant. The order must be based on findings of fact supporting its issuance.

(e) Order. If the court makes a material witness order:

(1) It may direct release of the witness in the same manner that a defendant may be released under G.S. 15A-534.

(2) It may direct the detention of the witness.

(f) Modification or Vacation. A material witness order may be modified or vacated by a judge of superior court upon a showing of new or changed facts or circumstances by the witness, the State, or any defendant.

(g) Securing Attendance or Custody of Material Witness. The witness may be required to attend the hearing by subpoena, or if the court considers it necessary, by order for arrest. An order for arrest also may be issued if it becomes necessary to take the witness into custody after issuance of a material witness order.

"§ 15A-804. Voluntary protective custody.—(a) Upon request of a witness, a judge of superior court may determine whether he is a material witness, and may order his protective custody. The order may provide for confinement, custody in other than a penal institution, release to the custody of a law enforcement officer or other person, or other provisions appropriate to the circumstances.

(b) A person having custody of the witness may not release him without his consent unless directed to do so by a superior court judge, or unless the order so provides.

(c) The issuance of either a material witness order or an order for voluntary protective custody does not preclude the issuance of the other order.

(d) An order for voluntary protective custody may be modified or vacated as appropriate by a superior court judge upon the request of the witness or upon the court’s own motion.

"§ 15A-805. Securing attendance of witnesses confined in institutions within the State.—(a) Upon motion of the State or any defendant, the judge of a court in which a criminal proceeding is pending must, for good cause shown, enter an order requiring that any person confined in an institution in this State be produced and compelled to attend as a witness in the action or proceeding.

(b) If the witness is confined pursuant to another pending criminal proceeding, and the judge determines that the production of the witness would result in an unreasonable interference with the conduct of the prior proceeding, he may deny the order. If an order for production is issued, a judge or justice of the Appellate Division of the General Court of Justice may, upon application of a defendant or solicitor in the other district for good cause shown, vacate the order for production.

(c) The costs of production of the witness are assessed as are other witness fees.
"Securing Attendance of Prisoners as Witnesses.

§ 15A-821. Securing attendance of prisoner in this State as witness in proceeding outside the State.—(a) If a judge of a court of general jurisdiction in any other state, which by its laws has made provision for commanding a prisoner within that state to attend and testify in this State, certifies under the seal of that court that there is a criminal prosecution pending in the court or that a grand jury investigation has commenced, and that a person confined in an institution under the control of the State Department of Correction of North Carolina, other than a person confined as criminally insane, is a material witness in the prosecution or investigation and that his presence is required for a specified number of days, upon presentment of the certificate to a superior court judge in the judicial district where the person is confined, upon notice to the Attorney General, the judge must fix a time and place for a hearing and order the person having custody of the prisoner to produce him at the hearing.

(b) If at the hearing the judge determines that the prisoner is a material and necessary witness in the requesting state, the judge must order that the prisoner attend in the court where the prosecution or investigation is pending, upon such terms and conditions as the judge prescribes, including among other things, provision for the return of the prisoner at the conclusion of his testimony, proper safeguard for his custody, and proper financial reimbursement or other payment, including payment in advance, by the demanding jurisdiction for all expenses incurred in the production and return of the prisoner.

(c) The Attorney General may, as agent for the State of North Carolina, enter into such agreements with the demanding jurisdiction as necessary to ensure proper compliance with the order of the court.

§ 15A-822. Securing attendance of prisoner outside the State as witness in criminal action or proceeding in the State.—(a) When

(1) A criminal action or proceeding is pending in a court of this State, and

(2) There is reasonable cause to believe that a person confined in a correctional institution or prison of another state, other than a person confined as mentally ill, possesses information material to such criminal action or proceeding, and

(3) The attendance of the person as a witness in such proceeding is desired by a party thereto, and

(4) The State in which such person is confined possesses a statute equivalent to G.S. 15A-821, the court in which such proceeding is pending may issue a certificate under the seal of the court, certifying all such facts and certifying that the attendance of the person as a witness in such court is required for a specified number of days.

(b) The certificate may be issued upon application of either the State or a defendant setting forth the facts specified in subsection (a).

(c) Upon issuing such a certificate, the court may cause it to be delivered to a court of such other state which is authorized to initiate or undertake action for the delivery of such prisoners to this State as witnesses.

§ 15A-823. Securing attendance of prisoner in federal institution as witness in criminal action in the State.—(a) When

(1) A criminal proceeding is pending in a court of this State; and

(2) There is reasonable cause to believe that a person confined in a federal
prison or other federal custody, either within or outside this State, possesses information material to such criminal proceeding; and

(3) His attendance as a witness in such action or proceeding is desired by a party thereto, the court may issue a certificate, known as a writ of habeas corpus ad testificandum, addressed to the Attorney General of the United States certifying all such facts and requesting the Attorney General of the United States to cause the attendance of such person as a witness in such court for a specified number of days under custody of a federal public servant.

(b) The certificate may be issued upon application of either the State or a defendant, setting forth the facts specified in subsection (a).

§ 15A-901. Application of Article.—This Article applies to cases within the original jurisdiction of the superior court.

§ 15A-902. Discovery procedure.—(a) A party seeking discovery under this Article must, before filing any motion before a judge, request in writing that the other party comply voluntarily with the discovery request. Upon receiving a negative or unsatisfactory response, or upon the passage of seven days following the receipt of the request without response, the party requesting discovery may file a motion for discovery under the provisions of this Article concerning any matter as to which voluntary discovery was not made pursuant to request.

(b) To the extent that discovery authorized in this Article is voluntarily made in response to a request, the discovery is deemed to have been made under an order of the court for the purposes of this Article.

(c) A motion for discovery under this Article must be heard before a superior court judge.

(d) If a defendant is represented by counsel, he may as a matter of right request voluntary discovery from the State under subsection (a) above not later than the tenth working day after either the probable cause hearing or the date he waives the hearing. If a defendant is not represented by counsel, or is indicted or consents to the filing of a bill of information before he has been afforded or waived a probable cause hearing, he may as a matter of right request voluntary discovery from the State under subsection (a) above not later than the tenth working day after

(1) the defendant's consent to be tried upon a bill of information, or the service of notice upon him that a true bill of indictment has been found by the grand jury, or
(2) the appointment of counsel—whichever is later.
For the purposes of this subsection a defendant is represented by counsel only if
counsel was retained by or appointed for him prior to or during a probable cause
hearing or prior to execution by him of a waiver of a probable cause hearing.

(e) The State may as a matter of right request voluntary discovery from the
defendant, when authorized under this Article, at any time not later than the
tenth working day after disclosure by the State with respect to the category of
discovery in question.

(f) A motion for discovery made at any time prior to trial may be entertained
if the parties so stipulate or if the judge for good cause shown determines that
the motion should be allowed in whole or in part.

"§ 15A-903. Disclosure of evidence by the State; information subject to
disclosure.—(a) Statement of Defendant. Upon motion of a defendant, the court
must order the solicitor:

(1) To permit the defendant to inspect and copy or photograph any
relevant written or recorded statements made by the defendant, or
copies thereof, within the possession, custody, or control of the State the
existence of which is known or by the exercise of due diligence may
become known to the solicitor; and

(2) To divulge, in written or recorded form, the substance of any oral
statement made by the defendant which the State intends to offer in
evidence at the trial.

(b) Statement of a co-defendant. Upon motion of a defendant, the court must
order the solicitor:

(1) To permit the defendant to inspect and copy or photograph any written
or recorded statement of a co-defendant which the State intends to offer
in evidence at their joint trial; and

(2) To divulge, in written or recorded form, the substance of any oral
statement made by a co-defendant which the State intends to offer in
evidence at their joint trial.

(c) Defendant’s Prior Record. Upon motion of the defendant, the court must
order the State to furnish to the defendant a copy of his prior criminal record, if
any, as is available to the solicitor.

(d) Documents and Tangible Objects. Upon motion of the defendant, the
court must order the solicitor to permit the defendant to inspect and copy or
photograph books, papers, documents, photographs, motion pictures, mechanical

within the possession, custody, or control of the State and which are material to
the preparation of his defense, are intended for use by the State as evidence at
the trial, or were obtained from or belong to the defendant.

(e) Reports of Examinations and Tests. Upon motion of a defendant, the
court must order the solicitor to provide a copy of or to permit the defendant to
inspect and copy or photograph results or reports of physical or mental
examinations or of tests, measurements or experiments made in connection with
the case, or copies thereof, within the possession, custody, or control of the State,
the existence of which is known or by the exercise of due diligence may become

the solicitor if the State intends to offer the evidence, or tests or experiments made in connection with the evidence, as an exhibit or evidence in the case.

"§ 15A-904. Disclosure of evidence by the State; certain reports not subject to disclosure.—(a) Except as provided in G.S. 15A-903(a), (b), (c) and (e), this Article does not require the production of reports, memoranda, or other internal documents made by the solicitor, law enforcement officers, or other persons acting on behalf of the State in connection with the investigation or prosecution of the case, or of statements made by witnesses or prospective witnesses of the State to anyone acting on behalf of the State.

(b) Nothing in this section prohibits a solicitor from making voluntary disclosures in the interests of justice.

"§ 15A-905. Disclosure of evidence by the defendant; information subject to disclosure.—(a) Documents and Tangible Objects. If the court grants any relief sought by the defendant under G.S. 15A-903(d), the court must, upon motion of the State, order the defendant to permit the State to inspect and copy or photograph books, papers, documents, photographs, motion pictures, mechanical or electronic recordings, tangible objects, or copies or portions thereof which are within the possession, custody, or control of the defendant and which the defendant intends to introduce in evidence at the trial.

(b) Reports of Examinations and Tests. If the court grants any relief sought by the defendant under G.S. 15A-903(e), the court must, upon motion of the State, order the defendant to permit the State to inspect and copy or photograph results or reports of physical or mental examinations or of tests, measurements or experiments made in connection with the case, or copies thereof, within the possession and control of the defendant which the defendant intends to introduce in evidence at the trial or which were prepared by a witness whom the defendant intends to call at the trial, when the results or reports relate to his testimony. In addition, upon motion of a solicitor, the court must order the defendant to permit the solicitor to inspect, examine, and test, subject to appropriate safeguards, any physical evidence or a sample of it available to the defendant if the defendant intends to offer such evidence, or tests or experiments made in connection with such evidence, as an exhibit or evidence in the case.

"§ 15A-906. Disclosure of evidence by the defendant; certain evidence not subject to disclosure.—Except as provided in G.S. 15A-905(b) this Article does not authorize the discovery or inspection of reports, memoranda, or other internal defense documents made by the defendant or his attorneys or agents in connection with the investigation or defense of the case, or of statements made by the defendant, or by prosecution or defense witnesses, or by prospective prosecution witnesses or defense witnesses, to the defendant, his agents, or attorneys.

"§ 15A-907. Continuing duty to disclose.—If a party, subject to compliance with an order issued pursuant to this Article, discovers prior to or during trial additional evidence or decides to use additional evidence, and the evidence is or may be subject to discovery or inspection under this Article, he must promptly notify the attorney for the other party of the existence of the additional evidence or the name of each additional witness.

"§ 15A-908. Regulation of discovery; protective orders.—(a) Upon written motion of a party and a finding of good cause, the court may at any time order that discovery or inspection be denied, restricted, or deferred, or may make other appropriate orders.

(b) The court may permit a party seeking relief under subsection (a) to submit supporting affidavits or statements to the court for in camera inspection. If thereafter the court enters an order granting relief under subsection (a), the material submitted in camera must be sealed and preserved in the records of the court to be made available to the appellate court in the event of an appeal.

“§ 15A-909. Regulation of discovery; time, place, and manner of discovery and inspection.—An order of the court granting relief under this Article must specify the time, place, and manner of making the discovery and inspection permitted and may prescribe appropriate terms and conditions.

“§ 15A-910. Regulation of discovery; failure to comply.—(a) If at any time during the course of the proceedings the court determines that a party has failed to comply with this Article or with an order issued pursuant to this Article, the court in addition to exercising its contempt powers may

(1) Order the party to permit the discovery or inspection, or
(2) Grant a continuance or recess, or
(3) Prohibit the party from introducing evidence not disclosed, or
(4) Enter other appropriate orders.

(b) If a party calls a witness other than a rebuttal witness without first having given notice to the other party of the name of the witness as required in this Article, upon motion of the aggrieved party, the court must either:

(1) Prohibit the party from eliciting testimony from the witness, or
(2) Recess the case for such time as the court deems necessary for the aggrieved party to prepare to cross-examine the witness effectively, or
(3) Subject to the provisions of subsection (c), grant a mistrial.

(c) The court may grant a mistrial as provided in subsection (b)(3) above only with the consent of the defendant or upon his motion. Otherwise, the granting of the mistrial is in the discretion of the court under applicable rules of law.

“Article 49.
“Pleadings and Joinder.

“§ 15A-921. Pleadings in criminal cases. Subject to the provisions of this Article, the following may serve as pleadings of the State in criminal cases:

(1) Citation.
(2) Criminal summons.
(3) Warrant for arrest.
(4) Magistrate’s order pursuant to G.S. 15A-511(c) after arrest without warrant.
(5) Statement of charges.
(6) Information.
(7) Indictment.

“§ 15A-922. Use of pleadings in misdemeanor cases.—(a) Process as Pleadings. The citation, criminal summons, warrant for arrest, or magistrate’s order serves as the pleading of the State for a misdemeanor prosecuted in the district court, unless the solicitor files a statement of charges, or there is objection to trial on a citation. When a statement of charges is filed it supersedes all previous pleadings of the State and constitutes the pleading of the State.
(b) Statement of Charges.
(1) A statement of charges is a criminal pleading which charges a misdemeanor. It must be signed by the solicitor who files it.
(2) Upon appropriate motion, a defendant is entitled to a period of at least three working days for the preparation of his defense after a statement of charges is filed, or the time the defendant is first notified of the statement of charges, whichever is later, unless the judge finds that the statement of charges makes no material change in the pleadings and that no additional time is necessary.
(3) If the judge rules that the pleadings charging a misdemeanor are insufficient and a solicitor is permitted to file a statement of charges pursuant to subsection (e), the order of the judge must allow the solicitor three working days, unless the judge determines that a longer period is justified, in which to file the statement of charges, and must provide that the charges will be dismissed if the statement of charges is not filed within the period allowed.

(c) Objection to Trial on Citation. A defendant charged in a citation with a criminal offense may by appropriate motion require that the offense be charged in a new pleading. The solicitor must then file a statement of charges unless it appears that a criminal summons or a warrant for arrest should be secured in order to insure the attendance of the defendant, and in addition serve as the new pleading.

(d) Statement of Charges upon Determination of Solicitor. The solicitor may file a statement of charges upon his own determination at any time prior to arraignment in the district court. It may charge the same offenses as the citation, criminal summons, warrant for arrest, or magistrate’s order or additional or different offenses.

(e) Objection to Sufficiency of Criminal Summons; Warrant for Arrest or Magistrate’s Order as Pleading. If the defendant by appropriate motion objects to the sufficiency of a criminal summons, warrant for arrest, or magistrate’s order as a pleading, at the time of or after arraignment in the district court or upon trial de novo in the superior court, and the judge rules that the pleading is insufficient, the solicitor may file a statement of charges, but a statement of charges filed pursuant to this authorization may not change the nature of the offense.

(f) Amendment of Pleadings Prior To or After Final Judgment. A statement of charges, criminal summons, warrant for arrest, or magistrate’s order may be amended at any time prior to or after final judgment when the amendment does not change the nature of the offense charged.

(g) Pleadings When Misdemeanor Prosecution Initiated in Superior Court. When the prosecution of a misdemeanor is initiated in the superior court as permitted by G.S. 7A-271, the prosecution must be upon information or indictment.

(h) Allegations in Superior Court of Prior Convictions. When charges in the district court involve allegations or prior convictions and there is an appeal to the superior court for trial de novo, a statement of charges must be filed in the superior court to charge the offense in the manner provided in G.S. 15A-928.

“§ 15A-923. Use of pleadings in felony cases and misdemeanor cases initiated in the superior court division.—(a) Prosecution on Information or Indictment. The pleading in felony cases and misdemeanor cases initiated in the superior
court division must be a bill of indictment, unless there is a waiver of the bill of indictment as provided in G.S. 15A-642. If there is a waiver, the pleading must be an information. A presentment by the grand jury may not serve as the pleading in a criminal case.

(b) Form of Information or Indictment. An information and a bill of indictment charge the crime or crimes in the same manner. An information has entered upon it or attached to it the defendant's written waiver of a bill of indictment. The bill of indictment has entered upon it the finding of the grand jury that it is a true bill.

(c) Waiver of Indictment. The defendant may waive a bill of indictment as provided in G.S. 15A-642.

(d) Amendment of Information. An information may be amended only with the consent of the defendant.

(e) No Amendment of Indictment. A bill of indictment may not be amended.

"§ 15A-924. Contents of pleadings.—(a) A criminal pleading must contain:

(1) The name or other identification of the defendant but the name of the defendant need not be repeated in each count unless required for clarity.

(2) A separate count addressed to each offense charged, but allegations in one count may be incorporated by reference in another count.

(3) A statement or cross reference in each count indicating that the offense charged therein was committed in a designated county.

(4) A statement or cross reference in each count indicating that the offense charged was committed on, or on or about, a designated date, or during a designated period of time. Error as to a date or its omission is not ground for dismissal of the charges or for reversal of a conviction if time was not of the essence with respect to the charge and the error or omission did not mislead the defendant to his prejudice.

(5) A plain and concise factual statement in each count which, without allegations of an evidentiary nature, asserts facts supporting every element of a criminal offense and the defendant's commission thereof with sufficient precision clearly to apprise the defendant or defendants of the conduct which is the subject of the accusation. When the pleading is a criminal summons, warrant for arrest, or magistrate's order, or statement of charges based thereon, both the statement of the crime and any information showing probable cause which was considered by the judicial official and which has been furnished to the defendant must be used in determining whether the pleading is sufficient to meet the foregoing requirement.

(6) For each count a citation of any applicable statute, rule, regulation, ordinance, or other provision of law alleged therein to have been violated. Error in the citation or its omission is not ground for dismissal of the charges or for reversal of a conviction.

(b) If any count of an indictment or information charges more than one offense, the defendant may by timely filing of a motion require the State to elect and state a single offense alleged in the count upon which the State will proceed to trial. A count may be dismissed for duplicity if the State fails to make timely election.

(c) In trials in superior court, allegations of previous convictions are subject to the provisions of G.S. 15A-928.
(d) In alleging and proving a prior conviction, it is sufficient to state that the defendant was at a certain time and place convicted of the previous offense, without otherwise fully alleging all the elements. A duly certified transcript of the record of a prior conviction is, upon proof of the identity of the person of the defendant, sufficient evidence of a prior conviction. If the surname of a defendant charged is identical to the surname of a defendant previously convicted and there is identity with respect to one given name, or two initials, or two initials corresponding with the first letters of given names, between the two defendants, and there is no evidence that would indicate the two defendants are not one and the same, the identity of name is prima facie evidence that the two defendants are the same person.

(e) Upon motion of a defendant under G.S. 15A-952(b) the court must dismiss the charges contained in a pleading which fails to charge the defendant with a crime in the manner required by subsection (a), unless the failure is with regard to a matter as to which an amendment is allowable.

(f) Upon motion of a defendant under G.S. 15A-952(b) the court may strike inflammatory or prejudicial surplusage from the pleading.

"§ 15A-925. Bill of particulars.—(a) Upon motion of a defendant under G.S. 15A-952, the court in which a charge is pending may order the State to file a bill of particulars with the court and to serve a copy upon the defendant.

(b) A motion for a bill of particulars must request and specify items of factual information desired by the defendant which pertain to the charge and which are not recited in the pleading, and must allege that the defendant cannot adequately prepare or conduct his defense without such information.

(c) If any or all of the items of information requested are necessary to enable the defendant adequately to prepare or conduct his defense, the court must order the State to file and serve a bill of particulars. Nothing contained in this section authorizes an order for a bill of particulars which requires the State to recite matters of evidence.

(d) The bill of particulars must be filed with the court and must recite every item of information required in the order. A copy must be served upon the defendant, or his attorney. The proceedings are stayed pending the filing and service.

(e) A bill of particulars may not supply an omission or cure a defect in a criminal pleading. The evidence of the State, as to those matters within the scope of the motion, is limited to the items set out in the bill of particulars. The court may permit amendment of a bill of particulars at any time prior to trial.

"§ 15A-926. Joinder of offenses and defendants.—(a) Joinder of Offenses. Two or more offenses may be joined in one pleading when the offenses, whether felonies or misdemeanors or both, are based on the same act or transaction or on a series of acts or transactions connected together or constituting parts of a single scheme or plan. Each offense must be stated in a separate count as required by G.S. 15A-924.

(b) Separate Pleadings for each Defendant and Joinder of Defendants for Trial.

(1) Each defendant must be charged in a separate pleading.

(2) Upon written motion of the solicitor, charges against two or more defendants may be joined for trial:

a. When each of the defendants is charged with accountability for each offense; or
b. When, even if all of the defendants are not charged with accountability for each offense, the several offenses charged:
   1. Were part of a common scheme or plan; or
   2. Were part of the same act or transaction; or
   3. Were so closely connected in time, place, and occasion that it would be difficult to separate proof of one charge from proof of the others.

(c) Failure to Join Related Offenses.
(1) When a defendant has been charged with two or more offenses joinable under subsection (a) his timely motion to join them for trial must be granted unless the court determines that because the solicitor does not have sufficient evidence to warrant trying some of the offenses at that time or if, for some other reason, the ends of justice would be defeated if the motion were granted. A defendant's failure to make this motion constitutes a waiver of any right of joinder of offenses joinable under subsection (a) with which the defendant knew he was charged.

(2) A defendant who has been tried for one offense may thereafter move to dismiss a charge of a joinable offense. The motion to dismiss must be made prior to the second trial, and must be granted unless
   a. a motion for joinder of these offenses was previously denied, or
   b. the court finds that the right of joinder has been waived, or
   c. the court finds that because the solicitor did not have sufficient evidence to warrant trying this offense at the time of the first trial, or because of some other reason, the ends of justice would be defeated if the motion were granted.

(3) The right to joinder under this subsection is not applicable when the defendant has pleaded guilty or no contest to the previous charge.

"§ 15A-927. Severance of offenses; objection to joinder of defendants for trial.—(a) Timeliness of Motion; Waiver; Double Jeopardy.
(1) A defendant's motion for severance of offenses must be made before trial as provided in G.S. 15A-952, except as provided in G.S. 15A-953, and except that a motion for severance may be made before or at the close of the State's evidence if based upon a ground not previously known. Any right to severance is waived if the motion is not made at the appropriate time.

(2) If a defendant's pretrial motion for severance is overruled, he may renew the motion on the same grounds before or at the close of all the evidence. Any right to severance is waived by failure to renew the motion.

(3) Unless consented to by the defendant, a motion by the solicitor for severance of offenses may be granted only prior to trial.

(4) If a motion for severance of offenses is granted during the trial, a motion by the defendant for a mistrial must be granted.

(b) Severance of Offenses. The court, on motion of the solicitor or on motion of the defendant, must grant a severance of offenses whenever:
   1. If before trial, it is found necessary to promote a fair determination of the defendant's guilt or innocence of each offense; or
   2. If during trial, upon motion of the defendant or motion of the solicitor with the consent of the defendant, it is found necessary to achieve a fair determination of the defendant's guilt or innocence of each offense. The court must consider whether, in view of the number of offenses charged
CHAPTER 1286    Session Laws—1973

and the complexity of the evidence to be offered, the trier of fact will be able to distinguish the evidence and apply the law intelligently as to each offense.

(c) Objection to Joinder of Charges Against Multiple Defendants for Trial; Severance.

(1) When a defendant objects to joinder of charges against two or more defendants for trial because an out-of-court statement of a co-defendant makes reference to him but is not admissible against him, the court must require the solicitor to select one of the following courses:
   a. A joint trial at which the statement is not admitted into evidence; or
   b. A joint trial at which the statement is admitted into evidence only after all references to the moving defendant have been effectively deleted so that the statement will not prejudice him; or
   c. A separate trial of the objecting defendant.

(2) The court, on motion of the solicitor, or on motion of the defendant other than under subdivision (1) above must deny a joinder for trial or grant a severance of defendants whenever:
   a. If before trial, it is found necessary to protect a defendant’s right to a speedy trial, or it is found necessary to promote a fair determination of the guilt or innocence of one or more defendants; or
   b. If during trial, upon motion of the defendant whose trial is to be severed, or motion of the solicitor with the consent of the defendant whose trial is to be severed, it is found necessary to achieve a fair determination of the guilt or innocence of that defendant.

(3) The court may order the solicitor to disclose, out of the presence of the jurors, any statements made by the defendants which he intends to introduce in evidence at the trial when that information would assist the court in ruling on an objection to joinder of defendants for trial or a motion for severance of defendants.

(d) Failure to Prove Grounds for Joinder of Defendants for Trial. If a defendant moves for severance at the conclusion of the State’s case or of all the evidence, and there is not sufficient evidence to support the allegation upon which the moving defendant was joined for trial with the other defendant or defendants, the court must grant a severance if, in view of this lack of evidence, severance is found necessary to achieve a fair determination of that defendant’s guilt or innocence.

(e) Severance on Motion of Court. The court may order a severance of offenses before trial or deny the joinder of defendants for trial if a severance or denial of joinder could be obtained on motion of a defendant or the solicitor.

"§ 15A-928. Allegations of previous convictions prohibited.—(a) When the fact that the defendant has been previously convicted of an offense raises an offense of lower grade to one of higher grade and thereby becomes an element of the latter, an indictment or information for the higher offense may not allege the previous conviction. If a reference to a previous conviction is contained in the statutory name or title of the offense, the name or title may not be used in the indictment or information, but an improvised name or title must be used which labels and distinguishes the offense without reference to a previous conviction.

(b) An indictment or information for the offense must be accompanied by a special indictment or information, filed with the principal pleading, charging
that the defendant was previously convicted of a specified offense. At the solicitor's option, the special indictment or information may be incorporated in the principal indictment as a separate count. Except as provided in subsection (c) below, the State may not refer to the special indictment or information during the trial nor adduce any evidence concerning the previous conviction alleged therein.

(c) After commencement of the trial and before the close of the State's case, the judge in the absence of the jury must arraign the defendant upon the special indictment or information, and must advise him that he may admit the previous conviction alleged, deny it, or remain silent. Depending upon the defendant's response, the trial of the case must then proceed as follows:

(1) If the defendant admits the previous conviction, that element of the offense charged in the indictment or information is established, no evidence in support thereof may be adduced by the State, and the judge must submit the case to the jury without reference thereto and as if the fact of such previous conviction were not an element of the offense. The court may not submit to the jury any lesser included offense which is distinguished from the offense charged solely by the fact that a previous conviction is not an element thereof.

(2) If the defendant denies the previous conviction or remains silent, the State may prove that element of the offense charged before the jury as a part of its case. This section applies only to proof of a prior conviction when it is an element of the crime charged, and does not prohibit the State from introducing proof of prior convictions when otherwise permitted under the rules of evidence.

(d) When a misdemeanor is tried de novo in superior court in which the fact of a previous conviction is an element of the offense affecting punishment, the State must replace the pleading in the case with superseding statements of charges separately alleging the substantive offense and the fact of any prior conviction, in accordance with the provisions of this section relating to indictments and informations. Any jury trial in superior court on the misdemeanor must be held in accordance with the provisions of subsections (b) and (c).

(e) Nothing contained in this section precludes the State from proving a prior conviction before a grand jury or relieves the State from the obligation or necessity of so doing in order to submit a legally sufficient case.

"Article 50.
"Voluntary Dismissal.

"§ 15A-931. Voluntary dismissal of criminal charges by the State.—(a) The solicitor may dismiss any charges stated in a criminal pleading by entering an oral dismissal in open court before or during the trial, or by filing a written dismissal with the clerk at any time. The clerk must record the dismissal entered by the solicitor and note in the case file whether a jury has been impaneled or evidence has been introduced.

(b) No statute of limitations is tolled by charges which have been dismissed pursuant to this section.

"Article 51.
"ARRAIGNMENT.

"§ 15A-941. Arraignment before judge.—Arraignment consists of bringing a defendant in open court before a judge having jurisdiction to try the offense,
advising him of the charges pending against him, and directing him to plead. The solicitor must read the charges or fairly summarize them to the defendant. If the defendant fails to plead, the court must record that fact, and the defendant must be tried as if he had pleaded not guilty.

"§ 15A-942. Right to counsel.—If the defendant appears at the arraignment without counsel, the court must inform the defendant of his right to counsel, must accord the defendant opportunity to exercise that right, and must take any action necessary to effectuate the right.

"§ 15A-943. Arraignment in superior court; required calendaring.—(a) In counties in which there are regularly scheduled 20 or more weeks of trial sessions of superior court at which criminal cases are heard, and in other counties the Chief Justice designates, the solicitor must calendar arraignments in the superior court on at least the first day of every other week in which criminal cases are heard. No cases in which the presence of a jury is required may be calendared for the day or portion of a day during which arraignments are calendared.

(b) When a defendant pleads not guilty at an arraignment required by subsection (a), he may not be tried without his consent in the week in which he is arraigned.

"§ 15A-944. Arraignment in superior court; optional calendaring.—In counties other than those described in G.S. 15A-943 the solicitor may, but is not required to, calendar arraignments in the manner described in that section.

"§ 15A-945. Waiver of arraignment.—A defendant who is represented by counsel and who wishes to plead not guilty may waive arraignment prior to the day for which arraignment is calendared by filing a written plea, signed by the defendant and his counsel.

“Article 52.

“Motions Practice.

“§ 15A-951. Motions in general; definition, service, and filing.—(a) A motion must:

(1) Unless made during a hearing or trial, be in writing;
(2) State the grounds of the motion; and
(3) Set forth the relief or order sought.

(b) Each written motion must be served upon the attorney of record for the opposing party or upon the defendant if he is not represented by counsel. Service upon the attorney or upon a party may be made by delivering a copy of the motion to him or by mailing it to him at his address of record. Delivery of a copy within the meaning of this Article means handing it to the attorney or to the party or leaving it at the attorney’s office with an associate or employee. Service by mail is complete upon deposit of the motion enclosed in a postpaid, properly addressed wrapper in a post office or official depository under the exclusive care and custody of the Postal Service of the United States.

(c) All written motions must be filed with the court. Proof of service must be made by filing with the court a certificate:

(1) By the solicitor, attorney, or defendant making the motion that the paper was served in the manner prescribed; or
(2) Of acceptance of service by the solicitor, attorney, or defendant to be served.

The certificate must show the date and method of service or the date of acceptance of service.
"§ 15A-952. Pretrial motions; time for filing, sanction for failure to file, motion hearing date.—(a) Any defense, objection, or request which is capable of being determined without the trial of the general issue may be raised before trial by motion.

(b) Except as provided in subsection (d), when the following motions are made in superior court they must be made within the time limitations stated in subsection (c) unless the court permits filing at a later time:

1. Motions to continue.
2. Motions for a change of venue under G.S. 15A-957.
3. Motions for a special venire under G.S. 9-12 or G.S. 15A-958.
5. Motions to dismiss for improper venue.
6. Motions addressed to the pleadings, including:
   a. Motions to dismiss for failure to plead under G.S. 15A-924(e).
   b. Motions to strike under G.S. 15A-924(f).
   c. Motions for bills of particulars under G.S. 15A-924(b) or G.S. 15A-925.
   d. Motions for severance of offenses, to the extent required by G.S. 15A-927.
   e. Motions for joinder of related offenses under G.S. 15A-926(c).

(c) Unless otherwise provided, the motions listed in subsection (b) must be made at or before the time of arraignment if arraignment is held prior to the session of court for which the trial is calendared. If arraignment is to be held at the session for which trial is calendared, the motions must be filed on or before five o'clock p.m. on the Wednesday prior to the session when trial of the case begins.

(d) Motions concerning jurisdiction of the court or the failure of the pleading to charge an offense may be made at any time.

(e) Failure to file the motions in subsection (b) within the time required constitutes a waiver of the motion. The court may grant relief from any waiver except failure to move to dismiss for improper venue.

(f) When a motion is made before trial, the court in its discretion may hear the motion before trial, on the date set for arraignment, on the date set for trial before a jury is impaneled, or during trial.

"§ 15A-953. Motions practice in district court.—In misdemeanor prosecutions in the district court motions should ordinarily be made upon arraignment or during the course of trial, as appropriate. A written motion may be made prior to trial in district court. With the consent of other parties and the district court judge, a motion may be heard before trial. Upon trial de novo in superior court, motions are subject to the provisions of G.S. 15A-952, and except as provided in G.S. 15A-135, no motion in superior court is prejudiced by any ruling upon, or a failure to make timely motion on, the subject in district court.

"§ 15A-954. Motion to dismiss; grounds applicable to all criminal pleadings; dismissal of proceedings upon death of defendant.—(a) The court on motion of the defendant must dismiss the charges stated in a criminal pleading if it determines that:

1. The statute alleged to have been violated is unconstitutional on its face or as applied to the defendant.
(2) The statute of limitations has run.
(3) The defendant has been denied a speedy trial as required by the Constitution of the United States and the Constitution of North Carolina.
(4) The defendant's constitutional rights have been flagrantly violated and there is such irreparable prejudice to the defendant's preparation of his case that there is no remedy but to dismiss the prosecution.
(5) The defendant has previously been placed in jeopardy of the same offense.
(6) The defendant has previously been charged with the same offense in another North Carolina court of competent jurisdiction, and the criminal pleading charging the offense is still pending and valid.
(7) An issue of fact or law essential to a successful prosecution has been previously adjudicated in favor of the defendant in a prior action between the parties.
(8) The court has no jurisdiction of the offense charged.
(9) The defendant has been granted immunity by law from prosecution.
(10) The pleading fails to charge an offense as provided in G.S. 15A-924(e).

(b) Upon suggestion to the court that the defendant has died, the court upon determining that the defendant is dead must dismiss the charges.

c) A motion to dismiss for the reasons set out in subsection (a) may be made at anytime.

"§ 15A-955. Motion to dismiss; grounds applicable to indictments.—The court on motion of the defendant may dismiss an indictment if it determines that:

(1) There is ground for a challenge to the array,
(2) The requisite number of qualified grand jurors did not concur in finding the indictment, or
(3) All of the witnesses before the grand jury on the bill of indictment were incompetent to testify.

"§ 15A-956. Deferral of ruling on motion to dismiss when charge to be reinstituted.—If a motion to dismiss is made at arraignment or trial, upon motion of the solicitor the court may recess the proceedings for a period of time requested by the solicitor, not to exceed 24 hours, prior to ruling upon the motion.

"§ 15A-957. Motion for change of venue.—If, upon motion of the defendant, the court determines that there exists in the county in which the prosecution is pending so great a prejudice against the defendant that he cannot obtain a fair and impartial trial, the court must either:

(1) Transfer the proceeding to another county in the judicial district or to another county in an adjoining judicial district, or
(2) Order a special venire under the terms of G.S. 15A-958.

The procedure for change of venue is in accordance with the provisions of Article 3 of this Chapter, Venue.

"§ 15A-958. Motion for a special venire from another county.—Upon motion of the defendant or the State, or on its own motion, a court may issue an order for a special venire of jurors from another county if in its discretion it determines the action to be necessary to insure a fair trial. The procedure for securing this special venire is governed by G.S. 9-12.
§ 15A-959. Notice of defense of insanity.—(a) If a defendant intends to raise the defense of insanity, he must within the time provided for the filing of pretrial motions under G.S. 15A-952 file a notice of his intention to rely on the defense of insanity. The court may for cause shown allow late filing of the notice or grant additional time to the parties to prepare for trial or make other appropriate orders.

(b) If a defendant intends to introduce expert testimony relating to a mental disease, defect, or other condition bearing upon the issue of whether he had the mental state required for the offense charged, he must within the time provided for the filing of pretrial motions under G.S. 15A-952(b) file a notice of that intention. The court may for cause shown allow late filing of the notice or grant additional time to the parties to prepare for trial or make other appropriate orders.

Article 53.

Motion to Suppress Evidence.

§ 15A-971. Definitions.—As used in this Article the following definitions apply unless the context clearly requires otherwise:

1. Evidence. When referring to matter in the possession of or available to a solicitor, any tangible property or potential testimony which may be offered in evidence in a criminal action.

2. Potential Testimony. Information or factual knowledge of a person who is or may be available as a witness.

§ 15A-972. Motion to suppress evidence before trial in superior court in general.—When an indictment has been returned or an information has been filed in the superior court, or a defendant has been bound over for trial in superior court, a defendant who is aggrieved may move to suppress evidence in accordance with the terms of this Article.

§ 15A-973. Motion to suppress evidence in district court.—In misdemeanor prosecutions in the district court, motions to suppress evidence should ordinarily be made during the course of the trial. A motion to suppress may be made prior to trial. With the consent of the solicitor and the district court judge, the motion may be heard prior to trial.

§ 15A-974. Exclusion or suppression of unlawfully obtained evidence.—Upon timely motion, evidence must be suppressed if:

1. Its exclusion is required by the Constitution of the United States or the Constitution of the State of North Carolina; or

2. It is obtained as a result of a substantial violation of the provisions of this Chapter. In determining whether a violation is substantial, the court must consider all the circumstances, including:

   a. The importance of the particular interest violated;
   b. The extent of the deviation from lawful conduct;
   c. The extent to which the violation was wilful;
   d. The extent to which exclusion will tend to deter future violations of this Chapter.

§ 15A-975. Motion to suppress evidence in superior court prior to trial and during trial.—(a) In superior court, the defendant may move to suppress evidence only prior to trial unless the defendant did not have reasonable opportunity to make the motion before trial or unless a motion to suppress is allowed during trial under subsection (b) or (c).
(b) A motion to suppress may be made for the first time during trial when the State has failed to notify the defendant's counsel or, if he has none, the defendant, sooner than 20 working days before trial, of its intention to use the evidence, and the evidence is:

1. Evidence of a statement made by a defendant.
2. Evidence obtained by virtue of a search warrant; or
3. Evidence obtained as a result of search with a search warrant when the defendant was not present at the time of the execution of the search warrant.

(c) If, after a pretrial determination and denial of the motion, the judge is satisfied, upon a showing by the defendant, that additional pertinent facts have been discovered by the defendant which he could not have discovered with reasonable diligence before the determination of the motion, he may permit the defendant to renew the motion before the trial or, if not possible because of the time of discovery of alleged new facts, during trial.

When a misdemeanor is appealed by the defendant for trial *de novo* in superior court, the State need not give the notice required by this section.

“§ 15A-976. Timing of pretrial suppression motion and hearing.—(a) A motion to suppress evidence in superior court may be made at any time prior to trial except as provided in subsection (b).

(b) If the State gives notice not later than 20 working days before trial of its intention to use evidence and if the evidence is of a type listed in G.S. 15A-975 (b), the defendant may move to suppress the evidence only if its motion is made not later than 10 working days following receipt of the notice from the State.

(c) When the motion is made before trial, the judge in his discretion may hear the motion before trial, on the date set for arraignment, on the date set for trial before a jury is impaneled, or during trial. He may rule on the motion before trial or reserve judgment until trial.

“§ 15A-977. Motion to suppress evidence in superior court; procedure.—(a) A motion to suppress evidence in superior court made before trial must be in writing and a copy of the motion must be served upon the State. The motion must state the grounds upon which it is made. The motion must be accompanied by an affidavit containing facts supporting the motion. The affidavit may be based upon personal knowledge, or upon information and belief, if the source of the information and the basis for the belief are stated. The State may file an answer denying or admitting any of the allegations. A copy of the answer must be served on the defendant’s counsel, or on the defendant if he has no counsel.

(b) The judge must summarily grant the motion to suppress evidence if:
1. The motion complies with the requirements of subsection (a), it states grounds which require exclusion of the evidence, and the State concedes the truth of allegations of fact which support the motion; or
2. The State stipulates that the evidence sought to be suppressed will not be offered in evidence in any criminal action or proceeding against the defendant.

(c) The judge may summarily deny the motion to suppress evidence if:
1. The motion does not allege a legal basis for the motion; or
2. The affidavit does not as a matter of law support the ground alleged.

(d) If the motion is not determined summarily the judge must make the determination after a hearing and finding of facts. Testimony at the hearing must be under oath.
(e) A motion to suppress made during trial may be made in writing or orally and may be determined in the same manner as when made before trial. The hearing, if held, must be out of the presence of the jury.

(f) The judge must set forth in the record his findings of facts and conclusions of law.

“§ 15A-978. Motion to suppress evidence in superior court or district court; challenge of probable cause supporting search on grounds of truthfulness; when identity of informant must be disclosed.—(a) A defendant may contest the validity of a search warrant and the admissibility of evidence obtained thereunder by contesting the truthfulness of the testimony showing probable cause for its issuance. The defendant may contest the truthfulness of the testimony by cross-examination or by offering evidence. For the purposes of this section, truthful testimony is testimony which reports in good faith the circumstances relied on to establish probable cause.

(b) In any proceeding on a motion to suppress evidence pursuant to this section in which the truthfulness of the testimony presented to establish probable cause is contested and the testimony includes a report of information furnished by an informant whose identity is not disclosed in the testimony, the defendant is entitled to be informed of the informant’s identity unless:

1. The evidence sought to be suppressed was seized by authority of a search warrant or incident to an arrest with warrant; or
2. There is corroboration of the informant’s existence independent of the testimony in question.

The provisions of subdivisions (b)(1) and (b)(2) do not apply to situations in which disclosure of an informant’s identity is required by controlling constitutional decisions.

(c) This section does not limit the right of a defendant to contest the truthfulness of testimony offered in support of a search made without a warrant.

“§ 15A-979. Motion to suppress evidence in superior and district court; orders of suppression; effects of orders and of failure to make motion.—(a) Upon granting a motion to suppress evidence the judge must order that the evidence in question be excluded in the criminal action pending against the defendant. When the order is based upon the ground of an unlawful search and seizure and excludes tangible property unlawfully taken from the defendant’s possession, and when the property is not contraband or otherwise subject to lawful retention by the State or another, the judge must order that the property be restored to the defendant at the conclusion of the trial including all appeals.

(b) An order finally denying a motion to suppress evidence may be reviewed upon an appeal from a judgment of conviction, including a judgment entered upon a plea of guilty.

(c) An order by the superior court granting a motion to suppress prior to trial is appealable to the Appellate Division of the General Court of Justice prior to trial upon certificate by the solicitor to the judge who granted the motion that the appeal is not taken for the purpose of delay and that the evidence is essential to the case.

(d) A motion to suppress evidence made pursuant to this Article is the exclusive method of challenging the admissibility of evidence upon the grounds specified in G.S. 15A-974.

"Trial.
"Article 56.

"Incapacity to Proceed.

"§ 15A-1001. No proceedings when defendant mentally incapacitated; exception.—(a) No person may be tried, convicted, sentenced, or punished for a crime when by reason of mental illness or defect he is unable to understand the nature and object of the proceedings against him, to comprehend his own situation in reference to the proceedings, or to assist in his defense in a rational or reasonable manner. This condition is hereinafter referred to as 'incapacity to proceed'.

(b) This section does not prevent the court from going forward with any motions which can be handled by counsel without the assistance of the defendant.

"§ 15A-1002. Determination of incapacity to proceed; evidence; temporary commitment; temporary orders.—(a) The question of the capacity of the defendant to proceed may be raised at any time by the solicitor, the defendant, the defense counsel, or the court on its own motion.

(b) When the capacity of the defendant to proceed is questioned, the court:

(1) May appoint one or more impartial medical experts to examine the defendant and return a written report describing the present state of the defendant's mental health. Reports so prepared are admissible at the hearing and the court may call any expert so appointed to testify at the hearing. In addition, any expert so appointed may be called to testify at the hearing by the court at the request of either party.

(2) May commit the defendant to a State mental health facility for observation and treatment for the period necessary to determine the defendant's capacity to proceed. In no event may the period exceed 60 days. The superintendent of the facility must direct his report on defendant's condition to the defense attorney and to the clerk of superior court, who must bring it to the attention of the court. The report is admissible at the hearing.

a. If the report indicates that the defendant lacks capacity to proceed, proceedings for judicial hospitalization may be instituted on the basis of the report in either the county where the criminal proceedings are pending or in the county in which the defendant is hospitalized.

b. If the report indicates that the defendant has capacity to proceed, the clerk must direct the sheriff to return him to the county.

(3) Must hold a hearing to determine the defendant's capacity to proceed. If examination is ordered pursuant to subdivision (1) or (2), the hearing must be held after the examination. Reasonable notice must be given to the defendant and to the solicitor and the State and the defendant may introduce evidence.

(c) The court may make appropriate temporary orders for the confinement or security of the defendant pending the hearing or ruling of the court on the question of the capacity of the defendant to proceed.

"§ 15A-1003. Referral of incapable defendant for civil commitment proceedings.—(a) If a defendant is found to be incapable of proceeding, the court must enter an order directing the initiation of proceedings for judicial
hospitalization, and the court's order is a sufficient basis for the initiation of those proceedings.

(b) The court may make appropriate orders for the temporary detention of the defendant pending that proceeding.

(c) Evidence used at the hearing with regard to capacity to proceed is admissible in the judicial hospitalization proceedings.

§ 15A-1004. Orders for safeguarding of defendant and return for trial.—(a) When a defendant is found to be incapable of proceeding, the trial court must make appropriate orders to safeguard the defendant and to ensure his return for trial in the event that he subsequently becomes capable of proceeding.

(b) If the defendant is not placed in the custody of a hospital or other institution in a proceeding for judicial hospitalization, appropriate orders may include any of the procedures, orders, and conditions provided in Article 26 of this Chapter, Bail, specifically including the power to place the defendant in the custody of a designated person or organization agreeing to supervise him.

(c) If the defendant is placed in the custody of a hospital or other institution in a proceeding for judicial hospitalization, the orders must provide for reporting to the clerk if the defendant is to be released from the custody of the hospital or institution. The original or supplemental orders may make provisions as in subsection (b) in the event that the defendant is released.

(d) If the defendant is placed in the custody of a hospital or institution pursuant to proceedings for judicial hospitalization, or if the defendant is placed in the custody of another person pursuant to subsection (b), the orders of the trial court must require that the hospital, institution, or individual report the condition of the defendant to the clerk annually, or more frequently if the court requires, and immediately if the defendant gains capacity to proceed. The order must also require the report to state the likelihood of the defendant's gaining capacity to proceed, to the extent that the hospital, institution, or individual is capable of making such a judgment.

(e) The orders must require and provide for the return of the defendant to stand trial in the event that he gains capacity to proceed, unless the charges have been dismissed, and may also provide for the confinement or pretrial release of the defendant in that event.

(f) The orders of the court may be amended or supplemented from time to time as changed conditions require.

§ 15A-1005. Reporting to court with regard to defendants incapable of proceeding.—The clerk of the court in which the criminal proceeding is pending must keep a docket of defendants who have been determined to be incapable of proceeding. The clerk must submit the docket to the senior resident superior court judge in his district at least semi-annually.

§ 15A-1006. Return of defendant for trial upon gaining capacity.—If a defendant who has been determined to be incapable of proceeding, and who is in the custody of an institution or an individual, gains capacity to proceed, the individual or institution must notify the clerk in the county in which the criminal proceeding is pending. The clerk must notify the sheriff to return the defendant to the county for trial, and to hold him for trial, subject to the orders of the court entered pursuant to G.S. 15A-1004.

§ 15A-1007. Supplemental hearings.—(a) When it has been reported to the court that a defendant has gained capacity to proceed, or when the defendant has been determined by the individual or institution having custody of him to have
CHAPTER 1286   Session Laws—1973

gained capacity and has been returned for trial, the court may hold a supplemental hearing to determine whether the defendant has capacity to proceed. The court may take any action at the supplemental hearing that it could have taken at an original hearing to determine the capacity of the defendant to proceed.

(b) The court may hold a supplemental hearing any time upon its own determination that a hearing is appropriate or necessary to inquire into the condition of the defendant.

(c) The court must hold a supplemental hearing if it appears that any of the conditions for dismissal of the charges have been met.

“§ 15A-1008. Dismissal of charges.—When a defendant lacks capacity to proceed, the court may dismiss the charges:

1. When it appears to the satisfaction of the court that the defendant will not gain capacity to proceed; or
2. When the defendant has been substantially deprived of his liberty for a period of time equal to or in excess of the maximum permissible period of confinement for the crime or crimes charged; or
3. Upon the expiration of a period of five years from the date of determination of incapacity to proceed in the case of misdemeanor charges and a period of 10 years in the case of felony charges.

“Article 57.

“Pleas.

“§ 15A-1011. Pleas.—(a) A defendant may plead not guilty, guilty, or no contest ‘(nolo contendere)’. A plea may be received only from the defendant himself in open court except when:

1. The defendant is a corporation, in which case the plea may be entered by counsel or a corporate officer; or
2. There is a waiver of arraignment and a filing of a written plea of not guilty under G.S. 15A-945; or
3. In misdemeanor cases there is a written waiver of appearance submitted with the approval of the presiding judge; or
4. Written pleas in traffic cases are authorized under G.S. 7A-146(8); or
5. The defendant executes a waiver and plea of not guilty as provided in G.S. 15A-1011(d).

(b) A defendant may plead no contest only with the consent of the solicitor and the presiding judge.

(c) Upon entry of a plea of guilty or no contest or after conviction on a plea of not guilty, the defendant may request permission to enter a plea of guilty or no contest as to other crimes with which he is charged in the same or another judicial district. A defendant may not enter any plea to crimes charged in another judicial district unless the district solicitor of that district consents in writing to the entry of such plea. The solicitor or his representative may appear in person or by filing an affidavit as to the nature of the evidence gathered as to these other crimes. Entry of a plea under this subsection constitutes a waiver of venue. A superior court is granted jurisdiction to accept the plea, upon an appropriate indictment or information, even though the case may otherwise be within the exclusive original jurisdiction of the district court. A district court may accept pleas under this section only in cases within the original jurisdiction of the district court.
(d) A defendant may execute a written waiver of appearance and plead not guilty and designate legal counsel to appear in his behalf in the following circumstances:

1. The defendant agrees in writing to waive the right to testify in person and waives the right to face his accusers in person and agrees to be bound by the decision of the court as in any other case of adjudication of guilty and entry of judgment, subject to the right of appeal as in any other case; and

2. The defendant submits in writing circumstances to justify the request and submits in writing a request to proceed under this section; and

3. The judge allows the absence of the defendant because of distance, infirmity or other good cause.

(e) In the event the judge shall permit the procedure set forth in the foregoing subsection (d), the State may offer evidence and the defendant may offer evidence, with right of cross examination of witnesses, and the other procedures, including the right of the solicitor to dismiss the charges, shall be the same as in any other criminal case, except for the absence of defendant.

"§ 15A-1012. Pleas; aid of counsel; time for deliberation.—(a) A defendant may not be called upon to plead until he has had an opportunity to retain counsel or, if he is eligible for assignment of counsel, until counsel has been assigned or waived in accordance with Article 36 of Chapter 7A of the General Statutes.

(b) In cases in the original jurisdiction of the superior court a defendant who has waived counsel may not plead within less than seven days following the date he was arrested or was otherwise informed of the charge.

“Article 58.

“Procedures Relating to Guilty Pleas in Superior Court.

"§ 15A-1021. Plea conference; improper pressure prohibited; submission of arrangement to judge.—(a) In superior court, the prosecution and the defense may discuss the possibility that, upon the defendant's entry of a plea of guilty or no contest to one or more offenses, the solicitor will not charge, will dismiss, or will move for the dismissal of other charges, or will recommend or not oppose a particular sentence. If the defendant is represented by counsel in the discussions the defendant need not be present. The trial judge may not participate in the discussions.

(b) No person representing the State or any of its political subdivisions may bring improper pressure upon a defendant to induce a plea of guilty or no contest.

(c) If the parties have reached a proposed plea arrangement in which the solicitor has agreed to recommend a particular sentence, they may, with the permission of the trial judge, advise the judge of the terms of the arrangement and the reasons therefor in advance of the time for tender of the plea. The judge may indicate to the parties whether he will concur in the proposed disposition. The judge may withdraw his concurrence if he learns of information not consistent with the representations made to him.

"§ 15A-1022. Advising defendant of consequences of guilty plea; informed choice; factual basis for plea; admission of guilt not required.—(a) Except in the case of corporations or in misdemeanor cases in which there is a waiver of appearance under G.S. 15A-1011(a)(3), a superior court judge may not accept a
plea of guilty or no contest from the defendant without first addressing him personally and:

(1) Informing him that he has a right to remain silent and that any statement he makes may be used against him;
(2) Determining that he understands the nature of the charge;
(3) Informing him that he has a right to plead not guilty;
(4) Informing him that by his plea he waives his right to trial by jury and his right to be confronted by the witnesses against him;
(5) Determining that the defendant, if represented by counsel, is satisfied with his representation; and
(6) Informing him of the maximum possible sentence on the charge, including that possible from consecutive sentences, and of the mandatory minimum sentence, if any, on the charge.

(b) By inquiring of the solicitor and defense counsel and the defendant personally, the judge must determine whether there were any prior plea discussions, whether the parties have entered into any arrangement with respect to the plea and the terms thereof, and whether any improper pressure was exerted in violation of G.S. 15A-1021(b). The judge may not accept a plea of guilty or no contest from a defendant without first determining that the plea is a product of informed choice.

(c) The judge may not accept a plea of guilty or no contest without first determining that there is a factual basis for the plea. This determination may be based upon information including but not limited to:

(1) A statement of the facts by the solicitor.
(2) A written statement of the defendant.
(3) An examination of the presentence report.
(4) Sworn testimony, which may include reliable hearsay.
(5) A statement of facts by the defense counsel.

(d) The judge may accept the defendant's plea of no contest even though the defendant does not admit that he is in fact guilty if the judge is nevertheless satisfied that there is a factual basis for the plea. The judge must advise the defendant that if he pleads no contest he will be treated as guilty whether or not he admits guilt.

“§ 15A-1023. Action by judge in plea arrangements relating to sentence; no approval required when arrangement does not relate to sentence.—(a) If the parties have agreed upon a plea arrangement pursuant to G.S. 15A-1021 in which the solicitor has agreed to recommend a particular sentence, they must disclose the substance of their agreement to the judge at the time the defendant is called upon to plead.

(b) Before accepting a plea pursuant to a plea arrangement in which the solicitor has agreed to recommend a particular sentence, the judge must advise the parties whether he approves the arrangement and will dispose of the case accordingly. If the judge rejects the arrangement, he must so inform the parties, refuse to accept the defendant's plea of guilty or no contest, and advise the defendant personally that neither the State nor the defendant is bound by the rejected arrangement. The judge must advise the parties of the reasons he rejected the arrangement and afford them an opportunity to modify the arrangement accordingly. A decision by the judge disapproving a plea arrangement is not subject to appeal.
(c) If the parties have entered a plea arrangement relating to the disposition of charges in which the solicitor has not agreed to make any recommendations concerning sentence, the substance of the arrangement must be disclosed to the judge at the time the defendant is called upon to plead. The judge must accept the plea if he determines that the plea is the product of the informed choice of the defendant and that there is a factual basis for the plea.

“§ 15A-1024. Withdrawal of guilty plea when sentence not in accord with plea arrangement.—If at the time of sentencing, the judge for any reason determines to impose a sentence other than provided for in a plea arrangement between the parties, the judge must inform the defendant of that fact and inform the defendant that he may withdraw his plea. Upon withdrawal, the defendant is entitled to a continuance until the next session of court.

“§ 15A-1025. Plea discussion and arrangement inadmissible.—The fact that the defendant or his counsel and the solicitor engaged in plea discussions or made a plea arrangement may not be received in evidence against or in favor of the defendant in any criminal or civil action or administrative proceedings.

“§ 15A-1026. Record of proceedings.—A verbatim record of the proceedings at which the defendant enters a plea of guilty or no contest and of any preliminary consideration of a plea arrangement by the judge pursuant to G.S. 15A-1021(c) must be made and transcribed. This record must include the judge's advice to the defendant, and his inquiries of the defendant, defense counsel, and the solicitor, and any responses. If the plea arrangement has been reduced to writing, it must be made a part of the record; otherwise the judge must require that the terms of the arrangement be stated for the record and that the assent of the defendant, his counsel, and the solicitor be recorded.

“§ 15A-1027. Limitation on collateral attack on conviction.—Noncompliance with the procedures of this Article may not be a basis for review of a conviction after the appeal period for the conviction has expired, unless the review is required expressly authorized by G.S. 15-217.

“Article 61.

“Granting of Immunity to Witnesses.

“§ 15A-1051. Immunity; general provisions.—(a) A witness who asserts his privilege against self-incrimination in a hearing or proceeding in court or before a grand jury of North Carolina may be ordered to testify or produce other information as provided in this Article. He may not thereafter be excused from testifying or producing other information on the ground that his testimony or other information required of him may tend to incriminate him. No such witness may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled under these provisions to testify or to produce information, nor may testimony or other information so compelled, nor any information or evidence derived therefrom, be used against the witness in any criminal case, except a prosecution for perjury or any other offense arising from a failure to comply with such order.

(b) An order to testify or produce other information authorized by this Article may be issued prior to the witness’s assertion of his privilege against self-incrimination, but the order is not effective until the witness asserts his privilege against self-incrimination and the person presiding over the inquiry communicates the order to him.
CHAPTER 1286   Session Laws—1973

(c) As used in this Article, 'other information' includes any book, paper, document, record, recordation, tangible object, or other material.

"§ 15A-1052. Grant of immunity in court proceedings.—(a) When the testimony or other information is to be presented to a court of the trial division of the General Court of Justice, the order to the witness to testify or produce other information must be issued by a superior court judge, upon application of the district solicitor:

(1) Be in writing and filed with the permanent records of the case; or
(2) If orally made in open court, recorded and transcribed and made a part of the permanent records of the case.

(b) The application may be made whenever, in the judgment of the district solicitor, the witness has asserted or is likely to assert his privilege against self-incrimination and his testimony or other information is or will be necessary to the public interest. Before making application to the judge, the district solicitor must inform the Attorney General, or a Deputy or Assistant Attorney General designated by him, of the circumstances and his intent to make an application.

(c) In a jury trial the judge must inform the jury of the grant of immunity and the order to testify prior to the testimony of the witness under the grant of immunity. During the charge to the jury, the judge must instruct the jury as in the case of interested witnesses.

"§ 15A-1053. Grant of immunity before grand jury.—(a) When the testimony or other information is to be presented to a grand jury, the order to the witness to testify or produce other information must be issued by the presiding or convening superior court judge, upon application of the district solicitor. The order of a superior court judge under this section must be in writing and filed as a part of the permanent records of the court.

(b) The application may be made when the district solicitor has been informed by the foreman of the grand jury that the witness has asserted his privilege against self-incrimination and the district solicitor determines that the testimony or other information is necessary to the public interest. Before making application to the judge, the district solicitor must inform the Attorney General, or a Deputy or Assistant Attorney General designated by him, of the circumstances and his intent to make an application.

"§ 15A-1054. Charge reductions or sentence concessions in consideration of truthful testimony.—(a) Whether or not a grant of immunity is conferred under this Article, a solicitor, when the interest of justice requires, may exercise his discretion not to try any suspect for offenses believed to have been committed within the judicial district, to agree to charge reductions, or to agree to recommend sentence concessions, upon the understanding or agreement that the suspect will provide truthful testimony in one or more criminal proceedings.

(b) Recommendations as to sentence concessions must be made to the trial judge by the solicitor in accordance with the provisions of Article 58 of this Chapter, Procedure Relating to Guilty Pleas in Superior Court.

(c) When a solicitor enters into any arrangement authorized by this section, written notice fully disclosing the terms of the arrangement must be provided to defense counsel, or to the defendant if not represented by counsel, against whom such testimony is to be offered, a reasonable time prior to any proceeding in which the person with whom the arrangement is made is expected to testify. Upon motion of the defendant or his counsel on grounds of surprise or for other good cause or when the interests of justice require, the court must grant a recess.
§ 15A-1055. Evidence of grant of immunity or testimonial arrangement may be fully developed; impact may be argued to the jury.—(a) Notwithstanding any other rule of evidence to the contrary, any party may examine a witness testifying under a grant of immunity or pursuant to an arrangement under G.S. 15A-1054 with respect to that grant of immunity or arrangement. A party may also introduce evidence or examine other witnesses in corroboration or contradiction of testimony or evidence previously elicited by himself or another party concerning the grant of immunity or arrangement.

(b) A party may argue to the jury with respect to the impact of a grant of immunity or an arrangement under G.S. 15A-1054 upon the credibility of a witness.”

S. B. 1238   CHAPTER 1293

AN ACT TO ESTABLISH EQUAL EDUCATIONAL OPPORTUNITIES IN THE PUBLIC SCHOOLS; AND FOR OTHER PURPOSES.

The General Assembly of North Carolina enacts:

Section 1. The General Assembly of North Carolina finds:
(a) That the people of North Carolina have historically had a high regard for equal educational opportunities, and have set forth a mandate in the Constitution of North Carolina providing in Article I, Section 15 and in Article IX, Section 2 that the people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right, and that the General Assembly shall provide a general and uniform system of free public schools;
(b) That past program development for children has resulted in a great variation of services, particularly to those children with special needs, with some children having a greater educational opportunity than others; that the labeling of children, and defining the needs of children within the boundaries of those labels, have had a stigmatizing effect and have caused service and education programs to be overly narrow and rigid, both in their content and their inclusion and exclusion policies.

Sec. 2. The General Assembly of North Carolina hereby declares that the policy of the State is to ensure every child a fair and full opportunity to reach his full potential and that no child as defined in this act shall be excluded from service or education for any reason whatsoever.

Sec. 3. The General Assembly of North Carolina further declares that the public policy of North Carolina is defined in greater detail to carry out the foregoing stated policies as follows:
(a) The State shall provide for a comprehensive early childhood development program by emphasizing preventative and remedial measures designed to provide the services which will enable children to develop to the maximum level their physical, mental, social, and emotional potentials and to strengthen the role of the family as the first and most fundamental influence on child development.
(b) The State shall develop a system of educational opportunities for all children with special needs and require the identification and evaluation of the needs of children and the adequacy of various education programs before
placement of children, and shall provide for periodic evaluation of the benefits of programs to the individual child and the nature of the child’s needs thereafter;

(c) The State shall prevent denial of equal educational and service opportunity on the basis of national origin, sex, economic status, race, religion, and physical, mental, social or emotional handicap in the provision of services to any child;

(d) It is recognized that children have a variety of characteristics and needs, all of which must be considered if the potential of each child is to be realized; that in order to accomplish this the State must develop a full range of service and education programs, and that a program must actually benefit a child or be designed to benefit a particular child in order to provide such child with appropriate educational and service opportunities.

Sec. 4. The General Assembly of North Carolina finds that various studies and various programs have been undertaken and that tremendous public interest exists to seek ways of more effectively rendering a beneficial service to all of our children, and especially with children who have special needs.

In this context the term “child with special needs” means any child who because of temporary or permanent disabilities arising from intellectual, sensory, emotional, physical, environmental factors, or other specific learning disability is inhibited from achieving his full potential; to include, but not limited to, the educable, trainable, profoundly, and functionally retarded, emotionally disturbed, learning disabled, the physically handicapped or other impairments including hospitalized, homebound, or pregnant, the deaf or hearing-impaired, the language or speech-impaired, the blind or visually-impaired, gifted and talented, autistic, dependent, abused, neglected, multiply-impaired, and socially maladjusted.

Sec. 5. The General Assembly finds that a separate legislative act (Senate Bill 1382, Chapter , Session Laws of 1974) creates a permanent Legislative Commission on Children with Special Needs which will address itself to the policy matters that have been declared in this act.

The Department of Human Resources and the Department of Public Education are hereby declared vital departments of State Government to especially assist said Commission and to furnish them with information, and to the extent permitted by the Commission, to actively participate in the work and deliberations of the Commission.

Sec. 6. The General Assembly of North Carolina finds that a current census of all children with special needs is urgently needed and is necessary in order that appropriate legislation may be enacted to provide service and education programs for all of said children and for this purpose there is hereby appropriated from the General Fund the sum of fifty thousand dollars ($50,000) to the Department of Human Resources and fifty thousand dollars ($50,000) to the Department of Public Education with the requirement that they work in cooperation for the purpose of planning and conducting the census. The result of the census shall be used by the Department of Human Resources, the Department of Public Education, the Commission on Children with Special Needs, and other agencies of government for program planning.

Sec. 7. The Department of Human Resources and the Department of Public Education shall use the results of the census to jointly develop a State plan for providing equal education and services to children with special needs. The plan shall include: the number and geographic distribution of all children
residing in the State who have special needs, a listing of all public and private special education and service programs available in the State and the number of children served by each program. A preliminary plan shall be submitted to the 1975 General Assembly and shall contain the actions required by the Department of Human Resources and the Department of Public Education for securing full compliance with the policy of this act. The plan shall also specify a date by which the State shall accomplish the intent of this act and shall also include an estimate of the cost of full implementation of the policy.

Sec. 8. The General Assembly finds that the Governor’s Advocacy Council on Children and Youth is actively interested and involved in the matter of public policy set forth in this act. In order to more properly carry out their responsibilities said Council needs additional authority.

Sec. 9. G.S. 110-71 relating to the Governor’s Advocacy Council on Children and Youth is amended by adding the following subsections:

“(9) Each State agency and department having responsibilities for providing services to children and their families, including children with special needs and children in early childhood, shall submit to the Council upon request a plan of services for children that includes:

(a) Descriptions of the kinds of services and programs it provides;
(b) The characteristics of the children to be served through each program, including eligibility and entrance requirements;
(c) The geographic distribution of services;
(d) The projected budgets for each service or program as well as the cost per unit of service;
(e) The client fees to be charged for each service;
(f) The mechanism for evaluating and providing technical assistance and staff development to each service or program; and
(g) Provisions for parent and child participation and involvement.

(10) The Council shall review each plan and make recommendations to agencies and departments, and reports to the General Assembly, relative to the expansion, deletion, improvement and coordination of programs and services for children.

(11) To assist children and their parents or guardians in obtaining the assistance and services which the child needs and which are provided by State, local and private agencies or organizations.

(12) To inform the public concerning the importance of early childhood development and related family services, and programs for children with special needs.”

Sec. 10. Right of Appeal. A child, his parent or guardian, may obtain review, as herein provided, of an action or omission by State or local authorities on the ground that the child has been or is about to be:

(1) (a) denied entry or continuance in a program appropriate to his condition and needs;
(b) placed in a program which is inappropriate, unsuitable, or inadequate to his condition and needs; or
(c) assigned to a special program when he is not a child with special need.

(2) The parent or guardian of a child placed or denied placement in a program shall be notified promptly, by registered or certified mail, return receipt requested, of his placement, denial or impending placement or denial. Such notice shall contain a statement informing the parent or guardian that he
is entitled to review of the determination and of the procedure for obtaining such review. The notice shall contain information that a hearing may be had before the local school board for educational matters or the Advocacy Council for Human Resource matters, upon written request, no less than 15 days nor more than 30 days from the date on which the notice was received. The parent or guardian of a child may, upon written request, not more than 30 days from the date of a decision, appeal said decision to the State Superintendent of Public Instruction or the Secretary of Human Resources. Any appeal of these decisions to the General Court of Justice must occur within 30 days after notice of such decision.

(3) All hearings shall be closed unless otherwise requested by the parent or guardian of a child.

(4) Ordinarily no change in the program assignment or status of a child with special needs shall be made within the period afforded the parent or guardian to request a hearing, except that such change may be made with the written consent of the parent or guardian. However, if the health or safety of the child or any other individual would be endangered by delaying the change in assignment, the change may be sooner made, but without prejudice to any rights that the child and his parent or guardian may have pursuant to this subsection or otherwise pursuant to law.

(5) The parent or guardian shall have access to any reports, records, clinical evaluations or other materials upon which the determination to be reviewed was wholly or partially based or which could reasonably have a bearing on the correctness of the determination. At any hearing held pursuant to this section, the child and his parent or guardian shall be entitled to examine and cross-examine witnesses, to introduce evidence, to appear in person, and to be represented by counsel.

(6) The Superintendent and the Secretary shall make, amend or revise rules and regulations for the conduct of hearings authorized by this subsection and otherwise for the implementation of its purpose. Among other things, such rules and regulations shall allow the appointment of a hearing officer or board to hear such cases as may be appealed. Copies of such rules shall be filed in the office of the Secretary of State as by law provided.

(7) The determination of the appeal shall be subject to judicial review in the manner provided for in Article 31, Chapter 134 of the General Statutes.

(8) The remedies provided by this subsection are in addition to any other remedies which a child, his parent or guardian may otherwise have pursuant to law.

Sec. 11. There shall be transferred from the State Department of Public Education to the Department of Human Resources: The $830,766 Child Health Fund.

Sec. 12. The Revisor of Statutes is directed to codify the provisions of this Act within various sections of the General Statutes.

Sec. 13. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 14. This act shall be in full force and effect on July 1, 1974.

Rules and Regulations Governing Agency Activity.—(a) The Agency shall from time to time adopt, modify or repeal rules and regulations governing the purchase of federally insured securities by the Agency and the purchase and sale of mortgage loans and the application of the proceeds thereof, including rules and regulations as to any or all of the following:

(1) Procedures for the submission of requests or the invitation of proposals for the purchase and sale of mortgage loans or for the purchase of federally insured securities;
(2) Limitations or restrictions as to the number of family units, location or other qualifications or characteristics of residences to be financed by mortgage loans and requirements as to the income limits of persons and families of lower income occupying such residences;
(3) Restrictions as to the interest rates on mortgage loans or the return which may be realized by mortgage lenders on any mortgage loans or on the sale of federally insured securities to the Agency;
(4) Requirements as to commitments by mortgage lenders with respect to the use of the proceeds of sale of any federally insured securities;
(5) Schedules of any fees and charges necessary to provide for expenses and reserves of the Agency; and
(6) Any other matters related to the duties and the exercise of the powers of the Agency to purchase and sell mortgage loans, or to purchase federally insured securities.

Such rules and regulations shall be designed to effectuate the general purposes of this Chapter and the following specific objectives: (i) the construction of decent, safe and sanitary residential housing at low prices or rentals which persons and families of lower income can afford; (ii) the rehabilitation of present lower income housing; (iii) increasing the supply of residential housing for persons and families of lower income affected by the spread of slum conditions and blight and for persons and families of lower income displaced by public action or natural disaster; (iv) the encouraging of private enterprise and investment to sponsor, build and rehabilitate residential housing for such persons and families to prevent the recurrence of slum conditions and blight and assist in their permanent elimination throughout the State; and (v) the restriction of the financial return and benefit to that necessary to protect against the realization by mortgage lenders of an excessive financial return or benefit as determined by prevailing market conditions.

(b) The interest rate or rates and other terms of federally insured securities or mortgage loans purchased from the proceeds of any issue of bonds of the Agency shall be at least sufficient to assure the payment of said bonds and the interest thereon as the same become due from the amounts received by the Agency in repayment of such federally insured securities or such loans and interest thereon.

(c) The Agency shall require as a condition of the purchase of federally insured securities from a mortgage lender and the purchase or the making of a commitment to purchase mortgage loans from a mortgage lender that such mortgage lender shall on or prior to the 90th day (or such earlier day as shall be prescribed by rules and regulations of the Agency) following the receipt of the loan or sale proceeds have entered into written commitments to make, and shall thereafter proceed as promptly as practicable to make from such loan or sale proceeds, residential mortgage loans having a stated maturity of not less than 20 years from the date thereof in an aggregate principal amount equal to the amount of such prior loan and the Agency shall not purchase nor make commitment to purchase mortgage loans, federally insured securities or other obligations from a mortgage lender from which it has previously purchased mortgage loans or federally insured securities unless said mortgage lender has either restored or made commitments to restore to its portfolio of mortgage loans in the State, mortgage loans having a stated maturity of not less than 20 years from the date thereof in an aggregate principal amount equal to either the proceeds of prior sale or the amount of prior loan to said mortgage lender and has provided evidence satisfactory to it of the making of such new mortgage loans."

Sec. 45. Chapter 122A of the General Statutes of North Carolina is hereby amended by adding thereto a new section to be numbered G.S. 122A-5.2 and to read as follows:

"§ 122A-5.2. Mortgage insurance authority.—(a) The Agency may upon application of a proposed mortgagee insure and make advance commitments to insure payments required by a loan for residential housing for persons of lower income upon such terms and conditions as the Agency may prescribe. Mortgage loans insured by the Agency under this Chapter may provide financing for
related ancillary facilities to the extent permitted by applicable Agency regulations. Mortgage loans insured by the Agency under this Chapter shall be secured by a first mortgage.

The aggregate principal amount of all mortgages so insured by the Agency under this Chapter and outstanding at any one time shall not exceed ten times the average annual balance for the preceding calendar year of funds on deposit in the housing mortgage insurance fund, the creation of which is hereby authorized. The aggregate amount of principal obligations of all mortgages so insured shall not be deemed to constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from monies on deposit to the credit of the housing mortgage insurance fund. Any contract of insurance executed by the Agency under this section shall be conclusive evidence of eligibility for such mortgage insurance and the validity of any contract of insurance so executed or of an advance commitment to issue such shall be incontestable in the hands of a mortgagee from the date of execution of such contract or commitment, except for fraud or misrepresentation on the part of such mortgagee and, as to commitments to insure, noncompliance with the terms of the advance commitment or Agency regulations in force at the time of issuance of the advance commitment.

(b) For mortgage payments to be eligible for insurance under the provisions of this Chapter, the underlying mortgage loan shall: (1) Be one which is made and held by a mortgagee approved by the Agency as responsible and able to service the mortgage properly; (2) Not exceed (a) ninety percent of the estimated cost of the proposed housing if owned or to be owned by a profit-making sponsor or (b) one hundred percent of the estimated cost of such proposed housing if owned or to be owned by a nonprofit housing sponsor or, if owned by a person or family of lower income, in the case of a single family dwelling or condominium; (3) Have a maturity satisfactory to the Agency but in no case longer than eighty percent of the Corporation's estimate of the remaining useful life of said housing or 40 years from the date of the issuance of insurance, whichever is earlier; (4) Contain amortization provisions satisfactory to the Agency requiring periodic payments by the mortgagor not in excess of his ability to pay as determined by the Agency; (5) Be in such form and contain such terms and provisions with respect to maturity, property insurance, repairs, alterations, payment of taxes and assessments, default reserves, delinquency charges, default remedies, anticipation of maturity, additional and secondary liens, equitable and legal redemption rights, prepayment privileges and other matters as the Agency may prescribe.

(c) All applications for mortgage insurance shall be forwarded, together with an application fee prescribed by the Agency, to the executive director of the Agency. The Agency shall cause an investigation of the proposed housing to be made, review the application and the report of the investigation, and approve or deny the application. No application shall be approved unless the Agency finds that it is consistent with the purposes of this Chapter and further finds that the financing plan for the proposed housing is sound. The Agency shall notify the applicant and the proposed lender of its decision. Any such approval shall be conditioned upon payment to the Agency, within such reasonable time and after notification of approval as may be specified by the Agency, of the commitment fee prescribed by the Agency.
(d) The Agency shall fix mortgage insurance premiums for the insurance of mortgage payments under the provision of this Chapter. Such premiums shall be computed as a percentage of the principal of the mortgage outstanding at the beginning of each mortgage year, but shall not be more than one-half of one percent per year of such principal amount. The amount of premium need not be uniform for all insured loans. Such premiums shall be payable by mortgagors or mortgagees in such manner as prescribed by the Agency.

(e) In the event of default by the mortgagor, the mortgagee shall notify the Agency both of the default and the mortgagee’s proposed course of action. When it appears feasible, the Agency may for a temporary period upon default or threatened default by the mortgagor authorize mortgage payments to be made by the Agency to the mortgagee which payments shall be repaid under such conditions as the Agency may prescribe. The Agency may also agree to revised terms of financing when such appear prudent. The mortgagee shall be entitled to receive the benefits of the insurance provided herein upon: (1) Any sale of the mortgaged property by court order in foreclosure or a sale with the consent of the Agency by the mortgagor or a subsequent owner of the property or by the mortgagee after foreclosure or acquisition by deed in lieu of foreclosure, provided all claims of the mortgagee against the mortgagor or others arising from the mortgage, foreclosure, or any deficiency judgment shall be assigned to the Agency without recourse except such claims as may have been released with the consent of the Agency; or (2) the expiration of six months after the mortgagee has taken title to the mortgaged property under judgment of strict foreclosure, foreclosure by sale or other judicial sale, or under a deed in lieu of foreclosure if during such period the mortgagee has made a bona fide attempt to sell the property, and thereafter conveys the property to the Agency with an assignment, without recourse, to the Agency of all claims of the mortgagee against the mortgagor or others arising out of the mortgage foreclosure, or deficiency judgment; or (3) the acceptance by the Agency of title to the property or an assignment of the mortgage, without recourse to the Agency, in the event the Agency determines it imprudent to proceed under (1) or (2) above. Upon the occurrence of either (1), (2) or (3) hereof, the obligation of the mortgagee to pay premium charges for insurance shall cease, and the Agency shall, within 30 days thereafter, pay to the mortgagee ninety-eight percent (98%) of the sum of (a) the then unpaid principal balance of the insured indebtedness, (b) the unpaid interest to the date of conveyance or assignment to the Agency, as the case may be, (c) the amount of all payments made by the mortgagee for which it has not been reimbursed for taxes, insurance, assessments and mortgage insurance premiums, and (d) such other necessary fees, costs or expenses of the mortgagee as may be approved by the Agency.

(f) Upon request of the mortgagee, the Agency may at any time, under such terms and conditions as it may prescribe, consent to the release of the mortgagor from his liability or consent to the release of parts of the property from the lien of the mortgage, or approve a substitute mortgagor or sale of the property or part thereof.

(g) No claim for the benefit of the insurance provided in this Chapter shall be accepted by the Agency except within one year after any sale or acquisition of title of the mortgaged premises described in subdivisions (1) or (2) of subparagraph (e) of this section.
(h) There shall be paid into the housing mortgage insurance fund (1) all premiums received by the Agency for the granting of such mortgage insurance, (2) any monies or other assets received by the Agency as a result of default or delinquency on mortgage loans insured by the Agency, including any proceeds from the sale or lease of real property, (3) any monies appropriated and made available by the State for the purpose of such fund.

S. B. 857            CHAPTER 1306

AN ACT TO CREATE A STATE LAND POLICY COUNCIL TO DEVELOP STATE POLICY WITH RESPECT TO LAND USE AND LAND MANAGEMENT.

The General Assembly of North Carolina enacts:

Section 1. Chapter 143 of the General Statutes is amended by adding thereto a new Article as follows:

"Article 55.

"§ 143-483. Short title.—This act shall be known as the Land Policy Act of 1974.

"§ 143-484. Findings, intent, and purpose.—(a) Findings. The General Assembly hereby finds that:

(1) The land of North Carolina is a resource basic to the welfare of her people.

(2) A lack of coordination of governmental action; a lack of clearly stated, sound, and widely understood guidelines for planning; and a lack of systematic collection, classification, and utilization of information
regarding the land resource have led to inconsistencies in policy and inadequacies in planning for the present and future uses of the land resource.

(3) Governmental agencies responsible for controlling land use and private and public users of the land resource are often unable to independently develop guidelines for land use practices which provide adequate and meaningful provision for future demands on the land resource, while allowing current needs to be met.

(4) Systematic and sound decisions as to the location and nature of major public investments in key facilities cannot be made without a comprehensive State policy regarding the land resource.

(5) Those affected by State land use policy and decisions must be given an opportunity for full participation in the policy and decision making process. Such a process must allow for the final implementation of policy by local governments. The State should take whatever steps necessary to encourage and assist local governments in meeting their obligation to control current uses and plan for future uses of the land resource.

(b) Intent and Purpose. The General Assembly declares that it is the intent of this act to undertake the continuing development and implementation of a State land use policy, incorporating environmental, esthetic, economic, social, and other factors so as to promote the public interest, to preserve and enhance environmental quality, to protect areas of natural beauty and historic sites, to encourage beneficial economic development, and to protect and promote the public health, safety, and welfare. Such policy shall serve as a guide for decision-making in State and federally assisted programs which affect land use, and shall provide a framework for the development of land use policies and programs by local governments. It is the purpose of this act to:

(1) Promote patterns of land use which are in accord with a State Land Use Policy which encourages the wise and balanced use of the State's resources;

(2) Establish a State policy to give local governments guidance and assistance in the establishment and implementation of local land planning and management programs so as to effectively meet their responsibilities for economically and environmentally sound land use management;

(3) Establish a State Land Use Policy which seeks to provide essential public services equitably to all persons within the State and to assure that citizens shall have, consistent with sound principles of land resource use, maximum freedom and opportunity to live and conduct their activities in locations of their personal choice;

(4) Condition the distribution of certain federal and State funds on meeting reasonable and flexible State requirements for basic land planning; such conditions to include a clear statement of the State's authority and responsibility for review of planning and management by local governments;

(5) Develop and maintain coordination of all State programs having a land use impact, including joint planning and management of State lands with adjacent non-State lands, so as to ensure consistency with the purposes of this act;

(6) Promote the development of systematic methods for the exchange of
land use, environmental, economic, and social information among all levels of government, and among agencies at all levels of government.

"§ 143-485. Definitions.—Unless the context otherwise requires, the following terms as used in this Article are defined as follows:

(1) 'Areas of environmental concern' means: those areas of this State where uncontrolled development, unregulated use, or other man-related activities could result in major or irreversible damage to important environmental, historic, cultural, scientific or scenic values, or natural systems or processes which are of more than local significance, or could unreasonably endanger life or property as a result of natural hazards, or could result in loss of continued long-range productivity in renewable resource areas.

(2) 'Principal officer' means the duly appointed or elected public official in responsible charge of a principal department of State government.

(3) 'Key facilities' means public facilities which tend to induce development and urbanization of more than local impact and includes, but is not limited to, major facilities for the development, generation, and transmission of energy, for communication, and for transportation.

(4) 'Local Government' means any county, incorporated village, town, or city, or any combination of counties, incorporated villages, towns, and cities, acting through a joint program pursuant to the provisions of this Article.

(5) 'New communities and large-scale developments' means private development which, because of its magnitude or the magnitude of its effect on the surrounding environment, is likely to present issues of more than local significance.

(6) 'Project of regional impact' means land use, public development, and private development on government or nongovernmental lands for which there is a demonstrable impact affecting the interests of constituents of more than one local unit of government.

(7) 'Region or regional' means or refers to one or more of the official planning regions established pursuant to the laws of this State.

(2) However, if after the hearing, the Commission in its order finds that the inmate’s grievance or complaint was in whole or in part meritorious, such order shall be promptly forwarded to the Secretary of the Department of Social Rehabilitation and Control. Within 15 days of the receipt of such an order, the Secretary, by order, shall affirm the order of the Commission, or shall reverse or modify the order if he disagrees with the findings and conclusions of the Commission. The Secretary shall order that the appropriate official of the facility in question accept, in whole or in part, the recommendation of the Commission or the Secretary may take whatever action he deems appropriate in light of the Commission’s findings. The order of the Secretary shall be promptly forwarded to the complainant, and for the purpose of judicial review, the Secretary’s order shall be final.

“§ 148-102. After the hearing, the examiner shall set forth, in the form of a recommendation, his findings of facts and conclusions. The examiner’s recommendation shall be forwarded to the Commission. At least three members of the Commission shall review the record accumulated and assembled by the examiner and shall, within 30 days after the receipt of the recommendation, by majority vote, adopt, modify or reject it. The reviewing Commissioners may also remand the grievance or complaint to the hearing examiner, or another examiner, for further proceedings. Disposition thereafter shall be in accordance with the types of disposition set forth in G.S. 148-101.

“§ 148-103. Access to documentary evidence; subpoenas; oaths and affirmations.—The Commission, Executive Director, commissioner or examiner, with the approval of the Secretary of the Department of Social Rehabilitation and Control, shall at all reasonable times have access to, for the purposes of examination, and the right to copy, any documentary evidence of any person or institution being investigated or proceeded against, and may require by subpoena the attendance and testimony of witnesses and the production of all documentary evidence of any person relating to any matter under investigation. The presiding commissioner or examiner at a hearing may administer oaths and affirmations.

“§ 148-104. Right of inmate to appear at hearing; opportunity to call witnesses; representation.—The complaining inmate shall have the right to appear at a hearing before the Commission or examiner and shall have the opportunity to call a witness, or a reasonable number of witnesses, depending upon the circumstances and the nature of the complaint, subject to the discretion of the Commission or examiner as to the relevancy of the testimony, questions and the number of witnesses sought to be called. The inmate shall have a reasonable opportunity to question any witnesses who testify at the
hearing. Such rights of the inmate shall not be unreasonably withheld or restricted by the Commission or examiner. The inmate may, if he wishes, be represented by an employee of the Department of Correction. The rules of evidence as applied in the superior and district court divisions of the General Court of Justice need not be followed.

"§ 148-105. Record of complaints.—A record shall be kept of all complaints and the dispositions thereof.

"§ 148-106. Conduct of hearing at institutions.—For the performance of its duties, the Commission or examiner shall conduct hearings at the facilities under the supervision and control of the Commissioner of Correction.

"§ 148-108. Judicial review.—No court shall entertain an inmate's grievance or complaint within the jurisdiction of the Inmate Grievance Commission unless and until the complainant has exhausted the remedies provided in this section. Upon the final decision of the Secretary of the Department of Social Rehabilitation and Control, the complainant shall be entitled to judicial review thereof. Proceedings for review shall be instituted in the General Court of Justice of Wake County, Superior Court Division. Review by the court shall be on the record of the proceedings before the Commission and the Secretary's order, if any, pursuant to such proceedings and shall be limited to a determination of whether there was a substantial basis to support the action or ruling of the Secretary and whether there was a violation of any right of the inmate protected by federal or State constitutional requirements or laws. No judicial review order or judgment provided for in this section shall have the effect of res judicata or collateral estoppel in any action brought by an inmate in a United States District Court."

Sec. 2. This act shall become effective July 1, 1974.

In the General Assembly read three times and ratified, this the 12th day of April, 1974.

CHAPTER 1314

AN ACT TO PROVIDE FUNDS TO AID IN THE DEVELOPMENT OF HOME HEALTH AGENCIES.

Whereas, home health is defined as the provision of physician-directed nursing, rehabilitative, social and therapy services on a part-time or intermittent basis to a homebound individual in his place of residence by personnel employed by a certified home health agency; and

Whereas, the purpose of home health services is to provide the vital, community-level link in the health care continuum which is intended to promote and maintain health as well as to rehabilitate the patient to his maximum level of physical potential and/or to minimize the effects of illness and disability; and
Whereas, it has been demonstrated that the availability of home care services substantially reduces the length of hospitalization for patients of all ages with all types of illnesses; and

Whereas, in many instances home health services represent an effective, efficient and highly acceptable alternative to in-patient hospital, extended care facility or other type of institutional care; and

Whereas, there are now 52 certified home health agencies serving the residents of 65 North Carolina counties; and the residents of the remaining 35 North Carolina counties do not now have home health services available to them; and the 52 certified home health agencies which are now functioning received federal source seed monies which aided them financially during their early developmental stages; and

Whereas, it is anticipated that additional seed monies will not be available through federal funding; and the availability of State funding would facilitate the development of new home health agencies as well as allow desirable and needed expansion of services in existing home health programs; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Department of Human Resources for fiscal year 1974-75 the sum of eighty thousand dollars ($80,000) for the purpose of assisting in the development of home health agencies in counties where such agencies do not exist.

Sec. 2. This act shall become effective on July 1, 1974.

S. B. 1362  CHAPTER 1318

AN ACT TO AUTHORIZE AND PROVIDE DIRECT GRANTS TO ECONOMIC OPPORTUNITY AGENCIES.

Whereas, many citizens of North Carolina have benefited from the work of various economic opportunity (Community Action) agencies established during the 1960's under the auspices and funding of Congress; and

Whereas, many economic opportunity agencies in North Carolina have developed and now have in being experienced staffs engaged in a variety of such work, rendering immediate services to more than 200,000 needy North Carolinians, and developing new community-based programs for the benefit of the more than twenty percent (20%) of our populace who are in poverty, and seeking to foster economic self-sufficiency through self-help and voluntary self-improvement; and

Whereas, continued federal assistance from the United States Office of Economic Opportunity (OEO) for these agencies is in grave doubt beyond June 30, 1974; and

Whereas, the State should provide standby funds to assist these local agencies in the event federal OEO funds are cut off; and

Whereas, continuation of these agencies will not only enable them to carry on their work, but under other federal grant legislation may permit North Carolina to receive other federal funds which would be lost unless such local
The General Assembly of North Carolina enacts:

Section 1. Purpose.—It shall be the purpose of this act to authorize and provide financial assistance to economic opportunity agencies in order to reduce levels of poverty and personal and family dependence, and to provide an opportunity and an incentive for greater cooperation among State and local agencies and institutions in attacking poverty, its causes and effects.

Sec. 2. Definitions.

(1) As used in this act, the term “operational costs” means costs incurred directly in the delivery of services to the recipient population of particular programs;

(2) As used in this act, the term “administrative costs” means costs incurred in the overall management of the agency, the fiscal control of the agency, and the planning, management, monitoring, coordination and evaluation of all programs and activities undertaken by the agency, including, but not limited to, the costs of salaries, travel, and general office expenses.

Sec. 3. Designation of administering agency; powers and responsibilities.—The Department of Human Resources (“Department”) is directed to carry out the purposes and provisions of this act. In carrying out this directive, the Department shall:

(1) Make grants to eligible economic opportunity agencies based on compliance with standards and criteria prescribed by OEO and in existence on June 30, 1973.

(2) Evaluate the use of State funds appropriated under this act to economic opportunity agencies, and submit reports based on that evaluation to the General Assembly. These reports shall also include the Department’s evaluation of conditions of economic dependence and poverty among the people of North Carolina, and among the people living in the geographical areas served by the economic opportunity agencies eligible to receive funds under this act. In the preparation of these evaluations and reports, the Department shall solicit the comments and testimony of interested citizens of North Carolina including, but not limited to, representatives of the recipient (i.e., economically disadvantaged) populations served by the economic opportunity agencies eligible to receive State funds under this act.

(3) Provide public information on the status of and the causes and effects of economic insufficiency among the people of the State; and

(4) Assist eligible economic opportunity agencies in securing federal, State, and private resources applicable to efforts aimed at promoting economic self-sufficiency and reducing individual and family economic dependence.

Sec. 4. Eligibility for State financial assistance.—The North Carolina Department of Human Resources is directed to allocate funds provided by this act for basic administrative costs to agencies which on June 30, 1973, were receiving funds from OEO as community action agencies under 42 U.S.C.A. 2808, or their legal successors (“eligible agencies”). Caswell Action Committee, Inc., and Rockingham County Fund, Inc., are deemed to be eligible agencies for this purpose.

Sec. 5. Allocation of State financial assistance.—Funds to eligible agencies shall be allocated as follows:
(1) An eligible agency wishing to receive funds under this act must apply to the Department for said funds within 60 days after notice of termination of funding provided to said eligible agency for administrative costs by OEO or its successor.

(2) As soon as possible after receiving an application for funding from an eligible agency, the Department shall make, and establish a time schedule for the disbursement of, an initial grant of twenty thousand dollars ($20,000) per annum to that agency.

(3) Within 90 days, but after 60 days from notice of termination by OEO of funding for the administrative costs of eligible agencies, the Department shall add to the foregoing initial grant an additional grant to each applicant agency, the amount to be determined by multiplying twenty thousand dollars ($20,000) times the number of applicant agencies, subtracting that result from eight hundred fifty thousand dollars ($850,000), and apportioning the remainder to each applicant agency according to the ratio of the population of the county or counties served by each applicant agency to the total population of all counties served by all applicant agencies. The latest official U. S. Census figures shall be used in making this apportionment. The Department shall immediately notify each applicant agency of the amount of this additional grant, and shall incorporate this amount in the schedule of disbursements.

(4) All funds allocated under provisions of this act shall be matched at the rate of twenty percent (20%) with non-State resources either in cash or in kind, except in hardship cases previously designated by OEO as requiring less than twenty percent (20%) matching funds, in which hardship cases the matching fund percentage rate established by OEO shall apply.

(5) In no event shall any agency’s funds made available under provisions of this act for basic administrative costs exceed fifty percent (50%) of that agency’s operational costs.

(6) An otherwise eligible economic opportunity agency may qualify for funds under this act only after notice of termination of funding provided for administrative costs by OEO or its successor.

Sec. 6. Authority for State departments to contract with or make grants to eligible economic opportunity agencies.—Whenever any State department deems it advisable, it may enter into contracts with eligible economic opportunity agencies for the organization and provision of services designed to reduce levels of personal and family dependence and to promote economic self-sufficiency and may make grants to these agencies for the costs of providing such services.

Sec. 7. Eligibility for local government assistance.—Counties, municipalities, and regional organizations may provide assistance, in addition to that provided for in this act, to eligible economic opportunity agencies, and may enter into contracts with such agencies for the conduct of programs aimed at reducing levels of personal and family dependence and at improving the level of economic self-sufficiency of citizens including but not necessarily limited to programs involving development of community facilities and services, consumer education, manpower development, housing, early childhood development, area economic development, education, public transportation, and health and nutrition.

Sec. 8. Local government control.—Recognizing that programs administered by economic opportunity agencies should be controlled at the local
government level, the boards of directors of all economic opportunity agencies receiving funds pursuant to this act shall be constituted as follows:

(1) Each community action agency eligible for funding pursuant to Section 4 of this act, shall have a governing board which shall meet the requirements of subsection (2) of this section.

(2) The board of each community action agency eligible to receive funds pursuant to Section 4 of this act shall consist of not more than 51 members and shall be so constituted that:

(a) Not less than one-half nor more than two-thirds of the members of the board shall be appointed by the board or boards of county commissioners in the county or counties served by the agency;

(b) Not less than one-third of the members of the board shall be chosen in accordance with democratic selection procedures adequate to assure that they are representative of the poor in the area served;

(c) The remaining positions on the board, if any, shall be filled by officials or members of business, industry, labor, religious, welfare, education, or other major groups and interests in the community.

Sec. 9. There is hereby appropriated from the General Fund of the State of North Carolina to the Department of Human Resources in addition to all other appropriations the sum of nine hundred thousand dollars ($900,000) for the fiscal year beginning July 1, 1974, and ending June 30, 1975, for the purpose of making direct grants to economic opportunity agencies as specified in Sections 3 and 4 above and to support the Department in administering the provisions of this act as specified in Section 3 above. Such administrative costs of the Department shall not exceed fifty thousand dollars ($50,000). If sufficient funds for the basic administrative costs of the economic opportunity agencies in North Carolina are made available to these agencies from the federal government by July 1, 1974, this appropriation shall revert to the General Fund. In any event, any part of this appropriation unexpended or unencumbered on July 1, 1975, shall revert to the General Fund.

"§ 28A-5.2. Renunciation of right to administer.—(a) Express Renunciation. Any person entitled to apply for letters of administration may renounce the office by filing with the clerk of superior court a writing signed by such person, and acknowledged or proved to the satisfaction of the clerk.

(b) Implied Renunciation.

(1) If any person entitled to apply for letters of administration fails to apply therefor within 30 days from the date of death of the intestate, the clerk of superior court, on application of any interested person, shall, or on his own motion may, issue a citation to the person entitled to apply for letters of administration requiring him to show cause why he should not be deemed to have renounced. If, upon service of the citation, he does not apply for letters of administration and tender the required bond or show cause within the time shown in the citation, such period to be not less than 10 nor more than 30 days, an order must be entered by the clerk of superior court adjudging that he has renounced; and the clerk of superior court shall issue letters to some other person as provided in G.S. 28A-4.1. If cause be shown the clerk of superior court may grant to such person a reasonable extension of time within which to apply and qualify, or renounce.

(2) If no person entitled to administer applies for letters of administration
within 90 days after the date of death of an intestate, then the clerk of superior court may, in his discretion, enter an order declaring all prior rights to apply for letters of administration to be renounced, and issue letters to some suitable person as provided in G.S. 28A-4.1.

(c) Nomination by Person Renouncing. Any person who expressly renounces his prior right to apply for letters of administration may at the same time nominate in writing some other person not disqualified under G.S. 28A-4.2 to be named as personal representative, and such designated person shall be entitled to the same priority of right to apply for letters of administration as the person making the nomination.

"Article 6.

"Appointment of Personal Representative.

"§ 28A-6.1. Application for letters; grant of letters.—(a) The application for letters of administration or letters testamentary shall be in the form of an affidavit sworn to before an officer authorized to administer oaths, signed by the applicant or his attorney, which may be supported by other proof under oath in writing, all of which shall be recorded and filed by the clerk of superior court, and shall allege the following facts:

(1) The name, and to the extent known, the domicile and the date and place of death of the decedent;
(2) The legal residence and mailing address of the applicant;
(3) The names, ages and mailing addresses of the decedent’s heirs and devisees, including the names and mailing addresses of the guardians of those having court appointed guardians, so far as all of these facts are known or can with reasonable diligence be ascertained;
(4) That the applicant is the person entitled to apply for letters, or that he applies after persons having prior right to apply are shown to have renounced under Article 5 of this Chapter, or that he applies subject to the provisions of G.S. 28A-6.2(1), and that he is not disqualified under G.S. 28A-4.2.
(5) The nature and probable value of the decedent’s property, both real and personal, and the location of such property, so far as all of these facts are known or can with reasonable diligence be ascertained; and
(6) If the decedent was not domiciled in this State at the time of his death, a schedule of his property located in this State, and the name and mailing address of his domiciliary personal representative, or if there is none, whether a proceeding to appoint one is pending.

(b) If it appears to the clerk of superior court that the application and supporting evidence comply with the requirements of subsection (a) and on the basis thereof he finds that the applicant is entitled to appointment, he shall issue letters of administration or letters testamentary to the applicant unless in his discretion he determines that the best interests of the estate would be served by delaying the appointment of a personal representative, in which case he may appoint a collector as provided in Article 11.

"§ 28A-6.2. Letters issued without notice; exceptions.—Letters of administration or letters testamentary may be issued without notice, except:

(1) When the applicant is not entitled to priority of appointment under G.S. 28A-4.1, all persons entitled to an equal or higher preference shall be given notice by citation as provided in G.S. 28A-5.2(b)(1), unless they have renounced in accordance with the provisions of Article 5 of this Chapter.
(2) The clerk of superior court may in any case require that notice be given to such interested persons as he in his discretion may designate prior to the granting of letters.

"§ 28A-6.3. Appointment of successor to personal representative.—When the appointment of a sole or last surviving personal representative is terminated by death, resignation pursuant to Article 10 of this Chapter, or revocation pursuant to Article 9 of this Chapter, the clerk of superior court shall appoint another personal representative as provided by G.S. 28A-4.1 to act as his successor. When two or more personal representatives have qualified, and the appointment of one or more of them is terminated by death, resignation or revocation, leaving in office one or more personal representatives, the appointment of successors shall not be required unless:

(1) The clerk of superior court determines, in his discretion, that it is in the best interest of the estate to appoint a successor or successors to such personal representative or personal representatives, or

(2) In the case of executors, the will so provides.

"§ 28A-6.4. Right to contest appointment; procedure.—Any interested person may, by written objection filed with the clerk of superior court, with notice to the applicant, contest the issuance of letters of administration or letters testamentary to such applicant. After an objection has been duly filed, the clerk of superior court shall conduct a hearing and determine whether letters shall issue to the applicant. Appeal may be taken from the order of the clerk as in a special proceeding.

"§ 28A-6.5. Letters not subject to collateral attack.—The validity of letters issued shall not be subject to collateral attack.

"Article 7.

"Oath.

"§ 28A-7.1. Oath required before letters issue.—Before letters testamentary, letters of administration or letters of collection are issued to any person, he shall take and subscribe an oath or affirmation before the clerk of superior court, or before any other officer of any state or country authorized by the laws of North Carolina to administer oaths, that he will faithfully and honestly discharge the duties of his office. Such oath or affirmation shall be in the form prescribed in G.S. 11-11, and shall be filed in the office of the clerk of superior court.

"Article 8.

"Bond.

"§ 28A-8.1. Bond required before letters issue; when bond not required.—(a) Except as otherwise provided in subsection (b), every personal representative, before letters are issued, shall give bond, conditioned as provided in G.S. 28A-8.2.

(b) No bond shall be required of:

(1) A resident executor, unless the express terms of the will require him to give bond.

(2) A nonresident executor, when there is a resident executor named who has qualified as coexecutor unless the express terms of the will require them to give bond, or the clerk of superior court finds that such bond is necessary for the protection of the estate; or

(3) A personal representative appointed solely for the purpose of bringing an action for the wrongful death of the deceased until such time as the
personal representative shall receive property into the estate of the deceased; or

(4) A personal representative which is a bank acting pursuant to G.S. 53-159.

"§ 28A-8.2. Provisions of bond.—A bond given pursuant to this Article shall be:

(1) Payable to the State to the use of all persons interested in the estate; and

(2) Conditioned that the personal representative giving the bond shall faithfully execute the trust reposed in him and obey all lawful orders of the clerk of superior court or other court touching the administration of the estate committed to him; and

(3) In an amount not less than:

a. One and one-fourth times the value of all personal property of the decedent when the bond is secured by a suretyship bond executed by a corporate surety company authorized by the Commissioner of Insurance to do business in this State, provided that the clerk of superior court, when the value of the personal property to be administered by the personal representative exceeds one hundred thousand dollars ($100,000), may accept bond in an amount equal to the value of the personal property plus ten percent (10%) thereof; or

b. Double the value of all personal property of the decedent when the bond is secured by one of the methods provided in subdivision (4)b., (4)c. or (4)d.; such value of said personal property to be ascertained by the clerk of superior court by examination, on oath, of the applicant or of some other person determined by the clerk to be qualified to testify as to its value; and

(4) Secured by one or more of the following:

a. Suretyship bond executed, at the expense of the estate, by a corporate surety company authorized by the Commissioner of Insurance to do business in this State;

b. Suretyship bond executed and justified upon oath before the clerk of superior court by two or more sufficient personal sureties each of whom shall reside in and own real estate in North Carolina and shall have assets with an aggregate value above encumbrances of not less than the amount of the penalty of the required bond;

c. A first mortgage or first deed of trust in form approved by the Administrative Officer of the Courts on real estate located in North Carolina:

1. Executed by the owner, and conditioned on the performance of the obligations of the bond, and

2. Containing a power of sale which, in the case of a mortgage, is exercisable by the clerk of superior court upon a breach of any condition thereof, or, in the case of a deed of trust, is exercisable by the trustee after notice by the clerk of superior court that a breach of condition has occurred.

The clerk of superior court shall not accept such mortgage or deed of trust until it shall have been properly registered in the county or counties in which the real estate is located, and the clerk of superior court is satisfied that the real estate subject to the mortgage or deed of trust is worth the amount to be secured thereby, and that the mortgage or deed of
trust is a first charge on said real estate. No such mortgage or deed of trust shall be cancelled or surrendered until the approval of the final account, unless substitution is permitted as provided in G.S. 28A-8.3(d).

d. A deposit by the owner with the clerk of superior court of negotiable securities, of a kind permitted by law to be proper investments for fiduciaries exercising due care, having a fair market value determined by the clerk to be equal to the amount of the penalty of the bond. Such securities shall be properly endorsed, delivered to the clerk of superior court, and accompanied by a security agreement containing a power of sale authorizing the clerk of superior court to sell them in the event the person to whom letters are being issued commits a breach of any duty imposed upon him by law in respect of his office. Such securities shall not be surrendered by the clerk of superior court to the owner until the approval of the final account, unless substitution is permitted as provided in G.S. 28A-8.3(d). For the purposes of determining the value of the assets of the personal sureties in subdivision (4)b., or the value of the real estate in subdivision (4)c., or the value of the negotiable securities in subdivision (4)d., the clerk of superior court may require a certificate of the value of such property by one or more persons not interested in the estate determined by the clerk to be qualified to certify such value.

“§ 28A-8.3. Modification of bond requirements.—(a) Increase of Bond or Security in Case of Inadequacy or Insufficiency. The clerk of superior court may, on his own motion or upon verified application of any person interested in the estate, require the personal representative to give a new bond or to furnish additional security if he finds that the bond filed pursuant to this Article, or its security, is insufficient, inadequate in amount, or that any of the individual sureties has become or is about to become a nonresident or, in the case of a corporate surety, has withdrawn or is about to withdraw from doing business in this State. Before ordering the personal representative to give a new bond or furnish additional security, the clerk of superior court shall issue a citation requiring the personal representative, within 10 days after service thereof, to show cause why such action should not be taken. If the clerk of superior court finds that the bond filed or its security is insufficient or inadequate, he shall make an order requiring the personal representative to give a new bond or to furnish additional security within a reasonable time to be fixed in the order.

(b) Increase of Bond Upon Sale of Real Estate. When a personal representative makes application for an order to sell real estate, the provisions of G.S. 1-339.10 shall govern.

(c) Reduction of Bond. On application of the personal representative the penalty of the bond may be reduced from time to time when the clerk of superior court finds that such reduction is clearly justified, but in no event shall the penalty of the bond be reduced below the amount required by G.S. 28A-8.2(3).

(d) Substitution of Security. When a bond is secured by a mortgage or deed of trust on real estate as provided in G.S. 28A-8.2(4)c. or a deposit of negotiable securities as provided in G.S. 28A-8.2(4)d., the clerk of superior court may, on application of the personal representative, order that such real estate or negotiable securities, or a part thereof, be released upon the substitution therefor of other security in compliance with G.S. 28A-8.2(4)a., (4)c., or (4)d.
Such substitution may be allowed in conjunction with any other modification of bond requirements permitted by this section.

"§ 28A-8.4. Failure to give additional bond; letters revoked.—If any personal representative fails to give an additional bond or new bond or to furnish additional security as ordered by the clerk of superior court pursuant to the provisions of this Article, within the time specified in any such order, the clerk of superior court shall proceed as provided in G.S. 28A-9.2.

"§ 28A-8.5. Rights of surety in danger of loss.—Any surety on the bond of a personal representative who is in danger of loss under his suretyship may file his petition on oath with the clerk of superior court setting forth the facts, and asking that such personal representative be removed from office, or that he be required to give security to indemnify the petitioner against apprehended loss, or that the petitioner be discharged as surety and be released from liability for any future breach of the bond. The clerk of superior court shall thereupon issue a citation to the personal representative, requiring him to answer the petition within 10 days after service thereof. If, upon the hearing, the clerk of superior court determines that the surety is entitled to relief, he may grant the same in such manner as to serve the best interest of the estate. In any event, however, the previous surety shall not be released from liability for any breach of duty by the personal representative occurring prior to the filing of bond with a new surety unless the new surety assumes liability for the earlier breaches.

"§ 28A-8.6. Action against obligors on bond of personal representative.—Any person injured by the breach of any bond given by a personal representative or collector may institute a civil action against one or more of the obligors of the bond and recover such damages as he may have sustained. Any successor personal representative, or any other personal representative of the same decedent, may institute such action on behalf of the persons interested in the estate. Any such action against one or more of the obligors of the bond shall be brought in the name of the State of North Carolina and shall be instituted in the county in which letters were issued to the personal representative or collector, and the clerk of superior court shall give notice of the institution of the action in such manner as he may determine to all other persons shown by his records to be interested in the estate. The bond of the personal representative is not void after the first or any subsequent recovery thereon until the entire penalty is recovered. If the plaintiff fails to prevail, costs may be taxed against the person or persons for whose benefit the action on a personal representative’s bond is prosecuted.

"Article 9.

"Revocation of Letters.

"§ 28A-9.1. Revocation after hearing.—(a) Grounds. Letters testamentary, letters of administration, or letters of collection may be revoked after hearing on any of the following grounds:

(1) The person to whom they were issued was originally disqualified under the provisions of G.S. 28A-4.2 or has become disqualified since the issuance of letters.

(2) The issuance of letters was obtained by false representation or mistake.

(3) The person to whom they were issued has violated a fiduciary duty...
through default or misconduct in the execution of his office, other than acts specified in G.S. 28A-9.2.

(4) The person to whom they were issued has a private interest, whether direct or indirect, that might tend to hinder or be adverse to a fair and proper administration. The relationship upon which the appointment was predicated shall not, in and of itself, constitute such an interest.

(b) Procedure. When it appears to the clerk of superior court, on his own motion or upon verified complaint made to him by any person interested in the estate, that any of the grounds set forth in subsection (a) may exist with regard to any personal representative or collector within his jurisdiction, he shall issue citation requiring such personal representative or collector, within 10 days after service thereof, to show cause why his letters should not be revoked. On the return of such citation duly executed, the clerk of superior court shall set the date for a hearing. Notice of the time and date of the hearing shall be given to such persons and in such manner as the clerk of superior court shall determine. If at the hearing the clerk of superior court finds any one of the grounds set forth in subsection (a) to exist, he shall revoke the letters issued to such personal representative or collector.

"§ 28A-9.2. Summary revocation.—(a) Grounds. Letters testamentary, letters of administration, or letters of collection, shall be revoked by the clerk of superior court without hearing when:

(1) After letters of administration or collection have been issued, a will is subsequently admitted to probate.

(2) After letters testamentary have been issued:
   a. The will is set aside, or
   b. A subsequent testamentary paper revoking the appointment of the executor is admitted to probate.

(3) Any personal representative or collector required to give a new bond or furnish additional security pursuant to G.S. 28A-8.3 fails to do so within the time ordered.

(4) A nonresident personal representative refuses or fails to obey any citation, notice, or process served on him or his process agent.

(5) A trustee in bankruptcy, liquidating agent, or receiver has been appointed for any personal representative or collector, or any personal representative or collector has executed an assignment for the benefit of creditors.

(6) A personal representative has failed to file an inventory and appraisal report or an annual account with the clerk of superior court, as required by Article 20 and Article 21 of this Chapter, and proceedings to compel such filing pursuant to G.S. 28A-20.2 or G.S. 28A-21.4 cannot be had because service cannot be completed because the personal representative cannot be found.

(b) Procedure. Upon the occurrence of any of the acts set forth in subsection (a), the clerk of superior court shall enter an order revoking the letters issued to such personal representative or collector and shall cause a copy of the order to be served on him or his process agent.

"§ 28A-9.3. Effect of revocation.—Upon entry of the order revoking his letters, the authority of the personal representative or collector shall cease. He shall surrender all assets of the estate under his control to his successor, or the remaining personal representative or collector or to the clerk of superior court;
and shall file an accounting in the form prescribed by Article 21 of this Chapter. A personal representative or collector whose letters are revoked pursuant to G.S. 28A-9.2(a)(1) or G.S. 28A-9.2(a)(2) shall not thereby incur personal liability for administrative acts performed prior to revocation except as provided in G.S. 28A-13.10.

"§ 28A-9.4. Appeal; stay effected.—Any interested person may appeal from the order of the clerk of superior court granting or denying revocation. The procedure shall be the same as in a special proceeding. If the clerk of superior court has revoked the letters, such appeal shall stay the judgment and order of the clerk until the cause is heard and determined upon appeal.

"§ 28A-9.5. Interlocutory orders.—Pending any proceeding or appeal with respect to revocation of letters, the clerk of superior court may enter such interlocutory orders as are necessary to preserve the assets of the estate.

"§ 28A-9.6. Appointment of successor to personal representative or collector whose letters have been revoked; when not required.—Upon the revocation of letters issued to a sole or last surviving personal representative or collector, the clerk of superior court shall appoint another personal representative or collector as provided by G.S. 28A-4.1 to act as his successor. When two or more personal representatives or collectors have qualified, and the letters of one or more personal representatives or collectors are revoked, leaving in office one or more personal representatives or collectors, the appointment of successors shall not be required unless:

(1) The clerk of superior court determines, in his discretion, that it is in the best interest of the estate to appoint a successor or successors to the personal representatives or collectors whose letters have been revoked, or

(2) In the case of executors, the will so provides.

"§ 28A-9.7. Rights and duties devolve on successor.—After the revocation of letters pursuant to this Article and upon the qualification and appointment of a successor, the substituted personal representative or collector shall succeed to all the powers stated in G.S. 28A-13.7. He shall be subject to all the duties, responsibilities and liabilities of the original personal representative or collector, other than liabilities arising out of the grounds for revocation.

"Article 10.

"Resignation.

"§ 28A-10.1. Clerk's power to accept resignation.—The clerk of superior court in the county where a person has been appointed personal representative shall have the power to accept his resignation.

"§ 28A-10.2. Contents of petition; notice.—(a) When a personal representative desires to resign his office, he shall file a verified petition in the office of the clerk of the superior court, setting forth:

(1) The facts relating to his appointment and qualification;
(2) The names and residences of all interested persons known to him;
(3) A full statement of the reasons why the petitioner should be permitted to resign his office; and
(4) A statement that he has filed with the clerk of superior court his accounts and a record of his conduct of the office.

(b) Notice of the petition for resignation, together with the date and time of the hearing thereon, shall be served upon all interested persons named in the petition in such manner as the clerk of superior court shall determine.
CHAPTER 1329  Session Laws—1973

"§ 28A-10.3. Statement of account; record of conduct.—When the personal representative files his petition requesting permission to resign his office, he shall also file a verified statement of:

1. His accounts since his qualification, or if he has previously filed an account, a statement of his accounts since the date thereof;
2. The assets of the estate and their location;
3. The debts and liabilities of the estate;
4. All facts and circumstances known to him the disclosure of which is necessary for a full and fair assessment of his conduct of the office; and
5. All additional facts and circumstances known to him the disclosure of which is necessary for a full and fair understanding of all matters concerning the estate.

"§ 28A-10.4. Hearing; order.—The clerk of superior court shall conduct a hearing on the petition not sooner than 10 days nor later than 20 days after notice to interested persons pursuant to G.S. 28A-10.2(b). If the clerk of superior court finds all the accounts proper, including accounts subsequent to the filing of the petition, and determines that the resignation of the personal representative is in the best interest of the estate and can be allowed, the resignation may be approved subject to the provisions of G.S. 28A-10.5. Except in cases governed by G.S. 28A-10.8, he shall appoint a successor pursuant to G.S. 28A-4.1.

"§ 28A-10.5. When resignation becomes effective.—The resignation shall not become effective until:

1. A successor has been duly qualified, unless G.S. 28A-10.8 is applicable; and
2. The clerk of superior court is satisfied that the accounts of the personal representative are true and correct; and
3. The personal representative has accounted to his successor in full for all assets of the estate, or if pursuant to G.S. 28A-10.8 no successor is appointed, to the remaining personal representative or representatives, and his final account has been filed with and approved by the clerk of superior court.

"§ 28A-10.6. Appeal; stay effected.—Any interested person who has appeared at the hearing and objected to the order of the clerk of superior court granting or denying resignation may appeal therefrom. The procedure shall be the same as in a special proceeding. If the clerk of superior court has allowed the resignation, such appeal shall stay the order of the clerk until the cause is heard and determined upon appeal.

"§ 28A-10.7. Rights and duties devolve on successor.—Upon the qualification and appointment of a successor to a personal representative whose resignation has been allowed as provided in G.S. 28A-10.4, the substituted personal representative shall succeed to all the powers stated in G.S. 28A-13.7 and shall also be subject to all the duties, responsibilities, and liabilities stated in Article 13.

"§ 28A-10.8. When appointment of successor to personal representative who has resigned is not required.—When two or more personal representatives have qualified, and one or more personal representatives resign pursuant to this Article, leaving in office one or more personal representatives, the appointment of successors shall not be required unless:

1. The clerk of superior court determines, in his discretion, that it is in the best interest of the estate to appoint a successor or successors to the personal representative or representatives who have resigned, or
(2) In the case of executors, the will so provides.

"Article 11.

"§ 28A-11.1. Appointment and qualifications of collectors.—When for any reason other than a situation provided for in Chapter 28B or Chapter 28C entitled 'Estates of absentees in Military Service' and 'Estates of Missing Persons' a delay is encountered in the issuance of letters to a personal representative or when, in any case, the clerk of superior court finds that the best interest of the estate would be served by the appointment of a collector, he may issue letters of collection to any person or persons not disqualified to act as a personal representative under G.S. 28A-4.2.

"§ 28A-11.2. Oath and bond.—Every collector shall take an oath as prescribed in G.S. 28A-7.1 and give bond as required in Article 8 of this Chapter for personal representatives.

(6) Renew obligations of the decedent in the same manner as the personal representative is allowed to do under the provisions of Article 13 of this Chapter; and
(7) Under the express direction and supervision of the clerk of superior court, possess, exercise and perform all other powers, duties and liabilities given to personal representatives by Article 13 of this Chapter.

"§ 28A-11.4. When collectors' powers cease; settlement of accounts.—(a) When letters testamentary or letters of administration are issued, or when in any case the clerk of superior court terminates the appointment of the collector, the powers of the collector cease.

(b) Upon the termination of his appointment, the collector shall surrender to the personal representative or to the person otherwise entitled thereto or to the clerk all assets of the estate under his control and shall file with the clerk a verified statement of:

“§ 28A-12.1. Appointment and term.—There shall be a public administrator in every county, appointed by the clerk of superior court, with the written approval of the senior resident superior court judge of the district in which the appointment is made, for a term of four years.

“§ 28A-12.2. Oath of office.—The public administrator shall take and subscribe an oath or affirmation in the form provided in G.S. 11-11 for administrators and in the manner provided in G.S. 28A-7.1; and the oath or affirmation so taken and subscribed shall be filed in the office of the clerk of superior court.

“§ 28A-12.3. "Representative's Powers,
Duties and Liabilities.

"§ 28A-13.1. Time of accrual of duties and powers.—The duties and powers of a personal representative commence upon his appointment. The powers of a personal representative relate back to give acts by the person appointed which are beneficial to the estate occurring prior to appointment the same effect as those occurring thereafter. Prior to appointment, a person named executor in a will may carry out written instructions of the decedent relating to his body, funeral and burial arrangements. A personal representative may ratify and accept acts on behalf of the estate done by others where the acts would have been proper for a personal representative.

"§ 28A-13.2. General duties; relation to persons interested in estate.—A personal representative is a fiduciary who, in addition to the specific duties stated in this Chapter, is under a general duty to settle the estate of his decedent as expeditiously and with as little sacrifice of value as is reasonable under all of the circumstances. He shall use the authority and powers conferred upon him by this Chapter, by the terms of the will under which he is acting, by any order of court in proceedings to which he is party, and by the rules generally applicable to fiduciaries, for the best interests of all persons interested in the estate, and with due regard for their respective rights.

"§ 28A-13.3. Powers of personal representative.—(a) Except as qualified by express limitations imposed in a will of the decedent or a court order, and subject to the provisions of G.S. 28A-13.6 respecting the powers of joint personal representatives, a personal representative has the power to perform in a reasonable and prudent manner every act which a reasonable and prudent man would perform incident to the collection, preservation, liquidation or distribution of a decedent's estate so as to accomplish the desired result of settling and distributing the decedent's estate in a safe, orderly, accurate and expeditious manner as provided by law, including but not limited to the powers specified in the following subdivisions:

(1) To take possession, custody or control of the personal property of the decedent. If in the opinion of the personal representative his possession, custody or control of such property is not necessary for purposes of administration, such property may be left with or surrendered to the heir or devisee presumptively entitled thereto. He has the power to take possession, custody or control of the real property of the decedent if he determines such possession, custody or control is in the best interest of the administration of the estate. Prior to exercising such power over real property the procedure as set out in subsection G.S. 28A-13.3(c) shall be followed. If the personal representative determines that such possession,
custody or control is not in the best interest of the administration of the
estate such property may be left with or surrendered to the heir or
devicee presumptively entitled thereto.
(2) To retain assets owned by the decedent pending distribution or
liquidation even though such assets may include items which are
otherwise improper for investment of trust funds.
(3) To receive assets from other fiduciaries or other sources.
(4) To complete performance of contracts entered into by the decedent
that continue as obligations of his estate, or to refuse to complete such
contracts, as the personal representative may determine to be in the best
interests of the estate, but such refusal shall not limit any cause of action
which might have been maintained against decedent if he had refused to
complete such contract. In respect to enforceable contracts by the
decedent to convey an interest in land, the provisions of G.S. 28A-17.9
are controlling.
(5) To deposit, as a fiduciary, funds of the estate in a bank, including a
bank operated by the personal representative upon compliance with the
provisions of G.S. 36-27.
(6) To deposit, as a fiduciary, funds of the estate, when such are not needed
to meet debts and expenses immediately payable and are not
immediately distributable, including moneys received from the sale of
other assets, in interest-bearing accounts insured by the Federal Deposit
Insurance Corporation or Federal Savings and Loan Insurance
Corporation or to enter into other short-term loan arrangements that
may be appropriate for use by trustees or fiduciaries generally.
(7) To abandon or relinquish all rights in any property when, in the
opinion of the personal representative acting reasonably and in good
faith, it is valueless, or is so encumbered or is otherwise in such
condition that it is of no benefit to the estate.
(8) To vote shares of stock or other securities in person or by general or
limited proxy.
(9) To pay calls, assessments, and any other sums chargeable or accruing
against or on account of securities.
(10) To hold shares of stock or other securities in the name of a nominee,
without mention of the estate in the instrument representing stock or
other securities or in registration records of the issuer thereof; provided,
that a. the estate records and all reports or accounts rendered by the
personal representative clearly show the ownership of the stock or other
securities by the personal representative and the facts regarding its
holdings, and b. the nominee shall not have possession of the stock or
other securities or access thereto except under the immediate
supervision of the personal representative or when such securities are
deposited by the personal representative in a clearing corporation as
defined in G.S. 25-8-102(3). Such personal representative shall be
personally liable for any acts or omissions of such nominee in connection
with such stock or other securities so held, as if such personal
representative had done such acts or been guilty of such omissions.
(11) To insure, at the expense of the estate, the assets of the estate in his
possession, custody or control against damage or loss.
(12) To borrow money for such periods of time and upon such terms and
conditions as to rates, maturities, renewals, and security as the personal representative shall deem advisable, including the power of a corporate personal representative to borrow from its own banking department, for the purpose of paying debts, taxes, and other claims against the estate, and to mortgage, pledge or otherwise encumber such portion of the estate as may be required to secure such loan or loans. In respect to the borrowing of money on the security of the real property of the decedent, G.S. 28A-17.11 is controlling.

(13) To renew obligations of the decedent for the payment of money.

(14) To advance his own money for the protection of the estate, and for all expenses, losses and liabilities sustained in the administration of the estate or because of the holding or ownership of any estate assets. For such advances, with any interest, the personal representative shall have a lien on the assets of the estate as against a devisee or heir.

(15) To compromise, adjust, arbitrate, sue on or defend, abandon, or otherwise deal with and settle claims in favor of or against the estate.

(16) To pay taxes, assessments, his own compensation, and other expenses incident to the collection, care, administration and protection of the assets of the estate in his possession, custody or control.

(17) To sell or exercise stock subscription or conversion rights; consent, directly or through a committee or other agent, to the reorganization, consolidation, merger, dissolution, or liquidation of a corporation or other business enterprise.

(18) To allocate items of income or expense to either estate income or principal, as permitted or provided by law.

(19) To employ persons, including attorneys, auditors, investment advisors, appraisers or agents to advise or assist him in the performance of his administrative duties.

(20) To continue any business or venture in which the decedent was engaged at the date of his death, where such continuation is reasonably necessary or desirable to preserve the value, including good will, of the decedent’s interest in such business. With respect to the use of the decedent’s interest in a continuing partnership, the provisions of G.S. 59-71 and 59-72 qualify this power; and with respect to farming operations engaged in by the decedent at the time of his death, the provisions of G.S. 28A-13.4 qualify this power.

(21) To incorporate or participate in the incorporation of any business or venture in which the decedent was engaged at the time of his death.

(22) To provide for the exoneration of the personal representative from personal liability in any contract entered into on behalf of the estate.

(23) To maintain actions for the wrongful death of the decedent according to the provisions of Article 18 of this Chapter and to compromise or settle any such claims, whether in litigation or not, provided that any such settlement shall be subject to the approval of a judge of superior court unless all persons who would be entitled to receive any damages recovered under G.S. 28A-18.2(b)(3) are competent adults and have consented in writing. It shall be the duty of the personal representative in distributing the proceeds of such settlement in any instance to take into consideration and to make a fair allocation to those claimants for funeral, burial, hospital and medical expenses which would have been
payable from damages which might have been recovered had a wrongful death action gone to judgment in favor of the plaintiff.

(24) To maintain any appropriate action or proceeding to recover possession of any property of the decedent, or to determine the title thereto; to recover damages for any injury done prior to the death of the decedent to any of his property; and to recover damages for any injury done subsequent to the death of the decedent to such property.

(25) To purchase at any public or private sale of any real or personal property belonging to the decedent's estate or securing an obligation of the estate as a fiduciary for the benefit of the estate when, in his opinion, it is necessary to prevent a loss to the estate.

(26) To sell or lease personal property of the estate in the manner prescribed by the provisions of Article 16 of this Chapter.

(27) To sell or lease real property of the estate in the manner prescribed by the provisions of Article 17 of this Chapter.

(28) To enter into agreements with taxing authorities to secure the benefit of the federal marital deduction pursuant to G.S. 28A-22.6.

(29) To pay or satisfy the debts and claims against the decedent's estate in the order and manner prescribed by Article 19 of this Chapter.

(30) To distribute any sum recovered for the wrongful death of the decedent according to the provisions of G.S. 28A-18.2; and to distribute all other assets available for distribution according to the provisions of this Chapter or as otherwise lawfully authorized.

(31) To exercise such additional lawful powers as are conferred upon him by the will.

(32) To execute and deliver all instruments which will accomplish or facilitate the exercise of the powers vested in the personal representative.

(b) Any question arising out of the powers conferred by subsection (a) above shall be determined in accordance with the provisions of Article 18 of this Chapter.

(c) Prior to the personal representative exercising possession, custody or control over real property of the estate he shall petition the clerk of court to obtain an order authorizing such possession, custody or control. The petition shall include:

a. A description of the real property which is the subject of the petition;

b. The names, ages, and addresses, if known, of the devisees and heirs of the decedent;

c. A statement by the personal representative that he has determined that such possession, custody or control is in the best interest of the administration of the estate.

The devisees and heirs will be made parties to the proceeding by service of summons in the manner prescribed by law. If the clerk of court determines that it is in the best interest of the administration of the estate to authorize the personal representative to take possession, custody or control he shall grant an order authorizing that power.

“§ 28A-13.4. Continuance of farming operations of deceased persons.—When any person dies while engaged in farming operations, his personal representative is authorized to continue such farming operations until the end of the current calendar year, and until all crops grown during that year are harvested. The net
income from such farming operations shall be personal assets of the estate. Any indebtedness incurred in connection with such farming operations after the date of death shall be preferred over the claims of any heir, legatee, devisee, distributee, general or unsecured creditor of said estate. Nothing herein contained shall limit the powers of a personal representative under the terms of a will.

“§ 28A-13.5. Personal representatives hold in joint tenancy.—Any estate or interest in property which becomes vested in two or more personal representatives shall be held by them in joint tenancy with the incident of survivorship.

“§ 28A-13.6. Exercise of powers of joint personal representatives by one or more than one.—(a) As used in this section, the term 'personal representatives' includes testamentary trustees.

(b) If a will expressly makes provision for the execution of any of the powers of personal representatives by all of them or by any one or more of them, the provisions of the will govern.

(c) If there is no governing provision in the will, personal representatives may, by written agreement signed by all of them and filed with and approved by the clerk of superior court of the county in which such personal representatives qualified, provide that any one or more of the following powers of personal representatives may be exercised by any designated one or more of them:

(1) Open bank accounts and draw checks thereon;
(2) Subject to the provisions of G.S. 105-24, enter any safe-deposit box of the deceased or any safe-deposit box rented by the personal representative or representatives;
(3) Employ attorneys and accountants;
(4) List property for taxes and prepare and file State, municipal and county tax returns;
(5) Collect claims and debts due the estate and give receipts therefor;
(6) Pay claims against and debts of the estate;
(7) Compromise claims in favor of or against the estate;
(8) Have custody of property of the estate.

(d) The voting of corporate shares of stock is governed by the provisions of G.S. 55-69(f).

(e) Subject to the provisions of subsections (b), (c) and (d) of this section, all other acts and duties must be performed by both of the personal representatives if there are two, and by a majority of them if there are more than two.

(f) No personal representative shall be relieved of liability on his bond or otherwise by entering into any agreement under this section.

“§ 28A-13.7. Powers and duties of successor personal representative.—A successor personal representative is one appointed to succeed a personal representative whose appointment has terminated by death, resignation or revocation. Unless a contrary intent clearly appears from the will, a successor personal representative has all the powers and duties, discretionary or otherwise, of the original personal representative.

“§ 28A-13.8. Powers and duties of administrator with will annexed.—When an administrator with the will annexed has been appointed, whether or not he is succeeding a previously appointed personal representative, he has the same powers and duties, discretionary or otherwise, as if he had been named executor in the will, unless a contrary intent clearly appears from the will.
CHAPTER 1329    Session Laws—1973

"§ 28A-13.9. Powers of surviving personal representative.—When one or more of those nominated as co-executors in a will is not appointed, or when the appointment of one or more joint personal representatives is terminated, every power granted to such joint personal representatives may be exercised by the surviving representative or representatives; provided that nothing to the contrary appears in the will of a testate decedent.

"§ 28A-13.10. Liability of personal representative.—(a) Property of estate. A personal representative shall be liable for and chargeable in his accounts with all of the estate of the decedent which comes into his possession at any time, including all the income therefrom; but he shall not be liable for any debts due to the decedent or other assets of the estate which remain uncollected without his fault. He shall not be entitled to any profit by an increase in value, nor be chargeable with loss by a decrease in value or destruction without his fault, of any part of the estate.

(b) Property not a part of estate. A personal representative shall be chargeable in his accounts with property not a part of the estate which comes into his possession at any time and shall be liable to the persons entitled thereto if:

(1) The property was received under a duty imposed on him by law in the capacity of personal representative; or
(2) He has commingled such property with the assets of the estate.

(c) Breach of duty. A personal representative shall be liable and chargeable in his accounts for any loss to the estate arising from his embezzlement or commingling of the estate with other property; for loss to the estate through self-dealing; for any loss to the estate from wrongful acts or omissions of his joint personal representatives which he could have prevented by the exercise of ordinary care; and for any loss to the estate arising from his failure to act in good faith and with such care, foresight and diligence as an ordinarily reasonable and prudent man would act with his own property under like circumstances. If the exercise of power concerning the estate is improper, the personal representative is liable for breach of fiduciary duty to interested persons for resulting damage or loss to the same extent as a trustee of an express trust.

"Article 14.

"Notice to Creditors.

"§ 28A-14.1. Advertisement for claims.—Every personal representative and collector within 20 days after the granting of letters shall notify all persons, firms and corporations having claims against the decedent to present the same to such personal representative or collector, on or before a day to be named in such notice, which day must be six months from the day of the first publication or posting of such notice. The notice shall be published once a week for four consecutive weeks in a newspaper qualified to publish legal advertisements, if any such newspaper is published in the county. If there is no newspaper published in the county, but there is a newspaper having general circulation in the county, then at the option of the personal representative, or collector, the notice shall be published once a week for four consecutive weeks in the newspaper having general circulation in the county and posted at the courthouse or the notice shall be posted at the courthouse and four other public places in the county. Personal representatives are not required to publish notice to creditors if the only asset of the estate consists of a claim for damages arising from death by wrongful act.
“§ 28A-14.2. Proof of advertisement.—A copy of the advertisement directed by G.S. 28A-14.1 to be posted or published, together with an affidavit or affidavits by one of the persons authorized by G.S. 1-600(a) to make affidavits to the effect that such notice was posted or published in accordance with G.S. 28A-14.1, shall be filed in the office of the clerk of superior court by the personal representative or collector. The copy of the notice together with such affidavit or affidavits shall be deemed a record of the court, and a copy thereof, duly certified by the clerk of superior court, shall be received as prima facie evidence of the fact of publication in all the courts of this State.

“§ 28A-14.3. Personal notice to creditor.—The personal representative or collector may cause the notice to be personally served on any creditor.

“Article 15.

“Assets; Discovery of Assets.

“§ 28A-15.1. Assets of the estate generally.—(a) All of the real and personal property, both legal and equitable, of a decedent shall be assets available for the discharge of debts and other claims against his estate in the absence of a statute expressly excluding any such property. Provided that before real property is selected the personal representative must determine that such selection is in the best interest of the administration of the estate.

(b) In determining what property of the estate shall be sold, leased, pledged, mortgaged or exchanged for the payment of the debts of the decedent and other claims against his estate, the personal representative shall select the assets which in his judgment are calculated to promote the best interests of the estate. In the selection of assets for this purpose, there shall be no necessary distinction between real and personal property, absent any contrary provision in the will.

(c) If it shall be determined by the personal representative that it is in the best interest of the administration of the estate to sell, lease, or mortgage any real estate or interest therein to obtain money for the payment of debts and other claims against the decedent’s estate, the personal representative shall institute a special proceeding before the clerk of superior court for such purpose pursuant to Article 17 of this Chapter.

(d) The crops of every deceased person, remaining ungathered at his death, shall, in all cases, belong to the personal representative or collector, as part of the personal assets of the decedent’s estate; and shall not pass to the devisee by virtue of any devise of the land, unless such intent be manifest and specified in the will.

“§ 28A-15.2. Title and possession of property.—(a) Personal Property. Subsequent to the death of the decedent and prior to the appointment and qualification of the personal representative or collector, the title and the right of possession of personal property of the decedent is vested in his heirs; but upon the appointment and qualification of the personal representative or collector, the heirs shall be divested of such title and right of possession which shall be vested in the personal representative or collector relating back to the time of the decedent’s death for purposes of administering the estate of the decedent. But, if in the opinion of the personal representative, his possession, custody and control of any item of personal property is not necessary for purposes of administration, such possession, custody and control may be left with or surrendered to the heir or devisee presumptively entitled thereto.

(b) Real Property. (1) The title to real property of a decedent is vested in his heirs as of the time of his death; but the title to real property of a decedent
CHAPTER 1329   Session Laws—1973

devised under a valid probated will becomes vested in the devisees and shall relate back to the decedent's death, subject to the provisions of G.S. 31-39.

"§ 28A-15.3. Non-exoneration of encumbered property.—When real or personal property subject to any lien or security interest, except judgment liens, is specifically devised, the devisee takes the property subject to the encumbrance and without a right to have other assets of the decedent applied to discharge the secured obligation, unless an express provision of the will confers such right of exoneration. A general testamentary direction to pay the debts of the decedent is not sufficient to confer such right.

"§ 28A-15.4. Encumbered assets.—When any assets of the estate are encumbered by mortgage, pledge, lien or other security interest, the personal representative may pay the encumbrance or any part thereof, renew or extend any obligation secured by the encumbrance, or convey or transfer the encumbered assets to the creditor in satisfaction of his lien, in whole or in part, whether or not the holder of the encumbrance has filed a claim, if it appears to be for the best interest of the estate; provided that payment of an encumbrance shall not increase the share of the distributee entitled to the encumbered assets unless the distributee is entitled to exoneration by express provisions of the will.

"§ 28A-15.5. Order in which assets appropriated; abatement.—(a) General Rules. In the absence of testamentary indication as to the order of abatement, or some other controlling statute, shares of devisees and of heirs abate, without any preference or priority as between real and personal property, in the following order:

(1) Property not disposed of by the will;
(2) Residuary devises;
(3) General devises;
(4) Specific devises.

For purposes of abatement, a demonstrative devise of money or property payable out of or charged on a particular fund or other property is treated as a specific devise; but if the particular fund or property out of which the demonstrative devise is to be paid is nonexistent or insufficient at the death of the testator, the deficiency is to be payable out of the general estate of the decedent and is to be regarded as a general devise and must abate pro rata with other general devises. Abatement within each classification is in proportion to the amounts of property each of the beneficiaries would have received, had full distribution of the property been made in accordance with the terms of the will.

(b) Abatement; Sales; Contribution. When property which has been specifically devised is sold, leased, or mortgaged, or a security therein is created, by the personal representative, abatement shall be achieved by ratable adjustments in, or contributions from other interest in the remaining assets. The clerk of superior court shall, at the time of the hearing on the petition for final distribution, determine the amounts of the respective contributions and whether the same shall be made before distribution or shall constitute a lien on specific property which is distributed.

"§ 28A-15.6. Federal income tax refunds; joint returns.—Upon the determination by the United States Treasury Department of an overpayment of income tax by a married couple filing a joint federal income tax return, one of whom has died since the filing of such return or where a joint federal income tax return is filed on behalf of a husband and wife, one of whom has died prior to the filing of the return, any refund of the tax by reason of such overpayment, if not
in excess of five hundred dollars ($500.00), shall be the sole and separate property of the surviving spouse. In the event that both spouses are dead at the time such overpayment is determined, such refund, if not in excess of five hundred dollars ($500.00), shall be the sole and separate property of the estate of the spouse who died last and may be paid directly by the Treasury Department to the executor or administrator of such estate, or to the person entitled to the possession of the assets of a small estate pursuant to the provisions of Article 25 of this Chapter.

"§ 28A-15.7. Same; separate returns.—Upon the determination by the United States Treasury Department of an overpayment of income tax by any married person filing a separate return, any refund of the tax by reason of such overpayment, if not in excess of two hundred fifty dollars ($250.00), exclusive of interest, shall be the sole and separate property of the surviving spouse, and the United States Treasury Department may pay said sum directly to such surviving spouse, and such payment to the extent thereof shall operate as a complete acquittal and discharge of the United States Treasury Department.

"§ 28A-15.8. State income tax returns.—Upon the determination by the Commissioner of Revenue of North Carolina of an overpayment of income tax by any married person, any refund of the tax by reason of such overpayment, if not in excess of two hundred dollars ($200.00) exclusive of interest, shall be the sole and separate property of the surviving spouse, and said Commissioner of Revenue may pay said sum directly to such surviving spouse, and such payment to the extent thereof shall operate as a complete acquittal and discharge of the Commissioner of Revenue.

"§ 28A-15.9 Excess funds.—If the amount of any refund exceeds the sums specified in G.S. 25A-15.6, G.S. 28A-15.7 or G.S. 28A-15.8, the sums specified therein and one-half of any additional sums shall be the sole and separate property of the surviving spouse. The remaining one-half of such additional sums shall be the property of the estate of the decedent spouse.

"§ 28A-15.10. Assets of decedent’s estate for limited purposes.—(a) When needed to satisfy claims against a decedent’s estate, assets may be acquired by a personal representative or collector from the following sources:

(1) Tentative trusts created by the decedent in savings accounts for other persons;

(2) Gifts causa mortis made by the decedent;

(3) Joint deposit accounts with right of survivorship created by decedent pursuant to the provisions of G.S. 41-2.1 or otherwise; and joint tenancies with right of survivorship created by decedent in corporate stocks or other investment securities.

Such assets shall be acquired solely for the purpose of satisfying such claims, however, and shall not be available for distribution to heirs or devisees.

(b) Where there are not sufficient personal and real assets of the decedent to satisfy all the debts and other claims against his estate, the personal representative shall have the right to sue for and recover any and all personal property or real property, or interest therein, which the decedent may in any manner have transferred or conveyed with intent to hinder, delay, or defraud his creditors, and any personal property or real property, or interest therein, so recovered shall constitute assets of the estate in the hands of the personal representative for the payment of debts and other claims against the estate of the decedent. But if the alienee has sold the personal property or real property,
or interest therein, so fraudulently acquired by him from the decedent to a bona
fide purchaser for value without notice of the fraud, then such personal property
or real property, or interest therein, may not be recovered from such bona fide
purchaser but the fraudulent alienee shall be liable to the personal
representative for the value of the personal property or real property, or interest
therein, so acquired and disposed of to a bona fide purchaser. If the whole
recovery from the fraudulent alienee shall not be necessary for the payment of
the debts and other claims against the estate of the decedent, the surplus shall be
returned to such fraudulent alienee or his assigns.

(c) Where there has been a recovery in an action for wrongful death, the same
shall not be applied to the payment of debts and other claims against the estate
of decedent or devises, except as to the payment of reasonable burial and funeral
expenses and reasonable hospital and medical expenses incident to the injury
resulting in death and as limited and provided in G.S. 28-18.2.

"§ 28A-15.11. Debt due from personal representative not discharged by
appointment.——The appointment of any person as personal representative does
not discharge any debt or demand due from such person to the decedent.

"§ 28A-15.12. Examination of persons or corporations believed to have
possession of property of decedent.——(a) Whenever a personal representative or
collector makes oath or affirmation before the clerk of superior court of the
county where the party to be examined resides or does business that he has
reasonable ground to believe, setting forth the grounds of his belief, that any
person, firm or corporation has in his or its possession any property of any kind
belonging to the estate of his decedent, the clerk shall issue a notice to be served
upon the person or any member of the firm or officer, agent or employee of the
firm or corporation designated in the affidavit, to appear before the clerk at his
office at a time fixed in the notice, not less than three days after the issuance of
the notice, and be examined under oath by the personal representative or
collector or his attorney concerning the possession of such property. If upon
examination the clerk of superior court finds that the person examined or the
firm or corporation for which he works has in his or its possession any property
belonging solely to the decedent, and fails to show any satisfactory reason for
retaining possession of the property, the clerk shall issue an order requiring the
person, firm or corporation forthwith to deliver the property to said personal
representative or collector and may enforce compliance with the order by
proceedings as for contempt of court: Provided, that in the case of a firm or
corporation, whenever any person other than a partner or executive officer of
such firm or corporation is examined, no such order shall be made until at least
three days after service of notice upon a partner or executive officer of such firm
or corporation to show cause why such order should not be made.

(b) Any person aggrieved by the order of the clerk of superior court may,
within five days, appeal to the judge holding the next session of superior court of
the county after the order is made or to the resident judge of the district, but as
a condition precedent to his appeal he shall give a justified bond in the sum at least
double the value of the property in question, conditioned upon the safe delivery
of the property and the payment of damages for its detention, to the personal
representative or collector in the event that the order of the clerk should be
finally sustained. When the bond is executed and delivered to the court, no
attachment as for contempt shall be served upon the appealing party and any
contempt order theretofore issued shall be stayed; but if the appellant fails to
have his appeal heard at the next session of superior court held in his county, or by the resident judge of the district within 30 days after giving notice, the appeal shall be deemed abandoned, and the stay of any contempt order theretofore issued shall terminate.

(c) The party against whom the final judgment is rendered shall be adjudged to pay the costs of the proceedings hereunder.

(d) The remedies provided in this section shall not be exclusive, but shall be in addition to any remedies which are now or may hereafter be provided.

“Article 16.

“Sales or Leases of Personal Property.

“§ 28A-16.1. Sales or leases without court order.—(a) A personal representative has the power to sell or lease personal property of the decedent without a court order at either a public or private sale.

(b) A personal representative who sells or leases personal property of the decedent without a court order is not required to file a special report or have the transaction confirmed by the clerk of superior court, or to follow any of the procedure set forth in Article 29A of Chapter 1 of the General Statutes, entitled ‘Judicial Sales’, but shall include in his next account, either annual or final, a record of the receipts and disbursements incident to the transaction.

“§ 28A-16.2. Sales or leases by court order.—(a) All sales or leases of personal property of the decedent by a collector shall be made only upon order obtained, by motion, from the clerk of superior court.

(b) A personal representative may, if he so desires, request the clerk of superior court to issue to him an order to sell or lease personal property of the decedent.

(c) Sales or leases of personal property of the decedent held pursuant to court order shall be conducted as provided in Article 29A of Chapter 1 of the General Statutes, entitled ‘Judicial Sales’.

(d) A personal representative may, for his own benefit, purchase or lease personal property belonging to the decedent at a public sale conducted under an order of the clerk of superior court, if the transaction is reported to the clerk of superior court and confirmed by him.

“§ 28A-16.3. Sales of household furnishings.—If the decedent is survived by a spouse, no sale or lease shall be made of the household furnishings in the usual dwelling house occupied by the surviving spouse at the time of the death of the deceased spouse, if such dwelling house was owned by the deceased spouse at the time of his or her death, until the expiration of the time limits set forth in G.S. 29-30(c) for the filing by the surviving spouse of an election in regard to the property of the decedent.

“Article 17.

“Sales, Leases or Mortgages of Real Property.

“§ 28A-17.1. Sales of real property.—Pursuant to authority contained in G.S. 28A-15.1 the personal representative may, at any time, apply to the clerk of superior court of the county where the decedent’s real property or some part thereof is situated, by petition, to sell such real property for the payment of debts and other claims against the decedent’s estate.

“§ 28A-17.2. Contents of petition for sale.—The petition to sell real property shall include:

(1) A description of the real property and interest therein sought to be sold;
§ 28A-17.3. Petition for partition.—When it is alleged that the real property of the decedent sought to be sold consists in whole or in part of an undivided interest in real property, the personal representative of the decedent may include, in the petition to sell the real property for the payment of debts and other claims against the decedent’s estate, a request for partition of the lands sought to be sold.

§ 28A-17.4. Heirs and devisees necessary parties.—No order to sell real property shall be granted until the heirs or devisees of the decedent have been made parties to the proceeding by service of summons in the manner required by law. Upon such service, the court shall appoint a guardian ad litem for heirs or devisees who are unknown or whose addresses are unknown, and summons shall issue to him as such. The guardian ad litem shall file answer for such heirs or devisees and defend for them, and he shall be paid such sum as the court may fix, to be paid as costs of the proceeding.

§ 28A-17.5. Property subject to sale; conveyance by deceased in fraud of creditors.—The real property subject to sale under this Article shall include real property recovered from a fraudulent alienee pursuant to G.S. 28A-15.10(b).

§ 28-17.6. Adverse claimant to be heard; procedure.—When the real property sought to be sold, or any interest therein, is claimed by another person, such claimant may be made a party to the proceeding, and in any event may become a party upon his own motion. When an issue of law or fact is joined between the parties, the procedure shall be as prescribed for other special proceedings.

§ 28A-17.7. Order granted if petition not denied; public or private sale, procedure for sale.—If, by default or admission, the allegations in the petition are not controverted, the clerk of superior court may summarily order a sale. The procedure for the sale shall be as provided in Article 29A of Chapter 1 of the General Statutes, entitled "Judicial Sales". If it is made to appear to the clerk by petition and by satisfactory proof that it will be for the best interest of the estate to sell by private sale, the clerk may authorize a private sale in accordance with the provisions of G.S. 1-339.33 through G.S. 1-339.40.

§ 28A-17.8. Under power in will, sales public or private.—Sales of real property made pursuant to authority given by will may be either public or private, unless the will otherwise directs, and may be on such terms as in the opinion of the personal representative are most advantageous to those interested in the decedent’s estate.

§ 28A-17.9. Death of vendor under contract; representative to convey.—When any decedent has contracted to sell any real property and has given bond or other enforceable written contract to the purchaser to convey the same, his personal representative may execute and deliver a deed to such real property and such deed shall convey the title as fully as if it had been executed and delivered by the decedent. No deed shall be made unless the purchaser complies with the terms of the bond or other written contract. If the contract for conveyance requires the giving of a warranty deed, the deed given by the personal representative shall contain such warranties as required by the contract and the
warranties shall be binding on the estate and not on the personal representative personally.

"§ 28A-17.10. Title in personal representative for estate; he or successor to convey.—When real property is conveyed to a personal representative for the benefit of the estate he represents, he or any successor personal representative may sell and convey it upon such terms as he may deem just and for the advantage of the estate. The procedure shall be as is provided in Article 29A of Chapter 1 of the General Statutes, entitled 'Judicial Sales'. If it is made to appear to the clerk of superior court by petition and by satisfactory proof that it will be for the best interest of the estate to sell by private sale, the clerk may authorize a private sale in accordance with the provisions of G.S. 1-339.33 through G.S. 1-339.40.

"§ 28A-17.11. Personal representative may lease or mortgage.—In lieu of asking for an order of sale of real property, the personal representative may request the clerk of superior court to issue to him an order to lease or to mortgage real property of the decedent. The clerk of superior court is authorized to issue an order to lease or mortgage on such terms as he deems to be in the best interest of the estate.

"§ 28A-17.12. Sale, lease or mortgage of real property by heirs or devisees.—
(a) If the first publication or posting of the general notice to creditors as provided for in G.S. 28A-14.1 occurs within two years after the death of the decedent:

(1) All sales, leases or mortgages of real property by heirs or devisees of any resident or nonresident decedent made after the death of the decedent and before the first publication or posting of the general notice to creditors are void as to creditors and personal representatives; and

(2) All sales, leases or mortgages of real property by heirs or devisees of any resident or nonresident decedent made after such first publication or posting and before approval of the final account shall be void as to creditors and personal representatives unless the personal representative joins in the sale, lease or mortgage and the transaction is approved by the clerk of superior court. Approval of the clerk must appear in the deed, lease or mortgage, accompanied by a statement that he has made a finding that the transaction will not prejudice the payment of any valid claim against the estate.

(b) If the first publication or posting of the general notice to creditors as provided for in G.S. 28A-14.1 does not occur within two years after the death of the decedent, all sales, leases or mortgages of real property by heirs or devisees of any resident or nonresident decedent shall be valid as to creditors and personal representatives of the decedent.

"§ 28A-17.13. Prior validating acts.—Chapter 70 of the Public Laws of 1923, Chapter 48 of the Public Laws of 1925, Chapter 146 of the Public Laws of 1931, and Chapters 31 and 381 of the Public Laws of 1935, all validating certain prior sales of real property by executors or administrators and heretofore codified as G.S. 28-100 through 28-104, shall remain in full force and effect, though no longer carried forward as part of the General Statutes.

"Article 18.

"Actions and Proceedings.

"§ 28A-18.1. Survival of actions to and against personal representative.—(a) Upon the death of any person, all demands whatsoever, and rights to prosecute
or defend any action or special proceeding, existing in favor of or against such person, except as provided in subsection (b) hereof, shall survive to and against the personal representative or collector of his estate.

(b) The following rights of action in favor of a decedent do not survive:
   (1) Causes of action for libel and for slander, except slander of title;
   (2) Causes of action for false imprisonment;
   (3) Causes of action where the relief sought could not be enjoyed, or granting it would be nugatory after death.

"§ 28A-18.2. Death by wrongful act of another; recovery not assets.—(a) When the death of a person is caused by a wrongful act, neglect or default of another, such as would, if the injured person had lived, have entitled him to an action for damages therefor, the person or corporation that would have been so liable, and his or their personal representatives or collectors, shall be liable to an action for damages, to be brought by the personal representative or collector of the decedent; and this notwithstanding the death, and although the wrongful act, neglect or default, causing the death, amounts in law to a felony. The amount recovered in such action is not liable to be applied as assets, in the payment of debts or legacies, except as to burial expenses of the deceased, and reasonable hospital and medical expenses not exceeding five hundred dollars ($500.00) incident to the injury resulting in death; provided that all claims filed for such services shall be approved by the clerk of the superior court and any party adversely affected by any decision of said clerk as to said claim may appeal to the superior court in term time, but shall be disposed of as provided in the Intestate Succession Act.

(b) Damages recoverable for death by wrongful act include:
   (1) Expenses for care, treatment and hospitalization incident to the injury resulting in death;
   (2) Compensation for pain and suffering of the decedent;
   (3) The reasonable funeral expenses of the decedent;
   (4) The present monetary value of the decedent to the persons entitled to receive the damages recovered, including but not limited to compensation for the loss of the reasonably expected:
      a. Net income of the decedent,
      b. Services, protection, care and assistance of the decedent, whether voluntary or obligatory, to the persons entitled to the damages recovered,
      c. Society, companionship, comfort, guidance, kindly offices and advice of the decedent to the persons entitled to the damages recovered;
   (5) Such punitive damages as the decedent could have recovered had he survived, and punitive damages for wrongfully causing the death of the decedent through maliciousness, willful or wanton injury, or gross negligence;
   (6) Nominal damages when the jury so finds.

(c) All evidence which reasonably tends to establish any of the elements of damages included in subsection (b), or otherwise reasonably tends to establish the present monetary value of the decedent to the persons entitled to receive the damages recovered, is admissible in an action for damages for death by wrongful act.

(d) In all actions brought under this section the dying declarations of the deceased shall be admissible as provided for in G.S. 8-51.1.
§ 28A-18.3. To sue or defend in representative capacity.—All actions and proceedings brought by or against personal representatives or collectors upon any cause of action or right to which the estate of the decedent is the real party in interest, must be brought by or against them in their representative capacity.

§ 28A-18.4. Service on or appearance of one binds all.—In actions against personal representatives or collectors, they are all to be considered as one person, representing the decedent; and if the summons is served on one or more, but not all, the plaintiff may proceed against those served, and if he recovers, judgment may be entered against all.

§ 28A-18.5. When creditors may sue on claim; execution in such action.—An action may be brought by a creditor against the personal representative or collector on a demand at any time after it is due, but no execution shall issue against the personal representative or collector on a judgment therein against him without leave of the court, upon notice of 20 days and upon proof that the defendant has refused to pay such judgment or its ratable part, and such judgment shall be a lien on the property of the estate of the decedent only from the time of such leave granted.

§ 28A-18.6. Service by publication on executor without bond.—Whenever process may issue against an executor who has not given bond, and the same cannot be served upon him by reason of his absence or concealment, service of such process may be made by publication in the manner prescribed in other civil actions.

§ 28A-18.7. Execution by successor in office.—Any personal representative or collector may have execution issued on any judgment recovered by any person who preceded him in the administration of the estate, or by the decedent, in the same cases and the same manner as the original plaintiff might have done.

§ 28A-18.8. Action to continue, though letters revoked.—In case the letters of a personal representative or collector are revoked, pending an action to which he is a party, the adverse party may, notwithstanding, continue the action against him in order to charge him personally. If such party does not elect so to do, within six months after notice of such revocation, the action may be continued against the successor of the personal representative or collector in the administration of the estate, in the same manner as in case of death.

"Article 19.

"Claims Against the Estate.

§ 28A-19.1. Manner of presentation of claims.—Claims against a decedent’s estate may be presented as follows:

(a) The claimant may deliver or mail to the personal representative or collector a written statement of any claim indicating its basis, the name and address of the claimant, and the amount claimed. Such claim will be deemed presented upon its being received by the personal representative or collector, but if the personal representative or collector so elects, he may demand any or all of the following prior to taking action on the claim:

(1) If the claim is not yet due, that the date when it will become due be stated;

(2) If the claim is contingent or unliquidated, that the nature of the uncertainty be stated;

(3) If the claim is secured, that the security be described.

(b) Any action commenced against a personal representative or collector as such after the death of the decedent is considered a claim duly presented against
the estate from the time of serving the original process on the personal representative or collector.

(c) Any action pending against any person at the time of his death, which, at law, survives against the personal representative or collector is considered a claim duly presented against the estate from the time substitution of the personal representative or collector for the deceased defendant, or motion therefor, is made.

“§ 28A-19.2. Affidavit of claim may be required.—Upon any claim being presented against the estate in the manner prescribed in G.S. 28A-19.1(a), the personal representative or collector may require the affidavit of the claimant or other satisfactory evidence that such claim is justly due, that no payments have been made thereon, and that there are no offsets against the same, to the knowledge of the claimant; or if any payments have been made, or any offsets exist that their nature and amount be shown by the evidence or stated in the affidavit.

“§ 28A-19.3. Limitations on presentation of claims.—(a) All claims, except contingent claims based on any warranty made in connection with the conveyance of real estate, against a decedent’s estate which arose before the death of the decedent, including claims of the United States and the State of North Carolina and subdivisions thereof, whether due or to become due, absolute or contingent, liquidated or unliquidated, secured or unsecured, founded on contract, tort, or other legal basis, which are not presented to the personal representative or collector pursuant to G.S. 28A-19.1 within six months after the day of the first publication or posting of the general notice to creditors as provided for in G.S. 28A-14.1 are forever barred against the estate, the personal representative, the collector, the heirs, and the devisees of the decedent.

(b) All claims against a decedent’s estate which arise at or after the death of the decedent, including claims of the United States and the State of North Carolina and subdivisions thereof, whether due or to become due, absolute or contingent, liquidated or unliquidated, secured or unsecured, founded on contract, tort, or other legal basis are forever barred against the estate, the personal representative, the collector, the heirs, and the devisees of the decedent unless presented to the personal representative or collector as follows:

(1) A claim based on a contract with the personal representative or collector, within six months after performance by the personal representative or collector is due;

(2) Any claim other than a claim based on a contract with the personal representative or collector, within six months after the claim arises.

(c) No claim shall be barred by the statute of limitations which was not barred thereby at the time of the decedent’s death, if the claim is presented within the period provided by subsection (a) hereof.

(d) All claims of creditors upon whom there has been personal service of notice as provided in G.S. 28A-14.3 are forever barred unless presented to the personal representative or collector within three months from the date of such service. Nothing herein contained, however, shall be construed as extending the period provided by subsections (a) and (b) hereof.

(e) Unless notice of actions or special proceedings pending against a decedent at the time of his death and surviving under G.S. 28A-18.1 is presented to the personal representative or collector within six months after the day of the first
publication or posting of the general notice to creditors as provided in G.S. 28A-14.1, no recovery may be had upon any judgment obtained in any such action or proceeding.

(f) All claims barrable under the provisions of subsections (a) and (b) hereof shall, in any event, be barred if the first publication or posting of the general notice to creditors as provided for in G.S. 28A-14.1 does not occur within three years after the death of the decedent.

(g) Nothing in this section affects or prevents any action or proceeding to enforce any mortgage, deed of trust, pledge, lien (including judgment lien), or other security interest upon any property of the decedent’s estate, but no deficiency judgment will be allowed if the provisions of this section are not complied with.

(h) The word ‘claim’ as used in this section does not apply to claims of heirs or devisees to their respective shares or interests in the decedent’s estate in their capacity as such heirs or devisees.

“§ 28A-19.4. Payment of claims and charges before expiration of six months period. As soon as the personal representative or collector is possessed of sufficient means over and above the other costs of administration, he shall pay the year’s allowances in the amounts and in the manner prescribed in G.S. 30-15 to G.S. 30-33. Prior to the expiration of six months after the day of the first publication or posting of the general notice to creditors as provided for in G.S. 28A-14.1, the personal representative or collector may pay such other claims and charges as he deems in the best interest of the estate if the total assets are sufficient to pay all claims and charges against the estate.

“§ 28A-19.5. Contingent claims.—If a contingent or unliquidated claim becomes absolute before the distribution of the estate of the decedent, it shall be paid in the same manner as absolute claims of the same class. In other cases the clerk of superior court may provide for the payment of contingent or unliquidated claims in any one of the following ways:

1. The creditor and the personal representative or collector may determine, by agreement, arbitration, or compromise, the value of the contingent or unliquidated claim, according to its probable present worth, and with the approval of the clerk of superior court, it may be allowed and paid in the same manner as an absolute claim.

2. The clerk of superior court may order the personal representative or collector to retain sufficient funds to pay the claim if and when the same becomes absolute, and order distribution of the balance of the estate.

3. The clerk of superior court may order distribution of the estate as though the contingent or unliquidated claim did not exist, but the heirs and devisees of the estate of the decedent are liable to the creditor to the extent of the estate received by them, if the contingent or unliquidated claim thereafter becomes absolute; and the court may require such heirs and devisees to give bond for the performance of their liability to the contingent or unliquidated creditor.

4. Such other method as the clerk of superior court may order.

“§ 28A-19.6. Order of payment of claims.—After payment of costs and expenses of administration, the claims against the estate of a decedent must be paid in the following order:

First class. Claims which by law have a specific lien on property to an amount not exceeding the value of such property.
CHAPTER 1329    Session Laws—1973

Second class. Funeral expenses to the extent of six hundred dollars ($600.00). This limitation shall not include cemetery lot or gravestone. The preferential limitation herein granted shall be construed to be only a limit with respect to preference of payment and shall not be construed to be a limitation on reasonable funeral expenses which may be incurred; nor shall the preferential limitation of payment in the amount of six hundred dollars ($600.00) be diminished by any Veterans Administration, Social Security or other federal governmental benefits awarded to the estate of the decedent or to his or her beneficiaries.

Third class. All dues, taxes, and other claims with preference under the laws of the United States.

Fourth class. All dues, taxes, and other claims with preference under the laws of the State of North Carolina and its subdivisions.

Fifth class. Judgments of any court of competent jurisdiction within the State, docketed and in force, to the extent to which they are a lien on the property of the decedent at his death.

Sixth class. Wages due to any employee employed by the decedent, which claim for wages shall not extend to a period of more than 12 months next preceding the death; or if such employee was employed for the year current at the decease, then from the time of such employment; for medical services within the 12 months preceding the decease; for drugs and all other medical supplies necessary for the treatment of such decedent during the last illness of such decedent, said period of last illness not to exceed 12 months.

Seventh class. All other claims.

"§ 28A-19.7. Satisfaction of claims other than by payment.— Notwithstanding any provision of law to the contrary,

(1) If a decedent was liable in person at the time of his death for the payment or satisfaction of any claim or the performance, satisfaction, or discharge of any liability or obligation, whether joint or several, primary or secondary, direct or contingent, or enforceable in any other manner or form whatsoever, or

(2) If only the property of a decedent or some part thereof was liable at the time of his death for the payment of satisfaction of any claim or the performance, satisfaction, or discharge of any liability or obligation, whether joint or several, primary or secondary, direct or contingent, or enforceable in any other manner or form against the property of the decedent but not against him or his estate as a personal liability, and

(3) If any person other than the personal representative of the decedent is willing to assume the liability of the decedent and of his estate or to receive or accept property of the decedent subject to such liability in cases where the decedent was not personally liable and the creditor, obligee, or other person for whose benefit such liability exists is willing to accept an agreement with that effect and to discharge the personal representative of the decedent and the estate of the decedent from the payment, satisfaction, or discharge of such liability, and

(4) If such creditor, obligee, or other person for whose benefit such liability exists and the person assuming the liability or the person receiving or accepting property of the decedent subject to such liability shall execute, acknowledge, and deliver in the form and manner required for deeds conveying real property in North Carolina, an agreement between themselves as to such assumption of liability or the receipt or acceptance of property of the decedent subject to such
liability which shall contain a release, as hereinafter defined, discharging the personal representative of the decedent and his estate from the payment, satisfaction, or discharge of the liability, and thereafter the said creditor, obligee, or other person for whose benefit such liability exists shall have no remedy for the enforcement thereof except against the person assuming it or against the property subject to it as provided in the said agreement; then upon the filing with the clerk of superior court having jurisdiction over the estate and the personal representative of one duplicate original of the said agreement, or of a certified copy thereof if it is a duly recorded instrument, the same shall be accepted in the same manner as a voucher showing payment or discharge of the said liability in the accounts of the personal representative of the decedent.

The word ‘person’ as used in this section shall include one or more natural persons, corporations, partnerships, or entities having the power to own property or to make contracts in regard thereto. The word ‘release’ as used in this section shall include a covenant not to sue in any case in which an unqualified release or discharge of one obligee would discharge another, and if the liability involved is a negotiable instrument or other instrument transferable to a holder in due course, such release shall not be effective unless notice thereof is endorsed on the instrument involved, dated, and signed by the creditor or the holder of the indebtedness or person for whose benefit the property is encumbered.

“§ 28A-19.8. Funeral expenses of decedent.—Funeral expenses of a decedent shall be considered as an obligation of the estate of the decedent and the decedent’s estate shall be primarily liable therefor. The provisions of this section shall not affect the application of G.S. 28A-19.6.

“§ 28A-19.9. Gravestone authorized.—It is lawful for personal representatives to provide suitable gravestones to mark the graves of their testators or intestates, and to pay for the cost of erecting the same and the cost thereof shall be paid as funeral expenses and credited as such in final accounts. The costs thereof shall be in the sound discretion of the personal representative, having due regard to the value of the estate and to the interests of creditors and needs of the surviving spouse and the heirs and devisees of the estate. Where the personal representative desires to spend more than four hundred dollars ($400.00) for such purpose, and the will does not grant specific authority to the personal representative for such expenditures in excess of four hundred dollars ($400.00), he shall file his petition before the clerk of the court, and such order as will be made by the court shall specify the amount to be expended for such purpose. Provided, however, that if the net estate is of a value in excess of twenty-five thousand dollars ($25,000), the personal representative may, in his discretion, expend not more than eight hundred dollars ($800.00) for this purpose without securing the order of the court required herein. If the estate is of a value in excess of twenty-five thousand dollars ($25,000) and the personal representative desires to spend more than eight hundred dollars ($800.00) for such purpose, and the will does not grant specific authority for such expenditure he shall file his petition and secure the order of the court herein required before expending funds for such purpose. However, in no event may more than eight hundred dollars ($800.00) be accounted as gravestone marker cost to be credited as a funeral expense in the final accounts.

“§ 28A-19.10. Perpetual care of cemetery lot.—It shall be lawful for a personal representative to provide for perpetual care for the lot upon which is located the grave of his testator or intestate, and the cost thereof shall be paid
and credited as such in final accounts: Provided, that the provisions of this section shall be applicable to an interment made in a cemetery authorized by law to operate as a perpetual care cemetery or association, and the cost thereof shall be in the sound discretion of the personal representative having due regard to the value of the estate and to the interest of the surviving spouse and the heirs and devisees of the estate. Provided, where the personal representative desires to spend more than two hundred fifty dollars ($250.00) for such purpose, and the will does not grant specific authority to the personal representative for such expenditure in excess of two hundred fifty dollars ($250.00), he shall file his petition before the clerk of the superior court and such order as will be made by the court shall specify the amount to be expended for such purpose.

“§ 28A-19.11. Pleading statute of limitations.—When claims are not barred pursuant to G.S. 28A-19.3, it shall be within the discretion of the personal representative or collector acting in good faith to determine whether or not any applicable statute of limitations shall be pleaded to bar a claim which he believes to be just. His admission of such claim or his decision not to plead the statute in an action brought on the claim shall, in the absence of any showing of collusion or bad faith, be binding on all persons interested in the estate.

“§ 28A-19.12. Claims due representative not preferred.—No property or assets of the decedent shall be retained by the personal representative or collector in satisfaction of his own claim, in preference to others of the same class; but such claim must be established upon the same proof and paid in like manner and order as required by law in case of other debts.

“§ 28A-19.13. No preference within class.—No personal representative or collector shall give to any claim any preference whatever, either by paying it out of its class or by paying thereon more than a pro rata proportion in its class.

“§ 28A-19.14. Claims not due rebated.—Claims owed by the estate but not yet due may be paid by the personal representative on a rebate of interest thereon for the time unexpired.

“§ 28A-19.15. Disputed claim may be referred.—If the personal representative doubts the justness of any claim so presented, he may enter into an agreement, in writing, with the claimant, to refer the matter in controversy, whether the same be of a legal or equitable nature, to one or more disinterested persons, not exceeding three, whose proceedings shall be the same in all respects as if such reference had been ordered in an action. Such agreement to refer, and the award thereupon, shall be filed in the clerk’s office where the letters were granted, and shall be a lawful voucher for the personal representative. The same may be impeached in any proceeding against the personal representative for fraud therein: Provided, that the right to refer claims under this section shall extend to claims in favor of the estate as well as those against the estate.

“§ 28A-19.16. Disputed claim not referred, barred in three months.—If a claim is presented to and rejected by the personal representative or collector, and not referred as provided in G.S. 28A-19.15, the claimant must, within three months, after due notice in writing of such rejection, or after some part of the claim becomes due, commence an action for the recovery thereof, or be forever barred from maintaining an action thereon.

“§ 28A-19.17. No lien by suit against representative.—No lien shall be created by the commencement of a suit against a personal representative or collector.
§ 28A-19.18. When costs against representative allowed.—No costs shall be recovered in any action against a personal representative or collector unless it appears that payment was unreasonably delayed or neglected, or that the defendant refused to refer the matter in controversy, in which case the court may award such costs against the defendant personally, or against the estate, as may be just.

"Article 20.
"Inventory.

§ 28A-20.1. Inventory within three months.—Every personal representative and collector, within three months after his qualification, shall return to the clerk, on oath, a just, true and perfect inventory of all the real and personal property of the deceased, which have come to his hands, or to the hands of any person for him, which inventory shall be signed by him and be recorded by the clerk. He shall also return to the clerk, on oath, within three months after each sale made by him, a full and itemized account thereof, which shall be signed by him and recorded by the clerk.

§ 28A-20.2. Compelling the inventory.—(a) If the inventory specified in G.S. 28A-20.1 is not filed as prescribed, the clerk of superior court must issue an order requiring the personal representative or collector to file it within the time specified in the order, not less than 20 days, or to show cause why he should not be removed from office. If, after due service of the order, the personal representative or collector does not on or before the return day of the order file such inventory or obtain further time in which to file it, the clerk may remove him from office or may issue an attachment against him for a contempt and commit him until he files said inventory report.

(b) The personal representative or collector shall be personally liable for the costs of any proceeding incident to his failure to file the inventory required by G.S. 28A-20.1. Such costs shall be taxed against him by the clerk of superior court and may be collected by deduction from any commissions which may be found due the personal representative or collector upon final settlement of the estate.

§ 28A-20.3. Supplemental inventory.—(a) Whenever any property not included in the original inventory report becomes known to any personal representative or collector or whenever the personal representative or collector learns that the valuation or description of any property or interest therein indicated in the original inventory is erroneous or misleading, he shall prepare and file with the clerk of superior court a supplementary inventory in the same manner as prescribed for the original inventory. The clerk shall record the supplemental report with the original inventory.

(b) The making of the supplemental inventory shall be enforced in a manner specified in G.S. 28A-20.2.

§ 28A-20.4. Employment of appraisers.—A personal representative or collector may, but shall not be required to, employ qualified and disinterested appraisers to assist in ascertaining the fair market value as of the date of the decedent's death of any asset the value of which may be subject to reasonable doubt. Different persons may be employed to appraise different kinds of assets. The name and address of any appraiser shall be indicated in the inventory with the asset or assets he appraised.

"Article 21.
“Accounting.

§ 28A-21.1. Annual accounts.—If an extension of time to file the final account has been granted by the clerk of superior court pursuant to G.S. 28A-21.2, the personal representative or collector shall, within 30 days after the expiration of one year from the date of his qualification and annually, so long as any of the property of the estate remains in his control, custody or possession, file in the office of the clerk of superior court an inventory and account, under oath, of the amount of property received by him, or invested by him, and the manner and nature of such investment, and his receipts and disbursements for the past year. He must produce vouchers for all payments. The clerk of superior court may examine, under oath, such accounting party, or any other person, concerning the receipts, disbursements or any other matter relating to the estate. He must carefully review and audit such account and, if he approves the account, he must endorse his approval thereon, which shall be prima facie evidence of correctness, and cause the same to be recorded.

§ 28A-21.2. Final accounts.—(a) Unless the time for filing the final account has been extended by the clerk of superior court, the personal representative or collector must file his final account for settlement within one year of his qualification. He must produce vouchers for all payments. With the approval of the clerk of superior court, such account may be filed voluntarily at any time. In all cases, the accounting shall be reviewed, audited and recorded by the clerk of superior court in the manner prescribed in G.S. 28A-21.1.

(b) Except as provided in subsection (a), upon the expiration of six months after the day of the first publication or posting of the general notice to creditors as provided for in G.S. 28A-14.1, if all of the debts and other claims against the estate of the decedent duly presented and legally owing have been paid in the case of a solvent estate or satisfied pro rata according to applicable statutes in the case of an insolvent estate, the personal representative or collector may file his final account to be reviewed, audited and recorded by the clerk of superior court. Nothing in this subsection shall be construed as limiting the right of the surviving spouse or minor children to file for allowances under G.S. 30-15 through 30-18 and the right of a surviving spouse to file for property rights under G.S. 29-30.

§ 28A-21.3. What accounts must contain.—Accounts filed with the clerk of superior court pursuant to G.S. 28A-21.1, signed and under oath, shall contain:

1. The period which the account covers and whether it is an annual accounting or a final accounting;

2. The amount and value of the property of the estate according to the inventory and appraisal or according to the next previous accounting, the amount of income and additional property received during the period being accounted for, and all gains from the sale of any property or otherwise;

3. All payments, charges, losses, and distributions;

4. The property on hand constituting the balance of the account, if any; and

5. Such other facts and information determined by the clerk to be necessary to an understanding of the account.

§ 28A-21.4. Clerk may compel account.—If any personal representative or collector fails to account as directed in G.S. 28A-9.3, G.S. 28A-21.1 or G.S. 28A-21.2 or renders an unsatisfactory account, the clerk of superior court shall, upon his own motion or upon the request of one or more creditors of the decedent or other interested party, promptly order such personal representative or collector
to render a full satisfactory account within 20 days after service of the order. If, after due service of the order, the personal representative or collector does not on or before the return day of the order file such account, or obtain further time in which to file it, the clerk may remove him from office or may issue an attachment against him for a contempt and commit him until he files said account.

"§ 28A-21.5. Vouchers presumptive evidence.—Vouchers, without other proof, are presumptive evidence of disbursement, unless impeached. If lost, the accounting party must, if required, make oath to that fact setting forth the manner of loss, and state the contents and purport of the voucher.

"Article 22.

"Distribution.

"§ 28A-22.1. Scheme of distribution; testate and intestate estates.—After the payment of costs of administration, taxes and other valid claims against the decedent's estate, the personal representative shall distribute the remaining assets of the estate in accordance with the terms of decedent's valid probated will or the provisions of Chapter 29 of the General Statutes or as otherwise lawfully authorized.

"§ 28A-22.2. Shares of after-born and after-adopted children.—The share of an after-born or after-adopted child, as provided by G.S. 29-9 and G.S. 31-5.5, shall be allotted to him out of any undevised real or personal property, or out of both, if there is enough such undevised property for that purpose. If there is no undevised real or personal property, or if there is not enough, then the whole of the child's share, or the deficiency, shall be made up from the devised real or personal property, or from both. The portion contributed by a devisee shall bear the same ratio to his devise as the after-born or after-adopted child's share bears to the net estate.

"§ 28A-22.3. Special proceeding against unknown heirs of decedent before distribution of estate.—If there may be heirs, born or unborn, of the decedent, other than those known to the personal representative and whose names and residences are unknown, before distributing such estate the personal representative is authorized to institute a special proceeding before the clerk of superior court for the purpose of determining who are the heirs of the decedent. All unknown heirs of the decedent shall be made parties thereto and shall be served with summons by publication as provided by G.S. 1A-1, Rule 4. Upon such service being had, the court shall appoint some discreet person to act as guardian ad litem for said unknown heirs and summons shall issue as to such guardian ad litem. Said guardian ad litem shall file answer on behalf of said unknown heirs and he may be paid for his services such sum as the court may fix, to be paid as other costs out of the estate. Upon the filing of the answer by said guardian ad litem all such unknown heirs shall be before the court for the purposes of the proceeding to the same extent as if each had been personally served with summons. Any judgment entered by the court in such proceeding shall be as binding upon said unknown heirs as if they were personally before the court and any payment or distribution made by the personal representative under orders of the court shall have the effect of fully discharging such personal representative and any sureties on his official bond to the full extent of such payment or distribution as ordered.

"§ 28A-22.4. Distribution to nonresident trustee only upon appointment of process agent.—(a) No assets of the estate of a decedent subject to
administration in this State shall be delivered or transferred to a trustee of a testamentary trust or an inter vivos trust who is a nonresident of this State who has not appointed a resident agent for the service of civil process for actions or proceedings arising out of the administration of the trust with regard to such property.

(b) If property is delivered or transferred to a trustee in violation of this section, process may be served outside this State or by publication, as provided by G.S. 1A-1, Rule 4, and the courts of this State shall have the same jurisdiction over the trustee as might have been obtained by service upon a properly appointed process agent. The provisions of this section with regard to jurisdiction shall be in addition to other means of obtaining jurisdiction permissible under the laws of this State.

“§ 28A-22.5. Distribution of assets in kind in satisfaction of bequests and transfers in trust for surviving spouse.—Whenever under any will or trust indenture the executor, trustee or other fiduciary is required to, or has an option to, satisfy a bequest or transfer in trust to or for the benefit of the surviving spouse of a decedent by a transfer of assets of the estate or trust in kind at the values as finally determined for federal estate tax purposes, the executor, trustee or other fiduciary shall, in the absence of contrary provisions in such will or trust indenture, be required to satisfy such bequest or transfer by the distribution of assets fairly representative of the appreciation or depreciation in the value of all property available for distribution in satisfaction of such bequest or transfer.

“§ 28A-22.6. Agreements with taxing authorities to secure benefit of federal marital deduction.—The executor, trustee, or other fiduciary having discretionary powers under a will or trust indenture with respect to the selection of assets to be distributed in satisfaction of a bequest or transfer in trust to or for the benefit of the surviving spouse of a decedent shall be authorized to enter into agreements with the Commissioner of Internal Revenue of the United States of America, and other taxing authorities, requiring the fiduciary to exercise the fiduciary’s discretion so that cash and other properties distributed in satisfaction of such bequest or transfer in trust will be fairly representative of the net appreciation or depreciation in value on the date, or dates, of distribution of all property then available for distribution in satisfaction of such bequest or transfer in trust. Any such fiduciary shall be authorized to enter into any other agreement not in conflict with the express terms of the will or trust indenture that may be necessary or advisable in order to secure for federal estate tax purposes the appropriate marital deduction available under the Internal Revenue Laws of the United States of America and to do and perform all acts incident to such purpose.

“Article 23.
“Settlement.

“§ 28A-23.1. Settlement after final account filed.—When the personal representative or collector has paid or otherwise satisfied or provided for all claims against the estate, has distributed the remainder of the estate pursuant to G.S. 28A-22.1 and has filed his final account for settlement pursuant to G.S. 28A-22.5, if the clerk of superior court, after review of the personal representative’s or collector’s final account, approves the same, he shall enter an order discharging the personal representative or collector from further liability.
“§ 28A-23.2. Payment into court of fund due minor.—When any personal representative or collector holds property due a minor without a guardian and desires to file his petition for settlement, he may deliver the property to the clerk of superior court who shall invest upon interest or otherwise manage said property for the use of the minor or the clerk may proceed to appoint a guardian for the minor pursuant to the provisions of Chapter 33 of the General Statutes and then may deliver the property of the minor to the guardian.

“§ 28A-23.3. Commissions allowed personal representatives; representatives guilty of misconduct or default.—(a) Personal representatives, testamentary trustees, collectors, or other fiduciaries shall be entitled to commissions to be fixed in the discretion of the clerk of superior court not to exceed five percent (5%) upon the amounts of receipts, including the value of all personal property when received, and upon the expenditures made in accordance with law, which commissions shall be charged as a part of the costs of administration and, upon allowance, may be retained out of the assets of the estate against creditors and all other persons claiming an interest in the estate. Provided, however, when the gross value of an estate is two thousand dollars ($2,000) or less, the clerk of superior court is authorized and empowered to fix the commission to be received by the personal representative, testamentary trustee, collector or other fiduciary in an amount as he, in his discretion, deems just and adequate.

(b) In determining the amount of such commissions, both upon personal property received and upon expenditures made, the clerk of superior court shall consider the time, responsibility, trouble and skill involved in the management of the estate. Where real property is sold to pay debts or legacies, the commission shall be computed only on the proceeds actually applied in the payment of debts or legacies.

(c) The clerk of superior court may allow commissions from time to time during the course of the administration, but the total commissions allowed shall be determined on final settlement of the estate and shall not exceed the limit fixed in this section.

(d) Nothing in this section shall be construed:

(1) To prevent the clerk of the superior court from allowing reasonable sums for necessary charges and disbursements incurred in the management of the estate; or

(2) To allow commissions on distribution of the shares of heirs or on distribution of shares of devisees; or

(3) To abridge the right of any party interested in the administration of a decedent’s estate to appeal an order of the clerk of superior court to a judge of superior court.

(e) No personal representative, testamentary trustee, collector or other fiduciary, who has been guilty of such default or misconduct in the due execution of his office resulting in the revocation of his appointment under the provisions of G.S. 28A-9.1, shall be entitled to any commission under the provisions of this section.

(f) For the purpose of computing commissions whenever any portion of the dividends, interest, rents or other amounts payable to a personal representative, trustee, collector or other fiduciary is required by any law of the United States or other governmental unit to be withheld for income tax purposes by the person, corporation, organization or governmental unit paying the same, the amount so withheld shall be deemed to have been received and expended.
CHAPTER 1329  Session Laws—1973

"§ 28A-23.4. Counsel fees allowable to attorneys serving as representatives.—The clerk of superior court, in his discretion, is authorized and empowered to allow counsel fees to an attorney serving as a personal representative, testamentary trustee, collector, or other fiduciary (in addition to the commissions allowed him as such representative or fiduciary) where such attorney in behalf of the estate or trust he represents renders professional services, as an attorney, which are beyond the ordinary routine of administration and of a type which would reasonably justify the retention of legal counsel by any such representative or fiduciary not himself licensed to practice law.

"§ 28A-23.5. Reopening administration.—If, after an estate has been settled and the personal representative discharged, other property of the estate shall be discovered, or if it shall appear that any necessary act remains unperformed on the part of the personal representative, or for any other proper cause, the clerk of superior court, upon the petition of any person interested in the estate and without notice or upon such notice as he may direct, may order that said estate be reopened. He may reappoint the personal representative or appoint another personal representative to administer such property or perform such acts as may be deemed necessary. Unless the clerk of superior court shall otherwise order, the provisions of this Chapter as to an original administration shall apply to the proceedings had in the reopened administration; but no claim which is already barred can be asserted in the reopened administration.

"Article 24.

"Uniform Simultaneous Death Act.

"§ 28A-24.1. Disposition of property where no sufficient evidence of survivorship.—Where the title to property or the devolution thereof depends upon priority of death and there is no sufficient evidence that the persons have died otherwise than simultaneously, the property of each person shall be disposed of as if he had survived, except as provided otherwise in this Article.

"§ 28A-24.2. Beneficiaries of another person's disposition of property.—(a) Other than as provided in subsection (b) below, if property is so disposed of that the right of a beneficiary to succeed to any interest therein is conditional upon his surviving another person and both persons die, and there is no sufficient evidence that the two have died other than simultaneously, the beneficiary shall be deemed not to have survived.

(b) If property is so disposed of that it is to be distributed among such members of a class as survive another person and there is no sufficient evidence that one or more members of the class and such other person died other than simultaneously, each member of the class so dying will be deemed to have survived such other person.

(c) If property is so disposed of that its disposition depends upon the time of death of two or more beneficiaries designated to take alternatively by reason of survivorship and there is no sufficient evidence that such beneficiaries have died otherwise than simultaneously, the property thus disposed of shall be divided into as many equal portions as there are alternative beneficiaries who would have taken the whole property if they had survived and such portions shall be distributed respectively to each such beneficiary.

"§ 28A-24.3. Joint tenants or tenants by the entirety.—(a) Where there is no sufficient evidence that two joint tenants or tenants by the entirety have died otherwise than simultaneously, the property shall be distributed one-half as if
one had survived and one-half as if the other had survived. If there are more than two joint tenants and all of them have so died, the property thus distributed shall be in the proportion that one bears to the whole number of joint tenants.

(b) For the purpose of this section, the term ‘joint tenants’ includes owners of property held under circumstances which entitled one or more to the whole of the property on the death of the other or others.

"§ 28A-24.4. Insurance policies.—Where the insured and the beneficiary in a policy of life or accident insurance have died and there is no sufficient evidence that they have died otherwise than simultaneously, the proceeds of the policy shall be distributed as if the insured had survived the beneficiary.

"§ 28A-24.5. Article does not apply if decedent provides otherwise.—This Article shall not apply in the case of wills, living trusts, deeds, contracts of insurance, or any other situation wherein provision has been made for distribution of property different from the provisions of this Article, or wherein provision has been made for a presumption as to survivorship which results in a distribution of property different from that herein provided.

"§ 28A-24.6. Uniformity of interpretation.—This Article shall be so construed and interpreted as to effectuate its general purpose to make uniform the law in those states which enact it.

"§ 28A-24.7. Short title.—This Article may be cited as the Uniform Simultaneous Death Act.

"Article 25.

"Small Estates.

"§ 28A-25.1. Property collectible by affidavit; contents of affidavit.—(a) When a decedent dies intestate leaving personal property, less liens and encumbrances thereon, not exceeding five thousand dollars ($5,000) in value, at any time after 30 days from the date of death, any person indebted to the decedent or having possession of tangible personal property or an instrument evidencing a debt, obligation, stock or chose in action belonging to the decedent shall make payment of the indebtedness or deliver the tangible personal property or an instrument evidencing a debt, obligation, stock or chose in action to a person claiming to be an heir of the decedent, not disqualified under G.S. 28A-4.2, upon being presented a certified copy of an affidavit filed in accordance with subsection (b) and made by or on behalf of the heir stating:

(1) The name and address of the affiant and the fact that he or she is an heir of the decedent;
(2) The name of the decedent and his residence at time of death;
(3) The date and place of death of the decedent;
(4) That 30 days have elapsed since the death of the decedent;
(5) That the value of all the personal property owned by the estate of the decedent, less liens and encumbrances thereon, does not exceed five thousand dollars ($5,000);
(6) That no application or petition for appointment of a personal representative is pending or has been granted in any jurisdiction;
(7) The names and addresses of those persons who are entitled, under the provisions of the Intestate Succession Act, to the personal property of the decedent and their relationship, if any, to the decedent; and
(8) A description sufficient to identify each tract of real property owned by the decedent at the time of his death.
(b) Prior to the recovery of any assets of the decedent, a copy of the affidavit described in subsection (a) shall be filed in the office of the clerk of superior court of the county where the decedent had his domicile at the time of his death. The affidavit shall be filed by the clerk upon payment of the fee provided in G.S. 7A-308(a)(11), shall be indexed in the index to estates, and a copy thereof shall be mailed to the persons shown in the affidavit as entitled to the personal property.

(c) The presentation of an affidavit as provided in subsection (a) shall be sufficient to require the transfer to the affiant or his designee of the title and license to a motor vehicle registered in the name of the decedent owner; the ownership rights of a savings account or checking account in a bank in the name of the decedent owner; the ownership rights of a savings account or share certificate in a credit union, building and loan association, or savings and loan association in the name of the decedent owner; the ownership rights in any stock or security registered on the books of a corporation in the name of a decedent owner; or any other property or contract right owned by decedent at the time of his death.

"§ 28A-25.2. Effect of affidavit. — The person paying, delivering, transferring, or issuing personal property or the evidence thereof pursuant to an affidavit meeting the requirements of G.S. 28A-25.1(a) is discharged and released to the same extent as if he dealt with a duly qualified personal representative of the decedent. He is not required to see to the application of the personal property or evidence thereof or to inquire into the truth of any statement in the affidavit. If any person to whom an affidavit is delivered refuses to pay, deliver, transfer, or issue any personal property or evidence thereof, it may be recovered or its payment, delivery, transfer, or issuance compelled upon proof of their right in an action brought for that purpose by or on behalf of the persons entitled thereto. The court costs and attorney's fee incident to the action shall be taxed against the person whose refusal to comply with the provisions of G.S. 28A-25.1(a) made the action necessary. The heir or creditor to whom payment, delivery, transfer or issuance is made is answerable and accountable therefor to any duly qualified personal representative or collector of the decedent's estate or to any other person having an interest in the estate.

"§ 28A-25.3. Disbursement and distribution of personal property collected by affidavit. — (a) If there has been no personal representative or collector appointed by the clerk of superior court, the heir or creditor who has collected personal property of the decedent by affidavit pursuant to G.S. 28A-25.1 shall:

1. Disburse and distribute the same in the following order:
   a. To the payment of the surviving spouse's year's allowance and the children's year's allowance assigned in accordance with G.S. 30-15 through G.S. 30-33;
   b. To the payment of the debts and claims against the estate of the decedent in the order of priority set forth in G.S. 28A-19.6, or to the reimbursement of any person who has already made payment thereof;
   c. To the distribution of the remainder of the personal property to the persons entitled thereto under the provisions of the Intestate Succession Act; and

2. File an affidavit with the clerk of superior court that he has collected the personal property of the decedent and the manner in which he has disbursed and distributed the same.
(b) Nothing in this section shall be construed as changing the rule of G.S. 28A-15.1 and 28A-15.5 rendering both real and personal property, without preference or priority, available for the discharge of debts and other claims against the estate of the decedent.

"§ 28A-25.4. Clerk may compel compliance.—If any heir who has collected personal property of the decedent by affidavit pursuant to G.S. 28A-25.1 shall fail to make distribution or file affidavit as required by G.S. 28A-25.3, the clerk of superior court may, upon his own motion or at the request of any interested person, issue an attachment against him for a contempt and commit him until he makes proper distribution and files the affidavit.

"§ 28A-25.5. Subsequently appointed personal representative or collector.—Nothing in this Article shall preclude any interested person, including the affiant, from petitioning the clerk of superior court for the appointment of a personal representative or collector to conclude the administration of the decedent's estate. If such is done, the affiant who has been collecting personal property by affidavit shall cease to do so, shall deliver all assets in his possession to the personal representative, and shall render a proper accounting to the personal representative or collector.

"Article 26.

"Foreign Personal Representatives and Ancillary Administration.

"§ 28A-26.1. Domiciliary and ancillary probate and administration.—The domiciliary, or original, administration of the estates of all decedents domiciled in North Carolina at the time of death shall be under the jurisdiction of this State and of a proper clerk of superior court in this State, and the original probate of all wills of such persons shall be in this State. Any administration of the estate and any probate of a will of such decedents outside North Carolina shall be ancillary only. All assets, except real estate (but including proceeds from the sale of real estate), subject to ancillary administration in a jurisdiction outside North Carolina shall, to the extent such assets are not necessary for the requirements of such ancillary administration, be transferred and delivered by the ancillary personal representative to the duly qualified personal representative in this State for administration and distribution by the domiciliary personal representative, and the domiciliary personal representative in this State shall have the duty of collecting all such assets from the ancillary personal representative. The receipt of the domiciliary personal representative shall fully acquit the ancillary personal representative with respect to the assets covered thereby. The domiciliary personal representative in North Carolina shall have the exclusive right and duty to pay all federal and North Carolina taxes owed by the estate of such decedent and to make proper distribution of all assets including those collected from the ancillary personal representative.

"§ 28A-26.2. Payment of debt and delivery of property to domiciliary personal representative of a nonresident decedent without ancillary administration in this State.—(a) At any time after the expiration of 60 days from the death of a nonresident decedent, any resident of this State indebted to the estate of the nonresident decedent or having possession or control of personal property, or of an instrument evidencing a debt, obligation, stock or chose in action belonging to the estate of the nonresident decedent may pay the debt or deliver the personal property, or the instrument evidencing the debt, obligation, stock or chose in action, to the domiciliary personal representative of the
CHAPTER 1329   Session Laws—1973

nonresident decedent upon being presented with a certified or exemplified copy of his letters of appointment and an affidavit made by or on behalf of the domiciliary personal representative stating:

(1) The date of the death of the nonresident decedent;
(2) That to the best of his knowledge no administration, or application or petition therefor, is pending in this State;
(3) That the domiciliary personal representative is entitled to payment or delivery.

(b) Payment or delivery made in good faith on the basis of the proof of appointment as domiciliary personal representative of a nonresident decedent and an affidavit meeting the requirements of subsection (a) constitutes a release to the same extent as if payment or delivery had been made to an ancillary personal representative.

(c) Payment or delivery under this section shall not be made if a resident creditor of the nonresident decedent has notified the resident debtor of the nonresident decedent or the resident having possession of the personal property belonging to the nonresident decedent that the debt should not be paid nor the property delivered to the domiciliary personal representative of the nonresident decedent.

§ 28A-26.3. Ancillary administration.—(a) Any domiciliary personal representative of a nonresident decedent upon the filing of a certified or exemplified copy of letters of appointment with the clerk of superior court who has venue under G.S. 28A-3.1 may be granted ancillary letters in this State notwithstanding that the domiciliary personal representative is a nonresident of this State or is a foreign corporation. If the domiciliary personal representative is a foreign corporation, it need not qualify under any other law of this State to authorize it to act as ancillary personal representative in the particular estate. If application is made for the issuance of ancillary letters to the domiciliary personal representative, the clerk of superior court shall give preference in appointment to the domiciliary personal representative unless the decedent shall have otherwise directed in a will.

(b) If, within 90 days after the death of the nonresident, or within 60 days after issue of domiciliary letters, should that be a shorter period, no application for ancillary letters has been made by a domiciliary personal representative, any person who could apply for issue of letters had the decedent been a resident may apply for issue of ancillary letters.

If it is known that there is a duly qualified domiciliary personal representative, the clerk of superior court shall send notice of such application, by registered mail, to that personal representative and to the appointing court. Such notice shall include a statement that, within 14 days after its mailing, the domiciliary personal representative may apply for the issue of ancillary letters with the preference specified in subsection (a) of this section; and that his failure to do so will be deemed a waiver, with the result that letters will be issued to another. Upon such failure, the clerk of superior court may issue ancillary letters in accordance with the provisions of Article 4 of this Chapter.

If the applicant and the clerk of superior court have no knowledge of the existence of a domiciliary personal representative, the clerk of superior court may proceed to issue ancillary letters. Subsequently, upon it becoming known that a domiciliary personal representative has been appointed, whether such appointment occurred before or after the issue of ancillary letters, the clerk of
superior court shall notify the domiciliary personal representative, by registered mail, of the action taken by the clerk of superior court and the state of the ancillary administration. Such notice shall include a statement that at any time prior to approval of the ancillary personal representative's final account the domiciliary personal representative may appear in the proceedings for any purpose he may deem advisable; and that he may apply to be substituted as ancillary personal representative, but that such request will not be granted unless the clerk of superior court finds that such action will be for the best interests of North Carolina administration of the estate.

"§ 28A-26.4. Bonds.—(a) Subject to the exception in subsection (b), any personal representative, including a domiciliary personal representative, who is granted ancillary letters of administration in this State must satisfy the bond requirements prescribed in Article 8 of this Chapter.

(b) Where a citizen or subject of a foreign country, or of any other state or territory of the United States, by will sufficient according to the laws of this State, and duly probated and recorded in the proper county, devises to his executor, with power to sell and convey, real property situated in this State in trust for a person named in the will, the power being vested in the executor as such trustee, the executor may execute the power without giving bond in this State.

"§ 28A-26.5. Authority of domiciliary personal representative of a nonresident decedent.—The domiciliary personal representative of the nonresident decedent after qualifying as ancillary personal representative in this State is authorized to administer the North Carolina estate of the nonresident decedent in accordance with the provisions of this Chapter.

"§ 28A-26.6. Jurisdiction.—(a) A domiciliary personal representative of a nonresident decedent may invoke the jurisdiction of the courts of this State after qualifying as ancillary personal representative in this State except that he may invoke such jurisdiction prior to qualification for the purpose of appealing from a decision of the clerk of superior court regarding a question of qualification.

(b) A domiciliary personal representative of a nonresident decedent submits to the jurisdiction of the courts of this State:

(1) As provided in G.S. 1-75.4; or
(2) By receiving payment of money or taking delivery of personal property under G.S. 28A-26.2; or
(3) By acceptance of ancillary letters of administration in this State under G.S. 28A-26.3; or
(4) By doing any act as personal representative in this State which if done as an individual would have given the State jurisdiction over him as an individual.

"§ 28A-26.7. Service on personal representative of a nonresident decedent.—A court of this State having jurisdiction of the subject matter and grounds for personal jurisdiction as provided in G.S. 28A-26.6 may exercise personal jurisdiction over a defendant by service of process in accordance with the provisions of G.S. 1A-1, Rule 4(j).

"§ 28A-26.8. Duties of personal representative in an ancillary administration.—(a) All assets of estates of nonresident decedents being administered in this State are subject to all claims, allowances and charges
CHAPTER 1329  Session Laws—1973

existing or established against the estate of the decedent wherever existing or established.

(b) An adjudication of a claim rendered in any jurisdiction in favor of or against any personal representative of the estate of a nonresident decedent is binding on the ancillary personal representative in this State and on all parties to the litigation.

(c) Limitations on presentation of claims shall be governed by the provisions of this Chapter except that creditors residing in the domiciliary state barred by the statutes of that state may not file claims in an ancillary administration in this State.

(d) In the payment of claims by the ancillary administrator, the following rules shall apply:

(1) If the value of the entire estate, wherever administered, equals or exceeds family exemptions and allowances, prior charges and claims against the entire estate, the claims allowed in this State shall be paid in full from assets in this State, if such assets are sufficient for the purpose.

(2) If such total exemptions, allowances, charges and claims exceed the value of the entire estate, the claims allowed in this State shall be paid their proper percentage pro rata by class as provided by G.S. 28A-19.6, if assets in this State are sufficient for the purpose.

(3) If assets in this State are inadequate for either of the purposes stated in subdivisions (1) or (2) above, the claims allowed in this State shall be paid, pro rata by class as provided by G.S. 28A-19.6, to the extent the local assets will permit.

(4) If the value of the entire estate, wherever administered, is insufficient to pay all exemptions and allowances, prior charges and claims against the entire estate, the priority for order of payment established by the law of the domicile will prevail.

“§ 28A-26.9. Remission of surplus assets by ancillary personal representative to domiciliary personal representative.—Unless a testator in a will otherwise directs, any assets (including proceeds from the sale of real estate) remaining after payment of claims against the estate of a nonresident decedent being administered by an ancillary personal representative other than the domiciliary personal representative shall be transferred and delivered to the domiciliary personal representative or, if none, to the court in the domicile of the decedent which has jurisdiction to administer the estate.”

Sec. 4. G.S. 28-53 is hereby transferred to Chapter 36 of the General Statutes entitled Trust and Trustees and redesignated as Article IX - Testamentary Trustees - and codified as 36-62.

Sec. 5. This act shall be effective on and after July 1, 1975.

In the General Assembly read three times and ratified, this the 12th day of April, 1974.

The General Assembly of North Carolina enacts:

Section 1. G.S. 20-1 is hereby renumbered as G.S. 20-1.1 and a new G.S. 20-1 is hereby inserted at the beginning of Chapter 20 of the General Statutes to read as follows:

"§ 20-1. Definitions.—Unless the context otherwise requires, the following words and phrases, for the purpose of this Chapter, shall have the following meanings:

(1) Business District. The territory prescribed as such by ordinance of the Board of Transportation.

(2) Cancelled. As applied to operators' and chauffeurs' licenses and permits, a declaration that a license or permit which was issued through error or fraud is void and terminated.

(3) Chauffeur. (3) Official traffic-control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the street and drivers of vehicles shall obey the direction of every such device.

vehicles approaching on the highway to be entered.”

Sec. 22. G.S. 20-158 is rewritten to read as follows:

“§ 20-158. Vehicle control signs and signals.—(a) The Board of
Transportation, with reference to State highways, and local authorities, with
reference to highways under their jurisdiction, are hereby authorized to control
vehicles:

(1) At intersections, by erecting or installing stop signs requiring vehicles
to come to a complete stop at the entrance to that portion of the
intersection designated as the main traveled or through highway. Stop
signs may also be erected at three or more entrances to an intersection.

(2) At appropriate places other than intersections, by erecting or installing
stop signs requiring vehicles to come to a complete stop.

(3) At intersections and other appropriate places, by erecting or installing
steady beam stop lights and other traffic control devices, signs, or signals.
All steady beam stop lights emitting alternate red and green lights shall
be arranged so that the red light shall appear at the top of the signaling
unit and the green light shall appear at the bottom of the signaling unit.

(4) At intersections and other appropriate places, by erecting or installing
flashing red or yellow lights.
(b) Control of Vehicles at Intersections.

(1) When a stop sign has been erected or installed at an intersection, it shall be unlawful for the driver of any vehicle to fail to stop in obedience thereto and yield the right-of-way to vehicles operating on the designated main traveled or through highway. When stop signs have been erected at three or more entrances to an intersection the driver, after stopping in obedience thereto, may proceed with caution.

(2) When a stop light has been erected or installed at an intersection, and is emitting a steady red light, vehicles facing the red light shall come to a complete stop. When the stop light is emitting a steady yellow light, vehicles facing the yellow light shall be warned that a red light will be immediately forthcoming and that vehicles may not enter the intersection on such a red light. When the stop light is emitting a steady green light, vehicles may proceed through the intersection subject to the rights of pedestrians and other vehicles as may otherwise be provided by law.

(3) When a flashing red light has been erected or installed at an intersection, approaching vehicles facing the red light shall stop and yield the right-of-way to vehicles in or approaching the intersection. The right to proceed shall be subject to the rules applicable to making a stop at a stop sign.

(4) When a flashing yellow light has been erected or installed at an intersection, approaching vehicles facing the yellow flashing light may proceed through the intersection with caution, yielding the right-of-way to vehicles in or approaching the intersection.

(5) When a stop sign, stop light, flashing light, or other traffic control device authorized by subsection (a) requires a vehicle to stop at an intersection, the driver shall stop at an appropriately marked stop line, or if none, before entering a marked cross walk, or if none, before entering the intersection at the point nearest the intersecting street where the driver has a view of approaching traffic on the intersecting street.

(c) Control of Vehicles at Places other than Intersections.

(1) When a stop sign has been erected or installed at a place other than an intersection, it shall be unlawful for the driver of any vehicle to fail to stop in obedience thereto and yield the right-of-way to pedestrians and other vehicles.

(2) When a stop light has been erected or installed at a place other than an intersection, and is emitting a steady red light, vehicles facing the red light shall come to a complete stop. When the stop light is emitting a steady yellow light, vehicles facing the light shall be warned that a red light will be immediately forthcoming and that vehicles may not proceed through such a red light. When the stop light is emitting a steady green light, vehicles may proceed subject to the rights of pedestrians and other vehicles as may otherwise be provided by law.

(3) When a flashing red light has been erected or installed at a place other than an intersection, approaching vehicles facing the light shall stop and yield the right-of-way to pedestrians or other vehicles.

(4) When a flashing yellow light has been erected or installed at a place other than an intersection, approaching vehicles facing the light may
proceed with caution, yielding the right-of-way to pedestrians and other
vehicles.

(5) When a stop light, stop sign, or other signaling device authorized by
subsection (a) requires a vehicle to stop at a place other than an
intersection, the driver shall stop at an appropriately marked stop line,
or if none, before entering a marked cross walk, or if none, before
proceeding past the signaling device.

(d) No failure to stop as required by the provisions of this section shall be
considered negligence or contributory negligence per se in any action at law for
injury to person or property, but the facts relating to such failure to stop may be
considered with the other facts in the case in determining whether a party was
guilty of negligence or contributory negligence.”

CHAPTER 1331

AN ACT TO ESTABLISH PROCEDURES FOR THE CONDUCT OF PROCEEDINGS BEFORE ADMINISTRATIVE AGENCIES AND TO ESTABLISH A CODE OF ADMINISTRATIVE REGULATIONS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 150 of the General Statutes is hereby rewritten to read as follows:

"Chapter 150.
"Administrative Procedure Act.
"Article 1.
"General Provisions.

§ 150-1. Scope and policy.—(a) This Chapter shall apply except to the extent and in the particulars that any statute makes specific provisions to the contrary. The following are specifically exempted from the provisions of this Chapter: the
CHAPTER 1331 Session Laws—1973

Employment Security Commission; the Industrial Commission; the Occupational Safety and Health Review Board; and the Utilities Commission. However, Articles 2 and 3 of this Chapter shall not apply to the Department of Motor Vehicles or the Department of Revenue.

(b) The purpose and intent of this Chapter shall be to establish as nearly as possible a uniform system of administrative procedure for State agencies.

“§ 150-2. Definitions.—As used in this Chapter,

(1) ‘Agency’ means every agency, institution, board, commission, bureau, department, division, council, member of Council of State, or officer of the State government of the State of North Carolina but does not include those agencies in the legislative or judicial branches of the State government; and does not include counties, cities, towns, villages, other municipal corporations or political subdivisions of the State or any agencies of such subdivisions, or county or city boards of education, other local public districts, units or bodies of any kind, or private corporations created by act of the General Assembly.

(2) ‘Contested case’ is any agency proceeding, by whatever name called, wherein the legal rights, duties or privileges of specific parties are to be determined. Contested cases include, but are not limited to, proceedings involving rate making, price fixing and licensing. Contested cases shall not be deemed to include rule making and declaratory rulings.

(3) ‘License’ means any certificate, permit or other evidence, by whatever name called, of a right or privilege to engage in a trade, occupation, or other activity, except licenses issued under Chapter 20 and Subchapter I of Chapter 105 of the General Statutes.

(4) ‘Licensing’ means any administrative action issuing, failing to issue, suspending or revoking a license.

(5) ‘Party’ means each person or agency named or admitted as a party or properly seeking as of right to be admitted as a party and includes the hearing agency where appropriate; provided, this shall not be construed to permit the hearing agency or any of its officers or employees to appeal its own decision for initial judicial review.

(6) ‘Person aggrieved’ means any person, firm, corporation, or group of persons of common interest who are directly or indirectly affected substantially in their person, property, or public office or employment by an agency decision.

(7) ‘Person’ means any natural person, partnership, corporation, body politic and any unincorporated association, organization, or society which may sue or be sued under a common name.

(8) ‘Residence’ means domicile or principal place of business.

“§ 150-3. Special provisions on licensing.—(a) When a licensee makes timely and sufficient application for renewal of a license or a new license (including the payment of any required license fee) with reference to activity of a continuing nature, the existing license does not expire until a decision on the application is finally made by the agency, and if the application is denied or the terms of the new license are limited, until the last day for applying for judicial review of the agency order. This subsection does not affect agency action summarily suspending such license under subsections (b) and (c) of this section.

(b) Before the commencement of proceedings for suspension, revocation, annulment, withdrawal, recall, cancellation, or amendment of a license, an agency shall give notice to the licensee, pursuant to the provisions of G.S. 150-21(c), of alleged facts or alleged conduct which warrant the intended action.
The licensee shall be given an opportunity to show compliance with all lawful requirements for retention of the license.

(c) If the agency finds that the public health, safety, or welfare requires emergency action and incorporates this finding in its order, summary suspension of a license may be ordered effective on the date specified in the order or on service of the certified copy of the order at the last-known address of the licensee, whichever is later, and effective during the proceedings. The proceedings shall be promptly commenced and determined.

Nothing in this subsection shall be construed as amending or repealing any special statutes, in effect prior to the effective date of this Chapter, which provide for the summary suspension of a license.

§ 150-4 through § 150-10 (reserved for future codification purposes).

“Article 2.

“Rule Making.

“§ 150-11. Minimum procedural requirements.—It is the intent of this Article to establish basic minimum procedural requirements for the adoption, amendment, or repeal of administrative rules. Except for emergency rules which are provided for in G.S. 150-15, the provisions of this Article are applicable to the exercise of any rule-making authority conferred by any statute, but nothing in this Article repeals or diminishes additional requirements imposed by law or any summary power granted by law to the State or any agency thereof. No rule hereafter adopted is valid unless adopted in substantial compliance with this Article.

“§ 150-12. Definition.—As used in this Article, ‘rule’ means each agency regulation, standard or statement of general applicability that implements or prescribes law or policy, or describes the organization, procedure, or practice requirements of any agency. The term includes the amendment or repeal of a prior rule but does not include the following:

(1) Statements concerning only the internal management of an agency and not affecting private rights or procedures available to the public;

(2) Declaratory rulings issued pursuant to G.S. 150-19;

(3) Intra-agency memoranda, except those to agency staff which implement or prescribe law or policy;

(4) Statements of policy or interpretations that are made in the decision of a contested case;

(5) Rules concerning the use or creation of public roads or facilities which are communicated to the public by use of signs or symbols;

(6) Interpretative rules and general statements of policy of the agency.

“§ 150-13. Special requirements.—In addition to other rule-making requirements imposed by law, each agency shall:

(1) Adopt rules of practice setting forth the nature and requirements of all formal and informal procedures available, including a description of all forms and instructions used by the agency.

(2) Make available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted, or used by the agency in the discharge of its functions.

(3) With respect to all final orders, decisions, and opinions made after the effective date of this Article, make available for public inspection together with all materials that were before the deciding officers at the time the final order,
CHAPTER 1331  Session Laws—1973

decision, or opinion was made, except materials properly for good cause held confidential.

“§ 150-14. Procedure for adoption of rules.—(a) Before the adoption, amendment or repeal of a rule, an agency shall give notice of a public hearing and offer any person an opportunity to present data, views, and arguments. The notice shall be given within the time prescribed by any applicable statute, or if none then at least 10 days before the public hearing and at least 20 days before the adoption, amendment, or repeal of the rule. The notice shall include:

(1) A reference to the statutory authority under which the action is proposed.

(2) The time and place of the public hearing and a statement of the manner in which data, views, and arguments may be submitted to the agency either at the hearing or at other times by any person.

(3) A statement of the terms or substance of the proposed rule or a description of the subjects and issues involved, and the proposed effective date of the rule.

(b) The agency shall transmit copies of the notice to the Attorney General and all persons who have requested the agency in writing for advance notice of proposed action which may affect them. The notices shall be in writing and shall be forwarded by mail or otherwise to the last address specified by the person.

(c) The agency shall publish the notice as prescribed in any applicable statute or, if none, shall publish the notice in a manner selected by the agency as best calculated to give notice to persons likely to be affected by the proposed rule. Methods that may be employed by the agency, depending upon the circumstances, include publication of the notice in one or more newspapers of general circulation or, when appropriate, in trade, industry, governmental or professional publications. If the persons likely to be affected by the proposed rule are unorganized or diffuse in character and location, then the agency shall publish the notice as a display advertisement in at least three newspapers of general circulation in different parts of the State.

(d) The public hearing shall comply with any applicable statute but is not subject to the provisions of this Chapter governing contested cases, unless a rule is required by law to be adopted pursuant to adjudicatory procedures.

(e) The agency shall consider fully all written and oral submissions respecting the proposed rule. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the consideration urged against its adoption.

“§ 150-15. Emergency rules.—If any agency finds that an imminent peril to the public health, safety, or welfare requires adoption, amendment, or repeal of a rule, without notice or upon fewer than 20 days' notice and states in writing its reasons for that finding, it may proceed without prior notice or hearing, or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency rule. This rule may be effective for a period of not longer than 120 days but the adoption of an identical rule under G.S. 150-14 is not precluded.

“§ 150-16. Adoption by reference.—An agency may adopt, by reference in its rules and without publishing the adopted matter in full, all or any part of a code, standard or regulation which has been adopted by an agency of this State or of the United States or by a generally recognized organization or association. The
reference shall fully identify the adopted matter by date and otherwise. The reference shall not cover any later amendments and editions of the adopted matter, but if the agency wishes to incorporate them in its rule, it shall amend the rule or promulgate a new rule therefor. The agency shall have available copies of the adopted matter for inspection and the rules shall state where copies of the adopted matter can be obtained and any charge therefor as of the time the rule is adopted.

"§ 150-17. Continuation of rules.—When a law authorizing or directing an agency to promulgate rules is repealed and substantially the same rule-making power or duty is vested in the same or a successor agency by a new provision of law or the function of the agency to which the rules are related is transferred to another agency, by law or executive order, the existing rules of the original agency relating thereto continue in effect until amended or repealed, and the agency or successor agency may repeal any rule relating to the function. When a law creating an agency or authorizing or directing it to promulgate rules is repealed or the agency is abolished and substantially the same rule-making power or duty is not vested in the same or a successor agency by a new provision of law and the function of the agency to which the rules are related is not transferred to another agency, the existing applicable rules of the original agency are automatically repealed as of the effective date of the repeal of such law or the abolition of the agency.

"§ 150-18. Petition for adoption of rules.—Any person may petition an agency requesting the promulgation, amendment, or repeal of a rule, and may accompany his petition with such data, views, and arguments as he thinks pertinent. Each agency shall prescribe by rule the form for petitions and the procedure for their submission, consideration, and disposition. Within 30 days after submission of a petition, the agency either shall deny the petition in writing (stating its reasons for the denial) or shall initiate rule-making proceedings in accordance with G.S. 150-14 and G.S. 150-15. Denial of the petition to initiate rule making under this section shall be considered a final agency decision for purposes of judicial review, which shall be limited to questions of abuse of discretion.

"§ 150-19. Declaratory rulings.—On request of a person aggrieved, an agency shall issue a declaratory ruling as to the validity of a rule or as to the applicability to a given state of facts of a statute administered by the agency or of a rule or order of the agency, except when the agency for good cause finds issuance of a ruling undesirable. The agency shall prescribe in its rules the circumstances in which rulings shall or shall not be issued. A declaratory ruling is binding on the agency and the person requesting it unless it is altered or set aside by the court. An agency may not retroactively change a declaratory ruling, but nothing in this subsection prevents an agency from prospectively changing a declaratory ruling. A declaratory ruling is subject to judicial review in the same manner as an agency final decision or order in a contested case. Failure of the agency to issue a declaratory ruling on the merits within 60 days of the request for such ruling shall constitute a denial of the request as well as a denial of the merits of the request and shall be subject to judicial review.

§ 150-20. (Reserved for future codification purposes).

"Article 3.
CHAPTER 1331       Session Laws—1973

“Administrative Hearings.

§ 150-21. Hearing required; notice; intervention.—(a) The parties in a contested case shall be given an opportunity for a hearing without undue delay.

(b) The parties shall be given a reasonable notice of the hearing, which notice shall include:

(1) A statement of the date, hour, place, and nature of the hearing;

(2) A reference to the particular sections of the statutes and rules involved; and

(3) A short and plain statement of the factual allegations.

(c) Notice shall be given personally or by registered mail. If given by registered mail, it shall be deemed to have been given on the date appearing on the return receipt. If giving of notice cannot be accomplished either personally or by registered mail, notice shall then be given as provided in G.S. 1A-1, Rule 4(j).

(d) Any person may petition to become a party by filing a motion to intervene as provided in G.S. 1A-1, Rule 24. In addition, any person interested in an agency proceeding may intervene and participate in that proceeding to the extent deemed appropriate by the hearing agency.

(e) All hearings under this Chapter shall be open to the public.

§ 150-22. Venue of hearing.—When a hearing on a contested case is conducted by a hearing officer or less than a majority of an agency, the hearing shall be conducted in a county in this State in which any person whose property or rights are the subject matter of the hearing maintains his residence.

If the hearing is conducted by a majority of the agency, then the hearing shall be held in the county where the agency maintains its principal office.

When a different county would promote the ends of justice or better serve the convenience of witnesses, the agency hearing the case may in its discretion designate another county. In any case, however, the person whose property or rights are involved and the agency hearing the case may agree that the hearing is to be held in some other county.

The person whose property or rights are the subject matter of the hearing shall not be deemed to have waived any objection to venue merely by proceeding in the hearing.

§ 150-23. Conduct of hearing; answer.—(a) If a party fails to appear in a contested case after proper service of notice, the agency, if no adjournment is granted, may proceed with the hearing and make its decision in the absence of the party.

(b) A party who has been served with a notice of hearing may file a written answer before the date set for hearing.

(c) The parties shall be given an opportunity to present arguments on issues of law and policy and an opportunity to present evidence on issues of fact.

(d) A party may cross-examine any witness, including the author of a document prepared by, on behalf of, or for use of the agency and offered in evidence. A party may submit rebuttal evidence.

§ 150-24. Consolidation.—When contested cases involving a common question of law or fact or multiple proceedings involving the same or related parties are pending before an agency, the agency may order a joint hearing of any or all of the matters in issue in the cases, may order all of the cases consolidated, and may make such other orders concerning proceedings therein as may tend to avoid unnecessary costs or delay.
§ 150-25. **Subpoena.**—An agency is hereby authorized to issue subpoenas upon its own motion or upon a written request. When such written request is made by a party in a contested case, an agency shall issue subpoenas forthwith requiring the attendance and testimony of witnesses and the production of evidence including books, records, correspondence, and documents in their possession or under their control. On written request, the agency shall revoke a subpoena if, upon a hearing the agency finds that the evidence, the production of which is required, does not relate to a matter in issue, or if the subpoena does not describe with sufficient particularity the evidence the production of which is required, or if for any other reason sufficient in law the subpoena is invalid. Witness fees shall be paid by the party requesting the subpoena to subpoenaed witnesses in accordance with G.S. 7A-314.

§ 150-26. **Depositions and discovery.**—(a) A deposition may be used in lieu of other evidence when taken in compliance with the Rules of Civil Procedure, G.S. 1A-1. An agency authorized to adjudicate contested cases may adopt rules providing for discovery pursuant to the provisions of the Rules of Civil Procedure, G.S. 1A-1. 

(b) On a request for identifiable agency records, with respect to material facts involved in a contested case, except records related solely to the internal procedures of the agency or which are exempt from disclosure by law, an agency shall make such records promptly available to a party.

§ 150-27. **Rules of evidence.**—(a) In all contested cases, irrelevant, immaterial, and unduly repetitious evidence shall be excluded. Except as otherwise provided, the rules of evidence as applied in the Trial Division of the General Court of Justice shall be followed; but, when evidence is not reasonably available under such rules to show relevant facts, they may be shown by the most reliable and substantial evidence available. It shall not be necessary for a party or his attorney to object at the hearing to evidence in order to preserve the right to object to its consideration by the agency in reaching its decision, or by the court on judicial review.

(b) Evidence in a contested case, including records and documents, shall be offered and made a part of the record. Other factual information or evidence shall not be considered in determination of the case, except as permitted under G.S. 150-28. Documentary evidence may be received in the form of a copy or excerpt or may be incorporated by reference, if the materials so incorporated are available for examination by the parties. Upon timely request, a party shall be given an opportunity to compare the copy with the original if available.

§ 150-28. **Official notice.**—Official notice may be taken of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the agency. The noticed fact and its source shall be stated and made known to affected parties at the earliest practicable time, and any party shall on timely request be afforded an opportunity to dispute the noticed fact through submission of evidence and argument. An agency may use its experience, technical competence, and specialized knowledge in the evaluation of evidence presented to it.

§ 150-29. **Stipulations.**—(a) The parties in a contested case by a stipulation in writing filed with the agency may agree upon any fact involved in the controversy, which stipulation shall be used as evidence at the hearing and be binding on the parties thereto. Parties should agree upon facts when practicable.
(b) Except as otherwise provided by law, disposition may be made of a contested case by stipulation, agreed settlement, consent order, waiver, default, or other method agreed upon by the parties.

"§ 150-30. Designation of hearing officer.—(a) An agency, one or more members of the agency, a person or group of persons designated by statute or one or more hearing officers designated and authorized by the agency to handle contested cases, shall be hearing officers in contested cases. Hearings shall be conducted in an impartial manner.

(b) On the filing in good faith by a party of a timely and sufficient affidavit of personal bias or disqualification of a hearing officer, the agency shall determine the matter as a part of the record in the case, and its determination shall be subject to judicial review at the conclusion of the proceeding.

(c) When a hearing officer is disqualified or it is impracticable for him to continue the hearing, another hearing officer shall be assigned to continue with the case unless it is shown that substantial prejudice to any party will result therefrom, in which event a new hearing shall be held or the case dismissed without prejudice.

"§ 150-31. Powers of hearing officer.—A hearing officer may:

(1) Administer oaths and affirmations;

(2) Sign and issue subpoenas in the name of the agency, requiring attendance and giving of testimony by witnesses and the production of books, papers, and other documentary evidence;

(3) Provide for the taking of testimony by deposition;

(4) Regulate the course of the hearings, set the time and place for continued hearings, and fix the time for filing of briefs and other documents;

(5) Direct the parties to appear and confer to consider simplification of the issues by consent of the parties; and

(6) Apply to the General Court of Justice, Superior Court Division, during or subsequent to a hearing for an order to show cause why any person should not be held in contempt of the agency and its processes, and the Court shall have the power to impose punishment as for contempt for acts which would constitute direct or indirect contempt if the acts occurred in an action pending in superior court.

"§ 150-32. Proposal for decision.—(a) When the official or a majority of the officials of the agency who are to make a final decision have not heard a contested case, the decision shall not be made until a proposal for decision is served on the parties, and an opportunity is given to each party to file exceptions and proposed findings of fact and to present oral and written arguments to the officials who are to make the decision.

(b) The proposal for decision shall contain proposed findings of fact and proposed conclusions of law. This proposal for decision shall be prepared by a person who conducted the hearing unless he becomes unavailable to the agency. If no such person is available, the findings may be prepared by one who has read the record, unless demeanor of witnesses is a factor. If demeanor is a factor, the portions of the hearing involving demeanor shall be held again, or the case shall be dismissed without prejudice.

(c) The parties, by written stipulation or at the hearing, may waive compliance with this section.

"§ 150-33. No ex parte communication; exceptions.—Unless required for disposition of an ex parte matter authorized by law, a member or employee of an
agency assigned to make a decision or to make findings of fact and conclusions of law in a contested case shall not communicate, directly or indirectly, in connection with any issue of fact, with any person or party or his representative, nor, in connection with any issue of law, with any party or his representative, except on notice and opportunity for all parties to participate. This prohibition begins at the time of the notice of hearing. An agency member may communicate with other members of the agency and may have the aid and advice of the agency staff other than the staff which has been or is engaged in investigating or prosecuting functions in connection with the case under consideration or a factually related case. This section does not apply to an agency employee, or party representative with professional training in accounting, actuarial science, economics, financial analysis, or rate making in a contested case insofar as the case involves rate making or financial practices or conditions.

"§ 150-34. Final agency decision.—A final decision or order of an agency in a contested case shall be made, after review of the official record as defined in G.S. 150-35(a), in writing and shall include findings of fact and conclusions of law. Findings of fact shall be based exclusively on the evidence and on matters officially noticed. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting them. A decision or order shall not be made except upon consideration of the record as a whole or such portion thereof as may be cited by any party to the proceeding and shall be supported by substantial evidence admissible under G.S. 150-27(a) or G.S. 150-28 or G.S. 150-29. A copy of the decision or order shall be served upon each party personally or by registered mail and a copy furnished to his attorney of record.

"§ 150-35. Official record.—(a) An agency shall prepare an official record of a hearing which shall include:

(1) Notices, pleadings, motions, and intermediate rulings;
(2) Questions and offers of proof, objections, and rulings thereon;
(3) Evidence presented;
(4) Matters officially noticed, except matters so obvious that a statement of them would serve no useful purpose;
(5) Proposed findings and exceptions; and
(6) Any decision, opinion, order, or report by the officer presiding at the hearing and by the agency.

(b) Proceedings at which oral evidence is presented shall be recorded, but need not be transcribed unless requested by a party. Each party shall bear the cost of the transcript or part thereof or copy of said transcript or part thereof which said party requests.

§ 150-36 through § 150-40 (Reserved for future codification purposes).

"Article 4.

"Judicial Review.

"§ 150-41. Right to judicial review.—Any person who is aggrieved by a final agency decision in a contested case, and who has exhausted all administrative remedies made available to him by statute or agency rule, is entitled to judicial review of such decision under this Article, unless adequate procedure for judicial review is provided by some other statute, in which case the review shall be under such other statute. Nothing in this Chapter shall prevent any person from
invoking any judicial remedy available to him under the law to test the validity of any administrative action not made reviewable under this Article.

"§ 150-42. Right to judicial intervention when agency unreasonably delays decision.—Unreasonable delay on the part of any agency in reaching a final decision shall be justification for any person whose rights, duties, or privileges are adversely affected by such delay to seek a court order compelling action by the agency.

"§ 150-43. Manner of seeking review; time for filing petition; waiver.—In order to obtain judicial review of a final agency decision under this Chapter, the person seeking review must file a petition in the Superior Court of Wake County; except that where the original determination in the matter was made by a local agency or local board and appealed to the State Board, the petition may be filed in the superior court of the county where the original determination was made. Such petition may be filed at any time after final decision, but must be filed not later than 30 days after a written copy of the decision is served upon the person seeking the review by personal service or by registered mail. Failure to file such petition within the time stated shall operate as a waiver of the right of such person to review under this Chapter, except that for good cause shown, the judge of the superior court may issue an order permitting a review of the agency decision under this Chapter notwithstanding such waiver.

"§ 150-44. Contents of petition; copies served on all parties; intervention.—The petition shall explicitly state what exceptions are taken to the decision or procedure of the agency and what relief the petitioner seeks. Within 10 days after the petition is filed with the court, the person seeking the review shall serve copies of the petition by personal service or by registered mail upon the agency which rendered the decision, and upon all who were parties of record to the agency proceedings. Names and addresses of such parties shall be furnished to the petitioner by the agency upon request. Any party to the agency proceeding may become a party to the review proceedings by notifying the court within 10 days after receipt of the copy of the petition.

Any person aggrieved may petition to become a party by filing a motion to intervene as provided in G.S. 1A-1, Rule 24.

"§ 150-45. Record filed by agency with clerk of superior court; contents of record; costs.—Within 30 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceedings under review. With the permission of the court, the record may be shortened by stipulation of all parties to the review proceedings. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for such additional costs as may be occasioned by the refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

"§ 150-46. Stay of board order.—At any time before or during the review proceeding, the person aggrieved may apply to the reviewing court for an order staying the operation of the agency decision pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper and subject to the provisions of G.S. 1A-1, Rule 65.

"§ 150-47. Procedure for taking newly discovered evidence.—At any time after petition for review has been filed, application may be made to the
reviewing court for leave to present additional evidence. If the court is satisfied that the evidence is material to the issues, that it is not merely cumulative, and that it could not reasonably have been presented at the hearing before the agency, the court may remand the case to the agency where additional evidence shall be taken. The agency may then affirm or modify its findings of fact and its decision, and shall file with the reviewing court as a part of the record the additional evidence, together with the affirmation, or any modifications, of its findings or decision.

"§ 150-48. Review by court without jury on the record.—The review of agency decisions under this Chapter shall be conducted by the court without a jury. The court shall hear oral arguments and receive written briefs, but shall take no evidence not offered at the hearing; except that in cases of alleged irregularities in procedure before the agency, not shown in the record, testimony thereon may be taken by the court; and except that where no record was made of the administrative proceeding or the record is inadequate, the judge in his discretion may hear all or part of the matter de novo.

"§ 150-49. Scope of review; power of court in disposing of case.—The court may affirm the decision of the agency or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the petitioners may have been prejudiced because the agency findings, inferences, conclusions, or decisions are:

(1) In violation of constitutional provisions; or
(2) In excess of the statutory authority or jurisdiction of the agency; or
(3) Made upon unlawful procedure; or
(4) Affected by other error of law; or
(5) Unsupported by substantial evidence admissible under G.S. 150-27(a) or G.S. 150-28 in view of the entire record as submitted; or
(6) Arbitrary or capricious.

If the court reverses or modifies the decision of the agency, the judge shall set out in writing, which writing shall become a part of the record, the reasons for such reversal or modification.

"§ 150-50. Appeal to Appellate Division; obtaining stay of court’s decision.—Any party to the review proceedings, including the agency, may appeal to the Appellate Division from the final judgment of the superior court under rules of procedure applicable in other civil cases. The appealing party may apply to the superior court for a stay of its final determination, or a stay of the agency decision, whichever shall be appropriate, pending the outcome of the appeal to the Appellate Division.

"Article 5.
"Publication of Administrative Rules.

"§ 150-51. Short title and definition.—(a) This Article may be cited as ‘The Registration of State Administrative Rules Act.’

(b) As used in this Article, ‘rule’ means every rule, regulation, ordinance, standard, and amendment thereto adopted by any agency and shall include rules and regulations regarding substantive matters, standards for products, procedural rules for complying with statutory or regulatory authority or requirements and executive orders of the Governor.
'Rule' shall not include:
(1) Rules, procedures, or regulations which relate only to the internal management of any agency;
(2) Directives or advisory opinions to any specifically named person or group with no general applicability throughout the State;
(3) Dispositions of any specific issue or matter by the process of adjudication; and
(4) Orders establishing or fixing rates or tariffs.

"§ 150-52. Filing of rules.—(a) Rules adopted by any agency on or after July 1, 1975, shall be filed with the Attorney General. All rules shall become effective 30 days after filing, unless the agency shall certify the existence of good cause for, and shall specify, an earlier or later effective date. The certification shall state the agency's finding and reasons. An earlier effective date shall not precede the date of filing.

(b) The acceptance for filing of a rule by the Attorney General, by his notation on the face thereof, shall constitute prima facie evidence of compliance with this Article.

(c) Rules previously in existence shall be ineffective after June 30, 1975, except that they shall immediately become effective upon filing in accordance with the provisions of this Article.

"§ 150-52.1. Form of rules.—In order to be acceptable for filing, the rule must:
(1) Cite the statute or other authority pursuant to which the rule is adopted;
(2) Bear a certification by the agency of its adoption;
(3) Cite any prior rule or rules of the agency or its predecessor in authority which it rescinds, amends, supersedes, or supplements; and
(4) Be in the physical form specified by the Attorney General.

"§ 150-52.2. Authority of Attorney General to revise form.—The Attorney General shall have the authority, following acceptance of a rule for filing, to revise the form of the rule as follows:
(1) To rearrange the order of rules, chapters, subchapters, articles, sections, paragraphs, and other divisions or subdivisions;
(2) To provide or revise titles or catchlines;
(3) To reletter or renumber the rules and various subdivisions in accordance with a uniform system;
(4) To rearrange definitions and lists; and
(5) To make other changes in arrangement or in form that in the opinion of the Attorney General do not alter the substance of the rule and that the Attorney General determines are necessary or desirable for an accurate, clear, and orderly arrangement of rules.

Revision of form by the Attorney General shall not alter the effective date of a rule, nor shall revision require the agency to readopt or to refile the rule.

The rule so revised as to form shall be substituted for and shall bear the date of the rule originally filed, and shall be the official rule of the agency.

"§ 150-53. Public inspection and notification of current and replaced rules.—(a) Immediately upon notation of a filing as specified in G.S. 150-52(b), the Attorney General shall make the rule available for public inspection during regular office hours. Superseded, amended, revised, and rescinded rules filed in accordance with the provisions of this Article shall remain available for public
inspection. The current and the prior rules so filed shall be separately arranged in compliance with the provisions of G.S. 150-52.2.

(b) The Attorney General shall make copies of current and prior rules, filed in accordance with the provisions of this Article, available to the public at a cost to be determined by him.

(c) Within 25 days of the acceptance by the Attorney General of a rule for filing, the agency filing the rule:

(1) Shall publish the rule as prescribed in any applicable statute; and

(2) May distribute the rule in a manner selected by the agency as best calculated to give notice to persons likely to be affected by the rule.

The rule so published or distributed shall contain the legend: 'The form of this rule may be revised by the Attorney General pursuant to the provisions of G.S. 150-52.2.'

(d) The Attorney General is authorized to prepare and distribute summaries of rules filed pursuant to this Article in a manner selected by him as best calculated to give notice to the public.

"§ 150-54. Publication of rules.—(a) The Attorney General shall compile, index, and publish all rules filed and effective pursuant to the provisions of this Article.

(b) As nearly as practicable the compilation shall, in classification, arrangement, numbering, and indexing, conform to the organization of the General Statutes.

(c) If the Attorney General determines that publication of any rule would be impracticable, he shall substitute a summary with specific reference to the official rule on file in his office.

(d) As soon as practicable after July 1, 1975, the Attorney General shall publish a compilation of all rules in force pursuant to the provisions of this Article. Cumulative supplements shall be published annually, or more frequently in the discretion of the Attorney General. Recompilations shall be made in the discretion of the Attorney General.

"§ 150-54.1. Judicial and official notice.—The courts and administrative agencies shall take judicial or official notice, respectively, of any rule effective under this Article."

CHAPTER 1338

AN ACT TO REPEAL THE FIVE THOUSAND DOLLAR ($5000) LIMITATION ON MEDICAL EXPENSE DEDUCTIONS FOR INCOME TAX PURPOSES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-147(11) is hereby amended by rewriting the same to read as follows:

"(11) a. Amounts expended by an individual during the year for medical care for himself, herself, his or her qualifying spouse and his or her dependents, to the extent that the total of such expenses actually paid in the income year and not compensated for by insurance or otherwise shall exceed five percent (5%) of his or her adjusted gross income.

b. For the purpose of this subdivision:

1. The term 'medical care' means amounts paid for the diagnosis, cure, mitigation, treatment, or prevention of disease, or for the purpose of
affecting any structure or function of the body; for transportation primarily for and essential to medical care; and for insurance against illness or accident other than insurance against loss of earnings.

The General Assembly of North Carolina enacts:

Section 1. Chapter 108 of the General Statutes is hereby amended by adding at the end thereof a new Article 6 to read as follows:

"Article 6.
CHAPTER 1378    Session Laws—1973

“Protection of the Abused or Neglected Elderly Act.

§ 108-91. Short title.—This Article may be cited as the Protection of the Abused or Neglected Elderly Act.

§ 108-92. Legislative intent and purpose.—Determined to protect the increasing number of elderly infirm persons in North Carolina who are abused or neglected, the General Assembly enacts this Article to provide protective services for such persons.

§ 108-93. Definitions.—(a) The words ‘elderly person’ shall mean any person over the age of 65 who resides in the State of North Carolina.

(b) An ‘elderly person’ shall be deemed to be ‘in need of protective services’ if that person is unable to perform or obtain for himself services which are necessary to maintain his mental and physical health.

(c) The words ‘services which are necessary to maintain mental and physical health’ shall include, but shall not be limited to the provision of medical care for physical and mental health needs, assistance in personal hygiene, food, clothing, adequately heated and ventilated shelter, protection from health and safety hazards, protection from physical mistreatment, and transportation necessary to secure any of the above stated needs; provided that the words ‘services which are necessary to maintain mental and physical health’ shall not include taking the person into physical custody without his consent except as provided for in G.S. 108-97(a) and in Chapter 122 of the General Statutes.

(d) The words ‘protective services’ shall mean services provided by the State or other government or private organizations or individuals which are necessary to prevent abuse or neglect. Abuse shall include the willful infliction of physical pain, injury or mental anguish or the willful deprivation by a caretaker of services which are necessary to maintain mental and physical health. Neglect refers to an elderly person who is either living alone and not able to provide for himself the services which are necessary to maintain his mental and physical health or is not receiving the said services from his caretaker.

(e) The word ‘director’ shall mean the director of the Department of Social Services of the county in which the person resides or is found or his delegated representative.

(f) The word ‘caretaker’ shall mean an individual who has the responsibility for the care of the elderly person as a result of family relationship or who has assumed the responsibility for the care of the elderly person voluntarily or by contract.

(g) The word ‘indigent’ shall mean indigent as defined in G.S. 7A-450.

§ 108-94. Duty to report.—(a) Any person having reasonable cause to believe that an elderly person is in need of protective services shall report such information to the director.

(b) Anyone who makes a report pursuant to this statute or who testifies in any judicial proceeding arising from the report shall be immune from any civil or criminal liability on account of such report or testimony, unless such person acted in bad faith or with a malicious purpose.

§ 108-95. Duty of director upon receiving report.—Any director receiving a report that an elderly person is in need of protective services shall make a prompt and thorough evaluation to determine whether the elderly person is in need of protective services and what services are needed. The evaluation shall include a visit to the person and consultation with others having knowledge of the facts of the particular case. After completing the evaluation the director

736
shall make a written report of the case indicating whether he believes protective services are needed and shall notify the individual making the report of his determination as to whether the elderly person needs protective services.

"§ 108-96. Provision of protective services with the consent of the person.—
(a) If the director determines that an elderly person is in need of protective services, he shall immediately provide or arrange for the provision of protective services, provided that the elderly person consents.

(b) When a caretaker of an elderly person who consents to the receipt of protective services refuses to allow the provision of such services to the elderly person, the director may petition the district court for an order enjoining the caretaker from interfering with the provision of protective services to the elderly person. The petition must allege specific facts sufficient to show that the elderly person is in need of protective services and consents to the receipt of protective services and that the caretaker refuses to allow the provision of such services. If the judge finds that the elderly person is in need of protective services and that the caretaker refuses to allow the provision of such services, he may issue an order enjoining the caretaker from interfering with the provision of protective services to the elderly person.

(c) If an elderly person does not consent to the receipt of protective services, or if he withdraws his consent, the services shall not be provided, unless the director reasonably determines that the elderly person lacks capacity to consent, in which case he may seek court authorization to provide protective services pursuant to G.S. 108-97.

"§ 108-97. Provision of protective services to elderly persons who do not have the capacity to consent.—(a) If the director reasonably determines that an elderly person is being abused or neglected and lacks capacity to consent to protective services, then the director may petition the district court for an order authorizing the provision of protective services. The petition must allege specific facts sufficient to show that the elderly person is in need of protective services and lacks capacity to consent to them.

(b) The court shall set the case for hearing within 14 days after the filing of the petition if sufficiently specific facts are alleged. The elderly person must receive at least five days' notice of the hearing. He has the right to be present and represented by counsel at the hearing. If the person is indigent or, in the determination of the judge, lacks the capacity to waive the right to counsel, then the court shall appoint counsel. If the person is indigent, the cost of representation shall be borne by the State. If the person is not indigent, the cost of representation by counsel shall be added to the court cost.

If, at the hearing, the judge finds that the elderly person is in need of protective services and lacks capacity to consent to protective services, he may issue an order authorizing the provision of protective services. This order may include the designation of an individual or organization to be responsible for the personal welfare of the person and for consenting to protective services in his behalf. No elderly person may be committed to a mental health facility under this act.

(c) Emergency orders prior to the hearing. If, on the basis of the facts alleged in the director's petition, the judge makes a preliminary finding that the elderly person lacks capacity to consent and will be in substantial danger of death or may suffer irreparable harm if protective services are not provided immediately, then the judge may issue an emergency order authorizing the immediate
CHAPTER 1378  Session Laws—1973

provision of protective services; but nevertheless the court shall proceed in accordance with subsection (b) of this section, and the emergency order shall have no force or effect after the required hearing.

“§ 108-98. Motion in the cause.—Notwithstanding any finding by the court of lack of capacity of the elderly person pursuant to the procedures set forth in G.S. 108-97, the elderly person or the individual or organization designated to be responsible for the personal welfare of the elderly person shall have the right to bring a motion in the cause for review of an order issued pursuant to the procedures set forth in G.S. 108-97.

“§ 108-99. Utilization of available services.—In performing the duties set forth in this Article, the director may utilize the staff of the county department of social services, the county health departments, or any other public or private agencies, or individuals who may be available.

“§ 108-100. Privilege for confidential communications.—Notwithstanding any privilege for confidential communications between husband and wife, the judge at the hearing may compel testimony of either or both if he finds that such testimony is necessary to a proper administration of justice.

“§ 108-101. Payment for protective services.—At the time the director, in accordance with the provisions of G.S. 108-95, makes an evaluation of the case reported, then it shall be determined, according to regulations set by the Social Services Commission, whether the individual is financially capable of paying for the protective services. If he is, he shall make reimbursement for the costs of providing the needed protective services. If it is determined that he is not financially capable of paying for such needed services, they shall be provided at no cost to the recipient of the services.”

Sec. 2. G.S. 7A-451 is hereby amended to delete the word “and” at the end of subsection (7) and to insert after subsection (8) the following:

“and (9) A proceeding for the provision of protective services according to Chapter 108, Article 6, of the General Statutes.”

Sec. 3. G.S. 7A-246 is hereby amended to insert after the words “special proceedings” the words “except proceedings under the Protection of the Abused or Neglected Elderly Act (Chapter 108, Article 6, of the General Statutes).”

Sec. 4. This act shall become effective on July 1, 1974.
In the General Assembly read three times and ratified, this the 13th day of April, 1974.

IV or Subchapter V, respectively, of Chapter 54 of the General Statutes of
North Carolina; or (2) any electric or telephone membership corporation
organized or domesticated and existing under Chapter 117 of the General
Statutes of North Carolina.
"§ 78-7. Exempt transactions.—The following transactions are exempted from Section 78-9 and Section 78-23(d):

(1) any isolated non-issuer transaction, whether effected through a dealer or not;

(2) any non-issuer distribution other than by a controlling person of an outstanding security if (A) a recognized securities manual contains the names of the issuer's officers and directors, a balance sheet of the issuer as of a date within 18 months, and a profit and loss statement for either the fiscal year preceding that date or the most recent year of operations, or (B) a registered dealer files with the Administrator such information relating to the issuer as the Administrator may by rule or order require, or (C) the security has a fixed maturity or a fixed interest or dividend provision and there has been no default during the current fiscal year or within the three preceding fiscal years, or during the existence of the issuer and any predecessors if less than three years, in the payment of principal, interest, or dividends on the security;

(3) any non-issuer transaction effected by or through a registered dealer pursuant to an unsolicited order or offer to buy; but the Administrator may by rule require that the customer acknowledge upon a specified form that the sale was unsolicited, and that a signed copy of each such form be preserved by the dealer for a specified period;

(4) any transaction between the issuer or other person on whose behalf the offering is made and an underwriter, or among underwriters;

(5) any transaction in a bond or other evidence of indebtedness secured by a lien or security interest in real or personal property, or by an agreement for the sale of real estate or chattels, if the entire security interest or agreement, together with all the bonds or other evidences of indebtedness secured thereby, is offered and sold as a unit;

(6) any transaction by an executor, administrator, sheriff, marshal, receiver, trustee in bankruptcy, guardian, or conservator;

(7) any transaction executed by a person holding a bona fide security interest without any purpose of evading this Chapter;

(8) any offer or sale to a corporation, bank, savings institution, trust company, insurance company, investment company as defined in the Investment Company Act of 1940, pension or profit-sharing trust, or other financial institution or institutional buyer, or to a dealer, whether the purchaser is acting for itself or in some fiduciary capacity;

(9) any transaction pursuant to an offer directed by the offeror to not more than 25 persons (including those designated in paragraph (8)) in this State during any period of 12 consecutive months, whether or not the offeror or any of the offerees is then present in this State, if the seller reasonably believes that all the buyers in this State are purchasing for investment; provided, however, the Administrator may by rule or order as to any security or transaction or any type of security or transaction, withdraw or further condition this exemption; provided further, the Administrator may by rule or order exempt any transaction or type of transaction that is exempted from the provisions of Section 5 of the Securities Act of 1933 by virtue of any rule, or rules, promulgated, either before or after the effective date of this Chapter, by the Securities and Exchange Commission under Section 4(2) of such Act;

(10) any offer or sale of preorganization certificates or subscriptions if (A) no commission or other remuneration is paid or given directly or indirectly for
soliciting any prospective subscriber, (B) the total amount of the offering, and
the total number of purchasers, both within and without this State, does not
exceed five hundred thousand dollars ($500,000) and 100, respectively, (C) no
certificate or subscription is binding on the subscriber for more than six months
after the date of execution of the first certificate or subscription; provided,
however, that if a registration statement relating to the securities to be issued is
filed under Section 78-12 within such six-month period certificates or
subscriptions may continue to be binding on the subscribers until 10 days after
such registration statement becomes effective or until effectiveness is denied,
and (D) no payment is made by any subscriber;

(11) any transaction pursuant to an offer to existing security holders of the
issuer, including persons who at the time of the transaction are holders of
convertible securities, non-transferable warrants, or transferable warrants
exercisable within not more than 90 days of their issuance, if (A) no commission
or other remuneration (other than a standby commission) is paid or given
directly or indirectly for soliciting any security holder in this State, or (B) the
issuer first files a notice specifying the terms of the offer and the Administrator
does not by order disallow the exemption within the next ten full business days;

(12) any offer (but not a sale) of a security for which registration statements
have been filed under both this Chapter and the Securities Act of 1933 if no stop
order or refusal order is in effect and no public proceeding or examination
looking toward such an order is pending under either act;

(13) any offer or sale by a domestic corporation of its own securities if (A) the
corporation was organized for the purpose of promoting community, agricultural
or industrial development of the area in which the principal office is located, (B)
the offer or sale has been approved by resolution of the county commissioners of
the county in which its principal office is located, and, if located in a
municipality or within two miles of the boundaries thereof, by resolution of the
governing body of such municipality, and (C) no commission or other
remuneration is paid or given directly or indirectly for soliciting any prospective
buyer in this State;

(14) any offer, sale or issuance of securities pursuant to an investment
contract or stock option plan which is exempt under the provisions of Section
78-6(11) of this Chapter.

“§ 78-8. Denial and revocation of exemptions.—(a) The Administrator may
by order deny or revoke any exemption specified in clauses (8), (9), or (11) of
Section 78-6 or in Section 78-7 with respect to a specific security or transaction.
No such order may be entered without appropriate prior notice to all interested
parties, opportunity for hearing, and written findings of fact and conclusions of
law, except that the Administrator may by order summarily deny or revoke any
of the specified exemptions pending final determination of any proceeding under
this section. Upon the entry of a summary order, the Administrator shall
promptly notify all interested parties that it has been entered and of the reasons
therefor and that within 15 days of the receipt of a written request the matter
will be set down for hearing. If no hearing is requested and none is ordered by
the Administrator, the order will remain in effect until it is modified or vacated
by the Administrator. If a hearing is requested or ordered, the Administrator,
after notice of an opportunity for hearing to all interested persons, may not
modify or vacate the order or extend it until final determination. No order
under this subsection may operate retroactively. No person may be considered

to have violated Section 78-9 or 78-23(d) by reason of any offer or sale effected after the entry of an order under this subsection if he sustains the burden of proof that he did not know, and in the exercise of reasonable care could not have known, of the order.

(b) In any proceeding under this Chapter, the burden of providing an exemption or an exception from a definition is upon the person claiming it.

"Article 4.

"Registration of Securities.

"§ 78-9. Registration requirement.—It is unlawful for any person to offer or sell any security in this State unless (1) it is registered under this Chapter or (2) the security or transaction is exempted under Section 78-6 or Section 78-7 and such exemption has not been denied or revoked under Section 78-8.

"§ 78-10. Registration by notification.—(a) The following securities may be registered by notification whether or not they are also eligible for registration by coordination under Section 78-11:

(1) any security whose issuer and any predecessors have been in continuous operation for at least five years if (A) there has been no default during the current fiscal year or within the three preceding fiscal years in the payment of principal, interest, or dividends on any security of the issuer (or any predecessor) with a fixed maturity or a fixed interest or dividend provision, and (B) the issuer and any predecessors during the past three fiscal years have had average net earnings, determined in accordance with generally accepted accounting practices, (i) which are applicable to all securities without a fixed maturity or a fixed interest or dividend provision outstanding at the date the registration statement is filed and equal at least five percent (5%) of the amount of such outstanding securities (as measured by the maximum offering price or the market price on a day, selected by the registrant, within 30 days before the date of filing the registration statement, whichever is higher, or book value on a day, selected by the registrant, within 90 days of the date of filing the registration statement to the extent that there is neither a readily determinable market price nor a cash offering price), or (ii) which, if the issuer and any predecessors have not had any security of the type specified in clause (i) outstanding for three full fiscal years, equal at least five percent (5%) of the amount (as measured in clause (i)) of all securities which will be outstanding if all the securities being offered or proposed to be offered (whether or not they are proposed to be registered or offered in this State) are issued;

(2) any security (other than a certificate of interest or participation in an oil, gas, or mining title or lease or in payments out of production under such a title or lease) registered for non-issuer distribution if (A) any security of the same class has been registered under this Chapter or a predecessor law within five years of the date of filing the registration statement, or (B) the security being registered was originally issued within five years of the date of filing the registration statement pursuant to an exemption under this Chapter or a predecessor law;

(3) any bonds or notes secured by a first mortgage upon agricultural lands used and valuable for agricultural purposes (not including oil, gas or mining property or leases) and the principal value of the bonds or notes

does not exceed sixty percent (60%) of the then fair market value of the lands and improvements thereon;

(4) any bonds or notes secured by a first mortgage on city, town, or village real estate situated in any state or in Canada if the principal value of the bonds and notes does not exceed sixty percent (60%) of the fair market value of the land and improvements thereon and the real estate is used principally to produce through rental a net annual income or has a fair net rental value at least equal to the annual interest on the bonds and notes, plus not less than three percent (3%) of the principal of said mortgage indebtedness;

(5) any bond or note secured by a first lien on collateral pledged as security with a bank or trust company as trustee, which bank or trust company is incorporated under the laws of and subject to examination and supervision by the United States or by a state of the United States, and which collateral shall consist of (i) a principal amount of first mortgage bonds or notes meeting the requirements of G.S. 78-10(a)(3) or G.S. 78-10(a)(4) or (ii) a principal amount of obligations of the United States or (iii) cash equal to not less than one hundred percent (100%) of the principal secured, or (iv) a principal amount of obligations meeting the requirements of (i), (ii) or (iii) of this subsection in any combination.

(b) A registration statement under this section shall contain the following information and be accompanied by the following documents in addition to the information specified in Section 78-13(c) and the consent to service of process required by Section 78-27(f):

(1) a statement demonstrating eligibility for registration by notification;

(2) with respect to the issuer and any significant subsidiary: its name, address, and form of organization; the state (or foreign jurisdiction) and the date of its organization; and the general character and location of its business;

(3) with respect to any person on whose behalf any part of the offering is to be made in a non-issuer distribution: his name and address; the amount of securities of the issuer held by him as of the date of the filing of the registration statement; and a statement of his reasons for making the offering;

(4) a description of the security being registered;

(5) the information and documents specified in clauses (8), (10) and (12) of Section 78-12(b); and

(6) in the case of any registration under Section 78-10(a)(2) which does not also satisfy the conditions of Section 78-10(a)(1), a balance sheet of the issuer as of a date within four months prior to the filing of the registration statement, and a summary of earnings for each of the two fiscal years preceding the date of the balance sheet and for any period between the close of the last fiscal year and the date of the balance sheet, or for the period of the issuer’s and any predecessors’ existence if less than two years.

(c) If no stop order is in effect and no proceeding is pending under Section 78-14, a registration statement under this section automatically becomes effective at three o'clock Eastern Standard Time in the afternoon of the tenth
full business day after the filing of the registration statement or the last amendment, or at such earlier time as the Administrator determines.

“§ 78-11. Registration by coordination.—(a) Any security for which a registration statement has been filed under the Securities Act of 1933 in connection with the same offering may be registered by coordination.

(b) A registration statement under this section shall contain the following information and be accompanied by the following documents in addition to the information specified in Section 78-13(c) and the consent to service of process required by Section 78-27(f):

1. three copies of the latest form of prospectus filed under the Securities Act of 1933;
2. a copy of the articles of incorporation and bylaws or their substantial equivalents currently in effect, a copy of any agreements with or among underwriters, a copy of any indenture or other instrument governing the issuance of the security to be registered, and a specimen or copy of the security;
3. if the Administrator requests, any other information or copies of any other documents filed under the Securities Act of 1933; and
4. an undertaking to forward all future amendments to the federal prospectus, other than an amendment which merely delays the effective date of the registration statement, promptly and in any event not later than the first business day after they are forwarded to or filed with the Securities and Exchange Commission, whichever first occurs.

(c) A registration statement under this section automatically becomes effective at the moment the federal registration statement becomes effective if all the following conditions are satisfied: (1) no stop order is in effect and no proceeding is pending under Section 78-14; (2) the registration statement has been on file with the Administrator for at least 10 days; and (3) a statement of the maximum proposed offering price and the maximum underwriting discounts and commissions expressed as a percentage of the final offering price has been on file for two full business days or such shorter period as the Administrator permits by rule or otherwise and the offering is made within those limitations. The registrant shall promptly notify the Administrator by telephone or telegram of the date and time when the federal registration statement became effective and the content of the price amendment, if any, and shall promptly file a post-effective amendment containing the information and documents in the price amendment. ‘Price amendment’ means the final federal amendment which includes a statement of the offering price, underwriting and selling discounts or commissions, amount of proceeds, conversion rates, call prices, and other matters dependent upon the offering price. Upon failure to receive the required notification and post-effective amendment with respect to the price amendment, the Administrator may enter a stop order without notice or hearing, retroactively denying effectiveness to the registration statement or suspending its effectiveness until compliance with this subsection, if he promptly notifies the registrant by telephone or telegram (and promptly confirms by letter or telegram when he notifies by telephone) of the issuance of the order. If the registrant proves compliance with the requirements of this subsection as to notice and post-effective amendment, the stop order is void as of the time of its entry. The Administrator may by rule or otherwise waive either or both of the conditions specified in clauses (2) and (3). If the federal registration statement
becomes effective before all the conditions in this subsection are satisfied and they are not waived, the registration statement automatically becomes effective as soon as all the conditions are satisfied. If the registrant advises the Administrator of the date when the federal registration statement is expected to become effective, the Administrator shall promptly advise the registrant by telephone or telegraph, at the registrant's expense, whether all the conditions are satisfied and whether he then contemplates the institution of a proceeding under Section 78-14; but this advice by the Administrator does not preclude the institution of such a proceeding at any time.

"§ 78-12. Registration by qualification.—(a) Any security may be registered by qualification upon the following conditions:

(b) A registration statement under this section shall contain the following information and be accompanied by the following documents in addition to the information specified in Section 78-13(c) and the consent to service of process required by Section 78-27(f):

(1) with respect to the issuer and any significant subsidiary: its name, address, and form of organization; the state or foreign jurisdiction and date of its organization; the general character and location of its business; a description of its physical properties and equipment; and a statement of the general competitive conditions in the industry or business in which it is or will be engaged;

(5) with respect to every promoter if the issuer was organized within the past three years: the information specified in clause (2), any amount paid to him within that period or intended to be paid to him, and the consideration for any such payment;

effected within the past three years or proposed to be effected; and a statement of his reasons for making the offering;

(7) the capitalization and long-term debt (on both current and a pro forma basis) of the issuer and any significant subsidiary including a description of each security outstanding or being registered or otherwise offered, and a statement of the amount and kind of consideration (whether in the form of cash, physical assets, services, patents, goodwill, or anything else) for which the issuer or any subsidiary has issued any of its securities within the past three years or is obligated to issue any of its securities;

(8) the kind and amount of securities to be offered; the proposed offering price or the method by which it is to be computed; any variation therefrom at which any proportion of the offering is to be made to any person or class of persons other than the underwriters, with a specification of any such person or class; the basis upon which the offering is to be made if otherwise than for cash; the estimated aggregate underwriting and selling discounts or commissions and finders' fees (including separately, cash, securities, contracts, or anything else of value to accrue to the underwriters or finders in connection with the offering) or, if the selling discounts or commissions are variable, the basis of determining them and their maximum and minimum amounts; the estimated amounts of other selling expenses, including legal, engineering, and accounting charges; the name and address of every underwriter and every recipient of a finder's fee; a copy of any underwriting or selling-group agreement pursuant to which the distribution is to be made, or the proposed form of any such agreement whose terms have not yet been determined; and a description of the plan of distribution of any securities which are to be offered otherwise than through an underwriter;

(9) the estimated cash proceeds to be received by the issuer from the offering; the purposes for which the proceeds are to be used by the issuer; the amount to be used for each purpose; the order or priority in which the proceeds will be used for the purposes stated; the amount of any funds to be raised from other sources to achieve the purposes stated; the sources of any such funds; and, if any part of the proceeds is to be used to acquire any property (including goodwill) otherwise than in the ordinary course of business, the names and addresses of the vendors, the purchase price, the names of any persons who have received commissions in connection with the acquisition, and the amounts of any such commissions and any other expense in connection with the acquisition (including the cost of borrowing money to finance the acquisition);

(10) a description of any stock options or other security options outstanding, or to be created in connection with the offering, together with the amount of any such options held or to be held by every person required to be named in clauses (2), (4), (5), (6), or (8) and by any person who holds or will hold ten percent (10%) or more in the aggregate of any such options;

(11) the dates of, parties to, and general effect concisely stated of, every management or other material contract made or to be made otherwise than in the ordinary course of business if it is to be performed in whole or in part at or after the filing of the registration statement or was made
within the past two years, together with a copy of every such contract; and a description of any pending litigation or proceeding to which the issuer is a party and which materially affects its business or assets (including any such litigation or proceeding known to be contemplated by governmental authorities);

(12) a copy of any prospectus, pamphlet, circular, form letter, advertisement, or other sales literature intended as of the effective date to be used in connection with the offering;

(13) a specimen or copy of the security being registered; a copy of the issuer's articles of incorporation and bylaws, or their substantial equivalents, as currently in effect; and a copy of any indenture or other instrument covering the security to be registered;

(14) a signed or conformed copy of an opinion of counsel as to the legality of the security being registered (with an English translation if it is in a foreign language), which shall state whether the security when sold will be legally issued, fully paid, and nonassessable, and, if a debt security, a binding obligation of the issuer;

(15) the written consent of any accountant, engineer, appraiser, or other person whose profession gives authority to a statement made by him, if any such person is named as having prepared or certified a report or valuation (other than a public and official document or statement) which is used in connection with the registration statement;

(16) a balance sheet of the issuer as of a date within four months prior to the filing of the registration statement; a profit and loss statement and analysis of surplus for each of the three fiscal years preceding the date of the balance sheet and for any period between the close of the last fiscal year and the date of the balance sheet, or for the period of the issuer's and any predecessors' existence if less than three years; and, if any part of the proceeds of the offering is to be applied to the purchase of any business, the same financial statements which would be required if that business were the registrant; and

(17) such additional information as the Administrator requires by rule or order.

(c) A registration statement under this section becomes effective when the Administrator so orders.

(d) The Administrator may by rule or order require as a condition of registration under this section that a prospectus containing any designated part of the information specified in subsection (b) be sent or given to each person to whom an offer is made before or concurrently with (1) the first written offer made to him (otherwise than by means of a public advertisement) by or for the account of the issuer or any other person on whose behalf the offering is being made, or by any underwriter or dealer who is offering part of an unsold allotment or subscription taken by him as a participant in the distribution, (2) the confirmation of any sale made by or for the account of any such person, (3) payment pursuant to any such sale, or (4) delivery of the security pursuant to any such sale, whichever first occurs.

§78-13. Provisions applicable to registration generally.—(a) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered dealer.
(b) Every person filing a registration statement shall pay a filing fee of twenty-five dollars ($25.00), plus a registration fee of one-tenth of one percent of the maximum aggregate offering price at which the registered securities are to be offered in this State, but the registration fee shall in no case be less than twenty-five dollars ($25.00) or more than two hundred fifty dollars ($250.00). When a registration statement is withdrawn before the effective date or a preeffective stop order is entered under Section 78-14, the Administrator shall retain the filing fee. In the case of a registration statement relating to a security issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust, as those terms are defined in the Investment Company Act of 1940, the Administrator may by rule or order prescribe the maximum amount of securities (but in no event less than two hundred fifty thousand dollars ($250,000)) that may be offered upon payment of the maximum registration fee, and prescribe different amounts for different classes of issuers.

(c) Every registration statement shall specify (1) the amount of securities to be offered in this State; (2) the states in which a registration statement or similar document in connection with the offering has been or is expected to be filed; and (3) any adverse order, judgment, or decree entered in connection with the offering by the regulatory authorities in each state or by any court or the Securities and Exchange Commission.

(d) Any document filed under this Chapter or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate.

(e) The Administrator may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(f) In the case of a nonissuer distribution, information may not be required under Section 78-12 or 78-13(i) unless it is known to the person filing the registration statement or to the persons on whose behalf the distribution is to be made, or can be furnished by them without unreasonable effort or expense.

(g) The Administrator may by rule or order require as a condition of registration by qualification or coordination (1) that any security issued within the past three years or to be issued to a promoter for a consideration substantially different from the public offering price, or to any person for a consideration other than cash, be deposited in escrow; and (2) that the proceeds from the sale of the registered security in this State be impounded until the issuer receives a specified amount from the sale of the securities either in this State or elsewhere. The Administrator may by rule or order determine the conditions of any escrow or impounding required hereunder, but he may not reject a depository solely because of location in another state.

(h) Every registration statement is effective for one year from its effective date, or any longer period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under Section 78-14. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (1) so long as the registration statement is effective and (2)
between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under Section 78-14 (if the registration statement did not relate in whole or in part to a non-issuer distribution) and one year from the effective date of the registration statement. A registration statement may not be withdrawn for one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the Administrator.

(i) So long as a registration statement is effective, the Administrator may by rule or order require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose progress of the offering.

(j) A registration statement relating to a security issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust, as those terms are defined in the Investment Company Act of 1940, may be amended after its effective date so as to increase the securities specified as proposed to be offered. Such an amendment becomes effective when the Administrator so orders. Every person filing such an amendment shall pay a registration fee, calculated in the manner specified in subsection (b), and such filing fee not to exceed twenty five dollars ($25.00) as the Administrator may by rule or order require, with respect to the additional securities proposed to be offered.

“§ 78-14. Denial, suspension, and revocation of registration.—(a) The Administrator may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement if he finds (1) that the order is in the public interest and (2) that:

(A) the registration statement as of its effective date or as of any earlier date in the case of an order denying effectiveness, or any amendment under Section 78-13(j) as of its effective date, or any report under Section 78-13(i) is incomplete in any material respect or contains any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact; or

(B) any provision of this Chapter or any rule, order, or condition lawfully imposed under this Chapter has been willfully violated, in connection with the offering, by (i) the person filing the registration statement, (ii) the issuer, any partner, officer, or director of the issuer, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling or controlled by the issuer, but only if the person filing the registration statement is directly or indirectly controlled by or acting for the issuer, or (iii) any underwriter; or

(C) the security registered or sought to be registered is the subject of an administrative stop order or similar order or a permanent or temporary injunction of any court of competent jurisdiction entered under any other federal or state act applicable to the offering; but (i) the Administrator may not institute a proceeding against an effective registration statement under clause (C) more than one year from the date of the order or injunction relied on, and (ii) he may not enter an order under clause (C) on the basis of an order or injunction entered under any other state act unless that order or injunction was based on
facts which would currently constitute a ground for a stop order under this section; or
(D) the issuer's enterprise or method of business includes or would include activities which are illegal where performed; or
(E) the offering has worked or tended to work a fraud upon purchasers or would so operate; or
(F) the offering has been or would be made with unreasonable amounts of underwriters' and sellers' discounts, commissions, or other compensation, or promoters' profits or participation, or unreasonable amounts or kinds of options; or
(G) when a security is sought to be registered by notification, it is not eligible for such registration; or
(H) when a security is sought to be registered by coordination, there has been a failure to comply with the undertaking required by Section 78-11(b)(4); or
(I) the applicant or registrant has failed to pay the proper fees; but the Administrator may enter only a denial-order under this clause and he shall vacate any such order when the deficiency has been corrected.

The Administrator may not institute a stop-order proceeding against an effective registration statement on the basis of a fact or transaction known to him when the registration statement became effective unless the proceeding is instituted within the next 30 days.

(b) The following provisions govern the application of Section 78-14(a)(2)(F):

(1) The Administrator may not enter a stop order against a registration statement based on one or more of the grounds set forth in clause (F) of Section 78-14(a)(2) if the offering, or the dealer, or any dealers, making or participating in the offering, is subject to rules, promulgated by any national securities association registered with the Securities and Exchange Commission pursuant to Section 15A of the Securities Exchange Act of 1934, providing safeguards against unreasonable profits or unreasonable rates or commissions or other charges, and such rules are complied with.

(2) The Administrator may by rule or order require such evidence of compliance with such rules as he may deem advisable.

(c) The Administrator may by order summarily postpone or suspend the effectiveness of the registration statement pending final determination of any proceeding under this section. Upon the entry of the order, the Administrator shall promptly notify each person specified in subsection (d) that it has been entered and of the reasons therefor and that within 15 days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the Administrator, the order will remain in effect until it is modified or vacated by the Administrator. If a hearing is requested or ordered, the Administrator, after notice of an opportunity for hearing to each person specified in subsection (d), may modify or vacate the order or extend it until final determination.

(d) No stop order may be entered under any part of this section except the first sentence of subsection (c) without (1) appropriate prior notice to the applicant or registrant, the issuer, and the person on whose behalf the securities are to be or have been offered, (2) opportunity for hearing, and (3) written findings of fact and conclusions of law.
(e) The Administrator may vacate or modify a stop order if he finds that the conditions which prompted entry have changed or that it is otherwise in the public interest to do so.

"Article 5.

"Registration of Dealers and Salesmen.

"§ 78-15. Registration requirement.—(a) It is unlawful for any person to transact business in this State as a dealer or salesman unless he is registered under this Chapter. No dealer shall be eligible for registration under this Chapter, or for renewal of registration hereunder, unless such dealer is at the time registered as a dealer with the Securities and Exchange Commission under the Securities Exchange Act of 1934.

(b) It is unlawful for any dealer or issuer to employ a salesman unless the salesman is registered. The registration of a salesman is not effective during any period when he is not associated with a particular dealer registered under this Chapter or a particular issuer. When a salesman begins or terminates those activities which make him a salesman, the salesman as well as the dealer or issuer shall promptly notify the Administrator.

The Administrator may by rule or order require the return of a salesman’s license upon the termination of those activities which make him a salesman or, if such return is impossible, require evidence satisfactory to the Administrator of such impossibility.

(c) Every registration expires on the thirty-first day of March of each year (or such other date not more than one year from its effective date as the Administrator may by rule or order provide) unless renewed.

"§ 78-16. Registration procedure.—(a) A dealer or salesman may obtain an initial or renewal registration by filing with the Administrator an application together with a consent to service of process pursuant to Section 78-27(f). The application shall contain whatever information the Administrator by rule requires concerning such matters as (1) the applicant’s form and place of organization; (2) the applicant’s proposed method of doing business; (3) the qualifications and business history of the applicant; in the case of a dealer, the qualifications and business history of any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the dealer, and a representation that the applicant dealer is duly registered as a dealer under the Securities Exchange Act of 1934; (4) any injunction or administrative order or conviction of a misdemeanor involving a security or any aspect of the securities business and any conviction of a felony; and (5) the applicant’s financial condition and history. If no denial order is in effect and no proceeding is pending under Section 78-18, registration becomes effective at noon of the thirtieth day after an application is filed. The Administrator may by rule or order specify an earlier effective date, and he may by order defer the effective date until noon of the thirtieth day after the filing of any amendment. Registration of a dealer automatically constitutes registration of any salesman who is a partner, officer, or director, or a person occupying a similar status or performing similar functions.

(b) Every applicant for initial or renewal registration shall pay a filing fee of fifty dollars ($50.00) in the case of a dealer and ten dollars ($10.00) in the case of a salesman. The Administrator may by rule reduce the registration fee proportionately when the registration will be in effect for less than a full year.
(c) A registered dealer may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year. There shall be no filing fee.

(d) The Administrator may by rule require registered dealers and salesmen to post surety bonds in amounts up to ten thousand dollars ($10,000), and may determine their conditions. Any appropriate deposit of cash or securities shall be accepted in lieu of any bond so required. No bond may be required of any registrant whose net capital, which may be defined by rule, exceeds twenty-five thousand dollars ($25,000). Every bond shall provide for suit thereon by any person who has a cause of action under Section 78-25 and, if the Administrator by rule or order requires, by any person who has a cause of action not arising under this Chapter. Every bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within two years after the sale or other act upon which it is based.

"§ 78-17. Post-registration provisions.—(a) Every registered dealer shall make and keep such accounts, correspondence, memoranda, papers, books, and other records as the Administrator by rule prescribes. All records so required shall be preserved for three years unless the Administrator by rule prescribes otherwise for particular types of records.

(b) Every registered dealer shall file such financial reports as the Administrator by rule prescribes.

(c) If the information contained in any document filed with the Administrator is or becomes inaccurate or incomplete in any material respect, the registrant shall promptly file a correcting amendment unless notification of the correction has been given under Section 78-15(b).

(d) All the records referred to in subsection (a) are subject at any time or from time to time to such reasonable periodic, special, or other examinations by representatives of the Administrator, within or without this State, as the Administrator deems necessary or appropriate in the public interest or for the protection of investors. For the purpose of avoiding unnecessary duplication of examinations, the Administrator, insofar as he deems it practicable in administering this subsection, may cooperate with the securities administrators of other states, the Securities and Exchange Commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934.

"§ 78-18. Denial, revocation, suspension, cancellation, and withdrawal of registration.—(a) The Administrator may by order deny, suspend, or revoke any registration if he finds (1) that the order is in the public interest and (2) that the applicant or registrant or, in the case of a dealer, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the dealer:

(A) has filed an application for registration which as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in light of the circumstances under which it was made, false or misleading with respect to any material fact; or

(B) has willfully violated or willfully failed to comply with any provision of this Chapter or a predecessor law or any rule or order under this Chapter or a predecessor law; or

(C) has been convicted, within the past 10 years, of any misdemeanor
involving a security or any aspect of the securities business, or any felony; or

(D) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business; or

(E) is the subject of an order of the Administrator denying, suspending, or revoking registration as a dealer or salesman; or

(F) is the subject of an order entered within the past five years by the securities administrator of any other state or by the Securities and Exchange Commission denying or revoking registration as a dealer or salesman, or the substantial equivalent of those terms as defined in this Chapter, or is the subject of an order of the Securities and Exchange Commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States Post Office fraud order; but (i) the Administrator may not institute a revocation or suspension proceeding under clause (F) more than one year from the date of the order relied on, and (ii) he may not enter an order under clause (F) on the basis of an order under another state act unless that order was based on facts which would currently constitute a ground for an order under this section; or

(G) has engaged in dishonest or unethical practices in the securities business; or

(H) is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the Administrator may not enter an order against a dealer under this clause without a finding of insolvency as to the dealer; or

(I) is not qualified on the basis of such factors as training, experience, and knowledge of the securities business, except as otherwise provided in subsection (b).

The Administrator may by order deny, suspend, or revoke any registration if he finds (1) that the order is in the public interest and (2) that the applicant or registrant:

(J) has failed reasonably to supervise his salesmen if he is a dealer; or

(K) has failed to pay the proper filing fee; but the Administrator may enter only a denial order under this clause, and he shall vacate any such order when the deficiency has been corrected.

The Administrator may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within the next 30 days.

(b) The following provisions govern the application of Section 78-18(a)(2)(I):

1. The Administrator may not enter an order against a dealer on the basis of the lack of qualification of any person other than (A) the dealer himself if he is an individual or (B) a salesman of the dealer.

2. The Administrator may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both or, in the case of a dealer if he is registered and in good standing under the Securities Exchange Act of 1934.

3. The Administrator shall consider that a salesman who will work under
the supervision of a registered dealer need not have the same qualifications as a dealer.

(4) The Administrator may by rule provide for an examination which may be written or oral or both, to be taken by any class of or all applicants.

(c) The Administrator may by order summarily postpone or suspend registration pending final determination of any proceeding under this section. Upon the entry of the order, the Administrator shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is a salesman, that it has been entered and of the reasons therefor and that within 15 days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the Administrator, the order will remain in effect until it is modified or vacated by the Administrator. If a hearing is requested or ordered, the Administrator, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(d) If the Administrator finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a dealer or salesman, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after reasonable search, the Administrator may by order cancel the registration or application.

(e) Withdrawal from registration as a dealer or salesman becomes effective 30 days after receipt of an application to withdraw or within such shorter period of time as the Administrator may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within 30 days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the Administrator by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the Administrator may nevertheless institute a revocation or suspension proceeding under Section 78-18(a)(2)(B) within one year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

(f) No order may be entered under any part of this section except the first sentence of subsection (c) without (1) appropriate prior notice to the applicant or registrant (as well as the employer or prospective employer if the applicant or registrant is a salesman), (2) opportunity for hearing, and (3) written findings of fact and conclusions of law.

“Article 6.

“Administration and Review.

“§ 78-19. Administration of act.—(a) This Chapter shall be administered by the Secretary of State and such deputies and assistants as he shall designate. The Secretary of State may appoint such clerks and other assistants as may from time to time be needed.

(b) It is unlawful for the Administrator or any of his officers or employees to use for personal benefit any information which is filed with or obtained by the Administrator and which is not made public. No provision of this Chapter authorizes the Administrator or any of his officers or employees to disclose any such information except among themselves or when necessary or appropriate in a proceeding or investigation under this Chapter. No provision of this Chapter
either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the Administrator or any of his officers or employees.

(c) All fees provided for under this Chapter shall be collected by the Administrator and shall be paid over to the State Treasurer to go into the general fund.

“§ 78-20. Investigations and subpoenas.—(a) The Administrator in his discretion (1) may make such public or private investigations within or outside of this State as he deems necessary to determine whether any person has violated or is about to violate any provision of this Chapter or any rule or order hereunder, or to aid in the enforcement of this Chapter or in the prescribing of rules and forms hereunder, (2) may require or permit any person to file a statement in writing, under oath or otherwise as the Administrator determines, as to all the facts and circumstances concerning the matter to be investigated, and (3) may publish information concerning any violation of this Chapter or any rule or order hereunder.

(b) For the purpose of any investigation or proceeding under this Chapter, the Administrator or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the Administrator deems relevant or material to the inquiry.

(c) In case of contumacy by, or refusal to obey a subpoena issued to any person, any court of competent jurisdiction, upon application by the Administrator, may issue to the person an order requiring him to appear before the Administrator, or the officer designated by him, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(d) No person is excused from attending and testifying or from producing any document or record before the Administrator, or in obedience to subpoena of the Administrator or any officer designated by him, in any proceeding instituted by the Administrator, on the ground that the testimony or evidence (documentary or otherwise) required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture on account of any transaction, matter, or thing concerning which he is compelled, after claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

“§ 78-21. Injunctions.—Whenever it appears to the Administrator that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this Chapter or any rule or order hereunder, he may in his discretion bring an action in any court of competent jurisdiction to enjoin the acts or practices and to enforce compliance with this Chapter or any rule or order hereunder. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant’s assets. The court may not require the Administrator to post a bond.
"§ 78-22. Judicial review of orders.—(a) Any person aggrieved by a final order of the Administrator may obtain a review of the order in the Superior Court of Wake County by filing in court, within 60 days after the entry of the order, a written petition praying that the order be modified or set aside in whole or in part. A copy of the petition shall be forthwith served upon the Administrator, and thereupon the Administrator shall certify and file in court a copy of the filing and evidence upon which the order was entered. When these have been filed, the court has exclusive jurisdiction to affirm, modify, enforce, or set aside the order, in whole or in part. The findings of the Administrator as to the facts, if supported by competent, material and substantial evidence, are conclusive. If either party applies to the court for leave to adduce additional material evidence, and shows to the satisfaction of the court that there were reasonable grounds for failure to adduce the evidence in the hearing before the Administrator, the court may order the additional evidence to be taken before the Administrator and to be adduced upon the hearing in such manner and upon such conditions as the court considers proper. The Administrator may modify his findings and order by reason of the additional evidence together with any modified or new findings or order. The judgment of the court is final, subject to review by the Court of Appeals.

(b) The commencement of proceedings under subsection (a) does not, unless specifically ordered by the court, operate as a stay of the Administrator’s order.

"§ 78-23. Rules, forms, orders, and hearings.—(a) The Administrator may from time to time make, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this Chapter, including rules and forms governing registration statements, applications, and reports, and defining any terms, whether or not used in this Chapter, insofar as the definitions are not inconsistent with the provisions of this Chapter. For the purpose of rules and forms the Administrator may classify securities, persons, and matters within his jurisdiction, and prescribe different requirements for different classes.

(b) No rule, form, or order may be made, amended, or rescinded unless the Administrator finds that the action is necessary or appropriate in the public interest or for the protection of investors and consistent with the purposes fairly intended by the policy and provisions of this Chapter. In prescribing rules and forms the Administrator may cooperate with the securities administrators of the other states and the Securities and Exchange Commission with a view to effectuating the policy of this statute to achieve maximum uniformity in the form and content of registration statements, applications, and reports wherever practicable.

(c) The Administrator may by rule or order prescribe (1) the form and content of financial statements required under this Chapter, (2) the circumstances under which consolidated financial statements shall be filed, and (3) whether any required financial statements shall be certified by independent or certified public accountants. All financial statements shall be prepared in accordance with generally accepted accounting practices.

(d) The Administrator may by rule or order require the filing of any prospectus, pamphlet, circular, form letter, advertisement, or other sales literature or advertising communication addressed or intended for distribution to prospective investors, unless the security or transaction is exempted by Section 78-6 or Section 78-7 and such exemption has not been denied or revoked under Section 78-8.
(e) All rules and forms of the Administrator shall be published.

(f) No provision of this Chapter imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form, or order of the Administrator, notwithstanding that the rule, form, or order may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(g) Every hearing in an administrative proceeding shall be public unless the Administrator in his discretion grants a request joined in by all the respondents that the hearing be conducted privately.

“§ 78-24. Administrative files and opinions.—(a) A document is filed when it is received by the Administrator.

(b) The Administrator shall keep a register of all applications for registration and registration statements which are or have been effective under this Chapter and all denial, suspension, or revocation orders which have been entered under this Chapter. The register shall be open for public inspection.

(c) The information contained in or filed with any registration statement, application, or report may be made available to the public under such rules as the Administrator prescribes.

(d) Upon request and at such reasonable charges as he prescribes, the Administrator shall furnish to any person photostatic or other copies (certified under his seal of office if requested) of any entry in the register or any document which is a matter of public record. In any proceeding or prosecution under this Chapter, any copy so certified is prima facie evidence of the contents of the entry or document certified.

(e) The Administrator in his discretion may honor requests from interested persons for interpretative opinions.

“Article 7.

“Civil Liabilities and Criminal Penalties.

“§ 78-25. Civil Liabilities.—(a) Any person who

(1) offers or sells a security in violation of Sections 78-5(b), 78-9, or 78-15(a), or of any rule or order under Section 78-23(d) which requires the affirmative approval of sales literature before it is used, or of any condition imposed under Section 78-12(d) or 78-13(g), or

(2) offers or sells a security by means of any untrue statement of a material fact or any omission to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading (the purchaser not knowing of the untruth or omission), and who does not sustain the burden of proof that he did not know, and in the exercise of reasonable care could not have known, of the untruth or omission, is liable to the person purchasing the security from him, who may sue either at law or in equity to recover the consideration paid for the security, together with interest at six percent (6%) per year from the date of payment, costs, and reasonable attorneys’ fees, less the amount of any income received on the security, upon the tender of the security, or for damages if he no longer owns the security. Damages are the amount that would be recoverable upon a tender less the value of the security when the purchaser disposed of it and interest at the legal rate from the date of disposition.

(b) Any person who purchases a security by means of any untrue statement of a material fact or any omission to state a material fact necessary in order to
make the statements made, in the light of the circumstances under which they are made, not misleading, shall be liable to the person selling the security to him, who may sue either at law or in equity to recover the security, plus any income received by the purchaser thereon, upon tender of the consideration received, or for damages if the purchaser no longer owns the security. Damages are the excess of the value of the security when the purchaser disposed of it, plus interest at the legal rate from the date of disposition, over the consideration paid for the security.

(c) Every person who directly or indirectly controls a person liable under subsection (a) or (b), every partner, officer, or director of such a person, every person occupying a similar status or performing similar functions, every employee of such a person who materially aids in the act or transaction, and every dealer or salesman who materially aids in the sale are also liable jointly and severally with and to the same extent as such person, unless the person who is so liable sustains the burden of proof that he did not know, and in the exercise of reasonable care could not have known, of the existence of the facts by reason of which the liability is alleged to exist. There is contribution as in cases of contract among the several persons so liable.

(d) Any tender specified in this section may be made at any time before entry of judgment. Tender shall require only notice of willingness to exchange the security for the amount specified. Any notice may be given by service as in civil actions or by certified mail addressed to the last known address of the person liable.

(e) Every cause of action under this statute survives the death of any person who might have been a plaintiff or defendant.

(f) No person may sue under this section more than two years after the sale or contract of sale.

(g) (1) No purchaser may sue under this section if, before suit is commenced, the purchaser has received a written offer stating the respect in which liability under this section may have arisen and fairly advising the purchaser of his rights; offering to repurchase the security for cash payable on delivery of the security equal to the consideration paid, together with interest at six percent (6%) per year from the date of payment, less the amount of any income received on the security or, if the purchaser no longer owns the security, offering to pay the purchaser upon acceptance of the offer an amount in cash equal to the damages computed in accordance with subsection (a); and stating that the offer may be accepted by the purchaser at any time

within 30 days of its receipt; and the purchaser has failed to accept such offer in writing within the specified period.

(2) No seller may sue under this section if, before suit is commenced, the seller has received a written offer stating the respect in which liability under this section may have arisen and fairly advising the seller of his rights; offering to return the security plus the amount of any income received thereon upon payment of the consideration received, or, if the purchaser no longer owns the security, offering to pay the seller upon acceptance of the offer an amount in cash equal to the damages computed in accordance with subsection (b); and providing that the offer may be accepted by the seller at any time within 30 days of its
receipt; and the seller has failed to accept such offer in writing within the specified period.

(3) Offers shall be in the form and contain the information the Administrator by rule prescribes. Every offer under subsection (g) shall be delivered to the offeree or sent by certified mail addressed to him at his last known address. If an offer is not performed in accordance with its terms, suit by the offeree under this section shall be permitted without regard to this subsection.

(h) No person who has made or engaged in the performance of any contract in violation of any provision of this Chapter or any rule or order hereunder, or who has acquired any purported right under any such contract with knowledge of the facts by reason of which its making or performance was in violation, may base any suit on the contract.

(i) Any condition, stipulation, or provision binding any person acquiring any security to waive compliance with any provision of this Chapter or any rule or order hereunder is void.

(j) The rights and remedies provided by this Chapter are in addition to any other rights or remedies that may exist at law or in equity, but this Chapter does not create any cause of action not specified in this section or Section 78-16(e).

§ 78-26. Criminal penalties.—(a) Any person who willfully violates any provision of this Chapter except Section 78-4, or who willfully violates any rule or order under this act, or who willfully violates Section 78-4 knowing the statement made to be false or misleading in any material respect, shall upon conviction be fined not more than five thousand dollars ($5,000) or imprisoned in the State prison not more than five years, or both; but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order.

(b) The Administrator may refer such evidence as is available concerning violations of this Chapter or of any rule or order hereunder to the Attorney General or the proper district solicitor, who may, with or without such a reference, institute the appropriate criminal proceedings under this Chapter.

(c) Nothing in this Chapter limits the power of the State to punish any person for any conduct which constitutes a crime by statute or at common law.

"Article 8.

"Miscellaneous Provisions.

§ 78-27. Scope of the act and service of process.—(a) Sections 78-3, 78-5, 78-9, 78-15(a), and 78-25 apply to persons who sell or offer to sell when (1) an offer to sell is made in this State, or (2) an offer to buy is made and accepted in this State.

(b) Sections 78-3, 78-5, and 78-15(a) apply to persons who buy or offer to buy when (1) an offer to buy is made in this State, or (2) an offer to sell is made and accepted in this State.

(c) For the purpose of this section, an offer to sell or to buy is made in this State, whether or not either party is then present in this State, when the offer (1) originates from this State or (2) is directed by the offeror to this State and received at the place to which it is directed (or at any post office in this State in the case of a mailed offer).

(d) For the purpose of this section, an offer to buy or to sell is accepted in this State when acceptance (1) is communicated to the offeror in this State and (2)
CHAPTER 1380  Session Laws—1973

has not previously been communicated to the offeror, orally, or in writing, outside this State; and acceptance is communicated to the offeror in this State, whether or not either party is then present in this State when the offeree directs it to the offeror in this State reasonably believing the offeror to be in this State and it is received at the place to which it is directed (or at any post office in this State in the case of a mailed acceptance).

(e) An offer to sell or to buy is not made in this State when (1) the publisher circulates or there is circulated on his behalf in this State any bona fide newspaper or other publication of general, regular, and paid circulation which is not published in this State, or which is published in this State but has had more than two-thirds of its circulation outside this State during the past 12 months, or (2) a radio or television program originating outside this State is received in this State.

(f) Every applicant for registration under this Chapter and every issuer who proposes to offer a security in this State through any person acting on an agency basis in the common-law sense shall file with the Administrator, in such form as he by rule prescribes, an irrevocable consent appointing the Administrator or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor or administrator which arises under this Chapter or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous registration need not file another. Service may be made by leaving a copy of the process in the office of the Administrator, but it is not effective unless (1) the plaintiff, who may be the Administrator in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered mail to the defendant or respondent at his last address on file with the Administrator, and (2) the plaintiff's affidavit of compliance with the subsection is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

(g) When any person, including any nonresident of this State, engages in conduct prohibited or made actionable by this Chapter or any rule or order hereunder, and he has not filed a consent to service of process under subsection (f) and personal jurisdiction over him cannot otherwise be obtained in this State, that conduct shall be considered equivalent to his appointment of the Administrator or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against him or his successor executor or administrator which grows out of that conduct and which is brought under this Chapter or any rule or order hereunder with the same force and validity as if served on him personally. Service may be made by leaving a copy of the process in the office of the Administrator, and it is not effective unless (1) the plaintiff, who may be the Administrator in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered mail to the defendant or respondent at his last known address or takes other steps which are reasonably calculated to give actual notice, and (2) the plaintiff's affidavit of compliance with this subsection is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.
(h) When process is served under this section, the court, or the Administrator in a proceeding before him, shall order such continuance as may be necessary to afford the defendant or respondent reasonable opportunity to defend.

(i) Interest charged by a broker or dealer registered under the Securities Exchange Act of 1934, as amended, or registered under this Chapter, as now or hereafter amended, on a debit balance in an account for a customer, shall be exempt from the provisions of Chapter 24 of the North Carolina General Statutes if such debit balance is payable at will without penalty and is secured by securities as defined in the Uniform Commercial Code, Article 8. Investment Securities, G.S. 25-8-101 through G.S. 25-8-406.

“§ 78-28. Statutory policy.—This Chapter shall be so construed as to effectuate its general purpose to make uniform the law of those states which enact it and to coordinate the interpretation and administration of this Chapter with the related federal regulation.

“§ 78-29. Severability of provisions.—If any provision of this Chapter or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of the Chapter which can be given effect without the invalid provision or application, and to this end the provisions of this Chapter are severable.

“§ 78-30. Repeal and saving provisions.—(a) The Securities Law of the State of North Carolina, G.S. 78-1 through 78-24, is repealed except as saved in this section.

(b) Prior law exclusively governs all suits, actions, prosecution, or proceedings which are pending or may be initiated on the basis of facts or circumstances occurring before the effective date of this Chapter, except that no civil suit or action may be maintained to enforce any liability under prior law unless brought within any period of limitation which applied when the cause of action accrued and in any event within two years after the effective date of this Chapter.

(c) All effective registrations under prior law, all administrative orders relating to such registrations, and all conditions imposed upon such registrations remain in effect so long as they would have remained in effect if this Chapter had not been passed. They are considered to have been filed, entered, or imposed under this Chapter, but are governed by prior law.

(d) Prior law applies in respect to any offer or sale made within one year after the effective date of this Chapter pursuant to an offering begun in good faith before its effective date on the basis of an exemption available under prior law.

(e) Judicial review of all administrative orders as to which review proceedings have not been instituted by the effective date of this Chapter are governed by Section 78-22, except that no review proceeding may be instituted unless the petition is filed within any period of limitation which applied to a review proceeding when the order was entered and in any event within 60 days after the effective date of this Chapter.”

Sec. 2. This act shall become effective on April 1, 1975.

In the General Assembly read three times and ratified, this the 13th day of April, 1974.
CHAPTER 1381  Session Laws—1973

S. B. 1064  CHAPTER 1381

AN ACT TO AUTHORIZE THE LOCATION OF GARBAGE COLLECTION CONTAINERS BY MUNICIPALITIES AND COUNTIES ON THE STATE HIGHWAY SYSTEM RIGHTS-OF-WAY.

The General Assembly of North Carolina enacts:

Section 1. Chapter 136 of the General Statutes is hereby amended by adding a new section to read as follows:

“§ 136-18.3. Location of garbage collection containers by counties and municipalities.—(a) The Board of Transportation is authorized to issue permits to counties and municipalities for the location of containers on rights-of-way of State-maintained highways for the collection of garbage. Such containers may be located on highway rights-of-way only when authorized in writing by the State Highway Administrator in accordance with rules and regulations promulgated by the Board of Transportation. Such rules and regulations shall take into consideration the safety of travelers on the highway and the elimination of unsightly conditions and health hazards. Such containers shall not be located on fully controlled access highways.

H. B. 1488    CHAPTER 1393

AN ACT RESTRICTING THE ABANDONMENT OF SERVICE BY
WATER AND SEWER UTILITY SYSTEMS WITHOUT PRIOR
COMMISSION APPROVAL.

The General Assembly of North Carolina enacts:

Section 1. Section 118 of Chapter 62 of the General Statutes of North
Carolina is hereby amended by designating the present G.S. 62-118 as paragraph
(a) under G.S. 62-118 and by adding new paragraphs (b) and (c) as follows:

“(b) If any person or corporation furnishing water or sewer utility service
under this Chapter shall abandon such service without the prior consent of the
Commission, and the Commission subsequently finds that such abandonment of
service causes an emergency to exist, the Commission may, unless the owner or
operator of the affected system consents, apply in accordance with G.S. 1A-1,
Rule 65, to the resident Superior Court Judge of any judicial district where such
person or corporation operates, or to any Superior Court Judge holding court in
such judicial district, for an order restricting the lands, facilities and rights-of-
way used in furnishing said water or sewer utility service to continued use in
furnishing said service during the period of the emergency. An emergency is
defined herein as the imminent danger of losing adequate water or sewer utility
service or the actual loss thereof. The court shall have jurisdiction to restrict
the lands, facilities, and rights-of-way to continued use in furnishing said water
or sewer utility service by appropriate order restraining their being placed to
other use, or restraining their being prevented from continued use in furnishing
said water or sewer utility service, by any person, corporation, or their
representatives. The court may, in its discretion, appoint an emergency operator
to assure the continued operation of such water or sewer utility service. The
court shall have jurisdiction to require that reasonable compensation be paid to
the owner, operator or other party entitled thereto for the use of any lands,
facilities, and rights-of-way which are so restricted to continued use for
furnishing water or sewer utility service during the period of the emergency, and
it may require the emergency operator of said lands, facilities, and rights-of-way
to post bond in an amount required by the court. In no event shall such
compensation, for each month awarded, exceed the net average monthly income
of the utility for the 12 month period immediately preceding the order
restricting use.

(c) Whenever the Commission, upon complaint or investigation upon its own
motion, finds that the facilities being used to furnish water or sewer utility
service are inadequate to such an extent that an emergency (as defined in G.S. 62-118(b) above) exists, and further finds that there is no reasonable probability of the owner or operator of such utility obtaining the capital necessary to improve or replace the facilities from sources other than the customers, the Commission shall have the power, after notice and hearing, to authorize by order that such service be abandoned or reduced to those customers who are unwilling or unable to advance their fair share of the capital necessary for such improvements. The amount of capital to be advanced by each customer shall be subject to approval by the Commission, and shall be advanced under such conditions as will enable each customer to retain a proprietary interest in the system to the extent of the capital so advanced. The remedy prescribed in this paragraph is in addition to other remedies prescribed by law."

Sec. 2. Except as herein amended, the provisions of Chapter 62 of the General Statutes of North Carolina shall remain in full force and effect. To the extent that other laws or clauses of laws are in conflict with the provisions of this act, such laws and clauses are, to that extent, hereby repealed.

Sec. 3. This act shall become effective on October 1, 1974.

(b) Violations of this act may be enjoined by action of the Attorney General brought in behalf of the State pursuant to authority granted in G.S. 114-2.

AN ACT RELATING TO THE PURCHASE AND DEVELOPMENT OF PARK LANDS, RECREATION AREAS AND OTHER LANDS IN THEIR NATURAL UNALTERED CONDITION AND TO THE ACQUISITION OF OTHER LANDS AND PROPERTY; THE NORTH CAROLINA LAND CONSERVANCY CORPORATION SHALL HAVE THE POWER TO BUY, SELL, CONVEY, MORTGAGE OR LEASE ANY INTEREST IN SUCH PROPERTY.

The General Assembly of North Carolina enacts:

Section 1. There is hereby created a body politic and corporate to be known as the "North Carolina Land Conservancy Corporation".

Sec. 2. Legislative Findings and Purposes. The General Assembly finds and declares that there is a public purpose and interest in acquiring and developing certain lands of the State in their natural and unaltered condition which are of value to the citizens of the State as sources of recreation, solitude, and as reminders of our natural and cultural heritage and in acquiring other lands and property, which may be of great benefit to State government and to the public at large.

The General Assembly further finds that the State lacks a mechanism that permits maximum flexibility in land acquisition. Thus, the State is often unable to purchase land at public auction, foreclosures, estate settlements, commercial offerings, private offerings, or other types of forced or rapid sale. The General Assembly also finds that the State lacks a mechanism that will permit it to move quickly when desirable tracts become available. Such delays in acquiring valuable land mean that when lands are ultimately purchased the price is generally greater than the initial asking price.

Therefore, the General Assembly declares that a mechanism to accomplish the aforesaid public purpose should be established and sanctioned by the General Assembly of North Carolina and that such action is in the public interest.

Sec. 3. Board of Trustees. The Board of Trustees of the North Carolina Land Conservancy Corporation, hereinafter referred to as the Trustees, shall be composed of and governed by nine members. The Governor shall appoint five Trustees of the Corporation who shall be residents of the State and who may hold other public offices. The Speaker of the House of Representatives shall appoint two Trustees of the Corporation from the House of Representatives, and the Lieutenant Governor shall appoint two Trustees of the Corporation from the Senate, who shall serve as Trustees during their term of office, or until their successor is duly appointed and qualified. The State Treasurer, the Secretary of Administration, and the Secretary of Natural and Economic Resources, or their designees, shall be ex-officio non-voting Trustees.

Insofar as possible the voting Trustees should come from different regions of the State. The Governor shall appoint one Trustee of the Corporation for a one-year term, two of the Trustees of the Corporation for a two-year term, and two of the Trustees of the Corporation for a three-year term, as designated by the Governor, and until their successors shall be duly appointed and qualified. The successor of each such member shall be appointed for a term of four years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any
member of the Board of Trustees shall be eligible for reappointment. Each member of the Board of Trustees appointed by the Governor may be removed by the Governor for misfeasance, malfeasance or willful neglect of duty after reasonable notice and a public hearing, unless the same are in writing expressly waived. Each Trustee of the Corporation appointed by the Governor before entering upon his duty shall take an oath to administer the duties of his office faithfully and impartially and a record of such oath shall be filed in the office of the Secretary of State. The Governor shall designate a member of the Board of Trustees to serve as Chairman. The term of the Chairman of the Board of Trustees shall extend for a period of one year. The Trustees shall annually elect one of its members as Vice Chairman. The Secretary of Administration, or his designee, shall serve as Executive Director and Secretary to the Corporation.

Five members of the Board of Trustees shall constitute a quorum and the affirmative vote of a majority of the members present at a duly called meeting shall be necessary for any action taken by the Trustees, except adjournment. Trustees shall receive no compensation for their services, but shall be entitled to receive, from the funds of the Corporation, for attendance at meetings of the Corporation or any committee thereof, and for other services for the Corporation, reimbursement for such actual expenses as may be incurred for travel and subsistence in the performance of official duties and, only as to members appointed by the Governor, such per diem as is allowed by law for members of other State boards, commissions, and committees.

Sec. 4. The Executive Director. The Executive Director shall administer, manage, and direct the affairs and business of the Corporation, subject to the policies, control, and direction of the members of the Corporation. The Secretary of the Corporation shall keep a record of the proceedings of the Corporation and shall be custodian of all books, documents, and papers filed with the Corporation, the minute book or journal of the Corporation and its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the Corporation, and to give certificates under the official seal of the Corporation to the effect that such copies are true copies and all persons dealing with the Corporation may rely on such certificates. All records and documents will be subject to audit by the State Auditor.

Sec. 5. Powers of the Board of Trustees. The Corporation shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this act, including, but without limitation, the foregoing powers:

1. to adopt an official seal and alter the same at its pleasure;
2. to adopt bylaws for the regulation of its affairs and the conduct of its business and to prescribe rules, regulations, and policies in connection with the performance of its functions and duties;

(12) to buy, own, sell, convey, assign, mortgage or lease any interest in real estate, including but not limited to fee simple interest and life estates, and personal property.

Sec. 6. No property may be sold to or purchased from a member of the Board of Trustees, nor from the spouse, descendant, parent, partner of a Trustee; nor from any other person of closer kin than first cousin of a Trustee; nor from any firm, corporation, partnership, trust, or other business in which a Trustee, his spouse, his descendants, his parents, his partners, or any other person of closer kin than first cousin of a Trustee, has a financial interest of whatever kind.

Sec. 7. The purpose of the Corporation is to acquire land for eventual use by the State of North Carolina. To this end, the Corporation shall offer to sell any assets it acquires to the State of North Carolina, and its agencies, at the same price at which such lands were purchased by the Corporation plus all reasonable and necessary expenses of acquisition.

Sec. 8. This Corporation is a non-profit State body corporate. The assets of the Corporation shall be the property of the State of North Carolina. No profits or assets of the Corporation shall enure to the benefit of any member of the Board of Trustees.

CHAPTER 1408
AN ACT TO REWRITE GENERAL STATUTES CHAPTER 122, ARTICLE 5A (IN VolUNTARY COMMITMENT).
The General Assembly of North Carolina enacts:

Section 1. General Statutes Chapter 122, Article 5A, as set forth in 1973 Cumulative Supplement to Volume 3B of the General Statutes of North Carolina, is rewritten to read as follows:

"Article 5A

"§ 122-58.1. Declaration of policy.—It is the policy of the State that no person shall be committed to a mental health facility unless he is mentally ill or an inebriate and imminently dangerous to himself or others; that a commitment will be accomplished under conditions that protect the dignity and constitutional rights of the person; and that committed persons will be discharged as soon as a less restrictive mode of treatment is appropriate."
CHAPTER 1408    Session Laws—1973

"§ 122-58.2. Definitions.—As used in this Article:
   (a) The words ‘inebriety’ and ‘mental illness’ have the same meaning as they are given in G.S. 122-36;
   (b) ‘Law enforcement officer’ means sheriff, deputy sheriff, police officer, and State highway patrolman; and
   (c) the phrase ‘dangerous to himself’ includes, but is not limited to, those mentally ill or inebriate persons who are unable to provide for their basic needs for food, clothing, or shelter.

"§ 122-58.3. Affidavit and petition before clerk or magistrate; custody order.—(a) Any person who has knowledge of a mentally ill or inebriate person who is imminently dangerous to himself or others may appear before a clerk or assistant or deputy clerk of superior court or a magistrate of district court and execute an affidavit to this effect, and petition the clerk or magistrate for issuance of an order to take the respondent into custody for examination by a qualified physician. The affidavit shall include the facts on which the affiant’s opinion is based. The respondent must be found in or be a resident of the same county as the clerk or magistrate.

   (b) If the clerk or magistrate finds reasonable grounds to believe that the facts alleged in the affidavit are true and that the respondent is probably mentally ill or inebriate and imminently dangerous to himself or others, he shall issue an order to a law enforcement officer to take the respondent into custody for examination by a qualified physician.

   (c) If the clerk or magistrate issues a custody order, he shall also make inquiry, as soon as may be and in any manner deemed reliable, as to whether the respondent is indigent within the meaning of G.S. 7A-450. A magistrate shall report the result of this inquiry to the clerk.

   (d) An affiant who is a qualified physician may execute the oath to the affidavit before any official authorized to administer oaths. He is not required to appear before the clerk or magistrate for this purpose.

"§ 122-58.4. Duties of law enforcement officer; examination by qualified physician.—(a) Upon receipt of the custody order of the clerk or magistrate, a law enforcement officer, within 24 hours after the order is signed, shall take the respondent into custody. Immediately upon assuming custody, and in any event within 48 hours, the officer shall take the respondent to a community mental health center for an examination by a qualified physician; if a qualified physician is not available in the community mental health center, he shall take the respondent to any qualified physician locally available. If a physician is not immediately available, the officer may temporarily detain the respondent in a community mental health facility, if one is available; if such a facility is not available, he may cause the detention of the respondent, under appropriate supervision, in the respondent’s home, in a private hospital or a clinic, in a general hospital, or in a regional mental health facility, but not in a jail or other penal facility.

   (b) If the affiant who obtained the custody order is a qualified physician, the examination set forth in subsection (a) is not required. In this case, the law enforcement officer shall take the respondent directly to a mental health facility described in subsection (c).

   (c) The qualified physician shall examine the respondent as soon as possible, and in any event within 24 hours, after the respondent is presented for examination. If the physician finds that the respondent is not mentally ill or an
Inebriate, or is not imminently dangerous to himself or others, the law enforcement officer shall release him, and the proceedings shall be terminated. If the physician finds that the respondent is mentally ill or an inebriate, and is imminently dangerous to himself or others, the law enforcement officer shall take the respondent to a community mental health facility or public or private facility designated or licensed by the Division of Mental Health Services of the Department of Human Resources for temporary custody, observation, and treatment of mentally ill or inebriate persons pending a district court hearing. If there is no community mental health facility so designated, and if the respondent is indigent and unable to pay for his care at a private facility, the law enforcement officer shall take the respondent to a regional psychiatric facility designated by the Division of Mental Health Services for custody and treatment of the mentally ill and inebriate, and immediately notify the clerk of superior court of his actions.

(d) The findings of the qualified physician and the facts on which they are based, shall be in writing, in all cases. A copy of the findings shall be transmitted to the clerk of superior court by the most reliable and expeditious means. If it cannot be reasonably anticipated that the clerk will receive the copy within 48 hours of the time that it was signed, the physician shall also communicate his findings to the clerk by telephone.

“§ 122-58.5. Duties of clerk of superior court.—Upon receipt of a qualified physician’s finding that a respondent is mentally ill or an inebriate, and imminently dangerous to himself or others, the clerk of superior court shall, upon direction of a district court judge, assign counsel, if necessary, calendar the matter for hearing, and notify the respondent and counsel of the time and place of the hearing. Notice must be given at least 48 hours in advance, unless waived by counsel for the respondent.

“§ 122-58.6. Treatment and release pending hearing.—(a) Within 24 hours of arrival at a community or regional mental health facility described in G.S. 122-58.4(c), the respondent shall be examined by a qualified physician. If the qualified physician finds that the respondent is mentally ill or an inebriate, and is imminently dangerous to himself or others, he shall hold the respondent at the facility pending the district court hearing. If the qualified physician finds that the respondent is not mentally ill or inebriate, or is not imminently dangerous to himself or others, he shall release the respondent pending the district court hearing and so notify the clerk of superior court of the county from which the respondent was sent. Unless the respondent provides his own transportation, the law enforcement officer shall return the respondent to the originating county. If a respondent, so released, fails, upon proper notification, to attend the hearing, and his presence is not waived by his counsel and the court, he may be taken into custody and returned to the releasing facility by any law enforcement officer on order of the judge. Days the respondent is on release shall not be counted in computing the 10-day period in which the hearing must be held.

(b) The findings of the qualified physician and the facts on which they are based shall be in writing, in all cases. A copy of the findings shall be transmitted to the clerk of superior court by reliable and expeditious means.

(c) Pending the district court hearing, the qualified physician attending the respondent is authorized to administer to the respondent reasonable and
appropriate medication and treatment that is consistent with accepted medical standards.

"§ 122-58.7. District court hearing.—(a) A hearing shall be held in district court within 10 days of the day the respondent is taken into custody. Upon motion of the respondent’s counsel, sufficiently in advance to avoid movement of the respondent, continuances of not more than five days each may be granted.

(b) On order of the presiding judge, the solicitor (district attorney) shall represent the petitioner.

(c) The respondent shall be represented by counsel of his choice, or, if he is indigent within the meaning of G.S. 7A-450, or refuses to retain counsel if financially able to do so, by counsel appointed by the court.

(d) With the consent of the court, counsel may in writing waive the presence of the respondent.

(e) Certified copies of reports and findings of qualified physicians and medical records of the mental health facility are admissible in evidence, but the respondent’s right to confront and cross-examine witnesses shall not be denied.

(f) Hearings may be held in an appropriate room not used for treatment of patients at the mental health facility in which the respondent is being treated, if it is located within the judge’s judicial district, or in the judge’s chambers. A hearing shall not be held in a regular courtroom, over objection of the respondent, if in the discretion of the judge, a more suitable place is available.

(g) The hearing shall be closed to the public, unless the respondent requests otherwise.

(h) A copy of all documents admitted and, where applicable, a transcript of oral testimony considered shall be furnished by the clerk to the respondent on request. If the respondent is indigent, the transcript shall be provided at State expense.

(i) To support a commitment order, the court is required to find, by clear, cogent, and convincing evidence, that the respondent is mentally ill or inebriate, and imminently dangerous to himself or others. The court shall record the facts which support its findings.

"§ 122-58.8. Disposition.—(a) If the court finds that the respondent is not mentally ill or inebriate, or is not imminently dangerous to himself or others, he shall be discharged, and the facility in which he was last a patient so notified.

(b) If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill or inebriate, and is imminently dangerous to himself or others, it may order treatment, inpatient or outpatient, for a period not in excess of 90 days, at a mental health facility, public or private, designated or licensed by the Division of Mental Health Services. Treatment at a private facility shall be at the expense of the respondent to the extent that such charges are not disposed of by contract between the county and the private facility.

(c) If the court orders outpatient treatment, and the respondent fails to adhere to the prescribed outpatient treatment program, on report of the failure by the chief of medical services of the treatment facility, the court, upon notice to the respondent and his counsel, may order a supplemental hearing, and further order inpatient treatment in a designated or licensed facility for a period of not more than 90 days running from the date of the order.

"§ 122-58.9. Appeal.—The judgment of the district court is final. Appeal may be had to the Court of Appeals, on the record, as in civil cases. Appeal does not
stay commitment, unless so ordered by the Court of Appeals. The Attorney General shall represent the petitioner on appeal.

"§ 122-58.10. Duty of assigned counsel; discharge.—Counsel assigned to represent an indigent respondent at the initial district court hearing is also responsible for perfecting and concluding an appeal, if there is one. Upon completion of an appeal, if any, or upon transfer of the respondent to a regional mental health facility, if there is no appeal, assigned counsel is discharged. If the respondent is committed to a community mental health facility, assigned counsel remains responsible for his representation until discharged by order of district court, or until the respondent is unconditionally discharged from the community facility.

"§ 122-58.11. Rehearings.—(a) Fifteen days before the end of the initial treatment period, if the chief of medical services of the inpatient facility determines that treatment of a respondent beyond the initial period will be necessary, he shall so notify the clerk of superior court of the county in which the facility is located. The clerk, at least 10 days before the end of the initial period, on order of a district court judge of the judicial district in which the facility is located, shall calendar the rehearing, shall notify the respondent and his counsel of the time and place of the rehearing.

(b) Rehearings shall be held at the facility in which the respondent is receiving treatment. The judge shall be a judge of the district court of the judicial district in which the facility is located, or a district court judge temporarily assigned to that district.

(c) Rehearings are governed by the same procedures as initial hearings, and the respondent has the same rights he had at the initial hearing, including the right to appeal.

(d) If the court finds that the respondent is not in need of continued hospitalization, or of outpatient care, it shall unconditionally discharge him. A copy of the discharge order shall be furnished the clerk of superior court of the county of original commitment and the facility from which the respondent is being discharged. If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill or inebriate, and imminently dangerous to himself or others, and in need of continued hospitalization, or, in the alternative, of outpatient care, it may order hospitalization (or outpatient care, as the case may be) for an additional period not in excess of 180 days.

(e) Fifteen days before the end of the second commitment period, and annually thereafter, the chief of medical services of the facility shall review and evaluate the condition of each respondent, and if he determines that a respondent is in continued need of hospitalization or, in the alternative, of outpatient treatment, shall so notify the respondent, his counsel, and the clerk of superior court of the county in which the facility is located. Unless the respondent through his counsel files with the clerk a written waiver of his right to a rehearing, the clerk, on order of a district court judge of the district in which the facility is located, shall calendar a rehearing for not later than the end of the current commitment period. The procedures and standards for the rehearing are the same as for the first rehearing. Any recommitment ordered shall be for only such period of time as continued treatment is deemed necessary by the chief of medical services of the treatment facility, but in no event longer than one year.

(f) There are no rehearings for outpatients.
"§ 122-58.12. Counsel for indigents at rehearings.—(a) The senior regular resident superior court judge of a judicial district in which a regional psychiatric facility for the care and treatment of the mentally ill and inebriate is located shall appoint an attorney licensed to practice in North Carolina as special counsel for the mentally ill and inebriate who are indigent. Such special counsel shall serve at the pleasure of the appointing judge, shall not privately practice law, and shall receive annual compensation within the salary range for assistant solicitors, as fixed by the Administrative Officer of the Courts. It shall be the duty of the special counsel to represent at rehearings under this Article all indigent respondents committed to the facility by a district court judge for mental illness or inebriety, and to represent all indigent respondents who, after a rehearing, appeal to the Court of Appeals. The initial determination of indigency shall be made by the special counsel in accordance with G.S. 7A-450(a), but is subject to redetermination by the presiding judge.

(b) The regional facility shall provide suitable office space for the counsel to meet privately with respondents. The Administrative Office of the Courts shall provide secretarial and clerical service, and necessary equipment and supplies for his office.

(c) In the event of a vacancy in the office of special counsel, or his incapacity, or a conflict of interest, counsel for indigents at rehearings may be assigned by a district judge of the district from among those members of the bar who maintain law offices within 20 miles of the regional facility. Counsel may also be so assigned when, in the opinion of the Administrative Officer of the Courts, the volume of cases warrants.

"§ 122-58.13. Release and conditional release.—The chief of medical services of a public or private mental health facility shall discharge a committed respondent unconditionally at any time he determines that the patient is no longer in need of hospitalization. He may also release a respondent conditionally, for periods not in excess of 30 days, on specified medically appropriate conditions. Violation of the conditions is grounds for return to the releasing facility. A law enforcement officer, on written request of the chief of medical services of the facility, shall take a conditional releasee into custody and return him to the facility. Notice of discharge and of conditional release shall be furnished the clerk of superior court of the county of commitment, and the county in which the facility is located.

"§ 122-58.14. Transportation.—(a) Transportation of a respondent to or from a clerk or magistrate, a qualified physician, a community mental health facility, and a hearing shall be provided by the city or county, which said transportation may be by city or county owned vehicles, or by private ambulance by contract with the city or county. If the respondent is a resident of a city, the city has the duty to provide the transportation; if the respondent is a resident of a county, outside of city limits, the county has the duty to provide transportation; if a respondent resides outside of the county, the city (or county, as the case may be) in which he is taken into custody has the duty to provide transportation; but cities and counties may contract with each other to accomplish this function. Transportation to or from a regional hospital outside the county, for any purpose, is the responsibility of the county, pursuant to G.S. 122-42. If the respondent is not indigent, the city or county is entitled to recover the costs of transportation from the respondent. A respondent being discharged from a facility may elect to use his own transportation.
(b) To the extent feasible, law enforcement officers transporting respondents shall dress in plain clothes, and shall travel in unmarked vehicles.

§ 122-58.15. Commitment of eligible veterans to Veterans Administration facility.—References in this Article to community or regional mental health facilities shall be deemed to include any facility operated by the Veterans Administration for inpatient care and treatment of mentally ill or inebriate veterans. Such a facility may be used for temporary detention pending a district court hearing, and for commitment subsequent to such a hearing. Eligibility of the veteran-respondent for treatment at a Veterans Administration facility, and the availability of space therein, shall be determined in all cases prior to sending or committing a veteran-respondent thereto by filing with the court a certificate of eligibility from the Veterans Administration.

Rehearings for veteran-respondents committed to a Veterans Administration facility shall be held at the facility or at the county courthouse in the county in which the facility is located, and counsel for rehearings shall be assigned from among the members of the bar of the same county.

§ 122-58.16. Use of community and area mental health facilities.—Directors of community mental health facilities and area mental health programs shall submit for approval by the Division of Mental Health Services, plans consistent with this Article, for maximum utilization of community and area mental health facilities. Such plans shall be formulated after consultation with local court officials and the local medical society.

§ 122-58.17. Respondents committed under prior law.—Respondents committed to a mental health facility for a specific period of time prior to the effective date of this act shall be deemed to have been committed, for the same period of time, under this act. Respondents committed for an indefinite period of time shall be processed under this act, with the initial district court hearing conducted within 30 days after the effective date of this act.

§ 122-58.18. The county board of social services shall review, modify, and approve such estimated budget and transmit it before April 1 to the board of county commissioners, which shall review, modify and approve it before April 15 for transmittal to the Department of Human Resources. The Director of the Division of Social Services, as agent for the Department of Human Resources, shall review the estimated budget submitted by each county and shall notify the board of county commissioners by June 1 of the approval or disapproval of the county’s estimated budget of total county funds necessary to support and administer adequate programs of public assistance.

If the Director of the Division of Social Services disapproves the estimated budget of the county, he shall recommend an appropriate budget of total county funds necessary to sustain and administer adequate programs of public assistance whose acceptance by the board of county commissioners shall be a condition precedent to receiving any monies from the ‘State Public Assistance Contingency Fund’ established in G.S. 108-54.1; provided that, if the board of
county commissioners disputes the budget recommended by the Director of the Division of Social Services as appropriate to sustain and administer adequate programs of public assistance within that county, the Secretary of Human Resources shall make a final determination that shall be binding upon the county.

Upon final determination of the county budget for all programs of public assistance within that county for the next fiscal year, the board of county commissioners shall levy taxes sufficient to provide for the payment of the county's share of such budget."

This Fund shall be used exclusively to provide additional funds for counties whose expenditures for programs of public assistance, including administration of said programs, have exceeded the accepted budget estimate.

(b) Allotments shall be made to the counties at any time during the fiscal year by the Secretary of Human Resources when satisfied of the county's need for such allotment under this Part.

(c) The allotments provided by this section shall be used by the counties entitled to them solely to supplement the funds appropriated by the county to support the budget determined pursuant to G.S. 108-54 to be necessary to sustain and administer adequate programs of public assistance within the county and only when such budget is exceeded during the fiscal year."

(b) The board of county commissioners may combine any or all of the separate special taxes for each program of public assistance and for the administrative expenses of such programs in place of levying separate special taxes for each item. This consolidated tax shall be sufficient, when combined with other funds available for use for public assistance expenses from any other source of county income and revenue (including borrowing in anticipation of collection of taxes), to meet the financial requirements of public assistance programs, and the administrative costs of each program. The appropriations and expenditures for each of the several programs and for administrative expenses shall be separately stated and accounted for."

(b) Such marketable title shall be held by such person and shall be taken by his successors in interest free and clear of any and all such fee simple oil, gas or mineral interest in such area of land founded upon any reservation or exception contained in an instrument conveying the surface estate in fee simple which was executed or recorded at least 50 years or more prior to September 1, 1974, and such oil, gas or mineral interests are hereby declared to be null and void and of no effect whatever at law or in equity: Provided, however, that any such fee simple oil, gas or mineral interest may be preserved and kept effective by recording within two years after September 1, 1974, a notice in writing duly sworn to and subscribed before an official authorized to take probate by G.S. 47-1, which sets forth the nature of such oil, gas or mineral interest and gives the book and page where recorded. Such notice shall be probated as required for registration of instruments by G.S. 47-14 and recorded in the office of the register of deeds of the county wherein such area of land, or any part thereof lies, and in the book therein kept or provided under the terms of G.S. 1-42 for the purpose of recording certain severances of surface and subsurface land rights, and shall state the name and address of the claimant and, if known, the name of the surface owner and also contain either such a description of the area of land involved as to make said property readily located thereby or due incorporation by reference of the recorded instrument containing the reservation or exception of such oil, gas or mineral interest. Such notice may be made and recorded by the claimant or by any other person acting on behalf of any claimant who is either under a disability, unable to assert a claim on his own behalf, or one of a class but whose identity cannot be established or is uncertain at the time of filing such notice of claim for record.

(c) This section shall be construed to effect the legislative purpose of facilitating land title transactions by extinguishing certain ancient oil, gas or mineral claims unless preserved by recording as herein provided. The oil, gas or mineral claims hereby extinguished shall include those of persons whether within or without the State, and whether natural or corporate, but shall exclude governmental claims, State or federal, and all such claims by reason of unexpired oil, gas or mineral releases.

(d) Within two years from November 1, 1974, all oil, gas or mineral interest in lands severed or separated from the surface fee simple ownership must be listed for ad valorem taxes and notice of such interest must be filed in writing in the manner provided by G.S. 1-42.3 (b) and recorded in the local registry in the book provided by G.S. 1-42, to be effective against the surface fee simple owner or creditors, purchasers, heirs or assigns of such owner. To provide this protection, (1) an association of insurers is created to enable the guaranty of payment of benefits and of continuation of coverages, (2) members of the Association are subject to assessment to provide funds to carry out the purpose of this Article, and (3) the Association is authorized to assist the Commissioner, in the prescribed manner, in the detection and prevention of insurer impairments.

(2) This Article shall not apply to:

(a) Any such policies or contracts, or any part of such policies or contracts under which the risk is borne by the policyholder;

As a condition of their authority to transact insurance in this State, all member insurers shall be and remain members of the Association and shall be jointly and severally liable for all contractual obligations incurred by impaired insurers of the Association. The Association shall perform its functions under the plan of operation established and approved under G.S. 58-155.69 and shall exercise its powers through a board of directors established under G.S. 58-155.66. For purposes of administration and assessment, the Association shall maintain three accounts:

The members of the board shall be selected by member insurers subject to the approval of the Commissioner. Vacancies on the board shall be filled for the remaining period of the term in the manner described in the plan of operation. To select the initial board of directors, and initially organize the Association, the Commissioner shall give notice to all member insurers of the time and place of the organizational meeting. In determining voting rights at the organizational
meeting each member insurer shall be entitled to one vote in person or by proxy. If the board of directors is not selected within 60 days after notice of the organizational meeting, the Commissioner may appoint the initial members.

(2) In approving selections or in appointing members to the board, the Commissioner shall consider, among other things, whether all member insurers are fairly represented.

(3) Members of the board may be reimbursed from the assets of the Association for expenses incurred by them as members of the board of directors but members of the board shall not otherwise be compensated by the Association for their services.

§ 58-155.67. Powers and duties of the Association.—In addition to the powers and duties enumerated in other sections of this Article:

(1) If a domestic insurer is an impaired insurer, the Association may, prior to an order of liquidation or rehabilitation, and subject to any conditions imposed by the Association other than those which impair the contractual obligations of the impaired insurer, and approved by the impaired insurer and the Commissioner:

(a) Guarantee or reinsure, or cause to be guaranteed, assumed, or reinsured, all the covered policies of the impaired insurer;

(b) Provide such monies, pledges, notes, guarantees, or other means as are proper to effectuate paragraph (a), and assure payment of the contractual obligations of the impaired insurer pending action under paragraph (a);

(c) Loan money to the impaired insurer.

If the Association fails to act within a reasonable period of time, the Commissioner shall have the powers and duties of the Association under this Article with respect to such domestic impaired insurer.

(2) If a foreign or alien insurer is an impaired insurer, the Association may, prior to an order of liquidation, rehabilitation, or conservation, with respect to the covered policies of residents and subject to any conditions imposed by the Association other than those which impair the contractual obligations of the impaired insurer, and approved by the impaired insurer and the Commissioner:

(a) Guarantee or reinsure, or cause to be guaranteed, assumed, or reinsured, the insurer's covered policies of residents;

(b) Provide such monies, pledges, notes, guarantees or other means as are proper to effectuate paragraph (a), and assure payment of the impaired insurer's contractual obligations to residents pending action under paragraph (a);

(c) Loan money to the impaired insurer.

If the Association fails to act within a reasonable period of time, the Commissioner shall have the powers and duties of the Association under this Article with respect to such foreign or alien impaired insurer.

(3) If a domestic insurer is an impaired insurer under an order of liquidation or rehabilitation, the Association shall, subject to the approval of the Commissioner:

(a) Guarantee, assume, or reinsure, or cause to be guaranteed, assumed or reinsured the covered policies of the impaired insurer;

(b) Assure payment of the contractual obligations of the impaired insurer; and

(c) Provide such monies, pledges, notes, guarantees, or other means as are
reasonably necessary to discharge such duties.

If the Association fails to act within a reasonable period of time, the Commissioner shall have the powers and duties of the Association under this Article with respect to such domestic impaired insurer.

(4) If a foreign or alien insurer is an impaired insurer under an order of liquidation, rehabilitation, or conservation, the Association shall, subject to the approval of the Commissioner:

(a) Guarantee, assume, or reinsure or cause to be guaranteed, assumed, or reinsured the covered policies of residents;

(b) Assure payment of the contractual obligations of the impaired insurer to residents; and

(c) Provide such monies, pledges, notes, guarantees, or other means as are reasonably necessary to discharge such duties.

If the Association fails to act within a reasonable period of time, the Commissioner shall have the powers and duties of the Association under this Article with respect to such foreign or alien impaired insurer.

(5) (a) In carrying out its duties under subsections (3) and (4), the Association may request that there be imposed policy liens, contract liens, moratoriums on payments or other similar means and such liens, moratoriums, or similar means may be imposed if the Commissioner:

(i) Finds that the amounts which can be assessed under this Article are less than the amounts needed to assure full and prompt performance of the impaired insurer's contractual obligations, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of policy or contract liens, moratoriums, or similar means to be in the public interest, and

(ii) Approves the specific policy liens, contract liens, moratoriums, or similar means to be used.

(b) Before being obligated under subsections (3) and (4) the Association may request that there be imposed temporary moratoriums or liens on payments of cash values and policy loans and such temporary moratoriums and liens may be imposed if they are approved by the Commissioner.

(6) The Association shall have no liability under this section for any covered policy of a foreign or alien insurer whose domiciliary jurisdiction or state of entry provides by statute or regulation, for residents of this State protection substantially similar to that provided by this Article for residents of other states.

(7) The Association may render assistance and advice to the Commissioner, upon his request, concerning rehabilitation, payment of claims, continuations of coverage, or the performance of other contractual obligations of any impaired insurer.

(8) The Association shall have standing to appear before any court in this State with jurisdiction over an impaired insurer concerning which the Association is or may become obligated under this Article. Such standing shall extend to all matters germane to the powers and duties of the Association, including, but not limited to, proposals for reinsuring or guaranteeing the covered policies of the impaired insurer and the determination of the covered policies and contractual obligations.

(9) (a) Any person receiving benefits under this act shall be deemed to have
assigned his rights under the covered policy to the Association to the extent of the benefits received because of this Article whether the benefits are payments of contractual obligations or continuation of coverage. The Association may require an assignment to it of such rights by any payee, policy or contract owner, beneficiary, insurer or annuitant as a condition precedent to the receipt of any rights or benefits conferred by this Article upon such person. The Association shall be subrogated to these rights against the assets of any impaired insurer.

(b) The subrogation rights of the Association under this subsection shall have the same priority against the assets of the impaired insurer as that possessed by the person entitled to receive benefits under this Article.

(10) The contractual obligations of the impaired insurer for which the Association becomes or may become liable shall be as great as but no greater than the contractual obligations of the impaired insurer would have been in the absence of an impairment unless such obligations are reduced as permitted by subsection (5).

(11) The Association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this Article.

(b) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under G.S. §58-155.68 or to enforce any other obligations under the provisions of this Article.

(c) Borrow money to effect the purposes of this Article. Any notes or other evidence of indebtedness of the Association not in default shall be legal investments for domestic insurers and may be carried as admitted assets.

(d) Employ or retain such persons as are necessary to handle the financial transactions of the Association, and to perform such other functions as become necessary or proper under this Article.

(e) Negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the Association.

(f) Take such legal action as may be necessary to avoid payment of improper claims.

(g) Exercise, for the purposes of this Article and to the extent approved by the Commissioner, the powers of a domestic life or accident and health insurer, but in no case may the Association issue insurance policies or annuity contracts other than those issued to perform the contractual obligations of the impaired insurer.

(12) In the event the Association fails to discharge any of its powers and duties within a reasonable time, the Commissioner shall have all the powers and duties of the Association and shall have the full power and duties of its board of directors.

"§ 58-155.68. Assessments.—(1) For the purpose of providing the funds necessary to carry out the powers and duties of the Association, the board of directors shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessments after 30 days' written notice to the member insurers before payment is due. In the event that the member insurers do not within the time prescribed pay the assessment set by the board, the Association may file suit against such member insurers jointly and severally for the amounts necessary to
CHAPTER 1438    Session Laws—1973

carry out the responsibilities of the Association as determined by the board of directors.

(2) There shall be three classes of assessments, as follows:
   (a) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses not related to a particular impaired insurer.
   (b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the Association under G.S. 58-155.67 with regard to an impaired domestic insurer.
   (c) Class C assessments shall be made to the extent necessary to carry out the powers and duties of the Association under G.S. 58-155.67 with regard to an impaired foreign or alien insurer.

(3) (a) The amount of any Class A assessment for each account shall be determined by the board. The amount of any Class B or C assessment shall be divided among the accounts in the proportion that the premiums received by the impaired insurer on the policies covered by each account bears to the premiums received by such insurer on all covered policies.
   (b) Class A and Class C assessments against member insurers for each account shall be in the proportion that the premiums received on business in this State by each assessed member insurer on policies covered by each account bears to such premiums received on business in this State by all assessed member insurers.
   (c) Class B assessments for each account shall be made separately for each state in which the impaired domestic insurer was authorized to transact insurance at any time, in the proportion that the premiums received on business in such state by the impaired insurer on policies covered by such account bears to such premiums received in all such states by the impaired insurer. The assessments against member insurers shall be in the proportion that the premiums received on business in each such state by each assessed member insurer on policies covered by each account bears to such premiums received on business in each state by all assessed member insurers.
   (d) Assessments for funds to meet the requirements of the Association with respect to an impaired insurer shall not be made until necessary to implement the purposes of this Article. Classification of assessments under subsection (2) and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that the exact determinations may not always be possible.

(4) The Association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed four percent (4%) of such insurer’s premiums in this State on the policies covered by the account.

(5) In the event an assessment against a member insurer is abated, or deferred, in whole or in part, because of the limitations set forth in subsection (4), the amount by which such assessment is abated or deferred, shall be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the Association in either account, does not provide in any one
year in either account an amount sufficient to carry out the responsibilities of the Association, the necessary additional funds shall be assessed as soon thereafter as permitted by this Article. In the event a member insurer or a former member insurer fails or refuses to pay an assessment, the amount of such assessment shall be assessed against the other member insurers in a manner consistent with the basis for assessment set forth in this section, pending the recovery of any such unpaid assessment in order that the purpose of this Article may be effected.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the Board finds is necessary to carry out during the coming year the obligations of the Association with regard to that amount, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the Association and for future losses if refunds are impractical.

(7) The Association shall issue to each insurer paying an assessment under this Article a certificate of contribution, in a form prescribed by the Commissioner, for the amount so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the Commissioner may approve.

(8) Any member insurer whose certificate of authority has been terminated for any reason whatever shall be liable for any assessment based on insolvencies occurring prior to such termination.

“§ 58-155.69. Plan of operation.—(1) (a) The Association shall submit to the Commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the Association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the Commissioner.

(b) If the Association fails to submit a suitable plan of operation within 90 days following the effective date of this Article or if at any time thereafter the Association fails to submit suitable amendments to the plan, the Commissioner shall, after notice and hearing, formulate, adopt, promulgate and place into effect such plan of operation, amendments thereto, and such reasonable rules as are necessary or advisable to effectuate the provisions of this Article. Such plan and rules shall continue in force until modified by the Commissioner or superseded by a plan submitted by the Association and approved by the Commissioner.

(2) All member insurers shall comply with the plan of operation, and as a prerequisite to further engaging in writing such insurance in this State shall formally subscribe to and participate in the plan so approved.

(3) The plan of operation shall, in addition to requirements enumerated elsewhere in this act:

(a) Establish procedures for handling the assets of the Association.

(b) Establish the amount and method of reimbursing members of the board of directors under G.S. 58-155.66.

(c) Establish regular places and times for meetings of the board of directors.
(d) Establish procedures for records to be kept of all financial transactions of the Association, its agents and the board of directors.

(e) Establish the procedures whereby selections for the board of directors will be made and submitted to the Commissioner.

(f) Establish any additional procedures for assessments under G.S. 58-155.68.

(g) Contain additional provisions necessary or proper for the execution of the powers and duties of the Association.

(4) The plan of operation may provide that any or all powers and duties of the Association except those under G.S. 58-155.67(11)(c) and G.S. 58-155.68, are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this Association, or its equivalent in two or more states. Such a corporation, association, or organization shall be reimbursed for any payments made on behalf of the Association and shall be paid for its performance of any function of the Association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the Commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this Article.

§ 58-155.70. Duties and powers of the Commissioner.—In addition to the duties and powers enumerated elsewhere in this Article:

(1) the Commissioner shall:

(a) Notify the board of directors of the existence of an impaired insurer not later than three days after a determination of impairment is made or he received notice of impairment.

(b) Upon request of the board of directors, provide the Association with a statement of the premiums in the appropriate states for each member insurer.

(c) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders, if any. The failure of the insurer to promptly comply with such demand shall not excuse the Association from the performance of its powers and duties under this Article.

(d) In any liquidation or rehabilitation proceeding involving a domestic insurer, be appointed as the liquidator or rehabilitator. If a foreign or alien member insurer is subject to a liquidation proceeding in its domiciliary jurisdiction or state of entry, the Commissioner shall be appointed conservator.

(2) The Commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this State of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the Commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed five percent (5%) of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars ($100.00) per month.

(3) The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of this Article.
“§ 58-155.71. Prevention of impairments.—To aid in the detection and prevention of insurer impairments:

(1) The board of directors shall, upon majority vote, notify the Commissioner of any information indicating member insurer may be unable or potentially unable to fulfill its contractual obligations.

(2) The board of directors may, upon majority vote, request that the Commissioner order an examination of any member insurer which the board in good faith believes may be unable or potentially unable to fulfill its contractual obligations. The Commissioner may conduct such examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by such persons as the Commissioner designates. The cost of such examination shall be paid by the Association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors of the Association prior to its release to the public, but this shall not excuse the Commissioner from his obligation to comply with subsection (3). The Commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the Commissioner but it shall not be open to public inspection prior to the release of the examination report to the public and shall be released at that time only if the examination discloses that the examined insurer is unable or potentially unable to meet its contractual obligations.

(3) The Commissioner shall report to the board of directors when he has reasonable cause to believe that any member insurer examined at the request of the board of directors may be unable or potentially unable to fulfill its contractual obligations.

(4) The board of directors may, upon majority vote, make reports and recommendations to the Commissioner upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer. Such reports and recommendations shall not be considered public documents.

(5) The board of directors may, upon majority vote, make recommendations to the Commissioner for the detection and prevention of insurer impairments.

(6) The board of directors shall, at the conclusion of any insurer impairment in which the Association carried out its duties under this Article or exercised any of its powers under this Article, prepare a report on the history and causes of such impairment, based on the information available to the Association, and submit such report to the Commissioner.

“§ 58-155.72. Appointment of Association nominee.—The Association may recommend a natural person to serve as a special deputy to act for the Commissioner and under his supervision in the liquidation, rehabilitation, or conservation, of any member insurer.

“§ 58-155.73. Miscellaneous provisions.—(1) Nothing in this Article shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired insurer operating under a plan with assessment liability.

(2) Records shall be kept of all negotiations and meetings in which the Association or its representatives are involved to discuss the activities of the Association in carrying out its powers and duties under G.S. 58-155.67. Records of such negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired insurer, upon the termination of the impairment of the insurer, or
upon the order of a court of competent jurisdiction. Nothing in this subsection shall limit the duty of the Association to render a report of its activities under G.S. 58-155.74.

(3) For the purpose of carrying out its obligations under this Article, the Association shall be deemed to be a creditor of the impaired insurer to the extent of assets attributable to covered policies reduced by any amounts to which the Association is entitled as subrogee pursuant to G.S. 58-155.67(9), and any insured, beneficiary, or other person who has a valid claim against any impaired insurer shall likewise be deemed to be a creditor of the Association and its members, jointly and severally. All assets of the impaired insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired insurer as required by this Article. Assets attributable to covered policies, as used in this subsection, is that proportion of the assets which the reserves that should have been established for such policies bear to the reserve that should have been established for all policies of insurance written by the impaired insurer.

(4) (a) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the Association, the shareholders and policy owners of the impaired insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such impaired insurer. In such a determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.

(b) No distribution to stockholders, if any, of an impaired insurer shall be made until and unless the total amount of assessments levied by the Association with respect to such insurer has been fully recovered by the Association.

(5) It shall be a prohibited unfair trade practice for any person to make use in any manner of the protection afforded by this Article in the sale of insurance.

(6) (a) If an order for liquidation or rehabilitation of an insurer domiciled in this State has been entered, the receiver appointed under such order shall have a right to recover on behalf of the insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of paragraphs (b) to (d).

(b) No such dividend shall be recoverable if the insurer shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(c) Any person who as an affiliate that controlled the insurer at the time the distributions were paid shall be liable up to the amount of distributions he received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared, shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two or more persons are liable with
respect to the same distributions, they shall be jointly and severally liable.

(d) The maximum amount recoverable under this subsection shall be the amount needed in excess of all other available assets of the impaired insurer to pay the contractual obligations of the impaired insurer.

(e) If any person liable under paragraph (c) is insolvent, all its affiliates that controlled it at the time the dividend was paid, shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

"§58-155.74. Examination of the Association; annual report.—The Association shall be subject to examination and regulation by the Commissioner. The board of directors shall submit to the Commissioner, not later than March 30 of each year, a financial report for the preceding calendar year in a form approved by the Commissioner and a report of its activities during the preceding calendar year.

"§58-155.75. Tax exemptions.—The Association shall be exempt from payment of all fees and all taxes levied by this State or any of its subdivisions, except taxes levied on real property.

"§58-155.76. Immunity.—There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer or its agents or employees, the Association or its agents or employees, members of the board of directors, or the Commissioner or his representatives, for any action taken by them in the performance of their powers and duties under this Article.

Any person who is aggrieved by a final decision of the Secretary of Transportation after exhausting all administrative remedies made available to him by rules and regulations enacted pursuant to this Article is entitled to judicial review of such decision under this Article. In order to obtain judicial review of the Secretary of Transportation's decision under this Article, the person seeking review must file a petition in the Superior Court of the county in which the junkyard is located within 30 days after written copy of the decision of the Secretary of Transportation is served upon the person seeking review. Failure to file such a petition within the time stated shall operate as a waiver of the right of such person to review under this Chapter.

The petition shall state explicitly what exceptions are taken to the decisions of the Secretary of Transportation and what relief petitioner seeks. Within 10 days after the petition is filed with the court, the person seeking the review shall serve copies of the petition by registered mail, return receipt requested, upon the Board of Transportation or the Secretary of Transportation. Within 30 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the Secretary of Transportation shall transmit to the reviewing court a certified copy of the written decision.

At any time before or during the review proceeding, the aggrieved party may apply to the reviewing court for an order staying the operation of the decision of the Secretary of Transportation pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper. The review of the decision of the Secretary of Transportation under this Article shall be conducted by the court without a jury and shall hear the matter de novo pursuant to the rules of evidence as applied in the general court of justice. The court, after hearing the matter may affirm, reverse or modify the decision if the decision is:
1. In violation of constitutional provisions; or
2. Not made in accordance with this Article or rules or regulations promulgated by the Board of Transportation; 
3. Affected by other error or law.

The party aggrieved shall have the burden of showing that the decision was violative of one of the above.

A party to the review proceedings, including the agency, may appeal to the appellate division from the final judgment of the Superior Court under the rules of procedure applicable in other civil cases. The appealing party may apply to the Superior Court for a stay for its final determination or a stay of the administrative decision, whichever shall be appropriate, pending the outcome of the appeal to the appellate division.”

The Department of Agriculture, or any other State Department, may apply to the Governor and Council of State for approval of other State use of such land when such other use would better serve the interest of the general public.

The Department of Administration shall consider the long range needs of the State and shall submit recommendations no later than the 1977 Session of the General Assembly as to whether the interest of the State would be served by continuing the operation of the farms, or some of them, or by renting, selling or otherwise utilizing the said farms or some of them.

The State Farm Operations Commission shall be responsible for promulgating rules and regulations for operating the lands and resources assigned to it in such a manner that the public interest is maximized. CHAPTER 1464

H. B. 1527

AN ACT APPROPRIATING SUPPLEMENTARY FUNDS TO THE NORTH CAROLINA AGRICULTURAL EXPERIMENT STATION FOR RESEARCH ON AN INTEGRATED PEST MANAGEMENT SYSTEM AND PHYSIOLOGICAL FACTORS AFFECTING APPLE PRODUCTION IN NORTH CAROLINA.

Whereas, the apple industry is important to the agricultural economy of North Carolina; and
Whereas, the 20 to 30 million dollar annual crop is marketed through the fresh market and processing channels; and
Whereas, North Carolina initiates the season by being the first major apple-producing state to harvest fresh market fruit; and
Whereas, the North Carolina apple producer has historically received less than the national average for his crop; and
Whereas, freeze, drought, and heat have seasonally reduced production and quality; therefore it is necessary that techniques be investigated for control of these factors through utilization of over-tree sprinkler irrigation; and
Whereas, the general public has an increasing awareness of the environmental impact of pesticide utilization; therefore it is necessary to develop an integrated pest management system for the most prudent use of pesticides; and
Whereas, the North Carolina apple producer does not have adequate control of market flow due to inadequate storage facilities and storage quality information; therefore it is necessary to initiate studies on the factors that influence optimum storage quality of North Carolina apples; and
Whereas, the apple research resources needed to meet these demands exceed those presently available in terms of technical assistance, equipment and operating funds of the North Carolina Agricultural Experiment Station; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State, through the North Carolina Agricultural Experiment Station at North Carolina State University, to the Departments of Entomology and Horticultural Science, in addition to all other appropriations, a total sum of sixty-two thousand seven hundred thirty-two dollars ($62,732) for the fiscal year beginning July 1, 1974, and ending June 30, 1975, and ensuing years, for the purpose of conducting apple research as set forth in the preamble of this act and according to the following schedule:

CHAPTER 1465

AREA MENTAL HEALTH PROGRAMS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 122-35.15 regarding expenditure of State funds in area
mental health programs for the rehabilitation of alcoholics is amended to read
as follows:

“§ 122-35.15. Allocation by Department of Human Resources, local funds.—
Allocation of funds pursuant to the provisions of this Article by the Department
of Human Resources shall be made on the same basis as those under Article 2C
of this Chapter as provided by G.S. 122-35.23A.”

Sec. 2. G.S. 122-35.25 regarding expenditure of State funds in area
mental health programs for community drug abuse programs is amended by
deleting “in such manner as is provided in the act appropriating same.”, and
inserting in lieu thereof “on the same basis as those under Article 2C of this
Chapter as provided in G.S. 122-35.23A.”

Sec. 3. This act shall become effective July 1, 1974.
In the General Assembly read three times and ratified, this the 13th day of
April, 1974.
H. B. 1578  CHAPTER 1466
AN ACT TO APPROPRIATE FUNDS FOR THE USE OF THE NORTH CAROLINA ALCOHOLISM RESEARCH AUTHORITY.

Whereas, the 1973 General Assembly created the North Carolina Alcoholism Research Authority and an Alcoholism Research Fund for the purpose of investigating the cause and promoting the prevention of alcoholism; and

Whereas, alcoholism constitutes a major public health problem affecting, directly or indirectly, approximately 500,000 citizens of this State; and

Whereas, the 16 units of The University of North Carolina, and the other nationally recognized private educational institutions and schools of medicine in North Carolina comprise the greatest potential talent pool of qualified scientists in any state with which to solve these health problems through scientific research; and

Whereas, the Alcoholism Research Fund is authorized to receive funds from State, federal, and private sources; and

Whereas, State funds are needed to enable the Alcoholism Research Authority to initiate necessary scientific research, training, and investigative programs on a long range basis; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State to the Department of Administration for the Alcoholism Research Fund the sum of two hundred fifty thousand dollars ($250,000) for the purpose of commencing the total program necessary to eliminate alcoholism as a public health problem.

Sec. 2. All expenditures from the fund appropriated by this act shall be made in accordance with the provisions of the Executive Budget Act.

Sec. 3. This act shall become effective on July 1, 1974.

In the General Assembly read three times and ratified, this the 13th day of April, 1974.

H. B. 1701  CHAPTER 1467
AN ACT DESIGNATING FUNDS TO THE DEPARTMENT OF HUMAN RESOURCES FOR PROGRAMS IN GENETICS.

The General Assembly of North Carolina enacts:

Section 1. Of the funds appropriated by this General Assembly to the North Carolina Department of Human Resources, the sum of three hundred sixty thousand dollars ($360,000) shall be used for programs in genetics, including education, testing, counseling, treatment and rehabilitation, with particular emphasis on Sickle Cell Anemia.

Sec. 2. This act shall become effective July 1, 1974.

In the General Assembly read three times and ratified, this the 13th day of April, 1974.
CHAPTER 1468

AN ACT TO AMEND CHAPTER 523 OF THE 1973 SESSION LAWS SO AS TO PROVIDE THAT A PORTION OF THE FUNDS APPROPRIATED FOR A TRANSIT SHED AT THE WILMINGTON PORT MAY BE USED TO SUPPLEMENT OPERATING FUNDS OF THE NORTH CAROLINA STATE PORTS AUTHORITY.

Whereas, the shortage of bunker fuels for ships of all nations, and the extreme rise in costs of such available fuel, have resulted in a worldwide disruption of ship service; and

Whereas, ship calls at North Carolina Ports have fallen off thirty percent (30%) during the last two months; and

Whereas, consultation with port interests in other states, with steamship operators and agencies, ship captains, and the United States Maritime Administration indicates that adverse conditions will prevail for an indefinite period; and

Whereas, this drastic reduction in ship service and cargo movement has sharply reduced revenue from ship dockage fees and cargo wharfage fees at the North Carolina Ports; and

Whereas, a walkout of the labor force and a strike by longshoremen labor caused severe operating losses at the Wilmington Terminal in September and October of 1973; and

Whereas, prior to the fuel shortage and the labor problems the North Carolina State Ports Authority had obligated itself for certain construction projects and equipment and property purchases; and

Whereas, for all these reasons the Authority finds its cash resources all but depleted, a financial position never before experienced; and

Whereas, the 1973 General Assembly appropriated to the Ports Authority funds for a Transit Shed on South Dock Extension, Wilmington Port, the construction of which in any case would have to be delayed for at least 12 months because of complications in connection with other construction which must be completed first; and

Whereas, the Ports Authority, through the Department of Transportation and Highway Safety, has requested that the sum of eight hundred ninety-five thousand dollars ($895,000), being a portion of the 1973 appropriation for the Transit Shed at the Wilmington Terminal, be made immediately available to the Authority as a supplement to its operating funds, thus enabling it to meet its current capital requirements and retain a sufficient cash reserve to permit time to adjust its activities to the new economic situation; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 523 of the Session Laws of 1973 is hereby amended by adding a new section to follow Section 18, to be designated Section 18.1, and to read as follows:

"Sec. 18.1. Of the sum of nine hundred thirty-five thousand dollars ($935,000) appropriated in Section 4 to the North Carolina State Ports Authority for Item 3, Transit Shed on South Dock Extension, Wilmington Port, the sum of eight hundred ninety-five thousand dollars ($895,000) may be used to supplement the operating funds of the Ports Authority."

Sec. 2. Section 18 of Chapter 523 of the Session Laws of 1973 is hereby amended by deleting, on line 13, the figure "14,500,000" and inserting in lieu
CHAPTER 1468  Session Laws—1973

thereof the figure "15,395,000", and by deleting, on line 16, the figure "8,295,000" and inserting in lieu thereof the figure "7,400,000".

Sec. 3. This act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 13th day of April, 1974.

H. B. 1846  CHAPTER 1469

AN ACT TO PROVIDE FOR RESEARCH STUDIES AND EXTENSION EDUCATION ON HONEY BEE HUSBANDRY AND THE MANAGEMENT OF HONEY BEES FOR THE POLLINATION OF FRUIT AND VEGETABLE CROPS.

Whereas, honey bees are an important source of farm income to many North Carolinians, cash receipts from the North Carolina honey crop exceeded three million dollars ($3,000,000) in 1972, and the value of the honey bee as a pollinator of fruit and vegetable crops is estimated to exceed forty-five million dollars ($45,000,000) annually; and

Whereas, realization of increased honey production and improved pollination and the economic advantages which would result depend critically upon research to improve husbandry methods to foster improved pollination of fruit and vegetable crops, and effective dissemination of this knowledge, through extension education so that honey producers and the producers of fruit and vegetable crops can increase yields, reduce production costs and improve the competitive position of North Carolina honey producers and fruit and vegetable farmers relative to other parts of the United States; and

Whereas, resources needed for this specialized research and extension activities are in excess of resources currently available for these purposes to the North Carolina Agricultural Experiment Station and the North Carolina Agricultural Extension Service; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the general fund of the State to the North Carolina Agricultural Experiment Station (North Carolina Budget Code 28041) the sum of twenty thousand dollars ($20,000) and to the North Carolina Agricultural Extension Service (North Carolina Budget Code 28061) the sum of twenty thousand dollars ($20,000) for the fiscal year beginning July 1, 1974, and ending June 30, 1975, with these sums to become a part of the continuing or "Base Budget" of these two State agencies for the general purposes set forth in the preamble to this act and according to the following schedule:

North Carolina Agricultural Experiment Station (Budget Code 28041)
A. Honey bee management for improved pollination of fruit and vegetable crops. $20,000

North Carolina Agricultural Extension Service (Budget Code 28061)
A. Honey bee husbandry and management for increased production of honey and fruit and vegetable pollination 20,000

Total appropriations to both agencies $40,000

Sec. 2. The above named agencies shall handle and coordinate the administration and expenditure of all funds appropriated by this action, and all expenditures made from funds appropriated by this action and for the purposes

850
herein designated shall be accounted for and reported to the fiscal and financial system of the agency to which the appropriation is made as herein set forth.

Sec. 3. All laws and clauses of laws in conflict with the provisions of this act are hereby repealed.

Sec. 4. This act shall become effective July 1, 1974.

In the General Assembly read three times and ratified, this the 13th day of April, 1974.

H. B. 2118  CHAPTER 1479

AN ACT TO CORRECT SALARY INEQUITIES OF SECRETARIES EMPLOYED IN COUNTY AGRICULTURAL EXTENSION SERVICE OFFICES.

Whereas, the secretaries employed in the 100 County Agricultural Extension Service Offices in North Carolina are an essential part of the program of the North Carolina Agricultural Extension Service; and

Whereas, these secretarial positions have never been included under the classification program of the State Personnel Act because salary funds supporting these positions have been traditionally shared by both state and county government; and

Whereas, although in recent years the State has appropriated funds each year to the North Carolina Agricultural Extension Service to provide across the board salary increases on the portion of their salary coming from State Funds equal to the salary increases granted all State employees; but

Whereas, the State has never appropriated funds to the North Carolina Agricultural Extension Service to provide the State's portion of annual automatic and/or merit salary increases as provided for State employees covered by the State Personnel Act; and

Whereas, this has resulted in a salary schedule for these secretaries that is considerably lower than salaries paid to secretaries employed in other State agencies in that county; and

Whereas, the Office of State Personnel, in cooperation with the County Commissioners in each of the 100 counties, has established a salary plan level for local competitive service agencies - Public Health, Mental Health, Social Services and Civil Defense; and

Whereas, the nature of the work performed by the secretaries in the County Agricultural Extension Service Offices is comparable to that of secretaries in these local competitive service agencies and should, therefore, be comparable in salary; but

Whereas, because of reasons cited above, the average salary received by the county secretaries of the North Carolina Agricultural Extension Service is often
CHAPTER 1479   Session Laws—1973

significantly lower than their counterparts in the competitive service agencies in that same county; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State of North Carolina, in addition to all other appropriations, to the North Carolina Agricultural Extension Service at North Carolina State University the sum of seventy-one thousand three hundred ninety-one dollars ($71,391) for the fiscal year beginning July 1, 1974, and ensuing years for the purpose of adjusting present salaries of the county secretaries of the North Carolina Agricultural Extension Service to eliminate present salary inequities. Using the Standard Pay Plan, established for each county by the Office of State Personnel, the salaries of all county secretaries will be brought up to at least the starting salary of the appropriate salary grade for their position. The above appropriation will provide sufficient funds for the State to provide its share of the monies needed to make these adjustments. The County Commissioners may provide the remainder of the funds needed to adjust the salaries in their respective county.

Those secretaries who have been employed for one year as of July 1, 1974, will have their salaries adjusted so that it is equal to the second step in their salary grade range. Those secretaries who have been employed two or more years will have their salaries adjusted so that it is equal to the third step in their salary grade range.

Sec. 2. There is hereby appropriated from the General Fund of the State of North Carolina, in addition to all other appropriations, to the North Carolina Agricultural Extension Service at North Carolina State University the sum of two thousand four hundred thirty-eight dollars ($2,438) for the fiscal year beginning July 1, 1974, and ensuing years to provide the State's portion of funds needed to provide automatic salary increases for those secretaries in Steps 1 and 2 of their appropriate salary grades.

Sec. 3. There is hereby appropriated from the General Fund of the State of North Carolina, in addition to all other appropriations, to the North Carolina Agricultural Extension Service at North Carolina State University the sum of fourteen thousand four hundred twenty dollars ($14,420) for the fiscal year beginning July 1, 1974, and ensuing years to provide the State's portion of funds needed to provide merit salary increases to two-thirds of those secretaries who are eligible and recommended by their appropriate supervisor.

Sec. 4. The North Carolina Agricultural Extension Service shall handle and coordinate the administration and expenditure of all funds appropriated by this action and for the purposes herein designated shall be accounted for and reported to the accounting office to which the appropriation is made as herein set forth.

Sec. 5. This act shall become effective July 1, 1974.

In the General Assembly read three times and ratified, this the 13th day of April, 1974.

S. R. 1447  

RESOLUTION 175

A JOINT RESOLUTION URGING THE UNITED STATES CONGRESS TO DEVELOP A NATIONAL ENERGY POLICY.

Whereas, we have today a total energy crisis in this country and not just a petroleum shortage. This situation is going to require real sacrifices on the part of all Americans. From their apparent response to early official pleas for fuel conservation, the people seem anxious to cooperate.

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. We urge members of Congress to recognize that road transportation is not a luxury but is a fundamental element in our fully functioning society. This is especially true in North Carolina, where the recreational travel industry alone is among the three top income producers. Moreover, motor vehicle use is vital to the public health, safety and national defense as well as the general economy. Any economic or legal restrictions on the use of motor vehicles should take these facts into account to avoid widespread economic disruptions.

Sec. 2. With respect to the current situation, we recommend that immediate steps be taken to implement a prudent national energy policy which will achieve the greatest possible degree of energy self-sufficiency. This policy should include the following steps:

1. To centralize energy authority and responsibility in one federal agency.
2. To move as quickly as possible to develop alternative forms of energy.
3. To take whatever steps necessary to implement exploration in all possible areas, including exploration and development of new energy resources, subject to reasonable conditions for the protection of the environment.
4. To establish the necessary deep-water ports to handle larger, more efficient tanker vessels, in appropriate locations.
5. To work to develop a national energy conservation ethic.
6. To undertake a national information program to inform the general public on the entire energy situation.
7. To insure that any required controls on the use and allocation of petroleum products are the minimum necessary in order to minimize the effect on the travel industry, which is the third largest industry in the State of North Carolina.
8. To reevaluate relevant procedures for implementation of environmental goals in view of our short and long term energy problems, in light of both a high quality environment and a sufficient supply of energy.
   a. Scientific investigation should be continued in the area of automobile emission control standards to determine the level of control necessary, consistent with the public health and welfare.
   b. Interim extensions and variances from compliance schedules for emission controls should be allowed to help alleviate the energy crisis.
9. Due to many factors, North Carolina should receive a higher allocation of petroleum products than it is currently receiving.
10. To insure the best use of available gasoline supplies, there should be a continuing highway improvement program, especially in urban areas, so as to expedite traffic flow and reduce traffic congestion and provide facilities for two leading forms of mass transit—bus transit and car pools.

Whereas, while science and medicine today have developed methods for approved matching and acceptance of transplanted human tissue; and

Whereas, the Legislature has already recognized the importance of human tissue transplants by passing the Uniform Anatomical Gift Act in 1969; and

S. R. 1506  RESOLUTION 179
A JOINT RESOLUTION COMMEMORATING THE 198TH ANNIVERSARY OF THE HALIFAX RESOLVES.

Whereas, April 12, 1974, is the 198th anniversary of the occasion on which the Fourth North Carolina Provincial Congress adopted the famous Halifax Resolves; and

Whereas, the Halifax Resolves authorized the North Carolina delegates to the Continental Congress at Philadelphia to concur with the delegates of other colonies in a declaration of independence from the British Empire; and

Whereas, the members of the Fourth Provincial Congress were already determined on the course of independence and knew other colonies were likewise so determined; and

Whereas, the said members forbore to take unilaterally an action which they conceived ought to be taken by all thirteen colonies in unison; and

Whereas, by such forbearance they set the example for American unity in defense of American liberty; and

Whereas, such examples led ultimately to the winning of American independence and to the establishment of the oldest surviving constitutional republic in the world; and

Whereas, the example set at Halifax on April 12, 1776, ought ever to be an inspiration and model for all North Carolinians and Americans; and

Whereas, April 12 of every year has been designated as Halifax Day; and

Whereas, Halifax Day is the occasion on which the State and the nation are annually reminded of the wisdom, courage, and foresight of the Fourth North Carolina Provincial Congress; and

Whereas, the General Assembly of North Carolina is desirous of making known its approbation and support of the purpose of Halifax Day;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the General Assembly of North Carolina extends its warmest wishes and highest respects to those citizens of North Carolina and other states gathered at Halifax to commemorate Halifax Day.

Sec. 2. The General Assembly commends to all North Carolinians and all Americans that they study and emulate the example set at Halifax by the members of the Fourth North Carolina Provincial Congress on April 12, 1776.

H. R. 2187 **RESOLUTION 180**
A JOINT RESOLUTION EXPRESSING THE GRATITUDE OF THIS STATE TO ITS VIETNAM VETERANS BY ENCOURAGING NORTH CAROLINA EMPLOYERS TO HIRE VIETNAM VETERANS.

Whereas, the Great State of North Carolina has always given her most in time of War, and has lost her bravest and best in the name of Democracy; and
Whereas, the Great State of North Carolina did maintain and support the Vietnam conflict by having her sons involved in combat to preserve Democracy in Southeast Asia; and
Whereas, the Great State of North Carolina is not doing enough to alleviate the problem of the Vietnam Veteran to re-establish himself in society and take an active part in the Democracy he fought so valiantly to preserve;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

**Section 1.** That the North Carolina General Assembly hereby encourages the hiring of the Vietnam Veteran on a full-time basis by the employers of our State.

**Sec. 2.** That the North Carolina General Assembly encourages the hiring of those Vietnam Veterans who are enrolled in school, for part-time employment.

**Sec. 3.** That by giving employment to Vietnam Veterans the Great State of North Carolina may express her gratitude to the Vietnam Veterans for the service they have given.

S. R. 1073 **RESOLUTION 181**
A JOINT RESOLUTION CREATING A COMMISSION FOR THE STUDY OF SOLID WASTE RECYCLING.

Whereas, continuing technological progress in manufacturing, packaging and marketing of products has resulted in an increase and change in the solid waste discarded by consumers; and

Whereas, high percentages of these wastes are disposed of in sanitary landfills, thereby increasing the demand for available land for such purposes; and

Whereas, inefficient and improper methods of solid waste disposal produce scenic blights, serious hazards to the public health, pollution of air and water resources, and otherwise interfere with community life and development; and

Whereas, much of the material that is being disposed of as solid waste has a potential for being beneficially used or recycled and returned to the economy; and

Whereas, new or expanded industries engaged in resource recovery would result in economic growth in North Carolina; and

916
Resolutions—1973

Whereas, the recycling or other reuse of solid wastes will decrease the use of our natural resources and decrease the amount of land, facilities and money that are required for the ultimate disposal of solid waste; and

Whereas, the failure or inability to salvage and reuse such materials economically results in the unnecessary waste and depletion of our natural resources;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The North Carolina General Assembly recognizes the need for development of resource recovery methods and techniques and for promoting programs that will lead to facilities that will promote and protect the public interest in the use and utilization of our natural resources.

Sec. 2. There is hereby created a Commission for the study of State and local solid waste disposal problems, with particular emphasis on recycling, resource recovery programs and litter control, to be composed of eight members, four to be appointed by the President of the Senate and four to be appointed by the Speaker of the House.

Sec. 3. It shall be the duty of the Commission to make a study of solid waste recycling, resource recovery and litter control, and determine the feasibility of instituting such programs in North Carolina, and to that end it shall report and submit its recommendations by February 1, 1975, to the 1975 General Assembly of North Carolina.

Sec. 4. The Commission may call upon any State agency and its staff and employees or institution to cooperate with it in its study, and all such agencies or institutions shall cooperate with the Commission in carrying out its duties. All surveys, investigations, inspections, evaluations and all other work of any such State agency, staff, employees or institution in gathering data in the areas covered by this resolution shall be done at the direction of and in conjunction with the Commission.

Sec. 5. Necessary staff for the Commission shall be furnished by the Legislative Services Commission.

Sec. 6. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 13th day of April, 1974.

S. R. 1501

Whereas, there are more than 100,000 employees on the State payrolls, with some located in every county in North Carolina; and

Whereas, the General Assembly is aware of the heavy tax burden shouldered by the taxpayers of North Carolina; and

Whereas, this burden could be greatly reduced by eliminating overlapping programs, and unnecessary and excessive expenditures; and
Resolutions—1973

Whereas, a Special Commission on North Carolina Revenue Laws has been established to evaluate all of the State’s tax and revenue laws; and

Whereas, the State of North Carolina has the largest per capita prison population of any state in the nation; and
Whereas, that population is continuing to rise; and
Whereas, many of the facilities of the Department of Correction are limited and antiquated; and
Whereas, there are few statutory alternatives to incarceration for persons convicted of crimes and said alternatives are not clearly defined and, therefore, statutes providing additional alternatives and better defining those alternatives may be desirable;
