CONSTITUTION
OF THE
State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I
DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

SECTION 1. The equality and rights of persons. We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. Sovereignty of the people. All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. Internal government of the State. The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

SEC. 4. Secession prohibited. This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

SEC. 5. Allegiance to the United States. Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. Separation of powers. The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.
Sec. 7. Suspending laws. All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. Representation and taxation. The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. Frequent elections. For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. Free elections. All elections shall be free.

Sec. 11. Property qualifications. As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition. The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty. All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

Sec. 14. Freedom of speech and press. Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education. The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. Ex post facto laws. Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

Sec. 17. Slavery and involuntary servitude. Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Courts shall be open. All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws. No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.
SEC. 20. General warrants. General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

SEC. 21. Inquiry into restraints on liberty. Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

SEC. 22. Modes of prosecution. Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

SEC. 23. Rights of accused. In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

SEC. 24. Right of jury trial in criminal cases. No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

SEC. 25. Right of jury trial in civil cases. In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

No class of property shall be taxed except by uniform rule, and every classification shall be made by general law uniformly applicable in every county, city and town, and other unit of local government.

(3) Exemptions. Property belonging to the State, counties, and municipal corporations shall be exempt from taxation. The General Assembly may exempt from taxation not exceeding $1,000 in value of property held and used as the place of residence of the owner. Every exemption shall be on a State-wide basis and shall be made by general law uniformly applicable in every county, city and town, and other unit of local government. No taxing authority other than the General Assembly may grant exemptions, and the General Assembly shall not delegate the powers accorded to it by this subsection.

(4) Special tax areas. Subject to the limitations imposed by Section 4, the General Assembly may enact general laws authorizing the governing body of any county, city, or town to define territorial areas and to levy taxes within those areas, in addition to those levied throughout the county, city, or town, in order to finance, provide, or maintain services, facilities, and functions in addition to or to a greater extent than those financed, provided, or maintained for the entire county, city, or town.

(5) Purposes of property tax. The General Assembly shall not authorize any county, city or town, special district, or other unit of local government to levy taxes on property, except for purposes authorized by general law uniformly applicable throughout the State, unless the tax is approved by a majority of the qualified voters of the unit who vote thereon.

(2) Gift or loan of credit regulated. The General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except a corporation in which the State has a controlling interest, unless the subject is submitted to a direct vote of the people of the State, and is approved by a majority of the qualified voters who vote thereon.

(5) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall be construed to invalidate or impair the obligation of any bond, note, or other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

SEC. 4. Limitations upon the increase of local government debt.
(1) Regulation of borrowing and debt. The General Assembly shall enact general
laws relating to the borrowing of money secured by a pledge of the faith and credit
and the contracting of other debts by counties, cities and towns, special districts, and
other units, authorities, and agencies of local government.

(2) Authorized purposes; two-thirds limitation. The General Assembly shall have no
power to authorize any county, city or town, special district, or other unit of local
government to contract debts secured by a pledge of its faith and credit unless ap-

the following purposes:

(a) to fund or refund a valid existing debt;
(b) to supply an unforeseen deficiency in the revenue;

thereon.

(4) Certain debts barred. No county, city or town, or other unit of local govern-
ment shall assume or pay any debt or the interest thereon contracted directly or indi-
rectly in aid or support of rebellion or insurrection against the United States.

(5) Definitions. A debt is incurred within the meaning of this Section when a
county, city or town, special district, or other unit, authority, or agency of local gov-
ernment borrows money. A pledge of faith and credit within the meaning of this Sec-
tion is a pledge of the taxing power. A loan of credit within the meaning of this Sec-
tion occurs when a county, city or town, special district, or other unit, authority, or
agency of local government exchanges its obligations with or in any way guarantees
the debts of an individual, association, or private corporation.

(6) Outstanding debt. Except as provided in subsection (4), nothing in this Section
shall be construed to invalidate or impair the obligation of any bond, note, or other
evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 5. Acts levying taxes to state objects. Every act of the General Assembly levy-
ing a tax shall state the special object to which it is to be applied, and it shall be
applied to no other purpose.
Sec. 6. Inviolability of sinking funds and retirement funds.

(1) Sinking funds. The General Assembly shall not use or authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for which the sinking fund has been created, except that these funds may be invested as authorized by law.

(2) Retirement funds. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize to be used any part of the funds of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System for any purpose other than retirement system benefits and purposes, administrative expenses, and refunds; except that retirement system funds may be invested as authorized by law, subject to the investment limitation that the funds of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall not be applied, diverted, loaned to, or used by the State, any State agency, State officer, public officer, or public employee.

Sec. 7. Drawing public money.

(1) State treasury. No money shall be drawn from the State Treasury but in consequence of appropriations made by law, and an accurate account of the receipts and expenditures of State funds shall be published annually.

(2) Local treasury. No money shall be drawn from the treasury of any county, city or town, or other unit of local government except by authority of law.

Sec. 8. Health care facilities. Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State, counties, cities or towns, and other State and local governmental entities to issue revenue bonds to finance or refinance for any such governmental entity or any nonprofit private corporation, regardless of any church or religious relationship, the cost of acquiring, constructing, and financing health care facility projects to be operated to serve and benefit the public; provided, no cost incurred earlier than two years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto for nonprofit private corporations.

Sec. 9. Capital projects for industry. Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and
all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 10. Joint ownership of generation and transmission facilities. In addition to other powers conferred upon them by law, municipalities owning or operating facilities for the generation, transmission or distribution of electric power and energy and joint agencies formed by such municipalities for the purpose of owning or operating facilities for the generation and transmission of electric power and energy (each, respectively, "a unit of municipal government") may jointly or severally own, operate and maintain works, plants and facilities, within or without the State, for the generation and transmission of electric power and energy, or both, with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale (each, respectively, "a co-owner") within this State or any state contiguous to this State, and may enter into and carry out agreements with respect to such jointly owned facilities. For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts, omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.

Removal from one precinct, ward, or other election district to another in this State shall not operate to deprive any person of the right to vote in the precinct, ward, or other election district from which that person has removed until 30 days after the removal.

(2) Residence period for presidential elections. The General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications
set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.

(3) **Disqualification of felon.** No person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, shall be permitted to vote unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

Sec. 9. Dual office holding.

(1) Prohibitions. It is salutary that the responsibilities of self-government be widely shared among the citizens of the State and that the potential abuse of authority inherent in the holding of multiple offices by an individual be avoided. Therefore, no person who holds any office or place of trust or profit under the United States or any department thereof, or under any other state or government, shall be eligible to hold any office in this State that is filled by election by the people. No person shall hold concurrently any two offices in this State that are filled by election of the people. Sec. 10. Continuation in office. In the absence of any contrary provision, all officers in this State, whether appointed or elected, shall hold their positions until other appointments are made or, if the offices are elective, until their successors are chosen and qualified.

The General Assembly shall not incorporate as a city or town, nor shall it authorize to be incorporated as a city or town, any territory lying within one mile of the corporate limits of any other city or town having a population of 5,000 or more, according to the most recent decennial census of population taken by order of Congress, or lying within three miles of the corporate limits of any other city or town having a population of 10,000 or more, according to the most recent decennial census of population taken by order of Congress, or lying within four miles of the corporate limits of any other city or town having a population of 25,000 or more, according to the most recent decennial census of population taken by order of Congress, or lying within five miles of the corporate limits of any other city or town having a population of 50,000 or more, according to the most recent decennial census of population taken by order of Congress. The Commission may sell or lease any health care facilities to a public or nonprofit agency for operation and maintenance or lend money to any public or nonprofit agency in such manner as shall effectuate the purposes of this
Chapter, under a loan agreement or an agreement of sale or lease in form and substance not inconsistent herewith. Any such loan agreement or agreement of sale or lease may include provisions that:

(1) the public or nonprofit agency shall, at its own expense, operate, repair and maintain the health care facilities covered by such agreement;

(2) the purchase price payments to be made under the agreement of sale, the rent payable under the agreement of lease or the loan repayments under the loan agreement shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and any redemption premium on the bonds or notes issued by the Commission to pay the cost of the health care facilities sold or leased thereunder or to make the loan with respect thereto;

(3) the public or nonprofit agency shall pay all other costs incurred by the Commission in connection with the providing of the health care facilities covered by any such agreement, except such costs as may be paid out of the proceeds of bonds or notes or otherwise, including, but without limitation, insurance costs, the cost of administering the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes and the fees and expenses of trustees, paying agents, attorneys, consultants and others;

(4) the loan agreement or the agreement of sale or lease shall terminate not earlier than the date on which all such bonds and all other obligations incurred by the Commission in connection with the health care facilities covered by any such agreement shall be retired or provision for such retirement shall be made; and

(5) the obligation of the public or nonprofit agency to make loan repayments or purchase price payments or to pay rent shall not be subject to cancellation, termination or abatement by the public or nonprofit agency until the bonds have been retired or provision has been made for such retirement.

All obligations payable by a public agency under a loan agreement or an agreement of sale or lease, including the obligation to make loan repayments or purchase price payments or to pay rent and to pay the costs of operating, repairing and maintaining health care facilities, shall be payable solely from the revenues of the health care facilities being purchased or leased or with respect to which a loan is made or other health care facilities of the health care facilities of the public agency or from any federally guaranteed security and moneys received therefrom and shall not be payable from or charged upon any funds of the public agency other than the revenues pledged to such payment; provided, however, that nothing herein shall restrict the power of any county, city, town or other political subdivision of the State or any hospital district created pursuant to Article 13C of Chapter 131 of the General Statutes to submit to its qualified voters a health care facility maintenance tax under Article 13B of said Chapter 131 for the purposes of financing the cost of operation, equipment and maintenance of any health care facility financed for any public agency under this Chapter and all health care facilities authorized to be financed under this Chapter and leased to public agencies are hereby declared to be included within the definition 'hospital facility' as used in said Article 13B.

Where the Commission has acquired a possessory or ownership interest in any health care facilities which it has undertaken on behalf of a public or nonprofit agency it shall promptly convey, without the payment of any consideration, all its right, title and interest in such health care facilities to
such public or nonprofit agency upon the retirement or provision for the retirement of all bonds or notes issued and obligations incurred by the Commission in connection with such health care facilities."

Sec. 10. G.S. 131A-11 is hereby amended by rewriting the second paragraph thereof to read as follows:

"The Commission shall file with the Secretary of the Local Government Commission an application requesting approval of the issuance of such bonds or notes which shall contain such information and have attached to it such documents concerning the proposed financing and prospective borrower, vendee or lessee as the Secretary may require."

Sec. 11. G.S. 131A-12 is amended to read as follows:

"In the discretion of the Commission any bonds or notes issued under the provisions of this Chapter may be secured by a trust agreement by and between the Commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the Commission received pursuant to this Chapter, including, without limitation, fees, loan repayments, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any health care facilities and may mortgage any health care facilities. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Commission in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the Commission, including any payments in respect of any federally guaranteed security or any federally insured mortgage note, the duties of the Commission with respect to the acquisition, construction, maintenance, repair and operation of any health care facilities, the fees, loan repayments, purchase price payments, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. All bonds issued under this Chapter shall be equally and ratably secured by a pledge, charge, and lien upon revenues provided for in such trust agreement or resolution, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this Chapter and of such trust agreement or resolution; except that the Commission may provide in such trust agreement or resolution that bonds issued pursuant thereto shall to the extent and in the manner prescribed in such trust agreement or resolution be subordinated and junior in standing, with respect to the payment of principal and interest and the security thereof, to any other bonds. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission. Any such trust agreement or resolution may set off the rights and remedies, including foreclosure of any mortgage, of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain
such other provisions as the Commission may deem reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any health care facilities or paid from the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the Commission."

Sec. 12. G.S. 131A-13 is amended to read as follows:

“(a) The Commission is hereby authorized to fix and to collect fees, loan repayments, purchase price payments, rents and charges for the use of any health care facilities, and any part or section thereof, and to contract with any public or nonprofit agency for the use thereof. The Commission may require that the public or nonprofit agency shall operate, repair or maintain such facilities and shall bear the cost thereof and other costs of the Commission in connection therewith, subject to the provisions of G.S. 131A-8 with respect to a public agency, as may be provided in the agreement of sale or lease or other contract with the Commission, in addition to other obligations imposed under such agreement or contract.

(b) The fees, purchase price payments, rents and charges shall be fixed so as to provide a fund sufficient, with such other funds as may be made available therefor, (i) to pay the costs of operating, repairing and maintaining the health care facilities, to the extent that adequate provision for the payment of such costs has not otherwise been provided for, (ii) to pay the principal of and the interest on all bonds or notes as the same shall become due and payable and (iii) to create and maintain any reserves provided for in the resolution authorizing the issuance of, or any trust agreement securing, such bonds; and such fees, purchase price payments, rents and charges may be applied or pledged to the payment of debt service on the bonds prior to the payment of the costs of operating, repairing and maintaining the health care facilities.

(c) All pledges of fees, loan repayments, purchase price payments, rents, charges and other revenues under the provisions of this Chapter shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the Commission shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Commission, irrespective of whether such parties have notice thereof. The resolution or any trust agreement by which a pledge is created or any loan agreement, agreement of sale or lease need not be filed or recorded except in the records of the Commission.

(d) The State of North Carolina does pledge to and agree with the holders of any bonds or notes issued by the Commission that so long as any of such bonds or notes are outstanding and unpaid the State will not limit or alter the rights vested in the Commission at the time of issuance of the bonds or notes to fix, revise, charge, and collect or cause to be fixed, revised, charged and collected loan repayments, purchase price payments, rents, fees and charges for the use of or services rendered by any health care facilities in connection with which the bonds or notes were issued, so as to provide a fund sufficient, with such other funds as may be made available therefor, to pay the costs of operating, repairing and maintaining the health care facilities, to pay the principal of and the interest on all bonds and notes as the same shall become due and payable and to
create and maintain any reserves provided therefor and to fulfill the terms of any agreements made with the bondholders or noteholders, nor will the State in any way impair the rights and remedies of the bondholders or noteholders until the bonds or notes and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders or noteholders, are fully paid, met and discharged.”

Sec. 13. G.S. 131A-14 is amended by rewriting the first sentence thereof to read as follows:

“Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this Chapter, including, without limitation, fees, loan repayments, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any health care facilities, shall be deemed to be trust funds to be held and applied solely as provided in this Chapter.”

Sec. 14. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Sec. 15. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

Sec. 16. This act, being necessary for the health and welfare of the people of the State of North Carolina, shall be liberally construed to effect the purposes thereof.

The General Assembly of North Carolina enacts:

Section 1. Article 9 of Chapter 130 of the General Statutes is hereby rewritten to read as follows:

“Article 9.

“North Carolina Immunization Law.

§ 130-87. Immunization required.—(a) Every child present in this State shall be immunized against diphtheria, tetanus, whooping cough, poliomyelitis, red measles (rubeola), and rubella, and, in addition, shall be immunized against smallpox upon a determination by the Commission for Health Services that such immunization is in the best interest of the public health. Every parent, guardian, person in loco parentis and person or agency, whether governmental or private, with legal custody of a child shall have the responsibility to insure that their child has received the required immunization at the age required by the Commission of Health Services; and, if a child has not received the required immunizations by the specified age, such persons shall have the responsibility to obtain the required immunization for their child as soon as possible after the lack of the required immunization is determined.

(b) Any child who has received immunization for measles prior to his obtaining 12 months of age shall be required to obtain a second measles immunization after the child has obtained 12 months of age in order to satisfy the requirement of subsection (a) with respect to immunization against measles.

(c) The Commission for Health Services shall promulgate and the Department of Human Resources shall enforce rules concerning the implementation of the immunization program. Such rules shall provide for:

(1) the child’s age for administering each vaccine;

(2) the number of doses of each vaccine;

(3) exemptions from the immunization requirements where medical practice suggests that immunization would not be in the best health interests of a specific category of children; and

(4) the procedures and practices for administering such vaccine.

(d) Only vaccine preparations may be used which meet the standards of the United States Food and Drug Administration or its successor in licensing vaccines and are approved for use by the Commission for Health Services.

§ 130-88. Obtaining immunization.—The required immunization may be obtained from a physician licensed to practice medicine in this State or from the local health department. The local health department shall administer the
required immunizations without charge. The Department of Human Resources shall provide the necessary vaccines to the local health departments.

§ 130-89. Certificate of immunization.—The physician or local health department who administers the required vaccines shall give a certificate of such immunizations to the person who presented the child for immunization. The certificate shall state the name of the child, the name of the child’s parent, guardian, or person responsible for the child obtaining the required immunization, the address of the child and the parent, guardian or responsible person, the date of birth of the child, the sex of the child, the number of doses of the vaccine given, the date the doses were given, and other relevant information which may be required by the Commission for Health Services.

§ 130-90. Submission of certificate to day-care facility and school authorities, record maintenance, reporting.—(a) No child shall attend any school (K-12), whether public, private or religious, or a day-care facility, as defined in G.S. 110-86(3), unless a certificate of immunization indicating that the child has received the immunizations required by G.S. 130-87 is presented to the school or facility. If on the first day of attendance of the child at the school or facility, a certificate of immunization is not presented to the principal of the school or operator of the facility, as defined in G.S. 110-86(7), or if a certificate of immunization indicating that the child has not received the required immunizations is presented, notice of such deficiency shall be given to the parent, guardian or responsible person by the principal or operator. The parent, guardian or responsible person shall have 30 calendar days from the first day of attendance in order to obtain the required immunization for the child. If the administration of vaccine in a series of doses given at medically approved intervals require a period in excess of 30 calendar days, additional days upon certification of a physician may be allowed in order to obtain the required immunization. Upon termination of the 30 calendar day or extended period, the principal or operator shall not permit any child to attend the school or facility unless he is immunized as required by G.S. 130-87.

(b) The school or day-care facility shall maintain on file immunization records for all children attending the school or facility which contain the information required for a certificate of immunization as specified in G.S. 130-89. Such certificates shall be open to inspection by agents of the Department of Human Resources and the local health department during normal business hours. Within 60 calendar days after the commencement of a new school year, the school shall file a report with the Department of Human Resources. The day-care facility shall file the report annually with the Department of Human Resources. The report shall be filed on forms prepared by the department and shall state the number of children attending the school or facility, the number of children who had not obtained the required immunization within 30 days of their first attendance, the number of children who received a medical exemption and the number of children who received a religious exemption.

§ 130-91. Medical exemption.—If a physician licensed to practice medicine in this State certifies that an immunization required by G.S. 130-87 is or may be detrimental to a child’s health, the child is not required to receive the specified immunization until the physician certifies that the immunization will not be detrimental to the child’s health.
CHAPTER 56  Session Laws—1979

“§ 130-92. Religious exemption.—If the bona fide religious beliefs of a parent or person in loco parentis of a child are contrary to the immunization requirements contained in this Article, the child shall be exempt from such requirements. Upon submission of a written statement of the bona fide religious beliefs and their opposition to the immunization requirements, the child may attend the school or facility without presenting a certificate of immunization.

“§ 130-93. Delayed applicability.—Notwithstanding the provisions of G.S. 130-90(a), a child who has attended school during the 1978-1979 year shall not be required to receive immunization, not required during such years, in order to attend school during the 1979-1980 year. However, such child shall be required to have received all the immunizations required by G.S. 130-87 before he may attend school during the 1980-1981 year.

“§ 130-93.01. Enforcement.—(a) Any person as defined in G.S. 130-87 who violates any provision of this Article or the rules promulgated hereunder shall be guilty of a misdemeanor and upon conviction shall be punished, notwithstanding the provisions of G.S. 130-203, by a fine of not more than five hundred dollars ($500.00) or by imprisonment for not more than six months for each violation.

(b) The Secretary of Human Resources or the local health director may institute a civil action in the superior court of the county in which the defendant in the action resides for injunctive relief to prevent a threatened or continuing violation of any provision of this Article or any rule promulgated hereunder. The provisions of G.S. 130-205 shall be inapplicable to actions instituted pursuant to this section.”

Sec. 2. This act shall become effective July 1, 1979.

(c) When a fetal death occurs outside of a hospital or other medical facility, the physician in attendance at or immediately after the delivery shall prepare and file the report. When a fetal death is attended by a physician’s assistant or a certified nurse-midwife, the supervising physician shall prepare and file the report. In the absence of the physician or with his approval, the certificate may be completed and signed by an associate physician, the chief medical officer of the hospital or facility in which the death occurred, or a physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the deceased and views the deceased at or after death, and provided further that death is due to natural causes. The physician or other person in attendance shall provide the medical information required by the certificate and certify to the facts of birth within five days after the birth. If the physician or other person in attendance does not certify to the facts of birth within the five-day period, the person in charge of the facility may complete and sign the certificate.

(d) When a birth occurs on a moving conveyance and the child is first removed from the conveyance in this State, the birth shall be registered in the registration district where the child is first removed from the conveyance, and such place shall be considered the place of birth.

(e) If the mother was married at the time of either conception or birth, or between conception and birth, the name of the husband shall be entered on the certificate as the father of the child and the surname of the child shall be the same as that of the husband, unless paternity has been determined otherwise by a court of competent jurisdiction, in which case the name of the father as determined by the court shall be entered.

(f) If the mother was not married at the time of either conception or birth or between conception and birth, the name of the father shall not be entered on the certificate without the written consent, under oath, of both the father and the mother, in which case, upon written request of both parents, the surname of the child shall be entered on the certificate as that of the father. In all other cases a child born out of wedlock shall take the same surname as that of the mother."

The record shall include such information as required for the certificates of birth and death and the reports of spontaneous fetal death required by this Article. The record shall be made at the time of admission from information provided by the person being admitted or confined, but when it cannot be so obtained, the information shall be obtained from relatives or other persons acquainted with the facts.

If final disposition is made by the institution, the date, place, and manner of disposition shall also be recorded.

(c) A funeral director, embalmer, or other person who removes from the place of death, transports or makes final disposition of a dead body or fetus, in addition to filing any certificate or other report required by this Article or regulations promulgated hereunder, shall keep a record which shall identify the body, and such information pertaining to the receipt, removal, delivery, burial, or cremation of such body as may be required by the State registrar.

(2) the obligor shall pay all costs incurred by the authority in connection
with the financing and administration of the project, except as may be

CHAPTER 110

AN ACT TO ENACT FOR NORTH CAROLINA THE UNIFORM CHILD CUSTODY JURISDICTION ACT AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. There is hereby added a new Chapter of the General Statutes to be designated Chapter 50A and to read as follows:

"CHAPTER 50A.

“Uniform Child Custody Jurisdiction Act.

§50A-1. Purposes of Chapter, construction of provisions.—(a) The general purposes of this Chapter are to:

(1) avoid jurisdictional competition and conflict with courts of other states in matters of child custody which have in the past resulted in the shifting of children from state to state with harmful effects on their well-being;

(2) promote cooperation with the courts of other states to the end that a custody decree is rendered in that state which can best decide the case in the interest of the child;

(3) assure that litigation concerning the custody of a child takes place ordinarily in the state with which the child and the child's family have the closest connection and where significant evidence concerning the child's care, protection, training, and personal relationships is most readily available, and that courts of this State decline the exercise of jurisdiction when the child and the child's family have a closer connection with another state;

(4) discourage continuing controversies over child custody in the interest of greater stability of home environment and of secure family relationships for the child;

(5) deter abductions and other unilateral removals of children undertaken to obtain custody awards;

(6) avoid re-litigation of custody decisions of other states in this State insofar as feasible;

(7) facilitate the enforcement of custody decrees of other states;

(8) promote and expand the exchange of information and other forms of mutual assistance between the courts of this State and those of other states concerned with the same child; and

(9) make uniform the law of those states which enact it.

(b) This Chapter shall be construed to promote the general purposes stated in this section.
CHAPTER 110  Session Laws—1979

"§ 50A-2. Definitions.—As used in this Chapter:
(1) ‘Contestant’ means a person, including a parent, who claims a right to custody or visitation rights with respect to a child.
(2) ‘Custody determination’ means a court decision and court orders and instructions providing for the custody of a child, including visitation rights; it does not include a decision relating to child support or any other monetary obligation of any person.
(3) ‘Custody proceeding’ includes proceedings in which a custody determination is one of several issues, such as an action for divorce or separation, and includes child neglect and dependency proceedings.
(4) ‘Decree’ or ‘custody decree’ means a custody determination contained in a judicial decree or order made in a custody proceeding, and includes an initial decree and a modification decree.
(5) ‘Home state’ means the state in which the child immediately preceding the time involved lived with the child’s parents, a parent, or a person acting as parent, for at least six consecutive months, and in the case of a child less than six months old, the state in which the child lived from birth with any of the persons mentioned. Periods of temporary absence of any of the named persons are counted as part of the six-month or other period.
(6) ‘Initial decree’ means the first custody decree concerning a particular child.
(7) ‘Modification decree’ means a custody decree which modifies or replaces a prior decree, whether made by the court which rendered the prior decree or by another court.
(8) ‘Physical custody’ means actual possession and control of a child.
(9) ‘Person acting as parent’ means a person, other than a parent, who has physical custody of a child and who has either been awarded custody by a court or claims a right to custody; and
(10) ‘State’ means any state, territory, or possession of the United States, the Commonwealth of Puerto Rico, and the District of Columbia.

"§ 50A-3. Jurisdiction.—(a) A court of this State authorized to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if:
(1) this State (i) is the home state of the child at the time of commencement of the proceeding, or (ii) had been the child’s home state within six months before commencement of the proceeding and the child is absent from this State because of the child’s removal or retention by a person claiming the child’s custody or for other reasons, and a parent or person acting as parent continues to live in this State; or
(2) it is in the best interest of the child that a court of this State assume jurisdiction because (i) the child and the child’s parents, or the child and at least one contestant, have a significant connection with this State, and (ii) there is available in this State substantial evidence relevant to the child’s present or future care, protection, training, and personal relationships; or
(3) the child is physically present in this State and (i) the child has been abandoned or (ii) it is necessary in an emergency to protect the child because the child has been subjected to or threatened with mistreatment or abuse or is otherwise neglected or dependent; or
(4) (i) it appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (1), (2), or (3), or another state has declined to exercise jurisdiction on the ground that this State is the more appropriate forum to determine the custody of the child, and (ii) it is in the best interest of the child that this court assume jurisdiction.

(b) Except under paragraphs (3) and (4) of subsection (a), physical presence in this State of the child, or of the child and one of the contestants, is not alone sufficient to confer jurisdiction on a court of this State to make a child custody determination.

(c) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

“§ 50A-4. Notice and opportunity to be heard.—Before making a decree under this Chapter reasonable notice and opportunity to be heard shall be given to the contestants, any parent whose parental rights have not been previously terminated, and any person who has physical custody of the child.

“§ 50A-5. Service of notice.—The notice required by G.S. 50A-4 shall be given in a manner reasonably calculated to give actual notice and shall be served in the same manner as the manner of service of process set out in G.S. 1A-1, Rule 4. Proof of the service of the notice required by G.S. 50A-4 shall be made in the same manner as the manner to prove the service of process set out in G.S. 1A-1, Rule 4.

“§ 50A-6. Simultaneous proceedings in other states.—(a) If at the time of filing the petition a proceeding concerning the custody of the child was pending in a court of another state exercising jurisdiction substantially in conformity with this Chapter, a court of this State shall not exercise its jurisdiction under this Chapter, unless the proceeding is stayed by the court of the other state because this State is a more appropriate forum or for other reasons.

(b) Before hearing the petition in a custody proceeding the court shall examine the pleadings and other information supplied by the parties under G.S. 50A-9 and shall consult the child custody registry established under G.S. 50A-16 concerning the pendency of proceedings with respect to the child in other states. If the court has reason to believe that proceedings may be pending in another state it shall direct an inquiry to the state court administrator or other appropriate official of the other state.

(c) If the court is informed during the course of the proceeding that a proceeding concerning the custody of the child was pending in another state before the court assumed jurisdiction it shall stay the proceeding and communicate with the court in which the other proceeding is pending to the end that the issue may be litigated in the more appropriate forum and that information be exchanged in accordance with G.S. 50A-19 through G.S. 50A-22. If a court of this State has made a custody decree before being informed of a pending proceeding in a court of another state it shall immediately inform that court of the fact. If the court is informed that a proceeding was commenced in another state after it assumed jurisdiction it shall likewise inform the other court to the end that the issues may be litigated in the more appropriate forum.

“§ 50A-7. Inconvenient forum.—(a) A court which has jurisdiction under this Chapter to make an initial or modification decree may decline to exercise its jurisdiction any time before making a decree if it finds that it is an inconvenient
CHAPTER 110  Session Laws—1979

forum to make a custody determination under the circumstances of the case and that a court of another state is a more appropriate forum.

(b) A finding of inconvenient forum may be made upon the court’s own motion or upon motion of a party or a guardian ad litem or other representative of the child.

(c) In determining if it is an inconvenient forum, the court shall consider if it is in the interest of the child that another state assume jurisdiction. For this purpose it may take into account the following factors, among others:

1. if another state is or recently was the child’s home state;
2. if another state has a closer connection with the child and the child’s family or with the child and one or more of the contestants;
3. if substantial evidence relevant to the child’s present or future care, protection, training, and personal relationships is more readily available in another state;
4. if the parties have agreed on another forum which is no less appropriate; and
5. if the exercise of jurisdiction by a court of this State would contravene any of the purposes stated in G.S. 50A-1.

(d) Before determining whether to decline or retain jurisdiction the court may communicate with a court of another state and exchange information pertinent to the assumption of jurisdiction by either court with a view to assuring that jurisdiction will be exercised by the more appropriate court and that a forum will be available to the parties.

(e) If the court finds that it is an inconvenient forum and that a court of another state is a more appropriate forum, it may dismiss the proceedings, or it may stay the proceedings upon condition that a custody proceeding be promptly commenced in another named state or upon any other conditions which may be just and proper, including the condition that a moving party stipulate such party’s consent and submission to the jurisdiction of the other forum.

(f) The court may decline to exercise its jurisdiction under this Chapter if a custody determination is incidental to an action for divorce or another proceeding while retaining jurisdiction over the divorce or other proceeding.

(g) If it appears to the court that it is clearly an inappropriate forum it may require the party who commenced the proceedings to pay, in addition to the costs of the proceedings in this State, necessary travel and other expenses, including attorneys’ fees, incurred by other parties or their witnesses. Payment is to be made to the clerk of the court for remittance to the proper party.

(h) Upon dismissal or stay of proceedings under this section the court shall inform the court found to be the more appropriate forum of this fact, or if the court which would have jurisdiction in the other state is not certainly known, shall transmit the information to the court administrator or other appropriate official for forwarding to the appropriate court.

(i) Any communication received from another state informing this State of a finding of inconvenient forum because a court of this State is the more appropriate forum shall be filed in the custody registry of the appropriate court. Upon assuming jurisdiction the court of this State shall inform the original court of this fact.

“§ 50A-8. Jurisdiction declined by reason of conduct.—(a) If the petitioner for an initial decree has wrongfully taken the child from another state or has
engaged in similar reprehensible conduct the court may decline to exercise jurisdiction if this is just and proper under the circumstances.

(b) Unless required in the interest of the child, the court shall not exercise its jurisdiction to modify a custody decree of another state if the petitioner, without consent of the person entitled to custody, has improperly removed the child from the physical custody of the person entitled to custody or has improperly retained the child after a visit or other temporary relinquishment of physical custody. If the petitioner has violated any other provision of a custody decree of another state the court may decline to exercise its jurisdiction if this is just and proper under the circumstances.

(c) In appropriate cases a court dismissing a petition under this section may charge the petitioner with necessary travel and other expenses, including attorneys' fees, incurred by other parties or their witnesses.

“§50A-9. Information under oath to be submitted to the court.—(a) Every party in a custody proceeding in such party's first pleading or in an affidavit attached to that pleading shall give information under oath as to the child’s present address, the places where the child has lived within the last five years, and the names and present addresses of the persons with whom the child has lived during that period. In this pleading or affidavit every party shall further declare under oath whether:

(1) such party has participated as a party, witness, or in any other capacity in any other litigation concerning the custody of the same child in this or any other state;

(2) such party has information of any custody proceeding concerning the child pending in a court of this or any other state; and

(3) such party knows of any person not a party to the proceedings who has physical custody of the child or claims to have custody or visitation rights with respect to the child.

(b) If the declaration as to any of the above items is in the affirmative the declarant shall give additional information under oath as required by the court. The court may examine the parties under oath as to details of the information furnished and as to other matters pertinent to the court’s jurisdiction and the disposition of the case.

(c) Each party has a continuing duty to inform the court of any custody proceeding concerning the child in this or any other state of which such party obtained information during this proceeding.

“§50A-10. Additional parties.—If the court learns from information furnished by the parties pursuant to G.S. 50A-9 or from other sources that a person not a party to the custody proceeding has physical custody of the child or claims to have custody or visitation rights with respect to the child, it shall order that person to be joined as a party and to be duly notified of the pendency of the proceeding and of such person’s joinder as a party. Such person shall be served with process or otherwise notified in accordance with G.S. 50A-5.

“§50A-11. Appearance of parties and the child.—(a) The court may order any party to the proceeding to appear personally before the court. If that party has physical custody of the child, the court may order that such party appear personally with the child.

(b) The court may order that the notice given under G.S. 50A-5 include a statement directing that party to appear personally with or without the child
and declaring that failure to appear may result in a decision adverse to that party.

Modification of custody decree of another state.—(a) If a court of another state has made a custody decree, a court of this State shall not modify that decree unless (1) it appears to the court of this State that the court which rendered the decree does not now have jurisdiction under jurisdictional prerequisites substantially in accordance with this Chapter or has declined to assume jurisdiction to modify the decree and (2) the court of this State has jurisdiction.

Taking testimony in another state.—In addition to other procedural devices available to a party, any party to the proceeding or a guardian ad litem or other representative of the child may adduce testimony of witnesses, including parties and the child, by deposition or otherwise, in another state. The court on its own motion may direct that the testimony of a person be taken in another state and may prescribe the manner in which and the terms upon which the testimony shall be taken.

"§ 50A-19. Hearings and studies in another state, orders to appear.—(a) A court of this State may request the appropriate court of another state to hold a hearing to adduce evidence, to order a party to produce or give evidence under other procedures of that state; and to forward to the court of this State certified copies of the transcript of the record of the hearing, and the evidence otherwise adduced. The cost of the services may be assessed against the parties in the discretion of the court.

(b) A court of this State may request the appropriate court of another state to order a person notified under the provisions of G.S. 50A-4 in a custody proceeding pending in the court of this State to appear in the proceedings, and if that person has physical custody of the child, to appear with the child. The request may state that travel and other necessary expenses of the party and of the child whose appearance is desired will be assessed against another party or will otherwise be paid.

"§ 50A-20. Assistance to courts of other states.—(a) Upon request of the court of another state the courts of this State which are authorized to hear custody matters may order a person in this State to appear at a hearing to adduce evidence or to produce or give evidence under other procedures available in this State or may order social studies to be made for use in a custody proceeding in another state. The court may condition compliance with the request upon assurance by the other state that travel and other necessary expenses will be advanced or reimbursed.

"§ 50A-21. Preservation of documents for use in other states.—In any custody proceeding in this State the court shall preserve the pleadings, orders and decrees, any record that has been made of its hearings, and other pertinent documents until the child reaches 18 years of age. Upon appropriate request of the court of another state the court shall forward to the other court certified copies of any or all of such documents.
"§ 50A-22. Request for court records of another state.—If a custody decree has been rendered in another state concerning a child involved in a custody proceeding pending in a court of this State, the court of this State upon taking jurisdiction of the case may request of the court of the other state a certified copy of the transcript of any court record and other documents mentioned in G.S. 50A-21.

"§ 50A-23. International application.—The general policies of this Chapter extend to the international area. The provisions of this Chapter relating to the recognition and enforcement of custody decrees of other states apply to custody decrees and decrees involving legal institutions similar in nature to custody institutions rendered by appropriate authorities of other nations if reasonable notice and opportunity to be heard were given to all affected persons.

"§ 50A-24. Short title.—This Chapter may be cited as the ‘Uniform Child Custody Jurisdiction Act’.

"§ 50A-25. Emergency orders.—Nothing in this Chapter shall be interpreted to limit the authority of the court to issue an interlocutory order under the provisions of G.S. 50-13.5(d)(2); or an immediate custody order under the provisions of G.S. 7A-284.”

Whereas, the turtle watches undisturbed as countless generations of faster hares run by to quick oblivion, and is thus a model of patience for mankind, and a symbol of this State’s unrelenting pursuit of great and lofty goals; and

Whereas, the woodlands, marshes, and inland and coastal waters of North Carolina are the abode of many species of turtles; Now, therefore,

Whereas, the 1973 Session of the North Carolina General Assembly determined that it is the policy of the State that no person shall be committed to a mental health facility unless he is mentally ill or an inebriate and imminently dangerous to himself or others, or unless he is mentally retarded and, because of accompanying behavior disorder, is imminently dangerous to others; and

Whereas, the General Assembly has determined that such commitment will be accomplished under conditions that protect the dignity and constitutional rights of the person; and

Whereas, since 1903 a section of Article 10 of Chapter 122 (said section not being a part of the public involuntary commitment law passed by the 1973 Session of the General Assembly) has allowed for the involuntary commitment of an individual alleged to be mentally ill or inebriate to a privately operated hospital on the affidavit of a physician and any other person made before a notary public or a clerk of court; and

Whereas, after the filing and approval of said affidavit by the clerk of court, such alleged mentally ill or inebriate person may be confined indefinitely at a privately run hospital without periodic judicial review, without an initial due process hearing, or without any other constitutional or statutory protections provided by law; and

Whereas, the public involuntary commitment law passed by the 1973 Session of the General Assembly provides these constitutional and statutory safeguards that are absent in Article 10; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 122-75, G.S. 122-77, G.S. 122-78, G.S. 122-79, G.S. 122-80, and G.S. 122-82.2 are hereby repealed.

Sec. 2. Article 10 of Chapter 122 of the General Statutes entitled "Private Hospitals for the Mentally Disordered" is hereby amended by adding a new section immediately following G.S. 122-81.1 and immediately preceding G.S. 122-82 to be numbered G.S. 122-81.2 to read as follows:

"§ 122-81.2. Involuntary commitment to a private hospital.—(a) All involuntary commitments to private hospitals or private facilities licensed by the Department of Human Resources under this Article shall be accomplished in accordance with the provisions of Article 5A of this Chapter.

(b) As provided in G.S. 122-58.8(b), the district court judge may order treatment of an individual at a private hospital, home, or school for the cure, treatment, or rehabilitation of the mentally ill, mentally retarded, or inebriate persons licensed in accordance with G.S. 122-72.

(c) Whenever any interested person feels that it would be in the best interest of a committed individual that such committed individual be transferred to another mental health facility, that interested person may petition the district court for an order directing such transfer. This petition shall be filed in the district court which issued the last commitment order in the case. The district court judge may in his discretion issue a transfer order if such order is in the
best interest of the committed person and the transfer conforms to the State
policy of the least restrictive mode of treatment provided in G.S. 122-58.1.
Provided, however, that this subsection shall not apply to transfers between
two regional Mental Health Facilities."

Sec. 3. G.S. 122-58.2 is hereby amended by adding new subsections (5),
(6), and (7), to read as follows:

"(5) 'Community Mental Health Center' or 'Community Mental Health
Facility' means any mental health center or clinic operated by or under the
supervision of an area mental health board or area mental health authority
pursuant to Article 2F of this Chapter.

(6) 'Regional Mental Health Facility' and 'Regional Psychiatric Facility'

mental health center, any regional mental health facility, any private mental
health facility licensed or designated by the Department of Human Resources
pursuant to Article 10 of this Chapter, or the psychiatric services of Memorial

Sec. 4. G.S. 122-36(g) is hereby amended by rewriting that subsection to
read as follows:

"(g) 'Treatment Facility' shall mean any hospital or institution operated by
the State of North Carolina and designated for the admission of any person in
need of care and treatment due to mental illness or mental retardation, any
center or facility operated by the State of North Carolina for the care,
treatment, or rehabilitation of inebriates, any community mental health clinic
or center operated pursuant to Article 2F of this Chapter, and any private

Sec. 5. This act shall become effective October 1, 1979.

S. B. 291  CHAPTER 171

AN ACT TO AMEND ARTICLES 3 AND 4 OF CHAPTER 122 TO CLARIFY THE PROCEDURES FOR THE VOLUNTARY ADMISSION OF MINORS TO MENTAL HEALTH FACILITIES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 122-56.7 is hereby rewritten to read as follows:

"§ 122-56.7. Judicial determination.—(a) A hearing shall be held in district court in the county in which the treatment facility is located within 10 days of the day a minor or a person adjudicated non compos mentis is admitted to a treatment facility pursuant to G.S. 122-56.5. No petition shall be necessary; the written application for voluntary admission shall serve as the initiating document for the hearing.

(b) The court shall determine whether such person is mentally ill or an inebriate and is in need of further treatment at the treatment facility. Further treatment at the treatment facility should be undertaken only when lesser measures will be insufficient. If the court finds by clear, cogent, and convincing evidence, that these requirements have been met, the court shall concur with the voluntary admission of the minor or person adjudicated non compos mentis. If the court finds that these requirements have not been met, it shall order that the person be released. A finding of dangerousness to self or others is not necessary to support the determination that further treatment should be undertaken.

(c) Mental illness in a minor shall have the meaning provided in G.S. 122-36(d)(2). Mental illness for an adult adjudicated non compos mentis shall have the meaning provided in G.S. 122-36(d)(1). The word ‘inebriate’ shall have the meaning provided in G.S. 122-36(c).

(d) When, in the case of a minor, it appears that an extended period of inpatient diagnostic evaluation is necessary before a recommendation can be made to the court, the chief clinical officer or his designee may request hospitalization not to exceed 30 days for diagnosis and evaluation. The following procedures shall apply:

(1) At least 48 hours in advance of the regularly calendared hearing provided in subsection (a) above, the chief clinical officer or his designee shall give written notice to the clerk of superior court, the respondent, the parent or parents, guardian, or person standing in loco parentis, and the attorneys for all parties, that diagnosis and evaluation of the minor cannot be completed prior to the calendared hearing, and that he will request that the court authorize a period of hospitalization not to exceed 30 days for the purpose of diagnosing and evaluating the minor.

(2) The court will determine whether there exists reasonable grounds to believe: (1) that the minor is probably mentally ill or an inebriate and; (2) that the minor may, upon diagnosis and evaluation, be found to meet the criteria for admission as set out in (b) above; and, (3) that additional time is required to complete the diagnosis and evaluation.

(3) If the court finds that the criteria set out in subdivision (d)(2) above have been met, it shall authorize a period of hospitalization for diagnosis and evaluation, not to exceed 30 days, and establish a new date for the hearing provided in subsection (a) above, to occur by the end of the specified period. During this period, medical, psychiatric,
psychological, educational, and social evaluation shall be undertaken and reasonable and appropriate medication and treatment administered, consistent with Part 3 of Article 3 of this Chapter, and accepted medical standards.

(4) If the court does not make findings of fact as set out in subdivision (d) (2) above, the minor shall be ordered released.

(e) Unless otherwise provided in 122-56.7, the hearings specified in (b) and (d) above, and all subsequent proceedings shall be governed by the involuntary commitment procedures of Article 5A of Chapter 122 of the General Statutes. In a case involving an indigent respondent located at a regional psychiatric facility for the care and treatment of the mentally ill and inebriate, special counsel authorized by G.S. 122-58.12 shall act as counsel.

(f) After admission, only the court or the treatment facility may release the minor or person adjudicated non compos mentis at any time when either determines that such person does not need further hospitalization.

(g) In addition to the notice of hearings and rehearings to the respondent and his counsel required under G.S. 122-58.5 and G.S. 122-11(a) respectively, notice shall be given by the clerk to the person who signed the application for voluntary admission, or his successor, in accordance with the provisions of G.S. 122-58.20. The person who signed the application for voluntary admission, or his successor, may also file a written waiver of his right to receive notice with the clerk of court.”

Sec. 2. G.S. 122-36(d) is hereby rewritten to read as follows:
“(d) The words ‘mental illness’ shall mean: (1) when applied to an adult, an illness which so lessens the capacity of the person to use self-control, judgment, and discretion in the conduct of his affairs and social relations as to make it necessary or advisable for him to be under treatment, care, supervision, guidance or control. The words ‘mentally ill’ shall mean an adult person with a mental illness; or (2) when applied to a minor shall mean a mental condition, other than mental retardation alone, which so lessens or impairs the youth’s capacity either to develop or exercise age appropriate or age adequate self-control, judgment, or initiative in the conduct of his activities and social relationships as to make it necessary or advisable for him to be under treatment, care, supervision, guidance or control.”

Sec. 3. G.S. 122-56.2(b) is hereby amended by rewriting that subsection to read as follows:
“The words ‘treatment facility,’ as used in this Article, mean any hospital or institution operated by the State of North Carolina and designated for the admission of any person in need of care and treatment due to mental illness or inebriety, any area mental health facility operated pursuant to Article 2F of this Chapter, and any private hospital for the mentally disordered as described in G.S. 122-72 and G.S. 122-72.1.”

Sec. 4. This act shall become effective October 1, 1979.

In the General Assembly read three times and ratified, this the 21st day of March, 1979.

"§ 105-7.1. Generation skipping transfer tax.—(a) A tax in addition to any other taxes imposed by this Article or by Article 6 of this Subchapter is hereby imposed upon every generation skipping transfer subject to the tax imposed by Chapter 13 of Subtitle B of the Internal Revenue Code of 1954, as amended, where the original transferor is a resident of this State at the date of said original transfer, in an amount equal to the amount allowable as credit for State inheritance taxes under Section 2602 of the Internal Revenue Code, to the extent such credit exceeds the aggregate amount of all taxes on the same transfer actually paid to the several states of the United States, other than this State.

(b) A tax, in addition to all other taxes imposed by this Article and by Article 6 of this Subchapter, is hereby imposed upon every generation skipping transfer subject to the tax imposed by Chapter 13 of Subtitle B of the Internal Revenue Code of 1954 where the original transferor is not a resident of this State but the transfer includes real or personal property with a situs in this State, in an amount equal to the amount allowable as a credit for State inheritance taxes under Section 2602 of the Internal Revenue Code, reduced by an amount which bears the same ratio to the total State inheritance tax credit allowable for federal generation skipping transfer tax purposes as the value of the transferred property taxable by all other states bears to the value of the gross generation skipping transfer for federal generation skipping transfer tax purposes.

(c) Every person required by the Internal Revenue Code of 1954, as amended, to file a return reporting a generation skipping transfer shall file a duplicate copy of said return with the Secretary of Revenue on or before the last day prescribed for filing the federal return.

(e) If after the filing of the duplicate federal return with the Secretary of Revenue as required by subsection (c) herein, the federal government shall thereafter increase or decrease the amount of the federal generation skipping transfer tax actually due, within 30 days of said increase or decrease, an amended return shall be filed with the Secretary of Revenue reflecting all changes made in the original return, and the amount of increase or decrease in the federal generation skipping transfer tax. Based thereon, and upon such
owing may evidence as he may otherwise acquire, the Secretary of Revenue shall reassess the tax imposed herein, and if he shall determine that there remains due additional tax, he shall thereafter issue a notice of proposed assessment in respect thereof pursuant to G.S. 105-241.1. If the notice required herein of the federal change in tax due is not so furnished, any additional tax which may be owing may be assessed at any time.

(f) The administrative provisions of Article 1 and Article 6, wherever applicable, shall apply to the collection of the tax imposed by this section. (h) adding at the end of G.S. 105-144.2(c)(4) a new sentence, to read as follows:

“If a principal residence is sold in a sale to which paragraph (2) of subsection (d) applies within 18 months after the sale of the old residence, for purposes of applying the preceding sentence with respect to the old residence, the principal residence so sold shall be treated as the last residence used during such 18-month period.”

(j) Statute of limitations. If the taxpayer during the taxable year sells at a gain property used by him as his principal residence, then

income tax purposes; and provided further, that when only a portion of the income earned at the new principal place of employment is reportable for taxation to North Carolina under the provisions of this Division, the moving expense deduction shall be apportioned under rules and regulations prescribed by the Secretary of Revenue. Where joint federal returns are filed by husband and wife for federal income tax purposes, the deduction otherwise allowable under this subsection shall be limited to such amount as would have been allowable if separate federal income tax returns had been filed. The deduction allowed by this subdivision for moving expenses shall be allowed as a business expense deductible from gross income in arriving at adjusted gross income.”

H. B. 481  CHAPTER 202
AN ACT TO PROTECT AGRICULTURAL OPERATIONS FROM NUISANCE SUITS UNDER CERTAIN CIRCUMSTANCES.

The General Assembly of North Carolina enacts:

Section 1. Chapter 106 of the General Statutes is hereby amended by adding a new Article as follows:

"ARTICLE 57.

"Nuisance Liability of Agricultural Operations.

"§ 106-700. Legislative determination and declaration of policy.—It is the declared policy of the State to conserve and protect and encourage the development and improvement of its agricultural land for the production of food and other agricultural products. When nonagricultural land uses extend into agricultural areas, agricultural operations often become the subject of nuisance suits. As a result, agricultural operations are sometimes forced to cease operations. Many others are discouraged from making investments in farm improvements. It is the purpose of this Article to reduce the loss to the State of its agricultural resources by limiting the circumstances under which agricultural operations may be deemed to be a nuisance.

"§ 106-701. (a) No agricultural operation or any of its appurtenances shall be or become a nuisance, private or public, by any changed conditions in or about the locality thereof after the same has been in operation for more than one year, when such operation was not a nuisance at the time the operation began;
provided, that the provisions of this subsection shall not apply whenever a
nuisance results from the negligent or improper operation of any such
agricultural operation or its appurtenances.

(b) For the purposes of this Article, ‘agricultural operation’ includes, without
limitation, any facility for the production for commercial purposes of crops,
livestock, poultry, livestock products, or poultry products.

(c) The provisions of subsection (a) shall not affect or defeat the right of any
person, firm, or corporation to recover damages for any injuries or damages
sustained by them on account of any pollution of, or change in condition of, the
waters of any stream or on the account of any overflow of lands of any such
person, firm, or corporation.

(d) Any and all ordinances of any unit of local government now in effect or
hereafter adopted that would make the operation of any such agricultural
operation or its appurtenances a nuisance or providing for abatement thereof as
a nuisance in the circumstance set forth in this section are and shall be null and
void; provided, however, that the provisions of this subsection shall not apply
whenever a nuisance results from the negligent or improper operation of any
such agricultural operation or any of its appurtenances. Provided further, that
the provisions shall not apply whenever a nuisance results from an agricultural
operation located within the corporate limits of any city at the time of
enactment hereof.

(e) This section shall not be construed to invalidate any contracts heretofore
made but insofar as contracts are concerned, it is only applicable to contracts
and agreements to be made in the future."

Sec. 2. This act does not affect actions commenced prior to the effective
date hereof.

Sec. 3. If any provisions or clause of this Article or application thereof
to any person or circumstances is held invalid such invalidity shall not affect
other provisions or applications of this Article which can be given effect
without the invalid provision or application, and to this end the provisions of
this Article are declared to be severable.

Consistent with applicable State laws, the City Council may establish other positions, provide for the appointment of other administrative officers and employees, and generally organize the City government in order to promote the orderly and efficient administration of the affairs of the City.

"ARTICLE V. PUBLIC IMPROVEMENTS.

"Section 5.1. Power of Eminent Domain. The procedures provided in Article 9 of Chapter 136 of the General Statutes, as specifically authorized by G.S. 136-66.3(c), shall be applicable to the City in the case of acquisition of lands, easements, privileges, rights-of-way and other interests in real property for streets, sewer lines, water lines, electric power lines, and other utility lines in the exercise of the power of eminent domain. The City, when seeking to acquire such property or rights or easements therein or thereto, shall have the right and authority, at its option and election, to use the provisions and procedures as authorized and provided in G.S. 136-66(c) and Article 9 of Chapter 136 of the General Statutes for any of such purposes without being limited to streets constituting a part of the State Highway System; provided, however, that the provisions of this Section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c), unless (1) the exercise of such power of eminent domain is either consented to by the owner of the property to be acquired by the City or (2) it is first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation.

"Section 5.2. Alternative Methods of Assessing the Cost of Extending Water and Sewer Lines. A. In addition and as alternatives to the method provided in
G.S. 160A-218 for assessing the costs of water and sewer lines and laterals, the City Council, if in its opinion it would be more equitable to do so, hereby is authorized in its discretion to levy any such assessments according to either of the following methods: (1) equally against each of the lots capable of being served by such line or lines, or (2) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the governing body annually between the first days of January and July of each year, may determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It also may include the anticipated increase in labor and materials costs based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such line shall not be made until after the particular assessment project has been completed. The purpose of this act is to distribute more equitably the cost of the installation of water and sewer lines throughout the City; to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights of way also may be assessed as a part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation costs at the time of the completion of the project, such costs may be assessed separately when they are determined.

If a lot or parcel of land used for a single-family residential purpose is assessed under this section and the lot or parcel of land is subdivided into additional lots for single-family occupancy, the City Council may assess the additional lots or parcels of land into which the original parcel of land is from time to time divided on the basis of the average cost as determined under the provisions of this section at the time the owner of the additional lot requests the utility service. Such assessment shall be made only after the owner of the newly created lot or lots has requested water or sewer service and an assessment against his property or has paid the amount of the assessment in cash. In the absence of such request or payment, the service shall be withheld from the property.

If a lot or parcel of land is used for any purpose other than for single-family occupancy, the City Council may assess the lot or parcel of land used for such other purpose in an amount equal to the multiple of the assessment for a single-family lot by the nearest number of times that the area so used is divisible by 20,000 feet but in no case shall the assessment be less than the assessment which would be made against a single-family dwelling lot.

B. The City Council shall have the authority to exempt from assessment for water and sewer extensions for corner lots 150 feet of the frontage of any side of a corner lot when water and sewer extensions are installed along both sides of such lot.

C. The City Council shall have authority to waive the assessment for water and sewer extensions against lands owned by Stanly County, the Stanly County Board of Education, and the Albemarle City School Administrative Unit.
CHAPTER 259  Session Laws—1979

"Section 5.3. Authority to Waive Street Assessments. The City Council is authorized and empowered to waive the collection of street assessments owed to the City by Stanly County, the Stanly County Board of Education, and the Albemarle City School Administrative Unit.

"ARTICLE VI. SPECIAL PROVISIONS.

"Section 6.1. Authority to Hold ABC Election. A. The City Council may, upon petition filed by fifteen percent (15%) of the voters who voted in the last municipal election of the said city for mayor, call an election for the purpose of submitting the question as to whether city alcoholic beverage control stores may be operated in the said city. If the City Council calls an election, said election shall be called within ninety days after such petition is filed on a date to be fixed by the City Council as herein prescribed, and at least thirty days' public notice shall be given prior to the date of the election, notwithstanding the nearness of date within which any other type election may be held. At such election, if a majority of the votes cast at said election shall be against the operation of such stores, no such stores shall be set up and operated in the city under the provisions of this Section. If a majority of the votes cast shall be for the operation of such stores, it shall be legal for alcoholic beverage control stores to be set up and operated in said city.

B. A new registration of voters for such election shall not be necessary. In said election a ballot shall be used upon which shall be printed on separate lines for each proposition 'For alcoholic beverage control stores', and 'Against alcoholic beverage control stores'. Those favoring setting up and operating alcoholic beverage control stores in the City of Albemarle shall mark in the voting square to the left of the words 'For alcoholic beverage control stores' printed on the ballot, and those opposed to municipal alcoholic beverage control stores shall mark in the voting square to the left of the words 'Against alcoholic beverage control stores'. Excepting as otherwise herein provided, if a special election is called, the election authorized shall be conducted under the same statutory laws and regulations applicable to regular municipal election for the City Council in the City of Albemarle, and the costs thereof shall be paid from the general fund of the City of Albemarle.

C. If the operation of municipal alcoholic beverage control stores is authorized under the provisions of this act, the City Council shall create immediately a municipal board of alcohol control to be composed of three members who shall be well known for their character, ability, and business acumen. The City Council shall appoint a chairman and two other members.

Said board shall be known and designated as the 'City of Albemarle Board of Alcohol Control'. The member designated as chairman shall serve for his first term a period of three years. As to other members, one member shall serve for his first term a period of two years, and the other member shall serve for his first term a period of one year, and all terms shall begin with the date of their appointment. Thereafter, as the terms of the chairperson and the members expire, their successors in the office shall serve for terms of three years each and until their successors are appointed and qualified. Any vacancy on said board will be filled by the City Council. Compensation of the members of the said City of Albemarle Board of Alcohol Control shall be fixed by the City Council.

D. The City of Albemarle Board of Alcohol Control shall have all the powers and duties imposed by Section 18A-17 of the General Statutes on county boards of alcohol control and shall be subject to the powers and authority of the State
Board of Alcohol Control the same as county boards of alcohol control, as provided in Section 18A-15 of the General Statutes. The City of Albemarle Board of Alcohol Control and the operation of any city alcoholic beverage control stores authorized under the provisions of this Section shall be subject to and in pursuance with the provisions of Chapter 18A of the General Statutes of North Carolina except to the extent which the same may be in conflict with the provisions of this Section. Wherever the 'county' board of alcohol appears in this Chapter, it shall include the City of Albemarle Board of Alcohol Control. The City of Albemarle Board of Alcohol Control shall have authority to employ legal counsel and such other employees as it may deem wise and fix their compensation.

E. Out of net revenue, five percent (5%) and no more than ten percent (10%) may be expended for law enforcement purposes. Any officers employed by the City of Albemarle Board of Alcohol Control shall have jurisdiction throughout Stanly County. Out of net revenue, up to five percent (5%) may be expended for alcoholic education as to the effects of the use of alcoholic beverages. Out of the net revenue remaining after the payment of all costs and operating expenses, and after retaining a sufficient working capital, the City of Albemarle Board of Alcohol Control shall on a quarterly basis pay over seventy percent (70%) of said net revenue to the general fund of Stanly County.

F. No election as hereinbefore called for under this Section may be held more often than once every three years.

"Section 6.2. Industrial Development. The City Council is authorized and empowered, annually, in its discretion, to set apart and appropriate from funds of the City not raised by taxation, an amount determined by the Council for the purpose of aiding and encouraging the location of manufacturing, industrial and commercial development, for advertising the advantages and resources of the City, and for such other purposes as will in the opinion of the Council, increase the taxable wealth within the City and promote the general welfare of the City and its people."

Sec. 2. The purpose of this act is to revise the Charter of the City of Albemarle and to consolidate herein certain acts concerning the property, affairs, and government of the City. (1) If he shall have attained at least his twenty-first birthday and shall not have attained his thirtieth birthday on the date of such transfer, he shall automatically become a member on such date of transfer. In determining such transferred employee's number of years of continuous employment by the City of Winston-Salem, employment with the Police Department prior to such transfer shall be taken into account only if such employee shall elect to contribute to the Association the amount he would have contributed if his employment with the Police Department had been with the Fire Department, plus interest at the rate of four and one-half percent (4 1/2%) compounded annually.

(2) If he shall have attained at least his thirtieth birthday on the date of transfer, but had not attained such birthday when last employed by the Police Department, he may elect within sixty days following such transfer to become a member. If he elects to become a member, he shall contribute to the Association the amount he would have contributed if he had become a member on the day next preceding his thirtieth birthday. In addition, at the option of such employee, he may further elect to contribute such additional amount as he would have contributed prior to his thirtieth birthday if his employment with the Police Department had been with the Fire Department. (3) If he shall have attained at least his thirtieth birthday when last employed by the Police Department, he shall be ineligible to become a member following such transfer.

(4) The elections specified in subdivisions (1) and (2) hereof shall be made in writing to the Trustees within sixty days following such transfer, and shall be irrevocable when made (subject to termination of membership upon a subsequent separation from employment with the Fire Department). Any contributions (and interest) payable pursuant to such election shall be paid in cash in a lump sum at the time such election shall be filed.

(b) Notwithstanding the provisions of subsection (a) of Section 2 hereof, as soon as practicable following the ratification date (but in no event more than sixty days thereafter) the Trustees shall give each person who is then employed by the City of Winston-Salem as a Public Safety Officer an election to be a member or not to be a member of the Association. Each such election shall be made in accordance with procedures established by the Trustees and shall be irrevocable when made (subject to termination of membership upon a subsequent separation from the employment of the City of Winston-Salem, and subject to the provisions of subsection (a) of this Section 16). If a Public Safety Officer shall fail to file a timely election, he shall be deemed to have elected not to be a member. If a Public Safety Officer who is a member on the date of the election shall elect to discontinue membership (or shall be deemed to have so elected), within thirty days following such date there shall be refunded to him the full amount of his prior contributions to the Association, if any, without interest. If a Public Safety Officer who has failed to make contributions prior to the election date shall elect to be a member, he shall within thirty days
following such election pay to the Association the full amount he would have contributed if he had made required contributions during the entire period that he was eligible to be a member. Such contributions shall include interest at the rate of four and one-half percent (4 1/2%) per annum, compounded annually.

(c) Any member whose employment by the Fire Department or as a Public Safety Officer shall be terminated on or after the ratification date for any reason, including due to transfer to another department in the employment of the City, shall be terminated immediately as a member. If such a terminated member shall reenter employment of the Fire Department, his eligibility to become a member shall be determined at that time in accordance with Section 2 hereof, except to the extent such individual may be entitled to elect to become a member upon a transfer of employment as provided in subsection (a) of this Section 16.

Section 1. In addition to the authority granted by Article 12 of Chapter 160A of the General Statutes, the City of Asheville is authorized to dispose of real property in accordance with the provisions of Section 2 or 3 of this act.

Sec. 2. The City Council may convey at private sale to a prospective developer particular properties in excess of five thousand dollars ($5,000) in valuation where it finds that the proposed developer is the only known available, qualified and willing developer for the contemplated use of the property which may have been specified or designated by council, provided that one or more of the following findings are made and verified after a public hearing, notice of which shall be given once a week for two successive calendar weeks in a newspaper published in the municipality, said notice to be published the first time not less than fifteen (15) days prior to the date fixed for said hearing:

(a) that the proposed use or development is reasonably necessary in order to assure development which will have the desired beneficial effect upon neighboring property, the project area, and the community as a whole;

(b) that the proposed use or development will assure that the property will not remain unused for an unduly long period and will result in a return to the local ad valorem tax rolls at a substantially greater assessed valuation and at an earlier date than uses or redevelopment obtained by other methods of disposition.

Conveyances made in this manner shall be for such consideration and conditions as may be agreed upon by the council and the developer which shall not be less than the fair, actual value of the property, as determined by the council, based on competent evidence.

Sec. 3. (a) After a public hearing advertised in accordance with the provisions of G.S. 160A-364, the City Council may determine that in the best interest of the municipality certain property should be developed for one purpose only, said purpose and terms of sale or conveyance being designated by City Council. The City Council shall advertise such property and invite redevelopment proposals by public notice, by publication once a week for two consecutive weeks in a newspaper having general circulation in the municipality, and shall make available all pertinent information to any person interested in undertaking a purchase of such property and the redevelopment of such property or any part thereof. Any property sold in accordance with this subsection shall be sold by negotiated offer, advertisement, and upset bid for cash at a price not less than the fair market value thereof as fixed by the City.
Council. All conveyances made under the authority of this subsection shall contain restrictive covenants limiting the use of property conveyed to the designated purpose for which the conveyance is made.

(b) In addition to the provisions of the preceding paragraph the City Council may reject the highest responsible bid and accept a lesser bid where it makes the following specific findings:

The general public welfare and proper development of the community will be better served by the bid which was accepted than by the higher bid or bids which were rejected, for one or more of the following reasons:

(1) The proposed use or development of the land under the successful bid will result in an assessed valuation for ad valorem taxation greater than that of the use or uses proposed by the higher bidders;

(2) The proposed use or development of the land under the successful bid will have a substantially greater beneficial effect upon neighboring property, the project area, and the community as a whole than the use or uses proposed by the higher bidder and will tend to induce greater investment in development of other property in the area.

Sec. 4. The Asheville Housing Authority shall be authorized to sell or otherwise dispose of property within redevelopment areas designated by the City Council of the City of Asheville under the provisions and conditions set forth in Sections 2 and 3 herein, provided that final approval of the sale and/or conveyance is approved by the City Council of the City of Asheville.

"§ 143B-424. Powers and duties of commission.—The commission may acquire from an insurance company or insurance companies a group plan of professional liability insurance covering the law enforcement officers and/or public officers and employees of any county or municipality of the State. The commission shall have full authority to negotiate with insurance companies submitting bids or proposals and shall award its group plan master contract on the basis of the company or companies found by it to offer maximum coverage at the most reasonable premium. The commission is authorized to enter into a master policy contract of such term as it finds to be in the best interests of the law enforcement officers and/or public officers and employees of the counties and municipalities of the State, not to exceed five years. The commission, in negotiating for such contract, is not authorized to pledge or offer the credit of the State of North Carolina. The insurance premiums shall be paid by the counties or municipalities whose employees are covered by the professional liability insurance. Any municipality or county may elect coverage for any or all of its employees on a departmental basis; provided all employees in a department must be covered if coverage is elected for that department. Nothing contained herein shall be construed to require any county or municipality to participate in any group plan of professional liability insurance.

The commission may, in its discretion, employ professional and clerical staff whose salaries shall be as established by the State Personnel Commission.

Should the commission determine that reasonable coverage is not available at a reasonable cost, the commission may undertake such studies and inquiries into the situation and alternatives, including self insurance and State administered funds, as the commission deems appropriate. The commission shall then bring before the General Assembly such recommendations as it deems appropriate.

The commission may acquire information regarding loss ratios, loss factors, loss experience and other such facts and figures from any company issuing professional liability insurance covering public officers, employees or law enforcement officers in the State of North Carolina. Such information shall not be deemed a public record within the meaning of Chapter 132 of the General Statutes where it names the company divulging such information, but the commission may make public such information to show aggregate statistics in respect to the experience of the State as a whole. The information shall be provided to the commission upon its written demand and shall be submitted to

The commission shall give notice of its meetings to the company or companies and to all insureds. The commission shall attempt to resolve such difficulties as arise in the servicing and administration of the program of insurance between the company and insureds.

§ 143B-426. Contract conditions.—The commission, in procuring and negotiating for the contract of insurance herein described shall include in any procurement document the following conditions, which are not subject to negotiation and which are deemed a part of the said contract when entered into:

1. The master policy shall be issued in the name of the commission and shall include all governmental entities for which coverage was requested in the procurement document.

2. The company or companies selected must name a servicing agent resident in North Carolina who shall issue all certificates, collect all premiums, process all claims, and be responsible for all processing, service and administration of the program of insurance provided.

S. B. 268  CHAPTER 326

AN ACT TO PERMIT THE CITY OF CLINTON TO INCREASE ITS PARKING PENALTY.

Whereas, the City of Clinton has been notified by its city attorney that the North Carolina Attorney General's Office has advised that the provision in Section 30(b) of Chapter 15 of the Clinton City Code, which provision creates a presumption that the registered owner of a motor vehicle, which was in violation of the limited parking time specified in the ordinance, is presumed to have been the violator of the ordinance and is thus subject to a penalty of five dollars ($5.00), is preempted by the provisions of G.S. 20-162.1, which provides that a city parking ordinance may rely on such a presumption but may provide for a penalty of only one dollar ($1.00); and

Whereas, G.S. 20-162.1 was enacted in the year 1953, when a dollar was worth more in actual spending power than a quarter; and

Whereas, a penalty of one dollar ($1.00) has not proved to be a sufficient deterrent to stop overtime parking in the downtown business area of Clinton or in many other municipalities in North Carolina; Now, therefore,
The General Assembly of North Carolina enacts:

Section 1. The last sentence of G.S. 20-162.1 is rewritten to read as follows:

Such districts shall be established and amended under rules, regulations and guidelines as may be established by City Council. Sec. 10. That Article XV of the revised and consolidated Charter of the City of Wilson (Chapter 136 of the 1969 Session Laws) be amended by rewriting said Article to read as follows:

"Section 15.1. Alternative Methods of Assessing Costs of Improvements. In addition to, and as alternatives to, the method provided in Article 10 of Chapter 160A of the North Carolina General Statutes for assessing the cost of improvements against the benefited property, the City Council, if in its opinion, it would be more equitable to do so, is hereby authorized in its discretion to levy any such assessments in accordance with the provisions of this Article. In lieu of assessing the total cost of a particular project as provided in G.S. 160A-218, the City Council may annually, between the first day of January and the first day of July of each year, determine the average cost of installing such improvements and on the basis of such determination may make assessments of such average cost during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of improvements completed during the preceding calendar year. It may also include the anticipated increase in labor and material costs based upon the average of such increases during the preceding five calendar years. The assessment of the average costs of such improvements shall not be made until after the particular project to be assessed has been completed. The purpose of this section is to distribute more equitably the cost of the installation of public works improvements throughout the City; to permit a property owner to know in advance what the cost of installation of the improvements benefiting his property will be; and to permit the most expeditious assessment of costs against
the property after completion of the installation of such improvements. The actual cost of acquisition of right-of-way may also be assessed as a part of the cost of an individual project. If the right-of-way cost has not been determined and assessed with the assessment of the average installation cost at the time of the completion of the project, such costs may be assessed separately when they are determined.

"Section 15.2. Acreage Charges for Water and Sewer Connections. In addition to, and as alternatives to the water and sewer service charges authorized by G.S. 160A-314 and other connection charges authorized by law, the City Council may establish and collect acreage charges for making connection to the city water and sewerage systems, both inside and outside the corporate limits, to aid in the financing of new water mains and sewer outfall lines and the replacement or enlargement of existing mains and outfall lines. Such charges shall apply uniformly to all properties to which water or sewer service is extended subsequent to the establishment of such charges; provided, the City Council may establish higher acreage charges for property to be developed for commercial, institutional, or industrial use than those established for property to be developed for other uses, and may base acreage charges for residential development on the number of dwelling units per acre of land."

Sec. 11. That Article XVI of the revised and consolidated Charter of the City of Wilson (Chapter 136 of the 1969 Session Laws) be repealed in its entirety.

Sec. 12. That Chapter 151 of the 1963 Session Laws prohibiting members of the Board of Adjustment, Planning Board, Board of Appeals for Airport Zoning, and the Recreation Commission of the City of Wilson from serving more than two consecutive terms of 3 years is hereby repealed and declared null and void.

Sec. 17. That Chapter 635 of the 1961 Session Laws relating to the appointment and terms of office of members of the City of Wilson Board of Appeals for Airport Zoning be and it is hereby repealed and declared null and void.

Sec. 18. That the revised and consolidated Charter of the City of Wilson (Chapter 136 of the 1969 Session Laws) be amended by adding the following Article to be numbered VIII which shall read as follows:

"Article VIII. Purchasing.

"Section 8.1. Contracts Requiring Use of Formal Bid Procedure. Notwithstanding the provisions of G.S. 143-129, the City of Wilson shall not be required to use the formal bid procedure for construction or repair work
requiring the estimated expenditure of $30,000 or less or for the purchase or lease-purchase of apparatus, materials, supplies, or equipment requiring an estimated expenditure of $10,000 or less; notwithstanding the provisions of G.S. 143-132, the City of Wilson may let public contracts on construction of repair work with estimated costs between $30,000 and $50,000 on receipt of at least two competitive bids without readvertising upon first finding that readvertising is not in the public interest."

Sec. 19. The purpose of this act is to revise the Charter of the City of Wilson to eliminate unnecessary repetition of the general law and to eliminate, wherever possible, variations from the general law. It is intended to continue without interruption those rights and privileges conferred to the City of Wilson by the general law as embodied in Chapter 160A of the North Carolina General Statutes so that all such rights and privileges are preserved and continue to inure to the City of Wilson.

(b) No action or proceeding of any nature (whether civil or criminal, judicial or administrative, or otherwise) pending at the effective date of this act by or against the City of Wilson or any of its departments or agencies shall be abated or otherwise affected by the adoption of this act.

Sec. 23. If any of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 24. Whenever a reference is made in this act to a particular provision of the General Statutes, and such provision is later amended, repealed, or superseded, the reference shall be deemed amended to refer to the amended General Statute, or to the General Statute which most clearly corresponds to the statutory provision which is repealed or superseded.

(a) In addition to any authority which is now or may hereafter be granted by general law to the City for making street improvements, the Board of Aldermen is hereby authorized to make street improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of this section.

(b) The Board of Aldermen may order street improvements and assess the cost thereof against the abutting property owners, exclusive of the costs incurred at street intersections, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes without the necessity of a petition, upon the finding by the Board of Aldermen as a fact:

(1) that the street improvement project does not exceed 1,200 linear feet; and
(2) that such street or part thereof is unsafe for vehicular traffic, and it is in the public interest to make such improvement; or
(3) that it is in the public interest to connect two streets, or portions of a street already improved; or
(4) that it is in the public interest to widen a street, or part thereof, which is already improved; provided, that assessments for widening any street or portion of street without a petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the City’s thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this section.

(c) For the purposes of this section, the term ‘street improvement’ shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of rights-of-way, and the construction or reconstruction of curbs, gutters and street drainage facilities.
(d) In addition to any authority which is now or may hereafter be granted by general law to the City for making sidewalk improvements, the Board of Aldermen is hereby authorized without the necessity of a petition, to make or to order to be made sidewalk improvements or repairs according to standards and specifications of the City, and to assess the total cost thereof against abutting property owners, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes; provided, however, that regardless of the assessment basis or bases employed, the Board may order the cost of sidewalk improvements made only on one side of a street to be assessed against property owners abutting both sides of such street.

(e) In ordering street and sidewalk improvements without a petition and assessing the cost thereof under authority of this section, the Board of Aldermen shall comply with the procedure provided by Article 10, Chapter 160A of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

(f) The effect of the act of levying assessments under the authority of this section shall for all purposes be the same as if the assessments were levied under authority of Article 10 of Chapter 160A of the General Statutes.

"Section 7.2. Power of Eminent Domain. The procedures provided in Article 9 of Chapter 136 of the General Statutes, as specifically authorized by G.S. 136-66.3(c), shall be applicable to the City in the case of acquisition of lands, easements, privileges, rights-of-way and other interests in real property for any purpose authorized by law through the exercise of the power of eminent domain. The City, when seeking to acquire such property or rights or easements therein or thereto, shall have the right and authority, at its option and election, to use the provisions and procedures as authorized and provided in G.S. 136-66.3(c) and Article 9 of Chapter 136 of the General Statutes for any of such purposes without being limited to streets constituting a part of the State Highway System; provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c), unless (1) the exercise of such power of eminent domain is either consented to by the owner of the property to be acquired by the City or (2) it is first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation."

Section 1. Chapter 1 of the General Statutes is amended by adding a new section to read:

"§ 1-42.5. Additional amount mineral claims extinguished; oil, gas and mineral interests to be recorded and listed for taxation.—(a) Where it appears on the public records that the fee simple title to any oil, gas or mineral interest in an area of land has been severed or separated from the surface fee simple ownership of such land and such interest is not in actual course of being mined, drilled, worked or operated, or in the adverse possession of another, or that the record titleholder of any such oil, gas or mineral interest has not listed the same for ad valorem tax purposes in the county in which the same is located for a period of 10 years prior to January 1, 1979, any person having the legal capacity to own land in this State, who has on September 1, 1979, an unbroken chain of title of record to such surface estate of such area of land for at least 50 years, and provided such surface estate is not in the adverse possession of another, shall be deemed to have a marketable title to such surface estate as provided in the succeeding subsections of this section, subject to such interests and defects as are inherent in the provisions and limitations contained in the muniments of which such chain of record title is formed.

(b) Such marketable title shall be held by such person and shall be taken by his successors in interest free and clear of any and all such fee simple oil, gas or mineral interests in such area of land founded upon any reservation or exception contained in an instrument conveying the surface estate in fee simple which was executed or recorded at least 50 years or more prior to September 1, 1979, and such oil, gas or mineral interests are hereby declared to be null and void and of no effect whatever at law or in equity: Provided, however, that any such fee simple oil, gas or mineral interest may be preserved and kept effective by recording within two years after September 1, 1979, a notice in writing duly sworn to and subscribed before an official authorized to take probate by G.S. 47-1, which sets forth the nature of such oil, gas or mineral interest and gives the book and page where recorded. Such notice shall be probated as required for registration of instruments by G.S. 47-14 and recorded in the office of the register of deeds of the county wherein such area of land or any part thereof.
lies, and in the book therein kept or provided under the terms of G.S. 1-42 for
the purpose of recording certain severances of surface and subsurface land
rights, and shall state the name and address of the claimant and, if known, the

made and recorded by the claimant or by any other person acting on behalf of
any claimant who is either under a disability, unable to assert a claim on his

(d) Within two years from November 1, 1979, all oil, gas or mineral interests
in lands severed or separated from the surface fee simple ownership must be
listed for ad valorem taxes and notice of such interests must be filed in writing
in the manner provided by G.S. 1-42.5(b) and recorded in the local registry in
the book provided by G.S. 1-42, to be effective against the surface fee simple

B. The Council may order street improvements and assess the cost thereof against the abutting property owners, exclusive of the costs incurred at street intersections, according to one or more of the assessments bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes without the necessity of a petition, upon the finding by Council as a fact:

(1) That the street improvement project does not exceed 1,200 linear feet, and

(3) That it is in the public interest to connect two streets, or portions of a street already improved, or
(4) That it is in the public interest to widen a street, or part thereof, which is already improved; provided, that assessments for widening any street or portion of street without a petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the Town thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Section.

C. For the purposes of this Section, the term street improvement shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of rights-of-way, and the construction or reconstruction of curbs, gutters and street drainage facilities.

D. In addition to any authority which is now or may hereafter be granted by general law to the Town for making sidewalk improvements, the Town Council is hereby authorized without the necessity of a petition, to make or to order to be made sidewalk improvements or repairs according to standards and specifications of the Town, and to assess the total cost thereof against abutting property owners, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes; provided, however, that regardless of the assessment basis or bases employed, the Council may order the cost of the sidewalk improvements made only on one side of a street to be assessed against property owners abutting both sides of such street.

E. In ordering street and sidewalk improvements without a petition and assessing the cost thereof under authority of this Section, the Town Council shall comply with the procedure provided by Article 10, Chapter 160A of the
General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

“Section 5.3. Sale of Property. The Town Council shall have full power at all times to sell, at public or private sale, any real or personal property belonging to said town, other than property in use as town hall, fire department, and other public uses, notwithstanding provisions of G.S. 160A-266 to the contrary.

“Section 5.4. Alcoholic Beverage Control Stores. A. Such election or elections may be held notwithstanding the provisions of G.S. 18A-52(d) (h) and (i). No new registration of voters shall be necessary for such special election, and all qualified voters of the town who are registered prior to the registration period for such special election, and all who register during such period shall be eligible and entitled to vote in such special election. Except as otherwise provided herein, if a special election is called, the special election authorized shall be conducted under the same statutes, rules and regulations applicable to general elections for the Town of Rutherfordton. The governing body shall cause public notice of any such special election to be posted at the Town Hall and published in a newspaper having general circulation in the town at least 15 days preceding the day of the election.

B. At such special election, ballots shall be provided which contain the words, ‘For Town Alcoholic Beverage Control Stores’ and ‘Against Town Alcoholic Beverage Control Stores’ and/or, ‘For off-premises sales of malt beverages’ and ‘Against off-premises sales of malt beverages’. The Town Council shall determine whether both questions are to be included on the same ballot or

separate ballots. Appropriate squares shall be printed to the left of each phrase so that each voter may designate with an ‘X’ his preference. The cost of conducting the election shall be appropriated from the General Fund of the Town of Rutherfordton.

C. If a majority of the votes cast at any such special election authorized under this section shall be cast ‘For Town Alcoholic Beverage Control Stores’ then it shall thereafter be lawful for such store or stores to be established and operated within the town, and the Town Council will then immediately create and appoint the Town of Rutherfordton Alcoholic Beverage Control Board, to be composed of a chairman and two other members. The member designated chairman by the Town Council shall serve for a term of three years; one member for a term of two years; and one member for a term of one year. After serving the initial terms, successors shall be appointed for terms of three years. Any vacancy on such board shall be filled by the Town Council for the unexpired term. Compensation of the members of the Board shall be fixed by the Town Council. If a majority of the votes cast in any such election authorized under this section shall be cast ‘For off-premises sales of malt beverages’ then the off-premises sale of malt beverages shall thereafter be lawful in the Town of Rutherfordton.

D. The Town of Rutherfordton Alcoholic Beverage Control Board shall have all the powers granted to, and duties imposed upon, county alcoholic control boards by G.S. 18A-17, except that G.S. 18A-17 (14) shall not apply to the Rutherfordton Board of Alcoholic Beverage Control, and shall be subject to the powers and authority of the State Board of Alcoholic Beverage Control as granted by G.S. 18A-18; provided, however, that the location of stores and the purchase or lease of real property shall be subject to the approval of the Town Council.

The Rutherfordton Board of Alcoholic Beverage Control on a quarterly basis shall, after retaining a sufficient and proper working capital and making payment of salaries and expenses, distribute the net profits out of the operation of said alcoholic beverage control store(s) in the following manner, and none other:

All agencies outside of the government of the Town of Rutherfordton which receive net proceeds from the Town Alcoholic Beverage Control Board, shall be required to file an annual report to the Town Council, specifying how all proceeds were expended.

E. Subsequent elections on Alcoholic Beverage Control stores or off-premises sales of malt beverages shall not be held within two years of any previous election on the question, provided an election on one question shall not prevent an election on the other question.

If a subsequent election is held and the majority of the votes are cast 'Against Town Alcoholic Beverage Control Stores' the Town of Rutherfordton Alcoholic Beverage Control Board shall, within three months of certification of such election, dispose of all alcoholic beverages on hand and all of the assets under the control of said board, and convert the same into cash and turn the same over to the Town Treasurer. AN ACT TO REVISE THE PROCEDURES FOR HANDLING VOTER CHALLENGES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 163-85 is rewritten to read as follows:

"§ 163-85. Challenge procedure other than on day of primary or election.—(a) Any registered voter of the county may challenge the right of any person to register, remain registered or vote in such county. No such challenge may be made after the close of the registration books, pursuant to G.S. 163-67, before each primary, general, or special election.

(b) Challenges shall be made to the county board of elections. Each challenge shall be made separately, in writing, under oath and on forms prescribed by the State Board of Elections, and shall specify the reasons why the challenged voter is not entitled to register, remain registered, or vote. When a challenge is made, the board of elections shall cause the word 'challenged' to be written in pencil on the registration records of the voter challenged. The challenge shall be signed by the challenger and shall set forth the challenger's address.

(c) Such challenge may be made only for one or more of the following reasons:

1. that a person is not a resident of the State of North Carolina, or
2. that a person is not a resident of the county in which the person is registered, or
3. that a person is not a resident of the precinct in which the person is registered, or
4. that a person is not 18 years of age, or if the challenge is made within 60 days before a primary, that the person will not be 18 years of age by the next general election, or
5. that a person has been adjudged guilty of a felony and is ineligible to vote under G.S. 163-55(2), or
6. that a person is disqualified from voting under G.S. 122-55.2(c) because such person has been adjudicated incompetent under the provisions of Chapter 35 of the General Statutes and has not been restored to legal capacity, or
7. that a person has been disqualified from voting under G.S. 163-276 and the period of disqualification has not expired, or
8. that a person is not a citizen of the United States, or
9. with respect to municipal registration only, that a person is not a resident of the municipality in which the person is registered.

(d) When a challenge is made, the county board of elections shall schedule a preliminary hearing on the challenge, and shall take such testimony under oath and receive such other evidence proffered by the challenger as may be offered. The burden of proof shall be on the challenger, and if no testimony is presented, the board shall dismiss the challenge. If the challenger presents evidence and if the board finds that probable cause exists that the person challenged is not qualified to vote, then the board shall schedule a hearing on the challenge.

(e) The presentation of a letter mailed by returnable first-class mail to the voter at the address listed on the voter registration card and returned because the person does not live at the address shall constitute prima facie evidence that the person no longer resides in the precinct."
Sec. 2. G.S. 163-86 is rewritten to read as follows:

"§ 163-86. Hearing on challenge.—(a) A challenge made under G.S. 163-85 shall be heard and decided before the date of the next primary or election, except that if the board finds that because of the number of challenges, it cannot hold all hearings before the date of the election, it may order the challenges to be heard and decided at the next time the challenged person appears and seeks to vote, as if the challenge had been filed under G.S. 163-87. Unless the hearing is ordered held under G.S. 163-87, it shall be heard and decided by the board of elections.

(b) At least 10 days prior to the hearing scheduled under G.S. 163-86(c), the board of elections shall mail by first-class mail, a written notice of the challenge to the challenged voter, to the address of the voter listed in the registration records of the county. The notice shall state succinctly the grounds asserted, and shall state the time and place of the hearing. If the hearing is to be held at the polls, the notice shall state that fact and shall list the date of the next scheduled election, the location of the voter's polling place, and the time the polls will be open. A copy of the notice shall be sent to the person making the challenge and to the chairman of each political party in the county.

(c) At the time and place set for the hearing on a challenge entered prior to the date of a primary or election, the county board of elections shall explain to the challenged registrant the qualifications for registration and voting in this State. The board chairman, or in his absence the board secretary, shall then administer the following oath to the challenged registrant:

'You swear (or affirm) that the statements and information you shall give in this hearing with respect to your identity and qualifications to be registered and to vote shall be the truth, the whole truth, and nothing but the truth, so help you, God.'

After swearing the challenged registrant, the board shall examine him as to his qualifications to be registered and to vote. If the challenged registrant insists that he is qualified, the board shall tender to him the following oath or affirmation:

'You do solemnly swear (or affirm) that you are a citizen of the United States; that you are at least 18 years of age or will become 18 by the date of the next general election; that you have or will have resided in this State and in the precinct for which registered for 30 days by the date of the next general election; that you are not disqualified from voting by the Constitution or the laws of this State; that your name is ___________, and that in such name you were duly registered as a voter of ___________ precinct; and that you are the person you represent yourself to be, so help you, God.'

If the challenged registrant refuses to take the tendered oath, or submit to the board the affidavit required by subsection (d), below, the challenge shall be sustained. If the challenged registrant takes the tendered oath, the board may, nevertheless, sustain the challenge if it finds the challenged registrant is not a legal voter.

The board, in conducting hearings on challenges, shall have authority to subpoena any witnesses it may deem appropriate, and administer the necessary oaths or affirmations to all witnesses brought before it to testify to the qualifications of the persons challenged.
(d) Appearance by challenged registrant. The challenged registrant shall appear in person at the challenge hearing. If he is unable to appear in person, he may be represented by another person and must tender to the county board of elections an affidavit that he is a citizen of the United States, is at least 18 years of age or will become 18 by the date of the next general election, has or will have resided in this State and in the precinct for which registered for 30 days by the date of the next general election, is not disqualified from voting by the Constitution or laws of this State, is named ________ and was duly registered as a voter of ________ precinct in such name, and is the person represented to be by the affidavit."

The form of such affidavit shall be prescribed by the State Board of Elections and shall be available at the polls.

(b) Any person requesting a challenged ballot shall have the letter 'C' entered at the appropriate place on the voter's permanent registration record. The voter's name shall be entered on a separate page in the pollbook entitled 'Challenged Ballot', and serially numbered. The challenged ballot shall be the same type of ballot used for absentee voters, and the registrar shall write across the top of the ballot 'Challenged Ballot #____', and shall insert the same serial number as entered in the pollbook. The registrar shall deliver to such voter a challenged ballot together with an envelope marked 'Challenged Ballot' and serially numbered. The challenged voter shall forthwith mark the ballot in the presence of the registrar in such manner that the registrar shall not know how the ballot is marked. He shall then fold the ballot in the presence of the registrar so as to conceal the markings and deposit and seal it in the serially numbered envelope. He shall then deliver such envelope to the registrar. The registrar shall retain all such envelopes in an envelope provided by the county board of elections, which he shall seal immediately after the polls close, and deliver to the board chairman at the canvass.

(c) The chairman of the county board of elections shall preserve such ballots in the sealed envelopes for a period of six months after the election. However, in the case of a contested election, either party to such action may request the court to order that the sealed envelopes containing challenged ballots be delivered to the board of elections by the chairman. If so ordered, the board of elections shall then convene and consider each challenged ballot and rule as to which ballots shall be counted. In such consideration, the board may take such further evidence as it deems necessary, and shall have the power of subpoena. If any ballots are ordered to be counted, they shall be added to the vote totals."

302
(b) No challenge shall be sustained unless the challenge is substantiated by affirmative proof. In the absence of such proof, the presumption shall be that the voter is properly registered or affiliated.

"§ 163-90.2. Action when challenge sustained, overruled, or dismissed.—(a) When any challenge is sustained for any cause listed under G.S. 163-85(c), the board shall cancel the voter registration of the voter and shall remove his card from the book, but shall maintain such record for at least six months and during the pendency of any appeal.

(b) When any challenge heard under G.S. 163-88 or G.S. 163-89 is sustained on the ground that the voter is not affiliated with the political party shown on his registration record, the board shall change the voter's party affiliation to 'unaffiliated'.

(c) When any challenge made under G.S. 163-85 is overruled or dismissed, the board shall erase the word 'challenged' which appears on the person's registration records.

"§ 163-90.3. Making false affidavit perjury.—Any person who shall knowingly make any false affidavit or shall knowingly swear or affirm falsely to any matter of thing required by the terms of this Article to be sworn or affirmed shall be guilty of perjury."

E. In ordering street and sidewalk improvements without a petition and assessing the cost thereof under authority of this Article, the Board shall comply with the procedure provided by Article 10, Chapter 160A of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

CHAPTER 394

AN ACT AUTHORIZING THE WATAUGA COUNTY BOARD OF EDUCATION TO ESTABLISH ORDINANCES REGULATING TRAFFIC AND PARKING ON PROPERTY OWNED OR LEASED BY THE WATAUGA COUNTY BOARD OF EDUCATION AND ADMINISTERED BY THE WATAUGA COUNTY BOARD OF EDUCATION.

The General Assembly of North Carolina enacts:

Section 1. (a) All of the provisions of Chapter 20 of the General Statutes relating to the use of highways of the State and the operation of motor vehicles and other modes of conveyance thereon are applicable to all streets, alleys, driveways, parking lots, and parking structures on Watauga County Board of Education Property; hereinafter referred to as "board property". As used herein, "board property" shall mean all property owned or leased by the Watauga County Board of Education and administered by the Watauga County Board of Education.

(b) The Watauga County Board of Education may by ordinance prohibit, regulate, divert, control and limit pedestrian or vehicular traffic and the parking of motor vehicles and other modes of conveyance on all board property. In fixing speed limits the Watauga County Board of Education is not subject to G.S. 20-141(f) or (g), but may fix any speed limit reasonable and safe under the
circumstances as conclusively determined by the Watauga County Board of Education.

(c) The Watauga County Board of Education may by ordinance provide for the registration of motor vehicles and other modes of conveyance maintained or operated on any board property by any student, faculty member, or employee of the Watauga County Board of Education, and may fix fees for such registration. The ordinance may make it unlawful for any person to operate an unregistered motor vehicle or other modes of conveyance on any board property when the vehicle is required by the ordinance to be registered.

(d) The Watauga County Board of Education may by ordinance set aside parking lots and other parking facilities on board property for use by students, faculty, and employees of the Watauga County Board of Education and members of the general public attending, visiting or making use of any of the facilities of the Watauga County Board of Education. The Watauga County Board of Education may issue permits to park in these lots and garages and may charge a fee therefor. The Watauga County Board of Education may also by ordinance make it unlawful for any person to park a motor vehicle or other mode of conveyance in any lot or other parking facility without procuring the requisite permit and displaying it on the vehicle.

(e) The Watauga County Board of Education may by ordinance provide for the issuance of stickers, decals, permits, or other indicia representing the registration status of vehicles or the eligibility of vehicles to park on board property and may by ordinance prohibit the forgery, counterfeiting, unauthorized transfer, or unauthorized use of them.

(f) The violation of any ordinance adopted under any portion of this act is a misdemeanor punishable by a fine of not more than fifty dollars ($50.00) or imprisonment for not more than 30 days, in the discretion of the court. An ordinance may provide that certain acts prohibited thereby shall not be enforced by criminal sanctions, and in such cases a person committing any such act shall not be guilty of a misdemeanor.

(g) An ordinance adopted under any portion of this act may provide that violation subjects the offender to a civil penalty. Penalties may be graduated according to the seriousness of the offense or the number of prior offenses by the person charged. The Watauga County Board of Education may establish procedures for the collection of these penalties and they may be enforced by civil action in the nature of debt. The Watauga County Board of Education may also provide for appropriate administrative sanctions if an offender does not pay a validly due penalty or upon repeated offenses. Appropriate administrative sanctions include, but are not limited to, revocation of parking permits, termination of vehicle registration, and termination or suspension of enrollment in or employment in the Watauga County school system.

(h) An ordinance adopted under any portion of this act may provide that any vehicle parked in violation thereof may be removed from board property by the Watauga County Board of Education or by an agent of the Watauga County Board of Education to a storage area or garage. If a vehicle is so removed, the owner, as a condition of regaining possession of the vehicle, shall be required to pay to the Watauga County Board of Education all reasonable costs incidental to the removal and storage of the vehicle and any fine or penalty due for the violation. And further, the cost of any such removal constitutes a lien on the

341
vehicle that may be enforced in the manner provided by law for enforcement of mechanics' and materialmen's liens.

(i) Evidence that a motor vehicle or other mode of conveyance was found parked or unattended in violation of an ordinance of the Watauga County Board of Education is prima facie evidence that the vehicle was parked by:

(1) the person holding a parking permit for the vehicle; or

(2) if no parking permit was issued for the vehicle, the person in whose name the vehicle was registered with the Watauga County Board of Education; or

(3) if no Watauga County Board of Education parking permit has been issued for the vehicle and the vehicle is not registered with the Watauga County Board of Education, the person in whose name it is registered with the North Carolina Department of Motor Vehicles or the corresponding agency of another state or nation.

The rule of evidence established by this subsection applies only in civil, criminal or administrative action or proceedings concerning violations of ordinances of the Watauga County Board of Education.

(j) The Watauga County Board of Education shall cause to be posted appropriate notice to the public of applicable traffic and parking restrictions.

(k) All ordinances adopted under this act shall be recorded in the minutes of the Watauga County Board of Education. The Watauga County Board of Education shall provide for printing and distributing copies of its traffic and parking ordinances.

(l) All monies received pursuant to this act shall be placed in a trust account administered by the Watauga County Board of Education and may be used to defray the cost of administering and enforcing ordinances adopted under this act, the cost of developing, maintaining and supervising parking areas and facilities on board property, or for other purposes related to parking, traffic, and transportation on board property.

Sec. 2. This act shall also apply to Transylvania County.

Sec. 3. This act is effective upon ratification.

(b) In lieu of the bond specified in paragraph (a) above, the person, firm or corporation seeking the permit may deposit with said clerk of court certificates of deposit, letters of credit and/or securities satisfactory to the clerk of a fair market value at least equal to one-half of the amount certified by the certified engineer or county surveyor as the approximate cost of the improvement or improvements. The certificates, letters of credit and/or securities so deposited with the clerk of court shall be held in trust for the sole protection and benefit of the purchaser or purchasers of said lot or lots from said person, firm or corporation pursuant to this Article. A pro rata portion of the certificates, letters of credit and/or securities shall be returned to the person, firm or corporation to whom such permit is issued when the clerk of court is satisfied that the value of the deposited certificates, letters of credit and/or securities is in excess of the amount required to equal one-half of the remaining cost of the then uncompleted improvements proposed to be made on each lot covered by the permit, and all the certificates, letters of credit and/or securities shall be returned if the clerk of court is satisfied that all of the improvements represented or agreed to be made have been completed. The clerk of court may sell or transfer any and all of said certificates, letters of credit and/or securities or utilize the proceeds thereof for the purpose specified in paragraph (a) above. With the certificates, letters of credit and/or securities deposited with the clerk of court, the person, firm or corporation applying for such permit pursuant to this section shall at the same time deliver to the clerk of court a power of attorney, in a form acceptable to the clerk of court, executed and acknowledged by the applicant authorizing the sale or transfer of said certificates, letters of credit and/or securities or any part thereof in order to satisfy the obligations pursuant to this section.

Provided, however, said lien shall not attach if a surety bond is posted pursuant to paragraph (a) above, or if certificates, letters of credit and/or securities are deposited pursuant to paragraph (b) above. Provided further, that such lien shall not have priority over any existing perfected lien or security interest.

(d) The clerk shall release by instrument recorded in the office of the register of deeds any lien created under this Article upon a showing satisfactory to the
clerk that all direct improvements to that particular lot pursuant to the application and to the certificate of the certified engineer or county surveyor have been completed.

(e) Upon filing of a sworn, written request by the person, firm or corporation holding a permit pursuant to this Article requesting the cancellation of such permit, the clerk of court shall determine that all work commenced has been completed in accordance with the application and the certificate of the cost of the improvement and that no purchaser or purchasers of lots will be directly damaged by the cancellation of the permit. Upon such finding the clerk of court shall cancel the permit and return to the person, firm or corporation all forms of evidence of bond, certificates of deposit, letters of credit and/or securities posted to secure performance and the clerk of court shall cancel all liens created by this Article. No permit may be reinstated after cancellation except pursuant to the procedures for a new application under this Article."

(2) Except as otherwise provided in subdivision (3) of this subsection, the minimum standards for the valuation of all such policies and contracts issued on or after the operative date of G.S. 58-201.2 shall be the Commissioner's reserve valuation methods defined in subsections (d), (d-1) and (g), five percent (5%) interest for group annuity and pure endowment contracts and three and one-half percent (3 1/2%) interest for all other such policies and contracts, or, in the case of policies and contracts other than annuity and pure endowment contracts, issued on or after July 1, 1975, four percent (4%) interest for such policies issued prior to the effective date of this amendatory act of 1979, and
four and one-half percent (4 1/2%) interest for such policies issued on or after the effective date of this amendatory act of 1979, and the following tables:

a. for all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies — the Commissioner's 1941 Standard Ordinary Mortality Table for such policies issued prior to the operative date of subdivision (e)(2) of G.S. 58-201.2, and the Commissioner's 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date; provided that for any category of such policies issued on female risks all modified net premiums and present values referred to in this section may be calculated according to an age not more than six years younger than the actual age of the insured;

b. for all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies — the 1941 Standard Industrial Mortality Table for such policies issued prior to the operative date of subdivision (e)(3) of G.S. 58-201.2, and the Commissioner's 1961 Standard Industrial Mortality Table for such policies issued on or after such operative date;

c. for individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies — the 1937 Standard Annuity Mortality Table, or at the option of the company, the Annuity Mortality Table for 1949, Ultimate, or any modification of either of these tables approved by the Commissioner;

d. for group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies — the Group Annuity Mortality Table for 1951, any modification of such table approved by the Commissioner, or, at the option of the company, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts;

e. for total and permanent disability benefits in or supplementary to ordinary policies or contracts — for policies or contracts issued on or after January 1, 1966, the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries, with due regard to the type of benefit; for policies or contracts issued on or after January 1, 1961, and prior to January 1, 1966, either such tables or, at the option of the company, the Class (3) Disability Table (1926); and for policies issued prior to January 1, 1961, the Class (3) Disability Table (1926). Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies;

f. for accidental death benefits in or supplementary to policies — for policies issued on or after January 1, 1966, the 1959 Accidental Death Benefits Table; for policies issued on or after January 1, 1961, and prior to January 1, 1966, either such table or, at the option of the company, the Inter-Company Double Indemnity Mortality Table; and for policies issued prior to January 1, 1961, the Inter-Company Double Indemnity Mortality Table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies;
g. for group life insurance, life insurance issued on the substandard basis and other special benefits — such tables as may be approved by the Commissioner.

(3) The minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after the operative date of this subdivision (3), as defined herein, and for all annuities and pure endowments purchased on or after such operative date under group annuity and pure endowment contracts, shall be the Commissioner's reserve valuation methods defined in subsections (d) and (d-1) and the following tables and interest rates:

a. for individual annuity and pure endowment contracts issued prior to the effective date of this amendatory act of 1979, excluding any disability and accidental death benefits in such contracts — the 1971 Individual Annuity Mortality Table, or any modification of this table approved by the Commissioner, and six percent (6%) interest for single premium immediate annuity contracts, and four percent (4%) interest for all other individual annuity and pure endowment contracts;

b. for individual single premium immediate annuity contracts issued on or after the effective date of this amendatory act of 1979, excluding any disability and accidental death benefits in such contracts, — the 1971 Individual Annuity Mortality Table, or any modification of this table approved by the Commissioner, and seven and one-half percent (7 1/2%) interest;

c. for individual annuity and pure endowment contracts issued on or after the effective date of this amendatory act of 1979, other than single premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts, — the 1971 Individual Annuity Mortality Table, or any modification of this table approved by the Commissioner, and five and one-half percent (5 1/2%) interest for single premium deferred annuity and pure endowment contracts and four and one-half percent (4 1/2%) interest for all other such individual annuity and pure endowment contracts;

d. for all annuities and pure endowments purchased prior to the effective date of this amendatory act of 1979 under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts — the 1971 Group Annuity Mortality Table, or any modification of this table approved by the Commissioner, and six percent (6%) interest;

e. for all annuities and pure endowments purchased on or after the effective date of this amendatory act of 1979 under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, — the 1971 Group Annuity Mortality Table, or any modification of this table approved by the Commissioner, and seven and one-half percent (7 1/2%) interest.

After July 1, 1975, any company may file with the Commissioner a written notice of its election to comply with the provisions of this subdivision (3) after a specified date before January 1, 1979, which shall be the operative date of this subdivision for such company, provided that an insurer may elect a different operative date for individual annuity and pure endowment contracts from that elected for group annuity and pure endowment contracts. If a company makes
no such election, the operative date of this subdivision for such company shall be January 1, 1979.”

Sec. 2. Subsection (d) of G.S. 58-201.1 is hereby amended by rewriting the same to read as follows:

“(d) Except as otherwise provided in subsections (d-1) and (g), reserves according to the Commissioner’s reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (1) over (2), as follows:

(1) a net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the 19-year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy;

(2) a net one-year term premium for such benefits provided for in the first policy year.

Reserves according to the Commissioner’s reserve valuation method for

(1) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums;

(2) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended;

(3) disability and accidental death benefits in all policies and contracts; and

(4) all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of this subsection except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.”

Sec. 3. Section 58-201.1 is hereby amended by adding a new subsection to read as follows:

(d-1) This subsection shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended.
Reserves according to the Commissioner’s annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.”

Sec. 4. Subsection (e) of G.S. 58-201.1 is hereby amended by rewriting the same to read as follows:

“(e) In no event shall a company’s aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the operative date of G.S. 58-201.2, be less than the aggregate reserves calculated in accordance with the methods set forth in subsections (d), (d-1) and (g) and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.”

Sec. 5. Subsection (f) of G.S. 58-201.1 is hereby amended by rewriting the same to read as follows:

“(f) Reserves for all policies and contracts issued prior to the operative date of G.S. 58-201.2 may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by the laws in effect immediately prior to such date.

Reserves for any category of policies, contracts or benefits as established by the Commissioner, issued on or after the operative date of G.S. 58-201.2, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein.

Any such company which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the Commissioner, adopt any lower standard of valuation, but not lower than the minimum herein provided.”

Sec. 6. Subsection (g) of G.S. 58-201.1 is hereby amended by rewriting the same to read as follows:

“(g) If in any contract year the gross premium charged by any life insurance company on any policy or contract is less than the valuation net premium for the policy or contract calculated by the method used in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of
interest, and method actually used for such policy or contract, or the reserve
calculated by the method actually used for such policy or contract but using
the minimum standards of mortality and rate of interest and replacing the
valuation net premium by the actual gross premium in each contract year for
which the valuation net premium exceeds the actual gross premium.”

Sec. 7. Subsection (a) of G.S. 58-201.2 is hereby amended by rewriting
the same to read as follows:
“(a) This section shall be known as the Standard Nonforfeiture Law for Life
Insurance.”

Sec. 8. Subsection (e)(2) of G.S. 58-201.2 is hereby amended by rewriting
the same to read as follows:
“(2) In the case of ordinary policies issued on or after the operative date of
this subdivision (2) as defined herein, all adjusted premiums and present values
referred to in this section shall be calculated on the basis of the Commissioner’s
1958 Standard Ordinary Mortality Table and the rate of interest specified in
the policy for calculating cash surrender values and paid-up nonforfeiture
benefits, provided that such rate of interest shall not exceed three and one-half
percent (3 1/2%) per annum except that a rate of interest not exceeding four
percent (4%) per annum may be used for policies issued on or after July 1, 1975,
and prior to the effective date of this amendatory act of 1979, and a rate of
interest not exceeding five and one-half percent (5 1/2%) per annum may be
used for policies issued on or after the effective date of this amendatory act of
1979 and, provided that for any category of ordinary insurance issued on female
risks, adjusted premiums and present values may be calculated according to an
age not more than six years younger than the actual age of the insured;
provided, however, that in calculating the present value of any paid-up term
insurance with accompanying pure endowment, if any, offered as a
nonforfeiture benefit, the rates of mortality assumed may be not more than
those shown in the Commissioner’s 1958 Extended Term Insurance Table.
Provided, further, that for insurance issued on a substandard basis, the
calculation of any such adjusted premiums and present values may be based on
such other table of mortality as may be specified by the company and approved
by the Commissioner.

After May 12, 1959, any company may file with the Commissioner a written
notice of its election to comply with the provisions of this subdivision (2) after a
specified date before January 1, 1966. After the filing of such notice, then upon
such specified date (which shall be the operative date of this subdivision (2) for
such company), this subdivision (2) shall become operative with respect to the
ordinary policies thereafter issued by such company. If a company makes no
such election, the operative date of this subdivision (2) for such company shall
be January 1, 1966.”

Sec. 9. Subsection (e)(3) of G.S. 58-201.2 is hereby amended by rewriting
the same to read as follows:
“(3) In the case of industrial policies issued on or after the operative date of
this subdivision (3) as defined herein, all adjusted premiums and present values
referred to in this section shall be calculated on the basis of the Commissioner’s
1961 Standard Industrial Mortality Table and the rate of interest specified in
the policy for calculating cash surrender values and paid-up nonforfeiture
benefits, provided that such rate of interest shall not exceed three and one-half
percent (3 1/2%) per annum except that a rate of interest not exceeding four

362
percent (4%) per annum may be used for policies issued on or after July 1, 1975, and prior to the effective date of this amendatory act of 1979 and a rate of interest not exceeding five and one-half percent (5 1/2%) per annum may be used for policies issued on or after the effective date of this amendatory act of 1979 provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioner's 1961 Industrial Extended Term Insurance Table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Commissioner.

After June 11, 1963, any company may file with the Commissioner a written notice of its election to comply with the provisions of this subdivision (3) after a specified date before January 1, 1968. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision (3) for such company), this subdivision (3) shall become operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision (3) for such company shall be January 1, 1968.

Sec. 10. Subsection (s) of G.S. 58-79.2 is hereby amended by rewriting the same to read as follows:

“(s) Except for G.S. 58-201.3 and G.S. 58-207 in the case of a variable annuity contract and G.S. 58-201.2, G.S. 58-207, and G.S. 58-211(l) in the case of a variable life insurance policy and except as otherwise provided in this section, all pertinent provisions of the insurance laws of this State shall apply to separate accounts and contracts issued in connection therewith. Any individual variable life insurance contract, delivered or issued for delivery within this State, shall contain reinstatement and nonforfeiture provisions appropriate to such a contract. Any group variable life insurance contract, delivered or issued for delivery within this State, shall contain grace provisions appropriate to such a contract. Any individual variable annuity contract, delivered or issued for delivery within this State, shall contain reinstatement provisions appropriate to such a contract.”

Sec. 11. Article 22 of Subchapter IV of Chapter 58 as amended (G.S. 58-195 to G.S. 58-213) is hereby amended by adding a new G.S. 58-201.3 to read as follows:

“(a) This section shall be known as the Standard Nonforfeiture Law for Individual Deferred Annuities.

(b) This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this State through an agent or other representative of the company issuing the contract.

363
(c) In the case of contracts issued on or after the operative date of this section as defined in subsection (1), no contract of annuity, except as stated in subsection (b), shall be delivered or issued for delivery in this State unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the Commissioner are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract.

(1) That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections (e), (f), (g), (h) and (j).

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections (e), (f), (h) and (j). The company shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract.

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits.

(4) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars ($20.00) monthly, the company may at its option terminate contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

(d) The minimum values as specified in subsections (e), (f), (g), (h) and (j) of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at a rate of interest of three percent (3%) per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of:
(i) any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent (3%) per annum; and

(ii) the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract.

The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars ($30.00) and less a collection charge of one dollar and twenty-five cents ($1.25) per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent (65%) of the net consideration for the first contract year and eighty-seven and one-half percent (87 1/2%) of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent (65%) of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent (65%).

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(i) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent (65%) of the net consideration for the first contract year plus twenty-two and one-half percent (22 1/2%) of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years.

(ii) The annual contract charge shall be the lesser of (i) thirty dollars ($30.00) or (ii) ten percent (10%) of the gross annual considerations.

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent (90%) and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars ($75.00).

(e) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

(f) For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders.
of the contract, such present value being calculated on the basis of an interest rate not more than one percent (1%) higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

(g) For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

(h) For the purpose of determining the benefits calculated under subsections (f) and (g), in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

(i) Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

(j) Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

(k) For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections (e), (f), (g), (h) and (j), additional benefits payable (1)
in the event of total and permanent disability, (2) as reversionary annuity or deferred reversionary annuity benefits, or (3) as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

(l) After the effective date of this section, any company may file with the Commissioner a written notice of its election to comply with the provisions of this section after a specified date before the second anniversary of the effective date of this section. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such company, this section shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be the second anniversary of the effective date of this section.”

Sec. 3. Declaration of State Balanced Growth Policy. The General Assembly of North Carolina recognizes the importance of reaching a higher standard of living throughout North Carolina by maintaining a balance of people, jobs, public services and the environment, supported by the growing network of small and large cities in the State. The General Assembly of North Carolina, in order to assure that opportunities for a higher standard of living are available all across the State, declares that it shall be the policy of the State to bring more and better jobs to where people live; to encourage the development of adequate public services on an equitable basis for all of the State's people at an efficient cost; and to maintain the State's natural environmental heritage while accommodating urban and agricultural growth.

Sec. 4. Cooperation of agencies. The General Assembly encourages, to the fullest extent possible, all State agencies to review their existing policies, procedures and regulations to bring them into conformity with the provisions of this Balanced Growth Policy.

Sec. 5. Achieving Balanced Growth. It shall be the policy of the State of North Carolina to support the expansion of the State and to designate growth areas or centers with the potential, capacity and desire for growth. The Governor, with the advice of county and municipal government officials and citizens, is charged with designating growth areas or centers, which shall include at least one center in each North Carolina county. Designation of growth areas or centers shall be reviewed annually. These designations may be used for the purpose of establishing priority consideration for State and federal assistance for growth.

Progress toward achieving balanced growth shall be measured by the strengthening of economic activity and the adequacy of public services within each of the State's multi-county regions and, as to the geographical area included, the Southeastern Economic Development Commission. The Governor, with the advice of county and municipal government officials and citizens, shall develop measures of progress toward achieving balanced growth.

Sec. 6. Citizen participation. The Governor shall establish a process of citizen participation that assures the expression of needs and aspirations of North Carolina's citizens in regard to the purposes of this act.

Sec. 7. Policy areas. The following program area guidelines shall become the policy for the State of North Carolina:

unemployment or underemployment, so that sufficient work opportunities at 
high wage levels can exist where people live;
(2) to encourage the development of transportation systems that link 
growth areas or centers together with appropriate levels of service;
(3) to encourage full support for the expansion of family-owned and 
operated units in agriculture, forestry and the seafood industry as the basis for 
increasing productive capacity;
(4) to encourage the development and use of the State's natural resources 
wisely in support of Balanced Growth Policy while fulfilling the State's 
constitutional obligation to protect and preserve its natural heritage;
(5) to promote the concept that a full range of human development services 
shall be available and accessible to persons in all areas of the State;
(6) to encourage the continued expansion of early childhood, elementary, 
secondary and higher education opportunities so that they are improving in 
both quality and availability;
(7) to encourage excellent technical training for North Carolina workers 
that prepares them to acquire and hold high-skill jobs and that encourages 
industries which employ high-skill workers to locate in the State;
(8) to encourage the availability of cultural opportunities to people where 
they live;
(9) to encourage the expansion of local government capacity for managing 
growth consistent with this Balanced Growth Policy; and
(10) to encourage conservation of existing energy resources and provide for 
the development of an adequate and reliable energy supply, while protecting the 
environment.

the advice of the State Goals and Policy Board, shall establish a statewide 
policy-setting process for Balanced Growth, in partnership with local 
government, that brings about full participation of both the State and local

(c) Should a disability pensioner under the age of 60 years be restored to active service at a compensation not less than his final compensation at date of disability, his disability retirement shall cease, and he shall again become a member of this plan, and he shall contribute thereafter at the contribution rate which is applicable during his subsequent membership service. AN ACT RELATING TO THE SOLICITATION OF LIFE INSURANCE AND REQUIRING THE DISCLOSURE OF COST AND OTHER PERTINENT INFORMATION TO PURCHASERS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 58 of the General Statutes of North Carolina is amended by adding immediately after the present Article 22, and immediately before the present Article 23, a new Article reading as follows:

"ARTICLE 22A.

"Regulation of Life Insurance Solicitation.

"§58-213.1. Purpose of Article.—The purpose of this Article is to require insurers to deliver to purchasers of life insurance, information which will improve the buyer’s ability to select the most appropriate plan of life insurance for their needs, improve the buyer's understanding of the basic features of the policy which has been purchased or which is under consideration and to improve the ability of the buyer to evaluate the relative costs of similar plans of life insurance.

This Article does not prohibit an insurer to use additional material which is not in violation of this Chapter nor any other statute or regulation.

"§58-213.2. Scope of Article, exemptions.—(a) Except as hereafter exempted, this Article shall apply to any solicitation, negotiation or procurement of life insurance occurring within this State. This Article shall apply to any issuer of life insurance contract including fraternal benefit societies.

(b) Unless otherwise specifically included, this Article shall not apply to:

(1) annuities,
(2) credit life insurance,
(3) group life insurance,
(4) life insurance policies issued in connection with pension and welfare plans as defined by and which are subject to the federal Employee Retirement Income Security Act of 1974 (ERISA),
(5) variable life insurance under which the death benefits and cash values vary in accordance with unit values of investments held in a separate account.

§ 58-213.3. Definitions—Unless the context of use indicates a different meaning, for the purposes of this Article, the following definitions shall apply:

(a) Buyer’s Guide. A Buyer’s Guide is a document furnished pursuant to G.S. 58-213.4, which shall contain all the requirements of and be in substantial compliance with G.S. 58-213.6.

(b) Cash Dividend. A Cash Dividend is the current illustrated dividend which can be applied toward payment of gross premium.

(c) Equivalent Level Annual Dividend. The Equivalent Level Annual Dividend is calculated by applying the following steps:

(1) accumulate the annual cash dividends at five percent (5%) interest compounded annually to the end of the 10th and 20th policy years;

(2) divide each accumulation of subdivision (1) of this subsection by an interest factor that converts it into one equivalent level annual amount that, if paid at the beginning of each year, would accrue to the values in subdivision (1) of this subsection over the respective periods stipulated in subdivision (1) of this subsection. If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.

(3) divide the results of subdivision (2) of this subsection by the number of thousands of the Equivalent Level Death Benefit to arrive at the Equivalent Level Annual Dividend.

(d) Equivalent Level Death Benefit. The Equivalent Level Death Benefit of a policy or term life insurance rider is an amount calculated as follows:

(1) accumulate the guaranteed amount payable upon death, regardless of the cause of death, at the beginning of each policy year for 10 and 20 years at five percent (5%) interest compounded annually to the end of the 10th and 20th policy years respectively;

(2) divide each accumulation of subdivision (1) of this subsection by an interest factor that converts it into one equivalent level annual amount that, if paid at the beginning of each year, would accrue to the value in subdivision (1) of this subsection over the respective periods stipulated in subdivision (1) of this subsection. If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.

(e) Generic Name. Generic Name means a short title which is descriptive of the premium and benefit patterns of a policy or a rider.

(f) Life Insurance Cost Indexes.

(1) Life Insurance Surrender Cost Index. The Life Insurance Surrender Cost Index is calculated by applying the following steps:

a. determine the guaranteed cash surrender value, if any, available at the end of the 10th and 20th policy years;

b. for participating policies, add the terminal dividend payable upon surrender, if any, to the accumulation of the annual Cash Dividends at five percent (5%) interest compounded annually to the end of the period selected and add this sum to the amount determined in sub-subdivision a;

c. divide the result of sub-subdivision b. (sub-subdivision a. for guaranteed-cost policies) by an interest factor that converts it into an equivalent level annual that, if paid at the beginning of each year,
would accrue to the value in sub-subdivision b. (sub-subdivision a. for guaranteed-cost policies) over the respective periods stipulated in sub-subdivision a. If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719;

d. determine the equivalent level premium by accumulating each annual premium payable for the basic policy or rider at five percent (5%) interest compounded annually to the end of the period stipulated in sub-subdivision a. and dividing the result by the respective factors stated in sub-subdivision c. (this amount is the annual premium payable for a level premium plan);

e. subtract the result of sub-subdivision c. from sub-subdivision d;

f. divide the result of sub-subdivision e. by the number of thousands of the Equivalent Level Death Benefit to arrive at the Life Insurance Surrender Cost Index.

(2) Life Insurance Net Payment Cost Index. The Life Insurance Net Payment Cost Index is calculated in the same manner as the comparable Life Insurance Cost Index except that the cash surrender value and any terminal dividend are set at zero.

(g) Policy Summary. Policy Summary means a written statement describing the elements of the policy including but not limited to:

1. a prominently placed title in at least 10-point boldface capital letters as follows: STATEMENT OF POLICY COST AND BENEFIT INFORMATION;

2. the name and address of the insurance agent, or, if no agent is involved, a statement of the procedure to be followed in order to receive responses to inquiries regarding the Policy Summary;

3. the full name and home office or administrative office address of the company in which the life insurance policy is to be or has been written;

4. the Generic Name of the basic policy and each rider;

5. The following amounts, where applicable, for the first five policy years and representative policy years thereafter sufficient to clearly illustrate the premium and benefit patterns, including, but not necessarily limited to, the years for which Life Insurance Cost Indexes are displayed and at least one age from 60 through 65 or maturity, whichever is earlier:

a. the annual premium for the basic policy;

b. the annual premium for each optional rider;

c. guaranteed amount payable upon death, at the beginning of the policy year regardless of the cause of death other than suicide, or other specifically enumerated exclusions, which is provided by the basic policy and each optional rider, with benefits provided under the basic policy and each rider shown separately;

d. total guaranteed cash surrender values at the end of the year with values shown separately for the basic policy and each rider;

e. Cash Dividends payable at the end of the year with values shown separately for the basic policy and each rider. (Dividends need not be displayed beyond the 20th policy year);

f. guaranteed endowment amounts payable under the policy which are not included under guaranteed cash surrender values above.

6. the effective policy loan annual percentage interest rate, if the policy contains this provision, specifying whether this rate is applied in
advance or in arrears. If the policy loan interest rate is variable, the Policy Summary includes the maximum annual percentage rate;

(7) Life Insurance Cost Indexes for 10 and 20 years but in no case beyond the premium paying period. Separate indexes must be displayed for the basic policy and for each optional term life insurance rider. Such indexes need not be included for optional riders which are limited to benefits such as accidental death benefits, disability waiver of premium, preliminary term life insurance coverage of less than 12 months and guaranteed insurability benefits nor for basic policies or optional riders covering more than one life;

(8) the Equivalent Level Annual Dividend, in the case of participating policies and participating optional term life insurance riders, under the same circumstances and for the same durations at which Life Insurance Cost Indexes are displayed;

(9) a Policy Summary which includes dividends shall also include a statement that dividends are based on the company's current dividend scale and are not guaranteed in addition to a statement in close proximity to the Equivalent Level Annual Dividend as follows: An explanation of the intended use of the Equivalent Level Annual Dividend is included in the Life Insurance Buyer's Guide;

(10) a statement in close proximity to the Life Insurance Cost Indexes as follows: An explanation of the intended use of these indexes is provided in the Life Insurance Buyer's Guide;

(11) the date on which the Policy Summary is prepared.

The Policy Summary must consist of a separate document. All information required to be disclosed must be set out in such a manner as to not minimize or render any portion thereof obscure. Any amounts which remain level for two or more years of the policy may be represented by a single number if it is clearly indicated what amounts are applicable for each policy year. Amounts in subdivision (5) of this subsection shall be listed in total, not on a per thousand nor per unit basis. If more than one insured is covered under one policy or rider, guaranteed death benefits shall be displayed separately for each insured or for each class of insureds if death benefits do not differ within the class. Zero amounts shall be displayed as zero and shall not be displayed as a blank space.

"§ 58-213.4. Disclosure requirements.—(a) The insurer shall provide to all prospective purchasers a Buyer's Guide and a Policy Summary prior to accepting any applicant's initial premium deposit, unless the policy for which application is made contains an unconditional refund provision of at least 10 days or unless the Policy Summary contains such an unconditional refund offer, in which event the Buyer's Guide and Policy Summary must be delivered with the policy or prior to delivery of the policy.

(b) The insurer shall provide a Buyer's Guide and a Policy Summary to any prospective purchaser upon request.

(c) In the case of policies whose Equivalent Level Death Benefit does not exceed five thousand dollars ($5,000), the requirement for providing a Policy Summary will be satisfied by delivery of a written statement containing the information described in G.S. 58-213.3(g), subdivisions (2), (3), (4), (5)a., (5)b., (5)c., (6), (7), (10), and (11).

"§ 58-213.5. General rules relating to solicitation.—(a) Each insurer subject to this Article shall maintain at its home office or principal office a complete file
containing one copy of each document authorized by the insurer for use pursuant to this Article. Such file shall contain one copy of each authorized form for a period of three years following the date of its last authorized use.

(b) An agent shall inform the prospective purchaser, prior to commencing a life insurance sales presentation, that he is acting as a life insurance agent and inform the prospective purchaser of the full name of the insurance company which he is representing to the buyer. In sales situations in which an agent is not involved, the insurer shall identify its full name.

(c) Terms such as financial planner, investment advisor, financial consultant, or financial counseling shall not be used in such a way as to imply that the insurance agent is generally engaged in an advisory business in which compensation is unrelated to sales unless such is actually the case.

(d) Any reference to policy dividends must include a statement that dividends are not guaranteed.

(e) A system or presentation which does not recognize the time value of money through the use of appropriate interest adjustments shall not be used for comparing the cost of two or more life insurance policies. Such a system may be used for the purpose of demonstrating the cash-flow pattern of a policy if such presentation is accompanied by a statement disclosing that the presentation does not recognize that, because of interest, a dollar in the future has less value than a dollar today.

CHAPTER 449

AN ACT TO AMEND CHAPTER IV, SUBCHAPTER D OF THE CHARTER OF THE CITY OF CHARLOTTE RELATING TO THE CIVIL SERVICE BOARD.

The General Assembly of North Carolina enacts:

Section 1. Chapter IV, Subchapter D of the Charter of the City of Charlotte as contained in Section 1 of Chapter 713 of the 1965 Session Laws, as amended, is hereby further amended by deleting said Subchapter in its entirety and substituting in lieu thereof the following:

"Subchapter D.

"Civil Service.

"Sec. 4.61. There is hereby continued a Civil Service Board for the City of Charlotte, to consist of five members, to be appointed by the City Council. The members of said Board shall be the ones now serving under the provisions of Chapter 124 of the Private Laws of 1929, as amended, and their terms of office shall expire as provided in said act; and at the end of each term, the City Council shall appoint a member of said Board to serve for a term of three years. In case of a vacancy on the Civil Service Board, the City Council shall fill such vacancy for the unexpired term of said member. A majority of said Board shall constitute a quorum. Any member who fails to attend at least seventy-five percent (75%) of the regular and special meetings and hearings held by the Board during any one-year period shall be automatically removed from said Board. Vacancies resulting from a member's failure to attend the required number of meetings or hearings shall be filled as provided herein.

(1) The members of the Civil Service Board shall be electors of the City of Charlotte and shall take an oath to faithfully perform their duties. The members of said Board shall be subject to removal from office by a two-thirds vote of the City Council, with or without cause.

(2) The Board shall establish and fix requirements for applicants for employment in the Fire and Police Departments. All applicants shall be subjected to examination by or at the direction of said Board. The
examination shall be competitive and free to all persons meeting the requirements of the Board, subject to reasonable limitations as to residence, age, health and moral character; provided, (a) that applicants for employment in the Fire Department shall be at least 18 years of age and shall not have attained their 30th birthday, and (b) that applicants for employment in the Police Department shall be at least 20 years of age and shall not have attained their 35th birthday. The City Council may, by ordinance, at any time and from time to time, fix and establish such lesser maximum age limits for applicants as may be consistent with the needs of the respective departments. The examination for applicants shall be practical in character and shall be limited to matters which fairly test the relative ability of the applicant to discharge the duties of the position applied for and shall include tests of physical qualifications and health, but no applicant shall be examined concerning his political or religious opinions or affiliations.

(3) Notice of time and place of every examination shall be given by the Board for one week preceding such examination in a newspaper published in the city, and such notice shall be posted in a conspicuous place in the office of the Board, or its designee, for at least two weeks preceding such examination.

(4) The Board shall prepare and keep a register of persons passing the examination, graded according to the respective showings upon the examination, which register shall determine the appointments to be made in each of the departments under the eligibility rules and regulations established by the Board.

(5) The terms 'officer or employee' or 'officer' as used in this Subchapter shall mean sworn officers with regard to the Police Department and shall mean uniformed personnel with regard to the Fire Department.

(6) No officer or employee of the Fire and Police Departments shall take any part in any election or political function while in uniform or on duty other than that of exercising his right to vote. Any officer or employee found by the Board to have violated this provision may be dismissed from service by the Board, or the Board may adjudge other punishment.

(7) a. Relieving a member from duty. The Chief of either the Fire or Police Department, or the officer in charge in the absence of the Chief, may relieve an officer or employee of the respective departments of all duties, and the Chief, or the officer in charge in the absence of the Chief, shall provide such officer or employee with a written complaint setting forth the department rules or regulations the officer or employee is charged with violating, along with a statement of the basic facts supporting the charge, and the Chief, or the officer in charge in the absence of the Chief, shall simultaneously cite such officer to the Board for an automatic hearing as set forth herein with a recommendation that such officer be dismissed from the department. Any officer so relieved of duty shall not receive any pay or be assigned any duties until the Board has acted upon the charges at the conclusion of its hearing. In the alternative, the Chief, or the officer in charge in the absence of the Chief, may cite such officer to
the Board for an automatic hearing in accordance with the foregoing procedure, but without relieving the officer from duty.

b. Dismissal or suspension of officer. The Chief of either the Fire or Police Department, or the officer in charge in the absence of the Chief, may suspend without pay for a period not exceeding 30 days, any officer or employee of the respective departments. In suspending such officer, the Chief, or the officer in charge in the absence of the Chief, will provide such officer with a written complaint setting forth the department rules or regulations the officer is charged with violating, along with a statement of the basic facts supporting the charge. Any such officer so suspended may appeal to the Board by giving written notice of appeal to the Board with a copy to the Chief of such officer's department. Such notice of appeal must be received by the Board within a period of 15 days from the date of the officer's suspension, whereupon a hearing before the Board on such appeal shall be conducted as provided in subparagraph c. Any officer suspended without pay shall receive no pay for the period of suspension unless the officer is found by the Board not to have committed the offense, or unless the Board adjudges a different period of suspension without pay, in which case the officer shall receive no pay for such different period of suspension.

c. Appeal hearings. Upon receipt of a citation from either Chief or upon receipt of notice of appeal from any officer or employee of the Fire or Police Department, the Board shall hold a hearing not less than 15 days nor more than 30 days from the date the notice of appeal, or the citation, is received by the Board, and shall promptly notify the officer of the hearing date. In the event an officer desires a hearing at a date other than that set by the Board within the period set forth above, such officer may file a written request for a change of hearing date setting forth the reasons for such request, and the Chairman of the Board is empowered to approve or disapprove such request; provided, that such request must be received by the Board at least seven days prior to the date set for the hearing. For good cause, the Chairman of the Board may set a hearing date other than within the period set forth above, or may continue the hearing from time to time.

In the conduct of its hearing, each member of the Board shall have the power to subpoena witnesses, administer oaths and compel the production of evidence. If a person fails or refuses to obey a subpoena issued pursuant to this subsection, the Board may apply to the General Court of Justice, Superior Court Division, for an order requiring that its subpoena be obeyed, and the court shall have jurisdiction to issue these orders after notice to all parties. If any person, while under oath at a hearing of the Board, willfully swears falsely, such person shall be guilty of a misdemeanor. Both the officer and the Police or Fire Department shall have the right to present relevant evidence to the Board at its hearing. The officer must be furnished with a copy of the charges which have been brought against an officer and which will be heard by the Board. The officer shall be required to answer questions from members of the Board or the Board's counsel; however, the officer may refuse to
answer any question where the answer might incriminate the officer with respect to any criminal violation of State or federal laws. The officer may be present at all evidentiary portions of the hearing, may retain counsel to represent the officer at the hearing, and may cross-examine those witnesses who testify against the officer. The officer will be given the right to an open or closed hearing as he may elect. After the evidentiary portion of the hearing is concluded, the Board will consider the evidence in closed session, and the Board will make findings of facts which will be provided to the officer together with a statement of the action taken by the Board on the basis of its findings of fact.

d. General powers of the Board. (1) If, at the completion of its hearing, the Board shall find that an officer has not committed the offense or offenses with which such officer has been charged, the Board may restore such officer to full duty with reimbursement of any pay lost during the period the officer was suspended or relieved from duty. (2) If, at the completion of its hearing, the Board shall find that an officer has committed the offense or offenses with which such officer has been charged, the Board may issue an order (a) dismissing such officer; (b) suspending such officer, without pay, for a period not exceeding 90 days; or (c) imposing such other lesser punishment as it deems just and proper. The Board may suspend its dismissal or suspension without pay, and place such officer on probation for a period not to exceed one year upon such reasonable conditions as the Board may deem appropriate. The Board may order the department to furnish to the Board, during the period of probation, such information regarding the officer as the Board deems necessary.

e. Appeal from action of Board. Any officer may appeal from any order of the Board to the Superior Court of Mecklenburg County by giving notice of appeal, in writing, to the Superior Court within 10 days after the entry of the order. Assignments of error must be filed with the Court and served upon the Board within 30 days after the entry of the order. The appeal to the Superior Court will be upon the record of the proceedings before the Board at its hearing.

f. Incapability of performance. In those situations where the Chief of the Fire or Police Department determines that an officer of the respective department is permanently disabled, the Chief may cite that officer to the Board with a statement of the facts relating to the inability of such officer to perform his duties, and the Board shall, upon receipt of any such citation, hold a hearing as provided for herein, and the Board may dismiss such officer if it finds that such officer can no longer perform his duty. Permanently disabled as used in this paragraph shall mean the continuing or enduring incapacity because of physical injury, sickness or mental illness as determined by competent medical authority, to earn the wages which the officer was receiving at the time of the injury, sickness or determination of mental illness in the same or any other related employment.

g. Power of the Board to require investigation. The Board is hereby empowered to require the Chief of the Fire or Police Department to investigate any incident or circumstance involving officers of such departments which shall come to the Board’s attention; provided,
that a majority of the Board shall first determine that such an investigation is in the public's interest. The respective Chief shall report the results of an investigation to the Board in writing within a time to be set by the Board.

(8) The Board shall make an Annual Report of its actions for the preceding year and said Annual Report shall be kept in the files of the Board and a copy delivered to the City Council.

(9) The City Clerk shall act as secretary to the Board and shall keep the minutes of its meetings and shall be custodian of all papers and records pertaining to the business of said Board and shall perform such other duties as the Board may require.

(10) The City Council shall provide suitable rooms for the Board and shall provide sufficient reasonable use of public buildings for meetings and hearings of said Board as may be necessary.

(11) The members of said Board shall serve without compensation.

(12) Nothing in this Subchapter shall be so construed as to deprive the City Council of its control of the finances of said city.

(13) The provisions of this Subchapter pertaining to Civil Service coverage of officers and employees of the Fire and Police Departments shall not apply to the Chief of the Fire Department or the Chief of the Police Department, and shall not apply to an officer of the Police or Fire Department until he or she has been an officer of the respective department for at least 12 months. During such 12 months' probationary period, he or she shall be subject to discharge by the Chief of such department under rules promulgated with respect thereto, such rules to be approved by the City Council.

(14) The Chief of the Police Department and the Chief of the Fire Department shall have authority to make all promotions of officers of their respective departments, subject to majority approval of the Civil Service Board. Promotions are probationary for six months from the date they became effective. Any demotions, except voluntary demotions, shall be made only after written charges are preferred and a hearing held before the Civil Service Board. Except as otherwise provided, demotions must be approved by a majority vote of the Board.

(15) Notwithstanding any other provisions of this Subchapter, during any wartime emergency and for six months thereafter, officers of the Fire Department and Police Department may be employed on a temporary basis and such temporarily employed officers may be discharged by the City Manager without the preferment of charges.

(16) The City Council may authorize the City Manager to appoint auxiliary officers of the Fire and Police Departments without previous examinations by the Civil Service Board, who, when called to duty by the Chief of their respective departments, shall have all the powers and duties of regular members of the Police and Fire Departments. Such auxiliary officers of the said departments shall be subject to discharge by the City Manager, with or without cause, and without a hearing before the Civil Service Board."

The approval of any new institution, or the conversion of any existing institution into a new type of institution, or the expenditures of any State funds for any capital improvements at existing institutions shall be subject to the prior approval of the State Board of Education, the Governor, and the Advisory Budget Commission. The expenditure of State funds at any institution herein authorized to be approved by the Board shall be subject to the terms of the Executive Budget Act unless specifically otherwise provided in this Chapter.

"§ 115D-5. (a) The State Board of Education may adopt and execute such policies, regulations and standards concerning the establishment, administration, and operation of institutions as the Board may deem necessary to insure the quality of educational programs, to promote the systematic meeting of educational needs of the State, and to provide for the equitable distribution of State and federal funds to the several institutions.
The State Board of Education shall establish standards and scales for salaries and allotments paid from funds administered by the Board, and all employees of the institutions shall be exempt from the provisions of the State Personnel Act. The Board shall have authority with respect to individual institutions: to approve sites, buildings, building plans, budgets; to approve the selection of the chief administrative officer; to establish and administer standards for professional personnel, curricula, admissions, and graduation; to regulate the awarding of degrees, diplomas, and certificates; to establish and regulate student tuition and fees and financial accounting procedures.

(b) In order to make instruction as accessible as possible to all citizens, the teaching of curricular courses and of noncurricular extension courses at convenient locations away from institution campuses as well as on campuses is authorized and shall be encouraged. A pro rata portion of the established regular tuition rate charged a full-time student shall be charged a part-time student taking any curriculum course. In lieu of any tuition charge, the State Board of Education shall establish a uniform registration fee, or a schedule of uniform registration fees, to be charged students enrolling in extension courses for which instruction is financed primarily from State funds; provided, however, that the State Board of Education may provide by general and uniform regulations for waiver of tuition and registration fees for training courses for volunteer firemen, local fire department personnel, volunteer rescue and lifesaving department personnel, local rescue and lifesaving department personnel, local law enforcement officers, patients in State alcoholic rehabilitation centers, and prison inmates. A course taught without such approval will not yield any full-time equivalent students, as defined by the State Board of Education.

The State Board of Education shall make appropriate regulations including the establishment of maximum hours of instruction which may be offered at State expense in each in-plant training program. No instructor or other employee of a community college or technical institute shall engage in the normal management, supervisory and operational functions of the establishment in which the instruction is offered during the hours in which the instructor or other employee is employed for instructional or educational purposes.

(e) The State Board of Education is authorized to enter into agreements with local boards of education, upon approval by the Governor and the Advisory Budget Commission, for the establishment and operation of extension units of
the community college system. The State Board is further authorized to provide the financial support for matching capital outlay and for operating and equipping extension units as provided in this Chapter for other institutions, subject to available funds.

On petition of a board of education of the school administrative unit in which an extension unit is proposed to be established, the State Board of Education may approve the use by the proposed institution of existing public school facilities, if the Board finds:

(1) that an adequate portion of these facilities can be devoted to the exclusive use of the institution, and

(2) that use of these facilities will be consistent with sound educational considerations.

"§ 115D-6. Withdrawal of State support.—The State Board of Education may withdraw or withhold State financial and administrative support of any institutions subject to the provisions of this Chapter in the event that:

(1) the required local financial support of an institution is not provided;

(2) sufficient State funds are not available;

"§ 115D-29. Providing local public funds for institutions established under this Chapter; elections.—(a) Except as provided in G.S. 115D-30, the tax-levying authority of an institution may provide for local financial support of the institution as follows:

(1) By appropriations from nontax revenues in a manner consistent with The Local Government Budget and Fiscal Control Act, provided the continuing authority to make such appropriations shall have been approved by a majority of the qualified voters of the administrative area who shall vote on the question in an election held for such purpose, or

(2) By a special annual levy of taxes within a maximum annual rate which maximum rate shall have been approved by a majority of the qualified voters of the administrative area who shall vote on the question of establishing or increasing the maximum annual rate in an election held for such purpose or both, and

(3) By issuance of bonds, in the case of capital outlay funds, provided that each issuance of bonds shall be approved by a majority of the qualified voters of each county of the administrative area who shall vote on the question in an election held for that purpose. All bonds shall be subject to the Local Government Finance Act and shall be issued pursuant to Subchapter IV, Long-Term Financing, of Chapter 159 of the General Statutes.

(c) The question of approving authority to appropriate funds, to levy special taxes and the question of approving an issue of bonds, when approval of each or
both shall be necessary for the establishment or conversion of an institution, shall be submitted at the same election.

(d) All elections shall be held in the same manner as elections held under Article 4, Chapter 159, of the General Statutes, The Local Government Bond Act, and may be held at any time fixed by the tax-levying authority of the administrative area or proposed administrative area of the institution for which such election is to be held.

(e) The State Board of Education shall ascertain that authority to provide adequate funds for the establishment and operation of an institution has been approved by the voters of a proposed administrative area before granting final approval for the establishment of an institution.

(f) Notwithstanding any present provisions of this Chapter, the tax-levying authority of each institution may at its discretion and upon its own motion provide by appropriations of nontax revenue, tax revenue, or both, funds for the support of institutional purposes as set forth in G.S. 115D-28; but nothing herein shall be construed to authorize the issuance of bonds without a vote of the people.

“§ 115D-30. Providing local public funds for institutions previously established.—(a) For counties in which, immediately prior to the enactment of this Chapter, there was in operation or authorized a public community college or industrial education center which hereafter shall be operated pursuant to the provisions of this Chapter, the following provisions shall apply in providing local financial support for each such institution:

(1) Community colleges: The board of commissioners of a county in which is located a public community college heretofore operated or authorized to operate pursuant to Article 3, Chapter 116, of the General Statutes of North Carolina, may continue to levy special taxes annually for the local financial support of the college as provided in G.S. 115D-28, to the maximum rate last approved by the voters of the county in accordance with the above Article. The board of commissioners may also provide all or part of such funds by appropriations, in a manner consistent with The Local Government Budget and Fiscal Control Act, from nontax revenues. The question of increasing the maximum annual rate of a special tax may be submitted at an election held in accordance with the provisions of G.S. 115D-29(d) and the appropriate provisions of G.S. 115D-31.

(2) Industrial education centers: The board of commissioners of a county in which is located an industrial education center heretofore operated or authorized to operate as part of the public school system and which hereafter shall be operated as a technical institute or community college as defined in this Chapter may levy special taxes annually at a rate sufficient to provide funds for the financial support of the institute or college as required by G.S. 115D-28(a). The board of commissioners may also provide all or part of such funds by appropriations, in a manner consistent with The Local Government Budget and Fiscal Control Act, from nontax revenues. The board of commissioners is authorized to provide additional funds, either by special tax levies or by appropriations from nontax revenues, or both, to an amount equal to that required to be provided above, for the purpose of supplementing
the current expense budget of the institute or college financed from State funds.

(b) The board of commissioners of a county in which is located one of the above public community colleges or industrial education centers may provide funds for capital outlay for such institution by the issuance of bonds. All bonds shall be issued in accordance with the appropriate provisions of G.S. 115D-29 and G.S. 115D-31.

(c) Public funds provided a community college or industrial education center prior to its becoming subject to the provisions of this Chapter and which remain to the credit of the institution upon its becoming subject to these provisions shall be expended only for the purposes prescribed by law when such funds were provided the institution.

"§ 115D-31. Requests for elections to provide funds for institutions.—(a) Formal requests for elections on the question of authority to appropriate nontax revenues or levy special taxes, or both, and to issue bonds, when such elections are to be held for the purpose of establishing an institution, shall be originated and submitted only in the following manner:

(1) Proposed multiple-county administrative areas: Formal requests for elections may be submitted jointly by all county boards of education in the proposed administrative area, or by petition of fifteen percent (15%) of the number of qualified voters of the proposed area who voted in the last preceding election for Governor, to the boards of commissioners of all counties in the proposed area, who may fix the time for such election by joint resolution which shall be entered in the minutes of each board.

(2) Proposed single-county administrative area: Formal requests shall be submitted by the board of education of any public school administrative unit within the county of the proposed administrative area or by petition of fifteen percent (15%) of the number of qualified voters of the county who voted in the last preceding election for Governor, to the board of commissioners of the county of the proposed administrative area, who may fix the time for such election by resolution which shall be entered in the minutes of the board.

(b) Formal requests for elections on any of the questions specified in (a) above, or on the question of increasing the maximum annual rate of special taxes for the financial support of an institution with a properly established board of trustees, may be submitted to the tax-levying authority only by such board of trustees.

(c) All formal requests for elections regarding the levy of special taxes shall state the maximum annual rate for which approval is to be sought in an election.

(d) Nothing in this section shall be construed to deny or limit the power of the tax-levying authority of an institution to hold elections, of its own motion, on any or all the questions provided in this section, subject to the provisions of this Article.

"§ 115D-32. Elections on question of conversion of institutions and issuance of bonds therefor.—Whenever the board of trustees of an institution requests the State Board of Education to convert the institution from a technical institute to a community college, the Board shall require, as a prerequisite to such conversion:
(1) The authorization by the voters of the administrative area of an annual levy of taxes within a specified maximum annual rate sufficient to provide the required local financial support for the converted institution, in an election held in accordance with the appropriate provisions of G.S. 115D-29 and G.S. 115D-31.

(2) The approval by the voters of the administrative area of the issuance of bonds for capital outlay necessary for the conversion of the institution, in an election held in accordance with the appropriate provisions of G.S. 115D-29 and G.S. 115D-31.

"§ 115D-33. Payment of expenses of special elections under Chapter.—The cost of special elections held under the authority of this Chapter in connection with the establishment of an institution shall be paid out of the general fund of the county or counties which shall conduct such elections. All special elections held on behalf of a duly established institution shall be paid by such institution and the expenses may be included in the annual institutional budgets.

"§ 115D-34. Authority to issue bonds and notes, to levy taxes and to appropriate nontax revenues.—Counties are authorized to issue bonds and notes and to levy special taxes to meet payments of principal and interest on such bonds or notes and to levy special taxes for the special purpose of providing local financial support of an institution and otherwise to appropriate nontax revenues for the financial support of an institution, in the manner and for the purposes provided in this Chapter.

Taxes authorized by this section are declared to be for a special purpose and may be levied notwithstanding any constitutional limitation or limitations imposed by any general or special law.

"§ 115D-35. Student tuition and fees.—The State Board of Education may fix and regulate all tuition and fees charged to students for applying to or attending any institution pursuant to this Chapter.

The receipts from all student tuition and fees, other than student activity fees, shall be State funds and shall be deposited as provided by regulations of the State Board of Education.

The legal resident limitation with respect to tuition, set forth in G.S. 116-143.1 and G.S. 116-143.2, shall apply to students attending institutions operating pursuant to this Chapter.

"Budgeting, Accounting, and Fiscal Management.

"§ 115D-38. Preparation and submission of institutional budgets.—On or before the first day of May of each year, the trustees of each institution shall prepare and submit a capital outlay budget and a current expense budget, on forms provided by the State Board of Education, and may prepare in their discretion a supplemental current expense budget. The budgets shall be prepared and submitted for approval according to the following procedures:

(1) Capital outlay budget: The budget shall contain the items of capital outlay, as provided in G.S. 115D-27 and G.S. 115D-28, for which funds are requested, from whatever source. The budget shall be submitted first to the tax-levying authority, which shall approve or disapprove, in whole or in part, that portion of the budget requesting local public funds. Upon approval by the tax-levying authority, the budget shall be submitted by the trustees to the State Board of Education, which may
approve or disapprove, in whole or in part, that portion of the budget requesting State or federal funds.

(2) Current expense budget: The budget shall contain the items of current operating expenses, as provided in G.S. 115D-27 and G.S. 115D-28, for which funds are requested, from whatever source. The budget shall be submitted first to the tax-levying authority, which shall approve or disapprove, in whole or in part, that portion of the budget requesting local public funds. Upon approval by the tax-levying authority, the budget shall be submitted by the trustees to the State Board of Education, which may approve or disapprove, in whole or in part, the entire budget. The State Board is authorized to withhold the allocation of State funds to an institution until a budget has been submitted to and approved by the Board.

(3) Supplemental current expense budget: The budget may contain any items of the current expense budget to be financed from State or federal funds which the trustees desire to supplement with local funds. The tax-levying authority shall approve or disapprove, in whole or in part, that portion of the budget requesting local public funds. An information copy of the budget as approved shall be filed with the State Board of Education.

(4) No public funds shall be provided an institution, either by the tax-levying authority or by the State, except in accordance with the budget provisions of this Chapter.

(5) The preparation of a budget for and the payment of interest and principal on indebtedness incurred on behalf of an institution shall be the responsibility of the county finance officer or county finance officers of the administrative area and the board of trustees of the institution shall have no duty or responsibility in this connection.

“§ 115D-39. Administration of institutional budgets for local public funds.—

(a) Duty of board of trustees: It shall be the duty of the board of trustees of each institution to pay all obligations incurred in the operation of the institution promptly and when due, and to this end boards of trustees shall inform the tax-levying authority from month to month of any anticipated expenditures which will exceed the current collection of taxes and such balance as may be on hand, if any, for the payment of said obligations, in order that the tax-levying authority may make provision for the funds to be available. If a board of trustees shall willfully create a debt that shall in any way cause the expense of the year to exceed the amount authorized in the budget, without the approval of the tax-levying authority, the indebtedness shall not be a valid obligation of the institution and the members of the board responsible for creating the debt may be held personally liable for the same.

(b) Duty of tax-levying authorities: It shall be the duty of the tax-levying authority of each institution to provide, as needed, the funds to meet the monthly expenditures, including salaries and other necessary operating expense, as set forth in a statement prepared by the board of trustees and in accordance with the approved budget. If the collection of taxes does not yield sufficient revenue for this purpose, it shall be the duty of the tax-levying authority to borrow against the amount approved in the budget and to issue short-term notes for the amount so borrowed in accordance with the provisions of Subchapter IV, Long-Term Financing, of Chapter 159 of the General Statutes. The interest on
all such notes shall be provided by the tax-levying authority in addition to the amount approved in the budget, unless this item is specifically included in the budget.

"§ 115D-40. Payment of State and local public funds to boards of trustees.—

(a) The State Board of Education may deposit funds in the State treasury to the credit of each institution in monthly installments, at such time and in such manner as may be necessary to meet the needs of the institution, or the Board may disburse State funds to each institution under policies and regulations established by the Board. Prior to the deposit or disbursement of State funds by the Board it shall be the duty of the board of trustees of each institution to file, on or before the first day of each month, with the State Board of Education a certified statement, on forms provided by the State Board of Education, of all expenditures, salaries, and other obligations that may be due and payable in the next succeeding month.

(b) Upon the basis of an approved budget, the county finance officer or corresponding official of all counties of the administrative area of an institution shall determine the proportion of taxes, nontax revenues and other funds accruing to the current expense and capital outlay budgets of the institution and shall credit these funds to the institution as they are collected. The county finance officer or corresponding official of each county shall remit promptly at the end of each month all funds collected for current expenses and capital outlay, except bond funds, to the board of trustees of the institution.

In the event that a greater amount is collected and paid to the board of trustees of an institution than is authorized by its approved budgets for current expenses and capital outlay, the excess shall remain an unencumbered balance to be credited proportionally to those funds in the following fiscal year, and such excess shall not be spent, committed, or obligated unless the budget is revised with the approval of the board of trustees and the tax-levying authority.

(c) Funds received by the trustees of an institution from insurance payments for loss or damage to buildings shall be used for the repair or replacement of such buildings or, if the buildings are not repaired or replaced, to reduce proportionally the institutional indebtedness borne by the counties of the administrative area of the institution receiving the insurance payments. If such payments which are not used to repair or replace institutional buildings exceed the total institutional indebtedness borne by all counties of the administrative area, such excess funds shall remain to the credit of the institution and be applied to the next succeeding capital outlay budgets until the excess fund shall be expended. Funds received by the trustees of an institution for loss or damage to the contents of buildings shall be divided between the board of trustees and the State Board of Education in proportion to the value of the lost contents owned by the board of trustees and the State, respectively. That portion retained by the trustees shall be applied to the repair or replacement of lost contents or shall remain to the credit of the institution to be applied to the next succeeding capital outlay and current expense budgets, as appropriate, until such funds shall be expended.

"§ 115D-41. Disbursement of institutional funds.—Public funds provided for an institution shall be paid out as follows:

(1) State funds: All State funds received by or deposited to the credit of an institution shall be disbursed only upon warrants drawn on the State Treasurer and signed by two employees of the institution who shall have been designated
by the board of trustees and who shall have been approved by the State Board of Education. Such funds may be disbursed in any other manner provided by regulations of the State Board of Education.

(2) Local funds: All local public funds received by or credited to an institution shall be disbursed on warrants signed by two employees of the institution who shall have been designated by the board of trustees and who shall have been approved by the State Board of Education. Such warrants shall be countersigned by the appropriate county finance officer or officers as provided by law, but only if the funds required by such warrant are within the amount of funds remaining to the credit of the institution and are within the unencumbered balance of the appropriation for the item of expenditure according to the approved budgets of the institution: Provided, that in lieu of countersignature by the county finance officer or officers as provided by law, the board of county commissioners which appropriated the local public funds may from time to time, with the approval of the board of trustees of the institution, designate an employee of the institution to countersign the warrants, and the employee so designated shall countersign a warrant only if the funds required by such warrant are within the amount of funds remaining to the credit of the institution and are within the unencumbered balance of the appropriation for the item of expenditure according to the approved budgets of the institution. Each warrant shall be accompanied by an invoice, statement, voucher, or other basic document which indicates to the satisfaction of the countersigning county finance officer or officers that the issuance of such warrant is proper.

"§ 115D-42. Purchase of equipment and supplies.—It shall be the duty of the several boards of trustees to purchase all supplies, equipment, and materials in accordance with contracts made by or with approval of the North Carolina Department of Administration. No contract shall be made by any board of trustees for purchases unless provision has been made in the budget of the institution to provide payment therefor, and in order to protect the State purchase contracts, it is the mandatory duty of the board of trustees and administrative officers of each institution to pay for such purchases promptly in accordance with the contract of purchase. Equipment shall be titled to the State Board of Education if derived from State or federal funds.

"§ 115D-43. Audits of institutional accounts.—The State Auditor shall be responsible for conducting annually a thorough post audit of the receipts, expenditures, and fiscal transactions of each institution.

The annual audits shall be completed as near to the close of the fiscal year as practicable and copies of each audit shall be filed with the chairman of the board of trustees, the executive head of the institution, the county auditor of each county of the administrative area, the State Board of Education, and the Chairman of the Local Government Commission, inclusive of all accounts.

"§ 115D-44. Surety bonds.—The State Board of Education shall determine what State employees and employees of institutions shall give bonds for the protection of State funds and property and the Board is authorized to place the bonds and pay the premiums thereon from State funds.

The board of trustees of each institution shall require all institutional employees authorized to draw or approve checks or vouchers drawn on local funds, and all persons authorized or permitted to receive institutional funds from whatever source, and all persons responsible for or authorized to handle
institutional property, to be bonded by a surety company authorized to do business with the State in such amount as the board of trustees deems sufficient for the protection of such property and funds. The tax-levying authority of each institution shall provide the funds necessary for the payment of the premiums of such bonds.

"§115D-45. Fire and casualty insurance on institutional buildings and contents.—(a) The board of trustees of each institution, in order to safeguard the investment in institutional buildings and their contents, shall

1. Insure and keep insured each building owned by the institution to the extent of the current insurable value, as determined by the insured and insurer, against loss by fire, lightning, and the other perils embraced in extended coverage; and
2. Insure and keep insured equipment and other contents of all institutional buildings that are the property of the institution or the State or which are used in the operation of the institution.

(b) The tax-levying authority of each institution shall provide the funds necessary for the purchase of the insurance required in (a) above.

(c) Boards of trustees may purchase insurance from companies duly licensed and authorized to sell insurance in this State or may obtain insurance in accordance with the provisions of Article 16, Chapter 115, of the General Statutes, ‘State Insurance of Public School Property.’

"§115D-46. Liability insurance, tort actions against boards of trustees.—(a) Boards of trustees may purchase liability insurance only from companies duly licensed and authorized to sell insurance in this State. Each contract of insurance must by its terms adequately insure the board of trustees against any and all liability for any damages by reason of death or injury to person or property proximately caused by the negligence or torts of the agents and employees of such board of trustees or institution when acting within the scope of their authority or the course of their employment. Any company which enters into such a contract of insurance with a board of trustees by such act waives any defense based upon the governmental immunity of such board.

(b) Any person sustaining damages, or in case of death, his personal representative, may sue a board of trustees insured under this section for the recovery of such damages in any court of competent jurisdiction in this State, but only in a county of the administrative area of the institution against which the suit is brought; and it shall be no defense to any such action that the negligence or tort complained of was in pursuance of a governmental, municipal, or discretionary function of such board of trustees, to the extent that such board is insured as provided by this section.

(c) Nothing in this section shall be construed to deprive any board of trustees of any defense whatsoever to any action for damages, or to restrict, limit, or otherwise affect any such defense; and nothing in this section shall be construed to relieve any person sustaining damages or any personal representative of any decedent from any duty to give notice of such claim to the board of trustees or commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by law.

(d) No part of the pleadings which relate to or allege facts as to a defendant’s insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. Liability shall not attach unless the plaintiff shall waive the right to have all issues of law and fact

relating to insurance in such action determined by a jury, and such issues shall be heard and determined by the judge without resort to a jury and the jury shall be absent during any motions, arguments, testimony or announcements of findings of fact or conclusions of law with respect thereto, unless the defendant shall request jury trial thereon.

(e) The board of trustees of all institutions in this Chapter are authorized to pay as a necessary expense the lawful premiums of liability insurance provided in this section.

Multiple-county administrative areas.—Should two or more counties determine to form an administrative area for the purpose of establishing and supporting an institution, the boards of commissioners of all such counties shall jointly propose a contract to be submitted to the State Board of Education as part of the request for establishment of an institution. The contract shall provide, in terms consistent with this Chapter, for financial support of the institution, selection of trustees, termination of the contract and the administrative area, and any other necessary provisions. The State Board of Education shall have authority to approve the terms of the contract as a prerequisite for granting approval of the establishment of the institution and the administrative area.

The question of increasing the maximum annual rate may be submitted at an election held in accordance with the provisions of G.S. 115D-29(d) and the appropriate provisions of G.S. 115D-31.

(b) When, in the opinion of the board of trustees of said institution, the use of any building, building site, or other real property owned or held by said board is unnecessary or undesirable for the purposes of said institution the board of trustees may sell, exchange, or lease such property in the same manner as is provided by law for the sale, exchange, or lease of school property by county or city boards of education. The proceeds of any such sale or lease shall be used for capital outlay purposes.

"§115D-53. within the State; promote fair and effective competition in that business; and
benefit the movie-going public by holding down admission prices to motion
picture theatres, expanding the choice of motion pictures available to the public, and preventing exposure of the public to objectionable or unsuitable motion pictures by insuring that exhibitors have the opportunity to view a picture before committing themselves to exhibiting it.

"Sec. 7.16. Sale or other disposition of land condemned.
"Sec. 7.17. Removal by city of structures on condemned land; lien.
"Sec. 7.18. Procedure not exclusive.

"Sec. 7.1. Condemnation procedure; interest acquired. The City of High Point shall possess the power of eminent domain, and may acquire, either by purchase or condemnation, any land, right of access, right of way, water right, privilege, easement, or any other interest in or relating to land or water, either within or beyond the city limits, including and limited to a right of way in and across land owned or held as right of way by a railroad or other public utility company (provided that the operation of such railroad or other public utility company may not be impaired unreasonably thereby), for any lawful public use or purpose. Unless otherwise expressly provided in the condemnation resolution, a fee simple title shall pass to the city upon the condemnation of any such interest. In any case where the owner of land to be condemned or of any interest therein is a minor, an insane person, or otherwise under any disability, any notice hereinafter required by this Article to be served upon such owner shall be served upon his guardian, and service upon such guardian shall be sufficient without service on the minor, insane person, or person under disability. Thereafter such guardian may exercise on behalf of his ward with respect to such condemnation proceeding all the powers conferred upon such person as owner. Water rights or other interests relating to water may be condemned under the procedure set forth in this Article for the condemnation of land and interests therein.

If the City of High Point acquires, by purchase, condemnation, or otherwise, interests in or relating to land or water for a lawful public use or purpose, it may convey or lease the air rights over any public facility or facilities constructed on the property so acquired. The City may convey or lease these air rights pursuant to G.S. 160A-273 or pursuant to any other procedure authorized to it by this charter or other local act.
"Sec. 7.2. Effort to purchase not required. It shall not be necessary to the condemnation by the city of any land or interest therein, whether pursuant to this Article or otherwise, that the City shall have attempted to acquire the needed land by grant or purchase prior to the commencement of condemnation proceedings.

"Sec. 7.3. Resolution proposing condemnation. (a) When any land required by the city for any purpose allowed by this charter or the general law of the State is proposed to be condemned under the specific provisions of this charter, the council shall adopt a resolution which shall contain substantially the following provisions:

(1) a description of the land proposed to be condemned in fee, or the interest or easement proposed to be condemned;
(2) if there is any building or other property situated wholly or partly upon the land to be condemned, the determination of the city council as to whether the owner shall be allowed to remove such property or whether the same shall be condemned;
(3) a statement of the purpose for which the land or easement is proposed to be condemned;
(4) the name and address of the owner or owners of the land and of any other person or persons interested therein whom it is necessary to make a party to the proceeding;
(5) the name of a disinterested freeholder of the city appointed as appraiser by the council;
(6) a notice that the owner or owners of the land, or interest therein, or a majority in interest of the owners, may, within five days after service of the resolution upon all of them, appoint one appraiser (who shall be a disinterested freeholder of the city) to represent them, the name of which appraiser shall be reported in writing to the city clerk within said five days;
(7) a notice that the appraiser appointed by the city and the appraiser appointed by the owner or owners, or if the owner or owners fail to appoint, then the two appraisers appointed by the city, shall appoint a third appraiser, and that the three thus appointed shall constitute a board of appraisers, whose duty it shall be to determine the damages and benefits which will result from the condemnation of said land or easement or interest therein;
(8) a notice of the time fixed for the first meeting of the appraisers, and that the meeting will be held upon the premises to be condemned.

(b) It shall not be necessary to institute separate condemnation proceedings against the several owners of tracts or parcels of land affected by proposed local improvements.

"Sec. 7.4. Service of resolution proposing condemnation. A copy of the resolution proposing condemnation shall be personally served upon each of the owners of the land proposed to be condemned; provided, that if the resolution cannot be personally served upon any of the owners, then it may be served by publication once a week for two successive weeks in some newspaper published in the city which is qualified to carry legal notices, or, if there be no such newspaper, by posting in three public places in the city.

"Sec. 7.5. Failure of owners to appoint appraiser. If within five days after service of the resolution upon all of the owners, they or a majority in interest of
them fail to appoint an appraiser and to report his name to the city clerk, the
council shall appoint a disinterested freeholder of the city to represent them.

"Sec. 7.6. Appointment of third appraiser; oath. The appraiser appointed by
the council, and the appraiser appointed by the owner or owners, or if the owner
or owners fail to appoint, then the two appraisers appointed by the council,
shall appoint a third appraiser, who shall be a disinterested freeholder of the
city, and shall report his name to the city clerk. Each appraiser shall take an
oath or affirmation that he will fairly and impartially discharge his duties as an
appraiser.

"Sec. 7.7. First meeting of appraisers. At the time fixed by the resolution of
condemnation, the appraisers shall meet on the premises proposed to be
condemned. If for any reason a meeting cannot be held at the time fixed by
the council, then a meeting shall be held at another time fixed by the appraisers, in
which case notice of the time and place of the meeting shall be personally
served upon each of the owners of the land or easement proposed to be
condemned, or if the notice cannot be personally served, it may be served by
publication once a week for two (2) successive weeks in some newspaper
published in the city which is qualified to carry legal notices, or, if there be no
such newspaper, by posting in three (3) public places in the city. The notice,
whether given personally, by publication, or by posting, shall be served not less
than five (5) days prior to the date of the hearing. At the first meeting the
apraisers shall view the premises affected by the proposed condemnation; and
shall hear, but need not reduce to writing, any evidence as to damages and
benefits that will result from the proposed condemnation presented by the
owners or by the city. The appraisers may make their report at or after the
hearing or they may, in their discretion, hold subsequent meetings.

"Sec. 7.8. Subsequent meetings; when notice required. Subsequent meetings
of the appraisers shall be held at such times and places as may be determined by
them. Of such meetings no notice need be given either to the owners or to the
city unless the meetings are to be public and for the purpose of hearing
evidence. If held for such purpose, then unless the meeting is held at a time and
place to which a former meeting of which the parties had lawful notice was
adjourned, notice of the meeting shall be personally served upon all the parties,
or, if such notice cannot be personally served, it may be served by publication
once a week for two (2) successive weeks in a newspaper published in the city
which is qualified to carry legal notices, or, if there be no such newspaper, by
posting in three (3) public places in the city. The notice shall be served or
publication or posting thereof completed not less than five (5) days prior to the
time fixed for the meeting.

"Sec. 7.9. Determination of damages and benefits; report. In determining the
compensation to be paid by the city for the land or easement condemned, the
apraisers shall take into consideration both the loss or damage which will
result to the owners from the condemnation of the land or easement and the
benefits that will result to any remainder of such land from the improvement
for which the land or easement is to be condemned, the benefits to include both
benefits or advantages special to the land and the benefits or advantages to the
land in common with other lands affected by the improvement. The appraisers
shall also take into consideration the value of any building or other property
situated on the land proposed to be condemned if the owner is to be allowed to
remove the building or other property, and the value thereof shall not be
included in the compensation award. Having determined damages and benefits, the appraisers shall make their report to the council, in which report the appraisers shall show separately the amount of damages, the amount of benefits, and the amount which shall be paid by the city if it finally condemns the land or easement. In the event the property condemned is subject to a recorded lease or leases, the appraisers shall apportion the award between or among the person or persons owning the fee or fees and the person or persons owning the leasehold interest or interests; but in no event shall the total of the amounts so apportioned exceed the value of the property were it not subject to a recorded lease or leases. The report shall be sufficient if it is concurred in by two (2) of three (3) appraisers. In the event that no two (2) of the three (3) appraisers can agree upon an appraisal, three new appraisers may be appointed in the same manner as the original appraisers, and the new appraisal board shall follow the same procedure as required of the original appraisal board.

"Sec. 7.10. Action of council on report. Within 30 days after the report of the appraisers is submitted to the council, the council shall determine what action it will take thereon. If the council determines to abandon the proposed condemnation, it shall adopt a resolution to the effect; but the abandonment of the condemnation shall not prevent the council from thereafter instituting a proceeding to condemn the same land or easement. If the council determines to condemn the land or easement, it shall adopt a resolution which shall contain substantially the following:

(1) a recital that a board of appraisers has been appointed to determine the compensation to be paid for the land or easement, as provided by this charter, and that the appraisers have submitted their report to the council;

(2) a statement of the amount of damages and benefits as fixed by the appraisers and of the compensation to be paid by the city for the land or easement condemned as fixed by the appraisers;

(3) the determination of the council as to the condemnation of the land or easement;

(4) a description of the land condemned in fee or of the easement condemned;

(5) a statement of the purpose for which the land or easement is condemned;

(6) the name of the owner or owners of the land and of other persons interested therein who were made parties to the proceeding;

(7) the determination of the council as to the time when the city will take possession of the land or easement condemned, and a direction that such premises shall be vacated by such time, and, in case the owner is allowed to remove any building or part thereof or any other property on the premises, a direction that such property shall be removed before said date and that if the owner fails to remove the same within said time, the council will have the same removed and the cost thereof shall be a lien upon the remainder of the property.

"Sec. 7.11. Vesting of title in city. The adoption by the city council of a final resolution of condemnation, as provided in the preceding section, shall have the effect of a judgment against the City of High Point for the amount of compensation fixed by the appraisers and shall vest in the city title to the land or easement condemned.

"Sec. 7.12. Appeal to superior court. If upon the adoption by the council of a final resolution of condemnation, either the owner of the land or easement condemned or the city council itself is dissatisfied with the amount of the
compensation to be paid for such land or easement as fixed by the appraisers, such owner or the city or both may, within 10 days from the date of adoption of such resolution, appeal to the General Court of Justice, High Point Superior Court Division. The party or parties appealing shall, within 10 days, give notice of appeal to the other party by personal service if practicable and, if not, by publication of a notice one time in a newspaper published in the city which is qualified to carry legal notices. The appeal or appeals shall not interfere with the vesting in the city of the title to the land or easement condemned or hinder the city in any way from proceeding with the improvements for which such land or easement was condemned, except that if the land or interest therein is owned by another public or quasi-public body, or by a railroad or public utility company, the vesting of title in the city shall not become effective until the court has rendered final judgment on the question of whether the condemnation by the city is in the public interest, and has determined the amount of compensation to be awarded for the condemnation, in which case the court may, in its discretion, reduce the amount of land or interest therein which it shall allow to be condemned.

"Sec. 7.13. Record upon appeal. Upon an appeal taken by either party, the city clerk shall certify a copy of the record in the condemnation proceeding to the General Court of Justice, High Point Superior Court Division, and such appeal shall be tried as other actions at law. The record upon appeal shall be composed of the preliminary resolution of condemnation, the oath of appraisers, the report of appraisers, the final resolution of condemnation, and the notice or notices of appeal. The record upon appeal, or any part thereof, shall be competent as evidence upon the trial of an appeal.

"Sec. 7.14. Condemnation before determination of compensation. When, in the judgment of the council, the public interest requires that the city enter into immediate possession of any land, it shall adopt a resolution stating such necessity and the reason therefor, and condemning the required land or easement, and providing for the determination of the compensation to be paid by the city for the land or easement. The procedure therefor with respect to determination of such compensation shall follow as closely as practicable the provisions of this Article, or of the provisions of Article 11, Chapter 160A of the General Laws of North Carolina concerning ‘Eminent Domain.’ This section shall not apply to land, or interests therein, owned by another public or quasi-public body, or railroad or public utility company.

"Sec. 7.15. Registration of condemnation proceedings. In any case where any land or any easement therein has been or may hereafter be condemned by the council, a copy of so much of the condemnation proceedings as may be necessary to show the land or easement therein condemned and the condemnation thereof shall be certified by the city clerk and the same, upon being probated by the Clerk of the Superior Court, or other person authorized by law to probate instruments for registration, shall be registered in the office of the Register of Deeds of Guilford County.

"Sec. 7.16. Sale or other disposition of land condemned. When any land condemned in fee by the city is no longer needed for the purpose for which it was condemned, the same may be used by the city for any other public purpose or may be sold or otherwise disposed of.

"Sec. 7.17. Removal by city of structures on condemned land; lien. When property upon which any building or other structure is wholly or partly located
is condemned by the city under the provisions of this charter or any other law, and the owner is allowed to remove such building or structure or part thereof, the council may, after the report of the appraisers has been made, name the time within which the owner may remove the building or structure, or part thereof, and if the owner fails to remove the same within said time, the council may remove the same and the cost thereof shall be a lien upon the remainder of said land, or such cost may be recovered by the city in any court of competent jurisdiction.

"Sec. 7.18. Procedure not exclusive. The condemnation procedure set forth in this Article shall not be exclusive, but shall be in addition to any other procedure provided by law. Provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c) unless the exercise of such power of eminent domain is either consented to by the owner of the property, to be acquired by the city or, otherwise, first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation.

Any petition to the governing body of the city for the making of the local improvements authorized by this Article may embrace any one (1) or more of the classes of local improvements named in Section 8.4, and may embrace improvements to be made on or in one (1) or more streets; provided, any improvement to be made on or in more than one (1) street shall be practically uniform in cost and kind throughout the improvement.

"Sec. 8.7. The petition; certificate of sufficiency of petition. The petition for any one (1) or more of such local improvements shall designate by a general description the improvement or improvements proposed, and shall request that the same be made in conformity with the provisions of this Article and that such proportion of the cost of each of such improvements as may be specified in the petition be specially assessed against the property abutting on the street or streets or part thereof in which or on which such improvements are proposed to be made. The petition shall be signed by at least a majority in number of the owners, which majority must own at least a majority of all the lineal feet of frontage, of the lands abutting upon the street or streets or part of a street or streets proposed to be improved, excluding street intersections, and for the purpose of the petition, all the owners of undivided interests in any land shall be deemed and treated as one (1) person and such land shall be sufficiently signed for when the petition is signed by the owner or owners of a majority in amount of such undivided interests; provided, that for the purpose of this section the word 'owners' shall be considered to mean the owners of any life estate, of an estate by entirety, or of the estate of inheritance, and shall not include mortgagees, trustees of a naked trust, trustees under deeds of trust to secure the payment of money, lienholders, or persons having inchoate rights of curtesy or dower. Upon the filing of such petition with the city, the clerk, or other person designated by the governing body thereof, shall investigate the sufficiency of the petition, and if it is found to be sufficient, he shall certify the same to the governing body.

"Sec. 8.8. When petition unnecessary. (a) Whenever in the judgment of the governing body of the city any street or part of a street is unsafe and dangerous, or whenever the paving or repaving of any street or part thereof is necessary in order to connect streets already paved, or whenever the paving of any street is necessary in order to connect any paved portion of the city's streets with a paved highway outside the corporate limits of the city, or whenever the paving of any street or part thereof is necessary to provide a paved approach to any railroad underpass or overpass or other bridge, or whenever any paved street or part thereof has been widened, if in such case, in the opinion of the governing body, public interest requires that said improvement be made, and if, in the opinion of the governing body, the abutting property will be benefited by said improvement to the extent of the part of the cost thereof to be assessed against such abutting property, the governing body may without petition of the property owners order the making of such improvement. Whenever any such improvement is ordered made by authority of this section, the ordering of the paving of any street or part thereof may include the necessary water main and sewer improvements and the necessary water and sewer laterals, and it may, but
need not, include the construction of sidewalks on one (1) or both sides of the street.

(b) Whenever in the opinion of the governing body the best interest of the city will be served, and it will be more economical and the interest of the property owners will best be served by constructing either water or sanitary sewer mains, or both, between the streets rather than in a street, the petition may provide therefor, or in the event the water and sanitary sewer mains may be constructed in a street without petition, they may be constructed between streets without petition, and the cost of the construction of such water or sewer mains and laterals shall be assessed according to the street frontage in the same manner and to the same extent that it would be assessed if the improvements were constructed in a street; provided that the city shall provide the rights-of-way for construction and maintenance of such mains at its own expense and without assessing the costs thereof.

"Sec. 8.9. Preliminary resolution. Upon the finding by the governing body that the petition for a local improvement or improvements is sufficient, or when it is proposed to make without petition any improvement or improvements authorized to be made without petition by Section 8.8 of this Article, the governing body shall adopt a resolution which shall contain substantially the following:

(1) that a sufficient petition has been filed for the making of the improvement or improvements; or, if it is proposed to make the improvement or improvements without petition, a statement of the reasons proposed for the making thereof;

(2) a brief description of the proposed improvement or improvements;

(3) the proportion of the cost of the improvement or improvements to be specially assessed and the terms of payment;

(4) a notice of the time and place, when and where a public hearing will be held on the proposed improvement or improvements. (The time fixed for such public hearing shall be such as to allow for notice being given thereof not less than 10 days prior thereto.);

(5) a notice that all objections to the legality of the making of the proposed improvement or improvements shall be made in writing, signed in person or by attorney, and filed with the city clerk of the city at or before the time of such hearing, and that any such objections not so made will be waived.

The resolution shall be published one (1) time in a newspaper published in the city, or if there be no such newspaper, such resolution shall be posted in three (3) public places in the city for at least five (5) days, the date of publication or posting of the resolution to be not less than 10 days prior to the date fixed for the hearing.

"Sec. 8.10. Public hearing on preliminary resolution. At the time for the public hearing, or at some subsequent time to which such hearing shall be adjourned, the governing body shall consider such objections to the legality of the making of the improvement or improvements as have been made in compliance with subsection (5) of the preceding section, together with such objections as may be made to the policy or expediency of the making of the improvement or improvements; and the governing body shall thereafter determine whether it will order the making of said improvement or improvements. Any objection against the legality of the making of the improvement or improvements not made in writing, signed in person or by
attorney, and filed with the city clerk of the city at or before the time or adjourned time of such hearing shall be considered as waived; and if any such objection shall be made and shall not be sustained by the governing body, the adoption of the resolution ordering the making of the improvement or improvements as provided in the next following section, shall be the final adjudication of the issues presented, unless within 10 days after the adoption of such resolution proper steps shall be taken in a court of competent jurisdiction to secure relief.

"Sec. 8.11. Contents of resolution ordering improvement; publication. After such public hearing, if the governing body determines to make the improvement or improvements proposed, the governing body shall adopt a resolution which shall contain:

(1) if the improvement or improvements are to be made by virtue of a petition, a finding by the governing body as to the sufficiency of the petition. (The finding of the governing body as to the sufficiency of the petition shall be final and conclusive.) If the improvement or improvements are to be made without petition by virtue of the authority contained in Section 8.8 of this Article, a finding by the governing body of such facts as are required by said section in order to authorize said governing body to order such improvement or improvements made without petition;

(2) a general description of the improvement or improvements to be made and the designation of the street or streets or parts thereof where the work is to be done;

(3) if the improvement directed to be made is the paving of a street or part thereof wherein a street railway or railroad company has tracks, a direction that said company pave that part of the street occupied by its tracks, such part to include the space between the tracks, the rails of the tracks and 18 inches in width outside such tracks, with such material and in such manner as the governing body may prescribe, and that unless such paving shall be completed on or before a day specified in the resolution, the governing body will cause the same to be done; provided, however, that where any such company shall occupy such street or streets under a franchise or contract which otherwise provides, such franchise or contract shall not be affected by this section, except insofar as may be consistent with the provisions of such franchise or contract;

(4) if the improvement directed to be made includes the construction of water mains or sewers, and in order to provide such mains or sewers in the street or streets to be improved it is necessary to extend the same beyond the limits of such street or streets, the resolution shall contain a provision for the necessary extension of such mains or sewers and a further provision that the cost of such extension shall eventually be assessed against the lots or parcels of land abutting on the street or streets in which such extensions are made but that such assessment shall not be made until such time as the governing body shall thereafter determine;

(5) if the improvement directed to be made is the paving of a street or part thereof, or the construction of sidewalks, the resolution may, but need not, contain a direction that the owner of each lot abutting on the part of the street to be improved, connect his lot by means of laterals with water mains, gas or sewer pipes, or any one (1) or more thereof, located in the street adjacent to his premises in accordance with the requirements of the city governing the laying of such laterals, and that unless such owners cause such laterals to be laid on or
before a date specified in the resolution, such date to be not less than 30 days after the date of the resolution, the governing body will cause the same to be laid;

(6) a designation of the proportion of the cost of the improvement or improvements to be assessed against abutting property, and of the number of equal annual installments in which assessments may be paid. Said resolution after its passage shall be published at least once in some newspaper published in the city, or, if there be no such newspaper, such resolution shall be posted in three (3) public places in the city for at least five (5) days.

"Sec. 8.12. Governing body to determine details of construction; power with respect to contracts for construction. The governing body of the city shall have power to determine the character and type of construction and of material to be used and to determine any other details of plan or construction necessary to be determined in making any of the improvements authorized by this Article and to determine whether any work to be done by the city shall be done by contract or by forces of the city. Such governing body shall have power also subject to the provisions of Section 8.11, subsection (5) of this Article, to determine the number of water, sewer and gas laterals that shall be laid to any lot on any street to be improved. If said work or any part thereof is to be done by contract, the city may let all of said work in one (1) contract, or it may divide the same into several contracts, and may let said contracts separately. In any case where part of a street is required to be paved by a street railway or railroad company as provided in the next preceding section, the city may, in the discretion of its governing body, contract with said street railway or railroad company for said paving, or work incidental thereto, or both, and the cost of said paving or work incidental thereto, or both, as fixed by said contract shall constitute a lien on the franchises and other property of such street railway or railroad company.

"Sec. 8.13. Governing body to determine cost of improvement. Upon the completion of the improvement or improvements to be made by said resolution, the governing body of the city shall ascertain the total cost thereof. In addition to other items of cost, there shall be included in such total cost the cost of all necessary legal services, the amount of damages paid or to be paid for injury to property by reason of any change of grade or drainage, including court costs and other expenses incidental to the determination of such damages, and the cost of retaining walls, sidewalks or fences built or altered in lieu of cash payment for such property damage, including the cost of moving or altering any building. In determining the cost of any street lighting improvement, the governing body shall ascertain the excess of cost of construction of said system of lighting over and above the cost of construction of such system of lighting as the city provides at public expense for streets of the same kind, and such excess shall be considered the cost thereof. In determining the cost of any of the improvements authorized by this act, the governing body shall include therein the interest paid on the cost of the improvement during the period of construction. The determination of the governing body as to the total cost of any improvement shall be conclusive.

"Sec. 8.14. Preliminary assessment. Having determined such total cost, the governing body of the city shall thereupon make a preliminary assessment as hereinafter set out in this section. Such preliminary assessment shall, however, be advisory only, and shall be subject to the action of the governing body thereon as hereinafter set out in Section 8.17 of this Article. Said preliminary
assessment shall be made on the basis hereinafter set out in this section for the classes of improvements indicated; provided, that if the petition, or the resolution, in those cases where the improvement was ordered made without petition, specified that there should be specially assessed against the abutting property a smaller proportion of the cost of any improvement than is hereinafter specified in this section, then there shall be assessed against such abutting property only such proportion of the cost of such improvement as was specified in said petition or in said resolution.

(1) Street paving. The total cost of any street paving improvement, exclusive of so much of said cost as is incurred at street intersections and the share of street railways or railroads, shall be specially assessed against the lots and parcels of land abutting directly on the street paved, according to the extent of their respective frontages thereon, by an equal rate per foot of such frontage. The cost of that part of the paving required to be borne by a street railway or railroad, which paving is done by the city after default by said street railway in making the same, as hereinbefore provided in this Article, or which is done by the city by contract with such railway or railroad as provided in Section 8.12 of this Article, shall be assessed against such street railway or railroad, and such assessment shall be a lien on all of the franchises and property of such street railway or railroad company, and may be collected by sale of such property and franchises as is provided in Section 8.23 of this Article.

(2) Sidewalks. The total cost of constructing or reconstructing sidewalks shall be assessed against the lots and parcels of land abutting on that side of the street upon which such improvement is made, according to their respective frontages thereon by an equal rate per foot of such frontage, the lots within a block being deemed to abut upon a sidewalk although the latter extends beyond the lots to the curb line of an intersecting street.

(3) Water mains and sewers. In the case of water mains and storm and sanitary sewers, the cost of not exceeding an eight (8) inch water or sanitary sewer main and of not exceeding a 30 inch storm sewer main and of such portion of said mains as lie within the limits of the street or streets, or part thereof, to be improved as provided in the petition or resolution ordering the same, shall be assessed against the abutting property. Such cost shall be assessed against the lots and parcels of land abutting on said street or streets or parts thereof, according to their respective frontages thereon by an equal rate per foot of such frontage; provided, that in case of a corner lot, used as a single lot, where there is a water main or sewer already laid on the intersecting street on which such lot abuts and by which such lot is or can be served, no assessment shall be made against said lot for the second water main or sewer for any part of the frontage of said lot except that portion in excess of 150 feet if said lot is in a residential section of the city, or in excess of 100 feet if said lot is in a business section of the city, and in such case such portion of said cost as would otherwise be assessed against said lot shall be borne by the city; provided further, that if a water or sanitary sewer main in excess of eight (8) inches in size or a storm sewer main in excess of 30 inches in size is laid in said portion of said street or streets, then the cost of such water or sanitary sewer main in excess of the cost of an eight (8) inch main and the cost of such storm sewer main in excess of a 30 inch main shall be borne by the city; provided further, that if the resolution ordered the construction of any pumping station, outfall, septic tank or disposal plant,
CHAPTER 501  Session Laws—1979

no part of the cost of the same shall be specially assessed. Nothing contained herein shall be construed to limit the right of the city to contract with any property owner or owners for the construction of any pumping station, outfall, septic tank or disposal plant or for the construction of water mains or storm or sanitary sewers and for the assessment of the cost thereof according to the terms of such contract.

(4) Water and sewer laterals. The entire cost of each water and sewer lateral required to be laid by the owner of the property for or in connection with which such lateral is laid, but laid by the city after default by such property owner in making the same as hereinbefore provided, shall be specially charged against the particular lot or parcel of land for or in connection with which it was made.

(5) Grass plots. The entire cost of grading or otherwise improving, or of planting, the grass plots in any street or part thereof, shall be assessed against the lots and parcels of land abutting on the street or part thereof wherein or whereon such improvements are made by an equal rate per front foot of such frontage; provided, that this subsection shall be construed to mean that when a grass plot in any street is graded or planted or otherwise improved, the cost thereof shall be assessed against all of the property abutting on the street within the block where such grass plot is located.

(6) Lighting improvements. The cost of any lighting improvement, such cost being determined as provided in Section 8.13 of this Article, shall be specially assessed against the lots and parcels of land abutting directly on the street or streets, or part thereof, where such improvement is made, according to their respective frontages thereon by an equal rate per foot of such frontage.

(7) Water front improvements. The cost of any water front improvement shall be specially assessed against the lots and parcels of land abutting on the improvement according to their respective frontages thereon by an equal rate per foot of such frontage.

"Sec. 8.15. Preliminary assessment roll. For the purpose of assessment, the governing body of the city shall cause to be prepared a preliminary assessment roll, on which shall be entered a brief description of each lot or parcel of land assessed, the amount assessed against each such lot as determined under the provisions of the next preceding section, and the name or names of the owner or owners of each such lot, as far as the same can be ascertained; provided, that a general plan map of the improvement or improvements on which is shown the frontage and location of each lot on the street improved, together with the amount assessed against each such lot and the name or names of the owner or owners thereof, as far as the same can be ascertained, shall be a sufficient assessment roll. If the resolution directed the making of more than one improvement, a single preliminary assessment roll for all of the improvements authorized by such resolution shall be sufficient, but the cost of each improvement to each lot affected shall be shown separately.

"Sec. 8.16. Filing of preliminary assessment roll; publication of notice of hearing thereon. After such preliminary assessment roll has been completed, the governing body of the city shall cause it to be filed in the office of the clerk of the city for inspection by parties interested, and shall cause to be published one (1) time, in some newspaper published in the city, or if there be no such newspaper the governing body shall cause to be posted in three (3) public places in the city, a notice of the completion of the assessment roll, setting forth a description in general terms of the local improvement or improvements, and
stating the time fixed for the meeting of the governing body for the hearing of objections to the special assessments, such meeting to be not earlier than 10 days after the first publication or from the date of posting of said notice. Any number of assessment rolls may be included in one (1) notice. The governing body shall publish in said notice the amount of each assessment.

"Sec. 8.17. Hearing; revision; confirmation; lien. At the time appointed for that purpose or at some other time to which it may adjourn, the governing body of the city shall hear the objections to the preliminary assessment roll of all persons interested, who may appear and offer proof in relation thereto. Then or thereafter, the governing body shall either annul or sustain or modify in whole or in part the prima facie assessment as indicated on said roll, either by confirming the prima facie assessment against any or all lots or parcels described therein, or by cancelling, increasing or reducing the same, according to the special benefits which said governing body decides each of said lots or parcels has received or will receive on account of such improvement, except that assessments against railroads made because of contract or franchise obligations to pay a portion of cost shall be in accordance with such obligations. If any property which may be chargeable under this Article shall have been omitted from said preliminary roll or if the prima facie assessment has not been made against it, the governing body may place on said roll an apportionment to said property. The governing body may thereupon confirm said roll, but shall not confirm any assessment in excess of the special benefits to the property assessed and the assessments so confirmed shall be in proportion to the special benefits, except as hereinabove provided in the case of franchise obligations of railroads. Whenever the governing body shall confirm an assessment for a local improvement, the city clerk of the city shall enter on the minutes of the governing body and on the assessment roll, the date, hour, and minute of such confirmation, and from the time of such confirmation the assessments embraced in the assessment roll shall be a lien on the property against which the same are assessed of the same nature and to the same extent as county and city taxes and superior to all other liens and encumbrances. After the assessment roll is confirmed a copy of the same shall be delivered to the tax collector of the city.

"Sec. 8.18. Appeal to Superior Court. If the owner of, or any person interested in, any lot or parcel of land against which an assessment is made is dissatisfied with the amount of such assessment he may, within 10 days after the confirmation of the assessment roll, give written notice to the mayor or city clerk of the city that he takes an appeal to the General Court of Justice, High Point Superior Court Division, in which case he shall within 20 days after the confirmation of the assessment roll serve on said mayor or city clerk a statement of facts upon which he bases his appeal. The appeal shall be tried as other actions at law. The remedy herein provided for any person dissatisfied with the amount of the assessment against any property of which he is the owner or in which he is interested shall be exclusive.

"Sec. 8.19. Power to correct error in assessment. If it shall be made to appear to the governing body after confirmation of any assessment roll that any error has been made therein, then the governing body shall cause to be published one (1) time in some newspaper published in the city, or if there be no such newspaper the governing body shall cause to be posted at three (3) public places in the city, a notice referring to the assessment roll in which such error was
made, naming the owner or owners of the lot or parcel of land with respect to which such error was made, if the same can be ascertained, and naming the time and place fixed for the meeting of the governing body for the correction of such error, such meeting not to be earlier than 10 days from the publication or from the date of the posting of said notice. At the time fixed in the notice or at some subsequent time to which the governing body may adjourn, said governing body, after giving the owner or owners of the property affected and other persons interested therein an opportunity to be heard, may proceed to correct such error, and the assessment then made shall have the same force and effect as if it had originally been properly made.

"Sec. 8.20. Reassessment. The governing body shall have the power, when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of the local assessment made by it, and thereupon to make a reassessment. In such case there shall be included, as a part of the cost of the public improvement involved, all interest paid or accrued on notes or certificates of indebtedness, or bonds issued by the city to pay the expenses of such improvement. The proceeding shall, as far as practicable, be in all respects as in the case of original assessments, and the reassessment shall have the same force as if it had originally been properly made.

"Sec. 8.21. Publication of notice of confirmation of assessment roll. After the expiration of 20 days from the confirmation of the assessment roll, the tax collector, or such other officer of the city as the governing body may direct so to do, shall cause to be published one (1) time in some newspaper published in the city, or, if there be no such newspaper, shall cause to be posted at three (3) public places in the city, a notice that any assessment contained in the assessment roll, naming and describing it, may be paid to him at any time before the expiration of 30 days from the date of publication or posting of the notice, without interest from the date of confirmation of said assessment roll, but that if such assessment is not paid in full within said time, all installments thereof shall bear interest at the rate of at least six percent (6%) per annum from said date of confirmation of the assessment roll.

"Sec. 8.22. Payment of assessments in cash or by installments. The property owner or street or railway or railroad hereinbefore mentioned in this Article shall have the option and privilege of paying for the improvements hereinbefore provided for in cash as provided in the preceding section or in not less than five (5) nor more than 10 equal annual installments as may have been determined in the original resolution ordering the improvement or improvements. If paid in installments, such installments shall bear interest at the rate of at least six percent (6%) per annum from the date of the confirmation of the assessment roll. If any assessment is not paid in cash, the first installment thereof with interest thereon shall become due and payable 30 days after the publication or posting of the notice required by the preceding section and one subsequent installment and interest thereon shall be due and payable on the same day of the same month in each successive year until said assessment is paid in full; provided, however, that if the governing body shall so direct such installments shall become due and payable on the same date when property taxes of the city are due and payable. If any installment with interest thereon is not paid when due, it shall be subject to the same penalties as are now prescribed by law for unpaid taxes, in addition to the interest herein provided
for. The whole assessment may be paid at any time by the payment of the full amount due with accrued interest.

"Sec. 8.23. Enforcement of payment of assessments. In case of the failure of any property owner or street railway or railroad company to pay any installment when the same shall become due and payable, then and in that event all of the installments remaining unpaid shall immediately become due and payable, and such property and franchises may be sold by the city under the same rules, regulations, rights of redemption and savings as are now prescribed by law for the sale of land for unpaid taxes. Collection of such assessments with interest and penalties, may also be made by the city by proceedings to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the State, and it shall be lawful to join in any bill for foreclosure any one or more lots or parcels of land, by whomsoever owned, if assessed for an improvement ordered by the same resolution. After default in the payment of any installment, the payment of said installment, together with interest and penalties due thereon, before the lot or parcel of land, against which the same is a lien, is sold or said lien is foreclosed as hereinafter provided, shall bar the right of the city to sell said land or to foreclose the lien thereon by reason of said default.

"Sec. 8.24. Assessment of cost of water main and sewer extensions. If the resolution ordering the making of any improvement or improvements included a provision for any necessary extension of a water main or sewer or sewers, as provided in Section 8.11, subsection (4), of this Article, at such time after the completion of said extension or extensions as, in the judgment of the governing body, circumstances justify the assessment of the cost thereof, the governing body shall cause a preliminary assessment to be made as provided in Section 8.14, subsection (3), of this Article, and the procedure thereafter to be followed with respect to such assessment and the force and effect thereof shall be as already prescribed in this Article.

"Sec. 8.25. Annual assessment of cost of maintenance and operation of lighting improvement. After any lighting improvement is made as provided in this Article, the city is hereby authorized, as long as said lighting system shall be maintained, to make an annual assessment against the lands assessed with the original cost of the improvement sufficient to cover the excess of actual cost of maintenance and operation of said lighting system over and above the cost of maintenance and operation of such system of lighting as the city provides at public expense for streets of the same character as that whereon said lighting improvement is made. To that end the governing body of the city shall cause to be prepared a preliminary assessment which shall, as far as practicable, conform to the requirements of Section 8.14, subsection (6), of this Article; and the procedure thereafter to be followed with respect to such assessment and the force and effect thereof shall be as already prescribed in this Article.

"Sec. 8.26. Apportionment of assessments. When any special assessment has been made against any property for any improvement authorized by this Article, and it is desirable that said assessment be apportioned among subdivisions of said property, the governing body of the city shall have authority, upon petition of the owner of said property, to apportion said assessment fairly among said subdivisions. Thereafter, each of said subdivisions shall be relieved of any part of such original assessment except the part thereof apportioned to said subdivision; and the part of said original assessment
apportioned to any such subdivision shall be of the same force and effect as the original assessment.

"Sec. 8.27. No change of ownership affects proceedings. No change of ownership of any property or interest therein after the passage of a resolution ordering the making of any improvement authorized by this Article shall in any manner affect subsequent proceedings, and such improvement may be completed and assessments made therefor as if there had been no change in such ownership.

"Sec. 8.28. Lands subject to assessment. No lands in the city shall be exempt from special assessment as provided in this Article except lands belonging to the United States; and the governing body of the city in whom is vested the right to hold and dispose of real property shall have the right by authority duly given to sign the petition for any local improvement authorized by this Article.

"Sec. 8.29. Proceedings in rem. All proceedings for special assessment under the provisions of this Article shall be regarded as proceedings in rem, and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded a substantial mistake or omission.

"Sec. 8.30. Street utility assessments. (a) The governing body of the city, by resolution duly adopted, is hereby authorized to provide that assessments levied against abutting lots or parcels of land for water main improvements or sanitary sewer improvements, when in the opinion of the governing body such improvement or improvements may not presently be used by the owner or owners of the abutting lots or parcels of land, may be held in abeyance without the payment of any interest thereon until such time as the governing body shall, by resolution duly adopted, determine that any such assessment or assessments shall be paid in accordance with the terms set out in the resolution confirming such assessment or assessments; provided, that a part of the assessments, levied for the improvement or improvements herein set out on a street or streets or portion thereof, may be held in abeyance as herein provided without holding all of said assessments in abeyance.

(b) All statutes of limitations, authorized by law are hereby suspended during the time that any assessment or assessments are held in abeyance without the payment of interest, as provided in subsection (a) of this section, and such time shall not be a part of the time limited for the commencement of action for the enforcement of the payment of any such assessment or assessments, and such action may be brought at any time within 10 years from the date of the adoption of a resolution by the governing body determining that such assessment or assessments shall be paid in accordance with the original resolution confirming such assessments.

"Sec. 8.31. Sidewalk; paving, maintenance and repair. Every owner of a lot abutting on a paved street, if so ordered by the Council of the City of High Point, shall pave, repave, repair and maintain in such manner as the council may direct, the sidewalk as far as it may extend along such lot, with such materials and in such manner as may be required by the council, and all work done under this section shall be under the strict supervision of the city manager, and on failure to do so as directed within 30 days after notice from the city manager or the director of public works of the city to such owner (if the owner be a nonresident, once a week for two (2) successive weeks in a newspaper published in High Point of a notice directed to said owner), calling on the owner
to pave, repave, repair and maintain the sidewalk, the Council of the City of High Point may cause the same to be made, and the expense shall be paid by the owner or owners in default, and the expense thereof shall be a lien upon the lot superior and prior to all liens except taxes, and collected in the same manner as provided by law for the collection of taxes.

(b) Any person, firm or corporation receiving citations for the above offenses shall pay through the traffic bureau one dollar ($1.00) as partial payment of the court cost for such violations or such other amounts as fixed from time to time by the council.

(c) Any person, firm or corporation cited by the law enforcement personnel of the City of High Point to appear before the traffic bureau may submit thereto a plea of guilty to such traffic violation or violations and tender the sum or sums provided for in subsection (b) of this section as partial payment of court cost for the violation or violations. In the event the person, firm or corporation so cited shall be unwilling to submit a plea of guilty to the traffic violation or violations, shown in the citation, thereupon a warrant shall be duly issued by the Police
Department of the City of High Point and the person so charged with the violation or violations shall be tried upon such warrant in the District Court.

No State tax shall be paid to the State of North Carolina in such cases, except where a warrant is issued and the case is tried in the District Court.

"Sec. 9.3. Public facilities on Deep River. (a) The council is authorized to make rules and regulations for the protection and use of the city's raw water reservoir located on Deep River. Such rules and regulations shall include terms and conditions under which fishing and boating shall be permitted, fix a charge for fishing permits, and provide for a warden or wardens to enforce the rules and regulations.

(b) The council is authorized to make such rules and regulations as it may deem necessary to enforce the provisions of this section, and to carry out its true purpose and intent, for the protection, betterment, administration and use of the city's park and swimming pool located on Deep River just below its water supply lake. Such rules and regulations shall provide for the use of streets, alleys, driveways, and authorize the establishing of parking areas and places in the park, and prohibit the sale and use of beer, wine and whiskey in the park.

(c) All rules and regulations adopted by the council pursuant to this section shall, upon their adoption, have the force and effect of ordinances and shall be enforced by law enforcement personnel of the city.

(d) Any parking regulations adopted pursuant to this section shall also be enforced by police officers of the city. Any police officer of the city who may be injured while enforcing the rules and regulations in the park shall be covered by the provisions of North Carolina Workmen's Compensation Act.

(e) The violation of any of the rules and regulations shall be a misdemeanor and any person found guilty of violation of any one or more of the rules and regulations shall be punished for the violation by a fine of $25.00 and the cost of the court.

"Sec. 9.4. Promotion of city. The council is hereby authorized and empowered to appropriate annually and to expend, in its discretion, a sum not exceeding $10,000 for the purpose of advertising the city or promoting the public interest and general welfare of the city; provided, however, that any such appropriation, which is hereby declared to be for a public purpose, shall be from currently available nontax revenue.

"Sec. 9.5. Purchasing, contracting, bidding. (a) Contracts on informal bids. All contracts for construction or repair work or for the purchase of apparatus, supplies, materials or equipment involving expenditure of public funds in the amount of $5,000 or more, but not in excess of $10,000 made by any officer, department, board or commission of the city, when practical, shall be awarded to the lowest responsible bidder taking into consideration quality, performance and the time specified in the proposal for the performance of the contract, after informal bids have been secured; provided, contracts may be awarded upon receipt of one bid in all cases where there is only one (1) source of supply and in all cases where only one (1) bid has been received after efforts have been made in writing to secure more than one (1) bid, and it shall be the duty of such officer, department, board or commission to keep record of all bids submitted, and such records shall be subject to public inspection at any time.

(b) Procedure for letting Public Contracts. No construction or repair work or purchases of apparatus, supplies, materials or equipment requiring estimated expenditure of public money in an amount more than $10,000, except in cases of
special emergencies as determined by the council involving health and safety of the people or their property, shall be performed and no contract shall be awarded therefor unless the provisions of this section are complied with.

(c) Advertisement for letting of contracts. Proposals shall be invited by advertisement at least one (1) week before the time specified for opening of such proposals in a newspaper having general circulation in the city. Such advertisement shall state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials, or equipment may be had, and the time and place for opening the proposals and the council shall reserve the right to reject any or all such proposals.

Proposals shall not be rejected for the purpose of evading the provisions of this section and the council shall not assume responsibility for the construction or purchase contracts and shall not guarantee payment of labor or materials therefor. All proposals shall be opened in public and shall be recorded on the minutes of the council and the award shall be made to the lowest responsible bidder, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract; provided, a committee selected by the council may open such proposals in advance of the meeting of council, analyze the bids and make recommendations to the council. In the event the lowest responsible bid is in excess of funds available for such purpose, the council is authorized to enter into negotiations with the lowest responsible bidder and may award such contract to such bidder if such bidder agrees to perform same, without making substantial changes in the plans and specifications, at a sum within the funds available therefor. If the contract cannot be let under the above conditions, the council is authorized to readvertise, as herein provided, the said letting and make such changes in the plans and specifications as may be necessary to bring the cost of the project within funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor. No proposal shall be considered or accepted by the council unless at the time of its filing the same shall be accompanied by a deposit with the council of cash or a cashier’s check or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the proposal. In lieu of making cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon the bond if the bidder fails to execute the contract in accordance with the bid bond and upon failure to forthwith make payment the surety shall pay the obligee an amount equal to double the amount of the bid bond. The deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as herein required. All contracts to which this section applies shall be executed in writing, and the council shall require the person to whom the award of contract is made to furnish bond in some surety company authorized to do business in North Carolina, or require a deposit of money, certified check or government securities for the full amount of the contract for faithful performance of the terms of the contract in connection with awarding contracts covering construction or repair work only; and no such contract shall be altered except by written agreement of the contractor, sureties on his bond and the council. Such
surety bond or securities required herein shall be deposited with the city until
the contract has been carried out in all respects.

Nothing in this section shall operate so as to require any public agency to
enter into a contract that will prevent the use of unemployment relief labor
paid for in whole or in part by appropriations or funds furnished by the State or
Federal Government.

The council may enter into any contract with the United States of America
or any agency thereof for the purchase, lease or acquisition of any apparatus,
supplies, materials or equipment without regard to the provisions of this section
which require:

(1) Posting of notice or public advertisement for proposals or bids,
(2) Inviting or receiving of competitive bids,
(3) Delivery of purchases before payment,
(4) Posting of deposits of bonds or other sureties,
(5) Execution of written contracts.

The council may designate any office holder of the city to enter a bid or bids
in its behalf at any sale of apparatus, supplies, materials, equipment or other
property owned by the United States of America or any agency thereof, and
may authorize such person to make any partial or down payment, or payment in
full that may be required by regulations of the United States of America or any
agency thereof in connection with such bid or bids.

(d) Minimum number of bids for public contracts. Proposal forms shall be
mailed to prospective bidders in connection with awarding contracts under
section (b) listed above, but the award may be made if only one (1) bid has been
received.

(e) No evasion permitted. No bid or contract shall be divided for the purpose
of evading the provisions of this section.

(f) City not limited on certain construction or repairs with own regular
employees. The city is authorized to make repairs, install any sewer lines, water
lines, street improvements, improvements or repairs to the electric utilities, or
other improvements with its own regular employees regardless of the amount of
the estimated cost, and to construct new buildings with its own regular
employees when the estimated cost of each building shall not exceed $50,000;
provided, funds have been made available for the repairs or improvements.

"Sec. 9.6. Appointment of park wardens and lake wardens. (a) With respect to
the use of city-owned reservoirs or bodies of water in Guilford County, the
council may employ wardens to enforce any regulations, and stock such
reservoirs with fish, and any lake wardens so employed shall, upon taking a
proper oath, have all of the powers of peace officers, including the power of
arrest, for the purpose, and no other, of enforcing federal and State laws and
ordinances, rules and regulations of the city, which laws, ordinances, rules and
regulations pertain to the protection of the city watershed and the protection of
game and wildlife in this area; provided, that such lake wardens shall not be
police officers of the city, nor shall they be eligible for membership in the Law
Enforcement Officers Benefit and Retirement Fund, or in the High Point
Policemen's Pension and Disability Retirement Fund.

(b) With respect to the use of city-owned or leased parks, playgrounds and
recreation areas, the council may employ park rangers to enforce any such rules
and regulations and any rangers so employed shall, upon taking a proper oath,
have all of the powers of peace officers, including the power of arrest, for the
purpose, and no other, of enforcing federal and State laws and ordinances, rules
and regulations of the city pertaining to parks and recreation areas; provided,
that such park rangers shall not be police officers of the city, nor shall they be
eligible for membership in the Law Enforcement Officers Benefit and Retirement Fund, or in the High Point Policemen’s Pension and Disability Retirement Fund.

“Sec. 9.7. Public library. The council shall appoint a board of library trustees
as now or hereafter authorized by the General Statutes of North Carolina.

“Sec. 9.8. Downtown development projects. (a) Definition. In this section,
‘downtown development project’ means a capital project in the city’s central
business district, as defined by the city council, comprising one or more
buildings and including both public and private facilities. By way of illustration
but not limitation, such a project might include a single building comprising a
publicly owned parking structure and publicly owned convention center and a
privately owned hotel or office building.

(b) Authorization. If the city council finds that it is likely to have a
significant effect on the revitalization of the central business district, the city
may acquire, construct, own, and operate or participate in the acquisition,
construction, ownership, and operation of a downtown development project or
of specific facilities within such a project. The city may enter into binding
contracts with one or more private developers with respect to acquiring,
constructing, owning, or operating such a project. Such a contract may, among
other provisions, specify the following:

(1) the property interests of both the city and the developer or developers
in the project;
(2) the responsibilities of the city and the developer or developers for
construction of the project;
(3) the responsibilities of the city and the developer or developers with
respect to financing the project.

Such a contract may be entered into before the acquisition of any real property
necessary to the project.

(c) Property acquisition. A downtown development project may be
constructed on property acquired by the developer or developers, on property
directly acquired by the city, or on property acquired by the city while
exercising the powers, duties, and responsibilities of a redevelopment

(d) Property disposition. In connection with a downtown development
project, the city may convey interests in property owned by it, including air
rights over public facilities, as follows:

(1) If the property was acquired while the city was exercising the powers,
duties, and responsibilities of a redevelopment commission, the city
may convey property interests pursuant to the ‘Urban Redevelopment
Law’ or any local modification thereof.
(2) If the property was acquired by the city directly, the city may convey
property interests by private negotiation or sale, and G.S. Chapter 160A,
Article 12 does not apply to such dispositions.

(e) Construction of the project. The contract between the city and the
developer or developers may provide that the developer or developers shall be
responsible for construction of the entire downtown development project. If so,
the contract shall include such provisions as the city council deems sufficient to
CHAPTER 501  Session Laws—1979

(f) Operation. The city may contract for the operation of any public facility or facilities included in a downtown redevelopment project by a person, partnership, firm or corporation, public or private. Such a contract shall include provisions sufficient to assure that any such facility or facilities are operated for the benefit of the citizens of the city.

The General Assembly of North Carolina enacts:

Section 1. Any town has the power of eminent domain and may acquire by purchase, gift, or condemnation, any land, right of access, right-of-way, water right, privilege, easement, and any other interest in or relating to land, water, or improvements, either within or without the Town limits, for any lawful public use or purpose. In the exercise of the power of eminent domain, the town is vested with all power and authority now or hereafter granted by the laws of North Carolina applicable to the town and the town may follow the procedures now or hereafter prescribed by those laws.

Sec. 2. As an alternative to the procedures specified in Section 1 of this act, the town may exercise the power of eminent domain for any of the purposes enumerated in Section 1, subject to the following procedures and conditions:
(a) Institution of suit. The town may institute a civil action to condemn the land or interest in land by filing in the Superior Court of Wake County a complaint and a declaration of taking and by depositing with the clerk of the court the sum specified in subsection (b) of this section. Upon filing of the complaint and declaration of taking and the deposit of the required sum, summons shall be issued and served in the manner provided for service for process in civil actions, with a copy of the complaint and declaration of taking and notice of the amount of the deposit, upon the person or persons named in the complaint.

4. the names and addresses of those persons who the Town is informed and believes may have or claim to have an interest in the lands, so far as this information can by reasonable diligence be obtained. If any of these persons are infants, non compositus, or under any other disability, or if their names or whereabouts are unknown, the complaint and declaration of taking shall so state.

The complaint shall also list any liens or other encumbrances which the Town, in the exercise of reasonable diligence, is informed and believes exist against the land; and the complaint shall include a prayer that there be a determination of just compensation in accordance with this section.

The declaration of taking shall also state the amount of money which the Town estimates to be just compensation for the taking.

The Town may amend the complaint and declaration of taking, and may increase the amount of the deposit at any time while the proceedings are pending, and the owner shall have the same rights of withdrawal of any additional amount as he had in the original deposit.

(c) Answer; reply. Not later than 30 days after service of summons, complaint, and declaration of taking, any person named in the complaint may file an answer. "Sec. 13.2. Alternative procedures. As an alternative to the procedures specified in Sec. 13.1 of this Article, the Town of Wake Forest may exercise the power of eminent domain for any of the purposes enumerated in Sec. 13.1, subject to the following procedures and conditions:

(a) Institution of suit. The Town of Wake Forest may institute a civil action to condemn the land or interest in land by filing in the Superior Court of Wake County a complaint and a declaration of taking and by depositing with the clerk of the court the sum specified in subsection (b) of this section. Upon filing of the complaint and declaration of taking and the deposit of the required sum, summons shall be issued and served in the manner provided for service for process in civil actions, with a copy of the complaint and declaration of taking and notice of the amount of the deposit, upon the person or persons named in the complaint.

(1) A statement of the authority under which, and the public use for which, the property is taken.
(2) A description sufficient to identify the entire tract or tracts affected by the taking.

The complaint shall also list any liens or other encumbrances which the Town, in the exercise of reasonable diligence, is informed and believes exist against the land; and the complaint shall include a prayer that there be a determination of just compensation in accordance with this section.

The declaration of taking shall also state the amount of money which the Town estimates to be just compensation for the taking.

The Town may amend the complaint and declaration of taking, and may increase the amount of the deposit at any time while the proceedings are pending, and the owner shall have the same rights of withdrawal of any additional amount as he had in the original deposit.

(c) Answer; reply. Not later than 30 days after service of summons, complaint, and declaration of taking, any person named in the complaint may file an answer. The answer shall contain admissions or denials of the allegations of the complaint as are appropriate, the names and addresses of the persons filing the answer, together with a statement as to their respective interests in the property taken, and any affirmative defenses or matters that are pertinent to the action. The answer may (i) pray only for a determination of just compensation, in which case title to the property shall vest in the Town when all persons named in the complaint have answered, or the 30 days time for answering has expired, or (ii) deny the right of the Town to take the property for the use or purpose stated in the complaint, and pray for a determination of just compensation if the issue of right to take is resolved in favor of the Town,
in which case title to the property shall vest in the Town only upon judgment entered in the superior court upholding the Town's right to take.

Affirmative allegations in the answer shall be deemed denied by the Town, but the Town may file a reply within 30 days from receipt of a copy of the answer.

(d) After the filing of the answer, and reply if any, the judge upon motion and 10 days' notice by any party shall, either in or out of term, hear and determine all issues raised by the pleadings, other than the issue of just compensation. Only the issue of just compensation shall be determined by a jury if either party request a jury in accordance with the rules of civil procedure, Chapter 1A of the General Statutes.

(e) Upon vesting of title to the property in the Town, the Town shall have right of immediate possession, and the court shall proceed to determine the issue of just compensation and to disburse the sum deposited by the Town, following as nearly as practicable the procedures set out in Article 9 of G.S. Chapter 136, adapted by substituting the Town of Wake Forest in place of the Department of Transportation."

Such damages shall be an amount equal to the cost of all reasonable and necessary investigations made or caused to be made by the Environmental Management Commission in connection with such violation and the sum of money necessary to restock such waters, replenish such resources, or otherwise restore the rivers, streams, bays, tidal flats, beaches, estuaries or coastal waters and public lands adjoining the seacoast to their condition prior to the injury as such condition is determined by the Environmental Management Commission in conference with the Wildlife Resources Commission, and any other State agencies having an interest affected by such violation (or by the designees of any such boards, commissions, and agencies).

(b) Upon receipt of the estimate of damages caused, the Department shall give written notice by registered or certified mail to the person responsible for the death, killing, or injury to fish, animals, vegetation, or other resources of the State, or any reduction in quality of the waters of the State, describing the damages and their causes with reasonable specificity, and shall request payment from such person. Damages shall become due and payable upon receipt of such notice. Upon written application to the Department within 30 days of receipt of notice, the person assessed damages may request an administrative hearing pursuant to G.S. 143-215.4. On such hearing, the estimate of the replacement cost of fish or animals or vegetation destroyed, and the estimate of costs of replacing or restoring other resources of the State, and the estimate of the cost of restoring the quality of waters of the State shall be prima facie evidence of the actual replacement cost of fish, animals, vegetation or other resources of the State, and of the actual cost of restoring the quality of the waters of the State;
provided, that such evidence is rebuttable. In arriving at such estimate, any reasonably accurate method may be used and it shall not be necessary for any agent of the Department or Wildlife Resources Commission to collect, handle, or weigh numerous specimens of dead or injured fish, animals, vegetation or other resources of the State, or to calculate the costs of restoring the quality of the waters using any technology other than that which is existing and practicable, as found to be such by the Secretary. Provided, that the Department may effect such mitigation of the amount of damages as the commission may deem proper and reasonable. Appeal from final determination of the commission or its agents pursuant to such a hearing shall be pursuant to G.S. 143-215.5. If the damages are not paid to the Department within 30 days of receipt of notice, or if the amount of damages provided in an order issued subsequent to an application to the Department is not paid within 30 days of the issuance thereof, the Attorney General, upon request of the Department, shall bring an action to recover such damages in the name of the State, in the Superior Court of Wake County, or in his discretion, in the superior court of any other county in which the damages occurred. Upon such action being brought, the scope of the court’s review shall be as provided in G.S. 150A-51. Any money recovered by the Attorney General or by payment of damages by the person charged therewith by the Department shall be transferred by the Environmental Management Commission to appropriate funds administered by the State agencies affected by the violation for use in such activities as food fish or shellfish management programs, wildlife and waterfowl management programs, water quality improvement programs and such other uses as may best mitigate the damage incurred as a result of the violation. No action shall be authorized under the provisions of this section against any person operating in compliance with the conditions of a waste discharge permit issued pursuant to G.S. 143-215.1 and the provisions of this Part.

(c) For the purpose of carrying out its duties under this Article, the Environmental Management Commission shall have the power to direct the investigation of any death, killing, or injury to fish, animals, vegetation or other resources of the State, or any reduction in quality of the waters of the State, which in the opinion of the Environmental Management Commission is of sufficient magnitude to justify investigation.”

S. B. 616  CHAPTER 542

AN ACT TO INSURE THAT SEXUAL INTERCOURSE IN THIS STATE IS SUFFICIENT GROUNDS TO SUBJECT THE PARTICIPANTS THEREIN TO THE JURISDICTION OF THE COURTS OF THIS STATE FOR PURPOSES OF ADJUDICATING THE PATERNITY OF ANY CHILD WHO MAY HAVE BEEN CONCEIVED AS A RESULT THEREOF.

Whereas, the percentage of illegitimate births in North Carolina has in recent years steadily increased to at least sixteen and eight tenths percent (16.8%) of all births for the calendar year 1977 (14,208 illegitimate births); and

Whereas, although the biological parents of many of these children born out of wedlock conceived their offspring as a result of sexual intercourse in North Carolina, many of these same biological parents are either nonresidents of or are no longer present in North Carolina; and

Whereas, a great many of the children born out of wedlock join the public welfare rolls and thereby increase the burden on State taxpayers; and
Whereas, the persons responsible for the birth and support of these children should be obligated to return to this State for purposes of adjudicating the parentage of children, the risk of whose conception they previously assumed by engaging in sexual intercourse in this State; Now, therefore,

The General Assembly of North Carolina enacts:

(b) The jurisdictional basis in subsection (a) of this section shall be construed in addition to, and not in lieu of, any basis or bases for jurisdiction within G.S. 1-75.4."

(1) For the first motor vehicle moving violation, the Division may not suspend the license of the provisional licensee. The Division must mail the licensee a warning letter, sent to his last known address, but failure of the licensee to receive the letter does not prevent the suspension of the person’s license or the imposition of probation under this section.
(2) For conviction of a second motor vehicle moving violation committed within 12 months of the date the first offense was committed, the Division may suspend the licensee’s license for up to 30 days.

If the Division suspends the provisional licensee’s license for at least 90 days without a preliminary hearing, the parent, guardian or other person standing in loco parentis of the provisional licensee may request a hearing to determine if the provisional licensee’s license should be restored on a probationary status. The Division may wait until one-half the period of suspension has expired to hold the hearing. The Division may place the licensee on probation for up to 12 months on such terms and conditions as the Division sees fit to impose, if the licensee consents in writing to the terms and conditions of probation.

"§ 7.1(1). Special provision in using Chapter. Chapter 136 of the General Statutes is hereby amended by adding a new section to read as follows:

"§ 136-104.1. Upon the filing of the complaint and declaration of taking and deposit into court by any condemning authority utilizing the provisions of this Article in the exercise of its power of eminent domain, except the Department of Transportation and the Department of Administration, the clerk shall issue an order to be served upon and directing the persons alleged to have an interest in the said land to appear before a judge at a time certain, but not less than 10 days from service of the order, to show cause why title to the said land or such other interest therein specified in the complaint and declaration of taking, together with the right of possession thereto, should not vest in the condemning authority. Failure of the persons to whom the order is directed to appear at the appointed place and time and show sufficient cause shall constitute an admission of the right of the condemning authority to appropriate the title to the said land or other interest therein specified in the complaint and declaration of taking. Unless otherwise ordered by the judge at the show cause hearing, the title and right of possession shall vest in the condemning authority as provided by G.S. 136-104.2; provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c) unless the exercise of such power of eminent domain is either consented to by the owner of the property to be acquired by the city or, otherwise, first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public
use of such properties and the operation by such public service corporation. The provisions of this act shall not preclude the owner’s remedy of injunction.

“§ 7.1(2). Renumbering of General Statutes. G.S. 136-104 is hereby renumbered G.S. 136-104.2.

“§ 7.1(3). Prospective in nature. This act shall not affect pending litigation.

“Article 2. Special Assessments.

“§ 7.2. Street or sidewalk improvements. The city council shall have the authority to order with or without petition street or sidewalk improvements and to assess for said improvements in the same manner as provided by general law for all other assessments.

“§ 7.2(1). Lighting improvements. In addition to those improvements authorized by general law, the City of Fayetteville shall have the authority to order with or without petition lighting improvements which include the construction of street lighting systems, consisting of ornamental lights or of lights of greater strength, or lights placed at more frequent intervals, or both, than is ordinarily provided by the municipality making the improvement for streets of such character at public expense.

“§ 7.2(2). Annual assessment for maintenance and operation of light improvement. After any lighting improvement is made as provided in this act, the municipality making the same is hereby authorized, as long as said lighting system shall be maintained, to make an annual assessment against the lands assessed with the original cost of the improvements sufficient to cover the excess of actual cost of maintenance and operation of said lighting system over and above the cost of maintenance and operation of such system of lighting as the municipality provides at public expense for streets of the same character as that wherein said lighting improvement is made. To that end the governing body of the municipality shall cause to be prepared a preliminary assessment which shall, as far as practicable, conform to the requirements of North Carolina General Statutes 160A-227, and the procedure thereafter to be followed with respect to such assessment and the force and effect thereof shall be as prescribed in this general law.

“§ 7.3. Change in ownership after resolution ordering improvement. No change of ownership of any property or interest therein after the passage of a resolution ordering the making of any improvements authorized by this act shall in any manner affect subsequent proceedings, and such improvement may be completed and assessments made therefor as if there had been no change in such ownership.

“§ 7.4. Mistake or omission as to name of owner of land. No mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded a substantial mistake or omission.

“§ 7.5. Separate proceedings not required. One or more local improvements may be made in a single proceeding, and assessments for one or more local improvements may be combined.

“§ 7.6. Establishment of proposed street lines. Whenever, in the opinion of the city council, it is in the best interest of the city that any street should be widened or extended, or both, or that a new street should be opened, the council may pass an ordinance declaring that such street should be widened or extended, or both, or that such new street should be opened, and shall lay out in the ordinance the lines within which such street should be widened, extended
or opened. If any street under the provisions of such ordinance is to be widened, it need not be widened on both sides; and if it is to be widened on both sides, the distance to be widened on both sides need not be the same. Any ordinance introduced for the purpose of widening, extending or opening any street under the provisions of this Charter may not be adopted until the proposed ordinance is published in a newspaper of general circulation in the city and qualified to carry legal notices at least two times on separate days at least 10 days before the passage of the ordinance, or if there be no such newspaper, posted in three public places in the city. There shall be posted or published with the ordinance a notice stating when property owners may be heard by the council. A public hearing on the question of the adoption of such ordinance shall be held prior to the passage of the ordinance.

“§ 7.6.1. Registration of ordinance. Subsequent to the adoption of any ordinance pursuant to this Article, the city council shall have recorded in the office of the Register of Deeds for Cumberland County said ordinance showing the owners of said property as grantors and the city as grantee. The city shall also have recorded in the register of deeds a plat showing the proposed right-of-way incorporated by reference in the ordinance.

“§ 7.7. Notice to city required before improvement. After the passage of such ordinance, it shall be unlawful for any land within the proposed street lines established by such ordinance to be built upon or improved or for any part of any existing building within said lines to be repaired or otherwise improved until the city shall have first been given an opportunity to purchase or otherwise acquire said property for street purposes as provided in this Charter. To that end, any person proposing to build upon such land or to make repairs or improvements to that part of any existing building situated thereon shall, in writing, notify the city council of the nature and estimated cost of such building, repairs or improvements. The council shall then determine whether it will take the necessary steps to acquire said land prior to the construction of said building or the making of such repairs or improvements, and if it fails within 60 days from date of receipt of said notice to acquire, or to institute condemnation proceedings to acquire said property, the owner or other person giving such notice may proceed to erect the building in accordance with the ordinances and regulations of the city or to make the repairs or improvements described in said notice.

“§ 7.8. Failure to give notice bars recovery. If any person, firm or corporation builds upon any land included within proposed street lines or repairs or otherwise improves that part of any existing building within proposed street lines without giving the city an opportunity to acquire said land free from said improvements, as provided in the preceding section, the city shall not be required to pay for the value of the building, repairs or improvements in any proceeding subsequently brought to acquire said land for the purpose set out in said section.

“§ 7.9. Acquisition of land. If, upon receiving any notice in compliance with Section 7.7 the city council determines to acquire said land immediately, it may acquire the same by grant, purchase or condemnation. If the council determines to proceed by condemnation, the condemnation shall be as set forth in the Charter.
“§7.10. Cost of land acquired for street widening to be assessed as part of improvement. After any land has been purchased or condemned for the purpose of widening, extending or opening any street, and the land purchased or condemned lies within the limits of an improvement directed in said proceedings, then the amount paid by the city for the land purchased or condemned, together with the cost of the condemnation proceeding and interest on said amount paid and costs at the rate of eight percent (8%) per annum from the date of payment, may be included in the cost of said improvement and may be assessed as provided by law against the property to be assessed for the improvements.

“§7.11. Exercise of condemnation power after failure to condemn following notice. The failure of the city to acquire any land within 60 days after receiving notice that the same is to be built upon or that a building thereon is to be repaired or otherwise improved, or its failure within said time to institute proceedings to condemn the same, shall not limit the right of the city at any subsequent time to condemn the same; but in such case, the owner shall be entitled to compensation as now provided by law for the building, repairs or improvements made after the giving of the required notice and the failure of the city to acquire said land free of said improvements.

“Article 4. Drainage.

“§7.12. Standing water - power to abate nuisance. In making such survey, the engineer shall include therein the area of adjoining and adjacent lots or alleys which will be drained by such systems of drainage. He shall also include in such survey the area of all adjoining and adjacent lots or alleys from which water flows and is gathered upon the lot, lots or alleys which are to be drained. The city council shall thereupon cause written notice to be served upon the owner of the lot, lots or alleys drained and the owners of such adjacent lots or alleys as shall be affected, as herein set forth, which notice shall state in general and briefly the fact that a nuisance has been or is liable to be created and so declared; that it is the purpose of the city to abate the same by causing a system of drainage and paving to be put in, and the assessed cost against every such owner as hereinafter provided; that the report of the engineer is on file and subject to inspection, and that on a date to be named in the notice a hearing will be had before the council as to whether the plan shall be adopted and the assessment shall be made, at which hearing the persons
affected may be present and present such objections as they may have to the adoption of the report of the engineer and the doing of the work.

"§ 7.14. Hearing contract for drainage. At the hearing provided for, if the city council of the city shall determine that the work shall be done, and that the plans and specifications of the engineer are proper, it may adopt the said plans and specifications, and have the work done, either by letting a contract therefor or otherwise, and in the event a contract is let, it shall be advertised as is provided for in other cases of municipal construction.

"§ 7.15. Assessment and payment of costs. The city shall bear one-third of the total cost involved in the paving and drainage of said lot, lots or alleys. The remaining two-thirds of said total cost of paving and drainage shall be assessed against each and every owner of a lot, lots or alleys affected by the plan or system, upon the following basis, that is to say, he or she shall pay such proportion of two-thirds of the total cost as the area of his lot, lots or alley may bear to the total area, as shown by the plans and engineer when adopted by the city council, which sum shall be due in such annual installments as the city council may determine which shall not exceed five in number and such installments shall bear interest not to exceed eight percent (8%) per annum.

"§ 7.16. Areas declared 'special improvement district'. The area which shall be included within and drained and/or paved by the plans and specifications as herein provided for is hereby declared to be a 'special improvement district'.

"§ 7.17. Collection of assessments. The assessments, when made, shall be a lien upon the property benefited, and shall be collectible by the same means and methods as are other assessments for local or special improvements as is provided for in this Charter and the general laws of North Carolina.

"§ 7.18. Notes of city to pay for improvements. Each such violation shall constitute a separate violation with respect to each mobile home or with respect to each failure or refusal to allow or perform an act required thereby, except that the maximum civil penalty may not exceed one million dollars ($1,000,000) for any related series of violations occurring within one year from the date of the first violation.

“The government of the North Carolina State Bar is vested in a Council of the North Carolina State Bar hereinafter referred to as the ‘Council’, which shall be composed of 50 councilors exclusive of officers, except as hereinafter provided, to be appointed or elected as hereinafter set forth, the officers of the North Carolina State Bar, who shall be councilors during their respective terms of office, and each retiring president of the North Carolina State Bar who shall be a councilor for one year from the date of expiration of his term as president, whose term of office expires at the 1973 annual meeting or after.”

Sec. 2. The fifth and sixth sentences of G.S. 84-17 are deleted and the following are substituted:

“There shall be one councilor from each judicial district and additional councilors as are necessary to make the total number of councilors 50. The additional councilors shall be allocated and reallocated by the North Carolina State Bar every six years on the basis of the number of the active members of each judicial district bar according to the records of the North Carolina State Bar and in accordance with a formula to be adopted by the North Carolina State Bar, to insure an allocation based on lawyer population of each judicial district bar as it relates to the total number of active members of the State Bar.

In the event a judicial district is divided after any allocation as hereinafter provided, then the total number of councilors shall be increased until the next allocation, so as to provide one councilor for each such district, unless the district has one or more councilors who are members of such judicial district.”

Sec. 3. G.S. 84-18 is rewritten to read as follows:

“§84-18. Terms, election and appointment of councilors.—(a) The terms of councilors are fixed at three years. Those who have served less than 18 months shall be eligible for election to three consecutive three-year terms and be ineligible for election thereafter until an intervening three-year period has expired.

When a judicial district loses a councilor or is entitled to an additional councilor by virtue of reallocation of councilors as provided in G.S. 84-17 above, or is entitled to a councilor by virtue of the creation of a new district, then the affected judicial districts shall certify to the State Bar Council the identity of that judicial district’s authorized councilor or councilors. This certification shall be made within 90 days of the date the reallocation is made and reported to the judicial districts affected. Until this certification is received, the district shall have no representation on the State Bar Council. In the case of reallocation, the certification shall be made within 90 days.

Any North Carolina State Bar member, other than an inactive member, is eligible to serve as a councilor from the judicial district in which he or she is eligible to vote.

(b) The election and appointment of councilors shall be as follows:

Each judicial district bar, under rules established by the district, shall elect one eligible North Carolina State Bar member for each State Bar Council vacancy in the district. Any vacancy occurring after the election, whether caused by resignation, death or otherwise shall be filled by the judicial district bar in which the vacancy occurs, under rules established by the district. The appointment shall be for the unexpired portion of the term and shall be certified to the State Bar Council by the judicial district bar. Any appointed councilor shall be subject to the terms set forth in paragraph (a) of G.S. 84-18.”

In addition to the committees and commissions as may be specifically established or authorized by law, the North Carolina State Bar may have committees, standing or special, as from time to time the Council of the North Carolina State Bar deems appropriate for the proper discharge of the duties and functions of the North Carolina State Bar. The Council of the North Carolina State Bar shall determine the number of members, composition, method of appointment or election, functions, powers and duties, structure, authority to
act, and other matters relating to each committee. Any committee may, at the
discretion of the appointing or electing authority, be composed of Council

S. B. 230    CHAPTER 576

AN ACT REGARDING THE COMPETENCY OF BLOOD TESTS AS EVIDENCE IN CRIMINAL OR CIVIL ACTIONS OR PROCEEDINGS IN WHICH THE QUESTION OF PARENTAGE ARISES AND TO SPECIFY PAYMENT OF COSTS.

Whereas, the percentage of illegitimate births in North Carolina has in recent years steadily increased to at least 16.8 percent of all births for the calendar year 1977 (14,208 illegitimate births); and

Whereas, the medical state of the art was formerly such that blood tests made in paternity cases could only be used to exclude a putative parent from the class of persons potentially capable of being the biological parent; however, a recent breakthrough in medical science now enables extended factor blood tests to show the inclusionary probability that a putative parent is the biological parent of a child; and

Whereas, a great many of the children born out of wedlock join the public welfare rolls and thereby increase the burden on State taxpayers; and

Whereas, the availability of inclusionary in addition to exclusionary results of extended factor blood tests promotes the use of objective medical evidence in parentage matters by plaintiffs as well as defendants and thereby facilitates the plaintiffs' ability to fairly and accurately meet their burden of proof; and

Whereas, the facilitation of the plaintiffs' ability to fairly and accurately meet their burden of proof in parentage matters has the effect of placing the burden of supporting illegitimate children on the persons who should be responsible, the biological parents; and

Whereas, a statute is needed which will allow the adjudication of maternity as well as paternity; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 8-50.1, as the same appears in the 1977 Supplement to the 1969 Replacement to Volume 1B of the General Statutes, is hereby rewritten to read as follows:

"§ 8-50.1. Competency of blood tests; jury charge; taxing of expenses as costs.—(a) In the trial of any criminal action or proceeding in any court in which the question of parentage arises, regardless of any presumptions with respect to parentage, the court before whom the matter may be brought, upon motion of the State or the defendant, shall order that the alleged-parent defendant, the known natural parent, and the child submit to any blood tests and comparisons which have been developed and adapted for purposes of establishing or disproving parentage and which are reasonably accessible to the alleged-parent defendant, the known natural parent, and the child. The results of those blood tests and comparisons, including the statistical likelihood of the alleged parent's parentage, if available, shall be admitted in evidence when offered by a duly qualified, licensed practicing physician, duly qualified immunologist, geneticist, or other duly qualified person. Upon receipt of a motion and the entry of an order under the provisions of this subsection, the court shall proceed as follows:
(1) Where the issue of parentage is to be decided by a jury, where the results of those blood tests and comparisons are not shown to be inconsistent with the results of any other blood tests and comparisons, and where the results of those blood tests and comparisons indicate that the alleged parent-defendant cannot be the natural parent of the child, the jury shall be instructed that if they believe that the witness presenting the results testified truthfully as to those results, and if they believe that the tests and comparisons were conducted properly, then it will be their duty to decide that the alleged parent is not the natural parent; whereupon, the court shall enter the special verdict of not guilty; and

(2) By requiring the State or defendant, as the case may be, requesting the blood tests and comparisons pursuant to this subsection to initially be responsible for any of the expenses thereof and upon the entry of a special verdict incorporating a finding of parentage or non-parentage, by taxing the expenses for blood tests and comparisons, in addition to any fees for expert witnesses allowed per G.S. 7A-314 whose testimonies supported the admissibility thereof, as costs in accordance with G.S. 7A-304; G.S. Chapter 6, Article 7; or G.S. 7A-315, as applicable.

(b) In the trial of any civil action in which the question of parentage arises, the court before whom the matter may be brought, upon motion of the plaintiff, alleged-parent defendant, or other interested party, shall order that the alleged-parent defendant, the known natural parent, and the child submit to any blood tests and comparisons which have been developed and adapted for purposes of establishing or disproving parentage and which are reasonably accessible to the alleged-parent defendant, the known natural parent, and the child. The results of those blood tests and comparisons, including the statistical likelihood of the alleged-parent's parentage, if available, shall be admitted in evidence when offered by a duly qualified, licensed practicing physician, duly qualified immunologist, duly qualified geneticist, or other qualified person. Upon receipt of a motion and the entry of an order under the provisions of this subsection, the court shall proceed as follows:

(1) Where the issue of parentage is to be decided by a jury, where the results of those blood tests and comparisons are not shown to be inconsistent with the results of any other blood tests and comparisons, and where the results of those blood tests and comparisons indicate that the alleged-parent defendant cannot be the natural parent of the child, the jury shall be instructed that if they believe that the witness presenting the results testified truthfully as to those results, and if they believe that the tests and comparisons were conducted properly, then it will be their duty to decide that the alleged-parent defendant is not the natural parent; and

(2) By requiring the plaintiff, alleged-parent defendant or other interested party requesting blood tests and comparisons pursuant to this subsection to initially be responsible for any of the expenses thereof and upon the entry of a verdict of parentage or non-parentage, by taxing the expenses for blood tests and comparisons, in addition to any fees for expert witnesses allowed per G.S. 7A-314 whose testimonies supported the admissibility thereof, as costs in accordance with the provisions of G.S. 6-21."

607
Sec. 2. G.S. 49-7, as the same appears in the 1977 Supplement to the 1976 Replacement to Volume 2A of the General Statutes, is hereby amended by rewriting the second paragraph to read as follows:

"The court before whom the matter may be brought, on motion of the State or the defendant, shall order that the alleged-parent defendant, the known natural parent, and the child submit to any blood tests and comparisons which have been developed and adapted for purposes of establishing or disproving parentage and which are reasonably accessible to the alleged-parent defendant, the known natural parent, and the child. The results of those blood tests and comparisons, including the statistical likelihood of the alleged parent's parentage, if available, shall be admitted in evidence when offered by a duly qualified, licensed practicing physician, duly qualified immunologist, duly qualified geneticist or other duly qualified person. The evidentiary effect of those blood tests and comparisons and the manner in which the expenses therefore are to be taxed as costs shall be as prescribed in G.S. 8-50.1. In addition, if a jury tries the issue of parentage, they shall be instructed as set out in G.S. 8-50.1. From a finding on the issue of parentage against the alleged-parent defendant, the alleged-parent defendant has the same right of appeal as though he or she had been found guilty of the crime of willful failure to support an illegitimate child."

Sec. 3. G.S. 7A-304(c), as the same appears in the 1977 Supplement to the 1969 Replacement to Volume 1B of the General Statutes, is hereby amended by inserting the phrase "expenses for blood tests and comparisons incurred per G.S. 8-50.1(a)," between the words "witness fees," and "jail fees" on line 2 of that subsection.

Sec. 4. G.S. 7A-315, as the same appears in the 1969 Replacement to Volume 1B of the General Statutes, is hereby amended by deleting the period at the end thereof and substituting therefor the following phrase:

“Review and Enforcement of Orders.

“§ 105-345. Right of appeal; filing of exceptions.—(a) No party to a proceeding before the Property Tax Commission may appeal from any final order or decision of the commission unless within 30 days after the entry of such final order or decision, or within such time thereafter as may be fixed by the commission, by order made within 30 days, the party aggrieved by such decision or order shall file with the commission notice of appeal and exceptions which shall set forth specifically the ground or grounds on which the aggrieved party considers said decision or order to be unlawful, unjust, unreasonable or unwarranted, and including errors alleged to have been committed by the commission.

(b) Any party may appeal from all or any portion of any final order or decision of the commission in the manner herein provided. Copy of the notice of appeal shall be mailed by the appealing party at the time of filing with the commission, to each party to the proceeding to the addresses as they appear in the files of the commission in the proceeding. The failure of any party, other than the commission, to be served with or to receive a copy of the notice of appeal shall not affect the validity or regularity of the appeal.

(c) The commission may on motion of any party to the proceeding or on its own motion set the exceptions to the final order upon which such appeal is based for further hearing before the commission.

(d) The appeal shall lie to the Court of Appeals as provided in G.S. 7A-29. The procedure for the appeal shall be as provided by the rules of appellate procedure.
(e) The Court of Appeals shall hear and determine all matters arising on such appeal, as in this Article provided, and may in the exercise of its discretion assign the hearing of said appeal to any panel of the Court of Appeals.

"§105-345.2. Record on appeal; extent of review. — (a) On appeal the court shall review the record and the exceptions and assignments of error in accordance with the rules of appellate procedure, and any alleged irregularities in procedures before the Property Tax Commission, not shown in the record, shall be considered under the rules of appellate procedure.

(b) So far as necessary to the decision and where presented, the court shall decide all relevant questions of law, interpret constitutional and statutory provisions, and determine the meaning and applicability of the terms of any commission action. The court may affirm or reverse the decision of the commission, declare the same null and void, or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the appellants have been prejudiced because the commission's findings, inferences, conclusions or decisions are:

(1) in violation of constitutional provisions; or
(2) in excess of statutory authority or jurisdiction of the commission; or
(3) made upon unlawful proceedings; or
(4) affected by other errors of law; or
(5) unsupported by competent, material and substantial evidence in view of the entire record as submitted; or
(6) arbitrary or capricious.

(c) In making the foregoing determinations, the court shall review the whole record or such portions thereof as may be cited by any party and due account shall be taken of the rule of prejudicial error. The appellant shall not be permitted to rely upon any grounds for relief on appeal which were not set forth specifically in his notice of appeal filed with the commission.

"§105-345.3. Relief pending review on appeal. — Pending judicial review, the Property Tax Commission is authorized, where it finds that justice so requires, to postpone the effective date of any action taken by it. Upon such conditions as may be required and to the extent necessary to prevent irreparable injury, a judge of the Court of Appeals is authorized to issue all necessary and appropriate process to postpone the effective date of any action by the commission or take such action as may be necessary to preserve status or rights of any of the parties pending conclusion of the proceedings on appeal. The court may require the applicant for such stay to post adequate bond as required by the court.
“§ 105-345.4. Appeal to Supreme Court.—In all appeals heard in the Court of Appeals, any party may file a motion for review in the Supreme Court of the decision of the Court of Appeals under G.S. 7A-31, and in cases entitled to be appealed as a matter of right under G.S. 7A-30(3) any party may appeal to the Supreme Court from the decision of the Court of Appeals under the same rules and regulations as are prescribed by law for appeals, and such court may advance the cause on its docket.

“§ 105-346. Peremptory mandamus to enforce order when no appeal.—(a) If no appeal is taken from an order or decision of the Property Tax Commission within the time prescribed by law and the person to which the order or decision is directed fails to put the same in operation, as therein required, the commission may apply to the judge regularly assigned to the superior court district which includes Wake County, or to the resident judge of said district at chambers upon 10 days' notice, for a peremptory mandamus upon said person for the putting in force of said order or decision; and if said judge shall find that the order of said commission was valid and within the scope of its powers, he shall issue such peremptory mandamus.

(b) An appeal shall lie to the Court of Appeals in behalf of the commission, or the defendant, from the refusal or the granting of such peremptory mandamus. The remedy prescribed in this section for enforcement of orders of the commission is in addition to other remedies prescribed by law.”

"§106-93.13. Penalties for violations of this act.—Any person convicted of violating any provision of this Article or the rules and regulations promulgated thereunder shall be guilty of a misdemeanor and fined not less than two hundred dollars ($200.00) nor more than one thousand dollars ($1,000) in the discretion of the court. Nothing in this act shall be construed as requiring the Commissioner or his authorized agent to report for prosecution or for the institution of seizure proceedings as a result of minor violations of the act when he believes that the public interest will best be served by a suitable written warning.

"§106-93.14. Declaration of policy.—The General Assembly hereby finds and declares that it is in the public interest that the State regulate the activities of those persons engaged in the business of preparing, or manufacturing agricultural liming material and landplaster in order to insure the manufacturer, distributor, and consumer of the correct quantity and quality of all said materials sold or offered for sale in this State. It shall therefore be the policy of this State to regulate the activities of those persons engaged in the business of preparing or manufacturing agricultural liming material and landplaster.

"§106-93.15. Authority of Board of Agriculture to make rules and regulations.—Because legislation with regard to agricultural liming material and landplaster sold or offered for sale in this State must be adopted (adapted) to complex conditions and standards involving numerous details with which the General Assembly cannot deal directly and in order to effectuate the purposes and policies of the Article, and in order to insure the manufacturer, distributor, and consumer of the correct quality and quantity of all agricultural liming material and landplaster sold or offered for sale in this State, the Board of Agriculture shall have the authority to make rules and regulations with respect to:

CHAPTER 614
AN ACT TO ESTABLISH A REAL ESTATE RECOVERY FUND AND TO INCREASE THE EDUCATIONAL REQUIREMENTS TO QUALIFY FOR LICENSURE AS A REAL ESTATE BROKER.
The General Assembly of North Carolina enacts:

Section 1. Chapter 93A of the General Statutes is hereby amended by adding a new Article as follows:

“ARTICLE 2.
“Real Estate Recovery Fund.
“§ 93A-11. Real estate recovery fund created; payment to fund; management.—(a) There is hereby created a special fund to be known as the ‘Real Estate Recovery Fund’ which shall be set aside and maintained by the
North Carolina Real Estate Licensing Board. Said fund shall be used in the manner provided under this Article for the payment of unsatisfied judgments where the aggrieved person has suffered a direct monetary loss by reason of certain acts committed by any person licensed under this Chapter.

(b) On September 1, 1979, the board shall transfer the sum of one hundred thousand dollars ($100,000) from its expense reserve fund to the real estate recovery fund. Thereafter, if on December 31 of any year the amount remaining in the real estate recovery fund is less than fifty thousand dollars ($50,000) the board may at its option replenish the fund from whatever funds it has or may determine that each licensee under this Chapter, when renewing his license, shall pay in addition to his license renewal fee, a fee not to exceed ten dollars ($10.00) per broker and five dollars ($5.00) per salesman as shall be determined by the board for the purpose of replenishing the fund.

(c) The board shall invest and reinvest the monies in the real estate recovery fund in the same manner as provided by law for the investment of funds by the clerk of superior court. The proceeds from such investments shall be deposited to the credit of the fund.

§93A-12. Application for payment out of fund; grounds.—(a) When any aggrieved person obtains final judgment in any court of competent jurisdiction against any real estate broker or salesman licensed under this Chapter on grounds of conversion of trust funds arising directly out of any transaction which occurred when such broker or salesman was licensed and acted in a capacity for which a license is required under this Chapter and which transaction occurred on or after September 1, 1979, such person may, upon termination of all proceedings including appeals, file a verified application in the court in which judgment was entered for an order directing payment out of the real estate recovery fund of the amount remaining unpaid upon the judgment which represents an actual and direct loss sustained by reason of said conversion of trust funds.

In case of a judgment rendered by a magistrate in a small claims action, the aggrieved person shall file such verified application in the district court. The district court judge may then make a determination as to whether such judgment rendered by a magistrate was based on facts constituting grounds for recovery under this Article and may enter an order directing payment of such judgment out of the real estate recovery fund.

A copy of the verified application shall be served upon the board and the judgment debtor and a certificate or affidavit of such service filed with the court. Jurisdiction of the court against the fund or the board shall not attach under this Article until after judgment is obtained against a licensee and execution is returned unsatisfied.

(b) For purposes of this Chapter, the term ‘trust funds’ shall include all down payments, earnest money deposits, advance listing fees and other monies received on behalf of his principal or any other person by a real estate broker or salesman licensed under this Chapter, under the terms of an express or implied agreement that the broker or salesman is not entitled to retain all or a portion of such monies until the occurrence of some future event.

§93A-13. Hearing, required showing.—Upon such application by an aggrieved person, the court shall conduct a hearing and the aggrieved person shall be required to show:
(1) he is not a spouse of the judgment debtor or a person representing such spouse; and
(2) he is making application not more than one year after termination of all proceedings, including appeals, in connection with the judgment;
(3) he has complied with all requirements of this Article;
(4) he has obtained a judgment as described in G.S. 93A-12, stating the amount owing thereon at the date of application;
(5) he has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets liable to be sold or applied in satisfaction of the judgment;
(6) that by such search he has discovered no real or personal property or other assets liable to be sold or applied, or that he has discovered certain of them, describing them, but that the amount so realized was insufficient to satisfy the judgment, stating the amount realized and the balance remaining due on the judgment after application of the amount realized; and
(7) he has diligently pursued his remedies including attempted execution on the judgment against all the judgment debtors which execution has been returned unsatisfied. In addition to that, he knows of no assets of the judgment debtor and that he has attempted collection from all other persons who may be liable to him in the transaction for which he seeks payment from the real estate recovery fund if there be any such other persons.

"§ 93A-14. Answer and defense by board; proof of conversion.—(a) Whenever the court proceeds upon an application as set forth in this Article the board may defend such action on behalf of the fund and shall have recourse to all appropriate means of defense and review, including examination of witnesses. The judgment debtor may defend such action on his own behalf and shall have recourse to all appropriate means of defense and review, including examination of witnesses. At any time it appears there are no triable issues of fact and the application for an order directing payment from the fund is without merit, the court shall dismiss the application. Motion to dismiss may be supported by affidavit of any person or persons having knowledge of the facts and may be made on the basis that the application and the judgment referred to therein do not form the basis for a meritorious recovery within the purview of G.S. 93A-12 or that the applicant has not complied with the provisions of G.S. 93A-13; provided, however, notice of such motion shall be given at least 10 days prior to the time fixed for hearing.

(b) Whenever the judgment obtained by an applicant is by default, stipulation, or consent, or whenever the action against the licensee was defended by a trustee in bankruptcy, the applicant, for purposes of this Article, shall have the burden of proving his cause of action for conversion of trust funds. Otherwise, the judgment shall create a rebuttable presumption of the conversion of trust funds. This presumption is a presumption affecting the burden of producing evidence.

"§ 93A-15. Order directing payment out of fund; compromise of claims.—If the court finds after said hearing that the claim should be levied against the fund, the court shall enter an order directed to the board requiring payment from the fund of whatever sum the court shall find to be payable upon the claim in accordance with the limitations contained in this Article. The board may,
subject to court approval, compromise a claim based upon the application of an aggrieved party; however, the board shall not be bound in any way by any prior compromise or stipulation of the judgment debtor.

“§93A-16. Maximum liability; pro rata distribution; attorney fees.—(a) Payments from the real estate recovery fund shall be subject to the following limitations:

1. The right to recovery under this Article shall be forever barred unless application is made within one year after termination of all proceedings including appeals, in connection with the judgment;

2. The fund shall not be liable for more than five thousand dollars ($5,000) per transaction regardless of the number of persons aggrieved or parcels of real estate involved in such transaction; and

3. The liability of the fund shall not exceed in the aggregate ten thousand dollars ($10,000) for any one licensee within a single calendar year, and in no event shall it exceed in the aggregate twenty thousand dollars ($20,000) for any one licensee.
