(4) Twelve-month school employees other than superintendents, supervisors and classified principals paid on an hourly or other basis whether paid from State or from local funds may accumulate annual vacation leave days as follows: annual leave may be accumulated without any applicable maximum until December 31 of each year. On December 31 of each year, any employee with more than 30 days of accumulated leave shall have the excess accumulation cancelled so that only 30 days are carried forward to January 1 of the next year. All vacation leave taken by the employee will be upon the authorization of his immediate supervisor and under policies established by the local board of education. It is the intent of the General Assembly that leave accumulated as provided herein shall not be used to extend the term of employment of any individual and that any leave not used prior to termination of employment for any reason shall be automatically cancelled.

(5) All of the foregoing provisions of this section shall be subject to the requirement that at least fifty dollars ($50.00), or other minimum amount required by federal social security laws, of the compensation of each school employee covered by the Teachers' and State Employees' Retirement System or otherwise eligible for social security coverage shall be paid in each of the four quarters of the calendar year.
(6) Each local board of education shall sustain any loss by reason of an overpayment to any school official or other employee paid from State funds.

(b) Every local board of education may adopt, as to school officials other than superintendents, principals and supervisors not paid out of State funds, a salary schedule similar to the State salary schedule, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system; but if any local board of education shall fail to adopt such a schedule, the State salary schedule shall be in force.

"§ 115C-317. Penalty for making false reports or records.—Any school employee of the public schools other than a superintendent, principal, or teacher, who knowingly and willfully makes or procures another to make any false report or records, requisitions, or payrolls, respecting daily attendance of pupils in the public schools, payroll data sheets, or other reports required to be made to any board or officer in the performance of his duties, shall be guilty of a misdemeanor and upon conviction shall be fined or imprisoned in the discretion of the court and the certificate of such person to teach in the public schools of North Carolina shall be revoked by the Superintendent of Public Instruction.

"§ § 115C-318 to 115C-322: Reserved for future codification purposes.

"ARTICLE 22.

"General Regulations.

"§ 115C-323. Employee health certificate.—All public school employees upon initial employment, and those who have been separated from public school employment more than one school year, including superintendents, supervisors, district principals, building principals, teachers, and any other employees in the public schools of the State, shall file in the office of the superintendent, before assuming his duties, a certificate from a physician licensed to practice medicine in the State of North Carolina, certifying that said person does not have tuberculosis in the communicable form, or other communicable disease, or any disease, physical or mental, which would impair the ability of the said person to perform effectively his duties. A local school board or a superintendent may require any person herein named to take a physical examination when deemed necessary.

Any public school employee who has been absent for more than 40 successive school days because of a communicable disease must, before returning to work, file with the superintendent a physician's certificate certifying that the individual is free from any communicable disease.

The examining physician shall make the aforesaid certificates on an examination form supplied by the Superintendent of Public Instruction. The certificate shall be issued only after a physical examination has been made at the time of the certification, and such examination shall be in accordance with rules and regulations adopted by the Superintendent of Public Instruction, with approval of the Secretary of Human Resources, and such rules and regulations may include the requirement of an X-ray chest examination for all new employees of the public school system.

It shall be the duty of the superintendent of the school in which the person is employed to enforce the provisions of this section.
CHAPTER 423 Session Laws—1981

Any person violating any of the provisions of this section shall be guilty of a misdemeanor and subject to a fine or imprisonment in the discretion of the court.

“Part 2. Payment of Wages after Death of Employee.

§ 115C-324. Disposition of payment due employees at time of death.—In the event of the death of any superintendent, teacher, principal, or other school employee to whom payment is due for or in connection with services rendered by such person or to whom has been issued any uncashed voucher for or in connection with services rendered, when there is no administration upon the estate of such person, such voucher may be cashed by the clerk of the superior court of the county in which such deceased person resided, or a voucher due for such services may be made payable to such clerk, who will treat such sums as a debt owed to the intestate under the provisions of G.S. 28-68.

§ 115C-325. System of employment for public school teachers.—(a) Definition of Terms.—As used in this section unless the context requires otherwise:

(1) ‘Career teacher’ means a teacher who has obtained career status as provided in G.S. 115C-325(c).
(2) ‘Committee’ means the Professional Review Committee created under G.S. 115C-325(g).
(3) ‘Day’ means any day except Saturday, Sunday, or a legal holiday. In computing any period of time, the day in which notice is received is not counted, but the last day of the period so computed is to be counted.
(4) ‘Demote’ means to reduce the compensation of a person who is classified or paid by the State Board of Education as a classroom teacher or to transfer him to a new position carrying a lower salary. The word ‘demote’ does not include a reduction in compensation that results from the elimination of a special duty, such as the duty of an athletic coach, assistant principal, or a choral director.
(5) ‘Probationary teacher’ means a certificated person, other than a superintendent, associate superintendent, or assistant superintendent, who has not obtained career-teacher status and whose major responsibility is to teach or to supervise teaching.
(6) ‘Teacher’ means a person who holds at least a current, not expired, Class A certificate or a regular, not provisional or expired, vocational certificate issued by the Department of Public Instruction; whose major responsibility is to teach or directly supervise teaching or who is classified by the State Board of Education or is paid as a classroom teacher; and who is employed to fill a full-time, permanent position.

(b) The superintendent shall maintain in his office a personnel file for each teacher that contains any complaint, commendation, or suggestion for correction or improvement about the teacher. The complaint, commendation, or suggestion shall be signed by the person who makes it and shall be placed in the teacher’s file only after five days’ notice to the teacher. Any denial or explanation relating to such complaint, commendation, or suggestion that the teacher desires to make shall be placed in the file.

The personnel file shall be open for the teacher’s inspection at all reasonable times but shall be open to other persons only in accordance with such rules and regulations as the board adopts. Any preemployment data or other information

616
obtained about a teacher before his employment by the board may be kept in a file separate from his personnel file and need not be made available to him. No data placed in the preemployment file may be introduced as evidence at a hearing on the dismissal or demotion of a teacher.

(c) (1) Election of a Teacher to Career Status.—When a teacher will have been employed by a North Carolina public school system for three consecutive years, the board, near the end of the third year, shall vote upon his employment for the next school year. The board shall give him written notice of that decision at least 30 days before the end of his third year of employment. If a majority of the board votes to reemploy him, he becomes a career teacher on the first day of the fourth year of employment. If the board votes to reemploy the teacher and thus grant career status at the beginning of the next school year, and if it has notified him of this decision, it may not later rescind that action but must proceed under the provisions of this section for the demotion or discharge of a teacher if it decides to terminate his employment. If a majority of the board votes against reemploying the teacher, he shall not teach beyond the current school term. If the board fails to vote on granting career status but reemploys him for the next year, he automatically becomes a career teacher on the first day of the fourth year of employment.

A year, for purposes of computing time as a probationary teacher, shall be not less than 120 workdays performed as a full-time, permanent teacher in a normal school year.

(2) Employment of a Career Teacher.—A teacher who has obtained career status in another North Carolina public school system need not serve another probationary period of more than two years, and may, at the option of the board, be employed immediately as a career teacher. In any event, if the teacher is reemployed for a third consecutive year, he shall automatically become a career teacher. A teacher with career status who resigns and within five years seeks to be reemployed by the same local school administrative unit need not serve another probationary period of more than one year and may, at the option of the board, be reemployed as a career teacher. In any event, if he is reemployed for a second consecutive year, he shall automatically become a career teacher.

(3) Ineligible for Career Status.—No superintendent, associate superintendent, assistant superintendent or other school employee who is not a teacher as defined by G.S. 115C-325(a)(6) is eligible to obtain career status or continue in a career status if he no longer performs the responsibilities of a teacher as defined in G.S. 115C-325(a)(9).

(4) Leave of Absence.—A career teacher who has been granted a leave of absence by a board shall maintain his career status if he returns to his teaching position at the end of the authorized leave.

(d) Career Teachers.

(1) A career teacher shall not be subjected to the requirement of annual appointment nor shall he be dismissed, demoted, or employed on a part-time basis without his consent except as provided in subsection (e).

(2) A career teacher who has performed the duties of a principal or supervisor in a particular position in the school system for three consecutive years shall not be transferred from that position to a lower-
paying administrative position or to a lower-paying nonadministrative position without his consent except for the reasons given in G.S. 115C-325(e) and in accordance with the procedure for the dismissal of a career teacher set out in this section.

(e) Grounds for Dismissal or Demotion of a Career Teacher.
(1) No career teacher shall be dismissed or demoted or employed on a part-time basis except for one or more of the following:
   a. Inadequate performance.
   b. Immorality.
   c. Insubordination.
   d. Neglect of duty.
   e. Physical or mental incapacity.
   f. Habitual or excessive use of alcohol or nonmedical use of a controlled substance as defined in Article 5 of Chapter 90 of the General Statutes.
   g. Conviction of a felony or a crime involving moral turpitude.
   h. Advocating the overthrow of the government of the United States or of the State of North Carolina by force, violence, or other unlawful means.
   i. Failure to fulfill the duties and responsibilities imposed upon teachers by the General Statutes of this State.
   j. Failure to comply with such reasonable requirements as the board may prescribe.
   k. Any cause which constitutes grounds for the revocation of such career teacher’s teaching certificate.
   l. A justifiable decrease in the number of positions due to district reorganization or decreased enrollment, provided that subdivision (2) is complied with.
   m. Failure to maintain his certificate in a current status.
   n. Failure to repay money owed to the State in accordance with the provisions of Article 60, Chapter 143 of the General Statutes.
(2) When a career teacher is dismissed pursuant to G.S. 115C-325(e)(1)), above, his name shall be placed on a list of available teachers to be maintained by the board. Career teachers whose names are placed on such a list shall have a priority on all positions for which they are qualified which become available in that system for the three consecutive years succeeding their dismissal. However, if the local school administrative unit offers the dismissed teacher a position for which he is certified and he refuses it, his name shall be removed from the priority list.
(3) In determining whether the professional performance of a career teacher is adequate, consideration shall be given to regular and special evaluation reports prepared in accordance with the published policy of the employing local school administrative unit and to any published standards of performance which shall have been adopted by the board. Failure to notify a career teacher of an inadequacy in his performance shall be conclusive evidence of satisfactory performance.
(4) Dismissal under subdivision (1) above, except paragraph g. thereof, shall not be based on conduct or actions which occurred more than three
years before the written notice of the superintendent's intention to recommend dismissal is mailed to the teacher.

(f) Suspension without Pay.—If a board believes that cause exists for dismissing a probationary or career teacher for any reason specified in G.S. 115C-325(e)(1)b. through G.S. 115C-325(e)(1)h. and that immediate suspension of the teacher is necessary, the board may by resolution suspend him without pay and without giving notice and a hearing.

If a board thinks a probationary or career teacher’s performance is so inadequate that an emergency situation exists requiring the teacher to be removed immediately from his duties, the board shall give him written notice that it plans to suspend him and the reasons for the planned action. Not less than two or more than five days after the teacher receives the board’s notice, the board shall hold a hearing on whether it should suspend the teacher. The hearing procedures provided in G.S. 115C-325(j) shall be followed and all teacher evaluations and other information in the teacher’s personnel file shall be made available to the board. If the board finds it necessary to suspend the teacher, it may by resolution suspend him without pay.

Within five days after a suspension under this section, the superintendent shall initiate a dismissal as provided in this section. If it is finally determined that no grounds for dismissal exist, the teacher shall be reinstated immediately and shall be paid for the period of suspension.

(g) Professional Review Committee; Qualifications; Terms; Vacancy; Training.

(1) There is hereby created a Professional Review Committee which shall consist of 121 citizens, 11 from each of the State’s congressional districts, five of whom shall be lay persons and six of whom shall have been actively and continuously engaged in teaching or in supervision or administration of schools in this State for the five years preceding their appointment and who are broadly representative of the profession, to be appointed by the Superintendent of Public Instruction with the advice and consent of the State Board of Education. Each member shall be appointed for a term of three years. The Superintendent of Public Instruction, with the advice and consent of the State Board of Education, shall fill any vacancy which may occur in the Committee. The person appointed to fill the vacancy shall serve for the unexpired portion of the term of the member of the Committee whom he is appointed to replace.

(2) The Superintendent of Public Instruction shall provide for the Committee such training as he considers necessary or desirable for the purpose of enabling the members of the Committee to perform the functions required of them.

(3) The compensation of committee members while serving as a member of a hearing panel shall be as for State boards and commissions pursuant to G.S. 138-5. The compensation shall be paid by the State Board of Education.

(h) Procedure for Dismissal or Demotion of Career Teacher.

(1) A career teacher may not be dismissed, demoted, or reduced to part-time employment except upon the superintendent’s recommendation.

(2) Before recommending to a board the dismissal or demotion of the career teacher, the superintendent shall give written notice to the
career teacher by certified mail of his intention to make such recommendation and shall set forth as part of his recommendation the grounds upon which he believes such dismissal is justified. The notice shall include a statement to the effect that if the teacher within 15 days after the date of receipt of the notice requests a review, he shall be entitled to have the proposed recommendations of the superintendent reviewed by a panel of the Committee. A copy of G.S. 115C-325 and a current list of the members of the Professional Review Committee shall also be sent to the career teacher. If the teacher does not request a panel hearing within the 15 days provided, the superintendent may submit his recommendation to the board.

(3) Within the 15-day period after receipt of the notice, the career teacher may file with the superintendent a written request for either (i) a review of the superintendent's proposed recommendation by a panel of the Professional Review Committee or (ii) a hearing before the board within 10 days. If the teacher requests an immediate hearing before the board, he forfeits his right to a hearing by a panel of the Professional Review Committee. If no request is made within that period, the superintendent may file his recommendation with the board. The board, if it sees fit, may by resolution dismiss such teacher. If a request for review is made, the superintendent shall not file his recommendation for dismissal with the board until a report of a panel of the Committee is filed with the superintendent.

(4) If a request for review is made, the superintendent, within five days of filing such request for review, shall notify the Superintendent of Public Instruction who, within seven days from the time of receipt of such notice, shall designate a panel of five members of the Committee, at least two of whom shall be lay persons, who shall not be employed in or be residents of the county in which the request for review is made, to review the proposed recommendations of the superintendent for the purpose of determining whether in its opinion the grounds for the recommendation are true and substantiated. The teacher or principal making the request for review shall have the right to require that at least two members of the panel shall be members of his professional peer group.

(i) Investigation by Panel of Professional Review Committee; Report; Action of Superintendent; Review by Board.

(1) The career teacher and superintendent will each have the right to designate not more than 30 of the 121 members of the Professional Review Committee as not acceptable to the teacher or superintendent respectively. No person so designated shall be appointed to the panel. The career teacher shall specify those Committee members who are not acceptable in his request for a review of the superintendent's proposed recommendations provided for in subdivision (h)(3) above. The superintendent's notice to the Superintendent of Public Instruction provided for in subdivision (h)(4) above shall contain a list of those members of the committee not acceptable to the superintendent and the teacher respectively. Failure to designate nonacceptable members in accordance with this subsection shall constitute a waiver of that right.
(2) As soon as possible after the time of its designation, the panel shall elect a chairman and shall conduct such investigation as it may consider necessary for the purpose of determining whether the grounds for the recommendation are true and substantiated. The panel shall be furnished assistance reasonably required to conduct its investigation and shall be empowered to subpoena and swear witnesses and to require them to give testimony and to produce books and papers relevant to its investigation.

(3) The career teacher and superintendent involved shall each have the right to meet with the panel accompanied by counsel or other person of his choice and to present any evidence and arguments which he considers pertinent to the considerations of the panel and to cross-examine witnesses.

(4) When the panel has completed its investigation, it shall prepare a written report and send it to the superintendent and teacher. The report shall contain an outline of the scope of its investigation and its finding as to whether or not the grounds for the recommendation of the superintendent are true and substantiated. The panel shall complete its investigation and prepare the report within 20 days from the time of its designation, except in cases in which the panel finds that justice requires that a greater time be spent in connection with the investigation and the preparation of such report, and reports that finding to the superintendent and the teacher: Provided, that such extension does not exceed 10 days.

(5) Within five days after the superintendent receives the report of the panel, he shall submit his written recommendation for dismissal to the board with a copy to the teacher, or shall drop the charges against the teacher. His recommendation shall state the grounds for the recommendation and shall be accompanied by a copy of the report of the panel of the Committee.

(6) Within seven days after receiving the superintendent's recommendation and before taking any formal action, the board shall notify the teacher by certified mail that it has received the superintendent's recommendation and the report of the panel. The notice shall state that if the teacher requests a hearing before the board on the superintendent's recommendation, a hearing will be provided at the time and place specified in the notice. The time specified shall not be sooner than seven or later than 20 days after the teacher received the notice. The notice shall further state that if the board does not receive the teacher's written notification that he wants a hearing before the board, such notice to be given within five days after he has received the board's notice, it may by resolution dismiss the teacher. If the teacher can show that his request for a hearing was postmarked within the time provided, his right to a hearing is not forfeited.

(j) Hearing Procedure.—The following provisions shall be applicable to any hearing conducted pursuant to G.S. 115C-325(k) or (l).

(1) The hearing shall be private.

(2) The hearing shall be conducted in accordance with such reasonable rules and regulations as the board may adopt consistent with G.S. 115C-325, or if no rules have been adopted, in accordance with
reasonable rules and regulations adopted by the State Board of Education to govern such hearings.

(3) At the hearing the teacher and the superintendent shall have the right to be present and to be heard, to be represented by counsel and to present through witnesses any competent testimony relevant to the issue of whether grounds for dismissal or demotion exist or whether the procedures set forth in G.S. 115C-325 have been followed.

(k) Panel Finds Grounds for Superintendent's Recommendation True and Substantiated.

(1) If the panel found that the grounds for the recommendation of the superintendent are true and substantiated, at the hearing the board shall consider the recommendation of the superintendent, the report of the panel, including any minority report, and any evidence which the teacher or the superintendent may wish to present with respect to the question of whether the grounds for the recommendation are true and substantiated. The hearing may be conducted in an informal manner.

(2) If, after considering the recommendation of the superintendent, the report of the panel and the evidence adduced at the hearing, the board concludes that the grounds for the recommendation are true and substantiated, the board, if it sees fit, may by resolution order such dismissal.

(l) Panel Does Not Find That the Grounds for Superintendent's Recommendation Are True and Substantiated.

(1) If the panel does not find that the grounds for the recommendation of the superintendent are true and substantiated, at the hearing the board shall determine whether the grounds for the recommendation of the superintendent are true and substantiated upon the basis of competent evidence adduced at the hearing by witnesses who shall testify under oath or affirmation to be administered by any board member or the secretary of the board.

(2) The procedure at the hearing shall be such as to permit and secure a full, fair and orderly hearing and to permit all relevant competent evidence to be received therein. The report of the panel of the committee shall be deemed to be competent evidence. A full record shall be kept of all evidence taken or offered at such hearing. Both counsel for the local school administrative unit and the career teacher or his counsel shall have the right to cross-examine witnesses.

(3) At the request of either the superintendent or the teacher, the board shall issue subpoenas requiring the production of papers or records or the attendance of persons residing within the State before the board. Subpoenas for witnesses to testify at the hearing in support of the recommendation of the superintendent or on behalf of the career teacher shall, as requested, be issued in blank by the board over the signature of its chairman or secretary. The board shall pay witness fees for up to five witnesses subpoenaed on behalf of the teacher, except that it shall not pay for any witness who resides within the county in which the dismissal originates or who is an employee of the board. However, no employee of the board shall suffer any loss of compensation because he has been subpoenaed to testify at the hearing. These payments shall be as provided for witnesses in G.S. 7A-314.
(4) At the conclusion of the hearing provided in this section, the board shall render its decision on the evidence submitted at such hearing and not otherwise.

(5) Within five days following the hearing, the board shall send a written copy of its findings and order to the teacher and superintendent. The board shall provide for making a transcript of its hearing. If the teacher contemplates an appeal to a court of law, he may request and shall receive at no charge a transcript of the proceedings.

(m) Probationary Teacher.

(1) The board of any local school administrative unit may not discharge a probationary teacher during the school year except for the reasons for and by the procedures by which a career teacher may be dismissed as set forth in subsections (e) and (h) to (l) above.

(2) The board, upon recommendation of the superintendent, may refuse to renew the contract of any probationary teacher or to reemploy any teacher who is not under contract for any cause it deems sufficient. Provided, however, that the cause may not be arbitrary, capricious, discriminatory or for personal or political reasons.

(n) Appeal.—Any teacher who has been terminated by action of the board after a hearing pursuant to subsections (k) or (l) shall have the right to appeal from the decision of the board to the superior court for the judicial district in which the teacher is employed. The appeal shall be filed within a period of 30 days after notification of the decision of the board. The cost of preparing the transcript shall be borne by the board.

(o) A teacher, career or probationary, should not resign without the consent of the superintendent unless he has given at least 30 days’ notice. If the teacher does resign without giving at least 30 days’ notice, the board may request that the State Board of Education revoke the teacher’s certificate for the remainder of that school year. A copy of the request shall be placed in the teacher’s personnel file.

A probationary teacher whose contract will not be renewed for the next school year shall be notified of this fact not less than 30 days before the end of his employment period.

(p) Notwithstanding any law or regulation to the contrary and the teacher salary schedule as adopted by the State Board of Education, this section shall apply to all persons defined as teachers by this section who serve as teachers in the following schools and institutions:

Cameron Morrison.
Samuel Leonard.
Richard T. Fountain.
Juvenile Evaluation Center.
C. A. Dillon.
Dobbs School for Girls.
Samarkand Manor.
Stonewall Jackson.

"§ 115C-326. Uniform performance standards and criteria for professional employees.—The State Board of Education, in consultation with local boards of education, shall develop uniform performance standards and criteria to be used in evaluating professional public school employees. It shall develop rules and regulations to insure the use of these standards and criteria in the employee
evaluation process. The performance standards and criteria shall be adopted by the Board by July 1, 1981, and may be modified in the discretion of the Board.

Local boards of education shall adopt rules and regulations by July 1, 1981, to provide for annual evaluation of all professional employees defined as teachers by G.S. 115C-325(a)(6). Local boards may also adopt rules and regulations requiring annual evaluation of other school employees not specifically covered in this section. All such rules and regulations adopted by local boards shall utilize performance standards and criteria adopted by the State Board of Education pursuant to the first paragraph of this section; however, the standards and criteria used by local boards are not to be limited by those adopted by the State Board of Education.

"Part 4. Personnel Administration Commission
for Public School Employees.

"§ 115C-327. Commission established; purpose.—There is hereby established a Personnel Administration Commission for Public School Employees which shall provide advice and recommendations to the Governor and the State Board of Education in regard to personnel administration practices and policies for public school employees.

"§ 115C-328. Commission membership; meetings; compensation.—(a) The Personnel Administration Commission for Public School Employees shall consist of nine members to be appointed by the Governor on or before September 1, 1980. Of the nine members of the Commission, one shall be appointed from each of the eight educational districts of the State as established in G.S. 115C-65, and the chairman, who shall be designated by the Governor, shall be an at-large member. To assure continuity of membership, initial appointments to the Commission shall be made as follows: three members, including the chairman, for terms of three years; three members for terms of two years; and three members for terms of one year. All appointments after the initial appointments shall be for terms of three years. Vacancies on the Commission shall be filled by the Governor for the unexpired term.

(b) In making his appointments to the Commission, the Governor shall assure that the membership of the Commission consists of persons interested in education and persons possessing knowledge and skills in personnel administration. However, no person shall be eligible for appointment to the Commission if he is a member of the General Assembly, officer or employee of any organization or association of public school employees, or a person whose employment would be directly affected by recommendations of the Commission.

(c) Within 30 days after the appointment of the Commission, the chairman shall convene the Commission for an initial meeting. At this meeting, the Commission shall elect such officers, in addition to the chairman, as it deems necessary and establish a regular meeting schedule.

(d) Members of the Commission shall be entitled to receive per diem and reimbursement for travel and subsistence expenses incurred in the performance of their duties as specified in G.S. 138-5 or 138-6, whichever is applicable to the individual member. Funds for this purpose shall be made available to the State Board of Education from funds appropriated to implement Section 36 of Chapter 1137 of the 1980 Session Laws.

"§ 115C-329. Responsibilities of the Commission.—(a) The primary function of the Commission shall be to review the classification of positions and to make

624
written recommendations to the Governor and the State Board of Education concerning proper compensation, salary and benefits, and such other proper personnel matters as to encourage the development of employees with a high degree of necessary skills and to stimulate a high degree of employee morale. In addition, the Commission shall provide advice and make recommendations to the Governor and the State Board of Education in such other areas of personnel management as may be requested by either the Governor or the State Board.

(b) The State Board of Education is authorized and directed to receive periodic reports and recommendations from the Commission and is empowered to implement recommendations of the Commission.

(c) The State Board of Education and the Superintendent of Public Instruction shall provide necessary staff services to the Commission in the performance of its responsibilities.

"Part 5. Employment of Handicapped.

"§§ 115C-331 to 115C-335: Reserved for future codification purposes.

"ARTICLE 23.

"Employment Benefits.

"§ 115C-336. Sick leave.—All public school employees shall be permitted a minimum of five days per school term of sick leave, pursuant to rules and regulations promulgated by the State Board of Education as provided in G.S. 115C-12(8).

"§ 115C-337. Workers’ Compensation for school employees.—(a) Workers’ Compensation Act Applicable to School Employees.—The provisions of the Workers’ Compensation Act shall be applicable to all school employees, and the State Board of Education shall make such arrangements necessary to carry out the provisions of the Workers’ Compensation Act applicable to such employees paid from State school funds. Liability of the State for compensation shall be confined to school employees paid by the State from State school funds for injuries or death caused by accident arising out of and in the course of their employment in connection with the State-operated school term. The State shall be liable for said compensation on the basis of the average weekly wage of such employees as defined in the Workers’ Compensation Act, whether all of said compensation for the school term is paid from State funds or in part supplemented by local funds. The State shall also be liable for workers’ compensation for all school employees employed in connection with the teaching of vocational agriculture, home economics, trades and industries, and other vocational subjects, supported in part by State and federal funds, which liability shall cover the entire period of service of such employees. The local school administrative units shall be liable for workers’ compensation for school employees, including lunchroom employees, whose salaries or wages are paid by such local units from local or special funds. Such local units are authorized and empowered to provide insurance to cover such compensation liability and to include the cost of such insurance in their annual budgets.

The provisions of this subsection shall not apply to any person, firm or corporation making voluntary contributions to schools for any purpose, and such person, firm or corporation shall not be liable for the payment of any sum of money under this Chapter.
(b) Payment of Awards to School Bus Drivers Pursuant to the Workers' Compensation Act.—In the event that the Industrial Commission shall make an award pursuant to the Workers' Compensation Act against any local board of education on account of injuries to or the death of a school bus driver arising out of and in the course of his employment as such driver, the local board of education shall draw a requisition upon the State Board of Education for the amount required to pay such award. The State Board of Education shall honor such requisition to the extent that it shall have in its hands, or subject to its control, available funds which have been or shall thereafter be appropriated by the General Assembly for the support of the school term. It shall be the duty of the local board of education to apply all funds received by it from the State Board of Education pursuant to such requisition to the payment of such award. Neither the State nor the State Board of Education shall be deemed the employer of such school bus driver, nor shall the State or the State Board of Education be liable to any school bus driver or any other person for the payment of any claim, award, or judgment under the provisions of the Workers' Compensation Act or of any other law of this State for any injury or death arising out of or in the course of the operation by such driver of a public school bus. Neither the local board of education, the local school administrative unit, nor the tax levying authorities for the local school administrative unit shall be liable for the payment of any award made pursuant to the provisions of this subsection in excess of the amount paid upon such requisition by the State Board of Education, nor shall the local school board of education, the local school administrative unit, nor the said tax levying authorities be required to provide or carry workers' compensation insurance for such purpose.

"§ 115C-338. Salaries for employees injured during an episode of violence.—
(a) For the purpose of this section, 'employee' shall mean any teacher, helping teacher, librarian, principal, supervisor, superintendent of public schools or any full-time employee, city or county, superintendent of public instruction, or any full-time employee of Department of Public Instruction, president, dean or teacher, or any full-time employee in any educational institution supported by and under the control of the State: Provided, that the term 'teacher' shall not include any part-time, temporary, or substitute teacher or employee, and shall not include those participating in an optional retirement program provided for in G.S. 135-5.1. In all cases of doubt, the Board of Trustees, as defined in G.S. 135-1(7), shall determine whether any person is a teacher as herein defined.

(b) Any employee who while engaged in the course of his employment or in any activities incidental thereto, suffers any injury or disability resulting from or arising out of any episode of violence by one or more persons shall be entitled to receive his full salary during the shortest of these periods: one year, the continuation of his disability, or the time during which he is unable to engage in his employment because of injury. An episode of violence shall be defined to mean but shall not be limited to any acts of violence directed toward any school building or facility, or to any employee or any student by any person including but not limited to another student. These benefits shall be in lieu of all other income or disability benefits payable under workers' compensation to such employee only during the period prescribed herein. Thereafter, such teacher shall be paid such income or disability payments to which he might be entitled under workers' compensation. If the employment of a substitute is necessitated by the disability of the injured employee the salary of such substitute shall be
paid from the same source of funds from which the employee is paid. This
section shall in no way limit the right of the injured employee to receive the
benefits of medical, hospital, drug and related expense payments from any
source, including workers' compensation: Provided, further, that this section
shall not apply to any employee who is injured while he participates in or
provokes such episode of violence except as is incident to the maintenance or
restoration of order or classroom discipline or to defend himself: Provided,
further, that this section shall be given liberal construction and interpretation
as to any and all definitions, conditions, and factual circumstances set forth
herein.

c) Any employee claiming the benefits of this section shall file claim with
the board of education employing such employee within one year after the
occurrence giving rise to his alleged injury. That board of education shall,
within 30 days after receipt of such claim, decide whether and to what extent
that employee is entitled to the benefits of this section and shall forthwith
transmit its decision in writing to such employee. That employee shall,
however, have the right to appeal the decision of that board of education to the
North Carolina Industrial Commission by serving that board of education and
the North Carolina Industrial Commission with written notice thereof within
30 days after receipt of the board's written decision. In determining all appeals
under this section the North Carolina Industrial Commission shall constitute a
court for the purpose of hearing de novo and passing upon all claims thereby
presented in accordance with procedures utilized by the Commission in
determining claims under the Workers' Compensation Act. The decision of the
Industrial Commission in each instance shall be subject to appeal to the North
Carolina Court of Appeals as provided in G.S. 143-293 and 143-294.

"§ 115C-339. Retirement plan.—Provisions for retirement plans for public
school employees may be found in Chapter 135 of the General Statutes.

"§ 115C-340. Health insurance.—(a) The State Board of Education may
authorize and empower any local board of education, the board of trustees of
any community college or technical institute, or other governing authority,
within the State, to establish a voluntary payroll deduction plan for premiums
for any type of group insurance, including health insurance, established and
authorized by the laws of this State.

(b) Any employee of any local board of education, any community college,
technical institute, or of any educational association, may enter into a written
agreement with his employer for the purpose of carrying out the provisions of
this section. The State Board of Education is authorized and empowered to
make and promulgate rules and regulations to carry out the purposes of this
section.

"§ 115C-341. Annuity contracts.—Notwithstanding the provisions of this
Chapter for the adoption of State and local salary schedules for the pay of
teachers, principals, superintendents, and other school employees, local boards
of education may enter into annual contracts with any employee of such board
which provide for a reduction in salary below the total established
compensation or salary schedule for a term of one year. The local board of
education shall use the funds derived from the reduction in the salary of the
employee to purchase a nonforfeitable annuity contract for the benefit of said
employee. An employee who has agreed to a salary reduction for this purpose
shall not have the right to receive the amount of the salary reduction in cash or
CHAPTER 423    Session Laws—1981

in any other way except the annuity contract. Funds used by the local boards of education for the purchase of an annuity contract shall not be in lieu of any amount earned by the employee before his election for a salary reduction has become effective.

The agreement for salary reductions referred to herein shall be effected under any necessary regulations and procedures adopted by the State Board of Education and on forms prepared by the State Board of Education.

Notwithstanding any other provisions of this section, the amount by which the salary of any employee is reduced pursuant to this section shall be included in computing and making payroll deductions for social security and retirement system purposes, and in computing and providing matching funds for retirement system purposes.

"§ 115C-342. Group insurance and credit unions.—(a) The State Board of Education may authorize and empower any local board of education, the board of trustees of any community college or technical institute, or other governing authority, within the State, to establish a voluntary payroll deduction plan for:

1. Premiums for any type of group insurance established and authorized by the laws of this State.

2. Amounts authorized by members of the State Employees' Credit Union or any local teachers' credit unions to be deposited with such organizations.

3. Loans made to teachers by credit unions.

(b) Any employee of any local board of education, any community college, technical institute, or of any educational association, may enter into a written agreement with his employer for the purpose of carrying out the provisions of this section. The State Board of Education is authorized and empowered to make and promulgate rules and regulations to carry out the purposes of this section.

(c) Any public school teacher who is a member of a credit union organized and established under Chapter 54 of the General Statutes may, by executing a written consent to the local school administrative unit by whom employed, authorize periodical payment or obligation to such credit union to be deducted from their salaries or wages, and such deductions shall be made and paid to said credit union as and when said salaries and wages are payable.

"§ 115C-343. Payroll savings plan for purchase of United States bonds.—(a) The State Board of Education may authorize any local school administrative school unit within the State to establish a voluntary payroll deduction plan for the purchase of United States Savings Bonds by the employees of such local school administrative unit, and to set up the necessary machinery for carrying out the purposes of this section.

(b) Any employee of any local school administrative school unit within the State may enter into a written agreement with the local board of education by which he is employed and which has adopted such payroll savings plan to authorize deductions from his salary of certain designated sums to be invested in United States Savings Bonds of the kind and type specified in such agreement.

(c) Upon execution of such agreement by an employee of any local school administrative unit the local board of education employing such person is authorized and empowered to deduct the sum specified in said agreement from the weekly or monthly salary of such employee and to show deductions on all
payrolls in a manner similar to that in the weekly or monthly salary of such employee and to show deductions on all payrolls in a manner similar to that in which withholding tax and retirement are shown. Such sums shall be deposited monthly with a depository authorized by the United States Treasury Department. The sums so deposited shall be held by the depository until sufficient moneys have accumulated to the credit of each individual sufficient to purchase a bond, and such sums shall be invested in United States Savings Bonds for and on behalf of such employee, and the bonds shall be delivered to the employee as soon as practicable: Provided, that no coercion shall be exercised to require any person to participate in such plan.

(d) Such agreement may be canceled by the employee executing the same by giving written notice to the superintendent of schools who is ex officio secretary to the local board of education, not later than the fifteenth day of the month in which he desires such agreement to be terminated; and the local board of education may cancel any agreement herein provided for upon giving 10 days written notice to the affected employee. Upon the termination of the agreement, the depository is hereby authorized and directed to refund any amount of money held for such employee.

"ARTICLE 24.

"Interstate Agreement on Qualifications of Educational Personnel.

"§ 115C-349. Purpose, findings, and policy.—(a) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(b) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this Compact can increase the availability of educational manpower.

"§ 115C-350. Definitions.—As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(1) 'Accept', or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.
(2) 'Designated state official' means the educational official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

(3) 'Educational personnel' means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(4) 'Originating state' means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools, is acceptable in accordance with the terms of a contract made pursuant to G.S. 115C-351.

(5) 'Receiving state' means a state (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to G.S. 115C-351.

(6) 'State' means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

"§ 115C-351. Interstate educational personnel contracts.—(a) The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this section only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

(b) Any such contract shall provide for:

(1) Its duration.

(2) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(3) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(4) Any other necessary matters.

(c) No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

(d) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(e) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(f) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under
continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

"§ 115C-352. Approved and accepted programs.—(a) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(b) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

"§ 115C-353. Interstate cooperation.—The party states agree that:

(1) They will, so far as practicable, prefer the making of multilateral contracts pursuant to G.S. 115C-351 of this agreement.

(2) They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

"§ 115C-354. Agreement evaluation.—The designated state officials of any party state(s) may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendations for changes.

"§ 115C-355. Other arrangements.—Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

"§ 115C-356. Effect and withdrawal.—(a) This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(b) Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

(c) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefore shall be those specified in their terms.

"§ 115C-357. Construction and severability.—This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

"§ 115C-358. Designated state official.—For the purposes of the agreement set forth in this Article the 'designated state official' for this State shall be the
Superintendent of Public Instruction. He shall enter into contracts pursuant to G.S. 115C-351 only with the approval of the specific text thereof by the State Board of Education.

"SUBCHAPTER VI.

"Students.

"ARTICLE 25.

"Admission and Assignment of Students.

"§ 115C-364. Admission requirements.—Children to be entitled to enrollment in the public schools must have passed the sixth anniversary of their birth before October 1 of the year in which they enroll, and must enroll during the first month of the school year: Provided, that if a particular child has already been attending school in another state in accordance with the laws or regulations of the school authorities of such state before moving to and becoming a resident of North Carolina, such child will be eligible for enrollment in the schools of this State regardless of whether such child has passed the sixth anniversary of his birth before October 1. The State Board of Education is hereby authorized and empowered, in its discretion, to change the above dates of October 1. The principal of any public school shall have the authority to require the parents of any child presented for admission for the first time to such school to furnish a certified copy of the birth certificate of such child, which shall be furnished without charge by the register of deeds of the county having on file the record of the birth of such child, or other satisfactory evidence of date of birth.

"§ 115C-365. Children at orphanages admitted to public schools.—Children living in and cared for and supported by an institution established or incorporated for the purpose of rearing and caring for orphan children shall be considered legal residents of the local school administrative unit in which the institution is located, and a part or all of said orphan children shall be permitted to attend the public schools of their local school administrative unit: Provided, that the provisions of this section shall be permissive only, and shall not be mandatory.

"§ 115C-366. Assignment of student to a particular school.—(a) All pupils residing in a school district or attendance area, who have not been removed from school for cause, shall be entitled to all the privileges and advantages of the public schools of such district or attendance area in such school buildings to which they are assigned by local boards of education: Provided, that wherever pupils from nontax units, districts, or attendance areas, are assigned to a school in a tax unit, district, or attendance area, the assignment shall be for only the current school year, unless satisfactory agreements are reached between all units, districts, or attendance areas concerned: Provided, further, that pupils residing in one local school administrative unit may be assigned either with or without the payment of tuition to a school located in another local school administrative unit upon such terms and conditions as may be agreed in writing between the boards of education of the local school administrative units involved and entered upon the official records of such boards: Provided, further, that the assignment of pupils living in one local school administrative unit or district to a school located in another local school administrative unit or district, either with or without the payment of tuition, shall have no effect upon the right of the local school administrative unit or district to which said
pupils are assigned to levy and collect any supplemental tax heretofore or hereafter voted in such local school administrative unit or district: Provided, further, the boards of education of adjacent local school administrative units may operate schools in adjacent units upon written agreements between the respective boards of education and approval by the county commissioners and the State Board of Education.

Unless otherwise assigned by the local board of education, the following pupils are entitled to attend the schools in the district or attendance area in which they reside: Provided, the superintendent, or the principal with the approval of the superintendent, of the local school administrative unit may, in his discretion, prohibit the enrollment of or remove from school any pupil who has attained the age of 21 years:

(1) All persons of the district or attendance area who have not completed the prescribed course for graduation in the high school.

(2) All pupils whose parents have recently moved into the unit, district, or attendance area for the purpose of making their legal residence in the same.

(3) Any pupil living with either father, mother or guardian who has made his permanent home within the district.

(b) Each local board of education is hereby authorized and directed to provide for the assignment to a public school of each child residing within the local school administrative unit who is qualified under the laws of this State for admission to a public school. Except as otherwise provided in G.S. 115C-366(b), 115C-367 to 115C-370 and 115C-116, the authority of each board of education in the matter of assignment of children to the public schools shall be full and complete, and its decision as to the assignment of any child to any school shall be final. A child residing in one local school administrative unit may be assigned either with or without the payment of tuition to a public school located in another local school administrative unit upon such terms and conditions as may be agreed in writing between the boards of education of the local school administrative units involved and entered upon the official records of such boards. No child shall be enrolled in or permitted to attend any public school other than the public school to which the child has been assigned by the appropriate board of education. In exercising the authority conferred by this subsection, each local board of education shall make assignments of pupils to public schools so as to provide for the orderly and efficient administration of the public schools, and provide for the effective instruction, health, safety, and general welfare of the pupils. Each board of education may adopt such reasonable rules and regulations as in the opinion of the board are necessary in the administration of G.S. 115C-366(b), 115C-367 to 115C-370 and 115C-116.

"§ 115C-367. Assignment on certain bases prohibited.—No person shall be refused admission to or be excluded from any public school in this State on account of race, creed, color or national origin. No school attendance district or zone shall be drawn for the purpose of segregating persons of various races, creeds, colors or national origins from the community.

Where local school administrative units have divided the geographic area into attendance districts or zones, pupils shall be assigned to schools within such attendance districts: Provided, however, that the board of education of a local school administrative unit may assign any pupil to a school outside of such attendance district or zone in order that such pupil may attend a school of a
specialized kind including but not limited to a vocational school or school operated for, or operating programs for, pupils mentally or physically handicapped, or for any other reason which the board of education in its sole discretion deems sufficient.

The provisions of G.S. 115C-366(b), 115C-367 to 115C-370 and 115C-116 shall not apply to a temporary assignment due to the unsuitability of a school for its intended purpose nor to any assignment or transfer necessitated by overcrowded conditions or other circumstances which, in the sole discretion of the school board, require assignment or reassignment.

The provisions of G.S. 115C-366(b), 115C-367 to 115C-370 and 115C-116 shall not apply to an application for the assignment or reassignment by the parent, guardian or person standing in loco parentis of any pupil or to any assignment made pursuant to a choice made by any pupil who is eligible to make such choice pursuant to the provisions of a freedom of choice plan voluntarily adopted by the board of education of a local school administrative unit.

"§ 115C-368. Notice of assignment.—In exercising the authority conferred by G.S. 115C-366(b), each local board of education may, in making assignments of pupils, give individual written notice of assignment, on each pupil's report card or by written notice by any other feasible means, to the parent or guardian of each child or the person standing in loco parentis to the child, or may give notice of assignment of groups or categories of pupils by publication at least two times in some newspaper having general circulation in the local administrative unit.

"§ 115C-369. Application for reassignment; notice of disapproval; hearing before board.—The parent or guardian of any child, or the person standing in loco parentis to any child, who is dissatisfied with the assignment made by a local board of education may, within 10 days after notification of the assignment, or the last publication thereof, apply in writing to the local board of education for the reassignment of the child to a different public school. Application for reassignment shall be made on forms prescribed by the local board of education pursuant to rules and regulations adopted by the board of education. If the application for reassignment is disapproved, the local board of education shall give notice to the applicant by registered mail, and the applicant may within five days after receipt of such notice apply to the local board for a hearing, and shall be entitled to a prompt and fair hearing on the question of reassignment of such child to a different school. A majority of the local board shall be a quorum for the purpose of holding such hearing and passing upon application for reassignment, and the decision of a majority of the members present at the hearing shall be the decision of the board. If, at the hearing, the local board shall find that the child is entitled to be reassigned to such school, or if the local board shall find that the reassignment of the child to such school will be for the best interests of the child, and will not interfere with the proper administration of the school, or with the proper instruction of the pupils there enrolled, and will not endanger the health or safety of the children there enrolled, the local board shall direct that the child be reassigned to and admitted to such school. The local board shall render prompt decision upon the hearing, and notice of the decision shall be given to the applicant by registered mail.

"§ 115C-370. Appeal from board's decision.—A final decision of the local board of education pursuant to G.S. 115C-369 shall be subject to judicial review
in the manner provided by Article 4, Chapter 150A of the General Statutes: Provided, notwithstanding the provisions of G.S. 150A-45, a person seeking judicial review under this section shall not appeal the final decision of the local board of education to any State board, but shall file a petition for review in the superior court of the county where the final decision of the local board of education was made. If the court determines that the final decision of the local board of education should be set aside, then the court, notwithstanding the provisions of G.S. 150A-51, may enter an order so providing and adjudging that such child is entitled to attend the school as claimed by the appellant, or such other school as the court may find such child is entitled to attend, and in such case such child shall be admitted to such school by the local board of education concerned.

"§115C-371. Assignment to special education programs. Assignment of students to special education programs is subject to the provisions of G.S. 115C-116.

"§115C-372. Assignment to school bus. Assignment of students to school buses is subject to the provisions of G.S. 115C-244.

"§§ 115C-373 to 115C-377: Reserved for future codification purposes.

"ARTICLE 26.

"Attendance.

"§115C-378. Children between seven and 16 required to attend. Every parent, guardian or other person in this State having charge or control of a child between the ages of seven and 16 years shall cause such child to attend school continuously for a period equal to the time which the public school to which the child is assigned shall be in session. No person shall encourage, entice or counsel any such child to be unlawfully absent from school.

The principal, superintendent, or teacher who is in charge of such school shall have the right to excuse a child temporarily from attendance on account of sickness or other unavoidable cause which does not constitute unlawful absence as defined by the State Board of Education. The term 'school' as used herein is defined to embrace all public schools and such nonpublic schools as have teachers and curricula that are approved by the State Board of Education.

All nonpublic schools receiving and instructing children of a compulsory school age shall be required to keep such records of attendance and render such reports of the attendance of such children and maintain such minimum curriculum standards as are required of public schools; and attendance upon such schools, if the school refuses or neglects to keep such records or to render such reports, shall not be accepted in lieu of attendance upon the public school of the district to which the child shall be assigned: Provided, that instruction in a nonpublic school shall not be regarded as meeting the requirements of the law unless the courses of instruction run concurrently with the term of the public school in the district and extend for at least as long a term.

The principal shall notify the parent, guardian, or custodian of his child's excessive number of absences from school after his child has five consecutive or 10 accumulated absences whichever occurs first, unless the principal is satisfied that these absences are excused under the established attendance policies of the local board. Once the parents are notified, the school attendance counselor shall work with the child and his family to analyze the causes of the absences and determine steps, including adjustment of the school program or obtaining
supplemental services, to eliminate the problem. The attendance counselor may request that a law enforcement officer accompany him if he believes that a home visit is necessary.

Notification of a parent shall be in writing and shall state that the parent may be prosecuted under Part 1 of this Article if these absences cannot be justified under the established attendance policies of the local school board. The principal shall notify the prosecutor after 30 accumulated absences, unless he has notified the prosecutor sooner. Evidence that shows that the parents, guardian, or custodian were notified and that the child has accumulated 30 absences which cannot be justified under the established attendance policies of the local board shall establish a prima facie case that the child's parent, guardian, or custodian is responsible for the absences.

"§ 115C-379. Method of enforcement.—It shall be the duty of the State Board of Education to formulate such rules and regulations as may be necessary for the proper enforcement of the provisions of this Part. The Board shall prescribe what shall constitute unlawful absence, what causes may constitute legitimate excuses for temporary nonattendance due to physical or mental inability to attend, and under what circumstances teachers, principals, or superintendents may excuse pupils for nonattendance due to immediate demands of the farm or the home in certain seasons of the year in the several sections of the State. It shall be the duty of all school officials to carry out such instructions from the State Board of Education, and any school official failing to carry out such instructions shall be guilty of a misdemeanor: Provided, that the compulsory attendance law herein prescribed shall not be in force in any local school administrative unit that has a higher compulsory attendance feature than that provided herein.

"§ 115C-380. Penalty for violation.—Any parent, guardian or other person violating the provisions of this Part shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars ($50.00) or imprisoned not more than 30 days, or both, in the discretion of the court.

"§ 115C-381. Attendance counselors; reports; prosecutions.—The Superintendent of Public Instruction shall prepare such rules and procedures and furnish such blanks for teachers and other school officials as may be necessary for reporting such case of unlawful absence or lack of attendance to the attendance counselor of the respective local school administrative units. Such rules shall provide, among other things, for a notification in writing, to the person responsible for the nonattendance of any child, that the case is to be reported to the attendance counselor of the local school administrative unit unless the law is complied with immediately. Upon recommendation of the superintendent, local boards of education may employ attendance counselors and such counselors shall have authority to report and verify on oath the necessary criminal warrants or other documents for the prosecutions of violations of this Part: Provided, that local school administrative units shall provide in their local operating budgets for travel and necessary office expense for such attendance counselors as may be employed through State or local funds, or both. The State Board of Education shall determine the formula for allocating attendance counselors to the various local school administrative units, establish their qualifications, and develop a salary schedule which shall be applicable to such personnel: Provided, that persons now employed by local boards of education as attendance officers shall be deemed qualified as
attendance counselors under the terms of this Part subject to the approval of said local boards of education: Provided, further, that until qualified persons become available, local boards of education are hereby authorized to employ as attendance counselors persons not determined by the State Board of Education to be qualified under the terms of this Part.

The school attendance counselor shall investigate all violators of the provisions of this Part. The reports of unlawful absence required to be made by teachers and principals to the attendance counselor shall, in his hands, in case of any prosecution, constitute prima facie evidence of the violation of this Part and the burden of proof shall be upon the defendant to show the lawful attendance of the child or children upon an authorized school.

"§ 115C-382. Investigation of indigency.—If affidavit shall be made by the parent of a child or by any other person that any child between the ages of seven and 16 years is not able to attend school by reason of necessity to work or labor for the support of himself or the support of the family, then the attendance counselor shall diligently inquire into the matter and bring it to the attention of some court allowed by law to act as a juvenile court, and said court shall proceed to find whether as a matter of fact such parents, or persons standing in loco parentis, are unable to send said child to school for the term of compulsory attendance for the reasons given. If the court shall find, after careful investigation, that the parents have made or are making bona fide effort to comply with the compulsory attendance law, and by reason of illness, lack of earning capacity, or any other cause which the court may deem valid and sufficient, are unable to send said child to school, then the court shall find and state what help is needed for the family to enable compliance with the attendance law. "§ 115C-414. "ARTICLE 31.

"The School Budget and Fiscal Control Act.

"§ 115C-422. Short title.—This Article may be cited as 'The School Budget and Fiscal Control Act'.
§ 115C-423. Definitions.—The words and phrases defined in this section have the meanings indicated when used in this Article, unless the context clearly requires another meaning:

1. 'Budget' is a plan proposed by a board of education for raising and spending money for specified school programs, functions, activities, or objectives during a fiscal year.

2. 'Budget resolution' is a resolution adopted by a board of education that appropriates revenues for specified school programs, functions, activities, or objectives during a fiscal year.

3. 'Budget year' is the fiscal year for which a budget is proposed and a budget resolution is adopted.

4. 'Fiscal year' is the annual period for the compilation of fiscal operations.
   The fiscal year begins on July 1 and ends on June 30.

5. 'Fund' is an independent fiscal and accounting entity consisting of cash and other resources together with all related liabilities, obligations, reserves, and equities which are segregated by appropriate accounting techniques for the purpose of carrying on specific activities or attaining certain objectives in accordance with established legal regulations, restrictions or limitations.

§ 115C-424. Uniform system; conflicting laws and local acts superseded.—It is the intent of the General Assembly by enactment of this Article to prescribe for the public schools a uniform system of budgeting and fiscal control. To this end, all provisions of general laws and local acts in effect as of July 1, 1976, and in conflict with the provisions of this Article are repealed except local acts providing for the levy or for the levy and collection of school supplemental taxes. No local act enacted or taking effect after July 1, 1976, may be construed to modify, amend, or repeal any portion of this Article unless it expressly so provides by specific reference to the appropriate section.

Part 2. Budget.

§ 115C-425. Annual balanced budget resolution.—(a) Each local school administrative unit shall operate under an annual balanced budget resolution adopted and administered in accordance with this Article. A budget resolution is balanced when the sum of estimated net revenues and appropriated fund balances is equal to appropriations. Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues, as those figures stand at the close of the fiscal year next preceding the budget year. The budget resolution shall cover one fiscal year.

(b) It is the intent of this Article that all moneys received and expended by a local school administrative unit should be included in the school budget resolution. Therefore, notwithstanding any other provisions of law, after July 1, 1976, no local school administrative unit may expend any moneys, regardless of their source (including moneys derived from federal, State, or private sources), except in accordance with a budget resolution adopted pursuant to this Article.

(c) Subsection (b) of this section does not apply to funds of individual schools, as defined in G.S. 115C-448.

§ 115C-426. Uniform budget format.—(a) The State Board of Education, in cooperation with the Local Government Commission, shall cause to be prepared and promulgated a standard budget format for use by local school administrative units throughout the State.
(b) The uniform budget format shall be organized so as to facilitate accomplishment of the following objectives: (i) to enable the board of education and the board of county commissioners to make the local educational and local fiscal policies embodied therein; (ii) to control and facilitate the fiscal management of the local school administrative unit during the fiscal year; and (iii) to facilitate the gathering of accurate and reliable fiscal data on the operation of the public school system throughout the State.

(c) The uniform budget format shall require the following funds:

(1) The State Public School Fund.

(2) The local current expense fund.

(3) The capital outlay fund.

In addition, other funds may be required to account for trust funds, federal grants restricted as to use, and special programs. Each local school administrative unit shall maintain those funds shown in the uniform budget format that are applicable to its operations.

(d) The State Public School Fund shall include appropriations for the current operating expenses of the public school system from moneys made available to the local school administrative unit by the State Board of Education.

(e) The local current expense fund shall include appropriations sufficient, when added to appropriations from the State Public School Fund, for the current operating expense of the public school system in conformity with the educational goals and policies of the State and the local board of education, within the financial resources and consistent with the fiscal policies of the board of county commissioners. These appropriations shall be funded by revenues accruing to the local school administrative unit by virtue of Article IX, Sec. 7 of the Constitution, moneys made available to the local school administrative unit by the board of county commissioners, supplemental taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to G.S. 115C-511, State money disbursed directly to the local school administrative unit, and other moneys made available or accruing to the local school administrative unit for the current operating expenses of the public school system.

(i) The capital outlay fund shall include appropriations for:

(1) The acquisition of real property for school purposes, including but not limited to school sites, playgrounds, athletic fields, administrative headquarters, and garages.

(2) The acquisition, construction, reconstruction, enlargement, renovation, or replacement of buildings and other structures, including but not limited to buildings for classrooms and laboratories, physical and vocational educational purposes, libraries, auditoriums, gymnasiums, administrative offices, storage, and vehicle maintenance.

(3) The acquisition or replacement of furniture and furnishings, instructional apparatus, data-processing equipment, business machines, and similar items of furnishings and equipment.

(4) The acquisition of school buses as additions to the fleet.

(5) The acquisition of activity buses and other motor vehicles.

(6) Such other objects of expenditure as may be assigned to the capital outlay fund by the uniform budget format.

The cost of acquiring or constructing a new building, or reconstructing, enlarging, or renovating an existing building, shall include the cost of all real
property and interests in real property, and all plants, works, appurtenances, structures, facilities, furnishings, machinery, and equipment necessary or useful in connection therewith; financing charges; the cost of plans, specifications, studies, reports, and surveys; legal expenses; and all other costs necessary or incidental to the construction, reconstruction, enlargement, or renovation.

No contract for the purchase of a site shall be executed nor any funds expended therefor without the approval of the board of county commissioners as to the amount to be spent for the site; and in case of a disagreement between a board of education and a board of county commissioners as to the amount to be spent for the site, the procedure provided in G.S. 115C-431 shall, insofar as the same may be applicable, be used to settle the disagreement.

Appropriations in the capital outlay fund shall be funded by revenues made available for capital outlay purposes by the State Board of Education and the board of county commissioners, supplemental taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to G.S. 115C-511, the proceeds of the sale of capital assets, the proceeds of claims against fire and casualty insurance policies, and other sources.

(g) Other funds shall include appropriations for such purposes funded from such sources as may be prescribed by the uniform budget format.

"§ 115C-427. Preparation and submission of budget and budget message.—(a) Before the close of each fiscal year, the superintendent shall prepare a budget for the ensuing year for consideration by the board of education. The budget shall comply in all respects with the limitations imposed by G.S. 115C-432.

(b) The budget, together with a budget message, shall be submitted to the board of education not later than May 1. The budget and budget message should, but need not, be submitted at a formal meeting of the board. The budget message should contain a concise explanation of the educational goals fixed by the budget for the budget year, should set forth the reasons for stated changes from the previous year in program goals, programs, and appropriation levels, and should explain any major changes in educational or fiscal policy.

"§ 115C-428. Filing and publication of the budget; budget hearing.—(a) On the same day that he submits the budget to the board of education, the superintendent shall file a copy of it in his office where it shall remain available for public inspection until the budget resolution is adopted. He may also publish a statement in a newspaper qualified under G.S. 1-597 to publish legal advertisements in the county that the budget has been submitted to the board of education, and is available for public inspection in the office of the superintendent of schools. The statement should also give notice of the time and place of the budget hearing authorized by subsection (b) of this section.

(b) Before submitting the budget to the board of county commissioners, the board of education may hold a public hearing at which time any persons who wish to be heard on the school budget may appear.

"§ 115C-429. Approval of budget; submission to county commissioners; commissioners' action on budget.—(a) Upon receiving the budget from the superintendent and following the public hearing authorized by G.S. 115C-428(b), if one is held, the board of education shall consider the budget, make such changes therein as it deems advisable, and submit the entire budget as approved by the board of education to the board of county commissioners not later than May 15, or such later date as may be fixed by the board of county commissioners.
(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the local school administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format.

(c) The board of county commissioners shall have full authority to call for, and the board of education shall have the duty to make available to the board of county commissioners, upon request, all books, records, audit reports, and other information bearing on the financial operation of the local school administrative unit.

(d) Nothing in this Article shall be construed to place a duty on the board of commissioners to fund a deficit incurred by a local school administrative unit through failure of the unit to comply with the provisions of this Article or rules and regulations issued pursuant hereto, or to provide moneys lost through misapplication of moneys by a bonded officer, employee or agent of the local school administrative unit when the amount of the fidelity bond required by the board of education was manifestly insufficient.

"§ 115C-430. Apportionment of county appropriations among local school administrative units.—If there is more than one local school administrative unit in a county, all appropriations by the county to the local current expense funds of the units, except appropriations funded by supplemental taxes levied less than countywide pursuant to a local act or G.S. 115C-501 to G.S. 115C-511, must be apportioned according to the membership of each unit. County appropriations are properly apportioned when the dollar amount obtained by dividing the amount so appropriated to each unit by the total membership of the unit is the same for each unit. The total membership of the local school administrative unit is the unit’s projected average daily membership for the budget year to be determined by and certified to the unit and the board of county commissioners by the State Board of Education.

"§ 115C-431. Procedure for resolution of dispute between board of education and board of county commissioners.—(a) If the board of education determines that the amount of money appropriated to the local current expense fund, or the capital outlay fund, or both, by the board of county commissioners is not sufficient to support a system of free public schools, the chairman of the board of education and the chairman of the board of county commissioners shall arrange a joint meeting of the two boards to be held within seven days after the day of the county commissioners’ decision on the school appropriations. At the joint meeting, the entire school budget shall be considered carefully and judiciously, and the two boards shall make a good-faith attempt to resolve the differences that have arisen between them.

(b) If no agreement is reached at the joint meeting of the two boards, either board may refer the dispute to the clerk of superior court for arbitration within three days after the day of the joint meeting. The clerk shall render his decision on the matters in disagreement within 10 days after the day of the referral. The clerk of the superior court shall have the authority to subpoena or issue any orders necessary to have appear before him any member of a board of education and any member of a board of commissioners involved in the dispute and to
require that the records of either board be presented to him for the purpose of
arbitration of the issues.

(c) Within 10 days after the date of award, either board may appeal the
erk's award to the superior court division of the General Court of Justice. The
court shall find the facts as to the amount of money necessary to maintain a
system of free public schools, and the amount of money needed from the county
to make up this total. Either board has the right to have the issues of fact tried
by a jury. When a jury trial is demanded, the cause shall be set for the first
succeeding term of the superior court in the county, and shall take precedence
over all other business of the court. However, if the judge presiding certifies to
the Chief Justice of the Supreme Court, either before or during the term, that
because of the accumulation of other business, the public interest will be best
served by not trying the cause at the term next succeeding the appeal, the Chief
Justice shall immediately call a special term of the superior court for the
county, to convene as soon as possible, and assign a judge of the superior court or
an emergency judge to hold the court, and the cause shall be tried at this special
term. The issue submitted to the jury shall be what amount of money is needed
from sources under the control of the board of county commissioners to
maintain a system of free public schools.

All findings of fact in the superior court, whether found by the judge or a
jury, shall be conclusive. When the facts have been found, the court shall give
judgment ordering the board of county commissioners to appropriate a sum
certain to the local school administrative unit, and to levy such taxes on
property as may be necessary to make up this sum when added to other
revenues available for the purpose.

(d) If an appeal is taken to the appellate division of the General Court of
Justice, and if such an appeal would result in a delay beyond a reasonable time
for levying taxes for the year, the judge shall order the board of county
commissioners to appropriate to the local school administrative unit for deposit
in the local current expense fund a sum of money sufficient when added to all
other moneys available to that fund to equal the amount of this fund for the
previous year. All papers and records relating to the case shall be considered a
part of the record on appeal.

(e) If, in an appeal taken pursuant to this section, the final judgment of the
General Court of Justice is rendered after the due date prescribed by law for
property taxes, the board of county commissioners is authorized to levy such
supplementary taxes as may be required by the judgment, notwithstanding any
other provisions of law with respect to the time for doing acts necessary to a
property tax levy. Upon making a supplementary levy under this subsection,
the board of county commissioners shall designate the person who is to compute
and prepare the supplementary tax receipts and records for all such taxes. Upon
delivering the supplementary tax receipts to the tax collector, the board of
county commissioners shall proceed as provided in G.S. 105-321.

The due date of supplementary taxes levied under this subsection is the date
of the levy, and the taxes may be paid at par or face amount at any time before
the one hundred and twentieth day after the due date. On or after the one
hundred and twentieth day and before the one hundred and fiftieth day from
the due date there shall be added to the taxes interest at the rate of two percent
(2%). On or after the one hundred and fiftieth day from the due date, there shall
be added to the taxes, in addition to the two percent (2%) provided above,
interest at the rate of three-fourths of one percent (3/4 of 1%) per 30 days or fraction thereof until the taxes plus interest have been paid. No discounts for prepayment of supplementary taxes levied under this subsection shall be allowed.

"§ 115C-432. The budget resolution; adoption; limitations; tax levy; filing.—
(a) After the board of county commissioners has made its appropriations to the local school administrative unit, or after the appeal procedure set out in G.S. 115C-431 has been concluded, the board of education shall adopt a budget resolution making appropriations for the budget year in such sums as the board may deem sufficient and proper. The budget resolution shall conform to the uniform budget format established by the State Board of Education.

(b) The following directions and limitations shall bind the board of education in adopting the budget resolution:

(1) If the county budget ordinance allocates appropriations to the local school administrative unit pursuant to G.S. 115C-429(b), the school budget resolution shall conform to that allocation. The budget resolution may be amended to change allocated appropriations only in accordance with G.S. 115C-433.

(2) Subject to the provisions of G.S. 115C-429(d), the full amount of any lawful deficit from the prior fiscal year shall be appropriated.

(3) Contingency appropriations in a fund may not exceed five percent (5%) of the total of all other appropriations in that fund. Each expenditure to be charged against a contingency appropriation shall be authorized by resolution of the board of education, which resolution shall be deemed an amendment to the budget resolution, not subject to G.S. 115C-429(b) and G.S. 115C-433(b), setting up or increasing an appropriation for the object of expenditure authorized. The board of education may authorize the superintendent to authorize expenditures from contingency appropriations subject to such limitations and procedures as it may prescribe. Any such expenditure shall be reported to the board of education at its next regular meeting and recorded in the minutes.

(4) Sufficient funds to meet the amounts to be paid during the fiscal year under continuing contracts previously entered into shall be appropriated.

(5) The sum of estimated net revenues and appropriated fund balances in each fund shall be equal to appropriations in that fund.

(6) No appropriation may be made that would require the levy of supplemental taxes pursuant to a local act or G.S. 115C-501 to G.S. 115C-511 in excess of the rate of tax approved by the voters, or the expenditure of revenues for purposes not permitted by law.

(7) In estimating revenues to be realized from the levy of school supplemental taxes pursuant to a local act or G.S. 115C-501 to G.S. 115C-511, the estimated percentage of collection may not exceed the percentage of that tax actually realized in cash during the preceding fiscal year, or if the tax was not levied in the preceding fiscal year, the percentage of the general county tax levy actually realized in cash during the preceding fiscal year.

(8) Amounts to be realized from collection of supplemental taxes levied in prior fiscal years shall be included in estimated revenues.
(9) No appropriation may be made to or from the capital outlay fund to or from any other fund, except as permitted by G.S. 115C-433(d).

(c) If the local school administrative unit levies its own supplemental taxes pursuant to a local act, the budget resolution shall make the appropriate tax levy in accordance with the local act, and the board of education shall notify the county or city that collects the levy in accordance with G.S. 159-14.

(d) The budget resolution shall be entered in the minutes of the board of education, and within five days after adoption, copies thereof shall be filed with the superintendent, the school finance officer and the county finance officer. The board of education shall file a copy of the budget as approved and a copy of the budget resolution with the Controller of the State Board of Education.

"§ 115C-433. Amendments to the budget resolution; budget transfers.—(a) Subject to the provisions of subsection (b) of this section, the board of education may amend the budget resolution at any time after its adoption, in any manner, so long as the resolution as amended continues to satisfy the requirements of G.S. 115C-425 and G.S. 115C-432.

(b) If the board of county commissioners allocates part or all of its appropriations pursuant to G.S. 115C-429(b), the board of education must obtain the approval of the board of county commissioners for an amendment to the budget that (i) increases or decreases expenditures from the capital outlay fund for projects listed in G.S. 115C-426(f)(1) or (2), or (ii) increases or decreases the amount of county appropriation allocated to a purpose or function by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the board of county commissioners: Provided, that at its discretion, the board may in its budget ordinance specify a lesser percentage, so long as such percentage is not less than ten percent (10%).

(c) The board of education may by appropriate resolution authorize the superintendent to transfer moneys from one appropriation to another within the same fund, subject to such limitations and procedures as may be prescribed by the board of education or State or federal law or regulations. Any such transfers shall be reported to the board of education at its next regular meeting and shall be entered in the minutes.

(d) The board of education may amend the budget to transfer money to or from the capital outlay fund to or from any other fund, with the approval of the board of county commissioners, to meet emergencies unforeseen and unforeseeable at the time the budget resolution was adopted. When such an emergency arises, the board of education may adopt a resolution requesting approval from the board of commissioners for the transfer of a specified amount of money to or from the capital outlay fund to or from some other fund. The resolution shall state the nature of the emergency, why the emergency was not foreseen and was not foreseeable when the budget resolution was adopted, what specific objects of expenditure will be added or increased as a result of the transfer, and what objects of expenditure will be eliminated or reduced as a result of the transfer. A certified copy of this resolution shall be transmitted to the board of county commissioners for (its) approval and to the boards of education of all other local school administrative units in the county for their information. The board of commissioners shall act upon the request within 30 days after it is received by the clerk to the board of commissioners or the chairman of the board of commissioners, after having afforded the boards of education of all other local school administrative units in the county an
opportunity to comment on the request. The board of commissioners may either approve or disapprove the request as presented. Upon either approving or disapproving the request, the board of commissioners shall forthwith so notify the board of education making the request and any other board of education that exercised its right to comment thereon. Upon receiving such notification, the board of education may proceed to amend the budget resolution in the manner indicated in the request. Failure of the board of county commissioners to act within the time allowed for approval or disapproval shall be deemed approval of the request. The time limit for action by the board of county commissioners may be extended by mutual agreement of the board of county commissioners and the board of education making the request. A budget resolution amended in accordance with this subsection need not comply with G.S. 115C-430.

"§ 115C-434. Interim budget.—In case the adoption of the budget resolution is delayed until after July 1, the board of education shall make interim appropriations for the purpose of paying salaries and the usual ordinary expenses of the local school administrative unit for the interval between the beginning of the fiscal year and the adoption of the budget resolution. Interim appropriations so made and expended shall be charged to the proper appropriations in the budget resolution.

"Part 3. Fiscal Control.

"§ 115C-435. School finance officer.—Each local school administrative unit shall have a school finance officer who shall be appointed or designated by the superintendent of schools and approved by the board of education, with the school finance officer serving at the pleasure of the superintendent. The duties of school finance officer may be conferred on any officer or employee of the local school administrative unit or, upon request of the superintendent, with approval by the board of education and the board of county commissioners, on the county finance officer. In counties where there is more than one local school administrative unit, the duties of finance officer may be conferred on any one officer or employee of the several local school administrative units by agreement between the affected superintendents with the concurrence of the affected board of education and the board of county commissioners. The position of school finance officer is hereby declared to be an office that may be held concurrently with other appointive, but not elective, offices pursuant to Article VI, Sec. 9, of the Constitution.

"§ 115C-436. Duties of school finance officer.—(a) the school finance officer shall be responsible to the superintendent for:

(1) Keeping the accounts of the local school administrative unit in accordance with generally accepted principles of governmental accounting, the rules and regulations of the State Board of Education, and the rules and regulations of the Local Government Commission.

(2) Giving the preaudit certificate required by G.S. 115C-441.

(3) Signing and issuing all checks, drafts, and State warrants by the local school administrative unit, investing idle cash, and receiving and depositing all moneys accruing to the local school administrative unit.

(4) Preparing and filing a statement of the financial condition of the local school administrative unit as often as requested by the superintendent, and when requested in writing, with copy to the superintendent, by the board of education or the board of county commissioners.
Performing such other duties as may be assigned to him by law, by the superintendent, or by rules and regulations of the State Board of Education and the Local Government Commission.

All references in other portions of the General Statutes or local acts to school treasurers, county treasurers, or other officials performing any of the duties conferred by this section on the school finance officer shall be deemed to refer to the school finance officer.

(b) The State Board of Education has authority to issue rules and regulations having the force of law governing procedures for the disbursement of money allocated to the local school administrative unit by or through the State. The Local Government Commission has authority to issue rules and regulations having the force of law governing procedures for the disbursement of all other moneys allocated or accruing to the local school administrative unit. The State Board of Education and the Local Government Commission may inquire into and investigate the internal control procedures of a local school administrative unit with respect to moneys under their respective jurisdictions, and may require any modifications in internal control procedures which may be necessary or desirable to prevent embezzlements or mishandling of public moneys.

§ 115C-437. Allocation of revenues to the local school administrative unit by the county.—Revenues accruing to the local school administrative unit by virtue of Article IX, Sec. 7, of the Constitution and taxes levied by or on behalf of the local school administrative unit pursuant to a local act or G.S. 115C-501 to G.S. 115C-511 shall be remitted to the school finance officer by the officer having custody thereof within 10 days after the close of the calendar month in which the revenues were received or collected. Revenues appropriated to the local school administrative unit by the board of county commissioners from general county revenues shall be made available to the school finance officer by such procedures as may be mutually agreeable to the board of education and the board of county commissioners, but if no such agreement is reached, these funds shall be remitted to the school finance officer by the county finance officer in monthly installments sufficient to meet its lawful expenditures from the county appropriation until the county appropriation to the local school administrative unit is exhausted. Each installment shall be paid not later than 10 days after the close of each calendar month. When revenue has been appropriated to the local school administrative unit by the board of county commissioners from funds which carry specific restrictions binding upon the county as recipient, the board of commissioners must inform the local school administrative unit in writing of those restrictions.

§ 115C-438. Provision for disbursement of State money.—The deposit of money in the State treasury to the credit of local school administrative units shall be made in monthly installments, and additionally as necessary, at such time and in such a manner as may be most convenient for the operation of the public school system. Before an installment is credited, the school finance officer shall certify to the Controller of the State Board of Education the expenditures to be made by the local school administrative unit from the State Public School Fund during the month. This certification shall be filed on or before the fifth day following the end of the month preceding the period in which the expenditures will be made. The Controller shall determine whether the moneys requisitioned are due the local school administrative unit, and upon
determining the amount due, shall cause the requisite amount to be credited to
the local school administrative unit. Upon receiving notice from the State
Treasurer of the amount placed to the credit of the local school administrative
unit, the finance officer may issue State warrants up to the amount so certified.

The Controller may withhold money for payment of salaries for
administrative officers of local school administrative units if any report
required to be filed with State school authorities is more than 30 days overdue.

Money in the State Public School Fund and State bond moneys shall be
released only on warrants drawn on the State Treasurer, signed by such local
official as may be required by the Controller of the State Board of Education.

“§115C-439. Facsimile signatures.—The board of education may provide by
appropriate resolution for the use of facsimile signature machines, signature
stamps, or similar devices in signing checks and drafts and in signing the
preaudit certificate on contracts or purchase orders. The board shall charge the
finance officer or some other bonded officer or employee with the custody of
the necessary machines, stamps, plates, or other devices, and that person and
the sureties on his official bond are liable for any illegal, improper, or
unauthorized use of them.

“§115C-440. Accounting system.—(a) System Required.—Each local school
administrative unit shall establish and maintain an accounting system designed
to show in detail its assets, liabilities, equities, revenues, and expenditures. The
system shall also be designed to show appropriations and estimated revenues as
established in the budget resolution as originally adopted and subsequently
amended.

(b) Basis of Accounting.—Local school administrative units shall use the
modified accrual basis of accounting in recording transactions.

(c) Encumbrance Systems.—Except as otherwise provided in this subsection,
no local school administrative unit is required to record or show encumbrances
in its accounting system. The Local Government Commission, in consultation
with the State Board of Education, shall establish regulations, based on total
membership of the local school administrative unit or some other appropriate
criterion, setting forth which units are required to maintain an accounting
system that records and shows the encumbrances outstanding against each
category of expenditure appropriated in the budget resolution. Any other local
school administrative unit may record and show encumbrances in its accounting
system.

(d) Commission Regulations.—The Local Government Commission, in
consultation with the State Board of Education, may prescribe rules and
regulations having the force of law as to:

(1) Features of accounting systems to be maintained by local school
administrative units.

(2) Bases of accounting, including identifying in detail the characteristics
of a modified accrual basis and identifying what revenues are
susceptible to accrual.

(3) Definitions of terms not clearly defined in this Article.

These rules and regulations may be varied according to the size of the local
school administrative unit, or according to any other criteria reasonably related
to the purpose or complexity of the financial operations involved.

“§115C-441. Budgetary accounting for appropriations.—(a) Incurring
Obligations.—No obligation may be incurred by a local school administrative

652
unit unless the budget resolution includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with this subsection. The certificate, which shall be signed by the finance officer, shall take substantially the following form:

'This instrument has been preaudited in the manner required by the School Budget and Fiscal Control Act.

______________________________________________
(Date)

(Signature of finance officer)

An obligation incurred in violation of this subsection is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this subsection.

(b) Disbursements.—When a bill, invoice, or other claim against a local school administrative unit is presented, the finance officer shall either approve or disapprove the necessary disbursement. The finance officer may approve the claim only if he determines the amount to be payable, the budget resolution includes an appropriation authorizing the expenditure and either (i) an encumbrance has been previously created for the transaction or (ii) an unencumbered balance remains in the appropriation sufficient to pay the amount to be disbursed. A bill, invoice, or other claim may not be paid unless it has been approved by the finance officer or, under subsection (c) of this section, by the board of education.

(c) Board of Education Approval of Bills, Invoices, or Claims.—The board of education may, as permitted by this subsection, approve a bill, invoice, or other claim against the local school administrative unit that has been disapproved by the finance officer. It may not approve a claim for which no appropriation appears in the budget resolution, or for which the appropriation contains no encumbrance and the unencumbered balance is less than the amount to be paid. The board of education shall approve payment by formal resolution stating the board's reasons for allowing the bill, invoice, or other claim. The resolution shall be entered in the minutes together with the names of those voting in the affirmative. The chairman of the board or some other member designated for this purpose shall sign the certificate on the check or draft given in payment of the bill, invoice, or other claim. If payment results in a violation of law, each member of the board voting to allow payment is jointly and severally liable for the full amount of the check or draft given in payment.

(d) Payment.—A local school administrative unit may not pay a bill, invoice, salary, or other claim except by a check or draft on an official depository, by a bank wire transfer from an official depository, or by a warrant on the State Treasurer. Except as provided in this subsection each check or draft on an official depository shall bear on its face a certificate signed by the finance officer or signed by the chairman or some other member of the board pursuant to subsection (c) of this section. The certificate shall take substantially the following form:
CHAPTER 423    Session Laws—1981

"This disbursement has been approved as required by the School Budget and Fiscal Control Act.

(Signature of finance officer)"

No certificate is required on payroll checks or drafts or on State warrants.

(e) Penalties.—If an officer or employee of a local school administrative unit incurs an obligation or pays out or causes to be paid out any funds in violation of this section, he and the sureties on his official bond are liable for any sums so committed or disbursed. If the finance officer gives a false certificate to any contract, agreement, purchase order, check, draft, or other document, he and the sureties on his official bond are liable for any sums illegally committed or disbursed thereby.

"§ 115C-442. Fidelity bonds.—(a) The finance officer shall give a true accounting and faithful performance bond with sufficient sureties in an amount to be fixed by the board of education, not less than ten thousand dollars ($10,000) nor more than two hundred fifty thousand dollars ($250,000). This bond shall cover the faithful performance of all duties placed on the finance officer by or pursuant to law and the faithful accounting for all funds in his custody except State funds placed to the credit of the local school administrative unit by the State Treasurer. The premium on the bond shall be paid by the local school administrative unit.

(b) The State Board of Education shall provide for adequate and appropriate bonding of school finance officers and such other employees as it deems appropriate with respect to the disbursement of State funds. When it requires such bonds, the State Board of Education is authorized to place the bonds and pay the premiums thereon.

(c) The treasurer of each individual school and all other officers, employees and agents of each local school administrative unit who have custody of public school money in the normal course of their employment or agency shall give a true accounting bond with sufficient sureties in an amount to be fixed by the board of education. The premiums on these bonds shall be paid by the local school administrative unit. Instead of individual bonds, a local school administrative unit may provide for a blanket bond to cover all officers, employees, and agents of the local school administrative unit required to be bonded, except the finance officer. The finance officer may be included within the blanket bond if the blanket bond protects against risks not protected against by the individual bond.

"§ 115C-443. Investment of idle cash.—(a) A local school administrative unit may deposit at interest or invest all or part of the cash balance of any fund. The finance officer shall manage investments subject to whatever restrictions and directions the board of education may impose. The finance officer shall have the power to purchase, sell, and exchange securities on behalf of the board of education. The investment program shall be so managed that investments and deposits can be converted into cash when needed.

(b) Moneys may be deposited at interest in any bank or trust company in this State in the form of certificates of deposit or such other forms of time deposit as the Local Government Commission may approve. Investment deposits shall be secured as provided in G.S. 115C-444(b).

(c) Moneys may be invested in the following classes of securities, and no others:

654
(1) Obligations of the United States of America.
(2) Obligations of any agency or instrumentality of the United States of
America if the payment of interest and principal of such obligations is
fully guaranteed by the United States of America.
(3) Obligations of the State of North Carolina.
(4) Bonds and notes of any North Carolina local government or public
authority, subject to such restrictions as the Secretary of the Local
Government Commission may impose.
(5) Shares of any savings and loan association organized under the laws of
this State and shares of any federal savings and loan association having
its principal office in this State, to the extent that the investment in
such shares is fully insured by the United States of America or an
agency thereof or by any mutual deposit guaranty association
authorized by the Commissioner of Insurance of North Carolina to do
business in North Carolina pursuant to Article 7A of Chapter 54 of the
General Statutes.
(6) Obligations maturing no later than 18 months after the date of
purchase of the Federal Intermediate Credit Banks, the Federal Home
Loan Banks, the Federal National Mortgage Association, the Banks for
Cooperatives, and the Federal Land Banks.
(7) Any form of investment allowed by law to the State Treasurer.
(8) Any form of investment allowed by G.S. 159-30 to local governments
and public authorities.
(d) Investment securities may be bought, sold, and traded by private
negotiation, and local school administrative units may pay all incidental costs
thereof and all reasonable cost of administering the investment and deposit
program. Securities and deposit certificates shall be in the custody of the
finance officer who shall be responsible for their safekeeping and for keeping
accurate investment accounts and records.
(e) Interest earned on deposits and investments shall be credited to the fund
whose cash is deposited or invested. Cash of several funds may be combined for
deposit or investment if not otherwise prohibited by law; and when such joint
deposits or investments are made, interest earned shall be prorated and credited
to the various funds on the basis of the amounts thereof invested, figured
according to an average periodic balance or some other sound accounting
principle. Interest earned on the deposit or investment of bond funds shall be
deemed a part of the bond proceeds.
(f) Registered securities acquired for investment may be released from
registration and transferred by signature of the finance officer.
(g) It is the intent of this Article that the foregoing provisions of this section
shall apply only to those funds received by the local school administrative unit
as required by G.S. 115C-437. The county finance officer shall be responsible for
the investment of all county funds allocated to the local school administrative
unit prior to such county funds actually being remitted to the school finance
officer as provided by G.S. 115C-437.
§ 115C-444. Selection of depository; deposits to be secured.—(a) Each board
of education shall designate as the official depositories of the local school
administrative unit one or more banks or trust companies in this State. It shall
be unlawful for any money belonging to a local school administrative unit or an
individual school to be deposited in any place, bank, or trust company other than an official depository, except as permitted by G.S. 115C-443(b).

(b) Money on deposit in an official depository or deposited at interest pursuant to G.S. 115C-443(b) shall be fully secured by deposit insurance, surety bonds, or investment securities of such nature, in such amounts, and in such manner, as may be prescribed by rule or regulation of the Local Government Commission. When deposits are secured in accordance with this subsection, no public officer or employee may be held liable for any losses sustained by a local school administrative unit because of the default or insolvency of the depository.

"§115C-445. Daily deposits.—Except as otherwise provided by law, all moneys collected or received by an officer, employee or agent of a local school administrative unit or an individual school shall be deposited in accordance with this section. Each officer, employee and agent of a local school administrative unit or individual school whose duty it is to collect or receive any taxes or other moneys shall deposit his collections and receipts daily. If the board of education gives its approval, deposits shall be required only when the moneys on hand amount to as much as two hundred fifty dollars ($250.00), but in any event a deposit shall be made on the last business day of the month. All deposits shall be made with the finance officer or in an official depository. Deposits in an official depository shall be immediately reported to the finance officer or individual school treasurer by means of a duplicate deposit ticket. The finance officer may at any time audit the accounts of any officer, employee or agent collecting or receiving any taxes or other moneys, and may prescribe the form and detail of these accounts. The accounts of such an officer, employee or agent shall be audited at least annually.

"§115C-446. Semiannual reports on status of deposits and investments.—Each school finance officer shall report to the Secretary of the Local Government Commission on January 1 and July 1 of each year, or such other dates as the Secretary may prescribe, the amounts of money then in his custody and in the custody of treasurers of individual schools within the local school administrative unit, the amount of deposits of such money in depositories, a list of all investment securities and time deposits held by the local school administrative unit and individual schools therein, and a description of the surety bonds or investment securities securing demand and time deposits. If the Secretary finds at any time that any moneys of a local school administrative unit or an individual school are not properly deposited or secured, or are invested in securities not eligible for investment, he shall notify the officer in charge of the moneys of the failure to comply with law. Upon such notification, the officer shall comply with the law within 30 days, except as to the sale of securities not eligible for investment which shall be sold within nine months at a price to be approved by the Secretary. The Local Government Commission may extend the time for sale of ineligible securities, but no one extension may cover a period of more than one year.

"§115C-447. Annual independent audit.—Each local school administrative unit shall have its accounts and the accounts of individual schools therein audited as soon as possible after the close of each fiscal year by a certified public accountant or by an accountant certified by the Local Government Commission as qualified to audit local government accounts. The auditor who audits the accounts of a local school administrative unit shall also audit the accounts of its
individual schools. The auditor shall be selected by and shall report directly to the board of education. The audit contract shall be in writing, shall include all its terms and conditions, and shall be submitted to the Secretary of the Local Government Commission for his approval as to form, terms and conditions. The terms and conditions of the audit contract shall include the scope of the audit, and the requirement that upon completion of the examination the auditor shall prepare a typewritten or printed report embodying financial statements and his opinion and comments relating thereto. The financial statements accompanying the auditor's report shall be prepared in conformity with generally accepted accounting principles. The auditor shall file a copy of the audit report with the Secretary of the Local Government Commission, the Controller of the State Board of Education, the board of education and the board of county commissioners, and shall submit all bills or claims for audit fees and costs to the Secretary of the Local Government Commission for his approval. It shall be unlawful for any local school administrative unit to pay or permit the payment of such bills or claims without this approval. Each officer, employee and agent of the local school administrative unit having custody of public money or responsibility for keeping records of public financial or fiscal affairs shall produce all books and records requested by the auditor and shall divulge such information relating to fiscal affairs as he may request. If any member of a board of education or any other public officer, employee or agent shall conceal, falsify, or refuse to deliver or divulge any books, records, or information, with an intent thereby to mislead the auditor or impede or interfere with the audit, he is guilty of a misdemeanor and upon conviction thereof may be fined not more than one thousand dollars ($1,000), or imprisoned for not more than one year, or both, in the discretion of the court.

The State Auditor, in consultation with the State Board of Education, shall have authority to prescribe the manner in which funds disbursed by administrative units by warrants on the State Treasurer shall be audited.

"§ 115C-448. Special funds of individual schools.—(a) The board of education shall appoint a treasurer for each school within the local school administrative unit that handles special funds. The treasurer shall keep a complete record of all moneys in his charge in such form and detail as may be prescribed by the finance officer of the local school administrative unit, and shall make such reports to the superintendent and finance officer of the local school administrative unit as they or the board of education may prescribe. Special funds of individual schools shall be deposited in an official depository of the local school administrative unit in special accounts to the credit of the individual school, and shall be paid only on checks or drafts signed by the principal of the school and the treasurer. The board of education may, in its discretion, waive the requirements of this section for any school which handles less than three hundred dollars ($300.00) in any school year.

(b) Nothing in this section shall prevent the board of education from requiring that all funds of individual schools be deposited with and accounted for by the school finance officer. If this is done, these moneys shall be disbursed and accounted for in the same manner as other school funds except that the check or draft shall not bear the certificate of preaudit.

(c) For the purposes of this section, 'special funds of individual schools' includes by way of illustration and not limitation funds realized from gate
receipts of interscholastic athletic competition, sale of school annuals and newspapers, and dues of student organizations.

"§115C-449. Proceeds of insurance claims.—Moneys paid to a local school administrative unit pursuant to contracts of insurance against loss of capital assets through fire or casualty shall be used to repair or replace the damaged asset, or if the asset is not repaired or replaced, placed to the credit of the capital outlay fund for appropriation at some future time.

"§115C-450. School food services.—School food services shall be included in the budget of each local school administrative unit and the State Board of Education shall provide for school food services in the uniform budget format required by G.S. 115C-426.

"§115C-451. Reports to State Board of Education.—The State Board of Education shall have authority to require local school administrative units to make such reports as it may deem advisable with respect to the financial operation of the public schools.

"§115C-452. Fines and forfeitures.—The clear proceeds of all penalties and forfeitures and of all fines collected in the General Court of Justice in each county shall be remitted by the clerk of the superior court to the county finance officer, who shall forthwith determine what portion of the total is due to each local school administrative unit in the county and remit the appropriate portion of the amount to the finance officer of each local school administrative unit. Fines and forfeitures shall be apportioned according to the projected average daily membership of each local school administrative unit as determined by and certified to the local school administrative units and the board of county commissioners by the State Board of Education pursuant to G.S. 115C-430.

"§§ 115C-453 to 115C-457: Reserved for future codification purposes.

"ARTICLE 32.

"Loans from State Literary Fund.

"§115C-458. Loans by State Board from State Literary Fund.—The State Literary Fund includes all funds derived from the sources enumerated in Sec. 6, Article IX, of the Constitution, and all funds that may be hereafter so derived, together with any interest that may accrue thereon. This Fund shall be separate and distinct from other funds of the State.

The State Board of Education, under such rules and regulations as it may deem advisable, not inconsistent with the provisions of this Article, may make loans from the State Literary Fund to the counties for the use of local boards of education under such rules and regulations as it may adopt and according to law for the purpose of aiding in the erection and equipment of school plants, maintenance buildings and transportation garages. No warrant for the expenditure of money for such purposes shall be issued except upon the order of the Superintendent of Public Instruction with the approval of the State Board of Education.

"§115C-459. Terms of loans.—Loans made under the provisions of this Article shall be payable in 10 installments, shall bear interest at a uniform rate determined by the State Board of Education not to exceed six percent (6%), payable annually, and shall be evidenced by the note of the county, executed by the chairman, the clerk of the board of county commissioners, and the chairman and secretary of the local board of education, and deposited with the State Treasurer. The first installment of such loan, together with the interest
on the whole amount then due, shall be paid by the local board on the tenth day of February after the tenth day of August subsequent to the making of such loan, and the remaining installments, together with the interest, shall be paid on the tenth day of February of each subsequent year until all shall have been paid.

"§ 115C-460. How secured and paid.—At the January meeting of the board of education, before any installment shall be due on the next tenth day of February, the local board of education shall set apart out of the school funds an amount sufficient to pay such installment and interest to be due, and shall issue its order upon the treasurer of the county or city school fund therefor, who, prior to the tenth day of February, shall pay over to the State Treasurer the amount then due. Upon failure of any local school administrative unit to pay any installment of principal or interest, or any part of either, when due, the State Treasurer, upon demand of the State Board of Education, shall bring action against the local board of education and board of county commissioners to compel the levy and collection of sufficient taxes to pay said installment of principal and accrued interest. The State Board of Education may accept payment of any or all of said notes and the interest accrued thereon before maturity.

"§ 115C-461. Loans by county board to school districts.—The county board of education, from any sum borrowed under the provisions of this Article, may make loans only to districts that shall have levied a local tax sufficient to repay the installments and interest on said loan for the purpose of building schoolhouses in the district, and the amount so loaned to any district shall be payable in 10 annual installments, with interest thereon at the same rate the county board of education is paying, payable annually. Any amount loaned under the provisions of this law shall be a lien upon the total local tax funds produced in the district. Whenever the local taxes may not be sufficient to pay the installments and the interest, the county board of education must supply the remainder out of the current expense fund, and shall make provision for the same when the county budget is made and presented to the commissioners.

All loans hereafter made to such districts shall be made upon the written petition of a majority of the committee of the district asking for the loan and authorizing the county board to deduct a sufficient amount from the local taxes to meet the indebtedness to the county board of education. Otherwise, the county board of education shall have no lien upon the local taxes for the repayment of this loan: Provided, this lien shall not lie against taxes collected or hereafter levied to pay interest and principal on bonds issued by or on behalf of the district.

"§ 115C-462. State Board of Education authorized to accept funding or refunding bonds of counties for loans; approval by Local Government Commission.—In any case where a loan has heretofore been made from the State Literary Fund or from any special building fund of the State to a county and such county has heretofore or shall hereafter authorize the issuance of bonds for the purpose of funding or refunding interest on or the principal of all or a part of the notes evidencing such loan, the State Board of Education is hereby authorized to accept funding or refunding bonds or notes of such county in payment of interest on or the principal of the notes evidencing such loan: Provided, however, that the issuance of such funding or refunding bonds shall have been approved by the Local Government Commission.
"§ 115C-463. Issuance of bonds as part of general refunding plan.—In any case where the funding or refunding of interest on or the principal of such notes shall constitute a part of a refunding plan or program of the county, and the terms of such funding or refunding shall be accepted by a sufficient number of the holders of the county’s obligation to put same into effect, the State Board of Education may authorize the acceptance of such funding or refunding bonds or notes upon the same terms and conditions, both as to principal and interest, as have been agreed upon by a sufficient number of the other holders of the county’s obligations to put same into effect.

"§ 115C-464. Validating certain funding and refunding notes of counties.—The notes of any county held by the State Board of Education which were heretofore issued in exchange for and for the purpose of refunding and retiring notes evidencing loans made from the State Literary Fund pursuant to Article 24 of Chapter 136 of the Public Laws of 1923, or from special building funds pursuant to either Chapter 147 of the Public Laws of 1921, or Article 25 of Chapter 136 of the Public Laws of 1923, or Chapter 201 of the Public Laws of 1925, or Chapter 199 of the Public Laws of 1927, are hereby declared to be valid existing indebtedness of said county incurred by said county for the maintenance of the school term as required by the Constitution of North Carolina, notwithstanding any lack of authority for the issuance of said notes or error or omission or irregularity in the acts done or proceedings taken to provide for their issuance, and said notes held by the State Board of Education are hereby authorized to be refunded with bonds issued pursuant to the County Finance Act, being Chapter 81 of the Public Laws of 1927, as amended.

"§ 115C-465. Special appropriation from fund.—The State Board of Education may annually set aside and use out of the funds accruing in interest to the State Literary Fund, a sum not exceeding seventeen thousand five hundred dollars ($17,500) to be used for giving directions in the preparation of proper plans for the erection of school buildings in providing inspection of such buildings as may be erected in whole, or in part, with money borrowed from said fund, and such other purposes as said Board may determine to secure the erection of a better type of school building and better administration of said fund.

"§ 115C-466. Loans not granted in accordance with G. S. 115C-458.—The State Board of Education, under such rules and regulations as it may adopt, may make loans from the State Literary Fund to any local board of education, when the State Board of Education finds as a fact that it is not practicable for a loan to be granted in accordance with the provisions of G.S. 115C-458, for the purpose of aiding in the erection and equipment of public school plants. Such a loan shall not constitute a credit obligation of the county. No warrant for the expenditure of money for a loan authorized under the provisions of this section shall be issued except upon the approval of the State Board of Education, and after a finding of fact by said Board that it is not practicable for a loan to be granted in accordance with the provisions of G.S. 115C-458, and that a dire emergency exists in the local school administrative unit applying for such loan. Loans made under the provisions of this section shall be made in accordance with the terms specified in G.S. 115C-459 and shall be evidenced by the note of the local board of education, executed by the chairman and the secretary of said board. The first installment of such loan, together with the interest then due, shall be paid by the local board of education on or before the tenth day of June.
in the fiscal year following the fiscal year in which the loan was made, and succeeding installments, together with accrued interest, shall be paid one each on or before the tenth day of June of each successive fiscal year until all amounts due on said loan shall have been paid. The provisions of G.S. 115C-460 shall not apply to loans made pursuant to the provisions of this section.

"§ 115C-467. Pledge of nontax revenues to repayment of loans from State Literary Fund.—Any local board of education obtaining a loan from the State Literary Fund under the provisions of G.S. 115C-466 may, with the approval of the board of county commissioners, pledge to the repayment of such loan any available nontax revenues, including but not limited to, fines, penalties, and forfeitures.

"ARTICLE 33.

"Assumption of School District Indebtedness by Counties.

"§ 115C-473. Method of assumption; validation of proceedings.—The county board of education, with the approval of the board of commissioners, and when the assumption of such indebtedness is approved at an election as hereinafter provided, if such election is required by the Constitution, may include in the debt service fund in the school budget all outstanding indebtedness for school purposes of every city, town, school district, school taxing district, township, city administrative unit or other political subdivision in the county, hereinafter collectively called 'local districts', lawfully incurred in erecting and equipping school buildings necessary for the school term. The election on the question of assuming such indebtedness shall be called and held in accordance with the provisions of Chapter 159 of the General Statutes, known as 'The Local Government Finance Act', insofar as the same may be made applicable, and the returns of such election shall be canvassed and a statement of the result thereof prepared, filed and published as provided in the Local Government Finance Act. No right of action or defense founded upon the invalidity of the election shall be asserted, nor shall the validity of the election be open to question in any court upon any ground whatever, except in an action or proceeding commenced within 30 days after the publication of such statement of result. When such indebtedness is taken over for payment by the county as a whole and the local districts are relieved of their annual payments, the county funds provided for such purpose shall be deducted from the debt service fund prior to the division of such fund among the schools of the county as provided in Article 31 of this Chapter.

The assumption, as herein provided, by any county, at any time prior to the 28th day of February, 1951, of the indebtedness of local districts for school purposes and all proceedings had in connection therewith are hereby in all respects ratified, approved, confirmed, and validated: Provided, that nothing herein shall prevent counties and local taxing districts from levying taxes to provide for the payment of their debt service requirements if they have not been otherwise provided for.

"§ 115C-474. Taxes levied and collected for bonds assumed to be paid into school debt service fund of county; discharge of sinking fund custodian.—In any county where the bonds of a local district have been assumed under the provisions of this Article, all taxes levied and collected for the purpose of paying the principal of and interest on said bonds, or for creating a sinking fund for the retirement of said bonds, shall be deposited in the school debt service fund of
the county. The custodian of all moneys and other assets of a sinking fund created for the retirement of said bonds is hereby authorized to turn over such moneys and assets to the county treasurer, the county sinking fund commissioner or other county officer charged with the custodianship of sinking funds, and such custodian shall thereby be discharged from further responsibility for administration of and accounting for such sinking fund.

"§ 115C-475. Allocation to district bonds of taxes collected.—The collections of taxes levied for debt service on all taxable property of a county in which local district bonds have been assumed shall be proportionately allocated to each issue of such bonds.

"§ § 115C-476 to 115C-480: Reserved for future codification purposes.

“ARTICLE 34.

“Refunding and Funding Bonds of School Districts.

"§ 115C-481. School district defined.—The term ‘school district’ as used in this Article shall be deemed to include any special school taxing district, local tax district, special charter district, city administrative unit or other political subdivision of a county by which or on behalf of which bonds have been issued for erecting and equipping school buildings, or for refunding the same, and such bonds are outstanding.

"§ 115C-482. Continuance of district until bonds are paid.—Notwithstanding the provisions of any law which affect the continued existence of a school district or the levy of taxes therein for the payment of its bonds, such school district shall continue in existence with its boundaries unchanged from those established at the time of issuance of its bonds, unless such boundaries shall have been extended and thereby embrace additional territory subject to the levy of such taxes, until all of its outstanding bonds, together with the interest thereon, shall be paid.

"§ 115C-483. Funding and refunding of bonds authorized; issuance and sale or exchange; tax levy for repayment.—The board of commissioners of the county in which any such school district is located is hereby authorized to issue bonds at one time or from time to time for the purpose of refunding or funding the principal or interest of any bonds of such school district then outstanding. Such refunding or funding bonds shall be issued in the name of the school district and they may be sold or delivered in exchange for or upon the extinguishment of the obligations or indebtedness refunded or funded. Except as otherwise provided in this Article, such refunding and funding bonds shall be issued in accordance with the provisions of Chapter 159 of the General Statutes, the Local Government Finance Act. The tax-levying body or bodies authorized by law to levy taxes for the payment of the bonds, the principal or interest of which shall be refunded or funded, shall levy annually a special tax on all taxable property in such school district sufficient to pay the principal and interest of said refunding or funding bonds as the same become due.

"§ 115C-484. Issuance of bonds by cities and towns; debt statement; tax levy for repayment.—In case the governing body of any city or town is the body authorized by law to levy taxes for the payment of the bonds of such district, whether the territory embraced in such district lies wholly or partly within the corporate limits of such city or town, such governing body of such city or town is hereby authorized to issue bonds at the time or from time to time for the purpose of refunding or funding the principal or interest of any bonds then outstanding which were issued by or on behalf of such school district. Except as
otherwise provided in this Article, such refunding and funding bonds shall be issued in accordance with the provisions of the Local Government Bond Act, relating to the issuance of refunding and funding bonds under that act, and the provisions of the Local Government Finance Act, except in the following respects:

(1) The bonds shall be issued in the name and on behalf of the school district by the governing body of such city or town.

(2) It shall not be necessary to include in the ordinance authorizing the bonds, or in the notice required to be published after the passage of the ordinance, any statement concerning the filing of a debt statement, and, as applied to said bonds, G.S. 159-54 and G.S. 159-55 (the Local Government Bond Act,) shall be read and understood as if they contained no requirements in respect to such matters.

(3) The governing body of such city or town shall annually levy and collect a tax ad valorem upon all the taxable property in such school district sufficient to pay the principal and interest of such refunding or funding bonds as the same become due.

“ARTICLE 35.

“Voluntary Endowment Fund for Public Schools.

“§ 115C-490. Creation of endowment funds; administration.—Any local board of education is hereby authorized and empowered upon the passage of a resolution to create and establish a permanent endowment fund which shall be financed by gifts, donations, bequests or other forms of voluntary contributions. Any endowment fund established under the provisions of this Article shall be administered by the members of such board of education who, ex officio, shall constitute and be known as 'The Board of Trustees of the Endowment Fund of the Public Schools of_________County or_________City or Town' (in which shall be inserted the name of the county, city or town). The board of trustees so established shall determine its own organization and methods of procedure.

“§ 115C-491. Boards of trustees public corporations; powers and authority generally; investments.—Any board of trustees created and organized under this Article shall be a body politic, public corporation and instrumentality of government and as such may sue and be sued in matters relating to the endowment fund and shall have the power and authority to acquire, hold, purchase and invest in all forms of property, both real and personal, including, but not by way of limitation, all types of stocks, bonds, securities, mortgages and all types, kinds and subjects of investments of any nature and description. The board of trustees of said endowment fund may receive pledges, gifts, donations, devises and bequests, and may in its discretion retain such in the form in which they are made, and may use the same as a permanent endowment fund. The board of trustees of any endowment fund created hereunder shall have the power to sell any property, real, personal or choses in action, of the endowment fund, at either public or private sale. The board of trustees shall be responsible for the prudent investment of any funds or moneys belonging to the endowment fund in the exercise of its sound discretion without regard to any statute or rule of law relating to the investment of funds by fiduciaries.

“§ 115C-492. Expenditure of funds; pledges.—It is not the intent that such endowment fund created hereunder shall take the place of State appropriations
or any regular appropriations, tax funds or other funds made available by counties, cities, towns or local school administrative units for the normal operation of the public schools. Any endowment fund created hereunder, or the income from same, shall be used for the benefit of the public schools of the county, city or town involved and to supplement regular and normal appropriations to the end that the public schools may improve and increase their functions, may enlarge their areas of service and may become more useful to a greater number of people. The board of trustees in its discretion shall determine the objects and purposes for which the endowment fund shall be spent. Nothing herein shall be construed to prevent the board of trustees of any such endowment fund established hereunder from receiving pledges, gifts, donations, devises and bequests and from using the same for such lawful school purposes as the donor or donors designate: Provided, always, that the administration of any such pledges, gifts, donations, devises and bequests, or the expenditure of funds from same, will not impose any financial burden or obligation on the State of North Carolina or any subdivisions of government of the State. The board of trustees may, with the consent of the donor of any pledges, transfer and assign such pledges as security for loans. This consent by the donor may be made at the time of the pledge or at any time before said pledges are paid off in full. It is the purpose of this provision to enable the board of trustees to have the immediate use of funds which the donor may desire to pledge as payable over a period of years.

"§ 115C-493. When only income from fund expended.—Where he donor of said pledges, gifts, donations, devises and bequests so provides, the board of trustees shall keep the principal of such gift or gifts intact and only the income therefrom may be expended.

"§ 115C-494. Property and income of board of trustees exempt from State taxation.—All property received, purchased, contributed or donated to the board of trustees for the benefit of any endowment fund created hereunder and all donations, gifts and bequests received or otherwise administered for the benefit of said endowment fund, as well as the principal and income from said endowment fund, shall at all times be free from taxation, of any nature whatsoever, within the State.

"§§ 115C-495 to 115C-499: Reserved for future codification purposes.

"SUBCHAPTER VIII.

“Local Tax Elections.

“ARTICLE 36.

"§ 115C-500. Superintendents must furnish boundaries of special taxing districts.—It shall be the duty of superintendents to furnish tax listers at tax listing time the boundaries of each taxing district as provided in G.S. 115C-276(m).

"§ 115C-501. Purposes for which elections may be called.—(a) To Vote a Supplemental Tax.—Elections may be called by the local tax-levying authority to ascertain the will of the voters as to whether there shall be levied and collected a special tax in the several local school administrative units, districts, and other school areas, including districts formed from contiguous counties, to supplement the funds from State and county allotments and thereby operate schools of a higher standard by supplementing any item of expenditure in the school budget. When supplementary funds are authorized by the carrying of

664
such an election, such funds may be used to employ additional teachers other than those allotted by the State, to teach any grades or subjects or for kindergarten instruction, to establish and maintain approved summer schools, to make the contribution to the Teachers' and State Employees' Retirement System of North Carolina for such teachers, or for any object of expenditure: Provided, that elections may be called to ascertain the will of the voters of an entire county, as to whether there shall be levied and collected a special tax on all the taxable property within the county for the purposes enumerated in this subsection. In such event, the supplemental tax shall be apportioned among the local school administrative units in the county pursuant to G.S. 115C-430.

(b) To Increase a Supplemental Tax Rate.—Elections may be called in any school area which has previously voted a supplemental tax of less than the maximum for the purpose of increasing the rate of tax previously voted but not to exceed the maximum.

(c) To Enlarge City Administrative Units.—Elections may be called in any districts, or other school areas, of a county administrative unit to ascertain the will of the voters in such districts or other school areas, as to whether an adjoining city administrative unit shall be enlarged by consolidating such districts, or other school areas, with such city administrative unit, and whether after such enlargement of the city administrative unit there shall be levied in such other districts, or other school area or areas, so consolidated with the city administrative unit the same school taxes as shall be levied in the other portion of the city administrative unit.

(d) To Supplement and Equalize Educational Advantages.—Elections may be called in any area of a county administrative unit which is enclosed in one common boundary line to ascertain the will of the voters as to whether there shall be levied and collected a special tax to supplement and equalize the standards on which the schools in such areas are operated, and at the same time repeal any special taxes heretofore voted by any parts of such area.

(e) To Abolish a Special School Tax.—Elections may be called in any local school administrative unit, district or other school area which has previously voted a supplemental tax, to ascertain the will of the people as to whether such tax shall be abolished.

(f) To Vote School Bonds.—Boards of county commissioners are authorized as provided by law to call elections to ascertain the will of the voters as to whether bonds for school purposes may be issued.

(g) To Provide a Supplemental Tax on a Countywide Basis after Petition for Consolidation of City or County Administrative Units.—Elections may be called for an entire county on the question of a special tax to supplement the funds from State and county allotments and thereby operate schools of a higher standard by supplementing any item of expenditure in the school budget, where the boards of education of all the city administrative units in said county have petitioned the county board of education for a consolidation with the county administrative unit pursuant to the provisions of the first paragraph of G.S. 115C-70(a) and prior to the approval of said petitions by the county and State boards of education. In which event, and provided the petitions so specify, if said election for a countywide supplemental tax fails to carry, said petitions may be withdrawn and any existing supplemental tax theretofore voted in any of the city administrative units involved or in the county administrative unit shall not be affected. If the vote for the countywide supplemental tax carries, said tax
shall not be levied unless and until the consolidation of the units involved shall be completed according to the requirements of the first paragraph of G.S. 115C-70(a).

(h) To Annex or Consolidate Areas or Districts from Contiguous Counties and to Provide a Supplemental School Tax in Such Annexed Areas or Consolidated Districts.—An election may be called in any districts or other school areas, from contiguous counties, as to whether the districts in one county shall be enlarged by annexing or consolidating therewith any adjoining districts, or other school area or areas from an adjoining county, and if a special or supplemental school tax is levied and collected in the districts of the county to which the territory is to be annexed or consolidated, whether upon such annexation or consolidation there shall be levied and collected in the territory to be annexed or consolidated the same special or supplemental tax for schools as is levied and collected in the districts in the other county. If such election carries, the said special or supplemental tax shall be collected pursuant to G.S. 115C-511 and remitted to the local school administrative unit on whose behalf such special and supplemental tax is already levied: Provided, that notwithstanding the provisions of G.S. 115C-508, if the notice of election clearly so states, and the election shall be held prior to August 1, the annexation or consolidation shall be effective and the tax so authorized shall be levied and collected beginning with the fiscal year commencing July 1 next preceding such elections.

“§ 115C-502. Maximum rate and frequency of elections.—(a) A tax for supplementing the public school budget shall not exceed fifty cents (50¢) on the one-hundred-dollar ($100.00) value of property subject to taxation by the local school administrative unit: Provided, that in any local school administrative unit, district, or other school area having a total population of not less than 100,000 said local annual tax that may be levied shall not exceed sixty cents (60¢) on one-hundred-dollar ($100.00) valuation of said property.

(b) If a majority of those who vote in any election called pursuant to the provisions of this Article do not vote in favor of the purpose for which such election is called, another election for the same purpose shall not be called for and held in the same local school administrative unit, district, or area until the lapse of six months after the prior election. However, the foregoing time limitation shall not apply to any election held in a local school administrative unit, district, or other school area which is larger or smaller than the local school administrative unit, district, or area in which the prior election was held, or to any election held for a different purpose than the prior election.

“§ 115C-503. Who may petition for election.—Local boards of education may petition the board of county commissioners for an election in their respective local school administrative units or for any school areas therein.

In county administrative units, for any of the purposes enumerated in G.S. 115C-501, the school committee of a district, or a majority of the committees in an area including a number of districts, or a majority of the qualified voters who have resided for the preceding 12 months in a school area less than a district, and which area is adjacent to a city unit or a district to which it is desired to be annexed and which can be included in a common boundary with said unit or district, or the committee of a district formed from portions of two or more contiguous counties, may petition the county board of education for an election.

The school committee of a district, or the majority of the committees in an area including a number of districts, or a majority of the qualified voters who
have resided for the preceding 12 months in a school area less than a district, and which area, district, districts or territory is adjacent to a district or districts in a contiguous county to which it is desired to be annexed or consolidated, and with the approval of the county board of education of the contiguous county to which it is desired to be annexed or consolidated, may petition the county board of education for an election.

"§115C-504. Necessary information in petitions.—The petition for an election shall contain such of the following information as may be pertinent to the proposed election:

(1) Purpose for calling the proposed election.

(2) A legally sufficient description of the area, by metes and bounds or otherwise, in which the election is requested.

(3) The maximum rate of tax which is proposed to be levied. This subdivision shall not apply to a petition for an election to enlarge a city administrative unit.

(4) If the petition is for an election to enlarge a city administrative unit, it shall state therein that, if a majority of those who shall vote in the area proposed to be consolidated with the city administrative unit shall vote in favor of such enlargement, such area shall be consolidated with the city administrative unit, effective July 1 next following such election, and that there shall thereafter be levied in such area so consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit, including any tax to provide for the payment of school bonds theretofore issued by or for such city administrative unit or for all or some part of the school area annexed to such city administrative unit, unless payment of such bonds has otherwise been provided for.

(5) If the petition for an election is to supplement and equalize educational advantages, and if any school districts in the area in which it is proposed to vote such a tax have heretofore voted a supplementary tax, the petition and the notice of election shall state that in the event such election is carried, it will repeal all local taxes heretofore voted in any district except those in effect for debt service in any district, unless such debt service obligation is assumed by the county or otherwise provided for.

"§115C-505. Boards of education must consider petitions.—The board of education to whom the petition requesting an election is addressed shall receive the petition and give it due consideration. If, in the discretion of the board of education, the petition for an election shall be approved, it shall be endorsed by the chairman and the secretary of the board and a record of the endorsement shall be made in the minutes of the board. Petitions for an election to enlarge a city administrative unit shall be subject to the approval and endorsement of both county and city boards of education which are therein affected.

Local boards of education shall have no discretion in granting an election to abolish a special school tax in any local school administrative unit, or district, or other school area, which has previously voted a supplemental tax, whenever a majority of the qualified voters residing in said local school administrative unit, district or school area shall petition for an election. When such a petition, showing the proper number of names of qualified voters, is presented to a board of education, it is hereby made mandatory that such petition shall be granted and the election held. If at the election a majority of those in the district who have voted thereon have voted 'against local tax', the tax shall be deemed
revoked and shall not be levied: Provided, that in Alexander, Anson, Beaufort, Buncombe, Carteret, Catawba, Chatham, Chowan, Cleveland, Craven, Currituck, Davidson, Duplin, Franklin, Gates, Greene, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Lenoir, Martin, Mecklenburg, Moore, Nash, Onslow, Pamlico, Pitt, Randolph, Richmond, Robeson, Rockingham, Transylvania, Vance, Wake, Warren and Wilkes Counties, petition of twenty-five percent (25%) of the number of voters in the election creating said special tax district, said petition to be signed by qualified voters residing in such special tax district, shall be sufficient.

The provisions of this section as to abolishing local tax districts shall not be applied when such local tax district is in debt in any sum whatever, or has obligated or committed its resources in any contractual manner: Provided, that no election for revoking a local tax in any local tax district shall be ordered and held in the district within less than one year from the date of the election at which the tax was voted and the district established, nor at any time within less than one year after the date of the last election on the question of revoking the tax in the district; and no petition seeking to revoke a school tax shall be approved by a board of education more often than once a year.

If the petition for an election in an area containing a number of districts is signed by the school committeeman of at least a majority of the school districts within a proposed special school taxing area, the board of education in such administrative unit shall endorse such petition and the election shall be held.

"§ 115C-506. Action of board of county commissioners or governing body of municipality.—Petitions requesting special school elections and bearing the approval of the board of education of the local school administrative unit shall be presented to the board of county commissioners, and it shall be the duty of said board of county commissioners to call an election and fix the date for the same: Provided, that the board of education requesting the election may, for any reason deemed sufficient by said board which shall be specified and recorded in the minutes of the board, withdraw the petition before the close of the registration books, and if the petition be so withdrawn, the election shall not be held unless by some other provision of law the holding of such election is mandatory. In the case of a city administrative unit in any incorporated city or town and formed from portions of contiguous counties, said petition shall be presented to the governing body of the city or town situated within, coterminous with, or embracing such city administrative unit, and the election shall be ordered by said governing body, and said governing body shall perform all the duties pertaining to said election performed by the board of county commissioners in elections held under this Article.

"§ 115C-507. Rules governing elections.—All elections under this Chapter shall be held and conducted by the appropriate county or municipal board of elections.

If the purpose of the election is to enlarge a city administrative unit, the notice of election shall include the following: a statement of the purpose of the election; a legal description of the area within which the election is to be held; and a statement that if a majority of those who shall vote in the area proposed to be consolidated with the city administrative unit shall vote in favor of such enlargement such area shall be consolidated with the city administrative unit, effective July 1 next following such election, and there shall thereafter be levied in such area so consolidated with the city administrative unit the same school
taxes as shall be levied in the other portions of the city administrative unit, including any tax levy to provide for the payment of school bonds theretofore issued by or for such city administrative unit or for all or some part of the school area annexed to such city administrative unit, unless payment of such bonds has otherwise been provided for.

The notice of the election shall be given as provided in G.S. 163-33(8) and in addition include a legal description of the area within which the election is to be held, and, if any additional tax is proposed to be levied, the maximum rate of tax to be levied which shall not exceed the maximum prescribed by this Article, and the purpose of the tax.

No new registration of voters is required, but the board of elections, in its discretion, may use either Method A or Method B set forth in G.S. 163-288.2 in activating the voters in the territory.

The ballot in such election shall contain the words 'FOR local tax and AGAINST local tax' except when the election is held under subsection (c) of G.S. 115C-501, in which case the ballots shall contain the words 'FOR enlargement of the _______ City Administrative Unit and school tax of the same rate', and 'AGAINST enlargement of the _______ City Administrative Unit and school tax of the same rate'.

The elections shall be held in accordance with the applicable provisions of Chapter 163 and the expense of the election shall be paid by the board of education of the administrative unit in which the election is held, provided that when territory is proposed to be added to a city administrative unit, that unit shall bear the expense.

No election held under this Article shall be open to question except in an action or proceeding commenced within 30 days after the board of elections has certified the results.

"§ 115C-508. Effective date; levy of taxes.—(a) If, in any election authorized by this Article, a majority of the voters voting in such election vote in favor of the enlargement of a city administrative unit, such enlargement shall become effective July 1 next following such election; and thereafter there shall be levied and collected in the area consolidated with the city administrative unit the same school taxes as shall be levied in the other portions of the city administrative unit.

(b) If, in any election authorized by this Article, a majority of the voters voting in such election vote in favor of a supplemental tax, or in favor of the increase of a supplemental tax, or in favor of a tax to supplement and equalize educational advantages, the tax so authorized shall be levied and collected beginning with the fiscal year commencing July 1 next following such election.

"§ 115C-509. Conveyance of school property upon enlargement of city administrative unit.—Before any election is called to enlarge a city administrative unit, if any school property is located in the area proposed to be consolidated with the city administrative unit, the board of education of such city administrative unit and the board of education of the county administrative unit concerned shall agree with each other as to the school property to be conveyed and transferred to the board of education of the city administrative unit if a majority of the voters voting in the election vote in favor of such enlargement. And, if such enlargement is authorized by such election, the board of education of the county administrative unit shall, within 10 days after July 1 next following such election, convey and transfer to the
board of education of the city administrative unit the property so agreed to be conveyed and transferred.

"§ 115C-510. Elections in districts created from portions of contiguous counties.—Districts already created and those that may be created from portions of two or more contiguous counties may hold elections under this Article to be incorporated or to vote a special local tax therein for the purposes enumerated in G.S. 115C-501.

Elections for either purpose must be initiated by petitions from the portion of each county included in the district, or the proposed district. In districts already created, the majority of the committeemen must sign the petition. In proposed districts, the petition must be signed by fifteen percent (15%) of the registered voters who reside in the area. When the petitions shall have been approved by each of the boards of education of such contiguous counties, they shall then be presented by each of said boards of education to their respective boards of county commissioners.

The boards of commissioners of each of the contiguous counties, in compliance with the provisions of this Article relating to the conduct of local tax elections, then shall call upon the county board of elections to hold an election in that portion of the proposed district lying in its county. Election returns shall be made from each portion of the proposed district to the board of commissioners ordering the election in that portion, and the returns shall be canvassed and recorded as required in this Article for local tax districts.

If a majority of the voters who vote thereon in each of the counties shall vote in favor of the tax, or for incorporation, the election shall be determined to have carried in the whole district, and shall be so recorded in the records of the board of county commissioners in each county in which the district is located.

If the proposition submitted to the voters in the election is a question of incorporating the district, the ballots for this election shall have printed thereon the words 'For incorporation' and 'Against Incorporation'. If the election for incorporation is carried, the district is thereby incorporated and shall possess all the authority of incorporated districts.

In case the election carried in each portion of the proposed district, the several county boards of education concerned shall each pass a formal order consolidating the territory into one joint local tax district, which shall be and become a body corporate by the name and style of '________ Joint Local Tax School District of ________ Counties'. The county board of education having the largest school census and the largest area in the part of the joint local tax district lying in its county shall determine the location of the schoolhouse; but if the largest census and largest area do not both lie in the same county, then the county boards shall jointly select the site for the building; and in case of a disagreement they shall submit the question to a board of arbitration consisting of three members, one member to be named by each board of education if three counties are concerned, or if there are but two counties, then each board shall choose one member and the two so named shall select the third member. The decision of this board of arbitration shall be binding on all county boards of education concerned.

The school committee shall consist of five members, three of whom shall be appointed by the board of education of the county in which the building is to be situated and two to be appointed by the other county or counties, but the terms of office shall be so arranged that not more than two members will retire in any
one year. The committee shall officially exercise such corporate powers as are conferred by this section. This committee shall have all the powers and duties of committees of local tax districts, and in addition thereto it shall adopt a corporate seal and have the power to sue and be sued in its corporate name. The committee shall have the power to determine the rate of local taxes to be levied in said joint district, not exceeding the rate authorized by the voters of the district, and when the committee shall have so determined the rate of local taxes to be levied in said joint district and shall have certified same to the boards of commissioners of the several counties from which said joint district is created, the said boards of county commissioners, and each of them, shall levy said rate of local taxes within the portion of said joint district lying within their respective counties; and the taxes so levied shall be collected in the several counties as other taxes are collected therein, and shall be paid over by the officers collecting the same to the treasurer or other fiscal agent of the county in which the schoolhouse is located, or is to be located, to be by him placed to the credit of the joint district.

The committee shall have as full authority to call and hold elections for the voting of bonds of the district as is conferred upon boards of education and boards of commissioners. In calling the election for a bond issue, no petition of the county board of education shall be necessary; but the election shall be called and held by the school committee of the incorporated local tax school district under as ample authority as is conferred upon both county boards of education and boards of commissioners. When bonds of the district have been voted under authority of this section, they shall be issued subject to the limitations of the Local Government Finance Act in the corporate name of the district, signed by the chairman and secretary of the school committee, sold by the school committee, and the proceeds thereof deposited with the treasurer of the county board of education of the county in which the school building is, or is to be located, to be placed to the credit of the joint district, and the taxes for the payment of principal and interest shall be levied and collected as provided hereinabove for the levy and collection of local taxes: Provided, that certified copies of the bond orders and resolutions shall be recorded on the minutes of the board of commissioners of each county constituting a part of the joint school district.

The building of all schoolhouses in such joint local tax districts shall be effected by the county board of education of the county in which the building is to be located under authority of law governing the erection of school buildings by county boards of education. It shall be lawful for the boards of education in the other county or counties to contribute to the cost of the building in proportion to the number of children shown by the official census to be resident within that part of the joint district lying within each county respectively. If the building is to be erected from moneys borrowed from the State Literary Fund or from county taxation, then each county board of education shall contribute to its construction in the proportion set out above and pay over its contribution to the treasurer of the county board having control of the erection of the building: Provided, it shall be lawful for the county board that controls the erection of the building to borrow from the State and lend to the district the full amount of the cost of the building in cases where the entire amount, or part of the amount, is to be repaid by the district from district funds.
All district funds of a joint local tax district shall be kept distinct from all other funds, placed to the credit of the district, and expended as other local tax or district bond funds are lawfully disbursed.

The county board of education and county superintendent of schools of the county in which the schoolhouse is located shall have as full and ample control over the joint school and the district as it has in the case of other local tax districts, subject only to the limitations of this section.

The committee of the joint school district shall prepare a budget annually in accordance with the law governing budgets in which the committee will indicate objects and items of expenditure which are proposed to be made from the collection of the special tax of the district. This budget shall show the proportionate part of the expense to be contributed by each county, which part shall be ascertained on the basis of the proportions of the total district school census living in each respective county. When this budget is completed by the committee of the joint district, a copy of it shall be filed with the county board of education of each county, and it shall be the duty of each board of education, if it approves the district budget, to incorporate it in the county budget to be submitted to the board of commissioners of each county. Each of the several county boards of education is hereby directed to pay over its proportionate part of the district budget, when and as collected, to the treasurer of the board of education of the county in which the school plant is located for the purposes for which it has been levied and collected.

All districts formed from portions of contiguous counties before the ratification of this Article are hereby authorized and empowered to exercise all the powers and privileges conferred by this Article.

§ 115C-511. Levy and collection of taxes.—(a) If a local school administrative unit or district has voted a tax to operate schools of a higher standard than that provided by State and county support, the board of county commissioners of each county in which the local school administrative unit is located is authorized to levy a tax on all property having a situs in the local school administrative unit for the purpose of supplementing the local current expense fund, the capital outlay fund, or both.

(b) Before April 15 of each year, the tax supervisor of each county in which the local school administrative unit is located shall certify to the superintendent of schools an estimate of the total assessed value of property in the county subject to taxation on behalf of the local school administrative unit and any districts therein pursuant to this Article. The board of education, in the budget it submits to the board of county commissioners, shall request the rate of ad valorem tax it wishes to have levied on its behalf as a school supplemental tax, not in excess of the rate approved by the voters. The board of county commissioners may approve or disapprove this request in whole or in part, and may levy such rate of supplemental tax as it may find to be in the best interests of the taxpayers and the public schools, not in excess of the rate requested by the board of education. Upon approving a supplemental tax levy pursuant to this section, the board of county commissioners shall cause the school supplemental tax to be computed for all property subject thereto. The taxes thus computed shall be shown separately on the county tax receipts for the fiscal year, and the county shall collect the school supplemental tax in the same manner that county taxes are collected. Collections shall be remitted to the local school administrative unit within 10 days after the close of each
calendar month. Partial payments shall be proportionately divided between the county and the local school administrative unit. The board of county commissioners may, in its discretion, deduct from the proceeds of the school supplemental tax the actual additional cost to the county of levying, computing, billing, and collecting the tax.

(c) It shall be unlawful for any part of a tax levied pursuant to this Article to be used for any purpose other than those purposes authorized by the election in the unit or district.

"SUBCHAPTER IX.

"Property.

"ARTICLE 37.

"School Sites and Property.

"§ 115C-517. Acquisition of sites.—Local boards of education may acquire suitable sites for schoolhouses or other school facilities either within or without the local school administrative unit; but no school may be operated by a local school administrative unit outside its own boundaries, although other school facilities such as repair shops, may be operated outside the boundaries of the local school administrative unit. Whenever any such board is unable to acquire or enlarge a suitable site or right-of-way for a school, school building, school bus garage or for a parking area or access road suitable for school buses or for other school facilities by gift or purchase, condemnation proceedings to acquire same may be instituted by such board under the provisions of Article 2, Chapter 40 of the General Statutes, and the determination of the local board of education of the land necessary for such purposes shall be conclusive: Provided, that not more than a total of 50 acres shall be acquired by condemnation for any one site for a schoolhouse or other school facility as aforesaid.

"§ 115C-518. Sale, exchange or lease of school property; easement and rights-of-way.—(a) When in the opinion of any local board of education, or the use of any building, building site, or other real property owned or held by such board is unnecessary or undesirable for public school purposes, the board may sell such property at public auction. Such sale shall be held on the property to be sold or at the courthouse door in the county in which such property is located, and shall be advertised and otherwise conducted as is prescribed by statute for judicial sales of real property. The sale shall then remain open for 10 days to permit the making of an upset bid. The resale of such property following such upset bid, and the procedure therefor shall be as prescribed by statute for judicial sales of real property. If the time for making an upset bid shall expire without such bid having been made, the board may confirm the sale if it deems the highest bid to be an adequate price. Upon confirmation of the sale by the board, the chairman and the secretary of the board shall execute a deed to the purchaser of the property upon his compliance with his bid. Confirmation of the sale by the clerk of the superior court shall not be required. The proceeds of the sale shall be paid to the treasurer of the school fund of such local school administrative unit, and shall be used either to reduce the bonded indebtedness of such local school administrative unit or for capital outlay purposes.

(b) When in the opinion of any local board of education, the use of any property, other than real property, owned or held by such board is unnecessary or undesirable for public school purposes, the board may sell such property
either through the facilities of the North Carolina Department of Administration or at public auction.

If the property is to be sold at public auction, the sale shall be held at that place within that local school administrative unit and at that time which are designated by the board. A notice of sale shall be published at least once, not less than seven nor more than 15 days before the date of the sale, in a paper of general circulation in the county where the personal property is to be sold. The notice of sale shall adequately identify the property to be sold so as to acquaint prospective bidders with the nature and location of the property and shall set out the date, time, place and terms of sale.

The personal property shall be present at the time and place of the sale, unless the board determines that the nature, condition or use of the property makes it impractical to have the property present. If the property is not to be present at the time and place of sale, reasonable opportunity shall be afforded to prospective buyers to inspect the property prior to the sale, and the notice of sale shall include notice of the time and place where an inspection of the property may be made.

The board shall designate the person to conduct the sale. If the person conducting the sale is an officer or employee of the board, he shall receive no additional compensation for his services in conducting the sale; any other person shall receive such fee as may be agreed upon with the board but in no case to exceed five percent (5%) of the proceeds of the sale.

The sale may be postponed when there are no bidders; or when in the judgment of the person conducting the sale the number of prospective bidders is substantially decreased by inclement weather or by other casualty; or when the person designated to conduct the sale is unable to hold the sale because of illness or other good reason; or when other good cause exists. If the sale is postponed, the board shall readvertise and schedule and hold the sale at a later time, subject to the same conditions governing the originally scheduled sale.

Title to the property so sold shall not pass by reason of such sale until the sale has been confirmed by the board and the purchaser has complied with the terms of his bid. The proceeds of such sale shall be paid to the treasurer of the school fund of such local school administrative unit.

(c) If in the opinion of the board the highest bid at any sale or resale of real or personal property sold pursuant to the provisions of this section is not adequate, such bid may be rejected and the property may again be advertised for sale as provided in this section, or may be sold by the board at a private sale for a price in excess of the highest bid at such public sale so long as such private sale is consummated within a period of one year from the date of the initial public offering.

Any sale of real property at private sale made prior to May 1, 1959, is hereby validated, so long as the real property so sold was first advertised for sale at public auction as provided by this section and the price received therefor was in excess of the highest bid received at such public offering.

(d) In the acquisition by it of any property for public school purposes any local board of education may exchange therefor, as full or partial payment therefor, any property owned or held by it, without compliance with the provisions of this section: Provided, that for at least 10 days before any exchange of real property shall be consummated, the terms of such proposed exchange shall be filed in the office of the superintendent of schools of such
local school administrative unit and in the office of the clerk of the superior court in the county in which such property is located, and a notice thereof published one or more times in any newspaper having a general circulation in the local school administrative unit at least 10 days before the consummation of said exchange.

(e) When in the opinion of any local board of education, the use of any property owned or held by it is unnecessary or undesirable for public school purposes, but the sale of such property is not practicable or in the public interest, such board may in its discretion enter into an agreement with any other person, firm or corporation for the lease of such property to such person, firm or corporation for a term not in excess of one year, upon such terms and conditions as the board shall deem advisable and in the public interest. Upon a two-thirds vote of the board that such is in the public interest and with the approval of the board's tax levying authority, the board may enter into an agreement for the lease of such property for a term in excess of one year but for not more than 10 years. Provided, however, the proceeds of such lease authorized herein shall be used either to reduce the bonded indebtedness of such local school administrative unit or for capital outlay purposes. Nothing in this subsection shall invalidate any local act authorizing the lease of any such property or in any way limit the authority of local boards of education to enter into leases with other governmental units pursuant to G.S. 160A-274.

(f) In addition to the foregoing, local boards of education are hereby authorized and empowered, in their sound discretion, to grant easements to any public utility, municipality or quasi-municipal corporation to furnish utility services to school property, with or without compensation except the benefits accruing by virtue of the location of the said public utility, and to dedicate portions of any lands owned by such boards as rights-of-way for public streets, roads or sidewalks, with or without compensation except the benefits accruing by virtue of the location or improvement of such public streets, roads or sidewalks.

(g) Sale, lease, exchange and joint use of governmental property by a local school administrative unit is subject to the provisions of G.S. 160A-274.

§ 115C-519. Deeds to property.—All deeds to school property shall, after registration, be delivered to the superintendent of the local school administrative unit in which the property is located and he shall provide a safe place for preserving all such deeds.

§ 115C-520. Vehicles owned by boards of education.—All school buses, trucks, automobiles and other motor vehicles owned by local boards of education and used for transporting pupils to and from school or used by other school personnel in the performance of their work, shall be exempt from taxation, but all such vehicles shall be duly registered in the Department of Motor Vehicles as provided in G.S. 20-84.

§ 115C-521. Erection of school buildings.—(a) It shall be the duty of local boards of education to provide classroom facilities adequate to meet the requirements of G.S. 115C-47(j) and 115C-301.

(b) It shall be the duty of the boards of education of the several local school administrative school units of the State to make provisions for the public school term by providing adequate school buildings equipped with suitable school furniture and apparatus. The needs and the cost of such buildings, equipment, and apparatus, shall be presented each year when the school budget is
submitted to the respective tax-levying authorities. The boards of commissioners shall be given a reasonable time to provide the funds which they, upon investigation, shall find to be necessary for providing their respective units with buildings suitably equipped, and it shall be the duty of the several boards of county commissioners to provide funds for the same.

Upon determination by a local board of education that the existing permanent school building does not have sufficient classrooms to house the pupil enrollment anticipated for such school, then such local board of education is authorized to acquire and utilize as temporary classrooms for the operation of such school, relocatable or mobile classroom units, which units and method of use shall meet the approval of the School Planning Division of the State Board of Education, and which units shall comply with all applicable requirements of the North Carolina State Building Code and of the local building and electrical codes applicable to the area in which such school is located. The acquisition and installation of such units shall be subject in all respects to the provisions of Chapter 143 of the General Statutes. The provisions of Chapter 87, Article 1, of the General Statutes, shall not apply to persons, firms or corporations engaged in the sale or furnishing to local boards of education and the delivery and installation upon school sites of classroom trailers as a single building unit or of relocatable or mobile classrooms delivered in less than four units or sections.

(c) The building of all new schoolhouses and the repairing of all old schoolhouses shall be under the control and direction of, and by contract with, the board of education in which such building and repairing is done. Boards of education shall not invest any money in any new building that is not built in accordance with plans approved by the State Superintendent to structural and functional soundness, safety and sanitation, nor contract for more money than is made available for its erection. All contracts for buildings shall be in writing and all buildings shall be inspected, received, and approved by the local superintendent and the architect before full payment is made therefor: Provided, that this subsection shall not prohibit boards of education from repairing and altering buildings with the help of janitors and other regular employees of said board.

In the case of any school buildings erected, repaired, or equipped with any money loaned or granted by the State to any local school administrative unit, the State Board of Education, under such rules as it may deem advisable, may retain any amount not to exceed fifteen percent (15%) of said loan or grant, until such completed buildings, erected or repaired, in whole or in part, from such loan or grant funds, shall have been approved by a designated agent of the State Board of Education.

Upon such approval by the State Board of Education, the State Treasurer is authorized to pay the balance of the loan or grant to the treasurer of the local school administrative unit for which said loan or grant was made.

(d) Local boards of education shall make no contract for the erection or repair of any school building unless the site upon which it is located is owned in fee simple by the said board: Provided, that the board of education of a local school administrative unit, with the approval of the board of county commissioners is authorized to appropriate funds to aid in the establishment of a school facility and the operation thereof in an adjoining local school administrative unit when a written agreement between the boards of education of the administrative units involved has been reached and the same recorded in the minutes of said
boards, whereby children from the administrative unit making such appropriations shall be entitled to attend the school so established.

In all cases where title to property has been vested in the trustees of a special charter district which has been abolished and has not been reorganized, title to such property shall be vested in the local board of education of the county embracing such former special charter district.

"§ 115C-522. Provision of equipment for buildings.—(a) It shall be the duty of local boards of education to purchase or exchange all supplies, equipment and materials in accordance with contracts made by or with the approval of the Department of Administration. Title to instructional supplies, office supplies, fuel and janitorial supplies, enumerated in the current expense fund budget and purchased out of State funds, shall be taken in the name of the local board of education which shall be responsible for the custody and replacement: Provided, that no contracts shall be made by any local school administrative unit for purchases unless provision has been made in the budget of such unit to provide payment therefor, or unless surplus funds are on hand to pay for same, and in order to protect the State purchase contracts, it is hereby made the duty upon the part of the governing authorities of such local units to pay for such purchases promptly in accordance with the terms of the contract of purchase.

(b) It shall be the duty of the local boards of education to provide suitable school furniture and apparatus, as provided in G.S. 115C-521(b).

(c) It shall be the duty of local boards of education and tax-levying authorities to provide suitable supplies for the school buildings under their jurisdictions. These shall include, in addition to the necessary instructional supplies, proper window shades, blackboards, reference books, library equipment, maps, and equipment for teaching the sciences.

Likewise, it shall be the duty of said boards of education and boards of county commissioners to provide every school with a good supply of water, approved by the Department of Human Resources, and where such school cannot be connected to water-carried sewerage facilities, there shall be provided sanitary privies for the boys and for the girls according to specifications of the Commission for Health Services. Such water supply and sanitary privies shall be considered an essential and necessary part of the equipment of each public school and may be paid for in the same manner as desks and other essential equipment of the school are paid for.

"§ 115C-523. Care of school property.—It shall be the duty of every teacher and principal in charge of school buildings to instruct the children in the proper care of public property, and it is their duty to exercise due care in the protection of school property against damage, either by defacement of the walls and doors or any breakage on the part of the pupils, and if they shall fail to exercise a reasonable care in the protection of property during the day, they may be held financially responsible for all such damage, and if the damage is due to carelessness or negligence on the part of the teachers or principal, the superintendent may hold those in charge of the building responsible for the damage, and if it is not repaired before the close of a term, a sufficient amount may be deducted from their final vouchers to repair the damage for which they are responsible.

If any child in school shall carelessly or willfully damage school property, the teacher or principal shall report the damage to the parent, and if the parent
refuses to pay the cost of repairing the same, the teacher or principal shall report the offense to the superintendent of schools.

It shall be the duty of all principals to report immediately to their respective superintendents any unsanitary condition, damage to school property or needed repair.

"§ 115C-524. Repair of school property.—(a) Repair of school buildings is subject to the provisions of G.S. 115C-521(c) and (d).

(b) It shall be the duty of local boards of education and tax-levying authorities, in order to safeguard the investment made in public schools, to keep all school buildings in good repair to the end that all public school property shall be taken care of and be at all times in proper condition for use. It shall be the duty of all committeemen, principals, teachers, and janitors to report to their respective boards of education immediately any unsanitary condition, damage to school property, or needed repair. All principals, teachers, and janitors shall be held responsible for the safekeeping of the buildings during the school session and all breakage and damage shall be repaired by those responsible for same, and where any principal or teacher shall permit damage to the public school buildings by lack of proper discipline of pupils, such principal or teacher shall be held responsible for such damage: Provided, principals and teachers shall not be held responsible for damage that they could not have prevented by reasonable supervision in the performance of their duties.

Notwithstanding the provisions of G.S. 115C-263 and G.S. 115C-264, local boards of education shall have authority to adopt rules and regulations by which school buildings, including cafeterias and lunchrooms, may be used for other than school purposes so long as such use is consistent with the proper preservation and care of the public school property. No liability shall attach to any board of education, individually or collectively, for personal injury suffered by reason of the use of such school property.

"§ 115C-525. Fire prevention.—(a) Duty of Principal Regarding Fire Hazards.—The principal of every public school in the State shall have the following duties regarding fire hazards during periods when he is in control of a school:

(1) Every principal shall make certain that all corridors, halls, and tower stairways which are used for exits shall always be kept clear and that nothing shall be permitted to be stored or kept in corridors or halls, or in, on or under stairways that could in any way interfere with the orderly exodus of occupants. The principal shall make certain that all doors used for exits shall be kept in good working condition. During the occupancy of the building or any portion thereof by the public or for school purposes, the principal shall make certain that all doors necessary for prompt and orderly exodus of the occupants are kept unlocked.

(2) Every principal shall make certain that no electrical wiring shall be installed within any school building or structure or upon the premises and that no alteration or addition shall be made in any existing wiring, except with the authorization of the superintendent. Any such work shall be performed by a licensed electrical contractor, or by a maintenance electrician regularly employed by the board of education and approved by the Commissioner of Insurance.
(3) Every principal shall make certain that combustible materials necessary to the curriculum and for the operation of the school shall be stored in a safe and orderly manner.

(4) Every principal shall make certain that all supplies, such as oily rags, mops, etc., which may cause spontaneous combustion, shall be stored in an orderly manner in a well-ventilated place.

(5) Every principal shall make certain that all trash and rubbish shall be removed from the school building daily. No trash or rubbish shall be permitted to accumulate in a school attic, basement or other place on the premises.

(6) Every principal shall cooperate in every way with the authorized building inspector, electrical inspector, county fire marshal or other designated person making the inspections required by G.S. 115C-525(b).

It shall further be the duty of the principal to bring to the attention of the local superintendent of schools the failure of the building inspector, electrical inspector, county fire marshal, or other person to make the inspections required by G.S. 115C-525(b). It shall further be the duty of the principal to call to the attention of the superintendent of schools all recommendations growing out of the inspections, in order that the proper authorities can take steps to bring about the necessary corrections.

(b) Inspection of Schools for Fire Hazards; Removal of Hazards.—Every public school building in the State shall be inspected every four months in accordance with the following plan: Provided, that the periodic inspections herein required shall be at least 90 days apart:

(1) Each school building shall be inspected to make certain that none of the fire hazards enumerated in G.S. 115C-525(a)(1) through (5) exist, and to insure that all heating, mechanical, electrical, gas, and other equipment and appliances are properly installed and maintained in a safe and serviceable manner as prescribed by the North Carolina Building Code. Following each inspection, the persons making the inspection shall furnish to the principal of the school a written report of conditions found during inspection, upon forms furnished by the Commissioner of Insurance, and the persons making the inspection shall also furnish a copy of the report to the superintendent of schools; the superintendent shall keep such copy on file for a period of three years. In addition to the periodic inspections herein required, any alterations or additions to existing school buildings or to school building utilities or appliances shall be inspected immediately following completion.

(2) The board of county commissioners of each county shall designate the persons to make the inspections and reports required by subdivision (1) of this subsection. The board may designate any city or county building inspector, any city or county fire prevention bureau, any city or county electrical inspector, the county fire marshal, or any other qualified persons, but no person shall make any electrical inspection unless he shall be qualified as required by G.S. 153A-351.1 and Section 7 of Chapter 531 of the 1977 Session Laws. Nothing in this section shall be construed as prohibiting two or more counties from designating the same persons to make the inspections and reports required by subdivision (1) of this subsection. The board of county commissioners shall compensate or provide for the compensation of the persons.
designated to make all such inspections and reports. The board of county commissioners may make appropriations in the general fund of the county to meet the costs of such inspections, or in the alternative the board may add appropriations to the school current expense fund to meet the costs thereof: Provided, that if appropriations are added to the school current expense fund, such appropriations shall be in addition to and not in substitution of existing school current expense appropriations.

(3) It shall be the duty of the Commissioner of Insurance, the Superintendent of Public Instruction, and the State Board of Education to prescribe any additional rules and regulations which they may deem necessary in connection with such inspections and reports for the reduction of fire hazards and protection of life and property in public schools.

(4) It shall be the duty of each principal to make certain that all fire hazards called to his attention in the course of the inspections and reports required by subdivision (1) of this subsection are immediately removed or corrected, if such removal or correction can be accomplished by the principal. If such removal or correction cannot be accomplished by the principal, it shall be the duty of the principal to bring the matter to the attention of the superintendent.

(5) It shall be the duty of each superintendent of schools to make certain that all fire hazards called to his attention in the course of the inspections and reports required by subdivision (1) of this subsection and not removed or corrected by the principals as required by subdivision (4) of this subsection are removed or corrected, if such removal or correction can be brought about within the current appropriations available to the superintendent. Where any removal or correction of a hazard will require the expenditure of funds in excess of current appropriations, it shall be the duty of the superintendent to bring the matter to the attention of the appropriate board of education, and the board of education in turn shall bring the same to the attention of the board of county commissioners, in order that immediate steps be taken, within the framework of existing law, to remove or correct the hazard.

(c) Liability for Failure to Perform Duties Imposed by G.S. 115C-288 and 115C-525(a) or 115C-525(b).—Any person willfully failing to perform any of the duties imposed by G.S. 115C-288, 115C-525(a) or 115C-525(b) shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars ($500.00) in the discretion of the court.

“§ 115C-526. "§ 115C-533. Duty of State Board to operate insurance system.—The State Board shall have the duty to manage and operate a system of insurance for public school property.

"§ 115C-534. Duty to insure property.—(a) The board of every local school administrative unit in the public school system of this State, in order to safeguard the investment made in public schools, shall:

(1) Insure and keep insured to the extent of not less than seventy-five percent (75%) of the current insurable value as determined by the insurer and the insured of each of its insurable buildings against fire, lightning and the perils embraced in extended coverage.

(2) Insure and keep insured adequately the equipment and contents of said building.

(b) The tax-levying authority for each local school administrative unit shall appropriate funds necessary for compliance with the provisions of subsection (a).

(c) Willful failure to comply with the provisions of (a) and (b) above, is declared a misdemeanor punishable by a fine of not more than fifty dollars ($50.00) or imprisonment for not more than 30 days. Every 24 hours without such insurance constitutes a separate offense.

"§ 115C-535. Authority and rules for organization of system.—The State Board of Education is hereby authorized, directed and empowered to establish a division to manage and operate a system of insurance for public school property. The Board shall adopt such rules and regulations as, in its discretion, may be necessary to provide all details inherent in the insurance of public school property. The Board shall employ a director, safety inspectors, engineers and other personnel with suitable training and experience, which in its opinion is necessary to insure and protect effectively public school property, and it shall fix their compensation with the approval of the Personnel Commission.

"§ 115C-536. Public School Insurance Fund; decrease of premiums when fund reaches 5% of total insurance in force.—There shall be set up in the books of the State Treasurer a fund to be known and designated as the 'Public School Insurance Fund', which fund hereafter in G.S. 115C-535 to G.S. 115C-542 is referred to as 'the Fund.' In order to provide adequate reserves against losses which may be incurred on account of the risks insured against as provided in G.S. 115C-535 to G.S. 115C-542 and to provide payment for such losses as may be incurred therein, there is hereby appropriated to the Fund the sum of two million dollars ($2,000,000), which shall be paid from and charged to the State Literary Fund as set up and defined in this Chapter. When the reserves in the Fund shall be increased by the payment of premiums by the governing boards of
local school administrative school units, or otherwise, to the extent of one million dollars ($1,000,000), there shall be transferred from the Fund back to the State Literary Fund the sum of one million dollars ($1,000,000) and when the Fund shall again be increased to the extent of another one million dollars ($1,000,000), there shall be transferred therefrom back to the State Literary Fund an additional sum of one million dollars ($1,000,000) in full reimbursement of the sum of two million dollars ($2,000,000), which is authorized to be transferred from the State Literary Fund by the provisions hereof. All funds paid over to the State Treasurer for premiums on insurance by the governing boards of local school administrative units and all money received from interest or from loans and deposits and from any other source connected with the insurance of the property hereinafter referred to shall be held by the State Treasurer in the Fund for the purpose of paying all fire, lightning, windstorm, hail and explosion losses for which the said Fund shall be liable and the expenses necessary for the proper conduct of the insurance of said property, together with such premiums for reinsurance of such part of said insurance as the State Board of Education may deem necessary to reinsure, as provided for in G.S. 115C-535 to G.S. 115C-542. The State Treasurer shall be the custodian of the Fund and shall invest its assets in accordance with the provisions of G.S. 147-69.2 and G.S. 147-69.3.

When the fund herein provided for reaches the sum of five percent (5%) of the total insurance in force, then annually thereafter the State Board of Education shall proportionately decrease the premiums on insurance to an amount which will be sufficient to maintain the Fund at five percent (5%) of the total insurance in force, and in the event in the judgment of the State Board of Education the income from the investments of the Fund are sufficient to maintain the same at five percent (5%) of the total insurance in force, no premium shall be charged for the ensuing year: Provided, that no building or property insured shall cease to pay premiums until five annual payments of premiums have been made whether or not through such payments the Fund shall be increased beyond five percent (5%) of the total insurance in force, unless such building or property shall cease to be insurable within the meaning of G.S. 115C-535 to G.S. 115C-542 within such five-year period.

§ 115C-537. **Insurance of property by local boards; notice of election to insure and information to be furnished; outstanding policies.**—All local boards of education may insure all property within their units against the direct loss or damage by fire, lightning, windstorm, hail or explosions resulting by reason of defects in equipment in public school buildings and other public school properties in the Fund hereinafter set up and provided for. Any property covered by an insurance policy in effect on the date when the property of a unit is insured in the Fund shall be insured by the Fund as of the expiration of the policy. Each local board shall give notice of its election to insure in the Fund at least 30 days prior to such insurance becoming effective and shall furnish to the State Board of Education a full and complete list of all outstanding fire insurance policies, giving in complete detail the name of the insurers, the amount of the insurance and expirations thereof. While the said insurance policies remain in effect, the Fund shall act as coinsurer of the properties covered by such insurance to the same extent and in the same manner as is provided for coinsurance under the provisions of the standard form of fire
insurance as provided by law, and in the event of loss shall have the same rights and duties as required by participating insurance companies.

"§ 115C-538. Inspections of insured public school properties.—The State Board of Education shall provide for periodic inspections of all public school properties in the State of North Carolina insured under the provisions hereof, the said inspections for safety of buildings and particularly school buildings, against the loss or damage from fire and explosions. The inspections shall be the basis for offering such engineering advice as may be thought to be necessary to safeguard the children in the public schools from death and injury from school fires or explosions and to protect said school properties from loss, and the local boards of education shall be required so far as possible, and reasonable, to carry out and put into effect such recommendations in respect thereto as may be made by the State Board of Education.

"§ 115C-539. Information to be furnished prior to insuring in Fund; providing for payment of premiums.—Local boards of education shall at least 30 days before insuring in the Fund, furnish to the State Board of Education a complete and detailed list of all school buildings and contents thereof and other insurable school property, together with an estimate of the present value of the said property. Valuation for purposes of insuring in the Fund shall be reached by agreement in accordance with the procedure hereinafter set up for adjustment of losses. Local boards of education and the tax-levying authority shall be required to provide for the payment of premiums for insurance on the school properties of each local school administrative unit, respectively, to the extent of not less than seventy-five percent (75%) of the current insurable value of the said properties, including the insurance in fire insurance companies and the insurance provided by the Fund as set out herein.

"§ 115C-540. Determination and adjustment of premium rates; certificate as to insurance carried; no lapse; notice as to premiums required, and payment thereof.—The State Board of Education shall determine the annual premium rate to be charged for insurance of school properties as herein provided, which said rate shall not, however, be in excess of the rates fixed by law for insurance of such properties in effect on May 31, 1948, and such rates shall be adjusted from time to time so as to provide insurance against damage or loss resulting from fires, lightning, windstorm, hail or explosions resulting from defects in equipment in public school buildings and properties for the local school administrative units at the lowest cost possible in keeping with the payment of cost of administration of G.S. 115C-535 to G.S. 115C-542, and the creation of adequate reserves to pay losses which may be incurred. The State Board of Education shall furnish to each local school administrative unit annually and, at such times as changes may require, a certificate showing the amount of insurance carried on each item of insurable property. The said insurance shall not lapse but shall remain in force until the local board of education requests that said insurance be cancelled or until such property becomes uninsurable in the manner set out in G.S. 115C-542. From time to time the local board of education shall be notified as to the amount of the premiums required to be paid for said insurance and the amounts thereof shall be provided for in the annual budget of such schools. The tax-levying authorities shall provide by taxation or otherwise a sum sufficient to pay the required premiums thereon.

The local board of education shall within 30 days from notice thereof pay to the State Board of Education the premiums on such insurance, and in the event
CHAPTER 423  Session Laws—1981

that there are no funds on hand at such time with which to make said payment, the same shall be paid out of the first funds available to such school board. Delayed payments shall bear interest at the rate of six percent (6%) per annum.

"§ 115C-541. Adjustment of losses; determination and report of appraisers; payment of amounts to treasurers of local school administrative units; disbursement of funds.—In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties for the local school administrative units, the Fund shall pay the loss in the same proportion as the amount of insurance carried bore to the valuation of the property at the time it was insured, but not exceeding the amount which it would cost to repair or replace the property with material of like quality within a reasonable time after such loss, not in excess of the amount of insurance provided for said property, and not in excess of the amount of such loss which the Fund is required to pay in participation with fire insurance companies having policies of insurance in force on said properties at the time of the loss or damage, and the Fund shall not be liable for a greater proportion of any loss than the amount of insurance thereon shall bear to the whole insurance covering the property against the peril involved.

In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties of the local school administrative units, to the property insured, when an agreement as to the extent of such loss or damage cannot be arrived at between the State Board of Education and the local officials having charge of the said property, the amount of such loss or damage shall be determined by three appraisers; one to be named by the State Board of Education, one by the local board of education having charge of the property, and the two so appointed shall select a third, all of whom shall be disinterested persons, and qualified from experience to appraise and value such property: Provided, however, if the appraisers appointed by the State Board of Education and the local board of education shall fail for 15 days to agree upon the third appraiser, then, on request of the State Board of Education or the local board of education having charge of the property, such third appraiser shall be selected by the resident judge of the superior court of the judicial district in which the property is located. The appraisers so named shall file their written report with the State Board of Education and with the local board of education having such property in charge. The costs of the appraisal shall be paid by the Fund. Upon the determination of the loss by the appraisers, the State Board of Education shall pay the amount of such loss or damage to school property in the control of the local school administrative unit to its treasurer, upon proper warrant of the State Board of Education. Said funds shall be paid out by the treasurer of said units, as provided by this Chapter for the disbursement of the funds of such unit.

"§ 115C-542. Maintenance of inspection and engineering service; cancellation of insurance.—The State Board of Education is authorized and empowered to maintain an inspection and engineering service deemed by it appropriate and necessary to reduce the hazards of fire in public school buildings insured in the Fund as hereinbefore provided, and to expend for such purpose not in excess of ten percent (10%) of the annual premiums collected from the local school authorities. The State Board of Education is hereby authorized and empowered to cancel any insurance on any school property when, in its opinion, because of
dilapidation and depreciation such property is no longer insurable. Before
cancellation, the local board of education shall be given at least 30 days notice,
and in the event said property can be restored to insurable condition, the State
Board of Education may make such orders with respect to the continuance of
such coverage as may be deemed proper: Provided, that the findings and results
of the inspection of local school property by the agents of the Board shall be
reported to local boards of education and to the board of county commissioners
of such units as carry insurance with the State 30 days before budget-making
time in order that all school property shall be properly taken care of and made
safe from fire hazards.

Section 1. Chapter 495 of the Session Laws of 1977, being the Charter of the City of Wilmington, is amended by adding a new Article numbered XXXI to read as follows:

"ARTICLE XXXI.
"Economic Development Projects.

"Sec. 31.1. Economic Development Projects. (a) Definition. In this Article economic development project means an economic capital development project within a certain defined area or areas of the city as established by the city council, comprised of one or more buildings or other improvements and including any public and/or private facilities. Said project may include programs or facilities for improving downtown redevelopment, 'pocket of poverty' or other federal or State assistance programs which the city council
determines to be in need of economic capital development or revitalization and which qualify for capital assistance under applicable federal or State programs.

(b) Authorization.

(1) In addition to any other authority granted by law, the City of Wilmington may accept grants, expend funds, make grants or loans, acquire property and participate in capital economic development projects which the city council determines will enhance the economic development and revitalization of the city in accordance with the authority granted herein. Such project may include both public and/or private buildings or facilities financed in whole or in part by federal or State grants (including but not limited to urban development action grants) and may include any capital expenditures which the city council finds necessary to comply with conditions in any federal or State grant agreements and which the city council finds will complement the project and improve the public tax base and general economy of the city. By way of illustration, but not limitation, such a project may include the construction or renovation of any one or combination of the following projects:

a. Privately owned hotel.
b. Privately owned office building.
c. Housing.
d. Parking facilities.
e. Industrial buildings.
f. Site improvements.

Such project may be partially financed with city funds received from federal or State sources and being granted or loaned to the private owner for said construction or renovation; in addition, other city funds from any sources may be used for acquisition, construction, leasing and/or operation of facilities by the city for the general public and for capital improvements to public facilities which will support and enhance the private facilities and the general economy of the city.

(2) When the city council finds that it will promote the economic development or revitalization in the city, the city may acquire, construct, and operate or participate in the acquisition, construction, ownership and operation of an economic development project or of specific buildings or facilities within such a project and may comply with any State or federal government grant requirements in connection therewith. The city may enter into binding contracts with one or more private parties or governmental units with respect to acquiring, constructing, owning or operating such a project. Such a contract may, among other provisions, specify the responsibilities of the city and the developer or developers and operators or owners of the project, including the financing of the project. Such a contract may be entered into before the acquisition of any real property necessary to the project by the city or the developer or other parties.

(c) Property acquisition. An economic development project may be constructed on property acquired by the developer or developers, or on property directly acquired by the city, or on property acquired by the Redevelopment Commission or its successors while exercising the powers, duties and responsibilities pursuant to G.S. 160A-505.
(d) Property disposition. In connection with an economic development project, the city may convey interests in property owned by it, including air rights over public facilities, as follows:

1. If the property was acquired under the urban redevelopment law, the property interests may be conveyed in accordance with special or general law.

2. If the property was acquired by the city directly, the city may convey property interests by any procedure set forth in its city charter, special act or the general law or by private negotiation or sale.

(e) Construction of the project. A contract between the city and the developer or developers may provide that the developer or developers shall be responsible for the construction of the entire economic development project. If so, the contract shall include such provisions as the city council deems sufficient to assure that any public facilities included in the project meet the needs of the city and are constructed at a reasonable price. Any funds loaned by the city, pursuant to this paragraph, to a private developer, and used by said developer in the construction of a project on private property shall not be deemed an expenditure of public funds.

(f) Operation. The city may contract for the operation of any public facility or facilities included in an economic development project by a person, partnership, firm or corporation, public or private. In addition, the city, upon consideration, may contract through lease or otherwise whereby it may operate privately constructed parking facilities to serve the general public. Such a contract shall include provisions sufficient to assure that any such facility or facilities are operated for the benefit of the citizens of the city."

(h) In the event of a future dissolution of the Wildlife Resources Commission, such State agency as shall succeed to its budgetary authority shall, ex officio, assume the trusteeship of the Wildlife Endowment Fund and shall be bound by all the limitations and restrictions placed by this section on expenditures from the fund. The General Assembly of North Carolina enacts:

Section 1. A new Chapter 1C, Article 16 is added to the General Statutes:

"ARTICLE 16.
"EXEMPT PROPERTY.

"§ 1C-1601. Exempt property.—(a) Exempt property. Each individual, resident of this State, who is a debtor is entitled to retain free of the enforcement of the claims of his creditors:

(1) The debtor's aggregate interest, not to exceed seven thousand five hundred dollars ($7,500) in value, in real property or personal property that the debtor or a dependent of the debtor uses as a residence, in a cooperative that owns property that the debtor or a dependent of the debtor uses as a residence, or in a burial plot for the debtor or a dependent of the debtor.

(2) The debtor's aggregate interest in any property, not to exceed two thousand five hundred dollars ($2,500) in value less any amount of the exemption used under subdivision (1).

(3) The debtor's interest, not to exceed one thousand dollars ($1,000) in value, in one motor vehicle.

(4) The debtor's aggregate interest, not to exceed two thousand five hundred dollars ($2,500) in value for the debtor plus five hundred dollars ($500) for each dependent of the debtor, not to exceed two thousand dollars ($2,000) total for dependents, in household furnishings, household goods, wearing apparel, appliances, books, animals, crops, or musical instruments, that are held primarily for the personal, family, or household use of the debtor or a dependent of the debtor.

CHAPTER 490    Session Laws—1981

(1) transfer of property allocated as exempt (and in that event only as to the specific property transferred), or
(2) written waiver, after judgment, approved by the court. The court must find that the waiver is made freely, voluntarily, and with full knowledge of the debtor’s rights to exemptions and that he is not required to waive them;
(3) failure to assert the exemption after notice to do so pursuant to G.S. 1C-1603, if the court finds that the debtor had a reasonable opportunity to assert the exemption. The court may relieve such a waiver made by reason of mistake, surprise or excusable neglect, to the extent that the rights of innocent third parties are not affected.

(d) Recent purchases. The exemptions provided in subsections (2), (3), (4) and (5) of subsection (a) of this section are inapplicable with respect to tangible personal property purchased by the debtor less than 90 days preceding the initiation of judgment collection proceedings or the filing of a petition for bankruptcy.

(5) for payment of obligations contracted for the purchase of the specific property affected;

(8) for statutory liens, on the specific property affected, other than judicial liens;
(9) for child support or alimony order pursuant to Chapter 50 of the General Statutes.

(f) Federal Bankruptcy Act. The exemptions provided in The Bankruptcy Act, 11 U.S.C. § 522(d), are not applicable to residents of this State. The exemptions provided by this Article shall apply for purposes of The Bankruptcy Act, 11 U.S.C. § 522(b).

“§ 1C-1602. Alternative exemptions.—If the allocation of amounts provided in this Article is insufficient to meet constitutionally mandated exemptions, the court may upon motion of the debtor assign as exempt the additional property required to satisfy those requirements. If the debtor elects to take the personal property and homestead exemptions provided in Article X of the Constitution of North Carolina in property other than that exempted by G.S. 1C-1601, then the exemptions provided by G.S. 1C-1601 shall not apply and in that event the exemptions provided in this Article shall not be construed so as to affect the personal property and homestead exemptions granted by Article X of the Constitution of North Carolina.
"§ 1C-1603. Procedure for setting aside exempt property.—(a) Motion or Petition; Notice.

(1) A judgment debtor may have his exempt property designated in a separate action before the clerk or a district court judge, by a motion or petition in a pending case (except a case before a magistrate), or in a proceeding relating to the enforcement of a money judgment (including an execution or a supplemental proceeding).

(2) A judgment creditor may have the exempt property of the debtor designated in a proceeding to enforce a money judgment (including an execution or a supplemental proceeding).

(3) In a proceeding for the enforcement of a money judgment (including an execution or a supplemental proceeding) the court may determine that particular property is not exempt even though there has been no proceeding to designate the exemption.

(4) If it appears in a proceeding for enforcement of a money judgment (including an execution or a supplemental proceeding) that exempt property may be affected and there has been no allocation of exempt property, the court must cause notice to be served upon the judgment debtor advising him of his rights. Judgment Debtor

Sworn to and Subscribed before me this day of__________, 19__.

Notary Public

My Commission Expires:

(d) Notice to persons affected.

(1) If the debtor does not initiate the proceeding, he must be served in the manner provided by G.S. 1A-1, Rule 4 with the petition, motion or notice directed by the court. He must then file the statement required by subsection (c) and may respond. Notice of the hearing may be given by debtor or creditor to any creditor.

(2) If the debtor initiates the proceeding, notice of the hearing must be given to each creditor scheduled by the debtor.

(e) Procedure for setting aside exempt property.

(1) The court must hold a hearing for the determination of the exempt property.

(2) If at the time for the hearing no objection has been made by a creditor or other interested person the judge may, if he finds it appropriate, enter an order designating the property scheduled by the debtor as exempt property.

(3) If objection is made the court must determine the value of the property. The court may appoint a qualified person to examine the property and report its value to the court. Compensation of that person must be advanced by the person requesting the valuation and is a court cost having priority over the claims.

(4) If the debtor fails to file the statement required by subsection (c) the court must determine whether the debtor had a reasonable opportunity to assert the exemption.

(5) The court must enter an order designating any exempt property and directing any steps necessary to designate it. Supplemental reports and orders may be filed and entered as necessary to reflect implementation of the order.

(6) The court may permit a particular item of property having value in excess of the allowable exemption to be retained by the debtor upon his making available to creditors money or property not otherwise available to them in an amount equivalent to the excess value. Priorities of creditors are the same in the substituted property as they were in the original property. The court may provide for the sale of property having
excess value and appropriate distribution of the proceeds at a time and in a manner fixed by the order.

(f) Notation of order on judgment docket. A notation of the order setting aside exempt property must be entered by the clerk of court on the judgment docket opposite the judgment that was the subject of the enforcement proceeding. If the exempt property is designated in a separate action, notation of the order shall be entered on the judgment docket.

(g) Modification. The debtor's exemption may be modified by motion in the original exemption proceeding by anyone who did not receive notice of the exemption hearing. Also, the debtor's exemption may be modified upon a change of circumstances, by motion in the original exemption proceeding, made by the debtor or anyone interested. A substantial change in value may constitute changed circumstances. Modification may include the substitution of different property for the exempt property.

(h) Determinations by clerk or judge. Determinations in any proceeding to set aside exempt property may be made by the clerk or judge.

"§ 1C-1604. Effect of exemption.—(a) Property allocated to the debtor as exempt is free of the enforcement of the claims of creditors for indebtedness incurred before or after the exempt property is set aside, other than claims excepted by G.S. 1C-1601(e), for so long as the debtor owns it. When the property is conveyed to another, the exemption ceases as to liens attaching prior to the conveyance. Creation of a security interest in the property does not constitute a conveyance within the meaning of this section, but a transfer in satisfaction of, or for the enforcement of, a security interest is a conveyance. When exempt property is conveyed, the debtor may have other exemptions allotted. The statute of limitation on judgments is suspended for the period of exemption, as to the property which is exempt.

(b) Exempt property which passes by bequest, devise intestate succession or gift to a dependent spouse, child or person to whom the debtor stands in loco parentis, continues to be exempt while held by that person. The exemption is terminated if the spouse remarries, or, with regard to a dependent, when the court determines that dependency no longer exists."

Sec. 2. G.S. 1-369 through G.S. 1-392 are repealed.

Sec. 3. This act shall become effective October 1, 1981, and applies to all actions and proceedings initiated before and after that date. If a proceeding has been initiated prior to that date the court may enter appropriate transitional orders.

In the General Assembly read three times and ratified, this the 2nd day of June, 1981.

(7) ‘Mental or Nervous Disorders’ shall not be defined more restrictively than a definition including neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disease or disorder of any kind.

(8) ‘Nurses’ may be defined so that the description of nurse is restricted to a type of nurse, such as registered graduate professional nurse (R.N.), a licensed
practical nurse (L.P.N.), or a licensed vocational nurse (L.V.N.). If the words 'nurse', 'trained nurse' or 'registered nurse' are used without specific instruction, then the use of these terms requires the insurer to recognize the services of any individual who qualified under the terminology in accordance with the applicable statutes or administrative rules of the licensing or registry board of the State.

(9) 'Physician' may be defined by including words like 'duly qualified physician' or 'duly licensed physician'. The use of these terms requires an insurer to recognize and to accept, to the extent of its obligation under the contract, all providers of medical care and treatment when the services are within the scope of the provider's licensed authority and are provided pursuant to applicable laws.

(10) 'Sickness' shall not be defined to be more restrictive than the following: 'Sickness means sickness or disease of an insured person which first manifests itself after the effective date of insurance and while the insurance is in force.' The definition may be further modified to exclude sicknesses or diseases for which benefits are provided under any workers' compensation, occupational disease, employer's liability or similar law.

§ 58-262.10. Prohibited policy provisions.—(a) No insurance policy or subscriber contract may be advertised, solicited or issued for delivery in this State as a Medicare supplement policy if that policy or subscriber contract limits or excludes coverage by type of illness, accident, treatment or medical condition, except as follows:

(1) mental or emotional disorders, alcoholism and drug addiction;
(2) illness, treatment or medical condition arising out of:
   a. war or act of war (whether declared or undeclared); participation in a felony, riot or insurrections; service in the armed forces or units auxiliary thereto;
   b. suicide (sane or insane), attempted suicide or intentionally self-inflicted injury;
   c. aviation;
(3) cosmetic surgery, except that 'cosmetic surgery' shall not include reconstructive surgery when the service is incidental to or follows surgery resulting from trauma, infection or other diseases of the involved part;
(4) treatment provided in a governmental hospital; benefits provided under Medicare or other governmental program (except Medicaid), any State or federal workers' compensation, employer's liability or occupational disease law, or any motor vehicle no-fault law; services rendered by employees of hospitals, laboratories or other institutions; services performed by a member of the covered person's immediate family and services for which no charge is normally made in the absence of insurance;
(5) dental care or treatment;
(6) eye glasses, hearing aids and examination for the prescription or fitting thereof;
(7) rest cures, custodial care, transportation and routine physical examinations;
provision for more restrictive than those of Medicare. Medicare supplement policies may exclude coverage for any expense to the extent of any benefit available to the insured under Medicare.

(b) Medicare supplement policy coverages for the following shall not be more restrictive than those of Medicare:

(1) foot care in connection with corns, calluses, flat feet, fallen arches, weak feet, chronic foot strain, or symptomatic complaints of the feet;

(2) care in connection with the detection and correction by manual or mechanical means of structural imbalance, distortion, or subluxation in the human body for purposes of removing nerve interference and the effects thereof, where such interference is the result of or related to distortion, misalignment or subluxation of, or in the vertebral column.

(c) No Medicare supplement policy may use waivers to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions.

§ 58-262.11. Minimum benefit standards.—No insurance policy or subscriber contract may be advertised, solicited or issued for delivery in this State as a Medicare supplement policy which does not meet the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

(1) General Standards. The following standards apply to Medicare supplement policies and are in addition to all other requirements of this Article.

a. A Medicare supplement policy may not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. The policy may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

b. A Medicare supplement policy may not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

c. A Medicare supplement policy shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

d. A 'noncancellable', 'guaranteed renewable', or 'noncancellable and guaranteed renewable' Medicare supplement policy shall not:

1. provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium, or

2. be cancelled or nonrenewed by the insurer solely on the grounds of deterioration of health; and

e. Termination of a Medicare supplement policy shall be without prejudice to any continous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continous total disability of the
insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits.

(2) Minimum Benefit Standards.

a. Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

b. Coverage of Part A Medicare eligible expenses incurred as daily hospital charges during use of Medicare's lifetime hospital inpatient reserve days;

c. Upon exhaustion of all Medicare hospital inpatient coverage including the lifetime reserve days, coverage of ninety percent (90%) of all Medicare Part A eligible expenses for hospitalization not covered by Medicare subject to a lifetime maximum benefit of an additional 365 days;

d. Coverage of twenty percent (20%) of the amount of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket deductible of two hundred dollars ($200.00) of such expenses and to a maximum benefit of at least five thousand dollars ($5,000) per calendar year.

"§ 58-262.12. Loss ratio standards.—Medicare supplement policies shall be expected to return to policyholders in the form of aggregate benefits under the policy, as estimated for the entire period for which rates are computed to provide coverage, on the basis of incurred claims experience and earned premiums for such period and in accordance with accepted actuarial principles and practices:

(1) At least seventy-five percent (75%) of the aggregate amount of premiums collected in the case of group policies, and

(2) At least sixty percent (60%) of the aggregate amount of premiums collected in the case of individual policies.

For purposes of this section, Medicare supplement policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

"§ 58-262.13. Disclosure standards.—(a) In order to provide for full and fair disclosure in the sale of Medicare supplement policies, no Medicare supplement policy shall be delivered or issued for delivery in this State and no certificate shall be delivered pursuant to a group Medicare supplement policy delivered or issued for delivery in this State unless an outline of coverage is delivered to the applicant at the time application is made.

(b) General Rules.

(1) Medicare supplement policies shall include a renewal, continuation or nonrenewal provision. The language or specifications of that provision must be consistent with the type of contract to be issued. The provision shall be appropriately captioned, shall appear on the first page of the policy, and shall clearly state the duration, where limited, of renewability and the duration of the term of coverage for which the policy is issued and for which it may be renewed.

(2) Except for riders or endorsements by which the insured effectuates a request made in writing by the insured or exercises a specifically reserved right under a Medicare supplement policy, all riders or
CHAPTER 503  Session Laws—1981

endorsements added to a Medicare supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require signed acceptance by the insured. After the date of policy issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term must be agreed to in writing signed by the insured, except if the increased benefits of coverage are required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, such premium charge shall be set forth in the policy.

(3) A Medicare supplement policy which provides for the payment of benefits based on standards described as 'usual and customary', 'reasonable and customary' or words of similar import shall include a definition of these terms and an explanation of these terms in its accompanying outline of coverage.

(4) If a Medicare supplement policy contains any limitations with respect to preexisting conditions, the limitations must appear as a separate paragraph of the policy and be labeled as 'Pre-existing Condition Limitations'.

(5) Medicare supplement policies or certificates, other than those issued pursuant to direct response solicitation, shall have a notice prominently printed on the first page of the policy or attached thereto stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate within 10 days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason, if the benefits have not been used. Medicare supplement policies or certificates issued pursuant to a direct response solicitation to persons eligible for Medicare by reason of age shall have a notice prominently printed on the first page or attached thereto stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate within 30 days of its delivery and to have the premium refunded if after examination the insured person is not satisfied for any reason.

(6) Insurers issuing accident and sickness policies, certificates or subscriber contracts which provide hospital or medical expense coverage on an expense incurred or indemnity basis, other than incidentally, to a person(s) eligible for Medicare by reason of age shall provide to all applicants a Medicare supplement 'buyer's guide' in the form prescribed by the commissioner. Delivery of the 'buyer's guide' shall be made whether or not the policies, certificates or subscriber contracts are advertised, solicited or issued as Medicare supplement policies as defined in this regulation. Except in the case of direct response insurers, delivery of the 'buyer's guide' shall be made to the applicant at the time of application and acknowledgment of receipt of the 'buyer's guide' shall be obtained by the insurer. Direct response insurers shall deliver the 'buyer's guide' to the applicant upon request but not later than at the time the policy is delivered.
(7) Except as otherwise provided in subsection d. of this section, the terms
'Medicare Supplement', 'Medigap' and words of similar import shall not
be used unless the policy is issued in compliance with G.S. 58-262.11.
(c) Outline of Coverage Requirements for Medicare Supplement Policies.
(1) Insurers issuing Medicare supplement policies for delivery in this State
shall provide an outline of coverage to all applicants at the time
application is made and, except for direct response policies, shall obtain
an acknowledgment of receipt of such outline from the applicant; and
(2) If a Medicare supplement policy or certificate is issued on a basis which
would require revision of the outline of coverage delivered at the time
of application, a substitute outline of coverage properly describing the
policy or certificate actually issued must accompany such policy or
certificate when it is delivered and contain the following statement, in
no less than 12 point type, immediately above the company name:
'NOTICE: Read this outline of coverage carefully. It is not identical to
the outline of coverage provided upon application and the coverage
originally applied for has not been issued.'
(3) The outline of coverage provided to applicants pursuant to subsections
(1) or (2) shall be in the form prescribed below:

(COMpany NAME)

OUTLINE OF MEDICARE
SUPPLEMENT COVERAGE

(1) Read Your Policy Carefully — This outline of coverage provides a
very brief description of the important features of your policy. This is
not the insurance contract and only the actual policy provisions will
control. The policy itself sets forth in detail the rights and obligations
of both you and your insurance company. It is, therefore, important
that you READ YOUR POLICY CAREFULLY.
(2) Medicare Supplement Coverage — Policies of this category are
designed to supplement Medicare by covering some hospital, medical,
and surgical services which are partially covered by Medicare.
Coverage is provided for hospital inpatient charges and some
physician charges, subject to any deductibles and copayment
provisions which may be in addition to those provided by Medicare,
and subject to other limitations which may be set forth in the policy.
The policy does not provide benefits for custodial care such as help in
walking, getting in and out of bed, eating, dressing, bathing and taking
medicine (delete if such coverage is provided).
(3) (a) (for agents:)
Neither (insert company's name) nor its agents are connected with
Medicare.
(b) (for direct responses:) (insert company's name) is not connected
with Medicare.
(4) (A brief summary of the major benefit gaps in Medicare Parts A & B
with a parallel description of supplemental benefits, including dollar
amounts, provided by the Medicare supplement coverage in the
following order:)

(d) Notice regarding policies or subscriber contracts which are not Medicare supplement policies. Any accident and sickness insurance policy or subscriber contract, other than a Medicare supplement policy; disability income policy; basic, catastrophic, or major medical expense policy; single premium nonrenewable policy or policy identified in G.S. 58-262.8(3)b. issued for delivery in this State to persons eligible for Medicare by reason of age shall notify insureds under the policy or subscriber contract that the policy or subscriber contract is not a Medicare supplement policy. This notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy or subscriber contract, or if no outline of coverage is delivered, to the first page of the policy, certificate or subscriber contract delivered to insureds. This notice shall be in no less than 12 point type and shall contain the following language: ‘THIS (POLICY, CERTIFICATE OR SUBSCRIBER CONTRACT) IS NOT A MEDICARE SUPPLEMENT (POLICY OR CERTIFICATE). If you are eligible for Medicare review the Medicare Supplement Buyers Guide available from the company.’

‘§ 58-262.14. Requirements for replacement.—(a) Application forms shall include a question designed to elicit information as to whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant containing this question may be used.
(b) Upon determining that a sale will involve replacement, an insurer, other than a direct response insurer, or its agent, shall furnish the applicant, prior to issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of accident and sickness coverage. One copy of this notice shall be provided to the applicant and an additional copy signed by the applicant shall be retained by the insurer. A direct response insurer shall deliver to the applicant at the time of the issuance of the policy the notice regarding replacement of accident and sickness coverage. In no event, however,
will a notice be required in the solicitation of 'accident only' and 'single premium nonrenewable' policies.

(c) The notice required by subsection (b) above for an insurer, other than a direct response insurer, shall be provided, in substantially the following form:

NOTICE TO APPLICANT REGARDING REPLACEMENT
OF ACCIDENT AND SICKNESS INSURANCE

According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with a policy to be issued by (Company Name) Insurance Company. Your new policy provides 10 days within which you may decide without cost whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

(1) Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.

(2) You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

(3) If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical/health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

The above 'Notice to Applicant' was delivered to me on:

(d) The notice required by subsection (b) above for a direct response shall be as follows:

NOTICE TO APPLICANT REGARDING REPLACEMENT
OF ACCIDENT AND SICKNESS INSURANCE

According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with the policy delivered herewith issued by (Company Name) Insurance Company. Your new policy provides 30 days within which you may decide without cost whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

(2) You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

(3) (To be included only if the application is attached to the policy.) If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, read the copy of the application attached to your new policy and be sure that all questions are answered fully and corrected. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to (Company Name and Address) within 10 days if any information is not correct and complete, or if any past medical history has been left out of the application.

G.S. 163-8 is amended by rewriting the last sentence of the first paragraph to read: "Each such vacancy shall be filled by election at the first statewide general election that occurs more than 30 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired four-year term: Provided, that when a vacancy occurs in any of the offices named in this section and the term expires on the first day of January succeeding the next statewide general election, the Governor shall appoint to fill the vacancy for the unexpired term of the office."

AN ACT TO PROVIDE DEFENSE OF EMPLOYEES AND OFFICERS OF AREA MENTAL HEALTH, MENTAL RETARDATION AND SUBSTANCE ABUSE AUTHORITIES AND OF THE AGENCIES WITH WHICH THE AREA AUTHORITY CONTRACTS FOR THE PROVISION OF SERVICES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 122-35.36(10) is amended by deleting the period on line four and inserting the following:

“as provided in this Article.”
Sec. 2. Article 2F of Chapter 122 is amended by adding the following new sections:

"§122-35.40B. Liability insurance and waiver of immunity as to torts of agents, employees and board members.—(a) Any area mental health, mental retardation and substance abuse authority, by securing liability insurance as hereinafter provided, is hereby authorized and empowered to waive its governmental immunity from liability for damage by reason of death or injury to person or property caused by the negligence or tort of any agent, employee or board member of such area mental health, mental retardation and substance abuse authority when acting within the scope of his authority or within the course of his duties or employment. Such immunity shall be deemed to have been waived by the act of obtaining such insurance, but such immunity is waived only to the extent that said authority is indemnified by insurance for such negligence or tort.

(b) Any contract of insurance purchased pursuant to this section must be issued by a company or corporation duly licensed and authorized to execute insurance contracts in this State and must by its terms adequately insure the area mental health, mental retardation and substance abuse authority against any and all liability for any damages by reason of death or injury to a person or property proximately caused by the negligent acts or torts of the agents, employees and board members of said authority when acting within the course of their duties or employment. The area mental health, mental retardation and substance abuse board shall determine the extent of liability and what agents, employees by class and board members shall be covered by any insurance purchased pursuant to this subsection. Any company or corporation which enters into a contract of insurance as above described with such authority, by such act waives any defense based upon the governmental immunity of such authority.

(c) Any persons sustaining damages, or in the case of death, his personal representative may sue an authority insured under this section for the recovery of such damages in any court of competent jurisdiction in this State, but only in a county located within the geographic limits of the authority; and it shall be no defense to any such action that the negligence or tort complained of was in pursuance of governmental, municipal or discretionary function of such authority if, and to the extent, such authority has insurance coverage as provided by this section.

(d) Except as hereinbefore expressly provided, nothing in this section shall be construed to deprive any such authority of any defense whatsoever to any such action for damages or to restrict, limit, or otherwise affect any such defense which said authority may have at common law or by virtue of any statute and nothing in this section shall be construed to relieve any person sustaining damages or any personal representative of any decedent from any duty to give notice of such claim to said authority or to commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by statute.

(e) Such authority may incur liability pursuant to this section only with respect to a claim arising after such authority has procured liability insurance pursuant to this section and during the time when such insurance is in force.

(f) No part of the pleadings which relate to or allege facts as to a defendant's insurance against liability shall be read or mentioned in the presence of the trial
jury in any action brought pursuant to this section. Such liability shall not attach unless the plaintiff shall waive the right to have all issues of law or fact relating to insurance in such an action determined by a jury and such issues shall be heard and determined by the judge without resort to a jury and the jury shall be absent during any motions, arguments, testimony or announcement of findings of fact or conclusions of law with respect to insurance.

“§ 122-35.40C. Defense of agents, employees and board members.—(a) Upon request made by or in behalf of any agent, employee or board member or former agent, employee or board member of the area mental health, mental retardation and substance abuse authority, any such authority may provide for the defense of any civil or criminal action or proceeding brought against him either in his official or in his individual capacity, or both, on account of any act done or omission made, or any act allegedly done or omission allegedly made, in the scope and course of his duty as an agent, employee or board member of the authority. The defense may be provided by the local board by employing counsel or by purchasing insurance which requires that the insurer provide the defense. Nothing in this section shall be deemed to require any such authority to provide for the defense of any action or proceeding of any nature.

(b) Any such authority may budget funds for the purpose of paying all or part of the claim made or any civil judgment entered against any of its agents, employees or board members or former agents, employees or board members when such claim is made or such judgment is rendered as damages on account of any act done or omission made, or any act allegedly done or omission allegedly made, in the scope and course of his duty as an agent, employee or board member of such authority. Nothing in this section shall authorize any authority to budget funds for the purpose of paying any claim made or civil judgment against any of its agents, employees or board members, or former agents, employees or board members, if the authority finds that such agent, employee or board member acted or failed to act because of actual fraud, corruption or actual malice on his part. Any authority may budget for and purchase insurance coverage for payment of claims or judgments pursuant to this section. Nothing in this section shall be deemed to require any authority to pay any claim or judgment referred to herein, and the purchase of insurance coverage for payment of such claim or judgment shall not be deemed an assumption of any liability not covered by such insurance contract, and shall not be deemed an assumption of liability or payment of any claim or judgment in excess of the limits of coverage in such insurance contract.

(c) Subsection (b) of this section shall not authorize any authority to pay all or part of a claim made or civil judgment entered or to provide a defense to a criminal charge unless (i) notice of the claim or litigation is given to the authority prior to the time that the claim is settled or civil judgment is entered and (ii) the authority shall have adopted, and made available for public inspection, uniform standards under which claims made, civil judgments entered, or criminal charges against agents, employees or board members or former agents, employees or board members shall be defended or paid.

(d) The board or boards of county commissioners which establish the area mental health, mental retardation and substance abuse authority and the Secretary of the Department of Human Resources are hereby authorized to allocate funds not otherwise restricted by law, in addition to the funds allocated
for the operation of the program, for the purpose of paying legal defense, judgments and settlements under the provisions of this section."

Sec. 3. G.S. 122-35.49 is amended by denoting the existing section as subsection (a) and by adding a new subsection to read:

"(b) The area authority may also provide the other public or private agencies, institutions or resources with funds to purchase liability insurance, to provide legal representation and to pay any claim with respect to liability for acts, omissions or decisions by members of the boards or employees of the agencies, institutions and resources with whom the area authority contracts; provided, that the acts, omissions and decisions must arise out of the performance of the contract and must not result from actual fraud, corruption or actual malice on the part of the board members or employees."

Sec. 4. The provisions of this act shall apply to both single county and multi-county area mental health, mental retardation and substance abuse authorities.

Sec. 5. This act shall become effective July 1, 1981.

In the General Assembly read three times and ratified, this the 10th day of June, 1981.

AN ACT TO CLARIFY THE LICENSING OF HOMES FOR THE AGED, DISABLED AND INFIRM.

The General Assembly of North Carolina enacts:

Section 1. G.S. 108-77 is rewritten to read:

"§ 108-77. Licensing of domiciliary homes for the aged, disabled and infirm.—

(a) The following definitions will apply in the interpretation of this section:

(1) 'Abuse' means abuse as defined in G.S. 108A-152(a).
(2) 'Developmentally Disabled Adult' means a person who has attained the age of 18 years and who has a developmental disability as defined in G.S. 143B-178(1).
(3) 'Domiciliary Home' means any facility, by whatever name it is called, which provides residential care for aged or disabled persons whose principal need is a home with the sheltered or personal care their age or disability requires. Medical care at a domiciliary home is only occasional or incidental, such as may be required in the home of any individual or family, but the administration of medication is supervised. Domiciliary homes are to be distinguished from nursing homes subject
to licensure under G.S. 130-9(e). The three types of domiciliary homes are homes for the aged and disabled, family care homes and group homes for developmentally disabled adults.

(4) ‘Exploitation’ means exploitation as defined in G.S. 108A-152(i).

(5) ‘Family Care Home’ means a domiciliary home having two to five residents. The structure of a family care home may be no more than two stories high and none of the aged or physically disabled persons being served there may be housed in the upper story without provision for two direct, exterior ground-level accesses to the upper story.

(6) ‘Group Home for Developmentally Disabled Adults’ means a domiciliary home which has two to nine developmentally disabled adult residents.

(7) ‘Home for the Aged and Disabled’ means a domiciliary home which has six or more residents.

(8) ‘Neglect’ means the failure to provide the services necessary to maintain a resident’s physical or mental health.

(b) The Department of Human Resources shall inspect and license, under the rules and regulations adopted by the Social Services Commission all domiciliary homes for persons who are aged or mentally or physically disabled except those exempted in subsection (d) of this section. Licenses issued under the authority of this section shall be valid for one year from the date of issuance unless revoked earlier by the Secretary of Human Resources for failure to comply with any part of this Article or with the regulations promulgated in accordance with the provisions of this Article. Any individual or corporation that operates a facility subject to license under this section without a license is guilty of a misdemeanor. In addition, the Department may utilize the provision for summary suspension of license found in G.S. 150A-3(c) whenever it finds substantial evidence of abuse, neglect, exploitation or any other condition which presents an immediate danger to the health and safety of any resident of the home. Notwithstanding the provisions of G.S. 8-53 or any other provisions of law relating to the confidentiality of communications between physician and patient, the representatives of the Department of Human Resources who make these inspections may review any writing or other record in any recording medium which pertains to the admission, discharge, medication, care, medical condition, or history of persons who are or have been residents, clients, or employees of the facility being inspected unless that resident or client objects in writing to such review. The representatives of the department may also interview physicians, psychologists, psychiatrists, nurses, and anyone else involved in giving care or treatment at or through the facility, to elicit confidential or privileged information, and the physician-patient privilege found in G.S. 8-53 or any other provision of law shall not be a bar to this questioning; provided the resident or client has not made written objection to such disclosure. The facility, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information to the department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the department and not disclosed without written authorization of the resident, client, employee or legal representative or unless disclosure is ordered by a court of competent jurisdiction. The department shall institute appropriate policies and procedures to ensure that this information shall not be
disclosed without authorization or court order. The department shall not disclose the name of anyone who has furnished information concerning a facility without the consent of that person. Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered 'public records' within the meaning of G.S. 132.1.

(c) Facilities which are exempt from the provisions of this section are as follows:

(1) those which care for one person only;
(2) those which care for two or more persons, all of whom are related or connected by blood or by marriage to the operator of the facility;
(3) those which make no charges for care, either directly or indirectly;
(4) those which care for no more than four persons, all of whom are under the supervision of the United States Veterans Administration.

(d) This section does not apply to any institution which is established, maintained or operated by any unit of government, by any commercial inn or hotel, or to any facility licensed by the Medical Care Commission under the provisions of G.S. 130-9(e), entitled ‘Nursing Homes’. If any nursing home licensed under G.S. 130-9(e) also functions as a domiciliary home, the the domiciliary home component must comply with regulations adopted by the Medical Care Commission.

(e) The Department of Human Resources shall provide the method of evaluation of residents in domiciliary homes in order to determine when any of those residents are in need of the professional medical and nursing care provided in licensed nursing homes.

(f) If any provisions of this act or the application of it to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable."

Sec. 2. The amendments to G.S. 108-77 shall be incorporated in G.S. Chapter 131C as recodified by Section 2 of Chapter 275 of the 1981 Session Laws.

Sec. 3. This act shall become effective January 1, 1982.

"Section 1. Article 9 of Chapter 143B of the General Statutes is amended by adding the following new Part:

"§ 143B-426.2. Declaration of findings and policy.—The State of North Carolina is committed to a continuing effort to afford greater opportunities to its children and to burden them with fewer disabilities. The General Assembly finds that the family is the primary custodian of children and the primary provider for the basic needs of children; that some families at times cannot meet all the essential needs of their children and may need governmental assistance, particularly in the areas of health care and education; and that the wide range of programs and agencies serving the needs of children requires that
steps be taken to coordinate the efforts of those agencies and under those programs. The General Assembly declares, therefore, that it is the policy of the State to promote and encourage programs and practices to support and strengthen families in North Carolina; to give priority to health care programs, especially preventive services for small children, and ambulatory care services, which are particularly appropriate to children; to encourage every child to acquire the basic skills necessary to achieve a meaningful life; and to provide a structure through which child-centered programs may be coordinated for maximum effectiveness.

"§ 143B-426.3. Child and Family Services Interagency Committee; creation; membership; structure.—(a) The Child and Family Services Interagency Committee is created. Any board of county commissioners may designate an existing interagency council as the Child and Family Services Interagency Committee for that county. County Child and Family Services Interagency Committees shall be committed to developing literate and healthy children, and shall bring together all existing child and family service resources to help the family and the community ensure good development, health care and education for each child in his early formative years.

"§ 143B-426.6. County Child and Family Services Interagency Committees; membership; organization; procedures.—(a) County Child and Family Services Interagency Committees shall include a representative of the public schools; social services; mental health; developmental evaluation centers; health departments; county, municipal or regional libraries; agricultural extension offices; and any other child-serving agencies designated by the board of county commissioners.

(b) The board of county commissioners may designate the county manager or any other person as chairman of the county committee. Members of the county committee shall elect one of their number as vice-chairman of the committee.

(9) to perform such other powers, duties and functions as the board of county commissioners may prescribe.

"§143B-426.7A. ‘Blue Book’ not incorporated into law.—Nothing in this Part is intended to incorporate into the law the document entitled ‘A Child Health Plan for Raising a New Generation’ produced by the Joint Child Health Planning Task Force as a part of the observance of the International Year of the Child 1979 or any similar health plan. Whereas, the North Carolina General Statutes, in Article 25A of Chapter 58, have established the North Carolina Motor Vehicle Reinsurance Facility and established a plan of operation whereby losses sustained by members may be offset through a process of “recoupment”; and

Whereas, insured persons traditionally contact the agent from whom the policy was obtained regarding such questions and complaints; and

Section 1. Chapter 66 of the General Statutes is amended to create a new Article 22 as follows:

"ARTICLE 22.
"Discount Buying Clubs.

"§ 66-126. Definition.—For the purpose of this Article, a 'discount buying club' is any person, firm or corporation, which in exchange for any valuable consideration offers to sell or to arrange the sale of goods or services to its customers at prices represented to be lower than are generally available. 'Discount buying club' shall not include any cooperative buying association or other group in which no person is intended to profit or actually profits beyond the benefit that all members receive from buying at a discount; nor shall any person, firm or corporation be deemed 'a discount buying club' solely by virtue of the fact that (1) for fifty dollars ($50.00) or less it sells tickets or coupons
valid for use in obtaining goods or services from a retail merchant, or (2) as a
service collateral to its principal business, and for no additional charge it
arranges for its members or customers to purchase or lease directly from
particular merchants at a specified discount.

"§ 66-127. Contracts to be in writing.—Every contract between a discount
buying club and its customers shall be in writing, fully completed, dated and
signed by all contracting parties. A copy of the completed contract shall be given
to the buyer at the time he signs it. The contract shall in clear, conspicuous and
simple language:

1) State the duration of the contract in a definite period of years or months.
If the contract calls for periodic renewal fees, the amount of such fees must be
stated.

2) State that the buying club will maintain a trust account and bond in
compliance with G.S. 66-130, and identify the location of the trust account and
the name and address of the surety company.

3) Contain, immediately above the customer’s signature in boldface type of
not less than 10 points size, a statement substantially as follows:

‘You, the customer, may cancel this contract at any time prior to
midnight of the third business day after the date of this contract. To
cancel you must notify the company in writing of your intent to cancel.’

4) List the categories of goods and services the buying club contracts to make
available.

5) State the procedures by which the customer can select, order, and pay for
merchandise or services and state the time and manner of delivery.

6) State the method the discount buying club will use in setting the price
customers will pay for goods or services.

7) List any charges, however denominated, which are incidental to the
purchase of goods or services and which must be paid by the customer.

8) State the discount buying club’s obligations with respect to warranties on
goods or services ordered.

9) State the customer’s rights and obligations with respect to the
cancellation or return of ordered goods.

"§ 66-128. Customer’s right to cancel.—(a) In addition to any other right to
revoke an offer or cancel a sale or contract, the customer has the right to cancel
a contract for the services of a discount buying club until midnight of the third
business day after the buyer signs a contract which complies with G.S. 66-127.

(b) Cancellation occurs when the customer gives written notice of
cancellation to the discount buying club at the address stated in the contract.

(c) Notice of cancellation, if given by mail, is given when it is deposited in the
United States mail properly addressed with postage prepaid.

(d) Notice of cancellation need not take any particular form and is sufficient
if it indicates by any form of written expression that the customer intends or
wishes not to be bound by the contract.

(e) For purposes of this Article, business days are all days other than
Saturdays, Sundays, holidays, and days on which the discount buying club is not
open for business.

"§ 66-129. Prohibited acts.—Discount buying clubs shall not:

1) Represent to any potential customer that his opportunity to join is limited
in time or that his delay in joining may subject him to an increased price. This
shall not preclude reference to a general price increase that will take effect on a specified date.

(2) Discourage or refuse to allow potential customers to inspect all of their current merchandise catalogs and price lists during normal business hours at their place of business.

(3) Compare their prices for goods or services with other prices unless the comparison prices are prices at which substantial sales of the same goods or services were made in the same area within the past 90 days, and unless a written copy of the comparison is given to the buyer to keep.

(4) Fail upon the customer's request to cancel without charge any purchase order for:

a. services, if such services have not been substantially performed;

b. goods to be specially manufactured, if such manufacture has not been substantially performed; or

c. any other goods, if they have not been delivered to the customer or consigned to a certified public carrier for delivery;

within 90 days after the purchase order was received by the buying club. This provision shall not be construed to limit a customer's right to earlier performance created by contract or by any other applicable law or regulation.

(5) Charge any amount in excess of demonstrable actual damages upon a customer's cancellation of an order.

"§66-130. Bond and trust account required.—(a) Every discount buying club shall obtain and maintain a bond from a surety company licensed to do business in North Carolina. Such bond shall be in an amount not less than twenty-five thousand dollars ($25,000). Whenever a discount buying club has contracts with North Carolina residents, from whom it has received contract payments of fifty thousand dollars ($50,000) or more, exclusive of renewal fees, such bond shall be in an amount not less than fifty thousand dollars ($50,000).

(b) Every discount buying club shall hold advance payments for goods and services in trust in a separate account used solely for that purpose. The funds in such account shall be held free from all liens. Records of such account shall be kept by the buying club in the regular course of its business sufficient to identify the amount held for each customer, the dates of the receipt and withdrawal of funds, and the purpose of withdrawal. Such records must be retained for a period not less than four years following withdrawal. Funds may not be withdrawn from the trust account unless and until (1) the ordered goods have been actually delivered to the customer or consigned to a certified public carrier; or (2) ordered services have been provided in full, or (3) the buying club has refunded the customer's payment.

(c) Any person who is damaged by any violation of this Article, or by any breach by the discount buying club of its contract, may bring an action against the bond, provided that the aggregate liability of the surety shall not exceed the amount of the bond.

(d) Violations of subsections (a) or (b) of this section shall constitute a Class J felony.

"§66-131. Remedies.—(a) Any person injured by a violation of this Article, or breach of any obligation created by this Article or contract subject thereto, may bring an action for recovery of damages, including reasonable attorneys' fees.

(b) The violation of any provision of this Article shall constitute an unfair act or practice under G.S. 75-1.1.
(c) The remedies provided herein shall be in addition to any other remedies provided by law or equity."

(b) All applications that have been filed during the period above provided shall receive consideration by the Game Commission of Currituck County at a meeting to be held at 1:00 p.m. at the Currituck County Courthouse on the Thursday following the second Wednesday in August, at which time all applications for licenses submitted shall be passed upon and granted or refused. Any applicant whose application for a license is denied shall be notified immediately by mail of the rejection of the application. Whether this notice is mailed or received, however, it is the responsibility of each applicant to determine whether his application for a blind license has been approved or rejected and, if desired, to make a timely demand for a hearing under subsection (c) upon rejection of the application.

(c) Any applicant who has been refused a hunting blind license, or any person objecting to the issuance of a license to another, shall by the fourth Wednesday in August following action on the license application notify in writing the clerk to the Game Commission that he demands a public hearing before the Game Commission on the question of the issuance of the license, stating in detail his grounds for objection to the denial or granting of the license. The Game Commission shall conduct a public hearing on all such demands for the purpose of finding facts, hearing the arguments and contentions of the parties, and judicially passing upon the question on the first Wednesday in September of

each year. The hearing shall be held at the Currituck County Courthouse, and
shall convene at 7:00 p.m. If a person objecting to the issuance of a license to
another has demanded a hearing, the clerk to the Game Commission shall mail
by the Thursday following the fourth Wednesday in August a notice of the
hearing to the person whose license application was granted. Mailing of the
notice to the address given in the license application is sufficient notice of the
hearing.

(d) Within one week following the hearing provided by subsection (c), the
clerk to the Game Commission shall file with the Clerk of Superior Court of
Currituck County a listing of all blind licenses issued without contest, all
licenses issued following a hearing on the matter, all license applications denied
without contest, and all license applications denied following the hearing. The
listing for each action taken only after a contest in the hearing shall briefly set
out the Game Commission's findings of fact and the basis for the action taken
on the license application.

(e) Any party to the hearing provided by subsection (c) who is aggrieved by
the decision of the Game Commission may appeal the decision to the District
Court Division of the General Court of Justice sitting in Currituck County,
where the matter shall be heard de novo by a district court judge. The aggrieved
party shall file written notice of his appeal with the office of the Clerk of
Superior Court of Currituck County by the third Wednesday in September
stating the grounds for his objection to the decision of the Game Commission.
Filing timely notice of appeal shall suspend the decision taken by the Game
Commission pending resolution of the question by the district court, but failure
to file timely notice shall bar the right to appeal. The district court shall not
hold any hearing on an appeal prior to the fourth Wednesday in September
following notice of the appeal. The district court shall publicly calendar the
hearing so that interested persons may appear at the hearing and give evidence.
These interested persons may include members of the Game Commission, if
they wish to amplify the grounds for the Game Commission's decision on the
matter. Following the district court's decision, it may implement its ruling with
appropriate orders to the Game Commission concerning issuance of the blind
license or rejection or modification of the application.

(f) The clerk to the Game Commission shall begin issuance of blind licenses as
soon as feasible for those licenses as to which there is no contest; and, as to each
license contested under subsection (c) or by further appeal to the district court,
as soon as feasible after the proceedings with respect to each license have
concluded. The license issued shall carry a number designation; name, age, and
address of the licensee; and a description of the location of the blind by course
and distance as set out in the approved application."

Sec. 13. All prior special and local acts dealing with the Game
Commission of Currituck County other than those listed in Section 1 of this act
are hereby repealed.

b. For purposes of this subdivision, an action based upon or arising out of the defective or unsafe condition of an improvement to real property includes:
1. actions to recover damages for breach of a contract to construct or repair an improvement to real property;
2. actions to recover damages for the negligent construction or repair of an improvement to real property;
3. actions to recover damages for personal injury, death or damage to property;
4. actions to recover damages for economic or monetary loss;

7. actions against a surety or guarantor of a defendant described in this subdivision;
8. actions brought against any current or prior owner of the real property or improvement, or against any other person having a current or prior interest therein;
9. actions against any person furnishing materials, or against any person who develops real property or who performs or furnishes the design, plans, specifications, surveying, supervision, testing or observation of

This does not include medical equipment acquired by or on behalf of a clinical laboratory to provide clinical laboratory services, if the clinical laboratory is independent of a physician's office and a hospital and has been determined under Title XVIII of the Social Security Act to meet the requirements of paragraphs (10) and (11) of Section 1861(s) of that act. In determining whether medical equipment costs more than one hundred fifty thousand dollars ($150,000), the costs of studies, surveys, designs, plans, working drawings, specifications, and other activities essential to acquiring the

The expenditure minimum is one hundred fifty thousand dollars ($150,000) for the 12-month period beginning October 1, 1979. For each 12-month period thereafter the expenditure minimum shall be the figure in effect for the preceding 12-month period, adjusted to reflect the change in the preceding 12-month period in the Department of Commerce Composite Construction Cost Index. The cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities, including staff effort and consulting and other services, essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which an expenditure is made shall be included in determining if the expenditure exceeds the expenditure minimum:

f. the offering of a health service by or on behalf of a health care facility if the service was not offered by or on behalf of the health care facility in the previous 12 months and if the annual operating costs of the service equal or exceed the expenditure minimum. The expenditure minimum for annual operating costs is seventy-five thousand dollars ($75,000) for the 12-month period beginning October 1, 1979. lease or acquisition of any of the following: any health care facility, or
portion thereof; major medical equipment; a controlling interest in the
health care facility, or portion thereof; or a controlling interest in major

or develop a new institutional health service without first obtaining a
certificate of need from the department.

(b) No person shall make an acquisition by donation, lease, transfer, or
comparable arrangement without first obtaining a certificate of need from the
department, if the acquisition would have been a new institutional health
service if it had been made by purchase. In determining whether an acquisition
would have been a new institutional health service the fair market value of the
asset shall be deemed to be the purchase price.

942
(c) No person shall incur an obligation for a capital expenditure which is a new institutional health service without first obtaining a certificate of need from the department. An obligation for a capital expenditure is incurred by or on behalf of a health care facility when:

(1) an enforceable contract, excepting contracts which are expressly contingent upon issuance of a certificate of need, is entered into by or on behalf of the health care facility for the construction, acquisition, lease or financing of a capital asset;

(2) the governing body of a health care facility takes formal action to commit its own funds for a construction project undertaken by the health care facility as its own contractor; or

(3) in the case of donated property, the date on which the gift is completed.

(d) Where the estimated cost of a proposed capital expenditure is certified by a licensed architect or engineer to be equal to or less than the expenditure minimum for capital expenditure, such expenditure shall be deemed not to exceed the expenditure minimum for capital expenditures regardless of the actual amount expended, provided that the following conditions are met:

(1) The certified estimated cost is prepared in writing 60 days or more before the obligation for the capital expenditure is incurred. Certified cost estimates shall be available for inspection at the facility and sent to the department upon its request.

(2) The facility on whose behalf the expenditure was made notifies the department in writing within 30 days of the date on which such expenditure is made if the expenditure exceeds the expenditure minimum for capital expenditures. The notice shall include a copy of the certified cost estimate.

(e) The department may grant certificates of need which permit capital expenditures only for predevelopment activities. Predevelopment activities include the preparation of architectural designs, plans, working drawings, or specifications, the preparation of studies and surveys, and the acquisition of a potential site."

Sec. 4. Article 18 of Chapter 131 of the General Statutes, is amended by adding the following new sections:

"§ 131-178.1. Research activities.—(a) Notwithstanding any other provisions of this Article, a health care facility may acquire major medical equipment to be used solely for research, offer institutional health services to be used solely for research, or incur the obligation of a capital expenditure solely for research, without a certificate of need, if the department grants an exemption. The department shall grant an exemption if the health care facility files a notice of intent with the department in accordance with rules promulgated by the department and if the department finds that the acquisition, offering or obligation will not:

(1) affect the charges of the health care facility for the provision of medical or other patient care services other than services which are included in the research;

(2) substantially change the bed capacity of the facility; or

(3) substantially change the medical or other patient care services of the facility.

(b) After a health care facility has received an exemption pursuant to subsection (a) of this section, it shall not use the major medical equipment, offer
the institutional health services, or use the equipment or facility acquired through the capital expenditure, in a manner which affects the charges of the facility for the provision of medical or other patient care services, other than the services which are included in the research, without first obtaining a certificate of need from the department.

(c) Any of the activities described in subsection (a) of this section shall be deemed to be solely for research even if they include patient care provided on an occasional and irregular basis and not as a part of the research program.

"§ 131-178.2. Health Maintenance Organization.—(a) Subject to the provisions of subsection (b) of this section, no inpatient health care facility controlled, directly or indirectly by a Health Maintenance Organization, hereinafter referred to as HMOs, or combination of HMOs shall offer or develop new institutional health services without first obtaining a certificate of need from the department. Further, subject to the provisions of subsection (b) of this section, no health care facility of an HMO shall offer or develop any of the new institutional health services specified in G.S. 131-176(15) g., h., and i. without first obtaining a certificate of need from the department. This section shall not be construed as requiring that a certificate of need be obtained before an HMO is established.

(b) The requirements of subsection (a) of this section shall not apply to any person who receives an exemption under this subsection. In order to receive an exemption an application must be submitted to the department and the appropriate health systems agency or agencies. The application shall be on forms prescribed by the department and contain the information required by the department. The application shall be submitted at a time and in a manner prescribed by the rules and regulations of the department. The department shall grant an exemption if it finds that the applicant is qualified or will be qualified on the date the activity is undertaken. Any of the following are qualified applicants:

(d) In reviewing certificate of need applications submitted pursuant to this section, the department shall not deny the application solely because the proposal is not addressed in the applicable health systems plan, annual implementation plan or State health plan.

(e) Notwithstanding the review criteria of G.S. 131-181(a), if an HMO or a health care facility which is controlled, directly or indirectly, by an HMO applies for a certificate of need, the department shall grant the certificate if it finds, in accordance with G.S. 131-181(a)(10), that (1) granting the certificate is required to meet the needs of the members of the HMO and of the new members which the HMO can reasonably be expected to enroll, and (2) the HMO is unable to provide, through services or facilities which can reasonably be expected to be available to the HMO, its health services in a reasonable and cost-effective manner which is consistent with the basic method of operations of the HMO and which makes these services available on a long-term basis through physicians and other health professionals associated with it.

Sec. 5. G.S. 131-179, is rewritten to read:

“§ 131-179. Nature of certificates of need.—A certificate of need shall be valid only for the defined scope, physical location, and person named in the application. A certificate of need shall not be transferred or assigned.”

“§ 131-180. Application.—(a) The department in its rules and regulations shall establish schedules for submission and review of completed applications. The schedules, which shall be consistent with federal law and regulations, shall provide that applications for similar proposals in the same health service area will be reviewed together.

(b) An application for a certificate of need shall be made on forms provided by the department. The application forms, which may vary according to the type of proposal, shall require such information as the department, by its rules and regulations, deem necessary to conduct the review. An applicant shall be required to furnish only that information necessary to determine whether the proposed new institutional health service is consistent with the review criteria implemented under G.S. 131-181 and with duly adopted standards, plans, and criteria.”

Sec. 7. G.S. 131-181(a), is amended as follows:

(c) by adding a subdivision (3a) to read as follows:

"(10) The special needs and circumstances of HMOs. These needs and circumstances shall be limited to:

a. The needs of enrolled members and reasonably anticipated new members of the HMO for the health service to be provided by the organization; and

b. The availability of new health services from non-HMO providers or other HMOs in a reasonable and cost-effective manner which is consistent with the basic method of operation of the HMO. In assessing the availability of these health services from these providers, the department shall consider only whether the services from these providers:

(i) would be available under a contract of at least 5 years' duration;

(ii) would be available and conveniently accessible through physicians and other health professionals associated with the HMO;

(iii) would cost no more than if the services were provided by the HMO; and

(iv) would be available in a manner which is administratively feasible to the HMO."

(h) in subdivision (12) by inserting after the words "the person proposing the construction project" and before the period the words "and on the costs and charges to the public of providing health services by other persons".

For the purpose of determining the extent to which the proposed service will be accessible, the department shall consider:
a. The extent to which medically underserved populations currently use the applicant’s proposed services in comparison to the percentage of the population in the applicant’s service area which is medically underserved, and the extent to which medically underserved populations are expected to use the proposed services if approved;

b. The performance of the applicant in meeting its obligation, if any, under any applicable regulations requiring provision of uncompensated care, community service, or access by minorities and handicapped persons to programs receiving federal assistance, including the existence of any civil rights access complaints against the applicant;

c. The extent to which Medicare, Medicaid and medically indigent patients are served by the applicant; and

d. The extent to which the applicant offers a range of means by which a person will have access to its services. Examples of a range of means are outpatient services, admission by house staff, and admission by personal physicians."

(j) by adding the new subdivisions to read:

“(14) The effect of the means proposed for delivery of the health services on the clinical needs of health professional training programs in the area in which the services are to be provided.

(15) If the proposed health services are to be available in a limited number of facilities, the extent to which the health professions schools in the area will have access to the services for training purposes.

(16) The special circumstances of health care facilities with respect to the need for conserving energy.

(18) Improvements or innovations in the financing and delivery of health services which foster competition, in accordance with Section 1502(b) of the Public Health Service Act, 42 U.S.C. 300k-2(b), and serve to promote quality assurance and cost effectiveness.

(21) When an application is made by an osteopathic or allopathic facility for a certificate of need to construct, expand, or modernize a health care facility, acquire major medical equipment, or add services, the need for that construction, expansion, modernization, acquisition of equipment, or addition of services shall be considered on the bases of the need for and availability in the community of services and facilities for osteopathic and allopathic physicians and their patients. The department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathy and medicine at the student, internship, and residency training levels.”
Sec. 8. Article 18 of Chapter 131 of the General Statutes, is amended by inserting after G.S. 131-181 the following:

“§ 131-181.1. Required approvals.—(a) Except as provided in subsection (b), the department shall issue a certificate of need for a proposed capital expenditure if:

(b) Those portions of a proposed project which are not to eliminate or prevent safety hazards or to comply with certain licensure, certification, or accreditation standards are subject to review under the criteria developed under G.S. 131-181.”

Sec. 11. G.S. 131-185, is rewritten to read:

“§ 131-185. Administrative and judicial review.—(a) After a decision of the department to issue, deny or withdraw a certificate of need or exemption, any affected person shall be entitled to a contested case hearing under Article 3 of Chapter 150A of the General Statutes, if the department receives a request therefor within 30 days after its decision.

(b) Any affected person who was a party in a contested case hearing shall be entitled to judicial review pursuant to Article 4 of Chapter 150A of the General Statutes of the final agency decision.

(c) The term ‘affected persons’ includes the applicant; the health systems agency for the health service area in which the proposed project is to be located; health systems agencies serving contiguous health service areas or located within the same standard metropolitan statistical area; any person residing within the geographic area served or to be served by the applicant; any person who regularly uses health care facilities within that geographic area; health care facilities and health maintenance organizations (HMOs) located in the health service area in which the project is proposed to be located, which provide services similar to the services of the facility under review; health care facilities and HMOs which, prior to receipt by the agency of the proposed being reviewed, have formally indicated an intention to provide similar services in the future; third party payers who reimburse health care facilities for services in the
health service area in which the project is proposed to be located; and any agency which establishes rates for health care facilities or HMOs located in the health service area in which the project is proposed to be located."

Sec. 12. G.S. 131-186, is rewritten to read:

"§ 131-186. Withdrawal of a certificate of need.—(a) The department shall specify in each certificate of need the time the holder has to make the service or equipment available or to complete the project and the timetable to be followed. The timetable shall be the one proposed by the holder of the certificate of need unless at the time the certificate of need is issued the Department determines by a preponderance of the evidence that the timetable proposed by the holder is unreasonable and that a different timetable should be followed by the holder. The holder of the certificate shall submit such periodic reports on his progress in meeting the timetable as may be required by the department. If, after reviewing the progress, the department determines that the holder of the certificate is not meeting the timetable and not making a good faith effort to meet it, the department may, after considering any recommendation made by the appropriate health systems agency, withdraw the certificate.

(b) The department may withdraw any certificate of need which was issued subject to a condition or conditions, if the holder of the certificate fails to satisfy such condition or conditions.

(c) The department may withdraw any certificate of need if the holder of the certificate, before completion of the project or operation of the facility, transfers ownership or control of the facility. Transfers resulting from personal illness or other good cause, as determined by the department, shall not result in withdrawal if the department receives prior written notice of the transfer and finds good cause. Transfers resulting from death shall not result in withdrawal."

Such stockholders’ proceedings shall also contain a complete copy of the agreement made and entered into between said banks, with reference to such merger or consolidation or transfer. Upon the filing of such stockholders’ and directors’ proceedings as aforesaid, the Commissioner of Banks shall cause to be made an investigation of each bank to determine whether the interests of the depositors, creditors, and stockholders of each bank are protected, and find such merger or consolidation is in the public interest, and that such merger or consolidation or transfer is

H. B. 405   CHAPTER 675
AN ACT TO ESTABLISH EFFECTIVE PROCEDURES TO ENABLE CERTAIN ELDERLY PERSONS IN NEED OF CARE TO STAY AT HOME AND TO PROVIDE THE IN-HOME SERVICES NECESSARY TO CARE FOR THEM.

Whereas, the aging population in North Carolina presently constitutes over fourteen percent (14%) of the total population and is increasing three times faster than the State population as a whole; and
Whereas, advancements in medical knowledge about aging and an increase in this population have necessitated a review of services to the elderly; and
Whereas, North Carolina has long recognized that elderly persons in need of care are often most desirous of remaining at home, and if properly identified and provided supportive care could remain at home; and
Whereas, the Department of Human Resources recognizes the need to emphasize in-home care and has a rudimentary screening program designed to keep those elderly people at home when needs are not so great as to require institutionalization; but
Whereas, the screening process stresses medical needs only, does not adequately identify those elderly people in need of social services to remain at home, and does not adequately provide for programs of care to permit those people to stay at home; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Article 3 of Chapter 143B of the General Statutes is amended by adding a new Part 14B to read:

"Part 14B.

972
"Long Term Care.

"§ 143B-181.5. Department to develop systems of long term care.—The Secretary of the Department of Human Resources shall develop effective systems of long term care with interested counties to the extent that federal, State and local funds are available to support the expanded programs and services.

"§ 143B-181.6. Screening program for elderly.—The Secretary of Human Resources shall develop a comprehensive screening program for elderly people in need of care, to be administered at the local level, focused on providing elderly persons with the least restrictive level of care that meets the medical and social needs of the person. This program shall provide for expansion of the preadmission screening of applicants and recipients in need of long-term care, setting priorities according to immediate need. The process should be made more efficient in identifying those people in need of care who could remain at home if provided the precise program of in-home care each individual requires. Private paying patients may take advantage of the screening services and services necessary to remain in their homes by paying fees for these services, pursuant to G.S. 108-15.1 or G.S. 130-17(e) as appropriate. The screening shall be carried out by a team of at least two people, a social worker and a registered nurse familiar with care of the elderly, each of whom must be experienced in evaluation and provision of in-home services. The process shall include a visit to the home by at least one member of the screening team. The team in consultation with a physician licensed to practice medicine in North Carolina shall determine if in-home care, whether health, social or both would enable the person to stay at home or in the community. The team shall plan precisely what program of care and support services are available through both public or private agencies. Provision must be made for such care in conformity with established quality assurance procedures for the care so rendered, together with periodic reassessment. Nothing contained in the act shall require counties to participate in the comprehensive screening program.

"§ 143B-181.7. Development and implementation of rules.—The Department of Human Resources shall define by rule the population to be screened, establish a uniform screening and assessment schedule, and promulgate a uniform reporting form. Prior to action by the Department, the Secretary shall convene an implementation committee composed of local providers, representatives of State agencies and organizations with experience and information about in-home services and long-term care to assist in implementation and development of these rules.

"§ 143B-181.8. Utilization of Medicaid funds.—The Secretary of the Department of Human Resources may utilize Medicaid funds to the extent provided for by federal law and regulation for home health and personal care and seek such waivers as may be necessary to implement this act including Medicaid eligibility criteria supporting the provision of in-home care.

"§ 143B-181.9. Reporting.—The Department shall report to the Legislative Research Commission on the implementation of this act, including the eligibility requirements, screening processes, and financial barriers to implementation. Such report shall be made no later than January 1, 1982, but the Legislative Research Commission may require interim progress reports from the Department."
CHAPTER 675       Session Laws—1981

Sec. 2. Effective October 1, 1981, the reference in Section 1 of this act to G.S. 108-15.1 is changed to G.S. 108A-10.

Sec. 3. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 25th day of June, 1981.

Subject to applicable hunting license requirements and bag, possession and season limits, the special deer tags may be used by any person or persons selected by the landholder or his agent as authority to take antlerless deer, including male deer with 'buttons' or spikes not readily visible, on the tract of land concerned during such period of time as shall be prescribed by the Executive Director beginning after November 1 and

Sec. 6. G.S. 120-30.28 is rewritten to read as follows:

"§ 120-30.28. Review of rules.—(a) After a rule is filed with the Director, he shall submit it to the Committee which may determine whether or not the agency acted within its statutory authority in promulgating the rule. The Committee shall review a rule submitted to it by the Director not later than the last day of the first calendar month following the filing of the rule with the Director. The Committee, by a majority vote of the members present and voting, may extend the time for review of a rule by 60 days to obtain additional information on the rule. The Director shall file notice of the extension of time for review of a rule with the agency and the Attorney General. Upon that filing, the effectiveness of the rule is delayed for a 60-day period.

(b) If the Committee finds that an agency did not act within its statutory authority in promulgating a rule or a part of the rule, the Committee, pending review by the Governor or the Council of State pursuant to this section, shall object and delay the effectiveness of the rule or the part of the rule in which the Committee finds that the agency exceeded its statutory authority. The Director of Research shall transmit to the Governor, the President of the Senate, the cochairmen of the Legislative Research Commission, the Attorney General, and the agency a written report of the objection and delay of the rule or its part and the reasons for the delay. The delay of the effectiveness of the rule or its part is effective when the Attorney General receives the written report transmitted by the Director of Research. A rule or its part that is delayed is not 'effective' as defined in G.S. 150A-2(2a), unless a written order is received by the Attorney General ending the delay pursuant to subsection (f).

(c) Within 30 days after receipt of the Committee's written report, an agency shall either amend or repeal the rule to cure the defects cited as reasons for the Committee's objection and delay or return the rule unamended to the Committee.

(d) While the effectiveness of a rule or its part is delayed, the agency which has promulgated it may not adopt another rule which has substantially identical provisions to those for which the Committee delayed the effectiveness of the original rule or part of rule. To cure the defects cited as reasons for the Committee's delay, the agency may amend or repeal that rule without complying with the notice and hearing requirements contained in G.S. 150A-12. The curative rule is effective upon its filing with the Attorney General.

(e) The filing of an amendment to a rule places the entire rule before the Committee for its review.

(f) If an agency does not amend or repeal a delayed rule to cure the defects cited as reasons for the Committee's objection and delay, the Committee shall transmit to the Governor and the cochairmen of the Legislative Research Commission, the written report of the objection and delay of the rule.
containing the reasons for the objection and delay, and the notation that the agency returned the rule unamended to the Committee or failed to return the rule within the time specified in subsection (c).

(2) If the rule whose effectiveness was delayed was promulgated by any other agency, the Council of State by majority vote, within 45 days of receipt of the Committee's report by the Governor, may disagree with the Committee's position and end the delay. Upon receipt of the Committee's report by the Governor, he shall transmit a copy of that report to the other Council of State members.

If the Governor or the Council of State disagrees with the Committee's position, the Governor, acting either for himself or for the Council of State, as the case may be, shall send to the Attorney General, the agency, and to the Committee a written order ending the delay of the effectiveness of the rule. The delay of the effectiveness of the rule is ended upon receipt by the Attorney General of the Governor's written order.

Notwithstanding any other provision of law, if the Governor or the Council of State, as the case may be, fails to end the delay of the rule, within the applicable time specified in this subsection after receipt of the Committee's report, the rule or its part is automatically repealed.

(g) When a rule or its part has been delayed pursuant to subsection (b) and the Governor or the Council of State, as the case may be, disagrees with the Committee's position and ends the delay, the Committee shall submit a bill to repeal the delayed rule or its part to the General Assembly if then in session or, if not in session, to it the next regular session. The Committee may consider and recommend to the General Assembly any legislation it believes would improve administrative procedure and practices in this State. A bill submitted to the General Assembly under this subsection is eligible for consideration in that part of the regular session to which the bill is submitted."

Sec. 7. A new section is added to Article 6C of Chapter 120 of the General Statutes to read as follows:

"§ 120-30.29A. Actions on rules.—(a) The Committee may institute an action in the Superior Court of Wake County for a declaratory judgment on the issue of whether a rule that has been delayed and that delay has been ended pursuant to this Article is neither valid nor within the statutory authority of the agency.

The agency whose rule has been objected to and delayed shall be notified of the commencement of the action by service process pursuant to G.S. 1A-1, Rule 4. The Committee shall have standing on behalf of the General Assembly to

(b) In any action in which a rule is determinative of the outcome and in which the rule was objected to by the Committee, the agency must prove that the rule is valid as defined in G.S. 150A-2(9) and within the statutory authority of the agency.

The clerk of the superior court shall file a copy of the order of the court with the Attorney General.”

Sec. 8. G.S. 120-30.29, 120-30.30, 120-30.31, and 120-30.33 are repealed.

Sec. 9. Subsection (a) of G.S. 120-30.35 is rewritten to read:

“(a) Notwithstanding the time limitation on review of rules contained in G.S. 120-30.28(a), the cochairmen of the Commission may at any time call a public hearing before the Committee on any rule or part of rule upon the recommendation of the Committee or upon the motion of any member of the Commission. Within 60 days after the public hearing, the Committee may find that the agency did not act within its statutory authority in promulgating the rule or its part and delay the continued effectiveness of the rule or its part in accordance with subsections b, c, d, e, f, and g of G.S. 120-30.28.”

Sec. 10. Subsection (e) of G.S. 120-30.35 is amended by deleting therefrom the words “and the Commission.”

"§ 143B-450.1. The Energy Division shall keep confidential any individually identifiable energy information to the extent necessary to comply with the confidentiality requirements of the reporting agency, and any such information shall not be subject to the public disclosure requirements of G.S. 132-6. 'Individually identifiable energy information' shall be defined as any individual record or portion of a record or aggregated data containing energy information.

AN ACT TO AMEND CHAPTER 1, CIVIL PROCEDURE - LIMITATIONS, OF THE GENERAL STATUTES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 1-52 is amended by adding a new subdivision (17) at the end thereof:

“(17) Against a public utility, electric or telephone membership corporation, or a municipality for damages or for compensation for right-of-way or use of any lands for a utility service line or lines to serve one or more customers or members unless an inverse condemnation action or proceeding is commenced within three years after the utility service line has been constructed or by October 1, 1984, whichever is later.”

Sec. 2. This act is effective October 1, 1981.

In the General Assembly read three times and ratified, this the 26th day of June, 1981.

H. B. 1312  CHAPTER 703

AN ACT TO MAKE MORE CERTAIN THE LOCATION OF CERTAIN STREET RIGHTS-OF-WAY IN THE TOWN OF PRINCEVILLE THROUGH THE ADOPTION OF AN OFFICIAL MAP OF SAID STREETS.

The General Assembly of North Carolina enacts:

Section 1. Purpose and findings. The General Assembly finds and declares that it is in the public interest and in the interest of affected property owners for street right-of-way lines in the original Town of Princeville to be made more definite and certain through the adoption of an Official Map, and makes the following additional findings:

(1) The Town of Princeville was originally laid out in a plat of portions of the M. A. Keech farm and the Shaw farm in Edgecombe County in or about the year 1878. This plat showed streets and lots. The plat was never recorded. However, present street locations appear to reflect those shown on the plat.

(2) Beginning January 1, 1880, lots in the area shown on the plat were transferred by deeds which made no reference to the plat nor to any easements for street rights-of-way nor to any existing streets. In general, these deeds defined boundaries in terms of now-unidentifiable physical features and the similarly-described boundaries of adjoining lots. Title to many of these lots has passed through unadministered estates and inaccurate or improperly executed deeds, so that it is extremely difficult to ascertain with certainty the present ownership.

(3) The Town of Princeville was incorporated by Chapter 29 of the Private Laws of 1885 on February 20, 1885. At that time all of the streets presently within the Old Princeville Community Development Project Area had actually
been opened and were used by the general public. Throughout its history the Town has maintained these streets. In some of them it has installed water and sewer and power lines. A few sections have been paved with Powell Bill funds.

(4) The Town of Princeville has recently received a grant by the federal Department of Housing and Urban Development under the Community Development Block Grant Program, a major portion of which has been designated for paving and other street improvements in the designated project area, which comprises much of the original Town of Princeville. According to HUD requirements, these funds can be spent only for improvements to public streets. The funds must also be spent promptly, or they will revert. This necessitates identification of the streets to be improved within a relatively short time period.

(5) Because of the continuous use of these streets by the public since 1885 or earlier and the Town's maintenance of and improvements to these streets, it is apparent that the public has acquired legal easements in them through the doctrine of prescription. However, in order to meet the HUD requirements and to benefit all the citizens of the Town by specifying more precisely the location of these easements, the Town Board of Commissioners directed the preparation of an Official Map of the affected streets, based upon the center lines of the traveled portions of those streets.

(6) The Board of Commissioners has held properly advertised public hearings on May 18, 1981, and May 26, 1981, to review maps of street lines as determined by a surveyor and to discuss plans for street improvements in the Community Development project area. Comments and objections from property owners concerning these maps were solicited, and none were received.

(7) The Board of Commissioners thereupon directed the surveyor to prepare an official map of the Old Princeville Community Development Project Area showing street center lines and right-of-way lines as discussed in the above hearings. The Board formally adopted this map at its meeting on June 22, 1981. It then requested that the General Assembly ratify this action.

Sec. 2. Ratification and adoption of Official Map. The General Assembly hereby ratifies and adopts the Official Map of the Old Princeville Community Development Project Area, dated June 22, 1981, insofar as it indicates the location of street center lines and right-of-way lines of existing streets in the said project area and subject to modification by any legal action which may be brought within the period specified in Section 4 of this act.

Sec. 3. Publication of Official Map. A copy of the Official Map of the Old Princeville Community Development Project Area shall be made available for public inspection in the Community Development Department office of the Princeville Town Hall during the hours from 8:00 a.m. until 5:00 p.m. each Monday through Friday during the 60 days following the effective date of this act. Legal notice of such availability shall be given in at least one newspaper with general circulation within the Town of Princeville in each of the first two calendar weeks following the effective date of this act.

Sec. 4. Limitation on challenges to Official Map. No challenge to the validity of the above described Official Map or to the location of any street center line or right-of-way line shown thereon shall be allowed in any action or proceeding commenced later than 60 days after the effective date of this act.
Sec. 5. Registration of Official Map. A certified copy of the above described Official Map shall be recorded in the office of the Edgecombe County Register of Deeds not later than 60 days after the effective date of this act.

Sec. 6. All laws and clauses of laws, public or local, in conflict with the provisions of this act are repealed to the extent of such conflict.

Sec. 7. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 26th day of June, 1981.

S. B. 443  CHAPTER 704

AN ACT TO PROVIDE FOR THE MANAGEMENT OF HAZARDOUS AND LOW-LEVEL RADIOACTIVE WASTE IN NORTH CAROLINA.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act may be referred to as the Waste Management Act of 1981.

Sec. 2. Purpose. The purpose of this act is to provide for a comprehensive system for management of hazardous and low-level radioactive waste in North Carolina as reflected in the 1981 Report of the Governor’s Task Force on Waste Management.

Sec. 3. Creation of Governor’s Waste Management Board. Chapter 143B of the General Statutes as it appears in Volume 3C of the General Statutes and the Cumulative Supplement thereto is amended by adding a new Part to read:

“Part 27.

“Governor’s Waste Management Board.

“§ 143B-216.10. Declaration of findings.—(a) The General Assembly of North Carolina hereby finds and declares that the safe management of hazardous wastes and low-level radioactive wastes, and particularly the timely establishment of adequate facilities for the disposal and management of hazardous wastes and low-level radioactive wastes is one of the most urgent problems facing North Carolina. The safe management and disposal of these wastes are essential to continued economic growth and to protection of the public health and safety. When improperly handled, these wastes pose a threat to the water, land, and air resources of the State, as well as to the health and safety of its citizens. Consequently, cooperation and coordination among the private sector, the general public and State and local agencies to assure the prevention of unnecessary waste and the establishment of adequate treatment and disposal facilities are essential. The General Assembly further finds that cooperation and coordination among the private sector, the general public and State regulatory agencies will be advanced by the creation of a Governor’s Waste Management Board.

(b) It is the intent of the General Assembly by enactment of the Waste Management Act of 1981 to prescribe a uniform system for the management of hazardous waste and low-level radioactive waste and to place limitations upon the exercise by all units of local government in North Carolina of the power to regulate the management of hazardous waste and low-level radioactive waste by means of special, local, or private acts or resolutions, ordinances, property restrictions, zoning regulations or otherwise. To this end, all provisions of special, local or private acts or resolutions are repealed which (1) prohibit the transportation, treatment, storage, or disposal of hazardous or low-level
radioactive waste within any county, city, or other political subdivision; (2) prohibit the siting of a hazardous waste facility or a low-level radioactive waste facility within any county, city, or other political subdivision; (3) place any restriction or condition not placed by this act or by General Statutes Chapter 130, Article 13B or Chapter 104E upon the transportation, treatment, storage or disposal of hazardous or low-level radioactive waste, or upon the siting of a hazardous waste facility or low-level radioactive waste facility within any county, city, or other political subdivision; or (4) in any manner are in conflict or inconsistent with the provisions of this act or General Statutes Chapter 130, Article 13B or Chapter 104E. No special, local or private acts or resolutions enacted or taking effect hereafter may be construed to modify, amend or repeal any portion of the Waste Management Act of 1981 unless it expressly provides for such by specific references to the appropriate section of this act. Further to this end, all provisions of local ordinances, including those regulating land use, adopted by counties, municipalities, or other local authorities are invalidated which (1) prohibit or have the effect of prohibiting the establishment or operation of a hazardous waste facility or a hazardous waste landfill facility approved by the Governor pursuant to G.S. 130-166.17B; or (2) prohibit or have the effect of prohibiting the establishment or operation of a low-level radioactive waste facility or a low-level radioactive waste landfill facility approved by the Governor pursuant to G.S. 104E-6.2.

(c) The General Assembly of North Carolina hereby finds and declares that prevention, recycling, detoxification, and reduction of hazardous wastes should be encouraged and promoted. These are alternatives which ultimately remove such wastes’ hazards to human health and the environment. When these alternatives are not technologically feasible, retrievable above-ground storage is sometimes preferable to other means of disposal of some types of waste until appropriate methods for recycling or detoxification of the stored wastes are found. Landfilling shall be used only when it is clearly appropriate.

"§ 143B-216.11. Definitions.—Unless the context otherwise requires, the following definitions shall apply to this Part:

1. 'Hazardous Waste Facility' means a facility as defined in G.S. 130-166.16(5).
2. 'Hazardous Waste Landfill Facility' means a facility as defined in G.S. 130-166.16(5a).
3. 'Hazardous Waste Management' has the same meaning as defined in G.S. 130-166.16(7).
4. 'Hazardous Waste' has the same meaning as in G.S. 130-166.16(4).
5. 'Low-Level Radioactive Waste Facility' means a facility as defined in G.S. 104E-5(9b).
6. 'Low-Level Radioactive Waste Landfill Facility' means a facility as defined in G.S. 104E-5(9c).
7. 'Low-Level Radioactive Waste Management' means the systematic control of the collection, source separation, storage, transportation, processing, treatment, recovery and disposal of low-level radioactive waste.
8. 'Low-Level Radioactive Waste' has the same meaning as in G.S. 104E-5(9a).

(h) A majority of the board shall constitute a quorum for the transaction of business.

"§ 143B-216.13. Functions and powers of the board.—The board shall perform the functions and be empowered as follows:

(1) The board shall periodically evaluate and assess the volume, distribution, location, and physical and chemical characteristics of hazardous waste and low-level radioactive waste generated or disposed of in the State.
(2) The board shall periodically review the State's comprehensive waste management system and make recommendations to the Governor, cognizant State agencies, and the General Assembly on ways to improve waste management; reduce the amount of waste generated; maximize resource recovery, reuse, and conservation; and minimize the amount of hazardous waste and low-level radioactive waste which must be disposed of.

(3) The board shall study and make recommendations on policy issues including but not limited to liability and financial responsibilities within the waste management area. On or before January 1, 1983, the Board shall prepare and present to the Governor and General Assembly a report concerning the desirability of establishing by statute a standard of strict liability for persons involved in storage, transportation, treatment, or disposal of hazardous or low-level radioactive waste in North Carolina.

(4) The board shall promote research and development and disseminate information on state-of-the-art means of handling and disposing of hazardous waste and low-level radioactive waste. The board is authorized to establish a waste information exchange for the State.

(5) The board shall promote public education and public involvement in the decision making process for the siting and permitting of proposed waste management facilities.

(6) The board shall periodically evaluate and assess the type and number of hazardous waste facilities, hazardous waste landfill facilities, low-level radioactive waste facilities and low-level radioactive waste landfill facilities in existence, under construction or planned in the State and multi-State region and promote the development of additional facilities particularly retrievable above-ground storage facilities if existing or planned facilities are deemed inadequate or unavailable.

(7) The board shall prepare and file jointly with the Governor and the General Assembly an annual report describing the board's activities and setting forth its recommendations for administrative or regulatory action required to improve the State's comprehensive waste management system or remedy noted defects in the system. A special report shall be filed in January of 1983 which shall include an evaluation on the possible need to organize State agencies more efficiently to improve overall performance of waste management functions. The report should give consideration to the advantages and disadvantages of consolidating or centralizing administration of programs that are now in separate agencies.

(8) The board shall each year recommend to the Governor a recipient for a 'Governor's Award of Excellence' which the Governor shall award for outstanding achievement by an industry or company in the area of hazardous waste or low-level radioactive waste management.

(9) The board shall promote and participate in discussion with other states concerning development of regional hazardous waste and low-level radioactive waste management agreements.

(10) The board shall assist localities in which facilities are proposed in collecting and receiving information relating to the suitability of the proposed site. At the request of a local government in which facilities are proposed, the board shall direct the appropriate agencies of State government to develop such relevant data as that locality shall reasonably request.
(11) The board shall, in accordance with the procedures set forth in G.S. 130-166.17B and G.S. 104E-6.2, make requisite findings and submit its recommendation to the Governor concerning the exercise of the State's preemptive powers.

(12) The board shall, in accordance with the procedures set forth in G.S. 160A-211.1 and G.S. 153A-152.1, review upon appeal specific privilege license tax rates which localities may apply to waste management facilities in their jurisdiction.

(13) The board may insure its members against personal liability for any actions they might take pursuant to the exercise of the functions and powers of the board.

(14) The board may adopt, modify, or revoke any rules necessary to carry out the functions and powers as set forth in this Part.

(15) The board shall have any and all powers necessary or incidental to the exercise of the functions and powers enumerated herein.

(16) The board shall study the development of retrievable, above-ground storage facilities for hazardous wastes.

"§ 143B-216.14. Functions and powers of the Department of Human Resources.—The Department of Human Resources is authorized:

(1) To enter upon any lands and structures upon lands to make surveys, borings, soundings and examinations as may be necessary to determine the suitability of a site for a hazardous waste facility, hazardous waste landfill facility, low-level radioactive waste facility or low-level radioactive landfill facility. The Department shall give 30 days' notice of the intended entry authorized by this section in the manner prescribed for service of process by G.S. 1A-1, Rule 4. Entry under this section shall not be deemed a trespass or taking; provided however that the Department shall make reimbursement for any damage to such land or structures caused by such activities;

(2) To provide necessary clerical, technical, and administrative assistance to the board, and to employ the necessary personnel for the accomplishment of the purposes of this Part.

(3) To enforce any rules adopted by the board pursuant to this Part in the manner provided for by G.S. 130-166.21E and G.S. 104E-24.

"§ 143B-216.15. Reporting procedures.—The Governor's Waste Management Board shall report directly to the Governor except as otherwise expressly provided."

Sec. 4. Amendments to Solid Waste Management Act. G.S. 130-166.16 as it now appears in Volume 3B of the North Carolina General Statutes is hereby amended by:

(1) adding a new subdivision (5a) to read as follows:

"(5a) 'Hazardous Waste Landfill Facility' means any facility or any portion of a facility for disposal of hazardous waste on or in land in accordance with rules promulgated under this Article."

(2) adding in subdivision (10a) after the word "government" on line 2 the words "State agency, federal agency."

(3) by making the following changes in subdivision (16):

Adding in b.3. after the word "Commission" the words "except that any sludges that meet the criteria for hazardous waste under the Federal Resource Conservation and Recovery Act (PL 94-580) as amended, shall also be a solid waste for the purposes of this Article"; by adding in c. after the word "Statutes"
the words "except that any such oils or other liquid hydrocarbons that meet the
criteria for hazardous waste under the Federal Resource Conservation and
Recovery Act (PL 94-580) as amended, shall also be a solid waste for the
purposes of this Article"; and by adding in e. after the parenthesis in line 3 the
words "except that any specific mining waste that meets the criteria for
hazardous waste under the Federal Resource Conservation and Recovery Act
(PL 94-580) as amended, shall also be a solid waste for the purposes of this
Article."

Sec. 5. Article 13B of Chapter 130 of the General Statutes as it now
appears in Volume 3B is hereby amended by:

(1) adding a new section 130-166.17A to read as follows:

§ 130-166.17A. Conveyance of hazardous waste landfill facility to the
State.—(a) No land may be used for a commercial hazardous waste landfill
facility until fee simple title to the land has been conveyed to the State of
North Carolina. In consideration for such conveyance, the State shall enter into
a lease agreement with the grantor for a term equal to the estimated life of the
facility in which the State will be the lessor and the grantor the lessee. Such
lease agreement shall specify that for an annual rent of fifty dollars ($50.00), the
lessee shall be allowed to use the land for the development and operation of a
hazardous waste landfill facility. Such lease agreement shall provide that the
lessor or any person authorized by the lessor shall at all times have the right to
enter without a search warrant or permission of the lessee upon any and all
parts of the premises for monitoring, inspection and all other purposes
necessary to carry out the provisions of G.S. Chapter 130, Article 13B. The
lessee shall remain fully liable for all damages, losses, personal injury or
property damage which may result or arise out of the lessee’s operation of the
facility, and for compliance with regulatory requirements concerning insurance,
bonding for closure and post-closure costs, monitoring and other financial or
health and safety requirements as required by applicable law and regulations.
The State, as lessor, shall be immune from liability except as otherwise
provided by statute. The lease shall be transferrable with the written consent of
the lessor, which consent will not be unreasonably withheld. In the case of such
a transfer of the lease, the transferee shall be subject to all terms and conditions
that the State deems necessary to ensure compliance with applicable laws and
regulations. If the lessee or any successor in interest fails in any material respect
to comply with any applicable law, regulation, or permit condition, or with any
term or condition of the lease, the State may terminate the lease after giving
the lessee written notice specifically describing the failure to comply and upon
providing the lessee a reasonable time to comply. If the lessee does not effect
compliance within the reasonable time allowed, the State may reenter and take
possession of the premises.

(b) Notwithstanding the termination of the lease by either the lessee or the
lessor for any reason, the lessee shall remain liable for, and be obligated to
perform, all acts necessary or required by law, regulation, permit conditions or
the lease for the permanent closure of the site until the site has either been
permanently closed or until a substitute operator has been secured and has
assumed the obligations of the lessee.

(c) In the event of changes in laws or regulations applicable to the facility
which make continued operation by the lessee impossible or economically
infeasible, the lessee shall have the right to terminate the lease upon giving the
State reasonable notice of not less than six months, in which case the lessor shall have the right to secure a substitute lessee and operator.

(d) In the event of termination of the lease by the lessor as provided in subsection (a) of this section, or by the lessee as provided in subsection (c) of this section, the lessee shall be paid the fair market value of any improvements made to the leased premises less the costs to the lessor resulting from termination of the lease and securing a substitute lessee and operator; provided, that the lessor shall have no obligation to secure a substitute lessee or operator and may require the lessee to permanently close the facility."

(2) adding a new section 130-166.17B to read as follows:

"§ 130-166.17B. Limited State preemption.—(a) Notwithstanding any authority heretofore granted to counties, municipalities, or other local authorities to adopt local ordinances, including those regulating land use, any local ordinance which prohibits or has the effect of prohibiting the establishment or operation of a hazardous waste facility or a hazardous waste landfill facility which the Governor’s Waste Management Board and the Governor have approved pursuant to the procedures in subsections (b) and (c) of this section, shall be invalid from the effective date of this amendment, but only to the extent necessary to effectuate the purposes of this Article. For the purpose of this section, the Governor’s Waste Management Board shall include, in addition to the members enumerated in G.S. 143B-216.12(a), two members appointed by the local governing body (1) of the city in which the proposed site is located, or (2) of the county in which the proposed site is located (if the proposed site is outside city limits), as the case may be. The terms of the members appointed by the local governing body shall end upon the final determination made by the Governor under this section.

(b) When a hazardous waste facility would be prevented from construction or operation by a county, municipal, or other local ordinance(s), the developer or operator of the facility may petition the Governor’s Waste Management Board to review the matter. After receipt of a petition, the board shall hold a hearing in accordance with the procedures in subsection (c) of this section and shall recommend to the Governor that he either approve or disapprove the establishment and operation of the facility. After receiving a written recommendation from the board, if the Governor makes the four findings set forth in subsection (c) of this section he shall approve the establishment or operation of the facility. If the Governor does not make all of the four findings set forth in subsection (c) of this section he shall disapprove the establishment or operation of the facility. The Governor shall affirm or disaffirm the findings of the board and may make additional findings. The decision of the Governor shall be final unless a party to the action shall, pursuant to G.S. 7A-29, file a written appeal within 30 days of the date of such decision. The record on appeal shall include all materials and information submitted to or considered by the Governor in accordance with subsection (c) of this section. The scope of judicial review shall be limited to questions of abuse of discretion.

(c) When a petition as described in subsection (b) of this section has been filed with the Governor’s Waste Management Board, the board shall hold a public hearing to consider the petition. Such hearing shall be held in the affected locality in accordance with G.S. 150A, Article 2, within a reasonable time after receipt of the petition by the board. The board shall publish notice of the hearing twice a week for two successive weeks in a newspaper of general
circulation in the county where the proposed site is located. The final notice shall appear at least 15 days but not more than 25 days before the hearing date. Any interested person may appear before the board at the hearing to offer testimony. In addition to testimony before the board, any interested person may submit written material to the board for its consideration. No later than 60 days after the hearing, the board shall present its written recommendation to the Governor to approve or disapprove the facility. Before recommending that the Governor approve the facility, the board must make the following findings:

(1) That the proposed facility is needed in order to establish adequate capability for the management of hazardous waste generated in North Carolina and therefore serves the interests of the citizens of the State as a whole;

(2) That all legally required State and federal permits or approvals have been issued by the appropriate State and federal agencies;

(3) That local citizens and elected officials have had adequate opportunity to participate in the siting process;

(4) That the construction and operation of the facility will not pose an unreasonable health or environmental risk to the surrounding locality and that the facility developer or operator has taken or consented to take any reasonable measures to avoid or manage foreseeable risks and to comply to the maximum feasible extent with any applicable ordinance(s).

The board's written recommendation shall include a complete transcript of the hearing, all written material presented to the board regarding the site location and the specific findings required in this subsection and any minority positions on the recommendation and the specific findings required in this subsection. The Governor shall issue his decision within a reasonable time following receipt of the recommendation from the board and may consider any additional information he deems relevant. The Governor's decision shall be in writing and shall identify the material submitted to him by the board plus any additional materials used in arriving at his decision.

The provisions of this section shall not apply to the siting of a hazardous waste landfill facility until the rules, regulations and standards for the operation of such facilities have been adopted by the appropriate State agencies."

Sec. 6. G.S. 130-166.18 as it now appears in Volume 3B of the North Carolina General Statutes is amended by:

(1) deleting paragraph (a)(3) and substituting the following in lieu thereof:

"Develop and promulgate standards for qualification as a waste 'reycling, reduction or resource recovering facility' or as waste 'reycling, reduction or resource recovering equipment' for the purpose of special tax classifications or treatment, and to certify as qualifying those applicants which meet the established standards. The standards shall be so developed as to qualify only those facilities and equipment exclusively used in the actual waste recycling, reduction or resource recovering process and shall exclude any incidental or supportive facilities and equipment;" and

(2) adding a new paragraph (a)(6) to read as follows:

"The Department is authorized to charge and collect fees from operators of hazardous waste landfill facilities. Such fees shall be used to establish a fund sufficient for each individual facility to defray the anticipated costs to the State
for monitoring and care of the facility after the termination of the period during which the facility operator is required by applicable State and federal statutes or regulations to remain responsible for post-closure monitoring and care. In establishing any such fees, consideration shall be given to the size of the facility, the nature of the hazardous waste and the projected life of the facility."

(3) deleting the second sentence in subsection (c) and substituting the following in lieu thereof:

"Such rules shall establish a complete and integrated regulatory scheme in the area of hazardous waste management and shall provide for;"

(4) substituting a comma for the word "and" in paragraph (c)(1) line 1, and inserting the words "and listing particular hazardous waste" following the word "waste" in line 2.

(5) by adding after the word "responsibility" in line 3 of paragraph (c)(10) the words "(including requirements for sufficient availability of funds for facility closure and post-closure monitoring and corrective measures)."

(6) by adding before the first sentence in subsection (f) the following sentence:

"Within five days of receiving an application for a permit or for an amendment to an existing permit for a hazardous waste facility, the Department shall notify the clerk to the Board of County Commissioners or, if the facility is located within a city, the City Clerk where the facility is proposed to be located."

(7) by rewriting the last sentence in subsection (f) to read as follows:

"Notice and public hearings shall be in accordance with the appropriate federal regulations pursuant to the Resource Conservation and Recovery Act PL 94-580 as amended, and with G.S. 150A. Where the provisions of the federal regulations and G.S. 150A are inconsistent, the federal regulations shall apply."

Sec. 7. Article 13B of Chapter 130 (G.S. 130-166.16 through G.S. 130-166.21F) as it now appears in Volume 3B of the North Carolina General Statutes is hereby amended by (1) adding a new G.S. 130-166.18A to read as follows:

"§ 130-166.18A. Additional requirements for hazardous waste facilities.—An applicant for a permit for a hazardous waste facility shall satisfy the Department that:

(1) Any hazardous waste facility heretofore constructed or operated by the applicant (or any parent or subsidiary corporation if the applicant is a corporation) has been operated in accordance with sound waste management practices and in substantial compliance with federal and State laws and regulations; and

(2) The applicant (or any parent or subsidiary corporation if the applicant is a corporation) is financially qualified to operate the subject hazardous waste facility."

(2) adding a new G.S. 130-166.19A to read as follows:

"§ 130-166.19A. "§ 104E-6.1. Conveyance of low-level radioactive waste landfill facility to the State.—(a) No land may be used as a low-level radioactive waste landfill facility until the same simple title to the land has been conveyed to the State of North Carolina. In consideration for such conveyance, the State shall enter into a lease agreement with the grantor for a term equal to the estimated life of the facility in which the State shall be the lessor and the grantor the lessee. Such lease agreement shall specify that for an annual rent of fifty dollars ($50.00), the lessee shall be allowed to use the land great for development and operation of a low-level radioactive waste landfill facility. Such lease agreement shall provide that the lessor or any person authorized by the lessor shall have at all times the right to enter without a search warrant or permission of the lessee upon any and all parts of the premises for monitoring, inspection and all other purposes necessary to carry out the provisions of G.S. Chapter 104E. The lessee shall remain fully liable for all damages, losses, personal injury or property damage.

If the lessee does not effect compliance within the reasonable time allowed, the State may reenter and take possession of the premises.

(b) Notwithstanding the termination of the lease by either the lessee or the lessor for any reason, the lessee shall remain liable for, and be obligated to perform all acts necessary or required by law, regulation, permit conditions or the lease for the permanent closure of the site until the site has either been permanently closed or until a substitute operator has been secured and assumed the obligations of the lessee.

(c) In the event of changes in laws or regulations applicable to the facility which make continued operation by the lessee impossible or economically infeasible, the lessee shall have the right to terminate the lease upon giving the State reasonable notice of not less than six months, in which case the lessor shall have the right to secure a substitute lessee and operator.

(d) In the event of termination of the lease by the lessor as provided in subsection (a) of this section, or by the lessee as provided in subsection (c) of this section, the lessee shall be paid the fair market value of any improvements made to the leased premises less the costs to the lessor resulting from termination of the lease and securing a substitute lessee and operator; provided, that the lessor shall have no obligation to secure a substitute lessee or operator and may require the lessee to permanently close the facility.

(3) That local citizens and elected officials have had adequate opportunity to participate in the siting process;

(4) That the construction and operation of the facility will not pose an unreasonable health or environmental risk to the surrounding locality and that the facility developer or operator has taken or consented to take any reasonable measures to avoid or manage foreseeable risks and to comply to the maximum feasible extent with any applicable ordinances.

The board's written recommendation shall include a complete transcript of the hearing, all written material presented to the board regarding the site location and the specific findings required in this subsection and any minority positions on the recommendation and the specific findings required in this subsection. "§58-254.49. Right to obtain individual policy upon termination of group hospital, surgical or major medical coverage.—A group policy delivered or issued for delivery in this State that insures employees or members for hospital, surgical, or medical insurance on an expense incurred or service basis under General Statutes Chapters 57, 57B, and 58, other than for specific diseases or for accidental injuries only, shall provide that an employee or member whose insurance under the group policy has been terminated shall be entitled to have a converted policy issued to him by the insurer under whose group policy he was last insured, without evidence of insurability, subject to the terms and conditions specified in this Part. Provided, the terms and conditions set forth in this Part are intended as minimum requirements and shall not be construed to impose additional or different requirements upon those group hospital, surgical,
or major medical plans already in force, or hereafter placed into effect, that provide conversion benefits equal to or better than those required in this Part.

"§ 58-254.50. Restrictions.—A converted policy shall not be available to an employee or member if termination of his insurance under the group policy occurred because:

(1) Of termination of employment or membership and either he was not entitled to continuation of group coverage under Part 1 of this Article or failed to elect such continuation;

(2) He failed to make timely payment of any required contribution for the cost of continuation of insurance;

(3) He had not been continuously covered under the group policy or for similar benefits under any other group policy that it replaced during the period of three consecutive months immediately prior to termination of active employment ending with such termination;

(4) The group policy terminated or an employer's participation terminated, and the insurance is replaced by similar coverage under another group policy within 31 days of date of termination; or

(5) He failed to continue his insurance for the entire maximum period of three consecutive months following termination of active employment as provided for in Part 1 of this Article.

"§ 58-254.51. Time limit.—In order to be eligible for conversion, written application and the first premium payment for the converted policy must be made to the insurer not later than 31 days after the date of termination of insurance provided under Part 1 of this Article. The effective date of the converted policy shall be the day following the later of:

(1) The termination of insurance under the group policy when it is not replaced by one providing similar coverage within 31 days of the termination date of the immediately prior group plan; or

(2) The termination of the three months of continued coverage under the group policy or policies.

"§ 58-254.52. Premium.—(a) The premium for the converted policy shall be determined in accordance with the insurer's table of premium rates applicable to the age and class of risk to be covered under that policy and to the type and amount of insurance provided.

(b) All insurers licensed to do business in this State, who issue conversion policies under this Part, shall have the right to increase that element of the premium that applies to hospital room and board benefit increases provided for in G.S. 58-254.59(5) by an amount proportionate to the increase promulgated by the Commissioner. Such premium increases shall be filed with the Commissioner.

(c) All premium rates and adjustments to premium rates for converted policies shall be reasonable and must be filed with the Commissioner prior to use. A premium rate shall be deemed to be reasonable if it can be demonstrated by the insurer that the premium charged is expected to produce an incurred loss ratio to earned premiums of not less than sixty percent (60%) for all individual policies providing similar benefits offered and issued by the insurer. If an insurer experiences an incurred loss ratio of greater than eighty percent (80%) for all such policies, it shall be deemed reasonable for that insurer to increase premium rates to a level that will produce a prospective incurred loss ratio of no greater than eighty percent (80%), and the insurer shall file such new rates with
the Commissioner: Provided, however, that such action may be taken by the insurer at intervals not more frequently than two years, the first of which shall be no earlier than January 1, 1984.

"§58-254.53. Coverage.—The converted policy shall cover the employee or member and his eligible dependents who were covered by the group policy on the date of termination of insurance. At the option of the insurer, a separate converted policy may be issued to cover any such eligible dependent.

"§58-254.54. Exclusions.—The insurer shall not be required to issue a converted policy covering any person if such person is or can be covered by Medicare. Furthermore, the insurer shall not be required to issue a converted policy covering any person if:

(1) a. Such person is covered for similar benefits by another hospital, surgical, medical or major medical expense insurance policy, or hospital or medical service subscriber contract or medical practice or other prepayment plan, or by any other plan or program;

b. Such person is or could be covered for similar benefits, whether or not covered for such benefits, under any arrangement of coverage for individuals in a group, whether insured or uninsured; or

c. Similar benefits are provided for or available to such person, whether or not covered for such benefits, by reason of any State or federal law; and

(2) The benefits under sources of the kind referred to in subdivision (1)a. of this section for such person, or benefits provided or available under sources of the kind referred to in subdivisions (1)b. and (1)c. of this section for such person, together with the converted policy’s benefits would result in overinsurance according to the insurer’s standards for overinsurance.

"§58-254.55. Information.—A converted policy may provide that the insurer may at any time request information of the insured policyholder with respect to any person covered thereunder as to whether he is covered for the similar benefits described in G.S. 58-254.54(1)a. or is or could be covered for the similar benefits described in G.S. 58-254.54(1)b. and G.S. 58-254.54(1)c. The converted policy may provide that as of any premium due date the insurer may refuse to renew the policy or the coverage of any insured person for the following reasons only:

(1) Either those similar benefits for which such person is or could be covered, together with the converted policy’s benefits, would result in overinsurance according to the insurer’s standards for overinsurance, or the policyholder of the converted policy fails to provide the requested information;

(2) Fraud or material misrepresentation in applying for any benefits under the converted policy; or

(3) Eligibility of any insured person for coverage under Medicare, or under any other State or federal law providing benefits substantially similar to those provided by the converted policy.

"§58-254.56. Excess benefits.—An insurer shall not be required to issue a converted policy providing benefits in excess of the equivalent value of hospital, surgical, or major medical insurance under the group policy from which conversion is made.

"§58-254.57. Preexisting conditions.—The converted policy shall not exclude, as a preexisting condition, any condition covered by the group policy. However, the converted policy may provide for a reduction of its hospital, surgical or medical benefits by the amount of any such benefits payable under the group
policy after the individual’s insurance terminates thereunder. The converted policy may also provide that during the first policy year the benefits payable under the converted policy, together with the benefits payable under the group policy, shall not exceed those that would have been payable had the individual’s insurance under the group policy remained in force and effect.

“§ 58-254.58. Basic coverage plans.—(a) Subject to the provisions of this Article, if the group insurance policy from which conversion is made insures the employee or member for basic hospital and surgical expense insurance, the employee or member shall be entitled to obtain a converted policy providing, at his option, coverage on an expense incurred basis under any of the following plans:

(1) Plan A:
   (i) Hospital room and board daily expense benefits in a maximum dollar amount approximating the average semi-private rate charged in the major metropolitan area of this State, for a maximum duration of 70 days;
   (ii) Miscellaneous hospital expense benefits up to a maximum amount of 10 times the hospital room and board daily expense benefits; and
   (iii) Surgical expense benefits according to a surgical procedures schedule consistent with those customarily offered by the insurer under group or individual health insurance policies and providing a maximum benefit of eight hundred dollars ($800.00).

(2) Plan B:
   Identical to Plan A, except that (i) the maximum hospital room and board daily expense benefit is seventy-five percent (75%) of the corresponding Plan A maximum and (ii) the surgical schedule maximum is six hundred dollars ($600.00).

(3) Plan C:
   Identical to Plan A, except that (i) the maximum hospital room and board daily expense benefit is fifty percent (50%) of the corresponding Plan A maximum and (ii) the surgical schedule maximum is four hundred dollars ($400.00).

(b) The maximum dollar amount for the maximum hospital room and board daily expense benefit of Plan A shall be determined by the Commissioner and may be redetermined by him from time to time as to converted policies issued subsequent to such redetermination. Such redetermination shall not be made more often than once in three years. The Plan A maximum, and the corresponding maximums in Plans B and C, shall be rounded to the nearest multiple ten dollars ($10.00), provided that rounding may be to the next higher or lower multiple of ten dollars ($10.00) if otherwise exactly midway between.

“§ 58-254.59. Major medical plans.—Subject to the provisions of this Article, if the group policy from which conversion is made insures the employee or member for major medical expense insurance, the employee or member shall be entitled to obtain a converted policy providing catastrophic or major medical coverage under a plan meeting the following requirements:

(1) A maximum benefit at least equal to either, at the option of the insurer,
   (i) A maximum payment per covered person for all covered medical expenses incurred during that person’s lifetime, equal to the lesser of the maximum benefit provided under the group policy or one hundred thousand dollars ($100,000); or
(ii) A maximum payment for each unrelated injury or sickness, equal to the lesser of the maximum benefit provided under the group policy or one hundred thousand dollars ($100,000).

(2) Payment of benefits at the rate of eighty percent (80%) of covered medical expenses that are in excess of the deductible, until twenty percent (20%) of such expenses in a benefit period reaches one thousand dollars ($1,000), after which benefits will be paid at the rate of one hundred percent (100%) during the remainder of such benefit period. Payment of benefits for outpatient treatment of mental illness, if provided in the converted policy, may be at a lesser rate but not less than fifty percent (50%).

(3) A deductible for each benefit period which, at the option of the insurer, shall be (i) the sum of the benefits deductible and one hundred dollars ($100.00), or (ii) the corresponding deductible in the group policy. The term 'benefits deductible', as used in this Part, means the value of any benefits provided on an expense incurred basis that are provided with respect to covered medical expenses by any other group or individual hospital, surgical, or medical insurance policy or medical practice or other prepayment plan, or any other plan, or program whether insured or uninsured, or by reason of any State or federal law and if, pursuant to G.S. 58-254.60, the converted policy provides both basic hospital or surgical coverage and major medical coverage, the value of such basic benefits.

If the maximum benefit is determined by subdivision (1)(i) of this section, the insurer may require that the deductible be satisfied during a period of not less than three months if the deductible is one hundred dollars ($100.00) or less, and not less than six months if the deductible exceeds one hundred dollars ($100.00).

(4) The benefit period shall be each calendar year when the maximum benefit is determined by subdivision (1)(i) of this section or 24 months when the maximum benefit is determined by subdivision (1)(ii) of this section.

(5) The term 'covered medical expenses', as used in this Part, shall include, in the case of hospital room and board charges, at a minimum the lesser of the dollar amount in G.S. 58-254.58(a)(1) and the average semiprivate room and board rate for the hospital in which the individual is confined, and at a minimum twice such amount for charges in an intensive care unit. Any surgical procedures schedule shall be consistent with those customarily offered by the insurer under group or individual health insurance policies and must provide at least a one thousand two hundred dollar ($1,200) maximum.

§ 58-254.60. Alternative plans.—At the option of the insurer, such plans of benefits set forth in G.S. 58-254.58 and G.S. 58-254.59 may be provided under one policy. Instead of providing the plans of benefits set forth in G.S. 58-254.58 and G.S. 58-254.59, the insurer may elect to provide a policy of comprehensive medical expense benefits without first dollar coverage. Said policy shall conform to the requirements of G.S. 58-254.59; provided, however, that an insurer electing to provide such a policy shall make available the following deductible options: one hundred dollars ($100.00), five hundred dollars ($500.00), and one thousand dollars ($1,000). Alternatively, such a policy may provide for deductible options equal to the greater of the benefits deductible and the amount specified in the preceding sentence.

§ 58-254.61. Insurer option.—The insurer may, at its option, offer alternative plans for group health conversion in addition to those required by this Part. Furthermore, if any insurer customarily offers individual policies on
a service basis, that insurer may, in lieu of converted policies on an expense incurred basis, make available converted policies on a service basis which, in the opinion of the Commissioner satisfy the intent of this Part.

"§ 58-254.62. Other conversion provisions.—(a) If coverage would in any event have been continued under the group policy on an employee following his retirement prior to the time he is or could be covered by Medicare and provided he would have been eligible for continuation under the group policy as specified in G.S. 58-254.42, the employee or member may elect, in lieu of such continuation of group insurance, to have the same conversion rights as would apply had that insurance terminated at retirement.

(b) The converted policy may provide for reduction or termination of coverage of any person upon his eligibility for coverage under Medicare or under any other State or federal law providing for benefits similar to those provided by the converted policy.

(c) Subject to the conditions set forth in this subsection, the conversion privilege shall also be available (i) to the surviving spouse, if any, at the death of the employee or member, with respect to the spouse and any eligible children whose coverage under the group policy terminates by reason of such death, or if the group policy provides for continuation of dependents' coverage following the employee's or member's death, at the end of such continuation, or (ii) to the spouse of the employee or member upon termination of coverage of the spouse because the spouse becomes ineligible, while the employee or member remains insured under the group policy, with respect to the spouse and such children whose coverage under the group policy terminates at the same time, or (iii) to a child solely with respect to himself upon termination of his coverage by reason of ceasing to be an eligible family member under the group policy, if a conversion privilege is not otherwise provided above with respect to such termination.

(d) The insurer may elect to provide group insurance coverage in lieu of the issuance of a converted individual policy, notwithstanding the maximum period of group continuation specified in G.S. 58-254.47(1).

(e) A notification of the conversion privilege shall be included in each certificate of coverage.

(f) A converted policy which is delivered outside this State may be on a form which could be delivered in such other jurisdiction as a converted policy had the group policy been issued in that jurisdiction."

Sec. 2. This act shall apply only to group policies delivered, issued for delivery, or amended on or after the effective date of this act. The provisions of this act shall not apply to hospital, surgical or major medical plans offered by employers on a self-insured basis.

Sec. 3. This act shall become effective January 1, 1982.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-138 is hereby amended by adding a new subsection as follows:

SECTION 1008-SPECIAL SAFETY TO LIFE REQUIREMENTS APPLICABLE TO EXISTING HIGH-RISE BUILDINGS

All other buildings shall be considered as low-rise. NOTE: The requirements of Section 1008 shall be considered as minimum requirements to provide for reasonable safety to life requirements for existing buildings and where possible, the owner and designer should consider the provisions of Section 506 applicable to new high-rise buildings.

(b) Notification of Building Owner. The Department of Insurance will send copies of amendments adopted to all local building officials with the suggestion that all local building officials transmit to applicable building owners in their jurisdiction copies of adopted amendments, within six months from the date the amendments are adopted, with the request that each building owner respond to the local building official how he plans to comply with these requirements within a reasonable time.

NOTE: Suggested reasonable time and procedures for owners to respond to the building official's request is as follows:

(1) The building owner shall, upon receipt of written request from the building official on compliance procedures within a reasonable time, submit an overall plan required by 1008(c) below within one year and within the time period specified in the approved overall plan, but not to exceed five years after the overall plan is approved, accomplish compliance with this section, as evidenced by completion of the work in accordance with approved working drawings and specifications and by issuance of a new Certificate of Compliance by the building official covering the work. owner can show just cause for such extension of time at the time the overall plan is approved.

(3) The local building official shall send second request notices as per 1008(b) to building owners who have made no response to the request at the end of six months and a third request notice to no response building owners at the end of nine months.

(4) If the building owner makes no response to any of the three requests for information on how the owner plans to comply with Section 1008 within 12 months from the first request, the building official shall issue a 'written order' to the building owner to provide his building with the safety to life facilities as required by this section and to submit an overall plan specified by (1) above within six months with the five-year time period starting on the date of the 'written order'.

(5) For purposes of this section, the Construction Section of the Division of Facility Services, Department of Human Resources, will notify all non-State owned I-Institutional buildings requiring licensure by the Division of Facility Services and coordinate compliance requirements with the Department of Insurance and the local building official.

(c) Submission of Plans and Time Schedule for Completing Work. Plans and specifications, but not necessarily working drawings covering the work necessary to bring the building into compliance with this section shall be submitted to the building official within a reasonable time. (See suggested time in NOTE of Section 1008(b) above). A time schedule for accomplishing the work, including the preparation of working drawings and specifications shall be included. Some of the work may require longer periods of time to accomplish than others, and this shall be reflected in the plan and schedule.

Class III buildings shall be provided with a designated 'area of refuge' at the 250 ft. level and on at least every eighth floor or fraction thereof above that level to be designed so that occupants above the 250 ft. level can enter at all times and be safely accommodated in floor areas meeting the following requirements unless the building is completely sprinklered:

(1) Identification and Size. These areas of refuge shall be identified on the plans and in the building as necessary. The area of refuge shall provide not less than 3 sq. ft. per occupant for the total number of occupants served by the area based on the occupancy content calculated by Section 1105. A minimum of two percent (2%) of the number of occupants on each floor shall be assumed to be handicapped and no less than 16 sq. ft. per handicapped occupant shall be provided. Smoke proof stairways meeting the requirements of Section 1104.2 and pressurized stairways meeting the requirements of Section 1108.3(e)(2) may be used for ambulatory occupants at the rate of 3 sq. ft. of area of treads and landings per person, but in no case shall the stairs count for more than one-third of the total occupants. Walls, partitions, floor assemblies and roof assemblies separating the area of refuge from the remainder of the building shall be noncombustible and have a fire resistance rating of not less than one hour. Duct penetrations shall be protected as required for penetrations of shafts. Metallic piping and metallic conduit may penetrate or pass through the separation only if the openings around the piping or conduit are sealed on each side of the penetrations with impervious noncombustible materials to prevent the transfer of smoke or combustion gases from one side of the separation to the other. The fire door serving as a horizontal exit between compartments shall be so installed, fitted and gasketed to provide a barrier to the passage of smoke.

(4) Access Corridors. Any corridor leading to each designated area of refuge shall be protected as required by Sections 1104 and 702. The capacity of an access corridor leading to an area of refuge shall be based on 150 persons per unit width as defined in Section 1105.2. An access corridor may not be less than 44 inches in width. The width shall be determined by the occupant content of the most densely populated floor served. Corridors with one-hour fire resistive separation may be utilized for area of refuge at the rate of three sq. ft. per ambulatory occupant provided a minimum of one cubic ft. per minute of outside air per square foot of floor area is introduced by the air conditioning system.
Session Laws—1981  CHAPTER 713

(5) Penetrations. The continuity of the fire resistance at the juncture of exterior walls and floors must be maintained.

(k) Smoke Venting.

Smoke venting shall be accomplished by one of the following methods in nonsprinklered buildings:

(1) In a nonsprinklered building, the heating, ventilating and air conditioning system shall be arranged to exhaust the floor of alarm origin at its maximum exhausting capacity without recirculating air from the floor of alarm origin to any other floor. The system may be arranged to accomplish this either automatically or manually. If the air conditioning system is also used to pressurize the areas of refuge, this function shall not be compromised by using the system for smoke removal.

(2) Venting facilities shall be provided at the rate of 20 square feet per 100 lineal feet or 10 square feet per 50 lineal feet of exterior wall in each story and distributed around the perimeter at not more than 50 or 100 foot intervals openable from within the fire floor. Such panels and their controls shall be clearly identified.

(3) Any combination of the above two methods or other approved designs which will produce equivalent results and which is acceptable to the building official.

(l) Fire Protection of Electrical Conductors. New electrical conductors furnishing power for pressurization fans for stairways, power for emergency elevators and fire pumps required by Section 1008.4(d) shall be protected by a two-hour fire rated horizontal or vertical enclosure or structural element which does not contain any combustible materials. Such protection shall begin at the source of the electrical power and extend to the floor level on which the emergency equipment is located. It shall also extend to the emergency equipment to the extent that the construction of the building components on that floor permit. New electrical conductors in metal raceways located within a two-hour fire rated assembly without any combustible therein are exempt from this requirement.

The sprinkler system must be equipped with a water flow and supervisory signal system that will transmit automatically a water flow signal directly to the Fire Department or to an independent signal monitoring service satisfactory to the Fire Department."
Sec. 2. G.S. 143-138 is further amended by adding a new subsection (j) at the end thereof to read as follows:

"(j) Subsection (i) of this section does not apply to business occupancy buildings as defined in the North Carolina State Building Code except that evacuation plans as required on page 8, lines 2 through 16, and smoke detectors as required for Class I Buildings as required in Section 1008.2, page 11, lines 5 through 21; Class II Buildings as required by Section 1008.3, page 17, lines 17 through 28 and page 18, lines 1 through 10; and Class III Buildings, as required by Section 1008.4, lines 21 through 25 shall not be exempted from operation of this act as applied to business occupancy buildings."

"...commits, permits or encourages any act of prostitution with or by the juvenile;

Sec. 2. G.S. 7A-549 is rewritten to read:

"§ 7A-549. Authority of medical professionals in abuse cases.—(a) Any physician or administrator of a hospital, clinic, or other medical facility to which a suspected abused juvenile is brought for medical diagnosis or treatment shall have the right, when authorized by the chief district court judge of the district or his designee, to retain physical custody of the juvenile in the facility when the physician who examines the juvenile certifies in writing that the juvenile who is suspected of being abused should remain for medical treatment or that, according to his medical evaluation, it is unsafe for the juvenile to return to his parent, guardian, custodian, or caretaker. This written certification must be signed by the certifying physician and must include the time and date that the judicial authority to retain custody is given. Copies of the written certification must be appended to the juvenile's medical and judicial records and another copy must be given to the juvenile's parent, guardian, custodian, or caretaker. The right to retain custody in the facility shall exist for up to 12 hours from the time and date contained in the written certification.

(b) Immediately upon receipt of judicial authority to retain custody, the physician, the administrator, or his designee shall so notify the director of social services for the county in which the facility is located. The director shall treat this notification as a report of suspected abuse and shall immediately begin an investigation of the case.

(1) If the investigation reveals (i) that it is the opinion of the certifying physician that the juvenile is in need of medical treatment to cure or
alleviate physical distress, or to prevent the juvenile from suffering serious physical harm which might result in death, disfigurement, or substantial impairment of bodily function, and (ii) that it is the opinion of the physician that the juvenile should for these reasons remain in the custody of the facility for 12 hours, but (iii) that the juvenile's parent, guardian, custodian or caretaker cannot be reached or, upon request, will not consent to the treatment within the facility, the director shall within the initial 12-hour period file a juvenile petition alleging abuse and setting forth supporting allegations and shall seek a nonsecure custody order. A petition filed and a nonsecure custody order obtained in accordance with this subdivision shall come on for hearing under the regular provisions of this Subchapter unless the director and the certifying physician together voluntarily dismiss the petition.

(2) In all cases except those described in subdivision (1) above, the director shall conduct his investigation and may initiate juvenile proceedings and take all other steps authorized by the regular provisions of this Subchapter. If the director decides not to file a petition, the physician, the administrator or his designee may ask the prosecutor to review this decision according to the provisions of G.S. 7A-546 and G.S. 7A-547.

(c) If, upon hearing, the court determines that the child is found in a county other than the county of legal residence, in accord with G.S. 153A-257, the child may be transferred, in accord with G.S. 7A-647(2), to the custody of the department of social services in the county of residence.

(d) If the court, upon inquiry, determines that the medical treatment rendered was necessary and appropriate, the cost of that treatment may be charged to the parents, guardian, custodian, or caretaker, or, if the parents are unable to pay, to the county of residence in accordance with G.S. 7A-647(3) and G.S. 7A-650.

(e) Except as otherwise provided, a petition begun under this section shall proceed in like manner with petitions begun under G.S. 7A-544.

(f) The procedures in this section are in addition to, and not in derogation of, the child abuse and neglect reporting provisions of G.S. 7A-543 and the temporary custody provisions of G.S. 7A-571. Nothing in this section shall preclude a physician or administrator and a director of social services from following the procedures of G.S. 7A-543 and G.S. 7A-571 whenever these procedures are more appropriate to the juvenile's circumstances."

Sec. 3. Section 1 of this act is effective upon ratification and Section 2 shall be effective 90 days after ratification.

(f) The jury list shall contain not less than one and one-quarter times and not more than three times as many names as were drawn for jury duty in all courts in the county during the previous biennium, but in no event shall the list include fewer than 500 names, except that in counties in which a different panel of jurors is selected for each day of the week, there is no limit to the number of names that may be placed on the jury list.

(g) The custodian of the appropriate election registration records in each county shall cooperate with the jury commission in its duty of compiling the list required by this section.

Whereas, the Congress of the United States enacted the Housing and Community Development Act of 1977 (Public Law 95-128) which as amended authorized the Secretary of Housing and Urban Development (HUD) to make Urban Development Action Grants to severely distressed cities and towns which require increased public assistance and private investment to alleviate physical and economic deterioration; and

Whereas, assistance is being made available under this federal program for economic revitalization in competing communities throughout the nation with population out-migration or stagnating or declining tax base, and for reclamation of neighborhoods, having excessive housing abandonment or deterioration; and

Whereas, the Town of Tarboro (the Town) filed an application with the Department of Housing and Urban Development (HUD) and has received approval of said application for an Urban Development Action Grant (UDAG) and has executed a UDAG Grant Agreement with HUD; and

Whereas, the agreement with HUD calls for the acquisition of a site within the redevelopment area and the construction and equipment of a retirement home for the elderly thereon (the Project); and

Whereas, prevailing high interest rates make the financing of the project difficult and impractical, but, with the approval of the Town of Tarboro, a nonprofit corporation may be formed that will be able to issue bonds, with no obligation or liability of the Town for the payment thereof or interest thereon, the interest on which bonds will be exempt from federal income taxes, but not from income taxes of the State of North Carolina, making the financing of the project easier and practical, and the proceeds from the sale of said bonds may be loaned to a developer for the completion of the project in accordance with the said agreement with HUD; the reduction of interest costs will reduce the cost of the project and will reduce the cost to the residents of the retirement home; and the project will be subject to town and county ad valorem taxes; and

Whereas, the following is enacted for the purpose of insuring that the Town can legally give the approvals set forth therein, and can accept title to the project property upon the retirement of the bonds; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1 of Chapter 1115 of the 1979 Session (2nd Session, 1980) is amended by deleting the word “and” at the end of subdivision (4), by changing the period at the end of subdivision (5) to a comma and by adding the word “and” at the end of subdivision (5), and by adding the following new subdivision at the end of subdivision (5) to read:

grants authorized by the Housing and Community Development Act of 1977, and to accept title to the land and facilities acquired or constructed with the bond proceeds upon the retirement of the bonds and any other indebtedness with respect thereto.

The Town shall not be liable for the payment of said bonds or the interest or premiums thereon, and neither the officers, agents or employees of the Town nor of the nonprofit corporation shall be subject to any personal liability or accountability by reason of the issuance of or execution of the bonds."

No officer or employee of the Police Department or Fire Department of the City of Fayetteville shall be fined, suspended or discharged except for cause as provided herein.

(1) Grounds for suspension or discharge. Any member of the Police or Fire Department who violates any rule or regulation of either department as prescribed and promulgated by this Article or who commits any act of misconduct or offense that would be detrimental to the health, safety, welfare or morale of either department or the protection of lives or property of the people within the City of Fayetteville shall be subject to suspension or discharge pursuant to this section.

(2) Authority of the Chief of Police or the Fire Chief. If the Chief of Police or the Chief of the Fire Department determines that grounds for suspension or discharge exist, they shall have the authority, subject to the approval of the Civil Service Commission, to suspend the affected individual up to a period of 30 days without pay, or discharge the individual. In the event that the Chief of
Police or the Chief of the Fire Department determine to take such action, they shall immediately notify in writing the individual affected, and said notice shall contain the following information:

If the individual shall request a postponement of the hearing beyond the 20-day time period, he shall so state in writing and by doing so shall waive any claim of prejudice to the hearing of his cause as a result of said delay. If an individual has been suspended pending a hearing and the individual requests a postponement of the hearing to a point in time beyond which the suspension would have expired, the commission shall have the authority to continue the suspension without pay until such time as the hearing is held.

The action of the commission with respect to the matters contained in this section shall be final and conclusive.

(2) Any person aggrieved by the recommendation of the Cumberland County Planning Board shall have the right to appeal the action of the planning board in writing to the Clerk of the City of Fayetteville within 10 days of the action of the planning board. If an appeal is timely filed, then the city council shall hold a public hearing with prior notice being published in accordance with subparagraph (1).
(3) If the planning board's recommendation was to rezone the property, and no appeal is filed pursuant to subparagraph (2), then at its next regular council meeting following the expiration of the time provided for appeal in subparagraph (2) above, the city council shall have the right to adopt the rezoning without further public hearing. A rezoning shall be defined as any change in the zoning classification of property, whether it be in whole, in part, or a combination of new classifications, or an initial zoning of property added to the city's jurisdiction by annexation or other action.

(4) If the action of the planning board was to recommend denial of the petition, and no appeal is taken within the time prescribed pursuant to subparagraph (2), then, the action recommended by the planning board shall be deemed to be the final action of the city council.

H. B. 944  CHAPTER 758

AN ACT TO INCLUDE CONSIDERATION OF PERSONAL PROPERTY TRANSFERS IN DETERMINING MEDICAID AND SPECIAL ASSISTANCE ELIGIBILITY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 108A-60, as recodified in Chapter 275 of the 1981 Session Laws, is rewritten to read:

"§ 108A-60. Transfer of property for purposes of qualifying for State-county special assistance for adults; periods of ineligibility.—(a) Any person, otherwise eligible, who, either while receiving State-county special assistance or within one year prior to the date of applying for assistance, unless some other time period is mandated by controlling federal law, sells, gives, assigns or transfers countable real or personal property or an interest therein, either by himself or through his legal representative, for the purpose of retaining or establishing eligibility for State-county special assistance, shall be ineligible to receive assistance thereafter as set forth in subsection (c) of this section.

Countable real and personal property shall be real property, excluding a homesite, intangible personal property, nonessential motor and recreational vehicles, nonincome producing business equipment, boats and motors. The provisions of this act shall not apply to the sale, gift, assignment or transfer of real or personal property if and to the extent that the person applying for State-county special assistance would have been eligible for such assistance notwithstanding ownership of such property or an interest therein.

(b) Any sale, gift, assignment or transfer of real or personal property or an interest therein, as provided in subsection (a) of this section, shall be presumed to have been made for the purpose of retaining or establishing eligibility for State-county special assistance unless the person, or his legal representative, who sells, gives, assigns or transfers the property or interest, receives valuable consideration at least equal to the fair market value, less encumbrances, of the property or interest.

(c) Any person who, by himself or through his legal representative, sells, gives, assigns or transfers real or personal property or an interest therein for the purpose of retaining or establishing eligibility for State-county special assistance, as provided in subsection (a) of this section, shall be ineligible to receive assistance thereafter until an amount equal to the uncompensated value of the property or interest has been expended by or on behalf of such person for maintenance and support, including medical expenses, paid or incurred, or shall be ineligible in accordance with the following schedule, whichever is sooner:

(1) For uncompensated value of at least one thousand dollars ($1,000) but not more than six thousand dollars ($6,000), a one-year period of ineligibility from date of sale, gift, assignment or transfer;

(2) For uncompensated value of more than six thousand dollars ($6,000) but not more than twelve thousand dollars ($12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer;

(3) For uncompensated value of more than twelve thousand dollars ($12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer, plus one additional month of ineligibility for each five hundred dollar ($500.00) increment or portion thereof by
which the uncompensated value exceeds twelve thousand dollars ($12,000), but in no event to exceed three years.

(d) The sale, gift, assignment or transfer for a consideration less than fair market value, less encumbrances, or any tangible personal property which was acquired with the proceeds of sale, assignment or transfer of real or intangible personal property described in subsection (a) of this section or in exchange for such real or intangible personal property shall be presumed to have been for the purpose of evading the provisions of this section if the acquisition and sale, gift, assignment or transfer of the tangible personal property is by or on behalf of a person receiving State-county special assistance or within one year of making application for such assistance and the consequences of the sale, gift, assignment or transfer of such tangible personal property shall be determined under the provisions of subsections (c), (f) and (g) of this section.

(e) The presumption created by subsections (b) and (d) may be overcome if the person receiving or applying for State-county special assistance, or his legal representative, establishes by the greater weight of the evidence that the sale, gift, assignment or transfer was exclusively for some purpose other than retaining or establishing eligibility for such assistance.

(f) For the purpose of establishing uncompensated value under subsection (c), the value of property or an interest therein shall be the fair market value of the property or interest at the time of the sale, gift, assignment or transfer, less the amount of compensation received for the property or interest, if any. There shall be a rebuttable presumption that the fair market value of real property is the most recent property tax value of the property, as ascertained according to Subchapter II of Chapter 105 of the General Statutes. Fair market value for purpose of this subsection shall be such value, determined as above set out, less any legally enforceable encumbrances to which the property is subject.

(g) In the event that there is more than one sale, gift, assignment or transfer of property or an interest therein by a person receiving State-county special assistance or within one year of the date of an application for such assistance, unless some other time period is mandated by controlling federal law, the uncompensated value for the purposes of subsection (c) shall be the aggregate uncompensated value of all sales, gifts, assignments and transfers. The date which is the midpoint between the date of the first and the last sale, gift, assignment or transfer shall be the date from which the period of ineligibility shall be determined under subsection (c)."

Sec. 2. G.S. 108A-80, as found in Chapter 275 of the 1981 Session Laws, is rewritten to read:

"§108A-80. Transfer of property for purposes of qualifying for medical assistance; periods of ineligibility.—(a) Any person, otherwise eligible, who, either while receiving medical assistance benefits or within one year prior to the date of applying for medical assistance benefits, unless some other time period is mandated by controlling federal law, sells, gives, assigns or transfers countable real or personal property or an interest therein, either by himself or through his legal representative, for the purpose of retaining or establishing eligibility for medical assistance benefits, shall be ineligible to receive medical assistance benefits thereafter as set forth in subsection (c) of this section.

Countable real and personal property includes real property, excluding a homesite, intangible personal property, nonessential motor and recreational vehicles, nonincome producing business equipment, boats and motors. The
provisions of this act shall not apply to the sale, gift, assignment or transfer of real or personal property if and to the extent that the person applying for medical assistance would have been eligible for such assistance notwithstanding ownership of such property or an interest therein.

(b) Any sale, gift, assignment or transfer of real or personal property or an interest therein, as provided in subsection (a) of this section, shall be presumed to have been made for the purpose of retaining or establishing eligibility for medical assistance benefits unless the person, or his legal representative, who sells, gives, assigns or transfers the property or interest, receives valuable consideration at least equal to the fair market value, less encumbrances, of the property or interest.

(c) Any person who, by himself or through his legal representative, sells, gives, assigns or transfers real or personal property or an interest therein for the purpose of retaining or establishing eligibility for medical assistance benefits, as provided in subsection (a) of this section, shall be ineligible to receive these benefits thereafter until an amount equal to the uncompensated value of the property or interest has been expended by or on behalf of the person for his maintenance and support, including medical expenses, paid or incurred, or shall be ineligible in accordance with the following schedule, whichever is sooner:

1. For uncompensated value of at least one thousand dollars ($1,000) but not more than six thousand dollars ($6,000), a one-year period of ineligibility from date of sale, gift, assignment or transfer;

2. For uncompensated value of more than six thousand dollars ($6,000) but not more than twelve thousand dollars ($12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer;

3. For uncompensated value of more than twelve thousand dollars ($12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer, plus one additional month of ineligibility for each five hundred dollar ($500.00) increment or portion thereof by which the uncompensated value exceeds twelve thousand dollars ($12,000), but in no event to exceed three years.

(d) The sale, gift, assignment or transfer for a consideration less than fair market value, less encumbrances, of any tangible personal property which was acquired with the proceeds of sale, assignment or transfer of real or intangible personal property described in subsection (a) of this section or in exchange for such real or intangible personal property shall be presumed to have been for the purpose of evading the provisions of this section if the acquisition and sale, gift, assignment or transfer of the tangible personal property is by or on behalf of a person receiving medical assistance or within one year of making application for such assistance and the consequences of the sale, gift, assignment or transfer of such tangible personal property shall be determined under the provisions of subsections (c), (f) and (g) of this section.

(e) The presumptions created by subsections (b) and (d) may be overcome if the person receiving or applying for medical assistance, or his legal representative, establishes by the greater weight of the evidence that the sale, gift, assignment or transfer was exclusively for some purpose other than retaining or establishing eligibility for medical assistance benefits.

(f) For the purpose of establishing uncompensated value under subsection (c), the value of property or an interest therein shall be the fair market value of the property or interest at the time of the sale, gift, assignment or transfer, less the
amount of compensation, if any, received for the property or interest. There shall be a rebuttable presumption that the fair market value of real property is the most recent property tax value of the property, as ascertained according to Subchapter II of Chapter 105 of the General Statutes. Fair market value for purpose of this subsection shall be such value, determined as above set out, less any legally enforceable encumbrances to which the property is subject.

(g) In the event that there is more than one sale, gift, assignment or transfer of property or an interest therein by a person receiving medical assistance or within one year of the date of an application for medical assistance, unless some other time period is mandated by controlling federal law, the uncompensated value, for the purposes of subsection (c), shall be the aggregate uncompensated value of all sales, gifts, assignments and transfers. The date which is the midpoint between the date of the first and last sale, gift, assignment or transfer shall be the date from which the period of ineligibility shall be determined under subsection (c).

(h) This section shall not apply to applicants for or recipients of aid to families with dependent children or to persons entitled to medical assistance by virtue of their eligibility for aid to families with dependent children.”

Sec. 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect the provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 4. This act shall become effective October 1, 1981, and shall apply to applications pending on that date except that this act shall not apply to any transfer of personal property made prior to the date of ratification of this act.

In the General Assembly read three times and ratified, this the 1st day of July, 1981.

CHAPTER 759  Session Laws—1981

Sec. 2. G.S. 58-350(c) is amended by adding at the end thereof the following:

"Provided, however, that unless the insured writes the name of his employer on the application and signs a statement that he is employed, there shall be no denial of claims grounded on the insured's failure to be employed on the effective date of the insurance."

Sec. 3. G.S. 58-346(c)(2) is amended by adding at the end thereof the following:

"Provided, however, that unless the insured writes his own age on the form and signs a statement that he has done so, there shall be no denial of claims grounded on the debtor's age. Provided further, if the indebtedness is paid by renewal or refinancing prior to the scheduled maturity date, the effective date of the coverage with respect to any policy provision shall be deemed to be the first date on which the debtor became insured under the policy covering the original prior indebtedness that was renewed or refinanced, at least to the extent of the amount and term of the coverage outstanding at the time of renewal and refinancing of the debt."

Sec. 4. G.S. 58-350(a) is amended by adding at the end thereof the following:

"Provided, if the indebtedness is paid by renewal or refinancing prior to the scheduled maturity date, the effective date of the coverage with respect to any policy provision shall be deemed to be the first date on which the debtor became insured under the policy covering the original prior indebtedness that was renewed or refinanced, at least to the extent of the amount and term of the coverage outstanding at the time of renewal and refinancing of the debt."

Sec. 5. G.S. 58-350(a) is amended on line 14 by deleting the words "age restrictions similar to" and substituting therefor the words, "the same age restrictions as".

Sec. 6. G.S. 58-350(b) is rewritten to read:

Sec. 7. Article 32 of General Statutes Chapter 58 is amended by adding a new section to read:

"§ 58-359. Credit property insurance.—(a) As used in this Article, the term 'single interest credit property' insurance means insurance of the personal household property of the debtor against loss, with the creditor as sole beneficiary; and the term 'dual credit property' insurance means insurance of personal household property of the debtor, with the creditor as primary beneficiary and the debtor as beneficiary of proceeds not paid to the creditor. For the purpose of this Article, 'personal household property' means household furniture, furnishings and appliances designed for household use and not used by the debtor in a business trade or profession.

(b) Premium rates charged shall not exceed one dollar ($1.00) per year per one hundred dollars ($100.00) of insured value for single interest credit property insurance and shall not exceed one dollar and fifty cents ($1.50) per year per one hundred dollars ($100.00) of insured value for dual interest credit property insurance."

insurance. The insured value shall not exceed the lesser of the value of the property or the amount of the initial indebtedness.

The Department shall collect data on credit property insurance written in North Carolina, including but not limited to: the amount of coverage written, direct premiums, earned premiums, dividends and retrospective rate credits paid, direct losses paid, direct losses incurred, commissions paid, loss ratios and policy provisions."

Sec. 8. G.S. 58-351(b) and (c) are rewritten to read:

"(b) The refund of premiums for decreasing term credit life insurance in transactions of 60 months duration or less and the refund of premiums for single interest credit property insurance shall be equal to the amount computed by the sum of digits formula commonly known as the 'Rule of 78'. The refund of premiums for decreasing term credit life insurance in transactions of more than 60 months duration shall be equal to the premium that would be charged for the remaining term and amount of coverage in the policy. The refund of premiums for level term credit life insurance and dual interest credit property insurance shall be equal to the pro rata unearned gross premiums.

(c) The refund of premiums in the case of credit accident and health insurance shall be equal to one-half (1/2) the amount computed by the sum-of-digits formula commonly known as the 'Rule of 78' plus one-half (1/2) the amount of the pro rata unearned gross premium.

In lieu thereof the refund may be computed by the 'Pure Premium' method. The refund is computed from the schedule of credit accident and health premiums and is equal to the premium from that schedule which would be charged for such insurance in the amount of the total remaining benefits for the remaining term of the indebtedness outstanding on the date of termination."

Sec. 9. G.S. 350(d) is amended by deleting the numbers under the column headed "No. of Months in which Indebtedness is Repayable" and substituting therefor "12" for "1-12", "24" for "13-24", "36" for "25-36", "48" for "37-48", "60" for "49-60", "72" for "61-72", "84" for "73-84", "96" for "85-96", "108" for "97-108", and "120" for "109-120", and is further amended by adding at the end thereof the following: "For terms other than the above, premiums shall be prorated."

After July 1, 1975, any company may file with the Commissioner a written notice of its election to comply with the provisions of this subdivision (3) after a specified date before January 1, 1979, which shall be the operative date of this subdivision for such company, provided, a company may elect a different
CHAPTER 761  Session Laws—1981

operative date for individual annuity and pure endowment contracts from that
elected for group annuity and pure endowment contracts. If a company makes
no such election, the operative date of this subdivision for such company shall
be January 1, 1979.

(4) a. Applicability of this subdivision. The interest rates used in determining
the minimum standard for the valuation of:

(1) all life insurance policies issued in a particular calendar year, on or
after the operative date of subdivision (e)(4) of G.S. 58-201.2,
(2) all individual annuity and pure endowment contracts issued in a
particular calendar year on or after January 1, 1982,
(3) all annuities and pure endowments purchased in a particular
calendar year on or after January 1, 1982, under group annuity and
pure endowment contracts, and
(4) the net increase, if any, in a particular calendar year after January 1,
1982, in amounts held under guaranteed interest contracts
shall be the calendar year statutory valuation interest rates as defined in this
subdivision.

b. Calendar Year Statutory Valuation Interest Rates.

I. The calendar year statutory valuation interest rates, I., shall be
determined as follows and the results rounded to the nearer one-
quarter of one percent (1/4 of 1%):

I. For life insurance,

\[ I = 0.03 + W(R - 0.03) + W(R - 0.09); \]

II. For single premium immediate annuities and for annuity benefits
involving life contingencies arising from other annuities with cash
settlement options and from guaranteed interest contracts with cash
settlement options,

\[ I = 0.03 + W(R - 0.03) \]

where R1 is the lesser of R and .09,

R2 is the greater of R and .09,

R is the reference interest rate defined in this subdivision, and W is
the weighting factor defined in this subdivision.

III. For other annuities with cash settlement options and guaranteed
interest contracts with cash settlement options, valued on an issue
year basis, except as stated in II. above, the formula for life insurance
stated in I. above shall apply to annuities and guaranteed interest
contracts with guarantee durations in excess of 10 years and the
formula for single premium immediate annuities stated in II. above
shall apply to annuities and guaranteed interest contracts with
guarantee duration of 10 years or less.

IV. For other annuities with no cash settlement options and for
 guaranteed interest contracts with no cash settlement options, the
formula for single premium immediate annuities stated in II. above
shall apply,

V. For other annuities with cash settlement options and guaranteed
interest contracts with cash settlement options, valued on a change in
fund basis, the formula for single premium immediate annuities
stated in II. above shall apply.

1104
2. However, if the calendar year statutory valuation interest rate for any
life insurance policies issued in any calendar year determined without
reference to this sentence differs from the corresponding actual rate for
similar policies issued in the immediately preceding calendar year by
less than one-half of one percent (1/2 of 1%), the calendar year
statutory valuation interest rate for such life insurance policies shall be
equal to the corresponding actual rate for the immediately preceding
calendar year. For purposes of applying the immediately preceding
sentence, the calendar year statutory valuation interest rate for life
insurance policies issued in a calendar year shall be determined for 1980
(using the reference interest rate defined for 1979) and shall be
determined for each subsequent calendar year regardless of when
subdivision (e)(4) of G.S. 58-201.2 becomes operative.

c. Weighting Factors.
   1. The weighting factors referred to in the formulas stated above are given
   in the following tables:

   I. Weighting Factors for Life Insurance:

<table>
<thead>
<tr>
<th>Guarantee Duration (Years)</th>
<th>Weighting Factors</th>
</tr>
</thead>
<tbody>
<tr>
<td>10 or less</td>
<td>.50</td>
</tr>
<tr>
<td>More than 10, but not more than 20</td>
<td>.45</td>
</tr>
<tr>
<td>More than 20</td>
<td>.35</td>
</tr>
</tbody>
</table>

   For life insurance, the guarantee duration is the maximum number of
years the life insurance can remain in force on a basis guaranteed in the
policy or under options to convert to plans of life insurance with
premium rates or nonforfeiture values or both which are guaranteed in the
original policy:

   II. Weighting factor for single premium immediate annuities and for
       annuity benefits involving life contingencies arising from other
       annuities with cash settlement options and guaranteed interest
       contracts with cash settlement options:

       .80

   III. Weighting factors for other annuities and for guaranteed interest
       contracts, except as stated in II. above, shall be as specified in tables
       (i), (ii), and (iii) below, according to the rules and definitions in (iv), (v)
       and (vi) below:

       (i) For annuities and guaranteed interest contracts valued on an issue
           year basis:

           | Guarantee Duration (Years) | Weighting Factor For Plan Type |
           |---------------------------|-------------------------------|
           | 5 or less:                | A    | B    | C    |
           | More than 5, but not more than 10: | .80  | .60  | .50  |
           | More than 10, but not more than 20: | .75  | .60  | .50  |
           | More than 20:             | .65  | .50  | .45  |

           (ii) For annuities and Plan Type

1105
guaranteed interest contracts valued on a change in fund basis, the factors shown in (i) above increased by:

(iii) For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more than 12 months beyond the valuation date, the factors shown in (i) or derived in (ii) increased by:

(iv) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of 20 years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(v) Plan type as used in the above tables is defined as follows:

Plan Type A: At any time policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) without such adjustment but in installments over five years or more, or (3) as an immediate life annuity, or (4) no withdrawal permitted.

Plan Type B: Before expiration of the interest rate guarantee, policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the
insurance company, or (2) without such adjustment but in installments over five years or more, or (3) no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years.

Plan Type C: Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either (1) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(vi) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this section, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change in fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

d. Reference Interest Rate.

1. The Reference Interest Rate referred to in paragraph b. of this subdivision shall be defined as follows:

I. For all life insurance, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year next preceding the year of issue, of Moody’s Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody’s Investors Service, Inc.

II. For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or year of purchase, of Moody’s Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody’s Investors Service, Inc.

III. For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in II. above, with guarantee duration in excess of 10 years, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody’s Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody’s Investors Service, Inc.

IV. For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of
issue basis, except as stated in II, above, with guarantee duration of 10 years or less, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

V. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

VI. For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except as stated in II, above, the average over a period of 12 months, ending on June 30 of the calendar year of the change in the fund, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

1. In the event that Moody's Corporate Bond Yield Average - Monthly Average Corporates is no longer published by Moody's Investors Service, Inc., or in the event that the National Association of Insurance Commissioners determines that Moody's Corporate Bond Yield Average - Monthly Average Corporates as published by Moody's Investors Service, Inc., is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the National Association of Insurance Commissioners and approved by regulation promulgated by the Commissioner, may be substituted."

Sec. 2. Subsection (d) of G.S. 58-201.1 is hereby amended by rewriting the same to read as follows:

"(d) Except as otherwise provided in subsections (d-1) and (g), reserves according to the Commissioner's reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (1) and (2), as follows:

(1) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the nineteen year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.
(2) A net one year term premium for such benefits provided for in the first policy year.

Provided that for any life insurance policy issued on or after January 1, 1985, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefits are provided in the first year for such excess and which provides an endowment benefit or a cash surrender value of a combination thereof in an amount greater than such excess premium, the reserve according to the Commissioner's reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in subsection (g), be the greater of the reserve as of such policy anniversary calculated as described in the preceding paragraph and the reserve as of such policy anniversary calculated as described in that paragraph, but with (i) the value defined in subparagraph (2) of that paragraph being reduced by fifteen percent (15%) of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in subdivisions (2) and (4) of subsection (c) shall be used.

Reserves according to the Commissioner's reserve valuation method for: (i) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums; (ii) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended; (iii) disability and accidental death benefits in all policies and contracts; and (iv) all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of this subsection except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums."

Sec. 3. Subsection (e) of G.S. 58-201.1 is hereby amended by rewriting the same to read as follows:

"(e) In no event shall a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the effective date of G.S. 58-201.2, be less than the aggregate reserves calculated in accordance with the methods set forth in subsections (d), (d-1), (g) and (h) and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies."

Sec. 4. Subsection (g) of G.S. 58-201.1 is hereby amended by rewriting the same to read as follows:

"(g) If in any contract year the gross premium charged by any life insurance company on any policy or contract is less than the valuation net premium for
the policy or contract calculated by the method used in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum valuation standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. The minimum valuation standards of mortality and rate of interest referred to in this subsection are those standards stated in subdivisions (1), (2) and (4) of subsection (c).

Provided that for any life insurance policy issued on or after January 1, 1985, for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the foregoing provisions of this subsection (g) shall be applied as if the method actually used in calculating the reserve for such policy were the method described in subsection (d), ignoring the second paragraph of subsection (d). The minimum reserve at each policy anniversary of such a policy shall be the greater of the minimum reserve calculated in accordance with subsection (d), including the second paragraph of that subsection, and the minimum reserve calculated in accordance with this subsection (g).”

Sec. 5. Section 58-201.1 is hereby amended by adding a new subsection (h) to read as follows:

“(h) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in subsections (d), (d-1), and (g), the reserves which are held under any such plan must:

(a) be appropriate in relation to the benefits and the pattern of premiums for that plan, and
(b) be computed by a method which is consistent with the principles of this Standard Valuation Law, as determined by regulations promulgated by the Commissioner.”

Sec. 6. Subsection (b) of G.S. 58-201.2 is hereby amended by rewriting the same to read as follows:

“(b) In the case of policies issued on or after the operative date of this section, as defined in subsection (j), no policy of life insurance, except as stated in subsection (i), shall be delivered or issued for delivery in this State unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the Commissioner are at least as favorable to the defaulting or surrendering policyholder as are the minimum requirements hereinafter specified and are essentially in compliance with subsection (h) of this section:

(1) That, in the event of default in any premium payment after premiums have been paid for at least one full year in the case of ordinary insurance

1110
or three full years in the case of industrial insurance, the company will grant, upon proper request not later than 60 days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such amount as may be hereinafter specified. In lieu of such stipulated paid-up nonforfeiture benefit, the company may substitute, upon proper request not later than 60 days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits.

(2) That, upon surrender of the policy within 60 days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(3) That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than 60 days after the due date of the premium in default. Nothing herein shall prevent the use of an automatic premium loan provision.

(4) That, if the policy shall have become paid up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within 30 days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified.

(5) In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate, and method used in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. In the case of all other policies, a statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any available under the policy on each policy anniversary either during the first 20 policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy.

(6) A brief and general statement of the method to be used in calculating the cash surrender value and the paid-up nonforfeiture benefit available under the policy on any policy anniversary with an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy.
CHAPTER 761      Session Laws—1981

Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

The company shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy."

Sec. 7. Subsection (c) of G.S. 58-201.2 is hereby amended by rewriting the same to read as follows:

"(c) Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by subsection (b), shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (i) the then present value of the adjusted premiums as defined in subsection (e), corresponding to premiums which would have fallen due on and after such anniversary, and (ii) the amount of any indebtedness to the company on the policy.

Provided, however, that for any policy issued on or after the operative date of subdivision (4) of subsection (e) as defined therein, which provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium by rider or supplemental policy provision, the cash surrender value referred to in the first paragraph of this subsection shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such rider or supplemental policy provision and the cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such rider or supplemental policy provision.

Provided, further, that for any family policy issued on or after the operative date of subdivision (4) of subsection (e) as defined therein, which defines a primary insured and provides term insurance on the life of the spouse of the primary insured expiring before the spouse's age 71, the cash surrender value referred to in the first paragraph of this subsection shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such term insurance on the life of the spouse and cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such term insurance on the life of the spouse.

Any cash surrender value available within 30 days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by subsection (b), shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy."

Sec. 8. Subsection (d) of G.S. 58-201.2 is hereby amended by rewriting the same to read as follows:

"(d) Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, at
least equal to that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for a least a specified period."

Sec. 9. Subsection (e) of G.S. 58-201.2 is hereby amended by rewriting subdivisions (1), (2) and (3) and adding new subdivision (4) to read as follows:

"(e)(1) This subdivision (1) of subsection (e) shall not apply to policies issued on or after the operative date of subdivision (4) of subsection (e) as defined therein. Except as provided in the third paragraph of this subdivision, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairments or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) two percent (2%) of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) forty percent (40%) of the adjusted premium for the first policy year; (iv) twenty-five percent (25%) of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less. Provided, however, that in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed four percent (4%) of the amount of insurance or uniform amount equivalent thereto. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this section shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy, provided, however, that in the case of a policy providing a varying amount of insurance issued on the life of a child under age 10, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age 10 were the amount provided by such policy at age 10.

The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be equal to (i) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by (ii) the adjusted premiums for such term insurance, the foregoing items (i) and (ii) being calculated separately and as specified in the first two paragraphs of this subsection except that, for the purposes of (ii), (iii) and (iv) of the first such paragraph, the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in (ii) of this paragraph shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in (i).
CHAPTER 761     Session Laws—1981

Except as otherwise provided in subdivisions (2) and (3) of this subsection, all adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of the Commissioner's 1941 Standard Ordinary Mortality Table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured, and such calculations for all policies of industrial insurance shall be made on the basis of the 1941 Standard Industrial Mortality Table. All calculations shall be made on the basis of the rate of interest, not exceeding three and one-half percent (3-1/2%) per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may not be more than one hundred and thirty percent (130%) of the rates of mortality according to such applicable table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Commissioner.

(2) This subdivision (2) of subsection (e) shall not apply to ordinary policies issued on or after the operative date of subdivision (4) of subsection (e) as defined herein. In the case of ordinary policies issued on or after the operative date of this subdivision (2) as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the basis of the Commissioner's 1958 Standard Ordinary Mortality Table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed three and one-half percent (3-1/2%) per annum except that a rate of interest not exceeding four percent (4%) per annum may be used for policies issued on or after July 1, 1975, and prior to April 19, 1979, and a rate of interest not exceeding five and one-half percent (5-1/2%) per annum may be used for policies issued on or after April 19, 1979, and, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than six years younger than the actual age of the insured; provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioner's 1958 Extended Term Insurance Table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Commissioner.

After May 12, 1959, any company may file with the Commissioner a written notice of its election to comply with the provisions of this subdivision (2) after a specified date before January 1, 1966. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision (2) for such company), this subdivision (2) shall become operative with respect to the ordinary policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision (2) for such company shall be January 1, 1966.

1114
(3) This subdivision (3) of subsection (e) shall not apply to industrial policies issued on or after the operative date of subdivision (4) of subsection (e) as defined therein. In the case of industrial policies issued on or after the operative date of this subdivision (3) as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the basis of the Commissioner's 1961 Standard Industrial Mortality Table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed three and one-half percent (3-1/2%) per annum except that a rate of interest not exceeding four percent (4%) per annum may be used for policies issued on or after July 1, 1975, and prior to April 19, 1979, and a rate of interest not exceeding five and one-half percent (5-1/2%) per annum may be used for policies issued on or after April 19, 1979; provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioner's 1961 Industrial Extended Term Insurance Table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Commissioner.

After June 11, 1963, any company may file with the Commissioner a written notice of its election to comply with the provisions of this subdivision (3) after a specified date before January 1, 1968. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision (3) for such company), this subdivision (3) shall become operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision (3) for such company shall be January 1, 1968.

(4) a. This subdivision shall apply to all policies issued on or after the operative date of this subdivision (4) of subsection (e) as defined herein. Except as provided in paragraph g. of this subdivision, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) one percent (1%) of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years; and (iii) one hundred twenty-five percent (125%) of the nonforfeiture net level premium as hereinafter defined. Provided, however, that in applying the percentage specified in (iii) above no nonforfeiture net level premium shall be deemed to exceed four percent (4%) of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years. The date of issue of a policy for the purpose of this subdivision shall be the date as of which the rated age of the insured is determined.
b. The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy divided by the present value, at the date of issue of the policy, of an annuity of one per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due.

c. In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums the future adjusted premiums, nonforfeiture net level premiums and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

d. Except as otherwise provided in paragraph g. of this subdivision, the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of (A) the sum of (i) the then present value of the then future guaranteed benefits provided for by the policy and (ii) the additional expense allowance, if any, over (B) the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

e. The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of (i) one percent (1%) of the excess, if positive, of the average amount of insurance at the beginning of each of the first 10 policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first 10 policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy; and (ii) one hundred twenty-five percent (125%) of the increase, if positive, in the nonforfeiture net level premium.

f. The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (A) by (B) where

(A) equals the sum of

(i) the nonforfeiture net level premium applicable prior to the change times the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred, and

(ii) the present value of the increase in future guaranteed benefits provided for by the policy, and

(B) equals the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due.
g. Notwithstanding any other provisions of this subdivision to the contrary, in the case of a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis.

h. All adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of (i) the Commissioner's 1980 Standard Ordinary Mortality Table or (ii) at the election of the company for any one or more specified plans of life insurance, the Commissioner's 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; shall for all policies of industrial insurance be calculated on the basis of the Commissioner's 1961 Standard Industrial Mortality Table; and shall for all policies issued in a particular calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this subdivision for policies issued in that calendar year. Provided, however, that:

1. At the option of the company, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this subdivision, for policies issued in the immediately preceding calendar year.

2. Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by subsection (b), shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any.

3. A company may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values.

4. In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioner's 1980 Extended Term Insurance Table for policies of ordinary insurance and not more than the Commissioner's 1961 Industrial Extended Term Insurance Table for policies of industrial insurance.

5. For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of the aforementioned tables.

6. Any ordinary mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by regulation promulgated by the Commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioner's 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioner's 1980 Extended Term Insurance Table.
7. Any industrial mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by regulation promulgated by the Commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioner's 1961 Standard Industrial Mortality Table or the Commissioner's 1961 Industrial Extended Term Insurance Table.

   i. The nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to one hundred and twenty-five percent (125%) of the calendar year statutory valuation interest rate for such policy as defined in the Standard Valuation Law, rounded to the nearer one quarter of one percent (1/4 of 1%).

   j. Notwithstanding any other provision in this Chapter to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

   k. After the effective date of this subdivision (4) of subsection (e), any company may file with the Commissioner a written notice of its election to comply with the provisions of this subdivision after a specified date before January 1, 1989, which shall be the operative date of this subdivision for such company. If a company makes no such election, the operative date of this subdivision for such company shall be January 1, 1989.”

Sec. 10. G.S. 58-201.2 is hereby amended by adding a new subsection (f) to read as follows:

“(f) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance which is of such a nature that minimum values cannot be determined by the methods described in subsections (b), (c), (d), or (e) herein, then:

(1) the Commissioner must be satisfied that the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by subsections (b), (c), (d), or (e) herein;

(2) the Commissioner must be satisfied that the benefits and the pattern of premiums of that plan are not such as to mislead prospective policyholders or insureds;

(3) the cash surrender values and paid-up nonforfeiture benefits provided by such plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of this Standard Nonforfeiture Law, as determined by regulations promulgated by the Commissioner.”

Sec. 11. G.S. 58-201.2 is hereby amended by redesignating former subsection (f) as subsection (g) and by rewriting the same to read as follows:

“(g) Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. Any values referred to in subsections (c), (d) and (e) may be calculated upon the assumption that any death benefit is
payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the amounts used to provide such additions. Notwithstanding the provisions of Section 3, additional benefits payable (i) in the event of death or dismemberment by accident or accidental means, (ii) in the event of total and permanent disability, (iii) as reversionary annuity or deferred reversionary annuity benefits, (iv) as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, (v) as term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is 26, is uniform in amount after the child's age is one, and has not become paid up by reason of the death of a parent of the child, and (vi) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.”

Sec. 12. G.S. 58-201.2 is hereby amended by adding a new subsection (h) to read as follows:

“(h) This subsection, in addition to all other applicable subsections of this section, shall apply to all policies issued on or after January 1, 1985. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ by more than two-tenths of one percent (2/10 of 1%) of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years, from the sum of (1) the greater of zero and the basic cash value hereinafter specified and (2) the present value of any existing paid-up additions less the amount of any indebtedness to the company under the policy.

The basic cash value shall be equal to the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the company, if there had been no default, less the then present value of the nonforfeiture factors, as hereinafter defined, corresponding to premiums which would have fallen due on and after such anniversary. Provided, however, that the effects on the basic cash value of supplemental life insurance or annuity benefits or of family coverage, as described in subsection (c) or (e)(1), whichever is applicable, shall be the same as are the effects specified in subsection (c) or (e)(1), whichever is applicable, on the cash surrender values defined in that subsection.

The nonforfeiture factor for each policy year shall be an amount equal to a percentage of the adjusted premium for the policy year, as defined in subsection (e)(1) or (e)(4), whichever is applicable. Except as is required by the next succeeding sentence of this paragraph, such percentage:

(1) must be the same percentage for each policy year between the second policy anniversary and the later of (i) the fifth policy anniversary and (ii) the first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting any indebtedness, of at least two-tenths of one percent (2/10 of 1%) of either the amount of insurance, if the
insurance be uniform in amount, or the average amount of insurance at
the beginning of each of the first 10 policy years; and
(2) must be such that no percentage after the later of the two policy
anniversaries specified in the preceding item (1) may apply to fewer
than five consecutive policy years.

Provided, that no basic cash value may be less than the value which would be
obtained if the adjusted premiums for the policy, as defined in subsection (e)(1)
or (e)(4), whichever is applicable, were substituted for the nonforfeiture factors
in the calculation of the basic cash value.

All adjusted premiums and present values referred to in this subsection shall
for a particular policy be calculated on the same mortality and interest bases as
are used in demonstrating the policy's compliance with the other subsections of
this section. The cash surrender values referred to in this subsection shall
include any endowment benefits provided for by the policy.

Any cash surrender value available other than in the event of default in a
premium payment due on a policy anniversary, and the amount of any paid-up
nonforfeiture benefit available under the policy in the event of default in a
premium payment shall be determined in manners consistent with the manners
specified for determining the analogous minimum amounts in subsections (b),
(c), (d), (e)(4), and (g). The amounts of any cash surrender values and of any paid-
up nonforfeiture benefits granted in connection with additional benefits such as
those listed as items (i) through (vi) in subsection (g) shall conform with the
principles of this subsection (h).”

Sec. 13. G.S. 58-201.2 is hereby amended by redesignating former
subsection (g) as subsection (i) and by rewriting the same to read as follows:
“(i) The provisions of this section shall not apply to any of the following:
(1) industrial sick benefit insurance as defined in this Chapter,
(2) reinsurance,
(3) group insurance,
(4) pure endowment,
(5) annuity or reversionary annuity contract,
(6) term policy of uniform amount, which provides no guaranteed
nonforfeiture or endowment benefits, or renewal thereof, of 20 years or
less, for which uniform premiums are payable during the entire term of
the policy,
(7) term policy of decreasing amount, which provides no guaranteed
nonforfeiture or endowment benefits, on which each adjusted premium,
calculated as specified in subsection (e), is less than the adjusted
premium so calculated, on a term policy of uniform amount, or renewal
thereof, which provides no guaranteed nonforfeiture or endowment
benefits, issued at the same age and for the same initial amount of
insurance and for a term of 20 years or less expiring before age 71, for
which uniform premiums are payable during the entire term of the
policy,
(8) policy, which provides no guaranteed nonforfeiture or endowment
benefits, for which no cash surrender value, if any, or present value of
any paid-up nonforfeiture benefit, at the beginning of any policy year,
calculated as specified in subsections (c), (d) and (e), exceeds two and one-
half percent (2-1/2%) of the amount of insurance at the beginning of the
same policy year, nor

1120
(9) policy which shall be delivered outside this State through an agent or other representative of the company issuing the policy.

For purposes of determining the applicability of this section, the age at expiry for a joint term life insurance policy shall be the age at expiry of the oldest life.”

Sec. 14. G.S. 58-201.2 is hereby amended by repealing former subsection (h), and reenacting as subsection (j) to read as follows:

“(j) After March 6, 1945, any company may file with the Commissioner a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1950. After the filing of such notice then upon such specified date (which shall be the operative date for such company) this section shall become operative with respect to the policies thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be January 1, 1950.”

Sec. 15. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1981.

(b) If the member being replaced was serving a two-year term, or if the member was serving a four-year term and the vacancy occurs later than 30 days before the general election held after the first two years of the term, the appointment to fill the vacancy is for the remainder of the unexpired term. Otherwise, the term of the person appointed to fill the vacancy extends to the first Monday in December next following the first general election held more than 30 days after the day the vacancy occurs; at that general election, a person shall be elected to the seat vacated for the remainder of the unexpired term.

(c) To be eligible for appointment to fill a vacancy, a person must (i) be a member of the same political party as the member being replaced, if that member was elected as the nominee of a political party, and (ii) be a resident of the same district as the member being replaced, if the county is divided into electoral districts.

CHAPTER 764

AN ACT TO REGULATE CONTRACTORS, SUBCONTRACTORS, AND SUPPLIERS IN DEALING WITH GOVERNMENTAL AGENCIES, AND TO MAKE COMBINATIONS IN RESTRAINT OF TRADE A FELONY.

The General Assembly of North Carolina enacts:

Section 1. Chapter 133 of the General Statutes is amended by adding a new Article 3 to be entitled "Regulation of Contractors for Public Works", to be codified and to read as follows:

"§ 133-20. Definition.—(a) The term 'governmental agency' shall include the State of North Carolina, its agencies, institutions, and political subdivisions, all municipal corporations and all other public units, agencies and authorities which are authorized to enter into public contracts for construction or repair or for procurement of goods or services.

(b) The term 'person' shall mean any individual, partnership, corporation, association, or other entity formed for the purpose of doing business as a contractor, subcontractor, or supplier.

(c) The term 'subsidiary' is used as defined in G.S. 55-2(9).

"§ 133-21. Government contracts; violation of G.S. 75-1 and G.S. 75-2.—Every person who shall engage in any conspiracy, combination, or any other act in restraint of trade or commerce declared to be unlawful by the provisions of G.S. 75-1 and G.S. 75-2 shall be guilty of a felony under this section where the combination, conspiracy, or other unlawful act in restraint of trade involves:

(a) a contract for the purchase of equipment, goods, services or materials or for construction or repair let or to be let by a governmental agency;

(b) a subcontract for the purchase of equipment, goods, services or materials or for construction or repair with a prime contractor or proposed prime contractor for a governmental agency.

"§ 133-22. Conviction; punishment.—(a) Upon conviction of violating G.S. 133-21, any person shall be punished as a Class H felon. The court may also impose a fine of up to one hundred thousand dollars ($100,000) on any convicted individual and a fine of up to one million dollars ($1,000,000) on any convicted corporation. Any fine imposed pursuant to this section shall not be deductible on a State income tax return for any purpose.

(b) For a period of up to three years from the date of conviction, said period to be determined in the discretion of the court, no person shall be eligible to enter into a contract with any governmental agency, either directly as a contractor or indirectly as a subcontractor, if that person has been convicted of violating G.S. 133-21.
(c) In the event an individual is convicted of violating G.S. 133-21, the court may, in its discretion, for a period of up to three years from the date of conviction, provide that the individual shall not be employed by a corporation as an officer, director, employee or agent, if that corporation engages in public construction or repair contracts with a governmental agency, either directly as a contractor or indirectly as a subcontractor.

(d) The court shall also have authority to direct the appropriate contractor's licensing board to suspend the license of any contractor convicted of violating G.S. 133-21 for a period of up to three years from the date of conviction.

“§ 133-23. Individuals convicted may not serve on licensing boards.—No individual shall be eligible to serve as a member of any contractor's licensing board who has been convicted of criminal charges involving either:

(a) a conspiracy in restraint of trade in the courts of this State in violation of G.S. 75-1, G.S. 75-2, or G.S. 133-21, or similar charges in any federal court or in any other state court; or

(b) bribery or commercial bribery in violation of G.S. 14-218 or G.S. 14-353 in the courts of this State, or of similar charges in any federal court or the court of any other state.

“§ 133-24. Suspension from bidding.—Any governmental agency shall have the authority to suspend for a period of up to three years from the date of conviction any person and any subsidiary or affiliate of any person from further bidding to the agency and from being a subcontractor to a contractor for the agency and from being a supplier to the agency if that person or any officer, director, employee or agent of that person has been convicted of charges of engaging in any conspiracy, combination, or other unlawful act in restraint of trade or of similar charges in any federal court or a court of any other state.

A governmental agency may order a temporary suspension of any contractor, subcontractor, or supplier or subsidiary or affiliate thereof charged in an indictment or an information with engaging in any conspiracy, combination, or other unlawful act in restraint of trade or of similar charges in any federal court or a court of this or any other state until the charges are resolved.

The provisions of this section are in addition to and not in derogation of any other powers and authority of any governmental agency.

“§ 133-25. Civil damages; liability; release.—(a) Any governmental agency entering into a contract which is or has been the subject of a conspiracy prohibited by G.S. 75-1 or G.S. 75-2 shall have a right of action against the participants in the conspiracy to recover damages, as provided herein. The governmental agency shall have the option to proceed jointly and severally in a civil action against any one or more of the participants for recovery of the full amount of the damages. There shall be no right to contribution among participants not named defendants by the governmental agency.

(b) At the election of the governmental agency, the measure of damages recoverable under this section shall be either the actual damages or ten percent (10%) of the contract price which shall be trebled as provided in G.S. 75-16.

(c) The cause of action shall accrue at the time of discovery of the conspiracy by the governmental agency which entered into the contract. The action shall be brought within three years of the date of accrual of the cause of action.

“§ 133-26. Reporting of violations of G.S. 75-1 or G.S. 75-2.—Any person having knowledge of acts committed in violation of G.S. 75-1 or G.S. 75-2 involving a contract with a governmental agency who reports the same to that
governmental agency and assists in any resulting proceedings may receive a reward as set forth herein. The governmental agency is authorized to pay to the informant up to twenty-five percent (25%) of any civil damages that it collects from the violator named by the informant by reason of the information furnished by the informant. The information and knowledge to be reported includes but is not limited to any agreement or proposed agreement or offer or request for agreement among contractors, subcontractors or suppliers to rotate bids, to share the profits with a contractor not the low bidder, to sublet work in advance of bidding as a means of preventing competition, to refrain from bidding, to submit prearranged bids, to submit complimentary bids, to set up territories to restrict competition, or to alternate bidding.

§ 133-27. Noncollusion affidavits.—Noncollusion affidavits may be required by rule of any governmental agency from all prime bidders. Any such requirement shall be set forth in the invitation to bid. Failure of any bidder to provide a required affidavit to the governmental agency shall be grounds for disqualification of his bid. The provisions of this section are in addition to and not in derogation of any other powers and authority of any governmental agency.

§ 133-28. Perjury; punishment.—Any person who shall willfully commit perjury in any affidavit taken pursuant to this Article or rules pursuant thereto shall be guilty of a felony and shall be punished as a Class H felon.

§ 133-29. Gifts and favors regulated.—(a) It shall be unlawful for any contractor, subcontractor, or supplier who:

(1) has a contract with a governmental agency; or
(2) has performed under such a contract within the past year; or
(3) anticipates bidding on such a contract in the future

to make gifts or to give favors to any officer or employee of a governmental agency who is charged with the duty of:

(1) preparing plans, specifications, or estimates for public contract; or
(2) awarding or administering public contracts; or
(3) inspecting or supervising construction,

It shall also be unlawful for any officer or employee of a governmental agency who is charged with the duty of:

(1) preparing plans, specifications, or estimates for public contracts; or
(2) awarding or administering public contracts; or
(3) inspecting or supervising construction

willfully to receive or accept any such gift or favor.

(b) A violation of subsection (a) shall be a misdemeanor.

(c) Gifts or favors made unlawful by this section shall not be allowed as a deduction for North Carolina tax purposes by any contractor, subcontractor or supplier or officers or employees thereof.

(d) This section is not intended to prevent the gift and receipt of honorariums for participating in meetings, advertising items or souvenirs of nominal value, or meals furnished at banquets. This section is also not intended to prohibit customary gifts or favors between employees or officers and their friends and relatives or the friends and relatives of their spouses, minor children, or members of their household where it is clear that it is that relationship rather than the business of the individual concerned which is the motivating factor for the gift or favor. However, all such gifts knowingly made or received are required to be reported by the donee to the agency head if the gifts are made by
a contractor, subcontractor, or supplier doing business directly or indirectly with the governmental agency employing the recipient of such a gift.

§ 133-30. Cost estimates; bidders' lists.—Any governmental agency responsible for letting public contracts may promulgate rules concerning the confidentiality of:

1. the agency's cost estimate for any public contracts prior to bidding; and
2. the identity of contractors who have obtained proposals for bid purposes for a public contract.

If the agency's rules require that such information be kept confidential, an employee or officer of the agency who divulges such information to any unauthorized person shall be subject to disciplinary action. This section shall not be construed to require that cost estimates or bidders' lists be kept confidential.

Sec. 2. The second sentence of G.S. 75-1 is rewritten to read as follows: "Every person or corporation who shall make any such contract expressly or shall knowingly be a party thereto by implication, or who shall engage in any such combination or conspiracy shall be guilty of a Class H felony."

Sec. 3. (2) The purchase price payments to be made under the agreement of sale, the rent payable under the agreement of lease or the loan repayments under the loan agreement shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and any redemption premium on the bonds or notes issued by the agency to pay the cost of the project sold or leased thereunder or with respect to which the loan was made;
(3) The participating institution for higher education shall pay all other costs incurred by the agency in connection with the providing of the project covered by any such agreement, except such costs as may be paid out of the proceeds of bonds or notes or otherwise, including, but without limitation, insurance costs, the cost of administering the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes and the fees and expenses of trustees, paying agents, attorneys, consultants and others;

(4) The loan agreement or the agreement of sale or lease shall terminate not earlier than the date on which all such bonds and all other obligations incurred by the agency in connection with the project covered by any such agreement shall be retired or provision for such retirement shall be made; and

(5) The obligation of the participating institution for higher education to make loan repayments or purchase price payments or to pay rent shall not be subject to cancellation, termination or abatement by the participating institution for higher education until the bonds have been retired or provision has been made for such retirement.

Where the agency has acquired a possessory or ownership interest in any project which it has undertaken on behalf of a participating institution for higher education it shall promptly convey, without the payment of any consideration, all its right, title and interest in such project to such participating institution for higher education upon the retirement or provision for the retirement of all bonds or notes issued and obligations incurred by the agency in connection with such project.

Sec. 9. Construction Contracts. If the agency shall determine that the purposes of this act will be more effectively served, the agency in its discretion may award or cause to be awarded contracts for the construction of any project on behalf of a participating institution for higher education upon a negotiated basis as determined by the agency. The agency shall prescribe such bid security requirements and other procedures in connection with the award of such contracts as in its judgment shall protect the public interest. The agency may by written contract engage the services of the participating institution for higher education in the construction of such project and may provide in any such contract that such participating institution for higher education, subject to such conditions and requirements consistent with the provisions of this Chapter as shall be prescribed in such contract, may act as an agent of, or an independent contractor for, the agency for the performance of the functions described therein, including the acquisition of the site and other real property for such project, the preparation of plans, specifications and contract documents, the award of construction and other contracts upon a competitive or negotiated basis, the construction of such project directly by such participating institution for higher education, the inspection and supervision of construction, the employment of engineers, architects, builders and other contractors and the provision of money to pay the cost thereof pending reimbursement by the agency. Any such contract may provide that the agency may, out of proceeds of bonds or notes, make advances to or reimburse the participating institution for higher education for its costs incurred in the performance of such functions, and shall set forth the supporting documents required to be submitted to the agency and the reviews, examinations and audits that shall be required in connection therewith to assure compliance with the provisions of this Chapter and such contract.

Sec. 10. Credit of State Not Pledged. Bonds or notes issued under the provisions of this Chapter shall not be secured by a pledge of the faith and credit of the State or of any political subdivision thereof or be deemed to create an indebtedness of the State, or of any such political subdivision thereof, requiring any voter approval, but shall be payable solely from the revenues and other funds provided therefor. Each bond or note issued under this Chapter shall contain on the face thereof a statement to the effect that the agency shall not be obligated to pay the same nor the interest thereon except from the revenues and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged as security for the payment of the principal of or the interest on such bond or note.

Expenses incurred by the agency in carrying out the provisions of this Chapter may be made payable from funds provided pursuant to, or made available for use under, this Chapter and no liability shall be incurred by the agency hereunder beyond the extent to which moneys shall have been so provided.

Sec. 11. Bonds and Notes. (a) The agency is hereby authorized to provide for the issuance, at one time or from time to time, of bonds, or notes in anticipation of the issuance of bonds, of the agency to carry out and effectuate its corporate purposes. The principal of and the interest on such bonds or notes shall be payable solely from funds provided under this Chapter for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or other funds provided therefor. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the agency at such price or prices and upon such terms and conditions as may be determined by the agency. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the agency. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the agency. The agency shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The agency may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the agency may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. No bonds or notes may be issued by the
agency under this Chapter unless the issuance thereof is approved by the Local Government Commission of North Carolina.

(b) The agency shall file with the Secretary of the Local Government Commission an application requesting approval of the issuance of such bonds or notes which shall contain such information and have attached to it such documents concerning the proposed financing and prospective borrower, vendee or lessee as the Secretary may require.

In determining whether a proposed bond or note issue should be approved, the Local Government Commission may consider, in addition to the criteria and requirements mentioned in this Chapter, the effect of the proposed financing upon any scheduled or proposed sale of tax-exempt obligations by the State or any of its agencies or departments or by any unit of local government in the State.

The Local Government Commission shall approve the issuance of such bonds or notes if, upon the information and evidence it receives, it finds and determines that the proposed financing will effectuate the purposes of this Chapter.

Upon the filing with the Local Government Commission of a resolution of the agency requesting that its bonds or notes be sold, such bonds or notes may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interests of the agency and effectuate best the purposes of this Chapter, provided that such sale shall be approved by the agency.

(c) The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the agency may provide in the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

(d) Prior to the preparation of definitive bonds, the agency may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds, when such bonds shall have been executed and are available for delivery. The agency may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

(e) Bonds or notes may be issued under the provisions of this Chapter without obtaining, except as otherwise expressly provided in this Chapter, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Chapter and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

Sec. 12. Trust Agreement or Resolution. In the discretion of the agency any bonds or notes issued under the provisions of this Chapter may be secured by a trust agreement by and between the agency and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the agency received pursuant to this Chapter, including, without limitation, fees, loan repayments, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds.
received in connection with any project and may grant a deed of trust or a mortgage on any project. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the agency in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the agency, including any payments in respect of any federally guaranteed security or any federally insured mortgage note, the duties of the agency with respect to the acquisition, construction, maintenance, repair and operation of any project, the fees, loan repayments, purchase price payments, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. All bonds issued under this Chapter shall be equally and ratably secured by a pledge, charge, and lien upon revenues provided for in such trust agreement or resolution, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this Chapter and of such trust agreement or resolution; except that the agency may provide in such trust agreement or resolution that bonds issued pursuant thereto shall to the extent and in the manner prescribed in such trust agreement or resolution be subordinated and junior in standing, with respect to the payment of principal and interest and the security thereof, to any other bonds. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the agency. Any such trust agreement or resolution may set off the rights and remedies, including foreclosure of any deed of trust or mortgage, of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the agency may deem reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any project or paid from the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the agency.

Sec. 13. Revenues; Pledges of Revenues. (a) The agency is hereby authorized to fix and to collect fees, loan repayments, purchase price payments, rents and charges for the use of any project, and any part or section thereof, and to contract with any participating institution for higher education for the use thereof. The agency may require that the participating institution for higher education shall operate, repair or maintain such project and shall bear the cost thereof and other costs of the agency in connection therewith, all as may be provided in the agreement of sale or lease, loan agreement or other contract with the agency, in addition to other obligations imposed under such agreement or contract.

(b) The fees, loan repayments, purchase price payments, rents and charges shall be fixed so as to provide a fund sufficient, with such other funds as may be made available therefor, (i) to pay the costs of operating, repairing and maintaining the project to the extent that adequate provision for the payment of such costs has not otherwise been provided for, (ii) to pay the principal of and
the interest on all bonds or notes as the same shall become due and payable and
(iii) to create and maintain any reserves provided for in the resolution
authorizing the issuance of, or any trust agreement securing, such bonds; and
such fees, loan repayments, purchase price payments, rents and charges may be
applied or pledged to the payment of debt service on the bonds prior to the
payment of the costs of operating, repairing and maintaining the project.

(c) All pledges of fees, loan repayments, purchase price payments, rents,
charges and other revenues under the provisions of this Chapter shall be valid
and binding from the time when such pledges are made. All such revenues so
pledged and thereafter received by the agency shall immediately be subject to
the lien of such pledge without any physical delivery thereof or further act, and
the lien of any such pledge shall be valid and binding as against all parties
having claims of any kind in tort, contract or otherwise against the agency,
irrespective of whether such parties have notice thereof. The resolution or any
trust agreement by which a pledge is created or any loan agreement, agreement
of sale or lease need not be filed or recorded except in the records of the agency.

(d) The State of North Carolina does pledge to and agree with the holders
of any bonds or notes issued by the agency that so long as any of such bonds or
notes are outstanding and unpaid the State will not limit or alter the rights
vested in the agency at the time of issuance of the bonds or notes to fix, revise,
charge, and collect or cause to be fixed, revised, charged and collected loan
repayments, purchase price payments, rents, fees and charges for the use of or
services rendered by any project in connection with which the bonds or notes
were issued, so as to provide a fund sufficient, with such other funds as may be
made available therefor, to pay the costs of operating, repairing and
maintaining the project, to pay the principal of and the interest on all bonds
and notes as the same shall become due and payable and to create and maintain
any reserves provided therefor and to fulfill the terms of any agreements made
with the bondholders or noteholders, nor will the State in any way impair the
rights and remedies of the bondholders or noteholders until the bonds or notes
and all costs and expenses in connection with any action or proceedings by or on
behalf of the bondholders or noteholders, are fully paid, met and discharged.

Sec. 14. Trust Funds. Notwithstanding any other provisions of law to
the contrary, all moneys received pursuant to the authority of this Chapter,
including, without limitation, fees, loan repayments, purchase price payments,
rents, charges, insurance proceeds, condemnation awards and any other
revenues and funds received in connection with any project, shall be deemed to
be trust funds to be held and applied solely as provided in this Chapter. The
resolution authorizing the issuance of, or any trust agreement securing, any
bonds or notes may provide that any of such moneys may be temporarily
invested pending the disbursement thereof and shall provide that any officer
with whom, or any bank or trust company with which, such moneys shall be
deposited shall act as trustee of such moneys and shall hold and apply the same
for the purposes of this Chapter, subject to such limitations as this Chapter and
such resolution or trust agreement may provide. Any such moneys may be
invested as provided in G.S. 159-30, as it may from time to time be amended.

Sec. 15. Remedies. Any holder of bonds or notes issued under the
provisions of this Chapter or any coupons appertaining thereto, and the trustee
under any trust agreement or resolution authorizing the issuance of such bonds
or notes, except to the extent the rights herein given may be restricted by such
trust agreement or resolution, may, either at law or in equity, by suit, action, \mandamus\ or other proceeding, protect and enforce any and all rights under the
laws of the State or granted hereunder or under such trust agreement or
resolution, or under any other contract executed by the agency pursuant to this
Chapter, and may enforce and compel the performance of all duties required by
this Chapter or by such trust agreement or resolution to be performed by the
agency or by any officer thereof.

Sec. 16. Investment Securities. All bonds, notes and interest coupons
appertaining thereto issued under this Chapter are hereby made investment
securities within the meaning of and for all the purposes of Article 8 of the
Uniform Commercial Code as enacted in this State, whether or not they are of
such form and character as to be investment securities under said Article 8,
subject only to the provisions of the bonds and notes pertaining to registration.

Sec. 17. Bonds or Notes Eligible for Investment. Bonds or notes issued
under the provisions of this Chapter are hereby made securities in which all
public officers and public bodies of the State and its political subdivisions, all
insurance companies, trust companies, banking associations, investment
companies, executors, administrators, trustees and other fiduciaries may
properly and legally invest funds, including capital in their control or belonging
to them. Such bonds or notes are hereby made securities which may properly
and legally be deposited with and received by any State or municipal officer or
any agency or political subdivision of the State for any purpose for which the
deposit of bonds, notes or obligations of this State is now or may hereafter be
authorized by law.

Sec. 18. Refunding Bonds or Notes. The agency is hereby authorized to
provide for the issuance of refunding bonds or notes for the purpose of
refunding any bonds or notes then outstanding which shall have been issued
under the provisions of this Chapter, including the payment of any redemption
premium thereon and any interest accrued or to accrue to the date of
redemption of such bonds or notes and, if deemed advisable by the agency, for
any corporate purpose of the agency, including, without limitation:

(1) Constructing improvements, additions, extensions or enlargements of
the project in connection with which the bonds or notes to be refunded shall
have been issued, and

(2) Paying all or any part of the cost of any additional project.

The issuance of such bonds or notes, the maturities and other details
thereof, the rights of the holders thereof, and the rights, duties and obligations
of the agency in respect of the same shall be governed by the provisions of this
Chapter which relate to the issuance of bonds or notes, insofar as such
provisions may be appropriate therefor.

Refunding bonds or notes may be sold or exchanged for outstanding bonds
or notes issued under this Chapter and, if sold, the proceeds thereof may be
applied, in addition to any other authorized purposes, to the purchase,
redemption or payment of such refunding bonds or notes, with any other
available funds, to the payment of the principal, accrued interest and any
redemption premium on the bonds or notes being refunded, and, if so provided
or permitted in the resolution authorizing the issuance of, or in the trust
agreement securing, such bonds or notes, to the payment of any interest on such
refunding bonds or notes and any expenses in connection with such refunding,
such proceeds may be invested in direct obligations of, or obligations the
principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accrued thereon, will be required for the purposes intended.

Sec. 19. Annual Report. The agency shall, promptly following the close of each fiscal year, submit an annual report of its activities under this Chapter for the preceding year to the Governor, the State Auditor, the General Assembly, the Advisory Budget Commission and the Local Government Commission. The agency shall cause an audit of its books and accounts relating to its activities under this Chapter to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the agency.

Sec. 20. Officers Not Liable. No member or officer of the agency shall be subject to any personal liability or accountability by reason of his execution of any bonds or notes or the issuance thereof.

Sec. 21. Tax Exemption. The exercise of the powers granted by this Chapter will be in all respects for the benefit of the people of the State and will promote their health and welfare, and no tax or assessment shall be levied upon any project undertaken by the agency prior to the retirement or provision for the retirement of all bonds or notes issued and obligations incurred by the agency in connection with such project.

Any bonds or notes issued by the agency under the provisions of this Chapter, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes.

Sec. 22. Conflict of Interest. If any member, officer or employee of the agency shall be interested either directly or indirectly, or shall be an officer or employee of or have an ownership interest in any firm or corporation interested directly or indirectly, in any contract with the agency, such interest shall be disclosed to the agency and shall be set forth in the minutes of the agency, and the member, officer or employee having such interest therein shall not participate on behalf of the agency in the authorization of any such contract.

Sec. 23. Additional Method. The foregoing sections of this Chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this Chapter need not comply with the requirements of any other law applicable to the issuance of bonds or notes.

Sec. 24. Liberal Construction. This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect the purposes thereof.

Sec. 25. Inconsistent Laws Inapplicable. Insofar as the provisions of this act are inconsistent with the provisions of any general or special laws, or parts thereof, the provisions of this act shall be controlling.

Sec. 26. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction,

AN ACT TO REMOVE BARRIERS TO COORDINATING HUMAN SERVICE AND VOLUNTEER TRANSPORTATION.

Whereas, human service transportation has grown to serve the elderly, handicapped, young, poor, and others who have difficulty in securing transportation to needed services; and

Whereas, this type of transportation has not been legally classified in State statutes; and

Whereas, present legal classifications pertaining to "for hire" and private transportation providers do not adequately provide for human service transportation; and

Whereas, the lack of a legal classification has created insurance and regulatory problems for many local human service agencies and volunteers who provide human service transportation; and

Whereas, a bill is needed to ensure that State and local regulatory laws pertaining to "for hire" commercial vehicles will not be applied to these volunteers and human service agencies; and

Whereas, the North Carolina Departments of Human Resources and Transportation, the North Carolina Association of County Directors of Social Services, and the National Governors' Association support this concept; Now, therefore,

The General Assembly of North Carolina enacts:

Inapplicable laws and regulations.—Human services transportation and volunteer transportation shall not be considered as for-hire transportation, commercial transportation or motor carriers, as defined by G.S. 62-3(17). "§ 62-289.6. Insurance for volunteers.—Human service agencies are authorized to purchase insurance to cover persons who provide volunteer transportation.

Soliciting charitable contributions by telephone.—(a) Any professional solicitor who solicits by telephone contributions for charitable purposes or in any way compensates another person to solicit by telephone contributions for charitable purposes shall be guilty of a misdemeanor. Any person compensated by a professional solicitor to solicit by telephone contributions for charitable purposes shall be guilty of a misdemeanor.

(b) Definitions. Unless a different meaning is required by the context, the following terms as used in this section have the meanings hereinafter respectively ascribed to them:

(1) 'Charitable purpose' shall mean any charitable, benevolent, religious, philanthropic, environmental, public or social advocacy or eleemosynary purpose for religion, health, education, social welfare, art and humanities, civic and public interest.

(2) 'Contribution' shall mean any promise, gift, bequest, devise or other grant for consideration or otherwise, of any money or property of any kind or value, including the promise to pay, which contribution is wholly or partly induced by a solicitation. The term 'contribution' shall not include payments by members of an organization for membership fees, dues, fines or assessments, or for services rendered to individual members, if membership in such organization confers a bona fide right, privilege, professional standing, honor or other direct benefit, other than the right to vote, elect officers, or hold offices; nor any money, credit, financial assistance or property received from any governmental authority; nor any donation of blood or any gift made pursuant to the Uniform Anatomical Gift Act. Reference to dollar amounts of 'contributions' or 'solicitations' in this section means, in the case of payments or promises to pay for merchandise or rights of any description, the value of the total amount paid or promised to be paid for such merchandise or rights, and not merely that portion of the purchase price to be applied to a charitable purpose.

(4) 'Professional fund-raising counsel' shall mean any person who for a flat fixed fee under a written agreement plans, conducts, manages, carries on, or acts as a consultant, whether directly or indirectly, in connection with soliciting contributions for, or on behalf of any charitable organization but who actually solicits no contributions as a part of such services.

(5) The words 'solicit' and 'solicitation' shall mean the request or appeal, directly or indirectly, for any contribution on the plea or representation that such contribution will be used for a charitable purpose. Solicitation as defined herein shall be deemed to occur when the request is made, at the place the request is received, whether or not the person making the same actually receives any contribution.

(c) A solicitation by telephone is presumed to be for a charitable purpose if the person making the solicitation states or implies that some other named person or organization, other than the professional solicitor or his employees, is a sponsor or endorser of the solicitation who will share in the proceeds that result from the telephone solicitation."

S. B. 24 CHAPTER 815
AN ACT FOR EQUITABLE DISTRIBUTION OF MARITAL PROPERTY.

The General Assembly of North Carolina enacts:

Section 1. G.S. Chapter 50 is amended by adding a new section to be numbered G.S. 50-20 and to read as follows:

"§ 50-20. Disposition of separate and marital property upon divorce.—(a) Upon application of a party, the court shall determine what is the marital property and shall provide for an equitable distribution of the marital property between the parties in accordance with the provisions of this section.

(b) For purposes of this section:

(1) ‘Marital property’ means all real and personal property acquired by either spouse during the course of the marriage and presently owned, except property determined to be separate property in accordance with subdivision (2) of this section.

(2) ‘Separate property’ means all real and personal property acquired by a spouse before marriage or acquired by a spouse by bequest, devise, descent, or gift during the course of the marriage. However, property acquired by gift from the other spouse during the course of the marriage shall be considered separate property only if such an intention is stated in the conveyance. Property acquired in exchange for separate property shall be considered separate property regardless of whether the title is in the name of the husband or wife or both. The increase in value of separate property and the income derived from separate property shall be considered separate property. All professional licenses and business licenses which would terminate on transfer shall be considered separate property. Vested pension or retirement rights and the expectation of nonvested pension or retirement rights shall be considered separate property.

(3) ‘Distributive award’ means payments that are payable either in a lump sum or over a period of time in fixed amounts, but shall not include payments that are treated as ordinary income to the recipient under the Internal Revenue Code.

(c) There shall be an equal division by using net value of marital property unless the court determines that an equal division is not equitable. If the court determines that an equal division is not equitable, the court shall divide the marital property equitably. Factors the court shall consider under this subsection are as follows:

(1) the income, property, and liabilities of each party at the time the division of property is to become effective;
(2) any obligation for support arising out of a prior marriage;
(3) the duration of the marriage and the age and physical and mental health of both parties;
(4) the need of a parent with custody of a child or children of the marriage to occupy or own the marital residence and to use or own its household effects;
(5) vested pension or retirement rights and the expectation of nonvested pension or retirement rights, which are separate property;
(6) any equitable claim to, interest in, or direct or indirect contribution made to the acquisition of such marital property by the party not
having title, including joint efforts or expenditures and contributions and services, or lack thereof, as a spouse, parent, wage earner or homemaker;

(7) any direct or indirect contribution made by one spouse to help educate or develop the career potential of the other spouse;

(8) any direct contribution to an increase in value of separate property which occurs during the course of the marriage;

(9) the liquid or nonliquid character of all marital property;

(10) the difficulty of evaluating any component asset or any interest in a business, corporation or profession, and the economic desirability of retaining such asset or interest, intact and free from any claim or interference by the other party;

(11) the tax consequences to each party; and

(12) any other factor which the court finds to be just and proper.

(d) Before, during or after marriage the parties may by written agreement, duly executed and acknowledged in accordance with the provisions of G.S. 52-10 and G.S. 52-10.1, or by a written agreement valid in the jurisdiction where executed, provide for distribution of the marital property in a manner deemed by the parties to be equitable and the agreement shall be binding on the parties.

(e) In any action in which the court determines that an equitable distribution of all or portions of the marital property in kind would be impractical, the court in lieu of such distribution shall provide for a distributive award in order to achieve equity between the parties. The court may provide for a distributive award to facilitate, effectuate or supplement a distribution of marital property. The court may provide that any distributive award payable over a period of time be secured by a lien on specific property.

(f) The court shall provide for an equitable distribution without regard to alimony for either party or support of the children of both parties. After the determination of an equitable distribution, the court, upon request of either party, shall consider whether an order for alimony or child support should be modified or vacated pursuant to G.S. 50-16.9 or G.S. 50-13.7.

(g) If the court orders the transfer of real or personal property or an interest therein, the court may also enter an order which shall transfer title, as provided in G.S. 1A-1, Rule 70 and G.S. 1-228.

(h) If either party claims that any real property is marital property, that party may cause a notice of lis pendens to be recorded pursuant to Article 11 of Chapter 1 of the General Statutes. Any person whose conveyance or encumbrance is recorded or whose interest is obtained by descent, prior to the filing of the lis pendens, shall take the real property free of any claim resulting from the equitable distribution proceeding. The court may cancel the notice of lis pendens upon substitution of a bond with surety in an amount determined by the court to be sufficient provided the court finds that the claim of the spouse against property subject to the notice of lis pendens can be satisfied by money damages.

(i) Upon filing an action or motion in the cause requesting an equitable distribution, a party may seek an injunction pursuant to G.S. 1A-1, Rule 65 and G.S. Chapter 1, Article 37.

(j) In any order for the distribution of property made pursuant to this section, the court shall make written findings of fact that support the determination that the marital property has been equitably divided.
CHAPTER 815    Session Laws—1981

(k) The rights of the parties to an equitable distribution of marital property are a species of common ownership, the rights of the respective parties vesting at the time of the filing of the divorce action."

Sec. 2. G.S. 50-11 is amended by adding new subsections (e) and (f) to read:

"(e) An absolute divorce obtained within this State shall destroy the right of a spouse to an equitable distribution of the marital property under G.S. 50-20 unless the right is asserted prior to judgment of absolute divorce; except, the defendant may bring an action or file a motion in the cause for equitable distribution within six months from the date of the judgment in such a case if service of process upon the defendant was by publication pursuant to G.S. 1A-1, Rule 4 and the defendant failed to appear in the action for divorce.

(f) An absolute divorce by a court that lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property shall not destroy the right of a spouse to an equitable distribution of marital property under G.S. 50-20 if an action or motion in the cause is filed within six months of the date of the divorce. The validity of such divorce, which is a prerequisite to equitable distribution, may be attacked in the action for equitable distribution."

Sec. 3. G.S. 52-1 is amended by deleting the phrase "such regulations and limitations as the General Assembly may prescribe" and substituting in lieu thereof the phrase "G.S. 50-20 and such other regulations and limitations as the General Assembly may prescribe".

Sec. 4. G.S. 1-75.4 is amended by adding a new subdivision to read:

"(12) Marital relationship. In any action under G.S. Chapter 50 that arises out of the marital relationship within this State, notwithstanding subsequent departure from the State, if the other party to the marital relationship continues to reside in this State."

Sec. 5. G.S. 7A-244 is amended by adding after the word "divorce" the phrase, "equitable distribution of property".

Sec. 6. G.S. 50 is amended by adding a new section to be numbered G.S. 50-21 and to read as follows:

"§ 50-21. Procedures in actions for an equitable distribution of property. — Upon application of a party to an action for divorce, an equitable distribution of property shall follow a decree of absolute divorce. A party may file a cross action for equitable distribution in a suit for an absolute divorce, or may file a separate action instituted for the purpose of securing an order of equitable distribution, or may file an action or motion in the cause as provided in G.S. 50-11(e) and (f). Nothing in G.S. 50-20 or this section shall restrict or extend the right to trial by jury as provided by the Constitution of North Carolina. The equitable distribution may not precede a decree of absolute divorce. Real or personal property located outside of North Carolina is subject to equitable distribution in accordance with the provisions of G.S. 50-20 and the court may include in its order appropriate provisions to insure compliance with the order of equitable distribution."

Sec. 7. This act shall become effective October 1, 1981, and shall apply only when the action for an absolute divorce is filed on or after that date.

In the General Assembly read three times and ratified, this the 3rd day of July, 1981.

The General Assembly of North Carolina enacts:

Section 1. G.S. 130-9(e) is amended by rewriting subdivisions (4), (5) and (6) to read:
“(4) Domiciliary Home Distinguished. A domiciliary home, as distinguished from a nursing home, is a place for the care of aged or disabled persons whose principal need is a home with the sheltered and custodial care their age or disabilities require. Domiciliary homes exist to provide this care in a residential setting and on a long-term basis. In these homes, medical care is only occasional or incidental, such as may be required in the home of any individual or family for persons who are aged or disabled, but the administration of medication is supervised. The residents of these homes will not, as a rule, have remedial ailments or other ailments for which continuing, skilled, planned medical and nursing care is indicated. The resident, however, may receive continuing,
planned medical and nursing care if it is provided under the direct supervision of a physician, nurse, or home health agency and meets the resident's medical needs. A major factor which distinguishes these homes is that residents may be given congregate services as distinguished from the individual medical care required for patients in nursing homes.

(5) Operation of Nursing Home and Domiciliary Homes. Any person may operate a nursing home, as defined in subdivision (2) of this subsection, and a domiciliary home, as defined in subdivision (4) of this subsection, in the same building or in two or more buildings adjoining or next to each other on the same site. A facility containing both a nursing home and a domiciliary portion must be licensed by the Department of Human Resources. The Medical Care Commission, upon consultation with the Social Services Commission, shall adopt standards, rules and regulations for the operation of these domiciliary homes that are equal to the standards, rules and regulations adopted by the Social Services Commission for the operation of freestanding domiciliary homes. The domiciliary portion of a combination home in existence at the time of the effective date of this act shall be exempt from physical plant minimum standards, unless the Department determines any such exemption to be an imminent hazard to health, safety and welfare of the residents. Any existing combination home shall have until January 1, 1983, to comply with all other standards, rules and regulations in effect January 1, 1982.

(6) Evaluation of Residents in Domiciliary Homes. The Department of Human Resources shall prescribe the method of evaluation of residents in domiciliary homes in order to determine when any of these residents are in need of professional medical and nursing care as provided in licensed nursing homes."

Sec. 2. This act shall become effective January 1, 1982.

In the General Assembly read three times and ratified, this the 7th day of July, 1981.

CHAPTER 838
AN ACT TO AMEND THE MECKLENBURG COUNTY SALES AND USE TAX ACT.

The General Assembly of North Carolina enacts:

Section 1. Chapter 1096 of the 1967 Session Laws is hereby amended by adding a new Section 10.1, which shall read as follows:

"Sec. 10.1. Amendment of levy.—(a) Purpose and Intent. It is the purpose of this section to provide a way for the qualified voters of Mecklenburg County to determine by special election whether to delete from Chapter 1096 of the 1967 Session Laws the provision that 'the maximum amount of additional tax imposed by this act on one sale shall be ten dollars ($10.00)', and to make the use tax provisions of the Mecklenburg County Sales and Use Tax Act consistent with the use tax provisions of the Local Government Sales and Use Tax Act.

(b) County Election as to Amendment of Mecklenburg County Sales and Use Tax Act. The Board of Elections of Mecklenburg County, upon the written request of the Mecklenburg County Board of Commissioners, or upon receipt of a petition signed by qualified voters of Mecklenburg County equal in number to at least fifteen percent (15%) of the total number of votes cast in the county at the last preceding election for the office of Governor, shall call a special election for the purpose of submitting to the voters of the county the question of whether the one percent (1%) sales and use tax authorized by Chapter 1096 of the 1967 Session Laws, adopted by election held on November 13, 1967, and levied effective March 1, 1968, will be amended as hereinafter provided and, as amended, levied.

The special election shall be held under the same rules and regulations applicable to the election of members of the General Assembly. A new registration of voters is not required and all qualified voters who are properly registered prior to the special election shall be entitled to vote at said election. The Mecklenburg County Board of Elections shall give public notice prior to the closing of the registration books for the special election, as required by G.S. 163-33(8).

The Mecklenburg County Board of Elections shall prepare ballots for the special election which shall contain the words, 'FOR amending the one percent (1%) Mecklenburg County Sales and Use Tax Act to delete the ten dollar ($10.00) maximum sales and use tax per sale and to make the use tax provisions of the Mecklenburg County Sales and Use Tax Act consistent with the use tax provisions of the Local Government Sales and Use Tax Act', and the words, 'AGAINST amending the one percent (1%) Mecklenburg County Sales and Use Tax Act to delete the ten dollar ($10.00) maximum sales and use tax per sale and to make the use tax provisions of the Mecklenburg County Sales and Use Tax Act consistent with the use tax provisions of the Local Government Sales and Use Tax Act', with appropriate squares so that each voter may designate by his cross (X) mark his preference.

The Mecklenburg County Board of Elections shall fix the date of the special election; provided, however, that the special election shall not be held on the day of any biennial election for county officers, nor within 60 days thereof.

(c) Effective Date of Amended Tax After Special Election Authorizing Levy. In the event a majority of those voting in a special election held under this section shall approve the amendment of the Mecklenburg County Sales and Use Tax Act...
Tax Act, and the levy of the sales and use tax pursuant to the act, as amended, the Mecklenburg County Board of Elections shall immediately send a certified statement of the results of the special election to the Secretary of Revenue.

The Mecklenburg County sales and use tax being levied on the date of the special election shall continue to be levied, administered and collected until the last day of the next succeeding calendar month after the date the Secretary of Revenue receives the certified statement from the Mecklenburg County Board of Elections of the results of the special election, after which date it shall no longer be levied.

The Mecklenburg County sales and use tax authorized to be levied pursuant to the Mecklenburg County Sales and Use Tax Act as amended by subsections (d) through (g) of this section shall be imposed on the first day of the second succeeding calendar month after the Secretary of Revenue receives the certified statement of the results of the special election (this day being also described as being the day next following the day the Mecklenburg County sales and use tax being levied on the date of the special election shall cease to be levied).

No liability for the Mecklenburg County sales and use tax being levied on the date of the special election which shall have attached prior to the effective date on which the levy is terminated shall be discharged as a result of such termination, and no right to a refund of tax or otherwise, which shall have accrued prior to the effective date on which the levy is terminated, shall be denied.

In the event a majority of those voting in the special election held under this section do not vote for the amendment, the Mecklenburg County sales and use tax being levied on the date of the special election shall continue to be levied, administered and collected as authorized by Chapter 1096 of the 1967 Session Laws.

(d) Amended Sales Tax Imposed; Items on Which the State Now Imposes a Three Percent (3%) Sales Tax. In the event a majority of those voting in the special election shall approve the amendment of the Mecklenburg County Sales and Use Tax Act, Section 4 of Chapter 1096 of the 1967 Session Laws shall remain in effect and shall govern the levy of the Mecklenburg County sales and use tax, as amended, except that the last sentence of Section 4 thereof, which reads as follows, is repealed and shall have no effect on the levy of the amended Mecklenburg County sales and use tax, from and after its effective date: “The maximum amount of additional tax imposed by this act on one sale shall be ten dollars ($10.00).”

(e) Amended Use Tax Imposed; Limited to Items Upon Which the State Now Imposes a Use Tax Under G.S. 105-164.6. In the event a majority of those voting in the special election shall approve the amendment of the Mecklenburg County Sales and Use Tax Act, Section 5 of Chapter 1096, Session Laws of 1967, as amended by Section 3 of Chapter 1100, Session Laws of 1979 is rewritten in its entirety, to read as follows:

‘Sec. 5. The use tax which Mecklenburg County may impose under this division shall be at the rate of one percent (1%) of the cost price of each item or article of tangible personal property when the same is not sold but used, consumed or stored for use or consumption in Mecklenburg County, except that no tax shall be imposed upon such tangible personal property when, if the property were subject to the use tax imposed by G.S. 105-164.6, such property
would be taxed by the State of North Carolina at a rate less than three percent (3%).

Every retailer engaged in business in this State and in Mecklenburg County and required to collect the use tax levied by G.S. 105-164.6 shall also collect the one percent (1%) use tax when such property is to be used, consumed or stored in said county, said one percent (1%) use tax to be collected concurrently with the State's use tax; but no retailer not required to collect the use tax levied by G.S. 105-164.6 shall be required to collect the one percent (1%) use tax. The use tax contemplated by this section shall be levied against the purchaser, and his liability for such use tax shall be extinguished only upon his payment of the use tax to the retailer, where the retailer is required to collect the tax, or to the Secretary of Revenue, where the retailer is not required to collect the tax.

Where a local sales or use tax has been paid with respect to said tangible personal property by the purchaser thereof, either in another taxing county within the State, or in a taxing jurisdiction outside the State where the purpose of the tax is similar in purpose and intent to the tax which may be imposed pursuant to this section, said tax may be credited against the tax imposed by this section by Mecklenburg County upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due Mecklenburg County under this section, the purchaser shall pay to the Secretary of Revenue an amount equal to the difference between the amount so paid in the other taxing county or jurisdiction and the amount due in Mecklenburg County hereunder. The Secretary of Revenue may require such proof of payment in another taxing county or jurisdiction as is deemed to be necessary and proper. The use tax levied hereunder shall not be subject to credit for payment of any State sales or use tax not imposed for the benefit and use of counties and municipalities. No credit shall be given under this section for sales or use taxes paid in a taxing jurisdiction outside this State if that taxing jurisdiction does not grant similar credit for sales taxes paid under this act.'

The purpose of this amendment to Section 5 of Chapter 1096 of the 1967 Session Laws is to make the imposition of the one percent (1%) use tax in Mecklenburg County the same as in all counties in the State which have imposed a sales and use tax pursuant to Article 39, Subchapter VIII of Chapter 105 of the General Statutes.

(1) Retail Bracket System; Application to Mecklenburg County Sales and Use Tax. In the event a majority of those voting in the special election shall approve the amendment of the Mecklenburg County Sales and Use Tax Act, Section 7 of said act shall remain in effect and shall govern the levy of the Mecklenburg County sales and use tax, as amended, except that the last sentence of Section 7, which reads as follows, is repealed and shall have no effect on the levy of the amended Mecklenburg County sales and use tax: 'The maximum amount of additional tax imposed by the act on one sale shall be ten dollars ($10.00).'

(g) Remaining Portions of Chapter 1096 of the 1967 Session Laws to Remain in Effect. In the event a majority of those voting in the special election shall approve the amendment of the Mecklenburg County Sales and Use Tax Act, the Mecklenburg County sales and use tax, as amended, shall be levied, administered and collected as set forth in Chapter 1096 of the 1967 Session Laws, except as hereinabove provided."
Sec. 2. Limit on Frequency of Special Elections. Only one special election can be held in any 12-month period pursuant to the provisions of Section 1 of this act.

Sec. 3. The provisions of Section 1 of this act shall not be applicable with respect to any building materials purchased for the purpose of fulfilling any lump-sum or unit price contract entered into or awarded, or entered into or awarded pursuant to any bid made, before the effective date of the tax imposed pursuant to such section when, absent the provisions of this section, such building materials would otherwise be subject to a greater amount of tax under the provisions of Section 1 of this act than they would have been had that section not become effective.

Sec. 4. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect the provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 5. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 7th day of July, 1981.

Nothing in this Article shall be construed to prohibit a life insurer from issuing a policy that contains only the provision specified in G.S. 58-213.15(a)(i) with respect to policy loan interest rates.

"§ 58-213.14. Definitions.—For purposes of this Article the 'Published Monthly Average' means:

(e) The life insurer shall:

(i) Notify the policyholder at the time a cash loan is made of the initial rate of interest on the loan;

(ii) Notify the policyholder with respect to premium loans of the initial rate of interest on the loan as soon as it is reasonably practical to do so after making the initial loan. Notice need not be given to the policyholder when a further premium loan is added, except as provided in (iii) below;

(iii) Send to policyholders with loans reasonable advance notice of any increase in the rate; and

(iv) Include in the notices required above the substance of the pertinent provisions of subsections (a) and (c).

(f) No policy shall terminate in a policy year as the sole result of change in the interest rate during that policy year, and the life insurer shall maintain coverage during that policy year until the time at which it would otherwise have terminated if there had been no change during that policy year.

(g) The substance of the pertinent provisions of subsections (a) and (c) shall be set forth in the policies to which they apply.

(h) For purposes of this section:

(ii) The term 'policy loan' includes any premium loan made under a policy to pay one or more premiums that were not paid to the life insurer as they fell due.

(iii) The term 'policyholder' includes the owner of the policy or the person designated to pay premiums as shown on the records of the life insurer.

(iv) The term 'policy' includes certificates issued by a fraternal benefit society and annuity contracts which provide for policy loans.

The Chief Archaeologist shall have no authority over the remains at the end of the 48-hour period and may not prohibit the resumption of the construction or agricultural activities without the permission of the landowner.

"§ 70-6.6. Archaeological investigation of human skeletal remains.—(a) If an agreement is reached with the landowner for the excavation of the human skeletal remains, the Chief Archaeologist shall either designate a member of his staff or authorize another professional archaeologist to excavate or supervise the excavation.

(b) The professional archaeologist excavating human skeletal remains shall report to the Chief Archaeologist, either in writing or by telephone, his opinion on the cultural and biological characteristics of the remains. This report shall be transmitted as soon as possible after the commencement of excavation, but no later than two full business days after the removal of a burial.

(c) The Chief Archaeologist, in consultation with the professional archaeologist excavating the remains, shall determine where the remains shall be held subsequent to excavation, pending other arrangements according to G.S. 70-6.7 or G.S. 70-6.8.

(d) The Department of Cultural Resources may obtain administrative inspection warrants pursuant to the provisions of Chapter 15, Article 4A of the General Statutes to enforce the provisions of this Article, provided that prior to the requesting of the administrative warrant, the Department shall contact the affected landowners and request their consent for access to their land for the purpose of gathering such information. If consent is not granted, the Department shall give reasonable notice of the time, place and before whom the administrative warrant will be requested so that the owner or owners may have an opportunity to be heard.

"§ 70-6.7. Consultation with the Native American Community.—(a) If the professional archaeologist determines that the human skeletal remains are Native American, the Chief Archaeologist shall immediately notify the Executive Director of the North Carolina Commission of Indian Affairs. The
Executive Director shall notify and consult with the Eastern Band of Cherokee or other appropriate tribal group or community.

(b) Within four weeks of the notification, the Executive Director shall communicate in writing to the Chief Archaeologist, the concerns of the Commission of Indian Affairs and an appropriate tribal group or community with regard to the treatment and ultimate disposition of the Native American skeletal remains.

(c) Within 90 days of receipt of the concerns of the Commission of Indian Affairs, the Chief Archaeologist and the Executive Director, with the approval of the principal tribal official of an appropriate tribe, shall prepare a written agreement concerning the treatment and ultimate disposition of the Native American skeletal remains. The written agreement shall include the following:

1. designation of a qualified skeletal analyst to work on the skeletal remains;
2. the type of analysis and the specific period of time to be provided for analysis of the skeletal remains;
3. the timetable for written progress reports and the final report concerning the skeletal analysis to be provided to the Chief Archaeologist and the Executive Director by the skeletal analyst; and
4. a plan for the ultimate disposition of the Native American remains subsequent to the completion of adequate skeletal analysis.

If no agreement is reached within 90 days, the Archaeological Advisory Committee shall determine the terms of the agreement.

§ 70-6.8. Consultation with other individuals.—(a) If the professional archaeologist determines that the human skeletal remains are other than Native American, the Chief Archaeologist shall publish notice that excavation of the remains has occurred, at least once per week for four successive weeks in a newspaper of general circulation in the county where the burials or skeletal remains were situated, in an effort to determine the identity or next of kin or both of the deceased.

(b) If the next of kin are located, within 90 days the Chief Archaeologist in consultation with the next of kin shall prepare a written agreement concerning the treatment and ultimate disposition of the skeletal remains. The written agreement shall include:

1. designation of a qualified skeletal analyst to work on the skeletal remains;
2. the type of analysis and the specific period of time to be provided for analysis of the skeletal remains;
3. the timetable for written progress reports and the final report concerning the skeletal analysis to be provided to the Chief Archaeologist and the next of kin by the skeletal analyst; and
4. a plan for the ultimate disposition of the skeletal remains subsequent to the completion of adequate skeletal analysis.

If no agreement is reached, the remains shall be handled according to the wishes of the next of kin.

§ 70-6.9. Skeletal analysis.—(a) Skeletal analysis conducted under the provisions of this Article shall only be accomplished by persons having those qualifications expressed in G.S. 70-6.3(5).
(b) Prior to the execution of the written agreements outlined in G.S. 70-6.7(c) and G.S. 70-6.8(b), the Chief Archaeologist shall consult with both the professional archaeologist and the skeletal analyst investigating the remains.

(c) The professional archaeologist and the skeletal analyst shall submit a proposal to the Chief Archaeologist within the 90-day period set forth in G.S. 70-6.7(c) and G.S. 70-6.8(b), including:

1. methodology and techniques to be utilized;
2. research objectives;
3. proposed time schedule for completion of the analysis; and
4. proposed time intervals for written progress reports and the final report to be submitted.

(d) If the terms of the written agreement are not substantially met, the Executive Director or the next of kin, after consultation with the Chief Archaeologist, may take possession of the skeletal remains. In such case, the Chief Archaeologist may ensure that appropriate skeletal analysis is conducted by another qualified skeletal analyst prior to ultimate disposition of the skeletal remains.

§ 70-6.10. Disposition of human skeletal remains.—(a) If the skeletal remains are Native American, the Executive Director, after consultation with an appropriate tribal group or community, shall determine the ultimate disposition of the remains after the analysis.

(b) If the skeletal remains are other than Native American and the next of kin have been identified, the next of kin shall have authority concerning the ultimate disposition of the remains after the analysis.

(c) If the Chief Archaeologist has received no information or communication concerning the identity or next of kin of the deceased, the skeletal remains shall be transferred to the Chief Archaeologist, and permanently curated according to standard museum procedures after adequate skeletal analysis.

§ 70-6.11. Financial responsibility.—(a) The provisions of this Article shall not require that the owner of the land on which the unmarked human burials or human skeletal remains are found, bear the cost of excavation, removal, analysis or disposition.

(b) If a determination is made by the Executive Director, in consultation with an appropriate tribal group or community, that Native American skeletal remains shall be reinterred following the completion of skeletal analysis, an appropriate tribal group or community may provide a suitable burial location. If it elects not to do so, it shall be the responsibility of the North Carolina Commission of Indian Affairs to provide a suitable burial location.

(c) The expense of transportation of Native American remains to the reburial location shall be borne by the party conducting the excavation and removal of the skeletal remains. The reburial ceremony may be provided by an appropriate tribal group or community. If it elects not to do so, the reburial ceremony shall be the responsibility of the Commission of Indian Affairs.

§ 70-6.12. Prohibited acts.—(a) No person, unless acting under the provisions of G.S. 130-198 through G.S. 130-201, shall:

1. knowingly acquire any human skeletal remains removed from unmarked burials in North Carolina after October 1, 1981, except in accordance with the provisions of this Article;
2. knowingly exhibit or sell any human skeletal remains acquired from unmarked burials in North Carolina; or

1236
(3) knowingly retain human skeletal remains acquired from unmarked burials in North Carolina after October 1, 1981, for scientific analysis beyond a period of time provided for such analysis pursuant to the provisions of G.S. 70-6.7, G.S. 70-6.8 and G.S. 70-6.9, with the exception of those skeletal remains curated under the provisions of G.S. 70-6.10.

(b) Other provisions of criminal law concerning vandalism of unmarked human burials or human skeletal remains may be found in G.S. 14-149.

"§ 70-6.13. Rule making authority.—The North Carolina Historical Commission may promulgate rules and regulations to implement the provisions of this Article.

"§ 70-6.14. Exceptions.—(a) Human skeletal remains acquired from commercial biological supply houses or through medical means are not subject to the provisions of G.S. 70-6.12(a).

(b) Human skeletal remains determined to be within the jurisdiction of the medical examiner according to the provisions of G.S. 130-198 are not subject to the prohibitions contained in this Article.

"§ 70-6.15. Penalties.—(a) Violation of the provisions of G.S. 70-6.4 is a misdemeanor.

(b) Violation of the provisions of G.S. 70-6.12(a) is a Class H felony."

Sec. 4. G.S. 14-148 is amended by designating subsection (b) as subsection (c) and adding a new subsection (b) to read:

CHAPTER 854

AN ACT TO REGULATE HUNTING AND FISHING ON THE REGISTERED PROPERTY OF ANOTHER.

The General Assembly of North Carolina enacts:

Section 1. Subchapter IV of Chapter 113 of the General Statutes is amended to add a new Article as follows:

"ARTICLE 21A.

“Regulating Hunting and Fishing on the Registered Property of Another.

"§ 113-281. Definitions.—In addition to the definitions in Article 12 of this Chapter, the following definitions apply in this Article:

(1) Entry Permit. The permit described in G.S. 113-283.

(2) Posted Property. Registered property that is posted in substantial compliance with G.S. 113-282(d).
(3) Registered Property. Property that has been accepted for registration by the Wildlife Resources Commission as provided in G.S. 113-282, and has not been deleted from registration.

(4) Registrant. A current applicant of record for a tract of registered property.

“§ 113-282. Registration and posting of property.—(a) A person who controls the hunting, fishing, or hunting and fishing rights to a tract of property and wishes to register it under this Article must apply to the Wildlife Resources Commission in accordance with this section.

(b) The registration application must contain:

(1) A statement under oath by the applicant that he has the right to control hunting or fishing, or both, on the tract of property to be registered. If the applicant is not a landholder, he must file a copy of his lease or other document granting him control of hunting, fishing, or hunting and fishing rights on the tract.

(2) Three copies of a description of the tract that will allow law enforcement officers to determine in the field, and prove in court, whether an individual is within the boundaries of the tract. This description may take the form of a map, plat, aerial photograph showing boundaries, diagram keyed to known landmarks, or any other document or description that graphically demarks the boundaries with sufficient accuracy for use by officers in court and in the field. Any amendment of the boundaries of a registered tract must be accomplished by a new registration application meeting the requirements of this subsection.

(3) An agreement by the applicant to post the tract in accordance with the requirements of this section and to make a continuing effort to maintain posted notices for the tract.

(4) An agreement by the applicant to issue or cause issuance of an entry permit to all individuals to whom he or his authorized agent gives permission to hunt or fish on the tract. The applicant must file the name and signature of any agent authorized by him to issue the entry permit, and a registrant must amend his application to rescind the agent’s authority and to substitute or add an authorized agent.

(5) A fee of ten dollars ($10.00) to cover the administrative costs of processing the registration application.

(c) The Executive Director must examine any submitted application to determine whether the requirements of subsection (b) have been fully met. If he determines that these requirements have been met and if his inquiries of persons with knowledge of the locality of the tract corroborate the truthfulness and accuracy of the information in the application, he must register the tract of property and notify the registrant of his action. Registration consists of filing the application in a central registry open to the public with an indication whether the property is registered as to hunting, fishing, or both. Upon registration, the Executive Director must send, for the information of protectors and other law enforcement officers, the two duplicate copies of the description of the tract as follows: (1) to the sheriff of the county in which the tract is located, or to the chief of the county police department if such a department is the primary agency enforcing the criminal laws in a county; and (2) to an appropriate protector stationed in the area where the tract is located. The Executive Director must also furnish officers with copies of the signatures
of registrants and their authorized agents and other pertinent information for enforcement of this Article.

(d) A registrant must post his registered property as soon as practicable after receiving notice that the tract was accepted for registration. Posted notices must measure at least 120 square inches; contain the word 'POSTED' in letters at least three inches high; state that the property is registered with the Wildlife Resources Commission and that hunting or fishing, or both, are prohibited without an entry permit; and set out the name and address and, if feasible, the telephone number of the person to contact for an entry permit. At least one notice must be conspicuously posted on the registered property not more than 200 yards apart close to and along the boundaries. In any event at least one notice must be placed on each side of the registered property, one at each corner, and one at each point of entry. A point of entry is where a roadway, trail, path, or other way likely to be used by entering sportsmen leads into the tract. If registered property is posted only with respect to fishing, it is sufficient if the notices prohibit fishing without permission, and are posted at intervals of not more than 200 yards along the stream or shoreline and at points of entry likely to be used by fishermen. Notices posted along the boundaries of a tract must face in the direction that they will be most likely seen by persons entering the tract. Notices posted along a stream or shoreline must face in the direction that they will most likely be seen by anyone intending to fish. With respect to any particular hunter or fisherman, or person who has entered to hunt or fish, there is substantial compliance with this subsection, notwithstanding that one or more of the required notices may be absent, illegible, or improperly placed, if any notice is or has been reasonably visible to him while he was within or approaching the registered tract.

(e) If a registrant loses his proprietary interest or his control of the hunting, fishing, or hunting and fishing rights as to which he has registered the property, he must within 20 days notify the Executive Director. If a new person who controls those rights wishes to continue the registration of the tract, he must make application under the terms of subsection (b), except that no copies of the tract's description need be filed if there is no change of boundaries. When the Executive Director receives the notice under this subsection, or otherwise learns that a registrant has lost his proprietary control of the applicable hunting, fishing, or hunting and fishing rights, and there is no pending application to continue registration of the tract, the Executive Director must immediately delete registration of the tract, notify the presently responsible landholder, and require him to remove any remaining posted notices.

(f) A person who controls the hunting, fishing, or hunting and fishing rights to registered property may apply to the Wildlife Resources Commission in writing to delete the registration of the tract. If he is not the registrant, he must satisfy the Executive Director of his present right to control the applicable hunting and fishing rights. If he is the registrant, his statement that he still controls the applicable rights on the tract is sufficient unless the Executive Director has reason to require further evidence on this point. Upon determination that an application to delete is proper, the Executive Director must immediately delete registration of the tract, notify the presently responsible landholder, and require him to remove any remaining posted notices.
(g) Any law enforcement officer or any employee of the Wildlife Resources Commission who determines that a registrant has failed to keep registered property posted in compliance with subsection (d) must so notify the registrant or his agent. If within a reasonable time after notice the registrant fails to take steps to post or repost the tract, or if without regard to notice a registrant is inexcusably or repeatedly negligent in failing to keep the tract properly posted, the Executive Director must immediately delete registration of the tract, notify the presently responsible landholder, and require him to remove any remaining posted notices.

(h) A landholder’s failure to cause the removal of all posted signs within a reasonable time after receipt of notice that the tract has been deleted from registration is a misdemeanor punishable as provided in G.S. 113-135.

"§ 113-283. Entry permits furnished by Wildlife Resources Commission.—(a) Upon registration of property, the Executive Director must furnish the registrant with a reasonable number of standardized permit forms to be carried by individuals given permission to hunt or fish on the registered property. The Executive Director must establish a procedure for resupplying registrants with entry permits for their registered property as needed.

(b) To be valid, the entry permit must be issued and dated within the previous 12 months and signed by the registrant or an authorized agent whose signature is on file with the Wildlife Resources Commission.

"§ 113-284. Affirmative duty of sportsmen to determine if property is registered and posted.—Every individual who enters the property of another to hunt or fish without first having obtained permission from an authorized person in control of hunting and fishing rights or his agent is under a duty to look for posted notices. In the apparent absence of such notices, the individual intending to enter is nevertheless under a duty to determine if practicable whether the property is registered under the terms of this Article.

"§ 113-285. Hunting or fishing on registered property of another without permission.—(a) No one may hunt or fish, or enter to hunt or fish, on the registered and posted property of another without having in possession a valid entry permit issued to him.

(b) No one may hunt or fish, or enter to hunt or fish, on the registered property of another without having in possession a valid entry permit issued to him if he has reason to know the property had been posted.

(c) A violation of this section is a misdemeanor punishable as provided in G.S. 113-135.

"§ 113-286. Removal, destruction, or mutilation of posted notices.—Unauthorized removal, destruction, or mutilation of posted notices on registered property is a misdemeanor punishable by a fine of not less than fifty dollars ($50.00), imprisonment not to exceed 90 days, or both.

"§ 113-287. General provisions pertaining to enforcement of Article.—(a) If property is registered, the original or a true copy of the application and all supporting items are admissible in evidence. The registrant’s affidavit that he has the right to control hunting, fishing, or hunting and fishing on the registered property constitutes prima facie evidence of the facts so asserted. The description filed with the application constitutes prima facie evidence of the boundaries of the registered property.

(b) If an individual hunts or fishes, or enters to hunt or fish, on registered property that is or had been posted, any registrant or his agent, any landholder
of that property, and any protector or other law enforcement officer may
request that the individual produce a valid entry permit.

c) In addition to protectors, it is the duty of sheriffs and their deputies,
county police officers, and other law enforcement officers with general
enforcement jurisdiction to investigate reported violations of this Article and to
initiate prosecutions when they determine that violations have occurred.

d) Any entry permit issued to an individual does not substitute for any
required hunting or fishing license.”

Sec. 2. This act shall become effective January 1, 1982.
In the General Assembly read three times and ratified, this the 7th day of
July, 1981.

H. B. 1265  CHAPTER 855

AN ACT TO AMEND THE TAX LAW IN RELATION TO AN
INTERNATIONAL BANKING FACILITY.

Whereas, this State in recent years has greatly expanded its international
trade and the future holds even greater promise for the industries of this State
to participate in worldwide markets; and

Whereas, this expanded trade must necessarily have readily available
international banking facilities conveniently available; and

Whereas, the expansion of international banking within the State would
result in additional directly related employment and further the position of this
State in international trade; and

Whereas, the General Assembly by the adoption of this act intends to
provide for the exemption of international banking facilities from State and
local taxation and thereby make it possible for such facilities to be established
in this State on a competitive basis; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-130.5(b) is hereby amended by adding a new
paragraph (13) to read:

“(13) The eligible income of an international banking facility to the extent
included in determining federal taxable income, determined as follows:

(A) ‘International banking facility’ shall have the same meaning as is set
forth in the laws of the United States or regulations of the Board of
Governors of the federal reserve system.

(B) The eligible income of an international banking facility for the taxable
year shall be an amount obtained by multiplying State taxable income as
determined under G.S. 105-130.3 (determined without regard to eligible
income of an international banking facility and allocation and
apportionment, if applicable) for such year by a fraction, the
denominator of which shall be the gross receipts for such year derived
by the bank from all sources, and the numerator of which shall be the
adjusted gross receipts for such year derived by the international
banking facility from:

(i) making, arranging for, placing or servicing loans to foreign persons
substantially all the proceeds of which are for use outside the United
States;

(ii) making or placing deposits with foreign persons which are banks or
foreign branches of banks (including foreign subsidiaries or foreign
branches of the taxpayer) or with other international banking facilities; or
(iii) entering into foreign exchange trading or hedging transactions related to any of the transactions described in this paragraph.
(C) The adjusted gross receipts shall be determined by multiplying the gross receipts of the international banking facility by a fraction the numerator of which is the average amount for the taxable year of all assets of the international banking facility which are employed outside the United States and the denominator of which is the average amount for the taxable year of all assets of the international banking facility.
(D) For the purposes of this subsection the term ‘foreign person’ means:
(i) an individual who is not a resident of the United States;
(ii) a foreign corporation, a foreign partnership or a foreign trust, as defined in Section 7701 of the Internal Revenue Code of 1954, other than a domestic branch thereof;
(iii) a foreign branch of a domestic corporation (including the taxpayer);
(iv) a foreign government or an international organization or an agency of either, or
(v) an international banking facility.

For purposes of this paragraph, the terms ‘foreign’ and ‘domestic’ shall have the same meaning as set forth in Section 7701 of the Internal Revenue Code of 1954.’’

Sec. 2. G.S. 105-102.3 is hereby amended to read as follows:

‘§ 105-102.3. Banks.—There is hereby imposed upon every bank or banking association, including each national banking association, that is operating in this State as a commercial bank, an industrial bank, a savings bank, a trust company, or any combination of such facilities or services, and whether such bank or banking association, hereinafter to be referred to as a bank or banks, be organized, under the laws of the United States or the laws of North Carolina, in the corporate form or in some other form of business organization, an annual privilege tax in the amount of thirty dollars ($30.00) for each one million dollars ($1,000,000) or fractional part thereof of total assets held as hereinafter provided. The assets upon which the tax is levied shall be determined by averaging the total assets shown in the four quarterly call reports of condition (consolidating domestic subsidiaries) for the preceding calendar year as required by bank regulatory authorities; provided, however, where a new bank commences operations within the State there shall be levied and paid an annual privilege tax of one hundred dollars ($100.00) until such bank shall have made four quarterly call reports of condition (consolidating domestic subsidiaries) for a single calendar year; provided further, however, where a bank operates an international banking facility, as defined in G.S. 105-130.5(b)(13), the assets upon which the tax is levied shall be reduced by the average amount for the taxable year of all assets of the international banking facility which are employed outside the United States, as computed pursuant to G.S. 105-130.5(b)(13)(C). The tax imposed hereunder shall be for the privilege of carrying on the businesses herein defined on a statewide basis regardless of the number of places or locations of business within the State. Counties, cities and towns shall not levy a license or privilege tax on the businesses taxed under this section, nor on the business of an international banking facility as defined in subsection (b)(13) of G.S. 105-130.5.’”
Session Laws—1981  CHAPTER 856

Sec. 3. G.S. 105-122(b) is hereby amended by adding at the end of the first unnumbered paragraph the following sentences:

"In the case of an international banking facility, the capital base shall be reduced by the excess of the amount as of the end of the taxable year of all assets of an international banking facility which are employed outside the United States over liabilities of the international banking facility owed to foreign persons. For purposes of such reduction, foreign persons shall have the same meaning as defined in G.S. 105-130.5(b)(13)(D)."

Sec. 4. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 7th day of July, 1981.

H. B. 1284  CHAPTER 856

AN ACT TO AMEND PART 10 OF ARTICLE 10 OF CHAPTER 143B OF THE GENERAL STATUTES OF NORTH CAROLINA, RELATING TO THE NORTH CAROLINA STATE PORTS AUTHORITY, AS TO THE ISSUANCE OF BONDS AND NOTES AND THE FINANCING OF FACILITIES AND IMPROVEMENTS FOR PRIVATE PARTIES.

The General Assembly of North Carolina enacts:

Section 1. Section 143B-456 of the General Statutes is hereby amended to read as follows:

"§ 143B-456. Issuance of bonds and notes.—(a) As a means of raising the funds needed from time to time in the acquisition, construction, equipment, maintenance or operation of any facility, building, structure or any other matter or thing which the Authority is authorized to acquire, construct, equip, maintain, or operate, all or any of them, including authorized special user projects, the Authority is hereby authorized, at one time or from time to time, to borrow money and in evidence thereof to issue bonds, notes and other obligations of the Authority as provided in this Part. Bonds, notes and other obligations may also be issued to (i) establish such reserves as the Authority may determine to be desirable including, without limitation, a debt service reserve fund, and (ii) provide for interest during the estimated period of construction and for a reasonable period thereafter and to provide for working capital.

The principal of and the interest on such bonds or notes shall be payable solely from the funds herein provided for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues, income or assets of the Authority. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the Authority at such price or prices and under such terms and conditions as may be determined by the Authority. Any such bonds or notes shall bear interest at such rate or rates, including variable rates, as may be determined by the Authority. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Authority.

(b) Prior to the sale and delivery of any bonds or notes by the Authority, the Advisory Budget Commission shall approve the general purposes of and the
CHAPTER 856            Session Laws—1981

general security provisions for any such bonds or notes. Such bonds or notes may be sold in such manner, either at public or private sale, and for such price as the Authority shall determine. Bonds or notes may be issued under the provisions of this Part without obtaining, except as otherwise expressly provided in this Part, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Part and the provisions of the resolution authorizing the issuance of such bonds or notes or the trust agreement securing the same.

(c) In the discretion of the Authority any obligations issued under the provisions of this Part may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State and, in the case of an authorized special user project, a deed of trust of which the trustee may be an individual who is a resident of the State. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of obligations, revenues or other money under this Part to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. The pledge of any assets, income or revenues of the Authority to the payment of the principal of or the interest on any obligations of the Authority shall be valid and binding from the time when the pledge is made and any such assets, income or revenues shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof.

(d) The resolution authorizing any obligations or the trust agreement securing the same may provide that any moneys held pursuant thereto may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this Part and such resolution or trust agreement may provide. Any such moneys or any other moneys of the Authority may be invested as provided in G.S. 159-30 or any successor provision thereof.

(e) Obligations issued under the provisions of this Part are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of the State is now or may hereafter be authorized by law.

(f) The Authority is hereby authorized to provide for the issuance of refunding obligations for the purpose of refunding any obligations then outstanding which shall have been issued under the provisions of this Part, including the payment of any redemption premium thereon and any interest

1244
accrued or to accrue to the date of redemption of such obligations and, if deemed advisable by the Authority, for any corporate purpose of the Authority. The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same shall be governed by the provisions of this Part which relate to the issuance of obligations, insofar as such provisions may be appropriate therefor.

Refunding obligations may be sold or exchanged for outstanding obligations issued under this Part and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding obligations.

(g) Any obligations issued by the Authority under the provisions of this Part, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes.

(h) Obligations issued under the provisions of this Part shall not be deemed to constitute a debt, liability or obligation of the State or of any other public body in the State secured by a pledge of the faith and credit of the State or of any other public body in the State, respectively, but shall be payable solely from the revenues, income or assets of the Authority pledged thereto. Each obligation issued under this Part shall contain on the face thereof a statement to the effect that the Authority shall not be obligated to pay the same or the interest thereon except from the revenues, income or assets pledged therefor and that neither the faith and credit nor the taxing power of the State or of any other public body in the State is pledged to the payment of the principal of or the interest on such obligation."

Sec. 2. A new section is hereby added to Part 10 of Article 10 of Chapter 143B of the General Statutes to read as follows:

"§ 143B-456.1. Bonds and notes for special user projects.—(a) The Authority is also hereby authorized, subject to the provisions of this section, to issue, at one time or from time to time, bonds and notes to finance special user projects. The term 'special user project' shall mean any land, equipment or any one or more buildings or other structures, whether or not on the same site or sites, and any rehabilitation, improvement, renovation or enlargement of, or any addition to, any building or structure for use as or in connection with any commercial, industrial, manufacturing, processing, mining, transportation, distribution, storage, marine or environmental facility or improvement primarily for the use of one or more private parties. Any such special user project may include all appurtenances and incidental facilities such as land, headquarters or office facilities, restaurant and lodging facilities, warehouses, distribution centers, pollution control facilities, access roads, sidewalks, utilities, railway sidings, trucking and similar facilities, parking facilities, waterways, docks, wharves and other improvements necessary or convenient for ships, tugboats, barges or other vessels or for the construction, maintenance and operation of any building or structure, or addition thereto.

(b) Bonds and notes may be sold to finance special user projects irrespective of the interest limitations set forth in G.S. 24-1.1, as amended, and successor provisions.
CHAPTER 856    Session Laws—1981

(c) The bonds or notes of each issue of the Authority under this section shall be special, limited obligations of the Authority payable solely from such other revenues, income or assets of the Authority as the Authority shall specifically assign or pledge and such funds, collateral and undertakings as any private parties may assign or pledge therefor.

The financing agreement may provide the Authority with rights and remedies in the event of a default by the obligor thereunder including, without limitation, reentry and repossession or leasing or sale or foreclosure of the special user project to others.

The Authority’s interest in a special user project may be that of owner, lessor, operator, lessee, conditional or installment vendor, mortgagor, mortgagee, secured party or otherwise, but the Authority need not have any ownership or possessory interest in the project, and if that of lessor, the lessee may have an option or an obligation to purchase the special user project upon the expiration or termination of the lease.

(d) Bonds and notes issued under the provisions of this section may be secured by one or more agreements, including forecloseable deeds of trust and other trust instruments, which may pledge and assign to the trustee or the holders of its obligations the assets, revenues, and income provided for the security of the bonds or notes, including proceeds from the sale of any special user project, or part thereof, insurance proceeds and condemnation awards, and third-party agreements, and may convey or mortgage the project and other property and collateral to secure a bond issue.

The Authority may subordinate the bonds or notes or its rights, assets, revenues and income derived from any special user project to any prior, contemporaneous or future securities or obligations or lien, mortgage or other security interest.

(e) Notwithstanding any other provision of law, the Authority may agree that all contracts relating to the acquisition, construction, installation and equipping of the special user project shall be solicited, negotiated, awarded and executed by the private party or parties for which the Authority is financing the special user project or their agents subject only to such approvals by the Authority as the Authority may require. The Authority may, out of the proceeds of bonds or notes, make advances to or reimburse such private parties or such agents for all or a portion of the costs incurred in connection with such contracts. The provisions of Section 143B-463 of this Part shall have no application to funds and moneys derived pursuant to this section.

(f) The provisions of G.S. 25-9-104(e) and G.S. 25-9-302(6) to the contrary notwithstanding, the provisions of Article 9 of the North Carolina Uniform Commercial Code, being G.S. 25-9-101 to G.S. 25-9-607, inclusive, shall apply to transactions under this section to the same extent the provisions of such Article 9 would apply were G.S. 25-9-104(e) and G.S. 25-9-302(6) hereby repealed."

Sec. 3. The last sentence of G.S. 143B-463 reading as follows:

"Any and all revenues and earnings received by the Authority from its operations shall be handled as directed in Section 13, Chapter 820 of the Session Laws of 1949."

is hereby repealed.

Sec. 4. The foregoing provisions of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers
conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds or notes.

Sec. 5. This act, being necessary for the prosperity of the State and its inhabitants, shall be liberally construed to effect the purposes thereof.

Sec. 6. Insofar as the provisions of this act are inconsistent with the provisions of any general or special laws or parts thereof, the provisions of this act shall be controlling.

Sec. 7. This act is effective upon ratification except for the provisions of Section 2 of this act which shall become effective upon their becoming effective as an amendment to the North Carolina Constitution authorizing the General Assembly to enact laws dealing with the subject matter of Section 2 of this act.

Sec. 4. The Controller of the Department of Transportation shall allocate at the beginning of each fiscal year, from the various appropriations made to the Department of Transportation in Section 3 of this act under Titles
02.b. - State Construction, 02.c. - State Funds to Match Federal Highway Aid, 02.d. - State Maintenance, and 02.e. - Ferry Operations, sufficient funds to eliminate all overdrafts on State maintenance and construction projects, and such allocations may not be diverted to other purposes.

—HIGHWAY FUND/LIMITATIONS ON TRANSFERS

Sec. 5. Transfers may be made by authorization of the Governor as Director of the Budget from Section 3 of this act, Titles 02.b.(01) - State Construction/Primary Construction, 02.b.(03) - State Construction/Urban Construction, 02.b.(04) - State Construction/Access and Public Service Roads, 02.c. - State Funds to Match Federal Highway Aid, 02.d. - State Maintenance, and 02.e. - Ferry Operations, provided that the original appropriation from which the transfer is made shall not be reduced by more than ten percent (10%) without the approval of the Advisory Budget Commission. Transfers from Section 3 of this act, Titles 02.b.(01) - State Construction/Primary Construction, 02.b.(03) - State Construction/Urban Construction, 02.b.(04) - State Construction/Access and Public Service Roads, 02.c. - State Funds to Match Federal Highway Aid, 02.d. - State Maintenance, and 02.e. - Ferry Operations, for the purpose of providing additional positions, shall be approved by the Director of the Budget and the Advisory Budget Commission.

—HIGHWAY FUNDS/ADJUSTMENTS TO REFLECT ACTUAL REVENUE

Sec. 7. Any unreserved credit balance in the Highway Fund on June 30 of each of the 1980-81, 1981-82 and 1982-83 fiscal years, shall support appropriations in the succeeding fiscal year. If all of the balance is not needed for these appropriations, the Director of the Budget may use the remaining excess to establish a reserve for access and public service roads, a reserve for unforeseen happenings or state of affairs requiring prompt action as provided for by G.S. 136-44.2, and other required reserves. If all of the remaining excess is not used to establish these reserves, the remainder shall be allocated to the State-funded maintenance or construction appropriations in the manner that the Board of Transportation deems appropriate.

In the event that Highway Fund revenues are less than the amounts appropriated in this act, State-funded construction and maintenance appropriations shall be reduced to the extent necessary to cover any anticipated Highway Fund deficit.

—HIGHWAY FUND/ADJUSTMENTS TO REFLECT FEDERAL FUNDS CHANGES

Sec. 8. In the event the availability of federal funds or the rate of federal matching for any program under the federal aid construction program is changed during any part of the 1981-83 biennium, the Director of the Budget may authorize transfers of sufficient funds to provide adequate matching for federal aid construction funds. These transfers may be made only in appropriations from Section 3 of this act between Titles 02.b. - State Construction, 02.c. - State Funds to Match Federal Aid and 02.d. - State Maintenance or within the affected federal aid programs. No transfers shall be made from Title 02.d. - State Maintenance, until all available funds from the other sources listed in this section have been utilized.

—CASH FLOW/HIGHWAY FUND APPROPRIATIONS

Sec. 9. G.S. 143-28.1 is amended as follows:
(a) At the end of subdivision (3), add the following sentence:

"For the purposes of awarding contracts involving Federal-Aid, any amount due from the Federal Government and the Highway Bond Fund as a result of unreimbursed expenditures may be considered as cash for the purposes of this provision."

(b) In subdivision (4), delete last sentence beginning with "After making".

Sec. 9.1. The General Assembly authorizes and certifies anticipated revenues of the Highway Fund as follows:

Funds allocated to the area for this purpose shall be administered by the Department of Human Resources."

PART IV.—GENERAL PROVISIONS

—SPECIAL FUNDS, FEDERAL FUNDS AND DEPARTMENTAL RECEIPTS/AUTHORIZATION FOR EXPENDITURES

Sec. 10. There is appropriated out of the cash balances, federal receipts, and departmental receipts available to each department, sufficient amounts to carry on authorized activities included under each department's operations. All these cash balances, federal receipts and departmental receipts shall be expended and reported in accordance with provisions of the Executive Budget Act, except as otherwise provided by statute.

State departments, agencies, institutions, boards or commissions may make application for, receive or disburse any form of non-State aid. They shall deposit all non-State monies received with the State Treasurer, unless otherwise provided by State law, and shall expend these funds in accordance with the terms and conditions of the fund award which are not contrary to the laws of North Carolina.

—INSURANCE AND FIDELITY BONDS

Sec. 11. All insurance and all official fidelity and surety bonds authorized for the several departments, institutions, and agencies shall be effected and placed by the Insurance Department, and the cost of placement shall be paid by the affected department, institution, or agency with the approval of the Insurance Commissioner.

—NORTH CAROLINA SYMPHONY/GRANT-IN-AID FUNDS

Sec. 12. As a condition of accepting State grant-in-aid funds, the North Carolina Symphony shall operate within a balanced budget.

—SALARY ADJUSTMENT APPROPRIATIONS/AUTHORIZED TRANSFERS

Sec. 13. The Director of the Budget may transfer to General Fund budget codes from the General Fund salary adjustment appropriation, and to Highway Fund budget codes from the Highway Fund salary adjustment appropriation, amounts required to support approved salary adjustments made necessary by difficulties in recruiting and holding qualified employees in State.
government. The funds shall be transferred only when the use of salary reserve funds in individual operating budgets is not feasible.

—LIMIT COUNTY PARTICIPATION RATE INCREASE AFTER LOSS OF FEDERAL FUNDS

Sec. 13.1. If the federal funding of joint State/county programs is reduced or eliminated, no State agency shall, without direction from the General Assembly, (i) increase the required county financial participation rate in any State/county program to offset the reduced or eliminated federal funding to an amount which is greater than the current county proportion of the nonfederal share of those programs, or (ii) direct the use of county matching funds no longer necessary for the funding of joint State/county programs.

—BUDGETING OF PILOT PROGRAMS

Sec. 13.2. Any program designated by the General Assembly as experimental, model, or pilot shall not become a part of a department’s continuation budget request for the ensuing biennium, but shall be considered as an expansion item until a succeeding General Assembly reapproves it and directs that it be treated as a continuation budget item.

Any new program and any modification of an existing program funded in whole or in part through a special appropriations bill shall be designated as an experimental, model, or pilot program.

—LOCATION OF FISCAL RESEARCH DIVISION OFFICES

Sec. 13.3. G.S. 120-36.5 is amended by deleting the words “in the State Legislative Building”.

—TRAVEL EXPENDITURES/REPORTING FORMAT

Sec. 13.4. The Office of State Budget and Management shall require State departments, agencies and institutions to report travel expenditures by the following line items:

(1) In-state travel — transportation costs;
(2) In-state travel — subsistence costs;
(3) Out-of-state travel — transportation costs; and
(4) Out-of-state travel — subsistence costs.

The State Auditor’s Office shall include this breakdown in their Departmental Accounting System.

—STUDY OF STATE CREDIT CARDS/OFFICE OF STATE BUDGET AND MANAGEMENT

Sec. 13.5. The Office of State Budget and Management shall determine the number of individuals who are issued credit cards in the name of the State, the names of these individuals and the number of credit cards each has. The Office of State Budget and Management shall also determine the number of telephones installed in State vehicles, to whom they are assigned, and justification for their use.

An interim report shall be made to the General Assembly by September 15, 1981. A final report including proposed policies concerning the issuance and use of credit cards in the name of the State and the installation of telephones in State-owned motor vehicles shall be presented to the General Assembly by May 1, 1982.

—SHIFT PREMIUM PAY

Sec. 13.6. Shift premium pay shall be paid to all State employees in nonmedically related positions through salary grade 69 and to all State employees in medically related positions through salary grade 73, subject to the
provisions of this section. Shift premium pay for employees in medically related positions shall be limited to ten percent (10%) of salary or one dollar ($1.00) per hour, whichever is greater. The State Personnel Commission shall set the higher shift premium pay for employees in medically related positions only after finding that the higher pay is necessary to meet existing competition from private employers.

The State Personnel Commission shall not adopt a shift premium pay schedule higher than those stated in this section unless the higher schedule is first approved by the General Assembly and funds are appropriated to implement the higher pay. The Commission may, however, request authorization to pay shift premium pay to employees in grades above those stated in this section when the Commission determines that there is a critical shortage of employees in a position because of competition from private employers who pay shift premium pay for that type work. Such a request shall be made to the General Assembly if it is in session; otherwise, the request shall be made to the Advisory Budget Commission.

The State Personnel Commission is directed to strictly enforce its regulation requiring that employees who receive shift premium pay be regularly assigned to night or shift work. In enforcing the regulation the Commission shall strictly construe "regularly" so that shift premium pay shall not be paid to employees temporarily placed on a shift receiving such pay.

—STATE EMPLOYEE COMPENSATION INCREASE GIVEN TOP PRIORITY

Sec. 13.7. It is the intent of the 1981 General Assembly that top priority be given to increasing compensation for State employees when it returns in the Fall of 1981 from its recess. If funds are available for expansion and supplemental requests, first priority shall be given to a State employee compensation package.

—CONTINUATION BUDGET REDUCTIONS/DEPARTMENT OF LABOR

Sec. 13.8. The funds appropriated in Section 2 of this act to the Department of Labor reflect a reduction in the 1981-83 continuation budgets recommended to the General Assembly by the Governor and Advisory Budget Commission. The Department of Labor may make that reduction as it deems appropriate; however, at least seventy percent (70%) of the reduction shall be made in salaries and wages. The Department of Labor shall not increase any inspection fees or any other charges to the public to accommodate the foregoing reductions without prior approval of the Governor and Advisory Budget Commission.

—EXTRADITION OF PROBATION AND PAROLE VIOLATORS

Sec. 13.9. G.S. 15A-744 is amended by rewriting the first sentence to read:

Western North Carolina Associated Communities, Inc., must match on a dollar-for-dollar basis from private sources the funds made available under this act. Western North Carolina Associated Communities, Inc., may apply to the Department of Commerce, from time to time, for the funds appropriated under this act, as it raises the matching funds.

—COMMITTEE ON EMPLOYEE HOSPITAL AND MEDICAL BENEFITS CREATED

Sec. 13.12. G.S. 135-33(a) is rewritten to read:

“(a) The Committee on Employee Hospital and Medical Benefits shall formulate and establish for teachers and State employees, including all employees of the General Assembly other than participants in the Legislative Intern Program and pages, a program of hospital and medical care benefits to the extent that funds for those benefits are specifically appropriated by the General Assembly. The program may be provided by the Committee either directly or through the purchase of contracts, or by a combination of those methods, as in its discretion the Committee considers wise and expedient. In awarding any contract pursuant to this section, the Committee shall consider the total or overall cost of complete family coverage by teachers and State employees. Once formulated and established by the Committee, the program shall be administered by the Board of Trustees of the Retirement System, subject to the direction of the Committee.”

Sec. 13.13. G.S. 135-33(c) is amended in the first line of that subsection by deleting the words “Board of Trustees” and substituting the words “Committee on Employee Hospital and Medical Benefits”.

Sec. 13.14. G.S. 135-33.1 is amended by deleting the first sentence of that section and substituting the following:

“The Committee on Employee Hospital and Medical Benefits shall formulate and establish for members of the General Assembly, their spouses and dependents, a program of hospital and medical care benefits similar to the program provided for teachers and State employees which shall be paid for solely by contributions of the beneficiaries of the program. Once formulated and established by the Committee, the program shall be administered by the Board of Trustees of the Retirement System, subject to the direction of the Committee.”

Sec. 13.15. G.S. 135-33.1 is further amended by deleting the words “board of trustees” in the last sentence of that section and substituting the words “Committee on Employee Hospital and Medical Benefits”.

Sec. 13.16. G.S. 135-34 is rewritten to read:

“The Committee on Employee Hospital and Medical Benefits shall formulate and establish for teachers and State employees with one or more years of service, including all employees of the General Assembly other than participants in the Legislative Intern Program and pages, a program of
disability salary continuation benefits to the extent that funds for those benefits are specifically appropriated by the General Assembly. The program may be provided by the Committee either directly or through the purchase of contracts, or by a combination of those methods, as in its discretion the Committee considers wise and expedient. Once formulated and established by the Committee, the program shall be administered by the Board of Trustees of the Retirement System subject to the direction of the Committee. Benefits provided under this program of disability salary continuation shall not be reduced in any manner as a result of Social Security payments received with respect to any dependent or dependents of the disabled employee or as a result of compensation received from the Veterans Administration of the United States for disease or disability incurred while a member of the armed forces of the United States."

Sec. 13.17. G.S. 135-35 is repealed.

Sec. 13.18. Article 3 of Chapter 135 of the General Statutes is further amended by adding the following new section:

"§ 135-37. Committee on Employee Hospital and Medical Benefits.—(a) The Committee on Employee Hospital and Medical Benefits shall consist of 12 members as follows:

Sec. 13.19. The programs for hospital, medical care and disability salary continuation benefits formulated, established, and administered by the Board of Trustees of the Retirement System before the effective date of this act are
adopted as the programs of the Committee on Employee Hospital and Medical Benefits and shall continue in effect in the same manner after the effective date of this act except as changed by the Committee pursuant to its authority under Sections 13.12 through 13.19 of this act.

As used in this paragraph “brand name” means the proprietary name the manufacturer places upon a drug product or on its container, label or wrapping at the time of packaging; and “established name” shall have the same meaning as assigned that term by the Federal Food, Drug and Cosmetic Act as amended, Title 21 U.S.C. 301 et seq.

PART VII.—DEPARTMENT OF PUBLIC EDUCATION - SPECIAL PROVISIONS/PUBLIC SCHOOLS

—ONE-STEP SALARY INCREASE/SOME SCHOOL PERSONNEL

Sec. 28. Funds are appropriated in Section 2 of this act to the Department of Public Education to provide a one-step salary increase on the salary schedule, effective on January 1 of each year of the biennium, for State-paid teacher aides, clerical assistants, and custodians and maintenance supervisors in the public schools. However, for 10-month employees, this increase shall be effective at the beginning of the sixth month of employment. If the funds appropriated are inadequate to provide a full one-step salary increase, an equal percentage of each one-step increase shall be funded. The State Board of Education shall adopt rules and regulations for the use of these funds as provided in this section.

—TEXTBOOK APPROPRIATIONS/NOT REVERT

Sec. 29. Funds appropriated in this act to the Department of Public Education for the purchase of elementary basic textbooks shall be permanent appropriations, and unexpended portions of these appropriations shall not revert to the General Fund at the end of the biennium.

RESPONSIBILITY FOR EDUCATION OF CHILDREN WITH SPECIAL NEEDS

Sec. 29.7. (1) A new section is added to Part 10 of Article 9 of Chapter 115C of the General Statutes as it appears in Chapter 423 of the 1981 Session Laws to read:

“§ 115C-140.1. Cost of education of children in group homes, foster homes, etc.—(a) Notwithstanding the provisions of any other statute and without regard for the place of domicile of a parent or guardian, the cost of a free appropriate public education for a child with special needs who is placed in or assigned to a group home, foster home or other similar facility, pursuant to State and federal law, shall be borne by the local board of education in which the group home, foster home or other similar facility is located. Nothing in this section obligates any local board of education to bear any cost for the care and maintenance of a child with special needs in a group home, foster home or other similar facility.

(b) The State Board of Education shall use State and federal funds appropriated for children with special needs to establish a reserve fund to reimburse local boards of education for the education costs of children assigned to group homes or other facilities as provided in subsection (a) of this section.”

(2) The current funding ratio of additional per pupil allocation to local school administrative units for children with special needs shall be continued in 1981-83 subject to the appropriation of adequate State and federal funds specifically for the program for children with special needs. The State Board of Education shall adjust the additional per pupil allocation formula during the 1981-82 and 1982-83 school years to reflect the amount of funds available for the program for children with special needs.
—FUNDS FOR MEMBERS OF THE CLASS IDENTIFIED IN WILLIE M.,
et. al. vs. HUNT, et. al.

Sec. 29.8. (a) Legislative findings.—The General Assembly finds:

(1) That there is a need in North Carolina to provide appropriate
treatment and education programs to children under the age of 18 who suffer
from emotional, mental, or neurological handicaps accompanied by violent or
assaultive behavior;

(2) That children with these behaviors have been identified as a class in
the case of Willie M., et. al. vs. Hunt, et. al.;

(3) That these children have a need for a variety of services that may
include but are not limited to residential treatment programs, educational
programs, and independent living arrangements;

(4) That the plans of the Department of Human Resources and the
Department of Public Instruction for children in the Willie M. class indicate
that not all counties in the State have the same readiness to proceed with
providing the full range of services needed by these children;

(5) That an attempt to provide immediately the full range of services
needed by these children would result in ill-conceived, poorly executed
programs at great public expense;

(6) That, because of multiple practical difficulties which will undoubtedly
be encountered before services can be instituted statewide, it is necessary for
the General Assembly to establish a schedule of priorities for allocating funds to
local area mental health programs and local educational agencies.

(b) Funds for Division of Mental Health, Mental Retardation, and
Substance Abuse.—Funds in the amount of one million five hundred eighty-six
thousand seven hundred forty-two dollars ($1,586,742) are appropriated in
Section 2 of this act for each year of the biennium to the Department of Human
Resources, Division of Mental Health, Mental Retardation, and Substance
Abuse for the purpose of providing appropriate treatment for members of the
class identified in Willie M., et. al. vs. Hunt, et. al. These funds shall be
expended through area mental health, mental retardation, and substance abuse
programs in accordance with the schedule of priorities in the Department of
Human Resources, the Division of Mental Health, Mental Retardation and
Substance Abuse, Plan III submitted by the department to the General
Assembly in June, 1981.

(c) Funds for Division of Youth Services.—Funds in the amount of one
hundred thirty-nine thousand twenty-eight dollars ($139,028) are appropriated in
Section 2 of this act for each year of the biennium to the Department of
Human Resources, Division of Youth Services, to serve members of the class
identified in Willie M., et. al. vs. Hunt, et. al. who are committed to the
Division of Youth Services. These funds shall be expended by the Division of
Youth Services for the developmental disabilities program at C. A. Dillon
School.

(d) Priority for Residential Programs.—Children who are members of the
Willie M. class and are in counties that do not receive funds in the 1981-83
biennium and that cannot currently provide the full range of services needed by
these children shall receive priority in appropriate programs operated by the
Department of Human Resources. The Department of Human Resources shall
promulgate rules and regulations to implement this subsection by October 1,
1981.

1275
(e) Limitation on expenditure of funds.—The funds referred to in subsections (b) and (c) may not be used to serve children not in the Willie M. class if any class member within the zone described in the Department of Human Resources, Division of Mental Health, Mental Retardation and Substance Abuse, Plan III remains unserved. No funds shall be expended for any program that does not serve members of the class.

(f) Funds for Department of Public Education.—Funds in the amount of two hundred thirty-nine thousand three hundred sixty dollars ($239,360) are appropriated in Section 2 of this act for each year of the biennium to the Department of Public Education to establish a supplemental reserve fund to serve only members of the class identified in Willie M., et. al. vs. Hunt, et. al. These funds shall be allocated by the State Board of Education to those local education agencies that coincide with those area mental health, mental retardation, and substance abuse centers that receive funds under the Department of Human Resources, Division of Mental Health, Mental Retardation and Substance Abuse, Plan III. These funds shall be allocated by the State Board of Education to the local education agencies to serve those class members who were not included in the regular average daily membership and the census of children with special needs, and to provide the additional program costs which exceed the per pupil allocation from the State Public School Fund and other State and federal funds for children with special needs.

(g) Use of unexpended funds.—The Director of the Budget may use any unexpended funds allocated in this section to fund additional treatment and education programs for class members in accordance with the schedule of priorities found in the Department of Human Resources, Division of Mental Health, Mental Retardation and Substance Abuse, Plan I.

(h) Reporting requirements.—The Department of Human Resources and the Department of Public Education shall submit a joint report to the General Assembly on the progress achieved in serving members of the Willie M. class. The report shall include, but not be limited to the following unduplicated data for each county: (i) the number of children nominated for the Willie M. class; (ii) the number of children actually identified as members of the class in each county; (iii) the number of children served as members of the class in each county; (iv) the number of children that remains unserved; (v) the types and location of treatment and education services provided to class members; (vi) the cost of services, by type, to members of the class; (vii) information on the impact of treatment and education services on members of the class; and (viii) the readiness of other areas of the State to proceed with providing services. The Departments shall report to the 1982 Session of the 1981 General Assembly and, by October 1, 1982, to the General Assembly and the Governor.

—CLASS SIZE MAXIMA

Sec. 29.9. First priority in the use of the funds appropriated in Section 2 of this act to the Department of Public Education, Fiscal Administration and Support, shall be to meet the statutory class size maxima of 26 pupils in kindergarten-grade three, 33 pupils in grades 4-8, and 35 pupils in grades 9-12. The teacher positions required to meet class size requirements shall be used only for instructing pupils.

Absent a specific appropriation for this purpose, the General Assembly (1) directs the State Board of Education to set its priorities regarding the use of remaining funds so as to serve the pupils in the classrooms most
advantageously, (2) authorizes the State Board of Education to change other allotment formulas as necessary to achieve the statutory class size maxima, and (3) directs the State Board of Education to assure compliance by each local board of education with these directions.

Sec. 29.10. Notwithstanding other provisions of law, the State Board of Education may allow a class size maximum of 29 pupils in kindergarten through grade three as may be necessary due to K-3 allotment ratio of 1:26 for 1981-83.

—PUBLIC SCHOOLS — ENERGY COSTS

Sec. 29.11. Funds appropriated in Section 2 of this act to the Department of Public Education, Fiscal Administration and Support, in the amount of five million dollars ($5,000,000), for the 1981-82 fiscal year shall be used to provide the largest percentage possible of the total energy costs of the public schools. These funds shall not be used for any purpose other than to offset the direct energy expenditures of the local schools. Unexpended appropriations for energy shall revert to the General Fund on June 30, 1982.

—TEACHER PERFORMANCE STANDARDS

Sec. 29.12. G.S. 115C-326 as it appears in Chapter 423 of the 1981 Session Laws is amended by deleting the year "1981" wherever it appears and by substituting in lieu thereof the year "1982".

By allowing for the delay in implementation of this section, the General Assembly intends to allow time for testing the standards and criteria in up to 24 local school administrative units and for proper and necessary training of personnel involved in the implementation. It is also the legislative intent that standards and criteria utilized in the initial programs include the use of test scores as one of many possible measures of performance.

Sec. 29.13. Of the funds appropriated to the Department of Public Education in Section 2 of this act, the State Board of Education may spend up to twenty-five thousand dollars ($25,000) for the implementation of performance standards and criteria as provided in G.S. 115C-326 and Section 29.12 of this act.

PART VIII. — SPECIAL PROVISIONS/COMMUNITY COLLEGES

—FULL-TIME EQUIVALENT TEACHING POSITIONS/COMMUNITY COLLEGES

Sec. 30. For the purpose of determining the Community College system-wide number of full-time equivalent (FTE) teaching positions each year, the total curriculum and extension full-time equivalent student enrollment shall be divided by 22.

—BOOKS AND EQUIPMENT APPROPRIATIONS/REVERT AFTER ONE YEAR/ COMMUNITY COLLEGES

Sec. 31. Appropriations in Section 2 of this act to the Department of Community Colleges for equipment and library books are made for each year of the biennium. All unencumbered appropriations shall revert to the General Fund 12 months after the close of each fiscal year for which they were appropriated. Encumbered balances outstanding at the end of each period shall be handled in accordance with existing State budget policies.

—OPERATING APPROPRIATIONS/NOT USED FOR RECREATION EXTENSION/ COMMUNITY COLLEGES

Sec. 32. Funds appropriated in Section 2 of this act to the Department of Community Colleges as operating expenses for allocation to the institutions comprising the Community College System shall not be used to support
recreation extension courses. The financing of these courses by any institution shall be on a self-supporting basis and membership hours produced from these activities shall not be counted when computing full-time equivalent students for use in budget-funding formulas at the State level.

—BOARD OF COMMUNITY COLLEGES REVISE FORMULA AMOUNTS

Sec. 33. The State Board of Community Colleges may, with the approval of the Director of the Budget, revise the formulas for allocating operating funds to the community colleges and technical institutes. Increases in any per unit formula amounts shall be accompanied by decreases in other per unit formula amounts to produce an equivalent reduction in expenditures.

—COMMUNITY COLLEGE STUDY/HIGH COST SPECIALIZED PROGRAMS

Sec. 33.1. The State Board of Community Colleges shall study the high-cost specialized programs of (1) Heavy Equipment Operators Program at Wilson County Technical Institute, (2) Marine Technology Program at Cape Fear Technical Institute, (3) Wood Products Program at Haywood Technical Institute and (4) Truck Driver Training Program at Johnston Technical Institute, to determine a method of nonformula funding sufficient to meet total direct operating costs. The results of this study shall be reported to the Joint Appropriations Committee in the 1982 Session of the General Assembly and, if approved, shall be used by the Department of Community Colleges in formulating the 1983-85 budget requests.

—ASSISTANCE TO HOSPITAL NURSING/FUND DISTRIBUTION/COMMUNITY COLLEGES
