—ENCUMBERED APPROPRIATIONS AND PROJECT RESERVE FUND

Sec. 5. When each capital improvement project appropriated by the 1981 General Assembly, other than those projects under The University of North Carolina Board of Governors, is placed under construction contract, direct appropriations shall be encumbered to include all costs for construction, design, investigation, administration, movable equipment and a reasonable contingency. Unencumbered direct appropriations remaining in the project budget shall be placed in a project reserve fund credited to the Department of Administration. This project reserve fund shall be used, at the discretion of the Director of the Budget, solely to allow for award of contracts where bids exceed appropriated funds, if those projects supplemented were designed within the physical scope intended by the applicable appropriation or any authorized change in it, and if, in the opinion of the Director of the Budget, all means to award contracts within the appropriation were reasonably attempted. The project reserve fund shall not be used in connection with any projects under the Board of Governors of The University of North Carolina or the State Board of Community Colleges. At the discretion of the Director of the Budget any balances in the project reserve fund shall revert to the original source.

—UNIVERSITY OF NORTH CAROLINA BOARD OF GOVERNORS AND OTHER LUMP SUM APPROPRIATIONS

Sec. 6. There is appropriated in Section 4 of this act a lump sum to the Board of Governors of The University of North Carolina. Expenditure of funds in this appropriation shall be in accordance with the provisions of G.S. 116-11(9)a and G.S. 116-11(9)b, and of this act, except where specifically excluded. Other lump sums designated as reserves appropriated in Section 4 of this act shall be used for specific capital improvement projects in accordance with the priority needs of the respective agencies and as approved by the Director of the Budget and the Advisory Budget Commission. Any funds remaining in a project account following encumbrance of all construction and
equipment costs and reasonable contingency shall revert to the respective reserve.

—POSTPONEMENT OF PROJECTS

Sec. 7. Upon the request of a department, institution, or agency for which a capital improvement appropriation is made in this act, the Director of the Budget may postpone any capital improvement project as provided in this act upon finding that the project cannot be carried out as originally intended by the General Assembly.

—APPROPRIATION MODIFICATIONS

Sec. 8. The Director of the Budget may, when he considers it in the best interest of the State to do so, and upon the request of the pertinent department, agency or institution, authorize an increase or decrease in size and scope of a direct or self-liquidating capital appropriation. Changes to a project established under this act or by acts of the 1981 General Assembly may come from gifts, federal or private grants, from excess patient receipts collected above those budgeted by the North Carolina Memorial Hospital, from special fund receipts, or, from the funds appropriated for capital improvements by the 1981 General Assembly to that department, agency or institution. The Director of the Budget is authorized to increase from the sources of funds referred to in this section the cost of a project established by the 1981 General Assembly, but solely to allow for award of contracts where bids exceed appropriated funds, and on condition that the projects supplemented were designed within the size and physical scope intended by the applicable appropriation or any authorized changes in it, and, in the opinion of the Director of the Budget all means to award contracts within the appropriation were reasonably attempted.

—GOVERNOR AND ADVISORY BUDGET COMMISSION/NEW PROJECT

Sec. 9. The Director of the Budget and the Advisory Budget Commission may, when in their opinion it is in the best interest of the State to do so, and upon the request of a department, institution or agency, authorize the construction of a capital improvement project not specifically provided for or authorized by the General Assembly. Funds which become available by gifts, excess patient receipts collected above those budgeted by the North Carolina Memorial Hospital, federal or private grants, or receipts becoming a part of special funds by act of the General Assembly may be used for this purpose. No funds appropriated under this act for a specific capital improvement shall be used or expended for any capital improvement not specifically provided for or authorized by the General Assembly.

—ADVANCE PLANNING OF CAPITAL IMPROVEMENT PROJECTS

Sec. 10. Funds which become available by gifts, excess patient receipts collected above those budgeted by the North Carolina Memorial Hospital, federal or private grants, or receipts becoming a part of special funds by act of the General Assembly may be utilized for advance planning through the working drawing phase of capital improvement projects upon approval of the Director of the Budget. The Director of the Budget may make allocations from the Advance Planning Revolving Fund for advance planning through the working drawing phase of capital improvement projects, except that this revolving fund shall not be utilized by the Board of Governors of The University of North Carolina or the State Board of Community Colleges.
—AID TO PUBLIC LIBRARIES/CONSTRUCTION, ADDITIONS AND RENOVATIONS

Sec. 11. Funds are appropriated in Section 4 of this act in the amount of one million dollars ($1,000,000) for a Reserve for State Aid for Library Construction, Additions and Renovations. Up to one hundred thousand dollars ($100,000) per library shall be available to local public libraries on an equal matching basis, subject to the approval of the Governor and the Advisory Budget Commission upon recommendation of the Department of Cultural Resources.

—GENERAL ASSEMBLY/REPAIRS AND RENOVATIONS

Sec. 11.1. Funds are appropriated to the General Assembly, effective July 1, 1981, in Section 4 of this act in the amount of one million dollars ($1,000,000) for a Reserve for Repairs and Renovations. Notwithstanding any other provisions of law, the Legislative Services Commission may expend these funds as it deems appropriate.

—DEPARTMENT OF ADMINISTRATION/CHARLOTTE OFFICE BUILDING

Sec. 11.2. Funds appropriated in Section 4 of this act to the Department of Administration, effective July 1, 1981, for the acquisition and renovation of a State office building in Charlotte are contingent on agreement by the City of Charlotte to make available to the State adjacent property which the city owns for parking, or to lease such property to the State at one dollar ($1.00) per year on a long-term lease basis.

—DEPARTMENT OF AGRICULTURE/ASHEVILLE HORSE SHOW FACILITY

Sec. 11.3. Funds are appropriated in Section 4 of this act to the Department of Agriculture, effective July 1, 1981, for development of a horse show facility at Asheville. The facility shall be built on land presently owned or controlled by the Department of Agriculture.

—DEPARTMENT OF NATURAL RESOURCES AND COMMUNITY DEVELOPMENT/BEACH EROSION FUNDS

Sec. 11.4. Funds are appropriated in Section 4 of this act to the Department of Natural Resources and Community Development, effective July 1, 1981, for the purpose of funding a beach access program to assure acquisition, construction and maintenance of a system of pedestrian public access to public ocean beaches in areas where nearby public roads make pedestrian access feasible. The program should be carried out in cooperation with local governments where possible. The program should be designed to provide and maintain within the limitations of the resources available to the Department reasonable public access and necessary parking to all areas of the North Carolina coast where public roads are in close proximity to the ocean beaches and where reasonable access is not already available as of June 30, 1981. These funds may be used to meet matching requirements for federal or other funds. The Department of Natural Resources and Community Development shall make every effort to obtain funds from sources other than the General Fund for these purposes. Funds provided in this act may be used to acquire or develop land for pedestrian access including parking or to make grants to local governments to accomplish the purposes of this section. Land purchased or developed may be conveyed, without charge, to the county or municipality in which the property is located, subject to the requirement that the local
government utilize and maintain the property for public pedestrian access to the public ocean beach.

—WATER TOWER, JOHN UMSTEAD HOSPITAL

Sec. 11.5. The Director of the Budget may use any funds appropriated by the 1977 General Assembly for Sewage System Improvements, John Umstead Hospital, which are not obligated on June 30, 1981, for a new project—Water Tower.

—SCIENCE AND TECHNOLOGY CENTER/FUNDS REVERSION

—FORCE ACCOUNT CONSTRUCTION

Sec. 13. G.S. 143-135 is amended in the second sentence by deleting the phrase "and the Advisory Budget Commission".

—APPROPRIATIONS LIMITS/REVERSION OR LAPSE

Sec. 14. Subject to any transfers and changes between appropriations as permitted in previous sections of this act, the appropriations for capital improvements made by the 1981 General Assembly shall be expended only for specific projects set out by the 1981 General Assembly. Construction of all capital improvement projects enumerated by the 1981 General Assembly shall be commenced or self-liquidating indebtedness with respect to them shall be incurred within 12 months following the first day of the fiscal year in which the funds are available. If construction contracts on those projects have not been awarded or self-liquidating indebtedness has not been incurred within that period, the direct appropriation for those projects shall revert to the original source, and the self-liquidating appropriation shall lapse; except that direct appropriations may be placed in the project reserve fund. This deadline with respect to both direct and self-liquidating appropriations may be extended up to an additional 12 months with the approval of the Director of the Budget and the Advisory Budget Commission when, in their discretion, existing circumstances and conditions warrant such extension.

S. B. 539  CHAPTER 886

AN ACT TO CREATE THE CHARITABLE SOLICITATION LICENSURE ACT.

The General Assembly of North Carolina enacts:

Section 1. Part 1A of Article 3 of G.S. Chapter 108, as recodified in Chapter 131C by Section 2 of Chapter 275 of the 1981 Session Laws, is rewritten to read as follows:

"CHAPTER 131C.

"Charitable Solicitation Licensure Act.

"§ 131C-1. Short title.—This Chapter shall be known and may be cited as the 'Charitable Solicitation Licensure Act'.

"§ 131C-2. Purpose.—It is the purpose of this Chapter to protect the general public and public charity in the State of North Carolina and to provide for the establishment and enforcement of basic standards for the soliciting and use of charitable funds in North Carolina.

"§ 131C-3. Definitions.—Unless a different meaning is required by the context, the following terms as used in this Chapter have the meanings hereinafter respectively ascribed to them:

(1) 'Charitable' means for a benevolent purpose, such as environmental, advocacy, health, educational, social welfare, art and humanities or civic purpose.

(2) 'Charitable sales promotion' means an advertising campaign sponsored by a for-profit entity which offers for sale a tangible item or provides a service upon the representation that all or a portion of the purchase price will be donated to a person established for a charitable purpose.

(3) 'Commission' means the Social Services Commission.

(4) 'Contribution' means any promise, gift, bequest, devise or other grant for consideration or otherwise, of any money or property of any kind or value, including the promise to pay, which is wholly or partly induced by a solicitation. The term does not include the fair market value of any merchandise or rights given in return for the contribution. The term does not include the portion of fees, dues and assessments for services or benefits received by the contributor.

(5) 'Department' means the Department of Human Resources.

(6) 'Fund-Raising Expenses' means the expenses of all activities that constitute a part of soliciting charitable contributions.

(7) 'Person' means individual, organization, trust, foundation association, partnership, corporation, society, or any other group or combination acting as a unit.

(8) 'Professional Fund-Raising Counsel' means any person who for a fee under a written agreement plans, conducts, manages, carries on or acts as a consultant, whether directly or indirectly, in connection with soliciting contributions, but who actually solicits no contributions as a part of such services. Such counsel does not include any person who only conducts a study to determine the feasibility of undertaking the solicitation of contributions. A salaried employee of the person for whom the contributions are solicited or of its tax exempt parent organization is not included within the term.

(9) 'Professional Solicitor' means any person who, for a financial or other consideration, solicits or employs another to solicit contributions. A salaried
employee of the person for whom the contributions are solicited or of its tax
exempt parent organization and the person for whom the contributions are
solicited are not included within the term. An attorney, investment counselor
or banker, who advises any person to make a contribution to a person
established for a charitable purpose, is not, as the result of such advice, a
professional fund-raising counsel or a professional solicitor.

(10) 'Secretary' means the Secretary of the Department of Human Resources.

(11) 'Solicit' and 'Solicitation' means the request or appeal, directly or
indirectly, for any charitable contribution, including without limitation, the
following methods of requesting such contribution:

a. Any oral or written request;

b. Any announcement to the press, over the radio or television or by
telephone or telegraph concerning an appeal or campaign to which the
public is requested to make a contribution for any charitable purpose
connected therewith;

c. The distribution, circulation, posting or publishing of any handbill,
written advertisement or other publication, including any
advertisement or listing in a telephone directory, which directly or by
implication seeks to obtain public support;

d. The sale of, offer or attempt to sell, any advertisement, advertising
space, subscription, ticket, or any service or tangible item in connection
with which any appeal is made for any charitable purpose; or where the
name of any person established for a charitable purpose is used or
referred to in any such appeal as an inducement or reason for making
any such sale; or when or where in connection with any such sale, any
statement is made that the whole or any part of the proceeds from any
such sale will be donated to any charitable purpose. Solicitation occurs
when the request is made and at the place the request is received,
whether or not the person making the same actually receives any
contribution.

(12) 'Total Support and Revenue' means the total of all income received from
all sources, including governmental grants.

"§ 131C-4. Licensure required for charitable solicitation.—(a) Any person who
solicits charitable contributions shall apply for and obtain an annual license
from the Department of Human Resources. A person who is authorized to
solicit on behalf of a licensed or exempt person is not required to obtain a
license under this section.

150A.

AN ACT TO MAKE TECHNICAL CHANGES AND CLARIFICATIONS REGARDING THE JURISDICTION OF THE NORTH CAROLINA RATE BUREAU.

The General Assembly of North Carolina enacts:

Section 1. G.S. 58-124.17(1) is amended by adding after the word "therewith" on line 15 the following:

"except for insurance excluded from the Bureau’s jurisdiction in G.S. 58-124.17(3)."

Sec. 2. G.S. 58-124.17(3) is amended by adding a new sentence to read:

"The Bureau shall have no jurisdiction over excess workers’ compensation insurance for employers qualifying as self-insurers as provided in G.S. 97-93; nor shall the Bureau’s jurisdiction include farm buildings other than farm dwellings and their appurtenant structures; farm personal property; travel or camper trailers designed to be pulled by private passenger motor vehicles, unless insured under policies covering nonfleet private passenger motor vehicles; residential real and personal property insured in multiple line insurance policies covering business activities as the primary insurable interest; and marine, general liability, burglary and theft, glass, and animal collision insurance, except when such coverages are written as an integral part of a multiple line insurance policy for which there is an indivisible premium."

Sec. 3. G.S. 58-124.17(5) is rewritten to read:

"(5) It is the duty of every insurer that writes workers’ compensation insurance in this State and is a member of the Bureau, as defined in this section and G.S. 58-124.18 to insure and accept any workers’ compensation insurance risk that has been certified to be ‘difficult to place’ by any fire and casualty insurance agent who is licensed in this State. When any such risk is called to the attention of the Bureau by receipt of an application with an estimated or deposit premium payment and it appears that the risk is in good faith entitled to such coverage, the Bureau will bind coverage for 30 days and will designate a member who must issue a standard workers’ compensation policy of insurance that contains the usual and customary provisions found in those policies. Coverage will be bound at 12:01 A.M. on the first day following the postmark time and date on the envelope in which the application is mailed including the estimated annual or deposit premium, or the expiration of existing coverage, whichever is later. If there should be no postmark, coverage will be effective 12:01 A.M. on the date of receipt by the Bureau unless a later date is requested. Those applications hand delivered to the Bureau will be effective as of 12:01 A.M. of the date following receipt by the Bureau unless a later date is requested. The designated carrier may request of the Bureau certification of the State
Department of Labor that the insured is complying with the laws, rules, and regulations of that Department. The certification must be finished within 30 days by the State Department of Labor unless extension of time is granted by agreement between the Bureau and the State Department of Labor. The Bureau will make and adopt such rules as are necessary to carry this section into effect, subject to final approval of the Commissioner. As a prerequisite to the transaction of workers' compensation insurance in this State, every member of the Bureau that writes such insurance must file with the Bureau written authority permitting the Bureau to act in its behalf, as provided in this section, and an agreement to accept risks that are assigned to the member by the Bureau, as provided in this section."

Sec. 4. G.S. 58-124.18(a) is amended on line 12 by adding immediately after the word "therewith" the following:

"; except for insurance excluded from the Bureau's jurisdiction in G.S. 58-124.17(3)"

Sec. 5. G.S. 58-131.36(11) is amended by adding after the word "insurance" on line 4 the following:

"Provided, however, that this Article shall apply to insurance against loss to farm buildings (other than farm dwellings and their appurtenant structures); farm personal property; travel or camper trailers designed to be pulled by private passenger motor vehicles unless insured under policies covering nonfleet private passenger motor vehicles; residential real and personal property insured in multiple line insurance policies covering business activities as the primary insurable interest; and marine, general liability, burglary and theft, glass, and animal collision insurance except when such coverages are written as an integral part of a multiple line insurance policy for which there is an indivisible premium."

Sec. 6. G.S. 58-366(b) is amended by adding a new subsection (7) to read:

"(7) Insurance on farm buildings (other than farm dwellings and their appurtenant structures); farm personal property; travel or camper trailers designed to be pulled by private passenger motor vehicles unless insured under policies covering nonfleet private passenger motor vehicles; residential real and personal property insured in multiple line insurance policies covering business activities as the primary insurable interest; and marine, general liability, burglary and theft, glass, and animal collision insurance except when such coverages are written as an integral part of a multiple line insurance policy for which there is an indivisible premium."

Sec. 7. G.S. 58-371(a)(1) is amended on line 8 by adding after the word "insurance" the following "except as excluded in G.S. 58-366(b)(7)"

H. B. 439  CHAPTER 890
AN ACT TO AMEND CHAPTER 66 OF THE GENERAL STATUTES TO PROTECT TRADE SECRETS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 66 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 22.
"Trade Secrets Protection Act.

§66-126. Definitions.—As used in this Article, unless the context requires otherwise:

(a) 'Misappropriation' means acquisition, disclosure, or use of a trade secret of another without express or implied authority or consent, unless such trade secret was arrived at by independent development, reverse engineering, or was obtained from another person with a right to disclose the trade secret.

(b) 'Person' means an individual, corporation, government, governmental subdivision or agency, business trust, estate, trust, partnership, association, joint venture, or any other legal or commercial entity.

(c) 'Trade secret' means business or technical information, including but not limited to a formula, pattern, program, device, compilation of information, method, technique, or process that:

(1) derives independent actual or potential commercial value from not being generally known or readily ascertainable through independent development or reverse engineering by persons who can obtain economic value from its disclosure or use; and

(2) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

The existence of a trade secret shall not be negated merely because the information comprising the trade secret has also been developed, used, or owned independently by more than one person, or licensed to other persons.

§66-127. Misappropriation actionable.—The owner of a trade secret shall have remedy by civil action for misappropriation of his trade secret.

§66 128. Remedies.—(a) Except as provided herein, actual or threatened misappropriation of a trade secret may be preliminarily enjoined during the pendency of the action and shall be permanently enjoined upon judgment finding misappropriation for the period that the trade secret exists plus an
additional period as the court may deem necessary under the circumstances to eliminate any inequitable or unjust advantage arising from the misappropriation.

(1) If the court determines that it would be unreasonable to enjoin use after a judgment finding misappropriation, an injunction may condition such use upon payment of a reasonable royalty for any period the court may deem just. In appropriate circumstances, affirmative acts to protect the trade secret may be compelled by order of the court.

(2) A person who in good faith derives knowledge of a trade secret from or through misappropriation or by mistake, or any other person subsequently acquiring the trade secret therefrom or thereby, shall be enjoined from disclosing the trade secret, but no damages shall be awarded against any person for any misappropriation prior to the time the person knows or has reason to know that it is a trade secret. If the person has substantially changed his position in good faith reliance upon the availability of the trade secret for future use, he shall not be enjoined from using the trade secret but may be required to pay a reasonable royalty as deemed just by the court. If the person has acquired inventory through such knowledge or use of a trade secret, he can dispose of the inventory without payment of royalty. If his use of the trade secret has no adverse economic effect upon the owner of the trade secret, the only available remedy shall be an injunction against disclosure.

(b) In addition to the relief authorized by subsection (a), actual damages may be recovered, measured by the economic loss or the unjust enrichment caused by misappropriation of a trade secret, whichever is greater.

(c) If willful and malicious misappropriation exists, the trier of fact also may award punitive damages in its discretion.

(d) If a claim of misappropriation is made in bad faith or if willful and malicious misappropriation exists, the court may award reasonable attorneys' fees to the prevailing party.

"§ 66-129. Burden of proof.—Misappropriation of a trade secret is prima facie established by the introduction of substantial evidence that the person against whom relief is sought both:

(1) knows or should have known of the trade secret; and

(2) has had a specific opportunity to acquire it for disclosure or use or has acquired, disclosed, or used it without the express or implied consent or authority of the owner.

This prima facie evidence is rebutted by the introduction of substantial evidence that the person against whom relief is sought acquired the information comprising the trade secret by independent development, reverse engineering, or it was obtained from another person with a right to disclose the trade secret. This section shall not be construed to deprive the person against whom relief is sought of any other defenses provided under the law.

"§ 66-130. Preservation of secrecy.—In an action under this Article, a court shall protect an alleged trade secret by reasonable steps which may include granting protective orders in connection with discovery proceedings, holding in-camera hearings, sealing the records of the action subject to further court order, and ordering any person who gains access to an alleged trade secret during the litigation not to disclose such alleged trade secret without prior court approval.

TO ANSWER THE CHARGE OR PAY COURT COSTS BEFORE HE MAY 
RECEIVE A DRIVER'S LICENSE.

The General Assembly of North Carolina enacts:

Section 1. Article 20 of G.S. Chapter 20 is amended by adding a new 
section to read as follows:

"§ 20-7.2. Issuance of license to person with 90-day failure.—(a) Upon receipt 
of a conviction report entered pursuant to the 90-day failure provision of G.S. 
20-24(c), the division shall not issue a driver's license to the party named in the 
conviction report until he complies with the provisions of this section and is 
otherwise eligible to receive a license.

(b) A party who appears before the court within 12 months of the entry of a 
90-day failure may comply with this section by paying the costs of court as 
specified in G.S. 7A-304 or by appearing to answer the charge and complying 
with any order entered by the court. A party who appears before the court to 
comply with the provisions of this section more than 12 months after the entry 
of the 90-day failure must pay the court costs as specified in G.S. 7A-304, unless 
the court finds that the defendant has shown good cause for his failure to 
appear to answer the charge during the period from his originally scheduled 
court appearance to the present; upon such a finding, a party may comply with 
this section by appearing to answer the charge, and complying with any order 
entered by the court. This subsection does not, however, authorize a judge to set 
aside a conviction for a 90-day failure unless the order to set aside the 
conviction is consistent with G.S. 20-24(c).

(c) As used in this section, the phrase 'issue a driver's license' means the 
issuing of an original or duplicate license, renewals of existing licenses, or 
restorations of licenses that have previously been revoked.

(d) The Administrative Office of the Courts shall promulgate forms for clerks 
of court to certify to the division that a licensee has complied with the 
provisions of this section. The Commissioner may adopt regulations necessary 
to carry out the provisions of this section.

(e) In determining who is eligible to receive a license, the division shall not 
consider any conviction for a failure to appear occurring before October 1, 
1981."

Sec. 2. G.S. 7A-304 is amended by adding a new subsection (a1) to read as 
follows:

"(a1) The costs assessed pursuant to subsection (a) may also be collected by 
clerks of court for charges in which a party elects to pay the court's costs to 
satisfy the requirements of G.S. 20-7.2. Costs collected pursuant to this 
subsection shall be allocated in the same manner as other costs collected 
pursuant to this section. If a party elects to pay the costs of court to satisfy the 
requirements of G.S. 20-7.2 and is subsequently adjudged guilty of the same 
charge by the court, he shall not be required to pay the costs of court again for 
that charge, but he is subject to any other orders of the court, including an order 
to pay a fine."

AN ACT TO PROVIDE AN INDIVIDUAL INCOME TAX CREDIT FOR
CHILD-CARE AND OTHER EMPLOYMENT-RELATED EXPENSES.

The General Assembly of North Carolina enacts:

Section 1. Division II of Article 4 of Chapter 105 of the General
Statutes is hereby amended by:
(a) Repealing in its entirety G.S. 105-147(26);
(b) Adding thereto a new section, G.S. 105-151.7, reading as follows:

§ 105-151.7. Credit against personal income tax for child-care and certain
employment-related expenses.—(a) Any person who maintains a household
which includes as a member one or more qualifying individuals shall be allowed
as a credit against the tax imposed by this Division an amount equal to seven
percent (7%) of the employment-related expenses as defined in subdivision b.2.
herein. The employment-related expenses on which the credit is computed shall
not exceed four thousand dollars ($4,000) during any one taxable year.

In the case of such expenses for services outside the taxpayer’s household
incurred for the care of a qualifying individual described in b.1., below, the
amount on which the credit is computed during any one taxable year shall not
exceed two thousand dollars ($2,000) per qualifying individual, subject,
however, to the four thousand dollar ($4,000) limitation set out above.

(b) For the purposes of this section:
1. The term ‘qualifying individual’ means:
   1. A dependent of the taxpayer who is under the age of 15 and with
      respect to whom the taxpayer is entitled to a deduction under G.S.
      105-149(5);
   II. A dependent of the taxpayer who is physically or mentally incapable
      of caring for himself; or
   III. The spouse of the taxpayer, if the spouse is physically or mentally
      incapable of caring for himself or herself.
2. The term ‘employment-related expenses’ means amounts paid for
   expenses for household service and for the care of a qualifying
   individual, but only if such expenses are incurred to enable the taxpayer
to be gainfully employed.
3. 1. For the purposes of this section, an individual shall be treated as
   maintaining a household for any period only if over half of the cost of
   maintaining the household during such period is furnished by such
   individual.
   II. In the case of a married person living with his or her spouse and such
   spouse is maintaining the household, the credit provided for herein
   shall be allowed with respect to employment-related expenses in
   connection with any qualifying individuals, except as limited herein,
of the spouse not maintaining the household.
4. If a child (as defined in G.S. 105-149(a)(5) who is under the age of 15 or
   who is physically or mentally incapable of caring for himself receives
   over half of his support during the calendar year from his parents who
   are divorced or separated with the intent to remain separate and apart,
and such child is in the custody of one or both of his parents for more
than one-half of the calendar year, in the case of any taxable year
beginning in such calendar year such child shall be treated as being a
qualifying individual described in subparagraph I. or II. of subdivision b.1., as the case may be, with respect to that parent who has custody for a longer period during such calendar year than the other parent, and shall not be treated as being a qualifying individual with respect to such other parent.

(c) 1. If the taxpayer is married and living with his spouse for any period during the taxable year, there shall be taken into account employment-related expenses incurred during any month of such period only if:
   I. Both spouses are gainfully employed on a substantially full-time basis, or one spouse is gainfully employed on a substantially full-time basis and the other spouse is a full-time student, which shall mean an individual who during each of five calendar months during the taxable year is a full-time student at an educational institution, or
   II. The spouse is a qualifying individual described in subdivision b.1.III.

   2. No credit shall be allowed under this section with respect to any amount paid by the taxpayer to an individual with respect to whom a deduction is allowable under G.S. 105-149(5) to the taxpayer or his spouse, or who is a child of the taxpayer (within the meaning of G.S. 105-149(a)(5)) who has not attained the age of 19 at the close of the taxable year.

   3. In the case of employment-related expenses incurred during any taxable year solely with respect to a qualifying individual (other than an individual who is also described in subdivision b.1.I.), the amount of such expenses which may be taken into account for purposes of this section shall be reduced:

   I. If such individual is described in subdivision b.1.II., by the amount by which the sum of:
      A. Such individual's adjusted gross income for such taxable year, and
      B. The disability payments received by such individual during such year, exceed one thousand dollars ($1,000), or
   II. In the case of a qualifying individual described in subdivision b.1.III., by the amount of disability payments received by such individual during the taxable year.

   For purposes of this paragraph, the term 'disability payment' means a payment (other than a gift) which is made on account of the physical or mental condition of an individual and which is not included in gross income.

(d) If a husband and wife are living together at the end of the taxable year, no credit under this section shall be allowed unless they file a combined return for the year.

(e) No credit shall be allowed under this section unless the taxpayer completes and attaches to his return the necessary form or forms as may be required by the Secretary of Revenue, nor shall any deduction be allowed under G.S. 105-147(11) for amounts claimed under this subdivision.

(f) The credit allowed by this section shall not exceed the amount of tax imposed by this division for the taxable year reduced by the sum of all credits allowable under this division, except for payments of tax made by or on behalf of the taxpayer.

(g) No credit shall be allowed under this section with respect to employment-related expenses paid by a nonresident of this State."

Section 1. The title of Chapter 70 of the General Statutes is amended to read, "Indian Antiquities, Archaeological Resources and Unmarked Human Skeletal Remains Protection."

Sec. 2. A new Article is added to Chapter 70 of the General Statutes to read:

"ARTICLE 2.

"Archaeological Resources Protection Act.

"§ 70-5.1. Short title.—This Article shall be known as ‘The Archaeological Resources Protection Act.’

"§ 70-5.2. Findings and purpose.—(a) The General Assembly finds that:

(1) archaeological resources on State lands are an accessible and irreplaceable part of the State’s heritage;

(2) these resources are increasingly endangered because of their commercial attractiveness;

(3) existing State laws do not provide adequate protection to prevent the loss and destruction of these archaeological resources and sites resulting from uncontrolled excavations and pillage; and

(4) there is a wealth of archaeological information which has been legally obtained by private individuals for noncommercial purposes and which could voluntarily be made available to professional archaeologists and institutions.

(b) The purpose of this Article is to secure, for the present and future benefit of the people of North Carolina, the protection of archaeological resources and sites which are on State lands, excluding highway right-of-ways, and to foster increased cooperation and exchange of information among governmental authorities, the professional archaeological community, Indian Tribal governmental authorities and private individuals having collections of archaeological resources and data.

"§ 70-5.3. Definitions.—As used in this Article, unless the context clearly indicates otherwise:

(1) 'Archaeological investigation' means any surface collection, subsurface tests, excavation, or other activity that results in the disturbance or removal of archaeological resources.

(2) 'Archaeological resource' means any material remains of past human life or activities which are at least 50 years old and which are of archaeological interest, including pieces of pottery, basketry, bottles, weapons, weapon projectiles, tools, structures or portions of structures, rock paintings, rock carvings, intaglios, graves or human skeletal materials. Paleontological specimens are not to be considered archaeological resources unless found in an archaeological context.
(3) 'State lands' means any lands owned, occupied, or controlled by the State of North Carolina, with the exception of those lands under short term lease solely for archaeological purposes, excluding highway right-of-ways.

"§ 70-5.4. Archaeological investigations.—(a) Any person may apply to the Department of Administration for a permit to conduct archaeological investigations on State lands. The application shall contain information the Department of Administration, in consultation with the Department of Cultural Resources, deems necessary, including the time, scope, location and specific purpose of the proposed work.

(b) A permit shall be issued pursuant to an application under subsection (a) of this section if, after any notifications and consultations required by subsection (d) of this section, the Department of Administration, in consultation with the Department of Cultural Resources, finds that:

(1) the applicant is qualified to carry out the permitted activity;

(2) the proposed activity is undertaken for the purpose of furthering archaeological knowledge in the public interest;

(3) the currently available technology and the technology the applicant proposes to use are such that the significant information contained in the archaeological resource can be retrieved;

(4) the funds and the time the applicant proposes to commit are such that the significant information contained in the archaeological resources can be retrieved;

(5) the archaeological resources which are collected, excavated or removed from State lands and associated records and data will remain the property of the State of North Carolina and the resources and copies of associated archaeological records and data will be preserved by a suitable university, museum, or other scientific or educational institution;

(6) the activity pursuant to the permit is not inconsistent with any management plan applicable to the State lands concerned; and

(7) the applicant shall bear the financial responsibility for the reinterment of any human burials or human skeletal remains excavated or removed as a result of the permitted activities.

(c) A permit may contain any terms, conditions or limitations the Department of Administration, in consultation with the Department of Cultural Resources, deems necessary to achieve the intent of this Article. A permit shall identify the person responsible for carrying out the archaeological investigation.

(d) If a permit issued under G.S. 70-5.4(a) may result in harm to, or destruction of, any religious or cultural site, as determined by the Department of Administration, in consultation with the Department of Cultural Resources, before issuing such permit, the Department of Administration, in consultation with the Department of Cultural Resources, shall notify and consult with, insofar as possible, a local representative of an appropriate religious or cultural group. If the religious or cultural site pertains to Native Americans, the Department of Administration, in consultation with the Department of Cultural Resources, shall notify the Executive Director of the North Carolina Commission of Indian Affairs. The Executive Director of the North Carolina Commission of Indian Affairs shall notify and consult with the Eastern Band of
Cherokee or other appropriate tribal group or community. Such notification shall include, but not be limited to, the following:

(1) the location and schedule of the forthcoming investigation;
(2) background data concerning the nature of the study; and
(3) the purpose of the investigation and the expected results.

(e) A permit issued under G.S. 70-5.4 may be suspended by the Department of Administration, in consultation with the Department of Cultural Resources, upon the determination that the permit holder has violated any provision of G.S. 70-5.6(a) or G.S. 70-5.6(b). A permit may be revoked by the Department of Administration, in consultation with the Department of Cultural Resources, upon assessment of a civil penalty under G.S. 70-5.7 against the permit holder or upon the permit holder’s conviction under G.S. 70-5.6.

“§ 70-5.5. Rule-making authority; custody of resources.—The North Carolina Historical Commission, in consultation with the Department of Administration, may promulgate regulations to implement the provisions of this Article and to provide for the exchange, where appropriate, between suitable universities, museums, or other scientific or educational institutions, of archaeological resources removed from State lands pursuant to this Article, and the ultimate disposition of those resources.

“§ 70-5.6. Prohibited acts and criminal penalties.—(a) No person may excavate, remove, damage or otherwise alter or deface any archaeological resource located on State lands unless he is acting pursuant to a permit issued under G.S. 70-5.4.

(b) No person may sell, purchase, exchange, transport, receive, or offer to sell, purchase, exchange, transport or receive any archaeological resource excavated or removed from State lands in violation of the prohibition contained in G.S. 70-5.6(a).

(c) Any person who knowingly and willfully violates or employs any other person to violate any prohibition contained in G.S. 70-5.6(a) or G.S. 70-5.6(b) shall upon conviction, be fined not more than two thousand dollars ($2,000) or imprisoned not more than six months, or both, in the discretion of the court.

(d) Each day on which a violation occurs shall be a separate and distinct offense.

“§ 70-5.7. Civil penalties.—A civil penalty of not more than five thousand dollars ($5,000) may be assessed by the Department of Administration, in consultation with the Department of Cultural Resources, against any person who violates the provisions of G.S. 70-5.6. In determining the amount of the penalty, the Department shall consider the extent of the harm caused by the violation and the cost of rectifying the damage. Any person assessed shall be notified of the assessment by registered or certified mail. The notice shall specify the reasons for the assessment. If the person assessed fails to pay the amount of the assessment to the Department within 30 days after receipt of notice, the department may institute a civil action in the Superior Court of Wake County to recover the amount of the assessment. In the civil action, the scope of the court’s review of the Department’s action, including the amount of the assessment, shall be as provided in Chapter 150A of the General Statutes.

The Department may use the assessed funds to rectify the damage to archaeological resources or to otherwise effectuate the purposes of this Article.

“§ 70-5.8. Forfeiture.—All archaeological resources with respect to which a violation of G.S. 70-5.6(a) or G.S. 70-5.6(b) occurred, and all vehicles and
CHAPTER 904  Session Laws—1981

equipment which were used in connection with such violation shall be subject
to forfeiture to the State of North Carolina in the same manner as vehicles and
equipment subject to forfeiture under G.S. 90-112.

“§ 70-5.9. Confidentiality.—Information concerning the nature and location
of any archaeological resource, regardless of the ownership of the property, may
be made available to the public under Chapter 132 of the North Carolina
General Statutes or under any other provision of law unless the Department of
Cultural Resources determines that the disclosures would create a risk of harm
to such resources or to the site at which such resources are located.

“§ 70-5.10. Cooperation with private individuals.—The Department of
Cultural Resources shall take any action necessary, consistent with the
purposes of this Article, to foster and improve the communication, cooperation,
and exchange of information between:

(a) private individuals having collections of archaeological resources and data
which were obtained through legal means, and

(b) professional archaeologists and associations of professional archaeologists
concerned with the archaeological resources of North Carolina and of the
United States.

“§ 70-5.11. Delegation of responsibilities.—If the Department of
Administration and the Department of Cultural Resources agree, the
responsibilities, in whole or in part, of the Department of Cultural Resources
under this Article may be delegated through a memorandum of understanding
to the Department of Administration. Such a memorandum of understanding
will be subject to periodic review at the initiation of either party to the
memorandum.”

It shall be the duty of the City Council of the City of Lexington to order the special liquor election herein authorized within sixty days after a sufficient petition has been filed requesting the same. Serving part of an unexpired term shall not be considered as serving a three-year term.

(e) The said City of Lexington Board of Alcoholic Control shall have all of the powers and duties imposed by the General Statutes of North Carolina on county boards of alcoholic control and shall be subject to the powers and authority of the State Board of Alcoholic Control the same as county boards of alcoholic control as provided in the General Statutes.

The said City of Lexington Board of Alcoholic Control and the operation of any City liquor stores authorized under the provisions of this act shall be subject to and in pursuance with the provisions of Article 2 of Chapter 18A of the General Statutes, except to the extent which the same may be in conflict with the provisions of this act. "(g) Bonds (including, without limitation, interim and long-term notes) may be issued or sold under this Article at private sale upon such terms and conditions as may be negotiated and mutually agreed upon by the commission and the purchaser (who may be the government or other public or private lender or purchaser)."

Sec. 5. Chapter 280 of the Session Laws of 1981 is amended by adding, at the end, the following:

"The foregoing allocation of the State ceiling shall be reduced from time to time, however, by the aggregate amount (not to exceed thirty million dollars ($30,000,000) per year) of obligations issued in the form of notes by a municipality, commission, or authority (if, and to the extent, such notes are deemed qualified mortgage bonds as defined in 26 U.S.C. § 103A(c) by the United States Department of the Treasury) in the exercise of its powers under the Urban Redevelopment Law (G.S. 160A-500 through G.S. 160A-543) or G.S. 160A-456 and G.S. 160A-457 (relating to community development purposes and activities). The allocation to the North Carolina Housing Finance Agency shall be reduced only from the date and to the extent the Agency receives and approves a written request from a municipality, commission, or authority stating its intent to issue such notes in a specified aggregate amount within 30 days.

The portion of the State ceiling reserved for the issuance of such notes shall be allocated between the municipalities, commissions and authorities by the Agency. In making its allocation the Agency shall consider the priority of filing the written request for allocation, the compliance of the requesting municipality, commission or authority with 26 U.S.C. § 103A et seq., and the availability of an allocation within the portion of the State ceiling allocated to municipalities, commissions and authorities. The Agency shall act on written requests for allocations within 45 days and shall receive such written requests
from the effective date of this act until September 1, 1981, and from January 1
until July 1 of each successive year, after which any remaining unallocated
portion of the portion of the State ceiling allocated to municipalities,
commissions and authorities by this act are hereby reallocated to the Agency
for its use, except as hereinafter provided. This section shall not be construed
to allow the Agency to deny a written request filed by a municipality, commission
or authority prior to September 1, 1981, or prior to July 1 of each successive
year for which a portion of the allocation of the State ceiling to municipalities,
commissions or authorities remains unallocated on September 1, 1981, or on
July 1 of each successive year; provided, that such requests for allocations
comply with the criteria for allocation set forth herein.

If by November 1 of each year the North Carolina Housing Finance Agency
has not declared its intention to use all of its allocation of the State ceiling (as
previously reduced by Agency approval of written requests for allocations
pursuant to the preceding paragraph), the unused portion of the allocation shall
be deemed reallocated to, and reserved for, municipalities, commissions, and
authorities for the issuance of notes, for the remainder of that calendar year.
The reallocated portion of the ceiling shall be available to the municipalities,
commissions, and authorities by submitting a written request to the Agency for
an allocation pursuant to the preceding paragraph; provided, however, that a
request filed after November 1 of each year shall be deemed to be approved if
the Agency does not disapprove the request for allocation within 10 days
following receipt of the written request by the Agency."

Section 1. A new Chapter 76A is added to the General Statutes to read:

“ARTICLE 1.

“General Provisions.

“§76A-100. Cape Fear Navigation and Pilotage Commission.—In consideration of the requirement for the safe and expeditious movement of waterborne commerce on the navigable waters of the State, it is deemed necessary to establish the Cape Fear Navigation and Pilotage Commission, hereinafter referred to as the Commission. The Commission shall have the power to license and regulate a group of river pilots familiar with the waters of the Cape Fear River and Bar to best guide vessels within those waters.

“§76A-101. Membership.—The Commission shall consist of five voting members, four appointed by the Governor, and the president of the Wilmington-Cape Fear Pilots Association who shall serve as an ex officio voting member. Of the four members appointed by the Governor three shall be from New Hanover County, one shall be from Brunswick County. One member shall represent maritime interests. The Governor shall designate a member to serve at his pleasure as Chairman. With the exception of the ex officio member, licensed pilots and members of their immediate families shall not be allowed to serve on the Commission.

“§76A-102. Term.—It shall be the duty of the Governor to make initial appointments to the Commission on July 1, 1981. Two of the initial appointees shall serve two-year terms; the other two appointees shall serve four-year terms. All appointees after the initial appointments shall serve four-year terms. Any vacancy in the membership appointed by the Governor shall be filled by the Governor.

“§76A-103. Quorum.—A simple majority of the Commission shall constitute a quorum and may act in all cases.

“§76A-104. Duties and authority.—(a) Rules and regulations, pilotage. The Commission shall make and establish such rules and regulations as necessary and desirable respecting the qualifications, arrangements and station of pilots. In the development of such rules and regulations, the Commission should request the advice of the U.S. Coast Guard, the U.S. Corps of Engineers, the
Pilots Association, other maritime interests and any other party that the Commission might deem beneficial.

(b) Examination and licensing. The Commission may examine such persons who hold a federal pilot's license as may offer themselves to be a pilot on the Cape Fear River and Bar. The examination shall consist of, but not be limited to: a personal interview before the Commission; contact by the Commission with personal references; and a physical examination by a licensed physician based on a standard established by the Commission. Licenses shall be granted for a one-year period.

(c) License renewal. Each license shall be renewed annually provided during the preceding year the holder thereof shall have complied with the provisions of this act and the reasonable rules and regulations as prescribed by the Commission under authority hereof. The Commission may for special considerations validate a license for less than a one-year period. Each license renewal submittal shall be accompanied with a physical examination comparable to the standards set in G.S. 76A-104(b).

(d) Fine, license suspension and cancellation. The Commission shall have the power to fine or call in and suspend or cancel the license of any pilot found to be derelict of duty, in violation of the reasonable rules and regulations as set out by the Commission or for other just cause. Grounds for suspension or cancellation shall include but not be limited to: citation by the Coast Guard and/or Commission for careless or neglectful duty resulting in damage to property or personal harm; absence, neglect of duty, absence from duty for a period longer than four weeks without written submission to and written approval from the Commission chairman; other violations of regulations or in actions found by the Commission to be unduly disruptive of the pilotage and service and/or harmful to person or property.

(e) Pilots to give bond. The Commission shall require of each pilot prior to granting his commission a bond with surety acceptable to the Commission in an amount not to exceed ten thousand dollars ($10,000). Every bond taken of a pilot shall be filed with and preserved by the Commission in trust for every person, firm or corporation, who shall be injured by the neglect or misconduct of such pilots, and any person, firm or corporation, so injured may severally bring suit for the damage by each one sustained.

(f) Jurisdiction over disputes as to pilotage. Disputes between pilots may be voluntarily appealed by one of the pilots to the Commission for resolution. If a resolution is not reached or the Commission decision is unacceptable to either party, normal legal recourse is available to resolve the dispute.

“§ 76A-105. Classes of licenses.—The Commission shall have general authority to issue two classes of licenses:

(1) Limited—a license to pilot vessels whose draft does not exceed 25 feet. Limited licenses may be issued to those who pass requirements established by statute and by the Commission to entitle such person to a limited license.

(2) Full—a license to pilot any vessel. Full license shall be issued to all holders of a limited license who have in the opinion of the Commission satisfactorily served at least one year under a limited license. Additionally the Commission may issue a full license to any one who in the Commission's judgment has sufficient credentials as established under Section 76A-104(b) to perform the pilotage task associated with a full license.
“Pilots.

"§76A-200. Apprentices.—The Commission when it deems necessary for the best interest of the State is hereby authorized to appoint in its discretion apprentices, none of whom shall be less than 21 nor more than 30 years of age, and to make and enforce reasonable rules and regulations relating thereto. Apprentices shall serve for a minimum of one year but no longer than three years in order to be eligible for a limited license. The Commission shall adopt rules and regulations to monitor the progress of apprentices on a regular basis to assure the progressive development of knowledge and skill necessary to obtain a limited license.

"§76A-201. Pilotage association.—In consideration that a mutual association for pilots has been formed, is operational and is expedient for effective management, the Commission shall recognize such a proper pilot association formed for the smooth business transactions in the provision of services. However, the Commission may prescribe such reasonable rules and regulations for the governance of such associations in its direct relationship with the Commission as it deems necessary. Any licensed pilot refusing to become a member of such association shall be subject to suspension or have his license revoked, at the discretion of the Commission.

"§76A-202. Number of pilots.—The Commission shall govern the number of pilots necessary to maintain an efficient pilotage service. Present active pilots shall continue to serve with the Commission’s power of reduction to be effective only in the case of natural attrition except as provided in Section 76A-203. At no time shall the number of active licensed pilots exceed 15. Docking masters shall not be deemed pilots for this section or any other section in this act.

"§76A-203. Pilot retirement.—The Commission shall have and is hereby given authority in its discretion and under such reasonable rules and regulations as it may prescribe to retire from active service any pilot who shall become physically or mentally unfit to perform a pilot’s duties. Provided, however, that no pilot shall be retired, except with his consent for physical or mental disability unless and until such pilots shall have first been examined by the public health officer or county physician of his respective county of residence and such public health officer or physician shall have certified to the board the fact of such physical or mental disability.

"§76A-204. Compulsory use of pilots.—Every foreign vessel and every U.S. vessel sailing under register, including such vessels towing or being towed when underway in the Cape Fear River and Bar and over sixty (60) gross tons, shall employ and take a State-licensed pilot, except when maneuvering during berthing or unberthing operations, shifting within the confines of ports or terminals, passing through bridges, with tug assistance and with a docking master aboard the vessel. Any master of a vessel violating this section shall be guilty of a misdemeanor except as provided for in G.S. 76A-207 and upon conviction the master shall be fined, imprisoned, or both within the discretion of the courts.

"§76A-205. Pilotage rates.—The Commission shall set charges for pilotage services on a published tariff basis to be reviewed and revised annually as necessary. The initial publication of rates and subsequent revisions shall be preceded by public notice at least 30 days prior to publication. The rates may be based on the method chosen by the Commission and may be varied on a geographic or other basis which the Commission deems appropriate. In
establishing pilotage rates the Commission shall consider but not be limited to factors such as vessels' lengths, vessels' drafts, general design of vessels, distances for which pilotage services are to be provided, nature of waters to be traversed and the rates for comparable pilotage services in other ports.

"§ 76A-207. Vessels not liable for pilotage.—Any vessel coming in from sea for harbourage without the assistance of a pilot the wind and weather being such that such assistance or service could not have been reasonably given, shall not be liable for pilotage inward from sea.

"ARTICLE 3.

"Commission Funds.

"§ 76A-300. Expenses of the Commission.—The pilots association shall pay to the Commission according to rules prescribed by the Commission a percentage of pilotage fees not to exceed two percent (2%) per annum for the purpose of providing funds to defray the necessary expense of the Commission. The appropriate percentage shall be set on an annual basis by the Commission. The fees paid shall be deposited to a special account with the State Treasurer in the name of the Commission and shall be administered by the Secretary of Commerce. Surpluses in the account in excess of three thousand dollars ($3,000) at the end of the fiscal year shall be returned to the pilot association on a prorated basis determined and distributed by the Commission.

"§ 76A-301. Widows and Orphans Fund.—The Widows and Orphans Fund established by Chapter 76, Section 7 of the General Statutes shall be dissolved at the earliest possible date under a method to be determined by the Commission. The method of dissolution should be equitable to all current recipients of benefits from the fund and should attempt to make reasonable provision for their future needs in lieu of on-going payments from the fund. Should the Commission determine that the assets of the fund are in excess of those needed to provide for the recipients, it may determine that a portion of the fund may be retained by the Commission and deposited in its operating fund. In such an event the requirement for payment referred to in G.S. 76A-300 shall be suspended until the balance of the operating fund is reduced to three thousand dollars ($3,000) as prescribed in G.S. 76A-300."

Sec. 3. This act shall become effective July 1, 1981.

Without limiting the foregoing, such
ordinances may establish traffic regulations for bicycles travelling in designated bikeways different than those established for other types of vehicular traffic."

Sec. 2. The Charter of the Town of Carrboro is amended by adding the following new Subchapter to Article VI:

"Subchapter D.

"Eminent Domain.

"Sec. 6.63. Eminent Domain. G.S. 160A-248(c) is amended by adding immediately after the words 'third appraiser' the words 'within 15 days after the city has mailed a written notice to both the owner's appraiser and the city's appraiser informing them of the name of each other and requesting them to appoint a third appraiser in accordance with this section', and is further amended by adding at the end of the section the words 'The clerk must make the appointment within 15 days after application is made'.

"Sec. 6.64. Purposes For Which Powers of Eminent Domain May Be Exercised. The power of eminent domain may be exercised by the Town of Carrboro for any purpose authorized by general law or by this Charter. Without limiting the foregoing, as applied to the Town of Carrboro the phrase 'streets, alleys, and sidewalks' contained in G.S. 160A-241(1) shall be deemed to include bikeways, bikepaths, and other facilities designed for travel by the bicycleriding public, whether or not combined with streets, sidewalks, paths, or other public ways used for transportation by vehicles or pedestrians. Any proceeding commenced by the Town of Carrboro before the effective date of this section to condemn any interests or interests in real property for the purpose of constructing such a bikeway or bikepath is hereby fully approved and ratified.'

Notwithstanding the provisions of Articles 12 and 22 of G.S. 160A or any other provision of law, the Town of Carrboro may, in selling property acquired within a redevelopment area or a community development area, reject the highest responsible bid and accept a lesser bid when the board of aldermen finds that:

(1) The proposed use or development of the land under the bid proposed for acceptance will result in an assessed valuation for ad valorem taxation greater than that of the use or uses proposed by the higher bidders; or

(2) The proposed use or development of the land under the bid proposed for acceptance will have a substantially greater beneficial effect upon neighboring property, the redevelopment or community development area, or the community as a whole than the use or uses proposed by the higher bidders, or will tend to induce greater investment in the development of other property in the area; or

(3) The proposed use or development of the land under the bid proposed for acceptance will facilitate the relocation of persons or firms displaced by redevelopment or community development projects to a substantially greater degree than the use or uses proposed by the higher bidders.

The findings set forth above shall be contained in a resolution, duly adopted by the board of aldermen, authorizing the sale.'

(1) For purposes of this subsection, a city's population was 'seriously undercounted' if the city's actual population on federal 'census day' (April 1, 1980) exceeded the final population figures estimated by the U. S. Bureau of Census by more than five percent (5%).

(2) A request under this subsection must be made by resolution of the governing body of the requesting city. The resolution shall set forth the basis for the city’s reasonable belief that the federal census has seriously undercounted the city's actual population. This belief may be based upon a sample survey or actual population count conducted by the city, estimates based on utility records, or any other reasonably reliable and persuasive evidence.

(3) Subject to subdivision (4), in responding to a request under this subsection, the Office of State Budget and Management shall conduct the census according to the standard procedures usually followed by that Office in conducting one hundred percent (100%) municipal censuses.

(4) If a request under this subsection is received by the State Budget Officer before August 1, 1981, the Office of State Budget and Management shall conduct the census as soon after September 1, 1981, as possible so that the population figures derived therefrom can be certified for use by any State department or division distributing revenue to municipalities on or after October 1, 1981."

A vacancy occurring in the office of mayor
which occurs at any other time shall be filled by appointment of the town council for the remainder of the unexpired term.”

Sec. 8. G.S. 115C-37(d) is amended by deleting “December”, and inserting in lieu thereof the word “July”.

Sec. 9. The Board of County Commissioners may provide by ordinance that the owner of every lot within the county on which there exist eight or more dwelling units for rent shall, no later than January 30th of each year, furnish to the tax supervisor the name and address of every person occupying any such dwelling units on January 1st of that year.

"§ 40A-8. Costs.—(a) In any action under the provisions of Article 2 or Article 3 of this Chapter, the court in its discretion may award to the owner a sum to reimburse the owner for charges he has paid for appraisers, engineers and plats, provided such appraisers or engineers testify as witnesses, and such plats are received into evidence as exhibits by order of the court.

"§ 40A-10. "§ 40A-12. Additional rules.—Where the procedure for conducting an action under this Chapter is not expressly provided for in this Chapter or by the statutes governing civil procedure, or where the civil procedure statutes are inapplicable, the judge before whom such proceeding may be pending shall have

"§ 40A-13. Costs and appeal.—In addition to any reimbursement provided for in G.S. 40A-8 the condemnor shall pay all court costs taxed by the court. Either party shall have a right of appeal to the Appellate Division for errors of law committed in any proceedings provided for in this Chapter in the same manner as in any other civil actions and it shall not be necessary that an appeal bond be posted.

Answer to petition; hearing; commissioners appointed.—On presenting such petition to the clerk of superior court, with proof of service of a copy thereof, and of the summons, all or any of the persons whose estates or interests are to be affected by the proceedings may answer such petition and show cause against granting the prayer of the same. The clerk shall hear the proofs and allegations of the parties, and if no sufficient cause is shown against granting the prayer of the petition, shall make an order for the appointment of three commissioners and shall fix the time and place for the first meeting of the commissioners. Each commissioner shall be a resident of the county wherein the property being condemned lies who has no right, title, or interest in or to the property condemned, is not related within the third degree to the owner or to the spouse of the owner, is not an officer, employee or agent of the condemnor, and is disinterested in the rights of the parties in every way.

"§ 40A-27. Powers and duties of commissioners.—The commissioners, before entering upon the discharge of their duties, shall take and subscribe an oath that they will fairly and impartially appraise the property in the petition. Anyone of them may issue subpoenas, administer oaths to witnesses, and any two of them may adjourn the proceedings before them from time to time, in their discretion. Whenever they meet, except by the appointment of the clerk or pursuant to adjournment, they shall cause 10 days' notice of such meeting to be given to the parties who are affected by their proceedings, or their attorney or agent. They shall view the premises described in the petition, hear the proofs and allegations of the parties, and reduce the testimony, if any is taken by them, to writing. After the testimony is closed in each case, and without any unnecessary delay, and before proceeding to the examination of any other claim, a majority of the commissioners being present and acting, shall ascertain and determine the compensation which ought justly to be made by the condemnor to the owners of the property appraised by them. The commissioners shall determine the compensation to be awarded in accordance with the principles established by Article 4 of this Chapter. They shall report the same to the clerk within 10 days.
CHAPTER 919  Session Laws—1981

"§40-28. Form of commissioners' report.—When the commissioners shall have assessed the compensation, they shall forthwith make and subscribe a written report of their proceedings, in substance as follows: To the Clerk of the Superior Court of ________:  

We, ________, commissioners appointed by the court to assess the damages that have been and will be sustained by ________, the owner of certain property lying in the county of ________, which ________ the condemnor proposes to condemn for its use, do hereby certify that we met on ________ (or the day to which we were regularly adjourned), and, having first been duly sworn, we visited the premises of the owner, and after taking into full consideration the quality and quantity of the property aforesaid, and all other inconveniences likely to result to the owner, we have estimated and do assess the compensation aforesaid at the sum of $__________.

Given under our hands, the ________ day of ________, A.D. 19____.

"§40A-29. Exceptions to report; hearing; when title vests; appeal; restitution.—(a) Upon the filing of the report, the clerk shall forthwith mail copies to the parties. Within 20 days after the filing of the report any party to the proceedings may file exceptions thereto. The clerk, after notice to the parties, shall hear any exceptions so filed and may thereafter direct a new appraisal, modify or confirm the report, or make such other orders as the clerk may deem right and proper.

(b) If no exceptions are filed to the report, and if the clerk's final judgment rendered upon the petition and proceedings shall be in favor of the condemnor, and upon the deposit by the condemnor of the sum adjudged, together with all cost allowed, into the office of the clerk of superior court, then, in that event, all owners who have been made parties to the proceedings shall be divested of the property or interest therein to the extent set forth in the proceedings. A copy of the judgment, certified under the seal of the court, shall be registered in the county or counties where the land is situated, and the original judgment, or a certified copy thereof, or a certified copy of the registered judgment, may be given in evidence in all actions and proceedings as deeds for property are now allowed in evidence.

(c) Any party to the proceedings may file exceptions to the clerk's final determination on any exceptions to the report and may appeal to the judge of superior court having jurisdiction. Notice of appeal shall be filed within 10 days of the clerk's final determination. Upon appeal the clerk shall transfer the proceedings to the civil issue docket of the superior court. A judge in session shall hear and determine all matters in controversy and, subject to G.S. 40A-30 regarding trial by jury, shall determine any issues of compensation to be awarded in accordance with the provisions of Article 4 of this Chapter.

(d) Notwithstanding the filing of exceptions by any party to any orders or final determination of the clerk or the filing of a notice of appeal to the superior court, the condemnor may, at the time of the filing of the report of commissioners, deposit with the clerk of superior court in the proceedings the sum appraised by the commissioners and, in that event, the condemnor may enter, take possession of, and hold said property in the manner and to the extent sought to be acquired by the proceedings until final judgment is rendered on any appeal.

(e) If, on appeal, the judge shall refuse to condemn the property, then the money deposited with the clerk of court in the proceedings, or so much thereof
as shall be adjudged, shall be refunded to the condemnor and the condemnor shall have no right to the property and shall surrender possession of the same, on demand, to the owner. The judge shall have full power and authority to make such orders, judgments and decrees as may be necessary to carry into effect the final judgment rendered in such proceedings, including compensation in accordance with the provisions of G.S. 40A-8.

(i) If the amount adjudged to be paid the owner of any property condemned under this Article shall not be paid within 60 days after final judgment in the proceedings, the right under the judgment to take the property shall ipso facto cease and determine, but the claimant under the judgment shall still remain liable for all amounts adjudged against said claimant except the compensation awarded for the taking of the property.

(g) The provisions of this section shall not preclude any injunctive relief otherwise available to the owner or the condemnor.

"§ 40A-30. Provision for jury trial on appeal.—In any proceedings under this Article by a condemnor to acquire property, any party to the proceedings shall be entitled on appeal to superior court to have the amount of compensation determined by a jury unless trial by jury has been waived by all parties. A jury shall determine the compensation to be awarded in accordance with the provisions of Article 4 of this Chapter.

"§ 40A-31. Title of infants, incompetents, inebriates, and trustees without power of sale, acquired.—In case any property required by a condemnor shall be vested in any trustee not authorized to sell, release and convey the same, or in any infant, incompetent, or inebriate, the superior court shall have power, by a special proceeding, on petition, to authorize and empower such trustee or the general guardian or committee of such infant, incompetent or inebriate, to sell and convey the same to such condemnor, on such terms as may be just. In case any infant, incompetent or inebriate has no general guardian or committee, the court may appoint a special guardian or committee for the purpose of making a sale, release or conveyance, and may require security from the general or special guardian or committee as the court may deem proper. Before any conveyance or release authorized by this section shall be executed, the terms on which it is to be executed shall be reported to the court on oath. If the court is satisfied that the terms are just to the owner of the property, the court shall confirm the report and direct the proper conveyance or release to be executed, which shall have the same effect as if executed by an owner of the property having legal power to sell and convey the same.

"§ 40A-32. Rights of claimants of fund determined.—If there are adverse and conflicting claimants to the money, or any part of it, to be paid as compensation for the property taken, the clerk or the judge on appeal may direct the money to be paid into the court by the condemnor, and may determine who is entitled to the same and direct to whom the same shall be paid, and may order a reference to ascertain the facts on which such determination and order are to be made.

"§ 40A-33. Attorney for unknown parties appointed; pleadings amended; new commissioners appointed.—(a) The clerk or the judge on appeal shall appoint some competent attorney to appear for and protect the rights of any party in interest who is unknown or whose residence is unknown, and who has not appeared in the proceedings by an attorney or agent, and shall make an allowance to said attorney for his services which shall be taxed in the bill of
costs. In such cases the State Treasurer as custodian of the Escheat Fund shall be notified of the appointment of such an attorney.

(b) The clerk or the judge on appeal shall have power at any time to amend any defect or informality in any of the special proceedings authorized by this Chapter as may be necessary, or to cause new parties to be added, and to direct such further notices to be given to any party in interest as it deems proper; and also to appoint other commissioners in place of any who shall die, refuse or neglect to serve or be incapable of serving.

“§ 40A-34. Change of ownership pending proceedings.—When any proceedings under this Article shall have been commenced, no change of ownership by voluntary conveyance or transfer of the property shall in any manner affect such proceedings, but the same may be carried on and perfected as if no such conveyance or transfer had been made or attempted to be made.

“§ 40A-35. Defective title; how cured.—If at any time after an attempt to acquire title under this Article has commenced it shall be found that the title thereby attempted to be acquired is defective, the condemnor may commence new proceedings to acquire or perfect such title in the same manner as if no previous attempt had been commenced. At any stage in the new proceedings the court may authorize the condemnor, if in possession, to continue in possession, and if not in possession, to take possession and use the property during the pendency and until the final conclusion of the new proceedings. If the condemnor pays into court a sum determined by the court to be adequate compensation for the property, the court, in its discretion, may stay all actions or proceedings against the condemnor for its possession. In every such case the party interested in the property may conduct the proceedings to a conclusion if the condemnor delays or omits to prosecute the same.

“§§ 40A-36 to 40A-41: Reserved for future codification purposes.

“ARTICLE 3.

“Condemnation by Public Condemnors.

“§ 40A-41. Notice of action.—Not less than 30 days prior to the filing of a complaint under the provisions of G.S. 40A-42, a public condemnor listed in G.S. 40A-3(b) or (c) shall provide notice to each owner of its intent to institute an action to condemn property. The notice shall contain a general description of the property to be taken and of the amount estimated by the condemnor to be just compensation for the property to be condemned. The notice shall also state the purpose for which the property is being condemned and the date the condemnor intends to take possession of the property.

“§ 40A-42. Institution of action and deposit.—A public condemnor listed in G.S. 40A-3(b) or (c) shall institute a civil action to condemn property by filing in the superior court of any county in which the land is located a complaint containing a declaration of taking declaring that property therein is thereby taken for the use of the condemnor.

The complaint shall contain or have attached thereto the following:

a. A statement of the authority under which and the public use for which the property is taken;

b. A description of the entire tract or tracts of land affected by the taking sufficient for the identification thereof;

c. A statement of the property taken and a description of the area taken sufficient for the identification thereof;
d. The names and addresses of those persons who the condemnor is informed and believes may be or, claim to be, owners of the property so far as the same can by reasonable diligence be ascertained, and if any such persons are infants, incompetents, inebriates or under any other disability, or their whereabouts or names unknown, it must be so stated;

e. A statement of the sum of money estimated by the condemnor to be just compensation for the taking; and

f. A statement as to whether the owner will be permitted to remove all or a specified portion of any timber, buildings, structures, permanent improvements, or fixtures situated on or affixed to the property.

g. A statement as to such liens or other encumbrances as the condemnor is informed and believes are encumbrances upon the property and can by reasonable diligence be ascertained.

h. A prayer that there be a determination of just compensation in accordance with the provisions of this Article. The filing of the complaint shall be accompanied by the deposit to the use of the owner of the sum of money estimated by the condemnor to be just compensation for the taking. Upon the filing of the complaint and the deposit of said sum, summons shall be issued to each owner of the property. The summons, together with a copy of the complaint and notice of the deposit shall be served upon the person named therein in the manner provided for the service of process under the provisions of G.S. 1A-1, Rule 4. The condemnor may amend the complaint and may increase the amount of its deposit with the court at any time while the proceeding is pending, and the owner shall have the same rights of withdrawal of this additional amount as set forth in G.S. 40A-45 of this Chapter.

"§ 40A-43. Vesting of title and right of possession; injunction not precluded.—

(a) When a local public condemnor is acquiring property by condemnation for a purpose set out in G.S. 40A-3(b)(1),(4) or (7), or when a city is acquiring property for a purpose set out in G.S. 160A-311(1), (2), (3), (4), (6), or (7), or when a county is acquiring property for a purpose set out in G.S. 153A-274(1), (2) or (3), title to the property and the right to immediate possession shall vest pursuant to this subsection. Unless an action for injunctive relief has been initiated, title to the property specified in the complaint, together with the right to immediate possession thereof, shall vest in the condemnor upon the filing of the complaint and the making of the deposit in accordance with G.S. 40A-42.

(b) When a local public condemnor is acquiring property by condemnation for purposes other than for the purposes listed in subsection (a) above, title to the property taken and the right to possession shall vest in the condemnor pursuant to this subsection. Unless an action for injunctive relief has been initiated, title to the property specified in the complaint, together with the right to immediate possession thereof, shall vest in the condemnor:

(1) upon the filing of an answer by the owner who requests only that there be a determination of just compensation and who does not challenge the authority of the condemnor to condemn the property; or

(2) upon the failure of the owner to file an answer within the 120-day time period established by G.S. 40A-47; or

(3) upon the disbursement of the deposit in accordance with the provisions of G.S. 40A-45.

(c) If the property is owned by a private condemnor, the vesting of title in the condemnor and the right to immediate possession of the property shall not
CHAPTER 919        Session Laws—1981

become effective until the superior court has rendered final judgment (after any appeals) that the property is not in actual public use or is not necessary to the operation of the business of the owner, as set forth in G.S. 40A-5(b).

(d) If the answer raises any issues other than the issue of compensation, the issues so raised shall be determined under the provisions of G.S. 40A-48.

(e) The judge shall enter such orders in the cause as may be required to place the condemnor in possession.

(f) The provisions of this section shall not preclude or otherwise affect any remedy of injunction available to the owner or the condemnor.

§ 40A-44. Memorandum of action.—The condemnor, at the time of the filing of the complaint containing the declaration of taking and deposit of estimated compensation, shall record a memorandum of action with the register of deeds in all counties in which the land involved is located and said memorandum shall be recorded among the land records of said county. Upon the amending of any complaint affecting the property taken, the condemnor shall record a supplemental memorandum of action. The memorandum of action shall contain:

(1) The names of those persons who the condemnor is informed and believes to be or claim to be owners of the property and who are parties to said action;

(2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof;

(3) A statement of the property taken for public use;

(4) The date of institution of said action, the county in which said action is pending, and such other reference thereto as may be necessary for the identification of said action.

§ 40A-45. Disbursement of deposit.—Where there is no dispute as to title the person named in the complaint may apply to the court for disbursement of the money deposited in the court, or any part thereof, as full compensation, or as a credit against just compensation without prejudice to further proceedings in the cause to determine just compensation. Upon such application, the judge shall order that the money deposited be paid forthwith to the person entitled thereto in accordance with the application. Subject to the provisions of G.S. 40A-71 the judge shall have power to make such orders with respect to encumbrances, liens, rents, taxes, assessments, insurance and other charges, if any, as shall be just and equitable.

No notice to the condemnor of the hearing upon the application for disbursement of deposit shall be necessary.

§ 40A-46. Answer, reply and plat.—(a) Any person whose property has been taken by the condemnor by the filing of a complaint containing a declaration of taking, may within the time set forth in G.S. 40A-47 file an answer to the complaint. No answer shall be filed to the declaration of taking and notice of deposit. Said answer shall contain the following:

(1) Such admissions or denials of the allegations of the complaint as are appropriate;

(2) The names and addresses of the persons filing said answer, together with a statement as to their interest in the property taken;

(3) Such affirmative defenses or matters as are pertinent to the action; and

(4) A request that there be a determination of just compensation.

(b) A copy of the answer shall be served on the condemnor provided that failure to serve the answer shall not deprive the answer of its validity. The
affirmative allegations of said answer shall be deemed denied. The condemnor may, however, file a reply within 30 days from receipt of a copy of this answer.

(c) The condemnor, within 90 days from the receipt of the answer shall file in the cause a plat of the property taken and such additional area as may be necessary to properly determine the compensation, and a copy thereof shall be mailed to the parties or their attorney; provided, however, the condemnor shall not be required to file a map or plat in less than six months from the date of the filing of the complaint.

"§ 40A-47. Time for filing answer; failure to answer.—Any person named in and served with a complaint containing a declaration of taking shall have 120 days from the date of service thereof to file answer. Failure to answer within said time shall constitute an admission that the amount deposited is just compensation and shall be a waiver of any further proceeding to determine just compensation; in such event the judge shall enter final judgment in the amount deposited and order disbursement of the money deposited to the owner. Provided, however, at any time prior to the entry of the final judgment the judge may, for good cause shown and after notice to the condemnor extend the time for filing answer for 30 days.

"§ 40A-48. Determination of issues other than damages.—The judge, upon motion and 10 days notice by either the condemnor or the owner, shall, either in or out of session, hear and determine any and all issues raised by the pleadings other than the issue of compensation, including, but not limited to, the condemnor’s authority to take, questions of necessary and proper parties, title to the land, interest taken, and area taken.

"§ 40A-49. Appointment of commissioners.—(a) A request to the clerk for the appointment of commissioners to determine compensation for the taking may be made in the answer of the owner, or may be made by motion of either the owner or the condemnor within 60 days after the filing of the answer. After the determination of other issues as provided by G.S. 40A-48, the clerk shall appoint three competent, disinterested persons residing in the county to serve as commissioners. The commissioners shall be sworn and shall go upon the land to appraise the compensation for the property taken and report their findings to the court within a time certain. Each commissioner shall be a person who has no right, title, or interest in or to the property being condemned, is not related within the third degree to the owner or to the spouse of the owner, is not an officer, employee, or agent of the condemnor, and is disinterested in the rights of the parties in every way.

(b) The commissioners shall have the power to inspect the property, hold hearings, swear witnesses, and take evidence as they may, in their discretion, deem necessary, and shall file with the court a report of their determination of the damages sustained.

(c) The report of commissioners shall be in writing and in a form substantially as follows:

TO THE SUPERIOR COURT OF _______________ COUNTY
We, _______________ and _______________ Commissioners appointed by the Court to assess the compensation to be awarded to __________, the owner of property interest in certain land lying in __________ County, North Carolina, which has been taken by the __________ (condemnor), for public purposes, do hereby certify that we convened, and, having first been duly sworn, visited the premises, and took such evidence as was presented to us, and after taking into
full consideration the quality and quantity of the land and all other facts which reasonably affect its fair market value at the time of the taking, we have determined the fair market value of the property taken to be the sum of $________ and the compensation for the damage to the remainder of the land of the owner by reason of the taking to be the sum of $________ (if applicable).

GIVEN under our hands, this the _______ day of __________, 19____
_____________________________________________(SEAL)
_____________________________________________(SEAL)
_____________________________________________(SEAL)

(d) A copy of the report shall at the time of filing be mailed certified or registered mail by the clerk to each of the parties or to their counsel of record. Within 30 days after the mailing of the report, either the condemnor or the owner, may except thereto and demand a trial de novo by a jury as to the issue of compensation. Upon the receipt of such demand the action shall be placed on the civil issue docket of the superior court for trial de novo by a jury as to the issue of compensation, provided, that upon agreement of both parties trial by jury may be waived and the issue determined by the judge. The report of commissioners shall not be competent as evidence upon the trial of the issue of compensation in the superior court, nor shall evidence of the deposit by the condemnor into the court be competent upon the trial of the issue of compensation. If no exception to the report of commissioners is filed within the time prescribed, final judgment shall be entered by the judge upon a determination and finding by him that the report of commissioners plus interest computed in accordance with G.S. 40A-54 of this Chapter, awards to the property owners just compensation. In the event that the judge is of the opinion and, in his discretion, determines that the award does not provide just compensation, he shall set aside the award and order the case placed on the civil issue docket for determination of the issue of compensation by a jury.

"§ 40A-50. No request for commissioners.—After the determination of other issues as provided by G.S. 40A-48, if no request has been made for the appointment of commissioners within the time permitted by G.S. 40A-49(a), the cause shall be transferred to the civil issue docket for trial as to the issue of just compensation.

"§ 40A-51. Parties, orders; continuances.—The judge shall appoint an attorney to appear for and protect the rights of any party or parties in interest who are unknown, or whose residence is unknown and who has not appeared in the proceeding by an attorney or agent. The State Treasurer as custodian of the Escheat Fund shall be notified of the appointment of such an attorney. The judge shall appoint guardians ad litem for such parties as are infants, incompetents, or other parties who may be under a disability, and without general guardian, and the judge shall have the authority to make such additional parties as are necessary to the complete determination of the proceeding.

Upon his own motion, or upon motion of any of the parties the judge may, in his discretion, continue the cause until the project is completed or until such earlier time as, in the opinion of the judge, the effect of condemnation upon said property may be determined. The motion may be heard at a hearing pursuant to G.S. 40A-48 or upon the coming on of the cause for trial, and shall be granted upon a proper showing that the effect of condemnation upon the subject property cannot presently be determined.

§ 40A-52. Remedy where no declaration of taking filed; recording memorandum of action.—(a) If property has been taken by an act or omission of a condemnor listed in G.S. 40A-3(b) or (c) and no complaint containing a declaration of taking has been filed by the owner of the property, may initiate an action to seek compensation for the taking. The action may be initiated within 24 months of the date of the taking of the affected property or the completion of the project involving the taking, whichever shall occur later. The complaint shall be filed in the superior court and shall contain the following: the names and places of residence of all persons who are, or claim to be, owners of the property, so far as the same can by reasonable diligence be ascertained; if any persons are under a legal disability, it must be so stated; a statement as to any encumbrances on the property; the particular facts which constitute the taking together with the dates that they allegedly occurred, and; a description of the property taken. Upon the filing of said complaint summons shall issue and together with a copy of the complaint be served on the condemnor. The allegations of said complaint shall be deemed denied; however, the condemnor within 60 days of service summons and complaint may file answer thereto. If the taking is admitted by the condemnor, it shall, at the time of filing the answer, deposit with the court the estimated amount of compensation for the taking. Notice of the deposit shall be given to the owner. The owner may apply for disbursement of the deposit and disbursement shall be made in accordance with the applicable provisions of G.S. 40A-45. If a taking is admitted, the condemnor shall, within 90 days of the filing of the answer to the complaint, file a map or plat of the property taken. The procedure hereinbefore set out in this Article and in Article 4 shall be followed for the purpose of determining all matters raised by the pleadings and the determination of just compensation.

(b) The owner at the time of filing of the complaint shall record a memorandum of action with the register of deeds in all counties in which the property involved is located. The memorandum is to be recorded among the land records of the county. The memorandum of action shall contain:

1. The names of those persons who the owner is informed and believes to be or claim to be owners of the property;
2. A description of the entire tract or tracts affected by the alleged taking sufficient for the identification thereof;
3. A statement of the property allegedly taken; and
4. The date on which owner alleges the taking occurred, the date on which said action was instituted, the county in which it was instituted, and such other reference thereto as may be necessary for the identification of said action.

(c) Nothing in this section shall in any manner affect an owner’s common law right to bring an action in tort for damage to his property.

§ 40A-53. Measure of compensation.—The commissioners, jury or judge shall determine the issue of compensation in accordance with the provisions of Article 4 of this Chapter.

§ 40A-54. Interest as a part of just compensation.—To the amount awarded as compensation by the commissioners or a jury or judge, the judge shall add interest at the rate of six percent (6%) per annum on said amount from the date of taking to the date of judgment. Interest shall not be allowed from the date of deposit on so much thereof as shall have been paid into court as provided in this Article.
"§ 40A-55. Final judgments.—Final judgments entered in actions instituted under the provisions of this Article shall contain a description of the land affected, together with a description of the property acquired by the condemnor and a copy of said judgment shall be certified to the register of deeds in each county in which the land or any part thereof lies and be recorded among the land records of said county.

"§ 40A-56. Payment of compensation.—If there are adverse and conflicting claimants to the deposit made into the court by the condemnor or the additional amount determined as just compensation, on which the judgment is entered in said action, the judge may direct the full amount determined to be paid into said court by the condemnor and may retain said cause for determination of who is entitled to said moneys. The judge may by further order in the cause direct to whom the same shall be paid and may in its discretion order a reference to ascertain the facts on which such determination and order are to be made.

"§ 40A-57. Refund of deposit.—In the event the amount of the final judgment is less than the amount deposited by the condemnor pursuant to the provisions of this Article, the condemnor shall be entitled to recover the excess of the amount of the deposit over the amount of the final judgment and court costs incident thereto. In the event there are not sufficient funds on deposit to cover said excess, the condemnor shall be entitled to a judgment for said sum against the person or persons having received said deposit.

"§ § 40A-58 to 40A-64: Reserved for future codification purposes.

"ARTICLE 4.

"Just Compensation.

"§ 40A-65. Application.—The principles set down in this Article shall govern the determination of compensation to be awarded to the owner by the condemnor for the taking of his property.

"§ 40A-66. In general.—The determination of the amount of compensation shall reflect the value of the property immediately prior to the filing of the petition under G.S. 40A-21 or the complaint under G.S. 40A-42 and except as provided in the following sections shall not reflect an increase or decrease due to the condemnation. The day of the filing of a petition or complaint shall be the date of valuation of the interest taken.

"§ 40A-67. Compensation for taking.—(a) Except as provided in subsection (b), the measure of compensation for a taking of property is its fair market value.

(b) If there is a taking of less than the entire tract, the measure of compensation is the greater of either (1) the amount by which the fair market value of the entire tract immediately before the taking exceeds the fair market value of the remainder immediately after the taking; or (2) the fair market value of the property taken.

(c) If the owner is to be allowed to remove any timber, building or other permanent improvement of fixtures from the property, the value thereof shall not be included in the compensation award, but the cost of removal shall be considered as an element to be compensated.

"§ 40A-68. Effect of condemnation procedure on value.—(a) The value of the property taken, or of the entire tract if there is a partial taking, does not include an increase or decrease in value before the date of valuation that is caused by (1) the proposed improvement or project for which the property is taken; (2) the reasonable likelihood that the property would be acquired for that
improvement or project; or (3) the condemnation proceeding in which the property is taken.

(b) If before completion the project is expanded or changed to require the taking of additional property, the fair market value of the additional property does not include a decrease in value before the date of valuation caused by any of the factors described in subsection (a), but does include an increase in value before the date on which it became reasonably likely that the expansion or change of the project would occur, if the increase is caused by any of the factors described in subsection (a).

(c) Notwithstanding subsections (a) and (b), a decrease in value before the date of valuation which is caused by physical deterioration of the property within the reasonable control of the property owner, and by his unjustified neglect, may be considered in determining value.

“§ 40A-69. Compensation to reflect project as planned.—(a) If there is a taking of less than the entire tract, the value of the remainder on the valuation date shall reflect increases or decreases in value caused by the proposed project including any work to be performed under an agreement between the parties.

(b) The value of the remainder, as of the date of valuation, shall reflect the time the damage or benefit caused by the proposed improvement or project will be actually realized.

“§ 40A-70. Entire tract.—For the purpose of determining compensation under this Article, all contiguous tracts of land that are in the same ownership and are being used as an integrated economic unit shall be treated as if the combined tracts constitute a single tract.

“§ 40A-71. Acquisition of property subject to lien.—Notwithstanding the provisions of an agreement, if any, relating to a lien encumbering the property:

(1) If there is a partial taking, the lienholder may share in the amount of compensation awarded only to the extent determined by the commissioners or by the jury or by the judge to be necessary to prevent an impairment of his security, and the lien shall continue upon the part of the property not taken as security for the unpaid portion of the indebtedness until it is paid; and

(2) Neither the condemnor nor owner is liable to the lienholder for any penalty for prepayment of the debt secured by the lien, and the amount awarded by the judgment to the lienholder shall not include any penalty therefor.

“§ 40A-72. Property subject to life tenancy.—If the property taken is subject to a life tenancy, the commissioners, the jury, or the judge may include in the judgment a requirement that:

(1) the award be apportioned and distributed on the basis of the respective values of the interests of the life tenant and remainderman;

(2) the compensation be used to purchase comparable property to be held subject to the life tenancy;

H. B. 823  CHAPTER 922

AN ACT TO ESTABLISH A DRUG EDUCATION PROGRAM AND TO STRENGTHEN THE LAWS AGAINST PERSONS WHO POSSESS CONTROLLED SUBSTANCES WHILE ALLOWING CONDITIONAL DISCHARGE AND EXPUNCTION OF RECORDS FOR FIRST OFFENSE.

The General Assembly of North Carolina enacts:

Section 1. Subsection (a) of G.S. 90-96 is rewritten as follows:

"(a) Whenever any person who has not previously been convicted of any offense under this Article or under any statute of the United States or any state relating to those substances included in Article 5 or 5A of Chapter 90 or to that paraphernalia included in Article 5B of Chapter 90 pleads guilty to or is found guilty of a misdemeanor under this Article by possessing a controlled substance included within Schedules II through VI of this Article, or by possessing drug paraphernalia as prohibited by G.S. 90-113.16, the court may, without entering a judgment of guilt and with the consent of such person, defer further proceedings and place him on probation upon such reasonable terms and conditions as it may require. Notwithstanding the provisions of G.S. 15A-1342(c) or any other statute or law, probation may be imposed under this section for an offense under this Article for which the prescribed punishment includes only a fine. To fulfill the terms and conditions of probation the court may allow the defendant to participate in a drug education program approved for this purpose by the Department of Human Resources. Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge such person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without court adjudication of guilt and shall not be deemed a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime including the additional penalties imposed for second or subsequent convictions under this Article. Discharge and dismissal under this section or G.S. 90-113.14 may occur only once with respect to any person. Disposition of a case to determine discharge and dismissal under this section at the district court division of the General Court of Justice shall be final for the purpose of appeal. Prior to taking any action to discharge and dismiss under this section the court shall make a finding that the defendant has no record of previous convictions under the 'North Carolina Controlled Substances Act', Article 5, Chapter 90, the 'North Carolina Toxic Vapors Act', Article 5A, Chapter 90, or the 'Drug Paraphernalia Act', Article 5B, Chapter 90."

1408
Sec. 2. G.S. 90-96 is further amended by redesignating the present subsections (b), (c) and (d) as (c), (d) and (e) and inserting a new subsection (b) to read:

"(b) Upon the first conviction only of any offense included in G.S. 90-95(a)(3) or G.S. 90-113.16 and subject to the provisions of this subsection (b), the court may place defendant on probation under this section for an offense under this Article including an offense for which the prescribed punishment includes only a fine. The probation, if imposed, shall be for not less than one year and shall contain a minimum condition that the defendant who was found guilty or pleads guilty enroll in and successfully complete, within 150 days of the date of the imposition of said probation, the program of instruction at the Drug Education School approved by the Department of Human Resources pursuant to G.S. 90-96A. The court may impose probation that does not contain a condition that defendant successfully complete the program of instruction at a Drug Education School if:

(1) there is no Drug Education School within a reasonable distance of the defendant’s residence; or

(2) there are specific, extenuating circumstances which make it likely that defendant will not benefit from the program of instruction.

The court shall enter such specific findings in the record; provided that in the case of subdivision (2) above, such findings shall include the specific, extenuating circumstances which make it likely that the defendant will not benefit from the program of instruction.

For the purposes of determining whether the conviction is a first conviction or whether a person has already had discharge and dismissal, no prior offense occurring more than seven years before the date of the current offense shall be considered. In addition, convictions for violations of a provision of G.S. 90-95(a)(1) or 90-95(a)(2) or 90-95(a)(3), or 90-113.10, or 90-113.11, or 90-113.12, or 90-113.16 shall be considered previous convictions.

Failure to complete successfully an approved program of instruction at a Drug Education School shall constitute grounds to revoke probation and deny application for expunction of all recordation of defendant’s arrest, indictment, or information, trial, finding of guilty, and dismissal and discharge pursuant to this section. For purposes of this subsection, the phrase ‘failure to complete successfully the prescribed program of instruction at a Drug Education School’ includes failure to attend scheduled classes without a valid excuse, failure to complete the course within 150 days of imposition of probation, willful failure to pay the required fee for the course, or any other manner in which the person fails to complete the course successfully. The instructor of the course to which a person is assigned shall report any failure of a person to complete successfully the program of instruction to the court which imposed probation. Upon receipt of the instructor’s report that the person failed to complete the program successfully, the court shall revoke probation and/or deny application for expunction of all recordation of defendant’s arrest, indictment, or information, trial, finding of guilty, and dismissal and discharge pursuant to this section. A person may obtain a hearing before the court of original jurisdiction prior to revocation of probation or denial of application for expunction.

This subsection is supplemental and in addition to existing law and shall not be construed so as to repeal any existing provision contained in the General Statutes of North Carolina."
CHAPTER 922  Session Laws—1981

Sec. 3. G.S. 90-96(d) is amended by deleting Roman numeral "III" in the first sentence and substituting Roman numeral "II".

Sec. 4. G.S. 90-96 is amended by adding at the end thereof a new subsection (e) to read as follows:

"(e) Whenever any person who has not previously been convicted of an offense under this Article or under any statute of the United States or any state relating to controlled substances included in any schedule of this Article or to that paraphernalia included in Article 5B of Chapter 90 pleads guilty to or has been found guilty of a misdemeanor under this Article by possessing a controlled substance included within Schedules II through VI of this Article, or by possessing drug paraphernalia as prohibited by G.S. 90-113.16, the court may, upon application of the person not sooner than 12 months after conviction, order cancellation of the judgment of conviction and expunction of the records of his arrest, indictment, or information, trial and conviction. A conviction in which the judgment of conviction has been cancelled and the records expunged pursuant to this section shall not be thereafter deemed a conviction for purposes of this section or for purposes of disqualifications or liabilities imposed by law upon conviction of a crime including the additional penalties imposed for second or subsequent convictions of this Article. Cancellation and expunction under this section may occur only once with respect to any person. Disposition of a case under this section at the district court division of the General Court of Justice shall be final for the purpose of appeal.

The granting of an application filed under this section shall cause the issue of an order to expunge from all official records (other than the confidential file to be retained by the Administrative Office of the Courts under subsection (e)) all recordation relating to the petitioner's arrest, indictment, or information, trial, finding of guilty, judgment of conviction, cancellation of the judgment, and expunction of records pursuant to this section.

The judge to whom the petition is presented is authorized to call upon a probation officer for additional investigation or verification of the petitioner's conduct since conviction. If the court determines that the petitioner was convicted of a misdemeanor under this Article for possessing a controlled substance included within Schedules II through VI of this Article, or for possessing drug paraphernalia as prohibited in G.S. 90-113.16, that he was not over 21 years of age at the time of the offense, that he has been of good behavior since his conviction, that he has successfully completed a drug education program approved for this purpose by the Department of Human Resources, and that he has not been convicted of a felony or misdemeanor other than a traffic violation under the laws of this State at any time prior to or since the conviction for the misdemeanor in question, it shall enter an order of expunction of the petitioner's court record. The effect of such order shall be to restore the petitioner in the contemplation of the law to the status he occupied before arrest or indictment or information or conviction. No person as to whom such order was entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his failures to recite or acknowledge such arrest, or indictment or information, or conviction, or trial in response to any inquiry made of him for any purpose. The judge may waive the condition that the petitioner attend the drug education school if the judge makes a specific finding that there was no drug education school within a reasonable distance of the defendant's residence or that there
were specific extenuating circumstances which made it likely that the petitioner would not benefit from the program of instruction.

The court shall also order that all law enforcement agencies bearing records of the conviction and records relating thereto to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency, as appropriate, and the arresting agency shall forward the order to the State Bureau of Investigation with a form supplied by the State Bureau of Investigation. The State Bureau of Investigation shall forward the court order in like manner to the Federal Bureau of Investigation.

The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in his county, file with the Administrative Office of the Courts the names of those persons whose judgments of convictions have been cancelled and expunged under the provisions of this Article, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons whose judgments of convictions have been cancelled and expunged. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense under this Article has been previously granted cancellation and expungement of a judgment of conviction pursuant to the terms of this Article.”

Sec. 5. Subsection (a) of 90-113.14 is rewritten as follows:

“(a) Whenever any person who has not previously been convicted of any offense under this Article or under any statute of the United States or any state relating to those substances included in Article 5 or 5A or 5B of Chapter 90 pleads guilty to or is found guilty of inhaling or possessing any substance having the property of releasing toxic vapors or fumes in violation of Article 5A of Chapter 90, the court may, without entering a judgment of guilt and with the consent of such person, defer further proceedings and place him on probation upon such reasonable terms and conditions as it may require. Notwithstanding the provisions of G.S. 15A-1342(c) or any other statute or law, probation may be imposed under this section for an offense under this Article for which the prescribed punishment includes only a fine. To fulfill the terms and conditions of probation the court may allow the defendant to participate in a drug education program approved for this purpose by the Department of Human Resources. Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge such person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without court adjudication of guilt and shall not be deemed a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime including the additional penalties imposed for second or subsequent convictions. Discharge and dismissal under this section or G.S. 90-96 may occur only once with respect to any person. Disposition of a case to determine discharge and dismissal under this section at the district court division of the General Court of Justice shall be final for the purpose of appeal. Prior to taking any action to discharge or dismiss under this section the court shall make a finding that the defendant has no record of previous convictions under the ‘North Carolina Toxic Vapors Act’, Article 5A,
Chapter 90, the 'North Carolina Controlled Substances Act', Article 5, Chapter 90, or the 'Drug Paraphernalia Act', Article 5B, Chapter 90.'

Sec. 6. G.S. 90-113.14 is further amended by redesignating the present subsections (b) and (c) as (c) and (d) and inserting a new subsection (b) to read:

"(b) Upon the first conviction only of any offense included in G.S. 90-113.10 or G.S. 90-113.11 and subject to the provisions of this subsection (b), the court may place defendant on probation under this section for an offense under this Article including an offense for which the prescribed punishment includes only a fine. The probation, if imposed, shall be for not less than one year and shall contain a minimum condition that the defendant who was found guilty or pleads guilty enroll in and successfully complete, within 150 days of the date of the imposition of said probation, the program of instruction at the Drug Education School approved by the Department of Human Resources pursuant to G.S. 90-96A. The court may impose probation that does not contain a condition that defendant successfully complete the program of instruction at a Drug Education School if:

(1) there is no Drug Education School within a reasonable distance of the defendant's residence; or

(2) there are specific, extenuating circumstances which make it likely that defendant will not benefit from the program of instruction.

The court shall enter such specific findings in the record; provided that in the case of subsection (2) above, such findings shall include the specific, extenuating circumstances which make it likely that the defendant will not benefit from the program of instruction.

For the purpose of determining whether the conviction is a first conviction or whether a person has already had discharge and dismissal, no prior offense occurring more than seven years before the date of the current offense shall be considered. In addition, convictions for violations of a provision of G.S. 90-95(a)(1) or 90-95(a)(2) or 90-95(a)(3), or 90-113.10, or 90-113.11, or 90-113.12, or 90-113.16 shall be considered previous convictions.

Failure to complete successfully an approved program of instruction at a Drug Education School shall constitute grounds to revoke probation and deny application for expunction of all recordation of defendant's arrest, indictment, or information, trial, finding of guilty, and dismissal and discharge pursuant to this section. For purposes of this subsection, the phrase 'failure to complete successfully the prescribed program of instruction at a Drug Education School' includes failure to attend scheduled classes without a valid excuse, failure to complete the course within 150 days of imposition of probation, willful failure to pay the required fee for the course, or any other manner in which the person fails to complete the course successfully. The instructor of the course to which a person is assigned shall report any failure of a person to complete successfully the program of instruction to the court which imposed probation. Upon receipt of the instructor's report that the person failed to complete the program successfully, the court shall revoke probation and/or deny application for expunction of all recordation of defendant’s arrest, indictment, or information, trial, finding of guilty, and dismissal and discharge pursuant to this section. A person may obtain a hearing before the court of original jurisdiction prior to revocation of probation or denial of application for expunction.
This subsection is supplemental and in addition to existing law and shall not be construed so as to repeal any existing provision contained in the General Statutes of North Carolina."

Sec. 7. G.S. 90-13.14 is amended by adding two new subsections (d) and (e) to read:

"(d) Whenever any person is charged with a misdemeanor under this Article by possessing a controlled substance included within Schedules II through VI of this Article, or by possessing drug paraphernalia as prohibited by G.S. 90-113.16 upon dismissal by the State of the charges against him or upon entry of a nolle prosequi or upon a finding of not guilty or other adjudication of innocence, such person may apply to the court for an order to expunge from all official records all recordation relating to his arrest, indictment, or information, and trial. If the court determines, after hearing that such person was not over 21 years of age at the time any of the proceedings against him occurred, it shall enter such order. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his failures to recite or acknowledge such arrest, or indictment, or information, or trial in response to any inquiry made of him for any purpose.

(e) Whenever any person who has not previously been convicted of an offense under this Article or under any statute of the United States or any state relating to controlled substances included in any schedule of this Article or to that paraphernalia included in Article 5B of Chapter 90 pleads guilty to or has been found guilty of a misdemeanor under this Article by possessing a controlled substance included within Schedules II through VI of this Article, the court may, upon application of the person not sooner than 12 months after conviction, order cancellation of the judgment of conviction and expunction of the records of his arrest, indictment, or information, trial and conviction. A conviction in which the judgment of conviction has been cancelled and the records expunged pursuant to this section shall not be thereafter deemed a conviction for purposes of this section or for purposes of disqualifications or liabilities imposed by law upon conviction of a crime including the additional penalties imposed for second or subsequent convictions of this Article. Cancellation and expunction under this section may occur only once with respect to any person. Disposition of a case under this section at the district court division of the General Court of Justice shall be final for the purpose of appeal.

The granting of an application filed under this section shall cause the issue of an order to expunge from all official records (other than the confidential file to be retained by the Administrative Office of the Courts under subsection (c)) all recordation relating to his arrest, indictment, or information, trial, finding of guilty, judgment of conviction, cancellation of the judgment, and expunction of records pursuant to this section.

The judge to whom the petition is presented is authorized to call upon a probation officer for additional investigation or verification of the petitioner’s conduct since conviction. If the court determines that the petitioner was convicted of a misdemeanor under this Article for possessing a controlled substance included within Schedules II through VI of this Article, or for possessing drug paraphernalia as prohibited by G.S. 90-113.16, that he was not over 21 years of age at the time of the offense, that he has been of good behavior.
since his conviction, that he has successfully completed a drug education program approved for this purpose by the Department of Human Resources, and that he has not been convicted of a felony or misdemeanor other than a traffic violation under the laws of this State at any time prior to or since the conviction for the misdemeanor in question, it shall enter an order of expunction of the petitioner's court record. The effect of such order shall be to restore the petitioner in the contemplation of the law to the status he occupied before such arrest or indictment or information or conviction. No person as to whom such order was entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his failures to recite or acknowledge such arrest, or indictment or information, or conviction, or trial in response to any inquiry made of him for any purpose. The judge may waive the condition that the petitioner attend the drug education school if the judge makes a specific finding that there was no drug education school within a reasonable distance of the defendant's residence or that there were specific extenuating circumstances which made it likely that the petitioner would not benefit from the program of instruction.

The court shall also order that all law enforcement agencies bearing records of the conviction and records relating thereto to expunge their records of the conviction. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency, as appropriate, and the arresting agency shall forward the order to the State Bureau of Investigation with a form supplied by the State Bureau of Investigation. The State Bureau of Investigation shall forward the court order in like manner to the Federal Bureau of Investigation.

The clerk of superior court in each county in North Carolina shall, as soon as practicable after each term of court in his county, file with the Administrative Office of the Courts the names of those persons whose judgments of convictions have been cancelled and expunged under the provisions of this Article, and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons whose judgments of convictions have been cancelled and expunged. The information contained in the file shall be disclosed only to judges of the General Court of Justice of North Carolina for the purpose of ascertaining whether any person charged with an offense under this Article has been previously granted cancellation and expungement of a judgment of conviction pursuant to the terms of this Article."

Sec. 8. G.S. Chapter 90 is amended by adding a new section numbered G.S. 90-96A between G.S. 90-96 and G.S. 90-96.1 to read as follows:

"§ 90-96A. Drug education schools; responsibilities of the Department of Human Resources; fees.—(a) The Commission for Mental Health, Mental Retardation, and Substance Abuse Services shall establish standards and guidelines for the curriculum and operation of local drug education programs. The Department of Human Resources shall oversee the development of a statewide system of schools and shall insure that schools are available in all localities of the State as soon as is practicable.

(1) A fee of one hundred dollars ($100.00) shall be paid by all persons enrolling in an accredited Drug Education School established pursuant to this section. That fee must be paid to an official designated for that purpose and at a time and place specified by the Area Mental Health, Mental Retardation, and Substance Abuse Authority providing the

1414
course of instruction in which the person is enrolled. If the clerk of
court in the county in which the person is convicted agrees to collect the
fees, the clerk shall collect all fees for persons convicted in that county.
The clerk shall pay the fees collected to the area mental health, mental
retardation and substance abuse authority for the catchment area where
the clerk is located regardless of the location where the defendant
attends the Drug Education School and that authority shall distribute
the funds in accordance with the rules and regulations of the
Department. The fee must be paid in full within two weeks of the date
the person is convicted and before he attends any classes, unless the
court, upon a showing of reasonable hardship, allows the person
additional time to pay the fee or allows him to begin the course of
instruction without paying the fee. If the person enrolling in the school
demonstrates to the satisfaction of the court that ordered him to enroll
in the school that he is unable to pay and his inability to pay is not
willful, the court may excuse him from paying the fee. Parents or
guardians of persons attending Drug Education School shall be allowed
to audit the Drug Education School along with their children or wards
at no extra expense.

(2) The Department of Human Resources shall have the authority to
approve programs to be implemented by area mental health, mental
retardation, and substance abuse authorities. Area mental health,
mental retardation, and substance abuse authorities may subcontract
for the delivery of drug education program services. The Department
shall have the authority to approve budgets and contracts with public
and private governmental and nongovernmental bodies for the
operation of such schools.

(3) Fees collected under this section and retained by the Area Mental
Health, Mental Retardation and Substance Abuse Authority shall be
placed in a nonreverting fund. That fund must be used, as necessary, for
the operation, evaluation and administration of the Drug Education
Schools; excess funds may only be used to fund other drug or alcohol
programs. The Area Mental Health, Mental Retardation and Substance
Abuse Authority shall remit five percent (5%) of each fee collected to
the Department of Human Resources on a monthly basis. Fees received
by the Department as required by this section may only be used in
supporting, evaluating, and administering Drug Education Schools, and
any excess funds will revert to the General Fund.

(4) All fees collected by any area mental health, mental retardation and
substance abuse authority under the authority of this section may not
be used in any manner to match other State funds or be included in any
computation for State formula-funded allocations.

(b) Willful failure to pay the fee is one ground for a finding that a person
placed on probation or who may make application for expunction of all
recordation of his arrest or conviction has not successfully completed the
course. If the court determines the person is unable to pay, he shall not be
deemed guilty of a willful failure to pay the fee.”

Sec. 9. This program and the provisions of this act shall be implemented
to the extent appropriations are provided by the General Assembly but nothing
CHAPTER 922  Session Laws—1981

herein contained shall be construed to obligate the General Assembly to appropriate additional funds.

Sec. 10. The Department of Human Resources shall prepare an evaluation of the effectiveness of the course of instruction at Drug Education Schools, and the result of that evaluation shall be made available to the 1985 Session of the General Assembly.

Sec. 11. This act shall become effective October 1, 1981, except that Sections 3, 4 and 7 shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of July, 1981.

H. B. 1098  CHAPTER 923

AN ACT TO CREATE A DOMICILIARY HOME RESIDENTS' BILL OF RIGHTS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 131C of the General Statutes, as enacted by Section 2 of Chapter 275, Session Laws of 1981, is amended by adding the following new Article:

"ARTICLE 4.

"Domiciliary Home Residents' Bill of Rights.

"§ 131C-50. Legislative intent.—It is the intent of the General Assembly to promote the interests and well-being of the residents in domiciliary homes to include Family Care Homes, Homes for the Aged and Disabled, and Group Homes for Developmentally Disabled Adults licensed pursuant to G.S. 108-77. It is the intent of the General Assembly that every resident's civil and religious liberties, including the right to independent personal decisions and knowledge of available choices, shall not be infringed and that the facility shall encourage and assist the resident in the fullest possible exercise of these rights.

"§ 131C-51. Definitions.—As used in this Article, the following terms have the meanings specified:

(1) 'Abuse' has the same meaning as in G.S. 108A-152(a).
(2) 'Domiciliary Home' means any facility, by whatever name it is called, which provides residential care for aged or disabled persons whose principal need is a home with the sheltered or personal care their age or disability requires. Medical care at a domiciliary home is only occasional or incidental, such as may be required in the home of any individual or family, but the administration of medication is supervised. Domiciliary homes are to be distinguished from nursing homes subject to licensure under G.S. 130-9(e). The three types of domiciliary homes are homes for the aged and disabled, family care homes and group homes for developmentally disabled adults.
(3) 'Exploitation' means exploitation as defined in G.S. 108A-152(j).
(4) 'Facility' means a domiciliary home licensed pursuant to G.S. 108-77.
(5) 'Family Care Home' means a domiciliary home having two to five residents. The structure of a family care home may be no more than two stories high and none of the aged or physically disabled persons being served there may be housed in the upper story without provision for two direct, exterior ground-level accesses to the upper story.
(6) 'Group Home for Developmentally Disabled Adults' means a domiciliary home which has two to nine developmentally disabled adult residents.
(7) 'Home for the Aged and Disabled' means a domiciliary home which has six or more residents.

(9) 'Resident' means an aged or disabled person who has been admitted to a facility.

§131C-52. Declaration of residents' rights.—Each facility shall treat its residents in accordance with the provisions of this Article. Every resident shall have the following rights:

1. To be treated with respect, consideration, dignity, and full recognition of his or her individuality and right to privacy.
2. To receive care and services which are adequate, appropriate, and in compliance with relevant federal and State laws and regulations.
3. To receive upon admission and during his or her stay a written statement of the services provided by the facility and the charges for these services.
4. To be free of mental and physical abuse, neglect, and exploitation.
5. Except in emergencies, to be free from chemical and physical restraint unless authorized for a specified period of time by a physician according to clear and indicated medical need.
6. To have his or her personal and medical records kept confidential and not disclosed if he or she objects in writing unless required by State or federal law or regulation.
7. To receive a reasonable response to his or her requests from the facility administrator and staff.
8. To associate and communicate privately and without restriction with people and groups of his or her own choice on his or her own or their initiative at any reasonable hour.
9. To have access at any reasonable hour to a telephone where he or she may speak privately.
10. To send and receive mail promptly and unopened, unless the resident requests that someone open and read mail, and to have access at his or her expense to writing instruments, stationery, and postage.
11. To be encouraged to exercise his or her rights as a resident and citizen, and to be permitted to make complaints and suggestions without fear of coercion or retaliation.
12. To have and use his or her own possessions where reasonable and have an accessible, lockable space provided for security of personal valuables. This space shall be accessible only to the resident, the administrator, or supervisor-in-charge.
13. To manage his or her personal needs funds unless such authority has been delegated to another. If authority to manage personal needs funds has been delegated to the facility, the resident has the right to examine the account at any time.
14. To be notified when the facility is issued a provisional license by the North Carolina Department of Human Resources and the basis on which the provisional license was issued. The resident's responsible family member or guardian shall also be notified.
15. To have freedom to participate by choice in accessible community activities and in social, political, medical, and religious resources and to have freedom to refuse such participation.
(16) To receive upon admission to the facility a copy of this section.

"§ 131C-53. Incompetence.—If the resident is adjudicated incompetent or designates another in writing the power to manage his financial affairs, then in such event, his attorney-in-fact, guardian of the person, general guardian, or such other person, no matter how designated, may sign any documents required by the provisions of this Article, may otherwise do or perform any other act, and may receive or furnish any information required by this Article.

"§ 131C-54. No waiver of rights.—No facility may require a resident to waive the rights specified in G.S. 131C-52.

"§ 131C-55. Notice to resident.—(a) A copy of the declaration of the residents' rights shall be posted conspicuously in a public place in all facilities. A copy of the declaration of residents' rights shall be furnished to the resident upon admittance to the facility, to all residents currently residing in the facility, to a representative payee of the resident, or to any person designated in G.S. 131C-53, and if requested to the residents' responsible family member or guardian. Receipts for the declaration of rights signed by these persons shall be retained in the facility's files. The declaration of rights shall be included as part of the facility's admission policies and procedures.

(b) The address and telephone number of the section in the Department of Human Resources responsible for the enforcement of the provisions of this Article shall be posted and distributed with copies of G.S. 131C-52. The address and telephone number of the county Social Services Department, and the appropriate person or office of the Department of Human Resources shall also be posted and distributed.

"§ 131C-56. Implementation.—Responsibility for implementing the provisions of this Article shall rest with the administrator of the facility. Each facility shall provide appropriate training to staff to implement the declaration of residents' rights included in G.S. 131C-52.

"§ 131C-57. Enforcement and investigation.—(a) The Department of Human Resources shall be responsible for the enforcement of the provisions of this Article. Specifically, the Department of Social Services in the county in which the facility is located, along with the Department of Human Resources, shall be responsible for enforcing the provisions of the declaration of the residents' rights. The director of the county Department of Social Services shall monitor the implementation of the declaration of the residents' rights and shall also investigate any complaints or grievances pertaining to violations of the declaration of rights.

(b) If upon investigation, it is found that any of the provisions of the declaration of rights have been violated, the director of the county Department of Social Services must inform the administrator of the specific violations, what must be done to correct them, and set a date by which the violations must be corrected. This information must be confirmed in writing to the administrator by the county director who shall specify the identified violation(s), what must be done to correct the violation(s) and dates by which they must be corrected. Such written communication must be made immediately following the investigation, and a copy of the letter shall be sent to the Department of Human Resources.

(c) Upon receiving requests for assistance in resolving complaints from the county Department of Social Services, the Department of Human Resources shall ensure compliance with the provisions of this Article.
(d) The county director of social services shall annually make a report to the Department of Human Resources about the number of substantiated violations of G.S. 131C-52, the nature of the violations, and the number of violations referred to the Department of Human Resources for resolution.

“§ 131C-58. Confidentiality.—The Department of Human Resources is authorized to inspect residents’ records maintained at the facility when necessary to investigate any alleged violation of the declaration of the residents’ rights. The Department of Human Resources shall maintain the confidentiality of all persons who register complaints with the Department of Human Resources and of all records inspected by the Department of Human Resources.

“§ 131C-59. Civil action.—Every resident shall have the right to institute a civil action for injunctive relief to enforce the provisions of this Article. The Department of Human Resources, a general guardian, or any person appointed ad litem pursuant to law, may institute an action pursuant to this section on behalf of the resident or residents. Any agency or person above named may enforce the rights of the resident specified in G.S. 131C-52 which the resident himself is unable to enforce.

“§ 131C-60. Revocation of license.—The Department of Human Resources shall have the authority to revoke a license issued pursuant to G.S. 108-77 in any case where it finds that there has been a substantial failure to comply with the provisions of this Article.

Such revocation shall be effected by mailing to the licensee by registered or certified mail, or by personal service of, a notice setting forth the particular reasons for such action. Such revocation shall become effective 20 days after the mailing or service of the notice, unless the applicant or licensee, within such 20-day period, shall give written notice to the Department of Human Resources requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the licensee shall be given a prompt and fair hearing pursuant to the Administrative Procedure Act. At any time at or prior to the hearing, the Department of Human Resources may rescind the notice of revocation upon being satisfied that the reasons for the revocation have been or will be removed.

“§ 131C-61. Penalties; remedies.—(a) The Department of Human Resources shall impose an administrative penalty in accordance with provisions of this Article on any facility:

(1) Which fails to comply with either the entire section of residents’ rights listed in G.S. 131C-52 or with any of these rights, the failure to comply with which endangers the health, safety or welfare of a resident, or

(2) Which refuses to allow an authorized representative of the Department of Human Resources to inspect the premises and records of the facility.

(b) Each day of a continued violation shall constitute a separate violation. The penalty for each violation shall be ten dollars ($10.00) per day per resident affected by the violation.

(c) Any facility wishing to contest a penalty shall be entitled to an administrative hearing as provided in the Administrative Procedure Act.

(d) The Secretary of Human Resources may bring a civil action in the Superior Court of Wake County to recover the amount of the administrative penalty whenever a facility:

(1) Which has not requested an administrative hearing fails to pay the penalty within 60 days after being notified of such penalty, or

1419
CHAPTER 923  Session Laws—1981

(2) Which has requested an administrative hearing fails to pay the penalty within 60 days after service of a written copy of the decision as provided in G.S. 150A-36.

"§ 131C-62. Domiciliary Home Community Advisory Committees.—(a) Statement of Purpose. It is the intent of the General Assembly that community advisory committees work to maintain the spirit of the Domiciliary Home Residents’ Bill of Rights within the licensed domiciliary homes in this State. It is the further intent of the General Assembly that the committees promote community involvement and cooperation with domiciliary homes to ensure quality care for the elderly and disabled adults.

(b) Establishment and Appointment of Committees. Counties are encouraged to establish a Domiciliary Home Community Advisory Committee in each county which has at least one licensed domiciliary home. The committee shall serve all the homes in the county, and shall work with each home for the best interests of the persons residing in each home. Each committee shall be appointed by the Board of County Commissioners. The size of the committee, the makeup of its members, and the length of their terms will be left to the discretion of the County Commissioners. It is desirable for County Commissioners to have input from all interested parties, including the local domiciliary home operators regarding the appointment of the committees. Each county shall have the necessary flexibility in appointing committee members. Existing advocacy committees such as the Nursing Home Community Advisory Committees may be utilized for this purpose.

(c) Minimum Qualifications for Appointment. Each member must be a resident of the county which the committee serves. No person or immediate family member of a person with a financial interest in a home served by a committee, or employee or governing board member of a home served by a committee, or immediate family member of a resident in a home served by a committee may be a member of a committee. Any county commissioner who is appointed to the committee shall be deemed to be serving on the committee in an ex officio capacity. Members of the committee shall serve without compensation, but may be reimbursed for actual expenses incurred by them in the performance of their duties. H. B. 1173  CHAPTER 925
AN ACT TO ESTABLISH A PROGRAM TO PURCHASE AND MAINTAIN COASTAL LANDS SUBJECT TO NATURAL HAZARDS FOR BEACH ACCESS AND USE.

The General Assembly of North Carolina enacts:

Section 1. A new Article is added to Chapter 113A of the General Statutes to read:

"ARTICLE 7A.

"Coastal Beach Access Program.

"§ 113A-134.1. Legislative findings.—It is determined and declared as a matter of legislative findings that there are many privately owned lots or tracts of land in close proximity to the Atlantic Ocean in North Carolina that have been and will be adversely affected by the coastal hazards such as erosion, flooding and storm damage. The sand dunes on many of these lots provide valuable protective functions for public and private property and serve as an integral part of the beach sand supply system. Placement of permanent substantial structures on these lots will lead to increased risks of loss of life and property, increased public costs, and potential eventual encroachment of structures onto the beach.
The public has traditionally fully enjoyed the State’s ocean beaches and public access to and use of the beaches. The beaches provide a recreational resource of great importance to North Carolina and its citizens and this makes a significant contribution to the economic well-being of the State. The ocean beaches are resources of statewide significance and have been customarily freely used and enjoyed by people throughout the State. Public access to ocean beaches in North Carolina is, however, becoming severely limited in some areas. Also, the lack of public parking is increasingly making the use of existing public access difficult or impractical in some areas. Public purposes would be served by providing increased access to ocean beaches, public parking facilities, or other related public uses. There is therefore, a pressing need in North Carolina to establish a comprehensive program for the identification, acquisition, improvement and maintenance of public accessways to the ocean beaches.

“§ 113A-134.2. Creation of program; administration; purpose.—There is created the Coastal Beach Access Program, to be administered by the Coastal Resources Commission and the Department of Natural Resources and Community Development, for the purpose of acquiring, improving and maintaining property along the Atlantic Ocean, as provided in this Article.

“§ 113A-134.3. Standards for beach access program.—The Coastal Resources Commission, with the support of the Department of Natural Resources and Community Development, shall establish and carry out a program to assure the acquisition, improvement and maintenance of a system of public access to ocean beaches. This beach access program shall include standards to be adopted by the Commission for the acquisition of property and the use and maintenance of said property. The standards shall be written to assure that land acquisition funds shall only be used to purchase interests in property that will be of benefit to the general public. Priority shall be given to acquisition of lands which, due to adverse effects of coastal natural hazards, such as past and potential erosion, flooding and storm damage, are unsuitable for the placement of permanent structures, including lands for which a permit for improvements has been denied under rules and regulations promulgated pursuant to State law. The program shall be designed to provide and maintain reasonable public access and necessary parking, within the limitations of the resources available, to all areas of the North Carolina coast where access is compatible with the natural resources involved and where reasonable access is not already available as of June 30, 1981. To the maximum extent possible, this program shall be coordinated with State and local coastal management and recreational programs and carried out in cooperation with local governments. Prior to the purchase of any interests in property, the Secretary of Natural Resources and Community Development or his designee shall make a written finding of the public purpose to be served by the acquisition. Once property is purchased, the Department of Natural Resources and Community Development may allow property, without charge, to be controlled and operated by the county or municipality in which the property is located, subject to an agreement requiring that the local government use and maintain the property for its intended public purpose. These land acquisition funds shall not be used to purchase property held for less than two years by the current owner. These funds may be used to meet matching requirements for federal or other funds. The Department of Natural Resources and Community Development shall make every effort to obtain funds from sources other than the General Fund for these purposes.
CHAPTER 925   Session Laws—1981

Funds may be used to acquire or develop land for pedestrian access including parking or to make grants to local governments to accomplish the purposes of this act. All acquisitions or dispositions of property made pursuant to this Article shall be in accordance with the provisions of Chapter 146 of the General Statutes."

Sec. 2. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of July, 1981.

AN ACT TO REWRITE GENERAL STATUTES CHAPTER 8A PROVIDING INTERPRETERS FOR DEAF PERSONS IN CERTAIN JUDICIAL, LEGISLATIVE, AND ADMINISTRATIVE PROCEEDINGS, AND FOR RELATED PURPOSES.

The General Assembly of North Carolina enacts:

Section 1. Chapter 8A of the General Statutes, titled "Interpreters for Deaf Persons", is rewritten to read:

"Chapter 8A.

"Interpreters for Deaf Persons.

"§ 8A-1. Definitions.—As used in this Chapter:
(1) 'Deaf person' means a person whose hearing impairment is so significant that the individual is impaired in processing linguistic information through hearing, with or without amplification.

(2) 'Qualified interpreter' means an interpreter certified as qualified under standards and procedures promulgated by the Department of Human Resources. If the appointing authority finds that an interpreter possessing these qualifications is not available, an interpreter without these qualifications may be called and used as a qualified interpreter if the interpreter's actual qualifications have otherwise been determined to be adequate for the present need. In no event will an interpreter be considered qualified if the interpreter is unable to communicate effectively with and simultaneously and accurately interpret for the deaf person.

A deaf person who does not utilize sign language may request an aural/oral interpreter. Before this interpreter is appointed, the appointing authority shall satisfy itself that the aural/oral interpreter is competent to interpret the proceedings to the deaf person and to present the testimony, statements, and any other information tendered by the deaf person.

(3) 'Appointing authority' means the presiding judge or clerk of superior court in a judicial proceeding, or a hearing officer, examiner, commissioner, chairman, presiding officer or similar official in a legislative or administrative proceeding.

"§8A-2. Interpreters provided in certain judicial, legislative, and administrative proceedings; circumstances; timing; removal.—(a) When a deaf person is a party to or a witness in any civil or criminal proceeding in any superior or district court of the State, including juvenile proceedings, special proceedings, and proceedings before the magistrate, the court shall appoint a qualified interpreter to interpret the proceedings to the deaf person and to interpret the deaf person's testimony, if any.

(b) When a deaf person is a witness before any legislative committee or subcommittee or legislative research or study committee or subcommittee or commission authorized by the General Assembly, the appointing authority conducting the proceeding shall appoint a qualified interpreter to interpret the proceedings to the deaf person and to interpret the deaf person's testimony.

(c) When a deaf person is a party to or a witness in an administrative proceeding before any department, board, commission, agency or licensing authority of the State, or of any county or city of the State, the appointing authority conducting the proceeding shall appoint a qualified interpreter to interpret the proceedings to the deaf person and to interpret the deaf person's testimony, if any.

(d) If a deaf person is arrested for an alleged violation of criminal law of the State, including a local ordinance, the arresting officer shall immediately procure a qualified interpreter from the appropriate court for any interrogation, warning, notification of rights, arraignment, bail hearing or other preliminary proceeding, but no arrestee otherwise eligible for release on bail under Article 26 of Chapter 15A of the General Statutes shall be held in custody pending the arrival of an interpreter. No answer, statement or admission taken from the deaf person without a qualified interpreter present and functioning is admissible in court for any purpose.

(e) Whenever a juvenile whose parent or parents are deaf is brought before a court for any reason whatsoever, the court shall appoint a qualified interpreter to interpret the proceedings and testimony for the deaf parent or parents, and
to interpret any statements or testimony the deaf parent or parents may be called upon to give to the court.

(f) A qualified interpreter shall not be appointed until the appointing authority makes a preliminary determination that the interpreter is able to communicate effectively with and to interpret accurately for the deaf person. If no qualified interpreter can be found who can successfully communicate with this person, he may select his own interpreter without regard to whether the interpreter is 'qualified' within the meaning set forth under this statute.

(g) The appointing authority may, on its own motion or on the request of the deaf person, remove an interpreter for inability to communicate or because his services have been waived.

"§ 8A-3. Waiver.—(a) A deaf person entitled to the services of an interpreter under this Chapter may waive these services. The waiver must be approved in writing by the person's attorney. If the person does not have an attorney, approval must be made in writing by the appointing authority.

(b) A deaf person who has waived an interpreter under this section may provide his own interpreter at his own expense, without regard to whether such interpreter is qualified under this Chapter.

"§ 8A-4. Notice of need for interpreter; proof of deafness.—A deaf person entitled to an interpreter under this Chapter shall, if practicable, notify the appropriate appointing authority of his need prior to his appearance. A failure to notify or to request an interpreter is not a waiver of the right to an interpreter. Before appointing an interpreter, an appointing authority may require satisfactory proof of the requesting person's deafness if he has reason to believe the person is not hearing impaired.

"§ 8A-5. Privileged communications.—If a communication made by the deaf person through an interpreter is privileged, the privilege extends also to the interpreter.

"§ 8A-6. List of interpreters; coordination of interpreter services.—The Department of Human Resources shall prepare and maintain an up-to-date list of qualified and available interpreters. A copy of the list shall be provided to each clerk of superior court. When requested by an appointing authority to provide an interpreter the N. C. Council for the Hearing Impaired shall assist in arranging for an interpreter at the time and place needed through its program of Community Services for the Hearing Impaired.

"§ 8A-7. Oath.—Before acting, an interpreter shall take an oath or affirmation that he will make a true interpretation in an understandable manner of the proceedings to the person for whom he is appointed and that he will convey the statements of the person in the English language to the best of his skill and judgment.

"§ 8A-8. Compensation.—(a) An interpreter appointed under this Chapter is entitled to a reasonable fee for his services, including waiting time, and reimbursement for necessary travel and subsistence expenses. The fee shall be fixed by the appointing authority who shall consider any fee schedule for interpreters recommended by the Department of Human Resources. Reimbursement for necessary travel and subsistence expenses shall be at rates provided by law for State employees generally.

(b) The fees and expenses of interpreters who serve before any superior or district court criminal and juvenile proceeding are payable from funds appropriated to the Administrative Office of the Courts.
(c) The fees and expenses of interpreters who serve in civil cases and special proceedings are also payable from funds appropriated to the Administrative Office of the Courts.

(d) Fees and expenses of interpreters who serve before a legislative body described in this Article are payable from funds appropriated for operating expenses of the General Assembly.

(e) Fees and expenses of interpreters who serve before any State administrative agency are payable by that agency. The agency shall, upon application to the Department of Administration, be reimbursed for payments made.

(f) Fees and expenses of interpreters who serve before city or county administrative proceedings are payable by the respective city or county. During the fiscal biennium 1981-83, the city or county shall, upon application to the Department of Administration, be reimbursed for payments made.

(g) The Department of Administration and the Office of State Budget and Management shall report to the 1983 General Assembly on the satisfactoriness of the funding of this act by special reserve funds and shall recommend whether this funding be continued and new appropriations made or whether continued reserve funding is unnecessary."

Sec. 2. Responsibility for payment of funds to implement this act rest with the particular entity specified in G.S. 8A-8 whose procedure required the service.

Sec. 3. G.S. 7A-450(a) is amended by adding the following sentence to read:

"An interpreter is a necessary expense as defined in Chapter 8A of the General Statutes for a deaf person who is entitled to counsel under this subsection."

Sec. 4. This act shall become effective October 1, 1981, and applies to all trial court, legislative, or administrative proceedings initiated or in process on or after that date.

In the General Assembly read three times and ratified, this the 10th day of July, 1981.

H. B. 258   CHAPTER 943
AN ACT CREATING A COMMITTEE FOR A COMPREHENSIVE STUDY OF THE PROPERTY TAX SYSTEM IN NORTH CAROLINA.

Whereas, the property tax continues to provide a significant source of revenue to local governments in North Carolina; and

Whereas, sound and responsible government depends heavily on the proper administration and collection of taxes from existing tax revenue sources; and

Whereas, problems remain with the efficient administration and collection of property taxes, especially with collection of taxes on motor vehicles, household furnishings and personal effects, and administration of exemptions for the elderly and disabled; and

Whereas, G.S. 105-286 requires revaluation of the real property in each county at least once every eight years, resulting in many inequities among taxpayers that are magnified in periods of high inflation and can be remedied only through more frequent adjustment of appraised values; and

Whereas, current methods of conducting revaluations are expensive, thereby prohibiting more frequent revaluations; and

Whereas, a thorough study of all features of the property tax system is warranted in order to promote the fairest and most equitable property tax structure possible for all citizens of the State; and

Whereas, this study should provide a comprehensive approach to evaluating all aspects of the property tax base, including a review of the public policy justifications for all existing and proposed exemptions and preferential classifications; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is established a Property Tax System Study Committee. The Committee shall consist of 15 members. The President Pro Tempore shall appoint five members of the Senate, and the Speaker of the House shall appoint five members of the House of Representatives to serve on the Committee. The Governor shall appoint five citizens to serve on the Committee, one of whom is a county commissioner and one of whom is an elected official of a city or town. All appointments shall be made in time for the Committee to begin its work by September 15, 1981. The Speaker and President Pro Tempore of the Senate shall jointly call the first meeting to be held on a date no later than September 15, 1981.

Sec. 2. Upon its appointment, the Committee shall meet and elect from its membership a chairman and vice-chairman. Original members appointed to the Committee shall serve until the Committee makes its final report.
Vacancies on the Committee shall be filled in the same manner as the original appointments were made.

Sec. 3. The Committee shall make a detailed and comprehensive study of the efficiency, effectiveness and fairness of the property tax system in North Carolina. The Committee shall examine all classes of property that comprise the property tax base, all exemptions, exclusions and preferential classifications, and the valuation of public utility property to determine whether the property tax system is fair and equitable in taxing the citizens of the State. The Committee shall review current procedures for listing and collecting taxes on personal and real property to determine how to increase the efficiency and equity of these procedures. The Committee shall examine the octennial revaluation system and evaluate the feasibility of any programs that would aid the counties in conducting more frequent revaluations.

Sec. 4. On or before February 1, 1983, the Committee shall submit a final written report of its recommendations to the General Assembly by filing the report with the Speaker of the House and President Pro Tempore of the Senate. If legislation is recommended, the Committee shall submit appropriate bills with its report. The Committee, in its discretion, may submit an interim report to the 1982 Session of the 1981 General Assembly. The Committee shall terminate upon filing its final report.

Sec. 5. The Committee shall consult with tax officials in State and local government and may employ necessary professional and clerical assistance. The Committee is authorized to obtain assistance from the Department of Revenue and the Fiscal Research Division of the Legislative Services Commission.

Sec. 6. The Committee shall meet in the State Legislative Building.

Sec. 7. Members of the Committee shall be paid subsistence and travel allowances as follows:

(1) Committee members who are also General Assembly members - at the rate established in G.S. 120-3.1;

(2) Committee members who are also officials or employees of the State - at the rate established in G.S. 138-6;

(3) All other Committee members - at the rate established in G.S. 138-5.

Sec. 8. The expenses of the Committee shall be paid from funds collected by the Department of Revenue under Article 7, Chapter 105 of the General Statutes. The funds so expended shall be deducted as in G.S. 105-213(a) for the costs of administering the intangibles tax. Committee expenses shall be limited to a maximum of seventy-five thousand dollars ($75,000).

Sec. 9. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of July, 1981.
AN ACT TO INCLUDE FIREMEN FROM THE DIVISION OF FOREST RESOURCES WITHIN THE COVERAGE OF THE DEATH BENEFIT ACT.

Whereas, employees of the Division of Forest Resources are called upon to render the same hazardous public service to the people of this State as are firemen; but

Whereas, employees of the Division of Forest Resources are not now considered "firemen" for the purposes of inclusion in the Law Enforcement Officers', Firemen's, Rescue Squad Workers' and Civil Air Patrol Members' Death Benefit Act, and do not receive the same death benefit that firemen do; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-166.2(d) is amended by deleting the second sentence and by substituting the following: "The term 'firemen' shall mean both 'eligible firemen'; or 'fireman' as defined in G.S. 118-23 and all full-time, permanent part-time and temporary employees of the North Carolina Division of Forest Resources, Department of Natural Resources and Community Development, during the time they are actively engaged in fire fighting activities."

Sec. 2. G.S. 143-166.7 is amended by adding a new sentence at the end to read "The provisions of this Article shall apply with respect to full-time, permanent part-time and temporary employees of North Carolina Division of Forest Resources, Department of Natural Resources and Community Development, killed in line of duty on or after July 1, 1975."

Sec. 3. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of July, 1981.

Section 1. The effective anniversary date for longevity pay for a public school employee of the State of North Carolina who had completed 25 or more years of State service on or before July 1, 1977, shall be July 1. Longevity payments for employees qualifying for the July 1 anniversary date shall be paid one month after the opening date of school. Longevity payments for retiring personnel shall be paid prior to the date of their retirement, and the payment for ten-month employees shall not be reduced because of the two months when schools are not in session. The State Board of Education shall amend its rules and regulations governing longevity pay to guarantee equal treatment to all public school employees. Employees with extra months and years of service to the State of North Carolina shall not be paid less than employees with fewer years of service to the State.

Sec. 2. The local administrative school units shall review the amount paid for longevity to their employees who have retired since July 1, 1977, and
who will retire prior to the ratification of this act, to ascertain the names of the retirees who are entitled to more pay under the provisions of this act and shall send the names of these retirees and the additional amount of longevity pay due each, with other information necessary to correct these inequities to the Controller of the State Board of Education and to the Teachers' and State Employees' Retirement System of North Carolina.

Sec. 3. The Controller shall pay the additional longevity pay amounts to those public school employees who have retired since July 1, 1977, and to those who will retire prior to the ratification of this act.

Sec. 4. Nothing herein contained shall be construed to obligate the General Assembly to make additional appropriations to implement the provisions of this act. All funds needed to implement this act shall be paid from current appropriations.

"§ 130-166.22. Short title.—This Article shall be known and may be cited as the 'Ground Absorption Sewage Treatment and Disposal Act of 1981'.

"§ 130-166.23. Preamble.—The General Assembly finds and declares that continued installation, at a rapidly and constantly accelerating rate, of septic tanks and other types of ground absorption sewage treatment and disposal systems in a faulty or improper manner and in areas where unsuitable soil and population density adversely affect the efficiency and functioning of these systems, has a detrimental effect on the public health through contamination of land, ground water, and surface waters. Recognizing, however, that sewage can be rendered ecologically safe and the public health protected if such methods of sewage treatment and disposal are properly regulated and recognizing that ground absorption sewage treatment and disposal will continue to be necessary to meet the needs of an expanding population, the General Assembly intends hereby to insure the regulation of ground absorption sewage treatment and disposal systems so that such systems may continue to be used, where appropriate, without jeopardizing the public health.

"§ 130-166.24. Definitions.—As used herein, unless the context otherwise requires:

Any such sanitary sewage treatment and disposal system consisting of approved privies, septic tank systems, incinerators, mechanical toilets, composting toilets, recycling toilets, or other such systems serving single or multiple family residences, places of business, or places of public assembly, the effluent from which is not discharged to the land surface or surface waters, shall be approved by the Department of Human Resources under rules and regulations adopted by the Commission for Health Services.

(b) In those cases where the design flow of sewage from residences, places of business, or places of public assembly exceeds 1,200 gallons per acre per day, septic tank systems shall not be used, provided that this subsection shall not apply to the installation of a single septic tank system serving a single family residence not to exceed four bedrooms, on a lot or tract of land: (1) which upon ratification of this act is specifically described in a deed, contract or other instrument conveying fee title or which is specifically described in a recorded plat and the lot or lots contiguous thereto have been conveyed by the subdivider so as to prevent enlargement of said lot or tract of land retained by the subdivider in order to satisfy this provision; and (2) which upon ratification of this act is of insufficient size to satisfy this provision; and (3) which, on the date system construction is proposed to begin, is not capable of being served by a public or community sewage system. (d) The Department of Human Resources from time to time, upon its own motion or upon the request of a local board of health or upon the request of a citizen of an affected county, may review its findings under subsection (c) of this section. Subject to such review, the Department of Human Resources' finding that local regulations meet the requirements of subsection (c) of this section shall be binding and conclusive.

(e) The relationship between State and local regulations concerning sanitary sewage treatment and disposal systems shall continue to be governed by G.S. 130-17(b) except in those cases where local regulations have been reviewed and approved pursuant to subsection (c) of this section.

(f) The Commission for Health Services rules and local board of health rules shall address at least the following: (1) sewage characteristics; (2) design unit; (3) design capacity; (4) design volume; (5) criteria for the design, installation, operation, maintenance and performance of sewage treatment and disposal systems; (6) soil morphology and drainage; (7) topography and landscape position; (8) depth to seasonally high water table, rock, and water impeding formations; (9) proximity to water supply wells, shellfish waters, estuaries, marshes, wetlands, areas subject to frequently flooding streams, lakes, swamps, and other bodies of surface or ground waters; (10) density of sewage treatment and disposal systems in a geographical area; and (11) such other factors as will affect the effective operation and performance of the ground absorption method of sewage treatment and disposal.

§ 130-166.26. **Improvements permit required.**—(a) No person shall commence the construction or relocation of any residence, place of business, or place of public assembly nor shall any person locate, relocate or cause to be located or to be relocated any residence other than one exhibited for sale or stored for the purpose of later sale on a site in an area not served by a system of sewage treatment and disposal subject to rules adopted by the Environmental Management Commission without first obtaining an Improvements Permit from the local health department having jurisdiction.

(b) The local health department shall issue an Improvements Permit authorizing work to proceed and the installation or repair of a sewage treatment and disposal system when it has determined after a field investigation that such a system can be installed in compliance with rules adopted by the Commission of Health Services and/or rules of the local board of health having jurisdiction.

§ 130-166.27. **Certificate of Completion.**—No sewage treatment and disposal system subject to Commission for Health Services rules or rules of the local board of health having jurisdiction which is attempted to be installed shall be covered or placed into use until the local health department determines that the system as installed is in compliance with the rules and regulations governing such installations. Upon determining that a sewage treatment and disposal system is properly installed, the local health department shall issue a
Certificate of Completion authorizing a residence, place of business, or place of public assembly to be occupied following construction, location, or relocation. Upon determining that an existing sewage treatment and disposal system is properly installed and operating satisfactorily in a mobile home park, the local health department shall issue a Certificate of Completion authorizing a residence to be located and occupied in a mobile home park. (b) Where location or relocation is proposed for a mobile home in a mobile home park, no permit required for electrical, plumbing, heating, air conditioning, or other construction, location, or relocation activity under any provision of general or special law shall be issued until after a Certificate of Completion has been issued.

“§ 130-166.29. Limitation on electrical service.—It shall be unlawful for any person, partnership, firm, or corporation to allow permanent electrical service to a residence, place of business, or place of public assembly upon construction, location or relocation until the official electrical inspector with jurisdiction as provided in G.S. 143-143.2 certifies to the electrical supplier that the required Improvements Permit and Certificate of Completion have been issued. Temporary electrical service necessary for constructing a residence or place of business can be provided after an Improvements Permit has been issued.

“§ 130-166.30. Appeals procedure.—(a) Appeals concerning the interpretation and enforcement of rules adopted by the Commission for Health Services shall be governed by General Statutes Chapter 150A.

(b) Appeals concerning the interpretation and enforcement of rules adopted by a local board of health in accordance with G.S. 130-166.25(c) or G.S. 130-17(b) shall be governed by subsections (c) and (d) of this section.

(c) Any person who wishes to take an appeal concerning the interpretation and enforcement of rules adopted by the local board of health shall have a right of appeal to the local board of health, provided such appeal is taken within 15 days of the challenged action. Notice of appeal shall be given by filing with the local health director a demand for a hearing. Upon filing of such notice the local health director shall, within five working days, transmit to the board of health the papers and materials upon which the challenged action was taken.

The local board of health shall hold a hearing within 15 days of the receipt of the notice of appeal. The board shall give the appellant not less than five days' notice of the date, time and place of the hearing. Any party may appear in person or by agent or attorney. In considering appeals, the board shall have authority to affirm, modify or reverse the challenged action.

(d) Any person who wishes to contest a decision of the local board of health under subsection (c) of this section shall have a right of appeal to the district court having jurisdiction, if such appeal be made within 10 days after the date of the decision by the board.
“§ 130-166.31. Duties of land sales businesses and mobile home dealers.—Each land sales business and mobile home dealer shall be required to post conspicuously at the office of each land sales business or mobile home sales lot the following notice in exactly this language:

‘NOTICE: State law requires that the local health department determine the method and adequacy of sewage treatment and disposal before a residence or place of business is constructed or placed on the property.’

“§ 130-166.32. Penalties.—Any person who knowingly violates any provision of this Article shall be guilty of a misdemeanor.”

Sec. 4. G.S. 130-17(b) is amended by rewriting the first, second, and third sentences to read:

“The local boards of health shall adopt such rules, not inconsistent with law, as are necessary to protect and promote the public health. Where local rules regulate an area which is also regulated by rules of the Commission for Health Services or the Environmental Management Commission, the rules of the Commission for Health Services or the Environmental Management Commission shall prevail unless the local ground absorption sewage treatment and disposal rules are approved as provided by G.S. 130-166.25(c), or there is a local condition which in the opinion of the local board of health requires more stringent regulation in order to protect and promote the public health in which case the local board of health is directed to adopt such rules as are necessary to protect and promote the public health; provided, however, that North Carolina food-service sanitation regulations shall be uniform throughout the State except when there is a threat of food-borne illness.”

Sec. 5. The Director of the Budget shall transfer funds from within the Department of Human Resources or, if necessary, up to sixty thousand dollars ($60,000), including personnel, from the Department of Natural Resources and Community Development to the Department of Human Resources to implement this act.

Sec. 6. This act shall become effective January 1, 1982.

g. All rules, regulations and policies of either of the sanitary districts shall continue in full force and effect until repealed or amended by the governing body of the new sanitary district.

(5b) If the majority of the registered voters who shall vote at said election of both sanitary districts vote in favor of said merger and one district is to be dissolved and the other district is to be a successor covering the territory of both, the merger becomes effective at 12:00 noon on the following July 1, and at that time:

All obligations of either of the sanitary districts, including outstanding indebtedness, are assumed by the successor sanitary district and all the obligations and outstanding indebtedness are constituted obligations and indebtedness of the successor sanitary district. The full faith and credit of the successor sanitary district is deemed to be pledged for the punctual payment of the principal of and interest on all general obligation bonds and bond anticipation notes of either of the sanitary districts, and all the taxable property within the successor sanitary district shall be and remain subject to taxation for these payments.

g. All rules, regulations and policies of either of the sanitary districts shall continue in full force and effect until repealed or amended by the governing body of the successor sanitary district.

CHAPTER 952

AN ACT TO AMEND CHAPTER 143 OF THE GENERAL STATUTES OF NORTH CAROLINA TO CREATE THE NORTH CAROLINA MANUFACTURED HOUSING BOARD AND TO PROVIDE FOR THE LICENSING AND REGULATION OF THE MANUFACTURED HOUSING INDUSTRY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-144 through G.S. 143-151.5, presently constituted as Article 9A of G.S. Chapter 143 and entitled "Uniform Standards Code for Mobile Homes," are hereby redesignated as Part 2 of Article 9A, Chapter 143.
Sec. 2. Chapter 143 of the General Statutes of North Carolina is hereby amended by adding a new Part 1 of Article 9A to read as follows:

"ARTICLE 9A.

"Part 1.

"North Carolina Manufactured Housing Board.

"§ 143-143.8. Purpose.—The General Assembly finds that mobile homes have become a primary housing resource for many of the citizens of North Carolina. The General Assembly finds further that it is the responsibility of the mobile home industry to provide homes which are of reasonable quality and safety and to offer warranties to buyers that provide a means of remedying quality and safety defects in mobile homes. The General Assembly also finds that it is in the public interest to provide a means for enforcing such warranties.

Consistent with these findings and with the legislative intent to promote the general welfare and safety of mobile home residents in North Carolina, the General Assembly finds that the most efficient and economical way to assure safety, quality and responsibility is to require the licensing and bonding of all segments of the mobile home industry. The General Assembly also finds that it is reasonable and proper for the mobile home industry to cooperate with the Commissioner of Insurance, through the establishment of the North Carolina Manufactured Housing Board, to provide for a comprehensive framework for industry regulations.

All such information shall be considered by the Board in determining the fitness of the applicant to engage in the business for which a license is sought.

(d) All licenses that are granted shall expire, unless sooner revoked or suspended, on June 30 of each year following the date of issue.

(e) Every registrant under this Chapter shall, on or before the first day of July of each year, obtain a renewal of a license for the ensuing year, by application, accompanied by the required fee; and upon failure to renew, his license shall automatically expire; but such license may be renewed at any time within one year upon payment of the prescribed renewal fee and upon evidence satisfactory to the Board that the applicant has not engaged in business as a manufactured home manufacturer, dealer, salesman or set-up contractor after receipt of notice of expiration and is otherwise eligible for registration under the provisions of this Chapter.

(c) Any buyer of a manufactured home who suffers any loss or damage by any act of a licensee that constitutes a violation of this Article shall have the right to institute an action to recover against such licensee and the surety.

(d) The Board is authorized to promulgate rules in accordance with Chapter 150A of the General Statutes consistent with this Article to assure satisfaction of claims.

"§ 143-143.13. Grounds denying, suspending or revoking license; civil penalty.—(a) A license may be denied, suspended or revoked by the Board on any one or more of the following grounds:

(1) material misstatement in application for license;
(2) failure to post an adequate corporate surety bond, cash bond or fixed value equivalent thereof;
(3) engaging in the business of manufactured home manufacturer, dealer, salesman or set-up contractor without first obtaining a license from the Board;
(4) failure to comply with the warranty service obligations and claims procedure established by this Article;
(5) failure to comply with the set-up and tie-down requirements established by this Article;
(6) misappropriation of funds belonging to the buyer of a manufactured home;
(7) use of unfair methods of competition or unfair or deceptive commercial acts or practices;
(8) failure to comply with any provision of this Article.

(b) In addition to the authority to deny, suspend or revoke a license under this Article, the Board shall also have the authority to impose a civil penalty upon any person, firm, or corporation violating the provisions of this Article. A civil penalty shall not exceed two hundred fifty dollars ($250.00) for each violation.

"§ 143-143.14. Notice and hearing.—The Board shall not suspend, revoke or deny a license, or refuse the renewal of a license, or impose a civil penalty, until a written notice of the complaint has been furnished to the licensee or applicant against whom the same is directed, and a hearing thereon has been held before the Board. At least 30 days' written notice of the time and place of the hearing shall be given to the licensee or applicant by certified mail to his last known address, as shown on the license or other record of information in possession of the Board. At any such hearing, the licensee or applicant shall have the right to be heard in person or through counsel. After the hearing, the Board shall have the power to deny, suspend, revoke or refuse to renew the license in question, or to impose a civil penalty for violation of the provisions of this Article. Immediate notice of any such action by the Board shall be given to the licensee or applicant in the same manner as provided herein for furnishing notice of the hearing.

"§ 143-143.15. Set-up and tie-down requirements.—(a) Manufactured homes shall be set up and anchored in accordance with the standards established by the Federal Mobile Home Construction and Safety Standards Act of 1974 for single family manufactured homes or the State of North Carolina 'Standards
for Installation of Mobile Homes' adopted by the Commissioner of Insurance, whichever is applicable.

(b) In the event that a manufactured home is insured against damage caused by windstorm and subsequently sustains windstorm damage of a nature that indicates the manufactured home was not anchored or tied down in the manner required by this section, the insurer issuing the homeowner's insurance policy on the manufactured home shall not be relieved from meeting the obligations specified in the insurance policy with respect to such damage on the basis that the mobile home was not properly anchored or tied down.

“§143-143.16. Warranties.—Each manufacturer, dealer and supplier of manufactured homes shall warrant each new manufactured home sold in this State and the set up of each such manufactured home in accordance with the warranty requirements prescribed by this section for a period of at least 12 months, measured from the date of delivery of the manufactured home to the buyer. The warranty requirements for each manufacturer, dealer, supplier and set-up contractor of manufactured homes are as follows:

(1) The manufacturer warrants that all structural elements, plumbing systems, heating, cooling and fuel burning systems, electrical systems, and any other components included by the manufacturer are manufactured and installed free from substantial defect.

(2) The dealer warrants:

(i) That any modifications or alterations made to the manufactured home by the dealer or authorized by the dealer are free from substantial defects. Alterations or modifications made by a dealer shall relieve the manufacturer of warranty responsibility as to the item altered or modified and any damage resulting therefrom.

(ii) That set-up operations performed by the dealer on the manufactured home are performed in compliance with applicable federal or State standards for the installation of manufactured homes.

(iii) That, during the course of set-up and transportation of the manufactured home performed by the dealer, substantial defects do not occur to the manufactured home.

(3) The supplier warrants that any warranties generally offered in the ordinary sale of his product to consumers shall be extended to buyers of manufactured homes. The manufacturer's warranty shall remain in effect notwithstanding the existence of a supplier's warranty.

(4) The set-up contractor warrants that set-up operations are performed in compliance with applicable Federal or State standards for the installation of manufactured homes, and that during the course of set-up operations performed on the manufactured home, substantial defects do not occur to the manufactured home.

“§143-143.17. Presenting claims for warranties and substantial defects.—(a) Whenever a claim for warranty service or about a substantial defect is made to a licensee, it shall be handled as provided by this Article. A record shall be made of the name and address of each claimant and the date, substance, and disposition of each claim about a substantial defect. The licensee may request that a claim be in writing, but must nevertheless record it as provided above, and may not delay service pending receipt of the written claim.

(b) When the licensee notified is not the responsible party, he shall in writing immediately notify the claimant of that fact, and shall also in writing

1465
immediately notify the responsible party of the claim. When a responsible party is asked to remedy defects, it may not fail to remedy those defects because another party may also be responsible. Nothing herein shall prevent such a party from obtaining compensation by way of contribution or subrogation from another responsible party in accordance with any other provision of law or contract.

(c) Within the time limits provided in this Article, the licensee shall either resolve the claim or determine that it is not justified. At any time a licensee determines that a claim for service is not justified in whole or in part he shall immediately notify the claimant in writing that the claim or part of the claim is rejected and why, and shall inform the claimant that he is entitled to complain to the Board, for which a complete mailing address shall be provided. Within five working days of its receipt of a complaint, the Board shall send a complete copy thereof to the Attorney General and to the Commissioner of Insurance.

"§ 143-143.18. Warranty service.—(a) When a service agreement exists between or among a manufacturer, dealer and supplier to provide warranty service, the agreement shall specify which party is to remedy warranty defects. Every such service agreement shall be in writing. Nothing contained in such an agreement shall relieve the responsible party, as provided by this Article, of responsibility to perform warranty service. However, any licensee undertaking by such agreement to perform the warranty service obligations of another shall thereby himself become responsible both to that other licensee and to the buyer for his failure adequately to perform as agreed.

(b) When no service agreement exists for warranty service, the responsible party as designated by the provisions of this Article is responsible for remedying the warranty defect.

(c) A substantial defect shall be remedied within 45 days of receipt of the written notification of the warranty claim, unless the claim is unreasonable or bona fide reasons exist for not remedying the defect within the 45-day period. The responsible party shall respond to the claimant in writing with a copy to the Board stating its reasons for not promptly remedying the defect and stating what further action is contemplated by the responsible party. Notwithstanding the foregoing provisions of this subsection, defects, which constitute an imminent safety hazard to life and health shall be remedied within five working days of receipt of the written notification of the warranty claim. An imminent safety hazard to life and health shall include but not be limited to (1) inadequate heating in freezing weather; (2) failure of sanitary facilities; (3) electrical shock, leaking gas; or (4) major structural failure. The Board may suspend this five-day time period in the event of widespread defects or damage resulting from adverse weather conditions or other natural catastrophes.

(d) When the personremedying the defect is not the responsible party as designated by the provisions of this Article, he shall be entitled to reasonable compensation paid to him by the responsible party. Conduct which coerces or requires a nonresponsible party to perform warranty service is a violation of this Article.

(e) Warranty service shall be performed at the site at which the mobile home is initially delivered to the buyer, except for components which can be removed for service without substantial expense or inconvenience to the buyer.
(f) Any dealer, manufacturer or supplier shall have the right to complain to the Board when warranty service obligations under this Article are not being enforced.

§ 143-143.19. Dealer alterations.—(a) No alteration or modification shall be made to a manufactured home by a dealer after shipment from the manufacturer's plant, unless such alteration or modification is authorized by this Article or the manufacturer. The dealer shall ensure that all authorized alterations and modifications are performed, if so required, by qualified persons as defined in subsection (d). An unauthorized alteration or modification performed by a manufactured home dealer or his agent or employee shall place primary warranty responsibility for the altered or modified item upon the dealer. If the manufacturer fulfills or is required to fulfill the warranty on the altered or modified item, he shall be entitled to recover damages in the amount of his cost and attorney's fee from the dealer.

(b) An unauthorized alteration or modification of a manufactured home by the owner or his agent shall relieve the manufacturer of responsibility to remedy defects caused by such alteration or modification. A statement to this effect, together with a warning specifying those alterations or modifications which should be performed only by qualified personnel in order to preserve warranty protection, shall be displayed clearly and conspicuously on the face of the warranty. Failure to display such statement shall result in warranty responsibility on the manufacturer.

(c) The Board is authorized to promulgate rules in accordance with Chapter 150A of the General Statutes which define the alterations or modifications which must be made by qualified personnel. The Board may require qualified personnel only for those alterations and modifications which could substantially impair the structural integrity or safety of the manufactured home.

(d) In order to be designated as a person qualified to alter or modify a manufactured home, a person must comply with State licensing or competency requirements in skills relevant to performing alterations or modifications on manufactured homes.

§ 143-143.20. Disclosure of manner used in determining length of manufactured homes.—In any advertisement or other communication regarding the length of a manufactured home, a manufacturer or dealer shall not include the coupling mechanism in describing the length of the home.

§ 143-143.21. Limitation on damages.—If the buyer fails to accept delivery of a manufactured home, the seller may retain actual damages according to the following terms:

1. If the manufactured home is in the seller's stock and is not specially ordered from the manufacturer for the buyer, the maximum retention shall be one hundred dollars ($100.00).

2. If the manufactured home is a single-wide unit and is specially ordered from the manufacturer for the buyer, the maximum retention shall be five hundred dollars ($500.00).

3. If the manufactured home is larger than a single-wide unit and is specially ordered for the buyer from the manufacturer, the maximum retention shall be one thousand dollars ($1,000).
CHAPTER 952  Session Laws—1981

Nothing in this Article shall prevent the parties to a manufactured home sales contract from contracting for liquidated damages otherwise permitted by law.

“§143-143.22. Inspection of service records.— The Board is authorized to inspect the pertinent service records of a manufacturer, dealer, supplier or set-up contractor relating to a written warranty claim or complaint made to the Board against such manufacturer, dealer, supplier, or set-up contractor. Every licensee shall send to the Board upon request within 10 days a true copy of every document or record pertinent to any complaint or claim for service.

“§143-143.23. Other remedies not excluded.—Nothing in this Article nor any decision by the Board shall limit any right or remedy available to the buyer at common law or under any other statute, nor limit any power or duty of the Attorney General.”

Sec. 3. G.S. 20-288(e) is hereby amended by adding the following sentence at the end thereof:

“This subsection shall not apply to manufacturers of, or dealers in, mobile or manufactured homes who furnish a corporate surety bond, cash bond, or fixed value equivalent thereof, pursuant to G.S. 143-143.12.”

Sec. 4. H. B. 89  
CHAPTER 956
AN ACT TO REGULATE PRECIOUS METAL BUSINESSES.

Whereas, theft of all types of property, particularly theft of precious metals, has increased dramatically in North Carolina; and

Whereas, the value of such stolen property has increased due to inflation and specifically due to the fluctuation in gold and silver prices; and

Whereas, such stolen property can be quickly sold due to the demand for gold and silver in any form; and

Whereas, such property is easily converted into a nonrecognizable form by being melted down, thereby making identification of the stolen items impossible; and

Whereas, the positive identification of persons selling items made of precious metals, short term retention of such items by the purchaser, and regulation of precious metals businesses could enhance the possibility of identifying and recovering stolen property: Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 66, Commerce and Business, of the General Statutes of North Carolina is amended by adding a new Article to read as follows:

"ARTICLE 22.

"§ 66-126. Legislative finding.—The General Assembly finds and declares that precious metal businesses in North Carolina vitally affect the general economy of the State and the public interest and public welfare, and in the exercise of its police power, it is necessary to regulate such businesses, in order to prevent thefts, disposal of stolen property, and other abuses upon its citizens.

"§ 66-127. Definitions.—Unless the context clearly indicates otherwise, the following words and phrases shall have the following meanings:

(1) 'Dealer' means a person who engages in the business of purchasing precious metals from the public in the form of jewelry, flatware, silver services or other forms and holds himself out to the public by signs, advertising or other methods as engaging in such purchases including any independent contractor purchasing precious metals under any arrangement in any department store; provided, however, that permanently located retail merchants shall be exempted insofar as they make purchases directly from manufacturers or wholesalers of precious metals for their inventories. Provided further, a permanently located retail merchant who is primarily engaged in the business of purchasing or acquiring jewelry, secondhand furniture, antique furniture, objects of art, artifacts, nonprecious metal collector items, antiquities and other
used household furnishings or fixtures for resale to the public, and who purchases precious metals, articles or items from the public only incidentally to his main business, may be exempted as provided in G.S. 66-129 if his total purchases or acquisitions of precious metals from the public constituted ten percent (10%) or less in dollar volume of the total purchases or acquisitions in dollar volume made by such merchant for all such secondhand items or articles in the 12-month period next preceding the date of application for an exemption under G.S. 66-129.

(2) 'Local law enforcement agency' means:
   (i) The county police force; or
   (ii) The county sheriff's office in a county with no county police force for any business located outside the corporate limits of a municipality or inside the corporate limits of a municipality having no municipal police force. 'Local law enforcement agency' means the municipal police for any business located within the corporate limits of a municipality having a police force.

(3) 'Precious metal' means gold, silver, or platinum.
   (a) 'Gold' is defined as any item or article containing ten (10) karat of gold or more which may be in combination or alloy with any other metal.
   (b) 'Silver' is defined as any item or article containing 925 parts per thousand of silver which may be in combination or alloy with any nonprecious metal or which is marked 'sterling'.
   (c) 'Platinum' is defined as any item or article containing 900 parts per thousand or more of platinum which may be in combination or alloy with any metal.

For purposes of this Article, precious metal does not include coins, medals, medallions, tokens, numismatic items, art ingots, or art bars.

"§ 66-128. Permits required.—Except as provided in subsection (c), it shall be unlawful for any person to engage as a dealer in the business of purchasing precious metals either as a separate business or in connection with other business operations without first obtaining a permit for the business from the local law enforcement agency. The form of the permit and application therefor shall be as approved by the Department of Crime Control and Public Safety. The application shall be given under oath and shall be notarized. A 30-day waiting period from the date of filing of the application is required prior to initial issuance of a permit. A separate permit shall be issued for each location, place, or premises within the jurisdiction of the local law enforcement agency which is used for the conduct of a precious metals business, and each permit shall designate the location, place or premises to which it applies. Such business shall not be conducted in any other place than that designated in the permit, and no business shall be conducted in a mobile home, trailer, camper, or other vehicle, or structure not permanently affixed to the ground or in any room customarily used for lodging in any hotel, motel, tourist court, or tourist home as defined in G.S. 105-61. The permit shall be posted in a prominent place on the designated premises. Permits shall be valid for a period of 12 months from the date issued and may be renewed without a waiting period upon filing of an application and payment of the annual fee. The annual fee for each dealer's permits within each jurisdiction shall be ten dollars ($10.00) to provide for the administrative costs of the local law enforcement agency, including purchase of required forms. The fee shall not be refundable even if the permits are denied
or later suspended or revoked. Such permits shall be in addition to and not in lieu of other business licenses and are not transferable.

Any dealer applying to the local law enforcement agency for a permit shall furnish the local law enforcement agency with the following information:

(1) his full name, and any other names used by the applicant during the preceding five years. In the case of a partnership, association, or corporation, the applicant shall list any partnership, association, or corporate names used during the preceding five years;

(2) current address, and all addresses used by the applicant during the preceding five years;

(3) physical description;

(4) age;

(5) driver’s license number, if any, and state of issuance;

(6) recent photograph;

(7) record of felony convictions; and

(8) record of other convictions during the preceding five years.

If the applicant for a dealer’s permit is a partnership or association, all persons owning a ten percent (10%) or more interest in the partnership or association shall comply with the provisions of this subsection. Any such permits shall be issued in the name of the partnership or association.

If the applicant for a dealer’s permit is a corporation, each officer, director and stockholder owning ten percent (10%) or more of the corporation’s stock, of any class, shall comply with the provisions of this subsection. Any such permits shall be issued in the name of the corporation.

No permit shall be issued to an applicant who, within five years prior to the date of application, has been convicted of a felony involving a crime of moral turpitude, or larceny, or receiving stolen goods or of similar charges in any federal court or a court of this or any other state. In the case of a partnership, association, or corporation, no permit shall be issued to any applicant with an officer, partner, or director who has, within five years prior to the date of application, been convicted of a felony involving a crime of moral turpitude, or larceny, or receiving stolen goods or of similar charges in any federal court or a court of this or any other state.

(b) Every employee engaged in the precious metal business shall, within two days of being so engaged, register his name and address with the local law enforcement agency and have his photograph taken by the agency. The agency shall issue to him a certificate of compliance with this section upon the applicant’s payment of the sum of three dollars ($3.00) to the agency. The permit shall be posted in the work area of the permit holder.

(c) A special occasion permit authorizes the permittee to purchase precious metals as a dealer participating in any trade shows, antique shows, and craft shows conducted within the State. A special occasion permit shall be issued by any local law enforcement agency; provided, however, that a permittee under subsection (a) shall apply for a special occasion permit with the local law enforcement agency which issued such dealer’s permit. An application for a permit shall be on a form as approved by the Department of Crime Control and Public Safety and shall be given under oath and notarized. A 30-day waiting period from the date of filing of the application is required prior to initial issuance of a permit.
CHAPTER 956  Session Laws—1981

Any dealer applying to a local law enforcement agency for a special occasion permit shall furnish the local law enforcement agency with the information required in an application for a dealer’s permit as set forth in (a).

If the applicant for a special occasion permit is a partnership or association, all persons owning a ten percent (10%) or more interest in the partnership or association shall comply with the provisions of this subsection. Any such permits shall be issued in the name of the partnership or association.

If the applicant for a special occasion permit is a corporation, each officer, director and stockholder owning ten percent (10%) or more of the corporation’s stock, of any class, shall comply with the provisions of this subsection. Any such permits shall be issued in the name of the corporation.

No permit shall be issued to an applicant who, within five years prior to the date of application, has been convicted of a felony involving a crime of moral turpitude, or larceny, or receiving stolen goods or of similar charges in any federal court or a court of this or any other state. In the case of a partnership, association, or corporation, no permit shall be issued to any applicant with an officer, partner, or director who has, within five years prior to the date of application, been convicted of a felony involving a crime of moral turpitude, or larceny, or receiving stolen goods or of similar charges in any federal court or a court of this or any other state.

The fee for an application for a special occasion permit shall be ten dollars ($10.00) to provide for the administrative cost of the local law enforcement agency including purchase of required forms. The fee shall not be refundable even if the permit is denied or is later suspended or revoked. Such permits shall be in addition to and not in lieu of other business licenses and are not transferable.

A special occasion permit shall be valid for 12 months from the date issued, unless earlier surrendered, suspended, or revoked. Application for renewal of a permit for an additional 12 months shall be on a form as approved by the Department of Crime Control and Public Safety and shall be accompanied by an application fee of ten dollars ($10.00). A renewal fee shall not be refundable.

Each special occasion permit shall be posted in a prominent place on the premises of any show at which the permittee purchases precious metals.

"§ 66-129. Exemption from permits.—Any merchant claiming an exemption from the requirements of G.S. 66-128, G.S. 66-131, and G.S. 66-133 due to the percentage of his total business which constitutes precious metals purchases shall file an application therefor with the local law enforcement agency at the same time as applications for dealers’ permits are required to be filed under the provisions of this act. The application shall be upon a form approved by the Department of Crime Control and Public Safety and shall contain as a minimum the following information; the name, home address and business address of the applicant; the name and location of the business at its permanent address; the primary nature of the business both as to purchases and sales; the total dollar volume of purchases of precious metals during the 12-month period next preceding the date of application; the total dollar volume of all secondhand goods purchased during the same period by the business; the percentage of precious metals purchases or acquisitions to total purchases or acquisitions of secondhand goods; and the date when the merchant commenced the business under which the exemption is claimed. Such application shall be filed under the same oath as is required for a precious metals dealer permit, shall be notarized,
and shall be accompanied by a fee of five dollars ($5.00), which fee shall be
retained by the local law enforcement agency as cost for administering claims
for exemptions.

The application for exemption, if granted, shall be valid for a period of 12
months. Thereafter, if the applicant seeks an exemption for the ensuing year he
shall file an application for exemption 30 days before the expiration of the prior
exemption.

If in any calendar month the percentage of precious metals purchased by an
exempted merchant exceeds ten percent (10%) of his total purchases, he shall
file notice thereof with the local law enforcement agency.

"§ 66-130. Perjury; punishment.—Any person who shall willfully commit
perjury in any application for a permit or exemption filed pursuant to this
Article shall be guilty of a misdemeanor.

"§ 66-131. Bond or trust account required.—Before any permit shall be issued
to a dealer pursuant to G.S. 66-128, the dealer shall execute a satisfactory cash
or surety bond or establish a trust account with a licensed and insured bank or
savings institution located in the State of North Carolina in the sum of ten
thousand dollars ($10,000). The bond or trust account shall be in favor of the
State of North Carolina. A surety bond is to be executed by the dealer and by
two responsible sureties or a surety company licensed to do business in the State
of North Carolina, and subject to the approval of the law enforcement agency.
Any bond shall be kept in full force and effect and shall be delivered to the law
enforcement agency which first issued a current permit to the dealer. A bond or
trust account shall be for the faithful performance of the requirements and
obligations of the dealer's business in conformity with this Article. Any law
enforcement agency shall have full power and authority to revoke the permit
and sue for forfeiture of the bond or trust account upon a breach thereof. Any
person who shall have suffered any loss or damage by any act of the permittee
that constitutes a violation of this Article shall have the right to institute an
action to recover against such permittee and the surety or trust account. Upon
termination of the bond or trust account the permit shall become void.

"§ 66-132. Records to be kept.—Every dealer to whom a permit has been
issued pursuant to G.S. 66-128 shall maintain a tightly bound book or books (not
loose-leaf), with pages numbered in sequence, in which shall be recorded, at the
time of any purchase of precious metal, a serially numbered account and
description of the specific items purchased, including, if applicable, the
manufacturer's name, the model, the model number, the serial number, and any
engraved numbers or initials found on the items, the date of the transaction,
and the name, sex, race, residence, telephone number and driver's license
number, if any, of the person selling the items purchased. Both the dealer and
the seller shall sign the record entry. In the event the seller cannot furnish his
driver's license, passport, or military identification card bearing his photograph,
the dealer shall require two forms of positive identification.

The record book shall be open at all reasonable times to inspection on the
premises by law enforcement agencies and shall not be destroyed until two years
following the last transaction which the record book reflects. A copy of each
record book entry shall be filed within 48 hours of the transaction in the office
of the local law enforcement agency. Mailing the required copy to the local law
enforcement agency within 48 hours shall constitute compliance with this
section.
The files of local law enforcement agencies which contain such copies of record book entries shall not be subject to inspection and examination as authorized by G.S. 132-6. Any public official or employee who shall knowingly and willfully permit any person to have access to or custody or possession of any portion of such files, unless the person is one specifically authorized by the local law enforcement agency to have access thereto for purposes of law enforcement investigation or civil or criminal proceedings, shall be guilty of a misdemeanor and upon conviction shall be fined in the discretion of the court but not in excess of five hundred dollars ($500.00).

Every merchant to whom an exemption has been issued pursuant to G.S. 66-129 shall maintain a book in which shall be recorded, at the time of any purchase of precious metal, a description of the specific items purchased and the date of the transaction. This book shall be open at all reasonable times to inspection on the premises by law enforcement agencies and shall not be destroyed until two years following the last transaction which the record book reflects.

"§ 66-133. Items not to be modified.—No item included in a dealer purchase shall be sold, traded or otherwise disposed of, melted, cut or otherwise changed in form nor shall any such item be removed from the licensed premises for a period of five days from the date the purchase was made.

"§ 66-134. Purchasing from juvenile.—No dealer or employee or agent thereof shall purchase from any juvenile under 18 years of age any article made, in whole or in part, of precious metal.

"§ 66-135. Penalties.—Any dealer who violates the provisions of this Article shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than five hundred dollars ($500.00) or imprisoned for not more than six months, or both. In addition any dealer so convicted shall be ineligible for a dealer's permit for a period of three years from the date of conviction. Each and every violation shall constitute a separate and distinct offense.

"§ 66-136. Portable smelters prohibited.—It shall be unlawful for any person to possess or operate a smelter in any mobile home, trailer, camper, or other vehicle or structure not permanently affixed to the ground, for the purpose of refining precious metals. Violation of the provisions of this section shall constitute a misdemeanor and shall be punishable by a fine of not more than five hundred dollars ($500.00) or imprisoned for not more than six months, or both."

Sec. 2. If any provisions of this act or the application thereof to any person or circumstances are held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application and to this end the provisions of this act are declared to be severable.

Sec. 3. All general or local laws governing precious metals businesses in counties or towns are repealed.

Sec. 4. Local law enforcement agencies shall commence processing filed applications for permits and exemptions no later than August 1, 1981.

Sec. 3. Judicial Review of Agency Orders. Judicial review of agency orders shall be in accordance with Article 4 of Chapter 150A of the North Carolina General Statutes provided, however, that the provisions of G.S.
CHAPTER 960  Session Laws—1981

150A-45 notwithstanding, petitions for judicial review shall be filed in the Superior Court of New Hanover County. The term "Agency", whenever used in Article 4 of the Chapter 150A of the North Carolina General Statutes, shall mean the agency as authorized or created by the Board of Commissioners of New Hanover County under the authority of this act.

Sec. 4. Enforcement of Agency Orders. (a) If within 60 days after entry of an order of the agency, a respondent has neither complied with nor sought review of such order, any aggrieved person or the agency may apply to the Superior Court of New Hanover County for an order of the court enforcing the order of the Agency.

(b) Within 30 days after the court's receipt of the petition for enforcement of the agency's order or within such additional time as the court may allow, the agency shall transmit to the court the original or a certified copy of the entire record of the proceedings leading to the order. With the permission of the court, the record may be shortened by stipulation of all parties. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for such additional costs as may be occasioned by the refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(c) The hearing on the petition for enforcement of the agency's order shall be conducted by the court without a jury. The court shall hear oral arguments and receive written briefs, but shall take no evidence not offered at the agency hearing; except that in cases of alleged irregularities in procedure before the agency not shown in the record, testimony thereon may be taken by the court; and except that where no record was made of the proceeding or the record is inadequate, the judge in his discretion may hear all or part of the matter de novo.

(d) The court shall issue the order requiring compliance with the agency's order unless it finds that enforcement of the agency's order would prejudice substantial rights of the party against whom the order is sought to be enforced because the agency's findings, inferences, conclusions, or decisions are:

1. in violation of constitutional provisions; or
2. in excess of the statutory authority or jurisdiction of the agency; or
3. made upon unlawful procedure; or
4. affected by other error of law; or
5. unsupported by substantial evidence in view of the entire record as submitted; or
6. arbitrary or capricious.

(e) If the court declines to enforce the agency's order for one of the reasons specified in paragraph (d) of this section, it shall either:

1. dismiss the petition; or
2. modify the agency's order and enforce it as modified; or
3. remand the case to the agency for further proceedings.

(f) Any party to the hearing on the petition for enforcement of the agency's order may appeal the court's decision to the appellate division under the rules of procedure applicable to other civil cases.

Sec. 5. (a) Civil Action for Unlawful Employment or Housing Practice. An ordinance adopted pursuant to this act may permit any complainant dissatisfied with the agency's final disposition of a matter to bring a civil action in the Superior Court Division of the General Court of Justice of New Hanover
County against the person allegedly engaging in the unlawful practice. Such civil action for an unlawful employment or housing practice may not be brought more than one year after a charge thereof was filed with the agency or more than 60 days after the complainant's receipt of notification of the agency’s final disposition of the matter, whichever is later.

(b) Injunctions; Equitable Relief. If the court finds that the respondent has engaged in or is engaging in an unlawful employment or housing practice charged in the complaint, the court may enjoin the respondent from engaging in such unlawful employment or housing practice, and order such action as may be appropriate, which may include, but is not limited to, reinstatement or hiring of employees, with or without back pay (payable by the person, firm, corporation or association as the case may be, responsible for the unlawful employment practice), or any other equitable relief as the court deems appropriate. Back pay liability shall not accrue from a date more than two years prior to the filing of a charge with the agency. Interim earnings or amounts earnable with reasonable diligence by the person or persons discriminated against shall operate to reduce the back pay otherwise allowable. No order of the court shall require the admission or reinstatement of an individual as a member of a union, or the hiring, reinstatement, or promotion of an individual as an employee, or the payment to him of any back pay, if such individual was refused admission, suspended, or expelled, or was refused employment or advancement or was suspended or discharged for any reason other than discrimination on account of race, color, religion, sex, national origin, handicap or age or in violation of an ordinance adopted pursuant to this act.

(c) Attorney's Fee. In any action or proceeding under an ordinance adopted pursuant to this act, the court, in its discretion, may allow the prevailing party, other than the agency, a reasonable attorney's fee as part of the costs, and the agency shall be liable for costs the same as a private person.

Sec. 6. Discrimination on Account of Opposition to Unlawful Practices or Participation in Investigation, Proceeding, or Hearing. It shall be an unlawful employment practice for an employer to discriminate against any of his employees or applicants for employment, to discriminate against any individual, or for a labor organization to discriminate against any member thereof or applicant for membership, because he has opposed any practice made an unlawful employment practice by an ordinance adopted pursuant to this act or because he has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding or hearing under such an ordinance.

Sec. 7. Additional Authority of Agency. To further assist in enforcement of ordinances authorized by this section, and in the investigations of violations of said ordinances, the agency may subpoena witnesses, administer oaths, and compel the production of evidence. If a person fails or refusal to obey a subpoena issued by the agency, the agency may apply to the General Court of Justice for an order requiring that its order be obeyed, and the court shall have jurisdiction to issue such orders after notice to all proper parties. No testimony of any witness before the agency pursuant to a subpoena issued in exercise of the power conferred by this section may be used against him on the trial of any criminal action other than a prosecution for false swearing committed on the examination. If any person, while under oath administered pursuant to this paragraph willfully swears falsely, he is guilty of a misdemeanor.
Sec. 8. Access to Records. The agency at all reasonable times, for the purposes of examination, shall have access to, and the right to copy, any evidence of any person being investigated that relates to an unlawful employment or housing practice under an ordinance adopted pursuant to the act and relevant to the charge under investigation. Information discovered during such an investigation shall not be made public by the agency until offered into evidence in an administrative hearing or judicial proceeding.

Sec. 9. Public Records. Public records concerning the investigation, conciliation or mediation of alleged violations of an ordinance enacted pursuant to this section are not subject to the provisions of G.S. 132-6 and G.S. 132-9.

Sec. 10. Chapter 315, Session laws of 1979 is repealed.

The General Assembly of North Carolina enacts:

Section 1. Article 1 of G.S. Chapter 24 is hereby amended by adding a new section, to be designated G.S. 24-1.1B, to read as follows:

"§24-1.1B. Manufactured home loans; variable interest rate loans authorized.—(a) For the purposes of this section, the terms listed herein shall have the following meanings:

(I) ‘Lender’ means a person regularly engaged in the business of selling or financing manufactured homes (A) who is an arranger of credit, or (B) who regularly extends consumer credit that is subject to a finance charge or is payable by written agreement in more than four installments (not including a down payment) and to whom the
obligation is initially payable, either on the face of the note or contract, or by agreement when there is no note or contract.

(2) 'Interest' means finance charge expressed as an annual percentage rate. The finance charge is the cost of consumer credit as a dollar amount. It includes any charge payable directly or indirectly by the lender as an incident to or a condition of the extension of credit.

(3) 'Manufactured home' shall mean a mobile home, as defined in G.S. 143-145(7), which is used as a residence, whether or not the home is affixed to real property.

(4) 'Manufactured home loan' shall include both the credit sale of a manufactured home and a direct loan used to finance the purchase of a manufactured home, in which the seller or lender is secured by:
   a. a security interest which is the first lien on a manufactured home and any personal property sold therewith as part of the home,
   b. a first or second mortgage or deed of trust on real estate, or
   c. a combination of these financing methods.

(b) A manufactured home loan may provide for a fixed rate of interest payable in substantially equal successive installments over a fixed term, or a manufactured home loan may provide that the rate of interest may be adjusted at certain regular intervals. In this latter event, the manufactured home loan shall be subject to the following provisions:

(1) Adjustments in the interest rate charged must be based on changes in a specific index, as set forth in the loan agreement, with the index base being fixed by the value of the index on the first day of the month in which the loan agreement is dated. The index may be only:
   a. the monthly average yield on United States Treasury securities adjusted to a constant maturity of five years; or
   b. an index expressly approved by the Federal Home Loan Bank Board or by the Office of the Comptroller of the Currency, Department of the Treasury, for adjustable or variable interest rates on residential mortgage loans.

(2) Adjustments to the interest rate may not exceed one-half of one percent (1/2 of 1%) a year for any six-month period. If the stated regular interval for rate adjustments is a twelve-month period, or longer, rate adjustments may not exceed one percent (1%) a year.

(3) The rate of interest shall not increase or decrease during the six-month period beginning with the date of execution of the loan agreement, and at least six months shall elapse between changes.

(4) Adjustments (either up or down) to the rate of interest on each adjustment date shall, for the initial adjustment, be equal to the difference between the index value for the third calendar month preceding the adjustment date and the index value on the date of execution of the manufactured home loan. For adjustments after the initial adjustment, adjustments shall be equal to the difference between the index value for the third month preceding the adjustment date and the index value for the third month preceding the date of the immediately preceding rate adjustment.

(5) Any increase in the rate of interest permitted by this section is optional with the lender. Decreases in the rate of interest are mandatory.
whenever the total decrease in the index value equals or exceeds one
fourth of one percentage point.

(6) By agreement of the parties, adjustments to the rate of interest may
result in changes in the amount of regular installment payments due
under the loan agreement, or in changes in the term of the loan
agreement, or in a combination of such changes in amount and term.

(7) A lender shall allow a borrower to prepay in whole or in part at any
time without a prepayment penalty.

(8) A lender may not charge any fees to, or assess any costs against, a
borrower in connection with the processing of any rate adjustment, term
adjustment or combination of rate and term adjustment.

(9) Before execution of a manufactured home loan agreement, the lender
shall comply with all applicable requirements and disclosures pursuant
to Part I of the Consumer Protection Act (Truth-In-Lending Act) 15
USC §1601, et seq., as amended, and as implemented by Regulation Z
promulgated by the Board of Governors of the Federal Reserve System.
The required disclosures shall be made on the basis of the rate of
interest in effect at the time the disclosure is made, assuming that each
scheduled payment is made on the date it is due and in the scheduled
amount. Such disclosures shall include the following information:
a. the circumstances under which the rate may increase;
b. any limitations on the increase;
c. the effect of an increase; and
d. an example of the payment terms that would result from an increase.

(10) The lender shall send written notification of any rate adjustment, by
first class mail, postage prepaid, at least one month before the date that
the new rate of interest will take effect. The notification shall comply
with all applicable requirements of Part I of the Consumer Protection
Act (Truth-In-Lending Act) 15 USC §1601, et seq., as amended, and as
implemented by Regulation Z promulgated by the Board of Governors
of the Federal Reserve System. Such notification shall include:
a. the current and new rates of interest;
b. the index value for the month during which the manufactured home
loan agreement was executed or, for adjustments after the initial
adjustment, the index value used for the immediately preceding rate
adjustment, and the index value used to calculate the new change in
the rate of interest; and
c. the amounts of new installment payments, if any, and the remaining
maturity.

(c) The provisions of G.S. Chapter 25A, the Retail Installment Sales Act shall
apply to the consumer credit sale of a manufactured home, provided that:
(1) A manufactured home loan shall be subject to G.S. Chapter 25A except
for G.S. 25A-33(4);
(2) The provisions of this section shall control, where inconsistent with the
provisions of G.S. Chapter 25A (G.S. 25A-34 shall not be construed to
limit variation in regular monthly payment amounts on loans under
this section); and
(3) Interest charges on manufactured home loans shall be computed and
paid periodically as a percentage of the unpaid principal balance. This
percentage shall be computed as the number of days actually elapsed,

  times the effective annual percentage rate, divided by 365. Scheduled monthly payments may assume a 30-day month. Payments may be applied first to accrued interest, then to principal. No default charge shall be assessed on loans under this section.

Sec. 2. G.S. 25A-2(a)(5) is hereby rewritten to read as follows:

“(5) The amount financed does not exceed twenty-five thousand dollars ($25,000) or, in the case of a mobile home as defined in G.S. 143-145(7), regardless of the amount financed.”

The General Assembly of North Carolina enacts:

Section 1. The Charter of the City of Raleigh, Chapter 1184 of the Session Laws of 1949, is hereby amended by adding a new section, 2.14(76), to read as follows:

"Sec. 2.14(76). Authorization to exercise certain land acquisition and disposal procedures and development powers, and to participate in economic development projects.

(a) Definition. An economic development project means an economic capital development project within a certain defined area or areas of the city as established by the city council, comprising one or more lots, buildings, or other improvements and including any public or private facilities. Said project may include programs or facilities for improving downtown redevelopment, 'pocket of poverty' or other federal or State assistance programs which the city council determines to be in need of economic capital development or revitalization and which qualify for capital assistance under applicable federal or State programs.

(b) Authorization.

(1) In addition to any other authority granted by law, the City of Raleigh may accept grants, expend funds, make grants or loans, acquire property and participate in capital economic development projects which the city council determines will enhance the economic development and revitalization of the city in accordance with the authority granted herein. Such project may include both public and private lots, buildings or facilities financed in whole or in part by federal or State grants (including but not limited to urban development action grants) and may include any capital expenditures which the city council finds necessary to comply with conditions in any federal or State grant agreements and which the city council finds will complement the project and improve the public tax base and general economy of the city.

Such projects may be partially financed with city funds received from federal or State sources and being granted or loaned to the private owner for said construction or renovation; in addition, other city funds from any sources may be used for acquisition, construction, leasing and operation of facilities by the city for the general public and for capital
improvements to public facilities which will support and enhance the private facilities and the general economy of the city.

(2) When the city council finds that it will promote the economic development or revitalization in the city, the city may acquire, construct, and operate or participate in the acquisition, construction, ownership and operation of an economic development project or of specific buildings or facilities within such a project and may comply with any State or federal government grant requirements in connection therewith. The city may enter into binding contracts with one or more private parties or governmental units with respect to acquiring, constructing, owning or operating such a project. Such a contract may, among other provisions, specify the responsibilities of the city and the developer or developers and operators or owners of the project, including the financing of the project. Such a contract may be entered into before the acquisition of any real property necessary to the project by the city or the developer or other parties.

(c) Property acquisition. An economic development project may be constructed on property acquired by the developer or developers, or on property directly acquired by the city, or on property acquired by the Redevelopment Commission while exercising the powers, duties and responsibilities pursuant to G.S. 160A-505.

(d) Property disposition. In connection with an economic development project, the city may convey interests in property owned by it, including air rights over public facilities, as follows:

(1) If the property was acquired under the urban redevelopment law, the property interests may be conveyed in accordance with said law.

(2) If the property was acquired by the city directly, the city may convey property interests by any procedure set forth in its city charter or the general law or, by private negotiation or sale.

(e) Construction of the project. A contract between the city and the developer or developers may provide that the developer or developers shall be responsible for the construction of the entire economic development project. If so, the contract shall include such provisions as the city council deems sufficient to assure that any public facilities included in the project meet the needs of the city and are constructed at a reasonable price. Any funds loaned by the city pursuant to this paragraph to a private developer or developers and used by said developer or developers in the construction of a project hereunder on privately owned property, shall not be deemed to be an expenditure of public money.

(f) Operation. The city may contract for the operation of any public facility or facilities included in an economic development project by a person, partnership, firm or corporation, public or private. In addition, the city, upon consideration, may contract through lease or otherwise whereby it may operate privately constructed parking facilities to serve the general public. Such a contract shall include provisions sufficient to assure that any such facility or facilities are operated for the benefit of the citizens of the city."

H. B. 1390 CHAPTER 993

AN ACT TO AUTHORIZE THE ISSUANCE OF THREE HUNDRED MILLION DOLLARS IN BONDS OF THE STATE TO PROVIDE FUNDS FOR ENVIRONMENTAL IMPROVEMENT THROUGH GRANTS TO UNITS OF GOVERNMENT FOR CONSTRUCTION AND IMPROVEMENT OF WASTEWATER TREATMENT WORKS, WASTEWATER COLLECTION SYSTEMS AND WATER SUPPLY SYSTEMS.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known and may be cited as the "North Carolina Clean Water Bond Act of 1981".

Sec. 2. Purpose. The problem of polluted and befouled lakes, streams and estuaries in the State of North Carolina, already serious and destined to grow worse unless immediate action is taken, is a matter of vital concern to the General Assembly. A major factor in the pollution problem is the discharge of waste to the waters of this State by municipalities and other population concentrations from wastewater systems that are inadequate, antiquated and, in some instances, nonexistent.

A problem of equally pressing importance is that of ensuring to the citizens of this State an adequate supply of pure water for domestic consumption. The steady growth of population and an increasingly urbanized population have created a constantly rising demand for water at the same time that the available sources of pure water are decreasing. The situation thus created has overtaxed the capacity of many existing water supply systems and has also led to a proliferation of small water supply systems which are costly to construct and operate and which frequently do not provide a desirable quantity or quality of water.

Although most of these units of government that are faced with these problems have made strenuous efforts to improve and expand existing facilities to meet the public need, many have found securing the necessary funds to be difficult, if not impossible. It is the intent and purpose of the General Assembly by this act to provide for the issuance of three hundred million dollars ($300,000,000) in bonds of this State, and to provide that the proceeds realized from the sale of the bonds shall be allocated primarily as grants to local units of government to stimulate the construction and improvement of wastewater treatment works, wastewater collection systems and water supply systems to provide a clean and healthful environment, an abundant supply of pure water, and continued economic growth and development.

Although the funds derived from the sale of the bonds authorized by this act shall be used primarily to encourage and assist local government units to meet their responsibilities, it is not intended nor is it possible for the State to
shall mean General 143-215. G.S. given by systems. improvements, extensions, Development Community benefit greatest and constructing of its General with charged operation and and given responsive governments, water supply of its property pursuant to of Department functions, or requires: herein funds The General "Department (1) (2) "Construction cost" shall mean the actual cost of planning, designing, and constructing any project for which a grant is made under this act including planning; environmental assessment; sewer system analysis; engineering; legal, fiscal, administrative and contingency costs for water supply systems, wastewater collection systems, and wastewater treatment works and any extensions, improvements, remodeling, additions, or alterations to existing systems. In addition construction cost shall include any fees payable to the Department of Natural Resources and Community Development pursuant to G.S. 143-215.3(a)(1) for review of grant applications and fees for inspections pursuant to Section 15 of this act. Such costs may include the cost of real property as provided for in this act, but shall not include recurring expenditures for administration, repairs, operation and maintenance of any wastewater or water supply systems.

(3) "Department of Administration" shall mean the North Carolina Department of Administration created by Article 9 of Chapter 143B of the General Statutes, or, should said department be abolished or otherwise divested of its functions under this act, the public body succeeding it in its principal functions, or upon which are conferred by law the rights, powers and duties given by this act to said department.

assume those responsibilities. They must and properly ought to be met by local governments, responsive to the needs and demands of their citizens, through forceful and appropriate action to resolve existing environmental problems and to meet those that the future portends.

The funds to be derived from the sale of the bonds authorized by this act are sufficient to meet no more than a fraction of the needs which now exist and will arise in the immediate future. For this reason, although public necessity will be the primary consideration in granting funds, great emphasis must be placed on the availability of matching grants and loans from other sources; the creation of efficient systems of regional wastewater disposal and regional water supply; and the willingness and ability of local government units to meet their responsibilities through sound fiscal policies, creative planning and efficient operation and management.

The General Assembly directs, therefore, that those agencies of this State charged with administration of this act, in order to achieve the wisest use of the funds herein provided for, shall exercise the utmost care and judgment in approving grants under this act, for which the ultimate criterion shall be the greatest benefit to the greatest number.

Sec. 3. Definitions. As used in this act, unless the context otherwise requires:

   3. To provide funds for the purchase or acquisition of necessary real property when federal grant or loan funds may not be used for such purposes. In no event shall any grant made under the Water Supply Systems Account or under subsections 7(c)(1) and (2) of the Pollution Control Account of this act exceed thirty percent (30%) of the total construction costs of any project, and to the extent that a grant exceeds twenty-five percent (25%) of project costs, the percentage in excess of twenty-five percent (25%) shall require approval by the Advisory Budget Commission.

b. The maximum grants made under subsection 7(c)(3) of this act alone or in combination with grants made under subsections 7(c)(1) and (2) of this act shall not exceed thirty-seven and one-half percent (37-1/2%) of the total construction cost of any project.

c. The maximum grant made under the Economic Development Account of this act shall not exceed fifty percent (50%) of the total construction cost of any project, fifty percent (50%) of the nonfederal share or five hundred thousand dollars ($500,000), whichever is least.

d. The maximum grant made under the Contingency Account of this act shall not exceed twenty-five percent (25%) of the total construction cost of any project.

e. In no case shall any grants made under the Economic Development Account in combination with grants made under the Pollution Control Account, the Water Supply Systems Account, or the Contingency Account of this act exceed fifty percent (50%) of the total construction cost of any project or fifty percent (50%) of the nonfederal share.

(b) Contingency Account. The Department of Administration, with the concurrence of the Advisory Budget Commission, from time to time shall allocate funds, not to exceed six million dollars ($6,000,000) in the aggregate, from the proceeds of the sale of the bonds herein authorized to a Contingency Account, which shall be maintained and administered as follows:
Session Laws—1981  CHAPTER 993

(1) Subject to the approval of the Advisory Budget Commission, the Department of Administration may make allocations from the Contingency Account for the following purposes:

a. To provide funds not to exceed one million dollars ($1,000,000) in the aggregate to meet the administrative expenses of the Department of Administration, the Department of State Treasurer, the Division of Health Services, and the Department of Natural Resources and Community Development incurred in the administration of this act in excess of the normal operating expenses of the agencies.

b. To provide funds not to exceed five million dollars ($5,000,000) in the aggregate for new grants or for supplemental water supply systems and wastewater treatment works grants when the Advisory Budget Commission, upon recommendation of the receiving agency and the Department of Administration, determines that there are sufficiently compelling reasons for providing funds from the Contingency Account.

(2) Each agency entitled to receive administrative expense funds from the Contingency Account shall prepare an itemized estimate of administrative funds required for the succeeding fiscal year, and the Division of Health Services, the Department of State Treasurer and the Department of Natural Resources and Community Development shall deliver their estimates to the Department of Administration at least 45 days prior to the beginning of the fiscal year for which the funds are required. The Department of Administration shall determine the administrative expense funds available and, along with its recommendations, shall deliver the estimates of the Division of Health Services, the Department of State Treasurer, the Department of Natural Resources and Community Development and its own estimate, if any, to the Advisory Budget Commission at least 30 days prior to the beginning of the fiscal year for which the funds are required. Any administrative expense funds approved by the Advisory Budget Commission shall be disbursed by the Department of Administration to the appropriate agency. If the administrative expense funds disbursed to any agency shall prove insufficient, it may apply at any time during the fiscal year for additional funds in the manner above provided. If the funds provided in this act for administrative expenses are exhausted, the Department of Administration, with the concurrence of the Advisory Budget Commission, may apply for disbursement to the Contingency Account of funds for administrative expenses from the Contingency and Emergency Fund. Funds in the account for administrative expenses not used to defray agency expenses, other than funds disbursed from the Contingency and Emergency Fund, shall be used for the other purposes of this act. Unused funds in the account for administrative expenses disbursed from the Contingency and Emergency Fund shall be returned to said fund.

(c) Pollution Control Account. The sum of one hundred fifty-four million dollars ($154,000,000) of the proceeds of the sale of bonds authorized by this act shall be allocated to a Pollution Control Account, from which shall be made grants to units of government for the construction, improvement or expansion of wastewater treatment works and wastewater collection systems and, where authorized, for the acquisition of real property or interests in real property necessary for the construction, expansion or improvement of such works or systems. The Department of Administration shall disburse no funds from the Pollution Control Account except upon receipt by it of written approval of the
disbursement from the Department of Natural Resources and Community Development.

(1) Eighty million dollars ($80,000,000) of the funds allocated to the Pollution Control Account shall be used exclusively for the purpose of grants to pay a portion (not to exceed the limitations set forth in subsection 7(a)(2) of this act) of the eligible construction costs of approved wastewater treatment works projects.

(2) The sum of forty million dollars ($40,000,000) allocated to the Pollution Control Account shall be allotted among the various counties of the State in the proportion that the population of each county bears to the total population of the State, as such populations were determined by the 1980 Decennial Census of the United States Department of Commerce, exclusively for grants to the counties or units of government therein for wastewater treatment works or collection system projects.

(3) Thirty-four million dollars ($34,000,000) of the funds allocated to the Pollution Control Account shall be exclusively for the purpose of supplemental grants for wastewater treatment works projects:

a. for which federal grant offers from federal fiscal year 1980 or federal fiscal year 1981 funds for development of detailed plans and specifications have been made prior to October 1, 1981; and

b. where the Governor has determined that the federal cost sharing rate for such projects shall be less than seventy-five percent (75%).

Funds which cannot be utilized for the purpose set forth under subsection 7(c)(3) may be used for new or supplemental wastewater treatment works grants as provided in subsection 7(c)(1) above. If any funds allocated under subsection 7(c)(3) have not been committed as of June 30, 1987, such funds may be utilized for grants under either subsection 7(c)(1) or subsection 7(c)(3) of this act.

(d) Water Supply Systems Account. The sum of sixty million dollars ($60,000,000) of the proceeds of sale of the bonds authorized by this act shall be allocated to a Water Supply Systems Account from which shall be made grants to units of government for the construction, expansion or improvement of water supply systems and, where authorized, for the acquisition of real property or interests in real property necessary for the construction, expansion or improvement of water supply systems. The Department of Administration shall disburse no funds from the Water Supply Systems Account except upon receipt by it of written approval of the disbursement from the Division of Health Services.

(1) Forty million dollars ($40,000,000) of the funds allocated to the Water Supply Systems Account shall be allotted among the various counties of this State in the proportion that the population of each county bears to the total population of the State, as such populations were determined by the 1980 Decennial Census of the United States Department of Commerce, for grants to the counties or units of government therein.

(2) Twenty million dollars ($20,000,000) of the funds allocated to the Water Supply Systems Account shall be used for the purpose of providing grant funds for water supply systems projects generally and not upon a county allotment basis.

(e) Economic Development Account. The sum of eighty million dollars ($80,000,000) of the proceeds of sale of the bonds authorized by this act shall be allocated to an Economic Development Account from which shall be made new
or supplemental grants to units of government where necessary for industrial
growth or expansion. Grants from this account may be made for the
construction, improvement or expansion of wastewater treatment works,
wastewater collection systems, and water supply systems; and for the
acquisition of real property or interests in real property necessary for the
construction, expansion, or improvement of such works or systems. Grants from
this account for wastewater treatment works shall be awarded by the
Department of Natural Resources and Community Development with the
concurrence of the Department of Commerce. Grants from this account for
water supply systems shall be awarded by the Department of Natural Resources
and Community Development with the concurrence of both the Department of
Commerce and the Division of Health Services. Grants from this account shall
be based on the relative financial need of an area, the effect of the grant on
increasing the average wage of the area, the effect of the grant in improving the
economic potential of the area, and the effect of the grant on the number of new
jobs to be provided. The Department of Administration shall disburse no funds
from the Economic Development Account except upon receipt by it of written
approval of the disbursement from the Department of Natural Resources and
Community Development.

Sec. 8. Continuity of grant funds. (a) Any funds uncommitted for grants
as of June 30, 1982, under either Section 7(c) or Section 7(d) of the Clean Water
Bond Act of 1977, shall be allocated thereafter for grants pursuant to this act.
(b) Grant funds under Section 7(c)(1) and (2) of this act and Section 7(d)(1)
and (2) of this act may be administered according to existing rules and
regulations under the Clean Water Bond Act of 1977 until such time as rules
and regulations as provided for in Section 16 of this act shall become effective.
(c) Any funds uncommitted for grants as of June 30, 1987, under Section
7(c)(2) shall be allocated thereafter for grants pursuant to Section 7(c)(1); funds
uncommitted under Section 7(d)(1) shall be allocated for grants after June 30,
1987, pursuant to Section 7(d)(2).
(d) Funds under this act shall be allocated for grants except that any funds
which are uncommitted on June 30, 1992, shall revert to the General Fund.

Sec. 9. Application for grant; environmental assessment; notice; hearing.
(a) Application. All applications for grants for water supply systems shall be
filed with the Division of Health Services and all applications for grants for
wastewater treatment works or wastewater collection systems shall be filed
with the Department of Natural Resources and Community Development.
Every application for a grant from county allotment funds under this act shall
so state and shall identify the county. Every applicant shall also file with the
Department of Administration such information concerning the application as
the Department of Administration may require by rules or regulations adopted
pursuant to this act.

The Department of Administration, the Division of Health Services and
the Department of Natural Resources and Community Development may
develop jointly and adopt a standard form of application for grants under this
act. Any application for construction grants under the Federal Clean Water Act
may be considered as an application for grants under Section 7(c)(1) of this act.
The information required to be set forth in the application shall be sufficient to
permit the respective agencies to determine the eligibility of the applicant and
to establish the priority of the application as set forth in this act.
CHAPTER 993  Session Laws—1981

Any applicant shall furnish information in addition or supplemental to the information contained in its application upon request by the receiving agency.

(b) Environmental Assessment. Every applicant shall file with its application an assessment setting forth the impact that the project for which grant funds are sought will have upon the environment of the area within which the project is proposed to be located. The assessment shall set forth the impact of the project upon water resources, other natural resources, land use patterns, and such other factors as the Division of Health Services or the Department of Natural Resources and Community Development shall require by duly adopted rules and regulations. Any environmental assessment required as part of an application for construction grants under the Federal Clean Water Act may satisfy the requirements of this provision. If, after reviewing the environmental assessment, the Division of Health Services or the Department of Natural Resources and Community Development concludes that an environmental impact statement is required, then the application will receive no further consideration until a final environmental impact statement has been completed by the applicant and approved by the receiving agency.

(c) Notice. Within 60 days after the receipt of any application filed pursuant to Section 7(c)(2) or Section 7(d)(1), the receiving agency shall give notice of the application, sufficient to describe the nature, location and the extent of the project for which grant funds are sought, as follows:

1. Notice by first-class mail to the governing body or chief executive officer of every local government unit located within the county or counties in which the project for which grant funds are sought is located or proposed to be located.

2. Notice by publication once in a newspaper published or having general circulation within the county or counties in which the project for which grant funds are sought is located or proposed to be located.

(d) Hearings. A public hearing shall be held by the receiving agency on any application filed pursuant to Section 7(c)(2) or Section 7(d)(1) in accordance with the provisions of this subsection, upon written request received by the agency within 15 days after mailing the notice required by this section from any person named in subsection (c)(1) of this section. A public hearing may be held by the receiving agency upon written request received within 15 days after the date of publication of the notice from any citizen or taxpayer who is a resident of the county or counties in which the project is or is proposed to be located if it appears that the public interest will be served by such hearing. The written request shall set forth each objection to the proposed project or other reasons for requesting a hearing on the application and shall contain the name and address of the person(s) submitting it. The receiving agency shall consider all written objections to the proposed project and other statements along with the application, including any significant adverse effects that the proposed project may have on the environment, and shall determine if the public interest will be served by a hearing. The determination by the receiving agency shall be conclusive; but all written requests for a hearing shall be retained as a permanent part of the records pertaining to the application, whether or not the request is granted. A hearing may be held regarding any application filed pursuant to Section 7(c)(1) or Section 7(d)(2) if the receiving agency determines that the public interest will be served by such a hearing.
Sec. 10. Eligibility. No applicant shall be eligible for a grant under this act unless it shall demonstrate to the satisfaction of the receiving agency that:

1. The applicant is a unit of government as defined in this act.
2. The applicant has the financial capacity to provide its share of the project funds.
3. The applicant has substantially complied or will substantially comply with all applicable laws, rules, regulations, and ordinances, federal, State and local.
4. The applicant has agreed by official resolution to adopt and place into effect on or before completion of the project a schedule of fees and charges which will provide adequate funds for proper operation, maintenance and administration of the project.

Sec. 11. Priorities. (a) Determination. Determination of priorities to be assigned each eligible application shall be made quarterly by the appropriate receiving agency during each fiscal year. Every eligible application filed pursuant to Section 7(c)(1), Section 7(d)(2), or Section 7(e) shall be considered by the receiving agency with every other application filed pursuant to Section 7(c)(1), Section 7(d)(2), or Section 7(e), respectively, and eligible for consideration during the same priority period, to determine the priority to be assigned to such application. Every eligible application filed pursuant to Section 7(c)(2) or Section 7(d)(1) shall be considered by the receiving agency with every other application filed from within the same county pursuant to Section 7(c)(2) or Section 7(d)(1), respectively, and eligible for consideration during the same priority period, to determine the priority to be assigned to such application. Any application which does not contain the information required by this act or regulations adopted by the receiving agency(s) to implement the act shall not be deemed received until such information is furnished by the applicant to the receiving agency.

(b) Priority factors. All applications for grants under this act eligible for consideration during each priority period shall be assigned a priority for grant funds by the receiving agency. In determining priorities, the receiving agency:

1. shall give primary consideration to the public necessity of the project in promoting the public health, safety and welfare; and
2. shall also give consideration to:
   a. the eligibility of the proposed project for federal grants;
   b. the compatibility of the proposed project with the State’s general program of water supply and water pollution control, any applicable regional planning program and the population to be served, and the economic development needs of the area to be served;
   c. the fiscal responsibility of the applicant; and
   d. the need of the applicant for funding assistance.

(c) Any priority system established for construction grants under the Federal Clean Water Act shall satisfy the requirements of this section.
(d) Assignment of priority. A written statement relative to each priority assigned shall be prepared by the agency assigning the priority and shall be attached to the application; and the priority assigned shall be conclusive.
(e) Failure to qualify. Any application filed pursuant to Section 7(c), Section 7(d), or Section 7(e) that does not qualify for a grant as of the priority period in which the application was eligible for consideration by reason of the priority assigned the application shall be considered for a grant during the next
succeeding priority period upon request of the applicant. If such application should fail to qualify for a grant during four consecutive priority periods by reason of the priority assigned, the application shall receive no further consideration. An applicant may file a new application for a grant at any time, and may amend any pending application to include data or information which would tend to qualify the application for a higher priority.

Sec. 12. Withdrawal of grant commitment. Failure of an applicant, within one year of the date of acceptance of a grant award, to (1) arrange for necessary financing of the proposed project, or (2) to award a contract for the construction of the proposed project, shall constitute sufficient cause for withdrawal of the grant commitment. Prior to withdrawal of a grant commitment, the appropriate receiving agency shall give due consideration to any extenuating circumstances presented by the applicant as reasons for its failure to arrange necessary financing or to award a contract, and the grant commitment may be extended for an additional period of time if, in the judgment of the receiving agency, such an extension is justified.

Sec. 13. Disbursement of funds. No funds shall be disbursed by the Department of Administration for any grant until it has received from the appropriate receiving agency a certificate of eligibility to the effect that the applicant meets all eligibility criteria, and that notice and hearing requirements of this act have been met.

In the event that the grant payments are to be made in installments, no installment payment shall be disbursed by the Department of Administration until it has received from the appropriate receiving agency a written request for disbursement.

Sec. 14. Payment of grants. The receiving agency, in its sole discretion, may determine whether the payment of any grant made under this act shall be in a lump sum or in installments as progress payments and shall, by adoption of appropriate rules and regulations, provide for the manner of approval and payment of grants.

Sec. 15. Inspection. Inspection of a project for which a grant has been made under this act may be performed by qualified personnel of the Division of Health Services or the Environmental Management Commission or may be performed by qualified professional engineers, registered in this State, who have been approved by the Division of Health Services or the Department of Natural Resources and Community Development, but no person shall be approved to perform inspections who is an officer or employee of the unit of government to which the grant was made or who is an owner, officer, employee or agent of a contractor or subcontractor engaged in the construction of the project for which the grant was made. For the purpose of payment of inspection fees, inspection services shall be included in the term “construction cost” as used in this act.

Sec. 16. Rules and regulations. (a) Adoption. The Department of Administration, the Commission of Health Services and the Environmental Management Commission, in order to accomplish the efficient administration and uniform application of this act, are empowered to adopt, modify and revoke rules of procedure establishing and amplifying the procedures to be followed in the administration of this act and regulations interpreting and applying provisions of this act. To the extent practicable and feasible, uniform rules and
regulations may be jointly adopted, and no rule or regulation jointly adopted may be modified or revoked except upon concurrence of all three agencies.

(b) Approval. The adoption or repeal of rules under this act shall not become effective until approved by the Advisory Budget Commission.

(c) Copies furnished. A copy of its rules and regulations adopted pursuant to this act shall be furnished free of charge by the receiving agency and the Department of Administration to any governmental unit. Any other person shall be entitled to receive a copy upon payment of a reasonable charge for printing or duplication if the receiving agency or Department of Administration shall so require.

Sec. 17. Federal grants and loans. In order to carry out the purpose of this act to secure the greatest benefits possible to the citizens of this State from the funds herein provided for, the Department of Administration, the Commission for Health Services and the Environmental Management Commission are authorized and directed to adopt such rules, regulations and criteria pursuant to and in accordance with this act as are necessary and appropriate to conform to federal requirements for federal grants and loans for any of the purposes set forth in this act. If any applicant for grant funds under this act for a project otherwise eligible for a federal grant or loan fails to qualify for such grant or loan by reason of the failure or refusal of the applicant to meet federal requirements, the receiving agency, in its sole discretion and determination, may refuse the grant applied for under this act. Every grant made pursuant to this act for any project for which federal funds are available and for which the applicant has applied shall be conditional upon approval of the applicant's request for federal funds.

Sec. 18. Annual reports to Advisory Budget Commission. The Department of Administration, the Department of State Treasurer, the Division of Health Services, and the Department of Natural Resources and Community Development shall prepare and file on or before July 31 of each year with the Advisory Budget Commission a consolidated report for the preceding fiscal year concerning the sale and allocation of the proceeds of sale of the bonds authorized by this act.

(a) Department of Administration. The portion of the report prepared by the Department of Administration shall set forth for the preceding fiscal year itemized and total allocations from the Contingency Account for grants and administrative expenses; itemized and total allocations from the Pollution Control Account and from the Economic Development Account of grants authorized by the Department of Natural Resources and Community Development; and itemized and total allocations from the Water Supply Systems Account of grants authorized by the Division of Health Services. The Department of Administration shall also prepare a summary report of all bond funds received by and all allocations made from the Clean Water Fund for each fiscal year, the total funds received and allocations made, and unallocated funds on hand in each account as of the end of the preceding fiscal year.

(b) State Treasurer. The portion of the report prepared by the State Treasurer shall set forth the funds realized from the proceeds of sales of bonds or issuance of bond anticipation notes authorized by this act during the preceding fiscal year; the costs and expenses of such sales, or issuance; the total funds realized from the proceeds of sales of bonds or issuance of bond anticipation notes for all preceding fiscal years and the total costs and expenses
CHAPTER 993    Session Laws—1981

of such sales or issuances; and the total amount of the bonds authorized but unissued.

(c) Department of Natural Resources and Community Development and Division of Health Services. The portions of the report prepared by the Department of Natural Resources and Community Development and the Division of Health Services:

(1) Shall identify each grant made by the receiving agency during the preceding fiscal year; the total amount of the grant commitments; the sums actually paid during the preceding fiscal year to each grant made and to each grant previously committed but unpaid; and the total grant funds paid during the preceding fiscal year.

(2) Shall itemize the expenditure of any administrative expense funds allocated from the Contingency Account during the preceding fiscal year.

(3) Shall contain a summary for all preceding fiscal years of the total number of grants made; the total funds committed to such grants; the total sum actually paid to such grants; and the total expenditure of administrative expense funds allocated from the Contingency Account.

(4) Shall contain an assessment and evaluation of the effects that approved projects have had upon water pollution control and water supplies within the purposes of this act and with relation to the total water pollution control and water supply problem.

(d) Signatures. The report shall be signed by each of the chief executive officers of the State agencies preparing the report.

Sec. 19. Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are declared to be severable.

Sec. 20. During the 1981-83 biennium the State Treasurer shall sell no bonds pursuant to this act which will require debt service payments during the 1981-83 biennium unless there are sufficient funds to pay such debt service payments in the State Treasurer's debt service appropriation for the 1981-83 biennium.

AN ACT TO AMEND THE CHARTER OF THE CITY OF SALISBURY TO AUTHORIZE ECONOMIC DEVELOPMENT PROJECTS.

The General Assembly of North Carolina enacts:

Section 1. The Charter of the City of Salisbury, Chapter 231, Private Laws of 1927, as amended, is hereby further amended by adding a new section to read as follows:

"Sec. 34.1. (a) Definition. In this section economic development project means an economic capital development project within a certain defined area or areas of the city as established by the city council, comprised of one or more buildings or other improvements and including any public and/or private facilities. Said project may include programs or facilities for improving downtown redevelopment, 'pocket of poverty' or other federal or State assistance programs which the city council determines to be in need of economic capital development or revitalization and which qualify for capital assistance under applicable federal or State programs.

(b) Authorization.

(1) In addition to any other authority granted by law, the City of Salisbury may accept grants, expend funds, make grants or loans, acquire property and participate in capital economic development projects which the city council determines will enhance the economic development and revitalization of the city in accordance with the authority granted herein. Such project may include both public and/or private buildings or facilities financed in whole or in part by federal or State grants (including but not limited to urban development action grants) and may include any capital expenditures which the city council finds necessary to comply with conditions in any federal or State grant agreements and which the city council finds will complement the project and improve the public tax base and general economy of the city. By way of illustration, but not limitation, such a project may include the construction or renovation of any one or combination of the following projects:

a. Privately owned hotel.
b. Privately owned office building.
c. Housing.
d. Parking facilities.
e. Industrial buildings.
f. Site improvements.
g. Privately owned commercial building, including warehouses.

Such project may be partially financed with city funds received from federal or State sources and being granted or loaned to the private owner for said construction or renovation; in addition, other city funds from any sources may be used for acquisition, construction, leasing and/or operation of facilities by the city for the general public and for capital improvements to public facilities which will support and enhance the private facilities and the general economy of the city.

(2) When the city council finds that it will promote the economic development or revitalization in the city, the city may acquire, construct, and operate or participate in the acquisition, construction,
ownership and operation of an economic development project or of specific buildings or facilities within such a project and may comply with any State or federal government grant requirements in connection therewith. The city may enter into binding contracts with one or more private parties or governmental units with respect to acquiring, constructing, owning or operating such a project. Such a contract may, among other provisions, specify the responsibilities of the city and the developer or developers and operators or owners of the project, including the financing of the project. Such a contract may be entered into before the acquisition of any real property necessary to the project by the city or the developer or other parties.

(c) Property acquisition. An economic development project may be constructed on property acquired by the developer or developers, or on property directly acquired by the city, or on property acquired by the Redevelopment Commission or its successors while exercising the powers, duties and responsibilities pursuant to G.S. 160A-505.

(d) Property disposition. In connection with an economic development project, the city may convey interests in property owned by it, including air rights over public facilities, as follows:

(1) If the property was acquired under the urban redevelopment law, the property interests may be conveyed in accordance with special or general law.

(2) If the property was acquired by the city directly, the city may convey property interests by any procedure set forth in its city charter, special act or the general law or by private negotiation or sale.

(e) Construction of the project. A contract between the city and the developer or developers may provide that the developer or developers shall be responsible for the construction of the entire economic development project. If so, the contract shall include such provisions as the city council deems sufficient to assure that any public facilities included in the project meet the needs of the city and are constructed at a reasonable price. Any funds loaned by the city, pursuant to this paragraph, to a private developer, and used by said developer in the construction of a project on private property shall not be deemed an expenditure of public funds.

(f) Operation. The city may contract for the operation of any public facility or facilities included in an economic development project by a person, partnership, firm or corporation, public or private. In addition, the city, upon consideration, may contract through lease or otherwise whereby it may operate privately constructed parking facilities to serve the general public. Such a contract shall include provisions sufficient to assure that any such facility or facilities are operated for the benefit of the citizens of the city."

“...The Board of Trustees may approve the purchase of creditable service by
any member for leaves of absence or for interrupted service to an employer for
the sole purpose of acquiring knowledge, talents, or abilities and to increase the
efficiency of service to the employer. This creditable service shall be limited to
a career total of four years for each member and may be obtained in the
following manner:

make monthly contributions equal to the normal and accrued liability
contribution on such compensation or, in lieu thereof, the member may
pay into the annuity savings fund monthly an amount equal to the
employer’s normal and accrued liability contribution when the policy of
the employer is not to make such payment.

b. No educational leave policy. Where the employer has a policy of not
granting educational leaves of absence or the member has unsuccessfully
petitioned for leave of absence and the member has interrupted service
for educational purposes, the member may make monthly contributions
into the annuity savings fund in an amount equal to the employee
contribution plus the employer normal and accrued liability

the annuity savings fund equal to the full cost of the service credits
calculated on the basis of the assumptions used for purposes of the
actuarial valuation of the system’s liabilities and shall take into account

1536
the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance as determined by the board of trustees upon the advice of the consulting actuary, plus a fee to be determined by the board of trustees.

Payments required to be made by the member under subparagraphs a. or b. above shall be due by the 15th of the month following the month for which service credit is allowed and payments made after the due date shall be assessed a one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the due date; provided, however, the member shall forfeit the right to continue contributions if any payment is not made within 90 days of the due date and payments made shall be refunded and service credits cancelled if the member does not become a contributing employee within 12 months after completing the educational program and fails to complete three years of subsequent consecutive membership service except in the event of death or disability."

Sec. 2. G.S. 135-8(d)(1) is amended by deleting the phrase "In addition, such contributions by employers will be required for each member on leave of absence who makes monthly contributions in accordance with (b)(5) above, and will be based on the salary or wage the member was receiving at the time the leave of absence was granted."

AN ACT TO APPROPRIATE FUNDS FOR AN ANIMAL DIAGNOSTIC LABORATORY IN NORTHWESTERN NORTH CAROLINA.

Whereas, the 14 counties in northwestern North Carolina contain 27 percent (27%) of the cattle population and 36 percent (36%) of the chicken population of the State; and

Whereas, these percentages have increased over the five years for which statistics are available; and

Whereas, approximately three percent (3%) of the State swine population is in these counties; and

Whereas, these counties are currently served by a branch laboratory at North Wilkesboro which is equipped only for the diagnostic diseases of poultry; and

Whereas, the nearest all-species facility laboratory is in Asheville and is not readily accessible because of the mountainous terrain; and

Whereas, the people of the northwestern 14 counties need an animal disease diagnostic laboratory located in the area; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Agriculture the sum of two hundred thousand dollars ($200,000) for the 1981-82 fiscal year for the purpose of purchasing land for building and equipping an animal disease diagnostic laboratory in northwestern North Carolina.

Sec. 2. H. B. 76  CHAPTER 1003

AN ACT TO APPROPRIATE FUNDS FOR THE PURCHASE, RELOCATION AND RESTORATION OF THE HENRY STEVENS CARSON HOUSE IN BUNCOMBE COUNTY.

Whereas, the Henry Stevens Carson House is a one-story, log dog trot cabin with a kitchen ell, constructed in mid-19th century or earlier; and
Whereas, the House has many features, including half dovetailed cornering and rock chimneys with simple curly maple or poplar mantles, which give it historical, aesthetic and cultural significance; and
Whereas, the House is located across the road from the Big Ivy Community Center grounds, land owned by Buncombe County; and
Whereas, the Big Ivy Historical Society is dedicated to the preservation of Mountain Heritage in this area of North Buncombe County and in Western North Carolina; and
Whereas, the Society feels that the Henry Stevens Carson House would be ideal as an archive of the artifacts and history of the Big Ivy Section; and
Whereas, a study performed by the Department of Cultural Resources, Division of Archives and History, indicates that it would be feasible to move the House to the Big Ivy Community Center grounds and to restore it for this purpose; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Cultural Resources, Division of Archives and History, the sum of three thousand five hundred dollars ($3,500) for the 1981-82 fiscal year for the purchase, relocation and restoration of the Henry Stevens Carson House by the Big Ivy Historical Society. H. B. 107  CHAPTER 1004
AN ACT TO APPROPRIATE FUNDS FOR A BULKHEAD FOR HISTORIC BATH PENINSULA.

Whereas, the village of Bath, dating from 1705, is the oldest town in North Carolina; and
Whereas, the State of North Carolina maintains and operates portions of Bath as a State Historic Site; and
Whereas, State-owned and historic property at the peninsula formed by the confluence of Bath and Back creeks in the Town of Bath is eroding at a rate of approximately one foot per year; and
Whereas, the erosion of this peninsula endangers not only the appearance of the State Historic Site but also the site of an 1820's naval stores manufacturing facility; and
Whereas, a bulkhead already has been provided for creekside property near the peninsula; and
Whereas, additional archaeological investigation and the construction of a 350 feet of bulkhead is necessary to prevent the loss of historic and property resources within Historic Bath; Now, therefore,
The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Department of Cultural Resources, Division of Archives and History, the sum of one hundred fifty-one thousand dollars ($151,000) for the fiscal year 1981-1982 for necessary archaeological investigation and bulkhead construction.

H. B. 138  CHAPTER 1005
AN ACT TO APPROPRIATE FUNDS TO THE DEPARTMENT OF CULTURAL RESOURCES TO HELP EXPAND NORTH CAROLINA'S STATEWIDE REVOLVING FUND FOR HISTORIC PRESERVATION.

Whereas, North Carolina has taken the lead nationally in the establishment of a statewide revolving fund for historic preservation with the formation of a nonprofit corporation known as the Historic Preservation Fund of North Carolina, Inc.; and
Whereas, the 1977 North Carolina General Assembly recognized the necessity of a statewide revolving fund to help save many important historic buildings in North Carolina by appropriating to the Fund matching grants-in-aid totalling one hundred thousand dollars ($100,000) during the 1977-79 biennium; and
Whereas, the Historic Preservation Fund has raised over three hundred thousand dollars ($300,000) from foundations, corporations, and individuals since the 1977 General Assembly appropriated one hundred thousand dollars ($100,000); and
Whereas, the Fund with operating expenses of less than two hundred thousand dollars ($200,000) during a four-year period has succeeded in saving more than 20 endangered historic properties throughout the State, attracting
over two million five hundred thousand dollars ($2,500,000) in private investments and thus enhancing the property tax values of their respective cities and counties; and

Whereas, the Department of Cultural Resources relies heavily on the Fund, although a separate, independent organization, to serve as its ally in the purchase of endangered properties and their resale under protective covenants; and

Whereas, the Fund is now working to save more than 10 endangered properties throughout North Carolina, and its activities are increasing rapidly as more people learn of the Fund and its accomplishments; and

Whereas, the State should help financially in the growth and expansion of North Carolina’s successful statewide revolving fund; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for the 1981-82 fiscal year the sum of one hundred thousand dollars ($100,000) for the use of The Historic Preservation Fund of North Carolina, Inc., provided a like amount of money is raised by The Historic Preservation Fund of North Carolina, Inc., after July 1 in the fiscal year, for the purpose of expanding North Carolina’s statewide revolving fund for historic preservation. Funds appropriated in this act shall be expended only in accordance with G.S. 121-11 and G.S. 143-31.2., and only in accordance with special criteria and regulations to be developed by the North Carolina Historical Commission and the Department of Cultural Resources applicable to the operation of statewide revolving funds.

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 9th day of October, 1981.

CHAPTER 1006

AN ACT TO APPROPRIATE FUNDS FOR HISTORIC HALIFAX.

Whereas, North Carolina was the first of the thirteen colonies to take official action for independence by adopting the famous Halifax Resolves, April 12, 1776, more than a month before the colony of Virginia instructed its delegates in the Continental Congress to propose independence; and

Whereas, our first State Constitution was written in the town of Halifax in December, 1776, and our first State Governor, Richard Caswell, was elected there, and other significant historic events occurred in that town; and

Whereas, the Department of Cultural Resources has developed the historic part of the town, Halifax, as a State Historic Site; and

Whereas, more than two hundred thousand dollars ($200,000) worth of land and other property has been donated to the State at Halifax; and

Whereas, since the 1979 General Assembly recessed, work has been completed on Lot 52, the site of the Joseph Montfort House, ca. 1763, where more than one hundred thousand artifacts have been found; and

Whereas, a temporary structure was built over the remains as an emergency measure, but this structure will preserve the remains for only a short time; and
CHAPTER 1006  Session Laws—1981

Whereas, the State of North Carolina would be a leader in establishing archaeological and historical interpretive programs should a permanent structure be built over the remains; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources for the 1981-82 fiscal year the sum of one hundred thousand dollars ($100,000) to build a permanent structure over the remains of Lot 52, the site of the Joseph Montfort House, in the town of Halifax, and to establish an archaeological and historical interpretive program at the building for the public benefit.

In the General Assembly read three times and ratified, this the 9th day of October, 1981.

AN ACT TO APPROPRIATE FUNDS TO THE DIVISION OF MENTAL HEALTH, MENTAL RETARDATION AND SUBSTANCE ABUSE SERVICES, DEPARTMENT OF HUMAN RESOURCES FOR THE PURPOSE OF ASSISTING AREA PROGRAMS IN PROVIDING COMMUNITY SUPPORT SERVICES TO CHRONICALLY MENTALLY ILL PERSONS.

Whereas, chronically mentally ill persons do not need to be housed in expensive State institutions in order to treat or control their illness; and

Whereas, maintaining chronically mentally ill persons in community programs involves sociological and economic as well as medical problems; and

Whereas, the provision of community support services to include pre-vocational, vocational, social and daily living training is an integral part of supporting the chronically mentally ill in their home communities; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund the sum of two hundred thousand dollars ($200,000) for fiscal year 1981-1982 to the Division of Mental Health, Mental Retardation and Substance Abuse Services, Department of Human Resources to assist area programs in providing community support day programs for the chronically mentally ill.

H. B. 160  CHAPTER 1008
AN ACT TO APPROPRIATE FUNDS TO ASSIST THE RESTORATION OF HARMONY HALL IN THE CITY OF KINSTON.

Whereas, Harmony Hall in the City of Kinston in Lenoir County is the only surviving eighteenth century building in the City of Kinston, the original portion thereof having been constructed in the last quarter of the eighteenth century; and

Whereas, the house served as the residence of James Glasgow, Secretary of State during the Richard Caswell administration, and was owned by Governor Caswell; and

Whereas, the City of Kinston and Lenoir County can greatly benefit from the restoration of the house as a museum and community and visitor's center; and

Whereas, the Lenoir County Historical Association, Inc., has raised over one hundred seventy thousand dollars ($170,000) in State, county, city, and local funds for the purpose of restoring and preserving Harmony Hall; and

Whereas, a significant portion of the restoration, including reroofing, foundation piers, underpinning, extensive repair to chimneys, framing in of a kitchen and restrooms, reinforcement of the building framing, replacement and repairing of floors with heart pine, roughing in of heating, plumbing, wiring and air conditioning, repair of window sashing and insulation in walls has already been accomplished; and

Whereas, although local donors have donated funds and material to put the finishing touches on the Hall, work cannot continue until funds are made available for security systems; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, the sum of twenty-five thousand dollars ($25,000) for the 1981-82 fiscal year for the purpose of continuing the restoration of Harmony Hall in Kinston by the Lenoir County Historical Association, Inc.

H. B. 204  CHAPTER 1010
AN ACT TO APPROPRIATE FUNDS TO THE DEPARTMENT OF CULTURAL RESOURCES FOR THE ACQUISITION, DEVELOPMENT, AND OPERATION OF A VISITOR CENTER FOR HISTORIC EDENTON, INC., AND THE JAMES IREDELL HOUSE STATE HISTORIC SITE.

Whereas, the public presentation of North Carolina's heritage provides an immeasurable contribution to all citizens of this State; and
Whereas, the historic town of Edenton both preserves and interprets North Carolina's colonial and nineteenth-century heritage for thousands of North Carolinians and other visitors yearly; and
Whereas, both cultural and economic benefits accrue to the State's citizens as a result of the public operation of Historic Edenton and the James Iredell House State Historic Site; and
Whereas, many State citizens directly contribute of their time, money, and interest in order to provide a public visitor program in Historic Edenton; and
Whereas, in excess of one and one-quarter million dollars ($1,250,000) has been spent in the preservation, development, and operation of Historic Edenton and the James Iredell House State Historic Site; and

Whereas, current facilities and operational support at and for Historic Edenton are inadequate to the needs of a broad-based visitor program which encourages tourism, provides direct educational benefits to the State's school-age population and supports the practical and economically beneficial reuse of historic structures; and
Whereas, the citizens of Edenton, Chowan County, and other parts of the State have demonstrated their concern for this situation by obtaining, through Historic Edenton, Inc., an option on the majority interest in the house and other property of the late Fannie Ziegler; and
 Whereas, the Ziegler House and property are contiguous to the parking area of the James Iredell House State Historic Site; and  
 Whereas, the destruction of the Ziegler House would result in the irretrievable loss of an important historic landmark and the diminishment of the historic environment both the James Iredell House and Historic Edenton; and  
 Whereas, the Ziegler House fronts on Edenton's main thoroughfare and, therefore, is readily accessible to visitors; and  
 Whereas, the Ziegler House can be rehabilitated, at low cost, to serve both now and in the foreseeable future as a Visitor Center and operational headquarters for both Historic Edenton, Inc., and the James Iredell House State Historic Site; and  
 Whereas, an appropriation is needed in order to purchase the Ziegler property option, rehabilitate the Ziegler House and grounds, and provide adequate public services at the new facility; Now, therefore,  

The General Assembly of North Carolina enacts:  

Section 1. There is appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for the 1981-1982 fiscal year, the sum of sixty thousand dollars ($60,000) for the purpose of acquiring and rehabilitating the Ziegler House and property and the provision of visitor services at the James Iredell House/Historic Edenton, Inc., Visitor Center.

Whereas, the Women's Correctional Center in Raleigh has an academic instruction program but has only limited facilities for vocational training, and  

Whereas, the Center presently has programs to provide vocational testing and counseling; and  

Whereas, the Center presently has programs for job placement services and community readiness training; and  

Whereas, the Center can only place inmates in low-paying positions because it has inadequate space to teach vocational skills; and  

Whereas, former inmates who are gainfully employed return to a life of crime less often than those who are unable to provide for themselves and their families upon their release from prison; and  

Whereas, if the Center has a new vocational skills facility it could use the funds to facilitate the rehabilitation of these inmates and their return to free society with attitudes, knowledge, and skills that will improve their prospects of supporting their families and becoming law-abiding citizens; Now, therefore,

AN ACT TO APPROPRIATE FUNDS FOR THE YOUNG MEN'S INSTITUTE BUILDING IN ASHEVILLE, BUNCOMBE COUNTY. 

Whereas, in gratitude for the work of several hundred black citizens of Asheville who helped build Biltmore House, George Washington Vanderbilt constructed the YMI Building in 1892-93 to serve the local black community; and

Whereas, the YMI flourished as a social and cultural center for Asheville's black community for 30 years until the Great Depression; and

Whereas, the YMI Building was designed by Architect Richard Sharp Smith whose body of work represents a significant portion of Western North Carolina's finest turn-of-the-century and early-twentieth-century architecture; and

Whereas, the YMI Building housed a kindergarten and gymnasium as well as streetside businesses and, hence, is significant as an early example of a modern, multi-functional structure; and

Whereas, the YMI Cultural Center, Incorporated, purchased the YMI Building in 1979 in order to preserve the structure and return it to use as a community cultural and social center; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for the 1981-82 fiscal year ten thousand dollars ($10,000) for the purpose of exterior restoration and interior rehabilitation of the YMI Building, provided a like sum is raised by the YMI Cultural Center, Incorporated, in order to match the grant-in-aid on a dollar-for-dollar basis. Whereas, Flora MacDonald College, a Presbyterian College for women founded in 1896, was one of the leading women's colleges in southeastern North Carolina until its closing in 1961; and

Whereas, the buildings of the former Flora MacDonald College have been listed by the United States Department of the Interior in the National Register of Historic Places; and

S. B. 398  CHAPTER 1036

AN ACT CONCERNING THE ESTABLISHMENT OF A MUSEUM SERVICE BRANCH OF THE NORTH CAROLINA MUSEUM OF HISTORY IN OLD FORT.

Whereas, financially stable, educationally oriented, community history museums are vital to the effective preservation, interpretation, and promotion of State and local history; and

Whereas, community history museums, located throughout North Carolina, are conscious of their potential and are actively seeking professional assistance in achieving this end; and

Whereas, most community history museums lack sufficient funds to obtain commercial consultation or technical services; and

Whereas, most community history museums are operated by enthusiastic, if untrained, volunteers who know little about the problems of artifact preservation or the creation of educational exhibitions; and

Whereas, the North Carolina Museum of History is responsible for and does, to the degree possible, assist community history museums in all phases of museum operations; and

Whereas, this assistance, to be effective, is needed on a regular basis, a level of service the North Carolina Museum of History currently cannot offer due to a lack of staff and funds; and

Whereas, a decentralized, regionally based, assistance program would more effectively meet the needs of community history museums; and

Whereas, a decentralized, regionally based, assistance program would also be more economical to operate given the length and breadth of North Carolina, the continuing rise in travel costs, and the increasing need to conserve petroleum; and

Whereas, an effective assistance program can be established in the State for community museums by establishing four service branches of the North Carolina Museum of History: one each to be located in the northeast, southeast, southwest, and northwest regions of North Carolina; and

1566
Whereas, the Mountain Gateway Museum, located in Old Fort, would be an excellent location for the service branch; and

Whereas, the board of Old Fort Historic Site, Inc., owner of the Mountain Gateway Museum, has expressed its willingness to transfer all property, both real and personal, held by Old Fort Historic Site, Inc., to the State for the purpose of establishing the Mountain Gateway Museum as the service branch of the North Carolina Museum of History; and

Whereas, utilization of the facilities of the Mountain Gateway Museum would significantly reduce the initial costs of establishing a service branch thus enabling the North Carolina Museum of History to increase its services to the citizens of southwest North Carolina and region's visitors; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Cultural Resources the sum of twenty-five thousand dollars ($25,000) for fiscal year 1981-82 for operating and maintaining a service branch of the North Carolina Museum of History to be located at the Mountain Gateway Museum, Old Fort, North Carolina.

Sec. 2. That the above appropriations be dependent on the duly constituted legal authority of Old Fort Historic Site, Inc., Old Fort, North Carolina, turning over to the State of North Carolina all property both real and personal now owned by Old Fort Historic Site, Inc., to become the absolute property of the State.

Sec. 3. It is the intention of the General Assembly that if the foregoing conditions are met, the State of North Carolina shall accept the said property for a museum service branch of the North Carolina Museum of History, Division of Archives and History, Department of Cultural Resources.

Sec. 4. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 5. This act is effective upon ratification.

Whereas, the Hoffman Hotel and the attached store building will be at the heart of and the largest structure of Historic Dallas Square, a reconstruction of Dallas, North Carolina, as it appeared during the 19th century; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Cultural Resources the sum of twenty-five thousand dollars ($25,000) for the fiscal year 1981-82 for the purpose of beginning the renovation of the Hoffman Hotel and an adjoining store building as a permanent site for the Gaston County Art and History Museum.

Whereas, the public library is an essential educational and cultural institution; and

Whereas, the report of a legislative commission to study library support recommended in 1968 that the General Assembly affirm the principle that all citizens of North Carolina should have available to them adequate modern public library services and facilities, and that it is the responsibility of the State to share with local government the basic cost of reaching these; and

Whereas, the legislative commission recommended that the State should gradually assume equal responsibility for the cost of public library service with annual increases in State grants; and

Whereas, the annual increases have been retarded by recent financial conditions; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to Public Libraries-Subprogram State Aid to Public Libraries, for the fiscal year 1981-82 four hundred thirty-five thousand four hundred six dollars ($435,406) in addition to the previous General Fund appropriations for State Aid to Public Libraries for fiscal year 1981-82.

Sec. 2. That said additional funds shall be allocated in total to those public library systems, county, municipal, and regional, eligible and receiving State aid to Public Libraries on January 1, 1981.

Sec. 3. That said additional funds shall be allocated solely for and limited to the providing of an inflationary supplement to the already existing program of State aid to public libraries.

Sec. 5. Whereas, it is fitting that an appropriate gallery be established in order to fulfill the Pittman bequest and to procure these valuable art treasures for all North Carolinians; and

Whereas, a definite need for a community civic center and meeting place in Tarboro has been expressed by individuals, clubs and other civic organizations; and

Whereas, the Town of Tarboro plans to adaptively re-use the Grove as a gallery for Pittman's artwork and meeting place for civic organizations; and

Whereas, the Town of Tarboro has received grants from the North Carolina General Assembly (1979-81 biennium), the Heritage Conservation and Recreation Service, the Z. Whereas, the installation of security and fire alarm systems is essential to the protection and preservation of these artifacts; and

AN ACT TO APPROPRIATE FUNDS FOR A FARMERS' MARKET IN NEW BERN.

Whereas, for many years, New Bern and Craven County have recognized the need to provide a central market location for farmers and fishermen and to offer consumers a variety of fresh foods at one location; and

Whereas, the New Bern Curb Market was established in the late twenties and is still in use although it has severely deteriorated facilities and limited parking and sales space; and

Whereas, a better facility is needed because of increased population, reduced farm profits, inflated food prices and ever increasing fuel costs; and

Whereas, the City of New Bern has endorsed the market idea and has pledged for the Farmers' Market almost two acres of land in "Bicentennial Park", an area which is readily accessible, has more than adequate space, is readily visible from the U.S. 70 bypass, adjoins the downtown business district and is only one block from Tryon Palace; Now, therefore,

The General Assembly of North Carolina enacts:

Whereas, the amount of ten thousand dollars ($10,000) was appropriated by the North Carolina General Assembly since 1976 for the development of the museum; and

Whereas, the museum, located in a historic courthouse, stresses local history and its relationship to life in the area; and

1580
Whereas, to effectively teach the history of Cleveland County and North Carolina through the use of exhibits containing original artifacts, additional exhibit cases are needed to protect and display those artifacts; and

AN ACT TO PROVIDE FUNDS FOR THE EPILEPSY INFORMATION SERVICE.

Whereas, epilepsy affects more of North Carolina's citizens than cerebral palsy, muscular dystrophy and multiple sclerosis combined; and
Whereas, although with the proper diagnosis, treatment and education, most people with epilepsy are able to lead normal seizure-free lives, marrying, bearing children and pursuing rewarding careers, epilepsy is one of the most misunderstood and stigmatizing disorders of our time; many who could easily be helped struggle to conceal their condition, and the general public reinforces their concealment by its general ignorance and fear of epilepsy; and
Whereas, the Epilepsy Information Service, established in July, 1979, has promised comprehensive programs providing information, education and counseling both for those with epilepsy and for the general public interested in understanding this disorder, and has so far been able successfully to assist more than 4,000 people with epilepsy and their families; and
Whereas, it is in the vital interest of all North Carolinians to continue the Epilepsy Information Service's programs, not only because so many citizens have epilepsy but also because society as a whole can only benefit from understanding the nature of the disorder and the many and various resources for treatment; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Human Resources the sum of seventy-five thousand dollars ($75,000) for fiscal year 1981-82 to provide funds for the programs of the Epilepsy Information Service.

Whereas, the hotel is of historical and architectural significance because of the Greek Revival exterior and the number of excellent Greek Revival doors; and

Whereas, the importance of the hotel in the life of Windsor was reflected in a story in a local newspaper following a severe fire in the town in 1888, when the newspaper said that “Freeman and Mizell’s large white hotel stood out like a medieval castle on a plain”; and

AN ACT TO APPROPRIATE FUNDS FOR A GRANT-IN-AID TO MILL PRONG PRESERVATION, INC., IN HOKE COUNTY.

Whereas, Mill Prong Preservation, Inc., is a nonprofit corporation responsible for the restoration and adaptive reuse of the Mill Prong house; and

Whereas, the historic house was built between 1794 and 1802 by John Gilchrist, Sr., a Highland Scot who immigrated to the area in 1770 as part of the large influx of his fellow countrymen into the upper Cape Fear region; and

Whereas, both John Gilchrist, Sr., and his son, John Gilchrist, Jr., were men of considerable prominence who served in the State Legislature; and

Whereas, the house was later owned and occupied by Archibald McEachern, who enlarged and remodeled the structure in the 1830’s; and

Whereas, Mill Prong was long an integral part of the large community of Highland Scots in the upper Cape Fear region and, as such, represents the many contributions made to North Carolina by citizens of Highland Scot descent; and

Whereas, Mill Prong has been entered in the National Register of Historic Places by the United States Department of the Interior; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for the 1981-82 fiscal year the sum of eleven thousand dollars ($11,000) for the purpose of exterior repairs to the Mill Prong house, provided a like amount is raised by Mill Prong Preservation Inc., to match the grant-in-aid on a dollar-for-dollar basis. Mill Prong Preservation, Inc., may apply to the Division from time to time for the funds appropriated under this act, as it raises the matching funds. Any appropriated money not used or not matched shall revert to the General Fund.

Sec. 2. It is the intent of the North Carolina General Assembly that this total of eleven thousand dollars ($11,000) for the 1981-82 fiscal year shall be the final appropriation for the purpose of exterior repairs to the Mill Prong House.

AN ACT TO MAKE AN APPROPRIATION FOR THE DISPUTE SETTLEMENT CENTER.

Whereas, the Dispute Settlement Center, Inc., in Orange County was begun in 1978 as a means of providing an effective forum for mediation of disputes by means of reaching mutual agreement; and

Whereas, dispute settlement has a great potential for reducing the volume of minor civil and potential criminal matters facing our court system; and

Whereas, the winner-take-all system of adjudication is often unjust, and binding arbitration unacceptable; and

Whereas, in the third quarter of 1980 alone, 70 cases were referred to the dispute settlement center, 46 of which were mediated and 40 of those resolved; and

Whereas, a State appropriation will enable this pilot program to be continued as a model for the entire State; Now, therefore,

The General Assembly of North Carolina enacts:

H. B. 878  CHAPTER 1100

AN ACT TO REWRITE AND RELOCATE G.S. 14-139 RELATING TO SETTING FIRES IN CERTAIN AREAS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 14-139 is repealed.

Sec. 2. Chapter 113 of the General Statutes is amended by adding a new Article 4C thereto as follows:

“ARTICLE 4C.

“Regulation of Open Fires.

§ 113-60.20. Purpose and findings.—The purpose of this Article is to regulate certain open burning in order to protect the public from the hazards of forest fires and air pollution and to adapt such regulation to the needs and circumstances of the different areas of North Carolina. The General Assembly finds that open burning in proximity to woodlands must be regulated in all counties to protect against forest fires and air pollution. The General Assembly further finds that certain counties contain organic soils or forest types which pose greater problems of forest fire and air pollution control and which require additional regulation of open burning, particularly open burning associated with land clearing operations. The counties subject to the need for additional control are classified as high hazard counties for purpose of this Article.

§ 113-60.21. Definition.—As used in this Article:

(1) ‘Forest ranger’ means the county forest ranger or deputy forest ranger designated under G.S. 113-52.

(2) ‘Department’ means the Department of Natural Resources and Community Development.

(3) ‘Person’ means any individual, firm, partnership, corporation, association, public or private institution, political subdivision, or government agency.

(4) ‘Woodland’ means woodland as defined in G.S. 113-57.

§ 113-60.22. High hazard counties; permits required; standards.—(a) The provisions of this section apply only to the counties of Beaufort, Bladen, Brunswick, Camden, Carteret, Chowan, Columbus, Craven, Currituck, Dare, Duplin, Gates, Hyde, Jones, Martin, Onslow, Pamlico, Pasquotank, Pender, Perquimans, Tyrrell, and Washington which are classified as high hazard counties in accordance with G.S. 113-60.20.

(b) It is unlawful for any person to willfully start or cause to be started any fire in any woodland under the protection of the department or within 500 feet of any such woodland without first having obtained a permit from the department. Permits for starting fires may be obtained from forest rangers or other agents authorized by the county forest ranger to issue such permits in the county in which the fire is to be started. Such permits shall be issued by the
ranger or other agent unless permits for the area in question have been prohibited or cancelled in accordance with G.S. 113-60.24 or G.S. 113-60.26.

(c) It is unlawful for any person to willfully burn any debris, stumps, brush or other flammable materials resulting from ground clearing activities and involving more than five contiguous acres, regardless of the proximity of the burning to woodland and on which such materials are placed in piles or windrows without first having obtained a special permit from the Department. Areas less than five acres in size will require a regular permit in accordance with G.S. 113-60.22(b).

1) Prevailing winds at the time of ignition must be away from any city, town, development, major highway, or other populated area, the ambient air of which may be significantly affected by smoke, fly ash, or other air contaminates from the burning.

2) The location of the burning must be at least 1,000 feet from any dwelling or structure located in a predominately residential area other than a dwelling or structure located on the property on which the burning is conducted unless permission is granted by the occupants.

3) The amount of dirt or organic soil on or in the material to be burned must be minimized and the material arranged in a way suitable to facilitate rapid burning.

4) Burning may not be initiated when it is determined by a forest ranger, based on information supplied by a competent authority that stagnant air conditions or inversions exist or that such conditions may occur during the duration of the burn.

5) Heavy oils, asphaltic material, or items containing natural or synthetic rubber may not be used to ignite the material to be burned or to promote the burning of such material.

6) Initial burning may be commenced only between the hours of 9:00 a.m. and 3:00 p.m. and no combustible material may be added to the fire between 3:00 p.m. on one day and 9:00 a.m. on the following day, except that when favorable meteorological conditions exist, any forest ranger authorized to issue the permit may authorize in writing a deviation from the restrictions.

§ 113-60.23. Open burning in non-high hazard counties; permits required; standards.—(a) The provisions of this section apply only to the counties not designated as high hazard counties in G.S. 113-60.22(a).

(b) It shall be unlawful for any person to start or cause to be started any fire or ignite any material in any woodland under the protection of the department or within 500 feet of any such woodland during the hours starting at midnight and ending at 4:00 p.m. without first obtaining a permit from the department. Permits may be obtained from forest rangers or other agents authorized by the forest ranger to issue such permits in the county in which the fire is to be started. Such permits shall be issued by the ranger or other agent unless permits for the area in question have been prohibited or cancelled under G.S. 113-60.24 or G.S. 113-60.26.

§ 113-60.24. Open burning prohibited statewide.—During periods of hazardous forest fire conditions or during air pollution episodes declared pursuant to Article 21B of Chapter 143 of the General Statutes, the secretary is authorized to prohibit all open burning regardless of whether a permit is required under G.S. 113-60.22 or G.S. 113-60.23. The secretary shall issue a
press release containing relevant details of the prohibition to news media serving the area affected.

"§ 113-60.25. Permit conditions.—Permits issued under this Article shall be issued in the name of the person undertaking the burning and shall specify the specific area in which the burning is to occur, the type and amount of material to be burned, the duration of the permit, and such other factors as are necessary to identify the burning which is allowed under the permit.

"§ 113-60.26. Permit suspension and cancellation.—Upon a determination that hazardous forest fire conditions exist the secretary is authorized to cancel any permit issued under this Article and suspend the issuance of any new permits. Upon a determination by the Environmental Management Commission or its agent that open burning permitted under this Article is causing significant contravention of ambient air quality standards or that an air pollution episode exists pursuant to Article 21B of Chapter 143 of the General Statutes, the secretary shall cancel any permits issued under authority of this Article and shall suspend the issuance of any new permits.

"§ 113-60.27. Control of existing fires.—(a) If a fire is set without a permit required by G.S. 113-60.22, 113-60.23 or 113-60.24 and is set in an area in which permits are prohibited or cancelled at the time the fire is set, the person responsible for setting the fire or causing the fire to be set shall immediately extinguish the fire or take such other action as directed by any forest ranger authorized to issue permits under G.S. 113-60.22(c). In the event that the person responsible does not immediately undertake efforts to extinguish the fire or take such other action as directed by the forest ranger, the department may enter the property and take reasonable steps to extinguish or control the fire and the person responsible for setting the fire shall reimburse the department for the expenses incurred by the department. A showing that a fire is associated with land-clearing activities is prima facie evidence that the person undertaking the land clearing is responsible for setting the fire or causing the fire to be set.

(b) If a fire requiring a permit under G.S. 113-60.22(c) is set without a permit and a forest ranger authorized to issue such permits determines that a permit would not have been issued for the fire at the time it was set, the person responsible for setting the fire or causing the fire to be set shall immediately take such action as the forest ranger directs to extinguish or control the fire. In the event the person responsible does not immediately undertake efforts to extinguish the fire or take such other action as directed by the forest ranger, the department may enter the property and take reasonable steps to extinguish or control the fire and the person responsible for setting the fire shall reimburse the department for the expenses incurred by the department. A showing that a fire is associated with land-clearing activities is prima facie evidence that the person undertaking the land clearing is responsible for setting the fire or causing the fire to be set.

(c) If a fire is set in accordance with a permit but the burning is taking place contrary to the conditions of the permit, any forest ranger with authority to issue permits in the area in question may order the permittee in writing to undertake the steps necessary to comply with the conditions of his permit. If the permittee is not making a reasonable effort to comply with the order, the forest ranger may enter the property and take reasonable steps to extinguish or control the fire and the permittee shall reimburse the department for the expenses incurred by the department.
"§ 113-60.28. Penalties.—Any person violating the provisions of this Article or of any permit issued under the authority of this Article shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars ($50.00) or imprisoned for a period of not more than 30 days, or both, in the discretion of the court. The penalties imposed by this section shall be separate and apart and not in lieu of any civil or criminal penalties which may be imposed by G.S. 143-215.114 of Article 21B of Chapter 143 of the General Statutes. The penalties imposed are also in addition to any liability the violator incurs as a result of actions taken by the department under G.S. 113-60.27.

"§ 113-60.29. Effect on other laws.—This Article shall not be construed as affecting or abridging the lawful authority of local governments to pass ordinances relating to open burning within their boundaries. Nothing in this Article shall relieve any person from compliance with the provisions of Article 21B of Chapter 143 of the General Statutes and regulations adopted thereunder. In the event that permits are required for open burning associated with land clearing under the authority of Article 21B of Chapter 143 of the General Statutes, the authority to issue such permits shall be delegated to forest rangers who are authorized to issue permits under G.S. 113-60.22(c).

"§ 113-60.30. Exempt fires; no permit fees.—(a) This Article shall not apply to any fires started, or caused to be started, within 100 feet of an occupied dwelling house if such fire shall be confined (i) within an enclosure from which burning material may not escape or (ii) within a protected area upon which a watch is being maintained and which is provided with adequate fire protection equipment.

(b) No charge shall be made for the granting of any permit required by this Article."

Whereas, the North Carolina Shakespeare Festival, based in the City of High Point, presented its first season in 1977 with the production of two Shakespeare plays and one by Moliere, and these performances were attended by more than 11,000 persons from all areas of North Carolina, and received consistently high critical reviews; and

Whereas, the Shakespeare Festival cooperates with the North Carolina School of the Arts at Winston-Salem, sponsors an Actor-in-the-Schools program to bring professional actors into the cultural programs provided by our schools, and through its professional acting company presents performances at various cities in North Carolina; and

Whereas, the North Carolina Shakespeare Festival is the State Shakespeare Festival, and fills a cultural gap in North Carolina; and

Whereas, the North Carolina Shakespeare Festival is becoming an important attraction to tourists, business, and industry; and

Whereas, the management of the Shakespeare Festival has set an example of sound management and fiscal responsibility in the performing arts; Now, therefore,

Whereas, Rockingham County is the birthplace of six governors of North Carolina; and

Whereas, the history of Rockingham County has been written by Dr. Lindley S. Butler, a competent historian and a resident of Rockingham County; and

Whereas, the Division of Archives and History has, over a period of more than a decade, published seven brief county histories; and

Whereas, the history of Rockingham County would be a valuable addition to the county history series being published by the Division of Archives and History; and

Whereas, such a history would add to the knowledge of school children and adult citizens of North Carolina interested in the heritage of their State; and

Whereas, the manuscript of the history has been accepted for publication but has not yet been published because of the limited budget available for historical publications; Now, therefore,

The General Assembly of North Carolina enacts:

H. B. 1143  CHAPTER 1114
AN ACT TO ADOPT THE QUALITY ASSURANCE PROGRAM ESTABLISHED JOINTLY BY THE STATE BOARD OF EDUCATION AND THE BOARD OF GOVERNORS OF THE UNIVERSITY OF NORTH CAROLINA AND TO APPROPRIATE FUNDS FOR THAT PURPOSE.

Whereas, universal education is accepted as the right of every child; and

Whereas, the basic obligation to provide educational opportunities for children rests with each individual state; and

Whereas, in assuming responsibility for all public education, the State also assumes responsibility for the quality of that education; and

Whereas, the public has expressed its expectation that instructional programs in the schools of this State should provide our children with basic knowledge and competence to meet life's needs in an adult society; and

Whereas, the cornerstone for any instructional program is the quality of the professional personnel charged with the responsibility of carrying out the objectives of the instructional program; and

Whereas, North Carolina has used certification of professional personnel as the basic means of assuring that personnel have the minimum academic and professional skills necessary to meet the objectives of the instructional programs offered to our children; and

Whereas, the certification of teachers is a responsibility discharged by every state in the United States with differing program approaches being used by the various states as the means of qualifying individuals for certification to fill professional positions; and

Whereas, many states, including North Carolina, have undertaken efforts to improve the quality of their professional personnel; and

Whereas, the North Carolina approach, which involves a major effort jointly supported by the State Board of Education and the Board of Governors of The University of North Carolina, is the most careful, systematic, comprehensive effort undertaken by any state based on the best in research and creative work in other states; and
Whereas, the Quality Assurance Program established by these Boards seeks quality preparation in teacher education through the following components:

- in college entrance requirements of prospective teachers;
- in diagnostic, evaluated processes for programs in general education;
- in teaching area program requirements and components;
- in an effective working partnership between institutions of higher education and public schools especially relating to laboratory experiences;
- in comprehensive exit evaluations;
- in performance evaluation and education support systems;
- in evaluation of the competency-based program approach;
- in testing the effectiveness of the Quality Assurance Program approach for evaluation of the product through field testing; and

Whereas, this comprehensive program of quality assurance is intended to improve programs covering the entire range from preparation through performance; and

Whereas, the Quality Assurance Program is designed to expand its coverage to other educational personnel; and

Whereas, implementation of the program thus far has been performed at a minimal cost to the State, that cost being one hundred thousand dollars ($100,000); and

Whereas, the Quality Assurance Program established and implemented by the unified efforts of the State Board of Education and the Board of Governors of The University of North Carolina is found to be worthy of the endorsement and full support of the General Assembly; and

Whereas, the State Board of Education and the Board of Governors of The University of North Carolina are commended for their foresight and thoroughness in assuming the responsibility and striving to improve their own professional quality; and

Whereas, the liaison committee of the two boards is especially commended for its diligence in establishing a high degree of unity between the two boards and consensus among personnel involved in the education of children and adults necessary to produce their excellent results; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The Quality Assurance Program established by the State Board of Education and the Board of Governors of The University of North Carolina is adopted as the means by which teacher competency in North Carolina is enhanced and assured.

Sec. 2. There is appropriated from the General Fund to the State Board of Education the sum of eighty-five thousand dollars ($85,000) for the fiscal year 1981-82 over and above all other appropriations to the State Board of Education, for the purpose of carrying out the various elements of this program.

Whereas, it has been visited each year by school children from 19 Western North Carolina counties and the general public exceeding 60,000 visitors per year; and

Whereas, it serves the western region of North Carolina as a regional zoo, natural history museum, educational farm, park, and environmental learning center; and

Whereas, it benefits from 8,000 hours of volunteer service each year; and

Whereas, local governments, corporations, foundations, private organizations, businesses and individuals have all contributed to capital improvements now valued at more than seven hundred fifty thousand dollars ($750,000); and

Whereas, a major corporation provided funds for a World of the Underground exhibit area; and

Whereas, that exhibit area has been completed and is in need of exhibits; and

Whereas, World of the Underground exhibits will help Nature Center visitors better understand and appreciate the dynamic natural processes occurring in the soil; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Agriculture, Museum of Natural History, the sum of eight thousand dollars ($8,000) for fiscal year 1981-82, to be expended for the design, construction, and installation of exhibits in the World of the Underground at the Western North Carolina Nature Center, provided a like amount is raised by the Western North Carolina Nature Center to match the grant-in-aid on a dollar for dollar basis. Sec. 2. There is appropriated from the General Fund to the Department of State Treasurer, Teachers' and State Employees' Retirement System, the sum of one hundred thousand dollars ($100,000) for the fiscal year 1981-82 for the purpose of making the employer's contribution for those employees with more than three years temporary service eligible to purchase their service pursuant to Section 1. This payment is conditional upon the member making the payment required in Section 1 of this act.

H. B. 1250    CHAPTER 1118
AN ACT TO APPROPRIATE FUNDS TO THE LAKE WACCAMAW STATE PARK.

Whereas, in 1977 the State of North Carolina purchased about 270 acres of woodland along the high, sandy south ridge of historic Lake Waccamaw for immediate development as a State park for all the people of the State; and

Whereas, a park ranger was hired about three years ago and picnic and park facilities have been established; and

Whereas, the public is deterred from visiting this beautiful, natural setting because the only access to the park is a remote and unstable logging trail; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Natural Resources and Community Development for the fiscal year 1981-82 the sum of one hundred thousand dollars ($100,000) to establish better public access to the Lake Waccamaw State Park and for other improvements to the park.

AN ACT TO APPROPRIATE FUNDS FOR PROGRAMS WHICH REDUCE DRUG RELATED CRIME AND CRIMINAL RECIDIVISM AMONG SUBSTANCE ABUSING OFFENDERS.

Whereas, the Greensboro Drug Action Council and Drug Action of Wake County are mandated by contract with the Department of Human Resources, Division of Mental Health, Mental Retardation, and Substance Abuse Services to provide drug abuse treatment, prevention and intervention services to the people of the State of North Carolina; and

Whereas, these agencies are the sponsors of the Treatment Alternatives to Street Crimes (TASC) Program; and

Whereas, the goals of the TASC Program are to reduce drug related crime and criminal recidivism among substance abusing offenders by providing a mechanism for referral of appropriate offenders to community based treatment programs; and
Whereas, TASC benefits the treatment of substance abusers by improving client retention rates through criminal justice sanctions imposed, by using medical evidence to document the use of drugs by a client and by providing follow-up on the health, education, employment and avoidance of criminal activity by a client; and

Whereas, TASC benefits the criminal justice system by easing overcrowding in local jails by expediting pretrial release of offenders, by reducing jail medical crises through early identification of persons experiencing drug withdrawal, by providing the courts with objective assessment data and by providing a sentencing alternative to incarceration of substance abusers; and

Whereas, TASC benefits the community by reducing the costs of incarceration of substance abusers, by reducing the costs of processing and maintaining substance abusers, by reducing the costs of burglaries and other property related crimes and by assisting substance abusers to become productive, tax paying citizens; and

Whereas, TASC's annual cost per client is less than four hundred fifty dollars ($450.00) which is substantially less than the State's costs of incarceration of these persons; and

Whereas, TASC's success rate of sixty-five percent (65%) and recidivism rate of fifteen percent (15%) are significantly less than the State penal system recidivism rate of sixty-five percent (65%); Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is appropriated from the General Fund to the Department of Human Resources, Division of Mental Health, Mental Retardation and Substance Abuse Services the sum of one hundred forty thousand dollars ($140,000) for the 1981-82 fiscal year for the purpose of contracting for programs which reduce drug related crime and criminal recidivism among substance abusing offenders.

### PART V. SPECIAL PROVISIONS/SALARY INCREASES

**—MOST STATE EMPLOYEES/FIVE PERCENT SALARY INCREASE ADMIN.**

Sec. 6. The salaries in effect on December 31, 1981, for all permanent State employees paid from the General Fund or the Highway Fund shall be increased on January 1, 1982, by an average of five percent (5%) rounded to conform to the steps in the salary ranges which the State Personnel Commission adopts. If the salary in effect on December 31, 1981, for an employee is not equal to a specific pay rate in the salary schedule effective on that date, his annual increase shall be the amount applicable to the next lower
pay rate. The Director of the Budget is authorized to transfer from the appropriations in Sections 2 and 3 of this act for this purpose all funds necessary for the five percent (5%) average increase, including funds for the employer’s retirement and Social Security contributions.

Except as otherwise provided in this act, the salaries of State officials, department secretaries, and persons in exempt positions which are recommended by the Governor or the Governor and the Advisory Budget Commission and set by the General Assembly shall be increased an average of five percent (5%) commencing January 1, 1982. The Director of the Budget is authorized to transfer from the appropriations in Sections 2 and 3 of this act for this purpose all funds necessary for the five percent (5%) average increase, including funds for the employer’s retirement and Social Security contributions.

The Director of the Budget is authorized to allocate out of special operating funds or from other sources of the employing agency, except tax revenues, sufficient funds to allow a salary increase averaging five percent (5%), including funds for the employer’s retirement and Social Security contributions, for the employees of the agency, provided that the employing agency elects to make available the necessary funds.

The Director of the Budget is authorized to promulgate special rules and regulations to apply to salary increases for employees whose salaries are paid from interagency receipts where payments for the services of those employees originate from State appropriations to the end that the effective purchasing power of the appropriations is not materially reduced as a result of these salary increases. The salary increase may average up to five percent (5%), and funds made available for it shall include amounts necessary for the increase and the employer’s retirement and Social Security contributions. Any questions as to the applicability of the provisions of this paragraph shall be resolved by the Director of the Budget.

The salaries of all permanent public school employees paid from allocations to local school units for State Aid-Exceptional Children ADM appropriation, Health Education Coordinator grants, Community Schools Coordinator grants, Vocational Education State Aid Non-Matching Expansion ADM allocation, Vocational Education State Aid Extended Day ADM allocations and State-matching funds for School Food Service Supervisors shall be increased by an average of five percent (5%) commencing January 1, 1982. The Director of the Budget is authorized to transfer from the appropriation provided in Section 2 of this act for legislative salary increases for public school employees all funds necessary for the five percent (5%) salary increase including funds for the employer’s retirement and Social Security contributions.

Salaries for positions which are funded partially from the General Fund and partially from sources other than the General Fund shall be increased from the General Fund appropriation only to the extent of the proportionate part of the salaries paid from the General Fund.

The granting of the legislative salary increases under this section does not affect the status of eligibility for salary increments for which employees may be eligible.

The salary range maximums for all employees under the State Personnel Act shall be increased to accommodate the legislative salary increase so that every employee will continue to have the same relative position with respect to
salary increases and future increments as he would have had if the legislative salary increases had not been made.

The salary increases provided in this act to be effective January 1, 1982, do not apply to persons separated from State service due to resignation, dismissal, reduction in force, death, or retirement whose last work day is prior to January 1, 1982.

Any remaining appropriations for legislative salary increases not required for that purpose may be used to supplement the Salary Adjustment Fund.

Within regular Executive Budget Act procedures as limited by this act, all State agencies and departments are authorized to increase on an equitable basis the rate of pay of temporary State employees, subject to availability of funds in the particular agency or department by pro rata amounts approximately equal to five percent (5%) commencing January 1, 1982.

GOVERNOR/SALARY

Sec. 7. The salary of the Governor is increased by five percent (5%), and, effective January 1, 1982, the first sentence of G.S. 147-11 is rewritten to reflect this increase as follows:

"The salary of the Governor shall be fifty-seven thousand eight hundred sixty-four dollars ($57,864) per annum, payable monthly."

LEGISLATIVE EMPLOYEES/FIVE PERCENT SALARY INCREASE

Sec. 8. The Legislative Services Officer may increase the salaries of nonelected employees of the General Assembly in effect on December 31, 1981, by five percent (5%) commencing January 1, 1982, rounded to the nearest whole dollar figure divisible by 12 and otherwise adjusted to conform with the relative levels of the Legislative Services Commission salary schedule. The granting of this legislative percentage salary increase does not affect the status of employees' eligibility for other salary increments. Funds are appropriated in Section 2 of this act to provide the salary increase authorized by this section, including the employer's retirement and Social Security contributions.

GENERAL ASSEMBLY PRINCIPAL CLERKS/SALARY INCREASES

Sec. 9. Effective January 1, 1982, G.S. 120-37(c) is amended by deleting the phrase "twenty-four thousand four hundred ninety-two dollars ($24,492)" and substituting the phrase "twenty-five thousand seven hundred sixteen dollars ($25,716)" in lieu thereof.

Sec. 23. (a) Legislative findings.—The General Assembly finds:

(1) That there is a need in North Carolina to provide appropriate treatment and education programs to children under the age of 18 who suffer from emotional, mental, or neurological handicaps accompanied by violent or assaultive behavior;

(2) That children with these behaviors have been identified as a class in the case of Willie M., et al. vs. Hunt, et al.;

(3) That these children have a need for a variety of services that may include but are not limited to residential treatment programs, educational programs, and independent living arrangements;

(4) That the plans of the Department of Human Resources and the Department of Public Instruction for children in the Willie M. class indicate that not all counties in the State have the same readiness to proceed with providing the full range of services needed by these children;

(5) That an attempt to provide immediately the full range of services needed by these children would result in ill-conceived, poorly executed programs at great public expense;

(6) That, because of multiple practical difficulties which will undoubtedly be encountered before services can be instituted statewide, it is necessary for the General Assembly to establish a schedule of priorities for allocating funds to local area mental health programs and local educational agencies.

(b) Funds for Division of Mental Health, Mental Retardation, and Substance Abuse.—Funds in the amount of three million eight hundred seventy-five thousand four hundred forty-seven dollars ($3,875,447) are appropriated in Section 2 of this act for the 1981-82 fiscal year to the Department of Human Resources, Division of Mental Health, Mental Retardation, and Substance Abuse for the purpose of providing appropriate treatment for members of the class identified in Willie M., et al. vs. Hunt, et al. These funds shall be expended through area mental health, mental retardation,
and substance abuse programs in accordance with the schedule of priorities submitted by the Department of Human Resources to the General Assembly in October 1981.

(c) Funds for Division of Youth Services.—Funds in the amount of one hundred thirty-nine thousand twenty-eight dollars ($139,028) are appropriated in Section 2 of this act for the 1981-82 fiscal year to the Department of Human Resources, Division of Youth Services, to serve members of the class identified in Willie M., et al. vs. Hunt, et al. who are committed to the Division of Youth Services. These funds shall be expended by the Division of Youth Services for the developmental disabilities program at C. A. Dillon School.

(d) Priority for Residential Programs.—Children who are members of the Willie M. class and are in counties that do not receive funds in the 1981-83 biennium and that cannot currently provide the full range of services needed by these children shall receive priority in appropriate programs operated by the Department of Human Resources. The Department of Human Resources shall promulgate rules and regulations to implement this subsection by October 1, 1981.

(e) Limitation on expenditure of funds.—The funds referred to in subsections (b) and (c) may not be used to serve children not in the Willie M. class if any class member within the zone described in the Department of Human Resources, Division of Mental Health, Mental Retardation and Substance Abuse, schedule of priorities remains unserved. No funds shall be expended for any program that does not serve members of the class.

(f) Funds for Department of Public Education.—Funds in the amount of five hundred thousand nine hundred twenty dollars ($500,920) are appropriated in Section 2 of this act for the 1981-82 fiscal year to the Department of Public Education to establish a supplemental reserve fund to serve only members of the class identified in Willie M., et al. vs. Hunt, et al. These funds shall be allocated by the State Board of Education to those local education agencies that coincide with those area mental health, mental retardation, and substance abuse centers that receive funds under the Department of Human Resources, Division of Mental Health, Mental Retardation and Substance Abuse, in the schedule of priorities submitted to the General Assembly in October 1981. These funds shall be allocated by the State Board of Education to the local education agencies to serve those class members who were not included in the regular average daily membership and the census of children with special needs, and to provide the additional program costs which exceed the per pupil allocation from the State Public School Fund and other State and federal funds for children with special needs.

(g) Use of unexpended funds.—The Director of the Budget, with the approval of the Joint Legislative Commission on Governmental Operations, may use any unexpended funds allocated in this section to fund additional treatment and education programs for class members in accordance with the schedule of priorities found in the Department of Human Resources, Division of Mental Health, Mental Retardation and Substance Abuse, Plan I.

(h) Reporting requirements.—The Department of Human Resources and the Department of Public Education shall submit a joint report to the General Assembly on the progress achieved in serving members of the Willie M. class. The report shall include, but not be limited to the following unduplicated data for each county: (i) the number of children nominated for the Willie M. class;
(ii) the number of children actually identified as members of the class in each county; (iii) the number of children served as members of the class in each county; (iv) the number of children that remains unserved; (v) the types and locations of treatment and education services provided to class members; (vi) the cost of services, by type, to members of the class; (vii) information on the impact of treatment and education services on members of the class; and (viii) the readiness of other areas of the State to proceed with providing services. The Departments shall report to the June 1982 Session of the General Assembly and, by October 1, 1982, to the General Assembly and the Governor.

(i) Before funds are expended under the schedule of priorities submitted to the Second Session of the 1981 General Assembly for members of the Willie M. Class, plans must be submitted for review and approval by the Joint Legislative Commission on Governmental Operations.

(j) Section 29.8 of Chapter 859 of the 1981 Session Laws is repealed.

(k) This section does not affect funds appropriated in Chapter 859 of the 1981 Session laws for the 1982-83 fiscal year relating to the Willie M. case.

Comment on Resolutions

A general rule of legislative interpretation or construction is that a resolution does not have the force or effect of a law. In this context, a "law" means a legislative act that: Affects the rights or duties of people in the State; is of a permanent nature; is administered or enforced by the executive branch of government; and is subject to scrutiny by the judicial branch of government upon a proper challenge by a person aggrieved by the effect of the act.

A resolution is usually employed for purposes for which an act is not needed. For example, resolutions may be used to: Express opinions or sentiments of the General Assembly; create study commissions or authorize or direct studies to be undertaken by already existing entities; memorialize, honor, or commend persons; invite the Governor or other public officials to address the General Assembly in joint session; provide rules for the internal procedure of the General Assembly; or provide for adjournment of the General Assembly, with or without a date to reconvene.

A joint resolution is one adopted by both chambers of the General Assembly. Any changes made in the text of the resolution by one chamber must be agreed to by the other chamber. The resolutions published in this volume are all joint resolutions.

A simple resolution is one adopted by a majority of only one chamber. The most common uses of simple resolutions are for establishing House or Senate rules. The simple resolutions adopted by the General Assembly are published only in the House and Senate Journals.

Whereas, for more than 100 years, the Cape Hatteras Lighthouse has guided mariners safely around the “Graveyard of the Atlantic”; and

Whereas, the ethereal beauty of the lighthouse, noted by seamen and landlubbers alike, has made it a major tourist landmark for the Outer Banks of North Carolina, and for the State of North Carolina, drawing about 200,000 visitors a year from all over the world, it being 208 feet in height - the tallest lighthouse in the United States - and one of the few structures of its kind that the public can still ascend; and

Whereas, storm-driven ocean tides and resulting erosion present an imminent threat to the survival of this lighthouse which has, for so long, protected mariners from the treacherous shoals and rough seas; and

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Pueblo, and those gallant heroes who have not been accounted for and may still be captives in foreign prisons as a result of their service to this nation.

RESOLUTION 17

A JOINT RESOLUTION TO ESTABLISH THE PROCEDURE FOR NOMINATING AND ELECTING MEMBERS OF THE BOARD OF GOVERNORS OF THE UNIVERSITY OF NORTH CAROLINA.

Whereas, the General Assembly is charged with the responsibility for electing members of the Board of Governors of The University of North Carolina; and
Whereas, it is incumbent upon both the Senate and the House of Representatives to have uniform methods and procedures for electing members of the Board of Governors of The University of North Carolina;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. There are hereby adopted procedures for nominating and electing members of the Board of Governors of The University of North Carolina as follows:

1. COMMITTEE RESPONSIBILITIES.

1. It is the duty of the University Board of Governors Nominating Committee in the House of Representatives to choose at least two candidates for each opening in each category of seats on the Board of Governors of The University of North Carolina to which the House of Representatives is to elect members. It is the duty of the University Board of Governors Committee in the Senate to choose at least two candidates for each opening in each category of seats on the Board of Governors of The University of North Carolina to which the Senate is to elect members. The committees shall act separately for the purpose of carrying out these duties.

2. The Senate shall vote only upon those persons chosen as candidates for nomination in the eight-year at-large category by the University Board of Governors Committee in the Senate, or proposed as candidates from the floor of the joint session of the Senate and House of Representatives; and the House of Representatives shall vote only upon those persons chosen as candidates for
Resolutions—1981

nomination in the eight-year at-large category by the University Board of Governors Nominating Committee in the House of Representatives, or proposed as candidates from the floor of the joint session of the Senate and House of Representatives.

3. The University Board of Governors Committee in the Senate shall receive suggestions of persons to be considered for election to the University Board of Governors through April 15, 1981. In order for a person to have standing to be considered as a candidate for nomination by the Senate Committee, that person must be formally proposed as a candidate for nomination by a member of the Senate committee.

4. The University Board of Governors Nominating Committee in the House of Representatives shall receive suggestions of persons to be considered for election to the University Board of Governors through April 15, 1981. Any person proposed in writing by a member of the House of Representatives to the Chairman of the University Board of Governors Nominating Committee shall be considered as a candidate for nomination by the House Committee.

5. After April 15, 1981, the Senate and House committees shall meet separately and receive from members of the committee formal proposals for nomination. A committee member may propose candidates only for the categories available for election by the House of which he is a member.

6. The House and Senate committees shall screen the proposed candidates for nomination as to their qualifications and background, and may interview each one to make sure that suitable candidates for election are nominated for each category and that each is willing and able to serve and has no statutory disability.

7. There is no limit on the number of persons a Senator may propose as candidates. When the proposing process is closed, the University Board of Governors Committee in the Senate shall list all proposed candidates by category and shall vote “aye” or “no” on each proposed candidate for nomination and listed on the Senate ballot. A vote of a majority of those members of the Senate committee present and voting shall constitute one a candidate for nomination. An individual cannot be a candidate for nomination in more than one category.

8. A Representative may propose only as many persons as candidates as there are places to be filled by the House. When the proposing process is closed, the University Board of Governors Committee in the House of Representatives shall list all proposed candidates by category. The House Committee shall vote to determine whether each person considered shall be placed on the House ballot as a “Recommended Nominee” or a “Nominee”. A majority vote of the members of the House Committee who are present shall constitute one a "Recommended Nominee" or a "Nominee" as the Committee shall determine. An individual cannot be a candidate for nomination in more than one category.

9. Committee candidates shall be placed before and recommended to a joint session of the House of Representatives and the Senate.

II. JOINT SESSION—SELECTION OF NOMINEES.

1. The Senate and House of Representatives shall meet in joint session at 2 p.m. on May 13, 1981, for the purpose of nominating persons for election to the Board of Governors of The University of North Carolina. In the joint session of the Senate and House of Representatives, committee nominations shall be made first and then the floor shall be opened for the nomination by any Senator
Resolutions—1981

or Representative of persons for election to the Board of Governors. Nominees shall be grouped into the following categories, as required by G.S. 116-6:

1. Women nominees for eight-year term,
2. Minority race nominees for eight-year term,
3. Minority party nominees for eight-year term,
4. At-large nominees for eight-year term, Senate
5. At-large nominees for eight-year term, House of Representatives
6. Women nominees for four-year term.

2. In proposing a nominee, the nominator shall state the category for which the nominee is being proposed. An individual cannot be proposed in more than one category.

3. There is no limit on the number of persons one Senator may propose as nominees and no limit on the categories for which he may propose persons in the joint session. In the joint session, a Representative may propose as nominees only as many persons as there are positions to be filled in each category.

4. Names shall continue to be received until the number of nominees is at least twice the number of places to be filled in each category, that is, there shall be a minimum of two women, two Republicans, two racial minority members, four at-large nominees (Senate), and six at-large nominees (House of Representatives) for an eight-year term, and two women nominees for a four-year term.

5. No vote shall be taken on the nominees in the joint session. When the names of all candidates for nomination have been received, the joint session shall be dissolved.

6. The Chairman of the University Board of Governors Nominating Committee in the House of Representatives and the Chairman of the University Board of Governors Committee in the Senate shall contact all nominees and ascertain whether they would serve if elected. Any nominee may withdraw his name without the approval of the person who proposed his name. If withdrawals reduce the number of nominees below twice the number of places to be filled in any category, another joint session of the Senate and House shall be held to receive sufficient additional nominations in that category.

III. ELECTIONS IN THE SENATE.

1. A ballot shall be prepared under the supervision of the Chairman of the University Board of Governors Nominating Committee in the House of Representatives and the Chairman of the University Board of Governors Committee in the Senate for the use of the Senate.

2. The ballot shall list only those nominees proposed by the University Board of Governors Committee in the Senate who have consented to run and all those nominees proposed from the floor in the joint session who have consented to run and for whom the Senate is entitled to vote. Their names shall be arranged (a) by length of term, (b) by category, and (c) within each category, alphabetically by surname.

3. The Senate shall hold its election at the beginning of the daily session on May 13, 1981. Before the voting begins, the President of the Senate shall explain the voting rules, which are:

(i) No nominations will be received from the floor.
(ii) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting for his category.

1677
Committee Chairman of Senate Committee Nominating member of Board of Senate has received Board of Senate the persons Two members 4. The Chairman of the University Board of Governors Nominating Committee in the House of Representatives and the Chairman of the University Board of Governors Committee in the Senate shall be responsible for canvassing the vote and declaring the results thereof. The number of votes received by each candidate shall not be released.

5. The Chairman of the University Board of Governors Committee in the Senate and the Chairman of the University Board of Governors Nominating Committee in the House of Representatives have determined that the Senate has chosen one member of the Board of Governors who is a woman for a term of eight years, one member of the Board of Governors who is a member of a minority race for a term of eight years, and two members of the Board of Governors from the at-large category for a term of eight years, the Chairman of the University Board of Governors Committee in the Senate shall

1678
Resolutions—1981

make a motion for the simultaneous election of those four persons by the Senate to the indicated positions and for the indicated terms. The roll of the Senate shall then be called electronically. If a majority of those voting shall vote “aye” the persons whose names appear on the list shall be declared to have been elected.

7. The results of the election in the Senate shall then be sent by Special Messenger to the House of Representatives.

IV. ELECTIONS IN THE HOUSE OF REPRESENTATIVES.

1. A ballot shall be prepared under the supervision of the Chairman of the University Board of Governors Nominating Committee in the House of Representatives and the Chairman of the University Board of Governors Committee in the Senate for the use of the House of Representatives.

2. The ballot shall list only those nominees proposed by the University Board of Governors Nominating Committee in the House of Representatives who have consented to run and all those nominees proposed from the floor in the joint session who have consented to run and for whom the House is entitled to vote. Their names shall be arranged (a) by length of term, (b) by category, and (c) within each category, alphabetically by surname. Each person whose name appears on the ballot shall be thereby designated as a “Recommended Nominee” or as a “Nominee” as the University Board of Governors Nominating Committee in the House of Representatives shall have determined.

3. The House of Representatives shall hold its election immediately after being notified by Special Messenger that the Senate has completed its election. Before the voting begins, the Speaker of the House of Representatives shall explain the voting rules, which are:

(i) No nominations will be received from the floor.

(ii) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting for his category.

(iii) Each member present and voting shall vote for as many nominees as there are positions to be filled in each category, and any ballot not so marked shall be deemed void as to that category.

(iv) When a nominee for a category containing a single position is to be chosen and no candidate receives a majority of the votes cast for all the candidates in that category, a runoff shall be conducted between the person receiving the highest and the person receiving the second highest number of votes cast.

(v) When fewer than three nominees in the eight-year at-large category receive the votes of a majority of all members present and voting for positions in that category, a runoff to fill the open position or positions shall be conducted among the nominees receiving the highest number of votes cast, and the number of nominees eligible to be voted on in the runoff shall be twice the number of positions to be filled.

(For the purpose of illustration, if when the first ballot is taken, no nominee receives a majority, then the top six vote-getters will be in the runoff, because there must be twice the number of persons in the runoff than there are positions to be filled and the House has three such positions to fill. If one person receives the votes of a majority of all members present and voting in that category, then he is elected and a runoff will be held among the four next highest vote-getters. This is so
Resolutions—1981

because there are two positions remaining to be filled and there must be twice the number of nominees in the runoff than there are positions available, therefore four. If two people receive the votes of a majority of the members present and voting, both will be elected and a runoff will be held between the two next highest vote-getters, because only one position remains to be filled.)

(vi) If there is a tie for the last position between two nominees who are eligible for the next runoff, both nominees will be included in the next runoff balloting, even though there would thereby be more than two nominees per available position on the Board of Governors.

(vii) When more than three nominees in the eight-year at-large category receive the votes of a majority of all members present and voting for positions in that category, then the three nominees receiving the highest number of votes shall be deemed to have been chosen.

4. The members of the House of Representatives shall proceed to mark their ballots for the following:

Three persons in the at-large category for eight-year terms,
One person in the minority party category for an eight year term,
One person in the women’s category for a four-year term.

5. The Chairman of the University Board of Governors Nominating Committee in the House of Representatives and the Chairman of the University Board of Governors Committee in the Senate shall be responsible for canvassing the vote and declaring the results thereof. The number of votes received by each candidate shall not be released.

6. When the Chairman of the University Board of Governors Committee in the Senate and the Chairman of the University Board of Governors Nominating Committee in the House of Representatives have determined that the House of Representatives has chosen three members of the Board of Governors from the at large category for a term of eight years, one member of the Board of Governors from the minority party category for a term of eight years, and one member of the Board of Governors from the women’s category for a four-year term, the Chairman of the University Board of Governors Nominating Committee in the House of Representatives shall make a motion for the simultaneous election of those five persons by the House of Representatives to the indicated positions and for the indicated terms. The roll of the House shall then be called electronically. If a majority of those voting shall vote “aye”, the persons whose names appear on the list shall be declared to have been elected.

7. The results of the election in the House of Representatives shall then be sent by Special Messenger to the Senate.

V. NOTIFICATION OF ELECTION RESULTS.

1. When the election process is complete, the Chairman of the University Board of Governors Committee in the Senate and the Chairman of the University Board of Governors Nominating Committee in the House of Representatives shall notify the Secretary of the Board of Governors of The University of North Carolina of the names of the persons elected by the General Assembly and the category for which and term for which each of them was elected.

Whereas, a cease-fire in Vietnam became effective on January 27, 1973; and

Whereas, approximately 60 North Carolinians remain unaccounted for in Southeast Asia; and

Whereas, recent eyewitness reports coming from Indochina attest to sightings of men held captive who appear to be American servicemen in captivity; and

Whereas, all Americans, and particularly the League of Families for POW/MIA'S, the American Legion, and other veterans' organizations, share the concern to obtain full accountability for all those servicemen missing in Southeast Asia;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. We encourage offices and agencies of the Federal Government to initiate all positive actions to secure an accurate accounting and expeditious return to the United States of all missing persons or the remains of those persons being held by the Southeast Asian Countries.

Sec. 2. A copy of this resolution shall be sent to the President of the United States, Ronald Reagan; the Governor of the State of North Carolina, James B. Hunt, Jr.; and all members of the North Carolina Senatorial and Congressional Delegations in Washington, D.C.

H. R. 450   RESOLUTION 21

A JOINT RESOLUTION URGING THE UNITED STATES CONGRESS TO ALLOW THE STATES FLEXIBILITY IN THE USE OF FEDERAL-AID HIGHWAY FUNDS.

Whereas, the State's continued population and economic growth, and the desirability of continuing to attract new industry to raise the standard of living of North Carolina's citizens makes it imperative that the State's good highway system be preserved; and
Whereas, higher gasoline prices and boycotts have, since October 1973, reduced gasoline tax collections in North Carolina far below the amount that
Resolutions—1981

would have been collected based on the pre-1973 growth trend of seven and one-half percent (7.5%) per year; and

Whereas, highway construction and maintenance costs, particularly for materials that are petroleum-based, are increasing at a rate of more than twenty percent (20%) per year; and

Whereas, severe winter weather during the last few years has caused extensive damage to many roads in our State; and

Whereas, these conditions have precipitated a crisis in State and local funding of highways in North Carolina; and

Whereas, because of this crisis North Carolina will be unable to protect its existing highway system through maintenance activities and will be unable to match federal-aid highway construction funds apportioned to the State; and

Whereas, all states in the United States are facing the same basic highway funding crisis; and

Whereas, since 1916 the federal government has taken a strong partnership role with the states in planning the development of the nation’s highway system and has provided a large share of the funding of this system; and

Whereas, since 1970 the federal government has been providing seventy percent (70%) to seventy-five percent (75%) federal funding for construction of improvements to the Federal-Aid Primary System and Federal-Aid Secondary System; and

Whereas, federal-aid highway legislation prior to 1978 required the states to use the federal aid solely for new construction, with maintenance remaining a State responsibility; and

Whereas, the Surface Transportation Assistance Act of 1978 required that 20 percent (20%) of the aid for fiscal years 1979 through 1983 be expended for “3-R” purposes (resurfacing, restoration, and rehabilitation); and

Whereas, reduced driving resulting from the public’s conservation effort requires federal and state lawmakers to reassess the need to appropriate more funds for highway construction; and

Whereas, the Reagan Administration is considering a proposal to raise the federal gasoline tax, to allow states to use that additional tax, and to allow the states flexibility in redirecting the use of federal aid from the construction of new highways to the maintenance of existing roads and bridges;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The General Assembly of North Carolina urges the Congress of the United States to amend the Surface Transportation Assistance Act of 1978 to give states receiving federal-aid highway funds the necessary flexibility to use these funds for highway maintenance and other nonconstruction federal-aid highway needs that the Governor and legislature of each state feels are most important.

Sec. 2. The Secretary of State is directed to send copies of this resolution to the Speaker of the United States House of Representatives, the President of the United States Senate and the members of our State’s delegation to the United States Congress in order that they may be apprised of the sense of the North Carolina General Assembly.

H. R. 678  RESOLUTION 22
A JOINT RESOLUTION CONDEMNING THE TRAITOROUS AND VIOLENT ATTACK ON THE LIFE OF PRESIDENT REAGAN AND SUPPORTING THE VICTIMS OF THIS ATTACK AND THEIR FAMILIES IN THEIR ORDEAL.

Whereas, the people of North Carolina were horrified to learn that, on March 30, 1981, an assassination attempt was made on the life of Ronald Reagan, President of the United States, which resulted in his receiving a serious wound, and in three other persons being seriously injured; and

Whereas, this senseless and traitorous attack on the life of the leader of our country is not the first but the seventh such attack in this century, William McKinley and John Kennedy dying as a result, and Theodore Roosevelt, Franklin D. Roosevelt, Harry Truman and Gerald Ford escaping injury; and

Whereas, such an assassination attempt threatens the very fabric of our society by ripping apart the order by which we govern ourselves; and

Whereas, the citizens of North Carolina wish to express their outrage against the attempt to assassinate the President and also wish to express their support for the victims of the attempt;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the General Assembly of North Carolina, for the people of North Carolina of all political parties and convictions, condemns the atrocious, traitorous attack on the President of the United States and supports President Reagan, Press Secretary James Brady, Secret Service Agent Timothy J. McCarthy, Metropolitan Police Department Officer Thomas K. Delahanty and their families, extending sympathy and appreciation for their untimely sacrifice and fervent hope for their speedy recovery and return to public service.

Sec. 2. A copy of this resolution shall be sent to the families of the victims of this attack on President Reagan.

Sec. 3. This resolution is effective upon ratification.

H. R. 811  RESOLUTION 23
A JOINT RESOLUTION RECOGNIZING MAY FIRST AS LAW DAY.

Whereas, May 1 of each year has been set aside by Joint Resolution of Congress as a "special day of celebration by the American people in appreciation of their liberties and the reaffirmation of their loyalty to the United States of America"; and

Whereas, many have given their lives to secure these liberties; and

Whereas, the Law Day celebration is sponsored by the American Bar Association, the North Carolina Bar Association, and 800 other state and local bar associations throughout the country; and

Whereas, the purpose of Law Day is to advance equality and justice under law, to encourage citizen support of law observance and law enforcement, and to

1685
foster respect for law and understanding of its essential place in the life of every
citizen of the United States; and

Whereas, the central message of Law Day 1981 is that a just and
democratic rule of law must prevail in order that we may live together in peace
and as a civilized society; and

Whereas, the objective of Law Day 1981 is to foster greater public
understanding of the principles on which our nation was founded; to explore the
links between law, our form of government and our way of life; and to examine
how these fundamental elements can be strengthened;

Now, therefore, be it resolved by the House of Representatives, the Senate
concurring:

Section 1. The General Assembly recognizes May 1, 1981, as Law Day
and commends the celebration of this event by the North Carolina Bar
Association. The General Assembly encourages all citizens of the State to
participate in locally sponsored events in recognition of Law Day.

Sec. 2. In recognition of the objectives of Law Day 1981, the General
Assembly commends those who have given their lives to protect American
liberties and our system of laws and urges all citizens to commemorate the past,
reflect upon the present, and demonstrate their faith in our nation and its
charters of freedom: the Declaration of Independence, the Constitution, and the
Bill of Rights.

S. R. 469  RESOLUTION 24

A JOINT RESOLUTION RECOGNIZING NATIONAL SECRETARIES’
WEEK AND HONORING SECRETARIES THROUGHOUT THE STATE.

Whereas, secretaries provide a valuable and necessary service to their
employers in all fields of business, industry, education, and government; and

Whereas, the General Assembly is especially aware of the important
contribution of its own legislative secretaries; and

Whereas, the week of April 20, 1981, is designated as “Secretaries’ Week”
and is sponsored by the National Secretaries Association (International) in
order to bring recognition to all secretaries, to inform the public of their vital
contribution, and to remind secretaries of their professional responsibilities;

Now, therefore, be it resolved by the Senate, the House of Representatives
concurring:

Section 1. That the General Assembly hereby recognizes the benefits
that this State receives from its secretaries and salutes all secretaries for their
outstanding services. Appreciation is especially extended to legislative
secretaries for their invaluable service to the State.

Sec. 2. That the citizens of the State of North Carolina are called upon
to observe national “Secretaries’ Week” and exhibit their own appreciation and

RESOLUTION 46

A JOINT RESOLUTION HONORING THE LIFE AND SERVICE OF WILLIAM M. FULTON.

William M. Fulton, a Republican from Burke County who represented the Thirty-ninth Representative District, was born in Kewanee, Illinois, on September 20, 1900, and died in Burke County on December 1, 1980. The son of Wilson C. and Elizabeth (McKinney) Fulton, he attended public school in Kewanee. After attending Virginia Military Institute from 1917 to 1918, he received his B.S. degree from Knox College in Galesburg, Illinois, in 1922, his M.A. degree from Iowa State University in 1930, and his J.D. from the University of Iowa School of Law in 1936.

He came to North Carolina from a northern state as a retired man who had completed his career as an attorney. He met and married Mary Atkins Fulton and settled in near Morganton in an unpretentious area known as Carbon City.

But it came to pass that the Republican Party of Burke County, none too apt at winning elections, was looking for a sacrificial lamb to run for the State House of Representatives, somebody to fill out the ticket.
Bill Fulton was not blind to the fact that an outlander had little chance of election, but he yielded to his belief that every citizen has a duty to society. He had never run for public office and had little concept of the promises and compromises with conscience that are part of the elective process. Thus, in innocence, or ignorance as his detractors would say, he went among the people, speaking briefly and listening carefully.

When people started calling him "Steamboat Bill" for no other reason than that his last name was the same as the inventor of the steamboat, Fulton adopted the appellation. His gesture at Republican rallies was that of pulling a rope such as might blow the whistle.

Nobody ever analyzed why Fulton was elected and reelected and reelected. He introduced no major legislation, but he didn't miss his committee meetings, and suffered through the interminable hours of hearings that are part of the legislative process. Less diligent Representatives came to trust his judgement which was based on in-depth knowledge of the issues. His quiet influence often decided critical roll calls while more eloquent members expounded their views on the floor of the House and changed not a vote.

To the folks back home, he was a man who helped them with the problems created by governmental bureaucracy. Although he took no polls to see which way the wind was blowing, he somehow consistently voted the will of his constituency.

His name is among those who are colorful in the memory of his colleagues. Let the record show that he was a decent, dedicated man, one of those who typifies American Democracy at its best.

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The General Assembly recognizes the achievements of William M. Fulton and expresses its appreciation for his contribution to his community and the State.

Sec. 2. The General Assembly extends its deepest sympathy to the family and friends of William M. Fulton and shares in their grief.

Sec. 3. The Secretary of State shall send a copy of this resolution to William M. Fulton's widow, Mrs. Mary Atkins Fulton, and his children.

RESOLUTION 47

A JOINT RESOLUTION MEMORIALIZING THE FEDERAL RESERVE BOARD TO SHIFT ITS POLICIES ON CREDIT.

Whereas, the year-long policy of credit restriction and high interest rates imposed on the United States by the Federal Reserve Board has caused an economic recession that has reduced the level of the nation's productive activity and the standard of living of our people; and

Whereas, the above policy has been a contributing factor in the reduction of our industrial production in steel, automobiles, rubber, plastics, petrochemicals, and other basic industries; and

Whereas, the same policy in agriculture has caused a reduction in farm incomes, leading to a wave of farm bankruptcies over the past year; and
Resolutions—1981

H. R. 1117 RESOLUTION 49

A JOINT RESOLUTION URGING THE CONGRESS OF THE UNITED STATES TO OPPOSE THE DEREGULATION OF THE PEANUT GROWING INDUSTRY.

Whereas, North Carolina is the nation’s fourth largest producer of peanuts, the crop contributing sixty-five million dollars ($65,000,000) to the State’s economy in 1980; and

Whereas, the present program of price supports administered by the U. S. Department of Agriculture is vital to the continued prosperity of the peanut growing industry in this State; and

Whereas, the deregulation of the peanut growing industry threatens to force out of the marketplace the small grower in favor of the large corporate producer/user of peanuts; and

Whereas, without the peanut price-support program it is likely that states such as Georgia and Alabama would benefit at the expense of this State due to climatic conditions and that large corporate producers would locate in those states; and

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Whereas, North Carolina's judicial divisions, superior court judicial districts, district court judicial districts and prosecutorial districts have been established by statutes that in most instances have existed for many years without change; and

S. R. 392    RESOLUTION 57

A JOINT RESOLUTION AUTHORIZING THE MENTAL HEALTH STUDY COMMISSION TO STUDY STANDARDS AND PROCEDURES FOR ALL RESIDENTIAL GROUP CARE PROGRAMS FOR CHILDREN AND YOUTH.

Whereas, there are different licensing requirements in North Carolina for the various types of residential group care programs for children including, but not limited to, group homes, specialized community treatment centers, drug treatment programs, child-caring institutions, and wilderness camps; and

Whereas, lack of uniformity in procedures and operational standards results in some residential facilities being licensed at lower standards than others and some to operate without meeting any State-approved standards; and

Whereas, diversity of licensing requirements results in a needlessly complex, burdensome, and expensive review process for various licensing agencies, and for facilities applying for licenses;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Mental Health Study Commission is authorized to study the current system that requires some residential facilities to be licensed while others are allowed to operate without a license; and to identify the various agencies currently involved in the actual licensing process and to evaluate the necessity that each agency have separate and different licensing provisions.

Sec. 2. The Mental Health Study Commission is authorized to recommend uniform procedures to include licensing and operational standards for all residential child care facilities to ensure that the children served receive the best care possible; these standards and procedures may include, but need not be limited to the following: physical plant requirements; sanitation requirements; health care measures for the children at the facility; standards for confidentiality of records; general administrative practices; minimum safety precautions necessary for the protection of children in different types of programs; education for the children in the facilities; personnel policies and

Whereas, there is a shortage of federal Title XX funds for this program of adult day care, and not enough State funds are earmarked for this program; and

Whereas, a more dependable source of funding would encourage more adult day care programs to be set up; and

WHEREAS, the use of the Judicial Nominating Committee for Superior Court Judges has helped maintain a strong and viable judiciary by insuring that those persons appointed by the Governor to fill vacancies on the Superior Court have been selected on the basis of personal and professional competence and fitness to administer right and justice wisely; and,

WHEREAS, the use of the Judicial Nominating Committee for Superior Court Judges has helped insure that only the most qualified, conscientious and dedicated persons available have been appointed by me, as Governor, to the Superior Court; and,

WHEREAS, I now desire to extend the Judicial Nominating Committee for Superior Court Judges to provide for the continued merit selection of persons to fill vacancies on the Superior Court;

NOW, THEREFORE, IT IS HEREBY ORDERED:

Section 1. The Judicial Nominating Committee for Superior Court Judges as created by Executive Order Number 12 and amended by Executive Order Number 24, 30 and 52, is hereby extended until June 30, 1982, effective on the date of the signing of this Order.

Section 2. The Committee shall consist of 36 members to be selected as follows:

(a) 13 citizens who are not licensed to practice
law in the State, no less than 3 of whom and no more than four of whom shall be residents of the same judicial division of the State, to be appointed by the Governor.

(b) 13 attorneys licensed to practice law in the State, no less than 3 of whom and no more than four of whom shall be residents of the same judicial division of the State, to be appointed by the Chief Justice of the Supreme Court of North Carolina.

(c) Four citizens who are not licensed to practice law in the State, each a resident of a different judicial division of the State, two to be appointed by the President Pro Tempore of the Senate and two by the Speaker of the House of Representatives.

(d) Four attorneys licensed to practice law in the State, two to be appointed by the President Pro Tempore of the Senate, and two by the Speaker of the House of Representatives.

(e) Two members of the Supreme Court of North Carolina, one of whom shall serve as Chairman of the Committee, and another, who shall serve in the absence of the Chairman as Chairman Pro Tempore of the Committee, each to be appointed by that Court.

(f) Exclusive of the Chairman and Chairman Pro Tempore, each member of the Committee shall be a resident of a different judicial district of the State, as the State is currently divided into thirty-four judicial districts. The removal of such a member's residence from the district of appointment creates a vacancy to be filled from that district as provided in Subsection (g) of this Section. To insure the
required distribution of members among the judicial
districts, appointments of such members other than
the Chairman and Chairman Pro Tempore shall be
made in the following sequence by the appointing
authorities indicated:

(i) The Governor shall first make the appointments
provided in Subsection (a).

(ii) The Chief Justice of the Supreme Court shall
then make the appointments provided in
Subsection (b).

(iii) The President Pro Tempore of the Senate
shall then make the appointments provided
respectively in Subsections (c) and (d).

(iv) The Speaker of the House of Representatives
shall then make the appointments provided
respectively in Subsection (c) and (d).

(g) The Chairman and Chairman Pro Tempore shall
serve at the pleasure of the Supreme Court. All
members other than the Chairman and Chairman Pro
Tempore shall serve for a period of one (1) year or
until earlier termination of this Committee by
subsequent Executive Order. Upon the occurrence of
a vacancy prior to expiration of a term, the vacancy
shall be filled by the then incumbent in the office
of the appointing authority that made the initial
appointment. A member appointed to fill a vacancy
occurring prior to the expiration of a term serves
for the remainder of the unexpired term. Successor
members appointed shall be of the same category and
from the same district as the initial appointees. No
member of the Committee other than the Chairman and
Chairman Pro Tempore is eligible for appointment to
a judicial office of this state that is created or
vacated during the member's service on the Committee and for a period of six months thereafter.

(h) All current members of the Committee are eligible for reappointment. If the appointing authority chooses not to reappoint a current member, then the member's successor must be a resident of the same judicial district. The appointing authority must submit the names and addresses of his or her appointees to the Executive Secretary within 15 days of the signing of this order.

(i) While engaged on official business, a member of the Committee is entitled to such per diem and reimbursement for travel and subsistence as may be authorized for members of State Boards and Commissions generally.

Section 3. The function of the Judicial Nominating Committee is to identify and nominate for appointment those persons most highly qualified personally and professionally to be Superior Court Judges without regard to any partisan political considerations. To accomplish this purpose the Committee shall be divided into four panels, as herein below provided:

(a) In considering and making nominations for Superior Court Judges, the Chairman and Chairman Pro Tempore and all members of the Committee who are residents of the judicial division of which the judge to be appointed as a resident shall exercise the powers of the Committee in respect to that particular judgeship.

(b) Subject to the provisions of this Order, the Committee may direct meetings and public hearings to be held anywhere within the State; publicize vacancies in judicial offices and solicit candidates therefore; adopt rules of procedure for the exercise of its powers
and take any other actions necessary and proper to the accomplishment of its functions.

(c) Panels of the Committee shall meet on call of the Chairman, Chairman Pro Tempore, or a majority of the members of the panel. All calls for meetings shall be upon reasonable notice to all members entitled to participate. Meetings of any of the panels of the Committee shall be presided over by the Chairman, or in his absence, the Chairman Pro Tempore. The Chairman or Chairman Pro Tempore presiding shall vote only when necessary to break tie votes of the members of the panel present. A simple majority of the members constituting the nominating panel constitutes a quorum for exercise of the panel's powers; but no nomination may be made except upon the concurrence of at least a majority of the members of a nominating panel authorized to make a particular nomination.

(d) Each panel shall elect a secretary from among its members.

(e) The Governor shall name an Executive Secretary for the Committee.

Section 4.

(a) Any person who is eligible to hold the office of Superior Court Judge may file with the Judicial Nominating Committee, in accordance with its rules, a questionnaire for prospective nominees for Superior Court Judgeships. The Committee may, in its discretion, consider and nominate a person who has not filed a questionnaire.

(b) For any vacancy in the office of Superior Court Judge, the Committee should nominate no less than three (3) nor more than five (5) persons.

(c) Full consideration of minority and female
applicants is encouraged.

(d) Nominations to fill vacancies may be submitted to the Governor not more than sixty (60) days in advance of mandatory retirement of a judge; and all nominations should in any event be submitted no later than sixty (60) days after a vacancy occurs. Should the Committee fail to submit to the Governor nominations within sixty (60) days after a vacancy occurs, the Governor may proceed to fill the vacancy. Nominations by the Committee shall be certified to the Governor over the signature of the Chairman or the Chairman Pro Tempore. Nominations shall be submitted to the Governor in alphabetical order and shall not be ranked in any special order.

(e) To assist the Committee, the Administrative Office of the Courts shall notify the Committee of the imminence of vacancies in Superior Court Judgeships occurring for any reason known to them in advance of their occurrence, and shall notify the Committee of other vacancies as soon as is practicable.

Section 5. Forthwith upon receipt of nominations from the Judicial Nominating Committee, the Governor shall cause the identity of the nominees to be made public by any appropriate means. Within thirty (30) days after receipt of nominations or the occurrence of a vacancy, whichever event last occurs, the Governor shall appoint one of the nominees to fill the vacancy for which nominated.

Section 6. This Executive Order shall apply to all vacancies in the Office of Superior Court Judge.

Section 7. This Executive Order shall apply to Special Superior Court Judges in the following manner:

(a) For a single vacancy in the Office of Special Superior Court Judge, the Governor shall direct the
panel or panels of his choice to nominate no less than three (3) nor more than five (5) persons who reside in the respective panels' division to fill the vacancy.

(b) When two or more vacancies occur in the Office of Special Superior Court Judge, the Governor shall direct the panel or panels of his choice to nominate persons to fill the vacancy. If the Governor determines, in his discretion, that two or more Special Superior Court Judges may be chosen from a single judicial division, the Governor may direct that no less than three (3) nor more than five (5) persons multiplied by the number of vacancies who reside in a panel's division be nominated by the panel to fill the vacancies.

(c) All other rules which are applicable to regular Superior Court Judges are hereby incorporated for the filling of vacancies for Special Superior Court Judges.

Section 8. It is understood that this is a voluntary merit selection process for Superior Court Judges, and should the Governor later determine that any panel or panels of the Judicial Nominating Committee has not given due consideration to all qualified applicants for the Office of Superior Court Judge, in accordance with the procedures set forth by this Executive Order, or that there is any question as to the legality or constitutionality of this Executive Order, then to that extent, nothing contained herein is intended to in any way impair or delegate the constitutional and statutory powers, duties or perogatives of the Governor in the filling of vacancies in judicial offices by appointment. Also, to that extent, the right to reject any or all of the nominees so selected and recommended is specifically reserved unto the Governor.

Section 9. Each member of the Committee is encouraged
to seek out competent and qualified candidates for Superior Court Judge. Such a solicitation will not be deemed an endorsement of a candidate. Furthermore, bar groups, civic associations and citizen groups are encouraged to seek out and recommend competent and qualified candidates for Superior Court Judge.

Section 10. This Order shall become effective immediately.

GOVERNOR OF NORTH CAROLINA
WHEREAS, natural phenomena such as hurricanes, floods, tornadoes, severe winter weather, droughts, earthquakes, and man-made disasters such as explosions or major electric power failures are an every-present danger; and

WHEREAS, potential enemies of the United States now possess the capability of launching attacks and unprecedented destruction upon this State and nation, from land, sea and air; and

WHEREAS, it is the duty of the Department of Crime Control and Public Safety to insure the preparation, coordination, and currency of emergency management and military plans and effective conduct of emergency operations by all participating agencies to sustain life and prevent, minimize, or remedy injury to persons and damage to property resulting from disasters caused by enemy attack or other hostile actions or from disasters due to natural or man-made causes; and

WHEREAS, the Emergency Management Act of 1977, as amended, N.C.G.S. 166A-1, et seq., the North Carolina Emergency War Powers Act, N.C.G.S. 147-33.1, et seq., and Article 36A of Chapter 14 of the General Statutes confer upon the Governor comprehensive powers to be exercised in providing for the common defense and protection of the lives and property of the people of this State against both man-made and natural disasters; and

WHEREAS, the effective exercise of these emergency powers requires extensive initial planning, continued revision and exercising of plans, assignment of Emergency Management functions prior to the occurrence of an emergency, the training of personnel in order to ensure a smooth,
effective application of governmental functions to emergency operations, and the quick response of all necessary State resources; and

WHEREAS, these Emergency Management functions are intended to be and can be accomplished most effectively through those established activities of State and local government whose normal functions relate to those emergency services which would be needed;

NOW, THEREFORE, IT IS HEREBY ORDERED:

Section 1. In the event the Governor, in the exercise of his constitutional and statutory responsibilities, shall deem it necessary to utilize the services of more than one subunit of State Government to provide protection to the people from natural or man-made disasters or emergencies, including but not limited to wars, insurrections, riots, civil disturbances, or accidents, the Secretary of Crime Control and Public Safety under the direction of the Governor, shall serve as the chief coordinating officer for the State between the respective subunits so utilized, as provided in N.C.G.S. 143B-476.

Section 2. Whenever the Secretary of Crime Control and Public Safety exercises the authority provided in Section 1, he shall be authorized to utilize and allocate all available State resources as are reasonably necessary to cope with the emergency or disaster, including directing of personnel and functions of State agencies or units thereof for the purpose of performing or facilitating the initial response to the disaster or emergency. Following the initial response, the Secretary, in consultation with the heads of the State agencies which have or appear to have responsibility for dealing with the emergency or disaster, shall designate one or more lead agencies to be responsible for subsequent phases of the response to the emergency or disaster. Pending an opportunity to consult with the head of such agencies, the Secretary may make interim lead agency designations.

Section 3. Every department of State Government is required to report to the Secretary of Crime Control and Public Safety by the fastest means practicable, all natural or man-made disasters or emergencies, including but not limited to wars, insurrections, riots, civil disturbances, or accidents which appear likely to require the utilization of the services of more than one subunit of State Government.
Section 4. The Secretary of Crime Control and Public Safety is hereby authorized to delegate the authority to utilize and allocate all available State resources as may be necessary to carry out the intent of this order.

The heads of the departments of State Government and other agencies designated in said plans are granted the authority and charged with the responsibility to develop supporting plans and procedures and to execute upon order of the Governor, the Secretary of Crime Control and Public Safety or his designee the Emergency Management functions assigned to them in said plans.

Section 7. The Secretary of Crime Control and Public Safety is hereby authorized to update and periodically revise or cause to be revised said plans and supporting plans to the end that they will be at all times current and consistent with the functions, duties, and capabilities of a given department or agency.

Section 8. The head of each department, agency, commission or office of State Government that is charged with Emergency Management responsibilities shall designate personnel from said department, agency, commission, or office to perform liaison with all other components of State Government on matters pertaining to Emergency Management activities.

Section 9. The heads of State Government departments assigned Emergency Management functions shall prepare procedures to procure from governmental and private sources all materials, manpower, equipment, supplies, and services which would be needed to carry out these assigned functions. Each agency of State Government shall cooperate
