PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I
DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons. We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people. All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State. The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited. This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. Allegiance to the United States. Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers. The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.
Sec. 7. Suspending laws. All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. Representation and taxation. The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. Frequent elections. For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. Free elections. All elections shall be free.

Sec. 11. Property qualifications. As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition. The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty. All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

Sec. 14. Freedom of speech and press. Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education. The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. Ex post facto laws. Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

Sec. 17. Slavery and involuntary servitude. Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Courts shall be open. All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws. No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.
Sec. 20. *General warrants.* General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. *Inquiry into restraints on liberty.* Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. *Modes of prosecution.* Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in non-capital cases.

Sec. 23. *Rights of accused.* In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. *Right of jury trial in criminal cases.* No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. *Right of jury trial in civil cases.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

Sec. 26. *Jury service.* No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. *Bail, fines, and punishments.* Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. *Treason against the State.* Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed: and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and
governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. Quartering of soldiers. No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. Exclusive emoluments. No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. Hereditary emoluments and honors. No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. Perpetuities and monopolies. Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. Recurrence to fundamental principals. A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. Other rights of the people. The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

Section 1. *Executive power.* The executive power of the State shall be vested in the Governor.
Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.

(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.

(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.

(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.

(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.

(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.

(5) Impeachment. Removal of the Governor from office for any other cause shall be by impeachment.

Sec. 4. Oath of office for Governor. The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of Governor.
Sec. 5. Duties of Governor.

(1) Residence. The Governor shall reside at the seat of government of this State.

(2) Information to General Assembly. The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) Budget. The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(6) Clemency. The Governor may grant reprieves, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to regulations prescribed by law relative to the manner of applying for pardons. The terms reprieves, commutations, and pardons shall not include paroles.

(7) Extra sessions. The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) Appointments. The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) Information. The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the State and may alter them from time to time, but the Governor may make such changes in the
allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

Sec. 6. Duties of the Lieutenant Governor. The Lieutenant Governor shall be President of the Senate, but shall have no vote unless the Senate is equally divided. He shall perform such additional duties as the General Assembly or the Governor may assign to him. He shall receive the compensation and allowances prescribed by law.

Sec. 7. Other elective officers.

(1) Officers. A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 30 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.
Sec. 8. Council of State. The Council of State shall consist of the officers whose offices are established by this Article.

Sec. 9. Compensation and allowances. The officers whose offices are established by this Article shall at stated periods receive the compensation and allowances prescribed by law, which shall not be diminished during the time for which they have been chosen.

Sec. 10. Seal of State. There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina." All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina," and signed by the Governor.

Sec. 11. Administrative departments. Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV

JUDICIAL

Section 1. Judicial power. The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a coordinate department of the government, nor shall it establish or authorize any courts other than as permitted by this Article.

Sec. 2. General Court of Justice. The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

Sec. 3. Judicial powers of administrative agencies. The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

Sec. 4. Court for the Trial of Impeachments. The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.
Sec. 5. Appellate division. The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.

Sec. 6. Supreme Court.

(1) Membership. The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.

(2) Sessions of the Supreme Court. The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

Sec. 7. Court of Appeals. The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.

Sec. 8. Retirement of Justices and Judges. The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits service as a Justice or Judge.

Sec. 9. Superior Courts.

(1) Superior Court districts. The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.

(2) Open at all times; sessions for trial of cases. The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.

(3) Clerks. A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. District Courts. The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected.
For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint for a term of two years, from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be filled for the unexpired term in a manner prescribed by law. Vacancies in the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office.

Sec. 11. Assignment of Judges. The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.

Sec. 12. Jurisdiction of the General Court of Justice.

(1) Supreme Court. The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The jurisdiction of the Supreme Court over “issues of fact” and “questions of fact” shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) Court of Appeals. The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) Superior Court. Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. The Clerks of the Superior Court shall have such jurisdiction and powers as the General Assembly shall prescribe by general law uniformly applicable in every county of the State.

(4) District Courts; Magistrates. The General Assembly shall, by general law uniformly applicable in every local court district of the State, prescribe the jurisdiction and powers of the District Courts and Magistrates.

(5) Waiver. The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) Appeals. The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. Forms of action; rules of procedure.

(1) Forms of Action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried
before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

Sec. 14 Waiver of jury trial. In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. Administration. The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.

Sec. 16. Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court. Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Justices of the Supreme Court and Judges of the Court of Appeals shall be elected by the qualified voters of the State. Regular Judges of the Superior Court may be elected by the qualified voters of the State or by the voters of their respective districts, as the General Assembly may prescribe.

Sec. 17. Removal of Judges, Magistrates and Clerks.

(2) Retirement funds. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize to be used any part of the funds of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System for any purpose other than retirement system benefits and purposes, administrative expenses, and refunds; except that retirement system funds may be invested as authorized by law, subject to the investment limitation that the funds of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall not be applied, diverted, loaned to, or used by the State, any State agency, State officer, public officer, or public employee.

Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto for nonprofit private corporations.

AN ACT TO PROVIDE FOR PRIMARY ELECTIONS IN DISTRICTS REAPPORTIONED BY THE 1984 EXTRA SESSION OF THE GENERAL ASSEMBLY.

The General Assembly of North Carolina enacts:

Section 1. Notwithstanding any other provisions of law to the contrary, the primary election schedule, for 1984 only, for districts of the North Carolina House of Representatives or North Carolina Senate reapportioned by the 1984 Extra Session of the General Assembly shall be postponed and conducted in accordance with the schedule as hereinafter provided.

Sec. 2. The primary elections in 1984 for offices reapportioned by the 1984 Extra Session of the General Assembly shall be ordered by the State Board of Elections in accordance with the following schedule and shall be conducted on one of the alternative dates set forth herein, as computed in Section 3:

</tr>

Sec. 3. Schedule 1 above shall be used if approval from a court of competent jurisdiction (and if also necessary, clearance by the United States Department of Justice or the United States District Court for the District of Columbia) has been received for a district by 5:00 p.m. on April 20, 1984. Schedule 2 shall be used if such approval has not been received by that time but has been received by 5:00 p.m. on May 17, 1984.

For the purposes of this section, approval of a district means approval of all the new districts reapportioned from an old district. For instance, if Senate District 22 is reapportioned into Senate Districts 22, 33, 34, and 35, approval of all four districts is required; provided that for the purposes of this section, in an act reapportioning Senate District 2 and other districts, it means approval of all districts covered by that act.

Sec. 4. Filing shall open and close at 12:00 noon on the dates indicated in Section 2 of this act.

Sec. 5. If approval has not been received by 5:00 p.m. on May 17, 1984, then the primary election dates for the offices involved shall be set by the 1983 Regular Session of the General Assembly when next it reconvenes.

Sec. 6. All candidate filing during the regular filing period January 2, 1984, through February 6, 1984, for any district of the North Carolina House of Representatives or the North Carolina Senate reapportioned by the 1984 Extra Session of the General Assembly is hereby voided, and the filing fee for any candidate whose filing is voided by this section shall, upon application, be refunded or, if the candidate chooses to file for a district reapportioned by the 1984 Extra Session, be credited by the county board of elections toward such new filing.

Sec. 7. The State Board of Elections shall prepare and distribute to the county boards of elections a Revised Primary Election Timetable - 1984, setting out the applicable filing period for candidates along with all other pertinent dates relative to the primary election timetable for primary elections rescheduled by this act.
Sec. 8. The State Board of Elections is hereby authorized, consistent with provisions in G.S. 163-188, to set the dates on which it shall conduct the canvass and issue its certification of the results of the 1984 primary elections rescheduled by this act.

Sec. 9. For the 1984 primary election only, G.S. 163-112 shall be applied by substituting “10 days” for “30 days” wherever it appears, insofar as the offices of North Carolina Senate or North Carolina House of Representatives for districts reapportioned by the 1984 Extra Session of the General Assembly are concerned.

Sec. 10. The State Board of Elections shall adopt regulations to implement this act. Adoption of such regulations is not subject to Chapter 150A of the General Statutes except as to filing, publication, and judicial review of the rules. In lieu of the notice requirements of G.S. 163-33(8), the State Board of Elections shall prescribe an abbreviated notice procedure of the primary. The State Board of Elections may modify the filing dates set by Section 2 of this act if necessary to meet objections of the court or United States Department of Justice, and may likewise modify the deadline for filing a petition in lieu of fee under G.S. 163-107.1.

Sec. 11. Absentee voting shall be allowed for any primaries scheduled by this act, but the State Board of Elections is authorized to modify the beginning period for absentee voting to allow for the abbreviated election timetable and to coordinate absentee voting for the 1984 second primary for other offices on June 5 with absentee voting for legislative primaries on June 5.

Sec. 12. Whenever in any apportionment plan for the North Carolina Senate or North Carolina House of Representatives, a precinct is placed in two or more districts, and there is a primary, then the county board of elections, with the approval of the State Board of Elections may, for the 1984 primary election:

1. Divide the precinct into two or more precincts.
2. Change precinct lines to place part or parts of the precinct with a precinct which has the same election district.
3. Keep the same precinct but ascertain either in advance or on the date of the primary which district the voter resides in, and if a primary is being held in that district, give the voter the ballots for the appropriate district. This may be accomplished by a paper ballot for the office even if a machine is used for other offices or other voters.
4. Provide some other procedure to ensure that each voter does not cast ballots in more than one district.

In adopting a procedure under this section, the Board shall attempt to use the method which is least disruptive to the voter, and any action to change precinct lines shall be taken in accordance with G.S. 163-28 except that notice shall be given not less than 20 days prior to the primary election instead of 20 days prior to the close of registration.

Sec. 13. In any county where General Assembly districts were reapportioned by the 1984 Extra Session of the General Assembly and where in accordance with the provisions of any local or general law a primary or election for a board of education or other office is to be held at the same time as the primary for members of the General Assembly, it shall in 1984 instead be held on the same date as the primary for Governor.
CHAPTER 2  Session Laws—1984

Sec. 14. The Legislative Services Officer shall mail a copy of this act to the County Board of Elections in each county affected by this act.

Sec. 15. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 8th day of March, 1984.

Subdivision (1) of G.S. 163-72.3(a) is amended by adding the following: “If the precinct at which the voter is registered is not open for that election, the voter shall go instead to the county board of elections office or to another location designated by the board, at which place a board employee or election official designated by the board shall issue the certificate of removal and perform the other duties specified below for the precinct officials.”

Sec. 2. Subdivision (7) of G.S. 163-72.3(a) is rewritten to read: “(7) Envelopes containing ballots voted under this section shall be retained to be opened and the ballots counted after the polls close on election day. Ballots voted at the board office shall be counted by board members or assistants appointed by the board. Ballots voted at other locations shall be counted by the precinct transfer assistants assigned to those locations, aided by precinct officials or ballot counters for those locations. At each location all envelopes shall be opened and all ballots deposited in the appropriate boxes before any ballots are counted, and the results of the counting shall be entered on duplicate transfer report forms signed by the officials responsible for the counting.

If the county board of elections designates a precinct voting place as a location for voting under this section, and only voters who now reside in that precinct are permitted to vote transfer ballots there, the board may direct the precinct officials to place the transfer ballots in the appropriate precinct ballot boxes immediately after the polls close and to count and report the results of the transfer ballots together with all other ballots voted in the precinct.”

Sec. 3. This act is effective upon ratification.

(a) “Annexation” means any extension of a municipality’s corporate limits as authorized by Article 4A of Chapter 160A of the General Statutes, the charter of the municipality, or any local act applicable to the municipality, as such statutory authority exists now or is hereafter amended.

(b) “Agreement” means any written agreement authorized by this act.

(c) “Municipality” means any city as defined by G.S. 160A-1.

Sec. 4.

(a) The agreement shall:

(1) state the duration of the agreement.

(2) describe clearly the area or areas subject to the agreement. The boundaries of such area or areas may be established at such locations as the participating municipalities shall agree. (4) state the effective date of the agreement.

(5) require each participating municipality which proposes any annexation to give written notice to the other participating municipality or municipalities of the annexation at least 60 days before the adoption of any annexation ordinance.

Sec. 6. Nothing in this act shall be construed to authorize the annexation of any area which is not otherwise subject to annexation under applicable law.

Sec. 7.

(a) Each provision of the agreement shall be binding upon the parties thereto. A participating municipality which believes that another participating municipality is violating this act or the agreement may file a petition in the Superior Court of Mecklenburg County seeking review of the action of the municipality alleged to have violated this act or the agreement.

(b) Within five days after the petition is filed with the court, the petitioning municipality shall serve copies of the petition by certified mail, return receipt requested, upon the respondent municipality.

(1) that the provisions of this act were not met; or

(2) that the provisions of the agreement were not met.

(e) Upon a finding that the respondent municipality has not violated this act or the agreement, the court may affirm the action of the respondent municipality without change. Upon a finding that the respondent municipality has violated this act or the agreement, the court may:

(1) remand to the respondent municipality's governing board any ordinance adopted pursuant to Parts 2 or 3, Article 4A of Chapter 160A of the General Statutes, as the same exists now or is hereafter amended, for amendment of the boundaries, or for such other action as is necessary, to conform to the provisions of this act and the agreement.

(2) declare any annexation begun pursuant to any other applicable law to be null and void.

If the respondent municipality shall fail to take action in accordance with the court's instructions upon remand under subdivision (e)(1) of this section within three months from receipt of such instructions, the annexation proceeding shall be deemed null and void.

(f) Any participating municipality which is a party to the review proceedings may appeal from the final judgment of the Superior Court under rules of procedure applicable in other civil cases. The appealing party may apply to Superior Court for a stay in its final determination, or a stay of the annexation ordinance, whichever shall be appropriate, pending the outcome of the appeal to the appellate division; provided, that the Superior Court may, with the agreement of the parties, permit annexation to be effective with respect to any part of the area concerning which no appeal is being made and
which can be incorporated into the respondent municipality without regard to any part of the area concerning which an appeal is being made.

(g) If part or all of the area annexed under the terms of a challenged annexation ordinance is the subject of an appeal to the Superior Court or appellate division on the effective date of the ordinance, then the ordinance shall be deemed amended to make the effective date with respect to such area the date of the final judgment of the Superior Court or appellate division, whichever is appropriate, or the date the respondent municipality’s governing board completes action to make the ordinance conform to the court’s instructions in the event of remand.

The credit may only be claimed by the first purchaser of the equipment and may not be claimed by a person who purchases the equipment for resale or for use outside this State. This credit may not exceed the amount of tax imposed by this Division for the taxable year reduced by the sum of all credits allowable under this Division, except tax payments made by or on behalf of the taxpayer. If the credit allowed by this section exceeds the tax imposed under this Division, the excess may be carried forward and applied to the tax imposed under this Division for the succeeding five years. The basis in any
equipment for which a credit is allowed under this section shall be reduced by the amount of the credit allowable.

PART III.—SPECIAL PROVISIONS

Sec. 4. (a) The State Board of Education shall develop a career growth program for teachers designed to give teachers increasing responsibility, recognition and pay as they gain experience and professional ability. The program shall provide a series of salary classifications based on an individual's initiative and desire to increase his professional abilities and his success in doing so. The program shall provide for annual methods of examination of teachers with peer participation in the review, opportunities to correct deficiencies, and dismissal of teachers who after ample opportunities cannot or will not perform. Peers participating in the review shall not live in the same local school administrative unit as the teacher reviewed. The State Board shall devise methods and instruments of evaluation that will determine what levels of performance, effort and ability and what accomplishments warrant different
CHAPTER 971  Session Laws—1984

salary classifications and at what point failure to rehire a nontenured teacher or dismissal or demotion of a tenured teacher is appropriate.

The State Board of Education shall also develop a career growth program for principals and other certified school administrators designed to give principals and other school administrators clear opportunities for advancement, recognition and increased pay if they demonstrate high effectiveness as instructional leaders and school managers. The program shall provide a series of salary classifications based on an individual's initiative and desire to increase his professional abilities and his success in doing so. The program shall provide for annual examinations by other administrators and the people he supervises, opportunities to correct deficiencies, and dismissal or reassignment of employees who after ample opportunity cannot or will not perform. The State Board shall devise methods and instruments of evaluation that will determine what levels of performance, effort and ability and what accomplishments warrant different salary classifications and at what point dismissal or reassignment of a principal or other administrator is appropriate.

(b) The State Board of Education shall submit to the Education Policy Council, on or before November 1, 1984, a preliminary report on the career growth pilot programs it has developed pursuant to subsection (a) of this section. No later than five days after the convening date of the 1985 General Assembly, the State Board shall submit a report for the approval of the General Assembly on the career growth pilot programs it has developed pursuant to subsection (a) of this section to the President of the Senate, the Speaker of the House, the President Pro Tempore of the Senate, the Speaker Pro Tempore of the House, the Majority Leader of the Senate and the Chairmen of the Base and Expansion Appropriations Committees of the Senate and the House.

(c) The General Assembly finds that it is essential to attract and retain the best people in teaching and in school administration. A system that is perceived to offer low wages, lifetime contracts, little real evaluation and no extra pay for outstanding performance cannot do that; therefore, the General Assembly directs the State Board of Education to implement the programs it develops, as approved by the General Assembly, pursuant to subsection (a) of this section by July 1, 1986. Any statutes that would prevent the State Board from doing so are repealed to the extent they conflict with this section. It is the intent of the General Assembly to make all future salary increments to teachers and principals and other certified school administrators an integral part of the career growth programs; therefore, no funds for annual increments, cost-of-living increases, or other salary increments for teachers shall be appropriated for certificated personnel of the public schools until these pilot career development programs are implemented.

Sec. 5. The provisions of the Executive Budget Act, Chapter 143, Article 1, of the General Statutes, are reenacted and shall remain in full force and effect and are incorporated in this act by reference.

Sec. 6. Except where expressly repealed or amended by this act, the provisions of Chapters 757 and 761 of the 1983 Session Laws as amended remain in effect.

Sec. 7. Notwithstanding any modifications by this act in the amounts appropriated, except where expressly repealed or amended, the limitations and directions for the 1983-85 fiscal biennium or for the 1984-85 fiscal year in Chapters 757 and 761 of 1983 Session Laws as amended that applied to
appropriations to particular agencies or for particular purposes apply to the newly enacted appropriations of this act for those same particular purposes.

Sec. 8. Except as otherwise provided by this act, this act shall become effective July 1, 1984.

In the General Assembly read three times and ratified, this the 25th day of June, 1984.

H. B. 385   CHAPTER 972
AN ACT AUTHORIZING A COURT TO ORDER PROCUREMENT OF A PROPER LICENSE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 15A-1343(d) is amended by adding two new sentences between the first and second sentences to read:

"When a person has been convicted of hunting, trapping, or fishing without the proper license or licenses, the judge may order the purchase of the proper license or licenses in lieu of a fine. The proper license or licenses consist, at the minimum, of the least expensive annual statewide license, or combination of such licenses, listed in G.S. 113-270.2, 113-270.3, 113-270.5, 113-271, 113-272 and 113-272.2 that are required to engage lawfully in the specific activity or activities in which the defendant was engaged and constituting the basis of the offense of which he was convicted."

Sec. 2. Further amend G.S. 15A-1343(d) by adding before the period the following additional language to the sixth sentence: “and the purchase of the proper license or licenses in lieu of a fine”.

Sec. 3. This act is effective October 1, 1983.

In the General Assembly read three times and ratified, this the 26th day of June, 1984.

S. B. 734   CHAPTER 973
AN ACT TO CREATE THE NORTH CAROLINA HAZARDOUS WASTE TREATMENT COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. Article 10 of Chapter 143B of the General Statutes is amended by adding a new Part 12 to read:

"PART 12.

"North Carolina Hazardous Waste Treatment Commission.

“§143B-470. Declaration of findings.—The General Assembly of North Carolina hereby finds and declares that the safe management of hazardous waste, and particularly the timely establishment of adequate facilities for the disposal and management of hazardous waste, is one of the most urgent problems facing North Carolina. The safe management and disposal of hazardous wastes are essential to continued economic growth and for protection of the public health and safety and the environment. Consequently, cooperation and coordination among the private sector, the general public and State and local agencies to assure the prevention of unnecessary waste and the establishment of a comprehensive and integrated system of adequate treatment and disposal facilities are essential.
CHAPTER 973  Session Laws—1984

The General Assembly of North Carolina finds and declares that prevention, recycling, detoxification and reduction of hazardous wastes should be encouraged and promoted. These are alternatives which ultimately remove such wastes' hazards to human health and the environment. When these alternatives are not technologically or economically feasible, long-term retrievable storage is preferable to other means of disposal until appropriate methods for recycling or detoxification of the stored wastes are found. Hazardous waste shall be treated prior to disposal or long-term storage in North Carolina. Long-term storage or disposal shall be used for the storage or disposal of the residual or ashes of hazardous waste which has been treated so that the toxicity is low enough to present no significant health or safety hazard in the event of leakage from the facility. Hazardous waste that cannot be reduced, stabilized or destroyed to the extent which renders it sufficiently low in toxicity as to present no significant health or safety hazard shall be stored in long-term retrievable storage until such methods are found. Hazardous waste in long-term retrievable storage shall be detoxified as soon as the Commission for Health Services determines, based upon a preponderance of the evidence, that the technology is available at a reasonable cost. Hazardous waste landfill facilities and polychlorinated biphenyl landfill facilities shall be detoxified as soon as economically feasible technology is available and sufficient money is available without additional appropriation. The General Assembly further finds that hazardous wastes shall be treated and disposed of in the most cost-effective manner while protecting public health and safety and the environment.

"§ 143B-470.1. Declaration of purposes.—It is the purpose of this Part to provide for the siting, construction and operation of comprehensive hazardous waste management facilities to the end that hazardous waste may be treated or disposed of in the most cost-effective manner, while protecting public health and safety and the environment. It is also the purpose of the General Assembly to create a Commission to site, finance, build, lease or operate, or oversee a hazardous waste treatment facility if private enterprise fails to do so within a specified time. It is also the purpose of the General Assembly through powers granted to the Governor's Waste Management Board to place limitations upon the exercise by all units of local government in North Carolina of the power to regulate the management of hazardous waste by means of special local or private acts or resolutions, ordinances, property restrictions, zoning laws, rules and regulations, fire laws, rules and regulations, civil defense laws, rules and regulations, public health laws, rules and regulations, building codes, and otherwise.

"§ 143B-470.2. Definitions.—Unless the context otherwise requires, the following definitions shall apply to this Part:

(2) 'Hazardous waste' means a solid waste, or combination of solid wastes, as solid waste is defined in G.S. 130A-290(18), which because of its quantity, concentration or physical, chemical or infectious characteristics may:

a. Cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness; or
b. Pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, disposed of or otherwise managed.

(3) 'Hazardous waste treatment facility' means a facility which is established, constructed, financed, sited and operated in accordance with this Part for the recovery, recycling, treatment, storage during collection and prior to treatment, short term storage after treatment, collection, processing, volume reduction, source separation, or transportation used exclusively in connection with the facility, of hazardous waste; and which facility includes several of the following equipments and processes: incinerators, rotary kilns, drum handling, washing and crushing facilities, raw waste tank storage, reduction, neutralization, detoxification, wastewater treatment facilities including settling systems, aerobic digesters, anaerobic digesters, clarifiers, neutralization facilities, solidifying facilities, evaporators, reactions to facilitate 'reuse' or recycling, analytical capabilities, and other similar appropriate technologies, activities and processes as may now exist or be developed in the future.

(4) 'Hazardous waste generation' means the act or process of producing hazardous waste.

(5) 'Hazardous waste long-term storage facility' means any facility or any portion of a facility constructed pursuant to the rules adopted under this Part for storage of the residuals of the treatment of hazardous waste, on or in land.

(6) 'Hazardous waste management' means the systematic control of the collection, source separation, storage, transportation, processing, treatment, recovery and disposal of hazardous wastes.

(7) 'Long-term retrievable storage' means storage in closed containers in facilities (either above or below ground) with (i) adequate lights, (ii) impervious cement floors, (iii) strong visible shelves or platforms, (iv) passageways to allow inspection at any time, (v) adequate ventilation if underground or in closed buildings, (vi) protection from the weather, (vii) accessible to monitoring with signs on both individual containers and sections of storage facilities, and (viii) adequate safety and security precautions for facility personnel, inspectors and invited or permitted members of the community.

(8) 'Manifest' means the form used for identifying the quantity, composition, origin, routing and destination of hazardous waste during its transportation from the point of generation to the point of disposal, treatment or storage.

(9) 'Notice' shall include any written notice made in accordance with the provisions of G.S. 1A-1, Rule 4 of the North Carolina Rules of Civil Procedure, or any notice provision under this Article or the federal act.

(10) 'Operated' includes any phase of the planning, application, siting, financing, construction, operating and maintaining of the hazardous waste treatment facility.

(11) 'Person' means an individual, corporation, company, association, partnership, unit of local government, State agency, federal agency, or other legal entity.

(12) 'Recycling' means the process by which recovered resources are transformed into new products so that the original products lose their identity.

(13) 'Reuse' means a process by which resources are reused or rendered usable.

(14) 'Surface impoundment' or 'impoundment' means a facility or part of a facility which is a natural topographic depression, man-made excavation, or
diked area formed primarily of earthen materials (although it may be lined with man-made materials), which is designed to hold an accumulation of hazardous waste(s) containing free liquids, and which is not an injection well. Examples of surface impoundments are holding, storage, settling, and aeration pits, ponds and lagoons.

(15) ‘Treatment’ means any method, technique or process, including neutralization, designed to change the physical, chemical or biological character, form or composition of any solid waste so as to neutralize the waste or to render the waste nonhazardous or less hazardous, safer for transport, amenable for recovery, amenable for storage or reduced in volume. The term includes any activity or processing designed to change the physical form or chemical composition of solid waste to render it nonhazardous.

(16) ‘Treatment Commission’ means the North Carolina Hazardous Waste Treatment Commission created by this Part.

(17) ‘Unit of local government’ means a county, city, town or incorporated village.

"§ 143B-470.3. Creation of Commission.—Membership, appointment, terms and vacancies, officers, meetings and quorum, compensation.

The North Carolina Hazardous Waste Treatment Commission is created. It shall be governed by a board composed of nine members herein referred to as the Treatment Commission. Members of the General Assembly shall be ineligible for appointment to membership on the Treatment Commission. The Governor shall appoint three members of the Treatment Commission, and the General Assembly shall appoint six members of the Treatment Commission.

The initial appointments by the Governor shall be made on or after January 31, 1985, one term to expire January 31, 1989, and two terms to expire January 31, 1987. Thereafter, at the expiration of each stipulated term of office all appointments made by the Governor shall be for a term of four years. The members of the Treatment Commission appointed by the Governor shall be selected from the State at large and insofar as practicable shall represent each geographic section of the State and the industrial and environmental interests of the State. Any vacancy occurring in the membership of the Treatment Commission appointed by the Governor shall be filled by the Governor for the unexpired term. The Governor shall have the authority to remove any member appointed by the Governor.

The General Assembly shall appoint three persons to serve terms expiring January 31, 1987. The General Assembly shall appoint three persons to serve terms expiring January 31, 1989. Successors shall serve for four-year terms. Of the three persons whose terms are to expire in 1987, two shall be appointed upon the recommendation of the President of the Senate and one shall be appointed upon the recommendation of the Speaker. Of the three persons whose terms are to expire in 1989, two shall be appointed upon the recommendation of the Speaker and one shall be appointed upon the recommendation of the President of the Senate. Appointments by the General Assembly shall be made in accordance with G.S. 120-121, and vacancies in those appointments shall be filled in accordance with G.S. 120-122. The members of the Treatment Commission appointed by the General Assembly shall be selected from the State at large and insofar as practicable shall represent each geographic section of the State and the industrial and environmental interests of the State. The General Assembly shall have the authority to remove any
member appointed by the General Assembly. No member shall serve more than two consecutive four-year terms.

The Governor shall appoint from the members of the Treatment Commission the Chairman and Vice-Chairman of the Treatment Commission. The Secretary of Commerce or his designee shall serve as secretary of the Treatment Commission. The members of the Treatment Commission shall appoint a treasurer of the Treatment Commission. The Department of Commerce shall use funds already appropriated to the Department to implement this Part.

Should any one of the appointing authorities fail to make appointments by March 1, 1985, or in the event that the Chairman and Vice-Chairman of the Commission are not appointed by that date, the Treatment Commission shall proceed to elect officers and begin operation.

The Treatment Commission shall meet once in each 60 days at such regular meeting time as the Treatment Commission by rule may provide and at any place within the State as the Treatment Commission may provide, and shall also meet upon the call of its chairman or a majority of its members. A majority of its members shall constitute a quorum for the transaction of business. The members of the Treatment Commission shall not be entitled to compensation for their services, but they shall receive per diem and necessary travel and subsistence expense in accordance with G.S. 138-5.

"§ 143B-470.4. Powers and duties of the Treatment Commission.—(a) To carry out the purposes of this Part, the Treatment Commission:

(1) May exercise the powers of a body corporate, including the power to sue and be sued, to make contracts, and to adopt and use a common seal and to alter the same as may be deemed expedient;
(2) May make all necessary contracts and arrangements with other authorities of this and other states for any other purposes of the Treatment Commission;
(3) May rent, lease, buy, own, acquire, mortgage, or otherwise encumber, and dispose of real or personal property;
(4) Shall establish an office for the transaction of its business at such place or places as, in the opinion of the Treatment Commission, shall be advisable or necessary in carrying out the purposes of this Part;
(5) May create and operate any divisions it deems necessary or useful;
(6) May pay all costs of the formation and organization of the Treatment Commission, and incident to its administration and operation, and may pay all other costs necessary in carrying out and accomplishing the purposes of this Part;
(7) May apply for, accept and expend loans and grants of money from any federal agency or the State or any political subdivision thereof or from any public or private sources available for any of the purposes authorized in this Part, and to give any evidences of indebtedness as may be required. No indebtedness of any kind incurred or created by the Treatment Commission shall constitute an indebtedness of the State or any of its political subdivisions, and no such indebtedness shall involve or be secured by the faith, credit or taxing power of the State or any of its political subdivision. At no time may the total outstanding indebtedness of the Treatment Commission, excluding bond indebtedness, exceed a total of five hundred thousand dollars ($500,000)
without approval of the Governor, after receiving the advice of the Advisory Budget Commission;

(8) May appoint an Executive Director, who shall report to the Treatment Commission and serve at the pleasure of the Treatment Commission. The Executive Director with the approval of the Treatment Commission shall appoint such management personnel as he deems necessary to serve at his pleasure. They shall report to the Executive Director. The salaries of these personnel shall be fixed by the Governor with the approval of the Advisory Budget Commission. The Executive Director or his designee shall appoint, employ, dismiss and, within the limits of available funding, fix the compensation of such other employees as he deems necessary to carry out the purposes of this Part. There shall be an executive committee consisting of the chairman of the Treatment Commission and two other members elected annually by the Treatment Commission. The executive committee shall be vested with the authority to do all acts which are authorized by the bylaws of the Treatment Commission. Members of the executive committee shall serve until their successors are elected;

(9) May act as agent for the United States of America, or any of its agencies, departments, corporations, or instrumentalities, in any matter coming within the purposes or powers of the Treatment Commission;

(10) May, pursuant to Article 2 of Chapter 150A of the General Statutes, adopt, alter or repeal its own bylaws, rules and regulations governing the manner in which its business may be transacted and in which the power granted to it may be enjoyed, and may provide for the appointment of any committees, and the functions thereof;

(11) May do anything necessary to accomplish the purposes of this Part.

The property of the Treatment Commission shall not be subject to any taxes or assessments.

(b) If no permit to operate a hazardous waste treatment facility has been issued to a private operator by June 1, 1985, the Treatment Commission shall actively seek communities interested in hosting hazardous waste treatment facilities and private operators of hazardous waste treatment facilities and shall present appropriate sites, as prescribed in G.S. 130A-294(g), to those operators. If no permit to operate a hazardous waste treatment facility has been issued to a private operator by January 1, 1986, the Treatment Commission shall, on the basis of the criteria and procedures outlined in G.S. 130A-294(g), select appropriate site(s) and begin proceedings to purchase or if necessary condemn property for such site(s) under the State’s power of eminent domain. Condemnation shall be upon the same terms and procedures as set forth in Article 9 of Chapter 136 of the General Statutes of North Carolina, except that the Treatment Commission shall have the same rights, duties, and responsibilities as set forth for the North Carolina Department of Transportation. The purposes for which the power of eminent domain is used in this section are to enable a hazardous waste treatment facility to be built which will manage hazardous waste generated by the public or by private industry in making goods for the benefit of the public, and are, therefore, public purposes for these and related purposes. The Treatment Commission shall then actively seek private operators of hazardous waste treatment facilities and shall contract with at least one operator to purchase the site and construct a hazardous waste
treatment facility. If no permit to operate a hazardous waste treatment facility has been issued by June 1, 1986, the Treatment Commission shall submit to the General Assembly plans for construction of a facility on one of the sites and shall proceed to begin construction of a facility within one year and shall seek a private operator to operate the facility. If no private operator can be found, the Treatment Commission shall operate the facility.

(c) The Treatment Commission shall submit to the General Assembly by May 1, 1985, a comprehensive plan for the treatment of hazardous waste in North Carolina, including a plan to provide for a statewide hazardous waste collection system. The Governor’s Waste Management Board, the Solid and Hazardous Waste Branch of the Division of Health Services of the Department of Human Resources, and other State agencies and departments shall cooperate with the Treatment Commission in preparation of the plan. If the Treatment Commission, in its report to the General Assembly, indicates that the needs of the State for treatment of hazardous waste are being met, the Treatment Commission shall cease to exist as of October 1, 1985. If not, the Treatment Commission shall report periodically to the General Assembly or, if the General Assembly is not in session, to the Joint Legislative Commission on Governmental Operations, on progress toward meeting the State’s needs.

§ 143B-470.5. Issuance of bonds and notes.—(a) As a means of raising the funds needed from time to time for the acquisition, construction, equipment, maintenance or operation of any facility, building, structure or any other matter or thing which the Treatment Commission is authorized to acquire, construct, equip, maintain, or operate, all or any of them, including authorized special user projects, the Treatment Commission may borrow money and in evidence thereof may issue bonds, notes and other obligations of the Treatment Commission as provided in the Local Government Revenue Bond Act, Article 5 of Chapter 159 of the General Statutes. Bonds, notes and other obligations may also be issued to (i) establish any reserves the Treatment Commission may determine to be desirable including, without limitation, a debt service reserve fund, and (ii) provide for interest during the estimated period of construction and for a reasonable period thereafter and (iii) provide for working capital.

(b) Any obligations issued by the Treatment Commission under the provisions of this Part, their transfer and the income therefrom (including any profit made on the sale of them), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, except inheritance or gift taxes."

Sec. 2. G.S. 130A-290 is amended by adding six additional definitions to read:

"(1a) ‘Comprehensive hazardous waste treatment facility’ means a facility designated as such by the Governor’s Waste Management Board, meeting the following criteria:

a. It is a commercial facility that accepts hazardous waste from the general public for treatment;

b. It has the capacity and capability to treat and dispose of hazardous waste on at least an intrastate regional basis; and

c. Its location will substantially facilitate treatment of hazardous waste for the State of North Carolina."
(7a) 'Hazardous waste long-term storage facility' means a facility as defined in G.S. 143B-470.2(5).

(7b) 'Hazardous waste treatment facility' means a facility as defined in G.S. 143B-470.2(3).

(8a) 'Landfill' means a disposal facility or part of a disposal facility where waste is placed in or on land and which is not a land treatment facility, a surface impoundment, an injection well, a hazardous waste long-term storage facility or a surface storage facility.

(8b) 'Long-term retrievable storage' means storage in closed containers in facilities (either above or below ground) with (i) adequate lights, (ii) impervious cement floors, (iii) strong visible shelves or platforms, (iv) passageways to allow inspection at any time, (v) adequate ventilation if underground or in closed buildings, (vi) protection from the weather, (vii) accessible to monitoring with signs on both individual containers and sections of storage facilities, and (viii) adequate safety and security precautions for facility personnel, inspectors and invited or permitted members of the community.

(12a) 'Reuse' means a process by which resources are reused or rendered usable."

Sec. 3. The first sentence of G.S. 130A-293(a) is amended by deleting the words "and the Governor have" and substituting the word "has".

Sec. 4. G.S. 130A-293(b) is rewritten to read:

"(b) When a hazardous waste facility would be prevented from construction or operation by a county, municipal or other local ordinance(s), the developer or operator of the facility or the Hazardous Waste Treatment Commission may petition the Governor’s Waste Management Board to review the matter. After receipt of a petition, the Board shall hold a hearing in accordance with the procedures in subsection (c) of this section and shall either approve or disapprove the establishment and operation of the facility. If the Board makes the four findings set forth below, the Board shall approve the establishment of the facility. If the Board does not make all of the four findings set forth below, the Board shall disapprove the establishment or operation of the facility. The decision of the Board shall be final unless a party to the action shall, pursuant to G.S. 7A-29, file a written appeal within 30 days of the date of the decision. The record on appeal shall include all materials and information submitted to or considered by the Board in accordance with subsection (c) of this section. The scope of judicial review shall be limited to questions of abuse of discretion. Before approving the facility, the Board must make the following findings:

1. That the proposed facility is needed in order to establish adequate capability for the management of hazardous waste generated in this State and serves the interest of the citizens of the State as a whole;

2. That all legally required State and federal permits or approvals have been issued by the appropriate State and federal agencies or that all State and federal permit requirements have been satisfied and that the permits or approvals have been denied or withheld only because of the local ordinance(s);

3. That local citizens and elected officials have had adequate opportunity to participate in the siting process; and

4. That the construction and operation of the facility will not pose an unreasonable health or environmental risk to the surrounding locality and that the facility developer or operator has taken or consented to
take any reasonable measures to avoid or manage foreseeable risks and to comply to the maximum feasible extent with applicable ordinance(s).

The record for appeal shall include the Board's written decision, a complete transcript of the hearing, all written material presented to the Board regarding the site location and the specific findings required in this subsection and any minority positions on the recommendation and the specific findings required in this subsection. The Board's decision shall be in writing and shall identify the material submitted to the Board plus any additional materials used in arriving at the decision."

Sec. 5. G.S. 130A-293(c) is amended by rewriting the seventh sentence to read: "No later than 60 days after the hearing, the Board shall approve or disapprove the facility." and by deleting the remainder of the subsection.

Sec. 6. G.S. 130A-294(f) is amended by adding the following new paragraphs at the end of the subsection to read:

"Within 180 days after receiving a complete application for a permit or for an amendment to an existing permit for a comprehensive hazardous waste treatment facility, the Department shall approve or disapprove the application. In acting upon the application, the Department shall consider land use, zoning, buffer zones, utility availability, proximity to sources of waste, civil defense, fire safety, transportation and access, existing road network, general considerations of the public's health and safety, and any other objective factors reasonably related and relevant to the proper siting and operation of the comprehensive hazardous waste treatment facility. The Department may impose action responding to these factors as a condition in the permit. If the Department disapproves the application, the disapproval shall set forth specifically the reasons for the denial and the applicant shall have the right to appeal the disapproval."

Sec. 7. G.S. 130A-294 is amended by adding the following additional subsections:

"(g) The Commission shall develop and adopt criteria and standards to be considered in location and permitting of a hazardous waste facility by January 31, 1985. The standards and criteria shall be developed through public participation, shall be enforced by the Department and shall include, in addition to all applicable State and federal rules and regulations, consideration of:

(1) Acceptability within the community where the facility is to be located or steps which should be taken if community acceptance is not forthcoming;

(2) Hydrological and geological factors such as flood plains, depth to water table, groundwater travel time, proximity to public water supply watersheds, soil pH, soil cation exchange capacity, soil composition and permeability, cavernous bedrock, seismic activity, slope, mines and climate;

(3) Natural resources such as wetlands, endangered species habitats, proximity to parks, forests, wilderness areas and historical sites, and air quality;

(4) Local land use whether residential, industrial, commercial, recreational, agricultural, and proximity to incompatible structures such as schools and airports;
(5) Transportation factors, such as proximity to waste generators and to population, route safety and method of transportation; and

(6) Aesthetic factors such as the visibility, appearance and noise level of the facility.

(h) Rules adopted by the Commission shall be subject to the following requirements:

(1) No hazardous waste landfill shall be established until at least one comprehensive hazardous waste treatment facility is fully operational in North Carolina.

(2) Hazardous waste shall be treated prior to disposal in North Carolina. Long-term storage or disposal shall be used for the storage or disposal of the residual or ashes of hazardous waste which has been treated so the toxicity is low enough to present no significant health or safety hazard in the event of leakage from the facility. Hazardous waste that cannot be reduced, stabilized or destroyed to the extent which renders it sufficiently low in toxicity as to present no significant health or safety hazard in the event of leakage shall be stored in long-term retrievable storage until such methods are found. Hazardous waste in long-term retrievable storage shall be detoxified as soon as the Commission for Health Services determines based upon a preponderance of the evidence that the technology is available at a reasonable cost. The Commission shall determine the extent of waste treatment required before hazardous waste can be disposed of in a hazardous waste landfill facility.

(3) Any hazardous waste landfill facility hereafter constructed in this State shall meet, at the minimum, the standards of construction imposed by federal regulations adopted under the Federal Act at the time the permit is issued.

(4) No hazardous waste landfill facility or polychlorinated biphenyl landfill facility shall be located within 25 miles of any other hazardous waste landfill facility or polychlorinated biphenyl landfill facility.

(5) No hazardous waste landfill facility or polychlorinated biphenyl landfill facility shall be permitted within 25 miles of a comprehensive hazardous waste treatment facility as defined in G.S. 130A-290(1a).

(6) The following will not be disposed of in a hazardous waste landfill or long-term retrievable storage: ignitables as defined in the Federal Act, polyhalogenated biphenyls of 50 ppm or greater concentration and free liquids whether or not containerized.

(7) The underground storage of either a hazardous waste landfill or long-term storage facility shall have at a minimum the following: a leachate collection and removal system above an artificial impervious liner of at least 30 mils in thickness, a minimum of five feet of clay or clay-like liner with a maximum permeability of $1.0 \times 10^{-7}$ centimeters per second (cm/sec) below said artificial liner, and a leachate detection system immediately below the clay or clay-like liner.

(8) Hazardous waste shall not be stored at a hazardous waste treatment facility for over 90 days prior to treatment or disposal.

(9) The Commission shall consider any hazardous waste treatment process proposed to it, if the process lessens treatment cost or improves treatment over then current methods or standards required by the Commission.
(i) The Department shall submit to the General Assembly by February 1, 1985, plans:

(1) to monitor and regulate all generators of more than 100 kilograms per month of hazardous waste; and

(2) to locate, catalogue and monitor all existing hazardous waste impoundments and surface impoundments, including inactive hazardous waste disposal sites and ‘orphan dumps’, including those owned or operated by units of State and local government, and shall submit to the General Assembly by February 1, 1985, a plan to bring all of these under legal requirements in effect on February 1, 1985, including a timetable for compliance. This plan shall include recordation of each of these sites in the office of the Register of Deeds in the county where it is located.”

As used herein, income means gross operating revenues less refunds, rebates and allowances. This fund shall be available to the city or county in which the comprehensive hazardous waste treatment facility is located for the purpose of defraying the cost of any cleanup which might be required at the comprehensive hazardous waste treatment facility. The city or county may, in its discretion, use up to fifty thousand dollars ($50,000) of this total to establish an Emergency Response Team, trained and equipped to handle hazardous waste spills and to respond to accidents at hazardous waste treatment facilities. Financial records shall be subject to the audit of the local government for two years after any fee is paid. Any errors in the payment shall be corrected by credit or debit in the next payment or payments by the operator of the hazardous waste facility. If the North Carolina Hazardous Waste Treatment Commission owns and operates the facility, the North Carolina Hazardous Waste Treatment Commission, consistent with the resources available, shall compensate the local government for expenses incurred due to location of the facility. This compensation shall not exceed the amount of ad valorem tax revenues the local government would have received if the facility were privately owned. Nothing herein shall be construed to limit in any way funds which might be available to local government from other sources.

(c) Although no one is required to use a comprehensive hazardous waste treatment facility, use by North Carolina industry shall be encouraged. Nothing in this act shall be construed to prevent any hazardous waste or other waste generated or located in North Carolina from being removed from the State for disposal, treatment or storage.”

Section 1. Levy of Tax. (a) The Board of Commissioners of Craven County may by resolution, after not less than 10 days’ public notice and after a public hearing held pursuant thereto, levy a room occupancy and tourism development tax.

(b) Collection of the tax, and liability therefor, shall begin and continue only on and after the first day of a calendar month set by the board of county commissioners in the resolution levying the tax, which in no case may be earlier than the first day of the second succeeding calendar month after the date of adoption of the resolution.

Sec. 2. Rate of Tax. The room occupancy and tourism development tax that may be levied under this act shall be three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by any hotel, motel, inn, tourist camp, or other similar enterprise within the county now subject to the three percent (3%) sales tax imposed by the State under G.S. 105-164.4(3). This tax is in addition to any local sales tax.

Sec. 3. Exemptions. The tax authorized by this act does not apply to gross receipts derived by the following entities from accommodations furnished by them:

(1) religious organizations;
(2) a business that offers to rent fewer than five units;
(3) educational organizations; and
(4) summer camps.

Sec. 4. Administration of Tax. (a) Any tax levied under this act is due and payable to the county in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by Craven County. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

(b) Any person, firm, corporation, or association failing or refusing to file the return required by this act shall pay a penalty of ten dollars ($10.00) for each day’s omission.

(c) In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due, in addition to the penalty prescribed in subsection (b), with an additional tax of five percent (5%) for each additional month or fraction thereof until the occupancy tax is paid.

(d) Any person who willfully attempts in any manner to evade the tax imposed by this act or to make a return or who willfully fails to pay the tax or
make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both.

The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of Craven County. The tax levied pursuant to this act shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. Sec. 6. Disposition of Taxes Collected. (a) Craven County shall remit the net proceeds of the occupancy tax to the Craven County Tourism Development Authority. Section 1. G.S. 116-15 is rewritten to read as follows:

“§ 116-15. Licensing of certain nonpublic post-secondary educational institutions.—The General Assembly of North Carolina in recognition of the importance of higher education and of the particular significance attached to the personal credentials accessible through higher education and in consonance with statutory law of this State making unlawful any unfair or deceptive acts or practices in the conduct of any trade or commerce,’ hereby declares it the policy of this State that all institutions conducting post-secondary degree activity in this State that are not subject to Chapter 115 or 115D of the General Statutes, nor some other section of Chapter 116 of the General Statutes shall be subject to licensure under this section except as the institution or a particular activity of the institution may be exempt from licensure by one or another provision of this section.

(a) Definitions. As used in this section the following terms are defined as set forth in this subsection:

A credential conferring on the recipient thereof the title of 'Associate', 'Bachelor', 'Master', or 'Doctor', or an equivalent title, signifying educational attainment based on (i) study, (ii) a substitute for study in the form of equivalent experience or achievement testing, or (iii) a combination of the foregoing; provided, that 'post-secondary degree' shall not include any honorary degree or other so-called 'unearned' degree.

(2) 'Institution'. Any sole proprietorship, group, partnership, venture, society, company, corporation, school, college, or university that engages in, purports to engage in, or intends to engage in any type of post-secondary degree activity.

Notwithstanding any other provision of this section, no institution shall be subject to licensure under this section with respect to post-secondary degree activity based upon a program of study, equivalent experience, or achievement testing the institutionally planned objective of which is the attainment of a degree in theology, divinity, or religious education or in any other program of study, equivalent experience, or achievement testing that is designed by the
institutions primarily for career preparation in a religious vocation. This exemption shall be extended to any institution with respect to each program of study, equivalent experience, and achievement test that the institution demonstrates to the satisfaction of the Board should be exempt under this subsection.

(e) Post-secondary degree activity within the military. To the extent that an institution undertakes post-secondary degree activity on the premises of military posts or reservations located in this State for military personnel stationed on active duty there, or their dependents, the institution shall be exempt from the licensure requirements of this section.

(f) Standards for licensure. To receive a license to conduct post-secondary degree activity in this State, an institution shall satisfy the Board that the institution has met the following standards:

1. That the institution is State-chartered. If chartered by a state or sovereignty other than North Carolina, the institution shall also obtain a Certificate of Authority to Transact Business or to Conduct Affairs in North Carolina issued by the Secretary of State of North Carolina;

2. That the institution has been conducting post-secondary degree activity in a state or sovereignty other than North Carolina during consecutive, regular-term, academic sessions, exclusive of summer sessions, for at least the two years immediately prior to submitting an application for licensure under this section, or has been conducting with enrolled students, for a like period in this State or some other state or sovereignty, post-secondary educational activity not related to a post-secondary degree; provided, that an institution may be temporarily relieved of this standard under the conditions set forth in subsection (i), below;

4. That the institution has adequate space, equipment, instructional materials, and personnel available to it to provide education of good quality;

5. That the education, experience, and other qualifications of directors, administrators, supervisors, and instructors are such as may reasonably insure that the students will receive, or will be reliably certified to have received, education consistent with the stated objectives of any course or program of study, equivalent experience, or achievement test offered by the institution;

6. That the institution provides students and other interested persons with a catalog or brochure containing information describing the substance, objectives, and duration of the study, equivalent experience, and achievement testing offered, a schedule of related tuition, fees, and all other necessary charges and expenses, cancellation and refund policies, and such other material facts concerning the institution and the program or course of study, equivalent experience, and achievement testing as are reasonably likely to affect the decision of the student to enroll therein, together with any other disclosures that may be specified.
by the Board; and that such information is provided to prospective students prior to enrollment;

(7) That upon satisfactory completion of study, equivalent experience, or achievement test, the student is given appropriate educational credentials by the institution, indicating that the relevant study, equivalent experience, or achievement testing has been satisfactorily completed by the student;

(8) That records are maintained by the institution adequate to reflect the application of relevant performance or grading standards to each enrolled student;

(9) That the institution is maintained and operated in compliance with all pertinent ordinances and laws, including rules and regulations adopted pursuant thereto, relative to the safety and health of all persons upon the premises of the institution;

(10) That the institution is financially sound and capable of fulfilling its commitments to students;

(11) That the institution, through itself or those with whom it may contract, does not engage in promotion, sales, collection, credit, or other practices of any type which are false, deceptive, misleading, or unfair;

(15) That no person or agency with whom the institution contracts has a record of unprofessional conduct or incompetence that would reasonably call into question the overall quality of the institution.

(g) Review of licensure. Any institution that acquires licensure under this section shall be subject to review by the Board to determine that the institution continues to meet the standard for licensure of subsection (f), above. Review of such licensure by the Board shall always occur if the institution is legally reconstituted, or if ownership of a preponderance of all the assets of the institution changes pursuant to a single transaction or agreement or a recognizable sequence of transactions or agreements, or if two years has elapsed since licensure of the institution was granted by the Board.

Notwithstanding the foregoing paragraph, if an institution has continued to be licensed under this section and continuously conducted post-secondary degree activity in this State under the same publicly registered name or series of publicly registered names since July 1, 1979, or for six consecutive years, whichever is the shorter period, and is accredited by an accrediting commission recognized by the Council on Post-Secondary Accreditation, such institution shall be subject to licensure review by the Board every six years to determine that the institution continues to meet the standard for licensure of subsection (f), above. However, should such an institution cease to maintain the specified accreditation, become legally reconstituted, have ownership of a preponderance of all its assets transferred pursuant to a single transaction or agreement or a
recognizable sequence of transactions or agreements to a person or organization not licensed under this section, or fail to meet the standard for licensure of subsection (f), above, then the institution shall be subject to licensure review by the Board every two years until a license to conduct post-secondary degree activity and the requisite accreditation have been restored for six consecutive years.

(h) Denial and revocation of licensure. Any institution seeking licensure under the provisions of this section that fails to meet the licensure requirements of this section shall be denied a license to conduct post-secondary degree activity in this State. Any institution holding a license to conduct post-secondary degree activity in this State that is found by the Board of Governors not to satisfy the licensure requirements of this section shall have its license to conduct post-secondary degree activity in this State revoked by the Board; provided, that the Board of Governors may continue in force the license of an institution deemed by the Board to be making substantial and expeditious progress toward remedying its licensure deficiencies.

(i) Regulatory authority in the Board. The Board shall have authority to establish such rules, regulations, and procedures as it may deem necessary or appropriate to effect the provisions of this section. Such rules, regulations, and procedures may include provision for the granting of an interim permit to conduct post-secondary degree activity in this State to an institution seeking licensure but lacking the two-year period of activity prescribed by subsection (f)(2), above.

(j) Enforcement authority in the Attorney General. The Board shall call to the attention of the Attorney General, for such action as he may deem appropriate, any institution failing to comply with the requirements of this section.

(k) Severability. The provisions of this section are severable, and, if any provision of this section is declared unconstitutional or invalid by the courts, such declaration shall not affect the validity of the section as a whole or any provision other than the provision so declared to be unconstitutional or invalid."

"ARTICLE 10.

"Hospice Licensure Act.

"§131E-200. Title; purpose.—This act shall be known as the 'Hospice Licensure Act'. The purpose of this act is to establish licensing requirements for hospices.

"§131E-201. Definitions.—As used in this Article, unless a different meaning or construction is clearly required by the context:

(1) 'Commission' means the North Carolina Medical Care Commission.

(2) 'Department' means the Department of Human Resources.

(3) 'Hospice' means any coordinated program of home care with provision for inpatient care for terminally ill patients and their families. This care is provided by a medically directed interdisciplinary team, directly or through an agreement under the direction of an identifiable hospice administration. A
hospice program of care provides palliative and supportive medical and other health services to meet the physical, psychological, social, spiritual, and special needs of patients and their families, which are experienced during the final stages of terminal illness and during dying and bereavement.

(4) 'Hospice patient' means a patient diagnosed as terminally ill by a physician licensed to practice medicine in North Carolina, who the physician anticipates to have a life expectancy of weeks or months, generally not to exceed six months, and who alone, or in conjunction with designated family members, has voluntarily requested and been accepted into a licensed hospice program.

(5) 'Hospice patient's family' means the hospice patient's immediate kin, including a spouse, brother, sister, child, or parent. Other relations and individuals with significant personal ties to the hospice patient may be designated as members of the hospice patient's family by mutual agreement among the hospice patient, the relation or individual and the hospice team.

(6) 'Identifiable hospice administration' means an administrative group, individual, or legal entity that has an identifiable organizational structure, accountable to a governing board directly or through a chief executive officer. This administration shall be responsible for the management of all aspects of the program.

Other health care practitioners may be included on the team as the needs of the patient dictate or at the request of the physician. Other providers of special services may also be included as the needs of the patient dictate.

(8) 'Palliative care' means treatment directed at controlling pain, relieving other symptoms, and focusing on the special needs of the patient and family as they experience the stress of the dying process, rather than the treatment aimed at investigation and intervention for the purpose of cure or prolongation of life.

"§131E-202. Licensing.—(a) The Commission shall adopt rules for the licensing and regulation of hospices pursuant to this Article for the purpose of providing care, treatment, health, safety, welfare, and comfort of hospice patients. These rules shall include, but not be limited to:

(3) the management, operation, staffing, and equipping of the hospice program;
(4) clinical and business records kept by the hospice; and
(5) procedures for the review of utilization and quality of care.

(b) The Department shall provide applications for hospice licensure. Each application filed with the Department shall contain all information requested therein. A license shall be granted to the applicant upon determination by the Department that the applicant has complied with the provisions of this Article and with the rules adopted by the Commission thereunder. Each license shall be issued only for the premises and persons named therein, shall not be
transferable or assignable except with the written approval of the Department, and shall be posted in a conspicuous place on the licensed premises.

(c) The Department shall renew the license in accordance with this Article and with rules adopted thereunder.

“§ 131E-203. Coverage.—(a) Except as provided in subsection (b), no person shall operate or represent himself to the public as operating a hospice without obtaining a license from the Department pursuant to this Article.

(b) Hospices administered by local health departments established under Article 2 of Chapter 130A of the General Statutes shall not be required to be licensed under this Article. Additionally, health care facilities and agencies licensed under Article 5 or 6 of Chapter 131E of the General Statutes shall not be required to be separately licensed under this Article. However, any facility or agency exempted from licensure as a hospice under this subsection shall be subject to rules adopted pursuant to this Article.

(c) Hospice care shall be available 24 hours a day, seven days a week.

“§ 131E-204. Inspections.—The Department shall inspect all hospices that are subject to rules adopted pursuant to this Article in order to determine compliance with the provisions of this Article and with rules adopted thereunder. Inspections shall be conducted in accordance with rules adopted by the Commission.

“§ 131E-205. Adverse action on a license; appeal procedures.—(a) The Department may suspend, revoke, cancel, or amend a license when there has been a substantial failure to comply with this Article or with rules and regulations adopted thereunder.

(b) Chapter 150A of the General Statutes, the Administrative Procedure Act, shall govern all administrative action pursuant to subsection (a) and all judicial review arising therefrom.

“§ 131E-206. (b) Notwithstanding the provisions of G.S. 131E-203(b) or the existence of any other remedy, the Department may maintain an action in the name of the State for injunctive relief or other process against any person to restrain or prevent substantial noncompliance with this Article or the rules adopted thereunder.

(c) If any person shall hinder the proper performance of duty of the Department in carrying out the provisions of this Article, the Department may institute an action in the superior court of the county in which the hindrance occurred for injunctive relief against the continued hindrance.

“§ 131E-207. Confidentiality.—(a) Notwithstanding G.S. 8-53 or any other law relating to confidentiality of communications between physician and patient, in the course of an inspection conducted under G.S. 131E-204:

(1) Department representatives may review any writing or other record concerning the admission, discharge, medication, treatment, medical condition, or history of any person who is or has been a hospice patient; and

(2) Any person involved in treating a patient at or through a hospice may disclose information to a Department representative unless the patient
objects in writing to review of his records or disclosure of the information. A hospice shall not release any information or allow any inspections under this section without first informing each affected patient in writing of his right to object to and thereby prohibit release of information or review of records pertaining to him.

A hospice, its employees and any other person interviewed in the course of an inspection shall be immune from liability for damages resulting from disclosure of any information to the Department.

(b) The Department shall not disclose:

(1) any confidential or privileged information obtained under this section unless the patient or his legal representative authorizes disclosure in writing or unless a court of competent jurisdiction orders disclosure; or

(2) The name of anyone who has furnished information concerning a hospice without that person's consent.

The Department shall institute appropriate policies and procedures to ensure that unauthorized disclosure does not occur. Any Department employee who willfully discloses this information without appropriate authorization or court order shall be guilty of a misdemeanor and upon conviction fined at the discretion of the court but not to exceed five hundred dollars ($500.00).

(c) All confidential or privileged information obtained under this section and the names of persons providing this information shall be exempt from Chapter 132 of the General Statutes.

Sec. 2. G.S. 131E-176 is amended by adding a new subdivision to read:

"(13.1) 'Hospice' means any coordinated program of home care with provision for inpatient care for terminally ill patients and their families. This care is provided by a medically directed interdisciplinary team, directly or through an agreement under the direction of an identifiable hospice administration. The application shall state whether or not the applicant has filed a North Carolina income tax return for the preceding taxable year, and shall state that the applicant has paid for the fuel for which a refund is claimed or that payment for the fuel has been secured to the seller’s satisfaction. It is further the intention of the General Assembly that achievement-type tests already available on the commercial market shall be purchased to evaluate students at grades 3, 6, and 9 beginning immediately in the basic areas not included in the Annual Testing program, and that the future development of competency type tests for use in North Carolina shall include the use of commercial-type materials and instruments, where available and appropriate, and that duplication shall not occur. Any test development activities using these funds should be cost effective in comparison to the purchase of commercial-type tests. Lastly, it is the intent of the General Assembly that the appropriation of one million one hundred forty-six thousand five hundred dollars ($1,146,500) in Section 2, Chapter 971 of the 1983 Session Laws, for development of the competency-based testing programs shall utilize currently available positions in the State Department of Public Instruction, including those administering the Annual Testing Program, and in addition may be used for external contractual services, without the addition of new positions.

All scholarships provided pursuant to this section shall be subject to the provisions of Article 18 of Chapter 116 of the General Statutes except as otherwise provided in this section and except that the criteria for awarding scholarships shall be measures of academic performance including grade point average, scores on standardized tests, class rank, and recommendations of guidance counselors. These funds shall not be used for administrative purposes or for any purpose except to provide additional teachers to reduce class size for grades 4 through 6 as provided in this section.

Each local board of education shall organize the schools and assign teachers so that the average ratio of teachers to students in each of the grades 4 through 6 in its local school administrative unit is no more than one to 26. At all times during the school year and the school day, the local board shall assure
that the number of students assigned to each class and the number being taught on a regular basis in each class are such that this average ratio is not exceeded.

Sec. 12. G.S. 115C-301(d)(2) is amended by deleting the subdivision and substituting the following:

“(2) No more than 29 students per teacher in average daily membership for grades four through six.

These funds shall be allocated on an equitable basis per pupil in average daily membership to the extent funds are sufficient to do so, as follows: math and science in kindergarten through grade six, two dollars ($2.00); math, grades 7-8, two dollars and fifty cents ($2.50); science, grades 7-8, four dollars and fifty cents ($4.50); and science in grades 9-12, six dollars ($6.00).

“(21) To Pay School Employees. It is the duty of every local board of education to provide for the prompt monthly payment of all salaries due
teachers and other school officials and employees, and of all current bills and other necessary operating expenses. Local boards shall provide the State Board with any information needed by it to ensure the prompt monthly payment of employees of local boards who are paid through the centralized payroll system established under G.S. 115C-12(18). All salaries and bills shall be paid as provided by law for disbursing State and local funds.”

(c) Effective July 1, 1985, the first sentence of the third paragraph of G.S. 115C-47(21) is amended to read:

“For employees not paid through the centralized payroll system, the authority for local boards of education to issue salary vouchers shall be a monthly payroll prepared on forms furnished by the State Board of Education and containing all information required by the controller of the State Board of Education.”

(d) The State Board of Education shall report to the Joint Legislative Commission on Governmental Operations by December 1, 1984, on its progress in developing the centralized payroll system mandated in subsection (a) of this section. —EXCEPTIONAL CHILDREN/COMMUNITY RESIDENTIAL CENTERS

Sec. 19. Of the funds appropriated to the Department of Public Education in Chapter 971 of the 1983 Session Laws, the sum of four hundred twenty-seven thousand seven hundred forty dollars ($427,740) may be allocated from the State Aid—exceptional children line item for an increase in the number of pupils eligible and qualified for placement in Community Residential Centers in accordance with rules and regulations established by the State Board of Education; provided that the expansion funds for additional placements shall be at the same rates provided for the existing pupils in such centers.

—EXCEPTIONAL CHILDREN/FUNDING FORMULA AMENDED

Sec. 20. Section 81 of Chapter 761 of the 1983 Session Laws is amended by deleting subsections (b) and (c) and by substituting a new subsection (b) to read:

“(b) Beginning July 1, 1984, the State Board of Education shall allot the funds in the budget line item ‘State Aid—exceptional children’ on the basis of the eligible weighted headcounts of exceptional children, limited by maximum percentages of children in each category of exceptionality as set out in 16 NCAC 2E .1530(f)(3) and (4) on June 1, 1984, provided that no local school administrative unit shall receive less money per eligible weighted child than it received in fiscal year 1983-84. It is the intent of the General Assembly to provide a one-time protection against the loss of federal funds in 1984-85. Therefore, each local school administrative unit shall maintain the level of support in total or on a per pupil basis from funds available (local and State) or risk the loss of Education for the Handicapped federal funds.”

—TUITION FOR PERSONS OVER 19 YEARS OLD.

Sec. 21. The second sentence of G.S. 115C-1 is amended to read:

“Tuition shall be free of charge to all children of the State, and to every person of the State less than 19 years old who has not completed a standard high school course of study.”
Sec. 22. G.S. 115C-366.1(a) is amended by adding a new subdivision (4) to read:

“(4) Persons who are 19 years of age or older before the beginning of the school year in which they wish to enroll.”

Sec. 23. G.S. 115C-109, G.S. 115C-124, and G.S. 115C-128 are amended by deleting the words “between the ages of five and 18” and substituting “from five through 18”.

Sec. 24. G.S. 115C-109 is amended by adding a new sentence after the first sentence to read: “Children who become 19 years old during the school year may complete that school year.”

—HANDICAPPED CHILDREN - TEXTBOOKS

Sec. 25. It is the intent of the General Assembly that handicapped children have appropriate textbooks. To this end, the State Board of Education is urged to include basic textbook selections for each subject in each grade for handicapped children in the regular textbook adoption procedures.

In addition, local boards of education, notwithstanding existing laws and regulations, are authorized to purchase high school textbooks for handicapped children appropriate to the subjects in each grade, from funds appropriated for high school textbooks in an amount not to exceed the amount of textbook funds generated by the handicapped children served by that administrative unit. This shall terminate July 1, 1985, unless extended by the General Assembly.

—MATCH FOR HANDICAPPED CHILDREN FUNDS

Sec. 26. Of the funds appropriated to the Department of Public Education in Section 2 of Chapter 971, Session Laws of 1983, the sum of one million thirteen thousand nine dollars ($1,013,009) shall be used to match federal vocational education funds for the handicapped pupils in grades 7-12 for the school year 1984-85. The State Board of Education shall allocate these funds for handicapped pupils in the public schools consistent with matching requirements of the federal grant.

—ACCOUNTING FOR ADM POSITIONS SERVING EXCEPTIONAL CHILDREN

Sec. 27. It is the intent of the General Assembly that funds appropriated in the budget line item, “State aid—exceptional children,” and the allocations of regular positions to local school administrative units for children with special needs shall be used to benefit directly the children with special needs.

For the 1984-85 school year, the State Board of Education shall notify the superintendent of each school administrative unit of the number of regular positions allotted to the unit based on the number of children with special needs in self-contained classes computed in the average daily membership of the unit. The superintendent shall account for the proper utilization of these positions and shall report to the State Board of Education, which will then report its findings on the utilization of these positions to the Legislative Commission on Children with Special Needs by November 1, 1984.

—EXCEPTIONAL CHILDREN ACCOUNTABILITY

Sec. 28. The State Board of Education shall continue the work begun under subpart (i) of Section 83, Chapter 761, 1983 Session Laws by:

(a) Establishing precise, quantitative criteria, where appropriate, for admission of pupils to special education programs, including criteria for reevaluation of a child for continuation in or exit from a special
CHAPTER 1034  Session Laws—1984

education program. Handicapped pupils who are presently served in the ninth grade or above will not be subject to the new criteria.

(b) Establishing, clarifying, and implementing appropriate exit criteria for each category of exceptionality, so that pupils who no longer qualify for the programs do not remain in them beyond the present grading period.

(c) Establishing and implementing admission and exit criteria that exclude from the placement decision primary considerations based on environmental, cultural, and economic status. Thus, pupils identified as slow learners shall not be served in programs for children with special needs.

(d) Directing local boards to serve pupils who exit from special education programs with general education programs and not with funds for exceptional pupils.

(e) Subsections (a), (b), and (c) of this section shall become effective January 1, 1985.

The State Board shall report to the Legislative Commission on Children With Special Needs by December 1, 1984, on progress made in completing its work under Section 83, Chapter 761, 1983 Session Laws, as expanded by this section.

—RESERVE FOR AVERAGE DAILY MEMBERSHIP ADJUSTMENT

Sec. 29. Of the funds appropriated to the Department of Public Education in Section 2 of Chapter 971, Session Laws of 1983, the sum of six million four hundred forty-three thousand thirty-six dollars ($6,443,036) shall be allocated to a Reserve for Average Daily Membership Adjustment. To the extent that the 10-day report average of daily membership exceeds the 1,079,570 students budgeted for the 1984-85 school year, the average daily membership may be increased and funds from the Reserve may be expended to accommodate the increases.

—TRANSFER TORT CLAIMS FUNDS

Sec. 30. G.S. 143-300.1(c) is amended by inserting a new sentence between the first and second sentences of that subsection to read:

"The funds necessary to cover vouchers written by the Attorney General for claims against county and city boards of education for accidents involving school buses and school transportation service vehicles shall be made available from funds appropriated to the Department of Public Instruction."

Sec. 31. The Department of Public Education shall expend funds appropriated to it to satisfy judgments and settlements under the Tort Claims Act only for that purpose.

—MAINTENANCE SUPERVISOR FUNDS

Sec. 32. There is included in the total funds appropriated in Section 2 of Chapter 971 of the 1983 Session Laws to the Department of Public Education the sum of two million four hundred twenty thousand eight hundred five dollars ($2,420,805) in expansion funds for fiscal year 1984-85 to provide an allotment for maintenance supervision in each local school administrative unit in the State. The allotment of funds to an individual school administrative unit shall be based on rules, regulations, and criteria established by the State Board of Education for maintenance supervision, provided that a base allotment shall be made to all units; units having 2,000 pupils and above in average daily membership, as determined by the controller's allotments, shall receive an additional allotment of two dollars ($2.00) per pupil in average daily membership; with a total allocation per unit not to exceed fifty thousand
dollars ($50,000); and further the total allocations for maintenance supervision shall be made within funds available in the continuation and expansion budgets for this purpose.

—TEACHERS IN STATE AGENCIES EXEMPTED FROM STATE PERSONNEL PAY PLAN.

Sec. 33. G.S. 126-5 is amended by adding subsection (c1) to read:
“(c1) Except as to Articles 5, 6, 7, 8, certificated educators of State agencies and State institutions, including the North Carolina School of Science and Mathematics in certificated positions are exempt from the provisions of this Chapter. This Chapter shall continue to apply to the director and superintendents of the schools for the deaf and blind and to the central agency staff of education programs in the Departments of Human Resources and Correction.”

Sec. 34. G.S. 115C-325(p) is repealed.

—FORSYTH ALTERNATIVE PRIMARY READING PROGRAM

Sec. 35. The State Board of Education shall continue to fund the alternative primary reading program in the Winston-Salem/Forsyth School Administrative Unit in the same manner as initially implemented under the provisions of Section 31.5 of Chapter 802 of the Session Laws of 1977 and as the program has remained in effect through the current fiscal year.

The institutions may use the funds allocated to them for other capital expenditures if they deem it appropriate to do so. Notwithstanding the matching requirements in G.S. 116-53(b) and G.S. 115D-31, the matching requirements for the institutions receiving capital appropriations in this paragraph shall be as follows:

1. No institution shall be required to match State appropriations for capital projects until the funds expended for capital projects from State appropriations (excluding vocational education funds) equal expenditures from local funds;

2. Funds appropriated to Isothermal Community College for the Polk County satellite and to Central Carolina Technical Institute for a classroom, lab, and shop building shall be matched dollar for dollar with cash expenditures; and

3. Funds appropriated to house a regional program at Southwestern Technical College shall not require a local match.

Also, the sum of one hundred thousand dollars ($100,000) shall be allocated by the State Board of Community Colleges to fund feasibility studies for proposed new capital projects.

The sum of three million five hundred thirty thousand dollars ($3,530,000) allocated to Southwestern Technical College in this section shall be used to construct a Regional Allied Health and Geriatrics Training Center. The Center will serve a regional, multi-county area in Western North Carolina; therefore, this allocation is exempt from matching requirements in accordance with G.S. 116-53(b) and G.S. 115D-31. A committee consisting of the Chancellor of Western Carolina University, the Presidents of Southwestern Technical College, Haywood Technical College, and Tri-County Community College, or their designees, and two faculty members of Western Carolina University shall coordinate the services offered by the Center to avoid overlapping and duplicative efforts involving allied health and geriatrics training by these four institutions.

—COMMUNITY COLLEGE SCHOLARSHIP FUND

Sec. 37. Of the funds appropriated to the Department of Community Colleges in Section 2 of Chapter 971 of the 1983 Session Laws, the sum of two million dollars ($2,000,000) shall be allocated to the Community College Scholarship Fund.
Sec. 38. A new section is added to Article 3 of Chapter 115D of the General Statutes to read:

"§115D-40. Community College Scholarship Fund.—(a) A nonreverting Community College Scholarship Fund is created in the Department of Community Colleges to provide community college scholarships for needy residents of North Carolina. The State Board of Community Colleges shall adopt rules regarding administration of the Fund and eligibility for scholarships from it. The Department of Community Colleges shall administer the Fund. The Department of Community Colleges shall make an effort to assure that the scholarships are distributed on a geographically equitable basis throughout the State among the several institutions. The principal of the Fund may not be used for any purpose; interest from the Fund may not be used for administering the Fund.

(b) Monies in the Fund shall be deposited with the State Treasurer and administered under the provisions of G.S. 147-69.3. The State Treasurer shall make the interest earned on the monies available to the Department of Community Colleges as needed for scholarships."

—BOOKS AND EQUIPMENT APPROPRIATIONS/REVERT AFTER ONE YEAR

Sec. 39. Appropriations to the Department of Community Colleges for equipment and library books are made for each year of the biennium. All unencumbered appropriations shall revert to the General Fund 12 months after the close of each fiscal year for which they were appropriated. Encumbered balances outstanding at the end of each period shall be handled in accordance with existing State budget policies.

—DESIGNATION OF COURSES AS VOCATIONAL OR AVOCATIONAL

Sec. 40. Because courses that are avocational courses in one part of the State may be vocational courses in another, and vice-versa, the State Board of Community Colleges shall review the courses offered by each community college and shall determine for each community college which courses are avocational and which are vocational.

—COMMUNITY COLLEGE TUITION

Sec. 41. Section 98 of Chapter 761 of the 1983 Session Laws is rewritten to read:

Of the funds appropriated to the Department of Community Colleges in Section 2 of Chapter 971 of the 1983 Session Laws, the sum of one hundred thousand dollars ($100,000) shall be allocated for computer equipment at Bladen Technical College and the sum of ninety thousand dollars ($90,000) shall be allocated for equipment at Rockingham Community College. The remainder of the funds for community college equipment shall be allocated by the State Board of Community Colleges according to its formula.

Sec. 43. The formula by which the State Board of Community Colleges allocates equipment funds to the community colleges and technical institutes shall not consider equipment or capital funds allocated to an institution in the Current Operations Appropriations Act or a prior Budget Appropriation Act, or
equipment or capital funds appropriated to a single institution in a special appropriation act for the current fiscal year or a prior fiscal year.

Sec. 44. Except as required by the provisions of this act, the State Board of Community Colleges may not modify the formula by which it allocates equipment funds to the community colleges and technical institutes before July 1, 1985.

—PROGRAM APPROVAL BY STATE BOARD

Sec. 45. The catchline of G.S. 115D-5 is amended by adding a new clause before the final period to read:

"(f) A community college or technical institute may not offer a new program without the approval of the State Board of Community Colleges except that approval shall not be required if the tuition for the program will fully cover the cost of the program. If at any time tuition fails to fully cover the cost of a program that falls under the exception, the program shall be discontinued unless approved by the State Board of Community Colleges. If a proposed new program would serve more than one community college or technical institute, the State Board of Community Colleges shall perform a feasibility study prior to acting on the proposal.

The State Board of Community Colleges shall report on an annual basis to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, the Joint Legislative Commission on Governmental Operations, and the Advisory Budget Commission on all new programs it approved during the year. ——WILLIE M

Sec. 61. (a) Legislative Findings. The General Assembly finds:

(1) That there is a need in North Carolina to provide appropriate treatment and education programs to children under the age of 18 who suffer from emotional, mental, or neurological handicaps accompanied by violent or assaultive behavior;

(2) That children meeting these criteria have been identified as a class in the case of Willie M., et al. vs. Hunt, et al.; and

(3) That these children have a need for a variety of services, in addition to those normally provided, that may include but are not limited to residential treatment programs, educational programs, and independent living arrangements.

(b) Funds for Department of Human Resources. It is the intent of the General Assembly that funds appropriated in Section 2 of Chapter 971, Session Laws of 1983, to the Department of Human Resources for programs serving members of the Willie M. Class be expended only for programs serving members of the Willie M. Class identified in Willie M., et al. vs. Hunt, et al., including evaluations of potential class members. It is recognized that therapeutic or economic reasons may, at times, require certain of these programs to serve a
mixed clientele of Willie M. class members and other clients. To the maximum extent possible, however, these funds shall be expended solely for the benefit of Willie M. class members.

(c) Funds for Department of Public Education. Funds appropriated to the Department of Public Education in Section 2 of Chapter 971, Session Laws of 1983, for members of the Willie M. Class are to establish a supplemental reserve fund to serve only members of the class identified in Willie M., et al. vs. Hunt, et al. These funds shall be allocated by the State Board of Education to the local education agencies to serve those class members who were not included in the regular average daily membership and the census of children with special needs, and to provide the additional program costs which exceed the per pupil allocation from the State Public School Fund and other State and federal funds for children with special needs.

(d) The Department of Human Resources shall implement the first year of its prospective unit cost reimbursement system as specified in plans submitted to the General Assembly under Section 77(d) of Chapter 761, Session Laws of 1983. The Department shall not implement the plan in subsequent fiscal years until the operation of the plan in fiscal year 1984-85 has been reviewed by the General Assembly.

The Department shall submit a report to the General Assembly by March 1, 1985, on the operation of the unit cost reimbursement system in fiscal year 1984-85.

(e) Reporting Requirements. The Department of Human Resources and the Department of Public Education shall submit by March 1, 1985, a joint report to the Governor and the General Assembly on the progress achieved in serving members of the Willie M. Class. The report shall include the following unduplicated data for each county: (i) the number of children nominated for the Willie M. Class; (ii) the number of children actually identified as members of the class in each county; (iii) the number of children served as members of the class in each county; (iv) the number of children who remain unserved; (v) the types and locations of treatment and education services provided to class members; (vi) the cost of services, by type, to members of the class; (vii) information on the impact of treatment and education services on members of the class.

(f) The Departments of Human Resources and Public Education shall provide periodic reports of expenditures on behalf of the Willie M. Class to the Joint Legislative Commission on Governmental Operations.

(g) In fulfilling the responsibilities vested in it by the Constitution of North Carolina, the General Assembly finds:

1. That the responsible State agencies have made a bona fide good faith effort to comply fully with the requirements of the Court Orders in the case of Willie M., et al. vs. Hunt, et al., and that services and placements for Willie M. class members are very greatly improved.

2. That the General Assembly is responsible for assessing all of the vital needs of the citizens of the State of North Carolina, for evaluating the extent of its economic resources and the prevailing economic climate, and for determining how best to meet the needs of all of its citizens within the resources available to the State.

3. That the funds hereby appropriated will enable the development and implementation of placement and services for the class members in
CHAPTER 1034  Session Laws—1984

Willie M., et al. vs. Hunt, et al. within a reasonable period of time considered within the context of the needs of the class members, the other needs of the State and the resources available to the State.

(4) That additional expenditures of funds for these purposes at this time would result in an accelerated expenditure of and an unreasonable waste of State funds inasmuch as such expenditures could not reasonably be expected to actually secure a higher degree of treatment or education for the class members than can be accomplished with the funds hereby appropriated.

(h) The General Assembly supports the efforts of the responsible officials and agencies of the State of North Carolina to meet the requirements of the Court Order in Willie M., et al. vs. Hunt, et al. However, in view of the findings in subsection (g) above, the General Assembly expressly directs that no State funds shall be expended on the placement and services of class members in Willie M., et al. vs. Hunt, et al., or for any other thing or purpose arising out of this litigation, now or at any time in the biennium, except for those funds appropriated in Section 2 of Chapter 971, Session Laws of 1983, to the Departments of Human Resources and Public Education for programs serving members of the Willie M. Class identified in Willie M., et al. vs. Hunt, et al., and except for such funds as may be elsewhere appropriated by the General Assembly specifically for such purposes.

(i) Notwithstanding any other provision of law, if the Department of Human Resources determines that a local program is not providing appropriate services to members of the class identified in Willie M., et al. vs. Hunt, et al., the Department shall have the authority to ensure the provision of these services through contracts with public or private agencies or by direct operation by the Department of such programs.

PART XXI. — SALARY, RETIREMENT, AND EMPLOYEE BENEFITS

— MOST STATE EMPLOYEES / TEN PERCENT SALARY INCREASE

Sec. 206. The salaries in effect on June 30, 1984, for all permanent State employees paid from the General Fund or the Highway Fund shall be increased on July 1, 1984, by an average of ten percent (10%) rounded to conform to the steps in the salary ranges which the State Personnel Commission adopts. If the salary in effect on June 30, 1984, for an employee is not equal to a specific pay rate in the salary schedule effective on that date, his annual increase shall be ten percent (10%) with the annual salary adjusted so as to be divisible by twelve. The Director of the Budget may transfer from the salary reserve funds created in Section 2 of Chapter 971, Session Laws of 1983, and Section 2 of this act for this purpose all funds necessary for the ten percent (10%) average increase, including funds for the employer's retirement and Social Security contributions.

Except as otherwise provided in this act, the salaries of State officials, department secretaries, and persons in exempt positions which are recommended by the Governor or the Governor and the Advisory Budget Commission and set by the General Assembly shall be increased an average of ten percent (10%) commencing July 1, 1984. The Director of the Budget may transfer from the salary reserve funds created in Section 2 of Chapter 971, Session Laws of 1983, and Section 2 of this act for this purpose all funds
necessary for the ten percent (10%) average increase, including funds for the employer’s retirement and Social Security contributions.

The Director of the Budget may allocate out of special operating funds or from other sources of the employing agency, except tax revenues, sufficient funds to allow a salary increase averaging ten percent (10%), including funds for the employer’s retirement and Social Security contributions, for the employees of the agency, provided that the employing agency elects to make available the necessary funds.

The Director of the Budget may promulgate special rules and regulations to apply to salary increases for employees whose salaries are paid from interagency receipts where payments for the services of those employees originate from State appropriations to the end that the effective purchasing power of the appropriations is not materially reduced as a result of these salary increases. The salary increase may average up to ten percent (10%), and funds made available for it shall include amounts necessary for the increase and the employer’s retirement and Social Security contributions. Any questions as to the applicability of the provisions of this paragraph shall be resolved by the Director of the Budget.

The salaries of all permanent public school employees paid from the State public school fund and from allocations to local school units for State Aid-Exceptional Children ADM appropriation, Health Education Coordinator grants, Community Schools Coordinator grants, Vocational Education State Aid Non-Matching Expansion ADM allocation, Vocational Education State Aid Extended Day ADM allocations and State-matching funds for School Food Service Supervisors shall be increased by an average of ten percent (10%) commencing July 1, 1984. The Director of the Budget may transfer from the salary reserve fund created in Section 2 of Chapter 971 of the 1983 Session Laws for legislative salary increases for public school employees all funds necessary for the ten percent (10%) salary increase including funds for the employer’s retirement and Social Security contributions.

Salaries for positions that are funded partially from the General Fund and partially from sources other than the General Fund shall be increased from the General Fund appropriation only to the extent of the proportionate part of the salaries paid from the General Fund.

The granting of the legislative salary increases under this section does not affect the status of eligibility for salary increments for which employees may be eligible.

The salary range maximums for all employees under the State Personnel Act shall be increased to accommodate the legislative salary increase so that every employee will continue to have the same relative position with respect to salary increases and future increments as he would have had if the legislative salary increases had not been made.

The salary increases provided in this act to be effective July 1, 1984, do not apply to persons separated from State service due to resignation, dismissal, reduction in force, death, or retirement whose last workday is prior to July 1, 1984.

Any remaining appropriations for legislative salary increases not required for that purpose may be used to supplement the Salary Adjustment Fund.

Within regular Executive Budget Act procedures as limited by this act, all State agencies and departments may increase on an equitable basis the rate of
CHAPTER 1034   Session Laws—1984

pay of temporary State employees, subject to availability of funds in the particular agency or department by pro rata amounts approximately equal to ten percent (10%) commencing July 1, 1984.

Sec. 207. The Legislative Administrative Officer may increase the salaries of nonelected employees of the General Assembly in effect on June 30, 1984, by ten percent (10%) commencing July 1, 1984, rounded to the nearest whole dollar figure divisible by 12 and otherwise adjusted to conform with the relative levels of the Legislative Services Commission salary schedule. The granting of this legislative percentage salary increase does not affect the status of employees' eligibility for other salary increments. —FREEZE CONTINUED

Sec. 219. Notwithstanding the provisions of Section 19.1 of Chapter 1137 of the 1979 Session Laws as amended by Chapter 1053 of the 1981 Session Laws, G.S. 115C-12(9)a., G.S. 126-7, or any other provision of law, no employee or officer of the public school system shall receive an automatic increment, and no State employee or officer shall receive a merit increment during the 1984-85 fiscal year, except as otherwise permitted by this act. This section expires June 30, 1985.

The General Assembly recognizes that because of budget constraints, automatic increments and annual increments have been frozen since July 1, 1982. If the State is to attract and retain qualified teachers and State employees, it is imperative that automatic increments and annual increments be reinstated as soon as possible. Therefore, the General Assembly requests that
CHAPTER 1034   Session Laws—1984

the Governor and the Advisory Budget Commission give the reinstatement of the annual increments and merit increments and the addition of the tenth step in the State employees salary plan the highest priority when they prepare a budget for the 1985-87 fiscal biennium.

The distribution of these funds shall be in the following manner.

The Office of State Budget and Management shall calculate the portion of State funds utilized for salaries in local governmental programs as of June 30, 1984. These funds shall be distributed to local governments, and must be used for salary increases. Salary increases of more than ten percent (10%) shall not be paid from State funds.

The Office of State Budget and Management shall establish from these funds a reserve for nongovernmental programs. Funds in this reserve shall be used to provide a ten percent (10%) increase to these programs, at the time of contract renewal provided such renewals were originally scheduled during fiscal year 1984-85, for that portion of their budget related to salaries. Funds received by nongovernmental, nonprofit programs must be expended for salary increases. Salary increases of more than ten percent (10%) shall not be paid from State Funds.

All members of the Law Enforcement Officers' Retirement System last employed and paid by the State shall be members of the State Retirement System.

(c) Transfers of Assets and Liabilities to Other Retirement Systems. As of January 1, 1985, certain assets and liabilities of the Law Enforcement Officers' Retirement System shall be transferred to the Teachers' and State Employees' Retirement System and the Supplemental Retirement Income Plan in the amounts calculated and in the order of precedence enumerated as follows:

1. The regular accumulated contributions of members of the Law Enforcement Officers' Retirement System employed by the State or last employed by the State shall be transferred from the annuity savings fund of the Law Enforcement Officers' Retirement System to the annuity savings fund of the State Retirement System to the credit of each individual officer.

The Board of Trustees of the State Retirement System shall administer the Plan and shall, under the terms and conditions otherwise appearing herein, provide Plan benefits either (i) by establishing a separate trust fund in conformance with Section 401(a), Section 401(k) or other sections of the Internal Revenue Code of 1954 as amended or, (ii) by causing the Plan to affiliate with some master trust fund providing the same benefits for participants. The Plan shall be separate and apart from any retirement systems.

In addition to the contributions transferred from the Law Enforcement Officers' Retirement System and the contributions otherwise provided for in this Article, participants may make voluntary contributions to the Plan to be credited to the designated individual accounts of participants; provided, in no instance shall the total contributions by a participant exceed ten percent (10%) of a participant's compensation within any calendar year.

All contributions to the Plan shall be credited to the individual accounts of participants, and shall be fully and immediately vested in the name of the participant, and shall be invested according to each participant's election, as provided by the Board of Trustees, including but not limited to time deposits, and both fixed and variable investments. The Plan may provide for loans to participants, at reasonable rates of interest to be charged, from participants' individual accounts, and may provide for withdrawal of contributions on account of hardship.

The benefit to a participant in the Plan shall be either a lump-sum distribution or a distribution in periodic installments of the participant's account payable under retirement, disability, or termination of employment. Upon the death of a participant there shall be paid the same lump-sum distribution or periodic installments to the surviving spouse of the participant or otherwise to the participant's estate; provided, should a participant instruct the Board of Trustees in writing that he does not wish these benefits to be paid to his spouse or estate, then the benefits shall be paid to the person or persons as the participant may name for this purpose.

(e) State Contributions to the Supplemental Retirement Income Plan. Under all other restrictions as are herein provided, the State shall contribute monthly to the individual accounts of participants who are employed by the State an amount equal to five percent (5%) of the compensation of each participant. The contributions so paid shall be in addition to the contributions on account of court cost assessments as hereinafter provided.

Contributions shall be made to the individual accounts of all participants in the Plan on a per capita basis in equal shares, equal to the sum of the one-half dollar ($0.50) for each cost of court assessed and collected under G.S. 7A-304.

The provisions of the State Retirement System pertaining to administration and management of funds under G.S. 135-6 and 7 are made applicable to the Plan.

(g) Exemption from Taxes, Garnishment and Attachment. The right of a participant in the Supplemental Retirement Income Plan to the benefits provided under this Article is nonforfeitable and exempt from levy, sale, garnishment, and the benefits payable under this Article are hereby exempt from any State and local government taxes.
(h) Notwithstanding any other provisions of law, any pending or inchoate rights of a member of the Law Enforcement Officers' Retirement System as of their transfer to the State Retirement System on January 1, 1985, including the rights to a vested deferred retirement allowance and to commence retirement at certain ages with required years of service as a law enforcement officer, shall in no way be diminished; provided, however, in no event may a member commence retirement and continue membership service with the same Retirement System."

Sec. 249. Effective January 1, 1985, G.S. 7A-304(a)(3) is amended by deleting the phrase "Law-Enforcement Officers' Benefit and Retirement Fund" and substituting the phrase "retirement and insurance benefits of law enforcement officers"; and is further amended after the phrase "Article 12" by inserting the phrase "and Article 12C".

—RETIRED STUDY/SHERIFFS AND REGISTERS OF DEEDS

Sec. 250. Recognizing the interest of the sheriffs and the registers of deeds of the various counties of this State in a separate retirement system, the Governor's recommendation that a retirement system for sheriffs be established, and the necessity of accurate actuarial information to establish a retirement system, the General Assembly recommends that the sheriffs and the registers of deeds request the North Carolina Association of County Commissioners to devise and submit to the 1985 General Assembly, or a later General Assembly if the sheriffs and registers of deeds consider it appropriate, a plan for a retirement system for sheriffs and registers of deeds that:

(1) has been determined to be actuarially sound;
(2) will be funded by counties, sheriffs, and registers of deeds without a State appropriation; and
(3) is commensurate with the way and manner in which sheriffs and registers of deeds are compensated for their services.

Although the sheriffs of the various counties have expressed an extreme interest in a separate retirement system for the elected sheriffs of the State, and various registers of deeds have asked individual legislators for a like retirement system, neither the sheriffs nor the registers of deeds presented a bill to this session of the General Assembly or sufficient information for the General Assembly to devise a retirement system for sheriffs and registers of deeds. The salaries of sheriffs and registers of deeds of the various counties vary greatly, and no schedule of salaries or list of the ages of the sheriffs or registers of deeds was presented to the General Assembly. Without this information, a sound actuarial analysis and recommendations for the funding of the system cannot be made. Because the salaries of sheriffs and registers of deeds are paid by the counties, and retirement is based on salaries paid, the State cannot determine the amount of contributions and funds necessary to establish such a retirement system.

The intent of this section is to provide discontinued service retirement allowances or severance wages to eligible employees and former State employees who have been terminated prior to June 1, 1984, but who have not yet received their severance wages or
discontinued service retirement allowances, or who may have been terminated on or after June 1, 1984, but prior to the enactment of this section, as well as to all eligible employees who were terminated on or after the effective date of this section.

To facilitate the transfer of students among the three administrative units such factors as unreasonable distance from school, excessive time spent on school buses, availability of programs or the lack of programs, whether other members of the same family are attending the school in question and whether the school to which transfer is sought can accommodate additional students shall, along with other considerations, be the measure of a child's attendance in a particular school in a particular administrative unit.

Paramount among all considerations shall be the best interest of the student.

Sec. 4. The Chairmen and Superintendents of the Iredell County, Statesville and Mooresville Boards of Education, working in conjunction with the Iredell County Commissioners, are hereby directed to develop a calendar of events that will lead to a more efficient and more productive educational delivery system. Section 1. Levy of Tax.
(a) The Cherokee County Board of Commissioners may by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto, levy a room occupancy and tourism development tax.
(b) Collection of the tax, and liability therefor, shall begin and continue only on and after the first day of a calendar month set by the Cherokee County Board of Commissioners in the resolution levying the tax, which in no case may be earlier than the first day of the second succeeding calendar month after the date of adoption of the resolution.

Sec. 2. Occupancy Tax.
(a) The county room occupancy and tourism development tax that may be levied under this act shall be a percentage of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by any hotel, motel, inn, tourist camp, or other similar place within the county now subject to the three percent (3%) sales tax imposed by the State under G.S. 105-164.4(3). During the first year in which a tax levied under this act is in effect, the tax shall be three percent (3%) of the gross receipts derived from the rental of taxable accommodations in the county. Thereafter, the rate of tax shall continue to be three percent (3%) unless the Cherokee County Board of Commissioners, by resolution, adopts a rate of less than three percent (3%). A change in the occupancy tax rate adopted by the board of commissioners becomes effective the first day of the second succeeding calendar month following the date of adoption of the resolution. The Cherokee County Board of Commissioners may not change the occupancy tax rate more than once a year.
(b) The occupancy tax is in addition to any local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, benevolent, or religious organizations.

Sec. 3. Administration of Tax.
(a) Any tax levied under this act is due and payable to the county in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

(d) Any person who willfully attempts in any manner to evade the occupancy tax imposed by this act or to make a return and who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both.

The room occupancy tax levied under this act shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. Sec. 5. Disposition of Taxes Collected. Cherokee County shall remit the net proceeds of all revenues received from the room occupancy tax to the County Tourism Development Authority appointed pursuant to this act. Of the initial appointees, the board of commissioners shall designate one to serve a one-year term, two a two-year term, and one a three-year term. Vacancies created by an appointed member shall be filled by the board of commissioners. Members appointed to fill vacancies shall serve the remainder of the unexpired term for which they are appointed to fill.

The Authority shall meet at the call of the chairman and shall adopt rules of procedure to govern its meetings. The finance officer of Cherokee County shall serve ex officio as accountant for the Authority.
(c) The Tourism Development Authority shall report quarterly and at the close of the fiscal year to the board of county commissioners on its receipts and disbursements for the preceding quarter and for the year in such detail as the board may require.

Sec. 7. Repeal of Levy.
(a) The board of county commissioners may by resolution repeal the levy of the room occupancy tax in Cherokee County, but no repeal of taxes levied under this act is effective until the end of the fiscal year in which the repeal resolution was adopted.
(b) No liability for any tax levied under this act that attached prior to the date on which a levy is repealed is discharged as a result of the repeal, and no right to a refund of a tax that accrued prior to the effective date on which a levy is repealed may be denied as a result of the repeal.

H. B. 1587 CHAP.ER 1056
AN ACT TO PROVIDE FOR THE MAINTENANCE OF HEALTH EDUCATION FACILITIES.

Whereas, the General Assembly of North Carolina finds that it appropriated funds to the Board of Governors of The University of North Carolina and that the Board of Governors allocated these capital funds to The University of North Carolina at Chapel Hill to provide capital grants to the Area Health Education Center Program (AHEC) in order to assist in the construction of educational facilities necessary to carry out the AHEC Program; and

Whereas, the General Assembly finds that the existence of the AHEC facilities and activities remains in the public interest; and

Whereas, the General Assembly further finds it consistent with the legislative intent of its original appropriation to assure the public that the AHEC facilities and activities are maintained on an equivalent basis regardless of hospital ownership or management; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 131E is amended by adding a new section to read:
"§ 131E-8.1. Maintenance of Health Education Facilities.—(a) This section shall apply to all sales and leases of a hospital facility by a municipality or hospital authority where any portion of the facility was constructed with a capital grant from the Area Health Education Centers Program (AHEC).
(b) The municipality or hospital authority shall give specific notice of intent to sell or lease and of any public hearing to the Director of the local AHEC program and the Director of the AHEC Program at The University of North Carolina School of Medicine at Chapel Hill.
(c) The municipality or hospital authority may provide continued access to the identical or equivalent facilities suitable for continuation of AHEC activities, including all services being provided under the existing operating contract. In the case of a freestanding portion of the hospital facility, the municipality or hospital authority may convey all ownership rights in the facility to the local AHEC program without monetary consideration."
(d) No portion of this section shall be construed to alter rights or obligations of the operating contracts between the hospital facility and AHEC."

Sec. 2. This act shall become effective July 1, 1984.

In the General Assembly read three times and ratified, this the 2nd day of July, 1984.

AN ACT TO AUTHORIZE THE TOWN OF OCEAN ISLE BEACH TO LEVY SPECIAL ASSESSMENTS TO MEET A PORTION OF THE COST OF CONSTRUCTING SEWAGE COLLECTION AND TREATMENT FACILITIES PRIOR TO CONSTRUCTION COMPLETION OF SUCH SYSTEM.

Whereas, the Town of Ocean Isle Beach is without sewage collection and treatment facilities and the health and safety of the Town requires their construction; and

Whereas, preliminary plans for installing sewage collection and treatment facilities at a cost of more than five million dollars ($5,000,000) have been developed; and

Whereas, voters of the Town approved the issuance of six hundred thousand dollars ($600,000) in general obligation bonds on June 14, 1980, and the issuance of two million eight hundred thousand dollars ($2,800,000) in general obligation bonds to meet part of the cost of constructing sewage collection and treatment facilities in a referendum held on May 8, 1984, by a vote of 117 to 25; and

Whereas, there is general agreement by the Town's citizens and property owners that part of the cost of constructing the sewage collection and treatment facilities should be met from special assessments against the property to be served; and

Whereas, undertaking the construction of the sewage collection and treatment facilities in a proper and timely manner will require that property owners meet their special assessment obligations prior to the letting of the contracts for such construction; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The Board of Commissioners of the Town of Ocean Isle Beach may levy special assessments to meet part of the cost of sewage collection and treatment facilities. The General Assembly of North Carolina enacts:

Section 1. G.S. 131E-21 is amended by inserting a new paragraph between the first and second to read:

"The fact that a person owns ten percent (10%) or less stock of a corporation or has a ten percent (10%) or less ownership in any other business entity or is an employee of that corporation or other business entity does not make the person have an 'interest, direct or indirect' as this phrase is used in subsections (1) and (2) of the section; provided that, in order for the exception to apply, the contract, undertaking or other transaction shall be authorized by the commissioners by specific resolution on which no commissioner or employee having an interest, direct or indirect, shall vote."

AN ACT TO DIRECT THE WILDLIFE RESOURCES COMMISSION TO STUDY THE ROLE OF ALCOHOL AND DRUGS IN RECREATIONAL BOATING AND THE NEED FOR IMPLEMENTING RECOMMENDATIONS OF THE NATIONAL TRANSPORTATION SAFETY BOARD.

Whereas, the National Transportation Safety Board has recommended that the General Assembly amend the Boating Safety Act (Article 1 of General Statutes Chapter 75A) to (1) clearly define the level of legal intoxication for recreational boat operators in order to strengthen the State’s enforcement program for reducing accidents, fatalities, injuries, and property damage caused by the use of alcohol and/or drugs; (2) allow a chemical test if a recreational boat operator is suspected of being intoxicated; and (3) allow toxicological tests in the event of a recreational boating accident fatality; and

Whereas, the Boating Safety Act prohibits operating a motorboat or vessel while intoxicated; that the term “intoxicated” is synonymous with the term “drunk”; that this term is by definition a higher state of inebriation than “under the influence” of alcohol and/or drugs; and that the Act does not provide for chemical tests to determine the alcohol and/or drugs content in persons suspected of violating the Act; and

Whereas, a study should be made of (1) this State’s and other states’ laws on alcohol and/or drugs and boating and (2) the 1983 recommendations of the National Transportation Safety Board, to determine whether or not changes to the Boating Safety Act should be made; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The Wildlife Resources Commission is directed to study the matter of alcohol and drugs and recreational boating safety. The Commission may include in its study analyses and evaluations of North Carolina’s and other states’ statutes and case law, the National Transportation Safety Board’s studies and recommendations that are related to this subject, and North Carolina statistics on alcohol and drug-related boating accidents.

Sec. 2. The Commission shall report its findings and recommendations, together with any recommended legislation, to the 1985 General Assembly.

CHAPTER 1064
AN ACT TO CLARIFY THE DEFINITION OF AN AMBULATORY SURGICAL FACILITY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 131E-146 and G.S. 131E-176 are amended by deleting subdivision (1) and by substituting the following:

"(1) ‘Ambulatory surgical facility’ means a facility designed for the provision of an ambulatory surgical program. An ambulatory surgical facility serves patients who require local, regional or general anesthesia and a period of post-operative observation. An ambulatory surgical facility may only admit patients for a period of less than 24 hours and must provide at least one designated operating room and at least one designated recovery room, have available the necessary equipment and trained personnel to handle emergencies, provide adequate quality assurance and assessment by an evaluation and review committee, and maintain adequate medical records for each patient. An ambulatory surgical facility may be operated as a part of a physician or dentist’s office, provided the facility is licensed under G.S. Chapter 131E, Article 6, Part D, but the performance of incidental, limited ambulatory surgical procedures which do not constitute an ambulatory surgical program as defined in subdivision (1a) and which are performed in a physician or dentist’s office does not make that office an ambulatory surgical facility.

(1a) ‘Ambulatory surgical program’ means a formal program for providing on a same-day basis those surgical procedures which require local, regional or general anesthesia and a period of post-operative observation to patients whose admission for more than 24 hours is determined, prior to surgery, to be medically unnecessary.”

CHAPTER 1065
AN ACT TO CHANGE THE METHOD OF DETERMINING THE SALES PRICE OF A MOTOR VEHICLE IN A CASUAL SALE AND ELIMINATE THE REQUIREMENT THAT THE SALES PRICE OF A MOTOR VEHICLE IN A CASUAL SALE BE BASED ON THE BOOK VALUE OF THE VEHICLE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-164.4(1) is amended by deleting the fourth, fifth, and sixth paragraphs of that subdivision and substituting the following to read:

“The tax levied under this section applies to all retail sales of motor vehicles regardless whether the seller is engaged in business as a retailer of motor vehicles or whether a tax on the sale of the vehicle has previously been paid under this Article. A purchaser of a motor vehicle from a retailer shall pay the tax imposed under this Article to the retailer, who is liable for collecting and remitting the tax to the Secretary. A purchaser of a motor vehicle is liable for payment of the tax imposed by this Article if the seller is not a retailer. The purchaser shall pay the tax to the Commissioner of Motor Vehicles when applying for a certificate of title for the vehicle.
When applying for a certificate of title, a purchaser of a motor vehicle from a seller who is not a retailer shall certify in writing the sales price of the purchased motor vehicle. A purchaser who knowingly makes a false certification of the sales price is guilty of a misdemeanor.

The Commissioner of Motor Vehicles may not issue a certificate of title for a motor vehicle sold by a seller who is not a retailer unless the tax imposed by this section is paid when the purchaser of the vehicle applies for a certificate of title. The Commissioner shall remit taxes collected by him under this subsection to the Secretary."

Sec. 2. The third paragraph of G.S. 105-164.4(1) is amended by inserting between the reference "G.S. 105-164.3(16)" and the comma following that reference the phrase "and regardless whether the seller is a retailer of motor vehicles".

Sec. 3. G.S. 105-164.6(3a) is amended as follows:

(1) by deleting the words "or purchase" and the phrase "as determined in accordance with G.S. 105-164.4(1)," in the first sentence of that subdivision; and

(2) by rewriting the last sentence of the second paragraph of that subdivision to read:

"An owner of a motor vehicle acquired from a seller who is not a retailer shall certify the sales price of the vehicle as provided in G.S. 105-164.4(1)."

Sec. 4. Chapter 713 of the 1983 Session Laws is amended by adding a new section to read:

"Sec. 110. Sections 89 and 90 of this act do not apply to a sale of a motor vehicle delivered after the effective date of the tax increase imposed by those sections pursuant to a written contract made between a retail dealer of motor vehicles and the buyer of the vehicle before the effective date of the tax increase if the contract price of the vehicle included the projected sales tax due on the sale of the vehicle and computed the amount of sales due at the then maximum rate of one hundred twenty dollars ($120.00). A retail dealer who was a party to a contract described in this section and who reduced his profit on the sale to absorb the increase in the sales tax may apply to the Secretary of Revenue for a refund of the difference between the sales tax paid on the sale of the vehicle and one hundred twenty dollars ($120.00). A buyer of a vehicle who was a party to a contract described in this section and who paid more than the contract price of the vehicle because he paid the additional sales tax due may apply to the retail dealer from whom he purchased the vehicle for a refund of the difference between the sales tax the buyer paid and one hundred twenty dollars ($120.00). A dealer who receives a refund request from a buyer shall apply on behalf of the buyer to the Secretary of Revenue for the requested refund. A refund request made pursuant to this section shall be made within six months following June 20, 1984. The Secretary of Revenue shall grant requests for refunds made under this section upon proof satisfactory to the Secretary that the applicant is eligible for the refund."

Sec. 5. Section 4 of this act is effective upon ratification. The remainder of this act shall become effective July 1, 1984.

In the General Assembly read three times and ratified, this the 2nd day of July, 1984.

CHAPTER 1066

AN ACT TO PROTECT THE PUBLIC INTEREST IN THE SALE OR LEASE OF PUBLIC HOSPITAL FACILITIES.

The General Assembly of North Carolina enacts:

Section 1. Article 2 of Chapter 131E of the General Statutes is amended by adding a new section at the end to read:

“§ 131E-13. Lease or sale of hospital facilities to for profit corporations by municipalities and hospital authorities.—(a) A municipality or hospital authority as defined in G.S. 131E-16(14), may lease, sell, or convey any hospital facility, or part, to a corporation, foreign or domestic, authorized to do business in North Carolina, subject to these conditions, which shall be included in the lease agreement of sale, or agreement of conveyance:

(1) The corporation shall continue to provide the same or similar clinical hospital services to its patients in medical-surgery, obstetrics, pediatrics, outpatient and emergency treatment, including emergency services for the indigent, that the hospital facility provided prior to the lease, sale, or conveyance. These services may be terminated only as prescribed by Certificate of Need Law prescribed in Article 9 of Chapter 131E of the General Statutes, or, if Certificate of Need Law is inapplicable, by review procedure designed to guarantee public participation pursuant to rules adopted by the Secretary of the Department of Human Resources.

(2) The corporation shall ensure that indigent care is available to the population of the municipality or area served by the hospital authority at levels related to need, as previously demonstrated and determined mutually by the municipality or hospital authority and the corporation.

(3) The corporation shall not enact financial admission policies that have the effect of denying essential medical services or treatment solely because of a patient’s immediate inability to pay for the services or treatment.

(4) The corporation shall ensure that admission to and services of the facility are available to beneficiaries of governmental reimbursement programs (Medicaid/Medicare) without discrimination or preference because they are beneficiaries of those programs.

(5) The corporation shall prepare an annual report that shows compliance with the requirements of the lease, sale, or conveyance.

The corporation shall further agree that if it fails to substantially comply with these conditions, or if it fails to operate the facility as a community general hospital open to the general public and free of discrimination based on race, creed, color, sex, or national origin unless relieved of this responsibility by operation of law, or if the corporation dissolves without a successor corporation to carry out the terms and conditions of the lease, agreement of sale, or agreement of conveyance, all ownership or other rights in the hospital facility, including the building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital; provided that any building, land, or equipment associated with the hospital facility that the corporation has constructed or acquired since the sale may revert only upon payment to the corporation of a sum equal to the cost less depreciation of the building, land, or equipment.
CHAPTER 1066  Session Laws—1984

This section shall not apply to leases, sales, or conveyances of nonmedical services or commercial activities, including the gift shop, cafeteria, the flower shop, or to surplus hospital property that is not required in the delivery of necessary hospital services at the time of the lease, sale, or conveyance.

Neither G.S. 153A-176 nor Article 12 of Chapter 160A of the General Statutes shall apply to leases, sales or conveyances under this section.

(b) In the case of a sale or conveyance, if either general obligation bonds or revenue bonds issued for the benefit of the hospital to be conveyed are outstanding at the time of sale or conveyance, then the corporation shall agree to the following:

By the effective date of sale or conveyance, the corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section. A hospital which has placed funds in escrow to retire outstanding general obligation or revenue bonds, as provided in this section, shall not be considered a public hospital, and G.S. 159-39(a)(3) shall be inapplicable to such hospitals.

No bonds, notes or other evidences of indebtedness shall be issued by a municipality or hospital authority to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or betterment of any hospital facility if the facility has been sold or conveyed to a corporation, foreign or domestic, authorized to do business in North Carolina.

(c) In the case of a lease, the municipality or hospital authority shall determine the length of the lease. No lease executed under this section shall be deemed to convey a freehold interest. Any sublease or assignment of the lease shall be subject to the conditions prescribed by this section. If the term of the lease is more than 10 years, and either general obligation bonds or revenue bonds issued for the benefit of the hospital to be leased are outstanding at the time of the lease, then the corporation shall agree to the following:

By the effective date of the lease, the corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section.

No bonds, notes or other evidences of indebtedness shall be issued by a municipality or hospital authority to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or
betterment of any hospital facility when the facility is leased to a corporation, foreign or domestic, authorized to do business in North Carolina.

(d) The municipality or hospital authority shall comply with the following procedures before leasing, selling, or conveying a hospital facility, or part thereof:

1. The municipality or hospital authority shall first adopt a resolution declaring its intent to sell, lease, or convey the hospital facility at a regular meeting on 10 days' public notice. Notice shall be given by publication in one or more papers of general circulation in the affected area describing the intent to lease, sell, or convey the hospital facility involved, known potential buyers or lessees, a solicitation of additional interested buyers or lessees and intent to negotiate the terms of the lease or sale. Specific notice, given by certified mail, shall be given to the local office of each State-supported program that has made a capital expenditure in the hospital facility, to the Department of Human Resources, and to the Office of State Budget and Management.

2. At the meeting to adopt a resolution of intent, the municipality or hospital authority shall request proposals for lease or purchase by direct solicitation of at least five prospective lessees or buyers. The solicitation shall include a copy of G.S. 131E-13.

3. The municipality or hospital authority shall conduct a public hearing on the resolution of intent not less than 15 days after its adoption. Notice of the public hearing shall be given by publication at least 15 days before the hearing. All interested persons shall be heard at the public hearing.

4. Before considering any proposal to lease or purchase, the municipality or hospital authority shall require information on charges, services, and indigent care at similar facilities owned or operated by the proposed lessee or buyer.

5. Not less than 45 days after adopting a resolution of intent and not less than 30 days after conducting a public hearing on the resolution of intent, the municipality or hospital authority shall conduct a public hearing on proposals for lease or purchase that have been made. Notice of the public hearing shall be given by publication at least 10 days before the hearing. The notice shall state that copies of proposals for lease or purchase are available to the public.

6. The municipality or hospital authority shall make copies of the proposals to lease or purchase available to the public at least 10 days before the public hearing on the proposals.

7. Not less than 60 days after adopting a resolution of intent, the municipality or hospital authority at a regular meeting shall approve any lease, sale, or conveyance by a resolution. The municipality or hospital authority shall adopt this resolution only upon a finding that the lease, sale, or conveyance is in the public interest after considering whether the proposed lease, sale, or conveyance will meet the health-related needs of medically underserved groups, such as low income persons, racial and ethnic minorities, and handicapped persons. Notice of the regular meeting shall be given at least 10 days before the meeting and shall state that copies of the lease, sale, or conveyance proposed for approval are available.
CHAPTER 1066  Session Laws—1984

(8) At least 10 days before the regular meeting at which any lease, sale, or conveyance is approved, the municipality or hospital authority shall make copies of the proposed contract available to the public.”

Sec. 2. Article 2 of Chapter 131E of the General Statutes is amended by adding a new section at the end to read:

“§ 131E-14. Lease or sale of hospital facilities to certain non-profit corporations.—If a municipality or hospital authority leases, sells, or conveys a hospital facility, or part, to a non-profit corporation of which a majority of voting members of its governing body is not appointed or controlled by the municipality or hospital authority, the procedural requirements set forth in G.S. 131E-13(d) shall apply.”

(3) The practice of a person not a resident and having no established place of business in this State, or who has recently become a resident hereof, practicing or offering to practice herein for more than 90 days in any calendar year the profession of geology, if he is licensed in another state or qualified as defined herein, if he shall have filed with the Board an application for a license and shall have paid the fee required by this Chapter. Such practice shall be deemed a provisional practice and shall continue only for such time as the Board requires reasonably for the consideration of the applicant for licensing under this Chapter as a geologist.

§89E-8. Applications.—An application for licensing as a geologist shall be made under oath, shall show the applicant's education and a summary of his geological work, plus other relevant criteria to be determined by the Board. The
Board shall have the power to determine a reasonable application fee which shall accompany each application.

"§ 89E-9. Minimum qualifications.—An applicant shall be eligible for a license as a geologist in North Carolina provided that each applicant meets the following minimum qualifications:

(a) Be of good moral and ethical character.

(b) Have graduated from an accredited college or university, and have a degree with a major in geology, engineering geology or geological engineering or related geologic science; or have completed 30 semester hours or the equivalent in geological science courses leading to a major in geology, of which at least 24 hours of the equivalent were upper level undergraduate courses or graduate courses. The Board shall waive the academic requirements for a person already practicing geology at the time this Chapter is enacted, provided application for license is made not later than one year after appointment of the initial Board and provided further that the applicant can provide evidence to satisfy the Board that he or she is competent to engage in the public practice of geology.

(c) Successfully pass such examination established by the Board which shall be designed to demonstrate that the applicant has the necessary knowledge and requisite skill to exercise the responsibilities of the public practice of geology. The Board shall waive the examination for licensing as a geologist of an applicant who makes written application to the Board not later than one year after appointment of the initial Board, and who otherwise meets the qualification of this Chapter.

The Southern Region savings and loan holding company or Southern Region association shall submit to the Administrator an application for approval of such acquisition, which application shall be approved only if:

(1) The Administrator determines that the laws of the state in which the Southern Region savings and loan holding company or Southern Region association making the acquisition has its principal place of business permit North Carolina savings and loan holding companies and North Carolina associations to acquire associations and savings and loan holding companies in that state;

(2) The Administrator determines that the laws of the state in which the Southern Region savings and loan holding company or Southern Region association making the acquisition has its principal place of business permit such Southern Region savings and loan holding company or Southern Region association to be acquired by the North Carolina savings and loan holding company or North Carolina association sought to be acquired;

(3) The Administrator determines either that the North Carolina association sought to be acquired has been in existence and continuously operating for more than five years or that all of the association subsidiaries of the North Carolina savings and loan holding company sought to be acquired have been in existence and continuously operating for more than five years: Provided, that the Administrator may approve the acquisition by a Southern Region savings and loan holding company or Southern Region association of all or substantially all of the shares of an association organized solely for the purpose of facilitating the acquisition of an association that has been in existence and continuously operating as an association for more than five years; and

(4) The Administrator makes the acquisition subject to any conditions, restrictions, requirements or other limitations that would apply to the acquisition by a North Carolina savings and loan holding company or North Carolina association of an association or savings and loan holding company in the state where the Southern Region savings and loan holding company or Southern Region association making the acquisition
has its principal place of business but that would not apply to the acquisition of an association or savings and loan holding company in such state by an association or a savings and loan holding company all the association subsidiaries of which are located in that state;

(5) With respect to acquisitions involving the merger or consolidation of two associations resulting in a Southern Region association, the application includes a business plan extending for an initial period of at least three years from the date of the acquisition which shall be renewed thereafter for as long as may be required by the Administrator. The association may not deviate without the prior written approval of the Administrator from the business plan which shall address such matters as the Administrator may deem appropriate for the protection of the depositors and members of the acquired North Carolina association and the general public. The business plan shall address, without limitation:

a. insurance of depositors’ accounts.

b. limitation of services and activities to those permitted under this Chapter to North Carolina associations.

c. conversion of corporate form or other fundamental changes.

d. closing, selling or divesting any or all North Carolina branches.

e. protection of the voting rights of North Carolina members.

(b) A Southern Region savings and loan holding company or Southern Region association that has a North Carolina association subsidiary (other than a North Carolina association subsidiary that was acquired either pursuant to Section 123 of the Garn-St. Germain Depository Institutions Act of 1982 (12 U.S.C. 1730a(m)), or comparable provisions in North Carolina law, or in the regular course of securing or collecting a debt previously contracted in good faith) may acquire any North Carolina association or North Carolina savings and loan holding company with the approval of the Administrator. The Southern Region savings and loan holding company shall submit to the Administrator an application for approval of such acquisition, which application shall be approved only if:

(1) The Administrator determines either that the North Carolina association sought to be acquired has been in existence and continuously operating for more than five years or that all of the association subsidiaries of the North Carolina savings and loan holding company sought to be acquired have been in existence and continuously operating for more than five years: Provided, that the Administrator may approve the acquisition by a Southern Region savings and loan holding company or Southern Region association of all or substantially all of the shares of an association organized solely for the purpose of facilitating the acquisition of an association that has been in existence and continuously operating as an association for more that five years; and

(2) The Administrator makes the acquisition subject to any conditions, restrictions, requirements or other limitations that would apply to the acquisition by the North Carolina savings and loan holding company or North Carolina association of an association or savings and loan holding company in the State where the Southern Region savings and loan holding company or Southern Region association making the acquisition has its principal place of business but that would not apply to the
acquisition of an association or savings and loan holding company in such state by a savings and loan holding company all the association subsidiaries of which are located in that state.

(3) With respect to acquisitions involving the merger or consolidation of two associations resulting in a Southern Region association, the application includes a business plan extending for an initial period of at least three years from the date of the acquisition which shall be renewed thereafter for as long as may be required by the Administrator. The association may not deviate without the prior written approval of the Administrator from the business plan which shall address such matters as the Administrator may deem appropriate for the protection of the depositors and members of the acquired North Carolina association and the general public. The business plan shall address, without limitation:

a. insurance of depositors’ accounts.
b. limitation of services and activities to those permitted under this Chapter to North Carolina associations.
c. conversion of corporate form or other fundamental changes.
d. closing, selling or divesting any or all North Carolina branches.
e. protection of the voting rights of North Carolina members.

(c) The Administrator shall rule on any application submitted under this section not later than 90 days following the date of submission of a complete application. If the Administrator fails to rule on the application within the requisite 90-day period, the failure to rule shall be deemed a final decision of the Administrator approving the application.

“§54B-48.4. Exceptions.—A North Carolina savings and loan holding company, a North Carolina association, a Southern Region savings and loan holding company, or a Southern Region association may acquire or control, and shall not cease to be a North Carolina savings and loan holding company, a North Carolina association, a Southern Region savings and loan holding company, or a Southern Region association, as the case may be, by virtue of its acquisition or control of:

(1) An association having branch offices in a state not within the region, if such association has been acquired pursuant to the provisions of Section 123 of the Garn-St Germain Depository Institutions Act of 1982 (12 U.S.C. 1730a(m)), or comparable provisions of state law;

(2) An association which is not a Southern Region association if such association has been acquired in the regular course of securing or collecting a debt previously contracted in good faith, and if the association or savings and loan holding company divests the securities or assets acquired within two years of the date of acquisition. A North Carolina association, a North Carolina savings and loan holding company, or a Southern Region association may retain these interests for up to three additional periods of one year if the Administrator determines that the required divestiture would create undue financial difficulties for that association or savings and loan holding company.

“§54B-48.5. Prohibitions.—(a) Except as may be expressly permitted by federal law, no savings and loan holding company that is not either a North Carolina savings and loan holding company or a Southern Region savings and loan holding company shall acquire a North Carolina savings and loan holding company or a North Carolina association.
(b) Except as required by federal law, a North Carolina savings and loan holding company or a Southern Region savings and loan holding company that ceases to be a North Carolina savings and loan holding company or a Southern Region savings and loan holding company shall as soon as practicable and, in all events, within one year after such event divest itself of control of all North Carolina savings and loan holding companies and all North Carolina associations: Provided, however, that such divestiture shall not be required if the North Carolina savings and loan holding company or the Southern Region savings and loan holding company ceases to be a North Carolina savings and loan holding company or a Southern Region savings and loan holding company, as the case may be, because of an increase in the deposits held by association subsidiaries not located within the region and if such increase is not the result of the acquisition of an association or savings and loan holding company. Provided further that nothing in this Article shall be construed to permit interstate branching by associations nor to require the divestiture of a North Carolina association or a North Carolina savings and loan holding company by a savings and loan holding company which acquired its subsidiary North Carolina association or North Carolina savings and loan holding company prior to the effective date of this Article. Nor shall anything in this Article be construed to prohibit any savings and loan holding company which has acquired a North Carolina association or North Carolina savings and loan holding company prior to the effective date of this Article from acquiring additional North Carolina associations or North Carolina savings and loan holding companies. Nor shall anything in this Article be construed to limit the authority of the Administrator pursuant to G.S. 54B-44.

“§ 54B-48.6. Applicable laws; rules and regulations.—(a) Any North Carolina association that is controlled by a savings and loan holding company that its not a North Carolina savings and loan holding company shall be subject to all laws of this State and all rules and regulations under such laws that are applicable to North Carolina associations that are controlled by North Carolina savings and loan holding companies.

(b) The Administrator may promulgate rules, including the imposition of a reasonable application and administration fee, to implement and effectuate the provisions of this Article.

“§ 54B-48.7. Appeal of Administrator’s decision.—Notwithstanding any other provision of law, any aggrieved party in a proceeding under G.S. 54B-48.3 or G.S. 54B-48.4(2) may, within 30 days after final decision of the Administrator and by written notice to the Administrator, appeal directly to the North Carolina Court of Appeals for judicial review on the record. In the event of an appeal, the Administrator shall certify the record to the Clerk of the Court of Appeal within 30 days after filing of the appeal.

“§ 54B-48.8. Periodic reports; interstate agreements.—(a) The administrator may from time to time require reports under oath in such scope and detail as he may reasonably determine of each Southern Region savings and loan holding company or Southern Region association subject to this Article for the purpose of assuring continuing compliance with the provisions of this Article.

(b) The Administrator may enter into cooperative agreements with other savings and loan regulatory authorities for the periodic examination of any Southern Region savings and loan holding company or Southern Region
association that has a North Carolina association subsidiary and may accept reports of examination and other records from such authorities in lieu of conducting its own examinations. The Administrator may enter into joint actions with other savings and loan regulatory authorities having concurrent jurisdiction over any Southern Region savings and loan holding company or Southern Region association that has a North Carolina association subsidiary or may take such actions independently to carry out his responsibilities under this Chapter and assure compliance with the provisions of this Article and the applicable laws of this State.

"§ 54B-48.9. Enforcement.—The Administrator shall have the power to enforce the provisions of this Article, including the divestiture requirement of G.S. 54B-48.5(b), through an action in any court of this State or any other state or in any court of the United States for the purpose of obtaining an appropriate remedy for violation of any provision of this Article, including such criminal penalties as are contemplated by G.S. 54B-66."

Sec. 2. G.S. 7A-29(a) is amended by inserting the words "the Administrator of savings and loans pursuant to Article 3A of Chapter 54B of the General Statutes," after the words "the North Carolina Utilities Commission".

Sec. 3. Nonseverability. It is the purpose of this Article to facilitate orderly development of thrift organizations that have branch offices in more than one state within the Southern Region. It is not the purpose of this Article to authorize acquisitions of North Carolina savings and loan holding companies or North Carolina associations by savings and loan holding companies that do not have their principal place of business in this State on any basis other than as expressly provided in this Article. Therefore, if any portion of this Article pertaining to the terms and conditions for and limitations upon acquisition of North Carolina savings and loan holding companies and North Carolina associations by savings and loan holding companies that do not have their principal place of business in this State is determined to be invalid for any reason by a final nonappealable order of any North Carolina or federal court of competent jurisdiction, then this entire Article shall be null and void in its entirety and shall be of no further force or effect from the effective date of such order: Provided, however, that any transaction that has been lawfully consummated pursuant to this Article prior to a determination of invalidity shall be unaffected by such determination.

Sec. 4. G.S. 54B-261(c) is rewritten to read as follows:

"(c) A savings and loan holding company may invest in any investment authorized by its Board of Directors, except as limited by regulations promulgated by the Administrator pursuant to this Article."

Sec. 5. A new subsection (d) is added to G.S. 54B-261 to read as follows:

“(d) Any entity which controls a state stock association, or acquires control of a state stock association, is a savings and loan holding company.”

Sec. 6. Article 11 of Chapter 54B of the General Statutes is repealed.

Sec. 7. Section 6 of this act is effective upon ratification. Sections 1 through 5 shall become effective on the earlier of:

(1) the date on which legislation becomes effective in one of the states listed in G.S. 54B-48.2(16) which authorizes regional acquisitions of savings and loan associations and savings and loan holding companies on a reciprocal basis
and which applies to savings and loan associations and savings and loan holding companies in North Carolina; or

S. B. 845  CHAPTER 1088

AN ACT TO AMEND THE PRESENT LAW RELATING TO THE THEFT OF CABLE TELEVISION SERVICES.

"§ 14-118.5. Theft of cable television service.—(a) Any person, firm or corporation who, after the effective date of this act, knowingly and willfully attaches or maintains an electronic, mechanical or other connection to any cable, wire, decoder, converter, device or equipment of a cable television system or removes, tampers with, modifies or alters any cable, wire, decoder, converter, device or equipment of a cable television system for the purpose of intercepting or receiving any programming or service transmitted by such cable television system which person, firm or corporation is not authorized by the cable television system to receive, is guilty of a misdemeanor punishable by a fine not exceeding five hundred dollars ($500.00), or by imprisonment not exceeding 30 days, or both. Each unauthorized connection, attachment, removal, modification or alteration shall constitute a separate violation.

(b) Any person, firm or corporation who knowingly and willfully, without the authorization of a cable television system, distributes, sells, attempts to sell or possesses for sale in North Carolina any converter, decoder, device, or kit, that is designed to decode or descramble any encoded or scrambled signal transmitted by such cable television system, is guilty of a misdemeanor punishable by a fine not exceeding five hundred dollars ($500.00) or by imprisonment up to six months, or both. The term ‘encoded or scrambled signal’ shall include any signal or transmission that is not intended to produce an intelligible program or service without the aid of a decoder, descrambler, filter, trap or other electronic or mechanical device.

(c) Any cable television system may institute a civil action to enjoin and restrain any violation of this section, and in addition, such cable television system shall be entitled to civil damages in the following amounts:

(1) For each violation of subsection (a), three hundred dollars ($300.00) or three times the amount of actual damages, if any, sustained by the plaintiff, whichever amount is greater.

(2) For each violation of subsection (b), one thousand dollars ($1,000) or three times the amount of actual damages, if any, sustained by the plaintiff, whichever amount is greater.

(d) It is not a necessary prerequisite to a civil action instituted pursuant to this section that the plaintiff has suffered or will suffer actual damages.

(e) Proof that any equipment, cable, wire, decoder, converter or device of a cable television system was modified, removed, altered, tampered with or connected without the consent of such cable system in violation of this section shall be prima facie evidence that such action was taken knowingly and

(f) The receipt, decoding or converting of a signal from the air by the use of a satellite dish or antenna shall not constitute a violation of this section.

H. B. 110 CHAPTER 1089

AN ACT TO AUTHORIZE THE LEGISLATIVE COMMITTEE ON NEW OCCUPATIONAL AND PROFESSIONAL LICENSING BOARDS TO ASSESS PROPOSALS TO LICENSE NEW OCCUPATIONS AND PROFESSIONS ACCORDING TO CRITERIA AND PROCEDURES SPECIFIED HEREIN.

The General Assembly of North Carolina enacts:

Section 1. Chapter 120 of the General Statutes is amended by adding a new Article to read:

“ARTICLE 17.

“Review of Proposals to License
New Occupations and Professions.

“§120-124. Findings and purpose.—The General Assembly finds that the number of licensed occupations and professions has substantially increased and that licensing boards have occasionally been established without a determination that the police power of the State is reasonably exercised by the establishment of such licensing boards.

The General Assembly further finds that by establishing criteria and procedures for reviewing proposed occupational and professional boards, it will be better able to evaluate the need for new licensing boards. To this end it is the purpose of this Article to assure that no new licensing board shall be established unless the following criteria are met:

(1) The unregulated practice of the profession or occupation can substantially harm or endanger the public health, safety or welfare, and the potential for such harm is recognizable and not remote or dependent upon tenuous argument;

(2) The profession or occupation possesses qualities that distinguish it from ordinary labor;

(3) Practice of the profession or occupation requires specialized skill or training;

(4) A substantial majority of the public does not have the knowledge or experience to evaluate whether the practitioner is competent; and

(5) The public is not effectively protected by other means.

“§120-125. Definitions.—As used in this Chapter:

(1) 'Assessment report' means a report that initially describes the need for and the fiscal impact of a new licensing board.
CHAPTER 1089  Session Laws—1984

(2) 'Committee' means the Legislative Committee on New Occupational and Professional Licensing Boards.

(3) 'Licensing' means a regulatory system that requires persons to meet certain qualifications before they are eligible to engage in a particular occupation or profession.

(4) 'Supplementary report' means a report that assesses the changes proposed by an amendment or committee substitute which would alter a legislative proposal to create a new occupational licensing board and for which an assessment report has already been prepared.

"§ 120-126. Assessment of proposed occupational and professional licensing boards.— (a) Every legislative proposal introduced in the General Assembly after the effective date of this act proposing (1) the establishment of an occupational or professional licensing board, or (2) a study of the need to establish an occupational or professional licensing board shall have attached to it, at the time of its consideration by any committee of either house of the General Assembly, an assessment report which shall describe the need for the proposed occupational or professional licensing board. Assessment reports shall be attached to the original of each legislative proposal to establish a new licensing board which is reported favorably by any committee of either house of the General Assembly, but shall be separate therefrom, shall be clearly designated as assessment reports, and shall not constitute any part of the expression of legislative intent proposed by the formation of a licensing board.

(b) If the proposal to establish an occupational or professional licensing board is first contained in a legislative proposal, the sponsor shall present a copy of the legislative proposal to the Legislative Committee on New Occupational and Professional Licensing Boards which shall prepare an assessment report. If the proposal is not in the form of a legislative proposal, the person or organization seeking to establish an occupational or professional licensing board may obtain an assessment report from the Committee only if a legislator requests such report.

(c) Assessment reports shall be prepared and returned to the requesting legislator as soon as possible and not later than 60 days after the Committee receives the request, provided that if the volume of requests makes preparation of all such reports impossible within that time, the Committee may extend the time for preparation of any report to a maximum of 90 days from the time the request is received. Supplementary reports shall be prepared and returned to the appropriate committee chairman or sponsor or requesting legislator not later than 30 days after the Committee receives the request. The Committee shall not consider any request until it has received the information required by G.S. 120-127(a).

(d) The Committee shall make all reports, including supplementary reports, available to all members of the General Assembly. At least one copy of all preliminary and final reports shall be kept in the Legislative Library for public inspection.

(e) All assessment reports shall contain an evaluation of the proposed licensing board in terms of clarity, conciseness, conformity with existing statutes and general principles of administrative law, and specificity of the delegation of authority to promulgate rules and set fees.

"§ 120-127. Procedure and criteria to be used in preparation of assessment reports.— (a) The Legislative Committee on New Occupational and Professional
Licensing Boards shall conduct an evaluation of the need for each new licensing board.

If a legislator or other person or organization is seeking to establish a new occupational or professional licensing board, that legislator or other person or organization shall have the burden of demonstrating to the Committee that the criteria listed in G.S. 120-124 are met, and shall furnish the Committee additional information to show:

(1) That the unregulated practice of the occupation or profession may be hazardous to the public health, safety, or welfare;
(2) The approximate number of people who would be regulated and the number of persons who are likely to utilize the services of the occupation or profession;
(3) That the occupational or professional group has an established code of ethics, a voluntary certification program, or other measures to ensure a minimum quality of service;
(4) That other states have regulatory provisions similar to the one proposed;
(5) How the public will benefit from regulation of the occupation or profession;
(6) How the occupation or profession will be regulated, including the qualifications and disciplinary procedures to be applied to practitioners;
(7) The purpose of the proposed regulation and whether there has been any public support for licensure of the profession or occupation;
(8) That no other licensing board regulates similar or parallel functions;
(9) That the educational requirements for licensure, if any, are fully justified; and
(10) Any other information the Committee considers relevant to the proposed regulatory plan.

The Committee shall adopt an appropriate form for use by applicants. The form shall contain a list of questions to be completed by the person or organization requesting the assessment report and a copy of this Article.

(b) In preparing an assessment report with respect to a legislative proposal to establish a new occupational or professional licensing board the Committee shall consider, but shall not be limited to considering, the factors listed in subsection (a). The report shall analyze the effects of the new licensing board and shall include the Committee’s recommendation on whether the General Assembly should approve the new licensing board. The Committee shall make specific findings in its report on each of the following:

(1) Whether the unregulated practice of the profession or occupation can substantially harm or endanger the public health, safety or welfare, and whether the potential for such harm is recognizable and not remote or dependent upon tenuous argument;
(2) Whether the profession or occupation possesses qualities that distinguish it from ordinary labor;
(3) Whether practice of the profession or occupation requires specialized skill or training;
(4) Whether a substantial majority of the public has the knowledge or experience to evaluate the practitioner’s competence; and
(5) Whether the public can be effectively protected by other means.

267
CHAPTER 1089   Session Laws—1984

(c) The Committee shall furnish a preliminary copy of the final assessment report to the requesting legislator at least 10 days before the final report is released. The requesting legislator shall have an opportunity to respond to the Committee draft. The Committee shall consider all such responses in the preparation of its final report.

(d) If the Committee recommends against licensure, it may suggest alternative measures for regulation of the occupation or profession.

"§120-128. Hearings by Legislative Committee on New Occupational and Professional Licensing Boards; final action by Committee.—(a) Before submitting an assessment report the Committee may, in its discretion, hold one or more public hearings in the Legislative building.

(b) When assessment reports involving the same or similar occupations or professions are pending before the Committee, the Committee may consider jointly any or all of the matters to be addressed by the reports.

"§120-129. Legislative Committee on New Occupational and Professional Licensing Boards.—(a) The Legislative Committee on New Occupational and Professional Licensing Boards is created to consist of a Chairman and eight members, four Senators appointed by the President of the Senate, four members of the House of Representatives appointed by the Speaker of the House and the Chairman to be appointed as provided herein. The President of the Senate shall appoint a Senator to be Chairman of the Committee who shall serve until the convening of the General Assembly in 1985.

(b) The Speaker of the House shall appoint a member of the House of Representatives as Chairman upon the convening of the General Assembly in 1985 who shall serve until the organization of the General Assembly in 1987. Thereafter the President of the Senate and the Speaker of the House shall alternate the appointment of the Chairman to serve during each biennial session of the General Assembly. The Chairman may vote only in the event of a tie vote. The members of the Committee shall likewise serve biennial terms. If the Office of Chairman or any member shall become vacant, the vacancy shall be filled for the unexpired term by the authority making the initial appointment. Five members shall constitute a quorum of the Committee.

(c) The Chairman and members of the Committee, while serving on the business of the Committee, are performing legislative duties and are entitled to the subsistence and travel allowances to which members of the General Assembly are entitled when performing legislative duties if and when authorized by the Legislative Services Commission, and may meet with such approval whenever there is a request for an assessment report. The Committee is authorized to use the facilities of the State Legislative Building and Legislative Office Building. Clerical and professional staff shall be provided by the Legislative Services Commission."

Sec. 2. This act shall become effective August 1, 1984, and shall expire January 1, 1987.

In the General Assembly read three times and ratified, this the 5th day of July, 1984.

CHAPTER 1095

AN ACT TO ALLOW THE STATE BOARD OF ELECTIONS TO RESCHEDULE THE HOUSE PRIMARY AND ELECTION IN DISTRICT 8 AS REDISTRICTED.

Whereas, the 1984 Extra Session of the General Assembly in Chapter 1 of the Session Laws redistricted former House District 8 into new House districts 8 and 70; and

Whereas, in Chapter 2, Section 5 of the Session Laws, Extra Session of 1984, the General Assembly provided that if approval had not been received by May 17, 1984, then the primary election date shall be set by the 1983 Regular Session of the General Assembly when next it reconvened; and

Whereas, approval had to come from the U.S. Department of Justice under Section 5 of the Voting Rights Act of 1965 and by the Federal District Court under a court order under Section 2 of the Voting Rights Act of 1965; and

Whereas, on May 11, 1984, the U.S. Justice Department requested more information, which the State provided; and

Whereas, on June 21, 1984, the U.S. Department of Justice requested more information, beginning the 60-day review period again; and

Whereas, it is unknown at this time whether the legislative redistricting plan will be approved by the U.S. Justice Department and the federal court or whether the federal court will order into effect its own plan, either on an interim or permanent basis; and

Whereas, former House District 8 overlaps with Senate Districts 2, 6, and 10 and there are primaries on July 17, 1984, in all three Senate districts and there may be second primaries in Districts 2 and 6 on August 14, 1984, but this will not be known until July 24, 1984; and
Whereas, the schedule for primaries in redistricted House District 8 must be compatible with both Senate primaries and with the November 6, 1984, general election; and

Whereas, the delays in approval of the plan may require a change in the date of the General Election for former House District 8 and the new district or districts created from it; and

Whereas, the complexity of the above makes it impractical for the General Assembly to formulate a primary and election schedule for redistricted House District 8; and

Whereas, the State Board of Elections is more familiar with the procedural details and myriad scheduling requirements; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Notwithstanding any other provisions of law to the contrary, the State Board of Elections shall set a primary election schedule for former House District 8 as redistricted by Chapter 1, Session Laws, Extra Session of 1984, or as redistricted by a court of competent jurisdiction. Such power shall extend to all the districts so created from District 8 by the General Assembly or the court.

Sec. 2. In adopting such schedule, the State Board of Elections shall schedule the primary for August, September, October, or November of 1984.

Sec. 3. In adopting such schedule, the State Board of Elections shall provide a filing period of at least one week and filing shall open at 12:00 noon and close at 12:00 noon.

Sec. 4. In adopting such schedule, the State Board of Elections shall provide that the second primary if necessary be held either three, four, or five weeks after the primary.

Sec. 5. The State Board of Elections shall prepare and distribute to the Nash, Edgecombe and Wilson County Boards of Elections a Revised Primary and General Election Timetable - 1984, setting out the applicable filing period for candidates along with all other pertinent dates relative to the election timetable for elections rescheduled by this act.

Sec. 6. The State Board of Elections is hereby authorized, consistent with provisions in G.S. 163-188 other than the date of the canvass, to set the dates on which it shall conduct the canvass and issue its certification of the results of the 1984 primary elections rescheduled by this act and for the general election thereof.

Sec. 7. For the 1984 primary election only, G.S. 163-112 shall be applied by substituting "10 days" for "30 days" whenever it appears, insofar as the offices of North Carolina House of Representatives for districts reapportioned by the 1984 Extra Session of the General Assembly or by a court of competent jurisdiction are concerned.

Sec. 8. The State Board of Elections shall adopt regulations to implement this act. Adoption of such regulations is not subject to Chapter 150A of the General Statutes except as to filing, publication, and judicial review of the rules. The Board may make the rules effective immediately. In lieu of the notice requirements of G.S. 163-33(8), the State Board of Elections shall prescribe an abbreviated or different notice procedure of the primary and election. The State Board of Elections may modify the deadline for filing a petition in lieu of fee under G.S. 163-107.1.
Sec. 9. Absentee voting shall be allowed for any primaries and elections scheduled under this act, but the State Board of Elections is authorized to modify the beginning period for absentee voting to allow for the abbreviated election timetable and to coordinate absentee voting for the primary and general election in House District 8 as redistricted with absentee voting in other primaries and elections.

Sec. 10. Whenever in any apportionment plan for the North Carolina House of Representatives covered by this act a precinct is placed in two or more districts, then the county board of elections, with the approval of the State Board of Elections may, for the 1984 primary and general election:

(1) Divide the precinct into two or more precincts.

(2) Change precinct lines to place part or parts of the precinct with a precinct which has the same election district.

(3) Keep the same precinct but ascertain either in advance or on the date of the primary or general election which district the voter resides in, and give the voter the ballots for the appropriate district. This may be accomplished by a paper ballot for the office even if a machine is used for other offices or other voters.

(4) Provide some other procedure to ensure that each voter does not cast ballots in more than one district.

In adopting a procedure under this section, the Board shall attempt to use the method which is least disruptive to the voter, and any action to change precinct lines shall be taken in accordance with G.S. 163-28 except that notice shall be given not less than 20 days prior to the primary or general election instead of 20 days prior to the close of registration.

Sec. 11. In setting a primary schedule under this act, the State Board of Elections shall adopt a schedule that is administratively feasible while still allowing an adequate time for candidate filing and electioneering.

Sec. 12. If in adopting a primary schedule for districts under this act in accordance with the guidelines of Sections 2, 4, and 11 of this act, the State Board of Elections finds that it is administratively impossible to hold the general election in such districts on November 6, 1984, it may reschedule the general election in such districts to some date in December of 1984.

Sec. 13. Section 6 of Chapter 2, Session Laws, Extra Session of 1984 shall apply to the primary and election rescheduled by this act, and shall also apply if the redistricting is done by court order.

Sec. 14. The State Board of Elections may modify any schedule it sets under this act to meet any objections of the U.S. Department of Justice or the court.

Sec. 15. The Legislative Services Officer shall send a copy of this act to the Edgecombe, Nash, and Wilson County Boards of Elections.

Sec. 16. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 5th day of July, 1984.

The limited driving privilege must state the name and address of the applicant's place of work or employer, and may include other information and restrictions applicable to work-related driving in the discretion of the court."; and
(d) By adding new subsections (g1) and (g2) to read:

If the applicant is required to drive during nonstandard working hours for an essential work-related purpose, he must present documentation of that fact before the judge may authorize him to drive for this purpose during those hours. If the applicant is self-employed, the documentation must be attached to or made a part of the limited driving privilege. If the judge determines that it is necessary for the applicant to drive during nonstandard hours for a work-related purpose, he may authorize the applicant to drive subject to these limitations:

(1) If the applicant is required to drive to and from a specific place of work at regular times, the limited driving privilege must specify the general times and routes in which the applicant will be driving to and from work, and restrict driving to those times and routes.

(2) If the applicant is required to drive to and from work at a specific place, but is unable to specify the times at which that driving will occur, the limited driving privilege must specify the general routes in which the applicant will be driving to and from work, and restrict the driving to those general routes.

(3) If the applicant is required to drive to and from work at regular times but is unable to specify the places at which work is to be performed, the limited driving privilege must specify the general times and geographic boundaries in which the applicant will be driving, and restrict driving to those times and within those boundaries.

(4) If the applicant can specify neither the times nor places in which he will be driving to and from work, or if he is required to drive during these nonstandard working hours as a condition of employment, the limited driving privilege must specify the geographic boundaries in which he will drive and restrict driving to that within those boundaries.

The limited driving privilege must state the name and address of the applicant’s place of work or employer, and may include other information and restrictions applicable to work-related driving, in the discretion of the court.

(g2) Driving for Other than Work-Related Purposes. A limited driving privilege may not allow driving for maintenance of the household except during standard working hours, and the limited driving privilege may contain any additional restrictions on that driving, in the discretion of the court. The limited driving privilege must authorize driving essential to the completion of any community work assignments, course of instruction at an Alcohol and Drug Education Traffic School, or substance abuse assessment or treatment, to which the applicant is ordered by the court as a condition of probation for the impaired driving conviction. If this driving will occur during nonstandard working hours, the limited driving privilege must specify the same limitations required by subsection (g1) for work-related driving during those hours, and it must include or have attached to it the name and address of the Alcohol and Drug Education Traffic School, the community service coordinator, or mental health treatment facility to which the applicant is assigned. Driving for educational purposes other than the course of instruction at an Alcohol and Drug Education Traffic School is subject to the same limitations applicable to work related driving under subsections (g) and (g1).”

Sec. 34. G.S. 20-179.4(e) is amended by substituting for the second and third sentences the following: “That fee must be paid to the clerk of court in the county in which the person is convicted. The fee must be paid in full within two weeks unless the court, upon a showing of hardship by the person, allows him additional time to pay the fee. The person may not be required to pay the fee before he begins the community service unless the court specifically orders that he do so.”

Sec. 35. G.S. 20-179.4(e) is rewritten to read:
“(e) The coordinator must report to the court in which the community service was ordered a significant violation of the terms of the probation judgment related to community service. In such cases, the court must conduct a hearing to determine if there is a willful failure to comply. If the court determines there is a willful failure to pay the prescribed fee or to complete the work as ordered by the coordinator within the applicable time limits, the court must revoke any limited driving privilege issued in the impaired driving case, and in addition may take any further action authorized by Article 82 of General Statutes Chapter 15A for violation of a condition of probation.”

Sec. 36. G.S. 20-179(n) is amended by deleting the last sentence.

Sec. 37. Section 32 of this act is effective upon ratification: Provided that a judge authorized to issue a limited driving privilege under G.S. 20-179.3(d) is authorized, upon application of a holder of a limited driving privilege who has been convicted of the offense of impaired driving under G.S. 20-138.1, to modify that limited driving privilege in accordance with G.S. 20-179.3, as amended by Section 32 of this act.

H. B. 1567  CHAPTER 1103

AN ACT TO ENACT THE ELEMENTARY AND SECONDARY SCHOOL REFORM ACT OF 1984.

The General Assembly of North Carolina enacts:

Section 1. This act may be referred to as the "Elementary and Secondary School Reform Act of 1984."

Sec. 2. G.S. 115C-81(a) is amended by deleting the first paragraph and substituting the following:

"Standard Course of Study. It is the policy of the State of North Carolina to insure a quality education to every child residing in North Carolina. To this end, the General Assembly directs the State Board of Education to develop a standard course of study to be offered to every child in North Carolina public schools and to submit the proposed standard course of study to the General Assembly by October 15, 1984.

The standard course of study shall reflect a rigorous academic course of study stressing mastery of integrated knowledge based on mastery of competencies in the basic skill areas rather than the study of isolated disciplines. To this end, the State Board of Education is directed to undertake a statewide audit of current curricula and to refine the curricula as required to comply with this policy. The standard course of study:

1. shall stress mastery of integrated knowledge;
2. should provide students with the specific competencies needed to gain employment or to continue their education;
3. should provide students with the skills necessary to cope with contemporary society;
4. shall contain a vocational education component designed to meet the State's and local anticipated career training needs;
5. shall provide for a program of continuous learning based upon the individual child's need, interest, and stages of development, so that the program has a nongraded structure of organization;
6. shall set forth what subjects shall be taught in each grade, and outline the basal and supplementary books on each subject to be used in each grade;
7. shall include a core curriculum for all students plus additional elective curriculum choices to meet the varied needs and interests of students;
8. shall establish a minimum length of the instructional day;
9. shall prescribe standards for student performance and promotion and may consider appropriate levels at which remediation should begin; and
10. shall describe appropriate class sizes for each course required by the standard course of study; staffing levels to support the standard course of study, and may include minimum staffing for schools, regardless of size, where such schools are determined to be essential to serve pupils located in isolated geographic areas; minimum facility requirements for the standard course of study; minimum material requirements for the standard course of study; and such other information the Board finds necessary to enable the General Assembly to allocate appropriate resources to implement the plan."

Sec. 3. The second paragraph of G.S. 115C-271 is rewritten to read:

"It is the policy of the State of North Carolina that the superintendents of each of the several school administrative units be hired solely at the discretion of the local boards of education and that a candidate for superintendent of a
local school administrative unit must have been, at least, a principal in a North Carolina public school or have equivalent experience as prescribed by the State Board of Education and have other minimum credentials, educational prerequisites and experience requirements as the State Board of Education shall prescribe. The State Board of Education is directed to promulgate prerequisites for candidacy for superintendent not later than January 1, 1985.”

Sec. 4. G.S. 115C-284 is amended by adding a new subsection to read:

“(d) It is the policy of the State of North Carolina that, subsequent to the adoption of a system of classroom teacher differentiation and prerequisites to candidacy for principal, a classroom teacher must have attained at least the second level of differentiation, have at least four years of classroom teaching experience, and possess, at least, a Masters Degree in Education Administration. This subsection shall not apply to educational personnel certified as of July 1, 1984.”

Sec. 5. The State Board of Education shall develop and recommend to the General Assembly by March 1, 1986, a quality assurance program for all administrators, similar to the programs for beginning and experienced teachers, in order to provide principals and superintendents with opportunities to develop effective management skills. In the development of this recommendation, the State Board of Education shall consult with local boards of education, on a continuous and systematic basis, through a process designed by the State Board, to assure participation on the part of a number of local boards of various sizes throughout the State. In addition, the State Board shall consult with and/or employ such public and private agencies, organizations and professional organizations as it deems necessary to accomplish this policy.

Sec. 6. G.S. 115C-296 is amended by designating the present section as subsection (a) and adding the following subsections (b) and (c) to read:

“(b) It is the policy of the State of North Carolina to maintain the highest quality teacher education programs in order to enhance the competence of professional personnel certified in North Carolina. To the end that teacher preparation programs are upgraded to reflect a more rigorous course of study, the State Board of Education shall submit to the General Assembly not later than November 1, 1984, a plan to promote this policy. The State Board of Education, as lead agency in coordination and cooperation with the University Board of Governors, the Board of Community Colleges and such other public and private agencies as are necessary, shall continue to refine the several certification requirements, standards for approval of institutions of teacher education, standards for institution-based innovative and experimental programs, standards for implementing consortium-based teacher education, and standards for improved efficiencies in the administration of the approved programs.

(c) It is the policy of the State of North Carolina to encourage lateral entry into the profession of teaching by skilled individuals from the private sector. To this end, before the 1985-86 school year begins, the State Board of Education shall develop criteria and procedures to accomplish the employment of such individuals as classroom teachers. Regardless of credentials or competence, no one shall begin teaching above the middle level of differentiation. Skilled individuals who choose to enter the profession of teaching laterally may be granted a provisional teaching certificate for no more than five years and shall
be required to obtain certification before contracting for a sixth year of service with any local administrative unit in this State."

Sec. 7. The State Board of Education may recommend to the General Assembly a program of expanded on-the-job training for public school employees. This recommendation may include individual training goals, the level of funding and a mechanism to evaluate the results of the training efforts.

Sec. 8. G.S. 115C-302 is amended by adding a new subsection (e) to read:

"(e) It is the policy of the State of North Carolina to enhance the teaching profession by providing teachers with career opportunities that do not remove them from the classroom; to encourage the development and implementation of a professional salary schedule that complements the system of differentiation; to have salaries of professional educators in elementary and secondary schools based upon performance, degree attained, differentiation and the needs of the local school administrative unit; and to begin, in the school year beginning in 1986, a differential salary system based upon performance, differentiation, local availability of classroom teachers, geographical location of the employing local school administrative unit and such other factors as the local board of education shall deem necessary.

Performance shall be measured by standardized evaluations which are routinely administered pursuant to G.S. 115C-326 by competent and trained administrators who have themselves demonstrated meritorious performance in the classroom. Differentiation shall be based upon superior performance over a period of time plus other responsibilities. Needs of the local school administrative unit over and above the standard course of study shall be defined by the local board of education exclusively funded from revenues provided at the discretion of the board of county commissioners or from other local funds under the control of the local board of education.

Each salary may include a local variable component, determined locally and based upon the needs and condition of the local school administrative unit. This local variable component shall be paid from local revenue."

Sec. 9. G.S. 115C-315(b) is amended by adding a new paragraph at the end thereof to read:

"It is the policy of the State of North Carolina to encourage and provide for the most efficient and cost-effective method of meeting the needs of local school administrative units for noncertified support personnel. To this end, the State Board of Education shall recommend to the General Assembly by November 1, 1984, a system using factors and formulas to determine the total number of noncertified support personnel allotted to local school administrative units. The recommended system for allotting noncertified support personnel shall include the proposed State's funding obligation for these positions and shall be developed in consultation with school-based support personnel or their representatives."
Sec. 11. Part 3, of Article 22 of Chapter 115C of the General Statutes is amended by adding a new section to read:

“§115C-326.1. Differentiation of classroom teachers.—(a) It is the policy of the State of North Carolina to encourage differentiation of classroom teachers. The State Board of Education shall consult with local boards of education, on a continuous and systematic basis through a process designed by the State Board to assure participation on the part of a number of local boards of various sizes throughout the State. In addition, the State Board shall consult with such other public and private agencies, organizations and professional organizations as it deems necessary to accomplish this policy. After the consultation process, the State Board shall adopt a policy defining at least five categories of differentiated staffing for classroom teachers.

The State Board may pilot test this career growth program for classroom teachers in at least one school administrative unit in each of the eight educational districts of the State during the 1985-86 school year and shall recommend a system of differentiation to be applied consistently throughout the State beginning in the 1986-87 school year. This recommendation shall be submitted to the General Assembly on or before March 1, 1986.

(b) Criteria for differentiation shall include performance and may include such other criteria as the State Board of Education deems necessary; such as degree obtained, number of subjects taught, number of classes taught, number of students taught in a school day and time in service.

(c) The State Board of Education, after consultation with local boards of education, shall develop such personnel policies as are required to ensure a coherent progression through the system of differentiation by those classroom teachers who elect to participate in the system of differentiation. The State Board shall develop personnel policies which prevent imbalances at any level of differentiation. If there is evidence of an imbalance or abnormality in the distribution of performance evaluations administered pursuant to G.S. 115C-326 and/or classroom teacher differentiations created and administered pursuant to this section, the State Board of Education shall be empowered to review performance evaluation and staffing pattern of a local school administrative unit to ensure reasonable distribution of performance evaluations and classroom teacher differentiations.

(d) The State Board of Education shall give consideration to methods of enhancing the quality of continuing education programs for currently certified teachers, and may include a sabbatical leave for professional improvement.

(e) Notwithstanding the above, teachers employed under the system of employment for public school teachers, G.S. 115C-325, in effect prior to ratification of this act, shall be afforded the opportunity to elect to continue under the system of employment provided in G.S. 115C-325 and continuing under the salary schedule in existence at that time. They shall have the alternative of electing to change their conditions of employment to come within the system outlined in this section. This election shall be made on or before signing employment contracts for the 1987-88 school year. Employees whose initial contracts are for the 1986-87 or subsequent school years shall be employed under the employment system contained in this section.”

Sec. 12. G.S. 115C-408 is rewritten to read:

“§115C-408. Funds under control of the State Board of Education.—
(a) It is the policy of the State of North Carolina to create a public school
system that graduates good citizens with the skills demanded in the marketplace, and the skills necessary to cope with contemporary society, using State, local and other funds in the most cost-effective manner. The Board shall have general supervision and administration of the educational funds provided by the State and federal governments, except those mentioned in Section 7 of Article IX of the State Constitution, and also excepting such local funds as may be provided by a county, city, or district.

(b) To insure a quality education for every child in North Carolina, and to assure that the necessary resources are provided, it is the policy of the State of North Carolina to provide from State revenue sources the instructional expenses for current operations of the public school system as defined in the standard course of study.

It is the policy of the State of North Carolina that the facilities requirements for a public education system will be met by county governments.

It is the intent of the 1983 General Assembly to further clarify and delineate the specific financial responsibilities for the public schools to be borne by State and local governments."

Sec. 13. Article 32A of Chapter 115C of the General Statutes is amended by adding a new section to read:

"§ 115C-472. State policy.—It is the policy of the State of North Carolina to encourage entry into the teaching profession by those who are prepared to teach in those areas where teachers are most needed. To this end, the State Board of Education shall recommend to the General Assembly by November 1, 1984, a method of providing loan and scholarship assistance to prospective teachers in areas of anticipated shortage.

This recommendation shall include, at least, the anticipated needs, the level of funding and a mechanism to evaluate the results of the program."

Sec. 14. This act is effective upon ratification.

CHAPTER 1110  Session Laws—1984

S. B. 724  CHAPTER 1110

AN ACT TO EFFECT SEVERAL PROVISIONS TO IMPROVE THE QUALITY, REDUCE THE OVERALL COSTS AND PROVIDE INSURANCE COVERAGE FOR THE TREATMENT OF CHEMICAL DEPENDENCY.

Whereas, Chapter 415, 1983 Session Laws, directed the Mental Health Study Commission to establish an Ad Hoc Committee of experts to study cost effectiveness issues in the treatment of alcoholism and drug abuse; and

Whereas, the Ad Hoc Committee completed its task and reported its findings to the Mental Health Study Commission which accepted and endorsed the findings and recommendations; and

Whereas, the findings are as follows:

(a) Chemical dependency is a term which describes the abuse and/or addiction of alcohol and other drugs.

(b) Chemical dependency is a distinct illness which can be medically defined and is not a symptom or sub-category of other diseases.

(c) The benefits of chemical dependency prevention and treatment have been proven to outweigh the costs of treatment.

(d) No one type of treatment or treatment setting has been proven to be more effective than any other type of treatment. Thus, the optimal treatment for a client is the lowest cost treatment that will produce positive results.

(e) Current licensing regulations for hospitals and substance abuse facilities provide no specific rules for chemical dependency treatment facilities or units.

(f) Current Certificate of Need requirements do not clearly distinguish what types of chemical dependency facilities require CON and which do not.

(g) Many self-insured employers provide coverage for chemical dependency treatment.

(h) Many group insurance policies exclude coverage of chemical dependency in part or full.

(i) Many group insurance policies which cover chemical dependency treatment will pay for that treatment only if delivered in the more expensive inpatient medical setting.

(j) Insurance carriers generally will reimburse only for services performed in State-licensed health care facilities; and

Whereas, the following statutory changes are required in order to effect improvements in the delivery, regulation, licensure and reimbursement of services for substance abusers and chemically dependent persons; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. G.S. 131E-176 is amended by adding a new subsection to read:

c. a freestanding facility specializing in treatment of persons who are substance abusers or chemically dependent licensed under Article 1A, Chapter 122, of the General Statutes;

and may be identified as 'chemical dependency, substance abuse, alcoholism, or drug abuse treatment units,' ‘residential chemical dependency, substance abuse, alcoholism or drug abuse facilities,' ‘social setting detoxification facilities' and 'medical detoxification facilities,' or by other names if the purpose is to provide treatment of chemically dependent or substance abusing persons, but shall not include halfway houses or recovery farms."

Sec. 2. G.S. 131E-176(9) is amended by adding the following language after the last semicolon in the fifth line:

"(4) ‘Facility’ means any person at one location whose primary purpose is to provide services for one or more minors or for two or more adults for the care, treatment, habilitation or rehabilitation of the mentally ill, the mentally retarded or substance abusers. When the services offered are provided to individuals who are mentally ill or mentally retarded, these services shall be day services offered to the same individual for a period of three hours or more during a 24-hour period, or residential services provided for 24 hours or more. When the services offered are provided to individuals who are substance abusers, these services shall include all outpatient services, day services offered to the same individual for a period of three hours or more during a 24-hour period, or residential services provided for 24 hours or more. Facilities for individuals who are substance abusers include chemical dependency treatment facilities."

Sec. 5. G.S. 122-23.3(a)(2) is amended by deleting the words "psychiatric services;" and substituting for those words the following: "special units for the mentally ill, mentally retarded or substance abusers;".

Sec. 6. G.S. 143B-147(a) is amended by adding a new subsection to read:

"(6) To adopt rules to establish the professional requirements for staff of licensed facilities for the mentally ill, mentally retarded and substance abusers. Such rules may require that one or more, but not all staff of a facility be either licensed or certified. If a facility has only one professional staff, such rules may require that that individual be licensed or certified. Such rules may include the recognition of professional certification boards for those professions not licensed or certified under other provisions of the General Statutes provided that the professional certification board evaluates applicants on a basis which protects the public health, safety or welfare."

S. B. 706  CHAPTER 1113

AN ACT TO PERMIT INTERSTATE BANKING IN NORTH CAROLINA ON A RECIPROCAL BASIS AND TO PROVIDE FOR THE REGISTRATION OF BANK HOLDING COMPANIES.

Whereas, banking organizations play a vital role in the development and growth of a viable local and regional economy; and
Whereas, it is anticipated that banking services in North Carolina will be improved and competition enhanced by the development in the southeastern region of the United States of bank holding companies that are sufficient in size to compete effectively with the largest banking organizations in the United States in all areas of banking; and
Whereas, it is also anticipated that economic growth in North Carolina will be stimulated and aided by the development of such bank holding companies in the southeastern region of the United States; and
Whereas, it is desirable, at the same time, to place certain limitations on the development of bank holding companies serving North Carolina in order to prevent undue concentrations of economic resources and a lessening of competition as a result thereof; and
Whereas, a number of the United States, including states located in the southeastern region of the United States and contiguous to North Carolina, have already authorized some form of interstate banking; and
Whereas, it is desirable to encourage other states located in the southeastern region of the United States to permit the acquisition of their banks and bank holding companies by bank holding companies principally located in North Carolina in order to further the development of bank holding companies in the southeastern region of the United States; and
Whereas, federal law permits each of the United States to determine the extent to which bank holding companies may engage in interstate banking within its borders; and
Whereas, it is in the best interest of North Carolina and its citizens to establish legislation to permit acquisition, on a reciprocal basis, of North Carolina banks and bank holding companies by bank holding companies principally located in other states in the southeastern region of the United States, subject to the supervision and regulation of the North Carolina Commissioner of Banks; Now, therefore,

The regional bank holding company shall submit to the Commissioner an application for approval of such acquisition, which application shall be approved only if:

(1) The Commissioner determines either that the North Carolina bank sought to be acquired has been in existence and continuously operating for more than five years or that all of the bank subsidiaries of the North Carolina bank holding company sought to be acquired have been in existence and continuously operating for more than five years: Provided, that the Commissioner may approve the acquisition by a regional bank holding company of all or substantially all of the shares of a bank organized solely for the purpose of facilitating the acquisition of a bank that has been in existence and continuously operating as a bank for more than five years; and

(2) The Commissioner makes the acquisition subject to any conditions, restrictions, requirements or other limitations that would apply to the acquisition by a North Carolina bank holding company of a bank or bank holding company in the state where the regional bank holding company making the acquisition has its principal place of business but that would not apply to the acquisition of a bank or bank holding company in such state by a bank holding company all the bank subsidiaries of which are located in that state.

(c) The Commissioner shall rule on any application submitted under this section not later than 90 days following the date of submission of a complete application. If the Commissioner fails to rule on the application within the
§ 53-212. Exceptions.—A North Carolina bank holding company, a North Carolina bank, a regional bank holding company, or a regional bank may acquire or control, and shall not cease to be a North Carolina bank holding company, a North Carolina bank, a regional bank holding company, or a regional bank, as the case may be, by virtue of its acquisition or control of:

(1) a bank having banking offices in a state not within the region, if such bank has been acquired pursuant to the provisions of Section 116 or Section 123 of the Garn-St Germain Depository Institutions Act of 1982 (12 U.S.C. 1730a(m), 1823(f));

(2) a bank having banking offices in a state not within the region, if such bank has been acquired in the regular course of securing or collecting a debt previously contracted in good faith, as provided in Section 3(a) of the Bank Holding Company Act of 1956 as amended (12 U.S.C. 1842(a)), and if the bank or bank holding company divests the securities or assets acquired within two years of the date of acquisition. A North Carolina bank, a North Carolina bank holding company, a regional bank holding company, or a regional bank may retain these interests for up to three additional periods of one year each if the Commissioner determines that the required divestiture would create undue financial difficulties for that bank or bank holding company; or

(3) a bank or corporation organized under the laws of the United States or of any state and operating under Section 25 or Section 25(a) of the Federal Reserve Act as amended (12 U.S.C. 601 or 611-31) or a bank or bank holding company organized under the laws of a foreign country that is principally engaged in business outside the United States and that either has no banking office in the United States or has banking offices in the United States that are engaged only in business activities permissible for a corporation operating under Section 25 or Section 25(a) of the Federal Reserve Act as amended.

§ 53-213. Prohibitions.—(a) Except as expressly permitted by federal law, no bank holding company that is not either a North Carolina bank holding company or a regional bank holding company shall acquire a North Carolina bank holding company or a North Carolina bank.

(b) Except as required by federal law, a North Carolina bank holding company or a regional bank holding company that ceases to be a North Carolina bank holding company or a regional bank holding company shall as soon as practicable and, in all events, within one year after such event divest itself of control of all North Carolina bank holding companies and all North Carolina banks: Provided, however, that such divestiture shall not be required if the North Carolina bank holding company or the regional bank holding company ceases to be a North Carolina bank holding company or a regional bank holding company, as the case may be, because of an increase in the deposits held by bank subsidiaries not located within the region and if such increase is not the result of the acquisition of a bank or bank holding company.

§ 53-214. Applicable laws, rules and regulations.—(a) Any North Carolina bank that is controlled by a bank holding company that is not a North Carolina bank holding company shall be subject to all laws of this State and all rules and regulations under such laws that are applicable to North Carolina banks that are controlled by North Carolina bank holding companies.
(b) Notwithstanding the provisions of G.S. 53-95, the Commissioner may promulgate rules, including the imposition of a reasonable application and administration fee, to implement and effectuate the provisions of this Article.

“§53-215. Appeal of commissioner’s decision.—Notwithstanding any other provision of law, any aggrieved party in a proceeding under G.S. 53-211 or G.S. 53-212(2) may, within 30 days after final decision of the Commissioner and by written notice to the Commissioner, appeal directly to the North Carolina Court of Appeals for judicial review on the record. In the event of an appeal the Commissioner shall certify the record to the Clerk of the Court of Appeals within 30 days after filing of the appeal.

“§53-216. Periodic reports; interstate agreements.—The Commissioner may from time to time require reports under oath in such scope and detail as he may reasonably determine of each regional bank holding company subject to this Article for the purpose of assuring continuing compliance with the provisions of this Article.

The Commissioner may enter into cooperative agreements with other bank regulatory authorities for the periodic examination of any regional bank holding company that has a North Carolina bank subsidiary and may accept reports of examination and other records from such authorities in lieu of conducting its own examinations. The Commissioner may enter into joint actions with other bank regulatory authorities having concurrent jurisdiction over any regional bank holding company that has a North Carolina bank subsidiary or may take such actions independently to carry out its responsibilities under this Article and assure compliance with the provisions of this Article and the applicable banking laws of this State.

“§53-217. Enforcement.—The Commissioner shall have the power to enforce the provisions of this Article, including the divestiture requirement of G.S. 53-213(b), through an action in any court of this State or any other state or in any court of the United States, as provided in G.S. 53-94 and G.S. 53-134, for the purpose of obtaining an appropriate remedy for violation of any provision of this Article, including such criminal penalties as are contemplated by G.S. 53-134.

“§53-218. Nonseverability.—It is the purpose of this Article 17 to facilitate orderly development of banking organizations that have banking offices in more than one state within the region. It is not the purpose of this Article to authorize acquisitions of North Carolina bank holding companies or North Carolina banks by bank holding companies that do not have their principal place of business in this State on any basis other than as expressly provided in this Article. Therefore, if any portion of this Article pertaining to the terms and conditions for and limitations upon acquisition of North Carolina bank holding companies and North Carolina banks by bank holding companies that do not have their principal place of business in this State is determined to be invalid for any reason by a final nonappealable order of any North Carolina or federal court of competent jurisdiction, then this entire Article shall be null and void in its entirety and shall be of no further force or effect from the effective date of such order: Provided, however, that any transaction that has been lawfully consummated pursuant to this Article prior to a determination of invalidity shall be unaffected by such determination.

“ARTICLE 18.

§53-225. Title and scope.—(a) This Article shall be known and may be cited as the North Carolina Bank Holding Company Act of 1984.

(b) This Article provides for the registration of bank holding companies in North Carolina. Nothing contained in this Article shall be deemed to apply to the registration, examination or supervision of banks or trust companies.

(c) Actions by the Commissioner under this Article shall not be subject to review by the State Banking Commission but shall be reviewable pursuant to G.S. 53-231.

§53-226. Definitions.—For the purposes of this Article:

(a) 'Bank' means any insured bank as the term is defined in Section 3(h) of the Federal Deposit Insurance Act, (12 U.S.C. Section 1813(h)), or any institution eligible to become an insured bank as the term is defined therein, which, in either event:

(1) Accepts deposits that the depositor has a legal right to withdraw on demand; and

(2) Engages in the business of making commercial loans.

(b) 'Bank holding company' means any company which has control over any bank.

(c) 'Commissioner' means the Commissioner of Banks of this State.

(d) 'Company' means a corporation, joint stock company, business trust, partnership, voting trust, association, and any similar organized group of persons, whether incorporated or not, and whether or not organized under the laws of this State or any other state or any territory or possession of the United States or under the laws of the foreign country, territory, colony or possession thereof, other than a corporation all the capital of which is owned by the United States or a corporation which is chartered by the Congress of the United States; 'company' includes subsidiary and parent companies.

(e) 'Control' means that:

(1) Any company directly or indirectly or acting through one or more persons owns, controls, or has power to vote twenty-five per centum (25%) or more of the voting securities of the bank;

(2) The company controls in any manner the election of a majority of the directors, managers or trustees of the bank or company; or

(3) The Commissioner determines, after notice and opportunity for hearing, that the company directly or indirectly exercises a controlling influence over the management or policies of the bank or company.

(f) 'Subsidiary', with respect to a bank holding company, means:

(1) Any company twenty-five per centum (25%) or more of whose voting shares (excluding shares owned by the United States or by any company wholly owned by the United States) is held by it with power to vote;

(2) Any company the election of a majority of whose directors is controlled in any manner by a bank holding company; or

(3) Any company with respect to the management or policies of which a bank holding company has the power, directly or indirectly, to exercise control, as determined by the Commissioner.

(g) For the purposes of any proceeding under subdivisions (e)(3) and (f)(3) of this section, there is a presumption that any company which directly or indirectly owns, controls, or has power to vote less than 5 percent (5%) of any
class of voting securities of a given bank or company does not have control over that bank or company.

§53-227. Registration of bank holding companies.—Every bank holding company, not later than July 1, 1985, or within 180 days after becoming a bank holding company controlling a North Carolina federally or State-chartered bank or banks, or within 180 days after acquiring control over a nonbank subsidiary or subsidiaries having offices located in this State shall register with the Commissioner on forms approved by the Commissioner.

§53-228. Cease and desist.—Upon a finding that any action of a bank holding company or nonbank subsidiary subject to this Article may be in violation of any North Carolina banking law, the Commissioner, after a reasonable notice to the bank holding company or its nonbank subsidiary and an opportunity for it to be heard, shall have the authority to order it to cease and desist from such action. If the bank holding company or nonbank subsidiary fails to appeal such decision in accordance with G.S. 53-231 hereof and continues to engage in such action in violation of the Commissioner's order to cease and desist such action, it shall be subject to a penalty of one thousand dollars ($1,000), to be recovered with costs by the Commissioner in any court of competent jurisdiction in a civil action prosecuted by the Commissioner. The penalty provision of this section shall be in addition to and not in lieu of any other provision of law applicable to a bank holding company's or its nonbank subsidiary's failure to comply with an order of the Commissioner.

§53-229. Acquisition and control of certain nonbank banking institutions.—Notwithstanding any other provisions of this Article or any other provision of the General Statutes of this State, no bank holding company or any other company may acquire or control any banking institution that:

(1) has offices located in this State; and 
(2) is not a bank as defined in G.S. 53-226(a) of this Article.

For purposes of this section, ‘company’ means any corporation, partnership, business trust, association, or similar organization, or any other trust unless by its terms it must terminate within 25 years or not later than 21 years and 10 months after the death of individuals living on the effective date of the trust, and ‘banking institution’ means any institution organized under Article 2 of Chapter 53 (G.S. 53-2, et seq.) or Article 11 of Chapter 53 (G.S. 53-136, et seq.) of the General Statutes of this State or under Chapter 2 of Title 12 of the United States Code (12 U.S.C. §21, et seq.). Provided, the provisions of G.S. 53-229 shall not apply to applications by any company which is chartered by the Congress of the United States and which application is pending before the Commissioner on the effective date of this section.

§53-230. Rules.—Notwithstanding the provision of G.S. 53-95, the Commissioner may promulgate such reasonable rules as may be necessary to effectuate the purposes of this Article.

§53-231. Appeal of commissioner's decision.—Notwithstanding any other provision of law, any aggrieved party may, within 30 days after final decision of the Commissioner and by written notice to the Commissioner, appeal directly to the North Carolina Court of Appeals or judicial review on the record. In the event of an appeal, the Commissioner shall certify the record to the Clerk of the Court of Appeals within 30 days thereafter. Such record shall include all memoranda, briefs and any other documents, data, information or evidence submitted by any party to such proceeding except for material such as trade
secrets normally not available through commercial publication for which such party has made a claim of confidentiality and requested exclusion from the record which the Commissioner deems confidential. All factual information contained in any report of examination or investigation submitted to or obtained by the Commissioner’s staff shall also be made a part of the record unless deemed confidential by the Commissioner.

§ 53-232. Fees.—Each bank holding company subject to this act shall pay the following fees:
(a) An initial registration fee of $1,000.
(b) An annual registration fee of $750.00.
(c) A fee of $50.00 for the issuance of any certified copies of documents plus $1.00 per page over a number of pages specified by the Commissioner.”

Sec. 2. G.S. 7A-29(a) is amended by inserting the words “the Commissioner of Banks pursuant to Articles 17 and 18 of Chapter 53 of the General Statutes,” after the words “the North Carolina Utilities Commission”.

Sec. 3. The question of the extent of authority beyond that conferred by Article 17 upon the Commissioner of Banks with regard to the acquisition of a North Carolina bank or bank holding company by an out-of-State regional bank holding company is referred to the Committee on Taxation and Regulation of Banks, Savings and Loan Associations, and Credit Unions of the Legislative Research Commission for study and report to the 1985 Session of the General Assembly.

Sec. 4. Article 17 of Chapter 53 of the General Statutes contained in Section 1 of this act shall become effective January 1, 1985. The rest of this act is effective upon ratification.

In the General Assembly read three times and ratified, this the 7th day of July, 1984.

H. R. 1486  RESOLUTION 67
A JOINT RESOLUTION EXPRESSING THE GENERAL ASSEMBLY'S
DISAPPROVAL AND REJECTION OF THE UNITARY METHOD OF
TAXATION WHEREBY THE WORLDWIDE EARNINGS OF A
MULTINATIONAL BUSINESS ENTERPRISE ARE SUBJECTED TO
STATE INCOME TAX.

Whereas, in its recent decision in Container Corporation of America v.
Franchise Tax Board, the United States Supreme Court upheld California's
taxation of the worldwide earnings of the Container Corporation of America
based on the unitary tax concept; and

Whereas, under this concept, a state may look beyond the corporate
structure in determining what constitutes a single or unitary business enterprise
and require an enterprise that operates in a foreign country as well as in the
state to apportion part of its worldwide earnings to the state in determining its
taxable income in that state; and

Whereas, the General Assembly finds that this method of taxation often
results in double taxation of the earnings of a multinational business enterprise
by requiring the enterprise to pay tax on part of its same earnings to both a
foreign country and a state in the United States that applies the unitary tax
concept and formula apportionment to this type business enterprise; and

Whereas, the General Assembly finds that utilization of this method of
taxation by a state discourages a corporation that does business in a foreign
country from locating in that state; and

Whereas, the General Assembly finds that this method of taxation imposes
an undue administrative burden on companies that operate in more than one
country;

Now, therefore, be it resolved by the House of Representatives, the Senate
concurring:

Section 1. The North Carolina General Assembly expresses its
disapproval of the unitary method of taxation that permits a state to impose an
income tax on that part of the worldwide earnings of a multinational business
enterprise that are apportioned to the state. The General Assembly finds that
this method of taxation frequently subjects a multinational business enterprise
Resolutions—1984

to double taxation and that utilization of this method of taxation by a state discourages corporations that operate in a foreign country from locating in that state. For these reasons, the General Assembly expressly rejects this method of taxation for use in North Carolina.

Sec. 2. The Secretary of State shall send certified copies of this resolution to the members of the North Carolina delegation to the Congress of the United States and to the Chairman of the President’s Task Force of the Worldwide Unitary Tax Working Group.

S. R. 825  RESOLUTION 77

A JOINT RESOLUTION MEMORIALIZING CONGRESS AND THE PRESIDENT IN SUPPORT OF COMPREHENSIVE SOCIAL SECURITY DISABILITY REFORM.

Whereas, changes in federal policy implemented in 1981 have led to the termination of thousands of North Carolinians formerly receiving Social Security disability benefits; and

Whereas, over two-thirds of those who appealed their terminations were found to have been unlawfully denied benefits; and

Whereas, North Carolina has placed a moratorium on terminations by a 1983 Executive Order which remains in place; and

Whereas, much needed comprehensive reform legislation has been introduced and is being considered in both the United States Senate and House of Representatives; Now, therefore,

Be it resolved by the Senate, the House of Representatives concurring:

Section 1. The North Carolina General Assembly requests that the delegation to the United States Senate and House of Representatives from North Carolina use every available means to assure that meaningful reform legislation is passed to protect the rights of the disabled under both Title II and Title XVI of the Social Security Act.

Sec. 2. The North Carolina General Assembly recommends that such reform legislation include:

(1) A requirement that the Social Security Administration demonstrate a clear improvement in a claimant's medical condition before terminating disability benefits;

(2) The continuation of a terminated claimant's benefits through appeal to the Appeals Council;

(3) Improvements in Continuing Disability Review procedures;

(4) A mandate to consider all available medical evidence in the consideration of both initial claims and terminations; and

(5) A requirement that the Social Security Administration promulgate all disability standards in the form of regulations, subject to public notice and comment.
Sec. 3. The North Carolina General Assembly urges that the President of the United States take all steps necessary to ensure passage of meaningful reform legislation regarding Title II and Title XVI of the Social Security Act.

A JOINT RESOLUTION REQUESTING THE CONTINUATION AND EXPANSION OF THE STATEWIDE SCREENING SERVICE FOR THE DETECTION OF CERTAIN NEONATAL METABOLIC DISORDERS.

Whereas, inborn errors of metabolism occur in many infants born in North Carolina each year; and
Whereas, when undetected and untreated, these inborn errors may lead to serious physical and mental defects; and
Whereas, the technology is now available to detect several of these inborn errors at birth; and
Whereas, this early detection and treatment can prevent the onset of serious defects and at the same time reduce State expenditures for medical care and long-term institutionalization; and
Whereas, the Division of Health Services' voluntary screening service for the detection of phenylketonuria and hypothyroidism in newborns has resulted in ninety-seven percent (97%) of all newborns being tested for these metabolic disorders; and
Whereas, there remain several serious metabolic disorders for which tests exist but for which there is as yet no statewide screening program; and
Whereas, the metabolic disorder galactosemia, which leads to severe mental retardation and early death, is principal among these;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Whereas, 147,000 North Carolinians are employed due to the production of tobacco; and

Whereas, approximately fifty percent (50%) of all U.S. cigarettes are made in North Carolina, with 25,202 employed in tobacco manufacturing in this State, earning wages of five hundred ninety-six million seven hundred thirty-nine thousand eight hundred forty-seven dollars ($596,739,847); and

Whereas, a House-Senate Conference Committee is currently considering the provisions of HR 4170 as passed by both congressional bodies and is expected to act during the week of June 17, 1984; and

Whereas, an extension of a higher tobacco tax, whether at 16 cents (16c) per pack or 12 cents (12c) per pack will continue to harm North Carolina’s economy; and

of private activity bonds, the amount necessary to continue healthy industrial and manufacturing development and urban-redevelopment; and

WHEREAS, Section 103 (n)(6)(B) of the Tax Act gives the authority to "proclaim a different formula for allocating the State ceiling among the governmental units in such State having authority to issue private activity bonds":

After January 1, 1985 the Issuer shall file an application for such allocation not fewer than 60 days prior to the date of issuance of such Private Activity Bonds.

The Secretary shall allocate the Volume Limitation on a first come first serve basis. When the total of all allocations equals or exceeds 75% of the Volume Limitation, subsequent allocations for Private Activity Bonds may be made only upon the receipt of an application described in Section 2 and the written approval by the Secretary and the Treasurer of the State. The Secretary and the Treasurer of the State, in making an allocation pursuant to this Section, shall take into consideration the best interests of the State with regard to economic development and the general prosperity of the people of North Carolina.

Section 6: **Distribution of Unallocated Volume Limitation**

At the end of the calendar year, if the Secretary, or Secretary and Treasurer have not allocated the full amount of the Volume Limitation, the remainder of the Volume Limitation may be allocated to projects designated as carry-forward projects pursuant to Section 103(n)(10) of the Code, including certain exempt facilities provided for Section 103(b)(4) and (5) of the Code and student loan bonds. If the remainder of the Volume Limitation is not sufficient to cover all such projects, each issue of Private Activity Bonds shall receive a share of the excess Volume Limitation proportionate to the principal amount of Private Activity Bonds set forth in the application or as otherwise agreed to by the Secretary and the State Treasurer.

Section 7: **Notice**
