PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I
DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons.

We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people.

All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State.

The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited.

This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.
Sec. 5. Allegiance to the United States.

Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers.

The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

Sec. 7. Suspending laws.

All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. Representation and taxation.

The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. Frequent elections.

For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. Free elections.

All elections shall be free.

Sec. 11. Property qualifications.

As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition.

The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty.

All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. *Education.*

The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. *Ex post facto laws.*

Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

Sec. 17. *Slavery and involuntary servitude.*

Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. *Court shall be open.*

All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. *General warrants.*

General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. *Inquiry into restraints on liberty.*

Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that
remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution.
Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused.
In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases.
No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases.
In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. Bail, fines, and punishments.
Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. Imprisonment for debt.
There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. Treason against the State.
Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same
overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30. **Militia and the right to bear arms.**

A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. **Quartering of soldiers.**

No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. **Exclusive emoluments.**

No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. **Hereditary emoluments and honors.**

No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. **Perpetuities and monopolies.**

Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. **Recurrence to fundamental principles.**

A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. **Other rights of the people.**

The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.
(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.
(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the
office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.

(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.

(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.

(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved.
by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

Sec. 6. Duties of the Lieutenant Governor.

The Lieutenant Governor shall be President of the Senate, but shall have no vote unless the Senate is equally divided. He shall perform such additional duties as the General Assembly or the Governor may assign to him. He shall receive the compensation and allowances prescribed by law.

A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the
duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) Special Qualifications for Attorney General. Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. Council of State.
The Council of State shall consist of the officers whose offices are established by this Article.

Sec. 9. Compensation and allowances.
The officers whose offices are established by this Article shall at stated periods receive the compensation and allowances prescribed by law, which shall not be diminished during the time for which they have been chosen.

Sec. 10. Seal of State.
There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina". All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina", and signed by the Governor.

Sec. 11. Administrative departments.
Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV
JUDICIAL

Section 1. Judicial power.
The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a co-ordinate department of the government, nor shall it establish or authorize any courts other than as permitted by this Article.

Sec. 2. General Court of Justice.
The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

Sec. 3. Judicial powers of administrative agencies.
The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

Sec. 4. Court for the Trial of Impeachments.
The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.

Sec. 5. Appellate division.
The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.

Sec. 6. Supreme Court.
(1) Membership. The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.

(2) Sessions of the Supreme Court. The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

Sec. 7. Court of Appeals.
The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.
Sec. 8. Retirement of Justices and Judges.

The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits for service as a Justice or Judge.

Sec. 9. Superior Courts.

(1) Superior Court districts. The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.

(2) Open at all times; sessions for trial of cases. The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.

(3) Clerks. A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. District Courts.

The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District Judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected. For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint for a term of two years, from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be filled for the unexpired term in a manner prescribed by law. Vacancies in
the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office.

Sec. 11. Assignment of Judges.

The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.

Sec. 12. Jurisdiction of the General Court of Justice.

(1) Supreme Court. The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The jurisdiction of the Supreme Court over "issues of fact" and "questions of fact" shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) Court of Appeals. The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) Superior Court. Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. The Clerks of the Superior Court shall have such jurisdiction and powers as the General Assembly shall prescribe by general law uniformly applicable in every county of the State.

(4) District Courts; Magistrates. The General Assembly shall, by general law uniformly applicable in every local court district of the State, prescribe the jurisdiction and powers of the District Courts and Magistrates.

(5) Waiver. The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) Appeals. The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. Forms of action; rules of procedure.

(1) Forms of action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall
be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

Sec. 14. Waiver of jury trial.

H.B. 1089  CHAPTER 552

AN ACT TO REMOVE LANGUAGE REQUIRING AN ATTORNEY’S OPINION AND WRITTEN STATEMENT IN APPEALS BY INDIGENTS FROM THE INDUSTRIAL COMMISSION TO THE NORTH CAROLINA COURT OF APPEALS AND TO CLARIFY THE PROCEDURE FOR SUCH INDIGENT APPEALS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 97-86 reads as rewritten:

§ 97-86. Award conclusive as to facts; appeal; certified questions of law.

The award of the Industrial Commission, as provided in G.S. 97-84, if not reviewed in due time, or an award of the Commission upon such review, as provided in G.S. 97-85, shall be conclusive and binding as to all questions of fact; but either party to the dispute may, within 30 days from the date of such award or within 30 days after receipt of notice to be sent by registered mail or certified mail of such award, but not thereafter, appeal from the decision of said Commission to the Court of Appeals for errors of law under the same terms and conditions as govern appeals from the superior court to the Court of Appeals in ordinary civil actions. The procedure for the appeal shall be as provided by the rules of appellate procedure.

The Industrial Commission of its own motion may certify questions of law to the Court of Appeals for decision and determination by said Court. In case of an appeal from the decision of the Commission, or of a certification by said Commission of questions of law, to the Court of Appeals, said appeal or certification shall operate on a supersedeas except as provided in G.S. 97-86.1, and no employer shall be required to make payment of the award involved in said appeal or certification until the questions at issue therein shall have been fully determined in accordance with the provisions of this Article. If the employer is a noninsurer, then the appeal of such employer shall not act as a supersedeas and the plaintiff in such case shall have the same right to issue execution or to satisfy the award from the property of the employer pending the appeal as obtains to the successful party in an action in the superior court.

When any party to an appeal from an award of the Commission is unable, by reason of his poverty, to make the deposit or to give the security required by law for said appeal, any member of the Commission or any deputy commissioner may, in their discretion, shall enter an order allowing said
party to appeal from the award of the Commission without giving security therefor. The party appealing from the judgment shall, within 30 days from the filing of the appeal from the award, make an affidavit that he is unable by reason of his poverty to give the security required by law, and that he is advised by a practicing attorney that there is error in the matters of law in the award of the Commission in said case. The affidavit must be accompanied by a written statement from a practicing attorney of North Carolina that he has examined the affiant’s case and is of the opinion that the decision of the Commission in said case is contrary to law. The request shall be passed upon and granted or denied by a member of the Commission or deputy commissioner within 20 days from receipt of the affidavit and letter as specified above."

Sec. 2. This act becomes effective October 1, 1996, and applies to all appeals by indigents from an order of the Industrial Commission on or after that date.

CHAPTER 553

AN ACT TO PROVIDE FOR HOLDING THE CANVASS FOR PRIMARIES AND ELECTIONS ON THE THIRD RATHER THAN THE SECOND DAY AFTER ELECTION DAY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 163-175 reads as rewritten:

"§ 163-175. County board of elections to canvass returns.

On the second third day (Sunday excepted) next after every primary and election, the county board of elections shall meet at 11:00 A.M. at the county courthouse or at the office of the county board of elections (the choice of location to be at the option of the county board of elections) to canvass the votes cast in the county and prepare the county abstracts. If the returns from any precinct have not been received by the county board by 12:00 noon on that day, or if the returns of any precinct are incomplete or defective, the board shall have authority to dispatch a peace officer to the residences of the election officials of the delinquent precinct for the purpose of securing proper returns for that precinct.

In the presence of such persons as choose to attend, the members of the county board of elections shall open the precinct returns, canvass and judicially determine the results of the voting in the county, and prepare and sign duplicate abstracts showing:

(1) In a primary, the total number of votes cast in each precinct and in the county for each candidate of each political party for each office.

(2) In an election, the number of legal votes cast in [each] precinct for each candidate, the name of each person voted for, the political party with which he is affiliated, and the total number of votes cast in the county for each person for each different office.
In complying with the provisions of this section, the county board of elections shall have power and authority to pass judicially upon all facts relative to the primary or election, to make or order such recounts as it deems necessary, and to determine judicially the result of the primary or election. Provided, however, that where a petitioner has been denied a recount upon a verbal or written order of the State Board of Elections pursuant to regulations of the State Board, the county board of elections shall not make or order a further recount. The board shall also have power to send for papers and persons and to examine them and to pass upon the legality of any disputed ballots transmitted to it by any precinct election official. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.

When, on account of errors in tabulating returns and filling out abstracts, the result of a primary or election in any one or more precincts cannot be accurately known, the county board of elections shall be allowed access to the ballot boxes in such precincts to make or order a recount and to declare the result."

Sec. 2. G.S. 163-291 reads as rewritten:

The nomination of candidates for office in cities, towns, villages, and special districts whose elections are conducted on a partisan basis shall be governed by the provisions of this Chapter applicable to the nomination of county officers, and the terms ‘county board of elections,’ ‘chairman of the county board of elections,’ ‘county officers,’ and similar terms shall be construed with respect to municipal elections to mean the appropriate municipal officers and candidates, except that:

(1) The dates of primary and election shall be as provided in G.S. 163-279.

(2) A candidate seeking party nomination for municipal or district office shall file his notice of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the first Friday in August preceding the election, except:

a. In 1991 a candidate seeking party nomination for municipal or district office in any city which elects members of its governing board on a district basis, or requires that candidates reside in a district in order to run, shall file his notice of candidacy with the board of elections no earlier than 12:00 noon on the fourth Monday in July and no later than 12:00 noon on the second Friday in August preceding the election; and

b. In 1992 if the election is held then under G.S. 160A-23.1, a candidate seeking party nomination for municipal or district office shall file his notice of candidacy with the board of elections at the same time as notices of candidacy for county officers are required to be filed under G.S. 163-106. election.

No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a
notice of candidacy for one office with the county board of
elections under this section, then a notice of candidacy may not
later be filed for any other municipal office for that election
unless the notice of candidacy for the first office is withdrawn
first.

(3) The filing fee for municipal and district primaries shall be fixed
by the governing board not later than the day before candidates
are permitted to begin filing notices of candidacy. There shall be
a minimum filing fee of five dollars ($5.00). The governing
board shall have the authority to set the filing fee at not less than
five dollars ($5.00) nor more than one percent (1%) of the
annual salary of the office sought unless one percent (1%) of the
annual salary of the office sought is less than five dollars ($5.00),
in which case the minimum filing fee of five dollars ($5.00) will
be charged. The fee shall be paid to the board of elections at the
time notice of candidacy is filed.

(4) The municipal ballot may not be combined with any other ballot.

(5) The canvass of the primary and second primary shall be held on
the Thursday third day (Sunday excepted) following the primary
or second primary. In accepting the filing of complaints
concerning the conduct of an election, a board of elections shall
be subject to the rules concerning Sundays and holidays set forth
in G.S. 103-5.

(6) Candidates having the right to demand a second primary shall do
so not later than 12:00 noon on the Monday following the
canvass of the first primary."

Sec. 3. G.S. 163-293 reads as rewritten:
"§ 163-293. Determination of election results in cities using the election and
runoff election method.

(a) Except as otherwise provided in this section, nonpartisan municipal
elections in cities using the election and runoff election method shall be
determined by a majority of the votes cast. A majority within the meaning
of this section shall be determined as follows:

(1) When more than one person is seeking election to a single office,
the majority shall be ascertained by dividing the total vote cast for
all candidates by two. Any excess of the sum so ascertained shall
be a majority, and the candidate who obtains a majority shall be
declared elected.

(2) When more persons are seeking election to two or more offices
(constituting a group) than there are offices to be filled, the
majority shall be ascertained by dividing the total vote cast for all
candidates by the number of offices to be filled, and by dividing
the result by two. Any excess of the sum so ascertained shall be a
majority, and the candidates who obtain a majority shall be
declared elected. If more candidates obtain a majority than there
are offices to be filled, those having the highest vote (equal to the
number of offices to be filled) shall be declared elected.

(b) If no candidate for a single office receives a majority of the votes
cast, or if an insufficient number of candidates receives a majority of the
votes cast for a group of offices, a runoff election shall be held as herein provided:

(1) If no candidate for a single office receives a majority of the votes cast, the candidate receiving the highest number of votes shall be declared elected unless the candidate receiving the second highest number of votes requests a runoff election in accordance with subsection (c) of this section. In the runoff election only the names of the two candidates who received the highest and next highest number of votes shall be printed on the ballot.

(2) If candidates for two or more offices (constituting a group) are to be selected and aspirants for some or all of the positions within the group do not receive a majority of the votes, those candidates equal in number to the positions remaining to be filled and having the highest number of votes shall be declared elected unless some one or all of the candidates equal in number to the positions remaining to be filled and having the second highest number of votes shall request a runoff election in accordance with subsection (c) of this section. In the runoff election to elect candidates for the positions in the group remaining to be filled, the names of all those candidates receiving the highest number of votes and demanding a runoff election shall be printed on the ballot.

(c) The canvass of the first election shall be held on the Thursday third day (Sunday excepted) after the election. A candidate entitled to a runoff election may do so by filing a written request for a runoff election with the board of elections no later than 12:00 noon on the Monday after the result of the first election has been officially declared. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.

(d) Tie votes; how determined:

(1) If there is a tie for the highest number of votes in a first election, the board of elections shall conduct a recount and declare the results. If the recount shows a tie vote, a runoff election between the two shall be held unless one of the candidates, within three days after the result of the recount has been officially declared, files a written notice of withdrawal with the board of elections. Should that be done, the remaining candidate shall be declared elected.

(2) If one candidate receives the highest number of votes cast in a first election, but short of a majority, and there is a tie between two or more of the other candidates receiving the second highest number of votes, the board of elections shall declare the candidate having the highest number of votes to be elected, unless all but one of the tied candidates give written notice of withdrawal to the board of elections within three days after the result of the first election has been officially declared. If all but one of the tied candidates withdraw within the prescribed three-day period, and the remaining candidate demands a runoff election in accordance with subsection (c) of this section, a runoff election shall be held.
between the candidate who received the highest vote and the
remaining candidate who received the second highest vote.

(e) Runoff elections shall be held on the date fixed in G.S. 163-279(a)(4). Persons whose registrations become valid between the date of the first election and the runoff election shall be entitled to vote in the runoff election, but in all other respects the runoff election shall be held under the laws, rules, and regulations provided for the first election.

(f) A second runoff election shall not be held. The candidates receiving the highest number of votes in a runoff election shall be elected. If in a runoff election there is a tie for the highest number of votes between two candidates, the board of elections shall determine the winner by lot."

Sec. 4. G.S. 163-294 reads as rewritten:

(a) In cities whose elections are nonpartisan and who use the nonpartisan primary and election method, there shall be a primary to narrow the field of candidates to two candidates for each position to be filled if, when the filing period closes, there are more than two candidates for a single office or the number of candidates for a group of offices exceeds twice the number of positions to be filled. If only one or two candidates file for a single office, no primary shall be held for that office and the candidates shall be declared nominated. If the number of candidates for a group of offices does not exceed twice the number of positions to be filled, no primary shall be held for those offices and the candidates shall be declared nominated.

(b) In the primary, the two candidates for a single office receiving the highest number of votes, and those candidates for a group of offices receiving the highest number of votes, equal to twice the number of positions to be filled, shall be declared nominated. In both the primary and election, a voter should not mark more names for any office than there are positions to be filled by election, as provided in G.S. 163-135(e) and G.S. 163-151(2). If two or more candidates receiving the highest number of votes each received the same number of votes, the board of elections shall determine their relative ranking by lot, and shall declare the nominees accordingly. The canvass of the primary shall be held on the Thursday third day (Sunday excepted) following the primary. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.

(c) In the election, the names of those candidates declared nominated without a primary and those candidates nominated in the primary shall be placed on the ballot. The candidate for a single office receiving the highest number of votes shall be elected. Those candidates for a group of offices receiving the highest number of votes, equal in number to the number of positions to be filled, shall be elected. If two candidates receiving the highest number of votes each received the same number of votes, the board of elections shall determine the winner by lot."

"§ 163-42. Assistants at polls; appointment; term of office; qualifications; oath of office.

Each county and municipal board of elections is authorized, in its discretion, to appoint two or more assistants for each precinct to aid the chief judge and judges. Not more than two assistants shall be appointed in precincts having 500 or less registered voters. Assistants shall be qualified voters of the precinct for which appointed. When the board of elections determines that assistants are needed in a precinct an equal number shall be appointed from different political parties, unless the requirement as to party affiliation cannot be met because of an insufficient number of voters of different political parties within a precinct.

In the discretion of the county board of elections, a precinct assistant may serve less than the full day prescribed for chief judges and judges in G.S. 163-47(a).

The chairman of each political party in the county shall have the right to recommend from three to 10 registered voters in each precinct for appointment as precinct assistants in that precinct. If the recommendations are received by it no later than the thirtieth day prior to the primary or election, the board shall make appointments of the precinct assistants for each precinct from the names thus recommended.

Before entering upon the duties of the office, each assistant shall take the oath prescribed in G.S. 163-41(a) to be administered by the chief judge of the precinct for which the assistant is appointed. Assistants serve for the particular primary or election for which they are appointed, unless the county board of elections appoints them for a term to expire on the date appointments are to be made pursuant to G.S. 163-41."

"(d) The Department of Commerce, with the approval of the Governor,
may apply for and accept grants from the federal government and its
agencies and from any foundation, corporation, association, or individual

order to accomplish the Department's purposes. Grant funds shall be
expended pursuant to the Executive Budget Act. In addition, the Department
shall have the following powers and duties with respect to its duties in
administering federal programs:

(1) To negotiate, collect, and pay reasonable fees and charges
regarding the making or servicing of grants, loans, or other
evidences of indebtedness.

(2) To establish and revise by regulation, in accordance with Chapter
150B of the General Statutes, schedules of reasonable rates, fees,
or charges for services rendered, including but not limited to,
reasonable fees or charges for servicing applications. Schedules of
rates, fees, or charges may vary according to classes of service,
To pledge current and future federal fund appropriations to the State from the Community Development Block Grant (CDBG) program for use as loan guarantees in accordance with the provisions of the Section 108 Loan Guarantee program, Subpart M, 24 CFR 570.700, et seq., authorized by the Housing and Community Development Act of 1974 and amendments thereto. The Department may enter into loan guarantee agreements in support of projects sponsored by individual local governments or in support of pools of two or more projects supported by local governments with authorized State and federal agencies and other necessary parties in order to carry out its duties under this subdivision. In making loan guarantees and grants under this subdivision the Department shall take into consideration project applications, geographic diversity and regional balance in the entire community development block grant program. In making loan guarantees authorized under this subdivision, the Department shall ensure that apportionment of the risks involved in pledging future federal funds in accordance with State policies and priorities for financial support of categories of assistance is made primarily against the category from which the loan guarantee originally derived. A pledge of future CDBG funds under this subdivision is not a debt or liability of the State or any political subdivision of the State or a pledge of the faith and credit of the State or any political subdivision of the State. The pledging of future CDBG funds under this subdivision does not directly, indirectly, or contingently obligate the State or any political subdivision of the State to levy or to pledge any taxes, nor may pledges exceed twice the amount of annual CDBG funds.

Prior to issuing a Section 108 Loan Guarantee agreement, the Department of Commerce must make the following findings:

a. The minimum size of the Section 108 Loan Guarantee is (i) seven hundred fifty thousand dollars ($750,000) for a project supported by an individual local government and (ii) two hundred fifty thousand dollars ($250,000) for a project supported as part of a loan pool; and the maximum size is five million dollars ($5,000,000) per project.

b. The Section 108 Loan Guarantee cannot constitute more than fifty percent (50%) of total project costs.

c. The project has twenty-five percent (25%) ten percent (10%) equity from the corporation, partnership, or sponsoring party. 'Equity' means cash, real estate, or other hard assets contributed to the project and loans that are subordinated in payment and collateral during the term of the Section 108 Loan Guarantee.

d. The project has the personal guarantee of any person owning ten percent (10%) or more of the corporation, partnership, or sponsoring entity, except for projects involving Low-
Income Housing Tax Credits—under section 42 of the Internal Revenue Code or Historic Tax Credits under section 47 of the Internal Revenue Code. Collateral on the loan must be sufficient to cover outstanding debt obligations.

e. The project has sufficient cash flow from operations for debt service to repay the Section 108 loan.

f. The project meets all underwriting and eligibility requirements of the North Carolina Section 108 Guarantee Program Guidelines and of the Department of Housing and Urban Development regulations, except that projects involving hotels, motels, private recreational facilities, private entertainment facilities, and convention centers are ineligible for Section 108 loan guarantees.

The Department shall create a loan loss reserve fund as additional security for loans guaranteed under this section and may deposit federal program income or other funds governed by this section into the loan loss reserve fund. The Department shall maintain a balance in the reserve fund of no less than ten percent (10%) of the outstanding indebtedness secured by Section 108 loan guarantees."

Sec. 2. G.S. 153A-376(g) reads as rewritten:

"(g) Any county may receive and dispense funds from the Community Development Block Grant Section 108 Loan Guarantee program, Subpart M, 24 CFR 570.700 et seq., either through application to the North Carolina Department of Commerce or directly from the federal government, in accordance with State and federal laws governing these funds. Any county that receives these funds directly from the federal government may pledge current and future CDBG funds for use as loan guarantees in accordance with State and federal laws governing these funds. Sec. 4. G.S. 159C-3(6) reads as rewritten:

"(6) ‘Financing agreement’ shall mean a written instrument establishing the rights and responsibilities of the authority and the operator, authority, operator, and obligor with respect to a project financed by the issuance of bonds. A financing agreement may be in the nature of a lease, a lease and leaseback, a sale and leaseback, a lease purchase, an installment sale and purchase agreement, a conditional sales agreement, a secured or unsecured loan agreement or other similar contract and may involve property in addition to the property financed with the bonds."

Sec. 5. G.S. 159C-3(7) reads as rewritten:

"(7) ‘Obligor’ shall mean collectively the operator and any others any person or persons, which may include the operator, who shall be obligated under a financing agreement or guaranty agreement or other contract or agreement to make payments to, or for the benefit of, the holders of bonds of the authority. Any requirement of an obligor may be satisfied by any one or more persons who are defined collectively by this Chapter as the obligor."

Sec. 6. G.S. 159C-7 reads as rewritten:

"§ 159C-7. Approval of project.

No bonds may be issued by an authority unless the project for which the issuance thereof is proposed is first approved by the Secretary of Commerce. The authority shall file an application for approval of its proposed project with the Secretary of Commerce, and shall notify the Local Government Commission of such filing.

The Secretary shall not approve any proposed project unless he shall make all of the following, applicable findings:

(1) In the case of a proposed industrial project,
   a. That the operator of the proposed project pays, or has agreed to pay thereafter, an average weekly manufacturing wage (i) which is above the average weekly manufacturing wage paid in the county, or (ii) which is not less than ten percent (10%) above the average weekly manufacturing wage paid in the State, and
   b. That the proposed project will not have a materially adverse effect on the environment;
(2) In the case of a proposed pollution control project, that such project will have a materially favorable impact on the environment or will prevent or diminish materially the impact of pollution which would otherwise occur; and

(2a) In the case of a hazardous waste facility or low-level radioactive waste facility which is used as a reduction, recovery or recycling facility, that such project will further the waste management goals of North Carolina and will not have an adverse effect upon public health or a significant adverse effect on the environment.

(3) In any case (whether the proposed project is an industrial or a pollution control project), except a pollution control project for a public utility,

a. That the jobs to be generated or saved, directly or indirectly, by the proposed project will be large enough in number to have a measurable impact on the area immediately surrounding the proposed project and will be commensurate with the size and cost of the proposed project,

b. That the proposed operator of the proposed project has demonstrated or can demonstrate the capability to operate such project, and

c. That the financing of such project by the authority will not cause or result in the abandonment of an existing industrial or manufacturing facility of the proposed operator or an affiliate elsewhere within the State unless the facility is to be abandoned because of obsolescence, lack of available labor in the area, or site limitations.

If the initial proposed operator of a project is not expected to be the operator for the term of the bonds proposed to be issued, the Secretary may make the findings required pursuant to subdivisions (1)a. and (3)b. only with respect to the initial operator. The initial operator shall be identified in the application for approval of the proposed project. In no case shall the Secretary of Commerce make the findings required by subdivisions (1)b and (2) of this section unless he shall have first received a certification from the Department of Environment, Health, and Natural Resources that, in the case of a proposed industrial project, the proposed project will not have a materially adverse effect on the environment and that, in the case of a proposed pollution control project, the proposed project will have a materially favorable impact on the environment or will prevent or diminish materially the impact of pollution which would otherwise occur. In no case shall the Secretary of Commerce make the findings required by subdivision (2a) unless he shall have first received a certification from the Department of Environment, Health, and Natural Resources that the proposed project is environmentally sound, will not have an adverse effect on public health and will further the waste management goals of North Carolina. In any case where the Secretary shall make all of the required findings respecting a proposed industrial project except that prescribed in subparagraph (1)a of this section, the Secretary may, in his discretion, approve the proposed project if he shall have received (i) a resolution of the governing body of the county requesting that the proposed project be approved notwithstanding that
the operator will not pay an average weekly manufacturing wage above the average weekly manufacturing wage in the county and (ii) a letter from an appropriate State official, selected by the Secretary, to the effect that unemployment in the county is especially severe.

To facilitate his review of each proposed project, the Secretary may require the authority to obtain and submit such data and information about such project as the Secretary may prescribe. In addition, the Secretary may, in his discretion, request the authority to hold a public hearing on the proposed project for the purpose of providing the Secretary directly with the views of the community to be affected. The Secretary may also prescribe such forms and such rules and regulations as he shall deem reasonably necessary to implement the provisions of this section.

If the Secretary approves the proposed project, he shall prepare a certificate of approval evidencing such approval and setting forth his findings and shall cause said certificate of approval to be published in a newspaper of general circulation within the county. Any such approval shall be reviewable as provided in Article 4 of Chapter 150B of the General Statutes of North Carolina only by an action filed, within 30 days after notice of such findings and approval shall have been so published, in the Superior Court of Wake County. Such superior court is hereby vested with jurisdiction to hear such action, but if no such action is filed within the 30 days herein prescribed, the validity of such approval shall be conclusively presumed, and no court shall have authority to inquire into such approval. Copies of the certificate of approval of the proposed project will be given to the authority, the governing body of the county and the Secretary of the Local Government Commission.

Such certificate of approval shall become effective immediately following the expiration of such 30-day period or the expiration of any appeal period after a final determination by any court of any action timely filed pursuant to this section. Such certificate shall expire one year after its date unless extended by the Secretary who shall not extend such certificate unless he shall again approve the proposed project as provided in this section."

Sec. 7. G.S. 159C-8 reads as rewritten:

"§ 159C-8. Approval of bonds."

No bonds may be issued by an authority unless the issuance thereof is first approved by the Local Government Commission.

The authority shall file an application for approval of its proposed bond issue with the Secretary of the Local Government Commission, and shall notify the Secretary of the Department of Commerce of such filing.

In determining whether a proposed bond issue should be approved, the Local Government Commission may consider, without limitation, the following:

(1) Whether the proposed operator and obligor have demonstrated or can demonstrate the financial responsibility and capability to fulfill their obligations with respect to the financing agreement. In making such determination, the Commission may consider the operator's experience and the obligor's ratio of current assets to current liabilities, net worth, earnings trends and coverage of fixed charges, the nature of the industry or business involved and its
stability and any additional security such as insurance, guaranties or property to be pledged to secure such bonds.

(2) Whether the political subdivisions in or near which the proposed project is to be located have the ability to cope satisfactorily with the impact of such project and to provide, or cause to be provided, the public facilities and services, including utilities, that will be necessary for such project and on account of any increase in population which are expected to result therefrom.

(3) Whether the proposed date and manner of sale will have an adverse effect upon any scheduled or anticipated sale of obligations by the State or any political subdivision or any agency of either of them.

If the initial proposed operator of the project is not expected to be the operator for the term of the bonds proposed to be issued, the Local Government Commission may consider the matters required under subdivision (1) only with respect to the initial operator. The obligor shall be obligated to perform all of the duties of the obligor required hereunder during the term the bonds are outstanding. The Local Government Commission shall evaluate the obligor's ability to perform these duties without regard to whether the initial proposed operator of the project is expected to be the operator for the term of the bonds proposed to be issued. To facilitate the review of the proposed bond issue by the Commission, the Secretary may require the authority to obtain and submit such financial data and information about the proposed bond issue and the security therefor, including the proposed prospectus or offering circular, the proposed financing agreement and security document and annual and other financial reports and statements of the obligor, as the Secretary may prescribe. The Secretary may also prescribe such forms and such rules and regulations as he shall deem reasonably necessary to implement the provisions of this section."

Sec. 8. G.S. 159C-11 reads as rewritten:

"§ 159C-11. Financing agreements.

Every financing agreement shall provide that:

(1) The amounts payable under the financing agreement shall be sufficient to pay all of the principal of and redemption premium, if any, and interest on the bonds that shall be issued by the authority to pay the cost of the project as the same shall respectively become due;

(2) The obligor shall pay all costs incurred by the authority in connection with the financing and administration of the project, except as may be paid out of the proceeds of bonds or otherwise, including, but without limitation, insurance costs, the cost of administering the financing agreement and the security document and the fees and expenses of the fiscal agent or trustee, paying agents, attorneys, consultants and others;

(3) The obligor shall pay all the costs and expenses of operation, maintenance and upkeep of the project; and

(4) The obligor’s obligation to provide for the payment of the bonds in full shall not be subject to cancellation, termination or abatement
until such payment of the bonds or provision therefor shall be made.

(5) If the proposed initial operator of the project is not expected to be the operator for the term of the bonds proposed to be issued, the financing agreement shall require that the obligor attempt to arrange for a new operator when the current operator discontinues serving as operator. The new operator is subject to the approval of the Secretary under subdivisions (1)a. and (3)b. of G.S. 159C-7 and of the Local Government Commission under G.S. 159C-8.

The financing agreement, if in the nature of a lease agreement, shall either provide that the obligor shall have an option to purchase, or require that the obligor purchase, the project upon the expiration or termination of the financing agreement subject to the condition that payment in full of the principal of, and the interest and any redemption premium on, the bonds, or provision therefor, shall have been made.

The financing agreement may provide the authority with rights and remedies in the event of a default by the obligor thereunder including, without limitation, any one or more of the following:

1. Acceleration of all amounts payable under the financing agreement;
2. Reentry and repossession of the project;
3. Termination of the financing agreement;
4. Leasing or sale or foreclosure of the project to others; and
5. Taking whatever actions at law or in equity may appear necessary or desirable to collect the amounts payable under, and to enforce covenants made in, the financing agreement.

The authority's interest in a project under a financing agreement may be that of owner, lessor, lessee, conditional or installment vendor, mortgagor, mortgagee, secured party or otherwise, but the authority need not have any ownership or possessory interest in the project.

The authority may assign all or any of its rights and remedies under the financing agreement to the trustee or the bondholders under a security document.

Any such financing agreement may contain such additional provisions as in the determination of the authority are necessary or convenient to effectuate the purposes of this Chapter."

CHAPTER 579

AN ACT TO DEVELOP A PROPOSAL FOR A RESERVE FUND TO PAY CATASTROPHIC LOSSES AS RECOMMENDED BY THE LEGISLATIVE RESEARCH COMMISSION'S COMMITTEE ON INSURANCE AND INSURANCE-RELATED ISSUES.

Whereas, there is a compelling State interest in maintaining a viable and orderly private sector market for property insurance in the State; and

Whereas, mortgages require reliable property insurance, and the unavailability of reliable property insurance would therefore make most real estate transactions impossible; and

Whereas, the public health, safety, and welfare demand that structures damaged or destroyed in a catastrophe be repaired or reconstructed as soon as possible; and

Whereas, the inability of the private sector insurance and reinsurance markets to maintain sufficient capacity to enable residents of the beach area of the State to obtain property insurance coverage in the private sector endangers the economy of the State and endangers the public health, safety, and welfare; and

Whereas, many property insurers are unable or unwilling to maintain reserves, surplus, and reinsurance sufficient to enable the insurers to pay all claims in full in the event of a catastrophe and State action is necessary to
protect the public from an insurer’s unwillingness or inability to maintain sufficient reserves, surplus, and reinsurance; and

Whereas, in order to increase insurance capacity, it is essential to the functioning of a State program that revenues received be exempt from federal taxation; Now, therefore,

The General Assembly of North Carolina enacted:

Section 1. The Department of Insurance and the North Carolina Insurance Underwriting Association shall study the feasibility of and develop a proposal for a reserve fund to operate exclusively for the purpose of paying catastrophic losses incurred by wind risks insured under policies issued by the Association and for protecting and advancing the State’s interest in maintaining insurance capacity in the State. The Department and the Association shall consult with the Internal Revenue Service for the purpose of making the fund exempt from federal taxation and may consider other options, including the purchase of reinsurance, in connection with establishment of the fund. The Department and the Association shall report to the Legislative Research Commission’s Study Committee on Insurance and Insurance-Related Issues on any findings and recommendations on or before October 1, 1996, and shall report to the President Pro Tempore of the Senate and the Speaker of the House of Representatives on the proposal on or before March 1, 1997.

LIQUIDATION AS RECOMMENDED BY THE LEGISLATIVE
RESEARCH COMMISSION'S COMMITTEE ON INSURANCE AND
INSURANCE-RELATED ISSUES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 58-30-5(5) reads as rewritten:
"(5) All persons subject to Articles 65 through 67, 64, 65 and 66, or
67 of this Chapter; except to the extent there is a conflict between

26, 49, 65, or 67 of this Chapter and any employer that has
furnished to the Commissioner satisfactory proof of its financial
responsibility under G.S. 97-93(a)(2). For purposes of this
Article, 'insurer' also includes continuing care retirement centers
licensed under Article 64 of this Chapter."

Sec. 3. G.S. 58-64-45 reads as rewritten:
"§ 58-64-45. Rehabilitation or Supervision, rehabilitation, and liquidation.
(a) If, at any time, the Commissioner determines, after notice and an
opportunity for the provider to be heard, that:
(1) A portion of an entrance fee escrow account required to be maintained under this Article has been or is proposed to be released in violation of this Article;

(2) A provider has been or will be unable, in such a manner as may endanger the ability of the provider, to fully perform its obligations pursuant to contracts for continuing care, to meet the projected financial data previously filed by the provider;

(3) A provider has failed to maintain the escrow account required under this Article; or

(4) A facility is bankrupt or insolvent, or in imminent danger of becoming bankrupt or insolvent;

the Commissioner may commence a supervision proceeding pursuant to Article 30 of this Chapter or may apply to the Superior Court of Wake County or to the federal bankruptcy court that may have previously taken jurisdiction over the provider or facility for an order directing the Commissioner or authorizing the Commissioner to appoint a trustee to rehabilitate or to liquidate a facility in accordance with Article 30 of this Chapter.

(b) An order to rehabilitate a facility shall direct the Commissioner or trustee to take possession of the property of the provider and to conduct the business thereof, including the employment of such managers or agents as the Commissioner or trustee may deem necessary and to take such steps as the Court may direct toward removal of the causes and conditions which have made rehabilitation necessary. The definition of ‘insolvency’ or ‘insolvent’ in G.S. 58-30-10(13) shall not apply to facilities under this Article. Rules adopted by the Commissioner shall define and describe ‘insolvency’ or ‘hazardous financial condition’ for facilities under this Article. G.S. 58-30-12 shall not apply to facilities under this Article.

(c) If, at any time, the Court finds, upon petition of the Commissioner, trustee or provider, or on its own motion, that the objectives of an order to rehabilitate a facility have been accomplished and that the facility can be returned to the provider’s management without further jeopardy to the residents of the facility, the Court may, upon a full report and accounting of the conduct of the facility’s affairs during the rehabilitation and of the facility’s current financial condition, terminate the rehabilitation and, by order, return the facility and its assets and affairs to the provider’s management.

(d) If, at any time, the Commissioner determines that further efforts to rehabilitate the provider would be useless, the Commissioner may apply to the Court for an order of liquidation.

(e) An order to liquidate a facility:

(1) May be issued upon application of the Commissioner whether or not there has been issued a prior order to rehabilitate the facility.

(2) Shall act as a revocation of the license of the facility under this Article.

(f) In applying for an order to rehabilitate or liquidate a facility, the Commissioner shall give due consideration in the application to the manner in which the welfare of persons who have previously contracted with the provider for continuing care may be best served.

(g) An order for rehabilitation under this section shall be refused or vacated if the provider posts a bond, by a recognized surety authorized to do business in this State and executed in favor of the Commissioner on behalf of persons who may be found entitled to a refund of entrance fees from the provider or other damages in the event the provider is unable to fulfill its contracts to provide continuing care at the facility, in an amount determined by the Court to be equal to the reserve funding that would otherwise need to be available to fulfill such obligations."

Sec. 4. G.S. 58-64-60 reads as rewritten:
"§ 58-64-60. Agreements as preferred claims on liquidation.
In the event of liquidation of a provider, all continuing care agreements executed by the provider shall be deemed preferred claims against all assets owned by the provider; provided, however, such claims shall be subordinate to the liquidator's cost of administration or any secured claim."

CHAPTER 583

AN ACT TO CREATE THE LONG-TERM CARE SUBCOMMITTEE AND TO PROVIDE FOR THE CREATION OF OTHER SUBCOMMITTEES OF THE NORTH CAROLINA STUDY COMMISSION ON AGING AND TO MAKE CHANGES TO THE LONG-TERM CARE LAW.

The General Assembly of North Carolina enacts:

Section 1. G.S. 120-186.1 reads as rewritten:
"§ 120-186.1. Commission; Alzheimer's Subcommittee, Alzheimer's Subcommittee, Long-Term Care Subcommittee, and other subcommittees.

The Commission cochairs shall appoint an Alzheimer's Subcommittee. The cochairmen shall appoint as members of the Subcommittee three Commission members and at least four but no more than six non-Commission members. The Commission shall prescribe the duties of the Alzheimer's Subcommittee which may include conducting studies on the availability and efficacy of currently existing geriatric or memory disorder services and programs, advising the Commission on matters regarding Alzheimer's services and programs, and recommending to the Commission solutions to related problems.

(a) The Commission cochairs shall appoint subcommittees as needed to assist with the completion of the work of the Commission. These subcommittees may include an Alzheimer's Subcommittee, a Long-Term Care Subcommittee, or other special subject subcommittees. The cochairs
shall appoint as members of any subcommittee not more than four Commission members and at least four but no more than six non-
Commission members.

(b) The Commission cochairs shall prescribe the duties of any subcommittee created. Duties of the Alzheimer’s Subcommittee may include conducting studies on the availability and efficacy of currently existing geriatric or memory disorder services and programs, advising the Commission on matters regarding Alzheimer’s services and programs, and recommending to the Commission solutions to related problems. Duties of the Long-Term Care Subcommittee may include developing a long-term care policy for the State that has at least the following elements:

(1) Promotes elder independence, choice, and dignity;
(2) Provides a seamless, uniform system of flexible and responsive services;
(3) Provides single-entry access;
(4) Includes a wide range of home and community-based services available to all elderly who need them but targeted primarily to the most frail, needy elderly;
(5) Provides care and services at the least expense in the least confusing manner and based on the desires of the elder population and their families;
(6) Expands Medicaid income eligibility to allow more services in the home and community;
(7) Creates a single agency and budget stream to administer services to the elderly; and
(8) Approaches long-term care within the context of the entire health care system."

Sec. 2. Part 14B of Article 3 of Chapter 143B of the General Statutes reads as rewritten:

"Part 14B. Long-Term Care.
§ 143B-181.5. Department to develop systems of long-term care. Long-term care policy.

The Secretary of the Department of Human Resources shall develop effective systems of long-term care with interested counties to the extent that federal, State and local funds are available to support the expanded programs and services. The North Carolina General Assembly finds that the aging of the population and advanced medical technology have resulted in a growing number of persons who require assistance. The primary resource for long-term care provision continues to be the family and friends. However, these traditional caregivers are increasingly employed outside the home. There is growing demand for improvement and expansion of home and community-based long-term care services to support and complement the services provided by these informal caregivers.

The North Carolina General Assembly further finds that the public interest would best be served by a broad array of long-term care services that support persons who need such services in the home or in the community whenever practicable and that promote individual autonomy, dignity, and choice."
Session Laws – 1995    CHAPTER 583

The North Carolina General Assembly finds that as other long-term care options become more available, the relative need for institutional care will stabilize or decline relative to the growing aging population. The General Assembly recognizes, however, that institutional care will continue to be a critical part of the State’s long-term care options and that such services should promote individual dignity, autonomy, and a home-like environment. "§ 143B-181.6. Screening program for elderly. Purpose and intent.

The Secretary of Human Resources shall develop a comprehensive screening program for elderly people in need of care, to be administered at the local level, focused on providing elderly persons with the least restrictive level of care that meets the medical and social needs of the person. This program shall provide for expansion of the preadmission screening of applicants and recipients in need of long-term care, setting priorities according to immediate need. The process should be made more efficient in identifying those people in need of care who could remain at home if provided the precise program of in-home care each individual requires. Private paying patients may take advantage of the screening services and services necessary to remain in their homes by paying fees for these services, pursuant to G.S. 108A-10 or G.S. 130-17(e) as appropriate. The screening shall be carried out by a team of at least two people, a social worker and a registered nurse familiar with care of the elderly, each of whom must be experienced in evaluation and provision of in-home services. The process shall include a visit to the home by at least one member of the screening team. The team in consultation with a physician licensed to practice medicine in North Carolina shall determine if in-home care, whether health, social or both would enable the person to stay at home or in the community. The team shall plan precisely what program of care and support services are available through both public or private agencies. Provision must be made for such care in conformity with established quality assurance procedures for the care so rendered, together with periodic reassessment. Nothing contained in the act shall require counties to participate in the comprehensive screening program. It is the North Carolina General Assembly’s intent in the State’s development and implementation of long-term care policies that:

(1) Long-term care services administered by the Department of Human Resources and other State and local agencies shall include a balanced array of health, social, and supportive services that promote individual choice, dignity, and the highest practicable level of independence;

(2) Home and community-based services shall be developed, expanded, or maintained in order to meet the needs of consumers in the least confusing manner and based on the desires of the elderly and their families;

(3) All services shall be responsive and appropriate to individual need and shall be delivered through a seamless system that is flexible and responsive regardless of funding source;

(4) Services shall be available to all elderly who need them but targeted primarily to the most frail, needy elderly;
(5) State and local agencies shall maximize the use of limited resources by establishing a fee system for persons who have the ability to pay;

(6) Institutional care shall be provided in such a manner and in such an environment as to promote maintenance or enhancement of the quality of life of each resident and timely discharge to a less restrictive care setting when appropriate; and

(7) State health planning for institutional bed supply shall take into account increased availability of other home and community-based services options.

"§ 143B-181.7. Development and implementation of rules.

The Department of Human Resources shall define by rule the population to be screened, establish a uniform screening and assessment schedule, and promulgate a uniform reporting form. Prior to action by the Department, the Secretary shall convene an implementation committee composed of local providers, representatives of State agencies and organizations with experience and information about in-home services and long-term care to assist in implementation and development of these rules.

"§ 143B-181.8. Utilization of Medicaid funds.

The Secretary of the Department of Human Resources may utilize Medicaid funds to the extent provided for by federal law and regulation for home health and personal care and seek such waivers as may be necessary to implement this act including Medicaid eligibility criteria supporting the provision of in-home care.

"§ 143B-181.9. Reporting.

The Department shall report to the Legislative Research Commission on the implementation of this act, including the eligibility requirements, screening processes, and financial barriers to implementation. Such report shall be made no later than January 1, 1982, but the Legislative Research Commission may require interim progress reports from the Department."

Sec. 3. This act is effective upon ratification.

In the General Assembly read three times and ratified this the 20th day of June, 1996.

(5) 'Warning sign' means a weather-resistant sign of not less than five inches by seven inches with at least two panels: a signal panel and a message panel. The signal panel shall contain the signal word 'WARNING' in black lettering and a safety alert symbol consisting of a black triangle with an orange exclamation point, all on an orange background. The message panel shall contain the following words, either in black letters on a white background or white letters on a black background: 'UNLAWFUL TO OPERATE THIS EQUIPMENT WITHIN TEN FEET OF OVERHEAD HIGH-VOLTAGE LINES -- Contact with power lines can result in death or serious burns.' A symbol or pictorial panel may also be added. Such warning sign language, lettering, style, colors, size, and format shall meet the requirements of the American National Standard ANSI Z535.4-1991, Product Safety Signs and Labels, or its successor or such equally effective standard as may be approved for use by the Commissioner of Labor. In the event of a conflict with regard to the appearance or content of the warning sign, the standard approved by the Commissioner of Labor shall take precedence over any description or standard set out in this subdivision.

§ 95-229.7. Prohibited activities.

(a) Unless danger of contact with high-voltage lines has been guarded against as provided by G.S. 95-229.8, 95-229.9, and 95-229.10, the following actions are prohibited:

(1) No person shall, individually or through an agent or employee, perform, or require any other person to perform, any work upon any land, building, highway, or other premises that will cause:

a. Such individual, agent, employee, or other person to be placed within six feet of any overhead high-voltage line; or any part of any tool or material used by the agent, employee,
or other person to be brought within six feet of any overhead high-voltage line, or

b. Any part of any covered equipment or covered item used by the individual, agent, employee, or other person to be brought within 10 feet of any high-voltage line.

(2) No person shall, individually or through an agent or employee or as an agent or employee, erect, construct, operate, maintain, transport, or store any covered equipment or covered item within 10 feet of any high-voltage line, or such greater clearance as may be required under the circumstances by OSHA, except as provided herein. This prohibition shall not apply, however, to covered equipment as defined herein when lawfully driven or transported on public streets and highways in compliance with applicable height restrictions. The required clearance from high-voltage lines shall be not less than four feet when:

a. Covered equipment as defined herein is lawfully driven or transported on public streets and highways in compliance with the height restriction applicable thereto,

b. Refuse collection equipment is operating, or
c. Agricultural equipment is operating.

(3) No person shall, individually or through an agent or employee or as an agent or employee, operate or cause to be operated an airplane or helicopter within 20 feet of a high-voltage line, except that no clearance is specified for licensed aerial applicators that may incidentally pass within the 20-foot limitation during normal operation.

(4) No person shall, individually or through an agent or employee or as an agent or employee, store or cause to be stored any materials that are expected to be moved or handled by covered equipment or any covered item within 10 feet of a high-voltage line.

(5) No person shall, individually or through an agent or employee or as an agent or employee, provide or cause to be provided additional clearance by either (i) raising, moving, or displacing any overhead utility lines of any type or nature including high-voltage, low-voltage, telephone, cable television, fire alarm, or other lines or (ii) pulling or pushing any pole, guy, or other structural appurtenance.

(6) No person shall, individually or through an agent or employee or as an agent or employee, excavate or cause to be excavated any portion of any foundations of structures, including guy anchors or other structural appurtenances, which support any overhead utility lines of any type or nature, including high-voltage, low-voltage, telephone, cable television, fire alarm, or other lines.

(b) If the high-voltage line has been insulated or de-energized and grounded, in accordance with G.S. 95-229.10, the required clearances specified in subdivisions (1), (2), and (4) of subsection (a) of this section may be reduced to not less than two feet. Under no circumstances shall the line or its covering be contacted. If the line is temporarily raised or moved to accommodate the expected work, without also being insulated or de-
energized and grounded, the required clearances from the line, specified in subsection (a) of this section, shall not be reduced.

"§ 95-229.8. Warning signs.

(a) No person shall, individually or through an agent or employee or as an agent or employee, operate any covered equipment in the proximity of a high-voltage line unless warning signs are posted and maintained as follows:

(1) A sign shall be located within the equipment and readily visible and legible to the operator of such equipment when at the controls of such equipment; and

(2) Signs shall be located on the outside of equipment so as to be readily visible and legible at 12 feet to other persons engaged in the work operations.

This subsection shall not apply to handheld tools and handheld equipment which by their size or configuration cannot accommodate the warning signs specified in G.S. 95-229.6(5).

(b) If the Commissioner of Labor determines that a successor, substitute, or additional sign standard may or shall be used in place of the requirements listed in G.S. 95-229.6, a period of not less than 18 months from such determination shall be allowed for any required replacement of signs.

"§ 95-229.9. Notification.

(a) When any person desires to carry on any work in closer proximity to any high-voltage line than permitted by G.S. 95-229.7(a), the person responsible for the work to be done shall notify the owner or operator of the high-voltage line prior to the time the work is to be commenced. Such notification shall occur at the earliest practical time; however, such notification shall occur not less than 48 hours, excluding Saturday, Sunday, and legal State and federal holidays, prior to the intended work. In emergency situations, including police, fire, and rescue emergencies, such notification shall occur as soon as possible under the circumstances. In cases where the person or business entity responsible for doing the work is doing so under contract or agreement with a government entity, and the government entity and the owner or operator of the lines have already made satisfactory mutual arrangements, further arrangements for that particular work are not required.

(b) Every notice served by any person on an owner or operator of a high-voltage line shall contain the following information:

(1) The name, address, and telephone number of the individual serving such notice;

(2) The location of the proposed work;

(3) The name, address, and telephone number of the person responsible for the work;

(4) The field telephone number of the site of such work, if one is available;

(5) The type, duration, and extent of the proposed work;

(6) The name of the person for whom the proposed work is being performed;

(7) The time and date of the notice; and

(8) The approximate date and time when the work is to begin.
CHAPTER 587
Session Laws — 1995

(c) If the notification required by this Article is made by telephone, a record of the information in subsection (b) of this section shall be maintained by the owner or operator notified and the person giving the notice to document compliance with the requirements of this Article.

(d) Owners or operators of high-voltage lines may form and operate an association providing for mutual receipt of notification of activities close to high-voltage lines in a specified area. In areas where an association is formed, the following shall occur:

1. Notification to the association shall be effected as set forth in this section.

2. Owners or operators of high-voltage lines in the area:
   a. May become members of the association;
   b. May participate in and receive the services furnished by the association; and
   c. Shall pay their proportionate share of the cost for the services furnished.

3. The association whose members or participants have high-voltage lines within a county shall file a list containing the name, address, and telephone number of every member and participating owner or operator of high-voltage lines with the clerk of superior court.

4. If notification is made by telephone, an adequate record of the information required by subsection (b) of this section shall be maintained by the association to document compliance with the requirements of this Article.

"§ 95-229.10. Precautionary safety arrangements.

(a) Installation or performance of precautionary safety arrangements shall be performed by the owner or operator of high-voltage lines only after mutually satisfactory arrangements have been negotiated between the owner or the operator of the lines, or both, and the person responsible for the work to be done. The negotiations shall proceed promptly and in good faith with the goal of accommodating the requested work consistent with the owner’s or operator’s service needs and the intent to protect the public from the danger of contact with high-voltage lines as far as is reasonable and cost-effective. The person responsible for the work may perform the work only after satisfactory mutual arrangements, including coordination of work and construction schedules, have been made between the owner or operator of the high-voltage lines and the person responsible for the work. The owners or operators of high-voltage lines shall make the final determination as to which arrangements are most feasible and appropriate under the circumstances; provided, however, that the utility may determine that no arrangements can be made that would allow the proposed work to be carried out in a reasonably safe manner or at reasonable cost taking into account the cost to its customers, and the owner or operator of high-voltage lines may refuse to enter into an agreement on that basis.

(b) The precautionary safety measures shall be appropriate, reasonable, and cost-effective for the work of which the owner or operator of high-voltage lines has received notification. During mutual negotiations, the person responsible for the work may change the notification of intended work to include different or limited work so as to reduce the precautionary
safety measures required to accommodate such work. The precautionary safety measures shall not violate the requirements of the current edition of the National Electrical Safety Code.

(c) The owner or operator of the high-voltage lines is not required to provide the precautionary safety arrangements until an agreement for payment has been made; except that, if the amount of payment is in dispute, the owner or operator shall commence with providing precautionary safety measures as if agreement had then been reached and the undisputed amount shall be paid according to the agreement reached as to that amount. If agreement for payment of the disputed amount has not been reached within 14 days from completion of precautionary safety measures, the owner or operator and the person or business entity responsible for doing the work may resolve the dispute by arbitration or other legal means.

(d) Unless otherwise agreed, the owner or operator of the high-voltage lines shall initiate the precautionary safety arrangements agreed upon within five working days after the agreement for payment has been reached as required in subsection (c) of this section, but no earlier than the agreed construction date coordinated between the parties. Once initiated, the owner or operator shall complete the work promptly and without interruption, consistent with the owner’s or operator’s service needs. Should the owner or operator of the high-voltage lines fail to provide the precautionary safety measures agreed upon in a timely manner, the owner or operator of the high-voltage lines shall be liable for costs or loss of production of the person or business entity requesting assistance to work in close proximity to high-voltage lines, except that no such liability shall exist during times of emergency, such as storm repair and the like.

(e) Precautionary safety arrangements may include:

1. Placement of temporary mechanical barriers separating and preventing contact between material, equipment, other objects, or persons and high-voltage lines;
2. Temporary de-energization and grounding;
3. Temporary relocation or raising of the high-voltage lines; or
4. Other such measures found to be appropriate in the judgment of the owner or operator of the high-voltage lines.

(f) The actual expense incurred by any owner or operator of high-voltage lines in taking precautionary measures as set out in subsections (a) through (e) of this section, including the wages of its workers involved in making safety arrangements, shall be paid by the person responsible for the work to be done, except if:

1. Any owner or operator of an overhead high-voltage line has located its facilities within a public highway or street right-of-way and the work is performed by or for the Department of Transportation or a city, county, or town, the actual expenses shall be the responsibility of the owner or operator of the overhead high-voltage lines, unless the owner or operator can provide evidence of prior rights or there is a prior written agreement specifying cost responsibility. However, if it is determined by the Department of Transportation or a city, county, or town that the temporary safety arrangements are for the sole convenience of its
contractor, the actual expense shall be the responsibility of the contractor;

(2) The owner or operator of the high-voltage lines has not installed the line in conformance with an applicable edition of the National Electrical Safety Code. In that case, the liability of the person responsible for the work shall be limited to the amount required to accommodate the work over and above the amount required to bring the installation into compliance with the National Electrical Safety Code; or

(3) In the case of property used for residential purposes, such actual expenses shall be limited to those in excess of one thousand dollars ($1,000).

“§ 95-229.11. Exemptions.

(a) This Article shall not apply to the construction, reconstruction, operation, and maintenance of overhead electrical or communication circuits or conductors and their supporting structures and associated equipment of the following systems, provided that such work on any of the following systems is performed by the employees of the owner or operator of the systems or independent contractors engaged on behalf of the owner or operator of the systems to perform the work, and the owner of the system has a valid joint-use contract or agreement with the owner of the high-voltage lines:

(1) Rail transportation systems;
(2) Electrical generating, transmission, or distribution systems;
(3) Communications systems, including cable television; or
(4) Any other publicly or privately owned system, including traffic signals.

(b) This Article also shall not apply to electrical or communications circuits or conductors on the premises of coal or other mines which are subject to the provisions of the Federal Mine Safety and Health Act of 1977 (30 U.S.C. § 801, et seq.) and regulations adopted pursuant to that Act by the Mine Safety and Health Administration.

Nothing in this Article shall relieve any person from complying with any safety rule, regulation, or statute not imposed by this Article. A violation of this Article shall not constitute negligence or contributory negligence, nor give rise to any cause of action based upon injury to persons or property. An action may be brought by an owner or operator of a high-voltage line to recover the cost of precautionary safety arrangements or for damage to its facilities. Nothing contained in this Article shall be construed to alter, amend, restrict, or limit the liability of any person for violation of that person’s duty under law; nor shall any person be relieved from liability as a result of violations of standards under existing law where such violations of existing standards of care are found to be a cause of damage to property, personal injury, or death.

The provisions of this Article are severable. If any part of this Article is declared invalid or unconstitutional, such declaration shall not affect the remainder.”
Sec. 2. This act becomes effective October 1, 1996.
In the General Assembly read three times and ratified this the 20th day of June, 1996.

(b) This section adds four additional assistant district attorneys in prosecutorial District 19B which shall be filled by the district attorney of that district. The General Assembly shall evaluate prior to July 1, 1998, whether the authorized number of assistant district attorneys for District 20 should remain based on case load at 11 or some lower number not less than 9.

Sec. 4. Notwithstanding G.S. 7A-44.1, if any judge who on June 12, 1996, was a senior resident superior court judge ceases to be the senior resident superior court judge for a superior court district as a result of the transfer of a county from one superior court district to another, that judge may nevertheless appoint a judicial secretary to serve that judge’s clerical and secretarial needs during that judge’s continuation in office, at that judge’s pleasure and under that judge’s direction.

Sec. 5. (a) Sections 1, 3, and 4 of this act become effective January 4, 1997, or the date upon which those sections are approved under section 5 of the Voting Rights Act of 1965, whichever is later. Section 2 of this act becomes effective January 1, 1997, or the date upon which those sections are approved under section 5 of the Voting Rights Act of 1965, whichever is later. This section is effective upon ratification.

(b) The Superior Court election in Superior Court District 20A in the November 1996 general election for the seat of the superior court judge now residing in Anson County is not affected by this act and is conducted as previously provided by law.

(c) Effective on the occurrence of the first vacant assistant district attorney position in Prosecutorial District 20 after January 1, 1997, the number of assistant district attorneys in that district in G.S. 7A-60(a1) is amended by deleting "12" and substituting "11".

(d) Effective on the occurrence of the first vacant assistant district attorney position in Prosecutorial District 19B after January 1, 1997, the number of assistant district attorneys in that district in G.S. 7A-60(a1) is amended by deleting "9" and substituting "8". The Administrative Office of the Courts shall notify the Revisor of Statutes as those vacancies occur.

In the General Assembly read three times and ratified this the 20th day of June, 1996.
AN ACT TO AUTHORIZE THE ISSUANCE OF NINE HUNDRED FIFTY MILLION DOLLARS GENERAL OBLIGATION BONDS OF THE STATE, SUBJECT TO A VOTE OF THE QUALIFIED VOTERS OF THE STATE, FOR THE CONSTRUCTION OF HIGHWAYS AND TO AMEND THE HIGHWAY TRUST FUND.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known and may be cited as the "State Highway Bond Act of 1996".

Sec. 2. Purpose and findings and determinations. (a) Purpose. -- It is the intent and purpose of the General Assembly by this act to provide, subject to a vote of the qualified voters of the State, for the issuance of nine hundred fifty million dollars ($950,000,000) general obligation bonds of the State for the purpose of providing funds, with any other available funds, for constructing, improving, and relocating roads, bridges, tunnels, and other highway facilities constituting at the time of the construction, improvement, and relocation, urban loops, highways in the Intrastate System, or a part of the State secondary highway system, as referenced or defined in this act.

(b) Findings and determinations. -- The General Assembly finds that:

(1) Pursuant to Chapter 692 of the 1989 Session Laws, the General Assembly created the Highway Trust Fund, provided for revenues to be deposited to the Highway Trust Fund, and designated how the revenues may be expended.

(2) As contemplated by Chapter 692, highway construction to be funded from the Highway Trust Fund is funded on a "pay-as-you-go" basis, with highway construction proceeding based upon the amount of funds to be available to pay the costs of the construction on a current basis, and this highway construction is expected to be completed and funded by December 31, 2013.

(3) Providing funds from the proceeds of bonds as authorized in this act will expedite the completion of construction of urban loops, Intrastate System highways, and necessary improvements to the State secondary road highway system that otherwise would be constructed only when sufficient revenues were generated to fund this construction.

(4) The State could issue the bonds authorized by this act, expediting this construction, and could provide sufficient funds to pay debt service on the bonds from the moneys otherwise to be deposited to the Highway Trust Fund to fund highway construction.

(5) Sufficient moneys are expected to be deposited to the Highway Trust Fund to pay anticipated debt service on the bonds authorized by this act.

(6) Although the bonds authorized by this act will constitute general obligation bonds, secured by the faith and credit and taxing power of the State, and although the funds deposited to the Highway Trust Fund are not specifically pledged to pay debt service on the bonds, it is the intent of the General Assembly that the debt
service on the bonds authorized by this act will be provided from amounts deposited to the Highway Trust Fund, and certain amendments to Chapter 692 of the 1989 Session Laws are necessary to facilitate this funding of payments.

Sec. 3. Definitions. As used in this act, unless the context otherwise requires:

(1) "Bonds" means bonds authorized to be issued under this act.
(2) "Cost" means the capital cost of providing any highway facilities under this act, including, but not limited to, the following:

a. The cost of doing any or all of the following:
   1. Acquire, construct, erect, provide, develop, install, furnish, and equip.
   2. Reconstruct, remodel, alter, renovate, replace, refurnish, and reequip.
   3. Enlarge, expand, and extend.
   4. Demolish, relocate, improve, grade, drain, landscape, pave, widen, and resurface.

h. The cost of bond insurance, investment contracts, credit enhancement and liquidity facilities and interest rate swap agreements, and financial and legal consultants, and related costs of bond and note issuance, to the extent and as determined by the State Treasurer.

i. The cost of reimbursing the State for any payments made for any cost described above.

j. Any other costs and expenses necessary or incidental to the purposes of this act. The allocations may be increased to reflect the availability of other funds, including, but not limited to, income earned on the investment of bond and note proceeds and the proceeds of any grants.

Allocations made pursuant to this act of proceeds of bonds to the costs of highway facilities in each case may include allocations to
pay the costs set forth in subparagraphs f., g., i., and j. of this subdivision in connection with the issuance of bonds for the facilities.

(3) "Credit facility" means an agreement entered into by the State Treasurer on behalf of the State with a bank, savings and loan association, or other banking institution; an insurance company, reinsurance company, surety company, or other insurance institution; a corporation, investment banking firm, or other investment institution; or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and providing for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest on any bonds or notes payable on demand or tender by the owner, in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) "Department of Transportation" means the Department of Transportation established by Article 8 of Chapter 143B of the General Statutes, and any successor of that Department.

(5) "Highway facilities" means the State highway facilities authorized to be funded, with any other available funds, with the proceeds of bonds or notes.

(6) "Intrastate System" has the same meaning as in G.S. 136-175.

(7) "Notes" means notes authorized to be issued under this act.

(8) "Par formula" means any provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any bonds or notes, including any of the following:
   a. A provision providing for adjustment so that the purchase price of the bonds or notes in the open market would be as close to par as possible.
   b. A provision providing for adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time.
   c. Any other provision that the State Treasurer may determine to be consistent with this act and to not materially and adversely affect the financial position of the State and the marketing of bonds or notes at a reasonable interest cost to the State.

(9) "State secondary highway system" includes all of the State highway system located outside municipal corporate limits which are not designated by N.C., U.S., or Interstate numbers.

(10) "Urban loops" means the urban loops set out in G.S. 136-180, including any changes as may be made from time to time by the General Assembly.

(11) "State" means the State of North Carolina.
Sec. 4. Authorization of bonds and notes. Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Highway Bonds in the election called and held as provided in this act, the State Treasurer is authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Highway Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in an aggregate principal amount not exceeding nine hundred fifty million dollars ($950,000,000) for the purpose of providing funds, with any other available funds, for the purposes authorized in this act.

Sec. 5. Appropriation and use of bond and note proceeds. (a) The proceeds of the bonds and notes are appropriated to the Department of Transportation. This appropriation is in addition to any other appropriation to that Department.

(b) The proceeds of five hundred million dollars ($500,000,000) of the bonds and notes shall be used by the Department of Transportation for the purpose of paying, with any other available funds, part or all of the costs of all or some of the urban loops as shall be determined from time to time by the Department of Transportation.

(c) The proceeds of three hundred million dollars ($300,000,000) of the bonds and notes shall be used by the Department of Transportation for the purpose of paying, with any other available funds, part or all of the costs of all or some of the highways in the Intrastate System as shall be determined from time to time by the Department of Transportation.

(d) The proceeds of one hundred fifty million dollars ($150,000,000) of the bonds and notes shall be used by the Department of Transportation for the purpose of paying, with any other available funds, part or all of the costs of projects constituting a part of the State secondary highway system. The Department of Transportation shall use these funds for projects that result in the paving of unpaved roads. Each county shall receive a percentage of these funds, the percentage to be determined as a factor of the number of miles of unpaved State-maintained secondary roads in the county divided by the total number of miles of unpaved State-maintained secondary roads in the State. The particular projects to constitute parts of the State secondary highway system and to be financed from the proceeds of the bonds and notes shall be determined from time to time by the Department of Transportation.

(e) The funds appropriated in this section are supplemental to the funds appropriated pursuant to G.S. 136-176(b) and may not be used, directly or indirectly, for any purpose other than the purposes provided in this section. It is the intent of the General Assembly that the allocations pursuant to G.S. 136-176(b) shall not be supplanted or diminished due to the appropriations of the proceeds of the bonds or notes pursuant to this section.

Sec. 6. Priority of Highway Trust Fund Use. G.S. 136-176(b) reads as rewritten:

"(b) Funds in the Trust Fund are annually appropriated to the Department of Transportation to be allocated and used as provided in this subsection. A sum, not to exceed four and one-half percent (4.5%) of the
amount of revenue deposited in the Trust Fund under subdivisions (a)(1), (2), and (3) of this section, may be used each fiscal year by the Department for expenses to administer the Trust Fund. The rest of the funds in the Trust Fund shall be allocated and used as follows:

(1) Sixty-one and ninety-five hundredths percent (61.95%) to plan, design, and construct the projects of the Intrastate System described in G.S. **136-179**, **136-179** and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to these projects.

(2) Twenty-five and five hundredths percent (25.05%) to plan, design, and construct the urban loops described in G.S. **136-180**, **136-80** and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to these urban loops.

(3) Six and one-half percent (6.5%) to supplement the appropriation to cities for city streets under G.S. **136-181**.

(4) Six and one-half percent (6.5%) for secondary road construction as provided in G.S. **136-182**, **136-182** and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to secondary road construction.

The Department must administer funds allocated under subdivisions (1), (2), and (4) of this subsection in a manner that ensures that sufficient funds are available to make the debt service payments on bonds issued under the State Highway Bond Act of 1996 as they become due."

Sec. 7. Highway Trust Fund effective date. The first paragraph of Section 8.4 of Chapter 692 of the 1989 Session Laws reads as rewritten:

"Sec. 8.4. When contracts for all projects specified in Article 14 of Chapter 136 of the General Statutes have been let and sufficient revenue has been accumulated to pay the contracts, the Secretary of Transportation shall certify this occurrence by letter to the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Secretary of State. The proceeds of bonds and notes issued pursuant to the State Highway Bond Act of 1996 shall not be included as revenues accumulated to pay the contracts for the projects specified in Article 14 of Chapter 136 of the General Statutes. The except as otherwise provided in this section, the changes below shall become effective on the first day of the calendar quarter following the date the Secretary sends the letter, unless there is less than 30 days between the date the letter is sent and the first day of the following quarter. In that circumstance, the changes shall become effective on the first day of the second calendar quarter following the date the Secretary sends the letter. The changes below shall not become effective, however, until the State Treasurer certifies by letter to the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Secretary of State, that all of the bonds and notes issued pursuant to the State Highway Bond Act of 1996 have been retired or provision for their retirement has been made."

79
Sec. 8. Allocation of bond and note proceeds. The proceeds of the bonds and notes, including any premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be deposited by the State Treasurer in a special fund to be established in the Department of the State Treasurer and to be designated the "Highway Facilities Bonds Fund", which may include any appropriate special accounts as may be determined by the State Treasurer.

Any additional moneys which may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source to aid in the financing of highway facilities may be placed by the State Treasurer in the Highway Facilities Bonds Fund, or in any separate funds or accounts as the State Treasurer may determine, and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Highway Facilities Bonds Fund or in any separate fund or account may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury except with respect to grant money to the extent otherwise directed by the terms of the grant, and any investment earnings shall be credited to the Highway Facilities Bonds Fund or the particular fund or account from which the investment was made.

All moneys deposited in, or accruing to, the credit of the Highway Facilities Bonds Fund, other than moneys set aside for administrative expenses, including expenses related to determining compliance with applicable requirements of the federal tax law and costs of issuance, shall be used to pay the cost of highway facilities authorized by this act.

The proceeds of the bonds and notes may be used with other money made available by the General Assembly for the purposes provided in this act, including the proceeds of any other State bond issues, which may be made available at the session of the General Assembly at which this act is ratified or at any subsequent sessions. The proceeds of the bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until a requisition has been approved by the Director of the Budget and which requisition shall be approved only after compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

Sec. 9. Election. The question of the issuance of the bonds authorized by this act shall be submitted to the qualified voters of the State at the general election in November 1996. Any other primary, election, or referendum validly called or scheduled by law at the time the election on the bond question provided for in this section is held may be held as called or scheduled. Notice of the election shall be given in the manner and at the times required by G.S. 163-33(8). The election and the registration of voters for the election shall be held under and in accordance with the general laws of the State. Absentee ballots shall be authorized in the election.
The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election which are in addition to those which would have otherwise been incurred, these expenses to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond question to be used in the ballots or voting systems shall be in substantially the following form:

[ ] FOR [ ] AGAINST

The issuance of nine hundred fifty million dollars ($950,000,000) State of North Carolina Highway Bonds constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, through the application of not in excess of five hundred million dollars ($500,000,000) of the bonds to pay the capital costs of urban loops, the application of not in excess of three hundred million dollars ($300,000,000) of the bonds to pay the capital costs of IntraState System projects, and the application of not in excess of one hundred fifty million dollars ($150,000,000) of the bonds to pay the capital costs of projects constituting a part of the State secondary highway system resulting in the paving of unpaved roads.

If a majority of those voting on the bond question vote in favor of the issuance of the bonds, the bonds may be issued as provided in this act. If a majority of those voting on the bond question vote against the issuance of the bonds, the bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for the holding of elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

Sec. 10. Issuance of bonds and notes. (a) Terms and conditions. Bonds or notes may bear such date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not later than December 1, 2013, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; form and denomination; registration. Bonds or notes may be issued as certificated or uncertificated obligations. If issued as certificated obligations, bonds or notes shall be signed on behalf of the State
by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the Great Seal of the State or a facsimile thereof shall be impressed or imprinted thereon. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds and notes, and bonds or notes may bear the facsimile signatures of persons who at the actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note although at the date of the bond or note such persons may not have been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this act; provided, however, that nothing in this act shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds or notes, under the provisions of Chapter 159E of the General Statutes, the Registered Public Obligations Act, as well as under this act.

(c) Manner of sale; expenses. Subject to approval by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Notes; repayment. By and with the approval of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the borrowed money, but only in the following circumstances and under the following conditions:

1. For anticipating the sale of bonds the issuance of which the Council of State shall have approved, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds;
2. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;
3. For the renewal of any loan evidenced by notes;
4. For refunding bonds or notes; or
(5) For the purposes authorized in this act. Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this act. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals of any notes, the proceeds of which shall have been used in paying interest on or principal of the bonds.

(e) Refunding bonds and notes. By and with the approval of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this act. The refunding bonds or notes may be combined with any other issues of State bonds and notes similarly secured.

(f) Tax exemption. Bonds and notes shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes shall not be subject to taxation as income.

(g) Investment eligibility. Bonds and notes are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Bonds and notes are hereby made securities that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(h) Faith and credit. The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes.

Sec. 11. Variable interest rates. In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

1. Be made payable from time to time on demand or tender for purchase by the owner of the bonds or notes provided a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;

2. Be additionally supported by a credit facility;

3. Be made subject to redemption or a mandatory tender for purchase prior to maturity;

4. Bear interest at a rate or rates that may vary for such period or periods of time, all as may be provided in the proceedings
providing for the issuance of the bonds or notes, including, but

secured by the credit facility, whether as a result of the inclusion in the
credit facility of a provision for the payment of interest for a limited period
of time or the payment of a redemption premium or for any other reason,
then the amount of authorized but unissued bonds or notes during the term
of such credit facility shall not be less than the amount of such excess,
unless the payment of such excess is otherwise provided for by agreement of
the State executed by the State Treasurer.

Sec. 12. Other agreements. The State Treasurer may authorize,
execute, obtain, or otherwise provide for bond insurance, investment
contracts, credit enhancement and liquidity facilities, and interest rate swap

Treasurer considers desirable in connection with the issuance of bonds or
notes.

Sec. 13. Interpretation of act. (a) Additional method. The foregoing
sections of this act shall be deemed to provide an additional and alternative
method for the doing of the things authorized thereby, shall be regarded as
supplemental and additional to powers conferred by other laws, and shall not
be regarded as in derogation of any powers now existing.

(b) Statutory references. References in this act to specific sections or
Chapters of the General Statutes or specific acts are intended to be
references to these sections, Chapters, or acts as they may be amended from
time to time by the General Assembly.

(c) Liberal construction. This act, being necessary for the health and
welfare of the people of the State, shall be liberally construed to effect the
purposes thereof.

(d) Severability. If any provision of this act or the application thereof
to any person or circumstance is held invalid, such invalidity shall not affect
other provisions or applications of the act which can be given effect without
the invalid provision or application, and to this end the provisions of this act
are declared to be severable.

Sec. 14. Chapter 136 of the General Statutes is amended by adding a
new section to read:

The Department of Transportation shall notify the owners of all property
that is within a corridor located in Durham County and is being considered
as a possible alignment of the proposed Durham Northern loop of at least
one informational workshop, if one is held, and any public hearings on that
urban loop. These notifications shall be made by first-class mail and shall
be made no less than 30 days prior to the scheduled workshop or public
hearing. Prior to a decision on the proposed Durham Northern loop, the
Department of Transportation shall consider all alternatives advanced by interested parties including improvements to existing corridors and consider neighborhood growth, economic development patterns and trends, the best protection for the environment, and limitation on encroachment upon State parks. A public report shall be made by the Department of Transportation of its findings and the basis for its decision."

Sec. 15. Article 14 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-177.1. Requirement to use federal funds for Intrastate System projects and urban loops.

For fiscal years 1996-97 through 2010-11, the Department of Transportation must use ten million dollars ($10,000,000) of the funds it receives each year under 23 U.S.C. Chapter 1, Federal-Aid Highways, to construct the Intrastate System projects described in G.S. 136-179. For fiscal years 1996-97 through 2011-12, the Department of Transportation must use ten million dollars ($10,000,000) of the funds it receives each year under 23 U.S.C. Chapter 1, Federal-Aid Highways, to construct the urban loops described in G.S. 136-180. G.S. 136-176(c) does not apply to federal funds required to be used under this section for Intrastate System projects or urban loops, nor does it apply to any funds from the Highway Fund that were used to match these federal funds."

Sec. 16. Article 14 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-185. Maintenance reserve created in certain circumstances.

If the Highway Trust Fund has not terminated but all contracts for the projects of the Intrastate System described in G.S. 136-179 have been let and the amount collected and allocated for the Intrastate System is enough to pay the contracts and retire any bonds issued under the State Highway Bond Act of 1996 for projects of the Intrastate System, all subsequent allocations of revenue for the Intrastate System shall be credited to a reserve account within the Trust Fund. Revenue in this reserve may be used only to maintain the projects of the Intrastate System.

If the Highway Trust Fund has not terminated but all contracts for the urban loops described in G.S. 136-180 have been let and the amount collected and allocated for the urban loops is enough to pay the contracts and retire any bonds issued under the State Highway Bond Act of 1996 for the urban loops, then all subsequent allocations of revenue for the urban loops shall be credited to a reserve account within the Trust Fund. Revenue in this reserve may be used only to maintain the urban loops."

Sec. 17. Effective date. This act is effective upon ratification, except that Sections 6, 7, 15, and 16 shall become effective upon the certification of a favorable vote on the bonds by the State Board of Elections to the Secretary of State as provided in Section 9 of this act.

AN ACT TO MAKE CHANGES TO THE GENERAL STATUTES PERTAINING TO DOMESTIC VIOLENCE.

The General Assembly of North Carolina enacts:
Section 1. G.S. 50B-1 reads as rewritten:
"§ 50B-1. Domestic violence; definition.
(a) Domestic violence means the commission of one or more of the following acts upon an aggrieved party or upon a minor child residing with or in the custody of the aggrieved party by a current or former spouse of the aggrieved party or by a person of the opposite sex with whom the aggrieved party lives or has lived as if married; by a person with whom the aggrieved party has or has had a familial relationship, but does not include acts of self-defense:

(1) Attempting to cause bodily injury, or intentionally causing bodily injury; or
(2) Placing the aggrieved party or a member of the aggrieved party’s family or household in fear of imminent serious bodily injury by the threat of force; or
(3) Committing any act defined in G.S. 14-27.2 through G.S. 14-27.7.

(b) Notwithstanding the provisions of subsection (a) above, domestic violence also means the commission of one or more of the following acts upon a minor residing with or in the custody of the aggrieved party by a current or former spouse of the aggrieved party or by a person of the opposite sex with whom the aggrieved party lives or has lived as if married:

(1) Attempting to cause bodily injury, or intentionally causing bodily injury; or
(2) Placing the minor in fear of imminent serious bodily injury by the threat of force; or
(3) Committing any act defined in G.S. 14-27.2 through 14-27.7.

Sec. 2. G.S. 50B-3 reads as rewritten:
"§ 50B-3. Relief.
(a) The court, including magistrates as authorized under G.S. 50B-2(c1), may grant any protective order or approve any consent agreement to bring about a cessation of acts of domestic violence. The orders or agreements may:

(1) Direct a party to refrain from such acts;
(2) Grant to a spouse party possession of the residence or household of the parties and exclude the other spouse party from the residence or household;

(3) Require a party to provide a spouse and his or her children suitable alternate housing;

(4) Award temporary custody of minor children and establish temporary visitation rights;

(5) Order the eviction of a party from the residence or household and assistance to the victim in returning to it;

(b) Protective orders entered or consent orders approved pursuant to this Chapter shall be for a fixed period of time not to exceed one year. Upon application of the aggrieved party, a judge may renew the original or any succeeding order for up to one additional year. Protective orders entered or consent orders approved shall not be mutual in nature except where both parties file a claim and the court makes detailed findings of fact indicating that both parties acted as aggressors, that neither party acted primarily in self-defense, and that the right of each party to due process is preserved.

(c) A copy of any order entered and filed under this Article shall be issued to each party. In addition, a copy of the order shall be issued to and retained by the police department of the city of the victim's residence. If the victim does not reside in a city or resides in a city with no police department, copies shall be issued to and retained by the sheriff, and the county police department, if any, of the county in which the victim resides.”

Sec. 3. G.S. 50B-4 as rewritten:

"§ 50B-4. Enforcement of orders.

(a) A party may file a motion for contempt for violation of any order entered pursuant to this Chapter. Said party may file and proceed with such motion pro se, using forms provided by the Clerk of Superior Court or a magistrate authorized under G.S. 50B-2(c1). Upon the filing pro se of a motion for contempt under this subsection, the clerk, or the authorized magistrate, if the facts show clearly that there is danger of acts of domestic violence against the aggrieved party or a minor child and the motion is made at a time when the clerk is not available, shall schedule and issue notice of a show cause hearing with the district court division of the General Court of Justice at the earliest possible date pursuant to G.S. 5A-23. The Clerk, or the magistrate in the case of notice issued by the magistrate pursuant to this subsection, shall effect service of the motion, notice, and other papers
through the appropriate law enforcement agency where the defendant is to be served, upon payment of the required service fees.

(b) A law-enforcement officer shall arrest and take a person into custody without a warrant or other process if the officer has probable cause to believe that the person has violated a court order excluding the person from the residence or household occupied by a victim of domestic violence or directing the person to refrain from harassing or interfering with the victim, doing any or all of the acts specified in G.S. 50B-3(a)(9), and if the victim, or someone acting on the victim’s behalf, presents the law-enforcement officer with a copy of the order or the officer determines that such an order exists, and can ascertain the contents thereof, through phone, radio or other communication with appropriate authorities. Nothing in this section shall prohibit a law-enforcement officer from securing a warrant for the arrest of a person who is subject to warrantless arrest. The person arrested shall be brought before the appropriate district court judge at the earliest time possible to show cause why he or she should not be held in civil or criminal contempt for violation of the order. The person arrested shall be entitled to be released under the provisions of Article 26, Bail, of Chapter 15A of the General Statutes.

(c) Valid protective orders entered pursuant to this section shall be enforced by all North Carolina law-enforcement agencies without further order of the court.

(d) Valid protective orders entered by the courts of another state or Indian tribe shall be accorded full faith and credit by the courts of North Carolina and shall be enforced by the law-enforcement agencies of North Carolina."

Sec. 4. G.S. 1-110 reads as rewritten:

"§ 1-110. Suit as an indigent; counsel.

Any superior or district court judge or clerk of the superior court may authorize a person to sue as an indigent in their respective courts when the person makes affidavit that he or she is unable to advance the required court costs. The clerk of superior court shall authorize a person to sue as an indigent if the person makes the required affidavit and meets one or more of the following criteria:

1. Receives food stamps.
2. Receives Aid to Families with Dependent Children (AFDC).
4. Is represented by a legal services organization that has as its primary purpose the furnishing of legal services to indigent persons.
5. Is represented by private counsel working on the behalf of or under the auspices of a legal services organization under subdivision (4) of this section.
6. Is seeking to obtain a domestic violence protective order pursuant to G.S. 50B-2.

A superior or district court judge or clerk of superior court may authorize a person who does not meet one or more of these criteria to sue as an indigent if the person is unable to advance the required court costs. The court to which the summons is returnable may dismiss the case and charge
the court costs to the person suing as an indigent if the allegations contained in the affidavit are determined to be untrue or if the court is satisfied that the action is frivolous or malicious."

Sec. 5. G.S. 50-13.2 reads as rewritten:

"§ 50-13.2. Who entitled to custody; terms of custody; visitation rights of grandparents; taking child out of State.

(a) An order for custody of a minor child entered pursuant to this section shall award the custody of such child to such person, agency, organization or institution as will best promote the interest and welfare of the child. In making the determination, the court shall consider all relevant factors including acts of domestic violence between the parties, the safety of the child, and the safety of either party from domestic violence by the other party and shall make findings accordingly. An order for custody must include findings of fact which support the determination of what is in the best interest of the child. Between the mother and father, whether natural or adoptive, no presumption shall apply as to who will better promote the interest and welfare of the child. Joint custody to the parents shall be considered upon the request of either parent.

(b) An order for custody of a minor child may grant joint custody to the parents, exclusive custody to one person, agency, organization, or institution, or grant custody to two or more persons, agencies, organizations, or institutions. Any order for custody shall include such terms, including visitation, as will best promote the interest and welfare of the child. If the court finds that domestic violence has occurred, the court shall enter such orders that best protect the children and party who were the victims of domestic violence. Such orders may include a designation of time and place for the exchange of children away from the abused party, the participation of a third party, or supervised visitation. If a party is absent or relocates with or without the children because of an act of domestic violence, the absence or relocation shall not be a factor that weighs against the party in determining custody or visitation. Absent an order of the court to the contrary, each parent shall have equal access to the records of the minor child involving the health, education, and welfare of the child.

(b1) An order for custody of a minor child may provide visitation rights for any grandparent of the child as the court, in its discretion, deems appropriate. As used in this subsection, ‘grandparent’ includes a biological grandparent of a child adopted by a stepparent or a relative of the child where a substantial relationship exists between the grandparent and the child. Under no circumstances shall a biological grandparent of a child adopted by adoptive parents, neither of whom is related to the child and where parental rights of both biological parents have been terminated, be entitled to visitation rights.

(c) An order for custody of a minor child may provide for such child to be taken outside of the State, but if the order contemplates the return of the child to this State, the judge may require the person, agency, organization or institution having custody out of this State to give bond or other security conditioned upon the return of the child to this State in accordance with the order of the court.
(d) If, within a reasonable time, one parent fails to consent to adoption pursuant to Chapter 48 of the General Statutes or parental rights have not been terminated, the consent of the other consenting parent shall not be effective in an action for custody of the child."

Sec. 6. This act becomes effective October 1, 1996.

In the General Assembly read three times and ratified this the 20th day of June, 1996.

All members of the Association shall participate in its writings, expenses, profits and losses in the proportion that the net direct premium of such member written in this State during the preceding calendar year bears to the aggregate net direct premiums written in this State by all members of the Association, as certified to the Association by the Commissioner after review of annual statements, other reports and any other statistics the Commissioner shall deem necessary to provide the information herein required and which the Commissioner is hereby authorized and empowered to obtain from any member of the Association, provided, however, that a member shall annually receive credit for essential property insurance voluntarily written in the beach area and its participation in the writings in the Association shall be reduced accordingly. Each member’s participation in the Association shall be determined annually in the same manner as the initial determination. All members of the Association shall participate in its expenses, profits, and losses and shall receive credit annually for essential property insurance voluntarily written as determined by the directors of the Association, with the approval of the Commissioner. Any insurer authorized to write and engage in writing any insurance, the writing of which requires such the insurer to be a member of the Association, pursuant to the provisions of G.S. 58-45-10, who is authorized and engaged in writing such insurance after April 17, 1969, shall become a member of the Association on the January 1 immediately following such authorization and the determination of such the insurer’s participation in the Association shall be made as of the date of such membership in the same manner as for all other members of the Association."

Sec. 2. G.S. 58-45-5(6) is repealed.
Sec. 3. The directors of the North Carolina Insurance Underwriting Association (Beach Plan), in consultation with the Department of Insurance, shall develop a plan to revise the participation formula of the Plan in a manner that encourages insurance companies to write voluntary policies in the beach area or other areas of the State and to write themselves out of the losses of the Plan, to apply to the 1997-98 fiscal year. In connection with the development of the plan, the Department and Association shall determine the reasons insurance companies are not writing voluntary coverage on properties in the beach area of the State, considering, among other factors, that the companies may cede wind risks to the Association. The directors shall report to the Legislative Research Commission's Study Committee on Insurance and Insurance-Related Issues on their findings and the revised formula on or before October 15, 1996.

Sec. 4. Sections 1 and 2 of this act become effective October 1, 1996, and apply to policies issued or renewed on or after that date. The remainder of this act is effective upon ratification.

In the General Assembly read three times and ratified this the 20th day of June, 1996.

Sec. 8. G.S. 130A-309.04 reads as rewritten:

"§ 130A-309.04. State solid waste management policy and goals.

(a) It is the policy of the State to promote methods of solid waste management that are alternatives to disposal in landfills and to assist units of local government with solid waste management. In furtherance of this State policy, there is established a hierarchy of methods of managing solid waste, in descending order of preference:

1. Waste reduction at the source;
2. Recycling and reuse;
3. Composting;
4. Incineration with energy production; recovery;
5. Incineration for volume reduction; without energy recovery;

(b) It is the policy of the State to encourage research into innovative solid waste management methods and products and to encourage regional solid waste management projects.

(c) It is the goal of this State to reduce the municipal solid waste stream, primarily through source reduction, reuse, recycling, and composting, on a per capita basis, on the following schedule: by forty percent (40%) on a per capita basis by 30 June 2001.

1. Twenty-five percent (25%) by 30 June 1993.
2. Forty percent (40%) by 30 June 2001.
3. (c1) To measure progress toward the municipal solid waste reduction goals, goal in a given year, comparison shall be made between the amount by weight of the municipal solid waste that, during the baseline year and the given year, is received at municipal solid waste management facilities and is:

1. Disposed of in a landfill;
2. Incinerated;
3. Converted to tire-derived fuel; or
(4) Converted to refuse-derived fuel.

(c2) Comparison shall be between baseline and given years beginning on 1 July and ending on 30 June of the following year. The baseline year shall be the year beginning 1 July 1991 and ending 30 June 1992. However, a unit of local government may use an earlier baseline year if it demonstrates to the satisfaction of the Department that it has sufficient data to support the use of the earlier baseline year.

(c3) If a unit of local government is unable to meet the municipal solid waste reduction goal established in subdivision (2) of subsection (c) of this section and if the unit of local government demonstrates to the satisfaction of the Department that it has considered all reasonably available options to reduce its municipal solid waste stream through source reduction, reuse, recycling, and composting and that it has made a good faith effort and done everything technologically and economically feasible to meet the goal, for the purpose of calculating progress of the unit of local government toward the goal, ten percent (10%) of the amount by weight of the municipal solid waste stream that is converted to tire-derived fuel or refuse-derived fuel may be added to the amount that is diverted from the municipal solid waste stream through source reduction, reuse, recycling, and composting.

(d) In furtherance of the State’s solid waste management policy, each State agency shall develop a solid waste management plan which is consistent with the solid waste management policy of the State.

(d1) It is the policy of the State to obtain, to the extent practicable, economic benefits from the recovery from solid waste and reuse of material and energy resources. In furtherance of this policy, it is the goal of the State to foster partnerships between the public and private sectors that strengthen the supply of, and demand for, recyclable and reusable materials and that foster opportunities for economic development from the recovery and reuse of materials.

(e) Each county, either individually or in cooperation with others, shall, in cooperation with its municipalities, develop a comprehensive county solid waste management plan and submit the plan to the Department for approval. County solid waste management plans shall be updated and submitted for approval at least once every two years. A county solid waste management plan shall be consistent with the State’s comprehensive solid waste plan. In counties where a municipality operates the major solid waste disposal facility, the comprehensive solid waste plan may be prepared by the municipality, with the approval of the county and in cooperation with the other municipalities. Each county’s comprehensive solid waste management plan shall include provisions which address the State’s waste reduction goals. Each county’s plan shall take into consideration facilities and other resources for management of solid waste which may be available through private enterprise. This section shall be construed to encourage the involvement and participation of private enterprise in solid waste management. The Department shall develop a form designed to elicit pertinent information regarding a county’s solid waste management plan. The Department shall provide assistance in the preparation of county plans upon request.
(f) Any unit of local government that does not participate in a county solid waste management plan shall prepare a plan in accordance with the provisions of subsection (e) of this section."

Sec. 9. G.S. 130A-309.05 reads as rewritten:
"§ 130A-309.05. Regulated wastes; certain exclusions.
(a) Notwithstanding other provisions of this Article, the following waste shall be regulated pursuant to this Part:

(2) Ash generated by a solid waste management facility from the burning of solid waste.
(b) Ash generated by a solid waste management facility from the burning of solid waste shall be disposed of in a properly designed solid waste disposal area that complies with standards developed by the Department for the disposal of the ash. The Department shall work with solid waste management facilities which burn solid waste to identify and develop methods for recycling and reusing incinerator ash or treated ash.
(c) Recovered materials are material is not subject to the provisions of this Part if regulation as solid waste under this Article. (8) Consider the use of facilities and other resources for management of solid waste that may be available through private enterprise.

(e) The Department may reduce or modify the municipal solid waste reduction goal that a unit of local government is required to attempt to achieve pursuant to subsection (b) of this section if the unit of local government demonstrates to the Department that:

(1) The achievement of the goal would have an adverse effect on the financial obligations of the unit of local government incurred prior to 1 October 1989 that are directly related to a waste-to-energy facility owned or operated by or on behalf of a unit of local government; and

(2) The unit of local government cannot remove normally combustible materials from solid waste that is to be processed at a waste-to-energy facility permitted prior to 1 July 1991 because of the need to maintain a sufficient amount of solid waste to ensure the financial viability of the facility. The goal may not be waived entirely and may be reduced or modified only to the extent necessary to alleviate the adverse effects of achieving the goal on the financial viability of the unit of local government’s waste-to-energy facility. Nothing in this subsection shall exempt a unit of local government from developing and implementing a recycling-program pursuant to this Part.
(d) In order to assess the progress in meeting the goal set out in G.S. 130A-309.04, each county, either individually or in cooperation with one or more other counties, shall, by 1 December 1991 and each year thereafter, unit of local government shall report to the Department on the solid waste management programs and recycling waste reduction activities within the county or the geographic area covered by the county’s solid waste management plan within the unit of local government by 1 September of each year. consisting of used asphalt or used asphalt mixed with dirt, sand,
gravel, rock, concrete, or similar nonhazardous material may be
used as fill and need not be disposed of in a permitted landfill or
solid waste disposal facility, provided that such demolition debris

materials collection responsibilities for the county or municipality as it may
require. Upon the determination of the lowest responsible proposals, the
county or municipality may undertake, or enter into a written agreement
with the person who submitted the lowest responsible proposal to undertake,

municipality, notwithstanding the exclusivity of any franchise agreement for
the collection of solid waste within a service area of the county or
municipality.

(d) In developing and implementing recycling programs, counties and
municipalities shall give consideration to the collection, marketing, and
disposition of recyclable materials by persons engaged in the business of
recycling on either a for-profit or nonprofit basis. Counties and
municipalities are encouraged to use for-profit and nonprofit organizations in
fulfilling their responsibilities under this Part.

Property served by a private contractor who disposes of solid waste collected from the property in a disposal facility provided by a private contractor is not considered to benefit from a disposal facility provided by the county and is not subject to a fee imposed by the county for the availability of a disposal facility provided by the county.

In determining the costs of providing and operating a disposal facility, a county may consider solid waste management costs incidental to a county’s handling and disposal of solid waste at its disposal facility, including the costs of the methods of solid waste management specified in G.S. 130A-309.04(a) of the Solid Waste Management Act of 1989. A fee for the availability or use of a disposal facility may be based on the combined costs of the different disposal facilities provided by the county.

(c) The board of county commissioners may use any suitable vacant land owned by the county for the site of a disposal facility, subject to the permit requirements of Article 9 of Chapter 130A of the General Statutes. If the county does not own suitable vacant land for a disposal facility, it may acquire suitable land by purchase or condemnation. The board may erect a gate across a highway that leads directly to a disposal facility operated by the county. The gate may be erected at or in close proximity to the boundary of the disposal facility. The county shall pay the cost of erecting and maintaining the gate.

(d), (e) Repealed by Session Laws 1991, c. 652, s. 1.

(f) This section does not prohibit a county from providing aid to low-income persons to pay all or part of the cost of solid waste management services for those persons."

"§ 131D-34. Penalties; remedies.

(a) Violations Classified. -- The Department of Human Resources shall impose an administrative penalty in accordance with provisions of this Article on any facility facility's licensee which is found to be in violation of requirements of G.S. 131D-21 or applicable State and federal laws and regulations. Citations issued for violations shall be classified according to the nature of the violation as follows:

(1) 'Type A Violation' means a violation by a facility facility's licensee of the regulations, standards, and requirements set forth in G.S. 131D-21 or applicable State or federal laws and regulations governing the licensure or certification of a facility which creates substantial risk that death or serious physical harm to a resident will occur or where such harm has occurred. Type A Violations shall be abated or eliminated immediately. The Department shall impose a civil penalty in an amount not less than two hundred fifty dollars ($250.00) nor more than five thousand dollars ($5000) for each Type A Violation.

(2) 'Type B Violation' means a violation by a facility facility's licensee of the regulations, standards and requirements set forth in G.S. 131D-21 or applicable State or federal laws and regulations governing the licensure or certification of a facility which present a direct relationship to the health, safety, or welfare of any resident, but which does not create substantial risk that death or serious physical harm will occur. The Department may impose a civil penalty in an amount up to two hundred fifty dollars ($250.00) for each Type B Violation. A citation for a Type B Violation which relates to the physical plant, systems, or equipment of the facility and which causes no harm to a resident of the facility shall provide 10 days to correct the violation. If such a Type B Violation, that
is not a repeat violation as specified in (b)(3) of this section, is corrected within the 10 days, no civil penalty shall be imposed.

(b) Penalties for failure to correct violations within time specified.

(1) Where a facility’s licensee has failed to correct a Type A Violation, the Department shall assess the facility’s licensee a civil penalty in the amount of up to five hundred dollars ($500.00) for each day that the deficiency continues. The Department or its authorized representative shall conduct an on-site inspection of the facility to insure that the violation has been corrected.

(2) Where a facility’s licensee has failed to correct a Type B Violation within the time specified for correction by the Department, the Department shall assess the facility’s licensee a civil penalty in the amount of up to two hundred dollars ($200.00) for each day that the deficiency continues beyond the date specified for correction without just reason for such failure. The Department or its authorized representative shall conduct an on-site inspection of the facility to insure that the violation has been corrected.

(3) The Department shall impose a civil penalty on a facility’s licensee which is treble the amount assessed under subdivision (1) or (2) of subsection (a) when a facility under the same management, ownership, or control control of that same licensee:

a. Has received a citation and paid a fine, or
b. Has received a citation for which the Department in the its discretion granted to it under subdivision (2) of subsection (a) did not impose a penalty,

for violating the same specific provision of a statute or regulation for which it the facility’s licensee received a citation during the previous six months or within the time period of the previous licensure inspection, whichever time period is longer. The counting of the six-month period shall be tolled during any time when the facility is being operated by a court-appointed temporary manager pursuant to Article 4 of this Chapter.

(c) Factors to be considered in determining amount of initial penalty. In determining the amount of the initial penalty to be imposed under this section, the Department shall consider the following factors:

(1) The gravity of the violation, including the probability that death or serious physical harm to a resident will result or has resulted; the severity of the actual or potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(2) The reasonable diligence exercised by the licensee and efforts to correct violations;

(3) The number and type of previous violations committed by the licensee;

(4) The amount of assessment necessary to insure immediate and continued compliance; and

(5) The number of patients put at risk by the violation.
(d) The Department shall impose a civil penalty on any facility's licensee which refuses to allow an authorized representative of the Department to inspect the premises and records of the facility.

(e) Any facility's licensee wishing to contest a penalty shall be entitled to an administrative hearing as provided in the Administrative Procedure Act, Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days after the Department mails a notice of penalty to a licensee. One issue at the administrative hearing shall be the reasonableness of the amount of any civil penalty assessed by the Department. If a civil penalty is found to be unreasonable, the hearing officer may recommend that the penalty be modified accordingly.

(f) Notwithstanding the notice requirements of G.S. 131D-26(b), any penalty imposed by the Department of Human Resources under this section shall commence on the day the violation began.

(g) The Secretary may bring a civil action in the superior court of the county wherein the violation occurred to recover the amount of the administrative penalty whenever a facility's licensee:

1. Has not requested an administrative hearing fails to pay the penalty within 60 days after being notified of the penalty, or
2. Has requested an administrative hearing fails to pay the penalty within 60 days after receipt of a written copy of the decision as provided in G.S. 150B-36.

(h) The Secretary shall establish a penalty review committee within the Department, which shall review administrative penalties assessed pursuant to this section and pursuant to G.S. 131E-129. (2) Type B Violation means a violation by a facility facility's licensee of the regulations, standards and requirements set forth in G.S. 131E-117 or applicable State or federal laws and regulations governing the licensure or certification of a facility which presents a direct relationship to the health, safety, or welfare of any resident, but which does not create substantial risk that death or serious physical harm will occur. The Department may impose a civil penalty in an amount up to five hundred dollars ($500.00) for each Type B Violation. A citation for a Type B Violation which relates to the physical plant, systems, or equipment of the facility and which causes no harm to a resident of the facility shall provide 10 days to correct the violation. If such a Type B Violation, which is not a repeat violation as specified in (b)(3) of this section, is corrected within the 10 days, no civil penalty shall be imposed.

(b) Penalties for failure to correct violations within time specified.

(1) Where a facility facility's licensee has failed to correct a Type A Violation, the Department shall assess the facility facility's licensee a civil penalty in the amount of up to five hundred dollars ($500.00) for each day that the deficiency continues. The Department or its authorized representative shall conduct an on-site inspection of the facility to insure that the violation has been corrected.
(2) Where a facility’s licensee has failed to correct a Type B violation within the time specified for correction by the Department, the Department shall assess the facility’s licensee a civil penalty in the amount of up to two hundred dollars ($200.00) for each day that the deficiency continues beyond the date specified for correction without just reason for such failure. The Department or its authorized representative shall conduct an on-site inspection of the facility to insure that the violation has been corrected.

(3) The Department shall impose a civil penalty on a facility’s licensee which is treble the amount assessed under subdivision (1) or (2) of subsection (a) when a facility under the same management, ownership, or control of that same licensee:
   a. Has received a citation and paid a fine, or
   b. Has received a citation for which the Department in its discretion granted to it under subdivision (2) of subsection (a) but did not impose a penalty, for violating the same specific provision of a statute or regulation for which a the facility’s licensee has received a citation during the previous 12 months or within the time period of the previous licensure inspection, whichever time period is longer. The counting of the 12-month period shall be tolled during any time when the facility is being operated by a court-appointed temporary manager pursuant to Article 13 of this Chapter.

(c) Factors to be considered in determining amount of initial penalty. In determining the amount of the initial penalty to be imposed under this section, the Department shall consider the following factors:
   (1) The gravity of the violation, including the probability that death or serious physical harm to a resident will result or has resulted; the severity of the actual or potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;
   (2) The reasonable diligence exercised by the licensee and efforts to correct violations;
   (3) The number and type of previous violations committed by the licensee;
   (4) The amount of assessment necessary to insure immediate and continued compliance; and
   (5) The number of patients put at risk by the violation.

(d) The Department shall impose a civil penalty on any facility’s licensee which refuses to allow an authorized representative of the Department to inspect the premises and records of the facility.

(e) Any facility’s licensee wishing to contest a penalty shall be entitled to an administrative hearing as provided in the Administrative Procedure Act, Chapter 150B of the General Statutes. One issue at the administrative hearing shall be the reasonableness of the amount of any civil penalty assessed by the Department. If a civil penalty is found to be unreasonable, the hearing officer may recommend that the penalty be modified accordingly.
(f) The Secretary may bring a civil action in the superior court of the county wherein the violation occurred to recover the amount of the administrative penalty whenever a facility's licensee:

(1) Which has not requested an administrative hearing fails to pay the penalty within 60 days after being notified of the penalty; or

(2) Which has requested an administrative hearing fails to pay the penalty within 60 days after receipt of a written copy of the decision as provided in G.S. 150B-36.

(g) The penalty review committee established pursuant to G.S. 131D-34(h) shall review administrative penalties assessed pursuant to this section, provided, however, that the Penalty Review Committee shall not review penalty recommendations agreed to by the Department and the long-term care facility's licensee for Type B violations except those violations that have been previously cited against the long-term care facility's licensee during the previous 12 months, or within the time period of the previous licensure inspection, whichever time period is longer."

Sec. 3. This act is effective upon ratification.
In the General Assembly read three times and ratified this the 21st day of June, 1996.

State agencies, institutions, etc., not found in or covered by this list may, upon written request from their respective department head to the Secretary of State, and upon the discretion of the Secretary of State as to need, be issued copies of the Session Laws on a permanent loan basis with the understanding that should said copies be needed they will be recalled.

Sec. 6. The General Statutes are further amended by substituting the phrase "University of North Carolina at Pembroke" for the phrase "Pembroke State University" wherever that phrase may appear.

Sec. 7. (a) All statutory and other legal authority, powers, duties, functions, records, personnel, property, and unexpended balances of appropriations or other funds of Pembroke State University remain those of the University of North Carolina at Pembroke.

(b) Nothing in this act requires the immediate replacement of any stationery, other supplies, or any emblems or other symbols used by the University of North Carolina at Pembroke as they existed prior to the enactment of this act.

Sec. 8. This act shall be funded by funds currently available to the University of North Carolina at Pembroke. Nothing in this act obligates the General Assembly to appropriate any funds to implement it.

Sec. 9. This act becomes effective July 1, 1996.

In the General Assembly read three times and ratified this the 21st day of June, 1996.
AN ACT TO ALLOW CANCELLATION BY EXHIBITION OF A NOTE SECURED BY A DEED OF TRUST OR MORTGAGE REGARDLESS OF THE DATE OF ENDORSEMENT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 45-37(a) reads as rewritten:

"(a) Subject to the provisions of G.S. 45-73 relating to secured instruments which secure future advances, any deed of trust or mortgage or other instrument intended to secure the payment of money or the performance of any other obligation registered as required by law may be discharged and released of record in the following manner:

(1) By acknowledgment of the satisfaction of the provisions of such deed of trust, mortgage or other instrument in the presence of the register of deeds by:
   a. The trustee,
   b. The mortgagee,
   c. The legal representative of a trustee or mortgagee, or
   d. A duly authorized agent or attorney of any of the above.

   The register of deeds is not required to verify or make inquiry concerning the authority of the person acknowledging the satisfaction to do so. Upon acknowledgment of satisfaction, the register of deeds shall record a record of satisfaction as described in G.S. 45-37.2, and may forthwith make upon the margin of the record of such deed of trust, mortgage or other instrument an entry of such acknowledgment of satisfaction which shall be signed by the trustee, mortgagee, legal representative, agent or attorney and witnessed by the register of deeds, who shall also affix his name thereto.

(2) By exhibition of any deed of trust, mortgage or other instrument accompanied with the bond, note, or other instrument thereby secured to the register of deeds, with the endorsement of payment and satisfaction appearing thereon, dated on or before December 31, 1995, thereon and made by:
   a. The obligee,
   b. The mortgagee,
   c. The trustee,
   d. An assignee of the obligee, mortgagee, or trustee, or
   e. Any chartered banking institution, or savings and loan association, national or state, or credit union, qualified to do business in and having an office in the State of North Carolina, when so endorsed in the name of the institution by an officer thereof. If the endorsement of payment and satisfaction is undated, no cancellation may be made pursuant to this subdivision.

   The register of deeds is not required to verify or make inquiry concerning the authority of the person making the endorsement of payment and satisfaction to do so. Upon
exhibition of the instruments, the register of deeds shall cancel the mortgage, deed of trust or other instrument by recording a record of satisfaction as described in G.S. 45-37.2, and may make an entry of satisfaction on the margin of the record. The person so claiming satisfaction, performance or discharge of the debt or other obligation may retain possession of all of the instruments exhibited. The exhibition of the mortgage, deed of trust or other instrument alone to the register of deeds, with endorsement of payment, satisfaction, performance or discharge, shall be sufficient if the mortgage, deed of trust or other instrument itself sets forth the obligation secured or the performance of any other obligation and does not call for or recite any note, bond or other instrument secured by it. The register of deeds may require the person exhibiting the instruments for cancellation to furnish him an acknowledgment of cancellation of the mortgage, deed of trust or other instrument for the purpose of showing upon whose request and exhibition the mortgage, deed of trust or other instrument was canceled.

(3) By exhibiting to the register of deeds by:
   a. The grantor,
   b. The mortgagor, or
   c. An agent, attorney or successor in title of the grantor or mortgagor

of any mortgage, deed of trust or other instrument intended to secure the payment of money or the performance of any other obligation, together with the bond, note or other instrument secured thereby, or by exhibition of the mortgage, deed of trust or other instrument alone if such instrument itself sets forth the obligation secured or other obligation to be performed and does not call for or recite any note, bond or other instrument secured by it, if at the time of exhibition, all such instruments are more than 10 years old counting from the maturity date of the last obligation secured. If the instrument or instruments so exhibited have an endorsement of partial payment, satisfaction, performance or discharge within the said period of 10 years, the period of 10 years shall be counted from the date of the most recent endorsement.

The register of deeds shall cancel the mortgage, deed of trust, or other instrument by recording a record of satisfaction as described in G.S. 45-37.2, and may make proper entry of cancellation and satisfaction of said instrument on the margin of the record where the same is recorded, whether there be any such entries on the original papers or not.

(4) By exhibition to the register of deeds of any deed of trust given to secure the bearer or holder of any negotiable instruments transferable by delivery, together with all the evidences of indebtedness secured thereby, marked paid and satisfied in full and signed by the bearer or holder thereof.
Upon exhibition of the deed of trust, and the evidences of indebtedness properly marked, the register of deeds shall cancel such deed of trust by recording a record of satisfaction as described in G.S. 45-37.2, and may make an entry of satisfaction upon the margin of the record, which record, or entry if made, shall be valid and binding upon all persons, if no person rightfully entitled to the deed of trust or evidences of indebtedness has previously notified the register of deeds in writing of the loss or theft of the instrument or evidences of indebtedness and has caused the register of deeds to record the notice or loss or theft in a separate document, as required by G.S. 161-14.1.

Upon receipt of written notice of loss or theft of the deed of trust or evidences of indebtedness the register of deeds shall record a record of satisfaction, as described in G.S. 45-37.2, which in this case shall consist of a rerecording of the record of the deed of trust containing the marginal entry and may make on the record of the deed of trust concerned a marginal entry in writing thereof, with the date of receipt of the notice. The deed of trust shall not be canceled after such recording of a record of satisfaction or marginal entry until the ownership of said instrument shall have been lawfully determined. Nothing in this subdivision (4) shall be construed to impair the negotiability of any instrument otherwise properly negotiable, nor to impair the rights of any innocent purchaser for value thereof.

Every entry of acknowledgment of satisfaction or of satisfaction made or witnessed by the register of deeds as provided in subdivision (a)(1) shall operate and have the same effect to release and discharge all the interest of such trustee, mortgagee or representative in such deed or mortgage as if a deed of release or reconveyance thereof had been duly executed and recorded.

(5) By exhibition to the register of deeds of a notice of satisfaction of a deed of trust, mortgage, or other instrument which has been acknowledged by the trustee or the mortgagee before an officer authorized to take acknowledgments. The notice of satisfaction shall be substantially in the form set out in G.S. 47-46.1. The notice of satisfaction shall recite the names of all parties to the original instrument, the amount of the obligation secured, the date of satisfaction of the obligation, and a reference by book and page number to the record of the instrument satisfied. The notice of satisfaction shall be accompanied by the deed of trust, mortgage, or other instrument, or a copy of the instrument, for verification and indexing purposes, which shall not be recorded with the notice.

Upon exhibition of the notice of satisfaction, the register of deeds shall record the notice of satisfaction and cancel the deed of trust, mortgage, or other instrument as required by G.S. 45-37.2. No fee shall be charged for recording any documents or certifying any acknowledgments pursuant to this subdivision. The register of deeds shall not be required to verify or make inquiry concerning
the authority of the person executing the notice of satisfaction to do so.

(6) By exhibition to the register of deeds of a certificate of satisfaction of a deed of trust, mortgage, or other instrument that has been acknowledged before an officer authorized to take acknowledgments by the owner of the note, bond, or other evidence of indebtedness secured by the deed of trust or mortgage. The certificate of satisfaction shall be accompanied by the note, bond, or other evidence of indebtedness, if available, with an endorsement of payment and satisfaction by the owner of the note, bond, or other evidence of indebtedness. If such evidence of indebtedness cannot be produced, an affidavit, hereafter referred to as an 'affidavit of lost note', signed by the owner of the note, bond, or other evidence of indebtedness, shall be delivered to the register of deeds in lieu of the evidence of indebtedness certifying that the debt has been satisfied and stating: (i) the date of satisfaction; (ii) that the note, bond, or other evidence of indebtedness cannot be found; and (iii) that the person signing the affidavit is the current owner of the note, bond, or other evidence of indebtedness. The General Assembly of North Carolina enacts:

Section 1. G.S. 7A-646 reads as rewritten:

The county manager, or such person who shall be designated by the chairman of the county commissioners, of the juvenile’s residence shall be notified of the hearing, and allowed to be heard. (b2) At the dispositional hearing or a subsequent hearing in the case of a

adjudication or to the court's decision to remove custody of the juvenile
from the parent. If the court finds that the best interest of the juvenile

AN ACT TO IMPLEMENT RECOMMENDATIONS OF THE BLUE RIBBON STUDY COMMISSION ON AGRICULTURAL WASTE.

The General Assembly of North Carolina enacts:

PART I. PERMITS/OPERATIONS REVIEWS/INSPECTIONS/FEES FOR ANIMAL WASTE MANAGEMENT SYSTEMS FOR ANIMAL OPERATIONS

Section 1. Article 21 of Chapter 143 of the General Statutes is amended by adding a new Part to read:

§ 143-215.10A. Legislative findings and intent.

The General Assembly finds that animal operations provide significant economic and other benefits to this State. The growth of animal operations in recent years has increased the importance of good animal waste management practices to protect water quality. It is critical that the State balance growth with prudent environmental safeguards. It is the intention of the State to promote a cooperative and coordinated approach to animal waste management among the agencies of the State with a primary emphasis on technical assistance to farmers. To this end, the General Assembly intends to establish a permitting program for animal waste management systems that will protect water quality and promote innovative systems and practices while minimizing the regulatory burden. Technical assistance, through operations reviews, will be provided by the Division of Soil and Water Conservation. Permitting, inspection, and enforcement will be vested in the Division of Environmental Management.

§ 143-215.10B. Definitions.

As used in this Part:

(1) ‘Animal operation’ means any agricultural farming activity involving 250 or more swine, 100 or more confined cattle, 75 or more horses, 1,000 or more sheep, or 30,000 or more confined poultry with a liquid animal waste management system. Public livestock markets or sales regulated under Articles 35 and 35A of Chapter 106 of the General Statutes shall not be considered animal operations for purposes of this Part.

(2) ‘Animal waste’ means livestock or poultry excreta or a mixture of excreta with feed, bedding, litter, or other materials from an animal operation.

(3) ‘Animal waste management system’ means a combination of structures and nonstructural practices serving a feedlot that provide for the collection, treatment, storage, or land application of animal waste.

(4) ‘Division’ means the Division of Environmental Management of the Department.

(5) ‘Feedlot’ means a lot or building or combination of lots and buildings intended for the confined feeding, breeding, raising, or holding of animals and either specifically designed as a confinement area in which animal waste may accumulate or where
the concentration of animals is such that an established vegetative cover cannot be maintained. A building or lot is not a feedlot unless animals are confined for 45 or more days, which may or may not be consecutive, in a 12-month period. Pastures shall not be considered feedlots for purposes of this Part.

(6) 'Technical specialist' means an individual designated by the Soil and Water Conservation Commission, pursuant to rules adopted by that Commission, to certify animal waste management plans.

"§ 143-215.10C. Applications and permits.

(a) No person shall construct or operate an animal waste management system for an animal operation without first obtaining a permit under this Part. The Commission shall develop a system of general permits for animal operations based on species, number of animals, and other relevant factors.

(b) An animal waste management system shall be designed, constructed, and operated so that the animal operation served by the animal waste management system does not cause pollution in the waters of the State except as may result because of rainfall from a storm event more severe than the 25-year, 24-hour storm.

(c) The Commission shall act on a permit application as quickly as possible and may conduct any inquiry or investigation it considers necessary before acting on an application. If the Commission fails to act on an application for a permit, including a renewal of a permit, within 90 days after the applicant submits all information required by the Commission, the application is considered to be approved.

(d) All applications for permits or for renewal of an existing permit shall be in writing, and the Commission may prescribe the form of the applications. All applications shall include an animal waste management system plan approved by a technical specialist. The Commission may require an applicant to submit additional information the Commission considers necessary to evaluate the application. Permits and renewals issued pursuant to this section shall be effective until the date specified therein or until rescinded unless modified or revoked by the Commission.

(e) Animal waste management plans shall include all of the following components:

(1) A checklist of potential odor sources and a choice of site-specific, cost-effective remedial best management practices to minimize those sources.

(2) A checklist of potential insect sources and a choice of site-specific, cost-effective best management practices to minimize insect problems.

(3) Provisions that set forth acceptable methods of disposing of mortalities.

(4) Provisions regarding best management practices for riparian buffers or equivalent controls, particularly along perennial streams.

(5) Provisions regarding the use of emergency spillways and site-specific emergency management plans that set forth operating procedures to follow during emergencies in order to minimize the risk of environmental damage.
(6) Provisions regarding periodic testing of waste products used as nutrient sources as close to the time of application as practical and at least within 60 days of the date of application and periodic testing, at least annually, of soils at crop sites where the waste products are applied. Nitrogen shall be the rate-determining element. Zinc and copper levels in the soils shall be monitored, and alternative crop sites shall be used when these metals approach excess levels.

(7) Provisions regarding waste utilization plans that assure a balance between nitrogen application rates and nitrogen crop requirements, that assure that lime is applied to maintain pH in the optimum range for crop production, and that include corrective action, including revisions to the waste utilization plan based on data of crop yields and crops analysis, that will be taken if this balance is not achieved as determined by testing conducted pursuant to subdivision (6) of this subsection.

(8) Provisions regarding the completion and maintenance of records on forms developed by the Department, which records shall include information addressed in subdivisions (6) and (7) of this subsection, including the dates and rates that waste products are applied to soils at crop sites, and shall be made available upon request by the Department.

(f) Any operator of an animal operation with a dry litter animal waste management system involving 30,000 or more birds shall develop an animal waste management plan that complies with the testing and record-keeping requirements under subdivisions (6) through (8) of subsection (e) of this section. Any operator of this type of animal waste management system shall retain records required under this section and by the Department on-site for three years.

(g) The Commission shall encourage the development of alternative and innovative animal waste management technologies. The Commission shall provide sufficient flexibility in the regulatory process to allow for the timely evaluation of alternative and innovative animal waste management technologies and shall encourage operators of animal waste management systems to participate in the evaluation of these technologies. The Commission shall provide sufficient flexibility in the regulatory process to allow for the prompt implementation of alternative and innovative animal waste management technologies that are demonstrated to provide improved protection to public health and the environment.

§ 143-215.10D. Operations review.

(a) The Division, in cooperation with the Division of Soil and Water Conservation, shall develop a reporting procedure for use by technical specialists who conduct operations reviews of animal operations. The reporting procedure shall be consistent with the Division’s inspection procedure of animal operations and with this Part. The report shall include any corrective action recommended by the technical specialist to assist the owner or operator of the animal operation in complying with all permit requirements. The report shall be submitted to the Division within 10 days following the operations review unless the technical specialist observes a
violation described in G.S. 143-215.10E. If the technical specialist finds a violation described in G.S. 143-215.10E, the report shall be filed with the Division immediately.

(b) As part of its animal waste management plan, each animal operation shall have an operations review at least once a year. The operations review shall be conducted by a technical specialist employed by the Division of Soil and Water Conservation of the Department, a local Soil and Water Conservation District, or the federal Natural Resources Conservation Services working under the direction of the Division of Soil and Water Conservation.

(c) Operations reviews shall not be performed by technical specialists with a financial interest in any animal operation.

"§ 143-215.10E. Violations requiring immediate notification."

(a) Any employee of a State agency or unit of local government lawfully on the premises and engaged in activities relating to the animal operation who observes any of the following violations shall immediately notify the owner or operator of the animal operation and the Division:

(1) Any direct discharge of animal waste into the waters of the State.

(2) Any deterioration or leak in a lagoon system that poses an immediate threat to the environment.

(3) Failure to maintain adequate storage capacity in a lagoon that poses an immediate threat to public health or the environment.

(4) Overspraying animal waste either in excess of the limits set out in the animal waste management plan or where runoff enters waters of the State.

(5) Any discharge that bypasses a lagoon system.

(b) Any employee of a federal agency lawfully on the premises and engaged in activities relating to the animal operation who observes any of the above violations is encouraged to immediately notify the Division.

"§ 143-215.10F. Inspections."

The Division shall conduct inspections of all animal operations that are subject to a permit under G.S. 143-215.10C at least once a year to determine whether the system is causing a violation of water quality standards and whether the system is in compliance with its animal waste management plan or any other condition of the permit.

"§ 143-215.10G. Fees for animal waste management systems."

The Department shall charge an annual permit fee of all animal operations that are subject to a permit under G.S. 143-215.10C for animal waste management systems according to the following schedule:

(1) For a system with a design capacity of 38,500 or more and less than 100,000 pounds steady state live weight, fifty dollars ($50.00).

PART VI. REPORTS/DEVELOPMENT OF COMPREHENSIVE PLAN/STUDIES

Sec. 11. (a) The Division of Soil and Water Conservation of the Department of Environment, Health, and Natural Resources, the Cooperative Extension Service of North Carolina State University, and the North Carolina Department of Agriculture shall prepare a coordinated and comprehensive plan that includes use of existing resources at the local level for nonpoint source pollution prevention and control. The plan shall include mechanisms to be utilized that enhance communication, and provide information, technical assistance, and environmental education. The plan shall also include the following:

(1) Designate the Division of Soil and Water Conservation of the Department of Environment, Health, and Natural Resources as the lead agency with a defined line of authority for agricultural activities affected by the nonpoint source pollution prevention/control plan.

(2) Identify the needs of agricultural crop and livestock operations and the services provided by the various groups.

(3) Develop a strategic plan for interaction and communication with farmers and livestock operations concerning implementation of agricultural best management practices including nutrient management plans and site-specific nutrient reduction efforts.

The Commission may report its findings and recommendations to the General Assembly on or before the first day of the 1997 Regular Session and shall report its findings and recommendations on or before the first day of the 1998 Regular Session.
Sec. 13. Part 9A of Article 21 of Chapter 143 of the General Statutes is repealed effective January 1, 1997. A person certified under Part 9A of Article 21 of Chapter 143 of the General Statutes shall be certified as an animal waste management system operator by the Water Pollution Control System Operators Certification Commission without additional preexamination training, examination, or payment of an initial certification fee. A person certified under Part 9A of Article 21 of Chapter 143 of the General Statutes shall complete approved additional training and pay the annual renewal fee in order to maintain certification.

Sec. 14. (a) All operators of animal waste management systems, as defined in G.S. 143-215.10B, as enacted by Section 1 of this act, shall register with their local Soil and Water Conservation District office and initiate the process to obtain an approved animal waste management plan pursuant to 15A N.C.A.C. 2H.0217. Operators who initiate the process of obtaining an approved animal waste management plan before 1 September 1996 shall receive priority for inclusion in the Nonpoint Source Pollution Control Program pursuant to G.S. 143-215.74, et seq., including priority for technical assistance and State funding.

(b) The Environmental Management Commission may enter into a special agreement with an operator who registers by 1 September 1996 under subsection (a) of this section and who makes a good faith effort to obtain an approved animal waste management plan by 31 December 1997. The special agreement shall set forth a schedule for the operator to follow to obtain an approved animal waste management plan by a date certain and shall provide that the Environmental Management Commission shall not issue a notice of violation for failure to have an approved animal waste management plan so long as the operator complies with the special agreement.

(c) The Environmental Management Commission shall strictly enforce the penalties available against those operators who fail to comply with subsection (a) of this section or otherwise fail to make a good faith effort to obtain an approved animal waste management plan by 31 December 1997.

(d) The board of each Soil and Water Conservation District shall develop a strategy to assist operators of animal waste management systems in its district to obtain approved animal waste management plans by 31 December 1997.

Sec. 15. The Environmental Management Commission shall develop a definition for the term "chronic rainfall". The Commission shall review the meaning of "no discharge of pollutants" as used in the definition of "animal waste management system" in its animal waste management rules to determine whether this phrase constitutes a no discharge requirement and whether this phrase creates a performance standard or a technology standard. The Commission shall clarify the meaning of "no discharge" such that the no discharge requirement for animal waste management systems is economically practical and technologically achievable. The Commission shall complete the requirements of this section by 1 October 1996.

Sec. 16. No later than September 1, 1996, the Soil and Water Conservation Commission shall specify odor control best management
practices, insect control best management practices, and best management practices for riparian buffers or equivalent controls consistent with the provisions of G.S. 143-215.10C(e)(1), (2), and (4), as enacted by Section 1 of this act.

(1) Address questions from technical specialists and provide uniform interpretations to technical specialists regarding the requirements of the animal waste management rules.
(2) Publish its decisions on these questions on a regular and recurring basis.
(3) Provide uniform strategies for operators of intensive livestock operations to meet the December 31, 1997, deadline to obtain an approved animal waste management plan.
(4) Develop, no later than August 1, 1996, a standard for the use of riparian buffers or equivalent controls as best management practices, particularly along perennial streams; decide whether a uniform State standard, a uniform basinwide standard, or a site-specific standard best protects water quality; and submit the standard that the group decides upon to the Soil and Water Conservation Commission for adoption in developing best management practices for riparian buffers and equivalent controls under Section 6 of this act.

(b) The interagency group shall consist of two representatives from each of the following State agencies: the Division of Soil and Water Conservation, Department of Environment, Health, and Natural Resources; the Division of Environmental Management, Department of Environment, Health, and Natural Resources; the Department of Agriculture; and the Cooperative Extension Service. The General Assembly encourages the Natural Resources Conservation Service, United States Department of Agriculture, to provide two representatives from its agency to participate fully as members of the interagency group. The interagency group shall remain in existence until such time after December 31, 1997, that the Secretary of Environment, Health, and Natural Resources determines the interagency group is no longer needed to resolve issues related to certifying animal waste management plans.

Chapter 631

An Act to Implement the Recommendation of the School Capital Construction Study Commission to Authorize the Issuance of General Obligation Bonds of the State, Subject to a Vote of the Qualified Voters of the State, to Provide Funds for Grants to Counties for Public School Capital Outlay Projects, in Order to Promote Equity in Local School Facilities Across the State and to Enable Local Governments to Give Local Property Tax Relief, and to Ensure That Certain Grants for School Facility Needs Continue to Be Made in Accordance with the 1988 Priority List.

The General Assembly of North Carolina enacts:

Section 1. Short Title. -- This act shall be known and may be cited as the "Public School Building Bond Act of 1996".

Sec. 2. Purpose. -- It is the intent of the General Assembly by this act to provide for the issuance of one billion eight hundred million dollars ($1,800,000,000) general obligation bonds of the State to facilitate the providing of public school buildings by making grants to counties to provide funds for public school capital outlay projects.

Sec. 3. Definitions. -- As used in this act, unless the context otherwise requires:

(1) "Bonds" means bonds issued under this act.

(2) "Cost" means, without intending thereby to limit or restrict any proper definition of this term in financing the cost of public school capital outlay projects authorized by this act:

a. The cost of constructing, reconstructing, enlarging, acquiring, and improving projects, and acquiring equipment and land therefor,

b. The cost of engineering, architectural, and other consulting services as may be required,

c. Administrative expenses and charges,

d. Finance charges and interest prior to and during construction and, if deemed advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction,

e. The cost of bond insurance, investment contracts, credit enhancement and liquidity facilities, interest-rate swap agreements or other derivative products, financial and legal consultants, and related costs of bond and note issuance, to the extent and as determined by the State Treasurer,

f. The cost of reimbursing the State for any payments made for any cost described above, and
g. Any other costs and expenses necessary or incidental to the purposes of this act.

Allocations in this act of proceeds of bonds to the costs of a project or undertaking in each case may include allocations to pay the costs set forth in items c., d., e., f., and g. in connection with the issuance of bonds for the project or undertaking.

(3) "Credit facility" means an agreement entered into by the State Treasurer on behalf of the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America, such agreement providing for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest on any bonds or notes payable on demand or tender by the owner, in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of such agreement.

(4) "Notes" means notes issued under this act.

(5) "Par formula" means any provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne by any bonds or notes, including:

a. A provision providing for such adjustment so that the purchase price of such bonds or notes in the open market would be as close to par as possible.

b. A provision providing for such adjustment based upon a percentage or percentages of a prime rate or base rate, which percentage or percentages may vary or be applied for different periods of time, or

c. Such other provision as the State Treasurer may determine to be consistent with this act and will not materially and adversely affect the financial position of the State and the marketing of bonds or notes at a reasonable interest cost to the State.

(6) "Public School Capital Outlay Projects" means the construction of new public school buildings or the renovation of existing public school buildings, the purchase of equipment for a newly constructed public school building or equipment related to the improvement of an existing public school building, the purchase of land necessary for immediate construction of school buildings, and other related capital outlay projects constituting facilities for individual schools that are used for instructional and related purposes, but not including centralized administration, maintenance, trailers, relocatable classrooms, or mobile classrooms.

(7) "State" means the State of North Carolina.
Sec. 4. Authorization of Bonds and Notes. -- Subject to a favorable vote of a majority of the qualified voters of the State who vote on the question of issuing Public School Building Bonds in the election held as provided in this act, the State Treasurer is authorized, by and with the consent of the Council of State, to issue and sell, at one time or from time to time, general obligation bonds of the State to be designated "State of North Carolina Public School Building Bonds", with any additional designations as may be determined to indicate the issuance of bonds from time to time, or notes of the State as provided in this act, in the aggregate principal amount not exceeding one billion eight hundred million dollars ($1,800,000,000) for the purposes authorized in this act. The principal amounts of bonds or notes issued in any 12-month period shall not exceed four hundred fifty million dollars ($450,000,000). In determining whether this limit has been reached, the issuance of a note or bond to pay an outstanding note is not considered an issuance.

Sec. 5. Uses of Bond and Note Proceeds. -- The proceeds of Public School Building Bonds and notes shall be used for the purpose of making grants to counties for paying the cost of public school capital outlay projects.

Any additional moneys that may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source to aid in financing the cost of any public school capital outlay projects authorized by this act may be placed by the State Treasurer in the Public School Building Bonds Fund or in a separate account or fund and shall be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

Moneys in the Public School Building Bonds Fund or in any separate fund or account may be invested from time to time by the State Treasurer in the same manner permitted for investment of moneys belonging to the State or held in the State treasury except with respect to grant money to the extent otherwise directed by the terms of the grant, and any investment earnings shall be credited to the Public School Building Bonds Fund or the particular fund or account from which the investment was made.

All moneys deposited in, or accruing to the credit of, the Public School Building Bonds Fund, other than moneys set aside for administrative expenses, including expenses related to determining compliance with applicable requirements of the federal tax law and cost of issuance, shall be used to pay the cost of public school capital outlay projects in the manner authorized by this act.

The proceeds of Public School Building Bonds and notes may be used with any other moneys made available by the General Assembly for public school capital outlay projects, including the proceeds of any other State bond issues, whether heretofore made available or that may be made available at the session of the General Assembly at which this act is ratified or any subsequent sessions. The proceeds of Public School Building Bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this act for public school capital outlay projects shall be disbursed for the purposes provided in this act upon warrants drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by
the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

The Director of the Budget shall provide quarterly reports to the State Board of Education, the Superintendent of Public Instruction, and the General Assembly on the expenditure of moneys from the Public School Building Bonds Fund. Reports to the General Assembly shall be filed with the Legislative Library, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Fiscal Research Division.

Sec. 6. (a) Allocation of Proceeds. -- The proceeds of Public School Building Bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated "Public School Building Bonds Fund". Moneys in the Public School Building Bonds Fund shall be used for the purposes set forth in this act. The proceeds of Public School Building Bonds and notes shall be allocated to counties and expended for paying the cost of public school capital outlay projects, to the extent and as provided in this act and subject to change as provided in this act.

(b) Small county school system allocation. -- The State Board of Education shall allocate the proceeds of thirty million dollars ($30,000,000) Public School Building Bonds and notes as grants to counties that have a small county school system, after considering whether the counties demonstrate both greater than average school construction needs and high property tax rates. A "small county school system" is a school system who was entitled to receive small school system supplemental funding under section 17.2 of Chapter 507 of the 1995 Session Laws, known as The Expansion and Capital Improvements Act of 1995.

(c) Primary allocation. -- The proceeds of one billion seven hundred seventy million dollars ($1,770,000,000) Public School Building Bonds and notes shall be allocated to each county on the basis of the distribution amounts provided in the following table for the local school administrative units in the State. In the case of a local school administrative unit located entirely in one county, the unit's total distribution amount shall be allocated to that county. In the case of a local school administrative unit located in more than one county, the unit's distribution amount shall be allocated among the counties in which the unit is located in proportion to average daily membership of the unit in each county. A unit's distribution amount allocated to a county may be used only with respect to public school facilities of that unit.

If two or more local school administrative units are consolidated into one unit, the distribution amounts provided above for the units shall be considered the distribution amount for the merged unit.

(d) Match. -- A county is not required to match bond proceeds allocated under subsection (b) of this section. A county is not required to match the Low-Wealth Allocation of bond proceeds under subsection (c) of this section. A county must match both the ADM Allocation and the Growth Allocation of bond proceeds under subsection (c) of this section. These two allocations must be matched at the rate of matching funds equal to three cents (3c) times the county’s ability to pay rank for every one dollar ($1.00) of allocated bond proceeds. A county’s ability to pay rank is its rank in the ranking of counties from lowest to highest county wealth as a percentage of State average wealth made by the State Board of Education for the 1995-96 fiscal year pursuant to Section 17.1 of Chapter 507 of the 1995 Session Laws. The match requirement may be satisfied by non-State expenditures for public school facilities made on or after January 1, 1992. A non-State expenditure has been made for the purpose of the match if funds, including funds expended for debt service, have been budgeted, earmarked, or committed for the general purpose of public school facilities. If a debt has been authorized or incurred since January 1, 1992, for the general purpose of public school facilities, then the face amount of the debt shall be considered as a non-State expenditure for public school facilities for the purpose of the match.

As counties satisfy the match requirements of this section, they shall document the extent to which they have done so in periodic reports to the State Board of Education. These reports shall include any information and documentation required by the State Board of Education. The State Board
of Education shall certify to the State Treasurer from time to time the extent to which the match requirements of this section have been met with respect to each county; this certification shall be binding and conclusive. Bond proceeds shall be distributed for expenditure only as, and to the extent, the matching requirements of this section are satisfied, as certified by the State Board of Education. The State Board of Education shall also require counties to report annually on the impact of funds provided under this act on the property tax rate for that year. These reports shall be public documents and shall be furnished to any citizen upon request.

(e) Unmatched Proceeds. -- If the State Board of Education determines that a county has not met the matching requirements of this section by January 1, 2003, with respect to any bond proceeds allocated under subsection (c) of this section, the State Board of Education shall certify that fact to the State Treasurer by March 1, 2003. Amounts that are allocated in the Growth Allocation of bond proceeds under subsection (c) of this section and that have not been matched by January 1, 2003, as certified by the State Board of Education, shall be reallocated among the counties that are allocated bond proceeds under the Growth Allocation and have met the matching requirements for their total Growth Allocation. The reallocation shall be made among the eligible counties in proportion to the amount of Growth Allocations for those counties under subsection (c) of this section. Amounts that are allocated in the ADM Allocation of bond proceeds under subsection (c) of this section and that have not been matched by January 1, 2003, as certified by the State Board of Education, shall be reallocated among the counties that have met the matching requirements for their total ADM allocation. The reallocation shall be made on the basis of average daily membership of the local school administrative units within the remaining counties. Bond proceeds reallocated to a county because of a local school administrative unit’s average daily membership within the county may be used only with respect to public school capital outlay projects of that unit. Bond proceeds reallocated to a county under this subsection must be matched at the same rate as bond proceeds allocated to the county under subsection (d) of this section.

(f) Administration. -- Funds disbursed under this act shall be administered and supervised by the State Board of Education and shall be used only for the purposes provided in this act. Each school administrative unit shall submit to the State Board of Education its plans for the expenditure of funds allocated under this act. After the State Board of Education determines that a school administrative unit’s planned expenditure of part or all of the funds allocated to it is within the purposes provided in this act, the State Board of Education shall make the funds to which the plans apply available to the school administrative unit.

Allocations to the costs of a capital improvement or undertaking in each case may include allocations to pay the costs set forth in Section 3(2)c., d., e., f., and g. of this act in connection with the issuance of bonds for that capital improvement or undertaking.

Sec. 7. Election. -- The question of the issuance of the bonds authorized by this act shall be submitted to the qualified voters of the State at a statewide election to be held November 5, 1996. Any other primary,
CHAPTER 631  Session Laws — 1995

election, or referendum validly called or scheduled by law at the time the
election on the bond question provided for in this section is held, may be
held as called or scheduled. Notice of the election shall be given in the
manner and at the times required by G.S. 163-33(8). The election and the
registration of voters therefor shall be held under and in accordance with the
general laws of the State. Absentee ballots shall be authorized in the
election.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the
General Statutes, or both may be used in accordance with rules prescribed
by the State Board of Elections. The bond question to be used in the ballots
or voting systems shall be in substantially the following form:

"[ ] FOR [ ] AGAINST

The issuance of one billion eight hundred million dollars
($1,800,000,000) State of North Carolina Public School Building Bonds
constituting general obligation bonds of the State secured by a pledge of the
faith and credit and taxing power of the State for the purpose of providing
funds to counties, with any other available funds, to pay the cost of public
school building capital improvements."

If a majority of those voting on the Public School Building Bond
question in the election vote in favor of the issuance of the bonds, the bonds
may be issued as provided in this act. If a majority of those voting on the
Public School Building Bond question in the election vote against the
issuance of the bonds, the bonds shall not be issued.

The results of the election shall be canvassed and declared as provided
by law for elections for State officers; the results of the election shall be
certified by the State Board of Elections to the Secretary of State, in the
manner and at the time provided by the general election laws of the State.

Sec. 8. Issuance of Bonds and Notes. -- (a) Terms and Conditions.
Bonds or notes may bear such date or dates, may be serial or term bonds or
notes, or any combination thereof, may mature in such amounts and at such
time or times, not exceeding 40 years from their date or dates, may be
payable at such place or places, either within or without the United States of
America, in such coin or currency of the United States of America as at the
time of payment is legal tender for payment of public and private debts, may
bear interest at such rate or rates, which may vary from time to time, and
may be made redeemable before maturity, at the option of the State or
otherwise as may be provided by the State, at such price or prices, including
a price less than the face amount of the bonds or notes, and under such
terms and conditions, all as may be determined by the State Treasurer, by
and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. -- Bonds or
notes may be issued as certificated or uncertificated obligations. If issued as
certificated obligations, bonds or notes shall be signed on behalf of the State
by the Governor or shall bear his facsimile signature, shall be signed by the
State Treasurer or shall bear his facsimile signature, and shall bear the
Great Seal of the State or a facsimile thereof shall be impressed or imprinted
thereon. If bonds or notes bear the facsimile signatures of the Governor
and the State Treasurer, the bonds or notes shall also bear a manual
signature which may be that of a bond registrar, trustee, paying agent, or
designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery and bonds or notes may bear the facsimile signatures of persons who at the actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note although at the date of the bond or note such persons may not have been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this act; provided, however, that nothing in this act shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds or notes, under the provisions of Chapter 159E of the General Statutes, the Registered Public Obligations Act, as well as under this act.

(c) Manner of Sale; Expenses. -- Subject to determination by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. All expenses incurred in preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Notes; Repayment.

(1) By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of the bonds;

b. For the payment of interest on or any installment of principal of any bonds then outstanding, if there shall not be sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;

c. For the renewal of any loan evidenced by notes herein authorized;

d. For the purposes authorized in this act; and

e. For refunding bonds or notes as herein authorized.

(2) Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this act. Funds provided by the General Assembly for the payment of
interest on or principal of bonds shall be used in paying the
interest on or principal of any notes and any renewals thereof, the
proceeds of which shall have been used in paying interest on or
principal of the bonds.

(e) Refunding Bonds and Notes. -- By and with the consent of the
Council of State, the State Treasurer is authorized to issue and sell
refunding bonds and notes pursuant to the provisions of the State Refunding
Bond Act for the purpose of refunding bonds or notes issued pursuant to
this act. The refunding bonds and notes may be combined with any other
issues of State bonds and notes similarly secured.

(f) Tax Exemption. -- Bonds and notes shall be exempt from all State,
county, and municipal taxation or assessment, direct or indirect, general or
special, whether imposed for the purpose of general revenue or otherwise,
excluding inheritance and gift taxes, income taxes on the gain from the
transfer of bonds and notes, and franchise taxes. The interest on bonds and
notes shall not be subject to taxation as to income.

(g) Investment Eligibility. -- Bonds and notes are hereby made
securities in which all public officers, agencies, and public bodies of the
State and its political subdivisions, all insurance companies, trust companies,
investment companies, banks, savings banks, savings and loan associations,
credit unions, pension or retirement funds, other financial institutions
engaged in business in the State, executors, administrators, trustees, and
other fiduciaries may properly and legally invest funds, including capital in
their control or belonging to them. Bonds and notes are hereby made
securities which may properly and legally be deposited with and received by
any officer or agency of the State or political subdivision of the State for any
purpose for which the deposit of bonds, notes, or obligations of the State or
any political subdivision is now or may hereafter be authorized by law.

(h) Faith and Credit. -- The faith and credit and taxing power of the
State are hereby pledged for the payment of the principal of and the interest
on bonds and notes.

Sec. 9. Variable Interest Rates. -- In fixing the details of bonds and
notes, the State Treasurer may provide that any of the bonds or notes may:

(1) Be made payable from time to time on demand or tender for
purchase by the owner thereof provided a credit facility supports
the bonds or notes, unless the State Treasurer specifically
determines that a credit facility is not required upon a finding and
determination by the State Treasurer that the absence of a credit
facility will not materially or adversely affect the financial position
of the State and the marketing of the bonds or notes at a
reasonable interest cost to the State;

(2) Be additionally supported by a credit facility;

(3) Be made subject to redemption or a mandatory tender for purchase
prior to maturity;

(4) Bear interest at a rate or rates that may vary for such period or
periods of time, all as may be provided in the proceedings
providing for the issuance of the bonds or notes, including,
without limitation, such variations as may be permitted pursuant to
a par formula; and
(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount repayable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

Sec. 10. Other Agreements. -- The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines to be desirable in connection with the issuance of bonds and notes.

Sec. 11. Interpretation of Act. -- (a) Additional Method. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

(b) Statutory References. -- References in this act to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to these sections, Chapters, or acts as they may be amended from time to time by the General Assembly.

(c) Liberal Construction. -- This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect the purposes thereof.

(d) Inconsistent Provisions. -- Insofar as the provisions of this act are inconsistent with the provisions of any general laws, or parts thereof, the provisions of this act shall be controlling.

(e) Severability. -- If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 12. Critical School Facility Needs Fund. -- G.S. 115C-489.2(b) reads as rewritten:

"(b) The Commission on School Facility Needs State Board of Education shall make grants from the Fund to the counties which it determines, according to the following criteria, have the greatest critical school facility needs in relation to resources available to pay for school facility needs:

(1) The critical school facility needs in the county, as determined by the Commission on School Facility Needs pursuant to G.S. 115C-489.4. (Until the Commission issues a final report on
critical school facility needs in the counties, the Commission shall use the preliminary report.)

(2) Ability to pay as measured by:
   a. The per pupil adjusted property tax base in the county. The per pupil adjusted property tax base in the county is the property tax base in the county adjusted using the sales assessment ratio study performed by the Department of Revenue, and
   b. The per capita income of the county.

(3) Any critical nonschool needs that may force the county to divert its resources from school facilities, based on the grant priority list established in 1988 by The Commission on School Facility Needs until the next 11 local school administrative units on that priority list are funded.”

Sec. 13. Repeal of The Commission on School Facility Needs. -- G.S. 115C-489.3 and G.S. 115C-489.4 are repealed.

Sec. 14. Repeal of the Critical School Facility Needs Fund. -- Effective 30 days after the last local school administrative unit on the priority list established in 1988 by The Commission on School Facility Needs is funded under G.S. 115C-489.2, Article 34A of Chapter 115C of the General Statutes is repealed. Any unexpended funds in the Critical School Facility Needs Fund, as provided for in G.S. 115C-489.1, which is repealed by this section, are transferred to the Public School Building Capital Fund created in G.S. 115C-546.1.

Sec. 15. Public School Building Capital Fund. -- G.S. 115C-546.1(b) reads as rewritten:

"(b) Each calendar quarter, the Secretary of Revenue shall remit to the State Treasurer for credit to the Public School Building Capital Fund an amount equal to two thirty-firsts (2/31) of the net collections received during the previous quarter by the Department of Revenue under G.S. 105-130.3 minus two million five hundred thousand dollars ($2,500,000). G.S. 105-130.3. All funds deposited in the Public School Building Capital Fund shall be invested as provided in G.S. 147-69.2 and G.S. 147-69.3."

Sec. 16. General Fund Expenditure Limit. -- The General Assembly recognizes that the State’s numerous forms of assistance to local governments in funding school facilities and other needs in the past 20 years have led to a substantial reduction in local property tax rates. It is the intent of the General Assembly that the assistance provided in this act, if approved by the voters, shall further reduce local property tax rates. Any applicable General Fund expenditure limit for a fiscal year shall be increased by the amount of any increase in debt service requirements for the fiscal year due to the issuance of bonds or notes of the State under this act. Any applicable General Fund expenditure limit for a fiscal year shall be decreased by the amount of any decrease in debt service requirements for the fiscal year due to the retirement of bonds or notes of the State under this act. For the purpose of this section, the term "General Fund expenditure limit" means the General Fund expenditure limit set in G.S. 143-2.1, if enacted.

Sec. 17. Effective Dates. -- Sections 14 and 15 of this act become effective 30 days after the last local school administrative unit on the priority list established in 1988 by The Commission on School Facility Needs is
funded under G.S. 115C-489.2. The remainder of this act is effective upon ratification. This act does not obligate the General Assembly to appropriate funds.

In the General Assembly read three times and ratified this the 21st day of June, 1996.

Sec. 2. Article 15 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"§ 113-190. Fishery Resource Grant Program.

(a) Creation. -- There is created within the Sea Grant College Program at The University of North Carolina, the Fishery Resource Grant Program. The purpose of the program is to work within priorities established by the Marine Fisheries Commission to protect and enhance the State's coastal fishery resources through individual grants in the following areas:

(b) Annual Establishment of Priorities. -- The Commission shall, in cooperation with fishermen, the Division of Marine Fisheries, and the Sea Grant College Program, establish priorities effective July 1 of each year for the grant program. The adoption of priorities by the Commission shall not be considered rule making within the meaning of the Administrative Procedure Act. (c) Procedure to Solicit Proposals. -- Following the establishment of priorities by the Commission, Sea Grant shall hold workshops within each of the coastal regions to solicit applications and to assist persons involved in fishing industries in writing proposals. For purposes of this act, the term 'fishing industry' includes persons involved in: (i) commercial or recreational fishing; (ii) aquaculture or mariculture; or (iii) handling fish products such as seafood dealers or processors. Sea Grant shall encourage preproposal conferences between individuals in the fisheries industry and those with technical or research background to work as partners in developing and writing the proposals and in writing final report results. Following the review of all proposals, Sea Grant shall rank proposals in order of priority and shall present the recommendations to the Commission. CHAPTER 635

AN ACT TO EXPEDITE DISPOSAL OF UNCLAIMED VEHICLES BY TOWING AND STORAGE BUSINESSES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 20-77(d) reads as rewritten:

"(d) An operator of a place of business for garaging, repairing, parking or storing vehicles for the public in which a vehicle remains unclaimed for 30 days, 10 days, or the landowners upon whose property a motor vehicle has been abandoned for more than 60 days, 30 days, shall, within five days after the expiration of that period, report the vehicle as unclaimed to the Division. Failure to make such report shall constitute a Class 3 misdemeanor.

Any vehicle which remains unclaimed after report is made to the Division may be sold by such operator or landowner in accordance with the provisions relating to the enforcement of liens and the application of proceeds of sale of Article 1 of Chapter 44A."

Sec. 2. G.S. 44A-4(a) reads as rewritten:

"(a) Enforcement by Sale. -- If the charges for which the lien is claimed under this Article remain unpaid or unsatisfied for 30 days or, in the case of towing and storage charges on a motor vehicle, 10 days following the maturity of the obligation to pay any such charges, the lienor may enforce the lien by public or private sale as provided in this section. The lienor may bring an action on the debt in any court of competent jurisdiction at any time following maturity of the obligation. Failure of the lienor to bring such action within a 180-day period following the commencement of storage shall constitute a waiver of any right to collect storage charges which accrue after such period. Provided that when property is placed in storage pursuant to an express contract of storage, the lien shall continue and the lienor may
bring an action to collect storage charges and enforce his lien at any time within 120 days following default on the obligation to pay storage charges.

The owner or person with whom the lienor dealt may at any time following the maturity of the obligation bring an action in any court of competent jurisdiction as by law provided. If in any such action the owner or other party requests immediate possession of the property and pays the amount of the lien asserted into the clerk of the court in which such action is pending, the clerk shall issue an order to the lienor to relinquish possession of the property to the owner or other party. The request for immediate possession may be made in the complaint, which shall also set forth the amount of the asserted lien and the portion thereof which is not in dispute, if any. If within three days after service of the summons and complaint, as the number of days is computed in G.S. 1A-1, Rule 6, the lienor does not file a contrary statement of the amount of the lien at the time of the filing of the complaint, the amount set forth in the complaint shall be deemed to be the amount of the asserted lien. The clerk may at any time disburse to the lienor that portion of the cash bond, which the plaintiff says in his complaint is not in dispute, upon application of the lienor. The magistrate or judge shall direct appropriate disbursement of the disputed or undisbursed portion of the bond in the judgment of the court. In the event an action by the owner pursuant to this section is heard in district or superior court, the substantially prevailing party in such court may be awarded a reasonable attorney’s fee in the discretion of the judge.”

Sec. 3. G.S. 44A-4(b)(1) reads as rewritten:

“(1) If the property upon which the lien is claimed is a motor vehicle that is required to be registered, the lienor following the expiration of the 30-day relevant time period provided by subsection (a) shall give notice to the Division of Motor Vehicles that a lien is asserted and sale is proposed and shall remit to the Division a fee of ten dollars ($10.00). The Division of Motor Vehicles shall issue notice by registered or certified mail, return receipt requested, within 15 days of receipt of notice from the lienor, to the person having legal title to the property, if reasonably ascertainable, to the person with whom the lienor dealt if different, and to each secured party and other person claiming an interest in the property who is actually known to the Division or who can be reasonably ascertained. The notice shall state that a lien has been asserted against specific property and shall identify the lienor, the date that the lien arose, the general nature of the services performed and materials used or sold for which the lien is asserted, the amount of the lien, and that the lienor intends to sell the property in satisfaction of the lien. The notice shall inform the recipient that the recipient has the right to a judicial hearing at which time a determination will be made as to the validity of the lien prior to a sale taking place. The notice shall further state that the recipient has a period of 10 days from the date of receipt in which to notify the Division by registered or certified mail, return receipt requested, that a hearing is desired and that if the recipient wishes to contest the sale of his property
pursuant to such lien, the recipient should notify the Division that a hearing is desired and the Division shall notify lienor. The notice shall state the required information in simplified terms and shall contain a form whereby the recipient may notify the Division that a hearing is desired by the return of such form to the Division. Failure of the recipient to notify the Division within 10 days of the receipt of such notice that a hearing is desired shall be deemed a waiver of the right to a hearing prior to the sale of the property against which the lien is asserted, the Division shall notify the lienor, and the lienor may proceed to enforce the lien by public or private sale as provided in this section and the Division shall transfer title to the property pursuant to such sale. If the Division is notified within the 10-day period provided above that a hearing is desired prior to sale, the lien may be enforced by sale as provided in this section and the Division will transfer title only pursuant to the order of a court of competent jurisdiction.

If the Division notifies the lienor that the registered or certified mail notice has been returned as undeliverable, or if the Division cannot ascertain the name of the person having legal title to the vehicle and the fair market value of the vehicle is less than eight hundred dollars ($800.00), the lienor may institute a special proceeding in the county where the vehicle is being held, for authorization to sell that vehicle. Market value shall be determined by the schedule of values adopted by the Commissioner under G.S. 105-187.3.

In such a proceeding a lienor may include more than one vehicle, but the proceeds of the sale of each shall be subject only to valid claims against that vehicle, and any excess proceeds of the sale shall escheat to the State and be paid immediately to the treasurer for disposition pursuant to Chapter 116B of the General Statutes. A vehicle owner or possessor claiming an interest in such proceeds shall have a right of action under G.S. 116B-38.

The application to the clerk in such a special proceeding shall contain the notice of sale information set out in subsection (f) hereof. If the application is in proper form the clerk shall enter an order authorizing the sale on a date not less than 14 days therefrom, and the lienor shall cause the application and order to be sent immediately by first-class mail pursuant to G.S. 1A-1, Rule 5, to each person to whom the Division has mailed notice pursuant to this subsection. Following the authorized sale the lienor shall file with the clerk a report in the form of an affidavit, stating that the lienor has complied with the public or private sale provisions of G.S. 44A-4, the name, address, and bid of the high bidder or person buying at a private sale, two or more bona fide bids on the vehicle were received, the names, addresses and bids of the bidders, and a statement of the disposition of the sale proceeds. The clerk then shall enter an order directing the Division to transfer title accordingly.
If prior to the sale the owner, or legal possessor contests the sale or lien in a writing filed with the clerk, the proceeding shall be handled in accordance with G.S. 1-399."

Sec. 4. G.S. 44A-4(e) reads as rewritten:

"(e) Public Sale. --
(1) Not less than 20 days prior to sale by public sale the lienor:
   a. Shall notify the Commissioner of Motor Vehicles as provided in G.S. 20-114(c) if the property upon which the lien is claimed is a motor vehicle; and
      a1. Shall cause notice to be mailed to the person having legal title to the property if reasonably ascertainable, to the person with whom the lienor dealt if different, and to each secured party or other person claiming an interest in the property who is actually known to the lienor or can be reasonably ascertained, provided that notices provided pursuant to subsection (b) hereof shall be sufficient for these purposes if such notices contain the information required by subsection (f) hereof; and
   b. Shall advertise the sale by posting a copy of the notice of sale at the courthouse door in the county where the sale is to be held;

and shall publish notice of sale once a week for two consecutive weeks in a newspaper of general circulation in the same county, the date of the last publication being not less than five days prior to the sale. The notice of sale need not be published if the vehicle has a market value of less than three thousand five hundred dollars ($3,500), as determined by the schedule of values adopted by the Commissioner under G.S. 105-187.3.

(2) A public sale must be held on a day other than Sunday and between the hours of 10:00 A.M. and 4:00 P.M.:
   a. In any county where any part of the contract giving rise to the lien was performed, or
   b. In the county where the obligation secured by the lien was contracted for.

(3) A lienor may purchase at public sale."

The General Assembly of North Carolina enacts:
Section 1. The Charter of the Town of River Bend, as approved by the Municipal Board of Control and filed with the Secretary of State on January 14, 1981, is amended by adding a new section to read:

"Sec. VII. Recall. The Mayor and members of the Town Council are subject to removal pursuant to this section. An officer is removed upon the filing of a sufficient recall petition and the affirmative vote of a majority of those voting on the question of removal at a recall election.

A recall petition shall be filed with the Town Clerk, who shall immediately forward the petition to the board of elections that conducts elections for the Town of River Bend. A petition to recall the Mayor or a member of the Town Council shall bear the signatures equal in number to at least twenty-five percent (25%) of the registered voters of the Town of River Bend.

The board of elections shall verify the petition signatures. If a sufficient recall petition is submitted, the board of elections shall certify its sufficiency to the governing body, and the governing body shall adopt a resolution calling for a recall election to be held not less than 60 days nor more than 100 days after the petition has been certified to the governing body. The election may be held by itself or at the same time as any other general or special election within the period established in this section, and shall be held as otherwise provided in G.S. 163-287. The board of elections shall conduct the recall election. The proposition submitted to the voters shall be substantially in the following form:

'[ ] FOR [ ] AGAINST
The recall of [name of officer]'"

The registered voters of the Town of River Bend are eligible to vote in an election to recall the Mayor or a member of the Town Council.

If less than a majority of the votes cast on the question are for the officer’s recall, the officer continues in office. If a majority of the votes cast on the question are for the officer’s recall, the officer is removed on the date the board of elections certifies the results of the election. A vacancy created by removal of a member of the Town Council or the Mayor shall be filled in accordance with the provisions of G.S. 160A-63.

No petition to recall an officer may be filed within six months after the officer’s election to the governing body nor within six months before the expiration of the officer’s term. No more than one election may be held to recall an officer within a single term of office of that officer."

Sec. 2. The Charter of the Town of River Bend, as approved by the Municipal Board of Control and filed with the Secretary of State on January 14, 1981, is amended by adding a new section to read:

"Sec. VIII. Initiative and Referendum.

(a) Initiative power. The qualified voters of the Town of River Bend have the power under this section to propose any ordinance to the Town Council which the Town Council has the power to adopt under this Charter or general law, except a budget ordinance, a bond order, a franchise ordinance, or an amendment to the Charter to change the Town’s form of government to one of the alternatives set forth in G.S. 160A-101.

The initiative process may be used to repeal any ordinance that could be proposed under the initiative process except that it may not be used to repeal
any ordinance affirmed by a referendum election within one year after the referendum vote. If the governing body fails to adopt the ordinance without substantive change, the voters have the power to approve or reject the proposed ordinance.

These powers comprise the initiative power.

(b) Referendum power. The qualified voters of the Town of River Bend have the power to require reconsideration by the governing body of any adopted ordinance, except a budget ordinance, a bond order, a franchise ordinance, or any ordinance that by law may not be adopted without prior public notice and a public hearing. If the governing body fails to repeal an ordinance which it has been required to reconsider, the voters shall have the power to approve or reject the referred ordinance at the polls.

These powers comprise the referendum power.

(c) Commencement of proceedings. Five or more registered voters of the Town of River Bend may commence an initiative or referendum petition by filing with the Town of River Bend Clerk an affidavit stating that they will constitute the petitioners' committee and will be responsible for circulating the petition and filing it in proper form.

(d) Signatures. An initiative or referendum petition shall bear the signatures equal in number to at least fifteen percent (15%) of the registered voters of the Town of River Bend.

(e) Form and content. Within 90 days of the effective date of this section, the governing body shall by ordinance specify the form and content of a petition and procedures for initiative and referendum elections, consistent with the provisions of this Charter and consistent with generally recognized form and content requirements and procedures for initiative and referendum petitions and elections.

(f) Time for filing. An initiative petition may be filed at any time. A referendum petition must be filed within 30 days after adoption by the governing body of the ordinance sought to be reconsidered.

(g) Certification. The petition shall be filed with the Town Clerk and signatures shall be verified by the board of elections conducting elections for the Town. The governing body shall by ordinance adopt reasonable, generally recognized procedures for certifying the sufficiency of a petition. The governing body shall provide in the ordinance reasonable time limits for completing the certification of sufficiency of the petition.

(h) Suspension of effectiveness of referred ordinance. When, within the time allowed, a referendum petition is filed with the Town Clerk, the effectiveness of the ordinance sought to be reconsidered is suspended. The suspension of the effectiveness of the ordinance shall terminate when:

1. There is a final determination that the petition is insufficient;
2. The petitioners' committee withdraws the petition as set forth in subsection (k) of this section; or
3. The Board of Elections certifies that the repeal of the ordinance has been rejected in an election.

(i) Consideration. When an initiative or referendum petition has been finally determined to be sufficient, the governing body shall promptly consider it.
(j) Submission to voters. With respect to ordinances, if the governing body fails to adopt without substantive change an ordinance proposed by initiative petition or fails to repeal a referred ordinance within 60 days after the date on which the petition was certified as sufficient, the Town Council shall cause the proposed ordinance or the referred ordinance to be submitted to the voters of the Town of River Bend. The vote on the proposed ordinance or the referred ordinance shall be held within 150 days of the date on which the petition was certified as sufficient.

(k) Withdrawal. The petitioners' committee, being those registered voters named in the affidavit commencing the initiative or referendum, may withdraw the initiative or referendum petition at any time prior to the fifteenth day immediately preceding the day scheduled for a vote on the proposed or referred ordinance. The written request for withdrawal shall be signed by at least eighty percent (80%) of the members of the petitioners' committee and must be filed with the Town Clerk. The filing of the request withdraws the petition. A withdrawn petition has no further effect and all proceedings are terminated.

(l) Effective date. With respect to ordinances, if a majority of those voting in an initiative election approve the proposed ordinance, it shall become an ordinance of the Town of River Bend on the date the results of the election are certified or a later effective date specified in the proposed ordinance, provided that the governing body may make nonsubstantive changes to the ordinance that it deems necessary or desirable.

(m) Effect of referendum. If a majority of those voting in a referendum election approve the repeal of the referred ordinance, it is repealed on the date the results of the election are certified. If less than a majority of those voting in the election approve the repeal of the ordinance, the ordinance is an ordinance of the Town of River Bend and shall become effective on the date the results of the election are certified or a later effective date specified in the referred ordinance."

Sec. 3. Section 1 of this act becomes effective only if approved by ordinance of the Town of River Bend and approval by the qualified voters of the Town of River Bend in a referendum. The question on the ballot shall be:

"[ ] FOR [ ] AGAINST
Amending the Charter of the Town of River Bend to allow for Recall Elections for the Mayor and Town Council."

Sec. 4. Section 2 of this act becomes effective only if approved by ordinance of the Town of River Bend and approval by the qualified voters of the Town of River Bend in a referendum. The question on the ballot shall be:

"[ ] FOR [ ] AGAINST
Amending the Charter of the Town of River Bend to allow Initiative and Referendum."

Sec. 5. Prior to adopting any ordinance under Section 3 or 4 of this act, the Town Council shall first adopt a resolution of intent to consider an ordinance amending the charter. The resolution of intent shall describe the proposed charter amendments briefly but completely and with reference to this act, but it need not contain the precise text of the charter amendments
necessary to implement the proposed changes. At the same time that a resolution of intent is adopted, the council shall also call a public hearing on the proposed charter amendments, the date of the hearing to be not more than 45 days after adoption of the resolution. A notice of the hearing shall be published at least once not less than 10 days prior to the date fixed for the public hearing and shall contain a summary of the proposed amendments. Following the public hearing, but not earlier than the next regular meeting of the council and not later than 60 days from the date of the hearing, the council may adopt an ordinance amending the charter to implement the amendments proposed in the resolution of intent.

The council shall make any ordinance adopted pursuant to this section effective only if approved by a vote of the people and may by resolution adopted at the same time call a special election for the purpose of submitting the ordinance to a vote. The date fixed for the special election shall be not more than 180 days after adoption of the ordinance. The referendum shall be conducted in accordance with Chapter 163 of the General Statutes.

Sec. 14. Effective July 1, 1996, G.S. 105-277A reads as rewritten:

"§ 105-277A. Reimbursement for exclusion of retailers’ and wholesalers’ inventories.

(a) Submission of Claims. -- On or before January 15, 1989, the governing body of each county and city shall furnish to the Secretary a list of all the inventories owned by retailers and wholesalers that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in the county or city under this Subchapter. The list shall contain the value of the inventories as well as the property tax rates in effect in the county or city for the eight years from 1980 through 1987. The list shall also contain the property tax rates in effect for those years in each special district for which the county or city collected taxes in 1987 but whose tax rates were not included in the rates listed for the county or city, and the value of the inventories owned by retailers and wholesalers that were required to be listed and assessed as of January 1, 1987, and were listed on or before September 1, 1987, in that district. The list shall be accompanied by an affidavit attesting to the accuracy of the list and shall be on a form prescribed by the Secretary.

The Secretary shall calculate an average rate for each county and city, and for each special district whose tax rates were not included in the tax rates of a county or city, as the arithmetic mean of the property tax rates in effect in
the county, city, or district for the eight years from 1980 through 1987. If a county, city, or district did not have tax rates in effect for the entire eight-year period, the average rate shall be the arithmetic mean of the property rates in effect for the years during the eight-year period that it did have rates in effect.

(b) First Per Capita Distribution. -- As soon as practicable after January 1 of 1989, the Secretary shall distribute to each taxing unit the unit's per capita share of the sum of fifteen million seven hundred forty-five thousand dollars ($15,745,000). Thereafter, as soon as practicable after January 1 of 1990 and 1991, the Secretary shall distribute to each taxing unit the unit's per capita share of an amount equal to the sum distributed to all taxing units the previous year under this subsection plus or minus the product of the sum distributed the previous year and the percentage by which State personal income has increased or decreased during the most recent 12-month period for which State personal income data has been compiled by the Bureau of Economic Analysis of the United States Department of Commerce.

On or before April 30 of 1992, 1993, 1994, and 1995, the Secretary shall distribute to each taxing unit the unit's per capita share of the sum that this subsection provided was to be distributed to all taxing units in 1991. Beginning August 1995 and each year thereafter, the Secretary shall determine for each taxing unit the unit's per capita share of the sum that this subsection provided was to be distributed to all taxing units in 1991. Each year, the Secretary shall distribute to each taxing unit sixty percent (60%) fifty percent (50%) of this share on or before August 30 and the remaining forty percent (40%) fifty percent (50%) of this share on or before the following April 30.

To make the per capita distributions required by this subsection, the Secretary shall first allocate the sum to be distributed among the counties on a per capita basis. The Secretary shall then compute a per capita distributable amount for each county by dividing the amount allocated to a county by the total population of the county, plus the population of any incorporated towns and cities located in the county. Each taxing unit in a county, including the county itself, shall receive the product of the population of the taxing unit and the per capita distributable amount for that county.

A city or county that receives funds under this subsection and that collects taxes for another taxing unit shall distribute part of the taxes received by it to the taxing unit for which it collects tax. The distribution shall be made on the basis of the proportionate amount of ad valorem taxes levied, for the most recent fiscal year beginning July 1, by the city or county and by all the taxing units for which the city or county collects tax. This distribution shall be made as soon as practicable after a city or county receives funds from the State under this section.

(c) Second Per Capita Distribution. -- On or before March 20, 1989, the Secretary shall allocate to each county the county's per capita share of the sum of thirty-nine million dollars ($39,000,000).

Each year thereafter through April 1995, on or before April 30, the Secretary of Revenue shall allocate to each county the amount it received the previous year under this subsection. On or before August 30, 1995, the
Secretary shall determine for each county the amount it received in April 1995 under this subsection. Beginning in August 1995 and each year thereafter, the Secretary shall distribute sixty percent (60%) fifty percent (50%) of this amount to each county on or before August September 30 and the remaining forty percent (40%) fifty percent (50%) to each county on or before the following April 30.

Amounts allocated to a county under this subsection shall in turn be divided and distributed between the county and the cities located in the county in proportion to the total amount of ad valorem taxes levied by each during the fiscal year preceding the distribution. For the purposes of this section, the amount of the ad valorem taxes levied by a county or city shall include any ad valorem taxes collected by the county or city in behalf of a special district. For the purpose of computing the distribution for any year with respect to which the property valuation of a public service company is the subject of an appeal and the Department of Revenue is restrained by law from certifying the valuation to the appropriate counties and cities, the Department shall use the latest property valuation of that public service company that has been certified.

The governing body of each county and city shall report to the Secretary of Revenue such information as he may request in order to make the distribution under this subsection. If a county or city fails to make a requested report within the time prescribed, the Secretary may disregard that county or city and the other taxing units in the county or city in making the distribution.

(c1) Claims-based Distribution. -- On or before March 20, 1989, the Secretary shall distribute to each county and city an amount equal to the amount by which the county or city's inventory loss, as defined in subsection (d) of this section, exceeds the amount of the reimbursement received by the county or city under subsection (c) of this section.

Except as provided in subsection (g) of this section, each year thereafter through April 1995, on or before April 30, the Secretary shall distribute to each county and city the amount it received the previous year under this subsection. On or before August 30, 1995, the Secretary shall determine for each county and city the amount it received in April 1995 under this subsection. Beginning in August 1995 and each year thereafter, the Secretary shall distribute sixty percent (60%) fifty percent (50%) of this amount to each county and city on or before August September 30 and the remaining forty percent (40%) fifty percent (50%) of this amount to each county and city on or before the following April 30.

(c2) Supplemental Distribution. -- On or before March 20, 1989, the Secretary shall determine, with respect to each county and city, whether the sum of (i) the amount the county or city received under subsection (c), plus (ii) the amount the county or city received under subsection (c1), plus (iii) three and four-tenths percent (3.4%) of the total distribution received by the county or city under G.S. 105-472, 105-486, 105-501, and Chapter 1096 of the 1967 Session Laws between January 1, 1988, and December 31, 1988, is less than ninety percent (90%) of the amount of taxes the county or city actually levied on inventories owned by retailers and wholesalers for the 1987-88 tax year. If that sum is less than ninety percent (90%) of the
amount of taxes the county or city actually levied on those inventories for the 1987-88 tax year, the Secretary shall distribute to that county or city a supplemental amount equal to the amount by which ninety percent (90%) of the taxes it actually levied on inventories owned by retailers and wholesalers for the 1987-88 tax year exceeds the total of subdivisions (i), (ii), and (iii).

Except as provided in subsection (g) of this section, each year thereafter through April 1995, on or before April 30, the Secretary shall distribute to each county and city the amount it received the previous year under this subsection. On or before August 30, 1995, the Secretary shall determine for each county and city the amount it received in April 1995 under this subsection. Beginning in August 1995 and each year thereafter, the Secretary shall distribute sixty percent (60%) fifty percent (50%) of this amount to each county and city on or before August 30, 1995 and the remaining forty percent (40%) fifty percent (50%) of this amount to each county and city on or before the following April 30.

(c3) Distribution to Special Districts. -- Of the funds received by each county and city pursuant to subsections (c), (c1), and (c2) of this section, the portion that was received because the county or city was collecting taxes for a special district shall be distributed among the districts in the county or city in proportion to the amount of each special district's inventory levy, as defined in subsection (d) of this section, as soon as practicable after the city or county receives funds under this subsection. The Local Government Commission may adopt rules for the resolution of disputes and correction of errors in the distribution among special districts provided in this paragraph. In addition, the Local Government Commission may adopt rules for the reallocation of funds when a special district is dissolved, merged, or consolidated, or when a special district ceases to levy tax, either temporarily or permanently. The Local Government Commission shall report to the 1990 General Assembly any errors it discovers in the information furnished by local governments to the Secretary as required in subsection (a) of this section.

3. Imported by a means of transfer outside the terminal transfer system for sale, use, or storage in this State and would have been subject to the federal excise tax imposed by § 4081 of the Code if it had been removed at a terminal or bulk plant rack in this State instead of imported.
4. Fuel grade ethanol that meets any of the following descriptions:
   a. Is removed from a terminal or another storage and distribution facility, unless the removed fuel is received by a supplier for subsequent sale.
   b. Is imported to this State outside the terminal transfer system by a means other than a marine vessel, a transport truck, or a railroad tank car.

"(c) Terminal Rack Removal. -- The excise tax imposed by G.S. 105-449.81(1) on motor fuel removed at a terminal rack in this State is payable by the person that first receives the fuel upon its removal from the terminal. If the motor fuel is removed by an unlicensed distributor, the supplier of the fuel is jointly and severally liable for the tax due on the fuel. If the motor fuel is sold by a person who is not licensed as a supplier, as required by this Article, the terminal operator, the person selling the fuel, and the person removing the fuel are jointly and severally liable for the tax due on the fuel. 2. A kerosene splash-blend made when kerosene is delivered at a terminal into a motor fuel storage compartment of a transport truck or a tank wagon and undyed diesel fuel is also delivered at that terminal into the same storage compartment, if the buyer of the kerosene notified the supplier before or at the time of delivery that the kerosene would be used to make a splash-blend."

A terminal operator may establish that motor fuel received at a terminal but not shown on a report an informational return as having been removed from the terminal was lost or part of a transmix and is therefore not unaccounted for."

Sec. 19. G.S. 105-449.87(a)(4) is repealed.

If the removed fuel is to be used for a purpose that is exempt from tax in the destination state and, when removing the fuel, the licensed distributor or licensed exporter uses an access card or code specified by the supplier to notify the supplier that the fuel will be resold in an exempt sale, no tax is due on the removal.

(2) Motor fuel sold to the federal government.

(3) Motor fuel sold to the State for its use.

If the removed fuel is to be used for a purpose that is exempt from tax in the destination state and, when removing the fuel, the licensed distributor or licensed exporter uses an access card or code specified by the supplier to notify the supplier that the fuel will be resold in an exempt sale, no tax is due on the removal.

(2) Motor fuel sold to the federal government.

(3) Motor fuel sold to the State for its use.

(4) Motor fuel sold to a local board of education for use in the public school system.

reporting period was removed at a terminal located in another state and the supplier of the fuel is an elective supplier or a permissive supplier."

Sec. 24. Part 4 of Article 36C of Chapter 105 of the General Statutes is amended by adding the following section to read:

"§ 105-449.90A. Payment by supplier of destination state tax collected on exported motor fuel.

A licensed distributor has the right to defer the remittance of tax to the supplier, as trustee, until the date the trustee must pay the tax to the State. Payment of tax by this State or to another state. The time when an unlicensed distributor must remit tax to a supplier is governed by the terms of the contract between the unlicensed distributor and the supplier. G.S. 105-449.76 governs the cancellation of a distributor's license, supplier and the unlicensed distributor.

(b) Exporter. -- An exporter must remit tax due on motor fuel removed at a terminal rack to the supplier of the fuel. A licensed exporter that is also licensed in the destination state has the right to defer the remittance of tax to the supplier until the date set by the law of the destination state of the fuel. The time when an unlicensed exporter, or a licensed exporter that is not also licensed in the destination state, must remit tax to a supplier is governed by the terms of the contract between the supplier and the exporter.

(c) Importer. -- A licensed importer must remit tax due on motor fuel removed at a terminal rack of a permissive or an elective supplier to the supplier of the fuel. A licensed importer that removes fuel from a terminal rack of a permissive or an elective supplier has the right to defer the remittance of tax to the supplier until the date the supplier must pay the tax to this State.

(d) General. -- The method by which a distributor, an exporter, or a licensed importer must remit tax to a supplier is governed by the terms of the contract between the supplier and the distributor, exporter, or licensed importer and the supplier. If the Secretary issues a license to a distributor, an exporter, or an importer whose license was cancelled, the Secretary must notify all suppliers of the issuance.

(b) Effect of Notice. -- A supplier that sells motor fuel to a distributor or an exporter after receiving notice from the Secretary that the Secretary has cancelled the distributor's or exporter's license is jointly and severally liable with the distributor or exporter for any tax due on motor fuel the supplier sells to the distributor or exporter after receiving the notice. This joint and several liability does not apply to excise tax due on motor fuel sold to a previously unlicensed distributor or unlicensed exporter after the supplier receives notice from the Secretary that the Secretary has issued another license to the distributor, distributor or exporter."

Sec. 27. G.S. 105-449.93 reads as rewritten:

A licensed importer that removes motor fuel from a terminal rack of a permissive or an elective supplier and that pays the tax due the supplier by the date the supplier must pay the tax to the State may deduct from the amount due a discount of the same amount allowed a licensed distributor. The discount covers the expense of furnishing a bond and losses due to shrinkage or evaporation. A supplier may not directly or indirectly deny this discount to a licensed distributor or licensed importer that pays the excise tax due the supplier by the date the supplier must pay the tax to the State."

Sec. 28. G.S. 105-449.94 reads as rewritten:
"§ 105-449.94. Quarterly reconciling return for exempt sales by licensed distributor distributor and some licensed importers.

(a) Return. -- A licensed distributor or a licensed importer that deducts exempt sales under G.S. 105-449.93(a) when paying tax to a supplier must file a quarterly reconciling return for the exempt sales. The return must list the following information:

(1) The number of gallons for which a deduction was taken during the quarter, by supplier.
(2) The number of gallons sold in exempt sales during the quarter, by type of sale, and the purchasers of the fuel in the exempt sales.

(b) Payment. -- If the number of gallons for which a licensed distributor or licensed importer takes a deduction during a quarter exceeds the number of exempt gallons sold, the licensed distributor or licensed importer must pay tax on the difference at the motor fuel rate. The licensed distributor or licensed importer is not allowed a percentage discount when paying tax under this subsection.

(c) Refund. -- If the number of gallons for which a licensed distributor or licensed importer takes a deduction during a quarter is less than the number of exempt gallons sold, the Secretary must refund the licensed distributor for the amount of tax paid on the difference. The Secretary must reduce the amount of the refund by the amount of the percentage discount the distributor received on the fuel.

(d) Exception. -- If the number of gallons for which a licensed distributor takes a deduction during a quarter equals the number of exempt gallons sold, the licensed distributor is not required to file a return under this section for that quarter. The Secretary may waive the requirement of filing a return under this section in other specified circumstances."

Sec. 29. G.S. 105-449.95 reads as rewritten:
"§ 105-449.95. Quarterly hold harmless for licensed distributors, distributors and some licensed importers.

(a) Calculation. -- At the end of each calendar quarter, the Secretary must review the amount of discounts each licensed distributor licensed importer received under G.S. 105-449.93(b). The Secretary must determine if the amount of discounts the distributor or importer received under that subsection in each month of the quarter is less than the amount the distributor or importer would have received if the distributor or importer had been allowed a discount on taxable gasoline purchased by the distributor or importer from a supplier during each month of the quarter under the following schedule:

<table>
<thead>
<tr>
<th>Amount of Gasoline Purchased</th>
<th>Percentage Discount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Each Month</td>
<td></td>
</tr>
<tr>
<td>First 150,000 gallons</td>
<td>2%</td>
</tr>
<tr>
<td>Next 100,000 gallons</td>
<td>1 1/2%</td>
</tr>
<tr>
<td>Amount over 250,000 gallons</td>
<td>1%</td>
</tr>
</tbody>
</table>

(b) Refund. -- If the amount the licensed distributor or licensed importer received under G.S. 105-449.93(b) for a month in the quarter is less than the amount the distributor or importer would have received on the distributor's or importer's taxable gasoline purchases under the monthly schedule in subsection (a) of this section, the Secretary must send the distributor or importer a refund check for the difference. In determining the amount of discounts a distributor or importer received under G.S. 105-449.93(b) for gasoline purchased in a month, a distributor or importer is considered to have received the amount of any discounts the distributor or importer could have received under that subsection but did not receive because the distributor or importer failed to pay the tax due to the supplier by the date the supplier had to pay the tax to the State."

Sec. 30. G.S. 105-449.96 reads as rewritten:
§ 105-449.96. Information required on return filed by supplier.

Sec. 31. G.S. 105-449.97 reads as rewritten:

§ 105-449.97. Deductions and discounts allowed a supplier when filing a return.

A supplier is not liable for tax a licensed distributor license holder listed in this subsection owes the supplier but fails to pay. If a licensed distributor listed license holder pays tax owed to a supplier after the supplier deducts the amount on a return, the supplier must promptly remit the distributor’s payment to the Secretary. When a supplier deducts an amount not paid to the supplier by a licensed distributor or licensed exporter on exported motor fuel, the Secretary must notify the appropriate destination state of the failure and cooperate with that state in recovering from the exporter the amount deducted.

(b) Administrative Discount. -- A supplier that files a timely return may deduct from the amount of tax payable with the return an administrative discount of one-tenth of one percent (0.1%) of the amount of tax payable to this State as the trustee, not to exceed eight thousand dollars ($8,000) a month. The discount covers expenses incurred in collecting taxes on motor fuel from distributors.

(c) Percentage Discount. -- A supplier that sells motor fuel directly to an unlicensed distributor or unlicensed exporter or to the bulk-end user, the retailer, or user of the fuel can may take the same percentage discount on the fuel that a licensed distributor can may take under G.S. 105-449.93(b) when making deferred payments of tax to the supplier.”

(3) A licensed exporter, if the destination state of the exported motor fuel allows a supplier in that state to deduct from the amount of tax payable with a return the amount of tax an exporter licensed in that state owes the supplier but fails to pay.

A supplier is not liable for tax a license holder listed in this subsection owes the supplier but fails to pay. If a listed license holder pays tax owed to a supplier after the supplier deducts the amount on a return, the supplier must promptly remit the payment to the Secretary. When a supplier deducts an amount not paid to the supplier by a licensed distributor or licensed exporter on exported motor fuel, the Secretary must notify the appropriate destination state of the failure and cooperate with that state in recovering from the exporter the amount deducted.”

Sec. 33. G.S. 105-449.98 reads as rewritten:

(b) Notification to Distributor, Distributor or Exporter. -- A supplier must notify a licensed distributor or licensed exporter that received motor fuel from the supplier during a reporting period of the number of taxable gallons received. The supplier must give this notice after the end of each reporting period and before the licensed distributor or licensed exporter must remit to the supplier the amount of tax due on the fuel.

(c) Notification to Department. -- A supplier of motor fuel at a terminal must notify the Department within 10 business days after a return is due of any licensed distributors or licensed exporters that did not pay the tax due the supplier when the supplier filed the return. Each state jurisdiction shall forward the findings of the audits performed on motor carriers based in the state jurisdiction to each state jurisdiction in which the carrier has taxable use of gasoline or other motor fuels. For motor carriers not based in this State who have taxable use of gasoline or other motor fuels in this State, the Secretary may utilize the audit findings received from another state jurisdiction as the basis upon which to propose assessments of gasoline or other motor fuel taxes against the carrier as though the audit had been conducted by the Secretary. Penalties and interest shall be assessed at the rates provided in the agreement.

No agreement entered into pursuant to this section may preclude the Department from auditing the records of any motor carrier covered by this Chapter.

The provisions of Article 9 of this Chapter apply to any assessment or order made under this section.

If the tax remains unpaid by the corporation after it is due and payable, the Secretary may assess the tax against, and collect the tax from, any responsible corporate officer in accordance with the procedures in this Article for assessing and collecting tax from a taxpayer. As used in this section, the term 'responsible corporate officer' includes the president and the treasurer of the corporation and any other officers assigned the duty of filing tax returns and remitting taxes to the Secretary on behalf of the corporation. Any penalties that may be imposed under G.S. 105-236 and that apply to a deficiency shall apply to any assessment made under this section. The provisions of this Article apply to an assessment made under this section to the extent they are not inconsistent with this section.

A kerosene distributor is required to have a kerosene distributor license only if the distributor imports kerosene. Other kerosene distributors may elect to have a kerosene distributor license. A licensed kerosene distributor that buys kerosene from a supplier licensed under Part 2 of Article 36C of Chapter 105 of the General Statutes has the right to defer payment of the inspection tax until the supplier is required to remit the tax to this State or another state. A licensed kerosene distributor that pays the tax due a supplier licensed under that Part by the date the supplier must pay the tax to the State may deduct from the amount due a discount in the amount set in G.S. 105-449.93.

(b) Application. -- To obtain a license under this section, an applicant must file an application with the Secretary of Revenue on a form provided by the Secretary and file with the Secretary a bond in the amount required by the Secretary, not to exceed twenty thousand dollars ($20,000). (c) General. -- A bond filed under this section must be conditioned on compliance with this Article, be payable to the State, and be in the form required by the Secretary. A license issued under this section remains in effect until surrendered or canceled, must be displayed in the same manner as a license issued under Part 2 of Article 36C of Chapter 105 of the General Statutes, and is subject to the same restrictions as a license issued under that Part. A person who fails to comply with this section is guilty of a Class 1 misdemeanor."

(1) Motor fuel that is not dyed diesel fuel.
(2) Dyed diesel fuel used to operate a highway vehicle.
(3) Alternative fuel used to operate a highway vehicle.

Revenue at the same time that the excise tax on alternative fuel is due and payable under Article 36D of Chapter 105 of the General Statutes. The inspection tax on kerosene is payable monthly to the Secretary by a distributor required to be licensed under G.S. 119-16.2. A monthly report by a distributor required to be licensed under G.S. 119-16.2 is due by the 20th 22nd of each month and applies to kerosene sold during the preceding month by a supplier licensed under that Part and to kerosene received during the preceding month by the distributor during the preceding month. a kerosene supplier.

CHAPTER 648

AN ACT TO PROVIDE FOR THE CONTINUED SOLVENCY OF THE COMMERCIAL LEAKING PETROLEUM UNDERGROUND STORAGE TANK CLEANUP FUND AND TO MAKE OTHER CHANGES TO THE LEAKING PETROLEUM UNDERGROUND STORAGE TANK CLEANUP PROGRAM, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. Temporary suspension of cleanups pending adoption of risk-assessment rules -- (a) The definitions set out in G.S. 143-215.94A apply to this section.

(b) The Department shall classify the impact of each known discharge or release of a petroleum product from an underground storage tank as either a Class AB impact or a Class CDE impact. The Department shall make the classification on the basis of information currently known by the Department or provided to the Department as required by law. The Department shall revise the classification as additional information is received. The impact of a discharge or release is a Class CDE impact unless and until it is classified as a Class AB impact. A discharge or release has a Class AB impact if and only if any of the following apply:

(1) A water supply well is contaminated.
(2) Petroleum vapor is present in a confined space.
(3) A water supply well is located within 1,500 feet of the discharge, release, or known extent of contamination and there is a user of water from any water supply well located within 1,500 feet of the
discharge, release, or known extent of contamination who is not served by an existing public water supply.

(4) The discharge or release results in a violation of drinking water standards set out in rules adopted by the Commission for Health Services under G.S. 130A-315 in a treated surface water supply.

(5) The discharge or release poses an imminent danger to public health, public safety, or the environment.

(c) The Department shall give notice of the classification of the impact of a cleanup of a discharge or release from a petroleum underground storage tank by publishing the classification in the North Carolina Register. To the maximum extent practical, the Department shall give notice of the classification of the impact of a cleanup of a discharge or release from a petroleum underground storage tank by first-class mail to either the owner, operator, or other person responsible for the cleanup as shown on records maintained by the Department at the address on file with the Department.

(d) The Commission shall not require the cleanup of a discharge or release from a petroleum underground storage tank having a Class CDE impact except that an owner, operator, or other person responsible for the cleanup of a discharge or release from a petroleum underground storage tank shall:

(1) Take immediate action to prevent any further release or discharge of petroleum from the underground storage tank; identify and mitigate any fire, explosion, or vapor hazard; and remove any free petroleum product.

(2) Meet applicable requirements of 40 Code of Federal Regulations § 280.50 through § 280.53 and § 280.60 through § 280.64 (1 July 1995 Edition).

(3) Submit any information that the Department may require to classify the impact of the discharge or release pursuant to this section.

(e) If the impact of a discharge or release is classified as having a Class CDE impact, the Department shall not pay or reimburse any costs otherwise payable or reimbursable under Part 2A of Article 21A of Chapter 143 of the General Statutes from either the Commercial Fund or Noncommercial Fund unless:

(1) The costs are incurred to comply with subsection (d) of this section.

(2) The payment or reimbursement is for costs that were incurred prior to notification that the impact of the discharge or release has been classified as Class CDE by the Department.

(3) The payment or reimbursement is for costs that were incurred for a discharge or release the impact of which is subsequently classified as a Class AB impact by the Department.

(4) Cleanup is ordered or damages are awarded in a finally adjudicated judgment in an action against the owner, operator, or landowner.

(5) Cleanup is required or damages are agreed to in a consent judgment approved by the Department prior to its entry by the court.

259
(6) Cleanup is required or damages are agreed to in a settlement agreement approved by the Department prior to its execution by the parties.

(7) The Department approves continuation of the cleanup as provided in subsection (f) of this section.

(f) An owner, operator, or landowner who is responsible for the cleanup from a discharge or release who is not eligible to have the costs of the cleanup paid or reimbursed because the impact of the discharge or release has been classified as a Class CDE impact may petition the Department for continued eligibility for payment or reimbursement. The Department shall authorize continuation of the cleanup only if the owner, operator, or landowner responsible for the cleanup establishes that:

(1) The owner, operator, or landowner responsible for cleanup has incurred costs that are reimbursable under G.S. 143-215.94E(e), or that would be reimbursable if those costs were in excess of the costs for which the owner, operator, or landowner is responsible under G.S. 143-215.94B, 143-215.94D, or 143-215.94E.

(2) The owner, operator, or landowner either has paid or will pay all costs for which the owner, operator, or landowner is responsible.

(3) Discontinuation of the cleanup will result in a hardship. For purposes of this subdivision, a hardship exists if and only if the discontinuation of the cleanup will prevent the conveyance through a bona fide sale for value of the property where the discharge or release occurred. The owner, operator, or landowner responsible for the cleanup shall present a contract of sale executed on or before 31 December 1996 that is contingent on continuation of the cleanup. If the conveyance of the property does not occur within 120 days after the contract of sale is executed or under the terms of the contract for any reason, the Department shall discontinue eligibility under this subsection.

(g) Except for costs incurred to comply with subsection (d) of this section, the Department shall not pay or reimburse any costs otherwise payable or reimbursable under Part 2A of Article 21A of Chapter 143 of the General Statutes from either the Commercial Fund or the Noncommercial Fund for a discharge or release that is discovered on or after the date this act is ratified until the impact of the release has been classified as provided in subsection (b) of this section.

Sec. 2. G.S. 143-215.94C(a) reads as rewritten:

"(a) For purposes of this subsection, each compartment of a commercial underground storage tank that is designed to independently contain a petroleum product is a separate petroleum commercial underground storage tank. The owner or operator of a commercial petroleum underground storage tank shall pay to the Secretary for deposit into the Commercial Fund an annual operating fee according to the following schedule:

(1) For each petroleum commercial underground storage tank of 3,500 gallons or less capacity -- one hundred fifty dollars ($150.00). two hundred dollars ($200.00)."
(2) For each petroleum commercial underground storage tank of more than 3,500 gallon capacity -- two hundred twenty-five dollars ($225.00), three hundred dollars ($300.00)."

Sec. 3. G.S. 143-215.94E is amended by adding a new subsection to read:
"(c1) In the case of a discharge or release from a noncommercial underground storage tank where the owner and operator cannot be identified or located, or where the owner and operator fail to proceed as required by subsection (a) of this section, if the current landowner of the land in which the noncommercial underground storage tank is located notifies the Department in accordance with G.S. 143-215.85 and undertakes to collect and remove the discharge or release and to restore the area affected in accordance with the requirements of this Article and applicable federal and State laws, regulations, and rules, the current landowner may elect to have the Noncommercial Fund pay or reimburse the current landowner for ninety percent (90%) of any costs described in subdivisions (1) and (2) of G.S. 143-215.94D(b1) that exceed five thousand dollars ($5,000). Eligibility for reimbursement under this subsection may be transferred to a subsequent landowner from a current landowner who has paid the costs for which the landowner is responsible under this subsection. The sum of payments from the Noncommercial Fund and from all other sources shall not exceed one million dollars ($1,000,000) per discharge or release. This subsection shall not be construed to require a current landowner to clean up a discharge or release of petroleum from an underground storage tank for which the current landowner is not otherwise responsible. This subsection does not alter any right, duty, obligation, or liability of a current landowner, former landowner, subsequent landowner, owner, or operator under other provisions of law. This subsection shall not be construed to limit the authority of the Department to engage in a cleanup under this Article or any other provision of law. The current landowner shall submit documentation of all expenditures as required by G.S. 143-215.94G(b)."

Sec. 4. G.S. 143-215.94E(e) reads as rewritten:
"(e) When the owner or operator pays the costs described in G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1) resulting from a discharge or release of petroleum from an underground storage tank, the owner or operator may seek reimbursement from the appropriate fund for any costs he may elect to have either the Commercial Fund or the Noncommercial Fund pay in accordance with subsections (b) and (c) of this section. The Department shall reimburse the owner or operator for all costs he may elect to have the appropriate fund pay that the Department determines to be reasonable and necessary and for which appropriate documentation is submitted. The Department may contract for any services necessary to evaluate any claim for reimbursement or compensation from either the Commercial Fund or the Noncommercial Fund, may contract for any expert witness or consultant services necessary to defend any decision to pay or deny any claim for reimbursement, and may pay the cost of these services from the fund against which the claim is made; provided that in any fiscal year the Department shall not expend from either fund more than one percent (1%) of the unobligated balance of the fund on 30 June of the
previous fiscal year. The cost of contractual services to evaluate a claim or for expert witness or consultant services to defend a decision with respect to a claim shall be included as costs under G.S. 143-215.94B(b) and G.S. 143-215.94D(b1). The Commission shall adopt rules governing reimbursement of necessary and reasonable costs. An owner or operator whose claim for reimbursement is denied may appeal a decision of the Department as provided in Article 3 of Chapter 150B of the General Statutes. If the owner or operator is eligible for reimbursement under this section and the cleanup extends beyond a period of three months, the owner or operator may apply to the Department for interim reimbursements to which he is entitled under this section on a quarterly basis. If the Department fails to notify an owner or operator of its decision on a claim for reimbursement under this subsection within 90 days after the date the claim is received by the Department, the owner or operator may elect to consider the claim to have been denied, and may appeal the denial as provided in Article 3 of Chapter 150B of the General Statutes.”

Sec. 5. The Department of Environment, Health, and Natural Resources shall study options for privatization of the leaking petroleum underground storage cleanup program. The Department shall pay any costs associated with this study from funds otherwise available to the Department for the implementation of Part 2A and Part 2B of Article 21A of Chapter 143 of the General Statutes. The Department shall report its findings and recommendations, including any proposed legislation, to the Environmental Review Commission on or before 1 November 1996.

Sec. 6. The Environmental Management Commission shall publish the text of the proposed rule required by G.S. 143-215.94V(b) as soon as possible and no later than 1 January 1997. The Environmental Management Commission shall adopt a rule to implement the requirements of G.S. 143-215.94V(b) as soon as possible and no later than 1 October 1997.

Sec. 7. The Revisor of Statutes shall set out Section 1 of this act as a note to G.S. 143-215.94V.

Sec. 8. Nothing in this act shall be construed to waive the sovereign immunity of the State for any action or omission of the State or of any agent or employee of the State in implementing the provisions of this act. The provisions of Article 31 of Chapter 143 of the General Statutes, Tort Claims against State Departments and Agencies, shall not apply to any action or omission of the State or of any agent or employee of the State in implementing the provisions of this act. There shall be no liability for negligence on the part of the State or of any agent or employee for any action or omission in implementing the provisions of this act.

CHAPTER 652

AN ACT TO AUTHORIZE THE DEPARTMENT OF TRANSPORTATION TO ESTABLISH SPEED LIMITS UP TO SEVENTY MILES PER HOUR ON DESIGNATED PARTS OF CONTROLLED ACCESS HIGHWAYS AND TO PROVIDE FOR SUSPENSION OF THE LICENSE OF A PERSON DRIVING IN EXCESS OF 80 MILES PER HOUR.

The General Assembly of North Carolina enacts:

Section 1. G.S. 20-141 reads as rewritten:

"§ 20-141. Speed restrictions.

(a) No person shall drive a vehicle on a highway or in a public vehicular area at a speed greater than is reasonable and prudent under the conditions then existing.

(b) Except as otherwise provided in this Chapter, it shall be unlawful to operate a vehicle in excess of the following speeds:

1) Thirty-five miles per hour inside municipal corporate limits for all vehicles.
(2) Fifty-five miles per hour outside municipal corporate limits for all vehicles, except on rural Interstate Highways where the speed limit has been raised pursuant to G.S. 20-141(d)(2), and except for school buses and school activity buses.

(c) Except while towing another vehicle, or when an advisory safe-speed sign indicates a slower speed, or as otherwise provided by law, it shall be unlawful to operate a passenger vehicle upon the interstate and primary highway system at less than the following speeds:

(1) Forty miles per hour in a speed zone of 55 miles per hour.
(2) Forty-five miles per hour in a speed zone of 60 miles per hour or greater.

These minimum speeds shall be effective only when appropriate signs are posted indicating the minimum speed.

(d) (1) Whenever the Department of Transportation determines on the basis of an engineering and traffic investigation that any speed allowed by subsection (b) is greater than is reasonable and safe under the conditions found to exist upon any part of a highway outside the corporate limits of a municipality or upon any part of a highway designated as part of the Interstate Highway System or other any part of a controlled-access highway (either inside or outside the corporate limits of a municipality), the Department of Transportation shall determine and declare a reasonable and safe speed limit.

(2) Whenever the Department of Transportation determines on the basis of an engineering and traffic investigation that a higher maximum speed than those set forth in subsection (b) is reasonable and safe under the conditions found to exist upon any part of a highway designated as part of the Interstate Highway System or other any part of a controlled-access highway (either inside or outside the corporate limits of a municipality) the Department of Transportation shall determine and declare a reasonable and safe speed limit. A speed limit set pursuant to this subsection may not exceed 70 miles per hour. The Department of Transportation shall set the speed limit not to exceed that allowed by applicable Federal law on any part of the Interstate Highway System that they deem to be safe.

Speed limits set pursuant to this subsection are not effective until appropriate signs giving notice thereof are erected upon the parts of the highway affected.

(e) Local authorities, in their respective jurisdictions, may authorize by ordinance higher speeds or lower speeds than those set out in subsection (b) upon all streets which are not part of the State highway system; but no speed so fixed shall authorize a speed in excess of 55 miles per hour. Speed limits set pursuant to this subsection shall be effective when appropriate signs giving notice thereof are erected upon the part of the streets affected.

(f) Whenever local authorities within their respective jurisdictions determine upon the basis of an engineering and traffic investigation that a higher maximum speed than those set forth in subsection (b) is reasonable and safe, or that any speed hereinbefore set forth is greater than is
reasonable and safe, under the conditions found to exist upon any part of a street within the corporate limits of a municipality and which street is a part of the State highway system (except those highways designated as part of the interstate highway system or other controlled-access highway) said local authorities shall determine and declare a safe and reasonable speed limit. A speed limit set pursuant to this subsection may not exceed 55 miles per hour. Limits set pursuant to this subsection shall become effective when the Department of Transportation has passed a concurring ordinance and signs are erected giving notice of the authorized speed limit.

The Department of Transportation is authorized to raise or lower the statutory speed limit on all highways on the State highway system within municipalities which do not have a governing body to enact municipal ordinances as provided by law. The Department of Transportation shall determine a reasonable and safe speed limit in the same manner as is provided in G.S. 20-141(d)(1) and G.S. 20-141(d)(2) for changing the speed limits outside of municipalities, without action of the municipality.

(g) Whenever the Department of Transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway considerably impede the normal and reasonable movement of traffic, the Department of Transportation or such local authority may determine and declare a minimum speed below which no person shall operate a motor vehicle except when necessary for safe operation in compliance with law. Such minimum speed limit shall be effective when appropriate signs giving notice thereof are erected on said part of the highway. Provided, such minimum speed limit shall be effective as to those highways and streets within the corporate limits of a municipality which are on the State highway system only when ordinances adopting the minimum speed limit are passed and concurred in by both the Department of Transportation and the local authorities. The provisions of this subsection shall not apply to farm tractors and other motor vehicles operating at reasonable speeds for the type and nature of such vehicles.

(h) No person shall operate a motor vehicle on the highway at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law; provided, this provision shall not apply to farm tractors and other motor vehicles operating at reasonable speeds for the type and nature of such vehicles.

(i) The Department of Transportation shall have authority to designate and appropriately mark certain highways of the State as truck routes.

(j) Any person convicted of violating this section by operating a vehicle on a street or highway in excess of 55 miles per hour and at least 15 miles per hour over the legal limit while fleeing or attempting to elude arrest or apprehension by a law enforcement officer with authority to enforce the motor vehicle laws is guilty of a Class 1 misdemeanor. A person who does one of the following while fleeing or attempting to elude arrest or apprehension by a law enforcement officer with authority to enforce the motor vehicle laws is guilty of a Class 1 misdemeanor:
(1) Drives a vehicle on a street or highway in excess of 55 miles per hour and more than 15 miles per hour over the legal limit.

(2) Drives a vehicle in excess of 80 miles per hour.

(j1) A person who drives a vehicle on a highway at a speed that is either more than 15 miles per hour more than the speed limit established by law for the highway where the offense occurred or over 80 miles per hour is guilty of a Class 2 misdemeanor.

(j2) A person who drives a motor vehicle in a highway work zone at a speed greater than the speed limit set and posted under G.S. 20-141 is responsible for an infraction and is required to pay a penalty of one hundred dollars ($100.00). A 'highway work zone' is the area between the first sign that informs motorists of the existence of a work zone on a highway and the last sign that informs motorists of the end of the work zone. This subsection applies only if a sign posted at the beginning of the highway work zone states the penalty for speeding in the work zone.

(k) The maximum speed limit on any public highway within the State of North Carolina shall not exceed 55 miles per hour except for those portions of the Interstate Highway System where the Department of Transportation sets a higher speed limit pursuant to subdivision (d)(2) of this section.

(l) Notwithstanding any other provision contained in G.S. 20-141 or any other statute or law of this State, including municipal charters, any speed limit on any portion of the public highways within the jurisdiction of this State shall be uniformly applicable to all types of motor vehicles using such portion of the highway, if on November 1, 1973, such portion of the highway had a speed limit which was uniformly applicable to all types of motor vehicles using it. Provided, however, that a lower speed limit may be established for any vehicle operating under a special permit because of any weight or dimension of such vehicle, including any load thereon. The requirement for a uniform speed limit hereunder shall not apply to any portion of the highway during such time as the condition of the highway, weather, an accident, or other condition creates a temporary hazard to the safety of traffic on such portion of the highway.

(m) The fact that the speed of a vehicle is lower than the foregoing limits shall not relieve the operator of a vehicle from the duty to decrease speed as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway, and to avoid injury to any person or property.

(n) Notwithstanding any other provision contained in G.S. 20-141 or any other statute or law of this State, the failure of a motorist to stop his vehicle within the radius of its headlights or the range of his vision shall not be held negligence per se or contributory negligence per se."

Sec. 2. G.S. 20-16.1(a) reads as rewritten:

"(a) Notwithstanding any other provisions of this Article, the Division shall suspend for a period of 30 days the license of any driver without preliminary hearing on receiving a record of such the driver's conviction of either (i) exceeding by more than 15 miles per hour the speed limit, either within or outside the corporate limits of a municipality, if such the person was also driving at a speed in excess of 55 miles per hour at the time of the
offense, or (ii) driving at a speed in excess of 80 miles per hour at the time of the offense."

Sec. 3. This act becomes effective October 1, 1996.
In the General Assembly read three times and ratified this the 21st day of June, 1996.

CHAPTER 657

AN ACT TO ALLOW RICHMOND COUNTY TO CREATE FIRE PROTECTION DISTRICTS IN WHICH FIRE PROTECTION IS FUNDED BY FEES RATHER THAN TAXES.

The General Assembly of North Carolina enacts:

Section 1. Article 11 of Chapter 153A of the General Statutes is amended by adding a new section to read:

"§ 153A-236. Fee-supported fire districts.

(a) Request for Fee-supported District. -- A county may establish a fee-supported fire response district in any one or more of the following circumstances:

(1) Upon receipt by the county of a written request to create a district signed by at least two-thirds of the members of the board of directors of a fire department that contracts with the county to provide fire protection within an area of the county.

(2) Upon receipt by the county of a petition requesting creation of a district signed by at least fifteen percent (15%) of the resident freeholders living in an area in the county and describing the area to be designated as the district.

(3) Whether or not a written request or petition is made pursuant to subdivisions (1) or (2) of this subsection, upon the board of commissioners' own initiative.

(b) Creation of Fee-supported District. -- A fee-supported fire district shall be created by adoption of a resolution by the board of commissioners in a regularly scheduled meeting having been preceded by a public hearing held not less than 10 days prior to nor more than 45 days prior to the date of the meeting when the vote is to be taken. The public hearing must have been advertised at least once, and not less than 10 days before date of the hearing, in a daily newspaper of prominent circulation in the county. In computing such period, the day of publication is not to be included but the day of the hearing shall be included. The proposed district maps shall be available for public inspection at the hearing and in the office of the clerk to the board for the entire period of this procedure and shall be published in a daily newspaper of prominent circulation in the county along with the advertisement of the public hearing.

The resolution creating the fee-supported district shall set forth the boundaries of the district and shall impose annual fees for the provision of fire protection services within the district. The district may not include any area that is within (i) a tax-supported fire district established under Article 3A of Chapter 69 of the General Statutes; (ii) a county fire service district established under Article 16 of this Chapter for fire protection purposes; or (iii) another fee-supported fire district. The district may not include any
area that is within the corporate limits of a municipality unless the governing body of the municipality agrees to the inclusion.  

(c) Fees. -- The fees imposed by the county may not exceed the cost of providing fire protection services within the district and may be imposed on owners of all real property that benefits from the availability of fire protection. The county shall establish a schedule of fees for different classes of property and the fee for each class of property shall be proportional to the estimated cost of providing fire protection services to that class of property. These classes shall be as follows:

1. A single-family dwelling or manufactured home, and appurtenant structures, plus up to five acres of surrounding land.
2. Unimproved land other than the five acres of land classified as part of a single-family dwelling or manufactured home. The fee on this class of property may not exceed $0.50 (50 cents) per acre per year. The county may establish a minimum fee for unimproved land of five dollars ($5.00) per year.
3. An animal production or horticultural operation.
4. A commercial facility other than an animal production or horticultural operation.
5. A multiple-family dwelling.
6. Any other class of property selected by the county.

(d) Billing of Fees. -- The county may include a fee imposed under this section on the property tax bill for the real property on which the fee is imposed.

(e) Use of Fees. -- The county shall credit the fees collected within the district to a separate fund to be used only to furnish fire protection in the district. The board of commissioners shall administer the fund to provide fire protection by one or more of the following methods:

1. Contracting with any municipality or any incorporated nonprofit volunteer or community fire department.
2. Furnishing fire protection itself if it maintains an organized fire department.
3. Establishing a fire department in the district.

(f) Audit of Fire Department. -- If the county contracts with a fire department to provide fire protection services in a fee-supported fire district, the fire department shall prepare an annual budget based on anticipated revenues and shall submit the budget to the county for processing and approval through the county's regular budget procedure. Upon request of the county, the fire department shall make quarterly or semiannual reports to the county detailing its revenues, expenditures, and activities. The county may audit the fire department's financial records upon reasonable notice to the fire department.

(g) Extension of Area of District. -- The county may by resolution annex to any fee-supported fire district any territory that it could include in a new district under subsection (c) upon finding that:

1. The area to be annexed is contiguous to the district, with at least one-eighth of the area's aggregate external boundary coincident with the existing boundary of the district; and
2. The area to be annexed requires the services of the district.
The area of any fee-supported fire district may be increased by including within the boundaries of the district any adjoining territory lying within a municipality if the territory is not already included in another fire protection district, and both the municipal governing body and the county commissioners of the county in which the district is located agree by resolution to the inclusion.

(h) Abolition of District. -- Upon finding that there is no longer a need for a given fee-supported fire district, the board of commissioners may repeal the resolution establishing the district and thus abolish the district."

Sec. 2. This act applies to Richmond County only.
Sec. 3. This act is effective upon ratification.

Sec. 3. G.S. 115C-431 reads as rewritten:

"§ 115C-431. Procedure for resolution of dispute between board of education and board of county commissioners.

(a) If the board of education determines that the amount of money appropriated to the local current expense fund, or the capital outlay fund, or both, by the board of county commissioners is not sufficient to support a system of free public schools, the chairman of the board of education and the chairman of the board of county commissioners shall arrange a joint meeting of the two boards to be held within seven days after the day of the county commissioners' decision on the school appropriations. At the joint meeting, the entire school budget shall be considered carefully and judiciously, and the two boards shall make a good-faith attempt to resolve the differences that have arisen between them.

(b) If no agreement is reached at the joint meeting of the two boards, either board may refer the dispute to the clerk of superior court for arbitration within three days after the day of the joint meeting. The clerk
shall render his decision on the matters in disagreement within 10 days after the day of the referral. The clerk of the superior court shall have the authority to subpoena or issue any orders necessary to have appear before him any member of a board of education and any member of a board of commissioners involved in the dispute and to require that the records of either board be presented to him for the purpose of arbitration of the issues. Within 10 days of the referral, if the clerk in good faith determines that the dispute cannot be arbitrated, he shall transfer the matter to the superior court pursuant to this section and shall so notify the senior resident superior court judge or the presiding superior court judge in the district. notify the clerk of superior court who shall request the appointment of a mediator by superior court under G.S. 7A-38.1. The mediator shall be appointed within five days of the notification to the clerk. The mediator shall present recommendations for resolution of the matters in dispute within 15 days of the notification to the clerk.

(c) Within 10 days after the date of award, five days of receiving the recommendations of the mediator, either board may appeal the clerk’s award to file an action in the superior court division of the General Court of Justice. The court shall find the facts as to the amount of money necessary to maintain a system of free public schools, and the amount of money needed from the county to make up this total. Either board has the right to have the issues of fact tried by a jury. When a jury trial is demanded, the cause shall be set for the first succeeding term of the superior court in the county, and shall take precedence over all other business of the court. However, if the judge presiding certifies to the Chief Justice of the Supreme Court, either before or during the term, that because of the accumulation of other business, the public interest will be best served by not trying the cause at the term next succeeding the appeal filing of the action, the Chief Justice shall immediately call a special term of the superior court for the county, to convene as soon as possible, and assign a judge of the superior court or an emergency judge to hold the court, and the cause shall be tried at this special term. The issue submitted to the jury shall be what amount of money is needed from sources under the control of the board of county commissioners to maintain a system of free public schools.

All findings of fact in the superior court, whether found by the judge or a jury, shall be conclusive. When the facts have been found, the court shall give judgment ordering the board of county commissioners to appropriate a sum certain to the local school administrative unit, and to levy such taxes on property as may be necessary to make up this sum when added to other revenues available for the purpose.

(d) If an appeal is taken to the appellate division of the General Court of Justice, and if such an appeal would result in a delay beyond a reasonable time for levying taxes for the year, the judge shall order the board of county commissioners to appropriate to the local school administrative unit for deposit in the local current expense fund a sum of money sufficient when added to all other moneys available to that fund to equal the amount of this fund for the previous year. All papers and records relating to the case shall be considered a part of the record on appeal.
(e) If, in an appeal taken pursuant to action filed under this section, the final judgment of the General Court of Justice is rendered after the due date prescribed by law for property taxes, the board of county commissioners is authorized to levy such supplementary taxes as may be required by the judgment, notwithstanding any other provisions of law with respect to the time for doing acts necessary to a property tax levy. Upon making a supplementary levy under this subsection, the board of county commissioners shall designate the person who is to compute and prepare the supplementary tax receipts and records for all such taxes. Upon delivering the supplementary tax receipts to the tax collector, the board of county commissioners shall proceed as provided in G.S. 105-321.

The due date of supplementary taxes levied under this subsection is the date of the levy, and the taxes may be paid at par or face amount at any time before the one hundred and twentieth day after the due date. On or after the one hundred and twentieth day and before the one hundred and fiftieth day from the due date there shall be added to the taxes interest at the rate of two percent (2%). On or after the one hundred and fiftieth day from the due date, there shall be added to the taxes, in addition to the two percent (2%) provided above, interest at the rate of three-fourths of one percent (3/4 of 1%) per 30 days or fraction thereof until the taxes plus interest have been paid. No discounts for prepayment of supplementary taxes levied under this subsection shall be allowed."

Sec. 4. G.S. 105-503 is recodified as G.S. 115C-440.1.

CHAPTER 667

AN ACT TO CREATE THE BUTNER ADVISORY COUNCIL AND TO ENUMERATE ITS DUTIES.

Whereas, the 1995 General Assembly created a Study Commission on the Transfer of Butner Public Safety Division to review the costs and provision of public safety services to the residents and public agencies at the Camp Butner Reservation located, for the most part, in Granville and Durham Counties; and

Whereas, the Study Commission held meetings at Butner; toured the residential areas and the State and federal facilities located there; and determined that the Camp Butner Reservation is a unique State resource requiring a novel approach to its governance and operations; and

Whereas, the Study Commission determined that the residents of the Camp Butner Reservation desire increased involvement and input into the provision of the "municipal" services and planning for the future of Camp Butner, and that the concentration of State and federal facilities located at Butner are currently receiving "municipal" services from the State of North Carolina and, if those services were transferred to an incorporated town, it would place a significant burden on the residents of the town to provide tax revenues to pay for the services; and

Whereas, under current statutes, the State of North Carolina provides "municipal" services through the Department of Human Resources; Now, therefore,
The General Assembly of North Carolina enacts:

Section 1. The General Assembly finds that the Camp Butner Reservation and the Community of Butner, as regulated by Article 6 of Chapter 122C of the General Statutes, is a unique State resource that is and should continue to be administered by the State of North Carolina through the Office of the Secretary of Human Resources. The General Assembly finds that there is a resident population in the Community of Butner that, because of the unique relationship between the State of North Carolina and cities and counties, as provided in G.S. 122C-410, does not have elected representation with respect to public services, such as police and fire protection, and the provision of water and sewers, that would normally be under the control of an elected city council or board of county commissioners. The General Assembly finds that the citizens of the Camp Butner Reservation should be permitted to elect a representative body to act as the voice of the affected people of Butner in dealing with the State of North Carolina through the Department of Human Resources with regard to the provision of public services and planning for the future of the Camp Butner Reservation.

Sec. 2. Article 6 of Chapter 122C of the General Statutes is amended by adding a Part to read:

"Part 1A. Butner Advisory Council.

§ 122C-412. Butner Advisory Council; created.
(a) There is created a Butner Advisory Council to consist of seven members, to be elected by the residents of the territorial jurisdiction established by G.S. 122C-408(a), at a nonpartisan election administered by the Granville County Board of Elections at the general election on November 5, 1996.
(b) Members of the Butner Advisory Council shall be elected at large, and the election shall be held in accordance with all applicable federal and State constitutional and statutory provisions, including the Voting Rights Act of 1965. For the purpose of elections under this Part, the jurisdiction shall be considered a city under Chapters 160A and 163 of the General Statutes. In accordance with North Carolina law, a candidate for the Butner Advisory Council must be a resident of the territorial jurisdiction established by G.S. 122C-408(a).
(c) The candidates for the Butner Advisory Council shall file their notices of candidacy with the Granville County Board of Elections not earlier than 12:00 noon on the first Friday in July and not later than 12:00 noon on the first Friday in August. Absentee voting by qualified voters residing in the territorial jurisdiction shall be in accordance with G.S. 163-302.
(d) In 1996, the four candidates receiving the highest number of votes shall be elected for terms of five years, and the three candidates receiving the next highest numbers of votes shall be elected for terms of three years. In 1999, and biennially thereafter, the members whose terms expire shall be elected to four-year terms.
(e) The Chairman of the Butner Advisory Council shall be elected from among its members and shall serve at the pleasure of the council.
(f) The Butner Advisory Council shall comply with the applicable and relevant provisions of Parts 1, 2, and 3 of Article 5 of Chapter 160A of the
General Statutes with respect to the filling of vacancies and the organization and procedures of the council as if it were a city.

§ 122C-412.1. Butner Advisory Council; powers.

(a) The Butner Advisory Council may advise the Secretary of Human Resources, through resolutions adopted by the council, on the operations of the Camp Butner Reservation and the concerns of the residents of the Camp Butner Reservation in connection with the exercise of the powers granted to the Secretary pursuant to G.S. 122C-403.

(b) When the council adopts a resolution relating to one of the specific powers referenced in G.S. 122C-403 and delivers the resolution to the Office of the Secretary of Human Resources, the Secretary may approve the resolution, and it shall be carried out by the Butner Town Manager. The Secretary shall have no more than 30 days during which to disapprove any recommendation of the council contained in the resolution. Any disapproval shall be in writing, stating the reasons for the disapproval, and shall be returned to the council. If the Secretary does not disapprove a recommendation of the council within the prescribed period, the recommendation shall be deemed approved by the Secretary and shall be carried out by the Butner Town Manager.

§ 122C-412.2. Butner Advisory Council; planning responsibility.

The Butner Advisory Council shall, in consultation with the Department of Human Resources, the Community Assistance Division of the Department of Commerce, the Institute of Government, and other State and local agencies, prepare a long-range plan for the future development of the Camp Butner Reservation. This plan shall provide a blueprint for the development of the Reservation and the adjoining areas of Granville, Durham, and Person Counties and shall consider issues such as:

The Department of Human Resources, through the Butner Town Manager, shall provide necessary financial and personnel support for the preparation of this plan.

AN ACT TO PROVIDE THAT OBSERVERS AT A PRECINCT'S VOTING PLACE NEED NOT BE REGISTERED VOTERS IN THAT PRECINCT BUT SHALL BE REGISTERED VOTERS IN THE COUNTY AND TO AMEND THE LAW GOVERNING ACCESS TO VOTER REGISTRATION INFORMATION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 163-45 reads as rewritten:

"§ 163-45. Observers; appointment.

The chairman of each political party in the county shall have the right to designate two observers to attend each voting place at each primary and election and such observers may, at the option of the designating party chairman, be relieved during the day of the primary or election after serving no less than four hours and provided the list required by this section to be filed by each chairman contains the names of all persons authorized to represent such chairman's political party. Not more than two observers from the same political party shall be permitted in the voting enclosure at any time. This right shall not extend to the chairman of a political party during a primary unless that party is participating in the primary. In any election in which an unaffiliated candidate is named on the ballot, he or his campaign manager shall have the right to appoint two observers for each voting place consistent with the provisions specified herein. Persons appointed as observers must be registered voters of the precinct county for which appointed and must have good moral character. Observers shall take no oath of office.

Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct. Individuals authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any primary or general election, submit in writing to the chairman of the county board of elections two signed copies of a list of observers appointed by them, designating the precinct for which each observer is appointed. Before the opening of the voting place on the
day of a primary or general election, the chairman shall deliver one copy of
the list to the chief judge for each affected precinct. He shall retain the
other copy. The chairman, or the chief judge and judges for each affected
precinct, may for good cause reject any appointee and require that another
be appointed. The names of any persons appointed in place of those persons
rejected shall be furnished in writing to the chief judge of each affected
precinct no later than the time for opening the voting place on the day of
any primary or general election, either by the chairman of the county board
of elections or the person making the substitute appointment.

An observer shall do no electioneering at the voting place, and he shall in
no manner impede the voting process or interfere or communicate with or
observe any voter in casting his ballot, but, subject to these restrictions, the
chief judge and judges of elections shall permit him to make such
observation and take such notes as he may desire.

Whether or not the observer attends to the polls for the requisite time
provided by this section, each observer shall be entitled to obtain at times
specified by the State Board of Elections, but not less than three times
during election day with the spacing not less than one hour apart, a list of
the persons who have voted in the precinct so far in that election day.
Counties that use an "authorization to vote document" instead of poll books
may comply with the requirement in the previous sentence by permitting
each observer to inspect election records so that the observer may create a
list of persons who have voted in the precinct so far that election day; each
observer shall be entitled to make the inspection at times specified by the
State Board of Elections, but not less than three times during election day
with the spacing not less than one hour apart."

Sec. 2. G.S. 163-82.10 reads as rewritten:

(a) Application Form Becomes Official Record. -- A completed and
signed registration application form described in G.S. 163-82.3, once

record of the voter. The county board of elections shall maintain custody of
the official registration records of all voters in the county and shall keep
them in a place where they are secure.

registration list maintained on a computer:

(1) In addition to the typed, mimeographed, photocopied, computer
printout or label lists, the county board of elections shall make the
voter registration information available to the public on magnetic
medium. Magnetic medium for the purpose of this section shall

governing board district, fire district, soil and water conservation
district, and any other district information available, and voter
history including primary, general, and special districts, or any
other reasonable category,

provided that this subsection shall not require a county to computerize its
lists, but if a county does computerize it shall comply with subdivisions (1)
and (2) of this subsection. The county board shall require each person to
whom a list is furnished to reimburse the board for the actual cost incurred
in preparing it, except as provided in subsection (c) of this section. Actual
cost for the purpose of this section shall not include the cost of any
equipment or any imputed overhead expenses. It may include the actual cost
of paper, labels, and magnetic medium. The purchaser at its discretion may
provide the magnetic medium. When furnishing information under this
subsection to a purchaser on a magnetic medium provided by the county
board or the purchaser, the county board may impose a service charge of up
to twenty-five dollars ($25.00).

provided in the following cases:

(1) A county board that maintains voter records on computer shall
provide, upon written request, one free list to:
   a. The State chair of each political party; and
   b. The county chair of each political party
      once in every odd-numbered year, once during the first six
calendar months of every even-numbered year, and once during
the latter six calendar months of every even-numbered year.

(2) A county board that does not maintain voter records on computer
shall provide one free paper list every two years to the county
chair of each political party.

Each free list shall include the name, address, gender, date of birth, race,

a. To certify and regulate the grade and salary of teachers and other school employees.
b. To adopt and supply textbooks.
c. To adopt rules requiring all local boards of education to implement the Basic Education Program on an incremental basis within funds appropriated for that purpose by the General Assembly and by units of local government. Beginning with the 1991-92 school year, the rules shall require each local school administrative unit to implement fully the standard course of study in every school in the State in accordance with the Basic Education Program so that every student in the State shall have equal access to the curriculum as provided in the Basic Education Program and the standard course of study.

The Board shall establish benchmarks by which to measure the progress that each local board of education has made in implementing the Basic Education Program. The Board shall report to the Joint Legislative Education Oversight Committee and to the General Assembly by December 31, 1991, and by February 1 of each subsequent year on each local board's progress in implementing the Basic Education Program, including the use of State and local funds for the Basic Education Program.

The Board shall develop a State accreditation program that meets or exceeds the standards and requirements of the Basic Education Program. The Board shall require each local school administrative unit to comply with the State accreditation program to the extent that funds have been made available to the local school administrative unit for implementation of the Basic Education Program.

The Board shall use the State accreditation program to monitor the implementation of the Basic Education Program.

c1. To issue an annual 'report card' for the State and for each local school administrative unit, assessing each unit's efforts to improve student performance based on the growth in performance of the students in each school and taking into account progress over the previous years' level of performance and the State's performance in comparison with other states. This assessment shall take into account demographic, economic, and other factors that have been shown to affect student performance.

The Board may consider for inclusion in the building reports the following criteria: test scores, the success of graduating students in postsecondary institutions, attendance, graduation and dropout rates, the numbers of children enrolled in free lunch or Chapter 1 programs, the education level of the parents of children enrolled in the school, the teaching experience of the school staff, and whether the building has been successful in meeting the goals of the building and systemwide plans developed in accordance with G.S. 115C-238.1 through G.S. 115C-238.6. The Board shall include in the building reports any factors shown to affect student performance that the Board considers relevant to assess a school's efforts to improve student performance. Local school administrative units shall produce and make public their school building improvement reports by March 15, 1995, 1997, for the 1995-96 school year, by October 15, 1997, for the 1996-97 school year, and annually thereafter. Each report shall be based on building-level data for the prior school year.

(b) When requested as part of a school improvement plan, the State Board of Education may grant waivers of:

"§ 115C-105.22. Development of local plans: elements of local and approval of school improvement plans.

(a) Development of systemwide plan by the local board of education. The board of education of a local school administrative unit that elects to participate in the Program shall develop and submit a local school improvement plan for the entire local school administrative unit to the State Superintendent of Public Instruction before April 15 of the fiscal year preceding the fiscal year in which participation is sought.

A systemwide improvement plan shall remain in effect for no more than three years.

(b) Establishment of school and student performance goals and a systemwide staff development plan by the local board of education for the systemwide plan. Factors that determine gains in achievement vary from school to school; therefore, socioeconomic factors and previous progress toward school and student performance goals shall be used as the basis of the local school improvement plan.

(2) Systemwide staff development plan. The systemwide staff development plan shall be consistent with the systemwide goals and shall include a component to accommodate the staff development needs at the building level as expressed in each building's
improvement plan. In designing this component of the systemwide staff development plan, direct allocation of a needed portion of the staff development funds to the building level shall be given first priority. Each school building shall have the flexibility to combine its staff development allocation with other schools in the local school administrative unit when the staff development needs of those schools are substantially similar as expressed in their approved building-level plans.

(3) Advisory panel. — The local board of education shall actively involve an advisory panel composed of a substantial number of teachers, school administrators, other school staff, and parents of children enrolled in the local school administrative unit, in developing and achieving the student and school performance goals for the local school improvement plan. Parents serving on an advisory panel shall not be employees of the school unit and shall reflect the racial and socioeconomic composition of the students enrolled in the local school administrative unit. The advisory panel shall ensure substantial parent participation. It is the intent of the General Assembly that teachers have a major role in developing the school and student performance goals for the local school improvement plan; therefore, at least half of the members participating in this advisory panel shall be teachers. Every teacher in the local school administrative unit shall have an opportunity to elect by secret ballot the teachers who are involved in the advisory panel.

(b1) Development by each school of strategies for attaining local school and student performance goals. — In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.28. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team to develop a building-level plan to address school and student performance goals appropriate to that school from those established by the local board of education. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff. Parental involvement is a critical component of school success and positive student outcomes; achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school and student performance goals at the building level improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation. The strategies for attaining local school and improving student performance goals shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the building-level school improvement plan. The strategies may include a
decision to use State funds allocated for teacher assistants to reduce class size or the student-teacher ratio in kindergarten through the third grade in accordance with G.S. 115C-238.2(b)(5a) or to use State funds in accordance with G.S. 115C-238.2(b)(5b). G.S. 115C-105.21A. The strategies may also include requests for waivers of State laws, regulations, rules, or policies for that school. A request for a waiver shall (i) identify the State laws, regulations, or policies that inhibit the local unit’s ability to reach its local accountability goals, (ii) set out with specificity the circumstances under which the waiver may be used, and (iii) explain how a waiver of those laws, regulations, or policies will permit the local unit to reach its local goals, meet the requirements of G.S. 115C-105.21B.

Support among affected staff members is essential to successful implementation of a building-level plan to address school and student performance goals appropriate to a school; therefore, the school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed building-level school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal may shall submit the building-level school improvement plan to the local board of education for inclusion in the systemwide plan only if the proposed building-level school improvement plan has the approval of a majority of the staff who voted on the plan.

The local board of education shall accept or reject the building-level school improvement plan. The local board shall not make any substantive changes in any building-level school improvement plan that it accepts; the local board shall set out any building-level plan that it accepts in the systemwide plan. If the local board rejects a building-level school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board for inclusion in the systemwide plan to accept or reject. If no building-level school improvement plan is accepted for a school before March 15 of the fiscal year preceding the fiscal year in which participation is sought, within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school for inclusion in the systemwide plan; the school. The General Assembly urges the local board to utilize the school’s proposed building-level school improvement plan to the maximum extent possible when developing such a plan.

A school improvement plan shall remain in effect for no more than three years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school
improvement plan becomes unlawful or the local board finds that a school
improvement plan is impeding student performance at a school, the local
board may vacate the relevant portion of the plan and may direct the school
to revise that portion. The procedures set out in this subsection shall apply
to amendments and revisions to school improvement plans.

(b2) Waivers concerning central office staff. — A local board of
education may request waivers of State laws, regulations, or policies which
are included in the building plans described in subsection (b1) of this
section, and it may also request waivers which affect the organization,
duties, and assignment of central office staff only. Provided, none of the
duties to be performed pursuant to G.S. 115C-436 may be waived. A
request for a waiver shall (i) identify the State laws, regulations, or policies
that inhibit the local unit’s ability to reach its local accountability goals, (ii)
set out with specificity the circumstances under which the waiver may be
used, and (iii) explain how a waiver of those laws, regulations, or policies
will permit the local unit to reach its local goals.

(c) Repealed by Session Laws 1995, c. 272, s. 3.

(d) Repealed by Session Laws 1991 (Regular Session, 1992), c. 900, s.
75.1(b).

§ 115C-105.23. Differentiated pay.

(a) Local school administrative units may include, but are not required to
include as a part of their local school improvement plans, a systemwide
differentiated pay plan for all of the staff assigned to school buildings and all
classes of staff assigned to the central office that the local boards determine

improvement plans. Units electing to include differentiated pay plans in their
school improvement plans shall base their differentiated pay plans on:

1. A career development pilot program;
2. A lead teacher pilot program;
3. A locally designed school-based performance program, subject to
   limitations and guidelines adopted by the State Board of Education;
4. A differentiated pay plan that the State Board of Education finds
   has been successfully implemented in another state; or
5. A locally designed plan including any combination or modification
   of the foregoing plans.

A differentiated pay plan may also authorize the use of State differentiated
pay funds for staff development and planning activities and for paying
substitute teachers as is necessary to provide time for staff development and
planning activities.

(a1) All State differentiated pay funds shall become available for
expenditure July 1 of each fiscal year. These funds shall remain available
for expenditure for:

1. Bonuses and supplements to implement local differentiated pay
   plans until November 30 of the subsequent fiscal year; and
2. Staff development to implement local differentiated pay plans until
   August 31 of the subsequent fiscal year: Provided, however, if
   funds allocated for bonuses and supplements under a local
differentiated pay plan are not spent for that purpose because of a
failure to meet local goals, these funds shall remain available until

362
November 30 of the subsequent fiscal year to provide for staff development in accordance with that local plan.

(b) Differentiated pay plans shall be developed and voted on in accordance with G.S. 115C-238.3(c).

Any differentiated pay plan developed in accordance with this section shall be implemented within State, local and any other funds available for differentiated pay. State funds shall be used to implement a differentiated pay plan for employees who derive salary from State funds. State funds may be combined with any other differentiated pay funds at the building level to implement a differentiated pay plan which includes employees who derive salary from any other salary source so long as differentiated pay funds per employee are appropriated from the other salary source in an amount equal to the dollar amount appropriated by the State per State employee for differentiated pay. An employee who derives salary from only one salary source shall be paid differentiated pay monies from that source only; if an employee derives salary from more than one salary source, differentiated pay monies paid to that employee shall be paid proportionally based on the proportionate share of each salary source. Provided, however, a local board of education may provide additional local funds for differentiated pay for any of its employees without regard to the employee’s salary source.

(c), (d) Repealed by Session Laws 1991 (Reg. Sess., 1992), c. 900, s. 75-1(c).

(e) Any additional compensation received by an employee as a result of the unit’s participation in the Program shall be paid as a bonus or supplement to the employee’s regular salary. If an employee in a participating unit does not receive additional compensation, such failure to receive additional compensation shall not be construed as a demotion, as that term is used in G.S. 115C-325.

Payments of bonuses or supplements shall be made no more frequently than once every calendar quarter. Provided, however, payments in the career development pilot units may be made on a monthly basis.

(f) If a local school administrative unit bases its differentiated pay plan on a locally designed school-based performance program, pursuant to subdivision (a)(3) of this section, the plan shall provide that following the attainment of the local school goals, the local board of education shall make a determination of which staff members contributed to the attainment of those goals. Differentiated pay bonuses shall then be distributed to those designated employees. The local board of education shall make the determination upon recommendation of (i) the superintendent and (ii) any other person or committee designated in the local differentiated pay plan. The other person or committee designated in the local differentiated pay plan may be the principal, a school-based committee, or any other person or local committee.

"§ 115C-105.24. Approval of local school administrative unit plans by the State Superintendent: conditions for continued participation.

(a) Prior to June 30 each year, the State Superintendent shall review local school improvement plans submitted by the local school administrative units in accordance with policies and standards adopted by the State Board of Education and shall recommend to the State Board of Education whether the
plan should be approved. If the State Board of Education approves the plan for a local school administrative unit, that unit shall participate in the Program for the next fiscal year.

If a local plan contains a request for a waiver of State laws, regulations, or policies, in accordance with G.S. 115C-238.3(b1) or (b2), the State Superintendent shall consider and recommend to the State Board whether and to what extent the identified laws, regulations, or policies should be waived. If the State Board of Education deems it necessary to do so to enable a local unit to reach its local accountability goals, the State Board may grant waivers of:

Beginning with the 1994-95 school year, a school is encouraged to include a comprehensive parent involvement program as part of its building-level school improvement plan under G.S. 115C-238.3, 115C-105.22. The Board shall make the list available to local school administrative units and school buildings by the beginning of the 1994-95 school year.

Beginning with the 1994-95 school year, a school is encouraged to review its need for a comprehensive conflict resolution program as part of the development of its building-level school improvement plan under G.S. 115C-238.3, 115C-105.22. If a school determines that this program is needed, it may select from the list developed by the State Board of Education under G.S. 115C-81(a4) or may develop its own materials and curricula to be approved by the local board of education.

"Part 3. School-Based Accountability.

"§ 115C-105.28. Annual performance goals.

The School-Based Management and Accountability Program shall (i) focus on student performance in the basics of reading, mathematics, and
communications skills in elementary and middle schools, (ii) focus on student performance in courses required for graduation and on other measures required by the State Board in the high schools, and (iii) hold schools accountable for the educational growth of their students. To those ends, the State Board shall design and implement an accountability system that sets annual performance standards for each school in the State in order to measure the growth in performance of the students in each individual school.

§ 115C-105.29. Performance recognition.

(a) The personnel in schools that achieve a level of expected growth greater than one hundred percent (100%) at a level to be determined by the State Board of Education are eligible for financial awards in amounts set by the State Board. Schools and personnel shall not be required to apply for these awards. For the purpose of this section, 'personnel' includes the principal, assistant principal, instructional personnel, instructional support personnel, and teacher assistants assigned to that school.

(b) The State Board shall establish a procedure to allocate the funds for these awards to the local school administrative units in which the eligible schools are located. Funds shall become available for expenditure July 1 of each fiscal year. Funds shall remain available until November 30 of the subsequent fiscal year for expenditure for:

1. Awards to the personnel; or
2. The purposes authorized in a plan that has been:
   a. Developed and voted on by the personnel in the same manner that a school improvement plan is approved under G.S. 115C-105.22(b1);
   b. Approved by a majority of the personnel who vote on the plan; and
   c. Submitted to and approved by the local board of education.

The local board shall approve this plan unless the plan involves expenditures of funds that are not for a public purpose or that are otherwise unlawful.

§ 115C-105.30. Identification of low-performing schools.

(a) The State Board of Education shall design and implement a procedure to identify low-performing schools on an annual basis. Low-performing schools are those in which there is a failure to meet the minimum growth standards, as defined by the State Board, and a majority of students are performing below grade level.

(b) Each identified low-performing school shall notify the parents of students attending that school that the State Board of Education has found that the school has failed to meet the minimum growth standards, as defined by the State Board, and a majority of students in that school are performing below grade level. This notification also shall include a description of the steps the school is taking to improve student performance.

§ 115C-105.31. Assistance teams; review by State Board.

(a) The State Board of Education may assign an assistance team to any school identified as low-performing under this Article or to any other school that requests an assistance team and that the State Board determines would benefit from an assistance team. The State Board shall give priority to low-
performing schools in which the educational performance of the students is declining. The Department of Public Instruction shall, with the approval of the State Board, provide staff as needed and requested by an assistance team.

(b) When assigned to an identified low-performing school, an assistance team shall:

1. Review and investigate all facets of school operations and assist in developing recommendations for improving student performance at that school.

2. Evaluate at least semiannually the personnel assigned to the school and make findings and recommendations concerning their performance.

3. Collaborate with school staff, central offices, and local boards of education in the design, implementation, and monitoring of a plan that, if fully implemented, can reasonably be expected to alleviate problems and improve student performance at that school.

4. Make recommendations as the school develops and implements this plan.

5. Review the school’s progress.

6. Report, as appropriate, to the local board of education, the community, and the State Board on the school’s progress. If an assistance team determines that an accepted school improvement plan developed under G.S. 115C-105.22 is impeding student performance at a school, the team may recommend to the local board that it vacate the relevant portions of that plan and direct the school to revise those portions.

(c) If a school fails to improve student performance after assistance is provided under this section, the assistance team may recommend that the assistance continues or that the State Board take further action under G.S. 115C-105.32.

(d) The State Board shall annually review the progress made in identified low-performing schools.

§ 115C-105.32. Dismissal or removal of personnel; appointment of interim superintendent.

(a) Upon the identification of a school as low-performing under this Part, the State Board shall proceed under G.S. 115C-325(q)(1) for the dismissal of the principal assigned to that school.

(b) The State Board shall proceed under G.S. 115C-325(q)(2) for the dismissal of teachers, assistant principals, directors, and supervisors assigned to a school identified as low-performing in accordance with G.S. 115C-325(q)(2).

(c) The State Board may appoint an interim superintendent in a local school administrative unit:

1. Upon the identification of more than half the schools in that unit as low-performing under G.S. 115C-105.30; or

2. Upon the recommendation from an assistance team assigned to a school located in that unit that has been identified as low-performing under G.S. 115C-105.30. This recommendation shall be based upon a finding that the superintendent has failed to
cooperate with the assistance team or has otherwise hindered that school's ability to improve.

The State Board may assign any of the powers and duties of the local superintendent and the local finance officer to the interim superintendent that the Board considers are necessary or appropriate to improve student performance in the local school administrative unit. The interim superintendent shall perform all of these assigned powers and duties. The State Board of Education may terminate the contract of any local superintendent entered into on or after July 1, 1996, when it appoints an interim superintendent. The Administrative Procedure Act shall apply to that decision. Neither party to that contract is entitled to damages.

(d) In the event the State Board has appointed an interim superintendent and the State Board determines that the local board of education has failed to cooperate with the interim superintendent or has otherwise hindered the ability to improve student performance in that local school administrative unit or in a school in that unit, the State Board may suspend any of the powers and duties of the local board of education that the State Board considers are necessary or appropriate to improve student performance in the local school administrative unit. The State Board shall perform all of these assigned powers and duties for a period of time to be specified by the State Board.

(e) If the State Board suspends any of the powers and duties of the local board of education under subsection (d) of this section and subsequently determines it is necessary to change the governance of the local school administrative unit in order to improve student performance, the State Board may recommend this change to the General Assembly, which shall consider, at its next session, the future governance of the identified local school administrative unit."

Sec. 4. Article 6A of Chapter 115C of the General Statutes is repealed.

Sec. 5. G.S. 115C-39 reads as rewritten:

(a) In case the Superintendent of Public Instruction shall have State Board of Education has sufficient evidence that any member of a local board of education is not capable of discharging, or is not discharging, the duties of his office as required by law, or is guilty of immoral or disreputable conduct, he the State Board of Education shall notify the chairman of such board of education, unless such chairman is the offending member, in which case all other members of such board shall be notified. Upon receipt of such notice there shall be a meeting of said board of education for the purpose of investigating the charges, and if the charges are found to be true, such board shall declare the office vacant; Provided, that the offending member shall be given proper notice of the hearing and that record of the findings of the other members shall be recorded in the minutes of such board of education.

(b) In the event the State Board of Education has appointed an interim superintendent under G.S. 115C-105.32 and the State Board determines that the local board of education has failed to cooperate with the interim
superintendent, the State Board shall have the authority to suspend any of the powers and duties of the local board and to act on its behalf under G.S. 115C-105.32."

Sec. 6. G.S. 115C-274 reads as rewritten:

"§ 115C-274. Removal for cause. Removal.

(a) Local boards of education are authorized to remove a superintendent who is guilty of immoral or disreputable conduct or who shall fail or refuse to perform the duties required of him by law. In case the Superintendent of Public Instruction shall have State Board of Education has sufficient evidence at any time that any superintendent of schools is not capable of discharging, or is not discharging, the duties of his office as required by law or is guilty of immoral or disreputable conduct, he the State Board of Education shall report this matter to the board of education employing said superintendent of schools. It shall then be the duty of said board of education to hear the evidence in such the case and, if after careful investigation it shall find the charges true, it shall declare the office vacant at once and proceed to elect a successor: Provided, that such superintendent shall have the right to try his title to office in the courts of the State.

(b) If the superintendent shall fail in the duties enumerated in G.S. 115C-276(g) through (i) or such G.S. 115C-276(g), 115C-276(h), 115C-276(l), or any other duties as may be assigned him, he shall be subject, after notice, to an investigation by the Superintendent of Public Instruction State Board of Education or by his board of education for failure to perform his duties. For persistent failure to perform these duties, his certificate may be revoked by the Superintendent of Public Instruction, or he the State Board of Education may revoke the superintendent's certificate and the superintendent may be dismissed by his board of education.

(c) The identification by the State Board of Education of more than half the schools in a local school administrative unit as low-performing under G.S. 115C-105.30 is evidence that the superintendent is unable to fulfill the duties of the office, and the State Board may appoint an interim superintendent to carry out the duties of the superintendent under G.S. 115C-105.32, may revoke the superintendent's certificate under this section, may dismiss the superintendent under G.S. 115C-105.32, or may take any combination of these actions."

Sec. 7. G.S. 115C-296 is amended by adding a new subsection to read:

"(d) The State Board of Education may revoke or refuse to renew a teacher's certificate when:

(1) The Board identifies the school in which the teacher is employed as low-performing under G.S. 115C-105.30; and

----STUDENT PERFORMANCE

Sec. 7.1. G.S. 115C-288(a) is rewritten to read:

"§ 115C-288. Powers and duties of principal."
(a) To Grade and Classify Pupils. — The principal shall have authority to grade and classify pupils except a principal shall not require additional testing of a student entering a public school from a school governed under Article 39 of this Chapter if test scores from a nationally standardized test or nationally standardized equivalent measure that are adequate to determine the appropriate placement of the child are available."

Sec. 8. G.S. 115C-325 is amended by adding a new subsection to read:

"(q) Procedure for Dismissal of School Administrators and Teachers Employed in Low-Performing Schools.

(1) Notwithstanding any other provision of this section or any other law, the State Board:

a. Shall suspend with pay a principal who has been assigned to a school for more than two years before the State Board identifies that school as low-performing and assigns an assistance team to that school under Article 8B of this Chapter; and

b. May suspend with pay a principal who has been assigned to a school for no more than two years before the State Board identifies that school as low-performing and assigns an assistance team to that school under Article 8B of this Chapter.

These principals shall be suspended with pay pending a hearing before a panel of three members of the State Board. The purpose of this hearing, which shall be held within 60 days after the principal is suspended, is to determine whether the principal shall be dismissed. The panel shall order the dismissal of the principal, at which time the period of suspension with pay shall expire, unless the panel makes a public determination that the principal has established that the factors that led to the identification of the school as low-performing were not due to the inadequate performance of the principal. The State Board shall adopt procedures to ensure that due process rights are afforded to principals under this subsection. Decisions of the panel may be appealed on the record to the State Board, with further right of judicial review under Chapter 150B of the General Statutes.

(2) Notwithstanding any other provision of this section or any other law, this subdivision shall govern the State Board’s dismissal of teachers, assistant principals, directors, and supervisors assigned to schools that the State Board has identified as low-performing and to which the State Board has assigned an assistance team under Article 8B of this Chapter. The State Board shall dismiss a teacher, assistant principal, director, or supervisor when the State Board receives two consecutive evaluations that include written findings and recommendations regarding that person’s inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher or school administrator.
The State Board may dismiss a teacher, assistant principal, director, or supervisor when:

a. The State Board determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school under G.S. 115C-105.31; and

b. That assistance team makes the recommendation to dismiss the teacher, assistant principal, director, or supervisor for one or more grounds established in G.S. 115C-325(e)(1) for dismissal or demotion of a career teacher.

A teacher, assistant principal, director, or supervisor may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this subdivision. The State Board shall adopt procedures to ensure that due process rights are afforded to persons recommended for dismissal under this subdivision. Decisions of the panel may be appealed on the record to the State Board, with further right of judicial review under Chapter 150B of the General Statutes.

(3) The State Board of Education or a local board may terminate the contract of a school administrator dismissed under this subsection. Nothing in this subsection shall prevent a local board from refusing to renew the contract of any person employed in a school identified as low-performing under G.S. 115C-105.30.

(4) Neither party to a school administrator contract is entitled to damages under this subsection.

(5) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this subsection."

Section 8.1. The State Board of Education shall develop a comprehensive plan to improve reading achievement in the public schools. The plan shall be fully integrated with State Board plans to improve student performance and promote local flexibility and efficiency. The plan shall be based on reading instructional practices for which there is strong evidence of effectiveness in existing empirical scientific research studies on reading development. The plan shall be developed with the active involvement of teachers, college and university educators, parents of students, and other interested parties. The plan shall, if appropriate, include revision of the standard course of study, revision of teacher certification standards, and revision of teacher education program standards.

Sec. 8.2. The State Board of Education shall critically evaluate and revise the standard course of study so as to provide school units with guidance in the implementation of balanced, integrated, and effective programs of reading instruction. The General Assembly believes that the first, essential step in the complex process of learning to read is the accurate pronunciation of written words and that phonics, which is the knowledge of relationships of the symbols of the written language and the sounds of the spoken language, is the most reliable approach to arriving at the accurate pronunciation of a printed word. Therefore, these programs shall include early and systematic phonics instruction. The State Board shall provide
opportunities for teachers, parents, and other interested parties to participate in this evaluation and revision.

Sec. 8.3. In order to reflect changes to the standard course of study and to emphasize balanced, integrated, and effective programs of reading instruction that include early and systematic phonics instruction, the State Board of Education, in collaboration with the Board of Governors of The University of North Carolina and with the North Carolina Association of Independent Colleges and Universities, shall review, evaluate, and revise current teacher certification standards and teacher education programs within the institutions of higher education that provide coursework in reading instruction.

Sec. 8.4. Local boards of education are encouraged to review and revise existing board policies, local curricula, and programs of professional development in order to reflect changes to the standard course of study and to emphasize balanced, integrated, and effective programs of reading instruction that include early and systematic phonics instruction.

Sec. 8.5. (a) The State Board of Education shall report to the Joint Legislative Education Oversight Committee by December 31, 1996, and annually thereafter on the comprehensive plan developed under Section 1 of this act. The first report shall include revisions made to the standard course of study, teacher certification standards, and teacher education programs. Subsequent reports shall address the effectiveness, based on factors including improved student performance in reading, of the implementation of the plan. The State Board may make recommendations to the General Assembly in any of its reports.

(b) The State Board shall disseminate to local boards of education by March 31, 1997, the changes to the standard course of study.

Sec. 8.6. G.S. 115C-81 is amended by adding a new subsection to read:

"(h) Character Education. -- Local boards of education may require the teaching of the following character traits in the public schools:

1. Courage. -- Having the determination to do the right thing even when others don't and the strength to follow your conscience rather than the crowd; and attempting difficult things that are worthwhile.

2. Good judgment. -- Choosing worthy goals and setting proper priorities; thinking through the consequences of your actions; and basing decisions on practical wisdom and good sense.

3. Integrity. -- Having the inner strength to be truthful, trustworthy, and honest in all things; acting justly and honorably.

4. Kindness. -- Being considerate, courteous, helpful, and understanding of others; showing care, compassion, friendship, and generosity; and treating others as you would like to be treated.

5. Perseverance. -- Being persistent in the pursuit of worthy objectives in spite of difficulty, opposition, or discouragement; and exhibiting patience and having the fortitude to try again when confronted with delays, mistakes, or failures."
(6) Respect. -- Showing high regard for authority, for other people, for self, for property, and for country; and understanding that all people have value as human beings.

(7) Responsibility. -- Being dependable in carrying out obligations and duties; showing reliability and consistency in words and conduct; being accountable for your own actions; and being committed to active involvement in your community.

(8) Self-Discipline. -- Demonstrating hard work and commitment to purpose; regulating yourself for improvement and restraining from inappropriate behaviors; being in proper control of your words, actions, impulses, and desires; choosing abstinence from premarital sex, drugs, alcohol, and other harmful substances and behaviors; and doing your best in all situations."

Sec. 8.7. G.S. 115C-98 is amended by adding a new subsection to read:

"(b1) A local board of education may establish a community media advisory committee to investigate and evaluate challenges from parents, teachers, and members of the public to textbooks and supplementary instructional materials on the grounds that they are educationally unsuitable, pervasively vulgar, or inappropriate to the age, maturity, or grade level of the students. The State Board of Education shall review its rules and policies concerning these challenges and shall establish guidelines to be followed by community media advisory committees.

The local board, at all times, has sole authority and discretion to determine whether a challenge has merit and whether challenged material should be retained or removed."

LOCAL FLEXIBILITY

Sec. 9. G.S. 115C-84(d) is repealed.

Sec. 10. G.S. 115C-302(a)(1) reads as rewritten:

"(1) Academic Teachers. -- Regular state-allotted teachers shall be employed for a period of 10 calendar months. Each local board of education shall establish a set date on which monthly salary payments to regular State-allotted teachers shall be made. This set pay date may differ from the end of the calendar month of service. Teachers shall only be paid for the days employed as of the set pay date. Payment for a full month when days employed are less than a full month is prohibited as this constitutes prepayment. Teachers employed for a period of 10 calendar months in year-round schools shall be paid in 12 equal installments. Any individual teacher who is not employed in a year-round school may be paid in 12 monthly installments if the teacher so requests on or before the first day of the school year. Such request shall be filed in the local school administrative unit which employs the teacher. The payment of the annual salary in 12 installments instead of 10 shall not increase or decrease said annual salary nor in any other way alter the contract made between the teacher and the said local school administrative unit; nor shall such payment apply to any teacher who is employed for a period of less than 10 months. Included within the 10 calendar
months employment shall be annual vacation leave at the same rate provided for State employees, computed at one twelfth (1/12) of the annual rate for State employees for each calendar month of employment; which shall be provided by each local board of education at a time when students are not scheduled to be in regular attendance. However, vacation leave for instructional personnel who do not require a substitute shall not be restricted to days that students are not in attendance. Included within the 10 calendar months employment each local board of education shall designate the same or an equivalent number of legal holidays occurring within the period of employment for academic teachers as those designated by the State Personnel Commission for State employees; on a day that employees are required to report for a workday but pupils are not required to attend school due to inclement weather, a teacher may elect not to report due to hazardous travel conditions and to take an annual vacation day or to make up the day at a time agreed upon by the employee and the employee's immediate supervisor or principal. Within policy adopted by the State Board of Education, each local board of education shall develop rules designating what additional portion of the 10 calendar months not devoted to classroom teaching, holidays, or annual leave shall apply to service rendered before the opening of the school term, during the school term, and after the school term and to fix and regulate the duties of state-allotted teachers during said period, but in no event shall the total number of workdays exceed 200 days. If one or more scheduled teacher workdays are displaced due to hazardous weather conditions, a local board may select dates, including dates beyond the 10 calendar months during which teachers and their supervisors may agree to make up the displaced days provided the workdays fall within the fiscal year. Local boards may approve school improvement plans that include teacher workdays outside the 10 calendar months provided the workdays fall within the fiscal year. A teacher and the teacher's supervisor may agree to schedule workdays outside the 10 calendar months provided the workdays fall within the fiscal year. Teachers may be paid on the tenth calendar month pay date for workdays scheduled to occur after the tenth calendar month but before the end of the fiscal year. A teacher who resigns, is dismissed, or whose contract is not renewed and who fails to make up previously agreed upon workdays scheduled after the 10 calendar months shall repay to the local board any salary payments owed due to the failure to make up the workdays. A teacher who continues to be employed by a local board but fails to make up previously agreed upon workdays scheduled after the 10 calendar months may be subject to dismissal under G.S. 115C-325. Local boards of education shall consult with the employed public school personnel in the development of the 10-calendar-months schedule."

Sec. 11. G.S. 115C-47(23) reads as rewritten:

H.B. 1125

CHAPTER 717

AN ACT TO ALLOW ONE-STOP BALLOTS TO BE DIRECTLY INSERTED IN OPTICAL SCAN TABULATORS IN VARIOUS
The conduct for which the defendant was prosecuted was protected by the Constitution of the United States or the Constitution of North Carolina.

Evidence is available which was unknown or unavailable to the defendant at the time of the trial, which could not with due diligence have been discovered or made available at that time, and which has a direct and material bearing upon the guilt or innocence of the defendant.

There has been a significant change in law, either substantive or procedural, applied in the proceedings leading to the defendant’s conviction or sentence, and retroactive application of the changed legal standard is required.

The sentence imposed was unauthorized at the time imposed, contained a type of sentence disposition or a term of imprisonment not authorized for the particular class of offense and prior record or conviction level was illegally imposed, or is otherwise invalid as a matter of law. However, a motion for appropriate relief on the grounds that the sentence imposed on the defendant is not supported by evidence introduced at the trial and sentencing hearing must be made before the sentencing judge.

The defendant is in confinement and is entitled to release because his sentence has been fully served.

Notwithstanding the time limitations herein, a defendant at any time after verdict may by a motion for appropriate relief, raise the ground that evidence is available which was unknown or unavailable to the defendant at the time of trial, which could not with due diligence have been discovered or made available at that time, including recanted testimony, and which has a direct and material bearing upon the defendant’s eligibility for the death penalty or the defendant’s guilt or innocence. A motion based upon such newly discovered evidence must be filed within a reasonable time of its discovery.

For good cause shown, the defendant may be granted an extension of time to file the motion for appropriate relief. The presumptive length of an extension of time under this subsection is up to 30 days, but can be longer if the court finds extraordinary circumstances.

Where a defendant alleges ineffective assistance of prior trial or appellate counsel as a ground for the illegality of his conviction or sentence, he shall be deemed to waive the attorney-client privilege with respect to both oral and written communications between such counsel and the defendant to the extent the defendant’s prior counsel reasonably believes such communications are necessary to defend against the allegations of ineffectiveness. This waiver of the attorney-client privilege shall be automatic upon the filing of the motion for appropriate relief alleging ineffective assistance of prior counsel, and the superior court need not enter an order waiving the privilege.

In the case of a defendant who has been convicted of a capital offense and sentenced to death, the defendant’s prior trial or appellate counsel shall make available to the capital defendant’s counsel their complete files relating to the case of the defendant. The State, to the extent allowed by law, shall
make available to the capital defendant’s counsel the complete files of all law enforcement and prosecutorial agencies involved in the investigation of the crimes committed or the prosecution of the defendant. If the State has a reasonable belief that allowing inspection of any portion of the files by counsel for the capital defendant would not be in the interest of justice, the State may submit for inspection by the court those portions of the files so identified. If upon examination of the files, the court finds that the files could not assist the capital defendant in investigating, preparing, or presenting a motion for appropriate relief, the court in its discretion may allow the State to withhold that portion of the files.

(g) The defendant may file amendments to a motion for appropriate relief at least 30 days prior to the commencement of a hearing on the merits of the claims asserted in the motion or at any time before the date for the hearing has been set, whichever is later. Where the defendant has filed an amendment to a motion for appropriate relief, the State shall, upon request, be granted a continuance of 30 days before the date of hearing. After such hearing has begun, the defendant may file amendments only to conform the motion to evidence adduced at the hearing, or to raise claims based on such evidence."

Sec. 2. G.S. 15A-1419 reads as rewritten:
"§ 15A-1419. When motion for appropriate relief denied.
(a) The following are grounds for the denial of a motion for appropriate relief, including motions filed in capital cases:
(1) Upon a previous motion made pursuant to this Article, the defendant was in a position to adequately raise the ground or issue underlying the present motion but did not do so. This subdivision does not apply to a motion based upon deprivation of the right to counsel at the trial or upon failure of the trial court to advise the defendant of such right. This subdivision does not apply when the previous motion was made within 10 days after entry of judgment, judgment or the previous motion was made during the pendency of the direct appeal.
(2) The ground or issue underlying the motion was previously determined on the merits upon an appeal from the judgment or upon a previous motion or proceeding in the courts of this State or a federal court, unless since the time of such previous determination there has been a retroactively effective change in the law controlling such issue.
(3) Upon a previous appeal the defendant was in a position to adequately raise the ground or issue underlying the present motion but did not do so.
(4) The defendant failed to file a timely motion for appropriate relief as required by G.S. 15A-1415(a).
(b) Although the court may deny the motion under any of the circumstances specified in this section, in the interest of justice and for good cause shown it may in its discretion grant the motion if it is otherwise meritorious, unless the defendant can demonstrate:
(1) Good cause for excusing the grounds for denial listed in subsection (a) of this section and can demonstrate actual prejudice resulting from the defendant’s claim; or

(2) That failure to consider the defendant’s claim will result in a fundamental miscarriage of justice.

(c) For the purposes of subsection (b) of this section, good cause may only be shown if the defendant establishes by a preponderance of the evidence that his failure to raise the claim or file a timely motion was:

1. The result of State action in violation of the United States Constitution or the North Carolina Constitution including ineffective assistance of trial or appellate counsel;

2. The result of the recognition of a new federal or State right which is retroactively applicable; or

3. Based on a factual predicate that could not have been discovered through the exercise of reasonable diligence in time to present the claim on a previous State or federal postconviction review.

A trial attorney’s ignorance of a claim, inadvertence, or tactical decision to withhold a claim may not constitute good cause, nor may a claim of ineffective assistance of prior postconviction counsel constitute good cause.

(d) For the purposes of subsection (b) of this section, actual prejudice may only be shown if the defendant establishes by a preponderance of the evidence that an error during the trial or sentencing worked to the defendant’s actual and substantial disadvantage, raising a reasonable probability, viewing the record as a whole, that a different result would have occurred but for the error.

(e) For the purposes of subsection (b) of this section, a fundamental miscarriage of justice only results if:

1. The defendant establishes that more likely than not, but for the error, no reasonable fact finder would have found the defendant guilty of the underlying offense; or

2. The defendant establishes by clear and convincing evidence that, but for the error, no reasonable fact finder would have found the defendant eligible for the death penalty.

A defendant raising a claim of newly discovered evidence of factual innocence or eligibility for the death penalty, otherwise barred by the provisions of subsection (a) of this section or G.S. 15A-1415(c), may only show a fundamental miscarriage of justice by proving by clear and convincing evidence that, in light of the new evidence, if credible, no reasonable juror would have found the defendant guilty beyond a reasonable doubt or eligible for the death penalty.”

Sec. 3. G.S. 15-217.1 is recodified as G.S. 15A-1420(b1).

Sec. 4. G.S. 15A-1420, as amended by Section 3 of this act, reads as rewritten:

"§ 15A-1420. Motion for appropriate relief; procedure.

(a) Form, Service, Filing.

1. A motion for appropriate relief must:
   a. Be made in writing unless it is made:
      1. In open court;
      2. Before the judge who presided at trial;
3. Before the end of the session if made in superior court; and
4. Within 10 days after entry of judgment;
   b. State the grounds for the motion; and
   c. Set forth the relief sought; and
   d. Be timely filed.

(2) A written motion for appropriate relief must be served in the manner provided in G.S. 15A-951(b). When the written motion is made more than 10 days after entry of judgment, service of the motion and a notice of hearing must be made not less than five working days prior to the date of the hearing. When a motion for appropriate relief is permitted to be made orally, the court must determine whether the matter may be heard immediately or at a later time. If the opposing party, or his counsel if he is represented, is not present, the court must provide for the giving of adequate notice of the motion and the date of hearing to the opposing party, or his counsel if he is represented by counsel.

(3) A written motion for appropriate relief must be filed in the manner provided in G.S. 15A-951(c).

(b) Supporting Affidavits.
   (1) A motion for appropriate relief made after the entry of judgment must be supported by affidavit or other documentary evidence if based upon the existence or occurrence of facts which are not ascertainable from the records and any transcript of the case or which are not within the knowledge of the judge who hears the motion.
   (2) The opposing party may file affidavits or other documentary evidence.

(b1) Filing petition. With clerk; delivery of copy to district attorney; review of petition by judge.

The proceeding shall be commenced by filing with the clerk of superior court of the county in which the conviction took place a petition, with two copies thereof, verified by affidavit. One copy shall be delivered by the clerk to the district attorney of the prosecutorial district as defined in G.S. 7A-60 who prosecutes the criminal docket of the superior court of the county in which said petition is filed, either in person or by ordinary mail, and the clerk shall enter upon his docket the date and manner of delivery of such copy.

The clerk shall place the petition upon the criminal docket upon his receipt thereof. The clerk shall promptly after the delivery of copy to the district attorney bring the petition, or a copy thereof, to the attention of the resident judge or any judge holding the courts of the district or any judge holding court in the county. Such judge shall review the petition and make such order as he deems appropriate with respect to permitting the petitioner to prosecute such action without providing for the payment of costs, with respect to the appointment of counsel, and with respect to the time and place of hearing upon the petition. If it appears to the judge that substantial injustice may be done by any delay in hearing upon the matters alleged in the petition, he may issue such order as may be appropriate to bring the
petitioner before the court without delay, and may direct the district attorney to answer the petition at a time specified in the order, and the court shall thereupon inquire into the matters alleged as directed by the reviewing judge, as in the case of a writ of habeas corpus. If upon review of the petition it does not appear to the judge that an order advancing the hearing or other order is appropriate, he shall return the petition to the clerk with a notation to that effect.

Filing Motion With Clerk; Review of Motion by Judge.

(1) The proceeding shall be commenced by filing with the clerk of superior court of the district wherein the defendant was indicted a motion, with service on the district attorney in noncapital cases, and service on both the district attorney and Attorney General in capital cases.

(2) The clerk, upon receipt of the motion, shall place the motion on the criminal docket. The clerk shall promptly bring the motion, or a copy of the motion, to the attention of the resident judge or any judge holding court in the county or district. In noncapital cases, the judge shall review the motion and enter an order whether the defendant should be allowed to proceed without the payment of costs, with respect to the appointment of counsel, and directing the State, if necessary, to file an answer. In capital cases, the judge shall review the motion and enter an order directing the State to file its answer within 60 days of the date of the order. If a hearing is necessary, the judge shall calendar the case for hearing without unnecessary delay.

(c) Hearings, Showing of Prejudice; Findings.

(1) Any party is entitled to a hearing on questions of law or fact arising from the motion and any supporting or opposing information presented unless the court determines that the motion is without merit. The court must determine, on the basis of these materials and the requirements of this subsection, whether an evidentiary hearing is required to resolve questions of fact. Upon the motion of either party, the judge may direct the attorneys for the parties to appear before him for a conference on any prehearing matter in the case.

(2) An evidentiary hearing is not required when the motion is made in the trial court pursuant to G.S. 15A-1414, but the court may hold an evidentiary hearing if it is appropriate to resolve questions of fact.

(3) The court must determine the motion without an evidentiary hearing when the motion and supporting and opposing information present only questions of law. The defendant has no right to be present at such a hearing where only questions of law are to be argued.

(4) If the court cannot rule upon the motion without the hearing of evidence, it must conduct a hearing for the taking of evidence, and must make findings of fact. The defendant has a right to be present at the evidentiary hearing and to be represented by counsel. A waiver of the right to be present must be in writing.
(5) If an evidentiary hearing is held, the moving party has the burden of proving by a preponderance of the evidence every fact essential to support the motion.

(6) A defendant who seeks relief by motion for appropriate relief must show the existence of the asserted ground for relief. Relief must be denied unless prejudice appears, in accordance with G.S. 15A-1443.

(7) The court must rule upon the motion and enter its order accordingly. When the motion is based upon an asserted violation of the rights of the defendant under the Constitution or laws or treaties of the United States, the court must make and enter conclusions of law and a statement of the reasons for its determination to the extent required, when taken with other records and transcripts in the case, to indicate whether the defendant has had a full and fair hearing on the merits of the grounds so asserted.

(d) Action on Court's Own Motion. -- At any time that a defendant would be entitled to relief by motion for appropriate relief, the court may grant such relief upon its own motion. The court must cause appropriate notice to be given to the parties."

Sec. 5. G.S. 15-194 reads as rewritten:

"§ 15-194. Time for execution.
Whenever the Supreme Court has filed an opinion upholding the sentence of death, or a stay of execution granted by any competent judicial tribunal or proceeding has expired or been terminated, or a reprieve by the Governor has expired or been terminated, a hearing shall be held in a superior court anywhere within the district where the case was tried to fix a new date for the execution of the original sentence. The district attorney shall promptly calendar such hearing. The condemned person shall be present at the hearing unless the condemned person has an attorney appearing at the hearing. The judge shall set the date of execution for not less than 60 days nor more than 90 days from the date of the hearing. The hearing may be conducted, whether or not in session, by any regular or special superior court judge resident in the district or assigned to hold court in this district wherever the case is docketed. The order fixing the date shall be recorded in the minutes of the court, and the clerk of the superior court shall immediately send a certified copy to the warden of the State penitentiary, at Raleigh.

In sentencing a capital defendant to a death sentence pursuant to G.S. 15A-2000(b), the sentencing judge need not specify the date and time the execution is to be carried out by the Department of Correction. The warden of the State penitentiary at Raleigh shall immediately schedule a date for the execution of the original death sentence not less than 30 days nor more than 45 days from the date of receiving notification of any one of the following:

(1) The United States Supreme Court has filed an opinion upholding the sentence of death following completion of the initial State and federal postconviction proceedings, if any:

(2) The mandate issued by the Supreme Court of North Carolina on direct appeal pursuant to N.C.R. App. P. 32(b) affirming the
capital defendant’s death sentence and the time for filing a petition for writ of certiorari to the United States Supreme Court has expired without a petition being filed;

(3) The capital defendant, if indigent, failed to timely seek the appointment of counsel pursuant to G.S. 7A-451(c), or failed to file a timely motion for appropriate relief as required by G.S. 15A-1415(a);

(4) The superior court denied the capital defendant’s motion for appropriate relief, but the capital defendant failed to file a timely petition for writ of certiorari to the Supreme Court of North Carolina pursuant to N.C.R. App. P. 21(f);

(5) The Supreme Court of North Carolina denied the capital defendant’s petition for writ of certiorari pursuant to N.C.R. App. P. 21(f), or, if certiorari was granted, upheld the capital defendant’s death sentence, but the capital defendant failed to file a timely petition for writ of certiorari to the United States Supreme Court; or

(6) Following State postconviction proceedings, if any, the capital defendant failed to file a timely petition for writ of habeas corpus in the appropriate federal district court, or failed to timely appeal or petition an adverse habeas corpus decision to the United States Court of Appeals for the Fourth Circuit or the United States Supreme Court.

The warden shall send a certified copy of the document fixing the date to the clerk of superior court of the county in which the case was tried or, if venue was changed, in which the defendant was indicted. The certified copy shall be recorded in the minutes of the court. The warden shall also send certified copies to the condemned person, the condemned person’s capital defendant, the capital defendant’s attorney, and the district attorney who prosecuted the case, case, and the Attorney General of North Carolina.”

Sec. 6. G.S. 15A-1441 reads as rewritten:

"§ 15A-1441. Correction of errors by appellate division.

Errors of law may be corrected upon appellate review as provided in this Article, except that review of capital cases shall be given priority on direct appeal and in State postconviction proceedings."

Sec. 7. G.S. 7A-451 is amended by adding the following subsections:

"(c) In any capital case, an indigent defendant who is under a sentence of death may apply to the superior court of the district where the defendant was indicted for the appointment of counsel to represent the defendant in preparing, filing, and litigating a motion for appropriate relief. The application for the appointment of such postconviction counsel may be made prior to completion of review on direct appeal and shall be made no later than 10 days from the latest of the following:

(1) The mandate has been issued by the Supreme Court of North Carolina on direct appeal pursuant to N.C.R. App. P. 32(b) and the time for filing a petition for writ of certiorari to the United States Supreme Court has expired without a petition being filed;
(2) The United States Supreme Court denied a timely petition for writ of certiorari of the decision on direct appeal by the Supreme Court of North Carolina; or

(3) The United States Supreme Court granted the defendant's or the State's timely petition for writ of certiorari of the decision on direct appeal by the Supreme Court of North Carolina, but subsequently left the defendant's death sentence undisturbed.

If there is not a criminal or mixed session of superior court scheduled for that district, the application must be made no later than 10 days from the beginning of the next criminal or mixed session of superior court in the district. Upon application, supported by the defendant's affidavit, the superior court shall enter an order appointing two counsel if the court finds that the defendant is indigent and desires counsel. The defendant does not have a right to be present at the time of appointment of counsel, and the appointment need not be made in open court. If the defendant was previously adjudicated an indigent for purposes of trial or direct appeal, the defendant shall be presumed indigent for purposes of this subsection.

(d) The appointment of counsel as provided in subsection (c) of this section and the procedure for compensation shall comply with the Rules and Regulations Relating to the Appointment of Counsel for Indigent Defendants pursuant to G.S. 7A-459. The court may appoint counsel recruited by the Appellate Defender pursuant to G.S. 7A-486.3(5).

(e) No counsel appointed pursuant to subsection (c) of this section shall have previously represented the defendant at trial or on direct appeal in the case for which the appointment is made unless the defendant expressly requests continued representation and understandingly waives future allegations of ineffective assistance of counsel."

Sec. 8. This act is effective upon ratification. The deadline for filing a motion for appropriate relief in Section 1 applies to cases in which the trial court judgment is entered after October 1, 1996.

In the General Assembly read three times and ratified this the 21st day of June, 1996.

(4) Admission to a charter school shall not be determined according to the local school administrative unit in which a student resides, except that the provisions of G.S. 115C-366(d) shall apply to a student who wishes to attend a charter school in a county other than the county in which the student resides.

3. Best practices resulting from charter school operations.

The State Board of Education shall base its report in part upon the annual reports submitted by the charter schools under G.S. 115C-238.29F(b)(3). To the extent possible, the State Board of Education shall present the information in disaggregated form relative to the race, gender, grade level, and economic condition of the students.

(c) The State Board of Education shall review the educational effectiveness of the charter school approach authorized under this Part and the effect of charter schools on the public schools in the local school administrative unit in which the charter schools are located and, not later than January 1, 1999, shall report to the Joint Legislative Education Oversight Committee with recommendations to modify, expand, or terminate that approach. Analysis of the reports submitted under subsection (b) of this section shall be the predominant factor in determining whether the number of charter schools shall be increased and the conditions under which any increase or continued operation shall be allowed. If the analysis indicates demonstrable, substantial success, the General Assembly shall consider expanding the number of charter schools that may be established.

(d) The State Board of Education may establish a Charter School Advisory Committee to assist with the implementation of this Part. The Charter School Advisory Committee may (i) provide technical assistance to chartering entities or to potential applicants, (ii) review applications for preliminary approval, (iii) make recommendations as to whether the State Board should approve applications for charter schools, (iv) make recommendations as to whether the State Board should terminate or not renew a contract, (v) make recommendations concerning grievances between a charter school and its chartering entity, (vi) assist with the review under subsection (c) of this section, and (vii) provide any other assistance as may be required by the State Board.

An employing unit also shall mean a charter school in accordance with Part 6A of Chapter 115C of the General Statutes whose employees are deemed to be public employees and members of a State-Supported Retirement System."

Sec. 4. Nothing in this act shall be construed to obligate the General Assembly to appropriate funds to implement this act. In addition, all charters granted and all contracts entered into under this act are subject to any future appropriations and subsequent legislative changes.

H.B. 1181 CHAPTER 733

AN ACT TO GRANT AUTHORITY TO THE CITY OF LUMBERTON TO ADDRESS ABANDONED STRUCTURES IN THE SAME MANNER AS MUNICIPALITIES IN COUNTIES WITH A POPULATION OF OVER ONE HUNDRED SIXTY-THREE THOUSAND.

The General Assembly of North Carolina enacts:

Section 1. G.S. 160A-443(5a) reads as rewritten:
"(5a) If the governing body shall have adopted an ordinance, or the public officer shall have:
a. In a municipality located in counties which have a population in excess of 163,000 by the last federal census, other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a, and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced,

then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.
This subdivision only applies to municipalities located in counties which have a population in excess of 163,000 by the last federal census."

Sec. 2. This act applies to the City of Lumberton only.

Sec. 3. This act is effective upon ratification.

In the General Assembly read three times and ratified this the 21st day of June, 1996.

CHAPTER 734

AN ACT TO ALLOW THE APPOINTMENT IN CERTAIN CIRCUMSTANCES OF PRECINCT OFFICIALS, OBSERVERS, AND BALLOT COUNTERS FOR A PRECINCT WHO ARE NOT REGISTERED TO VOTE IN THAT PRECINCT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 163-41(a) reads as rewritten:

"(a) Appointment of Chief Judge and Judges. -- At the meeting required by G.S. 163-31 to be held on the Tuesday following the third Monday in August of the year in which they are appointed, the county board of elections shall appoint one person to act as chief judge and two other persons to act as judges of election for each precinct in the county. Their terms of office shall continue for two years from the specified date of appointment and until their successors are appointed and qualified, except that if a nonresident of the precinct is appointed as chief judge or judge for a precinct, that person's term of office shall end if the board of elections appoint a qualified resident of the precinct of the same party to replace the nonresident chief judge or judge. It shall be their duty to conduct the primaries and elections within their respective precincts. Persons appointed to these offices must be registered voters and residents of the precinct for which appointed, county in which the precinct is located, of good repute, and able to read and write. Not more than one judge in each precinct shall belong to the same political party as the chief judge.

The term 'precinct official' shall mean chief judges and judges appointed pursuant to this section, and all assistants appointed pursuant to G.S. 163-42, unless the context of a statute clearly indicates a more restrictive meaning.

No person shall be eligible to serve as a precinct official, as that term is defined above, who holds any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof.

No person shall be eligible to serve as a precinct official who is a candidate for nomination or election.

No person shall be eligible to serve as a precinct official who holds any office in a state, congressional district, county, or precinct political party or political organization, or who is a manager or treasurer for any candidate or political party, provided however that the position of delegate to a political party convention shall not be considered an office for the purpose of this subsection.

435
The chairman of each political party in the county where possible shall recommend two registered voters in each precinct who are otherwise qualified, are residents of the precinct, have good moral character, and are able to read and write, for appointment as chief judge in the precinct, and he shall also recommend where possible the same number of similarly qualified voters for appointment as judges of election in that precinct. If such recommendations are received by the county board of elections no later than the fifth day preceding the date on which appointments are to be made, it must make precinct appointments from the names of those recommended. Provided that if only one name is submitted by the fifth day preceding the date on which appointments are to be made, by a party for judge of election by the chairman of one of the two political parties in the county having the greatest numbers of registered voters in the State, the county board of elections must appoint that person.

If the recommendations of the party chairs for chief judge or judge in a precinct are insufficient, the county board of elections by unanimous vote of all of its members may name to serve as chief judge or judge in that precinct registered voters in that precinct who were not recommended by the party chairs. If, after diligently seeking to fill the positions with registered voters of the precinct, the county board still has an insufficient number of officials for the precinct, the county board by unanimous vote of all of its members may appoint to the positions registered voters in other precincts in the same county who meet the qualifications other than residence to be precinct officials in the precinct, provided that where possible the county board shall seek and adopt the recommendation of the county chairman of the political party affected. In making its appointments, the county board shall assure, wherever possible, that no precinct has a chief judge and judges all of whom are registered with the same party. In no instance shall the county board appoint nonresidents of the precinct to a majority of the three positions of chief judge and judge in a precinct.

If, at any time other than on the day of a primary or election, a chief judge or judge of election shall be removed from office, or shall die or resign, or if for any other cause there be a vacancy in a precinct election office, the chairman of the county board of elections shall appoint another in his place, promptly notifying him of his appointment. If at all possible, the chairman of the county board of elections shall consult with the county chairman of the political party of the vacating official, and if the chairman of the county political party nominates a qualified voter of that precinct to fill the vacancy, the chairman of the county board of elections shall appoint that person. In filling such a vacancy, the chairman shall appoint a person who belongs to the same political party as that to which the vacating member belonged when appointed. If the chairman of the county board of elections did not appoint a person upon recommendation of the chairman of the party to fill such a vacancy, then the term of office of the person appointed to fill the vacancy shall expire upon the conclusion of the next canvass held by the county board of elections under this Chapter, and any successor must be a person nominated by the chairman of the party of the vacating officer.

If any person appointed chief judge shall fail to be present at the voting place at the hour of opening the polls on primary or election day, or if a
vacancy in that office shall occur on primary or election day for any reason whatever, the precinct judges of election shall appoint another to act as chief judge until such time as the chairman of the county board of elections shall appoint to fill the vacancy. If such appointment by the chairman of the county board of elections is not a person nominated by the county chairman of the political party of the vacating officer, then the term of office of the person appointed to fill the vacancy shall expire upon the conclusion of the next canvass held by the county board of elections under this Chapter. If a judge of election shall fail to be present at the voting place at the hour of opening the polls on primary or election day, or if a vacancy in that office shall occur on primary or election day for any reason whatever, the chief judge shall appoint another to act as judge until such time as the chairman of the county board of elections shall appoint to fill the vacancy. Persons appointed to fill vacancies shall, whenever possible, be chosen from the same political party as the person whose vacancy is being filled, and all such appointees shall be sworn before acting.

As soon as practicable, following their training as prescribed in G.S. 163-82.24, each chief judge and judge of election shall take and subscribe the following oath of office to be administered by an officer authorized to administer oaths and file it with the county board of elections:

'I, ........., do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State not inconsistent with the Constitution of the United States; that I will administer the duties of my office as chief judge of (judge of election in) ..... precinct, ..... County, without fear or favor; that I will not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition; and that I will not keep or make any memorandum of anything occurring within a voting booth, unless I am called upon to testify in a judicial proceeding for a violation of the election laws of this State; so help me, God.'

Notwithstanding the previous paragraph, a person appointed chief judge by the judges of election under this section, or appointed judge of election by the chief judge under this section may take the oath of office immediately upon appointment.

Before the opening of the polls on the morning of the primary or election, the chief judge shall administer the oath set out in the preceding paragraph to each assistant, and any judge of election not previously sworn, substituting for the words 'chief judge of' the words 'assistant in' or 'judge of election in' whichever is appropriate."

Sec. 2. G.S. 163-42 reads as rewritten:

"§ 163-42. Assistants at polls; appointment; term of office; qualifications; oath of office.

Each county and municipal board of elections is authorized, in its discretion, to appoint two or more assistants for each precinct to aid the chief judge and judges. Not more than two assistants shall be appointed in precincts having 500 or less registered voters. Assistants shall be qualified
voters of the precinct for which appointed county in which the precinct is located. When the board of elections determines that assistants are needed in a precinct an equal number shall be appointed from different political parties, unless the requirement as to party affiliation cannot be met because of an insufficient number of voters of different political parties within a precinct the county. 

The chairman of each political party in the county shall have the right to recommend from three to 10 registered voters in each precinct for appointment as precinct assistants in that precinct. If the recommendations are received by it no later than the thirtieth day prior to the primary or election, the board shall make appointments of the precinct assistants for each precinct from the names thus recommended. If the recommendations of the party chairs for precinct assistant in a precinct are insufficient, the county board of elections by unanimous vote of all of its members may name to serve as precinct assistant in that precinct registered voters in that precinct who were not recommended by the party chairs. If, after diligently seeking to fill the positions with registered voters of the precinct, the county board still has an insufficient number of precinct assistants for the precinct, the county board by unanimous vote of all of its members may appoint to the positions registered voters in other precincts in the same county who meet the qualifications other than residence to be precinct officials in the precinct. In making its appointments, the county board shall assure, wherever possible, that no precinct has precinct officials all of whom are registered with the same party. In no instance shall the county board appoint nonresidents of the precinct to a majority of the positions as precinct assistant in a precinct.

In addition, a county board of elections by unanimous vote of all of its members may appoint any registered voter in the county as emergency election-day assistant, as long as that voter is otherwise qualified to be a precinct official. The State Board of Elections shall determine for each election the number of emergency election-day assistants each county may have, based on population, expected turnout, and complexity of election duties. The county board by unanimous vote of all of its members may assign emergency election-day assistants on the day of the election to any precinct in the county where the number of precinct officials is insufficient because of an emergency occurring within 48 hours of the opening of the polls that prevents an appointed precinct official from serving. A person appointed to serve as emergency election-day assistant shall be trained and paid like other precinct assistants in accordance with G.S. 163-46. A county board of elections shall apportion the appointments as emergency election-day assistant among registrants of each political party so as to make possible the staffing of each precinct with officials of more than one party, and the county board shall make assignments so that no precinct has precinct officials all of whom are registered with the same party.

Before entering upon the duties of the office, each assistant shall take the oath prescribed in G.S. 163-41(a) to be administered by the chief judge of the precinct for which the assistant is appointed. Assistants serve for the particular primary or election for which they are appointed, unless the
county board of elections appoints them for a term to expire on the date appointments are to be made pursuant to G.S. 163-41."

Sec. 3. G.S. 163-43 reads as rewritten:

"§ 163-43. Ballot counters; appointment; qualifications; oath of office.

The county board of elections of any county may authorize the use of precinct ballot counters to aid the chief judges and judges of election in the counting of ballots in any precinct or precincts within the county. The county board of elections shall appoint the ballot counters it authorizes for each precinct or, in its discretion, the board may delegate authority to make such appointments to the precinct chief judge, specifying the number of ballot counters to be appointed for each precinct. A ballot counter must be a resident of the precinct the county in which the precinct is located.

No person shall be eligible to serve as a ballot counter, who holds any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof.

No person shall be eligible to serve as a ballot counter, who serves as chairman of a state, congressional district, county, or precinct political party or political organization.

No person who is the wife, husband, mother, father, son, daughter, brother or sister of any candidate for nomination or election may serve as ballot counter during any primary or election in which such candidate qualifies.

No person shall be eligible to serve as a ballot counter who is a candidate for nomination or election.

Upon acceptance of appointment, each ballot counter shall appear before the precinct chief judge at the voting place immediately at the close of the polls on the day of the primary or election and take the following oath to be administered by the chief judge:

'I, ..........., do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State not inconsistent with the Constitution of the United States; that I will honestly discharge the duties of ballot counter in ........ precinct, ........ County for primary (or election) held this day, and that I will fairly and honestly tabulate the votes cast in said primary (or election); so help me, God.'

The names and addresses of all ballot counters serving in any precinct, whether appointed by the county board of elections or by the chief judge, shall be reported by the chief judge to the county board of elections at the county canvass following the primary or election."

Sec. 4. G.S. 163-87 reads as rewritten:

"§ 163-87. Challenges allowed on day of primary or election.

On the day of a primary or election, at the time a registered voter offers to vote, any other registered voter of the precinct may exercise the right of challenge, and when he does so may enter the voting enclosure to make the challenge, but he shall retire therefrom as soon as the challenge is heard.
On the day of a primary or election, any other registered voter of the precinct may challenge a person for one or more of the following reasons:

1. One or more of the reasons listed in G.S. 163-85(c), or
2. That the person has already voted in that primary or election, or
3. That the person presenting himself to vote is not who he represents himself to be.

On the day of a party primary, any voter of the precinct who is registered as a member of the political party conducting the primary may, at the time any registrant proposes to vote, challenge his right to vote upon the ground that he does not affiliate with the party conducting the primary or does not in good faith intend to support the candidates nominated in that party's primary, and it shall be the duty of the chief judge and judges of election to determine whether or not the challenged registrant has a right to vote in that primary according to the procedures prescribed in G.S. 163-88; provided that no challenge may be made on the grounds specified in the paragraph against an unaffiliated voter voting in the primary under G.S. 163-74(a1).

The chief judge, judge, or assistant appointed under G.S. 163-41 or 163-42 may enter challenges under this section against voters in the precinct for which appointed regardless of the place of residence of the chief judge, judge, or assistant.

If a person is challenged under this subsection, and the challenge is sustained under G.S. 163-85(c)(3), the voter may still transfer his registration under G.S. 163-82.15(e) if eligible under that section, and the registration shall not be cancelled under G.S. 163-90.2(a) if the transfer is made. A person who has transferred his registration under G.S. 163-82.15(e) may be challenged at the precinct to which the registration is being transferred.

Sec. 4.1. G.S. 163-45 reads as rewritten:

"§ 163-45. Observers; appointment.

The chairman of each political party in the county shall have the right to designate two observers to attend each voting place at each primary and election and such observers may, at the option of the designating party chairman, be relieved during the day of the primary or election after serving no less than four hours and provided the list required by this section to be filed by each chairman contains the names of all persons authorized to represent such chairman's political party. Not more than two observers from the same political party shall be permitted in the voting enclosure at any time. This right shall not extend to the chairman of a political party during a primary unless that party is participating in the primary. In any election in which an unaffiliated candidate is named on the ballot, he or his the candidate or the candidate's campaign manager shall have the right to appoint two observers for each voting place consistent with the provisions specified herein. AN ACT TO AMEND THE MENTAL HEALTH COMMITMENT LAW TO PROVIDE FOR DIVERSION OF POTENTIAL THOMAS S. CLASS MEMBERS TO APPROPRIATE TREATMENT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 122C-132 reads as rewritten:
§ 122C-132. Single portal of entry and exit designation for mental health and substance abuse facilities.

(a) The public system should provide for a single portal of entry and exit policy for State and area mental health and substance abuse facilities. In order to accomplish this objective, an area authority desiring designation as a single portal area shall present to the Secretary a single portal of entry and exit plan approved by the area board. The decision as to whether to choose to submit a plan is in the discretion of the area authority after weighing the policy goal stated in this subsection and in G.S. 122C-101. The single portal of entry and exit policy for State and area mental health and substance abuse facilities does not preclude those individuals who have the resources to pay for the cost of inpatient hospital care without the use of any (i) public funds appropriated to the area authority or (ii) Medicaid funds from selecting a facility for treatment and care which is different from that designated by the area authority in its single portal plan.

(b) In order for a single portal area to be designated, the single portal of entry and exit plan shall be subject to approval by the Secretary. Once an area is designated by the Secretary as a single portal area, any changes to the plan shall be subject to approval by the Secretary. However, an approved plan and designation as a single portal area shall remain in force pending approval of any changes. In order for a single portal plan approved before July 1, 1996, to remain in force, it shall be reviewed by the area authority, show evidence of renewal of the agreements provided for in subdivision (c)(5) below, and be reapproved by the Secretary after July 1, 1996.

(c) The plan shall include but not be limited to:

1. A specific listing of facilities to be covered by the single portal of entry and exit plan;
2. Procedures for review of individuals to be admitted to or discharged from State and area facilities;
3. Procedures for shared responsibility when individuals are admitted directly to a State facility;
3a. Procedures for treatment of mentally retarded individuals with mental illness who are committed to a 24-hour facility;
4. Evidence of incorporation of these plans within the contracts between the area authority and the State facilities as required by G.S. 122C-143(c) and with other public and private agencies as required in G.S. 122C-141;
5. Evidence of cooperative arrangements with local law enforcement, local courts, and the local medical society; and

(d) Residents of a county in a designated single portal area who do not have the resources to pay for the cost of inpatient hospital care without the use of any (i) public funds appropriated to the area authority or (ii) Medicaid funds shall be admitted to or discharged from State and area facilities through the area authority as described in the area’s single portal of entry and exit policy."

Sec. 2. G.S. 122C-201 reads as rewritten:

"§ 122C-201. Declaration of policy."
122C-252. However, if the clerk or magistrate finds probable cause to believe that the respondent, in addition to being mentally ill, is also mentally retarded, the clerk or magistrate shall contact the area authority before issuing the order and the area authority shall designate the facility to which the respondent is to be transported. If a physician or eligible psychologist executes an affidavit for inpatient commitment of a respondent, a second physician shall be required to perform the examination required by G.S. 122C-266.

(e) Upon receipt of the custody order of the clerk or magistrate or a custody order issued by the court pursuant to G.S. 15A-1003, a law enforcement officer or other person designated in the order shall take the respondent into custody within 24 hours after the order is signed, and proceed according to G.S. 122C-263.

(f) When a petition is filed for an individual who is a resident of a single portal area, the procedures for examination by a physician or eligible psychologist as set forth in G.S. 122C-263 shall be carried out in accordance with the area plan. Prior to issuance of a custody order for a respondent who resides in an area authority with a single portal plan, the clerk or magistrate shall communicate with the area authority to determine the appropriate 24-hour facility to which the respondent should be admitted according to the area plan or to determine if there are more appropriate resources available through the area authority to assist the petitioner or the respondent. When an individual from a single portal area is presented for commitment at a 24-hour or State facility directly, the individual may not be accepted for admission until the facility notifies the area authority and the area authority agrees to the admission. If the area authority does not agree to the admission, it shall determine the appropriate 24-hour facility to which the individual should be admitted according to the area plan or determine if there are more appropriate resources available through the area authority to assist the individual. If the area authority agrees to the admission, he may be accepted for admission in accordance with G.S. 122C-266. The facility shall notify the area authority within 24 hours of the admission and further planning of treatment for the client is the joint responsibility of the area authority and the facility as prescribed in the area plan.

4. Respondents who are so gravely disabled by both multiple disorders and medical fragility or multiple disorders and deafness that alternative care is inappropriate, as determined by the Director of the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services or his designee.
Individuals transported to a State facility for the mentally ill who are not admitted by the facility may be transported by law enforcement officers or designated staff of the State facility in State-owned vehicles to an appropriate 24-hour facility that provides psychiatric inpatient care.

No later than 24 hours after the transfer, the responsible professional at the original facility shall notify the petitioner, the clerk of court, and, if consent is granted by the respondent, the next of kin, that the transfer has been completed."

(c) Respondents received at a 24-hour facility under the provisions of this section shall be examined by a second physician in accordance with G.S. 122C-266. Sec. 5. G.S. 6-21.3 reads as rewritten:
"§ 6-21.3. Remedies for returned check.
(a) Notwithstanding any criminal sanctions that may apply, a person, firm, or corporation who knowingly draws, makes, utters, or issues and delivers to another any check or draft drawn on any bank or depository that refuses to honor the same because the maker or drawer does not have sufficient funds on deposit in or credit with the bank or depository with which to pay the check or draft upon presentation, and who fails to pay the same amount, any service charges imposed on the payee by a bank or depository for processing the dishonored check, and any processing fees imposed by the payee pursuant to G.S. 25-3-512 25-3-506 in cash to the payee within 30 days following written demand therefor, shall be liable to the payee (i) for the amount owing on the check, the service charges, and processing fees and (ii) for additional damages of three times the amount owing on the check, not to exceed five hundred dollars ($500.00) or to be less than one hundred dollars ($100.00). If the amount claimed in the first demand letter is not paid, the claim for the amount of the check, the service charges and processing fees, and the treble damages provided for in this subsection may be made by a subsequent letter of demand prior to filing an action. In an action under this section the court or jury may, however,
waive all or part of the additional damages upon a finding that the defendant’s failure to satisfy the dishonored check or draft was due to economic hardship.

The initial written demand for the amount of the check, the service charges, and processing fees shall be mailed by certified mail to the defendant at the defendant’s last known address and shall be in the form set out in subsection (a1) of this section. The subsequent demand letter demanding the amount of the check, the service charges, the processing fees, and treble damages shall be mailed by certified mail to the defendant at the defendant’s last known address and shall be in the form set out in subsection (a2) of this section. If the payee chooses to send the demand letter set out in subsection (a2) of this section, then the payee may not file an action to collect the amount of the check, the service charges, the processing fees, or treble damages until 30 days following the written demand set out in subsection (a2) of this section.

(a1) The first notification letter shall be substantially in the following form:

This letter is written pursuant to G.S. 6-21.3 to inform you that on ______________, you made and delivered to the business listed above a check payable to this business containing your name and address in the sum of $____, drawn upon __________ (bank or institution), account # __________. [If the check was received in a face-to-face transaction insert this sentence: This check contained a drivers license identification number from a card with your photograph and mailing address, which was used to identify you at the time the check was accepted.] [If the check was delivered by mail insert this sentence: We have compared your name, address, and signature on the check with the name, address, and signature on file in the account previously established by you or on your behalf, and the signature on the check appears to be genuine.] Also, we have received no information that this was a stolen check, if that is the circumstance.

The check has been dishonored by the bank for the following reasons:

As acceptor of the check, we give you notice to rectify any bank error or other error in connection with the transaction, and to pay the face value of the check, plus the fees as authorized under G.S. 25-3-512 25-3-506 and G.S. 6-21.3(a) as follows:

Face value of the check # $__________
Processing fee authorized under G.S. 25-3-512 25-3-506 $__________
Bank service fees authorized under G.S. 6-21.3 $__________
Total amount due: $__________

If the total amount due listed above is not paid within 30 days of the mailing of this letter, thereafter we may file a civil action to seek civil damages of three times the amount of the check (with a minimum damage of one hundred dollars ($100.00) and a
maximum damage of five hundred dollars ($500.00)) for allegedly giving a worthless check in violation of law (G.S. 6-21.3), in addition to the amount of the check and the fees specified above.

Appropriate relief will then be sought before a court of proper jurisdiction for full payment of the check plus all costs, treble damages, and witness fees.

If you do not believe you are liable for these amounts, you will have a right to present your defense in court. To pay the check or obtain information, contact the undersigned at the above business location. Cash or a bank official check will be the only acceptable means of redeeming the dishonored check.

If you do not believe that you owe the amount claimed in this letter or if you believe you have received this letter in error, please notify the undersigned at the above business location as soon as possible.

(a2) If the total amount due in subsection (a1) has not been paid within 30 days after the mailing of the notification letter, a subsequent demand letter may be sent and shall be substantially in the following form:

On ____________, we informed you that we received a check payable to this business containing your name and address in the sum of $______, drawn upon ____________ (bank or institution), account # ____________. This check contained identification information which was used to identify you as the maker of the check. Also, we have received no information that this was a stolen check, if that is the circumstance.

The check has been dishonored by the bank for the following reasons:

We notified you that you were responsible for the face value of the check ($______) plus the fees authorized under G.S. 25-3-512 25-3-506 ($______) and G.S. 6-21.3(a) ($______) for a total amount due of $______. Thirty days have passed since the mailing of that notification letter, and you have not made payment to us for that total amount due.

Under G.S. 6-21.3, we claim you are now liable for the face value of the check, the fees, and treble damages. The damages we claim are three times the amount of the check or one hundred dollars ($100.00), whichever is greater, but cannot exceed five hundred dollars ($500.00). The total amount we claim now due is:

Face value of the check $______
Processing fee authorized
under G.S. 25-3-512 25-3-506 $______
Bank service fees authorized
under G.S. 6-21.3 $______
Three times the face value of the check, with a minimum of $100.00 and a maximum of $500.00 $______
CHAPTER 742  Session Laws — 1995

Total amount due: $_

Payment of the total amount claimed above within 30 days of the mailing of this letter shall satisfy this civil remedy for the returned check.

If payment has not been received within this 30-day period, we will seek appropriate relief before a court of proper jurisdiction for full payment of the check plus all costs, treble damages, and witness fees.

If you do not believe you are liable for these amounts, you will have a right to present your defense in court. To pay the check or obtain information, contact the undersigned at the above business location. Cash or a bank official check will be the only acceptable means of redeeming the dishonored check.

If you do not believe that you owe the amount claimed in this letter or if you believe you have received this letter in error, please notify the undersigned at the above business location as soon as possible.

(b) In an action under subsection (a) of this section, the presiding judge or magistrate may award the prevailing party, as part of the court costs payable, a reasonable attorney's fee to the duly licensed attorney representing the prevailing party in such suit.

(c) It shall be an affirmative defense, in addition to other defenses, to an action under this section if it is found that: (i) full satisfaction of the amount of the check or draft was made prior to the commencement of the action, or (ii) that the bank or depository erred in dishonoring the check or draft, or (iii) that the acceptor of the check knew at the time of acceptance that there were insufficient funds on deposit in the bank or depository with which to cause the check to be honored.

(d) The remedy provided for herein shall apply only if the check was drawn, made, uttered or issued with knowledge there were insufficient funds in the account or that no credit existed with the bank or depository with which to pay the check or draft upon presentation."

Industrial banks shall have perpetual duration and succession in their corporate name unless a limited period of duration is stated in their certificate of incorporation. They shall have the powers conferred by paragraphs 1, 2, 3, 5 and 7 of G.S. 55-17, subdivisions (1), (2), and (3) of subsection (a) of G.S. 55-3-02, and subdivision (3) of G.S. 53-43, such additional powers as may be necessary or incidental for the carrying out of their corporate purposes, and in addition thereto the following powers:

(1) To discount and negotiate promissory notes, drafts, bills of exchange and other evidences of indebtedness, and to loan money on real or personal security, and to purchase notes, bills of exchange, acceptances or other choses in action, and to take and receive interest or discounts subject to G.S. 53-43(1).

The General Assembly of North Carolina enacts:

Section 1. G.S. 160A-360 is amended by adding a subsection to read:

"(a) Any municipality planning to exercise extraterritorial jurisdiction under this Article shall notify the owners of all parcels of land proposed for addition to the area of extraterritorial jurisdiction, as shown on the county tax records. The notice shall be sent by first-class mail to the last addresses listed for affected property owners in the county tax records. The notice
shall inform the landowner of the effect of the extension of extraterritorial jurisdiction, of the landowner’s right to participate in a public hearing prior to adoption of any ordinance extending the area of extraterritorial jurisdiction, as provided in G.S. 160A-364, and the right of all residents of the area to apply to the board of county commissioners to serve as a representative on the planning agency and the board of adjustment, as provided in G.S. 160A-362. The notice shall be mailed at least four weeks prior to the public hearing. The person or persons mailing the notices shall certify to the city council that the notices were sent by first-class mail, and the certificate shall be deemed conclusive in the absence of fraud."

Sec. 2. G.S. 160A-362 reads as rewritten:

When a city elects to exercise extraterritorial zoning or subdivision-regulation powers under G.S. 160A-360, it shall in the ordinance creating or designating its planning agency or agencies provide a means of proportional representation based on population for residents of the extraterritorial area to be regulated. Representation shall be provided by appointing residents at least one resident of the entire extraterritorial zoning and subdivision regulation area to the planning agency and the board of adjustment that makes recommendations or grants relief in these matters. For purposes of this section, an additional member must be appointed to the planning agency or board of adjustment to achieve proportional representation only when the population of the entire extraterritorial zoning and subdivision area constitutes a full fraction of the municipality’s population divided by the total membership of the planning agency or board of adjustment. Membership of joint municipal county planning agencies or boards of adjustment may be appointed as agreed by counties and municipalities. Any advisory board established prior to July 1, 1983, to provide the required extraterritorial representation shall constitute compliance with this section until the board is abolished by ordinance of the city. The representatives on the planning agency and the board of adjustment shall be appointed by the board of county commissioners with jurisdiction over the area. When selecting a new representative to the planning agency or to the board of adjustment as a result of an extension of the extraterritorial jurisdiction, the board of county commissioners shall hold a public hearing on the selection. A notice of the hearing shall be given once a week for two successive calendar weeks in a newspaper having general circulation in the area. The board of county commissioners shall select appointees only from those who apply at or before the public hearing. The county shall make the appointments within 45 days following the public hearing. Once a city provides proportional representation, no power available to a city under G.S. 160A-360 shall be ineffective in its extraterritorial area solely because county appointments have not yet been made. If there is an insufficient number of qualified residents of the area to meet membership requirements, the board of county commissioners may appoint as many other residents of the county as necessary to make up the requisite number. When the extraterritorial area extends into two or more counties, each board of county commissioners concerned shall appoint representatives from its portion of the area, as specified in the ordinance. If
a board of county commissioners fails to make these appointments within 90 days after receiving a resolution from the city council requesting that they be made, the city council may make them. If the ordinance so provides, the outside representatives may have equal rights, privileges, and duties with the other members of the agency to which they are appointed, regardless of whether the matters at issue arise within the city or within the extraterritorial area; otherwise they shall function only with respect to matters within the extraterritorial area."

Sec. 3. G.S. 160A-50 is amended by adding a new subsection to read:

"(m) In any proceeding related to an annexation ordinance appeal under this section, a city shall not state a claim for lost property tax revenue caused by the appeal. Nothing in this Article shall be construed to mean that as a result of an appeal a municipality may assert a claim for property tax revenue lost during the pendency of the appeal."

Sec. 4. G.S. 160A-38 is amended by adding a new subsection to read:

"(l) In any proceeding related to an annexation ordinance appeal under this section, a city shall not state a claim for lost property tax revenue caused by the appeal. Nothing in this Article shall be construed to mean that as a result of an appeal a municipality may assert a claim for property tax revenue lost during the pendency of the appeal."

Sec. 6. G.S. 153A-348 reads as rewritten:

A cause of action as to the validity of any zoning ordinance, or amendment thereto, adopted under this Part or other applicable law shall accrue upon adoption of the ordinance, or amendment thereto, and shall be brought within nine two months as provided in G.S. 1-54.1."

Sec. 7. G.S. 160A-364.1 reads as rewritten:

A cause of action as to the validity of any zoning ordinance, or amendment thereto, adopted under this Article or other applicable law shall accrue upon adoption of the ordinance, or amendment thereto, and shall be brought within nine two months as provided in G.S. 1-54.1."

CHAPTER 9

AN ACT TO PROVIDE FOR PARTISAN ELECTION OF SUPERIOR COURT JUDGES IN THEIR DISTRICTS IN 1996 AND NONPARTISAN ELECTION IN THEIR DISTRICTS THEREAFTER AND CONCERNING VACANCIES IN SUPERIOR COURT JUDGESHIPS.

The General Assembly of North Carolina enacts:

PART 1. PARTISAN ELECTION WITHIN DISTRICTS

Section 1. Chapter 7A of the General Statutes is amended by inserting a new section to read:

"§ 7A-41.2. Nomination and election of regular superior court judges.

Candidates for the office of regular superior court judge shall be both nominated and elected by the qualified voters of the superior court district for which the election is sought."

Sec. 2. G.S. 163-1 is amended in the table by deleting the word "State" in the column entitled "Jurisdiction" under the entry for "Judges of the superior courts", and substituting "Superior Court District".

Sec. 3. G.S. 163-140(a) reads as rewritten:

"(a) Kinds of General Election Ballots; Right to Combine. -- For purposes of general elections, there shall be seven kinds of official ballots entitled:

(1) Ballot for presidential electors
(2) Ballot for United States Senator
(3) Ballot for member of the United States House of Representatives
(4) State ballot
(5) County ballot
(6) Repealed by Session Laws 1973, c. 793, s. 56.
(7) Ballot for constitutional amendments and other propositions submitted to the people.

Use of official ballots shall be limited to the purposes indicated by their titles. The printing on all ballots shall be plain and legible but, unless large type is specified by this section, type larger than 10-point shall not be used in printing ballots. All general election ballots shall be prepared in such a
way as to leave sufficient blank space beneath each name printed thereon in which a voter may conveniently write the name of any person for whom he may desire to vote.

Unless prohibited by this section, the board of elections, State or county, charged by law with printing ballots may, in its discretion, combine any two or more official ballots. Whenever two or more ballots are combined, the voting instructions for the State ballot set out in subsection (b)(4) of this section shall be used, except that if the two ballots being combined do not contain a multi-seat race, then the second sentence of instruction b. shall not appear on the ballot.

Contests in the general election for seats in the State House of Representatives and State Senate shall be on ballots that are separate from ballots containing non-legislative contests, except where the voting system used makes separation of ballots impractical. State House and State Senate contests shall be on the same ballot, unless one is a single-seat contest and the other a multi-seat contest.

If the State Board of Elections divides the State ballot into two or more ballots, all candidates for superior court shall appear on the same ballot except that the State Board of Elections appropriate board of elections may divide the election of superior court judges into two ballots either because of length of the ballot or to provide a separate ballot for multi-seat races but only superior court judges shall be on those ballots, and all candidates for the Appellate Division shall appear on the same ballot."

Sec. 4. G.S. 163-140(b)(4) reads as rewritten:

"(4) State Ballot: Beneath the title and general instructions set out in this subsection, the ballot for single-seat contests for State officers, and for all State officers where mechanical voting machines are used (including judges of the superior court) shall be divided into parallel columns separated by distinct black lines. The State Board of Elections shall assign a separate column to each political party having candidates for State offices and one to unaffiliated candidates, if any. At the head of each party column the party’s name shall be printed in large type, and at the head of the column for unaffiliated candidates shall be printed in large type the words ‘Unaffiliated Candidates.’ Below the party name in each column shall be printed a circle, one-half inch in diameter, around which shall be plainly printed the following instruction: ‘For a straight ticket, mark within this circle.’ With distinct black lines, the State Board of Elections shall divide the columns into horizontal sections and, in the customary order of office, assign a separate section to each office or group of offices to be filled. On a single line at the top of each section shall be printed a direction as to the number of candidates for whom a vote may be cast. If candidates are to be chosen for different terms to the same office, the term in each instance shall be printed as part of the title of the office.

The name or names of each political party’s candidate or candidates for each office listed on the ballot shall be printed in the appropriate office section of the proper party column, and the
names of unaffiliated candidates shall be printed in the appropriate office section of the column headed ‘Unaffiliated Candidates.' At the left of each name shall be printed a voting square, and in each column all voting squares shall be arranged in a perpendicular line.

On the face of the ballot, above the party and unaffiliated column division, the following instructions shall be printed in heavy black type, and the words ‘you must also' in instruction c. shall be underlined:

‘a. To vote for all candidates of one party (a straight ticket), make a cross (X) mark in the circle of the party for whose candidates you wish to vote.

b. You may vote a split ticket by not marking a cross (X) mark in the party circle, but by making a cross (X) mark in the square opposite the name of each candidate for whom you wish to vote.

c. You may also vote a split ticket by marking a cross (X) mark in the party circle and then making a cross (X) mark in the square opposite the name of any candidate you choose of a different party. In any multi-seat race where a party circle is marked and you vote for candidates of another party, you must also make a cross (X) mark opposite the name of any candidate you choose of the party for which you marked the party circle to assure your vote will count.

d. If you tear or deface or wrongly mark this ballot, return it and get another.'

On the bottom of the ballot shall be printed an identified facsimile of the signature of the Chairman of the State Board of Elections. If the State ballot contains no multi-seat race, then the second sentence of instruction b. shall not appear on the ballot."

Sec. 5. G.S. 163-140(b)(5) reads as rewritten:
"(5) County Ballot: Beneath the title and general instructions set out in this subsection, the ballot for single-seat contests for county officers (including district attorney for the prosecutorial district in which the county is situated, district judge for the district court district in which the county is situated, regular resident superior court judge for the superior court district in which the county or part thereof is situated, and members of the General Assembly in the senatorial and representative districts in which the county is situated), and for all county offices where mechanical voting machines are used, shall be divided into parallel columns separated by distinct black lines. The county board of elections shall assign a separate column to each political party having candidates for the offices on the ballot and one to unaffiliated candidates, if any. At the head of each party column the party’s name shall be printed in large type and at the head of the column for unaffiliated candidates shall be printed in large type the words ‘Unaffiliated Candidates.' Below the party name in each column shall be printed a circle, one-half inch in diameter, around which shall be plainly printed the following instruction: ‘For a straight ticket, mark within this circle.' With distinct black lines, the
county board of elections shall divide the columns into horizontal sections and, in the customary order of office, assign a separate section to each office or group of offices to be filled. On a single line at the top of each section shall be printed the title of the office, and directly below the title shall be printed a direction as to the number of candidates for whom a vote may be cast. If candidates are to be chosen for different terms to the same office, the term in each instance shall be printed as part of the title of the office.

The name or names of each political party's candidate or candidates for each office listed on the ballot shall be printed in the appropriate office section of the proper party column, and the names of unaffiliated candidates shall be printed in the appropriate office section of the column headed 'Unaffiliated Candidates.' At the left of each name shall be printed a voting square, and in each column all voting squares shall be arranged in a perpendicular line.

On the face of the ballot, above the party and unaffiliated column division, the following instructions shall be printed in heavy black type, and the words 'you must also' in instruction c. shall be underlined:

a. To vote for all candidates of one party (a straight ticket), make a cross (X) mark in the circle of the party for whose candidates you wish to vote.

b. You may vote a split ticket by not marking a cross (X) mark in the party circle, but by making a cross (X) mark in the square opposite the name of each candidate for whom you wish to vote.

c. You may also vote a split ticket by marking a cross (X) mark in the party circle and then making a cross (X) mark in the square opposite the name of any candidate you choose of a different party. In any multi-seat race where a party circle is marked and you vote for candidates of another party, you must also make a cross (X) mark opposite the name of any candidate you choose of the party for which you marked the party circle to assure your vote will count.

d. If you tear or deface or wrongly mark this ballot, return it and get another.'

On the bottom of the ballot shall be printed an identified facsimile of the signature of the chairman of the county board of elections. If the county ballot contains no multi-seat race, then the second sentence of instruction b. shall not appear on the ballot."

"§ 163-322. Nonpartisan primary election method.

(a) General. Except as provided in G.S. 163-329, there shall be a primary to narrow the field of candidates to two candidates for each position to be filled if, when the filing period closes, there are more than two candidates for a single office or the number of candidates for a group of offices exceeds twice the number of positions to be filled. If only one or two candidates file for a single office, no primary shall be held for that office and the candidates shall be declared nominated. If the number of candidates for a group of offices does not exceed twice the number of positions to be filled, no primary shall be held for those offices and the candidates shall be declared nominated.

(b) Determination of Nominees. In the primary, the two candidates for a single office receiving the highest number of votes, and those candidates for a group of offices receiving the highest number of votes, equal to twice the number of positions to be filled, shall be declared nominated. If two or more candidates receiving the highest number of votes each receive the same number of votes, the State Board of Elections shall determine their relative ranking by lot, and shall declare the nominees accordingly. The canvass of the primary shall be held on the same date as the primary canvass fixed under G.S. 163-188. The canvass shall be conducted in accordance with Article 16 of this Chapter.

(c) Determination of Election Winners. In the election, the names of those candidates declared nominated without a primary and those candidates
nominated in the primary shall be placed on the ballot. The candidate for a single office receiving the highest number of votes shall be elected. Those candidates for a group of offices receiving the highest number of votes, equal in number to the number of positions to be filled, shall be elected. If two candidates receiving the highest number of votes each received the same number of votes, the State Board of Elections shall determine the winner by lot.

(a) Form of Notice. Each person offering to be a candidate for election shall do so by filing a notice of candidacy with the State Board of Elections in the following form, inserting the words in parentheses when appropriate:

I hereby file notice that I am a candidate for election to the office of

The notice of candidacy shall be either signed in the presence of the chairman or secretary of the State Board of Elections, or signed and acknowledged before an officer authorized to take acknowledgments who shall certify the notice under seal. An acknowledged and certified notice may be mailed to the State Board of Elections. In signing a notice of candidacy, the candidate shall use only the candidate’s legal name and, in his discretion, any nickname by which commonly known. A candidate may also, in lieu of that candidate’s first name and legal middle initial or middle name, if any, sign that candidate’s nickname, provided the candidate appendes to the notice of candidacy an affidavit that the candidate has been commonly known by that nickname for at least five years prior to the date of making the affidavit. The candidate shall also include with the affidavit the way the candidate’s name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

A notice of candidacy signed by an agent or any person other than the candidate himself shall be invalid.

(b) Time for Filing Notice of Candidacy. Candidates seeking election to the following offices shall file their notice of candidacy with the State Board of Elections no earlier than 12:00 noon on the first Monday in January and no later than 12:00 noon on the first Monday in February preceding the election:

(d) Certificate That Candidate Is Registered Voter. Candidates shall file along with their notice a certificate signed by the chairman of the board of elections or the supervisor of elections of the county in which they are registered to vote, stating that the person is registered to vote in that county, and if the county contains more than one superior court district, stating the
superior court district of which the person is a resident. In issuing such certificate, the chairman or supervisor shall check the registration records of the county to verify such information. During the period commencing 36 hours immediately preceding the filing deadline, the State Board of Elections shall accept, on a conditional basis, the notice of candidacy of a candidate who has failed to secure the verification ordered herein subject to receipt of verification no later than three days following the filing deadline. The State Board of Elections shall prescribe the form for such certificate, and distribute it to each county board of elections no later than the last Monday in December of each odd-numbered year.

(e) Candidacy for More Than One Office Prohibited. No person may file a notice of candidacy for more than one office or group of offices described in subsection (b) of this section for any one election. If a person has filed a notice of candidacy with a board of elections under this section for one office or group of offices, then a notice of candidacy may not later be filed for any other office or group of offices under this section when the election is on the same date unless the notice of candidacy for the first office is withdrawn under subsection (c) of this section.

"§ 163-324. Filing fees required of candidates; refunds.

(a) Fee Schedule. At the time of filing a notice of candidacy under this Article, each candidate shall pay to the State Board of Elections a filing fee for the office he seeks in the amount of one percent (1%) of the annual salary of the office sought.

(b) Refund of Fees. If any person who has filed a notice of candidacy and paid the filing fee prescribed in subsection (a) of this section withdraws his notice of candidacy within the period prescribed in G.S. 163-323(c), he shall be entitled to have the fee he paid refunded. The chairman of the State Board of Elections shall cause a warrant to be drawn on the State Treasurer for the refund payment.

If any person who has filed a notice of candidacy and paid the filing fee prescribed in subsection (a) of this section dies prior to the date of the election, the personal representative of the estate shall be entitled to have the fee refunded if application is made to the board of elections to which the fee was paid no later than one year after the date of death, and refund shall be made in the same manner as in withdrawal of notice of candidacy.

"§ 163-325. Petition in lieu of payment of filing fee.

(a) General. Any qualified voter who seeks election under this Article may, in lieu of payment of any filing fee required for the office he seeks, file a written petition requesting him to be a candidate for a specified office with the State Board of Elections.

(b) Requirements of Petition; Deadline for Filing. If the candidate is seeking the office of superior court judge, that individual shall file a written petition with the State Board of Elections no later than 12:00 noon on Monday preceding the filing deadline before the primary. The petition shall be signed by ten percent (10%) of the registered voters of the election area in which the office will be voted for. The board of elections shall verify the names on the petition, and if the petition and notice of candidacy are found to be sufficient, the candidate's name shall be printed on the appropriate ballot. Petitions must be presented to the county board of elections for
verification at least 15 days before the petition is due to be filed with the State Board of Elections. The State Board of Elections may adopt rules to implement this section and to provide standard petition forms.

(a) Names of Candidates Sent to Secretary of State. Within three days after the time for filing notices of candidacy with the State Board of Elections under the provisions of G.S. 163-323(b) has expired, the chairman or secretary of that Board shall certify to the Secretary of State the name and address of each person who has filed with the State Board of Elections, indicating in each instance the office sought.

(b) Notification of Local Boards. No later than 10 days after the time for filing notices of candidacy under the provisions of G.S. 163-323(b) has expired, the chairman of the State Board of Elections shall certify to the chairman of the county board of elections in each county in the appropriate district the names of candidates for nomination to the offices of superior court judge who have filed the required notice and paid the required filing fee or presented the required petition to the State Board of Elections, so that their names may be printed on the official judicial ballot for superior court.

(c) Receipt of Notification by County Board. Within two days after receipt of each of the letters of certification from the chairman of the State Board of Elections required by subsection (b) of this section, each county elections board chairman shall acknowledge receipt by letter addressed to the chairman of the State Board of Elections.

"§ 163-327. Death of candidates or elected officers.

(a) Death or Disqualification of Candidate Before Primary. If a candidate for nomination in a primary dies, becomes disqualified, or withdraws before the primary but after the ballots have been printed, the State Board of Elections shall determine whether or not there is time to reprint the ballots. If the Board determines that there is not enough time to reprint the ballots, the deceased or disqualified candidate's name shall remain on the ballots. If that candidate receives enough votes for nomination, such votes shall be disregarded and the candidate receiving the next highest number of votes below the number necessary for nomination shall be declared nominated. If the death or disqualification of the candidate leaves only two candidates for each office to be filled, the nonpartisan primary shall not be held and all candidates shall be declared nominees.

(b) Death, Disqualification, or Resignation of Official After Election. If a person elected to the office of superior court judge dies, becomes disqualified, or resigns on or after election day and before he has qualified by taking the oath of office, the office shall be deemed vacant and shall be filled as provided by law.

"§ 163-328. Failure of candidates to file; death of a candidate before election.

(a) Insufficient Number of Candidates. If when the filing period expires, candidates have not filed for an office to be filled under this Article, the State Board of Elections shall extend the filing period for five days for any such offices.

(b) Death of Candidate; Reopening Filing. If there is no primary because only one or two candidates have filed for a single office, or the number of candidates filed for a group of offices does not exceed twice the
number of positions to be filled, and thereafter a candidate dies before the election and before the ballots are printed, the State Board of Elections shall, upon notification of the death, immediately reopen the filing period for an additional five days during which time additional candidates shall be permitted to file for election. If the ballots have been printed at the time the State Board of Elections receives notice of the candidate's death, the Board shall determine whether there will be sufficient time to reprint them before the election if the filing period is reopened for three days. If the Board determines that there will be sufficient time to reprint the ballots, it shall reopen the filing period for three days to allow other candidates to file for election, and such election shall be conducted on the plurality basis.

(c) Death of Nominated Candidate; Ballots Not Reprinted. Unless prohibited by this section, the board of elections, State or county, charged by law with printing ballots may, in its discretion, combine any two or more official ballots. research and development for which a credit is claimed are carried out as part of that business.

(b) Wage Standard. -- A taxpayer is eligible for the credit for creating
jobs or the credit for worker training if the jobs for which the credit is
claimed meet the wage standard at the time the taxpayer applies for the
credit. A taxpayer is eligible for the credit for investing in machinery and
equipment or the credit for research and development if the jobs at the
location with respect to which the credit is claimed meet the wage standard
at the time the taxpayer applies for the credit. Jobs meet the wage standard
if they pay an average weekly wage that is at least ten percent (10%) above
the average weekly wage paid in the county in which the jobs will be
located. In calculating the average weekly wage of jobs, positions that pay a
wage or salary at a rate that exceeds one hundred thousand dollars
($100,000) a year shall be excluded. For the purpose of this subsection, the
average wage in a county is the average wage for all insured industries in
the county as computed by the Employment Security Commission for the
most recent period for which data are available.

(c) Worker Training. -- A taxpayer is eligible for the tax credit for worker
training only for training workers who occupy jobs for which the taxpayer is
eligible to claim an installment of the credit for creating jobs or which are
full-time positions at a location with respect to which the taxpayer is eligible
to claim an installment of the credit for investing in machinery and
equipment for the taxable year.

The credit for worker training is allowed only with respect to employees
in positions not classified as exempt under the Fair Labor Standards Act, 29
U.S.C. § 213(a)(1) and for expenditures for training that would be eligible
for expenditure or reimbursement under the Department of Community
Colleges' New and Expanding Industry Program, as determined by guidelines adopted by the State Board of Community Colleges. To establish eligibility, the taxpayer must obtain as part of the application process under G.S. 105-129.6 the certification of the Department of Community Colleges that the taxpayer's planned worker training would satisfy the requirements of this paragraph. A taxpayer shall apply to the Department of Community Colleges for this certification. The application must be on a form provided by the Department of Community Colleges, must provide a detailed plan of the worker training to be provided, and must contain any information required by the Department of Community Colleges to determine whether the requirements of this paragraph will be satisfied. If the Department of Community Colleges determines that the planned worker training meets the requirements of this paragraph, the Department of Community Colleges shall issue a certificate describing the location with respect to which the credit is claimed and stating that the planned worker training meets the requirements of this paragraph. The State Board of Community Colleges may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out its responsibilities under this paragraph.

(d) Forfeiture. -- A taxpayer forfeits a credit allowed under this Article if the taxpayer was not eligible for the credit at the time the taxpayer applied for the credit. A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for creating jobs or the credit for investing in machinery and equipment, the taxpayer also forfeits any credit for worker training claimed for the jobs for which the credit for creating jobs was claimed or the jobs at the location with respect to which the credit for investing in machinery and equipment was claimed.

(e) Change in Ownership of Business. -- The sale, merger, acquisition, or bankruptcy of a business, or any other transaction by which an existing business reorganizes itself as another business, does not create new eligibility in a succeeding business with respect to credits for which the predecessor was not eligible under this Article. A successor business may, however, take any installment of or a carried-over portion of a credit that its predecessor could have taken if it had a tax liability.

§ 105-129.5. Tax election; cap.
(a) Tax Election. -- The credits provided in this Article are allowed against the franchise tax levied in Article 3 of this Chapter and the income taxes levied in Article 4 of this Chapter. The taxpayer shall elect the tax against which a credit will be claimed when filing the application for the credit. This election is binding. Any carryforwards of the credit must be claimed against the same tax elected in the application.

(b) Cap. -- The credits allowed under this Article may not exceed fifty percent (50%) of the tax against which they are claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax
payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article against each tax for the taxable year. Any unused portion of the credit may be carried forward for the succeeding five years.

§ 105-129.6. Application; reports.
(a) Application. -- To claim the credits allowed by this Article, the taxpayer must provide with the tax return the certification of the Secretary of Commerce that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to each credit. A taxpayer shall apply to the Secretary of Commerce for certification of eligibility. The application must be on a form provided by the Secretary of Commerce, must specify the credit and the tax against which it will be claimed, and must contain any information necessary for the Secretary of Commerce to determine whether the taxpayer meets the eligibility requirements. If the Secretary determines that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary shall issue a certificate describing the location with respect to which the credit is claimed, specifying the tax against which the credit will be claimed, outlining the eligibility requirements for the credit, and stating that the taxpayer meets the eligibility requirements. If the Secretary determines that the taxpayer does not meet all of the eligibility requirements of G.S. 105-129.4 with respect to a credit, the Secretary must advise the taxpayer in writing of the eligibility requirements the taxpayer fails to meet. The Secretary of Commerce may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary of Commerce's responsibilities under this section.

(b) Reports. -- The Department of Commerce shall report to the Department of Revenue and to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:
(1) The number of applications for each credit allowed in this Article.
(2) The number and enterprise tier area of new jobs with respect to which credits were applied for.
(3) The cost of machinery and equipment with respect to which credits were applied for.

§ 105-129.7. Substantiation.
To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue. Every taxpayer claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the taxpayer, and no credit shall be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

§ 105-129.8. Credit for creating jobs in severely distressed county. Jobs.
(a) Credit. -- A corporation that (i) for at least 40 weeks during the year has at least nine employees and (ii) is located, for part or all of its taxable
year, in a severely distressed county taxpayer that meets the eligibility requirements set out in G.S. 105-129.4, has five or more employees for at least 40 weeks during the taxable year, may qualify for a credit against the tax imposed by this Division by creating new full-time jobs with the corporation in the severely distressed county during that year. A corporation and that hires an additional full-time employee during that year to fill a position located in a severely distressed county this State is allowed a credit of two thousand eight hundred dollars ($2,800) for the additional employee for creating a new full-time job. The amount of the credit for each new full-time job created is set out in the table below and is based on the enterprise tier of the area in which the position is located:

<table>
<thead>
<tr>
<th>Area Enterprise Tier</th>
<th>Amount of Credit</th>

<tr>
<td>Tier One</td>

A position is located in a county an area if (i) at least more than fifty percent (50%) of the employee’s duties are performed in the county, or (ii) the employee is a resident of the county area. The credit may not be taken in the income taxable year in which the additional employee is hired. Instead, the credit shall be taken in equal installments over the four years following the income taxable year in which the additional employee was hired and shall be conditioned on the continued employment by the corporation taxpayer of the number of full-time employees the corporation taxpayer had upon hiring the employee that caused the corporation taxpayer to qualify for the credit. If, in one of the four years in which the installment of a credit accrues, the number of the corporation’s full-time employees falls below the number of full-time employees the company taxpayer had in the year in which the corporation taxpayer qualified for the credit or the position filled by the employee is moved to another county, credit, the credit expires and the corporation taxpayer may not take any remaining installment of the credit. The corporation taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under subsection (e) of this section, G.S. 105-129.5.

Jobs transferred from one area in the State to another area in the State shall not be considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the position filled by the employee is moved to an area in a higher- or lower-numbered enterprise tier, the remaining installments of the credit shall be calculated as if the position had been created initially in the area to which it was moved.

For the purposes of this section, a full-time job is a position that requires at least 1,600 hours of work per year and is intended to be held by one employee during the entire year. A full-time employee is an employee who holds a full-time job.

(b) Repealed by Session Laws 1989, c. 111, s. 1.

(b1) Eligibility. — A corporation is eligible for the tax credit allowed by this section only if it obtained a credit under this section for taxable year
1988 or the Department of Commerce determines that it engages in the manufacturing of goods, or that it engages in an industrial activity such as the processing of foods, raw materials, chemicals and process agents, goods in process, or finished products.

(c) County Designation. -- A severely distressed county is a county designated as severely distressed by the Secretary of Commerce. Each year, on or before December 31, the Secretary of Commerce shall designate which counties are considered severely distressed, and shall provide that information to the Secretary of Revenue. A county is considered severely distressed if its distress factor is one of the fifty highest in the State.

The Secretary shall assign to each county in the State a distress factor that is the sum of the following:

1. The county's rank in a ranking of counties by rate of unemployment from lowest to highest.
2. The county's rank in a ranking of counties by per capita income from highest to lowest.
3. The county's rank in a ranking of counties by percentage growth in population from lowest to highest.

In measuring rates of unemployment and per capita income, the Secretary shall use the latest available data published by a State or federal agency, generally recognized as having expertise concerning the data. In measuring population growth, the Secretary shall use the most recent estimates of population certified by the State Planning Officer. A designation as a severely distressed county is effective only for the calendar year following the designation.

The credit shall be available in the income taxable year after at least twenty employees have been hired if such the plant is within the two-year commitment period. The conditions outlined in subsection (a) apply to a credit taken under this subsection except that if the county is no longer designated a severely distressed county area is redesignated to a higher-numbered enterprise tier after the year the letter of commitment was signed, the credit is still available, allowed based on the area's enterprise tier for the year the letter was signed. If the corporation taxpayer does not hire the employees within the two-year period, the corporation taxpayer does not qualify for the credit. However, if the corporation taxpayer qualifies for a credit under subsection (a) in the year any new employees are hired, it the taxpayer may take the credit under that subsection.

(e) Limitations. -- The sale, merger, acquisition, or bankruptcy of a business, or any other transaction by which an existing business reformulates itself as another business, does not create new eligibility in a succeeding business with respect to jobs for which the predecessor was not eligible under this section. A successor corporation may, however, take any
installment of or carried over portion of a credit that its predecessor could have taken if it had taxable income.

Jobs transferred from one county in the State to another county in the State shall not be considered new jobs for purposes of this section. A credit taken under this section may not exceed fifty percent (50%) of the tax imposed by this Division for the taxable year, reduced by the sum of all other credits allowed under this Division, except tax payments made by or on behalf of the corporation. Any unused portion of the credit may be carried forward for the succeeding five years.

(f) Substantiation. — Every corporation claiming the credit provided in subsection (a) shall maintain and make available for inspection by the Secretary of Revenue or his agent such records as may be necessary to determine and verify the amount of the credit to which it is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the corporation, and no credit shall be allowed to a corporation that fails to maintain adequate records or to make them available for inspection.

"§ 105-129.9. Credit for investing in machinery and equipment.

(a) Credit. — A taxpayer that has purchased machinery and equipment and places it in service in this State during the taxable year is allowed a credit equal to seven percent (7%) of the excess of the eligible investment amount over the applicable threshold. The credit may not be taken for the taxable year in which the equipment is placed in service but shall be taken in equal installments over the seven years following the taxable year in which the equipment is placed in service.

(b) Eligible Investment Amount. — The eligible investment amount is the lesser of (i) the cost of the machinery and equipment and (ii) the amount by which the cost of all of the taxpayer’s machinery and equipment that is in service in this State on the last day of the taxable year exceeds the cost of all of the taxpayer’s machinery and equipment that was in service in this State on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer had the most machinery and equipment in service in this State.

(c) Threshold. — The applicable threshold is the appropriate amount set out in the following table based on the enterprise tier of the area where the machinery and equipment are placed in service during the taxable year. If the taxpayer places machinery and equipment in service in more than one area during the taxable year, the threshold applies separately to the machinery and equipment placed in service in each area.

The taxpayer
may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are moved to an area in a higher-numbered enterprise tier, the remaining installments of the credit are allowed only to the extent they would have been allowed if the machinery and equipment had been placed in service initially in the area to which they were moved.

"§ 105-129.10. Credit for research and development.

A taxpayer that claims for the taxable year a federal income tax credit under section 41 of the Code for increasing research activities is allowed a credit equal to five percent (5%) of the State's apportioned share of the taxpayer's expenditures for increasing research activities. The State's apportioned share of a taxpayer's expenditures for increasing research activities is the excess of the taxpayer's qualified research expenses for the taxable year over the base amount, as determined under section 41 of the Code, multiplied by a percentage equal to the ratio of the taxpayer's qualified research expenses in this State for the taxable year to the taxpayer's total qualified research expenses for the taxable year. A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area.

(b) Eligibility. -- The eligibility of a taxpayer's expenditures and employees is determined as provided in G.S. 105-129.4."

Sec. 3.4. G.S. 105-151.17 is recodified as G.S. 105-129.8. G.S. 105-129.8, as rewritten by this act, incorporates both G.S. 105-130.40 and G.S. 105-151.17.

"§ 105-129.16. Credit for investing in business property."

(a) Credit. -- A taxpayer that has purchased business property and places it in service in this State during the taxable year is allowed a credit equal to four and one-half percent (4.5%) of the cost of the property. The maximum credit allowed a taxpayer for property placed in service during a taxable year is four thousand five hundred dollars ($4,500). The entire credit may not be taken for the taxable year in which the property is placed in service but must be taken in five equal installments beginning with the taxable year in which the property is placed in service.

(b) Expiration. -- If, in one of the five years in which the installment of a credit accrues, the business property with respect to which the credit was claimed is sold or moved out of State, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.17.

(c) No Double Credit. -- A taxpayer that claims the credit allowed under Article 3A of this Chapter with respect to business property may not take the credit allowed in this section with respect to the same property.

"§ 105-129.17. Tax election; cap."

(a) Tax Election. -- The credit allowed in this Article is allowed against the franchise tax levied in Article 3 of this Chapter or the income taxes levied in Article 4 of this Chapter. The taxpayer must elect the tax against which the credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax.

(b) Cap. -- The credit allowed in this Article may not exceed fifty percent (50%) of the tax against which it is claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article against each tax for the taxable year. Any unused portion of the credit may be carried forward for the succeeding five years.

"§ 105-129.18. Substantiation."
CHAPTER 13  
Session Laws – 1995

To claim the credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue. Every taxpayer claiming a credit under this Article must maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit rests upon the taxpayer, and no credit may be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

"§ 105-129.19. Reports.

The Department of Revenue shall report to the Legislative Research Commission and to the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

(1) The number of taxpayers that claimed the credit allowed in this Article.

(2) The cost of business property with respect to which credits were claimed.

(3) The total cost to the General Fund of the credits claimed."

Sec. 4.2. Effective July 1, 1999, Article 2B of Chapter 105 of the General Statutes, as amended by this act, is repealed. Sec. 5.1. Article 5 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-164.12B. Bundled transactions.

(a) Bundled Transaction Defined. -- A bundled transaction is a transaction in which all of the following conditions are met:

(1) A seller transfers an item of tangible personal property to a consumer on the condition that the consumer enter into an agreement to purchase services on an ongoing basis for a minimum period of at least six months.

(2) The agreement requires the consumer to pay a cancellation fee to the service provider if the consumer cancels the contract for services within the minimum period.

(3) For the item transferred, the seller:
   a. Does not charge the consumer; or
   b. Charges the consumer a price that, after any discount or rebate the seller gives the consumer, is below the cost price the seller paid for the item.

(b) Bundled Transaction Is a Sale; Sales Price. -- If a seller transfers an item of tangible personal property as part of a bundled transaction, a sale has occurred, and the sales price of the item is presumed to be the retail price at which the item would sell if no agreement for services were entered into. Part of this price may be paid by the consumer at the time of the transfer; the remainder of the price is considered paid as part of the price to be paid for the services contracted for. Sales tax is due on any part of the price paid by the consumer at the time of the transfer.

(c) No Additional Sales Tax if Services Taxed. -- If the services for which the consumer was required to contract are subject to services taxes at a combined rate equal to or greater than the combined State and local general rate of sales and use tax, then no additional sales tax is due on the transfer. However, if the consumer cancels the contract for services before the expiration of the minimum period, sales tax applies to the cancellation fee paid by the consumer.

(d) Additional Sales Tax if Services Not Taxed. -- If the services for which the consumer was required to contract are not subject to services taxes at a combined rate equal to or greater than the combined State and

(2) Other Class A Beneficiaries. -- The status of a beneficiary is determined as of the date of the decedent's death. When two or more beneficiaries are equally entitled to the credit, the credit shall be allocated among those beneficiaries on a pro rata basis according to their tax liability. The credit allowed by this section may not exceed the amount of tax imposed by this Article."

Sec. 6.2. G.S. 105-3 is amended by adding a new subdivision to read:

"(11) Property transferred to a spouse when the transfer of the property is exempt from federal estate and gift taxes under section 2056(b)(7) of the Code because it is considered qualified terminable interest property."

Sec. 6.3. G.S. 105-188 is amended by adding a new subsection to read:

"(j) The tax does not apply to property transferred to a spouse when the transfer of the property is exempt from federal estate and gift taxes under section 2523(f) of the Code because it is considered qualified terminable interest property."

Sec. 6.4. G.S. 105-2(a) reads as rewritten:
"(a) A tax shall be and is hereby imposed upon the transfer of any property, real or personal, or of any interest therein or income therefrom, in trust or otherwise, to persons or corporations, in the following cases:

(1) When the transfer is from a person who dies seized of the property while a resident of the State and it is made:
   a. By will or by intestacy;
   b. Pursuant to a final judgment entered in a proceeding to caveat a will; or
   c. Pursuant to a settlement agreement, to which the personal representative is a party, that, in the determination of the Secretary of Revenue in his sole discretion based on evidence presented by the personal representative, reflects the good faith, arm's-length compromise of an actual dispute between beneficiaries, heirs, or personal representatives and does not have the primary purpose of avoiding inheritance tax.

(2) When the transfer is by will or intestate laws of this or any other state of real property or goods, wares, and merchandise within this State, or of any property, real, personal, or mixed, tangible or intangible, over which the State of North Carolina has a taxing jurisdiction, including State and municipal bonds, and the decedent was a resident of the State at the time of death; when the transfer is of real property or tangible personal property within the State, or intangible personal property that has acquired a situs in this State, and the decedent was a nonresident of the State at the time of death.

(3) When the transfer of property made by a resident, or nonresident, is of real property within this State, or of goods, wares and merchandise within this State, or of any other property, real, personal, or mixed, tangible or intangible, over which the State of North Carolina has taxing jurisdiction, including State and municipal bonds, by deed, grant, bargain, sale, or gift made in contemplation of the death of the grantor, vendor, or donor, or intended to take effect in possession or enjoyment at or after such death, including a transfer under which the transferor has retained for his life or any period not ending before his death (i) the possession or enjoyment of, or the income from, the property or (ii) the right to designate the persons who shall possess or enjoy the property or the income therefrom. The aggregate value exceeding ten thousand dollars ($10,000) of transfers to any one donee within a tax year by deed, grant, bargain, sale, gift, or combination thereof, made within three years prior to the death of the grantor, vendor, or donor, without an adequate valuable consideration, shall be presumed, subject to rebuttal, to have been made in contemplation of death within the meaning of this section; the first ten thousand dollars ($10,000) in value shall be deemed not made in contemplation of death.

(4) When any person or corporation comes into possession or enjoyment, by a transfer from a resident, or from a nonresident
decendent when such nonresident decedent's property consists of real property within this State or tangible personal property within the State, or intangible personal property that has acquired a situs in this State, of an estate in expectancy of any kind or character which is contingent or defeasible, transferred by any instrument taking effect after March 24, 1939.

(5) a. For purposes of this Article, the term 'general power of appointment' means a power which is exercisable in favor of the decedent, his estate, his creditors, or the creditors of his estate; except that:

1. A power to consume, invade or appropriate property for the benefit of the decedent which is limited by an ascertainable standard relating to the health, education, support or maintenance of the decedent shall not be deemed a general power of appointment.

2. A power of appointment which is exercisable by the decedent only in conjunction with another person:

I. If the power is not exercisable by the decedent except in conjunction with the creator of the power, such power shall not be deemed a general power of appointment.

II. If the power is not exercisable by the decedent except in conjunction with a person having a substantial interest in the property, subject to the power, which is adverse to exercise of the power in favor of the decedent, such power shall not be deemed a general power of appointment. For the purposes of this clause a person who, after the death of the decedent, may be possessed of a power of appointment (with respect to the property subject to the decedent's power) which he may exercise in his own favor shall be deemed as having an interest in the property and such interest shall be deemed adverse to such exercise of the decedent's power.

III. If (after the application of clauses I and II) the power is a general power of appointment and is exercisable in favor of such other person, such power shall be deemed a general power of appointment only in respect of a fractional part of the property subject to such power, such part to be determined by dividing the value of such property by the number of such persons (including the decedent) in favor of whom such power is exercisable.

IV. For purposes of clauses II and III, a power shall be deemed to be exercisable in favor of a person if it is exercisable in favor of such person, his estate, his creditors, or the creditors of his estate.

b. Whenever any person shall have a general power of appointment with respect to any interest in property, such person shall, for the purposes of this Article, be deemed the owner of such interest and accordingly:
1. If in connection with any transfer of property taxable under this Article the transferor shall give to any person a general power of appointment with respect to any interest in such property, the transferor shall be deemed to have given such interest in such property to such person.

2. If any person holding a general power of appointment with respect to any interest in property shall exercise such power in favor of any other person or persons, either by will or by an appointment made in contemplation of the death of such person, or by an appointment intended to take effect in possession or enjoyment at or after such death, he shall be deemed to have made a transfer of such interest to such person or persons.

3. If any person holding a general power of appointment with respect to any interest in property shall relinquish such power by any action taken in contemplation of death or intended to take effect at or after his death, or shall die without fully exercising such power, he shall be deemed, to the extent of such relinquishment or nonexercise, to have made a transfer of such interest to the person or persons who shall benefit thereby.

(6) Neither the exercise nor the relinquishment of a special power of appointment (which shall mean any power other than a general power) with respect to an interest in property shall be deemed to constitute a transfer of such interest within the meaning of this Article. If in connection with any transfer taxable under this Article the transferor shall give to any person a special power of appointment with respect to any interest in property, he shall be deemed, for the purpose of computing the tax applicable thereto, to have given such interest in equal shares to those persons, not more than two, among the possible appointees and takers in default of appointment whom the transferor’s executor or administrator may designate as transferees in the inheritance tax return, except that:

a. If a gift tax return is filed with respect to such transfer, the persons designated therein shall also be designated in the inheritance tax return, and

b. The tax shall be computed according to the relationship of the donee of the power to the persons designated if the possible appointees and takers in default of appointment include any persons more closely related to the donee of the power than to the donor, and if such computation would produce a higher tax.

(7), (7a) Repealed by Session Laws, 1985, c. 656, s. 1.

(8) Where the proceeds of life insurance policies are payable as provided in G.S. 105-13.

(9) Whenever any person or corporation comes into possession or enjoyment of any real or personal property, including bonds of the United States and bonds of a state or subdivision or agency.
CHAPTER 13  Session Laws — 1995

thereof, at or after the death of an individual and by reason of said individual’s having entered into a contract or other arrangement with the United States, a state or any person or corporation to pay, transfer or deliver said real or personal property, including bonds of the United States and bonds of a state, to the person or corporation receiving the same, whether said person or corporation is named in the contract or other arrangement or not: Provided, that no tax shall be due or collected on that portion of the real or personal property received under the conditions outlined herein which the person or corporation receiving the same purchased or otherwise acquired by funds or property of the person or corporation receiving the same, or had acquired by a completed inter vivos gift.

Nothing in subdivision (9) shall apply to the proceeds of life insurance policies.

(10) Upon the death of a spouse who had a qualifying income interest for life in qualified terminable interest property whose previous transfer was exempt from inheritance or gift taxes under G.S. 105-3(11) or G.S. 105-188(j), the qualified terminable interest property that was previously exempt is considered to pass from the spouse to the person who is entitled to the property upon the termination of the spouse’s qualifying income interest for life.

However, nothing in this Article shall be construed as imposing a tax upon any transfer of intangibles not having a commercial or business situs in this State, by a person, or by reason of the death of a person, who was not a resident of this State at the time of his death, and, if held or transferred in trust, such intangibles shall not be deemed to have a commercial or business situs in this State merely because the trustee is a resident or, if a corporation, is doing business in this State, unless the same be employed in or held or used in connection with some business carried on in whole or in part in this State."

Sec. 6.5. G.S. 105-9(8) reads as rewritten:

"(8) Costs of administration, including administration not claimed as a deduction on the federal income tax return filed under the Code by the fiduciary for the decedent’s estate. Costs of administration include reasonable attorneys’ fees."

Sec. 6.6. Article 1 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-23.1. Making installment payments of tax due when federal estate tax is payable in installments.

A personal representative who elects under section 6166 of the Code to make installment payments of federal estate tax may elect to make installment payments of the tax imposed by this Article. An election under this section extends the time for payment of the tax due in accordance with the extension elected under section 6166 of the Code. Payments of tax are due under this section at the same time and in the same proportion to the total amount of tax due as payments of federal tax under section 6166 of the Code. Acceleration of payments under section 6166 of the Code accelerates the payments due under this section."
PART VII. NONITEMIZER CHARITABLE CONTRIBUTION TAX CREDIT

Sec. 7.1. Division II of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-151.26. Credit for charitable contributions by nonitemizers.

A taxpayer who elects the standard deduction under section 63 of the Code for federal tax purposes is allowed as a credit against the tax imposed by this Division an amount equal to two and three-fourths percent (2.75%) of the taxpayer's excess charitable contributions. The taxpayer’s excess charitable contributions are the amount by which the taxpayer’s charitable contributions for the taxable year that would have been deductible under section 170 of the Code if the taxpayer had not elected the standard deduction exceed two percent (2%) of the taxpayer’s adjusted gross income as calculated under the Code.

No credit shall be allowed under this section for amounts deducted from gross income in calculating taxable income under the Code or for contributions for which a credit was claimed under G.S. 105-151.12 or G.S. 105-151.14. A nonresident or part-year resident who claims the credit allowed by this section shall reduce the amount of the credit by multiplying it by the fraction calculated under G.S. 105-134.5(b) or (c), as appropriate. The credit allowed under this section may not exceed the amount of tax imposed by this Division for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer."

PART VIII. EXCLUDE CERTAIN SEVERANCE PAY FROM INCOME TAX

Sec. 8.1. G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(11) The amount paid to the taxpayer as severance wages as the result of the permanent closure of a manufacturing or processing plant, not to exceed a maximum of thirty-five thousand dollars ($35,000) for the taxable year."

Sec. 8.2. G.S. 105-134.1 is amended by adding a new subdivision to read:

"(15a) Manufacturing and processing. -- Defined in the Standard Industrial Classification Manual issued by the United States Bureau of the Census."

PART IX. REDUCE SALES TAX ON FARM AND INDUSTRY FUEL

Sec. 9.1. G.S. 105-164.4(a) is amended by adding a new subdivision to read:

"(1f) The rate of two and eighty-three-hundredths percent (2.83%) applies to the sales price of electricity and piped natural gas described in this subdivision and measured by a separate meter or another device:

a. Sales of electricity and piped natural gas to farmers to be used by them for any farm purposes other than preparing food, heating dwellings, and other household purposes. The
quantity of electricity or gas purchased or used at any one time shall not be a determinative factor as to whether its sale or use is or is not subject to the rate of tax provided in this subdivision.

b. Sales of electricity and piped natural gas to manufacturing industries and manufacturing plants for use in connection with the operation of the industries and plants other than sales of electricity and gas to be used for residential heating purposes. The quantity of electricity or gas purchased or used at any one time shall not be a determinative factor as to whether its sale or use is or is not subject to the rate of tax provided in this subdivision.

c. Sales of electricity and piped natural gas to commercial laundries or to pressing and dry-cleaning establishments for use in machinery used in the direct performance of the laundering or the pressing and cleaning service.

Sec. 9.2. G.S. 105-164.4(a)(4a) reads as rewritten:

"(4a) The rate of three percent (3%) applies to the gross receipts derived by a utility from sales of electricity, piped natural gas, or local telecommunications service as defined by G.S. 105-120(e), 105-120(e), other than sales of electricity or piped natural gas subject to tax under another subdivision in this section. Gross receipts from sales of piped natural gas shall not include natural gas expansion surcharges imposed under G.S. 62-158. A person who operates a utility is considered a retailer under this Article."

The Secretary’s allocations based on applications filed pursuant to G.S. 105-163.011(c) are final and shall not be adjusted to account for credits applied for but not claimed.

(d) Unless the taxpayer is required to add the amount of allowable credit to federal taxable income under G.S. 105-130.5(a)(10), the taxpayer’s basis in the equity securities or subordinated debt acquired as a result of an investment in a North Carolina Enterprise Corporation, qualified business venture, venture or qualified grantee business shall be reduced for the purposes of this Article by the amount of allowable credit. ‘Allowable credit’ means the amount of credit allowed under G.S. 105-163.011 reduced as provided in subsection (c) of this section.

§ 105-163.013. (Repealed effective for investments made on or after January 1, 1999) Registration.

(b) Qualified Business Ventures. -- In order to qualify as a qualified business venture under this Division, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified business venture. A business meets the requirements for registration as a qualified business venture if all of the following are true as of the date the business files the required application:

(1) Its headquarters and principal business operations are in North Carolina or it has, as a condition to approval of the registration, agreed to establish its headquarters and principal business operations in North Carolina within three months after the date the first investment eligible for a credit under this Division is made.

(1b) Either (i) it was organized after January 1 of the calendar year in which its application is filed or (ii) during its most recent fiscal year before filing the application, it had gross revenues, as determined in accordance with generally accepted accounting

(3) It is organized to engage primarily in manufacturing, processing, warehousing, wholesaling, research and development, or a service-related industry.

To remain qualified as a qualified business venture, the business must renew its registration annually as prescribed by rule by filing a financial statement for the most recent fiscal year showing gross revenues, as determined in accordance with generally accepted accounting principles, of five million dollars ($5,000,000) or less on a consolidated basis and an application for renewal in which the business certifies the facts required in the original application and that it has not moved its headquarters or principal business operations out of North Carolina application.

The Secretary of State shall send the qualified business venture notice of revocation within 60 days after the renewal deadline. A qualified business venture may apply to have its registration reinstated by the Secretary of State by filing an application for reinstatement, accompanied by the reinstatement application fee and a late filing penalty of one thousand dollars ($1,000), within 30 days after receipt of the revocation notice from the Secretary of State. A business that seeks
approval of a new application for registration after its registration has been revoked must also pay a penalty of one thousand dollars ($1,000). A registration that has been reinstated is treated as if it had not been revoked.

If the gross revenues of a qualified business venture exceed five million dollars ($5,000,000) in a fiscal year, the business must notify the Secretary of State in writing of this fact by filing a financial statement showing the revenues of the business for that year.

(c) Qualified Grantee Businesses. -- In order to qualify as a qualified grantee business under this Division, a business must be registered with the Securities Division of the Department of the Secretary of State. To register, the business must file with the Secretary of State an application and any supporting documents the Secretary of State may require from time to time to determine that the business meets the requirements for registration as a qualified grantee business. A business meets the requirements for registration as a qualified grantee business if all of the following are true as of the date the business files the required application:

(3) It has received during the preceding three years a grant or other funding from the North Carolina Technological Development Authority, the North Carolina Technological Development Authority, Inc., North Carolina First Flight, Inc., the North Carolina Biotechnology Center, the Microelectronics Center of North Carolina, the Kenan Institute for Engineering, Technology and Science, or the Federal Small Business Innovation Research Program.

The effective date of registration for a qualified grantee business whose application is accepted for registration is the filing date of its application. No credit is allowed under this Division for an investment made before the effective date of the registration or after the registration is revoked.

To remain qualified as a qualified grantee business, the business must renew its registration annually as prescribed by rule by filing an application for renewal in which the business certifies the facts listed in this subsection.

(d) Application Forms; Rules; Fees. -- Applications for registration, renewal of registration, and reinstatement of registration under this section shall be in the form required by the Secretary of State. The Secretary of State may, by rule, require applicants to furnish supporting information in addition to the information required by subsections (b) and (c) of this section. The Secretary of State may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary’s responsibilities under this Division. The Secretary of State shall prepare blank forms for the applications and shall distribute them throughout the
State and furnish them on request. Each application shall be signed by the owners of the business or, in the case of a corporation, by its president, vice-president, treasurer, or secretary. There shall be annexed to the application the affirmation of the person making the application in the following form: ‘Under penalties prescribed by law, I certify and affirm that to the best of my knowledge and belief this application is true and complete.’ A person who submits a false application is guilty of a Class I misdemeanor.

The fee for filing an application for registration under this section is one hundred dollars ($100.00). The fee for filing an application for renewal of registration under this section is fifty dollars ($50.00). The fee for filing an application for reinstatement of registration under this section is fifty dollars ($50.00).

An application for renewal of registration under this section shall indicate whether the applicant is a minority business, as defined in G.S. 143-128, and shall include a report of the number of jobs the business created during the preceding year that are attributable to investments that qualify under this section for a tax credit and the average wages paid by each job. An application that does not contain this information is incomplete and the applicant’s registration may not be renewed until the information is provided.

(e) Revocation of Registration. -- If the Securities Division of the Department of the Secretary of State finds that any of the information contained in an application of a business registered under this section is false, it shall revoke the registration of the business. The Secretary of State shall not revoke the registration of a business solely because it ceases business operations for an indefinite period of time, as long as the business renews its registration each year as required under G.S. 105-163.013.

(f) Transfer of Registration. -- A registration as a qualified business venture or qualified grantee business may not be sold or otherwise transferred, except that if a qualified business venture or qualified grantee business enters into a merger, consolidation, or other similar transaction with another business and the surviving corporation would otherwise meet the criteria for being a qualified business venture or qualified grantee business, the surviving company retains the registration without further application to the Secretary of State. In such a case, the qualified business venture or qualified grantee business shall provide the Secretary of State with written notice of the merger, consolidation, or similar transaction and the name, address, and jurisdiction of incorporation of the surviving company.

(g) Report by Secretary of State. -- The Secretary of State shall report to the Legislative Research Commission by October 1 of each odd-numbered year and by February 1 of each even-numbered year all of the businesses that have registered with the Secretary of State as qualified business ventures and qualified grantee businesses. The report shall include the name and address of each business, the location of its headquarters and principal place of business, a detailed description of the types of business in which it engages, whether the business is a minority business as defined in G.S.
143-128, the number of jobs created by the business during the period covered by the report, and the average wages paid by these jobs.

§ 105-163.014. (Repealed effective for investments made on or after January 1, 1999) Forfeiture of credit.

(a) Participation in Business. -- A taxpayer who has received a credit under this Division for an investment in a qualified business venture or qualified grantee business forfeits the credit if, within three years after the investment was made, the taxpayer participates in the operation of the qualified business venture or qualified grantee business. For the purpose of this section, a taxpayer participates in the operation of a qualified business venture or a qualified grantee business if the taxpayer, the taxpayer's spouse, parent, sibling, or child, or an employee of any of these individuals or of a business controlled by any of these individuals, provides services of any nature to the qualified business venture or qualified grantee business for compensation, whether as an employee, a contractor, or otherwise. However, a person who provides services to a qualified business venture or a qualified grantee business, whether as an officer, a member of the board of directors, or otherwise does not participate in its operation if the person receives as compensation only reasonable reimbursement of expenses incurred in providing the services, participation in a stock option or stock bonus plan, or both.

(b) False Application. -- A taxpayer who has received a credit under this Division for an investment in a qualified business venture or a qualified grantee business forfeits the credit if the registration of the qualified business venture or qualified grantee business is revoked because information in the registration application was false at the time the application was filed with the Secretary of State.

(c) Location Out-of-State. -- A taxpayer who has received a credit under this Division for an investment in a qualified business venture or a qualified grantee business does not forfeit the credit if the business fails to renew its registration, except that a taxpayer forfeits the credit if the qualified business venture (i) moves its headquarters or its principal business operations outside this State within three years after the date of the taxpayer's investment or (ii) in the case of a business that promised to move its headquarters and principal business operations to this State as a condition to approval of its registration, fails to comply with this condition.

(d) Transfer or Redemption of Investment. -- A taxpayer who has received a credit under this Division for an investment in a North Carolina Enterprise Corporation, a qualified business venture, venture or a qualified grantee business forfeits the credit in the following cases:

(1) Within one year after the investment was made, the taxpayer transfers any of the securities received in the investment that qualified for the tax credit to another person or entity, other than in a transfer resulting from one of the following:

a. The death of the taxpayer.

b. A final distribution in liquidation to the owners of a taxpayer that is a corporation or other entity.

c. A merger, consolidation, or similar transaction requiring approval by the shareholders of the North Carolina Enterprise
Corporation, qualified business venture, venture or qualified grantee business under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, consolidation, or other similar transaction.

(2) Within five years after the investment was made, the North Carolina Enterprise Corporation, qualified business venture, venture or qualified grantee business in which the investment was made makes a redemption with respect to the securities received in the investment.

In the event the taxpayer transfers fewer than all the securities in a manner that would result in a forfeiture, the amount of the credit that is forfeited is the product obtained by multiplying the aggregate credit attributable to the investment by a fraction whose numerator equals the number of securities transferred and whose denominator equals the number of securities received on account of the investment to which the credit was attributable. In addition, if the redemption amount is less than the amount invested by the taxpayer in the securities to which the redemption is attributable, the amount of the credit that is forfeited is further reduced by multiplying it by a fraction whose numerator equals the redemption amount and whose denominator equals the aggregate amount invested by the taxpayer in the securities involved in the redemption. The term 'redemption amount' means all amounts paid that are treated as a distribution in part or full payment in exchange for securities under section 302(a) of the Code.

(e) Effect of Forfeiture. -- A taxpayer who forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer who fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236."

The General Assembly of North Carolina enacts:

PART I.-----TITLE

Section 1. This act shall be known as "The Studies Act of 1996".

When applicable, the bill or resolution that originally proposed the issue or study and the name of the sponsor is listed. Unless otherwise specified, the listed bill or resolution refers to the measure introduced in the 1995-1996 Regular Sessions of the 1995 General Assembly. The Commission may consider the original bill or resolution in determining the nature, scope, and aspects of the study.

(a) State's role in responding to federally-declared disasters (Hayes; J. Robinson).

(b) Employment Security Law Issues (Cochrane and Gulley). The Legislative Research Commission's Employment Security Law Committee, created pursuant to Section 5 of Chapter 1 of the 1995 Session Laws, 1996 Extra Session, may consider the following:

(4) Comparing the interest rate earned on the national and State unemployment insurance funds and determining the reasons for any differences, if they exist.

(5) The fairness of the present formula and rates establishing employment compensation, including that of basing a claimant's entitlement to benefits on a movable base period that would include information on wages earned from the latest available quarter rather than on wages earned during the first four of the last five quarters prior to filing under the current system.

(6) Comparing North Carolina's formula and rate of unemployment compensation to those of other states.

(c) Licensing Boards (Little). The study may consider the following: the need for the existence of all of the licensing boards, the necessity and feasibility of regular audits by the State Auditor, the responsiveness, efficiency, and accountability of licensing boards, and any other issues relevant to licensing boards and departmental agencies that issue occupational licenses.

(d) Increasing North Carolina's Minimum Wage (Rand and Gulley). The Legislative Research Commission may study issues relating to increasing the State's minimum wage. If this study is undertaken, the Commissioner of Labor shall be a nonvoting, ex officio member of the committee assigned this issue. The study may consider:

(2) Whether North Carolina should continue to have its minimum wage track with the federal minimum wage.

(e) Liability for county departments of social services' negligence, including the following issues: county immunity from suit; waiver of immunity through the purchase of liability insurance, including the effect of requiring the purchase of liability insurance; and State liability for county negligence when a county is deemed immune (Gammons v. N.C. Department of Human Resources) (Gardner; Martin of Guilford).

(f) The impact of the Supreme Court's decision in Craven County Board of Education v. Boyles on civil penalties, forfeitures, and fines collected by State agencies (Rand and Gulley).

(f1) The related and vital issues of education and placement in the training schools run by Division of Youth Services, Department of Human Resources, in order to determine how to ensure that education and
placement are adequate and appropriate for all training school students, including Willie M. students.

(g) Allowing property tax refunds for overpayments due to clerical, measurement, or computational errors in appraisal of property (S.B. 1019 - Dannelly).

(h) Block grant awards by the Small Cities Community Block Grant Program (S.B. 1287 - Winner; H.B. 1365 - Easterling).

The study may consider:

2. Permanent, dedicated funding for the Center for Community Self-Help's Home Ownership Expansion Program.
3. Funding of capacity building grants for nonprofit, tax-exempt housing providers.
4. Other significant initiatives and resources supporting and encouraging the availability of affordable housing in North Carolina.

(k) The role of North Carolina in global affairs, including the areas of international business, tourism, cultural affairs, and educational affairs, and including the need for long-term, strategic planning in these areas (S.B. 1471 - Plexico).

Sec. 2.4. Bills and Resolution References. The listing of the original bill or resolution in this Part is for reference purposes only and shall not be deemed to have incorporated by reference any of the substantive provisions contained in the original bill or resolution.

The President Pro Tempore of the Senate shall appoint two Senate members of the Legislative Services Commission to the subcommittee and the Speaker of the House shall appoint two House members of the Legislative Services Commission to the subcommittee. The subcommittee shall develop and issue a Request for Qualifications document to interested contractors for the purpose of presenting to the subcommittee, for recommendation to the Commission, a suggested approach, statement of qualifications, together with cost estimates, to prepare and benchmark specific upgrades and other "user-friendly" improvements (e.g., graphics, drop down lists, "windows-like" applications and "touch screen" technology) to the current General Fund Financial Model and Highway Fund Financial Model.

These upgrades will include special components which would work seamlessly with the existing models and further improve their value to legislative and executive branch policymakers. To the extent that unused and unencumbered capital improvement funds are available, the Legislative Services Commission may execute a competitive or sole source bid process and enter into a contract with a qualified consulting or research organization to assist with production and delivery of the upgrades and other components described herein. In the event of limitations of funds to contract for all upgrades or components, prior to the beginning of fiscal year 1997-98, the subcommittee shall recommend to the Commission which projects should be considered first for improvement or expansion. In addition to the upgrades cited above, the following model components shall be developed:

(a) Compensation. A compensation component which shall simulate and estimate the fiscal effect of proposed changes in salaries and benefits packages including, but not limited to, social security, leave, disability, retirement, health insurance, and death benefits for the following categories of employees paid by the State of North Carolina:

1. Certified public school employees; noncertified public school employees;
2. University faculty and nonfaculty employees;
3. Community college personnel (faculty and nonfaculty);
4. Judicial employees; and
5. All other executive branch employees.

(b) Federal Funds. Working with the Federal Funds Model (FFM), jointly operated by the National Governors’ Association and the National Conference of State Legislatures, the contractor shall develop, with the Office of State Budget and Management and the Fiscal Research Division, automated reports that will utilize formulas to estimate the effects of increases or decreases in federal funds on General or Highway Fund receipts over any successive 10-year period, including estimating where possible, the effect of these changes on local government “pass-through” funding. This component will be benchmarked with the FFM staff in Washington, using most recent congressional actions.
CHAPTER 17  Session Laws — 1995

(c) Medicaid and Other Federal Entitlements Funding. Within this Federal Funds Model described in subsection (b) of this section, the Office of Budget and Management and the Fiscal Research Division, working with the Division of Medical Assistance of the Department of Human Resources shall develop and enhance a Medicaid expenditures and receipts forecasting component for use with the General Fund Forecasting Model to determine the effect of congressional decisions on the State's share of Medicaid funding, and the resulting potential effect on local government share.

Sec. 7.2. Design, Access, Use, Maintenance, and Upgrade of Models. (a) The Legislative Services Commission, at the request of the Governor, shall allow access and use of the General Highway and Federal Funds Models to executive branch policy and decision makers. These models may be used to illustrate, indicate, or simulate an outcome or series of outcomes that reasonably may be expected to result from the application of selected revenue or expenditure assumptions, conditions, or changes to a current or proposed budget. These simulations shall not be deemed as formal predictions or statistically reliable forecasts. [Reports of simulations may be construed as indicators of potential future outcomes, if the specific assumptions used to produce the simulation occurred exactly as applied.]

Any and all assumptions affecting estimated revenues or expenditures in any State funds shall be set out clearly in any explanation of any fiscal conditions proposed or simulated using the models. These assumptions or conditions shall include, but are not limited to, increases or decreases in:

1. Tax and nontax revenue;
2. Debt service;
3. Expenditures;
4. Enrollments (public schools, universities, community colleges);

(b) Subject to the approval of the Legislative Services Commission, the Director of the Fiscal Research Division and the State Budget Officer or the Governor shall establish written procedures and standards for the design, access, use, maintenance and upgrade of the models and any of their components, except that members of the General Assembly, upon request, shall have direct, personal access to the models.

(1) 'Object or line item' means a budgeted expenditure or receipt in the budget enacted by the General Assembly that is designated by (i) a thirteen-digit code in the 1000-object code series or (ii) an eleven-digit code in all other object code series, in accordance with the Budget Code Structure and the State Accounting System.

(2) ‘Purpose or program’ means a group of objects or line items for support of a specific activity outlined in the budget adopted by the General Assembly that is designated by a nine-digit fund code in accordance with the Budget Code Structure and the State Accounting System Uniform Chart of Accounts set out in the Administrative Policies and Procedures Manual of the Office of the State Controller."

(2) For the 1996-97 fiscal year only, the Director of the Budget may deviate from the provisions of G.S. 143-23(al)(3) that limit total overexpenditures of a purpose or program under that subdivision for a fiscal year to the lesser of five hundred thousand dollars ($500,000) or ten percent (10%) of the amount appropriated from all sources for the purpose or program, unless such overexpenditures are necessary to provide matching funds for federal entitlement programs, if:

a. The Director of the Budget finds that compliance is impossible and that deviation is necessary because of complications in the budget process that were not contemplated when the budget for the 1996-97 fiscal year was enacted; and

b. The Director of the Budget consults with the Joint Legislative Commission on Governmental Operations prior to authorizing the overexpenditure.

(g) G.S. 143-25 reads as rewritten:

"143-25. Maintenance appropriations dependent upon adequacy of revenues to support them.

All maintenance appropriations now or hereafter made are hereby declared to be maximum, conditional and proportionate appropriations, the purpose being to make the appropriations payable in full in the amounts named herein if necessary and then only in the event the aggregate revenues collected and available during each fiscal year of the biennium for which such appropriations are made, are sufficient to pay all of the appropriations in full; otherwise, the said appropriations shall be deemed to be payable in such proportion as the total sum of all appropriations bears to the total amount of revenue available in each of said fiscal years. The Director of the Budget is hereby given full power and authority to examine and survey the progress of the collection of the revenue out of which such appropriations are to be made, and to declare and determine the amounts that can be, during each quarter of each of the fiscal years of the biennium properly allocated to each respective appropriation. In making such examination and survey, he shall receive estimates of the prospective collection of revenues from the Secretary of Revenue and every other revenue collecting agency of the State. The Director of the Budget may reduce all of said appropriations pro rata when necessary to prevent an overdraft or deficit to the fiscal period for which such appropriations are made. The Governor may also reduce all of said appropriations pursuant to Article III, Section 5(3) of the Constitution after consulting with the Joint Legislative Commission on Governmental Operations under G.S. 120-76(8) if prior consultation is

required by that section. The purpose and policy of this Article are to provide and insure that there shall be no overdraft or deficit in the general fund of the State at the end of the fiscal period, growing out of appropriations for maintenance and the Director of the Budget is directed and required to so administer this Article as to prevent any such overdraft or deficit. Prior to taking any action under this section to reduce appropriations pro rata, the Governor may consult with the Advisory Budget Commission."

(h)(1) Effective July 1, 1996, G.S. 143-27 reads as rewritten:
"143-27. Appropriations to educational, charitable and correctional institutions are in addition to receipts by them.

All appropriations now or hereafter made to the educational institutions, and to the charitable and correctional institutions, and to such other departments and agencies of the State as receive moneys available for expenditure by them are declared to be in addition to such receipts of said institutions, departments or agencies, and are to be available as and to the extent that such receipts are insufficient to meet the costs anticipated in the budget authorized by the General Assembly, of maintenance of such institutions, departments, and agencies; Provided, however, that if the receipts, other than gifts and grants that are unanticipated and are for a specific purpose only, collected in a fiscal year by an institution, department, or agency exceed the receipts certified for it in General Fund Codes or Highway Fund Codes, the Director of the Budget shall decrease the amount he allots to that institution, department, or agency from appropriations from that Fund by the amount of the excess, unless the Director of the Budget has consulted with the Joint Legislative Commission on Governmental Operations and unless the Director of the Budget finds that (i) the appropriations from that Fund are necessary to maintain the function that generated the receipts at the level anticipated in the certified Budget Codes for that Fund and (ii) the funds may be expended in accordance with G.S. 143-23. Notwithstanding the foregoing provisions of this section, receipts within The University of North Carolina realized in excess of budgeted levels shall be available, up to a maximum of ten percent (10%) above budgeted levels, for each Budget Code, in addition to appropriations, to support the operations generating such receipts, as approved by the Director of the Budget.

The Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office within 30 days after the end of each quarter on expenditures of receipts in excess of the amounts certified in General Fund Codes or Highway Fund Codes that did not result in a corresponding reduced allotment from appropriations from that Fund."

(2) Effective July 1, 1997, G.S. 143-27, as rewritten by subdivision (1) of this subsection, reads as rewritten:
"143-27. Appropriations to educational, charitable and correctional institutions are in addition to receipts by them.

All appropriations now or hereafter made to the educational institutions, and to the charitable and correctional institutions, and to such other departments and agencies of the State as receive moneys available for expenditure by them are declared to be in addition to such receipts of said
institutions, departments or agencies, and are to be available as and to the extent that such receipts are insufficient to meet the costs anticipated in the budget authorized by the General Assembly, of maintenance of such institutions, departments, and agencies; Provided, however, that if the receipts, other than gifts and grants that are unanticipated and are for a specific purpose only, collected in a fiscal year by an institution, department, or agency exceed the receipts certified for it in General Fund Codes or Codes, Highway Fund Codes, or budgeted Special Fund Codes, the Director of the Budget shall decrease the amount he allots to that institution, department, or agency from appropriations from that Fund by the amount of the excess, unless the Director of the Budget has consulted with the Joint Legislative Commission on Governmental Operations and unless the Director of the Budget finds that (i) the appropriations from that Fund are necessary to maintain the function that generated the receipts at the level anticipated in the certified Budget Codes for that Fund and (ii) the funds may be expended in accordance with G.S. 143-23. Notwithstanding the foregoing provisions of this section, receipts within The University of North Carolina realized in excess of budgeted levels shall be available, up to a maximum of ten percent (10%) above budgeted levels, for each Budget Code, in addition to appropriations, to support the operations generating such receipts, as approved by the Director of the Budget.

The Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office within 30 days after the end of each quarter on expenditures of receipts in excess of the amounts certified in General Fund Codes or Codes, Highway Fund Codes, Codes, or budgeted Special Fund Codes, that did not result in a corresponding reduced allotment from appropriations from that Fund."

(3) For the 1996-97 fiscal year, the the Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office within 30 days after the end of each quarter on expenditures of receipts in budgeted Special Fund Codes in excess of the amounts certified in those Special Fund Codes.

(i) G.S. 116-30.2 reads as rewritten:

"116-30.2. Appropriations to special responsibility constituent institutions.

All General Fund appropriations made by the General Assembly for continuing operations of a special responsibility constituent institution of The University of North Carolina shall be made in the form of a single sum to each budget code of the institution for each year of the fiscal period for which the appropriations are being made. Notwithstanding G.S. 143-23(a1), G.S. 143-23(a2), and G.S. 143-23(a3), G.S. 143-23(a3) and G.S. 120-76(8), each special responsibility constituent institution may expend the General Fund monies so appropriated to it in the manner deemed by the Chancellor to be calculated to maintain and advance the programs and services of the institutions, consistent with the directives and policies of the Board of Governors. The preparation, presentation, and review of General Fund budget requests of special responsibility constituent institutions shall be
conducted in the same manner as are requests of other constituent institutions. The quarterly allotment procedure established pursuant to G.S. 143-17 shall apply to the General Fund appropriations made for the current operations of each special responsibility constituent institution. All General Fund monies so appropriated to each special responsibility constituent institution shall be recorded, reported, and audited in the same manner as are General Fund appropriations to other constituent institutions."

(j) G.S. 143-16.3 reads as rewritten:
"143-16.3. No expenditures for purposes for which the General Assembly has considered but not enacted an appropriation.

Notwithstanding any other provision of law, no funds from any source, except for gifts, grants, and funds allocated from the Contingency and Emergency Fund by the Council of State, in accordance with G.S. 143-12(b), may be expended for any purpose, position, or other expenditure for which the General Assembly has considered but not enacted an appropriation of funds for the current fiscal period. For the purpose of this section, the General Assembly has considered a purpose, position, or other expenditure when that purpose is included in a bill, amendment, or petition or and when any committee of the Senate or the House of Representatives deliberates on that purpose."

(k) G.S. 116-30.1 reads as rewritten:
"§ 116-30.1. Special responsibility constituent institutions.
The Board of Governors of The University of North Carolina, acting on recommendation made by the President of The University of North Carolina after consultation by him with the State Auditor, may designate one or more constituent institutions of The University as special responsibility constituent institutions. That designation shall be based on an express finding by the Board of Governors that each institution to be so designated has the management staff and internal financial controls that will enable it to administer competently and responsibly all additional management authority and discretion to be delegated to it. The Board of Governors, on recommendation of the President, shall adopt rules prescribing management staffing standards and internal financial controls and safeguards, including the lack of any significant exceptions or audit findings in the annual financial audit by the State Auditor’s Office, that must be met by a constituent institution before it may be designated a special responsibility constituent institution and must be maintained in order for it to retain that designation. These rules shall not be designed to prohibit participation by a constituent institution because of its size. These rules shall establish procedures for the President and his staff to review the annual financial audit reports or any other special or performance audit reports issued by the State Auditors Office for each special responsibility constituent institution. The President shall take immediate action regarding reported weaknesses in the internal control structure, deficiencies in the accounting records, and noncompliance with rules and regulations. In any instance where such audit exceptions are identified, the President shall notify the Chancellor of the particular special responsibility constituent institution that such exceptions must be resolved to the satisfaction of the State Auditor and the President of The University within a three-month period commencing with the date of
receipt of the published financial audit report. If the exceptions are not satisfactorily resolved within a three-month period, the President of The University shall recommend to the Board of Governors at its next meeting that the designation of the particular institution as a special responsibility constituent institution be terminated until such time as the exceptions are resolved to the satisfaction of the State Auditor and the President of The University of North Carolina. However, once the designation as a special responsibility constituent institution has been withdrawn by the Board of Governors, reinstatement may not be effective until the beginning of the following fiscal year at the earliest. Any actions taken by the Board of Governors with respect to withdrawal or reinstatement of an institution's status as a special responsibility constituent institution shall be reported immediately to the Joint Legislative Education Oversight Committee.

The rules established under this section shall include review and consultation with the State Auditor, the Director of the Office of State Personnel, and the Director of the Division of State Purchasing and Contracts in ascertaining whether or not a constituent institution has the management staff and internal financial controls to administer the additional authorities authorized under G.S. 116-30.2, 116-30.4, and 143-53.1. Such review and consultation must take place no less frequently than once each biennium.”

HISTORIC PROPERTIES ACQUISITIONS/REPORTING

REQUIREMENT

Sec. 7.7. (a) G.S. 121-9 reads as rewritten:

"121-9. Historic properties."
(a) Administration of Properties Acquired by State. -- Historic or archaeological properties acquired by the State for administration by the State of North Carolina shall be under the control and administration of the Department of Cultural Resources. Upon approval of the North Carolina Historical Commission and the Secretary of Cultural Resources, the Department of Cultural Resources may, in its discretion, make a contract with any county or municipality within the State or with any nonprofit corporation or organization for the administration of any portion of such property.

(b) Acquisition of Historic Properties. -- For the purpose of protecting or preserving any property of historical, architectural, archaeological, or other cultural importance to the people of North Carolina, and subject to the provisions of Subchapter II of Chapter 146 of the General Statutes, the Department may, with the approval of the North Carolina Historical Commission, Commission and after consultation with the Joint Legislative Commission on Governmental Operations, acquire, preserve, restore, hold, maintain, operate, and dispose of such properties, together with such adjacent lands as may be necessary for their protection, preservation, maintenance, and operation. Such property may be real or personal in nature, and in the case of real property, the acquisition may include the fee or any lesser interest therein. Property may be acquired by gift, grant, bequest, devise, lease, purchase, or condemnation pursuant to the provisions of Chapter 40A of the General Statutes, or otherwise. Property may be acquired by the Department, using such funds as may be appropriated for the purpose or moneys available to it from any other source.

(b1) In the case of real property, the North Carolina Historical Commission shall report the following information to the Joint Legislative Commission on Governmental Operations before acquiring the property:

1. The statewide historical significance of the site.
2. The potential uses of the site.
3. The capital requirements of the site over a 20-year period of time.
4. The annual operating costs of the site.
5. The expected levels of visitation at the site.
6. Any other information that would assist in determining the full cost of maintaining, operating, and administering the site as State property.

(c) Interests Which May Be Acquired. -- In the case of real property, the interest acquired shall be limited to that estate, interest, or term deemed by the Department to be reasonably necessary for the continued protection or preservation of the property. The Department may acquire the fee simple title, but where it finds that a lesser interest, including any development right, negative or affirmative easement in gross or appurtenant, covenant, lease, or other contractual right of or to any real property to be the most practical and economical method of protecting and preserving historic property, the lesser interest may be acquired.

(d) Conveyance of Property for Preservation Purposes. -- In appropriate cases, the Department may acquire or dispose of the fee or lesser interest to any such property for the specific purpose of conveying or leasing the property back to its original owner or of conveying or leasing it to such
other person, firm, association, corporation, or other organization under such covenants, deed restrictions, lease, or other contractual arrangements as will limit the future use of the property in such a way as to insure its preservation. Where such action is taken, the property may be conveyed or leased by private sale. In all cases where property is conveyed, it shall be subjected by covenant or otherwise to such rights of access, public visitation, and other conditions or restrictions of operation, maintenance, restoration, and repair as the Department may prescribe, or to such conditions as may be agreed upon between the Department and the grantee or lessee to accomplish the purposes of this section.

(c) Use of Property so Acquired. -- Any historic property acquired, whether in fee or otherwise, may be used, maintained, improved, restored, or operated by the Department for any public purpose within its powers and not inconsistent with the purpose of the continued preservation of the property. The property shall not be subject to condemnation by the State of North Carolina or any of its agencies or political subdivisions at any time, unless such method of acquisition is first approved by the Governor and Council of State.

(f) Emergency Acquisition Where Funds Not Immediately Available. -- If funds or contributions for the acquisition of needed historic property are not available, the Governor and Council of State may, upon the recommendation of the Secretary of Cultural Resources and approval of the North Carolina Historical Commission, allocate from the Contingency and Emergency Fund an amount sufficient to acquire an option on the property or properties, which option shall continue until 90 days after the adjournment sine die of the next General Assembly. Upon recommendation of the Secretary and approval of the Historical Commission, the Governor and Council of State may allocate funds from the Contingency and Emergency Fund for the immediate acquisition, preservation, restoration, or operation of historically, archaeologically, architecturally, or culturally important properties. All funds hereinafter appropriated to purchase, restore, maintain, develop, or operate historic or archaeological or other important property shall be administered subject to the provisions of Article 1 of Chapter 143 of the General Statutes unless the statute making the appropriation shall in specific and express terms provide otherwise.

(g) Power to Acquire Property by Condemnation. -- In the event that a property which has been found by the Department of Cultural Resources to be important for public ownership or assistance is in danger of being sold, used, or neglected to such an extent that its historical or cultural importance will be destroyed or seriously impaired, or that the property is otherwise in danger of destruction or serious impairment, the Department of Cultural Resources, after receiving the approval of the North Carolina Historical Commission and of the Governor and Council of State, may acquire the historic property or any interest therein by condemnation under the provisions of Chapter 40A of the General Statutes. The Department of Cultural Resources, upon finding that destruction or serious impairment of the value of the property is imminent, shall file with the Governor and Council of State a report on the importance of the property and the desirability of ownership of the property, or the ownership of an interest
therein, by the State of North Carolina. Upon giving their approval, the Governor and Council of State shall cause to have filed such approval with the clerk of the superior court in the county or counties where the property is situated. Until the approval is filed, the power of condemnation may not be exercised. All condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina.

(h) Preservation and Custodial Care of State Capitol. -- The rotunda, corridors, and stairways of the first floor of the State Capitol and all portions of the second, third, and loft floors of the said building shall be placed in the custody of the Department of Cultural Resources; and the Department shall, subject to the availability of funds for the purpose, care for and administer these areas for the edification of present and future generations. The aforesaid areas shall be preserved as historic shrines and shall be maintained insofar as practicable as they shall appear following the restoration of the Capitol. The Department of Cultural Resources is authorized to deny the use of the legislative chambers for meetings in order that they, with their historic furnishings, may be better preserved for posterity; provided, however, that the General Assembly may hold therein such sessions as it may by resolution deem proper.

The Department of Cultural Resources is hereby entrusted with the responsibilities herein specified as being the agency with the experience best qualified to preserve and administer historic properties in a suitable manner. However, for the purposes of carrying out the provisions of this section, it is hereby directed that such cooperation and assistance shall be made available to the said Department of Cultural Resources and such labor supplied, as may be feasible, by the Department of Administration.

The offices and working areas of the first floor as well as all washrooms and the exterior of the Capitol shall remain under the jurisdiction of the Department of Administration: Provided, however, that the Department of Administration shall seek the advice of the Department of Cultural Resources in matters relating to any alteration, renovation, and furnishing of said offices and areas."

(b) G.S. 146-26 reads as rewritten:
"146-26. Donations and devises to State.
No devise or donation of land or any interest therein to the State or to any State agency shall be effective to vest title to the said land or any interest therein in the State or in any State agency until the devise or donation is accepted by the Governor and Council of State. If the land is devised or donated to the State or to any State agency as an historic property, then title shall not vest until the Historical Commission reports to the Joint Legislative Commission on Governmental Operations as provided in G.S. 121-9. Upon acceptance by the Governor and Council of State, title to the said land or interest therein shall immediately vest as of the time title would have vested but for the above requirement of reporting to the Joint Legislative Commission on Governmental Operations if an historic property and acceptance by the Governor and Council of State."

**CLARIFYING AND TECHNICAL CHANGES/ADMINISTRATIVE RULES**

Sec. 7.10. (a) G.S. 150B-19 reads as rewritten:

"150B-19. Restrictions on what can be adopted as a rule.

An agency may not adopt a rule that does one or more of the following:

1. Implements or interprets a law unless that law or another law specifically authorizes the agency to do so.

2. Enlarges the scope of a profession, occupation, or field of endeavor for which an occupational license is required.

3. Imposes criminal liability or a civil penalty for an act or omission, including the violation of a rule, unless a law specifically authorizes the agency to do so or a law declares that violation of the rule is a criminal offense or is grounds for a civil penalty.

4. Repeats the content of a law, a rule, or a federal regulation. A brief statement that informs the public of a requirement imposed by law does not violate this subdivision and satisfies the 'reasonably necessary' standard of review set in G.S. 150B-21.9(a)(3).

5. Establishes a reasonable fee or other reasonable charge for providing a service in fulfillment of a duty unless a law specifically authorizes the agency to do so or the fee or other charge is for one of the following:
   a. A service to a State, federal, or local governmental unit.
   b. A copy of part or all of a State publication or other document, the cost of mailing a document, or both.
   c. A transcript of a public hearing.
   d. A conference, workshop, or course.
   e. Data processing services.

6. Allows the agency to waive or modify a requirement set in a rule unless a rule establishes specific guidelines the agency must follow in determining whether to waive or modify the requirement."

(c) G.S. 150B-21.1(d) reads as rewritten:

1. The date specified in the rule.
(2) The effective date of the permanent rule adopted to replace the temporary rule, if the Commission approves the permanent rule.

(3) The date the Commission returns to an agency a permanent rule the agency adopted to replace the temporary rule, if the Commission objects to the permanent rule, rule.

(4) The effective date of an act of the General Assembly that specifically disapproves a permanent rule adopted to replace the temporary rule.

(5) 270 days from the date the temporary rule was published in the North Carolina Register, unless the permanent rule adopted to replace the temporary rule has been submitted to the Commission."

(d) G.S. 150B-21.1(e) reads as rewritten:

"(e) Publication. -- When the Codifier of Rules enters a temporary rule in the North Carolina Administrative Code, the Codifier must publish the rule in the North Carolina Register. Publication of a temporary rule in the North Carolina Register serves as a notice of rule-making proceedings for a permanent rule that does not differ substantially from if the permanent rule is substantially the same as the published temporary rule, rule, unless the agency published a notice of rule-making proceedings at least 60 days before it adopted the temporary rule."

(e) G.S. 150B-21.2(e) reads as rewritten:

"(e) Hearing. -- An agency must hold a public hearing on a rule it proposes to adopt if the agency publishes the text of the proposed rule in the North Carolina Register and all the following apply:

(1) The notice of rule-making proceedings text does not schedule a public hearing on the proposed rule.

(2) The agency receives a written request for a public hearing on the proposed rule within 15 days after the notice of rule-making proceedings text is published.

(3) The proposed text is not a changed version of proposed text the agency previously published in the course of rule-making proceedings but did not adopt.

An agency may hold a public hearing on a proposed rule in other circumstances. When an agency is required to hold a public hearing on a proposed rule or decides to hold a public hearing on a proposed rule when it is not required to do so, the agency must publish in the North Carolina Register a notice of the date, time, and place of the public hearing. The hearing date of a public hearing held after the agency publishes notice of the hearing in the North Carolina Register must be at least 15 days after the date the notice is published."

(f) G.S. 150B-21.3 is amended by adding a new subsection to read:

"(f) Technical Change. -- A permanent rule for which no notice or hearing is required under G.S. 150B-21.5(a) or (b) becomes effective on the first day of the month following the month the rule is approved by the Rules Review Commission."

Certified Public School Personnel Compensation Study
Sec. 18.20. (a) The Joint Legislative Commission on Governmental Operations shall contract with a qualified employee benefits consulting practice or research organization to conduct a comparative analysis of certified public school personnel compensation in North Carolina school systems. As part of the analysis, teachers base pay, the statewide salary schedule, incentives (i.e., local supplements, benefits, etc., if any), and benefits packages in other states, including southeastern states in the Southern Regional Education Board region, shall be compared with North Carolina’s certified public school personnel salary schedule and benefits packages.

The scope of this comparative analysis shall be to determine, in those states who are regional neighbors as defined by the Southern Legislative Conference and the Southern Regional Education Board and in other states included in the study, how North Carolina certified public school personnel salaries and benefits rank within states in the region and other states included in the study, and the recurring cost to offer and maintain them at current levels. Median as well as average salary levels shall be determined for each state.

In addition, this comparative analysis shall identify 5 to 10 other states in the country most like North Carolina in terms of public school demographics (both students and certified personnel), public school funding policy and governing structure, entry, certification, and career requirements for teaching personnel, and other factors or conditions that most affect teachers salary and benefits, and compare and rank those salaries and benefits packages of these states to North Carolina certified public school personnel compensation packages.

Applying survey research methods considered to be reliable and valid statistically, the contractor shall determine the relative "economic value" of these benefits to the employees.

Finally, the contractor shall produce a "regional compensation survey model" as a product of this study of certified public school personnel that could then be made available for other studies of State employees in the executive and judicial branches of North Carolina State government. As part of the contractors work, training in conducting these other studies would be provided to legislative staff.

(b) In order to determine which organizations may be most qualified to conduct such an analysis, the Commission may appoint a subcommittee that shall be responsible for issuing a Request for Qualifications (RFQ). All firms responding to the RFQ shall be evaluated in accordance with procedures established by the subcommittee. Up to five firms may be invited to submit separate technical and cost proposals in response to the standard Request for Proposals (RFP).

A contract shall be awarded no later than October 15, 1996. The study shall begin no later than November 1, 1996. A progress report shall be issued to the subcommittee for review and approval no later than December 31, 1996, and a final report no later than April 1, 1997.

The State Board of Education shall establish special, simplified procedures for the diagnosis and evaluation of the pregnant child, which procedures shall focus on the particular needs of the pregnant child and shall exclude those procedures which are not pertinent to the pregnant. The local educational agency shall use the diagnosis and evaluation to determine if the child has special needs, diagnose and evaluate those needs, propose special education programs to meet those needs, and provide or arrange to provide such programs. A multi-disciplinary diagnosis and evaluation is one which includes, without limitation, medical (if necessary), psychological (if necessary) and educational assessments and recommendations; such an evaluation may include any other assessments as the Board may, by rule or regulation, require.

All testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with special needs will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

evaluation, the child is determined to be a child with special needs, the local educational agency shall within 30 calendar days convene an individualized education program committee. The purpose of the meeting shall be to propose the special education and related services for the child. An interpretation of the multi-disciplinary diagnosis and evaluation will be made to the parent or guardian during the meeting. The proposal shall set forth the specific benefits expected from such a program, a method for monitoring the benefits, and a statement regarding conditions which will be considered indicative of the child's readiness for participation in regular classes.

After an initial referral is made, the provision of special education and related services shall be implemented within 90 calendar days to eligible students, unless the parents or guardian refuse to consent to evaluation or placement or the parent or local educational agency requests a due process hearing.

Within 12 months after placement in a special education program, and at least annually thereafter, those people responsible for developing the child's individualized education program, group educational program for the academically gifted, or educational program for the pregnant, shall review the child's progress and, on the basis of previously stated expected benefits, decide whether to continue or discontinue the placement or program. If the review indicates that the placement or program does not benefit the child, the appropriate reassignment or change in the prescribed program shall be recommended to the parents or guardian.

The local educational agency shall keep a complete written record of all diagnostic and evaluation procedures attempted, their results, the conclusions reached, and the proposals made.

(d) The local educational agency shall furnish the results, findings, and proposals, as described in the individualized education program or group educational program based on the diagnosis and evaluation to the parents or guardian in writing in the parents' or guardian's native language or by their dominant mode of communication, prior to the parent or guardian giving consent for initial placement in special education and related services. Prior notice will be given to the parents or guardian by the local educational agency before any change in placement.

A reevaluation must be completed at least every three years to determine the appropriateness of the child's continuing to receive special education and related services: Provided, that a reevaluation for an academically gifted child shall be completed within three years of initial evaluation for a child who has been identified as academically gifted prior to the second semester of the third grade. For a child who is identified as academically gifted during the second semester of the third grade or thereafter, no reevaluation is required. services.

"§ 115C-150.5. Academically or intellectually gifted students.

The General Assembly believes the public schools should challenge all students to aim for academic excellence and that academically or intellectually gifted students perform or show the potential to perform at substantially high levels of accomplishment when compared with others of their age, experience, or environment. Academically or intellectually gifted students exhibit high performance capability in intellectual areas, specific academic fields, or in both intellectual areas and specific academic fields. Academically or intellectually gifted students require differentiated
educational services beyond those ordinarily provided by the regular educational program. Outstanding abilities are present in students from all cultural groups, across all economic strata, and in all areas of human endeavor.

"§ 115C-150.6. State Board of Education responsibilities.

In order to implement this Article, the State Board of Education shall:

1. Develop and disseminate guidelines for developing local plans under G.S. 115C-150.7(a). These guidelines should address identification procedures, differentiated curriculum, integrated services, staff development, program evaluation methods, and any other information the State Board considers necessary or appropriate.

2. Provide ongoing technical assistance to the local school administrative units in the development, implementation, and evaluation of their local plans under G.S. 115C-150.7.

"§ 115C-150.7. Local plans.

(a) Each local board of education shall develop a local plan designed to identify and establish a procedure for providing appropriate educational services to each academically or intellectually gifted student. The board shall include parents, the school community, representatives of the community, and others in the development of this plan. The plan may be developed by or in conjunction with other committees.

(b) Each plan shall include the following components:

1. Screening, identification, and placement procedures that allow for the identification of specific educational needs and for the assignment of academically or intellectually gifted students to appropriate services.

2. A clear statement of the program to be offered that includes different types of services provided in a variety of settings to meet the diversity of identified academically or intellectually gifted students.

3. Measurable objectives for the various services that align with core curriculum and a method to evaluate the plan and the services offered. The evaluation shall focus on improved student performance.

4. Professional development clearly matched to the goals and objectives of the plan, the needs of the staff providing services to academically or intellectually gifted students, the services offered, and the curricular modifications.

5. A plan to involve the school community, parents, and representatives of the local community in the ongoing implementation of the local plan, monitoring of the local plan, and integration of educational services for academically or intellectually gifted students into the total school program. This should include a public information component.

6. The name and role description of the person responsible for implementation of the plan.

7. A procedure to resolve disagreements between parents or guardians and the local school administrative unit when a child is
not identified as an academically or intellectually gifted student or
concerning the appropriateness of services offered to the
academically or intellectually gifted student.

(8) Any other information the local board considers necessary or
appropriate to implement this Article or to improve the
educational performance of academically or intellectually gifted
students.

(c) Upon its approval of the plan developed under this section, the local
board shall submit the plan to the State Board of Education for its review
and comments. The local board shall consider the comments it receives
from the State Board before it implements the plan.

(d) A plan shall remain in effect for no more than three years; however,
the local board may amend the plan as often as it considers necessary or
appropriate. Any changes to a plan shall be submitted to the State Board of
Education for its review and comments. The local board shall consider the
State Board's comments before it implements the changes.

§ 115C-150.8. Review of Disagreements.

In the event that the procedure developed under G.S. 115C-150.7(b)(7)
fails to resolve a disagreement, the parent or guardian may file a petition for
a contested case hearing under Article 3 of Chapter 150B of the General
Statutes. The scope of review shall be limited to (i) whether the local school
administrative unit improperly failed to identify the child as an academically
or intellectually gifted student, or (ii) whether the local plan developed under
G.S. 115C-150.7 has been implemented appropriately with regard to the
child. Following the hearing, the administrative law judge shall make a
decision that contains findings of fact and conclusions of law.
Notwithstanding the provisions of Chapter 150B of the General Statutes, the
decision of the administrative law judge becomes final, is binding on the
parties, and is not subject to further review under Article 4 of Chapter 150B
of the General Statutes.”

The principal amounts of bonds or notes issued in any 12-month period shall not exceed four hundred fifty million dollars ($450,000,000). In determining whether this limit has been reached, the issuance of a note or bond to pay an outstanding note or bond is not considered an issuance."
(b) Section 6(d) of Chapter 631 of the 1995 Session Laws reads as rewritten:

"(d) Match. -- A county is not required to match bond proceeds allocated under subsection (b) of this section. A county is not required to match the Low-Wealth Allocation of bond proceeds under subsection (c) of this section. A county must match both the ADM Allocation and the Growth Allocation of bond proceeds under subsection (c) of this section. These two allocations must be matched at the rate of matching funds equal to three cents (3¢) times the county’s ability to pay rank for every one dollar ($1.00) of allocated bond proceeds. A county’s ability to pay rank is its rank in the ranking of counties from lowest to highest county wealth as a percentage of State average wealth made by the State Board of Education for the 1995-96 fiscal year pursuant to Section 17.1 of Chapter 507 of the 1995 Session Laws. The match requirement may be satisfied by non-State expenditures for public school facilities made on or after January 1, 1992. A non-State expenditure has been made for the purpose of the match if funds, including funds expended for debt service, have been budgeted, earmarked, or committed for the general purpose of public school facilities. If a debt has been authorized or incurred since January 1, 1992, for the general purpose of public school facilities, then the face amount of the debt shall be considered as a non-State expenditure for public school facilities for the purpose of the match. Non-state expenditures are defined as follows:

(1) With respect to debt incurred for public school facilities before January 1, 1992, non-State expenditures include amounts expended on or after January 1, 1992, for debt service for the debt.

(2) With respect to debt authorized or incurred for public school facilities on or after January 1, 1992, non-State expenditures include only the face amount of the debt.

(3) With respect to expenditures other than for debt service, non-State expenditures include funds budgeted, earmarked, or committed on or after January 1, 1992, for the purpose of public school facilities.

As counties satisfy the match requirements of this section, they shall document the extent to which they have done so in periodic reports to the State Board of Education. These reports shall include any information and documentation required by the State Board of Education. The State Board of Education shall certify to the State Treasurer from time to time the extent to which the match requirements of this section have been met with respect to each county; this certification shall be binding and conclusive. Bond proceeds shall be distributed for expenditure only as, and to the extent, the matching requirements of this section are satisfied, as certified by the State Board of Education. The State Board of Education shall also require counties to report annually on the impact of funds provided under this act on the property tax rate for that year. These reports shall be public documents and shall be furnished to any citizen upon request."

and Evaluate Programs. -- The State Board of Education shall adopt guidelines for assigning students to alternative learning programs. Notwithstanding any other provisions of this Article, the appropriations made from the Highway Fund for highway construction and maintenance are subject to the following provisions.

(1) Cash Flow Funding for Highway Construction and Maintenance. -- Highway maintenance and construction funds shall be budgeted, expended and accounted for on a 'cash flow' basis. In the event this cash position is not maintained, no further construction and maintenance contract commitments shall be entered into until the cash balance has been regained. For the purposes of awarding contracts involving federal-aid, any amount due from the federal government and the Highway Bond Fund as a result of unreimbursed expenditures may be considered as cash for the purposes of this provision.

(4) Anticipation of Revenues. -- In awarding State highway construction and maintenance contracts requiring payments beyond a biennium, the Director of the Budget may anticipate revenues as authorized and certified by the General Assembly, to continue contract payments for up to seventy-five percent (75%) of the revenues which are estimated for the first fiscal year of the succeeding biennium and which are not required for other budget items. Up to fifty percent (50%) of the revenues not required for other budget items may be anticipated for the second and subsequent fiscal years' year of the succeeding biennium's contract payments. Up to forty percent (40%) of the revenues not required for other budget items may be anticipated for the first year of the second succeeding biennium and up to twenty percent (20%) of the revenues not required for other budget items may be anticipated for the second year of the second succeeding biennium.

The allotments shall be multi-year allotments and shall be based on estimated revenues and shall be subject to the maximum contract authority contained in subdivision (2) above. Payment for highway maintenance and construction work performed pursuant to contract in any fiscal year other than the current fiscal year will be subject to appropriations by the General Assembly. Additional Private Prison Beds

Sec. 20.18. G.S. 148-37(g) reads as rewritten:
"(g) The Secretary of Correction may contract with private for-profit or nonprofit firms for the provision and operation of two or more confinement facilities totaling up to 1,000 2,000 beds in the State to house State prisoners when to do so would most economically and effectively promote the purposes served by the Department of Correction. This 1,000-bed 2,000-bed limitation shall not apply to the 500 beds in private substance abuse treatment centers authorized by the General Assembly prior to July 1, 1995. Whenever the Department of Correction determines that
new prison facilities are required in addition to existing and planned facilities, the Department may contract for any remaining beds authorized by this section before constructing State-operated facilities.

Contracts entered under the authority of this subsection shall be for a period not to exceed 10 years, shall be renewable from time to time for a period not to exceed 10 years, and are subject to the approval of the Council of State and the Department of Administration, after consultation with the Joint Legislative Commission on Governmental Operations. Confinement facilities provided under the authority of this subsection shall not be used for the purpose of consolidating existing State confinement facilities. The Secretary of Correction shall enter contracts under this subsection only if funds are appropriated for this purpose by the General Assembly. Contracts entered under the authority of this subsection may be subject to any requirements for the location of the confinement facilities set forth by the General Assembly in appropriating those funds.

Once the Department has made a determination to contract for additional private prison beds, it shall issue a request for proposals within 30 days of the decision. The request for proposals shall require bids to be submitted within two months, and the Department shall award contracts at the earliest practicable date after the submission of bids. The Secretary of Correction, in consultation with the Chairs of the Joint Legislative Corrections Oversight Committee and the Chairs of the House and Senate Appropriations Subcommittees on Justice and Public Safety, shall make recommendations to the State Purchasing Officer on the final award decision. The State Purchasing Officer shall make the final award decision, and the contract shall then be subject to the approval of the Council of State after consultation with the Joint Legislative Commission on Governmental Operations.

Contracts made under the authority of this subsection may provide the State with an option to purchase the confinement facility or may provide for the purchase of the confinement facility by the State. Contracts made under the authority of this subsection shall state that plans and specifications for private confinement facilities shall be furnished to and reviewed by the Office of State Construction. The Office of State Construction shall inspect and review each project during construction to ensure that the project is suitable for habitation and to determine whether the project would be suitable for future acquisition by the State. The Department of Correction may give preference to facilities intended for joint county and State use where such facilities are developed by public/private partnerships and financed by tax-exempt bond issues, and where such facilities offer general terms and conditions favorable to the State in the competitive bidding process pursuant to Article 8 of Chapter 143 of the General Statutes. All contracts for the housing of State prisoners in private confinement facilities shall require a minimum of ten million dollars ($10,000,000) of occurrence-based liability insurance and shall hold the State harmless and provide reimbursement for all liability arising out of actions caused by operations and employees of the private confinement facility.

Prisoners housed in private confinement facilities pursuant to this subsection shall remain subject to the rules adopted for the conduct of persons committed to the State prison system. The Secretary of Correction
may review and approve the design and construction of private confinement facilities before housing State prisoners in these facilities. The rules regarding good time, gain time, and earned credits, discipline, classification, extension of the limits of confinement, transfers, housing arrangements, and eligibility for parole shall apply to inmates housed in private confinement facilities pursuant to this subsection. The operators of private confinement facilities may adopt any other rules as may be necessary for the operation of those facilities with the written approval of the Secretary of Correction. Custodial officials employed by a private confinement facility are agents of the Secretary of Correction and may use those procedures for use of force authorized by the Secretary of Correction to defend themselves, to enforce the observance of discipline in compliance with confinement facility rules, to secure the person of a prisoner, and to prevent escape. Private firms under this subsection shall employ inmate disciplinary and grievance policies of the North Carolina Department of Correction."

Construction shall begin by December 31, 1996, at both of these sites.

ANNUAL REPORT ON RECIDIVISM

Sec. 22.3. The Judicial Department, through the North Carolina Sentencing and Policy Advisory Commission, and the Department of Correction shall jointly prepare an annual report on recidivism among criminal offenders. The findings of the report shall be based upon methodology similar to that employed in the May 1, 1996, Recidivism Study that was presented to the Chairs of the House and Senate Appropriations Committees and the Chairs of the House and Senate Appropriations Subcommittees on Justice and Public Safety. This methodology shall include tracking of all offenders assigned to community corrections programs or released from prison by fiscal year, beginning with the 1993-94 fiscal year for the first year's report, and then identifying those offenders rearrested within two years or more after assignment to a program or release from prison. Community correction programs to be included in the report are the Treatment Alternatives to Street Crime (TASC), the Community Penalties Program, Community Service, all supervised probation and parole programs, and all community correction programs supervised or funded by the Department of Correction.

As part of this joint project, the Department of Correction shall provide the Sentencing and Policy Advisory Commission with a computerized list of offenders released from prison and offenders entering supervised probation during the specified time period. The list shall include specific offender-identifying information and clearly identify offenders entering community corrections programs supervised or funded by the Department of Correction.
The Sentencing and Policy Advisory Commission shall be responsible for matching offenders to Division of Criminal Information (DCI) criminal records and for the production and printing of the final report.

Data collection and report preparation for the first year shall be funded from the sum of four thousand dollars ($4,000) appropriated to the Judicial Department for the 1996-97 fiscal year for that purpose, and grant funds available to the Department of Correction for the 1996-97 fiscal year, up to the sum of twenty-five thousand dollars ($25,000). The report shall be due by April 1 of each year.

Administrative initiatives funded by this section shall be first approved by the Office of State Budget and Management.

(p) The Department of Human Resources shall submit a monthly status report on expenditures for acute care and long-term care services to the Fiscal Research Division and to the Office of State Budget and Management. This report shall include an analysis of budgeted versus actual expenditures for eligibles by category and for long-term care beds. In addition, the Department shall revise the program's projected spending for the current fiscal year and the estimated spending for the subsequent fiscal year on a quarterly basis. Reports for the preceding month shall be forwarded to the Fiscal Research Division and to the Office of State Budget and Management no later than the third Thursday of the month.

The Division of Medical Assistance, Department of Human Resources, may administer Medicaid estate recovery mandated by the Omnibus Budget Reconciliation Act of 1993, (OBRA 1993), 42 U.S.C. § 1396p(b), and G.S. 108-70.5 using temporary rules pending approval of final rules promulgated pursuant to Chapter 150B of the General Statutes.

The Department of Human Resources may adopt temporary rules according to the procedures established in G.S. 150B-21.1 when it finds that such rules are necessary to maximize receipt of federal funds, to reduce Medicaid expenditures, and to reduce fraud and abuse.”

Notwithstanding the provisions of paragraph one, the Department of Human Resources may negotiate with providers of medical services under the various Department of Human Resources programs, other than Medicaid, for rates as close as possible to Medicaid rates for the following purposes: contracts or agreements for medical services and purchases of medical equipment and other medical supplies. CHILD DAY CARE SUBSIDIES

Sec. 24.26C.  (a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

(b) Parents who receive child care subsidy to work, look for work, attend work-related training or education activities, or meet the special developmental needs of their child, shall share in the cost of child care. No fees shall be charged to the client when child day care services are provided to the individuals in the following circumstances:

1. When children are receiving day care services in conjunction with protective services as described in 10 NCAC 35E.0106, up to a maximum of 12 months from the time protective services are initiated;

2. When day care services are provided as a support to a child receiving Child Welfare Services as described in the North Carolina Division of Social Services Family Services Manual, Volume I, Chapter II; or

3. When a child with no income is living with someone other than the child's biological or adoptive parent or is living with someone who does not have court-ordered financial responsibility.

(c) The amount of the fees charged to the client shall be in accordance with the fee determination process and established schedules adopted by the Social Services Commission and published by the Division of Child Development. Fees shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

<table>
<thead>
<tr>
<th>FAMILY SIZE</th>
<th>PERCENT OF GROSS FAMILY INCOME</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-3</td>
<td>9%</td>
</tr>
<tr>
<td>4-5</td>
<td>8%</td>
</tr>
<tr>
<td>6 or more</td>
<td>7%</td>
</tr>
</tbody>
</table>

Local departments of social services shall apply this new fee schedule to recipients at the next eligibility review on or after the effective date of this section.

(d) The monthly schedule of payments for the purchase of child day care services for low-income children from providers who have fifty percent (50%) or more children receiving child care subsidized with State or federal funds include:

1. Provision of payment rates for child care that are tied to the provider's regulatory status as follows:
   a. Registered homes and "A" licensed centers receive the market rate or the rate they charge their full fee-paying parents, whichever is lower;
   b. "AA" licensed centers receive one hundred ten percent (110%) of the market rate or the rate they charge their full fee-paying parents, whichever is lower; and
c. Unregistered providers receive fifty percent (50%) of the market rate or the rate they charge their full fee-paying parents, whichever is lower.

(2) Provision of payment rates for child care providers in counties who do not have at least 75 children in each age group for center-based and home-based care as follows:

a. Payment rates shall be set at the statewide market rate for registered homes and "A" licensed centers.

b. If it can be demonstrated that the application of the statewide market rate to a county with fewer than 75 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

e. Payment rates described in subdivision (1) of subsection (d) of this section shall be applied to all licensed child care centers, including Head Start, that have fifty percent (50%) or more of enrolled children receiving child care subsidies, and to registered family child care homes and unregulated providers that enroll subsidized children.

f. The Department may seek the necessary waivers to extend the Family Support Act Transitional Child Care to two-year coverage in order to maximize federal funds.

In determining whether to adjust its allocations to local partnerships, the North Carolina Partnership shall consider whether the local partnerships are meeting the outcome goals and objectives of the
North Carolina Partnership and the goals and objectives set forth by the local partnerships in their approved annual program plans.

The North Carolina Partnership may use additional factors to determine whether to adjust the local partnerships' allocations. These additional factors shall be developed with input from the local partnerships and shall be communicated to the local partnerships when the additional factors are selected. These additional factors may include board involvement, family and community outreach, collaboration among public and private service agencies, and family involvement.

On the basis of performance assessments, local partnerships annually shall be rated 'superior', 'satisfactory', or 'needs improvement'. Local partnerships rated 'superior' shall receive, to the extent that funds are available, a ten percent (10%) increase in their annual funding allocation. Local partnerships rated 'satisfactory' shall receive their annual funding allocation. Local partnerships rated 'needs improvement' shall receive ninety percent (90%) of their annual funding allocation.

Of the funds appropriated to it to implement this Part, the Department may make available funds to each county for one year to an appropriate private nonprofit entity or to the county to perform this assessment, every third year, beginning in the 1997-98 fiscal year. This needs assessment shall be conducted in cooperation with the North Carolina Partnership and with the local partnerships. The data and findings of this needs assessment shall form the basis for annual program plans developed by local partnerships and approved by the North Carolina Partnership.

(3) Provide technical and administrative assistance to local partnerships, particularly during the first year after they are selected under this Part to receive State funds. The Department, at any time, may authorize the North Carolina Partnership or a governmental or public entity to do the contracting for one or more local partnerships. After a local partnership’s first year, the Department may allow the partnership to contract for itself.

(4) Adopt, in cooperation with the North Carolina Partnership, any rules necessary to implement this Part, including rules to ensure that no State funds or local funds used to supplant these State funds shall be used for personnel sick leave and annual leave benefits not allowed to State employees. Part, including rules to ensure that State leave policy is not applied to the North Carolina Partnership and the local partnerships. In order to allow local partnerships to focus on the development of long-range plans in their initial year of funding, the Department may adopt rules that limit the categories of direct services for young children and their families for which funds are made available during the initial year.

(5) Report (i) quarterly to the Joint Legislative Commission on Governmental Operations and (ii) to the General Assembly and the Governor by April 1, 1994, and by March 1, 1995, on the ongoing results of all the local demonstration projects’ work, including all details of the use to which the allocations were put, and on the continuing plans of the North Carolina Partnership and of the Department, together with legislative proposals, including proposals to implement the program statewide.

(6) Annually update its funding formula using the most recent data available. These amounts shall serve as the basis for determining “full funding” amounts for each local partnership.”

(d) (1) G.S. 143B-168.14(a) reads as rewritten:

"(a) In order to receive State funds, the following conditions shall be met:

(1) Each local demonstration project shall be coordinated by a new local partnership responsible for developing a comprehensive, collaborative, long-range plan of services to children and families in the service-delivery area. The board of directors of each local
partnership shall consist of members including representatives of public and private nonprofit health and human service agencies, day care providers, the business community, foundations, county and municipal governments, local education units, and families. The Department, in cooperation with the North Carolina Partnership, may specify in its requests for applications the local agencies that shall be represented on a local board of directors. No existing local, private, nonprofit 501(c)(3) organization, other than one established on or after July 1, 1993, and that meets the guidelines for local partnerships as established under this Part, shall be eligible to apply to serve as the local partnership for the purpose of this Part.

(2) Each local partnership shall agree to adopt procedures for its operations that are comparable to those of Article 33C of Chapter 143 of the General Statutes, the Open Meetings Law, and Chapter 132 of the General Statutes, the Public Records Law, and provide for enforcement by the Department.

(3) Each local partnership shall adopt procedures to ensure that all personnel who provide services to young children and their families under this Part know and understand their responsibility to report suspected child abuse, neglect, or dependency, as defined in G.S. 7A-517.

(4) Each local partnership shall participate in the uniform, standard fiscal accountability plan developed and adopted by the North Carolina Partnership.

(2) Local partnerships shall be in compliance with this subsection effective July 1, 1997.

(e) G.S. 143B-168.15 reads as rewritten:

"§ 143B-168.15. Use of State funds.

(a) State funds allocated to local projects for services to children and families shall be used to meet assessed needs, expand coverage, and improve the quality of these services. The local plan shall address the assessed needs of all children to the extent feasible. It is the intent of the General Assembly that the needs of both young children below poverty who remain in the home, as well as the needs of young children below poverty who require services beyond those offered in child care settings, be addressed. Therefore, as local partnerships address the assessed needs of all children, they should devote an appropriate amount of their State allocations, considering these needs and other available resources, to meet the needs of children below poverty and their families.

(b) Depending on local, regional, or statewide needs, funds may be used to support activities and services that shall be made available and accessible to providers, children, and families on a voluntary basis. Of the funds allocated to local partnerships that are designated by the Secretary for direct services, seventy-five percent (75%) shall be used for any one or more of the following activities and services:

(1) Child day care services, including:

   a. Child day care subsidies to reduce waiting lists;
b. Raising the county child day care subsidy rate to the State market rate, if applicable, in return for improvements in the quality of child day care services;
c. Raising the income eligibility for child day care subsidies to seventy-five percent (75%) of the State median family income;
d. Start-up funding for child day care providers;
e. Assistance to enable child day care providers to conform to licensing and building code requirements;
f. Child day care resources and referral services;
g. Enhancement of the quality of child day care provided;
h. Technical assistance for child day care providers;
i. Quality grants for child day care centers or family child day care homes;
j. Expanded services or enhanced rates for children with special needs;
k. Head Start services;
l. Development of comprehensive child day care services that include child health and family support;
m. Activities to reduce staff turnover;
n. Activities to serve children with special needs;
o. Transportation services related to providing child day care services;
p. Evaluation of plan implementation of child day care services; and
q. Needs and resources assessments for child day care services.

(2) Family- and child-centered services, including early childhood education and child development services, including:
a. Enhancement of the quality of family- and child-centered services provided;
b. Technical assistance for family- and child-centered services;
c. Needs and resource assessments for family- and child-centered services;
d. Home-centered services; and
e. Evaluation of plan implementation of family- and child-centered services.

(3) Other appropriate activities and services for child day care providers and for family- and child-centered services, including:
a. Staff and organizational development, leadership and administrative development, technology assisted education, and long-range planning; and
b. Procedures to ensure that infants and young children receive needed health, immunization, and related services.

(c) Long-term plans for local projects that do not receive their full allocation in the first year, other than those selected in 1993, should consider how to meet the assessed needs of low-income children and families within their neighborhoods or communities. These plans also should reflect a process to meet these needs as additional allocations and other resources are received.
(d) State funds designated by the Secretary for start-up and related activities may be used for capital expenses or to support activities and services for children, families, and providers. State funds designated by the Secretary to support activities and direct services for children, families, and providers shall not be used for major capital expenses unless the Secretary North Carolina Partnership approves this use of State funds based upon a finding that a local partnership has demonstrated that (i) this use is a clear priority need for the local plan, (ii) it is necessary to enable the local partnership to provide services and activities to underserved children and families, and (iii) the local partnership will not otherwise be able to meet this priority need by using State or federal funds available to that county-local partnership. The funds approved for capital projects in any two consecutive fiscal years may not exceed ten percent (10%) of the total funds for direct services allocated to a local partnership in those two consecutive fiscal years.

(e) State funds allocated to local partnerships shall not supplant current expenditures by counties on behalf of young children and their families, and maintenance of current efforts on behalf of these children and families shall be sustained. State funds shall not be applied without the Secretary’s approval where State or federal funding sources, such as Head Start, are available or could be made available to that county.

(g) Not less than thirty percent (30%) of each local partnership’s direct services allocation shall be used to expand child day care subsidies. To the extent practicable, these funds shall be used to enhance the affordability, availability, and quality of child day care services as described in this section.”

(f) Section 27A of Chapter 324 of the 1995 Session Laws reads as rewritten:

"Sec. 27A. Notwithstanding any other provision of law, the Early Childhood Education and Development Initiatives, under Part 10B of Article 3 of Chapter 143B of the General Statutes, are subject to the following terms and conditions for the 1995-97 fiscal biennium:

(1) Accountability.

The intent of the General Assembly is to strengthen the accountability of the Department of Human Resources, the North Carolina Partnership for Children, Inc., and the local partnerships in the expenditure of public funds and achievement of Program goals for the Early Childhood Education and Development Initiatives Program, as authorized under Part 10B of Article 3 of Chapter 143B of the General
Statutes. The importance of education as a part of all initiatives in this Program shall be emphasized. In order to accomplish this level of accountability, the Joint Legislative Commission on Governmental Operations shall, consistent with current law, be the legislative oversight body for the Program. The President Pro Tempore of the Senate and the Speaker of the House of Representatives may appoint a subcommittee of the Joint Legislative Commission on Governmental Operations to carry out this function. This subcommittee may conduct all initial reviews of plans, reports, and budgets relating to the Program and shall make recommendations to the Joint Legislative Commission on Governmental Operations.

a. Existing Partnerships - Local partnerships receiving State funds shall submit a Certification Annual Report on April 1 of each year to the North Carolina Partnership for Children, Inc., the Joint Legislative Commission on Governmental Operations, or any committee designated by Joint Legislative Commission on Governmental Operations. Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. Quality incentive grants as prescribed in the Smart Start Performance Audit recommendations shall be administered at the partnership level. A definition of administrative costs shall be determined by the independent firm selected under sub-subdivision b. of this subdivision.

b. Program Audit - The Joint Legislative Commission on Governmental Operations shall select an independent firm recognized in performance auditing to conduct an independent performance audit of the first two years of operations of the 24 existing partnerships and of the administration of the Program by the Department of Human Resources. The audit's directives shall be determined by the Joint Legislative Commission on Governmental Operations and the independent firm. An interim program and performance audit report shall be submitted to the Joint Legislative Commission on Governmental Operations by January 1, 1996, and a final program and performance audit report shall be submitted to the Joint Legislative Commission on Governmental Operations by April 1, 1996. A definition of administrative costs shall be determined by the independent firm. Only in-kind contributions that are quantifiable, as determined by the independent firm, may be applied to the in-kind match requirement. The match requirement in subdivision (3) of this section shall be studied by the independent firm and recommendations for revision, if any, shall be reported to the Joint Legislative Commission on Governmental Operations.
c. The North Carolina Partnership for Children, Inc., shall continue to make quarterly reports to the Joint Legislative Commission on Governmental Operations as provided for in G.S. 143B-168.13(5).

d. New partnerships - In subsequent fiscal biennia, any new local partnership, before receiving State funds, shall be required to submit a detailed plan for expenditure of State funds for appropriate programs to the North Carolina Partnership for Children, Inc., and the Joint Legislative Commission on Governmental Operations for approval in April of the fiscal year in which the local partnership received planning funds. State funds to implement the programs shall not be allocated to the local partnership until the program plan is approved by the North Carolina Partnership for Children, Inc., after consultation with the Joint Legislative Commission on Governmental Operations. After receipt of initial program funds, local partnerships shall then be required to submit annual Certification Reports as provided for in sub-subdivision a. of this subdivision.

e. Contracting for Services - The North Carolina Partnership for Children, Inc., and all local Partnerships shall use competitive bidding practices in contracting for goods and services on all contract amounts of $1,500 and above, and where practicable, for amounts of less than $1,500.

f. Role of North Carolina Partnership for Children, Inc. - The role of the North Carolina Partnership for Children, Inc., shall be expanded to incorporate all the aspects of the new role prescribed for the Partnership in the Smart Start Performance Audit recommendations and to provide technical assistance to local partnerships, assess outcome goals for children and families, ensure that statewide goals and legislative guidelines are being met, help establish policies and outcome measures, obtain non-State resources for early childhood and family services, and document and verify the cumulative contributions received by the partnerships.

(2) Funding.

a. Existing partnerships - All 24 local partnerships that received State funds during the 1993-95 biennium shall receive their State funds proposed for the 1995-96 fiscal year. Existing partnerships shall file budgets and plans for review by the North Carolina Partnership for Children, Inc. Funds for the 1996-97 fiscal year shall be available after the Joint Legislative Commission on Governmental Operations has reviewed the independent evaluation discussed in sub-subdivision (1)b. of this subdivision, and the Partnership has approved these plans and budgets in consultation with the Joint Legislative Commission on Governmental Operations. These 24 partnerships shall be required to submit a Certification
Annual Report as provided in sub-subdivision a. of subdivision (1) of this section, subsection beginning in April 1997.

b. New partnerships - Funds for planning, up to a maximum of $3,500,000, may be made available to the 12 new partnerships in the 1995-96 fiscal year out of the continuation monies designated for the program. If the performance audit report is determined to be satisfactory to the Joint Legislative Commission on Governmental Operations, funding and other recommendations for expansion shall be made to the General Assembly by the Joint Legislative Commission on Governmental Operations for the 1996-97 fiscal year.

c. Department of Human Resources; State-level administrative funding in the 1995-96 fiscal year and the 1996-97 fiscal year.

(3) Matching requirement.

The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match no less than 50% of the total amount budgeted for the Early Childhood Education and Development Initiatives in each fiscal year of the biennium as follows: contributions of cash equal to at least ten percent (10%) and in-kind donated resources equal to no more than ten percent (10%) for a total match requirement of twenty percent (20%) for each fiscal year. Only in-kind contributions that are quantifiable, as determined by the independent auditing firm, shall be applied to the in-kind match requirement.

Failure to obtain a twenty percent (20%) match by May 1 of each fiscal year shall result in a proportionate reduction in the appropriation for the Early Childhood Education and Development Initiatives Program for the next fiscal year. The North Carolina Partnership for Children, Inc., shall be
responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations pursuant to G.S. 143B-168.13(5) in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly."

WETLANDS RESTORATION PROGRAM/FUNDS

Sec. 27.4. (a) Article 21 of Chapter 143 of the General Statutes is amended by adding the following new sections to read:

The Wetlands Restoration Program is established within the Department of Environment, Health, and Natural Resources. The Wetlands Restoration Program shall be developed by the Department as a nonregulatory statewide wetlands restoration program for the acquisition, maintenance, restoration, enhancement, and creation of wetland and riparian resources that contribute to the protection and improvement of water quality, flood prevention, fisheries, wildlife habitat, and recreational opportunities. The Wetlands Restoration Program shall consist of the following components:

(1) Restoration and perpetual maintenance of wetlands.
(2) Development of restoration plans.
(3) Landowner contact and land acquisition.
(4) Evaluation of site plans and engineering studies.
(5) Oversight of construction and monitoring of restoration sites.
(6) Land ownership and management.
(7) Mapping, site identification, and assessment of wetlands functions.
(8) Oversight of private wetland mitigation banks to facilitate the components of the Wetlands Restoration Program.

The purposes of the program are as follows:

(1) To restore wetlands functions and values across the State to replace critical functions lost through historic wetlands conversion and through current and future permitted impacts. It is not the policy of the State to destroy upland habitats unless it would further the purposes of the Wetlands Restoration Program.

(2) To provide a consistent and simplified approach to address mitigation requirements associated with permits or authorizations issued by the United States Army Corps of Engineers under 33 U.S.C. § 1344.

(3) To streamline the wetlands permitting process, minimize delays in permit decisions, and decrease the burden of permit applicants of planning and performing compensatory mitigation for wetlands losses.

(4) To increase the ecological effectiveness of compensatory mitigation.

(5) To achieve a net increase in wetland acres, functions, and values in each major river basin.

(6) To foster a comprehensive approach to environmental protection.

"§ 143-214.10. Wetlands Restoration Program: development and implementation of basinwide restoration plans.

Develop Basinwide Restoration Plans. — The Department shall develop basinwide plans for wetlands and riparian area restoration with the goal of protecting and enhancing water quality, flood prevention, fisheries, wildlife habitat, and recreational opportunities within each of the 17 major river
basins in the State. Beginning July 1, 1997, the Department shall develop and begin implementing a basinwide restoration plan for each of the 17 river basins in the State in accordance with the basinwide schedule currently established by the Division of Water Quality.

(a) Definition. -- For purposes of this section, the term ‘compensatory mitigation’ means the restoration, creation, enhancement, or preservation of wetlands or other areas required as a condition of a section 404 permit issued by the United States Army Corps of Engineers.

(b) Department of Environment, Health, and Natural Resources to Coordinate Compensatory Mitigation. -- All compensatory mitigation required by permits or authorizations issued by the United States Army Corps of Engineers under 33 U.S.C. § 1344 shall be coordinated by the Department consistent with the basinwide plans for wetlands restoration and rules developed by the Environmental Management Commission. All compensatory wetlands mitigation, whether performed by the Department or by permit applicants, shall be consistent with the basinwide restoration plans.

(c) Mitigation Emphasis on Replacing Ecological Function Within Same River Basin. -- The emphasis of mitigation is on replacing functions within the same river basin unless it is demonstrated that restoration of other areas would be more beneficial to the overall purposes of the Wetlands Restoration Program.

(d) Compensatory Mitigation Options Available to Applicant. -- An applicant may satisfy compensatory wetlands mitigation requirements by the following actions, if those actions are consistent with the basinwide restoration plans and also meet or exceed the requirements of the United State Army Corps of Engineers:

1. Payment of a fee established by the Department into the Wetlands Restoration Fund established in G.S. 143-214.12.

2. Donation of land to the Wetlands Restoration Program or to other public or private nonprofit conservation organizations as approved by the Department.

3. Participation in a private wetlands mitigation bank.

4. Preparing and implementing a wetlands restoration plan.

(e) Payment Schedule. -- A standardized schedule of per-acre payment amounts shall be established by the Environmental Management Commission. The monetary payment shall be based on the ecological functions and values of wetlands permitted to be lost and on the cost of restoring or creating wetlands capable of performing the same or similar functions, including directly related costs of wetlands restoration planning, long-term monitoring, and maintenance of restored areas.

(f) Mitigation Banks. -- State agencies and private mitigation banking companies shall demonstrate that adequate, dedicated financial surety exists to provide for the perpetual land management and hydrological maintenance of lands acquired by the State as mitigation banks, or proposed to the State as privately operated and permitted mitigation banks.

(a) **Wetlands Restoration Fund.** -- The Wetlands Restoration Fund is established as a nonreverting fund within the Department. The Fund shall be treated as a special trust fund and shall be credited with interest by the State Treasurer pursuant to G.S. 147-69.2 and G.S. 147-69.3. The Wetlands Restoration Fund shall provide a repository for monetary contributions and donations or dedications of interests in real property to promote projects for the restoration, enhancement, preservation, or creation of wetlands and riparian areas and for payments made in lieu of compensatory mitigation as described in subsection (b) of this section. No funds shall be expended from this Fund for any purpose other than those directly contributing to the acquisition, perpetual maintenance, enhancement, restoration, or creation of wetlands and riparian areas in accordance with the basinwide plan as described in subsection (a) of this section.

(b) **Authorized Methods of Payment.** -- A person subject to a permit or authorization issued by the United States Army Corps of Engineers under 33 U.S.C. § 1344, may contribute to the Wetlands Restoration Program, to comply with conditions to, or terms of, the permit or authorization, if participation in the Wetlands Restoration Program will meet the mitigation requirements of the United States Army Corps of Engineers. The Department shall, at the discretion of the applicant, accept payment into the Wetlands Restoration Fund in lieu of other compensatory mitigation requirements of any authorizations issued by the United States Army Corps of Engineers under 33 U.S.C. § 1344 if the contributions will meet the mitigation requirements of the United States Army Corps of Engineers. Payment may be made in the form of monetary contributions according to a fee schedule established by the Environmental Management Commission or in the form of donations of real property provided that the property is approved by the Department as a suitable site consistent with the basinwide wetlands restoration plan.

(c) **Accounting of Payments.** -- The Department shall provide an itemized statement that accounts for each payment into the Fund. The statement shall include the expenses and activities financed by the payment.

The Department of Environment, Health, and Natural Resources shall report each year by November 1 to the Environmental Review Commission regarding its progress in implementing the Wetlands Restoration Program and its use of the funds in the Wetlands Restoration Fund. The report shall document statewide wetlands losses and gains and compensatory mitigation performed under G.S. 143-214.8 through G.S. 143-214.12. The report shall also provide an accounting of receipts and disbursements of the Wetlands Restoration Fund, an analysis of the per-acre cost of wetlands restoration, and a cost comparison on a per-acre basis between the State's Wetland Restoration Program and private mitigation banks. The Department shall also send a copy of its report to the Fiscal Research Division of the General Assembly."

(b) G.S. 143B-282(a)(1) is amended by adding the following:

"u. To administer the State's authority under 33 USC § 1341 of the federal Clean Water Act."
(c) The Department of Environment, Health, and Natural Resources is directed to negotiate and enter into a Memorandum of Agreement with the United States Army Corps of Engineers regarding the restoration, creation, enhancement, and preservation of wetlands and the compensatory mitigation required of permit applicants under 33 U.S.C. § 1344. The purpose of the Memorandum of Agreement is to ensure that the State’s implementation of the Wetlands Restoration Program with regard to mitigation of wetlands satisfies the United States Army Corps of Engineers and that the standards developed by the State to which the State’s and other mitigation banks must adhere is acceptable to the Corps for purposes of section 404 mitigation requirements.

(d) Of the funds appropriated to the Department of Environment, Health, and Natural Resources, the sum of five hundred thousand dollars ($500,000) in recurring funds for the 1996-97 fiscal year shall be allocated to support eight staff positions and for administrative and other expenses to implement the Wetlands Restoration Program.

(e) The Environmental Review Commission shall study private mitigation banks. In its study the Environmental Review Commission shall compare private mitigation banks with the Wetlands Restoration Program and may also consider any additional issues relevant to those topics. The Environmental Review Commission shall report to the 1997 General Assembly regarding its findings and recommendations.

(b) G.S. 130A-334(13a) reads as rewritten:

"(13a) ‘Site plan’ means a drawing not necessarily drawn to scale that shows the existing and proposed property lines with dimensions, the location of the facility and appurtenances, the site for the proposed wastewater system, and the location of water supplies and surface waters.”

"(f) The rules of the Commission and the rules of the local board of health shall classify systems of wastewater collection, treatment and disposal according to size, type of treatment and any other appropriate factors. The rules shall provide construction requirements, including pretreatment and system control requirements, standards for operation, maintenance, monitoring, reporting, and ownership requirements for each classification of systems of wastewater collection, treatment and disposal in order to prevent, as far as reasonably possible, any contamination of the land, groundwater and surface waters. The Department and local health departments may impose conditions on the issuance of permits and may revoke the permits for failure of the system to satisfy the conditions, the rules or this Article. Permits other than improvement permits shall be valid for a period prescribed by rule. Improvement permits shall be valid upon a showing satisfactory to the Department or the local health department that the site and soil conditions are unaltered, that the facility, design wastewater flow, and wastewater characteristics are not increased, and that a wastewater system can be installed that meets the permitting requirements in effect on the date the improvement permit was issued. Improvement permits for which a plat is provided shall be valid without expiration. Improvement permits for which a site plan is provided shall be valid for five years. A statement The period of time for which the permit is valid and a statement that the permit is subject to revocation if the site plan or plat, whichever is applicable, or the intended use changes shall be displayed prominently on both the application form for the permit and the permit that states that the permit is subject to revocation if site plans or the intended use change. A permit.”

"(a) Any proposed site for a residence, place of business, or place of public assembly in an area not served by an approved wastewater system shall be evaluated by the local health department in accordance with rules adopted pursuant to this Article. An improvement permit shall be issued in compliance with the rules adopted pursuant to this Article. An improvement permit shall include:

(1) For permits that are valid without expiration, a plat or, for permits that are valid for five years, a site plan.
(2) A description of the facility the proposed site is to serve.
(3) The proposed wastewater system and its location.
(4) The conditions for any site modifications.
(5) Any other information required by the rules of the Commission. The improvement permit shall not be affected by change in ownership of the site for the wastewater system provided both the site for the wastewater system and the facility the system serves are unchanged and remain under the ownership or control of the person owning the facility. No person shall commence or assist in the construction, location, or relocation of a residence, place of business, or place of public assembly in an area not served by an approved wastewater system unless an improvement permit and an authorization for wastewater system construction are obtained from the local health department. This requirement shall not apply to a manufactured residence exhibited for sale or stored for later sale and intended to be located at another site after sale."

(e) G.S. 130A-336(b) reads as rewritten:

"(b) The local health department shall issue an authorization for wastewater system construction authorizing work to proceed and the installation or repair of a wastewater system when it has determined after a field investigation that the system can be installed and operated in compliance with this Article and rules adopted pursuant to this Article. This authorization for wastewater system construction shall be valid for a period of five years equal to the period of validity of the improvement permit, not to exceed five years, and may be issued at the same time the improvement permit is issued. No person shall commence or assist in the installation, construction, or repair of a wastewater system unless an improvement permit and an authorization for wastewater system construction have been obtained from the Department or the local health department. No improvement permit or authorization for wastewater system construction shall be required for maintenance of a wastewater system. "(d) If a local health department repeatedly fails to issue or deny improvement permits for conventional septic tank systems within 60 days of receiving completed applications for the permits, then the Department of Environment, Health, and Natural Resources may withhold public health funding from that local health department."

(g) This section becomes effective upon the ratification date of this act and applies to all applications for permits filed on or after that date.

"§ 143-215.10A. Legislative findings and intent.
The General Assembly finds that animal operations provide significant economic and other benefits to this State. The growth of animal operations in recent years has increased the importance of good animal waste management practices to protect water quality. It is critical that the State balance growth with prudent environmental safeguards. It is the intention of the State to promote a cooperative and coordinated approach to animal waste management among the agencies of the State with a primary emphasis on technical assistance to farmers. To this end, the General Assembly intends to establish a permitting program for animal waste management systems that will protect water quality and promote innovative systems and practices while minimizing the regulatory burden. Technical assistance, through operations reviews, will be provided by the Division of Soil and Water Conservation. Permitting, inspection, and enforcement will be vested in the Division of Environmental Management, Water Quality."

(b) G.S. 143-215.10B(4), as enacted by Chapter 626 of the 1995 Session Laws (1996 Reg. Sess.), reads as rewritten:

"(4) 'Division' means the Division of Environmental Management, Water Quality of the Department."

(c) G.S. 90A-47.3(b), as enacted by Chapter 626 of the 1995 Session Laws (1996 Reg. Sess.), reads as rewritten:

An applicant for initial certification shall complete 10 hours of classroom instruction prior to taking the examination. In order to remain certified, an animal waste management system operator in charge shall complete six hours of approved additional training during each three-year period following initial certification. A certified animal waste management system operator in charge who fails to complete approved additional training within 30 days of the end of the three-year period shall take and pass the examination for certification in order to renew the certificate."

The General Assembly
encourages the Natural Resources Conservation Service, United States Department of Agriculture, to provide two representatives from its agency to participate fully as members of the interagency group. The interagency group shall remain in existence until such time after December 31, 1997, that the Secretary of Environment, Health, and Natural Resources determines the interagency group is no longer needed to resolve issues related to certifying animal waste management plans."

(g) Longevity pay for principals and assistant principals shall be as provided for State employees.

(h) (1) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal’s entire career as a principal at the higher job classification.

(2) If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal’s entire career as a principal at the lower job classification.

This subdivision applies to all transfers on or after the ratification date of this act, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subdivision for one calendar year following the date of the merger.

(i) Except as provided in subsection (h) of this section, the salary of a principal or assistant principal shall not be less for the 1996-97 fiscal year than it was for the 1993-94 fiscal year solely as a result of placement on the salary schedule established in this section.

(j) The provisions of Section 7.19 of Chapter 507 of the 1995 Session Laws and the salaries, longevity, and salary supplements set by that section shall remain in effect through August 31, 1996, except that assistant principals and principals shall not receive credit for a year of service performed during the 1995-96 school year until September 1, 1996.

FACILITY BENEFITS IN FACILITIES NOT MEDICARE-QUALIFIED

Sec. 28.24. G.S. 135-40.6(3) reads as rewritten:
"(3) Skilled Nursing Facility Benefits. -- The Plan will pay benefits in
a skilled nursing facility which qualifies for delivery of benefits under Title
XVIII of the Social Security Act (Medicare), licensed under applicable State
laws as follows:

After discharge from a hospital for which inpatient hospital
benefits were provided by this Plan for a period of not less than
three days, and treatment consistent with the same illness or
condition for which the covered individual was hospitalized, the
daily charges will be paid for room and board in a semiprivate
room or any multibed unit up to the maximum benefit specified in
subsection (1) of this section, less the days of care already
provided for the same illness in a hospital. Plan allowances for
total daily charges may be negotiated but will not exceed the daily
semiprivate hospital room rate as determined by the Plan.
Credit will be allowed toward private room charges in an
amount equal to the facility’s most prevalent charge for semiprivate
accommodations. Charges will also be paid for general nursing
care and other services which would ordinarily be covered in a
general hospital. In order to be eligible for these benefits,
admission must occur within 14 days of discharge from the
hospital.

In order to qualify for benefits provided by a skilled nursing
facility, the following stipulations apply:

a. The services are medically required to be given on an
inpatient basis because of the covered individual’s need for
skilled nursing care on a continuing basis for any of the
conditions for which he or she was receiving inpatient
hospital services prior to transfer from a hospital to the skilled
nursing facility or for a condition requiring such services
which arose after such transfer and while he or she was still
in the facility for treatment of the condition or conditions for
which he or she was receiving inpatient hospital services,

b. Only on prior referral by and so long as, the patient remains
under the active care of an attending doctor who certifies that
continual hospital confinement would be required without the
care and treatment of the skilled nursing facility, and

c. Approved in advance by the Claims Processor.

For facilities not qualified for delivery of services covered by
the benefits of Title XVIII of the Social Security Act (Medicare),
neither the Plan nor any of its members shall be billed or held
liable by such facilities for charges that otherwise would be covered by Medicare."

EFFECTIVE DATE

Sec. 29.6. Except as otherwise provided, this act becomes effective July 1, 1996.

In the General Assembly read three times and ratified this the 3rd day of August, 1996.
AN ACT TO REFUND TO FEDERAL RETIREES THE UNCONSTITUTIONAL TAXES THEY PAID ON THEIR PENSIONS FOR TAX YEARS 1985 THROUGH 1988.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-151.20 reads as rewritten:

"§ 105-151.20. Credit or partial refund for tax paid on certain government federal retirement benefits.

(a) Purpose: Definitions. -- The purpose of this section is to benefit certain retired federal government workers on account of their public service. The following definitions apply in this section:

(1) Federal retirement benefits. -- Retirement benefits received from one or more federal government retirement plans.

(2) Net pension tax. -- The amount of tax a taxpayer paid under this Division for the 1985, 1986, 1987, and 1988 tax years on federal retirement benefits, without interest, less any part of the tax for which the taxpayer received a credit under this section before 1997 and any part of the tax refunded to the taxpayer before 1997.

(3) Tax year. -- The taxpayer’s taxable year beginning on a day in the applicable calendar year.

(b) Credit. -- A taxpayer who received government federal retirement benefits during the 1985, 1986, 1987, or 1988 tax year may claim a credit against the tax imposed by this Division equal to the net pension tax on those benefits. The amount by which the tax under this Division paid by the taxpayer for the 1988 tax year would have been reduced if none of the taxpayer’s government retirement benefits had been included in the taxpayer’s taxable income. If a taxpayer received a refund of any tax paid under this Division on government retirement benefits for the 1988 tax year, the amount of the refund reduces the amount of the credit allowed under this section.

As used in this section, the term "government retirement benefits" means retirement benefits received from one or more state, local, or federal government retirement plans. As used in this section, the term "1988 tax year" means the taxpayer’s taxable year beginning on a day in 1988.

The credit allowed under this section shall be taken in equal installments over the taxpayer’s first three taxable years beginning on or after January 1, 1990. The credit allowed under this section may not exceed the amount of tax imposed by this Division reduced by the sum of all credits allowed against the tax, except payments of tax made by or on behalf of the taxpayer.

(c) Partial Refund Alternative. -- If the amount of tax imposed by this Division on the taxpayer for the taxpayer’s 1996 tax year, reduced by the sum of all credits allowed against the tax except payments of tax made by or on behalf of the taxpayer, is less than five percent (5%) of the taxpayer’s net pension tax for which credit is allowed, the taxpayer is eligible to elect a partial refund under this subsection in lieu of claiming the credit. The partial refund allowed under this subsection is equal to the lesser of
eighty-five percent (85%) of the taxpayer's net pension tax or the reduced amount determined by the Secretary as provided in this subsection. To elect the partial refund, an eligible taxpayer must file with the Secretary on or before April 15, 1997, a written request for a partial refund of the taxpayer's net pension. The Secretary shall calculate from these requests eighty-five percent (85%) of the total amount of net pension tax for which partial refunds have been claimed and, if this sum exceeds the amount in the Federal Retiree Refund Account created in this section, shall allocate the amount in the Account among the eligible taxpayers claiming partial refunds by reducing each taxpayer's claimed refund in proportion to the size of the claimed refund. The Secretary shall remit these partial refunds before January 1, 1998.

(d) Substantiation; Deceased Taxpayers. -- In order to claim a refund or credit under this section, a taxpayer must provide any information required by the Secretary to establish the taxpayer's eligibility for tax benefit and the amount of the tax benefit. In the case of a taxpayer who is deceased, the representative of the taxpayer's estate may claim the refund or credit in the name of the deceased taxpayer.

(e) Federal Retiree Accounts. -- There are created in the Department of Revenue two special accounts to be known as the Federal Retiree Refund Account and the Federal Retiree Administration Account. Funds in the Federal Retiree Refund Account shall be spent only for partial refunds pursuant to subsection (c) of this section. The Department of Revenue may use funds in the Federal Retiree Administration Account only for the costs of administering this section. Funds in the Federal Retiree Refund Account and the Federal Retiree Administration Account shall not revert to the General Fund until the Director of the Budget certifies that the Department of Revenue has completed all duties necessary to implement this section, including processing the escheat of refund checks that have not been cashed."

Sec. 2. Effective January 1, 2003, G.S. 105-151.20 is repealed.

Sec. 3. (a) The State Controller shall reserve from the unreserved credit balance as determined on a cash basis remaining in the General Fund at the end of the 1995-96 fiscal year the sum of twenty-five million dollars ($25,000,000) to the credit of the Federal Retiree Refund Account created in this act. These funds shall be used to make refunds to federal retirees as provided in Section 1 of this act.

(b) The State Controller shall reserve from the unreserved credit balance as determined on a cash basis remaining in the General Fund at the end of the 1995-96 fiscal year the sum of one million two hundred thousand dollars ($1,200,000) to the credit of the Federal Retiree Administration Account created in this act. These funds shall be used to administer the credits and refunds to federal retirees as provided in Section 1 of this act.

(c) The earmarking contained in this section comes from the excess of General Fund revenues collected for the 1995-96 fiscal year over prior estimates used in the calculation of General Fund budget availability for the purpose of adopting changes to the 1996-97 General Fund budget. These funds were not included in earlier budget reform statements for proposals to adjust the 1996-97 General Fund budget.
Sec. 4. Section 1 of this act is effective for taxable years beginning on or after January 1, 1996. Section 2 of this act is effective January 1, 2003. Section 3 of this act is effective June 30, 1996. The remainder of this act is effective upon ratification.

In the General Assembly read three times and ratified this the 3rd day of August, 1996.

WHEREAS, I have proclaimed that a state of emergency and threatened disaster exists in certain areas of North Carolina due to Hurricane Bertha; and

WHEREAS, the United States Department of Transportation, in conjunction with the North Carolina Department of Transportation, has declared a regional emergency justifying an exemption from 49 C.F.R. 390-399 (Federal Motor Carrier Safety Regulations); and

WHEREAS, under the provisions of N.C.G.S. 166A-4(3) and 166A-6(c)(3), the Governor, with the concurrence of the Council of State, may regulate and control the flow of vehicular traffic and the operation of transportation services; and

WHEREAS, with the concurrence of the Council of State, I have found that if vehicles bearing food, equipment, and supplies to relieve our hurricane-stricken counties must adhere to the weight restrictions of N.C.G.S. 20-88, 20-96 and 20-118, citizens those counties likely will suffer losses and, therefore, there is an imminent threat of widespread damage within the meaning of N.C.G.S. 166A-4(3);

THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and laws of this State, and with the concurrence of the Council of State, IT IS ORDERED:

Section 1. The Division of Motor Vehicles shall waive restrictions and penalties therefor arising under N.C.G.S. 20-88, 20-96, and 20-118 for vehicles transporting food, equipment, and supplies, including necessary utility vehicles along our highways to North Carolina's hurricane-stricken counties.
Section 2. Notwithstanding the waivers set forth above, restrictions and penalties shall not be waived under the following conditions:
(A) When the vehicle weight exceeds the maximum gross vehicle weight criteria established by the manufacturer (GVWR) or 90,000 pounds gross vehicle weight, whichever is less.
(B) When tandem axle weights exceed 42,000 pounds and single axle weights exceed 22,000 pounds.
(C) When vehicle/vehicle combination exceeds 12 feet in width and a total overall combination vehicle length of 65 feet from bumper to bumper.

Section 3.
(A) Upon entering North Carolina, the vehicles will stop at the first available vehicle weight station and produce identification sufficient to establish that its load will be used for the Hurricane Bertha relief effort. All other safety restrictions apply. If returning vehicles are loaded with some other backhaul, all normal weight and permit restrictions apply.
(B) The $50.00 fee listed in N.C.G.S. 105-449.49 for a temporary trip permit is waived for the vehicles described above. The penalties described in N.C.G.S. 20-382 concerning insurance registration are waived also. Finally, no quarterly fuel tax is required because the exception in N.C.G.S. 105-449.45(a)(1) applies.
(C) The vehicles will be allowed only in primary and interstate routes designated by the North Carolina Department of Transportation.

Section 4. Vehicles described in Section 1 which are nonparticipants in North Carolina’s International Registration Plan will be permitted to pass through North Carolina in accordance with the spirit of the exemptions identified by this Executive Order.

Section 5. The North Carolina Department of Transportation shall enforce the conditions set forth in Sections 1, 2, and 3 in a manner in which would best accomplish the implementation of this rule without endangering motorists in North Carolina.
Section 6. This Order shall not be in effect on bridges posted pursuant to N.C.G.S. 136-72.

This Executive Order shall be effective immediately and shall remain in effect for 30 days.

Done in the Capital City of Raleigh, North Carolina this 12th day of July 1996.
