S.B. 2

SESSION LAW 2000-1ES

AN ACT TO ALLOW THE STAY OF ENFORCEMENT OF CIVIL JUDGMENTS FOR DAMAGES IN ADDITION TO OR IN EXCESS OF COMPENSATORY DAMAGES UPON THE POSTING OF A BOND IN AN AMOUNT UP TO A MAXIMUM OF TWENTY-FIVE MILLION DOLLARS FOR THE AMOUNT OF NONCOMPENSATORY DAMAGES PLUS AN ADDITIONAL AMOUNT EQUAL TO THE AMOUNT OF THE AWARD FOR COMPENSATORY DAMAGES.

The General Assembly of North Carolina enacts:

Section 1. Chapter 1C of the General Statutes is amended by adding a new Article to read:

"ARTICLE 17A.

Enforcement of Foreign Judgments for Noncompensatory Damages.

§ 1C-1750. Definitions.

As used in this Article:

1. 'Action' means (i) an action under Article 17 of this Chapter or (ii) any civil action in this State to enforce a foreign judgment in this State.

2. 'Foreign judgment' means any judgment, decree, or order of a court of the United States or any other state.

§ 1C-1760. Enforcement of foreign judgments for noncompensatory damages.

In any action in this State to enforce a foreign judgment directing the payment of money damages other than compensatory damages, or in excess of the compensatory damages, if the judgment debtor shows the court that an appeal from the foreign judgment is pending or that the time for taking an appeal has not expired, the court shall stay
enforcement of the foreign judgment until all available appeals are concluded or the time for taking all appeals has expired, upon requiring the same undertaking by the judgment debtor as would be required in the case of a judgment entered by a court of this State, subject to G.S. 1-289."

Section 2. G.S. 1-289 reads as rewritten:

"§ 1-289. Undertaking to stay execution on money judgment.

(a) If the appeal is from a judgment directing the payment of money, it does not stay the execution of the judgment unless a written undertaking is executed on the part of the appellant, by one or more sureties, to the effect that if the judgment appealed from, or any part thereof, is affirmed, or the appeal is dismissed, the appellant will pay the amount directed to be paid by the judgment, or the part of such amount as to which the judgment shall be affirmed, if affirmed only in part, and all damages which shall be awarded against the appellant upon the appeal. Whenever it is satisfactorily made to appear to the court that since the execution of the undertaking the sureties have become insolvent, the court may, by rule or order, require the appellant to execute, file and serve a new undertaking, as above. In case of neglect to execute such undertaking within twenty days after the service of a copy of the rule or order requiring it, the appeal may, on motion to the court, be dismissed with costs. Whenever it is necessary for a party to an action or proceeding to give a bond or an undertaking with surety or sureties, he may, in lieu thereof, deposit with the officer into court money to the amount of the bond or undertaking to be given. The court in which the action or proceeding is pending may direct what disposition shall be made of such money pending the action or proceeding. In a case where, by this section, the money is to be deposited with an officer, a judge of the court, upon the application of either party, may, at any time before the deposit is made, order the money deposited in court instead of with the officer; and a deposit made pursuant to such order is of the same effect as if made with the officer. The perfecting of an appeal by giving the undertaking mentioned in this section stays proceedings in the court below upon the judgment appealed from; except when the sale of perishable property is directed, the court below may order the property to be sold and the proceeds thereof to be deposited or invested, to abide the judgment of the appellate court.

(b) If the appellee in a civil action obtains a judgment that includes an award of noncompensatory damages of twenty-five million dollars ($25,000,000) or more, and the appellant seeks a stay of execution of the judgment within the period of time during which the appellant has the right to pursue appellate review, including discretionary review and certiorari, the amount of the undertaking for noncompensatory damages that the appellant is required to execute to stay execution of the judgment during the period of the appeal shall be twenty-five million dollars ($25,000,000). For the purposes of this subsection, the term 'noncompensatory damages' means that portion of money damages other than compensatory damages or in excess of
compensatory damages. Except as expressly provided in this subsection, this subsection shall not affect or limit the amount of the undertaking otherwise required by subsection (a) of this section.

Any additional moneys which may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. -- By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

This section does not limit the duration of any deposit in trust for the retirement of bonds or notes being refunded but that have not matured and are not presently redeemable, or if presently redeemable, have not been called for redemption.

(g) University Improvement Bonds Fund. -- The proceeds of university improvement general obligation bonds and notes, including premium thereon, if any, except the proceeds of bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be placed by the State Treasurer in a special fund to be designated 'University Improvement Bonds Fund'. Moneys in the University Improvement Bonds Fund shall be used for the purposes set forth in this Article.

Any additional moneys that may be received by means of a grant or grants from the United States of America or any agency or department thereof or from any other source to aid in financing the cost of any university improvements authorized by this Article may be placed by the State Treasurer in the University Improvement Bonds Fund or in a separate account or fund and shall be disbursed, to the extent
permitted by the terms of the grant or grants, without regard to any limitations imposed by this act.

(a) In fixing the details of bonds and notes, the State Treasurer may provide that the bonds and notes may:

1. Be made payable from time to time on demand or tender for purchase by the owner, if a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State.

2. Be additionally supported by a credit facility.

3. Be made subject to redemption or a mandatory tender for purchase prior to maturity.

4. Bear interest at rates that may vary from any periods of time, as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, any variations as may be permitted pursuant to a par formula.

5. Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium, or for any other reason, then the amount of authorized but unissued bonds or notes during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the
excess is otherwise provided for by agreement of the State executed by
the State Treasurer.

The State Treasurer may authorize, execute, obtain, or otherwise
provide for bond insurance, investment contracts, credit and liquidity
facilities, interest rate swap agreements and other derivative products,

designated by the Board as the security and source of
payment for bonds issued under this Article to finance a
special obligation bond project, including, without limitation, any
of the following:

a. Rents, charges, or fees to be derived by the Board of
Governors or the institution from any activities conducted
at the institution.

b. Earnings on the investment of the endowment fund of the
institution at which a special obligation project will be
located, to the extent that the use of the earnings will not
 violate any lawful condition placed by the donor upon the part of the endowment fund that generates the investment earnings.

c. Funds to be received under a contract or a grant agreement, including ‘overhead costs reimbursement’ under a grant agreement, entered into by the Board of Governors or the institution to the extent the use of the funds is not restricted by the terms of the contract or grant agreement or the use of the funds as provided in this Article does not violate the restriction.

Obligated resources do not include funds appropriated to the Board of Governors or the institution from the General Fund by the General Assembly from funds derived from general tax and other revenues of the State, and obligated resources do not include tuition payment by students.

(4) Special obligation bonds. -- Bonds issued under this Article to finance the cost of a special obligation project, which bonds are secured by and payable from obligated resources designated by the Board of Governors at the time the issuance of the bonds is authorized in accordance with this Article.

(5) Special obligation bond project. -- Any capital facilities located or to be located at an institution for the purpose of carrying out the mission of that institution and designated specifically by the Board of Governors as a ‘special obligation bond project’ for purposes of this Article. A special obligation bond project need not necessarily consist of buildings or facilities that are expected to generate ‘self-liquidating revenues’ to the Board of Governors or the institution from direct rentals, charges, or fees from the services provided by the building or facility, and may include facilities such as classroom buildings, administration buildings, research facilities, libraries, and equipment that do not produce direct, or indirect, income to the Board of Governors or the institution.

§ 116D-23. Credit and taxing power of State not pledged; statement on face of bonds.

Special obligation bonds issued under this Article shall not constitute a debt or liability of the State or any political subdivision of the State or a pledge of the faith and credit of the State or of any political subdivision of the State. Special obligation bonds shall be secured solely by the obligated resources pledged to their payment. All of the special obligation bonds shall contain on their face a statement to the effect that neither the State nor the Board of Governors is obligated to pay the bonds or the interest on the bonds except from the obligated resources pledged for payment and that neither the faith and credit nor the taxing power of the State or of any political subdivision or instrumentality of the State is pledged to the payment of the principal of or the interest on the bonds. The issuance
of special obligation bonds under this Article does not directly or indirectly or contingently obligate the State or any political subdivision of the State to levy or to pledge any taxes for the bonds.

The Board of Governors is authorized, subject to the requirements of this Article, to do all of the following:

1. Determine the location and character of any special obligation bond project, to acquire, construct, and provide the project, and to maintain, repair, and operate and enter into contracts for the management, lease, use, or operation of all or any portion of any special obligation bond project and any existing facilities.

2. Issue special obligation bonds to pay all or any part of the cost of a special obligation bond project, and to fund or refund any bonds previously issued by the Board of Governors to finance facilities designated as a special obligation bond project.

3. Fix and revise from time to time and charge and collect fees, rates, rents, charges, and other income for the use of and for the services furnished by the institution that are designated as obligated resources in connection with a special obligation bond issue.

4. Establish and enforce, and to agree through any resolution or trust agreement authorizing or securing bonds under this Article to make and enforce, rules for the use of and services rendered by the institution of the income or receipts to be obtained from the use or services designated as obligated resources in connection with a special obligation bond issue.

5. Acquire, hold, lease, and dispose of real and personal property in the exercise of its powers and the performance of its duties and to lease all or any part of a special obligation bond project and any existing facilities for any periods of years, not exceeding 40 years, upon any terms and conditions as the Board of Governors determines, subject to the provisions of G.S. 143-341.

6. Employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and any other employees and agents as may be necessary in its judgment in connection with a special obligation bond project and existing facilities, and to fix their compensation.

7. Enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Article.

8. Receive and accept from any federal, State, or other public agency and any private agency, person, or other entity donations, loans, grants, aid, or contributions of any money, property, labor, or other things of value for a special
obligation bond project or any other services provided by the institution that is designated as the obligated resource in connection with a special obligation bond issue, and to agree to apply and use them in accordance with the terms and conditions under which they are provided.

(9) Do all acts and things necessary or convenient to carry out the powers granted by this Article.

"§ 116D-25. Consultation with the Joint Legislative Commission on Governmental Operations.

Whenever this Article requires the approval of the Director of the Budget of an action, the Director of the Budget may consult with the Joint Legislative Commission on Governmental Operations before giving approval.

(a) Authority. -- The Board of Governors may issue, subject to the approval of the Director of the Budget, at one time or from time to time, special obligation bonds of the Board of Governors for the purpose of paying all or any part of the cost of acquiring, constructing, or providing a special obligation project. Before issuing special obligation bonds, the Board of Governors shall first adopt a resolution (i) setting forth the designation by the Board of Governors that the buildings or facilities to be financed by the bond issue are the special obligation bond project being financed and (ii) designating the obligated resources that will secure and be the source of payment of the special obligation bonds to be issued. The Board of Governors shall not issue any special obligation bonds unless the Board of Governors finds that sufficient obligated resources are reasonably expected to be available (i) to pay the principal and interest on the special obligation bonds proposed to be issued, (ii) to create and maintain any reserves for the payment of the special obligation bonds, to the extent the Board of Governors is required to maintain reserves for this purpose by the terms of the trust agreement or resolution authorizing the issuance of the special obligation bonds, and (iii) to provide for the maintenance and operation of the facilities that are to generate the obligated resources to the extent the Board of Governors is required to maintain those facilities by the terms of the trust agreement or resolution authorizing the issuance of the special obligation bonds. Notwithstanding any other provision of this Article, the proceeds of special obligation bonds to be secured by obligated resources derived from the operation of or activities at one institution may not be applied to finance a special obligation project to be located at another institution.

(b) Approval Required. -- The Board of Governors shall not issue any special obligation bonds for a project at an institution unless the board of trustees of that institution has approved the issuance of bonds for that project. The Board of Governors shall not issue special obligation bonds under this Article until the effective date of legislation enacted by the General Assembly authorizing the undertaking of the
special obligation bond project to be financed and fixing the maximum aggregate principal amount of special obligation bonds that shall be issued for that purpose. In submitting proposed special obligation bond projects to the General Assembly for approval, the Board of Governors shall submit information on the need for each project, project costs, estimates of increased operating costs upon completion, estimated debt service requirements, and the sources and amounts of obligated resources to be pledged for the repayment of the bonds. If the obligated resources to repay the bonds or to operate the proposed project potentially involve increased costs to students or to the General Fund, these costs shall be identified in the Board of Governors’ submission.

Except as provided in this Article, special obligation bond projects may be undertaken, special obligation bonds may be issued, and other powers vested in the Board of Governors under this Article may be exercised by the Board without obtaining the consent of any department, division, commission, board, bureau, or agency of the State and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions, or things which are specifically required by this Article.

(c) Term; Form. -- The special obligation bonds of each issue shall be dated, shall mature at any times not exceeding 25 years from their dates, shall bear interest at any rates as may be determined by the Board of Governors, and may be redeemable before maturity at the option of the Board, at any prices and under any terms and conditions as may be fixed by the Board prior to the issuance of the special obligation bonds. The Board of Governors shall determine the form and manner of execution of the special obligation bonds and shall fix the denominations of the special obligation bonds and the places of payment of principal and interest, which may be at any bank or trust company within or without the State. Notwithstanding any of the other provisions of this Article or any recitals in any special obligation bonds issued under the provisions of this Article, all special obligation bonds shall be negotiable instruments under the laws of this State, subject only to the provisions for registration in a resolution authorizing the issuance of the special obligation bonds or a trust agreement securing the bonds. The Board of Governors may sell the special obligation bonds in any manner, at public or private sale, and for any price, as it may determine to be for its best interests.

(d) Proceeds; Additional Bonds. -- The proceeds of the special obligation bonds of each issue shall be used solely for the purpose for which the bonds have been authorized and shall be disbursed in the manner and under such restrictions, if any, as the Board of Governors may provide in the resolution authorizing the issuance of the bonds or in the trust agreement securing them. Unless otherwise provided in the authorizing resolution or in the trust agreement securing the special obligation bonds, if the proceeds of the special obligation bonds, by error of estimates or otherwise, are less than the cost of the special obligation bond project, additional bonds may in like manner
be issued to provide the amount of the deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of special obligation bonds, and any trust agreement securing them, may also contain limitations upon the issuance of additional special obligation bonds as the Board of Governors considers proper, and the additional special obligation bonds must be issued under the restrictions and limitations prescribed by the resolution or trust agreement.

(c) Temporary Bonds; Notes. -- Before preparing definitive bonds, the Board of Governors may, under like restrictions, issue interim receipts or temporary bonds exchangeable for definitive bonds when the bonds have been executed and are available for delivery. The Board may also provide for the replacement of any bonds which become mutilated, destroyed, or lost.

The Board of Governors may enter into or negotiate a note with an acceptable bank or trust company in lieu of issuing special obligation bonds for the financing of special obligation bond projects covered under this Article. The terms and conditions of any note of this nature shall be in accordance with the terms and conditions surrounding issuance of the special obligation bonds.

(f) Bond Anticipation Notes. -- The Board of Governors may issue, subject to the approval of the Director of the Budget, at one time or from time to time, bond anticipation notes of the Board of Governors in anticipation of the issuance of special obligation bonds authorized by this Article. The principal of and the interest on these notes shall be payable solely from the proceeds of special obligation bonds or renewal notes or, in the event bond or renewal note proceeds are not available, from the obligated resources designated for their payment. The notes of each issue shall be dated, shall mature at any times not exceeding two years from their dates, shall bear interest at any rates as may be determined by the Board of Governors, and may be redeemable before maturity, at the option of the Board of Governors, at any prices and under any terms and conditions as may be fixed by the Board of Governors prior to the issuance of the notes. The Board shall determine the form and the manner of execution of the notes and shall fix the denominations of the notes and the places of payment of principal and interest, which may be at any bank or trust company within or without the State. Notwithstanding any of the other provisions of this Article or any recitals in any notes issued under the provisions of this Article, all notes shall be negotiable instruments under the laws of this State, subject only to the provisions for registration in a resolution authorizing the issuance of the notes or any trust agreement securing the bonds in anticipation of which the notes are being issued. The Board of Governors may sell the notes in any manner, at public or private sale, and for any price, as it may determine to be for its best interests.
The proceeds of the notes of each issue shall be used solely for the purpose for which the special obligation bonds in anticipation of which the notes are being issued have been authorized, and the note proceeds shall be disbursed in any manner and under any restrictions as the Board of Governors may provide in the resolution authorizing the issuance of the notes or bonds or in the trust agreement securing the special obligation bonds.

The resolution providing for the issuance of notes, and any trust agreement securing the special obligation bonds in anticipation of which the notes are being authorized, may also contain limitations upon the issuance of additional notes as the Board of Governors considers proper, and such additional notes shall be issued under the restrictions and limitations prescribed by the resolution or trust agreement. The Board may also provide for the replacement of any notes which shall become mutilated, destroyed, or lost.

Except as provided in this Article, notes may be issued under this Article and other powers vested in the Board of Governors under this Article may be exercised by the Board without obtaining the consent of any department, division, commission, board, bureau, or agency of the State and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things which are specifically required by this Article.

Unless the context indicates otherwise, the word 'bonds', wherever used in this Article, include the words 'bond anticipation notes'.

§ 116D-27. Trust agreement; money received deemed trust funds; insurance; remedies.

(a) Trust Agreement Securing Bonds. -- In the discretion of the Board of Governors and subject to the approval of the Director of the Budget, any special obligation bonds issued under this Article may be secured by a trust agreement by and between the Board of Governors and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The trust agreement or the resolution providing for the issuance of special obligation bonds may pledge or assign the obligated resources designated as security for the special obligation bonds, but shall not convey or mortgage any property of the institution. The trust agreement or resolution providing for the issuance of special obligation bonds may contain provisions for protecting and enforcing the rights and remedies of the holders of the special obligation bonds that are reasonable and proper and not in violation of law, including covenants setting forth the duties of the Board of Governors in relation to the acquisition, construction, or provision of any of the charging and collecting of any rates, fees, or charges that have been designated as obligated resources, the maintenance, repair, operation, and insurance of any property of the institution, and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of special obligation bonds or funds securing special obligation bonds to furnish any indemnifying
bonds or to pledge any securities as may be required by the Board of Governors. A trust agreement or resolution may set forth the rights and remedies of the holders of the special obligation bonds and the rights, remedies, and immunities of the trustee or trustees, if any, and may restrict the individual right of action by the holders. In addition to the foregoing, a trust agreement or resolution may contain other provisions the Board of Governors considers reasonable and proper for the security of the holders. All expenses incurred in carrying out the provisions of the trust agreement or resolution may be treated as a part of the cost of the special obligation bond projects for which the special obligation bonds are issued or as an expense of operation of the special obligation bond project.

(b) Trust Funds. -- All moneys received pursuant to the authority of this Article, whether as proceeds from the sale of bonds, or as obligated resources, are trust funds to be held and applied solely as provided in this Article. The Board of Governors may provide for the payment of all or part of the proceeds of the sale of the special obligation bonds and the obligated resources to any officer, board, or depositary that it may designate for their custody, and may provide for their method of disbursement, with any safeguards and restrictions it may determine. Any officer with whom, or any bank or trust company with which, moneys are deposited shall act as trustee of the moneys and shall hold and apply them for the purposes of this Article, subject to any requirements provided in this Article and in the resolution or trust agreement, authorizing or securing the special obligation bonds.

(c) Insurance. -- Notwithstanding the provisions of any other law, the Board of Governors may carry insurance on any special obligation bond projects and any existing facilities in any amounts and covering any risks it considers advisable.

(d) Remedies. -- Any holder of special obligation bonds issued under this Article and the trustees under a trust agreement, except to the extent the rights given in this section may be restricted by the trust agreement or the resolution authorizing the issuance of the special obligation bonds, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the State or granted under this Article or under the trust agreement or resolution, and may enforce and compel the performance of all duties required by this Article or by the trust agreement or resolution to be performed by the Board of Governors or by any of its officers, including the fixing, charging, and collecting of obligated resources.

"§ 116D-28. Fixing and collecting obligated resources.

(a) Board to Provide Sufficient Resources. -- For the purpose of aiding in the financing of a special obligation bond project and to provide security to the owners of the special obligation bonds issued to finance the special obligation bond project, the Board of Governors is authorized, to the extent the generation of the obligated resources is in the control of the Board, to fix, revise from time to time, charge, and
collect the rents, charges, fees, or other revenues constituting the obliged resources. Fees and other revenue sources constituting obliged resources may be imposed or increased only with the approval of the Board of Governors. As long as any special obligation bonds issued under this Article and payable from those obliged resources are outstanding, the obliged resources, to the extent within the control of the Board of Governors, shall be so fixed and adjusted, with relation to other funds available, as to provide funds pursuant to the requirements of the resolution or trust agreement authorizing or securing the special obligation bonds and at least sufficient to pay the principal of and the interest on the special obligation bonds as they become due and payable, to assure the continued collection of the obliged resources, and to create and maintain reserves for these purposes. A sufficient amount of the obliged resources, except any part that may be necessary to pay the cost of maintenance, repair, and operation, and to provide reserves for these purposes and for renewals, replacements, extensions, enlargements, and improvements as may be provided for in the resolution authorizing the issuance of the special obligation bonds or in the trust agreement securing the same, shall be set aside at regular intervals as may be provided in the resolution or trust agreement authorizing the issuance of the special obligation bonds in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on the special obligation bonds as they become due and the redemption price or the purchase price of special obligation bonds retired by call or purchase as provided in the resolution or trust agreement. This pledge shall be valid and binding from the time it is made, the obliged resources so pledged and thereafter received by the Board of Governors shall immediately be subject to the lien of the pledge without any physical delivery of the pledge or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Board of Governors, irrespective of whether the parties have notice of the pledge. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Board of Governors. The use and disposition of moneys to the credit of the sinking fund shall be subject to the provisions of the resolution authorizing the issuance of the special obligation bonds or of the trust agreement securing the bonds.

(b) State Pledge. -- The State pledges to, and agrees with, the holders of any special obligation bonds or notes issued by the Board of Governors pursuant to this Article that as long as any of the special obligation bonds or notes are outstanding and unpaid, the State will not limit or alter the rights vested in the Board of Governors at the time of issuance of the special obligation bonds or notes to set the terms and conditions of the special obligation bonds or notes and to fulfill the terms of any agreements made with the bondholders or noteholders. The State shall in no way impair the rights and remedies of the bondholders or noteholders until the special obligation bonds or
notes and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders or noteholders are fully paid, met, and discharged.

"§ 116D-29. Vesting powers in committee.

The Board of Governors may authorize its budget and finance committee to sell any special obligation bonds which the Board has, with the approval of the Director of the Budget, authorized to be issued under this Article in any manner and under any limitations or conditions as the Board prescribes and to perform other functions under this Article the Board determines.

The Board of Governors may, subject to the approval of the Director of the Budget, issue from time to time refunding bonds for the purpose of refunding any bonds by the Board under this Article or under any Article of Chapter 116 of the General Statutes, including the payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the bonds refunded. The Board of Governors is further authorized, subject to the approval of the Director of the Budget, to issue from time to time refunding bonds for the combined purpose of (i) refunding any bonds issued by the Board under this Article or under any Article of Chapter 116 of the General Statutes, including the payment of any redemption premium on them and any interest accrued or to accrue to the date of redemption of the bonds, and (ii) paying all or any part of the cost of acquiring or constructing any additional special obligation bond projects.

This Article, as applicable, governs the issuance of refunding bonds, their maturities and other details, the rights and remedies of their holders, and the rights, powers, privileges, duties, and obligations of the Board of Governors with respect to them.

This Article provides an additional and alternative method for the doing of the things authorized and is supplemental and additional to powers conferred by other laws, including G.S. 116-175 to G.S. 116-185, inclusive and G.S. 116-197 and G.S. 116-198, and is not in derogation of or repealing any powers now existing under any other law, whether general, special, or local. The issuance of special obligation bonds or refunding bonds under this Article, however, need not comply with the requirements of any other law applicable to the issuance of bonds.

If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this Article.

(c) Manner of Sale; Expenses. -- Subject to the approval by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain
newspapers and financial journals, mailing notices, inviting bids by

State Treasurer is authorized to sell bonds or notes at one time or

from time to time at any rates of interest, which may vary from time
to time, and at any prices, including a price less than the face amount

securing, the bonds or notes.

Any additional moneys which may be received by means of a grant

or grants from the United States or any agency or department thereof

 principal of any bonds then outstanding, if there are not
 sufficient funds in the State treasury with which to pay the
 interest or installment or principal as they respectively
 become due.

being refunded or, if not required for the immediate payment of the 
bonds or notes being refunded, the proceeds shall be deposited in trust 
to provide for the payment and retirement of the bonds or notes being 
refunded and to pay any expenses incurred in connection with the 
refunding. Money in a trust fund may be invested in (i) direct 
obligations of the United States government, (ii) obligations the 
principal of and interest on which are guaranteed by the United States 
government, (iii) obligations of any agency or instrumentality of the 
United States government if the timely payment of principal and 
interest on the obligations is unconditionally guaranteed by the United 
States government, or (iv) certificates of deposit issued by a bank or 
trust company located in the State if the certificates are secured by a 
pledge of any of the obligations described in (i), (ii), or (iii) above 
having an aggregate market value, exclusive of accrued interest, equal 
at least to the principal amount of the certificates so secured. This 
section does not limit the duration of any deposit in trust for the 
retirement of bonds or notes being refunded but that have not matured 
and are not presently redeemable, or if presently redeemable, have not 
been called for redemption.

(g) Community College Bonds Fund. -- The proceeds of 
community college general obligation bonds and notes, including 
premium thereon, if any, except the proceeds of bonds the issuance of 
which has been anticipated by bond anticipation notes or the proceeds 
of refunding bonds or notes, shall be placed by the State Treasurer in 
a special fund to be designated 'Community College Bonds Fund'. 
Moneys in the Community College Bonds Fund shall be used for the 
purposes set forth in this Article.

Any additional moneys that may be received by means of a grant or 
grants from the United States of America or any agency or department 
thereof or from any other source to aid in financing the cost of any 
community college capital facilities authorized by this Article may be 
placed by the State Treasurer in the Community College Bonds Fund 
or in a separate account or fund and shall be disbursed, to the extent 
permitted by the terms of the grant or grants, without regard to any 
limitations imposed by this act.

The proceeds of community college general obligation bonds and 
notes may be used with any other moneys made available by the 
General Assembly for the making of grants to community colleges for 
capital facilities, including the proceeds of any other State bond issues, 
whether previously made available or which may be made available 
after the effective date of this Article. The proceeds of community 
college bonds and notes shall be expended and disbursed under the 
direction and supervision of the Director of the Budget. The funds 
provided by this Article for grants to community colleges shall be 
disbursed for the purposes provided in this Article upon warrants
drawn on the State Treasurer by the State Controller, which warrants shall not be drawn until requisition has been approved by the Director of the Budget and which requisition shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes.

"§ 116D-47. Variable rate demand bonds and notes.
(a) In fixing the details of bonds and notes, the State Treasurer may provide that the bonds and notes may:

(1) Be made payable from time to time on demand or tender for purchase by the owner, if a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State.

(2) Be additionally supported by a credit facility.

(3) Be made subject to redemption or a mandatory tender for purchase prior to maturity.

(4) Bear interest at rates that may vary from any periods of time, as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, any variations as may be permitted pursuant to a par formula.

(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium, or for any other reason, then the amount of authorized but unissued bonds or notes during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer.

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of bonds or notes. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated with any bond issue under this Article as the State Treasurer considers necessary.

"§ 116D-49. Procurement of capital facilities.
Any laws, rules, or regulations of the State that relate to the acquisition and construction of capital facilities shall apply to the capital facilities financed pursuant to this Article."

**Section 2.** Proceeds of University Improvement General Obligation Bonds. -- (a) The proceeds of university improvement general obligation bonds and notes, including any premium thereon, except the proceeds of university improvement general obligation bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of refunding bonds or notes, shall be allocated and expended for paying the cost of university capital facilities, to the extent and as provided in Article 2 of Chapter 116D of the General Statutes, as enacted by this act and subject to change as provided in this act, as follows:

Section 2.(b) The Director of the Budget is empowered, when the Director of the Budget determines it is in the best interest of the State and the University to do so, and if the cost of a particular capital facility is less than the amount allocated for it, to use the excess funds to meet increased costs of other capital facilities itemized in this section and located at the same institution. The Director of the Budget shall report to the Joint Legislative Commission on Governmental Operations on changes made under this subsection. In addition, any capital facility and the amount of the allocation for it set forth above may be changed from time to time as the General Assembly may decide. The provisions of G.S. 116-11(9) with respect to appropriations to the Board of Governors of The University of North Carolina shall not apply to proceeds of university improvement general obligation bonds and notes issued pursuant to Article 2 of Chapter 116D of the General Statutes, as enacted by this act.

Section 2.(c) Allocations to the costs of a capital improvement or undertaking in each case may include allocations to pay the costs set forth in this act in connection with the issuance of university improvement general obligation bonds for that capital improvement or undertaking.

Section 2.(d) The validity of university improvement general obligation bonds and notes issued under Article 2 of Chapter 116D of the General Statutes, as enacted by this act, is not affected by any subsequent adjustment of allocations, or by any failure to comply with the reporting requirements provided in this act.

Section 2.(e) Bond proceeds allocated to the reserve for repairs and renovations and cost overruns may be used only for repairs and renovations for any of the institutions listed in this section and for additional costs needed for projects listed in this section due to cost overruns. The capital facilities for which bond proceeds in the reserve will be used shall be determined by the Board of Governors, subject to approval by the Director of the Budget. The Board of Governors shall include the details of all allocations made pursuant to this subsection in its periodic reports under G.S. 116D-3 to the Joint Legislative Commission on Governmental Operations.

Section 2.(f) It is the intent of the General Assembly that every effort will be made to preserve the architectural and historic fabric of the buildings being renovated pursuant to this section.

Section 3. Proceeds of Community College General Obligation Bonds. -- (a) The proceeds of community college general obligation bonds and notes, including any premium thereon, except the proceeds of community college general obligation bonds the issuance of which has been anticipated by bond anticipation notes or the proceeds of
refunding bonds or notes, shall be allocated and expended for paying the cost of community college capital facilities, to the extent and as provided in Article 4 of Chapter 116D of the General Statutes, as enacted by this act and subject to change as provided in this act, to be located at the following community colleges, campuses, and centers:

Section 3.(b) Except as provided in this subsection, a community college may use the bond proceeds allocated in subsection (a) of this section for new construction only in accordance with the capital allocation formula adopted by the State Board of Community Colleges in March 2000. Except as provided in this subsection, a community college may use the bond proceeds allocated in subsection (a) of this section for repair and renovation only in accordance with the repair and renovation formula adopted by the State Board of Community Colleges in May 1998, as supplemented by additional repair and renovation needs determined by the State Board of Community Colleges as of April 2000. The following provisions govern reallocations:

(1) New Construction. -- Except as provided in this paragraph, new construction funds allocated in this section to a specific
site may not be allocated to another site. If the local board of trustees of a community college determines that new construction funds allocated to a specific site are not needed at that site, the board may request that the State Board of Community Colleges reallocate those funds for new construction at another site of the community college. Except in the case of Mayland Community College, the funds may not be reallocated from a site outside the main campus county to a site within the main campus county. If the State Board of Community Colleges determines that the funds are not needed for new construction at the site for which they were originally allocated, it shall approve the reallocation to the other site and shall substitute the proposed facility at the other site in the Community Colleges System Office’s application to the State Treasurer pursuant to G.S. 116D-43.

Each community college shall submit to the State Board of Community Colleges a statement (i) proposing the capital facilities to be financed with the proceeds of community college general obligation bonds allocated to that community college, (ii) certifying that the proposed site is included in the allocations in this section or is a substitute facility at another site because the funds are not needed for new construction at the site for which they are allocated in this section, (iii) certifying that the community college is prepared to proceed with the construction, acquisition, or improvement of the proposed capital facilities, and (iv) demonstrating that the applicable matching requirements have been or will be met.

Upon receipt by the State Board of Community Colleges of the information set forth above, the Board shall add the proposed capital facilities to the next application of the Community Colleges System Office to the State Treasurer to issue bonds pursuant to G.S. 116D-43.

The board of trustees of an individual community college may use funds allocated for new construction either for new construction or for repair and renovations.

(2) Repair and Renovations. -- The board of trustees of a community college may use funds allocated for repair and renovations only for repair and renovations, and not for new construction. Funds allocated for repair and renovations shall be directed by the local board of trustees of a community college among the State Board approved sites of the community college on the basis of need, subject to approval by the State Board of Community Colleges.

(3) Reallocation by General Assembly. -- The projected allocations set forth above may be changed from time to time as the General Assembly may decide.
Section 3.(c) Community colleges are not required to match bond proceeds allocated in this section for repair and renovations. The match requirements of Chapter 115D of the General Statutes apply to bond proceeds allocated in this section for new construction except as provided in this subsection. The consultant hired by the State Board of Community Colleges to determine funding formulas for the community college system developed an index to measure each county's ability to pay. The consultant found that some counties are unable to meet their local match requirement under Chapter 115D of the General Statutes because of inability to pay. The consultant recommended applying the "ability to pay" index to generate an adjusted matching rate. Accordingly, community colleges are required to match bond proceeds allocated for new construction in this section only as follows: Community colleges assigned an adjusted matching rate of less than forty percent (40%) in the ability to pay portion of the formula adopted by the State Board of Community Colleges in March 2000 are not required to match, and community colleges assigned an adjusted matching rate of forty percent (40%) or more in the ability to pay portion of the formula are required to match only at the assigned rate.

Section 3.(d) If the State Board of Community Colleges determines that a community college has not met its matching requirements by July 1, 2006, with respect to a capital improvement project for which bond proceeds are allocated in this act, the Board shall certify that fact to the State Treasurer by October 1, 2006. All of these bond proceeds with respect to which the Board certifies that the matching requirement has not been met by July 1, 2006, shall be placed by the State Treasurer in a special account within the Community Colleges Bond Fund and shall be used for making grants to community colleges. Bond proceeds in the special account shall be allocated among the community colleges in accordance with the following conditions:

(1) The State Board of Community Colleges shall generate, by October 1, 2006, a priority ranking of legitimate community college capital improvement needs using a formula based on objective meaningful factors relevant to capital needs, including actual and projected enrollment, space requirements, current capacity, construction costs, and any other factors the State Board considers relevant.

(2) The State Board of Community Colleges shall provide the State Treasurer a projected allocation of the proceeds in the special account in accordance with this priority ranking, except that:

a. No projected allocation shall be made for a community college that the Board certified in accordance with this subsection had failed to meet a matching requirement.

b. No more than four million dollars ($4,000,000) shall be allocated to a single community college.
c. Funds shall not be allocated for more than one project per community college.

(3) The proceeds of grants made from bond proceeds in the special account shall be allocated and expended for paying the cost of community college capital improvements in accordance with this allocation by the State Board of Community Colleges, to the extent and as provided in this act. The Director of the Budget is empowered, when the Director of the Budget determines it is in the best interest of the State and the North Carolina Community College System to do so, and if the cost of a particular project is less than the projected allocation, to use the excess funds to increase the size of that project or increase the size of any other project itemized in this section, or to increase the amount allocated to a particular community college within the aggregate amount of funds available under this section. The Director of the Budget shall consult with the Advisory Budget Commission and the Joint Legislative Commission on Governmental Operations before making these changes.

Section 3.(e) For all purposes of this act, the North Carolina Center for Applied Textile Technology is designated to be a community college, with a matching rate of less than forty percent (40%). The General Assembly finds and determines that such designation is reasonable in that the Center is subject to policies and regulations of the State Board of Community Colleges, is governed by a board of trustees consisting of the President of the North Carolina System of Community Colleges and other members appointed by the Governor, and has a legislative directive to (i) assist individual citizens of North Carolina in becoming contributing members of a well-qualified workforce and (ii) assist in identification of problems confronting the textile industry and in solving these problems through education, training, and technology transfer in partnership with the North Carolina Community College System.

Section 3.(f) Notwithstanding G.S. 143-341(3)a.2., G.S. 143-341(3) applies only to funds provided by this act for construction or renovation of community college buildings requiring an estimated expenditure of more than two hundred fifty thousand dollars ($250,000).

Section 3.(g) The validity of community college general obligation bonds and notes issued under Article 4 of Chapter 116D of the General Statutes, as enacted by this act, is not affected by any subsequent adjustment of allocations or matching requirements provided in this act, or by any failure to comply with matching requirements or reporting requirements provided in this act.

Section 4. Higher Education Bond Oversight Committee. -- (a) Creation and Membership. The Higher Education Bond Oversight Committee is established. The Committee shall be located administratively in the General Assembly. The Committee shall consist of 10 members appointed as provided below. In making
appointments, each appointing officer shall select members who have appropriate experience and knowledge of the issues to be examined by the Committee and shall strive to ensure geographical diversity among the membership.

(1) Three members shall be appointed by the Speaker of the House of Representatives.

(2) Three members shall be appointed by the President Pro Tempore of the Senate.

(3) Two members shall be appointed by the Chair of the Board of Governors of The University of North Carolina.

(4) Two members shall be appointed by the Chair of the State Board of Community Colleges.

Section 4.(b) Terms. Terms on the Committee are for three years and begin on January 15, except the terms of the initial members, which begin on appointment. A member continues to serve until a successor is appointed. A vacancy shall be filled within 30 days by the officer who made the original appointment.

Section 4.(c) Duties. The Committee shall:

(1) Call for reports and presentations from the following parties and convene for the purpose of hearing from the following parties:
   a. The University Facilities Office of each institution of The University of North Carolina.
   c. The State Construction Office of the Department of Administration.
   d. The president of each community college, or the president's designee.
   e. The Administrative and Facilities Services Section of the North Carolina Community College System Office.
   f. The State Treasurer.

(2) Analyze and prepare recommendations, based on the information received under subdivision (1) of this subsection, concerning the following issues:
   a. Whether expenditures of the proceeds from the bonds issued under this act are in compliance with the provisions of this act.
   b. Whether the awarded contracts are consistent with the budget and scope of the approved projects.
   c. Whether changes in construction methods could enhance cost savings and promotion of on-time completion of projects.
   d. Whether the bond issuances are adequately timed to reflect cash-flow requirements of the projects.

Section 4.(d) Reports. The Committee shall report semiannually to the Board of Governors of The University of North Carolina, the State Board of Community Colleges, and the Joint Legislative Commission on Governmental Operations.
Section 4.(e) Organization. The President Pro Tempore of the Senate and the Speaker of the House of Representatives shall each designate a cochair of the Committee. The Committee shall meet at least once a quarter upon the joint call of the cochairs. A quorum of the Committee is six members. No action may be taken except by a majority vote at a meeting at which a quorum is present.

Section 4.(f) Funding. From funds available to the General Assembly, the Legislative Services Commission shall allocate monies to fund the work of the Higher Education Bond Oversight Committee. Members of the Committee receive subsistence and travel expenses as provided in G.S. 120-3.1 and G.S. 138-5.

Section 4.(g) Staff. The Legislative Services Commission, through the Legislative Services Officer, shall assign professional staff to assist the Committee in its work. Upon the direction of the Legislative Services Commission, the Supervisors of Clerks of the Senate and of the House of Representatives shall assign clerical staff to the Committee. The expenses for clerical employees shall be borne by the Committee.

Section 4.(h) Expiration. The Higher Education Bond Oversight Committee terminates upon completion of all projects funded by bond proceeds issued under this act.

Section 5. Interpretation of Act. (a) Additional Method. -- This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing The University of North Carolina to issue self-liquidating debt or other debt secured by designated sources of funds.

Section 5.(b) Statutory References. -- References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

Section 5.(c) Liberal Construction. -- This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

Section 5.(d) Severability. -- If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 6. Repair and Renovation Reports. -- The Board of Governors of The University of North Carolina shall report annually to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Education Oversight Committee on the condition of all of the University's capital facilities, including a status report on all repair, renovation, and maintenance projects being undertaken and
an assessment of needs for additional funding to repair, renovate, and maintain the facilities.

The Board of Governors of The University of North Carolina shall also study the repairs and renovations formula currently utilized with respect to funding for the Repairs and Renovations Reserve Account to determine whether it adequately takes into account all of the appropriate maintenance needs of each constituent and affiliated institution, and shall recommend to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Education Oversight Committee any changes necessary to improve the formula. The Board shall make recommendations on the scope and adequacy of the methodology used to calculate the funding for the repairs and renovations reserve as specified in G.S. 143-15.2.

Section 7.(a) Minority Business Participation. -- The goals set by G.S. 143-128 for participation in projects by minority businesses apply to projects funded by the proceeds of bonds or notes issued under this act. The following State agencies shall monitor compliance with this requirement and shall report to the General Assembly by January 1 of each year on the participation by minority businesses in these projects. The State Construction Office, Department of Administration, shall monitor compliance with regard to projects funded by the proceeds of university improvement general obligation bonds and notes; the Board of Governors of The University of North Carolina shall provide the State Construction Office any information required by the State Construction Office to monitor compliance. The Community Colleges System Office shall monitor compliance with regard to projects funded by the proceeds of community college general obligation bonds and notes.

Section 7.(b) The Department of State Treasurer shall provide contracting opportunities for historically underutilized businesses in providing professional services in connection with the issuance of bonds and notes authorized by this act. As used in this subsection, the term "historically underutilized business" means a business described in G.S. 143-48. The Department of State Treasurer shall strive to increase the amount of legal, financial, and other professional services acquired by it from historically underutilized businesses. With the assistance of the Office for Historically Underutilized Businesses in the Department of Administration, the Department of State Treasurer shall set objectives for contracting with these businesses, identify and eliminate barriers or constraints that may restrict these businesses from contracting with the Department, and develop a plan for meeting its objectives. The Department of State Treasurer shall report quarterly to the Office for Historically Underutilized Businesses on its progress in carrying out the requirements of this subsection.

Section 8. Equity in University Improvements. -- The Board of Governors of The University of North Carolina shall continue to study and monitor any inequities in funding for capital improvements and facilities needs which may still exist on North Carolina’s Public
Historically Black Colleges and Universities and the University of North Carolina at Pembroke, beyond the funding of the projects provided for in this act, and shall report annually to the Joint Legislative Commission on Governmental Operations on any remaining inequities found, including recommendations as to how those inequities should be addressed.

Section 9. Reserved.

Section 10. The question of the issuance of the bonds authorized by Articles 2 and 4 of Chapter 116D of the General Statutes, as enacted by this act, and authorized by Sections 2 and 3 of this act, shall be submitted to the qualified voters of the State at the statewide general election to be held in November 2000. Any other primary, election, or referendum validly called or scheduled by law at the time the election on the bond question provided for in this section is held may be held as called or scheduled. Notice of the election shall be given in the manner and at the times required by G.S. 163-33(8). The election and the registration of voters therefor shall be held under and in accordance with the general laws of the State. Absentee ballots shall be authorized in the election.

The State Board of Elections shall reimburse the counties of the State for all necessary expenses incurred in holding the election that are in addition to those that would have otherwise been incurred, the same to be paid out of the Contingency and Emergency Fund or other funds available to the State Board of Elections.

Ballots, voting systems authorized by Article 14 of Chapter 163 of the General Statutes, or both may be used in accordance with rules prescribed by the State Board of Elections. The bond question to be used in the ballots or voting systems shall be in substantially the following form:

"[ ] FOR [ ] AGAINST

the issuance of State of North Carolina Higher Education Improvement Bonds, constituting general obligation bonds of the State secured by a pledge of the faith and credit and taxing power of the State for the purpose of providing funds, with any other available funds, to pay all or part of the cost of (i) renovating laboratories, classrooms, academic buildings, and worker training facilities and providing other capital improvements at the 59 institutions of the North Carolina Community College System in order to fulfill the mission of educating students and providing worker training essential to the North Carolina economy, and to address expected large increases in student enrollment, and (ii) renovating and replacing classrooms, laboratories, and academic buildings and providing other capital improvements at the 16 campuses of the constituent institutions, the affiliated institutions, and the Center for Public Television (UNC-TV) of the University of North Carolina System in order to meet large expected student enrollment increases, serve North Carolina by providing the education critical to the State's economy, and continue to provide UNC-TV public television to the State's viewers; in the
amount of three billion one hundred million dollars ($3,100,000,000)."

If a majority of those voting on the bond question in the election vote in favor of the issuance of the bonds, the bonds may be issued as provided in this act. If a majority of those voting on the bond question in the election do not vote for the issuance of the bonds, the bonds shall not be issued.

The results of the election shall be canvassed and declared as provided by law for elections for State officers; the results of the election shall be certified by the State Board of Elections to the Secretary of State, in the manner and at the time provided by the general election laws of the State.

AN ACT TO AUTHORIZE THE NORTH CAROLINA MEDICAL BOARD TO ISSUE LIMITED VOLUNTEER LICENSES TO RETIRED PHYSICIANS WHO PROVIDE MEDICAL SERVICES TO INDIGENT PATIENTS WITHOUT COMPENSATION AND TO LIMIT THE LIABILITY OF SUCH RETIRED PHYSICIANS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 90-12 is amended by adding the following new subsection to read as follows:

"§ 90-12. Limited license; limited volunteer license.
 (a) The Board may, whenever in its opinion the conditions of the locality where the applicant resides are such as to render it advisable,
make any modifications of the requirements of G.S. 90-9, 90-10, and 90-11 as in its judgment the interests of the people living in that locality may demand, and may issue to the applicant a special license, to be entitled a "Limited License," authorizing the holder of the limited license to practice medicine and surgery within the limits only of the districts specifically described therein. A resident's training license shall expire at the time its holder ceases to be a resident in the training program or obtains any other license to practice medicine issued by the Board. The holder of the limited license practicing medicine or surgery beyond the boundaries of the districts as laid down in said license shall be guilty of a Class 3 misdemeanor, and upon conviction shall only be fined not less than twenty-five dollars ($25.00) nor more than fifty dollars ($50.00) for each and every offense; and the Board may revoke the limited license, in its discretion, after due notice.

(b) As used in subsection (a) of this section:

(1) "Limited license" includes a resident’s training license.

(2) "Resident training license" means a license to practice in a medical education and training program, approved by the Board, for the purpose of education or training.

(c) The Board shall issue to an applicant a special license to be entitled a "Limited Volunteer License," authorizing the holder of the limited license to practice medicine and surgery only at clinics which specialize in the treatment of indigent patients. The holder of a limited license issued pursuant to this subsection may not receive compensation for services rendered at clinics specializing in the care of indigent patients. The Board shall issue a limited license under this subsection to an applicant who:

(1) Has a license to practice medicine and surgery in another state;

(2) Produces a letter from the state of licensure indicating the applicant is in good standing; and

(3) Is authorized to treat personnel enlisted in the United States armed services or veterans.

The Board shall issue a limited license under this subsection within 30 days after an applicant provides the Board with information satisfying the requirements of this subsection.

The holder of a limited license issued pursuant to this subsection who practices medicine or surgery at places other than clinics which specialize in the treatment of indigent patients shall be guilty of a Class 3 misdemeanor and, upon conviction, shall only be fined not less than twenty-five dollars ($25.00) nor more than fifty dollars ($50.00) for each and every offense; and the Board may revoke the limited license, in its discretion, after due notice.

(d) The Board may issue a "Limited Volunteer License" as authorized in subsection (c) of this section to an applicant who is a retired physician and has allowed his or her license to practice medicine and surgery in this State or another state to become inactive. Physicians holding a "Limited Volunteer License" under this
subsection shall comply with the continuing medical education requirements adopted by the Board."

Section 2. G.S. 90-15 reads as rewritten:

"§ 90-15. License fee; salaries, fees, and expenses of Board.

Each applicant for a license by examination shall pay to the North Carolina Medical Board a fee which shall be prescribed by the Board in an amount not exceeding the sum of four hundred dollars ($400.00) plus the cost of test materials before being admitted to the examination. Whenever a license is granted without examination, as authorized in G.S. 90-13, the applicant shall pay to the Board a fee in an amount to be prescribed by the Board not in excess of two hundred fifty dollars ($250.00). Whenever a limited license is granted as provided in G.S. 90-12, the applicant shall pay to the Board a fee not to exceed one hundred fifty dollars ($150.00), except where a limited license to practice in a medical education and training program approved by the Board for the purpose of education or training is granted, the applicant shall pay a fee of twenty-five dollars ($25.00). ($25.00), and where a limited license to practice medicine and surgery only at clinics that specialize in the treatment of indigent patients is granted, the applicant shall not pay a fee. A fee of twenty-five dollars ($25.00) shall be paid for the issuance of a duplicate license. All fees shall be paid in advance to the North Carolina Medical Board, to be held in a fund for the use of the Board. The compensation and expenses of the members and officers of the Board and all expenses proper and necessary in the opinion of the Board to the discharge of its duties under and to enforce the laws regulating the practice of medicine or surgery shall be paid out of the fund, upon the warrant of the Board. The per diem compensation of Board members shall not exceed two hundred dollars ($200.00) per day per member for time spent in the performance and discharge of duties as a member. Any unexpended sum or sums of money remaining in the treasury of the Board at the expiration of the terms of office of the members of the Board shall be paid over to their successors in office.

For the initial and annual registration of an assistant to a physician, the Board may require the payment of a fee not to exceed a reasonable amount."

Section 3. G.S. 90-15.1 reads as rewritten:

"§ 90-15.1. Registration every year with Board.

Every person licensed to practice medicine by the North Carolina Medical Board shall register annually with the Board within 30 days of the person’s birthday. A person who registers with the Board shall report to the Board the person’s name and office and residence address and any other information required by the Board, and shall pay a registration fee fixed by the Board not in excess of one hundred dollars ($100.00). A physician who is not actively engaged in the practice of medicine in North Carolina and who does not wish to register the license may direct the Board to place the license on inactive status. For purposes of annual registration, the Board shall use a simplified registration form which allows registrants to confirm
information on file with the Board. A physician who fails to register as required by this section shall pay an additional fee of twenty dollars ($20.00) to the Board. The license of any physician who fails to register and who remains unregistered for a period of 30 days after certified notice of the failure is automatically inactive. A Except as provided in G.S. 90-12(d), a person whose license is inactive shall not practice medicine in North Carolina nor be required to pay the annual registration fee. Upon payment of all accumulated fees and penalties, the license of the physician may be reinstated, subject to the Board requiring the physician to appear before the Board for an interview and to comply with other licensing requirements. The penalty may not exceed the maximum fee for a license under G.S. 90-13."

Section 4. G.S. 90-21.14(a1) reads as rewritten:

"(a1) (1) Any volunteer medical or health care provider at a facility of a local health department or at a nonprofit community health center.

(2) Any volunteer medical or health care provider rendering services to a patient referred by a local health department as defined in G.S. 130A-2(5) or nonprofit community health center at the provider’s place of employment; or

(3) Any volunteer medical or health care provider serving as medical director of an emergency medical services (EMS) agency.

S.B. 1328  SESSION LAW 2000-23

AN ACT TO ENCOURAGE, SUPPORT, AND ACCELERATE THE PERMANENT PROTECTION OF FARMLAND, FORESTLAND, PARKLAND, GAMELAND, WETLANDS, OPEN SPACE, AND CONSERVATION LANDS IN NORTH CAROLINA, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

Whereas, the citizens of North Carolina have committed themselves to conserve and protect their lands and waters in numerous ways. This commitment is stated in Article XIV, Section 5 of the North Carolina Constitution and finds expression in the many State, local, and private programs that provide for the acquisition and protection of lands to protect the water quality, wetlands, drinking water sources, natural beauty, and ecological diversity of North Carolina as well as provide opportunities for public recreation; and

Whereas, despite these many disparate programs, the General Assembly finds that the quality of life that North Carolinians have come to expect is threatened by the continued alteration and development of the State's natural areas, the loss of its farmlands and forests, the shrinking amount of open space in its urban areas, and the loss of cultural and historic sites. As the State's population continues to expand, loss of open spaces to development will continue to increase, damaging North Carolina's economy and environment; and

Whereas, the General Assembly further finds that additional permanent protection of lands for environmental protection and public use is needed to complement our State's economic growth and to meet our citizens' needs for generations to come; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The General Assembly reaffirms the strong desire of the State and its citizens to conserve and protect the lands needed to
provide a high-quality environment for present and future generations, while also preserving, to the maximum extent possible, the liberty of each individual to pursue their interests.

Section 2. Chapter 113A of the General Statutes is amended by adding a new Article to read:

"ARTICLE 17.
Conservation, Farmland, and Open Space Protection and Coordination.
§ 113A-240. Intent.
(a) It is the intent of the General Assembly to continue to support and accelerate the State's programs of land conservation and protection, to find means to assure and increase funding for these programs, to support the long-term management of conservation lands acquired by the State, and to improve the coordination, efficiency, and implementation of the various State and local land protection programs operating in North Carolina.
(b) It is the further intent of the General Assembly that the State's lands should be protected in a manner that minimizes any adverse impacts on the ability of local governments to carry out their broad mandates.

§ 113A-241. State to Preserve One Million Acres.
(a) The State of North Carolina shall encourage, facilitate, plan, coordinate, and support appropriate federal, State, local, and private land protection efforts so that an additional one million acres of farmland, open space, and conservation lands in the State are permanently protected by December 31, 2009. These lands shall be protected by acquisition in fee simple or by acquisition of perpetual conservation easements by public conservation organizations or by private entities that are organized to receive and administer lands for conservation purposes.
(b) The Secretary of Environment and Natural Resources shall lead the effort to add one million acres to the State's protected lands and shall plan and coordinate with other public and private organizations and entities that are receiving and administering lands for conservation purposes."

Section 3. The Secretary of Environment and Natural Resources shall report to the Governor and the Environmental Review Commission annually beginning on September 1, 2000, on the State's progress towards attaining the goal established in Section 2 of this act.

Section 4. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 19th day of June, 2000.

Became law upon approval of the Governor at 10:51 a.m. on the 28th day of June, 2000.

1. Applicants for employment in the fire department shall be at least 18 years of age, and
2. Applicants for employment in the police department shall be at least 20 years of age.

The Council may, by ordinance, at any time and from time to time, fix and establish such lesser maximum age limits for applicants as may be consistent with the needs of the respective departments. The examination for applicants shall be practical in character and shall be limited to matters which fairly test the relative ability of the applicant to discharge the duties of the position applied for and shall include tests of physical qualifications and health, but no applicant shall be examined concerning his political or religious opinions or affiliations.

(d) Notice. Notice of time and place of every examination shall be given by the Board for one week preceding such examination in a newspaper published in the City, and such notice shall be posted in a conspicuous place in the office of the Board, or its designee, for at least two weeks preceding such examination.

(e) Register. The Board shall prepare and keep a register of persons passing the examination, graded according to the respective showings
upon the examination, which register shall determine the appointments to be made in each of the departments under the eligibility rules and regulations established by the Board.

(f) Definitions. The terms "officer or employee" or "officer," as used in this Article, shall mean sworn officers with regard to the police department and shall mean uniformed personnel with regard to the fire department.

(g) Restrictions. No officer or employee of the fire and police departments shall take any part in any election or political function while in uniform or on duty other than that of exercising his right to vote. Any officer or employee found by the Board to have violated this provision may be dismissed from service by the Board, or the Board may adjudge other punishment.

(h) Relieving a Member From Duty. The chief of either the fire or police department, or the officer in charge in the absence of the chief, may relieve an officer or employee of the respective departments of all duties, and the chief, or the officer in charge in the absence of the chief, shall provide such officer or employee with a written complaint setting forth the department rules or regulations the officer or employee is charged with violating, along with a statement of the basic facts supporting the charge, and the chief, or the officer in charge in the absence of the chief, shall simultaneously cite such officer to the Board for an automatic hearing as set forth herein with a recommendation that such officer be dismissed from the department. Any officer so relieved of duty shall not receive any pay or be assigned any duties until the Board has acted upon the charges at the conclusion of its hearing. In the alternative, the chief, or the officer in charge in the absence of the chief, may cite such officer to the Board for an automatic hearing in accordance with the foregoing procedure, but without relieving the officer from duty.

(i) Dismissal or Suspension of Officer. The chief of either the fire or police department, or the officer in charge in the absence of the chief, may suspend without pay for a period not exceeding 30 days, any officer or employee of the respective departments. In suspending such officer, the chief, or the officer in charge in the absence of the chief, will provide such officer with a written complaint setting forth the department rules or regulations the officer is charged with violating, along with a statement of the basic facts supporting the charge. Any such officer so suspended may appeal to the Board by giving written notice of appeal to the Board with a copy to the chief of such officer’s department. Such notice of appeal must be received by the Board within a period of 15 days from the date of the officer’s suspension, whereupon a hearing before the Board on such appeal shall be conducted as provided in subparagraph (c). Any officer suspended without pay shall receive no pay for the period of suspension unless the officer is found by the Board not to have committed the offense, or unless the Board adjudges a different period of suspension without pay, in which case the officer shall receive no pay for such different period of suspension.
(j) Appeal Hearings. Upon receipt of a citation for termination from either chief or upon receipt of notice of appeal for a suspension from any civil service covered police officer or firefighter, the Board shall hold a hearing not less than 15 days nor more than 30 days from the date the notice of appeal, or the citation, is received by the Board, and shall promptly notify the officer of the hearing date. Termination hearings shall be held with a panel of five made up of any combination of available members or alternates, and suspension hearings shall be held with a panel of three made up of any combination of available members or alternates. In the event an officer desires a hearing at a date other than that set by the Board within the period set forth above, such officer may file a written request for a change of hearing date setting forth the reasons for such request, and the Chair of the Board is empowered to approve or disapprove such request; provided that such request must be received by the Board at least seven days prior to the date set for the hearing. For good cause, the Chair of the Board may set a hearing date other than within the period set forth above, or may continue the hearing from time to time. In the conduct of its hearing, each member of the Board shall have the power to subpoena witnesses, administer oaths, and compel the production of evidence. If a person fails or refuses to obey a subpoena issued pursuant to this subsection, the Board may apply to the General Court of Justice, Superior Court Division, for an order requiring that its subpoena be obeyed, and the court shall have jurisdiction to issue these orders after notice to all parties. If any person, while under oath at a hearing of the Board, willfully swears falsely, such person shall be guilty of a Class 1 misdemeanor. Both the officer and the police or fire department shall have the right to present relevant evidence to the Board at its hearing. The officer must be furnished with a copy of the charges which have been brought against an officer and which will be heard by the Board. The officer shall be required to answer questions from members of the Board or the Board’s counsel; however, the officer may refuse to answer any question where the answer might incriminate the officer with respect to any criminal violation of State or federal laws. The officer may be present at all evidentiary portions of the hearing, may retain counsel to represent the officer at the hearing, and may cross-examine those witnesses who testify against the officer. The officer will be given the right to an open or closed hearing as he may elect. After the evidentiary portion of the hearing is concluded, the Board will consider the evidence in closed session, and the Board will make findings of facts which will be provided to the officer together with a statement of the action taken by the Board on the basis of its findings of fact.

(k) General Powers of the Board. If, at the completion of its hearing, the Board shall find that:

(1) An officer has not committed the offense or offenses with which such officer has been charged, the Board may restore such officer to full duty with reimbursement of any pay lost
during the period the officer was suspended or relieved from duty.

(2) An officer has committed the offense or offenses with which such officer has been charged, the Board may issue an order:

a. Dismissing such officer;
b. Suspending such officer, without pay, for a period not exceeding 90 days; or
c. Imposing such other lesser punishment as it deems just and proper.

The Board may suspend its dismissal or suspension without pay and place such officer on probation for a period not to exceed one year upon such reasonable conditions as the Board may deem appropriate. The Board may order the department to furnish to the Board, during the period of probation, such information regarding the officer as the Board deems necessary.

(l) Appeal from Action of Board. Any officer may appeal from any order of the Board to the Superior Court of Mecklenburg County by giving notice of appeal, in writing, to the Superior Court within 10 days after the entry of the order. Assignments of error must be filed with the court and served upon the Board within 30 days after the entry of the order. The appeal to the Superior Court will be upon the record of the proceedings before the Board at its hearing.

(m) Incapability of performance. In those situations where the chief of the fire or police department determines that an officer of the respective department is permanently disabled, the chief may cite that officer to the Board with a statement of the facts relating to the inability of such officer to perform his duties, and the Board shall, upon receipt of any such citation, hold a hearing as provided for herein, and the Board may dismiss such officer if it finds that such officer can no longer perform his duty. Permanently disabled, as used in this paragraph, shall mean the continuing or enduring incapacity because of physical injury, sickness, or mental illness as determined by competent medical authority, to earn the wages which the officer was receiving at the time of the injury, sickness, or determination of mental illness in the same or any other related employment.

(n) Power of the Board to Require Investigation. The Board may require the chief of the fire or police department to investigate any incident or circumstance involving officers of such departments which shall come to the Board’s attention; provided that a majority of the Board shall first determine that such an investigation is in the public’s interest. The respective chief shall report the results of an investigation to the Board in writing within a time to be set by the Board.

(o) Annual Report. The Board shall make an annual report of its actions for the preceding year, and said annual report shall be kept in the files of the Board, and a copy delivered to the Council.

(p) Secretary. The City Clerk shall act as secretary to the Board and shall keep the minutes of its meetings and shall be custodian of all
papers and records pertaining to the business of said Board and shall perform such other duties as the Board may require.

(q) Accommodations. The Council shall provide suitable rooms for the Board and shall provide sufficient reasonable use of public buildings for meetings and hearings of said Board as may be necessary.

(r) Compensation. The members of said Board shall serve without compensation.

(s) City Finance. Nothing in this Article shall be so construed as to deprive the Council of its control of the finances of said City.

(t) Exceptions. The provisions of this Article pertaining to civil service coverage of officers and employees of the fire and police departments shall not apply to the chief of the fire department or the chief of the police department and shall not apply to an officer of the police or fire department until he or she has been an officer of the respective department for at least 12 months. During such 12-months' probationary period, he or she shall be subject to discharge by the chief of such department under rules promulgated with respect thereto, such rules to be approved by the Council.

(u) Promotions and Demotions. The chief of the police department and the chief of the fire department shall have authority to make all promotions of officers of their respective departments, subject to majority approval of the Civil Service Board. Promotions are probationary for six months from the date they become effective. Any demotions, except voluntary demotions, shall be made only after written charges are preferred and a hearing held before the Civil Service Board. Except as otherwise provided, demotions must be approved by a majority vote of the Board.

(v) Wartime Emergency. Notwithstanding any other provisions of this Article, during any wartime emergency and for six months thereafter, officers of the fire department and police department may be employed on a temporary basis, and such temporarily employed officers may be discharged by the City Manager without the preferment of charges.

(w) Auxiliary Officers. The Council may authorize the City Manager to appoint auxiliary officers of the fire and police departments without previous examinations by the Civil Service Board, who, subject to such rules and conditions as the chiefs of their respective departments shall prescribe, shall have all the powers and duties of regular members of the police and fire departments. Such auxiliary officers of the said departments shall be subject to discharge by the City Manager, with or without cause, and without a hearing before the Civil Service Board.
Charter, the Council may create and establish, by ordinance or resolution, such other authorities, boards, and commissions as it may deem necessary or appropriate to the administration, regulation, and operation of services, activities, and functions which the City is authorized by law to perform, regulate, and carry on. It is desirable that in appointing persons to boards, commissions, and authorities, the appointing authority should attempt to secure reasonable representation on each such body of all sexes, races, geographic sections of the City, and political parties. Provided, however, that such representation shall not be required, and the validity of any appointment may not be challenged on grounds that such representation has not been achieved.

(b) Any authority, board, commission, or other agency to which the Mayor or Council appoints members or appropriates money is hereby required to furnish to the Mayor and Council, upon request, such information as the Mayor and Council may deem relevant to the affairs of any such authority, board, commission, or other agency. The duty to provide such information is mandatory and may be enforced by an action for mandamus in the Superior Court of Mecklenburg County.

"Section 7.21. Remedies for Collection of Charges. In addition to the remedies provided by general law for the collection of charges for water and sewerage services, both within and without the corporate limits, if any such charge is not paid within 10 days after it becomes due, the same shall become a lien upon the property served or in connection with which the service or facility is used and said shall have the same priority as the lien for unpaid taxes and may be collected in the same manner as taxes upon real property. The Council may also require the payment of reasonable deposits by owners or tenants as a condition precedent to the furnishing of water or sewerage services, or both. Such deposits may be retained by the City as assurance for the payment of charges and may be refunded, without interest, upon such terms and conditions as the Council may establish.

"Section 7.22. Dedication of Water and Sewer Lines. Should any person, firm, or corporation connect any privately owned water or sewer line or lines without first dedicating, giving, granting, and conveying same to the City, the act of connecting shall be deemed a dedication, gift, grant, and conveyance of such lines to the City, and the City may accept same or may order the disconnection of such lines.

"ARTICLE III. REFUSE DISPOSAL.

"Section 7.41. Disposition of Disposal Sites. The Council may in its discretion lease or sell, at private sale, any lands now or hereafter owned or acquired by the City, to any person, firm, or corporation contracting with the City for disposal of municipally collected refuse, for use as a plant site or sites, upon such terms and considerations as the Council may prescribe.

"ARTICLE IV. SPAY/NEUTER CLINIC AND DIFFERENTIAL LICENSE TAX."
Section 7.71. Spay/Neuter Clinic. The City may establish, equip, operate and maintain a spay/neuter clinic for cats and dogs, employ personnel for this clinic and appropriate and expend tax and nontax funds, including property taxes, for those purposes. In lieu of the City itself operating the spay/neuter clinic, the City is further authorized to contract with any individual, corporation, nonprofit corporation, governmental body, or any other group for the purpose of operating a spay/neuter clinic, or for providing spay/neuter services for dogs and cats within the City. The City may appropriate and expend tax and nontax funds, including property taxes, for these purposes.

Section 7.72. Differential Licensing Tax. The City may levy an annual differential license tax on the privilege of keeping a dog or cat within the City. The Council may levy a lower annual license tax for spayed or neutered dogs and cats than for nonspayed and nonneutered dogs and cats within the City.

ARTICLE V. EMINENT DOMAIN.

Section 7.81. Powers and Procedures. (a) Notwithstanding the provisions of G.S. 40A-1, in the exercise of its authority of eminent domain for the acquisition of property to be used for streets and highways, water supply and distribution systems, sewage collection and disposal systems, and airports, the City is hereby authorized to use the procedure and authority prescribed in Article 9 of Chapter 136 of the General Statutes, as now or hereafter amended; provided further, that whenever therein any reference is made to the State of North Carolina or any agency thereof, such reference shall be deemed to include the City, and whenever therein any reference is made to any official of the state of North Carolina, such reference shall be deemed to include the City Manager; provided further that nothing herein shall be construed to enlarge the power of the City to condemn property already devoted to public use.

(b) The City shall have the power of eminent domain to acquire property to provide housing for low- and moderate-income persons but only to acquire: (i) vacant structures Boarded up as a result of housing code violations; (ii) structures that have been found to contain housing code violations that the property owner has failed or refused to correct within a reasonable time; and (iii) vacant properties rendered vacant as a result of a housing code enforcement demolition order. Provided that in the exercise of its authority of eminent domain to acquire property to provide housing for low- and moderate-income persons, the City shall follow the procedures prescribed in Chapter 40A of the General Statutes. Vesting of title to the property taken under this subsection, and right to possession shall occur pursuant to the provisions of G.S. 40A-42(b). The City may not file an eminent domain action to acquire property described in clauses (i) or (ii) of this subsection until the property owner has had 150 days from the date of the order finding violations of the City housing code to correct the violations. The Council must adopt a plan to use condemned
property for low- or moderate-income housing prior to exercising the powers under this subsection.

"ARTICLE VI. LOCAL IMPROVEMENTS.

"Section 7.104. Alternative Procedures. (a) Upon receipt of a petition from an owner or owners representing fifty percent (50%) or less of the total street frontage where fifty percent (50%) or more of the total street frontage is in one ownership, the Council may order the making of any local improvement and assess the cost against the abutting property in the same manner and following the same procedures as set forth in the general laws of North Carolina for the making of special assessments against property benefitted by local improvements.

(b) The Council may order the making of any local improvements and assess the cost thereof, except the City's portion, against only a limited number of abutting properties upon receipt of a petition from all such property owners asking that the improvement be made and that the total amount to be assessed for the improvement be assessed only against their properties.

(c) No petition shall be necessary for the making of any local improvements for which the City bears the entire cost without assessment.

(d) If, in the judgment of the Council, the abutting property to be assessed will be benefitted in an amount at least equal to the assessment, and such judgment shall be conclusive, no petition for local improvements shall be necessary and the Council may order the making of any local improvements and assess the cost thereof against abutting properties in the following cases:

(1) Street improvements and/or curb and gutter. When, in the judgment of the Council, any street or part of a street is unsafe; or, the improvement of a street or part of a street not more than three blocks in length is necessary to connect streets already paved; or, the improvement of a street or part of a street is necessary to connect a paved street, or portion thereof, with a paved highway; or, the improvement of a street or part of a street is necessary to provide a paved approach to a railroad or street grade separation or any bridge; or, any street or part of a street should be widened to accommodate present and anticipated volumes of traffic thereon.

(2) Water main improvements. When, in the judgment of the Council, any street or part of a street, or any property within the City, is without a public water supply and can be served, and water service should be provided in the public interest.

(3) Sanitary sewer improvements. When, in the judgment of the Council, any street or part of a street, or any property within the City, is without a public sanitary sewer system and can be served, and sanitary sewer service should be provided in the public interest.
(4) Storm sewer or other surface drainage improvements. When, in the judgment of the Council, any street or part of a street, or any property within the City, is without storm sewer or other surface drainage improvements, and can be served, and storm sewer or other surface drainage should be provided in the public interest.

(5) Sidewalk improvements. When, in the judgment of the Council, any street or part of a street is without sidewalks and sidewalks should be provided in the public interest.

(e) Whenever the Council finds that public interest requires a sidewalk or sidewalks or portion of driveways within the public right-of-way be repaired, the total cost of such repairs may be assessed against the property abutting the sidewalk or driveway repaired. Before an assessment may be made against abutting property for a sidewalk or driveway repair, at least 30 days' written notice must be given to the abutting property owner personally or by registered or certified mail to his last known address or as shown on the tax records, that he is required to make the designated repairs at his own cost and expense in conformity with the sidewalk standards adopted by the City, and if he shall fail to make such repairs within 30 days after notice served upon him, the City may thereupon make said repairs and assess the cost thereof. Provided, however, if the Council finds that any sidewalk or driveway is in need of immediate repair, the Council may adopt a resolution setting out such finding and directing that such repair be made immediately by the City and that the cost thereof be assessed against the property abutting without notice to the property owner affected.

"Section 7.105. Planting Strip and Driveway Maintenance. It shall be the responsibility of the abutting property owner to maintain any property or driveway between the property line and the curb of a paved street.

"Section 7.106. Corner Lot Exemption. The Council may determine the amount and applicability of assessment exemptions for corner lots. Provided, exemptions for corner lots shall apply to only one side of each such lot and the amount of the exemption shall not exceed seventy-five percent (75%) of the frontage of that side. If the corner formed by the two intersecting streets is rounded into a curve or is foreshortened for the purpose of providing sight distance or for any other purpose of construction, the frontage for assessment purposes shall be calculated to the midpoint of the curve or foreshortened corner.

"Section 7.107. Exchange of Property. In connection with street widening, the City may purchase with any available funds, property immediately adjacent to property located on a street corner; provided, in the opinion of the Council, the value of such inside lands does not exceed the value of the corner property needed for street-widening purposes, and may convey and transfer such inside lands to the owner of the corner property in exchange for property needed for street-widening purposes, at private sale.
"Section 7.108. Water and Sewer Facilities; Additional Authority. In the construction, reconstruction, or extension of the water and sewerage systems, or either of them in whole or in part, the City shall have, in addition to all other authority now or hereafter granted, the authority to specially assess the costs thereof in accordance with the procedures and authority prescribed for counties by Article 9 of Chapter 153A of the General Statutes, as the same may be amended from time to time.

"ARTICLE VII. UPTOWN DEVELOPMENT PROJECTS.

"Section 7.109. Public-Private Development Projects. (a) Definition. In this Article, public-private development projects means a capital project located: (i) in the City’s central business district, as defined by the Council; (ii) in or along a major transportation corridor; or (iii) in a development zone designated pursuant to G.S. 105-129.3A; comprising one or more buildings or other improvements and including both public and private facilities. By way of illustration but not limitation, such a project might include a single building comprising a publicly owned parking structure and publicly owned convention center and a privately owned hotel or office building.

(b) Authorization. If the Council finds that it is likely to be of significant economic benefit to the area of the City in which the project is located, the City may acquire, construct, own, and operate or participate in the acquisition, construction, ownership, and operation of a public-private development project or of specific facilities within such a project. The City may enter into binding contracts with one or more private developers with respect to acquiring, constructing, owning, or operating such a project. Such a contract shall among other provisions, specify the following:

(1) The property interest of both the City and the developer or developers in the project.

(2) The responsibilities of the City and the developer or developers for construction of the project.

(3) The responsibilities of the City and the developer or developers with respect to financing the project.

(4) The responsibilities of the City and the developer or developers with respect to the operation of the project.

Such a contract may be entered into before the acquisition of any real property necessary to the project.

(c) Property Acquisition. A public-private development project may be constructed on property acquired by the developer or developers or on property directly acquired by the City by any means.

(d) Property Disposition. In connection with a public-private development project, the City may lease or convey interests in property owned by it, including air rights over public facilities, by private negotiation or sale, and Article 12 of Chapter 160A of the General Statutes does not apply to such dispositions.

(e) Construction of the Project. The contract between the City and the developer or developers may provide that the developer or developers shall be responsible for construction of the entire public-
private development project. If so, the contract shall include such provisions as the City Council deems sufficient to assure that the public facility or facilities included in the project meet the needs of the City and are constructed at a reasonable price. A project constructed pursuant to this paragraph is not subject to Article 8 of Chapter 143 of the General Statutes as long as City funds constitute not more than fifty percent (50%) of the total costs of the project.

(f) Operation. The City may contract for the operation of any public facility or facilities included in a public-private development project by a person, partnership, firm, or corporation, public or private. Such a contract shall include provisions sufficient to assure that any such facility or facilities are operated for the benefit of the citizens of the City.

(g) Grant Funds. To assist in the financing of its share of a public-private development project, the City may apply for, accept, and expend grant funds from the federal or State governments.

"CHAPTER 8.
"MISCELLANEOUS.
"ARTICLE I. IN GENERAL.

"Secs. 8.01--8.20. Reserved.

"ARTICLE II. SALE OF PROPERTY.

"Section 8.21. Personal Property. The City may sell any and all personal property belonging to the City at private sale, and without resorting to public outcry and sale.

"Section 8.22. Real Property. (a) Whenever a disposition of an interest in real property is authorized by the City, the instrument conveying such interest may be executed by the Mayor or the Mayor’s designee and attested by the City Clerk or Deputy City Clerk, with the corporate seal of the City attached. In the sale of real estate, the City may execute deeds in the usual form and containing full covenants of warranty.

(b) The City may convey interests in real property owned by it by private negotiation or sale, with respect to parcels of property having a fair market value of ten thousand dollars ($10,000) or less, and Article 12 of Chapter 160A of the General Statutes shall not apply to such dispositions. The City Manager may approve such dispositions.

(c) The City may, in addition to other authorized means, convey real property owned by it to persons of low- or moderate-income for residential purposes using the negotiated offer, advertisement, and upset bid process and requirements established by G.S. 160A-269, provided, however, the City may lower the bid deposit requirement to an amount not less than one percent (1%) of an offeror’s bid.

(d) When the Council determines that a sale or disposition of property will advance or further any Council-adopted economic development, transportation, urban revitalization, community development, or land-use plan or policy, the City may, in addition to other authorized means, sell, exchange, or transfer the fee or any lesser interest in real property, either by public sale or by negotiated private sale. The City may attach to the transfer and to the interest
conveyed such covenants, conditions, or restrictions (or a combination of them) the City deems necessary to further such adopted policies or plans. The consideration received by the City, if any, for such conveyance, may reflect the restricted use of the property resulting from such covenants, conditions, or restrictions. An interest in property pursuant to this subsection may be conveyed only pursuant to resolution of the Council authorizing the conveyance. Notice of the proposed transaction shall be given at least 10 days prior to adoption of the resolution by publication in a newspaper of general circulation, generally describing:

(1) The property involved;

(2) The nature of the interest to be conveyed; and

(3) All of the material terms of the proposed transaction, including any covenants, conditions, or restrictions which may be applicable.

The notice shall give the time and place of the Council meeting where the proposed transaction will be considered and shall announce the Council's intention to authorize the proposed transaction. Notwithstanding the foregoing, the City may not sell the land or buildings located at 100 Paul Buck Boulevard by private sale.

"Secs. 8.23--8.80. Reserved.

"ARTICLE III. CONTRACTS AND PURCHASES.

"Section 8.81. Bid Deposits. The City may, in connection with bids on purchases and contracts to the City, accept as a bid deposit: cash; a cashier's check issued by or certified check drawn on a bank insured by the Federal Deposit Insurance Corporation; a United States money order payable to the City of Charlotte; or a bid bond issued by an insurance company authorized to engage in such business in North Carolina.

"Section 8.82. Contract Specification Requirements. The Council may establish minimum Minority and/or Women's Business Enterprise participation (M/WBE) requirements and in that event shall include such requirements in the specifications for City contracts. In addition, in construction and repair contracts under which subcontracts are customarily awarded by that primary contractor, the Council may establish specifications requiring bidders to subcontract a certain designated percentage of the construction and repair work amount; provided, that nothing in the specifications or requirements developed shall be construed to require that the award of subcontracts be made to subcontractors who do not submit the lowest responsible sub-bid and do not meet the bonding requirements otherwise required by law. Notwithstanding the provisions of G.S. 143-129 and G.S. 143-131, the Council may consider a bidder's compliance with specifications containing M/WBE or subcontracting requirements in its award of contracts, and may, in its discretion, refuse to award a contract to a bidder if it determines that the bidder has failed to make a good faith effort to comply with said requirements.

"Section 8.83. Public Contracts. G.S. 143-129 as it applies to the City is amended to provide that the City Manager or his designee may
waive the requirement for a bid bond or deposit for the purchase of apparatus, supplies, material, or equipment where the successful bidder does not have any past experience of nonperformance with the City. The Council may consider a bid for the purchase of apparatus, supplies, materials, or equipment and award a contract on such bid notwithstanding the fact that the proposal is not accompanied by a bid deposit with the City.

"Section 8.84. Exemption from Certain Purchasing Requirements. (a) Because of the:

(1) Highly complex and innovative nature of telecommunications, data processing, and data communications equipment, supplies and services; and

(2) Desirability of a single point of responsibility for the development of contracts for products and services which include in their scope, combinations of design, installation, operation, management, and service and maintenance responsibilities over prolonged periods of time.

In some instances it may be beneficial to the City to award a contract on the basis of factors other than cost alone, including, but not limited to, (i) system design, (ii) operation experience, (iii) system reliability, (iv) long-term operational costs, (v) compatibility with existing equipment, and (vi) emerging technology. Therefore, notwithstanding the provisions of Article 8 of Chapter 143 of the General Statutes, or any other general, special, or local law, a contract entered into between the City and any person selected as a responsible proposer pursuant to this section may be awarded, negotiated, and entered into in accordance with the following provisions for the award of a contract based upon an evaluation of proposals submitted in response to a request for proposal prepared by or for the City.

(b) This section establishes special procedures for the purchase and lease of telecommunications, data processing and data communications equipment, supplies and services, and applies only to those purchases and leases.

(c) The City shall give notice that it is requesting proposal as follows:

(1) By mailing notice of request for proposals a minimum of 10 days prior to the time specified for opening of said proposal to suppliers represented on the City’s current relevant bid list; and

(2) By advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in the City. The advertisement shall state the time and place where the request for proposals may be had, and the time and place for opening of said proposals, and shall reserve to the City the right to reject any or all such proposals.

All proposals shall be opened in public. Proposal shall be sealed if the invitation to propose so specifies.
(d) The City shall require in its request for proposals that each proposal to be submitted:

(1) Shall include:

a. Information relating to the experience of the proposer on the basis of which said proposer purports to be qualified to carry out all work required by a proposed contract;

b. The ability of the proposer to secure adequate financing;

c. Proposals for project staffing, implementation of work tasks, and the carrying out of all responsibilities required by a proposed contract;

(2) Language clearly identifying and specifying all elements of cost which would become charges to the City, in whichever form, in return for the fulfillment by the proposer of all tasks and responsibilities established by the request for the proposal for the full lifetime of a proposed contract, including, as appropriate, but not limited to, (i) the cost of purchase or lease of equipment, (ii) the cost of design, installation, operation, management, and maintenance of any system, and (iii) the cost of any services performed by proposer; and

(3) Shall include such other information as the City may determine to have a material bearing on its ability to evaluate any proposal in accordance with this section.

The City may prescribe the form and content of such proposal and, in any event, the proposer must submit sufficiently detailed information to permit a fair and equitable evaluation of such proposal. The City may evaluate such proposals based on one or more of the factors set forth above as the City determines to be appropriate.

(e) The City may make a contract award to any responsible proposer selected pursuant to this section based on a determination that the selected proposal is more responsive to the request for proposals and may thereupon negotiate a contract with said proposer for the purchase and/or lease of equipment and performance of the services set forth in the request for proposals and the response thereto. Such determination is conclusive.

"Section 8.85. Construction, Design, and Operation of Sludge Management Facilities. (a) Unless a different meaning is required by the context, the following definitions shall apply throughout this section:

(1) "Sludge" means any solid, semisolid, or liquid waste generated from a municipal, commercial, institutional, or industrial wastewater treatment plant, water supply treatment plant, or air pollution control facility, or any other waste having similar characteristics and effects.

(2) "Sludge management" means purposeful, systematic control of the generation, storage, collection, transport, treatment, processing, recovery, and disposal of sludge.

(3) "Sludge management facility" means land, personnel, and equipment used in sludge management.
(4) "Storage" means the containment of sludge in a manner which does not constitute disposal.

(5) "City" means the City of Charlotte.

(b) To acknowledge the highly complex and innovative nature of sludge management technology for processing sludge, the relatively limited availability of existing and proven proprietary technology involving sludge management facilities, the desirability of a single point of responsibility for the development of facilities, and the economic and technical utility of contracts for sludge management which include in their scope combinations of design, construction, operation, management, and maintenance responsibilities over prolonged periods of time and that in some instances it may be beneficial to the City to award a contract on the basis of factors other than cost alone, including, but not limited to, facility design, operational experience, system reliability, long-term operational costs, compatibility with sludge production facilities, environmental impact, and operation guarantees, this section establishes special procedures for the construction, design, and operation of sludge management facilities. Accordingly, and notwithstanding the provisions of Article 8 of Chapter 143 of the General Statutes, or any general, special, or local law, a contract entered into between the City and any person pursuant to this section may be awarded in accordance with the following provisions for the award of a contract based upon an evaluation of proposals submitted in response to a request for proposals prepared by or for the City.

The City shall give notice that it is requesting proposals as follows: Proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in the City. The advertisement shall state the time and place where the request for proposals may be had, and the time and place for opening of the proposals, and shall reserve to the City the right to reject any or all such proposals. All proposals shall be opened in public. Proposals shall be sealed if the invitation to propose so specifies. Nothing in this paragraph limits the City from publicizing the request for proposals by other means or from directly soliciting proposals.

(c) The City shall require in its request for proposals that each proposal to be submitted shall include:

(1) Information relating to the experience of the proposer on the basis of which said proposer purports to be qualified to carry out all work required by a proposed contract; the ability of the proposer to secure adequate financing; and proposals for project staffing, implementation of work tasks, and the carrying out of all responsibilities required by a proposed contract;

(2) A proposal clearly identifying and specifying all elements of cost which would become charges to the City, in whatever form, in return for the fulfillment by the proposer of all tasks and responsibilities established by the request for the
proposal for the full lifetime of a proposed contract, including, as appropriate, but not limited to, the cost of planning, design, construction, operation; management, and/or maintenance of any facility; provided, that the City may prescribe the form and content of such proposal and that, in any event, the proposer must submit sufficiently detailed information to permit a fair and equitable evaluation of such proposal; and

(3) Such other information as the City may determine to have a material bearing on its ability to evaluate any proposal in accordance with this section.

(d) Proposals received in response to such request for proposals may be evaluated on the basis of a technical analysis of facility design, operational experience of the technology to be utilized in the proposed facility, system reliability and availability, efficiency, environmental impact and protection, required staffing level during operation, projection of anticipated revenues from the materials produced by the facility, net cost to the City for operation and maintenance of the facility for the duration of time to be established in the request for proposals, and upon such other factors and information as the City determined to have a material bearing on its ability to evaluate any proposal, which factors were set forth in said request for proposal.

(e) The City may make a contract award to any responsible proposer selected pursuant to this section based upon a determination that the selected proposal is more responsive to the request for proposals and may thereupon negotiate a contract with said proposer for the performance of the services set forth in the request for proposals and the response thereto. Such determination shall be deemed to be conclusive. Notwithstanding other provisions of Article 8 of Chapter 143 of the General Statutes, or any other general, local, or special law, a contract may be negotiated and entered into between a City and any person selected as a responsible proposer hereunder which may provide for, but not be limited to, the following:

(1) A contract, lease, rental, license, permit, or other authorization to design, construct, operate, and maintain such a sludge management facility, upon such terms and conditions for such consideration and for such term or duration, not to exceed 40 years, as may be agreed upon by the City and such person;

(2) Payment by the City of a fee or other charge to such person for acceptance, processing, management, and disposal of sludge;

(3) An obligation on the part of the City to deliver or cause to be delivered to a sludge management facility, guaranteed quantities of sludge; and

(4) The sale, utilization, or disposal of any form of material or residue resulting from the operation of any sludge management facility.
(f) The construction work for any facility or structure which is ancillary to the sludge management facility and which does not involve storage and processing of sludge or the recovery of useful or marketable forms of materials from sludge at the sludge management facility, shall be procured through competitive bidding procedures as described in Article 8 of Chapter 143 of the General Statutes. Such ancillary facilities shall include, but shall not necessarily be limited to, the following: roads, water and sewer lines to the facility limits, transfer stations, scale house, administration buildings, and residue and bypass disposal sites.

"Sec. 8.86. Award and Approval of Certain Contracts. The City Manager or the City Manager’s duly authorized designee may award, approve, and execute contracts or agreements of any kind or nature on behalf of the City when the amount of such contract or agreement does not exceed fifty thousand dollars ($50,000); provided that the City Council shall have approved a sufficient appropriation in the annual budget for the current fiscal year for the general purpose specified in the contract or agreement. In addition, the City Manager or the City Manager’s duly authorized designee may approve or execute amendments to contracts or agreements, including contracts initially approved by the City Council, when the amount in question does not exceed fifty thousand dollars ($50,000). Furthermore, the City Manager or the City Manager’s duly authorized designee may award, approve, and execute contracts for the construction and installation of water and sewer lines that will eventually become a part of the City utility system, regardless of the amount, where the construction and installation is the sole responsibility and is at the sole expense of another person, firm, or corporation.

"Secs. 8.87--8.100. Reserved.

"ARTICLE IV. CONFLICT OF INTEREST.

"Section 8.101. Penalty. It shall be unlawful for the Mayor or any member of the Council, or other officer or employee of the City, directly or indirectly, to become an independent contractor for work done by the City, or to become directly or indirectly financially interested in, or receive profits from, any purchase by the City. Any such person or persons violating this provision shall be guilty of a Class 1 misdemeanor.

"Secs. 8.102--8.120. Reserved.

"ARTICLE V. JOINT PERFORMANCE OF FUNCTIONS, ACTIVITIES, AND SERVICES.

"Section 8.121. Purpose and Power. For the purpose of enabling the more efficient and/or economical administration and performance of functions, activities, and services, the City of Charlotte and the County of Mecklenburg may, whenever it is deemed in the best interests of their citizens, enter into written agreements for the joint performance of any and all functions, activities, and services which each is now or hereafter authorized to undertake, perform, and carry on. Such joint performance may be carried on through consolidation of existing agencies or departments or through the creation and
establishment of new agencies or departments and may include institutions or buildings now existing or hereafter constructed, owned, and operated, either singly or jointly.

"Section 8.122. Provisions of Agreements. Such written agreements shall set forth: the functions, activities, and services to be thus jointly carried on; the manner of administration thereof; the manner in which the expenses thereof shall be apportioned; and the manner in which any fees or revenues derived therefrom shall be apportioned. Such agreements may specify the term thereof and they may be terminated by either party thereto upon one-year's written notice to the other party of intention to terminate, and such agreements may be amended from time to time upon the mutual consent of the City and the County. Upon the ratification of such agreements by the governing bodies of the City and the County, they shall be spread upon their respective minutes.

"Section 8.123. Effect of Agreements. Whenever any such agreement has been ratified, then the consolidated agency, department, or institution designated or created to carry on such joint performance, shall be vested with all the powers, rights, duties, functions, and jurisdiction pertaining to the function, activity, or service to be jointly performed, theretofore existing or thereafter granted by law and vested in the City, the County, or both, and in the agencies, departments, or institutions so consolidated or created.

"Section 8.124. Agreements With Other Governmental Agencies. The City may enter into similar written agreements as provided hereinabove, with any other governmental agency having similar authority.

"Secs. 8.125--8.130. Reserved.

"ARTICLE VI. LEASE OF PROPERTY.

"Section 8.131. Generally. Notwithstanding the provisions of G.S. 160A-272, the Council may, in its discretion, lease City-owned property for such terms and upon such conditions as the Council may determine, including terms of more than 10 years without the necessity of following any procedures other than those required by G.S. 160A-272 for leases of 10 years or less."

Section 2. The purpose of this act is to revise the Charter of the City of Charlotte and to consolidate certain acts concerning the property, affairs, and government of the City. It is intended to continue without interruption those provisions of prior acts which are expressly consolidated into this act, so that all rights and liabilities which have accrued are preserved and may be enforced.

Section 3. This act does not repeal or affect any acts concerning the property, affairs, or government of public schools or any acts validating official actions, proceedings, contracts, or obligations of any kind.

Section 4.(a) The following acts, having served the purposes for which they were enacted or having been consolidated into this act, are expressly repealed:

Restrictions may apply to activities on, over, or under the land, including, but not limited to, use of groundwater, building, filling, grading, excavating, and mining. Any approved restriction shall be enforced by any owner, operator, or other party responsible for the contaminated site. Any land-use restriction may also be enforced by the Department through the remedies provided by any provision of law that is implemented or enforced by the Department or

A land-use restriction may also be enforced by any unit of local government having jurisdiction over any part of the site. A land-use restriction shall not be declared unenforceable due to lack of privity of estate or contract, due to lack of benefit to particular land, or due to lack of any property interest in particular land. Any person who owns or leases a property subject to a land-use restriction under this Part shall abide by the land-use restriction.

(b) Subsection (a) of this section shall not apply to a risk-based remedial action plan for the cleanup of environmental damage resulting from a discharge or release of petroleum from an underground storage tank pursuant to Part 2A of Article 21A of Chapter 143 of the General Statutes.

If requested in writing by the owner of the land and if the Secretary concurs with the request, the Secretary shall send to the register of deeds of each county where the Notice is recorded a statement that the contamination has been eliminated remediated, or that the contamination has been remediated to current standards, and request that the Notice be cancelled of record. The Secretary’s statement shall contain the names of the owners of the land as shown in the Notice and reference the plat book and page where the Notice is recorded. The register of deeds shall record the Secretary’s statement in the deed books and index it on the grantor index in the names of the owners of the land as shown in the Notice and on the grantee index in the name "Secretary of Environment and Natural Resources". The register of deeds shall make a marginal entry on the Notice showing the date of cancellation and the book and page where the Secretary’s statement is recorded, and the register of deeds shall sign the entry. If a marginal entry is impracticable because of the method used to record maps and plats, the register of deeds shall not be required to make a marginal entry."

Section 3. The Environmental Review Commission shall continue to study the application of land-use restrictions to the cleanup of environmental damage resulting from discharges and releases of petroleum from underground storage tanks through a stakeholder negotiation process. As a part of this study, the Commission shall consider issues related to notice to current and future users of real property of any restrictions on the current and future use of the property, mechanisms to ensure compliance with those restrictions, notice to current and future users of real property of the existence of contamination in excess of current standards, and issues related to recordation in the register of deeds office of this information. Type A Violations shall be abated or eliminated immediately. The Department shall require an immediate plan of correction for each Type A Violation. The person making the findings shall do the following:

a. Orally and immediately inform the administrator of the facility of the specific findings and what must be done to correct them, and set a date by which the violation must be corrected;

b. Within 10 working days of the investigation, confirm in writing to the administrator the information provided orally under sub-subdivision a. of this subdivision; and

c. Provide a copy of the written confirmation required under sub-subdivision b. of this subdivision to the Department.

programs that serve nine or fewer persons. The Department shall impose a civil penalty in an amount not less than five hundred dollars ($500.00) nor more than ten thousand dollars ($10,000) for each Type A Violation in facilities or programs that serve 10 or more persons.

(2) "Type B Violation" means a violation by a facility of the regulations, standards, and requirements set forth in Article 2 or 3 of this Chapter or applicable State or federal laws and regulations governing the licensure or certification of a facility which present a direct relationship to the health, safety, or welfare of any client or patient, but which does not result in substantial risk that death or serious physical harm will occur. The Department shall require a plan of correction for each Type B Violation and may require the facility to establish a specific plan of correction within a specific time period to address the violation.

(b) Penalties for Failure to Correct Violations Within Time Specified. --

(1) Where a facility has failed to correct a Type A Violation, the Department shall assess the facility a civil penalty in the amount of up to five hundred dollars ($500.00) for each day that the deficiency continues beyond the time specified in the plan of correction approved by the Department or its authorized representative. The Department or its authorized representative shall ensure that the violation has been corrected.

(2) Where a facility has failed to correct a Type B Violation within the time specified for correction by the Department or its authorized representative, the Department shall assess the facility a civil penalty in the amount of up to two hundred dollars ($200.00) for each day that the deficiency continues beyond the date specified for correction without just reason for the failure. The Department or its authorized representative shall ensure that the violation has been corrected.

(3) The Department shall impose a civil penalty which is treble the amount assessed under subdivision (1) of subsection (a) of this section when a facility under the same management, ownership, or control has received a citation and paid a penalty for violating the same specific provision of a statute or regulation for which it received a citation during the previous 12 months.

(c) Factors to Be Considered in Determining Amount of Initial Penalty. -- In determining the amount of the initial penalty to be imposed under this section, the Department shall consider the following factors:

(1) The gravity of the violation, including the fact that death or serious physical harm to a client or patient has resulted; the severity of the actual or potential harm, and the extent to
which the provisions of the applicable statutes or regulations were violated;

(2) The gravity of the violation, including the probability that death or serious physical harm to a client or patient will result; the severity of the potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(3) The gravity of the violation, including the probability that death or serious physical harm to a client or patient may result; the severity of the potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(4) The reasonable diligence exercised by the licensee to comply with G.S. 131E-256 and other applicable State and federal laws and regulations;

(5) Efforts by the licensee to correct violations;

(6) The number and type of previous violations committed by the licensee within the past 36 months;

(7) The amount of assessment necessary to ensure immediate and continued compliance; and

(8) The number of clients or patients put at risk by the violation.

(d) The facts found to support the factors in subsection (c) of this section shall be the basis in determining the amount of the penalty. The Department shall document the findings in written record and shall make the written record available to all affected parties including:

(1) The licensee involved;

(2) The clients or patients affected; and

(3) The family members or guardians of the clients or patients affected.

(c) The Department shall impose a civil penalty on any facility which refuses to allow an authorized representative of the Department to inspect the premises and records of the facility.

(f) Any facility wishing to contest a penalty shall be entitled to an administrative hearing as provided in Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days after the Department mails a notice of penalty to a licensee. At least the following specific issues shall be addressed at the administrative hearing:

(1) The reasonableness of the amount of any civil penalty assessed, and

(2) The degree to which each factor has been evaluated pursuant to subsection (c) of this section to be considered in determining the amount of an initial penalty.

If a civil penalty is found to be unreasonable or if the evaluation of each factor is found to be incomplete, the hearing officer may recommend that the penalty be adjusted accordingly.
(g) Any penalty imposed by the Department of Health and Human Services under this section shall commence on the day the violation began.

(h) The Secretary may bring a civil action in the superior court of the county wherein the violation occurred to recover the amount of the administrative penalty whenever a facility:

(1) Which has not requested an administrative hearing fails to pay the penalty within 60 days after being notified of the penalty, or

(2) Which has requested an administrative hearing fails to pay the penalty within 60 days after receipt of a written copy of the decision as provided in G.S. 150B-36.

(i) In lieu of assessing an administrative penalty, the Secretary may order a facility to provide staff training if:

(1) The penalty would be for the facility’s only violation within a 12-month period preceding the current violation and while the facility is under the same management; and

(2) The training is:
   a. Specific to the violation;
   b. Approved by the Department of Health and Human Services; and
   c. Taught by someone approved by the Department and other than the provider.

(j) The clear proceeds of civil penalties provided for in this section shall be remitted to the State Treasurer for deposit in accordance with State law.

(k) In considering renewal of a license, the Department shall not renew a license if outstanding fines and penalties imposed by the Department against the facility or program have not been paid. Fines and penalties for which an appeal is pending are exempt from consideration for nonrenewal under this subsection."

PART I. APPLICATION FEE EXEMPTIONS

Section 1.(a) G.S. 105-129.6(1) reads as rewritten:

"(1) Fee. -- When filing an application for certification under this section, the taxpayer must pay the Department of Commerce a fee of five hundred dollars ($500.00) for each credit the taxpayer intends to claim with respect to a location that is in an enterprise tier three, four, or five area, subject to a maximum fee of one thousand five hundred dollars ($1,500) per taxpayer per taxable year. This fee does not apply to any credit the taxpayer intends to claim with respect to a location that is in a development zone as defined in G.S. 105-129.3A. If the taxpayer applies for certification for a credit that relates to locations in
more than one enterprise tier area, the fee is based on the highest-numbered enterprise tier area.

The Secretary of Commerce shall retain one-fourth of the proceeds of the fee imposed in this section for the costs of administering this section. The Secretary of Commerce shall credit the remaining proceeds of the fee imposed in this section to the Department of Revenue for the costs of administering and auditing the credits allowed in this Article. The proceeds of the fee are receipts of the Department to which they are credited."

Section 1.(b) G.S. 105-129.13(e) reads as rewritten:
"(e) Application. -- To be eligible for the tax credit provided in this section, in addition to the application required under G.S. 105-129.6, the taxpayer must file an application for the credit with the Secretary of Revenue on or before April 15 of the year following the calendar year in which the contribution was made. The Secretary may grant extensions of this deadline, as the Secretary finds appropriate, upon the request of the taxpayer, except that the application may not be filed after September 15 of the year following the calendar year in which the contribution was made. An application is effective for the year in which it is timely filed. The application must be on a form prescribed by the Secretary and must include any supporting documentation that the Secretary may require. If a contribution for which a credit is applied for was of property rather than cash, the taxpayer must include with the application a certified appraisal of the value of the property contributed. There is no fee for an application under this section."

PART II. EXTEND CREDIT CARRYFORWARDS

Section 2. G.S. 105-129.5 reads as rewritten:
"§ 105-129.5. (Repealed effective January 1, 2006) Tax election; cap; carryforwards.
(a) Tax Election. -- The credits provided in this Article are allowed against the franchise tax levied in Article 3 of this Chapter, and the income taxes levied in Article 4 of this Chapter, and the gross premiums tax levied in Article 8B of this Chapter. The taxpayer may divide the technology commercialization credit allowed in G.S. 105-129.9A between the taxes against which it is allowed. The taxpayer shall elect the percentage of the credit that will be taken against each tax when filing the return on which the credit is first taken. This election is binding. The percentage of the credit elected to be taken against each tax may be carried forward only against the same tax.

The taxpayer must take any other credit allowed in this Article against only one of the taxes against which it is allowed. The taxpayer shall elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax.

(b) Cap. -- The credits allowed under this Article may not exceed fifty percent (50%) of the tax against which they are claimed for the
taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article against each tax for the taxable year.

(c) Carryforward. -- Any unused portion of a credit with respect to a large investment or with respect to the technology commercialization credit allowed in G.S. 105-129.9A may be carried forward for the succeeding 20 years. Any unused portion of a credit may be carried forward for the succeeding 10 years if the Secretary of Commerce certifies when an application for the credit is first made that the taxpayer will purchase or lease, and place in service in connection with the eligible business within a two-year period, at least fifty million dollars ($50,000,000) worth of one or more of the following: real property, machinery and equipment, or central office or aircraft facility property. If the taxpayer fails to make the level of investment certified within this two-year period, the taxpayer forfeits this enhanced carryforward period. Any unused portion of any other credit may be carried forward for the succeeding five years."

PART III. REQUIRE WAGE STANDARD FOR GRANTS

Section 3.(a) Section 16.2 of S.L. 1999-237 reads as rewritten:

"INDUSTRIAL RECRUITMENT COMPETITIVE FUND

Section 16.2.(a) Funds appropriated in this act to the Department of Commerce for the Industrial Recruitment Competitive Fund shall be used to continue the Fund. The purpose of the Fund is to provide financial assistance to those businesses or industries deemed by the Governor to be vital to a healthy and growing State economy and that are making significant efforts to establish or expand in North Carolina. Monies allocated from the Fund shall be used for the following purposes:

(1) Installation or purchase of equipment;
(2) Structural repairs, improvements, or renovations of existing buildings to be used for expansion; and
(3) Construction of or improvements to new or existing water, sewer, gas or electric utility distribution lines, or equipment for existing buildings.

Monies may also be used for construction of or improvements to new or existing water, sewer, gas or electric utility distribution lines, or equipment to serve new or proposed industrial buildings used for manufacturing and industrial operations. The Governor shall adopt guidelines and procedures for the commitment of monies from the Fund. Monies from the Fund may be allocated only to projects that meet the wage standard set out in G.S. 105-129.4(b).

Section 16.2.(b) The Department of Commerce shall report on or before October 1, 1999, and quarterly thereafter to the Joint Legislative Commission on Governmental Operations and to the Fiscal
Research Division on the commitment, allocation, and use of funds allocated from the Industrial Recruitment Competitive Fund."

Section 3.(b) G.S. 143B-437.01(a) is amended by adding a new subdivision to read:

"(6) The funds shall not be used for any nonmanufacturing project that does not meet the wage standard set out in G.S. 105-129.4(b)."

PART IV. PROHIBIT FUNDING FOR DEFAULTING GRANTEES

Section 4. Part 1 of Article 10 of Chapter 143B of the General Statutes is amended by adding a new section to read:

"§ 143B-431.2. Department of Commerce - limitation on grants and loans.

The Department of Commerce may not make a loan nor award a grant to any individual, organization, or governmental unit if that individual, organization, or governmental unit is currently in default on any loan made by the Department of Commerce."

PART V. AIRCRAFT MAINTENANCE FACILITY CREDIT

Section 5. G.S. 105-129.2(2) reads as rewritten:

"(2) Central administrative office, office or aircraft facility. -- Either any of the following:

a. A corporate, subsidiary, or regional managing office, as defined by NAICS.

b. An auxiliary subdivision of an interstate passenger air carrier engaged primarily in centralized training for the carrier at its hub. For the purpose of this definition, the terms 'interstate passenger air carrier' and 'hub' have the meanings provided in G.S. 105-164.3.

c. An auxiliary subdivision of an interstate passenger air carrier engaged primarily in aircraft maintenance and repair services or aircraft rebuilding as defined by NAICS."

Section 5.(b) G.S. 105-129.2 is amended by adding two new subdivisions to read:

"(8) Hub. -- Defined in G.S. 105-164.3.

(8a) Interstate passenger air carrier. -- Defined in G.S. 105-164.3."

Section 5.(c) G.S. 105-129.4(a) through (b1), as amended by Section 11 of this act, read as rewritten:

"§ 105-129.4. (Repealed effective January 1, 2006) Eligibility; forfeiture.

(a) Type of Business. -- A taxpayer is eligible for a credit allowed by G.S. 105-129.12 if the real property for which the credit is claimed is used for a central administrative office or aircraft facility that creates at least 40 new jobs. A taxpayer is eligible for the other credits allowed by this Article if the taxpayer engages in one of the following types of businesses and the jobs with respect to which a credit is claimed are created in that business, the machinery and
equipment with respect to which a credit is claimed are used in that
business, and the research and development for which a credit is
claimed are carried out as part of that business:

(1) Air courier services.
(2) Central administrative office or aircraft facility that creates
at least 40 new jobs.
(2a) Customer service center located in an enterprise tier one or
two area.
(3) Data processing.
(3a) Electronic mail order house that creates at least 250 new
jobs and is located in an enterprise tier one or two area.
(4) Manufacturing.
(5) Warehousing.
(6) Wholesale trade.

(a1) New Jobs Defined. -- A central administrative office or
aircraft facility creates at least 40 new jobs if the taxpayer hires at least
40 additional full-time employees to fill new positions at the office
either in the year the taxpayer first uses the property as a central
administrative office or aircraft facility or in the preceding 24 months
while using temporary space for the central administrative office or
aircraft facility functions during completion of the administrative
central office or aircraft facility property. An electronic mail order
house creates at least 250 new jobs if the taxpayer hires at least 250
additional full-time employees to fill new positions at the house in the
two-year period ending on the last day of the taxable year the taxpayer
first claims a credit under this Article. Jobs transferred from one area
in the State to another area in the State are not considered new jobs
for purposes of this subsection.

(a2) Expiration. -- If, during the period that installments of a credit
under this Article accrue, the taxpayer is no longer engaged in one of
the types of business described in subsection (a) of this section, the
credit expires and the taxpayer may not take any remaining
installments of the credit. The taxpayer may, however, take the
portion of an installment that accrued in a previous year and was
carried forward to the extent permitted under G.S. 105-129.5.

(b) Wage Standard. -- A taxpayer is eligible for the credit for
creating jobs or the credit for worker training if the jobs for which the
credit is claimed meet the wage standard at the time the taxpayer
applies for the credit. A taxpayer is eligible for the credit for investing
in machinery and equipment, the credit for research and development,
or the credit for investing in real property for a central administrative
office or aircraft facility if the jobs at the location with respect to
which the credit is claimed meet the wage standard at the time the
taxpayer applies for the credit. Jobs meet the wage standard if they pay
an average weekly wage that is at least equal to the applicable
percentage times the applicable average weekly wage for the county in
which the jobs will be located, as computed by the Secretary of
Commerce from data compiled by the Employment Security
Commission for the most recent period for which data are available.
The applicable percentage for jobs located in an enterprise tier one area is one hundred percent (100%). The applicable percentage for all other jobs is one hundred ten percent (110%). The applicable average weekly wage is the lowest of the following: (i) the average wage for all insured private employers in the county, (ii) the average wage for all insured private employers in the State, and (iii) the average wage for all insured private employers in the county multiplied by the county income/wage adjustment factor. The county income/wage adjustment factor is the county income/wage ratio divided by the State income/wage ratio. The county income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the average per capita income in the State divided by the annualized average wage for all insured private employers in the State.

(b1) Large Investment. -- A taxpayer who is otherwise eligible for a tax credit under this Article becomes eligible for the large investment enhancements provided for credits under this Article if the Secretary of Commerce certifies that the taxpayer will purchase or lease, and place in service in connection with the eligible business within a two-year period, at least one hundred fifty million dollars ($150,000,000) worth of one or more of the following: real property, machinery and equipment, or central administrative office or aircraft facility property. If the taxpayer fails to make the level of investment certified within this two-year period, the taxpayer forfeits the large investment enhancements as provided in subsection (d) of this section.

Section 5.(d) G.S. 105-129.7(b) reads as rewritten:

"(b) Each taxpayer must provide with the tax return qualifying information for each credit claimed under this Article for the first taxable year the credit is claimed and for every year in which a subsequent installment or a carryforward of that credit is claimed. The qualifying information must be in the form prescribed by the Secretary, must cover each taxable year beginning with the first taxable year the credit is claimed, and must be signed and affirmed by the individual who signs the taxpayer's tax return. The information required by this subsection is information demonstrating that the taxpayer has met the conditions for qualifying for an initial credit and any installments and carryforwards, and includes the following:

(1) The physical location of the jobs and investment with respect to which the credit is claimed, including the enterprise tier designation of the location and whether it is in a development zone. In addition, for each individual who fills a job at a location with respect to which a credit is claimed, the place where the individual resided before taking the job, including any enterprise tier or development zone designation of that place.
(2) The type of business with respect to which the credit is claimed, as required by G.S. 105-129.4(a), and wage information described in G.S. 105-129.4(b).

(3) If the credit is claimed with respect to a large investment certified under G.S. 105-129.4(b1), 105-129.4(b1) or is a credit with a carryforward period of 10 years under G.S. 105-129.5(c), the amount of the investment requirement under that subsection those subsections that has been met to date.

(4) Qualifying information required for the credit for creating jobs allowed under G.S. 105-129.8, the credit for investing in machinery and equipment allowed under G.S. 105-129.9, the credit for worker training allowed under G.S. 105-129.11, the credit for investing in central administrative office or aircraft facility property allowed in G.S. 105-129.12, and any other credits allowed under this Article."

Section 5.(e)  G.S. 105-129.12 reads as rewritten: "§ 105-129.12. (Repealed effective January 1, 2006) Credit for investing in central administrative office or aircraft facility property.

(a) Credit. -- If a taxpayer that has purchased or leased real property in this State begins to use the property as a central administrative office or aircraft facility, the taxpayer is allowed a credit equal to seven percent (7%) of the eligible investment amount. The eligible investment amount is the lesser of (i) the cost of the property and (ii) the amount by which the cost of all of the property the taxpayer is using in this State as central administrative office or aircraft facility, office or aircraft facilities on the last day of the taxable year exceeds the cost of all of the property the taxpayer was using in this State as central administrative offices or aircraft facilities on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer was using the most property in this State as central administrative offices, office or aircraft facilities. In the case of property that is leased, the cost of the property is not determined as provided in G.S. 105-129.2 but is considered to be the taxpayer's lease payments over a seven-year period, plus any expenditures made by the taxpayer to improve the property before it is used as the taxpayer's central administrative office or aircraft facility if the expenditures are not reimbursed or credited by the lessor. The maximum credit allowed a taxpayer under this section for property used as a central administrative office or aircraft facility is five hundred thousand dollars ($500,000). The entire credit may not be taken for the taxable year in which the property is first used as a central administrative office or aircraft facility but shall be taken in equal installments over the seven years following the taxable year in which the property is first used as a central administrative office, office or aircraft facility. The basis in any real property for which a credit is allowed under this section shall be reduced by the amount of credit allowable.
(b) Mixed Use Property. -- If the taxpayer uses only part of the property as the taxpayer's central administrative office, office or aircraft facility, the amount of the credit allowed under this section is reduced by multiplying it by a fraction the numerator of which is the square footage of the property used as the taxpayer's central administrative office or aircraft facility and the denominator of which is the total square footage of the property.

(c) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the property with respect to which the credit was claimed is no longer used as a central administrative office, office or aircraft facility, the credit expires and the taxpayer may not take any remaining installment of the credit. If, in one of the seven years in which the installment of a credit accrues, part of the property with respect to which the credit was claimed is no longer used as a central administrative office, office or aircraft facility, the remaining installments of the credit shall be reduced by multiplying it by the fraction described in subsection (b) of this section. If, in one of the seven years in which the installment of a credit accrues, the total number of employees the taxpayer employs at all of its central administrative offices office or aircraft facilities in this State drops by 40 or more, the credit expires and the taxpayer may not take any remaining installment of the credit.

In each of these cases, the taxpayer may nonetheless take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5."

PART VI. EMPLOYEE BUYOUT INCENTIVE

Section 6. G.S. 105-129.4(e) reads as rewritten:

"(e) Change in Ownership of Business. -- The sale, merger, consolidation, conversion, acquisition, or bankruptcy of a business, or any transaction by which an existing business reformulates itself as another business, does not create new eligibility in a succeeding business with respect to credits for which the predecessor was not eligible under this Article. A successor business may, however, take any installment of or carried-over portion of a credit that its predecessor could have taken if it had a tax liability. The acquisition of a business is a new investment that creates new eligibility in the acquiring taxpayer under this Article if any of the following conditions are met:

(1) The business closed before it was acquired.

(2) The business was required to file a notice of plant closing or mass layoff under the federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2102, before it was acquired.

(3) The business was acquired by its employees through directly or indirectly through an acquisition company under an employee stock option transaction or another similar mechanism. For the purpose of this subdivision, "acquired" means that as part of the initial purchase of a business by
the employees, the purchase included an agreement for the employees through the employee stock option transaction or another similar mechanism to obtain one of the following:

a. Ownership of more than fifty percent (50%) of the business.

b. Ownership of not less than forty percent (40%) of the business within seven years if the business has tangible assets with a net book value in excess of one hundred million dollars ($100,000,000) and has the majority of its operations located in an enterprise tier one, two, or three area.

PART VII. LOW-INCOME HOUSING CREDIT CHANGES

Section 7. G.S. 105-129.16B(a), (c), and (d) read as rewritten:

"(a) Credit. -- A taxpayer that is allowed for the taxable year a federal income tax credit for low-income housing under section 42 of the Code with respect to a qualified North Carolina low-income building, is allowed a credit under this Article equal to a percentage of the total federal credit allowed with respect to that building. For the purposes of this section, the total federal credit allowed is the total allowed during the 10-year federal credit period plus the disallowed first-year credit allowed in the 11th year. For the purposes of this section, the total federal credit is calculated based on qualified basis as of the end of the first year of the credit period and is not recalculated to reflect subsequent increases in qualified basis. For buildings that meet condition (c)(1) or (c)(1a) of this section, the credit percentage is seventy-five percent (75%). For other buildings, the credit percentage is twenty-five percent (25%).

(c) Definitions. -- The definitions in section 42 of the Code apply in this section. In addition, as used in this section the term "qualified North Carolina low-income building" means a qualified low-income building that was allocated a federal credit under section 42(h)(1) of the Code, was not allowed a federal credit under section 42(h)(4) of the Code, and meets any of the following conditions:

(1) It is located in an area that, at the time the federal credit is allocated to the building, is a tier one or two enterprise area, as defined in G.S. 105-129.3.

(1a) It is located in a county that, at the time the federal credit is allocated to the building, has been designated as having sustained severe or moderate damage from a hurricane or a hurricane-related disaster, according to the Federal Emergency Management Agency impact map, revised on September 25, 1999. Those counties are Bertie, Beaufort, Bladen, Brunswick, Carteret, Columbus, Craven, Dare, Duplin, Edgecombe, Greene, Halifax, Hertford, Jones, Lenoir, Martin, Nash, New Hanover, Northampton,

(2) It is located in an area that, at the time the federal credit is allocated to the building, is a tier three or four enterprise area, and forty percent (40%) of its residential units are both rent-restricted and occupied by individuals whose income is fifty percent (50%) or less of area median gross income as defined in the Code.

(3) It is located in an area that, at the time the federal credit is allocated to the building, is a tier five enterprise area, and forty percent (40%) of its residential units are both rent-restricted and occupied by individuals whose income is thirty-five percent (35%) or less of area median gross income as defined in the Code.

(d) Expiration. -- If, in one of the five years in which an installment of the credit under this section accrues, the taxpayer is no longer eligible for the corresponding federal credit with respect to the same qualified North Carolina low-income building, then the credit under this section expires and the taxpayer may not take any remaining installment of the credit. If, in one of the five years in which an installment of the credit under this section accrues, the building no longer qualifies as a low-income building under subdivision (2) or (3) of subsection (c) of this section because less than forty percent (40%) of its residential units are both rent-restricted and occupied by individuals who meet the income requirements, then the credit under this section expires and the taxpayer may not take any remaining installments of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.17."

PART VIII. MODIFY CREDIT AND EXPIRATION PROVISIONS

Section 8.(a) G.S. 105-129.8(a) reads as rewritten:

"(a) Credit. -- A taxpayer that meets the eligibility requirements set out in G.S. 105-129.4, has five or more employees for at least 40 weeks during the taxable year, full-time employees, and hires an additional full-time employee during that year to fill a position located in this State is allowed a credit for creating a new full-time job. The amount of the credit for each new full-time job created is set out in the table below and is based on the enterprise tier of the area in which the position is located. In addition, if the position is located in a development zone, the amount of the credit is increased by four thousand dollars ($4,000) per job.

A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area. The credit may not be taken in the taxable year in which the additional employee is hired. Instead, the credit shall be taken in equal installments over the four years following the taxable year in which the additional employee was hired and shall be conditioned on the continued employment by the taxpayer of the number of full-time employees the taxpayer had upon hiring the employee that caused the taxpayer to qualify for the credit.

If, in one of the four years in which the installment of a credit accrues, the number of the taxpayer's full-time employees falls below the number of full-time employees the taxpayer had in the year in which the taxpayer qualified for the credit, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

Jobs transferred from one area in the State to another area in the State shall not be considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the position filled by the employee is moved to an area in a higher- or lower-numbered enterprise tier, or is moved from a development zone to an area that is not a development zone, the remaining installments of the credit shall be calculated as if the position had been created initially in the area to which it was moved."

Section 8.(b)  G.S. 105-129.9 reads as rewritten:

"§ 105-129.9. Credit for investing in machinery and equipment.

(a) General Credit. -- If a taxpayer that has purchased or leased eligible machinery and equipment places them in service in this State during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the excess of the eligible investment amount over the applicable threshold. Machinery and equipment are eligible if they are capitalized by the taxpayer for tax purposes under the Code and not leased to another party. In addition, in the case of a large investment, machinery and equipment that are not capitalized by the taxpayer are eligible if the taxpayer leases them from another party. The credit may not be taken for the taxable year in which the machinery and equipment are placed in service but shall be taken in equal installments over the seven years following the taxable year in which they are placed in service.

(a1) Technology Commercialization Credit. -- If a taxpayer is eligible for the credit allowed in this section with respect to eligible machinery and equipment and qualifies for one of the credits allowed in G.S. 105-129.9A with respect to the same machinery and equipment, the taxpayer may choose to take one of those credits instead of the credit allowed in this section. A taxpayer may take the credit allowed in this section or one of the credits allowed in G.S. 105-129.9A during a taxable year with respect to eligible machinery and equipment, but may not take more than one of these credits with respect to the same machinery and equipment.
(b) Eligible Investment Amount. -- The eligible investment amount is the lesser of (i) the cost of the eligible machinery and equipment and (ii) the amount by which the cost of all of the taxpayer's eligible machinery and equipment that are in service in this State on the last day of the taxable year exceeds the cost of all of the taxpayer's eligible machinery and equipment that were in service in this State on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer had the most eligible machinery and equipment in service in this State. A taxpayer that claims a credit under this section must include with the application for certification required under G.S. 105-129.6(a) specific documentation supporting the taxpayer's calculation of the eligible investment amount under this subsection.

(c) Threshold. -- The applicable threshold is the appropriate amount set out in the following table based on the enterprise tier of the area where the eligible machinery and equipment are placed in service during the taxable year. If the taxpayer places eligible machinery and equipment in service in more than one area during the taxable year, the threshold applies separately to the eligible machinery and equipment placed in service in each area. If the taxpayer places eligible machinery and equipment in service in an area over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

(d) Expiration. -- If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are disposed of, taken out of service, or moved out of State, the credit expires and the taxpayer may not take any remaining installment of the credit. Credit for that machinery and equipment unless the cost of that machinery and equipment is offset in the same taxable year by the taxpayer's new investment in eligible machinery and equipment placed in service in the same enterprise tier, as provided in this subsection. If, during the taxable year the taxpayer disposed of the machinery and equipment for which installments remain, there has been a net reduction in the cost of all the taxpayer's eligible machinery and equipment that are in service in the same enterprise tier as the machinery and equipment that were disposed of, and the amount of this reduction is greater than twenty percent (20%) of the cost of the machinery and equipment that were disposed of, then the taxpayer forfeits the remaining installments of the credit for the machinery and equipment that were disposed of. If the amount of the net reduction is equal to twenty percent (20%) or less of the cost of the machinery and equipment that were disposed of,
or if there is no net reduction, then the taxpayer does not forfeit the remaining installments of the expired credit. In determining the amount of any net reduction during the taxable year, the cost of machinery and equipment the taxpayer placed in service during the taxable year and for which the taxpayer claims a credit under Article 3B of this Chapter may not be included in the cost of all the taxpayer’s eligible machinery and equipment that are in service. If in a single taxable year machinery and equipment with respect to two or more credits in the same tier are disposed of, the net reduction in the cost of all the taxpayer’s eligible machinery and equipment that are in service in the same tier is compared to the total cost of all the machinery and equipment for which credits expired in order to determine whether the remaining installments of the credits are forfeited.

The taxpayer may, however, take expiration of a credit does not prevent the taxpayer from taking the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are moved to an area in a higher-numbered enterprise tier, or are moved from a development zone to an area that is not a development zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the machinery and equipment had been placed in service initially in the area to which they were moved.

(e) Planned Expansion. -- A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in service in an area within two years after the date the letter is signed may, in the year the eligible machinery and equipment are placed in service in that area, calculate the credit for which the taxpayer qualifies based on the area's enterprise tier and development zone designation for the year the letter was signed. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service within the two-year period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the two-year period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection."

Section 8.(c) G.S. 105-129.4 is amended by adding a new subsection to read:
"(a2) Expiration. -- If, during the period that installments of a credit under this Article accrue, the taxpayer is no longer engaged in one of the types of business described in subsection (a) of this section, the credit expires and the taxpayer may not take any remaining installments of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5."

Section 5.(b) Decreases in Federal Fund Availability. -- If the United States Congress reduces federal fund availability in the Social Services Block Grant below the amounts appropriated in this section, then the Department of Health and Human Services shall allocate these decreases giving priority first to those direct services mandated by State or federal law, then to those programs providing direct services that have demonstrated effectiveness in meeting the federally and State-mandated services goals established for the Social Services Block Grant. The Department shall not include transfers from TANF for specified purposes in any calculations of reductions to the Social Services Block Grant.

If the United States Congress reduces the amount of TANF funds below the amounts appropriated in this section after the effective date of this act, then the Department shall allocate the decrease in funds after considering any underutilization of the budget and the effectiveness of the current level of services. Any TANF Block Grant fund changes shall be reported to the Senate Appropriations Committee on Human Resources, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

Decreases in federal fund availability shall be allocated for the Maternal and Child Health and Preventive Health Services federal block grants by the Department of Health and Human Services after considering the effectiveness of the current level of services.

Section 5.(c) Increases in Federal Fund Availability. -- Any block grant funds appropriated by the United States Congress in addition to the funds specified in this act shall be expended by the Department of Health and Human Services, with the approval of the Office of State Budget and Management, provided the resultant increases are in accordance with federal block grant requirements and are within the scope of the block grant plan approved by the General Assembly.

Section 5.(d) Changes to the budgeted allocations to the block grants appropriated in this act due to decreases or increases in federal
funds shall be reported immediately to the Senate Appropriations Committee on Human Resources, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

Section 5.(e) Limitations on Preventive Health Services Block Grant Funds. -- Twenty-five percent (25%) of funds allocated for Rape Prevention and Rape Education shall be allocated as grants to nonprofit organizations to provide rape prevention and education programs targeted for middle, junior high, and high school students.

If federal funds are received under the Maternal and Child Health Block Grant for abstinence education, pursuant to section 912 of Public Law 104-193 (42 U.S.C. § 710), for the 2000-2001 fiscal year, then those funds shall be transferred to the State Board of Education to be administered by the Department of Public Instruction. The Department of Public Instruction shall use the funds to establish an Abstinence Until Marriage Education Program and shall delegate to one or more persons the responsibility of implementing the program and G.S. 115C-81(e1)(4). The Department of Public Instruction shall carefully and strictly follow federal guidelines in implementing and administering the abstinence education grant funds.

Section 5.(f) The sum of one million five hundred thousand dollars ($1,500,000) appropriated to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2000-2001 fiscal year for the evaluation of the Work First Program shall be used to do each of the following:

1) Expand the current evaluation of the Work First Program to assess former recipients’ earnings, barriers to advancement to economic self-sufficiency, utilization of community support services, and other longitudinal employment data. Assessment periods shall include six and 18 months following closure of the case.

2) Expand the current evaluation of the Work First Program to profile the State’s child-only caseload to include indicators of economic and social well-being, academic and behavioral performance, demographic data, description of living arrangements including length of placement out of the home, social and other human services provided to families, and other information needed to assess the needs of the child-only Work First Family Assistance clients and families.

3) Expand the current evaluation to profile clients and families exempted from federal and State work participation requirements. The evaluation shall include an assessment of the client and family needs including why clients and families have been exempted.

The Department of Health and Human Services shall make a report on its progress in complying with this subsection to the Senate Appropriations Committee on Human Resources, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division no later than September
S.L. 2000-67

Section 5.(g) The sum of one million six hundred seven thousand five hundred twenty-nine dollars ($1,607,529) appropriated to the Department of Health and Human Services, Division of Social Services, in this section in the TANF Block Grant in the 2000-2001 fiscal year for the Work First job retention and follow-up model programs shall be used to continue pilots and strategies that support TANF recipients in attaining and maintaining self-sufficiency through job retention, family support services, and pre- and post-TANF follow-up.

The Department of Health and Human Services shall make a report on its use of TANF funds for the Work First job retention pilots. This report shall include each of the following:

(1) A description of the clients served by the program. This description shall include demographic and geographic information about the clients.
(2) A description of services provided by the program.
(3) The effectiveness of services to clients. Effectiveness of services to clients shall be measured, in part, by the percentage of clients who remain employed at intervals of six months and one year after commencement of employment.
(4) The estimated cost of services per client.
(5) A description of the development and design of the program and of any evaluation mechanisms.
(6) A description of coordination efforts among local departments of social services with other human services agencies.
(7) A description of progress in achieving other outcome goals such as family economic progress and child/family well-being.

This report shall be made to the Senate Appropriations Committee on Human Resources, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division no later than April 1, 2001.

Section 5.(h) The sum of five hundred eleven thousand six hundred eighty-seven dollars ($511,687) appropriated in this section in the Social Services Block Grant to the Department of Health and Human Services, Special Children Adoption Fund, for the 2000-2001 fiscal year shall be used to implement this subsection. The Division of Social Services, in consultation with the North Carolina Association of County Directors of Social Services and representatives of licensed private adoption agencies, shall develop guidelines for the awarding of funds to licensed public and private adoption agencies upon the adoption of children described in G.S. 108A-50 and in foster care. Payments received from the Special Children Adoption Fund by participating agencies shall be used exclusively to enhance the adoption services program. No local match shall be required as a condition for receipt of these funds.
Section 5.(i) If funds appropriated through the Child Care and Development Fund for any program cannot be obligated or spent in that program within the obligation or liquidation periods allowed by the federal grants, the Department may move funds to other programs, in accordance with federal requirements of the grant, in order to use the federal funds fully.

Section 5.(j) The sum of one million five hundred thousand dollars ($1,500,000) appropriated in this act in the TANF Block Grant and transferred to the Social Services Block Grant to the Department of Health and Human Services, Division of Social Services, for child caring agencies for the 2000-2001 fiscal year shall be allocated to the State Private Child Caring Agencies Fund. These funds shall be combined with all other funds allocated to the State Private Child Caring Agencies Fund for the reimbursement of the State’s portion of the cost of care for the placement of certain children by the county departments of social services who are not eligible for federal IV-E funds. STATE-SUPPORTED SCIENCE/TECHNOLOGY
RECOMMENDATIONS/STUDY

Section 7.3.(a) The General Assembly finds that significant State funding or in-kind support of scientific or technological development activity by a non-State entity has been provided, but questions have arisen about whether there has been adequate provision for reimbursement of these expenses or a sharing by the State of the returns on the activities. The General Assembly desires to develop a policy to ensure that the State will share in any gain on these development activities in return for the substantial investment provided by the State, without discouraging traditional scientific or technological development activities provided through research institutions in the University system. The General Assembly finds that any solution should not cause unintended consequences, but shall protect the interest of the taxpayers who have provided the funds.

The General Assembly further finds that the constituent institutions of The University of North Carolina and the North Carolina Community Colleges System already have in place licensing, royalty, intellectual property, and other arrangements.

Section 7.3.(b) The Legislative Research Commission may study whether, consistent with the findings of subsection (a) of this section, the following should be required from the non-State entity as conditions of the funding or in-kind support:

(1) An acknowledgement that State funding or in-kind support is provided to serve a public purpose.

(2) A copy of the non-State entity’s audited annual financial report for the year before and then each year after the extension of State funding or in-kind support.

(3) A quarterly report of marketing activities related to any of its scientific or technological development activity that has received State funding or in-kind support.

(4) Prior notice of any acquisition, merger, or corporate activity by the non-State entity that would:
   a. Affect the public purpose and public benefit contemplated in the extension of State funding or in-kind support.
   b. Benefit any of its corporate officers in the form of receiving directly or indirectly stock, stock options, or other valuable interest in a for-profit or nonprofit entity.

Section 7.3.(c) The Legislative Research Commission shall further study, consistent with the findings in subsection (a) of this section, whether the State shall provide funding or in-kind support to a non-State entity for scientific or technological development only as a contractual agreement and whether a condition of the contract shall be that the non-State entity do the following: (1) Reimburse the State for all State support of any invention, innovation, discovery, or process that is transferred or marketed for a profit by the non-State entity.
Section 7.3.(d) The Legislative Research Commission may consult with The University of North Carolina and the North Carolina Community Colleges System regarding policy and practices relative to licensing and royalty arrangements.

Section 7.3.(e) The Legislative Research Commission shall report its recommendations to the 2001 Session of the General Assembly.

(e) The General Assembly may appropriate that part of the anticipated General Fund credit balance not expected to be reserved only for capital improvements or other one-time expenditures."

Section 7.7.(f) G.S. 143-15.3(a) reads as rewritten:

"(a) There is established a Savings Reserve Account as a restricted reserve in the General Fund. The State Controller shall reserve to the Savings Reserve Account one-fourth of any unreserved credit balance remaining in the General Fund at the end of each fiscal year until the account contains funds equal to five percent (5%) of the amount appropriated the preceding year for the General Fund operating budget, including local government tax-sharing funds, that were directly appropriated. 3. May include a decision to use State funds in accordance with G.S. 115C-105.25. The strategies for improving student performance shall:

4. Shall include a plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school. The strategies may also:

5. May include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26.

Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the local board of education only if the proposed school improvement plan has the approval of a majority of the staff who voted on the plan.

The local board of education shall accept or reject the school improvement plan. The local board shall not make any substantive changes in any school improvement plan that it accepts. If the local board rejects a school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board to accept or reject. If no school improvement plan is accepted for a school within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and
local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school. The General Assembly urges the local board to utilize the school’s proposed school improvement plan to the maximum extent possible when developing such a plan.

A school improvement plan shall remain in effect for no more than three years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the local board finds that a school improvement plan is impeding student performance at a school, the local board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this subsection shall apply to amendments and revisions to school improvement plans."

Section 8.11.(e)  For the 2000-2001 fiscal year, a principal or assistant principal shall be placed on the appropriate step plus one percent (1%) if:

(1) The employee’s school met or exceeded the projected levels of improvement in student performance for the 1997-98 fiscal year, in accordance with the ABCs of Public Education Program;

(2) The local board of education found in 1997-98 that the employee’s school met objectively measurable goals set by the local board of education for maintaining a safe and orderly school;

The principal or assistant principal shall be placed on the appropriate step plus an additional one percent (1%) for meeting each additional condition set out in subdivisions (1) through (6). Under no circumstance shall placement of a principal or assistant principal be
higher than six percent (6%) above the appropriate step on the salary schedule.

Section 8.11.(f) For the 2000-2001 fiscal year, a principal or assistant principal shall receive a lump-sum payment of:

(2) One percent (1%) of his or her State-paid salary if the local board of education finds that the employee’s school has met the 2000-2001 goals of the local plan for maintaining a safe and orderly school.

The principal or assistant principal shall receive a lump-sum payment of two percent (2%) if the conditions set out in both subdivisions (1) and (2) are satisfied.

The lump sum shall be paid as determined by guidelines adopted by the State Board. Except as provided in subsection (1) of this section, placement on the salary schedule in the following year shall be based upon these increases.

Section 8.11.(i) Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

Section 8.11.(j)

(1) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal’s entire career as a principal at the higher job classification.

(2) If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local
school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal’s entire career as a principal at the lower job classification.

NATIONAL BOARD FOR PROFESSIONAL TEACHING STANDARDS CERTIFICATION

Section 8.16. Chapter 115C of the General Statutes is amended by adding a new section to read:

"§ 115C-296.2. National Board for Professional Teaching Standards Certification.

(a) State Policy. -- It is the goal of the State to provide opportunities and incentives for good teachers to become excellent teachers and to retain them in the teaching profession; to attain this goal, the State shall support the efforts of teachers to achieve national certification by providing approved paid leave time for teachers participating in the process, paying the participation fee, and paying a significant salary differential to teachers who attain national certification from the National Board for Professional Teaching Standards (NBPTS).

The National Board for Professional Teaching Standards (NBPTS) was established in 1987 as an independent, nonprofit organization to establish high standards for teachers’ knowledge and performance and for development and operation of a national voluntary system to assess and certify teachers who meet those standards. Participation in the program gives teachers the time and the opportunity to analyze in a systematic way their professional development as teachers, successful teaching strategies, and the substantive areas in which they teach. Participation also gives teachers an opportunity to demonstrate superior ability and to be compensated as superior teachers. To receive NBPTS certification, a teacher must successfully (i) complete a process of developing a portfolio of student work and videotapes of teaching and learning activities and (ii) participate in NBPTS assessment center simulation exercises, including performance-based activities and a content knowledge examination.

(b) Definitions. -- As used in this subsection:

(1) A ‘North Carolina public school’ is a school operated by a local board of education, the Department of Health and Human Services, the Department of Correction, the Office of Juvenile Justice or The University of North Carolina; a school affiliated with The University of North Carolina; or a charter school approved by the State Board of Education.

(2) A ‘teacher’ is a person who:

a. Either:

1. Is certified to teach in North Carolina; or
2. Holds a certificate or license issued by the State Board of Education that meets the professional license requirement for NBPTS certification;
b. Is a State-paid employee of a North Carolina public school; 
c. Is paid on the teacher salary schedule; and 
d. Spends at least seventy percent (70%) of his or her work time:

1. In classroom instruction, if the employee is employed as a teacher. Most of the teacher's remaining time shall be spent in one or more of the following: mentoring teachers, doing demonstration lessons for teachers, writing curricula, developing and leading staff development programs for teachers; or

2. In work within the employee’s area of certification or licensure, if the employee is employed in an area of NBPTS certification other than direct classroom instruction.

(c) Payment of the NBPTS Participation Fee; Paid Leave. -- The State shall pay the NBPTS participation fee and shall provide up to three days of approved paid leave to all teachers participating in the NBPTS program who:

(1) Have completed three full years of teaching in a North Carolina public school; and

(2) Have (i) not previously received State funds for participating in any certification area in the NBPTS program, (ii) repaid any State funds previously received for the NBPTS certification process, or (iii) received a waiver of repayment from the State Board of Education.

Teachers participating in the program shall take paid leave only with the approval of their supervisors.

(d) Repayment by a Teacher Who Does Not Complete the Process. -- A teacher for whom the State pays the participation fee who does not complete the process shall repay the certification fee to the State.

Repayment is not required if a teacher does not complete the process due to the death or disability of the teacher. Upon the application of the teacher, the State Board of Education may waive the repayment requirement if the State Board finds that the teacher was unable to complete the process due to the illness of the teacher, the death or catastrophic illness of a member of the teacher's immediate family, parental leave to care for a newborn or newly adopted child, or other extraordinary circumstances.

(e) Repayment by a Teacher Who Does Not Teach for a Year After Completing the Process. -- A teacher for whom the State pays the participation fee who does not teach for a year in a North Carolina public school after completing the process shall repay the certification fee to the State.

Repayment is not required if a teacher does not teach in a North Carolina public school for at least one year after completing the process due to the death or disability of the teacher. Upon the application of the teacher, the State Board of Education may extend the time before which a teacher must either teach for a year or repay the
participation fee if the State Board finds that the teacher is unable to teach the next year due to the illness of the teacher, the death or catastrophic illness of a member of the teacher's immediate family, parental leave to care for a newborn or newly adopted child, or other extraordinary circumstances.

(f) Rules. -- The State Board shall adopt policies and guidelines to implement this section."

"c. (Effective until July 1, 2003) Should a beneficiary who retired on an early or service retirement allowance under this Chapter be reemployed, or otherwise engaged to perform services, by an employer participating in the Retirement System on a part-time, temporary, interim, or on a fee-for-service basis, whether contractual or otherwise, and if such beneficiary earns an amount in any calendar year which exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars ($20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar year. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. The amount that may be earned before suspension shall be increased on January 1 of each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent (1/10 of 1%)."
The computation of postretirement earnings of a beneficiary under this sub-subdivision, G.S 135-3(8)c., who has been retired at least 12 months and has not been employed in any capacity, except as a substitute teacher, with a public school for at least 12 months, months immediately preceding the effective date of reemployment, shall not include earnings while:

1. The beneficiary is employed to teach on a substitute or interim basis, and not on a permanent basis, in a public school;

2. The beneficiary is employed to teach in the teacher's area of certification in a low-performing school. As used in this sub-subdivision, a low-performing school is a public elementary or middle school at which forty-eight percent (48%) or more of the students were below grade level during either of the prior two school years or a public high school identified by the State Board of Education as low-performing. If the designation of low-performing is removed while the beneficiary is employed to teach at the school, the provisions of this sub-subdivision apply for the next two school years after the designation is removed; or

3. The beneficiary is employed to teach in a public school in the teacher's area of certification in a geographical area in which the State Board of Education determines that there is a shortage of teachers in the beneficiary's area of certification, while the beneficiary is employed to teach on a substitute, interim, or permanent basis in a public school. The Department of Public Instruction shall certify to the Retirement System that a beneficiary is employed to teach by a local school administrative unit under the provisions of this sub-subdivision and as a retired teacher as the term is defined under the provisions of G.S. 115C-325(a)(5a).

Beneficiaries employed under this sub-subdivision are not entitled to any benefits otherwise provided under this Chapter as a result of this period of employment."

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

Section 8.25. Section 8.6 of S.L. 1999-237 reads as rewritten:

"Section 8.6. (a) Funds for Small School Systems. -- Except as provided in subsection (b) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,150 students and (ii) to each county school administrative unit with an average daily membership of from 3,150 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,150 to 4,000 students. The allocation formula shall:

(1) Round all fractions of positions to the next whole position.
(2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four, and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.
(3) Provide additional program enhancement teachers adequate to offer the standard course of study.
(4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.
(5) Provide a base for the consolidated funds allotment of at least three hundred fifty-five thousand dollars ($355,000), four hundred sixty-six thousand dollars ($466,000) excluding textbooks.
(6) Allot vocational education funds for grade 6 as well as for grades 7-12.

If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fund fully the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units."

CLOSING THE ACHIEVEMENT GAP

Section 8.28.(a) The State Board of Education (Board) shall study the connection between the identification of minority and at-risk students as students with behavioral or emotional disabilities and the gap in student achievement. As part of this study, the Board shall examine the following:

(1) The criteria used to identify whether a student has a behavioral or emotional disability and requires special education. The study shall determine whether identification and placement decisions of these students are based primarily on valid and objective criteria.

(2) The curricula for these students, to determine whether they are sufficiently rigorous and the teaching methodologies are sound and appropriate.

(3) Utilization of other services, such as mental health, mentoring, and consultation, to improve academic and social success for these students.

(4) Qualifications of teachers who are assigned to teach these students.

The Board shall make an interim report by January 15, 2001, and a final report by May 15, 2001, on the results of this study, including findings and any recommendations, to the Committee on Improving the Academic Achievement of Minority and At-Risk Students (Academic Achievement Committee) and to the Joint Legislative Education Oversight Committee (Education Oversight Committee).

Section 8.28.(b) The Board shall study the underrepresentation of minority and at-risk students in honors classes, advanced placement classes, and academically gifted programs. The Board shall evaluate whether this underrepresentation contributes to the gap in student achievement. In particular, the Board shall examine the criteria used to identify whether a student is eligible for one of these classes or programs. The study shall determine whether identification and placement decisions of these students are based primarily on valid and objective criteria. The Board also shall examine whether low academic expectations or certain instructional practices, such as tracking, contribute to this underrepresentation. The Board shall make an interim report by January 15, 2001, and a
final report by May 15, 2001, on the results of this study, including findings and any recommendations needed to increase representation of students in these programs, to the Committee on Improving the Academic Achievement of Minority and At-Risk Students (Academic Achievement Committee) and to the Joint Legislative Education Oversight Committee (Education Oversight Committee).

Section 8.28.(c) The Board shall design an annual Minority Achievement Report Card to be implemented fully beginning with the 2001-2002 school year. The report card shall be based on data the Board collects from local school administrative units and individual schools. Local school administrative units shall collect, maintain, and submit data needed to prepare the report card. The Board shall establish a baseline in accordance with its plan for the report card. The Board may combine this information with another report, as long as the information reported under this section is readily discernible. The Board shall condense and publicly disseminate the data in a form that can be accessed easily, such as through a web site.

The Board shall report to the Academic Achievement Committee and Education Oversight Committee by November 15, 2000, on the development of the report card under this section.

Section 8.28.(d) The Board shall develop guidelines to enable the formation of a local task force in each local school administrative unit. The purpose of this task force is to advise and work with the local board of education and administration on closing the gap in academic achievement and on developing a collaborative plan for achieving that goal. The guidelines shall provide for the following:

(1) Each local school administrative unit shall have a task force, if appropriate.

(2) Each task force shall be racially diverse and shall include parents, school personnel, and representatives from human service agencies, nonprofit organizations, and the business sector.

The Board shall determine the funding needed to implement these guidelines and shall report this information to the Academic Achievement Committee and the Education Oversight Committee by November 15, 2000.

Section 8.28.(e) The Board shall develop a plan and budget (projecting five-year cost) to:

(1) Provide sufficient staff development activities so as to ensure teachers have the tools needed for success in teaching a diverse student population and interacting with their families. These activities shall include understanding and respecting racial, ethnic, religious, and cultural impact on a child's development and personality.

(2) Provide sufficient funding for Limited English Proficiency (LEP) students.

(3) Translate the State-level forms and basic school information that will be made available to parents or to the general
public into Spanish and include them on the Department of Public Instruction’s web site in English and Spanish.

(4) Evaluate the level of funding needed to have LEAs hire translators to work with Spanish-speaking parents and those school personnel whose jobs require regular contact with those parents.

(5) Provide appropriate staff development funds for training in English as Second Language (ESL) methodologies and pedagogy for teachers, administrators, and support personnel.

(6) Review implementation guidelines for student accountability standards and promotion policies for LEP students.

(7) Develop guidelines for evaluating students’ instructional portfolios and for waiving test standards for LEP students. In its development of guidelines, the Board shall consider extending the End-of-Grade testing exemption period to more than two years for LEP students, to the extent that this extension does not conflict with federal law or regulation.

The Board shall report to the Academic Achievement Committee and to the Education Oversight Committee on the plan and budget developed under this subsection by November 15, 2000.

Section 8.28.(f) The Board shall develop a plan to establish a hotline to collect complaints alleging disparate treatment of minority students and students from low-income families. In developing the plan, the Board shall give strong consideration to the following:

(1) The establishment of teams to review and categorize the complaints for reporting annually to the General Assembly.

(2) The appropriate number of hotline personnel who speak and understand Spanish.

(3) A mechanism, where warranted, for the Board to respond to and secure an independent and impartial investigation of systemic problems revealed through the complaints.

(4) A procedure for the Board to report individual complaints, unless the person making the complaint requests otherwise, to the appropriate local school administrative unit so that it also may investigate.

(5) The criteria for a local investigation that assures fair and impartial investigation.

(6) Any additional information that is required so that the hotline is fully implemented by the beginning of the 2001-2002 school year.

The Board shall report to the Academic Achievement Committee and to the Education Oversight Committee by November 15, 2000, on the implementation of this subsection. This report may include recommendations and a request for funding to establish the hotline.

Section 8.28.(g) The Board shall report data, to the extent those data are reasonably available, from the 1998-99 and 1999-2000 school years on student suspensions and expulsions. All such data shall be collected and reported beginning with the effective date of this
act. The report shall show, for each local school administrative unit and by race, gender, and the reason for the suspensions and expulsions, the number of students suspended for less than 11 days, the number of students suspended for more than 10 days, the number of students expelled, and the number of students placed in an alternative program as the result of student conduct which could have led to a suspension or expulsion. Each local school administrative unit shall submit to the Board by October 15, 2000, any information the Board needs to make this report. The Board shall report to the Academic Achievement Committee and to the Education Oversight Committee by January 15, 2001.

Section 8.28.(h) Of the funds appropriated to State Aid to Local School Administrative Units, the State Board of Education may use up to four hundred thousand dollars ($400,000) to implement this section.

Section 8.28.(i) The Education Cabinet, through its Research Council, shall review the findings and recommendations of the State Board of Education required in this section, the results of the consortium of Historically Minority College and University initiative to close the achievement gap, the evaluations and results of the pilot programs of the Department of Health and Human Services required in Section 11.4A of this act, and the results of the pilot programs established pursuant to Section 8.36 of S.L. 1999-237. The Research Council shall report to the Education Cabinet and to the Joint Legislative Education Oversight Committee on the best practices and methodologies identified in the above efforts that are most effective in closing the achievement gap for children of various demographic groups who are performing below grade level. The Research Council and the Education Cabinet shall make recommendations to the Joint Legislative Education Oversight Committee by March 15, 2002, on the most cost-effective methods of improving student achievement among the targeted groups.

"(b1) The State Board of Education shall develop a plan to provide a focused review of teacher education programs and the current process of accrediting these programs in order to ensure that the
programs produce graduates that are well prepared to teach. The plan shall include the development and implementation of a school of education performance report for each teacher education program in North Carolina. The performance report shall include at least the following elements: (i) quality of students entering the schools of education, including the average grade point average and average score on preprofessional skills tests that assess reading, writing, math and other competencies; (ii) graduation rates; (iii) time-to-graduation rates; (iv) average scores of graduates on professional and content area examination for the purpose of certification; (v) percentage of graduates receiving initial certification; (vi) percentage of graduates hired as teachers; (vii) percentage of graduates remaining in teaching for four years; (viii) graduate satisfaction based on a common survey; and (ix) employer satisfaction based on a common survey. The performance reports shall follow a common format. The performance reports shall be submitted annually for the 1998-99, 1999-2000, and 2000-2001 school years. The performance reports shall be submitted biannually thereafter to coincide with the Board of Governors' biannual report institutional effectiveness annually. The State Board of Education shall develop a plan to be implemented beginning in the 1998-99 school year to reward and sanction approved teacher education programs and masters of education programs and to revoke approval of those programs based on the performance reports and other criteria established by the State Board of Education.

(2) Consider which education entity is the most appropriate one to offer each program.
(3) Consider distance learning options.
(4) Examine whether there should be tuition waivers for high school students who take courses at community colleges or universities.
(5) Determine whether there should be a minimum age for participation in the adult high school program.
(6) Determine the feasibility, advantages and disadvantages, procedures, and costs for requiring students who participate in the adult high school program to take tests required of high school students taking the same courses.
(7) Evaluate the recent recommendations concerning the cooperative high school program that were made to the Joint Legislative Education Oversight Committee by the State Board of Education and the State Board of Community Colleges. In particular, the Cabinet shall determine whether students should receive weighted credit on their high school transcripts for college level courses taken at community colleges, universities, or colleges, and whether this program is an appropriate venue for developmental courses.

The consultant shall take into account two approaches to distance learning currently being considered by the Community College System. One model emphasizes a regional approach involving...

Section 9.9.(a) Funds appropriated in this act for summer term curriculum instruction are provided as a supplement to curriculum enrollment funding for the regular academic year. These funds are
for direct instructional costs, including faculty salaries and benefits, and instructional supplies and materials ("other costs") and shall be budgeted as such by the community college institutions. These funds may be carried forward beyond the fiscal year in which they are appropriated, only for the purpose of fulfilling a contractual obligation for summer term curriculum instructional faculty.

Funding for summer term curriculum instruction shall be allocated from a separate line item in State aid fund code 1600 based on full-time equivalent student enrollment in summer term curriculum course offerings for the prior fiscal year. Funding for summer term curriculum instruction shall not be included in the continuing budget concept for full-time equivalent (FTE) enrollment funding as enacted in Section 10.4(b) of S.L. 1998-212.

It is the intent of the General Assembly to review annually the objectives, use of funds, and benefits of funding for summer term curriculum instruction to determine whether to provide increased funding for this purpose.

Nothing in this section shall be construed as the intent of the General Assembly to provide additional funding for summer term curriculum enrollment increases or to increase the rate of funding per FTE for summer term enrollment.

The State Board of Community Colleges shall adopt a calendar for curriculum instruction, designating the dates on which the fall, spring, and summer terms shall begin and end. The calendar shall provide for flexibility among community college institutions for actual starting and ending dates within a range established by the State Board of Community Colleges. The session for the summer term shall not overlap either the fall or spring semesters in such a way as to allow summer term earned FTE to be counted as fall or spring earned FTE for the purposes of determining enrollment funding under the continuing budget concept.

Section 9.9.(b) The State Board of Community Colleges shall hold harmless, from monetary penalties, repayment of State resources, and reimbursement of uncollected tuition, any community college for which the Program Audit Services Section of the Community Colleges System Office notes an audit exception for membership hours reported on the Spring 1999 Curriculum Institution Class Report (ICR) for classes which began after the institution's published ending date for that term. This subsection shall only apply for curriculum membership hours reported for the Spring 1998 to Spring 1999 reporting period. This subsection applies to all final audit exceptions noted previously or in the future.

Section 9.9.(c) The State Board of Community Colleges shall report on the implementation of this section to the Joint Legislative Education Oversight Committee by January 8, 2001. The report shall include the calendar adopted by the State Board, a summary of anticipated summer term course offerings by institution, and an explanation of the planned use of funds provided as a supplement for summer term curriculum instruction by institution.

UNC NEED-BASED STUDENT FINANCIAL AID PROGRAM

Section 10.1. Of the funds appropriated by this act to the Board of Governors of The University of North Carolina the sum of five million dollars ($5,000,000) in recurring funds shall be used to establish and begin the implementation of the new need-based student financial aid program for in-State students attending constituent institutions of The University of North Carolina. The program shall provide grants to needy North Carolina students who are seeking undergraduate degrees or masters degrees. Eligibility of a student for a program grant shall be based on a formula that offsets Pell grants and federal tax credits before determining eligibility to receive one of the new grants. In addition, to be eligible for a program grant, a student shall also be required to contribute a combination of personal savings, borrowed funds, institutional aid, and personal earnings, called self-help.

The new program shall be administered by the North Carolina State Education Assistance Authority. The North Carolina State Education Assistance Authority shall coordinate offers of institutional aid and program grants made to a student to ensure that the student does not receive more in grants and scholarships than the actual cost of attendance.

In the absence of full funding for the program, the North Carolina State Education Assistance Authority may modify the formula for distribution as needed to accommodate the reduced amount.

The program shall be established and implemented in accordance with the recommendations regarding its creation adopted by the Board of Governors in November 1999. The goals of the program shall be to make The University of North Carolina more affordable for low-income students and to reduce student indebtedness by setting a limit on the funds that needy students will be asked to borrow each year. This program will provide financial assistance to constituent institutions that enroll disproportionate numbers of low-income students, particularly at the seven institutions targeted for major enrollment growth.

All funds in this account shall be provided as scholarship funds for needy North Carolina students during the fiscal year. Each student awarded a scholarship from this account shall be notified of the source of the funds and of the amount of the award. Funds not utilized under G.S. 116-19 shall be available for the tuition grant program as defined in subsection (b) of this section.

In the event a student on whose behalf a grant has been paid is not enrolled and carrying a minimum academic load as of the tenth classroom day following the beginning of the school term for which the grant was paid, the institution shall refund the full amount of the grant to the State Education Assistance Authority. Each approved institution shall be subject to examination by the State Auditor for the purpose of determining whether the institution has properly certified eligibility and enrollment of students and credited grants paid on behalf of the students.

Section 10.(d) The State Education Assistance Authority shall document the number of full-time equivalent North Carolina undergraduate students that are enrolled in off-campus programs and the State funds collected by each institution pursuant to G.S. 116-19 for those students. The State Education Assistance Authority shall also document the number of scholarships and the amount of the scholarships that are awarded under G.S. 116-19 to students enrolled in off-campus programs. An 'off-campus program' is any program offered for degree credit away from the institution's main permanent campus.

The State Education Assistance Authority shall include in its annual report to the Joint Legislative Education Oversight Committee the information it has compiled and its findings regarding this program."
Section 10.4. This act provides funding to the Board of Governors of The University of North Carolina for degree-related courses provided away from the campus sites of the constituent institutions. The intent of this commitment is to provide expanded opportunities for higher education to more North Carolina residents, including nontraditional students, and to increase the number of North Carolina residents who earn postsecondary degrees.

Section 10.5. The Joint Legislative Education Oversight Committee shall study the need for an "Excellent Universities and Community Colleges Act" that addresses the need and ability of The University of North Carolina and the State's community college system to attract and retain excellent faculty.

In its deliberations regarding university faculty, the Committee shall consider the study conducted by The University of North Carolina on compensation for the faculty at its constituent institutions, how compensation for similar faculty positions compares among the constituent institutions, and how compensation for faculty positions compares with that paid by other public universities for similar faculty positions.

In its deliberations regarding compensation for faculty in the State's community college system, the Committee shall consider any relevant studies on community college faculty compensation conducted by the community college system, how compensation for similar faculty positions compares among the community colleges, and how compensation for faculty positions compares with that paid by other public community college systems for similar faculty positions.

If the Committee determines in its study that there are critical issues regarding faculty compensation, then the Committee shall include in its recommendations and report whether a major, new legislative initiative is needed to address those issues. The Committee shall report its findings and recommendations to the 2001 General Assembly.

In its study the Committee shall consider the number of international studies or global education programs that are offered within the
university system, the source of funds, the curriculum for each program, and the teaching methodology used in each of those programs. The Committee shall evaluate the programs and determine how the programs compare with regard to quality, curriculum, teaching methodology, and student enrollment and identify any duplication.

The Committee may report its findings and recommendations to the 2001 General Assembly.

</tr>
<tr>

</tr>
</tbody>
</table>

Section 11.47.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

1) Effective October 1, 1999, religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the county market subsidy rate or the rate they charge privately paying parents, whichever is lower.

2) Effective October 1, 1999, religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that are receiving a higher rate than the market subsidy rates that will be implemented with this provision shall continue to receive that higher rate for a period of three years from the effective date of this section.

3) Effective October 1, 1999, licensed child care centers with two or more stars may receive a higher payment rate per child per month as follows: two stars - $14.00, three stars - $17.00, four stars - $20.00, and five stars - $23.00. Effective January 1, 2000, licensed child care homes with two or more stars may receive a higher payment rate per child per month as follows: two stars - $14.00, three stars - $17.00, four stars - $20.00, and five stars - $23.00. This subdivision expires September 1, 2000.
Effective September 1, 2000, licensed child care centers and homes with two or more stars shall receive the subsidy rate for that rated quality level for that age group or the rate they charge privately paying parents, whichever is lower.

Nonlicensed homes shall receive fifty percent (50%) of the county market subsidy rate or the rate they charge privately paying parents, whichever is lower.

Maximum payment rates shall also be calculated periodically by the Division of Child Development for transportation to and from child care provided by the child care provider, individual transporter, or transportation agency, and for fees charged by providers to parents. These payment rates shall be based upon information collected by market rate surveys.

Section 11.47.(d) Provision of payment rates for child care providers in counties who do not have at least 75 children in each age group for center-based and home-based care are as follows:

1. Payment rates shall be set at the statewide market rate for licensed child care centers and homes.

2. If it can be demonstrated that the application of the statewide market rate to a county with fewer than 75 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

Section 11.47.(e) A market rate shall be calculated for child care centers and homes that meet minimum licensing standards at each rated quality level for each county and for each age group or age category of enrollees and shall be representative of fees charged to unsubsidized privately paying parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide market rate at each rated quality level for each age category. The Division of Child Development may also calculate regional market rates at each rated quality level for each age group and age category.

Section 11.47.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. No separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements
in addition to those specified in this subsection as a condition for reducing the provider’s subsidized child care rate.

Section 11.47.(g) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program."

Section 11.27.(b) Article 7 of Chapter 110 of the General Statutes is amended by adding a new section to read:

(a) The Department shall conduct a statewide market rate study of child care facilities at least once every two years. The study shall include a survey of all licensed facilities. Based on the results of this study, the Department shall establish a market rate for child care centers and homes at each rated quality level for each county and for each age group. The Department shall also calculate a statewide market rate at each rated quality level for each age group. The market rate shall be set at the seventy-fifth percentile of fees charged to unsubsidized, privately paying parents at each rated quality level for each age group.

(b) Within six months of completing a statewide market rate study, the Department shall publish the results of that study and implement market rates based on the results of that study.

(c) When a county has at least 75 children in an age group at a particular rated quality level, the subsidy rate is the county market rate for that age group at that rated quality level. When a county has fewer than 75 children in an age group at a particular rated quality level, the subsidy rate is the statewide market rate for that age group at that rated quality level.

(d) Notwithstanding the provisions of subsection (c) of this section, when it can be demonstrated that the statewide market rate is lower than the county market rate and that setting the subsidy rate at the statewide market rate would inhibit the ability of a county to purchase child care for low-income children, the subsidy rate shall be the county market rate."

Section 11.27.(c) The first market rate study required by G.S. 110-109, as enacted by subsection (b) of this section, shall be completed no later than April 1, 2001.

Section 11.27.(d) The Department of Health and Human Services shall conduct a one-time interim market rate study that shall be completed no later than April 1, 2002. This interim market rate study shall incorporate the results of the April 2001 study and shall contain a survey of rates charged at child care facilities that have changed their rate quality level since the survey conducted for the April 2001 study. The Department shall implement the results of this study within six months of its completion.

Section 11.27.(e) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible
for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.

All members appointed to succeed the initial members and members appointed thereafter shall be appointed for three-year terms. Members may succeed themselves.

All appointed board members shall avoid conflicts of interests and the appearance of impropriety. Should instances arise when a conflict may be perceived, any individual who may benefit directly or indirectly from the North Carolina Partnership’s disbursement of funds shall abstain from participating in any decision or deliberations by the North Carolina Partnership regarding the disbursement of funds.

All ex officio members are voting members. Each ex officio member may be represented by a designee. These designees shall be voting members. No members of the General Assembly shall serve as members.

The North Carolina Partnership may establish a nominating committee and, in making their recommendations of members to be appointed by the General Assembly or by the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, the Majority Leader of the Senate, the Majority Leader of the House of Representatives, the Minority Leader of the Senate, the Minority Leader of the House of Representatives, and the Governor shall consult with and consider the recommendations of this nominating committee.

No member of the General Assembly shall serve as a member of a local board. Within these requirements for local board membership, the North Carolina Partnership shall allow local partnerships that are regional to have flexibility in the composition of their boards so that all counties in the region have adequate representation.

(3) The North Carolina Partnership shall oversee the development and implementation of the local demonstration projects as they are selected and shall approve the ongoing plans, programs, and services developed and implemented by the local partnerships and hold the local partnerships accountable for the financial and programmatic integrity of the programs and services. The North Carolina Partnership may contract at the State level to obtain services or resources when the North Carolina Partnership determines it would be more efficient to do so.

In the event that the North Carolina Partnership determines that a local partnership is not fulfilling its mandate to provide programs and services designed to meet
the developmental needs of children in order to prepare them to begin school healthy and ready to succeed and is not being accountable for the programmatic and fiscal integrity of its programs and services, the North Carolina Partnership may suspend all funds to the partnership until the partnership demonstrates that these defects are corrected. Further, at its discretion, the North Carolina Partnership may assume the managerial responsibilities for the partnership's programs and services until the North Carolina Partnership determines that it is appropriate to return the programs and services to the local partnership.

(4) The North Carolina Partnership shall develop and implement a comprehensive standard fiscal accountability plan to ensure the fiscal integrity and accountability of State funds appropriated to it and to the local partnerships. The standard fiscal accountability plan shall, at a minimum, include a uniform, standardized system of accounting, internal controls, payroll, fidelity bonding, chart of accounts, and contract management and monitoring. The North Carolina Partnership may contract with outside firms to develop and implement the standard fiscal accountability plan. All local partnerships shall be required to participate in the standard fiscal accountability plan developed and adopted by the North Carolina Partnership pursuant to this subdivision.

(5) The North Carolina Partnership shall develop a centralized regional accounting and contract management system which incorporates features of the required standard fiscal accountability plan described in subdivision (4) of subsection (a) of this section. All local partnerships shall participate in the regional accounting and contract management system. The following local partnerships shall be required to participate in the centralized accountability system developed by the North Carolina Partnership pursuant to this subdivision:

a. Local partnerships which have significant deficiencies in their accounting systems, internal controls, and contract management systems, as determined by the North Carolina Partnership based on the annual financial audits of the local partnerships conducted by the Office of the State Auditor; and

b. Local partnerships which are in the first two years of operation following their selection. At the end of this two-year period, local partnerships shall continue to participate in the centralized accounting and contract management system. With the approval of the North Carolina Partnership, local partnerships may perform accounting and contract management functions at the local level using the standardized and uniform accounting
system, internal controls, and contract management systems developed by the North Carolina Partnership.

Local partnerships which otherwise would not be required to participate in the centralized accounting and contract management system pursuant to this subdivision may voluntarily choose to participate in the system. Participation or nonparticipation shall be for a minimum of two years, unless, in the event of nonparticipation, the North Carolina Partnership determines that any partnership's annual financial audit reveals serious deficiencies in accounting or contract management.

(6) The North Carolina Partnership shall develop a formula for allocating direct services funds appropriated for this purpose to local partnerships.

(7) The North Carolina Partnership may adjust its allocations by up to ten percent (10%) on the basis of local partnerships' performance assessments. In determining whether to adjust its allocations to local partnerships, the North Carolina Partnership shall consider whether the local partnerships are meeting the outcome goals and objectives of the North Carolina Partnership and the goals and objectives set forth by the local partnerships in their approved annual program plans.

The North Carolina Partnership may use additional factors to determine whether to adjust the local partnerships' allocations. These additional factors shall be developed with input from the local partnerships and shall be communicated to the local partnerships when the additional factors are selected. These additional factors may include board involvement, family and community outreach, collaboration among public and private service agencies, and family involvement.

On the basis of performance assessments, local partnerships annually shall be rated "superior", "satisfactory", or "needs improvement". Local partnerships rated "superior" shall receive, to the extent that funds are available, a ten percent (10%) increase in their annual funding allocation. Local partnerships rated "satisfactory" shall receive their annual funding allocation. Local partnerships rated "needs improvement" shall receive up to ninety percent (90%) of their annual funding allocation.

The North Carolina Partnership may contract with outside firms to conduct the performance assessments of local partnerships.

(8) The North Carolina Partnership shall establish a local partnership advisory committee comprised of 15 members. Eight of the members shall be chairs of local partnerships' board of directors, and seven shall be staff of local partnerships. Members shall be chosen by the Chair of the
North Carolina Partnership from a pool of candidates nominated by their respective boards of directors. The local partnership advisory committee shall serve in an advisory capacity to the North Carolina Partnership and shall establish a schedule of regular meetings. Members shall be chosen from local partnerships on a rotating basis. The advisory committee shall annually elect a chair from among its members.

(9) The North Carolina Partnership shall report (i) quarterly to the Joint Legislative Commission on Governmental Operations and (ii) to the General Assembly and the Governor on the ongoing progress of all the local partnerships' work, including all details of the use to which the allocations were put, and on the continuing plans of the North Carolina Partnership and of the Department, together with legislative proposals, including proposals to implement the program statewide.

Section 11.28.(b) G.S. 143B-168.13(6) reads as rewritten:
"(6) Annually update its funding formula in collaboration with the North Carolina Partnership for Children, Inc., using the most recent data available. These amounts shall serve as the basis for determining 'full funding' amounts for each local partnership."

Section 11.28.(c) G.S. 143B-168.15(b) reads as rewritten:
"(b) Depending on local, regional, or statewide needs, funds may be used to support activities and services that shall be made available and accessible to providers, children, and families on a voluntary basis. Section 11.28.(d) Effective September 1, 2000, G.S. 143B-168.15(g) reads as rewritten:

"(g) Not less than thirty percent (30%) of the funds spent in each year of each local partnership’s direct services allocation shall be used to expand child care subsidies. To the extent practicable, these funds shall be used to enhance the affordability, availability, and quality of child care services as described in this section. The local partnerships shall give priority for the use of these funds to augmenting the State’s supplemental subsidy payment rate per child per month for licensed child care centers and homes earning a rated license that exceeds the minimum licensing standards. The North Carolina Partnership may increase this percentage requirement up to a maximum of fifty percent (50%) when, based upon a significant local waiting list for subsidized

Section 11.28.(e) Subsection (c) of Section 11.48 of S.L. 1999-237 is repealed.
Section 11.28.(f) Subsection (h) of Section 11.48 of S.L. 1999-237 is repealed.

The North Carolina Partnership for Children, Inc., may carryforward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Any program funding expended for child care subsidies during the previous 12 months is excluded from the match requirement of this subsection. Only in-kind contributions that are quantifiable, as determined in the Smart Start Performance Audit, quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Employment Security Commission in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. One Stop Permit Assistance Pilot Projects

Section 13.7(a) The Department of Environment and Natural Resources shall establish a one-stop environmental permit application assistance and tracking system pilot project for one year in at least two regional offices. It is the intent of the General Assembly that the
Department expand this pilot program to more than two regional offices during the 2000-2001 fiscal year if the resources are available to do so and to expand it to a statewide program as soon as possible after the 2000-2001 fiscal year. As part of the pilot project, the Department shall provide to each person who submits an application for an environmental permit to one of the regional offices participating in the pilot project, a time frame within which that applicant may expect a final decision regarding the issuance or denial of the permit. The procedure regulating the time frame estimates and sanction for failing to honor the time frame shall be as set out in subsections (b) and (c) of this section.

Section 13.7.(b) Upon receipt of a complete application for an environmental permit, the Department of Environment and Natural Resources shall provide to the applicant a good faith estimate of the date by which the Department expects to make the final decision of whether to issue or deny the permit.

Section 13.7.(c) Unless otherwise provided by law, when an applicant has provided to the Department of Environment and Natural Resources the information and documentation required and requested by the Department and the Department fails to issue or deny the permit within 60 days of the date projected by the Department for the final decision of whether to issue or deny the permit, the permit shall be automatically granted to the applicant. This subsection does not apply when an applicant submits a substantial amendment to its application after the Department has provided the applicant the projected time frame as required by this section. This subsection does not apply when an applicant agrees to receive a final decision from the Department more than 60 days from the date projected by the Department under subsection (b) of this section.

Section 13.7.(d) The Department of Environment and Natural Resources shall track the time required to process each complete environmental permit application received on or after July 1, 2000, as part of the pilot project under this section. The Department shall compare the time in which the permit was issued or denied with the projected time frame provided to the applicant by the Department as required by this section. The Department shall identify each permit that was issued or denied more than 90 days after receipt of a complete application by the Department and shall document the reasons for the delayed action.

Section 13.7.(e) The Department of Environment and Natural Resources shall report to the Cochairs of both the House of Representatives and the Senate Appropriations Subcommittees on Natural and Economic Resources, the Fiscal Research Division, and the Environmental Review Commission the number of environmental permits in the pilot project that took more than 90 days to issue or deny, the types of permits those were, the reasons for the extended processing time of those permits, and how the time within which the permit was actually issued or denied compared with the projected time frame provided to the applicant by the Department as required by this
Based on the data gathered in the pilot project, the Department shall include in its report recommendations regarding permit time frames for all major permits issued by the Department. The Department shall report to both the House of Representatives and the Senate Appropriations Subcommittees on Natural and Economic Resources, the Fiscal Research Division, and the Environmental Review Commission regarding the results of the pilot project by April 1, 2001.

BEACH MANAGEMENT PLAN/FEDERAL FUNDS

Section 13.9.(a) The General Assembly makes the following findings:
(1) North Carolina has 320 miles of ocean beach, including some of the most pristine and attractive beaches in the country.
(2) The balance between economic development and quality of life in North Carolina has made our coast one of the most desirable along the Atlantic Seaboard.
(3) North Carolina's beaches are vital to the State's tourism industry.
(4) North Carolina's beaches belong to all the State's citizens and provide recreational and economic benefits to our residents statewide.
(5) Beach erosion can threaten the economic viability of coastal communities and can significantly affect State tax revenues.
(6) The Atlantic Seaboard is vulnerable to hurricanes and other storms, and it is prudent to take precautions such as beach nourishment that protect and conserve the State's beaches and reduce property damage and flooding.
(7) Beach renourishment as an erosion control method provides hurricane flood protection, enhances the attractiveness of beaches to tourists, restores habitat for turtles, shorebirds, and plants, and provides additional public access to beaches.
(8) Federal policy previously favored and assisted voluntary movement of structures threatened by erosion, but this assistance is no longer available.
(9) Relocation of structures threatened by erosion is sometimes the best available remedy for the property owner and is in the public interest.
(10) Public parking and public access areas are needed for use by the general public to enable their enjoyment of North Carolina's beaches.
(11) Acquisition of high erosion hazard property by local or State agencies can reduce risk to citizens and property, reduce costs to insurance policyholders, improve public access to beaches and waterways, and protect the environment.

(12) Beach nourishment projects such as those at Wrightsville Beach and Carolina Beach have been very successful and greatly reduced property damage during Hurricane Fran.

(13) Because local beach communities derive the primary benefits from the presence of adequate beaches, a program of beach management and restoration should not be accomplished without a commitment of local funds to combat the problem of beach erosion.

(14) The State of North Carolina prohibits seawalls and hardening the shoreline to prevent destroying the public's beaches.

(15) Beach nourishment is encouraged by both the Coastal Resources Commission and the U.S. Army Corps of Engineers as a method to control beach erosion.

(16) The Department of Environment and Natural Resources has statutory authority to assist local governments in financing beach nourishment projects and is the sponsor of several federal navigation projects that result in dredging beach-quality sand.

(17) It is declared to be a necessary governmental responsibility to properly manage and protect North Carolina's beaches from erosion and that good planning is needed to assure a cost-effective and equitable approach to beach management and restoration, and that as part of a comprehensive response to beach erosion, sound policies are needed to facilitate the ability of landowners to move threatened structures and to allow public acquisition of appropriate parcels of land for public beach access.

Section 13.9.(b) The Department of Environment and Natural Resources shall compile and evaluate information on the current conditions and erosion rates of beaches, on coastal geology, and on storm and erosion hazards for use in developing a State plan and strategy for beach management and restoration. The Department of Environment and Natural Resources shall make this information available to local governments for use in land-use planning.

Section 13.9.(c) The Department of Environment and Natural Resources shall develop a multiyear beach management and restoration strategy and plan that does all of the following:

1. Utilizes the data and expertise available in the Divisions of Water Resources, Coastal Management, and Land Resources.

2. Identifies the erosion rate at each beach community and estimates the degree of vulnerability to storm and hurricane damage.
(3) Uses the best available geological and geographical information to determine the need for and probable effectiveness of beach nourishment.

(4) Provides for coordination with the U.S. Army Corps of Engineers, the North Carolina Department of Transportation, the North Carolina Division of Emergency Management, and other State and federal agencies concerned with beach management issues.

(5) Provides a status report on all U.S. Army Corps of Engineers' beach protection projects in the planning, construction, or operational stages.

(6) Makes maximum feasible use of suitable sand dredged from navigation channels for beach nourishment to avoid the loss of this resource and to reduce equipment mobilization costs.

(7) Promotes inlet sand bypassing where needed to replicate the natural flow of sand interrupted by inlets.

(8) Provides for geological and environmental assessments to locate suitable materials for beach nourishment.

(9) Considers the regional context of beach communities to determine the most cost-effective approach to beach nourishment.

(10) Provides for and requires adequate public beach access, including handicapped access.

(11) Recommends priorities for State funding for beach nourishment projects, based on the amount of erosion occurring, the potential damage to property and to the economy, the benefits for recreation and tourism, the adequacy of public access, the availability of local government matching funds, the status of project planning, the adequacy of project engineering, the cost-effectiveness of the project, and the environmental impacts.

(12) Includes recommendations on obtaining the maximum available federal financial assistance for beach nourishment.

(13) Is subject to a public hearing to receive citizen input.

Section 13.9.(d) Each plan shall be as complete as resources and available information allow. The Department of Environment and Natural Resources shall revise the plan every two years and shall submit the revised plan to the General Assembly no later than March 1 of each odd-numbered year. The Department may issue a supplement to the plan in even-numbered years if significant new information becomes available.

Section 13.9.(e) The Department of Environment and Natural Resources shall submit the first plan required by this act, no later than May 1, 2001. With the first plan, the Department shall:

(1) Provide to the General Assembly a report on alternative State and local government sources of funding for beach nourishment.
(2) Review State, federal, and local policies on enabling and assisting property owners to move structures that are threatened by imminent erosion damage and shall recommend policies, legislative changes, and actions to make moving structures more feasible for landowners.

(3) Review existing programs for the acquisition and management of public land for beach access areas and open space, including identifying high-hazard, erosion-prone, or unbuildable parcels of land that may be used for this purpose, and shall recommend any policy and legislative changes needed to improve public beach access. The Department shall recommend priorities for land acquisition for public beach access, open space, and hazard-reduction purposes.

Section 13.9.(f) In the event that federal funds become available for planning and developing shore protection projects, the State shall match those funds in accordance with the funding guidelines set out in G.S. 143-215.71.

The Appropriations Subcommittees shall consider the economic impact that the proposed rules would have on the fifteen county area and shall also consider what alternate water sources may be available to the fifteen county area.

The Subcommittees shall report their findings and recommendations, including any legislative proposals, to the 2001 General Assembly.

STATE EMPLOYEES' RESERVE
Section 26.18A. The General Assembly finds that the Teachers' and State Employees' Comprehensive Major Medical Plan

is a significant employment benefit for teachers and State employees. The General Assembly further finds that recent studies show anticipated substantial deficits in the Plan in future years if benefit levels remain the same. The General Assembly further finds that maintaining the fiscal integrity and benefit level of the Plan are a high priority. The fiscally sound approach to addressing anticipated future deficits is to maintain a reserve so as to reduce the likelihood of significant benefit cuts or premium charges in later years.

Section 26.18A.(b) There is established in the Office of the State Treasurer the State Employees’ Reserve, to be used to be appropriated to maintain the fiscal integrity of the Teachers’ and State Employees’ Comprehensive Major Medical Plan and to provide benefits enhancements to State employees and retirees. AN ACT TO DESIGNATE THE STATE BOARD OF EDUCATION AS THE STATE EDUCATION AGENCY RESPONSIBLE FOR ADMINISTERING THE QUALIFIED ZONE ACADEMY BOND PROGRAM.

The General Assembly of North Carolina enacts:

Section 1. Chapter 115C of the General Statutes is amended by adding a new Article to read:

"ARTICLE 34B.
"Qualified Zone Academy Bonds.

"§ 115C-489.5. Qualified zone academy bonds; findings. The General Assembly finds:

(a) Section 226 of the Taxpayer Relief Act of 1997, as codified at 26 U.S.C. § 1397E, provides funds for school improvements through taxable qualified zone academy bonds. Ninety-five percent (95%) or more of the proceeds of a qualified zone academy bond issue must be used for a qualified purpose with respect to a qualified zone academy established by an eligible local education agency.

(b) Partnerships between private entities and local schools are promoted through the use of qualified zone academy bonds. Issuers must certify that they have received written commitments from one or more private entities to make qualified contributions valued at ten percent (10%) of the proceeds of the issue.

(c) Eligible taxpayers may receive federal tax credits for holding the qualified zone academy bonds. It is intended that the qualified zone academy bonds be sold at par value so that the tax credits received are instead of interest that otherwise would have been paid on the bonds. Therefore, issuers of qualified zone academy bonds are obligated to
repay the principal amount of the qualified zone academy bonds but
need not make interest payments.

(d) Applicable federal law limits the amount of qualified zone
academy bonds that may be issued in North Carolina in a calendar
year.

"§ 115C-489.6. Administration; consultation; issuance of bonds.

implement and carry out the qualified zone activity bond program in
North Carolina. Those activities include:

federal law to participate in the qualified zone academy bond

be solicited from qualified zone academies.

(3) Determining the eligibility of an applicant to be a
participating qualified zone academy.

(4) Awarding the State's allocation of total funds among selected
applicants and establishing conditions upon the usage of the
allocation. These conditions must include:

a. Requiring that the bond proceeds be used only for
rehabilitating or repairing the public school facility in
which the qualified zone academy is located, which may
include (i) wiring and other infrastructure improvements
related to providing technology and (ii) equipment related
to the rehabilitation or repair, but not personal
computers or similar technology equipment.

b. Conditions designed to assure that the allocation is used
in a timely manner.

(5) Confirming that the terms of any qualified zone academy
bonds issued in accordance with this program are consistent
with the terms of the federal program.

(b) Assistance. -- The Department of Public Instruction shall
provide the State Board of Education any support it requires in
carrying out this section.

(c) Consultation. -- In reviewing applications and awarding
allocations, the State Board of Education shall consult with the Local
Government Commission to determine whether a prospective issuer of
qualified zone academy bonds is able to issue or incur marketable
obligations.

(d) Issuance of Bonds. -- Any bonds designated as qualified zone
academy bonds may be issued pursuant to the applicable provisions of
and in compliance with the Local Government Bond Act, Article 4 of
Chapter 159 of the General Statutes, or pursuant to the applicable
provisions of and in compliance with G.S. 160A-20, to the extent
authorized by G.S. 153A-158.1. As provided in G.S. 159-123(b),
bonds designated as qualified zone academy bonds to be issued pursuant to the Local Government Bond Act may be sold by the Local Government Commission at private sale."

(6) Bonds designated as qualified zone academy bonds pursuant to G.S. 115C-489.6, if the Local Government Commission determines that a private sale is in the best interest of the issuing unit."

Section 3. G.S. 150B-21.1 is amended by adding a new subsection to read:

Section 5. G.S. 150B-21.1(a7)(2), as enacted by Section 3 of this act, is repealed effective July 1, 2003.

Section 6. This act is effective when it becomes law.
In the General Assembly read three times and ratified this the 30th day of June, 2000.

Became law upon approval of the Governor at 9:56 p.m. on the 30th day of June, 2000.

Section 2. G.S. 153A-277 reads as rewritten:

"§ 153A-277. Authority to fix and enforce rates."

(a) A county may establish and revise from time to time schedules of rents, rates, fees, charges, and penalties for the use of or the services furnished by a public enterprise. Schedules of rents, rates, fees, charges, and penalties may vary for the same class of service in different areas of the county and may vary according to classes of service, and different schedules may be adopted for services provided outside of the county. A county may include a fee relating to subsurface discharge wastewater management systems and services on the property tax bill for the real property where the system for which the fee is imposed is located.

(1) Before it establishes or revises a schedule of rates, fees, charges, or penalties for stormwater management programs and structural and natural stormwater and drainage systems under this section, the board of commissioners shall hold a public hearing on the matter. A notice of the hearing shall be given at least once in a newspaper having general circulation in the area, not less than seven days before the public hearing. The

(2) The fees established under this subsection must be made applicable throughout the area of the county outside municipalities. If a delinquent customer is not the owner of the premises to which the services are delivered, the payment of the delinquent account may not be required before providing services at the request of a new and different tenant.

SESSION LAW 2000-77

AN ACT TO PERMIT MECKLENBURG COUNTY TO ENGAGE IN CONDITIONAL ZONING.

The General Assembly of North Carolina enacts:

Section 1.(a) In addition to other types of zoning districts permitted by G.S. 153A-342, the Board of Commissioners may provide for the establishment of conditional zoning districts, including parallel conditional zoning districts. For purposes of this act, a
"conditional zoning district" shall be defined as a zoning district in which the development and use of the property included in the district is subject to predetermined ordinance standards and the rules, regulations, and conditions imposed as part of the legislative decision creating the district and applying it to the particular property. "Parallel conditional zoning district" shall mean a conditional zoning district in which the potential permitted use or uses are, except as limited by the conditions imposed on the district, of the same character or type as the use or uses permitted in a general use district having a parallel designation or name. In contrast to conditional use district or special use district zoning, conditional zoning shall not require the issuance of a conditional use or special use permit or permitting process apart from the establishment of the district and its application to particular properties. Rules, regulations, and conditions applicable to any conditional zoning district need not be uniform in all respects for all properties within the same classification of conditional zoning district but may differ based on the unique aspects of each conditional zoning district development, site, and surrounding area.

**Section 1.(b)** Property may be rezoned to a conditional zoning district only in response to and consistent with a petition of the owners of all of the property to be included in the district. A petition for conditional zoning must include a site plan and supporting information that specifies the actual use or uses intended for the property and any rules, regulations, and conditions that, in addition to all predetermined ordinance requirements, will govern the development and use of the property. If a petition for conditional zoning is approved, the development and use of the property shall be governed by the predetermined ordinance requirements applicable to such district category, the approved site plan for the district, and any additional approved rules, regulations, and conditions, all of which shall constitute the zoning regulations for the approved district.

**Section 1.(c)** Conditional zoning decisions shall be made in consideration of identified relevant adopted land-use plans for the area including, but not limited to, comprehensive plans, strategic plans, district plans, area plans, neighborhood plans, corridor plans, and other land-use policy documents.

**Section 1.(d)** Before a public hearing may be held on a petition for conditional zoning, the petitioner must file in the Office of the Clerk to the Board, a written report of at least one community meeting held by the petitioner. Notice of such a meeting shall be given to the property owners and organizations entitled to notice as determined by County policy. The report shall include, among other things, a listing of those persons and organizations contacted about the meeting and the manner and date of contact, the date, time and location of the meeting, a roster of the persons in attendance at the meeting, a summary of issues discussed at the meeting, and a description of any changes to the rezoning petition made by the petitioner as a result of the meeting. In the event the petitioner has not held at least one meeting pursuant to this subsection, the petitioner
shall file a report documenting efforts that were made to arrange such a meeting and stating the reasons such a meeting was not held. The adequacy of a meeting held or report filed pursuant to this subsection shall be considered by the Board of Commissioners but shall not be subject to judicial review.

Section 1.(e) Conditional zoning decisions under this act are a legislative process subject to judicial review using the same procedures and standard of review as apply to general use district zoning decisions.

Section 1.(f) Except as specifically modified by this act, the procedures to be followed by the Board of Commissioners in reviewing, granting, or denying any petition for conditional zoning shall be the same as those established for general use district zoning petitions under Article 18 of Chapter 153A of the General Statutes.

Section 1.(g) The Board of Commissioners may not vote to rezone property to a conditional zoning district during the time period beginning on the date of the general election and concluding on the Tuesday after the first Monday in December immediately following the general election unless no person spoke against the rezoning at the public hearing.

Section 2. This act applies only to conditional zoning petitions filed on or before August 31, 2001. Notwithstanding the foregoing, this act shall not apply to conditional zoning petitions that were approved or denied by the Board of Commissioners prior to April 17, 2000, and shall not affect any rezoning case that is the subject of pending litigation.

Petitions seeking either conditional district rezoning or conditional use district rezoning which were pending and not yet decided as of April 17, 2000, may be treated by the county as petitions for conditional zoning under this act. Such petitions need not be refiled, but all other processes spelled out in this act, including the mandatory neighborhood meeting and report and a new public hearing, must be followed as to such petitions.

Section 2.1. Chapter 1283 of the 1973 Session Laws and Chapter 488 of the 1983 Session Laws are repealed as to the County of Mecklenburg only.

H.B. 1629    SESSION LAW 2000-81

AN ACT TO AUTHORIZE THE ISSUANCE OF STATE REVENUE
BONDS TO FINANCE IMPROVEMENTS TO THE WATER
AND SEWER SYSTEM FOR THE COMMUNITY OF BUTNER
AND THE CAMP BUTNER RESERVATION.

The General Assembly of North Carolina enacts:

Section 1. Findings and purpose. The General Assembly finds
and determines as follows:

(1) The Community of Butner and the Camp Butner reservation
constitute a unique State resource administered by the State
of North Carolina through the Secretary of the North
Carolina Department of Health and Human Services and
regulated by Parts 1 through 1B of Article 6 of Chapter
122C of the General Statutes.

(2) Pursuant to G.S. 122C-407, the Department is authorized to
acquire, construct, establish, enlarge, maintain, operate, and
contract for the operation of a water supply and distribution
system and a sewage collection and disposal system for the
Camp Butner reservation. Acting pursuant to this authority,
the Department has so established a water and sewer system
for the Camp Butner reservation. While historically the
Department has been able to construct, acquire, maintain,
and operate the water and sewer system from funds
appropriated to the Department by the General Assembly,
from rates, fees, and charges collected from the users of the
system, and from other funds available to the Department,
significant capital outlay is now required for the
improvement and maintenance of the water and sewer system
and at present there are not sufficient resources available for
that purpose.

(3) The Secretary of Health and Human Services has proposed
that the State finance improvements to the Camp Butner
reservation through the issuance of revenue bonds issued by
the State pursuant to The State and Local Government
Revenue Bond Act, Article 5 of Chapter 159 of the General
Statutes. G.S. 159-88(c) mandates that prior to the adoption
of a bond order authorizing the issuance of revenue bonds of
the State under The State and Local Government Revenue
Bond Act, the General Assembly must enact legislation
authorizing the undertaking of the revenue bond project to
be financed and fixing the maximum aggregate principal
amount of revenue bonds that will be issued for that purpose.

(4) It is the intent of the General Assembly to enact the legislation necessary so that the State may issue revenue bonds for the purpose of paying (i) the costs of acquisition, construction, reconstruction, improvement, enlargement, betterment, and extension of the water supply and distribution system and sewage collection and disposal system for the Community of Butner and the Camp Butner reservation and (ii) certain costs of issuance of the revenue bonds.

Section 2. Definitions. The following definitions apply in this act:

(1) "Department" means the North Carolina Department of Health and Human Services.

(2) "Secretary" means the Secretary of the North Carolina Department of Health and Human Services, or any successor office.

(3) "Project" means the water supply and distribution system and sewer collection and disposal system serving an area including, but not limited to, the Community of Butner and the Camp Butner reservation pursuant to G.S. 122C-407.

Section 3. General grant of powers. The State of North Carolina, acting through the Secretary, is authorized, subject to the provisions of this act, to issue revenue bonds pursuant to The State and Local Government Revenue Bond Act to pay the costs of the project and associated costs. The project is a "revenue bond project" within the meaning of The State and Local Government Revenue Bond Act. Except as otherwise provided in this act, these revenue bonds shall be issued in compliance with The State and Local Government Revenue Bond Act, and in administering the project the provisions of The State and Local Revenue Bond Act shall be in full force and effect.

Section 4. Issuance of revenue bonds. The total amount of bonds to be issued pursuant to this act shall not exceed forty million dollars ($40,000,000). These bonds may be issued at one time or from time to time as the Secretary considers necessary. Bonds issued pursuant to this act shall be issued pursuant to an order adopted by the Council of State under G.S. 159-88 of The State and Local Government Revenue Bond Act. Bonds issued pursuant to this act shall be sold by the Local Government Commission pursuant to the provisions of Article 7 of Chapter 159 of the General Statutes.

Section 5. Negotiable instruments. Notwithstanding any of the foregoing provisions of this act or any recitals in any bonds issued under the provisions of this act, all these bonds are negotiable instruments under the laws of this State, subject only to any applicable provisions for registration.

Section 6. Tax exemptions. Bonds issued under this act shall at all times be free from taxation by the State or any political
subdivision or any of their agencies, excepting estate, inheritance, or gift taxes, income taxes on the gain from the transfer of the securities, and franchise taxes. The interest on the bonds is not subject to taxation as income.

Section 7. Interpretation of act. (a) Additional method. This act provides an additional and alternative method for the doing of the things authorized by the act and is supplemental and additional to powers conferred by other laws, and, except as expressly provided, does not derogate any powers now existing.

Section 7.(b) Statutory references. References in this act to specific sections or Chapters of the General Statutes are intended to be references to these sections or Chapters as they may be amended from time to time by the General Assembly.

Section 7.(c) Liberal construction. This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

Section 7.(d) Severability. If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Section 8. Effective date. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 30th day of June, 2000.

Became law upon approval of the Governor at 10:12 a.m. on the 5th day of July, 2000.

H.B. 1519  SESSION LAW 2000-83

AN ACT TO ESTABLISH THE JOINT LEGISLATIVE OVERSIGHT COMMITTEE ON MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES, AND TO DIRECT THE OVERSIGHT COMMITTEE TO DEVELOP A PLAN TO REFORM THE STATE SYSTEM FOR MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES.

Whereas, in 1998 and 1999 the General Assembly directed the State Auditor to coordinate and contract for a study of the State Psychiatric Hospitals and Area Mental Health Programs; and

Whereas, the "Study of State Psychiatric Hospitals and Area Mental Health Programs" ("Study"), April 1, 2000, was conducted by the Public Consulting Group, Inc., under the coordination of the State Auditor, and with the cooperation and assistance of the Department of Health and Human Services and other organizations and individuals; and

Whereas, the findings and recommendations of the Study present a comprehensive blueprint for reform of the State’s mental health system; and

Whereas, the General Assembly endorses the findings of the Study; and

Whereas, effective implementation of mental health reform requires continuous legislative oversight to review and consider the recommendations of the Study and other matters and to recommend the necessary changes to State law and policy; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1.  Findings. -- The General Assembly finds that:

(1) The State and local government entities are not using effectively and efficiently available resources to administer and provide mental health, developmental disabilities, and substance abuse services uniformly across the State.

(2) Effective implementation of State policy to assist individuals with mental illness, developmental disabilities, and substance abuse problems requires that a standard system of services, designed to identify, assess, and meet client needs within available resources, be available in all regions of the State.

(3) The findings of recent comprehensive independent studies, and recent federal court decisions, compel the State to consider significant changes in the operation and utilization of State psychiatric hospital services.

(4) State and local government funds for mental health, developmental disabilities, and substance abuse services must
be committed on a continuing, stabilized basis and will need to be increased over time to ensure that the purposes of mental health system reform are achieved.

(5) Reform of the State mental health, developmental disabilities, and substance abuse services system is necessary and should begin immediately. Reform efforts should focus on correcting system inefficiencies, inequities in service availability, and deficiencies in funding and accountability, and on improving and enhancing services to North Carolina's citizens.

AN ACT TO PERMIT THE CITY OF CHARLOTTE AND THE TOWNS OF CORNELIUS, DAVIDSON, HUNTERSVILLE, MATTHEWS, MINT HILL, AND PINEVILLE TO ENGAGE IN CONDITIONAL ZONING.

The General Assembly of North Carolina enacts:

Section 1.(a) In addition to other types of zoning districts permitted by G.S. 160A-382, the City Council may provide for the establishment of conditional zoning districts, including parallel
conditional zoning districts. For purposes of this act, a "conditional zoning district" shall be defined as a zoning district in which the development and use of the property included in the district is subject to predetermined ordinance standards and the rules, regulations, and conditions imposed as part of the legislative decision creating the district and applying it to the particular property. "Parallel conditional zoning district" shall mean a conditional zoning district in which the potential permitted use or uses are, except as limited by the conditions imposed on the district, of the same character or type as the use or uses permitted in a general use district having a parallel designation or name. In contrast to conditional use district or special use district zoning, conditional zoning shall not require the issuance of a conditional use or special use permit or permitting process apart from the establishment of the district and its application to particular properties. Rules, regulations, and conditions applicable to any conditional zoning district need not be uniform in all respects for all properties within the same classification of conditional zoning district but may differ based on the unique aspects of each conditional zoning district development, site, and surrounding area.

**Section 1.(b)** Property may be rezoned to a conditional zoning district only in response to and consistent with a petition of the owners of all of the property to be included in the district. A petition for conditional zoning must include a site plan and supporting information that specifies the actual use or uses intended for the property and any rules, regulations, and conditions that, in addition to all predetermined ordinance requirements, will govern the development and use of the property. If a petition for conditional zoning is approved, the development and use of the property shall be governed by the predetermined ordinance requirements applicable to such district category, the approved site plan for the district, and any additional approved rules, regulations, and conditions, all of which shall constitute the zoning regulations for the approved district.

**Section 1.(c)** Conditional zoning decisions shall be made in consideration of identified relevant adopted land-use plans for the area including, but not limited to, comprehensive plans, strategic plans, district plans, area plans, neighborhood plans, corridor plans, and other land-use policy documents.

**Section 1.(d)** Before a public hearing may be held on a petition for conditional zoning, the petitioner must file in the Office of the City Clerk a written report of at least one community meeting held by the petitioner. Notice of such a meeting shall be given to the property owners and organizations entitled to notice as determined by city policy. The report shall include, among other things, a listing of those persons and organizations contacted about the meeting and the manner and date of contact, the date, time, and location of the meeting, a roster of the persons in attendance at the meeting, a summary of issues discussed at the meeting, and a description of any changes to the rezoning petition made by the petitioner as a result of the meeting. In the event the petitioner has not held at least one
meeting pursuant to this subsection, the petitioner shall file a report documenting efforts that were made to arrange such a meeting and stating the reasons such a meeting was not held. The adequacy of a meeting held or report filed pursuant to this subsection shall be considered by the City Council but shall not be subject to judicial review.

Section 1.(e) Conditional zoning decisions under this act are a legislative process subject to judicial review using the same procedures and standard of review as apply to general use district zoning decisions.

Section 1.(f) Except as specifically modified by this act, the procedures to be followed by the City Council in reviewing, granting, or denying any petition for conditional zoning shall be the same as those established for general use district zoning petitions under Article 19 of Chapter 160A of the General Statutes.

Section 1.(g) The City Council may not vote to rezone property to a conditional zoning district during the time period beginning on the date of a municipal general election and concluding on the date immediately following the date on which the City Council holds its organizational meeting following a municipal general election unless no person spoke against the rezoning at the public hearing and no valid protest petition under G.S. 160A-386 was filed. If a valid protest petition under G.S. 160A-386 has been filed against a zoning petition which would otherwise have been scheduled for a public hearing during the period beginning on the first day of October prior to a municipal general election, but prior to the new City Council taking office, then the public hearing on such petition and any decision on such petition shall both be postponed until after the new City Council takes office.

Section 2. This act applies only to conditional zoning petitions filed on or before August 31, 2001. Notwithstanding the foregoing, this act shall not apply to conditional zoning petitions that were approved or denied by the City Council prior to April 17, 2000, and shall not affect any rezoning case that is the subject of pending litigation.

Notwithstanding the foregoing, petitions seeking either conditional district rezoning or conditional use district rezoning which were pending and not yet decided as of April 17, 2000, may be treated by the city as petitions for conditional zoning under this act. Such petitions need not be refiled, but all other processes spelled out in this act, including the mandatory neighborhood meeting and report and a new public hearing, must be followed as to such petitions.

Section 2.1. Chapter 1283 of the 1973 Session Laws and Chapter 488 of the 1983 Session Laws are repealed as to the City of Charlotte and the Town of Matthews only.

Section 3. This act applies to the City of Charlotte and the Towns of Cornelius, Davidson, Huntersville, Matthews, Mint Hill, and Pineville only.

Section 4. This act is effective when it becomes law.

AN ACT TO ALLOW RECALL ELECTIONS IN THE CITY OF RANDLEMAN.
The General Assembly of North Carolina enacts:

Section 1. The Charter of the City of Randleman, being Chapter 209 of the Private Laws of 1905, is amended by adding a new section to read:

"Section 3.1. Recall of Officials by the People.

(a) The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent.

(b) Prior to circulating any petition under this section, it must be registered with the City Clerk, and the petition with signatures must be submitted to the City Clerk within 30 days of that date in order to be considered.

(c) The procedure to effect the removal of an incumbent of an elective office shall be as follows: a petition demanding an election of a successor of the person sought to be removed and signed by at least thirty percent (30%) of the total number of registered voters in the City shall be filed with the City Clerk. In order to be effective, the petition when filed shall list both the name of the officer to be removed and the cause for removal. The cause for removal must relate to the misfeasance, malfeasance, or nonfeasance of the officer, or for personal conduct that brings the office into disrepute. The superior court shall have jurisdiction of issues relating to whether cause is sufficient.

(d) The signatures to the petition need not be on one petition paper, but each signer shall add to the signature that person’s residence address. One or more of the signers of the petition shall make oath before an officer competent to administer oaths that the statements therein made are true, as that person believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

(e) Within 10 days from the date of filing such a petition, the City Clerk shall examine and from the records of the board of elections determine whether the petition is signed by the required number of qualified electors, and the Clerk shall attach to the petition a certificate showing the results of such examination. If by the Clerk’s certificate, the petition is shown to be insufficient, it may be amended within 10 days from the date of the certificate. The Clerk shall, within 10 days after such amendment, examine the amended petition in the same fashion. If the Clerk’s certificate shows the petition to be insufficient, it shall be returned to the person filing the same, but such return shall not prevent the filing of a new petition if it is otherwise allowed by this section. If the petition shall be deemed to be sufficient, the Clerk shall without delay submit the same to the board of elections which conducts elections for the City.

(f) If the petition shall be found to be sufficient, the board of elections which conducts elections for the City shall set a date for holding an election for the remainder of the unexpired term in the same manner as provided in this Charter and in Chapter 163 of the General Statutes of North Carolina for regular municipal elections, such election to be held not greater than 90 days from the date of the
Clerk's certificate to the board of elections that a sufficient petition is filed. Candidates' names shall be placed on the ballot, the election held, and the results canvassed, under the same rules, conditions, and regulations as are prescribed for municipal elections under this Charter and Chapter 163 of the General Statutes of North Carolina. Opening and closing dates for candidate filing shall be set by the board of elections, and notice of the election shall be published at least three days prior to the opening of candidate filing.

(g) The successor of any officer so removed shall hold office for the unexpired term of the predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless that incumbent requests otherwise in writing, the board of elections shall place the incumbent's name on the official ballot without filing. At the election, if some other person than the incumbent is elected, the incumbent shall thereupon be deemed removed from the office upon the taking of the oath of office of the successor.

(h) In case the person elected should fail to take the oath of office within 10 days after certification of the election returns, the office shall be deemed vacant, and in that event, the office shall be filled for the remainder of the unexpired term by the Board of Aldermen, but the officer removed shall not be eligible to election by the board, and the person chosen by the Council shall be subject to recall as other elected officials. If the incumbent receives the most votes in the election, the incumbent shall continue his office.

(i) Such method of removal shall be cumulative and additional to any other method provided by law. In the event any officer is recalled, the elected successor shall be subject to recall in the same manner as the originally elected officer.

(j) Time limitation. No person shall be subject to recall if the petition is filed within six months of the person having taken office, within six months of a recall election, or within six months of the expiration of the term."

A tax levied under this act is due and payable to the town in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, and association liable for the tax shall, on or before the 15th day of each month prepare and render a return on a form prescribed by the town. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A return filed with the county town under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.

(b) Any person, firm, corporation, or association who fails or refuses to file the return required by this act is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The town council has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(c) All persons, firms, corporations, and associations who rent either their own dwelling or dwellings or rooms for other persons are required to submit to the town a list of all rented properties. This list shall include the owner's name and current address and the location of the rental property. The list shall be submitted semi-annually on or before November 30 and May 30. This tax shall be collected as part of the charge for furnishing any taxable accommodations. The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the Town of Banner Elk. The town shall design, print, and furnish to all appropriate businesses in the town the necessary forms for filing returns and instructions to ensure the full collection of the tax.

(b) Collection of the tax shall be the responsibility of the Banner Elk Tax Administrator. In his or her discretion, the tax administrator may proceed against an operator whose occupancy tax is delinquent employing all remedies for collection of tax as set out in G.S. 105-367, 105-368, 105-374, and 105-375. In employing the remedies under those statutes, the tax levied under this act shall be treated as a property tax on personal property. The Tax Administrator may audit occupancy tax reports as he or she deems necessary utilizing information available to him or her in property tax matters.

"Sec. 4. Discount for Payment of Taxes When Due. Every operator who pays the occupancy tax imposed by this act may deduct from the amount of the tax for which he is liable and which he actually pays a discount equal to the discount the State allows the operator for collecting State sales and use taxes. Provided, however, the tax administrator may deny a taxpayer the benefit of this section for failure to pay the full tax when due as well as in cases of fraud, evasion, or failure to keep accurate and clear records as required. Provided, further, that in order to receive any discount allowed the taxpayer must deduct the discount at the time of making the monthly remittance of tax to the town.

"Sec. 5. Disposition of Taxes Collected. Distribution and Use of Tax Revenue. "Sec. 6. Repeal of Levy. The Banner Elk Town Council may by resolution repeal the levy of the room occupancy tax in Banner Elk, but no repeal of taxes levied under this act shall be effective until the end of the fiscal year in which the repeal resolution was adopted. No liability for a tax levied under this act that attached prior to the date on which a levy is repealed shall be discharged as a result of the repeal, and no right to a refund of a tax that accrued prior to the effective date on which a levy is repealed shall be denied as a result of the repeal.

"Sec. 7. Tourism Development Authority. (a) Appointment and membership. The Town of Banner Elk shall adopt a resolution creating a town Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The Authority shall be composed of five members who shall serve for staggered three-year terms. The members shall be appointed by the mayor and approved by the Town Council. manner as the original appointments, and members appointed to fill vacancies shall serve for the remainder of the unexpired term. The Banner Elk Town Council shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Banner Elk shall be the ex officio, nonvoting finance officer of the Authority.

Section 7. To achieve the staggered terms required on the Banner Elk Tourism Development Authority, as provided in Section 6 of this act, the initial terms of the members of the Authority shall be as follows: The initial term of one of the two at-large members shall be one year and the initial term of one of the two members that is an owner or manager of a Banner Elk hotel, motel, or bed and breakfast shall be two years. The remaining initial members shall serve terms of three years each. Thereafter, all terms shall be three years.

2. One dollar ($1.00) per month on each residential telephone customer bill for service within the district and up to five dollars ($5.00) per month on each commercial or industrial telephone customer bill within the district.

Section 5.(b) The Utility District may receive contributions from the State of North Carolina, local governments, and the private sector for corporate purposes authorized by this act.

Section 5.(c) The commission may contract with the State of North Carolina, another local government, or a private entity for carrying out the projects authorized by this act. Any State, local government, or other entity which carries out projects authorized by this act, or otherwise takes action affecting any company whose lines are effectuated pursuant to the terms of this act shall remain fully liable for any damages to company property. Any private sector entity with which the district wishes to contract to carry out projects authorized by this act must be approved in writing in advance by each company whose facilities will be affected and must carry sufficient insurance to cover any damages caused.

Section 5.(d) The board of commissioners may exempt from payment of the assessment on an electric bill any person for whom the
payment would work an unreasonable financial hardship in accordance with criteria established by the board of commissioners. The board of commissioners shall exempt from payment of the assessment on a telephone bill those low-income residential telephone customers who pay reduced rates for local telephone service pursuant to an order of the North Carolina Utilities Commission.

Section 5.(e) The commission may order any cable television lines (or other lines other than electric or telephone) to be undergrounded when any electric or telephone line on the same pole is undergrounded.

The budget shall include funding to pay for the installation of conduit for underground telephone cable, where required.

Section 7. Corporate Existence. A Utility District created under this act shall have the power granted by this act, and may do all acts reasonably necessary to fulfill this purpose. A simple majority of the governing board constitutes a quorum, and approval by a majority of those present is sufficient to determine any matter before the governing body, if a quorum is present.

Section 8. Fiscal Control. The Utility District is a special district under G.S. 159-7 and is covered by the applicable provisions of Chapter 159 of the General Statutes.

Section 9.(a) Levy. An assessment authorized by this act may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. An assessment authorized by this act shall become effective on the date specified in the resolution levying the assessment. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the third month after the date the resolution is adopted. In establishing the effective date, the board of commissioners shall consult with any utility that will be collecting the assessment to determine any administrative lead times that might be desirable.

Section 9.(b) Collection. Every utility subject to an assessment authorized by this act shall, on and after the effective date of the levy of the assessment, collect it. The assessment shall be collected as part of the charge for furnishing service. The assessment shall be stated and charged separately and shall be paid by the purchaser to the utility as trustee for and on account of the Utility District. The assessment shall be passed on to the purchaser instead
of being borne by the utility. The Utility District shall design, print, and furnish to all appropriate utilities in the district the necessary forms for filing returns and instructions to ensure the full collection of the assessment. A utility who collects an assessment authorized by this act may deduct from the amount remitted to the Utility District a discount equal to the discount the State allows the utility for State sales and use tax. For the purpose of this act, a utility includes a government entity providing service, a cooperative, and any other utility. A utility shall have the same right to suspend or terminate service for nonpayment of the assessment that it has to suspend or terminate service for payment of any other part of the utility bill. A utility has no obligation to take any legal action to enforce the collection of assessments under this act. The county or the district may initiate a collection action in its name and reasonable costs and attorneys’ fees may be awarded to the plaintiff.

Section 9.(c) Administration. The Utility District shall administer an assessment it levies under this act. An assessment authorized by this act is due and payable to the district finance officer in monthly installments on or before the last day of the month following the month in which the assessment accrues. Every person, firm, corporation, or association liable for the assessment shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the Utility District. The return shall state the total gross receipts derived in the preceding month upon which the assessment is levied. A return filed with the district finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 as if the Utility District were a county. The Utility District may adopt a payment schedule keyed to the billing cycle of the utility collecting the assessment rather than the calendar month, as long as there are at least 12 billing cycles per year.

Section 9.(d) Penalties. A person, firm, corporation, or association who fails or refuses to file an assessment return or pay an assessment authorized by this act as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the Utility District has the same authority to waive the penalties for an assessment authorized by this act that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

Section 9.(e) Increase, Repeal, or Reduction. An assessment levied by a district under this act may be increased not in excess of the maximum allowed by this act, repealed or reduced by a resolution adopted by the board of commissioners of the county, acting ex officio on behalf of the Utility District. Repeal or reduction of an assessment authorized by this act shall become effective on the first day of a month and may not be earlier than the first day of the third month after the date the resolution is adopted. Repeal or reduction of an assessment authorized by this act does not affect a liability for an assessment that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of an assessment that
accrued before the effective date of the repeal or reduction. In establishing the effective date, the board of commissioners shall consult with any utility that will be collecting the assessment to determine any administrative lead times that might be desirable. Once the lines have been undergrounded and the costs have been paid, the board of commissioners shall terminate the assessment.

Section 10. Interlocal Agreements. By interlocal agreement adopted under Chapter 160A of the General Statutes, a Utility District created under this act may contract with a municipality or county to handle assessment collections and fiscal control.

Section 11.(a) The district shall coordinate with affected utilities, municipalities, and the North Carolina Department of Transportation to facilitate acquisition of rights-of-way for burial of cable.

Section 11.(b) The undergrounding required by this act shall be a coordinated effort between the utility district and the affected electric, telephone, and cable television companies.

Section 12. The State Auditor may perform audits pursuant to Article 5A of Chapter 147 of the General Statutes to ensure that funds collected by or paid to the Utility District are being managed in accordance with the provisions of this act, and shall perform an audit at least every two years. Renewal may be effected at any time during the first 12 months immediately following its invalidation by payment of the established renewal fee and a late penalty of one hundred dollars ($100.00). Failure of a licensee to renew the license for a period of 12 months shall require the individual, prior to resuming practice in North Carolina, to submit an application on the prescribed form, and to meet all other requirements for licensure as set forth in Chapter 89C. The secretary of the Board is instructed to remove from the official roster of engineers and land surveyors the names of all licensees who have not effected their renewal by the first day of February the month immediately following the date of their expiration renewal period. The Board may adopt rules to provide for renewals in distress or hardship cases due to military service, prolonged illness, or prolonged absence from the State, where the applicant for renewal demonstrates to the Board that the applicant has maintained active knowledge and professional status as an engineer or land surveyor, as the case may be. It shall be the responsibility of each licensee to inform the Board promptly concerning change in address. A licensee may request and be granted inactive status. No inactive licensee may practice in this State unless otherwise exempted in this Chapter. A licensee granted inactive status shall pay annual renewal fees but shall not be subject to annual continuing professional competency requirements. A licensee granted inactive status may return to active status by meeting all requirements of the Board, including demonstration of continuing professional competency as a condition of reinstatement."

Section 3. G.S. 89C-24 reads as rewritten:

"§ 89C-24. Licensure of corporations and business firms that engage in the practice of engineering or land surveying.

A corporation or business firm may not engage in the practice of engineering or land surveying in this State unless it is licensed by the Board and has paid an application fee established by the Board in an amount not to exceed one hundred dollars ($100.00). A corporation or business firm is subject to the same duties and responsibilities as an individual licensee. Licensure of a corporation or business firm does not affect the requirement that all engineering or land surveying work done by the corporation or business firm be performed by or under the responsible charge of individual registrants, nor does it relieve the individual registrants within a corporation or business firm of their design and supervision responsibilities. The Board may adopt rules regulating the operation of offices and places of business of corporations and business firms licensed under this section to ensure that professional engineering and land surveying services are performed under the supervision of licensed professional engineers and land surveyors.
This section applies to every corporation that is engaged in the practice of engineering or land surveying, regardless of when it was incorporated. A corporation that is not exempt from Chapter 55B of the General Statutes by application of G.S. 55B-15 must be incorporated under that Chapter."

Section 4. G.S. 55B-2(6) reads as rewritten:

Section 5. G.S. 55B-6(a) reads as rewritten:

"(a) Except as provided in subsection (b), a professional corporation may issue shares of its capital stock only to a licensee as defined in G.S. 55B-2, and a shareholder may voluntarily transfer such shares of stock issued to him only to another such licensee. No share or shares of any stock of such corporation shall be transferred upon the books of the corporation unless the corporation has received a certification of the appropriate licensing board that the transferee of such shares is a licensee. Provided, it shall be lawful in the case of professional corporations rendering services as defined in Chapters 83A, 89A, 89C, and 89F, 89E, and 89F, for non-licensed employees of such corporation to own not more than one-third of the total issued and outstanding shares of such corporation. Provided further, subject to any additional conditions that the appropriate licensing board may by rule or order impose in the public interest, it shall be lawful for individuals who are not licensees but who perform professional services on behalf of a professional corporation in another jurisdiction in which the corporation maintains an office, and who are duly licensed to perform professional services under the laws of the other jurisdiction, to be shareholders of the corporation so long as there is at least one shareholder who is a licensee as defined in G.S. 55B-2, and the corporation renders its professional services in the State only.
through those shareholders that are licensed in North Carolina. Upon the transfer of any shares of such corporation to a non-licensed employee of such corporation, the corporation shall inform the appropriate licensing board of the name and address of the transferee and the number of shares issued to such nonprofessional transferee. Any share of stock of such corporation issued or transferred in violation of this section shall be null and void. No shareholder of a professional corporation shall enter into a voting trust agreement or any other type of agreement vesting in another person the authority to exercise the voting power of any or all of his stock."

Section 6. G.S. 55B-14(b) reads as rewritten:
"(b) Notwithstanding subsection (a) of this section, in the case of architectural, landscape architectural, engineering or land surveying and geological services, surveying, geological, and soil science services, as defined in Chapters 83A, 89A, 89C, and 89E, and 89F respectively, one corporation may be authorized to provide such of these services where such corporation, and at least one corporate officer who is a stockholder thereof, is duly licensed by the licensing board of each such profession."

Section 7. G.S. 89F-6 reads as rewritten:
"§ 89F-6. Corporate, limited liability company, partnership, or sole proprietorship practice of soil science.
A corporation organized under Chapter 55B of the General Statutes, a limited liability company organized under Chapter 57C of the General Statutes, a partnership, or a sole proprietorship may engage in the practice of soil science in this State. A licensed soil scientist shall be in responsible charge of all practice of soil science by the corporation, limited liability company, partnership, or sole proprietorship."

SESSION LAW 2000-116

AN ACT TO PROVIDE FOR ADDITIONAL NOTICE OF AN APPLICATION FOR A PERMIT UNDER THE MINING ACT OF 1971, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 74-50 reads as rewritten:
"§ 74-50. Permits -- General. (a) No operator shall engage in mining without having first obtained from the Department an operating permit that covers the affected land and that has not been terminated, revoked, suspended for the period in question, or otherwise become invalid. An operating permit may be modified from time to time to
include land neighboring the affected land, in accordance with procedures set forth in G.S. 74-52. A separate permit shall be required for each mining operation that is not on land neighboring a mining operation for which the operator has a valid permit.

(b) As used in subsection (b1) of this section:

(1) ‘Permitted area’ means affected land and all other land used for or designated as buffers or reserves, or used for other purposes, as delineated in a mining permit or an application for a mining permit.

(2) ‘Permit boundaries’ means the boundaries of a permitted area.

(3) ‘Land adjoining’ means any parcel or tract of land that is not owned in whole or in part by, or that is not under the control of, the applicant or operator or any lessor, affiliate, parent, or subsidiary of the applicant or operator and that is contiguous to either: (i) any parcel or tract that includes the permitted area or (ii) any parcels or tracts of land that are owned in whole or in part by or under the control of the applicant or operator or any lessor, affiliate, parent, or subsidiary of the applicant or operator and that, taken together, are contiguous to the permitted area.

(b1) At the time of the application for a new mining permit or permit modifications that add owners of record of lands adjoining the permit boundaries, for a modification of a mining permit to add land to the permitted area, the applicant or operator shall make a reasonable effort, satisfactory to the Department, to notify all owners of record of land adjoining the proposed site, and to notify the chief administrative officer of the county or municipality in which the site is located that the operator intends to conduct a mining operation on the site in question. notify:

(1) The chief administrative officer of each county and municipality in which any part of the permitted area is located.

(2) The owners of record of land adjoining that lies within 1,000 feet of the permit boundaries.

(3) The owners of record of land that lies directly across and is contiguous to any highway; creek, stream, river, or other watercourse; railroad track; or utility or other public right-of-way and that lies within 1,000 feet of the permit boundaries. For purposes of this subdivision, ‘highway’ means a highway, as defined in G.S. 20-4.01(13) that has four lanes of travel or less and that has not been designated a part of the Interstate Highway System.

(b2) The notice shall inform the owners of record and chief administrative officers of the opportunity to submit written comments to the Department regarding the proposed mining operation and the opportunity to request a public hearing regarding the proposed mining operation. Requests for public hearing shall be made within 30 days of issuance of the notice.
(b3) When the Department receives an application for a new mining permit or for a modification of a mining permit to add land to the permitted area, the Department shall send a notice of the application to each of the following agencies with a request that each agency review and provide written comment on the application within 30 days of the date on which the request is made:

1. Division of Air Quality, Department of Environment and Natural Resources.
2. Division of Parks and Recreation, Department of Environment and Natural Resources.
3. Division of Water Quality, Department of Environment and Natural Resources.
4. Division of Water Resources, Department of Environment and Natural Resources.
6. Wildlife Resources Commission, Department of Environment and Natural Resources.
7. Division of Archives and History, Department of Cultural Resources.
9. Any other federal or State agency that the Department determines to be appropriate, including the Division of Coastal Management, Department of Environment and Natural Resources; the Division of Marine Fisheries, Department of Environment and Natural Resources; the Division of Waste Management, Department of Environment and Natural Resources; and the Department of Transportation.

(c) No permit shall become effective until the operator has deposited with the Department an acceptable performance bond or other security pursuant to G.S. 74-54. If at any time the bond or other security, or any part thereof, shall lapse for any reason other than a release by the Department, and the lapsed bond or security is not replaced by the operator within 30 days after notice of the lapse, the permit to which the lapsed bond or security pertains shall be automatically revoked.

(d) An operating permit shall be granted for a period not exceeding 10 years. If the mining operation terminates and the reclamation required under the approved reclamation plan is completed prior to the end of the period, the permit shall terminate. Termination of a permit shall not have the effect of relieving the operator of any obligations that the operator has incurred under an approved reclamation plan or otherwise. Where the mining operation itself has terminated, no permit shall be required in order to carry out reclamation measures under the reclamation plan.

Section 2. G.S. 74-51(c) reads as rewritten:

Section 3. This act becomes effective December 1, 2000.

In the General Assembly read three times and ratified this the 4th day of July, 2000.
AN ACT TO AMEND ARTICLE 3 OF THE UNIFORM COMMERCIAL CODE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 25-3-506 reads as rewritten:

"§ 25-3-506. Collection of processing fee for returned checks.

A person who accepts a check in payment for goods or services or his assignee may charge and collect a processing fee, not to exceed twenty-five dollars ($25.00), for a check on which payment has been refused by the payor bank because of insufficient funds or because the drawer did not have an account at that bank if at the time the consumer presented the check to the person, a sign:

(1) Was conspicuously posted on or in the immediate vicinity of the cash register or other place where the check is received;
(2) Was in plain view of anyone paying for goods or services by check;
(3) Was no smaller than 8 by 11 inches; and
(4) Stated the amount of the fee that would be charged for returned checks.

When the drawer sends a check by mail for payment of a debt and the check is dishonored and returned, the processing fee may be collected if the drawer was given prior written notice that a fee would be charged for returned checks. Any document that clearly and conspicuously states the amount of the fee that will be charged for returned checks and is delivered to the drawer or his agent, or is mailed first-class mail to the drawer at his last known address as part of any document requesting payment of a debt satisfies this notice requirement for that payment only by the bank.

If a collection agency collects or seeks to collect on behalf of its principal a processing fee as specified in this section in addition to the sum payable of a check, the amount of such processing fee must be separately stated on the collection notice. The collection agency shall not collect or seek to collect from the drawer any sum other than the actual amount of the returned check and the specified processing fee."

Section 2. This act becomes effective October 1, 2000, and applies to checks presented by the consumer on or after that date.

In the General Assembly read three times and ratified this the 6th day of July, 2000.

Became law upon approval of the Governor at 8:39 a.m. on the 14th day of July, 2000.

SESSION LAW 2000-120

AN ACT TO IMPLEMENT THE RECOMMENDATION OF THE NATIONAL GOVERNORS' ASSOCIATION FOR A STREAMLINED SALES TAX COLLECTION SYSTEM AND TO OTHERWISE IMPROVE COLLECTION.

The General Assembly of North Carolina enacts:

Section 1. Article 5 of Chapter 105 of the General Statute is amended by adding a new section to read:

"§ 105-164.27. Direct pay certificate.

(a) Requirements. -- A person who purchases tangible personal property whose tax status cannot be determined at the time of the purchase because of one of the reasons listed below may apply to the Secretary for a direct pay certificate:
(1) The place of business where the property will be used is not known at the time of the purchase and a different tax consequence applies depending on where the property is used.

(2) The manner in which the property will be used is not known at the time of the purchase and one or more of the potential uses is taxable but others are not taxable.

(b) Procedure. -- An application for a direct pay certificate must be made on a form provided by the Secretary and contain the information required by the Secretary. The Secretary may grant the application if the Secretary finds that the applicant complies with the sales and use tax laws and that the applicant’s compliance burden will be greatly reduced by use of the certificate.

(c) Effect. -- A direct pay certificate authorizes its holder to purchase any tangible personal property without paying tax to the seller and authorizes the seller to not collect any tax on a sale to the certificate holder. A person who purchases tangible personal property under a direct pay certificate is liable for use tax due on the purchase. The tax is payable when the property is placed in use. A direct pay certificate does not apply to taxes imposed under G.S. 105-164.4(a)(1f) or G.S. 105-164.4(a)(4a).

(d) Revocation. -- A direct pay certificate is valid until the holder returns it to the Secretary or it is revoked by the Secretary. The Secretary may revoke a direct pay certificate if the holder of the certificate does not file a sales and use tax return on time, does not pay sales and use on time, or otherwise fails to comply with the sales and use tax laws."

Whenever the warrantless search consists of testing for the presence of illegal drugs, the probationer may also be required to reimburse the Department of Correction for the actual cost of drug screening and drug testing, if the results are positive.

(8) Not use, possess, or control any illegal drug or controlled substance unless it has been prescribed for him or her by a licensed physician and is in the original container with the prescription number affixed on it; not knowingly associate with any known or previously convicted users, possessors or sellers of any such illegal drugs or controlled

(9a) Attend and complete an abuser treatment program if (i) the court finds the defendant is responsible for acts of domestic violence and (ii) the program is approved by the Department of Administration.

(10) Satisfy any other conditions determined by the court to be reasonably related to his rehabilitation."

SESSION LAW 2000-126

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE USED IN DEFINING AND DETERMINING CERTAIN STATE TAX PROVISIONS, TO CONFORM TO FEDERAL LAW REGARDING PENSION TAX WITHHOLDING AND DEADLINES FOR PAYMENTS OF CERTAIN ESTIMATED INCOME TAXES, TO CLARIFY THE SALES FACTOR FOR DETERMINATION OF STATE CORPORATE INCOME AND FRANCHISE TAX, AND TO ENABLE THE COLLECTION OF TAX DEBT OWED TO NORTH CAROLINA THROUGH THE FEDERAL TREASURY OFFSET PROGRAM.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-228.90(b)(1a) reads as rewritten:
"(b) Definitions. -- The following definitions apply in this Article:

(1a) Code. -- The Internal Revenue Code as enacted as of June 1, 1999, January 1, 2000, including any provisions enacted as of that date which become effective either before or after that date."

Section 2. G.S. 105-163.1(11b) reads as rewritten:
"(11b) (Effective January 1, 2001) Pension payment. -- A periodic payment or a nonperiodic distribution that is not an eligible rollover distribution, as those terms are defined in section 3405 of the Code."

Section 3. G.S. 105-163.2A(d) reads as rewritten:
"(d) Election of No Withholding. -- The recipient may elect not to have taxes withheld under this section to the extent permitted by section 3405 of the Code. The election must be in the form required by the Secretary. In the case of periodic payments, the election remains in effect until revoked by the recipient. In the case of
a nonperiodic distribution, the election applies on a distribution-by-distribution basis unless it meets conditions prescribed by the Secretary for it to apply to subsequent nonperiodic distributions by the pension payer.

A pension payer must notify each recipient of the right to elect not to have taxes withheld under this section. The notice must comply with the requirements of section 3405 of the Code and any additional requirements prescribed by the Secretary.

A recipient’s election not to have taxes withheld under this section is void if the recipient fails to furnish the recipient’s tax identification number to the pension payer, or the Secretary has notified the pension payer that the tax identification number furnished by the recipient is incorrect."

Section 4. G.S. 105-163.15(i) reads as rewritten:

"(i) Notwithstanding the other provisions subsections (c), (d), (e), and (h) of this section, an individual who is a farmer or fisherman for a taxable year is subject to the provisions of this subsection.

(1) One installment. -- The individual is required to make only one installment payment of tax for that taxable year. This installment is due on or before January 15 of the following taxable year but may be paid without penalty or interest on or before March 1 of that year. The amount of the installment payment shall be the lesser of:

(1) a. Sixty-six and two-thirds percent (66 2/3%) of the tax shown on the return for the taxable year, or, if no return is filed, sixty-six and two-thirds percent (66 2/3%) of the tax for that year; or

(2) b. One hundred percent (100%) of the tax shown on the return of the individual for the preceding taxable year, if the preceding taxable year was a taxable year of 12 months and the individual filed a return for that year.

(2) Exception. -- If, on or before March 1 of the following taxable year, the taxpayer files a return for the taxable year and pays in full the amount computed on the return as payable, no addition to tax is imposed under subsection (a) of this section with respect to any underpayment of the required installment for the taxable year.

(3) Eligibility. -- An individual is a farmer or fisherman for any taxable year if the individual’s gross income from farming or fishing, including oyster farming, for the taxable year is at least sixty-six and two-thirds percent (66 2/3%) of the total gross income from all sources for the taxable year, or the individual’s gross income from farming or fishing, including oyster farming, shown on the return of the individual for the preceding taxable year is at least sixty-six and two-thirds percent (66 2/3%) of the total gross income from all sources shown on the return."

Section 5. G.S. 105-130.4(a)(7) reads as rewritten:

Section 6. G.S. 105A-13 reads as rewritten:
(a) State Setoff. -- To recover the costs incurred by the Department in collecting debts under this Chapter, a collection assistance fee of no more than fifteen dollars ($15.00) is imposed on each debt collected through setoff. The Department must collect this fee as part of the debt and retain it. The Department must set the amount of the collection assistance fee based on its actual cost of collection under this Chapter for the immediately preceding year. If the Department is able to collect only part of a debt through setoff, the collection assistance fee has priority over the remainder of the debt. The collection assistance fee shall not be added to child support debts or collected as part of child support debts. Instead, the Department shall retain from collections under Division II of Article 4 of Chapter 105 of the General Statutes the cost of collecting child support debts under this Chapter.

(b) Federal Setoff. -- A collection assistance fee of fifteen dollars ($15.00) applies to a setoff made by the United States Department of the Treasury to recover tax owed to North Carolina. The Department of Revenue must add the fee to the amount of the tax liability submitted to the United States Department of the Treasury for setoff. The Department of Revenue must collect the fee as part of the debt and retain it. If a federal setoff covers only part of the tax due, the collection assistance fee has priority over the tax due."

Section 7. Notwithstanding Section 1 of this bill, any amendments to the Internal Revenue Code enacted in 1999 that increase North Carolina taxable income for the 1999 taxable year become effective for taxable years beginning on or after January 1, 2000.

AN ACT TO AMEND THE RULES OF CIVIL PROCEDURE TO REQUIRE BRIEFS AND MEMORANDA IN SUPPORT OR OPPOSITION OF DISPOSITIVE MOTIONS AND OPPOSING AFFIDAVITS TO BE SERVED UPON ALL PARTIES AND TO REQUIRE WRITTEN MOTIONS TO STATE THE GROUNDS FOR THE MOTION WITH PARTICULARITY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 1A-1, Rule 5 reads as rewritten:

"Rule 5. Service and filing of pleadings and other papers.

(a) Service of orders, subsequent pleadings, discovery papers, written motions, written notices, and other similar papers -- When required. -- Every order required by its terms to be served, every pleading subsequent to the original complaint unless the court otherwise orders because of numerous defendants, every paper relating to discovery required to be served upon a party unless the court otherwise orders, every written motion other than one which may be heard ex parte, and every written notice, appearance, demand, offer of judgment and similar paper shall be served upon each of the parties, but no service need be made on parties in default for failure to appear except that pleadings asserting new or additional claims for relief against them shall be served upon them in the manner provided for service of summons in Rule 4.

(a1) Service of briefs or memorandum in support or opposition of certain dispositive motions. -- In actions in superior court, every brief or memorandum in support of or in opposition to a motion to dismiss, a motion for judgment on the pleadings, a motion for summary judgment, or any other motion seeking a final determination of the rights of the parties as to one or more of the claims or parties in the action shall be served upon each of the parties at least two days before the hearing on the motion. If the brief or memorandum is not served on the other parties at least two days before the hearing on the motion, the court may continue the matter for a reasonable period to allow the responding party to prepare a response, proceed with the matter without considering the untimely served brief or memorandum, or take such other action as the ends of justice require. The parties may, by consent, alter the period of time for service. For the purpose of this two-day requirement only, service shall mean personal delivery, facsimile transmission, or other means such that the party actually receives the brief within the required time.

(b) Service -- How made. -- A pleading setting forth a counterclaim or cross claim shall be filed with the court and a copy thereof shall be served on the party against whom it is asserted or on his attorney of record. With respect to all pleadings subsequent to the original complaint and other papers required or permitted to be served, service with due return may be made in the manner provided for service and return of process in Rule 4 and may be made upon either the party
or, unless service upon the party himself is ordered by the court, upon his attorney of record. With respect to such other pleadings and papers, service upon the attorney or upon a party may also be made by delivering a copy to him or by mailing it to him at his last known address or, if no address is known, by filing it with the clerk of court. Delivery of a copy within this rule means handing it to the attorney or to the party; or leaving it at the attorney's office with a partner or employee. Service by mail shall be complete upon deposit of the pleading or paper enclosed in a post-paid, properly addressed wrapper in a post office or official depository under the exclusive care and custody of the United States Postal Service.

(c) Service -- Numerous defendants. -- In any action in which there are unusually large numbers of defendants, the court, upon motion or of its own initiative, may order that service of the pleadings of the defendants and replies thereto need not be made as between the defendants and that any crossclaim, counterclaim, or matter constituting an avoidance or affirmative defense contained therein shall be deemed to be denied or avoided by all other parties and that the filing of any such pleading and service thereof upon the plaintiff constitutes due notice of it to the parties. A copy of every such order shall be served upon the parties in such manner and form as the court directs.

(d) Filing. -- All pleadings subsequent to the complaint shall be filed with the court. All other papers required to be served upon a party, including requests for admissions, shall be filed with the court either before service or within five days thereafter, except that depositions, interrogatories, requests for documents, and answers and responses to those requests may not be filed unless ordered by the court or until used in the proceeding. The party taking a deposition or obtaining material through discovery is responsible for its preservation and delivery to the court if needed or so ordered. With respect to all pleadings and other papers as to which service and return has not been made in the manner provided in Rule 4, proof of service shall be made by filing with the court a certificate either by the attorney or the party that the paper was served in the manner prescribed by this rule, or a certificate of acceptance of service by the attorney or the party to be served. Such certificate shall show the date and method of service or the date of acceptance of service.

(e) (1) Filing with the court defined. -- The filing of pleadings and other papers with the court as required by these rules shall be made by filing them with the clerk of the court, except that the judge may permit the papers to be filed with him, in which event he shall note thereon the filing date and forthwith transmit them to the office of the clerk.

(2) Filing by telefacsimile transmission. -- If, pursuant to G.S. 7A-34 and G.S. 7A-343, the Supreme Court and the Administrative Officer of the Courts establish uniform rules, regulations, procedures and specifications for the filing of pleadings or other court papers by telefacsimile
transmission, filing may be made by the transmission when, in the manner, and to the extent provided therein."

Section 2. G.S. 1A-1, Rule 7(b) reads as rewritten:
"(b) Motions and other papers. --
(1) An application to the court for an order shall be by motion which, unless made during a hearing or trial or at a session at which a cause is on the calendar for that session, shall be made in writing, shall state with particularity the grounds therefor, and shall set forth the relief or order sought. The requirement of writing is fulfilled if the motion is stated in a written notice of the hearing of the motion.

(2) The rules applicable to captions, signing, and other matters of form of pleadings apply to all motions and other papers provided for by these rules.

(3) A motion to transfer under G.S. 7A-258 shall comply with the directives therein specified but the relief thereby obtainable may also be sought in a responsive pleading pursuant to Rule 12(b)."

Section 3. The Revisor of Statutes shall cause to be printed along with this act the following statement to the Official Comment for G.S. 1A-1, Rule 5(a1):
"The rule does not require any party to submit a brief or memorandum; it only applies in certain instances in which a party intends to submit a brief or memorandum to the court. The rule would not preclude a party from providing the judge with copies of cases or statutes at a hearing."

This addition to the Official Comment shall only be for annotation purposes and shall not be construed to be the law.

Section 4. The Revisor of Statutes shall cause to be printed along with this act the following statement to the Official Comment for G.S. 1A-1, Rule 7(b):
"The 2000 amendment conforms the North Carolina rule to federal Rule 7(b). The federal courts do not apply the particularity requirement as a procedural technicality to deny otherwise meritorious motions. Rather, the federal courts apply the rule to protect parties from prejudice, to assure that opposing parties can comprehend the basis for the motion and have a fair opportunity to respond."

This addition to the Official Comment shall only be for annotation purposes and shall not be construed to be the law.

Section 5. G.S. 1A-1, Rule 6(d) reads as rewritten:
"(d) For motions, affidavits. -- A written motion, other than one which may be heard ex parte, and notice of the hearing thereof shall be served not later than five days before the time specified for the hearing, unless a different period is fixed by these rules or by order of the court. Such an order may for cause shown be made on ex parte application. When a motion is supported by affidavit, the affidavit shall be served with the motion; and except as otherwise provided in Rule 59(c), opposing affidavits may unless the court permits them to be served at some other time be served not later than one day shall be
served at least two days before the hearing. If the opposing affidavit is not served on the other parties at least two days before the hearing on the motion, the court may continue the matter for a reasonable period to allow the responding party to prepare a response, proceed with the matter without considering the untimely served affidavit, or take such other action as the ends of justice require. For the purpose of this two-day requirement only, service shall mean personal delivery, facsimile transmission, or other means such that the party actually receives the affidavit within the required time."

Section 6. G.S. 1A-1, Rule 56(c) reads as rewritten:

"(c) Motion and proceedings thereon. -- The motion shall be served at least 10 days before the time fixed for the hearing. The adverse party prior to the day of hearing may serve opposing affidavits. Affidavits at least two days before the hearing. If the opposing affidavit is not served on the other parties at least two days before the hearing on the motion, the court may continue the matter for a reasonable period to allow the responding party to prepare a response, proceed with the matter without considering the untimely served affidavit, or take such other action as the ends of justice require. For the purpose of this two-day requirement only, service shall mean personal delivery, facsimile transmission, or other means such that the party actually receives the affidavit within the required time.

The judgment sought shall be rendered forthwith if the pleadings, depositions, answers to interrogatories, and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact and that any party is entitled to a judgment as a matter of law. A summary judgment, interlocutory in character, may be rendered on the issue of liability alone although there is genuine issue as to the amount of damages. Summary judgment, when appropriate, may be rendered against the moving party."

Section 7. This act becomes effective October 1, 2000, and applies to motions subject to this act and to briefs, memoranda, and affidavits subject to this act filed on or after that date.

SESSION LAW 2000-128

AN ACT TO MODIFY THE INCOME TAX CREDIT FOR MANUFACTURERS OF CERTAIN RENEWABLE ENERGY EQUIPMENT AND TO FURTHER ADJUST THE SHARE CERTAIN CITIES RECEIVE FROM THE STATE GROSS RECEIPTS TAX.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-130.28 reads as rewritten:

623
"§ 105-130.28. Credit against corporate income tax for construction of a photovoltaic renewable energy equipment facility.

(a) Any Credit. -- A corporation that constructs in North Carolina a facility for the production of photovoltaic manufacture of renewable energy equipment is allowed a credit against the tax imposed by this Part equal to twenty-five percent (25%) of the installation and equipment costs of construction paid during the taxable year. The entire credit may not be taken for the taxable year in which the costs are paid but must be taken in five equal installments beginning with the taxable year in which the costs are paid.

No credit is allowed, however, to the extent that any of the costs of the equipment were provided by federal, State, or local grants. To secure the credit allowed by this section, the taxpayer must own or control the facility at the time of construction. The credit allowed by this section may not exceed the amount of the tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, except payments of tax made by or on behalf of the taxpayer.

(b) As used in this section, "photovoltaic equipment" means those products designed, manufactured, and produced to convert sunlight directly into electricity. Definitions. -- The following definitions apply in this section:

(1) Biomass equipment. -- Products designed to use renewable biomass resources for biofuel production of ethanol, methanol, and biodiesel; anaerobic biogas production of methane utilizing agricultural and animal waste or garbage; or commercial thermal or electrical generation from renewable energy crops or wood waste materials. The term also includes related devices for converting, conditioning, and storing the liquid fuels, gas, and electricity produced with biomass equipment.

(2) Hydroelectric generator. -- Defined in G.S. 105-129.15.

(3) Renewable biomass resources. -- Defined in G.S. 105-129.15.

(4) Renewable energy equipment. -- Biomass equipment, hydroelectric generators, solar electric or thermal equipment, and wind energy equipment.

(5) Solar electric or thermal equipment. -- Products designed to convert sunlight into electricity or heat.

(6) Wind energy equipment. -- Products designed to capture and convert wind energy into electricity or mechanical power.

(c) Cap. -- The credit allowed by this section may not exceed fifty percent (50%) of the amount of the tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, except payments of tax made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of the credit, including carryforwards, claimed by the taxpayer under this section for the taxable year. Any unused portion of the credit may be carried forward for the succeeding 10 years. The amount of credit allowed
under this section may be carried over for the next succeeding five years.

(d) No Double Credit. -- A taxpayer that claims any other credit allowed under this Chapter with respect to construction of a facility for the manufacture of renewable energy equipment may not take the credit allowed in this section with respect to the same facility."

Section 2. G.S. 105-116.1 read as rewritten:

"§ 105-116.1. Distribution of gross receipts taxes to cities.

(a) Definitions. -- The following definitions apply in this section:

(1) Freeze deduction. -- The amount by which the percentage distribution amount of a city was required to be reduced in fiscal year 1995-96 in determining the amount to distribute to the city.

(2) Percentage distribution amount. -- Three and nine hundredths percent (3.09%) of the gross receipts derived by an electric power company and a telephone company from sales within a city that are taxable under G.S. 105-116 or G.S. 105-120.

(b) Distribution. -- The Secretary must distribute to the cities part of the taxes collected under this Article on electric power companies and telephone companies. Each city's share for a calendar quarter is the percentage distribution amount for that city for that quarter minus one-fourth of the city's hold-back amount and one-fourth of the city's proportionate share of the annual cost to the Department of administering the distribution. The Secretary must make the distribution within 75 days after the end of each calendar quarter.

(c) Limited Hold-Harmless Adjustment. -- The hold-back amount for a city that, in the 1995-96 fiscal year, received from gross receipts taxes less than ninety-five percent (95%) of the amount it received in the 1990-91 fiscal year but at least sixty percent (60%) of the amount it received in the 1990-91 fiscal year is the amount determined by the following calculation:

(1) Adjust the city's 1995-96 distribution by adding the city's freeze deduction to the amount distributed to the city for that year.

(2) Compare the adjusted 1995-96 amount with the city's 1990-91 distribution.

(3) If the adjusted 1995-96 amount is less than or equal to the city's 1990-91 distribution, the hold-back amount for the city is zero.

(4) If the adjusted 1995-96 amount is more than the city's 1990-91 distribution, the hold-back amount for the city is the city's freeze deduction minus the difference between the city's 1990-91 distribution and the city's 1995-96 distribution.

(c1) Additional Limited Hold-Harmless Adjustment. -- The hold-back amount for a city that, in the 1995-96 fiscal year, received from gross receipts taxes less than sixty percent (60%) of the amount it
received in the 1990-91 fiscal year is the amount determined by the following calculation:

(1) Adjust the city's 1999-2000 distribution by adding the city's freeze deduction to the amount distributed to the city for that year.

(2) Compare the adjusted 1999-2000 amount with the city's 1990-91 distribution.

(3) If the adjusted 1999-2000 amount is less than or equal to the city's 1990-91 distribution, the hold-back amount for the city is zero.

(4) If the adjusted 1999-2000 amount is more than the city's 1990-91 distribution, the hold-back amount for the city is the city's freeze deduction minus the difference between the city's 1990-91 distribution and the city's 1999-2000 distribution.

(d) Allocation of Hold-Harmless Adjustment. -- The hold-back amount for a city that, in the 1995-96 fiscal year, received from gross receipts taxes at least ninety-five percent (95%) of the amount it received in the 1990-91 fiscal year is the amount determined by the following calculation:

(1) Determine the amount by which the freeze deduction is reduced for all cities whose hold-back amount is determined under subsection (c) subsections (c) and (c1) of this section. This amount is the total hold-harmless adjustment.

(2) Determine the amount of gross receipts taxes that would be distributed for the quarter to cities whose hold-back amount is determined under this subsection if these cities received their percentage distribution amount minus one-fourth of their freeze deduction.

(3) For each city included in the calculation in subdivision (2) of this subsection, determine that city's percentage share of the amount determined under that subdivision.

(4) Add to the city's freeze deduction an amount equal to the city's percentage share under subdivision (3) of this subsection multiplied by the total hold-harmless adjustment.

(e) Disqualification. -- No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999."

Section 3. G.S. 105-130.28, as amended by this act, is repealed effective for costs incurred during taxable years beginning on or after January 1, 2006.

Section 4. This act does not affect the rights or liabilities of the State, a taxpayer, or another person arising under the statute repealed by this act before the effective date of its repeal, nor does it affect the
right to any refund or credit of a tax that accrued under the repealed statute before the effective date of its repeal.

Section 5. Sections 1 and 3 of this act are effective for taxable years beginning on or after January 1, 2000. Section 2 of this act becomes effective October 1, 2000, and applies to distributions made on or after that date. The remainder of this act is effective when it becomes law.

In the General Assembly read three times and ratified this the 7th day of July, 2000.

Became law upon approval of the Governor at 8:49 a.m. on the 14th day of July, 2000.

The judicial official shall then determine whether the defendant is again entitled to release and, if so, upon what conditions. The judicial official determining conditions of pretrial release under this subsection shall impose any conditions set by the court in any order for arrest issued for the defendant’s failure to appear. If no conditions have been set, the judicial official shall require the execution of a secured appearance bond in an amount at least double the amount of the
previous bond, and shall impose such restrictions on the travel, associations, conduct, or place of abode of the defendant as will assure that the defendant will not again fail to appear. The magistrate shall also indicate on the release order that the defendant was surrendered after failing to appear as required under a prior release order."

Section 3. G.S. 15A-543(a) reads as rewritten:
"(a) In addition to forfeiture imposed under G.S. 15A-544, Part 2 of this Article, any person released pursuant to this Article who willfully fails to appear before any court or judicial official as required is subject to the criminal penalties set out in this section."

Section 4. G.S. 15A-544 is repealed.

Section 5. The heading for Article 26 of Chapter 15A of the General Statutes reads as rewritten:

The liability of the defendant and each surety may be enforced as provided in this Part, without the necessity of an independent action.

§ 15A-544.2. Identifying information on bond.

(a) The following information shall be entered on each bail bond executed under Part 1 of this Article:

(1) The name and mailing address of the defendant.

(2) The name and mailing address of any accommodation bondsman executing the bond as surety.

(3) The name and license number of any professional bondsman executing the bond as surety and the name and license number of the runner executing the bail bond on behalf of the professional bondsman.

(4) The name of any insurance company executing the bond as surety, and the name, license number, and power of appointment number of the bail agent executing the bail bond on behalf of the insurance company.

(b) If a defendant is released upon execution of a bail bond that does not contain all the information required by subsection (a) of this section, the defendant's order of pretrial release may be revoked as provided in G.S. 15A-534(f).

§ 15A-544.3. Entry of forfeiture.

(a) If a defendant who was released under Part 1 of this Article upon execution of a bail bond fails on any occasion to appear before the court as required, the court shall enter a forfeiture for the amount of that bail bond in favor of the State against the defendant and against each surety on the bail bond.
(b) The forfeiture shall contain the following information:

1. The name and address of record of the defendant.
2. The file number of each case in which the defendant's appearance is secured by the bail bond.
3. The amount of the bail bond.
4. The date on which the bail bond was executed.
5. The name and address of record of each surety on the bail bond.
6. The name, address of record, license number, and power of appointment number of any bail agent who executed the bail bond on behalf of an insurance company.
7. The date on which the forfeiture is entered.
8. The date on which the forfeiture will become a final judgment under G.S. 15A-544.6 if not set aside before that date.

9. The following notice: 'TO THE DEFENDANT AND EACH SURETY NAMED ABOVE: The defendant named above has failed to appear as required before the court in the case identified above. A forfeiture for the amount of the bail bond shown above was entered in favor of the State against the defendant and each surety named above on the date of forfeiture shown above. This forfeiture will be set aside if, on or before the final judgment date shown above, satisfactory evidence is presented to the court that one of the following events has occurred: (i) the defendant's failure to appear has been stricken by the court in which the defendant was required to appear and any order for arrest that was issued for that failure to appear is recalled, (ii) all charges for which the defendant was bonded to appear have been finally disposed of by the court other than by the State's taking a voluntary dismissal with leave, (iii) the defendant has been surrendered by a surety or bail agent to a sheriff of this State as provided by law, (iv) the defendant has been served with an Order for Arrest for the Failure to Appear on the criminal charge in the case in question, (v) the defendant died before or within the period between the forfeiture and the final judgment as demonstrated by the presentation of a death certificate, or (vi) the defendant was incarcerated in a unit of the Department of Correction and is serving a sentence or in a unit of the Federal Bureau of Prisons located within the borders of the State at the time of the failure to appear. The forfeiture will not be set aside for any other reason. If this forfeiture is not set aside on or before the final judgment date shown above, and if no motion to set it aside is pending on that date, the forfeiture will become a final judgment on that date. The final judgment will be enforceable by execution against the defendant and any accommodation bondsman and professional bondsman on the bond. The final judgment
will also be reported to the Department of Insurance. Further, no surety will be allowed to execute any bail bond in the above county until the final judgment is satisfied in full.

(a) The court shall give notice of the entry of forfeiture by mailing a copy of the forfeiture to the defendant and to each surety whose name appears on the bail bond.
(b) The notice shall be sent by first-class mail to the defendant and to each surety named on the bond at the surety's address of record.
(c) If a bail agent on behalf of an insurance company executed the bond, the court shall also provide a copy of the forfeiture to the bail agent, but failure to provide notice to the bail agent shall not affect the validity of any notice given to the insurance company.
(d) Notice given under this section is effective when the notice is mailed.
(e) Notice under this section shall be mailed not later than the thirtieth day after the date on which the forfeiture is entered. If notice under this section is not given within the prescribed time, the forfeiture shall not become a final judgment and shall not be enforced or reported to the Department of Insurance.

"§ 15A-544.5. Setting aside forfeiture.
(a) Relief Exclusive. -- There shall be no relief from a forfeiture except as provided in this section. The reasons for relief are those specified in subsection (b) of this section. The procedures for obtaining relief are those specified in subsections (c) and (d) of this section. Subsections (f), (g), (h), and (i) of this section apply regardless of the reason for relief given or the procedure followed.
(b) Reasons for Set Aside. -- A forfeiture shall be set aside for any one of the following reasons, and none other:

(1) The defendant's failure to appear has been set aside by the court and any order for arrest issued for that failure to appear has been recalled, as evidenced by a copy of an official court record, including an electronic record.
(2) All charges for which the defendant was bonded to appear have been finally disposed by the court other than by the State's taking dismissal with leave, as evidenced by a copy of an official court record, including an electronic record.
(3) The defendant has been surrendered by a surety on the bail bond as provided by G.S. 15A-540, as evidenced by the sheriff's receipt provided for in that section.
(4) The defendant has been served with an Order for Arrest for the Failure to Appear on the criminal charge in the case in question.
(5) The defendant died before or within the period between the forfeiture and the final judgment as demonstrated by the presentation of a death certificate.
(6) The defendant was incarcerated in a unit of the Department of Correction and is serving a sentence or in a unit of the
Federal Bureau of Prisons located within the borders of the State at the time of the failure to appear.

(c) Procedure When Failure to Appear Is Stricken. -- If the court before which a defendant’s appearance was secured by a bail bond enters an order striking the defendant’s failure to appear and recalling any order for arrest issued for that failure to appear, that court may simultaneously enter an order setting aside any forfeiture of that bail bond. When an order setting aside a forfeiture is entered, the defendant’s further appearances shall continue to be secured by that bail bond unless the court orders otherwise.

(d) Motion Procedure. -- If a forfeiture is not set aside under subsection (c) of this section, the only procedure for setting it aside is as follows:

(1) At any time before the expiration of 150 days after the date on which notice was given under G.S. 15A-544.4, the defendant or any surety on a bail bond may make a written motion that the forfeiture be set aside, stating the reason and attaching the evidence specified in subsection (a) of this section.

(2) The motion is filed in the office of the clerk of superior court of the county in which the forfeiture was entered, and a copy is served, under G.S. 1A-1, Rule 5, on the district attorney for that county and the county board of education.

(3) Either the district attorney or the county board of education may object to the motion by filing a written objection in the office of the clerk and serving a copy on the moving party.

(4) If neither the district attorney nor the board of education has filed a written objection to the motion by the tenth day after the motion is served, the clerk shall enter an order setting aside the forfeiture.

(5) If either the district attorney or the county board of education files a written objection to the motion, then not more than 30 days after the objection is filed a hearing on the motion and objection shall be held in the county, in the trial division in which the defendant was bonded to appear.

(6) If at the hearing the court allows the motion, the court shall enter an order setting aside the forfeiture.

(7) If at the hearing the court does not enter an order setting aside the forfeiture, the forfeiture shall become a final judgment of forfeiture on the later of:

   a. The date of the hearing.
   b. The date of final judgment specified in G.S. 15A-544.6.

(e) Only One Motion Per Forfeiture. -- No more than one motion to set aside a specific forfeiture may be considered by the court.

(f) No More Than Two Forfeitures May Be Set Aside Per Case. -- In any case in which the State proves that the surety or the bail agent had notice or actual knowledge, before executing a bail bond, that the defendant had already failed to appear on two or more prior occasions, no forfeiture of that bond may be set aside for any reason.
(g) No Final Judgment After Forfeiture Is Set Aside. -- If a forfeiture is set aside under this section, the forfeiture shall not thereafter ever become a final judgment of forfeiture or be enforced or reported to the Department of Insurance.

(h) Appeal. -- An order on a motion to set aside a forfeiture is a final order or judgment of the trial court for purposes of appeal. Appeal is the same as provided for appeals in civil actions. When notice of appeal is properly filed, the court may stay the effectiveness of the order on any conditions the court considers appropriate.

§ 15A-544.6. Final judgment of forfeiture.

A forfeiture entered under G.S. 15A-544.3 becomes a final judgment of forfeiture without further action by the court and may be enforced under G.S. 15A-544.7, on the one hundred fiftieth day after notice is given under G.S. 15A-544.4, if:

(1) No order setting aside the forfeiture under G.S. 15A-544.5 is entered on or before that date; and

(2) No motion to set aside the forfeiture is pending on that date.

§ 15A-544.7. Docketing and enforcement of final judgment of forfeiture.

(a) Final Judgment Docketed As Civil Judgment. -- When a forfeiture has become a final judgment under this Part, the clerk of superior court, under G.S. 1-234, shall docket the judgment as a civil judgment against the defendant and against each surety named in the judgment.

(b) Judgment Lien. -- When a final judgment of forfeiture is docketed, the judgment shall become a lien on the real property of the defendant and of each surety named in the judgment, as provided in G.S. 1-234.

(c) Execution; Copy to Commissioner of Insurance. -- After docketing a final judgment under this section, the clerk shall:

(1) Issue execution on the judgment against the defendant and against each accommodation bondsman and professional bondsman named in the judgment and shall remit the clear proceeds to the county finance officer as provided in G.S. 115C-452.

(2) If an insurance company or professional bondsman is named in the judgment, send the Commissioner of Insurance a copy of the judgment, showing the date on which the judgment was docketed.

(d) Sureties May Not Execute Bonds in County. -- After a final judgment is docketed as provided in this section, no surety named in the judgment shall become a surety on any bail bond in the county in which the judgment is docketed until the judgment is satisfied in full.

§ 15A-544.8. Relief from final judgment of forfeiture.

(a) Relief Exclusive. -- There is no relief from a final judgment of forfeiture except as provided in this section.

(b) Reasons. -- The court may grant the defendant or any surety named in the judgment relief from the judgment, for the following reasons, and none other:
(1) The person seeking relief was not given notice as provided in G.S. 15A-544.4.

(2) Other extraordinary circumstances exist that the court, in its discretion, determines should entitle that person to relief.

(c) Procedure. -- The procedure for obtaining relief from a final judgment under this section is as follows:

(1) At any time before the expiration of three years after the date on which a judgment of forfeiture became final, the defendant or any surety named in the judgment may make a written motion for relief under this section, stating the reasons and setting forth the evidence in support of each reason.

(2) The motion is filed in the office of the clerk of superior court of the county in which the final judgment was entered, and a copy shall be served, under G.S. 1A-1, Rule 5, on the district attorney for that county and the county board of education.

(3) A hearing on the motion shall be scheduled within a reasonable time in the trial division in which the defendant was bonded to appear.

(4) At the hearing the court may grant the party any relief from the judgment that the court considers appropriate, including the refund of all or a part of any money paid to satisfy the judgment.

(d) Only One Motion. -- No more than one motion by any party for relief under this section may be considered by the court.

(e) Finality of Judgment as to Other Parties Not Affected. -- The finality of a final judgment of forfeiture shall not be affected, as to any party to the judgment, by the filing of a motion by, or the granting of relief to, any other party.

(f) Appeal. -- An order on a motion for relief from a final judgment of forfeiture is a final order or judgment of the trial court for purposes of appeal. Appeal is the same as provided for appeals in civil actions. When notice of appeal is properly filed, the court may stay the effectiveness of the order on any conditions it considers appropriate."

Section 7. G.S. 58-71-25 reads as rewritten:

Upon the presentation of certified copy of the undertakings and the certificate of the official, the court before which the defendant has been held to answer, or the court in which the preliminary

After there has been a breach of the undertaking in a bail bond, the surety may surrender the defendant as provided in G.S. 15A-540."

Section 8. G.S. 24-5(a1) reads as rewritten:
"(a1) In an action on a penal bond, the amount of the judgment, except the costs, shall bear interest at the legal rate from the date of entry docketing of judgment until the judgment is satisfied."

SESSION LAW 2000-134

AN ACT TO IMPROVE AMBIENT AIR QUALITY, TO PROVIDE FOR THE USE OF ON-BOARD DIAGNOSTIC EQUIPMENT IN THE MOTOR VEHICLE EMISSIONS INSPECTION AND MAINTENANCE PROGRAM, AND TO EXCLUDE FEDERAL CONGESTION MITIGATION AND AIR QUALITY FUNDS FROM THE DISTRIBUTION FORMULA FOR FUNDS EXPENDED ON TRANSPORTATION, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-215.107(a)(6) reads as rewritten:
"(6) To adopt motor vehicle emissions standards; to adopt, when necessary and practicable, a motor vehicle emissions inspection and maintenance program to improve ambient air quality; to require that motor vehicle emissions be monitored while the vehicle is in operation by means of onboard diagnostic equipment (OBD) installed by the vehicle manufacturer; to require manufacturers of motor vehicles to furnish to the Equipment and Tool Institute and, upon request and at a reasonable charge, to any person who maintains or repairs a motor vehicle, all information necessary to fully make use of the onboard on-board diagnostic equipment and the data compiled by that equipment; to certify to the Commissioner of Motor
Vehicles that ambient air quality will be improved by the implementation of a motor vehicle emissions inspection and maintenance program in a county. The Commission shall implement this subdivision as provided in G.S. 143-215.107A."

Section 2. G.S. 143-215.107A(b) is repealed.

Section 3. G.S. 143-215.107A(d) reads as rewritten:
"(d) Additional Counties. -- The Commission may require that motor vehicle emissions inspections be performed in counties in addition to those set out in subsection (c) of this section. In determining whether to require that motor vehicle emissions inspections be performed in a county, the Commission may consider the population of, and distribution of population in, the county; the projected change in population of, and distribution of population in, the county; the number of vehicles registered in the county; the projected change in the number of vehicles registered in the county; vehicle miles traveled in the county; the projected change in vehicle miles traveled in the county; current and projected commuting patterns in the county; and the current and projected impact of these factors on attainment of air quality standards in the county and in areas outside the county. The Commission may not require that motor vehicle emissions testing inspections be performed in any county with a population of less than 40,000 based on the most recent population estimates prepared by the State Planning Officer. The Commission may not require that motor vehicle emissions testing inspections be performed in any county in which the number of vehicle miles traveled per day is less than 900,000, based on the most recent estimates prepared by the Department of Transportation. In order to disapprove a rule that requires that motor vehicle emissions inspections be performed in one or more additional counties, a bill introduced pursuant to G.S. 150B-21.3(b) must amend subsection (c) of this section to add one or more other counties in which the total population and vehicle miles traveled per day equal or exceed the total population and vehicle miles traveled in the county or counties listed in the rule that the bill would disapprove."

Section 4. Section 3.2 of S.L. 1999-328 reads as rewritten:
"Section 3.2. The Environmental Management Commission shall adopt rules to implement G.S. 143-215.107A(b), as enacted by Section 3.1 of this act. These rules shall become effective on 1 July 2002. The Environmental Management Commission shall not require motor vehicle emissions inspections for diesel powered vehicles prior to 1 July 2001."

Section 4.1. Sections 3.3 through 3.8 of S.L. 1999-328 are amended by deleting "G.S. 143-215.7A(c)" and substituting "G.S. 143-215.107A(c)" in the introductory language of each section.

Section 5. Section 3.9 of S.L. 1999-328 is repealed.

(b) It shall be unlawful to use a 'muffler cut-out' on any motor vehicle upon a highway.

(c) No motor vehicle registered in this State which that was manufactured after model year 1967 shall be operated in this State unless it is equipped with such emission control emissions control devices to reduce air pollution as that were installed on the vehicle at the time of manufacture, provided the foregoing requirement the vehicle was manufactured and these devices are properly connected.

(d) The requirements of subsection (c) of this section shall not apply where such if the emissions control devices have been removed for the purpose of converting the motor vehicle to operate on natural or liquefied petroleum gas or other modifications have been made in order to reduce air pollution, further provided that such modifications shall have first been pollution and these modifications are approved by the Department of Environment and Natural Resources."

   a. Has been leased or rented, or offered for lease or rent, for 12 months or more.
   b. Is sold to a consumer-purchaser."

Section 8. Effective 1 July 2002, G.S. 20-183.3 reads as rewritten:

"§ 20-183.3. Scope of safety inspection and emissions inspection.
(a) Safety. -- A safety inspection of a motor vehicle consists of an inspection of the following equipment to determine if the vehicle has the equipment required by Part 9 of Article 3 of this Chapter and if the equipment is in a safe operating condition:
(1) Brakes, as required by G.S. 20-124.
(2) Lights, as required by G.S. 20-129 or G.S. 20-129.1.
(3) Horn, as required by G.S. 20-125(a).
(4) Steering mechanism, as required by G.S. 20-123.1.
(5) Windows and windshield wipers, as required by G.S. 20-127. To determine if a vehicle window meets the window tinting restrictions, a safety inspection mechanic must first determine, based on use of an automotive film check card or knowledge of window tinting techniques, if after-factory tint has been applied to the window. If after-factory tint has been applied, the mechanic must use a light meter approved by the Commissioner to determine if the window meets the window tinting restrictions.
(6) Directional signals, as required by G.S. 20-125.1.
(7) Tires, as required by G.S. 20-122.1.
(8) Mirrors, as required by G.S. 20-126.
(9) Exhaust system, system and emissions control devices, as required by G.S. 20-128. For a vehicle that is subject to an emissions inspection in addition to a safety inspection, a visual inspection of the vehicle's emission control emissions control devices is included in the emissions inspection rather than the safety inspection.

(b) Emissions. -- An emissions inspection of a motor vehicle consists of a visual inspection of the vehicle's emission control devices to determine if the devices are present, are properly connected, and are the correct type for the vehicle and, if the vehicle is a 1975 through 1995 model, an analysis of the exhaust emissions of the vehicle to determine if the exhaust emissions meet the standards for the model year of the vehicle set by the Environmental Management Commission or, if the vehicle is a 1996 or later model, an analysis of data provided by the on-board diagnostic (OBD) equipment installed by the vehicle manufacturer to identify any deterioration or malfunction in the operation of the vehicle that violates standards for the model year of the vehicle set by the Environmental Management Commission. To pass an emissions inspection a vehicle must pass both the visual inspection and and, if the vehicle is a 1975 through 1995 model, the exhaust emissions analysis or, if the vehicle is a 1996 or later model, the OBD analysis. When an emissions inspection is performed on a vehicle, a safety inspection must be performed on the vehicle as well.

(c) Reinspection After Failure. -- The scope of a reinspection of a vehicle that has been repaired after failing an inspection is the same as the original inspection unless the vehicle is presented for reinspection within 30 days of failing the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was a safety inspection, the reinspection is limited to an inspection of the equipment that failed the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was an emissions inspection, the reinspection is limited to the portion of the inspection the vehicle
failed and any other portion of the inspection that would be affected by
repairs made to correct the failure."

Section 9. Effective 1 July 2003, G.S. 20-183.2(b), as amended
by Sections 7 and 7.1 of this act, reads as rewritten:

"(b) Emissions. -- A motor vehicle is subject to an emissions
inspection in accordance with this Part if it meets all of the following
requirements:
(1) It is subject to registration with the Division under Article 3
of this Chapter.
(2) It is not a trailer whose gross weight is less than 4,000
pounds, a house trailer, or a motorcycle.
(3) Except as provided in G.S. 20-183.3(b), it is a 1975 1996
or later model.
(4) Repealed by Session Laws 1999-328, s. 3.11.
(5) It meets any of the following descriptions:
   a. It is required to be registered in an emissions county.
   b. It is part of a fleet that is operated primarily in an
      emissions county.
   c. It is offered for rent in an emissions county.
   d. It is a used vehicle offered for sale by a dealer in an
      emissions county.
   e. It is operated on a federal installation located in an
      emissions county and it is not a tactical military vehicle.
      Vehicles operated on a federal installation include those
      that are owned or leased by employees of the installation
      and are used to commute to the installation and those
      owned or operated by the federal agency that conducts
      business at the installation.
   f. It is otherwise required by 40 C.F.R. Part 51 to be
      subject to an emissions inspection.
(6) It is not licensed at the farmer rate under G.S. 20-88(b).
(7) It is not a new motor vehicle, as defined in G.S.
   20-286(10)a. and has been a used motor vehicle, as defined
   in G.S. 20-286(10)b., for 12 months or more. However, a
   motor vehicle that has been leased or rented, or offered for
   lease or rent, is subject to an emissions inspection when it
   either:
      a. Has been leased or rented, or offered for lease or rent,
         for 12 months or more.
      b. Is sold to a consumer-purchaser."

Section 10. Effective 1 July 2003, G.S. 20-183.3, as amended
by Section 8 of this act, reads as rewritten:

"§ 20-183.3. Scope of safety inspection and emissions inspection.
(a) Safety. -- A safety inspection of a motor vehicle consists of an
inspection of the following equipment to determine if the vehicle has
the equipment required by Part 9 of Article 3 of this Chapter and if the
equipment is in a safe operating condition:
(1) Brakes, as required by G.S. 20-124.
(2) Lights, as required by G.S. 20-129 or G.S. 20-129.1.
(3) Horn, as required by G.S. 20-125(a).
(4) Steering mechanism, as required by G.S. 20-123.1.
(5) Windows and windshield wipers, as required by G.S. 20-127. To determine if a vehicle window meets the window tinting restrictions, a safety inspection mechanic must first determine, based on use of an automotive film check card or knowledge of window tinting techniques, if after-factory tint has been applied to the window. If after-factory tint has been applied, the mechanic must use a light meter approved by the Commissioner to determine if the window meets the window tinting restrictions.

(6) Directional signals, as required by G.S. 20-125.1.
(7) Tires, as required by G.S. 20-122.1.
(8) Mirrors, as required by G.S. 20-126.
(9) Exhaust system and emissions control devices, as required by G.S. 20-128. For a vehicle that is subject to an emissions inspection in addition to a safety inspection, a visual inspection of the vehicle's emissions control devices is included in the emissions inspection rather than the safety inspection.

(b) Emissions. Emissions Inspection Requirements in Certain Counties. -- An emissions inspection of a motor vehicle in the Counties of Cabarrus, Durham, Forsyth, Gaston, Guilford, Mecklenburg, Orange, Union, and Wake consists of a visual inspection of the vehicle's emissions control devices to determine if the devices are present, are properly connected, and are the correct type for the vehicle and, if the vehicle is a 1975 through 1995 model, an analysis of the exhaust emissions of the vehicle to determine if the exhaust emissions meet the standards for the model year of the vehicle set by the Environmental Management Commission or, if the vehicle is a 1996 or later model, an analysis of data provided by the on-board diagnostic (OBD) equipment installed by the vehicle manufacturer to identify any deterioration or malfunction in the operation of the vehicle that would cause an increase in the emission of pollutants by the vehicle that violates standards for the model year of the vehicle set by the Environmental Management Commission. To pass an emissions inspection a vehicle must pass both the visual inspection and, if the vehicle is a 1975 through 1995 model, the exhaust emissions analysis or, if the vehicle is a 1996 or later model, the OBD analysis. When an emissions inspection is performed on a vehicle, a safety inspection must be performed on the vehicle as well.

(b1) Emissions. -- An emissions inspection of a motor vehicle consists of a visual inspection of the vehicle's emission control devices to determine if the devices are present, are properly connected, and are the correct type for the vehicle and an analysis of data provided by the on-board diagnostic (OBD) equipment installed by the vehicle manufacturer to identify any deterioration or malfunction in the operation of the vehicle that violates standards for the model year of the vehicle set by the Environmental Management Commission. To
pass an emissions inspection a vehicle must pass both the visual inspection and the OBD analysis. When an emissions inspection is performed on a vehicle, a safety inspection must be performed on the vehicle as well.

(c) Reinspection After Failure. -- The scope of a reinspection of a vehicle that has been repaired after failing an inspection is the same as the original inspection unless the vehicle is presented for reinspection within 30 days of failing the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was a safety inspection, the reinspection is limited to an inspection of the equipment that failed the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was an emissions inspection, the reinspection is limited to the portion of the inspection the vehicle failed and any other portion of the inspection that would be affected by repairs made to correct the failure."

This section shall not be construed to authorize an emissions inspection station or an emissions self-inspector to perform an emissions inspection on a vehicle of a model year for which the emissions inspection station or emissions self-inspector does not have the equipment necessary to perform an emissions inspection of vehicles of that model year. This
section shall not be construed to authorize an emissions inspection mechanic to perform an emissions inspection on a vehicle unless the emissions inspection mechanic has successfully completed a course, as required by G.S. 20-183.4A(2) or G.S. 20-183.4A(2a), that includes training on the use of the equipment necessary to perform an emissions inspection on vehicles of that model year.

Section 21. This act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1. Notwithstanding G.S. 150B-21.1(a)(2) and 26 NCAC 2C.0102(11), the Environmental Management Commission and the Division of Motor Vehicles of the Department of Transportation may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules.

Section 22. Effective 1 July 2000, G.S. 136-17.2A(a) reads as rewritten:

"(a) Funds expended for the Intrastate System projects listed in G.S. 136-179 and both State and federal-aid funds expended under the Transportation Improvement Program, other than federal congestion mitigation and air quality improvement program funds appropriated to the State by the United States pursuant to 23 U.S.C. § 104(b)(2) and 23 U.S.C. § 149, funds expended on an urban loop project listed in G.S. 136-180 and funds received through competitive awards or discretionary grants through federal appropriations either for local governments, transportation authorities, transit authorities, or the Department, shall be distributed throughout the State in accordance with this section.

(2) Distribution Region B consists of the following counties: Beaufort, Brunswick, Carteret, Craven, Duplin, Greene, Jones, Lenoir, New Hanover, Onslow, Pamlico, Pender, Pitt, and Sampson.

Section 23. The Environmental Review Commission, with the assistance of the Department of Environment and Natural Resources, the Division of Motor Vehicles of the Department of Transportation, the affected parties, and the Fiscal Research Division of the Legislative Services Office shall study issues related to the costs associated with the motor vehicle safety and emissions inspection and maintenance program. The Commission shall determine what constitutes a reasonable fee for motor vehicle inspections under the current program and under the enhanced inspection and maintenance program to be implemented pursuant to G.S. 20-183.3, as amended by Sections 8, 10, and 12 of this act. In determining what constitutes a reasonable fee, the Commission shall consider the cost of emissions inspection equipment, the useful life of the equipment, the average period of time during which a purchaser of this equipment is able to amortize this cost, telephone charges incurred in connection with the registration denial program, whether a fee should be charged to reinspect a vehicle that fails an emissions inspection after repairs to the vehicle have been made, the cost of the safety inspection program in relation to the emissions inspection program, and any other factors that the Commission determines to be relevant. The Commission may also evaluate strategies to ensure an efficient and orderly implementation of the enhanced inspection and maintenance program required by Part III of S.L. 1999-328 and this act. The Environmental Review Commission shall recommend legislation to amend G.S. 20-183.7 to increase the fee for motor vehicle emissions inspections to the 2001 General Assembly.

S.B. 767 SESSION LAW 2000-136

AN ACT TO REVISE THE LIMITATION ON LOBBYIST-RELATED FUND-RAISING TO STRENGTHEN THE ACT AND TO COMPLY WITH A COURT DECISION; TO AUTHORIZE THE STATE BOARD OF ELECTIONS TO ADOPT A PLAN DESIGNATING ONE-STOP VOTING SITES IN A COUNTY WHERE THE COUNTY BOARD OF ELECTIONS WAS UNABLE TO REACH UNANIMITY ON A PLAN AND A MEMBER OR MEMBERS OF THAT COUNTY BOARD HAS PETITIONED THE STATE BOARD TO ADOPT A PLAN; AND TO PROVIDE FUNDING FOR COUNTIES TO OPERATE MULTIPLE ONE-STOP VOTING SITES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 163-278.13B reads as rewritten:

§ 163-278.13B. Limitation on fund-raising during legislative session.

(a) Definitions. -- For purposes of this section:

(1) 'Limited contributor' means a lobbyist registered pursuant to Article 9A of Chapter 120 of the General Statutes, that lobbyist's agent, that lobbyist's principal as defined in G.S. 120-47.1(7), or a political committee that employs or contracts with or whose parent entity employs or contracts with a lobbyist registered pursuant to Article 9A of Chapter 120 of the General Statutes.

(2) 'Limited contributee' means a member of or candidate for the Council of State, a member of or candidate for the General Assembly, or a political committee the purpose of which is to assist a member or members of or candidate or candidates for the Council of State or General Assembly.

(3) The General Assembly is in 'regular session' from the date set by law or resolution that the General Assembly convenes until the General Assembly either adjourns sine die or recesses or adjourns for more than 10 days.

(4) A contribution is 'made' during regular session if the check or other instrument is dated during the session, or if the
check or other instrument is delivered to the limited contributee during session, or if the limited contributor pledges during the session to deliver the check or other instrument at a later time.

(5) A contribution is ‘accepted’ during regular session if the check or other instrument is dated during the session, or if the limited contributee receives the check or other instrument during session and does not return it within 10 days, or agrees during session to receive the check or other instrument at a later time.

(b) Prohibited Solicitations. -- While the General Assembly is in regular session, no limited contributee or the real or purported agent of a limited contributee shall:

(1) Solicit a contribution from a limited contributor to be made to that limited contributee or to be made to any other candidate, officeholder, or political committee; or

(2) Solicit a third party, requesting or directing that the third party directly or indirectly solicit a contribution from a limited contributor or relay to the prohibited limited contributee the prohibited limited contributee’s solicitation of a contribution.

It shall not be deemed a violation of this section for a limited contributee to serve on a board or committee of an organization that makes a solicitation of a limited contributor as long as that limited contributee does not directly participate in the solicitation and that limited contributee does not directly benefit from the solicitation.

(c) Prohibited Contributions. -- While the General Assembly is in regular session:

(1) No limited contributor shall make or offer to make a contribution to a limited contributee.

(2) No limited contributor shall make a contribution to any candidate, officeholder, or political committee, directing or requesting that the contribution be made in turn to a limited contributee.

(3) No limited contributor shall transfer any amount of money or anything of value to any entity, directing or requesting that the entity use what was transferred to contribute to a limited contributee.

(4) No limited contributee or the real or purported agent of a limited contributee prohibited from solicitation by subsection (b) of this section shall accept a contribution from a limited contributor.

(5) No limited contributor shall solicit a contribution from any individual or political committee on behalf of a limited contributee. This subdivision does not apply to a limited contributor soliciting a contribution on behalf of a political party executive committee if the solicitation is solely for a separate segregated fund kept by the political party limited to use for activities that are not candidate-specific, including
generic voter registration and get-out-the-vote efforts, pollings, mailings, and other general activities and advertising that do not refer to a specific individual candidate.

(d) Exception. -- The provisions of this section do not apply with regard to a limited contributee during the three weeks prior to the day of a second primary if that limited contributee is a candidate who will be on the ballot in that second primary.

(e) Prosecution. -- A violation of this section is a Class 2 misdemeanor."

Section 2. G.S. 163-227.2(g) reads as rewritten:

"(g) Notwithstanding any other provision of this section, a county board of elections by unanimous vote of all its members may provide for one or more sites in that county for absentee ballots to be applied for and cast under this section. Any site other than the county board of elections office shall be in any building or part of a building that the county board of elections is entitled under G.S. 163-129 to demand and use as a voting place. Every individual staffing any of those sites shall be a member or full-time employee of the county board of elections or an employee of the county board of elections whom the board has given training equivalent to that given a full-time employee. (a) The Board shall cause to be provided by all local school administrative units and by all other State and local governmental agencies providing special education services or having children with special needs in their care, custody, management, jurisdiction, control, or programs, special education and related services appropriate to all children with special needs. In this regard, all local school administrative units and all other State and local governmental agencies providing special education and related services shall explore available local resources and determine whether the services are currently being offered by an existing public or private agency.

When a specified special education or related service is being offered by a local public or private resource, any unit or agency described above shall negotiate for the purchase of that service or shall present full consideration of alternatives and its recommendations to the Board. In this regard, a new or additional program for special education or related services shall be developed with the approval of the Board only when that service is not being provided by existing public or private resources or the service cannot be purchased from existing providers. Further, the Board shall support and encourage joint and collaborative special education planning and programming at local levels to include local administrative units and the programs and agencies of the Departments of Health and Human Services and Correction and the Office of Juvenile Justice. Services, Correction, and Juvenile Justice and Delinquency Prevention.

The jurisdiction of the Board with respect to the design and content of special education programs or related services for children with special needs extends to and over the Department of Health and Human Services, the Office of Juvenile Justice, Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction.

All provisions of this Article that are specifically applicable to local school administrative units also are applicable to the Department of Health and Human Services, the Office of Juvenile Justice, Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction and their divisions and agencies; all duties, responsibilities, rights and privileges specifically imposed on or granted to local school administrative units by this Article also are imposed on or granted to the Department of Health and Human Services, the Office of Juvenile Justice, Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction and their divisions and agencies. However, with respect to children with special needs who are residents or patients of any State-operated or state-supported residential treatment facility, including without limitation, a school for the deaf, school for the blind, mental hospital or center, mental retardation center, or in a facility operated by the Office of Juvenile Justice, Department of Juvenile Justice and Delinquency Prevention, the Department of Correction or any of its divisions and agencies, the Board shall have the power to contract with the Department of Health and Human Services, the Office of Juvenile
Justice. Department of Juvenile Justice and Delinquency Prevention, and the Department of Correction for the provision of special education and related services and the power to review, revise and approve any plans for special education and related services to those residents.

The Departments of Health and Human Services and Correction and the Office of Juvenile Justice Services, Correction, and Juvenile Justice and Delinquency Prevention shall submit to the Board their plans for the education of children with special needs in their care, custody, or control. The Board shall have general supervision and shall set standards, by rule or regulation, for the programs of special education to be administered by it, by local educational agencies, and by the Departments of Health and Human Services and Correction and the Office of Juvenile Justice Services, Correction, and Juvenile Justice and Delinquency Prevention. The Board may grant specific exemptions for programs administered by the Department of Health and Human Services, the Office of Juvenile Justice, Department of Juvenile Justice and Delinquency Prevention, or the Department of Correction when compliance by them with the Board's standards would, in the Board's judgment, impose undue hardship on this Department or Office department and when other procedural due process requirements, substantially equivalent to those of G.S. 115C-116, are assured in programs of special education and related services furnished to children with special needs served by this Department or Office department. Further, the Board shall recognize that inpatient and residential special education programs within the Departments of Health and Human Services and Correction and the Office of Juvenile Justice Services, Correction, and Juvenile Justice and Delinquency Prevention may require more program resources than those necessary for optimal operation of these programs in local school administrative units.

Every State and local department, division, unit or agency covered by this section is hereinafter referred to as a "local educational agency" unless the text of this Article otherwise provides.

(b) The Board shall make and keep current a plan for the implementation of the policy set forth in G.S. 115C-106(b). The plan shall include:

(1) A census of the children with special needs in the State, as required by subsection (j) of this section;

(2) A procedure for diagnosis and evaluation of each child;

(3) An inventory of the personnel and facilities available to provide special education for these children;

(4) An analysis of the present distribution of responsibility for special education between State and local educational agencies, together with recommendations for any necessary or desirable changes in the distribution of responsibilities;

(5) Standards for the education of children with special needs;
(6) Programs and procedures for the development and implementation of a comprehensive system of personnel development; and

(7) Any additional matters, including recommendations for amendment of laws, changes in administrative regulations, rules and practices and patterns of special organization, and changes in levels and patterns of education financial support.

(c) The Board shall annually submit amendments to or revisions of the plan required by subsection (b) to the Governor and General Assembly and make it available for public comment under subdivision (1) and for public distribution no less than 30 days before January 15 of each year. All such submissions shall set forth in detail the progress made in the implementation of the plan.

(d) The Board shall adopt rules covering:

(1) The qualifications of and standards for certification of teachers, teacher assistants, speech clinicians, school psychologists, and others involved in the education and training of children with special needs;

Representatives from the Departments of Health and Human Services and Correction and the Office of Juvenile Justice Services, Correction, and Juvenile Justice and Delinquency Prevention shall be involved in the development of the standards outlined under this subsection.

(e) On or before October 15, each local educational agency shall report annually to the Board the extent to which it is then providing special education for children with special needs. The annual report also shall detail the means by which the local educational agency proposes to secure full compliance with the policy of this Article, including the following:

(1) A statement of the extent to which the required education and services will be provided directly by the agency;

(2) A statement of the extent to which standards in force under G.S. 115C-110(b)(5) and (d)(2) are being met by the agency; and

(3) The means by which the agency will contract to provide, at levels meeting standards in force under G.S. 115C-110(b)(5) and (d)(2), all special education and related services not provided directly by it or by the State.

(f) After submitting the report required by subsection (e), the local educational agency also shall submit such supplemental and additional reports as the Board may require to keep the local educational agency’s plan current.
(g) By rule, the Board shall prescribe due dates not later than October 15 of each year, and all other necessary or appropriate matters relating to these annual and supplemental and additional reports.

(h) The annual report shall be a two-year plan for providing appropriate special education and related services to children with special needs. The agency shall submit the plan to the Board for its review, approval, modification, or disapproval. Unless thereafter modified with approval of the Board, the plan shall be adhered to by the local educational agency. The procedure for approving, disapproving, establishing, and enforcing the plan shall be the same as that set forth for the annual plan. The long-range plan shall include such provisions as may be appropriate for the following, without limitation:

The provision of free appropriate special education within the facilities of the Department of Health and Human Services and the Office of Juvenile Justice Department of Juvenile Justice and Delinquency Prevention shall not prevent that Department and Office department from charging for other services or treatment.

(j) The Board shall require an annual census of children with special needs, subdivided for "identified" and "suspected" children with special needs, to be taken in each school year. Suspected children are those in the formal process of being identified, evaluated or diagnosed as children with special needs. The census shall be conducted annually and shall be completed not later than October 15, and shall be submitted to the Governor and General Assembly and be made available to the public no later than January 15 annually.

In taking the census, the Board shall require the cooperation, participation, and assistance of all local educational agencies and all other State and local governmental departments and agencies providing or required to provide special education services to children with special needs, and those departments and agencies shall cooperate and participate with and assist the Board in conducting the census.

The census shall include the number of children identified and suspected with special needs, their age, the nature of their disability, their county or city of residence, their local school administrative unit

The census shall be of children with special needs between the ages of three and 21, inclusive.

(k) The Department shall monitor the effectiveness of individualized education programs in meeting the educational needs of all children with special needs other than pregnant children, and of educational programs in meeting the educational needs of the pregnant children.

(l) The Board shall provide for procedures assuring that in carrying out the requirements of this Article procedures are established for consultation with individuals involved in or concerned with the education of children with special needs, including parents or guardians of such children, and there are public hearings, adequate notice of such hearings, and an opportunity for comment available to the general public prior to the adoption of the policies, procedures, and rules or regulations required by this Article.

If it appears that a child should receive a program of free appropriate public education in a program operated by or under the supervision of the Department of Health and Human Services or the Office of Juvenile Justice, Department of Juvenile Justice and Delinquency Prevention, the local educational agency shall confer with the appropriate Department of Health and Human Services or Office of Juvenile Justice Department of Juvenile Justice and Delinquency Prevention staff for their participation and determination of the appropriateness of placement in said program and development of the child’s individualized education program.
