If, after payment of the estimated fee, the public
utility's subsequent returns show that application of the percentage rate would yield quarterly fees that total more than twenty-five dollars ($25.00) for the entire fiscal year, the public utility shall pay the cumulative amount of the fee resulting from application of the percentage rate, to the extent it exceeds the amount of fees, other than any surcharge, previously paid.

(1) Notwithstanding the provisions of G.S. 163-132.3, after the Executive Secretary-Director approves the precincts in accordance with subsection (c) of this section and before January 2, 2002, no county board of elections may establish, alter, discontinue, or create any precinct except by division of one precinct into two or more precincts using lines that the Census Bureau has indicated it will use as 2000 Census block boundaries for that division. Provided that, whenever an annexation ordinance adopted under Parts 1, 2, or 3 of Article 4A of Chapter 160A of the General Statutes, or a local act of the General Assembly annexing property to a municipality, becomes effective during the period beginning with the date of the annexation as reported through the U.S. Census Bureau's 1998 Boundary and Annexation Survey or a subsequent edition of that survey and ending January 2, 2002, and any part of the boundary of the area being annexed which is actually contiguous to the
city is also a precinct boundary for elections administered by
the county board of elections then the county board of
elections may exercise one of the following options:

(1) a. Direct by resolution that the annexed area is
automatically moved into the ‘city precinct’, provided that
if the annexed area is adjacent to more than one city
precinct, the board of elections shall place the area in
any one or more of the adjacent city precincts.

(2) b. Adopt a resolution moving the precinct boundary to a
visible feature line that the Census Bureau has indicated
it will use as a 2000 block boundary.

(2) The Executive Secretary-Director of the State Board of
Elections may permit during the freeze a correction to a
county’s precincts as they were approved pursuant to
subsection (c) of this section where one of the following sets
of conditions is present:

a. A precinct was designated pursuant to subsection (c)
inaccurately, and the United States Bureau of the Census
agrees to include the corrected precinct on its database
for the 2000 Census.

b. The boundary of a precinct designated pursuant to
subsection (c) of this section was subsequently removed
by the United States Bureau of the Census as an
acceptable feature for a precinct line based upon a
determination by the Bureau that the feature did not exist
as shown, and the county board of elections agrees by
resolution to an alternative boundary for the precinct on
a feature the Bureau does find acceptable.

(3) The county board of elections may move a precinct line from
a township line to another line the Census Bureau has
indicated will be a 2000 block boundary if a Boundary and
Annexation Survey issued during the freeze shows that the
township line has moved to a location the county board of
elections considers unsuitable. This subdivision does not
apply if local legislation enacted by the General Assembly
governs the relationship between a county’s township lines
and precinct lines.

(4) The county board of elections shall submit any proposed
change made during the freeze under this subsection to the
Legislative Services Office, which shall review the proposal
and write a letter advising the Executive Secretary-Director
of its opinion as to the legal compliance of the proposal. If
the proposal complies with the law, the Executive Secretary-
Director shall approve the proposal. No newly created or
altered precinct boundary is effective until approved by the
Executive Secretary-Director as being in compliance with the
provisions of this subsection."

The Secretary shall identify those cities whose distribution amounts under G.S. 105-187.44(b) are less than their benchmark amounts and shall determine the total dollar amount of the shortfall. The Secretary shall reduce the amount to be distributed to those cities whose distribution amount under G.S. 105-187.44(b) exceeds their benchmark amount by the total dollar amount of the shortfall determined for that quarter in proportion to each city's excess. For the purposes of this subsection, the term ‘benchmark amount’ means the amount a city received under G.S. 105-116.1 attributable to piped natural gas for the corresponding quarter during the fiscal year 1998-99.

The Department must also calculate the amount each city would have received under G.S. 105-187.44(b), as enacted by this act, for taxes collected for each of the first three quarters in fiscal year 1999-2000. The Department shall give this information to the Revenue Laws Study Committee. Section 8. Insurance. -- The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, credit facilities, interest rate swap agreements, and any other related instruments that the State Treasurer considers desirable in connection with the financing of a Project as provided in this act.

Section 9. Tax Exemption. -- A financing contract entered into under this act and any certificates of participation relating to it are exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, except for inheritance, estate, and gift taxes, income taxes on the gain from the transfer of the financing contract or certificates of participation, and franchise taxes. The interest component of the installment payments made by the State under the financing contract, including the interest component of any certificates of participation, is not subject to taxation as income.
Section 10. Public Contracts. -- The provisions of Articles 3 (Purchase and Contracts), 3B (Energy Conservation in Public Facilities), 3C (Contracts to Obtain Consultant Services), 3D (Procurement of Architectural, Engineering, and Surveying Services), and 8 (Public Contracts) of Chapter 143 of the General Statutes and any other laws, rules, or regulations of the State as relate to the acquisition and construction of State property apply to a Project. It is the intent of the General Assembly that the Office Project should be a sustainably designed facility.

Section 11. Interpretation of Act. -- (a) The foregoing sections of this act provide an additional and alternative method for the doing of the things authorized by the act, are supplemental and additional to powers conferred by other laws, and do not derogate any powers now existing.

Section 11.(b) References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as amended and as they may be amended from time to time by the General Assembly.

It is the purpose of this Article to authorize the construction of no more than two private toll road projects as pilots. In doing this, the Department of Transportation is directed to focus on using toll roads to alleviate commuter traffic congestion. It is the intent that there be no toll on existing State roads.

Section 3. Chapter 143 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 75. Tobacco Trust Fund.

"§ 143-715. Policy; purpose.

The General Assembly finds:

(1) For many years, the State and its prosperity have been supported by its agricultural economy and particularly by the tobacco-related segment of the agricultural economy. The Master Settlement Agreement is expected to cause significant economic hardship upon the tobacco-related segment of the agricultural economy in that it is expected to result in reduced demand, sales, and prices for tobacco as an agricultural product.

(2) Tobacco producers, tobacco allotment holders, and persons engaged in tobacco-related businesses are entitled to indemnification for the adverse economic effects in the State resulting from the Master Settlement Agreement, tobacco producers, allotment holders, and persons engaged in tobacco-related businesses are entitled to compensation for the economic losses resulting from lost quota in this State, and tobacco producers are entitled to compensation for the decline in value of tobacco-related personal property assets and declining market conditions in this State resulting from the Master Settlement Agreement, to the extent that funds are available in the Tobacco Trust Fund to address those purposes.

(3) Even in the absence of the Master Settlement Agreement, the tobacco-related segment of the State's economy is experiencing severe economic hardship as it confronts a national decline in the use of, and demand for, tobacco..."
products, which decline is expected to continue. At present, the tobacco producers, tobacco allotment holders, and persons engaged in tobacco-related businesses are facing an economic crisis that threatens their health and survival. Therefore, in addition to indemnification and compensation for losses in this State resulting from the Master Settlement Agreement, the public interest will be served by the funding of qualified agricultural programs that support, foster, encourage, and facilitate a strong agricultural economy in North Carolina. To the extent that funds are available in the Tobacco Trust Fund, expenditure of those funds to finance qualified agricultural programs is in the public interest.

(4) It is a public purpose for these funds to be expended in this manner, and it is public service for these persons to accept these funds to the end that conditions of unemployment and fiscal distress may be alleviated or avoided, more stable local economies may be created, local tax bases may be stabilized and maintained, natural resources may be optimally used, and the general public may be benefited.

As a part of its study and recommendations, the Commission shall specifically consider means to reduce or eliminate present and future impacts of development. The Environmental Management Commission shall report its findings and recommendations, including any proposed legislation to the Environmental Review Commission no later than 15 February 2001.

(16) 'State' means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States. The term includes an Indian tribe or band, or Alaskan native village, which is

"§ 66-308.2. Scope.

(a) Except as otherwise provided in subsections (b) and (c) of this section, this Article applies to electronic records and electronic signatures relating to a transaction.

(b) This Article does not apply to a transaction to the extent it is governed by:

(1) A law governing the creation and execution of wills, codicils, or testamentary trusts.

(2) Chapter 25 of the General Statutes other than G.S. 25-1-107 and G.S. 25-1-206, Article 2, and Article 2A.

(3) Article 11A of Chapter 66 of the General Statutes.

(c) This Article applies to an electronic record or electronic signature otherwise excluded from the application of this Article under subsection (b) of this section to the extent it is governed by a law other than those specified in subsection (b) of this section.

(d) A transaction subject to this Article is also subject to other applicable substantive law.

"<font=2><§ 66-308.3. Prospective application.

This Article applies to any electronic record or electronic signature created, generated, sent, communicated, received, or stored on or after the effective date of this Article.

"§ 66-308.4. Use of electronic records and electronic signatures: variation by agreement.

(a) This Article does not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

(b) This Article applies only to transactions between parties each of which has agreed to conduct transactions by electronic means. Whether the parties agree to conduct a transaction by electronic means is determined from the context and surrounding circumstances, including the parties' conduct.

(c) A party that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means. The right granted by this subsection may not be waived by agreement.

(d) Except as otherwise provided in this Article, the effect of any of its provisions may be varied by agreement. The presence in certain provisions of this Article of the words 'unless otherwise agreed', or words of similar import, does not imply that the effect of other provisions may not be varied by agreement.

(e) Whether an electronic record or electronic signature has legal consequences is determined by this Article and other applicable law.

"§ 66-308.5. Construction and application.

This Article must be construed and applied:
(1) To facilitate electronic transactions consistent with other applicable law;
(2) To be consistent with reasonable practices concerning electronic transactions and with the continued expansion of those practices; and
(3) To effectuate its general purpose to make uniform the law with respect to the subject of this act among states enacting it.

(a) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.
(b) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.
(c) If a law requires a record to be in writing, an electronic record satisfies the law provided it complies with the provisions of this Article.
(d) If a law requires a signature, an electronic signature satisfies the law provided it complies with the provisions of this Article.

"§ 66-308.7. Provision of information in writing; presentation of records.
(a) If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, the requirement is satisfied if the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record.
(b) If a law other than this Article requires a record (i) to be posted or displayed in a certain manner, (ii) to be sent, communicated, or transmitted by a specified method, or (iii) to contain information that is formatted in a certain manner, the following rules apply:
(1) The record must be posted or displayed in the manner specified in the other law.
(2) Except as otherwise provided in subdivision (d)(2) of this section, the record must be sent, communicated, or transmitted by the method specified in the other law.
(3) The record must contain the information formatted in the manner specified in the other law.
(c) If a sender inhibits the ability of a recipient to store or print an electronic record, the electronic record is not enforceable against the recipient.
(d) The requirements of this section may not be varied by agreement, but:
(1) To the extent a law other than this act requires information to be provided, sent, or delivered in writing, but permits that requirement to be varied by agreement, the requirement
under subsection (a) of this section that the information be in the form of an electronic record capable of retention may also be varied by agreement; and

(2) A requirement under a law other than this Article to send, communicate, or transmit a record by regular United States mail may be varied by agreement to the extent permitted by the other law.

(a) An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable.

(b) The effect of an electronic record or electronic signature attributed to a person under subsection (a) of this section is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.

§ 66-308.9. Effect of change or error.

If a change or error in an electronic record occurs in a transmission between parties to a transaction, the following rules apply:

(1) If the parties have agreed to use a security procedure to detect changes or errors and one party has conformed to the procedure, but the other party has not, and the nonconforming party would have detected the change or error had that party also conformed, the conforming party may avoid the effect of the changed or erroneous electronic record.

(2) In an automated transaction involving an individual, the individual may avoid the effect of an electronic record that resulted from an error made by the individual in dealing with the electronic agent of another person if, at the time the individual learns of the error, the individual:

a. Promptly notifies the other person of the error and that the individual did not intend to be bound by the electronic record received by the other person;

b. Takes reasonable steps, including steps that conform to the other person's reasonable instructions, to return to the other person or, if instructed by the other person, to destroy the consideration received, if any, as a result of the erroneous electronic record; and

c. Has not used or received any benefit or value from the consideration, if any, received from the other person.

(3) If neither subdivision (1) nor subdivision (2) of this section applies, the change or error has the effect provided by other law, including the law of mistake, and the parties' contract, if any.
§ 66-308.10. Notarization and acknowledgment.

If a law requires a signature or record relating to a transaction to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record.

§ 66-308.11. Retention of electronic records; originals.

(a) If a law requires that a record be retained, the requirement is satisfied by retaining an electronic record of the information in the record which:

(1) Accurately reflects the information set forth in the record at the time it was first generated in its final form as an electronic record or otherwise; and

(2) Remains accessible for later reference.

(b) A requirement to retain a record in accordance with subsection (a) of this section does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.

(c) A person may satisfy subsection (a) of this section by using the services of another person if the requirements of that subsection are satisfied.

(d) If a law requires a record to be presented or retained in its original form, or provides consequences if the record is not presented or retained in its original form, that law is satisfied by an electronic record retained in accordance with subsection (a) of this section.

(e) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with subsection (a) of this section.

(f) A record retained as an electronic record in accordance with subsection (a) of this section satisfies a law requiring a person to retain a record for evidentiary, audit, or like purposes, unless a law enacted after the effective date of this Article specifically prohibits the use of an electronic record for the specified purpose.

(g) This section does not preclude a governmental agency of this State from specifying additional requirements for the retention of a record subject to the agency's jurisdiction.

In a proceeding, evidence of a record or signature may not be excluded solely because it is in electronic form.

§ 66-308.13. Automated transaction.

In an automated transaction, the following rules apply:

(1) A contract may be formed by the interaction of electronic agents of the parties, even if no individual was aware of or reviewed the electronic agents' actions or the resulting terms and agreements.
(2) A contract may be formed by the interaction of an electronic agent and an individual, acting on the individual’s own behalf or for another person, including by an interaction in which the individual performs actions that the individual is free to refuse to perform and which the individual knows or has reason to know will cause the electronic agent to complete the transaction or performance.

(3) The terms of the contract are determined by the substantive law applicable to it.

(a) Unless the sender and the recipient agree to a different method of sending that is reasonable under the circumstances, an electronic record is sent when it:

(1) Is addressed properly or otherwise directed properly to an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;

(2) Is in a form capable of being processed by that system; and

(3) Enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender or enters a region of the information processing system designated or used by the recipient which is under the control of the recipient.

(b) Unless the sender and the recipient agree to a different method of sending that is reasonable under the circumstances, an electronic record is received when:

(1) It enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record; and

(2) It is in a form capable of being processed by that system.

(c) Subsection (b) of this section applies even if the place the information processing system is located is different from the place the electronic record is deemed to be received under subsection (d) of this section.

(d) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is deemed to be sent from the sender’s place of business and to be received at the recipient’s place of business. For purposes of this subsection, the following rules apply:

(1) If the sender or recipient has more than one place of business, the place of business of that person is the place having the closest relationship to the underlying transaction.

(2) If the sender or the recipient does not have a place of business, the place of business is the sender’s or recipient’s residence, as the case may be.
(c) Notwithstanding any other sections of this Article, in a consumer transaction, a record has not been received unless it is received by the intended recipient in a manner in which the sender has a reasonable basis to believe that the record can be opened and read by the recipient.

(f) Receipt of an electronic acknowledgment from an information processing system described in subsection (b) of this section establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.

(g) If a person is aware that an electronic record purportedly sent under subsection (a) of this section, or purportedly received under subsection (b) of this section, was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, the requirements of this subsection may not be varied by agreement.

§ 66-308.15. Transferable records.

(a) In this section, 'transferable record' means an electronic record that:

(1) Would be a note under Article 3 of Chapter 25 of the General Statutes or a document under Article 7 of Chapter 25 of the General Statutes if the electronic record were in writing; and

(2) The issuer of the electronic record expressly has agreed is a transferable record.

(b) A person has control of a transferable record if a system employed for evidencing the transfer of interests in the transferable record reliably establishes that person as the person to which the transferable record was issued or transferred.

(c) A system satisfies subsection (b) of this section, and a person is deemed to have control of a transferable record, if the transferable record is created, stored, and assigned in such a manner that:

(1) A single authoritative copy of the transferable record exists which is unique, identifiable, and, except as otherwise provided in subdivisions (4), (5), and (6) of this subsection, unalterable;

(2) The authoritative copy identifies the person asserting control as:

a. The person to which the transferable record was issued;

or

b. If the authoritative copy indicates that the transferable record has been transferred, the person to which the transferable record was most recently transferred;

(3) The authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(4) Copies or revisions that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;

925
(5) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(6) Any revision of the authoritative copy is readily identifiable as authorized or unauthorized.

(d) Except as otherwise agreed, a person having control of a transferable record is the holder, as defined in G.S. 25-1-201(20), of the transferable record and has the same rights and defenses as a holder of an equivalent record or writing under Chapter 25 of the General Statutes, including, if the applicable statutory requirements under G.S. 25-3-302(a), 25-7-501, or 25-9-308 are satisfied, the rights and defenses of a holder in due course, a holder to which a negotiable document of title has been duly negotiated, or a purchaser, respectively. Delivery, possession, and endorsement are not required to obtain or exercise any of the rights under this subsection.

(e) Except as otherwise agreed, an obligor under a transferable record has the same rights and defenses as an equivalent obligor under equivalent records or writings under Chapter 25 of the General Statutes.

(f) If requested by a person against which enforcement is sought, the person seeking to enforce the transferable record shall provide reasonable proof that the person is in control of the transferable record. Proof may include access to the authoritative copy of the transferable record and related business records sufficient to review the terms of the transferable record and to establish the identity of the person having control of the transferable record.

§ 66-308.16. Consumer transactions; alternative procedures for use or acceptance of electronic records or electronic signatures.

(a) Consistent with the provisions of Section 102(a)2A of the federal Electronic Signatures in Global and National Commerce Act, the use and acceptance of electronic records or electronic signatures in consumer transactions shall be subject to the requirements set out in this section. The requirements of this section may not be varied by agreement of the parties.

(b) Limitation. -- This Article shall not apply to:

(1) Any notice of the cancellation or termination of utility services, including water, heat, and power.

(2) Any notice of default, acceleration, repossession, foreclosure or eviction, or the right to cure, under a credit agreement secured by, or a rental agreement for, a primary residence of an individual.

(3) Any notice of the cancellation or termination of health insurance or benefits, or life insurance or benefits (excluding annuities).

(4) Any notice of the recall of a product, or material failure of a product that risks endangering health or safety.

(5) Any document required to accompany the transportation or handling of hazardous materials, pesticides, or other toxic or dangerous materials.
(c) Consent to Electronic Records. — In a consumer transaction, the consumer's agreement to conduct a transaction by electronic means shall be evidenced as provided in G.S. 66-308.4, and in compliance with this section. The consumer's agreement to conduct the transaction by electronic means shall be found only when the following apply:

(1) The consumer has affirmatively consented to the use of electronic means, and the consumer has not withdrawn consent.

(2) The consumer, prior to consenting to the use of electronic means, is provided with a clear and conspicuous statement:
   a. Informing the consumer of any right or option of the consumer to have the record provided or made available on paper or in nonelectronic form.
   b. Informing the consumer of the right to withdraw consent to have the record provided or made available in an electronic form and of any conditions or consequences of such withdrawal. Those consequences may include termination of the parties' relationship but may not include the imposition of fees.
   c. Instructing the consumer of whether the consent to have the record provided or made available in an electronic form applies only to the particular transaction which gave rise to the obligation to provide the record, or to categories of records that may be provided or made available during the course of the parties' relationship.
   d. Describing the procedures the consumer must use to withdraw consent as provided in sub-subdivision (2)b. of this subsection or to update information needed to contact the consumer electronically.
   e. Instructing the consumer how, after the consent to have the record provided or made available in an electronic form, the consumer may request and obtain a paper copy of an electronic record.

(3) The consumer, prior to consenting to the use of electronic means, is provided with a statement of the hardware and software requirements for access to and retention of the electronic records; and the consumer consents electronically, or confirms his or her consent electronically, in a manner that reasonably demonstrates that the consumer can access information in the electronic form that will be used to provide the information that is the subject of the consent.

(4) After the consent of a consumer in accordance with subdivision (1) of this subsection, if a change in the hardware or software requirements needed to access or retain electronic records creates a material risk that the consumer will not be able to access or retain a subsequent electronic record that was the subject of the consent, the
person providing the electronic record provides the consumer with a statement of the revised hardware and software requirements for access to and retention of the electronic records, provides a statement of the right to withdraw consent without the imposition of any condition or consequence that was not disclosed under sub-subdivision (2)b. of this subsection, and again complies with subdivision (3) of this subsection.

(d) Written Copy Required. — Notwithstanding G.S. 66-308.4(b), in a consumer transaction where the consumer conducts the transaction on electronic equipment provided by or through the seller, the consumer shall be given a written copy of the contract which is not in electronic form. A consumer’s consent to receive future notices regarding the transaction in an electronic form is valid only if the consumer confirms electronically, using equipment other than that provided by the seller, that (i) the consumer has the software specified by the seller as necessary to read future notices, and (ii) the consumer agrees to receive the notices in an electronic form. If an individual enters into a consumer transaction that is created or documented by an electronic record, the transaction shall be deemed to have been made or to have occurred at the individual’s residence.

"§ 66-308.17. Severability clause.

If any provision of this Article or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this Article which can be given effect without the invalid provision or application, and to this end the provisions of this Article are severable."

Section 2. The Revisor of Statutes shall cause to be printed along with this act all relevant portions of the official comments to the Uniform Electronic Transactions Act, as the Revisor deems appropriate.

Section 3. This act becomes effective October 1, 2000.

If the court determines that the vehicle was not required to be equipped with a functioning ignition interlock system and the person subject to this section has committed no other violation of this section, the court shall find the person not guilty of driving while license revoked."

In any prosecution for a violation of subsection (a1) of this section, the pleading is sufficient if it states the time and place of the alleged offense in the usual form and charges that (i) the defendant possessed an open container of alcoholic beverage in the passenger area of a motor vehicle while the motor vehicle was on a highway or the right-of-way of a highway, or (ii) the defendant consumed an alcoholic beverage in the passenger area of a motor vehicle while the motor vehicle was on a highway or the right-of-way of a highway.

(h) Limited Driving Privilege. -- A person who is convicted of violating subsection (a) of this section and whose drivers license is revoked solely based on that conviction may apply for a limited driving privilege as provided for in G.S. 20-179.3. The judge may issue the limited driving privilege only if the driver meets the eligibility requirements of G.S. 20-179.3, other than the requirement in G.S. 20-179.3(b)(1)c. G.S. 20-179.3(e) shall not apply. All other terms, conditions, and restrictions provided for in G.S. 20-179.3 shall apply. G.S. 20-179.3, rather than this subsection, governs the issuance of a limited driving privilege to a person who is convicted of violating subsection (a) of this section and of driving while impaired as a result of the same transaction."

Section 5. G.S. 20-16.2(c1) reads as rewritten:

"(c1) Procedure for Reporting Results and Refusal to Division. -- Whenever a person refuses to submit to a chemical analysis or a person's drivers license has an alcohol concentration restriction and the results of the chemical analysis establish a violation of the restriction, the charging officer and the chemical analyst must without
unnecessary delay go before an official authorized to administer oaths and execute an affidavit(s) stating that:

(1) The person was charged with an implied-consent offense or had an alcohol concentration restriction on the drivers license;

(2) The charging officer had reasonable grounds to believe that the person had committed an implied-consent offense or violated the alcohol concentration restriction on the drivers license;

(3) Whether the implied-consent offense charged involved death or critical injury to another person, if the person willfully refused to submit to chemical analysis;

(4) The person was notified of the rights in subsection (a); and

(5) The results of any tests given or that the person willfully refused to submit to a chemical analysis upon the request of the charging officer.

If the person’s drivers license has an alcohol concentration restriction, pursuant to G.S. 20-19(c3), and an officer has reasonable grounds to believe the person has violated a provision of that restriction other than violation of the alcohol concentration level, the charging officer and chemical analyst shall complete the applicable sections of the affidavit and indicate the restriction which was violated. The charging officer must immediately mail the affidavit(s) to the Division. If the charging officer is also the chemical analyst who has notified the person of the rights under subsection (a), the charging officer may perform alone the duties of this subsection.”

Section 6. G.S. 20-19(c3) reads as rewritten:

"(c3) Restriction; Revocations. -- When the Division restores a person’s drivers license which was revoked pursuant to G.S. 20-13.2(a), G.S. 20-23 when the offense involved impaired driving, G.S. 20-23.2, subdivision (2) of G.S. 20-17(a), subdivision (1) or (9) of G.S. 20-17(a) when the offense involved impaired driving, or this subsection, in addition to any other restriction or condition, it shall place the applicable restriction on the person’s drivers license as follows:

(1) For the first restoration of a drivers license for a person convicted of driving while impaired, G.S. 20-138.1, or a drivers license revoked pursuant to G.S. 20-23 or G.S. 20-23.2 when the offense for which the person’s license was revoked prohibits substantially similar conduct which if committed in this State would result in a conviction of driving while impaired under G.S. 20-138.1, that the person not operate a vehicle with an alcohol concentration of 0.04 or more at any relevant time after the driving;

(2) For the second or subsequent restoration of a drivers license for a person convicted of driving while impaired, G.S. 20-138.1, or a drivers license revoked pursuant to G.S. 20-23 or G.S. 20-23.2 when the offense for which the person’s license was revoked prohibits substantially similar conduct
which if committed in this State would result in a conviction of driving while impaired under G.S. 20-138.1, that the person not operate a vehicle with an alcohol concentration greater than 0.00 at any relevant time after the driving;

(3) For any restoration of a drivers license for a person convicted of driving while impaired in a commercial motor vehicle, G.S. 20-138.2, driving while less than 21 years old after consuming alcohol or drugs, G.S. 20-138.3, felony death by vehicle, G.S. 20-141.4(a1), manslaughter or negligent homicide resulting from the operation of a motor vehicle when the offense involved impaired driving, or a revocation under this subsection, that the person not operate a vehicle with an alcohol concentration of 0.00 or more at any relevant time after the driving;

(4) For any restoration of a drivers license revoked pursuant to G.S. 20-23 or G.S. 20-23.2 when the offense for which the person’s license was revoked prohibits substantially similar conduct which if committed in this State would result in a conviction of driving while impaired in a commercial motor vehicle, G.S. 20-138.2, driving while less than 21 years old after consuming alcohol or drugs, G.S. 20-138.3, felony death by vehicle, G.S. 20-141.4(a1), or manslaughter or negligent homicide resulting from the operation of a motor vehicle when the offense involved impaired driving, that the person not operate a vehicle with an alcohol concentration of 0.00 or more at any relevant time after the driving.

In addition, the person seeking restoration of a license must agree to submit to a chemical analysis in accordance with G.S. 20-16.2 at the request of a law enforcement officer who has reasonable grounds to believe the person is operating a motor vehicle on a highway or public vehicular area in violation of the restriction specified in this subsection. The person must also agree that, when requested by a law enforcement officer, the person will agree to be transported by the law enforcement officer to the place where chemical analysis is to be administered.

The restrictions placed on a license under this subsection shall be in effect (i) seven years from the date of restoration if the person’s license was permanently revoked, (ii) until the person’s twenty-first birthday if the revocation was for a conviction under G.S. 20-138.3, and (iii) three years in all other cases.

A law enforcement officer who has reasonable grounds to believe that a person has violated a restriction placed on the person’s drivers license shall complete an affidavit pursuant to G.S. 20-16.2(c1). On the basis of information reported pursuant to G.S. 20-16.2, the Division shall revoke the drivers license of any person who violates a condition of reinstatement imposed under this subsection. An alcohol concentration report from an ignition interlock system shall not be used as the basis for revocation under this subsection. A violation of a restriction imposed under this subsection or the willful refusal to
submit to a chemical analysis shall result in a one-year revocation. If the period of revocation was imposed pursuant to subsection (d) or (e), any remaining period of the original revocation, prior to its reduction, shall be reinstated and the one-year revocation begins after all other periods of revocation have terminated."

Section 7. G.S. 20-179.3(g5) reads as rewritten:
"(g5) Ignition Interlock Required. -- If a person’s drivers license is revoked for a conviction of G.S. 20-138.1, and the person had an alcohol concentration of 0.16 or more, a judge shall include all of the following in a limited driving privilege order:
(1) A restriction that the applicant may operate only a designated motor vehicle.
(2) A requirement that the designated motor vehicle be equipped with a functioning ignition interlock system of a type approved by the Commissioner. Commissioner, which is set to prohibit driving with an alcohol concentration of greater than 0.00. The Commissioner shall not unreasonably withhold approval of an ignition interlock system and shall consult with the Division of Purchase and Contract in the Department of Administration to ensure that potential vendors are not discriminated against.
(3) A requirement that the applicant personally activate the ignition interlock system before driving the motor vehicle."

Section 8. G.S. 20-139.1(b3) reads as rewritten:
"(b3) Sequential Breath Tests Required. -- By January 1, 1985, the regulations of the Commission for Health Services governing the administration of chemical analyses of the breath shall require the testing of at least duplicate sequential breath samples. Those regulations must provide:
(1) A specification as to the minimum observation period before collection of the first breath sample and the time requirements as to collection of second and subsequent samples.
(2) That the test results may only be used to prove a person’s particular alcohol concentration if:
   a. The pair of readings employed are from consecutively administered tests; and
   b. The readings do not differ from each other by an alcohol concentration greater than 0.02.
(3) That when a pair of analyses meets the requirements of subdivision (2), only the lower of the two readings may be used by the State as proof of a person’s alcohol concentration in any court or administrative proceeding.

A person’s willful refusal to give the sequential breath samples necessary to constitute a valid chemical analysis is a willful refusal under G.S. 20-16.2(c).
A person’s willful refusal to give the second or subsequent breath sample shall make the result of the first breath sample, or the result of the sample providing the lowest alcohol concentration if more than one
breath sample is provided, admissible in any judicial or administrative hearing for any relevant purpose, including the establishment that a person had a particular alcohol concentration for conviction of an offense involving impaired driving."

Section 9. G.S. 20-4.01(24a) as rewritten: "(24a) Offense Involving Impaired Driving. -- Any of the following offenses:

Impaired driving in a commercial motor vehicle under G.S. 20-138.2, except that convictions of impaired driving under G.S. 20-138.1 and G.S. 20-138.2 arising out of the same transaction shall be considered a single conviction of an offense involving impaired driving for any purpose under this Chapter.
g. Habitual impaired driving under G.S. 20-138.5. A conviction under former G.S. 20-140(c) is not an offense involving impaired driving."

Section 10. G.S. 20-16(a) as rewritten: "(a) The Division shall have authority to suspend the license of any operator with or without a preliminary hearing upon a showing by its records or other satisfactory evidence that the licensee:

AN ACT TO AUTHORIZE THE ADDITION OF THE MOUNTAINS TO SEA STATE PARK TRAIL TO THE STATE PARKS SYSTEM, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.

Whereas, Section 5 of Article XIV of the North Carolina Constitution states that it shall be a proper function of the State of North Carolina to acquire and preserve park, recreational, and scenic areas and, in every other appropriate way, to preserve as a part of the common heritage of this State its open lands and places of beauty; and

Whereas, the General Assembly enacted the State Parks Act in 1987, declaring that the State of North Carolina offers unique archaeological, geological, biological, scenic, and recreational resources, and that these resources are part of the heritage of the people of the State to be preserved and managed by those people for their use and for the use of their visitors and descendants; and

Whereas, a Mountains to Sea Trail across North Carolina would offer outstanding recreational opportunities to the State's citizens; would protect riparian buffers and corridors of wildlife habitat along its route; and would possess biological, scenic, and recreational resources of statewide significance; Now, therefore, The General Assembly of North Carolina enacts:

Section 1. The General Assembly authorizes the Department of Environment and Natural Resources to add the Mountains to Sea State Park Trail to the State Parks System as provided in G.S. 113-44.14(b). The Mountains to Sea State Park Trail shall be comprised only of those lands or easements which are or will be allocated for management to the Division of Parks and Recreation for this purpose. The Division shall promote, encourage, and facilitate the establishment of dedicated connecting trails through lands managed by other governmental agencies and nonprofit organizations in order to form a continuous trail across the State.

Section 2. At least five business days prior to initiating condemnation proceedings to acquire land for the Mountains to Sea State Park Trail, the Department of Administration shall notify the board of commissioners of the county in which the land is located and, if the land is located in a municipality, the board of commissioners of the municipality. Unless a governing body of a county or municipality notifies the Department of Administration within five business days that it objects to the proceedings, the Department of Administration may initiate the proceedings. The Department of Administration shall not initiate proceedings if a governing body of a county or municipality notifies the Department of Administration within five business days that it objects to the proceedings.
Section 3. Article 2 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"§ 113-34.1. Power to acquire conservation lands not included in the State Parks System.

The Department of Administration may acquire and allocate to the Department of Environment and Natural Resources for management by the Division of Parks and Recreation lands that the Department of Environment and Natural Resources finds are important for conservation purposes but which are not included in the State Parks System. Lands acquired pursuant to this section are not subject to Article 2C of Chapter 113 of the General Statutes and may be traded or transferred as necessary to protect, develop, and manage the Mountains to Sea State Park Trail, other State parks, or other conservation lands. This section does not expand the power granted to the Department of Environment and Natural Resources under G.S. 113-34(a) to acquire land by condemnation."

Section 4. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 12th day of July, 2000.

Became law upon approval of the Governor at 9:40 a.m. on the 2nd day of August, 2000.

Section 4.(a) Article 3 of Chapter 58 of the General Statutes is amended by adding a new section to read:

§ 58-3-225. Prompt claim payments under health benefit plans.

(a) As used in this section:
(1) 'Health benefit plan' means an accident and health insurance policy or certificate; a nonprofit hospital or medical service corporation contract; a health maintenance organization subscriber contract; a plan provided by a multiple employer welfare arrangement; or a plan provided by another benefit arrangement, to the extent permitted by the Employee Retirement Income Security Act of 1974, as amended, or by any waiver of or other exception to that act provided under federal law or regulation. 'Health benefit plan' does not mean any plan implemented or administered by the North Carolina or United States Department of Health and Human Services, or any successor agency, or its representatives. 'Health benefit plan' also does not mean any of the following kinds of insurance:
   a. Credit.
   b. Disability income.
   c. Coverage issued as a supplement to liability insurance.
   d. Hospital income or indemnity.
   e. Insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability policy or equivalent self-insurance.
   f. Long-term or nursing home care.
   g. Medical payments under motor vehicle or homeowners' insurance policies.
   h. Medicare supplement.
   i. Short-term limited duration health insurance policies as defined in Part 144 of Title 45 of the Code of Federal Regulations.
   j. Workers' compensation.

(2) 'Claimant' includes a health care provider or facility that is responsible or permitted under contract with the insurer or by valid assignment of benefits for directly making the claim with an insurer.

(3) 'Health care facility' means a facility that is licensed under Chapter 131E or Chapter 122C of the General Statutes or is owned or operated by the State of North Carolina in which health care services are provided to patients.

(4) 'Health care provider' means an individual who is licensed, certified, or otherwise authorized under Chapter 90 or 90B of the General Statutes to provide health care services in the
ordinary course of business or practice of a profession or in an approved education or training program.

(5) "Insurer" includes an insurance company subject to this Chapter, a service corporation organized under Article 65 of this Chapter, a health maintenance organization organized under Article 67 of this Chapter, or a multiple employer welfare arrangement subject to Article 49 of this Chapter, that writes a health benefit plan.

(b) An insurer shall, within 30 calendar days after receipt of a claim, send by electronic or paper mail to the claimant:

(1) Payment of the claim.
(2) Notice of denial of the claim.
(3) Notice that the proof of loss is inadequate or incomplete.
(4) Notice that the claim is not submitted on the form required by the health benefit plan, by the contract between the insurer and health care provider or health care facility, or by applicable law.
(5) Notice that coordination of benefits information is needed in order to pay the claim.
(6) Notice that the claim is pending based on nonpayment of fees or premiums.

For purposes of this section, an insurer is presumed to have received a written claim five business days after the claim has been placed first-class postage prepaid in the United States mail addressed to the insurer or an electronic claim transmitted to the insurer or a designated clearinghouse on the day the claim is electronically transmitted. The presumption may be rebutted by sufficient evidence that the claim was received on another day or not received at all.

(c) If the claim is denied, the notice shall include all of the specific good faith reason or reasons for the denial, including, without limitation, coordination of benefits, lack of eligibility, or lack of coverage for the services provided. If the claim is contested or cannot be paid because the proof of loss is inadequate or incomplete, or not paid pending receipt of requested coordination of benefits information, the notice shall contain the specific good faith reason or reasons why the claim has not been paid and an itemization or description of all of the information needed by the insurer to complete the processing of the claim. If all or part of the claim is contested or cannot be paid because of the application of a specific utilization management or medical necessity standard is not satisfied, the notice shall contain the specific clinical rationale for that decision or shall refer to specific provisions in documents that are made readily available through the insurer which provide the specific clinical rationale for that decision; however, if a notice of noncertification has already been provided under G.S. 58-50-61(h), then the specific clinical rationale for the decision is not required under this subsection. If the claim is contested or cannot be paid because of nonpayment of premiums, the notice shall contain a statement advising the claimant of the nonpayment of premiums. If a claim is not paid pending receipt of
requested coordination of benefits information, the notice shall so specify. If a claim is denied or contested in part, the insurer shall pay the undisputed portion of the claim within 30 calendar days after receipt of the claim and send the notice of the denial or contested status within 30 days after receipt of the claim. If a claim is contested or cannot be paid because the claim was not submitted on the required form, the notice shall contain the required form, if the form is other than a UB or HCFA form, and instructions to complete that form. Upon receipt of additional information requested in its notice to the claimant, the insurer shall continue processing the claim and pay or deny the claim within 30 days after receiving the additional information.

(d) If an insurer requests additional information under subsection (c) of this section and the insurer does not receive the additional information within 90 days after the request was made, the insurer shall deny the claim and send the notice of denial to the claimant in accordance with subsection (c) of this section. The insurer shall include the specific reason or reasons for denial in the notice, including the fact that information that was requested was not provided. The insurer shall inform the claimant in the notice that the claim will be reopened if the information previously requested is submitted to the insurer within one year after the date of the denial notice closing the claim.

(e) Health benefit plan claim payments that are not made in accordance with this section shall bear interest at the annual percentage rate of eighteen percent (18%) beginning on the date following the day on which the claim should have been paid. If additional information was requested by the insurer under subsection (b) of this section, interest on health benefit claim payments shall begin to accrue on the 31st day after the insurer received the additional information. A payment is considered made on the date upon which a check, draft, or other valid negotiable instrument is placed in the United States Postal Service in a properly addressed, postpaid envelope, or, if not mailed, on the date of the electronic transfer or other delivery of the payment to the claimant. This subsection does not apply to claims for benefits that are not covered by the health benefit plan; nor does this subsection apply to deductibles, co-payments, or other amounts for which the insurer is not liable.

(f) Insurers may require that claims be submitted within 180 days after the date of the provision of care to the patient by the health care provider and, in the case of health care provider facility claims, within 180 days after the date of the patient’s discharge from the facility. However, an insurer may not limit the time in which claims may be submitted to fewer than 180 days. Unless otherwise agreed to by the insurer and the claimant, failure to submit a claim within the time required does not invalidate or reduce any claim if it was not reasonably possible for the claimant to file the claim within that time, provided that the claim is submitted as soon as reasonably possible and in no event, except in the absence of legal capacity of the insured.
later than one year from the time submittal of the claim is otherwise required.

(g) If a claim for which the claimant is a health care provider or health care facility has not been paid or denied within 60 days after receipt of the initial claim, the insurer shall send a claim status report to the insured. Provided, however, that the claims status report is not required during the time an insurer is awaiting information requested under subsection (c) of this section. The report shall indicate that the claim is under review and the insurer is communicating with the health care provider or health care facility to resolve the matter. While a claim remains unresolved, the insurer shall send a claim status report to the insured with a copy to the provider 30 days after the previous report was sent.

(h) To the extent permitted by the contract between the insurer and the health care provider or health care facility, the insurer may recover overpayments made to the health care provider or health care facility by making demands for refunds and by offsetting future payments. Any such recoveries may also include related interest payments that were made under the requirements of this section. Recoveries by the insurer must be accompanied by the specific reason and adequate information to identify the specific claim. To the extent permitted by the contract between the insurer and the health care provider or health care facility, the health care provider or health care facility may recover underpayments or nonpayments by the insurer by making demands for refunds. Any such recoveries by the health care provider or health care facility of underpayments or nonpayment by the insurer may include applicable interest under this section. The period for which such recoveries may be made may be specified in the contract between the insurer and health care provider or health care facility.

(i) Every insurer shall maintain written or electronic records of its activities under this section, including records of when each claim was received, paid, denied, or pended, and the insurer’s review and handling of each claim under this section, sufficient to demonstrate compliance with this section.

(j) A violation of this section by an insurer subjects the insurer to the sanctions in G.S. 58-2-70. The authority of the Commissioner under this subsection does not impair the right of a claimant to pursue any other action or remedy available under law. With respect to a specific claim, an insurer paying statutory interest in good faith under this section is not subject to sanctions for that claim under this subsection.

(k) An insurer is not in violation of this section nor subject to interest payments under this section if its failure to comply with this section is caused in material part by (i) the person submitting the claim, or (ii) by matters beyond the insurer’s reasonable control, including an act of God, insurrection, strike, fire, or power outages. In addition, an insurer is not in violation of this section or subject to interest payments to the claimant under this section if the insurer has
a reasonable basis to believe that the claim was submitted fraudulently and notifies the claimant of the alleged fraud.

(1) This section does not apply to claims processed by an insurer on a claims adjudication system that was implemented prior to January 1, 1982, provided that the insurer:

(1) Verifies with the Commissioner that its claims adjudication system qualifies under this subsection; and

(2) Is implementing a new claims adjudication software system and is proceeding in good faith to move all claims to the new system as soon as possible and in any event no later than December 31, 2002.

This subsection expires January 1, 2003.

(m) Nothing in this section limits or impairs the patient’s liability under existing law for payment of medical expenses.”

Section 4.(b) G.S. 58-3-100(c) reads as rewritten:

“(c) The Commissioner may impose a civil penalty under G.S. 58-2-70 if an HMO, service corporation, MEWA, or insurer fails to acknowledge a claim within 30 days after receiving written or electronic notice of the claim, but only if the notice contains sufficient information for the insurer to identify the specific coverage involved. Acknowledgement of the claim shall be made to the claimant or his legal representative advising that the claim is being investigated; or shall be a payment of the claim; or shall be a bona fide written offer of settlement; or shall be a written denial of the claim. A claimant includes an insured, a health care provider, or a health care facility that is responsible for directly making the claim with an insurer. This subsection does not apply to insurers subject to G.S. 58-3-225.”

Section 4.(c) G.S. 58-3-172(a) reads as rewritten:

“(a) For all claims denied for health care provider services under health benefit plans, written notification of the denied claim shall be given to the insured and to the health care provider submitting the claim if the health care provider would otherwise be eligible for payment. This subsection does not apply to insurers subject to G.S. 58-3-225.”

Section 4.(d) G.S. 58-51-15(a)(7) reads as rewritten:

“(7) A provision in the substance of the following language:

PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its said office in the case of a claim for loss for which this policy provides any periodic payment contingent upon continuing loss within 90 180 days after the termination of the period for which the insurer is liable and in case of a claim for any other loss within 90 180 days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, capacity of
the insured, later than one year from the time proof is otherwise required."

Section 5. Section 4 of this act becomes effective July 1, 2001, and applies to claims received on or after that date. The remainder of this act is effective when it becomes law.

In the General Assembly read three times and ratified this the 13th day of July, 2000.

Became law upon approval of the Governor at 9:50 a.m. on the 2nd day of August, 2000.

S.B. 1184

SESSION LAW 2000-163

AN ACT TO ESTABLISH A VOLUNTARILY FUNDED STATEWIDE SPAY/NEUTER PROGRAM TO PROVIDE EDUCATION ON THE BENEFITS OF SPAYING AND NEUTERING PETS AND TO PROVIDE FINANCIAL ASSISTANCE TO COUNTIES AND CITIES OFFERING LOW-INCOME PERSONS REDUCED-COST SPAY/NEUTER SERVICES FOR DOGS AND CATS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 19A of the General Statutes is amended by adding a new Article to read:

"ARTICLE 5.
"Spay/Neuter Program.

§ 19A-50. Legislative findings.

The General Assembly finds that the uncontrolled breeding of cats and dogs in the State has led to unacceptable numbers of unwanted dogs, puppies and cats and kittens. These unwanted animals become strays and constitute a public nuisance and a public health hazard. The animals themselves suffer privation and death, are impounded, and most are destroyed at great expense to local governments. It is the intention of the General Assembly to provide a voluntary means of funding a spay/neuter program to provide financial assistance to local governments offering low-income persons reduced-cost spay/neuter services for their dogs and cats and to provide a statewide education program on the benefits of spaying and neutering pets.

§ 19A-51. Spay/Neuter Program established.

There is established in the Department of Health and Human Services a statewide program to foster the spaying and neutering of dogs and cats for the purpose of reducing the population of unwanted animals in the State. The program shall consist of the following components:

(1) Education Program. -- The Department shall establish a statewide program to educate the public about the benefits of having cats and dogs spayed and neutered. The Department may work cooperatively on the program with the North Carolina School of Veterinary Medicine, other State agencies and departments, county and city health departments and
animal control agencies, and statewide and local humane organizations. The Department may employ outside consultants to assist with the education program.

(2) Local Spay/Neuter Assistance Program. -- The Department shall administer the Spay/Neuter Account established in G.S. 19A-52. Monies deposited in the account shall be available to reimburse eligible counties and cities for the direct costs of spay/neuter surgeries for cats and dogs made available to low-income persons.

"§ 19A-52. Spay/Neuter Account established.

(a) Creation. -- The Spay/Neuter Account is established as a nonreverting special revenue account in the Department of Health and Human Services. The Account consists of the following:

(1) Fifty cents (50C) of the fee imposed by G.S. 130A-190(c) on the costs of obtaining rabies vaccination tags from the Department of Health and Human Services.

(2) Ten dollars ($10.00) of the additional fee imposed by G.S. 20-79.7 for an Animal Lovers special license plate.

(3) Any other funds available from appropriations by the General Assembly or from contributions and grants from public or private sources.

(1) Ultimate sale or exchange; or
(2) Presentation, collection, enforcement, renewal, or registration of transfer.

(h) Expiration of temporary perfection. — After the 20-day period specified in subsection (e), (f), or (g) of this section expires, perfection depends upon compliance with this Article.

§ 25-9-313. When possession by or delivery to secured party perfects security interest without filing.

(a) Perfection by possession or delivery. — Except as otherwise provided in subsection (b) of this section, a secured party may perfect a security interest in negotiable documents, goods, instruments, money, or tangible chattel paper by taking possession of the collateral. (b) Goods covered by certificate of title. — With respect to goods covered by a certificate of title issued by this State, a secured party may perfect a security interest in the goods by taking possession of the goods only in the circumstances described in G.S. 25-9-316(d).

(c) Collateral in possession of person other than debtor. — With respect to collateral other than certificated securities and goods covered by a document, a secured party takes possession of collateral in the possession of a person other than the debtor, the secured party, or a lessee of the collateral from the debtor in the ordinary course of the debtor’s business, when:

(1) The person in possession authenticates a record acknowledging that it holds possession of the collateral for the secured party’s benefit; or
(2) The person takes possession of the collateral after having authenticated a record acknowledging that it will hold possession of collateral for the secured party’s benefit.

(d) Time of perfection by possession; continuation of perfection. — If perfection of a security interest depends upon possession of the collateral by a secured party, perfection occurs no earlier than the time the secured party takes possession and continues only while the secured party retains possession.

(e) Time of perfection by delivery; continuation of perfection. — A security interest in a certificated security in registered form is perfected by delivery when delivery of the certificated security occurs
under G.S. 25-8-301 and remains perfected by delivery until the
debtor obtains possession of the security certificate.

(f) Acknowledgment not required. -- A person in possession of
collateral is not required to acknowledge that it holds possession for a
secured party's benefit.

(g) Effectiveness of acknowledgment; no duties or confirmation. --
If a person acknowledges that it holds possession for the secured
party's benefit:

(1) The acknowledgment is effective under subsection (c) of this
section or G.S. 25-8-301(a), even if the acknowledgment
violates the rights of a debtor; and

(2) Unless the person otherwise agrees or law other than this
Article otherwise provides, the person does not owe any duty
to the secured party and is not required to confirm the
acknowledgment to another person.

(h) Secured party's delivery to person other than debtor. -- A
secured party having possession of collateral does not relinquish
possession by delivering the collateral to a person other than the
debtor or a lessee of the collateral from the debtor in the ordinary
course of the debtor's business if the person was instructed before the
delivery or is instructed contemporaneously with the delivery:

(1) To hold possession of the collateral for the secured party's
benefit; or

(2) To redeliver the collateral to the secured party.

(i) Effect of delivery under subsection (h); no duties or
confirmation. -- A secured party does not relinquish possession, even
if a delivery under subsection (h) of this section violates the rights of a
debtor. A person to which collateral is delivered under subsection (h)
of this section does not owe any duty to the secured party and is not
required to confirm the delivery to another person unless the person
otherwise agrees or law other than this Article otherwise provides.

of perfection. -- A security interest in deposit accounts, electronic
chattel paper, or letter-of-credit rights is perfected by control under

control and remains perfected by control only while the secured party
retains control.

(c) Investment property: time of perfection by control;
continuation of perfection. -- A security interest in investment property

c. If the collateral is a security entitlement, the debtor is or becomes the entitlement holder.

§ 25-9-315. Secured party’s rights on disposition of collateral and in proceeds.

(a) Disposition of collateral: continuation of security interest or agricultural lien; proceeds. -- Except as otherwise provided in this Article and in G.S. 25-2-403(2):

(1) A security interest or agricultural lien continues in collateral notwithstanding sale, lease, license, exchange, or other disposition thereof unless the secured party authorized the disposition free of the security interest or agricultural lien; and  

(2) A security interest attaches to any identifiable proceeds of collateral.

(b) When commingled proceeds identifiable. -- Proceeds that are commingled with other property are identifiable proceeds:

(1) If the proceeds are goods, to the extent provided by G.S. 25-9-336; and  

(2) If the proceeds are not goods, to the extent that the secured party identifies the proceeds by a method of tracing, including application of equitable principles, that is permitted under law other than this Article with respect to commingled property of the type involved.

(c) Perfection of security interest in proceeds. -- A security interest in proceeds is a perfected security interest if the security interest in the original collateral was perfected.

(d) Continuation of perfection. -- A perfected security interest in proceeds becomes unperfected on the twenty-first day after the security interest attaches to the proceeds unless:

(1) The following conditions are satisfied:

   a. A filed financing statement covers the original collateral;  
   b. The proceeds are collateral in which a security interest may be perfected by filing in the office in which the financing statement has been filed; and  
   c. The proceeds are not acquired with cash proceeds;  

(2) The proceeds are identifiable cash proceeds; or  

(3) The security interest in the proceeds is perfected other than under subsection (c) of this section when the security interest attaches to the proceeds or within 20 days thereafter.

(e) When perfected security interest in proceeds becomes unperfected. -- If a filed financing statement covers the original collateral, a security interest in proceeds which remains perfected under subdivision (d)(1) of this section becomes unperfected at the later of:
(1) When the effectiveness of the filed financing statement lapses under G.S. 25-9-515 or is terminated under G.S. 25-9-513; or

(2) The twenty-first day after the security interest attaches to the proceeds.

§ 25-9-316. Continued perfection of security interest following change in governing law.

(a) General rule: effect on perfection of change in governing law. -- A security interest perfected pursuant to the law of the jurisdiction designated in G.S. 25-9-301(1) or G.S. 25-9-305(c) remains perfected until the earliest of:

(1) The time perfection would have ceased under the law of that jurisdiction;

(2) The expiration of four months after a change of the debtor's location to another jurisdiction; or

(3) The expiration of one year after a transfer of collateral to a person that thereby becomes a debtor and is located in another jurisdiction.

(b) Security interest perfected or un perfected under law of new jurisdiction. -- If a security interest described in subsection (a) of this section becomes perfected under the law of the other jurisdiction before the earliest time or event described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earliest time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(c) Possessory security interest in collateral moved to new jurisdiction. -- A possessory security interest in collateral, other than goods covered by a certificate of title and as-extracted collateral consisting of goods, remains continuously perfected if:

(1) The collateral is located in one jurisdiction and subject to a security interest perfected under the law of that jurisdiction;

(2) Thereafter the collateral is brought into another jurisdiction; and

(3) Upon entry into the other jurisdiction, the security interest is perfected under the law of the other jurisdiction.

(d) Goods covered by certificate of title from this State. -- Except as otherwise provided in subsection (e) of this section, a security interest in goods covered by a certificate of title which is perfected by any method under the law of another jurisdiction when the goods become covered by a certificate of title from this State remains perfected until the security interest would have become unperfected under the law of the other jurisdiction had the goods not become so covered.

(e) When subsection (d) security interest becomes unperfected against purchasers. -- A security interest described in subsection (d) of this section becomes unperfected as against a purchaser of the goods for value and is deemed never to have been perfected as against a purchaser of the goods for value if the applicable requirements for
perfection under G.S. 25-9-311(b) or G.S. 25-9-313 are not satisfied before the earlier of:

(1) The time the security interest would have become unperfected under the law of the other jurisdiction had the goods not become covered by a certificate of title from this State; or

(2) The expiration of four months after the goods had become so covered.

(f) Change in jurisdiction of bank, issuer, nominated person, securities intermediary, or commodity intermediary. -- A security interest in deposit accounts, letter-of-credit rights, or investment property which is perfected under the law of the bank's jurisdiction, the issuer's jurisdiction, a nominated person's jurisdiction, the securities intermediary's jurisdiction, or the commodity intermediary's jurisdiction, as applicable, remains perfected until the earlier of:

(1) The time the security interest would have become unperfected under the law of that jurisdiction; or

(2) The expiration of four months after a change of the applicable jurisdiction to another jurisdiction.

(g) Subsection (f) security interest perfected or unperfected under law of new jurisdiction. -- If a security interest described in subsection (f) of this section becomes perfected under the law of the other jurisdiction before the earlier of the time or the end of the period described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier of that time or the end of that period, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(b) Buyers that receive delivery. -- Except as otherwise provided in subsection (e) of this section, a buyer, other than a secured party, of tangible chattel paper, documents, goods, instruments, or a security certificate takes free of a security interest or agricultural lien if the buyer gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.
(c) Lessees that receive delivery. -- Except as otherwise provided in subsection (e) of this section, a lessee of goods takes free of a security interest or agricultural lien if the lessee gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(d) Licensees and buyers of certain collateral. -- A licensee of a general intangible or a buyer, other than a secured party, of accounts, electronic chattel paper, general intangibles, or investment property other than a certificated security takes free of a security interest if the licensee or buyer gives value without knowledge of the security interest and before it is perfected.

(e) Purchase-money security interest. -- Except as otherwise provided in G.S. 25-9-320 and G.S. 25-9-321, if a person files a financing statement with respect to a purchase-money security interest before or within 20 days after the debtor receives delivery of the collateral, the security interest takes priority over the rights of a buyer, lessee, or lien creditor which arise between the time the security interest attaches and the time of filing.

"§ 25-9-318. No interest retained in right to payment that is sold; rights and title of seller of account or chattel paper with respect to creditors and purchasers.

(a) Seller retains no interest. -- A debtor that has sold an account, chattel paper, payment intangible, or promissory note does not retain a legal or equitable interest in the collateral sold.

(b) Deemed rights of debtor if buyer’s security interest unperfected. -- For purposes of determining the rights of creditors of, and purchasers for value of an account or chattel paper from, a debtor that has sold an account or chattel paper, while the buyer’s security interest is unperfected, the debtor is deemed to have rights and title to the account or chattel paper identical to those the debtor sold.

"§ 25-9-319. Rights and title of consignee with respect to creditors and purchasers.

(a) Consignee has consignor’s rights. -- Except as otherwise provided in subsection (b) of this section, for purposes of determining the rights of creditors of, and purchasers for value of goods from, a consignee, while the goods are in the possession of the consignee, the consignee is deemed to have rights and title to the goods identical to those the consignor had or had power to transfer.

(b) Applicability of other law. -- For purposes of determining the rights of a creditor of a consignee, law other than this Article determines the rights and title of a consignee while goods are in the consignee’s possession if, under this Part, a perfected security interest held by the consignor would have priority over the rights of the creditor.

(a) Buyer in ordinary course of business. -- Except as otherwise provided in subsection (e) of this section, a buyer in ordinary course of business, other than a person buying farm products from a person engaged in farming operations, takes free of a security interest created
by the buyer's seller, even if the security interest is perfected and the
buyer knows of its existence.

(b) Buyer of consumer goods. -- Except as otherwise provided in
subsection (e) of this section, a buyer of goods from a person who
used or bought the goods for use primarily for personal, family, or

(2) For value;
(3) Primarily for the buyer's personal, family, or household
purposes; and
(4) Before the filing of a financing statement covering the goods.

c) Effectiveness of filing for subsection (b). -- To the extent that it
affects the priority of a security interest over a buyer of goods under
subsection (b) of this section, the period of effectiveness of a filing
made in the jurisdiction in which the seller is located is governed by
G.S. 25-9-316(a) and (b).

(d) Buyer in ordinary course of business at wellhead or minehead.
-- A buyer in ordinary course of business buying oil, gas, or other
minerals at the wellhead or minehead or after extraction takes free of
an interest arising out of an encumbrance.

(b) of this section do not affect a security interest in goods in the
possession of the secured party under G.S. 25-9-313.

§ 25-9-321. Licensee of general intangible and lessee of goods in
ordinary course of business.

(a) 'Licensee in ordinary course of business'. -- In this section,
licensee in ordinary course of business' means a person that becomes
a licensee of a general intangible in good faith, without knowledge that
the license violates the rights of another person in the general
intangible, and in the ordinary course from a person in the business
of licensing general intangibles of that kind. A person becomes a
licensee in the ordinary course if the license to the person comports
with the usual or customary practices in the kind of business in which
the licensor is engaged or with the licensor's own usual or customary
practices.

(b) Rights of licensee in ordinary course of business. -- A licensee
in ordinary course of business takes its rights under a nonexclusive

ordinary course of business takes its leasehold interest free of a
security interest in the goods created by the lessor, even if the security
interest is perfected and the lessee knows of its existence.

§ 25-9-322. Priorities among conflicting security interests in and
agricultural liens on same collateral.

(a) General priority rules. -- Except as otherwise provided in this
section, priority among conflicting security interests and agricultural
liens in the same collateral is determined according to the following rules:

(1) Conflicting perfected security interests and agricultural liens rank according to priority in time of filing or perfection. Priority dates from the earlier of the time a filing covering the collateral is first made or the security interest or agricultural lien is first perfected, if there is no period thereafter when there is neither filing nor perfection.

(2) A perfected security interest or agricultural lien has priority over a conflicting unperfected security interest or agricultural lien.

(3) The first security interest or agricultural lien to attach or become effective has priority if conflicting security interests and agricultural liens are unperfected.

(b) Time of perfection: proceeds and supporting obligations. —
For the purposes of subdivision (a)(1) of this section:

(1) The time of filing or perfection as to a security interest in collateral is also the time of filing or perfection as to a security interest in proceeds; and

(2) The time of filing or perfection as to a security interest in collateral supported by a supporting obligation is also the time of filing or perfection as to a security interest in the supporting obligation.

(c) Special priority rules: proceeds and supporting obligations. —
Except as otherwise provided in subsection (f) of this section, a security interest in collateral which qualifies for priority over a conflicting security interest under G.S. 25-9-327, 25-9-328, 25-9-329, 25-9-330, or 25-9-331 also has priority over a conflicting security interest in:

(1) Any supporting obligation for the collateral; and

(2) Proceeds of the collateral if:
   a. The security interest in proceeds is perfected;
   b. The proceeds are cash proceeds or of the same type as the collateral; and
   c. In the case of proceeds that are proceeds of proceeds, all intervening proceeds are cash proceeds, proceeds of the same type as the collateral, or an account relating to the collateral.

(d) First-to-file priority rule for certain collateral. — Subject to subsection (e) of this section and except as otherwise provided in subsection (f) of this section, if a security interest in chattel paper, deposit accounts, negotiable documents, instruments, investment property, or letter-of-credit rights is perfected by a method other than filing, conflicting perfected security interests in proceeds of the collateral rank according to priority in time of filing.

(e) Applicability of subsection (d). — Subsection (d) of this section applies only if the proceeds of the collateral are not cash proceeds, chattel paper, negotiable documents, instruments, investment property, or letter-of-credit rights.
(f) Limitations on subsections (a) through (e). -- Subsections (a) through (e) of this section are subject to:

1. Subsection (g) of this section and the other provisions of this Part;
2. G.S. 25-4-208 with respect to a security interest of a collecting bank;
3. G.S. 25-5-118 with respect to a security interest of an issuer or nominated person; and
4. G.S. 25-9-110 with respect to a security interest arising under Article 2 or 2A of this Chapter.

(g) Priority under agricultural lien statute. -- A perfected agricultural lien on collateral has priority over a conflicting security interest in or agricultural lien on the same collateral if the statute creating the agricultural lien so provides.

(a) When priority based on time of advance. -- Except as otherwise provided in subsection (c) of this section, for purposes of determining the priority of a perfected security interest under G.S. 25-9-322(a)(1), perfection of the security interest dates from the time an advance is made to the extent that the security interest secures an advance that:

1. Is made while the security interest is perfected only:
   a. Under G.S. 25-9-309 when it attaches; or
   b. Temporarily under G.S. 25-9-312(e), (f), or (g); and
2. Is not made pursuant to a commitment entered into before or while the security interest is perfected by a method other than under G.S. 25-9-309 or G.S. 25-9-312(e), (f), or (g).

(b) Lien creditor. -- Except as otherwise provided in subsection (c) of this section, a security interest is subordinate to the rights of a person that becomes a lien creditor to the extent that the security interest secures an advance made more than 45 days after the person becomes a lien creditor unless the advance is made:

1. Without knowledge of the lien; or
2. Pursuant to a commitment entered into without knowledge of the lien.

(c) Buyer of receivables. -- Subsections (a) and (b) of this section do not apply to a security interest held by a secured party that is a buyer of accounts, chattel paper, payment intangibles, or promissory notes or a consignor.

(d) Buyer of goods. -- Except as otherwise provided in subsection (e) of this section, a buyer of goods other than a buyer in ordinary course of business takes free of a security interest to the extent that it secures advances made after the earlier of:

1. The time the secured party acquires knowledge of the buyer’s purchase; or
2. 45 days after the purchase.

(e) Advances made pursuant to commitment: priority of buyer of goods. -- Subsection (d) of this section does not apply if the advance is made pursuant to a commitment entered into without knowledge of the buyer’s purchase and before the expiration of the 45-day period.
(f) Lessee of goods. -- Except as otherwise provided in subsection (g) of this section, a lessee of goods, other than a lessee in ordinary course of business, takes the leasehold interest free of a security interest to the extent that it secures advances made after the earlier of:

(1) The time the secured party acquires knowledge of the lease; or

(2) 45 days after the lease contract becomes enforceable.

(g) Advances made pursuant to commitment: priority of lessee of goods. -- Subsection (f) of this section does not apply if the advance is made pursuant to a commitment entered into without knowledge of the lease and before the expiration of the 45-day period.

(a) General rule: purchase-money priority. -- Except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in goods other than inventory or livestock has priority over a conflicting security interest in the same goods, and, except as otherwise provided in G.S. 25-9-327, a perfected security interest in its identifiable proceeds also has priority, if the purchase-money security interest is perfected when the debtor receives possession of the collateral or within 20 days thereafter.

(b) Inventory purchase-money priority. -- Subject to subsection (c) of this section and except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in inventory has priority over a conflicting security interest in the same inventory, has priority over a conflicting security interest in chattel paper or an instrument constituting proceeds of the inventory and in proceeds of the chattel paper, if so provided in G.S. 25-9-330, and, except as otherwise provided in G.S. 25-9-327, also has priority in identifiable cash proceeds of the inventory to the extent the identifiable cash proceeds are received on or before the delivery of the inventory to a buyer, if:

(1) The purchase-money security interest is perfected when the debtor receives possession of the inventory;

(2) The purchase-money secured party sends an authenticated notification to the holder of the conflicting security interest;

(3) The holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(4) The notification states that the person sending the notification has or expects to acquire a purchase-money security interest in inventory of the debtor and describes the inventory.

(c) Holders of conflicting inventory security interests to be notified. -- Subdivisions (b)(2) through (b)(4) of this section apply only if the holder of the conflicting security interest had filed a financing statement covering the same types of inventory:

(1) If the purchase-money security interest is perfected by filing, before the date of the filing; or
(2) If the purchase-money security interest is temporarily perfected without filing or possession under G.S. 25-9-312(f), before the beginning of the 20-day period thereunder.

(d) Livestock purchase-money priority. -- Subject to subsection (e) of this section and except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in livestock that are farm products has priority over a conflicting security interest in the same livestock, and, except as otherwise provided in G.S. 25-9-327, a perfected security interest in their identifiable proceeds and identifiable products in their unmanufactured states also has priority, if:

(1) The purchase-money security interest is perfected when the debtor receives possession of the livestock;
(2) The purchase-money secured party sends an authenticated notification to the holder of the conflicting security interest;
(3) The holder of the conflicting security interest receives the notification within six months before the debtor receives possession of the livestock; and
(4) The notification states that the person sending the notification has or expects to acquire a purchase-money security interest in livestock of the debtor and describes the livestock.

(e) Holders of conflicting livestock security interests to be notified. -- Subdivisions (d)(2) through (d)(4) of this section apply only if the holder of the conflicting security interest had filed a financing statement covering the same types of livestock:

(1) If the purchase-money security interest is perfected by filing, before the date of the filing; or
(2) If the purchase-money security interest is temporarily perfected without filing or possession under G.S. 25-9-312(f), before the beginning of the 20-day period thereunder.

(f) Software purchase-money priority. -- Except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in software has priority over a conflicting security interest in the same collateral, and, except as otherwise provided in G.S. 25-9-327, a perfected security interest in its identifiable proceeds also has priority, to the extent that the purchase-money security interest in the goods in which the software was acquired for use has priority in the goods and proceeds of the goods under this section.

(g) Conflicting purchase-money security interests. -- If more than one security interest qualifies for priority in the same collateral under subsection (a), (b), (d), or (f) of this section:

(1) A security interest securing an obligation incurred as all or part of the price of the collateral has priority over a security interest securing an obligation incurred for value given to enable the debtor to acquire rights in or the use of collateral; and
(2) In all other cases, G.S. 25-9-322(a) applies to the qualifying
security interests.

§ 25-9-324.1. Priority of production-money security interests and
agricultural liens.

(a) Priority over conflicting security interests. -- Except as otherwise
provided in subsections (c), (d), and (e) of this section, if the
requirements of subsection (b) of this section are satisfied, a perfected
production-money security interest in production-money crops has
priority over a conflicting security interest in the same crops and,
except as otherwise provided in G.S. 25-9-327, also has priority in
their identifiable proceeds.

(b) Requirements for priority. -- A production-money security
interest has priority under subsection (a) of this section if:

(1) The production-money security interest is perfected by filing
when the production-money secured party first gives new
value to enable the debtor to produce the crops;

(2) The production-money secured party sends an authenticated
notification to the holder of the conflicting security interest
not less than 10 or more than 30 days before the production-
money secured party first gives new value to enable the
debtor to produce the crops if the holder had filed a
financing statement covering the crops before the date of the
filing made by the production-money secured party; and

(3) The notification states that the production-money secured
party has or expects to acquire a production-money security
interest in the debtor's crops and provides a description of
the crops.

(c) Multiple production-money security interests. -- Except as
otherwise provided in subsection (d) or (e) of this section, if more
than one security interest qualifies for priority in the same collateral
under subsection (a) of this section, the security interests rank
according to priority in time of filing under G.S. 25-9-322(a).

(d) New value to produce production-money crops. -- To the extent
that a person holding a perfected security interest in production-money
crops that are the subject of a production-money security interest gives
new value to enable the debtor to produce the production-money crops
and the value is in fact used for the production of the production-
money crops, the security interests rank according to priority in time
of filing under G.S. 25-9-322(a).

(e) Holder of agricultural lien and production-money security
interest. -- To the extent that a person holds both an agricultural lien
and a production-money security interest in the same collateral
securing the same obligations, the rules of priority applicable to
agricultural liens govern priority.

(f) Creating or perfecting production-money security interest not to
operate as default or accelerating event. -- Creating or perfecting a
production-money security interest shall not operate under any
circumstances as a default on, an accelerating event under, or
otherwise as a breach of any note or other instrument or agreement of
any kind or nature to pay debt, any loan or credit agreement, or any security agreement or arrangement of any kind or nature where the collateral is real or personal property.

(a) Subordination of security interest in transferred collateral. -- Except as otherwise provided in subsection (b) of this section, a security interest created by a debtor is subordinate to a security interest in the same collateral created by another person if:

1. The debtor acquired the collateral subject to the security interest created by the other person;
2. The security interest created by the other person was perfected when the debtor acquired the collateral; and
3. There is no period thereafter when the security interest is unperfected.

(b) Limitation of subsection (a) subordination. -- Subsection (a) of this section subordinates a security interest only if the security interest:

1. Otherwise would have priority solely under G.S. 25-9-322(a) or G.S. 25-9-324; or
2. Arose solely under G.S. 25-2-711(3) or G.S. 25-2A-508(5).

"§ 25-9-326. Priority of security interests created by new debtor.

(a) Subordination of security interest created by new debtor. -- Subject to subsection (b) of this section, a security interest created by a new debtor which is perfected by a filed financing statement that is effective solely under G.S. 25-9-508 in collateral in which a new debtor has or acquires rights is subordinate to a security interest in the same collateral which is perfected other than by a filed financing statement that is effective solely under G.S. 25-9-508.

(b) Priority under other provisions; multiple original debtors. -- The other provisions of this Part determine the priority among conflicting security interests in the same collateral perfected by filed financing statements that are effective solely under G.S. 25-9-508. However, if the security agreements to which a new debtor became bound as debtor were not entered into by the same original debtor, the conflicting security interests rank according to priority in time of the new debtor's having become bound.

The following rules govern priority among conflicting security interests in the same deposit account:

1. A security interest held by a secured party having control of the deposit account under G.S. 25-9-104 has priority over a conflicting security interest held by a secured party that does not have control.
2. Except as otherwise provided in subdivisions (3) and (4) of this section, security interests perfected by control under G.S. 25-9-314 rank according to priority in time of obtaining control.
3. Except as otherwise provided in subdivision (4) of this section, a security interest held by the bank with which the
deposit account is maintained has priority over a conflicting
security interest held by another secured party.

(4) A security interest perfected by control under G.S. 25-
9-104(a)(3) has priority over a security interest held by the
bank with which the deposit account is maintained.

The following rules govern priority among conflicting security
interests in the same investment property:

(1) A security interest held by a secured party having control of
investment property under G.S. 25-9-106 has priority over a
security interest held by a secured party that does not have
control of the investment property.

(2) Except as otherwise provided in subdivisions (3) and (4) of
this section, conflicting security interests held by secured
parties each of which has control under G.S. 25-9-106 rank
according to priority in time of:
   a. If the collateral is a security, obtaining control;
   b. If the collateral is a security entitlement carried in a
      securities account and:
      1. If the secured party obtained control under G.S. 25-
         8-106(d)(1), the secured party’s becoming the person
         for which the securities account is maintained;
      2. If the secured party obtained control under G.S. 25-
         8-106(d)(2), the securities intermediary’s agreement
to comply with the secured party’s entitlement orders
with respect to security entitlements carried or to be
carried in the securities account; or
      3. If the secured party obtained control through another
person under G.S. 25-8-106(d)(3), the time on
which priority would be based under this subdivision
if the other person were the secured party; or
   c. If the collateral is a commodity contract carried with a
      commodity intermediary, the satisfaction of the
      requirement for control specified in G.S. 25-9-106(b)(2)
with respect to commodity contracts carried or to be
carried with the commodity intermediary.

(3) A security interest held by a securities intermediary in a
security entitlement or a securities account maintained with
the securities intermediary has priority over a conflicting
security interest held by another secured party.

(4) A security interest held by a commodity intermediary in a
commodity contract or a commodity account maintained with
the commodity intermediary has priority over a conflicting
security interest held by another secured party.

(5) A security interest in a certificated security in registered
form which is perfected by taking delivery under G.S. 25-
9-313(a) and not by control under G.S. 25-9-314 has
priority over a conflicting security interest perfected by a
method other than control.
(6) Conflicting security interests created by a broker, securities intermediary, or commodity intermediary which are perfected without control under G.S. 25-9-106 rank equally.

(7) In all other cases, priority among conflicting security interests in investment property is governed by G.S. 25-9-322 and G.S. 25-9-323.

The following rules govern priority among conflicting security interests in the same letter-of-credit right:

(1) A security interest held by a secured party having control of the letter-of-credit right under G.S. 25-9-107 has priority to the extent of its control over a conflicting security interest held by a secured party that does not have control.

(2) Security interests perfected by control under G.S. 25-9-314 rank according to priority in time of obtaining control.

"§ 25-9-330. Priority of purchaser of chattel paper or instrument."

(a) Purchaser’s priority: security interest claimed merely as proceeds. -- A purchaser of chattel paper has priority over a security interest in the chattel paper which is claimed merely as proceeds of inventory subject to a security interest if:

(1) In good faith and in the ordinary course of the purchaser’s business, the purchaser gives new value and takes possession of the chattel paper or obtains control of the chattel paper under G.S. 25-9-105; and

(2) The chattel paper does not indicate that it has been assigned to an identified assignee other than the purchaser.

(b) Purchaser’s priority: other security interests. -- A purchaser of chattel paper has priority over a security interest in the chattel paper which is claimed other than merely as proceeds of inventory subject to a security interest if the purchaser gives new value and takes possession of the chattel paper or obtains control of the chattel paper under G.S. 25-9-105 in good faith, in the ordinary course of the purchaser’s business, and without knowledge that the purchase violates the rights of the secured party.

(c) Chattel paper purchaser’s priority in proceeds. -- Except as otherwise provided in G.S. 25-9-327, a purchaser having priority in chattel paper under subsection (a) or (b) of this section also has priority in proceeds of the chattel paper to the extent that:

(1) G.S. 25-9-322 provides for priority in the proceeds; or

(2) The proceeds consist of the specific goods covered by the chattel paper or cash proceeds of the specific goods, even if the purchaser’s security interest in the proceeds is unperfected.

(d) Instrument purchaser’s priority. -- Except as otherwise provided in G.S. 25-9-331(a), a purchaser of an instrument has priority over a security interest in the instrument perfected by a method other than possession if the purchaser gives value and takes possession of the instrument in good faith and without knowledge that the purchase violates the rights of the secured party.
(e) Holder of purchase-money security interest gives new value. -- For purposes of subsections (a) and (b) of this section, the holder of a purchase-money security interest in inventory gives new value for chattel paper constituting proceeds of the inventory.

(f) Indication of assignment gives knowledge. -- For purposes of subsections (b) and (d) of this section, if chattel paper or an instrument indicates that it has been assigned to an identified secured party other than the purchaser, a purchaser of the chattel paper or instrument has knowledge that the purchase violates the rights of the secured party.

"§ 25-9-331. Priority of rights of purchasers of instruments, documents, and securities under other Articles; priority of interests in financial assets and security entitlements under Article 8.

(a) Rights under Articles 3, 7, and 8 not limited. -- This Article does not limit the rights of a holder in due course of a negotiable instrument, a holder to which a negotiable document of title has been duly negotiated, or a protected purchaser of a security. These holders or purchasers take priority over an earlier security interest, even if perfected, to the extent provided in Articles 3, 7, and 8 of this Chapter.

(b) Protection under Article 8. -- This Article does not limit the rights of or impose liability on a person to the extent that the person is protected against the assertion of a claim under Article 8 of this Chapter.

(c) Filing not notice. -- Filing under this Article does not constitute notice of a claim or defense to the holders, or purchasers, or persons described in subsections (a) and (b) of this section.

"§ 25-9-332. Transfer of money; transfer of funds from deposit account.

(a) Transferee of money. -- A transferee of money takes the money free of a security interest unless the transferee acts in collusion with the debtor in violating the rights of the secured party.

(b) Transferee of funds from deposit account. -- A transferee of funds from a deposit account takes the funds free of a security interest in the deposit account unless the transferee acts in collusion with the debtor in violating the rights of the secured party.

(a) 'Possessory lien.' -- In this section, 'possessory lien' means an interest, other than a security interest or an agricultural lien:

(1) Which secures payment or performance of an obligation for services or materials furnished with respect to goods by a person in the ordinary course of the person's business;

(2) Which is created by statute or rule of law in favor of the person; and

(3) Whose effectiveness depends on the person's possession of the goods.

(b) Priority of possessory lien. -- A possessory lien on goods has priority over a security interest in the goods unless the lien is created by a statute that expressly provides otherwise.

(a) Security interest in fixtures under this Article. -- A security interest under this Article may be created in goods that are fixtures or may continue in goods that become fixtures. A security interest does not exist under this Article in ordinary building materials incorporated into an improvement on land.

(b) Security interest in fixtures under real-property law. -- This Article does not prevent creation of an encumbrance upon fixtures under real property law.

(c) General rule: subordination of security interest in fixtures. -- In cases not governed by subsections (d) through (h) of this section, a security interest in fixtures is subordinate to a conflicting interest of an encumbrancer or owner of the related real property other than the debtor.

(d) Fixtures purchase-money priority. -- Except as otherwise provided in subsection (b) of this section, a perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in or is in possession of the real property and:

(1) The security interest is a purchase-money security interest;
(2) The interest of the encumbrancer or owner arises before the goods become fixtures; and
(3) The security interest is perfected by a fixture filing before the goods become fixtures or within 20 days thereafter.

(e) Priority of security interest in fixtures over interests in real property. -- A perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(1) The debtor has an interest of record in the real property or is in possession of the real property and the security interest:
   a. Is perfected by a fixture filing before the interest of the encumbrancer or owner is of record; and
   b. Has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner;
(2) Before the goods become fixtures, the security interest is perfected by any method permitted by this Article and the fixtures are readily removable:
   a. Factory or office machines;
   b. Equipment that is not primarily used or leased for use in the operation of the real property; or
   c. Replacements of domestic appliances that are consumer goods;
(3) The conflicting interest is a lien on the real property obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this Article; or
(4) The security interest is:
   a. Created in a manufactured home in a manufactured-home transaction; and
b. Perfected pursuant to a statute described in G.S. 25-9-311(a)(2).

(f) Priority based on consent, disclaimer, or right to remove. -- A security interest in fixtures, whether or not perfected, has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(1) The encumbrancer or owner has, in an authenticated record, consented to the security interest or disclaimed an interest in the goods as fixtures; or

(2) The debtor has a right to remove the goods as against the encumbrancer or owner.

(g) Continuation of subdivision (f)(2) priority. -- The priority of the security interest under subdivision (f)(2) of this section continues for a reasonable time if the debtor’s right to remove the goods as against the encumbrancer or owner terminates.

(h) Priority of construction mortgage. -- A mortgage is a construction mortgage to the extent that it secures an obligation incurred for the construction of an improvement on land, including the acquisition cost of the land, if a recorded record of the mortgage so indicates. Except as otherwise provided in subsections (e) and (f) of this section, a security interest in fixtures is subordinate to a construction mortgage if a record of the mortgage is recorded before the goods become fixtures and the goods become fixtures before the completion of the construction. A mortgage has this priority to the same extent as a construction mortgage to the extent that it is given to refinance a construction mortgage.

(i) Priority of security interest in crops. -- Except as provided in G.S. 42-15, a perfected security interest in crops growing on real property has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in or is in possession of the real property.

(a) Creation of security interest in accession. -- A security interest may be created in an accession and continues in collateral that becomes an accession.

(b) Perfection of security interest. -- If a security interest is perfected when the collateral becomes an accession, the security interest remains perfected in the collateral.

(c) Priority of security interest. -- Except as otherwise provided in subsection (d) of this section, the other provisions of this Part determine the priority of a security interest in an accession.

(d) Compliance with certificate-of-title statute. -- A security interest in an accession is subordinate to a security interest in the whole which is perfected by compliance with the requirements of a certificate-of-title statute under G.S. 25-9-311(b).

(e) Removal of accession after default. -- After default, subject to Part 6 of this Article, a secured party may remove an accession from other goods if the security interest in the accession has priority over the claims of every person having an interest in the whole.
(f) Reimbursement following removal. -- A secured party that
removes an accession from other goods under subsection (e) of this
section shall promptly reimburse any holder of a security interest or
other lien on, or owner of, the whole or of the other goods, other
than the debtor, for the cost of repair of any physical injury to the
whole or the other goods. The secured party need not reimburse the
holder or owner for any diminution in value of the whole or the other
goods caused by the absence of the accession removed or by any
necessity for replacing it. A person entitled to reimbursement may
refuse permission to remove until the secured party gives adequate
assurance for the performance of the obligation to reimburse.

(a) ‘Commingled goods.’ -- In this section, ‘commingled goods’
means goods that are physically united with other goods in such a
manner that their identity is lost in a product or mass.

(b) No security interest in commingled goods as such. -- A
security interest does not exist in commingled goods as such.
However, a security interest may attach to a product or mass that
results when goods become commingled goods.

(c) Attachment of security interest to product or mass. -- If
collateral becomes commingled goods, a security interest attaches to
the product or mass.

(d) Perfection of security interest. -- If a security interest in
collateral is perfected before the collateral becomes commingled
goods, the security interest that attaches to the product or mass under
subsection (c) of this section is perfected.

(e) Priority of security interest. -- Except as otherwise provided in
subsection (f) of this section, the other provisions of this Part
determine the priority of a security interest that attaches to the product
or mass under subsection (c) of this section.

(f) Conflicting security interests in product or mass. -- If more
than one security interest attaches to the product or mass under
subsection (c) of this section, the following rules determine priority:

1. A security interest that is perfected under subsection (d) of
this section has priority over a security interest that is
unperfected at the time the collateral becomes commingled
goods.

2. If more than one security interest is perfected under
subsection (d) of this section, the security interests rank
equally in proportion to the value of the collateral at the time
it became commingled goods.

§ 25-9-337. Priority of security interests in goods covered by certificate
of title.

If, while a security interest in goods is perfected by any method
under the law of another jurisdiction, this State issues a certificate of
title that does not show that the goods are subject to the security
interest or contain a statement that they may be subject to security
interests not shown on the certificate:
(1) A buyer of the goods, other than a person in the business of selling goods of that kind, takes free of the security interest if the buyer gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest; and

(2) The security interest is subordinate to a conflicting security interest in the goods that attaches, and is perfected under G.S. 25-9-311(b), after issuance of the certificate and without the conflicting secured party's knowledge of the security interest.

"§ 25-9-338. Priority of security interest or agricultural lien perfected by filed financing statement providing certain incorrect information.

If a security interest or agricultural lien is perfected by a filed financing statement providing information described in G.S. 25-9-516(b)(3) which is incorrect at the time the financing statement is filed:

(1) The security interest or agricultural lien is subordinate to a conflicting perfected security interest in the collateral to the extent that the holder of the conflicting security interest gives value in reasonable reliance upon the incorrect information; and

(2) A purchaser, other than a secured party, of the collateral takes free of the security interest or agricultural lien to the extent that, in reasonable reliance upon the incorrect information, the purchaser gives value and, in the case of chattel paper, documents, goods, instruments, or a security certificate, receives delivery of the collateral.

"§ 25-9-339. Priority subject to subordination.

This Article does not preclude subordination by agreement by a person entitled to priority.

"SUBPART 4. RIGHTS OF BANK.

"§ 25-9-340. Effectiveness of right of recoupment or setoff against deposit account.

(a) Exercise of recoupment or setoff. -- Except as otherwise provided in subsection (c) of this section, a bank with which a deposit account is maintained may exercise any right of recoupment or setoff against a secured party that holds a security interest in the deposit account.

(b) Recoupment or setoff not affected by security interest. -- Except as otherwise provided in subsection (c) of this section, the application of this Article to a security interest in a deposit account does not affect a right of recoupment or setoff of the secured party as to a deposit account maintained with the secured party.

(c) When setoff ineffective. -- The exercise by a bank of a setoff against a deposit account is ineffective against a secured party that holds a security interest in the deposit account which is perfected by control under G.S. 25-9-104(a)(3), if the setoff is based on a claim against the debtor.

"§ 25-9-341. Bank's rights and duties with respect to deposit account.
Except as otherwise provided in G.S. 25-9-340(c), and unless the bank otherwise agrees in an authenticated record, a bank’s rights and duties with respect to a deposit account maintained with the bank are not terminated, suspended, or modified by:

(1) The creation, attachment, or perfection of a security interest in the deposit account;

(2) The bank’s knowledge of the security interest; or

(3) The bank’s receipt of instructions from the secured party.

§ 25-9-342. Bank’s right to refuse to enter into or disclose existence of control agreement.

This Article does not require a bank to enter into an agreement of the kind described in G.S. 25-9-104(a)(2), even if its customer so requests or directs. A bank that has entered into such an agreement is not required to confirm the existence of the agreement to another person unless requested to do so by its customer.

"PART 4.

"RIGHTS OF THIRD PARTIES.

(a) Other law governs alienability; exceptions. -- Except as otherwise provided in subsection (b) of this section and G.S. 25-9-406, 25-9-407, 25-9-408, and 25-9-409, whether a debtor’s rights in collateral may be voluntarily or involuntarily transferred is governed by law other than this Article.

(b) Agreement does not prevent transfer. -- An agreement between the debtor and secured party which prohibits a transfer of the debtor’s rights in collateral or makes the transfer a default does not prevent the transfer from taking effect.

"§ 25-9-402. Secured party not obligated on contract of debtor or in tort.

The existence of a security interest, agricultural lien, or authority given to a debtor to dispose of or use collateral, without more, does not subject a secured party to liability in contract or tort for the debtor’s acts or omissions.

"§ 25-9-403. Agreement not to assert defenses against assignee.

(a) ‘Value.’ -- In this section, ‘value’ has the meaning provided in G.S. 25-3-303(a).

(b) Agreement not to assert claim or defense. -- Except as otherwise provided in this section, an agreement between an account debtor and an assignor not to assert against an assignee any claim or defense that the account debtor may have against the assignor is enforceable by an assignee that takes an assignment:

(1) For value;

(2) In good faith;

(3) Without notice of a claim of a property or possessory right to the property assigned; and

(4) Without notice of a defense or claim in recoupment of the type that may be asserted against a person entitled to enforce a negotiable instrument under G.S. 25-3-305(a).
(c) When subsection (b) not applicable. -- Subsection (b) of this section does not apply to defenses of a type that may be asserted against a holder in due course of a negotiable instrument under G.S. 25-3-305(b).

(d) Omission of required statement in consumer transaction. -- In a consumer transaction, if a record evidences the account debtor's obligation, law other than this Article requires that the record include a statement to the effect that the rights of an assignee are subject to claims or defenses that the account debtor could assert against the original obligee, and the record does not include such a statement:

(1) The record has the same effect as if the record included such a statement; and

(2) The account debtor may assert against an assignee those claims and defenses that would have been available if the record included such a statement.

(c) Rule for individual under other law. -- This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(f) Other law not displaced. -- Except as otherwise provided in subsection (d) of this section, this section does not displace law other than this Article which gives effect to an agreement by an account debtor not to assert a claim or defense against an assignee.

"§ 25-9-404. Rights acquired by assignee; claims and defenses against assignee.

(a) Assignee's rights subject to terms, claims, and defenses; exceptions. -- Unless an account debtor has made an enforceable agreement not to assert defenses or claims, and subject to subsections (b) through (e) of this section, the rights of an assignee are subject to:

(1) All terms of the agreement between the account debtor and assignor and any defense or claim in recoupment arising from the transaction that gave rise to the contract; and

(2) Any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives a notification of the assignment authenticated by the assignor or the assignee.

(b) Account debtor's claim reduces amount owed to assignee. -- Subject to subsection (c) of this section and except as otherwise provided in subsection (d) of this section, the claim of an account debtor against an assignor may be asserted against an assignee under subsection (a) of this section only to reduce the amount the account debtor owes.

(c) Rule for individual under other law. -- This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(d) Omission of required statement in consumer transaction. -- In a consumer transaction, if a record evidences the account debtor's obligation, law other than this Article requires that the record include
a statement to the effect that the account debtor's recovery against an assignee with respect to claims and defenses against the assignor may not exceed amounts paid by the account debtor under the record, and the record does not include such a statement, the extent to which a claim of an account debtor against the assignor may be asserted against an assignee is determined as if the record included such a statement.

(e) Inapplicability to health-care-insurance receivable. -- This section does not apply to an assignment of a health-care-insurance receivable.

(a) Effect of modification on assignee. -- A modification of or substitution for an assigned contract is effective against an assignee if made in good faith. The assignee acquires corresponding rights under the modified or substituted contract. The assignment may provide that the modification or substitution is a breach of contract by the assignor. This subsection is subject to subsections (b) through (d) of this section.

(b) Applicability of subsection (a). -- Subsection (a) of this section applies to the extent that:

(1) The right to payment or a part thereof under an assigned contract has not been fully earned by performance; or

(2) The right to payment or a part thereof has been fully earned by performance and the account debtor has not received notification of the assignment under G.S. 25-9-406(a).

(c) Rule for individual under other law. -- This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(d) Inapplicability to health-care-insurance receivable. -- This section does not apply to an assignment of a health-care-insurance receivable.

"§ 25-9-406. Discharge of account debtor; notification of assignment; identification and proof of assignment; restrictions on assignment of accounts, chattel paper, payment intangibles, and promissory notes ineffective.

(a) Discharge of account debtor; effect of notification. -- Subject to subsections (b) through (i) of this section, an account debtor on an account, chattel paper, or a payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, authenticated by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) When notification ineffective. -- Subject to subsection (h) of this section, notification is ineffective under subsection (a) of this section:
1) If it does not reasonably identify the rights assigned;
2) To the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this Article; or
3) At the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:
a. Only a portion of the account, chattel paper, or payment intangible has been assigned to that assignee;
b. A portion has been assigned to another assignee; or
c. The account debtor knows that the assignment to that assignee is limited.

c) Proof of assignment. -- Subject to subsection (h) of this section, if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a) of this section.

d) Term restricting assignment generally ineffective. -- Except as otherwise provided in subsection (e) of this section and G.S. 25-2A-303 and G.S. 25-9-407 and subject to subsection (h) of this section, a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:

1) Prohibits, restricts, or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account, chattel paper, payment intangible, or promissory note; or
2) Provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.

(e) Inapplicability of subsection (d) to certain sales. -- Subsection (d) of this section does not apply to the sale of a payment intangible or promissory note.

(f) Legal restrictions on assignment generally ineffective. -- Except as otherwise provided in G.S. 25-2A-303 and G.S. 25-9-407 and subject to subsections (h) and (i) of this section, a rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, or account debtor to the assignment or transfer of, or creation of a security interest in, an account or chattel paper is ineffective to the extent that the rule of law, statute, or regulation:
(1) Prohibits, restricts, or requires the consent of the government, governmental body or official, or account debtor to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in the account or chattel paper; or

(2) Provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account or chattel paper.

(g) Subdivision (b)(3) not waivable. -- Subject to subsection (h) of this section, an account debtor may not waive or vary its option under subdivision (b)(3) of this section.

(h) Rule for individual under other law. -- This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(i) Inapplicability. -- This section does not apply to an assignment of a health-care-insurance receivable. Subsection (f) of this section does not apply to an assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, a right the transfer of which is prohibited or restricted by any of the following statutes to the extent that the statute is inconsistent with subsection (f) of this section: North Carolina Structured Settlement Act (Article 44B of Chapter 1 of the General Statutes); North Carolina Crime Victims Compensation Act (Chapter 15B of the General Statutes); North Carolina Consumer Finance Act (Article 15 of Chapter 53 of the General Statutes); North Carolina Firemen's and Rescue Squad Workers' Pension Fund (Article 86 of Chapter 53 of the General Statutes); Employment Security Law (Chapter 96 of the General Statutes); North Carolina Workers' Compensation Act (Article 1 of Chapter 97 of the General Statutes); and Programs of Public Assistance (Article 2 of Chapter 108A of the General Statutes).

(j) Section prevails over specified inconsistent law. -- Except to the extent otherwise provided in subsection (j) of this section, this section prevails over any inconsistent provision of an existing or future statute, rule, or regulation of this State unless the provision is contained in a statute of this State, refers expressly to this section, and states that the provision prevails over this section.

"§ 25-9-407. Restrictions on creation or enforcement of security interest in leasehold interest or in lessor's residual interest.

(a) Term restricting assignment generally ineffective. -- Except as otherwise provided in subsection (b) of this section, a term in a lease agreement is ineffective to the extent that it:

(1) Prohibits, restricts, or requires the consent of a party to the lease to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, an interest of a party under the lease contract or in the lessor's residual interest in the goods; or
(2) Provides that the assignment or transfer of the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the lease.

(b) Effectiveness of certain terms. -- Except as otherwise provided in G.S. 25-2A-303(7), a term described in subdivision (a)(2) of this section is effective to the extent that there is:

(1) A transfer by the lessor of the lessee’s right of possession or use of the goods in violation of the term; or

(2) A delegation of a material performance of either party to the lease contract in violation of the term.

c) Security interest not material impairment. -- The creation, attachment, perfection, or enforcement of a security interest in the lessor’s interest under the lease contract or the lessor’s residual interest in the goods is not a transfer that materially impairs the lessee’s prospect of obtaining return performance or materially changes the duty of or materially increases the burden or risk imposed on the lessee within the purview of G.S. 25-2A-303(4) unless, and then only to the extent that, enforcement actually results in a delegation of material performance of the lessor.

§ 25-9-408. Restrictions on assignment of promissory notes, health-care-insurance receivables, and certain general intangibles ineffective.

(a) Term restricting assignment generally ineffective. -- Except as otherwise provided in subsection (b) of this section, a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license, or franchise, and which term prohibits, restricts, or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of, or creation, attachment, or perfection of a security interest in, the promissory note, health-care-insurance receivable, or general intangible, is ineffective to the extent that the term:

(1) Would impair the creation, attachment, or perfection of a security interest; or

(2) Provides that the assignment or transfer of the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(b) Applicability of subsection (a) to sales of certain rights to payment. -- Subsection (a) of this section applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note.

c) Legal restrictions on assignment generally ineffective. -- A rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, person
obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable, or general intangible, including a contract, permit, license, or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute, or regulation:

(1) Would impair the creation, attachment, or perfection of a security interest; or

(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(d) Limitation on ineffectiveness under subsections (a) and (c). --

To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) of this section would be effective under law other than this Article but is ineffective under subsection (a) or (c) of this section, the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(1) Is not enforceable against the person obligated on the promissory note or the account debtor;

(2) Does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;

(3) Does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;

(4) Does not entitle the secured party to use or assign the debtor’s rights under the promissory note, health-care-insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable, or general intangible;

(5) Does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and

(6) Does not entitle the secured party to enforce the security interest in the promissory note, health-care-insurance receivable, or general intangible.

(e) Section prevails over specified inconsistent law. -- Except to the extent otherwise provided in subsection (f) of this section, this section prevails over any inconsistent provision of an existing or future statute, rule, or regulation of this State unless the provision is contained in a
statute of this State, refers expressly to this section, and states that the provision prevails over this section.

(f) Inapplicability. -- Subsection (c) of this section does not apply to an assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, a right the transfer of which is prohibited or restricted by any of the following statutes to the extent that the statute is inconsistent with subsection (c) of this section: North Carolina Structured Settlement Act (Article 44B of Chapter 1 of the General Statutes); North Carolina Crime Victims Compensation Act (Chapter 15B of the General Statutes); North Carolina Consumer Finance Act (Article 15 of Chapter 53 of the General Statutes); North Carolina Firemen's and Rescue Squad Workers' Pension Fund (Article 86 of Chapter 58 of the General Statutes); Employment Security Law (Chapter 96 of the General Statutes); North Carolina Workers' Compensation Act (Article 1 of Chapter 97 of the General Statutes); and Programs of Public Assistance (Article 2 of Chapter 108A of the General Statutes).

(a) Term or law restricting assignment generally ineffective. -- A term in a letter of credit or a rule of law, statute, regulation, custom, or practice applicable to the letter of credit which prohibits, restricts, or requires the consent of an applicant, issuer, or nominated person to a beneficiary's assignment of or creation of a security interest in a letter-of-credit right is ineffective to the extent that the term or rule of law, statute, regulation, custom, or practice:

1. Would impair the creation, attachment, or perfection of a security interest in the letter-of-credit right; or
2. Provides that the assignment or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the letter-of-credit right.

(b) Limitation on ineffectiveness under subsection (a). -- To the extent that a term in a letter of credit is ineffective under subsection (a) of this section but would be effective under law other than this Article or a custom or practice applicable to the letter of credit, to the transfer of a right to draw or otherwise demand performance under the letter of credit, or to the assignment of a right to proceeds of the letter of credit, the creation, attachment, or perfection of a security interest in the letter-of-credit right:

1. Is not enforceable against the applicant, issuer, nominated person, or transferee beneficiary;
2. Imposes no duties or obligations on the applicant, issuer, nominated person, or transferee beneficiary; and
3. Does not require the applicant, issuer, nominated person, or transferee beneficiary to recognize the security interest, pay or render performance to the secured party, or accept payment or other performance from the secured party.
PART 5.
FILING.

SUBPART 1. FILING OFFICE; CONTENTS AND EFFECTIVENESS OF FINANCING STATEMENT.

(a) Filing offices. -- Except as otherwise provided in subsection (b) of this section, if the local law of this State governs perfection of a security interest or agricultural lien, the office in which to file a financing statement to perfect the security interest or agricultural lien is:

(1) The office designated for the filing or recording of a record of a mortgage on the related real property, if:
   a. The collateral is as-extracted collateral or timber to be cut; or
   b. The financing statement is filed as a fixture filing and the collateral is goods that are or are to become fixtures; or

(2) The office of the Secretary of State, in all other cases, including a case in which the collateral is goods that are or are to become fixtures and the financing statement is not filed as a fixture filing.

(b) Filing office for transmitting utilities. -- The office in which to file a financing statement to perfect a security interest in collateral, including fixtures, of a transmitting utility is the office of the Secretary of State. The financing statement also constitutes a fixture filing as to the collateral indicated in the financing statement which is or is to become fixtures.

§ 25-9-502. Contents of financing statement; record of mortgage as financing statement; time of filing financing statement.
(a) Sufficiency of financing statement. -- Subject to subsection (b) of this section, a financing statement is sufficient only if it:

(1) Provides the name of the debtor;
(2) Provides the name of the secured party or a representative of the secured party; and
(3) Indicates the collateral covered by the financing statement.

(b) Real-property-related financing statements. -- Except as otherwise provided in G.S. 25-9-501(b), to be sufficient, a financing statement that covers as-extracted collateral or timber to be cut, or which is filed as a fixture filing and covers goods that are or are to become fixtures, must satisfy subsection (a) of this section and also:

(1) Indicate that it covers this type of collateral;
(2) Indicate that it is to be filed in the real property records;
(3) Provide a description of the real property to which the collateral is related; and
(4) If the debtor does not have an interest of record in the real property, provide the name of a record owner.

(c) Record of mortgage as financing statement. -- A record of a mortgage is effective, from the date of recording, as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut only if:
(1) The record indicates the goods or accounts that it covers;
(2) The goods are or are to become fixtures related to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut;
(3) The record satisfies the requirements for a financing statement in this section other than an indication that it is to be filed in the real property records; and
(4) The record is duly recorded.

(d) Filing before security agreement or attachment. -- A financing statement may be filed before a security agreement is made or a security interest otherwise attaches.

§ 25-9-503. Name of debtor and secured party.

(a) Sufficiency of debtor's name. -- A financing statement sufficiently provides the name of the debtor:

(1) If the debtor is a registered organization, only if the financing statement provides the name of the debtor indicated on the public record of the debtor's jurisdiction of organization which shows the debtor to have been organized;

(2) If the debtor is a decedent's estate, only if the financing statement provides the name of the decedent and indicates that the debtor is an estate;

(3) If the debtor is a trust or a trustee acting with respect to property held in trust, only if the financing statement:

a. Provides the name specified for the trust in its organic documents or, if no name is specified, provides the name of the settlor and additional information sufficient to distinguish the debtor from other trusts having one or more of the same settlors; and

b. Indicates, in the debtor's name or otherwise, that the debtor is a trust or is a trustee acting with respect to property held in trust; and

(4) In other cases:

a. If the debtor has a name, only if it provides the individual or organizational name of the debtor; and

b. If the debtor does not have a name, only if it provides the names of the partners, members, associates, or other persons comprising the debtor.

(b) Additional debtor-related information. -- A financing statement that provides the name of the debtor in accordance with subsection (a) of this section is not rendered ineffective by the absence of:

(1) A trade name or other name of the debtor; or

(2) Unless required under sub-subdivision (a)(4)b. of this section, names of partners, members, associates, or other persons comprising the debtor.

(c) Debtor's trade name insufficient. -- A financing statement that provides only the debtor's trade name does not sufficiently provide the name of the debtor.
(d) Representative capacity. -- Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(e) Multiple debtors and secured parties. -- A financing statement may provide the name of more than one debtor and the name of more than one secured party.

§ 25-9-504. Indication of collateral.
A financing statement sufficiently indicates the collateral that it covers if the financing statement provides:

(1) A description of the collateral pursuant to G.S. 25-9-108; or
(2) An indication that the financing statement covers all assets or all personal property.

§ 25-9-505. Filing and compliance with other statutes and treaties for consignments, leases, other bailments, and other transactions.
(a) Use of terms other than ‘debtor’ and ‘secured party.’ -- A consignor, lessor, or other bailor of goods, a licensor, or a buyer of a payment intangible or promissory note may file a financing statement, or may comply with a statute or treaty described in G.S. 25-9-311(a), using the terms ‘consignor’, ‘consignee’, ‘lessor’, ‘lessee’, ‘bailor’, ‘bailee’, ‘licensor’, ‘licensee’, ‘owner’, ‘registered owner’, ‘buyer’, ‘seller’, or words of similar import, instead of the terms ‘secured party’ and ‘debtor’.

(b) Effect of financing statement under subsection (a). -- This Part applies to the filing of a financing statement under subsection (a) of this section and, as appropriate, to compliance that is equivalent to filing a financing statement under G.S. 25-9-311(b), but the filing or compliance is not of itself a factor in determining whether the collateral secures an obligation. If it is determined for another reason that the collateral secures an obligation, a security interest held by the consignor, lessor, bailor, licensor, owner, or buyer which attaches to the collateral is perfected by the filing or compliance.

§ 25-9-506. Effect of errors or omissions.
(a) Minor errors and omissions. -- A financing statement substantially satisfying the requirements of this Part is effective, even if it has minor errors or omissions, unless the errors or omissions make the financing statement seriously misleading.

(b) Financing statement seriously misleading. -- Except as otherwise provided in subsection (c) of this section, a financing statement that fails sufficiently to provide the name of the debtor in accordance with G.S. 25-9-503(a) is seriously misleading.

(c) Financing statement not seriously misleading. -- If a search of the records of the filing office under the debtor’s correct name, using the filing office’s standard search logic, if any, would disclose a financing statement that fails sufficiently to provide the name of the debtor in accordance with G.S. 25-9-503(a), the name provided does not make the financing statement seriously misleading.

(d) ‘Debtor’s correct name.’ -- For purposes of G.S. 25-9-508(b), the ‘debtor’s correct name’ in subsection (c) of this section means the correct name of the new debtor.

(a) Disposition. -- A filed financing statement remains effective with respect to collateral that is sold, exchanged, leased, licensed, or otherwise disposed of and in which a security interest or agricultural lien continues, even if the secured party knows of or consents to the disposition.

(b) Information becoming seriously misleading. -- Except as otherwise provided in subsection (c) of this section and G.S. 25-9-508, a financing statement is not rendered ineffective if, after the financing statement is filed, the information provided in the financing statement becomes seriously misleading under G.S. 25-9-506.

(c) Change in debtor’s name. -- If a debtor so changes its name that a filed financing statement becomes seriously misleading under G.S. 25-9-506:

1. The financing statement is effective to perfect a security interest in collateral acquired by the debtor before, or within four months after, the change; and

2. The financing statement is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless an amendment to the financing statement which renders the financing statement not seriously misleading is filed within four months after the change.

"§ 25-9-508. Effectiveness of financing statement if new debtor becomes bound by security agreement.

(a) Financing statement naming original debtor. -- Except as otherwise provided in this section, a filed financing statement naming an original debtor is effective to perfect a security interest in collateral in which a new debtor has or acquires rights to the extent that the financing statement would have been effective had the original debtor acquired rights in the collateral.

(b) Financing statement becoming seriously misleading. -- If the difference between the name of the original debtor and that of the new debtor causes a filed financing statement that is effective under subsection (a) of this section to be seriously misleading under G.S. 25-9-506:

1. The financing statement is effective to perfect a security interest in collateral acquired by the new debtor before, and within four months after, the new debtor becomes bound under G.S. 25-9-203(d); and

2. The financing statement is not effective to perfect a security interest in collateral acquired by the new debtor more than four months after the new debtor becomes bound under G.S. 25-9-203(d) unless an initial financing statement providing the name of the new debtor is filed before the expiration of that time.
(c) When section not applicable. -- This section does not apply to collateral as to which a filed financing statement remains effective against the new debtor under G.S. 25-9-507(a).

"§ 25-9-509. Persons entitled to file a record.

(a) Person entitled to file record. -- A person may file an initial financing statement, amendment that adds collateral covered by a financing statement, or amendment that adds a debtor to a financing statement only if:

(1) The debtor authorizes the filing in an authenticated record or pursuant to subsection (b) or (c) of this section; or

(2) The person holds an agricultural lien that has become effective at the time of filing and the financing statement covers only collateral in which the person holds an agricultural lien.

(b) Security agreement as authorization. -- By authenticating or becoming bound as debtor by a security agreement, a debtor or new debtor authorizes the filing of an initial financing statement, and an amendment, covering:

(1) The collateral described in the security agreement; and

(2) Property that becomes collateral under G.S. 25-9-315(a)(2), whether or not the security agreement expressly covers proceeds.

(c) Acquisition of collateral as authorization. -- By acquiring collateral in which a security interest or agricultural lien continues under G.S. 25-9-315(a)(1), a debtor authorizes the filing of an initial financing statement, and an amendment, covering the collateral and property that becomes collateral under G.S. 25-9-315(a)(2).

(d) Person entitled to file certain amendments. -- A person may file an amendment other than an amendment that adds collateral covered by a financing statement or an amendment that adds a debtor to a financing statement only if:

(1) The secured party of record authorizes the filing; or

(2) The amendment is a termination statement for a financing statement as to which the secured party of record has failed to file or send a termination statement as required by G.S. 25-9-513(a) or (c), the debtor authorizes the filing, and the termination statement indicates that the debtor authorized it to be filed.

(e) Multiple secured parties of record. -- If there is more than one secured party of record for a financing statement, each secured party of record may authorize the filing of an amendment under subsection (d) of this section.

"§ 25-9-510. Effectiveness of filed record.

(a) Filed record effective if authorized. -- A filed record is effective only to the extent that it was filed by a person that may file it under G.S. 25-9-509.

(b) Authorization by one secured party of record. -- A record authorized by one secured party of record does not affect the financing statement with respect to another secured party of record.
(c) Continuation statement not timely filed. -- A continuation statement that is not filed within the six-month period prescribed by G.S. 25-9-515(d) is ineffective.

(a) Secured party of record. -- A secured party of record with respect to a financing statement is a person whose name is provided as the name of the secured party or a representative of the secured party in an initial financing statement that has been filed. If an initial financing statement is filed under G.S. 25-9-514(a), the assignee named in the initial financing statement is the secured party of record with respect to the financing statement.

(b) Amendment naming secured party of record. -- If an amendment of a financing statement which provides the name of a person as a secured party or a representative of a secured party is filed, the person named in the amendment is a secured party of record. If an amendment is filed under G.S. 25-9-514(b), the assignee named in the amendment is a secured party of record.

(c) Amendment deleting secured party of record. -- A person remains a secured party of record until the filing of an amendment of the financing statement which deletes the person.

§ 25-9-512. Amendment of financing statement.

(a) Amendment of information in financing statement. -- Subject to G.S. 25-9-509, a person may add or delete collateral covered by, continue or terminate the effectiveness of, or, subject to subsection (e) of this section, otherwise amend the information provided in, a financing statement by filing an amendment that:

(1) Identifies, by its file number, the initial financing statement to which the amendment relates; and

(2) If the amendment relates to an initial financing statement filed in a filing office described in G.S. 25-9-501(a)(1), provides the name of the debtor and the information specified in G.S. 25-9-502(b).

(b) Period of effectiveness not affected. -- Except as otherwise provided in G.S. 25-9-515, the filing of an amendment does not extend the period of effectiveness of the financing statement.

(c) Effectiveness of amendment adding collateral. -- A financing statement that is amended by an amendment that adds collateral is effective as to the added collateral only from the date of the filing of the amendment.

(d) Effectiveness of amendment adding debtor. -- A financing statement that is amended by an amendment that adds a debtor is effective as to the added debtor only from the date of the filing of the amendment.

(e) Certain amendments ineffective. -- An amendment is ineffective to the extent it:

(1) Purports to delete all debtors and fails to provide the name of a debtor to be covered by the financing statement; or

(2) Purports to delete all secured parties of record and fails to provide the name of a new secured party of record.

(a) Consumer goods. -- A secured party shall cause the secured party of record for a financing statement to file a termination statement for the financing statement if the financing statement covers consumer goods and:

1) There is no obligation secured by the collateral covered by the financing statement and no commitment to make an advance, incur an obligation, or otherwise give value; or

2) The debtor did not authorize the filing of the initial financing statement.

(b) Time for compliance with subsection (a). -- To comply with subsection (a) of this section, a secured party shall cause the secured party of record to file the termination statement:

1) Within one month after there is no obligation secured by the collateral covered by the financing statement and no commitment to make an advance, incur an obligation, or otherwise give value; or

2) If earlier, within 20 days after the secured party receives an authenticated demand from a debtor.

(c) Other collateral. -- In cases not governed by subsection (a) of this section, within 20 days after a secured party receives an authenticated demand from a debtor, the secured party shall cause the secured party of record for a financing statement to send to the debtor a termination statement for the financing statement or file the termination statement in the filing office if:

1) Except in the case of a financing statement covering accounts or chattel paper that has been sold or goods that are the subject of a consignment, there is no obligation secured by the collateral covered by the financing statement and no commitment to make an advance, incur an obligation, or otherwise give value;

2) The financing statement covers accounts or chattel paper that has been sold but as to which the account debtor or other person obligated has discharged its obligation;

3) The financing statement covers goods that were the subject of a consignment to the debtor but are not in the debtor’s possession; or

4) The debtor did not authorize the filing of the initial financing statement.

(d) Effect of filing termination statement. -- Except as otherwise provided in G.S. 25-9-510, upon the filing of a termination statement with the filing office, the financing statement to which the termination statement relates ceases to be effective. Except as otherwise provided in G.S. 25-9-510, for purposes of G.S. 25-9-519(g), 25-9-522(a), and 25-9-523(c), the filing with the filing office of a termination statement relating to a financing statement that indicates that the debtor is a transmitting utility also causes the effectiveness of the financing statement to lapse.

(a) Assignment reflected on initial financing statement. -- Except as otherwise provided in subsection (c) of this section, an initial financing statement may reflect an assignment of all of the secured party's power to authorize an amendment to the financing statement by providing the name and mailing address of the assignee as the name and address of the secured party.

(b) Assignment of filed financing statement. -- Except as otherwise provided in subsection (c) of this section, a secured party of record may assign of record all or part of its power to authorize an amendment to a financing statement by filing in the filing office an amendment of the financing statement which:

1. Identifies, by its file number, the initial financing statement to which it relates;
2. Provides the name of the assignor; and
3. Provides the name and mailing address of the assignee.

(c) Assignment of record of mortgage. -- An assignment of record of a security interest in a fixture covered by a record of a mortgage which is effective as a financing statement filed as a fixture filing under G.S. 25-9-502(c) may be made only by an assignment of record of the mortgage in the manner provided by law of this State other than this Chapter.

(a) Five-year effectiveness. -- Except as otherwise provided in subsections (b), (e), (f), and (g) of this section, a filed financing statement is effective for a period of five years after the date of filing.

(b) Public-finance or manufactured-home transaction. -- Except as otherwise provided in subsections (e), (f), and (g) of this section, an initial financing statement filed in connection with a public-finance transaction or manufactured-home transaction is effective for a period of 30 years after the date of filing if it indicates that it is filed in connection with a public-finance transaction or manufactured-home transaction.

(c) Lapse and continuation of financing statement. -- The effectiveness of a filed financing statement lapses on the expiration of the period of its effectiveness unless before the lapse a continuation statement is filed pursuant to subsection (d) of this section. Upon lapse, a financing statement ceases to be effective and any security interest or agricultural lien that was perfected by the financing statement becomes unperfected, unless the security interest is perfected otherwise. If the security interest or agricultural lien becomes unperfected upon lapse, it is deemed never to have been perfected as against a purchaser of the collateral for value.

(d) When continuation statement may be filed. -- A continuation statement may be filed only within six months before the expiration of the five-year period specified in subsection (a) of this section or the 30-year period specified in subsection (b) of this section, whichever is applicable.
(e) Effect of filing continuation statement. -- Except as otherwise provided in G.S. 25-9-510, upon timely filing of a continuation statement, the effectiveness of the initial financing statement continues for a period of five years commencing on the day on which the financing statement would have become ineffective in the absence of the filing. Upon the expiration of the five-year period, the financing statement lapses in the same manner as provided in subsection (c) of this section, unless, before the lapse, another continuation statement is filed pursuant to subsection (d) of this section. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the initial financing statement.

(f) Transmitting utility financing statement. -- If a debtor is a transmitting utility and a filed financing statement so indicates, the financing statement is effective until a termination statement is filed.

(g) Record of mortgage as financing statement. -- A record of a mortgage that is effective as a financing statement filed as a fixture filing under G.S. 25-9-502(c) remains effective as a financing statement filed as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real property.

§ 25-9-516. What constitutes filing; effectiveness of filing.

(a) What constitutes filing. -- Except as otherwise provided in subsection (b) of this section, communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(b) Refusal to accept record; filing does not occur. -- Filing does not occur with respect to a record that a filing office refuses to accept because:

(1) The record is not communicated by a method or medium of communication authorized by the filing office;

(2) An amount equal to or greater than the applicable filing fee is not tendered;

(3) The filing office is unable to index the record because:
   a. In the case of an initial financing statement, the record does not provide a name for the debtor;
   b. In the case of an amendment or correction statement, the record:
      1. Does not identify the initial financing statement as required by G.S. 25-9-512 or G.S. 25-9-518, as applicable; or
      2. Identifies an initial financing statement whose effectiveness has lapsed under G.S. 25-9-515;
   c. In the case of an initial financing statement that provides the name of a debtor identified as an individual or an amendment that provides a name of a debtor identified as an individual which was not previously provided in the financing statement to which the record relates, the record does not identify the debtor's last name; or
d. In the case of a record filed in the filing office described in G.S. 25-9-501(a)(1), the record does not provide a sufficient description of the real property to which it relates;

(4) In the case of an initial financing statement or an amendment that adds a secured party of record, the record does not provide a name and mailing address for the secured party of record;

(5) In the case of an initial financing statement or an amendment that provides a name of a debtor which was not previously provided in the financing statement to which the amendment relates, the record does not:

a. Provide a mailing address for the debtor;

b. Indicate whether the debtor is an individual or an organization; or

c. If the financing statement indicates that the debtor is an organization, provide:
   1. A type of organization for the debtor;
   2. A jurisdiction of organization for the debtor; or
   3. An organizational identification number for the debtor or indicate that the debtor has none;

(6) In the case of an assignment reflected in an initial financing statement under G.S. 25-9-514(a) or an amendment filed under G.S. 25-9-514(b), the record does not provide a name and mailing address for the assignee; or

(7) In the case of a continuation statement, the record is not filed within the six-month period prescribed by G.S. 25-9-515(d).

c. Rules applicable to subsection (b). -- For purposes of subsection (b) of this section:

(1) A record does not provide information if the filing office is unable to read or decipher the information; and

(2) A record that does not indicate that it is an amendment or identify an initial financing statement to which it relates, as required by G.S. 25-9-512, 25-9-514, or 25-9-518, is an initial financing statement.

(d) Refusal to accept record; record effective as filed record. -- A record that is communicated to the filing office with tender of the filing fee, but which the filing office refuses to accept for a reason other than one set forth in subsection (b) of this section, is effective as a filed record except as against a purchaser of the collateral which gives value in reasonable reliance upon the absence of the record from the files.

The failure of the filing office to index a record correctly does not affect the effectiveness of the filed record.

"§ 25-9-518. Claim concerning inaccurate or wrongfully filed record.

(a) Correction statement. -- A person may file in the filing office a correction statement with respect to a record indexed there under the
person's name if the person believes that the record is inaccurate or was wrongfully filed.

(b) Sufficiency of correction statement. -- A correction statement must:

(1) Identify the record to which it relates by the file number assigned to the initial financing statement to which the record relates;

(2) Indicate that it is a correction statement; and

(3) Provide the basis for the person's belief that the record is inaccurate and indicate the manner in which the person believes the record should be amended to cure any inaccuracy or provide the basis for the person's belief that the record was wrongfully filed.

(c) Record not affected by correction statement. -- The filing of a correction statement does not affect the effectiveness of an initial financing statement or other filed record.

"SUBPART 2. DUTIES AND OPERATION OF FILING OFFICE.

§ 25-9-519. Numbering, maintaining, and indexing records; communicating information provided in records.

(a) Filing office duties. -- For each record filed in a filing office, the filing office shall:

(1) Assign a unique number to the filed record;

(2) Create a record that bears the number assigned to the filed record and the date and time of filing;

(3) Maintain the filed record for public inspection; and

(4) Index the filed record in accordance with subsections (c), (d), and (e) of this section.

(b) File number. -- Except as otherwise provided in subsection (i) of this section, a file number assigned after January 1, 2003, must include a digit that:

(1) Is mathematically derived from or related to the other digits of the file number; and

(2) Aids the filing office in determining whether a number communicated as the file number includes a single-digit or transpositional error.

(c) Indexing: general. -- Except as otherwise provided in subsections (d) and (e) of this section, the filing office shall:

(1) Index an initial financing statement according to the name of the debtor and index all filed records relating to the initial financing statement in a manner that associates with one another an initial financing statement and all filed records relating to the initial financing statement; and

(2) Index a record that provides a name of a debtor which was not previously provided in the financing statement to which the record relates also according to the name that was not previously provided.

(d) Indexing: real-property-related financing statement. -- If a financing statement is filed as a fixture filing or covers as-extracted collateral or timber to be cut, the filing office shall index it:
(1) Under the names of the debtor and of each owner of record shown on the financing statement as if they were the mortgagors under a mortgage of the real property described; and

(2) To the extent that the law of this State provides for indexing of records of mortgages under the name of the mortgagee, under the name of the secured party as if the secured party were the mortgagee thereunder, or, if indexing is by description, as if the financing statement were a record of a mortgage of the real property described.

(e) Indexing: real-property-related assignment. -- If a financing statement is filed as a fixture filing or covers as-extracted collateral or timber to be cut, the filing office shall index an assignment filed under G.S. 25-9-514(a) or an amendment filed under G.S. 25-9-514(b):

(1) Under the name of the assignor as grantor; and

(2) To the extent that the law of this State provides for indexing a record of the assignment of a mortgage under the name of the assignee, under the name of the assignee.

(f) Retrieval and association capability. -- The filing office shall maintain a capability:

(1) To retrieve a record by the name of the debtor and by the file number assigned to the initial financing statement to which the record relates; and

(2) To associate and retrieve with one another an initial financing statement and each filed record relating to the initial financing statement.

(g) Removal of debtor’s name. -- The filing office may not remove a debtor’s name from the index until one year after the effectiveness of a financing statement naming the debtor lapses under G.S. 25-9-515 with respect to all secured parties of record.

(h) Timeliness of filing office performance. -- The filing office shall perform the acts required by subsections (a) through (e) of this section at the time and in the manner prescribed by filing-office rule, but after January 1, 2003, not later than three business days after the filing office receives the record in question.

(i) Inapplicability to real-property-related filing office. -- Subsection (b) of this section does not apply to a filing office described in G.S. 25-9-501(a)(1).

"§ 25-9-520. Acceptance and refusal to accept record.

(a) Mandatory refusal to accept record. -- A filing office shall refuse to accept a record for filing for a reason set forth in G.S. 25-9-516(b) and may refuse to accept a record for filing only for a reason set forth in G.S. 25-9-516(b).

(b) Communication concerning refusal. -- If a filing office refuses to accept a record for filing, it shall communicate to the person that presented the record the fact of and reason for the refusal and the date and time the record would have been filed had the filing office accepted it. The communication must be made at the time and in the
manner prescribed by filing-office rule but in no event more than three business days after the filing office receives the record.

(c) When filed financing statement effective. -- A filed financing statement satisfying G.S. 25-9-502(a) and (b) is effective, even if the filing office is required to refuse to accept it for filing under subsection (a) of this section. However, G.S. 25-9-338 applies to a filed financing statement providing information described in G.S. 25-9-516(b)(5) which is incorrect at the time the financing statement is filed.

(d) Separate application to multiple debtors. -- If a record communicated to a filing office provides information that relates to more than one debtor, this Part applies as to each debtor separately.

"§ 25-9-521. Reserved.

(a) Post-lapse maintenance and retrieval of information. -- The filing office shall maintain a record of the information provided in a filed financing statement for at least one year after the effectiveness of the financing statement has lapsed under G.S. 25-9-515 with respect to all secured parties of record. The record must be retrievable by using the name of the debtor and by using the file number assigned to the initial financing statement to which the record relates.

(b) Destruction of written records. -- Except to the extent that a statute governing disposition of public records provides otherwise, the filing office immediately may destroy any written record evidencing a financing statement. However, if the filing office destroys a written record, it shall maintain another record of the financing statement which complies with subsection (a) of this section.

"§ 25-9-523. Information from filing office.

(a) Acknowledgment of filing written record. -- If a person that files a written record requests an acknowledgment of the filing, the filing office shall send to the person an image of the record showing the number assigned to the record pursuant to G.S. 25-9-519(a)(1) and the date and time of the filing of the record. However, if the person furnishes a copy of the record to the filing office, the filing office may instead:

(1) Note upon the copy the number assigned to the record pursuant to G.S. 25-9-519(a)(1) and the date and time of the filing of the record; and

(2) Send the copy to the person.

(b) Acknowledgment of filing other record. -- If a person files a record other than a written record, the filing office shall communicate to the person an acknowledgment that provides:

(1) The information in the record;

(2) The number assigned to the record pursuant to G.S. 25-9-519(a)(1); and

(3) The date and time of the filing of the record.

(c) Communication of requested information. -- Except as otherwise provided in subsection (g) of this section, the filing office shall communicate or otherwise make available in a record, for which
it shall not be liable, the following information to any person that requests it:

(1) Whether there is on file on a date and time specified by the filing office, but not a date earlier than three business days before the filing office receives the request, any financing statement that:
   a. Designates a particular debtor;
   b. Has not lapsed under G.S. 25-9-515 with respect to all secured parties of record; and
   c. If the request so states, has lapsed under G.S. 25-9-515 and a record of which is maintained by the filing office under G.S. 25-9-522(a);

(2) The date and time of filing of each financing statement; and

(3) The information provided in each financing statement.

(d) Medium for communicating information. -- In complying with its duty under subsection (c) of this section, the filing office may communicate information in any medium. However, if requested, the filing office shall communicate information by issuing a record that can be admitted into evidence in the courts of this State without extrinsic evidence of its authenticity.

(e) Timeliness of filing office performance. -- The filing office shall perform the acts required by subsections (a) through (d) of this section at the time and in the manner prescribed by filing-office rule, but after January 1, 2003, for a filing office described in G.S. 25-9-501(a)(2), not later than three business days after the filing office receives the request.

(f) Reserved.

(g) Inapplicability to real-property-related filing office. -- Subsection (c) of this section does not apply to a filing office described in G.S. 25-9-501(a)(1) with respect to financing statements filed on or after the effective date of this act.

Delay by the filing office beyond a time limit prescribed by this Part is excused if:

(1) The delay is caused by interruption of communication or computer facilities, war, emergency conditions, failure of equipment, or other circumstances beyond control of the filing office; and

(2) The filing office exercises reasonable diligence under the circumstances.

§ 25-9-525. Fees.

(a) Initial financing statement or other record; general rule. -- Except as otherwise provided in subsection (e) of this section, the fee for filing and indexing a record under this Part is:

(1) Thirty dollars ($30.00) if the record is communicated in writing and consists of one or two pages;

(2) Forty-five dollars ($45.00) if the record is communicated in writing and consists of more than two pages, plus two dollars ($2.00) for each page over 10 pages; and
(3) Thirty dollars ($30.00) if the record is communicated by another medium authorized by filing-office rule.

(b) Reserved.

(c) Number of names. -- The number of names required to be indexed does not affect the amount of the fee in subsection (a) of this section.

(d) Response to information request. -- The fee for responding to a request for information from the filing office, including for communicating whether there is on file any financing statement naming a particular debtor, is:

1. Thirty dollars ($30.00) if the request is communicated in writing; and

2. Thirty dollars ($30.00) if the request is communicated by another medium authorized by filing-office rule.

Upon request the filing office shall furnish a copy of any filed financing statement or statement of assignment for a uniform fee of two dollars ($2.00) per page. This subsection does not require that a fee be charged for remote access searching of the filing office database.

(e) Record of mortgage. -- This section does not require a fee with respect to a record of a mortgage which is effective as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut under G.S. 25-9-502(c). However, the recording and satisfaction fees that otherwise would be applicable to the record of the mortgage apply.

(a) Adoption of filing-office rules. -- The Secretary of State shall adopt and publish rules to implement the Secretary of State's responsibilities under this Part. The filing-office rules must be consistent with this Article.

(b) Harmonization of rules. -- To keep the filing-office rules and practices of the filing office in harmony with the rules and practices of filing offices in other jurisdictions that enact substantially this Part, and to keep the technology used by the filing office compatible with the technology used by filing offices in other jurisdictions that enact substantially this Part, the Secretary of State, so far as is consistent with the purposes, policies, and provisions of this Article, in adopting, amending, and repealing filing-office rules, may:

1. Consult with filing offices in other jurisdictions that enact substantially this Part;

2. Consult the most recent version of the Model Rules promulgated by the International Association of Corporate Administrators or any successor organization; and

2. The date of filing a financing statement covering the collateral; or

3. Any date specified in a statute under which the agricultural lien was created.

A secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this Article.

(g) Consignor or buyer of certain rights to payment. -- Except as otherwise provided in G.S. 25-9-607(c), this Part imposes no duties upon a secured party that is a consignor or is a buyer of accounts, chattel paper, payment intangibles, or promissory notes.

§ 25-9-602. Waiver and variance of rights and duties.

Except as otherwise provided in G.S. 25-9-624, to the extent that they give rights to a debtor or obligor and impose duties on a secured party, the debtor or obligor may not waive or vary the rules stated in the following listed sections:
(1) G.S. 25-9-207(b)(4)c., which deals with use and operation of the collateral by the secured party;
(2) G.S. 25-9-210, which deals with requests for an accounting and requests concerning a list of collateral and statement of account;
(3) G.S. 25-9-607(c), which deals with collection and enforcement of collateral;

(7) G.S. 25-9-610(b), 25-9-611, 25-9-613, and 25-9-614, which deal with disposition of collateral;

(b) Agreed standards inapplicable to breach of peace. -- Subsection (a) of this section does not apply to the duty under G.S. 25-9-609 to refrain from breaching the peace.

"§ 25-9-604. Procedure if security agreement covers real property or fixtures.

(a) Enforcement: personal and real property. -- If a security agreement covers both personal and real property, a secured party may proceed:

(1) Under this Part as to the personal property without prejudicing any rights with respect to the real property; or
(2) As to both the personal property and the real property in accordance with the rights with respect to the real property, in which case the other provisions of this Part do not apply.
(b) Enforcement: fixtures. -- Subject to subsection (c) of this section, if a security agreement covers goods that are or become fixtures, a secured party may proceed:
(1) Under this Part; or
(2) In accordance with the rights with respect to real property, in which case the other provisions of this Part do not apply.
(c) Removal of fixtures. -- Subject to the other provisions of this Part, if a secured party holding a security interest in fixtures has priority over all owners and encumbrancers of the real property, the secured party, after default, may remove the collateral from the real property.
(d) Injury caused by removal. -- A secured party that removes collateral shall promptly reimburse any encumbrancer or owner of the real property, other than the debtor, for the cost of repair of any physical injury caused by the removal. The secured party need not reimburse the encumbrancer or owner for any diminution in value of the real property caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate assurance for the performance of the obligation to reimburse.

§ 25-9-605. Unknown debtor or secondary obligor.
A secured party does not owe a duty based on its status as secured party:
(1) To a person that is a debtor or obligor, unless the secured party knows:
   a. That the person is a debtor or obligor;
   b. The identity of the person; and
   c. How to communicate with the person; or
(2) To a secured party or lienholder that has filed a financing statement against a person, unless the secured party knows:
   a. That the person is a debtor; and
   b. The identity of the person.

For purposes of this Part, a default occurs in connection with an agricultural lien at the time the secured party becomes entitled to enforce the lien in accordance with the statute under which it was created.

(a) Collection and enforcement generally. -- If so agreed, and in any event after default, a secured party:
(1) May notify an account debtor or other person obligated on collateral to make payment or otherwise render performance to or for the benefit of the secured party;
(2) May take any proceeds to which the secured party is entitled under G.S. 25-9-315;
(3) May enforce the obligations of an account debtor or other person obligated on collateral and exercise the rights of the debtor with respect to the obligation of the account debtor or other person obligated on collateral to make payment or
otherwise render performance to the debtor, and with respect to any property that secures the obligations of the account debtor or other person obligated on the collateral;

(4) If it holds a security interest in a deposit account perfected by control under G.S. 25-9-104(a)(1), may apply the balance of the deposit account to the obligation secured by the deposit account; and

(5) If it holds a security interest in a deposit account perfected by control under G.S. 25-9-104(a)(2) or (a)(3), may instruct the bank to pay the balance of the deposit account to or for the benefit of the secured party.

(b) Nonjudicial enforcement of mortgage. -- If necessary to enable a secured party to exercise under subdivision (a)(3) of this section the right of a debtor to enforce a mortgage nonjudicially, the secured party may record in the office in which a record of the mortgage is recorded:

(1) A copy of the security agreement that creates or provides for a security interest in the obligation secured by the mortgage; and

(2) The secured party’s sworn affidavit in recordable form stating that:
   a. A default has occurred; and
   b. The secured party is entitled to enforce the mortgage nonjudicially.

(c) Commercially reasonable collection and enforcement. -- A secured party shall proceed in a commercially reasonable manner if the secured party:

(1) Undertakes to collect from or enforce an obligation of an account debtor or other person obligated on collateral; and

(2) Is entitled to charge back uncollected collateral or otherwise to full or limited recourse against the debtor or a secondary obligor.

(d) Expenses of collection and enforcement. -- A secured party may deduct from the collections made pursuant to subsection (c) of this section reasonable expenses of collection and enforcement, including reasonable attorney’s fees and legal expenses incurred by the secured party.

§ 25-9-608. Application of proceeds of collection or enforcement; liability for deficiency and right to surplus.

(a) Application of proceeds, surplus, and deficiency if obligation secured. -- If a security interest or agricultural lien secures payment or performance of an obligation, the following rules apply:

(1) A secured party shall apply or pay over for application the cash proceeds of collection or enforcement under G.S. 25-9-607 in the following order to:
a. The reasonable expenses of collection and enforcement and, to the extent provided for by agreement and not prohibited by law, reasonable attorney's fees and legal expenses incurred by the secured party;

b. The satisfaction of obligations secured by the security interest or agricultural lien under which the collection or enforcement is made; and

c. The satisfaction of obligations secured by any subordinate security interest in or other lien on the collateral subject to the security interest or agricultural lien under which the collection or enforcement is made if the secured party receives an authenticated demand for proceeds before distribution of the proceeds is completed.

(2) If requested by a secured party, a holder of a subordinate security interest or other lien shall furnish reasonable proof of the interest or lien within a reasonable time. Unless the holder complies, the secured party need not comply with the holder's demand under sub-subdivision (a)(1)c. of this section.

(3) A secured party need not apply or pay over for application noncash proceeds of collection and enforcement under G.S. 25-9-607 unless the failure to do so would be commercially unreasonable. A secured party that applies or pays over for application noncash proceeds shall do so in a commercially reasonable manner.

(4) A secured party shall account to and pay a debtor for any surplus, and the obligor is liable for any deficiency.

(b) No surplus or deficiency in sales of certain rights to payment. -- If the underlying transaction is a sale of accounts, chattel paper, payment intangibles, or promissory notes, the debtor is not entitled to any surplus, and the obligor is not liable for any deficiency.

§ 25-9-610. Disposition of collateral after default.
(a) Disposition after default. -- After default, a secured party may sell, lease, license, or otherwise dispose of any or all of the collateral in its present condition or following any commercially reasonable preparation or processing.

(b) Commercially reasonable disposition. -- Every aspect of a disposition of collateral, including the method, manner, time, place, and other terms, must be commercially reasonable. If commercially reasonable, a secured party may dispose of collateral by public or private proceedings, by one or more contracts, as a unit or in parcels, and at any time and place and on any terms.

(c) Purchase by secured party. -- A secured party may purchase collateral:

1. At a public disposition; or
2. At a private disposition only if the collateral is of a kind that is customarily sold on a recognized market or the subject of widely distributed standard price quotations.

(e) Disclaimer of warranties. -- A secured party may disclaim or modify warranties under subsection (d) of this section:

1. In a manner that would be effective to disclaim or modify the warranties in a voluntary disposition of property of the kind subject to the contract of disposition; or

(f) Record sufficient to disclaim warranties. -- A record is sufficient to disclaim warranties under subsection (e) of this section if it indicates "There is no warranty relating to title, possession, quiet enjoyment, or the like in this disposition" or uses words of similar import.

(a) ‘Notification date.’ -- In this section, ‘notification date’ means the earlier of the date on which:

1. A secured party sends to the debtor and any secondary obligor an authenticated notification of disposition; or
2. The debtor and any secondary obligor waive the right to notification.

(b) Notification of disposition required. -- Except as otherwise provided in subsection (d) of this section, a secured party that disposes of collateral under G.S. 25-9-610 shall send to the persons specified in subsection (c) of this section a reasonable authenticated notification of disposition.

   b. Any other secured party or lienholder that, 10 days  
      before the notification date, held a security interest in or  
      other lien on the collateral perfected by the filing of a

      1. Identified the collateral;  
      2. Was indexed under the debtor’s name as of that date;  
      and

      notification date, held a security interest in the collateral  
      perfected by compliance with a statute, regulation, or  
      treaty described in G.S. 25-9-311(a).  
   (d) Subsection (b) inapplicable: perishable collateral; recognized  
      market. -- Subsection (b) of this section does not apply if the  
      collateral is perishable or threatens to decline speedily in value or is of  
      a type customarily sold on a recognized market.  
   (e) Compliance with sub-subdivision (c)(3)b. -- A secured party  
      complies with the requirement for notification prescribed by sub-  
      subdivision (c)(3)b. of this section if:  
      (1) Not later than 20 days or earlier than 30 days before the  
          notification date, the secured party requests, in a  
          commercially reasonable manner, information concerning  
          financing statements indexed under the debtor’s name in the  
          office indicated in sub-subdivision (c)(3)b. of this section;

             information; or  
          b. Received a response to the request for information and  
             sent an authenticated notification of disposition to each  
             secured party or other lienholder named in that response  
             whose financing statement covered the collateral.  

(a) Reasonable time is question of fact. -- Except as otherwise  
    provided in subsection (b) of this section, whether a notification is  
    sent within a reasonable time is a question of fact.  
(b) Ten-day period sufficient in nonconsumer transaction. -- In a  
    transaction other than a consumer transaction, a notification of  
    disposition sent after default and 10 days or more before the earliest  
    time of disposition set forth in the notification is sent within a  
    reasonable time before the disposition.

Except in a consumer-goods transaction, the following rules apply:

(c) Transfer not a disposition; no relief of secured party's duties. -- A transfer of the record or legal title to collateral to a secured party under subsection (b) of this section or otherwise is not of itself a
disposition of collateral under this Article and does not of itself relieve the secured party of its duties under this Article.

§ 25-9-620. Acceptance of collateral in full or partial satisfaction of obligation; compulsory disposition of collateral.

(a) Conditions to acceptance in satisfaction. -- Except as otherwise provided in subsection (g) of this section, a secured party may accept collateral in full or partial satisfaction of the obligation it secures only if:

(b) Discharge of subordinate interest notwithstanding noncompliance. -- A subordinate interest is discharged or terminated under subsection (a) of this section, even if the secured party fails to comply with this Article.

(a) Persons that may redeem. -- A debtor, any secondary obligor, or any other secured party or lienholder may redeem collateral.
(b) Requirements for redemption. -- To redeem collateral, a person shall tender:
(1) Fulfillment of all obligations secured by the collateral; and
(2) The reasonable expenses and attorney's fees described in G.S. 25-9-615(a)(1).
(c) When redemption may occur. -- A redemption may occur at any time before a secured party:
(1) Has collected collateral under G.S. 25-9-607;
(2) Has disposed of collateral or entered into a contract for its disposition under G.S. 25-9-610; or
(3) Has accepted collateral in full or partial satisfaction of the obligation it secures under G.S. 25-9-622.

"§ 25-9-624. Waiver.
(a) Waiver of disposition notification. -- A debtor or secondary obligor may waive the right to notification of disposition of collateral under G.S. 25-9-611 only by an agreement to that effect entered into and authenticated after default.
(b) Waiver of mandatory disposition. -- A debtor may waive the right to require disposition of collateral under G.S. 25-9-620(e) only by an agreement to that effect entered into and authenticated after default.
(c) Waiver of redemption right. -- Except in a consumer-goods transaction, a debtor or secondary obligor may waive the right to
redeem collateral under G.S. 25-9-623 only by an agreement to that effect entered into and authenticated after default.

"SUBPART 2. NONCOMPLIANCE WITH ARTICLE.
§ 25-9-625. Remedies for secured party's failure to comply with Article.
(a) Judicial orders concerning noncompliance. -- If it is established that a secured party is not proceeding in accordance with this Article, a court may order or restrain collection, enforcement, or disposition of collateral on appropriate terms and conditions.
(b) Damages for noncompliance. -- Subject to subsections (c), (d), and (f) of this section, a person is liable for damages in the amount of any loss caused by a failure to comply with this Article. Loss caused by a failure to comply may include loss resulting from the debtor's inability to obtain, or increased costs of, alternative financing.
(c) Persons entitled to recover damages; statutory damages in consumer-goods transaction. -- Except as otherwise provided in G.S. 25-9-628:

(1) A person that, at the time of the failure, was a debtor, was an obligor, or held a security interest in or other lien on the collateral may recover damages under subsection (b) of this section for its loss; and

(2) If the collateral is consumer goods, a person that was a debtor or a secondary obligor at the time a secured party failed to comply with this Part may recover for that failure in any event an amount not less than the credit service charge plus ten percent (10%) of the principal amount of the obligation or the time-price differential plus ten percent (10%) of the cash price.

(d) Recovery when deficiency eliminated or reduced. -- A debtor whose deficiency is eliminated under G.S. 25-9-626 may recover damages for the loss of any surplus. However, a debtor or secondary obligor whose deficiency is eliminated or reduced under G.S. 25-9-626 may not otherwise recover under subsection (b) of this section for noncompliance with the provisions of this Part relating to collection, enforcement, disposition, or acceptance.

(e) Statutory damages: noncompliance with specified provisions. -- In addition to any damages recoverable under subsection (b) of this section, the debtor, consumer obligor, or person named as a debtor in a filed record, as applicable, may recover five hundred dollars ($500.00) in each case from a person that:

(1) Fails to comply with G.S. 25-9-208;

(2) Fails to comply with G.S. 25-9-209;

(3) Files a record that the person is not entitled to file under G.S. 25-9-509(a);

(4) Fails to cause the secured party of record to file or send a termination statement as required by G.S. 25-9-513(a) or (c);
(5) Fails to comply with G.S. 25-9-616(b)(1) and whose failure is part of a pattern, or consistent with a practice, of noncompliance; or

(6) Fails to comply with G.S. 25-9-616(b)(2).

(f) Statutory damages: noncompliance with G.S. 25-9-210. -- A debtor or consumer obligor may recover damages under subsection (b) of this section and, in addition, five hundred dollars ($500.00) in each case from a person that, without reasonable cause, fails to comply with a request under G.S. 25-9-210. A recipient of a request under G.S. 25-9-210 which never claimed an interest in the collateral or obligations that are the subject of a request under that section has a reasonable excuse for failure to comply with the request within the meaning of this subsection.

(g) Limitation of security interest: noncompliance with G.S. 25-9-210. -- If a secured party fails to comply with a request regarding a list of collateral or a statement of account under G.S. 25-9-210, the secured party may claim a security interest only as shown in the list or statement included in the request as against a person that is reasonably misled by the failure.

"§ 25-9-626. Action in which deficiency or surplus is in issue.

(a) Applicable rules if amount of deficiency or surplus is in issue. -- In an action arising from a transaction, other than a consumer transaction, in which the amount of a deficiency or surplus is in issue, the following rules apply:

(1) A secured party need not prove compliance with the provisions of this Part relating to collection, enforcement, disposition, or acceptance unless the debtor or a secondary obligor places the secured party's compliance in issue.

(2) If the secured party's compliance is placed in issue, the secured party has the burden of establishing that the collection, enforcement, disposition, or acceptance was conducted in accordance with this Part.

(3) Except as otherwise provided in G.S. 25-9-628, if a secured party fails to prove that the collection, enforcement, disposition, or acceptance was conducted in accordance with the provisions of this Part relating to collection, enforcement, disposition, or acceptance, the liability of a debtor or a secondary obligor for a deficiency is limited to an amount by which the sum of the secured obligation, expenses, and attorney's fees exceeds the greater of:
   a. The proceeds of the collection, enforcement, disposition, or acceptance; or
   b. The amount of proceeds that would have been realized had the noncomplying secured party proceeded in accordance with the provisions of this Part relating to collection, enforcement, disposition, or acceptance.

(4) For purposes of sub-subdivision (a)(3)b. of this section, the amount of proceeds that would have been realized is equal to the sum of the secured obligation, expenses, and attorney's
fees unless the secured party proves that the amount is less than that sum.

(5) If a deficiency or surplus is calculated under G.S. 25-9-615(f), the debtor or obligor has the burden of establishing that the amount of proceeds of the disposition is significantly below the range of prices that a complying disposition to a person other than the secured party, a person related to the secured party, or a secondary obligor would have brought.

(b) Nonconsumer transactions; no inference. -- The limitation of the rules in subsection (a) of this section to transactions other than consumer transactions is intended to leave to the court the determination of the proper rules in consumer transactions. The court may not infer from that limitation the nature of the proper rule in consumer transactions and may continue to apply established approaches.

"§ 25-9-627. Determination of whether conduct was commercially reasonable.

(a) Greater amount obtainable under other circumstances; no preclusion of commercial reasonableness. -- The fact that a greater amount could have been obtained by a collection, enforcement, disposition, or acceptance at a different time or in a different method from that selected by the secured party is not of itself sufficient to preclude the secured party from establishing that the collection, enforcement, disposition, or acceptance was made in a commercially reasonable manner.

(b) Dispositions that are commercially reasonable. -- A disposition of collateral is made in a commercially reasonable manner if the disposition is made:

(1) In the usual manner on any recognized market;
(2) At the price current in any recognized market at the time of the disposition; or
(3) Otherwise in conformity with reasonable commercial practices among dealers in the type of property that was the subject of the disposition.

(c) Approval by court or on behalf of creditors. -- A collection, enforcement, disposition, or acceptance is commercially reasonable if it has been approved:

(1) In a judicial proceeding;
(2) By a bona fide creditors' committee;
(3) By a representative of creditors; or
(4) By an assignee for the benefit of creditors.

(d) Approval under subsection (c) of this section not necessary; absence of approval has no effect. -- Approval under subsection (c) of this section need not be obtained, and lack of approval does not mean that the collection, enforcement, disposition, or acceptance is not commercially reasonable.

(a) Limitation of liability of secured party for noncompliance with Article. -- Unless a secured party knows that a person is a debtor or obligor, knows the identity of the person, and knows how to communicate with the person:

(1) The secured party is not liable to the person, or to a secured party or lienholder that has filed a financing statement against the person, for failure to comply with this Article; and

(2) The secured party’s failure to comply with this Article does not affect the liability of the person for a deficiency.

(b) Limitation of liability based on status as secured party. -- A secured party is not liable because of its status as secured party:

(1) To a person that is a debtor or obligor, unless the secured party knows:
   a. That the person is a debtor or obligor;
   b. The identity of the person; and
   c. How to communicate with the person; or

(2) To a secured party or lienholder that has filed a financing statement against a person, unless the secured party knows:
   a. That the person is a debtor; and
   b. The identity of the person.

(c) Limitation of liability if reasonable belief that transaction not a consumer-goods transaction or consumer transaction. -- A secured party is not liable to any person, and a person’s liability for a deficiency is not affected, because of any act or omission arising out of the secured party’s reasonable belief that a transaction is not a consumer-goods transaction or a consumer transaction or that goods are not consumer goods, if the secured party’s belief is based on its reasonable reliance on:

(1) A debtor’s representation concerning the purpose for which collateral was to be used, acquired, or held; or

(2) An obligor’s representation concerning the purpose for which a secured obligation was incurred.

(d) Limitation of liability for statutory damages. -- A secured party is not liable to any person under G.S. 25-9-625(c)(2) for its failure to comply with G.S. 25-9-616.

(e) Limitation of multiple liability for statutory damages. -- A secured party is not liable under G.S. 25-9-625(c)(2) more than once with respect to any one secured obligation.

"PART 7.

"§ 25-9-701. Effective date.

This act takes effect on July 1, 2001. References in this Part to ‘this act’ refer to PARTS I, II, and III of the session law by which this Part is added to Article 9 of Chapter 25 of the General Statutes. References in this Part to ‘former Article 9’ are to Article 9 of Chapter 25 of the General Statutes as in effect immediately before the effective date of this act.

(a) Pre-effective-date transactions or liens. -- Except as otherwise provided in this Part, this act applies to a transaction or lien within its scope, even if the transaction or lien was entered into or created before the effective date of this act.

(b) Continuing validity. -- Except as otherwise provided in subsection (c) of this section and G.S. 25-9-703 through G.S. 25-9-709:

1. Transactions and liens that were not governed by former Article 9, were validly entered into or created before the effective date of this act, and would be subject to this act if they had been entered into or created after the effective date of this act, and the rights, duties, and interests flowing from those transactions and liens remain valid after the effective date of this act; and

2. The transactions and liens described in subdivision (1) of this subsection may be terminated, completed, consummated, and enforced as required or permitted by this act or by the law that otherwise would apply if this act had not taken effect.

(c) Pre-effective-date proceedings. -- This act does not affect an action, case, or proceeding commenced before the effective date of this act.

"§ 25-9-703. Security interest perfected before effective date.

(a) Continuing priority over lien creditor: perfection requirements satisfied. -- A security interest that is enforceable immediately before the effective date of this act and would have priority over the rights of a person that becomes a lien creditor at that time is a perfected security interest under this act if, on the effective date of this act, the applicable requirements for enforceability and perfection under this act are satisfied without further action.

(b) Continuing priority over lien creditor: perfection requirements not satisfied. -- Except as otherwise provided in G.S. 25-9-705, if, immediately before the effective date of this act, a security interest is enforceable and would have priority over the rights of a person that becomes a lien creditor at that time, but the applicable requirements for enforceability or perfection under this act are not satisfied on the effective date of this act, the security interest:

1. Is a perfected security interest for one year after the effective date of this act;

2. Remains enforceable thereafter only if the security interest becomes enforceable under G.S. 25-9-203 before the year expires; and

3. Remains perfected thereafter only if the applicable requirements for perfection under this act are satisfied before the year expires.

"§ 25-9-704. Security interest unperfected before effective date.

A security interest that is enforceable immediately before the effective date of this act but which would be subordinate to the rights of a person that becomes a lien creditor at that time:
§ 25-9-705. Effectiveness of action taken before effective date.

(a) Pre-effective-date action; one-year perfection period unless reperfected. -- If action, other than the filing of a financing statement, is taken before the effective date of this act and the action would have resulted in priority of a security interest over the rights of a person that becomes a lien creditor had the security interest become enforceable before the effective date of this act, the action is effective to perfect a security interest that attaches under this act within one year after the effective date of this act. An attached security interest becomes unperfected one year after the effective date of this act unless the security interest becomes a perfected security interest under this act before the expiration of that period.

(b) Pre-effective-date filing. -- The filing of a financing statement before the effective date of this act is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under this act.

(c) Pre-effective-date filing in jurisdiction formerly governing perfection. -- This act does not render ineffective an effective financing statement that, before the effective date of this act, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in G.S. 25-9-103 of former Article 9. However, except as otherwise provided in subsections (d) and (e) of this section and G.S. 25-9-706, the financing statement ceases to be effective at the earlier of:

1. The time the financing statement would have ceased to be effective under the law of the jurisdiction in which it is filed; and

(d) Continuation statement. -- The filing of a continuation statement after the effective date of this act does not continue the effectiveness of the financing statement filed before the effective date of this act. However, upon the timely filing of a continuation statement after the effective date of this act and in accordance with the law of the jurisdiction governing perfection as provided in Part 3 of this Article, the effectiveness of a financing statement filed in the same office in that jurisdiction before the effective date of this act continues for the period provided by the law of that jurisdiction.
(e) Application of subdivision (c)(2) to transmitting utility financing statement. -- Subdivision (c)(2) of this section applies to a financing statement that, before the effective date of this act, is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in G.S. 25-9-103 of former Article 9 only to the extent that Part 3 of this Article provides that the law of a jurisdiction other than the jurisdiction in which the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

(f) Application of Part 5. -- A financing statement that includes a financing statement filed before the effective date of this act and a continuation statement filed after the effective date of this act is effective only to the extent that it satisfies the requirements of Part 5 of this Article for an initial financing statement.

§ 25-9-706. When initial financing statement suffices to continue effectiveness of financing statement.

(a) Initial financing statement in lieu of continuation statement. -- The filing of an initial financing statement in the office specified in G.S. 25-9-501 continues the effectiveness of a financing statement filed before the effective date of this act if:

(1) The filing of an initial financing statement in that office would be effective to perfect a security interest under this act;

(2) The pre-effective-date financing statement was filed in an office in another state or another office in this State; and

(3) The initial financing statement satisfies subsection (c) of this section.

(b) Period of continued effectiveness. -- The filing of an initial financing statement under subsection (a) of this section continues the effectiveness of the pre-effective-date financing statement:

(1) If the initial financing statement is filed before the effective date of this act, for the period provided in G.S. 25-9-403 of former Article 9 with respect to a financing statement; and

(2) If the initial financing statement is filed after the effective date of this act, for the period provided in G.S. 25-9-515 with respect to an initial financing statement.

(c) Requirement for initial financing statement under subsection (a). -- To be effective for purposes of subsection (a) of this section, an initial financing statement must:

(1) Satisfy the requirements of Part 5 of this Article for an initial financing statement;

(2) Identify the pre-effective-date financing statement by indicating the office in which the financing statement was filed and providing the dates of filing and file numbers, if any, of the financing statement and of the most recent continuation statement filed with respect to the financing statement; and
(3) Indicate that the pre-effective-date financing statement remains effective.

§ 25-9-707. Amendment of pre-effective-date financing statement.
(a) 'Pre-effective-date financing statement'. -- In this section, 'pre-effective-date financing statement' means a financing statement filed before the effective date of this act.
(b) Applicable law. -- After the effective date of this act, a person may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise amend the information provided in, a pre-effective-date financing statement only in accordance with the law of the jurisdiction governing perfection as provided in Part 3 of this Article. However, the effectiveness of a pre-effective-date financing statement also may be terminated in accordance with the law of the jurisdiction in which the financing statement is filed.
(c) Method of amending: general rule. -- Except as otherwise provided in subsection (d) of this section, if the law of this State governs perfection of a security interest, the information in a pre-effective-date financing statement may be amended after the effective date of this act only if:
   (1) The pre-effective-date financing statement and an amendment are filed in the office specified in G.S. 25-9-501;
   (2) An amendment is filed in the office specified in G.S. 25-9-501 concurrently with, or after the filing in that office of, an initial financing statement that satisfies G.S. 25-9-706(c); or
   (3) An initial financing statement that provides the information as amended and satisfies G.S. 25-9-706(c) is filed in the office specified in G.S. 25-9-501.
(d) Method of amending: continuation. -- If the law of this State governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement may be continued only under G.S. 25-9-705(d) and (f) or G.S. 25-9-706.
(e) Reserved.
(f) Method of amending: termination. -- If the law of this State governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement may be terminated after the effective date of this act only if:
   (1) The pre-effective-date financing statement and a termination statement are filed in the office specified in G.S. 25-9-501; or
   (2) A termination statement is filed in the office specified in G.S. 25-9-501 concurrently with the filing in that office of an initial financing statement that satisfies G.S. 25-9-706(c). Under this subsection, no separate fee shall be charged for the filing or indexing of the termination statement.

§ 25-9-708. Persons entitled to file initial financing statement or continuation statement.
A person may file an initial financing statement or a continuation statement under this Part if:
   (1) The secured party of record authorizes the filing; and
(2) The filing is necessary under this Part:
   a. To continue the effectiveness of a financing statement filed before the effective date of this act; or
   b. To perfect or continue the perfection of a security interest.

(a) Law governing priority. -- This act determines the priority of conflicting claims to collateral. However, if the relative priorities of the claims were established before the effective date of this act, former Article 9 determines priority.

(b) Priority if security interest becomes enforceable under G.S. 25-9-203. -- For purposes of G.S. 25-9-322(a), the priority of a security interest that becomes enforceable under G.S. 25-9-203 dates from the effective date of this act if the security interest is perfected under this act by the filing of a financing statement before the effective date of this act which would not have been effective to perfect the security interest under former Article 9. This subsection does not apply to conflicting security interests each of which is perfected by the filing of such a financing statement.

§ 25-9-710. Special transitional provision for maintaining and searching local-filing office records.
(a) In this section:
   (1) 'Former-Article-9 records' means:
      a. Financing statements and other records that have been filed in the local-filing office before July 1, 2001, and that are, or upon processing and indexing will be, reflected in the index maintained, as of June 30, 2001, by the local-filing office for financing statements and other records filed in the local-filing office before July 1, 2001; and
   The term does not include records presented to a local-filing office for filing after June 30, 2001, whether or not the records relate to financing statements filed in the local-filing office before July 1, 2001.

(2) 'Local-filing office' means a filing office, other than the office of the Secretary of State, that is designated as the proper place to file a financing statement under G.S. 25-9-401(1) of former Article 9. The term applies only with respect to a record that covers a type of collateral as to which the filing office is designated in that section as the proper place to file.

(b) A local-filing office must not accept for filing a record presented after June 30, 2001, whether or not the record relates to a financing statement filed in the local-filing office before July 1, 2001.

(c) Until July 1, 2008, each local-filing office must maintain all former Article 9 records in accordance with former Article 9. A former Article 9 record that is not reflected on the index maintained at June 30, 2001, by the local-filing office must be processed and
indexed, and reflected on the index as of June 30, 2001, as soon as practicable but in any event no later than July 30, 2001.

(d) Until at least June 30, 2008, each local-filing office must respond to requests for information with respect to former Article 9 records relating to a debtor and issue certificates, in accordance with former Article 9. The fees charged for responding to requests for information relating to a debtor and issuing certificates with respect to former-Article-9 records must be the fees in effect under former Article 9 on June 30, 2001.

(e) After June 30, 2008, each local-filing office may remove and destroy, in accordance with any then applicable record retention law of this State, all former-Article-9 records, including the related index.

(f) This section does not apply, with respect to financing statements and other records, to a filing office in which mortgages or records of mortgages on real property are required to be filed or recorded, if:

(1) The collateral is timber to be cut or as-extracted collateral, or

(2) The record is or relates to a financing statement filed as a fixture and the collateral is goods that are or are to become fixtures."

Section 2.(a) Article 9 of Chapter 25 of the General Statutes, as enacted by Section 1 of this act, is amended by adding the following new section to read:

(a) Initial financing statement form. -- A filing office that accepts written records may not refuse to accept a written initial financing statement in the following form and format except for a reason set forth in G.S. 25-9-516(b):

(b) Amendment form. -- A filing office that accepts written records may not refuse to accept a written record in the following form and format except for a reason set forth in G.S. 25-9-516(b)."

Section 2.(b) The Revisor of Statutes shall cause to be printed in G.S. 25-9-521(a), as enacted by subsection (a) of this section, the "National UCC Financing Statement (Form UCC1) (Rev. 07/29/98)" and the "National UCC Financing Statement Addendum (Form UCC1 Ad) (Rev. 07/29/98)" as reproduced in the official text of U.C.C. Article 9 (1999), which are hereby incorporated by reference into G.S. 25-9-521(a).

Section 2.(c) The Revisor of Statutes shall cause to be printed in G.S. 25-9-521(b), as enacted by subsection (a) of this section, the "National UCC Financing Statement Amendment (Form UCC3) (Rev. 07/29/98)" and the "National UCC Financing Statement Amendment Addendum (Form UCC3 Ad) (Rev. 07/29/98)" as reproduced in the official text of U.C.C. Article 9 (1999), which are hereby incorporated by reference into G.S. 25-9-521(b).

PART II. CONFORMING AMENDMENTS TO OTHER ARTICLES OF THE UNIFORM COMMERCIAL CODE.
Section 3. G.S. 25-1-105(2) reads as rewritten:

"(2) Where one of the following provisions of this Chapter specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law (including the conflict of laws rules) so specified:

Letters of Credit. (G.S. 25-5-116)."

Section 4. G.S. 25-1-109 reads as rewritten:

"§ 25-1-109. Section captions.

Section captions are parts of this chapter. The subsection headings in Article 9 of this Chapter are not parts of this Chapter."

Section 5. G.S. 25-1-201(9) reads as rewritten:

"(9) 'Buyer in ordinary course of business' means a person who that buys goods in good faith and faith, without knowledge that the sale to him is in violation of violates the ownership rights or security interest of a third person in the goods, and buys in the ordinary course from a person, other than a pawnbroker, in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or minehead shall be deemed to be persons of that kind. A person buys goods in the ordinary course if the sale to the person comports with the usual or customary practices in the kind of business in which the seller is engaged or with the seller's own usual or customary practices. A person that sells oil, gas, or other minerals at the wellhead or minehead is a person in the business of selling goods of that kind. "Buying" A buyer in ordinary course of business may buy for cash or by exchange of other property, or on secured or unsecured credit, and includes receiving may acquire goods or documents of title under a preexisting contract for sale but does not
include a transfer in bulk or as security for or in total or partial satisfaction of a money debt, sale. A person that acquires goods in a transfer in bulk or as security for or in total or partial satisfaction of a money debt is not a buyer in ordinary course of business."

Section 6. G.S. 25-1-201(32) reads as rewritten:

Section 7. G.S. 25-1-201(37) reads as rewritten:
"(37) 'Security interest' means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (G.S. 25-2-401) is limited in effect to a reservation of a 'security interest'. The term also includes any interest of a consignor and a buyer of accounts or accounts, chattel paper which paper, a payment intangible, or a promissory note in a transaction that is subject to Article 9 of this Chapter. The special property interest of a buyer of goods on identification of those goods to a contract for sale under G.S. 25-2-401 is not a 'security interest,' but a buyer may also acquire a 'security interest' by complying with Article 9 of this Chapter. Unless a consignment is intended as security, reservation of title thereunder is not a 'security interest' but a consignment is in any event subject to the provisions on consignment sales (G.S. 25-2-326). Except as otherwise provided in G.S. 25-2-505, the right of a seller or lessor of goods under Article 2 or 2A of this Chapter to retain or acquire possession of the goods is not a 'security interest,' but a seller or lessor may also acquire a 'security interest' by complying with Article 9 of this Chapter. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (G.S. 25-2-401) is limited in effect to a reservation of a 'security interest'.

(a) Whether a transaction creates a lease or security interest is determined by the facts of each case; however, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease not subject to termination by the lessee, and:
(i) The original term of the lease is equal to or greater than the remaining economic life of the goods, or

(ii) The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods, or

(iii) The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement, or

(iv) The lessee has an option to become the owner of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(b) A transaction does not create a security interest merely because it provides that:

(i) The present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered into,

(ii) The lessee assumes risk of loss of the goods, or agrees to pay taxes, insurance, filing, recording, or registration fees, or service or maintenance costs with respect to the goods,

(iii) The lessee has an option to renew the lease or to become the owner of the goods,

(iv) The lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed, or

(v) The lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(c) For purposes of this subsection (37):

(i) Additional consideration is not nominal if (i) when the option to renew the lease is granted to the lessee the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed, or (ii) when the option to become the owner of the goods is granted to the lessee the price is stated to be
the fair market value of the goods determined at the time the option is to be performed. Additional consideration is nominal if it is less than the lessee’s reasonably predictable cost of performing under the lease agreement if the option is not exercised;

(ii) ‘Reasonably predictable’ and ‘remaining economic life of the goods’ are to be determined with reference to the facts and circumstances at the time the transaction is entered into; and

(iii) ‘Present value’ means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate is not manifestly unreasonable at the time the transaction is entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into."

Section 8. G.S. 25-2-103(3) reads as rewritten:

"(3) The following definitions in other articles apply to this article:
‘Check.’ G.S. 25-3-104.
‘Consignee.’ G.S. 25-7-102.
‘Consignor.’ G.S. 25-7-102.
‘Draft.’ G.S. 25-3-104."

Section 9. G.S. 25-2-210 reads as rewritten:

(1) A party may perform his duty through a delegate unless otherwise agreed or unless the other party has a substantial interest in having his original promisor perform or control the acts required by the contract. No delegation of performance relieves the party delegating of any duty to perform or any liability for breach.

(2) Unless otherwise agreed all rights of either seller or buyer can be assigned except where the assignment would materially change the duty of the other party, or increase materially the burden or risk imposed on him by his contract, or impair materially his chance of obtaining return performance. A right to damages for breach of the whole contract, or a right arising out of the assignor’s due performance of his entire obligation can be assigned despite agreement otherwise.

(3) Unless the circumstances indicate the contrary a prohibition of assignment of "the contract" is to be construed as barring
only the delegation to the assignee of the assignor's performance.

(4) An assignment of "the contract" or of "all my rights under the contract" or an assignment in similar general terms is an assignment of rights and unless the language or the circumstances (as in an assignment for security) indicate the contrary, it is a delegation of performance of the duties of the assignor and its acceptance by the assignee constitutes a promise by him to perform those duties. This promise is enforceable by either the assignor or the other party to the original contract.

(5) The other party may treat any assignment which delegates performance as creating reasonable grounds for insecurity and may without prejudice to his rights against the assignor demand assurances from the assignee.

(1) A party may perform his duty through a delegate unless otherwise agreed or unless the other party has a substantial interest in having his original promisor perform or control the acts required by the contract. No delegation of performance relieves the party delegating of any duty to perform or any liability for breach.

(2) Except as otherwise provided in G.S. 25-9-406, unless otherwise agreed, all rights of either seller or buyer can be assigned except where the assignment would materially change the duty of the other party, or increase materially the burden or risk imposed on him by his contract, or impair materially his chance of obtaining return performance. A right to damages for breach of the whole contract or a right arising out of the assignor's due performance of his entire obligation can be assigned despite agreement otherwise.

(3) The creation, attachment, perfection, or enforcement of a security interest in the seller's interest under a contract is not a transfer that materially changes the duty of or increases materially the burden or risk imposed on the buyer or impairs materially the buyer's chance of obtaining return performance within the purview of subsection (2) of this section unless, and then only to the extent that, enforcement actually results in a delegation of material performance of the seller. Even in that event, the creation, attachment, perfection, and enforcement of the security interest remain effective, but (i) the seller is liable to the buyer for damages caused by the delegation to the extent that the damages could not reasonably be prevented by the buyer, and (ii) a court having jurisdiction may grant other appropriate relief, including cancellation of the contract for sale or an injunction against enforcement of the security interest or consummation of the enforcement.

(4) Unless the circumstances indicate the contrary, a prohibition of assignment of 'the contract' is to be construed
as barring only the delegation to the assignee of the assignor’s performance.

(5) An assignment of ‘the contract’ or of ‘all my rights under the contract’ or an assignment in similar general terms is an assignment of rights and unless the language or the circumstances (as in an assignment for security) indicate the contrary, it is a delegation of performance of the duties of the assignor and its acceptance by the assignee constitutes a promise by him to perform those duties. This promise is enforceable by either the assignor or the other party to the original contract.

(6) The other party may treat any assignment which delegates performance as creating reasonable grounds for insecurity and may without prejudice to his rights against the assignor demand assurances from the assignee.

Section 10. G.S. 25-2-326 reads as rewritten:

"§ 25-2-326. Sale on approval and sale or return; consignment sales and rights of creditors.

(1) Unless otherwise agreed, if delivered goods may be returned by the buyer even though they conform to the contract, the transaction is
(a) a "sale on approval" if the goods are delivered primarily for use, and
(b) a "sale or return" if the goods are delivered primarily for resale.

(2) Except as provided in subsection (3), goods held on approval are not subject to the claims of the buyer’s creditors until acceptance; goods held on sale or return are subject to such claims while in the buyer’s possession.

(3) Where goods are delivered to a person for sale and such person maintains a place of business at which he deals in goods of the kind involved, under a name other than the name of the person making delivery, then with respect to claims of creditors of the person conducting the business the goods are deemed to be on sale or return. The provisions of this subsection are applicable even though an agreement purports to reserve title to the person making delivery until payment or resale or uses such words as “on consignment” or “on memorandum.” However, this subsection is not applicable if the person making delivery
(a) complies with an applicable law providing for a consignor’s interest or the like to be evidenced by a sign, or
(b) establishes that the person conducting the business is generally known by his creditors to be substantially engaged in selling the goods of others, or
(c) complies with the filing provisions of the article on secured transactions (article 9)."
(4) Any "or return" term of a contract for sale is to be treated as a separate contract for sale within the statute of frauds section of this article (G.S. 25-2-201) and as contradicting the sale aspect of the contract within the provisions of this article on parol or extrinsic evidence (G.S. 25-2-202).

(1) Unless otherwise agreed, if delivered goods may be returned by the buyer even though they conform to the contract, the transaction is:
(a) a 'sale on approval' if the goods are delivered primarily for use, and
(b) a 'sale or return' if the goods are delivered primarily for resale.

(2) Goods held on approval are not subject to the claims of the buyer's creditors until acceptance; goods held on sale or return are subject to such claims while in the buyer's possession.

(3) Any 'or return' term of a contract for sale is to be treated as a separate contract for sale within the statute of frauds section of this article (G.S. 25-2-201) and as contradicting the sale aspect of the contract within the provisions of this article on parol or extrinsic evidence (G.S. 25-2-202)."

Section 11. G.S. 25-2-502 reads as rewritten:
"§ 25-2-502. Buyer's right to goods on seller's repudiation, failure to deliver, or insolvency.

(1) Subject to subsection (2) and even though the goods have not been shipped a buyer who has paid a part or all of the price of goods in which he has a special property under the provisions of the immediately preceding section [G.S. 25-2-501] may on making and keeping good a tender of any unpaid portion of their price recover them from the seller if the seller becomes insolvent within ten days after receipt of the first installment on their price.

(2) If the identification creating his special property has been made by the buyer he acquires the right to recover the goods only if they conform to the contract for sale.

(1) Subject to subsections (2) and (3) of this section and even though the goods have not been shipped, a buyer who has paid a part or all of the price of goods in which he has a special property under G.S. 25-2-501 may, on making and keeping good a tender of any unpaid portion of their price, recover them from the seller if:

a. in the case of goods bought for personal, family, or household purposes, the seller repudiates or fails to deliver as required by the contract; or
b. in all cases, the seller becomes insolvent within 10 days after receipt of the first installment on their price.

(2) The buyer's right to recover the goods under subdivision (1)a. of this section vests upon acquisition of a special
property, even if the seller had not then repudiated or failed to deliver.

(3) If the identification creating his special property has been made by the buyer, he acquires the right to recover the goods only if they conform to the contract for sale."

Section 12. G.S. 25-2-716(3) reads as rewritten:

"(3) The buyer has a right of replevin for goods identified to the contract if after reasonable effort he is unable to effect cover for such goods or the circumstances reasonably indicate that such effort will be unavailing or if the goods have been shipped under reservation and satisfaction of the security interest in them has been made or tendered. In the case of goods bought for personal, family, or household purposes, the buyer's right of replevin vests upon acquisition of a special property, even if the seller had not then repudiated or failed to deliver."

Section 13. G.S. 25-2A-103(3) reads as rewritten:

"(3) The following definitions in other Articles apply to this Article:

'Between merchants'. G.S. 25-2-104(3).

Section 14. G.S. 25-2A-303 reads as rewritten:

"§ 25-2A-303. Alienability of party's interest under lease contract or of lessor's residual interest in goods; delegation of performance; transfer of rights.

(1) As used in this section, "creation of a security interest" includes the sale of a lease contract that is subject to Article 9 of this Chapter, Secured Transactions, by reason of G.S. 25-9-102(1)(b)."
(2) Except as provided in subsections (3) and (4) of this section, a provision in a lease agreement which (i) prohibits the voluntary or involuntary transfer, including a transfer by sale, sublease, creation, or enforcement of a security interest, or attachment, levy, or other judicial process, of an interest of a party under the lease contract or of the lessor’s residual interest in the goods; or (ii) makes such a transfer an event of default, gives rise to the rights and remedies provided in subsection (5) of this section, but a transfer that is prohibited or is an event of default under the lease agreement is otherwise effective.

(3) A provision in a lease agreement which (i) prohibits the creation or enforcement of a security interest in an interest of a party under the lease contract or in the lessor’s residual interest in the goods, or (ii) makes such a transfer an event of default, is not enforceable unless, and then only to the extent that, there is an actual transfer by the lessee of the lessee’s right of possession or use of the goods in violation of the provision or an actual delegation of a material performance of either party to the lease contract in violation of the provision. Neither the granting nor the enforcement of a security interest in (i) the lessor’s interest under the lease contract or (ii) the lessor’s residual interest in the goods is a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the lessee within the purview of subsection (5) of this section unless, and then only to the extent that, there is an actual delegation of a material performance of the lessor.

(4) A provision in a lease agreement which (i) prohibits a transfer of a right to damages for default with respect to the whole lease contract or of a right to payment arising out of the transferor’s due performance of the transferor’s entire obligation, or (ii) makes such a transfer an event of default, is not enforceable, and such a transfer is not a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract within the purview of subsection (5) of this section.

(5) Subject to subsections (3) and (4) of this section:

(a) if a transfer is made which is made an event of default under a lease agreement, the party to the lease contract not making the transfer, unless that party waives the default or otherwise agrees, has the rights and remedies described in G.S. 25-2A-501(2);

(b) if paragraph (a) is not applicable and if a transfer is made that (i) is prohibited under a lease agreement or (ii) materially impairs the prospect of obtaining return
performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract, unless the party not making the transfer agrees at any time to the transfer in the lease contract or otherwise, then, except as limited by contract, (i) the transferor is liable to the party not making the transfer for damages caused by the transfer to the extent that the damages could not reasonably be prevented by the party not making the transfer and (ii) a court having jurisdiction may grant other appropriate relief, including cancellation of the lease contract or an injunction against the transfer.

(6) A transfer of "the lease" or of "all my rights under the lease", or a transfer in similar general terms, is a transfer of rights and, unless the language or the circumstances, as in a transfer for security, indicate the contrary, the transfer is a delegation of duties by the transferor to the transferee. Acceptance by the transferee constitutes a promise by the transferee to perform those duties. The promise is enforceable by either the transferor or the other party to the lease contract.

(7) Unless otherwise agreed by the lessor and the lessee, a delegation of performance does not relieve the transferor as against the other party of any duty to perform or of any liability for default.

(8) In a consumer lease, to prohibit the transfer of an interest of a party under the lease contract or to make a transfer an event of default, the language must be specific, by a writing, and conspicuous.

(1) As used in this section, 'creation of a security interest' includes the sale of a lease contract that is subject to Article 9 of this Chapter, Secured Transactions, by reason of G.S. 25-9-109(a)(3).

(2) Except as provided in subsection (3) of this section and G.S. 25-9-407, a provision in a lease agreement which (i) prohibits the voluntary or involuntary transfer, including a transfer by sale, sublease, creation, or enforcement of a security interest, or attachment, levy, or other judicial process, of an interest of a party under the lease contract or of the lessor's residual interest in the goods; or (ii) makes such a transfer an event of default, gives rise to the rights and remedies provided in subsection (4) of this section, but a transfer that is prohibited or is an event of default under the lease agreement is otherwise effective.

(3) A provision in a lease agreement which (i) prohibits a transfer of a right to damages for default with respect to the whole lease contract or of a right to payment arising out of the transferor's due performance of the transferor's entire obligation, or (ii) makes such a transfer an event of default,
is not enforceable, and such a transfer is not a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract within the purview of subsection (4) of this section.

(4) Subject to subsection (3) of this section and G.S. 25-9-407:

(a) If a transfer is made which is made an event of default under a lease agreement, the party to the lease contract not making the transfer, unless that party waives the default or otherwise agrees, has the rights and remedies described in G.S. 25-2A-501(2);

(b) If paragraph (a) is not applicable and if a transfer is made that (i) is prohibited under a lease agreement or (ii) materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract, unless the party not making the transfer agrees at any time to the transfer in the lease contract or otherwise, then, except as limited by contract, (i) the transferor is liable to the party not making the transfer for damages caused by the transfer to the extent that the damages could not reasonably be prevented by the party not making the transfer and (ii) a court having jurisdiction may grant other appropriate relief, including cancellation of the lease contract or an injunction against the transfer.

(5) A transfer of 'the lease' or of 'all my rights under the lease', or a transfer in similar general terms, is a transfer of rights and, unless the language or the circumstances, as in a transfer for security, indicate the contrary, the transfer is a delegation of duties by the transferor to the transferee. Acceptance by the transferee constitutes a promise by the transferee to perform those duties. The promise is enforceable by either the transferor or the other party to the lease contract.

(6) Unless otherwise agreed by the lessor and the lessee, a delegation of performance does not relieve the transferor as against the other party of any duty to perform or of any liability for default.

(7) In a consumer lease, to prohibit the transfer of an interest of a party under the lease contract or to make a transfer an event of default, the language must be specific, by a writing, and conspicuous.

Section 15. G.S. 25-2A-307 reads as rewritten:

"§ 25-2A-307. Priority of liens arising by attachment or levy on, security interests in, and other claims to goods.

(1) Except as otherwise provided in G.S. 25-2A-306, a creditor of a lessee takes subject to the lease contract.
(2) Except as otherwise provided in subsections (3) and (4) of this section and in G.S. 25-2A-306 and G.S. 25-2A-308, a creditor of a lessor takes subject to the lease contract unless:
   (a) the creditor holds a lien that attached to the goods before the lease contract became enforceable;
   (b) the creditor holds a security interest in the goods and the lessee did not give value and receive delivery of the goods without knowledge of the security interest; or
   (c) the creditor holds a security interest in the goods which was perfected (G.S. 25-9-303) before the lease contract became enforceable.

(3) A lessee in the ordinary course of business takes the leasehold interest free of a security interest in the goods created by the lessor even though the security interest is perfected (G.S. 25-9-303) and the lessee knows of its existence.

(4) A lessee other than a lessee in the ordinary course of business takes the leasehold interest free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the lease or more than 45 days after the lease contract becomes enforceable, whichever first occurs, unless the future advances are made pursuant to a commitment entered into without knowledge of the lease and before the expiration of the 45-day period.

(1) Except as otherwise provided in G.S. 25-2A-306, a creditor of a lessee takes subject to the lease contract.

(2) Except as otherwise provided in subsection (3) of this section and in G.S. 25-2A-306 and G.S. 25-2A-308, a creditor of a lessor takes subject to the lease contract unless the creditor holds a lien that attached to the goods before the lease contract became enforceable.

(3) Except as otherwise provided in G.S. 25-9-317, 25-9-321, and 25-9-323, a lessee takes a leasehold interest subject to a security interest held by a creditor of the lessor."

Section 16. G.S. 25-2A-309(1)(b) reads as rewritten:
"(b) a ‘fixture filing’ is the filing, in the office where a record of a mortgage on the real estate would be filed or recorded, of a financing statement covering goods that are or are to become fixtures and conforming to the requirements of G.S. 25-9-402(5); G.S. 25-9-502(a) and (b),"

Section 17. G.S. 25-4-208(c) reads as rewritten:
"(c) Receipt by a collecting bank of a final settlement for an item is a realization on its security interest in the item, accompanying documents, and proceeds. So long as the bank does not receive final settlement for the item or give up possession of the item or accompanying documents for purposes other than collection, the security interest continues to that extent and is subject to Article 9, but:
(1) No security agreement is necessary to make the security interest enforceable (G.S. 25-9-203(1)(a); (G.S. 25-9-203(b)(3)a.);

(2) No filing is required to perfect the security interest; and

(3) The security interest has priority over conflicting perfected security interests in the item, accompanying documents or proceeds."

Section 18. Article 5 of Chapter 25 of the General Statutes is amended by adding a new section to read:

"§ 25-5-118. Security interest of issuer or nominated person.
(a) An issuer or nominated person has a security interest in a document presented under a letter of credit to the extent that the issuer or nominated person honors or gives value for the presentation.
(b) So long as and to the extent that an issuer or nominated person has not been reimbursed or has not otherwise recovered the value given with respect to a security interest in a document under subsection (a) of this section, the security interest continues and is subject to Article 9 of this Chapter, but:

(1) A security agreement is not necessary to make the security interest enforceable under G.S. 25-9-203(b)(3);

(2) If the document is presented in a medium other than a written or other tangible medium, the security interest is perfected; and

(3) If the document is presented in a written or other tangible medium and is not a certified security, chattel paper, a document of title, an instrument, or a letter of credit, the security interest is perfected and has priority over a conflicting security interest in the document so long as the debtor does not have possession of the document."

Section 19. G.S. 25-6-102 reads as rewritten:

"§ 25-6-102. 'Bulk transfers'; transfers of equipment; enterprises subject to this article; bulk transfers subject to this article.

(1) A 'bulk transfer' is any transfer in bulk and not in the ordinary course of the transferor's business of a major part of the materials, supplies, merchandise or other inventory (G.S. 25-9-109) (G.S. 25-9-102) of an enterprise subject to this article.

(2) A transfer of a substantial part of the equipment (G.S. 25-9-109) (G.S. 25-9-102) of such an enterprise is a bulk transfer if it is made in connection with a bulk transfer of inventory, but not otherwise.

(3) The enterprises subject to this article are all those whose principal business is the sale of merchandise from stock, including those who manufacture what they sell.

(4) Except as limited by the following section (G.S. 25-6-103) G.S. 25-6-103 all bulk transfers of goods located within this State are subject to this article."

Section 20. G.S. 25-7-503(1) reads as rewritten:
"(1) A document of title confers no right in goods against a person who before issuance of the document had a legal interest or a perfected security interest in them and who neither
(a) delivered or entrusted them or any document of title covering them to the bailor or his nominee with actual or apparent authority to ship, store or sell or with power to obtain delivery under this article (G.S. 25-7-403) or with power of disposition under this chapter (G.S. 25-2-403 and 25-9-307). G.S. 25-9-320) or other statute or rule of law; nor
(b) acquiesced in the procurement by the bailor or his nominee of any document of title."

Section 21. G.S. 25-8-103(f) reads as rewritten:
"(f) A commodity contract, as defined in G.S. 25-9-115, G.S. 25-9-102(a)(15), is not a security or financial asset."

Section 22. G.S. 25-8-106 reads as rewritten:
"§ 25-8-106. Control.
(a) A purchaser has 'control' of a certificated security in bearer form if the certificated security is delivered to the purchaser.
(b) A purchaser has 'control' of a certificated security in registered form if the certificated security is delivered to the purchaser, and:
(1) The certificate is endorsed to the purchaser or in blank by an effective endorsement; or
(2) The certificate is registered in the name of the purchaser, upon original issue or registration of transfer by the issuer.
(c) A purchaser has 'control' of an uncertificated security if:
(1) The uncertificated security is delivered to the purchaser; or
(2) The issuer has agreed that it will comply with instructions originated by the purchaser without further consent by the registered owner.
(d) A purchaser has 'control' of a security entitlement if:
(1) The purchaser becomes the entitlement holder; or
(2) The securities intermediary has agreed that it will comply with entitlement orders originated by the purchaser without further consent by the entitlement holder; or
(3) Another person has control of the security entitlement on behalf of the purchaser or, having previously acquired control of the security entitlement, acknowledges that it has control on behalf of the purchaser.
(e) If an interest in a security entitlement is granted by the entitlement holder to the entitlement holder's own securities intermediary, the securities intermediary has control.
(f) A purchaser who has satisfied the requirements of subdivision (e) (2) or (d) (2) subsection (c) or (d) of this section has control, even if the registered owner in the case of subdivision (c) (2) subsection (c) of this section or the entitlement holder in the case of subdivision (d) (2) subsection (d) of this section retains the right to make substitutions for the uncertificated security or security
entitlement, to originate instructions or entitlement orders to the issuer or securities intermediary, or otherwise to deal with the uncertificated security or security entitlement.

(g) An issuer or a securities intermediary may not enter into an agreement of the kind described in subdivision (c) (2) or (d) (2) of this section without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party unless requested to do so by the registered owner or entitlement holder."

Section 23. G.S. 25-8-110(e) reads as rewritten:

"(e) The following rules determine a 'securities intermediary's jurisdiction' for purposes of this section:

(1) If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(2) If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in subdivision (1) of this subsection, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(3) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in subdivision (1) or (2) of this subsection, the securities intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the entitlement holder's account.

(4) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in subdivision (1) or (2) of this subsection and an account statement does not identify an office serving the entitlement holder's account as provided in subdivision (3) of this subsection, the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

(e) The following rules determine a 'securities intermediary's jurisdiction' for purposes of this section:

(1) If an agreement between the securities intermediary and its entitlement holder governing the securities account expressly provides that a particular jurisdiction is the securities intermediary's jurisdiction for purposes of this Part, this Article, or this Chapter, that jurisdiction is the securities intermediary's jurisdiction.

(2) If subdivision (1) of this subsection does not apply and an agreement between the securities intermediary and its
entitlement holder governing the securities account expressly provides that the agreement is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary’s jurisdiction.

(3) If neither subdivision (1) nor subdivision (2) of this section applies and an agreement between the securities intermediary and its entitlement holder governing the securities account expressly provides that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary’s jurisdiction.

(4) If none of the preceding subdivisions applies, the securities intermediary’s jurisdiction is the jurisdiction in which the office identified in an account statement as the office serving the entitlement holder’s account is located.

(5) If none of the preceding subdivisions applies, the securities intermediary’s jurisdiction is the jurisdiction in which the chief executive office of the securities intermediary is located.”

Section 24. G.S. 25-8-301(a) reads as rewritten:

"(a) Delivery of a certificated security to a purchaser occurs when:

(1) The purchaser acquires possession of the security certificate;

(2) Another person, other than a securities intermediary, either acquires possession of the security certificate on behalf of the purchaser or, having previously acquired possession of the certificate, acknowledges that it holds for the purchaser; or

(a) Refund Request. -- A taxpayer who pays more tax than is due under this Article may request a refund of the overpayment by filing a written request for a refund with the board of county commissioners of the county where the tax was paid. The request must be filed within six months after the date the tax was paid and must explain why the taxpayer believes a refund is due.

(b) Hearing by County. -- A board of county commissioners must review a request for refund and must follow the time limitations set in G.S. 105-266.1 for holding a hearing and making a decision. If the board decides that a refund is due, it must refund the county's portion of the overpayment, together with any applicable interest, to the taxpayer. If the board finds that no refund is due, the written decision of the board must inform the taxpayer that the taxpayer may ask the Secretary to review the decision. The board must send the Secretary a copy of a decision on a request for refund."
(c) Review by Secretary. -- A taxpayer whose request for a refund is
denied by a board of county commissioners may obtain a review of the
board’s decision by the Secretary. The request must be made in
writing and must be filed within 30 days after the taxpayer receives the
board’s decision denying the refund. The Secretary must send the
board of county commissioners a copy of the Secretary’s decision

recover the disputed overpayment. The action may be brought in the
Superior Court of Wake County or in the superior court of the county
where the tax was paid.

(e) Recording Correct Deed. -- Before a tax is refunded, the
taxpayer must record a new instrument reflecting the correct amount
of tax due. If no tax is due because an instrument was recorded in
the wrong county, then the taxpayer must record a document stating
that no tax was owed because the instrument being corrected was
recorded in the wrong county. The taxpayer must include in the
document the names of the grantors and grantees and the deed book
and page number of the instrument being corrected.

When a taxpayer records a corrected instrument, the taxpayer must

of tax due. The correcting instrument must include the deed book and
page number of the instrument being corrected. The register of deeds
must notify the county finance officer and the Secretary when the
correcting instrument has been recorded.

(f) Interest. -- An overpayment of tax bears interest at the rate
established in G.S. 105-241.1(j) from the date that interest begins to
accrue. Interest begins to accrue on an overpayment 30 days after the
request for a refund is filed by the taxpayer with the board of county
commissioners."

Unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, if the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the Board
may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Board may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Board may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Except as herein otherwise provided, bonds may be issued under this Article and other powers vested in the Board under this Article may be exercised by the Board without obtaining the consent of any department, division, commission, board, bureau, or agency of the State and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things which are specifically required by this Article.

The Board may enter into or negotiate a note with an acceptable bank or trust company in lieu of issuing bonds for the financing of projects covered under this section. The terms and conditions of any note of this nature shall be in accordance with the terms and conditions surrounding issuance of bonds.

The Board is hereby authorized to issue, subject to the approval of the Director of the Budget, at one time or from time to time, revenue bond anticipation notes of the Board in anticipation of the issuance of bonds authorized pursuant to the provisions of this Article. The principal of and the interest on such notes shall be payable solely from the proceeds of bonds or renewal notes, or, in the event bond or renewal note proceeds are not available, any available revenues of the project or projects for which such bonds shall have been authorized. The notes of each issue shall be dated, shall mature at such time or times not exceeding two years from their date or dates, shall bear interest at such rate or rates as may be determined by the Board, and may be redeemable before maturity, at the option of the Board, at such price or prices and under such terms and conditions as may be fixed by the Board prior to the issuance of the notes. The Board shall determine the form and the manner of execution of the notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the notes and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any notes or coupons shall cease to be such officer before the delivery of such notes, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Article or any recitals in any notes issued under the provisions of this Article, all such notes shall be deemed to be negotiable instruments under the laws of this State, subject only to the provisions for registration in any resolution authorizing the issuance of such notes or
any trust agreement securing the bonds in anticipation of which such notes are being issued. The notes may be issued in coupon or registered form or both or as book entry notes, as the Board may determine, and provision may be made for the registration of any coupon notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon notes of any notes registered as to both principal and interest. The Board may sell such notes in such manner, at public or private sale, and for such price, as it may determine to be for the best interests of the Board.

The proceeds of the notes of each issue shall be used solely for the purpose for which the bonds in anticipation of which such notes are being issued shall have been authorized, and such note proceeds shall be disbursed in such manner and under such restrictions, if any, as the Board may provide in the resolution authorizing the issuance of such notes or bonds or in the trust agreement securing such bonds.

The resolution providing for the issuance of notes, and any trust agreement securing the bonds in anticipation of which such notes are being authorized, may also contain such limitations upon the issuance of additional notes as the Board may deem proper, and such additional notes shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement. The Board may also provide for the replacement of any notes which shall become mutilated or be destroyed or lost.

Except as herein otherwise provided, notes may be issued under this Article and other powers vested in the Board under this Article may be exercised by the Board without obtaining the consent of any department, division, commission, board, bureau, or agency of the State and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things which are specifically required by this Article.

Unless the context shall otherwise indicate, the word 'bonds' wherever used in this Article, shall be deemed and construed to include the words 'bond anticipation notes.'"

So long as bonds issued hereunder and payable therefrom are
outstanding, such fees, rents, and charges shall be so fixed and adjusted, with relation to other revenues available therefor, as to provide funds pursuant to the requirements of the resolution or trust agreement authorizing or securing such bonds at least sufficient with such other revenues, if any, (i) to pay the cost of maintaining, repairing, and operating any project or projects and any existing facilities any part of the revenues of which are pledged to the payment of the bonds issued for such project or projects, (ii) to pay the principal of and the interest on such bonds as the same shall become due and payable, and (iii) to create and maintain reserves for such purposes. Such fees, rents, and charges shall not be subject to supervision or regulation by any other commission, board, bureau, or agency of the State. A sufficient amount of the revenues, except such part thereof as may be necessary to pay such cost of maintenance, repair, and operation and to provide such reserves therefor and for renewals, replacements, extensions, enlargements, and improvements as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to and charged with the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the fees, rents, and charges and other revenues or other moneys so pledged and thereafter received by the Board shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Board, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Board. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of the trust agreement securing the same."

"ARTICLE 1A.  
"Elective Share."

"§ 30-3.1. Right of elective share.  
(a) Elective Share. -- The surviving spouse of a decedent who dies domiciled in this State has a right to claim an 'elective share', which means an amount equal to (i) the applicable share of the Total Net Assets, as defined in G.S. 30-3.2(c), less (ii) the value of Property Passing to Surviving Spouse, as defined in G.S. 30-3.3(a). The applicable share of the Total Net Assets is as follows:

(1) If the decedent is not survived by any lineal descendants, one-half of the Total Net Assets.

(2) If the decedent is survived by one child, or lineal descendants of one deceased child, one-half of the Total Net Assets.

(3) If the decedent is survived by two or more children, or by one or more children and the lineal descendants of one or more deceased children, or by the lineal descendants of two or more deceased children, one-third of the Total Net Assets.

(b) Reduction of Applicable Share. -- In those cases in which the surviving spouse is a second or successive spouse, and the decedent has one or more lineal descendants surviving by a prior marriage but there are no lineal descendants surviving by the surviving spouse, the applicable share as determined in subsection (a) of this section shall be reduced by one-half.
(c) Death Taxes. -- Death taxes shall be taken into account as a claim against the estate in determining Total Net Assets only to the extent that such taxes are increased because the assets received by the surviving spouse do not qualify for the federal estate tax marital deduction pursuant to section 2056 of the Code or similar provisions under the laws of any other applicable taxing jurisdiction.

"§ 30-3.2. Definitions.

(a) 'Code' means the Internal Revenue Code in effect at the time of the decedent's death.
(b) 'Death taxes' means any estate, inheritance, succession, and similar taxes imposed by any taxing authority, reduced by any applicable credits against those taxes.
(c) 'Nonadverse trustee' means a trustee who would be deemed nonadverse under section 672 of the Code.
(d) 'Total Net Assets' means, after the payment or provision for payment of the decedent's funeral expenses, year's allowances to persons other than to the surviving spouse, debts, claims, and administration expenses, the sum of the following:

1. All property to which the decedent had legal and equitable title immediately prior to death;
2. All property received by the decedent's personal representative by reason of the decedent's death, other than wrongful death proceeds;
3. One-half of the value of any property held by the decedent and the surviving spouse as tenants by the entirety, or as joint tenants with rights of survivorship;
4. The entire value of any interest in property held by the decedent and another person, other than the surviving spouse, as joint tenants with right of survivorship, except to the extent that contribution can be proven by clear and convincing evidence;
5. The value of any property which would be included in the taxable estate of the decedent pursuant to sections 2033, 2035, 2036, 2037, 2038, 2039, 2040, or 2042 of the Code;

   a. Any gifts within the annual exclusion provisions of section 2503 of the Code;

   c. Any gifts made prior to marriage;
7. Any proceeds of any individual retirement account, pension or profit-sharing plan, or any private or governmental retirement plan or annuity of which the decedent controlled the designation of beneficiary, excluding any benefits under the federal social security system;
(8) Any other Property Passing to Surviving Spouse under G.S. 30-3.3; and

(9) In case of overlapping application of the same property under more than one provision, the property shall be included only once under the provision yielding the greatest value.

"§ 30-3.3. Property Passing to Surviving Spouse.

(a) Property Passing to Surviving Spouse. -- For purposes of this Article, 'Property Passing to Surviving Spouse' means the sum of the following:

(1) One-half of the value of any interest in property held by the decedent and the surviving spouse as tenants by the entirety or as joint tenants with rights of survivorship;

(2) The value of any interest in property (outright or in trust, including any interest subject to a general power of appointment held by the surviving spouse, as defined in section 2041 of the Code) devised by the decedent to the surviving spouse, or which passes to the surviving spouse by intestacy, or by beneficiary designation, or by exercise of or in default of the exercise of the decedent's testamentary general or limited power of appointment, or by operation of law or otherwise by reason of the decedent's death, excluding any benefits under the federal social security system;

(3) Any year's allowance awarded to the surviving spouse;

(4) The value of any property renounced by the surviving spouse;

(5) The value of the surviving spouse's interest, outright or in trust, in any life insurance proceeds on the life of the decedent;

(6) The value of any interest in property, outright or in trust, transferred from the decedent to the surviving spouse during the lifetime of decedent for which (i) a gift tax return is timely filed reporting such gift, or (ii) the surviving spouse signs a statement acknowledging such a gift. For purposes of this subdivision, any gift to the surviving spouse by the decedent of the decedent's interest in any property held by the decedent and the surviving spouse as tenants by the entirety or as joint tenants with right of survivorship shall be valued at one-half of the entire value of that interest in property at the time the gift is made; and

(7) The entire value of any property held in trust for the exclusive benefit of the surviving spouse during the surviving spouse's lifetime, where the trust requires a Nonadverse Trustee to utilize the principal and income of the trust for the support and maintenance of the surviving spouse.

(b) Death Taxes. -- The value of Property Passing to Surviving Spouse shall be reduced by any death taxes that are a charge against
or apportioned against the surviving spouse on property interests included in Property Passing to Surviving Spouse.

(c) No Duplication. -- In case of overlapping application of the same property under more than one provision, the property shall be included only once, under the provision yielding the greatest value.

§ 30-3.4. Procedure for determining the elective share.

(a) Exercisable Only During Lifetime. -- The right of the surviving spouse to file a claim for an elective share must be exercised during the lifetime of the surviving spouse, by the surviving spouse, the surviving spouse's agent under a power of attorney, or the guardian of the surviving spouse's estate. If a surviving spouse dies before the claim for an elective share has been settled, the surviving spouse's personal representative shall succeed to the surviving spouse's rights to an elective share.

(b) Time Limitations. -- A claim for an elective share must be made within six months after the issuance of letters testamentary or letters of administration by (i) filing a petition with the clerk of superior court of the county in which the primary administration of the decedent's estate lies, and (ii) mailing or delivering a copy of that petition to the personal representative of the decedent's estate. A surviving spouse's incapacity shall not toll the six-month period of limitations.

(c) Time for Hearing. -- Unless waived by the personal representative and the surviving spouse, the clerk shall set the matter for hearing no earlier than two months and no later than six months after the filing of the petition. However, the clerk may extend the time of hearing as the clerk sees fit. The surviving spouse shall give notice of the hearing to the personal representative, and to any person described in G.S. 30-3.5 who may be required to contribute toward the satisfaction of the elective share.

(d) Preparation of Tax Form. -- In every case in which a petition to determine an elective share has been filed, and within two months of the filing of the petition, the personal representative shall prepare and submit to the clerk a proposed Form 706, federal estate tax return, for the estate, regardless of whether that form is required to be filed with the Internal Revenue Service. The clerk may extend the time for submission of the proposed Form 706 as the clerk sees fit.

(e) Valuation. -- The valuation of interests in property for purposes of G.S. 30-3.2 and G.S. 30-3.3 shall be determined as follows:

(1) Basic principles. -- Each interest shall be valued at its fair market value, reduced by all liens, claims, or encumbrances against the interest. For interests passing at the decedent's death, valuation shall be as of the date of death, and for interests transferred during the decedent's lifetime, valuation shall be as of the date of transfer.

(2) Valuation of partial and contingent interests in property. -- The valuation of interests in property, outright or in trust, which are limited to commence or terminate upon the death of one or more persons, upon the expiration of a period of
time, or upon the occurrence of one or more contingencies, shall be determined by computations based upon the mortuary and annuity tables set forth in G.S. 8-46 and G.S. 8-47, and upon the basis of six percent (6%) of the gross value of the underlying property in which those interests are limited. However, in valuing interests passing to the surviving spouse, the following special rules apply:

a. To the extent that the interest is dependent upon the exercise of discretion by a fiduciary, the interest shall have no value unless the spouse is serving as that fiduciary and the power to distribute the trust property constitutes a general power of appointment held by the spouse, as defined in section 2041 of the Code or the fiduciary is a Nonadverse Trustee required to utilize the income and principal for the exclusive benefit of the surviving spouse during the surviving spouse's lifetime;

b. To the extent that the interest is dependent upon the occurrence of any contingency that is not subject to the control of the surviving spouse and that is not subject to valuation by reference to the mortuary and annuity tables set forth in G.S. 8-46 and G.S. 8-47, the contingency will be conclusively presumed to result in the lowest possible value passing to the surviving spouse. However, a life estate or income interest that will terminate only upon the earlier of the surviving spouse's death or remarriage will be valued without regard to the possibility of termination upon remarriage; and

c. To the extent that the valuation of an interest is dependent upon the life expectancy of the surviving spouse, that life expectancy shall be conclusively presumed to be no less than 10 years, regardless of the actual attained age of the surviving spouse at the decedent's death.

(3) Determination of fair market value. -- The fair market value of each asset comprising Total Net Assets shall be determined as follows:

a. Probate assets and assets passing to spouse. -- The value of each probate asset and Property Passing to Surviving Spouse, other than assets held in trust, shall be established by the good faith agreement of the surviving spouse and the personal representative, unless either (i) the surviving spouse is the personal representative, or (ii) the clerk determines that the personal representative may not be able to represent the estate adversely to the surviving spouse.

b. Trust assets. -- The value of each trust asset shall be established by good faith agreement of the surviving spouse and the trustee, unless either (i) the surviving spouse is the trustee, or (ii) the clerk determines that the
trustee may not be able to represent the trust adversely to
the surviving spouse.

c. Other assets. -- The value of any other asset shall be
established by the good faith agreement of the surviving
spouse and each person described in G.S. 30-3.5 who
may be required to contribute toward the satisfaction of
the elective share because of that person's interest in the
asset, unless the clerk determines that valuation under
sub-subdivision d. of this subdivision is more
appropriate.

d. Use of disinterested persons. -- If the value of any asset
is not established by agreement, the clerk shall appoint
one or more qualified and disinterested persons to
determine a value of each asset. That determination of
the value of an asset shall be final for the exclusive
purposes of this Article.

(f) Findings and Conclusions. -- After notice and hearing, the
clerk shall determine whether or not the surviving spouse is entitled to
an elective share, and if so, the clerk shall then determine the elective
share and shall order the personal representative to transfer that
amount to the surviving spouse. The clerk's order shall recite specific
findings of fact and conclusions of law in arriving at the decedent's
Total Net Assets, Property Passing to Surviving Spouse, and the
elective share.

(g) Appeals. -- Any party in interest may appeal from the decision
of the clerk to the superior court. If an appeal is taken from the
decision of the clerk, that appeal shall have the effect of staying the
judgment and order of the clerk until the cause is heard and
determined by the superior court upon the appeal taken. Upon an
appeal taken from the clerk to the superior court, the judge may
review the findings of fact by the clerk and may find the facts or take
other evidence, but the facts found by the judge shall be final and
conclusive upon any appeal to the Appellate Division.

§ 30-3.5. Recovery of assets by personal representative.

(a) Recovery of Assets. -- The personal representative is entitled to
recover proportionately from all persons, other than the surviving
spouse, receiving or in possession of any of the decedent's Total Net
Assets a sufficient amount to enable the personal representative to pay
the elective share. The apportionment shall be made in the proportion
that the value of the interest of each person receiving or in possession
of any of Total Net Assets bears to Total Net Assets, excluding any
Property Passing to Surviving Spouse. The only persons subject to
contribution to make up the elective share are (i) original recipients of
property comprising the decedent's Total Net Assets, and subsequent
gratuitous inter vivos donees or persons claiming by testate or intestate
succession to the extent those persons have the property or its
proceeds on or after the date of decedent's death, and (ii) a fiduciary,
as to the property under the fiduciary's control at or after the time a
fiduciary receives notice that a surviving spouse has claimed an
elective share. A fiduciary shall not be considered to have notice until it receives notice at its address as shown in the decedent’s estate papers in the clerk’s office or, if there are no such papers or no such address is shown in those papers, at the fiduciary’s residence or the office of its registered agent.

The personal representative may withhold from any property of the decedent in his possession, distributable to any person subject to apportionment, the amount of the elective share apportioned to such person. If the property in possession of the personal representative and distributable to any person subject to apportionment is insufficient to satisfy the proportionate amount of the elective share determined to be due from that person, the personal representative may recover the deficiency from that person. If the property is not in possession of the personal representative, the personal representative may recover from the person the amount of the elective share apportioned to that person in accordance with this Article. If the personal representative cannot reasonably collect from any person subject to apportionment the amount of the elective share apportioned to that person, the amount not reasonably recoverable shall, with the approval of the clerk, be apportioned among the other persons who are subject to apportionment. The apportionment shall be made in the proportion that the value of the interest of each remaining person bears to the total value of the interests of all remaining persons.

(b) Standstill Order. -- After the filing of the petition demanding an elective share, either the personal representative or surviving spouse may request the clerk to issue an order that any recipients not dispose of any of the decedent’s Total Net Assets pending the hearing. The decision to issue such an order shall be in the discretion of the clerk.

(c) Satisfaction of Liability. -- A person receiving or in possession of any of the decedent’s Total Net Assets may pay his proportionate elective share liability with respect to that property by any of the following methods:

(1) Conveyance of the property included in the decedent’s Total Net Assets;
(2) Payment of the value of his liability in cash or, upon agreement of the surviving spouse, other property; or
(3) Partial conveyance and partial payment under subdivisions (1) and (2) of this subsection, provided the value conveyed and paid is equal to his liability.

(d) Expenses. -- The expenses reasonably incurred by the personal representative in connection with the appraisal or recovery of assets shall be apportioned as provided for the elective share under this Article. If the personal representative finds that it is inequitable to apportion the expenses because those expenses were incurred because of the fault of one or more persons subject to apportionment, the personal representative may direct other more equitable apportionment, with the approval of the clerk.

(e) Bond. -- If property held by the personal representative is distributed prior to final apportionment of the elective share, the
personal representative may require the distributee to provide a bond or other security for the apportionment liability in the form and amount prescribed by the personal representative, with the approval of the clerk.

"§ 30-3.6. Waiver of rights.

(a) The right of a surviving spouse to claim an elective share may be waived, wholly or partially, before or after marriage, with or without consideration, by a written waiver signed by the surviving spouse.

(b) A waiver is not enforceable if the surviving spouse proves that:

(1) The waiver was not executed voluntarily; or

(2) The surviving spouse was not provided a fair and reasonable disclosure of the property and financial obligations of the decedent, unless the surviving spouse waived, in writing, the right to that disclosure.

Section 3. G.S. 29-30 reads as rewritten:

S.B. 1472 SESSION LAW 2000-179

AN ACT TO PROVIDE REVENUE BOND FINANCING OF CERTAIN PRIVATE PROJECTS THAT PERFORM A PUBLIC
PURPOSE AND TO REORGANIZE THE INDUSTRIAL FACILITIES AND POLLUTION CONTROL FINANCING AUTHORITY.

The General Assembly of North Carolina enacts:

Section 1. Chapter 115E of the General Statutes is recodified as Article 2 of Chapter 159D of the General Statutes.

Section 2. Chapter 159D of the General Statutes, as amended by this act, reads as rewritten:

"Chapter 159D.

"ARTICLE 1.

"Industrial and Pollution Control Facilities Financing.

"§ 159D-1. Short title.

This chapter may be referred to as "The North Carolina Industrial and Pollution Control Facilities Pool Program Financing Act."

"§ 159D-2. Legislative findings and purposes.

(a) The General Assembly finds and determines that there exists in the State a critical condition of unemployment and a scarcity of employment opportunities; that the economic insecurity which results from such unemployment and scarcity of employment opportunities constitutes a serious menace to the safety, morals and general welfare of the entire State; that such unemployment and scarcity of employment opportunities have caused many workers and their families, including young adults upon whom future economic prosperity is dependent, to migrate elsewhere to find employment and establish homes; that such emigration has resulted in a reduced rate of growth in the tax base of the counties and other local governmental units of the State which impairs the financial ability of such counties and other local governmental units to support education and other local governmental services; that such unemployment results in obligations to grant public assistance and to pay unemployment compensation; that the aforesaid conditions can best be remedied by the attraction, stimulation, expansion and rehabilitation and revitalization of industrial and manufacturing facilities for industry in the State; and that there is a need to stimulate a larger flow of private investment funds into industrial building programs in the State.

(b) The General Assembly further finds and determines that the development and expansion of industry within the State, which are essential to the economic growth of the State, and to the full employment and prosperity of its people, are accompanied by the increased production and discharge of gaseous, liquid, and solid pollution and wastes which threaten and endanger the health, welfare and safety of the inhabitants of the State by polluting the air, land and waters of the State; that in order to reduce, control, and prevent such environmental pollution, it is imperative that action be taken at various
levels of government to require the provision of devices, equipment and facilities for the collection, reduction, treatment, and disposal of such pollution and wastes; that the assistance provided in this Chapter, Article, especially and facilities levels interest and employment pollution health, it private and programs States manufacturing facilities North Carolina federal tax uniform advantageous financings into right the more favorable State, and thereby authorising counties formed be subdivi s average s facilities wage manufacturing facilities pollution — control program pool manufacturing and or direct the s in different meaning shall 159D-3. § 159D.4. Creation of the authority.
(a) The governing bodies of two or more counties are hereby authorized to create by resolution a political subdivision and body corporate and politic of the State known as "The North Carolina Industrial Facilities and Pollution Control Financing Authority," in order to effectuate in the most economical manner the acquisition, construction and financing of projects through pool programs.

If each governing body shall determine that it is in the best interest of the county to cause to be created and to become a member of the authority, each governing body shall adopt a resolution so finding and setting forth the names of the counties which are proposed to be initial members of the authority. The governing body of the county shall thereupon by ordinance or resolution appoint one commissioner of the authority.

Any two or more commissioners so named may file with the Secretary of State an application signed by them setting forth (i) the names of all the proposed member counties; (ii) the name and official residence of each of the commissioners so far as known to them; (iii) a certified copy of the appointment evidencing their right to office; (iv) a statement that each governing body of each respective county appointing a commissioner has made the aforesaid determination; and (v) the desire that an authority be organized as a political subdivision and a body corporate and politic under this Chapter.

The application shall be subscribed and sworn to by such commissioners before an officer or officers authorized by the laws of the State to administer and certify oaths.

The Secretary of State shall examine the application and, if he finds that the name proposed for the authority is not identical with that of any other corporation of this State or of any agency or instrumentality thereof, or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded as herein provided, the authority shall constitute a political subdivision and a body corporate and politic under the name proposed in the application. The Secretary of State shall make and issue to the commissioners executing the application a certificate of incorporation pursuant to this Chapter under the seal of the State, and shall record the same with the application. The certificate shall set forth the names of the member counties.

In any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract of the authority, the authority, in the absence of establishing fraud in the premises, shall be conclusively deemed to have been established in accordance with the provisions of this Chapter upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible
in evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof.

Notice of the issuance of such certificate shall be given to all of the proposed member counties by the Secretary of State. If a commissioner of any such county has not signed the application to the Secretary of State and such county does not notify the Secretary of State of the appointment of a commissioner within 40 days after receipt of such notice, such county shall be deemed to have elected not to be a member of the authority. As soon as practicable after the expiration of such 40-day period, the Secretary of State shall issue a new certificate of incorporation, if necessary, setting forth the names of those counties which have elected to become members of the authority. The failure of any proposed member to become a member shall not affect the validity of the corporate existence of the authority.

(b) After the creation of the authority, any county may become a member thereof upon application to the authority after adoption of a resolution or ordinance by the governing body of the county setting forth the determination and finding prescribed in paragraph (a) of this G.S. 159D-4, and authorizing said county to participate. Any county may withdraw from membership in the authority, provided, however, that all contractual rights acquired and obligations incurred while a county was a member shall remain in full force and effect.

(c) The authority shall consist of a board of commissioners appointed by the respective governing bodies of the counties which are members of the authority. Each commissioner shall have one vote. Each commissioner shall serve at the pleasure of the governing body by which he was appointed. Each appointed commissioner before entering upon his duties shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of his office faithfully and impartially, and a record of such oath shall be filed with the governing body of the appointing municipality and spread upon its minutes.

(d) The board of commissioners of the authority shall annually elect from its membership a chairman and a vice-chairman and another person or persons, who may but need not be commissioners, as treasurer, secretary and, if desired, assistant secretary. The position of secretary and treasurer or assistant secretary and treasurer may be held by the same person. The secretary of the authority shall keep a record of the proceedings of the authority and shall be the custodian of all books, documents and papers filed with the authority, the minute book or journal of the authority and its official seal. Either the secretary or the assistant secretary of the authority may cause copies to be made of all minutes and other records and documents of the authority and may give certificates under the official seal of the authority to the effect that such copies are true copies, and all persons dealing with the authority may rely upon such certificates.

(e) A majority of the commissioners of the authority then in office shall constitute a quorum. Except as provided in subsection (f) of this G.S. 159D-4, the affirmative vote of a majority of all the
commissioners of the authority shall be necessary for any action of the board. A vacancy in the board of commissioners of the authority shall not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. Any action taken by the authority under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each resolution shall take effect immediately and need not be published or posted. No bonds shall be issued under the provisions of this Chapter unless the issuance thereof shall have been approved by the governing body of the county in which the project with respect to which the bonds were issued is located.

(f) If at any time there shall be more than seven counties which are members of the authority, the board of commissioners of the authority may create an executive committee of the board of commissioners. The board may provide for the composition of the executive committee so as to afford, in its judgment, fair representation of the member counties. Any power of the authority under the provisions of this Chapter may be exercised by the executive committee of the authority between meetings of the authority, except that the executive committee may not overrule, reverse or disregard any action of the board of commissioners of the authority. The membership of the executive committee, terms of office of members thereof and the method of filling vacancies therein shall be fixed by the rules or bylaws of the board of commissioners.

(g) No commissioner of an authority shall receive any compensation for the performance of his duties under this Chapter; provided, however, that each commissioner shall be reimbursed for his necessary expenses incurred while engaged in the performance of duties but only from moneys provided by obligors.

(h) Within 30 days of the date of creation of the authority, the authority shall advise the Department of Commerce and the Local Government Commission that an authority has been formed. The authority shall also furnish such Department and such Commission with (i) a list of its commissioners and its officers and (ii) a description of any projects that are under consideration by the authority. The authority shall, from time to time, notify the Department of Commerce and the Local Government Commission of changes in the commissioners and officers, of counties which have become members of the authority and of new projects under consideration by the authority.

§ 159D-4.1. Jurisdiction of the agency.

All actions taken by counties, local officials, the Secretary of State, the State Treasurer, and other interested parties to create and organize The North Carolina Industrial Facilities and Pollution Control Financing Authority are ratified and confirmed. All duties, powers, jurisdiction, and responsibilities vested by statute or by contract in the authority are transferred to and vested in the North Carolina Capital Facilities Finance Agency, subject to the provisions of this Article. Upon this transfer, the agency is responsible for all duties and
obligations of the authority entered into or incurred, by contract or otherwise, before the transfer. Particularly, the agency is responsible for all matters relating to any outstanding bonds of the authority to the same extent that the authority was responsible for them before the date of transfer. The agency for all purposes assumes the role and is the legal successor of the authority. Upon this transfer, the authority is dissolved.

H.B. 1566 SESSION LAW 2000-182

AN ACT TO PROVIDE FOR A PROCEDURE FOR CREATION OF A TEMPORARY LIEN ON A MOTOR VEHICLE WHEN A MANUFACTURER’S STATEMENT OF ORIGIN OR AN EXISTING CERTIFICATE OF TITLE ON A MOTOR VEHICLE IS UNAVAILABLE AND TO MAKE OTHER CONFORMING CHANGES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 20-52.1 reads as rewritten:

“§ 20-52.1. Manufacturer’s certificate of transfer of new motor vehicle.

(a) Any manufacturer transferring a new motor vehicle to another shall, at the time of the transfer, supply the transferee with a manufacturer’s certificate of origin assigned to the transferee.

(b) Any dealer transferring a new vehicle to another dealer shall, at the time of transfer, give such transferee the proper manufacturer’s certificate assigned to the transferee.

(c) Upon sale of a new vehicle by a dealer to a consumer-purchaser, the dealer shall execute in the presence of a person authorized to administer oaths an assignment of the manufacturer’s certificate of origin for the vehicle, including in such assignment the name and address of the transferee and no title to a new motor vehicle acquired by a dealer under the provisions of subsections (a) and (b) of this section shall pass or vest until such assignment is executed and the motor vehicle delivered to the transferee.

Any dealer transferring title to, or an interest in, a new vehicle shall deliver the manufacturer’s certificate of origin duly assigned in accordance with the foregoing provision to the transferee at the time of delivering the vehicle, except that where a security interest is obtained in the motor vehicle from the transferee in payment of the purchase price or otherwise, the transferor shall deliver the manufacturer’s certificate of origin to the lienholder and the lienholder shall forthwith forward the manufacturer’s certificate of origin together with the transferee’s application for certificate of title and necessary fees to the Division. Any person who delivers or accepts a manufacturer’s certificate of origin assigned in blank shall be guilty of a Class 2

1251
misdemeanor, unless done in accordance with subsection (d) of this section.

(d) When a manufacturer's statement of origin or an existing certificate of title on a motor vehicle is unavailable, a motor vehicle dealer licensed under Article 12 of this Chapter may also transfer title to another by certifying in writing in a sworn statement to the Division that all prior perfected liens on the vehicle have been paid and that the motor vehicle dealer, despite having used reasonable diligence, is unable to obtain the vehicle's statement of origin or certificate of title. The Division is authorized to develop a form for this purpose. The filing of a false sworn certification with the Division pursuant to this subsection shall constitute a Class H felony. The dealer shall hold harmless the consumer-purchaser from any damages arising from the use of the procedure authorized by this subsection."

Section 2. G.S. 20-58 reads as rewritten:

"§ 20-58. Perfection by indication of security interest on certificate of title.

(a) Except as provided in G.S. 20-58.8, a security interest in a vehicle of a type for which a certificate of title is required shall be perfected only as hereinafter provided.

(1) If the vehicle is not registered in this State, the application for notation of a security interest shall be the application for certificate of title provided for in G.S. 20-52.

(2) If the vehicle is registered in this State, the application for notation of a security interest shall be in the form prescribed by the Division, signed by the debtor, and contain the date of application of each security interest, and name and address of the secured party from whom information concerning the security interest may be obtained. The application must be accompanied by the existing certificate of title unless in the possession of a prior secured party. If there is an existing certificate of title issued by this or any other jurisdiction in the possession of a prior secured party, the application for notation of the security interest shall in addition contain the name and address of such prior secured party. An application for notation of a security interest may be signed by the secured party instead of the debtor when the application is accompanied by documentary evidence of the applicant's security interest in that motor vehicle signed by the debtor and by affidavit of the applicant stating the reason the debtor did not sign the application. In the event the certificate cannot be obtained for recordation of the security interest, when title remains in the name of the debtor, the Division shall cancel the certificate and issue a new certificate of title listing all the respective security interests.

(3) If the application for notation of security interest is made in order to continue the perfection of a security interest perfected in another jurisdiction, it may be signed by the
secured party instead of the debtor. Such application shall be accompanied by documentary evidence of a perfected security interest. No such application shall be valid unless an application for a certificate of title has been made in North Carolina. The security interest perfected herein shall be subject to the provisions set forth in G.S. 20-58.5.

(b) When a manufacturer's statement of origin or an existing certificate of title on a motor vehicle is unavailable, a first lienholder who holds a valid license as a motor vehicle dealer issued by the Commissioner under Article 12 of this Chapter or his designee may file a notarized copy of an instrument creating and evidencing a security interest in the motor vehicle with the Division of Motor Vehicles. A filing pursuant to this subsection shall constitute constructive notice to all persons of the security interest in the motor vehicle described in the filing. The constructive notice shall be effective from the date of the filing if the filing is made within 20 days after the date of the security agreement. The constructive notice shall date from the date of the filing with the Division if it is made more than 20 days after the date of the security agreement. The notation of a security interest created under this subsection shall automatically expire 60 days after the date of the creation of the security interest, or upon perfection of the security interest as provided in subsection (a) of this section, whichever occurs first. A security interest notation made under this subsection and then later perfected under subsection (a) of this section shall be presumed to have been perfected on the date of the earlier filing. The Division may charge a fee not to exceed ten dollars ($10.00) for each notation of security interest filed pursuant to this subsection. The fee shall be credited to the Highway Fund. A false filing with the Division pursuant to this subsection shall constitute a Class H felony."

Section 3. G.S. 20-63(h) reads as rewritten:

"(h) Commission Contracts for Issuance of Plates and Certificates. -- All registration plates, registration certificates and certificates of title issued by the Division, outside of those issued from the Raleigh offices of the said Division and those issued and handled through the United States mail, shall be issued insofar as practicable and possible through commission contracts entered into by the Division for the issuance of such plates and certificates in localities throughout North Carolina with persons, firms, corporations or governmental subdivisions of the State of North Carolina and the Division shall make a reasonable effort in every locality, except as hereinbefore noted, to enter into a commission contract for the issuance of such plates and certificates and a record of these efforts shall be maintained in the Division. In the event the Division is unsuccessful in making commission contracts as hereinbefore set out it shall then issue said plates and certificates through the regular employees of the Division. Whenever registration plates, registration certificates and certificates of title are issued by the Division through commission contract arrangements, the Division shall provide proper supervision of such distribution. Commission
contracts entered under this subsection shall provide for the payment of compensation for all transactions as set forth below. Nothing contained in this subsection will allow or permit the operation of fewer outlets in any county in this State than are now being operated.

A transaction is any of the following activities:

1. Issuance of a registration plate, a registration card, a registration renewal sticker, or a certificate of title.
2. Issuance of a handicapped placard or handicapped identification card.
3. Acceptance of an application for a personalized registration plate.
4. Acceptance of a surrendered registration plate, registration card, or registration renewal sticker, or acceptance of an affidavit stating why a person cannot surrender a registration plate, registration card, or registration renewal sticker.
5. Cancellation of a title because the vehicle has been junked.
6. Acceptance of an application for, or issuance of, a refund for a fee or a tax, other than the highway use tax.
7. Receipt of the civil penalty imposed by G.S. 20-309 for a lapse in financial responsibility or receipt of the restoration fee imposed by that statute.
8. Acceptance of a notice of failure to maintain financial responsibility for a motor vehicle.
8a. Collection of civil penalties imposed for violations of G.S. 20-183.8A.
8b. Sale of one or more inspection stickers in a single transaction to a licensed inspection station.
10. Acceptance of a temporary lien filing.

Performance at the same time of any combination of the items that are listed within each subdivision or are listed within subdivisions (1) through (8b) of this section is a single transaction for which a dollar and thirty-five cent ($1.35) compensation shall be paid. Performance of the item listed in subdivision (9) of this subsection in combination with any other items listed in this subsection is a separate transaction for which a one dollar and twenty cent ($1.20) compensation shall be paid."

Section 4. G.S. 20-72(b) reads as rewritten:

"(b) In order to assign or transfer title or interest in any motor vehicle registered under the provisions of this Article, the owner shall execute in the presence of a person authorized to administer oaths an assignment and warranty of title on the reverse of the certificate of title in form approved by the Division, including in such assignment the name and address of the transferee; and no title to any motor vehicle shall pass or vest until such assignment is executed and the motor vehicle delivered to the transferee. The provisions of this section shall not apply to any foreclosure or repossession under a chattel mortgage or conditional sales contract or any judicial sale."
When a manufacturer’s statement of origin or an existing certificate of title on a motor vehicle is unavailable, a motor vehicle dealer licensed under Article 12 of this Chapter may also transfer title to another by certifying in writing in a sworn statement to the Division that all prior perfected liens on the vehicle have been paid and that the motor vehicle dealer, despite having used reasonable diligence, is unable to obtain the vehicle’s statement of origin or certificate of title. The Division is authorized to develop a form for this purpose. The filing of a false sworn certification with the Division pursuant to this paragraph shall constitute a Class H felony.

Any person transferring title or interest in a motor vehicle shall deliver the certificate of title duly assigned in accordance with the foregoing provision to the transferee at the time of delivering the vehicle, except that where a security interest is obtained in the motor vehicle from the transferee in payment of the purchase price or otherwise, the transferor shall deliver the certificate of title to the lienholder and the lienholder shall forward the certificate of title together with the transferee’s application for new title and necessary fees to the Division within 20 days. Any person who delivers or accepts a certificate of title assigned in blank shall be guilty of a Class 2 misdemeanor.

The title to a salvage vehicle shall be forwarded to the Division as provided in G.S. 20-109.1."

Section 5. G.S. 20-79.1(h) reads as rewritten:

"(h) Temporary registration plates or markers shall expire and become void upon the receipt of the annual registration plates from the Division, or upon the rescission of a contract to purchase a motor vehicle, or upon the expiration of 30 days from the date of issuance, depending upon whichever event shall first occur. No refund or credit or fees paid by dealers to the Division for temporary registration plates or markers shall be allowed, except in the event that the Division discontinues the issuance of temporary registration plates or markers or unless the dealer discontinues business. In this event the unissued registration plates or markers with the unissued registration certificates shall be returned to the Division and the dealer may petition for a refund. Upon the expiration of the 30 days from the date of issuance, a second 30-day temporary registration plate or marker may be issued by the dealer upon showing the vehicle has been sold, a temporary lien has been filed as provided in G.S. 20-58, and that the dealer, having used reasonable diligence, is unable to obtain the vehicle’s statement of origin or certificate of title so that the lien may be perfected."

In the event that the parents do not desire counsel and are present at the hearing, the court shall examine each parent and make findings of fact sufficient to show that the waivers were knowing and voluntary. This examination shall be reported as provided in G.S. 7A-198.

(f) The burden in such proceedings shall be upon the petitioner or movant and all findings of fact shall be based on clear, cogent, and convincing evidence. No husband-wife or physician-patient privilege shall be grounds for excluding any evidence regarding the existence or nonexistence of any circumstance authorizing the termination of parental rights."

Section 10. G.S. 7B-1110 reads as rewritten:
"§ 7B-1110. Disposition.
(a) Should the court determine that any one or more of the conditions authorizing a termination of the parental rights of a parent exist, the court shall issue an order terminating the parental rights of such parent with respect to the juvenile unless the court shall further determine that the best interests of the juvenile require that the parental rights of the parent not be terminated.

(b) Should the court conclude that, irrespective of the existence of one or more circumstances authorizing termination of parental rights, the best interests of the juvenile require that rights should not be terminated, the court shall dismiss the petition, petition or deny the motion, but only after setting forth the facts and conclusions upon which the dismissal or denial is based.

(c) Should the court determine that circumstances authorizing termination of parental rights do not exist, the court shall dismiss the petition, petition or deny the motion, making appropriate findings of fact and conclusions.

(d) Counsel for the petitioner or movant shall serve a copy of the termination of parental rights order upon the guardian ad litem for the juvenile, if any, and upon the juvenile if the juvenile is 12 years of age or older.

(e) The court may tax the cost of the proceeding to any party."

Section 11. G.S. 7B-1111 reads as rewritten:
"§ 7B-1111. Grounds for terminating parental rights.
(a) The court may terminate the parental rights upon a finding of one or more of the following:

(1) The parent has abused or neglected the juvenile. The juvenile shall be deemed to be abused or neglected if the court finds the juvenile to be an abused juvenile within the
meaning of G.S. 7B-101 or a neglected juvenile within the meaning of G.S. 7B-101.

(2) The parent has willfully left the juvenile in foster care or placement outside the home for more than 12 months without showing to the satisfaction of the court that reasonable progress under the circumstances has been made within 12 months in correcting those conditions which led to the removal of the juvenile. Provided, however, that no parental rights shall be terminated for the sole reason that the parents are unable to care for the juvenile on account of their poverty.

(3) The juvenile has been placed in the custody of a county department of social services, a licensed child-placing agency, a child-caring institution, or a foster home, and the parent, for a continuous period of six months next preceding the filing of the petition, petition or motion, has willfully failed for such period to pay a reasonable portion of the cost of care for the juvenile although physically and financially able to do so.

(4) One parent has been awarded custody of the juvenile by judicial decree or has custody by agreement of the parents, and the other parent whose parental rights are sought to be terminated has for a period of one year or more next preceding the filing of the petition or motion willfully failed without justification to pay for the care, support, and education of the juvenile, as required by said decree or custody agreement.

(5) The father of a juvenile born out of wedlock has not, prior to the filing of a petition or motion to terminate parental rights:
   a. Established paternity judicially or by affidavit which has been filed in a central registry maintained by the Department of Health and Human Services; provided, the court shall inquire of the Department of Health and Human Services as to whether such an affidavit has been so filed and shall incorporate into the case record the Department's certified reply; or
   b. Legitimated the juvenile pursuant to provisions of G.S. 49-10 or filed a petition for this specific purpose; or
   c. Legitimated the juvenile by marriage to the mother of the juvenile; or
   d. Provided substantial financial support or consistent care with respect to the juvenile and mother.

(6) That the parent is incapable of providing for the proper care and supervision of the juvenile, such that the juvenile is a dependent juvenile within the meaning of G.S. 7B-101, and that there is a reasonable probability that such incapability will continue for the foreseeable future. Incapability under this subdivision may be the result of substance abuse, mental
retardation, mental illness, organic brain syndrome, or any other similar cause or condition.

(7) The parent has willfully abandoned the juvenile for at least six consecutive months immediately preceding the filing of the petition, petition or motion.

(8) The parent has committed murder or voluntary manslaughter of another child of the parent or other child residing in the home; has aided, abetted, attempted, conspired, or solicited to commit murder or voluntary manslaughter of the child, another child of the parent, or other child residing in the home; or has committed a felony assault that results in serious bodily injury to the child, another child of the parent, or other child residing in the home.

(9) The parental rights of the parent with respect to another child of the parent have been terminated involuntarily by a court of competent jurisdiction and the parent lacks the ability or willingness to establish a safe home.

(b) The burden in such proceedings shall be upon the petitioner or movant to prove the facts justifying such termination by clear and convincing evidence."

Section 12. G.S. 7B-1112 reads as rewritten:

"§ 7B-1112. Effects of termination order.
An order terminating the parental rights completely and permanently terminates all rights and obligations of the parent to the juvenile and of the juvenile to the parent arising from the parental relationship, except that the juvenile's right of inheritance from the juvenile's parent shall not terminate until a final order of adoption is issued. The parent is not thereafter entitled to notice of proceedings to adopt the juvenile and may not object thereto or otherwise participate therein:

(1) If the juvenile had been placed in the custody of or released for adoption by one parent to a county department of social services or licensed child-placing agency and is in the custody of the agency at the time of the filing of the petition, petition or motion, including a petition or motion filed pursuant to G.S. 7B-1103(6), that agency shall, upon entry of the order terminating parental rights, acquire all of the rights for placement of the juvenile as the agency would have acquired had the parent whose rights are terminated released the juvenile to that agency pursuant to the provisions of Part 7 of Article 3 of Chapter 48 of the General Statutes, including the right to consent to the adoption of the juvenile.

(2) Except as provided in subdivision (1) above, upon entering an order terminating the parental rights of one or both parents, the court may place the juvenile in the custody of the petitioner, petitioner or movant, or some other suitable person, or in the custody of the department of social services
or licensed child-placing agency, as may appear to be in the best interests of the juvenile."

Section 13. G.S. 7B-1106(a) reads as rewritten:
"(a) Except as provided in G.S. 7B-1105, upon the filing of the petition, the court shall cause a summons to be issued. The summons shall be directed to the following persons or agency, not otherwise a party petitioner, who shall be named as respondents:

1. The parents of the juvenile;
2. Any person who has been judicially appointed as guardian of the person of the juvenile;
3. The custodian of the juvenile appointed by a court of competent jurisdiction;
4. Any county department of social services or licensed child-placing agency to whom a juvenile has been released by one parent pursuant to Part 7 of Article 3 of Chapter 48 of the General Statutes or any county department of social services to whom placement responsibility for the child has been given by a court of competent jurisdiction; and
5. The juvenile, if the juvenile is 12 years of age or older at the time the petition is filed.

Provided, no summons need be directed to or served upon any parent who has previously surrendered who, under Chapter 48 of the General Statutes, has irrevocably relinquished the juvenile to a county department of social services or licensed child-placing agency nor to any parent who has consented to the adoption of the juvenile by the petitioner. The summons shall notify the respondents to file a written answer within 30 days after service of the summons and petition. Service of the summons shall be completed as provided under the procedures established by G.S. 1A-1, Rule 4(j); but the parent of the juvenile shall not be deemed to be under disability even though the parent is a minor."

Section 14. The Legislative Research Commission shall study issues related to expungement of information from the central registry of abuse, neglect, and dependency cases or from judicial records of juvenile cases that alleged abuse, neglect, or dependency. In particular, this study should consider whether expungement (i) from the central registry should be available when a local department of social services does not substantiate a report of abuse, neglect, or dependency or (ii) from the juvenile court record in a case where alleged abuse, neglect, or dependency is not proven by clear and convincing evidence. The Commission shall make recommendations to the 2001 Session of the General Assembly.

AN ACT TO CLOSE A LOOPHOLE IN THE MINIMUM HOUSING STANDARDS ACT AS IT APPLIES TO MUNICIPALITIES LOCATED IN COUNTIES WITH POPULATIONS IN EXCESS OF SEVENTY-ONE THOUSAND PEOPLE BY THE LAST CENSUS WHERE THE OWNER CAN AVOID ORDERS TO REPAIR, REMOVE, OR DEMOLISH A RENTAL UNIT BY SIMPLY CLOSING IT.

The General Assembly of North Carolina enacts:

Section 1. G.S. 160A-443(5a) reads as rewritten:

"(5a) If the governing body shall have adopted an ordinance, or the public officer shall have:

a. In a municipality located in counties which have a population in excess of 163,000 by the last federal census, other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced,

then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the
continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision only applies to municipalities located in counties which have a population in excess of 163,000 71,000 by the last federal census."

Any new finding of fact made by the agency shall be supported by a preponderance of the admissible evidence in the record. The agency shall not make any new finding of fact that is inconsistent with a finding of fact contained in the administrative law judge's decision unless the finding of fact in the administrative law judge's decision is not adopted as required by subsection (b1) of this section.

(b3) Except as provided in G.S. 150B-34(c), the agency shall adopt the decision of the administrative law judge unless the agency demonstrates that the decision of the administrative law judge is clearly contrary to the preponderance of the admissible evidence in the record. If the agency does not adopt the administrative law judge's recommended decision as its final decision, the agency shall set forth its reasoning for the final decision in light of the findings of fact and
conclusions of law in the final decision, including any exercise of discretion by the agency, state in its decision or order the specific reasons why it did not adopt the administrative law judge's recommended decision. The agency may consider only the official record prepared pursuant to G.S. 150B-37 in making a final decision or order, and the final decision or order shall be supported by substantial evidence admissible under G.S. 150B-29(a), 150B-30, or 150B-31. A copy of the decision or order shall be served upon each party personally or by certified mail addressed to the party at the latest address given by the party to the agency, and a copy shall be furnished to his attorney of record and the Office of Administrative Hearings.

(c) The following decisions made by administrative law judges in contested cases are final decisions appealable directly to superior court under Article 4 of this Chapter:

1. A determination that the Office of Administrative Hearings lacks jurisdiction.
2. An order entered pursuant to the authority in G.S. 7A-759(e).
3. An order entered pursuant to a written prehearing motion that either dismisses the contested case for failure of the petitioner to prosecute or grants the relief requested when a party does not comply with procedural requirements.
4. An order entered pursuant to a prehearing motion to dismiss the contested case in accordance with G.S. 1A-1, Rule 12(b) when the order disposes of all issues in the contested case.

(d) An administrative law judge may grant judgment on the pleadings, pursuant to a motion made in accordance with G.S. 1A-1, Rule 12(c), or summary judgment, pursuant to a motion made in accordance with G.S. 1A-1, Rule 56, that disposes of all issues in the contested case. Notwithstanding subsection (b) of this section, a decision granting a motion for judgment on the pleadings or summary judgment need not include findings of fact or conclusions of law, except as determined by the administrative law judge to be required or allowed by G.S. 1A-1, Rule 12(c) or Rule 56. For any decision by the administrative law judge granting judgment on the pleadings or summary judgment that disposes of all issues in the contested case, the agency shall make a final decision. If the agency does not adopt the administrative law judge's decision, it shall set forth the basis for failing to adopt the decision and shall remand the case to the administrative law judge for hearing. The party aggrieved by the agency's decision shall be entitled to immediate judicial review of the decision under Article 4 of this Chapter."

Section 8. G.S. 150B-37 reads as rewritten:

(a) In a contested case, the Office of Administrative Hearings shall prepare an official record of the case that includes:
1. Notices, pleadings, motions, and intermediate rulings;
(2) Questions and offers of proof, objections, and rulings thereon;
(3) Evidence presented;
(4) Matters officially noticed, except matters so obvious that a statement of them would serve no useful purpose; and
(5) Repealed by Session Laws 1987, c. 878, s. 25.
(6) The administrative law judge's recommended decision, or order.
(b) Proceedings at which oral evidence is presented shall be recorded, but need not be transcribed unless requested by a party. Each party shall bear the cost of the transcript or part thereof or copy of said transcript or part thereof which said party requests, and said transcript or part thereof shall be added to the official record as an exhibit.
(c) The Office of Administrative Hearings shall forward a copy of the official record to the agency making the final decision and shall forward a copy of the recommended administrative law judge's decision to each party."

Section 9. G.S. 150B-44 reads as rewritten:
"§ 150B-44. Right to judicial intervention when decision unreasonably delayed.

Unreasonable delay on the part of any agency or administrative law judge in taking any required action shall be justification for any person whose rights, duties, or privileges are adversely affected by such delay to seek a court order compelling action by the agency or administrative law judge. An agency that is subject to Article 3 of this Chapter and is not a board or commission has 90 60 days from the day it receives the official record in a contested case from the Office of Administrative Hearings to make a final decision in the case. This time limit may be extended by the parties or, for good cause shown, by the agency for an additional period of up to 90 60 days. An agency that is subject to Article 3 of this Chapter and is a board or commission has 90 60 days from the day it receives the official record in a contested case from the Office of Administrative Hearings or 90 60 days after its next regularly scheduled meeting, whichever is longer, to make a final decision in the case. This time limit may be extended by the parties or, for good cause shown, by the agency for an additional period of up to 90 60 days. If an agency subject to Article 3 of this Chapter has not made a final decision within these time limits, the agency is considered to have adopted the administrative law judge's recommended decision as the agency's final decision. Failure of an agency subject to Article 3A of this Chapter to make a final decision within 180 120 days of the close of the contested case hearing is justification for a person whose rights, duties, or privileges are adversely affected by the delay to seek a court order compelling action by the agency or, if the case was heard by an administrative law judge, by the administrative law judge."

Section 10. G.S. 150B-49 reads as rewritten:
"§ 150B-49. New evidence.
An aggrieved person who files a petition in the superior court may apply to the court to present additional evidence. If the court is satisfied that the evidence is material to the issues, is not merely cumulative, and could not reasonably have been presented at the administrative hearing, the court may remand the case so that additional evidence can be taken. If an administrative law judge did not make a recommended decision in the case, the court shall remand the case to the agency that conducted the administrative hearing. After hearing the evidence, the agency may affirm or modify its previous findings of fact and final decision. If an administrative law judge made a recommended decision in the case, the court shall remand the case to the administrative law judge. After hearing the evidence, the administrative law judge may affirm or modify his previous findings of fact and recommended decision. The additional evidence and any affirmation or modification of a recommended decision of the administrative law judge or final decision shall be made part of the official record."

Section 11. G.S. 150B-51 reads as rewritten:
"§ 150B-51. Scope and standard of review.
(a) Initial Determination in Certain Cases. In reviewing a final decision in a contested case in which an administrative law judge made a recommended decision and the State Personnel Commission made an advisory decision in accordance with G.S. 126-37(b1), the court shall make two initial determinations. First, the court shall determine whether the agency heard new evidence after receiving the recommended decision. If the court determines that the agency heard new evidence, the court shall reverse the decision or remand the case to the agency to enter a decision in accordance with the evidence in the official record. Second, if the agency did not adopt the recommended decision, the court shall determine whether the agency's decision states the specific reasons why the agency did not adopt the recommended decision. If the court determines that the agency did not state specific reasons why it did not adopt a recommended decision, the court shall reverse the decision or remand the case to the agency to enter the specific reasons.
(al) In reviewing a final decision in a contested case in which an administrative law judge made a decision, in accordance with G.S. 150B-34(a), and the agency adopted the administrative law judge's decision, the court shall determine whether the agency heard new evidence after receiving the decision. If the court determines that the agency heard new evidence, the court shall reverse the decision or remand the case to the agency to enter a decision in accordance with the evidence in the official record. The court shall also determine whether the agency specifically rejected findings of fact contained in the administrative law judge's decision in the manner provided by G.S. 150B-36(b1) and made findings of fact in accordance with G.S.
150B-36(b2). If the court determines that the agency failed to follow
the procedure set forth in G.S. 150B-36, the court may take
appropriate action under subsection (b) of this section.

(b) Standard of Review. After making the determinations, if any,
required by subsection (a), the court reviewing a final decision. Except
as provided in subsection (c) of this section, in reviewing a final
decision, the court may affirm the decision of the agency or remand
the case to the agency or to the administrative law judge for further
proceedings. It may also reverse or modify the agency's decision,
or adopt the administrative law judge's decision if the
substantial rights of the petitioners may have been prejudiced because
the agency's findings, inferences, conclusions, or decisions are:

(1) In violation of constitutional provisions;
(2) In excess of the statutory authority or jurisdiction of the
agency;
(3) Made upon unlawful procedure;
(4) Affected by other error of law;
(5) Unsupported by substantial evidence admissible under G.S.
150B-29(a), 150B-30, or 150B-31 in view of the entire
record as submitted; or
(6) Arbitrary or capricious. Arbitrary, capricious, or an abuse
of discretion.

(c) In reviewing a final decision in a contested case in which an
administrative law judge made a decision, in accordance with G.S.
150B-34(a), and the agency does not adopt the administrative law
judge's decision, the court shall review the official record, de novo,
and shall make findings of fact and conclusions of law. In reviewing
the case, the court shall not give deference to any prior decision made
in the case and shall not be bound by the findings of fact or the
conclusions of law contained in the agency's final decision. The court
shall determine whether the petitioner is entitled to the relief sought
in the petition, based upon its review of the official record. The court
reviewing a final decision under this subsection may adopt the
administrative law judge's decision; may adopt, reverse, or modify
the agency's decision; may remand the case to the agency for further
explanations under G.S. 150B-36(b1), 150B-36(b2), or 150B-36(b3),
or reverse or modify the final decision for the agency's failure to
provide the explanations; and may take any other action allowed by
law.

(d) In reviewing a final agency decision allowing judgment on the
pleadings or summary judgment, or in reviewing an agency decision
that does not adopt an administrative law judge's decision allowing
judgment on the pleadings or summary judgment pursuant to G.S.
150B-36(d), the court may enter any order allowed by G.S. 1A-1,
Rule 12(c) or Rule 56. If the order of the court does not fully
adjudicate the case, the court shall remand the case to the
administrative law judge for such further proceedings as are just."

Section 12. G.S. 150B-52 reads as rewritten:
"§ 150B-52. Appeal; stay of court's decision.
A party to a review proceeding in a superior court may appeal to the appellate division from the final judgment of the superior court as provided in G.S. 7A-27. The scope of review to be applied by the appellate court under this section is the same as it is for other civil cases. In cases reviewed under G.S. 150B-51(a1)(3), the court’s findings of fact shall be upheld if supported by substantial evidence. Pending the outcome of an appeal, an appealing party may apply to the court that issued the judgment under appeal for a stay of that judgment or a stay of the administrative decision that is the subject of the appeal, as appropriate.”

Section 13. G.S. 126-35 is amended by adding a new subsection to read:

“(d) In contested cases conducted pursuant to Chapter 150B of the General Statutes, the burden of showing that a career State employee subject to the State Personnel Act was discharged, suspended, or demoted for just cause rests with the department or agency employer.”

Section 14. This act becomes effective January 1, 2001, and applies to contested cases commenced on or after the effective date.

A JOINT RESOLUTION COMMEMORATING THE 160TH BIRTHDAY OF THE NORTH CAROLINA STATE CAPITOL AND HONORING THE MEMORY OF DECEASED FORMER MEMBERS OF THE GENERAL ASSEMBLY WHO SERVED THERE.

Whereas, the North Carolina State Capitol, completed in 1840, is one of the finest and best preserved examples of a major civic building in the Greek Revival style of architecture; and

Whereas, the Capitol is the second such building on its site. A simple, two-story brick State House was built on Union Square between 1792 and 1796; and

Whereas, the State House was enlarged between 1820 and 1824 by State architect William Nichols, and burned in 1831; and

Whereas, the General Assembly of 1832-1833 ordered that a new Capitol be built as an enlarged version of the old State House, a cross-shaped building with a central, domed rotunda; and

Whereas, the Commissioners for Rebuilding the Capitol first employed William Nichols, Jr. to help them prepare plans for the building, and in August of 1833 Nichols was replaced by the distinguished New York architectural firm of Ithiel Town and Alexander Jackson Davis who modified and greatly improved the earlier design, giving the Capitol essentially its present appearance and plan; and

Whereas, David Paton (1801-1882), an Edinburgh-born architect who had worked for noted English architect John Sloan, was hired in September 1834 to superintend construction of the Capitol, and the Capitol was built under Paton’s supervision; and

Whereas, most of the architectural details, columns, mouldings, ornamental plasterwork, and the honeysuckle crown atop the dome were carefully patterned after features of particular ancient Greek temples. The exterior columns are Doric in style and modeled after those of the Parthenon. The House of Representatives chamber follows the semicircular plan of a Greek theater and its architectural ornament is in the Corinthian style of the Tower of Winds. The Senate chamber is decorated in the Ionic style of the Erechtheum. The only nonclassical

### Budget Changes

#### A. Community Colleges System Office

47 **Salary Adjustment Funds**

Provide funds for position reclassifications and range revisions approved by the State Personnel Commission and in-range equity adjustments approved by the President of the Community College System.

- **$225,000**

#### B. State Aid - Community College Institutions

48 **Enrollment Adjustment**

Provide funds for community college enrollment growth in accordance with the enrollment funding formula ($20,480,910). Also provide funds to hold harmless from enrollment declines those community colleges in eastern North Carolina counties hardest hit by Hurricane Floyd that experienced a total FTE loss of greater than 20 under the enrollment funding formula ($1,800,000). Colleges will be held harmless for the 2000-01 fiscal year only. Enrollment funding for subsequent fiscal years shall be determined using the continuing budget concept pursuant to Section 10.4(b) of S.L. 1998-212.

- **$22,280,910**

49 **Supplement for Summer Term Curriculum Instruction**

Provide funds for summer term curriculum instruction as a supplement to curriculum enrollment funding for the regular academic year. These funds shall be a separate line item in state aid fund code 1600 and shall not be included in the continuing budget concept for earned FTE enrollment funding. (HB 1840, Section 9.9).

- **$7,177,623**

50 **Occupational Continuing Education**

Increase funds for occupational extension and continuing education programs by adjusting the funding rate per full-time equivalent student in a continued effort to more closely align funding of continuing education programs with that of curriculum programs.

- **$3,000,000**

51 **Reduce New and Expanding Industry Training Funds**

Reduce the appropriation for the New and Expanding Industry Training (NEIT) program for one year from $6,028,541 to $5,528,541. In addition to the program's general fund appropriation, funds are provided for the 2000-01 fiscal year through the Employment Security Commission Training and Employment Account.

- **($500,000)**

Community Colleges
Conference Report on the Continuation, Capital and Expansion Budgets

52 Reduce Educational Equipment Funds
Reduce the appropriation for educational equipment from $17,319,732 to $15,299,507. In addition to the general fund equipment appropriation, funds are provided for the 2000-01 fiscal year through the Employment Security Commission Training and Employment Account.

C. Tuition and Fees

53 Adjustment for Over-realized Receipts
Increase the budgeted amount of tuition and registration fees for the 2000-01 fiscal year to more accurately reflect anticipated receipts and to offset the impact of FTE enrollment declines due to Hurricane Floyd. This reduction also includes a one-time adjustment for over-realized receipts collected in the 1999-2000 fiscal year. (HB 1840, Section 9.4).

54 Increase Curriculum Tuition Charge
Increase the in-state tuition charge per semester hour by $0.75, from $26.75 to $27.50. It is anticipated that for most students, this increase will be offset by federal and state financial assistance programs.

55 Increase Semester Hours for Which Tuition is Charged
Increase the maximum number of semester hours for which tuition is charged from 14 semester hours to 16 semester hours. It is anticipated that for most students, this increase will be offset by federal and state financial assistance programs.

D. Reserves and Other Funds

56 Eliminate Scholarship Reserve Fund Balance
Eliminate the fund balance remaining in the Community College Scholarship Reserve. This fund balance is derived from accrued interest earnings on the $4 million scholarship reserve principal eliminated by the General Assembly in 1999.

57 Reduce State Board Reserve
Reduce the appropriation to the State Board Reserve for one year from $1,150,000 to $1,050,000.

58 Reduce Need-Based Financial Aid Fund Balance
Reduce the fund balance in the reserve for need-based financial aid to retrieve unused funds from the $5 million appropriation for the 1999-2000 fiscal year.

59 Reduce Management Information System (MIS) Fund Balance
Reduce the fund balance in the reserve for development of a management information system (MIS) to retrieve unused funds from the $8 million appropriation for the 1999-2000 fiscal year.

1 Vacant Superior Court Judgeships ($185,240)
The Continuation Budget is adjusted to reflect the expiration of 1 Special Superior Court Judgeship as of December 31, 2000 and the elimination of an additional Special Superior Court Judgeship that will be vacant as of October 1, 2000. These Judgeships were created in 1987 and 1993 respectively. (Sec. 15.8)

2 Increase Indigent Fund Requirements
Because spending requirements have been higher than anticipated and available funds limited by the costs of Hurricane Floyd, funding for the Indigent Fund is increased by $200,000.

3 Positions for Office of Indigent Defense Services
Senate Bill 1323 would establish a Commission to oversee spending on Indigent Defense, as of July 1, 2001. During 2000-2001, $375,859 from the Indigent Defense Fund will be used to establish 5 staff positions for this new office: an Executive Director and Administrative Assistant as of November 1, 2000 and a Deputy Director/Chief Financial Officer, an Information Systems Director and a Research Analyst as of January 1, 2001. Funding for Indigent Defense is increased for 2000-2001 to cover these costs. In addition, $49,480 nonrecurring is provided to fund a change in how longevity would be calculated for Public Defenders and Assistant PDs under SBI323. If neither HB1590 nor SB1323 become law, these funds will remain in the indigent fund for ongoing expenses.

4 Special Counsel for the Mentally Ill
Funds will be used from the Indigent Defense Fund to establish 4 new positions in the Special Counsel for the Mentally Ill program. This program represents patients at 3 state mental institutions. The new positions are 3 attorneys and 1 Assistant to Special Counsel/Paralegal at Cherry Hospital. Funding for the Indigent Defense Fund is increased to cover this expense.
