**SECTION 3.2** The plan adopted by Section 3.1 of this act is effective for the elections for the years 2002, 2004, 2006, 2008, and 2010 unless the United States Supreme Court reverses the decision holding unconstitutional G.S. 120-1 as it existed prior to the enactment of this act (or the decision is otherwise enjoined, made inoperable or ineffective), and in any such case the prior version of G.S. 120-1 is again effective.

**SECTION 3.3.** If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable. Specifically, the provisions of this act adopting a districting plan for the House of Representatives are severable from the provisions of this act adopting a districting plan for the Senate.

**SECTION 4.** This act is effective when it becomes law.

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 21st day of May, 2002.

Became law on the date it was ratified.
AN ACT TO IMPROVE AIR QUALITY IN THE STATE BY IMPOSING LIMITS ON THE EMISSION OF CERTAIN POLLUTANTS FROM CERTAIN FACILITIES THAT BURN COAL TO GENERATE ELECTRICITY AND TO PROVIDE FOR RECOVERY BY ELECTRIC UTILITIES OF THE COSTS OF ACHIEVING COMPLIANCE WITH THOSE LIMITS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 21B of Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-215.107D. Emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) from certain coal-fired generating units.

(a) As used in this section:

(1) 'Coal-fired generating unit' means a coal-fired generating unit, as defined by 40 Code of Federal Regulations § 96.2 (1 July 2001 Edition), that is located in this State and has the capacity to generate 25 or more megawatts of electricity.

(2) 'Investor-owned public utility' means an investor-owned public utility, as defined in G.S. 62-3.

(b) An investor-owned public utility that owns or operates coal-fired generating units that collectively emitted more than 75,000 tons of oxides of nitrogen (NOx) in calendar year 2000:

(1) Shall not collectively emit from the coal-fired generating units that it owns or operates more than 35,000 tons of oxides of nitrogen (NOx) in any calendar year beginning 1 January 2007.

(2) Shall not collectively emit from the coal-fired generating units that it owns or operates more than 31,000 tons of oxides of nitrogen (NOx) in any calendar year beginning 1 January 2009.

(c) An investor-owned public utility that owns or operates coal-fired generating units that collectively emitted more than 75,000 tons or less of oxides of nitrogen (NOx) in calendar year 2000 shall not collectively emit from the coal-fired generating units that it owns or operates more than 25,000 tons of oxides of nitrogen (NOx) in any calendar year beginning 1 January 2007.

(d) An investor-owned public utility that owns or operates coal-fired generating units that collectively emitted more than 225,000 tons of sulfur dioxide (SO2) in calendar year 2000:

(1) Shall not collectively emit from the coal-fired generating units that it owns or operates more than 150,000 tons of sulfur dioxide (SO2) in any calendar year beginning 1 January 2009.

(2) Shall not collectively emit from the coal-fired generating units that it owns or operates more than 80,000 tons of sulfur dioxide (SO2) in any calendar year beginning 1 January 2013.

(e) An investor-owned public utility that owns or operates coal-fired generating units that collectively emitted 225,000 tons or less of sulfur dioxide (SO2) in calendar year 2000:

(1) Shall not collectively emit from the coal-fired generating units that it owns or operates more than 100,000 tons of sulfur dioxide (SO2) in any calendar year beginning 1 January 2009.
(2) Shall not collectively emit from the coal-fired generating units that it owns or operates more than 50,000 tons of sulfur dioxide (SO2) in any calendar year beginning 1 January 2013.

(f) Each investor-owned public utility to which this section applies may determine how it will achieve the collective emissions limitations imposed by this section. Compliance with the emissions limitations set out in this section does not alter the obligation of any person to comply with any other federal or State law, regulation, or rule related to air quality or visibility. This subsection shall not be construed to limit the authority of the Commission to impose specific limitations on the emission of oxides of nitrogen (NOx) and sulfur dioxide (SO2) from an individual coal-fired generating unit owned or operated by an investor-owned public utility.

(g) A coal-fired generating unit that is subject to the collective emissions limitations set out in this section on 1 July 2002 shall remain subject to the collective emissions limitations whether or not it thereafter continues to be owned or operated by an investor-owned public utility.

(h) The Commission shall require that any permit or modified permit issued for a coal-fired generating unit that is subject to this section include conditions that provide for testing, monitoring, record keeping, and reporting adequate to assure compliance with the requirements of this section.

(i) The Governor may enter into an agreement with an investor-owned public utility under which the investor-owned public utility voluntarily agrees to transfer to the State any emissions allowances acquired or that may be acquired by the investor-owned public utility pursuant to 42 U.S.C. §§ 7651-7651o, as implemented by 40 Code of Federal Regulations §§ 73.1 through 73.90 (1 July 2001 Edition); 42 U.S.C. 7410(a)(2)(D)(i)(I), as implemented by 40 Code of Federal Regulations § 51.121 (1 July 2001 Edition), related federal regulations, and the associated State Implementation Plan; 42 U.S.C. § 7426, as implemented by 40 Code of Federal Regulations § 52.34 (1 July 2001 Edition) and related federal regulations; or any similar program established under federal law that result from compliance with the emissions limitations set out in this section. An agreement entered into pursuant to this subsection shall be binding and shall be enforceable by specific performance. If the Governor enters into an agreement that provides for the transfer of emissions allowances to the State, the Governor shall file verified copies of the agreement with the Attorney General, the Secretary of State, the State Treasurer, the Secretary of Environment and Natural Resources, and the Utilities Commission. The State Treasurer shall hold all emissions allowances that are transferred to the State as provided in this subsection in trust for the people of this State and shall sell, trade, transfer, or otherwise dispose of the emissions allowances only as the General Assembly shall provide by law.

(j) An investor-owned public utility that is subject to the emissions limitations set out in this section shall submit to the Utilities Commission and to the Department on or before 1 April of each year a verified statement pursuant to subsection (i) of G.S. 62-133.6.

SECTION 2. G.S. 143-215.108 reads as rewritten:

"§ 143-215.108. Control of sources of air pollution; permits required.

(a) After the effective date applicable to any air quality or emission control standards established pursuant to G.S. 143-215.107 and except as provided in subsections (a1) and (a2) of this section, no person shall do any of the following things or carry out any of the following activities which contravene or will be likely to contravene such standards established pursuant to G.S. 143-215.107 or set out in G.S.

(a2) The Commission may adopt rules that provide for a minor modification of a permit. At a minimum, rules that provide for a minor modification of a permit shall meet the requirements of 40 Code of Federal Regulations § 70.7(e)(2) (1 July 1993 Edition). If the Commission adopts rules that provide for a minor modification of a permit, a permittee shall not make a change in the permitted facility while the application for the minor modification is under review unless the change is authorized under the rules adopted by the Commission.

(b) The Commission shall act upon all applications for permits so as to effectuate the purpose of this section, Article by reducing existing air pollution and preventing, so far as reasonably possible, any increased pollution of the air from any additional or enlarged sources.

(c) The Commission shall have the power:

1. To grant and renew a permit with such conditions attached as the Commission believes necessary to achieve the purposes of this section, Article or the requirements of the Clean Air Act and implementing regulations adopted by the United States Environmental Protection Agency;

SECTION 3. G.S. 143-215.107(a)(8) reads as rewritten:

"(8) To develop and adopt standards and plans necessary to implement programs to control acid deposition and to regulate the use of sulfur dioxide (SO2) allowances and nitrogen oxides of nitrogen (NOx) emissions in accordance with Title IV and implementing regulations adopted by the United States Environmental Protection Agency."

SECTION 4. G.S. 143-215.114A(a) reads as rewritten:

"(a) A civil penalty of not more than ten thousand dollars ($10,000) may be assessed by the Secretary against any person who:

1. Violates any classification, standard or limitation established pursuant to G.S. 143-215.102, or who violates or fails to act in accordance with the terms, conditions, or requirements of such permit;
(3) Violates or fails to act in accordance with the terms, conditions, or requirements of any special order or other appropriate document issued pursuant to G.S. 143-215.110; G.S. 143-215.110.

(4) Fails to file, submit, or make available, as the case may be, any documents, data or reports required by this Article or Parts 1 or 7 of Article 21 of this Chapter.

(5) Violates a rule of the Commission or a local governing body implementing this Article or Parts 1 or 7 of Article 21.

(6) Violates the offenses set out in G.S. 143-215.114B.

(7) Violates the emissions limitations set out in G.S. 143-215.107D.

"(b1) The Secretary may assess a civil penalty of not more than ten thousand dollars ($10,000) per day for a violation of the emissions limitations set out in G.S. 143-215.107D as provided in this subsection. If at the end of any calendar year, an investor-owned public utility has violated an emissions limitation set out in G.S. 143-215.107D, the violation shall be considered to be continuous from the day that the collective emissions first exceeded the emissions limitation set out in G.S. 143-215.107D through the end of the calendar year and the Secretary may assess a separate civil penalty for each day."

SECTION 6. G.S. 143-215.114B(f) reads as rewritten:

SECTION 9.  Article 7 of Chapter 62 of the General Statutes is amended by adding a new section to read:

(a) As used in this section:
   (1) 'Coal-fired generating unit' means a coal-fired generating unit, as defined by 40 Code of Federal Regulations § 96.2 (1 July 2001 Edition), that is located in this State and has the capacity to generate 25 or more megawatts of electricity.
   (2) 'Environmental compliance costs' means only those capital costs incurred by an investor-owned public utility to comply with the emissions limitations set out in G.S. 143-215.107D that exceed the costs required to comply with 42 U.S.C. § 7410(a)(2)(D)(i)(I), as implemented by 40 Code of Federal Regulations § 51.121 (1 July 2001 Edition), related federal regulations, and the associated State or Federal Implementation Plan, or with 42 U.S.C. § 7426, as implemented by 40 Code of Federal Regulations § 52.34 (1 July 2001 Edition) and related federal regulations. The term 'environmental compliance costs' does not include:
      a. Costs required to comply with a final order or judgment rendered by a state or federal court under which an investor-owned public utility is found liable for a failure to comply with any federal or state law, rule, or regulation for the protection of the environment or public health.
      b. The net increase in costs, above those proposed by the investor-owned public utility as part of its plan to achieve compliance with the emissions limitations set out in G.S. 143-215.107D, that are necessary to comply with a settlement agreement, consent decree, or similar resolution of litigation arising from any alleged failure to comply with any federal or state law, rule, or regulation for the protection of the environment or public health.
      c. Any criminal or civil fine or penalty, including court costs imposed or assessed for a violation by an investor-owned public utility of any federal or state law, rule, or regulation for the protection of the environment or public health.
      d. The net increase in costs, above those proposed by the investor-owned public utility as part of its plan to achieve the emissions limitations set out in G.S. 143-215.107D, that are necessary to comply with any limitation on emissions of oxides of nitrogen (NOx) or sulfur dioxide (SO2) that are imposed on an individual coal-fired generating unit by the Environmental..."
Management Commission or the Department of Environment and Natural Resources to address any nonattainment of an air quality standard in any area of the State.

(3) 'Investor-owned public utility' means an investor-owned public utility, as defined in G.S. 62-3.

(b) The investor-owned public utilities shall be allowed to accelerate the cost recovery of their estimated environmental compliance costs over a seven-year period, beginning 1 January 2003 and ending 31 December 2009. For purposes of this subsection, an investor-owned public utility subject to the provisions of subsections (b) and (d) of G.S. 143-215.107D shall amortize environmental compliance costs in the amount of one billion five hundred million dollars ($1,500,000,000) and an investor-owned public utility subject to the provisions of subsections (c) and (e) of G.S. 143-215.107D shall amortize environmental compliance costs in the amount of eight hundred thirteen million dollars ($813,000,000). During the rate freeze period established in subsection (e) of this section, the investor-owned public utilities shall, at a minimum, recover through amortization seventy percent (70%) of the environmental compliance costs set out in this subsection. The maximum amount for each investor-owned public utility’s annual accelerated cost recovery during the rate freeze period shall not exceed one hundred fifty percent (150%) of the annual levelized environmental compliance costs set out in this subsection. The amounts to be amortized pursuant to this subsection are estimates of the environmental compliance costs that may be adjusted as provided in this section. The General Assembly makes no judgment as to whether the actual environmental compliance costs will be greater than, less than, or equal to these estimated amounts. These estimated amounts do not define or limit the scope of the expenditures that may be necessary to comply with the emissions limitations set out in G.S. 143-215.107D.

(c) The investor-owned public utilities shall file their compliance plans, including initial cost estimates, with the Commission and the Department of Environment and Natural Resources not later than 10 days after the date on which this section becomes effective. The Commission shall consult with the Secretary of Environment and Natural Resources and shall consider the advice of the Secretary as to whether an investor-owned public utility’s proposed compliance plan is adequate to achieve the emissions limitations set out in G.S. 143-215.107D.

(d) Subject to the provisions of subsection (f) of this section, the Commission shall hold a hearing to review the environmental compliance costs set out in subsection (b) of this section. The Commission may modify and revise those costs as necessary to ensure that they are just, reasonable, and prudent based on the most recent cost information available and determine the annual cost recovery amounts that each investor-owned public utility shall be required to record and recover during calendar years 2008 and 2009. In making its decisions pursuant to this subsection, the Commission shall consult with the Secretary of Environment and Natural Resources to receive advice as to whether the investor-owned public utility’s actual and proposed modifications and permitting and construction schedule are adequate to achieve the emissions limitations set out in G.S. 143-215.107D. The Commission shall issue an order pursuant to this subsection no later than 31 December 2007.

(e) Notwithstanding G.S. 62-130(d) and G.S. 62-136(a), the base rates of the investor-owned public utilities shall remain unchanged from the date on which this section becomes effective through 31 December 2007. The Commission may, however, consistent with the public interest:
(1) Allow adjustments to base rates, or deferral of costs or revenues, due to one or more of the following conditions occurring during the rate freeze period:
   a. Governmental action resulting in significant cost reductions or requiring major expenditures including, but not limited to, the cost of compliance with any law, regulation, or rule for the protection of the environment or public health, other than environmental compliance costs.
   b. Major expenditures to restore or replace property damaged or destroyed by force majeure.
   c. A severe threat to the financial stability of the investor-owned public utility resulting from other extraordinary causes beyond the reasonable control of the investor-owned public utility.
   d. The investor-owned public utility persistently earns a return substantially in excess of the rate of return established and found reasonable by the Commission in the investor-owned public utility’s last general rate case.

(2) Approve any reduction in a rate or rates applicable to a customer or class of customers during the rate freeze period, if requested to do so by an investor-owned public utility that is subject to the emissions limitations set out in G.S. 143-215.107D.

(f) In any general rate case initiated to adjust base rates effective on or after 1 January 2008, the investor-owned public utility shall be allowed to recover its actual environmental compliance costs in accordance with Article 7 of this Chapter less the cumulative amount of accelerated cost recovery recorded pursuant to subsection (b) of this section.

(g) Consistent with the public interest, the Commission is authorized to approve proposals submitted by an investor-owned public utility to implement optional, market-based rates and services, provided the proposal does not increase base rates during the period of time referred to in subsection (e) of this section.

(h) Nothing in this section shall prohibit the Commission from taking any actions otherwise appropriate to enforce investor-owned public utility compliance with applicable statutes or Commission rules or to order any appropriate remedy for such noncompliance allowed by law.

(i) An investor-owned public utility that is subject to the emissions limitations set out in G.S. 143-215.107D shall submit to the Commission and to the Department of Environment and Natural Resources on or before 1 April of each year a verified statement that contains all of the following:

   (1) A detailed report on the investor-owned public utility's plans for meeting the emissions limitations set out in G.S. 143-215.107D.

   (2) The actual environmental compliance costs incurred by the investor-owned public utility in the previous calendar year, including a description of the construction undertaken and completed during that year.

   (3) The amount of the investor-owned public utility's environmental compliance costs amortized in the previous calendar year.

   (4) An estimate of the investor-owned public utility's environmental compliance costs and the basis for any revisions of those estimates when compared to the estimates submitted during the previous year.
(5) A description of all permits required in order to comply with the provisions of G.S. 143-215.107D for which the investor-owned public utility has applied and the status of those permits or permit applications.

(6) A description of the construction related to compliance with the provisions of G.S. 143-215.107D that is anticipated during the following year.

(7) A description of the applications for permits required in order to comply with the provisions of G.S. 143-215.107D that are anticipated during the following year.

(8) The results of equipment testing related to compliance with G.S. 143-215.107D.

(9) The number of tons of oxides of nitrogen (NOx) and sulfur dioxide (SO2) emitted during the previous calendar year from the coal-fired generating units that are subject to the emissions limitations set out in G.S. 143-215.107D.

(10) The emissions allowances described in G.S. 143-215.107D(i) that are acquired by the investor-owned public utility that result from compliance with the emissions limitations set out in G.S. 143-215.107D.

(11) Any other information requested by the Commission or the Department of Environment and Natural Resources.

(j) The Secretary shall review the information submitted pursuant to subsection (i) of this section and determine whether the investor-owned public utility's actual and proposed modifications and permitting and construction schedule are adequate to achieve the emissions limitations set out in G.S. 143-215.107D and shall advise the Commission as to the Secretary's findings and recommendations.

(k) Any information, advice, findings, recommendations, or determinations provided by the Secretary pursuant to this section shall not constitute a final agency decision within the meaning of Chapter 150B of the General Statutes and shall not be subject to review under that Chapter.

SECTION 10. It is the intent of the General Assembly that the State use all available resources and means, including negotiation, participation in interstate compacts and multistate and interagency agreements, petitions pursuant to 42 U.S.C. § 7426, and litigation to induce other states and entities, including the Tennessee Valley Authority, to achieve reductions in emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) comparable to those required by G.S. 143-215.107D, as enacted by Section 1 of this act, on a comparable schedule. The State shall give particular attention to those states and other entities whose emissions negatively impact air quality in North Carolina or whose failure to achieve comparable reductions would place the economy of North Carolina at a competitive disadvantage.

SECTION 11. The Environmental Management Commission shall study the desirability of requiring and the feasibility of obtaining reductions in emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) beyond those required by G.S. 143-215.107D, as enacted by Section 1 of this act. The Environmental Management Commission shall consider the availability of emissions reduction technologies, increased cost to consumers of electric power, reliability of electric power supply, actions to reduce emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) taken by states and other entities whose emissions negatively impact air quality in North
Carolina or whose failure to achieve comparable reductions would place the economy of North Carolina at a competitive disadvantage, and the effects that these reductions would have on public health, the environment, and natural resources, including visibility. In its conduct of this study, the Environmental Management Commission may consult with the Utilities Commission and the Public Staff. The Environmental Management Commission shall report its findings and recommendations to the General Assembly and the Environmental Review Commission annually beginning 1 September 2005.

SECTION 12. The General Assembly anticipates that measures implemented to achieve the reductions in emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) required by G.S. 143-215.107D, as enacted by Section 1 of this act, will also result in significant reductions in the emissions of mercury from coal-fired generating units. The Division of Air Quality of the Department of Environment and Natural Resources shall study issues related to monitoring emissions of mercury and the development and implementation of standards and plans to implement programs to control emissions of mercury from coal-fired generating units. The Division shall evaluate available control technologies and shall estimate the benefits and costs of alternative strategies to reduce emissions of mercury. The Division shall annually report its interim findings and recommendations to the Environmental Management Commission and the Environmental Review Commission beginning 1 September 2003. The Division shall report its final findings and recommendations to the Environmental Management Commission and the Environmental Review Commission no later than 1 September 2005. The costs of implementing any air quality standards and plans to reduce the emission of mercury from coal-fired generating units below the standards in effect on the date this act becomes effective, except to the extent that the emission of mercury is reduced as a result of the reductions in the emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) required to achieve the emissions limitations set out in G.S. 143-215.107D, as enacted by Section 1 of this act, shall not be recoverable pursuant to G.S. 62-133.6, as enacted by Section 9 of this act.

SECTION 13. The Division of Air Quality of the Department of Environment and Natural Resources shall study issues related to the development and implementation of standards and plans to implement programs to control emissions of carbon dioxide (CO2) from coal-fired generating units and other stationary sources of air pollution. The Division shall evaluate available control technologies and shall estimate the benefits and costs of alternative strategies to reduce emissions of carbon dioxide (CO2). The Division shall annually report its interim findings and recommendations to the Environmental Management Commission and the Environmental Review Commission beginning 1 September 2003. The Division shall report its final findings and recommendations to the Environmental Management Commission and the Environmental Review Commission no later than 1 September 2005. The costs of implementing any air quality standards and plans to reduce the emission of carbon dioxide (CO2) from coal-fired generating units below the standards in effect on the date this act becomes effective, except to the extent that the emission of carbon dioxide (CO2) is reduced as a result of the reductions in the emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) required to achieve the emissions limitations set out in G.S. 143-215.107D, as enacted by Section 1 of this act, shall not be recoverable pursuant to G.S. 62-133.6, as enacted by Section 9 of this act.

SECTION 14. On or before 1 June of each year, the Department of Environment and Natural Resources and the Utilities Commission shall report on the
implementation of this act to the Environmental Review Commission and the Joint Legislative Utility Review Committee. The first report required by this section shall be submitted no later than 1 June 2003.

**SECTION 15.** If any section or provision of this act is declared unconstitutional or invalid by the courts, the unconstitutional or invalid section or provision does not affect the validity of this act as a whole or any part of this act other than the part declared to be unconstitutional or invalid.

**SECTION 16.** This act is effective when it becomes law except that G.S. 143-215.107D(i), as enacted by Section 1 of this act, is effective retroactively to 1 June 2002.

The General Assembly of North Carolina enacts:

**SECTION 1.** G.S. 62-110(f1) reads as rewritten:

"(f1) Except as provided in subsection (f2) of this section, the Commission is authorized, following notice and an opportunity for interested parties to be heard, to
issue a certificate to any person applying to provide local exchange or exchange access services as a public utility as defined in G.S. 62-3(23)a.6., without regard to whether local telephone service is already being provided in the territory for which the certificate is sought, provided that the person seeking to provide the service makes a satisfactory showing to the Commission that (i) the person is fit, capable, and financially able to render such service; (ii) the service to be provided will reasonably meet the service standards that the Commission may adopt; (iii) the provision of the service will not adversely impact the availability of reasonably affordable local exchange service; (iv) the person, to the extent it may be required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and (v) the provision of the service does not otherwise adversely impact the public interest. In its application for certification, the person seeking to provide the service shall set forth with particularity the proposed geographic territory to be served and the types of local exchange and exchange access services to be provided. Except as provided in G.S. 62-133.5(f), any person receiving a certificate under this section shall, until otherwise determined by the Commission, file and maintain with the Commission a complete list of the local exchange and exchange access services to be provided and the prices charged for those services, and shall be subject to such reporting requirements as the Commission may require.

Any certificate issued by the Commission pursuant to this subsection shall not permit the provision of local exchange or exchange access service until July 1, 1996, unless the Commission shall have approved a price regulation plan pursuant to G.S. 62-133.5(a) for a local exchange company with an effective date prior to July 1, 1996. In the event a price regulation plan becomes effective prior to July 1, 1996, the Commission is authorized to permit the provision of local exchange or exchange access service by a competing local provider in the franchised area of such local exchange company.

The Commission is authorized to adopt rules it finds necessary (i) to provide for the reasonable interconnection of facilities between all providers of telecommunications services; (ii) to determine when necessary the rates for such interconnection; (iii) to provide for the reasonable unbundling of essential facilities where technically and economically feasible; (iv) to provide for the transfer of telephone numbers between providers in a manner that is technically and economically reasonable; (v) to provide for the continued development and encouragement of universally available telephone service at reasonably affordable rates; and (vi) to carry out the provisions of this subsection in a manner consistent with the public interest, which will include a consideration of whether and to what extent resale should be permitted. In adopting rules to establish an appropriate definition of universal service, the Commission shall consider evolving trends in telecommunications services and the need for consumers to have access to high-speed communications networks, the Internet, and other services to the extent that those services provide social benefits to the public at a reasonable cost.

Local exchange companies and competing local providers shall negotiate the rates for local interconnection. In the event that the parties are unable to agree within 90 days of a bona fide request for interconnection on appropriate rates for interconnection, either party may petition the Commission for determination of the appropriate rates for interconnection. The Commission shall determine the appropriate rates for interconnection within 180 days from the filing of the petition.

Each local exchange company shall be the universal service provider in the area in which it is certificated to operate on July 1, 1995, until otherwise determined by the
Commission. In continuing this State's commitment to universal service, the Commission shall, by December 31, 1996, adopt interim rules that designate the person that should be the universal service provider and to determine whether universal service should be funded through interconnection rates or through some other funding mechanism. By July 1, 2001, the Commission shall complete an investigation and adopt final rules concerning the provision of universal services, the person that should be the universal service provider, and whether universal service should be funded through interconnection rates or through some other funding mechanism. The Commission shall make the determination required pursuant to this subsection in a manner that furthers this State's policy favoring universally available telephone service at reasonable rates."

The General Assembly of North Carolina enacts:

SECTION 1.(a) Notwithstanding G.S. 163-1(b), the date of the primary election in 2002 shall be September 10, 2002.

SECTION 1.(b) In order to accommodate the scheduling of the 2002 primary on September 10, 2002, and in order to comply with the requirements of Section 5 of the Voting Rights Act of 1965 and any court orders, and in order to comply with any objections interposed under Section 5, the State Board of Elections may issue temporary orders that may change, modify, delete, amend, or add to any statute contained in Chapter 163 of the General Statutes, any rules contained in Title 8 of the North Carolina Administrative Code, or any other election regulation or guideline that may affect the 2002 primaries and general elections. These temporary orders are only effective for the 2002 primary and 2002 general election. These orders shall include a primary election schedule.

SECTION 1.(c) Notwithstanding G.S. 163-111 or any local act, in 2002 only, the result of the primary shall be determined by a plurality and no second primary shall be held. Any runoff election for local office that might by local act have been held
on the date of the second primary shall instead be held on the date of the general election. If there is a tie in a primary in 2002, the result shall be determined in accordance with G.S. 163-111(f) under the same rule as if there had been a tie in a second primary.

SECTION 1.(d) The authority to adopt orders also extends to any elections originally scheduled to be held on May 7, 2002, any elections ordered by the State Board of Elections to be held on the date of a county primary that were originally scheduled to be held on May 7, 2002, or any elections to be held on the date of the second primary. Any unaffiliated candidate for a legislative seat, in a district used under a previously approved legislative redistricting plan, who had submitted a petition in a timely manner under the provisions of G.S. 163-122, shall have the right under any State Board plan to have any valid voter signatures contained in the previously approved petition, that meet the residency requirements of the new district, to be considered a part of any new petition to obtain ballot access for a legislative seat in that new district.

SECTION 1.(g) The authority granted by this section shall be exercised only when needed to ensure the orderly and timely operations of the electoral process, the public good, and any valid interest of voters, candidates, and officeholders in order to accommodate the compressed schedule necessitated by holding the primary elections at such a late date. All orders of the State Board issued under this section shall be presumed to be reasonable and to serve the public interest.

SECTION 1.(h) Orders issued under this section are not rules subject to the provisions of Chapter 150B of the General Statutes. Orders issued under this section shall, however, be published in the North Carolina Register as quickly as possible.

SECTION 1.(i) The times to publish notice of a bond referendum required by G.S. 159-61(c) shall not apply to any bond referendum held on the date of the 2002 statewide primary. SECTION 1.1. Notwithstanding G.S. 163-106(h), any person who filed a notice of candidacy under G.S. 163-106(c) during the filing period in 2002 for an office other than member of the State Senate or member of the State House of Representatives and did not withdraw that notice of candidacy before the filing deadline may not file a notice of candidacy as a member of the State Senate or member of the State House of Representatives unless either of the following applies:

(2) If that person is in a contested primary, that person withdraws the notice of candidacy. That notice of candidacy may be withdrawn notwithstanding the requirements of G.S. 163-106(e) that it be withdrawn prior to the filing deadline for that office. In the case of any such withdrawal, the appropriate board of election shall reopen filing for three days under the usual procedures of G.S. 163-112 notwithstanding the time of and reason for the withdrawal.

AN ACT TO AMEND THE LAW ESTABLISHING THE CHARLOTTE FIREMEN'S RETIREMENT SYSTEM.

The General Assembly of North Carolina enacts:

"(9) 'Compensation' means the remuneration reportable on Form W-2 earned by a Member for services performed as an employee of the Charlotte Fire Department prior to any reductions pursuant to sections 125, 401(k), 402(e)(3), 414(h)(2), and 457 of the Internal Revenue Code. Compensation shall include payments for unused sick and vacation days, longevity payments, bonus payments, and merit increases. For the purpose of calculating a Member's Final Average Salary, (i) payments for unused sick and vacation days shall be included as Compensation to the extent that the vacation and sick days for which payments are made could have accrued during two Plan Years of the Member's last five years of Membership Service, and (ii) payments for longevity shall be included as Compensation to the extent such payments were made during two Plan Years of the Member's last five years of Membership Service. Effective July 1, 2002, for purposes of applying the limitations described in Section 51 of this Act, compensation paid or made available during such limitation years shall also include elective amounts that are not includible in the gross estate of the Member by reason of section 132(f)(4) of the Internal Revenue Code.

In addition to the other applicable limitations set forth in this Act, and notwithstanding any other provision of this Act to the contrary, for Plan Years beginning on or after January 1, 1996, the annual Compensation of each Member taken into account under the Act shall not exceed the OBRA '93 annual compensation limit. The OBRA '93 annual compensation limit is one hundred fifty thousand dollars ($150,000), as adjusted by the Commissioner for increases in the cost of living in accordance with section 401(a)(17)(B) of the Internal Revenue Code. The cost of living adjustment in effect for a calendar year applies to any period not exceeding 12 months over which Compensation is determined ('the determination period') beginning in each calendar year. If a determination period consists of fewer than 12 months, the OBRA '93 annual compensation limit will be multiplied by a fraction, the numerator of which is the number of months in the determination period, and the denominator of which is 12. If Compensation for any prior determination period is taken into account
in determining a Member's benefits accruing in the current Plan Year, the Compensation for that prior determination period is subject to the OBRA '93 annual compensation limit in effect for that prior determination period. For this purpose, for determination periods beginning before the first day of the first Plan Year beginning on or after January 1, 1996, the OBRA '93 annual compensation limit is one hundred fifty thousand dollars ($150,000). January 1, 2002, the annual Compensation of each Member taken into account under the Act shall not exceed two hundred thousand dollars ($200,000), the annual compensation limit under section 401(a)(17) of the Internal Revenue Code, as amended by section 611(c) of the Economic Growth and Tax Relief Reconciliation Act of 2001. Annual compensation means compensation during the Plan Year or such other 12-month period over which Compensation is otherwise determined (the determination period). If a determination period consists of fewer than 12 months, the annual compensation limit will be multiplied by a fraction, the numerator of which is the number of months in the determination period, and the denominator of which is 12. For purposes of determining benefit accruals in a plan year, beginning after December 31, 2001, the compensation limit for any prior determination period shall be two hundred thousand dollars ($200,000). The two hundred thousand dollars ($200,000) limit on annual compensation shall be adjusted for cost-of-living increases in accordance with section 401(a)(17)(B) of the Code.

"Sec. 7. Purchase of Membership Service Credit for Prior Active Military Duty, Credit.

(a) Military Service. – Effective July 1, 1999, Membership Service Credit for prior active military duty may be purchased upon the completion of five years of Membership Service Credit by any Member who served on active duty in the Armed Forces of the United States of America prior to his employment with the Charlotte Fire Department. Such Membership Credit shall be purchased by the Member before termination of membership or retirement. The amount of Membership Service Credit that may be purchased by a Member will be equal to the actual active military duty by the Member not to exceed five years and shall be credited upon the payment of the required contributions as determined by the Administrator, provided that the Membership Service to be so credited shall not be credited in any other retirement system, except the national guard or any reserve component of the Armed Forces of the United States. The required contributions shall be an amount equal to the annualized Compensation rate the Member earned when he first entered membership in the Retirement System, multiplied by the sum of the Member and the City of Charlotte contribution rates in effect at the time when he first entered membership in the Retirement System, increased by five percent (5%) compounded per annum from the date of membership to the date of the payment of the required contributions and multiplied by the number of years and days of Membership Service to be credited. Membership Service Credit purchased pursuant to this section cannot be used to meet
the minimum service requirements for a nonduty disability retirement benefit or an early service retirement benefit, but may be used to meet the minimum service requirements for a service retirement benefit and to compute the amount of any retirement benefit.

(b) Local, State, and Federal Government Service. – Membership Service Credit for prior public employment may be purchased upon completion of five years of Membership Service Credit by any Member who was employed by any state, governmental subdivision of any state, or the federal government prior to his current employment with the Charlotte Fire Department. Such Membership Service Credit shall be purchased by the Member before termination of membership or retirement. A Member may purchase one year of Membership Service Credit for every two years of prior government service. The maximum amount of Membership Service Credit that may be purchased is five years. The purchased Membership Service Credit shall be credited upon the payment of the required contributions, provided that the Membership Service to be so credited shall not be credited in any other retirement system. The required contributions shall be the full actuarial cost as determined by the System’s actuary. Membership Service Credit purchased pursuant to this section cannot be used to meet the minimum service requirements for a nonduty disability retirement benefit or an early service retirement benefit, but may be used to meet the minimum service requirements for a service retirement benefit and to compute the amount of any retirement benefit.

(c) Withdrawn Service. – Any Member who withdrew his contributions in accordance with the provisions of this Act and who subsequently returns to service, may upon completion of five years of Membership Service Credit, purchase the withdrawn service. Such Membership Service Credit shall be purchased by the Member before termination of membership or retirement. The maximum amount of Membership Service Credit that may be purchased by a Member is equal to the prior years of service with the Charlotte Fire Department and shall be credited upon the payment of the required contributions, provided that the Membership Service Credit to be so credited shall not be credited in any other retirement system. The required contributions shall be the full actuarial cost as determined by the System’s actuary. Membership Service Credit purchased pursuant to this section cannot be used to meet the minimum service requirements for a nonduty disability retirement benefit or an early service retirement, but may be used to meet the minimum service requirements for a service retirement benefit and to compute the amount of any retirement benefit.

"Sec. 13.1. Direct Rollover of Eligible Rollover Distributions. (a) This Section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of the plan to the contrary that would otherwise limit a distributee's election under this Section, a distributee may elect, at the time and in the manner prescribed by the plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

(b) Definitions.

(1) Eligible rollover distribution. An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal
periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and any hardship distribution described in section 401(k)(2)(B)(i)(IV); and the portion of any distribution that is not includable in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities) section 401(k)(2)(B)(i)(IV). A portion of a distribution shall not fail to be an eligible rollover distribution merely because a portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

(2) Eligible retirement plan. An eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. However, in the case of an eligible rollover distribution to the surviving spouse, an eligible retirement plan is an individual retirement account or individual retirement annuity. With respect to distributions made after December 31, 2001, an eligible retirement plan shall also mean (i) an annuity contract described in section 403(b) of the Code and (ii) an eligible plan under section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this plan. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code.

(3) Distributee. A distributee includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, are distributees with regard to the interest of the spouse or former spouse.

(4) Direct rollover. A direct rollover is a payment by the plan to the eligible retirement plan specified by the distributee."

SECTION 4. Chapter 926 of the 1947 Session Laws, as rewritten by Section 1 of Chapter 830 of the 1991 Session Laws, as amended by Chapter 171 of the
Sec. 13.2. Acceptance of Rollovers and Transfers From Other Plans.

(a) Effective January 1, 2002, and subject to the provisions of federal law, the Retirement System may accept an eligible rollover distribution, as defined in Section 13.1, or a direct trustee-to-trustee transfer of funds from an eligible retirement plan, as defined in Section 13.1, for the purchase of Membership Service Credit pursuant to Section 7. The amount of the rollover distribution or trustee-to-trustee transfer accepted by the Retirement System shall not exceed the cost of service to be purchased.

(b) In order to authorize the rollover or transfer of funds described in this section, a Member shall provide or cause to be provided to the Retirement System information sufficient for the Retirement System to reasonably conclude that the contribution is a valid rollover or direct trustee-to-trustee transfer as permitted under federal tax law. If the Retirement System later determines that a contribution was an invalid rollover or trustee-to-trustee transfer or otherwise not permitted under federal tax law, the Retirement System may take any action appropriate or required by the Internal Revenue Code or regulations issued there under, including a return of the invalid contribution and cancellation of any credit purchased with the returned amounts.

(c) The Retirement System shall construe and administer this section in a manner such that the Retirement System plan will be considered a qualified plan under section 401(a) of the Internal Revenue Code."

"Sec. 51. Restrictions. Notwithstanding any provision of this act to the contrary:

(1) No part of the funds contributed to the Retirement System, or the income thereon, may be used for, or diverted to, purposes other than for the exclusive benefit of the Participants of the Retirement System as authorized by the provisions of this act, provided that in the event of the termination of the Retirement System, the City shall receive any surplus funds or assets after all liabilities of the Retirement System are satisfied.

(2) Upon termination of the Retirement System or upon complete discontinuance of contributions to the Retirement System, the rights of all Participants of the Retirement System to benefits accrued to the date of the termination or discontinuance, to the extent then funded, are nonforfeitable.

(3) Forfeitures under the Retirement System may not be applied to increase the benefits that any Participant would otherwise receive under the Retirement System.

(4) Notwithstanding any provision of the Retirement System to the contrary, the maximum annual benefit payable in the form of a straight life annuity from the Retirement System on behalf of a Participant, when combined with any benefits from another qualified benefit plan maintained by the City, shall not exceed the amount permitted by section 415 of the Internal Revenue Code.

(5) Any benefit payable to a Participant pursuant to Section 4 of this act shall commence not later than the April 1 immediately following the
calendar year in which the Participant attains age 70 1/2 or, if later, the April 1 immediately following the calendar year in which the Participant terminates service. Additionally, the distribution of any such benefit must satisfy the minimum distribution requirements set forth in this paragraph and must be consistent with Treasury Regulations, as of the required beginning date. The minimum distribution for a calendar year equals the Participant's nonforfeitable Accrued Benefit at the beginning of the year divided by the Participant's life expectancy or, if applicable, the joint and last survivor expectancy of the participant and his Designated Beneficiary. The minimum distribution shall be computed by using the life expectancy multiples under Treasury Regulation 1.72-9. The minimum distribution for a calendar year subsequent to the first calendar year for which a minimum distribution is required may be computed by redetermining the applicable life expectancy. However, there shall be no redetermination of the joint life and last survivor expectancy of the Participant and a nonspouse Designated Beneficiary in a manner which takes into account any adjustment to a life expectancy other than the Participant's life expectancy. A distribution to the Participant in the form of a life annuity, joint and survivor annuity, or an annuity over a fixed period will satisfy the minimum distribution requirements of this paragraph if the method of distribution provides non-increasing payments or otherwise satisfies Treasury Regulations. If the Participant dies after the payment of his benefit has commenced, the death benefit provided by this act shall be paid over a period which does not exceed the payment period which had commenced. If a Participant dies prior to the time the payment of his benefit commences, the death benefit provided by this act shall be paid over a period not exceeding: (i) five years after the date of the Participant's death; or (ii) if the Beneficiary is a Designated Beneficiary, over the Designated Beneficiary's life or life expectancy. No payment of benefit over a period described in (ii) shall be permitted, unless the payment of such benefit to the Designated Beneficiary will commence no later than one year after the date of the Participant's death, or, if later, and the Designated Beneficiary is the Participant's surviving spouse, the date the Participant would have attained age 70 1/2. The life expectancy multiples under Treasury Regulation 1.72-9 shall be used for purposes of applying this paragraph. The life expectancy of a Participant's surviving spouse may be recalculated not more frequently than annually, but the life expectancy of a nonspouse Designated Beneficiary may not be recalculated after the commencement of payment of benefits to the Designated Beneficiary. Any amount paid to a Participant's child, which becomes payable to the Participant's surviving spouse upon the child's attaining the age of majority, shall be treated as paid to the Participant's surviving spouse for purposes of applying this paragraph.

With respect to distributions under the Act made for calendar years beginning on or after January 1, 2001, the minimum distribution requirements of section 401(a)(9) of the Internal Revenue Code will be
applied in accordance with the regulations under section 401(a)(9) that were proposed on January 17, 2001, notwithstanding any provision of the Act to the contrary. These regulations shall be followed until the end of the last calendar year beginning before the effective date of final regulations under section 401(a)(9) or such other date as may be specified in guidance published by the Internal Revenue Service."

AN ACT TO AMEND CHAPTER 707 OF THE 1963 SESSION LAWS RELATED TO CURRENT EXPENSE EXPENDITURES FROM LOCAL FUNDS FOR THE SCOTLAND COUNTY SCHOOLS.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 707 of the 1963 Session Laws is amended by adding the following new sections:

"Sec. 9.1. For the 2002-2003 fiscal year only, current expense expenditures from local funds for the Scotland County Schools shall be eight million seven hundred thousand dollars ($8,700,000) and said sum shall be appropriated by the Scotland County Board of Commissioners from local funds, including both general and supplemental tax revenues, and not including fines and forfeitures or restricted use sales taxes authorized by Article 40 or 42 of Chapter 105 of the General Statutes.

Sec. 9.2. Beginning with the 2003-2004 fiscal year, the base amount of funding for current expense expenditures from local funds shall include the previous years' level of current expense expenditures (for example, eight million seven hundred thousand dollars ($8,700,000) in 2002-2003), multiplied by the average percentage change in current expense school expenditures for the most recent available fiscal year for low-wealth counties in North Carolina (all local expenditures shall include local current expense expenditures incurred by charter schools within the appropriate districts), as determined by the Superintendent of Public Instruction or that person's designee. The resulting product shall then be multiplied by a ratio consisting of the Average Daily Membership used to distribute State funding for the succeeding fiscal year as provided
by the Department of Public Instruction, divided by the Average Daily Membership used to distribute funding for the current fiscal year, as determined by the Superintendent of Public Instruction, or that person's designee. The resulting number shall be added to or subtracted from the previous year's amount of current expense expenditures from local funds. This sum shall be the required level of current expense funding to be appropriated by the Board of Commissioners from any local sources, including both general and supplemental tax revenues, and not including fines and forfeitures or restricted use sales taxes authorized by Article 40 or 42 of Chapter 105 of the General Statutes.

Sec. 9.3. Notwithstanding the provisions of Sections 9.1 and 9.2 of this act, the Scotland County Board of Commissioners and the Scotland County Board of Education may, in extraordinary economic circumstances, jointly set a level of current expense expenditures for a fiscal year. This deviation from Sections 9.1 and 9.2 of this act shall be valid only if approved by resolution of both boards."

SECTION 2. The remainder of Chapter 707 of the 1963 Session Laws is not changed by this act except to the extent any previously enacted provisions for the establishment and funding of current expense expenditures are inconsistent with the provisions of this act.

Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of this Article, may purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or (ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(c) Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of this Article, may purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

SECTION 2. G.S. 120-4.31 reads as rewritten:

"§ 120-4.31. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002."
(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and (e) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 1/2 years of age or April 1 of the calendar year following the calendar year in which the member terminates employment.

(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. However, in case of an eligible rollover distribution to the surviving spouse, an eligible retirement plan is an individual retirement account or an individual retirement annuity. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in
Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20. Provided, a distributee includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20, whichever may be applicable, are distributees with regard to the interest of the spouse or former spouse. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee.

SECTION 3. G.S.128-26 is amended by adding two new subsections to read:

"(t) Purchase of Service Credits Through Rollover Contributions From Certain Other Plans. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through rollover contributions to the Annuity Savings Fund from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code, (ii) an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, (iii) an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income, or (iv) a qualified plan described in Section 401(a) or 403(a) of the Internal Revenue Code. Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or (ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.
(u) Purchase of Service Credits Through Plan-to-Plan Transfers. — Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 128-26, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state."

SECTION 4.  G.S. 128-38.2 reads as rewritten:

"§ 128-38.2.  Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and (c) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.
(c) On and after January 1, 1989, the retirement allowance of a member who has
terminated employment shall begin no later than the later of April 1 of the calendar year
following the calendar year that the member attains 70 1/2 years of age or April 1 of the
calendar year following the calendar year in which the member terminates employment.

(d) This subsection applies to distributions made on or after January 1, 1993.
Notwithstanding any other provision of the Plan to the contrary that would otherwise
limit a distributee's election under this Article, a distributee may elect, at the time and in
the manner prescribed by the Plan administrator, to have any portion of an eligible
rollover distribution paid directly to an eligible retirement plan specified by the
distributee in a direct rollover. Provided, an eligible rollover distribution is any
distribution of all or any portion of the balance to the credit of the distributee, except
that an eligible rollover distribution does not include: any distribution that is one of a
series of substantially equal periodic payments (not less frequently than annually) made
for the life (or life expectancy) of the distributee or the joint lives (or joint life
expectancies) of the distributee and the distributee's designated beneficiary, or for a
specified period of 10 years or more; any distribution to the extent such distribution is
required under section 401(a)(9) of the Code; and the portion of any distribution that is
not includible in gross income (determined without regard to the exclusion for net
realized appreciation with respect to employer securities). Effective as of January 1,
2002, and notwithstanding the preceding sentence, a portion of a distribution shall not
fail to be an eligible rollover distribution merely because the portion consists of after-
tax employee contributions which are not includible in gross income. However, such
portion may be transferred only to an individual retirement account or annuity described
in Section 408(a) or (b) of the Code, or to a qualified defined contribution plan
described in Section 401(a) or 403(a) of the Code that agrees to separately account for
amounts so transferred, including separately accounting for the portion of such
distribution which is includible in gross income and the portion of such distribution
which is not so includible. Provided, an eligible retirement plan is an individual
retirement account described in section 408(a) of the Code, an individual retirement
annuity described in section 408(b) of the Code, an annuity plan described in section
403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that
accepts the distributee's eligible rollover distribution. However, in case of an eligible
rollover distribution to the surviving spouse, an eligible retirement plan is an individual
retirement account or an individual retirement annuity. Effective on and after January 1,
2002, an eligible retirement plan shall also mean an annuity contract described in
Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which
is maintained by a state, political subdivision of a state, or any agency or instrumentality
of a state or political subdivision of a state and which agrees to separately account for
amounts transferred into such plan from this Plan. The definition of eligible retirement
plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or
former spouse who is the alternate payee under a qualified domestic relations order, as
defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable
distribution of marital property, as provided under G.S. 50-30. Provided, a distributee
includes an employee or former employee. In addition, the employee's or former
employee's surviving spouse and the employee's or former employee's spouse or former
spouse who is the alternate payee under a qualified domestic relations order, as defined
in Section 414(p) of the Code, or a court-ordered equitable distribution of marital
property, as provided under G.S. 50-20, whichever may be applicable, are distributees
with regard to the interest of the spouse or former spouse. Provided further, a direct
rollerover is a payment by the Plan to the eligible retirement plan specified by the distributee."

SECTION 5. G.S. 135-4 is amended by adding two new subsections to read:

"(dd) Purchase of Service Credits Through Rollover Contributions From Certain Other Plans. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 135-4, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through rollover contributions to the Annuity Savings Fund from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code, (ii) an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, (iii) an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income, or (iv) a qualified plan described in Section 401(a) or 403(a) of the Internal Revenue Code. Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 135-4, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or (ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(ee) Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of G.S. 135-4, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

SECTION 6. G.S. 135-18.7 reads as rewritten:

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made
and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and (e) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 1/2 years of age or April 1 of the calendar year following the calendar year in which the member terminates employment.

(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a
specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. However, in case of an eligible rollover distribution to the surviving spouse, an eligible retirement plan is an individual retirement account or an individual retirement annuity. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. (a) Purchase of Service Credits Through Rollover Contributions From Certain Other Plans. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of this Article, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through rollover contributions to the Annuity Savings Fund from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code, (ii) an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, (iii) an individual

Notwithstanding the foregoing, the Retirement System shall not accept any amount as a rollover contribution unless such amount is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that such amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of this Article, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) an annuity contract described in Section 403(b) of the Internal Revenue Code or (ii) an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

(b) Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article, and without regard to any limitations on contributions otherwise set forth in this Article, a member, who is eligible to restore or purchase membership or creditable service pursuant to the provisions of this Article, may, subject to such rules and regulations established by the Board of Trustees, purchase such service credits through a direct transfer to the Annuity Savings Fund of funds from (i) the Supplemental Retirement Income Plans A, B, or C of North Carolina or (ii) any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code which is maintained by the State of North Carolina, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

SECTION 8. G.S. 135-74 reads as rewritten:

"§ 135-74. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars ($200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars ($150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.
Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars ($200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and (c) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after January 1, 1989, the retirement allowance of a member who has terminated employment shall begin no later than the later of April 1 of the calendar year following the calendar year that the member attains 70 1/2 years of age or April 1 of the calendar year following the calendar year in which the member terminates employment.

(d) This subsection applies to distributions made on or after January 1, 1993. Notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. Provided, an eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement account described in section 408(a) of the Code, an individual retirement
annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified trust described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. However, in case of an eligible rollover distribution to the surviving spouse, an eligible retirement plan is an individual retirement account or an individual retirement annuity. Effective on and after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in section 403(b) of the Code and an eligible plan under section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered equitable distribution of marital property, as provided under G.S. 50-20. Provided, a distributee includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, or a court ordered equitable distribution of marital property, as provided under G.S. 50-20, whichever may be applicable, are distributees with regard to the interest of the spouse or former spouse. Provided further, a direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee."

SECTION 9. Sections 1, 3, 5, and 7 of this act become effective January 1, 2003, or the date otherwise specified in the act, except that (i) the changes in G.S. 120-4.31(b), 128-38.2(b), 135-18.7(b) and 135-74(b) become effective January 1, 2000, and (ii) G.S. 120-4.16(c), 128-26(u), 135-4(ee), and 135-56.3(b), as enacted in those sections, become effective the later of January 1, 2003, or the date upon which the Department of State Treasurer receives a ruling from the Internal Revenue Service approving the direct transfers provided for in those subsections. The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-11(e) reads as rewritten:

"(e) Level 2 Restrictions. – A limited provisional license authorizes the license holder to drive a specified type or class of motor vehicle only under the following conditions:

(1) The license holder must be in possession of the license.
(2) The license holder may drive without supervision in any of the following circumstances:
   a. From 5:00 a.m. to 9:00 p.m.
   b. When driving to or from work.
   c. When driving to or from an activity of a volunteer fire department, volunteer rescue squad, or volunteer emergency medical service, if the driver is a member of the organization.
(3) The license holder may drive with supervision at any time. When the license holder is driving with supervision, the supervising driver must be seated beside the license holder in the front seat of the vehicle when it is in motion. The supervising driver need not be the only other occupant of the front seat, but must be the person seated next to the license holder.
(4) When the license holder is driving the vehicle and is not accompanied by the supervising driver, there may be no more than one passenger under 21 years of age in the vehicle. This limit does not apply to passengers who are members of the license holder's immediate family or whose primary residence is the same household as the license holder. However, if a family member or member of the same household as the license holder who is younger than 21 years of age is a passenger in the vehicle, no other passengers under 21 years of age, who are not members of the license holder's immediate family or members of the license holder's household, may be in the vehicle.
(4)(5) Every person occupying the vehicle being driven by the license holder must have a safety belt properly fastened about his or her body, or be restrained by a child passenger restraint system as provided in G.S. 20-137.1(a), when the vehicle is in motion."

SECTION 2. G.S. 20-11(l) reads as rewritten:

"(l) Violations. – It is unlawful for the holder of a limited learner's permit, a temporary permit, or a limited provisional license to drive a motor vehicle in violation of the restrictions that apply to the permit or license. Failure to comply with a restriction concerning the time of driving or the presence of a supervising driver in the vehicle constitutes operating a motor vehicle without a license. Failure to comply with any other restriction, including seating and passenger limitations, is an infraction punishable by a
monetary penalty as provided in G.S. 20-176. Failure to comply with the provisions of subsection (e) of this section shall not constitute negligence per se or contributory negligence by the driver or passenger in any action for the recovery of damages arising out of the operation, ownership or maintenance of a motor vehicle. Any evidence of failure to comply with the provisions of subsection (e) of this section shall not be admissible in any criminal or civil trial, action, or proceeding except in an action based on a violation of this section. No drivers license points or insurance surcharge shall be assessed for failure to comply with seating and occupancy limitations in subsection (e) of this section."

SECTION 3. This act becomes effective December 1, 2002, and applies to limited provisional licenses issued on or after that date.

In the General Assembly read three times and ratified this the 1st day of August, 2002.

Became law upon approval of the Governor at 3:45 p.m. on the 12th day of August, 2002.

(a1) The General Assembly further declares that the lawful design, marketing, manufacture, distribution, sale, or transfer of firearms or ammunition to the public is not an unreasonably dangerous activity and does not constitute a nuisance per se and furthermore, that it is the unlawful use of firearms and ammunition, rather than their lawful design, marketing, manufacture, distribution, sale, or transfer that is the proximate cause of injuries arising from their unlawful use. This subsection applies only to causes of action brought under subsection (g) of this section.

(b) Unless otherwise permitted by statute, no county or municipality, by ordinance, resolution, or other enactment, shall regulate in any manner the possession, ownership, storage, transfer, sale, purchase, licensing, or registration of firearms, firearms ammunition, components of firearms, dealers in firearms, or dealers in handgun components or parts.

(d) No county or municipality, by zoning or other ordinance, shall regulate in any manner firearms shows with regulations more stringent than those applying to shows of other types of items.

Nothing contained in this section prohibits municipalities or counties from exercising powers provided by law in declared states of emergency under Article 36A of this Chapter.

(g) The authority to bring suit and the right to recover against any firearms or ammunition marketer, manufacturer, distributor, dealer, seller, or trade association by or on behalf of any governmental unit, created by or pursuant to an act of the General Assembly or the Constitution, or any department, agency, or authority thereof, for damages, abatement, injunctive relief, or any other remedy resulting from or relating to the lawful design, marketing, manufacture, distribution, sale, or transfer of firearms or ammunition to the public is reserved exclusively to the State. Any action brought by the State pursuant to this section shall be brought by the Attorney General on behalf of the State. S.B. 1416 Session Law 2002-87

AN ACT TO IMPROVE THE LOW-INCOME HOUSING TAX CREDIT BY MAKING IT SIMPLER AND LESS COSTLY WHILE PROVIDING THE SAME
LEVEL OF INCENTIVES FOR THE CONSTRUCTION OF LOW-INCOME HOUSING AND TO MODIFY THE FORMULA FOR CALCULATING NORTH CAROLINA ESTATE TAX ON ESTATES WITH PROPERTY IN MORE THAN ONE STATE.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 3E. Low-Income Housing Tax Credits."

§ 105-129.40. Definitions applicable to Article.
The definitions in section 42 of the Code and the following definitions apply in this Article:

(2) Pass-Through Entity. – Defined in G.S. 105-129.35.

§ 105-129.41: Reserved.

§ 105-129.42. Credit for low-income housing awarded a federal credit allocation on or after January 1, 2003.

(a) Definitions. – The following definitions apply in this section:

(1) Qualified Allocation Plan. – The plan governing the allocation of federal low-income housing tax credits for a particular year, as approved by the Governor after a public hearing and publication in the North Carolina Register.

(2) Qualified North Carolina Low-Income Housing Development. – A qualified low-income project or building that is allocated a federal tax credit under section 42(h)(1) of the Code and is described in subsection (c) of this section.

(3) Qualified Residential Unit. – A housing unit that meets the requirements of section 42 of the Code.

(b) Credit. – A taxpayer who is allocated a federal low-income housing tax credit under section 42 of the Code to construct or substantially rehabilitate a qualified North Carolina low-income housing development is allowed a credit equal to a percentage of the development's eligible basis, as determined pursuant to section 42(d) of the Code. For the purpose of this section, eligible basis is calculated based on the information contained in the carryover allocation and is not recalculated to reflect subsequent increases or decreases. No credit is allowed for a development that uses tax-exempt bond financing.

(c) Developments and Amounts. – The following table sets out the housing developments that are qualified North Carolina low-income housing developments and are allowed a credit under this section. The table also sets out the percentage of the development's eligible basis for which a credit is allowed. The designation of a county or city as Low Income, Moderate Income, or High Income and determinations of affordability are made by the Housing Finance Agency in accordance with the Qualified Allocation Plan in effect as of the time the federal credit is allocated. A change in the income designation of a county or city after a federal credit is allocated does not affect the percentage of the developer's eligible basis for which a credit is allowed. The affordability requirements set out in the chart apply for the duration of the federal tax
credit compliance period. If in any year a taxpayer fails to meet these affordability requirements, the credit is forfeited under subsection (h) of this section.

(d) Election. – When a taxpayer to whom a federal low-income housing credit is allocated submits to the Housing Finance Agency a request to receive a carryover allocation for that credit, the taxpayer must elect a method for receiving the tax credit allowed by this section. A taxpayer may elect to receive the credit in the form of either a direct tax refund or a loan generated by transferring the credit to the Housing Finance Agency. Neither a direct tax refund nor a loan received as the result of the transfer of the credit is considered taxable income under this Chapter.

Under the direct tax refund method, a taxpayer elects to apply the credit allowed by this section to the taxpayer's liability under Article 4 of this Chapter. If the credit allowed by this section exceeds the amount of tax imposed by Article 4 for the taxable year, reduced by the sum of all other credits allowable, the Secretary must refund the excess. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before this credit. The provisions that apply to an overpayment of tax apply to the refundable excess of a credit allowed under this section.

Under the loan method, a taxpayer elects to transfer the credit allowed by this section to the Housing Finance Agency and receive a loan from that Agency for the amount of the credit. The terms of the loan are specified by the Housing Finance Agency in accordance with the Qualified Allocation Plan.

(e) Exception When No Carryover. – If a taxpayer does not submit to the Housing Finance Agency a request to receive a carryover allocation, the taxpayer must elect the method for receiving the credit allowed by this section when the taxpayer submits to the Agency federal Form 8609. A taxpayer to whom this subsection applies claims the credit for the taxable year in which the taxpayer submits federal Form 8609.

(f) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this Article does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming the credit allowed by this Article.
return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, the credit allowed under this Article does not affect the entity's payment of tax on behalf of its owners.

(g) Return and Payment. – A taxpayer may claim the credit allowed by this section on a return filed for the taxable year in which the taxpayer receives a carryover allocation of a federal low-income housing credit. The return must state the name and location of the qualified low-income housing development for which the credit is claimed.

If a taxpayer chooses the loan method for receiving the credit allowed under this section, the Secretary must transfer to the Housing Finance Agency the amount of credit allowed the taxpayer. The Agency must loan the taxpayer the amount of the credit on terms consistent with the Qualified Allocation Plan. The Housing Finance Agency is not required to make a loan to a qualified North Carolina low-income housing development until the Secretary transfers the credit amount to the Agency.

If the taxpayer chooses the direct tax refund method for receiving the credit allowed under this section, the Secretary must transfer to the Housing Finance Agency the refundable excess of the credit allowed the taxpayer. The Agency holds the refund due the taxpayer in escrow, with no interest accruing to the taxpayer during the escrow period. The Agency must release the refund to the taxpayer upon the occurrence of the earlier of the following:

(1) The Agency determines that the taxpayer has complied with the Qualified Allocation Plan and has completed at least fifty percent (50%) of the activities included in the development's eligible basis.

(2) Within 30 days after the development is placed in service date.

(h) Forfeiture. – A taxpayer that receives a credit under this section must immediately report any recapture event under section 42 of the Code to the Housing Finance Agency. If the taxpayer or any of its owners are required under section 42(j) of the Code to recapture all or part of a federal credit with respect to a qualified North Carolina low-income development, the taxpayer forfeits the corresponding part of the credit allowed under this section. This requirement does not apply in the following circumstances:

(1) When the recapture of part or all of the federal credit is the result of an event that occurs in the sixth or a subsequent calendar year after the calendar year in which the development was awarded a federal credit allocation.

(2) The taxpayer elected to transfer the credit allowed by this section to the Housing Finance Agency.

(i) Liability From Forfeiture. – A taxpayer that forfeits all or part of the credit allowed under this section is liable for all past taxes avoided and any refund claimed as a result of the credit plus interest at the rate established under G.S. 105-241.1(i). The interest rate is computed from the date the Secretary transferred the credit amount to the Housing Finance Agency. The past taxes, refund, and interest are due 30 days after the date the credit is forfeited. A taxpayer that fails to pay the taxes, refund, and interest by the due date is subject to the penalties provided in G.S. 105-236.

"§ 105-129.43. Substantiation.

A taxpayer allowed a credit under this Article must maintain and make available for inspection any information or records required by the Secretary of Revenue or the Housing Finance Agency. The burden of proving eligibility for a credit and the amount of the credit rests upon the taxpayer.
§ 105-129.44. Report.
The Department of Revenue must report to the Revenue Laws Study Committee and the Fiscal Research Division of the General Assembly by May 1 of each year the following information for the 12-month period ending the preceding April 1:

1. The number of taxpayers that claimed the credit allowed in this Article.
2. The location of each qualified North Carolina low-income building or housing development for which a credit was claimed.
3. The total cost to the General Fund of the credits claimed.

§ 105-129.45. Sunset.
This Article is repealed effective January 1, 2006. The repeal applies to developments to which federal credits are allocated on or after January 1, 2006.

SECTION 2. G.S. 105-129.16B is recodified as G.S. 105-129.41 and reads as rewritten:

§ 105-129.41. Credit for low-income housing awarded a federal credit allocation before January 1, 2003.
(a) Credit. – A taxpayer that is allowed for the taxable year a federal income tax credit for low-income housing awarded a federal credit allocation before January 1, 2003.

(a1) Tax Election. – The credit allowed in this section is allowed against the franchise tax levied in Article 3 of this Chapter, the income taxes levied in Article 4 of this Chapter, or the gross premiums tax levied in Article 8B of this Chapter. The taxpayer must elect the tax against which the credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax.

(a2) Cap. – The credit allowed in this section may not exceed fifty percent (50%) of the tax against which it is claimed for the taxable year, reduced by the sum of all other credits made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under
this section against each tax for the taxable year. Any unused portion of the credit may be carried forward for the succeeding five years.

(b) Timing. – The credit must be taken in equal installments over the five years beginning in the first taxable year in which the federal credit is claimed for that building. During the first taxable year in which the credit allowed under this section may be taken with respect to a building, the amount of the installment must be multiplied by the applicable fraction under section 42(f)(2)(A) of the Code. Any reduction in the amount of the first installment as a result of this multiplication is carried forward and may be taken in the first taxable year after the fifth installment is allowed under this section.

(b1) Allocation. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this section may allocate the credit among any of its owners in its discretion as long as the amount of credit allocated to an owner does not exceed the owner's adjusted basis in the pass-through entity, as determined under the Code, at the end of the taxable year in which the federal credit is first claimed, an owner's adjusted basis in the pass-through entity, as determined under the Code at the end of the taxable year in which the federal credit is first claimed, is at least forty percent (40%) of the amount of credit allocated to that owner. Owners to whom a credit is allocated are allowed the credit as if they had qualified for the credit directly. A pass-through entity and its owners must include with their tax returns for every taxable year in which an allocated credit is claimed a statement of the allocation made by the pass-through entity and the allocation that would have been required under G.S. 105-131.8 or G.S. 105-269.15.

(c) Definitions. – The definitions in section 42 of the Code apply in this section. In addition, as used in this section the term "qualified North Carolina low-income building" means a qualified low-income building that was allocated a federal credit under section 42(h)(1) of the Code, was not allowed a federal credit under section 42(h)(4) of the Code, and meets any of the following conditions:

(1) It is located in an area that, at the time the federal credit is allocated to the building, is a tier one or two enterprise area, as defined in G.S. 105-129.3.

(1a) (Expires January 1, 2005) It is located in a county that, at the time the federal credit is allocated to the building, has been designated as having sustained severe or moderate damage from a hurricane or a hurricane-related disaster, according to the Federal Emergency Management Agency impact map, revised on September 25, 1999. Those counties are Bertie, Beaufort, Bladen, Brunswick, Carteret, Columbus, Craven, Dare, Duplin, Edgecombe, Greene, Halifax, Hertford, Jones, Lenoir, Martin, Nash, New Hanover, Northampton, Onslow, Pasquotank, Pender, Pitt, Washington, Wayne, and Wilson Counties.

(2) It is located in an area that, at the time the federal credit is allocated to the building, is a tier three or four enterprise area, and forty percent (40%) of its residential units are both rent-restricted and occupied by individuals whose income is fifty percent (50%) or less of area median gross income as defined in the Code.

(3) It is located in an area that, at the time the federal credit is allocated to the building, is a tier five enterprise area, and forty percent (40%) of its residential units are both rent-restricted and occupied by individuals.
whose income is thirty-five percent (35%) or less of area median gross income as defined in the Code.

(d) Expiration. – If, in one of the five years in which an installment of the credit under this section accrues, the taxpayer is no longer eligible for the corresponding federal credit with respect to the same qualified North Carolina low-income building, then the credit under this section expires and the taxpayer may not take any remaining installment of the credit. If, in one of the five years in which an installment of the credit under this section accrues, the building no longer qualifies as a low-income building under subdivision (2) or (3) of subsection (c) of this section because less than forty percent (40%) of its residential units are both rent-restricted and occupied by individuals who meet the income requirements, then the credit under this section expires and the taxpayer may not take any remaining installments of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.17.

(e) Forfeiture for Disposition. – If the taxpayer is required under section 42(j) of the Code to recapture all or part of a federal credit under that section with respect to a qualified North Carolina low-income building, the taxpayer must report the recapture event to the Secretary and to the Housing Finance Agency. The taxpayer forfeits the corresponding part of the credit allowed under this section with respect to that qualified North Carolina low-income building. If the credit was allocated among the owners of a pass-through entity, the forfeiture applies to the owners in the same proportion that the credit was allocated. This subsection does not apply when the recapture of part or all of the federal credit is the result of an event that occurs after the credit period described in subsection (b) of this section.

(f) Forfeiture for Change in Ownership. – If an owner of a pass-through entity that has qualified for the credit allowed under this section disposes of all or a portion of the owner’s interest in the pass-through entity within five years from the date the federal credit is first claimed and the owner’s interest in the pass-through entity is reduced to less than two-thirds of the owner’s interest in the pass-through entity at the time the federal credit is first claimed, the owner must report the change to the Secretary and to the Housing Finance Agency. The owner forfeits a portion of the credit. The amount forfeited is determined by multiplying the amount of credit by the percentage reduction in ownership and then multiplying that product by the forfeiture percentage. The forfeiture percentage equals the recapture percentage found in the table in section 50(a)(1)(B) of the Code. The remaining allowable credit is allocated equally among the five years in which the credit is claimed. Forfeiture as provided in this subsection is not required if the change in ownership is the result of any of the following:

1. The death of the owner.
2. A merger, consolidation, or similar transaction requiring approval by the shareholders, partners, or members of the taxpayer under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, consolidation, or other similar transaction.

(g) Liability From Forfeiture. – A taxpayer or an owner of a pass-through entity that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer or
owner of a pass-through entity that fails to pay the taxes and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 3. G.S. 105-129.15(4a) is repealed.

SECTION 4. G.S. 105-129.15A reads as rewritten:

"§ 105-129.15A. Sunset.

G.S. 105-129.16 is repealed effective for business property placed in service on or after January 1, 2002. The remainder of this Article is repealed effective January 1, 2006. The repeal of G.S. 105-129.16A applies to renewable energy property placed in service on or after January 1, 2006. The repeal of G.S. 105-129.16B applies to buildings to which federal credits are allocated on or after January 1, 2006. (2000-173, s. 1(d))."

SECTION 5. G.S. 105-129.17(a) reads as rewritten:

"(a) Tax Election. – The credits allowed in this Article are allowed against the franchise tax levied in Article 3 of this Chapter or the income taxes levied in Article 4 of this Chapter. In addition, the credit allowed under G.S. 105-129.16B is allowed against the gross premiums tax levied in Article 8B of this Chapter. The taxpayer must elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of a credit must be claimed against the same tax."

SECTION 6. G.S. 105-129.19(2a) is repealed.

SECTION 7. G.S. 105-259(b) is amended by adding a new subdivision to read:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

... (28) To exchange information concerning a tax credit claimed under Article 3E of this Chapter with the North Carolina Housing Finance Agency."

SECTION 8. G.S. 105-256(a) is amended by adding a new subdivision to read:

"(7) The reports required under G.S. 105-129.19 and G.S. 105-129.44."

SECTION 9. G.S. 105-32.2(b) reads as rewritten:

"(b) Amount. – The amount of the estate tax imposed by this section is the maximum credit for state death taxes allowed under section 2011 of the Code. If any property in the estate is located in a state other than North Carolina, the amount of tax payable is the North Carolina percentage of the credit.

If the decedent was a resident of this State at death, the North Carolina percentage is the net value of the estate that does not have a tax situs in another state, divided by the net value of all property in the estate. If the decedent was not a resident of this State at death, the North Carolina percentage is the net value of real property that is located in North Carolina plus the net value of any personal property that has a tax situs in North Carolina, divided by the net value of all property in the estate, unless the decedent's state of residence uses a different formula to determine that state's percentage. In that circumstance, the North Carolina percentage is the amount determined by the formula used by the decedent's state of residence.

The net value of property that is located in or has a tax situs in this State is its gross value reduced by any debt secured by that property. The net value of all the property in the estate is its gross value reduced by any debts and deductions of the estate depends on whether the decedent was a resident of this State at death. If the decedent was a
resident of this State at death, the amount of tax due under this section is reduced by the lesser of the amount of the death tax paid the other state or an amount computed by multiplying the credit by a fraction, the numerator of which is the gross value of the estate that has a tax situs in another state and the denominator of which is the value of the decedent's gross estate. If the decedent was not a resident of this State at death, the amount of tax due under this section is an amount computed by multiplying the credit by a fraction, the numerator of which is the gross value of real property that is located in North Carolina plus the gross value of any personal property that has a tax situs in North Carolina and the denominator of which is the value of the decedent's gross estate. For purposes of this section, the gross value of property is its gross value as finally determined in the federal estate tax proceedings.

SECTION 10. Section 9 of this act is effective on and after January 1, 2002, and applies to the estates of decedents dying on or after that date. The remainder of this act is effective when it becomes law. Section 2 of this act applies to credits for buildings that are awarded a federal credit allocation before January 1, 2003, and for which a federal tax credit is first claimed for a taxable year beginning on or after January 1, 2002.

In the General Assembly read three times and ratified this the 15th day of August, 2002.

AN ACT AUTHORIZING ADDITIONAL METHODS FOR BIDDING ON PUBLIC PROCUREMENT CONTRACTS, AND AMENDING THE LAW REGARDING BRAND NAME SPECIFICATION IN THE COMPETITIVE BIDDING PROCESS FOR PUBLIC CONTRACTS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 8 of Chapter 143 of the General Statutes is amended by adding a new section to read:

§ 143-129.9. Alternative competitive bidding methods.

(a) A political subdivision of the State may use any of the following methods to obtain competitive bids for the purchase of apparatus, supplies, materials, or equipment as an alternative to the otherwise applicable requirements in this Article:

(1) Reverse auction. – For purposes of this section, "reverse auction" means a real-time purchasing process in which bidders compete to provide goods at the lowest selling price in an open and interactive environment. The bidders' prices may be revealed during the reverse auction. A reverse auction may be conducted by the political subdivision or by a third party under contract with the political subdivision. A political subdivision may also conduct a reverse auction through the State electronic procurement system, and compliance with the procedures and requirements of the State's reverse auction process satisfies the political subdivision's obligations under this Article.

(2) Electronic bidding. – A political subdivision may receive bids electronically in addition to or instead of paper bids. Procedures for receipt of electronic bids for contracts that are subject to the requirements of G.S. 143-129 shall be designed to ensure the security, authenticity, and confidentiality of the bids to at least the same extent as is provided for with sealed paper bids.
(b) The requirements for advertisement of bidding opportunities, timeliness of the receipt of bids, the standard for the award of contracts, and all other requirements in this Article that are not inconsistent with the methods authorized in this section shall apply to contracts awarded under this section.

(c) Reverse auctions shall not be utilized for the purchase or acquisition of construction aggregates, including, but not limited to, crushed stone, sand, and gravel.

SECTION 2. G.S. 143-53(a)(5) reads as rewritten:

"(5) Prescribing conditions under which purchases and contracts for the purchase, installment or lease-purchase, rental or lease of equipment, materials, supplies or services may be entered into by means other than competitive bidding, including, but not limited to, negotiation, reverse auctions, and acceptance of electronic bids. Reverse auctions may only be utilized for the purchase or exchange of supplies, equipment, and materials as provided in G.S. 115C-522. Notwithstanding the provisions of subsections (a) and (b) of this section, any waiver of competition for the purchase, rental, or lease of equipment, materials, supplies, or services is subject to prior review by the Secretary, if the expenditure exceeds ten thousand dollars ($10,000). The Division may levy a fee, not to exceed one dollar ($1.00), for review of each waiver application."

SECTION 3. Notwithstanding any other provision of law to the contrary, the Secretary may conduct a pilot program for reverse auctions. The reverse auctions shall be utilized only for the purchase or exchange of those supplies, equipment, and materials as provided in G.S. 115C-522, for use by the public school systems. The Secretary shall report the results of the pilot program to the Joint Select Committee on Information Technology, upon the convening of the 2003 General Assembly.

SECTION 4. G.S. 147-33.95 reads as rewritten:

"§ 147-33.95. Procurement of information technology.

(a) Notwithstanding any other provision of law, the Office of Information Technology Services shall procure all information technology for State agencies. For purposes of this section, agency means any department, institution, commission, committee, board, division, bureau, office, officer, or official of the State, unless specifically exempted in this Article. The Office shall integrate technological review, cost analysis, and procurement for all information technology needs of those State agencies in order to make procurement and implementation of technology more responsive, efficient, and cost-effective. All contract information shall be made a matter of public record after the award of contract. Provided, that trade secrets, test data, similar proprietary information, and security information protected under G.S. 132-6.1(c) may remain confidential.

(b) The Office shall have the authority and responsibility, subject to the provisions of this Part, to:

(1) Purchase or to contract for, by suitable means, including, but not limited to, negotiations, reverse auctions, and the solicitation, offer, and acceptance of electronic bids, and in conformity with G.S. 143-135.9, all information technology in the State government, or any of its departments, institutions, or agencies covered by this Part, or to authorize any department, institution, or agency covered by this Part to purchase or contract for such information technology.
(2) Establish processes, specifications, and standards which shall apply to all information technology to be purchased, licensed, or leased in the State government or any of its departments, institutions, or agencies covered by this Part.

(3) Comply with the State government-wide technical architecture, as required by the Information Resources Management Commission.

(c) For purposes of this section, "reverse auction" means a real-time purchasing process in which vendors compete to provide goods or services at the lowest selling price in an open and interactive electronic environment. The vendor's price may be revealed during the reverse auction. The Office may contract with a third-party vendor to conduct the reverse auction.

(d) For purposes of this section, "electronic bidding" means the electronic solicitation and receipt of offers to contract. Offers may be accepted and contracts may be entered by use of electronic bidding.

(e) The Office may use the electronic procurement system established by G.S. 143-48.3 to conduct reverse auctions and electronic bidding. All requirements relating to formal and competitive bids, including advertisement, seal, and signature, are satisfied when a procurement is conducted or a contract is entered in compliance with the reverse auction or electronic bidding requirements established by the Office.

(f) The Office may adopt rules consistent with this section."

SECTION 5. G.S. 133-3 reads as rewritten:

"§ 133-3. Specifications to carry competitive items; substitution of materials. All architects, engineers, designers, or draftsmen, when providing design services, or writing specifications, directly or indirectly, for materials to be used in any city, county or State work, shall specify in their plans the required performance and design characteristics of such materials. However, when it is impossible or impractical to specify the required performance and design characteristics for such materials, then the architect, engineer, designer or draftsman may use a brand name specification so long as they cite three or more examples of items of equal design or equivalent design, which would establish an acceptable range for items of equal or equivalent design. The specifications shall state clearly that the cited examples are used only to denote the quality standard of product desired and that they do not restrict bidders to a specific brand, make, manufacturer or specific name; that they are used only to set forth and convey to bidders the general style, type, character and quality of product desired; and that equivalent products will be acceptable. Where it is impossible to specify performance and design characteristics for such materials and impossible to cite three or more items due to the fact that there are not that many items of similar or equivalent design in competition, then as many items as are available shall be cited. On all city, county or State works, the maximum interchangeability and compatibility of cited items shall be required. The brand of product used on a city, county or State work shall not limit competitive bidding on future works. If an architect, engineer, designer, draftsman or owner prefers a particular brand of material, then such brand shall be bid as an alternate to the base bid and in such case the base bid shall cite three or more examples of items of equal or equivalent design, which would establish an acceptable range for items of equal or equivalent design. Substitution of materials, items, or equipment of equal or equivalent design shall be submitted to the architect or engineer for approval or disapproval; such approval or disapproval shall be made by the architect or engineer prior to the opening of bids. The purpose of this statute is to mandate and encourage free and open competition on public contracts."
SECTION 6. This act is effective when it becomes law.
In the General Assembly read three times and ratified this the 28th day of August, 2002.
Became law upon approval of the Governor at 4:55 p.m. on the 6th day of September, 2002.

AN ACT TO ESTABLISH A CONTRACT RIGHT REGARDING THE TIMING OF PAYMENTS UNDER CONTRACTS REQUIRING REIMBURSEMENT OF FEDERAL FUEL EXCISE TAXES AND TO MAKE VARIOUS MOTOR FUEL EXCISE TAX CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 119 of the General Statutes is amended by adding a new Article to read:

"Article 6.
"Contract Rights Regarding Tax Reimbursement.

(a) Right. – When a contract calls for one party to reimburse a second party for the federal manufacturer's excise taxes levied on petroleum products in Part III of Subchapter A of Chapter 32 of the Internal Revenue Code, whether as a separate item or as part of the price, the party making the reimbursement has the right to choose to tender payment for the taxes no more than one business day before the day the second party is required to remit the taxes to the federal Internal Revenue Service. The party making the reimbursement has the option of exercising this right. Exercise of this right does not relieve the party of the obligation to make the reimbursement as provided for in the contract, but affects only the timing of when that reimbursement must be tendered.

(b) Procedure. – In order to exercise the contractual right established in subsection (a) of this section, the party making the reimbursement must notify the second party in writing of the intent to exercise the payment option and the effective date of the exercise. The effective date must be no earlier than the beginning of the next federal tax quarter or 30 days after the notice of intent is received, whichever is later.

(c) Security. – If the party making the reimbursement exercises the contractual right provided in this section, the second party may require security for the payment of the taxes in proportion to the amount the taxes represent compared to the security required on the contract as a whole. The second party may not, however, change the other payment terms of the contract without a valid business reason other than the exercise of the contractual right, except to require the payment of the taxes under the contractual right to be made by electronic funds transfer."

SECTION 2. G.S. 105-449.41 is repealed.

SECTION 3. G.S. 105-449.47 is amended by adding a new subsection to read:

"§ 105-449.47. Registration of vehicles.
(a) Requirement. – A motor carrier that is subject to the International Fuel Tax Agreement may not operate or cause to be operated in this State any vehicle listed in the definition of motor vehicle unless both the motor carrier and the motor vehicle are registered with the motor carrier's base state jurisdiction. (a1) Registration and Identification Marker. – When the Secretary registers a motor carrier, the Secretary must issue at least one identification marker for each motor vehicle operated by the motor carrier. A motor carrier must keep records of identification markers issued to it and must be able to account for all identification markers it receives from the Secretary. Registrations and identification markers issued by the Secretary are for a calendar year. The Secretary may renew a registration or an identification marker without issuing a new registration or identification marker. All identification markers issued by the Secretary remain the property of the State. The Secretary may withhold or revoke a registration or an identification marker when a motor carrier fails to comply with this Article, former Article 36 or 36A of this Subchapter, or Article 36C or 36D of this Subchapter.

A motor carrier must carry a copy of its registration in each motor vehicle operated by the motor carrier when the vehicle is in this State. A motor vehicle must clearly display an identification marker at all times. The identification marker must be affixed to the vehicle for which it was issued in the place and manner designated by the authority that issued it.

(b) Exemption. – This section does not apply to the operation of a vehicle that is registered in another state and is operated temporarily in this State by a public utility, a governmental or cooperative provider of utility services, or a contractor for one of these entities for the purpose of restoring utility services in an emergency outage."

SECTION 4. G.S. 105-449.52 reads as rewritten:

"§ 105-449.52. Penalty for operating a motor vehicle without a registration card or an identification marker. Civil penalties applicable to motor carriers.

(a) Penalty. – A motor carrier who does any of the following is subject to a civil penalty:

(2) Is unable to account for identification markers the Secretary issues the motor carrier, as required by G.S. 105-449.47. The amount of the penalty is one hundred dollars ($100.00) for each identification marker the carrier is unable to account for.

Both the licensed motor carrier to whom the Secretary issued the identification marker and the motor carrier displaying the unlawfully obtained identification marker are jointly and severally liable for the penalty under this subdivision.

The penalty imposed under this section is payable to the Department of Revenue or the Division of Motor Vehicles. When a motor vehicle is found to be operating
without a registration card or an identification marker or with an identification marker the Secretary did not issue for the vehicle, the motor vehicle may not be driven for a purpose other than to park the motor vehicle until the penalty imposed under this section is paid unless the officer that imposes the penalty determines that operation of the motor vehicle will not jeopardize collection of the penalty.

(b) Hearing. – The procedure set out in G.S. 105-449.119 for protesting a penalty imposed under Article 36C, Part 6, of this Chapter applies to a penalty imposed under this section.”

SECTION 10. G.S. 105-449.87 reads as rewritten:

"§ 105-449.87. Backup tax and liability for the tax.

(a) Tax. – An excise tax at the motor fuel rate is imposed on the following:

1. Dyed diesel fuel that is used to operate a highway vehicle for a use that is not a nontaxable use under § 4082 (b) of the Code. The tax does not apply, however, to dyed diesel fuel that is used to operate special mobile equipment.
2. Motor fuel that was allowed an exemption from the motor fuel tax and was then used for a taxable purpose.
(3) Motor fuel that is used to operate a highway vehicle after an application for a refund of tax paid on the motor fuel is made or allowed under G.S. 105-449.107(a) on the basis that the motor fuel was used for an off-highway purpose.

(5) Motor fuel that, based on its shipping document, is destined for delivery to another state and is then diverted and delivered in this State.

(b) General Liability. – The operator of a highway vehicle that uses motor fuel that is taxable under subdivisions (a)(1) through (a)(3) of this section is liable for the tax. If the highway vehicle that uses the fuel is owned by or leased to a motor carrier, the motor carrier is jointly and severally liable for the tax. If the end seller of motor fuel taxable under this section knew or had reason to know that the motor fuel would be used for a purpose that is taxable under this section, the end seller is jointly and severally liable for the tax. If the Secretary determines that a bulk-end user or retailer used or sold untaxed dyed diesel fuel to operate a highway vehicle when the fuel is dispensed from a storage facility or through a meter marked for nonhighway use, all fuel delivered into that storage facility is presumed to have been used to operate a highway vehicle. An end seller of dyed diesel fuel is considered to have known or had reason to know that the fuel would be used for a purpose that is taxable under this section if the end seller delivered the fuel into a storage facility that was not marked as required by G.S. 105-449.123.

(c) Imputed Knowledge—Diverted Fuel. – An end seller of dyed diesel fuel is considered to have known or had reason to know that the fuel would be used for a purpose that is taxable under this section if the end seller delivered the fuel into a storage facility that was not marked as required by G.S. 105-449.123. The person who authorizes a change in the destination state of motor fuel from the state given on the fuel's shipping document to North Carolina is liable for the tax due on the motor fuel. If motor fuel is diverted from North Carolina to another state, only the person who authorized the fuel to be diverted is eligible for a refund of the amount of tax paid on the fuel.

SECTION 11. G.S. 105-449.88 is amended by adding a new subdivision to read:

"(8) Motor fuel sold to a county or a municipal corporation for its use."

SECTION 12. G.S. 105-449.101(a) reads as rewritten:

"(a) Requirement. – A person that transports, by pipeline, marine vessel, railroad tank car, or transport truck, motor fuel that is being imported into this State or exported from this State—motor fuel transporter that imports motor fuel into this State or exports motor fuel from this State—must file a monthly informational return with the Secretary that shows motor fuel received or delivered for import or export by the transporter during the month. This requirement does not apply to a distributor that is not required to be licensed as a motor fuel transporter."

SECTION 13. G.S. 105-449.106(a) reads as rewritten:

"(a) Government and Nonprofits. – A local governmental entity or a nonprofit organization listed below that purchases and uses motor fuel may receive a quarterly refund, for the excise tax paid during the preceding quarter, at a rate equal to the amount of the flat cents-per-gallon rate plus the variable cents-per-gallon rate in effect during the quarter for which the refund is claimed, less one cent (1¢) per gallon.
An application for a refund allowed under this subsection must be made in accordance with this Part and must be signed by the chief executive officer of the entity or organization. The chief executive officer of a nonprofit organization is the president of the organization or another officer of the organization designated in the charter or bylaws of the organization.

Any of the following entities may receive a refund under this subsection:

1. A county or a municipal corporation.
2. A private, nonprofit organization that transports passengers under contract with or at the express designation of a unit of local government.
3. A volunteer fire department.
4. A volunteer rescue squad.
5. A sheltered workshop recognized by the Department of Health and Human Services.

SECTION 14. G.S. 105-449.114(c) reads as rewritten:

The memorandum or agreement shall be approved by the Council and signed by the Chief on behalf of the Tribe and shall be signed by the Secretary of Revenue on behalf of Department of Revenue. The memorandum or agreement may not affect the right of an individual member of the Tribe to a refund and shall provide for deduction of amounts refunded to individual members of the Tribe from the amounts to be refunded to the Tribe on behalf of all members. The memorandum or agreement may be effective for a definite or indefinite period, as specified in the agreement."

SECTION 15. G.S. 105-449.115(f) reads as rewritten:

"(f) Sanctions Against Transporter. – The following acts are grounds for a civil penalty payable to the Department of Transportation, Division of Motor Vehicles, or the Department of Revenue:

1. Transporting motor fuel in a railroad tank car or transport truck without a shipping document or with a false or an incomplete shipping document.
2. Delivering motor fuel to a destination state other than that shown on the shipping document.

The penalty imposed under this subsection is payable by the person in whose name the conveyance is registered, if the conveyance is a transport truck, and is payable by the person responsible for the movement of motor fuel in the conveyance, if the conveyance is a railroad tank car. The amount of the penalty depends on whether the person against whom the penalty is assessed has previously been assessed a penalty under this subsection. For a first assessment under this subsection, the penalty is one thousand five hundred dollars ($1,500). For a second or subsequent assessment under this subsection, the penalty is seven thousand five hundred dollars ($7,500). A penalty imposed under this subsection is in addition to any motor fuel tax assessed."

SECTION 16. Part 6 of Article 36C of Chapter 105 of the General Statutes is amended by adding new section to read:
§ 105-449.115A. Shipping document required to transport fuel by tank wagon.

(a) Issuance. – A person may not transport motor fuel by tank wagon unless that person has an invoice, bill of sale, or shipping document containing the following information and any other information required by the Secretary:

(1) The name and address of the person from whom the motor fuel was received.
(2) The date the fuel was loaded.
(3) The type of fuel.
(4) The gross number of gallons loaded.

(b) Duties of Transporter. – A person to whom an invoice, bill of sale, or shipping document was issued must do all of the following:

(1) Carry the invoice, bill of sale, or shipping document in the conveyance for which it is issued when transporting the motor fuel described in it.
(2) Show the invoice, bill of sale, or shipping document upon request when transporting the motor fuel described in it.

(c) Sanctions. – Transporting motor fuel in a tank wagon without an invoice, bill of sale, or shipping document containing the information required by this section is grounds for a civil penalty payable to the Department of Transportation, Division of Motor Vehicles, or the Department of Revenue. The penalty imposed under this subsection is payable by the person in whose name the tank wagon is registered. The amount of the penalty is one thousand dollars ($1,000). A penalty imposed under this subsection is in addition to any motor fuel tax assessed.

SECTION 17. G.S. 105-449.118 reads as rewritten:

§ 105-449.118. Civil penalty for buying or selling non-tax-paid motor fuel.

A person who dispenses non-tax-paid motor fuel into the supply tank of a highway vehicle or who allows non-tax-paid motor fuel to be dispensed into the supply tank of a highway vehicle is subject to a civil penalty of two hundred fifty dollars ($250.00) per occurrence. The penalty is based on the amount of motor fuel dispensed and is set at the following amounts:

<table>
<thead>
<tr>
<th>Number of Gallons Dispensed</th>
<th>Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 25</td>
<td>$75.00</td>
</tr>
<tr>
<td>At least 25 but less than 50</td>
<td>$150.00</td>
</tr>
<tr>
<td>At least 50</td>
<td>$300.00</td>
</tr>
</tbody>
</table>

The penalty is payable to the Department of Transportation, Division of Motor Vehicles, or the Department of Revenue. Failure to pay a penalty imposed under this section is grounds under G.S. 20-88.01(b) to withhold or revoke the registration plate of the motor vehicle into which the motor fuel was dispensed.

H.B. 1276 Session Law 2002-119

AN ACT TO CLOSE THE LEGAL LOOPHOLE THAT EXISTS UNDER THE STATE’S INCEST LAWS BY EQUALIZING PUNISHMENTS FOR CRIMES COMMITTED AGAINST CHILDREN WITHOUT REGARD TO FAMILIAL STATUS.

Whereas, despite the progress made in modernizing laws to protect children in North Carolina, a little-known loophole exists in the General Statutes of North Carolina that has very troubling consequences for some abused children; and

Whereas, this loophole allows far lesser penalties for perpetrators convicted of sexually assaulting their own children than for those who rape or molest other children; and

Whereas, this unintended disparity is the result of archaic incest laws that date to 1879; statutes that were originally intended to limit intermarriage among family members but now hamper modern efforts to fight sexual abuse of children; and

Whereas, this double standard, that essentially rewards perpetrators for the most unthinkable betrayal of a child’s trust, does not reflect the values and goals of the citizens of North Carolina; and
Whereas, criminals who sexually assault children should be prosecuted without regard to familial relationship; Now, therefore,

*The General Assembly of North Carolina enacts:*

**SECTION 1.** G.S. 105-113.82(d) reads as rewritten:

"(d) Time. – The revenue shall be distributed to cities and counties within 60 days after March 31 of each year. The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution."

281
SECTION 2. G.S. 105-116.1(b) reads as rewritten:

"(b) Distribution. – The Secretary must distribute to the cities part of the taxes collected under this Article on electric power companies. Each city's share for a calendar quarter is the percentage distribution amount for that city for that quarter minus one-fourth of the city's hold-back amount and one-fourth of the city's proportionate share of the annual cost to the Department of administering the distribution. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution."

SECTION 3. G.S. 105-187.44(b) reads as rewritten:

"(b) Distribution. – Within 75 days after the end of each calendar quarter, the Secretary must distribute to the cities part of the tax proceeds collected under this Article during that quarter. The amount to be distributed to a city is one-half of the amount of tax attributable to that city for that quarter under subsection (a) of this section. The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution."

SECTION 4. G.S. 105-164.44F is amended by adding a new subsection to read:

"(f) Nature. – The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution."

SECTION 5. G.S. 136-41.1 is amended by adding a new subsection to read:

"(d) Nature. – The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution."

SECTION 6. G.S. 159B-27(d) reads as rewritten:

"(d) The State shall distribute to cities and towns which receive electric power and energy from their ownership share of a project or to which electric power and energy is sold by a joint agency an amount equal to a tax of three and nine hundredths percent (3.09%) of all moneys expended by a municipality on account of its ownership share of a project, including payment of principal and interest on bonds issued to finance such ownership share, or an amount equal to a tax of three and nine hundredths percent (3.09%) of the gross receipts from all sales of electric power and energy to such city or town by a joint agency, as the case may be. The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution."

SECTION 7. G.S. 143-25 reads as rewritten:

"§ 143-25. Maintenance appropriations dependent upon adequacy of revenues to support them.

(a) All maintenance appropriations now or hereafter made are hereby declared to be maximum, conditional and proportionate appropriations, the purpose being to make
the appropriations payable in full in the amounts named herein if necessary and then only in the event the aggregate revenues collected and available during each fiscal year of the biennium for which such appropriations are made, are sufficient to pay all of the appropriations in full; otherwise, the said appropriations shall be deemed to be payable in such proportion as the total sum of all appropriations bears to the total amount of revenue available in each of said fiscal years. The Director of the Budget is hereby given full power and authority to examine and survey the progress of the collection of the revenue out of which such appropriations are to be made, and to declare and determine the amounts that can be, during each quarter of each of the fiscal years of the biennium properly allocated to each respective appropriation. In making such examination and survey, the Director of the Budget shall receive estimates of the prospective collection of revenues from the Secretary of Revenue and every other revenue collecting agency of the State. The Director of the Budget may reduce all of said appropriations pro rata when necessary to prevent an overdraft or deficit to the fiscal period for which such appropriations are made. The Governor may also reduce all of said appropriations pursuant to Article III, Section 5(3) of the Constitution in accordance with subsection (b) of this section, after consulting with the Joint Legislative Commission on Governmental Operations under G.S. 120-76(8) if prior consultation is required by that section. The purpose and policy of this Article are to provide and insure that there shall be no overdraft or deficit in the general fund of the State at the end of the fiscal period, growing out of appropriations for maintenance and the Director of the Budget is directed and required to so administer this Article as to prevent any such overdraft or deficit. Prior to taking any action under this section to reduce appropriations pro rata, the Governor may consult with the Advisory Budget Commission.

(b) The General Assembly recognizes that it has required units of local government to adopt and maintain annual balanced budgets and take other steps to assure financially sound operations under the Local Government Budget and Fiscal Control Act and other provisions of Chapter 159 of the General Statutes. Accordingly, the General Assembly finds that in order to satisfy those statutory requirements and provide adequate services to their citizens, units of local government must be able to rely on the funds and local revenue sources the General Assembly has provided.

It is the intent of the General Assembly that funds that have been collected by the State on behalf of local governments and funds that the General Assembly has appropriated or otherwise committed to local governments shall not be reduced except as provided in this section. In exercising the powers contained in Section 5(3) of Article III of the North Carolina Constitution, the Governor shall not withhold from distribution funds that have been collected by the State on behalf of local governments or funds that the General Assembly has appropriated or otherwise committed to local governments unless, after making adequate provision for the prompt payment of principal of and interest on bonds and notes of the State according to their terms, the Governor has exhausted all other sources of revenue of the State including surplus remaining in the treasury at the beginning of the fiscal period.

This subsection does not authorize the Governor to withhold revenues from taxes levied by units of local governments and collected by the State. The General Assembly recognizes that under Section 19 of Article I of the North Carolina Constitution and under the Due Process Clause of the United States Constitution, the State is prohibited from taking local tax revenue. “
SECTION 8.  G.S. 105-116 is amended by adding a new subsection to read:

"(e1) An electric power company engaged in the business of furnishing electricity, electric lights, current, or power that collects the annual franchise or privilege tax pursuant to subsection (a) of this section and remits the tax collected to the Secretary shall not be subject to any additional franchise or privilege tax imposed upon it by any city or county."

SECTION 9.  The provisions of this act are severable. If any provision of this act is held invalid by a court of competent jurisdiction, the invalidity does not affect other provisions of the act that can be given effect without the invalid provision.

SECTION 2.2.(c) Notwithstanding G.S. 113-36(d), two hundred twenty thousand dollars ($220,000) of the cash balance remaining in the Bladen Lakes State Forest Fund (Budget Code 24300, Fund Code 2221) on July 1, 2002, shall be transferred to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers). An additional two hundred twenty thousand dollars ($220,000) shall be transferred on April 1, 2003. These funds shall be used to support General Fund appropriations for the 2002-2003 fiscal year.

SECTION 2.2.(d) Section 2.2(f) of S.L. 2001-424 reads as rewritten:
"SECTION 2.2.(f) The transfer of cash from Department of Correction, Budget Code 74500, Fund Code 7100 (Prison Enterprises) to Nontax Budget Code 19978 (Intra State Transfers) shall be increased by one million dollars ($1,000,000), effective July 1, 2001, for the 2001-2002 fiscal year.

The transfer of cash from Department of Correction, Budget Code 74500, Fund Code 7100 (Prison Enterprises) to Nontax Budget Code 19978 (Intra State Transfers) shall be increased by five hundred thousand dollars ($500,000), effective July 1, 2002, for the 2002-2003 fiscal year and for subsequent fiscal years. Two million five hundred thousand dollars ($2,500,000), effective July 1, 2002, for the 2002-2003 fiscal year. Of the two million five hundred thousand dollar ($2,500,000) increase for the 2002-2003 fiscal year, five hundred thousand dollars ($500,000) is recurring."

SECTION 2.2.(e) When the Highway Trust Fund was created in 1989, the revenue from the sales tax on motor vehicles was transferred from the General Fund to the Highway Trust Fund. To offset this loss of revenue from the General Fund, the Highway Trust Fund was required to transfer one hundred seventy million dollars ($170,000,000) to the General Fund each year, an amount equal to the revenue in 1989 from the sales tax on motor vehicles. This transfer did not, however, make the General Fund whole after the transfer of the sales tax revenue because no provision has been made to adjust the amount for the increased volume of transactions and increased vehicle prices. The additional eighty million dollars ($80,000,000) transferred from the Highway Trust Fund to the General Fund by this act is an effort to recover a portion of the sales tax revenues that would have gone to the General Fund over the last 13 years.

SECTION 2.2.(f) Notwithstanding G.S. 105-187.9(b)(1), the sum to be transferred under that subdivision for the 2002-2003 fiscal year and for the 2003-2004 fiscal year is two hundred fifty million dollars ($250,000,000).

SECTION 2.2.(g) There is transferred from the Highway Trust Fund to the General Fund the sum of one hundred twenty-five million dollars ($125,000,000) for the 2002-2003 fiscal year. It is the intent of the General Assembly that the Highway Trust Fund shall be held harmless because of this transfer. The General Assembly shall transfer funds from the General Fund back to the Highway Trust Fund during fiscal
years 2004-2005 through 2008-2009 including interest at the net rate of return generated by the State Treasurer's Short Term Investment Fund.

SECTION 2.2.(h) The General Assembly finds that over the last two fiscal years, the cost of the Medicaid program has increased over one billion dollars ($1,000,000,000). The downturn in the economy has caused an unforeseeable increase in the number of persons eligible for the program. Even with the significant expansion funds appropriated for the increased costs, transfers of funds to meet obligations for the 2001-2002 fiscal year, and significant cost-savings measures imposed by the General Assembly and the Department of Health and Human Services, Medicaid will still need additional State funds next year to cover increased costs.

The General Assembly further finds that due to the downturn in the economy and the loss of jobs in various sectors of the economy, the State must undertake various economic initiatives.

Funds transferred pursuant to this section shall be used only for Medicaid and for economic initiatives.

Notwithstanding G.S. 143-16.4(a2), of the funds credited to the Tobacco Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2 during the 2002-2003 fiscal year, the sum of thirty-eight million dollars ($38,000,000) shall be transferred from the Department of Agriculture and Consumer Services, Budget Code 23703 (Tobacco Trust Fund) to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2002-2003 fiscal year.

Notwithstanding G.S. 143-16.4(a1), of the funds credited to the Health Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2 during the 2002-2003 fiscal year, the sum of forty million dollars ($40,000,000) shall be transferred from the Department of State Treasurer, Budget Code 23460 (Health and Wellness Trust Fund) to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2002-2003 fiscal year.

Notwithstanding G.S. 147-86.30(c), the Health and Wellness Trust Fund Commission may transfer up to eighteen million dollars ($18,000,000) from the Fund Reserve created in G.S. 147-86.30 to the Health and Wellness Trust Fund nonreserved funds to be expended in accordance with G.S. 147-86.30(d) during the 2002-2003 fiscal year.

SECTION 2.2.(i) The reimbursement from the Insurance Regulatory Fund to the General Fund includes an increase of six hundred thousand dollars ($600,000) for the 2002-2003 fiscal year for the costs and expenses incurred by the Department of Justice as provided in Section 15.5 of this act.

SECTION 2.2.(j) G.S. 7A-11 reads as rewritten:

"§ 7A-11. Clerk of the Supreme Court; salary; bond; fees; oath.  
The clerk of the Supreme Court shall be appointed by the Supreme Court to serve at its pleasure. The annual salary of the clerk shall be fixed by the Administrative Officer of the Courts, subject to the approval of the Supreme Court. The clerk may appoint assistants in the number and at the salaries fixed by the Administrative Officer of the Courts. The clerk shall perform such duties as the Supreme Court may assign, and shall be bonded to the State, for faithful performance of duty, in the same manner as the clerk of the superior court, and in such amount as the Administrative Officer of the Courts shall determine. He shall adopt a seal of office, to be approved by the Supreme Court. A fee bill for services rendered by the clerk shall be fixed by rules of the Supreme Court,
and all such fees shall be remitted to the State treasury, except that charges to litigants for the reproduction of appellate records and briefs shall be fixed and administered as provided by rule of the Supreme Court. Charges to litigants for the reproduction of appellate records and briefs shall be fixed by rule of the Supreme Court and remitted to the Appellate Courts Printing and Computer Operations Fund established in G.S. 7A-343.3. The operations of the Clerk of the Supreme Court shall be subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes. Before entering upon the duties of his office, the clerk shall take the oath of office prescribed by law."

SECTION 2.2.(k) G.S. 7A-20(b) reads as rewritten:

"(b) Subject to approval of the Supreme Court, the Court of Appeals shall promulgate from time to time a fee bill for services rendered by the clerk, and such fees shall be remitted to the State Treasurer, except that charges to litigants for the reproduction of appellate records and briefs shall be fixed and administered as provided by rule of the Supreme Court. Charges to litigants for the reproduction of appellate records and briefs shall be fixed by rule of the Supreme Court and remitted to the Appellate Courts Printing and Computer Operations Fund established in G.S. 7A-343.3. The operations of the Court of Appeals shall be subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes."

SECTION 2.2.(l) Of the cash balance of any funds not remitted to the State Treasurer pursuant to G.S. 7A-11 and G.S. 7A-20(b) prior to the effective date of this act, only funds necessary for payroll and existing contractual obligations may be expended. The cash balance of these funds shall be transferred to the General Fund on July 1, 2002.

SECTION 2.2.(m) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2002-2003 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2002.

This subsection becomes effective June 30, 2002.

SECTION 2.2.(n) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2002-2003 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2002.

This subsection becomes effective June 30, 2002.

SECTION 2.2.(o) Of the funds carried forward from the 2001-2002 fiscal year for the Department of Crime Control and Public Safety to cover expenditures related to Hurricane Fran, Budget Code 14900, Fund Code 1510 Emergency Management, the sum of two hundred seventy-five thousand dollars ($275,000) shall be transferred to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2002-2003 fiscal year.

SECTION 2.2.(p) General Fund availability generated by subsections (c), (d), (l), and (o) of this section is shown in special funds transfers made in subsection (b) of this section.

SECTION 2.2.(q) For fiscal year 2002-2003 only, State departments and agencies may transfer General Fund appropriations between personal service and nonpersonal service line items provided that it has been approved by the department or agency head and has received prior approval from the Office of State Budget and Management. Personal service funds may be transferred and used for nonpersonal
service items in certain instances. Specifically, personal service funds may only be used to pay for costs related to continuing operations and shall not be used to expand existing programs or to establish new programs.

State departments and agencies shall report to the Joint Legislative Commission on Governmental Operations within 30 days on all transfers from personal service line items to nonpersonal service line items.

General Fund salary and related benefit appropriations for State departments and agencies that are reduced or eliminated in this act shall not be replaced by other budgeted line items supported by General Fund appropriations. Nonpersonal service funds or lapsed salary funds shall not be used to establish new permanent employee positions or to raise the salary of existing employees.

(2) Use reserved funds authorized under this section to contract with public and private entities to provide prescription drug assistance services.

SECTION 6.8.(c) The Commission shall provide for ongoing evaluation of the Program to measure its usage and effectiveness. The Commission shall include in its annual report required under G.S. 147-86.35 the use of funds for and activities of the Senior Prescription Drug Access Program and the results of its Program evaluation. **SECTION 7.2.(d)** A principal shall be placed on the step on the salary schedule that reflects total number of years of experience as a certificated employee of the public schools and an additional step for every three years of experience as a principal. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and the 1999-2000 school year for improvement in student performance or maintaining a safe and orderly school.

**SECTION 7.2.(e)** Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

**SECTION 7.2.(f)** There shall be no State requirement that superintendents in each local school unit shall receive in State-paid salary at least one percent (1%) more than the highest paid principal receives in State salary in that school unit: Provided, however, the additional State-paid salary a superintendent who was employed by a local school administrative unit for the 1992-93 fiscal year received because of that requirement shall not be reduced because of this subsection for subsequent fiscal years that the superintendent is employed by that local school administrative unit so long as the superintendent is entitled to at least that amount of additional State-paid salary under the rules in effect for the 1992-93 fiscal year.

**SECTION 7.2.(g)** Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

**SECTION 7.2.(h)**

1. If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the higher job classification.

2. If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

"SECTION 28.17.(i) The Joint Legislative Education Oversight Committee shall study the State's testing program. As part of this study, the Committee shall consider:

1. The number of tests currently mandated at the State level and the process and cost of developing, validating, and scoring them.
2. Whether the State should consider the use of nationally developed tests as a substitute to State-developed testing. In particular, the Committee shall determine whether this use would (i) affect the ABCs Program, (ii) adequately measure student achievement and performance, (iii) provide more than minimum levels of achievement, (iv) provide a better comparison to student achievement and performance in other
states, (v) be practical for high school courses or higher level courses, (vi) reduce the need for field testing, and (vii) offer any cost savings to the State.

(3) The number of grades in which State tests are given. The Committee shall determine the necessity for testing all grades in third through eighth grades, whether a reduction in the grades tested would affect the receipt of federal money, and the extent to which a reduction would impair the State's ability to identify schools under the ABCs Program.

(4) The high school courses for which State tests are given and whether there is an appropriate distribution of tests across grades nine through 12 and that test an appropriate array of the minimum courses required for admission to the constituent institutions of The University of North Carolina. In addition, the Committee shall examine whether students who take higher level courses and students in 12th grade are held accountable for their academic growth and performance.

(5) The advantages and disadvantages of using a composite of end-of-course tests or other tests such as the SAT, AP tests, or other nationally standardized tests in high school rather than developing a high school exit exam. If the Committee finds a high school exit exam is preferable, then it shall determine whether it must be administered to all students or limited to certain students, for example, those who do not take the SAT or a certain number of courses for which there are end-of-course tests.

(6) The extent to which additional testing, including field testing, practice testing, and locally mandated testing, is occurring and whether this should be limited or prohibited.

(7) Evaluate alternative schools to determine how educational achievement is being advanced in these alternative school programs and that placement in these programs is to improve student performance rather than improve the performance of the school in which the student originally was assigned.

(7a) The extent to which the State tests assist in compliance with the assessment and accountability provisions of the federal "No Child Left Behind" law and regulations, the ABCs Program model, and the Leandro rulings.

(8) Any other issue the Committee considers relevant.

The Committee shall report its findings and any recommendations, including recommended legislation, to the 2002 Regular Session of the 2001 General Assembly. 2003 General Assembly.

SECTION 7.17.(g) Noncitizen Tuition Rates. – Section 8.9 of S.L. 2001-491 is repealed.

PERFORMANCE-BASED LICENSURE PROGRAM/SUSPENSION OF PORTFOLIO REQUIREMENT AND STUDY

SECTION 7.18.(a) The State Board of Education, in consultation with the Board of Governors of The University of North Carolina and the Education Cabinet, shall review teacher preparation programs and the continuing certification process to determine how these programs can be modified to enhance the continuing teacher certification process and to reduce the burden the continuing certification process places on newly certified teachers. This evaluation shall consider strategies for streamlining the current continuing certification process and reducing the amount of documentation required in the applicant's portfolio.

The State Board of Education shall suspend the portfolio requirement for all teachers who are required, under the current law, to submit portfolios from August 1, 2002, through June 30, 2004. Teachers who are not required to submit portfolios during the period the portfolio requirement is suspended shall be subject to interim requirements adopted by the State Board and shall complete the interim requirements. The State Board of Education shall make every effort to insure that any interim requirements do not require significant and unnecessary paperwork, effort, and administrative burden. Prior to implementation of the interim requirements, the State Board of Education shall report to the Joint Legislative Education Oversight Committee on the proposed requirements.

SECTION 7.18.(b) The State Board of Education shall contract with an outside consultant to study and propose modifications to the current North Carolina initial certification, continuing certification, and recertification programs that ensure high standards, support for teachers, and high retention rates. Specifically, the contractor shall:

1. Review the administration and implementation of the certification programs and identify significant strengths and weaknesses of the programs;
2. Identify issues related to administration, staffing, and paperwork at the school, local, and State levels;
3. Investigate and identify communication concerns about the certification programs between the school, local, and State levels;
4. Randomly survey and interview participating teachers and administrators regarding key aspects of the certification programs and ways to improve them;
5. Examine the possibility of making the programs more focused on and supportive of early teacher development and integrating them more appropriately into a teacher's daily work;
6. Examine the portfolios previously submitted and identify the elements that are most troublesome to teachers, schools, and school systems;
7. Identify alternatives to the portfolio approach and ways to keep paperwork requirements to a minimum;
8. Review the State's mentor program and the mentor's role in support of certification efforts to determine whether the two programs are complementary;
(9) Examine the effect of the certification programs on teacher retention, using valid evidence; and
(10) Examine the impact the certification programs have on improving teaching practices, using valid evidence.

SECTION 7.18.(c) The State Board of Education shall use the results of the study to make recommendations to:
(1) Improve the administration and implementation of the certification programs, including improving the process for teachers;
(2) Resolve the issues surrounding the portfolio process and the collection of professional evidence during initial certification;
(3) Reduce paperwork and bureaucracy in initial certification, continuing certification, and recertification for teachers, schools, and school systems;
(4) Provide schools and districts incentives and flexibility to participate in more rigorous certification processes;
(5) Effectively use information regarding teacher supply and demand, standards and retention to inform policy decisions;
(6) Improve the relationship and coordination between the certification programs and mentoring programs;
(7) Provide appropriate sample work to teachers, including lesson plans, unit plans, and other professional work required during initial certification; and
(8) Provide ongoing program evaluation to monitor the quality of the programs and to inform policymakers.

SECTION 7.18.(d) The State Board of Education shall enlist the assistance of the Southern Regional Education Board in evaluating the responses to the request for proposals. Prior to awarding the contract for the consultant study, the State Board shall consult with the Joint Legislative Education Oversight Committee.

The State Board shall use federal No Child Left Behind State Grants for Improving Teacher Quality, to the extent possible, to cover the cost of the consultant and study.

The State Board shall report the findings of the consultant and the recommendations required by this section to the Joint Legislative Education Oversight Committee by January 1, 2004.

PART XVII. DEPARTMENT OF CORRECTION

ALL COUNTIES TRANSFERRING SAFEKEEPERS TO THE DEPARTMENT OF CORRECTION TO REIMBURSE DEPARTMENT REGARDLESS OF SAFEKEEPERS' RESIDENCY

SECTION 17.1. G.S. 162-39(c) reads as rewritten:

"(c) The sheriff of the county from which the prisoner is removed shall be responsible for conveying the prisoner to the jail or prison unit where he is to be held, and for returning him to the common jail of the county from which he was transferred. The return shall be made at the expiration of the time designated in the court order directing the transfer unless the judge, by appropriate order, shall direct otherwise. The sheriff or keeper of the jail of the county designated in the court order, or the officer in charge of the prison unit designated by the Secretary of Correction, shall receive and release custody of the prisoner in accordance with the terms of the court order. If a prisoner is transferred to a unit of the State prison system, the county from which the prisoner is transferred shall pay the Department of Correction for maintaining the prisoner for the time designated by the court at the per day, per inmate rate at which the Department of Correction pays a local jail for maintaining a prisoner. The county shall also pay the Department of Correction for the costs of extraordinary medical care incurred while the prisoner was in the custody of the Department of Correction, defined as follows:

(1) Medical expenses incurred as a result of providing health care to a prisoner as an inpatient (hospitalized);
(2) Other medical expenses when the total cost exceeds thirty-five dollars ($35.00) per occurrence or illness as a result of providing health care to a prisoner as an outpatient (nonhospitalized); and
(3) Cost of replacement of eyeglasses and dental prosthetic devices if those eyeglasses or devices are broken while the prisoner is incarcerated, provided the prisoner was using the eyeglasses or devices at the time of his commitment and then only if prior written consent of the county is obtained by the Department.

However, a county is not required to reimburse the State for maintaining a prisoner who was a resident of another state or county at the time he committed the crime for which he is imprisoned. If the prisoner is transferred to a jail in some other county, the county from which the prisoner is transferred shall pay to the county receiving the prisoner in its jail the actual cost of maintaining the prisoner for the time designated by the court.
Counties are hereby authorized to enter into contractual agreements with other counties to provide jail facilities to which prisoners may be transferred as deemed necessary under this section.

Whenever prisoners are arrested in such numbers that county jail facilities are insufficient and inadequate for the safekeeping of such prisoners, the resident judge of the superior court or any superior or district court judge holding court in the district may order the prisoners transferred to a unit of the State Department of Correction designated by the Secretary of Correction or his authorized representative, where the prisoners may be held for such length of time as the judge may direct, such detention to be in cell separate from that used for imprisonment of persons already convicted of crimes, except when admission to an inpatient prison medical or mental health unit is required to provide services deemed necessary by a prison health care clinician. The sheriff of the county from which the prisoners are removed shall be responsible for conveying the prisoners to the prison unit or units where they are to be held, and for returning them to the common jail of the county from which they were transferred. However, if due to the number of prisoners to be conveyed the sheriff is unable to provide adequate transportation, he may request the assistance of the Department of Correction, and the Department of Correction is hereby authorized and directed to cooperate with the sheriff and provide whatever assistance is available, both in vehicles and manpower, to accomplish the conveying of the prisoners to and from the county to the designated prison unit or units. The officer in charge of the prison unit designated by the Secretary of Correction or his authorized representative shall receive and release the custody of the prisoners in accordance with the terms of the court order. The county from which the prisoners are transferred shall pay to the Department of Correction the actual cost of transporting the prisoners and the cost of maintaining the prisoners at the per day, per inmate rate at which the Department of Correction pays a local jail for maintaining a prisoner, provided, however, that a county is not required to reimburse the State for transporting or maintaining a prisoner who was a resident of another state or county at the time he was arrested. However, if the county commissioners shall certify to the Governor that the county is unable to pay the bill submitted by the State Department of Correction to the county for the services rendered, either in whole or in part, the Governor may recommend to the Council of State that the State of North Carolina assume and pay, in whole or in part, the obligation of the county to the Department of Correction, and upon approval of the Council of State the amount so approved shall be paid from Contingency and Emergency Fund to the Department of Correction.

When, due to an emergency, it is not feasible to obtain from a judge of the superior or district court a prior order of transfer, the sheriff of the county and the Department of Correction may exercise the authority hereinafter conferred; provided, however, that the sheriff shall, as soon as possible after the emergency, obtain an order from the judge authorizing the prisoners to be held in the designated place of confinement for such period as the judge may direct. All provisions of this subsection shall be applicable to municipalities whenever prisoners are arrested in such numbers that the municipal jail facilities and the county jail facilities are insufficient and inadequate for the safekeeping of the prisoners. The chief of police is hereby authorized to exercise the authority herein conferred upon the sheriff, and the municipality shall be liable for the cost of transporting and maintaining the prisoners to the same extent as a county would be unless action is taken by the Governor and Council of State as herein provided for counties which are unable to pay such costs."

**USE OF CLOSED PRISON FACILITIES**

**SECTION 17.8.** Section 25.5 of S.L. 2001-424 reads as rewritten:

"SECTION 25.5. In conjunction with the closing of prison facilities, including small expensive prison units recommended for consolidation by the Government Performance Audit Committee, the Department of Correction shall consult with the county or municipality in which the unit is located, with the elected State and local officials, and with State agencies about the possibility of converting that unit to other use. The Department may also consult with any private for-profit or nonprofit firm about the possibility of converting the unit to other use. In developing a proposal for future use of each unit, the Department shall give priority to converting the unit to other criminal justice use. Consistent with existing law and the future needs of the Department of Correction, the State may provide for the transfer or the lease of any of these units to counties, municipalities, State agencies, or private firms wishing to convert them to other use. The Department of Correction may also consider converting some of the units recommended for closing from medium security to minimum security one security custody level to another, where that conversion would be cost-effective. A prison unit under lease to a county pursuant to the provisions of this section for use as a jail is exempt for the period of the lease from any of the minimum standards adopted by the Secretary of Health and Human Services pursuant to G.S. 153A-221 for the housing of adult prisoners that would subject the unit to greater standards than those required of a unit of the State prison system.

Prior to any transfer or lease of these units, the Department of Correction shall report on the terms of the proposed transfer or lease to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee. The Department of Correction shall also provide annual summary reports to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the conversion of these units to other use and on all leases or transfers entered into pursuant to this section."

The Division of Community Corrections shall identify at least the sum of three hundred fifty-nine thousand three hundred thirty dollars ($359,330) in cost savings during the 2002-2003 fiscal year by eliminating funding for personnel in these cases. However, the reduction in implementation grant funding for those affected counties shall not in any case exceed twelve and one-half percent (12.5%) of that county's 2001-2002 funding.

Within 20 days of the date this act becomes law, each county Criminal Justice Partnership advisory board shall review the Division's recommended modifications for providing Criminal Justice Partnership Program case management services in its jurisdiction and determine whether these services can be reasonably provided in the manner proposed. If the local board determines that the services cannot be reasonably provided, the jurisdiction may opt instead to have the designated reduction made from other items in its budget. If the board determines that the services can be reasonably provided, the recommended modifications shall be reviewed and approved by the State Criminal Justice Partnership Advisory Board within another 10 days. Revised contracts should be sent to the counties no later than 45 days after this act becomes law. The Division of Community Corrections shall report to the Chairs of the Senate and House of Representatives Appropriations Committees and the Chairs of the Senate and House of Representatives Appropriations Subcommittees on Justice and Public Safety on the specific adjustments within 60 days of the enactment of the budget for the 2002-2003 fiscal year.

SECTION 17.13.(c) Programs that were not operational between July 1, 2002, and the enactment of the 2002-2003 State budget shall be limited to no more than seventy-five percent (75%) of the funding they would have otherwise received from the Criminal Justice Partnership Program.

The additional reduction for the 2002-2003 fiscal year shall be accomplished by reducing State funding for the State office only.

The Summit House Management Team shall continue to explore ways to reduce the use of State funds at the State office, including consideration of colocating the State office with one of the local programs and contracting for financial services in lieu of a full-time staff. The Board shall adopt and implement an Internal Revenue Service approved Special Pay Plan for State employees, which shall enhance, and not diminish, existing Special Pay benefits. A Special Pay Plan is a qualified retirement plan under section 401(a) of the Internal Revenue Code, which is approved by the Internal Revenue Service, that reduces the federal tax burden on special compensation payments made on behalf of State employees which if paid directly to a State employee would be compensation income within the meaning of the Internal Revenue Code.

(b) The Board shall consist of seven voting members, as follows:

(1) The State Personnel Director.
(2) The State Budget Officer, who shall serve as chair.
(3) The State Treasurer.

The initial term of the member appointed pursuant to subdivisions (4) and (5) of this subsection shall end July 1, 2004, and, thereafter, the member shall serve terms of four years. The Board of Trustees may, however, exclude any categories of compensation or set floors or ceilings in order to ameliorate any hardships or unintended consequences.

Prior to implementing a Special Pay Plan, the Board shall investigate participation options and weigh the advantages and disadvantages to both the State and State employees of various participation options available. The Special Pay Plan approved by the Board shall include the following components:

1. The Plan shall require permanent savings for all State employees participating in the Special Pay Plan of no less than the lesser of seven and sixty-five hundredths percent (7.65%) or the FICA percentage applicable to all Special Pay subject to the Plan.

2. WATER RESOURCES DEVELOPMENT PROJECTS/USE DREDGE SPOILS TO NOURISH BEACH

SECTION 29.2.(a) The General Assembly finds that North Carolina is the tenth largest exporting state in the nation and that water resources development projects are vital to the economy of the State. North Carolina State Ports facilities, notably those in Wilmington, provide gateways to the global marketplace for North Carolina's importers and exporters. The State's ports annually generate thousands of jobs and millions of dollars in State and local taxes.

The General Assembly further finds that the ports are also invaluable assets to the communities that each serves. For example, according to the North Carolina State Ports Authority, nearly seven billion dollars ($7,000,000,000) worth of goods, or nineteen million dollars ($19,000,000) a day, were handled at the Port of Wilmington in 1997. The harbor improvements in Wilmington, provided for in subsection (b) of this
section, are projected to add thirty-four million dollars ($34,000,000) in annual regional benefits.

The General Assembly also finds that particularly in times of heightened national and local security, the water resources projects provide strategic mobilization benefits to the Port of Wilmington and to the Military Ocean Terminal at Sunny Point.

**SECTION 29.2.(b)** The Department of Environment and Natural Resources shall allocate the funds appropriated in this act for water resources development projects to the following projects whose costs are as indicated:

SECTION 29.2.(e) Notwithstanding G.S. 143-23, if additional federal funds that require a State match are received for water resources projects or for beach nourishment projects for the 2002-2003 fiscal year, the Director of the Budget may, after consultation with the Joint Legislative Commission on Governmental Operations, transfer funds from General Fund appropriations to match the federal funds.

SECTION 29.2.(f) G.S. 113A-118.1 is amended by adding a new subsection to read:

(e) The Commission shall allow the use of riprap in the construction of groins in estuarine and public trust waters on the same basis as the Commission allows the use of wood.

SECTION 29.2.(g) The Coastal Resources Commission shall not enforce any provision of any rule that is inconsistent with G.S. 113A-118.1(e), as enacted by this act, and the Commission shall amend its rules as may be required to conform with G.S. 113A-118.1(e), as enacted by this act.

"§ 50B-2. Institution of civil action; motion for emergency relief; temporary orders.

(a) Any person residing in this State may seek relief under this Chapter by filing a civil action or by filing a motion in any existing action filed under Chapter 50 of the General Statutes alleging acts of domestic violence against himself or herself or a minor child who resides with or is in the custody of such person. Any aggrieved party entitled to relief under this Chapter may file a civil action and proceed pro se, without the assistance of legal counsel. The district court division of the General Court of Justice shall have original jurisdiction over actions instituted under this Chapter. No court costs shall be assessed for the filing, issuance, registration, or service of a protective order or petition for a protective order or witness subpoena in compliance with the Violence Against Women Act, 42 U.S.C. § 3796gg-5.

(b) Emergency Relief. – A party may move the court for emergency relief if he or she believes there is a danger of serious and immediate injury to himself or herself or
a minor child. A hearing on a motion for emergency relief, where no ex parte order is entered, shall be held after five days' notice of the hearing to the other party or after five days from the date of service of process on the other party, whichever occurs first, provided, however, that no hearing shall be required if the service of process is not completed on the other party. If the party is proceeding pro se and does not request an ex parte hearing, the clerk shall set a date for hearing and issue a notice of hearing within the time periods provided in this subsection, and shall effect service of the summons, complaint, notice, and other papers through the appropriate law enforcement agency where the defendant is to be served, upon payment of the required service fees.

(c) Ex Parte Orders. – Prior to the hearing, if it clearly appears to the court from specific facts shown, that there is a danger of acts of domestic violence against the aggrieved party or a minor child, the court may enter such orders as it deems necessary to protect the aggrieved party or minor children from such acts provided, however, that a temporary order for custody ex parte and prior to service of process and notice shall not be entered unless the court finds that the child is exposed to a substantial risk of bodily injury or sexual abuse. Upon the issuance of an ex parte order under this subsection, a hearing shall be held within 10 days from the date of issuance of the order or within seven days from the date of service of process on the other party, whichever occurs later. If an aggrieved party acting pro se requests ex parte relief, the clerk of superior court shall schedule an ex parte hearing with the district court division of the General Court of Justice within 72 hours of the filing for said relief, or by the end of the next day on which the district court is in session in the county in which the action was filed, whichever shall first occur. Upon the issuance of an ex parte order under this subsection, if the party is proceeding pro se, the Clerk shall set a date for hearing and issue a notice of hearing within the time periods provided in this subsection, and shall effect service of the summons, complaint, notice, order and other papers through the appropriate law enforcement agency where the defendant is to be served, upon payment of the required service fees.

(c1) Ex Parte Orders by Authorized Magistrate. – The chief district court judge may authorize a magistrate or magistrates to hear any motions for emergency relief ex parte. Prior to the hearing, if the magistrate determines that at the time the party is seeking emergency relief ex parte the district court is not in session and a district court judge is not and will not be available to hear the motion for a period of four or more hours, the motion may be heard by the magistrate. If it clearly appears to the magistrate from specific facts shown that there is a danger of acts of domestic violence against the aggrieved party or a minor child, the magistrate may enter such orders as it deems necessary to protect the aggrieved party or minor children from such acts, except that a temporary order for custody ex parte and prior to service of process and notice shall not be entered unless the magistrate finds that the child is exposed to a substantial risk of bodily injury or sexual abuse. An ex parte order entered under this subsection shall expire and the magistrate shall schedule an ex parte hearing before a district court judge by the end of the next day on which the district court is in session in the county in which the action was filed. Ex parte orders entered by the district court judge pursuant to this
subsection shall be entered and scheduled in accordance with subsection (c) of this section.

(c2) The authority granted to authorized magistrates to award temporary child custody to pursuant subsection (c1) of this section and pursuant to G.S. 50B-3(a)(4) is granted subject to custody rules to be established by the supervising chief district judge of each judicial district.

(d) Pro Se Forms. – The clerk of superior court of each county shall provide to pro se complainants all forms which are necessary or appropriate to enable them to proceed pro se pursuant to this section. The Clerk shall provide a supply of pro se forms to authorized magistrates who shall make the forms available to complainants seeking relief under subsection (c1) of this section."

Upon the filing pro se of a motion for contempt under this subsection, the clerk, or the authorized magistrate, if the facts show clearly that there is danger of acts of domestic violence against the aggrieved party or a minor child and the motion is made at a time when the clerk is not available, shall schedule and issue notice of a show cause hearing with the district court division of the General Court of Justice at the earliest possible date pursuant to G.S. 5A-23. The Clerk, or the magistrate in the case of notice issued by the magistrate pursuant to this subsection, shall effect service of the motion, notice, and other papers through the appropriate law enforcement agency where the defendant is to be served, upon payment of the required service fees."

"EQUALIZE FRANCHISE TAX ON CORPORATE-AFFILIATED LLCs

SECTION 2.(a) The General Assembly finds that most corporations engaged in business in this State comply with the State franchise tax on corporate assets. Some taxpayers, however, take advantage of an unintended loophole in the law and avoid franchise tax by transferring their assets to a controlled limited liability company. This tax avoidance creates an unfair burden on corporate citizens that pay the franchise tax on their assets. It is the intent of this section to apply the franchise tax equally to assets held by corporations and assets held by corporate-affiliated limited liability companies. It is also the intent of this section to provide that a criminal penalty applies to taxpayers who fraudulently evade the tax.

The General Assembly further finds that, after this loophole was closed in 2001, some taxpayers continue to avoid franchise tax by manipulating ownership of assets. One method is to interpose a controlled partnership between the corporation and the controlled limited liability company. This tax avoidance creates an unfair burden on corporate citizens that pay the franchise tax on their assets. It is the intent of the General Assembly to apply the franchise tax equally to assets held by corporations and assets held by corporate-controlled entities."

AN ACT TO MODIFY THE SOUTHPORT OCCUPANCY TAX AND TO CLARIFY THAT THE REGULATION OF MOTOR VEHICLES ON BALD HEAD ISLAND INCLUDES THE ABILITY TO CHARGE FEES FOR THEIR USE ON THE ISLAND.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of Chapter 639 of the 1989 Session Laws reads as rewritten:

"Section 1. Occupancy tax. (a) Authorization and scope. – The Southport Board of Aldermen may by resolution, after not less than 10 days’ public notice and after a public hearing held pursuant thereto, levy a room occupancy tax of no more than three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the City of Southport that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3) and on the rental of all private residences and cottages, regardless of whether the residence or cottage is rented for less than 15 days. This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations.

(a1) Authorization of additional tax. – In addition to the tax authorized by subsection (a) of this section, the Southport Board of Aldermen may levy an additional room occupancy tax of up to two percent (2%) of the gross receipts derived from the rental of accommodations taxable under subsection (a). The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. The City of Southport may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section.

(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

Collection. Every operator of a business subject to the tax levied under this section
shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The city shall design, print, and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax.

(c) Administration. The city shall administer a tax levied under this section. A tax levied under this section is due and payable to the Southport tax collector in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A return filed with the tax collector under this section is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.

The tax collector may collect any unpaid taxes levied under this act through the use of attachment and garnishment proceedings as provided in G.S. 105-368 for collection of property taxes. The tax collector has the same enforcement powers concerning the tax imposed by this act as does the Secretary of Revenue in enforcing the State sales tax under G.S. 105-164.30.

(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this section shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due in addition to any other penalty, with an additional tax of five percent (5%) for each additional month or fraction thereof until the tax is paid. The Southport Board of Aldermen may, for good cause shown, compromise or forgive the additional tax penalties imposed by this subsection.

Any person who willfully attempts in any manner to evade a tax imposed under this section or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both.

(e) Distribution and use of tax revenue. – The tax collector shall remit the proceeds of this tax to the city on a monthly basis. The funds received by the city pursuant to this act shall be used to promote tourism and economic development, for waterfront development, and for other public purposes. The City of Southport shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Southport Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Southport and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

1. **Net proceeds.** – Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and
one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a city or to attract tourists or business travelers to the city. The term includes tourism-related capital expenditures.

(f) Effective date of levy. A tax levied under this section shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than two weeks after the date the resolution is adopted.

(g) Repeal. A tax levied under this section may be repealed by a resolution adopted by the Southport Board of Aldermen. Repeal of a tax levied under this section shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this section does not affect a liability for a tax that was attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

SECTION 2. Chapter 639 of the 1989 Session Laws is amended by adding a new section to read:

"Sec. 1.2. Southport Tourism Development Authority. – When the Southport Board of Aldermen adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a city Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the city, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the city. The Board of Aldermen shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Southport shall be the ex officio finance officer of the Authority.

"Sec. 1.3. Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. The Authority shall promote travel, tourism, and conventions in the city, sponsor tourist-related events and activities in the city, and finance tourist-related capital projects in the city.

"Sec. 1.4. Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Southport Board of Aldermen on its receipts and expenditures for the preceding quarter and for the year in such detail as the Board may require."

SECTION 1. Chapter 136 of the General Statutes is amended by adding a new Article to read:

"Article 6H.
"Public Toll Roads and Bridges.
§ 136-89.180. Legislative findings.
The General Assembly finds that the existing State road system is becoming increasingly congested and overburdened with traffic in many areas of the State; that the sharp surge of vehicle miles traveled is overwhelming the State's ability to build and pay for adequate road improvements; and that an adequate answer to this challenge will require the State to be innovative and utilize several new approaches to transportation improvements in North Carolina.

AN ACT TO CLARIFY THE EXPENSE ATTRIBUTION LAW AS IT APPLIES TO DEDUCTIBLE DIVIDENDS AND TO PROVIDE LIMITS ON THE POTENTIAL TAX LIABILITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-130.5(c)(3) reads as rewritten:

"(c) The following other adjustments to federal taxable income shall be made in determining State net income:

(3) No deduction is allowed for any direct or indirect expenses related to income not taxed under this Part; provided, no adjustment shall be made under this subsection for adjustments addressed in G.S. 105-130.5(a) and (b). G.S. 105-130.6A applies to the adjustment for expenses related to dividends received that are not taxed under this Part."

SECTION 2. Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-130.6A. Adjustment for expenses related to dividends.

(a) Definitions. – The provisions of G.S. 105-130.6 govern the determination of whether a corporation is a subsidiary or an affiliate of another corporation. In addition, the following definitions apply in this section:

(1) Affiliated group. – A group that includes a corporation, all other corporations that are affiliates or subsidiaries of that corporation, and all other corporations that are affiliates or subsidiaries of another corporation in the group.

(2) Bank holding company. – A holding company with an affiliate that is subject to the privilege tax on banks levied in G.S. 105-102.3.

(3) Dividends. – Dividends received that are not taxed under this Part.

(4) Electric power holding company. – A holding company with an affiliate or a subsidiary that is subject to the franchise tax on electric power companies levied in G.S. 105-116.

(5) Expense adjustment. – The adjustment required by G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part.

(6) Holding company. – Defined in G.S. 105-120.2.

(b) General Rule. – For corporations other than bank holding companies and electric power holding companies, the adjustment under G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part may not exceed an amount equal to fifteen percent (15%) of the dividends.

(c) Bank Holding Companies. – For bank holding companies the adjustment under G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part may not exceed an amount equal to twenty percent (20%) of the dividends.

(d) Electric Power Holding Companies. – For electric power holding companies, the adjustment under G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part may not exceed an amount equal to fifteen percent (15%) of its total interest expenses.
(e) Cap for Bank Holding Companies. – After calculating the expense adjustment as provided in subsection (c) of this section, each bank holding company must calculate the amount of additional tax that results from the expense adjustments for the holding company and for every corporation in the holding company's affiliated group for the taxable year. If the expense adjustments result in additional tax exceeding eleven million dollars ($11,000,000) for a taxable year for the affiliated group, the affiliated group may reduce the amount of the expense adjustment so that the resulting additional tax does not exceed this maximum. This maximum applies once to each affiliated group each taxable year, whether or not the group includes more than one bank holding company.

The members of the affiliated group may allocate this reduction among themselves in their discretion. In order to take this reduction, each member of the affiliated group that is required to file a return under this Part and that has dividends for the taxable year must provide a schedule with its return that lists every member of the group that has dividends, the amount of the dividends, and whether the member is a bank holding company. In addition, the schedule must show the expense adjustments for those members whose additional tax as a result of the expense adjustment constitutes the maximum amount. In addition, each member must provide any other documentation required by the Secretary.

If the expense adjustment for an affiliated group is reduced under this subsection, and the return of a member of the group is later changed in a manner that reduces below the maximum the amount of additional tax for the group resulting from the expense adjustment, the Secretary may increase the expense adjustment for any member of the group in order to increase to the maximum the amount of additional tax for the group resulting from the expense adjustment. In this situation, the amount of the increase is considered a forfeited tax benefit with respect to the affiliated group for the purposes of G.S. 105-241.1(e). The date of the forfeiture is the date of the change that triggers the Secretary’s authority to increase the expense adjustment. Any member whose expense adjustment the Secretary increases is liable for interest on the amount of the increase at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the expense adjustment had been calculated correctly on the original return. The amount of the increase and the interest are due 60 days after the date of the forfeiture. A taxpayer that fails to pay the amount of the increase and interest by the due date is subject to the penalties provided in G.S. 105-236.

(f) Credits for Bank Holding Companies. – If the affiliated group of which a bank holding company is a member is eligible for the reduction provided in subsection (e) of this section for a taxable year, the affiliated group is also eligible for a credit equal to two million dollars ($2,000,000). If the affiliated group of which a bank holding company is a member is not eligible for the reduction provided in subsection (e) of this section for a taxable year, the affiliated group is eligible for a credit equal to the amount of additional tax that results from its expense adjustments in excess of the amount of additional tax that would result from the expense adjustments if the expense adjustment of any bank holding company in the group were equal to fifteen percent (15%) of the holding company's dividends for that taxable year.

A credit allowed by this subsection may be taken in four equal, annual installments beginning with the later of the following taxable year or the taxpayer's taxable year beginning in 2003. The members of the affiliated group may allocate a credit allowed by this subsection among themselves in their discretion.
(g) Credit for Electric Power Holding Companies. – After calculating the adjustment for expenses related to dividends under G.S. 105-130.5(c)(3), each electric power holding company must calculate the amount of additional tax under this Part that results from the expense adjustment for the taxable year. The electric power holding company is allowed a credit for the following taxable year equal to one-half of this amount of additional tax.

As an alternative to taking this credit against its own tax liability, an electric power holding company may elect to allocate the credit among the members of its affiliated group. In this case, the credit must be taken in four equal installments beginning in the later of the following taxable year or the taxable year for which the taxpayer's final return is due in 2004.

(h) Limitation on Credits. – The credits provided in this section are allowed against the tax levied in this Part and the franchise tax levied in Article 3 of this Chapter. A taxpayer may claim a credit against only one of the taxes against which it is allowed. Each taxpayer must elect the tax against which the credit will be taken when filing the return on which the first installment of the credit is claimed. This election is binding. All installments and carryforwards of the credit must be taken against the same tax.

In order for a member of an affiliated group to take a credit, each member of the affiliated group that is required to file a return under this Part or under Article 3 of this Chapter must attach a schedule to its return that shows for every member of the group the amount of the credit taken by it, the tax against which it is taken, and the amount of the resulting tax. In addition, each member must provide any other documentation required by the Secretary.

A credit allowed in this section may not exceed the amount of tax against which it is taken for the taxable year reduced by the sum of all credits allowable, except tax payments made by or on behalf of the taxpayer. Any unused portion of the credit may be carried forward to succeeding taxable years.

SECTION 3. G.S. 105-130.8(a)(5) reads as rewritten:

"(a) Net economic losses sustained by a corporation in any or all of the 15 preceding income years shall be allowed as a deduction to the corporation subject to the following limitations:

... (5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonbusiness income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Part. The amount of the income item considered income not taxable under this Part is determined after subtracting related expenses for which a deduction was allowed under this Part."

SECTION 4. G.S. 105-130.5(b)(3a) reads as rewritten:

"(b) The following deductions from federal taxable income shall be made in determining State net income:

... (3a) Dividends treated as received from sources outside the United States as determined under section 862 of the Code, net of related expenses, to the extent included in federal taxable income. Notwithstanding the proviso in subdivision (c)(3) of this section, the netting of related
expenses shall be calculated in accordance with subdivision (c)(3) of this section and G.S. 105-130.6A."

SECTION 5. It is the intent of the General Assembly that the provisions of this act are to remain in effect for taxable years beginning in 2001 and 2002. The Revenue Laws Study Committee shall study the treatment of expenses related to dividends received and other income not taxed and the taxation of affiliated corporations, of holding companies, and of financial institutions under current law. The Committee shall report to the 2003 General Assembly its recommendations for modifying the provisions of this act and other provisions of the taxes on corporations and businesses in order to provide for a more equitable and stable source of revenue. It is the intent of the General Assembly to address the issues raised by this act during the 2003 Regular Session and enact changes effective for taxable years beginning on or after January 1, 2003.

SECTION 6.(a) If a taxpayer meets the condition set out in subsection (c) of this section, then, notwithstanding G.S. 105-163.41, no addition to tax may be made under that statute for a taxable year beginning on or after January 1, 2002, and before January 1, 2003, with respect to an underpayment of corporate income tax to the extent the underpayment was created or increased by Section 3 of S.L. 2001-327. This subsection does not apply to any underpayment of an installment of estimated tax that is due more than 15 days after the date this act becomes law.

SECTION 6.(b) If a taxpayer meets the condition set out in subsection (c) of this section, then, notwithstanding G.S. 105-236(4), the penalty under that statute for a taxable year beginning on or after January 1, 2001, and before January 1, 2002, is waived with respect to failure to pay an amount of corporate income tax due to the extent the amount of tax due was created by Section 3 of S.L. 2001-327. This subsection does not apply to any amount of corporate income tax that was due more than 15 days after the date this act becomes law.

SECTION 6.(c) In order to qualify for the benefit of this section, a taxpayer must pay within 15 days after the date this act becomes law all tax due by that date that was created or increased by Section 3 of S.L. 2001-327.

SECTION 7. This act is effective for taxable years beginning on or after January 1, 2001.

In the General Assembly read three times and ratified this the 1st day of October, 2002.

Became law upon approval of the Governor at 1:57 p.m. on the 3rd day of October, 2002.

SECTION 1.(b) Authorization and Scope. – If New Hanover County has created a Tourism Development Authority pursuant to Part VIII of Chapter 908 of the 1983 Session Laws, as amended, the governing body of a beach town may, by resolution, levy a local occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the town that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(e) Administration. – New Hanover County shall collect and administer on behalf of each beach town the tax the town levies under this section. Except as otherwise provided in this section, a tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

SECTION 1.(d) Distribution and Use of Tax Revenue. – The county shall, on a quarterly basis, remit the net proceeds of the occupancy tax levied by each beach town under this section to the Tourism Development Authority for deposit to a separate account for that beach town. The Authority shall use at least one-half of the funds in each beach town account to promote travel and tourism in that beach town and shall use the remainder in each beach town account for tourism-related expenditures in that beach town. Before spending any funds in a beach town account for promoting travel and tourism or for tourism-related expenditures, the Authority must consult with the affected beach town regarding its needs for promoting travel and tourism and for tourism-related expenditures.

The following definitions apply in this subsection:
(1) Beach towns. – Carolina Beach, Kure Beach, and Wrightsville Beach.
(2) Net proceeds. – Gross proceeds less the cost to the county of
administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(b) Levy. – A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. – Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the taxing city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing city shall design, print, and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing city a discount equal to the discount the State allows the operator for State sales and use tax.

A room occupancy tax is due and payable to the city finance officer in monthly installments on or before the fifteenth day of the month following the month in which the tax accrues. (e) Penalties. – A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing city has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. – A room occupancy tax levied by a city may be repealed or reduced by a resolution adopted by the governing body of the city. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

AN ACT TO AUTHORIZE THE CITY OF WILMINGTON TO LEVY A ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy tax. – (a) Authorization and Scope. – If New Hanover County has created a Tourism Development Authority pursuant to Part VIII of Chapter 908 of the 1983 Session Laws, as amended, the Wilmington City Council may, by resolution, levy a local occupancy tax of three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the city that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.
Before adopting a resolution levying a tax under this section, the Wilmington City Council must hold a public hearing on the question. The City Council must give at least 15 days' public notice of the hearing, including details on the proposed uses of the tax proceeds. After adopting the resolution, the City Council must immediately forward a copy of the resolution to the New Hanover County Board of Commissioners and the county manager. A tax levied under this subsection shall become effective no earlier than February 1, 2003.
SECTION 1.(b) Administration. – New Hanover County shall collect and administer a tax levied under this section. Except as otherwise provided in this section, a tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

SECTION 1.(c) Definitions. – The following definitions apply in this section:

(1) Downtown Wilmington. – The area consisting of the Central Business District, the National Register Historic District, and the area extending to the Holmes Bridge and the Cape Fear River in the city of Wilmington, North Carolina.

(2) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(3) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(4) Tourism Development Authority or Authority. – The Authority created by New Hanover County pursuant to Part VIII of Chapter 908 of the 1983 Session Laws, as amended.

SECTION 1.(d) Use of Tax Revenue. – If a tax is levied under this section, New Hanover County shall create a convention center account. The county shall remit the net proceeds of a tax levied under this section quarterly to the convention center account. Funds in the account, including interest or investment income on the account, may be used only as provided in this subsection:

(1) The county shall hold the funds in the convention center account, including interest or investment income, until one or more of the conditions provided in this subsection have been met. When any of the conditions provided in subdivision (2), (3), or (4) of this subsection has been met, the proceeds shall be used as provided in that subdivision.

(2) If, at the end of three years after the first levy of a tax under this section, the City of Wilmington has not demonstrated to the satisfaction of a Tourism Development Authority created by the county pursuant to a local act of the General Assembly that all financing and development arrangements for a convention center have been completed, the county shall remit all funds in the convention center account to the Tourism Development Authority. Thereafter, all tax proceeds remitted to the convention center account shall be remitted quarterly to the Tourism Development Authority. The Authority shall use these funds only to promote travel and tourism. For the purpose of this subdivision, completion of financing and development arrangements includes, at a minimum, obtaining financing commitments for construction, entering into contracts for construction and management, and securing the necessary land for the project.
(3) If, within three years after the first levy of a tax under this section, the City of Wilmington demonstrates to the satisfaction of a Tourism Development Authority created by the county pursuant to a local act of the General Assembly that all financing and development arrangements for a convention center have been completed, the county shall remit all funds in the convention center account to the City of Wilmington. Thereafter, except as provided in subdivision (4) of this subsection, all tax proceeds remitted to the convention center account shall be remitted quarterly to the City of Wilmington. The City of Wilmington may use the funds only for construction, financing, operation, promotion, and maintenance of the convention center. For the purpose of this subdivision, completion of financing and development arrangements includes, at a minimum, obtaining financing commitments for construction, entering into contracts for construction and management, and securing the necessary land for the project.

(4) If the condition set out in subdivision (3) of this subsection has been met but within four years after the first levy of a tax under this section, the City of Wilmington fails to demonstrate to the satisfaction of the Tourism Development Authority that construction has begun on a convention center in Downtown Wilmington, then the city must return to the county any funds it received under this subsection that have not been spent or committed. The county shall use these funds and any tax proceeds remitted thereafter to the convention center account only to promote travel and tourism in the city. If the county has created a Tourism Development Authority pursuant to a local act of the General Assembly, the county must remit the funds and future tax proceeds to the Tourism Development Authority. The Authority shall use these funds only to promote travel and tourism in the city.

SECTION 1.(e) Reports. – Each entity responsible for administering and spending the proceeds of a tax levied under this section must each annually publish a detailed, audited report on its receipts and expenditures of the occupancy tax proceeds during the preceding year. The text of the report must be included in the minutes of the entity's governing body and placed on a public web site, and must be made available in hard copy upon request.

SECTION 2. City administrative provisions. – G.S. 160A-215, as amended by S.L. 2002-95, reads as rewritten:

(a) Scope. – This section applies only to municipalities the General Assembly has authorized to levy room occupancy taxes. For the purpose of this section, the term "city" means a municipality.

(b) Levy. – A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. – Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall
be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the taxing city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing city shall design, print, and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing city a discount equal to the discount the State allows the operator for State sales and use tax.

(d) Administration. – The taxing city shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the city finance officer in monthly installments on or before the fifteenth day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the fifteenth day of each month, prepare and render a return on a form prescribed by the taxing city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the city finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. – A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing city has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. – A room occupancy tax levied by a city may be repealed or reduced by a resolution adopted by the governing body of the city. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

(g) This section applies only to Beech Mountain District W, to the Cities of Gastonia, Goldsboro, Greensboro, High Point, Kings Mountain, Lexington, Lincolnton, Lumberton, Monroe, Mount Airy, Shelby, Statesville, and Washington, and Wilmington, to the Towns of Beech Mountain, Carrboro, Jonesville, Mooresville, North Topsail Beach, Selma, Smithfield, St. Pauls, and Wilkesboro, and to the municipalities in Avery and Brunswick Counties.

In the case of an interstate air courier that has or is constructing a hub in this State, the applicable time period is seven years. The credit shall be available in the taxable year after at least twenty employees have been hired if the hirings are within the two-year applicable commitment period. The conditions outlined in subsection (a) apply to a credit taken under this subsection except that if the area is redesignated to a higher-numbered enterprise tier or loses its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not hire the employees within the two-year applicable period, the taxpayer does not qualify for the credit. However, if the taxpayer qualifies for a credit under subsection (a) in the year any new employees are hired, the taxpayer may take the credit under that subsection.

SECTION 7. G.S. 105-129.9(e) reads as rewritten:

"(e) Planned Expansion. – A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in service in an area within two years after the date the letter is signed may, in the year the eligible machinery and equipment are placed in service in that area, calculate the credit for which the taxpayer qualifies based on the area's enterprise tier and development zone designation for the year the letter was signed. In the case of an interstate air courier that has or is constructing a hub in this State, the applicable time period is seven years. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service within the two-year applicable period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the two-year applicable period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection."

The Board shall mail to each registered trainee at his last known address a notice that the renewal fee is due and that, if not paid within 30 days of the notice, the certificate will be canceled. A penalty, in addition to the renewal fee, shall be charged for a

All licenses shall be issued, renewed or duplicated for a period not exceeding one year upon payment of the renewal fee, and all licenses, renewals or duplicates thereof shall expire and terminate the thirty-first day of December following the date of their issue unless sooner revoked and canceled; provided, that the date of expiration may be changed by unanimous consent of the Board and upon 90 days' written notice of such change to all persons licensed for the practice of funeral directing, embalming and funeral service in this State.

b. The holder of any license issued by the Board who shall fail to renew the same on or before January 31 of the calendar year for which the license is to be renewed shall have forfeited and surrendered the license as of that date. No license forfeited or surrendered pursuant to the preceding sentence shall be reinstated by the Board unless it is shown to the Board that the applicant has, throughout the period of forfeiture, engaged full time in another state of the United States or the District of Columbia in the practice to which his North Carolina license applies and has completed for each such year continuing education substantially equivalent in the opinion of the Board to that required of North Carolina licensees; or has completed in North Carolina a total number of hours of accredited continuing education computed by multiplying five times the number of years of forfeiture; or has passed the North Carolina examination for the forfeited license. No additional resident traineeship shall be required. The applicant shall be required to pay all delinquent annual renewal fees and a reinstatement fee. d. As a prerequisite to the annual renewal of a license, the licensee must complete, during the year immediately preceding renewal, at least five hours of continuing education courses, approved by the Board prior to enrollment. A licensee who completes more
than five hours in a year may carry over a maximum of five hours as a credit to the following year's requirement. A licensee who is issued an initial license on or after July 1 does not have to satisfy the continuing education requirement for that year.

e. The Board shall not renew a license unless fulfillment of the continuing education requirement has been certified to it on a form provided by the Board, but the Board may waive this requirement for renewal in cases of certified illness or undue hardship or where the licensee lives outside of North Carolina and does not practice in North Carolina, and the Board shall waive the requirement for all licensees who have been licensed in North Carolina for a continuous period of 25 years or more, and for all licensees who are, at the time of renewal, members of the General Assembly.

f. The Board shall cause to be established and offered to the licensees, each calendar year, at least five hours of continuing education courses in subjects encompassing the license categories of embalming, funeral directing and funeral service. The Board may charge licensees attending these courses a reasonable registration fee in order to meet the expenses thereof and may also meet those expenses from other funds received under the provisions of this Article.

g. Any person who having been previously licensed by the Board as a funeral director or embalmer prior to July 1, 1975, shall not be required to satisfy the requirements herein for licensure as a funeral service licensee, but shall be entitled to have such license renewed upon making proper application therefor and upon payment of the renewal fee provided by the provisions of this Article. The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-28.1 reads as rewritten:

"§ 136-28.1. Letting of contracts to bidders after advertisement; exceptions.
(a) All contracts over eight hundred thousand dollars ($800,000) one million two hundred thousand dollars ($1,200,000) that the Department of Transportation may let for construction or repair necessary to carry out the provisions of this Chapter shall be let to a responsible bidder after public advertising under rules and regulations to be made and published by the Department of Transportation. The right to reject any and all bids shall be reserved to the Board of Transportation. Contracts for construction or repair for federal aid projects entered into pursuant to this section shall not contain the standardized contract clauses prescribed by 23 U.S.C. § 112(e) and 23 C.F.R. § 635.131(a) for differing site conditions, suspensions of work ordered by the engineer or significant changes in the character of the work. The Department of Transportation shall use only the contract provisions provided in the North Carolina Department of Transportation, Standard Specifications for Roads and Structures, January 1, 1984, except as each may be changed or provided for by rule adopted by the Board of Transportation in accordance with the Administrative Procedure Act.
(b) In those cases in which the amount of work to be let to contract for highway construction, maintenance, or repair is eight hundred thousand dollars ($800,000) one million two hundred thousand dollars ($1,200,000) or less, at least three informal bids shall be solicited. The term "informal bids" is defined as bids in writing, received pursuant to a written request, without public advertising. All such contracts shall be awarded to the lowest responsible bidder. The Secretary of Transportation shall keep a record of all bids submitted, which record shall be subject to public inspection at any time after the bids are opened.
(c) The construction, maintenance, and repair of ferryboats and all other marine floating equipment and the construction and repair of all types of docks by the Department of Transportation shall be deemed highway construction, maintenance, or repair for the purpose of G.S. 136-28.1 and Chapter 44A and Article 1 of Chapter 143, "The Executive Budget Act." In cases of a written determination by the Secretary of Transportation that the requirement for compatibility does not make public advertising feasible for the repair of ferryboats, the public advertising as well as the soliciting of informal bids may be waived.
(d) The construction, maintenance, and repair of the highway rest area buildings and facilities, weight stations and the Department of Transportation's participation in the construction of welcome center buildings shall be deemed highway construction,

(e) The Department of Transportation may enter into contracts for construction, maintenance, or repair without complying with the bidding requirements of this section upon a determination of the Secretary of Transportation or the State Highway Administrator that an emergency exists and that it is not feasible or not in the public interest for the Department of Transportation to comply with the bidding requirements.

(f) Notwithstanding any other provision of law, the Department of Transportation may solicit proposals under rules and regulations adopted by the Department of Transportation for all contracts for professional engineering services and other kinds of professional or specialized services necessary in connection with highway construction, maintenance, or repair. In order to promote engineering and design quality and ensure maximum competition by professional firms of all sizes, the Department may establish fiscal guidelines and limitations necessary to promote cost-efficiencies in overhead, salary, and expense reimbursement rates. The right to reject any and all proposals is reserved to the Board of Transportation.

(g) The Department of Transportation may enter into contracts for research and development with educational institutions and nonprofit organizations without soliciting bids or proposals.

(h) The Department of Transportation may enter into contracts for applied research and experimental work without soliciting bids or proposals; provided, however, that if the research or work is for the purpose of testing equipment, materials, or supplies, the provisions of Article 3 of Chapter 143 of the General Statutes shall apply. The Department of Transportation is encouraged to solicit proposals when contracts are entered into with private firms when it is in the public interest to do so.

(i) The Department of Transportation may negotiate and enter into contracts with public utility companies for the lease, purchase, installation, and maintenance of generators for electricity for its ferry repair facilities.

(j) Notwithstanding any other provision of law, the Board of Transportation may award up to three contracts annually for construction of transportation projects on a design-build basis. These contracts may be awarded after a determination by the Department of Transportation that delivery of the projects must be expedited and that it is not in the public interest to comply with normal design and construction contracting procedures. Prior to the award of a design-build contract, the Secretary of Transportation shall report to the Joint Legislative Transportation Oversight Committee and to the Joint Legislative Commission on Governmental Operations on the nature and scope of the project and the reasons an award on a design-build basis will best serve the public interest.

SECTION 2. G.S. 136-28.11 reads as rewritten:

(a) Design-Build Contracts Authorized. – Notwithstanding any other provision of law, the Board of Transportation may award up to three contracts annually for transportation projects on a design-build basis.

(b) Design-Build Contract Amounts; Basis of Award. – The Department may award contracts for the construction of transportation projects on a design-build basis of any amount. The Department shall endeavor to ensure design-build projects are awarded on a basis to maximize participation, competition, and cost benefit. On any project for
which the Department proposes to use the design-build contracting method, the Department shall attempt to structure and size the contracts for the project in order that contracting firms and engineering firms based in North Carolina have a fair and equal opportunity to compete for the contracts.

(c) Disadvantaged Business Participation Goals. – The provisions of G.S. 136-28.4 and 49 C.F.R. Part 26 shall apply to the award of contracts under this section.

(d) Findings Required. – These contracts may be awarded after a determination by the Department of Transportation that delivery of the projects must be expedited and that it is not in the public interest to comply with normal design and construction contracting procedures.

(e) Reporting Requirements. – The Department, for any proposed design-build project projected to have a construction cost in excess of one hundred million dollars ($100,000,000), shall present to the Joint Legislative Transportation Oversight Committee information on the scope and nature of the project and the reasons the development of the project on a design-build basis will best serve the public interest. Prior to the award of a design-build contract, the Secretary of Transportation shall report to the Joint Legislative Transportation Oversight Committee and to the Joint Legislative Commission on Governmental Operations on the nature and scope of the project and the reasons an award on a design-build basis will best serve the public interest.”

SECTION 3. G.S. 136-28.7 reads as rewritten:

(a) The Department of Transportation shall require that every contract for construction or repair necessary to carry out the provisions of this Chapter shall contain a provision requiring that all steel and cement iron permanently incorporated into the construction or repair project be produced in the United States.

(b) Subsection (a) shall not apply whenever the Department of Transportation determines in writing that this provision required by subsection (a) cannot be complied with because such products are not produced in the United States in sufficient quantities to meet the requirements of such contracts or cannot be complied with because the cost of such products produced in the United States unreasonably exceeds other such products.

(c) The Department of Transportation shall apply this section consistent with the requirements in 23 C.F.R. § 635.410(b)(4).

(d) The Department of Transportation shall not authorize, provide for, or make payments to any person pursuant to any contract containing the provision required by subsection (a) unless such person has fully complied with such provision.”

The General Assembly of North Carolina enacts:

SECTION 1.  G.S. 128-26(i) reads as rewritten:

"(i) Notwithstanding any other provision of this Chapter, any person who withdrew his contributions in accordance with the provisions of G.S. 128-27(f) or 135-5(f) or the rules and regulations of the Law Enforcement Officers' Retirement System and who subsequently returns to service may, upon completion of five years of prior and current membership service, repay in a total lump sum any and all of the accumulated contributions previously withdrawn with sufficient interest added thereto to cover one half of the cost of providing such additional credit plus a fee to cover expense of handling which shall be determined by the Board of Trustees and receive credit for the service forfeited at time of withdrawal(s), provided that he left service prior to July 1, 1975, interest compounded annually at the rate of six and one-half percent (6.5%) for each calendar year from the year of withdrawal to the year of repayment plus a fee to cover expense of handling which shall be determined by the Board of Trustees, and receive credit for the service forfeited at time of withdrawal(s).

Any person who leaves service after June 30, 1975, and who withdraws his contributions in accordance with G.S. 128-27(f) or 135-5(f) or the rules and regulations of the Law Enforcement Officers' Retirement System and who subsequently returns to service may, upon completion of 10 years of prior and current membership service, repay in a total lump sum any and all of the accumulated contributions previously withdrawn with sufficient interest added thereto to cover the full cost of providing such additional credit plus a fee to cover expense of handling which shall be determined by
the Board of Trustees and receive credit for the service forfeited at time of withdrawal(s). These provisions shall apply equally to retired members who had attained 10 years of prior and current membership service prior to retirement. Cost as used in this subsection shall mean the amount of money required to provide additional retirement benefits based on service credit allowed at the time any adjustment to the service credit of a member is made. The retirement allowance of a retired member who restores service under this subsection shall be increased the month following the month payment is received. The increase in the retirement allowance shall be the difference between the initial retirement allowance, under any optional allowance elected at the time of retirement, and the amount of the retirement allowance, under any optional allowance elected at the time of retirement, to which the retired member would have been entitled had the service not been previously forfeited, adjusted by any increases in the retirement accrual rate occurring between the member's date of retirement and the date of payment. The increase in the retirement allowance shall not include any adjustment for cost-of-living increases granted since the date of retirement.

SECTION 2. G.S. 128-26(k) reads as rewritten:

Any member who does not repay or purchase service credits within said three years after first eligibility to make such repayments and purchases may, under the same conditions as are otherwise required, repay or purchase service credits provided that the repayment or purchase equals the full cost of the service credits calculated on the basis of the assumptions used for purchases of the actuarial valuation of the System's liabilities and shall take into account the additional retirement allowance arising on account of such additional service credit commencing at the earliest age at which such member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost", "full liability", and "full actuarial cost" include assumed annual post-retirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance. Notwithstanding the foregoing, on and after January 1, 2003, the provisions of this subsection shall not apply to the repayment of contributions withdrawn pursuant to subsection (i) of this section."

The retirement benefit will be calculated based on the accrual rate at the time of purchase. AN ACT TO AMEND VARIOUS PROPERTY TAX LAWS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-357(b)(2) reads as rewritten:

"(2) Penalty. – In addition to interest for nonpayment of taxes provided by G.S. 105-360 and in addition to any criminal penalties provided by law for the giving of worthless checks, the penalty for giving in payment of
taxes a check that is returned because of insufficient funds or nonexistence of an account of the drawer is twenty-five dollars ($25.00) or ten percent (10%) of the amount of the check, whichever is greater, subject to a minimum of one dollar ($1.00) and a maximum of one thousand dollars ($1,000). This penalty does not apply if the tax collector finds that, when the check was presented for payment, the drawer of the check had sufficient funds in an account at a financial institution in this State to pay the check and, by inadvertence, the drawer of the check failed to draw the check on the account that had sufficient funds. This penalty shall be added to and collected in the same manner as the taxes for which the check was given.”

SECTION 1.2. G.S. 105-358 reads as rewritten:

"§ 105-358. Partial Waiver of penalties; partial payments.

(b) Partial Payments. – Unless otherwise directed by the governing body, the tax collector shall accept partial payments on taxes and issue partial payment receipts therefor.

When a payment is made on the tax for any year or on any installment, it shall first be applied to accrued penalties, interest, and costs and then to the principal amount of the tax or installment. In its discretion, the governing body may prescribe by uniform regulation the minimum amount or percentage of tax liability that may be accepted as a partial payment.”

SECTION 2. G.S. 105-317.1 is amended by adding a new subsection to read:

"(c) A taxpayer who owns personal property taxable in the county may appeal the value, situs, or taxability of the property within 30 days after the date of the initial notice of value. If the assessor does not give separate written notice of the value to the taxpayer at the taxpayer's last known address, then the tax bill serves as notice of the value of the personal property. The notice must contain a statement that the taxpayer may appeal the value, situs, or taxability of the property within 30 days after the date of the notice. Upon receipt of a timely appeal, the assessor must arrange a conference with the taxpayer to afford the taxpayer the opportunity to present any evidence or argument regarding the value, situs, or taxability of the property. Within 30 days after the conference, the assessor must give written notice to the taxpayer of the assessor's final decision. Written notice of the decision is not required if the taxpayer signs an agreement accepting the value, situs, or taxability of the property. If an agreement is not reached, the taxpayer has 30 days from the date of the notice of the assessor's final decision to request review of that decision by the board of equalization and review or, if that board is not in session, by the board of county commissioners. Unless the request for review is given at the conference, it must be made in writing to the assessor. Upon receipt of a timely request for review, the provisions of G.S. 105-322 or G.S. 105-325, as appropriate, must be followed.”

SECTION 3. G.S. 105-322(g)(5) reads as rewritten:

(4) Department. – The Department of Revenue."

SECTION 5.(b) G.S. 105A-5 reads as rewritten:

§ 105A-5. Local agency notice, hearing, and decision.

(a) Prerequisite. – A local agency may not submit a debt for collection under this Chapter until it has given the notice required by this section and the claim has been finally determined as provided in this section.

(b) Notice. – A local agency must send written notice to a debtor that the agency intends to submit the debt owed by the debtor for collection by setoff. The notice must explain the basis for the agency's claim to the debt, that the agency intends to apply the debtor's refund against the debt, and that a collection assistance fee of fifteen dollars ($15.00) will be added to the debt if it is submitted for setoff. The notice must also inform the debtor that the debtor has the right to contest the matter by filing a request for a hearing with the local agency, must state the time limits and procedure for requesting the hearing, and must state that failure to request a hearing within the required time will result in setoff of the debt.

(c) Administrative Review. – A debtor who decides to contest a proposed setoff must file a written request for a hearing with the local agency within 30 days after the date the local agency mails a notice of the proposed action to the debtor. A request for a hearing is considered to be filed when it is delivered for mailing with postage prepaid and properly addressed. The governing body of the local agency or a person designated by the governing body must hold the hearing.

If the debtor disagrees with the decision of the governing body or the person designated by the governing body, the debtor may file a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. The petition must be filed within 30 days after the debtor receives a copy of the local decision. Notwithstanding the provisions of G.S. 150B-2, a local agency is considered an agency for purposes of contested cases and appeals under this Chapter.

In a hearing under this section, an issue that has previously been litigated in a court proceeding cannot be considered.

(d) Decision. – A decision made after a hearing under this section must determine whether a debt is owed to the local agency and the amount of the debt.

(e) Return of Amount Set Off. – If a local agency submits a debt for collection under this Chapter without sending the notice required by subsection (b) of this section, the agency must send the taxpayer the entire amount set off plus the collection assistance fees provided in G.S. 105A-13. Similarly, if a local agency submits a debt for collection under this Chapter after sending the required
notice but before final determination of the debt and a decision finds that the local agency is not entitled to any part of the amount set off, the agency must send the taxpayer the entire amount set off plus the collection assistance fee retained by the Department provided in G.S. 105A-13. That portion of the amount returned that reflects the collection assistance fee must be paid from the local agency’s funds.

If a local agency submits a debt for collection under this Chapter after sending the required notice and the net proceeds collected that are credited to the local agency for the debt exceed the amount of the debt, the local agency must send the balance to the debtor. No part of the collection assistance fee retained by the Department provided in G.S. 105A-13 may be returned when a notice was sent and a debt is owed but the debt is less than the amount set off.

Interest accrues on the amount of a refund returned to a taxpayer under this subsection in accordance with G.S. 105-266. A local agency that returns a refund to a taxpayer under this subsection must pay from the local agency’s funds any interest that has accrued since the fifth day after the Department mailed the notice of setoff to the taxpayer."

SECTION 5.(c) G.S. 105A-13 reads as rewritten:

(a) State Setoff. – To recover the costs incurred by the Department in collecting debts under this Chapter, a collection assistance fee of no more than fifteen dollars ($15.00) is imposed on each debt collected through setoff. The Department must collect this fee as part of the debt and retain it. The Department must set the amount of the collection assistance fee based on its actual cost of collection under this Chapter for the immediately preceding year. If the Department is able to collect only part of a debt through setoff, the collection assistance fee has priority over the remainder of the debt. The collection assistance fee shall not be added to child support debts or collected as part of child support debts. Instead, the Department shall retain from collections under Division II of Article 4 of Chapter 105 of the General Statutes the cost of collecting child support debts under this Chapter.
(b) Repealed.
(c) Local Debts. – To recover the costs incurred by local agencies in submitting debts for collection under this Chapter, a local collection assistance fee of fifteen dollars ($15.00) is imposed on each local agency debt submitted under G.S. 105A-3(b1) and collected through setoff. The Department must collect this fee as part of the debt and remit it to the clearinghouse that submitted the debt. The local collection assistance fee does not apply to child support debts.
(d) Priority. – If the Department is able to collect only part of a debt through setoff, the collection assistance fee provided in subsection (a) of this section has priority over the local collection assistance fee and over the remainder of the debt. The local collection assistance fee has priority over the remainder of the debt."

SECTION 6. Sections 1, 1.2, and 6 of this act are effective when they become law. Section 4 is effective on and after June 30, 2002. Sections 5(a), 5(b), and 5(c) become effective January 1, 2003. § 163-278.63. North Carolina Public Campaign Financing Fund established; sources of funding.

(a) Establishment of Fund. – The North Carolina Public Campaign Financing Fund is established to finance the election campaigns of certified candidates for office and to pay administrative and enforcement costs of the Board related to this Article. The Fund is a special, dedicated, nonlapsing, nonreverting fund. All expenses of administering this Article, including production and distribution of the Voter Guide required by G.S. 163-278.69 and personnel and other costs incurred by the Board, shall be paid from the Fund and not from the General Fund. Any interest generated by the Fund is credited to the Fund. The Board shall administer the Fund.

(b) Sources of Funding. – Money received from all the following sources must be deposited in the Fund:

(1) Money from the North Carolina Candidates Financing Fund.

In its report, the Board shall set out the funds received to date and the expected needs of the Fund for the next election.

§ 163-278.64. Requirements for participation; certification of candidates.

(a) Declaration of Intent to Participate. – Any individual choosing to receive campaign funds from the Fund shall first file with the Board a declaration of intent to
participate in the act as a candidate for a stated office. The declaration of intent shall be filed before or during the qualifying period and before collecting any qualifying contributions. Failure to comply is a violation of this Article.

(b) Demonstration of Support of Candidacy. – Participating candidates who seek certification to receive campaign funds from the Fund shall first, during the qualifying period, obtain qualifying contributions from at least 350 registered voters in an aggregate sum that at least equals the amount of minimum qualifying contributions described in G.S. 163-278.62(10) but that does not exceed the amount of maximum qualifying contributions described in G.S. 163-278.62(9).

No payment, gift, or anything of value shall be given in exchange for a qualifying contribution.

(c) Certification of Candidates. – Upon receipt of a submittal of the record of demonstrated support by a participating candidate, the Board shall determine whether or not the candidate has complied with all the following requirements, if they apply to that candidate:

1. Signed and filed a declaration of intent to participate in this Article.

3. Qualified to receive votes on the ballot as a candidate for the office.
4. Otherwise met the requirements for participation in this Article.

The Board shall certify candidates complying with the requirements of this section as soon as possible and no later than five business days after receipt of a satisfactory record of demonstrated support.

(d) Restrictions on Contributions and Expenditures for Participating and Certified Candidates. – The following restrictions shall apply to contributions and expenditures with respect to participating and certified candidates:

1. Beginning January 1 of the year before the election and before the filing of a declaration of intent, a candidate for office may accept in contributions up to ten thousand dollars ($10,000) from sources and in amounts permitted by Article 22A of this Chapter and may expend up to ten thousand dollars ($10,000) for any campaign purpose. A candidate who exceeds either of these limits shall be ineligible to file a declaration of intent or receive funds from the Public Campaign Financing Fund.
2. From the filing of a declaration of intent through the end of the qualifying period, a candidate shall expend no more than an amount equal to the maximum qualifying contributions for that candidate, not including possible rescue funds or the remaining money raised pursuant to subdivision (1) of this subsection. Contributions a candidate may use to expend to that limit shall be limited to qualifying contributions and personal and family contributions permitted by subdivision (4) of this subsection.

618
(3) After the qualifying period and through the date of the general election, the candidate shall expend only the funds the candidate receives from the Fund pursuant to G.S. 163-278.65(b)(4) plus any funds remaining from the qualifying period and possible rescue funds.

(4) During the qualifying period, the candidate may contribute up to one thousand dollars ($1,000) of that candidate's own money to the campaign and may accept in contributions one thousand dollars ($1,000) from each member of that candidate's family consisting of spouse, parent, child, brother, and sister.

(5) A candidate and the candidate's committee shall limit the use of all revenues permitted by this subsection to expenditures for campaign-related purposes only. The Board shall publish guidelines outlining permissible campaign-related expenditures.

(6) Any contribution received by a participating or certified candidate that falls outside that permitted by this subsection shall be returned to the donor as soon as practicable. Contributions intentionally made, solicited, or accepted in violation of this Article are subject to civil penalties as specified in G.S. 163-278.70. The funds involved shall be forfeited to the Civil Penalty and Forfeiture Fund.

(7) A candidate shall return to the Fund any amount distributed for an election that is unspent and uncommitted at the date of the election, or at the time the individual ceases to be a certified candidate, whichever occurs first. For accounting purposes, all qualifying, personal, and family contributions shall be considered spent before revenue from the Fund is spent or committed.

(e) Revocation. – A candidate may revoke, in writing to the Board, a decision to participate in the Public Campaign Financing Fund at any time before the deadline set by the Board for the candidate's submission of information for the Voter Guide described in G.S. 163-278.69. After a timely revocation, that candidate may accept and expend outside the limits of this Article without violating this Article. Within 10 days after revocation, a candidate shall return to the Board all money received from the Fund.

§ 163-278.65. Distribution from the Fund.

(a) Timing of Fund Distribution. – The Board shall distribute to a certified candidate revenue from the Fund in an amount determined under subdivision (b)(4) of this section within five business days after the certified candidate's name is approved to appear on the ballot in a contested general election, but no earlier than five business days after the primary.

(b) Amount of Fund Distribution. – By August 1, 2003, and no less frequently than every two years thereafter, the Board shall determine the amount of funds, rounded to the nearest one hundred dollars ($100.00), to be distributed to certified candidates as follows:

(4) Contested general elections. – Funds shall be distributed to a certified candidate for a position on the Court of Appeals in an amount equal to 125 times the candidate's filing fee as set forth in G.S. 163-107. Funds shall be distributed to a certified candidate for a position on the
Supreme Court in an amount equal to 175 times the candidate's filing fee as set forth in G.S. 163-107.

(c) Method of Fund Distribution. – The Board, in consultation with the State Treasurer and the State Controller, shall develop a rapid, reliable method of conveying funds to certified candidates. In all cases, the Board shall distribute funds to certified candidates in a manner that is expeditious, ensures accountability, and safeguards the integrity of the Fund. If the money in the Fund is insufficient to fully fund all certified candidates, then the available money shall be distributed proportionally, according to each candidate's eligible funding.

.§ 163-278.66. Reporting requirements.

(a) Reporting by Noncertified Candidates and Independent Expenditure Entities. – Any noncertified candidate with a certified opponent shall report total income, expenses, and obligations to the Board by facsimile machine or electronically within 24 hours after the total amount of campaign expenditures or obligations made, or funds raised or borrowed, exceeds eighty percent (80%) of the trigger for rescue funds as defined in G.S. 163-278.62(18). Any entity making independent expenditures in excess of three thousand dollars ($3,000) in support of or opposition to a certified candidate shall report the total funds received, spent, or obligated for those expenditures to the Board by facsimile machine or electronically within 24 hours after the total amount of expenditures or obligations made, or funds raised or borrowed, for the purpose of making the independent expenditures, exceeds fifty percent (50%) of the trigger for rescue funds. After this 24-hour filing, the noncertified candidate or independent expenditure entity shall comply with an expedited reporting schedule by filing additional reports after receiving each additional amount in excess of one thousand dollars ($1,000) or after making or obligated to make each additional expenditure(s) in excess of one thousand dollars ($1,000). The schedule and forms for reports required by this subsection shall be made according to procedures developed by the Board.

(b) Reporting by Participating and Certified Candidates. – Notwithstanding other provisions of law, participating and certified candidates shall report any money received, including all previously unreported qualifying contributions, all campaign expenditures, obligations, and related activities to the Board according to procedures developed by the Board. A certified candidate who ceases to be certified or ceases to be a candidate or who loses an election shall file a final report with the Board and return any unspent revenues received from the Fund. In developing these procedures, the Board shall utilize existing campaign reporting procedures whenever practical.

(c) Timely Access to Reports. – The Board shall ensure prompt public access to the reports received in accordance with this Article. The Board may utilize electronic means of reporting and storing information.

.§ 163-278.67. Rescue funds.

(a) When Rescue Funds Become Available. – When any report or group of reports shows that 'funds in opposition to a certified candidate or in support of an opponent to that candidate' as described in this section, exceed the trigger for rescue funds as defined in G.S. 163-278.62(18), the Board shall issue immediately to that certified candidate an additional amount equal to the reported excess within the limits set forth in this section. 'Funds in opposition to a certified candidate or in support of an opponent to that candidate' shall be equal to the sum of the following:

(1) Campaign expenditures or obligations made, or funds raised or borrowed, whichever is greater, reported by any one uncertified opponent of a certified candidate. Where a certified candidate has
more than one uncertified opponent, the measure shall be taken from
the uncertified candidate showing the highest relevant dollar amount.

(2) The sum of all expenditures reported in accordance with G.S.
163-278.66 of entities making independent expenditures in opposition
to the certified candidate or in support of any opponent of that certified
candidate.

(b) Limit on Rescue Funds in Contested Primary. – Total rescue funds to a
certified candidate in a contested primary shall be limited to an amount equal to two
times the maximum qualifying contributions for the office sought.

(c) Limit on Rescue Funds in Contested General Election. – Total rescue funds to a
certified candidate in a contested general election shall be limited to an amount equal
to two times the amount described in G.S. 163-278.65(b)(4).

§ 163-278.68. Enforcement and administration.

(a) Enforcement by the Board. – The Board, with the advice of the Advisory
Council for the Public Campaign Financing Fund, shall administer the provisions of this
Article.

(b) Advisory Council for the Public Campaign Financing Fund. – There is
established under the Board the Advisory Council for the Public Campaign Financing
Fund to advise the Board on the rules, procedures, and opinions it adopts for the
enforcement and administration of this Article and on the funding needs and operation
of the Public Campaign Financing Fund. The Advisory Council shall consist of five
members to be appointed as follows:

(1) The Governor shall name two members from a list of individuals
nominated by the State Chair of the political party with which the
greatest number of registered voters is affiliated. The State Chair of
that party shall submit to the Governor the names of five nominees.

(2) The Governor shall name two members from a list of individuals
nominated by the State Chair of the political party with which the
second greatest number of registered voters is affiliated. The State
Chair of that party shall submit to the Governor the names of five
nominees.

(3) The Board shall name one member by unanimous vote of all members
of the Board. If the Board cannot reach unanimity on the appointment
of that member, the Advisory Council shall consist of the remaining
members.

No individual shall be eligible to be a member of the Advisory Council who would
be ineligible to serve on a county board of elections in accordance with G.S. 163-30.
The initial members shall be appointed by December 1, 2002. Of the initial appointees,
two are appointed for one-year terms, two are appointed for two-year terms, and one is
appointed for a three-year term according to random lot. Thereafter, appointees are
appointed to serve four-year terms. An individual may not serve more than two full
terms. The appointed members receive the legislative per diem pursuant to G.S.
120-3.1. One of the Advisory Council members shall be elected by the members as
Chair. A vacancy during an unexpired term shall be filled in the same manner as the
regular appointment for that term, but a vacancy appointment is only for the unexpired
portion of the term.

(c) Appeals. – The initial decision on an issue concerning qualification,
certification, or distribution of funds under this Article shall be made by the Executive
Director of the Board. The procedure for challenging that decision is as follows:
(1) An individual or entity aggrieved by a decision by the Executive Director of the Board may appeal to the full Board within three business days of the decision. The appeal shall be in writing and shall set forth the reasons for the appeal.

(2) Within five business days after an appeal is properly made, and after due notice is given to the parties, the Board shall hold a hearing. The appellant has the burden of providing evidence to demonstrate that the decision of the Executive Director was improper. The Board shall rule on the appeal within three business days after the completion of the hearing.

(d) Board to Adopt Rules and Issue Opinions. – The Board shall adopt rules and issue opinions to ensure effective administration of this Article. Such rules and opinions shall include, but not be limited to, procedures for obtaining qualifying contributions, certification of candidates, addressing circumstances involving special elections, vacancies, recounts, withdrawals, or replacements, collection of revenues for the Fund, distribution of Fund revenue to certified candidates, return of unspent Fund disbursements, and compliance with this Article. The Board shall adopt procedures for the distribution of rescue money that further the purpose and avoid the subversion of G.S. 163-278.67. For races involving special elections, recounts, vacancies, withdrawals, or replacement candidates, the Board shall establish procedures for qualification, certification, disbursement of Fund revenues, and return of unspent Fund revenues. The Board shall fulfill each of these duties in consultation with the Advisory Council on the Public Campaign Financing Fund.

(e) Report to the Public. – The Advisory Council for the Public Campaign Financing Fund shall issue a report by March 1, 2005, and every two years thereafter that evaluates and makes recommendations about the implementation of this Article and the feasibility of expanding its provisions to include other candidates for State office based on the experience of the Fund and the experience of similar programs in other states. The Advisory Council shall also evaluate and make recommendations regarding how to address activities that could undermine the purpose of this Article, including spending that appears to target candidates receiving money from the Fund but that does not meet the definition of ‘independent expenditures.’

§ 163-278.69. Voter education.

(a) Judicial Voter Guide. – The Board shall publish a Judicial Voter Guide that explains the functions of the appellate courts and the laws concerning the election of appellate judges, the purpose and function of the Public Campaign Financing Fund, and the laws concerning voter registration. The Board shall distribute the Guide to as many voting-age individuals in the State as practical, through a mailing to all residences or other means it deems effective. The distribution shall occur no more than 28 days nor fewer than seven days before the primary and no more than 28 days nor fewer than seven days before the general election.

(b) Candidate Information. – The Judicial Voter Guide shall include information concerning all candidates for the Supreme Court and the Court of Appeals, as provided by those candidates according to a format provided to the candidates by the Board. The Board shall request information for the Guide from each candidate according to the following format:

(1) Place of residence.
(2) Education.
(3) Occupation.
(4) Employer.
(5) Date admitted to the bar.
(6) Legal/judicial experience.
(7) Candidate statement, limited to 150 words. Concerning that statement, the Board shall send to the candidates instructions as follows: ‘Your statement may include information such as your qualifications, your endorsements, your ratings, why you are seeking judicial office, why you would make a good judge, what distinguishes you from your opponent(s), your acceptance of spending and fund-raising limits to qualify to receive funds from the Public Campaign Financing Fund, and any other information relevant to your candidacy. The State Board of Elections will reject any portion of any statement which it determines contains obscene, profane, or defamatory language. The candidate shall have three days to resubmit the candidate statement if the Board rejects a portion of the statement.’

(c) Disclaimer. – The Judicial Voter Guide shall contain the following statement: ‘The above statements do not express or reflect the opinions of the State Board of Elections.’

§ 163-278.70. Civil penalty.
In addition to any other penalties that may be applicable, any individual, political committee, or other entity that violates any provision of this Article is subject to a civil penalty of up to ten thousand dollars ($10,000) per violation or three times the amount of any financial transactions involved in the violation, whichever is greater. In addition to any fine, for good cause shown, a candidate found in violation of this Article may be required to return to the Fund all amounts distributed to the candidate from the Fund. If the Board makes a determination that a violation of this Article has occurred, the Board shall calculate and assess the amount of the civil penalty and shall notify the entity that is assessed the civil penalty of the amount that has been assessed. The Board shall then proceed in the manner prescribed in G.S. 163-278.34. In determining whether or not a candidate is in violation of this Article, the Board may consider as a mitigating factor any circumstances out of the candidate's control.’

SECTION 2. G.S. 163-278.13 reads as rewritten:

§ 163-278.13. Limitation on contributions.
(a) No individual, political committee, or other entity shall contribute to any candidate or other political committee any money or make any other contribution in any election in excess of four thousand dollars ($4,000) for that election.
(b) No candidate or political committee shall accept or solicit any contribution from any individual, other political committee, or other entity of any money or any other contribution in any election in excess of four thousand dollars ($4,000) for that election.
(c) Notwithstanding the provisions of subsections (a) and (b) of this section, it shall be lawful for a candidate or a candidate's spouse, parents, brothers and sisters to make a contribution to the candidate or to the candidate's treasurer of any amount of money or to make any other contribution in any election in excess of four thousand dollars ($4,000) for that election.
(d) For the purposes of this section, the term "an election" means any primary, second primary, or general election in which the candidate or political committee may be involved, without regard to whether the candidate is opposed or unopposed in the
election, except that where a candidate is not on the ballot in a second primary, that second primary is not "an election" with respect to that candidate.

(e) This section shall not apply to any national, State, district or county executive committee of any political party. For the purposes of this section only, the term "political party" means only those political parties officially recognized under G.S. 163-96.

(e1) No referendum committee which received any contribution from a corporation, labor union, insurance company, business entity, or professional association may make any contribution to another referendum committee, to a candidate or to a political committee.

(e2) In order to make meaningful the provisions of Article 22D of this Chapter, the following provisions shall apply with respect to candidates for justice of the Supreme Court and judge of the Court of Appeals:

(1) No candidate shall accept, and no contributor shall make to that candidate, a contribution in any election exceeding one thousand dollars ($1,000) except as provided for elsewhere in this subsection.

(2) A candidate may accept, and a family contributor may make to that candidate, a contribution not exceeding two thousand dollars ($2,000) in an election if the contributor is that candidate's parent, child, brother, or sister.

(3) No candidate shall accept, and no contributor shall make to that candidate, a contribution during the period beginning 21 days before the day of the general election and ending the day after the general election. This subdivision applies with respect to a candidate opposed in the general election by a certified candidate as defined in Article 22D of this Chapter who has not received the maximum rescue funds available under G.S. 163-278.67. The recipient of a contribution that apparently violates this subdivision has three days to return the contribution or file a detailed statement with the State Board of Elections explaining why the contribution does not violate this subdivision.

As used in this subsection, 'candidate' is also a political committee authorized by the candidate for that candidate's election. Nothing in this subsection shall prohibit a candidate or the spouse of that candidate from making a contribution or loan secured entirely by that individual's assets to that candidate's own campaign.

(f) Any individual, candidate, political committee, referendum committee, or other entity that violates the provisions of this section is guilty of a Class 2 misdemeanor."

SECTION 3. G.S. 105-41(a)(1) reads as rewritten:

"§ 105-41. Attorneys-at-law and other professionals.

(a) Every individual in this State who practices a profession or engages in a business and is included in the list below must obtain from the Secretary a statewide license for the privilege of practicing the profession or engaging in the business. A license required by this section is not transferable to another person. The tax for each license is fifty dollars ($50.00).

(1) An attorney-at-law. In addition to the tax, whenever an attorney pays the tax, the Department must give that attorney an opportunity to make a contribution of fifty dollars ($50.00) to support the North Carolina Public Campaign Financing Fund established by G.S. 163-278.63.
Payment of the contribution is not required and is not considered part of the tax owed.

SECTION 4. Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

§ 105-159.2. Designation of tax to North Carolina Public Campaign Financing Fund.

(a) Allocation to the North Carolina Public Campaign Financing Fund. – To ensure the financial viability of the North Carolina Public Campaign Financing Fund established in Article 22D of Chapter 163 of the General Statutes, the Department must allocate to that Fund three dollars ($3.00) from the income taxes paid each year by each individual with an income tax liability of at least that amount, if the individual agrees. A taxpayer must be given the opportunity to indicate an agreement to that allocation in the manner described in subsection (b) of this section. In the case of a married couple filing a joint return, each individual must have the option of agreeing to the allocation. The amounts allocated under this subsection to the Fund must be credited to it on a quarterly basis.

(b) Returns. – Individual income tax returns must give an individual an opportunity to agree to the allocation of three dollars ($3.00) of the individual's tax liability to the North Carolina Public Campaign Financing Fund. The Department must make it clear to the taxpayer that the dollars will support a nonpartisan court system, that the dollars will go to the Fund if the taxpayer marks an agreement, and that allocation of the dollars neither increases nor decreases the individual's tax liability. The following statement satisfies the intent of this requirement: 'Three dollars ($3.00) will go to the North Carolina Public Campaign Financing Fund to support a nonpartisan court system, if you agree. Your tax remains the same whether or not you agree.' The Department must consult with the State Board of Elections to ensure that the information given to taxpayers complies with the intent of this section.

The Department must inform the entities it approves to reproduce the return of the requirements of this section and that a return may not reflect an agreement or objection unless the individual completing the return decided to agree or object after being presented with the information required by subsection (c) of this section. No software package used in preparing North Carolina income tax returns may default to an agreement or objection. A paid preparer of tax returns may not mark an agreement or objection for a taxpayer without the taxpayer's consent.

(c) Instructions. – The instruction for individual income tax returns must include the following explanatory statement: 'The North Carolina Public Campaign Financing Fund provides campaign money to nonpartisan candidates for the North Carolina Supreme Court and Court of Appeals who voluntarily accept strict campaign spending and fund-raising limits. The Fund also helps finance educational materials about voter registration, the role of the appellate courts, and the candidates seeking election as appellate judges in North Carolina. Three dollars ($3.00) from the taxes you pay will go to the Fund if you mark an agreement. Regardless of what choice you make, your tax will not increase, nor will any refund you are entitled to be reduced.'

SECTION 5. Article 22C of Chapter 163 of the General Statutes is repealed.

SECTION 6.(a) G.S. 105-269.6 is repealed.

SECTION 6.(b) In order to pay for its costs for the 2002-2003 fiscal year of programming, design, printing, and other expenses associated with implementing this
act, the Secretary of Revenue may draw funds not to exceed one hundred seventy-eight thousand six hundred dollars ($178,600) from the North Carolina Candidates Financing Fund. After drawing those funds, the Secretary of Revenue shall transfer immediately to the North Carolina Public Campaign Financing Fund any remaining funds that were contributed to the North Carolina Candidates Financing Fund pursuant to G.S. 105-269.6 before its repeal by this section. Funds the Secretary of Revenue withdraws but then determines are not needed shall also be transferred to the North Carolina Public Campaign Financing Fund.

SECTION 7. Subchapter X of Chapter 163 of the General Statutes reads as rewritten:

"SUBCHAPTER X. ELECTION OF APPELLATE, SUPERIOR SUPERIOR, AND DISTRICT COURT JUDGES.

"Article 25.

"Nomination and Election of Appellate, Superior Superior, and District Court Judges.

The nomination and election of justices of the Supreme Court, judges of the Court of Appeals, and superior and district court judges of the General Court of Justice shall be as provided by this Article.

"§ 163-322. Nonpartisan primary election method.

(a) General. – Except as provided in G.S. 163-329, there shall be a primary to narrow the field of candidates to two candidates for each position to be filled if, when the filing period closes, there are more than two candidates for a single office or the number of candidates for a group of offices exceeds twice the number of positions to be filled. If only one or two candidates file for a single office, no primary shall be held for that office and the candidates shall be declared nominated. If the number of candidates for a group of offices does not exceed twice the number of positions to be filled, no primary shall be held for those offices and the candidates shall be declared nominated.

(b) Determination of Nominees. – In the primary, the two candidates for a single office receiving the highest number of votes, and those candidates for a group of offices receiving the highest number of votes, equal to twice the number of positions to be filled, shall be declared nominated. If two or more candidates receiving the highest number of votes each receive the same number of votes, the State Board of Elections shall determine their relative ranking by lot, and shall declare the nominees accordingly. The canvass of the primary shall be held on the same date as the primary canvass fixed under G.S. 163-188. The canvass shall be conducted in accordance with Article 16 of this Chapter.

(c) Determination of Election Winners. – In the election, the names of those candidates declared nominated without a primary and those candidates nominated in the primary shall be placed on the ballot. The candidate for a single office receiving the highest number of votes shall be elected. Those candidates for a group of offices receiving the highest number of votes, equal in number to the number of positions to be filled, shall be elected. If two candidates receiving the highest number of votes each received the same number of votes, the State Board of Elections shall determine the winner by lot.

(a) Form of Notice. – Each person offering to be a candidate for election shall do so by filing a notice of candidacy with the State Board of Elections in the following form, inserting the words in parentheses when appropriate:
I hereby file notice that I am a candidate for election to the office of _______ in the regular election to be held ______________. _____.

A candidate may also, in lieu of that candidate's first name and legal middle initial or middle name, if any, sign that candidate's nickname, provided the candidate appends to the notice of candidacy an affidavit that the candidate has been commonly known by that nickname for at least five years prior to the date of making the affidavit. The candidate shall also include with the affidavit the way the candidate's name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

A notice of candidacy signed by an agent or any person other than the candidate himself shall be invalid.

(b) (Effective until January 1, 2003) Time for Filing Notice of Candidacy. – Candidates seeking election to the following offices shall file their notice of candidacy with the State Board of Elections no earlier than 12:00 noon on the first Monday in January and no later than 12:00 noon on the first Monday in February preceding the election:

ballots. If that candidate receives enough votes for nomination, such votes shall be disregarded and the candidate receiving the next highest number of votes below the number necessary for nomination shall be declared nominated. If the death or disqualification of the candidate leaves only two candidates for each office to be filled, the nonpartisan primary shall not be held and all candidates shall be declared nominees.

(b) Death, Disqualification, or Resignation of Official After Election. – If a person elected to the office of justice of the Supreme Court, judge of the Court of Appeals, or superior or district court judge dies, becomes disqualified, or resigns on or after election day and before he has qualified by taking the oath of office, the office shall be deemed vacant and shall be filled as provided by law.

If the ballots have been printed at the time the State Board of Elections receives notice of the candidate's death or other disqualification, the Board shall determine whether there will be sufficient time to reprint them before the election if the filing period is reopened for three days. If the Board determines that there will be sufficient time to reprint the ballots, it shall reopen the filing period for three days to allow other candidates to file for election, and such election shall be conducted on the plurality basis.

(c) Vacancy Caused by Nominated Candidate; Ballots Not Reprinted. – If the ballots have been printed at the time the State Board of Elections receives notice of a candidate's death, other disqualification, or resignation, and if the Board determines that there is not enough time to reprint the ballots before the election if the filing period is reopened for three days, then regardless of the number of candidates remaining for the office or group of offices, the ballots shall not be reprinted and the name of the vacated candidate shall remain on the ballots. If a vacated candidate should poll the highest number of votes in the election for a single office or enough votes to be elected to one of a group of offices, the State Board of Elections shall declare the office vacant and it shall be filled in the manner provided by law.

"§ 163-329. Elections to fill vacancy created after primary filing period to use plurality method."

If a vacancy occurs in a second office in the same superior court district after the first filing period established under the section has closed, the State Board of Elections shall reopen filing for a period of not less than five working days for the office of justice of the Supreme Court, judge of the Court of Appeals, or superior court judge. All persons filing in either filing period shall run as a group and the election results shall be determined by subdivision (3) of this subsection.

Incorporation of a political committee does not relieve any individual, person, or other entity of any liability, duty, or obligation created pursuant to any provision of this Chapter. To obtain the benefits of this subsection, an incorporating political committee must state exactly the following language as the only purpose for which the corporation can be organized: "to accept contributions and make expenditures to influence elections as a political committee pursuant to G.S. 163-278.6(14) only." All architects, engineers, designers, or draftsmen, when providing design services, or writing specifications, directly or indirectly, for materials to be used in any city, county or State work, shall specify in their plans the required performance and design characteristics of such materials. However, when it is impossible or impractical to specify the required performance and design characteristics for such materials, then the architect, engineer, designer or draftsman may use a brand name specification so long as they cite three or more examples of items of equal design or equivalent design, which would establish an acceptable range for items of equal or equivalent design. The specifications shall state clearly that the cited examples are used only to denote the quality standard of product desired and that they do not restrict bidders to a specific brand, make, manufacturer or specific name; that they are used only to set forth and convey to bidders the general style, type, character and quality of product desired; and that equivalent products will be acceptable. Where it is impossible to specify performance and design characteristics for such materials and impossible to cite three or more items due to the fact that there are not that many items of similar or equivalent design in competition, then as many items as are available shall be cited. On all city, county or State works, the maximum interchangeability and compatibility of cited items shall be required. The brand of product used on a city, county or State work shall not limit competitive bidding on future works. Specifications may list one or more preferred brands as an alternate to the base bid in limited circumstances. Specifications containing a preferred brand alternate under this section must identify the performance standards that support the preference. Performance standards for the preference must be approved in advance by the owner in an open meeting. Any alternate approved by the owner shall be approved only where (i) the preferred alternate will provide cost savings, maintain or improve the functioning of any process or system affected by the preferred item or items, or both, and (ii) a justification identifying these criteria is made available in writing to the public. Substitution of materials, items, or equipment of equal or equivalent design shall be submitted to the architect or engineer for approval or disapproval; such approval or disapproval shall be made by the architect or engineer prior to the opening of bids. The purpose of this statute is to mandate and encourage free and open competition on public contracts."

SECTION 64.(d) Section 64(c) of this act becomes effective January 1, 2003, and applies to bidding opportunities advertised on or after that date.

SECTION 65. It is the intent of the General Assembly that Sections 1 through 7 of S.L. 2002-120 shall be effective prospectively only and shall not apply to pending litigation or claims that accrued before the effective date of S.L. 2002-120. Nothing in Section 1 through 7 of S.L. 2002-120 shall be construed as a waiver of the sovereign immunity of the State or any other defenses as to any claim for damages, other recovery of funds, including attorneys' fees, or injunctive relief from the State by any unit of local government or political subdivision of the State.

Even with the significant expansion funds appropriated for the increased costs, transfers of funds to meet obligations for the 2001-2002 fiscal year, and significant cost-savings measures imposed by the General Assembly and the Department of Health and Human Services, Medicaid will still need additional State funds next year to cover increased costs.

The General Assembly further finds that due to the downturn in the economy and the loss of jobs in various sectors of the economy, the State must undertake various economic initiatives.

Funds transferred pursuant to this section shall be used only for Medicaid and for economic initiatives.

Notwithstanding G.S. 143-16.4(a2), of the funds credited-adDED to the Tobacco Trust Account from the Master Settlement Agreement settlement payments pursuant to Section 6(2) of S.L. 1999-2 during the 2002-2003 fiscal year, the sum of thirty-eight million dollars ($38,000,000) shall be transferred from the Department of Agriculture and Consumer Services, Budget Code 23703 (Tobacco Trust Fund) to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2002-2003 fiscal year.

Notwithstanding G.S. 143-16.4(a1), of the funds credited-added to the Health Trust Account from the Master Settlement Agreement settlement payments pursuant to Section 6(2) of S.L. 1999-2 during the 2002-2003 fiscal year, the sum of forty million dollars ($40,000,000) shall be transferred from the Department of State Treasurer, Budget Code 23460 (Health and Wellness Trust Fund) to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2002-2003 fiscal year.

Notwithstanding G.S. 147-86.30(c), the Health and Wellness Trust Fund Commission may transfer up to eighteen million dollars ($18,000,000) from the Fund Reserve created in G.S. 147-86.30 to the Health and Wellness Trust Fund nonreserved funds to be expended in accordance with G.S. 147-86.30(d) during the 2002-2003 fiscal year."

The aggregate principal amount payable by the State under financing contracts entered
pursuant to this Article shall not exceed fifty million dollars ($50,000,000) at any one time.

§ 142-64. Procedure for incurrence or issuance of financing contract.

(a) When a State governmental unit has solicited a guaranteed energy conservation measure, the State governmental unit shall request that the State Treasurer approve the State governmental unit's entering into a financing contract to finance the cost of the energy conservation measure. In connection with the request, the State governmental unit shall provide to the State Treasurer any information the State Treasurer requests in order to evaluate the request. In the event that the State Treasurer determines that financing efficiencies will be realized through the combining of financing contracts, then the State Treasurer is authorized to execute and deliver, for and on behalf of the State of North Carolina, subject to the terms and conditions set forth in this Article, a financing contract for the purpose of financing the cost of the multiple energy conservation measures.

(b) A financing contract may be entered into pursuant to this Article only after all of the following conditions are met:

1. The Office of State Budget and Management has certified that resources are expected to be available to the State to pay the payments to fall due under the financing contract as they become due and payable.
2. The Council of State has approved the execution and delivery of the financing contract by resolution that sets forth all of the following:
   a. The not-to-exceed term or final maturity of the financing contract, which shall be no later than 12 years from the date the financing contract is entered.

The resolution of the Council of State shall include any other matters the Council of State considers appropriate.

(c) In determining whether to approve a financing contract under subdivision (b)(3) of this section, the State Treasurer may consider the factors the State Treasurer considers relevant in order to find and determine all of the following:

1. The principal amount to be advanced to the State under the financing contract is adequate and not excessive for the purpose of paying the cost of the energy conservation measure.
2. The increase, if any, in State revenues necessary to pay the sums to become due under the financing contract are not excessive.
3. The financing contract can be entered into on terms desirable to the State.
4. In the case of delivery of certificates of participation, the sale of certificates of participation will not have an adverse effect upon any scheduled or proposed sale of obligations of the State or any State agency.
(d) The Office of State Budget and Management is authorized to certify that funds are expected to be available to the State to make the payments due under a financing contract entered into under the provisions of this section as the payments become due and payable. In so certifying, the Office of State Budget and Management may take into account expected decreases in appropriations to the State governmental unit that will offset payments expected to be made under the financing contract.

§ 142-65. Security; other requirements.

(a) In order to secure the performance by the State of its obligations under a financing contract or any other related documentation, the State may grant a lien on, or security interest in, all or any part of the energy conservation property or the land upon which the energy conservation property is or will be located.

(b) No deficiency judgment may be rendered against the State or any State governmental unit in any action for breach of any obligation contained in a financing contract or any other related documentation, and the taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under a financing contract or any other related documentation. In the event that the General Assembly does not appropriate funds sufficient to make payments required under a financing contract or any other related documentation, the net proceeds received from the sale, lease, or other disposition of the property subject to the lien or security interest created pursuant to subsection (a) of this section shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation creating the lien or security interest. These net proceeds are hereby appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under the financing contract or any other related documentation shall be paid to the State Treasurer for deposit to the General Fund of the State.

(c) Neither a financing contract nor any other related documentation shall contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any State property that is the subject of an energy conservation measure.

(d) A financing contract may include provisions requesting the Governor to submit in the Governor's budget proposal, or any amendments or supplements to it, appropriations necessary to make the payments required under the financing contract.

(e) A financing contract may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing funds under the financing contract that are reasonable and not in violation of law, including covenants setting forth the duties of the State in respect of the purposes to which the funds advanced under a financing contract may be applied, and the duties of the State with respect to the property subject to the lien or security interest created pursuant to subsection (a) of this section, including, without limitation, provisions relating to insuring and maintaining any property and the custody, safeguarding, investment, and application of moneys.

(f) The interest component of the installment payments to be made under a financing contract may be calculated based upon a fixed or variable interest rate or rates as determined by the State Treasurer.

(g) If the State Treasurer determines that it is in the best interest of the State, the State may enter into, or arrange for the delivery of, a credit facility to secure payment of the payments due under a financing contract or to secure payment of the purchase price of any certificates of participation delivered as provided in this Article.
§ 142-66. Payment provisions.

The payment of amounts payable by the State under a financing contract and any other related documentation during any fiscal biennium or fiscal year shall be limited to funds appropriated for that purpose by the General Assembly in its discretion. No provision of this Article and no financing contract or any other related documentation shall be construed or interpreted as creating a pledge of the faith and credit of the State or any agency, department, or commission of the State within the meaning of any constitutional debt limitation.

§ 142-67. Certificates of participation.

(a) If the State Treasurer determines that the State would realize debt service savings under one or more financing contracts if certificates of participation are issued with respect to the rights to receive payments under the financing contract, then the State Treasurer is authorized to take actions, with the consent of the Council of State, that will effectuate the delivery of certificates of participation for that purpose.

(b) Terms; Interest. – Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(c) Trust Agreement. – Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer.

§ 142-68. Tax exemption.

Any financing contract entered pursuant to this Article, and any certificates of participation relating to it, shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the financing contract or certificates of participation; and franchise taxes. The interest component of the installment payments made by the State under the financing contract, including the interest component of any certificates of participation, is not subject to taxation as income.

§ 142-69. Other agreements.

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with entering into financing contracts and issuing certificates of participation pursuant to this Article. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any financing contracts or certificates of participation under this Article as the State Treasurer considers appropriate.

§ 142-70. Investment eligibility.

Financing contracts entered into pursuant to this Article, and any certificates of participation relating to them, are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial
institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Financing contracts entered pursuant to this Article, and any certificates of participation relating to them, are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or any political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law."

"§ 7B-505. Place of nonsecure custody.

A juvenile meeting the criteria set out in G.S. 7B-503 may be placed in nonsecure custody with the department of social services or a person designated in the order for temporary residential placement in:

(1) A licensed foster home or a home otherwise authorized by law to provide such care; or

(2) A facility operated by the department of social services; or

(3) Any other home or facility, including a relative's home approved by the court and designated in the order.

In placing a juvenile in nonsecure custody under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that placement with the relative would be contrary to the best interests of the juvenile. In placing a juvenile in nonsecure custody under this section, the court shall also consider whether it is in the juvenile's best interest to remain in the juvenile's community of residence. In placing a juvenile in nonsecure custody under this section, the court shall consider the Indian Child Welfare Act, Pub. L. No. 95-608, 25 U.S.C. §§ 1901, et seq., as amended,
and the Howard M. Metzenbaum Multiethnic Placement Act of 1994, Pub. L. No. 103-382, 108 Stat. 4056, as amended, as they may apply. Placement of a juvenile with a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children, Article 38 of this Chapter."

"c. Place the juvenile in the custody of the department of social services in the county of the juvenile's residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of the department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state. The director may, unless otherwise ordered by the court, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable, or unable to act on behalf of the juvenile, the director may, unless otherwise ordered by the court, arrange for, provide, or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a court or the court's designee in the custody or physical custody of a county department of social services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the director shall make reasonable efforts to obtain consent from a parent or guardian of the affected juvenile. If the director cannot obtain such consent, the director shall promptly notify the parent or guardian that care or treatment has been provided and shall give the parent frequent status reports on the circumstances of the juvenile. Upon request of a parent or guardian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to such parent or guardian by the director unless prohibited by G.S. 122C-53(d). If a juvenile is removed from the home and placed in custody or placement responsibility of a county department of social services, the director shall not allow unsupervised visitation with, or return physical custody of the juvenile to, the parent, guardian, custodian, or caretaker without a hearing at which the court finds that the juvenile will receive proper care and supervision in a safe home.

In placing a juvenile in out-of-home care under this section, the court shall first consider whether a relative of the juvenile is willing and able to provide proper care and supervision of the juvenile in a safe home. If the court finds that the relative is willing and able to provide proper care and supervision in a safe home, then the court shall order placement of the juvenile with the relative unless the court finds that the placement is contrary to the best interests of the juvenile. In placing a juvenile in out-of-home care under this section, the court shall also consider whether it is in the juvenile's best interest to remain in the juvenile's community of residence. Placement of a juvenile with
a relative outside of this State must be in accordance with the Interstate Compact on the Placement of Children."

SECTION 4.9. G.S. 7B-2502(a) reads as rewritten:

"(a) In any case, the court may order that the juvenile be examined by a physician, psychiatrist, psychologist, or other qualified expert as may be needed for the court to determine the needs of the juvenile. In the case of a juvenile adjudicated delinquent for committing an offense that involves the possession, use, sale, or delivery of alcohol or a controlled substance, the court shall require the juvenile to be tested for the use of controlled substances or alcohol within 30 days of the adjudication. In the case of any juvenile adjudicated delinquent, the court may, if it deems it necessary, require the juvenile to be tested for the use of controlled substances or alcohol. The results of these initial tests conducted pursuant to this subsection shall be used for evaluation and treatment purposes only. In placing a juvenile in out-of-home care under this section, the court shall also consider whether it is in the juvenile's best interest to remain in the juvenile's community of residence."

SECTION 4.10. G.S. 7B-2503 reads as rewritten:

"§ 7B-2503. Dispositional alternatives for undisciplined juveniles.

The following alternatives for disposition shall be available to the court exercising jurisdiction over a juvenile who has been adjudicated undisciplined. In placing a juvenile in out-of-home care under this section, the court shall also consider whether it is in the juvenile's best interest to remain in the juvenile's community of residence. The court may combine any of the applicable alternatives when the court finds it to be in the best interests of the juvenile:

(1) In the case of any juvenile who needs more adequate care or supervision or who needs placement, the judge may:

a. Require that the juvenile be supervised in the juvenile's own home by a department of social services in the juvenile's county of residence, a juvenile court counselor, or other personnel as may be available to the court, subject to conditions applicable to the parent, guardian, or custodian or the juvenile as the judge may specify; or

b. Place the juvenile in the custody of a parent, guardian, custodian, relative, private agency offering placement services, or some other suitable person; or

c. Place the juvenile in the custody of a department of social services in the county of the juvenile's residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of a department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state. An order placing a juvenile in the custody or placement responsibility of a county department of social services shall contain a finding that the juvenile's continuation in the juvenile's own home would be contrary to the juvenile's best interest. This placement shall be reviewed in accordance with G.S. 7B-906. The director may, unless otherwise ordered by the judge, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable, or unable to act on
behalf of the juvenile or juveniles, the director may, unless otherwise ordered by the judge, arrange for, provide or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a judge or the judge's designee in the custody or physical custody of a county department of social services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the director shall make reasonable efforts to obtain consent from a parent, guardian, or custodian of the affected juvenile. If the director cannot obtain consent, the director shall promptly notify the parent, guardian, or custodian that care or treatment has been provided and shall give the parent, guardian, or custodian frequent status reports on the circumstances of the juvenile. Upon request of a parent, guardian, or custodian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to the parent, guardian, or custodian by the director unless prohibited by G.S. 122C-53(d).

(2) Place the juvenile under the protective supervision of a juvenile court counselor for a period of up to three months, with an extension of an additional three months in the discretion of the court.

(3) Excuse the juvenile from compliance with the compulsory school attendance law when the court finds that suitable alternative plans can be arranged by the family through other community resources for one of the following:
   a. An education related to the needs or abilities of the juvenile including vocational education or special education;
   b. A suitable plan of supervision or placement; or
   c. Some other plan that the court finds to be in the best interests of the juvenile."

SECTION 4.11. The Department of Health and Human Services shall report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services and to the Senate Health and Human Services Appropriations Subcommittee and the House of Representatives Appropriations Subcommittee on Health and Human Services by June 1, 2003, regarding the business plan information required by G.S. 122C-115.2(b), as amended by Section 4.3 of this act.

SECTION 5. Section 1 of this act becomes effective January 1, 2003. Sections 2 and 3 of this act become effective July 1, 2003. The remainder of this act is effective when it becomes law. Section 4.6 of this act expires on October 1, 2004.

In the General Assembly read three times and ratified this the 3rd day of October, 2002.

Became law upon approval of the Governor at 3:08 p.m. on the 23rd day of October, 2002.

The local government shall advise the applicant and the Director in writing as to the specific reasons that the plan was disapproved. (c) The disapproval or modification of any proposed erosion and sedimentation control plan by a local government shall entitle the person submitting the plan to a public hearing if the person submits written demand for a hearing within 15 days after receipt of written notice of the disapproval or modification. The hearings shall be conducted pursuant to procedures adopted by the local government. If the local government upholds the disapproval or modification of a proposed erosion and sedimentation control plan following the public hearing, the person submitting the erosion and sedimentation control plan shall be entitled to appeal the local government's action disapproving or modifying the plan to the Commission. The Commission, by regulation, shall direct the Secretary to appoint such employees of the Department as may be necessary to hear appeals from the disapproval or modification of erosion and sedimentation control plans by local governments. In addition to providing for the appeal of local government decisions disapproving or modifying
erosion and sedimentation control plans to designated employees of the Department, the Commission shall designate an erosion and sedimentation control plan review committee consisting of three members of the Commission. The person submitting the erosion and sedimentation control plan may appeal the decision of an employee of the Department who has heard an appeal of a local government action disapproving or modifying an erosion and sedimentation control plan to the erosion and sedimentation control plan review committee of the Commission. H.B. 1641 Session Law 2002-166

AN ACT TO ADOPT THE PROVISIONS OF THE REVISED INTERSTATE COMPACT FOR THE SUPERVISION OF ADULT OFFENDERS AND TO PROVIDE FOR NORTH CAROLINA TO PARTICIPATE IN THE
INTERNATIONAL PRISONER TRANSFER PROGRAM ADMINISTERED BY THE UNITED STATES DEPARTMENT OF JUSTICE.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 148 of the General Statutes is amended by adding a new Article to read:

"Article 4B. Interstate Compact for the Supervision of Adult Offenders.

§ 148-65.4. Short title. This Article may be cited as "The Interstate Compact for the Supervision of Adult Offenders".

§ 148-65.5. Governor to execute compact; form of compact. The Governor of North Carolina is authorized and directed to execute a compact on behalf of the State of North Carolina with any state of the United States legally joining therein in the form substantially as follows:

Preamble.

Whereas: The Interstate Compact for the Supervision of Parolees and Probationers was established in 1937, it is the earliest corrections "compact" established among the states, and has not been amended since its adoption over 62 years ago;

Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders;

Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements, and sex offender registration;

Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability;

Whereas: The General Assembly hereby finds, determines, and declares that this act is necessary for the immediate preservation of the public peace, health, and safety. The Governor is hereby authorized and directed to enter into a compact on behalf of the State of North Carolina with any state of the United States and other territorial possessions of the United States legally joining therein in the form substantially as follows;

Whereas: Upon the adoption of this Interstate Compact for the Supervision of Adult Offenders, it is the intention of the General Assembly to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers one year after the effective date of this compact.

Article 1. Purpose.

(a) The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the bylaws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders,
transfer supervision authority in an orderly and efficient manner, and when necessary
return offenders to the originating jurisdictions. The compacting states also recognize
that Congress, by enacting the Crime Control Act, 4 U.S.C. § 112 (1965), has
authorized and encouraged compacts for cooperative efforts and mutual assistance in
the prevention of crime.

(b) It is the purpose of this compact and the Interstate Commission created
hereunder, through means of joint and cooperative action among the compacting states:

(1) To provide the framework for the promotion of public safety and to
protect the rights of victims through the control and regulation of the
interstate movement of offenders in the community;

(2) To provide for the effective tracking, supervision, and rehabilitation of
these offenders by the sending and receiving states; and

(3) To equitably distribute the costs, benefits, and obligations of the
compact among the compacting states.

(c) In addition, this compact will:

(1) Create an Interstate Commission which will establish uniform
procedures to manage the movement between states of adults placed
under community supervision and released to the community under the
jurisdiction of courts, paroling authorities, corrections, or other
criminal justice agencies, which will promulgate rules to achieve the
purpose of this compact;

(2) Ensure an opportunity for input and timely notice to victims and to
jurisdictions where defined offenders are authorized to travel or to
relocate across state lines;

(3) Establish a system of uniform data collection, access to information on
active cases by authorized criminal justice officials, and regular
reporting of compact activities to heads of state councils, state
executive, judicial, and legislative branches and criminal justice
administrators;

(4) Monitor compliance with rules governing interstate movement of
offenders and initiate interventions to address and correct
noncompliance; and

(5) Coordinate training and education regarding regulations of interstate
movement of offenders for officials involved in such activity.

(d) The compacting states recognize that there is no "right" of any offender to
live in another state and that duly accredited officers of a sending state may at all times
enter a receiving state and there apprehend and retake any offender under supervision
subject to the provision of this compact and bylaws and rules promulgated hereunder. It
is the policy of the compacting states that the activities conducted by the Interstate
Commission created herein are the formation of the public policies and are therefore
public business.

The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for any actual and necessary costs and expenses incurred by them in the performance of their duties and responsibilities as officers of the Interstate Commission.

The Interstate Commission shall, through its executive committee, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the Interstate Commission may deem appropriate. Article VII.
Activities of the Interstate Commission.

(a) The Interstate Commission shall meet and take such actions as are consistent with the provisions of this compact.

(b) Except as otherwise provided in this compact and unless a greater percentage is required by the bylaws, in order to constitute an act of the Interstate Commission, such act shall have been taken at a meeting of the Interstate Commission and shall have received an affirmative vote of a majority of the members present.

(c) Each member of the Interstate Commission shall have the right and power to cast a vote to which the compacting state is entitled and to participate in the business and affairs of the Interstate Commission. A member shall vote in person on behalf of the state and shall not delegate a vote to another member state. However, a state council shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the member state at a specified meeting. The bylaws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication. Any voting conducted by telephone or other means of telecommunication or electronic communication shall be subject to the same quorum requirements of meetings where members are present in person.

(e) The Interstate Commission's bylaws shall establish conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure any information or official records to the extent they would adversely affect personal privacy rights or proprietary interests. In promulgating such
rules, the Interstate Commission may make available to law enforcement agencies records and information otherwise exempt from disclosure, and may enter into agreements with law enforcement agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(f) Public notice shall be given of all meetings, and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission shall promulgate rules consistent with the principles contained in the "Government in Sunshine Act", U.S.C. § 552(b), as may be amended. The Interstate Commission and any of its committees may close a meeting to the public where it determines by two-thirds vote that an open meeting would be likely to:

1. Relate solely to the Interstate Commission's internal personnel practices and procedures;
2. Disclose matters specifically exempted from disclosure by statute;
3. Disclose trade secrets or commercial or financial information which is privileged or confidential;
4. Involve accusing any person of a crime or formally censuring any person;
5. Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
6. Disclose investigatory records compiled for law enforcement purposes;
7. Disclose information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of, the Interstate Commission with respect to a regulated entity for the purpose of regulation or supervision of such entity;

9. Specifically relate to the Interstate Commission's issuance of a subpoena, or its participation in a civil action or proceeding.

(g) For every meeting closed pursuant to this provision, the Interstate Commission's chief legal officer shall publicly certify that, in the officer's opinion, the meeting may be closed to the public and shall reference each relevant exemptive provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any recall vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

(h) The Interstate Commission shall collect standardized data concerning the interstate movement of offenders as directed through its bylaws and rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements.

Article VIII.
Rule-making Functions of the Interstate Commission.

(a) The Interstate Commission shall promulgate rules in order to effectively and efficiently achieve the purposes of the compact including transition rules governing
administration of the compact during the period in which it is being considered and enacted by the states.

(b) Rule making shall occur pursuant to the criteria set forth in this article and the bylaws and rules adopted pursuant thereto. Such rule making shall substantially conform to the principles of the federal Administrative Procedure Act, 5 U.S.C.S. section 551, et seq., and the Federal Advisory Committee Act, 5 U.S.C. § 1, et seq., as may be amended (hereinafter "APA"). All rules and amendments shall become binding as of the date specified in each rule or amendment.

(c) If a majority of the legislatures of the compacting states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

(d) When promulgating a rule, the Interstate Commission shall:

1. Publish the proposed rule stating with particularity the text of the rule that is proposed and the reason for the proposed rule;
2. Allow persons to submit written data, facts, opinions, and arguments, which information shall be publicly available;
3. Provide an opportunity for an informal hearing; and
4. Promulgate a final rule and its effective date, if appropriate, based on the rule-making record. Not later than 60 days after a rule is promulgated, any interested person may file a petition in the United States District Court for the District of Columbia or in the Federal District Court where the Interstate Commission's principle office is located for judicial review of such rule. If the court finds that the Interstate Commission's action is not supported by substantial evidence, (as defined in the APA), in the rule-making record, the court shall hold the rule unlawful and set it aside. Subjects to be addressed within 12 months after the first meeting must, at a minimum, include:
   a. Notice to victims and opportunity to be heard;
   b. Offender registration and compliance;
   c. Violations/returns;
   d. Transfer procedures and forms;
   e. Eligibility for transfer;

   g. Data collection and reporting;
   h. The level of supervision to be provided by the receiving state;
   i. Transition rules governing the operation of the compact and the Interstate Commission during all or part of the period between the effective date of the compact and the date on which the last eligible state adopts the compact; and
   j. Mediation, arbitration, and dispute resolution.

(e) The existing rules governing the operation of the previous compact superceded by this Act shall be null and void 12 months after the first meeting of the Interstate Commission created hereunder.

(f) Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rule-making procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.
Article IX.
Oversight, Enforcement, and Dispute Resolution by the Interstate Commission.

(a) Oversight. – The Interstate Commission shall oversee the interstate movement of adult offenders in the compacting states and shall monitor such activities being administered in noncompacting states that may significantly affect compacting states.

The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the Interstate Commission, the Interstate Commission shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the proceeding for all purposes.

(b) Dispute Resolution. – The compacting states shall report to the Interstate Commission on issues or activities of concern to them and cooperate with and support the Interstate Commission in the discharge of its duties and responsibilities.

The Interstate Commission shall attempt to resolve any disputes or other issues which are subject to the compact and which may arise among compacting states and noncompacting states.

The Interstate Commission shall enact a bylaw or promulgate a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.

(c) Enforcement. – The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact using any and all means set forth in Article XII, subsection (b) of this compact.

Article X.

(b) The Interstate Commission shall levy on and collect an annual assessment for each compacting state to cover the cost of the internal operations and activities of the Interstate Commission and its staff that must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

(c) The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(d) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.
Article XI.
Compacting State, Effective Date, and Amendment.

(a) Any state, as defined in Article II of this compact, is eligible to become a compacting state.

(b) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than 35 of the states. The initial effective date shall be the later of July 1, 2002, or upon enactment into law by the 35th jurisdiction. Therefore, it shall become effective and binding as to any other compacting state, upon enactment of the compact into law by that state. The governors of nonmember states or their designees will be invited to participate in Interstate Commission activities on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

(c) Amendments to the compact may be proposed by the Interstate Commission for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

Article XII.
Withdrawal, Default, Termination, and Judicial Enforcement.

(a) Withdrawal. – Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw from the compact (“withdrawing state”) by enacting a statute specifically repealing the statute which enacted the compact into law.

The effective date of withdrawal is the effective date of the repeal.

The withdrawing state shall immediately notify the Chair of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state's reenacting the compact or upon such later date as determined by the Interstate Commission.

(b) Default. – If the Interstate Commission determines that any compacting state has at any time defaulted (“defaulting state”) in the performance of any of its obligations or responsibilities under this compact, the bylaws, or any duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

1. Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission;
2. Remedial training and technical assistance as directed by the Interstate Commission;
3. Suspension and termination of membership in the compact. Suspension shall be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted. Immediate notice of suspension shall be given by the Interstate Commission to the Governor; the Chief Justice or Chief Judicial

The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission on the defaulting state pending a cure of the default. The Interstate Commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compacting states, and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of suspension. Within 60 days of the effective date of termination of a defaulting state, the Interstate Commission shall notify the Governor; the Chief Justice or Chief Judicial Officer of the state; the Majority and Minority Leaders of the defaulting state's legislature; and the state council of such termination.

The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including any obligations the performance of which extends beyond the effective date of termination.

The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon between the Interstate Commission and the defaulting state. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

(c) Judicial Enforcement. – The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the Federal District where the Interstate Commission has its offices to enforce compliance with the provisions of the compact, its duly promulgated rules and bylaws against any compacting state in default. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(d) Dissolution of Compact. – The compact dissolves effective upon the date of the withdrawal or default of the compacting state that reduces membership in the compact to one compacting state. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be wound up, and any surplus funds shall be distributed in accordance with the bylaws.

Article XIII.

(b) Binding Effect of the Compact. – All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the compacting states.

All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.

Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.

In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective, and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

The appropriate officer or officers of this State shall, as soon as practicable following termination of any such hearing, report to the sending state, furnish a copy of the hearing record, and make recommendations regarding the disposition to be made of the offender by the sending state. Pending any proceeding pursuant to this section, the appropriate officers of this State may take custody of and detain the offender involved for a period not to exceed 15 days prior to the hearing and, if it appears to the hearing officer or officers that retaking or reincarceration is likely to follow, for such reasonable period after the hearing or waiver as may be necessary to arrange for the retaking or reincarceration.

(b) Any hearing pursuant to this section may be before the Administrator of the Interstate Compact for the Supervision of Adult Offenders, a deputy of the Administrator, any other person appointed by the Administrator, or any person authorized pursuant to the laws of this State to hear cases of alleged parole, probation, or post-release supervision violation, except that no hearing officer shall be the person making the allegation of violation.

(c) With respect to any hearing pursuant to this section, the offender:

SECTION 4. G.S. 93A-4 reads as rewritten:

"§ 93A-4. Applications for licenses; fees; qualifications; examinations; privilege licenses; renewal or reinstatement of license; power to enforce provisions.

(a) Any person, partnership, corporation, limited liability company, association, or other business entity hereafter desiring to enter into business of and obtain a license as a real estate broker or real estate salesperson shall make written application for such
license to the Commission in the form and manner prescribed by the Commission. Each applicant for a license as a real estate broker or real estate salesperson shall be at least 18 years of age. Each applicant for a license as a real estate salesperson shall, within three years preceding the date application is made, have satisfactorily completed, at a school approved by the Commission, a real estate fundamentals course consisting of at least 67 hours of classroom instruction in subjects determined by the Commission, or shall possess real estate education or experience in real estate transactions which the Commission shall find equivalent to the course. Each applicant for a license as a real estate broker shall, within three years preceding the date the application is made, have satisfactorily completed, at a school approved by the Commission, an education program consisting of at least 60 hours of classroom instruction in subjects determined by the Commission, which shall be in addition to the course required for a real estate salesperson license, or shall possess real estate education or experience in real estate transactions which the Commission shall find equivalent to the education program. Each applicant for a license as a real estate broker or real estate salesperson shall be required to pay a fee, fixed by the Commission but not to exceed thirty dollars ($30.00).

The cost of the computerized examination shall be in addition to any other fees the applicant is required to pay under subsection (a) of this section. The examination shall determine the applicant's qualifications with due regard to the paramount interests of the public as to the applicant's competency. A person holding a real estate salesperson license in this State and applying for a real estate broker license shall not be required to take an additional examination under this subsection. A person who fails the license examination shall be entitled to know the result and score. A person who passes the exam shall be notified only that the person passed the examination. (c) All licenses issued by the Commission under the provisions of this Chapter shall expire on the 30th day of June following issuance or on any other date that the Commission may determine and shall become invalid after that date unless reinstated. A license may be renewed 45 days prior to the expiration date by filing an application with and paying to the Executive Director of the Commission the license renewal fee. The license renewal fee is thirty dollars ($30.00) unless the Commission sets the fee at a
higher amount. The Commission may set the license renewal fee at an amount that does not exceed fifty dollars ($50.00). The license renewal fee may not increase by more than five dollars ($5.00) during a 12-month period. The Commission may adopt rules establishing a system of license renewal in which the licenses expire annually with varying expiration dates. These rules shall provide for prorating the annual fee to cover the initial renewal period so that no licensee shall be charged an amount greater than the annual fee for any 12-month period. All licenses reinstated after the expiration date thereof shall be subject to a late filing fee of five dollars ($5.00) in addition to the required renewal fee. The fee for reinstatement of an expired license shall be fifty-five dollars ($55.00). In the event a licensee fails to obtain a reinstatement of such license within 12–six months after the expiration date thereof, the Commission may, in its discretion, consider such person as not having been previously licensed, and thereby subject to the provisions of this Chapter relating to the issuance of an original license, including the examination requirements set forth herein. Duplicate licenses may be issued by the Commission upon payment of a fee of five dollars ($5.00) by the licensee. Commission certification of a licensee's license history shall be made only after the payment of a fee of ten dollars ($10.00).

d) The Commission is expressly vested with the power and authority to make and enforce any and all reasonable rules and regulations connected with license application, examination, renewal, and reinstatement as shall be deemed necessary to administer and enforce the provisions of this Chapter. The Commission is further authorized to adopt reasonable rules and regulations necessary for the approval of real estate schools, instructors, and textbooks and rules that prescribe specific requirements pertaining to instruction, administration, and content of required education courses and programs.

e) Nothing contained in this Chapter shall be construed as giving any authority to the Commission nor any licensee of the Commission as authorizing any licensee to engage in the practice of law or to render any legal service as specifically set out in G.S. 84-2.1 or any other legal service not specifically referred to in said section."

SECTION 5.  G.S. 93A-6 is amended by adding a new subsection to read:

In any contested case concerning an application for licensure, time share project registration, or school, sponsor, instructor, or course approval, the Commission may impose reasonable conditions, restrictions, and limitations on any license, registration, or approval it may issue as a part of its final decision."

The actual address and telephone number of a program participant may not be disclosed except as provided in Chapter 15C of the General Statutes.

SECTION 8. G.S. 163-82.10(d) reads as rewritten:

"(d) Exception for Address of Certain Registered Voters. – Notwithstanding subsections (b) and (c) of this section, if a registered voter submits to the county board of elections a copy of a protective order without attachments, if any, issued to that person under G.S. 50B-3 or a lawful order of any court of competent jurisdiction restricting the access or contact of one or more persons with a registered voter or a current and valid Address Confidentiality Program authorization card issued pursuant to the provisions of Chapter 15C of the General Statutes, accompanied by a signed statement that the voter has good reason to believe that the physical safety of the voter or a member of the voter's family residing with the voter would be jeopardized if the voter's address were open to public inspection, that voter's address is a public record but shall be kept confidential as long as the protective order remains in effect or the voter remains a certified program participant in the Address Confidentiality Program. That voter's name, precinct, and the other data contained in that voter's registration record shall remain a public record. That voter's signed statement submitted under this subsection is a public record but shall be kept confidential as long as the protective order remains in effect or the voter remains a certified program participant in the Address Confidentiality Program. It is the responsibility of the voter to provide the county board with a copy of the valid protective order in effect or a current and valid Address Confidentiality Program authorization card issued pursuant to the provisions of Chapter 15C of the General Statutes. The voter's actual address shall be used for any election-related purpose by any board of elections. That voter's address shall be available for inspection by a law enforcement agency or by a person identified in a court order, if inspection of the address by that person is directed by that court order. It shall not be a violation of this section if the address of a voter who is participating in the Address Confidentiality Program is discovered by a member of the public in public records disclosed by a county board of elections prior to December 1, 2001."

SECTION 9. No General Fund appropriations shall be used to implement this act. The Attorney General and all other agencies to which this act applies shall implement the provisions of this act with funds that are or will become available as a result of the settlement of the case entitled State of Florida, et al. v. Nine West Group, Inc., and John Does 1-500, Civil Action No. 00 CIV 1707 (BDP), U.S.D.C., Southern District of New York, or other grants or funds that are not appropriated from the General Fund.

SECTION 10. This act becomes effective January 1, 2003.

In the General Assembly read three times and ratified this the 2nd day of October, 2002.
AN ACT TO ESTABLISH AND MODIFY VARIOUS ECONOMIC INCENTIVE PROGRAMS FOR BUSINESS AND INDUSTRY; TO AMEND PROVISIONS RELATING TO INDUSTRIAL AND POLLUTION CONTROL FACILITIES FINANCING; TO AUTHORIZE PLANNING AND DEVELOPMENT FOR A BIOPHARMACEUTICAL TRAINING CENTER AND A CANCER REHABILITATION TREATMENT CENTER; AND TO MAKE TECHNICAL AND CONFORMING CHANGES.

The General Assembly of North Carolina enacts:

PART 1.  BILL LEE ACT

SECTION 1.1. G.S. 105-129.9(a) and (c) read as rewritten:

"(a) General Credit. – If a taxpayer that has purchased or leased eligible machinery and equipment places them in service in this State during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the excess of the eligible investment amount over the applicable threshold. Machinery and equipment are eligible if they are capitalized by the taxpayer for tax purposes under the Code and not leased to another party. In addition, in the case of a large investment, machinery and equipment that are not capitalized by the taxpayer are eligible if the taxpayer leases them from another party. The credit may not be taken for the taxable year in which the machinery and equipment are placed in service but shall be taken in equal installments over the seven years following the taxable year in which they are placed in service. The applicable percentage is as follows:

(c) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the enterprise tier where the eligible machinery and equipment are placed in service during the taxable year. If the taxpayer places eligible machinery and equipment in service at more than one establishment in an enterprise tier during the taxable year, the threshold applies separately to the eligible machinery and equipment placed in service at each establishment. If the taxpayer places eligible machinery and equipment in service at an establishment over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

SECTION 1.2. G.S. 105-129.4 is amended by adding a new subsection to read:

"(b6) Overdue Tax Debts. – A taxpayer is not eligible for a credit allowed under this Article if, at the time the taxpayer claims an installment or carryforward of the credit, the taxpayer has received a notice of an overdue tax debt and that overdue tax debt has not been satisfied or otherwise resolved."

SECTION 1.3.(a) If House Bill 1665, 2001 General Assembly, does not become law, then G.S. 105-129.4(b) reads as rewritten:

"(b) Wage Standard. – A taxpayer is eligible for the credit for creating jobs or the credit for worker training in an enterprise tier three, four, or five area if, for the calendar year the jobs are created or the worker training is provided, the average wage of the jobs for which the credit is claimed meets the wage standard and the average wage of all jobs at the location with respect to which the credit is claimed meets the wage standard. No credit is allowed for jobs not included in the wage calculation. A taxpayer is eligible for the credit for investing in machinery and equipment, the credit for research and development, or the credit for investing in real property for a central office or aircraft facility, or the credit for substantial investment in other property/facility in a tier three, four, or five area if, for the calendar year the taxpayer engages in the activity that qualifies for the credit, the average wage of all jobs at the location with respect to which the credit is claimed meets the wage standard. In making the wage calculation, the taxpayer must include any positions that were filled for at least 1,600 hours during the calendar year the taxpayer engages in the activity that qualifies for the credit even if those positions are not filled at the time the taxpayer claims the credit. For a taxpayer with a taxable year other than a calendar year, the taxpayer must use the wage standard for the calendar year in which the taxable year begins. No wage standard applies to credits for activities in an enterprise tier one or two area.

Jobs meet the wage standard if they pay an average weekly wage that is at least equal to the applicable percentage times one hundred ten percent (110%) of the applicable average weekly wage for the county in which the jobs will be located, as computed by the Secretary of Commerce from data compiled by the Employment Security Commission for the most recent period for which data are available. The applicable percentage for jobs located in an enterprise tier one area is one hundred percent (100%). The applicable percentage for all other jobs is one hundred ten percent (110%). The applicable average weekly wage is the lowest of the following: (i) the average wage for all insured private employers in the county, (ii) the average wage for all insured private employers in the State, and (iii) the average wage for all insured private employers in the county multiplied by the county income/wage adjustment factor. The county income/wage adjustment factor is the county income/wage ratio divided by the State income/wage ratio. The county income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the average per capita income in the State divided by the annualized average wage for all insured private employers in the State. The Department of Commerce must annually publish the wage standard for each county."

SECTION 1.3.(b) If House Bill 1665, 2001 General Assembly, becomes law, then G.S. 105-129.4(b) reads as rewritten:
"(b) Wage Standard. – A taxpayer is eligible for the credit for creating jobs or the credit for worker training in an enterprise tier three, four, or five area if, for the calendar year the jobs are created or the worker training is provided, the average wage of the jobs for which the credit is claimed meets the wage standard and the average wage of all jobs at the location with respect to which the credit is claimed meets the wage standard. No credit is allowed for jobs not included in the wage calculation. A taxpayer is eligible for the credit for investing in machinery and equipment, the credit for research and development, or the credit for investing in real property for a central office or aircraft facility, or the credit for substantial investment in other property facility in a tier three, four, or five area if, for the calendar year the taxpayer engages in the activity that qualifies for the credit, the average wage of all jobs at the location with respect to which the credit is claimed meets the wage standard. In making the wage calculation, the taxpayer must include any positions that were filled for at least 1,600 hours during the calendar year the taxpayer engages in the activity that qualifies for the credit even if those positions are not filled at the time the taxpayer claims the credit. For a taxpayer with a taxable year other than a calendar year, the taxpayer must use the wage standard for the calendar year in which the taxable year begins. No wage standard applies to credits for activities in an enterprise tier one or two area.

Part-time jobs for which the taxpayer provides health insurance as provided in subsection (b2) of this section are considered to have an average weekly wage at least equal to the applicable percentage times the applicable average weekly wage for the county in which the jobs will be located. There may be a period of up to 100 days between the time at which an employee begins a part-time job and the time at which the taxpayer begins to provide health insurance for that employee.

Jobs meet the wage standard if they pay an average weekly wage that is at least equal to the applicable percentage times one hundred ten percent (110%) of the applicable average weekly wage for the county in which the jobs will be located, as computed by the Secretary of Commerce from data compiled by the Employment Security Commission for the most recent period for which data are available. The applicable percentage for jobs located in an enterprise tier one area is one hundred percent (100%). The applicable percentage for all other jobs is one hundred ten percent (110%). The applicable average weekly wage is the lowest of the following: (i) the average wage for all insured private employers in the county, (ii) the average wage for all insured private employers in the State, and (iii) the average wage for all insured private employers in the county multiplied by the county income/wage adjustment factor. The county income/wage adjustment factor is the county income/wage ratio divided by the State income/wage ratio. The county income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the average per capita income in the State divided by the annualized average wage for all insured private employers in the State. The Department of Commerce must annually publish the wage standard for each county."

SECTION 1.4. G.S. 105-129.3A is amended by adding a new subsection to read:

"(d) Parcel of Property Partially in a Development Zone. – For the purposes of this section, a parcel of property that is located partially within a development zone is considered entirely within the development zone if all of the following conditions are satisfied:
(1) At least fifty percent (50%) of the parcel is located within the development zone.

(2) The parcel was in existence and under common ownership prior to the most recent federal decennial census.

(3) The parcel is a portion of land made up of one or more tracts or tax parcels of land that is surrounded by a continuous perimeter boundary.

**SECTION 1.5.** G.S. 105-129.2 is amended by adding a new subdivision to read:

"§ 105-129.2. Definitions."

The following definitions apply in this Article:

…

(17a) Overdue tax debt. – Defined in G.S. 105-243.1.

**SECTION 1.6.** In addition to heightening the incentive effect of the William S. Lee Quality Jobs and Business Expansion Act in lower-tiered counties, the changes in Section 1.1 of this act are intended to reduce the cost of the Act and make more revenues available to the State of North Carolina in future years. It is the intent of the General Assembly in making these changes to provide a source of funds that could be used in future years to support other, more targeted economic development programs aimed at helping create new jobs in North Carolina.

**SECTION 1.7.** Section 1.1 of this act is effective for taxable years beginning on or after January 1, 2003, and applies to business activities that occur on or after January 1, 2003, but does not apply to business activities that occur on or after January 1, 2003, that are subject to a letter of commitment signed under G.S. 105-129.9 before January 1, 2003. Sections 1.2 through 1.5 of this act are effective for taxable years beginning on or after January 1, 2003. The remainder of this part is effective when it becomes law.

**PART 2. JOB DEVELOPMENT INVESTMENT GRANT PROGRAM**

**SECTION 2.1.(a)** Article 10 of Chapter 143B of the General Statutes is amended by adding a new Part to read:

"Part 2F."

"§ 143B-437.44. Legislative findings and purpose."

The General Assembly finds that:

(1) It is the policy of the State of North Carolina to stimulate economic activity and to create new jobs for the citizens of the State by encouraging and promoting the expansion of existing business and industry within the State and by recruiting and attracting new business and industry to the State.

(2) Both short-term and long-term economic trends at the State, national, and international levels have made the successful implementation of the State's economic development policy and programs both more critical and more challenging; and the decline in the State's traditional industries, and the resulting adverse impact upon the State and its citizens, have been exacerbated in recent years by adverse national and State economic trends that contribute to the reduction in the State's
industrial base and that inhibit the State's ability to sustain or attract new and expanding businesses.

(3) The economic condition of the State is not static and recent changes in the State's economic condition have created economic distress that requires a reevaluation of certain existing State programs and the enactment of a new program as provided in this Part that are designed to stimulate new economic activity and to create new jobs within the State.

(4) The enactment of this Part is necessary to stimulate the economy, facilitate economic recovery, and create new jobs in North Carolina; and this Part will promote the general welfare and confer, as its primary purpose and effect, benefits on citizens throughout the State through the creation of new jobs, an enlargement of the overall tax base, an expansion and diversification of the State's industrial base, and an increase in revenue to the State and its political subdivisions.

(5) The purpose of this Part is to stimulate economic activity and to create new jobs within the State.

(6) It is not the intent of the General Assembly that grants provided through this Part be used as venture capital funds, business incubator funds, or business start-up funds or to otherwise fund the initial capitalization needs of new businesses.

(7) Nothing in this Part shall be construed to constitute a guarantee or assumption by the State of any debt of any business or to authorize the taxing power or the full faith and credit of the State to be pledged.

§ 143B-437.45. Definitions.
The following definitions apply in this Part:

(1) Agreement. – A community economic development agreement under G.S. 143B-437.51.

(2) Base years. – The first two complete calendar years following the effective date of an agreement.

(3) Business. – A corporation, sole proprietorship, cooperative association, partnership, S corporation, limited liability company, nonprofit corporation, or other form of business organization, located either within or outside this State.

(4) Committee. – The Economic Investment Committee established pursuant to G.S. 143B-437.48.

(5) Eligible position. – A position created by a business and filled by a new full-time employee in this State during the base years or in subsequent years of a grant.

(6) Full-time employee. – A person who is employed for consideration for at least 35 hours a week, whose wages are subject to withholding under Article 4A of Chapter 105 of the General Statutes, and who is determined by the Committee to be employed in a permanent position according to criteria it develops in consultation with the Attorney General. The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(7) New employee. – A full-time employee who represents a net increase in the number of the business's employees statewide. The term includes an employee who previously filled an eligible position who is
rehired or called back from a layoff that occurs during or following the base years to a vacant position previously held by that employee or to a new position established during or following the base years.

(8) Overdue tax debt. – Defined in G.S. 105-243.1.

(9) Related member. – Defined in G.S. 105-130.7A.

(10) Withholdings. – The amount withheld by a business from the wages of employees in eligible positions under Article 4A of Chapter 105 of the General Statutes.

§ 143B-437.46. Job Development Investment Grant Program.
(a) Program. – There is established the Job Development Investment Grant Program to be administered by the Economic Investment Committee. In order to foster job creation and investment in the economy of this State, the Committee may enter into negotiated agreements with businesses to provide grants in accordance with the provisions of this Part. The Committee, in consultation with the Attorney General, shall develop criteria to be used in determining whether the conditions of this section are satisfied and whether the project described in the application is otherwise consistent with the purposes of this Part. Before entering into an agreement, the Committee must find that all the following conditions are met:

(1) The project proposed by the business will create, during the term of the agreement, a net increase in employment in this State by the business.

(2) The project will benefit the people of this State by increasing opportunities for employment and by strengthening this State's economy by, for example, providing worker training opportunities, constructing and enhancing critical infrastructure, increasing development in strategically important industries, or increasing the State and local tax base.

(3) The project is consistent with economic development goals for the State and for the area where it will be located.

(4) A grant under this Part is necessary for the completion of the project in this State.

(5) The total benefits of the project to the State outweigh its costs and render the grant appropriate for the project.

(b) Cap. – The maximum number of agreements the Committee may enter into each calendar year is 15.

(c) Ceiling. – The maximum amount of total annual liability for grants for agreements entered into in any single calendar year may not exceed ten million dollars ($10,000,000). No agreement may be entered into that, when considered together with other existing agreements entered into during that calendar year, could cause the State's potential total annual liability for grants entered into in that calendar year to exceed this amount.

§ 143B-437.47. Eligible projects.
(a) Minimum Number of Eligible Positions. – A business may apply to the Committee for a grant for any project that creates the minimum number of eligible positions as set out in the table below. If the project will be located in more than one enterprise tier area, the location with the highest enterprise tier area designation determines the minimum number of eligible positions that must be created.

(b) Ineligible Businesses. – A project that consists solely of retail facilities is not eligible for a grant under this Part. If a project consists of both retail facilities and nonretail facilities, only the portion of the project consisting of nonretail facilities is eligible for a grant, and only the withholdings from employees in eligible positions that are employed exclusively in the portion of the project that represents nonretail facilities may be used to determine the amount of the grant. If a warehouse facility is part of a retail facility and supplies only that retail facility, the warehouse facility is not eligible for a grant. For the purposes of this Part, catalog distribution centers are not retail facilities.

A project that consists of a professional or semiprofessional sports team or club is not eligible for a grant under this Part.

(c) Health Insurance. – A business is eligible for a grant under this Part only if the business provides health insurance for all of the full-time employees of the project with respect to which the grant is made. For the purposes of this subsection, a business provides health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee pursuant to G.S. 58-50-125.

Each year that a business receives a grant under this Part, the business must provide with the submission required under G.S. 143B-437.52 a certification that the business continues to provide health insurance for all full-time employees of the project with respect to which the grant is made. If the business ceases to provide health insurance to all full-time employees of the project with respect to which a grant is made, the Committee shall amend or terminate the agreement as provided in G.S. 143B-437.53.

(d) Wage Standard. – In order for a business to be eligible for a grant under this Part, the average wage of all jobs at the location with respect to which a grant is made must meet the wage standard set out in G.S. 105-129.4(b). If a project is to be located at more than one location, the average wage of all jobs at a location must meet the wage standard set out in G.S. 105-129.4(b) in order for that location to be included in the agreement.

(e) Safety and Health Programs. – In order for a business to be eligible for a grant under this Part, the business must have no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations with respect to the location for which the grant is made. For the purposes of this subsection, “serious violation” has the same meaning as in G.S. 95-127.

§ 143B-437.48. Economic Investment Committee established.

(a) Membership. – The Economic Investment Committee is established. The Committee consists of the following members:

(1) The Secretary of Commerce.
(2) The Secretary of Revenue.
(3) The Director of the Office of State Budget and Management.
(4) One member appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives.
(5) One member appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate.
The members of the Committee appointed by the General Assembly may not be members of the General Assembly. The members of the Committee appointed by the General Assembly serve two-year terms that begin upon appointment.

(b) Decision Required. – The Committee may act only upon a decision of three of its five members.

(c) Conflict of Interest. – It is unlawful for a former member of the Committee to, within two years after the end of service on the Committee, provide services for compensation, as an employee, consultant, or otherwise, to any business or a related member of the business that was awarded a grant under this Part while the former member was serving on the Committee. Violation of this subsection is a Class 1 misdemeanor. In addition to the penalties imposed under G.S. 15A-1340.23, the court shall also make a finding as to what compensation was received by the defendant for services in violation of this section and shall order the defendant to forfeit that compensation.

If a person is convicted under this section, the person shall not provide services for compensation, as an employee, consultant, or otherwise, to any business or a related member of the business that was awarded a grant under this Part while the former member was serving on the Committee until two years after the person's conviction under this section.

(d) Public Notice. – The Committee shall do all of the following at least 15 business days prior to the adoption of or amendment to any proposed criteria:

(1) Publish the proposed criteria on the Department of Commerce's web site.

(2) Provide notice to persons who have requested notice of proposed criteria.

(3) Accept oral and written comments on the proposed criteria.

(e) Sunshine. – Meetings of the Committee are subject to the open meetings requirements of Article 33C of Chapter 143 of the General Statutes. All documents of the Committee, including applications for grants, are public records governed by Chapter 132 of the General Statutes and any applicable provisions of the General Statutes protecting confidential information.

§ 143B-437.49. Applications; fees; reports; study.

(a) Application. – A business shall apply, under oath, to the Committee for a grant on a form prescribed by the Committee that includes at least all of the following:

(1) The name of the business, the proposed location of the project, and the type of activity in which the business will engage at the project site or sites.

(2) The names and addresses of the principals or management of the business, the nature of the business, and the form of business organization under which it is operated.

(3) The financial statements of the business prepared by a certified public accountant and any other financial information the Committee considers necessary.

(4) The number of eligible positions proposed to be created during the base years and thereafter and the salaries for these positions.

(5) An estimate of the total withholdings.

(6) Certification that the business will provide health insurance to all full-time employees of the project.
(7) Information concerning other locations, including locations in other states and countries, being considered for the project and the nature of any benefits that would accrue to the business if the project were to be located in one of those locations.

(8) Information concerning any other State or local government incentives for which the business is applying or that it has an expectation of receiving.

(9) Any other information necessary for the Committee to evaluate the application.

A business may apply, in one consolidated application in a form and manner determined by the Committee, for a grant on its own behalf as a business and for grants on behalf of the related members of the business who may qualify under this Part.

The Committee will consider an application by a business for grants on behalf of its related members only if the related members for whom the application is submitted have assigned to the business any claim of right the related members may have under this Part to apply for grants individually during the term of the agreement and have agreed to cooperate with the business in providing to the Committee all the information required for the initial application and the agreement, and any other information the Committee may require for the purposes of this Part. The applicant business is responsible for providing to the Committee all the information required under this Part.

If a business applies for a grant on behalf of its related members, the related members included in the application may be permitted to meet the qualifications for a grant collectively by participating in a project that meets the requirements of this Part. The amount of a grant may be calculated under the terms of this Part as if the related members were all collectively one business entity. Any conditions for a grant, other than the number of eligible positions created, apply to each related member who is listed in the application as participating in the project. The grants awarded shall be paid to the applicant business. A grant received under this Part by a business may be apportioned to the related members in a manner determined by the business. In order for an agreement to be executed, each related member included in the application must sign the agreement and agree to abide by its terms.

(b) Application Fee. – When filing an application under this section, the business must pay the Committee a fee of five thousand dollars ($5,000). The fee is due at the time the application is filed. The Secretary of Commerce, the Secretary of Revenue, and the Director of the Office of State Budget and Management shall determine the allocation of the fee imposed by this section among their agencies. The proceeds of the fee are receipts of the agency to which they are credited.

(c) Annual Reports. – The Committee shall publish a report on the Job Development Investment Grant Program on or before April 30 of each year. The report shall include the following:

(1) A listing of each community economic development agreement negotiated and entered into during the preceding calendar year, including the name of the business, the cost/benefit analysis conducted by the Committee during the application process, a description of the project, the term of the agreement, the percentage used to determine the amount of the grant, and the amount of the grant made under the agreement during that year.

(2) An update on the status of projects under agreements entered into before the preceding calendar year.
(3) The number and enterprise tier area of eligible positions created by projects with respect to which grants were awarded.

(4) The wage levels of all eligible positions created by projects with respect to which grants are awarded, aggregated and listed in increments of five thousand dollars ($5,000).

(5) The amount of new income tax revenue received from withholdings related to the projects for which grants were awarded.

(6) The criteria developed by the Committee, in consultation with the Attorney General, to implement this Part and any changes in those criteria from the previous calendar year.

(7) The effectiveness of the program in recruiting new and expanding businesses.

(8) The environmental impact of businesses that have received grants under the program.

(9) The geographic distribution of grants, by number and amount, awarded under the program.

(10) An explanation of whether the projects with respect to which agreements are entered into involve new businesses in the State or expanding existing businesses in the State.

(11) A listing of all businesses making an application under this Part and an explanation of whether each business ultimately located the project in this State regardless of whether the business was awarded a grant for the project under this Part.

(12) The division and use of fees collected by the Committee under this section and under G.S. 143B-437.52.

(d) Quarterly Reports. – The Committee shall publish a report on the Job Development Investment Grant Program within two months of the end of each quarter. This report shall include a listing of each community economic development agreement negotiated and entered into during the preceding quarter, including the name of the business, the cost/benefit analysis conducted by the Committee during the application process, a description of the project, and the amount of the grant expected to be made under the agreement during the current fiscal year.

(e) Study. – The Committee shall conduct a study to determine the minimum funding level required to implement the Job Development Investment Grant Program successfully. The Committee shall report the results of this study to the House of Representatives Finance Committee, the Senate Finance Committee, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, the Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division no later than March 1 of each year.

§ 143B-437.50. Calculation of minimum and maximum grants: factors considered.

(a) Subject to the limitations of subsection (d) of this section, the amount of the grant awarded in each case shall be a percentage of the withholdings of eligible positions. The percentage shall be no less than ten percent (10%) and no more than seventy-five percent (75%) of the withholdings of the eligible positions for a period of years. The percentage used to determine the amount of the grant shall be based on criteria developed by the Committee, in consultation with the Attorney General, after considering at least the following:

(1) The number of eligible positions to be created.

(2) The expected duration of those positions.
(3) The type of contribution the business can make to the long-term growth of the State's economy.
(4) The amount of other financial assistance the project will receive from the State or local governments.
(5) The total dollar investment the business is making in the project.
(6) Whether the project utilizes existing infrastructure and resources in the community.
(7) Whether the project is located in a development zone.
(8) The number of eligible positions that would be filled by residents of a development zone.
(9) The extent to which the project will mitigate unemployment in the State and locality.

(b) The term of the grant shall not exceed 12 years starting with the first year a grant is made.

(c) The grant may be based only on eligible positions created during the base years, unless the Committee makes an explicit determination that the grant shall also be based on additional eligible positions created during the remainder of the term of the grant.

(d) The percentage established in the agreement shall be reduced by one-fourth for any eligible position that is located in an enterprise tier four or five area.

(e) A business that is receiving any other grant by operation of State law may not receive an amount as a grant pursuant to this Part that, when combined with any other grants, exceeds seventy-five percent (75%) of the withholdings of the business, unless the Committee makes an explicit finding that the additional grant is necessary to secure the project.

(f) The amount of a grant associated with any specific eligible position may not exceed six thousand five hundred dollars ($6,500) in any year.

In addition, the business shall submit to the Committee an annual payroll report showing the eligible positions that are created during the base years and the new eligible positions created during each subsequent year of the grant. When making a submission under this section, the business must pay the Committee a fee of one thousand five hundred dollars ($1,500). The fee is due at the time the submission is made. The Secretary of Commerce, the Secretary of Revenue, and the Director of the Office of State Budget and Management shall determine the allocation of the fee imposed by this section among their agencies. A business may not receive an annual disbursement of a grant if, at the time of disbursement, the business has received a notice of an overdue tax debt and that overdue tax debt has not been satisfied or otherwise resolved. No amount shall be disbursed to a business as a grant under this Part in any year until the Secretary of Revenue has certified to the Committee (i) that there are no outstanding overdue tax debts of the business and (ii) the amount of withholdings received in that year by the Department of Revenue from the business. A business that has met the terms of the agreement shall make an annual certification of this to the Committee. The Committee shall verify this information and certify to the State Controller that the terms of the agreement have been met. The Committee shall further certify to the State Controller the amount of a grant for which the business is eligible under the agreement and the amount of a grant for which the business would be eligible under the agreement without regard to G.S. 143B-437.50(d). § 143B-437.56. Authority.
The authority of the Committee to enter into new agreements begins January 1, 2003, and expires January 1, 2005.

SECTION 4.2. This part is effective when it becomes law.

PART 5. INDUSTRIAL AND POLLUTION CONTROL FACILITIES FINANCING

SECTION 5.1. The General Assembly finds that there are small manufacturing companies in the State that are eligible for industrial development bond financing for capital improvements and expansions, but are not able to take advantage of that financing because of the administrative costs involved. This problem can be addressed by reviving the composite bond program under Chapter 159D of the General Statutes, under which the North Carolina Capital Facilities Finance Agency could combine several series of bonds into a single bond offering, thereby reducing transaction costs and permitting eligible small manufacturers to access tax exempt financing for capital investments. The composite bond program would be facilitated by the changes proposed to Chapter 159D in this part that will streamline the procedures for composite issues by requiring only one public hearing and align the review standard for bonds issued as part of a composite bond program with the standard for bonds issued by county industrial development projects.

SECTION 5.2. G.S. 159D-7(d) reads as rewritten:

"(d) Public Hearing. Generally. – The Secretary of Commerce shall not approve any proposed project pursuant to this section unless the governing body of the county in which the project is located has first conducted a public hearing and, at or after the public hearing, approved in principle the issuance of bonds under this Article for the purpose of paying all or part of the cost of the proposed project. Notice of the public hearing shall be published at least once in at least one newspaper of general circulation in the county not less than 14 days before the public hearing. The notice shall describe generally the bonds proposed to be issued and the proposed project,
including its general location, and any other information the governing body considers appropriate or the Secretary of Commerce prescribes for the purpose of providing the Secretary with the views of the community. The notice shall also state that following the public hearing the agency intends to file an application for approval of the proposed project with the Secretary of Commerce.

(d1) Public Hearing, Multiple Projects. – Notwithstanding subsection (d) of this section, in the event the bonds proposed to be issued are to finance more than one project, the public hearing shall be conducted by the agency or by a hearing officer designated by the agency to conduct public hearings. The public hearing may be held at any location designated by the agency. Notice of the public hearing shall be published at least once in at least one newspaper of general circulation in each county in which a proposed project is to be located not less than 14 days before the public hearing. The notice shall describe generally the bonds proposed to be issued and any proposed project in that county, including its general location, and any other information the agency considers appropriate or the Secretary of Commerce prescribes for the purpose of providing the Secretary with the views of the community. A copy of the notice of public hearing must be mailed to the board of county commissioners of any county in which a proposed project is to be located and to the governing body of any municipality in which a proposed project is to be located."

SECTION 5.3. G.S. 159D-8(b) reads as rewritten:

"(b) In determining whether a proposed bond issue should be approved, the Local Government Commission may consider, without limitation, the following:

1. Whether the proposed operator and obligor have demonstrated or can demonstrate the financial responsibility and capability to fulfill their obligations with respect to the financing agreement. In making such determination, the commission may consider the operator's experience and the obligor's ratio of current assets to current liabilities, net worth, earnings trends and coverage of fixed charges, the nature of the industry or business involved and its stability and any additional security such as credit enhancement, insurance, guaranties or property to be pledged or secure such bonds.

2. Whether the political subdivisions in or near which the proposed project is to be located have the ability to cope satisfactorily with the impact of such project and to provide, or cause to be provided, the public facilities and services, including utilities, that will be necessary for such project and on account of any increase in population which are expected to result therefrom.

3. Whether the proposed date and manner of sale will have an adverse effect upon any scheduled or anticipated sale of obligations by the State or any political subdivision or any agency of either of them."

SECTION 5.4. This part becomes effective January 1, 2003.

PART 6. CAPITAL PLANNING COSTS FOR BIOPHARMACEUTICAL TRAINING CENTER AND CANCER REHABILITATION TREATMENT CENTER.

SECTION 6. The State Board of Community Colleges, the Board of Governors of The University of North Carolina, and the North Carolina Biotechnology Center are authorized to initiate planning and development of a new
biopharmaceutical/bioprocess manufacturing training center to be centrally located and related training facilities to be located at various community colleges. The Board of Directors of the University of North Carolina Health Care System is authorized to initiate planning and development of a new cancer rehabilitation and treatment center to be located at the University of North Carolina Hospitals at Chapel Hill.

PART 7. GENERAL PROVISIONS

SECTION 7.1. The provisions of this act are severable. If any provision of this act is held invalid by a court of competent jurisdiction, the invalidity does not affect other provisions of the act that can be given effect without the invalid provision.

SECTION 7.2. Except as otherwise provided, this act is effective when it becomes law.

In the General Assembly read three times and ratified this the 3rd day of October, 2002.

S.B. 1443

AN ACT TO FACILITATE JOB SHARING BY PUBLIC SCHOOL TEACHERS AND TO AUTHORIZE THE LEGISLATIVE RESEARCH COMMISSION TO STUDY ISSUES RELATED TO EMPLOYEE BENEFITS FOR SCHOOL EMPLOYEES, COMMUNITY COLLEGE EMPLOYEES, AND STATE EMPLOYEES IN JOB-SHARING AND PART-TIME POSITIONS.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 115C of the General Statutes is amended by adding a new section to read:

§ 115C-302.2. Job sharing by classroom teachers.
(a) The General Assembly finds that there is a shortage of qualified classroom teachers available in certain areas of certification, grade levels, and geographical areas of the State. The elimination of administrative and fiscal limitations on job-sharing arrangements would make teaching an attractive option for well-qualified classroom teachers who do not wish to work full time.
(b) A ‘classroom teacher in a job-sharing position’ is a person who:
   (1) Is employed by a local board of education as a public school teacher
for fifty percent (50%) of the teacher workweek, as defined by that local board of education;

(2) Is paid on the teacher salary schedule;

(3) Spends at least seventy percent (70%) of his or her work time in classroom instruction; and

(4) Is sharing a teacher position with one other employee of that local board of education who meets the requirements of subdivisions (1) through (3) of this subsection.

The term does not include certified instructional support personnel or certified school services personnel such as guidance counselors, media coordinators, psychologists, social workers, audiologists, speech and language pathologists, and nurses.

(c) The State Board of Education shall adopt rules to facilitate job sharing by classroom teachers. These rules shall provide that a classroom teacher in a job-sharing position shall receive paid legal holidays, annual vacation leave, sick leave, and personal leave on a pro rata basis. Such a teacher shall also receive service credit under the Teachers' and State Employees' Retirement System as provided in G.S. 135-4(b) and insurance benefits as provided in Article 3 of Chapter 135 of the General Statutes."

SECTION 2. G.S. 135-1(25), as rewritten by Section 1 of S.L. 2002-110, reads as rewritten:

"§ 135-1. Definitions.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 130A of the General Statutes is amended by adding the following new Article to read:

"Article 22.

"A Terrorist Incident Using Nuclear, Biological, or Chemical Agents.

§ 130A-475. Suspected terrorist attack.

(a) If the State Health Director reasonably suspects that a public health threat may exist and that the threat may have been caused by a terrorist incident using nuclear, biological, or chemical agents, the State Health Director is authorized to order any of the following:

(1) Require any person or animal to submit to examinations and tests to determine possible exposure to the nuclear, biological, or chemical agents.

(2) Test any real or personal property necessary to determine the presence of nuclear, biological, or chemical agents.

(3) Evacuate or close any real property, including any building, structure,
or land when necessary to investigate suspected contamination of the property. The period of closure during an investigation shall not exceed 10 calendar days. If the State Health Director determines that a longer period of closure is necessary to complete the investigation, the Director may institute an action in superior court to order the property to remain closed until the investigation is completed.

(4) Limit the freedom of movement or action of a person or animal that is contaminated with, or reasonably suspected of being contaminated with, a biological, chemical or nuclear agent that may be conveyed to other persons or animals.

(5) Limit access by any person or animal to an area or facility that is housing persons or animals whose movement or action has been limited under subdivision (4) of this subsection or to an area or facility that is contaminated with, or reasonably suspected of being contaminated with, a biological, chemical or nuclear agent that may be conveyed to other persons or animals. Nothing in this subdivision shall be construed to restrict the access of authorized health care, law enforcement, or emergency medical services personnel to quarantine or isolation premises as necessary in conducting their duties.

(b) The authority under subsection (a) of this section shall be exercised only when and so long as a public health threat may exist, all other reasonable means for correcting the problem have been exhausted, and no less restrictive alternative exists. Before applying the authority under subdivision (4) or (5) of subsection (a) of this section to livestock or poultry for the purpose of preventing the direct or indirect conveyance of a biological, chemical or nuclear agent to persons, the State Health Director shall consult with the State Veterinarian in the Department of Agriculture and Consumer Services.

The period of limited freedom of movement or access under subdivisions (4) and (5) of subsection (a) of this section shall not exceed 10 calendar days. Any person substantially affected by that limitation may institute, in superior court in Wake County or in the county in which the limitation is imposed, an action to review the limitation. If a person or a person's representative requests a hearing, the hearing shall be held within 72 hours of the filing of the request, excluding Saturdays and Sundays. The person substantially affected by that limitation is entitled to be represented by counsel of the person's own choice or if the person is indigent, the person shall be represented by counsel appointed in accordance with Article 36 of Chapter 7A of the General Statutes and the rules adopted by the Office of Indigent Defense Services. The court shall reduce the limitation if it determines, by the preponderance of the evidence, that the limitation is not reasonably necessary to prevent or limit the conveyance of biological, chemical or nuclear agents to others, and may apply such conditions to the limitation as the court deems reasonable and necessary.

If the State Health Director determines that a 10-calendar-day limitation on freedom of movement or access is not adequate to protect the public health, the State Health Director must institute in superior court in the county in which the limitation is imposed, an action to obtain an order extending the period limiting the freedom of movement or access. If the person substantially affected by the limitation has already instituted an action in superior court in Wake County, the State Health Director must institute the action in superior court in Wake County. The court shall continue the limitation for a period not to exceed 30 days, subject to conditions it deems reasonable.
and necessary, if it determines by the preponderance of the evidence, that additional limitation is reasonably necessary to prevent or limit the conveyance of biological, chemical, or nuclear agents to others. Before the expiration of an order issued under this section, the State Health Director may move to continue the order for additional periods not to exceed 30 days each.

(c) If the State Health Director reasonably suspects that there exists a public health threat that may have been caused by a terrorist incident using nuclear, biological, or chemical agents, the State Health Director shall notify the Governor and the Secretary of Crime Control and Public Safety. If the Secretary of Crime Control and Public Safety reasonably suspects that a public health threat may exist and that the threat may have been caused by a terrorist incident using nuclear, biological, or chemical agents, the Secretary shall notify the Governor and the State Health Director.

In any proceeding involving liability, good faith and lack of malice are presumed. Notwithstanding the foregoing, if a health care provider or unit of State or local government willfully does not disclose information pursuant to this subsection, the immunity from civil or criminal liability provided under this subsection shall not be available if the person had actual knowledge that a condition or illness was caused by use of a nuclear, biological, or chemical weapon of mass destruction as defined in G.S. 14-288.21(c).

(b) The State Health Director may issue a temporary order requiring health care providers to report symptoms, diseases, conditions, trends in use of health care services, or other health-related information when necessary to conduct a public health investigation or surveillance of an illness, condition, or health hazard that may have been caused by a terrorist incident using nuclear, biological, or chemical agents. The order shall specify which health care providers must report, what information is to be reported, and the period of time for which reporting is required. The period of time for which reporting is required pursuant to a temporary order shall not exceed 90 days. The Commission may adopt rules to continue the reporting requirement when necessary to protect the public health.

(c) The State Health Director and a local health director may examine, review,
and obtain a copy of records containing confidential or protected health information, or a summary of pertinent portions of those records, that pertain to a report authorized by subsection (a) or required by subsection (b) of this section.

(d) A person who makes a report pursuant to subsection (b) of this section or permits examination, review, or copying of medical records pursuant to subsection (c) of this section is immune from any civil or criminal liability that otherwise might be incurred or imposed as a result of complying with those subsections.

(e) Confidential or protected health information received by the State Health Director or a local health director pursuant to this section shall be confidential and shall not be released, except when the release is:

1. Made pursuant to any other provision of law;
2. To another federal, state, or local public health agency for the purpose of preventing or controlling a public health threat; or
3. A court or law enforcement official or law enforcement officer who receives the information shall not disclose it further, except (i) when necessary to conduct an investigation of a terrorist incident using nuclear, biological, or chemical agents, or (ii) when the State Health Director or a local health director seeks the assistance of the court or law enforcement official or law enforcement officer in preventing or controlling the public health threat and expressly authorizes the disclosure as necessary for that purpose.

(f) The State Health Director shall develop a voluntary pilot program for hospitals and urgent care centers to provide emergency department data in order to assist the State Health Director with public health surveillance. A hospital or urgent care center that elects to participate in the program must provide all required emergency department data as a condition of participation in the program. To the extent that any owner, lessee, operator, or other person in control of the property is innocent of culpability in the creation of the public health threat, that person shall not be responsible for the costs of abating the public health threat.

Article 31 of Chapter 143 applies to negligent acts committed by any officer, employee, involuntary servant or agent of the State acting pursuant to this Article.

connection with contracts. The premiums set and forms developed by the Authority
under this section must be approved by the Commissioner of Insurance before they may
be used.
   (c) Forms. – The Authority shall develop forms to be used for financing and

Accordingly, if land fails to meet an ownership requirement due to a change of ownership, G.S. 105-277.4(c) applies. Despite this failure and the resulting liability for taxes under G.S. 105-277.4(c), the Notwithstanding the provisions of subsections (b) and (b1) of this section, land may qualify for classification in the hands of the new owner if both all of the conditions listed in this subsection are met, even if the new owner does not meet all of the ownership requirements of subsections (b) and (b1) of this section with respect to the land. If the land qualifies for classification in the hands of the new owner under the provisions of this subsection, then the deferred taxes remain a lien on the land under G.S. 105-277.4(c), the new owner becomes liable for the deferred taxes, and the deferred taxes become payable if the land fails to meet any other condition or requirement for classification.
(1) The land was appraised at its present use value or was eligible for appraisal at its present use value at the time title to the land passed to the new owner.

(d) Exception for Conservation Reserve Program. – Land enrolled in the federal Conservation Reserve Program authorized by 16 U.S.C. §1381 Chapter 58 is considered to be in actual production, and income derived from participation in the federal Conservation Reserve Program may be used in meeting the minimum gross income requirements of this section either separately or in combination with income from actual production. Land enrolled in the federal Conservation Reserve Program shall be assessed as agricultural land if it is planted in vegetation other than trees, or as forestland if it is planted in trees.

(d1) Exception for Easements on Qualified Conservation Lands Previously Appraised at Use Value. – Property that is appraised at its present-use value under G.S. 105-277.4(b) shall continue to qualify for appraisal, assessment, and taxation as provided in G.S. 105-277.2 through G.S. 105-277.7 as long as the property is subject to an enforceable conservation easement that would qualify for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12, without regard to actual production or income requirements of this section. Notwithstanding G.S. 105-277.3(b) and (b1), subsequent transfer of the property does not extinguish its present-use value eligibility as long as the property remains subject to an enforceable conservation easement that qualifies for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12. The exception provided in this subsection applies only to that part of the property that is subject to the easement.

(4) Evidence of net income from the farm operation.
(5) Evidence that farming is the farm operator's principal source of income.
(6) Certification by a recognized agricultural or horticultural agency within the county that the land is operated under a sound management program.

Operation under a sound management program may also be demonstrated by evidence of other similar factors. As long as a farm operator meets the sound management requirements, it is irrelevant whether the property owner received income or rent from the farm operator.

(g) Sound Management Program for Forestland. – If the owner of forestland demonstrates that the forestland complies with a written sound forest management plan for the production and sale of forest products, then the forestland is operated under a sound management program."

SECTION 3. G.S. 105-277.4 reads as rewritten:

§ 105-277.4. Agricultural, horticultural and forestland – Application; appraisal at use value; appeal; deferred taxes.

(a) Application. – Property coming within one of the classes defined in G.S. 105-277.3 shall be eligible for taxation on the basis of the value of the property in its present use if a timely and proper application is filed with the assessor of the county in which the property is located. The application shall clearly show that the property comes within one of the classes and shall also contain any other relevant information required by the assessor to properly appraise the property at its present-use value. An initial application shall be filed during the regular listing period of the year for which the benefit of this classification is first claimed, or within 30 days of the date shown on a notice of a change in valuation made pursuant to G.S. 105-286 or G.S. 105-287. A new application is not required to be submitted unless the property is transferred or becomes ineligible for use-value appraisal because of a change in use or acreage. An application required due to transfer of the land may be submitted at any time during the calendar year but must be submitted within 60 days of the date of the property's transfer.

(b) Appraisal at Present-use Value. – Upon receipt of a properly executed application, the assessor shall appraise the property at its present-use value as established in the schedule prepared pursuant to G.S. 105-317. In appraising the property at its present-use value, the assessor shall appraise the improvements located on qualifying land according to the schedules and standards used in appraising other similar improvements in the county. If all or any part of a qualifying tract of land is located within the limits of an incorporated city or town, or is property annexed subject to G.S. 160A-37(f1) or G.S. 160A-49(f1), the assessor shall furnish a copy of the property record showing both the present-use appraisal and the valuation upon which the property would have been taxed in the absence of this classification to the collector of the city or town. The assessor must also notify the tax collector of any changes in the appraisals or in the eligibility of the property for the benefit of this classification. Upon a request for a certification pursuant to G.S. 160A-37(f1) or G.S.160A-49(f1), or any change in the certification, the assessor for the county where the land subject to the annexation is located shall within 30 days, determine if the land meets the requirements of G.S. 160A-37(f1)(2) or G.S. 160A-49(f1)(2) and report the results of its findings to the city.
appeal. Decisions of the assessor regarding the qualification or appraisal of property under this section may be appealed to the county board of equalization and review or, if that board is not in session, to the board of county commissioners. Decisions of the county board may be appealed to the Property Tax Commission.

Deferred Taxes. Land meeting the conditions for classification under G.S. 105-277.3 shall be taxed on the basis of the value of the land for its present use. The difference between the taxes due on the present-use basis and the taxes that would have been payable in the absence of this classification, together with any interest, penalties, or costs that may accrue thereon, are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes shall be carried forward in the records of the taxing unit or units as deferred taxes. The taxes become due and payable when the land fails to meet any condition or requirement for classification. Failure to have an application approved is ground for disqualification. The tax for the fiscal year that opens in the calendar year in which deferred taxes become due is computed as if the land had not been classified for that year, and taxes for the preceding three fiscal years that have been deferred are immediately payable, together with interest as provided in G.S. 105-360 for unpaid taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. If only a part of the qualifying tract of land fails to meet a condition or requirement for classification, a determination shall be made of the amount of deferred taxes applicable to that part and that amount becomes payable with interest as provided above. Upon the payment of any taxes deferred in accordance with this section for the three years immediately preceding a disqualification, all liens arising under this subsection are extinguished. The deferred taxes for any given year may be paid in that year without the qualifying tract of land becoming ineligible for deferred status.

Exceptions. Notwithstanding the provisions of subsection (c) of this section, if property loses its eligibility for present use value classification solely due to one of the following reasons, no deferred taxes are due and the lien for the deferred taxes is extinguished:

1. There is a change in income caused by enrollment of the property in the federal conservation reserve program established under 16 U.S.C. Chapter 58.
2. The property is conveyed by gift to a nonprofit organization and qualifies for exclusion from the tax base pursuant to G.S. 105-275(12) or G.S. 105-275(29).
3. The property is conveyed by gift to the State, a political subdivision of the State, or the United States.

SECTION 4. G.S. 105-277.7 reads as rewritten:

§ 105-277.7. Use-Value Advisory Board.

(a) Creation and Membership. The Use-Value Advisory Board is established under the supervision of the Agricultural Extension Service of North Carolina State University. The Board shall annually submit to the Department of Revenue a recommended use value manual developed in accordance with the guidelines in G.S. 105-289(a)(5). In developing the manual, the Board may consult with federal and State agencies as needed. The Board shall submit to the Department of Revenue recommendations concerning requirements for horticultural land used to produce...
evergreens intended for use as Christmas trees when requested to do so by the Department. The Board shall be chaired by the Director of the Agricultural Extension Service of North Carolina State University shall serve as the chair of the Board. The Board and shall consist of the following additional members, to serve ex officio:

1. A representative of the Department of Agriculture and Consumer Services, designated by the Commissioner of Agriculture.
2. A representative of the Forest Resources Division of the Department of Environment and Natural Resources, designated by the Director of that Division.
3. A representative of the Agricultural Extension Service at North Carolina Agricultural and Technical State University, designated by the Director of the Extension Service.
4. A representative of the North Carolina Farm Bureau, designated by the President of the Bureau.
5. A representative of the North Carolina Association of Assessing Officers, designated by the President of the Association.
6. A representative of the North Carolina Forestry Association, designated by the President of the Association.

(b) Staff. – All members shall serve ex officio. The Agricultural Extension Service at North Carolina State University shall must provide clerical assistance to the Board.

(c) Duties. – The Board must annually submit to the Department of Revenue a recommended use-value manual. In developing the manual, the Board may consult with federal and State agencies as needed. The manual must contain all of the following:

1. The estimated cash rental rates for agricultural lands and horticultural lands for the various classes of soils found in the State. The rental rates must recognize the productivity levels by class of soil or geographic area. The rental rates must be based on the rental value of the land to be used for agricultural or horticultural purposes when those uses are presumed to be the highest and best use of the land. The recommended rental rates may be established from individual county studies or from contracts with federal or State agencies as needed.

2. The recommended net income ranges for forestland furnished to the Board by the Forestry Section of the North Carolina Cooperative Extension Service. These net income ranges may be based on up to six classes of land within each Major Land Resource Area designated by the United States Soil Conservation Service. In developing these ranges, the Forestry Section must consider the soil productivity and indicator tree species or stand type, the average stand establishment and annual management costs, the average rotation length and timber yield, and the average timber stumpage prices.

3. The capitalization rates adopted by the Board prior to February 1 for use in capitalizing incomes into values. The capitalization rate for forestland shall be nine percent (9%). The capitalization rate for
agricultural land and horticultural land must be no less than six percent (6%) and no more than seven percent (7%). The incomes must be in the form of cash rents for agricultural lands and horticultural lands and net incomes for forestlands.

(4) The value per acre adopted by the Board for the best agricultural land. The value may not exceed one thousand two hundred dollars ($1,200).

(5) Recommendations concerning any changes to the capitalization rate for agricultural land and horticultural land and to the maximum value per acre for the best agricultural land based on a calculation to be determined by the Board. The Board shall annually report these recommendations to the Revenue Laws Study Committee and to the President Pro Tempore of the Senate and the Speaker of the House of Representatives.

(6) Recommendations concerning requirements for horticultural land used to produce evergreens intended for use as Christmas trees when requested to do so by the Department.

SECTION 5. G.S. 105-289(a) reads as rewritten:
"(a) It shall be the duty of the Department of Revenue:

(1) To discharge the duties prescribed by law and to enforce the provisions of this Subchapter.

(2) To exercise general and specific supervision over the valuation and taxation of property by taxing units throughout the State.

(3) To appraise the property of public service companies.

(4) To keep full and accurate records of the Commission's official proceedings.

(5) To prepare and distribute annually to each assessor a manual developed by the Use-Value Advisory Board under G.S. 105-277.7 that establishes five expected net income per acre ranges for agricultural land, horticultural land, and forestland, and establishes a method for appraising nonproductive land as a percentage of the lowest use-value established for productive land. The high and low net income amount in each range may differ by no more than fifteen dollars ($15.00). The basis for establishing each range shall be soil productivity.

For agricultural land, the expected net income per acre ranges shall be based on the actual yields and prices of corn and soybeans over a period of at least the five previous years, and the actual fixed and variable costs, including an imputed management cost, incurred in growing corn and soybeans over the same period of time. The manual shall contain recommended adjustments to the net income per acre ranges for the growing of crops subject to acreage or poundage allotments.

Expected net income per acre ranges shall be similarly established for horticultural land and forestland, using typical horticultural or forest products in various growing regions of the State instead of corn and soybeans, the cash rental rates for agricultural lands and horticultural lands and the net income ranges for forestland.

(6) To establish requirements for horticultural land, used to produce evergreens intended for use as Christmas trees, in lieu of a gross
income requirement until evergreens are harvested from the land, and to establish a gross income requirement for this type horticultural land, that differs from the income requirement for other horticultural land, when evergreens are harvested from the land.

(7) To conduct studies of the cash rents for agricultural lands on a county or a regional basis, such as the Major Land Resource Area map designated and developed by the U.S. Department of Agriculture. The results of the studies must be furnished to the North Carolina Use-Value Advisory Board. The studies may be conducted on any reasonable basis and timetable that will be reflective of rents and values for each local area based on the productivity of the land."

SECTION 6. G.S. 105-296(j) reads as rewritten:

"(j) The assessor shall must annually review at least one eighth of the parcels in the county classified for taxation at present-use value to verify that these parcels qualify for the classification. By this method, the assessor shall must review the eligibility of all parcels classified for taxation at present-use value in an eight-year period. The period of the review process is based on the average of the preceding three years' data. The assessor may request assistance from the Farm Service Agency, the Cooperative Extension Service, the Forest Resources Division of the Department of Environment and Natural Resources, or other similar organizations.

The assessor may require the owner of classified property to submit any information, including sound management plans for forestland, needed by the assessor to verify that the property continues to qualify for present-use value taxation. The owner has 60 days from the date a written request for the information is made to submit the information to the assessor. If the assessor determines the owner failed to make the information requested available in the time required without good cause, the property loses its present-use value classification and the property's deferred taxes become due and payable as provided in G.S. 105-277.4(c). The assessor must reinstate the property's use-value classification when the owner submits the requested information unless the information discloses that the property no longer qualifies for present-use value classification. When a property's present-use value classification is reinstated, it is reinstated retroactive to the date the classification was revoked and any deferred taxes that were paid as a result of the revocation must be refunded to the property owner.

In determining whether property is operating under a sound management program, the assessor must consider any weather conditions or other acts of nature that prevent the growing or harvesting of crops or the realization of income from cattle, swine, or poultry operations. The assessor must also allow the property owner to submit additional information before making this determination."

SECTION 7. G.S. 105-299 reads as rewritten:

"§ 105-299. Employment of experts.

The board of county commissioners may employ appraisal firms, mapping firms or other persons or firms having expertise in one or more of the duties of the assessor to assist the assessor in the performance of such duties. The county may also assign to county agencies, or contract with State or federal agencies, for any duties involved with the approval or auditing of use-value accounts. The county may make available to any person any information it has that will facilitate the performance of a contract entered into pursuant to this section. Persons receiving this information shall be subject to the provisions of G.S. 105-289(e) and G.S. 105-259 regarding the use and disclosure of information provided to them by the
county. Any person employed by an appraisal firm whose duties include the appraisal of property for the county shall be required to demonstrate that he or she is qualified to carry out such duties by achieving a passing grade on a comprehensive examination in the appraisal of property administered by the Department of Revenue. In the employment of such firms, primary consideration shall be given to the firms registered with the Department of Revenue pursuant to the provisions of G.S. 105-289(i). A copy of the specifications to be submitted to potential bidders and a copy of the proposed contract may be sent by the board to the Department of Revenue for review before the invitation or acceptance of any bids. Contracts for the employment of these firms or persons shall be deemed to be contracts for personal services and shall not be subject to the provisions of Article 8, Chapter 143, of the General Statutes.”

SECTION 8. Article 12L of Chapter 120 of the General Statutes is amended by adding a new section to read:

§ 120-70.108. Property Tax Subcommittee.
(a) The Revenue Laws Study Committee shall establish a Property Tax Subcommittee consisting of six members. The Senate cochair of the Committee shall designate three members appointed by the President Pro Tempore of the Senate to serve on the Subcommittee and shall name one of those members a cochair of the Subcommittee. The House cochair of the Committee shall designate three members appointed by the Speaker of the House of Representatives to serve on the Subcommittee and shall name one of those members a cochair of the Subcommittee. The Subcommittee shall meet upon the call of the Subcommittee cochairs.

(b) The Property Tax Subcommittee shall study, examine, and, if necessary, recommend changes to the property tax system. The Subcommittee shall include in its study an examination of all classes of property, including exemptions and exclusions of property from the property tax base. The Subcommittee shall also study the present-use value system, including the following:

(1) Examine the implementation and application of the current present-use value statutes.
(2) Evaluate other tax credits, including adjustments to and credits for ad valorem taxes, to encourage agricultural, forestry, horticultural, and conservation use of land.
(3) Evaluate the treatment of undeveloped land in ad valorem tax.
(4) Evaluate the possibility of amending the present-use value system and developing other tax incentives to encourage conservation and environmental protection of land. The study shall include the feasibility of allowing lands managed for conservation and the preservation of water quality, wildlife habitats, and other conservation purposes to be taxed at their present-use value.
(5) Evaluate the possibility of adding more specific land and resource management criteria to the sound management programs required for all lands enrolled in the present-use value system.
(6) Review other issues related to the taxation of agricultural land, horticultural land, and forestland, including reducing the acreage requirement for land to qualify as forestland.

(c) The Subcommittee shall report any recommendations to the Revenue Laws Study Committee."
SECTION 9. G.S. 105-164.13(2a) reads as rewritten:
"(2a) Any of the following substances when purchased for use on animals or plants, as appropriate, held or produced for commercial purposes. This exemption does not apply to any equipment or devices used to administer, release, apply, or otherwise dispense these substances:
a. Remedies, vaccines, medications, litter materials, and feeds for animals.
b. Rodenticides, insecticides, herbicides, fungicides, and pesticides.
c. Defoliants for use on cotton or other crops.
d. Plant growth inhibitors, regulators, or stimulators, including systemic and contact or other sucker control agents for tobacco and other crops."

SECTION 10. G.S. 105-164.16(b) reads as rewritten:
"(b) Quarterly. – A taxpayer who is consistently liable for less than one hundred dollars ($100.00) a month in State and local sales and use taxes must file a return and pay the taxes due on a quarterly basis. A quarterly return covers a calendar quarter and is due by the 15th last day of the month following the end of the quarter."

SECTION 11. G.S. 105-164.16(b2) reads as rewritten:
"(b2) Semimonthly. – A taxpayer who is consistently liable for at least ten thousand dollars ($10,000) a month in State and local sales and use taxes must pay the tax twice a month and must file a return on a monthly basis. One semimonthly payment covers the period from the first day of the month through the 15th day of the month. The other semimonthly payment covers the period from the 16th day of the month through the last day of the month. The semimonthly payment for the period that ends on the 15th day of the month is due by the 25th day of that month. The semimonthly payment for the period that ends on the last day of the month is due by the 10th day of the following month.

A return covers both semimonthly payment periods. The return is due by the 20th day of the month following the month of the payment periods covered by the return. A taxpayer is not subject to interest on or penalties for an underpayment for a semimonthly payment period if the taxpayer timely pays at least ninety-five percent (95%) of the lesser of the following:
(1) The amount due for each semimonthly payment period.
(2) The average semimonthly payment for the prior calendar year."

SECTION 12. Part 5 of Article 5 of Chapter 105 of the General Statutes is amended by adding a new section to read:
"§ 105-164.28A. Other exemption certificates.
(a) Authorization. – The Secretary may require a person who purchases tangible personal property that is exempt from tax or is subject to a preferential rate of tax depending on the status of the purchaser or the intended use of the property to obtain an exemption certificate from the Department to receive the exemption or preferential rate. An exemption certificate authorizes a retailer to sell tangible personal property to the holder of the certificate and either collect tax at a preferential rate or not collect tax on the sale, as appropriate. A person who purchases tangible personal property under an exemption certificate is liable for any tax due on the sale if the Department determines that the person is not eligible for the certificate or the property was not used as intended.
(b) Scope. – This section does not apply to a direct pay permit or a certificate of
resale. G.S. 105-164.27A addresses a direct pay permit, and G.S. 105-164.28 addresses a certificate of resale.

AN ACT TO REQUIRE THE BEACH PLAN TO ISSUE A HOMEOWNERS' INSURANCE POLICY; REQUIRE A STUDY OF THE BEACH AND FAIR PLANS; PROVIDE FOR IMMEDIATE TEMPORARY BINDING AUTHORITY OF AGENTS ACCEPTING APPLICATIONS TO THE BEACH PLAN; REQUIRE THE BEACH AND FAIR PLANS TO MAINTAIN UNEARNED PREMIUM RESERVES AND RESERVES FOR LOSSES; MAKE TECHNICAL CORRECTIONS TO THE APPOINTMENT PROVISIONS FOR THE MOTOR VEHICLE REINSURANCE FACILITY BOARD OF GOVERNORS; CLARIFY THAT THE BEACH AND FAIR PLANS ARE SUBJECT TO THE OPEN MEETINGS ACT; AND AMEND THE INSURANCE LAW PERTAINING TO SPECIAL DEPOSITS TO PERMIT HARDSHIP PAYMENTS UNDER WORKERS' COMPENSATION POLICIES.

*The General Assembly of North Carolina enacts:*

**PART I. FINDINGS OF THE GENERAL ASSEMBLY**

**SECTION 1.** The General Assembly of North Carolina finds that:

1. An adequate market for property insurance is necessary to the economic welfare of the beach and coastal counties of North Carolina.
2. The establishment of the North Carolina Insurance Underwriting Association ("Beach Plan") was designed to provide a residual property insurance market in our State's beach and coastal counties.
3. Despite the availability of property protection through the Beach Plan, the availability of homeowners' insurance policies continues to be inadequate in beach and coastal counties.
4. In an effort to address this ongoing problem, the Commissioner of Insurance has requested the Board of Directors of the Beach Plan to offer homeowners’ insurance to residents in beach and coastal counties.
5. The Board of Directors of the Beach Plan has developed a homeowners' policy and has submitted this policy to the Commissioner of Insurance for approval.
6. The Commissioner of Insurance has the authority under G.S. 58-45-30 to direct and approve the offering of a homeowners' insurance policy through the Beach Plan.
(7) The availability of a homeowners' insurance policy offered through the Beach Plan will assist in alleviating the lack of homeowners' insurance currently available in beach and coastal counties.

(8) The General Assembly will await further recommendations by the Commissioner of Insurance on other options to increase the availability of homeowners' insurance both in beach and coastal counties and statewide, as directed in Section 3 of this act.

PART II. HOMEOWNERS' INSURANCE THROUGH BEACH PLAN

SECTION 2. G.S. 58-45-30(d) reads as rewritten:

"(d) The Commissioner may designate the kinds of property insurance policies on principal residences to be offered by the association, including insurance policies under Article 36 of this Chapter, and the commission rates to be paid to agents or brokers for these policies, if the Commissioner finds, after a hearing held in accordance with G.S. 58-2-50, that the public interest requires the designation. The provisions of Chapter 150B do not apply to any procedure under this paragraph, except that G.S. 150B-39 and G.S. 150B-41 shall apply to a hearing under this paragraph. Within 30 days after the receipt of notification from the Commissioner of a change in designation pursuant to this paragraph, the association shall submit a revised plan and articles of association for approval in accordance with this section. As used in this subsection, 'homeowners' insurance policy' means a multiperil policy providing full coverage of residential property similar to the coverage provided under an HO-2, HO-3, HO-4, or HO-6 policy under Article 36 of this Chapter. The Association shall issue, for principal residences, homeowners' insurance policies approved by the Commissioner. Homeowners' insurance policies shall be available to persons who reside in the beach and coastal areas and who are unable to obtain homeowners' insurance policies from insurers that are authorized to transact and are actually writing homeowners' insurance policies in this State. The terms and conditions of the homeowners' insurance policies available under this subsection shall not be more favorable than those of homeowners' insurance policies available in the voluntary market in beach and coastal counties. Rates for the homeowners’ insurance policies authorized by this subsection shall be set pursuant to rate standards set forth in G.S. 58-40-20(a), and the provisions of G.S. 58-45-45(a) shall not apply."

PART III. STUDY OF THE BEACH AND FAIR PLANS

SECTION 3. The Commissioner of Insurance, in consultation with other governmental bodies specified below, shall study the provisions of Articles 45 and 46 of Chapter 58 of the General Statutes, other relevant portions of the General Statutes, and the plans and operations of the North Carolina Insurance Underwriting Association ("Beach Plan") and the North Carolina Joint Underwriting Association ("FAIR Plan"). In this study, the Commissioner may consider all issues and potential remedies related to the availability of homeowners' insurance coverage statewide, and specifically in the beach and coastal counties of the State. In conducting this study, the Commissioner may call upon any department, agency, institution, or officer of the State or of any political subdivision of the State, and the North Carolina Rate Bureau, the North Carolina Insurance Underwriting Association ("Beach Plan"), the North Carolina Joint Underwriting Association ("FAIR Plan"), and the North Carolina Motor Vehicle
Reinsurance Facility, and representatives of property and casualty insurers and reinsurers, for such assistance and information, and these departments, agencies, institutions, officers, and other entities shall cooperate with the Commissioner to the fullest possible extent. The Commissioner shall report to the 2003 General Assembly on or before April 1, 2003, on the Commissioner's findings and may make any legislative or other recommendations he considers appropriate.

PART IV. BEACH PLAN BINDER PROVISIONS

SECTION 4.1. G.S. 58-45-35(d) reads as rewritten:

"(d) An agent who is licensed under Article 33 of this Chapter as an agent of a company which is a member of the Association established under this Article shall not be deemed an agent of the Association. The foregoing notwithstanding, an agent of a company which is a member of the Association shall have the authority, subject to the underwriting guidelines established by the Association, to temporarily bind coverage with the Association. The Association shall establish rules and procedures, including any limitations for binding authority, in the plan of operation.

Any unearned premium on the temporary binder shall be returned to the policyholder if the Association refuses to issue a policy. Nothing in this section shall prevent the Association from suspending binding authority in accordance with its plan of operation."

SECTION 4.2. Article 45 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"§ 58-45-36. Temporary contracts of insurance.

Consistent with G.S. 58-45-35(d), the Association shall be temporarily bound by a written temporary binder of insurance issued by any duly licensed insurance agent or broker. Coverage shall be effective upon payment to the agent or broker of the entire premium or part of the premium, as prescribed by the Association's plan of operation. Nothing in this section shall impair or restrict the rights of the Association under G.S. 58-45-35(b) to decline to issue a policy based upon a lack of insurability as determined by the Association or the existence of an unpaid premium due from the applicant."

PART V. BEACH AND FAIR PLAN RESERVING

SECTION 5.1. Article 45 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"§ 58-45-46. Unearned premium, loss, and loss expense reserves.

The Association shall make provisions for reserving unearned premiums and reserving for losses, including incurred but not reported losses, and loss expenses, in accordance with G.S. 58-3-71, 58-3-75, and 58-3-81."

SECTION 5.3. The North Carolina Joint Underwriting Association and the North Carolina Insurance Underwriting Association shall request from the United States Internal Revenue Service a ruling as to whether or not the reserves required by Sections 865
5.1 and 5.2 of this act are subject to federal taxation. If the ruling states that the reserves are subject to federal taxation, in whole or in part, the Associations shall pursue ways and means for an exemption from federal taxation.

PART VI. NC MOTOR VEHICLE REINSURANCE FACILITY APPOINTMENTS

SECTION 6. G.S. 58-37-35(d) reads as rewritten:

"(c) Notwithstanding the provisions of G.S. 58-5-70, if any company that is or has been the subject of supervision or rehabilitation proceedings fails to pay its liabilities for temporary disability payments or emergency medical expenses under policies of workers' compensation insurance, the Commissioner shall liquidate the company's deposits and accrued interest and shall use the proceeds to pay such liabilities until that company becomes the subject of a final order of liquidation with a finding of insolvency that has not been stayed or been the subject of a writ of supersedeas or other comparable order. The Commissioner also may enter into one or more contracts to handle the administration of the identification and payment of such liabilities, and to the extent such a contract is entered into, the contractor and its employees, agents, and attorneys, shall have immunity of the same scope and extent as an employee of the State acting in the course and scope of the public duties of such employment. After an order of liquidation with a finding of insolvency has been entered by a court of competent jurisdiction that has not been stayed or been the subject of a writ of supersedeas or other comparable order, then the balance of the proceeds, if any, shall be delivered to the North Carolina Insurance Guaranty Association in accordance with G.S. 58-48-95. To the extent that any payment made hereunder reduces the ratable amount payable to policyholders under G.S. 58-5-70, the liens obtained by the North Carolina Insurance Guaranty Association pursuant to Article 48 of this Chapter shall be reduced to such extent as necessary to permit the policyholders to be paid the ratable share that would have been due but for such payments."

PART XI. EFFECTIVE DATES

Senate Bill 1283, "An act to appoint persons to various public offices upon the recommendation of the President Pro Tempore of the Senate and the Speaker of the House of Representatives and to make various changes to boards and commissions."

Following adjournment of the legislative session, information has become available to the appointing authorities that several of the appointees, under the bill, to either new, expanded, or existing boards and commissions do not meet the statutory requirements necessary to serve on the boards or commissions to which they were appointed. Two of the appointees are deceased, and at least five of the appointees are not qualified for their courses, primarily because they do not meet the statutory requirements for appointment or they have explicitly stated that they only objected to their appointment. In addition, the bill mistakenly makes an appointment that are required to be made by the Governor.

Therefore, I veto the bill.

The bill, having been vetoed, is returned to the Clerk of the Senate on the 3rd Day of November, 2002 at 2:40 p.m. for reconsideration by the body.

Governor's objections and Veto Message

Senate Bill 1283, "An act to appoint persons to various public offices upon the recommendation of the President Pro Tempore of the Senate and the Speaker of the House of Representatives and to make various changes to boards and commissions."

Following adjournment of the legislative session, information has become available to the appointing authorities that several of the appointees, under the bill, to either new, expanded or existing boards and commissions do not meet the statutory requirements necessary to serve on the board or commission to which they were appointed. Two of the appointees are deceased, and at least five of the appointees are not qualified for other reasons, principally because they do not meet the statutory requirements for appointment or they have conflicts that statutorily prohibit their appointment. In addition, the bill mistakenly makes six appointments that are required to be made by the Governor.

Therefore, I veto this bill.

The bill, having been vetoed, is returned to the Clerk of the Senate on this 3rd day of November, 2002 at 2:40 p.m. for reconsideration by that body.

COMMISSION TO PROMOTE GOVERNMENT EFFICIENCY AND SAVINGS ON STATE SPENDING

By the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, IT IS ORDERED:

Section 1. Establishment.

There is hereby established a Commission to Promote Government Efficiency and Savings on State Spending ("Commission"). Commission members shall serve at the pleasure of the Governor. The Governor shall also appoint the Chair or Co-Chairs.

Section 2. Purpose.

State and local governments should operate at maximum efficiency and, given current fiscal constraints, must further prioritize and optimize their spending. The Commission will review how governments can reduce spending while maintaining or increasing the quality of service provision and the structure of government to serve its citizens.

The Commission will review current laws, regulations, and practices throughout state and local government in order to recommend necessary changes that will increase efficiency.

In the course of its work, the Commission will take into account research done by study and standing committees of the General Assembly and non-governmental groups, including recommendations by the Government Performance Audit Commission (GPAC) and the Governor’s Efficiency and Loophole-Closing Commission.

The Commission will examine with special attention purchasing, technology, personnel practices and areas of service duplication.

Section 3. Duties

The Commission will meet, and its members will communicate, with regularity sufficient to allow it to submit initial recommendations to the Governor prior to the 2002 session of the

COMMISSION TO MODERNIZE STATE FINANCES

By the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, IT IS ORDERED:

Section 1. Establishment

There is hereby established a Commission to Modernize State Finances ("Commission"). Commission members shall serve at the pleasure of the Governor. The Governor shall also appoint the Chair or Co-Chairs.

Section 2. Purpose

The basic structure of the State's revenue and finance laws was established over seven decades ago. In today's ever-changing economy, it is critical that these laws be simple, even-handed, consistent and fair to the broad spectrum of businesses and individuals who must comply with them. The revenue system must generate sufficient funds to support the necessary functions of efficient and effective state and local government, while maintaining the State's economic competitiveness.

The Commission will review relevant laws, rules, practices and principles of a high-quality tax system in order to formulate recommendations to improve and modernize our state revenue and finance laws.

In the course of its work, the Commission will take into account research done by study and standing committees of the General Assembly and non-governmental groups, including the 2001 Governor's Efficiency and Loophole-Closing Commission.

Section 3. Duties

The Commission will meet, and its members will communicate, with regularity sufficient to allow it to submit initial recommendations to the Governor prior to the 2002 session of the General Assembly, with final recommendations submitted to the 2003 session of the General Assembly.

EXECUTIVE ORDER NUMBER NO. 19
CLASSROOM PROTECTION AND ORDERLY BUDGET ADMINISTRATION
GIVEN STATE OF FISCAL EMERGENCY

WHEREAS, Article III, Sec. 5(3) of the Constitution of North Carolina provides that the State may not operate at a deficit during the fiscal period covered by a budget. For these purposes, a "deficit" is defined as having been incurred when total expenditures for the fiscal period of the budget exceed the total of receipts during the period, plus the surplus remaining in the State Treasury at the beginning of the period. The fiscal period for the current budget began July 1, 2001; and,

WHEREAS, to insure that the State does not incur a deficit for the fiscal year covered by a budget, Article III, Sec. 5(3) of the Constitution requires the Governor to continually survey the collection of revenue. If, as a result of his surveys, he determines that actual receipts for the fiscal period, when added to the surplus remaining in the Treasury at the beginning of the fiscal period, will not be sufficient to pay budgeted expenditures, the Governor, after first making adequate provisions for the prompt payment of the principal and interest on the State's outstanding bonds and notes, must effect the necessary economies in State expenditures to keep the deficit from occurring; and,
WHEREAS, continually surveying the collection of the State's revenues pursuant to Article III, Sec. 5 (3) of the Constitution is a normal function of the Office of State Budget and Management (OSBM) and reports on its surveys are received routinely by the Governor; and,

WHEREAS, OSBM has provided the Governor with detailed briefings on the growing fiscal period deficit and, along with the Office of the Governor, has also advised members of the General Assembly of the situation, including the President Pro-Tempore of the Senate and the Speaker of the House of Representatives; and,

WHEREAS, on October 31, 2001, OSBM, at the direction of the Governor, reduced state agency expenditures for the remainder of the fiscal year; and,

WHEREAS, as detailed in a memorandum to the Governor from OSBM dated February 4, 2002, OSBM estimates, in light of January 2002 collections and new economic forecasts, a growing substantial deficit for fiscal year 2001-02 that will not be covered by the reduction in expenditure measures adopted on October 31, 2001; and,

WHEREAS, in light of OSBM estimates, the budget enacted by the General Assembly for fiscal year 2001-02 cannot be administered as enacted without the State incurring a deficit in its administration; and,

WHEREAS, it is found as a fact that based on General Fund revenue collections through January 31, 2002, and projections for these revenues through June 30, 2002, actual receipts for the current fiscal year will not meet the expenditures anticipated and budgeted by the 2001 General Assembly; and,

WHEREAS, from this fact it is determined and concluded that unless further economies in State expenditures are made, the State's General Fund expenditures will exceed General Fund receipts, for the current fiscal year.
NOW THEREFORE, by the authority vested in me as Governor by Article III, Sec. 5(3) of the Constitution of North Carolina to insure that a deficit is not incurred in the administration of the budget for fiscal year 2002, IT IS ORDERED:

Section 1. OSBM will continue to reduce, as necessary, State expenditures from Funds appropriated to operate State departments and institutions, and continue monthly allotment expenditure and review measures.

Section 2. OSBM will halt, as necessary, expenditures for capital improvement projects for which State funds have been appropriated but not placed under State contract and, as necessary, transfer any unused capital improvement funds to the General Fund.

Section 3. OSBM will transfer, as necessary, non-General Fund and non-Highway Fund receipts into the General Fund to support appropriation expenditures in order to avoid a deficit in the General Fund.

Section 4. OSBM may borrow, as necessary, receipts from non-General Fund State receipts and non-Highway Fund State receipts for support of General Fund appropriation expenditures.

Section 5. OSBM may transfer, as necessary, funds from the Highway Trust Fund Account for support of General Fund appropriation expenditures.

Section 6. OSBM may, as necessary, order the delay or cancellation of purchase orders in State General Fund-supported departments and institutions.

Section 7. OSBM may, as necessary, take other steps as directed by the Governor to insure that a deficit is not incurred for the fiscal period, including re-allocation of certain funds shared with localities.
Section 8. The Office of the State Controller, as advised by the State Budget Officer, is directed to monitor disbursements as presented on requisitions for CASH.

Section 9. The Office of the State Controller, as advised by the State Budget Officer, is directed to receive the local government reimbursement funds and to escrow such funds in a special reserve as established by OSBM. Return of all such receipts shall be made to the local government reimbursement funds, if possible, after determination that such funds are not necessary to address the deficit.

This Executive Order rescinds Executive Order No. 3 and is effective immediately and shall remain in effect, as written, until terminated or amended at the Governor's direction.

Elaine F. Marshall
Secretary of State
EXECUTIVE ORDER NO. 24
ACCELERATING TEACHER RECRUITMENT AND HIRING FOR MORE AT FOUR
AND CLASS SIZE REDUCTION IN LIGHT OF JUDICIAL REQUIREMENTS,
BUDGET DEVELOPMENTS, AND IMPENDING SCHOOL OPENINGS

In September 2001, the General Assembly ratified and I, as Governor, signed a
budget for the State of North Carolina that allocated funds to establish a pre-kindergarten
program for at-risk children, known as More at Four, and to reduce class sizes.

Pre-kindergarten programs for at-risk children and class size reduction are
necessary for improving educational opportunity and outcomes for children across North
Carolina. In addition, these programs are fundamental to addressing the needs of at-risk
students, eliminating the achievement gap, reducing the State's persistently high dropout
rate, increasing college enrollments, and meeting other education challenges.

Moreover, improving public education is the key to a better-prepared workforce
that is able to attract quality jobs, strengthen our economy, and improve the quality of life
for all citizens.

The current proposed House Budget includes expanded funding for More at Four
and class size reduction. While the General Assembly continues working to ratify a final
budget I can sign, the school year for the majority of North Carolina's children will start
imminently.

In addition, the school funding lawsuit, known as Leandro, has now reached a
危机点.

Nearly two years ago, in October 2000, the Superior Court Judge assigned by the
Supreme Court of North Carolina to oversee Leandro ordered that pre-kindergarten
educational programs for at-risk children must be expanded to serve all of the at-risk
children in North Carolina that qualify for such programs.

Three months ago, in April 2002, the Court explicitly re-affirmed the October
2000 judgment with regards to pre-kindergarten programs. In addition, the April ruling
found that at-risk children need smaller classes in early grades and that every classroom
provide differentiated, individualized instruction. Such individual attention, of course, requires smaller class sizes.

On July 19, 2002, the Court made clear that the prior judgments, including the mandates of *More at Four* and individualized instruction in early grades, remained in effect and were not being complied with.

NOW THEREFORE, in light of the factual circumstances set forth above, and under the legal authority vested in me as Governor by Article III of the Constitution of North Carolina, N.C.G.S. § 143-23, and decisions by the Supreme Court of North Carolina interpreting N.C.G.S. § 143-23, I hereby AUTHORIZE and INSTRUCT:

(1) The Director of the *More at Four* Pre-Kindergarten Program, in conjunction with the Co-Chairs of the *More at Four* Task Force (the Superintendent of Public Instruction and the Secretary of the Department of Health and Human Services), to recruit the teachers necessary to expand the program; and,

(2) The Superintendent of Public Instruction, working with and through local school system superintendents, to recruit and hire the additional teachers necessary to reduce class sizes in kindergarten and first grade beginning with the 2002-03 school year.

This Executive Order is effective July 24, 2002.

EXECUTIVE ORDER NO. 25
NORTH CAROLINA SHOWCASE STATE PARTNERSHIP FOR NATURAL DISASTER RESISTANCE AND RESILIENCE

WHEREAS, the State of North Carolina is vulnerable to hurricanes, flooding, winter storms, hail, drought, earthquakes, tornadoes, wildfire and other natural hazards that have resulted in the loss of life, economic distress, and have caused billions of dollars in damages; and

WHEREAS, since 1996, North Carolina has experienced the two most costly natural disasters in the State’s history, hurricanes Fran and Floyd, resulting in the deaths of over 50 people and causing over three billion and five billion dollars in losses respectively; and

WHEREAS, North Carolina is presently experiencing a state and local government budget crisis, due in part by lost tax revenues and cash expenditures associated with several recent disasters, and

WHEREAS, North Carolina is experiencing rapid growth in known high-hazard areas; and

WHEREAS, North Carolina has embarked on a nationally recognized effort to reduce the future impacts of natural hazards, including the acquisition and elevation of over 6,000 flood-prone residences, the initiation of a statewide mitigation planning effort, the re-mapping of the State’s floodplains, and the establishment of the Blue Sky Foundation, a nonprofit organization dedicated to educating the public about risk reduction techniques that can be incorporated into new or existing construction; and

WHEREAS, North Carolina seeks to further ongoing risk reduction efforts through an expansion of public and private partnerships utilizing the framework established by the Institute for Business & Home Safety titled the “Showcase State for Natural Disaster Resistance and Resilience”; and
WHEREAS, North Carolina Showcase State partners currently include the North Carolina Department of Crime Control and Public Safety, the Blue Sky Foundation of North Carolina, Inc., The North Carolina Department of Insurance, Nationwide Insurance, Royal & SunAlliance Insurance, State Farm Fire and Casualty Company, the Institute for Business & Home Safety, the Independent Agents Association of North Carolina, the University of North Carolina at Chapel Hill; Department of City and Regional Planning, the North Carolina State University Cooperative Extension Service, the North Carolina League of Municipalities, Land’s End Development Companies, Ruffy Homes, Inc., Old Station Corporation/Sykes Construction, Carolinas Concrete Masonry Association, North Carolina Sea Grant, the Federal Emergency Management Agency, and North Carolina Baptist Men, with the intention of including local governments and the business community; among others; and

WHEREAS, the Showcase State Initiative will provide the catalyst to bring together state and federal agencies, nonprofit organizations, local governments, developers, insurers, financiers, and the business community to seek creative ways to comprehensively address the rapid increase in our State’s vulnerability to natural hazards and share the burden of mitigating the risk in cost-effective ways; and

WHEREAS, since there are significant efforts underway that address many of the initiatives below, by government, the private and nonprofit sectors, a collaborative process that fosters leveraged resources and shared knowledge will allow partners to extend better service to more citizens of North Carolina.

NOW, THEREFORE I, Michael F. Easley, by virtue of the authority vested in me as the Governor of the State of North Carolina proclaim the State of North Carolina a “Showcase State for Natural Disaster Resistance and Resilience” as a means to further reduce the vulnerability of our citizens and the built environment to the risks associated with natural hazards. The state, working in collaboration with its Showcase State partners, and to the extent to which existing state budgetary and staff resources allow, will work on the following initiatives:

1. Identify government agencies, private sector and nonprofit entities responsible and accountable for implementing actions of each of the areas listed below. Executives with authority and accountability in these areas will coordinate their respective planning and develop a collaborative five-year strategy together, with one-year action plans.

2. Conduct a statewide hazard identification and risk assessment for all natural hazards in our state, including providing the assistance and training to local governments needed to undertake jurisdictional-level assessments.

3. Develop partnerships between stakeholder businesses and the public sector to identify mitigation opportunities and better coordinate preparedness, response and recovery activities. Partnerships should include critical businesses involved in disaster recovery operations (e.g., utilities, communications, transportation, food/water suppliers, and medical facilities) and those businesses whose losses would impact the ability of the local and state economy to recover.

2
4. Promote and support the adoption and enforcement of a current model code by the state and promote the voluntary code-plus Fortified... for Safer Living program for new construction.

5. Encourage the use of state and local hazard risk assessments to inform land use decisions, particularly those that place people and structures in harm’s way.

6. Maintain a state hazard mitigation plan, develop a disaster recovery plan and provide technical assistance to local governments to assist in the development of Hazard Mitigation Plans as required under the Disaster Mitigation Act of 2000 and North Carolina SC 2001-214.

7. Ensure that local governments are given the information needed to make an informed decision regarding participation in the National Flood Insurance Program, including the implications for disaster assistance stated in SC 2001-214. Encourage participation in the National Flood Insurance Program and ensure compliance among participants. Promote and support participation in the National Flood Insurance Program’s Community Rating System.

8. Incorporate disaster protection into capital improvement budgets of public lifelines and critical facilities, such as utilities, telecommunication systems, transportation infrastructure, water supply, hospitals, wastewater treatment facilities, etc., and promote incorporation of disaster protection into capital improvements of similar private facilities.

9. Encourage the development of a disaster-resistant state, including the encouragement of disaster-resistant communities within the State, in collaboration with the Blue Sky Foundation’s Exemplary Community initiative, NC Division of Emergency Management’s Hazard Mitigation Planning Initiative (HMP) and the Federal Emergency Management Agency’s disaster-resistant community initiatives.

10. Develop public outreach and awareness programs on the importance of mitigating damages caused by natural disasters and provide information on how citizens can prevent or reduce property damages as a result of a natural disaster event.

11. Support the appropriate incorporation of natural hazard awareness and reduction programs and information into school and college curricula.

12. Support the Institute for Business & Home Safety and its partners in the nonstructural retrofit of nonprofit childcare centers through cooperative public information efforts.

13. Conduct training for local government officials, state agencies, builders and other design professionals regarding the use of mitigation techniques in land use and building construction decisions. Encourage best practices above and beyond building code requirements.

14. Identify specific incentives and disincentives for implementing mitigation measures in the areas of regulation, policy, social values, and in the economic and environmental sectors.
15. Continue support of the North Carolina Mapping Initiative in its efforts to re-map the State’s floodplains.

Implementation of this order shall be undertaken through the collaboration of Blue Sky Foundation of North Carolina, Inc. and the North Carolina Division of Emergency Management.

This Executive Order shall take effect immediately.

ENSURING NEEDS OF SCHOOL CHILDREN ARE MET GIVEN INCREASE IN
STUDENT ENROLLMENT, BUDGET DEVELOPMENTS, AND SCHOOL
OPENINGS

In September 2001, the General Assembly ratified and I, as Governor, signed a
budget for the State of North Carolina that allocated funds to pay for the expected
increase in the kindergarten-12th grade (K-12) student population during the 2002-03
fiscal period.

The increase in school children for '02-'03 made in 2001, calculated by tallying
local school administrative units' Average Daily Membership (ADM), was
underestimated. As a result, in the budget adjustments I submitted to the General
Assembly for the '02-'03 period, I recommended additional funding for the public schools
in order to meet the costs associated with the actual ADM increase. Both the state Senate
and state House agreed with my recommendation as to the amount of additional funding
needed to meet the actual ADM increase. Each house's agreement is reflected in the
budget bills passed in June and August, respectively.

As of today, the budget adjustment legislation which will include the ADM
funding increase has not been finally ratified by the General Assembly and signed into
law by me. However, public school classes have begun across the state. And school
systems and communities are being forced to meet the greater needs posed by the
increase in student enrollment. In addition, state court monitoring of North Carolina's
effort to ensure a sound, basic education for every student continues.

NOW THEREFORE, in light of the factual circumstances set forth above, and
under the legal authority vested in me as Governor by, among other provisions, Article I,
section 15 (which states that "[t]he people have a right to the privilege of education, and
it is the duty of the State to guard and maintain that right") and Article III of the
Constitution of North Carolina, and N.C.G.S. § 143-23, I hereby AUTHORIZE and

EDUCATION
Section F
A. Adjustments to Budget Requirements

1 Continuation Adjustment for Average Daily Membership
Revise the projected increase for FY 2002-03 to reflect an additional 8,695 in average daily membership (total increase over FY 2001-02 is 25,817). The dollar amount reflects the Continuation Budget impact of this increase on all position, dollar, and categorical allotments.
Total funded student population for FY 2002-03: 1,326,865.
The increase for ADM growth for Driver Education is $236,139 which is transferred to the General Fund from the Highway Fund.
Total ADM increase for the General Fund and Highway Fund is $30,093,413.

2 Average Annual Salary Adjustment
Annual adjustment of average budgeted salary for certified personnel. Adjustment is based on actual salaries paid to certified personnel through December 2001.

3 Additional Adjustments to Average Salary Projections
In addition to the annual Continuation Budget adjustment to average budgeted salary for certified personnel, a more recent review of certified personnel salaries from updated salary data identified an additional reduction in projected salary needs for FY 2001-03.

4 Adjustment for Unutilized Position Allotments
Adjustment based on the estimated actual utilization of position allotments.

5 Classroom Materials/Instructional Supplies/Equipment
Adjust the increase for inflation to a 3% growth (in line with the Consumer Price Index) from the SS growth used to build the Continuation Budget. The Instructional Supply allotment for FY 2002-03 will be $41.45 per ADM after this adjustment.

6 Transportation
Current inventory levels (oil, tires, and parts) at local school administrative units indicate that additional supply needs for next year will be minimized. Last year's non-recurring adjustment of $4 million will become a recurring reduction. Also, reduce for lower anticipated fuel cost $1.8 million.

Public Education
Conference Report on the Continuation, Capital and Expansion Budgets

7 School Bus Purchases
Implement a lease/purchase process that will allow for the payment of school buses over a 3-year period. ($19,600,000) NR

8 Redirect Capital Funds to Support Public Schools through the General Fund
For the 2002-03 fiscal year, do not transfer corporate tax funds to the Public School Building Capital Fund or the Critical School Facility Needs Fund. Instead, transfer the funds as a receipt to the Public School Fund to temporarily offset the costs for public school operations. For FY 2002-03, General Fund appropriations will be reduced by the amount that was scheduled to be transferred to the capital accounts.
Based on 1987 legislation (HB 1514, Sec. 178), the Office of State Budget Management shall continue to transfer funding to support six staff members in the School Planning Division of the Department of Public Instruction ($450,224). ($44,549,776) NR

9 Funding for Visiting International Faculty
State Board of Education Policy allows Local School Administrative Units to convert teaching positions to dollars to cover the contract cost for Visiting International Faculty. The conversion to dollars shall be based on an allotted average teacher salary of $45,016 (with benefits) reduced by 2.9625%. This will adjust the conversion amount to $43,682. The reduction included is based on FY 2001-02 program enrollment of approximately 750 teachers. ($1,000,000) R

10 Revise Headcount for Children with Special Needs
Adjust Continuation Budget to reflect actual April 1, 2002, headcount. The Continuation Budget was constructed based on an estimated population of children with special needs. ($4,768,604) R

B. Reduction of Administration Cost
11 Central Office Administration
Freeze local school administration units (LEAs) allotments at the FY 2001-02 allotment level ($1,574,452 reduction to the Continuation Budget) and reduce each LEA by 1.75% ($1,764,441) from their FY 2001-02 funding level. The new allotment formula developed by the State Board of Education is not to be implemented in FY 2002-03. ($3,338,893) R

12 School Building Administration
Decrease the allotment for Assistant Principals by changing the allotment formula to one ten-month position for every 761.44 students in average daily membership (ADM). The FY 2001-02 allotment was one ten-month position per 725.18 ADM. A reduction of 87.1 10-month positions. ($4,627,564) R

Public Education
Conference Report on the Continuation, Capital and Expansion Budgets

13 Regional Education Service Alliances
Eliminate State funding distributed to local school administrative units that could be used to support the Regional Education Service Alliances.

14 Uniform Education and Reporting System (UERS)
Based on the current NC WISE implementation schedule, the Department of Public Instruction has indicated that a one-time reduction in funding is possible.

15 Department of Public Instruction
The Department of Public Instruction will eliminate 36 positions. Of the 36 eliminated positions, 9.6 are paid from receipts and 26.4 are paid from State funds. Three (3) of the State positions were vacant.

Total State savings from Positions: $1,460,280
Total Other Departmental Reductions: $1,289,720

Reductions to receipt-supported positions are not included in meeting the $2,750,000 reduction target but are included in the position reduction count.

C. Continuation Budget Reductions

16 Non-Instructional Support Personnel
Reduce allotment approximately 3.3%. Funding is used to employ custodians, school clerical support and substitute teacher pay. The reduction will not impact the amount of funding available for substitute teachers. The estimated impact is the equivalent of 240 custodian positions and 172 clerical positions.

($10,000,000) R

17 Mentor Pay
Restrict funding to mentor teachers assigned to State-paid first and second year teachers and first-year instructional support.

($3,134,984) R

18 Payments for Teacher Unused Vacation Days (Forfeited Vacation)
Teachers are allowed to have excess annual leave over 30 days either converted to sick leave or paid at the end of the year. The amount of leave that can be paid is limited to the excess days that can be attributed to required work days which made it impossible for the teacher to take the leave during the school year. The payment option was established since the amount of sick-leave allowed to be converted to employment credit at retirement was restricted to the amount earned over the employee's term of employment. Last year the sick leave conversion maximum was eliminated. By eliminating this maximum, teachers can now convert all sick leave earned towards retirement credit; therefore, this special payment option is no longer needed.

($3,750,000) R
Conference Report on the Continuation, Capital and Expansion Budgets

19 ExplorNet
Appropriate funds to ExplorNet non-profit for assistance to public schools

20 Appropriations to Non-Public School Agencies
Reduce funding to Public School Forum, Cities/Communities in Schools, NC Network, Teacher Cadet, and Schools Attuned by 10%.

21 Total Quality Education (TQE)
Appropriate funds to TQE (a non-profit program) for assistance to public schools.

E. Management Flexibility

22 Local Education Agency Discretionary Reduction
The State Board of Education shall distribute this local education agency discretionary reduction in an equitable manner and require allotment reductions in this amount within 30 days of budget passage.

Local School Administrative Units have flexibility to adjust their budgets to implement this reduction; therefore, it is not possible to identify the number of positions impacted.

F. Other Budget Adjustments

23 ABC Bonuses
Provide funding for ABC bonuses for schools meeting or exceeding expected growth in 2001-02.

24 Reduction in Class Size
Reduce the teacher to student allotment ratio for first grade to 1:18 (down from 1:20).

25 Information Highway Line Charges
Continue State funding for payment of Information Highway connectivity for sites previously funded.

26 Low Wealth Supplemental Funding
Increase funding for school districts in counties with less ability to generate local resources for public schools

27 Small County Supplemental Funding
Increase funding to county school systems eligible for small county supplemental funding.

28 Staff Development
A one time adjustment in funding.

Five magistrate positions will be eliminated Jan 1, 2003 with the reductions taken in the lowest workload counties. In addition, positions that are currently vacant or become vacant prior to December 31st shall remain vacant until new appointments are made effective Jan 1, 2003. The AOC shall identify the counties where the reduction will be implemented. Counties where a vacancy leaves them with less than 4 active magistrates are exempt from the requirement of maintaining vacancies through December.

9 Appellate Courts Reductions
Funding for the appellate courts is reduced to reflect (1) elimination of the use of emergency judges at the Court of Appeals and (2) reduction in library expenses to eliminate unnecessary duplication of library resources between the Court of Appeals and the Supreme Court; (3) elimination of a vacant Editorial Assistant position; (4) elimination, as of January 1, 2003, of any positions authorized under GS 7A-12.

10 Reduce Budgeted Emergency Judge Pay
Budgeted funds for emergency judge pay at the trial court level are reduced 80% to reflect greater management of the use of emergency judges.

11 Dispute Settlement Centers
Funding for all 27 programs is reduced 16% in 2002-3. In addition, a process for collection of a $60 fee in court referred cases that are successfully resolved by the program is to be established, affecting overall General Fund availability by $360,000 on an annualized basis.

12 Sentencing Commission Position
A vacant Research & Policy Associate position at the Sentencing & Policy Advisory Commission is eliminated.

13 Family Court Program
Nonpersonnel expenses for the Family Court program are reduced $100,000 to reflect increased efficiencies in training and operational costs.

14 District Attorney Support Staff
One Victim Witness Legal Assistant position is eliminated in District #2 and 2 positions in District #24. These are the only districts with more VWA's than assistant district attorney positions.

15 Operating Cost Reductions
The following operating cost line items are reduced; budgeted funds for matching federal grants are eliminated ($350,000), funding for software maintenance is reduced by ($274,495) to reflect new agreements on upgraded hardware, rent expenses are reduced by ($19,500), postage is reduced by ($16,900), and registration fees by ($17,246).
16 District Court Mandatory Arbitration
Expenditures for arbitration fees are reduced to reflect limitations on the program to exclude collections cases from mandatory arbitration. These cases represent about 21% of the current caseload. In addition, eight full-time coordinator positions are reduced to .75 fte (districts 10, 14, 18, 20, 21, 25, 21A, and 29) and a half time position in #27A is eliminated. ($174,177) R -2.90

17 Drug Treatment Court Reduction
The General Fund portion of funding for the Drug Treatment Court program is reduced to reflect changes in the allocation of federal funds, the greater use of outside resources for case management and efficiencies in administration of the program. 18 Transfer & Redesign of Sentencing Services Program

Intervention/Prevention

44 Juvenile Court Counselors
The continuation budget for juvenile court counselors is reduced by $407,000. Of this amount, $200,000 is to be taken from $327,000 Travel/Other Employee Expenses. The remaining amount shall be generated by eliminating 5 vacant positions effective July 1, 2002. ($407,000) R

45 Project Challenge
Reduce pass-through funds by 20%. ($30,000) NR

48 Close Multipurpose Group Homes
Close three multi-purpose group homes located in Macon, Randolph and Cabarrus Counties. ($1,500,000) R
47 JPC Grants

The continuation budget for the Juvenile Crime Prevention Councils (JPC) county allocations is reduced by $689,665. This amount is less than the proposed Senate reduction and is intended to offset the elimination of direct state appropriations for county teen court programs. For FY 2002-03, DJJDP shall allocate $488,660 to JPCs in those counties which received a direct state appropriation for a teen court program in FY 2001-02, as specified below. DJJDP shall instruct the county JPCs to provide funds to their county teen court programs in the amount specified:

- $30,000 Bladen County
- $40,000 Brunswick County
- $25,000 Buncombe County
- $14,330 Cabarrus County

49 Governor's One-on-One

Reduce the continuation budget by 10 percent.

50 Communities in Schools

Reduce pass-through funds by $102,500. This reduction is to be taken from the central headquarters' budget and, combined with other state funding reductions, represents an overall decrease of about 10% in the administrative budget.

51 Eliminate Vacant Program Coordinator

Eliminate the position of Community Based Alternative Program Coordinator (1881-0000-0000-290) effective July 1, 2002.

Youth Facilities

52 Funding to Repair Buncombe Detention Center
DJJDP is authorized to carry out basic repairs and renovations in order to keep Buncombe Detention Center operational. $135,850 NR

53 Convert Samarkand Manor YDC to Female Facility
DJJDP will eliminate 128 juvenile offender beds and 154 positions at the Samarkand Manor Youth Development Center (Training School). Up to 73 beds will remain for female offenders. Samarkand is being closed because of the high cost of operations, the extent of renovation and repair needs, and to begin carrying out the intent of the Juvenile Justice Act to downsize and eventually eliminate training schools (YDCs). ($6,860,236) R

54 Consolidate Detention Center
Westend Detention Center will be closed July 1. The bed capacity of the facility will be re-established at the Dillon YDC. Juveniles in detention will be housed and managed separately from the training school population. This action will result in a loss of another 22 YDC beds. Combined with the downsizing of Samarkand, a total of 150 YDC beds will be eliminated. The 24 positions being eliminated here are vacant; some vacancies are being taken from the YDC's to meet the budget reduction amount shown and to avoid further reductions in filled positions. ($1,082,608) R

55 Reduce Medical Budget
The budget for medical services for juvenile offenders exceeds expenditures in FY 02. With the downsizing of facilities, an additional reduction can be made. ($100,000) R

56 Increase Detention Center Receipts
The State and County each pay 50% of the cost of a detention center bed. The rate charged to counties has not been adjusted in FY 02 to reflect actual State costs which now exceed 50%. Adjusting the rate charged to counties will increase receipts by $600,000, allowing a reduction in the General Fund. ($600,000) R

57 Increase Receipts for Food Service
DJJDP Detention Centers are eligible to receive federal funds to help pay for meals for youthful offenders. Receiving these receipts will allow a reduction in the General Fund. One federally funded position is established to manage this program. ($350,000) R

56 Eliminate Vacant Detention Center Positions

3.5 vacant positions are eliminated. 2.5 positions are eliminated from Alexander Detention Center: a Maintenance Mechanic III, a Nurse (.5), and a Youth Program Assistant. One position is eliminated from Richmond Detention, an Administrative Assistant V. These positions were initially recommended for reduction by DJRDP in order to meet the original reduction amount of $7.43 million for Samarkand.

Alcohol and Chemical Dependency

59 DART Cherry Program
DART Cherry is a 300 bed residential treatment program for
DUI parolees, other parolees, and probationers. Staffing
is reduced by 10 positions—six substance abuse workers
and four counselors—by increasing caseloads.

60 DART In-Prison Residential Programs
The Governor's budget recommended eliminating all but one
medium custody in-prison residential substance abuse
treatment program, a portion of the in-prison non-
residential programs (e.g. aftercare, short-term treatment
programs), and 45% of central office staff. By contrast,
this reduction action maintains several of the medium
custody prison residential programs and all of the funds
for non-residential prison programs such as aftercare and
short-term treatment. This reduction action has four
components (1) closes the two close custody residential
programs (Pasquotank and Marion) since a 35 to 90 day
program is of limited value to inmates with long-term
sentences (three other positions shown in Pasquotank's
position count are actually for the Tyrrell minimum
custody program and are not eliminated); (2) closes four
medium custody residential programs (Foothills, Caswell,
Brown Creek, and Polk Youth); (3) reduces 15 staff
statewide by increasing caseloads; and, (4) reduces
Central Office staff by two positions (Correctional
Administrator I and Substance Abuse Program Consultant,
both vacant).

61 Regional Offices in DACDP
Due to reductions in substance abuse treatment staffing
statewide and closing of residential treatment programs in
five prisons, it is recommended that the number of
Regional Offices be reduced from four to two.

Corr. Training Coordinator (Vacant)
Personnel Supv. I (Vacant)

64 MIS Contract Conversion
Expenditures for MIS contracts will be reduced by converting contract funds to four MIS positions. The savings result from canceling contract positions and fees charged for contracts. The four positions are Telecommunication Systems Analyst, and three Applications Analyst/Programmer Specialists (one at grade 63 and two at 81)

65 Delay Vehicle Replacement
DOC will delay purchase of replacement vehicles for one more year

66 Cancel Training Facility Contract
DOC uses a Fort Fisher facility operated by the National Guard for training of staff in Eastern N.C. DOC will cancel contract and identify less expensive training facilities.

67 Reduce Funding in Training Division
Two vacant positions are eliminated from the Office of Staff Development and Training — a Correctional Training Instructor II and an Office Asst. IV. Non-salary items for the Office are also reduced in the areas of phone services, per diem for meals and rent of motor vehicles.

Community Corrections

68 Close IMPACT programs
The IMPACT Boot Camp Program will be closed with an effective date of August 15, 2002. The positions eliminated include 33 positions each at IMPACT East and IMPACT West and 2 in Raleigh. Of the funds made available from this termination, $390,312 shall be retained in order to restore 12 community work crews at prisons near the communities of Hoffman and Morganton (2 each at Southern, Anson, Robeson and Sanford; 1 each at Marion, Rutherford, Catawba, Caldwell). These crews will be supervised by 12 correctional officer positions, reducing the net position reduction to 96.

69 Reduction in Funding of Non Profits
Pass through funding to community corrections programs is reduced in 2002-3 as follows; 10% reductions for Harriet’s House, Women at Risk and the John Hyman Foundation; a 16.7% reduction ($25,649) in the state office expenses for Summit House. As of May 1, 2003, all state funds to Summit House shall be used in the local programs only. Operating funds for Summit House were reduced 10% in the 2001 budget.

70 Electronic Monitoring Cost Sharing
The General Fund cost of the Electronic Monitoring program is reduced to reflect cost sharing with outside agencies that utilize the program (local law enforcement and the Department of Juvenile Justice & Delinquency Prevention). In addition, 1 position (EHA Manager) is eliminated.

71 Probation and Parole Staffing
The following vacant positions are eliminated in the Division of Community Correction: 25 Office Assistants, 27 PPO I (community), 8 PPO II (Intermediate), 7 Intensive Officers, 17 Surveillance Officers and 5 Community Service Work Program coordinators. Based on current population projections, this will result in average caseloads of 25.8/77.6/101 for intensive/intermediate/community. The Office Assistants may be either OA’s assigned to probation-parole officers or to the community service work program.

72 Vacant Trainer Position
A vacant trainer position is eliminated. This leaves 4 trainers for the Division of Community Corrections. (4550-1030-0060-167)

73 Criminal Justice Partnership Program
Funding is reduced for the Criminal Justice Partnership Program by $1.66 Million due to (1) restricting programs that were not operating as of Sept 2002 to 75% of their annual contract amount, assuming October 1 reopenings; (2) eliminating funding for 2002-3 for non-operational programs in Caswell and Union counties; (3) implementing a cost reduction program in day reporting centers by substituting probation officers or the TASC program for case managers previously paid with CUPP funds. This adjustment will be made in the following programs; Albemarle, Buncombe, Catawba, Cumberland, Davidson, Durham, Forsyth, Gaston, Guilford, Mecklenburg, Onslow, Randolph, Wake, Wayne, and the Vance-Granville-Franklin-Warren program; in each case, the dollar reduction for the program will be no more than 12.5% of their 2001-2 budget; (4) eliminating 1 research analyst position funded through the CUPP budget and related operational expenses.
Conference Report on the Continuation, Capital and Expansion Budgets

74 Reduce Operational Costs for Drug Screening
The operational costs for the 6 drug screening labs operated by DCC will be reduced due to new technology and other efficiencies.

75 Reduction in Automobile Expenses
The Division will be able to reduce the number of leased vehicles from the Department of Administration, based on actual usage.

76 Contractual Parole Revocation Hearing Officers
Parole Revocation Hearings are handled by contract employees. This item reduces the budget to reflect actual spending.

Department Wide

77 Non-Salary Line Items
DOC will reduce non-salary expenditures such as travel, equipment, and supplies system wide for one more year. Recurring reductions are: $200,000 equipment; $200,000 rent; facility/hardware supplies 600,000 and Utilities, $378,951. The total recommended reduction by DOC was $18,623,049. The Utilities recurring reduction of $378,951, an additional reduction of $100,000 in facility/hardware supplies, and an additional non-recurring cut brings the total reduction to $19.3 million.

Parole and Post Release Supervision

78 Further Reductions to Parole Commission
The General Assembly has directed that the Commission reduce its budget by a minimum of 10% each year due to declining parole cases. This reduction would cut approximately 14%. Five positions are eliminated: three parole case analysts (one vacant), an Office Assistant V (vacant), and Chief of Operations.

Prisons

79 Inmate Labor Projects
DOC is authorized to reduce funding for contractual employees assigned to work on inmate labor construction projects and replace this funding with receipts from other sources. The primary work is carried out by inmates.

81 Security Staffing — Lieutenants

- Sixteen lieutenant positions are eliminated at prisons with high lieutenant to sergeant ratios or a high number of sergeants.

  - ($531,557) R

82 Reduce Security Staffing: Update Relief Formula

- DOC assigns a "relief formula" to each security post to determine the number of positions needed. This relief formula accounts for leave usage, training hours and so on to ensure security posts are always covered. The DOC relief formula has not been adjusted to account for reduced leave usage for officers both on eight and twelve hour shifts. Adjusting the relief formula to 1.76 per 24 hour post compared to the current 1.76 formula, and similar reductions for other posts, allows for a reduction of 135 officer positions system-wide.

  - ($4,285,845) R

83 Close Blue Ridge Correctional Center

- Blue Ridge Correctional Center will be closed. The cost per day was $996 in FY 2001. The reduction amount includes a 50% reduction in the inmate budget. Five positions and $150,000 are transferred to Western Correctional Center to continue the Blue Ridge component of the BRIDGE forestry program which now operates out of Blue Ridge and Western.

  - ($1,124,095) R

84 Close Henderson Correctional Center

- Henderson Correctional Center will be closed. The reduction amount includes a 50% reduction in the inmate budget.

  - ($1,335,978) R

85 Close Rowan Diagnostic Center

- Due to overstaffing in relation to workload standards, Rowan and other diagnostic centers were reduced by eight positions in 2001-02. Rowan has a relatively small workload that can be absorbed at other diagnostic centers.

  - ($144,598) R

86 Reduce Inmate Food Budget

- Reduce inmate food budget through further system efficiencies.

  - ($436,000) R
87 Reduction of Inmate Medical Costs
DOC recommended reducing funding for the inmate medical program by implementing two major program efficiencies: (1) eliminating positions at eight smaller prisons and having medical services provided by nearby larger facilities; and (2) eliminating certain medical contracts and contract positions and then converting some contract positions to lower cost state positions.

88 Reduce Contract for Mobile Surgery Unit
DOC pays a fixed contract rate for use of a Mobile Surgery Unit at Central Prison. Based on a lower utilization rate than anticipated, the fixed contract rate can be reduced.

89 Reduce Prison Chaplain Program
It is recommended that 22.4 chaplains, one central office chaplain position (contract), and one regional coordinator position be eliminated. The chaplain program reduction assumes that prisons with 400 or fewer inmates will rely on community funded or volunteer chaplains. Prisons with 400 to 700 inmates will be reduced from 2 to 1 chaplains and rely on community funded and volunteer chaplains for chaplain services. This leaves 35.6 state chaplain positions and 13 contract chaplains in the system.
Conference Report on the Continuation, Capital and Expansion Budgets

90 Inmate Community Work Crews

Eliminate 21 of 164 inmate work crews and assigns an additional 39 crews to do litter control work for DOT in carrying out SB 1014. 21 correctional officer and four sergeant positions are eliminated. Crews will not be eliminated at locations where only one or two crews currently operate. Reduction amount of $2,112,119 includes approximately $1.3 million for increasing receipts from DOT.

Crews eliminated are:

From 3 crews to 2: Anson*, Cabarrus, Guilford, Henderson, Warren (-5)

From 4 crews to 3: Caldwell*, Catawba*, Fountain (Edgecombe), Gaston, Marion*, Robeson*, Rutherford* (-7)

From 6 crews to 4: Bladen, Tillery (-4)

From 5 crews to 4: Duplin, Sanford*, Southern*, Wilkes (-4)

Other reductions: Pasquotank from 8 to 7 (-1)

Elimination of 4 of 22 sergeants to be determined by DOC.

In the 8 locations marked with an asterisk, a crew will be restored to replace IMPACT crews eliminated elsewhere in this budget. That leaves the net reduction in inmate community work crews at 13.

91 Inmate Clothing Budget

Reduce budget for inmate clothing by reducing allocation of clean clothes to four days a week, the minimum required by the courts in lawsuit settlements.

($500,000)

92 Inmate Education Programs

Due to a decline in youthful offender inmates, DOC can further reduce education staff. The following positions are to be eliminated:

4 teachers
1 Office Asst.
2 Library Tech Assts
1 Librarian
1 Guidance Counselor

All nine positions are vacant.

($432,563)

93 Reduce Maintenance Staffing

DOC recommended eliminating 8 maintenance positions; another 32 positions will be eliminated due to increased system efficiencies and increasing inmate to staff ratios from 64 to 1 to 70 to 1.

($1,422,745)

Correction
Conference Report on the Continuation, Capital and Expansion Budgets

94 Safekeeper Payments
Safekeepers are county prisoners who are transferred to the State. Counties pay DOC $18 a day to hold safekeepers. Current law excludes payment to DOC if an offender being held in one county is a resident of another. This reduction is based on increased receipts due to deleting the residency exclusion from the General Statutes.

95 Operating Funds for New Prisons
The three new 1000 bed prisons authorized by the General Assembly in 2001 are scheduled for completion in FY 2002-03 and FY 2003-04. Funds are appropriated for startup for two of the three prisons with the bulk of the funds for Scotland, which will be completed in May, 2003. The total funding in FY 2002-03 is $7,114,530 to be allocated as follows:

Scotland: $6,380,939 410 positions
Amson/Lanesboro: $497,900 58 positions
Alexander: $235,961 8 positions

96 Energy for Committed Offenders, Inc. (ECO)
DOC contracts with ECO for 20 minimum custody female beds. The contract amount is reduced for 02-03.

97 Inmate Infraction Receipts
DOC charges inmates $10 for every infraction conviction. It is estimated receipts will exceed the budget so a reduction in the General Fund can be taken.

98 Alien Assistance Receipts
DOC receives federal funds for housing illegal aliens convicted of crimes in N.C. It is estimated that receipts will exceed the budgeted amount by $310,000 in FY 03. Program is likely to end after FY 03 so the reduction is non-recurring.

99 Reduce Utility Custody Posts
DOC indicates it can reduce one utility post at most prisons with 260 or more inmates. These posts include canteen/mailroom and clothes house.

100 Reduce Transportation Officers
DOC indicates it can reduce transportation officers statewide and still fulfill inmate transportation needs by eliminating one transportation post at most prisons with 300 or more inmates.

101 Reduce Clerical Staff in Prison Programs
In lieu of deeper cuts in professional program staff, DOC indicates it can reduce clerical positions system wide. Reductions include 17 office assistant III's and 19 processing assistant III's.

Correction
Conference Report on the Continuation, Capital and Expansion Budgets

102 Abolish Prison Administrative Clerical Positions
Thirty five office assistant III's assigned to administration at 35 prisons are eliminated.

103 Reduce Correctional Sergeant Positions
Twenty six sergeant positions are reduced at 17 different prisons. These include larger institutions with ratios below one position for every 7.96 inmates and small to medium size prisons with one more sergeant than needed for standard shift rotation.

104 Inmate Medical Reorganization
Twelve vacant mental health related positions are abolished. DOC believes through internal reorganization, services can be maintained after these reductions.

105 Prison Administration - Additional Reductions
Four additional vacant administrative positions are abolished:
Office Asst. III(2) , Nurse Clinician I, and an Inmate Hearing Officer.

108 Reduce Classification Coordinator Positions
Eleven classification coordinators are eliminated at 11 different prisons. The duties of these positions, which are to review inmate background and behavior to determine custody levels, can be absorbed by Program Director I's at these prisons.

107 Premium Holiday Pay
Funds are appropriated for special holiday pay for DOC custody officers. DOC has been paying special holiday pay to correctional officers since June of 2000 in order to improve recruitment and retention. The special pay is at 75% over regular pay (50% is standard). This pay change has been funded previously with lapsed salaries.

108 Funding to Operate Pamlico and Mt. View
DOC has been partially funding the operations of Pamlico and Mountain View prisons with lapsed salaries since DOC took over the prisons from the private sector. This recommended funding will fully fund the salary portion of the budget.

109 Fund Inmate Medical Budget
DOC's continuation budget for inmate medical is adjusted to match actual expenditures. Areas to be funded include prescription drugs, hospital and provider services, and contractual medical employees.

89 Budget Adjustments

Adjust budgets for administrative services (532170) and computer/data processing (532800) to the amounts needed to fund the requirements in Department's three internal service funds (Fund 1110 - General Administration, Fund 1530 Financial Operations - Accounting, and Budget Code 73410 - Computer Center). The three internal service funds provide services to the five operating funds (Investment Management, Local Government Operations, Banking, Escheats Fund Administration, Retirement Operations) and are supported by receipts from those funds. In prior years, continuation budget and expansion adjustments were made in the requirements and receipts for the internal service funds without the necessary adjustments being made in the five operating funds, cumulatively causing an imbalance of $2,048,671 between the budgeted requirements/receipts in the three internal service funds and the funding available in the five operating funds to pay the internal service funds for billed services. The adjustments below align the requirements in the operating funds with the receipts budgeted in the internal service funds.

The allocation to municipalities is determined by statute and is a function of gallons of motor fuel sold. Revised estimates of gallons sold are below the original forecasts and this technical adjustment revises the budget for aid to municipalities accordingly. This reduces the municipal aid budget by $2 from $89,387,000 to $87,500,000.
