CONSTITUTION OF NORTH CAROLINA

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons.
We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people.
All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State.
The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited.
This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. Allegiance to the United States.
Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers.
The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.
Sec. 7. Suspending laws.
All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. Representation and taxation.
The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. Frequent elections.
For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. Free elections.
All elections shall be free.

Sec. 11. Property qualifications.
As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition.
The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty.
All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education.
The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. Ex post facto laws.
Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.
Sec. 17. Slavery and involuntary servitude.
Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Court shall be open.
All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws.
No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. General warrants.
General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. Inquiry into restraints on liberty.
Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution.
Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused.
In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases.
No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases.
In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.
    No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. Bail, fines, and punishments.
    Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. Imprisonment for debt.
    There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. Treason against the State.
    Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30. Militia and the right to bear arms.
    A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. Quartering of soldiers.
    No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. Exclusive emoluments.
    No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. Hereditary emoluments and honors.
    No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. Perpetuities and monopolies.
    Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. Recurrence to fundamental principles.
    A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. Other rights of the people.
    The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.
Sec. 37. Rights of victims of crime.
   (1) Basic rights. Victims of crime, as prescribed by law, shall be entitled to the following basic rights:
      (a) The right as prescribed by law to be informed of and to be present at court proceedings of the accused.
      (b) The right to be heard at sentencing of the accused in a manner prescribed by law, and at other times as prescribed by law or deemed appropriate by the court.
      (c) The right as prescribed by law to receive restitution.
      (d) The right as prescribed by law to be given information about the crime, how the criminal justice system works, the rights of victims, and the availability of services for victims.
      (e) The right as prescribed by law to receive information about the conviction or final disposition and sentence of the accused.
      (f) The right as prescribed by law to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.
      (g) The right as prescribed by law to present their views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.
      (h) The right as prescribed by law to confer with the prosecution.
   (2) No money damages; other enforcement. Nothing in this section shall be construed as creating a claim for money damages against the State, a county, a municipality, or any of the agencies, instrumentalities, or employees thereof. The General Assembly may provide for other remedies to ensure adequate enforcement of this section.
   (3) No ground for relief in criminal case. The failure or inability of any person to provide a right or service provided under this section may not be used by a defendant in a criminal case, an inmate, or any other accused as a ground for relief in any trial, appeal, postconviction litigation, habeas corpus, civil action, or any similar criminal or civil proceeding. (1995, c. 438, s. 1.)

Sec. 21. Style of the acts.
The style of the acts shall be: "The General Assembly of North Carolina enacts:"

Sec. 22. Action on bills.
(1) Bills subject to veto by Governor; override of veto. Except as provided by subsections (2) through (6) of this section, all bills shall be read three times in each house and shall be signed by the presiding officer of each house before being presented to the Governor. If the Governor approves, the Governor shall sign it and it shall become a law; but if not, the Governor shall return it with objections, together with a veto message stating the reasons for such objections, to that house in which it shall have originated, which shall enter the objections and veto message at large on its journal, and proceed to reconsider it. If after such reconsideration three-fifths of the members of that house present and voting shall agree to pass the bill, it shall be sent, together with the objections and veto message, to the other house, by which it shall likewise be reconsidered; and if approved by three-fifths of the members of that house present and voting, it shall become a law notwithstanding the objections of the Governor. In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively.

(2) Amendments to Constitution of North Carolina. Every bill proposing a new or revised Constitution or an amendment or amendments to this Constitution or calling a convention of the people of this State, and containing no other matter, shall be submitted to the qualified voters of this State after it shall have been read three times in each house and signed by the presiding officers of both houses.

(3) Amendments to Constitution of the United States. Every bill approving an amendment to the Constitution of the United States, or applying for a convention to propose amendments to the Constitution of the United States, and containing no other matter, shall be read three times in each house before it becomes law, and shall be signed by the presiding officers of both houses.
CONSTITUTION OF NORTH CAROLINA

(4) Joint resolutions. Every joint resolution shall be read three times in each house before it becomes effective and shall be signed by the presiding officers of both houses.

(5) Other exceptions. Every bill:
   (a) In which the General Assembly makes an appointment or appointments to public office and which contains no other matter;
   (b) Revising the senate districts and the apportionment of Senators among those districts and containing no other matter;
   (c) Revising the representative districts and the apportionment of Representatives among those districts and containing no other matter;
   or
   (d) Revising the districts for the election of members of the House of Representatives of the Congress of the United States and the apportionment of Representatives among those districts and containing no other matter,

shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses.

(6) Local bills. Every bill that applies in fewer than 15 counties shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses. The exemption from veto by the Governor provided in this subsection does not apply if the bill, at the time it is signed by the presiding officers:
   (a) Would extend the application of a law signed by the presiding officers during that two year term of the General Assembly so that the law would apply in more than half the counties in the State, or
   (b) Would enact a law identical in effect to another law or laws signed by the presiding officers during that two year term of the General Assembly that the result of those laws taken together would be a law applying in more than half the counties in the State.

Notwithstanding any other language in this subsection, the exemption from veto provided by this subsection does not apply to any bill to enact a general law classified by population or other criteria, or to any bill that contains an appropriation from the State treasury.

(7) Time for action by Governor; reconvening of session. If any bill shall not be returned by the Governor within 10 days after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the General Assembly shall have adjourned:
   (a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or
   (b) Sine die

in which case it shall become a law unless, within 30 days after such adjournment, it is returned by the Governor with objections and veto message to that house in which it shall have originated. When the General Assembly has adjourned sine die or for more than 30 days jointly as provided under Section 20 of Article II of this Constitution, the Governor shall reconvene that session as provided by Section 5(11) of Article III of this Constitution for reconsideration of the bill, and if the Governor does not reconvene the session, the bill shall become law on the fortieth day after such adjournment. Notwithstanding the previous sentence, if the Governor prior to reconvening the session receives written requests dated no earlier than 30 days after such adjournment, signed by a majority of the members of each house that a reconvened session to reconsider
vetoed legislation is unnecessary, the Governor shall not reconvene the session for that purpose and any legislation vetoed in accordance with this section after adjournment shall not become law.

(8) Return of bills after adjournment. For purposes of return of bills not approved by the Governor, each house shall designate an officer to receive returned bills during its adjournment. (1995, c. 5, s. 1.)

Sec. 23. Revenue bills.
No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 24. Limitations on local, private, and special legislation.
(1) Prohibited subjects. The General Assembly shall not enact any local, private, or special act or resolution:
(a) Relating to health, sanitation, and the abatement of nuisances;
(b) Changing the names of cities, towns, and townships;
(c) Authorizing the laying out, opening, altering, maintaining, or discontinuing of highways, streets, or alleys;

(g) Relating to the pay of jurors;
(h) Erecting new townships, or changing township lines, or establishing or changing the lines of school districts;
(i) Remitting fines, penalties, and forfeitures, or refunding moneys legally paid into the public treasury;
(j) Regulating labor, trade, mining, or manufacturing;
(k) Extending the time for the levy or collection of taxes or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability;
(l) Giving effect to informal wills and deeds;
(m) Granting a divorce or securing alimony in any individual case;
(n) Altering the name of any person, or legitimating any person not born in lawful wedlock, or restoring to the rights of citizenship any person convicted of a felony.

(2) Repeals. Nor shall the General Assembly enact any such local, private, or special act by the partial repeal of a general law; but the General Assembly may at any time repeal local, private, or special laws enacted by it.

(3) Prohibited acts void. Any local, private, or special act or resolution enacted in violation of the provisions of this Section shall be void.

(4) General laws. The General Assembly may enact general laws regulating the matters set out in this Section.

The executive power of the State shall be vested in the Governor.

Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.

(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.

(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.

(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.

(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.

(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.

(5) Impeachment. Removal of the Governor from office for any other cause shall be by impeachment.
Sec. 4. Oath of office for Governor.

The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of governor.

Sec. 5. Duties of Governor.

(1) Residence. The Governor shall reside at the seat of government of this State.

(2) Information to General Assembly. The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) Budget. The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(6) Clemency. The Governor may grant reprieves, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to regulations prescribed by law relative to the manner of applying for pardons. The terms reprieves, commutations, and pardons shall not include paroles.

(7) Extra sessions. The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) Appointments. The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) Information. The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the
State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

(11) Reconvened sessions. The Governor shall, when required by Section 22 of Article II of this Constitution, reconvene a session of the General Assembly. At such reconvened session, the General Assembly may only consider such bills as were returned by the Governor to that reconvened session for reconsideration. Such reconvened session shall begin on a date set by the Governor, but no later than 40 days after the General Assembly adjourned:

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or

Sec. 7. Other elective officers.

(1) Officers. A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may
appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) Special Qualifications for Attorney General. Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. Council of State.

The Council of State shall consist of the officers whose offices are established by this Article.

Sec. 9. Compensation and allowances.

There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina". All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina", and signed by the Governor.

Sec. 11. Administrative departments.

Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV
JUDICIAL

Section 1. Judicial power.

The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a co-ordinate department of the
government, nor shall it establish or authorize any courts other than as permitted by this Article.

**Sec. 2. General Court of Justice.**

The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

**Sec. 3. Judicial powers of administrative agencies.**

The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

**Sec. 4. Court for the Trial of Impeachments.**

The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.

**Sec. 5. Appellate division.**

The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.

**Sec. 6. Supreme Court.**

(1) Membership. The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.

(2) Sessions of the Supreme Court. The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

**Sec. 7. Court of Appeals.**

The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.

**Sec. 8. Retirement of Justices and Judges.**

The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits for service as a Justice or Judge.
Sec. 9. Superior Courts.

(1) Superior Court districts. The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.

(2) Open at all times; sessions for trial of cases. The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.

(3) Clerks. A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. District Courts.

The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District Judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected. For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint for a term of two years, from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be filled for the unexpired term in a manner prescribed by law. Vacancies in the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office.

Sec. 11. Assignment of Judges.

The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.

Sec. 12. Jurisdiction of the General Court of Justice.

(1) Supreme Court. The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The
jurisdiction of the Supreme Court over "issues of fact" and "questions of fact" shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) Court of Appeals. The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) Superior Court. Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. The Clerks of the Superior Court shall have such jurisdiction and powers as the General Assembly shall prescribe by general law uniformly applicable in every county of the State.

(4) District Courts; Magistrates. The General Assembly shall, by general law uniformly applicable in every local court district of the State, prescribe the jurisdiction and powers of the District Courts and Magistrates.

(5) Waiver. The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) Appeals. The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. Forms of action; rules of procedure.

(1) Forms of action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

Sec. 14. Waiver of jury trial.

In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. Administration.

The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.
Sec. 16. Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.

Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Justices of the Supreme Court and Judges of the Court of Appeals shall be elected by the qualified voters of the State. Regular Judges of the Superior Court may be elected by the qualified voters of the State or by the voters of their respective districts, as the General Assembly may prescribe.

Sec. 17. Removal of Judges, Magistrates and Clerks.

(1) Removal of Judges by the General Assembly. Any Justice or Judge of the General Court of Justice may be removed from office for mental or physical incapacity by joint resolution of two-thirds of all the members of each house of the General Assembly. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) Additional method of removal of Judges. The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) Removal of Magistrates. The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) Removal of Clerks. Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Any Clerk against whom proceedings are instituted shall receive written notice of the charges against him at least 10 days before the hearing upon the charges. Any Clerk so removed from office shall be entitled to an appeal as provided by law.

Sec. 18. District Attorney and Prosecutorial Districts.

(1) District Attorneys. The General Assembly shall, from time to time, divide the State into a convenient number of prosecutorial districts, for each of which a District Attorney shall be chosen for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a District Attorney. The District Attorney shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney General may require, and perform such other duties as the General Assembly may prescribe.
(2) Prosecution in District Court Division. Criminal actions in the District Court Division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 19. Vacancies.
Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, when elections shall be held to fill the offices. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

Sec. 20. Revenues and expenses of the judicial department.
The General Assembly shall provide for the establishment of a schedule of court fees and costs which shall be uniform throughout the State within each division of the General Court of Justice. The operating expenses of the judicial department, other than compensation to process servers and other locally paid non-judicial officers, shall be paid from State funds.

Sec. 21. Fees, salaries, and emoluments.
The General Assembly shall prescribe and regulate the fees, salaries, and emoluments of all officers provided for in this Article, but the salaries of Judges shall not be diminished during their continuance in office. In no case shall the compensation of any Judge or Magistrate be dependent upon his decision or upon the collection of costs.

Sec. 22. Qualification of Justices and Judges.
Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a Justice of the Supreme Court, Judge of the Court of Appeals, Judge of the Superior Court, or Judge of District Court. This section shall not apply to persons elected to or serving in such capacities on or before January 1, 1981.

Neither shall the General Assembly assume or pay any debt or bond incurred or issued by authority of the Convention of 1868, the special session of the General Assembly of 1868, or the General Assemblies of 1868-69 and 1869-70, unless the subject is submitted to the people of the State and is approved by a majority of all the qualified voters at a referendum held for that sole purpose.

Sec. 4. Limitations upon the increase of local government debt.

(1) Regulation of borrowing and debt. The General Assembly shall enact general laws relating to the borrowing of money secured by a pledge of the faith and credit and the contracting of other debts by counties, cities and towns, special districts, and other units, authorities, and agencies of local government.

(2) Authorized purposes; two-thirds limitation. The General Assembly shall have no power to authorize any county, city or town, special district, or other unit of local government to contract debts secured by a pledge of its faith and credit unless approved by a majority of the qualified voters of the unit who vote thereon, except for the following purposes:

(6) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall be construed to invalidate or impair the obligation of any bond, note, or other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 5. Acts levying taxes to state objects.

Every act of the General Assembly levying a tax shall state the special object to which it is to be applied, and it shall be applied to no other purpose.

Sec. 6. Inviolability of sinking funds and retirement funds.

(1) Sinking funds. The General Assembly shall not use or authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for which the sinking fund has been created, except that these funds may be invested as authorized by law.

(2) Retirement funds. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize to be used any part of the funds of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System for any purpose other than retirement system benefits and purposes, administrative expenses, and refunds; except that retirement system funds may be invested as authorized by law, subject to the investment limitation that the funds of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall not be applied, diverted, loaned to, or used by the State, any State agency, State officer, public officer, or public employee.

Sec. 8. Health care facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State, counties, cities or towns, and other State and local governmental entities to issue revenue bonds to finance or refinance for any such governmental entity or any nonprofit private corporation, regardless of any church
or religious relationship, the cost of acquiring, constructing, and financing health care facility projects to be operated to serve and benefit the public; provided, no cost incurred earlier than two years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto for nonprofit private corporations.

Sec. 9. Capital projects for industry.

Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 10. Joint ownership of generation and transmission facilities.

In addition to other powers conferred upon them by law, municipalities owning or operating facilities for the generation, transmission or distribution of electric power and energy and joint agencies formed by such municipalities for the purpose of owning or operating facilities for the generation and transmission of electric power and energy (each, respectively, "a unit of municipal government") may jointly or severally own, operate and maintain works, plants and facilities, within or without the State, for the generation and transmission of electric power and energy, or both, with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale (each, respectively, "a co-owner") within this State or any state contiguous to this State, and may enter into and carry out agreements with respect to such jointly owned facilities. For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts, omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be xxxiii
charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.

Sec. 11. Capital projects for agriculture.

Notwithstanding any other provision of the Constitution the General Assembly may enact general laws to authorize the creation of an agency to issue revenue bonds to finance the cost of capital projects consisting of agricultural facilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State or any State entity to issue revenue bonds to finance and refinance the cost of acquiring, constructing, and financing higher education facilities to be operated to serve and benefit the public for any nonprofit private corporation, regardless of any church or religious relationship provided no cost incurred earlier than five years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from any revenues or assets of any such nonprofit private corporation pledged therefor, shall not be secured by a pledge of the full faith and credit of the State or such State entity or deemed to create an indebtedness requiring voter approval of the State or such entity, and, where the title to such facilities is vested in the State or any State entity, may be secured by an agreement which may provide for the conveyance of title to, with or without consideration, such facilities to the nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto.

Sec. 13. Seaport and airport facilities.

(1) Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to grant to the State, counties, municipalities, and other State and local governmental entities all powers useful in connection with the development of new and existing seaports and airports, and to authorize such public bodies:

(a) to acquire, construct, own, own jointly with public and private parties, lease as lessee, mortgage, sell, lease as lessor, or otherwise dispose of lands and facilities and improvements, including undivided interest therein;

(b) to finance and refinance for public and private parties seaport and airport facilities and improvements which relate to, develop or further waterborne or airborne commerce and cargo and passenger traffic, including commercial, industrial, manufacturing, processing, mining,
transportation, distribution, storage, marine, aviation and environmental facilities and improvements; and
(c) to secure any such financing or refinancing by all or any portion of their revenues, income or assets or other available monies associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, and by foreclosable liens on all or any part of their properties associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, but in no event to create a debt secured by a pledge of the faith and credit of the State or any other public body in the State.

(2) Residence period for presidential elections. The General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.
(3) Disqualification of felon. No person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, shall be permitted to vote unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

Sec. 9. Dual office holding.
(1) Prohibitions. It is salutary that the responsibilities of self-government be widely shared among the citizens of the State and that the potential abuse of authority inherent in the holding of multiple offices by an individual be avoided. Therefore, no person who holds any office or place of trust or profit under the United States or any department thereof, or under any other state or government, shall be eligible to hold any office in this State that is filled by election by the people. Sec. 10. Continuation in office.
In the absence of any contrary provision, all officers in this State, whether appointed or elected, shall hold their positions until other appointments are made or, if the offices are elective, until their successors are chosen and qualified.

(1) A minimum of 180 days and 1,000 hours of instruction covering at least nine calendar months. The local board shall designate when the 180 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

(1a) Notwithstanding subdivision (1) of this subsection, a local board may decide to make up a maximum of three instructional days by adding instructional hours to previously scheduled instructional days. A local board shall make this decision only if all of the following criteria are met:

a. The days to be made up were missed when schools were unable to be opened due to unusual and extraordinary inclement weather conditions.

b. It would cause undue hardship to parents, children, and teachers to make up those days.

c. The school calendar continues to have a minimum of 1,000 instructional hours covering at least nine months.

d. The additional hours must equal the regularly scheduled number of instructional hours at each school.

If a local board adds instructional hours to previously scheduled days under this subdivision, the local school administrative unit is deemed..."
to have a minimum of 180 days of instruction, teachers employed for a 10-month term are deemed to have been employed for the days being made up, and all other employees shall be compensated as if they had worked the days being made up.

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 22nd day of April, 2003.

Became law on the date it was ratified.
SECTION 2. G.S. 1C-1705 reads as rewritten:

"§ 1C-1705. Defenses; procedure; procedure; stay.

(a) The judgment debtor may file a motion for relief from, or notice of defense to, the foreign judgment on the grounds that the foreign judgment has been appealed from, or enforcement has been stayed by, the court which rendered it, or on any other ground for which relief from a judgment of this State would be allowed. Notwithstanding subsection (b) of this section, the court shall stay enforcement of the foreign judgment for an appropriate period if the judgment debtor shows that:

(1) The foreign judgment has been stayed by the court that rendered it; or
(2) An appeal from the foreign judgment is pending or the time for taking an appeal has not expired and the judgment debtor executes a written undertaking in the same manner and amount as would be required in the case of a judgment entered by a court of this State under G.S. 1-289.

(b) If the judgment debtor has filed a motion for relief or notice of defenses then the judgment creditor may move for enforcement of the foreign judgment as a judgment of this State, unless the court stays enforcement of the judgment under subsection (a) of this section. The judgment creditor's motion shall be heard before a judge of the trial division which would be the proper division for the trial of an action in which the amount in controversy is the same as the amount remaining unpaid on the foreign judgment. The Rules of Civil Procedure (G.S. 1A-1) shall apply. The judgment creditor shall have the burden of proving that the foreign judgment is entitled to full faith and credit."

SECTION 3. G.S. 1-289 reads as rewritten:

"§ 1-289. Undertaking to stay execution on money judgment.

(a) If the appeal is from a judgment directing the payment of money, it does not stay the execution of the judgment unless a written undertaking is executed on the part of the appellant, by one or more sureties, to the effect that if the judgment appealed from, or any part thereof, is affirmed, or the appeal is dismissed, the appellant will pay the amount directed to be paid by the judgment, or the part of such amount as to which the judgment shall be affirmed, if affirmed only in part, and all damages which shall be awarded against the appellant upon the appeal, except as provided in subsection (b) of this section. Whenever it is satisfactorily made to appear to the court that since the execution of the undertaking the sureties have become insolvent, the court may, by rule or order, require the appellant to execute, file and serve a new undertaking, as above. In case of neglect to execute such undertaking within twenty days after the service of a copy of the rule or order requiring it, the appeal may, on motion to the court, be dismissed with costs. Whenever it is necessary for a party to an action or proceeding to give a bond or an undertaking with surety or sureties, he may, in lieu thereof, deposit with the officer into court money to the amount of the bond or undertaking to be given. The court in which the action or proceeding is pending may direct what disposition shall be made of such money pending the action or proceeding. In a case where, by this section, the money is to be deposited with an officer, a judge of the court, upon the application of either party, may, at any time before the deposit is made, order the money deposited in court instead of with the officer; and a deposit made pursuant to such order is of the same effect as if made with the officer. The perfecting of an appeal by giving the undertaking mentioned in this section stays proceedings in the court below upon the judgment appealed from; except when the sale of perishable
property is directed, the court below may order the property to be sold and the proceeds thereof to be deposited or invested, to abide the judgment of the appellate court.

(b) If the appellee in a civil action brought under any legal theory obtains a judgment that includes an award of noncompensatory damages directing the payment or expenditure of money in the amount of twenty five million dollars ($25,000,000) or more, and the appellant seeks a stay of execution of the judgment within the period of time during which the appellant has the right to pursue appellate review, including discretionary review and certiorari, the amount of the undertaking for noncompensatory damages that the appellant is required to execute to stay execution of the judgment during the entire period of the appeal shall be twenty five million dollars ($25,000,000).

For the purposes of this subsection, the term "noncompensatory damages" means that portion of money damages other than compensatory damages or in excess of compensatory damages. Except as expressly provided in this subsection, this subsection shall not affect or limit the amount of the undertaking otherwise required by subsection (a) of this section.

(c) If the appellee proves by a preponderance of the evidence that the appellant for whom the undertaking has been limited under subsection (b) of this section is, for the purpose of evading the judgment, (i) dissipating its assets, (ii) secreting its assets, or (iii) diverting its assets outside the jurisdiction of the courts of North Carolina or the federal courts of the United States other than in the ordinary course of business, then the limitation in subsection (b) of this section shall not apply and the appellant shall be required to make an undertaking in the full amount otherwise required by this section.

SECTION 4. This act is effective when it becomes law and applies to judgments filed or entered in this State on or after the effective date, without regard to the date on which the foreign judgment was rendered in the foreign state.

In the General Assembly read three times and ratified this the 22nd day of April, 2003.

Became law upon approval of the Governor at 2:28 p.m. on the 23rd day of April, 2003.

S.B. 276      Session Law 2003-35

AN ACT TO AMEND THE PROVISIONS OF THE WINSTON-SALEM FIREMEN'S RETIREMENT FUND.

The General Assembly of North Carolina enacts:

"Sec. 1. That the name of the Association herein established shall be Winston-Salem Firemen's Retirement Fund Association, hereinafter referred to as the Association. References to the Association as of a date prior to April 3, 1979, and following July 1, 1973, shall mean the Winston-Salem Fire-Public Safety Retirement Fund Association, which was the name of the Association during such period.

Sec. 2. Subject to the provisions of Section 16 hereof, the following persons shall automatically be members of the Association:

(a) As of July 1, 1987, any person who was a member of the Association following the close of business of the Association immediately preceding such date.
(b) As of July 1, 1987, and thereafter, any person not covered under (a) above who shall have been regularly and continuously employed full time by the Fire Department of the City of Winston-Salem (hereinafter referred to as the Fire Department), including any Fire Department mechanic or electrician, who shall have attained his 18th birthday and shall not have attained his 40th birthday. Any person not covered under (a) above who was hired by the Fire Department prior to July 1, 1987, and continues to be employed by the Fire Department on such date, and who had attained his 30th birthday when hired but had not then attained his 40th birthday, may elect within 90 days following July 1, 1987, to become a member by contributing to the Association the sum of twelve dollars ($12.00) per month from his date of hire by the Fire Department, plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(c) Notwithstanding the provisions of subsection (b) immediately preceding, as a condition to any person's becoming a member of the Association pursuant to the provisions of subsection 2(b) or 16(a), the Trustees may require such person to undergo a physical examination by a physician or physicians of good standing or repute selected by the Trustees. If it shall be found from such physician's report that such person is not in good physical or mental condition as of the date he would be eligible to become a member of the Association, such person shall be denied membership in the Association. The determinations of whether or not such person shall be required to undergo a physical examination and whether or not he is in good physical or mental condition shall be made by the Trustees. In making such determinations, all persons similarly situated shall be treated alike. The cost of any medical examination required pursuant to the provisions of this subsection (c) shall be borne by the person seeking membership in the Association.

Sec. 3. The Association may provide and raise funds in any legal manner to be used as a pension fund for such person or persons as may be entitled thereto under the provisions of this act and to such extent as is hereinafter set out.

Sec. 4. The governing body of the Association shall consist of a Board of Trustees five in number, four from the membership of the Fire Department, and one to be appointed by the Insurance Commissioner of the State of North Carolina.

Sec. 5. The Trustees from the membership of the Fire Department shall be elected by the members of the Fire Department for four-year terms. Such terms shall be staggered, so that two of the Trustees shall be elected during the month of January of each year divisible evenly by two. Trustees that are slated to leave the Board are automatically candidates for reelection unless they choose not to serve another term. In addition, the elected Association Trustees shall select from the members of the Fire Department four members in good standing, each of whom continuously served in the Fire Department for a period of at least four years. A general election shall then be held by the membership of the Fire Department to elect from the list of candidates two Trustees to serve a four-year term. Each member of the Fire Department in good standing may cast two votes for the member's choice of nominees. The nominee receiving the highest number of votes in the election will be a member of the Winston-Salem Firemen's Relief Fund Board as well as the Association Board. In the event that a Trustee is unable to complete the Trustee's term, the nominee receiving the next highest number of votes in the last election held and who is not then serving as a Trustee shall complete the unexpired term of the Trustee who resigned from the Board. A tie shall be resolved by casting lots.
Sec. 6. Any Trustee may resign at any time by giving notice in writing to the other Trustees. Should any Trustee who is a member of the Fire Department cease to be a member of the Fire Department for any reason, he shall automatically cease to be a Trustee. With regard to any Trustee elected by the members of the Association who resigns or ceases to be a Trustee for any reason, his successor shall be elected as provided in Section 5 of this act. Should the Trustee who was appointed by the Insurance Commissioner of the State of North Carolina resign or cease to be a Trustee for any reason, his successor shall be appointed by the said Insurance Commissioner.

Sec. 7. The Board of Trustees is herein fully vested with the exclusive right and authority to pay out the funds of this Association, as provided for in this act. All matters and claims provided for under this act shall be passed upon by said Trustees and all decisions and actions of said Trustees shall be binding upon the Association and the members thereof. Every Trustee shall be entitled to one vote except the chairman of the Board of Trustees, who shall be entitled to vote only to break a tie. At every annual meeting of the Board of Trustees, the Trustees shall elect a chairman, vice-chairman, secretary and treasurer. The secretary and treasurer need not be Trustees, and the offices of secretary and treasurer may be combined into a single office, in the discretion of the Trustees. The annual meeting of the Board of Trustees shall be held as soon as is practicable following the end of each calendar year at such place and at such time as shall be determined by the Trustees.

Sec. 8. The As of September 1, 2001, the secretary of the Association (or the secretary-treasurer if such offices shall be combined into a single office) shall be entitled to receive monthly compensation in an amount not to exceed the amount of the monthly normal retirement benefit payable for the month for which compensation is payable, determined pursuant to Section 19 of this act, to be determined each year by the Trustees. The Trustees, as such, including the chairman and the vice-chairman, shall serve without compensation. The Trustees may authorize reimbursement by the Association to any officer or Trustee of the Association for all expenses incurred by such person in connection with services rendered in behalf of the Association.

Sec. 9. The Trustees shall elect a custodian of all funds and property of the Association, provided that such custodian shall have first offered proof satisfactory to the Trustees, by bond or otherwise, that it is and will be financially responsible for all property coming into its hands in a fiduciary capacity. Said custodian shall not release any of the funds or property of the Association for reasons other than investment of such funds or property except upon the written authorization of the Trustees.

The Trustees shall also elect an investment manager who may or may not be the same person as the custodian. Any such investment manager shall be a bank, or an insurance company, or an entity registered under the Investment Advisor's Act of 1940. The investment manager shall be authorized to invest and reinvest the funds or property of the Association in the investment manager's own judgment and discretion. The investment manager shall report to the Trustees on a periodic basis, but not less frequently than each calendar quarter. The investment manager (including said custodian when acting as investment manager) shall not be liable to the Association for any act of failure to act by it, except for gross negligence or willful misconduct.

Sec. 10. A special meeting of the Board of Trustees may be called by the chairman or vice-chairman, or by any two Trustees, upon 24 hours' written notice delivered in person to the members of said Board or mailed to the last known address of each member of said Board. A majority of the Trustees in office shall constitute a quorum at
any meeting and a majority vote of the Trustees at a meeting at which a quorum is present shall constitute action by the Trustees.

Sec. 11. The chairman of the Board of Trustees, when present, shall preside at all meetings. In the absence of the chairman, the vice-chairman shall act as chairman.

Sec. 12. The secretary shall keep in complete form such data as shall be necessary for actuarial valuation of the funds of the Association and for checking the disbursements for and on behalf of the Association. He shall keep minutes of all proceedings of the Board of Trustees and of the Association, and the same shall be kept in a place selected by the Trustees. The treasurer of the Association shall post yearly at each fire station and at the office of fire administration, as soon as practicable following the end of each year, a financial statement of the Association.

Sec. 13. The treasurer of the Association shall deposit with the custodian all funds and property that may come into his hands for the Association. The said treasurer shall obtain a receipt from the custodian for all funds and property delivered to the custodian by the treasurer. Said custodian shall invest and reinvest such funds and property as directed by the investment manager appointed under Section 9. Notwithstanding any contrary provisions of Section 9 or of this section, the Trustees are specifically authorized and empowered to invest funds of the Association by depositing such funds with the Winston-Salem Firemen's Credit Union on condition that the Association shall receive interest at an annual rate agreed upon by the Association and such credit union.

Sec. 14. The custodian and the investment manager shall receive compensation for services rendered as may be agreed upon from time to time in writing by the Trustees and by the custodian (with respect to services rendered by the custodian) or the investment manager (with respect to services rendered by the investment manager). The Trustees shall have the authority to employ legal counsel when, in the opinion of the Trustees, legal counsel is necessary. In case of such employment, said counsel shall be paid such fees as may be fair and reasonable as agreed upon in writing by the Trustees and the counsel so employed.

Sec. 15. On or before August 31, 1987, the Board of Trustees of the Winston-Salem Firemen's Relief Fund shall transfer to the Board of Trustees of the Winston-Salem Firemen's Retirement Fund Association out of properties and funds belonging to the Winston-Salem Firemen's Relief Fund the sum of fifty-four thousand dollars ($54,000) in cash or assets. The assets so transferred pursuant to the immediately preceding sentence shall be transferred upon the basis of the fair market value thereof as of the date of transfer, and the particular assets to be transferred shall be determined by joint action of the Board of Trustees of the Winston-Salem Firemen's Relief Fund and the Board of Trustees of the Winston-Salem Firemen's Retirement Fund Association. All property of the Association is hereby relieved from any and all claims of the persons entitled to relief from the Winston-Salem Firemen's Relief Fund. The North Carolina Firemen's Association, its officers, members, boards and committees, are also hereby relieved of any claim of any kind whatsoever which may be based on past service, present service or future service in the Winston-Salem Fire Department. The Winston-Salem Firemen's Relief Fund and the officers, members, boards and committees of said Fund, are also hereby relieved of any claim of any kind whatsoever which may be based on past, present or future service in the Winston-Salem Fire Department, if any, so long as any claimant is entitled to benefits or pension under the provisions of this act.

Sec. 16. (a) Notwithstanding the provisions of subsection (b) immediately following, if a person who shall not be a member of the Association shall be transferred
to the employment of the Fire Department from the employment of the City of Winston-Salem (hereinafter referred to as the City), the following provisions shall apply in determining whether he shall be a member of the Association following such transfer:

1. If he shall have attained at least his 18th birthday and shall not have attained his 40th birthday on the date of such transfer, he shall automatically become a member on such date of transfer. In determining such transferred employee's number of years of continuous employment by the City, employment with the City prior to such transfer shall be taken into account only if such employee shall elect to contribute to the Association the sum of (i) plus (ii) plus (iii), where (i) is the amount of twelve dollars ($12.00) per month, measured from the date of his hire by the City until earlier of the date of such transfer and June 30, 1998; (ii) is the aggregate amount that the person would have contributed, determined in accordance with Section 17 of this act, measured from July 1, 1998, until the date of the transfer, if the transfer occurs on or after July 1, 1998; and (iii) is interest accrued at the rate of eight percent (8%) with respect to any payments made on and after July 1, 1989, per annum, compounded annually on the amount accrued as of the end of each fiscal year of the Association.

2. If he shall have attained at least his 40th birthday on the date of transfer, but had not attained such birthday when last employed by the City, he may elect within 90 days following such transfer to become a member. If he elects to become a member, he shall contribute to the Association the amount he would have contributed if he had become a member on the day next preceding his 40th birthday. In addition, at the option of such employee, he may further elect to contribute such additional amount as he would have contributed prior to his 40th birthday if his employment with the City had been with the Fire Department. Any such contributions shall include interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

3. If he shall have attained at least his 40th birthday when last employed by the City, he shall be ineligible to become a member following such transfer.

4. The elections specified in subdivisions (1) and (2) hereof shall be made in writing to the Trustees within 90 days following such transfer, and shall be irrevocable when made (subject to termination of membership upon subsequent separation from employment with the Fire Department). Any contributions (and interest) payable pursuant to such election shall be paid in cash in a lump sum at the time such election shall be filed.

(b) Notwithstanding the provisions of subsection (a) of Section 2 hereof, as soon as practicable following April 3, 1979, (but in no event more than 60 days thereafter), the Trustees gave each person who was then employed by the City of Winston-Salem as a Public Safety Officer an election to be a member or not to be a member of the Association. Each such election was to be made in accordance with procedures established by the Trustees and was irrevocable when made (subject to termination of
membership upon a subsequent separation from the employment of the City, and subject to the provisions of subsection (a) of this Section 16). If a Public Safety Officer failed to file a timely election, he was deemed to have elected not to be a member. If a Public Safety Officer who was a member on the date of the election elected to discontinue membership (or shall have been deemed to have so elected), within 30 days following such date there should have been refunded to him the full amount of his prior contributions to the Association, if any, without interest. If a Public Safety Officer who failed to make contributions prior to the election date elected to be a member, he shall have within 30 days following such election paid to the Association the full amount he would have contributed if he had made required contributions during the entire period that he was eligible to be a member. Such contributions included interest at the rate of six percent (6%) per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(c) Any member whose employment by the Fire Department as a Public Safety Officer shall be terminated on or after June 27, 1981, for any reason, including transfer to another department in the employment of the City, shall be terminated immediately as a member; provided, that any member who is transferred on or after July 1, 1981, to another department of the City in a fire-related job shall not become a terminated member if the following conditions are met: (i) within 15 days following the date of such transfer he shall file with the Trustees a written election to continue as a member; and (ii) such member shall be notified in writing by the secretary of the Association on or before the date of transfer of his right to make the election. If a terminated member shall reenter employment of the Fire Department, his eligibility to become a member shall be determined at that time in accordance with Section 2 hereof, except to the extent such individual may be entitled to elect to become a member upon a transfer of employment as provided in subsection (a) of this Section 16.

(d) In determining the number of years of continuous employment of a member, there shall be taken into account all years for which he shall make contributions in accordance with subsection (a) or (e) of this Section 16 or Section 19. For purposes of computing a member's years of continuous employment with the City, any period of unused sick leave with the Fire Department accrued by the member on the date of his retirement shall be deemed to be a period of continuous employment with the Fire Department.

(e) If any member of the Association was employed by the Fire Department as a cadet, such member's number of years of employment as a cadet may be added to the period of his continuous employment with the City if, by July 31, 1981, such member contributed to the Association an amount equal to twelve dollars ($12.00) per month for the time he was a cadet, plus interest at the rate of six percent (6%) per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(f) If a member has been employed by the City continuously for a period of 10 years and has any military service, and is not otherwise treated under Section 26 as being in the employment of the City during the period of such military service, the period of such military service shall nevertheless be added to his period of continuous employment with the City upon such member's paying to the Association an amount equal to twelve dollars ($12.00) for each month of such military service plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, compounded annually. Such military service shall be limited to the initial period of active duty in the armed forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent
periods of such active duty as required by the armed forces of the United States up to the date of first eligibility for separation or release therefrom. The member must submit evidence satisfactory to the Trustees of the military service claimed. Such election must be made within one year after the member first becomes eligible to contribute for such military service. Credit for military service under this subsection shall not be considered service creditable under another retirement system for purposes of G.S. 128-26(a).

(g) If an individual who is an active participant in the North Carolina Local Governmental Employees' Retirement System (the 'System') shall terminate service with the employer enabling the individual to participate in the System (the 'System Employer'), and shall immediately enter the employment of the Fire Department, he may elect to have his period of service under the System considered as continuous employment with the Fire Department for purposes of this act; provided, that such election shall be permitted only if the individual was under age 40 when he entered the employment of the System Employer. This election shall be made in writing to the Trustees within 90 days of the individual's commencement of employment with the Fire Department (or, with respect to an individual who becomes employed by the Fire Department prior to July 1, 1989, this election shall be made on or before September 30, 1989). The election, if made, shall be accompanied by a cash contribution to the Association equal to the sum of (i) plus (ii) plus (iii), where (i) is the amount of twelve dollars ($12.00) per month measured from the date of the person's hiring by the City until the earlier of the transfer and June 30, 1998; (ii) is the aggregate amount that the person would have contributed, determined in accordance with Section 17 of this act, measured from July 1, 1998, until the date of the transfer, if the transfer occurs on or after July 1, 1998; and (iii) is interest accrued at the rate of eight percent (8%) per annum, compounded annually on the amount accrued as of the end of each fiscal year of the Association. The election shall be irrevocable when made. If the election is not made in a timely fashion, the right to make the election is forfeited.

Sec. 17. The Treasurer of the City shall make a deduction from the salary of each member of the Association due him by the City. As of September 1, 2001, the amount of each such deduction shall be determined as of the first day of each fiscal year payroll period of the City, and shall be equal to the quotient (rounded up to the next whole dollar amount) obtained by dividing (i) the product, rounded to the nearest dollar, of .007 multiplied by the annual starting salary of a firefighter employed by the Fire Department in effect at the beginning of that fiscal year payroll period, by (ii) the number of payroll periods in that fiscal year of the City. The amount so deducted shall be turned over as soon as practicable after the applicable payroll period by the said Treasurer to the custodian of the Association as hereinbefore provided, and the Association shall have the authority to accept donations from any and all sources whatsoever.

Sec. 18. If at any time there shall not be sufficient assets in the retirement fund of the Association to pay fully the persons entitled to benefits provided herein, such persons shall be paid such benefits on a pro rata basis to the extent the assets of such fund will allow, as shall be determined by the Trustees; provided, that the assets of such fund determined as of the close of any fiscal year of the Association shall in no event be less than one hundred thirty percent (130%) of the present value of current retirees determined as of the close of that fiscal year. Effective on or after July 1, 1998, the Trustees shall obtain a written report from the Association's actuary as of July 1 of each year evenly divisible by two, or more frequently if the Trustees deem advisable, setting
forth the present value of the assets of the fund and the present value of current liabilities of current retirees.

Sec. 19. (a) Whenever any member of the Association has been employed by the City continuously for a period of at least 30 years, such member may make written application to the trustees for his normal retirement benefit, and whenever any member of the Association has been employed by the City continuously for a period of at least 25 years but not more than 30 years, such member may make written application to the Trustees for his early retirement benefit; provided, however, that such member must retire from the service of the City to receive such benefits. The normal and early retirement benefits of such member shall be a monthly pension for the remainder of his life, as provided herein below. For this purpose and for the purpose of Section 20 hereof, a member shall be deemed to have been employed by the City continuously if such member shall have been employed continuously by any combination of the Fire Department or Police Department (but only such employment by the Police Department as is described in subsection 16(b) and (c) hereof), and the transfer of a member from the employ of one of such organizations to the employ of the other such organization shall not be deemed to be a termination of employment by the City. Provided, that if a member has at least 25 years of employment with the City, but such service is not continuous solely because of a leave of absence lasting not more than a year and not described in Section 26, such member shall be deemed to have continuous employment with the City during such leave of absence; and provided further, that if a member has less than 25 years of employment with the City but the sum of his years of employment with the City plus any leave of absence lasting not more than one year and not described in Section 26, equals or exceeds 25 years, the period of such leave shall be deemed to be continuous employment with the City if such member contributes to the Association twelve dollars ($12.00) for each month he was on such leave, plus interest at the rate of eight percent (8%), applicable to any payments made on and after July 1, 1989, per annum, computed on the amount accrued as of the end of each fiscal year of the Association.

(b) Effective beginning July 1, 1989, and ending June 30, 1990, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit (including members who retired prior to July 1, 1989) shall be two hundred dollars ($200.00). Effective beginning July 1, 1990, and ending June 30, 1998, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit, including members who retired prior to July 1, 1990, shall be two hundred fifteen dollars ($215.00). Effective on and after July 1, 1998, the amount of the monthly pension for each member who is entitled to receive a normal retirement benefit (including members who retired prior to that date) shall be two hundred five dollars ($205.00). The amount of the monthly pension for each member who is entitled to receive an early retirement benefit as of any date prior to July 1, 1998, shall be the product of (1) and (2), where (1) is the applicable percentage listed in the following table based on his years of continuous employment at his early retirement date, and (2) is the amount of the payment that he would have received as a normal retirement benefit under this section as of that date:
Effective on and after July 1, 1998, the amount of the monthly pension for each member who began receiving an early retirement benefit prior to July 1, 1998, shall be further reduced by multiplying the monthly pension amount by 0.9535.

(c) Effective on and after July 1, 1998, the amount of the monthly pension of each member who retires on or after that date and is entitled to receive an early retirement benefit shall be the product of (1) the applicable percentage listed in the following table based on the member's years of continuous employment at the member's early retirement date, and (2) the amount of the payment that the member would have received as a normal retirement benefit under this section as of that date:

Payment shall be subject to the provisions of Section 18 of this act. Section 16(d) governs the determinations of a member's years of continuous employment.

(d) Any benefit payable to a member pursuant to this Section 19 shall commence not later than the April 1 immediately following the calendar year in which the member attains age 70 and 1/2 or, if later, the April 1 immediately following the calendar year in which the member retires from the service of the City. Additionally, the distribution of any such benefit shall be made in accordance with the requirements of section 401(a) of the Internal Revenue Code, including the minimum distribution incidental benefit requirement of section 1.401(a)(9)-2 of the Treasury Regulations, which are incorporated herein by reference. With respect to distributions made for the calendar years beginning on or after January 1, 2001, the act will apply the minimum distribution requirements of section 401(a)(9) of the Internal Revenue Code in accordance with the regulations under section 401(a)(9) of the Internal Revenue Code that were proposed on January 17, 2001, notwithstanding any provision of the act to the contrary. This amendment shall continue in effect until the end of the last calendar year beginning before the effective date of final regulations under section 401(a)(9) of the Internal Revenue Code or such other date as may be specified in guidance published by the Internal Revenue Service.

(e) Notwithstanding any provision in this Section 19 to the contrary, effective as of December 12, 1994, the act shall at all times be construed and enforced according to the requirements of the Uniformed Services Employment and Reemployment Rights Act of 1994.

Sec. 20. Whenever any member of the Association becomes totally and permanently unable, because of infirmity or disease affecting mind or body (whether or not induced by injury) to perform his duties for the City, which inability shall be determined by a
medical examination by a physician or physicians of good standing and repute selected by the Trustees, he shall be deemed to be a disabled member. If a disabled member has been employed by the City for at least five full years prior to suffering disability, he shall be entitled to retire and receive a monthly benefit payable for the remainder of his life.

Effective beginning July 1, 1989, and ending June 30, 1989, 1990, the monthly benefit of a member who retires as a disabled member (including a member who retired as a disabled member prior to July 1, 1989) shall equal eight dollars ($8.00) times his years of service but in no event more than two hundred dollars ($200.00) per month. Effective beginning July 1, 1990, and ending June 30, 1998, the monthly benefit of a member (including a member who retires as a disabled member prior to this date) shall equal eight dollars and sixty cents ($8.60) times his years of service, but in no event more than two hundred fifteen dollars ($215.00) per month. Effective on and after July 1, 1998, the monthly benefit of a member who retires as a disabled member, including a member who retires as a disabled member prior to July 1, 1998, shall equal eight dollars and twenty cents ($8.20) times his years of service, but in no event more than two hundred five dollars ($205.00) per month. For this purpose only, years of service shall mean the number of his earned years of service in the employment of the City (as determined pursuant to Section 16(d) of this act). Payments shall be subject to the provisions of Section 18 of this act.

Notwithstanding the foregoing provisions of this Section 20, in the case of a disabled member whose disability shall arise out of injuries incurred in fire safety activities, such as fire fighting, fire training and fire inspection, such monthly benefit shall in no event be less than forty dollars ($40.00) per month, whether or not such disabled member was employed by the City for at least five years prior to suffering such disability. The determination of whether such disability arises out of injuries incurred in fire safety activities shall be made by the Trustees.

Sec. 21. Any disabled member of the Association who retires under Section 19 hereof and who had not been employed by the City for a period of at least 30 years prior to retirement, shall be subject to call by the Trustees for reexamination by a physician of good standing and repute selected by the Trustees and, if based upon such examination it is determined by the Trustees that such member is able to perform active duties for the City, such member may be reinstated and receive for his services the same compensation paid to other employees of the City of his rank or classification. If such member, upon being called by the Trustees, shall refuse to submit to an examination or shall refuse to be reinstated to active duty in the employ of the City after being found to be able to perform active duty, such benefits as he is then receiving under the provisions of this act shall immediately terminate and his membership in this Association shall automatically terminate. But in the event that such member is physically unable to resume active employment, or in the event he is able and willing to resume active employment but no job with the City is open for him at such time, his pension or compensation shall continue until there shall be an opening for such member and he is reemployed by the City. For the purpose of this Section 21, employment with the City shall mean only employment with the Fire Department or Police Department (but employment with the Police Department shall be included only with regard to any such member who was employed with the Police Department prior to his retirement under Section 20 hereof).

Sec. 22. When any member of the Association shall resign or be dismissed from employment by the City (which for this purpose shall include only employment with the
Fire Department or Police Department), he shall receive a sum of money equal to all monies paid into the Association by him. Upon the death of any member of the Association while in the employment of the City, a sum of money equal to all monies paid into the Association by such deceased member shall be paid to the beneficiary or beneficiaries designated in writing by such deceased member, or in default thereof, to his estate. If, after retirement, a member of the Association shall die before having received an amount equal to his contributions to the Association, there shall be paid to the beneficiary or beneficiaries designated by such member, or in default thereof to his estate, an amount equal to his contributions less the sum of retirement benefits paid to such member. The reimbursements provided in this Section 22 shall be in cash in a lump sum, unless otherwise determined by the Trustees with the consent in writing of the recipient thereof less interest, if any, previously contributed to the Association by the member pursuant to Section 16 or Section 19.

Sec. 23. No amount payable or held by the Association under this act for the benefit of any member or beneficiary thereof shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge, nor shall any amount payable or held under this act for the benefit of any member or beneficiary thereof be in anywise liable for his debts, contracts, liabilities, engagements, or torts, nor be subject to any legal process to levy upon or attach, but the provisions of this Section 22 shall not be applicable as regards any dealings with or obligations to the Winston-Salem Firemen's Credit Union.

Sec. 24. Out of the amount paid to the Insurance Commissioner of the State of North Carolina upon the amount of all premiums on fire and lightning policies covering property situated in the corporate limits of the City, the Insurance Commissioner of the State of North Carolina shall pay annually to the Treasurer of the City ninety-five percent (95%), and the Treasurer of the City shall immediately pay over the same to the treasurer of the Association, or if the treasurer of the Association shall so direct, the Treasurer of the City shall pay such amount directly to the custodian.

Sec. 25. No member of this Association or Trustee shall be personally liable in any manner whatsoever to any person, association, firm or corporation by reason of his connection with, or act or acts on behalf of, said Association, unless such act or acts are fraudulently committed.

Sec. 26. If a member of the Association, or an employee of the Fire Department or Police Department who is not a member of the Association due to failure to meet the minimum age requirements of subsection 2(b) hereof, is granted a leave of absence from employment by the City on account of accidental injury or temporary illness, military service during time of active warfare, compulsory military service in time of peace, or other good cause, for the purpose of this act such employee shall be deemed to have remained in the employment of the City during the period of such leave of absence or any extension thereof if he shall return to active service with the City promptly following the end of the period of such leave of absence or extension thereof. During such leave of absence or extension thereof, the Treasurer of the City shall make no deductions from the salary, if any, of such member, and such member shall not otherwise be required to make any contributions to the Association during or with respect to such period.

Sec. 27. If any person entitled to benefits under this act shall be physically or mentally incapable of receiving or acknowledging receipt of such benefits, the Trustees, upon receipt of satisfactory evidence of such incapacity and that another person or institution is maintaining such person entitled to benefits, and that no guardian or
committee has been appointed for him, may cause any benefits otherwise payable to him to be made to such person or institution so maintaining him.

Sec. 28. The provisions of this act shall be administered on an equitable and nondiscriminatory basis, it being the intent hereof that where the Trustees are given discretionary powers, such powers shall be exercised in an equitable manner and so as to prevent discrimination between persons similarly situated. All assets of the Association shall be administered for the exclusive benefit of the members of the Association and their beneficiaries, and as a fund to provide for such members or beneficiaries the benefits provided in this act. It shall be impossible for any part of the principal or income of the retirement fund of the Association to be used for or diverted to purposes other than for the exclusive benefit of the members of the Association or their beneficiaries as provided in this act; except that the Trustees may use such assets to pay the reasonable expenses incurred in administering the said fund and any debts, liabilities or obligations of said fund. The assets and income of the fund shall be exempt from all taxes, including income taxes, imposed by the State of North Carolina or any political subdivision thereof.

Sec. 28A. (a) Upon termination of the Association or upon complete discontinuance of contributions to the Association, the rights of all members of the Association to benefits accrued to the date of the termination or discontinuance, to the extent then funded, are nonforfeitable.

(b) Forfeitures under the Association may not be applied to increase the benefits that any member would otherwise receive under the Association.

(c) Notwithstanding any provision of the Association to the contrary, the maximum annual benefit payable in the form of a straight life annuity from the Association on behalf of a member, when combined with any benefits from another qualified retirement plan maintained by the Fire Department of the City of Winston-Salem, shall not exceed the amount permitted by section 415 of the Internal Revenue Code.

(d) In addition to the other applicable limitations set forth in this act, and notwithstanding any other provision of this act to the contrary, for plan years beginning on or after January 1, 1996, the annual compensation of each member taken into account under this act shall not exceed the OBRA 1993 annual compensation limit. The OBRA 1993 annual compensation limit is one hundred fifty thousand dollars ($150,000), as adjusted by the Commissioner for increase in the cost of living in accordance with section 401(a)(17)(B) of the Internal Revenue Code. The cost of living adjustment in effect for a calendar year applies to any period, not exceeding 12 months, over which compensation is determined (the "determination period") beginning in that calendar year. If a determination period consists of fewer than 12 months, the OBRA 1993 annual compensation limit shall be multiplied by a fraction, the numerator of which is the number of months in the determination period, and the denominator of which is 12. If compensation for any prior determination period is taken into account in determining a member's benefits accruing in the current plan year, the compensation for that prior determination period is subject to the OBRA 1993 annual compensation limit in effect for that prior determination period. For this purpose, for determination periods beginning before the first day of the first plan year beginning on or after January 1, 1996, the OBRA 1993 annual compensation limit is one hundred fifty thousand dollars ($150,000). Effective for plan years beginning on or after January 1, 2002, the OBRA 1993 annual compensation limit shall be two hundred
thousand dollars ($200,000), as adjusted by the Commissioner for increases in the cost of living in accordance with section 401(a)(17)(B) of the Internal Revenue Code.

(e) This subsection applies to distributions made on or after January 1, 2002. Notwithstanding any provision of this act to the contrary that would otherwise limit a distributee's election under this subsection, a distributee may elect, at the time and in the manner prescribed by the Trustees, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. The following definitions shall apply for purposes of this subsection:

(1) Eligible rollover distribution. An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include:
   a. Any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more;
   b. Any distribution to the extent such distribution is required under section 401(a)(9) of the Internal Revenue Code; or

(2) Eligible retirement plan. An eligible retirement plan is an individual retirement account described in section 408(a) of the Internal Revenue Code, an individual retirement annuity described in section 408(b) of the Internal Revenue Code, or a qualified trust described in section 401(a) of the Internal Revenue Code, that accepts the distributee's eligible rollover distribution.

(3) Distributee. A distributee includes a member or former member of the Association. In addition, the surviving spouse of a member or former member is a distributee with regard to the interest of the member or former member.

(4) Direct rollover. A direct rollover is a payment by the Association to the eligible retirement plan specified by the distributee.

Sec. 29. The fiscal year of the Association shall end on June 30 of each year.

Sec. 30. Throughout this act, use of the masculine pronoun shall include the feminine.

Sec. 31. If any part or section of this act shall be declared unconstitutional or invalid by the Supreme Court of North Carolina or any other court of last resort of competent jurisdiction it shall in no wise affect the remainder of this act, and the remainder shall remain in full force and effect.

Sec. 32. All the laws and clauses of laws in conflict with the provisions of this act are hereby repealed.”

SECTION 2. None of the provisions of this act shall create an additional liability for the Winston-Salem Firemen's Retirement Fund Association unless sufficient funds are available to pay fully for the liability.
SECTION 3. This act becomes effective July 1, 2003.

SECTION 1. G.S. 96-9(c)(4) is amended by adding a new sub-subdivision to read:

"a1. A new employing unit shall not be assigned a discrete employer number when there is an acquisition or change in the form or organization of an existing business enterprise, or severable portion thereof, and there is a continuity of control of the business enterprise. That new employing unit shall continue to be the same employer for the purposes of this Chapter as before the acquisition or change in form. As used in this sub-subdivision:

1. 'Control of the business enterprise' may occur by means of ownership of the organization conducting the business enterprise, ownership of assets necessary to conduct the business enterprise, security arrangements or lease arrangements covering assets necessary to conduct the business enterprise, or a contract when the ownership, stated arrangements, or contract provide for or allow direction of the internal affairs or conduct of the business enterprise."
2. A 'continuity of control' will exist if one or more persons, entities, or other organizations controlling the business enterprise remain in control of the business enterprise after an acquisition or change in form. Evidence of continuity of control shall include, but not be limited to, changes of an individual proprietorship to a corporation, partnership, limited liability company, association, or estate; a partnership to an individual proprietorship, corporation, limited liability company, association, estate, or the addition, deletion, or change of partners; a limited liability company to an individual proprietorship, partnership, corporation, association, estate, or to another limited liability company; a corporation to an individual proprietorship partnership, limited liability company, association, estate, or to another corporation or from any form to another form.

"(b1) Except as provided in this subsection, the penalties and other provisions in subdivisions (6), (7), (9a), and (11) of G.S. 105-236 apply to unemployment insurance contributions under this Chapter to the same extent that they apply to taxes as defined in G.S. 105-228.90(b)(7). The Commission has the same powers under those subdivisions with respect to unemployment insurance contributions as does the Secretary of Revenue with respect to taxes as defined in G.S. 105-228.90(b)(7).

G.S. 105-236(9a) applies to a 'contribution tax return preparer' to the same extent as it applies to an income tax preparer. As used in this subsection, a 'contribution tax return preparer' is a person who prepares for compensation, or who employs one or more persons to prepare for compensation, any return of tax imposed by this Chapter or any claim for refund of tax imposed by this Chapter. For purposes of this definition, the completion of a substantial portion of a return or claim for refund is treated as the preparation of the return or claim for refund. The term does not include a person merely because the person (i) furnishes typing, reproducing, or other mechanical assistance, (ii) prepares a return or claim for refund of the employer, or an officer or employee of the employer, by whom the person is regularly and continuously employed, (iii) prepares as a fiduciary a return or claim for refund for any person, or (iv) represents a taxpayer in a hearing regarding a proposed assessment.

AN ACT TO CLARIFY THAT THE CITY OF GREENSBORO MAY ORDER OWNERS OF RESIDENTIAL PROPERTY TO REPAIR RATHER THAN VACATE HOUSING TO MEET MINIMUM CODE STANDARDS.

The General Assembly of North Carolina enacts:

**SECTION 1.** G.S. 160A-443 reads as rewritten:

"§ 160A-443. Ordinance authorized as to repair, closing, and demolition; order of public officer."

Upon the adoption of an ordinance finding that dwelling conditions of the character described in G.S. 160A-441 exist within a city, the governing body of the city is hereby authorized to adopt and enforce ordinances relating to dwellings within the city's
territorial jurisdiction that are unfit for human habitation. These ordinances shall include the following provisions:

(1) That a public officer be designated or appointed to exercise the powers prescribed by the ordinance.

(2) That whenever a petition is filed with the public officer by a public authority or by at least five residents of the city charging that any dwelling is unfit for human habitation or whenever it appears to the public officer (on his own motion) that any dwelling is unfit for human habitation, the public officer shall, if his preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner of and parties in interest in such dwellings a complaint stating the charges in that respect and containing a notice that a hearing will be held before the public officer (or his designated agent) at a place within the county in which the property is located fixed not less than 10 days nor more than 30 days after the serving of the complaint; that the owner and parties in interest shall be given the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the public officer.

(3) That if, after notice and hearing, the public officer determines that the dwelling under consideration is unfit for human habitation, he shall state in writing his findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order,

a. If the repair, alteration or improvement of the dwelling can be made at a reasonable cost in relation to the value of the dwelling (the ordinance of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified, to repair, alter or improve the dwelling in order to render it fit for human habitation or to vacate and close the dwelling as a human habitation.

b. If the repair, alteration or improvement of the dwelling cannot be made at a reasonable cost in relation to the value of the dwelling (the ordinance of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified in the order, to remove or demolish such dwelling. However, notwithstanding any other provision of law, if the dwelling is located in a historic district of the city and the Historic District Commission determines, after a public hearing as provided by ordinance, that the dwelling is of particular significance or value toward maintaining the character of the district, and the dwelling has not been condemned as unsafe, the order may require that the dwelling be vacated and closed consistent with G.S. 160A-400.14(a).

(4) That, if the owner fails to comply with an order to repair, alter or improve or to vacate and close the dwelling, the public officer may cause the dwelling to be repaired, altered or improved or to be vacated and closed; that the public officer may cause to be posted on the main entrance of any dwelling so closed, a placard with the following
words: “This building is unfit for human habitation; the use or occupation of this building for human habitation is prohibited and unlawful.” Occupation of a building so posted shall constitute a Class 1 misdemeanor. Improved.

(5) That, if the owner fails to comply with an order to remove or demolish the dwelling, the public officer may cause such dwelling to be removed or demolished. The duties of the public officer set forth in subdivisions (4) and (5) shall not be exercised until the governing body shall have by ordinance ordered the public officer to proceed to effectuate the purpose of this Article with respect to the particular property or properties which the public officer shall have found to be unfit for human habitation and which property or properties shall be described in the ordinance. No such ordinance shall be adopted to require demolition of a dwelling until the owner has first been given a reasonable opportunity to bring it into conformity with the housing code. This ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index.

(5a) If the governing body shall have adopted an ordinance, or the public officer shall have:

a. In a municipality located in counties which have a population in excess of 71,000 by the last federal census (including the entirety of any municipality located in more than one county at least one county of which has a population in excess of 71,000), other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a, and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced, then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise
have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one-year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision only applies to municipalities located in counties which have a population in excess of 71,000 by the last federal census (including the entirety of any municipality located in more than one county at least one county of which has a population in excess of 71,000).

{This subdivision does not apply to the local government units listed in subdivision (5b) of this section.}

(5b) If the governing body shall have adopted an ordinance, or the public officer shall have:

a. In a municipality other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced,

then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety
hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision applies to the Cities of Eden, Greenville, Lumberton, Roanoke Rapids, and Whiteville, to the municipalities in Lee County, and the Towns of Bethel, Farmville, Newport, and Waynesville only.

(6) Liens. –

a. That the amount of the cost of repairs, alterations or improvements, or vacating and closing, or removal or demolition by the public officer shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of this Chapter.

b. If the real property upon which the cost was incurred is located in an incorporated city, then the amount of the cost is also a lien on any other real property of the owner located within the city limits or within one mile thereof except for the owner's primary residence. The additional lien provided in this sub-subdivision is inferior to all prior liens and shall be collected as a money judgment.

c. If the dwelling is removed or demolished by the public officer, he shall sell the materials of the dwelling, and any personal property, fixtures or appurtenances found in or attached to the dwelling, and shall credit the proceeds of the sale against the cost of the removal or demolition and any balance remaining shall be deposited in the superior court by the public officer, shall be secured in a manner directed by the court, and shall be
disbursed by the court to the persons found to be entitled thereto by final order or decree of the court. Nothing in this section shall be construed to impair or limit in any way the power of the city to define and declare nuisances and to cause their removal or abatement by summary proceedings, or otherwise.

(7) If any occupant fails to comply with an order to vacate a dwelling, the public officer may file a civil action in the name of the city to remove such occupant. The action to vacate the dwelling shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying such dwelling. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served, and if at the hearing the public officer produces a certified copy of an ordinance adopted by the governing body pursuant to subdivision (5) authorizing the officer to proceed to vacate the occupied dwelling, the magistrate shall enter judgment ordering that the premises be vacated and that all persons be removed. The judgment ordering that the dwelling be vacated shall be enforced in the same manner as the judgment for summary ejectment entered under G.S. 42-30. An appeal from any judgment entered hereunder by the magistrate may be taken as provided in G.S. 7A-228, and the execution of such judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a dwelling who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this paragraph unless such occupant was served with notice at least 30 days before the filing of the summary ejectment proceeding that the governing body has ordered the public officer to proceed to exercise his duties under subdivisions (4) and subdivision (5) of this section to vacate and close or remove and demolish the dwelling.

(8) That whenever a determination is made pursuant to subdivision (3) of this section that a dwelling must be vacated and closed, or removed or demolished, under the provisions of this section, notice of the order shall be given by first-class mail to any organization involved in providing or restoring dwellings for affordable housing that has filed a written request for such notices. AN ACT TO CLARIFY THE LAW REGARDING COMPETITIVE AND DEREGULATED OFFERINGS OF TELECOMMUNICATIONS SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-2 reads as rewritten:

(a) Upon investigation, it has been determined that the rates, services and operations of public utilities as defined herein, are affected with the public interest and that the availability of an adequate and reliable supply of electric power and natural gas to the people, economy and government of North Carolina is a matter of public policy. It is hereby declared to be the policy of the State of North Carolina:

(1) To provide fair regulation of public utilities in the interest of the public;
(2) To promote the inherent advantage of regulated public utilities;
(3) To promote adequate, reliable and economical utility service to all of the citizens and residents of the State;
(3a) To assure that resources necessary to meet future growth through the provision of adequate, reliable utility service include use of the entire spectrum of demand-side options, including but not limited to conservation, load management and efficiency programs, as additional sources of energy supply and/or energy demand reductions. To that end, to require energy planning and fixing of rates in a manner to result in the least cost mix of generation and demand-reduction measures which is achievable, including consideration of appropriate rewards to utilities for efficiency and conservation which decrease utility bills;
(4) To provide just and reasonable rates and charges for public utility services without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic and inefficient uses of energy;
(4a) To assure that facilities necessary to meet future growth can be financed by the utilities operating in this State on terms which are reasonable and fair to both the customers and existing investors of such utilities; and to that end to authorize fixing of rates in such a manner as to result in lower costs of new facilities and lower rates over the operating lives of such new facilities by making provisions in the rate-making process for the investment of public utilities in plants under construction;
(5) To encourage and promote harmony between public utilities, their users and the environment;
(6) To foster the continued service of public utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare as expressed in the State energy policy;
(7) To seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide development;

(8) To cooperate with other states and with the federal government in promoting and coordinating interstate and intrastate public utility service and reliability of public utility energy supply; and

(9) To facilitate the construction of facilities in and the extension of natural gas service to unserved areas in order to promote the public welfare throughout the State and to that end to authorize the creation of expansion funds for natural gas local distribution companies or gas districts to be administered under the supervision of the North Carolina Utilities Commission.

(b) To these ends, therefore, authority shall be vested in the North Carolina Utilities Commission to regulate public utilities generally, their rates, services and operations, and their expansion in relation to long-term energy conservation and management policies and statewide development requirements, and in the manner and in accordance with the policies set forth in this Chapter. Nothing in this Chapter shall be construed to imply any extension of Utilities Commission regulatory jurisdiction over any industry or enterprise that is not subject to the regulatory jurisdiction of said Commission.

Because of technological changes in the equipment and facilities now available and needed to provide telephone and telecommunications services, changes in regulatory policies by the federal government, and changes resulting from the court-ordered divestiture of the American Telephone and Telegraph Company, competitive offerings of certain types of telephone and telecommunications services may be in the public interest. Consequently, authority shall be vested in the North Carolina Utilities Commission to allow competitive offerings of local exchange, exchange access, and long distance services by public utilities defined in G.S. 62-3(23)a.6. and certified in accordance with the provisions of G.S. 62-110, and the Commission is further authorized after notice to affected parties and hearing to deregulate or to exempt from regulation under any or all provisions of this Chapter: (i) a service provided by any public utility as defined in G.S. 62-3(23)a.6. upon a finding that such service is competitive and that such deregulation or exemption from regulation is in the public interest; or (ii) a public utility as defined in G.S. 62-3(23)a.6., or a portion of the business of such public utility, upon a finding that the service or business of such public utility is competitive and that such deregulation or exemption from regulation is in the public interest.

The policy and authority stated in this section shall be applicable to common carriers of passengers by motor vehicle and their regulation by the North Carolina Utilities Commission only to the extent that they are consistent with the provisions of the Bus Regulatory Reform Act of 1985. Notwithstanding the provisions of G.S. 62-110(b) and G.S. 62-134(h), the following services provided by public utilities defined in G.S. 62-3(23)a.6. are sufficiently competitive and shall no longer be regulated by the Commission: (i) intraLATA long distance service; (ii) interLATA long distance service; and (iii) long distance operator services. A public utility providing such services shall be permitted, at its own election, to file and maintain tariffs for such services with the Commission up to and including September 1, 2003. Nothing in this subsection shall limit the Commission's authority regarding certification of providers of such services or its authority to hear and resolve complaints against providers of such services alleged to
have made changes to the services of customers or imposed charges without appropriate authorization. For purposes of this subsection, and notwithstanding G.S. 62-110(b), "long distance services" shall not include existing or future extended area service, local measured service, or other local calling arrangements, and any future extended area service shall be implemented consistent with Commission rules governing extended area service existing as of May 1, 2003.

The North Carolina Utilities Commission may develop regulatory policies to govern the provision of telecommunications services to the public which promote efficiency, technological innovation, economic growth, and permit telecommunications utilities a reasonable opportunity to compete in an emerging competitive environment, giving due regard to consumers, stockholders, and maintenance of reasonably affordable local exchange service and long distance service.

(c) The policy and authority stated in this section shall be applicable to common carriers of passengers by motor vehicle and their regulation by the North Carolina Utilities Commission only to the extent that they are consistent with the provisions of the Bus Regulatory Reform Act of 1985."

SECTION 2. G.S. 62-133.5 reads as rewritten:

"§ 62-133.5. Alternative regulation, tariffing, and deregulation of telecommunications utilities.

(a) Any local exchange company, subject to the provisions of G.S. 62-110(f1), that is subject to rate of return regulation pursuant to G.S. 62-133 or a form of alternative regulation authorized by subsection (b) of this section may elect to have the rates, terms, and conditions of its services determined pursuant to a form of price regulation, rather than rate of return or other form of earnings regulation. Under this form of price regulation, the Commission shall, among other things, permit the local exchange company to determine and set its own depreciation rates, to rebalance its rates, and to adjust its prices in the aggregate, or to adjust its prices for various aggregated categories of services, based upon changes in generally accepted indices of prices. Upon application, the Commission shall, after notice and an opportunity for interested parties to be heard, approve such price regulation, which may differ between local exchange companies, upon finding that the plan as proposed (i) protects the affordability of basic local exchange service, as such service is defined by the Commission; (ii) reasonably assures the continuation of basic local exchange service that meets reasonable service standards that the Commission may adopt; (iii) will not unreasonably prejudice any class of telephone customers, including telecommunications companies; and (iv) is otherwise consistent with the public interest. Upon approval, and except as provided in subsection (c) of this section, price regulation shall thereafter be the sole form of regulation imposed upon the electing local exchange company, and the Commission shall thenceforth regulate the electing local exchange company's prices, rather than its earnings. The Commission shall issue an order denying or approving the proposed plan for price regulation, with or without modification, not more than 90 days from the filing of the application. However, the Commission may extend the time period for an additional 90 days at the discretion of the Commission. If the Commission approves the application with modifications, the local exchange company subject to such approval may accept the modifications and implement the proposed plan as modified, or may, at its option, (i) withdraw its application and continue to be regulated under the form of regulation that existed immediately prior to the filing of the application; (ii) file another proposed plan for price regulation; or (iii) file an application for a form of alternative regulation under subsection (b) of this section. If
the initial price regulation plan is approved with modifications and the local exchange company files another plan pursuant to part (ii) of the previous sentence, the Commission shall issue an order denying or approving the proposed plan for price regulation, with or without modifications, not more than 90 days from that filing by the local exchange company.

(b) Any local exchange company that is subject to rate of return regulation pursuant to G.S. 62-133 and which elects not to file for price regulation under the provisions of subsection (a) above may file an application with the Commission for forms of alternative regulation, which may differ between companies and may include, but are not limited to, ranges of authorized returns, categories of services, and price indexing. Upon application, the Commission shall approve such alternative regulatory plan upon finding that the plan as proposed (i) protects the affordability of basic local exchange service, as such service is defined by the Commission; (ii) reasonably assures the continuation of basic local exchange service that meets reasonable service standards established by the Commission; (iii) will not unreasonably prejudice any class of telephone customers, including telecommunications companies; and (iv) is otherwise consistent with the public interest. The Commission shall issue an order denying or approving the proposed plan with or without modification, not more than 90 days from the filing of the application. However, the Commission may extend the time period for an additional 90 days at the discretion of the Commission. If the Commission approves the application with modifications, the local exchange company subject to such approval may, at its option, accept the modifications and implement the proposed plan as modified or may, at its option, (i) withdraw its application and continue to be regulated under the form of regulation that existed at the time of filing the application; or (ii) file an application for another form of alternative regulation. If the initial plan is approved with modifications and the local exchange company files another plan pursuant to part (ii) of the previous sentence, the Commission shall issue an order denying or approving the proposed plan, with or without modifications, not more than 90 days from that filing by the local exchange company.

(c) Any local exchange company subject to price regulation under the provisions of subsection (a) of this section may file an application with the Commission to modify such form of price regulation or for other forms of regulation. Any local exchange company subject to a form of alternative regulation under subsection (b) of this section may file an application with the Commission to modify such form of alternative regulation. Upon application, the Commission shall approve such other form of regulation upon finding that the plan as proposed (i) protects the affordability of basic local exchange service, as such service is defined by the Commission; (ii) reasonably assures the continuation of basic local exchange service that meets reasonable service standards established by the Commission; (iii) will not unreasonably prejudice any class of telephone customers, including telecommunications companies; and (iv) is otherwise consistent with the public interest. If the Commission disapproves, in whole or in part, a local exchange company's application to modify its existing form of price regulation, the company may elect to continue to operate under its then existing plan previously approved under this subsection or subsection (a) of this section.

(d) In determining whether a price regulation plan is otherwise consistent with the public interest, the Commission shall not consider the local exchange company's past or present earnings or rates of return.

(d1) Any local exchange company subject to price regulation under the provisions of subsection (a) of this section, or other alternative regulation under
subsection (b) of this section, or other form of regulation under subsection (c) of this section shall file tariffs for basic local exchange service and toll switched access services stating the terms and conditions of the services and the applicable rates. However, fees charged by such local exchange companies applicable to charges for returned checks shall not be tariffed or otherwise regulated by the Commission. The filing of any tariff changing the terms and conditions of such services or increasing the rates for such services shall be presumed valid and shall become effective, unless otherwise suspended by the Commission for a term not to exceed 45 days, 14 days after filing. Any tariff reducing rates for basic local exchange service or toll switched access service shall be presumed valid and shall become effective, unless otherwise suspended by the Commission for a term not to exceed 45 days, seven days after filing. Any local exchange company subject to price regulation under the provisions of subsection (a) of this section, or other alternative regulation under subsection (b) of this section, or other form of regulation under subsection (c) of this section may file tariffs for services other than basic local exchange services and toll switched access services. Any tariff changing the terms and conditions of such services or increasing the rates for an existing service or establishing the terms, conditions, or rates for a new service shall be presumed valid and shall become effective, unless otherwise suspended by the Commission for a term not to exceed 45 days, 14 days after filing. Any tariff reducing the rates for such services shall be presumed valid and shall become effective, unless otherwise suspended by the Commission for a term not to exceed 45 days, seven days after filing. In the event of a complaint with regard to a tariff filing under this subsection, the Commission may take such steps as it deems appropriate to assure that such tariff filing is consistent with the plan previously adopted pursuant to subsection (a) of this section, subsection (b) of this section, or subsection (c) of this section.

(e) Any allegation of anticompetitive activity by a competing local provider or a local exchange company shall be raised in a complaint proceeding pursuant to G.S. 62-73.

(f) Notwithstanding the provisions of G.S. 62-140, or any Commission rule or regulation, the Commission shall permit a local exchange company or a competing local provider to offer competitive services with flexible pricing arrangements to business customers pursuant to contract and shall permit other flexible pricing options. Local exchange companies and competing local providers shall be required to give the Commission one business day’s notice but need not seek Commission approval for any promotion or bundled service offering for residence or business customers involving both regulated and nonregulated services that feature price discounts that apply exclusively to services not regulated by the Commission. Furthermore, local exchange companies and competing local providers may offer special promotions and bundles of new or existing service or products without the obligation to identify or convert existing customers who subscribe to the same or similar services or products. The Commission’s complaint authority under G.S. 62-73 and subsection (e) of this section is applicable to any promotion or bundled service offering filed or offered under this subsection.

AN ACT AUTHORIZING THE NORTH CAROLINA UTILITIES COMMISSION TO DETERMINE A TIME IN WHICH FINAL RULES CONCERNING THE DESIGNATION OF A UNIVERSAL SERVICE PROVIDER FOR TELEPHONE SERVICE SHALL BE ADOPTED.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-110(f1) reads as rewritten:

"(f1) Except as provided in subsection (f2) of this section, the Commission is authorized, following notice and an opportunity for interested parties to be heard, to issue a certificate to any person applying to provide local exchange or exchange access services as a public utility as defined in G.S. 62-3(23)a.6., without regard to whether local telephone service is already being provided in the territory for which the certificate is sought, provided that the person seeking to provide the service makes a satisfactory showing to the Commission that (i) the person is fit, capable, and financially able to render such service; (ii) the service to be provided will reasonably meet the service standards that the Commission may adopt; (iii) the provision of the service will not adversely impact the availability of reasonably affordable local exchange service; (iv) the person, to the extent it may be required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and (v) the provision of the service does not otherwise adversely impact the public interest. In its application for certification, the person seeking to provide the service shall set forth with particularity the proposed geographic territory to be served and the types of local exchange and exchange access services to be provided. Except as provided in G.S. 62-133.5(f), any person receiving a certificate under this section shall, until otherwise determined by the Commission, file and maintain with the Commission a complete list of the local exchange and exchange access services to be provided and the prices charged for those services, and shall be subject to such reporting requirements as the Commission may require.

Any certificate issued by the Commission pursuant to this subsection shall not permit the provision of local exchange or exchange access service until July 1, 1996, unless the Commission shall have approved a price regulation plan pursuant to G.S. 62-133.5(a) for a local exchange company with an effective date prior to July 1, 1996. In the event a price regulation plan becomes effective prior to July 1, 1996, the Commission is authorized to permit the provision of local exchange or exchange access service by a competing local provider in the franchised area of such local exchange company.

The Commission is authorized to adopt rules it finds necessary (i) to provide for the reasonable interconnection of facilities between all providers of telecommunications services; (ii) to determine when necessary the rates for such interconnection; (iii) to provide for the reasonable unbundling of essential facilities where technically and economically feasible; (iv) to provide for the transfer of telephone numbers between providers in a manner that is technically and economically reasonable; (v) to provide for the continued development and encouragement of universally available telephone service at reasonably affordable rates; and (vi) to carry out the provisions of this subsection in a manner consistent with the public interest, which will include a consideration of whether and to what extent resale should be permitted. In adopting rules to establish an appropriate definition of universal service, the Commission shall
consider evolving trends in telecommunications services and the need for consumers to have access to high-speed communications networks, the Internet, and other services to the extent that those services provide social benefits to the public at a reasonable cost.

Local exchange companies and competing local providers shall negotiate the rates for local interconnection. In the event that the parties are unable to agree within 90 days of a bona fide request for interconnection on appropriate rates for interconnection, either party may petition the Commission for determination of the appropriate rates for interconnection. The Commission shall determine the appropriate rates for interconnection within 180 days from the filing of the petition.

Each local exchange company shall be the universal service provider in the area in which it is certificated to operate on July 1, 1995, until otherwise determined by the Commission. In continuing this State's commitment to universal service, the Commission shall, by December 31, 1996, adopt interim rules that designate the person that should be the universal service provider and to determine whether universal service should be funded through interconnection rates or through some other funding mechanism. By July 1, 2003, at a time determined by the Commission to be in the public interest, the Commission shall complete conduct an investigation and adopt for the purpose of adopting final rules concerning the provision of universal services, the person that should be the universal service provider, and whether universal service should be funded through interconnection rates or through some other funding mechanism.

The Commission shall make the determination required pursuant to this subsection in a manner that furthers this State's policy favoring universally available telephone service at reasonable rates."

"(f) Procedure if Report Filed with Clerk of Court When Person Not Present. – When a clerk receives a properly executed report under subdivision (d) (3) and the person named in the revocation report is not present before the clerk, the clerk shall determine whether there is probable cause to believe that each of the conditions of subsection (b) has been met. For purposes of this subsection, a properly executed report under subdivision (d)(3) may include a sworn statement by the charging officer along with an affidavit received directly by the Clerk from the chemical analyst. If he determines that there is such probable cause, he shall mail to the person a revocation order by first-class mail. The pick-up order shall be issued and served in the same manner as specified in subsection (e) for pick-up orders issued pursuant to that subsection. A revocation under this subsection begins at the date specified in the order and continues until the person's license has been revoked for the period specified in this subsection and the person has paid the applicable costs. If the person has no pending offenses for which his license had been or is revoked under this section, the period of revocation under this subsection is:

If at the time of the current offense, the person has one or more pending offenses for which his license had been or is revoked under this section, the revocation shall remain in effect until a final judgment, including all appeals, has been entered for the current offense and for all pending offenses. In no event may the period of revocation for the current offense be less than the applicable period of revocation in subdivision (1), (2), or (3) of this subsection. When a pick-up order is issued, it shall inform the person of his right to a hearing as specified in subsection (g), and that the revocation remains in effect pending the hearing. An officer serving a pick-up order under this subsection shall return the order to the court indicating the date it was served or that he was unable to serve the order. The General Assembly of North Carolina enacts:

SECTION 1. G.S. 50B-1 reads as rewritten:

"§ 50B-1. Domestic violence; definition.

(a) Domestic violence means the commission of one or more of the following acts upon an aggrieved party or upon a minor child residing with or in the custody of the aggrieved party by a person with whom the aggrieved party has or has had a personal relationship, but does not include acts of self-defense:

(1) Attempting to cause bodily injury, or intentionally causing bodily injury; or

renewed. Protective orders entered or consent orders approved, including consent orders, shall not be mutual in nature except where both parties file a claim and the court makes detailed findings of fact indicating that both parties acted as aggressors, that neither party acted primarily in self-defense, and that the right of each party to due process is preserved.

Any term, provision, or condition of any agreement, franchise, waiver, novation, or any other written instrument which is in violation of this subdivision shall be deemed null and void and without force and effect."

SECTION 4. G.S. 20-305 is amended by adding a new subdivision to read:

(1) Made a good faith attempt to perform the work in compliance with the written policies and procedures of the manufacturer; and

(2) Actually performed the work.

A manufacturer may further not charge a dealer back subsequent to the payment of the claim unless a representative of the manufacturer has met in person at the dealership, or by telephone, with an officer or employee of the dealer designated by the dealer and explained in detail the basis for each of the proposed charge-backs and thereafter given the dealer’s representative a reasonable opportunity at the meeting, or during the telephone call, to explain the dealer’s position relating to each of the proposed charge-backs. AN ACT TO AMEND THE LAWS GOVERNING THE SELF-INSURANCE GUARANTY ASSOCIATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 97-133(a)(2) reads as rewritten:

"(2) Assess each member of the Association as follows:

a. Each individual member self-insurer shall be annually assessed an amount equal to one-quarter of one percent (0.25%) of the annual gross premiums, as determined under G.S. 105-228.5(b), (b1), and (c), that would have been paid by that member self-insurer for workers' compensation insurance during the prior calendar year; and payment to the Association shall be made no later than September 15 following the close of that calendar year. Where any such assessment is paid based in whole or in part upon estimates of annual gross premiums for the prior calendar year, there shall be made in the next year's assessment an adjustment of the assessment of such prior year based on actual audited annual gross premiums. Each group member self-insurer shall be annually assessed an amount equal to one-quarter of one percent (0.25%) of the annual gross premiums, as determined under G.S. 105-228.5(b), (b1), and (c), of the group member self-insurer during the prior calendar year; and payment to the Association shall be made no later than September 15 following the close of that calendar year. Regardless of the size of the Fund, during its first 12 months of membership, no member self-insurer may discount or reduce this one-quarter of one percent (0.25%) assessment. Assessments paid by members pursuant to this subdivision shall be credited toward the tax paid by self-insurers under Article 8B of Chapter 105 of the General Statutes.

Assessments paid by members pursuant to this subdivision shall be credited toward the tax paid by self-insurers under Article 8B of Chapter 105 of the General Statutes.

For the purpose of making the assessments authorized by this subsection and subsections (c) and (d) of this section, the Secretary of Revenue shall provide to the Association the self-insurer premium and payroll information as determined under G.S. 105-228.5(b), (b1) and (c), and the Commissioner shall provide to the Association the group self-insurer premium information reported to the Commissioner under G.S. 58-47-75 and G.S. 58-2-165.

b. Each member self-insurer shall be notified of the assessment no later than 30 days before it is due."
c. If a self-insurer is a member of the Association for less than a full calendar year, the annual gross premiums shall be adjusted by that portion of the year the self-insurer is not a member of the Association.

d. If application of the contribution rates referenced in sub-subdivision a. of this subdivision would produce an amount in excess of the five million dollar ($5,000,000) limits of the fund, an equitable proration may be made; provided that every self-insurer that becomes a member of the Association shall pay an initial assessment, in an amount established by the Board, regardless of the size of the fund at the time the member joins the Association."

SECTION 2.  G.S. 97-133(a)(4) reads as rewritten:
"(4) Be obligated to the extent of covered claims occurring prior to the determination of the member self-insurer's insolvency, or occurring after such determination but prior to the obtaining by the self-insurer of workers' compensation insurance as otherwise required under this Chapter. The Association shall pay claims against a self-insurer that are not or have not been paid as a result of a determination of insolvency or the institution of bankruptcy or receivership proceedings that occurred prior to the effective date of this Article."

SECTION 3.  G.S. 97-185 reads as rewritten:
"§ 97-185. Deposits or surety bond. Deposits; surety bonds; letters of credit.
(a) Every self-insurer shall deposit with the Commissioner an amount equal to twenty-five percent (25%) not less than fifty percent (50%) of the self-insurer's total undiscounted outstanding claim liability per the most recent certification from a qualified actuary as required by G.S. 97-180(b), but not less than five hundred thousand dollars ($500,000), or such other greater amount as the Commissioner prescribes based on, but not limited to, the financial condition of the self-insurer and the risk retained by the self-insurer.

(b) A self-insurer organized and authorized before the effective date of this section shall have 24 months from the effective date of this section to comply with this section.

(b1) Notwithstanding subsection (a) of this section, member self-insurers with a debt rating of BBB or better from Standard and Poor's Rating Service, a division of McGraw Hill, Inc., or an equivalent rating from another national rating agency shall deposit with the Commissioner an amount not less than twenty-five percent (25%) of the self-insurer's total undiscounted outstanding claim liability per the most recent certification from a qualified actuary as required by G.S. 97-180(b), but not less than five hundred thousand dollars ($500,000). The Commissioner shall consider and may, in the Commissioner's discretion, increase or reduce the deposit to a greater or lesser percentage of the member self-insurer's claims liability based on the financial strength of the self-insurer and other financial information submitted by the self-insurer.

(c) Deposits received, changes to existing deposits, or deposits exchanged after the effective date of this section, shall comprise one or more of the following:

(1) Interest-bearing bonds of the United States of America.
(2) Interest-bearing bonds of the State of North Carolina, or of its cities or counties.

(4b) The reimbursement of attorneys' fees and collections cost provided for in subdivisions (4) and (4a) of this subsection shall be no greater than fifteen percent (15%) of the penal amount of the bond and shall not come from the proceeds of the bond or the letter of credit but shall be in addition to the proceeds of the bond or the letter of credit.

(5) Any other investments that are approved by the Commissioner.

(d) All bonds or securities that are posted as a security deposit shall be valued annually at market value. If market value is less than face value, the Commissioner may require the self-insurer to post additional securities. In making this determination, the Commissioner shall consider the self-insurer's financial condition, the amount by which market value is less than face value, and the likelihood that the securities will be needed to provide benefits.

(e) Securities deposited under this section shall be assigned to the Commissioner, the Commissioner's successors, assigns, or trustees, on a form prescribed by the Commissioner in a manner that renders the securities negotiable by the Commissioner. If a self-insurer is deemed by the Commissioner to be in a hazardous financial condition, the Commissioner may sell or collect, or both, such amounts that will yield sufficient funds to meet the self-insurer's obligations under the Act. In the case of a letter of credit, the Commissioner may draw the full amount of a letter of credit if the letter of credit is not renewed within 90 days prior to its expiration or at any time that the bank issuing the letter of credit is no longer acceptable to the Commissioner. Interest accruing on any negotiable security deposited under this Article shall be collected and transmitted to the self-insurer if the self-insurer is not in a hazardous financial condition. If a self-insurer ceases to self-insure or desires to replace securities with an acceptable surety bond or bonds, the self-insurer shall notify the Commissioner, and may recover all or a portion of the securities deposited with the Commissioner upon
posting instead an acceptable special release bond issued by a corporate surety in an amount equal to the total value of the securities. The special release bond shall cover all existing liabilities under the Act plus an amount to cover future loss development and shall remain in force until all obligations under the Act have been discharged fully.

(h) If a self-insurer ceases to self-insure, no deposits shall be released by the Commissioner until the self-insurer has discharged fully all of the self-insurer's obligations under the Act.

(i) An endorsement to a surety bond shall be filed with the Commissioner within 90 days after the effective date of the endorsement."

syndrome, or another similar cause or condition.

(2) Where the parent is under the age of 18 years.

The fees of the guardian ad litem shall be borne by the Office of Indigent Defense
Services when the court finds that the respondent is indigent. In other cases the fees of
the court-appointed guardian ad litem shall be a proper charge against the respondent if
the respondent does not secure private legal counsel. Provided, that before exercising
jurisdiction under this Article, the court shall find that it would have jurisdiction to
make a child-custody determination under the provisions of G.S. 50A-201, 50A-203, or

A licensed attorney shall be appointed to assist those guardians ad litem who are not attorneys licensed to practice in North Carolina. The appointment, duties, and payment of the guardian ad litem shall be the same as in G.S. 7B-601 and G.S. 7B-603-G.S. 7B-603, but in no event shall a guardian ad litem who is trained and supervised by the guardian ad litem program be appointed to any case unless the juvenile is or has been the subject of a petition for abuse, neglect, or dependency or with good cause shown the local guardian ad litem program consents to the appointment. The court shall conduct a special hearing after notice of not less than 10 days nor more than 30 days given by the petitioner or movant to the respondent who answered or responded, and the guardian ad litem for the juvenile to determine the issues raised by the petition and answer or motion and response.

AN ACT TO ADOPT THE NAIC MODEL STANDARD NONFORFEITURE LAW FOR INDIVIDUAL DEFERRED ANNUITIES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 58 of Chapter 58 of the General Statutes is amended by adding a new section to read:

(a) Title. – This section is and may be cited as the Standard Nonforfeiture Law for Individual Deferred Annuities.

(b) Applicability. – This section does not apply to any:

(1) Reinsurance.
(2) Group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code, as amended.
(3) Premium deposit fund.
(4) Variable annuity.
(5) Investment annuity.
(6) Immediate annuity.
(7) Deferred annuity contract after annuity payments have commenced.
(8) Reversionary annuity.
(9) Contract delivered outside this State through an agent or other representative of the company issuing the contract.

(c) Nonforfeiture Requirements. – In the case of contracts issued on or after the operative date of this section as defined in subsection (o) of this section, no contract of annuity, except as stated in subsection (b) of this section, shall be delivered or issued for delivery in this State unless it contains in substance the following provisions, or corresponding provisions that in the opinion of the Commissioner are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract:

(1) That upon cessation of payment of considerations under a contract, or upon the written request of the contract owner, the company shall grant a paid-up annuity benefit on a plan stipulated in the contract of the value specified in subsections (g), (h), (i), (j), and (l) of this section.

(2) If a contract provides for a lump sum settlement at maturity or at any other time, that upon surrender of the contract at or before the commencement of any annuity payments, the company shall pay in lieu of a paid-up annuity benefit a cash surrender benefit of the amount specified in subsections (g), (h), (j), and (l) of this section. The company may reserve the right to defer the payment of the cash surrender benefit for a period not to exceed six months after demand for the payment with surrender of the contract after making written request and receiving written approval of the Commissioner. The
request shall address the necessity and equitability to all policyholders of the deferral.

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender, or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of the benefits.

(4) A statement that any paid-up annuity, cash surrender, or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which the benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract, or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this subsection, a deferred annuity contract may provide that if no considerations have been received under the contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from prior considerations paid would be less than twenty dollars ($20.00) monthly, the company may at its option terminate the contract by payment in cash of the then-present value of the portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by this payment shall be relieved of any further obligation under the contract.

(d) Minimum Values. – The minimum values specified in subsections (g), (h), (i), (j), and (l) of this section of any paid-up annuity, cash surrender, or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section. The minimum nonforfeiture amount at any time at or before the commencement of any annuity payments shall be equal to an accumulation up to that time at rates of interest as indicated in subsection (e) of this section of the net considerations, as hereinafter defined, paid before that time, decreased by the sum of the following:

(1) Any prior withdrawals from or partial surrenders of the contract accumulated at rates of interest as indicated in subsection (e) of this section.

(2) An annual contract charge of fifty dollars ($50.00), accumulated at rates of interest as indicated in subsection (e) of this section.

(3) Any premium tax paid by the company for the contract, accumulated at rates of interest as indicated in subsection (e) of this section.

(4) The amount of any indebtedness to the company on the contract, including interest due and accrued.

The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount equal to eighty-seven and one-half percent (87 1/2%) of the gross considerations credited to the contract during that contract year.

(e) The interest rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of three percent (3%) per annum and the following, which shall be specified in the contract if the interest rate will be reset:

(1) The five-year Constant Maturity Treasury Rate reported by the Federal Reserve as of a date, or average over a period, rounded to the nearest
one-twentieth of one percent (0.05%), specified in the contract no
longer than 15 months before the contract issue date or
redetermination date under subdivision (4) of this subsection.

(2) Reduced by 125 basis points.

(3) Where the resulting interest guarantee is not less than one percent
(1%).

(4) The interest rate shall apply for an initial period and may be
redetermined for additional periods. The redetermination date, basis,
and period, if any, shall be stated in the contract. The basis is the date
or average over a specified period that produces the value of the
five-year Constant Maturity Treasury Rate to be used at each
redetermination date.

(f) During the period or term that a contract provides substantive participation in
an equity indexed benefit, it may increase the reduction described in subdivision (e)(2)
of this section by up to an additional 100 basis points to reflect the value of the equity
index benefit. The present value at the contract issue date, and at each subsequent
redetermination date, of the additional reduction shall not exceed the market value of
the benefit. The Commissioner may require a demonstration that the present value of the
additional reduction does not exceed the market value of the benefit. Absent a
demonstration that is acceptable to the Commissioner, the Commissioner may disallow
or limit the additional reduction. The Commissioner may adopt rules to implement the
provisions of this subsection and to provide for further adjustments to the calculation of
minimum nonforfeiture amounts for contracts that provide substantive participation in
an equity index benefit and for other contracts for which the Commissioner determines
adjustments are justified.

(g) Computation of Present Value. – Any paid-up annuity benefit available under
a contract shall be such that its present value on the date annuity payments are to
commence is at least equal to the minimum nonforfeiture amount on that date. Present
value shall be computed using the mortality table, if any, and the interest rates specified
in the contract for determining the minimum paid-up annuity benefits guaranteed in the
contract.

(h) Calculation of Cash Surrender Value. – For contracts that provide cash
surrender benefits, the cash surrender benefits available before maturity shall not be less
than the present value as of the date of surrender of that portion of the maturity value of
the paid-up annuity benefit that would be provided under the contract at maturity arising
from considerations paid before the time of cash surrender reduced by the amount
appropriate to reflect any prior withdrawals from or partial surrenders of the contract,
such present value being calculated on the basis of an interest rate not more than one
percent (1%) higher than the interest rate specified in the contract for accumulating the
net considerations to determine maturity value, decreased by the amount of any
indebtedness to the company on the contract, including interest due and accrued, and
increased by any existing additional amounts credited by the company to the contract. In
no event shall any cash surrender benefit be less than the minimum nonforfeiture
amount at that time. The death benefit under such contracts shall be at least equal to the
cash surrender benefit.

(i) Calculation of Paid-Up Annuity Benefits. – For contracts that do not provide
cash surrender benefits, the present value of any paid-up annuity benefit available as a
nonforfeiture option at any time before maturity shall not be less than the present value
of that portion of the maturity value of the paid-up annuity benefit provided under the
contract arising from considerations paid before the time the contract is surrendered in
exchange for, or changed to, a deferred paid-up annuity, the present value being
calculated for the period before the maturity date on the basis of the interest rate
specified in the contract for accumulating the net considerations to determine maturity
value, and increased by any additional amounts credited by the company to the contract.
For contracts that do not provide any death benefits before the commencement of any
annuity payments, present values shall be calculated on the basis of the interest rate
and the mortality table specified in the contract for determining the maturity value of the
paid-up annuity benefit. However, in no event shall the present value of a paid-up
annuity benefit be less than the minimum nonforfeiture amount at that time.

(j) Maturity Date. – For the purpose of determining the benefits calculated under
subsections (h) and (i) of this section, in the case of annuity contracts under which an
election may be made to have annuity payments commence at optional maturity dates,
the maturity date shall be the latest date for which election is permitted by the contract
but not later than the anniversary of the contract next following the annuitant's
seventieth birthday or the tenth anniversary of the contract, whichever is later.

(k) Disclosure of Limited Death Benefits. – A contract that does not provide cash
surrender benefits or does not provide death benefits at least equal to the minimum
nonforfeiture amount before the commencement of any annuity payments shall include
a statement in a prominent place in the contract that those benefits are not provided.

(l) Inclusion of Lapse of Time Considerations. – Any paid-up annuity, cash
surrender, or death benefits available at any time, other than on the contract anniversary
under any contract with fixed scheduled considerations, shall be calculated with
allowance for the lapse of time and the payment of any scheduled considerations
beyond the beginning of the contract year in which cessation of payment of
considerations under the contract occurs.

(m) Proration of Values; Additional Benefits. – For a contract that provides within
the same contract, by rider or supplemental contract provision, both annuity benefits and
life insurance benefits that are in excess of the greater of cash surrender benefits or a
return of the gross considerations with interest, the minimum nonforfeiture benefits
shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion
and the minimum nonforfeiture benefits, if any, for the life insurance portion computed
as if each portion were a separate contract. Notwithstanding the provisions of subsections (g), (h), (j), (i), and (l) of this section, additional benefits payable in the
event of total and permanent disability, as reversionary annuity or deferred reversionary
annuity benefits, or as other policy benefits additional to life insurance, endowment, and
annuity benefits, and considerations for all such additional benefits, shall be disregarded
in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender,
and death benefits that may be required by this section. The inclusion of those benefits
shall not be required in any paid-up benefits, unless the additional benefits separately
would require minimum nonforfeiture amounts, paid-up annuity, cash surrender, and
death benefits.

(n) Rules. – The Commissioner may adopt rules to implement the provisions of
this section.

(o) Effective Date. – On and after October 1, 2003, a company may elect to apply
the provisions of this section to annuity contracts on a contract form-by-contract form
basis before October 1, 2004. In all other instances, this section shall become operative
with respect to annuity contracts issued by the company on and after October 1, 2004.

SECTION 2. G.S. 58-58-60 is repealed.
SECTION 3. G.S. 58-7-95(s) reads as rewritten:

"(s) Except for G.S. 58-58-60, G.S. 58-58-61, and G.S. 58-58-120 in the case of a variable annuity contract and contract, G.S. 58-58-55, 58-58-120, and 58-58-140(1) in the case of a variable life insurance policy, and except as otherwise provided in this section, all pertinent provisions of the insurance laws of this State shall apply to separate accounts and contracts issued in connection therewith, with separate accounts. Any individual variable life insurance contract, delivered or issued for delivery within this State, shall contain reinstatement and nonforfeiture provisions appropriate to such a contract. Any group variable life insurance contract, delivered or issued for delivery within this State, shall contain grace provisions appropriate to such a contract. Any individual variable annuity contract, delivered or issued for delivery within this State, shall contain reinstatement provisions appropriate to such a contract."

SECTION 4. Sections 2 and 3 of this act become effective October 1, 2004. The remainder of this act becomes effective October 1, 2003.

In the General Assembly read three times and ratified this the 29th day of May, 2003.

Became law upon approval of the Governor at 11:34 p.m. on the 4th day of June, 2003.

In order to facilitate use of the Service by school units, the State Board of Education, in consultation with the Office of Information Technology Services, the Division of Purchase and Contract, and the Service, shall establish standards for determining when a local school administrative unit's purchasing process is E-Procurement compliant. The Department of Public Instruction shall determine when a local school administrative unit is E-Procurement compliant and shall notify the Division of Purchase and Contract of the units certified within three days of the certification.

SECTION 10.(b) Obligation of LEAs. – As of the date a local school administrative unit is certified by the Department of Public Instruction as being E-Procurement compliant, it must expend at least thirty percent (30%) of its remaining unencumbered funds used to purchase supplies, equipment, materials, computer software, and other tangible personal property during the fiscal year in which it is certified through the NC E-Procurement Service. The unit must expend at least thirty-five percent (35%) of its funds used to purchase supplies, equipment, materials, computer software, and other tangible personal property during the fiscal year following certification through the NC E-Procurement Service and forty percent (40%) during the second fiscal year following certification. The State encourages the units to utilize the NC E-Procurement Service to purchase at least fifty percent (50%) of their supplies, equipment, materials, computer software, and other tangible personal property during the fiscal year following certification and at least seventy percent (70%) of their supplies, equipment, materials, computer software, and other tangible personal property during the second fiscal year following certification.

SECTION 10.(c) Pilot Projects/Reporting. – To use the NC E-Procurement Service, a local school administrative unit's current software purchasing system must be interfaced with the NC E-Procurement Service system. All but two of the 117 local school administrative units utilize one of two systems: ISIS by EMS or SunPac by Sartox. To encourage local school administrative units to use the NC E-Procurement Service, the Service will begin the interface process with four local school administrative units – two of which use ISIS and two of which use SunPac. The four pilot units will be the local school administrative units of Cabarrus County, Edgecombe County, Guilford County, and Sampson County. The four pilot units must be certified as being E-Procurement compliant on or before December 1, 2003.
The General Assembly finds that the timely implementation of the pilot projects is critical to the statewide availability of E-Procurement to all local school administrative units. Therefore, in order to monitor the progress of the interface process, the Department of Public Instruction shall report to the Joint Legislative Commission on Governmental Operations and the State Board of Education by November 1, 2003, on the progress of the pilots and whether those local school administrative units will be E-Procurement compliant by December 1, 2003. Notwithstanding any other provision of law, if the State Board determines that the pilots will not be E-Procurement compliant by the target date, it may establish an alternative date after taking into consideration the State priority of prompt implementation. The State Board shall notify the Joint Legislative Commission on Governmental Operations of any action it takes in this matter.

SECTION 10.(d) Charlotte/Mecklenburg LEA and Wake County LEA. – The local school administrative units of Charlotte/Mecklenburg and Wake County each utilize a unique software purchasing system. NC E-Procurement Service must begin the process of interfacing the Service's software system with these units' software system. Charlotte/Mecklenburg and Wake County must be certified as E-Procurement compliant on or before July 1, 2004.

SECTION 10.(e) Remainder of LEAs. – The remaining 111 local school administrative units must be certified as being E-Procurement compliant by January 1, 2005. The NC E-Procurement Service will assist the units in interfacing their systems and training their employees on a regional basis by the type of software the unit currently uses.

SECTION 11. Nothing in this act shall be construed to limit the authority of the Department of Administration to develop, implement, and monitor a pilot program for reverse auctions for public school systems as provided in Section 3 of Chapter 107 of the 2002 Session Laws.

SECTION 12. Sections 1 through 8 of this act become effective for a local school administrative unit when the unit is certified by the Department of Public Instruction as being E-Procurement compliant, as provided in Section 9 of this act, or April 1, 2004, whichever occurs first. The remainder of this act is effective when it becomes law.

The Department shall also investigate the supplemental addresses of the child who has a persistent elevated blood lead or a confirmed lead poisoning.

(a1) When the Department learns of an elevated blood lead level, the Department shall, upon informed consent, investigate the residential housing unit where the child with the elevated blood level resides. When consent to investigate is denied, the child with the elevated blood lead level cannot be located, or the child's parent or guardian fails to respond, the Department shall document the denial of consent, inability to locate, or failure to respond.

(b) The Department shall also conduct an investigation when it reasonably suspects that a lead poisoning hazard to children exists in a residential housing unit or child-occupied facility occupied, regularly visited, or attended by a child less than six years of age.

(c) In conducting an investigation, the Department may take samples of surface materials, or other materials suspected of containing lead, for analysis and testing. If samples are taken, chemical determination of the lead content of the samples shall be by atomic absorption spectroscopy or equivalent methods approved by the Department."

SECTION 5. G.S. 130A-131.9B reads as rewritten: "§ 130A-131.9B. Notification.

Upon determination that a lead poisoning hazard exists, the Department shall give written notice of the lead poisoning hazard to the owner or managing agent of the residential housing unit or child-occupied facility and to all persons residing in, attending, or regularly visiting the unit or facility. The written notice to the owner or managing agent shall include a list of possible methods of abatement of the lead based paint hazards and of possible methods of remediation of any other lead poisoning hazard."

(a) Upon determination that a child less than six years of age has a confirmed lead poisoning of 20 micrograms per deciliter or greater and that child resides in, attends, or regularly visits in a residential housing unit or child-occupied facility..."
containing lead poisoning hazards, the Department shall require abatement of the lead-based paint hazards and the remediation of other lead poisoning hazards. The Department shall also require abatement of the lead-based paint hazards and the remediation of other lead poisoning hazards identified at the supplemental addresses of a child less than six years of age with a confirmed lead poisoning of 20 micrograms per deciliter or greater.

(b) When abatement of lead-based paint hazards or remediation of other lead poisoning hazards is required under subsection (a) of this section, the owner or managing agent shall submit a written remediation plan to the Department within 14 days of receipt of the lead poisoning hazard notification and shall obtain written approval of the plan prior to initiating abatement of lead-based paint hazards or remediation of other lead poisoning hazards activities. The remediation plan shall comply with subsections (g), (h), and (i) of this section.

(c) If the remediation plan submitted fails to meet the requirements of this section, the Department shall issue an order requiring submission of a modified plan. The order shall indicate the modifications which shall be made to the remediation plan and the date by which the plan as modified shall be submitted to the Department.

(d) If the owner or managing agent does not submit a remediation plan within 14 days, the Department shall issue an order requiring submission of a remediation plan within five days of receipt of the order.

(e) The owner or managing agent shall notify the Department and the occupants of the dates of remediation activities at least three days prior to the commencement of the activities.

(f) Abatement of lead-based paint hazards and remediation of other lead poisoning hazards shall be completed within 60 days of the Department's approval of the remediation plan. If these activities are not completed within 60 days as required, the Department shall issue an order requiring completion of the activities. An owner or managing agent may apply to the Department for an extension of the deadline. The Department may issue an order extending the deadline for 30 days upon proper written application by the owner or managing agent.

(g) All of the following methods of abatement and remediation of lead-based paint hazards are prohibited:

1. Stripping paint on-site with methylene chloride-based solutions.
2. Torch or flame burning.
3. Heating paint with a heat gun above 1,100 degrees Fahrenheit.
4. Covering with new paint or wallpaper unless all readily accessible lead-based paint has been removed.
5. Uncontrolled abrasive blasting or grinding, except when used with High Efficiency Particulate Air (HEPA) exhaust control that removes particles of 0.3 microns or larger from the air at ninety-nine and seven-tenths percent (99.7%) or greater efficiency.
6. Uncontrolled waterblasting.
7. Dry scraping, unless used in conjunction with heat guns, or around electrical outlets, or when treating no more than two square feet on interior surfaces, or no more than 20 square feet on exterior surfaces.
(h) All lead-containing waste and residue shall be removed and disposed of in accordance with applicable federal, State, and local laws and rules. Other substances containing lead that are intended for use by children less than six years of age and vinyl miniblinds that constitute a lead poisoning hazard shall be removed and disposed of in accordance with applicable federal, State, and local laws and rules.

(i) All remediation plans shall require that the lead poisoning hazards be reduced to below the following levels:

1. Floor lead dust levels are less than 40 micrograms per square foot for lead dust on floors.
2. Windowsill lead dust levels are less than 250 micrograms per square foot for lead dust on interior windowsills, bathtubs, kitchen sinks, and lavatories.
3. Window trough lead dust levels are less than 400 micrograms per square foot for lead dust on window troughs.
4. Soil lead levels are less than 400 parts per million or such other level higher than 400 parts per million as determined by the Department to prevent a hazard in light of the condition and use of the land and in light of other relevant factors; and/or lead in bare soil in play areas, gardens, pet sleeping areas, and areas within three feet of the residential housing unit or child-occupied facility. Lead in bare soil in other locations of the yard shall be reduced to less than 1,200 parts per million.
5. Drinking water lead levels are less than 15 parts per billion for lead in drinking water.

(j) The Department shall verify by visual inspection that the approved remediation plan has been completed. The Department may also verify plan completion by residual lead dust monitoring and soil or drinking water lead level measurement.

(j1) Compliance with the maintenance standard satisfies the remediation requirements for confirmed lead poisoning cases identified on or after 1 October 1990 as long as all lead poisoning hazards identified on interior and exterior surfaces are addressed by remediation. Except for owner-occupied residential housing units, continued compliance shall be verified by means of an annual monitoring inspection conducted by the Department. For owner-occupied residential housing units, continued compliance shall be verified (i) by means of an annual monitoring inspection, (ii) by documentation that no child less than six years of age has resided in or regularly visited the residential housing unit within the past year, or (iii) by documentation that no child less than six years of age residing in or regularly visiting the unit has an elevated blood lead level.

(k) Removal of children from the residential housing unit or child-occupied facility shall not constitute abatement or remediation if the property continues to be used for a residential housing unit or child-occupied facility. The remediation requirements imposed in subsection (a) of this section apply so long as the property continues to be used as a residential housing unit or child-occupied facility.

SECTION 7. G.S. 130A-131.9G reads as rewritten:

"§ 130A-131.9G. Resident responsibilities.
In any residential housing unit occupied by a child less than six years of age who has an elevated blood lead level of 10 micrograms per deciliter or greater, the Department shall advise, in writing, the owner or managing agent and the child's parents or legal guardian of the importance of carrying out routine cleaning activities in the
units they occupy, own, or manage. Such cleaning activities shall include:

1. Wiping clean all windowsills with a damp cloth or sponge at least weekly.
2. Regularly washing all surfaces accessible to children.
3. In the case of a leased residential housing unit, identifying any deteriorated paint in the unit and notifying the owner or managing agent of such conditions within 72 hours of discovery.
4. Identifying and understanding potential lead poisoning hazards in the environment of each child under the age of six, less than six years of age in the unit (including toys, vinyl miniblinds, playground equipment, drinking water, soil, and painted surfaces), and taking steps to prevent children from ingesting lead such as encouraging children to wash their faces and hands frequently and especially after playing outdoors."

SECTION 8. This act becomes effective 1 July 2003.

Confidential license plates issued under this subsection shall be issued on an annual basis and the Division shall maintain a separate registration file for vehicles bearing confidential license plates. That file shall be confidential for the use of the Division and is not a public record within the meaning of Chapter 132 of the General Statutes. Upon

That record shall be confidential and is not a public record within the meaning of Chapter 132 of the General Statutes. The Director shall request the immediate return of any license or registration that is no longer necessary.

Licenses and license plates provided under this subsection shall expire six months after initial issuance unless the Director of the State Bureau of Investigation has approved an extension in writing. Failure to return a license or license plate issued pursuant to this subsection shall be punished as a Class 2 misdemeanor. At no time shall the number of valid licenses issued under this subsection exceed two hundred nor shall the number of valid license plates issued under this subsection exceed one hundred twenty-five unless the Director determines that exceptional circumstances justify exceeding those amounts. However, fictitious licenses and license plates issued to special agents of the State Bureau of Investigation, State alcohol law enforcement agents, and the Department of Defense shall not be counted against the limitation on the total number of fictitious licenses and plates established by this subsection and shall be renewable annually."

H.B. 987 Session Law 2003-154

AN ACT TO AUTHORIZE THE FISHERIES DIRECTOR TO ISSUE PROCLAMATIONS THAT BECOME EFFECTIVE IMMEDIATELY UPON ISSUANCE AND TO MAKE OTHER TECHNICAL, CLARIFYING, AND CONFORMING CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 113-221 reads as rewritten:

"§ 113-221. Rules; proclamations; emergency Commission meetings. Rules.
(a) Chapter 150B of the General Statutes governs the adoption of rules under this Article, other than proclamations issued under this Article. Chapter 150B does not apply to proclamations issued under this Article.
(b) Upon purchasing a license, each licensee shall be given a copy of the rules concerning the activities authorized by the license.
(c) The Fisheries Director shall notify licensees of a new rule or change to a rule by sending each licensee either a newsletter containing the text of the rule or change or an updated codification of the rules of the Marine Fisheries Commission that contains the new rule or change.
(d) Unless there are overriding policy considerations involved, any rule of the Marine Fisheries Commission which will in the judgment of the Marine Fisheries Commission result in severe curtailment of the usefulness or value of equipment in which fishermen have any substantial investment should be given such a future effective date as to minimize undue potential economic loss to fishermen. Whether or not any provision may cause potential economic loss, a rule will result in severe curtailment of the usefulness or value of equipment in which fishermen have any substantial investment and whether or not a future effective date should be set is a matter within the complete sole discretion of the Marine Fisheries Commission. The Marine Fisheries Commission need not set any future effective date more than two years in advance of the passage of any rule. This subsection does not require the Marine Fisheries Commission to establish an effective date that is more than two years later than the date on which the rule is adopted.

(e) The Marine Fisheries Commission may delegate to the Fisheries Director the authority to issue proclamations suspending or implementing, in whole or in part, particular rules of the Commission which may be affected by variable conditions. Such proclamations are to be issued by the Fisheries Director or by a person designated by the Fisheries Director. All proclamations must state the hour and date upon which they become effective and must be issued at least 48 hours in advance of the effective date and time. In those situations in which the proclamation prohibits the taking of certain fisheries resources for reasons of public health, the proclamation can be made effective immediately upon issuance. Notwithstanding any other provisions of this subsection, a proclamation can be issued at least 12 hours in advance of the effective date and time to reopen the taking of certain fisheries resources closed for reason of public health through a prior proclamation made effective immediately upon issuance. Persons violating any proclamation which is made effective immediately shall not be charged with a criminal offense during the time between the issuance and 48 hours after such issuance unless such person had actual notice of the issuance of such proclamation. Fisheries resources taken or possessed by any person in violation of any proclamation may be seized regardless of whether such person had actual notice of the proclamation. A permanent file of the text of all proclamations shall be maintained in the office of the Fisheries Director. Certified copies of proclamations are entitled to judicial notice in any civil or criminal proceeding.

The Fisheries Director must make every reasonable effort to give actual notice of the terms of any proclamation to the persons who may be affected thereby. Reasonable effort includes press releases to communications media, posting of notices at docks and other places where persons affected may gather, personal communication by inspectors and other agents of the Fisheries Director, and such other measures designed to reach the persons who may be affected. It is a defense to an enforcement action for a violation of a proclamation that a licensee was prevented from receiving notice of the proclamation due to a natural disaster or other act of God occasioned exclusively by violence of nature without interference of any human agency and that could not have been prevented or avoided by the exercise of due care or foresight.

(e1) Pursuant to the request of five or more members of the Marine Fisheries Commission, its chairman may call an emergency meeting of the Commission to review: (1) a proposed issuance or issuance of proclamations under the authority delegated to the Fisheries Director pursuant to (e) of this section, except those proclamations issued for reasons of public health; or (2) the need to issue a proclamation to allow the taking of certain fisheries resources in areas not opened
through proclamations issued by the Fisheries Director. At least 48 hours prior to any such meeting, a public announcement of the meeting shall be issued that describes the action requested by the members of the Commission, and the Department must make every reasonable effort to give actual notice of the meeting to persons who may be affected thereby. After its review is complete, the Marine Fisheries Commission, consistent with its duty to protect, preserve, and enhance the commercial and sports fisheries resources of the State, may (1) approve, cancel, or modify the proposed proclamation or issued proclamation under review; or (2) direct the Fisheries Director to issue a proclamation that allows the taking of certain fisheries resources.

The variable conditions that affect such resource management decisions require that these emergency meetings and any resulting orders by the Commission be exempt from the provisions of Article 2A of Chapter 150B. The decisions of the Marine Fisheries Commission shall be the final decision of the State and shall not be set aside on judicial review unless found to be arbitrary and capricious.

(f) All persons who may be affected by the rules adopted by the Marine Fisheries Commission are under a duty to keep themselves informed of current rules of the Marine Fisheries Commission and proclamations of the Fisheries Director. If the defendant in fact received no notice of a particular rule or proclamation, it is no defense in any criminal prosecution for the defendant to show that he was not aware of the current rules. It is no defense in any criminal prosecution for the defendant to show that he was not aware of a particular rule or proclamation rule. In any prosecution for violation of the provision of any rule or proclamation rule, or in which proof of matter contained in a rule or proclamation is involved, the Department is deemed to have complied with publication procedures and the burden is on the defendant to show by the greater weight of the evidence substantial failure of compliance by the Department with the required publication procedures.

(g) Every court must take judicial notice of any codification of rules issued by the Fisheries Director within two years preceding the date of the offense charged or transaction in issue. In the absence of any indication to the contrary, such codifications are to be deemed accurate and current statements of the text of the rules in question and it is incumbent upon any person asserting that a relevant portion of the codified text is inaccurate, or has been amended or deleted, to satisfy the court as to the text of the rules which is in fact properly applicable.

(h) Repealed by Session Laws 1983, c. 221, s. 1.

SECTION 2. Article 17 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"§ 113-221.1. Proclamations; emergency review.

(a) Chapter 150B of the General Statutes does not apply to proclamations issued under this Article.

(b) The Marine Fisheries Commission may delegate to the Fisheries Director the authority to issue proclamations suspending or implementing, in whole or in part, particular rules of the Commission that may be affected by variable conditions. These proclamations shall be issued by the Fisheries Director or by a person designated by the Fisheries Director. Except as provided in this subsection, all proclamations shall state the hour and date upon which they become effective and shall be issued at least 48 hours in advance of the effective date and time. A proclamation that prohibits the taking of certain fisheries resources for reasons of public health or that governs a quota-managed fishery may be made effective immediately upon issuance. A proclamation to reopen the taking of certain fisheries resources closed for reasons of public health shall be issued at least 12 hours in advance of the effective date and time of the reopening. A person who violates a proclamation that is made effective
immediately upon issuance shall not be charged with a criminal offense for the violation if the violation occurred between the time of issuance and 48 hours after the issuance and the person did not have actual notice of the issuance of the proclamation. Fisheries resources taken or possessed by any person in violation of any proclamation may be seized regardless of whether the person had actual notice of the proclamation. A permanent file of the text of all proclamations shall be maintained in the office of the Fisheries Director. Certified copies of proclamations are entitled to judicial notice in any civil or criminal proceeding. The Fisheries Director shall make every reasonable effort to give actual notice of the terms of any proclamation to persons who may be affected by the proclamation. Reasonable effort includes a press release to communications media, posting of a notice at docks and other places where persons affected may gather, personal communication by inspectors and other agents of the Fisheries Director, and other measures designed to reach the persons who may be affected. It is a defense to an enforcement action for a violation of a proclamation that a person was prevented from receiving notice of the proclamation due to a natural disaster or other act of God occasioned exclusively by violence of nature without interference of any human agency and that could not have been prevented or avoided by the exercise of due care or foresight.

(c) All persons who may be affected by proclamations issued by the Fisheries Director are under a duty to keep themselves informed of current proclamations. It is no defense in any criminal prosecution for the defendant to show that the defendant in fact received no notice of a particular proclamation. In any prosecution for violation of a proclamation, or in which proof of matter contained in a proclamation is involved, the Department is deemed to have complied with publication procedures; and the burden is on the defendant to show, by the greater weight of the evidence, substantial failure of compliance by the Department with the required publication procedures.

(d) Pursuant to the request of five or more members of the Marine Fisheries Commission, the Chair of the Marine Fisheries Commission may call an emergency meeting of the Commission to review an issuance or proposed issuance of proclamations under the authority delegated to the Fisheries Director pursuant to subsection (b) of this section or to review the desirability of directing the Fisheries Director to issue a proclamation to prohibit or allow the taking of certain fisheries resources. At least 48 hours prior to any emergency meeting called pursuant to this subsection, a public announcement of the meeting shall be issued that describes the action requested by the members of the Marine Fisheries Commission. The Department shall make every reasonable effort to give actual notice of the meeting to persons who may be affected. After its review is complete, the Marine Fisheries Commission, consistent with its duty to protect, preserve, and enhance the commercial and sports fisheries resources of the State, may approve, cancel, or modify the previously issued or proposed proclamation under review or may direct the Fisheries Director to issue a proclamation that prohibits or allows the taking of certain fisheries resources. An emergency meeting called pursuant to this subsection and any resulting orders issued by the Marine Fisheries Commission are exempt from the provisions of Article 2A of Chapter 150B of the General Statutes. The decisions of the Marine Fisheries Commission shall be the final decision of the State and shall not be set aside on judicial review unless found to be arbitrary and capricious.

AN ACT TO PERMIT THE CITY OF WILMINGTON TO ENGAGE IN CONDITIONAL ZONING.
The General Assembly of North Carolina enacts:

SECTION 1. Chapter 495 of the 1977 Session Laws, as amended, being the Charter of the City of Wilmington, is amended by adding a new section to Article XXIII:

"Section 23.6.(a) In addition to other types of zoning districts permitted by G.S. 160A-382, the City Council may provide for the establishment of conditional zoning districts, including parallel conditional zoning districts. For purposes of this act, a "conditional zoning district" shall be defined as a zoning district in which the development and use of the property included in the district is subject to predetermined ordinance standards and the rules, regulations, and conditions imposed as part of the legislative decision creating the district and applying it to the particular property. "Parallel conditional zoning district" shall mean a conditional zoning district in which the potential permitted use or uses are, except as limited by the conditions imposed on the district, of the same character or type as the use or uses permitted in a general use district having a parallel designation or name. In contrast to conditional use district or special use district zoning, conditional zoning shall not require the issuance of a conditional use or special use permit or permitting process apart from the establishment of the district and its application to particular properties. Rules, regulations, and conditions applicable to any conditional zoning district need not be uniform in all respects for all properties within the same classification of conditional zoning district but may differ based on the unique aspects of each conditional zoning district development, site, and surrounding area.

Section 23.6.(b) Property may be rezoned to a conditional zoning district only in response to and consistent with a petition of the owners of all of the property to be included in the district. A petition for conditional zoning must include a site plan and supporting information that specifies the actual use or uses intended for the property and any rules, regulations, and conditions that, in addition to all predetermined ordinance requirements, will govern the development and use of the property. If a petition for conditional zoning is approved, the development and use of the property shall be governed by the predetermined ordinance requirements applicable to such district category, the approved site plan for the district, and any additional approved rules, regulations, and conditions, all of which shall constitute the zoning regulations for the approved district.

Section 23.6.(c) Conditional zoning decisions shall be made in consideration of identified relevant adopted land-use plans for the area including, but not limited to, comprehensive plans, strategic plans, district plans, area plans, neighborhood plans, corridor plans, and other land-use policy documents.

Section 23.6.(d) Before a public hearing may be held on a petition for conditional zoning, the petitioner must file in the Office of the City Clerk a written report of at least one community meeting held by the petitioner. Notice of such a meeting shall be given to the property owners and organizations entitled to notice as determined by city policy. The report shall include, among other things, a listing of those persons and organizations contacted about the meeting and the manner and date of contact; the date, time, and location of the meeting; a roster of the persons in attendance at the meeting; a summary of issues discussed at the meeting; and a description of any changes to the rezoning petition made by the petitioner as a result of the meeting. In the event the petitioner has not held at least one meeting pursuant to this subsection, the petitioner shall file a report documenting efforts that were made to arrange such a meeting and stating the reasons such a meeting was not held. The adequacy of a meeting held or
report filed pursuant to this subsection shall be considered by the City Council but shall not be subject to judicial review.

Section 23.6.(e) Conditional zoning decisions under this act are a legislative process subject to judicial review using the same procedures and standard of review as apply to general use district zoning decisions.

Section 23.6.(f) Except as specifically modified by this act, the procedures to be followed by the City Council in reviewing, granting, or denying any petition for conditional zoning shall be the same as those established for general use district zoning petitions under Article 19 of Chapter 160A of the General Statutes.

Section 23.6.(g) The City Council may not vote to rezone property to a conditional zoning district during the time period beginning on the date of a municipal general election and concluding on the date immediately following the date on which the City Council holds its organizational meeting following a municipal general election unless no person spoke against the rezoning at the public hearing and no valid protest petition under G.S. 160A-386 was filed. If a valid protest petition under G.S. 160A-386 has been filed against a zoning petition which would otherwise have been scheduled for a public hearing during the period beginning on the first day of October prior to a municipal general election, but prior to the new City Council taking office, then the public hearing on such petition and any decision on such petition shall both be postponed until after the new City Council takes office."

SECTION 2. S.L. 1981-258 is repealed.

H.B. 501 Session Law 2003-163

AN ACT REDRAWING THE ELECTION DISTRICT BOUNDARIES FOR THE TOWN OF ENFIELD IN HALIFAX COUNTY.

Whereas, the Enfield Town Board of Commissioners consists of five members, four of whom are elected from two districts; and

Whereas, those districts, designated as Districts A and B, are subject to the requirements of one-person, one-vote and were redrawn following the 2000 census; and

Whereas, before the districts were redrawn, the boundary was the CSX railroad track which runs through the middle of town and is an obvious and well-known dividing line; and

Whereas, as a result of the 2001 redistricting, the current boundary between Districts A and B is irregular and confusing; and

Whereas, an annexation which occurred after the 2001 redistricting has added sufficient population to the Town that Districts A and B would be within the correct population ranges for one-person, one-vote if the old boundary, the railroad track, were used; and
Whereas, a return to the railroad track as the boundary between Districts A and B would make the line more understandable to voters, candidates, and election officials; and

Whereas, the Enfield Town Board of Commissioners unanimously has requested such a change; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The boundary between Districts A and B used for the election of the Enfield Town Board of Commissioners shall be the CSX railroad track which runs on a north-south line through the middle of the Town. The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-110(g) reads as rewritten:
"(g) For the purpose of encouraging water conservation, the Commission may, consistent with the public interest, adopt procedures that allow a lessor, pursuant to a written rental agreement, to allocate the costs for providing water and sewer service on a metered use basis to persons who occupy the same contiguous premises. A written rental agreement shall specify a monthly rent that shall be the sum of the base rent plus additional rent at a rate that does not exceed the actual purchase price of the water and sewer service to the provider plus a reasonable administrative fee. The Commission shall issue rules to define contiguous premises and to implement this subsection. In issuing the rule to define contiguous premises, the Commission shall consider contiguous premises where manufactured homes, as defined in G.S. 143-145(7), or spaces for manufactured homes are rented. Notwithstanding any other provision of this Chapter, the Commission shall determine the extent to which the services shall be regulated and, to the extent necessary to protect the public interest, regulate the terms, conditions, and rates that may be allocated for the services. Nothing in this subsection shall be construed to alter the rights, obligations, or remedies of persons providing water and sewer services and their customers under any other provision of law."

SECTION 2. In enacting Section 1 of this act, it is the intent of the General Assembly to promote water conservation while protecting public health, safety, welfare, and the environment and avoiding unduly burdensome requirements on consecutive water systems. Section 1 of this act shall not be construed to impose any requirement on a supplying water system other than the requirements that apply to the water system on the date this act becomes effective and that would apply to the supplying water system if a consecutive water system had not been authorized.

AN ACT TO MAKE STATEWIDE AN ACT CURRENTLY APPLICABLE TO MECKLENBURG AND CATAWBA COUNTIES AND CHARLOTTE AND RALEIGH THAT DEEMS THE CREATION OF A SELF-FUNDED RISK PROGRAM AS THE PURCHASE OF INSURANCE FOR THE PURPOSE OF WAIVING GOVERNMENTAL IMMUNITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-485(a) reads as rewritten:

"(a) Any city is authorized to waive its immunity from civil liability in tort by the act of purchasing liability insurance. Participation in a local government risk pool pursuant to Article 23 of General Statute Chapter 58 shall be deemed to be the purchase of insurance for the purposes of this section. Immunity shall be waived only to the extent that the city is indemnified by the insurance contract from tort liability. No formal action other than the purchase of liability insurance shall be required to waive tort immunity, and no city shall be deemed to have waived its tort immunity by any action other than the purchase of liability insurance. If a city uses a funded reserve instead of purchasing insurance against liability for wrongful death, negligence, or intentional damage to personal property, or absolute liability for damage to person or property caused by an act or omission of the city or any of its officers, agents, or employees acting within the scope of their authority and the course of their employment, the city council may adopt a resolution that deems the creation of a funded reserve to be the same as the purchase of insurance under this section. Adoption of such a resolution waives the city's governmental immunity only to the extent specified in the council's resolution, but in no event greater than funds available in the funded reserve for the payment of claims."

SECTION 2. G.S. 153A-435(a) reads as rewritten:

"(a) A county may contract to insure itself and any of its officers, agents, or employees against liability for wrongful death or negligent or intentional damage to person or property or against absolute liability for damage to person or property caused by an act or omission of the county or of any of its officers, agents, or employees when acting within the scope of their authority and the course of their employment, the county council may adopt a resolution that deems the creation of a funded reserve to be the same as the purchase of insurance under this section. Purchase of insurance pursuant to this subsection waives the county's governmental immunity, to the extent of insurance coverage, for any act or omission occurring in the exercise of a governmental function. Participation in a local government risk pool
pursuant to Article 23 of General Statute Chapter 58 shall be deemed to be the purchase of insurance for the purposes of this section. By entering into an insurance contract with the county, an insurer waives any defense based upon the governmental immunity of the county.

If a county uses a funded reserve instead of purchasing insurance against liability for wrongful death, negligence, or intentional damage to personal property, or absolute liability for damage to person or property caused by an act or omission of the county or any of its officers, agents, or employees acting within the scope of their authority and the course of their employment, the county board of commissioners may adopt a resolution that deems the creation of a funded reserve to be the same as the purchase of insurance under this section. Adoption of such a resolution waives the county's governmental immunity only to the extent specified in the board's resolution, but in no event greater than funds available in the funded reserve for the payment of claims."

SECTION 3. Section 1 of Chapter 980 of the 1988 Session Laws and Section 2 of S.L. 1998-200, as amended by S.L. 2002-79, are repealed, but any resolution adopted under those sections and still effective on the effective date of this act shall continue to be valid as if they were adopted under G.S. 153A-435(a) or G.S. 160A-485(a) as amended by this act.

SECTION 4. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 4th day of June, 2003.

Became law upon approval of the Governor at 10:05 a.m. on the 12th day of June, 2003.

2. Many State telephone systems also make it difficult to reach an attendant or operator at the agency; and

**Session Law 2003-188**

AN ACT AMENDING THE CABARRUS COUNTY DEMONSTRATION WORK OVER WELFARE PROGRAM.

The General Assembly of North Carolina enacts:

SECTION 1. S.L. 1998-106, as amended by S.L. 2001-354, reads as rewritten:

261
"Section 1. Notwithstanding any law to the contrary, the Department of Health and Human Services shall continue designation of Cabarrus County as a pilot county for the purpose of conducting a demonstration welfare reform program for certain Work First and Food Stamp recipients. Immediately upon the ratification of this act, the Department shall ensure that all federal waivers necessary to allow this demonstration program to continue are obtained. To the extent that this act or the program established pursuant to it conflicts with any State law, the program supersedes that law.

Sec. 2. The Cabarrus County demonstration Work Over Welfare Program for certain Work First and Food Stamp recipients shall:

(1) Provide job opportunities to all able-bodied Work First and Food Stamp recipients who are required to participate in the Work First employment program;

(2) Create job opportunities in the public, the private, nonprofit, and the private, for-profit sectors, primarily in the human services area sectors by allowing Cabarrus County to use grant diversions, consisting of the Work First benefits and the cash value of Food Stamps that would be paid to otherwise eligible recipients to match employer funds, to subsidize the employment of these recipients. Human service area jobs will meet such socially necessary needs as day care work, nursing home aide work, and in-home aide work recipients;

(3) Allow wages paid to these recipients, which contain grant-diverted funds, to be exempt from income for purposes of determining eligibility for assistance;

(4) Structure payment of wages to these recipients such that they will be considered income, in order to make recipients eligible for the federal earned income tax credit;

(5) Create work experience opportunities in the private sector more realistically to reflect the world of work;

(6) Require these recipients to participate in the development of an opportunity agreement outlining the responsibilities of the recipient and agency, as well as the incentives for compliance and the sanctions for noncompliance;

(7) Require all these recipients who participate in the program to pursue and accept employment, full or part time, subsidized or unsubsidized, as a condition for continued eligibility for Work First and Food Stamp assistance;

(8) Require job search training of all participants who are assessed as needing it;

(9) Require monitored job search of all participants until employment is found or until other work activities of up to 40 hours per week are in place;

(10) Create a positive work incentive by providing wage incentives to participants who are in compliance with the program by using the job bonus as outlined in the Work First Policy Manual for both Work First and Food Stamp benefits;

(11) Provide for a system in which the Work First cash assistance case is terminated following the first month of noncompliance, with restoration of assistance after the client agrees to comply with requirements and files a new application. To ensure that children in
terminated households are not harmed, provide social worker monitoring and the use of direct vendor payments or assistance from other community resources for rent, utilities, or other basic needs of children as necessary, during the period in which assistance for the household is terminated. This period of social worker monitoring shall coincide with the period of time that the household would have been, as a Work First case, under a three-month pay-for-performance sanction system and shall not exceed three months from the date of termination, unless, in the judgment of the social worker, there is reason to monitor for a longer period of time.

(12) Provide for all individuals to be evaluated for ongoing Medicaid and children to be evaluated for Health Choice eligibility any time Work First terminates. This act shall not alter any individual's eligibility for Medicaid or Health Choice as set out in State and Federal law or regulation.

(13) Require that a recipient who voluntarily terminates employment without good cause be ineligible for Work First until the individual returns to work, provided work opportunities are available. Provide employment services for 30 days to assist the individual in obtaining employment;

(14) Require applicants for Work First to meet with child support staff within 10 days of application. Failure or refusal to pursue child support without good cause is grounds for denial of benefits;

(15) Provide that an applicant may be eligible for a one-time Work First benefit diversion payment in an amount not exceeding one thousand two hundred dollars ($1,200). Applicants receiving the benefit diversion payment shall not be eligible for ongoing Work First benefits for a period of three months from the date of receipt of the benefit diversion payment. Individuals receiving a diversion payment must attend budgetary counseling and may be required to have a protective payee for the benefit diversion payment;

(16) Provide that the period of exemption from participation in employment services for a parent of a newborn child is three months. If a recipient returns to work within six weeks of childbirth, the recipient may reclaim the remainder of the three-month exemption if the recipient chooses not to continue working during the initial six-week period;

(17) In ongoing Work First cases, require family reassessment of service needs when the family circumstance changes due to an able-bodied, financially responsible adult moving into the home. Family reassessment may result in benefit diversion, change in services, or termination from Work First program participation;

(18) Not sanction individuals who demonstrate that they cannot meet program requirements because necessary child care is not available;

(19) Assist children in Work First child-only cases, where the children are living with relatives other than the biological parents, in securing permanent stable homes through adoption by allowing federal funds for Work First cash assistance to be transferred from the TANF Block Grant to the Social Services Block Grant to be used to pay for home
studies, attorney fees, and other adoption expenses, as well as an ongoing cash payment for the adoptive family, similar to cash payments received through Adoption Assistance.

Sec. 3. This act shall be funded by Cabarrus County using available grant diversions and administrative transfers, together with federal and State administrative funding allocated to Cabarrus County for the public assistance programs.

Sec. 4. The Department of Health and Human Services shall evaluate the Cabarrus County Demonstration Project and report to the General Assembly and to the Joint Legislative Public Assistance Commission on or before September 1, 2002.

Sec. 5. This act becomes effective July 1, 1995 and shall expire on September 30, 2003

§ 19A-4. Permanent injunction.
In accordance with G.S. 1A-1, Rule 65, a district court judge in the county in which the original action was brought shall determine the merits of the action by trial without a jury, and upon hearing such evidence as may be presented, shall enter orders as he the court deems appropriate, including a permanent injunction or final determination of the animal's custody, and dismissal of the action along with dissolution of any preliminary injunction that had been issued. In addition, if the court finds by a preponderance of the evidence that even if a permanent injunction were issued there would exist a substantial risk that the animal would be subjected to further cruelty if returned to the possession of the defendant, the court may terminate the defendant's ownership and right of possession of the animal and transfer ownership and right of possession to the plaintiff or other appropriate successor owner.”

(3) **Provide a telecommunications network and maintain centralized facilities for the exchange of criminal history records for both criminal justice purposes and the noncriminal justice purposes described in Article IV and ensure that the exchange of records for criminal justice purposes has priority over exchange for noncriminal justice purposes; and**
(4) **Modify or enter into user agreements with nonparty state criminal history record repositories to require them to establish record request procedures conforming to those prescribed in Article V.**

(b) Each party state shall:

Article IV.

Authorized Record Disclosures.

(a) To the extent authorized by section 552a of Title 5, United States Code (commonly known as the Privacy Act of 1974), the FBI shall provide on request criminal history records, excluding sealed record information, to state criminal history record repositories for noncriminal justice purposes allowed by federal statute, federal executive order, or a state statute that has been approved by the Attorney General to ensure that the state statute explicitly authorizes national indices checks.

(b) The FBI, to the extent authorized by section 552a of Title 5, United States Code (commonly known as the Privacy Act of 1974), and state criminal history record repositories shall provide criminal history records, excluding sealed record information, to criminal justice agencies and other governmental or nongovernmental agencies for noncriminal justice purposes allowed by federal statute, federal executive order, or a state statute that has been approved by the Attorney General to ensure that the state statute explicitly authorizes national indices checks.

(c) Any record obtained under this compact may be used only for the official purposes for which the record was requested. Each compact officer shall establish procedures consistent with this compact and with rules, procedures, and standards established by the council under Article VI, which procedures shall protect the accuracy and privacy of the records and shall:

Article V.

Record Request Procedures.

(a) Subject fingerprints or other approved forms of positive identification must be submitted with all requests for criminal history record checks for noncriminal justice purposes.

(b) Each request for a criminal history record check utilizing the national indices made under any approved state statute must be submitted through that state's criminal history record repository. A state criminal history record repository shall process an interstate request for noncriminal justice purposes through the national indices only if the request is transmitted through another state criminal history record repository or the FBI.
(c) Each request for criminal history record checks utilizing the national indices made under federal authority must be submitted through the FBI or, if the state criminal history record repository consents to process fingerprint submissions, through the criminal history record repository in the state in which the request originated. Direct access to the national identification index by entities other than the FBI and state criminal history record repositories may not be permitted for noncriminal justice purposes.

(d) A state criminal history record repository or the FBI:

(1) May charge a fee, in accordance with applicable law, for handling a request involving fingerprint processing for noncriminal justice purposes; and

(2) May not charge a fee for providing criminal history records in response to an electronic request for a record that does not involve a request to process fingerprints.

a. The FBI shall so advise the state criminal history record repository; and

b. The state criminal history record repository is entitled to obtain the additional criminal history record information from the FBI or other state criminal history record repositories.

Article VI.

(c) From its membership, the council shall elect a chair and a vice-chair of the council. Both the chair and vice-chair of the council: (i) must be a compact officer, unless there is no compact officer on the council who is willing to serve, in which case the chair may be an at-large member and (ii) shall serve two-year terms and may be reelected to only one additional two-year term. The vice-chair of the council shall serve as the chair of the council in the absence of the chair.

(d) The council shall meet at least once each year at the call of the chair. Each meeting of the council must be open to the public. The council shall provide prior public notice in the federal register of each meeting of the council, including the matters to be addressed at the meeting. (g) The chair may establish committees as necessary to carry out this compact and may prescribe their membership, responsibilities, and duration.

Article VII.
Ratification of Compact.

This compact takes effect upon being entered into by two or more states as between those states and the federal government. When additional states subsequently enter into this compact, it becomes effective among those states and the federal government and each party state that has previously ratified it. When ratified, this compact has the full force and effect of law within the ratifying jurisdictions. The form of ratification must be in accordance with the laws of the executing state.
Article VIII.

App.) for all purposes other than noncriminal justice.

(b) Nothing in this compact may require the FBI to obligate or expend funds beyond those appropriated to the FBI.

(c) Nothing in this compact may diminish or lessen the obligations, responsibilities, and authorities of any state, whether a party state or a nonparty state, or of any criminal history record repository or other subdivision or component thereof under the Departments of State, Justice, and Commerce, the Judiciary, and Related Agencies Appropriation Act, 1973 (Public Law 92-544) or regulations and guidelines promulgated thereunder, including the rules and procedures promulgated by the council under Article VI(a), regarding the use and dissemination of criminal history records and information.

Article X.
Severability.

The provisions of this compact must be severable. If any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any participating state or to the Constitution of the United States or if the applicability of any phrase, clause, sentence, or provision of this compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of the remainder of the compact to any government, agency, person, or circumstance may not be affected by the severability. If a portion of this compact is held contrary to the constitution of any party state, all other portions of this compact must remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected, as to all other provisions.

The decision must be published pursuant to the requirements of Article VI(e).

(b) The FBI shall exercise immediate and necessary action to preserve the integrity of the III system, to maintain system policy and standards, to protect the accuracy and privacy of records, and to prevent abuses until the council holds a hearing on the matters.

(c) The FBI or a party state may appeal any decision of the council to the Attorney General and after that appeal may file suit in the appropriate district court of the United States that has original jurisdiction of all cases or controversies arising under this compact. AN ACT TO PROHIBIT THE USE OF A PERSON'S CREDIT HISTORY AS A
SOLE BASIS FOR TERMINATING INSURANCE COVERAGE OR
SUBJECTING A POLICY TO CONSENT TO RATE.

The General Assembly of North Carolina enacts:

SECTION 1. Article 36 of Chapter 58 of the General Statutes is amended
by adding a new section to read:

"§ 58-36-90. Prohibitions on using credit scoring to rate noncommercial private
passenger motor vehicle and residential property insurance; exceptions.

(a) Definitions. – As used in this section:

(1) "Adverse action" has the same meaning as in section 1681a(k) of the
federal Fair Credit Reporting Act and includes a denial or cancellation
of, an increase in any charge for, or a reduction or other adverse or
unfavorable change in the terms of coverage or amount of any
insurance, existing or applied for, in connection with the underwriting
of insurance.

(2) "Credit report" means any written, oral, or other communication of any
information by a consumer reporting agency that bears on a
consumer's credit worthiness, credit standing, or credit capacity. Credit
report does not include accident or traffic violation records as maintained by the North Carolina Division of Motor Vehicles or any other law enforcement agency, a property loss report or claims history that does not include information that bears on a consumer's credit worthiness, credit standing, or credit capacity, or any report containing information solely as to transactions or experiences between the consumer and the person making the report.

(3) "Credit score" means a score that is derived by utilizing data from an individual's credit report in an algorithm, computer program, model, or other process that reduces the data to a number or rating.

(4) "Noncommercial private passenger motor vehicle" means a "private passenger motor vehicle," as defined by G.S. 58-40-10, that is neither insured under a commercial policy nor used for commercial purposes.

(5) "Private passenger motor vehicle" has the same meaning as set forth in G.S. 58-40-10.

(6) "Residential property" means real property with not more than four housing units located in this State, the contents thereof and valuable interest therein, and insurance coverage written in connection with the sale of that property. It also includes mobile homes, modular homes, townhomes, condominiums, and insurance on contents of apartments and rental property used for residential purposes.

(b) Prohibitions; Exceptions. – In the rating and underwriting of noncommercial private passenger motor vehicle and residential property insurance coverage, insurers shall not use credit scoring as the sole basis for terminating an existing policy or any coverage in an existing policy or subjecting a policy to consent to rate as specified in G.S. 58-36-30(b) without consideration of any other risk factors, but insurers may use credit scoring as the sole basis for discounting rates. For purposes of this subsection only, "existing policy" means a policy that has been in effect for more than 60 days.

(c) Notification. – If a credit report is used in conjunction with other criteria to take an adverse action, the insurer shall provide the applicant or policyholder with written notice of the action taken, in a form approved by the Commissioner. The notification shall include, in easily understandable language:

(1) The specific reason for the adverse action and, if the adverse action was based upon a credit score, a description of the factors that were the primary influence on the score.

(2) The name, address, and toll-free telephone number of the credit bureau that provided the insurer with the credit-based information.

(3) The fact that the consumer has the right to obtain a free copy of the consumer's credit report from the appropriate credit bureau.

(4) The fact that the consumer has the right to challenge information contained in the consumer's credit report.

(d) Disputed Credit Report Information. – If it is determined through the dispute resolution process set forth in the federal Fair Credit Reporting Act, 15 U.S.C. § 1681i(a)(5), that the credit information of a current insured was incorrect or incomplete and if the insurer receives notice of such determination from either the consumer reporting agency or from the insured, the insurer shall re-underwrite or re-rate the consumer within 30 days of receiving the notice. After re-underwriting or re-rating the insured, the insurer shall make any adjustments necessary, consistent with its underwriting guidelines. If an insurer determines the insured has overpaid premium, the
insurer shall refund to the insured the amount of overpayment calculated back to the shorter of either the last 12 months of coverage or the actual policy period.

(e) Indemnification. – An insurer shall indemnify, defend, and hold agents harmless from and against all liability, fees, and costs arising out of or relating to the actions, errors, or omissions of an agent who obtains or uses credit information or insurance scores for an insurer, provided the agent follows the instructions or procedures established by the insurer and complies with any applicable law or regulation. Nothing in this subsection shall be construed to provide a consumer or other insured with a cause of action that does not exist in the absence of this subsection.

(f) Filing. – Insurers that use insurance scores to underwrite and rate risks shall file their scoring models, or other scoring processes, with the Department. A filing that includes insurance scoring may include loss experience justifying the applicable surcharge or credit. A filer may request that its credit score data be considered a trade secret and may designate parts of its filings accordingly.

SECTION 1.  G.S. 18B-600(f) reads as rewritten:

"(f) Township Elections. -- An election may be called on any of the propositions listed in G.S. 18B-602 in any township located within:

(1) A county where ABC stores have heretofore been established by petition pursuant to law.

(2) A county where ABC stores have been established pursuant to law, in which county according to data from the North Carolina Department of Commerce: (i) one-third or more of the employment is travel related, (ii) spending on travel exceeds four hundred million dollars ($400,000,000) per year, and where the entirety of two townships consists of one island (and several smaller islands not making up more than one percent (1%) of the total land area of the two townships) where that island:
   a. Has a population of 4,000 or over according to the most recent decennial federal census;
   b. Is located with one side facing the ocean and another side facing a coastal sound.

(3) A county where the population of all cities in the county that have previously approved the sale of any kind of alcoholic beverages comprises more than twenty percent (20%) of the total county population as of the most recent federal census.

In the case of subdivision (2) of this section, an election may be called in the two townships voting together on the proposition contained in G.S. 18B-602(h).

The election shall be held by the county board of elections upon request of the county board of commissioners or upon petition of twenty-five percent (25%) of the registered voters of the township, or in the case of subdivision (2) of this section, of the two townships taken together. The election shall be conducted and the results determined in the same manner as county elections held under this Article. For purposes of this Article, townships holding any election under this subsection shall be treated on the same basis as counties, and municipalities located within those townships shall be treated on the same basis as cities. In the case of an election under subdivision (2) of this subsection, the votes of the two townships counted together shall determine the result of the election.

For purposes of this subsection, the name and boundary of a township is as it is shown on the Redistricting Census 2000 TIGER Files with modifications made by the Legislative Services Office on its computer database as of May 1, 2001.

In any township election held under this subsection, the area within any incorporated municipality is excluded, and no permits may be issued under this subsection in any excluded area.

In order for an establishment to qualify for a permit under this subsection, the establishment's gross receipts from food and nonalcoholic beverages shall be greater than its gross receipts from alcoholic beverages."
SECTION 2. G.S. 18B-604 reads as rewritten:

(a) Time Limits. – No county alcoholic beverage election may be held within three years of the certification of the results of a previous election on the same kind of alcoholic beverages in that county. No city alcoholic beverage election may be held within three years of the certification of the results of a previous election on the same kind of alcoholic beverage in that city. Otherwise, alcoholic beverage elections may be held at any time, subject to the applicable provisions of this Chapter and Chapter 163.
(b) Effect of Favorable County Vote on City, City or Township. – If a majority of voters vote in favor of certain alcoholic beverage sales in a county election, sale of that kind of alcoholic beverage shall be lawful throughout the county, regardless of the vote in any city or township at that or any previous or subsequent election, and regardless of any local act making sales unlawful in that city, city or township, unless the local act was ratified before the effective date of Article II, Section 24(1)(j) of the Constitution of North Carolina. A county malt beverage or unfortified [wine] election in favor of a particular ballot proposition which is more restrictive than the form of sale already allowed in a city or township within that county shall not affect the legality of those previously authorized sales in the city, city or township.
(c) Effect of Negative County Vote on City, City or Township. – If a majority of voters vote against certain alcoholic beverage sales in a county election, sale of that kind of alcoholic beverage shall be unlawful throughout the county, except that sale of that alcoholic beverage shall remain lawful in any city or township in which sale is lawful because of a city or township election or a local act.
(d) Effect of City or Township Election on County. – A city or township alcoholic beverage election shall not affect the lawfulness of sale in any part of the county outside that city, city or township.
(e) ABC Store Required for Mixed Beverages. – The sale of mixed beverages may not continue in a city or county at any time after the ABC stores which are requisite to mixed beverage sales have closed.
(f) When Sales Stop. – When the sale of any alcoholic beverage that was previously lawful becomes unlawful because of an election, the sale of that alcoholic beverage shall cease 90 days after certification of the results of the election."

SECTION 3. G.S. 18B-404(b) reads as rewritten:

"(b) Issuance. – If mixed beverages sales have been approved for an establishment under G.S. 18B-603(d1) or under G.S. 18B-603(e), or for an establishment located in a township in which mixed beverages have been approved, the purchase-transportation permit for that establishment may be issued by the local board of any city located in the same county as the establishment, provided the city has approved the sale of mixed beverages. Otherwise a licensed establishment may obtain a mixed beverages purchase-transportation permit only from the local board for the jurisdiction in which it is located. If there is no ABC store within the establishment’s jurisdiction, then the mixed beverages permittee shall obtain a mixed beverages purchase-transportation permit from the nearest and most convenient ABC store."

S.B. 439

AN ACT MAKING OMNIBUS CHANGES TO THE EMPLOYMENT SECURITY LAWS OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 96-14(1) reads as rewritten:

"(1) For the duration of his unemployment beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the Commission that such individual is, at the time such claim is filed, unemployed because he left work without good cause attributable to the employer.

Where an individual leaves work due solely to a disability incurred or other health condition, whether or not related to the work, he shall not be disqualified for benefits if the individual shows:

a. That, at the time of leaving, an adequate disability or health condition, condition of the employee, of a minor child who is in the legally recognized custody of the individual, of an aged or disabled parent of the individual, or of a disabled member of the individual's immediate family, either medically diagnosed or otherwise shown by competent evidence, existed to justify the leaving and prevented the employee from doing other alternative work offered by the employer which pays the minimum wage or eighty-five percent (85%) of the individual's regular wage, whichever is greater; and

b. That, at a reasonable time prior to leaving, the individual gave the employer notice of his disability or health condition.
Where an employee is notified by the employer that such employee will be separated from employment on some future date and the employee leaves work prior to this date because of the impending separation, the employee shall be deemed to have left work voluntarily and the leaving shall be without good cause attributable to the employer. However, if the employee shows to the satisfaction of the Commission that it was impracticable or unduly burdensome for the employee to work until the announced separation date, the permanent disqualification imposed for leaving work without good cause attributable to the employer may be reduced to the greater of four weeks or the period running from the beginning of the week during which the claim for benefits was made until the end of the week of the announced separation date.

An employer's placing an individual on a bona fide disciplinary suspension of 10 or fewer consecutive calendar days shall not constitute good cause for leaving work."

SECTION 2. G.S. 96-9(c)(2) reads as rewritten:
"(2) Charging of benefit payments. –

a. Benefits paid shall be allocated to the account of each base period employer in the proportion that the base period wages paid to an eligible individual in any calendar quarter by each such employer bears to the total wages paid by all base period employers during the base period, except as hereinafter provided in paragraphs b, c, and d of this subdivision, G.S. 96-9(d)(2)c, and 96-12.01G. The amount so allocated shall be multiplied by one hundred twenty percent (120%) and charged to that employer's account. Benefits paid shall be charged to employers' accounts upon the basis of benefits paid to claimants whose benefit years have expired.

b. Any benefits paid to any claimant under a claim filed for a period occurring after the date of such separations as are set forth in this paragraph and based on wages paid prior to the date of (i) the leaving of work by the claimant without good cause attributable to the employer; (ii) the discharge of claimant for misconduct in connection with his work; (iii) the discharge of the claimant for substantial fault as that term may be defined in G.S. 96-14; (iv) the discharge of the claimant solely for a bona fide inability to do the work for which he was hired but only where the claimant's period of employment was 100 days or less; (v) separations made disqualifying under G.S. 96-14(2b) and (6a); (vi) separation due to leaving for disability or health condition; or (vii) separation of claimant solely as the result of an undue family hardship; hardship shall not be charged to the account of an employer by whom the claimant was employed at the time of such separation; provided, however, said employer promptly furnishes the Commission with such notices regarding any separation of the individual from work as are or may be required by the regulations of the Commission.
No benefit charges shall be made to the account of any employer who has furnished work to an individual who, because of the loss of employment with one or more other employers, becomes eligible for partial benefits while still being furnished work by such employer on substantially the same basis and substantially the same amount as had been made available to such individual during his base period whether the employments were simultaneous or successive; provided, that such employer makes a written request for noncharging of benefits in accordance with Commission regulations and procedures.

No benefit charges shall be made to the account of any employer for benefit years ending on or before June 30, 1992, where benefits were paid as a result of a discharge due directly to the reemployment of a veteran mandated by the Veteran's Reemployment Rights Law, 38 USCA § 2021, et seq.

No benefit charges shall be made to the account of any employer where benefits are paid as a result of a decision by an Adjudicator, Appeals Referee or the Commission if such decision to pay benefits is ultimately reversed; nor shall any such benefits paid be deemed to constitute an overpayment under G.S. 96-18(g)(2), the provisions thereof notwithstanding. Provided, an overpayment of benefits paid shall be established in order to provide for the waiting period required by G.S. 96-13(c).

c. Any benefits paid to any claimant who is attending a vocational school or training program as provided in G.S. 96-13(a)(3) shall not be charged to the account of the base period employer(s).

d. Any benefits paid to any claimant under the following conditions shall not be charged to the account of the base period employer(s):

1. The benefits are paid for unemployment due directly to a major natural disaster, and
2. The President has declared the disaster pursuant to the Disaster Relief Act of 1970, 42 USCA 4401, et seq., and
3. The benefits are paid to claimants who would have been eligible for disaster unemployment assistance under this Act, if they had not received unemployment insurance benefits with respect to that unemployment.

e. 1. Any benefits paid to any claimant which are based on previously uncovered employment which are reimbursable by the federal government shall not be charged to the experience rating account of any employer.
2. For purposes of this paragraph previously uncovered employment for which benefits are reimbursable by the federal government means services performed before July 1, 1978, in the case of a week of unemployment beginning before July 1, 1978, or before January 1, 1978,
in the case of a week of unemployment beginning after July 1, 1978, and to the extent that assistance under Title II of the Emergency Jobs and Unemployment Assistance Act of 1974 (SUA) was not paid to such individuals on the basis of such service."

SECTION 3. G.S. 96-14(1f) reads as rewritten:
"(1f) For the purposes of this Chapter, any claimant's leaving work, or discharge, if the claimant has been adjudged an aggrieved party as set forth by Chapter 50B of the General Statutes or there is evidence of domestic violence, sexual offense, or stalking, or the claimant has been granted program participant status pursuant to G.S. 15C-4 as the result of domestic violence committed upon the claimant or upon a minor child with or in the custody of the claimant by a person who has or has had a familial relationship with the claimant or minor child, shall constitute good cause for leaving work. Benefits paid on the basis of this section shall be noncharged. Evidence of domestic violence, sexual offense, or stalking may include: (i) law enforcement, court, or federal agency records or files; (ii) documentation from a domestic violence or sexual assault program if the claimant is alleged to be a victim of domestic violence or sexual assault; and (iii) documentation from a religious, medical, or other professional from whom the claimant has sought assistance in dealing with the alleged domestic violence, sexual abuse, or stalking."

SECTION 4. G.S. 96-9(d)(1) reads as rewritten:
"(1) a. Any nonprofit organization which becomes subject to this Chapter on or after January 1, 1972, shall pay contributions under the provisions of this Chapter, unless it elects in accordance with this paragraph to pay the Commission for the Unemployment Insurance Fund an amount equal to the amount of regular benefits and of one half of the extended benefits paid, that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment which begin within a benefit year established during the effective period of such election.

b. Any nonprofit organization which is or becomes subject to this Chapter on or after January 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than four calendar years beginning with the date on which subjectivity begins by filing a written notice of its election with the Commission not later than 30 days immediately following the date of written notification of the determination of such subjectivity. Provided if notification is not by registered mail, the election may be made on or after January 1, 1972, within six months following the date of the written notification of the determination of such subjectivity. If such election is not made as set forth herein, no election can be made until after four calendar years have elapsed under the contributions method of payment.
c. Any nonprofit organization which makes an election in accordance with subparagraph b of this paragraph will continue after such four calendar years to be liable for payments in lieu of contributions until it files with the Commission a written notice terminating its election not later than 30 days prior to the next January 1, effective on such January 1. Provided, however, no employer granted or in reimbursement status will be allowed refund of any previous balances used in a transfer to reimbursement status.

d. Any nonprofit organization which has been paying contributions under this Chapter for a period of at least four consecutive calendar years subsequent to January 1, 1972, may elect to change to a reimbursement basis by filing with the Commission not later than 30 days prior to the next January 1 a written notice of election to become liable for payments in lieu of contributions, effective on such January 1. Such election shall not be terminable for a period of four calendar years. In the event of such an election, the account of such employer shall be closed and shall not be used in any future computation of such employer's contribution rate in any manner whatsoever. Provided, however, any nonprofit employer formerly paying contributions who elects and qualifies to change to a reimbursement basis may be relieved of the requirement to pay one percent (1%) of taxable wages as required by G.S. 96-9(d)(2)a to the following extent and upon the following conditions:

1. Any nonprofit employer which has, for the year the election will be effective, an experience rating of 1.7 or less, will have transferred from its experience rating account an amount equal to one percent (1%) of its payroll as reported for each of the four calendar quarters which constitute the election year;

2. Any nonprofit employer which has, for the year the election will be effective, an experience rating of less than 2.7 but more than 1.7, will have transferred from its experience rating account an amount equal to one-half of one percent (.5%) of its payroll as reported for each of the four calendar quarters which constitute the election year. Such employers shall make advance payments to the Commission quarterly, computed at one-half of one percent (.5%) of the taxable wages reported as provided in G.S. 96-9(d)(2)a;

3. Any nonprofit employer which has, for the year the election will become effective, an experience rating of 2.7 or more, upon electing to change to a reimbursement basis, will meet all the requirements of G.S. 96-9(d)(2)a, including making advance payments computed at one percent (1%) of taxable wages.
e. The Commission, in accordance with such regulations as it may adopt, shall notify each nonprofit organization of any determination which it may make of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to reconsideration, appeal and review."

SECTION 5. G.S. 96-13(a) is amended by adding a new subdivision to read:

"(6) An unemployed individual shall not be disqualified for eligibility for unemployment compensation benefits solely on the basis that the individual is only available for part-time work. If an individual restricts his or her eligibility to part-time work, the individual may be considered able and available to work if it is determined that all the following conditions exist:

a. The claimant's monetary eligibility is based predominately on wages from part-time work.
b. The claimant is actively seeking and is willing to accept work under essentially the same conditions as existed while the claimant's reported wages were accrued.
c. The claimant imposes no other restriction and is in a labor market in which a reasonable demand exists for part-time service.

This subdivision shall not be construed to amend subdivision (3) of this subsection as it applies to students or G.S. 96-16 as it applies to seasonal workers."

SECTION 6. G.S. 96-14(1d) reads as rewritten:

"(1d) For the purposes of this Chapter, any claimant leaving work to accompany the claimant's spouse to a new place of residence where that spouse has secured work in a location that is too far removed for the claimant reasonably to continue his or her work shall serve a time certain disqualification for benefits for a period of five two weeks beginning the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits. Notwithstanding the other provisions of this subdivision, any claimant leaving work to accompany the claimant's spouse to a new place of residence because the spouse has been reassigned from one military assignment to another shall be deemed good cause for leaving work."

It is the intent of the General Assembly that any county that uses county funds to replace voting equipment to satisfy this section shall be given priority in appropriations to counties for voting equipment."

SECTION 13. G.S. 163-182.1 reads as rewritten:

(a) General Principles That Shall Apply. – The following general principles shall apply in the counting of official ballots, whether the initial count or any recount:
(1) Only official ballots shall be counted.
(2) No official ballot shall be rejected because of technical errors in marking it, unless it is impossible to clearly determine the voter’s choice.
(3) If it is impossible to clearly determine a voter's choice in a ballot item, the official ballot shall not be counted for that ballot item, but shall be counted in all other ballot items in which the voter's choice can be clearly determined.
(4) If an official ballot is marked in a ballot item with more choices than there are offices to be filled or propositions that may prevail, the official ballot shall not be counted for that ballot item, but shall be counted in all other ballot items in which there is no overvote and the voter's choice can be clearly determined.
(5) If an official ballot is rejected by a scanner or other counting machine, but human counters can clearly determine the voter’s choice, the official ballot shall be counted by hand and eye.
(6) Write-in votes shall not be counted in party primaries or in referenda, but shall be counted in general elections if all of the following are true:
   a. The write-in vote is written by the voter or by a person authorized to assist the voter pursuant to G.S. 163-166.8.
   b. The write-in vote is not cast for a candidate who has failed to qualify under G.S. 163-123 as a write-in candidate.
   c. The voter's choice can be clearly determined.
(7) Straight-party ticket and split-ticket votes shall be counted in general elections according to the following guidelines:

a. If a voter casts a vote for a straight-party ticket, that vote shall be counted for all the candidates of that party, other than those for President and Vice President, in the partisan ballot items on that official ballot except as otherwise provided in this subdivision.

b. If a voter casts a vote for a straight-party ticket and also votes in a partisan ballot item for a candidate not of that party, the official ballot shall be counted in that ballot item only for the individually marked candidate. In partisan ballot items where no mark is made for an individual candidate, the official ballot shall be counted for the candidates of the party whose straight ticket the voter voted.

c. If a voter casts a vote for a straight-party ticket and also casts a write-in vote in any partisan ballot item, the straight-party ticket vote shall not control the way the official ballot is counted in that ballot item, except to the extent it would control in the case of crossover voting under this subdivision. The following principles shall apply:

1. If the write-in vote is proper under subdivision (6) of this subsection, that write-in candidate shall receive a vote.

2. If the write-in vote is not proper under subdivision (6) of this subsection and no other candidate is individually marked in that ballot item, then no vote shall be counted in that ballot item.

3. If the straight-ticket voter casts both write-in votes and individually marked votes for ballot candidates in a ballot item, then the write-in and individually marked votes shall be counted unless the write-in is not proper under subdivision (6) of this subsection or an overvote results.

(b) Rules and Directions by State Board of Elections. — The State Board of Elections shall promulgate rules where necessary to apply the principles in subsection (a) of this section to each voting system in use in the State. The rules shall prescribe procedures and standards for each type of voting system. Those procedures and standards shall be followed uniformly throughout the State in all places where that type of voting system is used. The State Board shall direct the county boards of elections in the application of the principles and rules in individual circumstances.

(b) Procedures and Standards. – The State Board of Elections shall adopt uniform and nondiscriminatory procedures and standards for voting systems. The standards shall define what constitutes a vote and what will be counted as a vote for each category of voting system used in the State. The State Board shall adopt those procedures and standards at a meeting occurring not earlier than 15 days after the State Board gives notice of the meeting. The procedures and standards adopted shall apply to all elections occurring in the State and shall be subject to amendment or repeal by the State Board acting at any meeting where notice that the action has been proposed has been given at least 15 days before the meeting. These procedures and standards shall not be considered to be rules subject to Article 2A of Chapter 150B of the General Statutes.

Notwithstanding any other provision of this Chapter, the Codifier of Rules shall publish in the North Carolina Register a proposed temporary rule received from the Department in accordance with this subsection.

A recent act, change, regulation, or order as used in subdivisions (2) through (5) of this subsection means an act, change, regulation, or order occurring or made effective no more than 210 days prior to the submission of a temporary rule to the Rules Review Commission. Upon written request of the agency, the Commission may waive the 210-day requirement upon consideration of the degree of public benefit, whether the agency had control over the circumstances that required the requested waiver, notice to and opposition by the public, the need for the waiver, and previous requests for waivers submitted by the agency.
(a1) Unless otherwise provided by law, at least 30 business days prior to adopting a temporary rule, the agency shall:

1. Submit the rule and a notice of public hearing to the Codifier of Rules, and the Codifier of Rules shall publish the proposed temporary rule and the notice of public hearing on the Internet to be posted within five business days.

2. Notify persons on the mailing list maintained pursuant to G.S. 150B-21.2(d) and any other interested parties of its intent to adopt a temporary rule and of the public hearing.

3. Accept written comments on the proposed temporary rule for at least 15 business days prior to adoption of the temporary rule.

4. Hold at least one public hearing on the proposed temporary rule no less than five days after the rule and notice have been published.

An agency must also prepare a written statement of its findings of need for a temporary rule stating why adherence to the notice and hearing requirements in G.S. 150B-21.2 would be contrary to the public interest and why the immediate adoption of the rule is required. The statement must be signed by the head of the agency adopting the temporary rule.

(b) Review. – When an agency adopts a temporary rule it must submit the rule and the agency's written statement of its findings of the need for the rule to the Codifier of Rules, Rules Review Commission. Within one business day after an agency submits a temporary rule, the Codifier of Rules must review the agency's written statement of findings of need for the rule to determine whether the statement of need meets the criteria listed in subsection (a) or (a1) of this section. Within 15 business days after receiving the proposed temporary rule, the Commission shall review the agency's written statement of findings of need for the rule and the rule to determine whether the statement meets the criteria listed in subsection (a) of this section and the rule meets the standards in G.S. 150B-21.9. The Commission shall direct a member of its staff who is an attorney licensed to practice law in North Carolina to review the statement of findings of need and the rule. The staff member shall make a recommendation to the Commission, which must be approved by the Commission or its designee. The Commission's designee shall be a panel of at least three members of the Commission. In reviewing the statement, the Codifier of Rules, Commission or its designee may consider any information submitted by the agency or another person. If the Codifier of Rules Commission or its designee finds that the statement meets the criteria listed in subsection (a) of this section and the rule meets the standards in G.S. 150B-21.9, the Codifier of Rules must notify the head of the agency and enter the rule in the North Carolina Administrative Code. Commission or its designee must approve the temporary rule and deliver the rule to the Codifier of Rules within two business days of approval. The Codifier of Rules must enter the rule into the North Carolina Administrative Code on the sixth business day following receipt from the Commission or its designee.

If the Codifier of Rules Commission or its designee finds that the statement does not meet the criteria listed in subsection (a) of this section or that the rule does not meet the standards in G.S. 150B-21.9, the Codifier of Rules Commission or its designee must immediately notify the head of the agency. The agency may supplement its statement of need with additional findings or submit a new statement. If the agency provides additional findings or submits a new statement, the Codifier of Rules Commission or its designee must review the additional findings or new statement within one business day.
findings or new statement. If the Codifier of Rules Commission or its designee again finds that the statement does not meet the criteria listed in subsection (a) or (a1) of this section, the Codifier of Rules Commission or its designee must immediately notify the head of the agency and return the rule to the agency.

If an agency decides not to provide additional findings or submit a new statement when notified by the Codifier of Rules Commission or its designee that the agency's findings of need for a rule do not meet the required criteria, or that the rule does not meet the required standards, the agency must notify the Codifier of Rules Commission or its designee of its decision. The Codifier of Rules must then enter the rule in the North Carolina Administrative Code on the sixth business day after receiving notice of the agency's decision. The Commission or its designee shall then return the rule to the agency. When the Commission returns a rule to an agency in accordance with this subsection, the agency may file an action for declaratory judgment in Wake County Superior Court pursuant to Article 26 of Chapter 1 of the General Statutes. Notwithstanding any other provision of this subsection, if the agency has not complied with the provisions of G.S. 12-3.1, the Codifier of Rules shall not enter the rule into the Code.

(c) Standing. – A person aggrieved by a temporary rule adopted by an agency may file an action for declaratory judgment in Wake County Superior Court pursuant to Article 26 of Chapter 1 of the General Statutes. In the action, the court shall determine whether the agency's written statement of findings of need for the rule meets the criteria listed in subsection (a) or (a1) of this section and whether the rule meets the standards in G.S. 150B-21.9 that apply to review of a permanent rule. The court shall not grant an ex parte temporary restraining order.

Filing a petition for rule making or a request for a declaratory ruling with the agency that adopted the rule is not a prerequisite to filing an action under this subsection. A person who files an action for declaratory judgment under this subsection must serve a copy of the complaint on the agency that adopted the rule being contested, the Codifier of Rules, and the Commission.

(d) Effective Date and Expiration. – A temporary rule becomes effective on the date specified in G.S. 150B-21.3. A temporary rule expires on the earliest of the following dates:

1. The date specified in the rule.
2. The effective date of the permanent rule adopted to replace the temporary rule, if the Commission approves the permanent rule.
3. The date the Commission returns to an agency a permanent rule the agency adopted to replace the temporary rule.
4. The effective date of an act of the General Assembly that specifically disapproves a permanent rule adopted to replace the temporary rule.
5. 270 days from the date the temporary rule was published in the North Carolina Register, unless the permanent rule adopted to replace the temporary rule has been submitted to the Commission.

(e) Publication. – When the Codifier of Rules enters a temporary rule in the North Carolina Administrative Code, the Codifier must publish the rule in the North Carolina Register. Publication of a temporary rule in the North Carolina Register serves as a notice of rule making proceedings for a permanent rule if the permanent rule is substantially the same as the published temporary rule, unless the agency published a
SECTION 3. Part 2 of Article 2A of Chapter 150B of the General Statutes is amended by adding a new section to read:

"§ 150B-21.1A. Adoption of an emergency rule.

(a) Adoption. – An agency may adopt an emergency rule without prior notice or hearing or upon any abbreviated notice or hearing the agency finds practical when it finds that adherence to the notice and hearing requirements of this Part would be contrary to the public interest and that the immediate adoption of the rule is required by a serious and unforeseen threat to the public health or safety. When an agency adopts an emergency rule, it must simultaneously commence the process for adopting a temporary rule by submitting the rule to the Codifier of Rules for publication on the Internet in accordance with G.S. 150B-21.1(a1). The Department of Health and Human Services or the appropriate rule-making agency within the Department may adopt emergency rules in accordance with this section when a recent act of the General Assembly or the United States Congress or a recent change in federal regulations authorizes new or increased services or benefits for children and families and the emergency rule is necessary to implement the change in State or federal law.

(b) Review. – An agency must prepare a written statement of its findings of need for an emergency rule. The statement must be signed by the head of the agency adopting the rule. When an agency adopts an emergency rule, it must submit the rule and the agency's written statement of its findings of need for the rule to the Codifier of Rules. Within two business days after an agency submits an emergency rule, the Codifier of Rules must review the agency's written statement of findings of need for the rule to determine whether the statement of need meets the criteria in subsection (a) of this section. In reviewing the statement, the Codifier of Rules may consider any information submitted by the agency or another person. If the Codifier of Rules finds that the statement meets the criteria, the Codifier of Rules must notify the head of the agency and enter the rule in the North Carolina Administrative Code on the sixth business day following approval by the Codifier of Rules.

If the Codifier of Rules finds that the statement does not meet the criteria in subsection (a) of this section, the Codifier of Rules must immediately notify the head of the agency. The agency may supplement its statement of need with additional findings or submit a new statement. If the agency provides additional findings or submits a new statement, the Codifier of Rules must review the additional findings or new statement within one business day after the agency submits the additional findings or new statement. If the Codifier of Rules again finds that the statement does not meet the criteria in subsection (a) of this section, the Codifier of Rules must immediately notify the head of the agency.

If an agency decides not to provide additional findings or submit a new statement when notified by the Codifier of Rules that the agency's findings of need for a rule do not meet the required criteria, the agency must notify the Codifier of Rules of its decision. The Codifier of Rules must then enter the rule in the North Carolina Administrative Code on the sixth business day after receiving notice of the agency's decision. Notwithstanding any other provision of this subsection, if the agency has not complied with the provisions of G.S. 12-3.1, the Codifier of Rules shall not enter the rule into the Code.

(c) Standing. – A person aggrieved by an emergency rule adopted by an agency may file an action for declaratory judgment in Wake County Superior Court pursuant to
Article 26 of Chapter 1 of the General Statutes. In the action, the court shall determine whether the agency's written statement of findings of need for the rule meets the criteria listed in subsection (a) of this section and whether the rule meets the standards in G.S. 150B-21.9. The court shall not grant an ex parte temporary restraining order.

Filing a petition for rule making or a request for a declaratory ruling with the agency that adopted the rule is not a prerequisite to filing an action under this subsection. A person who files an action for declaratory judgment under this subsection must serve a copy of the complaint on the agency that adopted the rule being contested, the Codifier of Rules, and the Commission.

(d) Effective Date and Expiration. – An emergency rule becomes effective on the date specified in G.S. 150B-21.3. An emergency rule expires on the earliest of the following dates:

(1) The date specified in the rule.
(2) The effective date of the temporary rule adopted to replace the emergency rule, if the Commission approves the temporary rule.
(3) The date the Commission returns to an agency a temporary rule the agency adopted to replace the emergency rule.
(4) Sixty days from the date the emergency rule was published in the North Carolina Register, unless the temporary rule adopted to replace the emergency rule has been submitted to the Commission.

(e) Publication. – When the Codifier of Rules enters an emergency rule in the North Carolina Administrative Code, the Codifier of Rules must publish the rule in the North Carolina Register.

SECTION 4. G.S. 150B-21.2 reads as rewritten:

"§ 150B-21.2. Procedure for adopting a permanent rule.

(a) Steps. – Before an agency adopts a permanent rule, it must take the following actions:

(1) Publish a notice of rule making proceedings text in the North Carolina Register, unless the proposed rule is substantially the same as a temporary rule published in the North Carolina Register.
(2) When required by G.S. 150B-21.4, prepare or obtain a fiscal note for the proposed rule.
(3) Publish the text of the proposed rule in the North Carolina Register.
(4) When required by subsection (e) of this section, hold a public hearing on the proposed rule after publication of the proposed text of the rule.
(5) Accept oral or written comments on the proposed rule as required by subsection (f) of this section.

(b) Notice of Rule Making Proceedings. – A notice of rule making proceedings published in the North Carolina Register must include all of the following:

(2) A short explanation of the reason for the proposed action.
(3) A citation to the law that gives the agency the authority to adopt a rule on the subject matter of the proposed rule making.
(4) The person to whom questions or written comments may be submitted on the subject matter of the proposed rule making.

Publication in the North Carolina Register of an agency's rule making agenda satisfies the requirements of this subsection if the agenda includes the information required by this subsection.
(c) **Text After Notice of Rule Making Proceedings.** — **Notice of Text.** — A notice of the proposed text of a rule must include all of the following:

1. The text of the proposed rule.
2. A short explanation of the reason for the proposed rule.
3. A citation to the law that gives the agency the authority to adopt the rule.
4. The proposed effective date of the rule.
5. The date, time, and place of any public hearing scheduled on the rule.
6. Instructions on how a person may demand a public hearing on a proposed rule if the notice does not schedule a public hearing on the proposed rule and subsection (e) of this section requires the agency to hold a public hearing on the proposed rule when requested to do so.
7. The period of time during which and the person to whom written comments may be submitted on the proposed rule.
8. If a fiscal note has been prepared for the rule, a statement that a copy of the fiscal note can be obtained from the agency.
9. The procedure by which a person can object to a proposed rule and the requirements for subjecting a proposed rule to the legislative review process.

An agency shall not publish the proposed text of a rule until at least 60 days after the date the notice of rule making proceedings for the proposed rule was published in the North Carolina Register.

(d) **Mailing List.** — An agency must maintain a mailing list of persons who have requested notice of rule making. When an agency publishes in the North Carolina Register a notice of rule making proceedings or the text of a proposed rule, it must mail a copy of the notice or text to each person on the mailing list who has requested notice of rule making proceedings on the subject matter described in the notice or the rule affected. An agency may charge an annual fee to each person on the agency's mailing list to cover copying and mailing costs.

(e) **Hearing.** — An agency must hold a public hearing on a rule it proposes to adopt if the agency publishes the text of the proposed rule in the North Carolina Register and all the following apply:

1. The notice of text does not schedule a public hearing on the proposed rule.
2. The agency receives a written request for a public hearing on the proposed rule within 15 days after the notice of text is published.
3. The proposed text is not a changed version of proposed text the agency previously published in the course of rule making proceedings but did not adopt.

An agency may hold a public hearing on a proposed rule in other circumstances. When an agency is required to hold a public hearing on a proposed rule or decides to hold a public hearing on a proposed rule when it is not required to do so, the agency must publish in the North Carolina Register a notice of the date, time, and place of the public hearing. The hearing date of a public hearing held after the agency publishes notice of the hearing in the North Carolina Register must be at least 15 days after the date the notice is published. If notice of a public hearing has been published in the North Carolina Register and that public hearing has been cancelled, the agency shall publish notice in the North Carolina Register at least 15 days prior to the date of any rescheduled hearing.

368
Comments. – An agency must accept comments on a notice of proposed rule-making proceedings published in the North Carolina Register until the text of the proposed rule that results from the notice is published. An agency must accept comments on the text of a proposed rule that is published in the North Carolina Register and that requires a fiscal note under G.S. 150B-21.4(b1) for at least 60 days after the text is published or until the date of any public hearing held on the proposed rule, whichever is longer. An agency must accept comments on the text of any other proposed rule published in the North Carolina Register for at least 30 days after the text is published or until the date of any public hearing held on the proposed rule, whichever is longer. An agency must consider fully all written and oral comments received.

Adoption. – An agency shall not adopt a rule until the time for commenting on the proposed text of the rule has elapsed and shall not adopt a rule if more than 12 months have elapsed since the end of the time for commenting on the proposed text of the rule. An agency shall not adopt a rule that differs substantially from the text of a proposed rule published in the North Carolina Register unless the agency publishes the text of the proposed different rule in the North Carolina Register and accepts comments on the proposed different rule for the time set in subsection (f) of this section.

An adopted rule differs substantially from a proposed rule if it does one or more of the following:

1. Affects the interests of persons who, based on either the notice of rule-making proceedings or the proposed text of the rule published in the North Carolina Register, could not reasonably have determined that the rule would affect their interests.
2. Addresses a subject matter or an issue that is not addressed in the proposed text of the rule.
3. Produces an effect that could not reasonably have been expected based on the proposed text of the rule.

When an agency adopts a rule, it shall not take subsequent action on the rule without following the procedures in this Part. An agency must submit an adopted rule to the Rules Review Commission within 30 days of the agency's adoption of the rule.

Explanation. – An agency must issue a concise written statement explaining why the agency adopted a rule if, within 30 days after the agency adopts the rule, a person asks the agency to do so. The explanation must state the principal reasons for and against adopting the rule and must discuss why the agency rejected any arguments made or considerations urged against the adoption of the rule. The agency must issue the explanation within 15 days after receipt of the request for an explanation.

Record. – An agency must keep a record of a rule-making proceeding. The record must include all written comments received, a transcript or recording of any public hearing held on the rule, and any written explanation made by the agency for adopting the rule.

SECTION 5. G.S. 150B-21.3 reads as rewritten:

"§ 150B-21.3. Effective date of rules.

(a) Temporary and Emergency Rule. – A temporary rule or an emergency rule becomes effective on the date the Codifier of Rules enters the rule in the North Carolina Administrative Code.

(b) Permanent Rule. – A permanent rule approved by the Commission becomes effective on the first day of the month following the month the rule is approved by the Commission, unless the Commission received written objections to the rule in accordance with subsection (b2) of this section."
(b1) Delayed Effective Dates. – If the Commission received written objections to the rule in accordance with subsection (b2) of this section, the rule becomes effective on the earlier of the thirty-first legislative day or the day of adjournment of the next regular session of the General Assembly that begins at least 25 days after the date the Commission approved the rule, unless a different effective date applies under this section. If a bill that specifically disapproves the rule is introduced in either house of the General Assembly before the thirty-first legislative day of that session, the rule becomes effective on the earlier of either the day an unfavorable final action is taken on the bill or the day that session of the General Assembly adjourns without ratifying a bill that specifically disapproves the rule. If the agency adopting the rule specifies a later effective date than the date that would otherwise apply under this subsection, the later date applies. A permanent rule that is not approved by the Commission or that is specifically disapproved by a bill enacted into law before it becomes effective does not become effective.

A bill specifically disapproves a rule if it contains a provision that refers to the rule by appropriate North Carolina Administrative Code citation and states that the rule is disapproved. Notwithstanding any rule of either house of the General Assembly, any member of the General Assembly may introduce a bill during the first 30 legislative days of any regular session to disapprove a rule that has been approved by the Commission and that either has not become effective or has become effective by executive order under subsection (c) of this section.

(b2) Objection. – Any person who objects to the adoption of a permanent rule may submit written comments to the agency. If the objection is not resolved prior to adoption of the rule, a person may submit written objections to the Commission. If the Commission receives written objections from 10 or more persons clearly requesting review by the legislature in accordance with instructions contained in the notice pursuant to G.S. 150B-21.2(c)(9), and the Commission approves the rule, the rule will become effective as provided in subsection (b1) of this section. When the requirements of this subsection have been met and a rule is subject to legislative disapproval, the agency may adopt the rule as a temporary rule if the rule would have met the criteria listed in G.S. 150B-21.1(a) at the time the notice of text for the permanent rule was published in the North Carolina Register.

(c) Executive Order Exception. – The Governor may, by executive order, make effective a permanent rule that has been approved by the Commission and has not become effective under subsection (b) but the effective date of which has been delayed in accordance with subsection (b1) of this section upon finding that it is necessary that the rule become effective in order to protect public health, safety, or welfare. A rule made effective by executive order becomes effective on the date the order is issued or at a later date specified in the order. When the Codifier of Rules enters in the North Carolina Administrative Code a rule made effective by executive order, the entry must reflect this action.

A rule that is made effective by executive order remains in effect unless it is specifically disapproved by the General Assembly in a bill enacted into law on or before the day of adjournment of the regular session of the General Assembly that begins at least 25 days after the date the executive order is issued. A rule that is made effective by executive order and that is specifically disapproved by a bill enacted into law is repealed as of the date specified in the bill. If a rule that is made effective by executive order is not specifically disapproved by a bill enacted into law within the time set by this...
subsection, the Codifier of Rules must note this in the North Carolina Administrative Code.

(c1) Fees. – Notwithstanding any other provision of this section, a rule that establishes a new fee or increases an existing fee shall not become effective until the agency has complied with the requirements of G.S. 12-3.1.

(d) Legislative Day and Day of Adjournment. – As used in this section:
   (1) A "legislative day" is a day on which either house of the General Assembly convenes in regular session.
   (2) The "day of adjournment" of a regular session held in an odd-numbered year is the day the General Assembly adjourns by joint resolution for more than 10 days.
   (3) The "day of adjournment" of a regular session held in an even-numbered year is the day the General Assembly adjourns sine die.

(e) OSHA Standard. – A permanent rule concerning an occupational safety and health standard that is adopted by the Occupational Safety and Health Division of the Department of Labor and is identical to a federal regulation promulgated by the Secretary of the United States Department of Labor becomes effective on the date the Division delivers the rule to the Codifier of Rules, unless the Division specifies a later effective date. If the Division specifies a later effective date, the rule becomes effective on that date.

(f) Technical Change. – A permanent rule for which no notice or hearing is required under G.S. 150B-21.5(a)(1) through (a)(5) or G.S. 150B-21.5(b) becomes effective on the first day of the month following the month the rule is approved by the Rules Review Commission."

SECTION 6. G.S. 150B-21.4(b1) reads as rewritten:

"(b1) Substantial Economic Impact. – Before an agency publishes in the North Carolina Register the proposed text of a permanent rule change that would have a substantial economic impact and that is not identical to a federal regulation that the agency is required to adopt, the agency must obtain a fiscal note for the proposed rule change from the Office of State Budget and Management or prepare a fiscal note for the proposed rule change and have the note approved by that Office. If an agency requests the Office of State Budget and Management to prepare a fiscal note for a proposed rule change, the Office must prepare the note within 90 days after receiving a written request for the note. If the Office of State Budget and Management fails to prepare a fiscal note within this time period, the agency proposing the rule change may prepare a fiscal note. A fiscal note prepared in this circumstance does not require approval of the Office of State Budget and Management.

If an agency prepares the required fiscal note, the agency must submit the note to the Office of State Budget and Management for review. The Office of State Budget and Management must review the fiscal note within 14 days after it is submitted and either approve the note or inform the agency in writing of the reasons why it does not approve the fiscal note. After addressing these reasons, the agency may submit the revised fiscal note to that Office for its review. If an agency is not sure whether a proposed rule change would have a substantial economic impact, the agency may ask the Office of State Budget and Management to determine whether the proposed rule change has a substantial economic impact.
As used in this subsection, the term "substantial economic impact" means an aggregate financial impact on all persons affected of at least five million dollars ($5,000,000) in a 12-month period."

SECTION 7. G.S. 150B-21.5 reads as rewritten:

"§ 150B-21.5. Circumstances when notice and rule-making hearing not required.
(a) Amendment. – An agency is not required to publish a notice of rule-making proceedings or a notice of text in the North Carolina Register or hold a public hearing when it proposes to amend a rule to do one of the following:
   (1) Rerletter or renumber the rule or subparts of the rule.
   (2) Substitute one name for another when an organization or position is renamed.

(c) OSHA Standard. – The Occupational Safety and Health Division of the Department of Labor is not required to publish a notice of rule-making proceedings or a notice of text in the North Carolina Register or hold a public hearing when it proposes to adopt a rule that concerns an occupational safety and health standard and is identical to a federal regulation promulgated by the Secretary of the United States Department of Labor. The Occupational Safety and Health Division is not required to submit to the Commission for review a rule for which notice and hearing is not required under this subsection.
(d) State Building Code. – The Building Code Council is not required to publish a notice of text in the North Carolina Register when it proposes to adopt a rule that concerns the North Carolina State Building Code. The Building Code Council is required to publish a notice of rule-making proceeding in the North Carolina Register when it proposes to adopt a rule that concerns the North Carolina State Building Code. The notice must include all of the following:

   (2) A short explanation of the reason for the proposed action.
   (3) A citation to the law that gives the agency the authority to adopt a rule on the subject matter of the proposed rule making.
   (4) The person to whom questions or written comments may be submitted on the subject matter of the proposed rule making.
The Building Code Council is required to submit to the Commission for review a rule for which notice and hearing of text is not required under this subsection. In adopting a rule, the Council shall comply with the procedural requirements of G.S. 150B-21.3."

SECTION 8. G.S. 150B-21.8 reads as rewritten:
(a) Temporary—Emergency Rule. – The Commission does not review a temporary or emergency rule.
(b) Temporary and Permanent Rule—Rules. – An agency must submit a temporary and permanent rule—rules adopted by it to the Commission before the rule can be included in the North Carolina Administrative Code. (c) Scope. – When the Commission reviews an amendment to a permanent rule, it may review the entire rule that is being amended. The procedure in G.S. 150B-21.12 applies when the Commission objects to a part of a permanent rule that is within its scope of review but is not changed by a rule amendment.
(d) Judicial Review. – When the Commission returns a permanent rule to an agency in accordance with G.S. 150B-21.12(d), the agency may file an action for declaratory judgment in Wake County Superior Court pursuant to Article 26 of Chapter 1 of the General Statutes."

SECTION 9. G.S. 150B-21.9 reads as rewritten:
(a) Standards. – The Commission must determine whether a rule meets all of the following criteria:
   (1) It is within the authority delegated to the agency by the General Assembly.
   (2) It is clear and unambiguous.
   (3) It is reasonably necessary to fulfill a duty delegated to the agency by implement or interpret an enactment of the General Assembly, or of Congress, or a regulation of a federal agency, when considered in light of The Commission shall consider the cumulative effect of all rules adopted by the agency related to the specific purpose for which the rule is proposed and the legislative intent of the General Assembly in delegating the duty proposed.
   (4) It was adopted in accordance with Part 2 of this Article.

The Commission may determine if a rule submitted to it was adopted in accordance with Part 2 of this Article. The Commission must ask the Office of State Budget and Management to determine if a rule has a substantial economic impact and is therefore required to have a fiscal note. The Commission must ask the Office of State Budget and Management to make this determination if a fiscal note was not prepared for a rule and the Commission receives a written request for a determination of whether the rule has a substantial economic impact.

The Commission must notify the agency that adopted the rule if it determines that a rule was not adopted in accordance with Part 2 of this Article and must return the rule to the agency. (all) Entry of a rule in the North Carolina Administrative Code after review

SECTION 10. G.S. 150B-21.12(c) reads as rewritten:

continued objection and the reason for the continued objection. The Commission must
also determine whether the change is substantial. In making this determination, the
Commission shall use the standards set forth in G.S. 150B-21.2(g). If the change is
substantial, the revised rule shall be published and reviewed in accordance with the

SECTION 11. G.S. 150B-21.17(a) reads as rewritten:

AN ACT TO ADOPT THE REVISED UNIFORM PRINCIPAL AND INCOME ACT.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 37 of the General Statutes is repealed.

SECTION 2. The General Statutes are amended by adding a new Chapter to read:

"Chapter 37A.
"Uniform Principal and Income Act.
"Article 1.
"Definitions and Fiduciary Duties; Conversion to Unitrust; Judicial Control of Discretionary Power.

§ 37A-1-101. Short title. This Chapter may be cited as the Uniform Principal and Income Act.

§ 37A-1-102. Definitions. The following definitions apply in this Chapter:

(1) "Accounting period" means a calendar year unless another 12-month period is selected by a fiduciary. The term includes a portion of a calendar year or other 12-month period that begins when an income interest begins or ends when an income interest ends.

(2) "Beneficiary" includes, in the case of a decedent's estate, an heir, legatee, and devisee and, in the case of a trust, an income beneficiary and a remainder beneficiary.

(3) "Fiduciary" means a personal representative or a trustee. The term includes an executor, administrator, successor personal representative, special administrator, and a person performing substantially the same function.

(4) "Income" means money or property that a fiduciary receives as current return from a principal asset. The term includes a portion of receipts from a sale, exchange, or liquidation of a principal asset, to the extent provided in Article 4 of this Chapter.

(5) "Income beneficiary" means a person to whom net income of a trust is or may be payable.

(6) "Income interest" means the right of an income beneficiary to receive all or part of net income, whether the terms of the trust require it to be distributed or authorize it to be distributed in the trustee's discretion.

(7) "Mandatory income interest" means the right of an income beneficiary to receive net income that the terms of the trust require the fiduciary to distribute.

(8) "Net income" means the total receipts allocated to income during an accounting period minus the disbursements made from income during
§ 37A-1-103. Fiduciary duties; general principles.

(a) In allocating receipts and disbursements to or between principal and income, and with respect to any matter within the scope of Articles 2 and 3 of this Chapter, a fiduciary:

(1) Shall administer a trust or estate in accordance with the terms of the trust or the will, even if there is a different provision in this Chapter;

(2) May administer a trust or estate by the exercise of a discretionary power of administration given to the fiduciary by the terms of the trust or the will, even if the exercise of the power produces a result different from a result required or permitted by this Chapter;

(3) Shall administer a trust or estate in accordance with this Chapter if the terms of the trust or the will do not contain a different provision or do not give the fiduciary a discretionary power of administration; and

(4) Shall add a receipt or charge a disbursement to principal to the extent that the terms of the trust and this Chapter do not provide a rule for allocating the receipt or disbursement to or between principal and income.

(b) In exercising the power to adjust under G.S. 37A-1-104(a), any discretionary power in connection with the conversion or administration of a unitrust under Part 2 of this Article, or a discretionary power of administration regarding a matter within the scope of this Chapter, whether granted by the terms of a trust, a will, or this Chapter, a fiduciary shall administer a trust or estate impartially, based on what is fair and reasonable to all of the beneficiaries, except to the extent that the terms of the trust or the will clearly manifest an intention that the fiduciary shall or may favor one or more of the beneficiaries. A determination in accordance with this Chapter is presumed to be fair and reasonable to all of the beneficiaries.

(c) The exercise of powers of allocation of receipts and expenditures contained or incorporated by reference to G.S. 32-27(29) in wills dated prior to January 1, 2004, shall continue to be valid.

§ 37A-1-104. Trustee's power to adjust.

(a) A trustee may adjust between principal and income to the extent the trustee considers necessary if the trustee invests and manages trust assets as a prudent investor, the terms of the trust describe the amount that may or shall be distributed to a
beneficiary by referring to the trust's income, and the trustee determines, after applying
the rules in G.S. 37A-1-103(a), that the trustee is unable to comply with G.S.
37A-1-103(b). In lieu of exercising the power to adjust, the trustee may convert the trust
to a unitrust as permitted under Part 2 of this Article, in which case the unitrust amount
shall become the net income of the trust.

(b) In deciding whether and to what extent to exercise the power conferred by
subsection (a) of this section, a trustee shall consider all factors relevant to the trust and
its beneficiaries, including the following factors to the extent they are relevant:

(1) The nature, purpose, and expected duration of the trust;
(2) The intent of the grantor or settlor;
(3) The identity and circumstances of the beneficiaries;
(4) The needs for liquidity, regularity of income, and preservation and
appreciation of capital;
(5) The assets held in the trust; the extent to which they consist of
financial assets, interests in closely held enterprises, tangible and
intangible personal property, or real property; the extent to which an
asset is used by a beneficiary; and whether an asset was purchased by
the trustee or received from the settlor;
(6) The net amount allocated to income under the other sections of this
Chapter and the increase or decrease in the value of the principal
assets, which the trustee may estimate as to assets for which market
values are not readily available;
(7) Whether and to what extent the terms of the trust give the trustee the
power to invade principal or accumulate income or prohibit the trustee
from invading principal or accumulating income, and the extent to
which the trustee has exercised a power from time to time to invade
principal or accumulate income;
(8) The actual and anticipated effect of economic conditions on principal
and income and effects of inflation and deflation; and
(9) The anticipated tax consequences of an adjustment.

(c) A trustee shall not make an adjustment:

(1) That diminishes the income interest in a trust that requires all of the
income to be paid at least annually to a spouse and for which an estate
tax or gift tax marital deduction would be allowed, in whole or in part,
if the trustee did not have the power to make the adjustment;
(2) That reduces the actuarial value of the income interest in a trust to
which a person transfers property with the intent to qualify for a gift
tax exclusion;
(3) That changes the amount payable to a beneficiary as a fixed annuity or
a fixed fraction of the value of the trust assets;
(4) From any amount that is permanently set aside for charitable purposes
under a will or the terms of a trust unless both income and principal
are so set aside;
(5) If possessing or exercising the power to make an adjustment causes an
individual to be treated as the owner of all or part of the trust for
income tax purposes and the individual would not be treated as the
owner if the trustee did not possess the power to make an adjustment;
(6) If possessing or exercising the power to make an adjustment causes all
or part of the trust assets to be included for estate tax purposes in the
estate of an individual who has the power to remove a trustee or appoint a trustee, or both, and the assets would not be included in the estate of the individual if the trustee did not possess the power to make an adjustment;

(7) If the trustee is a beneficiary of the trust;

(8) If the trustee is not a beneficiary but the adjustment would benefit the trustee directly or indirectly; or

(9) If the trust has been converted to, and is then operating as, a unitrust under Part 2 of this Article.

(d) If subdivision (5), (6), (7), or (8) of subsection (c) of this section applies to a trustee and there is more than one trustee, a cotrustee to whom the provision does not apply may make the adjustment unless the exercise of the power by the remaining trustee or trustees is not permitted by the terms of the trust.

(e) A trustee may renounce the entire power conferred by subsection (a) of this section or may renounce only the power to adjust from income to principal or the power to adjust from principal to income if the trustee is uncertain about whether possessing or exercising the power will cause a result described in subdivisions (1) through (6) or subdivision (8) of subsection (c) of this section or if the trustee determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subsection (c) of this section. The renunciation may be permanent or for a specified period, including a period measured by the life of an individual.

(f) Terms of a trust that limit the power of a trustee to make an adjustment between principal and income do not affect the application of this section unless it is clear from the terms of the trust that the terms are intended to deny the trustee the power of adjustment conferred by subsection (a) of this section.

Part 2. Conversion to Unitrust.

§ 37A-1-104.1. Definitions.

For purposes of this Part:

(1) "Code" means the Internal Revenue Code of 1986, as amended from time to time, and any statutory enactment successor to the Code; reference to a specific section of the Code in this Part shall be considered a reference also to any successor provision dealing with the subject matter of that section of the Code.

   a. A beneficiary who has attained the age of 18 and is not otherwise under a legal disability;
   b. A court-appointed guardian of an incompetent beneficiary;

   d. A court-appointed guardian of a minor beneficiary's estate; and

(3) "Grantor" means an individual who created an inter vivos trust.

(4) "Disinterested person" means a person who is not a related or subordinate party with respect to the person then acting as trustee of
the trust and excludes the grantor of the trust and any interested trustee.

(5) "Income trust" means a trust, created by either an inter vivos or a testamentary instrument, which directs or permits the trustee to distribute the net income of the trust to one or more persons, either in fixed proportions or in amounts or proportions determined by the trustee. Notwithstanding the foregoing, no trust that may be subject to taxation under section 2001 or section 2501 of the Code shall be an income trust for purposes of this Part, until the expiration of the period for filing the return therefor, including all extensions for the filing.

(6) "Interested distributee" means a person to whom distributions of income or principal can currently be made who has the power to remove the existing trustee and designate as successor a person who may be a related or subordinate party with respect to that distributee.

(7) "Interested trustee" means (i) an individual trustee to whom the net income or principal of the trust can currently be distributed or would be distributed if the trust were then to terminate and be distributed, (ii) any trustee who may be removed and replaced by an interested distributee, or (iii) an individual trustee whose legal obligation to support a beneficiary may be satisfied by distributions of income and principal of the trust.

(8) "Related or subordinate party" means a related or subordinate party as defined in section 672(c) of the Code.

(9) "Total return unitrust" means an income trust that has been converted under and meets the provisions of this Part.

§ 37A-1-104.2. Conversion in trustee's discretion without court approval.

(a) Any trustee, other than an interested trustee, or, where two or more persons are acting as trustees, a majority of the trustees who are not interested trustees (in either case hereafter "trustee"), may, in the trustee's sole discretion and without court approval, (i) convert an income trust to a total return unitrust, (ii) reconvert a total return unitrust to an income trust, or (iii) change the percentage used to calculate the unitrust amount or the method used to determine the fair market value of the trust if:

(1) The trustee adopts a written policy for the trust providing (i) in the case of a trust being administered as an income trust, that future distributions from the trust will be unitrust amounts rather than net income, (ii) in the case of a trust being administered as a total return unitrust, that future distributions from the trust will be net income rather than unitrust amounts, or (iii) that the percentage used to calculate the unitrust amount or the method used to determine the fair market value of the trust will be changed as stated in the policy;

(2) The trustee sends written notice of its intention to take the action, along with copies of the written policy and this Part, to (i) the grantor of the trust, if living, (ii) all the competent beneficiaries who are
currently receiving or eligible to receive distributions of income of the trust, (iii) all the competent beneficiaries who would receive principal of the trust if the trust were to terminate at the time of the giving of the notice (without regard to the exercise of any power of appointment), and (iv) all persons acting as advisor or protector of the trust;

(3) There is at least one competent beneficiary who is currently receiving or eligible to receive distributions of income of the trust and there is at least one competent beneficiary who would receive principal of the trust if the trust were to terminate at the time of the giving of the notice; and

(4) No person receiving notice of the trustee's intention to take the proposed action of the trustee objects to the action within 60 days of receipt of the notice by written instrument delivered to the trustee.

(b) If there is no trustee of the trust other than an interested trustee, the interested trustee or, where two or more persons are acting as trustee and are interested trustees, a majority of the interested trustees may, in its sole discretion and without court approval, (i) convert an income trust to a total return unitrust, (ii) reconvert a total return unitrust to an income trust, or (iii) change the percentage used to calculate the unitrust amount or the method used to determine the fair market value of the trust if:

(1) The trustee adopts a written policy for the trust providing (i) in the case of a trust being administered as an income trust, that future distributions from the trust will be unitrust amounts rather than net income as determined under this Chapter, (ii) in the case of a trust being administered as a total return unitrust, that future distributions from the trust will be net income as determined under this Chapter rather than unitrust amounts, or (iii) that the percentage used to calculate the unitrust amount or the method used to determine the fair market value of the trust will be changed as stated in the policy;

(2) The trustee appoints a disinterested person who, in its sole discretion but acting in a fiduciary capacity, determines for the trustee (i) the percentage to be used to calculate the unitrust amount, (ii) the method to be used in determining the fair market value of the trust, and (iii) which assets, if any, are to be excluded in determining the unitrust amount;

(3) The trustee sends written notice of its intention to take the action, along with copies of the written policy and this Part, and the determinations of the disinterested person to (i) the grantor of the trust, if living, (ii) all the competent beneficiaries who are currently receiving or eligible to receive distributions of income of the trust, (iii) all the competent beneficiaries who would receive principal of the trust if the trust were to terminate at the time of the giving of the notice (without regard to the exercise of any power of appointment), and (iv) all persons acting as advisor or protector of the trust;

(4) There is at least one competent beneficiary who is currently receiving or eligible to receive distributions of income of the trust and there is at least one competent beneficiary who would receive principal of the trust if the trust were to terminate at the time of the giving of the notice; and
(5) No person receiving notice of the trustee's intention to take the proposed action of the trustee objects to the action or to the determination of the disinterested person within 60 days of receipt of the notice by written instrument delivered to the trustee.

§ 37A-1-104.3. Conversion with court approval.

(a) If any trustee desires to (i) convert an income trust to a total return unitrust, (ii) reconvert a total return unitrust to an income trust, or (iii) change the percentage used to calculate the unitrust amount or the method used to determine the fair market value of the trust but does not have the ability to or elects not to do it under G.S. 36A-1-104.2, the trustee may petition the court for an order as the trustee considers appropriate. In the event, however, there is only one trustee of the trust and the trustee is an interested trustee or in the event there are two or more trustees of the trust and a majority of them are interested trustees, the court, in its own discretion or on the petition of the trustee or trustees or any person interested in the trust, may appoint a disinterested person who, acting in a fiduciary capacity, shall present information to the court as shall be necessary to enable the court to make its determinations under this Part.

(b) A competent beneficiary may request the trustee to (i) convert an income trust to a total return unitrust, (ii) reconvert a total return unitrust to an income trust, or (iii) change the percentage used to calculate the unitrust amount or the method used to determine the fair market value of the trust. If the trustee does not take the action requested, the competent beneficiary may petition the court to order the trustee to take the action.

(c) All proceedings under this section shall be conducted as provided in Article 3 of Chapter 36A of the General Statutes.

§ 37A-1-104.4. Determination of unitrust amount.

(a) The fair market value of the trust shall be determined at least annually, using a valuation date selected by the trustee in its discretion. The trustee, in its discretion, may use an average of the fair market value on the same valuation date for the current fiscal year and not more than three preceding fiscal years, if the use of this average appears desirable to reduce the impact of fluctuations in market value on the unitrust amount. Assets for which a fair market value cannot be readily ascertained shall be valued using valuation methods as are considered reasonable and appropriate by the trustee. These assets may be excluded from valuation, provided all income received with respect to these assets is distributed to the extent distributable in accordance with the terms of the governing instrument.

(b) The percentage to be used in determining the unitrust amount shall be a reasonable current return from the trust, in any event not less than three percent (3%) nor more than five percent (5%), taking into account the intentions of the grantor of the trust as expressed in the governing instrument, the needs of the beneficiaries, general economic conditions, projected current earnings and appreciation for the trust, and projected inflation and its impact on the trust.

(c) In the case of a trust (i) for which a marital deduction has been taken for federal tax purposes under section 2056 or section 2523 of the Code (during the lifetime of the spouse for whom the trust was created) or (ii) a trust to which the generation-skipping transfer tax due under section 2601 of the Code does not apply by reason of any effective date or transition rule, the unitrust amount in any taxable year shall not be less than the net income of the trust, determined without regard to subsection (d) of this section.
Following the conversion of an income trust to a total return unitrust, the trustee:

1. Shall treat the unitrust amount as if it were net income of the trust for purposes of determining the amount available, from time to time, for distribution from the trust; and

2. May allocate to trust income for each taxable year of the trust (or portion of that year) (i) net short-term capital gain described in section 1222(5) of the Code for that year or portion of that year, but only to the extent that the amount allocated together with all other amounts allocated to trust income for that year or portion of that year does not exceed the unitrust amount for that year or portion of that year; and (ii) net long-term capital gain described in section 1222(7) of the Code for that year or portion of that year, but only to the extent that the amount allocated together with all other amounts, including amounts described in clause (i) above, allocated to trust income for that year or portion of that year does not exceed the unitrust amount for that year or portion of that year.

§ 37A-1-104.5. Matters in trustee's discretion.

In administering a total return unitrust, the trustee may, in its sole discretion but subject to the provisions of the governing instrument, determine:

1. The effective date of the conversion;

2. The timing of distributions, including provisions for prorating a distribution for a short year in which a beneficiary's right to payments commences or ceases;

3. Whether distributions are to be made in cash or in kind or partly in cash and partly in kind;

4. If the trust is reconverted to an income trust, the effective date of the reconversion; and

5. Any other administrative issues as may be necessary or appropriate to carry out the purposes of this Part.

§ 37A-1-104.6. No effect on principal distributions.

Conversion to a total return unitrust under this Part shall not affect any other provision of the governing instrument, if any, regarding distributions of principal. For purposes of this Part, the distribution of a unitrust amount is considered a distribution of income and not of principal.

§ 37A-1-104.7. Marital deduction trusts.

Notwithstanding anything in this Part to the contrary, in the case of any trust for which a marital deduction has been taken, in whole or in part, for federal tax purposes under section 2056 or section 2523 of the Code, the spouse otherwise entitled to receive the net income of the trust shall have the right, by written instrument delivered to the trustee, to compel for the spouse's lifetime (i) the conversion of the trust from an income trust to a total return unitrust or (ii) the reconversion of the trust from a total return unitrust to an income trust.

§ 37A-1-104.8. No liability on part of trustee or disinterested person acting in good faith.

No trustee or disinterested person who in good faith takes or fails to take any action under this Part shall be liable to any person affected by the action or inaction, regardless of whether the person received written notice as provided in this Part and regardless of whether the person was under a legal disability at the time of the delivery of the notice.
The exclusive remedy for any person affected by an action or inaction shall be to obtain an order of the court directing the trustee (i) to convert an income trust to a total return unitrust, (ii) to reconvert from a total return unitrust to an income trust, or (iii) to change the percentage used to calculate the unitrust amount.

§ 37A-1-104.9.  Applicability.

This Part shall apply to all trusts in existence on, or created after January 1, 2004, unless (i) the governing instrument contains a provision clearly expressing the grantor's intention that the current beneficiary or beneficiaries are to receive an amount other than a reasonable current return from the trust, (ii) the trust is a trust described in section 170(f)(2)(B), section 664(d), section 2702(a)(3), or section 2702(b) of the Code, (iii) one or more persons to whom the trustee could distribute income has a power of withdrawal over the trust that is not subject to an ascertainable standard under section 2041 or section 2514 of the Code, or the power of withdrawal can be exercised to discharge a duty of support the person possesses, or (iv) the governing instrument expressly prohibits use of this Part by specific reference to this Part.

§ 37A-1-105.  Judicial control of discretionary power.

(a) The court shall not order a fiduciary to change a decision to exercise or not to exercise a discretionary power conferred by this Chapter unless it determines that the decision was an abuse of the fiduciary's discretion. A fiduciary's decision is not an abuse of discretion merely because the court would have exercised the power in a different manner or would not have exercised the power.

(b) The decisions to which subsection (a) of this section applies include:

1. A decision under G.S. 37A-1-104(a) as to whether and to what extent an amount should be transferred from principal to income or from income to principal.

2. A decision regarding the factors that are relevant to the trust and its beneficiaries, the extent to which the factors are relevant, and the weight, if any, to be given to those factors in deciding whether and to what extent to exercise the discretionary power conferred by G.S. 37A-1-104(a).

(c) If the court determines that a fiduciary has abused the fiduciary's discretion, the court may place the income and remainder beneficiaries in the positions they would have occupied if the discretion had not been abused, according to the following rules:

1. To the extent that the abuse of discretion has resulted in no distribution to a beneficiary or in a distribution that is too small, the court shall order the fiduciary to distribute from the trust to the beneficiary an amount that the court determines will restore the beneficiary, in whole or in part, to the beneficiary's appropriate position.

2. To the extent that the abuse of discretion has resulted in a distribution to a beneficiary that is too large, the court shall place the beneficiaries, the trust, or both, in whole or in part, in their appropriate positions by ordering the fiduciary to withhold an amount from one or more future distributions to the beneficiary who received the distribution that was too large or ordering that beneficiary to return some or all of the distribution to the trust.

3. To the extent that the court is unable, after applying subdivisions (1) and (2) of this subsection, to place the beneficiaries, the trust, or both in the positions they would have occupied if the discretion had not
been abused, the court may order the fiduciary to pay an appropriate amount from its own funds to one or more of the beneficiaries or the trust or both.

(d) Upon petition by the fiduciary, the court having jurisdiction over a trust or estate shall determine whether a proposed exercise or nonexercise by the fiduciary of a discretionary power conferred by this Chapter will result in an abuse of the fiduciary's discretion. If the petition describes the proposed exercise or nonexercise of the power and contains sufficient information to inform the beneficiaries of the reasons for the proposal, the facts upon which the fiduciary relies, and an explanation of how the income and remainder beneficiaries will be affected by the proposed exercise or nonexercise of the power, a beneficiary who challenges the proposed exercise or nonexercise has the burden of establishing that it will result in an abuse of discretion.

"Article 2."

"Decedent's Estate or Terminating Income Interest."

§ 37A-2-201. Determination and distribution of net income.

After a decedent dies, in the case of an estate, or after an income interest in a trust ends, the following rules apply:

(1) A fiduciary of an estate or of a terminating income interest shall determine the amount of net income and net principal receipts received from property specifically given to a beneficiary under the rules in Articles 3 through 5 of this Chapter that apply to trustees and the rules in subdivision (5) of this section. The fiduciary shall distribute the net income and net principal receipts to the beneficiary who is to receive the specific property.

(2) A fiduciary shall determine the remaining net income of a decedent's estate or a terminating income interest under the rules in Articles 3 through 5 of this Chapter that apply to trustees and by:

a. Including in net income all income from property used to discharge liabilities;

b. Paying from income or principal, in the fiduciary's discretion, fees of attorneys, accountants, and fiduciaries; court costs and other expenses of administration; and interest on death taxes, but the fiduciary may pay those expenses from income of property passing to a trust for which the fiduciary claims an estate tax marital or charitable deduction only to the extent that the payment of those expenses from income will not cause the reduction or loss of the deduction; and

c. Paying from principal all other disbursements made or incurred in connection with the settlement of a decedent's estate or the winding up of a terminating income interest, including debts, funeral expenses, disposition of remains, family allowances, and death taxes and related penalties that are apportioned to the estate or terminating income interest by the will, the terms of the trust, or applicable law.

(3) Unless the will or trust instrument otherwise provides, or the court otherwise directs, a fiduciary shall distribute to a beneficiary who receives a pecuniary amount outright interest, computed as provided in G.S. 24-1 from the date that is one year following the date of death of the person whose death gives rise to the payment of the pecuniary
bequest or the happening of the contingency that causes the income interest to end, from net income determined under subdivision (2) of this section or from principal to the extent that net income is insufficient. However, this subdivision shall not apply to a pecuniary bequest:

a. To or for the benefit of a decedent's surviving spouse that is or can be qualified for the federal estate tax marital deduction; or

b. To or for the benefit of charitable organizations that are qualified for the federal estate tax charitable deduction, including a charitable remainder trust.

(4) A fiduciary shall distribute the net income remaining after distributions required by subdivision (3) of this section in the manner described in G.S. 37A-2-202 to all other beneficiaries, including a beneficiary who receives a pecuniary amount in trust, even if the beneficiary holds an unqualified power to withdraw assets from the trust or otherwise presently exercisable general power of appointment over the trust.

(5) A fiduciary shall not reduce principal or income receipts from property described in subdivision (1) of this section because of a payment described in G.S. 37A-5-501 or G.S. 37A-5-502 to the extent that the will, the terms of the trust, or applicable law requires the fiduciary to make the payment from assets other than the property or to the extent that the fiduciary recovers or expects to recover the payment from a third party. The net income and principal receipts from the property are determined by including all of the amounts the fiduciary receives or pays with respect to the property, whether those amounts accrued or became due before, on, or after the date of a decedent's death or an income interest's terminating event, and by making a reasonable provision for amounts that the fiduciary believes the estate or terminating income interest may become obligated to pay after the property is distributed.

(a) Each beneficiary described in G.S. 37A-2-201(4) is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in undistributed principal assets, using values as of the distribution date. If a fiduciary makes more than one distribution of assets to beneficiaries to whom this section applies, each beneficiary, including one who does not receive part of the distribution, is entitled, as of each distribution date, to the net income the fiduciary has received after the date of death or terminating event or earlier distribution date but has not distributed as of the current distribution date.

(b) In determining a beneficiary's share of net income, the following rules apply:

(1) The beneficiary is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in the undistributed principal assets immediately before the distribution date, including assets that later may be sold to meet principal obligations.

(2) The beneficiary's fractional interest in the undistributed principal assets shall be calculated without regard to property specifically given to a beneficiary and property required to pay pecuniary amounts not in trust.
(3) The beneficiary's fractional interest in the undistributed principal assets shall be calculated on the basis of the aggregate value of those assets as of the distribution date without reducing the value by any unpaid principal obligation.

(4) The distribution date for purposes of this section may be the date as of which the fiduciary calculates the value of the assets if that date is reasonably near the date on which assets are actually distributed.

(c) If a fiduciary does not distribute all of the collected but undistributed net income to each person as of a distribution date, the fiduciary shall maintain appropriate records showing the interest of each beneficiary in that net income.

(d) A fiduciary may apply the rules in this section, to the extent that the fiduciary considers it appropriate, to net gain or loss realized after the date of death or terminating event or earlier distribution date from the disposition of a principal asset if this section applies to the income from the asset.

"Article 3. Apportionment at Beginning and End of Income Interest."

§ 37A-3-301. When right to income begins and ends.

(a) An income beneficiary is entitled to net income from the date on which the income interest begins. An income interest begins on the date specified in the terms of the trust or, if no date is specified, on the date an asset becomes subject to a trust or successive income interest.

(b) An asset becomes subject to a trust:

(1) On the date it is transferred to the trust in the case of an asset that is transferred to a trust during the transferor's life;

(2) On the date of a testator's death in the case of an asset that becomes subject to a trust by reason of a will, even if there is an intervening period of administration of the testator's estate; or

(3) On the date of an individual's death in the case of an asset that is transferred to a fiduciary by a third party because of the individual's death.

(c) An asset becomes subject to a successive income interest on the day after the preceding income interest ends, as determined under subsection (d) of this section, even if there is an intervening period of administration to wind up the preceding income interest.

(d) An income interest ends on the day before an income beneficiary dies or another terminating event occurs or on the last day of a period during which there is no beneficiary to whom a trustee may distribute income.

§ 37A-3-302. Apportionment of receipts and disbursements when decedent dies or income interest begins.

(a) A trustee shall allocate an income receipt or disbursement, other than one to which G.S. 37A-2-201(1) applies to principal, if its due date occurs before a decedent dies in the case of an estate or before an income interest begins in the case of a trust or successive income interest.

(b) A trustee shall allocate an income receipt or disbursement to income if its due date occurs on or after the date on which a decedent dies or an income interest begins and it is a periodic due date. An income receipt or disbursement shall be treated as accruing from day to day if its due date is not periodic or it has no due date. The portion of the receipt or disbursement accruing before the date on which a decedent dies or an
income interest begins shall be allocated to principal, and the balance shall be allocated to income.

(c) An item of income or an obligation is due on the date the payer is required to make a payment. If a payment date is not stated, there is no due date for the purposes of this Chapter. Distributions to shareholders or other owners from an entity to which G.S. 37A-4-401 applies are considered to be due on the date fixed by the entity for determining who is entitled to receive the distribution or, if no date is fixed, on the declaration date for the distribution. A due date is periodic for receipts or disbursements that shall be paid at regular intervals under a lease or an obligation to pay interest or if an entity customarily makes distributions at regular intervals.

§ 37A-3-303. Apportionment when income interest ends.

(a) In this section, "undistributed income" means net income received before the date on which an income interest ends. The term does not include an item of income or expense that is due or accrued or net income that has been added or is required to be added to principal under the terms of the trust.

(b) When a mandatory income interest ends, the trustee shall pay to a mandatory income beneficiary who survives that date, or to the estate of a deceased mandatory income beneficiary whose death causes the interest to end, the beneficiary's share of the undistributed income that is not disposed of under the terms of the trust unless the beneficiary has an unqualified power to revoke more than five percent (5%) of the trust immediately before the income interest ends. In the latter case, the undistributed income from the portion of the trust that may be revoked shall be added to principal.

(c) When a trustee's obligation to pay a fixed annuity or a fixed fraction of the value of the trust's assets ends, the trustee shall prorate the final payment if and to the extent required by applicable law to accomplish a purpose of the trust or its settlor relating to income, gift, estate, or other tax requirements.

"Article 4.

"Allocation of Receipts During Administration of Trust.

"Part 1. Receipts From Entities.

§ 37A-4-401. Character of receipts.

(a) In this section, "entity" means a corporation, partnership, limited liability company, regulated investment company, real estate investment trust, common trust fund, or any other organization in which a trustee has an interest other than a trust or estate to which G.S. 37A-4-402 applies, a business or activity to which G.S. 37A-4-403 applies, or an asset-backed security to which G.S. 37A-4-415 applies.

(b) Except as otherwise provided in this section, a trustee shall allocate to income money received from an entity.

(c) A trustee shall allocate the following receipts from an entity to principal:

1. Property other than money;
2. Money received in one distribution or a series of related distributions in exchange for part or all of a trust's interest in the entity;
3. Money received in total or partial liquidation of the entity; and
4. Money received from an entity that is a regulated investment company or a real estate investment trust if the money distributed is a capital gain dividend for federal income tax purposes.

(d) Money is received in partial liquidation:

1. To the extent that the entity, at or near the time of a distribution, indicates that it is a distribution in partial liquidation; or
If the total amount of money and property received in a distribution or series of related distributions is greater than twenty percent (20%) of the entity's gross assets, as shown by the entity's year-end financial statements immediately preceding the initial receipt.

Money is not received in partial liquidation, nor may it be taken into account under subdivision (2) of subsection (d) of this section, to the extent that it does not exceed the amount of income tax that a trustee or beneficiary shall pay on taxable income of the entity that distributes the money.

Money is not received in partial liquidation, nor may it be taken into account under subdivision (2) of subsection (d) of this section, to the extent that it does not exceed the amount of income tax that a trustee or beneficiary shall pay on taxable income of the entity that distributes the money.

A trustee may rely upon a statement made by an entity about the source or character of a distribution if the statement is made at or near the time of distribution by the entity's board of directors or other person or group of persons authorized to exercise powers to pay money or transfer property comparable to those of a corporation's board of directors.

§ 37A-4-402. Distribution from trust or estate.

A trustee shall allocate to income an amount received as a distribution of income from a trust or an estate in which the trust has an interest other than a purchased interest and shall allocate to principal an amount received as a distribution of principal from the trust or estate. If a trustee purchases an interest in a trust that is an investment entity, or a decedent or donor transfers an interest in a trust to a trustee, G.S. 37A-4-401 or G.S. 37A-4-415 applies to a receipt from the trust.

§ 37A-4-403. Business and other activities conducted by trustee.

(a) If a trustee who conducts a business or other activity determines that it is in the best interest of all the beneficiaries to account separately for the business or activity instead of accounting for it as part of the trust's general accounting records, the trustee may maintain separate accounting records for its transactions, whether or not its assets are segregated from other trust assets.

(b) A trustee who accounts separately for a business or other activity may determine the extent to which its net cash receipts shall be retained for working capital, the acquisition or replacement of fixed assets, and other reasonably foreseeable needs of the business or activity, and the extent to which the remaining net cash receipts are accounted for as principal or income in the trust's general accounting records. If a trustee sells assets of the business or other activity, other than in the ordinary course of the business or activity, the trustee shall account for the net amount received as principal in the trust's general accounting records to the extent the trustee determines that the amount received is no longer required in the conduct of the business.

(c) Activities for which a trustee may maintain separate accounting records include:

(1) Retail, manufacturing, service, and other traditional business activities;
(2) Farming;
(3) Raising and selling livestock and other animals;
(4) Management of rental properties;
(5) Extraction of minerals and other natural resources;
(6) Timber operations; and
(7) Activities to which G.S. 37A-4-414 applies.

Part 2. Receipts Not Normally Apportioned.

§ 37A-4-404. Principal receipts.

A trustee shall allocate to principal:

(1) To the extent not allocated to income under this Chapter, assets received from a transferor during the transferor's lifetime, a decedent's
estate, a trust with a terminating income interest, or a payer under a contract naming the trust or its trustee as beneficiary:

(2) Money or other property received from the sale, exchange, liquidation, or change in form of a principal asset, including realized profit, subject to this Article;

(3) Amounts recovered from third parties to reimburse the trust because of disbursements described in G.S. 37A-5-502(a)(7) or for other reasons to the extent not based on the loss of income;

(4) Proceeds of property taken by eminent domain, but a separate award made for the loss of income with respect to an accounting period during which a current income beneficiary had a mandatory income interest is income;

(5) Net income received in an accounting period during which there is no beneficiary to whom a trustee may or shall distribute income; and

(6) Other receipts as provided in Part 3 of this Article.

§ 37A-4-405. Rental property.

To the extent that a trustee accounts for receipts from rental property under this section, the trustee shall allocate to income an amount received as rent of real or personal property, including an amount received for cancellation or renewal of a lease. An amount received as a refundable deposit, including a security deposit or a deposit that is to be applied as rent for future periods, shall be added to principal and held subject to the terms of the lease and is not available for distribution to a beneficiary until the trustee’s contractual obligations have been satisfied with respect to that amount.

§ 37A-4-406. Obligation to pay money.

(a) An amount received as interest, whether determined at a fixed, variable, or floating rate, on an obligation to pay money to the trustee, including an amount received as consideration for prepaying principal, shall be allocated to income without any provision for amortization of premium.

(b) A trustee shall allocate to principal an amount received from the sale, redemption, or other disposition of an obligation to pay money to the trustee more than one year after it is purchased or acquired by the trustee, including an obligation whose purchase price or value when it is acquired is less than its value at maturity. If the obligation matures within one year after it is purchased or acquired by the trustee, an amount received in excess of its purchase price or its value when acquired by the trust shall be allocated to income.

(c) This section does not apply to an obligation to which G.S. 37A-4-409, 37A-4-410, 37A-4-411, 37A-4-412, 37A-4-414, or 37A-4-415 applies.

§ 37A-4-407. Insurance policies and similar contracts.

(a) Except as otherwise provided in subsection (b) of this section, a trustee shall allocate to principal the proceeds of a life insurance policy or other contract in which the trust or its trustee is named as beneficiary, including a contract that insures the trust or its trustee against loss for damage to, destruction of, or loss of title to a trust asset. The trustee shall allocate dividends on an insurance policy to income if the premiums on the policy are paid from income and to principal if the premiums are paid from principal.

(b) A trustee shall allocate to income proceeds of a contract that insures the trustee against loss of occupancy or other use by an income beneficiary, loss of income, or, subject to G.S. 37A-4-403, loss of profits from a business.

(c) This section does not apply to a contract to which G.S. 37A-4-409 applies.

§ 37A-4-408. Insubstantial allocations not required.

If a trustee determines that an allocation between principal and income required by G.S. 37A-4-409, 37A-4-410, 37A-4-411, 37A-4-412, or 37A-4-415 is insubstantial, the trustee may allocate the entire amount to principal unless one of the circumstances described in G.S. 37A-1-104(c) applies to the allocation. This power may be exercised by a cotrustee in the circumstances described in G.S. 37A-1-104(d) and may be released for the reasons and in the manner described in G.S. 37A-1-104(e). An allocation is presumed to be insubstantial if:

1. The amount of the allocation would increase or decrease net income in an accounting period, as determined before the allocation, by less than ten percent (10%); or
2. The value of the asset producing the receipt for which the allocation would be made is less than ten percent (10%) of the total value of the trust's assets at the beginning of the accounting period.

§ 37A-4-409. Deferred compensation, annuities, and similar payments.

(a) In this section, "payment" means a payment that a trustee may receive over a fixed number of years or during the life of one or more individuals because of services rendered or property transferred to the payer in exchange for future payments. The term includes a payment made in money or property from the payer's general assets or from a separate fund created by the payer, including a private or commercial annuity, an individual retirement account, and a pension, profit-sharing, stock-bonus, or stock-ownership plan.

(b) To the extent that a payment is characterized as interest or a dividend or a payment made in lieu of interest or a dividend, a trustee shall allocate it to income. The trustee shall allocate to principal the balance of the payment and any other payment received in the same accounting period that is not characterized as interest, a dividend, or an equivalent payment.

(c) If no part of a payment is characterized as interest, a dividend, or an equivalent payment, and all or part of the payment is required to be made, a trustee shall allocate to income ten percent (10%) of the part that is required to be made during the accounting period and the balance to principal. If no part of a payment is required to be made or the payment received is the entire amount to which the trustee is entitled, the trustee shall allocate the entire payment to principal. For purposes of this subsection, a payment is not "required to be made" to the extent that it is made because the trustee exercises a right of withdrawal.

(d) If, to obtain an estate tax marital deduction for a trust, a trustee shall allocate more of a payment to income than provided for by this section, the trustee shall allocate to income the additional amount necessary to obtain the marital deduction.

(e) This section does not apply to payments to which G.S. 37A-4-410 applies.

§ 37A-4-410. Liquidating asset.

(a) In this section, "liquidating asset" means an asset whose value will diminish or terminate because the asset is expected to produce receipts for a period of limited duration. The term includes a leasehold, patent, copyright, royalty right, and right to receive payments during a period of more than one year under an arrangement that does not provide for the payment of interest on the unpaid balance. The term does not include a payment subject to G.S. 37A-4-409, resources subject to G.S. 37A-4-411, timber subject to G.S. 37A-4-412, an activity subject to G.S. 37A-4-414, an asset subject to
G.S. 37A-4-415, or any asset for which the trustee establishes a reserve for depreciation under G.S. 37A-5-503.

(b) A trustee shall allocate to income ten percent (10%) of the receipts from a liquidating asset and the balance to principal.

§ 37A-4-411. Minerals, water, and other natural resources.

(a) To the extent that a trustee accounts for receipts from an interest in minerals or other natural resources under this section, the trustee shall allocate them as follows:

1. If received as nominal delay rental or nominal annual rent on a lease, a receipt shall be allocated to income.
2. If received from a production payment, a receipt shall be allocated to income if and to the extent that the agreement creating the production payment provides a factor for interest or its equivalent. The balance shall be allocated to principal.
3. If an amount received as a royalty, shut-in-well payment, take-or-pay payment, bonus, or delay rental is more than nominal, ninety percent (90%) shall be allocated to principal and the balance to income.
4. If an amount is received from a working interest or any other interest not provided for in subdivision (1), (2), or (3) of this subsection, ninety percent (90%) of the net amount received shall be allocated to principal and the balance to income.

(b) An amount received on account of an interest in water that is renewable shall be allocated to income. If the water is not renewable, ninety percent (90%) of the amount shall be allocated to principal and the balance to income.

(c) This Chapter applies whether or not a decedent or donor was extracting minerals, water, or other natural resources before the interest became subject to the trust.

(d) If a trust owns an interest in minerals, water, or other natural resources on January 1, 2004, the trustee may allocate receipts from the interest as provided in this Chapter or in the manner used by the trustee before January 1, 2004. If the trust acquires an interest in minerals, water, or other natural resources after January 1, 2004, the trustee shall allocate receipts from the interest as provided in this Chapter.

§ 37A-4-412. Timber.

(a) To the extent that a trustee accounts for receipts from the sale of timber and related products pursuant to this section, the trustee shall allocate the net receipts:

1. To income to the extent that the amount of timber removed from the land does not exceed the rate of growth of the timber during the accounting periods in which a beneficiary has a mandatory income interest;
2. To principal to the extent that the amount of timber removed from the land exceeds the rate of growth of the timber or the net receipts are from the sale of standing timber;
3. To or between income and principal if the net receipts are from the lease of timberland or from a contract to cut timber from land owned by a trust, by determining the amount of timber removed from the land under the lease or contract and applying the rules in subdivisions (1) and (2) of this subsection; or
4. To principal to the extent that advance payments, bonuses, and other payments are not allocated pursuant to subdivision (1), (2), or (3) of this subsection.
(b) In determining net receipts to be allocated pursuant to subsection (a) of this section, a trustee shall deduct and transfer to principal a reasonable amount for depletion.

(c) This Chapter applies whether or not a decedent or transferor was harvesting timber from the property before it becomes subject to the trust.

(d) If a trust owns an interest in timberland on January 1, 2004, the trustee may allocate net receipts from the sale of timber and related products as provided in this Chapter or in the manner used by the trustee before January 1, 2004. If the trust acquires an interest in timberland after January 1, 2004, the trustee shall allocate net receipts from the sale of timber and related products as provided in this Chapter.

"§ 37A-4-413. Property not productive of income.

(a) If a marital deduction is allowed for all or part of a trust whose assets consist substantially of property that does not provide the spouse with sufficient income from or use of the trust assets, and if the amounts that the trustee transfers from principal to income under G.S. 37A-1-104 and distributes to the spouse from principal under the terms of the trust are insufficient to provide the spouse with the beneficial enjoyment required to obtain the marital deduction, the spouse may require the trustee to make property productive of income, convert property within a reasonable time, or exercise the power conferred by G.S. 37A-1-104(a). The trustee may decide which action or combination of actions to take.

(b) In cases not governed by subsection (a) of this section, proceeds from the sale or other disposition of an asset are principal without regard to the amount of income the asset produces during any accounting period.

"§ 37A-4-414. Derivatives and options.

(a) In this section, "derivative" means a contract or financial instrument or a combination of contracts and financial instruments that gives a trust the right or obligation to participate in some or all changes in the price of a tangible or intangible asset or group of assets or changes in a rate, an index of prices or rates, or other market indicator for an asset or a group of assets.

(b) To the extent that a trustee does not account under G.S. 37A-4-403 for transactions in derivatives, the trustee shall allocate to principal receipts from and disbursements made in connection with those transactions.

(c) If a trustee grants an option to buy property from the trust, whether or not the trust owns the property when the option is granted, grants an option that permits another person to sell property to the trust, or acquires an option to buy property for the trust or an option to sell an asset owned by the trust, and the trustee or other owner of the asset is required to deliver the asset if the option is exercised, an amount received for granting the option shall be allocated to principal. An amount paid to acquire the option shall be paid from principal. A gain or loss realized upon the exercise of an option, including an option granted to a settlor of the trust for services rendered, shall be allocated to principal.

"§ 37A-4-415. Asset-backed securities.

(a) In this section, "asset-backed security" means an asset whose value is based upon the right it gives the owner to receive distributions from the proceeds of financial assets that provide collateral for the security. The term includes an asset that gives the owner the right to receive from the collateral financial assets only the interest or other current return or only the proceeds other than interest or current return. The term does not include an asset to which G.S. 37A-4-401 or G.S. 37A-4-409 applies.
(b) If a trust receives a payment from interest or other current return and from other proceeds of the collateral financial assets, the trustee shall allocate to income the portion of the payment the payer identifies as being from interest or other current return and shall allocate the balance of the payment to principal.

(c) If a trust receives one or more payments in exchange for the trust's entire interest in an asset-backed security in one accounting period, the trustee shall allocate the payments to principal. If a payment is one of a series of payments that will result in the liquidation of the trust's interest in the security over more than one accounting period, the trustee shall allocate ten percent (10%) of the payment to income and the balance to principal.

"Article 5.

"Allocation of Disbursements During Administration of Trust.

A trustee shall make the following disbursements from income to the extent that they are not disbursements to which G.S. 37A-2-201(2)b. or G.S. 37A-2-201(2)c. applies:

(1) One-half of the regular compensation of the trustee and of any person providing investment advisory or custodial services to the trustee;
(2) One-half of all expenses for accountings, judicial proceedings, or other matters that involve both the income and remainder interests;
(3) All of the other ordinary expenses incurred in connection with the administration, management, or preservation of trust property and the distribution of income, including interest, ordinary repairs, regularly recurring taxes assessed against principal, and expenses of a proceeding or other matter that concerns primarily the income interest; and
(4) Recurring premiums on insurance covering the loss of a principal asset or the loss of income from or use of the asset.

(a) A trustee shall make the following disbursements from principal:

   (b) If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes, and as a result estate taxes paid from principal are increased and income taxes paid by an estate, trust, or beneficiary are decreased, each estate, trust, or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement shall equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust, or beneficiary whose income taxes are reduced shall be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.

These include proceedings:

SECTION 2. G.S. 36A-24.1(b) reads as rewritten:

The clerk shall then proceed to hear within 10 days after its service upon the respondents. AN ACT TO EXTEND THE MORATORIA ON CONSTRUCTION OR EXPANSION OF SWINE FARMS.

Whereas, the 1997 General Assembly established moratoria on the construction or expansion of certain swine farms and on lagoons and animal waste management systems for certain swine farms; and

Whereas, one of the original purposes of these moratoria was to allow completion of certain studies related to swine farms and animal waste management systems; and

Whereas, the 1998 General Assembly extended these moratoria and established exceptions for animal waste management systems that meet certain performance standards; and

Whereas, the 1999 General Assembly and the 2001 General Assembly further extended the moratoria so that moratoria have remained in effect continuously since 1 March 1997; and

Whereas, on 25 July 2000, the Attorney General of North Carolina entered into an agreement with Smithfield Foods, Incorporated, and certain other companies; and

Whereas, on 29 September 2000, the Attorney General of North Carolina entered into an agreement with Premium Standard Farms, Incorporated, and certain other companies; and
Whereas, on 13 March 2002, the Attorney General of North Carolina entered into an agreement with Frontline Farmers, Incorporated; and
Whereas, the companies that are parties to these agreements constitute a significant portion of the swine production capacity of the State; and
Whereas, these agreements commit the companies that are parties to these agreements to work cooperatively to develop and implement animal waste management technologies that meet the performance standards established by the General Assembly; and
Whereas, the companies that are parties to these agreements have agreed to provide substantial resources to assist the State in the development and implementation of animal waste management technologies that meet the performance standards established by the General Assembly and that are economically feasible; and
Whereas, the Animal and Poultry Waste Management Center at North Carolina State University is currently evaluating a number of animal waste management technologies in order to identify one or more technologies that meet the performance standards established by the General Assembly and that are economically feasible, as provided in the Smithfield and related agreements; and
Whereas, on 28 January 2003, the Environmental Review Commission received a report from the Animal and Poultry Waste Management Center on progress in the evaluation of animal waste management technologies; and
Whereas, based on this report, it appears that additional time will be needed to complete the evaluation of all technologies currently being evaluated; and
Whereas, it also appears that the General Assembly will need some time to consider the results of this evaluation process once it has been completed and to enact whatever legislation it determines to be appropriate; and
Whereas, it further appears that some time may be required for the implementation of any legislation that may be enacted by the General Assembly; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Subsection (a1) of Section 1.1 of S.L. 1997-458, as amended by Section 2 of S.L. 1998-188, Section 2.1 of S.L. 1999-329, and Section 1 of S.L. 2001-254, reads as rewritten:

"(a1) There is hereby established a moratorium on the construction or expansion of swine farms and on lagoons and animal waste management systems for swine farms. The purposes of this moratorium are to allow counties time to adopt zoning ordinances under G.S. 153A-340, as amended by Section 2.1 of this act; to allow time for the completion of the studies authorized by the 1995 General Assembly (1996 Second Extra Session); and to allow time for the completion of ongoing evaluations of animal waste management technologies and related research and studies; to allow the General Assembly to receive and act on the findings and recommendations of those studies, evaluations, research, and studies; and to allow for the implementation of any legislation that may be enacted. Except as provided in subsection (b) of this section, the Environmental Management Commission shall not issue a permit for an animal waste management system for a new swine farm or the expansion of an existing swine farm for a period beginning on 1 March 1997 and ending on 1 September 2007. The construction or expansion of a swine farm or animal waste management system for a swine farm is prohibited during the period of the moratorium regardless of the date on which a site evaluation for the swine farm is completed and regardless of whether the
animal waste management system is permitted under G.S. 143-215.1 or Part 1A of Article 21 of Chapter 143 of the General Statutes or deemed permitted under 15A North Carolina Administrative Code 2H.0217.”

SECTION 2. Section 1.2 of S.L. 1997-458, as amended by Section 3 of S.L. 1998-188, Section 2.2 of S.L. 1999-329, and Section 2 of S.L. 2001-254, reads as rewritten:

"Section 1.2. (a) As used in this section, 'swine farm' and 'lagoon' have the same meaning as in G.S. 106-802. Effective 1 January 1997, until 1 September 2003, 2007, the Environmental Management Commission shall not issue a permit for an animal waste management system, as defined in G.S. 143-215.10B, or for a new or expanded swine farm or lagoon, as defined in G.S. 106-802. The exemptions set out in subsection (b) of Section 1.1 of this act do not apply to the moratorium established under this section.

(b) In order to protect travel and tourism, effective 1 September 2003, 2007, no animal waste management system shall be permitted except under an individual permit issued under Part 1 of Article 21 of Chapter 143 of the General Statutes in any county in the State: (i) that has a population of less than 75,000 according to the most recent decennial federal census; (ii) in which there is more than one hundred fifty million dollars ($150,000,000) of expenditures for travel and tourism based on the most recent figures of the Department of Commerce; and (iii) that is not in the coastal area as defined by G.S. 113A-103."

One of the initial appointees by the Board of Commissioners shall be appointed for a two-year term; the other shall be appointed for a one-year term. SECTION 3.(c) The officers of the Commission shall consist of a chairman, a vice-chairman, and a secretary/clerk. At the first meeting of each calendar year, the Commission shall elect from its own membership, by majority vote, a chairman, a vice-chairman, and a secretary/clerk, each of whom shall serve for one year or until the officer's death, resignation, retirement, or removal. *The General Assembly of North Carolina enacts:*

**SECTION 1.** Chapter 160A of the General Statutes is amended by adding a new section to read:

§ 160A-300.4. Use of photographic speed-measuring systems.

(a) A photographic speed-measuring system is a speed-measuring system that works in conjunction with a photographic, video, or electronic camera to automatically measure the speed and produce photographs, video, or digital images of vehicles violating a speed limit or speed restriction.

(b) A photographic speed-measuring system shall be approved, calibrated, and tested for accuracy in accordance with G.S. 8-50.3.

(c) A photographic speed-measuring system shall be monitored by a sworn law enforcement officer at all times that the system is actively in use.

(d) Any photographic speed-measuring system installed or in use on a street or highway shall be identified by appropriate advance warning signs conspicuously posted not more than 1,000 feet from the location of a photographic speed-measuring system.
All advance warning signs shall be consistent with a statewide standard adopted by the Department of Transportation.

(e) A municipality may adopt ordinances for the civil enforcement of G.S. 20-141 and G.S. 20-141.1 by means of a photographic speed-measuring system. Notwithstanding the provisions of G.S. 20-141, 20-141.1, and 20-176, in the event that a municipality adopts an ordinance pursuant to this section, a violation of G.S. 20-141 or G.S. 20-141.1 detected by a photographic speed-measuring system shall not be an infraction or misdemeanor. An ordinance authorized by this subsection shall provide that:

1. The owner of a vehicle shall be responsible for a violation unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody, or control of another person. The owner of the vehicle shall not be responsible for the violation if the owner of the vehicle furnishes, within 21 days of notification of the violation, to the officials or agents of the municipality that issued the citation either of the following:
   a. The name and address of the person or company who leased, rented, or otherwise had the care, custody, or control of the vehicle.
   b. An affidavit stating that the vehicle involved was, at the time of the violation, stolen or in the care, custody, or control of some person who did not have permission of the owner to use the vehicle.

2. A violation detected by a photographic speed-measuring system shall be deemed a noncriminal violation for which a civil penalty of fifty dollars ($50.00) shall be assessed and for which no points authorized by G.S. 20-16(c) or G.S. 58-36-65 shall be assigned to the owner or driver of the vehicle.

3. The owner of the vehicle shall be issued a citation, written in both English and Spanish, clearly stating the manner in which the violation may be challenged and containing both a street address within the municipality and a local or toll-free telephone number at which the owner may challenge the citation. The citation shall be processed by officials or agents of the municipality and shall be forwarded by personal service or certified mail to the address given on the motor vehicle registration. If the owner fails to pay the civil penalty or to respond to the citation within the time period specified on the citation, the owner shall have waived the right to contest responsibility for the violation and shall be subject to an additional penalty not to exceed fifty dollars ($50.00). The municipality may establish procedures for the collection of these penalties and may recover the penalties by civil action in the nature of debt.

4. The municipality shall provide a nonjudicial administrative hearing process to review objections to citations or penalties issued or assessed under this section. The administrative hearing process shall include methods for challenging the violation or penalty either in person, at the street address provided on the citation, or through the telephone, at the telephone number provided on the citation. The municipality shall ensure that a Spanish-speaking person is available both at the street
address and through the telephone number to assist Spanish-speaking persons. An administrative hearing decision shall be subject to review by the superior court by proceedings in the nature of certiorari. Any petition for review by the superior court shall be filed with the clerk of superior court within 30 days after the administrative hearing decision.

(5) The clear proceeds from the citations issued pursuant to the ordinance authorized by this section shall be paid to the county school fund. The clear proceeds from the citations shall mean the funds remaining after paying for the lease, lease-purchase, or purchase of the photographic speed-measuring system; paying for operation of the system, either by the municipality or by a contractor; paying for a program to provide public awareness of the system; and paying any administrative costs incurred by the municipality related to the use of the system."

(c) All photographic speed-measuring systems shall be calibrated and tested in accordance with standards established by the North Carolina Criminal Justice Education and Training Standards Commission and the Secretary of Crime Control and Public Safety. A written certificate by a technician certified by the North Carolina Criminal Justice Education and Training Standards Commission showing that a test was made within the required testing period and that the system was accurate shall be competent and prima facie evidence of those facts in a nonjudicial administrative hearing held pursuant to G.S. 160A-300.4(e)(4).

public hearing held pursuant thereto, levy a room occupancy tax of three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the corporate limits of the town that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations.

(a1) Additional Occupancy Tax. – In addition to the tax authorized by subsection (a) of this section, the Blowing Rock Town Council may levy a room occupancy and tourism development tax of three percent (3%) of the gross receipts derived from the rental of accommodations taxable under that section. The levy, collection, administration, use, and repeal of the tax authorized by this section shall be in accordance with this act. The Town of Blowing Rock may not levy a tax under this section unless it also levies a tax under subsection (a) of this section.

(b) Collection. Every operator of a business subject to the tax levied under this section shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the town. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The town shall design, print, and furnish to all appropriate businesses and persons in the town the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects the occupancy tax levied under this section may deduct from the amount remitted to the town a discount of three percent (3%) of the amount collected.

(c) Administration. – A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the town. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

A return filed with the town finance officer under this section is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.

(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this section shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due in addition to any other penalty, with an additional tax of five percent (5%) for each additional month or fraction thereof until the tax is paid.

Any person who willfully attempts in any manner to evade a tax imposed under this section or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. The town council may, for good cause shown, compromise or forgive the penalties imposed by this subsection.
(e) Distribution and use of tax revenue. – The Town of Blowing Rock shall retain from the gross proceeds of the tax an amount sufficient to pay its direct costs for administrative and collection expenses, not to exceed three percent (3%) of the gross proceeds. The town council shall, at least once annually, conduct a hearing on the proposed use of the net proceeds of the tax. The amount of the net proceeds shall be reported at the hearing. After the hearing, the town council may remit twenty percent (20%) of the net proceeds reported at the hearing to the Blowing Rock Chamber of Commerce. The Blowing Rock Chamber of Commerce may use the funds remitted to it pursuant to this subsection only to promote tourism within the Town of Blowing Rock. The remainder of the net proceeds may be used by the town to enhance the ability of the town to attract tourism, except that the town may not expend any of the net proceeds for general fund operating expenses that are not tourist-related or for water and sewer capital or operating expenses that are not tourist-related; on a quarterly basis, remit the net proceeds of the occupancy tax to the Blowing Rock Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Blowing Rock and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

1. **Net proceeds.** – Gross proceeds less the cost to the town of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

2. **Promote travel and tourism.** – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

Sec. 1.1. Blowing Rock Tourism Development Authority. – (a) Appointment and membership. – When the Blowing Rock Town Council adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating the Blowing Rock Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the town, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the town. The town council shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Blowing Rock shall be the ex officio finance officer of the Authority.
(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel and tourism in the district and make tourism-related expenditures in the town.

(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Blowing Rock Town Council on its receipts and expenditures for the preceding quarter and for the year in such detail as the town council may require.

(f) Effective date of levy. A tax levied under this section shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(g) Repeal. A tax levied under this section may be repealed by a resolution adopted by the Blowing Rock Town Council. Repeal of a tax levied under this section shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this section does not affect a liability for a tax that was attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

Sec. 2. This act is effective upon ratification."

"SECTION 6.23.(a1) By November 1, 2003, the Joint Legislative Commission on Governmental Operations shall review the balances in all special funds and recommend those special funds from which the transfers are to be made under this section for the 2003-2004 fiscal year. The General Assembly shall identify in the bill revising the 2004-2005 budget the special funds that may be transferred by the Office of State Budget and Management for the 2004-2005 fiscal year and used to meet the General Fund availability for that fiscal year."

SECTION 3. If House Bill 397, 2003 Regular Session, becomes law, then Section 6.8(b) of that act reads as rewritten:

"SECTION 6.8.(b) Establish State-Owned Surplus Real Property Disposal System; Purpose; Use of Proceeds. – The Department of Administration, in consultation with the Office of State Budget and Management, the Department of Transportation, The University of North Carolina, and all other affected State departments, agencies, and institutions, shall develop and implement a State-owned surplus real property disposal system. The purpose of the system is to establish a uniform real property disposal system that will continuously identify State-owned surplus real property, evaluate that property, and dispose of that property as appropriate. Within 60 days after receiving the list from the State Property Office, the Joint Legislative Commission on Governmental Operations shall review the list of State-owned surplus real property and recommend which properties they wish to be sold. If the clear proceeds from the disposal of such property are not expected to generate the expected availability of funds contemplated under this section to be used to offset debt service by June 30, 2005, the General Assembly shall identify in the bill revising the 2004-2005 budget other sources of funds to fund the debt service."

REVENUE SHORTFALL CONTINGENCY PREPARATIONS

This is not an "appropriation made by law", as that phrase is used in Article V, Section 7(1) of the North Carolina Constitution.

However, if the Director of the Budget finds by February 28, 2004, that economic growth forecasts for the 2004-2005 fiscal year indicate a shortfall in revenue below that anticipated by this act, then for every one-half percent (0.5%) below five and one-half percent (5.5%) in anticipated growth for the 2004-2005 fiscal year, fifty million dollars ($50,000,000) may be transferred from the Savings Reserve Account on or after July 1, 2004, to support fiscal year 2004-2005 General Fund appropriations up to the balance of the Savings Reserve Account.

This subsection becomes effective June 30, 2003."

"SECTION 6.4.(a) Funds in the amount of five million dollars ($5,000,000) for the 2003-2004 fiscal year and five million dollars ($5,000,000) for the 2004-2005 fiscal year are appropriated in this act to the Contingency and Emergency Fund. Of these funds:

(1) Up to two million dollars ($2,000,000) for the 2003-2004 fiscal year may be used for purposes related to the Base Realignment and Closure Act (BRAC); and

(2) Up to two hundred fifty thousand dollars ($250,000) for the 2003-2004 fiscal year may be expended for statutory purposes other than those set out in G.S. 143-23(a1)(2) or in subdivision (1) of this section.

The remainder of these funds shall be expended only for the purposes outlined in G.S. 143-23(a1)(2).

SECTION 6.4.(b) If funds are expended from the Contingency and Emergency Fund for the purposes set out in subdivision (a)(1) or (a)(2) of this section, the Director of the Budget may use funds otherwise appropriated from the General Fund under this act to replenish the Contingency and Emergency Fund by the same amount."

SECTION 6. If House Bill 397, 2003 Regular Session, becomes law, Section 6.2 of that act is repealed.

SECTION 7. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 30th day of June, 2003.

Became law upon approval of the Governor at 5:15 p.m. on the 30th day of June, 2003.

SECTION 2.2.(b) Notwithstanding G.S. 143-16.4(a2), of the funds credited to the Tobacco Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2 during the 2003-2004 and 2004-2005 fiscal years, the sum of forty million dollars ($40,000,000) shall be transferred from the Department of Agriculture and Consumer Services, Budget Code 23703 (Tobacco Trust Fund), to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2004 and 2004-2005 fiscal years.

SECTION 2.2.(c) Notwithstanding G.S. 143-16.4(a1), of the funds credited to the Health Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2 during the 2003-2004 and 2004-2005 fiscal years, the sum of twenty million dollars ($20,000,000) that would otherwise be deposited in the Fund Reserve established by G.S. 147-86.30(c) and five million ($5,000,000) of the funds that are not reserved pursuant to G.S. 147-86.30(c) shall be transferred from the Department of State Treasurer, Budget Code 23460 (Health and Wellness Trust Fund), to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2004 and 2004-2005 fiscal years.

SECTION 2.2.(d) On July 1, 2003, the State Controller shall transfer one hundred eight million seven hundred ninety-six thousand eight hundred forty-five dollars ($108,796,845) from the Disaster Reserve Fund, Budget Code 13017, to Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2004 fiscal year.

SECTION 2.2.(e) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, the State Controller shall transfer only one hundred fifty million dollars ($150,000,000) from the unreserved credit balance to the Savings Reserve Account on June 30, 2003. This is not an “appropriation made by law”, as that phrase is used in Article V, Section 7(1) of the North Carolina Constitution. This subsection becomes effective June 30, 2003.
SECTION 2.2.(f) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, the State Controller shall transfer fifteen million dollars ($15,000,000) from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2003. This subsection becomes effective June 30, 2003.

SECTION 2.2.(g) Notwithstanding G.S. 147-86.30(c), the Health and Wellness Trust Fund Commission may expend the balance of funds remaining from funds transferred from the Fund Reserve to Health and Wellness Trust Fund nonreserved funds pursuant to Section 2.2(h) of S.L. 2002-126. These funds shall be expended in accordance with G.S. 147-86.30(d) during the 2003-2005 fiscal biennium.

SECTION 2.2.(h) Notwithstanding the provisions of G.S. 62A-22(c), 62A-24(d), 62A-25, and 62A-26, the following shall be transferred from Wireless Fund created in G.S. 62A-22(c) to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2005 fiscal biennium: (i) all service charges remitted to the Wireless Fund during the 2003-2004 fiscal year; and (ii) the sum of twenty-five million dollars ($25,000,000) from the services charges remitted to the Wireless Fund during the 2004-2005 fiscal year.

SECTION 2.2.(i) Notwithstanding any other provision of law, the sum of ten million dollars ($10,000,000) received by the State of North Carolina as the State’s share of the Conflicts of Interest Global Settlement shall be deposited in the General Fund. The revenue shall be used for educational purposes.

SECTION 2.2.(j) When the Highway Trust Fund was created in 1989, the revenue from the sales tax on motor vehicles was transferred from the General Fund to the Highway Trust Fund. To offset this loss of revenue from the General Fund, the Highway Trust Fund was required to transfer one hundred seventy million dollars ($170,000,000) to the General Fund each year, an amount equal to the revenue in 1989 from the sales tax on motor vehicles. This transfer did not, however, make the General Fund whole after the transfer of the sales tax revenue because no provision has been made to adjust the amount for the increased volume of transactions and increased vehicle prices. The additional funds transferred from the Highway Trust Fund to the General Fund by this act is an effort to recover a portion of the sales tax revenues that would have gone to the General Fund over the last 14 years.

In addition to the transfer authorized under G.S. 105-187.9(b)(2), and notwithstanding Section 26.14 of S.L. 2002-126 and G.S. 105-187.9(b)(1), the sum to be transferred to the General Fund for fiscal year 2003-2004 is two hundred fifty million dollars ($250,000,000) and for fiscal year 2004-2005 is two hundred forty million dollars ($240,000,000).

SECTION 2.2.(k) Effective June 30, 2003, notwithstanding G.S. 143-16.4(a1) and G.S. 143-16.4(a2), of the funds credited to the Tobacco Trust Account and Health Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2, the sum of one million eight hundred thousand dollars ($1,800,000) which the State will receive from a settlement involving cigarettes that Brown & Williamson contract manufactured for Star Tobacco, Inc. and Star Scientific, Inc. during the years 1999 through 2002 shall be transferred to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2004 fiscal year.

SECTION 5.1.(b) Decreases in Federal Fund Availability. – If the United States Congress reduces federal fund availability in the Social Services Block Grant below the amounts appropriated in this section, then the Department of Health and Human Services shall allocate these decreases giving priority first to those direct services mandated by State or federal law, then to those programs providing direct services that have demonstrated effectiveness in meeting the federally and State-mandated services goals established for the Social Services Block Grant. The Department shall not include transfers from TANF for specified purposes in any calculations of reductions to the Social Services Block Grant.

If the United States Congress reduces the amount of TANF funds below the amounts appropriated in this section after the effective date of this act, then the Department shall allocate the decrease in funds after considering any underutilization of the budget and the effectiveness of the current level of services. Any TANF Block Grant fund changes shall be reported to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

Decreases in federal fund availability shall be allocated for the Maternal and Child Health and Preventive Health Services federal block grants by the Department of Health and Human Services after considering the effectiveness of the current level of services.

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

### SECTION 7.2.(d)
A principal shall be placed on the step on the salary schedule that reflects total number of years of experience as a certificated employee of the public schools and an additional step for every three years of experience as a principal. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

### SECTION 7.2.(e)
Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

### SECTION 7.2.(f)
There shall be no State requirement that superintendents in each local school unit shall receive in State-paid salary at least one percent (1%) more than the highest paid principal receives in State salary in that school unit; provided, however, the additional State-paid salary a superintendent who was employed by a local school administrative unit for the 1992-1993 fiscal year received because of that requirement shall not be reduced because of this subsection for subsequent fiscal years that the superintendent is employed by that local school.
administrative unit so long as the superintendent is entitled to at least that amount of additional State-paid salary under the rules in effect for the 1992-1993 fiscal year.

**SECTION 7.2.(g)** Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

**SECTION 7.2.(h)**

(1) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the higher job classification.

(2) If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

**SECTION 7.2.(i)** Participants in an approved full-time masters in school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the masters program. For the 2004-2005 fiscal year and subsequent fiscal years, the stipend shall not exceed the difference between the beginning salary of an assistant principal and any fellowship funds received by the intern as a full-time student, including awards of the Principal Fellows Program. The Principal Fellows Program or the school of education where the intern participates in a full-time masters in school administration program shall supply the Department of Public Instruction with certification of eligible full-time interns.

**SECTION 7.2.(j)** During the 2003-2004 fiscal year, the placement on the salary schedule of an administrator with a one-year provisional assistant principal's certificate shall be at the entry-level salary for an assistant principal or the appropriate step on the teacher salary schedule, whichever is higher.

**CENTRAL OFFICE SALARIES**

**SECTION 7.3.(a)** The monthly salary ranges that follow apply to assistant superintendents, associate superintendents, directors/coordinators, supervisors, and finance officers for the 2003-2004 fiscal year, beginning July 1, 2003. All employees so classified who are employed on October 1, 2003 shall receive a one-time, lump sum compensation bonus, payable at the end of the employee’s first pay period after October 1, 2003, of five hundred and fifty dollars ($550.00).

The State Board of Education shall allocate these funds to local school administrative units. The local boards of education shall establish guidelines for providing their salary increases to these personnel.
NONCERTIFIED PERSONNEL

SECTION 7.4.(a) The Director of the Budget shall transfer from the Reserve for Compensation Increases created in this act for fiscal year 2003-2004, commencing July 1, 2003, funds necessary to provide a one-time, lump sum compensation bonus, payable at the end of the employee’s first pay period after October 1, 2003, of five hundred fifty dollars ($550.00), for all noncertified public school employees whose salaries are supported from the State's General Fund and who are employed by the public schools on October 1, 2003.

SECTION 7.4.(b) Local boards of education shall provide a one-time, lump sum compensation bonus, payable at the end of the employee’s first pay period after October 1, 2003, of five hundred fifty dollars ($550.00) for all such employees who were employed on October 1, 2003. For part-time employees, the pay increase shall be prorata based on the number of hours worked.

SECTION 7.4.(c) These funds shall not be used for any purpose other than for the one-time, lump sum compensation bonuses and necessary employer contributions provided by this section.

RESERVE FOR EXPERIENCE STEP INCREASE FOR TEACHERS AND PRINCIPALS IN PUBLIC SCHOOLS

SECTION 7.5.(a) Funds in the Reserve for Experience Step Increase for Teachers and Principals in Public Schools shall be used for experience step increases for employees of schools operated by a local board of education, the Department of Health and Human Services, the Department of Correction, or the Department of Juvenile Justice and Delinquency Prevention who are paid on the teacher salary schedule or the principal and assistant principal salary schedule.

SECTION 7.5.(b) Effective July 1, 2003, any permanent certified personnel employed on July 1, 2003, and paid on the teacher salary schedule with 29+ years of experience shall receive a one-time bonus equivalent to the average increase of the 26 to 29 year steps. Effective July 1, 2003, any permanent personnel employed on July 1, 2003, and paid at the top of the principal and assistant principal salary schedule shall receive a one-time bonus equivalent to two percent (2%). For permanent part-time personnel, the one-time bonus shall be adjusted prorata. Personnel defined under G.S. 115C-325(a)(5a) are not eligible to receive the bonus.

SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES

SECTION 7.6.(a) Funds for Supplemental Funding. – The General Assembly finds that it is appropriate to provide supplemental funds in low-wealth counties to allow those counties to enhance the instructional program and student achievement. Therefore, funds are appropriated to State Aid to Local School Administrative Units for the 2003-2004 fiscal year and the 2004-2005 fiscal year to be used for supplemental funds for the schools.

SECTION 7.6.(b) Use of Funds for Supplemental Funding. – All funds received pursuant to this section shall be used only: (i) to provide instructional positions, instructional support positions, teacher assistant positions, clerical positions, school computer technicians, instructional supplies and equipment, staff development, and textbooks; (ii) for salary supplements for instructional personnel and instructional support personnel; and (iii) to pay an amount not to exceed ten thousand dollars ($10,000) of the plant operation contract cost charged by the Department of Public Instruction for services.
Local boards of education are encouraged to use at least twenty-five percent (25%) of the funds received pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools, such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

SECTION 7.6.(c) Definitions. – As used in this section:

1. "Anticipated county property tax revenue availability" means the county-adjusted property tax base multiplied by the effective State average tax rate.

2. "Anticipated total county revenue availability" means the sum of the:
   a. Anticipated county property tax revenue availability,
   b. Local sales and use taxes received by the county that are levied under Chapter 1096 of the 1967 Session Laws or under Subchapter VIII of Chapter 105 of the General Statutes,
   c. Sales tax hold harmless reimbursement received by the county under G.S. 105-521, and
   d. Fines and forfeitures deposited in the county school fund for the most recent year for which data are available.

3. "Anticipated total county revenue availability per student" means the anticipated total county revenue availability for the county divided by the average daily membership of the county.

4. "Anticipated State average revenue availability per student" means the sum of all anticipated total county revenue availability divided by the average daily membership for the State.

5. "Average daily membership" means average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education. If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.

6. "County-adjusted property tax base" shall be computed as follows:
   a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county,
   b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies,
   c. Add to the resulting amount the:
      1. Present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2,
2. Value of property of public service companies, determined in accordance with Article 23 of Chapter 105 of the General Statutes, and
3. Personal property value for the county.

(7) "County-adjusted property tax base per square mile" means the county-adjusted property tax base divided by the number of square miles of land area in the county.

(8) "County wealth as a percentage of State average wealth" shall be computed as follows:
   a. Compute the percentage that the county per capita income is of the State per capita income and weight the resulting percentage by a factor of five-tenths,
   b. Compute the percentage that the anticipated total county revenue availability per student is of the anticipated State average revenue availability per student and weight the resulting percentage by a factor of four-tenths,
   c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth,
   d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.

(9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.

(10) "Effective State average tax rate" means the average of effective county tax rates for all counties.

(10a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(11) "Per capita income" means the average for the most recent three years for which data are available of the per capita income according to the most recent report of the United States Department of Commerce, Bureau of Economic Analysis, including any reported modifications for prior years as outlined in the most recent report.

(12) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(13) "State average current expense appropriations per student" means the most recent State total of county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(14) "State average adjusted property tax base per square mile" means the sum of the county-adjusted property tax bases for all counties divided by the number of square miles of land area in the State.
(14a) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

(15) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.6.(d) Eligibility for Funds. – Except as provided in subsection (h) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.6.(e) Allocation of Funds. – Except as provided in subsection (g) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county wealth as a percentage of State average wealth by the State average current expense appropriations per student.)

The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units.

If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 7.6.(f) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.6.(g) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only.
This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

**SECTION 7.6.(h)** Non-supplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2003-2005 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

1. The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

2. The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

**SECTION 7.6.(i)** Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2004, if it determines that counties have supplanted funds.

**SECTION 7.6.(j)** Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

**SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING**

**SECTION 7.7.(a)** Funds for Small School Systems. – Except as provided in subsection (b) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily
membership of all local school administrative units located within the county is from 3,175 to 4,000 students. The allocation formula shall:

1. Round all fractions of positions to the next whole position.
2. Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four, and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.
3. Provide additional program enhancement teachers adequate to offer the standard course of study.
4. Change the duty-free period allocation to one teacher assistant per 400 average daily membership.
5. Provide a base for the consolidated funds allotment of at least six hundred fourteen thousand one hundred forty-eight dollars ($614,148), excluding textbooks for the 2003-2004 fiscal year and a base of six hundred forty-seven thousand four hundred eighty-one dollars ($647,481) for the 2004-2005 fiscal year.
6. Allot vocational education funds for grade 6 as well as for grades 7-12. If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

SECTION 7.7.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2003-2005 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

1. The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
2. The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 7.7.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula solely because of an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be phased out over a two-year period. For the first year of ineligibility, the unit shall receive the same
amount it received for the prior fiscal year. For the second year of ineligibility, it shall receive one-half of that amount.

If a local school administrative unit becomes ineligible for funding under this formula solely because of an increase in the population of the county in which the local school administrative unit is located, funding for that unit shall be continued for five years after the unit becomes ineligible.

SECTION 7.7.(d) Definitions. – As used in this section:

(1) "Average daily membership" means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education.

(2) "County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.

(2a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(3) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(4) "State-adjusted property tax base per student" means the sum of all county adjusted property tax bases divided by the total number of students in average daily membership who reside within the State.

(4a) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

(5) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.7.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2004, if it determines that counties have supplanted funds.

SECTION 7.7.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of
each local school administrative unit and its schools such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

**APPROPRIATIONS FOR CONTINUALLY LOW-PERFORMING SCHOOLS**

These funds shall be used to implement any of the following strategies at the schools that have not previously been implemented with State or other funds:

1. The sum of one million six hundred fifty-seven thousand three hundred forty-five dollars ($1,657,345) for the 2003-2004 and 2004-2005 fiscal years shall be used to reduce class size at a continually low-performing school to ensure that the number of teachers allotted for students in grades four and five is one for every 17 students, and that the number of teachers allotted in grades six through eight is one for every 17 students, and that the number of teachers allotted in grades nine through twelve is one for every 20 students; and

2. The sum of two hundred ninety-eight thousand seven hundred seventy dollars ($298,770) for the 2003-2004 and 2004-2005 fiscal years shall be used to extend teachers' contracts for a total of 10 days, including five days of additional instruction with related costs for other than teachers' salaries for the 2003-2004 and 2004-2005 school years.

Notwithstanding any other provision of law, the State Board of Education may implement intervention strategies for the 2003-2004 and 2004-2005 school years that it deems appropriate.

**IMMEDIATE ASSISTANCE TO THE HIGHEST PRIORITY ELEMENTARY SCHOOLS**

**SECTION 7.9.** Of funds appropriated from the General Fund to State Aid to Local School Administrative Units, the sum of ten million one hundred thirty-four thousand six hundred seven dollars ($10,134,607) for the 2003-2004 and 2004-2005 fiscal years shall be budgeted to provide the State's lowest performing elementary schools with the tools needed to dramatically improve student achievement. These funds shall be used for the 37 elementary schools at which, for the 1999-2000 school year, over eighty percent (80%) of the students qualified for free or reduced-price lunches and no more than fifty-five percent (55%) of the students performed at or above grade level. Of these funds:

2. The sum of two million two hundred sixty-six thousand twenty-six dollars ($2,266,026) for the 2003-2004 and 2004-2005 fiscal years shall be used to extend all teachers' contracts at these schools for a total of 10 days, with five days for staff development, including staff development on methods to individualize instruction in smaller
classes, and preparation for the 2003-2004 and 2004-2005 school years, and five additional days of instruction with related costs for other than teachers' salaries; and

No funds from the teacher assistant allotment category may be allotted to the local school administrative units for students assigned to these schools. Any teacher assistants displaced from jobs in these high-priority elementary schools shall be given preferential consideration for vacant teacher assistant positions at other schools, provided their job performance has been satisfactory. Nothing in this section prevents the local school administrative unit from placing teacher assistants in these schools.

EVALUATION OF INITIATIVES TO ASSIST HIGH-PRIORITY SCHOOLS

SECTION 7.10.(a) In order for the high-priority schools identified in Section 7.9 of this act to remain eligible for the additional resources provided in this section, the schools must meet the expected growth for each year and must achieve high growth for at least two out of three years based on the State Board of Education's annual performance standards set for each school. No adjustment in the allotment of resources based on performance shall be made until the 2004-2005 school year.

SECTION 7.10.(b) All teaching positions allotted for students in high-priority schools and continually low-performing schools in those grades targeted for smaller class sizes shall be assigned to and teach in those grades and in those schools. The maximum class size in grades K-3 in high-priority schools and in grades K-5 in continually low-performing schools shall be no more than one student above the allotment ratio in that grade. The Department of Public Instruction shall monitor class sizes at these schools at the end of the first month of school and report to the State Board of Education on the actual class sizes at these schools. If the local school administrative unit notifies the State Board of Education that they do not have sufficient resources to adhere to the class size maximum requirements and requests additional teaching positions, the State Board shall verify the need for additional positions. If the additional resources are determined necessary, the State Board of Education may allocate additional teaching positions to the unit from the Reserve for Average Daily Membership adjustments.

SECTION 7.10.(c) Of funds appropriated from the General Fund to State Aid to Local School Administrative Units, the sum of five hundred thousand dollars ($500,000) for fiscal year 2003-2004 and the sum of five hundred thousand dollars ($500,000) for fiscal year 2004-2005 shall be used by the State Board of Education to contract with an outside organization to evaluate the initiatives set forth in this section. The evaluation shall include:

(1) An assessment of the overall impact these initiatives have had on student achievement;
(2) An assessment of the effectiveness of each individual initiative set for this section in improving student achievement;
(3) An identification of changes in staffing patterns, instructional methods, staff development, and parental involvement as a result of these initiatives;
(4) An accounting of how funds and personnel resources made available for these schools were utilized and the impact of varying patterns of utilization on changes in student achievement;

(5) An assessment of the impact of bonuses for mathematics, science, and special education teachers on (i) the retention of these teachers in the targeted schools, (ii) the recruitment of teachers in these specialties into targeted schools, (iii) the recruitment of teachers certified in these disciplines, and (iv) student achievement in schools at which these teachers receive these bonuses; and

(6) Recommendations for the continuance and improvement of these initiatives.

The State Board of Education shall make a report to the Joint Legislative Education Oversight Committee regarding the results of this evaluation by December 1 of each year. The State Board of Education shall submit its recommendations for changes to these initiatives to the Committee at anytime.

ADDITIONAL TEACHER POSITIONS FOR SECOND GRADE

SECTION 7.12.(a) The maximum class size limits for second grade established by the State Board of Education for the 2003-2004 school year shall be reduced by two from the 2002-2003 limits, based on an allotment ratio of one teacher for every 18 students.

SECTION 7.12.(b) For the 2003-2004 school year, local school administrative units shall use these additional teacher positions to reduce class size in second grade.

CHILDREN WITH DISABILITIES

SECTION 7.13. The State Board of Education shall allocate funds for children with disabilities on the basis of two thousand six hundred seventy dollars and twenty-eight cents ($2,670.28) per child for a maximum of 164,167 children for the 2003-2004 school year. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of the 2003-2004 allocated average daily membership in the local school administrative unit.

The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

STUDENTS WITH LIMITED ENGLISH PROFICIENCY

SECTION 7.15.(a) The State Board of Education shall develop guidelines for identifying and providing services to students with limited proficiency in the English language.

The State Board shall allocate these funds to local school administrative units and to charter schools under a formula that takes into account the average percentage of students in the units or the charters over the past three years who have limited English proficiency. The State Board shall allocate funds to a unit or a charter school only if (i) average daily membership of the unit or the charter school includes at least 20 students with limited English proficiency or (ii) students with limited English proficiency comprise at least two and one-half percent (2.5%) of the average daily membership of the unit or charter school. For the portion of the funds that is allocated on the basis of the number of identified students, the maximum number of identified students for whom a unit or charter school receives funds shall not exceed ten and six-tenths percent (10.6%) of its average daily membership.

Local school administrative units shall use funds allocated to them to pay for classroom teachers, teacher assistants, tutors, textbooks, classroom materials/instructional supplies/equipment, transportation costs, and staff development of teachers for students with limited English proficiency.

A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.

SECTION 7.15.(b) The Department of Public Instruction shall prepare a current head count of the number of students classified with limited English proficiency by December 1 of each year.

Students in the head count shall be assessed at least once every three years to determine their level of English proficiency. A student who scores "superior" on the standard English language proficiency assessment instrument used in this State shall not be included in the head count of students with limited English proficiency.

SECTION 7.15.(c) The State Board of Education shall review the allotment formula for funding for students with limited English proficiency. In its review, the Board shall consider whether the proportion of funds allotted on the basis of concentration of students with limited English proficiency in a local school administrative unit is at the proper level or should be revised. The Board shall report the results of its review and its recommendations to the Joint Legislative Education Oversight Committee by November 15, 2003.

Coverage shall be contingent upon federal approval of the waiver and shall begin no earlier than January 1, 2001.

SECTION 10.19.(v) The Department of Health and Human Services, Division of Medical Assistance, shall use the latest audited cost reporting data available when establishing Medicaid provider rates or when making changes to the
reimbursement methodology. For hospital services, the Division shall use the latest audited cost reporting data available, supplemented by additional financial information available to the Division if and to the extent that the Division concludes that the information is reliable and relevant, when establishing rates or when making changes to the reimbursement methodology.

SECTION 10.19.(w) The Department of Health and Human Services, Division of Medical Assistance, shall implement a new coding system for therapeutic mental health services as required by the Health Insurance Portability and Accountability Act of 1996. In implementing the new coding system, the Division shall ensure that the new coding system does not discriminate between providers of therapeutic mental health services with similar qualifications and training. In meeting the requirements of this subsection, the Division shall consult with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and the professional licensing boards responsible for licensing the affected professionals.

SECTION 10.19.(x) The Department of Health and Human Services may apply federal transfer of assets policies, as described in Title XIX, section 1917(c) of the Social Security Act, including the attachment of liens, to real property excluded as “income producing”, tenancy-in-common, or as nonhomesite property made "income producing" under Title XIX, section 1902(r)(2) of the Social Security Act. The transfer of assets policy shall apply only to an institutionalized individual or the individual's spouse as defined in Title XIX, section 1917(c) of the Social Security Act. SECTION 10.19.(z) Unless required for compliance with federal law, the Department shall not change medical policy affecting the amount, sufficiency, duration, and scope of health care services and who may provide services until the Division of Medical Assistance has prepared a five-year fiscal analysis documenting the increased cost of the proposed change in medical policy and submitted it for Departmental review. If the fiscal impact indicated by the fiscal analysis for any proposed medical policy change exceeds three million dollars ($3,000,000) in total requirements for a given fiscal year, then the Department shall submit the proposed policy change with the fiscal analysis to the Office of State Budget and Management and the Fiscal Research Division. The Department shall not implement any proposed medical policy change exceeding three million dollars ($3,000,000) in total requirements for a given fiscal year unless the source of State funding is identified and approved by the Office of State Budget and Management. The Department shall provide the Office of State Budget and Management and the Fiscal Research Division a quarterly report itemizing all medical policy changes with total requirements of less than three million dollars ($3,000,000).

SECTION 10.19.(aa) The Department of Health and Human Services, Division of Medical Assistance, shall convene a work group to review the current Medicaid standards for vision screening for Medicaid-eligible children to determine whether the standards are meeting the vision needs of these children. The Secretary
shall appoint to the work group pediatricians, ophthalmologists, optometrists, and other individuals with expertise or interest in children's vision care. The Department shall report the findings of the work group to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division by March 1, 2004. The report shall include recommendations on whether current Medicaid standards need to be modified to meet the vision care needs of Medicaid-eligible children and, if modification is necessary, the cost of providing vision services based on the modified standards.

SECTION 10.19.(bb) The Department shall develop, amend, and adopt medical coverage policy in accordance with the following:

(1) During the development of new medical coverage policy or amendment to existing medical coverage policy, consult with and seek the advice of the Physician Advisory Group of the North Carolina Medical Society and other organizations the Secretary deems appropriate. The Secretary shall also consult with and seek the advice of officials of the professional societies or associations representing providers groups listed in subdivision (a)(6) of this section who are affected by the new medical coverage policy or amendments to existing medical coverage policy due to their involvement with or use of new technologies or therapies.

the 2004-2005 fiscal year shall be allocated as prescribed by G.S. 143-23.2(b) for Medicaid programs. **SECTION 10.21.(a)** Disproportionate share receipts reserved at the end of the 2003-2004 and 2004-2005 fiscal years shall be deposited with the Department of State Treasurer as nontax revenue for each of those fiscal years.

SECTION 10.24.(b) The Department of Health and Human Services, Division of Medical Assistance, may reinstate eligibility policies changed by this act when all of the following conditions are met:

3. The Department has concluded that the enacted policy changes render the State ineligible for the enhanced Federal Financial Participation.
4. Enhanced Federal Financial Participation receipts exceed the anticipated savings in State funds from the enacted policy changes.
