CONSTITUTION OF NORTH CAROLINA

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I
DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons.

We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people.

All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State.

The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited.

This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. Allegiance to the United States.

Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers.

The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.
Sec. 7. Suspending laws.
    All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. Representation and taxation.
    The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. Frequent elections.
    For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. Free elections.
    All elections shall be free.

Sec. 11. Property qualifications.
    As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition.
    The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty.
    All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

    Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education.
    The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. Ex post facto laws.
    Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.
Sec. 17. Slavery and involuntary servitude.

Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Court shall be open.

All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws.

No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. General warrants.

General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. Inquiry into restraints on liberty.

Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution.

Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused.

In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases.

No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases.

In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.
    No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27.  Bail, fines, and punishments.
    Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28.  Imprisonment for debt.
    There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29.  Treason against the State.
    Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30.  Militia and the right to bear arms.
    A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31.  Quartering of soldiers.
    No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32.  Exclusive emoluments.
    No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33.  Hereditary emoluments and honors.
    No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34.  Perpetuities and monopolies.
    Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35.  Recurrence to fundamental principles.
    A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36.  Other rights of the people.
    The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.
Sec. 37. Rights of victims of crime.

(1) Basic rights. Victims of crime, as prescribed by law, shall be entitled to the following basic rights:

(a) The right as prescribed by law to be informed of and to be present at court proceedings of the accused.

(b) The right to be heard at sentencing of the accused in a manner prescribed by law, and at other times as prescribed by law or deemed appropriate by the court.

(c) The right as prescribed by law to receive restitution.

(d) The right as prescribed by law to be given information about the crime, how the criminal justice system works, the rights of victims, and the availability of services for victims.

(e) The right as prescribed by law to receive information about the conviction or final disposition and sentence of the accused.

(f) The right as prescribed by law to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.

(g) The right as prescribed by law to present their views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.

(h) The right as prescribed by law to confer with the prosecution.

(2) No money damages; other enforcement. Nothing in this section shall be construed as creating a claim for money damages against the State, a county, a municipality, or any of the agencies, instrumentalities, or employees thereof. The General Assembly may provide for other remedies to ensure adequate enforcement of this section.

(3) No ground for relief in criminal case. The failure or inability of any person to provide a right or service provided under this section may not be used by a defendant in a criminal case, an inmate, or any other accused as a ground for relief in any trial, appeal, postconviction litigation, habeas corpus, civil action, or any similar criminal or civil proceeding. (1995, c. 438, s. 1.)

ARTICLE II

LEGISLATIVE

Section 1. Legislative power.

The legislative power of the State shall be vested in the General Assembly, which shall consist of a Senate and a House of Representatives.

Sec. 2. Number of Senators.

The Senate shall be composed of 50 Senators, biennially chosen by ballot.

Sec. 3. Senate districts; apportionment of Senators.

The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

Sec. 14. Other officers of the Senate.

1. President Pro Tempore - succession to presidency. The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant Governor to the office of Governor, or upon the death, resignation, or removal from office of the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

2. President Pro Tempore - temporary succession. During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

Sec. 21. Style of the acts.
The style of the acts shall be: "The General Assembly of North Carolina enacts:"

Sec. 22. Action on bills.
(1) Bills subject to veto by Governor; override of veto. Except as provided by subsections (2) through (6) of this section, all bills shall be read three times in each house and shall be signed by the presiding officer of each house before being presented to the Governor. If the Governor approves, the Governor shall sign it and it shall become a law; but if not, the Governor shall return it with objections, together with a veto message stating the reasons for such objections, to that house in which it shall have originated, which shall enter the objections and veto message at large on its journal, and proceed to reconsider it. If after such reconsideration three-fifths of the members of that house present and voting shall agree to pass the bill, it shall be sent, together with the objections and veto message, to the other house, by which it shall likewise be reconsidered; and if approved by three-fifths of the members of that house present and voting, it shall become a law notwithstanding the objections of the Governor. In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively.

(2) Amendments to Constitution of North Carolina. Every bill proposing a new or revised Constitution or an amendment or amendments to this Constitution or calling a convention of the people of this State, and containing no other matter, shall be submitted to the qualified voters of this State after it shall have been read three times in each house and signed by the presiding officers of both houses.

(3) Amendments to Constitution of the United States. Every bill approving an amendment to the Constitution of the United States, or applying for a convention to propose amendments to the Constitution of the United States, and containing no other matter, shall be read three times in each house before it becomes law, and shall be signed by the presiding officers of both houses.
(4) Joint resolutions. Every joint resolution shall be read three times in each house before it becomes effective and shall be signed by the presiding officers of both houses.

(5) Other exceptions. Every bill:
   (a) In which the General Assembly makes an appointment or appointments to public office and which contains no other matter;
   (b) Revising the senate districts and the apportionment of Senators among those districts and containing no other matter;
   (c) Revising the representative districts and the apportionment of Representatives among those districts and containing no other matter; or
   (d) Revising the districts for the election of members of the House of Representatives of the Congress of the United States and the apportionment of Representatives among those districts and containing no other matter,

shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses.

(6) Local bills. Every bill that applies in fewer than 15 counties shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses. The exemption from veto by the Governor provided in this subsection does not apply if the bill, at the time it is signed by the presiding officers:
   (a) Would extend the application of a law signed by the presiding officers during that two year term of the General Assembly so that the law would apply in more than half the counties in the State, or
   (b) Would enact a law identical in effect to another law or laws signed by the presiding officers during that two year term of the General Assembly that the result of those laws taken together would be a law applying in more than half the counties in the State.

Notwithstanding any other language in this subsection, the exemption from veto provided by this subsection does not apply to any bill to enact a general law classified by population or other criteria, or to any bill that contains an appropriation from the State treasury.

(7) Time for action by Governor; reconvening of session. If any bill shall not be returned by the Governor within 10 days after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the General Assembly shall have adjourned:
   (a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or
   (b) Sine die

in which case it shall become a law unless, within 30 days after such adjournment, it is returned by the Governor with objections and veto message to that house in which it shall have originated. When the General Assembly has adjourned sine die or for more than 30 days jointly as provided under Section 20 of Article II of this Constitution, the Governor shall reconvene that session as provided by Section 5(11) of Article III of this Constitution for reconsideration of the bill, and if the Governor does not reconvene the session, the bill shall become law on the fortieth day after such adjournment. Notwithstanding the previous sentence, if the Governor prior to reconvening the session receives written requests dated no earlier than 30 days after such adjournment, signed by a majority of the members of each house that a reconvened session to reconsider
vetoed legislation is unnecessary, the Governor shall not reconvene the session for that purpose and any legislation vetoed in accordance with this section after adjournment shall not become law.

(8) Return of bills after adjournment. For purposes of return of bills not approved by the Governor, each house shall designate an officer to receive returned bills during its adjournment. (1995, c. 5, s. 1.)

Sec. 23. Revenue bills.

No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 24. Limitations on local, private, and special legislation.

(1) Prohibited subjects. The General Assembly shall not enact any local, private, or special act or resolution:

(a) Relating to health, sanitation, and the abatement of nuisances;
(b) Changing the names of cities, towns, and townships;
(c) Authorizing the laying out, opening, altering, maintaining, or discontinuing of highways, streets, or alleys;

(f) Relating to cemeteries;
(g) Relating to the pay of jurors;
(h) Erecting new townships, or changing township lines, or establishing or changing the lines of school districts;
(i) Remitting fines, penalties, and forfeitures, or refunding moneys legally paid into the public treasury;
(j) Regulating labor, trade, mining, or manufacturing;
(k) Extending the time for the levy or collection of taxes or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability;
(l) Giving effect to informal wills and deeds;
(m) Granting a divorce or securing alimony in any individual case;
(n) Altering the name of any person, or legitimating any person not born in lawful wedlock, or restoring to the rights of citizenship any person convicted of a felony.

(2) Repeals. Nor shall the General Assembly enact any such local, private, or special act by the partial repeal of a general law; but the General Assembly may at any time repeal local, private, or special laws enacted by it.

(3) Prohibited acts void. Any local, private, or special act or resolution enacted in violation of the provisions of this Section shall be void.

(4) General laws. The General Assembly may enact general laws regulating the matters set out in this Section.

xx

The executive power of the State shall be vested in the Governor.

Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.

(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.

(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.

(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.

(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.

(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.

(5) Impeachment. Removal of the Governor from office for any other cause shall be by impeachment.
Sec. 4. Oath of office for Governor.

The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of governor.

Sec. 5. Duties of Governor.

(1) Residence. The Governor shall reside at the seat of government of this State.

(2) Information to General Assembly. The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) Budget. The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(6) Clemency. The Governor may grant reprieves, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to regulations prescribed by law relative to the manner of applying for pardons. The terms reprieves, commutations, and pardons shall not include paroles.

(7) Extra sessions. The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) Appointments. The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) Information. The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the
State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

(11) Reconvened sessions. The Governor shall, when required by Section 22 of Article II of this Constitution, reconvene a session of the General Assembly. At such reconvened session, the General Assembly may only consider such bills as were returned by the Governor to that reconvened session for reconsideration. Such reconvened session shall begin on a date set by the Governor, but no later than 40 days after the General Assembly adjourned:

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or
(b) Sine die. If the date of reconvening the session occurs after the expiration of the terms of office of the members of the General Assembly, then the members serving for the reconvened session shall be the members for the succeeding term. (1969, c. 932, s. 1; 1977, c. 690, s. 1; 1995, c. 5, s. 2.)

Sec. 6. Duties of the Lieutenant Governor.

Sec. 7. Other elective officers.

(1) Officers. A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may
appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) Special Qualifications for Attorney General. Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. Council of State.

The Council of State shall consist of the officers whose offices are established by this Article.

Sec. 9. Compensation and allowances.

The officers whose offices are established by this Article shall at stated periods receive the compensation and allowances prescribed by law, which shall not be diminished during the time for which they have been chosen.

Sec. 10. Seal of State.

There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina". All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina", and signed by the Governor.

Sec. 11. Administrative departments.

Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV

JUDICIAL

Section 1. Judicial power.

The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a co-ordinate department of the
government, nor shall it establish or authorize any courts other than as permitted by this Article.

Sec. 2. General Court of Justice.

The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

Sec. 3. Judicial powers of administrative agencies.

The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

Sec. 4. Court for the Trial of Impeachments.

The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.

Sec. 5. Appellate division.

The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.

Sec. 6. Supreme Court.

(1) Membership. The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.

(2) Sessions of the Supreme Court. The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

Sec. 7. Court of Appeals.

The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.

Sec. 8. Retirement of Justices and Judges.

The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits for service as a Justice or Judge.
Sec. 9. Superior Courts.

(1) Superior Court districts. The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.

(2) Open at all times; sessions for trial of cases. The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.

(3) Clerks. A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. District Courts.

The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District Judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected. For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The initial term of appointment for a magistrate shall be for two years and subsequent terms shall be for four years. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be filled for the unexpired term in a manner prescribed by law. Vacancies in the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office, unless otherwise provided by the General Assembly. (2004-128, s. 16.)

Sec. 11. Assignment of Judges.

The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.
Sec. 12. Jurisdiction of the General Court of Justice.

(1) Supreme Court. The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The jurisdiction of the Supreme Court over "issues of fact" and "questions of fact" shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) Court of Appeals. The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) Superior Court. Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. The Clerks of the Superior Court shall have such jurisdiction and powers as the General Assembly shall prescribe by general law uniformly applicable in every county of the State.

(4) District Courts; Magistrates. The General Assembly shall, by general law uniformly applicable in every local court district of the State, prescribe the jurisdiction and powers of the District Courts and Magistrates.

(5) Waiver. The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) Appeals. The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. Forms of action; rules of procedure.

(1) Forms of action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

Sec. 14. Waiver of jury trial.

In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. Administration.

The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.
Sec. 16. Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.

Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Justices of the Supreme Court and Judges of the Court of Appeals shall be elected by the qualified voters of the State. Regular Judges of the Superior Court may be elected by the qualified voters of the State or by the voters of their respective districts, as the General Assembly may prescribe.

Sec. 17. Removal of Judges, Magistrates and Clerks.

(1) Removal of Judges by the General Assembly. Any Justice or Judge of the General Court of Justice may be removed from office for mental or physical incapacity by joint resolution of two-thirds of all the members of each house of the General Assembly. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) Additional method of removal of Judges. The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for willful misconduct in office, willful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) Removal of Magistrates. The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) Removal of Clerks. Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Any Clerk against whom proceedings are instituted shall receive written notice of the charges against him at least 10 days before the hearing upon the charges. Any Clerk so removed from office shall be entitled to an appeal as provided by law.

Sec. 18. District Attorney and Prosecutorial Districts.

(1) District Attorneys. The General Assembly shall, from time to time, divide the State into a convenient number of prosecutorial districts, for each of which a District Attorney shall be chosen for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a District Attorney. The District Attorney shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney General may require, and perform such other duties as the General Assembly may prescribe.
(2) Prosecution in District Court Division. Criminal actions in the District Court Division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 19. Vacancies.
Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, when elections shall be held to fill the offices. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

Sec. 20. Revenues and expenses of the judicial department.
The General Assembly shall provide for the establishment of a schedule of court fees and costs which shall be uniform throughout the State within each division of the General Court of Justice. The operating expenses of the judicial department, other than compensation to process servers and other locally paid non-judicial officers, shall be paid from State funds.

Sec. 21. Fees, salaries, and emoluments.

No poll or capitation tax shall be levied by the General Assembly or by any county, city or town, or other taxing unit.

Sec. 2. State and local taxation.
(1) Power of taxation. The power of taxation shall be exercised in a just and equitable manner, for public purposes only, and shall never be surrendered, suspended, or contracted away.
(2) Classification. Only the General Assembly shall have the power to classify property for taxation, which power shall be exercised only on a State-wide basis and shall not be delegated. No class of property shall be taxed except by uniform rule, and every classification shall be made by general law uniformly applicable in every county, city and town, and other unit of local government.

(3) Exemptions. Property belonging to the State, counties, and municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries and property held for educational, scientific, literary, cultural, charitable, or religious purposes, and, to a value not exceeding $300, any personal property. The General Assembly may exempt from taxation not exceeding $1,000 in value of property held and used as the place of residence of the owner. Every exemption shall be on a State-wide basis and shall be made by general law uniformly applicable in every county, city and town, and other unit of local government. No taxing authority other than the General Assembly may grant exemptions, and the General Assembly shall not delegate the powers accorded to it by this subsection.

(4) Special tax areas. Subject to the limitations imposed by Section 4, the General Assembly may enact general laws authorizing the governing body of any county, city, or town to define territorial areas and to levy taxes within those areas, in addition to those levied throughout the county, city, or town, in order to finance, provide, or maintain services, facilities, and functions in addition to or to a greater extent than those financed, provided, or maintained for the entire county, city, or town.

(5) Purposes of property tax. The General Assembly shall not authorize any county, city or town, special district, or other unit of local government to levy taxes on property, except for purposes authorized by general law uniformly applicable throughout the State, unless the tax is approved by a majority of the qualified voters of the unit who vote thereon.

(6) Income tax. The rate of tax on incomes shall not in any case exceed ten percent, and there shall be allowed personal exemptions and deductions so that only net incomes are taxed.

(7) Contracts. The General Assembly may enact laws whereby the State, any county, city or town, and any other public corporation may contract with and appropriate money to any person, association, or corporation for the accomplishment of public purposes only.

Sec. 3. Limitations upon the increase of State debt.

(1) Authorized purposes; two-thirds limitation. The General Assembly shall have no power to contract debts secured by a pledge of the faith and credit of the State, unless approved by a majority of the qualified voters of the State who vote thereon, except for the following purposes:

(a) to fund or refund a valid existing debt;
(b) to supply an unforeseen deficiency in the revenue;
(c) to borrow in anticipation of the collection of taxes due and payable within the current fiscal year to an amount not exceeding 50 per cent of such taxes;
(d) to suppress riots or insurrections, or to repel invasions;
(e) to meet emergencies immediately threatening the public health or safety, as conclusively determined in writing by the Governor;
(f) for any other lawful purpose, to the extent of two-thirds of the amount by which the State's outstanding indebtedness shall have been reduced during the next preceding biennium.

(2) Gift or loan of credit regulated. The General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except a corporation in which the State has a controlling interest, unless the subject is submitted to a direct vote of the people of the State, and is approved by a majority of the qualified voters who vote thereon.

(3) Definitions. A debt is incurred within the meaning of this Section when the State borrows money. A pledge of the faith and credit within the meaning of this Section is a pledge of the taxing power. A loan of credit within the meaning of this Section occurs when the State exchanges its obligations with or in any way guarantees the debts of an individual, association, or private corporation.

(4) Certain debts barred. The General Assembly shall never assume or pay any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States. Neither shall the General Assembly assume or pay any debt or bond incurred or issued by authority of the Convention of 1868, the special session of the General Assembly of 1868, or the General Assemblies of 1868-69 and 1869-70, unless the subject is submitted to the people of the State and is approved by a majority of all the qualified voters at a referendum held for that sole purpose.

(5) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall be construed to invalidate or impair the obligation of any bond, note, or other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 4. Limitations upon the increase of local government debt.

(1) Regulation of borrowing and debt. The General Assembly shall enact general laws relating to the borrowing of money secured by a pledge of the faith and credit and the contracting of other debts by counties, cities and towns, special districts, and other units, authorities, and agencies of local government.

(2) Authorized purposes; two-thirds limitation. The General Assembly shall have no power to authorize any county, city or town, special district, or other unit of local government to contract debts secured by a pledge of its faith and credit unless approved by a majority of the qualified voters of the unit who vote thereon, except for the following purposes:

(a) to fund or refund a valid existing debt;
(b) to supply an unforeseen deficiency in the revenue;
(c) to borrow in anticipation of the collection of taxes due and payable within the current fiscal year to an amount not exceeding 50 per cent of such taxes;
(d) to suppress riots or insurrections;
(e) to meet emergencies immediately threatening the public health or safety, as conclusively determined in writing by the Governor;
(f) for purposes authorized by general laws uniformly applicable throughout the State, to the extent of two-thirds of the amount by which the unit's outstanding indebtedness shall have been reduced during the next preceding fiscal year.

(3) Gift or loan of credit regulated. No county, city or town, special district, or other unit of local government shall give or lend its credit in aid of any person,
association, or corporation, except for public purposes as authorized by general law, and
unless approved by a majority of the qualified voters of the unit who vote thereon.
(4) Certain debts barred. No county, city or town, or other unit of local
government shall assume or pay any debt or the interest thereon contracted directly or
indirectly in aid or support of rebellion or insurrection against the United States.
(5) Definitions. A debt is incurred within the meaning of this Section when a
county, city or town, special district, or other unit, authority, or agency of local
government borrows money. A pledge of faith and credit within the meaning of this
Section is a pledge of the taxing power. A loan of credit within the meaning of this
Section occurs when a county, city or town, special district, or other unit, authority, or
agency of local government exchanges its obligations with or in any way guarantees the
debts of an individual, association, or private corporation.
(6) Outstanding debt. Except as provided in subsection (4), nothing in this
Section shall be construed to invalidate or impair the obligation of any bond, note, or
other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 5. Acts levying taxes to state objects.
Every act of the General Assembly levying a tax shall state the special object to
which it is to be applied, and it shall be applied to no other purpose.

Sec. 6. Inviolability of sinking funds and retirement funds.
(1) Sinking funds. The General Assembly shall not use or authorize to be used
any part of the amount of any sinking fund for any purpose other than the retirement of
the bonds for which the sinking fund has been created, except that these funds may be
invested as authorized by law.
(2) Retirement funds. Neither the General Assembly nor any public officer,
employee, or agency shall use or authorize to be used any part of the funds of the
Teachers' and State Employees' Retirement System or the Local Governmental
Employees' Retirement System for any purpose other than retirement system benefits
and purposes, administrative expenses, and refunds; except that retirement system funds
may be invested as authorized by law, subject to the investment limitation that the funds
of the Teachers' and State Employees' Retirement System and the Local Governmental
Employees' Retirement System shall not be applied, diverted, loaned to, or used by the
State, any State agency, State officer, public officer, or public employee.

Sec. 7. Drawing public money.
(1) State treasury. No money shall be drawn from the State treasury but in
consequence of appropriations made by law, and an accurate account of the receipts and
expenditures of State funds shall be published annually.
(2) Local treasury. No money shall be drawn from the treasury of any county,
city or town, or other unit of local government except by authority of law.

Sec. 8. Health care facilities.
Notwithstanding any other provisions of this Constitution, the General Assembly
may enact general laws to authorize the State, counties, cities or towns, and other State
and local governmental entities to issue revenue bonds to finance or refinance for any
such governmental entity or any nonprofit private corporation, regardless of any church
or religious relationship, the cost of acquiring, constructing, and financing health care
facility projects to be operated to serve and benefit the public; provided, no cost
incurred earlier than two years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereeto for nonprofit private corporations.

Sec. 9. Capital projects for industry.

Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 10. Joint ownership of generation and transmission facilities.

In addition to other powers conferred upon them by law, municipalities owning or operating facilities for the generation, transmission or distribution of electric power and energy and joint agencies formed by such municipalities for the purpose of owning or operating facilities for the generation and transmission of electric power and energy (each, respectively, "a unit of municipal government") may jointly or severally own, operate and maintain works, plants and facilities, within or without the State, for the generation and transmission of electric power and energy, or both, with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale (each, respectively, "a co-owner") within this State or any state contiguous to this State, and may enter into and carry out agreements with respect to such jointly owned facilities. For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts, omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.
Sec. 11. Capital projects for agriculture.

Notwithstanding any other provision of the Constitution the General Assembly may enact general laws to authorize the creation of an agency to issue revenue bonds to finance the cost of capital projects consisting of agricultural facilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State or any State entity to issue revenue bonds to finance and refinance the cost of acquiring, constructing, and financing higher education facilities to be operated to serve and benefit the public for any nonprofit private corporation, regardless of any church or religious relationship provided no cost incurred earlier than five years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from any revenues or assets of any such nonprofit private corporation pledged therefor, shall not be secured by a pledge of the full faith and credit of the State or such State entity or deemed to create an indebtedness requiring voter approval of the State or such entity, and, where the title to such facilities is vested in the State or any State entity, may be secured by an agreement which may provide for the conveyance of title to, with or without consideration, such facilities to the nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto.

Sec. 13. Seaport and airport facilities.

(1) Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to grant to the State, counties, municipalities, and other State and local governmental entities all powers useful in connection with the development of new and existing seaports and airports, and to authorize such public bodies:

(a) to acquire, construct, own, own jointly with public and private parties, lease as lessee, mortgage, sell, lease as lessor, or otherwise dispose of lands and facilities and improvements, including undivided interest therein;

(b) to finance and refinance for public and private parties seaport and airport facilities and improvements which relate to, develop or further waterborne or airborne commerce and cargo and passenger traffic, including commercial, industrial, manufacturing, processing, mining, transportation, distribution, storage, marine, aviation and environmental facilities and improvements; and
(c) to secure any such financing or refinancing by all or any portion of their revenues, income or assets or other available monies associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, and by foreclosable liens on all or any part of their properties associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, but in no event to create a debt secured by a pledge of the faith and credit of the State or any other public body in the State.

Sec. 14. Project development financing.
Notwithstanding Section 4 of this Article, the General Assembly may enact general laws authorizing any county, city, or town to define territorial areas in the county, city, or town and borrow money to be used to finance public improvements associated with private development projects within the territorial areas, as provided in this section. The General Assembly shall set forth by statute the method for determining the size of the territorial area and the issuing unit. This method is conclusive. When a territorial area is defined pursuant to this section, the county shall determine the current assessed value of taxable real and personal property in the territorial area. Thereafter, property in the territorial area continues to be subject to taxation to the same extent and in like manner as property not in the territorial area, but the net proceeds of taxes levied on the excess, if any, of the assessed value of taxable real and personal property in the territorial area at the time the taxes are levied over the assessed value of taxable real and personal property in the territorial area at the time the territorial area was defined may be set aside. The instruments of indebtedness authorized by this section shall be secured by these set-aside proceeds. The General Assembly may authorize a county, city, or town issuing these instruments of indebtedness to pledge, as additional security, revenues available to the issuing unit from sources other than the issuing unit's exercise of its taxing power. As long as no revenues are pledged other than the set-aside proceeds authorized by this section and the revenues authorized in the preceding sentence, these instruments of indebtedness may be issued without approval by referendum. The county, city, or town may not pledge as security for these instruments of indebtedness any property tax revenues other than the set-aside proceeds authorized in this section, or in any other manner pledge its full faith and credit as security for these instruments of indebtedness unless a vote of the people is held as required by and in compliance with the requirements of Section 4 of this Article.

Notwithstanding the provisions of Section 2 of this Article, the General Assembly may enact general laws authorizing a county, city, or town that has defined a territorial area pursuant to this section to assess property within the territorial area at a minimum value if agreed to by the owner of the property, which agreed minimum value shall be binding on the current owner and any future owners as long as the defined territorial area is in effect.
ARTICLE VI

Section 1. Who may vote.
Every person born in the United States and every person who has been naturalized, 18 years of age, and possessing the qualifications set out in this Article, shall be entitled to vote at any election by the people of the State, except as herein otherwise provided.

Any person who has resided in the State of North Carolina for one year and in the precinct, ward, or other election district for 30 days next preceding an election, and possesses the other qualifications set out in this Article, shall be entitled to vote at any election held in this State. Removal from one precinct, ward, or other election district to another in this State shall not operate to deprive any person of the right to vote in the precinct, ward, or other election district from which that person has removed until 30 days after the removal.

2. Residence period for presidential elections. The General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.

3. Disqualification of felon. No person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, shall be permitted to vote unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

Sec. 3. Registration.
Every person offering to vote shall be at the time legally registered as a voter as herein prescribed and in the manner provided by law. The General Assembly shall enact general laws governing the registration of voters.

Sec. 6. Eligibility to elective office.
Every qualified voter in North Carolina who is 21 years of age, except as in this Constitution disqualified, shall be eligible for election by the people to office.

Sec. 7. Oath.
Before entering upon the duties of an office, a person elected or appointed to the office shall take and subscribe the following oath:

xxxvi
"I, _______________, do solemnly swear (or affirm) that I will support and maintain the Constitution and laws of the United States, and the Constitution and laws of North Carolina not inconsistent therewith, and that I will faithfully discharge the duties of my office as ________________, so help me God."

Third, any person who has been adjudged guilty of treason or any other felony against this State or the United States, or any person who has been adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, or any person who has been adjudged guilty of corruption or malpractice in any office, or any person who has been removed by impeachment from any office, and who has not been restored to the rights of citizenship in the manner prescribed by law.

Sec. 9. Dual office holding.

(1) Prohibitions. It is salutary that the responsibilities of self-government be widely shared among the citizens of the State and that the potential abuse of authority inherent in the holding of multiple offices by an individual be avoided. Therefore, no person who holds any office or place of trust or profit under the United States or any department thereof, or under any other state or government, shall be eligible to hold any office in this State that is filled by election by the people. No person shall hold concurrently any two offices in this State that are filled by election of the people. No person shall hold concurrently any two or more appointive offices or places of trust or profit, or any combination of elective and appointive offices or places of trust or profit, except as the General Assembly shall provide by general law.

(2) Exceptions. The provisions of this Section shall not prohibit any officer of the military forces of the State or of the United States not on active duty for an extensive period of time, any notary public, or any delegate to a Convention of the People from holding concurrently another office or place of trust or profit under this State or the United States or any department thereof.

Sec. 10. Continuation in office.

In the absence of any contrary provision, all officers in this State, whether appointed or elected, shall hold their positions until other appointments are made or, if the offices are elective, until their successors are chosen and qualified.

ARTICLE VII
LOCAL GOVERNMENT

Section 1. General Assembly to provide for local government.

The General Assembly shall provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable.
The General Assembly shall not incorporate as a city or town, nor shall it authorize to be incorporated as a city or town, any territory lying within one mile of the corporate limits of any other city or town having a population of 5,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within three miles of the corporate limits of any other city or town having a population of 10,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within four miles of the corporate limits of any other city or town having a population of 25,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within five miles of the corporate limits of any other city or town having a population of 50,000 or more according to the most recent decennial census of population taken by order of Congress. Sec. 2. Sheriffs.
In each county a Sheriff shall be elected by the qualified voters thereof at the same time and places as members of the General Assembly are elected and shall hold his office for a period of four years, subject to removal for cause as provided by law.

Sec. 3. Merged or consolidated counties.
Any unit of local government formed by the merger or consolidation of a county or counties and the cities and towns therein shall be deemed both a county and a city for the purposes of this Constitution, and may exercise any authority conferred by law on counties, or on cities and towns, or both, as the General Assembly may provide.

ARTICLE VIII

No corporation shall be created, nor shall its charter be extended, altered, or amended by special act, except corporations for charitable, educational, penal, or reformatory purposes that are to be and remain under the patronage and control of the State; but the General Assembly shall provide by general laws for the chartering, organization, and powers of all corporations, and for the amending, extending, and forfeiture of all charters, except those above permitted by special act. All such general acts may be altered from time to time or repealed. The General Assembly may at any time by special act repeal the charter of any corporation.

Sec. 2. Corporations defined.
The term "corporation" as used in this Section shall be construed to include all associations and joint-stock companies having any of the powers and privileges of corporations not possessed by individuals or partnerships. All corporations shall have the right to sue and shall be subject to be sued in all courts, in like cases as natural persons.

Of the appointive members of the Board, one shall be appointed from each of the eight educational districts and three shall be appointed from the State at large. Appointments shall be for overlapping terms of eight years. Appointments to fill vacancies shall be made by the Governor for the unexpired terms and shall not be subject to confirmation.
2. Superintendent of Public Instruction. The Superintendent of Public Instruction shall be the secretary and chief administrative officer of the State Board of Education.

The General Assembly shall maintain a public system of higher education, comprising The University of North Carolina and such other institutions of higher education as the General Assembly may deem wise. The General Assembly shall provide for the selection of trustees of The University of North Carolina and of the other institutions of higher education, in whom shall be vested all the privileges, rights, franchises, and endowments heretofore granted to or conferred upon the trustees of these institutions. The General Assembly may enact laws necessary and expedient for the maintenance and management of The University of North Carolina and the other public institutions of higher education.

Sec. 9. Benefits of public institutions of higher education.

The General Assembly shall provide that the benefits of The University of North Carolina and other public institutions of higher education, as far as practicable, be extended to the people of the State free of expense.

Sec. 10. Escheats.

(1) Escheats prior to July 1, 1971. All property that prior to July 1, 1971, accrued to the State from escheats, unclaimed dividends, or distributive shares of the estates of deceased persons shall be appropriated to the use of The University of North Carolina.

(2) Escheats after June 30, 1971. All property that, after June 30, 1971, shall accrue to the State from escheats, unclaimed dividends, or distributive shares of the estates of deceased persons shall be used to aid worthy and needy students who are residents of this State and are enrolled in public institutions of higher education in this State. The method, amount, and type of distribution shall be prescribed by law.
Section 1. Personal property exemptions.

The personal property of any resident of this State, to a value fixed by the General Assembly but not less than $500, to be selected by the resident, is exempted from sale under execution or other final process of any court, issued for the collection of any debt.

Sec. 2. Homestead exemptions.

(1) Exemption from sale; exceptions. Every homestead and the dwellings and buildings used therewith, to a value fixed by the General Assembly but not less than $1,000, to be selected by the owner thereof, or in lieu thereof, at the option of the owner, any lot in a city or town with the dwellings and buildings used thereon, and to the same value, owned and occupied by a resident of the State, shall be exempt from sale under execution or other final process obtained on any debt. But no property shall be exempt from sale for taxes, or for payment of obligations contracted for its purchase.

(2) Exemption for benefit of children. The homestead, after the death of the owner thereof, shall be exempt from the payment of any debt during the minority of the owner's children, or any of them.

(3) Exemption for benefit of surviving spouse. If the owner of a homestead dies, leaving a surviving spouse but no minor children, the homestead shall be exempt from the debts of the owner, and the rents and profits thereof shall inure to the benefit of the surviving spouse until he or she remarries, unless the surviving spouse is the owner of a separate homestead.

(4) Conveyance of homestead. Nothing contained in this Article shall operate to prevent the owner of a homestead from disposing of it by deed, but no deed made by a married owner of a homestead shall be valid without the signature and acknowledgement of his or her spouse.

Sec. 3. Mechanics' and laborers' liens.

The General Assembly shall provide by proper legislation for giving to mechanics and laborers an adequate lien on the subject-matter of their labor. The provisions of Sections 1 and 2 of this Article shall not be so construed as to prevent a laborer's lien for work done and performed for the person claiming the exemption or a mechanic's lien for work done on the premises.

Sec. 4. Property of married women secured to them.

The real and personal property of any female in this State acquired before marriage, and all property, real and personal, to which she may, after marriage, become in any manner entitled, shall be and remain the sole and separate estate and property of such female, and shall not be liable for any debts, obligations, or engagements of her husband, and may be devised and bequeathed and conveyed by her, subject to such regulations and limitations as the General Assembly may prescribe. Every married woman may exercise powers of attorney conferred upon her by her husband, including the power to execute and acknowledge deeds to property owned by herself and her husband or by her husband.
Sec. 5. Insurance.
A person may insure his or her own life for the sole use and benefit of his or her spouse or children or both, and upon his or her death the proceeds from the insurance shall be paid to or for the benefit of the spouse or children or both, or to a guardian, free from all claims of the representatives or creditors of the insured or his or her estate. Any insurance policy which insures the life of a person for the sole use and benefit of that person's spouse or children or both shall not be subject to the claims of creditors of the insured during his or her lifetime, whether or not the policy reserves to the insured during his or her lifetime any or all rights provided for by the policy and whether or not the policy proceeds are payable to the estate of the insured in the event the beneficiary or beneficiaries predecease the insured.

ARTICLE XI

(1995, c. 429, s. 2.)

Sec. 2. Death punishment.
The object of punishments being not only to satisfy justice, but also to reform the offender and thus prevent crime, murder, arson, burglary, and rape, and these only, may be punishable with death, if the General Assembly shall so enact.

Sec. 3. Charitable and correctional institutions and agencies.
Such charitable, benevolent, penal, and correctional institutions and agencies as the needs of humanity and the public good may require shall be established and operated by the State under such organization and in such manner as the General Assembly may prescribe.

Sec. 4. Welfare policy; board of public welfare.
Beneficent provision for the poor, the unfortunate, and the orphan is one of the first duties of a civilized and a Christian state. Therefore the General Assembly shall provide for and define the duties of a board of public welfare.

ARTICLE XII

No Convention of the People of this State shall ever be called unless by the concurrence of two-thirds of all the members of each house of the General Assembly, and unless the proposition "Convention or No Convention" is first submitted to the qualified voters of the State at the time and in the manner prescribed by the General Assembly. If a majority of the votes cast upon the proposition are in favor of a Convention, it shall assemble on the day prescribed by the General Assembly. The General Assembly shall, in the act submitting the convention proposition, propose limitations upon the authority of the Convention; and if a majority of the votes cast upon the proposition are in favor of a Convention, those limitations shall become binding upon the Convention. Delegates to the Convention shall be elected by the qualified voters at the time and in the manner prescribed in the act of submission. The Convention shall consist of a number of delegates equal to the membership of the House of Representatives of the General Assembly that submits the convention proposition and the delegates shall be apportioned as is the House of Representatives. A Convention shall adopt no ordinance not necessary to the purpose for which the Convention has been called.

Sec. 2. Power to revise or amend Constitution reserved to people.

The people of this State reserve the power to amend this Constitution and to adopt a new or revised Constitution. This power may be exercised by either of the methods set out hereinafter in this Article, but in no other way.

Sec. 3. Revision or amendment by Convention of the People.

A Convention of the People of this State may be called pursuant to Section 1 of this Article to propose a new or revised Constitution or to propose amendments to this Constitution. Every new or revised Constitution and every constitutional amendment adopted by a Convention shall be submitted to the qualified voters of the State at the time and in the manner prescribed by the Convention. If a majority of the votes cast thereon are in favor of ratification of the new or revised Constitution or the constitutional amendment or amendments, it or they shall become effective January first next after ratification by the qualified voters unless a different effective date is prescribed by the Convention.

Sec. 4. Revision or amendment by legislative initiation.

A proposal of a new or revised Constitution or an amendment or amendments to this Constitution may be initiated by the General Assembly, but only if three-fifths of all the members of each house shall adopt an act submitting the proposal to the qualified voters of the State for their ratification or rejection. The proposal shall be submitted at the time and in the manner prescribed by the General Assembly. If a majority of the votes cast thereon are in favor of the proposed new or revised Constitution or constitutional amendment or amendments, it or they shall become effective January first next after ratification by the voters unless a different effective date is prescribed in the act submitting the proposal or proposals to the qualified voters.

   The permanent seat of government of this State shall be at the City of Raleigh.

Sec. 2. State boundaries.
   The limits and boundaries of the State shall be and remain as they now are.

Sec. 3. General laws defined.
   Whenever the General Assembly is directed or authorized by this Constitution to enact general laws, or general laws uniformly applicable throughout the State, or general laws uniformly applicable in every county, city and town, and other unit of local government, or in every local court district, no special or local act shall be enacted concerning the subject matter directed or authorized to be accomplished by general or uniformly applicable laws, and every amendment or repeal of any law relating to such subject matter shall also be general and uniform in its effect throughout the State. General laws may be enacted for classes defined by population or other criteria. General laws uniformly applicable throughout the State shall be made applicable without classification or exception in every unit of local government of like kind, such as every county, or every city and town, but need not be made applicable in every unit of local government in the State. General laws uniformly applicable in every county, city and town, and other unit of local government, or in every local court district, shall be made applicable without classification or exception in every unit of local government, or in every local court district, as the case may be. The General Assembly may at any time repeal any special, local, or private act.

Sec. 4. Continuity of laws; protection of office holders.
   The laws of North Carolina not in conflict with this Constitution shall continue in force until lawfully altered. Except as otherwise specifically provided, the adoption of this Constitution shall not have the effect of vacating any office or term of office now filled or held by virtue of any election or appointment made under the prior Constitution of North Carolina and the laws of the State enacted pursuant thereto.

Sec. 5. Conservation of natural resources.
   It shall be the policy of this State to conserve and protect its lands and waters for the benefit of all its citizenry, and to this end it shall be a proper function of the State of North Carolina and its political subdivisions to acquire and preserve park, recreational, and scenic areas, to control and limit the pollution of our air and water, to control excessive noise, and in every other appropriate way to preserve as a part of the common heritage of this State its forests, wetlands, estuaries, beaches, historical sites, openlands, and places of beauty.

   To accomplish the aforementioned public purposes, the State and its counties, cities and towns, and other units of local government may acquire by purchase or gift properties or interests in properties which shall, upon their special dedication to and acceptance by a law enacted by a vote of three-fifths of the members of each house of the General Assembly for those public purposes, constitute part of the ‘State Nature and Historic Preserve,’ and which shall not be used for other purposes except as authorized by law enacted by a vote of three-fifths of the members of each house of the General Assembly.
Assembly. The General Assembly shall prescribe by general law the conditions and procedures under which such properties or interests therein shall be dedicated for the aforementioned public purposes. (1971, c. 630, s. 1; as amended)
S.B. 7  Session Law 2005-1

AN ACT TO ENACT THE HURRICANE RECOVERY ACT OF 2005, MAKING FINDINGS AS TO DAMAGE CAUSED BY THE HURRICANES THAT STRUCK NORTH CAROLINA IN 2004, CONCERNING ESTABLISHMENT OF THE DISASTER RELIEF RESERVE FUND, MAKING APPROPRIATIONS TO THE DISASTER RELIEF RESERVE FUND, DIRECTING THE REESTABLISHMENT AND MODIFICATION OF HURRICANE FLOYD RECOVERY PROGRAMS, AUTHORIZING ESTABLISHMENT OF NEW PROGRAMS, EXPANSION OF EXISTING PROGRAMS, AND MODIFICATION OF EXISTING PROGRAMS TO IMPLEMENT THIS ACT, AUTHORIZING TRANSFER OF FUNDS TO FEDERAL AGENCIES AND LOCAL GOVERNMENTS, AUTHORIZING TIME-LIMITED POSITIONS TO IMPLEMENT THIS ACT, PROVIDING FOR SUBROGATION BY THE STATE OF CERTAIN INSURANCE CLAIMS, AUTHORIZING ADVISORY COUNCILS TO ADVISE STATE AGENCIES ON RECOVERY EFFORTS, PROVIDING FOR TAX EXEMPTION OF BENEFITS, DIRECTING THE MAPPING OF FLOOD PLAINS AND THE IDENTIFICATION OF POTENTIAL LANDSLIDE AREAS AND STREAM BANK EROSION, DIRECTING THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO STUDY THE CAUSES OF FLOODING IN CERTAIN AREAS AND DETERMINE MEASURES TO PREVENT OR MITIGATE FUTURE FLOODING, DIRECTING THE GOVERNOR TO MAINTAIN THE REDEVELOPMENT OFFICE IN WESTERN NORTH CAROLINA, APPROPRIATING FUNDS TO RESTORE AND REPAIR CERTAIN PUBLIC BUILDINGS IN HYDE COUNTY DAMAGED BY HURRICANE ISABEL AND ESTABLISHING REPORTING REQUIREMENTS.

The General Assembly of North Carolina enacts:

PART I. TITLE OF ACT

SECTION 1. This act shall be known as "The Hurricane Recovery Act of 2005."
PART II. LEGISLATIVE FINDINGS
DAMAGE CAUSED BY 2004 HURRICANES AND TROPICAL STORMS

SECTION 2.(a) The General Assembly finds that the State of North Carolina endured six hurricanes during the late summer and fall of 2004. In the Western region of the State, Hurricanes Frances and Ivan dumped heavy rains that led to flooding and landslides throughout the region. Eastern North Carolina, including areas along the coast and the Sandhills, were struck by Hurricanes Alex, Bonnie, Charlie, and Jeanne. Wind damage and flooding were the primary source of damage in the east.

SECTION 2.(b) The General Assembly finds that Hurricanes Frances and Ivan wrought havoc upon Western North Carolina impacting the region on a scale not experienced before in that area of the State. Flooding and landslides destroyed infrastructure, roads, bridges, homes, businesses, farmland, and crops, damaging the civil, social, economic, and environmental well-being of Western North Carolina. The economic base of the region has been undermined as the result of business closures, crop and aquaculture losses, and revenue losses to the extent that many individuals' ability to support themselves and their families is threatened and may be lost completely without assistance from the State. A disaster of this magnitude affects the entire State. Extraordinary assistance to the region is necessary if Western North Carolina, and with it the economic well-being of the State, is to recover from the effects of the damage inflicted by Hurricanes Frances and Ivan.

SECTION 2.(c) The General Assembly finds that as a result of the hurricanes in Western North Carolina:

1. The President of the United States issued two federal disaster declarations for the Western region of the State.
2. Eleven people lost their lives.
3. People lost their loved ones, their homes, sources of livelihood, and, in some instances, their communities. During Hurricane Ivan, the community of Peeks Creek was devastated by a debris flow triggered by the heavy rains. The debris flow traveled speeds as great as 33 miles per hour for two and a quarter miles from the top of Fishhawk Mountain. Five persons were killed, and 15 homes destroyed by the flow that was estimated to be several hundred feet wide and up to 40 feet high. Other communities that were particularly hard hit by landslides include the Starnes Creek area in Buncombe County, the Little Pine area in Madison County, the White Laurel community in Watauga County, and Bear Rock Estates in Henderson County.
4. Sixty-two homes were destroyed, and 11,107 homes suffered damage in Hurricane Frances. Another 78 homes were destroyed, and 5,127 homes damaged in Hurricane Ivan. Eighty-five landslides were reported as a result of the 27+ inches of rain that fell on the region. Many persons did not have flood insurance, as they did not know that there was a danger of flooding where they lived. Further, people could not know the landslide risks associated with their housing location because such maps are not readily available. The State needs to update current flood mapping for and prepare landslide zone mapping for the region so that homes may be rebuilt in safe areas. Homes lying within flood and landslide zones need to be relocated to mitigate the possibility of further damage to life and property should subsequent
events occur. Additional State assistance to homeowners is necessary to accomplish these goals and to assure that there is safe and adequate housing for the citizens of the affected area.

(5) The region also lost rental properties that provided needed housing for those who cannot afford to purchase their own homes. The impact of the hurricanes on the regional economy is such that sufficient rental housing at affordable prices may not be built to replace the property damaged or destroyed, leaving persons who were forced from their homes unable to obtain adequate housing.

(6) Landslides and flooding damaged or destroyed at least 272 private roads, culverts and bridges, cutting off numerous families from access to emergency services and access to State roads.

(7) The Small Business Administration reported receiving 10,113 referrals for business loan applications from the Federal Emergency Management Agency to cover physical damage to businesses. Of these requests for applications, however, only 2,080 (around twenty percent (20%)) were returned to the SBA for processing. The numbers suggest both the numbers of businesses that suffered physical damage as a result of the hurricane and the inability of many businesses in the region to take on additional debt. Without additional assistance, many businesses may not be able to reopen, and jobs will be lost.

(8) Reports from the region indicated that the town of Canton lost forty percent (40%) of its business district in the floods attending Ivan. Blue Ridge Paper, the largest manufacturing employer in Western North Carolina, reportedly suffered several million dollars in flood damages from Hurricane Frances alone. The flooding a week later from Hurricane Ivan was two to three feet above the level experienced by the plant during Frances. Biltmore Village, a community near the Biltmore Estate, was almost completely inundated by floodwaters of the Swannanoa.

(9) According to North Carolina Department of Commerce reports, the region lost an estimated eighty-seven million dollars ($87,000,000) in tourism revenue during the three-week period after the hurricanes struck.

(10) The agricultural economy of the region was seriously affected. Early estimates of crops and acreage affected included thousands of acres of fruits and vegetables, hay, corn, soybeans, and tobacco. In Henderson County alone, approximately 90,000 of the county's 1,000,000 apple trees were downed. Greenhouse and nursery crops were also seriously affected. At least five trout farms reported extensive physical damage and losses of over 160,000 pounds of fish. In addition to crop and fish losses, there was extensive damage to farmland through erosion and flooding, and many farms suffered damage to farm structures. Most farmers cannot afford to take on additional debt to rehabilitate damaged fields, rebuild and repair farm structures, purchase new equipment, replant trees, or replace inventory. Many farmers may be unable to continue farming without assistance from the State. It is therefore necessary to provide State assistance to farmers to preserve
the agricultural sector of the economy in Western North Carolina and the economic stability of the region.

(11) Impacts on the environment have yet to be calculated. In addition to the stream damage from flooding, there was also contamination from sewage overflows and chemical spills. It was reported that over 100,000 gallons of petroleum products were spilled into the French Broad River system.

(12) Local governments have suffered loss of infrastructure, damage to public buildings, roads, wastewater treatment plants, and other facilities. One thousand four hundred and forty specific public assistance projects have been authorized to repair facilities and roads, remove debris, and otherwise effect cleanup and repair of local government facilities. In addition, the damage from the storms to property and businesses has eroded the tax base of the counties affected. These counties must bear a loss of revenue at the same time they are shouldering the costs of replacing and repairing the infrastructure and meeting the additional needs of the population struggling to recover from the effects of the hurricanes.

SECTION 2.(d) The General Assembly finds that as a result of the storms that hit Eastern North Carolina:

(1) A State Type I Disaster Declaration was issued for Dare and Hyde Counties after Hurricane Alex which provided individual assistance to 22 applicants who failed to qualify for SBA loans and substantial public assistance to the two counties for debris removal.

(2) Hurricanes Bonnie and Charlie impacted Beaufort, Bladen, Brunswick, Craven, Columbus, Dare, Duplin, Harnett, Hyde, Jones, Lenoir, New Hanover, Pamlico, Pasquotank, Pender, Pitt, Onslow, Tyrrell, and Washington Counties. A federal disaster declaration has been requested but denied. According to the Division of Emergency Management, 2,860 homes and 65 businesses were affected by the two hurricanes. Three hundred six of the affected homes were destroyed or suffered major damage.

(3) Hurricane Jeanne impacted Cabarrus, Moore, Rowan, and Stokes Counties. Reports from Moore County indicated that over 100 homes and businesses were damaged, primarily in Southern Pines. Public Assistance needs were limited to Stokes and Moore Counties.

(4) In addition to the damage reports for individuals and local governments, the North Carolina Department of Agriculture and Consumer Services reported early estimates of over 900,000 acres of corn, soybeans, tobacco, cotton, peanuts, and fruits and vegetables were lost as a result of Hurricane Charlie and Hurricane Bonnie.

SECTION 2.(e) The General Assembly further finds that the devastation caused by the 2004 hurricanes in North Carolina continues to affect all aspects of the economy, the environment, public health and safety, infrastructure, public and private institutions, and the general welfare of the counties affected and, indirectly, of the entire State. Immediate short-term responses and long-term responses are necessary to preserve a way of life in those North Carolina counties, to preserve the economic condition of the entire State, and to preserve the reputation North Carolina has, nationally and internationally, as a great place to live and a great place to do business.
CRITICAL NEEDS NOT MET BY EXISTING STATE AND FEDERAL PROGRAMS AND FUNDS

SECTION 2.1.(a) The General Assembly finds that State and federal disaster relief initiatives are not intended to make individuals whole after a loss; they are intended to assist the affected areas in recovering from the damage caused by the six hurricanes that struck North Carolina.

Without significant additional State assistance to the area damaged by Hurricanes Alex, Bonnie, Charlie, Frances, Ivan, and Jeanne, further deterioration of the economy, the environment, public health and safety, and quality of life in the State is likely to occur. Without additional State assistance:

(1) Many people in uninsured, damaged homes will either not qualify for federal housing assistance or not have the resources to take advantage of federal housing assistance.

(2) Local governments already overwhelmed with storm-related expenses may not have the resources to repair damaged infrastructure and provide the new infrastructure necessary for families relocating out of the flood and landslide zones and for businesses that are in the process of rebuilding.

(3) Jobs may be permanently lost because many cannot qualify for Small Business Administration loans.

(4) Many farmers who suffered significant losses may find it difficult to continue farming.

(5) Resources for drinking water protection, solid waste cleanup, hazardous waste cleanup, and remediation of high-risk storage tanks will be inadequate.

(6) The tourism industry will continue to suffer due to negative publicity about the storm.

SECTION 2.1.(b) It is the intent of the General Assembly that the benefits of the projects and programs authorized by this act are for the common good and collective recovery of the people of this State following a devastating natural disaster directly affecting a large portion of the State and indirectly affecting the entire State. The entire State faces a major loss if the counties that bore the major impact of the hurricanes and tropical storms of 2004 are not offered the assistance provided by this act. The purpose of this act is to provide an ultimate net public benefit to the State through a successful hurricane recovery initiative in Western North Carolina and other affected counties.

PART III. SCOPE OF ACT

COUNTIES COVERED BY THIS ACT

SECTION 3. Sections 2 through 5.2 of this act apply as follows:

(1) This act applies to the 19 counties designated by the Federal Emergency Management Agency (FEMA) as eligible for Individual Assistance and Public Assistance as a result of damages sustained from Hurricane Frances or Ivan. Those counties are eligible for all programs and assistance provided under this act. Those counties are: Alleghany, Ashe, Avery, Buncombe, Burke, Caldwell, Haywood, Henderson, Jackson, Macon, Madison, McDowell, Mitchell, Polk, Rutherford, Swain, Transylvania, Watauga, and Yancey.
(2) This act applies to the additional 26 counties that were designated by FEMA as eligible only for individual assistance as a result of damages sustained from Hurricane Frances or Ivan. Those counties are eligible for all programs and assistance provided under this act for individual assistance. Those counties are: Alamance, Alexander, Bladen, Cabarrus, Caswell, Catawba, Cleveland, Columbus, Cumberland, Davidson, Forsyth, Gaston, Graham, Guilford, Hoke, Iredell, Lincoln, Mecklenburg, Randolph, Robeson, Rockingham, Rutherford, Scotland, Stokes, Union, and Wilkes.

(3) In addition, a number of counties were not included in a federal disaster declaration but were included in a State disaster declaration issued under Article 1 of Chapter 166A of the General Statutes as a result of the damages sustained by one of the hurricanes that occurred in 2004. The Governor shall also extend the coverage of the programs and assistance provided under this act to those counties.

PART IV. THE DISASTER RELIEF RESERVE FUND

ESTABLISHMENT OF THE DISASTER RELIEF RESERVE FUND

SECTION 4. The Governor has established the Disaster Relief Reserve Fund in the Office of State Budget and Management. The purpose of this fund is to provide necessary and appropriate relief and assistance from the effects of natural disasters. Consistent with the provisions of this act, the Governor shall spend monies appropriated to or otherwise transferred to the Disaster Relief Fund by this act to assist the counties referenced in Section 3 of this act. The monies shall be used to implement programs as provided by this act.

APPROPRIATION TO THE DISASTER RELIEF RESERVE FUND AND COMMITTEE REPORT

SECTION 4.1.(a) The appropriation made in this section is for the maximum amount necessary to implement this act. Savings shall be effected where the total amount appropriated is not required to implement the act.

SECTION 4.1.(b) The fund availability upon which appropriations in this act are based is as follows:

- Estimated unappropriated General Fund over collections, fiscal year 2004-2005: $0.0
- Estimated General Fund reversions, fiscal year 2004-2005: $91.0 million
- North Carolina Community Development Initiative, Inc. – Reversion of unused Hurricane Floyd Recovery funds to the General Fund: $3.0 million
- Savings Reserve Account balance, February 15, 2005: $267.0 million

SECTION 4.1.(c) Of the funds allocated to the North Carolina Community Development Initiative, Inc., for Hurricane Floyd Recovery programs pursuant to S.L. 1999-463 Extra Session, the sum of three million dollars ($3,000,000) in unused grant and loan funds for home relocation and repairs shall revert to the General Fund.

SECTION 4.1.(d) The Governor shall transfer from unexpended General Fund appropriations for fiscal year 2004-2005 to the Office of State Budget and Management, Disaster Relief Reserve Fund, the sum of ninety-one million dollars ($91,000,000) which shall be used to aid the counties referenced in Section 3 of this act in their efforts to recover from the effects of the 2004 hurricanes. The funds shall be used for the purposes set out in Part V, Part VI, and Part VII of this act. These funds
shall remain available to implement the provisions of this act until the General Assembly directs the reversion of the unexpended funds.

SECTION 4.1.(e) There is appropriated from the General Fund to the Office of State Budget and Management, Disaster Relief Reserve Fund, the sum of three million dollars ($3,000,000) for the 2004-2005 fiscal year to aid the counties referenced in Section 3 of this act in their efforts to recover from the effects of the 2004 hurricanes. The funds shall be used for the purposes set out in Part V, Part VI, and Part VII of this act. These funds shall remain available to implement the provisions of this act until the General Assembly directs the reversion of the unexpended funds.

SECTION 4.1.(f) There is appropriated from the Savings Reserve Account to the Office of State Budget and Management, Disaster Relief Reserve Fund, the sum of one hundred twenty-three million five hundred forty-one thousand four hundred forty-seven dollars ($123,541,447) for the 2004-2005 fiscal year to aid the counties referenced in Section 3 of this act in their efforts to recover from the effects of the hurricanes of 2004. The funds shall be used for the purposes set forth in Part V, Part VI, and Part VII of this act. The funds appropriated by this section shall be transferred to the Disaster Relief Reserve Fund and shall remain available to implement the provisions of this act until the General Assembly directs the reversion of the unexpended funds.

SECTION 4.1.(g) The allocation of funds in the Report of the House Appropriations Committee on The Hurricane Recovery Act of 2005, dated February 17, 2005, are intended as guidance for the Governor. Notwithstanding the provisions of Section 5.1 of this act, if the Governor determines in accordance with Chapter 166A of the General Statutes that allocations should be made to programs other than those set forth in the Committee Report or that reallocations should be made among programs set forth in the Committee Report, the Governor may make the changes except as funds are otherwise specifically allocated by this act. The Governor shall report to the Joint Legislative Commission on Governmental Operations before implementing any changes in the allocations.

SECTION 4.1.(h) The Governor shall, to the extent practicable, ensure that assistance to victims provided from the Disaster Relief Reserve Fund is prioritized towards those areas and individuals least able to afford the losses as a result of the hurricanes of 2004.

PART V. IMPLEMENTATION OF ACT
DIRECTIVE TO REESTABLISH AND MODIFY, AS NECESSARY, RELIEF PROGRAMS DEVELOPED AFTER HURRICANE FLOYD, ESTABLISH NEW PROGRAMS, AND EXPAND OR MODIFY EXISTING PROGRAMS TO IMPLEMENT THIS ACT

SECTION 5. The General Assembly finds that the relief efforts and programs implemented after Hurricane Floyd hit Eastern North Carolina were critical in assisting Eastern North Carolina's recovery. The General Assembly further finds that the recovery of Eastern North Carolina has provided statewide benefits. It is the intent of the General Assembly to provide the same type of support and assistance to the counties affected by the 2004 hurricanes and tropical storms.

SECTION 5.1.(a) The Governor shall reestablish and may modify, as necessary, all of the programs implemented as part of the Hurricane Floyd Recovery Act of 1999 under S.L. 1999-463 Extra Session and the Report of the House Appropriations Committee on Hurricane Floyd Recovery dated December 15, 1999, as
amended by S.L. 1999-463 Extra Session. The Governor shall also establish new programs and expand or modify, as necessary, existing programs to provide necessary and appropriate relief and assistance from the effects of the hurricanes that hit the State in 2004.

SECTION 5.1.(b) The Governor shall modify the State Hazard Mitigation Grant Program to provide housing buyout and relocation assistance for those persons whose homes were destroyed or severely damaged by debris flows or whose homes are located in a landslide zone.

SECTION 5.1.(c) The Department of Crime Control and Public Safety shall modify the Crisis Housing Assistance Fund (CHAF) to provide money to persons who do not qualify for CHAF assistance solely because they failed to apply for federal assistance through the Small Business Administration's (SBA) Real Property Disaster loan program. The Department shall review these persons' applications for CHAF assistance using the same criteria employed by the SBA to determine eligibility for an SBA Real Property Disaster loan. The applicants shall be eligible for CHAF assistance if it is determined that they would have failed to qualify for assistance under the SBA Real Property disaster loan criteria and that they otherwise meet the criteria for CHAF.

SECTION 5.1.(d) The Governor shall expend funds appropriated to or otherwise transferred to the Disaster Relief Reserve Fund by this act to provide for the following programs and activities:

(1) Required matching funds for federal funds for disaster relief.

(2) Crisis housing assistance, which may include, but shall not be limited to, direct housing assistance to homeowners and renters, grants to local governments for water, sewer, and other infrastructure needs for housing in new areas, predevelopment activities, housing counselors, and housing recovery efforts. It is the intent of the General Assembly that housing assistance includes providing renters with assistance to purchase affordable housing. The General Assembly therefore encourages the Governor to use funds appropriated in this act to implement a program that provides assistance to renters in affected areas to purchase affordable housing (preferably permanent homes and not manufactured housing) by providing State resources, including grants and low-interest loans, for that purpose.

(3) Economic recovery assistance, including, but not limited to, assistance to the agriculture, aquaculture, forestry, commercial, and industrial sectors of the economy which may include, but shall not be limited to, grants and loans to businesses, grants and loans to farmers, and grants and loans for aquaculture.

(4) Public health, public safety, social services, and environmental restoration measures that may include, but shall not be limited to, drinking water protection, water quality monitoring, solid waste and hazardous waste cleanup, assessment and remediation of high-risk storage tank sites, and emergency and maintenance dredging.

(5) Support to local governments, by grants for public infrastructure, for the repair, renovation, and relocation of facilities, and to offset revenue losses resulting from storm damage from natural disasters covered by federal disaster declarations as to any storm between August 1, 2004, and the date this act becomes law. The amount of the grants shall be based on loss of taxable property in the jurisdiction.
(6) Mapping and studies authorized by this act.

SECTION 5.1.(e) Of the funds appropriated by this act to the Disaster Relief Reserve Fund for the 2004-2005 fiscal year, the sum of four million five hundred thousand dollars ($4,500,000) shall be allocated to the Town of Canton as a grant to repair and upgrade the flood levees, flood gates and pumps, for levee penetration mitigation, erosion control, elevating electrical controls, and repairing sewer lines for the purpose of protecting the wastewater treatment plant owned by Blue Ridge Paper Products and used by the Town of Canton.

In the General Assembly read three times and ratified this the 24th day of February, 2005.

Became law upon approval of the Governor at 12:29 p.m. on the 25th day of February, 2005.
AN ACT TO RESTATE AND RECONFIRM THE INTENT OF THE GENERAL ASSEMBLY WITH REGARD TO PROVISIONAL VOTING IN 2004; AND TO SEEK THE RECOMMENDATIONS OF THE STATE BOARD OF ELECTIONS ON FUTURE ADMINISTRATION OF OUT-OF-PRECINCT PROVISIONAL VOTING.

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly makes the following findings:

(1) In 2003, the General Assembly enacted S.L. 2003-226, which contained a number of changes to the State's election laws, designed in part to implement provisions of the federal Help America Vote Act of 2002 (HAVA) in such a way as to avoid having separate laws for federal and State elections and otherwise to encourage and expand the exercise of the franchise. One such enactment was codified as G.S. 163-166.11, which spells out procedures for the casting of provisional official ballots. A voter's eligibility to cast a provisional official ballot depends on being a registered voter in the jurisdiction in which the voter seeks to vote. The "jurisdiction" in which a voter in North Carolina registers to vote is the county. This is the unmistakable meaning of G.S. 163-82.1 and has not heretofore been challenged or questioned.

(2) In S.L. 2003-226, the General Assembly expressly stated its intent to "ensure that the State of North Carolina has a system for all elections that complies with the requirements for federal elections set forth in" HAVA. It was then and is now the intent of the General Assembly that the provisions of HAVA be broadly construed and that they be implemented in North Carolina in a manner to ensure a unified system of federal and State elections in compliance with HAVA.

(3) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that any individual who is a registered voter in a county but whose name does not appear on the official list of registered voters at the voting place at which that voter appears be allowed to cast a provisional official ballot.

(4) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that all provisional ballots be counted for all those ballot items for which a voter was eligible to vote. In enacting G.S. 163-166.11 in 2003, the General Assembly was fully mindful of and intended to reinforce the fact that prior statutory enactments in 2001 had already recognized the right of a voter to cast a provisional ballot and to have that ballot counted for all items for which that voter was eligible to vote. See G.S. 163-182.2(a)(4). Even prior to 2003, the General Statutes recognized the right of a registered voter to cast a provisional ballot and to have that ballot counted for all those items for which the voter was duly qualified to vote.

(5) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that the State Board of Elections act in a manner...
that would result in a single system for federal and State elections, rather than one system for federal elections and another for State elections. In enacting G.S. 163-166.11 in 2003, the General Assembly was mindful of and intended to reinforce the fact that it had already provided in 2001 in G.S. 163-166.7(c)(6) that the State Board of Elections would adopt rules to ensure that voters "not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote." The possibility of out-of-precinct provisional voting was thus recognized by the General Assembly as early as 2001.

(6) The law regarding provisional ballots does not rest solely on G.S. 163-82.15(e), which addresses the narrow circumstance of "Unreported Move[s] to Another Precinct Within the County." Though that statute mentions two ways in which precinct officials may process registrants, it is not exclusive. G.S. 163-82.15(e) is part of the statutory Article on voter registration, rather than on voting, and should be read in that context. It was enacted in 1994, before provisional voting was codified in North Carolina. The enactment of G.S. 163-166.7(c)(6) in 2001 is the authority giving the State Board of Elections the duty to apply the broader laws of provisional voting, including G.S. 163-166.11. Any reading of G.S. 163-166.11 that would limit that statute's provisions to the narrower class of voting situations governed by the earlier enacted provisions of G.S. 163-82.15(e) would ignore the long-standing principle of statutory construction that statutes relating to the same subject matter should be reconciled in such a manner as to effect the scope and meaning of the later enactment and read in a manner that would tend most completely to secure the rights of all persons affected by the legislation. It was then and is now the intent of the General Assembly in enacting G.S. 163-166.11 to expand the exercise of the franchise, not to limit it or to restrict it by the terms of earlier and narrower enactments.

(7) The State Board of Elections and all county boards of elections were following the intent of the General Assembly when they administered G.S. 163-166.11 and the earlier enacted statutes in G.S. 163-182.2(a)(4) and G.S. 163-166.7(c)(6) to count in whole or in part ballots cast by registered voters in the county who voted outside their resident precincts in the July 20, 2004, Primary, the August 17, 2004, Second Primary, and the November 2, 2004, General Election.

(8) Several hundred thousand registered North Carolina voters cast ballots outside their resident precincts during the one-stop absentee balloting ("early voting") period pursuant to G.S. 163-227.2 prior to the General Election in November 2004, during the two primaries in 2004, and then on the date of the General Election in November 2004. There is no statutory basis upon which to distinguish out-of-precinct voting that occurred on the date of the General Election in November 2004 from out-of-precinct voting that occurred during the First and Second Primaries in 2004 or that occurred during the period of
one-stop absentee ("early") voting prior to the General Election of 2004.

(9) The General Assembly takes note of the fact that of those registered voters who happened to vote provisional ballots outside their resident precincts on the day of the November 2004 General Election, a disproportionately high percentage were African-American.

(10) The General Assembly notes that in addition to provisional voting on the date of the General Election pursuant to G.S. 163-166.11, the General Statutes abound with provisions that allow voters to cast votes outside their resident precincts:

a. Civilian absentee voting by mail, G.S. 163-226.
c. One-stop absentee (early) voting, G.S. 163-227.2.
d. Voting in a voting place on a lot adjacent to the precinct, G.S. 163-128.
e. Temporarily voting in an adjacent precinct, G.S. 163-128.
f. Voting in a precinct outside the voting place where no suitable facility exists inside it or adjacent to it, G.S. 163-130.1.
g. Voting at a central location in the county by voters who no longer live in the precinct where their name is listed on registration lists, G.S. 163-82.15(e).

All those provisions were enacted prior to G.S. 163-166.11. Most were enacted decades before. As many as 1,000,000 people in North Carolina may have cast out-of-precinct votes using all out-of-precinct methods in 2004.

(11) It would be fundamentally unfair to discount the provisional official ballots cast by properly registered and duly qualified voters voting and acting in reliance on the statutes adopted by the General Assembly and administered by the State Board of Elections in accordance with its intent. Moreover, to subtract such ballots only from the count for the General Election of 2004 without also doing so for the First or Second Primaries of 2004 would create a bizarre result in which out-of-precinct provisional ballots are allowed to count for some elections but not others. The General Assembly did not and does not now intend to create such a system.

(12) Even if the State Board of Elections had misread the language and intent of the General Statutes concerning provisional voting, which it did not do, it has been the long-standing and hitherto unquestioned law of this State, confirmed by prior decisions of the North Carolina Supreme Court, that an innocent voter's ballot shall not be disqualified because of errors or omissions by elections officials. This fundamental principle was adopted by Justice Samuel J. Ervin Jr. in the case of Owens v. Chaplin, 228 N.C. 705 (1948) using the following language:

"We can conceive of no principle which permits the disfranchisement of innocent voters for the mistake, or even the willful misconduct, of election officials in performing the duty cast upon them. The object of elections is to ascertain the popular will, and not to thwart it. The object of election laws is to secure the rights of duly-qualified electors, and not to defeat them."
The General Assembly endorses and reaffirms this fundamental principle.

(13) It is the will of the people, as expressed through their representatives in the General Assembly, that the validity of the primaries and elections conducted in 2004 and certified by a county board of elections or the State Board of Elections, not be called into question by retroactively revisiting the propriety of provisional ballots cast by duly registered voters of a county.

(14) To avoid all doubt and remove any possible future question as to the General Assembly's plain intent with respect to the subject of provisional voting, and to avoid misinterpretation of any other statute, the General Assembly enacts Sections 2 through 5 of this act.

SECTION 2.  G.S. 163-55 reads as rewritten:

"§ 163-55. Qualifications to vote; exclusion from electoral franchise.

(a) Residence Period for State Elections. – Every person born in the United States, and every person who has been naturalized, and who shall have resided in the State of North Carolina and in the precinct, ward, or other election district in which he offers to register and vote for 30 days next preceding the ensuing election, shall, if otherwise qualified as prescribed in this Chapter, be qualified to register and vote in the precinct in which he resides: any election held in this State. Provided, that removal from one precinct, ward, or other election district to another in this State shall not operate to deprive any person of the right to vote in the precinct, ward, or other election district from which he has removed until 30 days after his removal.

The following classes of persons shall not be allowed to register or vote in this State:

(1) Persons under 18 years of age.

(2) Any person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

(b) Precincts and Election Districts. – For purposes of qualification to vote in an election, a person's residence in a precinct, ward, or election district shall be determined in accordance with G.S. 163-57. When an election district encompasses more than one precinct, then for purposes of those offices to be elected from that election district a person shall also be deemed to be resident in the election district which includes the precinct in which that person resides. An election district may include a portion of a county, an entire county, a portion of the State, or the entire State. When a precinct has been divided among two or more election districts for purposes of elections to certain offices, then with respect to elections to those offices a person shall be deemed to be resident in only that election district which includes the area of the precinct in which that person resides. Qualification to vote in referenda shall be treated the same as qualification for elections to fill offices."

SECTION 3.  G.S. 163-82.15(e) reads as rewritten:

"(e) Unreported Move to Another Precinct Within the County. – If a registrant has moved from an address in one precinct to an address in another precinct within the same
county more than 30 days before an election and has failed to notify the county board of the change of address before the close of registration for that election, the county board shall permit that person to vote in that election. The county board shall permit the registrant described in this subsection to vote at the registrant's new precinct, upon the registrant's written affirmation of the new address, or, if the registrant prefers, at a central location in the county to be chosen by the county board. If the registrant appears at the old precinct, the precinct officials there shall send the registrant to the new precinct or, if the registrant prefers, to the central location, according to rules which shall be prescribed by the State Board of Elections. At the new precinct, the registrant shall be processed by a precinct transfer assistant, according to rules which shall be prescribed by the State Board of Elections. Any voter subject to this subsection may instead vote a provisional ballot according to the provisions of G.S. 163-166.11.

SECTION 4. G.S. 163-166.11 reads as rewritten:

§ 163-166.11. Provisional voting requirements.

If an individual seeking to vote claims to be a registered voter in a jurisdiction as provided in G.S. 163-82.1 and though eligible to vote in the election does not appear on the official list of eligible registered voters in the voting place, that individual may cast a provisional official ballot as follows:

(1) An election official at the voting place shall notify the individual that the individual may cast a provisional official ballot in that election.

(2) The individual may cast a provisional official ballot at that voting place upon executing a written affirmation before an election official at the voting place, stating that the individual is a registered voter in the jurisdiction as provided in G.S. 163-82.1 in which the individual seeks to vote and is eligible to vote in that election.

(3) At the time the individual casts the provisional official ballot, the election officials shall provide the individual written information stating that anyone casting a provisional official ballot can ascertain whether and to what extent the ballot was counted and, if the ballot was not counted in whole or in part, the reason it was not counted. The State Board of Elections or the county board of elections shall establish a system for so informing a provisional voter. It shall make the system available to every provisional voter without charge, and it shall build into it reasonable procedures to protect the security, confidentiality, and integrity of the voter's personal information and vote.

(4) The cast provisional official ballot and the written affirmation shall be secured by election officials at the voting place according to guidelines and procedures adopted by the State Board of Elections. At the close of the polls, election officials shall transmit the provisional official ballots cast at that voting place to the county board of elections for prompt verification according to guidelines and procedures adopted by the State Board of Elections.

(5) The county board of elections shall count the individual's provisional official ballot for all ballot items on which it determines that the individual was eligible under State or federal law to vote.

SECTION 5. G.S. 163-182.2(a)(4) reads as rewritten:

"(4) Provisional official ballots shall be counted by the county board of elections before the canvass. If the county board finds that an
individual voting a provisional official ballot is not eligible to vote in one or more ballot items on the official ballot, the board shall not count the official ballot in those ballot items, but shall count the official ballot in any ballot items for which the individual is eligible to vote. Eligibility shall be determined by whether the voter is registered in the county as provided in G.S. 163-82.1 and whether the voter is qualified by residency to vote in the election district as provided in G.S. 163-55 and G.S. 163-57. If a voter was properly registered to vote in the election by the county board, no mistake of an election official in giving the voter a ballot or in failing to comply with G.S. 163-82.15 or G.S. 163-166.11 shall serve to prevent the counting of the vote on any ballot item the voter was eligible by registration and qualified by residency to vote.

SECTION 6. The State Board of Elections shall make recommendations by April 15, 2005, for consideration by the 2005 General Assembly on administration of provisional voting in the future, taking into account the relevant experience in the 2004 elections in this and other states.

SECTION 7. This act is effective when it becomes law and, being declaratory of existing law, applies to all elections held after January 1, 2004, the effective date of G.S. 163-166.11. In the General Assembly read three times and ratified this the 1st day of March, 2005.

Became law upon approval of the Governor at 12:14 p.m. on the 2nd day of March, 2005.

S.B. 82 Session Law 2005-3

AN ACT TO PROVIDE PROCEDURES FOR RESOLVING ELECTION CONTESTS FOR MEMBERS OF THE GENERAL ASSEMBLY AND COUNCIL OF STATE.

Whereas, Article II, Section 20 of the Constitution provides that each house shall be the judge of the qualifications and elections of its members; and

Whereas, the current statutory procedures for handling contested legislative elections were enacted in 1796, amended slightly in 1893, and are antiquated; and

Whereas, Article VI, Section 5 of the Constitution provides that a contested election for Governor, Lieutenant Governor, or other Council of State member shall be determined by joint ballot of both houses of the General Assembly in the manner prescribed by law; and

Whereas, the constitutional provision on contested executive branch elections was originally enacted in 1835, with the statutory implementing language enacted in 1836; and

Whereas, at the time of their repeal in 1971, those statutory procedures merely referred to the antiquated procedure for contested legislative elections; and

Whereas, it is necessary to revise the antiquated legislative election contest procedure and enact an executive election contest procedure as required by the Constitution; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 120-10 and G.S. 120-11 are repealed.

The notice of intent must be filed no later than the latter of: (i) 10 days after a certificate of election has been issued, or (ii) 10 days after the conclusion of the election protest procedure under Article 15A of Chapter 163 of the General Statutes, but in no event may a contestant initiate a contest later than 30 days after the convening of a regular or special session of the General Assembly next after the election.

The contestee's answer shall admit or deny the allegations on which the contestant relies, or state that the contestee has no knowledge or information concerning an allegation which shall be deemed denial, and state any other defenses, in law or fact, on which the contestee relies and any different or additional issues the contestee wants considered. The answer shall be signed by the contestee and shall be verified in accordance with Rule 11(b) of the Rules of Civil Procedure. The failure to file an answer shall be deemed to be a general denial of the allegations.

AN ACT TO MODIFY THE OCCUPANCY TAX FOR PASQUOTANK COUNTY AND ELIZABETH CITY.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 175 of the 1987 Session Laws reads as rewritten:

"Section 1. Pasquotank occupancy tax. (a) Authorization and Scope. The Pasquotank County Board of Commissioners may, by resolution, after not less than 10 days' public notice and after a hearing held pursuant thereto, may levy a room occupancy tax of no more than three percent (3%) of the gross receipts derived from the rental in Pasquotank County of any room, lodging, or similar accommodation subject to sales tax under G.S. 105-164.4(a)(3). This tax does not apply to accommodations furnished by nonprofit charitable, educational, benevolent, or religious organizations when furnished in furtherance of their nonprofit purpose. This tax is in addition to any State or local sales tax.

(a1) Additional Occupancy Tax. – In addition to the tax authorized by subsection (a) of this section, the Pasquotank County Board of Commissioners may levy a room occupancy and tourism development tax of up to three percent (3%) of the gross receipts derived from the rental of accommodations taxable under that subsection.

41
Pasquotank County may not levy a tax under this subsection unless it also levies a tax under subsection (a) of this section.

(b) Collection. Every operator of a business subject to the tax levied under this section shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately on the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of Pasquotank County. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The Pasquotank County Finance Officer shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.

An operator of a business who collects the occupancy tax levied under this section may deduct from the amount remitted by him to the county a discount of three percent (3%) of the amount collected as reimbursement for the expenses incurred in collecting the tax.

(c) Administration. The county shall administer a tax levied under this section. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section. A tax levied under this section is due and payable to the county finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals and sales upon which the tax is levied. A return filed with the county finance officer under this section is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.

(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this section shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due for each additional month or fraction thereof until the tax is paid.

Any person who willfully attempts in any manner to evade a tax imposed under this section or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000) and imprisonment not to exceed six months, or both. The board of commissioners may, for good cause shown, compromise or forgive the penalties imposed by this subsection.

(e) Use and Distribution of Tax Revenue. First Three Cents (3¢). – The finance officer of Pasquotank County shall, on a quarterly basis, remit the net proceeds of the occupancy tax levied under subsection (a) of this section to the Elizabeth City-Pasquotank County Tourism Development Authority. The Authority shall use the net proceeds of the occupancy tax levied under subsection (a) of this section as follows:

1. Fifty percent (50%) to promote travel and tourism.
2. Twenty-five percent (25%) for tourism-related expenditures that are recommended by the Elizabeth City City Council and are approved by the Authority.
(3) Twenty-five percent (25%) for tourism-related expenditures that are recommended by the Pasquotank County Board of Commissioners and are approved by the Authority. After the levy of a tax under this section and until the end of the eighth fiscal year after an occupancy tax was first levied under this act, whether pursuant to this section or Section 2 of this act, the county shall, on a quarterly basis, remit the net proceeds of the tax levied under this section to the City of Elizabeth City. The city may spend funds remitted to it under this subsection only to develop, promote, and advertise travel and tourism in Elizabeth City and Pasquotank County, to sponsor tourist-oriented events and activities, to operate and maintain museums and historic sites, or to construct and maintain public facilities.

After the levy of a tax under this section and beginning in the ninth fiscal year after an occupancy tax was first levied under this act, whether under this section or Section 2 of this act, the county shall, on a quarterly basis, remit to the City of Elizabeth City one-half (1/2) of the net proceeds of the tax levied under this section collected on accommodations located in the corporate limits of the city. The remainder of the proceeds of the tax shall be retained by the county. The city and the county may spend the proceeds of the tax only to develop, promote, and advertise travel and tourism in Elizabeth City and Pasquotank County, to sponsor tourist-oriented events and activities, to operate and maintain museums and historic sites, or to construct and maintain public facilities.

The county, or a town or city that receives revenue under this subsection may contract with a nonprofit organization to undertake or carry out the activities and programs for which the revenue may be expended. All contracts entered into with nonprofit organizations shall require an annual financial audit of any funds expended and a performance audit of contractual obligations.

As used in this subsection, “net proceeds” means gross proceeds less the direct cost to the county of administering and collecting the tax, not to exceed three percent (3%) of the amount collected.

(e1) Use and Distribution of the Proceeds from the Additional Occupancy Tax. – The finance officer of Pasquotank County shall, on a quarterly basis, remit the net proceeds of the occupancy tax levied under subsection (a1) of this section to the Elizabeth City-Pasquotank County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism and shall use the remainder for tourism-related expenditures.

(f) Repeal. A tax levied under this section may be repealed by a resolution adopted by the Pasquotank County Board of Commissioners. Repeal of a tax levied under this section shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this section does not affect a liability for a tax that attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

Sec. 1.1. Elizabeth City Area Convention and Visitors Bureau. (a) Establishment as a Tourism Development Authority. – Upon adoption of a resolution levying a room occupancy tax under this act by either the Pasquotank County Board of Commissioners or the Elizabeth City City Council, the Pasquotank Board of Commissioners shall adopt a resolution converting the Elizabeth City Area Convention and Visitors Bureau into a tourism development authority, which shall be a public authority under the Local
Government Budget and Fiscal Control Act. The county shall transfer to the Authority upon its creation all of the assets of the county’s convention and visitors bureau. The resolution shall provide for the membership of the Authority, including the members’ terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the county, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the county.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Pasquotank County shall be the nonvoting ex officio finance officer of the Authority.

(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the governing body or bodies levying a tax under this act on its receipts and expenditures for the preceding quarter and for the year in such detail as the governing body or bodies may require.

Sec. 2. Elizabeth City occupancy tax. (a) Authorization; Scope; Administration. – If the Pasquotank County Board of Commissioners has not levied the tax authorized by Section 1 of this act or has levied the tax at a rate of less than three percent (3%), the Elizabeth City City Council may, by ordinance, levy a room occupancy tax at a rate that does not exceed three percent (3%) when combined with the Pasquotank County occupancy tax rate, if any. This tax shall apply to the same accommodations that are taxable under Section 1 of this act. A tax levied under this subsection shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section and shall be collected and administered in the same manner as the tax authorized by that section, unless this section specifies otherwise. In applying the provisions of Section 1 to a tax levied by the Elizabeth City City Council under this section, however, all references in Section 1 to Pasquotank County or an official of Pasquotank County shall be construed to mean the City of Elizabeth City and the city counterpart to the county official. Accordingly, the Elizabeth City Finance Officer shall collect an occupancy tax levied by the city.

(a1) Additional Occupancy Tax. – In addition to the tax authorized by subsection (a) of this section, the Elizabeth City City Council may levy an additional room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section only if Elizabeth City also levies the tax authorized under subsection (a) of this section or if Pasquotank County levies the tax authorized under subsection (a) of Section 1 of this act. The total rate of tax levied under subsections (a) and (a1) of this section, when combined with the rate of any room occupancy tax that may be levied by Pasquotank County, may not exceed six percent (6%). The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section.

(b) Use and Distribution of Revenue. After the levy of a tax under this section and until the end of the eighth fiscal year after an occupancy tax was first levied under this act, whether pursuant to this section or Section 1 of this act, the city shall retain the proceeds of the tax levied under this section. After the levy of a tax under this section and beginning in the ninth fiscal year after an occupancy tax was first levied under this
act, whether pursuant to this section or Section 1 of this act, the city shall, on a quarterly basis, remit to Pasquotank County one-half \((1/2)\) of the net proceeds of the tax levied under this section collected on accommodations located in the corporate limits of the city. The remainder of the proceeds of the tax shall be retained by the city. The city and the county may spend the proceeds of the tax only to develop, promote, and advertise travel and tourism in Elizabeth City, to sponsor tourist-oriented events and activities, to operate and maintain museums and historic sites, or to construct and maintain public facilities.

As used in this subsection, “net proceeds” means gross proceeds less the cost to the city of administering and collecting the tax, not to exceed three percent \((3\%)\) of the amount collected. First Three Cents \((3\text{¢})\). – The finance officer of Elizabeth City shall, on a quarterly basis, remit the net proceeds of the occupancy tax levied under subsection (a) of this section to the Elizabeth City-Pasquotank County Tourism Development Authority. The Authority shall use the net proceeds of the occupancy tax levied under subsection (a) of this section as follows:

1. Fifty percent \((50\%)\) to promote travel and tourism.
2. Twenty-five percent \((25\%)\) for tourism-related expenditures that are recommended by the Elizabeth City City Council and are approved by the Authority.
3. Twenty-five percent \((25\%)\) for tourism-related expenditures that are recommended by the Pasquotank County Board of Commissioners and are approved by the Authority.

(b1) Use and Distribution of the Proceeds from the Additional Occupancy Tax. – The finance officer of Elizabeth City shall, on a quarterly basis, remit the net proceeds of the occupancy tax levied under subsection (a1) of this section to the Elizabeth City-Pasquotank County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism and shall use the remainder for tourism-related expenditures.

"Sec. 2.1. Definitions. – The following definitions apply in this act:

1. Net proceeds. – Gross proceeds less the cost to the governing body of administering and collecting the tax, as determined by the finance officer, not to exceed three percent \((3\%)\) of the first five hundred thousand dollars \(($500,000)\) of gross proceeds collected each year and one percent \((1\%)\) of the remaining gross receipts collected each year.

H.B. 946 Session Law 2005-34

AN ACT TO ALLOW THE TOWN OF OSSIEPEE TO AMEND ITS BUDGET ORDINANCES FOR THE 2002-2003 AND 2003-2004 FISCAL YEARS AND TO ALLOW THE TOWN OF MILLS RIVER TO AMEND ITS BUDGET
ORDINANCE FOR THE 2003-2004 FISCAL YEAR TO SHOW CONFORMANCE WITH G.S. 136-41.2.

Whereas, G.S. 136-41.2, as amended by S.L. 1999-458, provides that for municipalities incorporated with an effective date of on or after January 1, 2000, certain shared revenues are available to the municipality only if it has adopted a budget ordinance showing that funds have been appropriated for at least four of the following municipal services: (i) police protection; (ii) fire protection; (iii) solid waste collection or disposal; (iv) water distribution; (v) street maintenance; (vi) street construction or right-of-way acquisition; (vii) street lighting; and (viii) zoning; and

Whereas, The Town of Ossipee was incorporated by S.L. 2002-137 effective when the results of the incorporation referendum were certified following the 2002 general election; and

Whereas, the municipal incorporation petition submitted under G.S. 120-163 stated in accordance with G.S. 120-163(c) that the municipality would offer four of the services listed above no later than the first day of the third fiscal year following the effective date of the incorporation; and

Whereas, the Town of Mills River was incorporated by S.L. 2002-242, effective upon ratification on June 24, 2003; and

Whereas, the municipal incorporation petition submitted under G.S. 120-163 stated in accordance with G.S. 120-163 that the Town of Mills River would offer four of the services listed above no later than the first day of the third fiscal year following the effective date of the incorporation; and

Whereas, the requirement for expenditures by the third fiscal year was also contained in S.L. 1999-458; and

Whereas, the towns believed that the two different parts of S.L. 1999-458 were intended to allow new municipalities a period of time to receive funds as if they were establishing the services; and

Whereas, the Town of Ossipee actually expended funds for those four services, the sum of $4,320 for fire protection as a contractual payment to the Altamahaw-Ossipee Fire Department, appropriations for water distribution under Sections 3 and 4 of its budget ordinance, and $1,800 appropriated in the budget ordinance for “Planning and Zoning Board”, to be used to pay a consultant to begin the process of adopting a zoning ordinance; and

Whereas, the 2002-2003 and 2003-2004 budget ordinances showed a line item for “Environmental Protection” with a zero for the amount, but in fact in the 2002-2003 and 2003-2004 fiscal years expended funds for legal and administrative purposes related to preparing to provide solid waste collection or disposal; and

Whereas, the Town of Mills River actually expended funds during its 2003-2004 fiscal year for four services as follows: the sum of $297,531 for fire protection as a contractual payment to the Mills River Fire Department; and $34,500 for planning and zoning as a contractual payment to Henderson County; and $9,380 in legal expenses for planning and zoning; and $437.50 in preparation for police protection in legal fees for negotiation of a contract with the Henderson County Sheriff's Department; and $262.50 in preparing for solid waste collection in legal fees to research various issues which arose with regard to these services; and

Whereas, the 2003-2004 budget for the Town of Mills River shows line items for legal expenses and engineering and, in fact, a portion of each of these appropriations
was intended to allow for the legal and administrative costs of preparing to offer solid waste collection, police protection, street lighting, and planning and zoning; and

Whereas, the towns clearly expended funds for those four categories, but did not itemize them in their budget ordinances in the format strictly required; and

Whereas, S.L. 1999-458 appeared to allow the towns three years in any case;

Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The Town of Ossipee shall, upon amending its budget ordinances for the 2002-2003 and 2003-2004 fiscal years to reflect actual expenditures by the town in preparing to provide solid waste collection or disposal, be considered to have complied with the provisions of G.S. 136-41.2 for those two fiscal years.

SECTION 2. The Town of Mills River shall, upon amending its budget ordinance for the 2003-2004 fiscal year to reflect actual expenditures by the town in preparing to provide police protection and solid waste collection, be considered to have complied with the provisions of G.S. 136-41.2 for the 2003-2004 fiscal year.

SECTION 3. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 11th day of May, 2005.

Became law on the date it was ratified.

AN ACT TO AMEND THE HALIFAX COUNTY TOURISM AND DEVELOPMENT TAX AND TO IMPLEMENT A TOURISM AND DEVELOPMENT TAX FOR THE CITY OF ROANOKE RAPIDS.

The General Assembly of North Carolina enacts:

PART I. HALIFAX COUNTY OCCUPANCY TAX

SECTION 1.1. Chapter 377 of the 1987 Session Laws reads as rewritten:

"Section 1. Occupancy tax. (a) Authorization and scope. – The Halifax County Board of Commissioners may by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto, levy a room occupancy tax of three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the county that is subject to sales tax imposed by the State under G.S 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations.

(a1) Authorization of additional tax. – In addition to the tax authorized by subsection (a) of this section, the Halifax County Board of Commissioners may levy an additional room occupancy tax of up to two percent (2%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection must be in accordance with the provisions of this section. Halifax County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section.

(b) Administration. – A tax levied under this section must be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

(b) Collection. Every operator of a business subject to the tax levied under this act shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects the occupancy tax levied under this act may deduct from the amount remitted to the county a discount of three percent (3%) of the amount collected.

(c) Administration. The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

A return filed with the county finance officer under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.
(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due for each additional month or fraction thereof until the tax is paid.

Any person who willfully attempts in any manner to evade a tax imposed under this act or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. The Board of Commissioners may, for good cause shown, compromise or forgive the penalties imposed by this subsection.

(e) Distribution and use of tax revenue. — Halifax County shall on a quarterly basis, remit the net proceeds of the occupancy tax to the Halifax County Tourism Development Authority. The Authority may spend funds remitted to it under this subsection only to promote travel and tourism in Halifax County, to sponsor tourist-oriented events and activities in Halifax County, and to finance tourist-related capital projects in Halifax County. As used in this subsection, "net proceeds" means gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer. The Authority must use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Halifax County and must use the remainder for tourism-related expenditures.

The following definitions apply to this subsection:

(1) Net proceeds. — Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of the gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. — To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. — Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in the county by attracting tourists or business travelers to the county. The term includes tourism-related capital expenditures.

(f) Effective date of levy. A tax levied under this act shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 377 of the 1987 Session Laws reads as rewritten:

"Section 1. Occupancy tax. (a) Authorization and scope. The Duplin County Board of Commissioners may by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto, levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations.  

(a1) Authorization of additional tax. In addition to the tax authorized by subsection (a) of this section, the Duplin County Board of Commissioners may levy an additional room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection must be in accordance with the provisions of this section. Duplin County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section.

(a2) Administration. A tax levied under this section must be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

(b) Collection. Every operator of a business subject to the tax levied under this section shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.

(c) Administration. The county shall administer a tax levied under this section. A tax levied under this section is due and payable to the county finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied.

A return filed with the county finance officer under this section is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.

(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this section shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a
period of thirty 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due in addition to any other penalty, with an additional tax of five percent (5%) for each additional month or fraction thereof until the tax is paid.

Any person who willfully attempts in any manner to evade a tax imposed under this section or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. The board of commissioners may, for good cause shown, compromise or forgive the penalties imposed by this subsection.

(e) Distribution and Use of tax revenue. Except as otherwise provided in this act, Duplin County may use the net proceeds of a tax levied under this section in accordance with this subsection, only. It shall use at least two-thirds of the funds to promote travel and tourism in Duplin County. Duplin County shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(g) Repeal. A tax levied under this section may be repealed by a resolution adopted by the Duplin County Board of Commissioners. Repeal of a tax levied under this section shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this section does not affect a liability for a tax that was attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

Section 1.1. Duplin County Tourism Development Authority. (a) Appointment and Membership. When the annual net proceeds of the occupancy tax exceed two hundred thousand dollars ($200,000), the Duplin County Board of Commissioners shall adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members'

Protective services shall include the investigation and screening of complaints, reports, the performance of an assessment using either a family assessment response or an investigative assessment response, casework, or other counseling services to parents, guardians, or other caretakers as provided by the director to help the parents, guardians, or other caretakers and the court to prevent abuse or neglect, to improve the quality of child care, to be more adequate parents, guardians, or caretakers, and to preserve and stabilize family life.

The provisions of this Article shall also apply to child care facilities as defined in G.S. 110-86."

SECTION 3. G.S. 7B-301 reads as rewritten:

"§ 7B-301. Duty to report abuse, neglect, dependency, or death due to maltreatment.

Any person or institution who has cause to suspect that any juvenile is abused, neglected, or dependent, as defined by G.S. 7B-101, or has died as the result of maltreatment, shall report the case of that juvenile to the director of the department of social services in the county where the juvenile resides or is found. The report may be made orally, by telephone, or in writing. The report shall include information as is known to the person making it including the name and address of the juvenile; the name and address of the juvenile's parent, guardian, or caretaker; the age of the juvenile; the names and ages of other juveniles in the home; the present whereabouts of the juvenile if not at the home address; the nature and extent of any injury or condition resulting from abuse, neglect, or dependency; and any other information which the person making the report believes might be helpful in establishing the need for protective services or court intervention. If the report is made orally or by telephone, the person making the report shall give the person's name, address, and telephone number. Refusal of the person making the report to give a name shall not preclude the department's investigation of the alleged abuse, neglect, dependency, or death as a result of maltreatment.

Upon receipt of any report of sexual abuse of the juvenile in a child care facility, the director shall notify the State Bureau of Investigation within 24 hours or on the next workday. If sexual abuse in a child care facility is not alleged in the initial report, but
during the course of the investigation there is reason to suspect that sexual abuse has occurred, the director shall immediately notify the State Bureau of Investigation. Upon notification that sexual abuse may have occurred in a child care facility, the State Bureau of Investigation may form a task force to investigate the report.”

SECTION 4. G.S. 7B-302 reads as rewritten:

"§ 7B-302. Investigation—Assessment by director; access to confidential information; notification of person making the report.

(a) When a report of abuse, neglect, or dependency is received, the director of the department of social services shall make a prompt and thorough investigation, using either a family assessment response or an investigative assessment response, in order to ascertain the facts of the case, the extent of the abuse or neglect, and the risk of harm to the juvenile, in order to determine whether protective services should be provided or the complaint filed as a petition. When the report alleges abuse, the director shall immediately, but no later than 24 hours after receipt of the report, initiate the investigation. When the report alleges neglect or dependency, the director shall initiate the investigation within 72 hours following receipt of the report. When the report alleges abandonment, the director shall immediately initiate an investigation, take appropriate steps to assume temporary custody of the juvenile, and take appropriate steps to secure an order for nonsecure custody of the juvenile. The investigation and evaluation shall include a visit to the place where the juvenile resides, except when the report alleges abuse or neglect in a child care facility as defined in Article 7 of Chapter 110 of the General Statutes. When a report alleges abandonment, the investigation shall include a request from the director to law enforcement officials to investigate through the North Carolina Center for Missing Persons and other national and State resources whether the juvenile is a missing child. All information received by the department of social services, including the identity of the reporter, shall be held in strictest confidence by the department.

(b) When a report of a juvenile's death as a result of suspected maltreatment or a report of suspected abuse, neglect, or dependency of a juvenile in a noninstitutional setting is received, the director of the department of social services shall immediately ascertain if other juveniles live in the home, and, if so, initiate an investigation in order to determine whether they require protective services or whether immediate removal of the juveniles from the home is necessary for their protection. When a report of a juvenile's death as a result of maltreatment or a report of suspected abuse, neglect, or dependency of a juvenile in an institutional setting such as a residential child care facility or residential educational facility is received, the director of the department of social services shall immediately ascertain if other juveniles remain in the facility subject to the alleged perpetrator's care or supervision, and, if so, assess the circumstances of those juveniles in order to determine whether they require protective services or whether immediate removal of those juveniles from the facility is necessary for their protection.

(c) If the investigation indicates that abuse, neglect, or dependency has occurred, the director shall decide whether immediate removal of the juvenile or any other juveniles in the home is necessary for their protection. If immediate removal does not seem necessary, the director shall immediately provide or arrange for protective
services. If the parent, guardian, custodian, or caretaker refuses to accept the protective services provided or arranged by the director, the director shall sign a complaint seeking to invoke the jurisdiction of the court for the protection of the juvenile or juveniles.

(d) If immediate removal seems necessary for the protection of the juvenile or other juveniles in the home, the director shall sign a complaint which alleges the applicable facts to invoke the jurisdiction of the court. Where the investigation shows that it is warranted, a protective services worker may assume temporary custody of the juvenile for the juvenile’s protection pursuant to Article 5 of this Chapter.

(d1) Whenever a juvenile is removed from the home of a parent, guardian, custodian, stepparent, or adult relative entrusted with the juvenile’s care due to physical abuse, the director shall conduct a thorough review of the background of the alleged abuser or abusers. This review shall include a criminal history check and a review of any available mental health records. If the review reveals that the alleged abuser or abusers have a history of violent behavior against people, the director shall petition the court to order the alleged abuser or abusers to submit to a complete mental health evaluation by a licensed psychologist or psychiatrist.

(e) In performing any duties related to the investigation of the complaint report or the provision or arrangement for protective services, the director may consult with any public or private agencies or individuals, including the available State or local law enforcement officers who shall assist in the investigation and evaluation of the seriousness of any report of abuse, neglect, or dependency when requested by the director. The director or the director’s representative may make a written demand for any information or reports, whether or not confidential, that may in the director’s opinion be relevant to the investigation of or the provision for assessment or provision of protective services. Upon the director’s or the director’s representative’s request and unless protected by the attorney-client privilege, any public or private agency or individual shall provide access to and copies of this confidential information and these records to the extent permitted by federal law and regulations. If a custodian of criminal investigative information or records believes that release of the information will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation, it may seek an order from a court of competent jurisdiction to prevent disclosure of the information. In such an action, the custodian of the records shall have the burden of showing by a preponderance of the evidence that disclosure of the information in question will jeopardize the right of the State to prosecute a defendant or the right of a defendant to receive a fair trial or will undermine an ongoing or future investigation. Actions brought pursuant to this paragraph shall be set down for immediate hearing, and subsequent proceedings in the actions shall be accorded priority by the trial and appellate courts.

(f) Within five working days after receipt of the report of abuse, neglect, or dependency, the director shall give written notice to the person making the report, unless requested by that person not to give notice, as to whether the report was accepted for investigation and whether the report was referred to the appropriate State or local law enforcement agency.

(g) Within five working days after completion of the protective services investigation, the director shall give subsequent written notice to the person making the report, unless requested by that person not to give notice, as to whether there is a finding of abuse, neglect, or dependency, whether the county department of social services is taking action to protect the juvenile, and what action it is taking, including
whether or not a petition was filed. The person making the report shall be informed of procedures necessary to request a review by the prosecutor of the director's decision not to file a petition. A request for review by the prosecutor shall be made within five working days of receipt of the second notification. The second notification shall include notice that, if the person making the report is not satisfied with the director's decision, the person may request review of the decision by the prosecutor within five working days of receipt. The person making the report may waive the person's right to this notification, and no notification is required if the person making the report does not identify himself to the director.

(h) The director or the director's representative may not enter a private residence for investigation purposes without at least one of the following:

1. The reasonable belief that a juvenile is in imminent danger of death or serious physical injury.
2. The permission of the parent or person responsible for the juvenile's care.
3. The accompaniment of a law enforcement officer who has legal authority to enter the residence.
4. An order from a court of competent jurisdiction.

SECTION 5. G.S. 7B-303 reads as rewritten:

§ 7B-303. Interference with investigation.

(a) If any person obstructs or interferes with an investigation required by G.S. 7B-302, the director may file a petition naming the person as respondent and requesting an order directing the respondent to cease such obstruction or interference. The petition shall contain the name and date of birth and address of the juvenile who is the subject of the investigation; shall include a concise statement of the basis for initiating the assessment; shall specifically describe the conduct alleged to constitute obstruction of or interference with the assessment; and shall be verified.

(b) For purposes of this section, obstruction of or interference with an investigation means refusing to disclose the whereabouts of the juvenile, refusing to allow the director to have personal access to the juvenile, refusing to allow the director to observe or interview the juvenile in private, refusing to allow the director access to confidential information and records upon request pursuant to G.S. 7B-302, refusing to allow the director to arrange for an evaluation of the juvenile by a physician or other expert, or other conduct that makes it impossible for the director to carry out the duty to investigate, assess the juvenile's condition.

(c) Upon filing of the petition, the court shall schedule a hearing to be held not less than five days after service of the petition and summons on the respondent. Service of the petition and summons and notice of hearing shall be made as provided by the Rules of Civil Procedure on the respondent; the juvenile's parent, guardian, custodian, or caretaker; and any other person determined by the court to be a necessary party. If at the hearing on the petition the court finds by clear, cogent, and convincing evidence that the respondent, without lawful excuse, has obstructed or interfered with an investigation required by G.S. 7B-302, the court may order the respondent to cease such obstruction or interference. The burden of proof shall be on the petitioner.

(d) If the director has reason to believe that the juvenile is in need of immediate protection or assistance, the director shall so allege in the petition and may seek an ex parte order from the court. If the court, from the verified petition and any inquiry the court makes of the director, finds probable cause to believe both that the juvenile is at
risk of immediate harm and that the respondent is obstructing or interfering with the director’s ability to investigate to determine the juvenile’s condition, the court may enter an ex parte order directing the respondent to cease such obstruction or interference. The order shall be limited to provisions necessary to enable the director to conduct an investigation assessment sufficient to determine whether the juvenile is in need of immediate protection or assistance. Within 10 days after the entry of an ex parte order under this subsection, a hearing shall be held to determine whether there is good cause for the continuation of the order or the entry of a different order. An order entered under this subsection shall be served on the respondent along with a copy of the petition, summons, and notice of hearing.

(e) The director may be required at a hearing under this section to reveal the identity of any person who made a report of suspected abuse, neglect, or dependency as required by G.S. 7B-301.

(f) An order entered pursuant to this section is enforceable by civil or criminal contempt as provided in Chapter 5A of the General Statutes.”

SECTION 6. G.S. 7B-305 reads as rewritten:

"§ 7B-305. Request for review by prosecutor.

The person making the report shall have five working days, from receipt of the decision of the director of the department of social services not to petition the court, to notify the prosecutor that the person is requesting a review. The prosecutor shall notify the person making the report and the director of the time and place for the review, and the director shall immediately transmit to the prosecutor a copy of the investigation report a summary of the assessment.”

SECTION 7. G.S. 7B-307 reads as rewritten:

"§ 7B-307. Duty of director to report evidence of abuse, neglect; investigation by local law enforcement; notification of Department of Health and Human Services and State Bureau of Investigation.

(a) If the director finds evidence that a juvenile may have been abused as defined by G.S. 7B-101, the director shall make an immediate oral and subsequent written report of the findings to the district attorney or the district attorney’s designee and the appropriate local law enforcement agency within 48 hours after receipt of the report. The local law enforcement agency shall immediately, but no later than 48 hours after receipt of the information, initiate and coordinate a criminal investigation with the protective services investigation assessment being conducted by the county department of social services. Upon completion of the investigation, the district attorney shall determine whether criminal prosecution is appropriate and may request the director or the director’s designee to appear before a magistrate.

If the director receives information that a juvenile may have been physically harmed in violation of any criminal statute by any person other than the juvenile’s parent, guardian, custodian, or caretaker, the director shall make an immediate oral and subsequent written report of that information to the district attorney or the district attorney’s designee and to the appropriate local law enforcement agency within 48 hours after receipt of the information. The local law enforcement agency shall immediately, but no later than 48 hours after receipt of the information, initiate a criminal investigation. Upon completion of the investigation, the district attorney shall determine whether criminal prosecution is appropriate.

If the report received pursuant to G.S. 7B-301 involves abuse or neglect of a juvenile in child care, the director shall notify the Department of Health and Human Services within 24 hours or on the next working day of receipt of the report.
(b) If the director finds evidence that a juvenile has been abused or neglected as defined by G.S. 7B-101 in a child care facility, the director shall immediately so notify the Department of Health and Human Services and, in the case of sexual abuse, the State Bureau of Investigation, in such a way as does not violate the law guaranteeing the confidentiality of the records of the department of social services.

(c) Upon completion of the investigation, the director shall give the Department written notification of the results of the investigation required by G.S. 7B-302. Upon completion of an investigation of sexual abuse in a child care facility, the director shall also make written notification of the results of the investigation to the State Bureau of Investigation.

The director of the department of social services shall submit a report of alleged abuse, neglect, or dependency cases or child fatalities that are the result of alleged maltreatment to the central registry under the policies adopted by the Social Services Commission.

SECTION 8. G.S. 7B-308(b) reads as rewritten:

"(b) Immediately upon receipt of judicial authority to retain custody, the physician, the administrator, or that person's designee shall so notify the director of social services for the county in which the facility is located. The director shall treat this notification as a report of suspected abuse and shall immediately begin an investigation of the case.

(1) If the investigation reveals (i) that it is the opinion of the certifying physician that the juvenile is in need of medical treatment to cure or alleviate physical distress or to prevent the juvenile from suffering serious physical injury, and (ii) that it is the opinion of the physician that the juvenile should for these reasons remain in the custody of the facility for 12 hours, but (iii) that the juvenile's parent, guardian, custodian, or caretaker cannot be reached or, upon request, will not consent to the treatment within the facility, the director shall within the initial 12-hour period file a juvenile petition alleging abuse and setting forth supporting allegations and shall seek a nonsecure custody order. A petition filed and a nonsecure custody order obtained in accordance with this subdivision shall come on for hearing under the regular provisions of this Subchapter unless the director and the certifying physician together voluntarily dismiss the petition.

(2) In all cases except those described in subdivision (1) above, the director shall conduct the investigation and may initiate juvenile proceedings and take all other steps authorized by the regular provisions of this Subchapter. If the director decides not to file a petition, the physician, the administrator, or that person's designee may ask the prosecutor to review this decision according to the provisions of G.S. 7B-305 and G.S. 7B-306."

SECTION 9. G.S. 7B-309 reads as rewritten:

"§ 7B-309. Immunity of persons reporting and cooperating in an investigation.

Anyone who makes a report pursuant to this Article, cooperates with the county department of social services in a protective services investigation, testifies in any judicial proceeding resulting from a protective services report or investigation, or otherwise participates in the program authorized by this Article, is immune from any civil or criminal liability that might otherwise be
incurred or imposed for that action provided that the person was acting in good faith. In any proceeding involving liability, good faith is presumed."

Whereas, the General Assembly has not previously authorized any local government to levy an occupancy tax in excess of 6%; and

Whereas, the State of North Carolina and the City of Charlotte now have a "once-in-a-lifetime" opportunity to potentially locate a unique national tourism facility (i.e., the NASCAR Hall of Fame Museum) in Charlotte, North Carolina – a facility that will have a significant positive impact on the economy of the Charlotte region and the State of North Carolina; and

Whereas, in order to facilitate the financing of the capital costs of the NASCAR Hall of Fame Museum, the General Assembly is, for this unique situation and opportunity, willing to authorize a 2% occupancy tax that is in addition to the previously authorized 6% occupancy tax; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy tax. (a) Authorization and Scope. – Upon receiving written confirmation from the National Association of Stock Car Auto Racing, Inc., (NASCAR) that it will license or otherwise legally authorize the location of the NASCAR Hall of Fame Museum facility in Charlotte, North Carolina, the Mecklenburg County Board of Commissioners may levy a room occupancy tax of up to two percent (2%) of the gross receipts derived from the rental of any accommodation subject to the tax under Section 6 of Chapter 908 of the 1983 Session Laws, as amended by Chapter 821 of the 1989 Session Laws. The tax authorized by this section is in addition to any other State or local sales and use tax and any other State or local occupancy tax authorized by law.

SECTION 1.(b) Administration. – Except as otherwise provided in this act, a tax levied under this section shall be levied, administered, and collected as provided in Part IV of Chapter 908 of the 1983 Session Laws, as amended by Chapters 821 and 922 of the 1989 Session Laws and S.L. 2001-402. SECTION 1.(c) Definitions. – The definitions in G.S. 105-164.3 and in Part IV of Chapter 908 of the 1983 Session Laws, as amended by Chapters 821 and 922 of the 1989 Session Laws and S.L. 2001-402, apply to this act insofar as they are not inconsistent with this act.

SECTION 1.(d) Relationship to the Sales and Use Tax Statutes. – The definitions in G.S. 105-164.3 shall apply to this act insofar as they are not inconsistent with the provisions of this act. All other provisions of Article 5 and Article 9 of Subchapter I, Chapter 105 of the General Statutes, as the same relate to the North Carolina Sales and Use Tax Act, shall be applicable to this act and administered by the local administrative authority unless the provisions are inconsistent with the provisions of this act. The provisions with respect to remedies and penalties applicable to the North Carolina Sales and Use Tax Act, as contained in Article 5 and Article 9, Subchapter I, Chapter 105 of the General Statutes, shall be applicable in like manner to the taxes authorized to be levied and collected under this act, to the extent that the same are not inconsistent with any provision of this act.

satisfaction, by payment or other irrevocable defeasance, of any debt instruments or obligations that were issued by the City of Charlotte or a related special purpose entity in connection with the financing or refinancing of the NASCAR Hall of Fame Museum facility. Effective upon the repeal of the tax in accordance with this subsection, subsection (a) of this section is repealed, and any tax levied under that subsection shall be rescinded. Repeal of a tax levied under this act does not affect a liability for a tax that has attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

SECTION 1(f) Distribution and Use of Proceeds. – The local administrative authority, acting on its own behalf or as agent for each taxing entity shall distribute the proceeds of the tax levied pursuant to this act to the City of Charlotte. AN ACT TO PROVIDE THAT LOCAL GOVERNMENTS THAT ARE A PARTY TO THE SWIFT CREEK MANAGEMENT PLAN AND CERTAIN CITIZENS OF THOSE LOCAL GOVERNMENTS HAVE STANDING TO ENFORCE THE PROVISIONS OF S.L. 1998-192.

Whereas, in 1988, representatives of the County of Wake, the City of Raleigh, and the Towns of Apex, Cary, and Garner developed the Swift Creek Management Plan, a coordinated land-use plan for the Swift Creek watershed; and

Whereas, the local governments having jurisdiction over the area approved the Swift Creek Management Plan through appropriate action of their respective governing bodies; and

Whereas, in 1998, the General Assembly found that it was in the best interest of the citizens of the Swift Creek area and those local governments to maintain the Swift Creek Management Plan as agreed to by those local governments; and

Whereas, in order to maintain the Swift Creek Management Plan, the General Assembly enacted S.L. 1998-192, which provides that the local governments that are parties to the Swift Creek Management Plan shall not adopt, amend, or repeal any ordinance authorized by Article 18 of Chapter 153A of the General Statutes, Article 19 of Chapter 160A of the General Statutes, or under any local act or charter provision relating to the subject of those Articles, nor grant any permit or approval pursuant to those ordinances, that would be inconsistent with the standards and provisions of the Swift Creek Management Plan; and

Whereas, the General Assembly finds that it is in the best interests of the citizens of the Swift Creek area and the local governments that have agreed to maintain the Swift Creek Management Plan that the standing of these local governments and certain citizens of the Swift Creek area to enforce the provisions of S.L. 1998-192 be clarified; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) The provisions of Sections 1 through 3 of S.L. 1998-192 may be enforced as provided in this section.

SECTION 1.(b) Any local government that is a party to the Swift Creek Management Plan shall have standing to contest an action of another party to the Swift Creek Management Plan that the local government believes is inconsistent with the standards and provisions of the Swift Creek Management Plan in violation of the provisions of Sections 1 through 3 of S.L. 1998-192.

SECTION 1.(c) Any person who resides in the jurisdiction of a local government that is a party to the Swift Creek Management Plan and who also resides in the Swift Creek watershed shall have standing to contest an action of any party to the Swift Creek Management Plan that the person believes is inconsistent with the standards and provisions of the Swift Creek Management Plan in violation of the provisions of Sections 1 through 3 of S.L. 1998-192, provided that the person has a specific personal or legal interest in the action and is adversely affected thereby.

SECTION 1.(d) A local government or person who has standing under subsection (b) or (c) of this section may file a petition in the superior court of Wake County seeking review of the action of a local government that the local government or
person believes to be inconsistent with the standards and provisions of the Swift Creek Management Plan in violation of the provisions of Sections 1 through 3 of S.L. 1998-192. A petition under this section shall be filed no later than 60 days after the adoption, amendment, or repeal of the ordinance, the grant of the permit or approval, an extension of any utility, or other action the local government or person believes to be inconsistent with the standards and provisions of the Swift Creek Management Plan in violation of the provisions of Sections 1 through 3 of S.L. 1998-192.

**SECTION 1.(e)** A petition filed under this section shall state with specificity what exceptions are taken to the action of the respondent local government and what relief the petitioner seeks. Within 15 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the respondent local government shall transmit to the court a copy of the ordinance, permit, or approval and any other minutes or documents that constitute the record of the challenged action.

**SECTION 1.(f)** The court may hear oral arguments, receive written briefs, and take evidence on the question of whether or not there has been a violation of Sections 1 through 3 of S.L. 1998-192.

**SECTION 1.(g)** If the court determines that there has been a violation of Sections 1 through 3 of S.L. 1998-192, it shall declare the ordinance, permit, approval, or other action void and may order any additional relief that appears appropriate.

**SECTION 2.** This act shall not be construed to preclude a judicial determination, based on common-law principles, statutory provisions, or other law, that standing exists in a particular case for a person to bring an action to challenge an alleged violation of the Swift Creek Management Plan and the provisions of Sections 1 through 3 of S.L. 1998-192.

**SECTION 3.** This act is effective when it becomes law.

Any member having elected Options 2, 3, or 6 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new option.

Option 1.(a) In the Case of a Member Who Retires prior to July 1, 1963. – If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option 3. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option 4. Option 5. For Members Retiring Prior to July 1, 1993. – The member may elect to receive a reduced retirement allowance under the conditions of Option 2 or Option 3, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less 1/120 thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option 6. A member may elect either Option 2 or Option 3 with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option."

SECTION 3. G.S. 135-5(g1) reads as rewritten:

"(g1) In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event a retiree purchases creditable service as provided in G.S. 135-4, there shall be paid to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative."

SECTION 4. Article 1 of Chapter 135 is amended by adding a new section to read:

"§ 135-10.1. Failure to respond.
If a member fails to respond in any way within 90 days after preliminary option figures and Form 6-E, Election of Benefits, are mailed, the Form 6, Application for Service, Early or Disability Retirement, shall be null and void; the retirement system shall not be liable for any benefits due on account of the voided application, and a new application must be filed establishing a subsequent effective date of retirement. If an applicant for disability retirement fails to furnish requested additional medical information within 90 days following such request, the application shall be declared null and void under the same conditions outlined above, unless the applicant is eligible for early or service retirement in which case the application shall be processed accordingly, using the same effective date as would have been used had the application for disability retirement been approved."

SECTION 5. G.S. 135-64(c) reads as rewritten:

"(c) In the event of the death of a former member while in receipt of a retirement allowance under the provisions of G.S. 135-58 or 135-60 (but not 135-61), G.S. 135-58, 135-60, or 135-61, if such former member is not survived by a spouse to whom a retirement allowance is payable under the provisions of subsection (a) or subsection (b) above, nor survived by a beneficiary to whom a monthly survivorship benefit is payable under one of the optional modes of payment under G.S. 135-61, there shall be paid to such person as the member shall have nominated by written designation duly
acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the member at his date of retirement over the total of the retirement allowances paid to him prior to his death."

SECTION 6. G.S. 135-64(d) reads as rewritten:

"(d) In the event that a retirement allowance becomes payable to the spouse of a former member under the provisions of subsection (a) or subsection (b) above, provided that the member's retirement allowance had not been paid or to the designated survivor of a former member under one of the optional modes of payment under G.S. 135-61, and such retirement allowance to the spouse shall terminate on the remarriage or death of the spouse, or on the death of the designated survivor, before the total of the retirement allowances paid to the former member and his spouse or designated survivor combined equals the amount of the member's accumulated contributions at his date of retirement, the excess of such accumulated contributions over the total of the retirement allowances paid to the former member and his spouse or designated survivor combined shall be paid in a lump sum to such person as the member shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time such payment falls due, otherwise to the former member's legal representatives."

SECTION 6.1. G.S. 135-106(a) reads as rewritten:

"(a) (Effective until August 1, 2005) Upon the application of a beneficiary or participant or of his legal representative or any person deemed by the Board of Trustees to represent the participant or beneficiary, any beneficiary or participant who has had five or more years of membership service may receive long-term disability benefits from the Plan upon approval by the Board of Trustees, commencing on the first day succeeding the conclusion of the short-term disability period provided for in G.S. 135-105, provided the beneficiary or participant makes application for such benefit within 180 days after the short-term disability period ceases, after salary continuation payments cease, or after monthly payments for Workers' Compensation cease, whichever is later; Provided, that the beneficiary or participant withdraws from active service by terminating employment as a teacher or State employee; Provided, that the Medical Board shall certify that such beneficiary or participant is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent; Provided further that the Medical Board shall not certify any beneficiary or participant as disabled who is in receipt of any payments on account of the same incapacity which existed when the beneficiary first established membership in the Retirement System. The Board of Trustees may extend this 180-day filing requirement upon receipt of clear and convincing evidence that application was delayed through no fault of the disabled beneficiary or participant and was delayed due to the employers' miscalculation of the end of the 180-day filing period. However, in no instance shall the filing period be extended beyond an additional 180 days.

The Board of Trustees may require each beneficiary who becomes eligible to receive a long-term disability benefit to have an annual medical review or examination for the first five years and thereafter once every three years after the commencement of benefits under this section. However, the Board of Trustees may require more frequent examinations and upon the advice of the Medical Board shall determine which cases require such examination. Should any beneficiary refuse to submit to any examination required by this subsection or by the Medical Board, his long-term disability benefit
shall be suspended until he submits to an examination, and should his refusal last for one year, his benefit may be terminated by the Board of Trustees. If the Medical Board finds that a beneficiary is no longer mentally or physically incapacitated for the further performance of duty, the Medical Board shall so certify this finding to the Board of Trustees, and the Board of Trustees may terminate the beneficiary's long-term disability benefits effective on the last day of the month in which the Medical Board certifies that the beneficiary is no longer disabled.

As to the requirement of five years of membership service, any participant or beneficiary who does not have five years of membership service within the 96 calendar months prior to conclusion of the short-term disability period becoming disabled or upon cessation of continuous salary continuation payments, whichever is later, shall not be eligible for long-term disability benefits.

Notwithstanding the requirement that the incapacity was incurred at the time of active employment, any participant who becomes disabled while on an employer approved leave of absence and who is eligible for and in receipt of temporary total benefits under The North Carolina Workers' Compensation Act, Article 1 of Chapter 97 of the General Statutes, will be eligible for all benefits provided under this Article.

SECTION 7. G.S. 135-111 reads as rewritten:

"§ 135-111. Applicability of other pension laws.
Subject to the provisions of this Article, the provisions of G.S. 135-9, entitled "Exemption from taxes, garnishment, attachment, etc."; G.S. 135-10, entitled "Protection against fraud"; G.S. 135-10.1, entitled "Failure to Respond"; and G.S. 135-17, entitled "Facility of payment" shall be applicable to this Article and to benefits paid pursuant to the provisions of this Article."

SECTION 8. G.S. 128-26(e) reads as rewritten:

"(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof, but not less than one hour; sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for disability retirement or for a vested deferred allowance.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently returns to service for a period of five years, may thereafter repay the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when this account was closed.

On and after July 1, 1973, a member whose account in the Teachers' and State Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the Teachers' and State Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from
membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 128-24(3a), may purchase membership service credits for such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 128-30(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction.

On and after January 1, 1986, the creditable service of a member who was a member of the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by participating employers from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, includes service that was creditable in the Law Enforcement Officers' Retirement System; and membership service with that System is membership service with this Retirement System; provided, notwithstanding any provisions of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law Enforcement Officers' Retirement System may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions that would have otherwise applied."

SECTION 9. G.S. 128-27(g) reads as rewritten:

"(g) Election of Optional Allowance. – With the provision that until the first payment on account of any benefit becomes normally due, or his first retirement check has been cashed, any member may elect to receive his benefits in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent of such retirement allowance in a reduced allowance payable throughout life under the provisions of one of the Options set forth below. The election of Option two or Option three or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due or the first retirement check has been cashed. Provided, however, in the event a member has elected Option 2 or Option 3 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first retirement check has been cashed, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage. remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The General Assembly of North Carolina enacts:

SECTION 1. G.S. 15-11.1 reads as rewritten:

(a) If a law-enforcement officer seizes property pursuant to lawful authority, he shall safely keep the property under the direction of the court or magistrate as long as necessary to assure that the property will be produced at and may be used as evidence in
any trial. Upon application by the lawful owner or a person, firm or corporation entitled to possession or upon his own determination, the district attorney may release any property seized pursuant to his lawful authority if he determines that such property is no longer useful or necessary as evidence in a criminal trial and he is presented with satisfactory evidence of ownership. If the district attorney refuses to release such property, the lawful owner or a person, firm or corporation entitled to possession may make application to the court for return of the property. The court, after notice to all parties, including the defendant, and after hearing, may in its discretion order any or all of the property returned to the lawful owner or a person, firm or corporation entitled to possession. The court may enter such order as may be necessary to assure that the evidence will be available for use as evidence at the time of trial, and will otherwise protect the rights of all parties. Notwithstanding any other provision of law, photographs or other identification or analyses made of the property may be introduced at the time of the trial provided that the court determines that the introduction of such substitute evidence is not likely to substantially prejudice the rights of the defendant in the criminal trial.

(b) In the case of unknown or unapprehended defendants or of defendants willfully absent from the jurisdiction, the court shall determine whether an attorney should be appointed as guardian ad litem to represent and protect the interest of such unknown or absent defendants. Appointment shall be in accordance with rules adopted by the Office of Indigent Defense Services. The judicial findings concerning identification or value that are made at such hearing whereby property is returned to the lawful owner or a person, firm, or corporation entitled to possession, may be admissible into evidence at the trial. After final judgment all property lawfully seized by or otherwise coming into the possession of law-enforcement authorities shall be disposed of as the court or magistrate in its discretion orders, and may be forfeited and either sold or destroyed in accordance with due process of law.

(b1) Notwithstanding subsections (a) and (b) of this section or any other provision of law, if the property seized is a firearm and the district attorney determines the firearm is no longer necessary or useful as evidence in a criminal trial, the district attorney, attorney or the legal representative for the agency storing the firearm, after notice to all parties known or believed by the district attorney or the agency’s legal representative to have an ownership or a possessory interest in the firearm, including the defendant, shall apply to the court for an order of disposition of the firearm.

If the owner is not known, then notice may be provided by publishing a notice in a newspaper of Mecklenburg County. The published notice shall include the following: (i) a statement that a firearm being stored by the agency is to be disposed of, and (ii) a reference to either an electronic Web site available to the general public or a list posted in a public place that provides a specific description of the firearm to be disposed of, sufficient in detail to identify the firearm. The firearm shall not be disposed of earlier than 30 days after the notice appears in the newspaper.

The judge, after hearing, may order the disposition of the firearm in one of the following ways:

(1) By ordering the firearm returned to its rightful owner, when the rightful owner is someone other than the defendant and upon findings by the court (i) that the person, firm, or corporation determined by the court to be the rightful owner is entitled to possession of the firearm and (ii) that the person, firm, or corporation determined by the court to be the rightful owner of the firearm was unlawfully deprived of the
same or had no knowledge or reasonable belief of the defendant's intention to use the firearm unlawfully.

(2) By ordering the firearm returned to the defendant, but only if the defendant is not convicted of any criminal offense in connection with the possession or use of the firearm, the defendant is the rightful owner of the firearm, and the defendant is not otherwise ineligible to possess such firearm.

(3) By ordering the firearm turned over to be destroyed by the sheriff of the county in which the firearm was seized Mecklenburg County or the chief law enforcement officer storing the firearm, or by his the duly authorized agent, agent of either the sheriff or the chief law enforcement officer as appropriate. The sheriff or the chief law enforcement officer, as appropriate, shall maintain a record of the destruction of the firearm.

This subsection (b1) is not applicable to seizures pursuant to G.S. 113-137 of firearms used only in connection with a violation of Article 22 of Chapter 113 of the General Statutes or any local wildlife hunting ordinance.

(c) Any property, the forfeiture and disposition of which is specified in any general or special law, shall be disposed of in accordance therewith."

"Section 3.15. Combination of offices. The Town Council may combine the office of Town Treasurer with the office of Town Clerk in its sole discretion.

"Section 3.16. Terms of commissions, committees, and boards. The Town Council may fix the terms of members of all commissions, committees, and boards of the Town regardless of the terms established by law for particular commissions, committees or boards; to appoint the chairman or other presiding officer of each commission, committee, or board of the Town, regardless of the provisions of any law; and to limit the number of terms which any person may serve on any commission, committee, or board of the Town.

"ARTICLE VI. STREET AND SIDEWALK IMPROVEMENTS

"Section 6.1. Street improvements; assessment of cost. In addition to any authority which is now or may hereafter be granted by general law to the Town for making street improvements, the Town Council may make street improvements and assess the cost thereof against abutting property owners in accordance with the provisions of this Article.
Section 6.2. When petition unnecessary. The Town Council may order street improvements and assess the cost thereof, exclusive of the cost incurred at street intersections, against the abutting property owners at an equal rate per front foot, without the necessity of a petition, upon the finding by the Council as a fact:

1. That such street or part thereof is unsafe for vehicular traffic, and it is in the public interest to make such improvement, or
2. That it is in the public interest to connect two streets, or portions of a street already improved, or
3. That it is in the public interest to widen a street, or part thereof, which is already improved; provided, that assessments for widening any street or portions of street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the Town's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Article.

Section 6.3. Street improvement defined. For the purpose of this Article the term 'Street Improvement' shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of right-of-way, and the construction or reconstruction of curb, gutters, and street drainage facilities.

Section 6.4. Sidewalks; assessment of cost. In addition to any authority which is now or may hereafter be granted by the General Statutes to the Town for making sidewalk improvements, the Town Council may order to be made or to make sidewalk improvements or repairs without petition according to standards and specifications of the Town, and to assess the total cost thereof against abutting property owners.

If a sidewalk is constructed on only one side of a street, the cost thereof may be assessed against a property abutting on both sides of the street, unless there already exists a sidewalk, on the other side of the street, the total cost of which has been assessed against the abutting property.

Section 6.5. Assessment procedure. In ordering street and sidewalk improvements without a petition and assessing the cost thereof under authority of this Article, the Town Council shall comply with the procedure provided in the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

Section 6.6. Effect of assessment. The effect of the act of levying assessments under the authority of this Article shall for all purposes be the same as if assessed where levied under authority of general law.

ARTICLE VII. FINANCE AND TAXATION

Section 7.1. Custody of Town money. All monies received by the Town and in connection with the business of the Town government shall be paid promptly into the Town depository or depositories. Such institution shall be designated by the Town Council in accordance with such regulations and subject to such requirements as to surety for deposits and interest thereon as shall be established by general law. All interest on monies belonging to the Town shall accrue to the benefit of the Town. All monies belonging to the Town shall be disbursed only in accordance with the provisions of the Local Government Budget and Fiscal Control Act.

Section 7.2. Independent audit. As soon as practicable after the close of each fiscal year, an independent audit shall be made of all books and accounts of the Town government by a certified public accountant or a qualified public accountant registered pursuant to general law, who shall have no personal interest directly or indirectly in the
affairs of the Town or any of its officers. The Town Council shall select the public accountant and the results of such audit shall be made available for inspection by any interested citizen of the Town, and may be published if so ordered by the Town Council.

"Section 7.4. (a) The Town of Cary shall have the right, power, and authority to impose and collect a regulatory or development fee defined as a road project fee on all new construction within the Town limits and extraterritorial jurisdiction.

(b) It is the purpose and intent of this section to provide the Town with the legal mechanism granting it the right, power, and authority to impose and collect fees to finance additional improvements within the Town limits and extraterritorial jurisdiction. These additional road improvements being caused by rapid and continued growth within the Cary area. This section provides approval to the Town to actually develop and implement such a fee system, but does not in any way, describe or detail the actual fee structure and rate classification. An extensive study will subsequently be performed to establish the basis and framework for the fee system should the system be deemed necessary in order to maintain the high level of service delivery presently available to Cary residents.

"ARTICLE VIII. WATER AND SEWER IMPROVEMENTS

"Section 8.1. Laterals included in cost. In ordering water or sewer line extensions, or both, the assessment of the cost thereof under the authority given by the General Statutes, the Town Council may include in such extensions water and sewer line laterals, and include the cost of such laterals in the total cost to be assessed upon abutting properties.

"Section 8.2. Classification and exemption. Where water or sewer lines are constructed across or through lots or tracts of land or when water or sewer lines, or both, are installed along both sides of corner lots and were or are financed in whole or in part by assessment, the Council may by uniform rule classify such lines for assessment as in its judgment will represent the benefits derived. The schedules of exemptions may be classified as to land uses (residential, business, commercial, industrial, office and institutional, agricultural, or other classifications) and shall be uniform for each such classification used; provided, however, that no schedule of exemptions may provide for exemption of more than seventy-five percent (75%) of the frontage of any side of a corner lot, or 150 feet, whichever is greater.

"Section 8.3. Alternative method of assessing. In addition to, and as alternatives to, the method provided in the General Statutes for assessing the cost of water and sewer lines and laterals, the Town Council, if in its opinion it would be more equitable to do so, may in its discretion classify such assessments according to either of the following methods: (i) equally against each of the lots capable of being served by such line or lines, or (ii) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the Town Council may annually, between the first days of January and July of each year, determine the average cost of installing water and sewer mains or lines, and on the basis of such determination may make assessments on such average cost during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It may also include the anticipated increase in labor and materials cost based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such lines shall not be made until after the particular assessment
project has been completed. The purpose of this section is to distribute more equitably the cost of the installation of water and sewer lines throughout the Town; to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against the property after completion of installation of such lines. The actual cost of acquisition of rights-of-way may also be assessed as part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation cost at the time of the completion of the project, such costs may be assessed separately when they are determined.

"Section 8.4. Payment of assessments. Any special assessment of the Town for any purpose amounting to less than one hundred dollars ($100.00) shall be paid in cash not later than the next due date of Town taxes rather than in annual installments and shall bear interest as taxes.

"Section 8.5. Water and sewer development fees. In addition to water and sewer service charges and connection charges, the Town Council may establish and collect water and sewer development fees for the privilege of connecting to the Town water and sewerage systems, both within and outside the corporate limits, to aid in the financing of new water and sewer mains and laterals and sewer outfalls and the replacement or enlargement of existing mains, laterals, and outfalls. Such charges shall apply uniformly to all properties to which water or sewer service is extended subsequent to the establishment of such charges; provided, however, that the Council may establish higher water and sewer development fees for property developed or to be developed for business, commercial, industrial, or office and institutional uses than those established for residential and other uses and may base water and sewer development fees for residential property upon the number of dwelling units per acre of land.

"ARTICLE IX. REGULATORY POWERS

"Section 9.1. Zoning and subdivision regulations. Any subdivision control ordinance enacted by the Town Council pursuant to general law may also provide for the orderly development of subdivisions by requiring the construction of community service facilities, including water lines; sewer lines; street paving, curbing, and guttering; and street and storm drainage facilities in accordance with Town standards and specifications, and to assure compliance with such requirements, the ordinance may require the posting of bond or such other method as will offer guarantee of compliance.

In addition to the authority conferred upon it by general or local law, the Town of Cary may create, through the legislative process, general use zoning districts, in which a variety of uses are permitted; conditional use zoning districts, in which limited uses are permitted only upon approval by the Town; overlay zoning districts, which are applied coincidental with the general or conditional use district; and transitional zoning regulations.

The overlay zoning districts may impose additional regulations on some property within the underlying general or conditional use district and not on all properties within those districts.

A person petitioning for rezoning of a tract of land where conditional use districts or overlay districts are authorized by ordinance, may elect to request a general use district, a conditional use district, or an overlay district for the tract. If the petitioner elects to petition for the general use or overlay district zoning, and if the petition is approved, the rezoned property may be used for any of the uses permitted in the applicable general use or overlay district. If the petitioner elects to petition for conditional use district zoning, the petition must specify the actual use or uses, and all other development regulations
authorized by State law, which are intended for the property specified in the petition. The intended use or uses and development regulations must be permitted in the corresponding general use district. If the petition is for conditional use district zoning, the Town Council is to approve or disapprove the petition on the basis of the specific use or uses and development regulations requested. If the petition is approved, the Town Council shall issue a conditional use permit authorizing the requested use with such reasonable conditions as the Town Council determines to be desirable in promoting public health, safety, and general welfare.

The conditions contained in a conditional use permit issued by the Town Council may include: location of the proposed use on the property; the number of dwelling units; the location and extent of support facilities such as parking lots, driveways, and access streets; location and extent of buffer areas and other special purpose areas; the timing of development; and such other matters as the Town Council may find appropriate or the petitioner may propose, including architectural review or controls.

It is the further intent of this section to permit the creation of districts for specific uses and the imposition of reasonable conditions in order to secure the public health, safety and welfare, and ensure that substantial justice be done.

"Section 9.2. Regulatory codes. The Town Council may make effective and enforce within the territory under its extraterritorial zoning jurisdiction and lying outside the corporate limits and within one mile thereof, all ordinances and codes of the Town regulating the construction and repair of buildings, including building codes, plumbing codes, electrical codes, heating and air conditioning codes, fire prevention codes, minimum housing codes adopted pursuant to the General Statutes, and ordinances relating to unsafe buildings adopted pursuant to the provisions of the General Statutes. In addition, the Town Council may enforce in such area the North Carolina State Building Codes, including Accessibility, Plumbing, Mechanical, Electrical, Fire Prevention, Fuel Gas, Energy, Existing Buildings, and Residential, all as published by the North Carolina Building Code Council. Such enforcement power shall include the power to require that prior to the beginning of any construction, reconstruction, or alteration of any building or structure or any part or system thereof within such area, the appropriate permit or permits be obtained from the Town; provided, the Town Council may by ordinance require that the contractor or other person charged with such construction, reconstruction, or alteration secure such permit or permits, rather than requiring the owner of the property to do so.

"Section 9.3. Underground utilities. In addition to the powers now or hereafter granted to municipalities by law, the Town Council by ordinance may require that all utility or other pipes, wiring, conduits, cables, and fixtures installed after the adoption of such ordinance within the planning and zoning jurisdiction of the Town be installed underground, whether or not the same are installed in public rights-of-way.

"Section 9.4. Electric golf carts. Notwithstanding the provisions of G.S. 20-50 and G.S. 20-54, the Town may, by ordinance, regulate the operation of electric golf carts on any public street or road within the Town. By ordinance, the Town may require the registration of golf carts, specify the persons authorized to operate golf carts, and specify required equipment, load limits, and the hours and methods of operation of the golf carts.

"ARTICLE X. CLAIMS AGAINST THE TOWN

"Section 10.1. Settlement of claims by Town Manager. The Town Manager may, without the approval of the Town Council, settle claims against the Town for personal injuries or damages to property when the amount involved does not exceed the sum of
two thousand five hundred dollars ($2,500) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred. Settlement of a claim by the Town Manager pursuant to this section shall constitute a complete release of the Town from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident or occasion complained of."

The appeals referee may affirm or modify the conclusion of the adjudicator or issue a new decision in which findings of fact and conclusions of law will be set out or dismiss an appeal when the appellant fails to appear at the appeals hearing to prosecute the appeal after having been duly notified of the appeals hearing. The evidence taken at the hearings before the appeals referee shall be recorded and the decision of the appeals referee shall be deemed to be the final decision of the Commission unless within 10 days after the date of notification or mailing of the decision, whichever is earlier a written appeal is filed pursuant to such regulations as the Commission may adopt. No person may be appointed as an appeals referee unless he or she possesses the minimum qualifications necessary to be a staff attorney eligible for designation by the Commission as a hearing officer under G.S. 96-4(m). No appeals referee in full-time permanent status may engage in the private practice of law as defined in G.S. 84-2.1 while serving in office as appeals referee; violation of this prohibition shall be grounds for removal. Whenever an appeal is taken from a decision of the appeals referee, the appealing party shall submit a clear written statement containing the grounds for the appeal within the time allowed by law for taking the appeal, and if such timely statement is not submitted, the Commission may dismiss the appeal."

      (3) Causing it to be received at the address for giving a notification within the time that it would have been received if given pursuant to subdivision (1) of this subsection.
   (b) A notification is effective on any of the following:

   (c) If this Article or a notification given pursuant to this Article requires performance on or by a certain day and that day is a Saturday, Sunday, or legal holiday under the laws of this State or the United States, the performance is sufficient if performed on the next day that is not a Saturday, Sunday, or legal holiday.

§ 45-36.6. Document of rescission: effect; liability for wrongful recording.
(a) In this section, “document of rescission” means a document stating that an identified satisfaction or affidavit of satisfaction of a security instrument was recorded erroneously or that a security instrument was satisfied of record erroneously, the secured obligation remains unsatisfied, and the security instrument remains in force.

(b) If a person records a satisfaction or affidavit of satisfaction of a security instrument in error or if a security instrument is satisfied of record erroneously by any other means, the person or the secured creditor may execute and record a document of rescission. Upon recording, the document rescinds an erroneously recorded satisfaction or affidavit and the erroneous satisfaction of record of the security instrument and reinstates the security instrument.

(c) A recorded document of rescission has no effect on the rights of a person that:
   (1) Records an interest in the real property described in a security instrument after the recording of the satisfaction or affidavit of satisfaction of the security instrument or the erroneous satisfaction of record of the security instrument by other means and before the recording of the document of rescission; and

(d) A person that erroneously or wrongfully records a document of rescission is liable to any person injured thereby for the actual loss caused by the recording and reasonable attorneys' fees and costs.

§ 45-36.7. Payoff statement: request and content.

(a) An entitled person, or an agent authorized by an entitled person to request a payoff statement, may give to the secured creditor a notification requesting a payoff statement for a specified payoff date not more than 30 days after the notification is given. The notification must contain all of the following:
   (1) The entitled person's name.
   (2) If given by a person other than an entitled person, the name of the person giving the notification and a statement that the person is an authorized agent of the entitled person.
   (3) A direction whether the statement is to be sent to the entitled person or that person's authorized agent.
   (4) The address to which the creditor must send the statement.
   (5) Sufficient information to enable the creditor to identify the secured obligation and the real property encumbered by the security interest.

(b) If a notification under subsection (a) of this section directs the secured creditor to send the payoff statement to a person identified as an authorized agent of the entitled person, the secured creditor must send the statement to the agent, unless the secured creditor knows that the entitled person has not authorized the request.

(c) A person who gives to a secured creditor a notification requesting a payoff statement thereby represents that the person is an entitled person or the authorized agent of an entitled person. A secured creditor may rely on that representation in providing a payoff statement unless the secured creditor knows that the requesting person is neither an entitled person nor the authorized agent of an entitled person. A secured creditor has no duty to make inquiry as to whether, or to verify that, the person requesting a payoff statement is an entitled person or the authorized agent of an entitled person.

(d) Within 10 days after the effective date of a notification that complies with subsection (a) of this section, the secured creditor shall issue a payoff statement and
send it as directed pursuant to subdivision (a)(3) of this section in the manner prescribed in G.S. 45-36.5 for giving a notification. A secured creditor that sends a payoff statement to the entitled person or the authorized agent may not claim that the notification did not satisfy subsection (a) of this section. If the person to whom the notification is given once held an interest in the secured obligation but has since assigned that interest, the person need not send a payoff statement but shall give (i) a notification of the assignment to the person to whom the payoff statement otherwise would have been sent, providing the name and address of the assignee, or (ii) a notification to the person to whom the payoff statement otherwise would have been sent, stating that the recipient claims no interest in the security instrument or the secured obligation, that the secured obligation was assigned, but that the identity and address of the assignee is not known.

(e) A payoff statement must contain:
   (1) The date on which it was prepared and the payoff amount as of that date, including the amount by type of each fee, charge, or other sum included within the payoff amount;
   (2) The information reasonably necessary to calculate the payoff amount as of the requested payoff date, including the per diem interest amount; and
   (3) The payment cutoff time, if any, the address or place where payment must be made, and any limitation as to the authorized method of payment.

(f) A payoff statement may contain the amount of any fees authorized under this section not included in the payoff amount. A secured creditor may require the payment in full of any fees authorized under this section before issuing a payoff statement.

(g) A secured creditor may not qualify a payoff amount or state that it is subject to change before the payoff date unless the payoff statement provides information sufficient to permit the entitled person or the person's authorized agent to request an updated payoff amount at no charge and to obtain that updated payoff amount during the secured creditor's normal business hours on the payoff date or the immediately preceding business day.

(h) A secured creditor must provide upon request one payoff statement without charge during any six-month period. A secured creditor may charge a fee of twenty-five dollars ($25.00) for each additional payoff statement requested during that six-month period. However, a secured creditor may not charge a fee for providing an updated payoff amount under subsection (f) of this section or a corrected payoff statement under G.S. 45-36.8(a).

(i) Unless the security instrument provides otherwise, a secured creditor is not required to send a payoff statement by means other than first-class mail. If the creditor agrees to send a statement by another means, it may charge a reasonable fee for complying with the requested manner of delivery.

(j) Except as otherwise provided in G.S. 45-36.12, if a secured creditor to which a notification has been given pursuant to subsection (a) of this section does not send a timely payoff statement that substantially complies with subsection (d) of this section, the creditor is liable to the entitled person for any actual damages caused by the failure, but not punitive damages. A creditor that does not pay the damages provided in this subsection within 30 days after receipt of a notification demanding payment shall also be liable for reasonable attorneys' fees and costs.
(k) This section does not apply unless the notification requesting a payoff statement is given on or after October 1, 2005.

"§ 45-36.8. Understated payoff statement: correction; effect.

(a) If a secured creditor determines that the payoff amount it provided in a payoff statement was understated, the creditor may send a corrected payoff statement. If the entitled person or the person's authorized agent receives and has a reasonable opportunity to act upon a corrected payoff statement before making payment, the corrected statement supersedes an earlier statement.

(b) A secured creditor that sends a payoff statement containing an understated payoff amount may not deny the accuracy of the payoff amount as against any person that reasonably and detrimentally relies upon the understated payoff amount.

(c) This Article does not:

(1) Affect the right of a secured creditor to recover any sum that it did not include in a payoff amount from any person liable for payment of the secured obligation; or

(2) Limit any claim or defense that a person liable for payment of a secured obligation may have under law other than this Article.

"§ 45-36.9. Secured creditor to submit satisfaction for recording; liability for failure.

(a) A secured creditor shall submit for recording a satisfaction of a security instrument within 30 days after the creditor receives full payment or performance of the secured obligation. If a security instrument secures a line of credit or future advances, the secured obligation is fully performed only if, in addition to full payment, the secured creditor has received a notification requesting the creditor to terminate the line of credit or containing a statement sufficient to terminate the effectiveness of the provision for future advances in the security instrument.

(b) Except as otherwise provided in G.S. 45-36.12, a secured creditor that is required to submit a satisfaction of a security instrument for recording and does not do so by the end of the period specified in subsection (a) of this section is liable to the landowner for any actual damages caused by the failure, but not punitive damages.

(c) Except as otherwise provided in subsection (d) of this section and in G.S. 45-36.12, a secured creditor that is required to submit a satisfaction of a security instrument for recording and does not do so by the end of the period specified in subsection (a) of this section is also liable to the landowner for one thousand dollars ($1,000) and any reasonable attorneys' fees and court costs incurred if, after the expiration of the period specified in subsection (a) of this section, all of the following occur:

(1) The landowner gives the secured creditor a notification, by any method authorized by G.S. 45-36.5 that provides proof of receipt, demanding that the secured creditor submit a satisfaction for recording.

(2) The secured creditor does not submit a satisfaction for recording within 30 days after the secured creditor's receipt of the notification.

(3) The security instrument is not satisfied of record by any of the methods provided in G.S. 45-37(a) within 30 days after the secured creditor's receipt of the notification.

The right to receive the additional one thousand dollars ($1,000) is personal to the landowner who gives the secured creditor notification under this subsection and may not be assigned.
(d) Subsection (c) of this section does not apply if the secured creditor received full payment or performance of the secured obligation before October 1, 2005.

(e) This section does not apply if the security instrument is satisfied of record by any of the methods provided in G.S. 45-37(a) within 30 days after the secured creditor receives full payment or performance of the secured obligation.

§ 45-36.10. Content and effect of satisfaction.

(a) A document is a satisfaction of a security instrument if it does all of the following:

1. Identifies the type of security instrument, the original parties to the security instrument, the recording data for the security instrument, and the office in which the security instrument is recorded.
2. States that the person signing the satisfaction is the secured creditor.
3. Reserved.
4. Contains language terminating the effectiveness of the security instrument.
5. Is signed by the secured creditor and acknowledged as required by law for a conveyance of an interest in real property.

(b) The register of deeds shall accept for recording a satisfaction of a security instrument, unless one of the following applies:

1. The document is submitted by a method or in a medium not authorized for registration by the register of deeds under applicable law.
2. The document is not signed by the secured creditor and acknowledged as required by law for a conveyance of an interest in real property. The register of deeds shall not be required to verify or make inquiry concerning (i) the truth of the matters stated in any satisfaction document, or (ii) the authority of the person executing any satisfaction document to do so.

(c) The recording of a satisfaction of a security instrument does not by itself extinguish any liability of a person for payment or performance of the secured obligation.

§ 45-36.11. Satisfaction: form.

No particular phrasing is required for a satisfaction of a security instrument. The following form, when properly completed, is sufficient to satisfy the requirements of G.S. 45-36.10(a):

(c) This Article does not require a person to agree to serve as a satisfaction agent.

"§ 45-36.15. Affidavit of satisfaction: authorization to submit for recording."

(5) If only part of a deposition is offered in evidence by a party, an adverse party may require him to introduce any other part which is relevant to the part introduced, and any party may introduce any other parts.

Substitution of parties pursuant to Rule 25 does not affect the right to use depositions previously taken; and, when an action in any court of the United States or of any state has been dismissed and another action involving the same subject matter is afterward brought between the same parties or their representatives or successors in interest, all depositions lawfully taken in the former action and duly filed in the former action prepared, certified, and delivered in accordance with Rule 30 may be used in the latter as if originally taken therefor."

(1) As to Notice. – All errors and irregularities in the notice for taking a deposition are waived unless written objection is promptly served upon the party giving the notice.

Objections to the competency of a witness or to the competency, relevancy, or materiality of testimony are not waived by failure to make them before or during the taking of the deposition, unless the ground of the objection is one which might have been obviated or removed if presented at that time.

b. Errors and irregularities occurring at the oral examination in the manner of taking the deposition, in the form of the questions or answers, in the oath or affirmation, or in the conduct of parties, and errors of any kind which might be obviated, removed, or cured if promptly presented, are waived unless reasonable objection thereto is made at the taking of the deposition.

c. Objections to the form of written questions submitted under Rule 31 are waived unless served in writing upon the party propounding them within the time allowed for serving the
succeeding cross or other questions and within five days after service of the last questions authorized.

(4) As to Completion and Return of Deposition. – Errors and irregularities in the manner in which the testimony is transcribed or the deposition is prepared, signed, certified, sealed, indorsed, transmitted, filed, or otherwise dealt with by the person taking the deposition under Rules 30 and 31 are waived unless a motion to suppress the deposition or some part thereof is made with reasonable promptness after such defeat is, or with due diligence might have been, ascertained."

H.B. 1065    Session Law 2005-140

AN ACT REGARDING WATER RATES IN BUNCOMBE COUNTY.

Whereas, the North Carolina General Assembly previously adopted Chapter 399 of the 1933 Public-Local Laws (known as the "Sullivan Act") to address the
particular circumstances of the supplying of water to certain residents of Buncombe County by the City of Asheville and the charges therefore; and

Whereas, from the adoption of the Sullivan Act until the present, the City of Asheville, directly or through the Asheville/Buncombe Water Authority, has continued to supply water to certain consumers of water in Buncombe County outside the corporate limits of the City of Asheville in those areas of the County where water has been supplied by the City of Asheville, all at a rate no higher than that charged by the City of Asheville to similarly situated water consumers residing within the corporate limits of said city; and

Whereas, from and after 1981, the City of Asheville and the County of Buncombe have discharged various of their obligations relating to the provision of water to certain citizens of Buncombe County residing inside and outside the corporate limits of the City of Asheville and the maintenance and upkeep of their respective water facilities pursuant to an Agreement between the City of Asheville and the County of Buncombe establishing the Asheville/Buncombe Water Authority dated 29 October 1981 and certain supplements and amendments thereto (hereinafter "Water Agreement"); and

Whereas, practically all, if not all, of the cost of the waterlines serving Buncombe County (outside of the corporate limits of the City of Asheville) has been paid by the County of Buncombe, the various water and sewer districts of the County of Buncombe, by the Asheville/Buncombe Water Authority pursuant to its duties to Buncombe County, and by private developers and landowners, desiring water service in such areas and not paid by the City of Asheville; and

Whereas, during the term of the Water Agreement, the County of Buncombe has paid directly to the City of Asheville in excess of $37,000,000 pursuant to that Agreement; and

Whereas, at the time of the adoption of the Water Agreement, certain public recreational facilities were transferred to the County of Buncombe by the City of Asheville, and during the term of the Water Agreement, the costs related to those facilities have been borne by the County of Buncombe; and

Whereas, during the term of the Water Agreement, the County of Buncombe has expended $9,025,715 on capital expenditures for the public recreational facilities referenced above; and

Whereas, the City of Asheville has given notice to terminate the Water Agreement as of 30 June 2005; and

Whereas, the City of Asheville is entitled to a fair return on its capital investment; and

Whereas, upon the termination of the Water Agreement as noticed by the City of Asheville for 30 June 2005, the ownership of the public recreational facilities shall revert to the City of Asheville; and

Whereas, upon the termination of the Water Agreement as noticed by the City of Asheville for 30 June 2005, the ownership of all water system facilities conveyed to the City of Asheville pursuant to the Water Agreement shall revert to the County of Buncombe and its water districts; and

Whereas, the citizens of Buncombe County outside the corporate limits of the City of Asheville now, or in the future to be, supplied water from lines connected to the waterlines currently maintained by the Asheville/Buncombe Water Authority, and replacements, extensions, and additions thereto, are entitled to obtain water at a fair rate from the water system for which they have paid, through taxes, through payments for
water, and through direct payments by the County of Buncombe and its water and sewer
districts; and

Whereas, the population of Buncombe County is projected to grow by more
than thirty-eight percent over the next twenty-five years, and more than two-thirds of
that growth is projected to occur outside the current city limits of the City of Asheville;
and

Whereas, the Asheville/Buncombe Water Authority has developed substantial
excess capacity in anticipation of the growth of population in Buncombe County and of
supplying water to the additional population from facilities the cost of which has been,
and in the future will be, paid out of water system revenues; and

Whereas, the excess capacity in the water system maintained by the
Asheville/Buncombe Water Authority is such that the system has a current capacity in
excess of 41 million gallons per day and a current average usage of 22 million gallons
per day; and

Whereas, the Mills River water treatment plant of the Asheville/Buncombe
Water Authority was constructed at a location and in a manner that substantial
additional capacity can be added to the water system now served by the
Asheville/Buncombe Water Authority in the future without the construction of an
additional water treatment plant; and

Whereas, the complicated pattern of dealings between the City of Asheville
and the County of Buncombe regarding the provision of water to water consumers in
Buncombe County connected to the waterlines currently maintained by the
Asheville/Buncombe Water Authority, and replacements, extensions, and additions
thereto has now given rise to the issue of the rate that the City of Asheville may charge
the water consumers in Buncombe County connected to the waterlines currently
maintained by the Asheville/Buncombe Water Authority, and replacements, extensions,
and additions thereto to whom it provides water even though the Sullivan Act remains
in full force and effect; and

Whereas, it is the exclusive right of the State to regulate the provision of and
rates charged for public utilities to the citizens of the State; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. From and after the effective date of this act, it shall be
unlawful for the City of Asheville, or any of the governing authorities, agents, or
employees thereof, to charge, exact, or collect from any water consumer in Buncombe
County currently or hereafter connected to the waterlines currently maintained by the
Asheville/Buncombe Water Authority, and replacements, extensions, and additions
thereto a rate for water consumed higher than the rate charged for the same
classification of water consumer residing or located within the corporate limits of the
City of Asheville. Classification of water consumer as referred to herein means the type
of facility to which the water is provided (e.g., single-family residence, multiple-family
residence, retail, commercial, industrial) without regard to geographic location within
Buncombe County.

SECTION 2. The City of Asheville may, through its officers, agents, and
employees, cause any user of water who shall fail to pay promptly his water rent for any
month to be cut off and his right to further use of water from the city system to be
discontinued until payment of any water rent arrearages, all consistent with
G.S. 160A-314(b).
SECTION 3. H.B. 822

Session Law 2005-145

AN ACT TO AMEND STATE LAW REGARDING THE DETERMINATION OF AGGRAVATING FACTORS IN A CRIMINAL CASE TO CONFORM WITH THE UNITED STATES SUPREME COURT DECISION IN BLAKELY V. WASHINGTON.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 15A-1340.16 reads as rewritten:

(a) Generally, Burden of Proof. – The court shall consider evidence of aggravating or mitigating factors present in the offense that make an aggravated or mitigated sentence appropriate, but the decision to depart from the presumptive range is in the discretion of the court. The State bears the burden of proving by a preponderance of the evidence beyond a reasonable doubt that an aggravating factor exists, and the offender bears the burden of proving by a preponderance of the evidence that a mitigating factor exists.

(a1) Jury to Determine Aggravating Factors; Jury Procedure if Trial Bifurcated. – The defendant may admit to the existence of an aggravating factor, and the factor so admitted shall be treated as though it were found by a jury pursuant to the procedures in this subsection. Admissions of the existence of an aggravating factor must be consistent with the provisions of G.S. 15A-1022.1. If the defendant does not so admit, only a jury may determine if an aggravating factor is present in an offense. The jury impaneled for the trial of the felony may, in the same trial, also determine if one or more aggravating factors is present, unless the court determines that the interests of justice require that a separate sentencing proceeding be used to make that determination. If the court determines that a separate proceeding is required, the proceeding shall be conducted by the trial judge before the trial jury as soon as practicable after the guilty verdict is returned. If prior to the time that the trial jury begins its deliberations on the issue of whether one or more aggravating factors exist, any juror dies, becomes incapacitated or disqualified, or is discharged for any reason, an alternate juror shall become a part of the jury and serve in all respects as those selected on the regular trial panel. An alternate juror shall become a part of the jury in the order in which the juror was selected. If the trial jury is unable to reconvene for a hearing on the issue of whether one or more aggravating factors exist after having determined the guilt of the accused, the trial judge shall impanel a new jury to determine the issue. A jury selected to determine whether one or more aggravating factors exist shall be selected in the same manner as juries are selected for the trial of criminal cases.

(a2) Procedure if Defendant Admits Aggravating Factor Only. – If the defendant admits that an aggravating factor exists, but pleads not guilty to the underlying felony, a
jury shall be impaneled to dispose of the felony charge. In that case, evidence that
relates solely to the establishment of an aggravating factor shall not be admitted in the
felony trial.

(a3) Procedure if Defendant Pleads Guilty to the Felony Only. – If the defendant
pleads guilty to the felony, but contests the existence of one or more aggravating
factors, a jury shall be impaneled to determine if the aggravating factor or factors exist.

(a4) Pleading of Aggravating Factors. – Aggravating factors set forth in
subsection (d) of this section need not be included in an indictment or other charging
instrument. Any aggravating factor alleged under subdivision (d)(20) of this section
shall be included in an indictment or other charging instrument, as specified in
G.S. 15A-924.

(a5) Procedure to Determine Prior Record Level Points Not Involving Prior
Convictions. – If the State seeks to establish the existence of a prior record level point
under G.S. 15A-1340.14(b)(7), the jury shall determine whether the point should be
assessed using the procedures specified in subsections (a1) through (a3) of this section.
The State need not allege in an indictment or other pleading that it intends to establish
the point.

(a6) Notice of Intent to Use Aggravating Factors or Prior Record Level Points. –
The State must provide a defendant with written notice of its intent to prove the
existence of one or more aggravating factors under subsection (d) of this section or a
prior record level point under G.S. 15A-1340.14(b)(7) at least 30 days before trial or the
entry of a guilty or no contest plea. A defendant may waive the right to receive such
notice. The notice shall list all the aggravating factors the State seeks to establish.

(b) When Aggravated or Mitigated Sentence Allowed. – If the court
finds that aggravating factors exist or the court finds that mitigating factors exist, it
may depart from the presumptive range of sentences specified in G.S. 15A-1340.17(c)(2). If
the court finds that aggravating factors are present and the court determines they are
sufficient to outweigh any mitigating factors that are present, it may impose a sentence
that is permitted by the aggravated range described in G.S. 15A-1340.17(c)(4). If the
court finds that mitigating factors are present and are sufficient to outweigh any
aggravating factors that are present, it may impose a sentence that is permitted by the
mitigated range described in G.S. 15A-1340.17(c)(3).

(c) Written Findings; When Required. – The court shall make findings of the
aggravating and mitigating factors present in the offense only if, in its discretion, it
departs from the presumptive range of sentences specified in G.S. 15A-1340.17(c)(2). If
the jury finds factors in aggravation, the court shall ensure that those findings are
entered in the court's determination of sentencing factors form or any comparable
document used to record the findings of sentencing factors. Findings shall be in writing.
The requirement to make findings in order to depart from the presumptive range applies
regardless of whether the sentence of imprisonment is activated or suspended.

(d) Aggravating Factors. – The following are aggravating factors:

(1) The defendant induced others to participate in the commission of the
offense or occupied a position of leadership or dominance of other
participants.

(2) The defendant joined with more than one other person in committing
the offense and was not charged with committing a conspiracy.

(2a) The offense was committed for the benefit of, or at the direction of,
any criminal street gang, with the specific intent to promote, further, or
assist in any criminal conduct by gang members, and the defendant was not charged with committing a conspiracy. A "criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of felony or violent misdemeanor offenses, or delinquent acts that would be felonies or violent misdemeanors if committed by an adult, and having a common name or common identifying sign, colors, or symbols.

(3) The offense was committed for the purpose of avoiding or preventing a lawful arrest or effecting an escape from custody.

(4) The defendant was hired or paid to commit the offense.

(5) The offense was committed to disrupt or hinder the lawful exercise of any governmental function or the enforcement of laws.

(6) The offense was committed against or proximately caused serious injury to a present or former law enforcement officer, employee of the Department of Correction, jailer, fireman, emergency medical technician, ambulance attendant, justice or judge, clerk or assistant or deputy clerk of court, magistrate, prosecutor, juror, or witness against the defendant, while engaged in the performance of that person's official duties or because of the exercise of that person's official duties.

(7) The offense was especially heinous, atrocious, or cruel.

(8) The defendant knowingly created a great risk of death to more than one person by means of a weapon or device which would normally be hazardous to the lives of more than one person.

(9) The defendant held public office at the time of the offense and the offense related to the conduct of the office.

(10) The defendant was armed with or used a deadly weapon at the time of the crime.

(11) The victim was very young, or very old, or mentally or physically infirm, or handicapped.

(12) The defendant committed the offense while on pretrial release on another charge.

(13) The defendant involved a person under the age of 16 in the commission of the crime.

(14) The offense involved an attempted or actual taking of property of great monetary value or damage causing great monetary loss, or the offense involved an unusually large quantity of contraband.

(15) The defendant took advantage of a position of trust or confidence, including a domestic relationship, to commit the offense.

(16) The offense involved the sale or delivery of a controlled substance to a minor.

(16a) The offense is the manufacture of methamphetamine and was committed where a person under the age of 18 lives, was present, or was otherwise endangered by exposure to the drug, its ingredients, its by-products, or its waste.

(17) The offense for which the defendant stands convicted was committed against a victim because of the victim's race, color, religion, nationality, or country of origin.

(18) The defendant does not support the defendant's family.
(18a) The defendant has previously been adjudicated delinquent for an offense that would be a Class A, B1, B2, C, D, or E felony if committed by an adult.

(19) The serious injury inflicted upon the victim is permanent and debilitating.

(20) Any other aggravating factor reasonably related to the purposes of sentencing.

Evidence necessary to prove an element of the offense shall not be used to prove any factor in aggravation, and the same item of evidence shall not be used to prove more than one factor in aggravation. Evidence necessary to establish that an enhanced sentence is required under G.S. 15A-1340.16A may not be used to prove any factor in aggravation.

The judge shall not consider as an aggravating factor the fact that the defendant exercised the right to a jury trial.

Notwithstanding the provisions of subsection (a1) of this section, the determination that an aggravating factor under G.S. 15A-1340.16(d)(18a) is present in a case shall be made by the court, and not by the jury. That determination shall be made in the sentencing hearing.

(e) Mitigating Factors. – The following are mitigating factors:

(1) The defendant committed the offense under duress, coercion, threat, or compulsion that was insufficient to constitute a defense but significantly reduced the defendant's culpability.

(2) The defendant was a passive participant or played a minor role in the commission of the offense.

(3) The defendant was suffering from a mental or physical condition that was insufficient to constitute a defense but significantly reduced the defendant's culpability for the offense.

(4) The defendant's age, immaturity, or limited mental capacity at the time of commission of the offense significantly reduced the defendant's culpability for the offense.

(5) The defendant has made substantial or full restitution to the victim.

(6) The victim was more than 16 years of age and was a voluntary participant in the defendant's conduct or consented to it.

(7) The defendant aided in the apprehension of another felon or testified truthfully on behalf of the prosecution in another prosecution of a felony.

(8) The defendant acted under strong provocation, or the relationship between the defendant and the victim was otherwise extenuating.

(9) The defendant could not reasonably foresee that the defendant's conduct would cause or threaten serious bodily harm or fear, or the defendant exercised caution to avoid such consequences.

(10) The defendant reasonably believed that the defendant's conduct was legal.

(11) Prior to arrest or at an early stage of the criminal process, the defendant voluntarily acknowledged wrongdoing in connection with the offense to a law enforcement officer.

(12) The defendant has been a person of good character or has had a good reputation in the community in which the defendant lives.

(13) The defendant is a minor and has reliable supervision available.
(14) The defendant has been honorably discharged from the United States armed services.
(15) The defendant has accepted responsibility for the defendant's criminal conduct.
(16) The defendant has entered and is currently involved in or has successfully completed a drug treatment program or an alcohol treatment program subsequent to arrest and prior to trial.

(18) The defendant has a support system in the community.
(19) The defendant has a positive employment history or is gainfully employed.
(20) The defendant has a good treatment prognosis, and a workable treatment plan is available.
(21) Any other mitigating factor reasonably related to the purposes of sentences.

SECTION 2. G.S. 15A-1340.14 reads as rewritten:

(a) Generally. – The prior record level of a felony offender is determined by calculating the sum of the points assigned to each of the offender's prior convictions that the court, or with respect to subdivision (b)(7) of this section, the jury, finds to have been proved in accordance with this section.
(b) Points. – Points are assigned as follows:
(1) For each prior felony Class A conviction, 10 points.
(1a) For each prior felony Class B1 conviction, 9 points.
(2) For each prior felony Class B2, C, or D conviction, 6 points.
(3) For each prior felony Class E, F, or G conviction, 4 points.
(4) For each prior felony Class H or I conviction, 2 points.
(5) For each prior misdemeanor conviction as defined in this subsection, 1 point. For purposes of this subsection, misdemeanor is defined as any Class A1 and Class 1 nontraffic misdemeanor offense, impaired driving (G.S. 20-138.1), impaired driving in a commercial vehicle (G.S. 20-138.2), and misdemeanor death by vehicle (G.S. 20-141.4(a2)), but not any other misdemeanor traffic offense under Chapter 20 of the General Statutes.
(6) If all the elements of the present offense are included in any prior offense for which the offender was convicted, whether or not the prior offense or offenses were used in determining prior record level, 1 point.
(7) If the offense was committed while the offender was on supervised or unsupervised probation, parole, or post-release supervision, or while the offender was serving a sentence of imprisonment, or while the offender was on escape from a correctional institution while serving a sentence of imprisonment, 1 point.

For purposes of determining prior record points under this subsection, a conviction for a first degree rape or a first degree sexual offense committed prior to the effective date of this subsection shall be treated as a felony Class B1 conviction, and a conviction for any other felony Class B offense committed prior to the effective date of this subsection shall be treated as a felony Class B2 conviction. G.S. 15A-1340.16(a5) specifies the procedure to be used to determine if a point exists under subdivision (7) of
this subsection. The State must provide a defendant with written notice of its intent to prove the existence of the prior record point under subdivision (7) of this subsection as required by G.S. 15A-1340.16(a6).

(c) Prior Record Levels for Felony Sentencing. – The prior record levels for felony sentencing are:

(1) Level I – 0 points.
(2) Level II – At least 1, but not more than 4 points.
(3) Level III – At least 5, but not more than 8 points.
(4) Level IV – At least 9, but not more than 14 points.
(5) Level V – At least 15, but not more than 18 points.
(6) Level VI – At least 19 points.

In determining the prior record level, the classification of a prior offense is the classification assigned to that offense at the time the offense for which the offender is being sentenced is committed.

(d) Multiple Prior Convictions Obtained in One Court Week. – For purposes of determining the prior record level, if an offender is convicted of more than one offense in a single superior court during one calendar week, only the conviction for the offense with the highest point total is used. If an offender is convicted of more than one offense in a single session of district court, only one of the convictions is used.

(e) Classification of Prior Convictions From Other Jurisdictions. – Except as otherwise provided in this subsection, a conviction occurring in a jurisdiction other than North Carolina is classified as a Class I felony if the jurisdiction in which the offense occurred classifies the offense as a felony, or is classified as a Class 3 misdemeanor if the jurisdiction in which the offense occurred classifies the offense as a misdemeanor. If the offender proves by the preponderance of the evidence that an offense classified as a felony in the other jurisdiction is substantially similar to an offense that is a misdemeanor in North Carolina, the conviction is treated as that class of misdemeanor for assigning prior record level points. If the State proves by the preponderance of the evidence that an offense classified as either a misdemeanor or a felony in the other jurisdiction is substantially similar to an offense in North Carolina that is classified as a Class I felony or higher, the conviction is treated as that class of felony for assigning prior record level points. If the State proves by the preponderance of the evidence that an offense classified as a misdemeanor in the other jurisdiction is substantially similar to an offense classified as a Class A1 or Class 1 misdemeanor in North Carolina, the conviction is treated as a Class A1 or Class 1 misdemeanor for assigning prior record level points.

(f) Proof of Prior Convictions. – A prior conviction shall be proved by any of the following methods:

(1) Stipulation of the parties.
(2) An original or copy of the court record of the prior conviction.
(3) A copy of records maintained by the Division of Criminal Information, the Division of Motor Vehicles, or of the Administrative Office of the Courts.
(4) Any other method found by the court to be reliable.

The State bears the burden of proving, by a preponderance of the evidence, that a prior conviction exists and that the offender before the court is the same person as the offender named in the prior conviction. The original or a copy of the court records or a copy of the records maintained by the Division of Criminal Information, the Division of Motor Vehicles, or of the Administrative Office of the Courts, bearing the same name as
that by which the offender is charged, is prima facie evidence that the offender named is the same person as the offender before the court, and that the facts set out in the record are true. For purposes of this subsection, "a copy" includes a paper writing containing a reproduction of a record maintained electronically on a computer or other data processing equipment, and a document produced by a facsimile machine. The prosecutor shall make all feasible efforts to obtain and present to the court the offender's full record. Evidence presented by either party at trial may be utilized to prove prior convictions. Suppression of prior convictions is pursuant to G.S. 15A-980. If a motion is made pursuant to that section during the sentencing stage of the criminal action, the court may grant a continuance of the sentencing hearing. If asked by the defendant in compliance with G.S. 15A-903, the prosecutor shall furnish the defendant's prior criminal record to the defendant within a reasonable time sufficient to allow the defendant to determine if the record available to the prosecutor is accurate. Upon request of a sentencing services program established pursuant to Article 61 of Chapter 7A of the General Statutes, the district attorney shall provide any information the district attorney has about the criminal record of a person for whom the program has been requested to provide a sentencing plan pursuant to G.S. 7A-773.1.

SECTION 3. G.S. 15A-924(a) is amended by adding a new subdivision to read:

"(a) A criminal pleading must contain:
   (1) The name or other identification of the defendant but the name of the defendant need not be repeated in each count unless required for clarity.
   (2) A separate count addressed to each offense charged, but allegations in one count may be incorporated by reference in another count.
   (3) A statement or cross reference in each count indicating that the offense charged therein was committed in a designated county.
   (4) A statement or cross reference in each count indicating that the offense charged was committed on, or on or about, a designated date, or during a designated period of time. Error as to a date or its omission is not ground for dismissal of the charges or for reversal of a conviction if time was not of the essence with respect to the charge and the error or omission did not mislead the defendant to his prejudice.
   (5) A plain and concise factual statement in each count which, without allegations of an evidentiary nature, asserts facts supporting every element of a criminal offense and the defendant's commission thereof with sufficient precision clearly to apprise the defendant or defendants of the conduct which is the subject of the accusation. When the pleading is a criminal summons, warrant for arrest, or magistrate's order, or statement of charges based thereon, both the statement of the crime and any information showing probable cause which was considered by the judicial official and which has been furnished to the defendant must be used in determining whether the pleading is sufficient to meet the foregoing requirement.
   (6) For each count a citation of any applicable statute, rule, regulation, ordinance, or other provision of law alleged therein to have been violated. Error in the citation or its omission is not ground for dismissal of the charges or for reversal of a conviction.
A statement that the State intends to use one or more aggravating factors under G.S. 15A-1340.16(d)(20), with a plain and concise factual statement indicating the factor or factors it intends to use under the authority of that subdivision.”

SECTION 4. Article 58 of Chapter 15A of the General Statutes is amended by adding a new section to read:

§ 15A-1022.1. Procedure in accepting admissions of the existence of aggravating factors in felonies.

(a) Before accepting a plea of guilty or no contest to a felony, the court shall determine whether the State intends to seek a sentence in the aggravated range. If the State does intend to seek an aggravated sentence, the court shall determine which factors the State seeks to establish. The court shall determine whether the State seeks a finding that a prior record level point should be found under G.S. 15A-1340.14(b)(7). The court shall also determine whether the State has provided the notice to the defendant required by G.S. 15A-1340.16(a6) or whether the defendant has waived his or her right to such notice.

(b) In all cases in which a defendant admits to the existence of an aggravating factor or to a finding that a prior record level point should be found under G.S. 15A-1340.14(b)(7), the court shall comply with the provisions of G.S. 15A-1022(a). In addition, the court shall address the defendant personally and advise the defendant that:

(1) He or she is entitled to have a jury determine the existence of any aggravating factors or points under G.S. 15A-1340.14(b)(7); and

(2) He or she has the right to prove the existence of any mitigating factors at a sentencing hearing before the sentencing judge.

(c) Before accepting an admission to the existence of an aggravating factor or a prior record level point under G.S. 15A-1340.14(b)(7), the court shall determine that there is a factual basis for the admission, and that the admission is the result of an informed choice by the defendant. The court may base its determination on the factors specified in G.S. 15A-1022(c), as well as any other appropriate information.

(d) A defendant may admit to the existence of an aggravating factor or to the existence of a prior record level point under G.S. 15A-1340.14(b)(7) before or after the trial of the underlying felony.

(e) The procedures specified in this Article for the handling of pleas of guilty are applicable to the handling of admissions to aggravating factors and prior record points under G.S. 15A-1340.14(b)(7), unless the context clearly indicates that they are inappropriate.”

S.B. 512 Session Law 2005-150

AN ACT TO PROHIBIT THE PRACTICE OF CONDITIONING THE PROVISION OF WATER OR SEWER SERVICES UPON AGREEING TO BE SUPPLIED WITH ELECTRICITY, TO PRESERVE THE CORRIDOR SERVICE RIGHTS OF ELECTRIC SUPPLIERS OUTSIDE CITIES FROM BEING LOST OR DILUTED DUE TO EXTRATERRITORIAL SERVICES BY CITIES, AND TO ADDRESS OTHER ELECTRIC TERRITORY ISSUES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 1 of Chapter 75 of the General Statutes is amended by adding a new section to read:

"§ 75-39. Conditioning services on electric service prohibited.

(a) No municipality or other provider of water or sewer services may offer, or agree to provide, extend, enhance, or accelerate the provision of water or sewer services, or facilities or other municipal services or facilities, to any person in consideration of that person or another person agreeing to receive electric service from the municipality or another electric supplier.

(b) No municipality or other provider of water or sewer services may refuse to provide, or threaten or act to deny, delay, or terminate the provision of, water or sewer services or facilities, or other municipal services or facilities, to any person as a result of, or in an attempt to influence, the choice of an electric supplier by that person or another person.

(c) A violation of this section by any municipality or other provider of water or sewer services shall constitute an unfair method of competition and an unfair act or practice under G.S. 75-1.1."

SECTION 2. G.S. 160A-331 reads as rewritten:

Unless the context otherwise requires, the following words and phrases shall have the meanings indicated when used in this Part:

(2) "Line" means any conductor located inside the city, or any conductor within 300 feet of areas annexed by the city that is a primary supplier, for distributing or transmitting electricity, other than:

a. For overhead construction, a conductor from the pole nearest the premises of a consumer to such premises, or a conductor from a line tap to such premises,

b. For underground construction, a conductor from the transformer (or the junction point, if there be one) nearest the premises of a consumer to such premises.

(5) "Secondary supplier" means a person, firm, or corporation that is not a primary supplier, but that furnishes electricity at retail to one or more consumers other than itself within the limits of a city, or that has a conductor located within 300 feet of an area annexed by a city that is not a primary supplier. A primary supplier that furnishes electric service within a city pursuant to a franchise or contract that limits or restricts the classes of consumers or types of electric service permitted to such supplier shall, in and with respect to any area annexed by the city after April 20, 1965, be a primary supplier for such classes of consumers or types of service, and if it furnishes other electric service in the annexed area on the effective date of annexation, shall be a secondary supplier, in and with respect to such annexed area, for all other electric service. A primary supplier that continues to furnish electric service after the expiration of a franchise or contract that limited or restricted such primary supplier with respect to classes of consumers or types of electric service shall, in and with respect to any area annexed by the city after April 20, 1965, be a secondary supplier for all electric service if it is furnishing electric service in the annexed area on the effective date of annexation.

SECTION 3. Part 2 of Article 16 of Chapter 160A of the General Statutes is amended by adding new sections to read:

During the period beginning June 1, 2005, and ending May 31, 2007, a city shall not construct or extend an electric distribution line outside of its corporate limits as of June 1, 2005, in territory assigned to an electric membership corporation by the North Carolina Utilities Commission without the written consent of the electric membership corporation. Provided, however, that the consent of an electric membership corporation shall not be required in connection with the proposed construction of an electric distribution line solely to serve a facility owned by a city. The electric membership corporation shall give its consent unless the electric membership corporation, in good faith, believes that the construction of the electric distribution line is not necessary to satisfy the reasonable needs of the public for the delivery of an adequate and reliable supply of electric energy and that, when compared with reasonable, alternative courses of action and locations, construction of the electric distribution line in the proposed
location is not reasonable, preferred, in the public interest, and the most economical and practically feasible route to deliver electric energy in accordance with prudent utilities practice. Any dispute concerning the failure of the electric membership corporation to give its written consent shall be submitted to prelitigation mediation in accordance with the provisions of G.S. 7A-38.3B.

§ 160A-331.2. Agreements of electric suppliers.

(a) The General Assembly finds and determines that, in order to avoid the unnecessary duplication of electric facilities and to facilitate the settlement of disputes between cities that are primary suppliers and other electric suppliers, it is desirable for the State to authorize electric suppliers to enter into agreements pursuant to which the parties to the agreements allocate to each other the right to provide electric service to premises each would not have the right to serve under this Article but for the agreement, provided that no agreement between a city that is a primary supplier and another electric supplier shall be enforceable by or against an electric supplier that is subject to the territorial assignment jurisdiction of the North Carolina Utilities Commission until the agreement has been approved by the Commission. The Commission shall approve an agreement entered into pursuant to this section unless it finds that such agreement is not in the public interest. Such agreements may allocate the right to serve premises by reference to specific premises, geographical boundaries, or amounts of unspecified load to be served, but no agreement shall affect in any way the rights of other electric suppliers who are not parties to the relevant agreement. The provisions of this section apply to agreements relating to electric service inside and outside the corporate limits of a city.

(b) During the period beginning June 1, 2005, and ending May 31, 2007, electric membership corporations and cities that own and maintain their own electric distribution lines shall undertake good faith negotiations concerning the provision of future electric services within areas outside of the corporate limits of such cities as of June 1, 2005, and the development of agreements relating to the provision of electric services, the location of lines, and the areas within which electric services may be provided by such electric suppliers. To the extent such negotiations produce any agreements between the affected electric suppliers, such agreements shall be submitted to the North Carolina Utilities Commission for approval under this section. To the extent such negotiations do not produce an agreement and disputes among the suppliers remain as of May 31, 2007, such disputes shall be resolved pursuant to the provisions of G.S. 7A-38.3B(i)."

SECTION 4. G.S. 160A-332(a) is amended by adding a new subdivision to read:

"(6b) A primary supplier or secondary supplier that, after the determination date, offers to serve any premises initially requiring electric service for which a consumer has a right to choose suppliers under subsections (5) or (6) of this section, without providing the consumer written notice that the consumer may be entitled to choose another electric supplier for the premises, shall not have the right to serve those premises."

SECTION 5. G.S. 160A-332 is amended by adding a new subsection to read:

"(c) It shall be unlawful for a primary supplier or secondary supplier to serve premises within a city that the supplier does not have the right to serve under the provisions of this Article. Upon receiving written notice from another supplier of electric service that has authority to lawfully provide service to the premises in dispute
that the provision of service by the current supplier is unlawful, the primary supplier or secondary supplier that is providing electric service shall be obligated to discontinue service and remove all of its facilities used in the provision of the unlawful service within 30 days after substitute electric service can be provided by an electric supplier with authority to lawfully provide service to the premises, unless the supplier currently providing service has a good faith basis for believing it has authority to continue rendering such service. If the primary or secondary supplier is determined to be providing electric services unlawfully, and is found to have unreasonably failed to fulfill its obligation to discontinue service as required above, the supplier of electric service that has authority to lawfully provide service to the premises may bring an action to compel performance of those obligations, and may recover in that action its costs of enforcing this subsection, including its reasonable attorneys' fees."

SECTION 6. G.S. 117-10.2 reads as rewritten:

"§ 117-10.2. Restriction on municipal service.
Except as otherwise provided in this section, no electric membership corporation shall furnish electric service to, or within the limits of, any incorporated city or town, except pursuant to a franchise that may be granted under the provisions of G.S. 117-10.1, or as permitted under G.S. 160A-331, 160A-331.1, 160A-331.2, 160A-332, and 160A-333. A- In addition, an electric membership corporation may furnish electric service to, or within the limits of, any incorporated city or town if the city or town and all electric suppliers, including public utilities, other electric membership corporations and other cities or towns, then furnishing electric service to or within such city or town consent thereto in writing."

SECTION 7. Article 2 of Chapter 117 of the General Statutes is amended by adding a new section to read:

During the period beginning June 1, 2005, and ending May 31, 2007, an electric membership corporation shall not construct or extend an electric distribution line in territory assigned to it by the North Carolina Utilities Commission without the written consent of the municipality that owns and maintains its own electric system whose corporate limits, as of June 1, 2005, are within three miles of any part of the line or extension proposed to be constructed by the electric membership corporation. The municipality shall give its consent unless the municipality, in good faith, believes that the construction or extension of the electric distribution line is not necessary to satisfy the reasonable needs of the public for the delivery of an adequate and reliable supply of electric energy and that, when compared with reasonable, alternative courses of action and locations, construction of that part of the electric distribution line in the proposed location within three miles of the city is not reasonable, preferred, in the public interest, and the most economical and practically feasible route to deliver electric energy in accordance with prudent utilities practice. Any dispute concerning the failure of the municipality to give its written consent shall be submitted to prelitigation mediation in accordance with the provisions of G.S. 7A-38.3B.
"

SECTION 8. Article 5 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"§ 7A-38.3B. Prelitigation mediation of territorial disputes.
(a) Purpose. – The General Assembly finds that a system of mediated settlement conferences should be established to facilitate the settlement of territorial disputes between certain electric suppliers. Therefore, this section is enacted to require those electric suppliers and their representatives to participate in mediation conducted in
accordance with the provisions for mediated settlement of civil cases in G.S. 7A-38.1 and G.S. 7A-38.2 and rules and standards adopted pursuant to those sections.

(b) Definitions. – As used in this section, the following terms mean:

(1) Electric supplier. – Any electric membership corporation, or any municipality that owns, operates, and maintains its own electric system.

(2) Mediated settlement conference. – A conference of electric suppliers and their representatives conducted by a mediator.

(3) Mediation. – An informal process conducted by a mediator with the objective of helping parties voluntarily settle their dispute.

(4) Mediator. – A neutral person who acts to encourage and facilitate a resolution of a territorial dispute. A mediator does not make an award or render a judgment as to the merits of the action.

(5) Territorial dispute. – A disagreement between electric providers over (i) the right to serve premises located in areas outside of or within municipal limits, (ii) the failure of a municipality to give its written consent to the construction of an electric distribution line by an electric membership corporation pursuant to the provisions of G.S. 117-10.3, or (iii) the failure of an electric membership corporation to give its written consent to the construction of an electric distribution line by a municipality pursuant to the provisions of G.S. 160A-331.1.

(c) Voluntary Mediation. – The parties to a territorial dispute may agree at any time to mediation of the dispute under the provisions of this section.

(d) Mandatory Mediation. – In lieu of commencing a civil action involving a territorial dispute that is subject to the provisions of G.S. 117-10.3 or G.S. 160A-331.1, an electric supplier shall initiate mediation pursuant to this section. If an electric supplier brings an action involving such a territorial dispute, that action shall, upon motion of any party prior to trial, be dismissed without prejudice by the court.

(e) Initiation of Mediation. – Mediation of a territorial dispute that is subject to the provisions of G.S. 117-10.3 or G.S. 160A-331.1 shall be initiated by filing a request for mediation with the clerk of superior court in a county in which a civil action between the electric suppliers could have been brought. The filing of such a request for mediation shall commence a special proceeding in the superior court. The party filing the request for mediation also shall mail a copy of the request by certified mail, return receipt requested, to each party to the dispute. The clerk shall provide each party with a list of mediators certified by the Dispute Resolution Commission. If the parties agree in writing to the selection of a mediator from that list, the clerk shall appoint that mediator selected by the parties. If the parties do not agree on the selection of a mediator, the party filing the request for mediation shall bring the matter to the attention of the clerk, and a mediator shall be appointed by the senior resident superior court judge. The clerk shall notify the mediator and the parties of the appointment of the mediator.

(f) Mediation Procedure. – Except as otherwise expressly provided in this section, mediation under this section shall be conducted in accordance with the applicable provisions for mediated settlement of civil cases in G.S. 7A-38.1 and G.S. 7A-38.2 and rules and standards adopted pursuant to those sections, as supplemented and modified by this section. The Supreme Court may adopt additional rules and standards to implement this section.

(g) Waiver of Mediation. – The parties to the dispute may waive the mediation required by this section by informing the mediator of their waiver in writing. No costs
shall be assessed to any party if all parties waive mediation prior to the occurrence of an initial mediation meeting. In the event the parties waive mediation, then they shall proceed as provided in subsection (i) of this section.

(h) Certification That Mediation Concluded. – Immediately upon a waiver of mediation under subsection (g) of this section or upon the conclusion of mediation, the mediator shall prepare a certification stating the date on which the mediation was concluded and the general results of the mediation, including, as applicable, that the parties waived the mediation, that an agreement was reached, that mediation was attempted but an agreement was not reached, or that one or more parties, to be specified in the certification, failed or refused without good cause to attend one or more mediation meetings or otherwise participate in the mediation. The mediator shall file the original of the certification with the clerk and provide a copy to each party. The sanctions in G.S. 7A-38.1(g) do not apply to prelitigation mediation conducted under this section. If an agreement is not reached at the mediation, the parties shall proceed under subsection (i) of this section. If an agreement is reached at the mediation, the parties shall reduce its terms to writing and shall sign it. A proposed consent order incorporating the signed agreement shall be filed with the court within 14 days after the agreement is signed, and such order shall be entered by the court. Subject to the provisions of subsection (k) of this section, the signed agreement and consent order shall be binding on the parties and shall conclude the special proceeding.

(i) Binding Decision. – If an agreement was not reached as a result of mediation or if mediation is waived pursuant to subsection (g) of this section, the electric suppliers shall submit their territorial dispute to a member of the Public Staff of the North Carolina Utilities Commission who shall have the authority to issue an opinion resolving the territorial dispute that is binding on the parties. If the parties do not agree on the selection of a member of the Public Staff, the Executive Director of the Public Staff shall appoint a member of the Public Staff to hear the territorial dispute and render an opinion. Whereas, the General Assembly changed the name in 1911 to the Indian Normal School of Robeson County and again in 1913 to the Cherokee Indian Normal School of Robeson County; and

Whereas, in 1926, the Board of Trustees added a two-year normal program beyond high school, and phased out elementary education; and

Whereas, the first 10 diplomas were awarded in 1928, when the State accredited the school as a "standard normal school", and additional college courses were later added with the first college degrees conferred in 1940; and

Whereas, in 1941, the General Assembly changed the name to Pembroke State College for Indians, and the school's curricula further expanded; and

Whereas, in 1945, enrollment was further expanded to include American Indians from other tribes, and in 1949 the name was shortened to Pembroke State College; and

Whereas, in the wake of the 1950s and 1960s civil rights and school desegregation laws, the General Assembly changed the name in 1969 to Pembroke State University and made the school a regional university; and

Whereas, three years later, in 1972, the General Assembly established the 16-campus University of North Carolina System, with Pembroke State University as one of its constituent institutions; and

Whereas, on July 1, 1996, Pembroke State University officially became the University of North Carolina at Pembroke; and

Whereas, The University of North Carolina System currently consists of 16 university campuses, five of which are designated as Historically Black Colleges and Universities, but the University of North Carolina at Pembroke has never been officially acknowledged as a Historically American Indian University; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 48-2-206 reads as rewritten:

§ 48-2-206. Prebirth determination of right to consent.
(a) At any time after six months from the date of conception as reasonably determined by a physician, the biological mother, agency, or adoptive parents chosen by the biological mother may file a special proceeding with the clerk requesting the court to determine whether consent of the biological father is required. The biological father shall be served with notice of the intent of the biological mother to place the child for adoption, allowing the biological father 15 days after service to assert a claim that his consent is required.
(b) The notice required under subsection (a) of this section shall contain the special proceeding case caption and file number and shall be substantially similar to the following language:

"[Name of the biological mother], the biological mother, is expected to give birth to a child on or about [birth due date]. You have been identified as the biological father. It is the intention of the biological mother to place the child for adoption. It is her belief that your consent to the adoption is not required. If you believe your consent to the adoption of this child is required pursuant to G.S. 48-3-601, you must notify the court in writing no later than 15 days from the date you received this notice that you believe your consent is required. A copy of your notice to the court must also be sent to the person or agency that sent you this notice. If you fail to notify the court within 15 days that you believe your consent is required, the court will rule that your consent is not required."
(c) If the biological father fails to respond within the time required, the court shall enter an order that the biological father's consent is not required for the adoption. A biological father who fails to respond within the time required under this section is not entitled to notice under G.S. 48-2-401(c) of an adoption petition filed within three months of the birth of the minor or to participate in the adoption proceeding.
(d) If the biological father notifies the court within 15 days of his receipt of the notice required by subsection (a) of this section that he believes his consent to the adoption is required, on motion of the petitioner, the court shall hold a hearing to determine whether the consent of the biological father is required. Promptly on receipt of the petitioner's motion, the court shall set a date for the hearing no earlier than 60 days nor later than 70 days after the biological father received the notice required by subsection (a) of this section and shall notify the petitioner and the biological father of the date, time, and place of the hearing. The notice of hearing to the biological father shall include a statement substantially similar to the following:

"To the biological father named above: You have told the court that you believe your consent is necessary for the adoption of the child described in the notice sent to you earlier. This hearing is being held to decide whether your consent is in fact necessary. Before the date of the hearing, you must have taken steps under G.S. 48-3-601 to establish that your consent is necessary or this court will decide that your consent is not necessary and the child can be adopted without it."
During the hearing, the court may take such evidence as necessary and enter an order determining whether or not the consent of the biological father is necessary. If the court determines that the consent of the biological father is not required, that individual is not entitled to receive notice under G.S. 48-2-401(c) of an adoption petition filed within three months of the birth of the minor or to participate in the adoption proceeding.

(e) The manner of service under this section shall be the same as set forth in G.S. 48-2-402.

(g) Computation of periods of time provided for in this section shall be calculated as set forth in G.S. 1A-1, Rule 6.

(h) Transfer under G.S. 1-301.2 and appeal under G.S. 1-279.1 shall be as for an adoption proceeding.

(b) The court shall hold a hearing to take evidence and determine whether an individual's consent to an adoption is required if any of the following:

(1) Any individual described in G.S. 48-2-401(c)(3) who has been served with notice of the filing of the petition in accordance with G.S. 48-2-402 notifies the court within the time specified in the notice that he believes his consent to the adoption is required.

(2) Any individual who has not been served with the notice of the filing of the petition intervenes in the adoption proceeding alleging that his or her consent to the adoption is required.

(c) If the court determines that the consent of any individual is required, the adoption cannot proceed until such individual's consent is obtained or such individual's parental rights are terminated. If the individual whose consent is required did not have physical custody of the minor immediately prior to the placement of the minor with the prospective adoptive parents, a finding that such individual's consent is required does not entitle such individual to physical custody of the minor.

(d) If the court determines that the consent of any individual described in G.S. 48-2-401(c)(3) is not required, such individual shall not be entitled to receive notice of, or to participate in, further proceedings in the adoption."

(6) A copy of any document containing the information required under G.S. 48-3-205 concerning the health, social, educational, and genetic history of the adoptee and the adoptee's original family which the petitioner received before the placement or at any later time, certified by the person who prepared it, or if this document is not available, an affidavit stating the reason why it is not available.
(7) Any signed copy of the form required by the Interstate Compact on the Placement of Children, Article 38 of Chapter 7B of the General Statutes, authorizing a minor to come into this State, or any statement required by G.S. 48-2-304(c) describing the circumstances of any noncompliance.
(8) A writing that states the name of any individual whose consent is or may be required, but who has not executed a consent or a relinquishment or whose parental rights have not been legally terminated, and any fact or circumstance that may excuse the lack of consent or relinquishment.

(3) Such Any other information as the unit of local government may determine to have a material bearing on its ability to evaluate any proposal in accordance with this section.

(d) Proposals received in response to such a request for proposals may be evaluated on the basis of a technical analysis of facility design, operational experience of the technology to be utilized in the proposed facility, system reliability and availability, energy production balance and efficiency, environmental impact and protection, recovery of materials, required staffing level during operation, projection of anticipated revenues from the sale of energy and materials recovered by the facility, net cost to the unit of local government for operation and maintenance of the facility for the duration of time to be established in the request for proposals and upon such any other factors and information as that the unit of local government determined to have a material bearing on its ability to evaluate any proposal, which factors were set forth in said request for proposal.

(e) The unit of local government may make a contract award to any responsible proposer selected pursuant to this section based upon a determination that the selected proposal is more responsive to the request for proposals and may thereupon negotiate a contract with said proposer for the performance of the services set forth in the request for proposals and the response thereto, such the determination shall be deemed to be conclusive. Notwithstanding other provisions of this Article 8, or any other general, or any local or special law, a contract may be negotiated and entered into between a unit of local government and any person selected as a responsible proposer hereunder which may provide for, but not be limited to, the following:

"Enforcement of Power of Attorney.

§ 32A-35. Reliance on power of attorney.

(a) Unless (i) a person has actual knowledge that a writing is not a valid power of attorney, or (ii) the action taken or to be taken by a person named as attorney-in-fact in a writing that purports to confer a power of attorney is beyond the apparent power or authority of that named attorney-in-fact as granted in that writing, a person who in good faith relies on a writing that on its face is duly signed, acknowledged, and otherwise appears regular, and that purports to confer a power of attorney, durable or otherwise, shall be protected to the full extent of the powers and authority that reasonably appear to be granted to the attorney-in-fact designated in that writing, and no person so dealing in good faith with that named attorney-in-fact shall be held responsible for any breach of fiduciary duty by that attorney-in-fact, including any breach of loyalty, any act of self-dealing, or any misapplication of money or other property paid or transferred as directed by that attorney-in-fact. This subsection applies without regard to whether or not the person dealing with the attorney-in-fact demands or receives an affidavit under subsection (b) of this section. A person who conducts activities through employees or other agents has actual knowledge of a fact involving a power of attorney only from the time the information was received by an employee or agent having the authority to approve the power of attorney presented.

(b) A person may, prior to acceptance of the authority of the attorney-in-fact or at any other time, request an affidavit executed by the attorney-in-fact to the effect that the attorney-in-fact did not have, at the time of the presentation to the person of the writing purporting to confer a power of attorney, actual knowledge of either (i) the revocation of the power of attorney, or (ii) facts that would cause the attorney-in-fact to question the authenticity or validity of the power of attorney. An affidavit meeting the requirements of this subsection shall be sufficient proof to the requesting person, as of the date of the affidavit, of (i) the nonrevocation of the power of attorney, and (ii) the authenticity and validity of the power of attorney. If the exercise of the power of attorney requires execution and delivery of an instrument that is recordable, the affidavit shall be prepared so as to be recordable. An affidavit prepared under this subsection may also be used as an affidavit under G.S. 32A-13(c). An affidavit in the form described in subsection (d) of this section shall be deemed to meet the requirements of this subsection but shall not be the sole means of meeting those requirements.

(c) This section does not affect any provision in a power of attorney for its termination by expiration of time or occurrence of an event other than an express revocation or a change in the principal’s capacity.

(d) Example of Affidavit of Attorney-in-Fact.

"§ 32A-36. Penalty for unreasonable refusal to recognize power.
(a) A person dealing with an attorney-in-fact who unreasonably refuses to accept a power of attorney shall be subject to all of the following:
   (1) Liability for reasonable attorneys' fees and costs incurred in any action or proceeding necessary to confirm the validity of a power of attorney or to implement a power of attorney.
   (2) An order of the court requiring acceptance of the valid power of attorney.
   (3) Any other remedy available under applicable law.
(b) Acceptance of a power of attorney shall mean (i) acknowledging the validity and authenticity of the document, and (ii) allowing the attorney-in-fact to conduct business in accordance with the powers that reasonably appear to be granted in the document.

"§ 32A-37. Protection for third parties.
(a) A person is not required to honor the attorney-in-fact's authority or to conduct business with the attorney-in-fact if the person is not otherwise required to conduct business with the principal in the same circumstances.
(b) Without limiting the generality of subsection (a) of this section, nothing in this Article requires a person to do any of the following:
   (1) Engage in any transaction with an attorney-in-fact if the attorney-in-fact has previously breached any agreement with the person, whether in an individual or fiduciary capacity.
   (2) Open an account for a principal at the request of an attorney-in-fact if the principal is not currently a customer of the person.
   (3) Make a loan to the principal at the request of the attorney-in-fact.

(d) A person who has reasonable cause to question the authenticity or validity of a power of attorney may refuse to accept the authority granted by that document.

(e) A person who promptly requests, and does not within a reasonable time receive, an affidavit as described in G.S. 32A-35(b), is not deemed under G.S. 32A-36 to have unreasonably refused to accept a power of attorney.

(f) The principal, the attorney-in-fact, or a person presented with a power of attorney may initiate a special proceeding in accordance with the procedures of Article 33 of Chapter 1 of the General Statutes to request a determination of the validity of the power of attorney. If the decision in that special proceeding is that reasonable cause to refuse to accept the power of attorney existed, and that the attorney-in-fact willfully misrepresented the authenticity or validity of the power of attorney, the attorney-in-fact, and not the principal, is liable for reasonable attorneys' fees and costs incurred in that action.

(g) Nothing in this Article requires a person who accepts a power of attorney to permit an attorney-in-fact to conduct business not authorized by the terms of the power of attorney.

(h) Nothing in this Article amends or modifies the rights of banks and other depository institutions to terminate any deposit account in accordance with applicable law.

"§ 32A-38. Scope of Article.

This Article shall apply to all or any portion of a document executed under Article 1, Article 2, or Article 2A of this Chapter."

(2) The insurer's financial condition is unsound, or its assets above its liabilities, exclusive of capital, are less than the amount of its capital or required minimum surplus.

(3) The insurer has published or made to the Department or to the public any false statement or report.

(4) The insurer or any of the insurer's officers, directors, employees, or other representatives refuse to submit to any examination authorized by law or refuse to perform any legal obligation in relation to an examination.

(5) The insurer is found to make a practice of unduly engaging in litigation or of delaying the investigation of claims or the adjustment or payment of valid claims.

(b) Any suspension, revocation, or refusal to renew an insurer's license under this section may also be made applicable to the license or registration of any individual regulated under this Chapter who is a party to any of the causes for licensing sanctions listed in subsection (a) of this section.

(c) The Commissioner may impose a civil penalty under G.S. 58-2-70 if an insurer fails to acknowledge a claim within 30 days after receiving written or electronic notice of the claim, but only if the notice contains sufficient information for the insurer to identify the specific coverage involved. Acknowledgment of the claim shall be one of the following:

(1) A statement made to the claimant or to the claimant's legal representative advising that the claim is being investigated.

(2) Payment of the claim.

(3) A bona fide written offer of settlement.

The report shall give details sufficient for the insured to understand why processing of the claim has not been
completed and whether the insurer needs additional information to process the claim. If the claim acknowledgment includes information about why processing of the claim has not been completed and indicates whether additional information is needed, it may satisfy the requirement for the initial claim status report.

(d) If a foreign insurance company's license is suspended or revoked, the Commissioner shall cause written notification of the suspension or revocation to be given to all of the company's agents in this State. Until the Commissioner restores the company's license, the company shall not write any new business in this State.

(e) The Commissioner may, after considering the standards under G.S. 58-30-60(b), restrict an insurer's license by prohibiting or limiting the kind or amount of insurance written by that insurer. For a foreign insurer, this restriction relates to the insurer's business conducted in this State. The Commissioner shall remove any restriction under this subsection once the Commissioner determines that the operations of the insurer are no longer hazardous to the public or the insurer's policyholders or creditors.

SECTION 7. G.S. 58-57-70 and G.S. 58-57-80 are repealed.

SECTION 8. This act becomes effective January 1, 2006, and applies to policies or certificates issued or renewed on or after that date.

"Interstate Insurance Product Regulation Compact Act.

"§ 58-91-1. Preamble.
The Interstate Insurance Product Regulation Compact Act is intended to help states join together to establish an interstate compact to regulate designated insurance products.
Pursuant to terms and conditions of this Article, this State seeks to join with other states and establish the Interstate Insurance Product Regulation Compact and thus become a member of the Interstate Insurance Product Regulation Commission. The Commissioner of Insurance, or the Commissioner's designee, is hereby designated to serve as the representative of this State to the Commission.

The purposes of this Compact are, through means of joint and cooperative action among the compacting states:
(1) To promote and protect the interest of consumers of individual and group annuity, life insurance, disability income, and long-term care insurance products.

(2) To develop uniform standards for insurance products covered under the Compact.

(3) To establish a central clearinghouse to receive and provide prompt review of insurance products covered under the Compact and, in certain cases, advertisements related thereto, submitted by insurers authorized to do business in one or more compacting states.

(4) To give appropriate regulatory approval to those product filings and advertisements satisfying the applicable uniform standard.

(5) To improve coordination of regulatory resources and expertise between state insurance departments regarding the setting of uniform standards and review of insurance products covered under the Compact.

(6) To create the Interstate Insurance Product Regulation Commission.

(7) To perform these and any other related function as may be consistent with the state regulation of the business of insurance.

For purposes of this Article and the Compact:

(1) "Advertisement" means any material designed to create public interest in a product, or induce the public to purchase, increase, modify, reinstate, borrow on, surrender, replace, or retain a policy, as more specifically defined in the Rules and Operating Procedures of the Commission.

(2) "Bylaws" means those bylaws established by the Commission for its governance, or for directing or controlling the Commission's actions or conduct.

(3) "Compacting state" means any state which has enacted this Compact legislation and which has not withdrawn or been terminated pursuant to G.S. 58-91-70.

(4) "Commission" means the "Interstate Insurance Product Regulation Commission" established by this Compact.

(5) "Commissioner" means the chief insurance regulatory official of a state, including a commissioner, superintendent, director, or administrator.

(6) "Domiciliary state" means the state in which an insurer is incorporated or organized; or, in the case of an foreign insurer, its state of entry.

(7) "Insurer" means any entity licensed by a state to issue contracts of insurance for any of the lines of insurance covered by this Article.

(8) "Member" means the person chosen by a compacting state as its representative to the Commission, or that person's designee.

(9) "Noncompacting state" means any state which is not at the time a compacting state.

(10) "Operating procedures" means procedures promulgated by the Commission implementing a rule, uniform standard, or a provision of this Compact.

(11) "Product" means the form of a policy or contract, including any application, endorsement, or related form which is attached to and

(12) "Rule" means a statement of general or particular applicability and future effect promulgated by the Commission, including a uniform standard developed pursuant to G.S. 58-91-35, designed to implement, interpret, or prescribe law or policy or describing the organization, procedure, or practice requirements of the Commission, which shall have the force and effect of law in the compacting states.

(13) "State" means any state, district, or territory of the United States of America.

(14) "Third-party filer" means an entity that submits a product filing to the Commission on behalf of an insurer.

Each uniform standard shall be construed, whether express or implied, to prohibit the use of any inconsistent, misleading, or ambiguous provisions in a product, and the form of the product made available to the public shall not be unfair, inequitable or against public policy as determined by the Commission.

(a) The compacting states hereby create and establish a joint public agency known as the "Interstate Insurance Product Regulation Commission." Pursuant to G.S. 58-91-20, the Commission shall have the power to develop uniform standards for product lines, receive, and provide prompt review of products filed with the Commission, and give approval to those product filings satisfying applicable uniform standards. It is not intended for the Commission to be the exclusive entity for receipt and review of insurance product filings. Nothing herein shall prohibit any insurer from filing its product in any state wherein the insurer is licensed to conduct the business of insurance; and that filing shall be subject to the laws of the state where filed.

(b) The Commission is a body corporate and politic and an instrumentality of the compacting states.

(2) To exercise its rule-making authority and establish reasonable uniform standards for products covered under the Compact, and advertisement related thereto, which shall have the force and effect of law and shall be binding in the compacting states, but only for those products filed with the Commission. Notwithstanding this subdivision, a compacting state shall have the right to opt out of a uniform standard pursuant to
G.S. 58-91-35, to the extent and in the manner provided in this Compact, and any uniform standard established by the Commission for long-term care insurance products may provide the same or greater protections for consumers as, but shall not provide less than, those protections set forth in the National Association of Insurance Commissioners’ Long-Term Care Insurance Model Act and Long-Term Care Insurance Model Regulation, respectively, adopted as of 2001. The Commission shall consider whether any subsequent amendments to the NAIC Long-Term Care Insurance Model Act or Long-Term Care Insurance Model Regulation adopted by the NAIC require amending of the uniform standards established by the Commission for long-term care insurance products.

(3) To receive and review in an expeditious manner products filed with the Commission, and rate filings for disability income and long-term care insurance products, and give approval of those products and rate filings that satisfy the applicable uniform standard, where the approval shall have the force and effect of law and be binding on the compacting states to the extent and in the manner provided in the Compact.

(4) To receive and review in an expeditious manner advertisement relating to long-term care insurance products for which uniform standards have been adopted by the Commission and give approval to all advertisement that satisfies the applicable uniform standard. For any product covered under this Compact, other than long-term care insurance products, the Commission shall have the authority to require an insurer to submit all or any part of its advertisement with respect to that product for review or approval prior to use, if the Commission determines that the nature of the product is such that an advertisement of the product could have the capacity or tendency to mislead the public. The actions of the Commission as provided in this section shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in the Compact.

(5) To exercise its rule-making authority and designate products and advertisement that may be subject to a self-certification process without the need for prior approval by the Commission.

(6) To promulgate operating procedures pursuant to G.S. 58-91-35 which shall be binding in the compacting states to the extent and in the manner provided in this Compact.

(7) To bring and prosecute legal proceedings or actions in its name as the Commission except that the standing of any state insurance department to sue or be sued under applicable law shall not be affected.

(8) To issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence.

(9) To establish and maintain offices.

(10) To purchase and maintain insurance and bonds.

(11) To borrow, accept, and contract for services of personnel, including employees of a compacting state.

(12) To hire employees, professionals, or specialists, and elect or appoint officers, and to fix their compensation, define their duties, and give
them appropriate authority to carry out the purposes of the Compact, and determine their qualifications; and to establish the Commission's personnel policies and programs relating to, among other things, conflicts of interest, rates of compensation, and qualifications of personnel.

(13) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same. At all times the Commission shall strive to avoid any appearance of impropriety.

(14) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, real, personal, or mixed. At all times the Commission shall strive to avoid any appearance of impropriety.

(15) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed.

(16) To remit filing fees to compacting states as may be set forth in the bylaws, rules, or operating procedures.

(26) To perform any other functions that may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of the business of insurance.

(a) Membership, Voting, and Bylaws. – Each compacting state shall have and be limited to one member. Each member shall be qualified to serve in that capacity pursuant to applicable law of the compacting state. Any member may be removed or suspended from office as provided by the law of the state from which the member shall be appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the compacting state wherein the vacancy exists. Nothing herein shall be construed to affect the manner in which a compacting state determines the election or appointment and qualification of its own Commissioner.

Each member shall be entitled to one vote and shall have an opportunity to participate in the governance of the Commission in accordance with the bylaws.
Notwithstanding any provision herein to the contrary, no action of the Commission with respect to the promulgation of a uniform standard shall be effective unless two-thirds of the members vote in favor of the uniform standard.

The Commission shall, by a majority of the members, prescribe bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes, and exercise the powers, of the Compact, including:

1. Establishing the fiscal year of the Commission.
2. Providing reasonable procedures for appointing and electing members, as well as holding meetings, of the Management Committee.
3. Providing reasonable standards and procedures: (i) for the establishment and meetings of other committees, and (ii) governing any general or specific delegation of any authority or function of the Commission.
4. Providing reasonable procedures for calling and conducting meetings of the Commission that consist of a majority of Commission members, ensuring reasonable advance notice of each meeting and providing for the right of citizens to attend each meeting with enumerated exceptions designed to protect the public’s interest, the privacy of individuals, and insurers’ proprietary information, including trade secrets. The Commission may meet in camera only after a majority of the entire membership votes to close a meeting in toto or in part. As soon as practicable, the Commission must make public (i) a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed, and (ii) votes taken during the meeting.
5. Establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the Commission.
6. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any compacting state, the bylaws shall exclusively govern the personnel policies and programs of the Commission.
7. Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees.
8. Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of the Compact after the payment or reserving of all of its debts and obligations.

The Commission shall publish its bylaws in a convenient form and file a copy of the bylaws and a copy of any amendment to the bylaws with the appropriate agency or officer in each of the compacting states.

(b) Management Committee, Officers and Personnel. – A Management Committee comprising no more than 14 members shall be established as follows:

1. One member from each of the six compacting states with the largest premium volume for individual and group annuities, life, disability income, and long-term care insurance products, determined from the records of the NAIC for the prior year.
2. Four members from those compacting states with at least two percent (2%) of the market based on the premium volume described above.
other than the six compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws.

(3) Four members from those compacting states with less than two percent (2%) of the market, based on the premium volume described above, with one selected from each of the four zone regions of the NAIC as provided in the bylaws.

(b1) The Management Committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

(1) Managing the affairs of the Commission in a manner consistent with the bylaws and purposes of the Commission.

(2) Establishing and overseeing an organizational structure within, and appropriate procedures for, the Commission to provide for the creation of uniform standards and other rules, receipt and review of product filings, administrative and technical support functions, review of decisions regarding the disapproval of a product filing, and the review of elections made by a compacting state to opt out of a uniform standard, except that a uniform standard shall not be submitted to the compacting states for adoption unless approved by two-thirds of the members of the Management Committee.

(3) Overseeing the offices of the Commission.

(4) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the Commission.

The Commission shall elect annually officers from the Management Committee, with each having the authority and duties specified in the bylaws.

The Management Committee may, subject to the approval of the Commission, appoint or retain an executive director for a period of time, upon the terms and conditions, and for the compensation deemed appropriate by the Commission. The executive director shall serve as secretary to the Commission, but shall not be a member of the Commission. The executive director shall hire and supervise any other staff authorized by the Commission.

(c) Legislative and Advisory Committees. – A legislative committee comprising state legislators or their designees shall be established to monitor the operations of, and make recommendations to, the Commission, including the Management Committee. The manner of selection and term of any legislative committee member shall be as set forth in the bylaws. Prior to the adoption by the Commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter as may be provided in the bylaws, the Management Committee shall consult with and report to the legislative committee.

The Commission shall establish two advisory committees, one of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.

The Commission may establish additional advisory committees as its bylaws may provide for the carrying out of its functions.

(d) Corporate Records of the Commission. – The Commission shall maintain its corporate books and records in accordance with the bylaws.

(e) Qualified Immunity, Defense, and Indemnification. – The members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for
damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities except that nothing in this subsection shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

The Commission shall defend any member, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities as long as the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct. Nothing in this subsection shall be construed to prohibit that person from retaining his or her own counsel.

The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities as long as the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

(a) The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.
(b) Each member of the Commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the Commission. A member shall vote in person or by any means provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.
(c) The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(a) Rule-Making Authority. – The Commission shall promulgate reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this Article, or the powers granted in this Article, then that action by the Commission shall be invalid and have no force and effect.
(b) Rule-Making Procedure. – Rules and operating procedures shall be made pursuant to a rule-making process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the Commission. Before the Commission adopts a uniform standard, the Commission shall give written notice to the relevant state legislative committee in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The
Commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.

(c) Effective Date and Opt Out of a Uniform Standard. – A uniform standard shall become effective 90 days after its promulgation by the Commission or such later date as the Commission may determine except that a compacting state may opt out of a uniform standard as provided in this Article. "Opt out" shall be defined as any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments to the rules and operating procedures, shall become effective as of the date specified in each rule, operating procedure, or amendment.

(d) Opt Out Procedure. – A compacting state may opt out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, it must (i) give written notice to the Commission no later than 10 business days after the uniform standard is promulgated, or at the time the state becomes a compacting state and (ii) find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state. The Commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state that warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The Commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh:

(1) The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this Article; and

(2) The presumption that a uniform standard adopted by the Commission provides reasonable protections to consumers of the relevant product.

Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this Compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for the opt out in the enacted Compact, and the opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in this Compact. The opt out shall be effective at the time of enactment of this Compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

(e) Effect of Opt Out. – If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective. Once the opt out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under G.S. 58-91-70 for withdrawals.

(f) Stay of Uniform Standard. – If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the Commission, at least 15 days...
before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The Commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the Commission, the stay or extension thereof may postpone the effective date by up to 90 days, unless affirmatively extended by the Commission. A stay shall not be permitted to remain in effect for more than one year unless the compacting state can show extraordinary circumstances that warrant a continuance of the stay, including the existence of a legal challenge that prevents the compacting state from opting out. A stay may be terminated by the Commission upon notice that the rule-making process has been terminated. (g) Not later than 30 days after a rule or operating procedure is promulgated, any person may file a petition for judicial review of the rule or operating procedure. The filing of a petition pursuant to this subsection shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the Commission’s authority.

§ 58-91-40. Commission records and enforcement. (a) The Commission shall promulgate rules establishing conditions and procedures for public inspection and copying of its information and official records, except information and records involving the privacy of individuals and insurers’ trade secrets. The Commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions. (b) Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the Commission. Disclosure to the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement. Except as otherwise expressly provided in this Article, the Commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the Commission shall remain confidential after the information is provided to any commissioner. (c) The Commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The Commission shall notify any noncomplying compacting state in writing of its noncompliance with Commission bylaws, rules, or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in G.S. 58-91-70. (d) The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise that person’s authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the Compact is governed by the following provisions:
(1) With respect to the commissioner’s market regulation of a product or advertisement that is approved or certified to the Commission, the content of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of the Compact except upon a final order of the Commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the Commission.

(2) Before a commissioner may bring an action for violation of any provision, standard, or requirement of the Compact relating to the content of an advertisement not approved or certified to the Commission, the Commission, or an authorized Commission officer or employee, must authorize the action. However, authorization pursuant to this subdivision does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the Commission's action on the requests.

"§ 58-91-45. Dispute resolution.

The Commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two or more compacting states, or between compacting states and noncompacting states, and the Commission shall promulgate an operating procedure providing for resolution of those disputes.

"§ 58-91-50. Product filing and approval.

(a) Insurers and third-party filers seeking to have a product approved by the Commission shall file the product with, and pay applicable filing fees to, the Commission. Nothing in this Article shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and the filing shall be subject to the laws of the states where filed.

(b) The Commission shall establish appropriate filing and review processes and procedures pursuant to Commission rules and operating procedures. Notwithstanding any provision in this Article to the contrary, the Commission shall promulgate rules to establish conditions and procedures under which the Commission will provide public access to product filing information. In establishing rules, the Commission shall consider the interests of the public in having access to the information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

(c) Any product approved by the Commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business.

(a) Not later than 30 days after the Commission has given notice of a disapproved product or advertisement filed with the Commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the Commission. The Commission shall promulgate rules to establish procedures for appointing review panels and provide for notice and hearing. An allegation that the Commission, in disapproving a product or advertisement filed with the Commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with G.S. 58-91-15(d).
(b) The Commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the Commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in subsection (a) of this section.

§ 58-91-60. Finance.

(a) The Commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the Commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the Commission concerning the performance of its duties shall not be compromised.

(b) The Commission shall collect a filing fee from each insurer and third-party filer filing a product with the Commission to cover the cost of the operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

(c) The Commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in G.S. 58-91-35.

(d) The Commission shall be exempt from all taxation in and by the compacting states.

(e) The Commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

(f) The Commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the Commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports, including the system of internal controls and procedures of the Commission, shall be audited annually by an independent certified public accountant. Upon the determination of the Commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the Commission. The Commission shall make an annual report to the Governor and legislature of the compacting states, which shall include a report of the independent audit. The Commission's internal accounts shall not be confidential, and those materials may be shared with the commissioner of any compacting state upon request except that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.

(g) No compacting state shall have any claim to or ownership of any property held by or vested in the Commission or to any Commission funds held pursuant to the provisions of this Compact.

§ 58-91-65. Compacting states; effective date; amendment.

(a) Any State is eligible to become a compacting state.

(b) The Compact shall become effective and binding upon legislative enactment of the Compact into law by two compacting states except that the Commission shall become effective for purposes of adopting uniform standards for, reviewing, and giving approval or disapproval of, products filed with the Commission that satisfy applicable uniform standards only after 26 states are compacting states or, alternatively, by states representing greater than forty percent (40%) of the premium volume for life insurance.
annuity, disability income, and long-term care insurance products, based on records of the NAIC for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the Compact into law by that state.

(c) Amendments to the Compact may be proposed by the Commission for enactment by the compacting states. No amendment shall become effective and binding upon the Commission and the compacting states unless and until all compacting states enact the amendment into law.

§ 58-91-70. Withdrawal; default; termination.

(a) Withdrawal. – Once effective, the Compact shall continue in force and remain binding upon each and every compacting state though a compacting state may withdraw from the Compact (“withdrawing state”) by enacting a statute specifically repealing the statute which enacted the Compact into law.

The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the Commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in this subsection.

The commissioner of the withdrawing state shall immediately notify the Management Committee in writing upon the introduction of legislation repealing this Compact in the withdrawing state.

The Commission shall notify the other compacting states of the introduction of such legislation within 10 days after its receipt of the notice.

The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the Commission and the withdrawing state. The Commission's approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the Compact.

(b) Default. – If the Commission determines that any compacting state has at any time defaulted (“defaulting state”) in the performance of any of its obligations or responsibilities under this Compact, the bylaws or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this Compact on the defaulting state shall be suspended from the effective date of default as fixed by the Commission. The grounds for default include failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in Commission rules. The Commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the Commission, the defaulting state shall be terminated from the Compact and all rights.
privileges, and benefits conferred by this Compact shall be terminated from the effective date of termination.

Product approvals by the Commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to subsection (a) of this section.

Reinstatement following termination of any compacting state requires a reenactment of the Compact.

(c) Dissolution of Compact. – The Compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the Compact to one compacting state.

Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

"§ 58-91-75. Severability; construction.

(a) The provisions of this Compact shall be severable; and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(b) The provisions of this Compact shall be liberally construed to effectuate its purposes.

"§ 58-91-80. Binding effect of Compact; other laws.

(a) Other Laws. – Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in subsection (b) of this section.

For any product approved or certified to the Commission, the rules, uniform standards, and any other requirements of the Commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the Commission's authority, any rule, uniform standard, or other requirement of the Commission that governs the content of the advertisement shall constitute the exclusive provision that a Commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, no action taken by the Commission shall abrogate or restrict: (i) the access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including, but not limited to, maintaining any actions or proceedings, as authorized by law.

All insurance products filed with individual states shall be subject to the laws of those states.

(b) Binding Effect of This Compact. – All lawful actions of the Commission, including all rules and operating procedures promulgated by the Commission, are binding upon the compacting states.

All agreements between the Commission and the compacting states are binding in accordance with their terms.

Upon the request of a party to a conflict over the meaning or interpretation of Commission actions, and upon a majority vote of the compacting states, the Commission may issue advisory opinions regarding the meaning or interpretation in dispute.

In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the Commission shall be
ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this Compact becomes effective."

SECTION 2. The Commissioner may submit interim reports to the General Assembly as deemed appropriate by the Commissioner on the effectiveness of the State's participation in the Compact. No later than January 1, 2009, the Commissioner shall submit a final report to the General Assembly on the effectiveness of the State's participation in the Compact. The report may include consideration of any issues deemed relevant by the Commissioner to the State's participation in the Compact and may include recommended legislative proposals related to the Compact. The report shall include the Commissioner's recommendation to the General Assembly as to whether the State's continued participation in the Compact is in the best interest of the citizens of this State.

SECTION 3. This act becomes effective October 1, 2005, and expires October 1, 2009.

In the General Assembly read three times and ratified this the 6th day of July, 2005.

Became law upon approval of the Governor at 8:32 p.m. on the 12th day of July, 2005.

AN ACT TO AMEND VARIOUS PROVISIONS UNDER THE FAMILY LAW ARBITRATION ACT.

The General Assembly of North Carolina enacts:

SECTION 1. Article 3 of Chapter 50 of the General Statutes is amended by adding two new sections to read:
"§ 50-42.1. Nonwaivable provisions.

(a) Except as otherwise provided in subsections (b) and (c) of this section or in this Article, a party to an agreement to arbitrate or an arbitration proceeding may waive, or the parties may vary the effect of, the requirements of this Article to the extent provided by law. Any waiver or agreement must be in writing.

(b) Before a controversy arises that is subject to an agreement to arbitrate, a party to the agreement may not:

(1) Waive or agree to vary the effect of the requirements of G.S. 50-42, 50-49(a), (b), or (c), 50-58, or 50-59.

(2) Agree to unreasonably restrict the right to notice of the initiation of an arbitration proceeding under G.S. 50-42.2(a) or (b).

(3) Agree to unreasonably restrict the right to disclosure of any facts by a neutral arbitrator under G.S. 50-45.1.

(c) Except as otherwise provided in this Article, a party to an agreement to arbitrate or an arbitration proceeding may not waive, or the parties shall not vary the
effect of the requirements of this section or G.S. 50-43, 50-45(f), 50-52 through 50-57, or 50-60 through 50-62.

(d) Any waiver contrary to this section shall not be effective but shall not have the effect of voiding the agreement to arbitrate.

§ 50-42.2. Notice.

(a) A person initiates an arbitration proceeding by giving written notice to the other parties to the agreement to arbitrate in the manner in which the parties have agreed or, in the absence of agreement, by certified or registered mail, return receipt requested, or by service as authorized for the commencement of a civil action under the North Carolina Rules of Civil Procedure.

(b) Unless a person objects to the lack or insufficiency of notice not later than the beginning of the hearing, the person’s appearance at the hearing waives the objection.

(c) Except as otherwise provided in this Article, a person gives notice to another person by taking action that is reasonably necessary to inform the other person in the ordinary course of business, regardless of whether the person acquires knowledge of the notice.

(d) A person has notice if the person has knowledge of the notice or has received notice.

(e) A person receives notice when it comes to the person’s attention or the notice is delivered at the person’s place of residence or place of business or at another location held out by the person as a place of delivery of communications."

SECTION 2. G.S. 50-43(b) reads as rewritten:

"(b) Upon the application of a party, the court may stay an arbitration proceeding commenced or threatened on a showing that there is no agreement to arbitrate. This issue, when in substantial and bona fide dispute, shall be immediately and summarily tried and the court shall order a stay if it finds for the moving party. If the court finds for the opposing party, the court shall order the parties to go to arbitration. An arbitrator shall decide whether a condition precedent to arbitrability has been fulfilled and whether a contract containing a valid agreement to arbitrate is enforceable. If a party to a judicial proceeding challenges the existence of, or claims that a controversy is not subject to, an agreement to arbitrate, the arbitration proceeding may continue pending final resolution of the issue by the court unless the court otherwise orders."

SECTION 3. G.S. 50-44 is amended by adding the following new subsection to read:

"(j) A party does not waive the right to arbitrate by proceeding under this section."

SECTION 4. G.S. 50-45 reads as rewritten:

"§ 50-45. Appointment of arbitrators; rules for conducting the arbitration.

(a) Unless the parties agree otherwise, otherwise agree in writing, a single arbitrator shall be chosen by the parties to arbitrate all matters in dispute.

(b) If the arbitration agreement provides a method of appointment of arbitrators, this method shall be followed. The agreement may provide for appointing one or more arbitrators. Upon the application of a party, the court shall appoint arbitrators in any of the following situations:

(1) The method agreed upon by the parties in the arbitration agreement fails or for any reason cannot be followed.

(2) An arbitrator who has already been appointed fails or is unable to act, and a successor has not been chosen by the parties.

(3) The parties cannot agree on an arbitrator."
(c) Arbitrators appointed by the court have all the powers of those arbitrators specifically named in the agreement. In appointing arbitrators, a court shall consult with prospective arbitrators as to their availability and shall refer to each of the following:

(1) The positions and desires of the parties.
(2) The issues in dispute.
(3) The skill, substantive training, and experience of prospective arbitrators in those issues, including their skill, substantive training, and experience in family law issues.
(4) The availability of prospective arbitrators.

(d) The parties may agree in writing to employ an established arbitration institution to conduct the arbitration. If the agreement does not provide a method for appointment of arbitrators and the parties cannot agree on an arbitrator, the court may appoint an established arbitration institution the court considers qualified in family law arbitration to conduct the arbitration.

(e) The parties may agree in writing on rules for conducting the arbitration. If the parties cannot agree on rules for conducting the arbitration, the arbitrators shall select the rules for conducting the arbitration after hearing all parties and taking particular reference to model rules developed by arbitration institutions or similar sources. If the arbitrators cannot decide on rules for conducting the arbitration, upon application by a party, the court may order use of rules for conducting the arbitration, taking particular reference to model rules developed by arbitration institutions or similar sources.

(f) Arbitrators and established arbitration institutions, whether chosen by the parties or appointed by the court, have the same immunity as judges from civil liability for their conduct in the arbitration.

(g) "Arbitration institution" means any neutral, independent organization, association, agency, board, or commission that initiates, sponsors, or administers arbitration proceedings, including involvement in appointment of arbitrators.

(h) The court may award costs, as provided in G.S. 50-51(f), costs under G.S. 50-51(f) in connection with applications and other proceedings under this section.

SECTION 5. Article 3 of Chapter 50 of the General Statutes is amended by adding a new section to read:

§ 50-45.1. Disclosure by arbitrator.

(a) Before accepting appointment, an individual who is requested to serve as an arbitrator, after making a reasonable inquiry, shall disclose to all parties to the agreement to arbitrate and to the arbitration proceeding and to any other arbitrators any known facts that a reasonable person would consider likely to affect the impartiality of the arbitrator in the arbitration proceeding, including:

(1) A financial or personal interest in the outcome of the arbitration proceeding.
(2) An existing or past relationship with any of the parties to the agreement to arbitrate or to the arbitration proceeding, their counsel or representatives, a witness, or other arbitrators.

(b) An arbitrator has a continuing obligation to disclose to all parties to the agreement to arbitrate and to the arbitration proceeding and to any other arbitrators any facts that the arbitrator learns after accepting appointment that a reasonable person would consider likely to affect the impartiality of the arbitrator.

(c) If an arbitrator discloses a fact required by subsection (a) or (b) of this section to be disclosed and a party timely objects to the appointment or continued service of the
arbitrator based upon the fact disclosed, the objection may be grounds for vacating an award made by the arbitrator under G.S. 50-54(a)(2).

(d) If the arbitrator did not disclose a fact as required by subsection (a) or (b) of this section, upon timely objection by a party, the court may vacate an award pursuant to G.S. 50-54(a)(2).

(e) An arbitrator appointed as a neutral arbitrator who does not disclose a known, direct, and material interest in the outcome of the arbitration proceeding or a known, existing, and substantial relationship with a party is presumed to act with evident partiality under G.S. 50-54(a)(2).

(f) If the parties to an arbitration proceeding agree to the procedures of an arbitration institution or any other procedures for challenges to arbitrators before an award is made, substantial compliance with those procedures is a condition precedent to a motion to vacate an award on those grounds pursuant to G.S. 50-54(a)(2)."

SECTION 6. G.S. 50-46 reads as rewritten:

"§ 50-46. Majority action by arbitrators.

The arbitrators' powers shall be exercised by a majority unless otherwise provided by the parties' written arbitration agreement or this Article."

SECTION 7. G.S. 50-47 reads as rewritten:

"§ 50-47. Hearing.

Unless otherwise provided by the parties' written agreement:

(1) The arbitrators shall appoint a time and place for the hearing and notify the parties or their counsel by personal service or by registered or certified mail, return receipt requested, not less than five days before the hearing. Appearance of a party at the hearing waives any claim of deficiency of notice. The arbitrators may adjourn the hearing from time to time as necessary and, on request of a party and for good cause shown, or upon their own motion, may postpone the hearing to a time not later than the date fixed by the written agreement for making the award unless the parties consent to a later date. The arbitrators may hear and determine the controversy upon the evidence produced notwithstanding the failure of a party duly notified to appear. Upon application of a party, the court may direct the arbitrators to proceed promptly with the hearing and determination of the controversy.

(2) The parties are entitled to be heard, to present evidence material to the controversy, and to cross-examine witnesses appearing at the hearing.

(3) All the arbitrators shall conduct the hearing, but a majority may determine any question and may render a final award. If, during the course of the hearing, an arbitrator for any reason ceases to act, the remaining arbitrators appointed to act as neutrals may continue with the hearing and determination of the controversy.

(4) Upon request of any party or at the election of any arbitrator, the arbitrators shall cause to be made a record of testimony and evidence introduced at the hearing. The arbitrators shall decide how the cost of the record will be apportioned."

SECTION 8. G.S. 50-50 is repealed.

SECTION 9. Article 3 of Chapter 50 of the General Statutes is amended by adding the following new section to read:

"§ 50-50.1. Consolidation."
(a) Except as otherwise provided in subsection (c) of this section, upon motion of a party to an agreement or arbitration proceeding, the court may order consolidation of separate arbitration proceedings as to all or some of the claims if all of the following apply:

1. There are separate agreements to arbitrate or separate arbitration proceedings between the same parties or one of them is a party to a separate agreement to arbitrate or a separate arbitration with a third party.
2. The claims subject to the agreements to arbitrate arise in substantial part from the same transaction or series of related transactions.
3. The existence of a common issue of law or fact creates the possibility of conflicting decisions in the separate arbitration proceedings.
4. Prejudice resulting from a failure to consolidate is not outweighed by the risk of undue delay or prejudice to the rights of or hardship to parties opposing consolidation.

(b) The court may order consolidation of separate arbitration proceedings as to some claims and allow other claims to be resolved in separate arbitration proceedings.

(c) The court shall not order consolidation of the claims of a party to an agreement to arbitrate if the agreement prohibits consolidation.

SECTION 10. G.S. 50-51 reads as rewritten:

"§ 50-51. Award; costs.
(a) The award shall be in writing, dated and signed by the arbitrators joining in the award, with a statement of the place where the arbitration was conducted and the place where the award was made. Where there is more than one arbitrator, the signatures of a majority of the arbitrators suffice, but the reason for any omitted signature shall be stated. The arbitrators shall deliver a copy of the award to each party personally or by registered or certified mail, return receipt requested, or as provided in the parties' written agreement. Time of delivery shall be computed from the date of personal delivery or date of mailing.

(b) Unless the parties agree otherwise, the award shall state the reasons upon which it is based.

(c) Unless the parties agree otherwise, the arbitrators may award interest as provided by law.

(d) The arbitrators in their discretion may award specific performance to a party requesting an award of specific performance when that would be an appropriate remedy.

(e) Unless the parties agree otherwise, the arbitrators may not award punitive damages. If arbitrators award punitive damages, they shall state the award in a record and shall specify facts justifying the award and the amount of the award attributable to punitive damages.

(f) Costs:
1. Unless the parties agree otherwise, the arbitrators may award interest as provided by law.
2. The arbitrators may include any or all of the following costs:
   a. Fees and expenses of the arbitrators, expert witnesses, and translators;"
b. Fees and expenses of counsel, to the extent allowed by law unless the parties otherwise agree in writing, and of an institution supervising the arbitration, if any;

c. Any other expenses incurred in connection with the arbitration proceedings;

d. Sanctions awarded by the arbitrators or the court, including those provided by N.C.R. Civ. P. 11 and 37; and

e. Costs allowed by Chapters 6 and 7A of the General Statutes.

(3) In making an award of costs, the arbitrators shall specify each of the following:

a. The party entitled to costs;

b. The party who shall pay costs;

c. The amount of costs or method of determining that amount; and

d. The manner in which costs shall be paid.

(g) An award shall be made within the time fixed by the agreement. If no time is fixed by the agreement, the award shall be made within the time the court orders on a party's application. The parties may extend the time in writing either before or after the expiration of this time. AN ACT TO AMEND THE LAW CONCERNING WHAT THE DRIVER OF A MOTOR VEHICLE SHALL DO UPON APPROACH OF AN EMERGENCY VEHICLE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-157 reads as rewritten:

"§ 20-157. Approach of police, law enforcement, fire department or rescue squad vehicles or ambulances; driving over fire hose or blocking fire-fighting equipment; parking, etc., near police, law enforcement, fire department, or rescue squad vehicle or ambulance.

(a) Upon the approach of any police law enforcement or fire department vehicle or public or private ambulance or rescue squad emergency service vehicle giving warning signal by appropriate light and by audible bell, siren or exhaust whistle, audible under normal conditions from a distance not less than 1000 feet, the driver of every other vehicle shall immediately drive the same to a position as near as possible and parallel to the right-hand edge or curb, clear of any intersection of streets or highways, and shall stop and remain in such position unless otherwise directed by a police law enforcement or traffic officer until police law enforcement or fire department vehicle or public or private ambulance or rescue squad emergency service vehicle shall have passed. Provided, however, this subsection shall not apply to vehicles traveling in the opposite direction of the vehicles herein enumerated when traveling on a four-lane limited access highway with a median divider dividing the highway for vehicles traveling in opposite directions, and provided further that the violation of this subsection shall not be negligence per se. Violation of this subsection is a Class 2 misdemeanor.

(b) It shall be unlawful for the driver of any vehicle other than one on official business to follow any fire apparatus traveling in response to a fire alarm closer than one block or to drive into or park such vehicle within one block where fire apparatus has stopped in answer to a fire alarm.

(c) Outside of the corporate limits of any city or town it shall be unlawful for the driver of any vehicle other than one on official business to follow any fire apparatus traveling in response to a fire alarm closer than 400 feet or to drive into or park such vehicle within a space of 400 feet from where fire apparatus has stopped in answer to a fire alarm.

(d) It shall be unlawful to drive a motor vehicle over a fire hose or any other equipment that is being used at a fire at any time, or to block a fire-fighting apparatus or any other equipment from its source of supply regardless of its distance from the fire.
It shall be unlawful for the driver of a vehicle, other than one on official business, to park and leave standing such vehicle within 100 feet of police-law enforcement or fire department vehicles, public or private ambulances, or rescue squad emergency vehicles which are engaged in the investigation of an accident or engaged in rendering assistance to victims of such accident.

When an authorized emergency vehicle as described in subsection (a) of this section or any public service vehicle is parked or standing within 12 feet of a roadway and is giving a warning signal by appropriate light, the driver of every other approaching vehicle shall, as soon as it is safe and when not otherwise directed by an individual lawfully directing traffic, do one of the following:

1. Move the vehicle into a lane that is not the lane nearest the parked or standing authorized emergency vehicle and continue traveling in that lane until safely clear of the authorized emergency vehicle. This paragraph applies only if the roadway has at least two lanes for traffic proceeding in the direction of the approaching vehicle and if the approaching vehicle may change lanes safely and without interfering with any vehicular traffic.

2. Slow the vehicle, maintaining a safe speed for traffic conditions, and operate the vehicle at a reduced speed and be prepared to stop until completely past the authorized emergency vehicle. This paragraph applies only if the roadway has only one lane for traffic proceeding in the direction of the approaching vehicle or if the approaching vehicle may not change lanes safely and without interfering with any vehicular traffic.

For purposes of this section, "public service vehicle" means a vehicle that has been called to the scene by a motorist or a law enforcement officer, is being used to assist motorists or law enforcement officers with wrecked or disabled vehicles, and is operating an amber-colored flashing light authorized by G.S. 20-130.2. provision of law. The limited driving privilege shall be issued in the same manner and under the terms and conditions prescribed in G.S. 20-16.1(b)."

S.B. 981 Session Law 2005-190

AN ACT TO DIRECT THE ENVIRONMENTAL MANAGEMENT COMMISSION:
(1) TO STUDY WATER QUALITY IN DRINKING WATER SUPPLY RESERVOIRS IN THE STATE, (2) TO ADOPT NUTRIENT CONTROL CRITERIA FOR DRINKING WATER SUPPLY RESERVOIRS, (3) TO DEVELOP AND IMPLEMENT A NUTRIENT MANAGEMENT STRATEGY FOR CERTAIN DRINKING WATER SUPPLY RESERVOIRS THAT ARE IMPAIRED OR THAT MAY BECOME IMPAIRED WITHIN FIVE YEARS, (4) NOT TO MAKE ANY NEW OR INCREASED NUTRIENT LOADING ALLOCATION TO ANY IMPAIRED DRINKING WATER SUPPLY RESERVOIR UNTIL RULES TO IMPLEMENT A NUTRIENT MANAGEMENT STRATEGY FOR THAT RESERVOIR BECOME EFFECTIVE, AND (5) TO REPORT TO THE ENVIRONMENTAL REVIEW COMMISSION ON PROGRESS IN DEVELOPING AND IMPLEMENTING NUTRIENT MANAGEMENT STRATEGIES FOR DRINKING WATER SUPPLY RESERVOIRS WITH IMPAIRED WATER QUALITY.

The General Assembly of North Carolina enacts:

SECTION 1. Legislative findings. – The General Assembly finds that:
(1) Drinking water supply reservoirs are an essential source of water needed to meet municipal, industrial, and agricultural needs.
(2) Drinking water supply reservoirs provide recreational opportunities and wildlife habitat and, if properly managed, improve water quality.
(3) Management and protection of the quality and quantity of water in drinking water supply reservoirs are essential to the economic vitality of North Carolina.
(4) Excessive nutrients are a major source of impairment of water quality in drinking water supply reservoirs.
(5) It would be beneficial for the State to study the condition of drinking water supply reservoirs and to develop nutrient control criteria to prevent drinking water supply reservoirs from becoming impaired.
(6) It would be beneficial for the State to develop calibrated nutrient response models and nutrient management strategies to ensure that drinking water supply reservoirs that are showing evidence of impairment are protected, as envisioned by Part 1 of Article 21 of Chapter 143 of the General Statutes and S.L. 1997-458, the Clean Water Responsibility and Environmentally Sound Policy Act.

SECTION 2.(a) Study of drinking water supply reservoirs. – The Environmental Management Commission shall study the water quality in the drinking
water supply reservoirs in the State to determine whether the reservoirs meet current water quality standards. The Commission shall analyze existing data and report its findings and recommendations to the Environmental Review Commission by 1 May 2006.

SECTION 2.(b) Nutrient control criteria. – Based on the results of the study of drinking water supply reservoirs and an evaluation of current water quality standards, the Environmental Management Commission shall identify any nutrient control criteria necessary to prevent excess nutrient loading in each drinking water supply reservoir in order to protect public health and other designated uses by 1 January 2009. The Commission shall adopt final nutrient control criteria for each drinking water supply reservoir by 1 May 2010. If the Commission finds that the nutrient control criteria for any drinking water supply reservoir are not being achieved, the Commission shall develop and implement a plan for enhanced water quality monitoring in that drinking water supply reservoir within one year of the determination. The Commission shall report its progress in implementing this section, including its findings and recommendations, to the Environmental Review Commission as a part of each quarterly report it makes pursuant to G.S. 143B-282(b).

SECTION 3.(a) Applicability of section to certain reservoirs. – This section applies only to drinking water supply reservoirs that meet all of the following criteria as of 1 July 2005:

1. The reservoir serves a population greater than 300,000 persons.
2. The Environmental Management Commission has classified all or any part of the water in the reservoir as a nutrient sensitive water (NSW).
3. Water quality monitoring data indicates that water quality in the reservoir violates the chlorophyll A standard.
4. The Division of Water Quality of the Department of Environment and Natural Resources has not prepared or updated a calibrated nutrient response model for the reservoir since 1 July 2002.

SECTION 3.(b) Temporary limitation on increased nutrient loading. – If the Environmental Management Commission determines either that water quality in all or in any part of a drinking water supply reservoir to which this section applies does not meet current water quality standards or that it is likely that water quality will not meet water quality standards at any time prior to 1 July 2010, the Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into that reservoir. This limitation on new or increased nutrient loading allocation shall not be construed to prohibit a person who holds a permit for a wastewater discharge into a drinking water supply reservoir from purchasing a nutrient loading allocation from another person who holds a permit for a wastewater discharge into the same drinking water supply reservoir. This subsection expires with respect to a drinking water supply reservoir when permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective.

SECTION 3.(c) Nutrient management strategy. – The Environmental Management Commission shall develop a nutrient management strategy for drinking water supply reservoirs to which this section applies by 1 July 2008. The nutrient management strategy shall be based on a calibrated nutrient response model that meets the requirement of G.S. 143-215.1(c5). The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the
measures. These measures could include, but are not limited to, buffers, erosion and sedimentation control requirements, post-construction stormwater management, agricultural nutrient reduction measures, the addition of nutrient removal treatment processes to point source permitted wastewater treatment plants, the removal of point source discharging wastewater treatments through regionalization and conversion to non-discharge treatment technologies, and any other measures that the Commission determines to be necessary to meet the nutrient reduction goals. To the extent that one or more other State programs already mandate any of these measures, the nutrient management strategy shall incorporate the mandated measures and any extension of those measures and any additional measures that may be necessary to achieve the nutrient reduction goals. In making a nutrient loading allocation to a permit holder, the Commission shall, to the extent allowed by federal and State law, give consideration to all voluntary efforts taken by the permit holder to protect water quality prior to the development of the nutrient management strategy.

SECTION 3.(d) Eligibility under the Clean Water Revolving Loan and Grant Act. – The definitions set out in G.S. 159G-3 apply to this subsection. The operator of a wastewater treatment works that is owned by an agency of the State may apply for a loan or grant under Chapter 159G of the General Statutes on the same basis as any other applicant if the operator is a local government unit and if the local government unit operates the wastewater treatment works pursuant to a contract with the State agency that contemplates that the local government unit will eventually acquire ownership of the wastewater treatment works.

SECTION 3.(e) Implementation; rulemaking. – The Environmental Management Commission shall adopt permanent rules to implement the nutrient management strategies required by this section by 1 July 2008. The rules shall require that reductions in nutrient loading from all sources begin no later than five years after the rules become effective.

SECTION 3.(f) Reports. – The Environmental Management Commission shall report its progress in implementing this section to the Environmental Review Commission as a part of each quarterly report it makes pursuant to G.S. 143B-282(b).

SECTION 4. Other drinking water supply reservoirs. – The Environmental Management Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into any drinking water supply reservoir for which the Division of Water Quality of the Department of Environment and Natural Resources has prepared or updated a calibrated nutrient response model since 1 July 2002 until permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective. The Commission shall report its progress in developing and implementing nutrient management strategies for reservoirs to which this section applies to the Environmental Review Commission by 1 April 2006.

SECTION 5. Effective date. – This act is effective when it becomes law. In the General Assembly read three times and ratified this the 7th day of July, 2005.

Became law upon approval of the Governor at 12:41 p.m. on the 15th day of July, 2005.
AN ACT TO ENACT "AEDIN'S LAW" TO DIRECT THE COMMISSIONER OF AGRICULTURE TO ADOPT RULES ESTABLISHING PERMITTING AND SANITATION REQUIREMENTS FOR ANIMAL EXHIBITIONS.

Whereas, contact with animals in public settings such as fairs, farm tours, and petting zoos provides opportunities for entertainment and education concerning animals and animal husbandry; and

Whereas, shortly after the visit to the petting zoo, Aedin contracted E. coli infection, was hospitalized for 36 days, and continues to suffer serious, lifelong complications from the infection and related Hemolytic Uremic Syndrome (HUS); and

Whereas, it is in the interest of the public health of this State to ensure that proper sanitation and other procedures are in place at fairs and animal exhibitions to address the potential for disease transmission; Now, therefore,

(9) To ascertain beneficiaries, to determine any question arising in the administration or distribution of any trust, including questions of construction of trust instruments, and to determine the existence or nonexistence of trusts created other than by will and the existence or nonexistence of any immunity, power, privilege, duty, or right. Upon motion of a party, the clerk of superior court may determine that a proceeding to determine an issue listed in this subdivision shall be originally heard by the superior court division of the General Court of Justice.

(b) Nothing in this section shall be construed (i) to confer upon the clerk of superior court any authority to regulate or supervise the actions of a trustee except to the extent that the trustee's actions are inconsistent with the governing instrument or of State law; or (ii) to confer upon any party any additional right, remedy, or cause of action not otherwise conferred by law.

(c) Nothing in this section affects the right of a person to file an action for declaratory relief under Article 26 of Chapter 1 of the General Statutes. In the event either the petitioner or respondent in a trust proceeding requests declaratory relief under Article 26 of Chapter 1 of the General Statutes, either party may move for a transfer of the proceeding to the superior court division of the General Court of Justice as provided in Article 21 of Chapter 7A of the General Statutes. In absence of removal to superior court, Article 26 of Chapter 1 of the General Statutes shall apply to a trust proceeding to the extent consistent with this Article.

(d) The clerk of superior court shall not, over the objection of a party, entertain proceedings under this section involving a trust having its principal place of administration in another state, except:

(1) When all appropriate parties could not be bound by litigation in the courts of the state in which the trust had its principal place of administration; or

(2) When the interests of justice otherwise would be seriously impaired.

The clerk of superior court may condition a stay or dismissal of a proceeding under this section on the consent of any party to jurisdiction of the state in which the trust has its principal place of administration, or the clerk of superior court may grant a continuance or enter any other appropriate order.

(e) Any party to a proceeding before the clerk of superior court may appeal from the decision of the clerk to a superior court judge as provided for estate matters in G.S. 1-301.3.

(f) Without otherwise limiting the jurisdiction of the superior court division of the General Court of Justice, proceedings concerning the internal affairs of trusts shall not include, and, therefore, the clerk of superior court shall not have jurisdiction under subsection (a) of this section of the following:

(1) Actions to reform, terminate, or modify a trust as provided by G.S. 36C-4-410 through G.S. 36C-4-416;

(2) Actions by or against creditors or debtors of a trust;

(3) Actions involving claims for monetary damages, including claims for breach of fiduciary duty, fraud, and negligence;

(4) Actions to enforce a charitable trust under G.S. 36C-4-405A; and

§ 36C-2-204. Venue.
In any trust proceeding or action, whether brought before the clerk of superior court or the superior court division of the General Court of Justice, the following rules apply notwithstanding any other applicable Rule of Civil Procedure or provision of Chapter 1 of the General Statutes:

1. If the trustee is required to account to the clerk of superior court, then unless the terms of the governing instrument provide otherwise, venue for proceedings under G.S. 36C-2-203 involving trusts is the place where the accountings are filed.

2. If the trustee is not required to account to the clerk of superior court, then unless the terms of the governing instrument provide otherwise, venue for proceedings under G.S. 36C-2-203 involving trusts is:
   a. In the case of an inter vivos trust, in any county of this State in which the trust has its principal place of administration or where any beneficiary resides; or
   b. In the case of a testamentary trust, in any county of this State in which the trust has its principal place of administration, where any beneficiary resides, or in which the testator's estate was administered.

3. Unless otherwise designated in the governing instrument, the principal place of administration of the trust is the trustee's usual place of business where the records pertaining to the trust are kept, or at the trustee's residence if the trustee has no such place of business. In the case of cotrustees, the principal place of administration, if not otherwise designated in the governing instrument, is:
   a. The usual place of business of the corporate trustee if there is but one corporate or cotrustee; or
   b. The usual place of business or residence of any of the cotrustees.

4. If a trust has no trustee, venue for a judicial proceeding for the appointment of a trustee is in any county of this State in which a beneficiary resides, in any county in which trust property is located, in the county of this State specified in the trust instrument, if any county is so specified, or if the trust is created by will, in the county in which the decedent's estate was or is being administered.

§ 36C-2-205. Commencement of proceedings, pleadings, consolidation, and joinder.

(a) Contested Proceedings. – Trust proceedings before the clerk of superior court brought against adverse parties shall be commenced as is prescribed for civil actions. Upon the filing of the petition or complaint, the clerk of superior court shall docket the cause as an estate matter. All parties not joined as petitioners shall be joined as respondents. The clerk of superior court shall issue the summons for the respondents. The clerk of superior court may order that additional persons be joined as respondents and shall issue the summons for the additional persons. The summons shall notify the respondents to appear and answer the petition within 10 days after its service upon the respondents. The summons shall comply with the requirements set forth in G.S. 1-394 for a special proceeding summons except that the clerk of superior court shall indicate on the summons by appropriate words that the summons is issued in an estate matter and not in a special proceeding or in a civil action and shall be served upon the respondents in accordance with Rule 4 of the Rules of Civil Procedure. After the time
for responding to the petition or complaint has expired, any party or the clerk of
superior court may give notice to all parties of a hearing.

(b) Uncontested Proceedings. – Trust proceedings before the clerk of superior
court in which all the parties join in the proceeding shall be commenced by the filing of
a petition, setting forth the facts entitling the petitioner to relief and the nature of the
relief demanded. In these proceedings, the clerk of superior court may hear and decide
the petition summarily.

(c) Pleadings. – The petition or complaint filed in a trust proceeding before the
clerk of superior court shall contain a short and plain statement of the claim which is
sufficiently particular to give the court and the parties notice of the transactions,
occurrences, or series of transactions, intended to be proved showing that the pleaders
entitled to relief, and a demand for judgment for the relief to which the pleader is
titled. Each averment of a pleading should be simple, concise, and direct. No
technical forms of pleadings or motions are required. A party may set forth two or more
statements of a claim or defense alternatively or hypothetically. The signature of an
attorney or party constitutes a certificate by that attorney or party that (i) the attorney or
party has read the pleading, motion, or other paper; (ii) to the best of the attorney's or
party's knowledge, information, and belief formed after reasonable inquiry, it is well
grounded in fact and is warranted by existing law or a good faith argument for the
extension, modification, or reversal of existing law; and (iii) it is not interposed for any
improper purpose, such as to harass or to cause unnecessary delay or needless increase
in the cost of litigation. All pleadings shall be so construed as to do substantial justice.

(d) Extensions of Time. – The clerk of superior court, for cause shown at any
time in the clerk's discretion, with or without motion or notice, may enter an order
enlarging the period of time within which an act is required or permitted by this Article,
by any applicable Rules of Civil Procedure or by order of the court, if the request is
made before the expiration of the period originally prescribed, but not to exceed 10
days, nor more than once. Upon motion made after the expiration of the specified
period, the clerk of superior court may permit the act where the failure to act was the
result of excusable neglect. Notwithstanding any other provision of this subsection, the
parties to a proceeding may enter into binding stipulations, without approval of the clerk
of superior court, enlarging the time within which an act is required or permitted by this
Article, by any applicable Rules of Civil Procedure or by order of the court, not to
exceed 30 days.

(e) Rules of Civil Procedure. – Unless the clerk of superior court otherwise
directs, Rules 5, 6(a), 6(d), 6(e), 18, 19, 20, 21, 24, and 45 of the Rules of Civil
Procedure shall apply to trust proceedings. Upon motion of a party or the clerk of
superior court, the clerk may further direct that the following Rules of Civil Procedure
shall apply: Rules 15, 16, 17, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, and 37;
however, nothing in Rule 17 requires the appointment of a guardian ad litem for a party
represented except as provided under G.S. 36C-3-305. In applying these Rules to a trust
proceeding pending before the clerk of superior court, the term "judge" shall be
construed as "clerk of superior court."

(f) Consolidation. – When a trust proceeding pending before the clerk of superior
court and a civil action pending before the superior court division of the General Court
of Justice involve a common question of law or fact, upon the court's motion or motion
of a party to either the trust proceeding or the civil action, a superior court judge may
order a consolidation of the trust proceeding and civil action, and the judge may make
orders concerning proceedings therein as may tend to avoid unnecessary costs or delay.
Upon the entry of an order consolidating a trust proceeding and civil action, the jurisdiction for all matters pending in both the trust proceeding and the civil action shall be vested in the superior court.

(g) Joinder. – In any civil action pending before a superior court division of the General Court of Justice, a party asserting a claim for relief as an original claim, counterclaim, cross-claim, or third-party claim, may join, either as independent or as alternate claims, as many claims, legal or equitable, as that party has against an opposing party notwithstanding the fact that the claims may otherwise be within the exclusive jurisdiction of the clerk of superior court.

(h) Orders Upon Consolidation/Joinder. – Upon the consolidation of a trust proceeding and civil action or joinder of claims under subsection (f) or (g) of this section, the clerk of superior court or the judge may make such orders as appropriate to protect the interests of the parties and to avoid unnecessary costs or delay. Notwithstanding the consolidation or joinder of claims under subsection (f) or (g) of this section, the clerk of court's exclusive jurisdiction as set forth in G.S. 36C-2-203(a) shall not be stayed unless so ordered by the court.

"§ 36C-2-206. Representation of parties.
In any trust proceeding or action, whether brought before the clerk of superior court or in the superior court division of the General Court of Justice, the following rules apply notwithstanding any other applicable Rule of Civil Procedure or provision of Chapter 1 of the General Statutes:

(1) Parties shall be represented as provided in Article 3 of this Chapter.
(2) In the case of any party represented by another as provided in subdivision (1) of this section, service of process shall be made by serving such representative.

"§ 36C-2-207. Waiver of notice.
A party, or the representative of the party as provided in G.S. 36C-2-206, may waive notice by a writing signed by the party, the representative, or the attorney of the party or the representative, and filed in the proceeding.

"§ 36C-2-208. Accounting to clerk.
(a) No trustee, including a trustee appointed by the clerk of superior court, is required to account to the clerk of superior court unless the trust instrument directs that the trustee is required to account to the clerk of superior court or unless the trustee is otherwise required by law to account to the clerk of superior court.

(b) If the trustee is required to account to the clerk of superior court, the trustee shall not be permitted to resign as trustee until a final account of the trust estate is filed with the clerk of superior court and until the court is satisfied that the account is true and correct, unless the terms of the trust instrument provide otherwise.

(c) Notwithstanding subsections (a) and (b) of this section, under a proceeding brought under G.S. 36C-4-405A, the clerk of superior court may require a trustee of a charitable trust to account to the clerk of superior court.

"§ 36C-2-209. Qualification and accounting of trustee of a testamentary trust.

The power of the clerk of superior court to enforce the filing and the clerk’s duties to audit and approve the trustee's inventories and accounts is the same as the clerk’s powers and
duties with respect to the inventories and accounts of executors and administrators. This subsection shall not apply to the extent that the will makes a different provision.

(b) For any testamentary trust created under a will of a decedent executed on or after January 1, 2004, that directs the trustee to account to the clerk of superior court, the trustee shall first qualify under the laws applicable to executors and shall file in the office of the clerk of superior court of the county where the will is probated inventories of the assets that come into the trustee's hands and annual and final accounts of the trust that are the same as are required of executors and administrators. "§ 36C-4-407. Evidence of oral trust."

(b) Except as expressly provided otherwise in the trust instrument, no portion of the principal or income may be converted to the use of the trustee or to any use other than for the benefit of the designated animal or animals.

(c) The trust terminates at the death of the animal or last surviving animal. Upon termination, the trustee shall transfer the unexpended trust property in the following order:

(e) Except as ordered by the clerk of superior court or required by the trust instrument, no filing, report, registration, periodic accounting, separate maintenance of funds, appointment, bond, or fee is required by reason of the existence of the fiduciary relationship of the trustee.

(f) A governing instrument shall be liberally construed to bring the transfer within this section, to presume against the merely precatory or honorary nature of the disposition, and to carry out the general intent of the transferor. Extrinsic evidence is admissible in determining the transferor's intent.

(g) The clerk of superior court may reduce the amount of the property transferred, if the clerk of superior court determines that the amount substantially exceeds the amount required for the intended use. The amount of the reduction, if any, passes as unexpended trust property under subsection (c) of this section.

(h) If no trustee is designated or if no designated trustee agrees to serve or is able to serve, the clerk of superior court must name a trustee. The clerk of superior court may order the transfer of the property to another trustee, if required to assure that the intended use is carried out and if no successor trustee is designated in the trust instrument or if no designated successor trustee agrees to serve or is able to serve. The clerk of superior court may also make other orders and determinations as are advisable to carry out the intent of the transferor and the purpose of this section.

§ 36C-4-409. Noncharitable trust without ascertainable beneficiary.

Except as otherwise provided in G.S. 36C-4-408 or by another statute, the following rules apply:

(4) Notwithstanding subdivisions (1) through (3) of this section, a trust, contract, or other arrangement to provide for the care of a cemetery lot, grave, crypt, niche, mausoleum, columbarium, grave marker, or monument is valid without regard to remoteness of vesting, duration of the arrangement, or lack of definite beneficiaries to enforce the trust, provided that the trust, contract, or other arrangement meets the requirements of G.S. 28A-19-10, Article 4 of Chapter 65 of the General Statutes, Article 9 of Chapter 65 of the General Statutes, or
other applicable law. This section does not repeal or supersede G.S. 36C-4-413.

"§ 36C-4-411. Modification or termination of noncharitable irrevocable trust by consent."

(a) A noncharitable irrevocable trust may be modified or terminated upon consent of the settlor and all beneficiaries, even if the modification or termination is inconsistent with a material purpose of the trust. A settlor's power to consent to a trust's modification or termination may be exercised by an agent under a power of attorney only to the extent expressly authorized by the power of attorney or the terms of the trust; by the settlor's general guardian or the guardian of the estate with the approval of the court supervising the guardianship if an agent is not so authorized; or by the settlor's guardian of the person with the approval of the court supervising the guardianship if an agent is not so authorized and a general guardian or guardian of the estate has not been appointed.

(b) A noncharitable irrevocable trust may be terminated upon consent of all of the beneficiaries if the court concludes that continuance of the trust is not necessary to achieve any material purpose of the trust. A noncharitable irrevocable trust may be modified upon consent of all of the beneficiaries, if the court concludes that modification is consistent with a material purpose of the trust.

(c) Where the beneficiaries of an irrevocable trust seek to compel a termination of the trust and the continuance of the trust is necessary to carry out a material purpose of the trust, or where the beneficiaries seek to compel a modification of the trust in a manner that is inconsistent with its material purpose, the trust may be modified or terminated, in the discretion of the court, only if the court determines that the reason for modifying or terminating the trust under the circumstances substantially outweighs the interest in accomplishing a material purpose of the trust.

(d) If not all of the beneficiaries consent to a proposed modification or termination of the trust under subsection (a), (b), or (c) of this section, the modification or termination may be approved by the court if the court is satisfied that:

(1) If all of the beneficiaries had consented, the trust could have been modified or terminated under this section; and

(2) The interests of a beneficiary who does not consent will be adequately protected.
(e) Jurisdiction of a proceeding brought under this section shall be as provided in G.S. 36C-2-203.

§ 36C-4-412. Modification or termination because of unanticipated circumstances or inability to administer trust effectively.

(a) The court may modify the administrative or dispositive terms of a trust or terminate the trust if, because of circumstances not anticipated by the settlor, modification or termination will further the purposes of the trust. To the extent practicable, the modification must be made in accordance with the settlor’s probable intention.

(b) The court may modify the administrative terms of a trust if continuation of the trust on its existing terms would be impracticable or wasteful or impair the trust’s administration.

(c) Jurisdiction of a proceeding brought under this section shall be as provided in G.S. 36C-2-203.

§ 36C-4-413. Cy pres.

(a) Except as otherwise provided in subsection (d) of this section, if a charitable trust becomes unlawful, impracticable, impossible to achieve, or wasteful:

1. The trust does not fail, in whole or in part;
2. The trust property does not revert to the settlor or the settlor’s successors in interest; and
3. The court may apply cy pres to modify or terminate the trust by directing that the trust property be applied or distributed, in whole or in part, in a manner consistent with the settlor’s charitable purposes.

(b) The settlor or a trustee of a charitable trust, the Attorney General, a beneficiary, or any other interested party may maintain a cy pres proceeding under Article 2 of this Chapter.

(c) In every cy pres proceeding, the Attorney General shall be notified and given an opportunity to be heard.

(d) This section is not applicable if the settlor has provided, either directly or indirectly, for an alternative plan in the event that the charitable trust is or becomes unlawful, impracticable, impossible to achieve, or wasteful. However, if the alternative plan is also a charitable trust and that trust fails, the intention shown in the original plan shall prevail in the application of this section.

§ 36C-4-414. Modification or termination of uneconomic trust.

(a) After notice to the qualified beneficiaries, the trustee of a trust consisting of trust property having a total value of less than fifty thousand dollars ($50,000) may terminate the trust if the trustee concludes that the value of the trust property is insufficient to justify the cost of administration. The trustee may enter into an agreement or make other provisions that the trustee deems necessary or appropriate to protect the interests of the beneficiaries and to carry out the intent and purpose of the trust. This subsection shall not apply where the instrument creating the trust, by specific reference to this section, or to former G.S. 36A-125.6, provides that it shall not apply. The trustee shall not be liable for that termination and distribution notwithstanding the existence or potential existence of other beneficiaries who are not sui juris. Any beneficiary receiving a distribution from a trust terminated under this section shall incur no liability and shall not be required to account to anyone for such distribution.

(b) The court may modify or terminate a trust or remove the trustee and appoint a different trustee if the court determines that the value of the trust property is insufficient to justify the cost of administration.
This section does not apply to an easement for conservation or preservation.

Jurisdiction of a proceeding brought under this section is as provided in G.S. 36C-2-203.

§ 36C-4-415. Reformation to correct mistakes.

The court may reform the terms of a trust, even if unambiguous, to conform the terms to the settlor's intention if it is proved by clear and convincing evidence that both the settlor's intent and the terms of the trust were affected by a mistake of fact or law, whether in expression or inducement. Jurisdiction of a proceeding brought under this section shall be as provided in G.S. 36C-2-203.

§ 36C-4-416. Modification to achieve settlor's tax objectives.

To achieve a settlor's tax objectives, the court may modify the terms of a trust in a manner that is not contrary to the settlor's probable intention. The court may provide that the modification has retroactive effect. Jurisdiction of a proceeding brought under this section shall be as provided in G.S. 36C-2-203.

§ 36C-4-417. Combination and division of trusts.

(a) Unless otherwise provided in the trust instrument, after notice to the qualified beneficiaries, a trustee may:

(1) Consolidate the assets of more than one trust and administer the assets as one trust under the terms of one of the trusts if the terms of the trusts are substantially similar and the beneficiaries of the trusts are identical; or

(2) Divide one trust into two or more separate trusts if the new trusts provide in the aggregate for the same succession of interests and beneficiaries as are provided in the original trust.

(b) In dividing a trust into two or more separate trusts, a trustee shall accomplish the division by severing the trusts on a fractional basis and funding the separate trusts either (i) with a pro rata portion of each asset held by the undivided trust; or (ii) on a non-pro rata basis based on either the fair market value of the assets on the date of funding or in a manner that fairly reflects the net appreciation or depreciation in the value of the assets measured from the valuation date to the date of funding.

(c) In any case where two separate identical trusts are created under this section, one of which is fully exempt from the federal generation-skipping transfer tax and one of which is fully subject to that tax, the trustee may thereafter, to the extent possible consistent with the terms of the trust, determine the value of any mandatory or discretionary distributions to trust beneficiaries on the basis of the combined value of both trusts, but may satisfy those distributions by a method other than pro rata from the separate trusts in a manner designed to minimize the current and potential generation-skipping transfer tax.

§ 36C-4-418. Distribution upon termination of trust.

Upon termination of a trust under G.S. 36C-4-411, the trustee shall distribute the trust property as agreed by the beneficiaries. Upon termination of a trust under G.S. 36C-4-412 or G.S. 36C-4-414, the trustee shall distribute the trust property in a manner consistent with the purposes of the trust. If any trust property becomes distributable to a minor or incompetent under this Article, it may be distributed:

(1) To the guardian of the estate or general guardian of the beneficiary;

(2) In accordance with the North Carolina Uniform Transfer to Minors Act, Chapter 33A of the General Statutes; or

(3) In accordance with the North Carolina Uniform Custodial Trust Act, Chapter 33B of the General Statutes.
"§ 36C-4-419. Effect of inalienable interest on modification or termination.

The court, in exercising its discretion to modify or terminate an irrevocable trust under G.S. 36C-4-411, 36C-4-412, or 36C-4-413 shall consider provisions making the interest of a beneficiary inalienable, including those described in Article 5, but the court is not precluded from the exercise of that discretion solely because of such provisions.

"Article 4A.

"Tax Status of Charitable Trusts.

"§ 36C-4A-1. Prohibited transactions.

(a) Notwithstanding any provisions in the laws of this State or in the governing instrument to the contrary unless otherwise decreed by a court of competent jurisdiction except as provided in subsection (b) of this section, the trust instrument of each trust that is a private foundation described in section 509 of the Internal Revenue Code (including each nonexempt charitable trust described in section 4947(a)(1) of the Internal Revenue Code that is treated as a private foundation) and the trust instrument of each nonexempt split-interest trust described in section 4947(a)(2) of the Internal Revenue Code (but only to the extent that section 508(e) of the Internal Revenue Code is applicable to the nonexempt split-interest trust under section 4947(a)(2) of the Internal Revenue Code) is considered to contain the following provisions: "The trust shall make distributions at any time and in any manner as not to subject it to tax under section 4942 of the Internal Revenue Code; the trust shall not engage in any act of self-dealing which would subject it to tax under section 4941 of the Internal Revenue Code; the trust shall not retain any excess business holdings that would subject it to tax under section 4943 of the Internal Revenue Code; the trust shall not make any investments that would subject it to tax under section 4944 of the Internal Revenue Code; and the trust shall not make any taxable expenditures that would subject it to tax under section 4945 of the Internal Revenue Code." With respect to any trust created before January 1, 1970, this section shall apply only for its taxable years beginning on or after January 1, 1972.

(b) Notwithstanding any provisions in the laws of this State or in the governing instrument to the contrary, unless otherwise decreed by a court of competent jurisdiction except as provided in subsection (a) of this section, the governing instrument of each trust that is a nonexempt charitable trust described in section 4947(a)(1) of the Internal Revenue Code is considered to contain the following provisions:

(1) The trust shall be operated exclusively for charitable, educational, religious, and scientific purposes within the meaning of section 501(c)(3) and section 170(c)(2) of the Internal Revenue Code.

(2) Upon any dissolution, winding up, or liquidation of the trust, its assets shall be distributed for one or more exempt purposes within the meaning of section 501(c)(3) of the Internal Revenue Code, or shall be distributed to the federal government, or a state or local government for a public purpose.

(c) The trustee of any trust described in this section may do one of the following:

(1) Without judicial proceedings, amend the trust to expressly exclude the application of this section by executing a written amendment to the trust instrument and filing a duplicate original of the amendment with the Attorney General. Upon filing of the amendment, this section shall not apply to that trust.
Institute a proceeding under Article 2 of this Chapter seeking reformation of the trust instrument.

§ 36C-4A-2. Reformation of charitable remainder trust.

If a federal estate tax deduction is not allowable at the time of a decedent's death because of the failure of an interest in property that passes from the decedent under a will or trust to a person, or for a use, described in section 2055(a) of the Internal Revenue Code, to meet the requirements of subsections 2055(e)(2)(A) or (B) of the Internal Revenue Code, then in order that the deduction shall nevertheless be allowable under section 2055(e)(3) of the Internal Revenue Code, the court may, on application of any trustee or interested party with either (i) the written consent of the qualified beneficiaries, or (ii) a finding that the interest of those beneficiaries is substantially preserved, order an amendment to the trust so that the remainder interest is in a trust that is a charitable remainder annuity trust, a charitable remainder unitrust (as those terms are described in section 664 of the Internal Revenue Code), or a pooled income fund (as that term is described in section 642(c)(5) of the Internal Revenue Code), or so that any other interest of a charitable beneficiary is in the form of a guaranteed annuity or is a fixed percentage distributed yearly of the fair market value of the property (to be determined yearly), in accordance with section 2055(e)(2)(B) of the Internal Revenue Code. In every proceeding under this section, the Attorney General shall be notified, and given an opportunity to be heard.

§ 36C-4B-1. Short title.

This Article shall be known as the Charitable Remainder Administration Trust Act.

§ 36C-4B-2. General rule.

Notwithstanding any provisions in the laws of this State or in the governing instruments to the contrary, any charitable remainder annuity trust and any charitable remainder unitrust that cannot qualify for a deduction for federal tax purposes under section 2055 or section 2522 of the Internal Revenue Code in the absence of this Article shall be administered in accordance with this Article.

§ 36C-4B-3. Definitions.

The following definitions apply to this Article unless the context clearly requires otherwise:

(1) "Charitable remainder trust" means a trust that provides for a specified distribution at least annually for either life or a term of years to one or more beneficiaries, at least one of which is not a charity (hereinafter referred to as "beneficiaries"), with an irrevocable remainder interest to be held for the benefit of, or paid over to, charity. For purposes of this Article, only a charitable remainder annuity trust or a charitable remainder unitrust is considered a charitable remainder trust.

(2) "Charitable remainder annuity trust" means a charitable remainder trust:
   a. From which a sum certain (that is not less than five percent (5%) of the initial net fair market value of all property placed in trust) is to be paid at least annually to one or more persons (at least one of which is not an organization described in section 170(c) of the Internal Revenue Code and, in the case of individuals, only to an individual who was living at the time of the creation of the trust) for a term of years (not in excess of 20
years) or for the life or lives of that individual or those individuals; however, in the case of an individual, the amount to be paid to that individual may be subject to a qualified contingency according to the terms of the governing instrument:

b. From which no amount other than the payments described in sub-subdivision a. of this subdivision may be paid to or for or both to and for the use of anyone other than an organization that is or was described in section 170(c) of the Internal Revenue Code; and

c. Following the termination of the payments described in sub-subdivision a. of this subdivision, the remainder interest in the trust is to be transferred to, or for the use of, an organization that is or was described in section 170(c) of the Internal Revenue Code or is to be retained by the trust for that use.

(3) "Charitable remainder unitrust" means a charitable remainder trust:

a. From which a fixed percentage (that is not less than five percent (5%)) of the net fair market value of its assets, valued annually, is to be paid at least annually to one or more persons (at least one of which is not an organization described in section 170(c) of the Internal Revenue Code and, in the case of individuals, only to an individual who was living at the time of the creation of the trust) for a term of years (not in excess of 20 years) or for the life or lives of that individual or those individuals; however, in the case of an individual, the amount to be paid to that individual may be made subject to a qualified contingency according to the terms of the governing instrument;

b. From which no amount other than the payments described in sub-subdivision a. of this subdivision may be paid to or for the use of anyone other than an organization that is or was an organization described in section 170(c) of the Internal Revenue Code; and

c. Following the termination of the payments described in sub-subdivision a. of this subdivision, the remainder interest in the trust is to be transferred to, or for the use of, an organization that is or was described in section 170(c) of the Internal Revenue Code, or is to be retained by the trust for such a use.

Notwithstanding sub-subdivisions a. and b. of this subdivision, the trust instrument may provide that the trustee shall pay to the income beneficiary for any year (i) the amount of the trust income if that amount is less than the amount required to be distributed under sub-subdivision a. of this subdivision, and (ii) any amount of the trust income that exceeds the amount required to be distributed under sub-subdivision a. of this subdivision to the extent that (by reason of sub-subdivision a.) the aggregate of the amounts paid in prior years is less than the aggregate of the required amounts.

(4) "Qualified contingency" means any provision of the governing instrument that provides that, upon the happening of a contingency, the payments made to an individual noncharitable beneficiary of a
charitable remainder trust will terminate not later than those payments
would otherwise terminate under the governing instrument.

§ 36C-4B-4. Administrative provisions applicable to both charitable remainder
annuity trusts and charitable remainder unitrusts.

(a) Creation of Remainder Interests in Charity. – Upon the termination of the
noncharitable interests, the trustee shall distribute all of the then principal and income
of the trust, other than any amount due the noncharitable beneficiary or beneficiaries, to
the designated charity or charities, or shall hold the property in trust for the designated
charity or charities in accordance with the terms of the trust document.

(b) Selection of Alternate Charitable Beneficiary if Remaindermen Do Not
Qualify Under Section 170(c) of the Internal Revenue Code at Time of Distribution. –
If the designated charity is not an organization described in section 170(c) of the
Internal Revenue Code at the time when any principal or income of the trust is to be
distributed to it, the trustee must distribute the principal or income to one or more
organizations then described in section 170(c) of the Internal Revenue Code selected in
accordance with the terms of the trust instrument. If the trust instrument does not provide
for a method of selecting alternate charitable beneficiaries that are then qualified under
section 170(c) of the Internal Revenue Code, the trustee must, in the trustee's sole
discretion, select alternate trust beneficiaries that are qualified under section 170(c) of
the Internal Revenue Code.

(b) Selection of Alternative Charitable Beneficiary if Remaindermen Do Not
Qualify Under Section 170(b)(1)(A) of the Internal Revenue Code at Time of
Distribution. – Notwithstanding subsection (b) of this section, if the designated charity
is, at the time of the creation of the trust, an organization described in both section
170(b)(1)(A) and section 170(c) of the Internal Revenue Code, and if the designated
charity is not an organization described in both section 170(b)(1)(A) and section 170(c) of
the Internal Revenue Code when any principal or income of the trust is to be
distributed to it, the trustee must distribute the principal or income to one or more organizations
then described in both section 170(b)(1)(A) and section 170(c) of the Internal Revenue
Code selected in accordance with the terms of the governing instrument; however, in the
event that the governing instrument does not provide a method of selecting alternative charitable beneficiaries that are then described in both section 170(b)(1)(A) and section 170(c) of the Internal Revenue Code, the trustee shall, in his sole discretion, select one or more alternative charitable beneficiaries that are described in both section 170(b)(1)(A) and section 170(c) of the Internal Revenue Code and must distribute the principal or income to the organization or organizations so selected in shares as the trustee, in the trustee's sole discretion, shall determine.

(c) Prohibitions Governing Trustees. – Except for payment of the annuity amount
or the unitrust amount to the beneficiaries, whichever is applicable, the trustee is
prohibited from engaging in any act of self-dealing as defined in section 4941(d) of the
Internal Revenue Code, retaining any excess business holdings as defined in section
4943(c) of the Internal Revenue Code that would subject the trust to tax under section
4943 of the Code, making any investments that would subject the trust to tax under
section 4944 of the Internal Revenue Code, and making any taxable expenditures as
defined in section 4945(d) of the Code. The trustee shall make distributions at a time
and in a manner as not to subject the trust to tax under section 4942 of the Internal
Revenue Code.

(d) Distribution to Charity During Term of Noncharitable Interests and
Distributions in Kind. – If the governing instrument of the trust provides for distribution
to charity during the term of the noncharitable interests, the trustee may pay to the designated charity the amounts specified in the governing instrument that exceed the annuity amount or the unitrust amount payable to any of the beneficiaries for the taxable year of the trust in which the income is earned. If the governing instrument of the trust provides for distribution to charity in kind, the adjusted basis for federal income tax purposes of any trust property the trustee distributes in kind to charity during the term of the noncharitable interests must be fairly representative of the adjusted basis for those purposes of all trust property available for distribution on the date of distribution.

(e) Investment Restrictions on Trustee. – Nothing in the trust instrument shall be construed to restrict the trustee from investing the trust assets in a manner that could result in the annual realization of a reasonable amount of income or gain from the sale or disposition of trust assets.

(f) Distribution From Trust Used to Administer an Estate to Charitable Remainder Trust. – If the governing instrument of a revocable inter vivos trust provides that the revocable inter vivos trust will be used partially to administer the estate of the settlor or for some other purpose, and further provides the assets will then be distributed to another trust that is a charitable remainder trust, upon the death of the settlor, or upon the occurrence of any event that causes the trust to become irrevocable, then the trust shall perform any remaining duties or obligations provided for in the trust instrument and then transfer the property specified in the governing instrument to the trustee of the charitable remainder trust to be held, administered, and distributed in the manner and according to the terms and conditions provided by the charitable remainder trust.

(g) Payment of Taxes by Noncharitable Beneficiary. – In the case of any inter vivos charitable remainder trust that is liable to pay, from trust property, any federal estate, state inheritance, or other similar death taxes by reason of the death of the settlor of the trust, the interest of any noncharitable beneficiary of the trust shall terminate upon the death of the settlor unless the noncharitable beneficiary furnishes to the trust sufficient funds for payment of all those taxes attributable to the interest of the noncharitable beneficiary in the trust property, and the termination shall be deemed as the occurrence of a qualified contingency.

§ 36C-4B-5. Administrative provisions applicable to charitable remainder trusts only.

(a) Creation of Annuity Amount for Period of Years or Life. – In each taxable year of the trust, the trustee shall pay the annuity amount designated in the trust instrument to the beneficiaries named in the trust instrument during their lives or, if the governing instrument so provides, for a period of 20 years or less. The annuity amount shall be paid annually or in more frequent equal or unequal installments if the governing instrument so provides. The annuity amount shall be paid from income and, to the extent that income is not sufficient, from principal. Any income of the trust for a taxable year in excess of the annuity amount shall be added to principal.

The total amount payable at least annually to a person or persons named in the trust document, at least one of which is not an organization described in section 170(c) of the Internal Revenue Code, may not be less than five percent (5%) of the initial net fair market value of the property placed in trust as finally determined for federal tax purposes, except as provided in subsection (g) of this section.

(b) Computation of Annuity Amount in Short and Final Taxable Years. – For a short taxable year and for the taxable year in which the noncharitable beneficiary's
interest terminates by death or otherwise, the trustee shall prorate the annuity amount on a daily basis.

(c) Prohibition of Additional Contributions. – No additional contributions shall be made to the trust after the initial contribution.

(d) Deferral of Annuity Amount During Period of Administration or Settlement. – When property passes to the trust at the death of the settlor, the obligation to pay the annuity amount commences with the date of death of the settlor, but payment of the annuity amount may be deferred from the date of the settlor's death to the end of the taxable year in which complete funding of the trust occurs. Within a reasonable time after the end of the taxable year in which the complete funding of the trust occurs, the trustee must pay to the beneficiary, in the case of an underpayment, or must receive from the beneficiary, in the case of an overpayment, the difference between:

1. Any annuity amounts actually paid, plus interest on those amounts computed at ten percent (10%) a year, compounded annually; and
2. The annuity amounts payable, determined under the method described in Section 1.664-1(a)(5) of the federal income tax regulations, plus interest on those amounts computed at ten percent (10%) a year, compounded annually.

Notwithstanding the foregoing sentence, in computing any underpayment or overpayment of the annuity amounts, if the governing instrument was executed or last amended before August 9, 1984, and if the governing instrument does not specify that a ten percent (10%) rate of interest shall be used, the underpayment or overpayment of the annuity amounts must be computed using an interest rate at six percent (6%) a year, compounded annually.

(e) Dollar Amount Annuity May Be Stated as Fraction or Percentage. – If the governing instrument of the trust states the amount of the annuity as a fraction or a percentage, the trustee must pay to the beneficiaries in each taxable year of the trust during their lives an annuity amount equal to a percentage (that percentage being stipulated in the governing instrument of the trust and, in any event, being five percent (5%) or greater) of the initial net fair market value of the assets constituting the trust. In determining this amount, assets shall be valued at their values as finally determined for federal tax purposes. If the fiduciary incorrectly determines the initial net fair market value of the assets constituting the trust, then, within a reasonable period after a final determination, the trustee shall pay to the beneficiaries, in the case of an undervaluation or shall receive from the beneficiaries, in the case of an overvaluation, an amount equal to the difference between the annuity amount properly payable and the annuity amount actually paid.

(f) Annuity Amount May Be Allocated Among Class of Noncharitable Beneficiaries in Discretion of Trustee. – If the governing instrument of the trust provides that the annuity trust amount may be allocated among a class of noncharitable beneficiaries in the discretion of the trustee, then the trustee must pay the annuity amount, which is defined in the governing instrument of the trust, in each taxable year of the trust, to the member or members of the class of noncharitable beneficiaries in an amount and proportions as the trustee in the trustee's absolute discretion shall from time to time determine until the last of the noncharitable beneficiaries dies. The trustee may pay the entire annuity amount to one member of this class or may apportion it among the various members in a manner as the trustee from time to time considers advisable as long as the power to allocate does not cause any person to be treated as the owner of any part of the trust under the rules of section 671.
through section 678 of the Internal Revenue Code. If the class provided for in the
governing instrument is open, then the distribution must be for a period of years not to exceed 20 years, notwithstanding a provision to the contrary in the trust instrument. If the class provided for in the governing instrument is closed at the creation of the trust, and all members of the class are ascertainable, the distribution may be for the lives of the members of the class or for a period not exceeding 20 years. The trustee shall pay the entire annuity amount for each taxable year annually and may not delay payment of the annuity amount.

(g) Reduction of Annuity Amount If Part of Corpus Is Paid to Charity at Expiration of Term of Years or on Death of Recipient. – If the governing instrument of the trust provides for the reduction of the annuity amount if part of the corpus is paid to charity at the expiration of a term of years or upon the death of a recipient, then during the term of years or during the joint lives of the noncharitable beneficiaries, the trustee shall, in each taxable year of the trust, pay a total annuity amount of at least five percent (5%) of the initial net fair market value of the assets placed in trust. Upon the expiration of the term of years or the death of a beneficiary, the trustee shall distribute an amount or percentage of the trust assets, as provided in the governing instrument of the trust, to the charity named in the governing instrument, and thereafter the trustee shall pay, annually or in more frequent installments, to the survivors for their lives, an annuity amount that in each taxable year of the trust, bears the same ratio to five percent (5%) of the initial net fair market value of the trust assets as the net fair market value of the trust assets valued as of the date of distribution, less the amount or percentage of trust assets distributed to the charity, bears to the net fair market value of the trust assets as of the date of distribution.

(h) Termination of Annuity Amount on Payment Date Preceding Termination of Noncharitable Interest. – If the governing instrument of the trust provides that payment of the annuity amount may terminate with the regular payment preceding the termination of all noncharitable interests, then the trustee must pay to the noncharitable beneficiary during the term of the noncharitable interest the annuity amount, defined in the trust document, in each taxable year of the trust. The obligation of the trustee to pay the annuity amount shall terminate with the payment preceding the death of the noncharitable beneficiary or other event that terminates the noncharitable interest.

(i) Retention of Testamentary Power to Revoke Noncharitable Interest. – If the governing instrument of the trust provides that the settlor of the trust retains the power, exercisable only by will, to revoke or terminate the interest of any recipient other than an organization described in section 170(c) of the Internal Revenue Code, then the trustee shall pay to the settlor during the settlor's life the annuity amount, as defined in the governing instrument of the trust and, upon the death of the settlor, if the noncharitable beneficiary survives the settlor, the trustee must pay to the noncharitable beneficiary during that beneficiary's life the annuity amount equal to the amount paid to the settlor. The settlor shall have the power, exercisable only by will, to revoke and terminate the interest of the noncharitable beneficiary under the trust. Upon the first to occur of (i) the death of the survivor of the settlor and noncharitable beneficiary; or (ii) the death of the settlor if the settlor effectively exercised the settlor's testamentary power to revoke and terminate the interest of the noncharitable beneficiary, the trustee must distribute all of the then principal and income of the trust, other than any amount due the settlor or noncharitable beneficiary, to the charity named in the trust document or, if the governing instrument so provides, the trustee must continue to hold the principal and income in trust for the charity or for
the charitable purposes specified in the trust. No other retained power to terminate an
interest in the trust is effective.

§ 36C-4B-6. Administrative provisions applicable to charitable remainder
unitrusts only.

(a) Creation of Unitrust Amount for a Period of Years or Life. – The trustee shall
pay to the beneficiaries named in the trust investment in each taxable year of the trust
during their lives or, if the governing instrument so provides, for a period not exceeding
20 years, a unitrust amount equal to a fixed percentage, as stated in the governing
instrument of the trust, of the net fair market value of the trust assets valued annually
on the date or by the method designated in the governing instrument of the trust or, if
no date or method is specified, on the date or by the method selected by the trustee in
the trustee’s discretion, so long as the same valuation date or dates or valuation methods
are used each year. The unitrust amount is paid annually or in more frequent equal or
unequal installments if the governing instrument so provides. The unitrust amount is
paid from income and, to the extent that income is not sufficient, from principal. Any
income of the trust for a taxable year in excess of the unitrust amount is added to
principal. The fixed percentage to be paid at least annually to all beneficiaries cannot be
less than five percent (5%).

(b) Unitrust Amount Expressed as the Lesser of Income or a Fixed Percentage. –
If the governing instrument of the trust provides that the trustee shall pay, instead of a
regular unitrust amount (the fixed percentage of the net fair market value of the trust
assets, determined annually), the amount of trust income for the taxable year to the
extent that this amount is not greater than the amount required to be distributed as a
regular unitrust amount for that taxable year or the amount of the trust income for the
taxable year that exceeds the regular unitrust amount for that taxable year to the extent
that the aggregate of the amounts paid in prior years is less than the aggregate of the
regular unitrust amount for those prior years, then the trustee must pay to the
beneficiaries in each taxable year of the trust during their lives, or for a period not
exceeding 20 years if the trust agreement so provides, an amount equal to the lesser of
(i) the trust income for the taxable year, as defined in section 643(b) of the Internal
Revenue Code and the regulations under that section, and (ii) the percentage, as stated
in the governing instrument, of the net fair market value of the trust assets valued as of
the taxable year decreased as elsewhere provided if the taxable year is a short taxable
year or is the taxable year in which the noncharitable interest terminates by death or
otherwise, and increased as elsewhere provided if additional contributions are made in
the taxable year.

If the governing instrument of the trust so provides and if the trust income for any
taxable year exceeds the amount determined under (ii) above, the payment to
beneficiaries also must include the excess income to the extent that the aggregate of the
amounts paid to beneficiaries in prior years is less than the percentage of the aggregate
net fair market value of the trust assets, which percentage is defined in the governing
instrument of the trust, for these years. Payments to beneficiaries must be made
annually or in more frequent equal or unequal installments if the governing instrument
so provides. Any income of the trust in excess of these payments must be added to
principal.

(c) Adjustment for Incorrect Valuation. – If the fiduciary incorrectly determines
the net fair market value of the trust assets for any taxable year, the trustee must, within
a reasonable period after the final determination of the correct value, pay to the
beneficiaries, in the case of an undervaluation, or receive from the beneficiaries, in the
case of an overvaluation, an amount equal to the difference between the unitrust amount properly payable and the unitrust amount actually paid.

(d) Computation of Unitrust Amount in Short and Final Taxable Years. – For a short taxable year and for the taxable year in which the noncharitable beneficiary's interest terminates by death or otherwise, the trustee shall prorate the unitrust amount on a daily basis. If a trust provides for a valuation date other than the first day of the taxable year, and the valuation date does not occur in a taxable year of the trust because the taxable year is either a short taxable year or is the taxable year in which the noncharitable interests terminate, the trust assets must be valued as of the last day of the short taxable year or the day on which the noncharitable interests terminate, as appropriate.

(e) Additional Contributions. – If the governing instrument does not prohibit additional contributions and additional contributions are made to the trust after the initial contribution in the trust, the unitrust amount for the taxable year in which the additional contributions are made must be a fixed percentage, as stated in the governing instrument of the trust, of the sum of (i) the net fair market value of trust assets, excluding the additional contributions and any income from or appreciation of these contributions and (ii) that proportion of the value of the additional contributions excluded under (i) which the number of days in the period beginning with the date of contribution and ending with the earlier of the last day of the taxable year or the day the noncharitable beneficiary's interest terminated bears to the number of days in the period beginning on the first day of the taxable year and ending with the earlier of the last day in the taxable year or the day the noncharitable beneficiary's interest terminated. If no valuation date occurs after the contributions are made, the assets so added are valued as of the time of contribution.

(f) Deferral of Unitrust Amount During Period of Administration or Settlement. – When property passes to the trust at the death of the settlor, the obligation to pay the unitrust amount commences with the date of the settlor's death, but payment of the unitrust amount may be deferred from the date of the settlor's death to the end of the taxable year of the trust in which complete funding of the trust occurs. Within a reasonable time after the end of the taxable year in which the complete funding of the trust occurs, the trustee must pay to the beneficiary, in the case of an underpayment, or must receive from the beneficiary, in the case of an overpayment, the difference between:

1. Any unitrust amounts actually paid, plus interest on those amounts computed at ten percent (10%) a year, compounded annually; and
2. The unitrust amounts payable, determined under the method described in section 1.664-1(a)(5) of the federal income tax regulations, plus interest on those amounts computed at ten percent (10%) a year, compounded annually.

Notwithstanding the foregoing sentence, in computing any underpayment or overpayment of the unitrust amounts, if the governing instrument was executed or last amended before August 9, 1984, and if the governing instrument does not specify that a ten percent (10%) rate of interest shall be used, the underpayment or overpayment of the unitrust amounts shall be computed using an interest rate of six percent (6%) a year, compounded annually.

(g) Unitrust Amount May Be Allocated Among Class of Noncharitable Beneficiaries in Discretion of Trustee. – If the governing instrument of the trust provides that the unitrust amount may be allocated to a class of noncharitable
beneficiaries in the discretion of the trustee, then the trustee must pay, in each taxable year of the trust, the unitrust amount to the member or members of the class of noncharitable beneficiaries in amounts and proportions as the trustee in the trustee's absolute discretion shall from time to time determine until the last of the noncharitable beneficiaries dies. The trustee may pay the unitrust amount to any one member of the class or may apportion it among the various members in a manner that the trustee shall from time to time consider advisable as long as the power to allocate does not cause any person to be treated as the owner of any part of the trust under the rules of section 671 through section 678 of the Internal Revenue Code. If the class provided for in the governing instrument is open, the distribution must be for a period not exceeding 20 years, notwithstanding a provision to the contrary in the trust instrument. If the class provided for in the governing instrument is closed at the creation of the trust, and all members of the class are ascertainable, the distribution may be for the lives of the members of the class or for a period not exceeding 20 years. The trustee shall pay the entire unitrust amount for each taxable year annually and may not delay payment of the unitrust amount.

(h) Reduction of Unitrust Amount if Part of Corpus Is Paid to Charity at Expiration of Term of Years or on Death of a Recipient. – If the governing instrument of the trust provides for the reduction of the unitrust amount if part of the corpus is paid to charity at the expiration of a term of years or upon the death of a recipient, then during the term of years or during the joint lives of the noncharitable beneficiaries the trustee shall, in each taxable year of the trust, pay the total unitrust amount equal to a percentage of the net fair market value of the trust assets valued annually, which shall not be less than five percent (5%). Upon expiration of the term of years or the death of a recipient, the trustee shall distribute an amount or percentage of the trust assets, as provided in the governing instrument of the trust, to the charity named in the governing instrument, and thereafter the trustee shall pay to the survivors for their lives a unitrust amount in each taxable year of the trust equal to at least five percent (5%) (the actual percentage being defined in the trust instrument) of the net fair market value of the remaining trust assets valued annually.

(i) Termination of Unitrust Amount on Payment Date Preceding Termination of Noncharitable Interests. – If the governing instrument of the trust provides that payment of the unitrust amount may terminate with the regular payment preceding the termination of all noncharitable interests, then the trustee must pay the unitrust amount to the noncharitable beneficiary in each taxable year of the trust during the term of the noncharitable interest. The obligation of the trustee to pay the unitrust amount terminates with the payment preceding the termination of the noncharitable interest by death or otherwise. The five percent (5%) requirement provided in subsection (a) of this section shall be met until the termination of all payments of the unitrust amount.

(j) Retention of Testamentary Power to Revoke Noncharitable Interest. – If the governing instrument of the trust provides that the settlor of the trust shall retain the power, exercisable only by will, to revoke or terminate the interest of any recipient other than an organization described in section 170(c) of the Internal Revenue Code, then the trustee must pay the unitrust amount to the settlor during the settlor's life and, upon the death of the settlor, shall pay the unitrust amount to the noncharitable beneficiary during the charitable beneficiary's life, provided the noncharitable beneficiary survives the settlor. The settlor shall have the power, exercisable only by will, to revoke and terminate the interest of the noncharitable beneficiary under the trust. Upon the first to occur of (i) the death of the survivor of the settlor and the noncharitable
beneficiary; or (ii) the death of the settlor if the settlor effectively exercised the testamentary power to revoke and terminate the interest of the noncharitable beneficiary, the trustee shall distribute all of the then principal and income of the trust, other than any amount due the noncharitable beneficiaries, to the charity named in the trust document or, if the governing instrument so provides, the trustee shall continue to hold the principal and income in trust for the charity or for the charitable purposes specified in the trust. No other retained power to terminate an interest in the trust is effective.

§ 36C-4B-7. Interpretation.
This Article shall be interpreted and construed to effectuate its general purpose to cause all charitable remainder annuity trusts and all charitable remainder unitrusts to be administered in accordance with section 2055 and section 2522 of the Internal Revenue Code and the regulations under those sections.

"Article 5.
"Creditors' Claims; Spendthrift and Discretionary Trusts.

§ 36C-5-501. Rights of beneficiary's creditor or assignee.
(a) Except as provided in subsection (b) of this section, the court may authorize a creditor or assignee of the beneficiary to reach the beneficiary's interest by attachment of present or future distributions to or for the benefit of the beneficiary or other means. The court may limit the award to that relief as is appropriate under the circumstances;
(b) This section shall not apply and a trustee shall have no liability to any creditor of a beneficiary for any distributions made to or for the benefit of the beneficiary, to the extent that a beneficiary's interest:
(1) Is subject to a spendthrift provision;
(2) Is a discretionary trust interest as defined in G.S. 36C-5-504(a)(2); or
(3) Is a protective trust interest as described in G.S. 36C-5-508.

§ 36C-5-502. Spendthrift provision.
(a) A spendthrift provision is valid only if it restrains both voluntary and involuntary transfer of a beneficiary's interest.
(b) A term of a trust providing that the interest of a beneficiary is held subject to a "spendthrift trust", or words of similar import, is sufficient to restrain both voluntary and involuntary transfer of the beneficiary's interest.
(c) A beneficiary may not transfer an interest in a trust in violation of a valid spendthrift provision and, except as otherwise provided in this Article, a creditor or assignee of the beneficiary may not reach the interest or a distribution by the trustee before its receipt by the beneficiary.

§ 36C-5-503. Exceptions to spendthrift provision.
(a) As used in this section, the term "child" includes any person for whom an order or judgment for child support has been entered in this or another state.
(b) Even if a trust contains a spendthrift provision, or if the beneficiary's interest is a discretionary trust interest as defined in G.S. 36C-5-504(a)(2) or a protective trust interest as defined in G.S. 36C-5-508, a beneficiary's child who has a judgment or court order against the beneficiary for support or maintenance may obtain from a court an order attaching present or future distributions to or for the benefit of the beneficiary. The court may limit the award to relief that is appropriate under the circumstances.

§ 36C-5-504. Discretionary trusts; effect of standard.
(a) In this section:
(1) "Child" includes any person for whom an order or judgment for child support has been entered in this or another state.
"Discretionary trust interest" means an interest in a trust that is subject to the trustee's discretion, whether or not the discretion is expressed in the form of a standard of distribution. A discretionary trust interest shall include an interest in any one or any combination of the following:

a. A trust in which the amount to be received by the beneficiary, including whether or not the beneficiary, or a class of beneficiaries, is to receive anything at all, is within the discretion of the trustee.

b. A trust in which the trustee has no duty to pay or distribute any particular amount to the beneficiary, but has only a duty to pay or distribute to the beneficiary, or apply on behalf of the beneficiary, those sums that the trustee, in the trustee's discretion, determines are appropriate for the support, education, or maintenance of the beneficiary.

(b) The beneficiary may not transfer a discretionary trust interest. Except as otherwise provided in this Article, a creditor or assignee of a beneficiary may not reach a discretionary trust interest or a distribution by the trustee before its receipt by the beneficiary.

(c) Except as provided in subsection (d) of this section, a creditor of a beneficiary may not compel a distribution from a trust in which the beneficiary has a discretionary trust interest even if the trustee has abused the trustee's discretion.

(d) To the extent that a trustee has not complied with a standard of distribution or has abused a discretion:

(1) A distribution may be ordered by the court to satisfy a judgment or court order against the beneficiary for support or maintenance of the beneficiary's child; and

(2) The court shall direct the trustee to pay to the child an amount that is equitable under the circumstances but not more than the amount the trustee would have been required to distribute to or for the benefit of the beneficiary had the trustee complied with the standard or not abused the discretion.

(e) This section does not limit the right of a beneficiary to maintain a judicial proceeding against a trustee for an abuse of discretion or failure to comply with a standard for distribution.

(f) A creditor may not reach the interest of a beneficiary who is also a trustee or cotrustee, or otherwise compel a distribution, if the trustee's discretion to make distributions for the trustee's own benefit is limited by an ascertainable standard.

§ 36C-5-505. Creditor's claim against settlor.

(a) Whether or not the terms of a trust contain a spendthrift provision or the interest in the trust is a discretionary trust interest as defined in G.S. 36C-504(a)(2) or a protective trust interest as defined in G.S. 36C-5-508, the following rules apply:

(1) During the lifetime of the settlor, the property of a revocable trust is subject to claims of the settlor's creditors.

(2) With respect to an irrevocable trust, a creditor or assignee of the settlor may reach the maximum amount that can be distributed to or for the settlor's benefit. If a trust has more than one settlor, the amount the creditor or assignee of a particular settlor may reach may not exceed
the settlor's interest in the portion of the trust attributable to that settlor's contribution.

(3) After the death of a settlor, and subject to the settlor's right to direct the source from which liabilities will be paid, the property of a trust that was revocable at the settlor's death is subject to claims of the settlor's creditors, costs of administration of the settlor's estate, the expenses of the settlor's funeral and disposal of remains, and statutory allowances to a surviving spouse and children to the extent that the settlor's probate estate is inadequate to satisfy those claims, costs, expenses, and allowances, unless barred by G.S. 28A-19-3.

(b) The lapse, release, or waiver of a power of withdrawal shall not cause the holder to be treated as a settlor of the trust.

"§ 36C-5-506. Overdue distribution.
(a) In this section, "mandatory distribution" means a distribution of income or principal that the trustee is required to make to a beneficiary under the terms of the trust, including a distribution upon termination of the trust. The term excludes a distribution subject to the exercise of the trustee's discretion, regardless of whether the terms of the trust (i) include a support or other standard to guide the trustee in making distribution decisions; or (ii) provide that the trustee "may" or "shall" make discretionary distributions, including distributions under a support or other standard.

(b) Whether or not a trust contains a spendthrift provision, a creditor or assignee of a beneficiary may reach a mandatory distribution of income or principal, including a distribution upon termination of the trust, if the trustee has not made the distribution to the beneficiary within a reasonable time after the designated distribution date.

"§ 36C-5-507. Personal obligations of trustee.
Trust property is not subject to personal obligations of the trustee, even if the trustee becomes insolvent or bankrupt.

"§ 36C-5-508. Protective trusts.
Except with respect to an interest retained by the settlor, a "protective trust interest" means an interest in a trust in which the terms of the trust provide that the interest terminates or becomes discretionary if:

(1) The beneficiary alienates or attempts to alienate that interest; or
(2) Any creditor attempts to reach the beneficiary's interest by attachment, levy, or otherwise; or
(3) The beneficiary becomes insolvent or bankrupt.

"Article 6.

"§ 36C-6-601. Capacity of settlor of revocable trust.
The capacity required to create, amend, revoke, or add property to a revocable trust, or to direct the actions of the trustee of a revocable trust, is the same as that required to make a will.

"§ 36C-6-602. Revocation or amendment of revocable trust.
(a) Unless the terms of a trust expressly provide that the trust is irrevocable, the settlor may revoke or amend the trust without regard to the actual capacity of the settlor. This subsection does not apply to a trust created under an instrument executed before the effective date of this Chapter.

(b) If a revocable trust is created or funded by more than one settlor:
To the extent the trust consists of community property, the trust may be revoked by either spouse acting alone but may be amended only by joint action of both spouses; and

To the extent the trust consists of property other than community property, each settlor may revoke or amend the trust with regard to the portion of the trust property attributable to that settlor's contribution.

The settlor may revoke or amend a revocable trust:

1. By substantial compliance with a method provided in the terms of the trust; or
2. If the terms of the trust do not provide a method or the method provided in the terms is not expressly made exclusive, by:
   a. A later will or codicil that expressly refers to the trust or specifically devises property that would otherwise have passed according to the terms of the trust; or
   b. By oral statement to the trustee if the trust was created orally; or
   c. Any other written method delivered to the trustee manifesting clear and convincing evidence of the settlor's intent.

Upon revocation of a revocable trust, the trustee shall deliver the trust property as the settlor directs.

A settlor's powers with respect to revocation, amendment, or distribution of trust property may be exercised by an agent under a power of attorney only to the extent expressly authorized by the terms of the trust or the power of attorney provided the exercise of the power of revocation or amendment does not alter the designation of beneficiaries to receive property on the settlor's death under the settlor's existing estate plan.

A general guardian or a guardian of the estate of the settlor or, if no general guardian or guardian of the estate has been appointed, a guardian of the person of the settlor may exercise a settlor's powers with respect to revocation, amendment, or distribution of trust property only with the approval of the court supervising the guardianship.

A trustee who does not know that a trust has been revoked or amended is not liable to the settlor or settlor's successors in interest for distributions made and other actions taken on the assumption that the trust had not been amended or revoked.

A person may commence a judicial proceeding to contest the validity of a trust that was revocable at the settlor's death within the earlier of:

1. Three years after the settlor's death; or
2. 120 days after the trustee sent the person a copy of the trust instrument and a notice informing the person of the trust's existence, of the trustee's name and address, and of the time allowed for commencing a proceeding.
Upon the death of the settlor of a trust that was revocable at the settlor's death, the trustee may proceed to distribute the trust property in accordance with the terms of the trust. The trustee is not subject to liability for doing so unless:

1. The trustee knows of a pending judicial proceeding contesting the validity of the trust; or
2. A potential contestant has notified the trustee of a possible judicial proceeding to contest the trust, and a judicial proceeding is commenced within 60 days after the contestant sent the notification.

A beneficiary of a trust that is determined to have been invalid is liable to return any distribution received.

"Article 7
"Office of Trustee.

§ 36C-7-701. Accepting or declining trusteeship.
(a) Except as otherwise provided in subsection (c) of this section, a person designated as trustee accepts the trusteeship:

1. By substantially complying with a method of acceptance provided in the terms of the trust; or
2. If the terms of the trust do not provide a method or the method provided in the terms is not expressly made exclusive, by accepting delivery of the trust property, exercising powers or performing duties as trustee, or otherwise indicating acceptance of the trusteeship.

(b) A person designated as trustee who has not yet accepted the trusteeship may reject the trusteeship. A designated trustee who does not accept the trusteeship within a reasonable time, not to exceed 120 days, after receiving written notice of the trusteeship is considered to have rejected the trusteeship.

(c) A person designated as trustee, without accepting the trusteeship, may:

1. Act to preserve the trust property if, within a reasonable time after acting, the person sends a rejection of the trusteeship to the settlor or, if the settlor is dead or lacks capacity, to a qualified beneficiary; and
2. Inspect or investigate trust property to determine potential liability under environmental or other law or for any other purpose.

§ 36C-7-702. Trustee's bond.
(a) A trustee shall provide bond to secure the performance of the trustee's duties if:

1. The trust instrument was executed before January 1, 2006, unless the terms of the trust instrument provide otherwise;
2. The trust instrument was executed on or after January 1, 2006, but only if the terms of the trust instrument require the trustee to provide bond;
3. A beneficiary requests the trustee to provide bond, and the court finds the request to be reasonable; or
4. The court finds that it is necessary for the trustee to provide bond in order to protect the interests of beneficiaries who are not able to protect themselves and whose interests otherwise are not adequately represented.

However, in no event shall bond be required of a trustee if the governing instrument directs otherwise.

(b) If bond is required, it shall be in a sum of double the value of the personal property to come into the trustee's hands if bond is executed by a personal surety, and in
an amount not less than one and one-fourth times the value of all personal property of the trust estate if the bond is secured by a suretyship bond executed by a corporate surety company authorized by the Commissioner of Insurance to do business in this State, provided that the court, when the value of the personal property exceeds one hundred thousand dollars ($100,000), may accept bond in an amount equal to the value of the personal property plus ten percent (10%) of that value, conditioned upon the faithful performance of the trustee's duties and for the payment to the persons entitled to receive property that may come into the trustee's hands. All bonds executed under this Article shall be filed with the clerk of superior court.

(c) On petition of the trustee or a qualified beneficiary, the court may excuse a requirement of bond, reduce the amount of the bond, release the surety, or permit the substitution of another bond with the same or different sureties.

(d) As provided in G.S. 53-159 and G.S. 53-366(a)(10), banks and trust companies licensed to do trust business in this State need not give bond, even if required by the terms of the trust.

§ 36C-7-703. Cotrustees.

(a) Cotrustees who are unable to reach a unanimous decision may act by majority decision if more than two are serving. Unanimity is required when only two cotrustees are serving.

(b) If a vacancy occurs in a cotrusteeship, the remaining cotrustees may act for the trust and exercise all trustee powers, except those powers that the remaining trustees are prohibited from exercising under the trust instrument or by law.

(c) A cotrustee must participate in the performance of a trustee's function unless the cotrustee is unavailable to perform the function because of absence, illness, disqualification under other law, or other temporary incapacity, or the cotrustee has properly delegated the performance of the function to another trustee.

(d) If a cotrustee is unavailable to perform duties because of absence, illness, disqualification under other law, or other temporary incapacity, and prompt action is necessary to achieve the purposes of the trust or to avoid injury to the trust property, the remaining cotrustee or a majority of the remaining cotrustees may act for the trust.

(e) A trustee may delegate to a cotrustee with the consent of the cotrustee the performance of any function other than those the settlor reasonably expected the trustees to perform jointly. The following functions are not considered to be those that the settlor reasonably expected the trustees to perform jointly:

1. Establish and maintain bank accounts for the trust and issue checks for the trust.
2. Maintain inventories, accountings, and income and expense records of the trust.
3. Enter any safety deposit box rented by the trust.
4. Employ persons as advisors or assistants in the performance of administrative duties, including agents, attorneys, accountants, brokers, appraisers, and custodians.
5. List trust property for taxes and prepare and file tax returns for the trust.
6. Collect and give receipts for claims and debts of the trust.
7. Pay debts, claims, costs of administration, and taxes of the trust.
8. Compromise, adjust, or otherwise settle any claim by or against the trust and release, in whole or in part, a claim belonging to the trust.
9. Have custody of the trust property.
Perform any function relating to investment of trust assets. The list of functions contained in this subsection is not intended to be exclusive of others that may be delegated to a cotrustee in accordance with this subsection.

Except as otherwise provided in subsection (g) of this section, a trustee who does not join in an action of another trustee is not liable for the action.

Each trustee shall exercise reasonable care to:

Avoid enabling a cotrustee to commit a serious breach of trust; and

Compel a cotrustee to redress a serious breach of trust.

Notwithstanding subsection (f) or (g) of this section, a trustee who has not joined in an action approved by a majority of the other trustees is not liable for the action. Notwithstanding subsection (f) or (g) of this section, a dissenting trustee who joins in an action at the direction of the majority of the trustees but who notified in writing any cotrustee of the dissent at or before the time of the action is not liable for the action, unless that trustee had knowledge that the action taken involved intentional misconduct or was taken with an intention to directly or indirectly provide an improper personal benefit to one or more trustees approving the action.

Notwithstanding any other provision of this section to the contrary, if two or more trustees own shares of corporate stock or other securities, their acts with respect to voting shall have the following effect:

If only one votes, in person or by proxy, the act binds all;

If more than one vote, in person or by proxy, the act binds all; and

If more than one vote, in person or by proxy, but the vote is evenly split on any particular matter, each faction is entitled to vote the stock or other securities in question proportionately.

Vacancy in trusteeship; appointment of successor.

A vacancy in a trusteeship occurs if:

A person designated as trustee rejects the trusteeship;

A person designated as trustee cannot be identified or does not exist;

A trustee resigns;

A trustee is disqualified or removed;

A trustee dies; or

A general guardian, guardian of the estate, or guardian of the person is appointed for an individual serving as trustee.

If one or more cotrustees remain in office, a vacancy in a trusteeship need not be filled. A vacancy in a trusteeship must be filled if the trust has no remaining trustee.

A vacancy in a trusteeship of a noncharitable trust that is required to be filled must be filled in the following order of priority:

By a person designated in the terms of the trust or appointed under the terms of the trust to act as successor trustee;

By a person appointed by unanimous agreement of the qualified beneficiaries; or

By a person appointed by the court.

A vacancy in a trusteeship of a charitable trust that is required to be filled must be filled in the following order of priority:

By a person designated in the terms of the trust or appointed under the terms of the trust to act as successor trustee;

By a person selected by majority agreement of the charitable organizations expressly designated to receive distributions under the terms of the trust; or
(3) By a person appointed by the court.

(e) Whether or not a vacancy in a trusteeship exists or is required to be filled, the court may appoint an additional trustee or special fiduciary whenever the court considers the appointment necessary for the administration of the trust.

(f) A successor trustee shall succeed to all the rights, powers, and privileges, and is subject to all the duties, liabilities, and responsibilities that were imposed upon the original trustee, unless a contrary intent appears from the governing instrument or unless the order appointing the successor trustee provides otherwise.

"§ 36C-7-705. Resignation of trustee.

(a) A trustee may resign:

(1) Upon at least 30 days’ notice in writing to the qualified beneficiaries, the settlor, if living, and all cotrustees; or

(2) With the approval of the court.

(b) In approving a resignation, the court may issue orders and impose conditions reasonably necessary for the protection of the trust property.

(c) Any liability of a resigning trustee or of any sureties on the trustee’s bond for acts or omissions of the trustee is not discharged or affected by the trustee’s resignation.

"§ 36C-7-706. Removal of trustee.

(a) For the reasons set forth in subsection (b) of this section, the settlor of an irrevocable trust, a cotrustee of an irrevocable trust, or a beneficiary of an irrevocable trust may request the court to remove a trustee, or a trustee may be removed by the court on its own initiative.

(b) The court may remove a trustee if:

(1) The trustee has committed a serious breach of trust;

(2) Lack of cooperation among cotrustees substantially impairs the administration of the trust;

(3) Because of unfitness, unwillingness, or persistent failure of the trustee to administer the trust effectively, the court determines that removal of the trustee best serves the interests of the beneficiaries; or

(4) There has been a substantial change of circumstances, the court finds that removal of the trustee best serves the interests of all of the beneficiaries and is consistent with a material purpose of the trust, and a suitable cotrustee or successor trustee is available.

(c) Pending a final decision on a request to remove a trustee, or in lieu of or in addition to removing a trustee, the court may order appropriate relief under G.S. 36C-10-1001(b) as may be necessary to protect the trust property or the interests of the beneficiaries.

"§ 36C-7-707. Delivery of property by former trustee.

(a) Unless a cotrustee remains in office or the court otherwise orders, and until the trust property is delivered to a successor trustee or other person entitled to it, a trustee who has resigned or been removed has the duties of a trustee and the powers necessary to protect the trust property.

(b) A trustee who has resigned or been removed shall proceed expeditiously to deliver the trust property within the trustee’s possession to the cotrustee, successor trustee, or other person entitled to it. A former trustee shall execute those documents transferring title to trust property as may be appropriate to facilitate administration of the trust, and in the event that the former trustee fails to do so, the clerk of superior court may order the former trustee to execute those documents, or the clerk of superior court may transfer title.
§ 36C-7-708. Compensation of trustee.
(a) If the terms of a trust do not specify the trustee's compensation, a trustee is entitled to compensation determined in accordance with Article 6 of Chapter 32 of the General Statutes.
(b) If the terms of a trust specify the trustee's compensation, the trustee is entitled to be compensated as specified.

§ 36C-7-709. Reimbursement of expenses.
A trustee is entitled to be reimbursed out of the trust property for expenses properly incurred in the administration of the trust as provided in G.S. 32-58.

Article 8.
"Duties and Powers of Trustee.

§ 36C-8-801. Duty to administer trust.
Upon acceptance of a trusteeship, a trustee shall administer the trust in good faith, in accordance with its terms and purposes and the interests of the beneficiaries, and in accordance with this Chapter.

§ 36C-8-802. Duty of loyalty.
(a) A trustee shall administer the trust solely in the interests of the beneficiaries.
(b) Subject to the rights of persons dealing with or assisting the trustee as provided in G.S. 36C-10-1012, a sale, encumbrance, or other transaction involving the investment or management of trust property entered into by the trustee for the trustee's own personal account, or that is otherwise affected by a conflict between the trustee's fiduciary and personal interests, is voidable by a beneficiary affected by the transaction, without regard to whether the transaction is fair to the beneficiary, unless:

(1) The terms of the trust authorized the transaction;
(2) The court approved the transaction;
(3) The beneficiary did not commence a judicial proceeding within the time allowed by G.S. 36C-10-1005;
(4) The beneficiary consented to the trustee's conduct, ratified the transaction, or released the trustee in compliance with G.S. 36C-10-1009; or
(5) The transaction involves a contract entered into, or claim acquired by, the trustee before the person became or contemplated becoming trustee.

(c) In determining whether a sale, encumbrance, or other transaction involving the investment or management of trust property is affected by a conflict of interest between the trustee's fiduciary and personal interests, the transaction is rebuttably presumed to be affected by a conflict of interest if the trustee enters into the transaction with:

(1) The trustee's spouse or a parent of the trustee's spouse;
(2) The trustee's descendants, siblings, ancestors, or their spouses;
(3) An agent, attorney, employee, officer, director, member, manager, or partner of the trustee, or an entity that controls, is controlled by, or is under common control with the trustee; or
(4) Any other person or entity in which the trustee, or a person that owns a significant interest in the trust, has an interest or relationship that might affect the trustee's best judgment.

(d) A transaction between a trustee and a beneficiary that does not concern trust property, but that occurs during the existence of the trust or while the trustee retains significant influence over the beneficiary, and from which the trustee obtains an
advantage, is voidable by the beneficiary unless the trustee establishes that the
transaction was fair to the beneficiary.

(e) A transaction not concerning trust property in which the trustee engages in
the trustee's individual capacity involves a conflict between personal and fiduciary
interests if the transaction concerns an opportunity properly belonging to the trust.

(f) Notwithstanding subsection (c) of this section:

(1) An investment by a trustee in securities of an investment company,
investment trust, or pooled investment vehicle in which the trustee has
an investment, or to which the trustee, or its affiliate, provides services
is not presumed to be affected by a conflict between personal and
fiduciary interests if the investment otherwise complies with the
prudent investor rule of Article 9 of this Chapter. The investment
company, investment trust, or pooled investment vehicle may
compensate the trustee for providing those services out of fees charged
to the trust if the trustee at least annually notifies the persons entitled
under G.S. 36C-8-813 to receive a copy of the trustee's annual report
of the rate and method by which the compensation was determined;
and

(2) Payment made by a trustee to an attorney, broker, accountant, or agent
for services performed on behalf of the trust in the ordinary course of
business is not considered to be affected by a conflict between the
trustee's personal and fiduciary interests if the payment is consistent
with payments generally made in the community for the same or
similar services.

(g) In voting shares of stock or in exercising powers of control over similar
interests in other forms of enterprise, the trustee shall act in the best interests of the
beneficiaries. If the trust is the sole owner of a corporation or other form of enterprise,
the trustee shall elect to appoint directors or other managers who will manage the
corporation or enterprise in the best interests of the beneficiaries.

(h) This section does not preclude the following transactions, if fair to the
beneficiaries:

(1) An agreement between a trustee and a beneficiary relating to the
appointment or compensation of the trustee;

(2) Payment of reasonable compensation to the trustee;

(3) A transaction between a trust and another trust, decedent's estate, or
guardianship, or similar relationship of which the trustee is a fiduciary
or in which a beneficiary has an interest;

(4) A deposit of trust money in a regulated financial-service institution
operated by the trustee or an affiliate of the trustee; or

(5) An advance by the trustee of money for the protection of the trust.

(i) The court may appoint a special fiduciary to make a decision with respect to
any proposed transaction that might violate this section if entered into by the trustee.

§ 36C-8-803. Impartiality.
If a trust has two or more beneficiaries, the trustee shall act impartially in investing,
managing, and distributing the trust property, giving due regard to the beneficiaries'
respective interests.

§ 36C-8-804. Prudent administration.
A trustee shall administer the trust as a prudent person would, by considering the purposes, terms, distributional requirements, and other circumstances of the trust. In satisfying this standard, the trustee shall exercise reasonable care, skill, and caution.

"§ 36C-8-805. Cost of administration."
In administering a trust, the trustee may incur only costs that are reasonable in relation to the trust property, the purposes of the trust, and the skills of the trustee.

"§ 36C-8-806. Trustee's skills."
A trustee who has special skills or expertise, or is named trustee in reliance upon the trustee's representation that the trustee has special skills or expertise, shall use those special skills or expertise.

"§ 36C-8-807. Delegation by trustee."
(a) A trustee may delegate duties and powers that a prudent trustee of comparable skills could properly delegate under the circumstances. The trustee shall exercise reasonable care, skill, and caution in:

(1) Selecting an agent;
(2) Establishing the scope and terms of the delegation, consistent with the purposes and terms of the trust; and
(3) Periodically reviewing the agent's actions in order to monitor the agent's performance and compliance with the terms of the delegation.

(b) In performing a delegated function, an agent owes a duty to the trust to exercise reasonable care to comply with the terms of the delegation.

(c) A trustee who complies with subsection (a) of this section is not liable to the beneficiaries or to the trust for an action of the agent to whom the function was delegated.

(d) By accepting a delegation of powers or duties from the trustee of a trust that is subject to the law of this State, an agent submits to the jurisdiction of the courts of this State.

"§ 36C-8-808. Powers to direct."
(a) While a trust is revocable, the trustee may follow a direction of the settlor that is contrary to the terms of the trust, even if doing so (i) the trustee exceeds the authority granted to the trustee under the terms of the trust, or (ii) the trustee would otherwise violate a duty the trustee owes under the trust.

(b) If the terms of a trust confer upon a person other than the settlor of a revocable trust power to direct certain actions of the trustee, the trustee must act in accordance with an exercise of the power unless the attempted exercise is manifestly contrary to the terms of the trust, or the trustee knows the attempted exercise would constitute a serious breach of a fiduciary duty that the person holding the power owes to the beneficiaries of the trust.

(c) The terms of a trust may confer upon a trustee or other person a power to direct the modification or termination of the trust.

(d) A person, other than a beneficiary, who holds a power to direct is presumptively a fiduciary who, as such, is required to act in good faith with regard to the purposes of the trust and the interests of the beneficiaries. The holder of a power to direct is liable for any loss that results from breach of a fiduciary duty.

"§ 36C-8-809. Control and protection of trust property."
A trustee shall take reasonable steps to take control of and protect the trust property.

"§ 36C-8-810. Record keeping and identification of trust property."
(a) A trustee shall keep adequate records of the administration of the trust.

(b) A trustee shall keep trust property separate from the trustee's own property.
(c) Except as otherwise provided in subsection (d) of this section, a trustee shall cause the trust property to be designated so that the interest of the trust, to the extent feasible, appears in records maintained by a party other than a trustee or beneficiary.

(d) If the trustee maintains records clearly indicating the respective interests, a trustee may invest as a whole the property of two or more separate trusts.

§ 36C-8-811. Enforcement and defense of claims.

A trustee shall take reasonable steps to enforce claims of the trust and to defend claims against the trust.

§ 36C-8-812. Collecting trust property.

A trustee shall take reasonable steps to compel a former trustee or other person to deliver trust property to the trustee and to redress a breach of trust known to the trustee to have been committed by a former trustee.

§ 36C-8-813. Duty to inform and report.

(a) The trustee is under a duty to a qualified beneficiary to give that beneficiary upon request and at reasonable times complete and accurate information as to the nature and amount of the trust property and to permit the beneficiary, or the beneficiary's representative, to inspect the subject matter of the trust and the accounts and other documents relating to the trust.

(b) Notwithstanding subsection (a) of this section:

(1) The duty of the trustee under subsection (a) of this section shall not include informing any beneficiary in advance of transactions relating to the trust property.

(2) A trustee is considered to have discharged the trustee's duty under subsection (a) of this section as to a qualified beneficiary for matters disclosed by a report sent at least annually and at termination of the trust to the beneficiary that describes the trust property, liabilities, receipts, and disbursements, including the source and amount of the trustee's compensation, and lists the trust assets and their respective market values, including estimated values of assets with uncertain values. No presumption shall arise that a trustee who does not comply with this subdivision failed to discharge the trustee's duty under subsection (a) of this section.

(c) A beneficiary may waive the right to a trustee's report or other information otherwise required to be furnished under this section. With respect to future reports and other information, a beneficiary may withdraw a waiver previously given.

(d) Subsection (b) of this section applies only to a trust created under a trust instrument executed on or after the effective date of this Chapter.

§ 36C-8-814. Discretionary powers; tax savings.

(a) Notwithstanding the breadth of discretion granted to a trustee in the terms of the trust, including the use of terms such as "absolute", "sole", or "uncontrolled", a trustee abuses the trustee's discretion in exercising or failing to exercise a discretionary power if the trustee acts with bad faith, acts dishonestly, acts with an improper motive, even though not a dishonest motive, or if the trustee fails to use the trustee's judgment in accordance with the terms and purposes of the trust and the interests of the beneficiaries.

(b) Subject to subsection (d) of this section, and unless the terms of the trust expressly indicate that a rule in this subsection does not apply:

(1) A person other than a settlor who is a beneficiary and trustee of a trust that confers on the trustee a power that would, except for this
subsection, constitute in whole or in part a general power of appointment may not exercise that power in favor of the trustee/beneficiary, the trustee/beneficiary's estate, the trustee/beneficiary's creditors, or the creditors of the trustee/beneficiary's estate.

(2) Notwithstanding subdivision (1) of this subsection, if the trust confers on the trustee the power to make discretionary distributions to or for the trustee's personal benefit, the trustee may exercise the power in accordance with an ascertainable standard.

(3) The trustee may not exercise a power to make discretionary distributions to satisfy a legal obligation of support that the trustee personally owes another person.

For purposes of this subsection, a "general power of appointment" means any power that would cause the income to be taxed to the trustee in his individual capacity under section 678 of the Internal Revenue Code and any power that would be a general power of appointment, in whole or in part, under section 2041(b)(1) or section 2514(c) of the Internal Revenue Code.

(c) A power whose exercise is limited or prohibited by subsection (b) of this section may be exercised by a majority of the remaining trustees whose exercise of the power is not so limited or prohibited. If the power of all trustees is so limited or prohibited, the court may appoint a special fiduciary with authority to exercise the power.

(d) Subsection (b) of this section does not apply to:

(1) A power held by the settlor's spouse who is the trustee of a trust for which a marital deduction, as defined in section 2056(b)(5) or section 2523(e) of the Internal Revenue Code, was previously allowed;

(2) Any trust during any period that the trust may be revoked or amended by its settlor; or

(3) A trust, if contributions to the trust qualify for the annual exclusion under section 2503(c) of the Internal Revenue Code.

(e) If a trust created under a will or trust instrument for the benefit of the spouse of the settlor of the trust, other than a trust that provides that upon the termination of the income interest that the entire remaining trust estate be paid to the estate of the spouse, requires that all the income of the trust be paid not less frequently than annually to the spouse and a federal estate or gift tax marital deduction is claimed with respect to the trust, then, unless the trust instrument specifically provides otherwise by reference to this section, any investment in or retention of unproductive property as an asset of the trust is subject to the power of the spouse to require either that the asset be made productive of income, or that it be converted to assets productive of income, within a reasonable period of time.

§ 36C-8-815. General powers of trustee.

(a) A trustee, without authorization by the court, may exercise:

(1) Powers conferred by the terms of the trust; or

(2) Except as limited by the terms of the trust:

a. All powers over the trust property that an unmarried competent owner has over individually owned property;

b. Any other powers appropriate to achieve the proper investment, management, administration, or distribution of the trust property; and
c. Any other powers conferred by this Chapter.

(b) The exercise of a power is subject to the fiduciary duties prescribed by this Article.

§ 36C-8-816. Specific powers of trustee.

(1) Collect and control trust property and accept or reject additions to the trust property from a settlor or any other person;

(7) With respect to stocks or other securities, exercise the rights of an absolute owner, including the right to:
   a. Vote, or give general or limited proxies to vote, with or without power of substitution, or enter into or continue a voting trust agreement, or execute waivers, consents, or objections with respect to those securities;

(11) Insure the property of the trust against damage or loss and insure the trustee, the trustee's agents, and beneficiaries against liability arising from the administration of the trust at the expense of the trust;

(12) Abandon, relinquish any or all rights to, or decline to administer property of no value or of insufficient benefit or value to the trust to justify its collection or continued administration;

(13) With respect to possible liability for violation of environmental law:
   a. Inspect or investigate property the trustee holds or has been asked to hold, or property owned or operated by an organization in which the trustee holds or has been asked to hold an interest, for the purpose of determining the application of environmental law with respect to the property;
   b. Take action to prevent, abate, or otherwise remedy any actual or potential violation of any environmental law affecting property held directly or indirectly by the trustee, whether taken before or after the assertion of a claim or the initiation of governmental enforcement;
   c. Decline to accept property into trust or disclaim any power with respect to property that is or may be burdened with liability for violation of environmental law;
   d. Compromise claims against the trust that may be asserted for an alleged violation of environmental law; and

(19c) Guarantee loans made by others to a proprietorship, partnership, limited liability company, business trust, corporation, venture, agricultural operation, or other form of business or enterprise in which the trust has an ownership interest.
(20) Appoint a trustee to act in another jurisdiction with respect to trust property located in the other jurisdiction, confer upon the appointed trustee all of the powers and duties of the appointing trustee, limit those powers the appointed trustee may exercise and the duties for which the appointed trustee is responsible, require that the appointed trustee furnish security, and remove any trustee so appointed;
(21) Pay an amount distributable to a beneficiary who is under a legal disability or who the trustee reasonably believes is incapacitated, by paying it directly to the beneficiary or applying it for the beneficiary's benefit, or by:

   b. Paying it to a custodian under a uniform transfer to minors act or custodial trustee under a uniform custodial trust act and, for that purpose, creating a custodianship or custodial trust for the benefit of the beneficiary;
   c. Paying it to an adult relative or other person having legal or physical care or custody of the beneficiary, to be expended on the beneficiary's behalf; or
   d. Managing it as a separate fund on the beneficiary's behalf.
A trustee making payments under this subdivision does not have any duty to see to the application of the payments so made, if the trustee exercised due care in the selection of the person, including the minor or incompetent, to whom the payments were made, and the receipt of that person shall be full acquittance to the trustee:
On distribution of trust property or the division or termination of a trust, make distributions in divided or undivided interests, allocate particular assets in proportionate or disproportionate shares without regard to the income tax basis or other special tax attributes of the assets, as the trustee finds to be most practicable and for the best interests of the distributees, value the trust property for those purposes, and adjust for resulting differences in valuation; and to distribute trust property in kind or in cash, or partially in kind and partially in cash, in divided or undivided interests;

(b) The prudent investor rule is a default rule and may be expanded, restricted, eliminated, or otherwise altered by the provisions of a trust that govern or direct investments in a manner inconsistent with this Article. A trustee is not liable to a beneficiary to the extent that the trustee acted in reasonable reliance on the terms of the trust.

This Article also applies where a trust contains no investment standard.

§ 36C-9-902. Standard of care; portfolio strategy; risk and return objectives.

(b) A trustee's investment and management decisions respecting individual assets must be evaluated not in isolation but in the context of the trust portfolio as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the trust.

(c) Among circumstances that a trustee shall consider in investing and managing trust assets are any of the following that are relevant to the trust or its beneficiaries:
   (1) General economic conditions;
   (2) The possible effect of inflation or deflation;
(3) The expected tax consequences of investment decisions or strategies;
(4) The role that each investment or course of action plays within the overall trust portfolio, which may include financial assets, interests in closely held enterprises, tangible and intangible personal property, and real property;
(5) The expected total return from income and the appreciation of capital;
(6) Other resources of the beneficiaries known to the trustee;
(7) Needs for liquidity, regularity of income, and preservation or appreciation of capital; and
(8) An asset's special relationship or special value, if any, to the purposes of the trust or to one or more of the beneficiaries.

(d) A trustee shall make a reasonable effort to verify facts relevant to the investment and management of trust assets.

(e) A trustee may invest in any kind of property or type of investment consistent with the standards of this Article.

"§ 36C-9-904. Duties at inception of trusteeship.
Within a reasonable time after accepting a trusteeship or receiving trust assets, a trustee shall review the trust assets and make and implement decisions concerning the retention and disposition of assets in order to bring the trust portfolio into compliance with the purposes, terms, distribution requirements, and other circumstances of the trust and with the requirements of this Chapter.

"§ 36C-9-905. Reviewing compliance.
Compliance with the prudent investor rule is determined in light of the facts and circumstances existing at the time of a trustee's decision or action and not by hindsight.

"§ 36C-9-906. Effect on charitable remainder trusts.
Nothing in this Article shall prevent the application of Article 4B of this Chapter to a "charitable remainder trust" as defined in G.S. 36C-4B-3(1).

This Article may be cited as the "North Carolina Uniform Prudent Investor Act."

"Article 10.

(b) To remedy a breach of trust that has occurred or may occur, the court may:

Order any other appropriate relief.

c) The court may, for cause shown, relieve a trustee from liability for any breach of trust, or wholly or partly excuse a trustee who has acted honestly and reasonably from liability for a breach of trust.

§ 36C-10-1002. Damages for breach of trust.

(a) A trustee who commits a breach of trust is liable for the greater of:

(1) The amount required to restore the value of the trust property and trust distributions to what they would have been had the breach not occurred; or

(2) The profit the trustee made by reason of the breach.

(b) Except as otherwise provided in this subsection, if more than one trustee is liable to the beneficiaries for a breach of trust, a trustee is entitled to contribution from the other trustee or trustees. A trustee is not entitled to contribution if the trustee was substantially more at fault than another trustee or if the trustee committed the breach of trust in bad faith or with reckless indifference to the purposes of the trust or the interests of the beneficiaries. A trustee who received a benefit from the breach of trust is not entitled to contribution from another trustee to the extent of the benefit received.

§ 36C-10-1003. Liability in absence of breach.

(a) A trustee is accountable for any profit made by the trustee arising from the administration of the trust, even absent a breach of trust. Nothing in this section limits a trustee’s right to compensation under G.S. 36C-7-708 or payments allowed under G.S. 36C-8-802(f).

(b) Absent a breach of trust, a trustee is not liable for a loss or depreciation in the value of trust property or for not having made a profit.

§ 36C-10-1004. Attorneys’ fees and costs.

In a judicial proceeding involving the administration of a trust, the court may award costs and expenses, including reasonable attorneys’ fees, as provided in the General Statutes.

§ 36C-10-1005. Limitation of action against trustee.

(a) No proceeding against a trustee for breach of trust may be commenced more than five years after the first to occur of: (i) the removal, resignation, or death of the trustee; (ii) the termination of the beneficiary’s interest in the trust; or (iii) the termination of the trust.

(b) Except as provided in subsection (a) of this section, Chapter 1 of the General Statutes governs the limitations of actions on judicial proceedings involving trusts.

§ 36C-10-1006. Reliance on trust instrument.

A trustee who acts in reasonable reliance on the terms of the trust as expressed in a trust instrument is not liable for a breach of trust to the extent that the breach resulted from the reliance.

§ 36C-10-1007. Event affecting administration or distribution.

If the happening of an event, including marriage, divorce, performance of educational requirements, or death, affects the administration or distribution of a trust, a trustee who has exercised reasonable care to ascertain the happening of the event is not liable for a loss resulting from the trustee’s lack of knowledge.

§ 36C-10-1008. Exculpation of trustee.
A term of a trust relieving a trustee of liability for breach of trust is unenforceable to the extent that it relieves the trustee of liability for breach of trust committed in bad faith or with reckless indifference to the purposes of the trust or the interests of the beneficiaries.

§ 36C-10-1009. Beneficiary's consent, release, or ratification.
(a) A trustee is not liable to a beneficiary for breach of trust if the beneficiary consented to the conduct constituting the breach, released the trustee from liability for the breach, or ratified the transaction constituting the breach, unless:
   (1) The consent, release, or ratification of the beneficiary was induced by improper conduct of the trustee; or
   (2) At the time of the consent, release, or ratification, the beneficiary did not have knowledge of the beneficiary's rights or of the material facts relating to the breach.
(b) No consideration is required for the consent, release, or ratification to be valid.

§ 36C-10-1010. Limitation on personal liability of trustee.
(a) Except as otherwise provided in the contract, a trustee is not personally liable on a contract properly entered into in the trustee's fiduciary capacity in the course of administering the trust if the trustee in making the contract disclosed the fiduciary capacity. The addition of the phrase "trustee" or "as trustee" or a similar designation to the signature of a trustee on a written contract is considered prima facie evidence of a disclosure of fiduciary capacity.
(b) A trustee is personally liable for torts committed in the course of administering a trust, or for obligations arising from ownership or control of trust property, including liability for violation of environmental law, only if the trustee is personally at fault.
(c) A claim based on a contract entered into by a trustee in the trustee's fiduciary capacity, on an obligation arising from ownership or control of trust property, or on a tort committed in the course of administering a trust, may be asserted in a judicial proceeding against the trustee in the trustee's fiduciary capacity, whether or not the trustee is personally liable for the claim. Any judgment rendered in favor of a claimant in such a judicial proceeding against a trust may be recovered from the trust property without proof that the trustee could have obtained reimbursement from the trust if the trustee had paid the claim.
(d) A trustee is entitled to indemnity from the trust for any claim, other than a breach of trust, for which the trustee is liable:
   (1) If the claim arose from a common incident of activity in which the trustee was properly engaged for the trust;
   (2) If the trustee was not personally at fault; or
   (3) To the extent that the trustee's actions increased the value of trust property.
(e) A decision by a trustee not to inspect property, or to decline to accept property, shall not create any inference as to liability, under any environmental law, with respect to that property. A trustee shall have no liability for a decrease in value of property in a trust by reason of the trustee's compliance with any environmental law, including reporting requirements.

§ 36C-10-1011. Interest as general partner.
(a) Except as otherwise provided in subsection (c) of this section or unless personal liability is imposed in the contract, a trustee who holds, in a fiduciary capacity,
an interest as a general partner in a general or limited partnership is not personally liable on a contract entered into by the partnership if the fiduciary capacity was disclosed. The addition of the phrase "trustee" or "as trustee" or a similar designation to the signature of a trustee on a written partnership document is considered prima facie evidence of a disclosure of fiduciary capacity.

(b) A trustee who holds, in a fiduciary capacity, an interest as a general partner is not personally liable for torts committed by the partnership or for obligations arising from ownership or control of the interest unless the trustee is personally at fault. This subsection does not apply to additional ownership interests of the trustee held in a nonfiduciary capacity.

(c) If the settlor transfers an existing general partnership interest to a revocable trust, the settlor remains personally liable for partnership obligations as if the settlor were a general partner.

§ 36C-10-1012. Protection of person dealing with trustee.

(a) A person other than a beneficiary who in good faith assists a trustee, or who in good faith and for value deals with a trustee, without knowledge that the trustee is exceeding or improperly exercising the trustee's powers, is protected from liability as if the trustee properly exercised the power.

(b) A person other than a beneficiary who in good faith deals with a trustee is not required to inquire into the extent of the trustee's powers or the propriety of their exercise.

(c) A person who in good faith delivers assets to a trustee need not ensure their proper application.

(d) A person other than a beneficiary who in good faith assists a former trustee, or who in good faith and for value deals with a former trustee, without knowledge that the trusteeship has terminated is protected from liability as if the former trustee were still a trustee.

(e) Comparable protective provisions of other laws relating to commercial transactions or transfer of securities by fiduciaries prevail over the protection provided by this section.

(f) A person is not required to obtain a certification under G.S. 36C-10-1013 in order to be entitled to the protections of this section.

§ 36C-10-1013. Certification of trust.

(a) Instead of furnishing a copy of the trust instrument to a person other than a beneficiary, the trustee may furnish to the person a certification of trust containing the following information:

(1) The existence of the trust and the date the trust instrument was executed;

(2) The identity of the settlor, unless withheld under a provision in the trust instrument;

(3) The identity and address of the currently acting trustee;

(4) The powers of the trustee;

(5) The revocability or irrevocability of the trust and the identity of any person holding a power to revoke the trust;

(6) The authority of cotrustees to sign or otherwise authenticate and whether all or less than all are required in order to exercise powers of the trustee;

(7) The trust's taxpayer identification number; and

(8) The manner of taking title to trust property.
Any trustee may sign or otherwise authenticate a certification of trust.

A certification of trust must state that the trust has not been revoked, modified, or amended in any manner that would cause the representations contained in the certification of trust to be incorrect.

A certification of trust need not contain the dispositive terms of a trust.

A recipient of a certification of trust may require the trustee to furnish copies of those excerpts from the original trust instrument and later amendments that designate the trustee and confer upon the trustee the power to act in the pending transaction.

A person who acts in reliance upon a certification of trust without knowledge that the representations contained in the certification are incorrect is not liable to any person for so acting and may assume without inquiry the existence of the facts contained in the certification. Knowledge of the terms of the trust may not be inferred solely from the fact that the person relying upon the certification holds a copy of all or part of the trust instrument.

A person who in good faith enters into a transaction in reliance upon a certification of trust may enforce the transaction against the trust property as if the representations contained in the certification were correct.

A person making a demand for the trust instrument in addition to a certification of trust or excerpts is liable for damages if the court determines that the person did not act in good faith in demanding the trust instrument.

This section does not limit the right of a person to obtain a copy of the trust instrument in a judicial proceeding concerning the trust.

In transactions involving real property, a person who acts in reliance upon a certification of trust may require that the certification of trust be executed and acknowledged in a manner that will permit its registration in the office of the register of deeds in the county where the real property is located. The certification of trust need not contain the trust's taxpayer identification number if that taxpayer identification number is also the social security number of a grantor. However, the trust's taxpayer identification number shall be certified by the trustee to the person acting in reliance upon the certification of trust in a manner reasonably satisfactory to that person.

"Article 11.

"§ 36C-11-1101. Uniformity of application and construction.

In applying and construing this Chapter, consideration may be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

"§ 36C-11-1102. Electronic records and signatures.

The provisions of this Chapter governing the legal effect, validity, or enforceability of electronic records or electronic signatures, and of contracts formed or performed with the use of those records or signatures, conform to the requirements of section 102 of the Electronic Signatures in Global and National Commerce Act (15 U.S.C. § 7002) and supersede, modify, and limit the requirements of the Electronic Signatures in Global and National Commerce Act.

"§ 36C-11-1103. Severability clause.

If any provision of this Chapter or its application to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of this Chapter that can be given effect without the invalid provision or application, and to this end the provisions of this Chapter are severable."
SECTION 3. The General Statutes are amended by adding a new Chapter to read:

"Chapter 36D.

North Carolina Community Trust for Persons With Severe Chronic Disabilities.

§ 36D-1. Title; findings.

(a) This Article shall be known and may be cited as the "North Carolina Community Trust for Persons With Severe Chronic Disabilities Act".

(b) The General Assembly finds that it is in the public interest to encourage activities by voluntary associations and private citizens that will supplement and augment those services provided by local, State, and federal government agencies in discharge of their responsibilities toward individuals with severe chronic disabilities. The General Assembly further finds that, as a result of changing social, economic, and demographic trends, families of persons with severe chronic disabilities are increasingly aware of the need for a vehicle by which they can assure ongoing individualized personal concern for a severely disabled family member who may survive that disabled person's parents or other family members, and provide for the efficient management of small legacies or trust funds to be used for the benefit of that disabled person. In a number of other states, voluntary associations have established foundations or trusts intended to be responsive to these concerns. Therefore, the General Assembly finds that North Carolina will benefit by the enactment of enabling legislation expressly authorizing the formation of community trusts in accordance with criteria set forth by statute and administered by the Secretary of State, under Chapter 55A of the General Statutes. These community trusts permit the pooling of resources contributed by families or persons with philanthropic intent, along with the reservation of portions of these funds for the use and benefit of designated beneficiaries.

(c) This Article shall be liberally construed and applied to promote its underlying purposes and policies, which are, among others, to:

(1) Encourage the orderly establishment of community trusts for the benefit of persons with severe chronic disabilities;

(2) Ensure that community trusts are administered properly and that the managing boards of the trusts are free from conflicts of interest;

(3) Facilitate sound administration of trust funds for persons with severe chronic disabilities by allowing family members and others to pool resources in order to make professional management investment more efficient;

(4) Provide parents of persons with severe chronic disabilities peace of mind in knowing that a means exists to ensure that the interests of their children who have severe chronic disabilities are properly looked after and managed after the parents die or become incapacitated;

(5) Help make guardians available for persons with severe chronic disabilities who are incompetent, when no other family member is available for this purpose;

(6) Encourage the availability of private resources to purchase for persons with severe chronic disabilities goods and services that are not available through any governmental or charitable program and to conserve these resources by limiting purchases to those that are not available from other sources;

(7) Encourage the inclusion, as beneficiaries of community trusts, of persons who lack resources and whose families are indigent, in a way
that does not diminish the resources available to other beneficiaries whose families have contributed to the trust; and

(8) Remove the disincentives that discourage parents and others from setting aside funds for the future protection of persons with severe chronic disabilities by ensuring that the interest of beneficiaries in community trusts are not considered assets or income that would disqualify them from any governmental or charitable entitlement program with an economic means test.

As used in this Article, unless the context clearly requires otherwise:

(1) "Beneficiary" means any person with a severe chronic disability who has qualified as a member of the community trust program and who has the right to receive those services and benefits vested with the management of the business and affairs of a corporation, formed for the purpose of managing a community trust, irrespective of the name by which the group is designated.

(2) "Community trust" means a nonprofit organization that offers the following services:
   a. Administration of special trust funds for persons with severe chronic disabilities;
   b. Follow along services;
   c. Guardianship for persons with severe chronic disabilities who are incompetent, when no other family member or immediate friend is available for this purpose; and
   d. Advice and counsel to persons who have been appointed as individual guardians of the persons or estates of persons with severe chronic disabilities.

(3) "Follow along services" means (i) those services offered by community trusts that are designed to ensure that the needs of each beneficiary are being met for as long as may be required and may include periodic visits to the beneficiary and to the places where the beneficiary receives services, (ii) participation in the development of individualized plans being made by service providers for the beneficiary, and (iii) other similar services consistent with the purposes of this Article.

(4) "Severe chronic disability" means a physical or mental impairment that is expected to give rise to a long-term need for specialized health, social, and other services, and that makes the person with the disability dependent upon others for assistance to secure these services.

(5) "Trustee" means any member of the board of a corporation, formed for the purpose of managing a community trust, whether that member is designated as a trustee, director, manager, governor, or by any other title.

(6) "Surplus trust funds" means funds accumulated in the trust from contributions made on behalf of an individual beneficiary that, after the death of the beneficiary, are determined by the board to be in excess of the actual cost of providing services during the beneficiary's lifetime, including the beneficiary's share of administrative costs.

"§ 36D-3. Scope."
This Article applies to every community trust established in this State. In addition to meeting the other requirements of this Article, every board that administers a community trust shall incorporate as a nonprofit corporation under Chapter 55A of the General Statutes. Except as otherwise provided in this Chapter, Chapter 55A of the General Statutes applies to community trusts.

§ 36D-4. Administration; powers and duties.

(a) Every community trust shall be administered by a board. The board shall be comprised of no less than nine and no more than 21 members, at least one-third of whom are parents or relatives of persons with severe chronic disabilities. No board member shall be a provider of habilitative, health, social, or educational services to persons with severe chronic disabilities or an employee of such a service provider. The board may, however, allow service providers to serve on the board in an advisory capacity. Board members shall be selected, to the maximum extent possible, from geographic areas throughout the area served by the trust.

The certificate of incorporation filed with the Secretary of State under Chapter 55A of the General Statutes shall, in addition to the requirements set forth in that Chapter, demonstrate that the requirements of this section have been met.

(b) Notwithstanding any other law, no trustee may be compensated for services provided as a member of the board of a community trust. No fees or commissions shall be paid to these trustees; however, a trustee may be paid for necessary expenses incurred by the trustee and may receive indemnification as permitted under Chapter 55A of the General Statutes.

(b) For every community trust incorporated under this Article, the corporation itself is considered the trustee of any funds administered by it. No individual board member is considered to be trustee of any fund deposited on behalf of any individual beneficiary with severe chronic disabilities.

(c) The board shall adopt bylaws that include a declaration delineating the primary geographic area serviced by the trust and the principal services to be provided. The board shall file the bylaws with the Secretary of State.

(d) The board may retain paid staff as it considers necessary to provide follow along services to the extent required by each beneficiary. The community trust may authorize the expenditure of funds for any goods or services, including recreational services, which the board, in its sole discretion, determines will promote the well-being of any beneficiary. The community trust may pay for the burial of any beneficiary. The community trust, however, may not expend funds for any goods or services of comparable quality to those available to any particular beneficiary through any governmental or charitable program, insurance, or other sources. The community trust may expend funds to meet the reasonable costs of administering the community trust.

(e) The community trust is not required to provide services to a beneficiary who is a competent adult and who has refused to accept the services. Further, the community trust shall not provide services of a nature or in a manner that would be contrary to the public policy of this State at the time the services are to be provided. In either case, the community trust may offer alternate services that are consistent with the purposes of this Article and in keeping with the best interests of the beneficiary.

(f) The community trust may accept appointment as guardian of the person, guardian of the estate, or guardian of both on behalf of any beneficiary. If the community trust accepts appointment as guardian of the person of an individual, it shall assign a staff member to carry out its responsibilities as the guardian. The
community trust may, upon request, offer consultative and professional assistance to an individual, private or public guardian of any of its beneficiaries.

(g) The community trust may accept contributions, bequests, and designations under life insurance policies to the community trust on behalf of individuals with severe chronic disabilities for the purpose of qualifying them as beneficiaries.

(h) At the time a contribution, bequest, or assignment of insurance proceeds is made, the trustor shall receive a written statement of the services to be provided to the beneficiary. The statement shall include a starting date for the delivery of services or the condition precedent, such as the death of the trustor, which shall determine the starting date. The statement shall describe the frequency with which services shall be provided and their duration, and the criteria or procedures for modifying the program of services from time to time in the best interests of the beneficiary.

"§ 36D-5. Accountability.

Along with the annual report filed with the Secretary of State under Chapter 55A of the General Statutes, the community trust shall file an itemized statement that shows the funds collected for the year, income earned, salaries, other expenses incurred, and the opening and final trust balances. A copy of this statement shall be made available, upon request, to any beneficiary, trustor, or designee of the trustor. In addition, once annually, each trustor or the trustor's designee shall receive a detailed individual statement of the services provided to the trustor's beneficiary during the previous 12 months and the services to be provided during the following 12 months. The community trust shall make a copy of the individual statement available to any beneficiary, upon request.

The community trust may accept gifts and use surplus trust funds for the purpose of qualifying as beneficiary any indigent person whose family members lack the resources to make a full contribution on that person's behalf. The extent and character of the services and selection of beneficiaries are at the discretion of the community trust. The community trust may not use surplus trust funds to make any charitable contribution on behalf of any beneficiary or any group or class of beneficiaries. The community trust may accept gifts to meet start-up costs, reduce the charges to the trust for the cost of administration, and for any other purpose that is consistent with this Article. Gifts made to the trust for an unspecified purpose shall be used by the community trust either to qualify indigent persons whose families lack the means to qualify them as beneficiaries of the trust or to meet any start-up costs that the trust incurs.

"§ 36D-7. Special requests on behalf of beneficiary.

The community trust may agree to fulfill any special requests made on behalf of a beneficiary as long as the requests are consistent with this Article and provided that an adequate contribution has been made for this purpose on behalf of a beneficiary. The community trust may agree to serve as trustee for any individual trust created on behalf of a beneficiary, regardless of whether the trust is revocable or irrevocable, has one or more remaindermen or contingent beneficiaries, or any other condition, so long as the individual trust is consistent with the purposes of this Article.

"§ 36D-8. Irrevocability; impossibility of fulfillment.

A community trust for persons with severe chronic disabilities is irrevocable, but the trustees in their sole discretion may provide compensation for any contribution to the trust to any trustee who, upon good cause, withdraws a beneficiary designated by the trustee from the trust, or if it becomes impossible to fulfill the conditions of the trust with regard to an individual beneficiary for reasons other than the death of the beneficiary.

Notwithstanding any provisions of Chapter 108A of the General Statutes, the beneficiary's interest in any community trust is not considered to be an asset for the purpose of determining income eligibility for any publicly operated program, nor shall that interest be reached in satisfaction of a claim for support and maintenance of the beneficiary. No agency shall reduce the benefits of services available to any individual because that person is the beneficiary of a community trust.

"§ 36D-10. Trust not subject to law against perpetuities; restraints on alienation.

A community trust shall not be subject to or held to be in violation of any principle of law against perpetuities or restraints on alienation or perpetual accumulations of trusts.

"§ 36D-11. Settlement; trustee limitations.

The community trust shall settle a community trust by filing a final accounting in the superior court. In addition, at any time before the settlement of the final account, the community trust, the Secretary of State, or the Attorney General may bring an action for the dissolution of a nonprofit corporation in the superior court for the purpose of terminating the trust or merging it with another charitable trust.

No trustee or any private individual is entitled to share in the distribution of any of the trust assets upon dissolution, merger, or settlement of the community trust. Upon dissolution, merger, or settlement, the superior court shall distribute all of the remaining net assets of the community trust in a manner that is consistent with the purposes of this Article."

SECTION 4. G.S. 32-28 and G.S. 32-34 are repealed.

SECTION 5. G.S. 28A-13-6 reads as rewritten:

"§ 28A-13-6. Exercise of powers of joint personal representatives by one or more than one.

(a) As used in this section, the term "personal representatives" includes testamentary trustees.

(b) If a will expressly makes provision for the execution of any of the powers of personal representatives by all of them or by any one or more of them, the provisions of the will govern.

(c) If there is no governing provision in the will, personal representatives may, by written agreement signed by all of them and filed with and approved by the clerk of superior court of the county in which such personal representatives qualified, provide that any one or more of the following powers of personal representatives may be exercised by any designated one or more of them:

1. Open bank accounts and draw checks thereon;
2. Subject to the provisions of G.S. 105-24, enter any safe deposit box of the deceased or any safe deposit box rented by the personal representative or representatives;
3. Employ attorneys and accountants;
4. List property for taxes and prepare and file State, municipal and county tax returns;
5. Collect claims and debts due the estate and give receipts therefor;
6. Pay claims against and debts of the estate;
7. Compromise claims in favor of or against the estate;
8. Have custody of property of the estate.
If there is no governing provision in the will, personal representatives may, by written agreement signed by all of them and filed with and approved by the clerk of superior court of the county in which the personal representatives qualified, provide that any designated one or more of the personal representatives may exercise one or more of the following powers:

1. Establish and maintain bank accounts for the trust and issue checks for the estate.
2. Maintain inventories, accountings, and income and expense records of the estate.
3. Enter any safety deposit box rented by the estate.
4. Employ persons as advisors or assistants in the performance of administrative duties, including agents, attorneys, accountants, brokers, appraisers, and custodians.
5. List estate property for taxes and prepare and file tax returns for the trust.
6. Collect and give receipts for claims and debts of the estate.
7. Compromise, adjust, or otherwise settle any claim by or against the trust and release, in whole or in part, a claim belonging to the estate.
8. Pay debts, claims, costs of administration, and taxes of the estate.
9. Have custody of the estate property.
10. Perform any function relating to investment of estate assets.

Subject to subsection (b) of this section, if two or more personal representatives own shares of corporate stock or other securities, their acts with respect to voting shall have the following effect:

1. If only one votes, in person or by proxy, his act binds all;
2. If more than one vote, in person or by proxy, the act of the majority so voting binds all;
3. If more than one vote, in person or by proxy, but the vote is evenly split on any particular matter, each faction is entitled to vote the stock or other securities in question proportionately.

Subject to the provisions of subsections (b), (c), and (d) of this section, all other acts and duties must be performed by both of the personal representatives if there are two, and by a majority of them if there are more than two. No personal representative who has not joined in exercising a power shall be liable for the consequences of such exercise, nor shall a dissenting personal representative be liable for the consequences of an act in which he joins, unless he has expressed his dissent in writing to any other personal representative at or before the time of such joinder.

(f) No personal representative shall be relieved of liability on his bond or otherwise by entering into any agreement under this section.

SECTION 6. The Revisor of Statutes shall cause to be printed along with this act all relevant portions of the Official Commentary to the Uniform Trust Code and all explanatory comments of the drafters of this act as the Revisor may deem appropriate.

SECTION 7.(a) Section 2 of this act becomes effective January 1, 2006, and except as otherwise provided in Chapter 36C of the General Statutes, as enacted by Section 2 of this act, applies to (i) all trusts created before, on, or after that date; (ii) all
judicial proceedings concerning trusts commenced on or after that date; and (iii) judicial proceedings concerning trusts commenced before that date unless the court finds that application of a particular provision of Chapter 36C of the General Statutes would substantially interfere with the effective conduct of the judicial proceedings or prejudice the rights of the parties, in which case the particular provision of Chapter 36C of the General Statutes does not apply and the superseded law applies.

Except as otherwise provided in Chapter 36C of the General Statutes, as enacted by Section 2 of this act, any rule of construction or presumption provided in Chapter 36C of the General Statutes applies to trust instruments executed before the effective date of Section 2 of this act unless there is a clear indication of a contrary intent in the terms of the trust or unless application of that rule of construction or presumption would impair substantial rights of a beneficiary. Except as otherwise provided in Chapter 36C of the General Statutes, as enacted by Section 2 of this act, an act done before the effective date of Section 2 of this act is not affected by Chapter 36C of the General Statutes. If a right is acquired, extinguished, or barred upon the expiration of a prescribed period that has commenced to run under any other statute before the effective date of Section 2 of this act, that statute continues to apply to the right even if it has been repealed or superseded.

SECTION 7.(b) Section 1 and Sections 3 through 5 of this act become effective January 1, 2006. The remainder of this act is effective when it becomes law.

In the General Assembly read three times and ratified this the 7th day of July, 2005.

Became law upon approval of the Governor at 12:48 p.m. on the 15th day of July, 2005.

H.B. 1346  Session Law 2005-194

AN ACT TO ENACT THE INTERSTATE COMPACT FOR JUVENILES.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 7B of the General Statutes is amended by adding the following new Article to read:

"Article 40.
"Interstate Compact for Juveniles.

"§ 7B-4000. Short title.
This Article may be cited as "The Interstate Compact for Juveniles".

"§ 7B-4001. Governor to execute Compact; form of Compact.

The Governor of North Carolina is authorized and directed to execute a Compact on behalf of the State of North Carolina with any state of the United States legally joining therein in the form substantially as follows:

"Article I.
Purpose.

(a) The compacting states to this Interstate Compact recognize that each state is responsible for the proper supervision or return of juveniles, delinquents, and status offenders who are on probation or parole and who have absconded, escaped, or run away from supervision and control and in so doing have endangered their own safety and the safety of others. The compacting states also recognize that each state is responsible for the safe return of juveniles who have run away from home and in doing so have left their state of residence. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. § 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

405
(b) It is the purpose of this Compact, through means of joint and cooperative action among the compacting states to:

(1) Ensure that the adjudicated juveniles and status offenders subject to this Compact are provided adequate supervision and services in the receiving state as ordered by the adjudicating judge or parole authority in the sending state;

(2) Ensure that the public safety interests of the citizens, including the victims of juvenile offenders, in both the sending and receiving states are adequately protected;

(3) Return juveniles who have run away, absconded, or escaped from supervision or control, or have been accused of an offense to the state requesting their return;

(4) Make contracts for the cooperative institutionalization in public facilities in member states for delinquent youth needing special services;

(5) Provide for the effective tracking and supervision of juveniles;

(6) Equitably allocate the costs, benefits, and obligations of the compacting states;

(7) Establish procedures to manage the movement between states of juvenile offenders released to the community under the jurisdiction of courts, juvenile departments, or any other criminal or juvenile justice agency which has jurisdiction over juvenile offenders;

(8) Ensure immediate notice to jurisdictions where defined offenders are authorized to travel or to relocate across state lines;

(9) Establish procedures to resolve pending charges (detainers) against juvenile offenders prior to transfer or release to the community under the terms of this Compact;

(10) Establish a system of uniform data collection on information pertaining to juveniles subject to this Compact that allows access by authorized juvenile justice and criminal justice officials and regular reporting of Compact activities to heads of state executive, judicial, and legislative branches and juvenile and criminal justice administrators;

(11) Monitor compliance with rules governing interstate movement of juveniles and initiate interventions to address and correct noncompliance;

(12) Coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in such activity; and

(13) Coordinate the implementation and operation of the Compact with the Interstate Compact for the Placement of Children, the Interstate Compact for Adult Offender Supervision, and other compacts affecting juveniles particularly in those cases where concurrent or overlapping supervision issues arise.

(c) It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and therefore are public business. Furthermore, the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this Compact. The provisions of this
Compact shall be reasonably and liberally construed to accomplish the purposes and policies of the Compact.

**Article II. Definitions.**

As used in this Compact, unless the context clearly requires a different construction:

1. "Bylaws" means those bylaws established by the Interstate Commission for its governance or for directing or controlling its actions or conduct.

2. "Compact Administrator" means the individual in each compacting state appointed pursuant to the terms of this Compact responsible for the administration and management of the state's supervision and transfer of juveniles subject to the terms of this Compact, the rules adopted by the Interstate Commission, and policies adopted by the State Council under this Compact.

3. "Compacting State" means any state which has enacted the enabling legislation for this Compact.

Interstate Commission for Juveniles.

(a) The compacting states hereby create the "Interstate Commission for Juveniles." The Commission shall be a body corporate and joint agency of the compacting states. The Commission shall have all the responsibilities, powers, and duties set forth herein, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this Compact.

(b) The Interstate Commission shall consist of commissioners appointed by the appropriate appointing authority in each state pursuant to the rules and requirements of each compacting state and in consultation with the State Council for Interstate Juvenile Supervision created hereunder. The Commissioner shall be the compact administrator, deputy compact administrator, or designee from that state who shall serve on the Interstate Commission in such capacity under or pursuant to the applicable law of the compacting state.

(c) In addition to the commissioners who are the voting representatives of each state, the Interstate Commission shall include individuals who are not commissioners, but who are members of interested organizations. Such noncommissioner members must include a member of the national organizations of governors, legislators, state chief justices, attorneys general, Interstate Compact for Adult Offender Supervision, Interstate Compact for the Placement of Children, juvenile justice and juvenile corrections officials, and crime victims. All noncommissioner members of the Interstate Commission shall be ex officio, nonvoting members. The Interstate Commission may provide in its bylaws for such additional ex officio, nonvoting members, including members of other national organizations, in such numbers as shall be determined by the Commission.

(d) Each compacting state represented at any meeting of the Commission is entitled to one vote. A majority of the compacting states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.

(e) The Commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the compacting states, shall call additional meetings. Public notice shall be given of all meetings, and meetings shall be open to the public.

(f) The Interstate Commission shall establish an executive committee, which shall include commission officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the Interstate Commission during periods when the Interstate Commission is not in session, with the exception of rule making and/or amendment to the Compact. compliance with the provisions of the Compact, its bylaws and rules, and perform other
duties as directed by the Interstate Commission or set forth in the bylaws.

(g) Each member of the Interstate Commission shall have the right and power to
cast a vote to which that compacting state is entitled and to participate in the business
and affairs of the Interstate Commission. A member shall vote in person and shall not
delegate a vote to another compacting state. However, a commissioner, in consultation
with the state council, shall appoint another authorized representative, in the absence of
the commissioner from that state, to cast a vote on behalf of the compacting state at a
specified meeting. The bylaws may provide for members' participation in meetings by
telephone or other means of telecommunication or electronic communication.

(h) The Interstate Commission's bylaws shall establish conditions and procedures
under which the Interstate Commission shall make its information and official records
available to the public for inspection or copying. The Interstate Commission may
exempt from disclosure any information or official records to the extent they would
adversely affect personal privacy rights or proprietary interests.

(i) Public notice shall be given of all meetings, and all meetings shall be open to
the public, except as set forth in the Rules or as otherwise provided in the Compact. The
Interstate Commission and any of its committees may close a meeting to the public
where it determines by two-thirds vote that an open meeting would be likely to:

1. Relate solely to the Interstate Commission's internal personnel
   practices and procedures;
2. Disclose matters specifically exempted from disclosure by statute;
3. Disclose trade secrets or commercial or financial information which is
   privileged or confidential;
4. Involve accusing any person of a crime or formally censuring any
   person;
5. Disclose information of a personal nature where disclosure would
   constitute a clearly unwarranted invasion of personal privacy;
6. Disclose investigative records compiled for law enforcement purposes;
7. Disclose information contained in or related to examination, operating,
   or condition reports prepared by, or on behalf of or for the use of, the
   Interstate Commission with respect to a regulated person or entity for
   the purpose of regulation or supervision of such person or entity;
8. Disclose information, the premature disclosure of which would
   significantly endanger the stability of a regulated person or entity; or
9. Specifically relate to the Interstate Commission's issuance of a
   subpoena or its participation in a civil action or other legal proceeding.

(j) For every meeting closed pursuant to this provision, the Interstate
Commission's legal counsel shall publicly certify that, in the legal counsel's opinion, the
meeting may be closed to the public and shall reference each relevant exemptive
provision. The Interstate Commission shall keep minutes which shall fully and clearly
describe all matters discussed in any meeting and shall provide a full and accurate
summary of any actions taken, and the reasons therefor, including a description of each
of the views expressed on any item and the record of any roll call vote (reflected in the
vote of each member on the question). All documents considered in connection with any
action shall be identified in the minutes.

(k) The Interstate Commission shall collect standardized data concerning the
interstate movement of juveniles as directed through its rules which shall specify the
data to be collected, the means of collection and data exchange, and reporting
requirements. Such methods of data collection, exchange, and reporting shall insofar as
is reasonably possible conform to up-to-date technology and coordinate its information
functions with the appropriate repository of records.

       Compact, which shall have the power to act on behalf of the Interstate
       Commission in carrying out its powers and duties hereunder.
   (9) To elect or appoint such officers, attorneys, employees, agents, or
       consultants, and to fix their compensation, define their duties, and
       determine their qualifications; and to establish the Interstate
       Commission's personnel policies and programs relating to, inter alia,
       conflicts of interest, rates of compensation, and qualifications of
       personnel.

       of the Interstate Commission.
   (16) To perform such functions as may be necessary or appropriate to
       achieve the purposes of this Compact.
   (17) To report annually to the legislatures, governors, judiciary, and state
       councils of the compacting states concerning the activities of the
Interstate Commission during the preceding year. Such reports shall also include any recommendations that may have been adopted by the Interstate Commission.

(18) To coordinate education, training, and public awareness regarding the interstate movement of juveniles for officials involved in such activity.

(19) To establish uniform standards of the reporting, collecting, and exchanging of data.

(b) The Interstate Commission shall maintain its corporate books and records in accordance with the bylaws.

Article V. Organization and Operation of the Interstate Commission.

(b) Officers and Staff. – The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson and a vice-chairperson, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson's absence or disability, the vice-chairperson shall preside at all meetings of the Interstate Commission. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for any ordinary and necessary costs and expenses incurred by them in the performance of their duties and responsibilities as officers of the Interstate Commission.

The Interstate Commission shall, through its executive committee, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a member and shall hire and supervise such other staff as may be authorized by the Interstate Commission.
(c) Qualified Immunity, Defense, and Indemnification.—The Commission's executive director and employees shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to any actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that any such person shall not be protected from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

The liability of any commissioner, or the employee or agent of a commissioner, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. Nothing in this subsection shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

The Interstate Commission shall defend the executive director or the employees or representatives of the Interstate Commission and, subject to the approval of the Attorney General of the state represented by any commissioner of a compacting state, shall defend such commissioner or the commissioner's representatives or employees in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

The Interstate Commission shall indemnify and hold the commissioner of a compacting state, or the commissioner's representatives or employees, or the Interstate Commission's representatives or employees, harmless in the amount of any settlement or judgment obtained against such persons arising out of any actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

Article VI.
(a) The Interstate Commission shall promulgate and publish rules in order to effectively and efficiently achieve the purposes of the Compact.
(b) Rule making shall occur pursuant to the criteria set forth in this Article and the bylaws and rules adopted pursuant thereto. Such rule making shall substantially conform to the principles of the "Model State Administrative Procedures Act," 1981 Act, Uniform Laws Annotated, Vol. 16, p. 1 (2000), or such other administrative procedures acts, as the Interstate Commission deems appropriate consistent with due process requirements under the United States Constitution as now or hereafter interpreted by the United States Supreme Court. All rules and amendments shall become binding as of the date specified, as published with the final version of the rule as approved by the Commission.
(c) When promulgating a rule, the Interstate Commission shall, at a minimum:
(1) Publish the proposed rule's entire text stating the reason for that proposed rule;
(2) Allow and invite any and all persons to submit written data, facts, opinions, and arguments, which information shall be added to the record and be made publicly available;
(3) Provide an opportunity for an informal hearing if petitioned by 10 or more persons;
(4) Promulgate a final rule and its effective date, if appropriate, based on input from state or local officials, or interested parties; and
(5) Allow, not later than 60 days after a rule is promulgated, any interested person to file a petition in the United States District Court for the District of Columbia or in the Federal District Court where the Interstate Commission's principal office is located for judicial review of such rule.

If the court finds that the Interstate Commission's action is not supported by substantial evidence in the rule-making record, the court shall hold the rule unlawful and set it aside. For purposes of this subsection, evidence is substantial if it would be considered substantial evidence under the Model State Administrative Procedures Act.

e) If a majority of the legislatures of the compacting states rejects a rule, those states may, by enactment of a statute or resolution in the same manner used to adopt the Compact, cause that rule to have no further force and effect in any compacting state.

f) The existing rules governing the operation of the Interstate Compact on Juveniles superseded by this act shall be null and void when all states, as defined in the Compact, have adopted The Interstate Compact for Juveniles.

g) Upon determination by the Interstate Commission that a state of emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rule-making procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible but no later than 90 days after the effective date of the emergency rule.

Article VII.
Oversight, Enforcement, and Dispute Resolution by the Interstate Commission.

(a) Oversight. – The Interstate Commission shall oversee the administration and operations of the interstate movement of juveniles subject to this Compact in the compacting states and shall monitor such activities being administered in noncompacting states which may significantly affect compacting states.

The courts and executive agencies in each compacting state shall enforce this Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall be received by all the judges, public officers, commissions, and departments of the state government as evidence of the authorized statute and administrative rules, and all courts shall take judicial notice of the Compact and the rules. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Interstate Commission, it shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the proceeding for all purposes.

(b) Dispute Resolution. – The compacting states shall report to the Interstate Commission on all issues and activities necessary for the administration of the Compact.
as well as issues and activities pertaining to compliance with the provisions of the Compact and its bylaws and rules.

The Interstate Commission shall attempt, upon the request of a compacting state, to resolve any disputes or other issues which are subject to the Compact and which may arise among compacting states and between compacting and noncompacting states. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.

The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact using any or all means set forth in Article XI of this Compact.

Article VIII.
Finance.

(a) The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(b) The Interstate Commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission’s annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of each compacting state and the volume of interstate movement of juveniles in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

(c) The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(d) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

Article IX.
The State Council.

Each member state shall create a State Council for Interstate Juvenile Supervision. While each state may determine the membership of its own state council, its membership must include at least one representative from the legislative, judicial, and executive branches of government, victims groups, and the compact administrator, deputy compact administrator, or designee. Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administrator. Each state council will advise and may exercise oversight and advocacy concerning that state’s participation in Interstate Commission activities and other duties as may be determined by that state, including, but not limited to, development of policy concerning operations and procedures of the Compact within that state.

Article X.
Compacting States, Effective Date, and Amendment.

(a) Any state, the District of Columbia or its designee, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Northern
Marianas Islands, as defined in Article II of this Compact, is eligible to become a compacting state.

(b) The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than 35 of the states. The initial effective date shall be the later of July 1, 2004, or upon enactment into law by the 35th jurisdiction. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the Compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the Compact by all states and territories of the United States.

(c) The Interstate Commission may propose amendments to the Compact for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

Article XI.
Withdrawal, Default, Termination, and Judicial Enforcement.

(a) Withdrawal. – Once effective, the Compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.

The effective date of withdrawal is the effective date of the repeal.

The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this Compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

(b) Technical Assistance, Fines, Suspension, Termination, and Default. – If the Interstate Commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this Compact, or the bylaws or duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

(1) Remedial training and technical assistance as directed by the Interstate Commission;
(2) Alternative Dispute Resolution;
(3) Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission; and
(4) Suspension or termination of membership in the Compact, which shall be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted, and the Interstate Commission has therefore determined that the offending state is in default. Immediate notice of suspension shall be given by the Interstate Commission to the Governor, the Chief Justice, or the Chief Judicial Officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council.

415
The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this Compact, the bylaws, or duly promulgated rules, and any other grounds designated in Commission bylaws and rules. The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission and of the default pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the Commission, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the compacting states, and all rights, privileges, and benefits conferred by this Compact shall be terminated from the effective date of termination.

Within 60 days of the effective date of termination of a defaulting state, the Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer, the majority and minority leaders of the defaulting state's legislature, and the state council of the termination.

The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including any obligations, the performance of which extends beyond the effective date of termination.

The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

Reinstatement following termination of any compacting state requires both a reenactment of the Compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

Judicial Enforcement. – The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its offices to enforce compliance with the provisions of the Compact and its duly promulgated rules and bylaws, against any compacting state in default. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

Dissolution of Compact. – The Compact dissolves effective upon the date of the withdrawal or default of the compacting state, which reduces membership in the Compact to one compacting state.

Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded, and any surplus funds shall be distributed in accordance with the bylaws.

Article XII.
Severability and Construction.

(a) The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(b) The provisions of this Compact shall be liberally construed to effectuate its purposes.

Article XIII.
Binding Effect of Compact and Other Laws.

(a) Other Laws. – Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this Compact.
All compacting states' laws, other than state Constitutions and other interstate compacts, conflicting with this Compact are superseded to the extent of the conflict.

(b) Binding Effect of the Compact. — All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the compacting states.

All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.

Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.

In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective, and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this Compact becomes effective."

(a1) Representatives of the instructional and residential life personnel shall be elected by their respective groups by secret ballot.

(b) Parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. To the extent possible, parents serving on school improvement teams shall reflect the composition of the students enrolled in that school. No more than two parents may be employees of the school. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, instructional and residential life personnel, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation. Parents who are elected to serve on school improvement teams and who are not employees of the school shall receive travel and subsistence expenses in accordance with G.S. 138-5 and, if appropriate, may receive a stipend.

(c) The strategies for improving student performance shall include the following:

(1) A plan for the use of staff development funds that may be made available to the school by the Secretary to meet the goals for that school under the ABC’s Program and to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while teachers are meeting with mentors;

(1a) A plan for preparing students to read at grade level by the time they enter second grade. The plan shall require kindergarten and first grade teachers to notify parents or guardians when a child is not reading at grade level and is at risk of not reading at grade level by the time the child enters second grade. The plan may include the use of assessments to monitor students' progress in learning to read, strategies for teachers and parents to implement that will help students improve and expand their reading ability, and provide for the recognition of teachers and strategies that appear to be effective at preparing students to read at grade level.

(2) A comprehensive plan to encourage parent involvement.

(3) A safe school plan designed to provide that the school is safe, secure, and orderly, that there is a climate of respect in the school, and that appropriate personal conduct is a priority for all students and all residential school personnel. This plan shall include components similar to those listed in G.S. 115C-105.47(b).

(4) A plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school.
(d) Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The superintendent principal of the school shall present the proposed school improvement plan to all of the instructional personnel assigned to the school for their review and vote. The vote shall be by secret ballot. The superintendent principal shall submit the school improvement plan to the Superintendent for presentation to the Secretary only if the proposed school improvement plan has the approval of a majority of the instructional personnel who voted on the plan.

(e) The Secretary shall accept or reject the school improvement plan. The Secretary shall not make any substantive changes in any school improvement plan that the Secretary accepts. If the Secretary rejects a school improvement plan, the Secretary shall state with specificity the reasons for rejecting the plan to the Superintendent to share with the principal; the school improvement team may then prepare another plan, present it to the instructional personnel assigned to the school for a vote, and submit it to the Superintendent for presentation to the Secretary to accept or reject. Within 60 days after the initial submission of the school improvement plan to the Secretary, the Secretary shall accept the plan or shall designate a person to direct that the Superintendent work with the school improvement team to resolve the disagreements. If there is no resolution within 30 days, then the Secretary may develop a school improvement plan for the school; however, the General Assembly urges the Secretary to utilize the school's proposed school improvement plan to the maximum extent possible when developing this plan.

(f) A school improvement plan shall remain in effect for no more than three years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the Secretary finds that a school improvement plan is impeding student performance at a school, the Secretary may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this section shall apply to amendments and revisions to school improvement plans.

(g) Any funds the Secretary makes available to a school to meet the goals for that school under the ABC's Program and to implement the school improvement plan at that school shall be used in accordance with those goals and the school improvement plan.

(h) The Secretary, Superintendent, in consultation with the State Board, shall develop a list of recommended strategies that it determines to be effective which building level committees may use to establish parent involvement programs designed to meet the specific needs of their schools.

(i) Once developed, the Secretary principal shall ensure the plan is available and accessible to parents and the school community."

SECTION 10. G.S. 143B-146.15 reads as rewritten:

AN ACT AUTHORIZING THE CITIES OF GREENVILLE AND HIGH POINT TO
ORDER DWELLINGS DETERMINED UNFIT FOR HUMAN HABITATION

repaired or vacated and closed, as provided in subdivision (3)a.,
and if the owner has vacated and closed such dwelling and kept
such dwelling vacated and closed for a period of one year six
months pursuant to the ordinance or after such proceedings
have commenced,
then if the governing body shall find that the owner has abandoned the
intent and purpose to repair, alter or improve the dwelling in order to
render it fit for human habitation and that the continuation of the

persons intent on criminal activities, would cause or contribute to
blight and the deterioration of property values in the area, and would
render unavailable property and a dwelling which might otherwise
have been made available to ease the persistent shortage of decent and
affordable housing in this State, then in such circumstances, the
governing body may, after the expiration of such one year six-month
period, enact an ordinance and serve such ordinance on the owner,
setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit
for human habitation can be made at a cost not exceeding fifty
percent (50%) of the then current value of the dwelling, the
ordinance shall require that the owner either repair or demolish

ordinance shall require the owner to demolish and remove the
dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds

be indexed in the name of the property owner in the grantor index. If
the owner fails to comply with this ordinance, the public officer shall

To the end that teacher preparation programs are upgraded to reflect a more rigorous course of study, the State Board of Education, as lead agency in coordination and cooperation with the University Board of Governors, the Board of Community Colleges and such other public and private agencies as are necessary, shall continue to refine the several certification requirements, standards for approval of institutions of teacher education, standards for institution-based innovative and experimental programs, standards for implementing consortium-based teacher education, and standards for improved efficiencies in the administration of the approved programs. The certification program shall provide for initial certification after completion of preservice training, continuing certification after three years of teaching experience, and certificate renewal every five years thereafter, until the retirement of the teacher. The last certificate renewal received prior to retirement shall remain in effect for five years after retirement.

The State Board of Education, as lead agency in coordination with the Board of Governors of The University of North Carolina and any other public and private agencies as necessary, shall continue to raise standards for entry into teacher education programs.

The State Board of Education, in consultation with the Board of Governors of The University of North Carolina, shall evaluate and develop enhanced requirements for continuing certification. The new requirements shall reflect more rigorous standards for
continuing certification and to the extent possible shall be aligned with quality professional development programs that reflect State priorities for improving student achievement.

The State Board of Education, in consultation with local boards of education and the Board of Governors of The University of North Carolina, shall reevaluate and enhance the requirements for renewal of teacher certificates. The State Board shall consider modifications in the certificate renewal achievement and to make it a mechanism for teachers to renew continually their knowledge and professional skills. The State Board shall adopt new standards for the renewal of teacher certificates by May 15, 1998.

The standards for approval of institutions of teacher education shall require that teacher education programs for all students who do not major in special education include demonstrated competencies in (i) the identification and education of children with learning disabilities, disabilities and (ii) positive management of student behavior and effective communication techniques for defusing and deescalating disruptive or dangerous behavior. The State Board of Education shall incorporate the criteria developed in accordance with G.S. 116-74.21 for assessing proposals under the School Administrator Training Program into its school administrator program approval standards.

All North Carolina institutions of higher education that offer teacher education programs, masters degree programs in education, or masters degree programs in school administration shall provide performance reports to the State Board of Education. Beginning with the 2006-2007 school year, the criteria and procedures shall include preservice training in (i) the identification and education of children with disabilities and (ii) positive management of student behavior, effective communication for defusing and deescalating disruptive or dangerous behavior, and safe and appropriate use of seclusion and restraint. Regardless of credentials or competence, no one shall begin teaching above the middle level of differentiation. Skilled individuals who choose to enter the profession of teaching laterally may be granted a provisional teaching certificate for no more than five years and shall be required to obtain certification before contracting for a sixth year of service with any local administrative unit in this State.

It is further the policy of the State of North Carolina to ensure that local boards of education can provide the strongest possible leadership for schools based upon the identified and changing needs of individual schools. To this end, before the 1994-95 school year begins, the State Board of Education shall carefully consider a lateral entry program for school administrators to ensure that local boards of education will have sufficient flexibility to attract able candidates.

SECTION 4. G.S. 115C-105.47(b)(9) reads as rewritten:

"(b) Each plan shall include each of the following components:

..."

The appropriate personnel with priority for the training shall include those staff members who are most likely to be called upon to prevent or address disruptive or dangerous student behavior. Each local board of education shall include in this component of its safe school plan procedures to evaluate the effectiveness of this training in preventing or addressing disruptive or dangerous student behavior. Local boards of education are encouraged to use available sources of discretionary revenue to implement the plan to train personnel in the management of disruptive or dangerous student behavior. Local boards may only be required to implement the behavior management training component of the plan to the extent that funds have been appropriated for this purpose by the General Assembly or by local units of government. By January 1, 2006, local boards of education shall amend their safe school plans to include this training component.

SECTION 5. G.S. 115C-47 is amended by adding a new subdivision to read:

In addition, the Code may regulate activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion, or related hazards. Such fire prevention code provisions shall be considered the minimum standards necessary to preserve and protect public health and safety, subject to approval by the Council of more stringent provisions proposed by a municipality or county as provided in G.S. 143-138(e). These provisions may include regulations requiring the installation of either battery-operated or electrical smoke detectors in every dwelling unit used as rental property, regardless of the date of construction of the rental property. For dwelling units used as rental property constructed prior to 1975, smoke detectors shall have an Underwriters' Laboratories, Inc., listing or other equivalent national testing laboratory approval, and shall be installed in accordance with either the standard of the National Fire Protection Association or the minimum protection designated in the manufacturer's instructions, which the property owner shall retain or provide as proof of compliance.

The Code may contain provisions regulating every type of building or structure, wherever it might be situated in the State.

Provided further, that nothing in this Article shall be construed to make any building rules applicable to farm buildings located outside the building-rules jurisdiction of any municipality.

Provided further, that no building permit shall be required under the Code or any local variance thereof approved under subsection (e) for any construction, installation, repair, replacement, or alteration costing five thousand dollars ($5,000) or less in any single family residence or farm building unless the work involves: the addition, repair; or replacement of load bearing structures; the addition (excluding replacement of same size and capacity) or change in the design of plumbing; the addition, replacement or change in the design of heating, air conditioning, or electrical wiring, devices, appliances, or equipment, the use of materials not permitted by the North Carolina Uniform Residential Building Code; or the addition (excluding replacement of like grade of fire resistance) of roofing.

Provided further, that no building permit shall be required under such Code from any State agency for the construction of any building or structure, the total cost of which is less than twenty thousand dollars ($20,000), except public or institutional buildings.

For the information of users thereof, the Code shall include as appendices

(1) Any rules governing boilers adopted by the Board of Boiler and Pressure Vessels Rules,

(2) Any rules relating to the safe operation of elevators adopted by the Commissioner of Labor, and

(3) Any rules relating to sanitation adopted by the Commission for Health Services which the Building Code Council believes pertinent.

In addition, the Code may include references to such other rules of special types, such as those of the Medical Care Commission and the Department of Public Instruction as may be useful to persons using the Code. No rule issued by any agency other than the Building Code Council shall be construed as a part of the Code, nor supersede that Code, it being intended that they be presented with the Code for information only.

Nothing in this Article shall extend to or be construed as being applicable to the regulation of the design, construction, location, installation, or operation of (1) equipment for storing, handling, transporting, and utilizing liquefied petroleum gases for fuel purposes or anhydrous ammonia or other liquid fertilizers, except for liquefied petroleum gas from the outlet of the first stage pressure regulator to and including each
liquefied petroleum gas utilization device within a building or structure covered by the Code, or (2) equipment or facilities, other than buildings, of a public utility, as defined in G.S. 62-3, or an electric or telephone membership corporation, including without limitation poles, towers, and other structures supporting electric or communication lines.

In addition, the Code may contain rules concerning minimum efficiency requirements for replacement water heaters, which shall consider reasonable availability from manufacturers to meet installation space requirements.

No State, county, or local building code or regulation shall prohibit the use of special locking mechanisms for seclusion rooms in the public schools approved under G.S. 115C-391.1(e)(1)e., provided that the special locking mechanism shall be constructed so that it will engage only when a key, knob, handle, button, or other similar device is being held in position by a person, and provided further that, if the mechanism is electrically or electronically controlled, it automatically disengages when the building's fire alarm is activated. Upon release of the locking mechanism by a supervising adult, the door must be able to be opened readily."

(a) Notwithstanding Chapter 132 of the General Statutes, all market analysis, documents arising from market conduct action, and financial analysis documents, ratios, programs, findings, and other information in the custody of the Department are confidential, are not open for public inspection, and are not discoverable or admissible in evidence in a civil action brought by a party other than the Department against a person regulated by the Department, its directors, officers, or employees, unless the court finds that the interests of justice require that the documents be discoverable or admissible in evidence or except as provided in G.S. 58-2-128 and G.S. 58-2-132(g) through (i). The Commissioner, however, may use these documents, materials, findings, or other information in the furtherance of any regulatory or legal action brought as part of the Commissioner's official duties.

(1) 'Market analysis' means a process whereby individuals employed or contracted by the Commissioner collect and analyze information from filed schedules, surveys, required reports other than periodic reports specifically required by statute, and other sources in order to develop a
baseline understanding of the marketplace and to identify patterns or practices of insurers that deviate significantly from the norm or that may pose a potential risk to the insurance consumer.

(2) ‘Market conduct action’ means any of the full range of activities, other than an examination that the Commissioner may initiate to assess and address the market practices of insurers, beginning with market analysis. Additional market conduct actions, including those taken subsequent to market analysis as a result of the findings of or indications from market analysis include: correspondence with insurer; insurer interviews; information gathering; policy and procedure reviews; interrogatories; and review of insurer self-evaluation and compliance programs, including membership in a best-practice organization. The Commissioner's activities to resolve an individual consumer complaint or other report of a specific instance of misconduct are not market conduct actions for purposes of this section.”

S.B. 748

Session Law 2005-207

AN ACT TO AMEND THE PROCEDURE FOR IMPLEMENTING AN ORDER FOR ELECTRONIC SURVEILLANCE, TO PROVIDE THAT IN CERTAIN CIRCUMSTANCES IT IS NOT NECESSARY TO IDENTIFY THE PLACE WHERE THE COMMUNICATION WILL BE INTERCEPTED BY ELECTRONIC SURVEILLANCE, AND ALSO TO PROVIDE THE TIME FRAME WITHIN WHICH THE ELECTRONIC SURVEILLANCE IN AN UNDISCLOSED LOCATION MAY BEGIN.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 15A-291(d) reads as rewritten:

"(d) Each application for an order authorizing or approving the interception of a wire, oral, or electronic communication must be made in writing upon oath or affirmation to the judicial review panel. Each application must include the following information:

(1) The identity of the office requesting the application;
(2) A full and complete statement of the facts and circumstances relied upon by the applicant, to justify his belief that an order should be issued, including:
   a. Details as to the particular offense that has been, or is being committed;
   b. Except as provided in G.S. 15A-294(i), a particular description of the nature and location of the facilities from which or the place where the communication is to be intercepted;
   c. A particular description of the type of communications sought to be intercepted; and
   d. The identity of the person, if known, committing the offense and whose communications are to be intercepted;
(3) A full and complete statement as to whether or not other investigative procedures have been tried and failed or why they reasonably appear to be unlikely to succeed if tried or to be too dangerous;
(4) A statement of the period of time for which the interception is required to be maintained. If the nature of the investigation is such that the authorization for interception should not automatically terminate when the described type of communication has been obtained, a particular description of facts establishing probable cause to believe that additional communications of the same type will occur thereafter must be added;
(5) A full and complete statement of the facts concerning all previous applications known to the individual authorizing and making adjudication, made to a judicial review panel for authorization to intercept, or for approval of interceptions of wire, oral, or electronic communications involving any of the same persons, facilities, or places specified in the application, and the action taken by that judicial review panel on each such application; and
(6) Where the application is for the extension of an order, a statement setting forth the results thus far obtained from the interception, or a reasonable explanation of the failure to obtain such results."

SECTION 2. G.S. 15A-293(a) reads as rewritten:
"(a) Upon application by the Attorney General pursuant to the procedures in G.S. 15A-291, a judicial review panel may enter an ex parte order, as requested or as modified, authorizing the interception of wire, oral, or electronic communications, if the panel determines on the basis of the facts submitted by the applicant that:
(1) There is probable cause for belief that an individual is committing, has committed, or is about to commit an offense set out in G.S. 15A-290;
(2) There is probable cause for belief that particular communications concerning that offense will be obtained through such interception;
(3) Normal investigative procedures have been tried and have failed or reasonably appear to be unlikely to succeed if tried or to be too dangerous; and
(4) Except as provided in G.S. 15A-294(i), there is probable cause for belief that the facilities from which, or the place where, the wire, oral, or electronic communications are to be intercepted are being used, or are about to be used, in connection with the commission of
such offense, or are leased to, listed in the name of, or commonly used by the individual described in subdivision (1) of this subsection.”

**SECTION 3.** G.S. 15A-293(c) reads as rewritten:

"(c) No order entered under this Article may authorize the interception of any wire, oral, or electronic communication for any period longer than is necessary to achieve the objective of the authorization, nor in any event longer than 30 days. Such 30-day period begins on the earlier of the day on which the investigative or law enforcement officer first begins to conduct an interception under the order or 10 days after the order is entered. Extensions of an order may be granted, but only upon application for an extension made in accordance with G.S. 15A-291 and the panel making the findings required by subsection (a) of this section. The period of extension may be no longer than the panel determines to be necessary to achieve the purpose for which it was granted and in no event for longer than 30 days. Every order and extension thereof must contain a provision that the authorization to intercept be executed as soon as practicable, be conducted in such a way as to minimize the interception of communications not otherwise subject to interception under this Article, and terminate upon attainment of the authorized objective, or in any event in 30 days, as is appropriate. In the event the intercepted communication is in a code or foreign language, and an expert in that foreign language or code is not reasonably available during the interception period, minimization may be accomplished as soon as practicable after the interception. An interception under this Article may be conducted in whole or in part by State or federal government personnel, or by an individual operating under a contract with the State or federal government, acting under the supervision of an investigative or law enforcement officer authorized to conduct the interception.”

**SECTION 4.** G.S. 15A-294 is amended by adding the following new subsections to read:

"(i) The requirements of G.S. 15A-293(b)(2) and G.S. 15A-293(a)(4) relating to the specification of the facilities from which, or the place where, the communication is to be intercepted do not apply if:

1. In the case of an application with respect to the interception of an oral communication:
   a. The application is by a State investigative or law enforcement officer and is approved by the Attorney General or his designee;
   b. The application contains a full and complete statement as to why the specification is not practical and identifies the person committing the offense and whose communications are to be intercepted; and
   c. The judicial review panel finds that the specification is not practical.

2. In the case of an application with respect to a wire or electronic communication:
   a. The application is by a State investigative or law enforcement officer and is approved by the Attorney General or his designee;
   b. The application identifies the person believed to be committing the offense and whose communications are to be intercepted, and the applicant makes a showing that there is probable cause to believe that the person's actions could have the effect of thwarting interception from a specified facility;
c. The judicial review panel finds that the showing has been adequately made; and

d. The order authorizing or approving the interception is limited to interception only for such time as it is reasonable to presume that the person identified in the application is or was reasonably proximate to the instrument through which the communication will be or was transmitted.

(i) An interception of a communication under an order with respect to which the requirements of G.S. 15A-293(b)(2) and G.S. 15A-293(a)(4) do not apply by reason of subdivision (i)(1) of this section shall not begin until the place where the communication is to be intercepted is ascertained by the person implementing the interception order. A provider of wire or electronic communications service that has received an order as provided for in subdivision (i)(2) of this section may move the court to modify or quash the order on the grounds that its assistance with respect to the interception cannot be performed in a timely or reasonable fashion. The court, upon notice to the government, shall decide such a motion expeditiously.

SECTION 5. This act becomes effective December 1, 2005.

In the General Assembly read three times and ratified this the 13th day of July, 2005.

Became law upon approval of the Governor at 1:54 p.m. on the 20th day of July, 2005.

SECTION 5. G.S. 58-40-40 reads as rewritten:

(a) An insurer may itself establish rates based on the factors in G.S. 58-40-25 or it may use rates prepared by a rating-statistical organization, with average expense factors determined by the rating-statistical organization or with such modification for its own expense and loss experience as the credibility of that experience allows.

(b) An insurer may discharge its obligation under G.S. 58-40-30 by giving notice to the Commissioner that it uses rates prepared by a designated rating-statistical organization, with such information about modifications thereof as are necessary to fully inform the Commissioner. The insurer's rates shall be those filed from time to time by the rating-statistical organization, including any amendments thereto as filed, subject, however, to the modifications filed by the insurer."

(b) No rating statistical organization shall refuse to supply any services for which it is licensed in this State to any insurer admitted to do business in this State and offering to pay the fair and usual compensation for the services.

(c) A rating statistical organization applying for a license shall include with its application:

(4) A statement showing its technical qualifications for acting in the capacity for which it seeks a license; and

(5) Any other relevant information and documents that the Commissioner may require.

(d) If the Commissioner finds that the applicant and the natural persons through whom it acts are qualified to provide the services proposed, and that all requirements of law are met, he shall issue a license specifying the authorized activity of the applicant. SECTION 10. G.S. 58-40-75 reads as rewritten:

"§ 58-40-75. Agreements to adhere.

No insurer shall assume any obligation to any person, other than a policyholder or other insurers with which it is under common control or management or is a member of a market assistance program or of a joint underwriting or joint reinsurance organization, to use or adhere to certain rates or rules; and no other person shall impose any penalty or other adverse consequence for failure of an insurer to adhere to certain rates or rules. This section does not apply to mandatory or voluntary risk sharing plans established under Article 42 of this Chapter or apportionment agreements among insurers approved by the Commissioner pursuant to G.S. 58-40-95. Provided, however, that members and subscribers of rating or advisory statistical organizations may use the rates, rating systems, underwriting rules, or policy or bond forms of such organizations either consistently or intermittently. The fact that two or more admitted insurers, whether or not members or subscribers of a rating or advisory statistical organization, consistently or intermittently use the rates or rating systems made or adopted by a rating statistical organization, or the underwriting rules or policy or bond forms prepared by a rating or advisory statistical organization, shall not be sufficient in itself to support a finding that an agreement to so adhere exists, and it may be used only for the purpose of supplementing or explaining direct evidence of the existence of any such agreement."

SECTION 11. G.S. 58-40-80 reads as rewritten:

"§ 58-40-80. Exchange of information or experience data; consultation with rating statistical organizations and insurers.

Rating Statistical organizations licensed pursuant to G.S. 58-40-50 and admitted insurers are authorized to exchange information and experience data between and among themselves in this State and with rating statistical organizations and insurers in other states and may consult with them with respect to rate making and the application of rating systems."

SECTION 12. G.S. 58-40-85 reads as rewritten:

The Commissioner shall promulgate or approve reasonable rules, including rules providing statistical plans, for use thereafter by all insurers in the recording and reporting of loss and expense experience, in order that the experience of such insurers may be made available to him. No insurer shall be required to record or report its experience on a classification basis inconsistent with its own rating system. The Commissioner may designate one or more rating statistical organizations to assist him in gathering and making compilations of such experience. All insurers, for lines of insurance that require data to be reported, shall report their data to one of these designated statistical organizations."

SECTION 13. G.S. 58-40-90 reads as rewritten:

452
§ 58-40-90. Examination of rating, joint underwriting, and joint reinsurance organizations.

The Commissioner shall, at least once every three years, make or cause to be made an examination of each rating statutory organization licensed pursuant to G.S. 58-40-50 and each advisory organization licensed pursuant to G.S. 58-40-55. G.S. 58-40-50. The Commissioner may, as often as deemed expedient, make or cause to be made, an examination of each group, association, or other organization referred to in G.S. 58-40-60. This examination shall relate only to the activities conducted pursuant to this Article and to the organizations licensed under this Article. The officers, managers, agents and employees of any such organization may be examined at any time under oath and shall exhibit all books, records, accounts, documents or agreements governing its method of operation. In lieu of any such examination, the Commissioner may accept the report of an examination made by the insurance advisory official of another state, pursuant to the laws of that state.

SECTION 14. G.S. 58-40-100 reads as rewritten:

§ 58-40-100. Request for review of rate, rating plan, rating system or underwriting rule.

(a) Any person aggrieved by any rate charged, rating plan, rating system, or underwriting rule followed or adopted by an insurer or rating statistical organization may request the insurer or rating organization to review the manner in which the rate, plan, system, or rule has been applied with respect to insurance afforded him. Such request may be made by his authorized representative, and shall be in writing. If the request is not granted within 30 days after it is made, the requestor may treat it as rejected. Any person aggrieved by the action of an insurer or rating statistical organization in refusing the review requested or in failing or refusing to grant all or part of the relief requested, may file a written complaint and request for hearing with the Commissioner, and shall specify the grounds relied upon. If the Commissioner has information concerning a similar complaint he may deny the hearing. If the Commissioner believes that probable cause for the complaint does not exist or that the complaint is not made in good faith, he shall deny the hearing. If the Commissioner finds that the complaint charges a violation of this Article and that the complainant would be aggrieved if the violation is proven, he shall proceed as provided in G.S. 58-2-50 or 58-2-70.

(b) Repealed by Session Laws 1985 (Regular Session, 1986), c. 1027, s. 15.

SECTION 15. G.S. 58-40-110 reads as rewritten:

§ 58-40-110. Suspension of license.

(a) Repealed by Session Laws 1985, c. 666, s. 36.

(b) The Commissioner may suspend or revoke the license of any rating statistical organization or insurer where (i) the Commissioner has reason to believe that any statistical organization or insurer has violated any provision of this Chapter, or (ii) the statistical agent fails to comply with an order of the Commissioner within the time limited by such order, or within any extension thereof that the Commissioner may grant. The Commissioner shall not suspend the license of any rating statistical organization or insurer for failure to comply with an order until the time prescribed for an appeal therefrom has expired or, if an appeal has been taken, until such the order has been affirmed. The Commissioner may determine when a suspension of a license shall become effective, and such the suspension shall remain in effect for the period fixed by

453
him unless he modifies or rescinds the suspension, or until the order upon which the suspension is based is modified, rescinded, or reversed.

(c) No license shall be suspended or revoked, and no monetary penalty shall be imposed except upon a written order of the Commissioner stating his findings, made after a hearing held upon not less than 10 days' written notice to the person or organization, and specifying the alleged violation."

SECTION 16. G.S. 58-40-130 reads as rewritten:

"§ 58-40-130. Financial disclosure; rate modifications; reporting requirements.

(a) The Commissioner may require each insurer subject to this Article to report, on a form prescribed by the Commissioner, its loss and expense experience, investment income, administrative expenses, and other data that he may require, for kinds of insurance or classes of risks that he designates. These reports are in addition to financial or other statements required by Articles 1 through 64 of this Chapter.

(b) The Commissioner may designate one or more rating organizations or advisory statistical organizations to gather and compile the experience and data referred to in subsection (a) of this section for their member companies.

(c) Whereas the provisions enacted by the General Assembly in 1986 regarding modifications in North Carolina civil law may have a prospective effect upon the loss experience of insurers subject to this Article, the Commissioner is authorized to review each company's rates by type of insurance that are in effect on and after January 1, 1987, and, when and where appropriate, require modification of those rates.

(d) Each insurer subject to this Article shall record the experience and data referred to in subsection (a) of this section arising from causes of action arising against its insureds on and after January 1, 1987. Such experience and data shall be reported to the Commissioner by March 31, 1988, which report shall be on a form prescribed by the Commissioner reflecting such experience and data for the one-year period beginning on January 1, 1987. Subsequently, such experience and data shall be reported to the Commissioner by March 31 of each year for each one-year period ending on December 31 of the previous year.

(e) On or before July 1, 1988, and annually thereafter, the Commissioner shall report to the General Assembly the effects, if any, of changes in North Carolina civil law statutes on the experience of insurers subject to this section."

SECTION 17. G.S. 143B-472.96(b) reads as rewritten:

"(b) Rate Standards. – The rate standards in G.S. 58-40-20 apply to premiums set by the Authority under this section. The Authority may also use the forms and rates of rating or advisory statistical organizations licensed under G.S. 58-40-50 or G.S. 58-40-55. G.S. 58-40-50. The Authority may vary from these rates in order to broaden participation by small businesses that are unable to obtain adequate financing and bonding assistance in connection with contracts. The premiums set and forms developed by the Authority under this section must be approved by the Commissioner of Insurance before they may be used."

SECTION 18. Article 36 of Chapter 58 of the General Statutes is amended by adding a new section to read:

(2) "Statistical plan" means the document used by a statistical organization to set forth which data elements are to be reported to the statistical organization and to describe the format in which the data must be reported.

(b) No statistical organization shall conduct its operations in this State, and no insurer shall utilize the service of that organization for any purpose enumerated in this Article unless the organization has obtained a license from the Commissioner. No statistical organization shall refuse to supply any services for which it is licensed in this State to any insurer admitted to do business in this State and offering to pay the fair and usual compensation for the services. A statistical organization applying for a license shall include with its application:

(1) A copy of its constitution, charter, articles of organization, agreement, association, or incorporation, and a copy of its bylaws, plan of operation, and any other rules or regulations governing the conduct of its business, all duly certified by the custodian of the originals thereof;

If the Commissioner determines that the applicant and the natural persons through whom it acts are qualified to provide the services proposed and that all requirements of law are met, the Commissioner shall issue a license specifying the authorized activity of the applicant. The Commissioner shall not issue a license if the proposed activity would
tend to create a monopoly or to lessen or to destroy price competition. Licenses issued pursuant to this section shall remain in effect until the licensee withdraws from the State or until the license is suspended or revoked. Any change in or amendment to any document required to be filed under this section shall be promptly filed with the Commissioner. Every statistical organization shall file a statistical plan with the Commissioner for approval for each line of insurance for which the organization requests to be licensed. The Commissioner may, in the Commissioner's discretion, modify the plan to collect additional types of data. No statistical organization shall engage in any unfair or unreasonable practice with respect to its activities.

(c) Statistical organizations licensed pursuant to subsection (b) of this section and admitted insurers are authorized to exchange information and experience data between and among themselves in this State and with statistical organizations and insurers in other states and may consult with them with respect to rate making and the application of rating systems.

(d) The Commissioner shall adopt or approve reasonable rules, including rules providing statistical plans, for use thereafter by all insurers in the recording and reporting of loss and expense experience, in order that the experience of those insurers may be made available to the Commissioner. The Commissioner may designate one or more statistical organizations to assist him or her in gathering and making compilations of the experience. All insurers, for lines of insurance that require data to be reported, shall report their data to one of the designated statistical organizations.

(e) The Commissioner shall, at least once every three years, make or cause to be made an examination of each statistical organization licensed pursuant to subsection (b) of this section. This examination shall relate only to the activities conducted pursuant to this Article and to the organizations licensed under this Article. The officers, manager, agents, and employees of any statistical organization may be examined at any time under oath and shall exhibit all books, records, accounts, documents, or agreements governing its method of operation. In lieu of any examination, the Commissioner may accept the report of an examination made by the insurance advisory official of another state, pursuant to the laws of that state.

(f) Subject to the requirements of this Article and of G.S. 58-2-70, the Commissioner may suspend or revoke the license of any statistical organization or impose a monetary penalty against any statistical organization where (i) the Commissioner has reason to believe that any statistical organization has violated any provision of this Chapter, or (ii) the statistical organization fails to comply with an order of the Commissioner within the time limited by the order, or within any extension thereof that the Commissioner may grant. The Commissioner shall not suspend the license of any statistical organization for failure to comply with an order until the time prescribed for an appeal from the order has expired or, if an appeal has been taken, until the order has been affirmed. The Commissioner may determine when a suspension of a license shall become effective, and the suspension shall remain in effect for the period fixed by the Commissioner unless the Commissioner modifies or rescinds the suspension, or until the order upon which the suspension is based is modified, rescinded, or reversed. No license shall be suspended or revoked, and no monetary penalty shall be imposed except upon a written order of the Commissioner stating the Commissioner's findings, made after a hearing held upon not less than 10 days' written notice to the person or organization, and specifying the alleged violation."

SECTION 19. G.S. 58-37(l) reads as rewritten:
"(l) The classifications, rules, rates, rating plans and policy forms used on motor vehicle insurance policies reinsured by the Facility may be made by the Facility or by any licensed or statutory rating statistical organization or bureau on its behalf and shall be filed with the Commissioner. The Board of Governors shall establish a separate subclassification within the Facility for "clean risks". For the purpose of this Article, a "clean risk" is any owner of a nonfleet private passenger motor vehicle as defined in G.S. 58-40-10, if the owner, principal operator, and each licensed operator in the owner's household have two years' driving experience as licensed drivers and if none of the persons has been assigned any Safe Driver Incentive Plan points under Article 36 of this Chapter during the three-year period immediately preceding either (i) the date of application for a motor vehicle insurance policy or (ii) the date of preparation of a renewal of a motor vehicle insurance policy. The filings may incorporate by reference any other material on file with the Commissioner. Rates shall be neither excessive, inadequate nor unfairly discriminatory. If the Commissioner finds, after a hearing, that a rate is either excessive, inadequate or unfairly discriminatory, the Commissioner shall issue an order specifying in what respect it is deficient and stating when, within a reasonable period thereafter, the rate is no longer effective. The order is subject to judicial review as set out in Article 2 of this Chapter. Pending judicial review of said order, the filed classification plan and the filed rates may be used, charged and collected in the same manner as set out in G.S. 58-40-45 of this Chapter. The order shall not affect any contract or policy made or issued before the expiration of the period set forth in the order. All rates shall be on an actuarially sound basis and shall be calculated, insofar as is possible, to produce neither a profit nor a loss. However, the rates made by or on behalf of the Facility with respect to "clean risks" shall not exceed the rates charged "clean risks" who are not reinsured in the Facility. The difference between the actual rate charged and the actuarially sound and self-supporting rates for "clean risks" reinsured in the Facility may be recouped in similar manner as assessments under G.S. 58-37-40(f). Rates shall not include any factor for underwriting profit on Facility business, but shall provide an allowance for contingencies. There shall be a strong presumption that the rates and premiums for the business of the Facility are neither unreasonable nor excessive."

SECTION 20. G.S. 58-41-50(b) reads as rewritten:

"(b) With the exception of inland marine insurance that is not written according to manual rates and rating plans, all rates or prospective loss cost multipliers by licensed fire and casualty companies or their designated rating statistical organizations must be filed with the Commissioner at least 60 days before they may be used in this State. Any filing may become effective on a date earlier than that specified in this subsection upon agreement between the Commissioner and the filer."

SECTION 21. G.S. 58-42-10(a) reads as rewritten:

"(a) Each plan shall require participation:

(1) By all insurers licensed in this State to write the kinds of insurance covered by the specific plan;

(2) By all agents licensed to represent those insurers for that kind of insurance; and

(3) By every rating statistical organization that makes rates for that kind of insurance."

SECTION 22. G.S. 58-42-25 reads as rewritten:

Each plan shall specify the basis for participation by insurers, agents, rating statistical organizations, and other participants and shall specify the conditions under which risks shall be accepted and underwritten by the plan.

AN ACT ADOPTING OFFICIAL STATE DANCES.

Whereas, clogging and shagging are popular dances that have entertained both participants and spectators in this State for decades; and

Whereas, clogging is a traditional American folk dance that developed during the Colonial period in the Southern Appalachian mountains of the United States; and

Whereas, clogging has been influenced by European, African-American, and Native American folk dance traditions; and

Whereas, clogging is characterized by distinct, dignified, and beautiful footwork performed by individuals, couples, and groups; and

Whereas, a number of clogging events and competitions are held across the State each year; and

Whereas, the shag is a form of swing dancing that evolved from the jitterbug and jump blues of the big band jazz era and originated at Carolina Beach during the 1940s; and

Whereas, the shag is most often associated with beach music, which refers to songs that are rhythm and blues based and, according to Bo Bryan, a noted shag historian and resident of Beaufort County, is a term that was coined at Carolina Beach; and

Whereas, rhythm and blues groups, such as Jimmy Cavallo and the Houserockers, bolstered the popularity of the shag during the 1940s when they performed in Fayetteville, White Lake, and other areas around the State; and

Whereas, today, the shag is a recognized dance in national and international dance competitions held across the United States; and

Whereas, North Carolina is home to some of the most successful national shag champions, including multiple championship title winners, including Charlie Womble, Jackie McGee, Michael Norris, LeAnn Best, and Sam and Sarah West; and

Whereas, North Carolina natives Clarice Reavis of Fayetteville and Harry Driver of Dunn are recognized as Queen of Shag and Father of Shag respectively; and

Whereas, numerous North Carolinians have been inducted into the Shaggers Hall of Fame; and

Whereas, North Carolina has the most beach music clubs in the nation and has a number of radio stations that depend solely upon the listenership of shag enthusiasts; and

Whereas, it is fitting to adopt clogging and shagging as official State dances; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 145 of the General Statutes is amended by adding a new section to read:

(a) Clogging is adopted as the official folk dance of North Carolina.

(b) Shagging is adopted as the official popular dance of North Carolina.

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 13th day of July, 2005.
Became law upon approval of the Governor at 2:06 p.m. on the 20th day of July, 2005.

**AN ACT TO AUTHORIZE SERVICE OF PROCESS UNDER RULE 4 OF THE RULES OF CIVIL PROCEDURE BY SIGNATURE CONFIRMATION.**

*The General Assembly of North Carolina enacts:*

**SECTION 1.** G.S. 1A-1, Rule 4(j)(1) reads as rewritten:

"(1) Natural Person. – Except as provided in subsection (2) below, upon a natural person by one of the following:

a. By delivering a copy of the summons and of the complaint to the natural person or by leaving copies thereof at the defendant's dwelling house or usual place of abode with some person of suitable age and discretion then residing therein.

b. By delivering a copy of the summons and of the complaint to an agent authorized by appointment or by law to be served or to accept service of process or by serving process upon such agent or the party in a manner specified by any statute.

c. By mailing a copy of the summons and of the complaint, registered or certified mail, return receipt requested, addressed to the party to be served, and delivering to the addressee.
d. By depositing with a designated delivery service authorized pursuant to 26 U.S.C. § 7502(f)(2) a copy of the summons and complaint, addressed to the party to be served, delivering to the addressee, and obtaining a delivery receipt.

e. By mailing a copy of the summons and of the complaint by signature confirmation as provided by the United States Postal Service, addressed to the party to be served, and delivering to the addressee. Nothing in this sub-subdivision authorizes the use of electronic mailing for service on the party to be served."

SECTION 2. G.S. 1A-1, Rule 4(j2)(2) reads as rewritten:

"(2) Registered or Certified Mail—Mail, Signature Confirmation, or Designated Delivery Service. – Before judgment by default may be had on service by registered or certified mail, signature confirmation, or by a designated delivery service authorized pursuant to 26 U.S.C. § 7502(f)(2) with delivery receipt, the serving party shall file an affidavit with the court showing proof of such service in accordance with the requirements of G.S. 1-75.10(4), or G.S. 1-75.10(5), 1-75.10(5), or 1-75.10(6), as appropriate. This affidavit together with the return or delivery receipt or copy of the proof of delivery provided by the United States Postal Service signed by the person who received the mail or delivery if not the addressee raises a presumption that the person who received the mail or delivery and signed the receipt was an agent of the addressee authorized by appointment or by law to be served or to accept service of process or was a person of suitable age and discretion residing in the addressee's dwelling house or usual place of abode. In the event the presumption described in the preceding sentence is rebutted by proof that the person who received the receipt at the addressee's dwelling house or usual place of abode was not a person of suitable age and discretion residing therein, the statute of limitation may not be pleaded as a defense if the action was initially commenced within the period of limitation and service of process is completed within 60 days from the date the service is declared invalid. Service shall be complete on the day the summons and complaint are delivered to the address."

SECTION 3. G.S. 1-75.10 is amended by adding a new subdivision to read:

(3) A third tier subcontractor who furnished labor, materials, or rental equipment at the site of the improvement shall be entitled to a lien upon funds which are owed to the second tier subcontractor with whom the third tier subcontractor dealt and which arise out of the improvement on which the third tier subcontractor worked or furnished materials. A third tier subcontractor, to the extent that his lien upon funds provided in this subdivision, shall also be entitled to be subrogated to the lien of the second tier subcontractor with whom he dealt and to the lien of the first tier subcontractor with whom the second tier subcontractor dealt to the extent that the second tier subcontractor is entitled to be subrogated thereto, and in either case shall be entitled to perfect the same by notice of claim of lien upon funds to the extent of his claim.

(4) Subcontractors more remote than the third tier who furnished labor, materials, or rental equipment at the site of the improvement shall be entitled to a lien upon funds which are owed to the person with whom they dealt and which arise out of the improvement on which they furnished labor, materials, or rental equipment, but such remote tier subcontractor shall not be entitled to subrogation to the rights of other persons.

(5) The liens granted under this section shall secure amounts earned by the lien claimant as a result of having furnished labor, materials, or rental equipment at the site of the improvement under the contract to improve real property, including interest at the legal rate provided in G.S. 24-5, whether or not such amounts are due and whether or not performance or delivery is complete. In the event insufficient funds are retained to satisfy all lien claimants, subcontractor lien claimants may recover the interest due under this subdivision on a pro rata basis, but in no event shall interest due under this subdivision increase the liability of the obligor under G.S. 44A-20.
A lien upon funds granted under this section is perfected upon the giving of notice of claim of lien upon funds in writing to the obligor as provided in G.S. 44A-19 and shall be effective upon the obligor's receipt of the notice. The subrogation rights of a first, second, or third tier subcontractor to the claim of lien on real property of the contractor created by Part 1 of Article 2 of this Chapter are perfected as provided in G.S. 44A-23.

S.B. 527 Session Law 2005-231

AN ACT TO ENHANCE THE CAPACITY OF PRIVATE INSTITUTIONS OF HIGHER EDUCATION TO PROTECT THE SAFETY AND WELFARE OF THEIR STUDENTS, FACULTY, AND STAFF BY ENACTING THE CAMPUS POLICE ACT.

The General Assembly of North Carolina enacts:

SECTION 1. The General Statutes are amended by adding a new Chapter to read:

"Chapter 74G.
"Campus Police Act.

§ 74G-1. Title.
This Chapter is the "Campus Police Act" and may be cited by that name.
§ 74G-2. Policy and scope.

(a) The purpose of this Chapter is to protect the safety and welfare of students, faculty, and staff in institutions of higher education by fostering integrity, proficiency, and competence among campus police agencies and campus police officers. To achieve this purpose, the General Assembly finds that a Campus Police Program needs to be established. As part of the Campus Police Program, the Attorney General is given the authority to certify a private, nonprofit institution of higher education, other than those described by G.S. 116-15(d), as a campus police agency and to commission an individual as a campus police officer.

(b) The purpose of this Chapter is also to assure, to the extent consistent with the State and federal constitutions, that this protection is not denied to students, faculty, and staff at private, nonprofit institutions of higher education originally established by or affiliated with religious denominations. To achieve this purpose, the General Assembly finds that:

(1) Most of the State's private, nonprofit institutions of higher education were originally established by or affiliated with religious denominations;

(2) These institutions have made and continue to make significant contributions in education to the State and the nation;

(3) These institutions admit students regardless of their spiritual or religious beliefs;

(4) These institutions' principal mission is educational;

(5) All of these institutions are accredited by the Commission on Colleges of the Southern Association of Colleges and Schools and as such have independent governing boards of trustees;

(6) The principal State power conferred on campus police by this Chapter is the power of arrest;

(7) This power is important to protect the safety and welfare of students, faculty, and staff at these institutions;

(8) In exercising the power of arrest, these officers apply standards established by State and federal law only; and

(9) The exercise of this power is reviewable by the General Court of Justice and the federal courts.

(c) Public educational institutions operating under the authority of the Board of Governors of The University of North Carolina or the State Board of Community Colleges and private educational institutions that are licensed by the Board of Governors of The University of North Carolina pursuant to G.S. 116-15 or that are exempt from licensure by the Board of Governors pursuant to G.S. 116-15(c) may apply to the Attorney General to be certified as a campus police agency. A campus police agency may apply to the Attorney General to commission an individual designated by the agency to act as a campus police officer for the agency.

§ 74G-3. Liability insurance policy or certificate of self-insurance required; suspension of campus police agency certification for failure to comply.

(a) An applicant for certification as a campus police agency must file with the Attorney General either a copy of a liability insurance policy that meets the requirements of this section or a certificate of self-insurance designating assets sufficient to satisfy the coverage requirements of this section if the applicant is a nonpublic entity. The policy or certificate of self-insurance must provide not less than one million dollars ($1,000,000) of coverage per incident for personal injury or property damage.
damage resulting from a negligent act of the applicant or an agent or employee of the applicant operating in the course and scope of employment or under color of law. The form, execution, and terms of a liability insurance policy must meet the requirements of the Attorney General.

(b) An insurance carrier that issues a liability insurance policy required by this section may cancel the policy upon giving 30 days' written notice to both the campus police agency and the Attorney General. The written notice must be given by certified mail, return receipt requested. Cancellation of a liability insurance policy does not affect any liability on the policy that accrued prior to the effective cancellation date.

(c) A campus police agency that is a nonpublic entity must maintain the liability insurance policy or certificate of self-insurance required by this section in effect at all times. The Attorney General shall suspend the certification of a campus police agency that fails to maintain a liability insurance policy or certificate of self-insurance when required to do so by this section. A certification suspended for this reason may not be reinstated until the person whose certification was suspended files with the Attorney General an application for reinstatement and either the required liability insurance policy or certificate of self-insurance.

"§ 74G-4. Powers of Attorney General."

The Attorney General has the following powers in addition to those conferred elsewhere in this Chapter:

(1) To establish minimum education, experience, and training standards and establish and require written or oral examinations for an applicant for certification as a campus police agency, a certified campus police agency, an applicant for commission as a campus police officer, or a commissioned campus police officer.

(2) To require a campus police agency or a campus police officer to submit reports or other information.

(3) To inspect records maintained by a campus police agency.

(4) To conduct investigations regarding alleged violations of this Chapter or a rule adopted under this Chapter and to make evaluations as may be necessary to determine if a campus police agency or a campus police officer is complying with this Chapter or a rule adopted under this Chapter.

(5) To deny, suspend, or revoke a certification as a campus police agency or a commission as a campus police officer for failure to meet the requirements of or comply with this Chapter or a rule adopted under this Chapter, in accordance with Article 3 of Chapter 150B of the General Statutes.

(6) To appear in the name of the Campus Police Program and apply to the courts having jurisdiction for injunctions to prevent a violation of this Chapter or a rule adopted under this Chapter.

(7) To delegate the authority to administer this Chapter.

(8) To require that the Criminal Justice Standards Division provide administrative support staff for the Campus Police Program.

(9) To adopt rules needed to implement this Chapter, in accordance with Chapter 150B of the General Statutes.

"§ 74G-5. Records."

(a) The Attorney General is the legal custodian of all books, papers, documents, or other records and property of the Campus Police Program.
(b) Any papers, documents, or other records that become the property of the Campus Police Program and are placed in a campus police officer's personnel file maintained by the Attorney General are subject to the same restrictions concerning disclosure as set forth in Chapters 126, 153A, and 160A of the General Statutes for other personnel records.

(c) Notwithstanding the provisions of subsection (b) of this section, the Attorney General may disclose the contents of any records maintained under the authority of this Chapter to the Criminal Justice Education and Training Standards Commission, the Sheriff's Education and Training Standards Commission, or any other criminal justice agency for certification or employment purposes.

"§ 74G-6. Oaths, powers, and authority of campus police officers.

(a) Requirements. – An individual who is commissioned as a campus police officer must take the oath of office required of a law enforcement officer before the individual assumes the duties of a campus police officer. The person in each campus police agency who is responsible for the agency's campus police officers must be commissioned as a campus police officer.

(b) Powers and Authority of Officers. – Campus police officers, while in the performance of their duties of employment, have the same powers as municipal and county police officers to make arrests for both felonies and misdemeanors and to charge for infractions on any of the following:

1. Real property owned by or in the possession and control of the institution employing the officer.
2. Any portion of any public road or highway passing through the real property described in subdivision (1) of this subsection or immediately adjoining it, wherever located.
3. Any other real property while in continuous and immediate pursuit of a person for an offense committed upon property described in subdivision (1) or (2) of this subsection.

(c) Powers and Authority of Institutions. – The governing body of any private educational institution that has a campus police agency may:

2. Enter into joint agreements with the governing board of any county and, with the consent of the sheriff, to extend the law enforcement authority of campus police officers into any or all of the county's jurisdiction and to determine the circumstances in which this extension of authority may be granted; and
3. Enter into joint agreements with the governing board of any other public or private educational institution that has a campus police agency pursuant to this Chapter or pursuant to G.S. 116-40.5 to extend the law enforcement authority of its campus police officers into any or all of the other institution's jurisdiction and to determine the circumstances as to which its extension of authority may be granted.
(d) Concealed Weapons. – Campus police officers shall have, if duly authorized by their campus police agency and by the sheriff of the county in which the campus police agency is located, the authority to carry concealed weapons pursuant to and in conformity with G.S. 14-269(b)(5).

(e) Public Institutions Option. – Notwithstanding any of the provisions of this Chapter, the board of trustees of any constituent institution of The University of North Carolina may elect to have its officers certified under Chapter 17C and Chapter 116 of the General Statutes, and the board of trustees of any community college may elect to have its officers certified under Chapter 17C and Chapter 115D of the General Statutes rather than requesting certification as a campus police agency and campus police commission pursuant to the provisions of this Chapter.

(f) Exclusive Authority. – Notwithstanding any other provision of law, the authority granted to campus police officers certified under this Chapter shall be limited to the provisions of this Chapter.

Campus police agencies shall be responsible for ensuring that all employees, whether or not commissioned, comply with the provisions of this Chapter and the rules adopted under this Chapter, including those provisions pertaining to the wearing of badges and uniforms, the carrying of weapons, and the operation of vehicles.

Applicants for commission as a campus police officer and a commissioned campus police officer must meet and maintain the same minimum preemployment and in-service standards as are required for State law enforcement officers by the North Carolina Criminal Justice Education and Training Standards Commission and must meet and maintain any other preemployment and in-service requirements set by the Attorney General.

The compensation of a campus police officer shall be paid by the campus police agency for which the officer is commissioned, as may be agreed on between them.

"§ 74G-10. Expiration, renewal, and termination of agency certification or officer commission.  
(a) Agency. – Unless sooner suspended or revoked by the Attorney General, a campus police agency's certification expires on June 30 of the calendar year following the date it is issued. A campus police agency may renew the certification upon payment of the appropriate fee and compliance with this Chapter and the rules adopted under this Chapter. An entity whose campus police agency's certification was denied or revoked for a violation of this Chapter or a rule adopted under this Chapter is not eligible to apply again for that certification for three years.

(b) Officer. – Unless sooner suspended or revoked by the Attorney General, a campus police officer's commission expires on June 30 of the calendar year following the date it is issued. A campus police officer may renew a commission upon payment of the appropriate fee and compliance with this Chapter and the rules adopted under this Chapter. The Attorney General shall immediately revoke the commission of a campus police officer when any of the following occurs:

(1) Termination of employment with the campus police agency for which the officer is commissioned.

(2) Termination, suspension, or revocation of the certification of the campus police agency for which the officer is commissioned.
(3) Failure to meet in-service training requirements as required by this Chapter or the rules adopted under this Chapter.

(4) Violation of this Chapter or a rule adopted under this Chapter.

An individual whose campus police officer's commission was denied or revoked for a violation of this Chapter or a rule adopted under this Chapter is not eligible to apply again for a commission for three years.

Neither the Attorney General nor any of the Attorney General's employees may be held criminally or civilly liable for any acts or omissions in carrying out the provisions of this Chapter or for the acts or omissions of agencies or officers certified or commissioned under this Chapter.

"§ 74G-12. Fees.

Any person, firm, association, or corporation or their agents and employees violating any of the provisions of this Chapter shall be guilty of a Class 1 misdemeanor.

(b) The Campus Police Program may apply in its own name to the superior court for an injunction to prevent any violation or threatened violation of this Chapter or a rule adopted under this Chapter, and the superior courts have jurisdiction to grant the requested relief, irrespective of whether or not criminal prosecution has been instituted or administrative sanctions imposed because of the violation. The board of commissioners may, for good cause shown, compromise or forgive the tax penalties imposed by this subsection. Any person who willfully attempts in any manner to evade a tax imposed under this act or who willfully fails to pay the tax or make and file a return shall, in addition to all

"Contract owner" means the owner named in the annuity contract or certificate holder in the case of a group annuity contract.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 99E of the General Statutes is amended by adding a new Article to read:

   As used in this Article, the following terms mean:
   (1) Agritourism activity. – Any activity carried out on a farm or ranch that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities, including farming, ranching, historic, cultural, harvest-your-own activities, or
natural activities and attractions. An activity is an agritourism activity whether or not the participant paid to participate in the activity.

(2) Agritourism professional. – Any person who is engaged in the business of providing one or more agritourism activities, whether or not for compensation.

(3) Inherent risks of agritourism activity. – Those dangers or conditions that are an integral part of an agritourism activity including certain hazards, including surface and subsurface conditions, natural conditions of land, vegetation, and waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity.

(4) Participant. – Any person, other than the agritourism professional, who engages in an agritourism activity.

(5) Person. – An individual, fiduciary, firm, association, partnership, limited liability company, corporation, unit of government, or any other group acting as a unit.

(a) Except as provided in subsection (b) of this section, an agritourism professional is not liable for injury to or death of a participant resulting from the inherent risks of agritourism activities, so long as the warning contained in G.S. 99E-32 is posted as required and, except as provided in subsection (b) of this section, no participant or participant's representative can maintain an action against or recover from an agritourism professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of agritourism activities. In any action for damages against an agritourism professional for agritourism activity, the agritourism professional must plead the affirmative defense of assumption of the risk of agritourism activity by the participant.

(b) Nothing in subsection (a) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

(1) Commits an act or omission that constitutes negligence or willful or wanton disregard for the safety of the participant, and that act or omission proximately causes injury, damage, or death to the participant.

(2) Has actual knowledge or reasonably should have known of a dangerous condition on the land, facilities, or equipment used in the activity or the dangerous propensity of a particular animal used in such activity and does not make the danger known to the participant, and the danger proximately causes injury, damage, or death to the participant.

(c) Nothing in subsection (a) of this section prevents or limits the liability of an agritourism professional under liability provisions as set forth in Chapter 99B of the General Statutes.
(d) Any limitation on legal liability afforded by this section to an agritourism professional is in addition to any other limitations of legal liability otherwise provided by law.

§99E-32. Warning required.

The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (b) of this section.

(b) The signs and contracts described in subsection (a) of this section must contain the following notice of warning:

"WARNING

Under North Carolina law, there is no liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if such injury or death results from the inherent risks of the agritourism activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner that may contribute to your injury or death. You are assuming the risk of participating in this agritourism activity."

(c) Failure to comply with the requirements concerning warning signs and notices provided in this subsection will prevent an agritourism professional from invoking the privileges of immunity provided by this Article."

SECTION 2. This act becomes effective January 1, 2006, and applies to agritourism activities, as defined in G.S. 99E-30 as enacted in Section 1 of this act, that occur on or after that date.

(5) No person receiving notice of the trustee's intention to take the proposed action of the trustee objects to the action or to the determination of the disinterested person within 60 days of receipt of the notice by written instrument delivered to the trustee.

(c) A trustee may act under subsection (a) or (b) of this section with respect to a trust for which both income and principal have been set aside permanently for charitable
purposes under the governing instrument and for which a federal estate or gift tax deduction has been taken, provided that:

(1) Instead of sending written notice to the persons described in subdivisions (2) and (3) of subsection (a) of this section or subdivisions (2) and (3) of subsection (b) of this section, as the case may be, the trustee shall send written notice to the named charity or charities then entitled to receive income of the trust and, if no named charity or charities are entitled to receive all of the income, to the Attorney General of this State;

(2) Subdivision (4) of subsection (a) of this section or subdivision (4) of subsection (b) of this section, as the case may be, shall not apply to this action; and

(3) In each taxable year, the trustee shall distribute the greater of the unitrust amount or the amount required by section 4942 of the Code.

SECTION 4. G.S. 37A-1-104.4 reads as rewritten:

"§ 37A-1-104.4. Determination of unitrust amount.

(a) The fair market value of the trust shall be determined at least annually, using a valuation date selected by the trustee in its discretion. The trustee, in its discretion, may use an average of the fair market value on the same valuation date for the current fiscal year and not more than three preceding fiscal years, if the use of this average appears desirable to reduce the impact of fluctuations in market value on the unitrust amount. Assets for which a fair market value cannot be readily ascertained shall be valued using valuation methods as are considered reasonable and appropriate by the trustee. These assets may be excluded from valuation, provided all income received with respect to these assets is distributed to the extent distributable in accordance with the terms of the governing instrument. Assets, such as a residence or tangible personal property, used by the trust beneficiary also may be excluded from the fair market value for computing the unitrust amount.

(b) The percentage to be used in determining the unitrust amount shall be a reasonable current return from the trust, in any event not less than three percent (3%) nor more than five percent (5%), taking into account the intentions of the grantor of the trust as expressed in the governing instrument, the needs of the beneficiaries, general economic conditions, projected current earnings and appreciation for the trust, and projected inflation and its impact on the trust.

(c) In the case of a trust (i) for which a marital deduction has been taken for federal tax purposes under section 2056 or section 2523 of the Code (during the lifetime of the spouse for whom the trust was created) or (ii) a trust to which the generation skipping transfer tax due under section 2601 of the Code does not apply by reason of any effective date or transition rule, the unitrust amount in any taxable year shall not be less than the net income of the trust, determined without regard to subsection (d) of this section.

(d) Following the conversion of an income trust to a total return unitrust, the trustee:

(1) Shall treat the unitrust amount as if it were net income of the trust for purposes of determining the amount available, from time to time, for distribution from the trust; and

(2) May allocate to trust income for each taxable year of the trust (or portion of that year) (i) net short-term capital gain described in section 1222(5) of the Code for that year or portion of that year, but only to
the extent that the amount allocated together with all other amounts allocated to trust income for that year or portion of that year does not exceed the unitrust amount for that year or portion of that year; and (ii) net long-term capital gain described in section 1222(7) of the Code for that year or portion of that year, but only to the extent that the amount allocated together with all other amounts, including amounts described in clause (i) above, allocated to trust income for that year or portion of that year does not exceed the unitrust amount for that year or portion of that year.

(1) Shall consider the unitrust amount as paid from net accounting income determined as if the trust were not a unitrust;

(2) Shall then consider the unitrust amount as paid from ordinary income not allocable to net accounting income;

(3) May, in the trustee's discretion, consider the unitrust amount as paid from net short-term gain described in section 1222(5) of the Code and then from net long-term capital gain described in section 1222(7) of the Code so long as the discretionary power is exercised consistently and in a reasonable and impartial manner, but the amount so paid from net capital gains may not be greater than the excess of the unitrust amount over the amount of distributable net income as defined in section 643(a) of the Code without regard to section 1.643(a)-3(b) of the Treasury Regulations, as amended from time to time; and

(4) Shall then consider the unitrust amount as coming from the principal of the trust.

SECTION 5. G.S. 37A-1-104.9 reads as rewritten:

"§ 37A-1-104.9. Applicability.
This Part shall apply to all trusts in existence on, or created after January 1, 2004, unless (i) the governing instrument contains a provision clearly expressing the grantor's intention that the current beneficiary or beneficiaries are to receive an amount other than a reasonable current return from the trust, (ii) the trust is a trust described in section 170(f)(2)(B), section 664(d), section 2702(a)(3), or section 2702(b) of the Code, (iii) one or more persons to whom the trustee could distribute income has a power of withdrawal over the trust that is not subject to an ascertainable standard under section 2041 or section 2514 of the Code, or the power of withdrawal can be exercised to discharge a duty of support the person possesses, or the trust is a trust under which any amount is, or has been in the past, set aside permanently for charitable purposes unless the income from the trust also is devoted permanently to charitable purposes, or (iv) the governing instrument expressly prohibits use of this Part by specific reference to this Part, or expressly states the grantor's intent that net income not be calculated as a unitrust amount. A provision in the governing instrument that 'the provisions of Part 2 of Article 1 of Chapter 37A of the General Statutes or any corresponding provision of future law, shall not be used in the administration of this trust.' or 'the trustee shall not determine the distributions to the income beneficiary as a unitrust amount.' or similar words reflecting that intent is sufficient to preclude the use of this Part."

SECTION 6. Chapter 37A of the General Statutes is amended by adding a new Part to read:

580
(a) An "express total return unitrust" means a trust that has a governing instrument requiring the distribution at least annually of a unitrust amount equal to a fixed percentage of not less than three percent (3%) nor more than five percent (5%) per year of the net fair market value of the trust's assets, valued at least annually.

(b) "Code" means the Internal Revenue Code as described in G.S. 37A-1-104.1(1).

(c) "Treasury regulations" means the treasury regulations described in G.S. 37A-1-104.1(9a).

(a) The unitrust amount to be distributed by the express total return unitrust may be determined in the governing instrument by reference to the net fair market value of the trust's assets determined annually or averaged on a multiple year basis.

(b) The terms of the governing instrument of an express total return unitrust may provide that:

(1) Assets for which a fair market value cannot be readily ascertained shall be valued using valuation methods that the trustee considers reasonable and appropriate.

(2) Assets, such as a residence property or tangible personal property, used by the trust beneficiary entitled to the unitrust amount may be excluded from the net fair market value for computing the unitrust amount.

The distribution from an express total return unitrust of the fixed percentage of not less than three percent (3%) nor more than five percent (5%) reasonably apportions between the income beneficiaries and remaindermen the total return of an express total return unitrust.

§ 37A-1-104A.4. Change or conversion of unitrust amount.
(a) The terms of the governing instrument of an express total return unitrust may provide the method similar to the method provided under G.S. 37A-1-104.2(a) for changing the unitrust percentage or for converting from a unitrust to an income trust or for a reconversion of an income trust to a unitrust, or for all of these actions.

(b) If the terms of the governing instrument of an express total return unitrust do not specifically or by reference to G.S. 37A-1-104.2 grant a power to the trustee to change the unitrust percentage or change to an income trust, the trustee shall not have that power.

Unless the terms of the governing instrument of the express total return unitrust specifically provide otherwise, the trustee:

(1) Shall consider the unitrust amount as paid from net accounting income determined as if the trust were not a unitrust;

(2) Shall then consider the unitrust amount as paid from ordinary income not allocable to net accounting income;

(3) May, in the trustee's discretion, consider the unitrust amount as paid from net short-term gain described in section 1222(5) of the Code and then from net long-term capital gain described in section 1222(7) of the Code so long as this discretionary power is exercised consistently and in a reasonable and impartial manner, but the amount so paid from net capital gains may not be greater than the excess of the unitrust amount over the amount of distributable net income as defined in
section 643(a) of the Code without regard to section 1.643(a)-3(b) of the treasury regulations; and

(4) Shall then consider the unitrust amount as coming from the principal of the trust.

§ 37A-104A.6. Unitrust amount in excess of a five percent payout.
A trust that provides for a fixed percentage payout in excess of five percent (5%) per year is considered an express total return unitrust that pays out a fixed percentage of five percent (5%) per year and pays out principal to the extent that the fixed percentage payout exceeds five percent (5%) per year.

SECTION 7. This act is effective when it becomes law and applies to every trust or decedent's estate existing on that date or coming into existence after that date, except as otherwise expressly provided in the will or terms of the trust or in the provisions of Chapter 37A of the General Statutes. S.B. 594 Session Law 2005-254

AN ACT TO AMEND THE LAW GOVERNING RECOUPMENT FOR LEGAL SERVICES PROVIDED TO INDIGENT PERSONS WHO ARE FINANCIALLY ABLE TO PAY A PORTION OF THE VALUE OF THOSE SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 7A-455 reads as rewritten:

"§ 7A-455. Partial indigency; liens; acquittals.

(a) If, in the opinion of the court, an indigent person is financially able to pay a portion, but not all, of the value of the legal services rendered for him by assigned counsel, the public defender, or the appellate defender, and other necessary expenses of representation, the court shall order the partially indigent person to pay such portion to the clerk of superior court for transmission to the State treasury.

(b) In all cases the court shall direct that a judgment be entered in the office of the clerk of superior court for the money value of services rendered by assigned counsel, the public defender, or the appellate defender, plus any sums allowed for other necessary expenses of representing the indigent person, including any fees and expenses that may have been allowed prior to final determination of the action to assigned
counsel pursuant to G.S. 7A-458, which shall constitute a lien as prescribed by the general law of the State applicable to judgments. Any reimbursement to the State as provided in subsection (a) of this section or any funds collected by reason of such judgment shall be deposited in the State treasury and credited against the judgment. The value of services shall be determined in accordance with rules adopted by the Office of Indigent Defense Services. The money value of services rendered by the public defender and the appellate defender shall be based upon the factors normally involved in fixing the fees of private attorneys, such as the nature of the case, the time, effort, and responsibility involved, and the fee usually charged in similar cases. A district court judge shall direct entry of judgment for actions or proceedings finally determined in the district court and a superior court judge shall direct entry of judgment for actions or proceedings originating in, heard on appeal in, or appealed from the superior court. Even if the trial, appeal, hearing, or other proceeding is never held, preparation therefor is nevertheless compensable.

(b1) In every case in which the State is entitled to a lien pursuant to this section, the public defender shall at the time of sentencing or other conclusion of the proceedings petition the court to enter judgment for the value of the legal services rendered by the public defender, and the appellate defender shall upon completion of the appeal petition or request the trial court to enter judgment for the value of the legal services rendered by the appellate defender.

(c) No order for partial payment under subsection (a) of this section and no judgment under subsection (b) of this section shall be entered unless the indigent person is convicted. If the indigent person is convicted, the order or judgment shall become effective and the judgment shall be docketed and indexed pursuant to G.S. 1-233 et seq., in the amount then owing, upon the later of (i) the date upon which the conviction becomes final if the indigent person is not ordered, as a condition of probation, to pay the State of North Carolina for the costs of his representation in the case or (ii) the date upon which the indigent person's probation is terminated or revoked if the indigent person is so ordered. No order for partial payment under subsection (a) of this section and no judgment under subsection (b) of this section shall be entered for the value of legal services rendered to perfect an appeal to the Appellate Division or in postconviction proceedings, if all of the matters that the person raised in the proceeding are vacated, reversed, or remanded for a new trial or resentencing.

(d) In all cases in which the entry of a judgment is authorized under G.S. 7A-450.1 through G.S. 7A-450.4 or under this section, the attorney, guardian ad litem, public defender, or appellate defender who rendered the services or incurred the expenses for which the judgment is to be entered shall obtain the social security number, if any, of each person against whom judgment is to be entered. This number, or a certificate that the person has no social security number, shall be included in each fee application submitted by an assigned attorney, guardian ad litem, public defender, or appellate defender, and no order for payment entered upon an application which does not include the required social security number or certification shall be valid to authorize payment to the applicant from the Indigent Persons' Attorney Fee Fund. Each judgment docketed against any person under this section or under G.S. 7A-450.3 shall include the social security number, if any, of the judgment debtor."

SECTION 2.  G.S. 7B-603 reads as rewritten:

"§ 7B-603.  Payment of court-appointed attorney or guardian ad litem.
(a) An attorney or guardian ad litem appointed pursuant to G.S. 7B-601 shall be paid a reasonable fee fixed by the court or by direct engagement for specialized guardian ad litem services through the Administrative Office of the Courts.

(a1) The court may require payment of the fee for an attorney or guardian ad litem appointed pursuant to G.S. 7B-601 from a person other than the juvenile as provided in G.S. 7A-450.1, 7A-450.2, and 7A-450.3. In no event shall the parent or guardian be required to pay the fees for a court-appointed attorney or guardian ad litem in an abuse, neglect, or dependency proceeding unless the juvenile has been adjudicated to be abused, neglected, or dependent or, in a proceeding to terminate parental rights, unless the parent's rights have been terminated. If the party is ordered to reimburse the State for attorney or guardian ad litem fees and fails to comply with the order at the time of disposition, the court shall file a judgment against the party for the amount due the State.

(b) An attorney appointed pursuant to G.S. 7B-602 or pursuant to any other provision of the Juvenile Code for which the Office of Indigent Defense Services is responsible for providing counsel shall be paid a reasonable fee in accordance with rules adopted by the Office of Indigent Defense Services.

(b1) The court may require payment of the fee for an attorney appointed pursuant to G.S. 7B-602 or G.S. 7B-1101 from the respondent. In no event shall the respondent be required to pay the fees for a court-appointed attorney in an abuse, neglect, or dependency proceeding unless the juvenile has been adjudicated to be abused, neglected, or dependent or, in a proceeding to terminate parental rights, unless the respondent's rights have been terminated. At the dispositional hearing or other appropriate hearing, the court shall make a determination whether the respondent should be held responsible for reimbursing the State for the respondent's attorneys' fees. This determination shall include the respondent's financial ability to pay.

If the court determines that the respondent is responsible for reimbursing the State for the respondent's attorneys' fees, the court shall so order. If the respondent does not comply with the order at the time of disposition, the court shall file a judgment against the respondent for the amount due the State.

(c) The court may require payment of the attorney or guardian ad litem fee from a person other than the juvenile as provided in G.S. 7A-450.1, 7A-450.2, and 7A-450.3. In no event shall the parent or guardian be required to pay the fees for a court-appointed attorney or guardian ad litem in an abuse, neglect, or dependency proceeding unless the juvenile has been adjudicated to be abused, neglected, or dependent or, in a proceeding to terminate parental rights, unless the parent's rights have been terminated. A person who does not comply with the court's order of payment may be punished for contempt as provided in G.S. 5A-21.

SECTION 3. G.S. 7A-450.3 reads as rewritten:

"§ 7A-450.3. Determination of responsibility at hearing.
At the dispositional, sentencing or other hearing of the person who is less than 18 years old or who is at least 18 years old but remains dependent on and domiciled with a parent or guardian, the court shall make a determination whether the parent, guardian or trustee should be held responsible for reimbursing the State for the person's attorney or guardian ad litem fees. This determination shall include the financial situation of the parent, guardian or trustee, the relationship of responsibility the parent, guardian or trustee bears to the person and any showings by the parent, guardian or trustee that the person is emancipated or not dependent. The test of the party's financial ability to pay is the test applied to appointment of an attorney in cases of indigency. Any provision of
any deed, trust or other writing, which, if enforced, would defeat the intent or purpose of
this section is contrary to the public policy of this State and is void insofar as it may
apply to prohibit reimbursement to the State.
If the court determines that the parent, guardian or trustee is responsible for
reimbursing the State for the attorney or guardian ad litem fees, the court shall so order.
If the party does not comply with the order within 90 days, at the time of disposition,
the court shall file a judgment against him for the amount due the State."

SECTION 4. Sections 2 and 3 of this act become effective October 1, 2005, and apply to the appointment of counsel on or after that date. The remainder of
this act is effective when it becomes law.

S.B. 692 Session Law 2005-255

AN ACT TO AUTHORIZE THE GREEN SQUARE PROJECT.

Whereas, the Green Square Project is an innovative partnership that involves
private and State agencies in the development of the city block in downtown Raleigh
just west of the Museum of Natural Sciences (Museum); and
Whereas, this project would finance and construct a new 60,000-square-foot
State Employees’ Credit Union (SECU) financial services center, a 170,000-square-foot
office building for the Department of Environment and Natural Resources (DENR), and
a 95,000-square-foot Nature Research Center that engages the public in understanding
the scientific research that affects our daily lives; and
Whereas, the Credit Union will finance and develop the project, and The
Friends of the Museum will conduct a private capital campaign to address the Museum
expansion; and
Whereas, DENR currently leases 165,000 square feet of office space in
Raleigh at an annual cost of $2,435,000, and the new office building could allow the
relocating of environmental staff from dispersed areas to consolidate operation in the
State Government Complex; and
Whereas, this would affect approximately 615 staff; and
Whereas, the financial strategy for use of offices in this new complex could
be commensurate with rental space costs to DENR; and
Whereas, the Green Square partners have been in the planning phases for the
past two years, the project has received endorsements from city, county, and State
officials, as well as business leaders, the Capital Area Planning Commission approved
the concept in November 2003, and the General Assembly approved a $500,000
allocation of DENR capital funds in the FY 2005 Budget for planning the Green Square;
and
Whereas, funding is in place for Schematic Design, but before this phase
begins, two aspects of the project need to be approved: the Financing Plan and the Land
Transfer Plan; and
Whereas, at the end of Schematic Design, the Credit Union will begin
financing the Green Square Project, the Credit Union will be responsible for financing
the full cost of site preparation, design, and construction of the key elements of the
Green Square Project, and the Credit Union intends to construct the Green Square and associated parking deck in the block west of the Museum, excluding that portion of the real estate occupied by the Offices of the Attorney General; and

Whereas, the Credit Union desires that the State sell the land in 2005 (other than the property now owned by the Credit Union) to the Credit Union, in fee simple, for one dollar; and

Whereas, the State will retain a right to reacquire the Green Square Project property for the sum of one dollar in the event the Project does not go forward as planned; and

Whereas, upon completion of construction, the Credit Union will be the landlord for all of the occupants, the State will have an option to purchase all Green Square property (except for the portion of property now owned by the State Employees' Credit Union and rights to certain parking spaces in the parking deck) during the first 20 years after occupancy at an amount to be agreed upon between the State and the Credit Union, such amount not to exceed the Credit Union's investment in the portion of the Green Square Project to be leased to the Museum and DENR (calculated as described below); and

Whereas, SECU will agree that if the improvements described above are constructed as so described and the State does not exercise its option to repurchase the land and improvements within 20 years, SECU will make a payment to the State in an amount that reflects the then current market value of the land at the time of payment; and

Whereas, the Museum will lease, with an option to purchase (under the State's option to purchase described above), approximately 95,000 square feet in the Green Square Project for the Nature Research Center; and DENR will lease, with an option to purchase (under the State's option to purchase described above), approximately 170,000 square feet in the Green Square Project; and

Whereas, the Credit Union, Museum, and DENR intend that the lease payments to be paid by the Museum and DENR be such that the Credit Union receives a return on its total investment for construction costs for the site preparation, design, and construction of the space in the building leased to the Museum and DENR; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The State of North Carolina shall convey to the State Employees' Credit Union, a North Carolina Corporation, for consideration of one dollar ($1.00), title to the following described property:

PROJECT SITE:
The Green Square Project site is located diagonally and directly northwest of the State Capitol grounds and is bordered on the south by Edenton Street, on the west by McDowell, on the north by Jones, and on the east by Salisbury. The perimeter property lines of the Green Square Project define a square measuring approximately 420 feet per side. The Green Square Project site only includes the southwest, northwest, and northeast quadrants of the square. The "Old Education Building" occupies the fourth southeast quadrant. The Old Education Building will remain and will continue to be occupied by the offices of the State Attorney General.

SECTION 2. The General Assembly makes the following findings and authorizes the actions on behalf of the State set out in this section:
The State Employees' Credit Union (SECU) owns a parcel of land within the city block bounded by McDowell, Salisbury, Edenton, and Jones Streets in the City of Raleigh, Wake County, North Carolina. The rest of the real estate contained in the aforementioned block is the property of the State of North Carolina.

The SECU desires and intends to construct a building and associated parking deck upon the real estate described in subdivision (1) of this section, excluding that portion of the real estate occupied by the Offices of the Attorney General, such building, parking deck, and adjoining real estate hereinafter referred to as the "Green Square Project". The SECU will be responsible for the full costs of site preparation, design, and construction of the Green Square Project. Construction of the Green Square Project will necessitate demolition of certain structures already located thereon.

The SECU desires that the State sell the land (other than the property now owned by the SECU) to the SECU, in fee simple, upon which the Green Square Project will be located to the SECU for one dollar ($1.00).

The State will retain a right to reacquire the Green Square Project property for the sum of one dollar ($1.00) in the event the project does not go forward as planned, except for the portion of property now owned by the SECU.

Upon completion of construction, the SECU will be the landlord for all of the occupants. The State shall have an option to purchase all Green Square property, excluding the property, both land and facility, designed for and intended to be occupied by the SECU and the SECU's ownership or other rights to certain parking spaces in the parking deck during the first 20 years after occupancy. The purchase price shall be an amount to be agreed upon between the State and the Credit Union, such amount not to exceed the Credit Union's investment in the portion of the Green Square Project to be leased to the Museum and DENR (calculated as described below). SECU will agree that if the improvements described above are constructed as so described and if the State does not exercise its option to repurchase the land and improvements within 20 years, the SECU will make a payment to the State in an amount that reflects the market value of the land at the time of payment.

The Museum desires and intends to lease, with option to purchase (under the State's option to purchase required by subdivision (5) of this section), approximately 95,000 square feet in the Green Square Project. The Museum shall have the right to consult upon and ultimately approve the design applicable to the space the Museum intends to occupy within the building, and the Museum will be responsible for the cost of special upfitting to suit its specific Museum purposes.

DENR desires and intends to lease, with option to purchase (under the State's option to purchase required by subdivision (5) of this section), approximately 170,000 square feet in the Green Square Project. DENR
shall have the right to consult upon and ultimately approve the design
applicable to the space it intends to occupy within the building.

(8) SECU, The Museum and DENR intend and desire that the lease
payments to be paid by the Museum and DENR be such that the SECU
receives a return on its total investment for construction costs for the
site preparation, design, and construction of the space in the building
leased to the Museum and DENR, as the case may be, including
associated parking for those respective portions of the building. Lease
payments will be monthly, quarterly, or annually, as the parties
mutually determine to be agreeable after completion of construction
and occupancy of the space. The State, on behalf of the Museum or
DENR, may exercise its option to purchase all Green Square property,
excluding the property, both land and facility, designed for and
intended to be occupied by the SECU and the SECU's ownership or
other rights to certain parking spaces in the parking deck at any time.

(9) The parties agree to share initial architectural design costs for the
Pre-Design Phase with DENR and the Museum paying sixty-seven
percent (67%) and the Credit Union paying thirty-three percent (33%).
After completion of the Schematic Design Phase, DENR will obtain
final approval of the Green Square Project from the Capital Area
Planning Commission.

(10) Upon receipt of the approval set forth in paragraph 9, all further design
site preparation, design, and construction costs may be included by the
SECU, as part of its overall investment in the project and apportioned
appropriately among the project components (and included in the
calculation of lease payments or the purchase price of the Green
Square Project).

(11) All parties hereto desire, intend, and agree to use best efforts to secure
the requisite approvals to proceed with the Green Square Project. Upon
securing such approvals, the parties agree that the details of the Project
and the responsibilities of the respective parties shall be set forth in a
binding contract that shall be executed prior to the beginning of
construction. That contract will follow State laws and policies
concerning historically underutilized businesses. Such agreement may
contain the details of the lease payments to be paid by DENR and the
Museum during any period the facilities are leased by them, the terms
under which the State may exercise its options to purchase portions of
the building, and such other details as shall be necessary or
appropriate. Such agreement shall be entered into on behalf of the
State by the Secretary of Administration, subject to the approval of the
State Treasurer and the State Budget Officer.

(12) The State agrees and acknowledges that the SECU will at all times,
now and in the future, retain full ownership and title to the portion of
the new facility under the control of SECU and the associated land and
parking.

SECTION 3. This act is effective when it becomes law.
In the General Assembly read three times and ratified this the 27th day of
AN ACT TO AUTHORIZE THE ORANGE COUNTY BOARD OF ELECTIONS TO CONDUCT A PILOT PROGRAM IN CHAPEL HILL TOWNSHIP IN WHICH THE METHODS USED IN ONE-STOP VOTING WOULD CONTINUE ON ELECTION DAY AS THE VOTING METHOD, ALL TO BE KNOWN AS VOTING CENTERS.

The General Assembly of North Carolina enacts:

SECTION 1. With the approval of the State Board of Elections, the Orange County Board of Elections may conduct a pilot program in Chapel Hill Township for any or all primaries or elections occurring prior to January 1, 2007, where the requirements of this section prevail over any other requirement concerning voting at one-stop sites or on election day. The pilot program shall consist of continuing one-stop voting as provided in G.S. 163-227.2 on election day as the method of voting. Voting places, whether during the one-stop period or on election day, shall be known as voting centers. The pilot program consists of the following elements:

(1) Any voter properly registered in Chapel Hill Township may vote at any voting center during the one-stop period established in G.S. 163-227.2 or on election day.

(2) On election day, the only places open to vote in Chapel Hill Township are those designated as voting centers.

(3) All voting centers shall have a Web-based or online connection to the voter registration system so that voter registration information and voting history can be checked in a timely manner to ensure against any voter voting more than once.

(4) Notwithstanding G.S. 163-227.2(e1), the State Board of Elections shall determine which ballots must be made retrievable and identifiable to the county board of elections in order to ensure that the vote count by eligible voters is accurate. If any vote need not be identifiable, it shall not be made so, notwithstanding G.S. 163-227.2(e1).

(5) The Plan of Implementation may provide a different system for voter sign-in than the regular one-stop process which requires completion of an absentee ballot application, but the process must be auditable. As required by G.S. 163-166.7, the voter, before voting, shall sign that voter's name on the pollbook, other voting record, or voter authorization document. As provided by G.S. 163-166.7, if the voter is unable to sign, a voting center official shall enter the person's name on the same document before the voter votes. A voter at a voting center shall be entitled to the same assistance as a voter at a voting place on election day under G.S. 163-166.8.

(6) A larger number of voting centers may be open on election day than during the earlier part of the one-stop period.

(7) Election returns shall be reported by regular precinct as well as by voting center. Notwithstanding G.S. 163-132.5G, for primary elections in 2006, those returns by regular precinct shall be reported by May 1,
2007, and for the 2006 general election those returns by regular precinct shall be reported by March 1, 2007. G.S. 163-132.5G shall not apply to elections held in 2005 under this act.

(8) Notwithstanding G.S. 163-227.2(g), the State Board of Elections may allow the county board of elections during the regular one-stop voting period to designate voting centers in commercial buildings that are not public buildings.

(9) Notwithstanding G.S. 163-227.2(g), on election day any building may be designated as a voting center, but the office of the county board of elections does not have to be designated as a voting center.

(10) Notwithstanding G.S. 163-227.2(g), officials appointed pursuant to G.S. 163-41, 163-42, and 163-42.1 may be assigned to staff the voting centers. The Plan of Implementation shall provide for appointment of election officials at voting centers so that political parties have a similar opportunity to recommend officials as if there were precinct polling places.

(11) The Plan of Implementation may for administrative purposes treat the entire township as one precinct with multiple voting places on election day, but a voter must, when appearing to vote, report any change of address.

(12) Before voting centers may be used under this section, a Plan of Implementation must be approved unanimously by the county board of elections and then approved by the Executive Director of the State Board of Elections. Prior to adoption, the county board of elections shall conduct a public hearing and notify the county chair of each political party under Article 9 of Chapter 163 of the General Statutes. The county board of elections shall develop an outreach and education campaign to inform voters about the changes in voting locations.

SECTION 2. The State Board of Elections shall closely monitor the pilot program and report its findings and recommendations to the General Assembly at its 2005 Regular Session in 2006, and to the 2007 Regular Session of the General Assembly.

SECTION 3. This act is effective when it becomes law.
