(1a) "Health care" means any care, treatment, service, or procedure to maintain, diagnose, treat, or provide for the principal's physical or mental health or personal care and comfort including, life-sustaining procedures. (4) "Life-sustaining procedures" are those forms of care or treatment which only serve to artificially prolong the dying process and may include mechanical ventilation, dialysis, antibiotics, artificial nutrition and hydration, and other forms of treatment which sustain, restore or supplant vital bodily functions, but do not include care necessary to provide comfort or to alleviate pain.

(5) "Principal" means the person making the health care power of attorney.

SECTION 2. G.S. 32A-20(b) reads as rewritten:

"§ 32A-20. Effectiveness and duration; revocation.

(b) Except for purposes of exercising authority granted by a health care power of attorney with respect to anatomical gifts, autopsy, or disposition of remains as provided in G.S. 32A-19(b), a health care power of attorney is revoked by the death of the principal. A health care power of attorney may be revoked by the principal at any time, so long as the principal is capable of making and communicating health care decisions. The principal may exercise this right of revocation by executing and acknowledging an instrument of revocation, by executing and acknowledging a subsequent health care power of attorney, or in any other manner by which the principal is able to communicate an intent to revoke. This revocation becomes effective only
upon communication by the principal to each health care agent named in the revoked health care power of attorney and to the principal's attending physician or eligible psychologist.

SECTION 3. G.S. 32A-25 reads as rewritten:

The use of the following form in the creation of a health care power of attorney is lawful and, when used, it shall meet the requirements of and be construed in accordance with the provisions of this Article:

(Notice: This document gives the person you designate your health care agent broad powers to make health care decisions, including mental health treatment decisions, for you. Except to the extent that you express specific limitations or restrictions on the authority of your health care agent, this power includes the power to consent to your doctor not giving treatment or stopping treatment necessary to keep you alive, admit you to a facility, and administer certain treatments and medications. This power exists only as to those health care decisions for which you are unable to give informed consent.

This form does not impose a duty on your health care agent to exercise granted powers, but when a power is exercised, your health care agent will have to use due care to act in your best interests and in accordance with this document. For mental health treatment decisions, your health care agent will act according to how the health care agent believes you would act if you were making the decision. Because the powers granted by this document are broad and sweeping, you should discuss your wishes concerning life-sustaining procedures, mental health treatment, and other health care decisions with your health care agent.

Use of this form in the creation of a health care power of attorney is lawful and is authorized pursuant to North Carolina law. However, use of this form is an optional and nonexclusive method for creating a health care power of attorney and North Carolina law does not bar the use of any other or different form of power of attorney for health care that meets the statutory requirements.)

1. Designation of health care agent.

I, ____________, being of sound mind, hereby appoint

Name: ______________________________
Home Address: __________________________

as my health care attorney-in-fact (herein referred to as my "health care agent") to act for me and in my name (in any way I could act in person) to make health care decisions for me as authorized in this document.

If the person named as my health care agent is not reasonably available or is unable or unwilling to act as my agent, then I appoint the following persons (each to act alone and successively, in the order named), to serve in that capacity: (Optional)

A. Name: ______________________________
   Home Address: __________________________
   Home Telephone Number ________Work Telephone Number________

B. Name: ______________________________
   Home Address: __________________________
   Home Telephone Number ________Work Telephone Number________
Each successor health care agent designated shall be vested with the same power and
duties as if originally named as my health care agent.

2. Effectiveness of appointment.
(Notice: This health care power of attorney may be revoked by you at any time in any
manner by which you are able to communicate your intent to revoke to your health care
agent and your attending physician.)

Absent revocation, the authority granted in this document shall become effective
when and if the physician or physicians designated below determine that I lack
sufficient understanding or capacity to make or communicate decisions relating to my
health care and will continue in effect during my incapacity, until my death, except if I authorize my health care agent to exercise my rights with respect to
anatomical gifts, autopsy, or disposition of my remains, this authority will continue after
my death to the extent necessary to exercise the authority granted in this document for
these purposes.

This determination shall be made by the following physician or physicians. For
decisions related to mental health treatment, this determination shall be made by the
following physician or eligible psychologist. (You may include here a designation of
your choice, including your attending physician or eligible psychologist, or any other
physician or eligible psychologist. You may also name two or more physicians or
eligible psychologists, if desired, both of whom must make this determination before the
authority granted to the health care agent becomes effective.):

____________________________________________________________________
____________________________________________________________________

Except as indicated in section 4 below, I hereby grant to my health care agent named
above full power and authority to make health care decisions, including mental health
treatment decisions, on my behalf, including, but not limited to, the following:

A. To request, review, and receive any information, verbal or written,
regarding my physical or mental health, including, but not limited to,
medical and hospital records, and to consent to the disclosure of this
information.
B. To employ or discharge my health care providers.
C. To consent to and authorize my admission to and discharge from a
hospital, nursing or convalescent home, or other institution.
D. To consent to and authorize my admission to and retention in a facility
for the care or treatment of mental illness.
E. To consent to and authorize the administration of medications for
mental health treatment and electroconvulsive treatment (ECT)
commonly referred to as "shock treatment".
F. To give consent for, to withdraw consent for, or to withhold consent
for, X ray, anesthesia, medication, surgery, and all other diagnostic and
treatment procedures ordered by or under the authorization of a
licensed physician, dentist, or podiatrist. This authorization
specifically includes the power to consent to measures for relief of
pain.
G. To authorize the withholding or withdrawal of life-sustaining
procedures when and if my physician determines that I am terminally
ill, permanently in a coma, suffer severe dementia, or am in a persistent vegetative state. Life-sustaining procedures are those forms of medical care that only serve to artificially prolong the dying process and may include mechanical ventilation, dialysis, antibiotics, artificial nutrition and hydration, and other forms of medical treatment which sustain, restore or supplant vital bodily functions. Life-sustaining procedures do not include care necessary to provide comfort or alleviate pain.

I DESIRE THAT MY LIFE NOT BE PROLONGED BY LIFE-SUSTAINING PROCEDURES IF I AM TERMINALLY ILL, PERMANENTLY IN A COMA, SUFFER SEVERE DEMENTIA, OR AM IN A PERSISTENT VEGETATIVE STATE.

H. To exercise any right I may have to make a disposition of any part or all of my body for medical purposes; to donate my organs, to authorize an autopsy; to make an anatomical gift of my organs or body, or part thereof, and to direct the disposition of my remains.

I. To take any lawful actions that may be necessary to carry out these decisions, including the granting of releases of liability to medical providers.

4. Special provisions and limitations.
(Notice: The above grant of power is intended to be as broad as possible so that your health care agent will have authority to make any decisions you could make to obtain or terminate any type of health care. If you wish to limit the scope of your health care agent's powers, you may do so in this section.)

A. In exercising the authority to make health care decisions on my behalf, the authority of my health care agent is subject to the following special provisions and limitations (Here you may include any specific limitations you deem appropriate such as: your own definition of when life-sustaining treatment should be withheld or discontinued, or instructions to refuse any specific types of treatment that are inconsistent with your religious beliefs, or unacceptable to you for any other reason.):

________________________________________________________

B. In exercising the authority to make mental health decisions on my behalf, the authority of my health care agent is subject to the following special provisions and limitations. (Here you may include any specific limitations you deem appropriate such as: limiting the grant of authority to make only mental health treatment decisions, your own instructions regarding the administration or withholding of psychotropic medications and electroconvulsive treatment (ECT), instructions regarding your admission to and retention in a health care facility for mental health treatment, or instructions to refuse any specific types of treatment that are unacceptable to you):

________________________________________________________
C. (Notice: This health care power of attorney may incorporate or be combined with an advance instruction for mental health treatment, executed in accordance with Part 2 of Article 3 of Chapter 122C of the General Statutes, which you may use to state your instructions regarding mental health treatment in the event you lack sufficient understanding or capacity to make or communicate mental health treatment decisions. Because your health care agent's decisions about decisions must be consistent with any statements you have expressed in an advance instruction, you should indicate here whether you have executed an advance instruction for mental health treatment.):

D. In exercising the authority to make decisions regarding autopsy, anatomical gifts and disposition of remains on my behalf, the authority of my health care agent is subject to the following special provisions and limitations. (Here you may include any specific limitations you deem appropriate such as: limiting the grant of authority and the scope of authority, instructions regarding gifts of the body or body part, or instructions regarding burial or cremation):

5. Guardianship provision.

If it becomes necessary for a court to appoint a guardian of my person, I nominate my health care agent acting under this document to be the guardian of my person, to serve without bond or security. The guardian shall act consistently with G.S. 35A-1201(a)(5).

A. No person who relies in good faith upon the authority of or any representations by my health care agent shall be liable to me, my estate, my heirs, successors, assigns, or personal representatives, for actions or omissions by my health care agent.

B. The powers conferred on my health care agent by this document may be exercised by my health care agent alone, and my health care agent's signature or act under the authority granted in this document may be accepted by persons as fully authorized by me and with the same force and effect as if I were personally present, competent, and acting on my own behalf. All acts performed in good faith by my health care agent pursuant to this power of attorney are done with my consent and shall have the same validity and effect as if I were present and exercised the powers myself, and shall inure to the benefit of and bind me, my estate, my heirs, successors, assigns, and personal representatives. The authority of my health care agent pursuant to this power of attorney
shall be superior to and binding upon my family, relatives, friends, and others.

7. Miscellaneous provisions.
   A. I revoke any prior health care power of attorney.
   B. My health care agent shall be entitled to sign, execute, deliver, and acknowledge any contract or other document that may be necessary, desirable, convenient, or proper in order to exercise and carry out any of the powers described in this document and to incur reasonable costs on my behalf incident to the exercise of these powers; provided, however, that except as shall be necessary in order to exercise the powers described in this document relating to my health care, my health care agent shall not have any authority over my property or financial affairs.
   C. My health care agent and my health care agent’s estate, heirs, successors, and assigns are hereby released and forever discharged by me, my estate, my heirs, successors, and assigns and personal representatives from all liability and from all claims or demands of all kinds arising out of the acts or omissions of my health care agent pursuant to this document, except for willful misconduct or gross negligence.
   D. No act or omission of my health care agent, or of any other person, institution, or facility acting in good faith in reliance on the authority of my health care agent pursuant to this health care power of attorney shall be considered suicide, nor the cause of my death for any civil or criminal purposes, nor shall it be considered unprofessional conduct or as lack of professional competence. Any person, institution, or facility against whom criminal or civil liability is asserted because of conduct authorized by this health care power of attorney may interpose this document as a defense.

8. Signature of principal.
   By signing here, I indicate that I am mentally alert and competent, fully informed as to the contents of this document, and understand the full import of this grant of powers to my health care agent.

Fees assessed for permit violations under this subsection shall not exceed a maximum of twenty-five thousand dollars ($25,000).

(e) It is the intent of the General Assembly that the permit fees provided in G.S. 20-119 shall be adjusted periodically to assure that the revenue generated by the fees is equal to the cost to the Department of administering the Oversize/Overweight Permit Unit Program within the Division of Highways. At least every two years, the Department shall review and compare the revenue generated by the permit fees and the cost of administering the program, and shall report to the Joint Legislative Transportation Oversight Committee created in G.S.120-70.50 its recommendations for adjustments to the permit fees to bring the revenues and the costs into alignment.

(f) The Department of Transportation shall issue rules to establish an escort driver training and certification program for escort vehicles accompanying oversize/overweight loads. These permits shall be valid for unlimited movement without escorts on all State highways where the overwidth vehicles do not exceed posted bridge and load limits.

(h) No law enforcement officer shall issue a citation to a person for a violation of this section if the officer is able to determine by electronic means that the person has a permit valid at the time of the violation but does not have the permit in his or her possession. Any person issued a citation pursuant to this section who does not have the permit in his or her possession at the time of the issuance of the citation shall not be responsible for a violation, and the Department of Crime Control and Public Safety may not impose any fines under this section if the person submits evidence to the Department of the existence of a permit valid at the time of the violation within 30 days of the date of the violation.”

"§ 158-38. Fiscal accountability.

The Zone Region is a public authority subject to the provisions of Chapter 159 of the General Statutes.

The establishment and operation of the Zone Region are governmental functions and constitute a public purpose. The State of North Carolina and any unit of local government may appropriate or otherwise provide funds to support the establishment and operation of the Zone Region. The State of North Carolina and any unit of local government may also dedicate, sell, convey, donate, or lease any of their interests in property to the Zone Region. The Zone Region may apply for grants from the State of North Carolina, the United States, or any department, agency, or instrumentality of the State or the United States. Any department of State government may allocate to the Zone Region any funds the use of which is not restricted by law.

"§ 158-40. Tax exemption.

Property owned by the Zone Region is exempt from taxation. This tax exemption does not apply to the lease, or other arrangement that amounts to a leasehold interest, of Zone Region property to a private party, or to the income of the lessee, unless the property is leased solely for the purpose of the Zone Region, in which case the activities of the lessee are considered the activities of the Zone Region.

"§ 158-41. Withdrawal; termination.

(a) Withdrawal. – A county participating in the Zone Region may, by resolution, withdraw from the Zone Region. A resolution withdrawing from the Zone Region may not become effective before the end of the fiscal year in which it is adopted. Upon adoption of a resolution withdrawing from the Zone Region, the board of commissioners of the county shall provide a copy of the resolution to the Secretary of State, the Commission, the Authority, and every other county participating in the Zone Region. Withdrawal does not entitle a county to early distribution of its beneficial interest in Zone Region assets, but a county that has withdrawn retains its right to any distributions that may be made to participating counties pursuant to subsection (b) of this section on the same basis as if it had not withdrawn. For all other purposes, a county that has withdrawn from the Zone Region no longer participates in the Zone Region.
(b) Termination. – The Commission may dissolve the Zone Region and terminate its existence at any time. If the Zone Region is dissolved and terminated or is otherwise unable to expend the tax proceeds received pursuant to G.S. 158-42, the Commission shall liquidate the assets of the Zone Region to the extent possible and distribute all Zone Region assets to the counties of the Zone Region in proportion to the amount of tax collected in each county. The assets of the Zone Region that exceed the amount of tax collected by the counties and are attributable to an appropriation made to the Zone Region by the General Assembly shall revert to the General Fund and may not be distributed to the counties. A county may use funds distributed to it pursuant to this subsection only for economic development projects and infrastructure construction projects. In calculating the amount to be refunded to each county, the Zone Region shall first allocate amounts loaned and not yet repaid as follows:

(1) Amounts loaned for a project in a county will be allocated to that county to the extent of its beneficial ownership of the principal of the trust account created under G.S. 158-42 and the county will become the owner of the right to repayment of the amount loaned to the extent of its beneficial ownership of the principal of the trust account created under G.S. 158-42.

(2) Amounts not allocated pursuant to subdivision (1) shall be allocated among the remaining counties in proportion to the amount of tax collected in each county under G.S. 158-42, and the remaining counties shall become the owners of the right to repayment of the amounts loaned in proportion to the amount of tax collected in each county under G.S. 158-42.

Notes and other instruments representing the right to repayment shall, upon dissolution of the Zone Region, be held and collected by the State Treasurer, who shall disburse the collections to the counties as provided in this subsection.

The Commission shall distribute those assets that it is unable to liquidate among the Zone Region counties insofar as practical on an equitable basis, as determined by the Commission. Upon termination, the State of North Carolina shall succeed to any remaining rights, obligations, and liabilities of the Zone Region not assigned to the Zone Region counties.

§ 158-42. Temporary Zone Region vehicle registration tax.

(a) Levy. – The Commission may, by resolution, after not less than 10 days' public notice and a public hearing, levy an annual registration tax of five dollars ($5.00) on motor vehicles with a tax situs within the Zone Region. A tax levied under this section is in addition to any other motor vehicle license or registration tax.

The tax applies to vehicles required to pay a tax under G.S. 20-88, except trailers, and G.S. 20-87(1), (2), (4), (5), (6), and (7). The tax situs of a motor vehicle for the purpose of this section is its ad valorem tax situs. If the vehicle is not subject to ad valorem tax, its tax situs for the purpose of this section is the ad valorem tax situs it would have if it were subject to ad valorem tax.

(b) Effective Date; Expiration. – The effective date of a tax levied under this section shall be no earlier than July 1, 1994. The effective date of a tax levied under this section must be the first day of a calendar month set by the Commission in the resolution levying the tax, and shall be no earlier than the first day of the third calendar month after the adoption of the resolution.

The authority of the Zone Region to levy a tax under this section expires five years after the effective date of the first tax levied under this section. A tax levied under this
section expires when the Zone Region's authority to levy the tax expires. The expiration of the tax does not affect the rights or liabilities of the Zone Region, a taxpayer, or another person arising under this section before the expiration of the tax; nor does it affect the right to any refund or credit of a tax that would otherwise have been available under this section before the expiration of the tax.

(c) Repeal of Tax. – The Commission may, by resolution, repeal a tax levied under this section. The effective date of the repeal must be the first day of a calendar month set by the Commission in the resolution repealing the tax, and shall be no earlier than the first day of the third calendar month after the adoption of the resolution. Repeal of the tax does not affect the rights or liabilities of the Zone Region, a taxpayer, or another person arising under this section before the effective date of the repeal; nor does it affect the right to any refund or credit of a tax that would otherwise have been available under this section before the effective date of the repeal.

(d) Administration. – The Division of Motor Vehicles of the Department of Transportation shall collect and administer a tax levied under this section. Immediately after adopting a resolution levying or repealing a tax under this section, the Commission shall deliver a certified copy of the resolution to the Division of Motor Vehicles. If the Secretary of State issues an amended certificate of incorporation adding a county to the Zone Region pursuant to G.S. 158-33.1, the Commission shall deliver a certified copy of the amended certificate immediately to the Division of Motor Vehicles. If the Commission receives a resolution from a county withdrawing from the Zone Region pursuant to G.S. 158-41, the Commission shall deliver a certified copy of the resolution immediately to the Division of Motor Vehicles.

A tax levied under this section is due at the same time and subject to the same restrictions as the tax levied in G.S. 20-87 and G.S. 20-88. The tax shall be prorated in accordance with G.S. 20-95. The Commissioner of Motor Vehicles may adopt rules necessary to administer the tax.

(e) Distribution of Tax Proceeds. – The Commissioner of Motor Vehicles shall credit the proceeds of the tax levied under this section to a special account and distribute the net proceeds on a quarterly basis to the Zone Region. Interest on the special account shall be credited quarterly to the Highway Fund to reimburse the Division of Motor Vehicles for the cost of collecting and administering the tax. The Commissioner of Motor Vehicles shall provide the Zone Region with an accounting of the percentage of proceeds collected in each county of the Zone Region in each quarter.

(f) Use of Tax Proceeds. – The Zone Region may use the proceeds of the tax levied under this section only for economic development projects and infrastructure construction projects that are within the territorial jurisdiction of the Zone Region but not within the Global TransPark Complex. The Zone Region shall use the tax proceeds only for public purposes authorized by this Article.

The Zone Region shall place fifteen percent (15%) of the tax proceeds distributed to it under this section in a general funds account and the remaining eighty-five percent (85%) in an interest-bearing trust account. Each county shall be the beneficial owner of a share of the principal of the trust account in proportion to the amount of tax proceeds collected in that county.

The Zone Region may not disburse the principal of the trust account except pursuant to a contract that provides that, within a reasonable time not to exceed 20 years, the Zone Region will recover or be repaid the amount disbursed. The Zone Region may, in
its discretion, set reasonable terms and conditions for the repayment of the principal disbursed, including provisions for securing the debt and the payment of interest."

SECTION 2.  G.S. 143B-437.21(6) reads as rewritten:

The following definitions apply in this Part:

(6) Regional partnership. – Any of the following:
   c. The Southeastern North Carolina Regional Economic Development Commission created in G.S. 158-8.3.
   e. The Carolinas Partnership, Inc.
   f. The Research Triangle Regional Partnership.
   g. The Piedmont Triad Partnership."

Investment deposits and money deposited in an official depository or deposited at interest shall be secured in the manner prescribed in G.S. 159-31(b). This section applies to the regional economic development commissions listed in this section only for as long as the commissions are receiving State funds."

SECTION 4.  Any costs associated with the change of the name of the Global TransPark Development Zone to North Carolina’s Eastern Region by this act shall be borne by North Carolina’s Eastern Region Development Commission.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.94E reads as rewritten:

"§ 143-215.94E. Rights and obligations of the owner or operator.

... (e) When an owner, operator, or landowner pays the costs described in G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1) resulting from a discharge or release of petroleum from an underground storage tank, the owner, operator, or landowner may seek reimbursement from the appropriate fund for any costs that the owner, operator, or landowner may elect to have either the Commercial Fund or the Noncommercial Fund pay in accordance with subsections (b), (b1), (c), and (c1) the applicable subsections of this section.

(e1) The Department may contract for any services necessary to evaluate any claim for reimbursement or compensation from either the Commercial Fund or the Noncommercial Fund, may contract for any expert witness or consultant services necessary to defend any decision to pay or deny any claim for reimbursement, and may pay the cost of these services from the fund against which the claim is made; provided that in any fiscal year the Department shall not expend from either fund more than one percent (1%) of the unobligated balance of the fund on 30 June of the previous fiscal year. The cost of contractual services to evaluate a claim or for expert witness or consultant services to defend a decision with respect to a claim shall be included as costs under G.S. 143-215.94B(b), 143-215.94B(b1), and 143-215.94D(b1).

(e2) An owner or operator whose claim for reimbursement is denied may appeal a decision of the Department as provided in Article 3 of Chapter 150B of the General Statutes. If the owner or operator is eligible for reimbursement under this section and the cleanup extends beyond a period of three months, the owner or operator may apply to the Department for interim reimbursements to which he is entitled under this section on a quarterly basis. If the Department fails to notify an owner or operator of its decision on a claim for reimbursement under this subsection within 90 days after the date the claim is received by the Department, the owner or operator may elect to consider the claim to have been denied, and may appeal the denial as provided in Article 3 of Chapter 150B of the General Statutes.

(e3) The Department shall not pay any third party or reimburse any owner or operator who has paid any third party pursuant to any settlement agreement or consent judgment relating to a claim by or on behalf of a third party for compensation for bodily injury or property damage unless the Department has approved the settlement agreement or consent judgment prior to entry into the settlement agreement or consent judgment by the parties or entry of a consent judgment by the court. The approval or disapproval by the Department of a proposed settlement agreement or consent judgment shall be subject to challenge only in a contested case filed under Chapter 150B of the
General Statutes. The Secretary shall make the final agency decision in a contested case proceeding under this subsection.

(e4) (1) If the owner or operator takes initial steps to collect and remove the discharge or release as required by the Department and completes the initial assessment required to determine degree of risk, the owner or operator shall not be subject to any violation or penalty for any failure to proceed with further assessment or cleanup under G.S. 143-215.84 or this section before the owner or operator is authorized to proceed with further assessment or cleanup as provided in subsection (e5) of this section. The lack of availability of funds in the Commercial Fund or the Noncommercial Fund shall not relieve an owner or operator of responsibility to immediately undertake to collect and remove the discharge or release or to conduct any assessment or cleanup ordered by the Department or be a defense against any violations and penalties issued to the owner or operator for failure to conduct required assessment or cleanup.

(2) The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a commercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk. If any of the costs of assessment and cleanup of the discharge or release from a commercial underground storage tank are eligible to be paid or reimbursed from the Commercial Fund, the Department shall also consider the availability of funds in the Commercial Fund and the order in which the discharge or release was reported in determining the schedule.

(3) The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a noncommercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk. If any of the costs of assessment or cleanup of the discharge or release from a noncommercial underground storage tank are eligible to be paid or reimbursed from the Noncommercial Fund, the Department shall also consider the availability of funds in the Noncommercial Fund and the order in which the discharge or release was reported in determining the schedule.

(4) The Department may revise the schedules that apply to the assessment and cleanup of any discharge or release at any time based on its reassessment of any of the foregoing factors.

(e2)(e5) (1) As used in this subsection:

a. 'Authorization' means a determination by the Department that a person may proceed with one or more tasks associated with the assessment or cleanup of a discharge or release from a
petroleum underground storage tank. To 'authorize' means to make such a determination.

b. 'Preapproval' means a determination by the Department that:
   1. The nature and scope of a task is reasonable and necessary to be performed under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1) in order to achieve the purposes of this Part.
   2. The amount estimated for the cost of a task does not exceed the amount or rate that is reasonable for that task.

(1) The Department may require an owner, operator, or landowner to obtain approval from the Department before proceeding with any task that will result in a cost that is eligible to be paid or reimbursed under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1). The Department shall specify those tasks for which preapproval is required. The Department shall deny any request for payment or reimbursement of the cost of any task for which preapproval is required if the owner, operator, or landowner failed to obtain preapproval of the task. Preapproval of a task by the Department does not guarantee payment or reimbursement in the amount estimated for the cost of the task at the time preapproval is requested. The Department shall pay or reimburse the cost of a task only if all of the following apply:
   a. The cost is eligible to be paid under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1).
   b. Payment is in accordance with G.S. 143-215.94B(d) or G.S. 143-215.94D(d).
   c. and if the Department determines that the cost is reasonable and necessary.

(2) The Commission may adopt rules governing payment or reimbursement of reasonable and necessary costs and, consistent with any rules adopted by the Commission, the Department shall develop, implement, and periodically revise a schedule of costs that the Department determines to be reasonable and necessary costs for specific tasks. Statements that specify tasks for which preapproval is required and schedules of reasonable and necessary costs for specific tasks are statements within the meaning of G.S. 150B-2(8a)g. This subsection shall not be construed to invalidate any rule of the Commission related to preapproval of tasks that will result in a cost that is eligible to be paid or reimbursed under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1), provided, however, that the Department may specify additional tasks for which preapproval is required.

(3) In all cases, the Department shall require an owner, operator, or landowner to submit documentation sufficient to establish that a cost claim is eligible to be paid or reimbursed under this Part before the Department pays or reimburses the cost claim.

(4) The Department shall authorize a task the cost of which is to be paid or reimbursed from the Commercial Fund or the Noncommercial Fund only when the task is scheduled to be performed on the basis of a
priority determination pursuant to subsection (e4) of this section. The Department shall not pay or reimburse the cost of any task for which authorization is required under this subsection until the Department has preapproved and authorized the task.

(2)(6) Except as provided in subdivisions (3) and (4)(8) and (9) of this subsection, the Department shall not preapprove authorize any task the cost of which is to be paid or reimbursed from the Commercial Fund or the Noncommercial Fund unless the Department determines, based on the scope of the work to be performed and the schedule of reasonable and necessary costs, that sufficient funds will be available in the Commercial Fund or the Noncommercial Fund, whichever applies, to pay a claim for payment or reimbursement of or reimburse the cost of that task within 90 days after the Department determines that the owner, operator, or landowner has submitted a claim with documentation sufficient to establish that the owner, operator, or landowner claim is eligible to have the claim be paid under this Part. Except as provided in subdivisions (3) and (4) of this subsection, the Department shall not preapprove any task the cost of which is to be paid or reimbursed from the Noncommercial Fund unless the Department determines, based on the scope of the work to be performed and the schedule of reasonable and necessary costs, that sufficient funds will be available in the Noncommercial Fund to pay a claim for payment or reimbursement of the cost of that task within 90 days after the Department determines that the owner, operator, or landowner has submitted a claim with documentation sufficient to establish that the owner, operator, or landowner is eligible to have the claim paid under this Part.

(7) This subsection shall not be construed to establish a cause of action against the Commission or the Department for any failure to pay or reimburse any cost within any specific period of time. This subsection shall not be construed to establish a defense to any action to enforce the requirements of either G.S. 143-215.84 or subsection (a) of this section. This subsection shall not be construed to invalidate any rule of the Commission related to preapproval of tasks that will result in a cost that is eligible to be paid or reimbursed under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1), provided, however, that the Department may specify additional tasks for which preapproval is required as provided in this subsection.

(3)(8) The Department may preapprove and authorize a task the cost of which is to be paid or reimbursed from the Commercial Fund or the Noncommercial Fund when sufficient funds will not be available to pay a claim for payment or reimbursement of the cost of that task within the 90-day period described in subdivision (2) that has not been authorized pursuant to subdivisions (5) and (6) of this subsection if the owner, operator, or landowner specifically requests that the task be preapproved authorized and agrees that the claim for payment or reimbursement of the cost will not be paid until after the Department has paid all claims for payment or reimbursement of costs for tasks
that the Department has preapproved, authorized pursuant to subdivision (2), subdivisions (5) and (6) of this subsection.

(4)(9) The Department may preapprove and authorize a task the cost of which is to be paid or reimbursed from the Commercial Fund or the Noncommercial Fund when sufficient funds will not be available to pay a claim for payment or reimbursement of the cost of that task within the 90-day period described in subdivision (2) that has not been authorized pursuant to subdivisions (5) and (6) of this subsection if the discharge or release creates an emergency situation. An emergency situation exists when a discharge or release of petroleum results in an imminent threat to human health or the environment. A claim for payment or reimbursement of costs for tasks that are preapproved, authorized under this subdivision shall be paid or reimbursed on the same basis as tasks that are preapproved, authorized under subdivision (2), subdivisions (5) and (6) of this subsection.

(f1) Any person seeking payment or reimbursement from either the Commercial Fund or the Noncommercial Fund shall certify to the Department that the costs to be paid or reimbursed by the Commercial Fund or the Noncommercial Fund are not eligible to be paid or reimbursed by or from any other source, including any contract of insurance. If any cost paid or reimbursed by the Commercial Fund or the Noncommercial Fund is eligible to be paid or reimbursed by or from another source, that cost shall not be paid from, or if paid shall be repaid to, the Commercial Fund or the Noncommercial Fund. As used in this Part, the phrase "any other source including any contract of insurance" does not include self-insurance.

(g) No owner or operator shall be reimbursed pursuant to this section, and the Department shall seek reimbursement of the appropriate fund or of the Department for any monies disbursed from the appropriate fund or expended by the Department if any of the following apply:

(1) The owner or operator has willfully violated any substantive law, rule, or regulation applicable to underground storage tanks and intended to prevent or mitigate discharges or releases or to facilitate the early detection of discharges or releases.

(2) The discharge or release is the result of the owner's or operator's willful or wanton misconduct.

(3) The owner or operator has failed to pay any annual tank operating fee due pursuant to G.S. 143-215.94C.

(h) Subdivision (1) of subsection (g) of this section shall not be construed to limit the right of an owner or operator to contest notices of violation or orders issued by the Department. Subdivision (1) of subsection (g) of this section shall not apply to a payment or reimbursement pursuant to this section if, at the time of the discharge or release, the owner or operator holds a valid operating permit as required by G.S. 143-215.94U.

(i) An owner or operator who notifies the Department of an intention to close or upgrade a commercial underground storage tank as provided in G.S. 143-215.94B(b)(2a) shall commence the closure or upgrade prior to 1 July 1994 and shall complete the closure or upgrade prior to 1 January 1995. An owner who notifies the Department of an intention to close or upgrade a commercial underground storage tank and who fails to commence and complete the closure as specified in this
subsection is subject to a civil penalty as provided in G.S. 143-215.94W. The provisions of G.S. 143-215.94B(b)(2a) do not apply if an owner or operator who notifies the Department of an intention to close or upgrade a commercial underground storage tank fails to commence or complete the closure or upgrade within the dates specified in this subsection.

The clear proceeds of civil penalties provided for in this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2."

SECTION 2. Notwithstanding Section 13 of S.L. 2003-352, Section 10 of S.L. 2003-352, as amended by subsection (e) of Section 30.10 of S.L. 2004-124, and as codified and amended by Section 1 of this act, shall continue in effect.

SECTION 3. This act is effective when it becomes law. In the General Assembly read three times and ratified this the 23rd day of August, 2005.

Became law upon approval of the Governor at 1:27 p.m. on the 8th day of September, 2005.

The application for a dental license shall be made to the said Board in writing and shall be accompanied by evidence satisfactory to said Board that the applicant is a person of good moral character, has an academic education, the standard of which shall be determined by the said Board; and that the applicant is a graduate of and has a diploma from a reputable dental college or the dental department of a reputable university or college recognized, accredited and approved as such by the said Board; and that the applicant has passed a clinical licensing examination, the standard of which shall be determined by the Board.

The North Carolina State Board of Dental Examiners is authorized to conduct both written or oral and clinical examinations or to accept the results of other Board-approved regional or national independent third-party clinical examinations that shall include procedures performed on human subjects as part of the assessment of restorative clinical competencies and that are determined by the Board to be of such

H.B. 747 Session Law 2005-382

AN ACT TO CLARIFY THE DEFINITIONS OF THE STATE ROAD SYSTEMS AND TO REQUIRE ANNUAL WORK PLANS FOR MAINTENANCE OF STATE STREETS AND HIGHWAYS WITHIN MUNICIPALITIES AND TO MODIFY THE AUTHORIZATION GIVEN FOR THE CONTRACT OF THE HERBERT C. BONNER REPLACEMENT BRIDGE PROJECT AT OREGON INLET.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-44.2 reads as rewritten:

"§ 136-44.2. Budget and appropriations.
The Director of the Budget shall include in the "Current Operations Appropriations Bill" an enumeration of the purposes or objects of the proposed expenditures for each of the construction and maintenance programs for that budget period for the State primary, secondary, urban, and State parks road systems. The State primary system shall include all portions of the State highway system located both inside and outside municipal corporate limits which are designated by N.C., U.S. or Interstate numbers. The State secondary system shall include all of the State highway system located both inside and outside municipal corporate limits that is not a part of the State primary system. The State urban system shall include all portions of the State highway system located within municipal corporate limits. The State parks system shall include all State parks roads and parking lots which are not also part of the State highway system.

All construction and maintenance programs for which appropriations are requested shall be enumerated separately in the budget. Programs that are entirely State funded shall be listed separately from those programs involving the use of federal-aid funds. Proposed appropriations of State matching funds for each of the federal-aid construction programs shall be enumerated separately as well as the federal-aid funds anticipated for
each program in order that the total construction requirements for each program may be provided for in the budget. Also, proposed State matching funds for the highway planning and research program shall be included separately along with the anticipated federal-aid funds for that purpose.

Other program categories for which appropriations are requested, such as, but not limited to, maintenance, channelization and traffic control, bridge maintenance, public service and access road construction, and ferry operations shall be enumerated in the budget.

The Department of Transportation shall have all powers necessary to comply fully with provisions of present and future federal-aid acts. No federally eligible construction project may be funded entirely with State funds unless the Department of Transportation has first consulted with the Joint Legislative Commission on Governmental Operations. For purposes of this section, "federally eligible construction project" means any construction project except secondary road projects developed pursuant to G.S. 136-44.7 and 136-44.8 eligible for federal funds under any federal-aid act, whether or not federal funds are actually available.

The "Current Operations Appropriations Bill" shall also contain the proposed appropriations of State funds for use in each county for maintenance and construction of secondary roads, to be allocated in accordance with G.S. 136-44.5 and 136-44.6. State funds appropriated for secondary roads shall not be transferred nor used except for the construction and maintenance of secondary roads in the county for which they are allocated pursuant to G.S. 136-44.5 and 136-44.6.

If the unreserved credit balance in the Highway Fund on the last day of a fiscal year is greater than the amount estimated for that date in the Current Operations Appropriations Act for the following fiscal year, the excess shall be used in accordance with this paragraph. The Director of the Budget may allocate part or all of the excess among reserves for access and public roads, for unforeseen events requiring prompt action, or for other urgent needs. The amount not allocated to any of these reserves by the Director of the Budget shall be credited to a reserve for maintenance. The Board of Transportation shall report monthly to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division on the use of funds in the maintenance reserve.

The Department of Transportation may provide for costs incurred or accrued for traffic control measures to be taken by the Department at major events which involve a high degree of traffic concentration on State highways, and which cannot be funded from regular budgeted items. This authorization applies only to events which are expected to generate 30,000 vehicles or more per day. The Department of Transportation shall provide for this funding by allocating and reserving up to one hundred thousand dollars ($100,000) before any other allocations from the appropriations for State maintenance for primary, secondary, and urban primary and secondary road systems are made, based upon the same proportion as is appropriated to each system.

SECTION 2. G.S. 136-66.1 reads as rewritten:

Responsibility for streets and highways inside the corporate limits of municipalities is hereby defined as follows:

(1) The State Highway System. – The State highway system inside the corporate limits of municipalities shall consist of a system of major streets and highways necessary to move volumes of traffic efficiently
and effectively from points beyond the corporate limits of the municipalities through the municipalities and to major business, industrial, governmental and institutional destinations located inside the municipalities. The Department of Transportation shall be responsible for the maintenance, repair, improvement, widening, construction and reconstruction of this system. These streets and highways within corporate limits are of primary benefit to the State in developing a statewide coordinated system of primary and secondary streets and highways. Each highway division shall develop an annual work plan for maintenance and contract resurfacing, within their respective divisions, consistent with the needs, inasmuch as possible, as identified in the report developed in accordance with G.S. 136-44.3. In developing the annual work plan, the highway division shall give consideration to any special needs or information provided by the municipalities within their respective divisions. The plan shall be made available to the municipalities within the respective divisions upon request.

(2) The Municipal Street System. – In each municipality the municipal street system shall consist of those streets and highways accepted by the municipality which are not a part of the State highway system. The municipality shall be responsible for the maintenance, construction, reconstruction, and right-of-way acquisition for this system.

(3) Maintenance of State Highway System by Municipalities. – Any city or town, by written contract with the Department of Transportation, may undertake to maintain, repair, improve, construct, reconstruct or widen those streets within municipal limits which form a part of the State highway system, and may also, by written contract with the Department of Transportation, undertake to install, repair and maintain highway signs and markings, electric traffic signals and other traffic-control devices on such streets. All work to be performed by the city or town under such contract or contracts shall be in accordance with Department of Transportation standards, and the consideration to be paid by the Department of Transportation to the city or town for such work, whether in money or in services, shall be adequate to reimburse the city or town for all costs and expenses, direct or indirect, incurred by it in the performance of such work. The city or town under contract with the Department shall develop an annual work plan for maintenance of the State highway system consistent with the needs, inasmuch as possible, as identified in the report developed in accordance with G.S. 136-44.3. The annual work plan shall be submitted to the respective division engineers and shall be mutually agreeable to both parties.

(4) If the governing body of any municipality determines that it is in the best interest of its citizens to do so, it may expend its funds for the purpose of making any of the following improvements on streets that are within its corporate limits and form a part of the State highway system:
   a. Construction of curbing and guttering.
   b. Adding of lanes for automobile parking.
c. Constructing street drainage facilities which may by reasonable engineering estimates be attributable to that amount of surface water collected upon and flowing from municipal streets which do not form a part of the State highway system.

d. Constructing sidewalks.

e. Intersection improvements, if the governing body determines that such improvements will decrease traffic congestion, improve safety conditions, and improve air quality.

In exercising the authority granted herein, the municipality may, with the consent of the Department of Transportation, perform the work itself, or it may enter into a contract with the Department of Transportation to perform such work. Any work authorized by this subdivision shall be financed entirely by the municipality and be approved by the Department of Transportation.

The cost of any work financed by a municipality under this subdivision may be assessed against the properties abutting the street or highway upon which such work was performed in accordance with the procedures of either Article 10 of Chapter 160A of the General Statutes or any charters or local acts applicable to the particular municipality.

SECTION 3. If House Bill 253, 2005 General Assembly, becomes law, then G.S. 136-89.183B, as enacted by that act, reads as rewritten:

"§ 136-89.183B. Accelerated Herbert C. Bonner Bridge Replacement Project.

(a) Contract for Accelerated Construction of the Herbert C. Bonner Replacement Bridge Project. – The Department of Transportation shall implement all reasonable measures to expedite completion of environmental reviews required by the National Environmental Policy Act. Within 90 days of receiving an approved Record of Decision from the Federal Highway Administration, the Department shall contract with a single private firm to design, obtain all necessary permits for, and construct-design and build a replacement bridge for the Herbert C. Bonner Bridge at Oregon Inlet, in accordance with G.S. 136-28.11, in order to provide accelerated, expedite and accelerate the efficient, and cost effective completion of the project.

(b) Replacement Bridge; Termini. – The General Assembly recommends that the replacement bridge constructed pursuant to this section shall be a replacement bridge, located with north and south termini located in general proximity to the termini of the existing Herbert C. Bonner Bridge. It is recognized, however, that the preferred alternative for the bridge location cannot be determined prior to compliance with all federal and State laws and regulations.

(c) Department to Report on Project. – The Department shall prepare a request for proposals from private firms to complete the bridge project described in this section, and submit the request for proposals to the Joint Legislative Transportation Oversight Committee for review and comment, within 90 days after the effective date of this act. The Department shall report to the Joint Legislative Transportation Oversight Committee on December 1, 2005, and each December 1 thereafter until completion, on the progress of the accelerated bridge project described in this section.

SECTION 4. This act is effective when it becomes law.
AN ACT TO REQUIRE A DEFENDANT ARRESTED FOR USING DOGS FOR FIGHTING TO POST A DEPOSIT TO THE ANIMAL SHELTER TO PAY FOR THE DOGS' KEEP DURING THE PERIOD PRIOR TO ADJUDICATION OF THE CHARGES.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 19A of the General Statutes is amended by adding a new Article to read:

"Article 6.
"Care of Dogs Illegally Used for Fighting.

§ 19A-70. Care of dogs illegally used for fighting.
(a) In every arrest under G.S. 14-362.2, if an animal shelter takes custody of dogs illegally used for fighting, the animal shelter may file a petition with the court requesting that the defendant be ordered to deposit funds in an amount sufficient to secure payment of all the reasonable expenses expected to be incurred by the animal shelter in caring for and providing for the dogs pending the disposition of the charges. For purposes of this section, 'reasonable expenses' includes the cost of providing food, water, shelter, and care, including medical care, for at least 30 days.

(b) Upon receipt of a petition, the court shall set a hearing on the petition. The hearing shall be conducted no less than 10 and no more than 15 business days after the petition is filed. The animal shelter shall mail written notice of the hearing and a copy of the petition to the defendant at the address contained in the criminal charges. If the defendant is in a local detention facility at the time the petition is filed, the animal shelter shall also provide notice to the custodian of the detention facility.

(c) The court shall set the amount of funds necessary for 30 days' care after taking into consideration all of the facts and circumstances of the case, including the recommendation of the animal shelter and the estimated cost of caring for the dogs as well as the defendant's ability to pay. If the court determines that the defendant is unable to deposit funds, the court may consider issuing an order under subsection (f) of this section.

Any order for funds to be deposited pursuant to this section shall state that if the animal shelter files an affidavit with the clerk of superior court, at least two business days prior to the expiration of a 30-day period, stating that, to the best of the shelter's knowledge, the criminal case against the defendant has not yet been resolved, the order shall be automatically renewed every 30 days until the criminal case is resolved.

(d) If the court orders that funds be deposited, the amount of funds necessary for 30 days shall be posted with the clerk of superior court. The defendant shall also deposit the same amount with the clerk of superior court every 30 days thereafter until the criminal charges are resolved, unless the defendant requests a hearing no less than five business days prior to the expiration of a 30-day period. If the defendant fails to deposit the funds within five business days of the initial hearing, or five business days of the expiration of a 30-day period, the dogs are forfeited by operation of law. If funds have
been deposited in accordance with this section, the animal shelter may draw from the
funds the actual costs incurred in caring for the dogs.

In the event of forfeiture, the animal shelter may determine whether any of the dogs
are suitable for adoption and whether adoption can be arranged for any of the dogs. The
dogs may not be adopted by the defendant or by any person residing in the defendant's
household, and the animal shelter shall notify any persons adopting the dogs of the liability provisions for owners of dangerous dogs under Article 1A of Chapter 67 of the
General Statutes. If no adoption can be arranged after the forfeiture, or the dogs are
unsuitable for adoption, the shelter shall humanely euthanize the dogs.

(e) The deposit of funds shall not prevent the animal shelter from disposing of
the dogs prior to the expiration of the 30-day period covered by the deposit if the court
makes a final determination of the charges against the defendant. Upon the adjudication
of the charges, the defendant is entitled to a refund for any portion of the deposit not
incurred as expenses by the animal shelter. A person who is adjudicated not guilty of
the charges under G.S. 14-362.2 shall be entitled to a full refund of the deposit.

(f) Pursuant to subsection (c) of this section, the court may order a defendant to
provide necessary food, water, shelter, and care, including any necessary medical care,
for any dogs that are the basis of the charges against the defendant without the removal
of the dogs from the existing location and until the charges against the defendant are
adjudicated. If the court issues such an order, the court shall provide for an animal
control officer or other law enforcement officer to make regular visits to the location to
ensure that the dogs are receiving necessary food, water, shelter, and care, including any
necessary medical care, and to impound the animals if they are not receiving those
necessities."

SECTION 2. This act becomes effective December 1, 2005, and applies to
offenses committed on or after that date.

In the General Assembly read three times and ratified this the 23rd day of
August, 2005.

Became law upon approval of the Governor at 3:21 p.m. on the 13th day of

H.B. 1136  Session Law 2005-384

AN ACT TO REDUCE THE RELEASE OF MERCURY INTO THE
ENVIRONMENT BY THE REMOVAL, COLLECTION, AND RECOVERY OF
MERCURY SWITCHES FROM CERTAIN MOTOR VEHICLES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 9 of Chapter 130A of the General Statutes is
amended by adding a new Part to read:

§ 130A-310.50. Definitions.

As used in this Part:

(1) "Capture rate" means the annual removal, collection, and recovery of
mercury switches as a percentage of the total number of mercury
switches available for removal from end-of-life vehicles.

(2) "End-of-life vehicle" means a vehicle that is sold, given, or otherwise
conveyed to a vehicle recycler or scrap metal recycling facility for the
purpose of recycling.
"Manufacturer" means a person, firm, association, partnership, corporation, governmental entity, organization, combination, or joint venture that is the last person in the production or assembly process of a new vehicle that utilizes mercury switches, or in the case of an imported vehicle, the importer or domestic distributor of the vehicle.

"Mercury minimization plan" means a plan for removing, collecting, and recovering mercury switches from end-of-life vehicles that is prepared as provided in G.S. 130A-310.53.

"Mercury switch" means each mercury-containing capsule, commonly known as a "bullet", that is part of a convenience light switch assembly installed in a vehicle.

"Scrap metal recycling facility" means a fixed location where machinery and equipment are used to process scrap metal into specific grades of scrap metal for sale and whose primary product is scrap iron, scrap steel, or nonferrous metallic scrap.

"Vehicle" means any passenger automobile or passenger car, station wagon, truck, van, or sport utility vehicle with a gross vehicle weight rating of less than 12,000 pounds.

"Vehicle recycler" means an individual or entity engaged in the business of acquiring, dismantling, or destroying six or more end-of-life vehicles in a calendar year for the primary purpose of resale of parts of the vehicle.

"§ 130A-310.51. Purpose."

The purpose of this Part is to reduce the quantity of mercury that is released into the environment by removing mercury switches from end-of-life vehicles and by creating a removal, collection, and recovery program for mercury switches that are removed from end-of-life vehicles in this State.

"§ 130A-310.52. Mercury minimization plan."

(a) The Department shall develop and administer a mercury minimization plan to achieve the goal of having a capture rate of at least ninety percent (90%). In preparing the plan, the Department shall consult with manufacturers of vehicles, who shall participate in the development of the plan on an advisory basis. To the extent practicable, the mercury minimization plan shall utilize the currently available end-of-life vehicle recycling infrastructure. To the extent adequate, affordable, and environmentally sound end-of-life vehicle recycling infrastructure is unavailable, the plan shall provide for the development of this infrastructure.

(b) A plan developed under subsection (a) of this section shall include the following:

(1) A compilation of the make, model, and year of any vehicle that was sold or offered for sale by the vehicle manufacturer and contains one or more mercury switches and a description and the location of each mercury switch in the vehicle. A vehicle manufacturer shall report to the Department the information needed to make the compilation.

(2) A description of all safe and environmentally sound methods for removal of mercury switches from end-of-life vehicles. A vehicle manufacturer shall report to the Department the information needed to make the description.
(3) A presumption that if the manufacturer does not know or is uncertain as to whether or not a switch contains mercury, the switch does contain mercury.

(4) A system to mark end-of-life vehicles that are to be shredded or crushed to indicate the presence or absence of a mercury switch.

(5) Educational materials to assist a vehicle recycler or a scrap metal recycling facility in undertaking a safe and environmentally sound method for the removal of the mercury switches from end-of-life vehicles. The materials shall include information on hazards related to mercury and on the proper handling of mercury.

(6) A method for storage and disposal of the mercury switches, including packaging and shipping of mercury switches to permitted recycling, storage, or disposal facilities. To the extent adequate, affordable, and environmentally sound mercury switch disposal technology is unavailable, a method for the temporary storage of mercury switches.

(a) A vehicle recycler that conveys ownership of an end-of-life vehicle to a scrap metal recycling facility shall remove all mercury switches identified in the mercury minimization plan prior to delivery of the vehicle to the scrap metal recycling facility. If a mercury switch is inaccessible, the fact that the mercury switch remains in the vehicle shall be noted on the vehicle recycler's invoice.

(b) A scrap metal recycling facility that accepts an end-of-life vehicle that has not been flattened, crushed, baled, or shredded and that contains mercury switches shall remove the mercury switches before the end-of-life vehicle is flattened, crushed, baled, or shredded unless the mercury switch is inaccessible.

(c) A mercury switch is inaccessible if, due to the condition of the vehicle, the switch cannot be removed in accordance with the mercury minimization plan and removal of the switch would significantly increase the risk of a release of mercury into the environment.

(d) A vehicle recycler or scrap metal recycling facility that removes mercury switches pursuant to subsection (a) or (b) of this section shall make quarterly reports to the Department on the following:

(1) The number of vehicles that it processed for recycling.
(2) The number of vehicles from which it removed a mercury switch by make.
(3) The number of vehicles for which it could not remove the mercury switch because the switch was inaccessible.

(e) Mercury switches that are removed from end-of-life vehicles are considered 'universal waste' as defined in 40 Code of Federal Regulations § 273.9 (1 July 2004 Edition). Mercury switches that are removed from end-of-life vehicles shall be collected, transported, treated, stored, disposed of, and otherwise handled in accordance with rules adopted by the Commission governing universal waste.

§ 130A-310.54. Funds to implement plan.

(a) The Mercury Pollution Prevention Account is established in the Department. Revenue is credited to the Account from the certificate of title fee under G.S. 20-85.

(b) Revenue in the Mercury Pollution Prevention Account shall be used to reimburse the Department and others for costs incurred in implementing the mercury minimization plan. The reimbursable costs are:
(1) Five dollars ($5.00) for each mercury switch removed by a vehicle recycler or scrap metal recycling facility pursuant to this Article.

(2) Costs incurred by the Department in administering the plan.

(c) The Department shall reimburse vehicle recyclers and scrap metal recycling facilities based on the quarterly reports submitted under G.S. 130A-310.53. The Department may request any information needed to determine the accuracy of the reports.

"§ 130A-310.55. Violations of Article; enforcement."

(a) It is unlawful for a person to do any of the following:

(1) Knowingly flatten, crush, bale, shred, or otherwise alter the condition of a vehicle from which accessible mercury switches have not been removed, in any manner that would prevent or significantly hinder the removal of a mercury switch.

(2) Willfully fail to remove a mercury switch when the person is required to do so.

(3) Knowingly make a false report that a mercury switch has been removed from an end-of-life vehicle.

(4) Obtain a mercury switch from another source and falsely report that it was removed from a vehicle processed for recycling.

(b) This Part may be enforced as provided in Part 2 of Article 1 of this Chapter.

"§ 130A-310.56. Evaluation of vehicle design changes that affect mercury recyclability; reporting requirements."

(a) Each vehicle manufacturer shall, either individually or as part of a group, submit an annual report to the Department that describes in detail the status of vehicle design changes that are intended to facilitate recycling of vehicle components that contain mercury. The report is due on or before 1 July. At a minimum, the report shall include all of the following:

(1) For each make and model for the upcoming model year, a list of all vehicle components that contain mercury.

(2) A description of all design changes that each manufacturer has implemented for the upcoming model year or plans to implement in future model years to reduce or eliminate vehicle components that contain mercury, the achieved or anticipated amount of each reduction.

(3) A summary of all policies that each manufacturer has implemented or will implement to ensure that the manufacturers' vehicles are designed to be recycled in a safe, cost-effective, and environmentally sound manner.

(4) A summary of any recommendations, complaints, or reports that the manufacturer has received within the previous calendar year from vehicle recyclers, scrap metal recycling facilities, government entities, or other persons, as well as any other information available to the manufacturer, regarding vehicle design features that adversely affect the recyclability of vehicle components that contain mercury.

(b) A vehicle manufacturer or group of vehicle manufacturers that submits the report required by subsection (a) of this section may designate any information in the report that constitutes a trade secret, as defined in G.S. 66-152, as confidential information in accordance with G.S. 132-1.2. Information so designated shall be protected as provided in G.S. 130A-304.
(c) The Department may evaluate the extent to which vehicle design promotes or impedes recycling of vehicle components that contain mercury. The Department may conduct hearings from time to time to receive public comment regarding vehicle design changes that affect recycling of vehicle components that contain mercury. The Department may develop recommendations as to changes in vehicle design that would further promote the recyclability of these components. If the Department develops recommendations pursuant to this subsection, it shall report these recommendations, together with its findings and any legislative proposals, to the Environmental Review Commission.

The Department shall publish an annual report on the mercury minimization plan on or before November 1. The report shall include, at a minimum, all of the following:

(1) A detailed description and documentation of the capture rate achieved.
(2) In the event that a capture rate of at least ninety percent (90%) is not achieved, a description of additional or alternative actions that may be implemented to improve the mercury minimization plan and its implementation.
(3) The number of mercury switches collected, the number of end-of-life vehicles containing mercury switches, the number of end-of-life vehicles processed for recycling, and a description of how the mercury switches were managed.
(4) A statement that details the costs required to implement the mercury minimization plan.

"§ 130A-310.58. Adoption of rules; administrative procedure.

(a) The Department may adopt rules to implement this Part.
(b) Chapter 150B of the General Statutes governs implementation of this Part.

H.B. 1468

AN ACT AUTHORIZING THE NORTH CAROLINA UTILITIES COMMISSION TO DETERMINE CERTAIN TELECOMMUNICATION SERVICE PROVIDERS TO BE THE UNIVERSAL SERVICE PROVIDER IN CERTAIN SUBDIVISIONS AND AREAS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-110(f1) reads as rewritten:

"(f1) Except as provided in subsection (f2) of this section, the Commission is authorized, following notice and an opportunity for interested parties to be heard, to issue a certificate to any person applying to provide local exchange or exchange access services as a public utility as defined in G.S. 62-3(23) a.6., without regard to whether
local telephone service is already being provided in the territory for which the certificate is sought, provided that the person seeking to provide the service makes a satisfactory showing to the Commission that (i) the person is fit, capable, and financially able to render such service; (ii) the service to be provided will reasonably meet the service standards that the Commission may adopt; (iii) the provision of the service will not adversely impact the availability of reasonably affordable local exchange service; (iv) the person, to the extent it may be required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and (v) the provision of the service does not otherwise adversely impact the public interest. In its application for certification, the person seeking to provide the service shall set forth with particularity the proposed geographic territory to be served and the types of local exchange and exchange access services to be provided. Except as provided in G.S. 62-133.5(f), any person receiving a certificate under this section shall, until otherwise determined by the Commission, file and maintain with the Commission a complete list of the local exchange and exchange access services to be provided and the prices charged for those services, and shall be subject to such reporting requirements as the Commission may require.

Any certificate issued by the Commission pursuant to this subsection shall not permit the provision of local exchange or exchange access service until July 1, 1996, unless the Commission shall have approved a price regulation plan pursuant to G.S. 62-133.5(a) for a local exchange company with an effective date prior to July 1, 1996. In the event a price regulation plan becomes effective prior to July 1, 1996, the Commission is authorized to permit the provision of local exchange or exchange access service by a competing local provider in the franchised area of such local exchange company.

The Commission is authorized to adopt rules it finds necessary (i) to provide for the reasonable interconnection of facilities between all providers of telecommunications services; (ii) to determine when necessary the rates for such interconnection; (iii) to provide for the reasonable unbundling of essential facilities where technically and economically feasible; (iv) to provide for the transfer of telephone numbers between providers in a manner that is technically and economically reasonable; (v) to provide for the continued development and encouragement of universally available telephone service at reasonably affordable rates; and (vi) to carry out the provisions of this subsection in a manner consistent with the public interest, which will include a consideration of whether and to what extent resale should be permitted. In adopting rules to establish an appropriate definition of universal service, the Commission shall consider evolving trends in telecommunications services and the need for consumers to have access to high-speed communications networks, the Internet, and other services to the extent that those services provide social benefits to the public at a reasonable cost.

Local exchange companies and competing local providers shall negotiate the rates for local interconnection. In the event that the parties are unable to agree within 90 days of a bona fide request for interconnection on appropriate rates for interconnection, either party may petition the Commission for determination of the appropriate rates for interconnection. The Commission shall determine the appropriate rates for interconnection within 180 days from the filing of the petition.

Each local exchange company shall be the universal service provider (carrier of last resort) in the area in which it is certificated to operate on July 1, 1995, until otherwise determined by the Commission. In continuing this State's commitment to universal service, the
Commission shall, by December 31, 1996, adopt interim rules that designate the person that should be the universal service provider and to determine whether universal service should be funded through interconnection rates or through some other funding mechanism. At a time determined by the Commission to be in the public interest, the Commission shall conduct an investigation for the purpose of adopting final rules concerning the provision of universal services, the person that should be the universal service provider, and whether universal service should be funded through interconnection rates or through some other funding mechanism, and, consistent with the provisions of subsections (f4) and (f5) of this section, the person that should be the universal service provider.

The Commission shall make the determination required pursuant to this subsection in a manner that furthers this State's policy favoring universally available telephone service at reasonable rates."

SECTION 2. G.S. 62-110 is amended by adding three new subsections to read:

"(f4) When any telecommunications service provider enters into an agreement to provide local exchange service for a subdivision or other area where access to right-of-way for the provision of local exchange service by other telecommunications service providers has not been granted coincident with any other grant of access by the property owner, the telecommunications service provider entering into the agreement shall be the universal service provider in the subdivision or other area. If the local exchange company for the franchise area or territory in which the subdivision or other area is located is not a party to the agreement, the local exchange company shall be relieved of any universal service provider obligation for that subdivision or other area. In that case, the local exchange company and all other telecommunications service providers shall retain the option, but not the obligation, to serve customers in the subdivision or other area. The local exchange company shall provide written notification to the appropriate State agency that it is no longer the universal service provider for the subdivision or other area. The appropriate State agency shall retain the right to redesignate a local exchange company or telecommunications service provider as the universal service provider in accordance with the provisions of subsection (f5) of this section.

(f5) If the appropriate State agency finds, upon hearing, that the telecommunications service provider that entered into the agreement, or its successor in interest, is no longer willing or no longer able to provide adequate services to the subdivision or other area, the appropriate State agency may redesignate the local exchange company for the franchise area or territory in which the subdivision or other area is located, or another telecommunications service provider, to be the universal service provider for the subdivision or other area. If the redesignated local exchange company is subject to price regulation or other alternative regulation under G.S. 62-133.5, it may treat the costs incurred in extending its facilities into the subdivision or other area as exogenous to that form of regulation and may, subject to providing written notice to the Commission, adjust its rates to recover these costs on an equitable basis from its customers whose rates are subject to regulation under G.S. 62-133.5. Any such action shall be subject to review by the Commission in a complaint proceeding initiated by any interested party pursuant to G.S. 62-73. If the redesignated local exchange company is not subject to price regulation or other alternative regulation under G.S. 62-133.5, it may recover the costs incurred in extending its facilities into the subdivision or other area in the form of a surcharge,
subject to Commission approval, spread equitably among all of its customers in a proceeding under G.S. 62-136(a), without having to file a general rate case proceeding. During the period that a telecommunications service provider is serving as a universal service provider and prior to the redesignation of a local exchange company as the universal service provider as provided for herein, for the purposes of the appropriate State agency's periodic certification to the Federal Communications Commission in matters regarding eligible telecommunications carrier status, a local company's status shall not be deemed to affect its eligibility to be an eligible telecommunications carrier, and the appropriate State agency shall so certify.

(f6) For purposes of subsections (f4) and (f5) of this section, the following definitions are applicable:

(1) "Appropriate State agency" means the Commission for purposes of any subdivision or other area within the franchise area of a local exchange company, and the Rural Electrification Authority for the purposes of any subdivision or other area within the franchise area or territory of a telephone membership corporation.

(2) "Local exchange company" means a local exchange company subject to price regulation, or other alternative regulation or rate base regulation by the Commission or a telephone membership corporation organized under G.S. 117-30.

(3) "Telecommunications service provider" means a competing local provider, or any other person providing local exchange service by means of voice-over-Internet protocol, wireless, power line, satellite, or other nontraditional means, whether or not regulated by the Commission, but the term shall not include local exchange companies or telephone membership corporations.

SECTION 3. This act is effective when it becomes law. Section 2 of this act applies to agreements entered into before, on, or after the effective date.

In the General Assembly read three times and ratified this the 23rd day of August, 2005.

Became law upon approval of the Governor at 3:23 p.m. on the 13th day of September, 2005.

All coordinates of the system are expressed in metres, the x coordinate being measured..."
easterly along the grid and the y coordinate being measured northerly along the grid. The U.S. Survey Foot, 1 meter = 39.37 inches or 3.2808333333 feet, shall be used as a conversion factor. The origin of the coordinates is hereby established on the meridian 79° – 00' west from Greenwich at the intersection of the parallels 33° – 45' north latitude, such origin being given the coordinates x = 609,601.22 metres, y = 0 metres. The precise position of said system shall be as marked on the ground by triangulation or traverse stations or monuments established in conformity with the standards adopted by the National Geodetic Survey for first- and second-order work, whose geodetic positions have been rigidly adjusted on the North American Datum of 1983, and whose plane coordinates have been computed on the system defined. Whenever plane coordinates are used in the description or identification of surface area or location within this State, the coordinates shall be identified as "NAD 83", indicating North American Datum of 1983, or as "NAD 27", indicating North American Datum of 1927."

SECTION 1.4. G.S. 105-296(j) reads as rewritten:

"(j) The assessor must annually review at least one eighth of the parcels in the county classified for taxation at present-use value to verify that these parcels qualify for the classification. By this method, the assessor must review the eligibility of all parcels classified for taxation at present-use value in an eight-year period. The period of the review process is based on the average of the preceding three years' data. The assessor may request assistance from the Farm Service Agency, the Cooperative Extension Service, the Division of Forest Resources of the Department of Environment and Natural Resources, or other similar organizations.

The assessor may require the owner of classified property to submit any information, including sound management plans for forestland, needed by the assessor to verify that the property continues to qualify for present-use value taxation. The owner has 60 days
from the date a written request for the information is made to submit the information to
the assessor. If the assessor determines the owner failed to make the information
requested available in the time required without good cause, the property loses its
present-use value classification and the property’s deferred taxes become due and
payable as provided in G.S. 105-277.4(c). The assessor must reinstate the property's
present-use value classification when the owner submits the requested information
unless the information discloses that the property no longer qualifies for present-use
value classification. When a property’s present-use value classification is reinstated, it is
reinstated retroactive to the date the classification was revoked and any deferred taxes
that were paid as a result of the revocation must be refunded to the property owner.

In determining whether property is operating under a sound management program,
the assessor must consider any weather conditions or other acts of nature that prevent
the growing or harvesting of crops or the realization of income from cattle, swine, or
poultry operations. The assessor must also allow the property owner to submit
additional information before making this determination.”

If the applicant is not the owner of the land to be disturbed, the draft erosion and sedimentation control plan must include the owner's written consent for the applicant to submit a draft erosion and sedimentation control plan and to conduct the anticipated land-disturbing activity. The Commission shall approve, approve with modifications, or disapprove a draft erosion and sedimentation control plan for those land-disturbing activities for which prior plan approval is required within 30 days of receipt. The Commission shall condition approval of a draft erosion and sedimentation control plan upon the applicant's compliance with federal and State water quality laws, regulations, and rules. Failure to approve, approve with modifications, or disapprove a completed draft erosion and sedimentation control plan within 30 days of receipt shall be deemed approval of the plan. If the Commission disapproves a draft erosion and sedimentation control plan or a revised erosion and sedimentation control plan, it must state in writing the specific reasons that the plan was disapproved. Failure to approve, approve with modifications, or disapprove a revised erosion and sedimentation control plan within 15 days of receipt shall be deemed approval of the plan. The Commission may establish an expiration date for erosion and sedimentation control plans approved under this Article.

(b) If, following commencement of a land-disturbing activity pursuant to an approved erosion and sedimentation control plan, the Commission determines that the plan is inadequate to meet the requirements of this Article, the Commission may require any revision of the plan that is necessary to comply with this Article. Failure to approve, approve with modifications, or disapprove a revised erosion and sedimentation control plan within 15 days of receipt shall be deemed approval of the plan.

(c) The Commission shall disapprove an erosion and sedimentation control plan if implementation of the plan would result in a violation of rules adopted by the Environmental Management Commission to protect riparian buffers along surface
waters. The Director of the Division of Land Resources may disapprove an erosion and sedimentation control plan upon finding that an applicant or a parent, subsidiary, or other affiliate of the applicant:

1. Is conducting or has conducted land-disturbing activity without an approved plan, or has received notice of violation of a plan previously approved by the Commission or a local government pursuant to this Article and has not complied with the notice within the time specified in the notice;

No land-disturbing activity subject to this Article shall be undertaken except in accordance with the following mandatory requirements:

1. No land-disturbing activity during periods of construction or improvement to land shall be permitted in proximity to a lake or natural watercourse unless a buffer zone is provided along the margin of the watercourse of sufficient width to confine visible siltation within the twenty-five percent (25%) of the buffer zone nearest the land-disturbing activity. Waters that have been classified as trout waters by the Environmental Management Commission shall have an undisturbed buffer zone 25 feet wide or of sufficient width to confine visible siltation within the twenty-five percent (25%) of the buffer zone nearest the land-disturbing activity, whichever is greater. Provided, however, that the Sedimentation Control Commission may approve plans which include land-disturbing activity along trout waters when the duration of said disturbance would be temporary and the extent of said disturbance would be minimal. This subdivision shall not apply to a land-disturbing activity in connection with the construction of facilities to be located on, over, or under a lake or natural watercourse.

2. The angle for graded slopes and fills shall be no greater than the angle which can be retained by vegetative cover or other adequate erosion-control devices or structures. In any event, slopes left exposed will, within 15 working days or 30 calendar days of completion of any phase of grading, whichever period is shorter, be planted or otherwise
provided with ground cover, devices, or structures sufficient to restrain erosion.

(3) Whenever land-disturbing activity that will disturb more than one acre is undertaken on a tract comprising more than one acre, if more than one acre is uncovered, the person conducting the land-disturbing activity shall install erosion and sedimentation control devices and practices that are sufficient to retain the sediment generated by the land-disturbing activity within the boundaries of the tract during construction upon and development of the tract, and shall plant or otherwise provide a permanent ground cover sufficient to restrain erosion after completion of construction or development within a time period to be specified by rule of the Commission.

(4) No person shall initiate any land-disturbing activity that will disturb more than one acre on a tract if more than one acre is to be uncovered unless, 30 or more days prior to initiating the activity, an erosion and sedimentation control plan for such the activity is filed with the agency having jurisdiction and approved by the agency. An erosion and sedimentation control plan may be filed less than 30 days prior to initiation of a land-disturbing activity if the plan is submitted under an approved express permit program, and the land-disturbing activity may be initiated and conducted in accordance with the plan once the plan has been approved. The agency having jurisdiction shall forward to the Director of the Division of Water Quality a copy of each erosion and sedimentation control plan for a land-disturbing activity that involves the utilization of ditches for the purpose of de-watering or lowering the water table of the tract."

SECTION 7.3. G.S. 113A-65.1(h) reads as rewritten:

The cause of action shall include a motion for an ex parte temporary restraining order to abate the violation and to effect necessary remedial measures. The resident superior court judge, or any judge assigned to hear the motion for the temporary restraining order, shall hear and determine the motion within two days of the filing of the complaint. The clerk of superior court shall accept complaints filed pursuant to this section without the payment of filing fees. Filing fees shall be paid to the clerk of superior court within 30 days of the filing of the complaint."

H.B. 1316 Session Law 2005-387

AN ACT ADOPTING THE FRASER FIR AS THE OFFICIAL CHRISTMAS TREE OF THE STATE OF NORTH CAROLINA AND THE SOUTHERN APPALACHIAN BROOK TROUT AS THE OFFICIAL FRESHWATER TROUT OF NORTH CAROLINA.

Whereas, North Carolina has 1,500 Christmas tree growers and produces more trees than any other state except Oregon; and

Whereas, North Carolina tree growers produce over 50 million Fraser firs each year; and

Whereas, the Fraser fir constitutes more than 90% of all the Christmas trees grown in North Carolina; and

Whereas, the Fraser fir is named for John Fraser, a Scottish botanist who explored the Southern Appalachian mountains of North Carolina in the late 1700s; and

Whereas, the Fraser fir is a pyramid-shaped tree that reaches a maximum height of 80 feet and a trunk diameter of one to one and one-half feet; and

Whereas, the Fraser fir grows naturally only in the Southern Appalachians; and

Whereas, Fraser fir trees grown in North Carolina have won the National Christmas Tree Association's annual tree competition more than any other species; and

Whereas, North Carolina contains innumerable mountain streams and coldwater fisheries habitats; and

Whereas, these mountain streams are home to brook trout (Salvelinus fontinalis), which is North Carolina's only native freshwater trout species; and

Whereas, the Southern Appalachian form of brook trout is a scientifically-recognized unique and genetically distinct form locally known as "specks" or "speckle" trout because of the numerous specks on its skin; and

Whereas, North Carolina is home to some 400 self-sustaining populations of Southern Appalachian brook trout, more than in any other state; and

Whereas, these wild and colorful fish are important keystones of ecological diversity, indicators of outstanding water quality, and representatives of the pure and unspoiled areas that they inhabit; and
Whereas, Southern Appalachian brook trout are cooperative sport fish, and may be caught by anglers using traditional fly-fishing equipment and locally-adapted fly patterns, thereby supporting extensive recreational fishing opportunities, economic development, and tourism; and

Whereas, by their character and contribution, these unique fish are woven into the historical and cultural fabric of Western North Carolina; and

Whereas, the Fraser fir deserves recognition as the official Christmas tree of the State of North Carolina and the Southern Appalachian brook trout deserves recognition as the official freshwater trout of the State of North Carolina; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 145 of the General Statutes is amended by adding a new section to read:

The Fraser fir (Abies fraseri) is adopted as the official Christmas tree of the State of North Carolina."

SECTION 2. Chapter 145 of the General Statutes is amended by adding a new section to read:

The Southern Appalachian strain of brook trout (Salvelinus fontinalis) is adopted as the official freshwater trout of the State of North Carolina."

SECTION 3. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 23rd day of August, 2005.

Became law upon approval of the Governor at 3:25 p.m. on the 13th day of September, 2005.

AN ACT RELATING TO COMMISSIONS ALLOWED TO PERSONAL REPRESENTATIVES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 28A-23-3 reads as rewritten:

"§ 28A-23-3. Commissions allowed personal representatives; representatives guilty of misconduct or default.

(a) Personal representatives, collectors or public administrators shall be entitled to commissions to be fixed in the discretion of the clerk of superior court not to exceed five percent (5%) upon the amounts of receipts, including the value of all personal property when received, and upon the expenditures made in accordance with law, which law. In determining the maximum commissions allowable under this subsection, the clerk of superior court may take into consideration fees paid by the estate for professional services performed in the ordinary course of administering the estate, including services performed by attorneys and accountants. However, the clerk is not required to reduce the maximum commissions allowed by the aggregate fees paid to professionals on a dollar-for-dollar basis.

The commissions shall be charged as a part of the costs of administration and, upon allowance, may be retained out of the assets of the estate against creditors and all other

Provided, however, when the gross value of an estate is two thousand dollars ($2,000) or less, the clerk of superior court is authorized and empowered to may fix the commission to be received by the personal representative, collector or public administrator in an amount as he, the clerk of superior court, in his discretion, deems just and adequate.

(b) In determining the amount of such commissions, both upon personal property received and upon expenditures made, the clerk of superior court shall consider the time, responsibility, trouble and skill involved in the management of the estate. Where real property is sold to pay debts or legacies, the commission shall be computed only on the proceeds actually applied in the payment of debts or legacies.

(c) The clerk of superior court may allow commissions from time to time during the course of the administration, but the total commissions allowed shall be determined on final settlement of the estate and shall not exceed the limit fixed in this section.

(d) Nothing in this section shall be construed to:

(1) To prevent the clerk of the superior court from allowing reasonable sums for necessary charges and disbursements incurred in the management of the estate.

(2) To allow commissions on distribution of the shares of heirs or on distribution of shares of devisees or devisees.

(3) To abridge the right of any party interested in the administration of a decedent's estate to appeal an order of the clerk of superior court to a judge of superior court.

(e) No personal representative, collector or public administrator, who has been guilty of default or misconduct in the due execution of his or her office resulting in the revocation of his or her appointment of the personal representative, collector, or public administrator under the provisions of G.S. 28A-9-1, shall be entitled to any commission under the provisions of this section.

(f) For the purpose of computing commissions whenever any portion of the dividends, interest, rents or other amounts payable to a personal representative, collector or public administrator is required by any law of the United States or other governmental unit to be withheld for income tax purposes by the person, corporation, organization or governmental unit paying the same, the amount so withheld shall be deemed to have been received and expended.

(g) Subsection (a) of this section does not apply if the testator's will specifies a stipulated amount or method or standard for determining the compensation for the services rendered by the personal representative, including a provision in the will that the compensation of the personal representative is to be determined by applying the personal representative's regularly adopted schedule of compensation in effect at the time of performance of those services. Subsection (a) of this section also shall not apply if the testator's will provides that the personal representative is to receive "reasonable compensation" for those services or similar language to that effect if the personal representative and the beneficiaries whose shares would be charged with the payment of the personal representative's compensation consent in writing to the specific amount that constitutes reasonable compensation.

(h) Subsection (a) of this section shall apply if the testator's will provides that compensation of the personal representative shall be the amount "as provided by law," the "maximum amount provided by law," or other similar language.

SECTION 2. G.S. 28A-19-6, as amended by S.L. 2005-180, reads as rewritten:
   (a) After payment of costs and expenses of administration, the claims against the estate of a decedent must be paid in the following order:

   First class. Claims which by law have a specific lien on property to an amount not exceeding the value of such property.

   Second class. Funeral expenses to the extent of two thousand five hundred dollars ($2,500). This limitation shall not include cemetery lot or gravestone. The preferential limitation herein granted shall be construed to be only a limit with respect to preference of payment and shall not be construed to be a limitation on reasonable funeral expenses which may be incurred; nor shall the preferential limitation of payment in the amount of two thousand five hundred dollars ($2,500) be diminished by any Veterans Administration, social security or other federal governmental benefits awarded to the estate of the decedent or to his or her beneficiaries.

   Third class. All dues, taxes, and other claims with preference under the laws of the United States.

   Fourth class. All dues, taxes, and other claims with preference under the laws of the State of North Carolina and its subdivisions.

   Fifth class. Judgments of any court of competent jurisdiction within the State, docketed and in force, to the extent to which they are a lien on the property of the decedent at his death.

   Sixth class. Wages due to any employee employed by the decedent, which claim for wages shall not extend to a period of more than 12 months next preceding the death; or if such employee was employed for the year current at the decease, then from the time of such employment; for medical services within the 12 months preceding the decease; for drugs and all other medical supplies necessary for the treatment of such decedent during the last illness of such decedent, said period of last illness not to exceed 12 months.

   Seventh class. A claim for equitable distributions.

   Eighth class. All other claims.

   (b) Notwithstanding subsection (a) of this section, if payment of the commissions of the personal representative under G.S. 28A-23-3(g) would cause the estate to be unable to pay all claims against the estate of a decedent, then the commissions shall be limited to the amount allowed under G.S. 28A-23-3(a).

SECTION 3. This act becomes effective January 1, 2006, and applies to commissions paid on or after that date.

In the General Assembly read three times and ratified this the 23rd day of August, 2005.

Became law upon approval of the Governor at 3:29 p.m. on the 13th day of September, 2005.

H.B. 1375

AN ACT AMENDING THE LAWS RELATING TO CHILD SUPPORT ENFORCEMENT IN ORDER TO CLARIFY AND ENHANCE THOSE LAWS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 50-13.9 reads as rewritten:

"§ 50-13.9. Procedure to insure payment of child support."
(a) Upon its own motion or upon motion of either party, the court may order at any time that support payments be made to the State Child Support Collection and Disbursement Unit for remittance to the party entitled to receive the payments. For child support orders initially entered on or after January 1, 1994, the immediate income withholding provisions of G.S. 110-136.5(c1) apply.

(b) After entry of an order by the court under subsection (a) of this section, the State Child Support Collection and Disbursement Unit shall transmit child support payments that are made to it to the custodial parent or other party entitled to receive them, unless a court order requires otherwise.

(b1) In a IV-D case:

(1) The designated child support enforcement agency shall have the sole responsibility and authority for monitoring the obligor's compliance with all child support orders in the case and for initiating any enforcement procedures that it considers appropriate.

(2) The clerk of court shall maintain all official records in the case.

(3) The designated child support enforcement agency shall maintain any other records needed to monitor the obligor's compliance with or to enforce the child support orders in the case, including records showing the amount of each payment of child support received from or on behalf of the obligor, along with the dates on which each payment was received. In any action establishing, enforcing, or modifying a child support order, the payment records maintained by the designated child support agency shall be admissible evidence, and the court shall permit the designated representative to authenticate those records.

(b2) In a non-IV-D case:

(1) The clerk of court shall have the responsibility and authority for monitoring the obligor's compliance with all child support orders in the case and for initiating any enforcement procedures that it considers appropriate. The State Child Support Collection and Disbursement Unit shall notify the clerk of court of all payments made in non-IV-D cases so that the clerk of court can initiate enforcement proceedings as provided in subsection (d) of this section.

(2) The clerk of court shall maintain all official records in the case and all case data concerning child support matters previously enforced by the clerk of court.

(3) The clerk of court shall maintain any other records needed to monitor the obligor's compliance with or to enforce the child support orders in the case, including records showing the amount of each payment of child support received from or on behalf of the obligor, along with the dates on which each payment was received.

(c) In a non-IV-D case, the parties affected by the order shall inform the clerk of court of any change of address or of other condition that may affect the administration of the order. In a IV-D case, the parties affected by the order shall inform the designated child support enforcement agency of any change of address or other condition that may affect the administration of the order. The court may provide in the order that a party failing to inform the court or, as appropriate, the designated child support enforcement agency, of a change of address within a reasonable period of time may be held in civil contempt.
(d) In a non-IV-D case, when the clerk of superior court is notified by the State Child Support Collection and Disbursement Unit that an obligor has failed to make a required payment of child support and is in arrear, the clerk of superior court shall mail by regular mail to the last known address of the obligor a notice of delinquency. The notice shall set out the amount of child support currently due and shall demand immediate payment of that amount. The notice shall also state that failure to make immediate payment will result in the issuance by the court of an enforcement order requiring the obligor to appear before a district court judge and show cause why the support obligation should not be enforced by income withholding, contempt of court, revocation of licensing privileges, or other appropriate means. Failure to receive the delinquency notice is not a defense in any subsequent proceeding. Sending the notice of delinquency is in the discretion of the clerk if the clerk has, during the previous 12 months, sent a notice or notices of delinquency to the obligor for nonpayment, or if income withholding has been implemented against the obligor or the obligor has been previously found in contempt for nonpayment under the same child support order. If the arrearage is not paid in full within 21 days after the mailing of the delinquency notice, or without waiting the 21 days if the clerk has elected not to mail a delinquency notice for any of the reasons provided in this subsection, the clerk shall cause an enforcement order to be issued and shall issue a notice of hearing before a district court judge. Upon affidavit of an obligee, the clerk or a district court judge may order the obligor to appear and show cause why the obligor should not be subjected to income withholding or adjudged in contempt of court, or both. The enforcement order shall require the obligor to appear and show cause why the obligor should not be subjected to income withholding or adjudged in contempt of court, or both, and shall order the obligor to bring to the hearing records and information relating to the obligor's employment, the obligor's licensing privileges, and the amount and sources of the obligor's disposable income. The enforcement order shall state:

1. That the obligor is under a court order to provide child support, the name of each child for whose benefit support is due, and information sufficient to identify the order;
2. That the obligor is delinquent and the amount of overdue support;
2a. That the court may order the revocation of some or all of the obligor's licensing privileges if the obligor is delinquent in an amount equal to the support due for one month;
3. That the court may order income withholding if the obligor is delinquent in an amount equal to the support due for one month;
4. That income withholding, if implemented, will apply to the obligor's current payors and all subsequent payors and will be continued until terminated pursuant to G.S. 110-136.10;
5. That failure to bring to the hearing records and information relating to his employment and the amount and sources of his disposable income will be grounds for contempt;
6. That if income withholding is not an available or appropriate remedy, the court may determine whether the obligor is in contempt or whether any other enforcement remedy is appropriate.

The enforcement order may be signed by the clerk or a district court judge, and shall be served on the obligor pursuant to G.S. 1A-1, Rule 4, Rules of Civil Procedure. The clerk shall also notify the party to whom support is owed of the pending hearing. The clerk may withdraw the order to the supporting party upon receipt of the delinquent payment.
On motion of the person to whom support is owed, with the approval of the district court judge, if the district court judge finds it is in the best interest of the child, no enforcement order shall be issued.

When the matter comes before the court, the court shall proceed as in the case of a motion for income withholding under G.S. 110-136.5. If income withholding is not an available or adequate remedy, the court may proceed with contempt, imposition of a lien, or other available, appropriate enforcement remedies.

This subsection shall apply only to non-IV-D cases, except that the clerk shall issue an enforcement order in a IV-D case when requested to do so by an IV-D obligee.

(e) The clerk of court shall maintain and make available to the district court judge a list of attorneys who are willing to undertake representation, pursuant to this section, of persons to whom child support is owed. No attorney shall be placed on such list without his permission.

(f) At least seven days prior to an enforcement hearing as set forth in subsection (d), the clerk must notify the district court judge of all cases to be heard for enforcement at the next term, and the judge shall appoint an attorney from the list described in subsection (e) to represent each party to whom support payments are owed if the judge deems it to be in the best interest of the child for whom support is being paid, unless:

1. The attorney of record for the party to whom support payments are owed has notified the clerk of court that he will appear for said party;

2. The party to whom support payments are owed requests the judge not to appoint an attorney;

3. An attorney for the enforcement of child support obligations pursuant to Title IV, Part D, of the Social Security Act as amended is available.

The judge may order payment of reasonable attorney’s fees as provided in G.S. 50-13.6.

(g) Nothing in this section shall preclude the independent initiation by a party of proceedings for civil contempt or for income withholding."

SECTION 2. G.S. 110-135 reads as rewritten:

"§ 110-135. Debt to State created."

Acceptance of public assistance by or on behalf of a dependent child creates a debt, in the amount of public assistance paid, due and owing the State by the responsible parent or parents of the child. Provided, however, that in those cases in which child support was required to be paid incident to a court order during the time of receipt of public assistance, the debt shall be limited to the amount specified in such court order. This liability shall attach only to public assistance granted subsequent to June 30, 1975, and only with respect to the period of time during which public assistance is granted, and only if the responsible parent or parents were financially able to furnish support during this period.

The United States, the State of North Carolina, and any county within the State which has provided public assistance to or on behalf of a dependent child shall be entitled to share in any sum collected under this section, and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid.

No action to collect such debt shall be commenced after the expiration of five years subsequent to the receipt of the last grant of public assistance. The county attorney or an attorney retained by the county and/or State shall represent the State in all proceedings brought under this section.
A past-due public assistance debt as described in this section may be deemed negotiable and subject to reduction if the public assistance debt is not less than fifteen thousand dollars ($15,000) and the responsible parent continues to be obligated to pay current child support. Upon agreement between the State and the responsible parent, and upon approval of the court upon an inquiry into the financial status of the obligor, the responsible parent shall pay all child support payments, including payments due on child support arrears, entered by a valid court order for a 24-month period of time. Upon the timely payment of each court-ordered child support obligation during the full 24-month period, including payments due on child support arrears, the State shall reduce the responsible parent’s public assistance debt by two-thirds. If the responsible parent is late or defaults on any single payment during the 24-month period, no portion of the public assistance debt shall be reduced. The responsible parent may attempt to achieve 24 consecutive months of child support payments as often as possible in order to reduce his or her public assistance debt. However, once the responsible parent’s public assistance debt has been reduced by two-thirds because of the successful completion of this agreement, the responsible parent shall no longer be eligible for this program. The reduction of public assistance debt as set forth in this section shall be in addition to all other remedies available to the State for the retirement of the debt. This program shall not prevent the State from taking any and all other measures available by law.

Upon the termination of a child support obligation due to the death of the obligor, the Department shall determine whether the obligor’s estate contains sufficient assets to satisfy any child support arrearages. If sufficient assets are available, the Department shall attempt to collect the arrearage."

SECTION 3.  G.S. 49-14(a) reads as rewritten:

"(a) The paternity of a child born out of wedlock may be established by civil action at any time prior to such child's eighteenth birthday. A certified copy of a certificate of birth of the child shall be attached to the complaint. The establishment of paternity shall not have the effect of legitimation. The social security numbers, if known, of the minor child's parents shall be placed in the record of the proceeding."  

SECTION 4.  G.S. 130A-101(f) reads as rewritten:

"(f) If the mother was unmarried at all times from date of conception through date of birth, the name of the father shall not be entered on the certificate unless the child's mother and father complete an affidavit acknowledging paternity which contains the following:

(1) A sworn statement by the mother consenting to the assertion of paternity by the father and declaring that the father is the child's natural father;
(2) A sworn statement by the father declaring that he believes he is the natural father of the child;
(3) Information explaining in plain language the effect of signing the affidavit, including a statement of parental rights and responsibilities and an acknowledgment of the receipt of this information; and
(4) The social security numbers of both parents.

The State Registrar, in consultation with the Child Support Enforcement Section of the Division of Social Services, shall develop and disseminate a form affidavit for use in compliance with this section, together with an information sheet that contains all the information required to be disclosed by subdivision (3) of this subsection.
Upon the execution of the affidavit, the declaring father shall be listed as the father on the birth certificate and shall be presumed to be the natural father of the child, subject to the declaring father's right to rescind under G.S. 110-132. The executed affidavit shall be filed with the registrar along with the birth certificate. A certified copy of the affidavit shall be admissible in any action to establish paternity. The surname of the child shall be determined by the mother, except if the father's name is entered on the certificate, the mother and father shall agree upon the child’s surname. If there is no agreement, the child's surname shall be the same as that of the mother.

The execution and filing of this affidavit with the registrar does not affect rights of inheritance unless the affidavit is also filed with the clerk of court in accordance with G.S. 29-19(b)(2).

SECTION 5. G.S. 110-139.2(b1) reads as rewritten:

"(b1) The Department of Health and Human Services Child Support Enforcement Agency may notify any financial institution doing business in this State that an obligor who maintains an identified account with the financial institution has a delinquent child support obligation that may be eligible for levy on the account in an amount that satisfies some or all of the delinquency amount owed. In order to be able to attach a lien on and levy an obligor's account, the obligor's child support obligation amount owed shall be in arrears in an amount not less than the amount of support owed for six months or one thousand dollars ($1,000), whichever is less.

Upon certification of the arrears amount owed in accordance with G.S. 44-86(c), the Child Support Agency shall serve or cause to be served upon the obligor, and when the matched account is owned jointly, any other nonliable owner of the account, and the financial institution a notice as provided by this subsection. The notice shall be served in any manner provided in Rule 4 of the North Carolina Rules of Civil Procedure, except that a notice may be served on a financial institution in any other manner that the financial institution has agreed to in writing at any time prior to the time the notice is sent. The notice shall include the name of the obligor, the financial institution where the account is located, the account number of the account to be levied to satisfy the lien, the certified arrears amount owed, information for the obligor or account owner on how to remove the lien or contest the lien in order to avoid the levy, and a copy of the applicable law, G.S. 110-139.2. The notice shall be served on the obligor, and any nonliable account owner, in any manner provided in Rule 4 of the North Carolina Rules of Civil Procedure. The financial institution shall be served notice in accordance with Rule 5 of the North Carolina Rules of Civil Procedure. Upon service of the notice, the financial institution shall proceed in the following manner:

1. Immediately attach a lien to the identified account.
2. Notify the Child Support Agency of the balance of the account and date of the lien or that the account does not meet the requirement for levy under this subsection.

Whereas, North Carolina's 53,000 farms provide food, fiber, economic activity, wildlife habitat, natural resource protection, open spaces, cultural heritage, and fiscal savings to the citizens of the State; and
Whereas, a productive and stable agricultural sector is important to farm families, rural communities, local economies, and the State of North Carolina; and
Whereas, the Voluntary Agricultural Districts program is a popular, low-cost, locally driven option that links farmers, elected officials, county staff, and the general public in understanding and supporting the needs of agriculture; and
Whereas, landowners are looking for a wider range of options to help them develop sustainable and profitable farms and pass them along to future generations; and
Whereas, expanding the Farmland Preservation Enabling Act and authorizing counties and cities to establish a new category of agricultural district, an enhanced voluntary agricultural district, will provide counties and cities with a wider range of
options to protect farmland from nonfarm development by providing programs within their jurisdictions that promote the growth, sustainability, and profitability of farming operations; Now, therefore,

AN ACT TO PROVIDE THAT PHOTOGRAPHS AND VIDEO OR AUDIO RECORDINGS MADE PURSUANT TO AN AUTOPSY ARE NOT PUBLIC RECORDS AND TO ALLOW FOR LIMITED ACCESS TO RECORDED IMAGES OF AN AUTOPSY BY THE PUBLIC.

The General Assembly of North Carolina enacts:

SECTION 1.  Chapter 132 of the General Statutes is amended by adding the following new section to read:
"§ 132-1.8.  Confidentiality of photographs and video or audio recordings made pursuant to autopsy.

Except as otherwise provided in G.S. 130A-389.1, a photograph or video or audio recording of an official autopsy is not a public record as defined by G.S. 132-1. However, the text of an official autopsy report, including any findings and interpretations prepared in accordance with G.S. 130A-389(a), is a public record and fully accessible by the public. For purposes of this section, an official autopsy is an autopsy performed pursuant to G.S. 130A-389(a)."

SECTION 2.  G.S. 130A-389 reads as rewritten:

(a)  If, in the opinion of the medical examiner investigating the case or of the Chief Medical Examiner, it is advisable and in the public interest that an autopsy or other study be made; or, if an autopsy or other study is requested by the district attorney of the county or by any superior court judge, an autopsy or other study shall be made by
the Chief Medical Examiner or by a competent pathologist designated by the Chief Medical Examiner. A complete autopsy report of findings and interpretations, prepared on forms designated for the purpose, shall be submitted promptly to the Chief Medical Examiner. Copies of the report shall be furnished the authorizing medical examiner, district attorney or superior court judge. Subject to the limitations of G.S. 130A-389.1 relating to photographs and video or audio recordings of an autopsy, a copy of the report shall be furnished to other persons upon request. A fee for the autopsy or other study shall be paid by the State. However, if the deceased is a resident of the county in which the death or fatal injury occurred, that county shall pay the fee. The fee shall be one thousand dollars ($1,000).

(b) In deaths where the Chief Medical Examiner and the medical examiner investigating the case do not deem it advisable and in the public interest that an autopsy be performed, but the next-of-kin of the deceased requests that an autopsy be performed, the Chief Medical Examiner or a designated pathologist may perform the autopsy and the cost shall be paid by the next-of-kin.

(c) When the next-of-kin of a decedent whose death does not fall under G.S. 130A-383 or 130A-384 requests that an autopsy be performed, the Chief Medical Examiner or a designated pathologist may perform that autopsy and the cost shall be paid by the next-of-kin.

(d) The report of autopsies performed pursuant to subsections (b) and (c) shall be a part of the decedents' medical records and therefore not public records open to inspection."

SECTION 3. Chapter 130A of the General Statutes is amended by adding the following new section to read:

"§ 130A-389.1. Photographs and video or audio recordings made pursuant to autopsy.

(a) Except as otherwise provided by law, any person may inspect and examine original photographs or video or audio recordings of an autopsy performed pursuant to G.S. 130A-389(a) at reasonable times and under reasonable supervision of the custodian of the photographs or recordings. Except as otherwise provided by this section, no custodian of the original recorded images shall furnish copies of photographs or video or audio recordings of an autopsy to the public. For purposes of this section, the Chief Medical Examiner shall be the custodian of all autopsy photographs or video or audio recordings unless the photographs or recordings were taken by or at the direction of an investigating medical examiner and the investigating medical examiner retains the original photographs or recordings. If the investigating medical examiner has retained the original photographs or recordings, then the investigating medical examiner is the custodian of the photographs or video or audio recordings and must allow the public to inspect and examine them in accordance with this subsection.

(b) The following public officials may obtain copies of autopsy photographs or video or audio recordings for official use only. These public officials shall not disclose the photographs or video or audio recordings to the public except as provided by law:

(1) The Chief Medical Examiner or a pathologist designated by the Chief Medical Examiner.
(2) Investigating Medical Examiner.
(3) District attorney.
(4) Superior court judge.
(5) Law enforcement officials conducting an investigation relating to the death.
A public official authorized by this subsection to obtain copies may provide a copy of the photograph or videotape to another person for the sole purpose of aiding in the identification of the deceased through publication of the photograph or videotape.

(c) The following persons may obtain copies of autopsy photographs or video or audio recordings but may not disclose the photographs or video or audio recordings to the public unless otherwise authorized by law:

(1) The personal representative of the estate of the deceased.

(2) A person authorized by an order issued in a special proceeding pursuant to subsection (d) of this section.

(3) A physician licensed to practice in North Carolina who uses a copy of the photographs or video or audio recording to confer with attorneys or others with a bona fide professional need to use or understand forensic science, provided that the physician promptly returns the copy to the custodian.

(4) After redacting all information identifying the decedent, including name, address, and social security number, and after anonymizing any physical recognition, a medical examiner, coroner, physician, or their designee who uses such material for:

a. Medical or scientific teaching or training purposes;

b. Teaching or training of law enforcement personnel;

c. Teaching or training of attorneys or others with a bona fide professional need to use or understand forensic science;

d. Conferring with medical or scientific experts in the field of forensic science; or

e. Publication in a scientific or medical journal or textbook.

A medical examiner, coroner, or physician who has in good faith complied with this subsection shall not be subject to any penalty under this section.

Any person who lawfully obtains a copy of a photograph or video or audio recording pursuant to this subsection shall be required to sign a statement acknowledging that they have received notice that any unauthorized disclosure of the photograph or video or audio recording is a Class 2 misdemeanor.

(d) A person who is denied access to copies of photographs or video or audio recordings, or who is restricted in the use the person may make of the photographs or video or audio recordings under this section, may commence a special proceeding in accordance with Article 33 of Chapter 1 of the General Statutes. Upon a showing of good cause, the clerk may issue an order authorizing the person to copy or disclose a photograph or video or audio recording of an autopsy and may prescribe any restrictions or stipulations that the clerk deems appropriate. In determining good cause, the clerk shall consider whether the disclosure is necessary for the public evaluation of governmental performance; the seriousness of the intrusion into the family's right to privacy and whether the disclosure is the least intrusive means available; and the availability of similar information in other public records, regardless of form. In all cases, the viewing, copying, listening to, or other handling of a photograph or video or audio recording of an autopsy shall be under the direct supervision of the Chief Medical Examiner or the Chief Medical Examiner's designee. A party aggrieved by an order of the clerk may appeal to the appropriate court in accordance with Article 27A of Chapter 1 of the General Statutes.
(e) The petitioner shall provide reasonable notice of the commencement of a special proceeding, as authorized by subsection (d) of this section, and reasonable notice of the opportunity to be present and heard at any hearing on the matter in accordance with Rule 5 of the Rules of Civil Procedure. The notice shall be provided to the personal representative of the estate of the deceased, if any, and to the surviving spouse of the deceased. If there is no surviving spouse, then the notice shall be provided to the deceased’s parents, and if the deceased has no living parent, then to the adult child of the deceased or to the guardian or custodian of a minor child of the deceased.

(f) This section does not apply to the use of autopsy photographs or video or audio recordings in a criminal, civil, or administrative proceeding except that nothing in this section prohibits a court or presiding officer, upon good cause shown, from restricting or otherwise controlling the disclosure to persons other than the parties and attorneys to the proceeding of an autopsy, crime scene, or similar photograph or video or audio recordings in the manner provided under this section.

(g) Any person who willfully and knowingly violates this section is guilty of a Class 2 misdemeanor, provided that more than one disclosure of the same item by the same person is not a separate offense.

(h) Any person not authorized by this section to obtain a copy of an autopsy photograph or video or audio recording, who knowingly and willfully removes, copies, or otherwise creates an image of an autopsy photograph or video or audio recording with intent to steal the same, is guilty of a Class 1 misdemeanor.

SECTION 4. This act becomes effective December 1, 2005, and applies to offenses committed on or after that date. This act applies to all unauthorized disclosures of autopsy photographs or video or audio recordings that occur on or after the effective date, regardless of whether the autopsy was performed before or after that date.

A person holding a real estate salesperson license in this State and applying for a real estate broker license shall not be required to take an additional examination under this subsection. A person who fails the license examination shall be entitled to know the result and score. A person who passes the exam shall be notified only that the person passed the examination. neglect and identified the individual as a responsible individual expunge the individual's
name from the responsible individuals list. A request for expunction under this
subsection shall be in writing, addressed to the director who determined the abuse or

director's prior decision accordingly and refuse the request for an
expunction. The director shall prepare a written statement of the
director's decision including the reasons for the decision. The
statement shall clearly indicate that it is a final decision and include

information required by G.S. 7B-312(c) and a copy of a petition for expunction form.

(c) If the director does not provide a written response to a request for expunction within 15 working days after its receipt, the failure shall be considered a refusal to expunge the individual's name, and the individual may request a review of the decision by the district attorney or file a petition for expunction with the district court.

(d) If the director modifies the prior determination, the director shall notify the Department of Health and Human Services, which shall change its records upon receipt of the notification.

(e) An individual whose request for expunction has been refused by a director under this section may, within 30 days after receipt of the notice of refusal, request a review of the director's decision by the district attorney under G.S. 7B-314 or file a petition requesting expunction with the district court under G.S. 7B-315.

§ 7B-314. District attorney review expunction request.

(a) Within 30 days of the receipt of notice of the director's refusal to expunge the individual's name under G.S. 7B-313(b) or (c), the individual may request a review of the director's decision by the district attorney of the prosecutorial district in which the abuse or serious neglect report arose. The district attorney may delegate the review of the director's decision to a designee within the district attorney's office. The individual shall request a review under this section by submitting a letter directed to the attention of the district attorney. The letter shall contain the name, date of birth, address of the individual seeking expunction, and the name of the juvenile who was the subject of the determination of abuse or serious neglect. Failure to make a timely request to the district attorney to review the director's decision shall constitute a waiver of the individual's right of review by the district attorney, but shall not bar the individual from filing a petition for expunction under G.S. 7B-315.

(b) The director shall provide the district attorney all the information the director used in making the determination. The district attorney shall review the director's decision to refuse to expunge the individual's name from the responsible individuals list, and within 30 days' receipt of the request to review, make a determination of agreement or disagreement with the director's decision.

(c) If the district attorney determines that there is not substantial evidence to support a determination of abuse or serious neglect and to support the identification of an individual as a responsible individual, the district attorney shall notify the individual and the director in writing. The director shall notify the Department of Health and Human Services within five working days of the district attorney's determination, and the Department shall change its records upon receipt of the notification.

(d) If the district attorney determines that there is substantial evidence to support a determination of abuse or serious neglect and to support the identification of an individual as a responsible individual, the district attorney shall notify the director, and the individual in writing.

§ 7B-315. Petition for expunction; district court.

(a) Within 30 days of the receipt of notice of the director's decision under G.S. 7B-313(b) or (c), or within 30 days from the date of a determination by the district attorney under G.S. 7B-314, whichever is later, an individual may file a petition for expunction with the district court of the county in which the abuse or serious neglect report arose. The request shall be by a petition for expunction filed with the appropriate clerk of court's office with a copy delivered in person or by certified mail, return receipt requested, to the director. The petition for expunction shall contain the name, date of
birth, and address of the individual seeking expunction, the name of the juvenile who was the subject of the determination of abuse or serious neglect, and facts that invoke the jurisdiction of the court. Failure to timely file a petition for expunction constitutes a waiver of the individual's right to file a petition for expunction and to a district court hearing.

(b) The clerk of court shall maintain a separate docket for expunction actions and upon receipt of a filed petition for expunction shall calendar the matter for hearing at a session of district court hearing juvenile matters and send notice of the hearing to the petitioner and to the director. Upon the request of a party, the court shall close the hearing to all persons, except officers of the court, the parties, and their witnesses. At the hearing, the director shall have the burden of proving by a preponderance of the evidence the correctness of the director's decision determining abuse or serious neglect and identifying the individual seeking expunction as a responsible individual. The hearing shall be before a judge without a jury. The rules of evidence applicable in civil cases shall apply. However, the court shall have discretion to permit the admission of any reliable and relevant evidence if the general purposes of the rules of evidence and the interests of justice will best be served by its admission.

(c) At the hearing, the following rights of the parties shall be preserved:

(1) The right to present sworn evidence, law, or rules that bear upon the case.

(2) The right to represent themselves or obtain the services of an attorney at their own expense.

(3) The right to subpoena witnesses, cross-examine witnesses of the other party, and make a closing argument summarizing the party's view of the case and the law.

(d) Within 30 days after completion of the hearing, the court shall enter a signed, written order containing findings of fact and conclusions of law. A copy of the order shall be served on each party or the party's attorney of record. If the court concludes that the director has not established by a preponderance of the evidence the correctness of the determination of abuse or serious neglect or the identification of the responsible individual, the court shall reverse the director's decision and order the director to notify the Department of Health and Human Services to expunge the individual's name from the responsible individuals list. If the court concludes that sufficient evidence has not been presented to support a determination of abuse, but there is sufficient evidence to support a determination of serious neglect and the identification of the individual seeking expunction as a responsible individual, the court shall modify the director's decision and order the director to notify the Department of Health and Human Services to change the entry on the responsible individuals list to that of neglect.

(e) Notwithstanding any time limitations contained in this section or the provisions of G.S. 7B-316(a)(3) or (4), a district court may review a determination of abuse or serious neglect at any time if the review serves the interests of justice or for extraordinary circumstances.

(f) A party may appeal the district court's decision under G.S. 7A-27(c).

§ 7B-316. Persons ineligible to request expunction; stay of expunction proceeding pending juvenile court case.

(a) Any individual who has been identified as a responsible individual in an abuse or serious neglect case is not entitled to challenge the placement of the individual's name on the responsible individuals list if any of the following apply:
(1) The individual is criminally convicted as a result of the same incident. The district attorney shall inform the director of the result of the criminal proceeding, and the director shall immediately notify the Department of Health and Human Services. The Department shall consider this information when determining whether the individual's name should remain on or be expunged from the responsible individuals list.

(2) The individual is a respondent in a juvenile court proceeding regarding abuse or neglect resulting from the same incident. The director shall immediately notify the Department of Health and Human Services. The Department shall consider this information when determining whether the individual's name should remain on or be expunged from the responsible individuals list.

(3) That individual fails to make a timely request for expunction with the director who made the determination of abuse or serious neglect and identified the individual as a responsible individual.

(4) That individual fails to file a petition for expunction with the district court in a timely manner.

(5) That individual fails to keep the county department of social services informed of the individual's current address during any request for expunction so that the individual may receive notification of the director's decision.

(b) If, prior to or during any proceeding provided for in this section, an individual seeking expunction is named as a respondent in a juvenile court case resulting from the same incident, the director, the district attorney, the district court judge, or the Court of Appeals shall stay any further proceedings for the expunction of that individual's name from the responsible individuals list until the juvenile court case is concluded or dismissed. If a juvenile court case resulting from the same determination of abuse or serious neglect is dismissed, or concludes without an adjudication of abuse or neglect, or with an adjudication that differs from the prior determination, the director shall notify the Department of Health and Human Services to expunge the individual's name from the responsible individuals list or modify the prior decision of the director accordingly.

SECTION 4. G.S. 7B-200(a) reads as rewritten:

"§ 7B-200. Jurisdiction.

In its discretion, the Board may determine that the assets of the Fund should be segregated or that a separate accounting shall be made in order to identify that portion of the Fund which represents assessments paid by individual self-insurers and that portion of the Fund which represents assessments paid by group self-insurers. If the Board segregates the Fund in this manner, the Association shall thereafter pay covered claims against individual member self-insurers from that portion of the Fund that represents assessments against individual self-insurers and shall thereafter pay covered claims against group member self-insurers from that portion
of the Fund that represents assessments against group self-insurers. The costs of administering the Association shall be borne by the Fund. The Association is authorized to secure insurance, primary excess insurance, reinsurance, bonds, other insurance, financial guarantees and related financial instruments to effectuate the purposes of the Association. The Board will invest the Fund assets pursuant to an investment policy adopted by the Board and reviewed and approved annually by the Department of the State Treasurer. The earnings from investment of Fund assets shall be placed in or credited to the Fund.

Each group member self-insurer shall be annually assessed an amount equal to two percent (2%) of the annual gross premiums, as determined under G.S. 105-228.5(b), (b1), and (c), of the group member self-insurer during the prior calendar year, and payment to the Association shall be made no later than May 15 following the close of that calendar year. b. Each member self-insurer shall be notified of the assessment no later than 30 days before it is due.

c. If a self-insurer is a member of the Association for less than a full calendar year, the annual gross premiums shall be adjusted by that portion of the year the self-insurer is not a member of the Association.

d. If application of the contribution rates referenced in subdivision a. of this subdivision would produce an amount in excess of the five million dollar ($5,000,000) limits of the fund, an equitable proration may be made; provided that every self-insurer that becomes a member of the Association shall pay an initial assessment, in an amount established by the Board,
regardless of the size of the fund at the time the member joins the Association.

The written plan shall include, but not be limited to, (i) a description of the institutions that will issue or guarantee the securities, surety bonds, irrevocable letters of credit, insurance or other financial instruments or guarantees, including, but not limited to, the credit rating, financial strength, and AM best rating, if applicable to the institutions (ii) applicable cash flow information and financial assumptions (iii) a description of the methodology to be used by the Association to assess and collect the Association Aggregate Security System assessments to be made pursuant to subdivision (3a) of this subsection and (iv) a proposed timetable for the release of existing individual company deposits posted pursuant to G.S. 97-185(c), provided, however, that no individual company deposits posted pursuant to G.S. 97-185(c) shall be released without the written consent of the Commissioner. The noncash elements of the composite security may be one-year or multiple-year instruments.

b. Within 90 days following the submission of the initial plan under sub-subdivision a. of this subdivision, the Commissioner shall either approve or disapprove the initial plan and shall notify the Association in writing. If the Commissioner does not approve or disapprove the initial plan within 90 days following submission, then the initial plan shall be deemed to be approved by the Commissioner. All subsequent plans shall be either approved or disapproved within 60 days following submission.

c. The Commissioner shall also determine the total undiscounted claims liability of each individual self-insurer that will participate in the Association Aggregate Security System as well as the aggregate total undiscounted outstanding claims liabilities of all the individual self-insurers that are to participate in the Association Aggregate Security System and shall notify the Association of this determination.

d. Upon approval by the Commissioner of the Association's plan for the Association Aggregate Security System, the Association shall assess the individual self-insurers that participate in the Association Aggregate Security System pursuant to subdivision (3a) of this subsection.

e. If the Commissioner disapproves the plan for any year, every self-insurer shall deposit with the Commissioner, or continue to

f. Group self-insurers shall not participate in the Association Aggregate Security System.

(3) Administer a fund, to be known as the North Carolina Self-Insurance Guaranty Fund, which shall receive the assessments required in subdivision (2) of this subsection. Once the Fund reaches five million dollars ($5,000,000), no further assessments shall be made except initial assessments of new member self-insurers that are required to be made in subdivision (2)d. of this subsection. Assessments may be subsequently made only to maintain the Fund at a level of five million dollars ($5,000,000). In its discretion, the Board may determine that the assets of the Fund should be segregated, or, that a separate accounting shall be made, in order to identify that portion of the Fund which represents assessments paid by individual self-insurers and that portion of the Fund which represents assessments paid by group self-insurers. If the Board determines to segregate the Fund in this manner, the Association shall thereafter pay covered claims against individual member self-insurers from that portion of the Fund which represents assessments against individual self-insurers and shall thereafter pay covered claims against group member self-insurers from that portion of the Fund which represents assessments against group self-insurers. The cost of administration incurred by the Association shall be borne by the Fund and the Association is authorized to secure reinsurance and bonds and to otherwise invest the assets of the Fund to effectuate the purpose of the Association, subject to the approval of the Commissioner. All earnings from investment of Fund assets shall be placed in or credited to the Fund.

The Association may purchase primary excess insurance from an insurer licensed by the Commissioner for the appropriate lines of authority to defray its exposure to loss occasioned by the default of one of its members. The terms of any excess insurance so purchased shall be limited to providing coverage of liabilities which exceed the Fund’s assets after the payment by member self-insurers of the maximum post-insolvency assessment provided in subdivision (c)(1) of this section herein and the Association shall fund any such purchase by levying a special assessment on its members for this purpose or by application of any unencumbered earnings of the Fund or any other available funds. The Association may obtain from each member any information the Association may reasonably require in order to facilitate the securing of this primary excess insurance. The Association shall establish reasonable safeguards designed to insure that information so received is used only for this purpose and is not otherwise disclosed.

2. The individual self-insurer's total workers' compensation liabilities under the Act.
3. The financial strength and creditworthiness of the participating individual self-insurer.
4. Any other relevant factors.

b. Special assessment. – In the event that there are covered claims against an insolvent member or members and the assets of the Fund are not sufficient to pay the obligations of the Association, then the Association may collect a special assessment from the members in an amount sufficient to pay the aggregate value of such covered claims. Each member's special assessment shall be determined by the Board and shall be based on the proportion of the member's total obligations under the Act to the aggregate total of all members' obligations under the Act.

c. Initial assessments. – An individual self-insurer that becomes a member and does not initially participate in the Association Aggregate Security System shall pay an initial assessment to the Association in an amount determined by the Board. A group self-insurer, upon receiving its initial license from the Commissioner, shall pay an initial assessment to the Association in an amount determined by the Board.

No release shall be effectuated until replacement securities or bonds of an equal value have been
substituted, acceptable forms of deposit in amount determined by the Commissioner. If a self-insurer ceases to self-insure or desires to replace securities with an acceptable surety bond or bonds, the self-insurer shall notify the Commissioner, and may recover all or a portion of the securities deposited with the Commissioner upon posting instead an acceptable special release bond issued by a corporate surety in an amount equal to the total value of the securities. The special release bond shall cover all existing liabilities under the Act plus an amount to cover future loss development and shall remain in force until all obligations under the Act have been discharged fully; another form of deposit shall not be released until the approved replacement deposit is received by the Commissioner.

The Commissioner may require an increase in the deposit amount or may grant a reduction in the deposit amount to ensure that the deposit is sufficient to cover all existing and future obligations incurred by the self-insurer while subject to the provisions of the Act.

(i) An endorsement to a surety bond shall be filed with the Commissioner within 90 days after the effective date of the endorsement.

Any self-insurer subject to license revocation, revocation, suspension, or restriction under subsection (a) or (b) of this section may request an administrative hearing before the Commissioner to review that order. If a hearing is requested, a notice of hearing shall be served, and the notice shall state the time and place of hearing and the conduct, condition, or ground on which the Commissioner based the order. Unless mutually agreed upon between the Commissioner and the self-insurer, the hearing shall occur not less than 10 days nor more than 30 days after notice is served and shall be either in Wake County or in some other place designated by the Commissioner. The Commissioner shall hold all hearings under this section privately unless the self-insurer requests a public hearing, in which case the hearing shall be public. The request for a hearing shall not stay the effect of the order."

SECTION 16. Article 5 of Chapter 97 of the General Statutes is amended by adding the following new section:

"§ 97-196. Civil penalties or restitution for violations; administrative procedure.

(a) Whenever the Commissioner has reason to believe that a self-insurer has violated any of the provisions of this Article, and the violation subjects the license of the self-insurer to suspension or revocation, the Commissioner may, after notice and opportunity for a hearing, proceed under the appropriate subsections of this section.

(b) If the Commissioner finds a violation of this Article, the Commissioner may, in addition to or instead of suspending or revoking the license, order the payment or a monetary penalty as provided in subsection (c) of this section or petition the Superior Court of Wake County for an order directing payment of restitution as provided in
subsection (d) of this section, or both. Each day during which a violation occurs constitutes a separate violation.

(c) If the Commissioner orders the payment of a monetary penalty pursuant to subsection (b) of this section, the penalty shall not be less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000). In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation, the amount of money that inured to the benefit of the violator as a result of the violation, whether the violation was committed willfully, and the prior record of the violator in complying or failing to comply with laws, rules, or orders applicable to the violator. The clear proceeds of the penalty shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. Payment of the civil penalty under this section shall be in addition to payment of any other penalty for a violation of the criminal laws of this State.

(d) Upon petition of the Commissioner, the court may order the self-insurer who committed a violation specified in subsection (b) of this section to make restitution in an amount that would make whole any person harmed by the violation. The petition may be made at any time, and the petition may be made in any appeal of the Commissioner's order.

(e) Restitution to any State agency for extraordinary administrative expenses incurred in the investigation and hearing of the violation may also be ordered by the court in such amount that would reimburse the agency for the expenses.

(f) Nothing in this section prevents the Commissioner from negotiating a mutually acceptable agreement with any self-insurer as to the status of the self-insurer's license or as to any civil penalty or restitution.

(g) Unless otherwise specifically provided for, all administrative proceedings under this Article are governed by Chapter 150B of the General Statutes. Appeals of the Commissioner's orders under this section shall be governed by G.S. 58-2-75."

SECTION 17. G.S. 58-2-161(a)(1)p. reads as rewritten:

SECTION 3. Chapter 20 of the General Statutes is amended by adding a new Article to read:

"Article 12A.

"Motor Vehicle Captive Finance Source Law.

"§ 20-308.3. Regulation of motor vehicle captive finance sources."
The General Assembly finds and declares that the distribution of motor vehicles in the State of North Carolina vitally affects the general economy of the State and the public interest and public welfare, and in the exercise of its police power, it is necessary to regulate motor vehicle captive finance sources doing business in North Carolina to protect and preserve the investments and properties of the citizens of this State.

§ 20-308.4. Definitions.
The definitions contained in G.S. 20-286 shall be applicable to the provisions of this Article.

§ 20-308.5. Prohibited contractual requirements imposed by manufacturer, distributor, or captive finance source.

It shall be unlawful for any manufacturer, factory branch, captive finance source, distributor, or distributor branch, or any field representative, officer, agent, or any representative of them, notwithstanding the terms, provisions, or conditions of any agreement or franchise, to require any of its franchised dealers located in this State to agree to any terms, conditions, or requirements that are set forth in subdivisions (1) through (8) below in order for any such dealer to sell to any captive finance source (defined below) any retail installment contract, loan, or lease of any motor vehicles purchased or leased by any of the dealer's customers ("contract for sale or lease"), or to be able to participate in, or otherwise, directly or indirectly, obtain the benefits of any consumer transaction incentive program payable to the consumer or the dealer and offered by or through any financial source that provides automotive-related loans or purchases retail installment contracts or lease contracts for motor vehicles in North Carolina and is, directly or indirectly, owned, operated, or controlled by such manufacturer, factory branch, distributor, or distributor branch ("captive finance source").

1. Require a dealer to grant such captive finance source a power of attorney to do anything on behalf of the dealer other than sign the dealer's name on any check, draft, or other instrument received in payment or proceeds under any contract for the sale or lease of a motor vehicle that is made payable to the dealer but which is properly payable to the captive finance source, is for the purpose of correcting an error in a customer's finance application or title processing document, or is for the purpose of processing regular titling of the vehicle.

2. Require a dealer to warrant or guarantee the accuracy and completeness of any personal, financial, or credit information provided by the customer on the credit application and/or in the course of applying for credit other than to require that the dealer make reasonable inquiry regarding the accuracy and completeness of such information and represent that such information is true and correct to the best of the dealer's knowledge.

3. Require a dealer to repurchase, pay off, or guaranty any contract for the sale or lease of a motor vehicle or to require a dealer to indemnify, defend, or hold harmless the captive finance source for settlements, judgments, damages, litigation expenses, or other costs or expenses incurred by such captive finance source unless the obligation to repurchase, pay off, guaranty, indemnify, or hold harmless resulted directly from (i) the subject dealer's material breach of the terms of a written agreement with the captive finance source or the terms for the
purchase of an individual contract for sale or lease that the captive finance source communicates to the dealer before each such purchase, except to the extent the breached terms are otherwise prohibited under subdivisions (1) through (8) of this section, or (ii) the subject dealer's violation of applicable law. For purposes of this section, the dealer may, however, contractually obligate itself to warrant the accuracy of the information provided on the finance contract, but such warranty can only be enforced if the captive finance source gives the dealer a reasonable opportunity to cure or correct any errors on the finance contract where cure or correction is possible. For purposes of this section, any allegation by a third party that would constitute a breach of the terms of a written agreement between the dealer and a captive finance source shall be considered a material breach.

(4) Notwithstanding the terms of any contract or agreement, treat a dealer's breach of an agreement between the dealer and a captive finance source with respect to the captive finance source's purchase of individual contracts for the sale or lease of a motor vehicle as a breach of such agreement with respect to purchase of other such contracts, nor shall such a breach, in and of itself, constitute a breach of any other agreement between the dealer and the captive finance source, or between the dealer and any affiliate of such captive finance source.

(5) Require a dealer to waive any defenses that may be available to it under its agreements with the captive finance source or under any applicable laws.

(6) Require a dealer to settle or contribute any of its own funds or financial resources toward the settlement of any multiparty or class action litigation without obtaining the dealer's voluntary and written consent subsequent to the filing of such litigation.

(7) Require a dealer to contribute to any reserve or contingency account established or maintained by the captive finance source, for the financing of the sale or lease of any motor vehicles purchased or leased by any of the dealer's customers, in any amount or on any basis other than the reasonable expected amount of future finance reserve chargebacks to the dealer's account. This section shall not apply to or limit (i) reasonable amounts reserved and maintained related to the sale or financing of any products ancillary to the sale, lease, or financing of the motor vehicle itself; (ii) a delay or reduction in the payment of dealer's portion of the finance income pursuant to an agreement between the dealer and a captive finance source under which the dealer agrees to such delay or reduction in exchange for the limitation, reduction, or elimination of the dealer's responsibility for finance reserve chargebacks; or (iii) a chargeback to a dealer (or offset of any amounts otherwise payable to a dealer by the captive finance source) for any indebtedness properly owing from a dealer to the captive finance source as part of a specific program covered by this section, the terms of which have been agreed to by the dealer in advance, except to the extent such chargeback would otherwise be prohibited under subdivisions (1) through (8) of this section.
(8) Require a dealer to repossess or otherwise gain possession of a motor vehicle at the request of or on behalf of the captive finance source. This section shall not apply to any requirements contained in any agreement between the dealer and the captive finance source wherein the dealer agrees to receive and process vehicles that are voluntarily returned by the customer or returned to the lessor at the end of the lease term.

Any clause or provision in any franchise or agreement between a dealer and a manufacturer, factory branch, distributor, or distributor branch, or between a dealer and any captive finance source, that is in violation of or that is inconsistent with any of the provisions of this section shall be voidable, to the extent that it violates this section, at any time at the election of the dealer.

"§ 20-308.6. Powers of Commissioner.
(a) The Commissioner shall promote the interests of the retail buyer of motor vehicles.
(b) The Commissioner shall have power to prevent unfair or deceptive acts or practices and other violations of this Article. Any franchised new motor vehicle dealer who believes that a captive finance source with whom the dealer does business in North Carolina has violated or is currently violating any provision of this Article may file a petition before the Commissioner setting forth the factual and legal basis for such violations. The Commissioner shall promptly forward a copy of the petition to the named captive finance source requesting a reply to the petition within 30 days. Allowing for sufficient time for the parties to conduct discovery, the Commissioner or his designee shall then hold an evidentiary hearing and render findings of fact and conclusions of law based on the evidence presented.
(c) The Commissioner shall have the power in hearings arising under this Article to enter scheduling orders and limit the time and scope of discovery; to determine the date, time, and place where hearings are to be held; to subpoena witnesses; to take depositions of witnesses; and to administer oaths.
(d) The Commissioner may, whenever he shall believe from evidence submitted to him that any person has been or is violating any provision of this Article, in addition to any other remedy, bring an action in the name of the State against that person and any other persons concerned or in any way participating in, or about to participate in, practices or acts so in violation, to enjoin any persons from continuing the violations.
(e) The Commissioner may issue rules and regulations to implement the provisions of this section and to establish procedures related to administrative proceedings commenced under this section.
(f) In the event that a dealer, who is permitted or required to file a notice, protest, or petition before the Commissioner within a certain period of time in order to adjudicate, enforce, or protect rights afforded the dealer under this Article, voluntarily elects to appeal a policy, determination, or decision of the captive finance source through an appeals board or internal grievance procedure of the captive finance source, or to participate in or refer the matter to mediation, arbitration, or other alternative dispute resolution procedure or process established or endorsed by the captive finance source, the applicable period of time for the dealer to file the notice, protest, or petition before the Commissioner under this Article shall not commence until the captive finance source's appeal board or internal grievance procedure, mediation, arbitration, or appeals process of the captive finance source has been completed and the dealer has
received notice in writing of the final decision or result of the procedure or process. Nothing, however, contained in this subsection shall be deemed to require that any dealer exhaust any internal grievance or other alternative dispute process required or established by the captive finance source before seeking redress from the Commissioner as provided in this Article.

§ 20-308.7. Rules and regulations.
The Commissioner may make such rules and regulations, not inconsistent with the provisions of this Article, as he shall deem necessary or proper for the effective administration and enforcement of this Article, provided that a copy of such rules and regulations shall be mailed to each motor vehicle dealer licensee and captive finance source 30 days prior to the effective date of such rules and regulations.

§ 20-308.8. Hearing notice.
In every case of a hearing before the Commissioner authorized under this Article, the Commissioner shall give reasonable notice of each such hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in Chapter 150B of the General Statutes. The costs of such hearings shall be assessed by the Commissioner.

§ 20-308.9. Article applicable to existing and future agreements.
The provisions of this Article shall be applicable to all contracts and agreements existing between dealers and captive finance sources at the time of its ratification and to all such future contracts and agreements.

§ 20-308.10. Jurisdiction.
A new motor vehicle dealer located in this State may bring suit against any captive finance source engaged in commerce in this State in the General Court of Justice in the State of North Carolina that has proper venue.

§ 20-308.11. Civil actions for violations.
(a) Notwithstanding the terms, provisions, or conditions of any agreement or other terms or provisions of any novation, waiver, arbitration agreement, or other written instrument, any person who is or may be injured by a violation of a provision of this Article, or any party to an agreement who is so injured in his business or property by a violation of a provision of this Article relating to that agreement, or an arrangement which, if consummated, would be in violation of this Article may, notwithstanding the initiation or pendency of, or failure to initiate an administrative proceeding before the Commissioner concerning the same parties or subject matter, bring an action for damages and equitable relief, including injunctive relief, in any court of competent jurisdiction with regard to any matter not within the jurisdiction of the Commissioner or that seeks relief wholly outside the authority or jurisdiction of the Commissioner to award.

(b) Where the violation of a provision of this Article can be shown to be willful, malicious, or wanton, or if continued multiple violations of a provision or provisions of this Article occur, the court may award punitive damages, attorneys' fees and costs in addition to any other damages under this Article.

(c) A new motor vehicle dealer, if he has not suffered any loss of money or property, may obtain final equitable relief if it can be shown that the violation of a provision of this Article by a captive finance source may have the effect of causing a loss of money or property.

(d) Any association that is comprised of a minimum of 400 new motor vehicle dealers, or a minimum of 10 motorcycle dealers, substantially all of whom are new motor vehicle dealers located within North Carolina, and which represents the collective
interests of its members, shall have standing to file a petition before the Commissioner or a cause of action in any court of competent jurisdiction for itself, or on behalf of any or all of its members, seeking declaratory and injunctive relief. Prior to bringing an action, the association and captive finance source shall initiate mediation as set forth in G.S. 20-301.1(b). An action brought pursuant to this subsection may seek a determination whether one or more captive finance sources doing business in this State have violated any of the provisions of this Article, or for the determination of any rights created or defined by this Article, so long as the association alleges an injury to the collective interest of its members cognizable under this section. A cognizable injury to the collective interest of the members of the association shall be deemed to occur if a captive finance source doing business in this State has engaged in any conduct or taken any action which actually harms or affects all of the franchised new motor vehicle dealers holding agreements with that captive finance source in this State. With respect to any administrative or civil action filed by an association pursuant to this subsection, the relief granted shall be limited to declaratory and injunctive relief and in no event shall the Commissioner or court enter an award of monetary damages.

"§ 20-308.12. Applicability of this Article.

(a) Any captive finance source who engages directly or indirectly in purposeful contacts within this State in connection with the offering or advertising the availability of financing for the sale or lease of motor vehicles within this State, or who has business dealings within this State, shall be subject to the provisions of this Article and shall be subject to the jurisdiction of the courts of this State.

(b) The applicability of this Article shall not be affected by a choice of law clause in any agreement, waiver, novation, or any other written instrument.

(c) Any provision of any agreement, waiver, novation, or any other written instrument which is in violation of any section of this Article shall be deemed null and void and without force and effect to the extent it violates this section.

(d) It shall be unlawful for a captive finance source to use any subsidiary corporation, affiliated corporation, or any other controlled corporation, partnership, association, or person to accomplish what would otherwise be illegal conduct under this Article on the part of the captive finance source."

SECTION 4. Article 12 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"§ 20-305.7. Protecting dealership data and consent to access dealership information.

(a) No manufacturer, factory branch, distributor, or distributor branch shall access or obtain dealer or customer data from or write dealer or customer data to a dealer management computer system utilized by a motor vehicle dealer located in this State, or require or coerce a motor vehicle dealer located in this State to utilize a particular dealer management computer system, unless the dealer management computer system allows the dealer to reasonably maintain the security, integrity, and confidentiality of the data maintained in the system. No manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor shall prohibit a dealer from providing a means to regularly and continually monitor the specific data accessed from or written to the dealer's computer system and from complying with applicable State and federal laws and any rules or regulations promulgated thereunder. These provisions shall not be deemed to impose an obligation on a manufacturer, factory branch,
distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor, to provide such capability.

(b) No manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor, may provide access to customer or dealership information maintained in a dealer management computer system utilized by a motor vehicle dealer located in this State, without first obtaining the dealer's prior express written consent, revocable by the dealer upon five business days written notice, to provide such access. Prior to obtaining said consent and prior to entering into an initial contract or renewal of a contract with a dealer located in this State, the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of, or through any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor shall provide to the dealer a written list of all third parties to whom any North Carolina dealer management computer system data has been provided within the 12-month period ending November 1 of the prior year. The list shall further describe the scope of the data provided. In addition to the initial list, a dealer management computer system vendor or any third party acting on behalf of, or through a dealer management computer system vendor shall provide to the dealer an annual list of third parties to whom said data is being provided on November 1 of each year and describe the scope of the data provided. Such list shall be provided to the dealer by January 1 of each year. Any dealer management computer system vendor's contract that directly relates to the transfer or accessing of dealer or dealer customer information must conspicuously state, "NOTICE TO DEALER: THIS AGREEMENT RELATES TO THE TRANSFER AND ACCESSING OF CONFIDENTIAL INFORMATION AND CONSUMER RELATED DATA". Such consent does not change any such person's obligations to comply with the terms of this section and any additional State or federal laws (and any rules or regulations promulgated thereunder) applicable to them with respect to such access. In addition, no dealer management computer system vendor may refuse to provide a dealer management computer system to a motor vehicle dealer located in this State if the dealer refuses to provide any consent under this subsection, except to the extent that consent is deemed by the parties to be reasonably necessary in order for the vendor to provide the system to the dealer.

(c) No dealer management computer system vendor, or third party acting on behalf of or through any dealer management computer system vendor, may access or obtain data from or write data to a dealer management computer system utilized by a motor vehicle dealer located in this State, unless the dealer management computer system allows the dealer to reasonably maintain the security, integrity, and confidentiality of the customer and dealership information maintained in the system. No dealer management computer system vendor, or third party acting on behalf of or through any dealer management computer system vendor, shall prohibit a dealer from providing a means to regularly and continually monitor the specific data accessed from or written to the dealer's computer system and from complying with applicable State and federal laws and any rules or regulations promulgated thereunder. These provisions shall not be deemed to impose an obligation on a manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third
party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor to provide such capability.

(d) Any manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of or through any dealer management computer system vendor, having electronic access to customer or motor vehicle dealership data in a dealership management computer system utilized by a motor vehicle dealer located in this State shall provide notice to the dealer of any security breach of dealership or customer data obtained through such access, which at the time of the breach was in the possession or custody of the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or third party. The disclosure notification shall be made without unreasonable delay by the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or third party following discovery by the person, or notification to the person, of the breach. The disclosure notification shall describe measures reasonably necessary to determine the scope of the breach and corrective actions which may be taken in an effort to restore the integrity, security, and confidentiality of such data. Such measures and corrective actions shall be implemented as soon as practicable by all persons responsible for the breach.

(e) Nothing in this section shall preclude, prohibit, or deny the right of the manufacturer, factory branch, distributor, or distributor branch to receive customer or dealership information from a motor vehicle dealer located in this State for the purposes of complying with federal or State safety requirements or implementing steps related to manufacturer recalls at such times as necessary in order to comply with federal and State requirements or manufacturer recalls provided that receiving this information from the dealer does not impair, alter, or reduce the security, integrity, and confidentiality of the customer and dealership information collected or generated by the dealer.

(f) The following definitions apply to this section:

(1) "Dealer management computer system" – A computer hardware and software system having dealer business process management modules that provide real time access to customer records and transactions by a motor vehicle dealer located in this State and that allow such motor vehicle dealer timely information in order to sell vehicles, parts or services through such motor vehicle dealership.

(2) "Dealer management computer system vendor" – A seller or reseller of dealer management computer systems (but only to the extent that such person is engaged in such activities).

(3) "Security breach" – An incident of unauthorized access to and acquisition of records or data containing dealership or dealership customer information where unauthorized use of the dealership or dealership customer information has occurred or is reasonably likely to occur or that creates a material risk of harm to a dealership or a dealership's customer. Any incident of unauthorized access to and acquisition of records or data containing dealership or dealership customer information shall constitute a security breach.

(g) The provisions of G.S. 20-308.1(d) shall not apply to an action brought under this section against a dealer management computer system vendor.

(h) This section shall apply to contracts entered into on or after November 1, 2005."

SECTION 5. G.S. 20-308 reads as rewritten:
"§ 20-308. Penalties.  
Any person violating any of the provisions of this Article, except for G.S. 20-305.7, shall be guilty of a Class 1 misdemeanor."

SECTION 6.  G.S. 20-308.2 is amended by adding a new subsection to read:
"(e) The provisions of this Article shall apply to all written agreements between a manufacturer, wholesaler, or distributor with a motor vehicle dealer including, but not limited to, the franchise offering, the franchise agreement, sales of goods, services or advertising, leases or deeds of trust of real or personal property, promises to pay, security interests, pledges, insurance contracts, advertising contracts, construction or installation contracts, servicing contracts, and all other such agreements between a motor vehicle dealer and a manufacturer, wholesaler, or distributor."

SECTION 7.  G.S. 20-286(10) reads as rewritten:
The following definitions apply in this Article:

…  
(10) Motor vehicle. – Any motor propelled vehicle, trailer or semitrailer, required to be registered under the laws of this State.  
a. "New motor vehicle" means a motor vehicle which has never been the subject of a completed, successful, or conditional sale that was subsequently approved sale other than between new motor vehicle dealers, or between manufacturer and dealer of the same franchise.  
b. "Used motor vehicle" means a motor vehicle other than described in paragraph (10)a above."

SECTION 8.  Section 3 of this act becomes effective January 1, 2006. The remainder of this act is effective when it becomes law.

S.B. 757  Session Law 2005-410
AN ACT MAKING OMNIBUS CHANGES TO THE EMPLOYMENT SECURITY LAWS OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1.  G.S. 96-13(a) reads as rewritten:
"(a) An unemployed individual shall be eligible to receive benefits with respect to any week only if the Commission finds that -  
(1) The individual has registered for work at and thereafter has continued to report at an employment office as directed by the Commission at regular intervals of not less than three weeks and not more than six weeks apart and in accordance with such regulations as the Commission may prescribe;  
(2) He has made a claim for benefits in accordance with the provisions of G.S. 96-15(a);"
The individual is able to work, and is available for work: Provided that, unless temporarily excused by Commission regulations, no individual shall be deemed available for work unless he establishes to the satisfaction of the Commission that he is actively seeking work: Provided further, that an individual customarily employed in seasonal employment shall, during the period of nonseasonal operations, show to the satisfaction of the Commission that such individual is actively seeking employment which such individual is qualified to perform by past experience or training during such nonseasonal period: Provided further, however, that no individual shall be considered available for work for any week not to exceed two in any calendar year in which the Commission finds that his unemployment is due to a vacation. In administering this proviso, benefits shall be paid or denied on a payroll-week basis as established by the employing unit. A week of unemployment due to a vacation as provided herein means any payroll week within which the equivalent of three customary full-time working days consist of a vacation period. For the purpose of this subdivision, any unemployment which is caused by a vacation period and which occurs in the calendar year following that within which the vacation period begins shall be deemed to have occurred in the calendar year within which such vacation period begins. For purposes of this subdivision, no individual shall be deemed available for work during any week that the individual tests positive for a controlled substance if (i) the test is a controlled substance examination administered under Article 20 of Chapter 95 of the General Statutes, (ii) the test is required as a condition of hire for a job, and (iii) the job would be suitable work for the claimant. The employer shall report to the Commission, in accordance with regulations adopted by the Commission, each claimant that tests positive for a controlled substance under this subdivision. For the purposes of this subdivision, no individual shall be deemed available for work during any week in which he is registered at and attending an established school, or is on vacation during or between successive quarters or semesters of such school attendance, or on vacation between yearly terms of such school attendance. Except: (i) Any person who was engaged in full-time employment concurrent with his school attendance, who is otherwise eligible, shall not be denied benefits because of school enrollment and attendance. Except: (ii) Any otherwise qualified unemployed individual who is attending a vocational school or training program which has been approved by the Commission for such individual shall be deemed available for work. However, any unemployment insurance benefits payable with respect to any week for which a training allowance is payable pursuant to the provisions of a federal or State law, shall be reduced by the amount of such allowance which weekly benefit amount shall be rounded to the nearest lower full dollar amount (if not a full dollar amount). The Commission may approve such training course for an individual only if:
Reasonable employment opportunities for which the individual is fitted by training and experience do not exist in the locality or are severely curtailed;
2. The training course relates to an occupation or skill for which there are expected to be reasonable opportunities for employment; and
3. The individual, within the judgment of the Commission, has the required qualifications and the aptitude to complete the course successfully; or,

b. Such approval is required for the Commission to receive the benefits of federal law.

a. An unemployed individual shall not be disqualified for eligibility for unemployment compensation solely on the basis that the individual is in school.

No individual shall be deemed able to work under this subsection during any week for which that person is receiving or is applying for benefits under any other State or federal law based on his temporary total or permanent total disability. Provided that if compensation is denied to any individual for any week under the foregoing sentence and such individual is later determined not to be totally disabled, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which the compensation was denied solely by reason of the foregoing sentence.

The individual has participated in reemployment services, if the Division referred the individual to these services after determining, through use of a worker profiling system, that the individual would likely exhaust regular benefits and would need reemployment services to make a successful transition to new employment, unless the individual establishes justifiable cause for failing to participate in the services.

An unemployed individual shall not be disqualified for eligibility for unemployment compensation benefits solely on the basis that the individual is only available for part-time work. If an individual restricts his or her eligibility to part-time work, the individual may be considered able and available to work if it is determined that all the following conditions exist:

a. The claimant's monetary eligibility is based predominately on wages from part-time work.

b. The claimant is actively seeking and is willing to accept work under essentially the same conditions as existed while the claimant's reported wages were accrued.

c. The claimant imposes no other restriction and is in a labor market in which a reasonable demand exists for part-time service.

This subdivision shall not be construed to amend subdivision (3) of this subsection as it applies to students or G.S. 96-16 as it applies to seasonal workers."

SECTION 2. G.S. 96-9(b)(3)d3. reads as rewritten:
"d3. The standard contribution rate set by subdivision (b)(1) of this section applies to an employer unless the employer's account has a credit balance. Beginning January 1, 1999, for any calendar year that the training and reemployment contribution in G.S. 96-6.1 does apply, not the contribution rate of an employer whose account has a credit balance is determined in accordance with the rate set in the following Experience Rating Formula table for the applicable rate schedule. The contribution rate of an employer whose contribution rate is determined by this Experience Rating Formula table shall be reduced by fifty percent (50%) for any year in which the balance in the Unemployment Insurance Fund on computation date equals or exceeds eight hundred million dollars ($800,000,000) on the computation date, one and ninety-five hundredths percent (1.95%) of the gross taxable wages reported to the Commission in the previous calendar year, and the fund ratio determined on that date is less than five percent (5%) and shall be reduced by sixty percent (60%) for any year in which the balance in the Unemployment Insurance Fund on computation date equals or exceeds eight hundred million dollars ($800,000,000) on the computation date, one and ninety-five hundredths percent (1.95%) of the gross taxable wages as reported to the Commission in the previous calendar year, and the fund ratio determined on that date is five percent (5%) or more.

SECTION 4. G.S. 96-8 is amended by adding a new subdivision to read:
"(28) Willfully. – For the purposes of this Chapter, the terms 'willfully' and
'knowingly' shall have the same meaning."

SECTION 5. G.S. 96-9(c)(4)a. reads as rewritten:
"(c) …
(4) Transfer of account. –
a. Whenever any individual, group of individuals, or employing
unit, who or which, in any manner succeeds to or acquires
substantially all or a distinct and severable portion of the
organization, trade, or business of another employing unit as
provided in G.S. 96-8, subdivision (5), paragraph b, the account
or that part of the account of the predecessor which relates to
the acquired portion of the business shall, upon the mutual
consent of the parties concerned and approval of the
Commission in conformity with the regulations as prescribed
therefor, be transferred as of the date of acquisition of the
business to the successor employer for use in the determination
of his rate of contributions, provided application for transfer is
made within 60 days after the Commission notifies the
successor of his right to request such transfer, otherwise the
effective date of the transfer shall be the first day of the
calendar quarter in which such application is filed, and that after
the transfer the successor employing unit continues to operate
the transferred portion of such organization, trade or business.
Provided, however, that the transfer of an account for the
purpose of computation of rates shall be deemed to have been
made prior to the computation date falling within the calendar
year within which the effective date of such transfer occurs and
the account shall thereafter be used in the computation of the
rate of the successor employer for succeeding years, subject,
however, to the provisions of paragraph b of this subdivision.
Provided there shall be no transfer of account when (i) a person
or entity is not an employer at the time of the acquisition and 
(ii) the person or entity acquired the business or account 
primarily for the purpose of obtaining a reduced rate of 
contribution.

On or after August 1, 1988, whenever any individual, group 
of individuals, or employing unit, who or which, in any manner 
succeeds to or acquires all of the organization, trade, or 
business of another employing unit as provided in G.S. 96-8, 
subdivision (5), paragraph b, the account of the predecessor 
shall be transferred as of the date of the acquisition of the 
business to the successor employer for use in the determination 
of his rate of contributions. Whenever any individual, group of 
individuals, or employing unit, who or which, in any manner 
succeeds to or acquires a distinct and severable portion of the 
organization, trade, or business of another employing unit as 
provided in G.S. 96-8, subdivision (5), paragraph b, that part of 
the account of the predecessor which relates to the acquired 
portion of the business shall, upon the mutual consent of the 
parties concerned and approval of the Commission in 
conformity with the regulations as prescribed therefor, be 
transferred as of the date of acquisition of the business to the 
successor employer for use in the determination of his rate of 
contributions, provided application for transfer is made within 
60 days after the Commission notifies the successor of his right 
to request such transfer, otherwise the effective date of the 
transfer shall be the first day of the calendar quarter in which 
such application is filed, and that after the transfer the successor 
employing unit continues to operate the transferred portion of 
such organization, trade or business. On or after January 1, 
2006, whenever part of an organization, trade, or business is 
transferred between entities subject to substantially common 
ownership, management, or control, the tax account shall be 
transferred in accordance with regulations. However, 
employing units transferring entities with any common 
ownership, management, or control are not entitled to separate 
and distinct employer status under this Chapter. Provided, 
however, that the transfer of an account for the purpose of 
computation of rates shall be deemed to have been made prior 
to the computation date falling within the calendar year within 
which the effective date of such transfer occurs and the account 
shall thereafter be used in the computation of the rate of the 
successor employer for succeeding years, subject, however, to 
the provisions of paragraph b of this subdivision. No request for 
a transfer of the account will be accepted and no transfer of the 
account will be made if the request for the transfer of the 
account is not received within two years of the date of 
acquisition or notification by the Commission of the right to 
request such transfer, whichever occurs later. However, in no 
event will a request for a transfer be allowed if an account has
been terminated because an employer ceases to be an employer pursuant to G.S. 96-9(c)(5) and G.S. 96-11(d) regardless of the date of notification."

SECTION 6.  G.S. 96-18(b1) reads as rewritten:

"(b1) Except as provided in this subsection, the penalties and other provisions in subdivisions (6), (7), (9a), and (11) of G.S. 105-236 apply to unemployment insurance contributions under this Chapter to the same extent that they apply to taxes as defined in G.S. 105-228.90(b)(7). The Commission has the same powers under those subdivisions with respect to unemployment insurance contributions as does the Secretary of Revenue with respect to taxes as defined in G.S. 105-228.90(b)(7).

G.S. 105-236(9a) applies to a "contribution tax return preparer" to the same extent as it applies to an income tax preparer. As used in this subsection, a "contribution tax return preparer" is a person who prepares for compensation, or who employs one or more persons to prepare for compensation, any return of tax imposed by this Chapter or any claim for refund of tax imposed by this Chapter. For purposes of this definition, the completion of a substantial portion of a return or claim for refund is treated as the preparation of the return or claim for refund. The term does not include a person merely because the person (i) furnishes typing, reproducing, or other mechanical assistance, (ii) prepares a return or claim for refund of the employer, or an officer or employee of the employer, by whom the person is regularly and continuously employed, (iii) prepares as a fiduciary a return or claim for refund for any person, or (iv) represents a taxpayer in a hearing regarding a proposed assessment.

The penalty in G.S. 105-236(7) applies with respect to unemployment insurance contributions under this Chapter only when one of the following circumstances exist in connection with the violation:

(1) Any employing units employing more than 10 employees.
(2) A contribution of more than two thousand dollars ($2,000) has not been paid.
(3) An experience rating account balance is more than five thousand dollars ($5,000) overdrawn.

If none of the circumstances set forth in subdivision (1), (2), or (3) of this subsection exist in connection with a violation of G.S. 105-236(7) applied under this Chapter, the offender is guilty of a Class 1 misdemeanor and each day the violation continues constitutes a separate offense.

If the Commission finds that any person violated G.S. 105-236(9a) and is not subject to a fraud penalty, the person shall pay a civil penalty of five hundred dollars ($500.00) per violation for each day the violations continue, plus the reasonable costs of investigation and enforcement."

SECTION 7.  Sections 2 and 3 of this act become effective October 1, 2005. Section 6 of this act becomes effective December 1, 2005. The remainder of this act is effective when it becomes law.

In the General Assembly read three times and ratified this the 23rd day of August, 2005.

Became law upon approval of the Governor at 1:20 p.m. on the 20th day of September, 2005.
The General Assembly of North Carolina enacts:

SECTION 1. The General Statutes are amended by rewriting the title of Chapter 41 of the General Statutes to read "Estates and Interests in Property", and Chapter 41 of the General Statutes is amended by adding a new Article to read:

"Article 4,

"The Uniform Transfer on Death (TOD) Security Registration Act.

§ 41-40. Definitions.

In this Article, unless the context otherwise requires:

(1) 'Beneficiary form' means a registration of a security that indicates the present owner of the security and the intention of the owner regarding the person who will become the owner of the security upon the death of the owner.
(2) 'Deviser' means any person designated in a will to receive a disposition of real or personal property.
(3) 'Heirs' means those persons, including the surviving spouse, who are entitled under Chapter 29 of the General Statutes or the statutes of intestate succession of other states to take the property of a decedent by intestate succession.
(4) 'Person' means an individual, a corporation, an organization, or other legal entity.
(5) 'Personal representative' includes executor, administrator, collector, successor personal representative, special administrator, and persons who perform substantially the same function under the law governing their status.
(6) 'Property' includes both real and personal property or any interest in real or personal property and means anything that may be the subject of ownership.
(7) 'Register', including its derivatives, means to issue a certificate showing the ownership of a certificated security or, in the case of an uncertificated security, to initiate or transfer an account showing ownership of securities.
(8) 'Registering entity' means a person who originates or transfers a security title by registration and includes a broker maintaining security accounts for customers and a transfer agent or other person acting for or as an issuer of securities.
(9) 'Security' means a share, participation, or other interest in property, a business, or an obligation of an enterprise or other issuer, and includes a certificated security, an uncertificated security, a security account, and a security entitlement as defined in G.S. 25-8-102.
(10) 'Security account' means (i) a reinvestment account associated with a security, a securities account with a broker, a cash balance in a brokerage account, cash, interest, earnings, or dividends earned or declared on a security in an account, a reinvestment account, or a brokerage account, whether or not credited to the account before the
owner's death, or (ii) a cash balance or other property held for or due
to the owner of a security as a replacement for or product of an
account security, whether or not credited to the account before the
owner's death.

(11) 'State' includes any state of the United States, the District of Columbia,
the Commonwealth of Puerto Rico, and any territory or possession
subject to the legislative authority of the United States.

§ 41-41. Registration in beneficiary form; sole or joint tenancy ownership.
Only individuals whose registration of a security shows sole ownership by one
individual or multiple ownership by two or more individuals with right of survivorship,
rather than as tenants in common, may obtain registration in beneficiary form. Multiple
owners of a security registered in beneficiary form hold as joint tenants with right of
survivorship, as tenants by the entireties, or as owners of community property held in
survivorship form, and not as tenants in common.

§ 41-42. Registration in beneficiary form; applicable law.
A security may be registered in beneficiary form if the form is authorized by this or
a similar statute of the state of organization of the issuer or registering entity, the
location of the registering entity's principal office, the office of its transfer agent or its
office making the registration, or by this or a similar statute of the law of the state listed
as the owner's address at the time of registration. A registration governed by the law of a
jurisdiction in which this or similar legislation is not in force or was not in force when a
registration in beneficiary form was made is nevertheless presumed to be valid and
authorized as a matter of contract law.

§ 41-43. Origination of registration in beneficiary form.
A security, whether evidenced by certificate or account, is registered in beneficiary
form when the registration includes a designation of a beneficiary to take the ownership
at the death of the owner or the deaths of all multiple owners.

§ 41-44. Form of registration in beneficiary form.
Registration in beneficiary form may be shown by the words 'transfer on death' or
the abbreviation 'TOD', or by the words 'pay on death' or the abbreviation 'POD', after
the name of the registered owner or owners and before the name of a beneficiary.

§ 41-45. Effect of registration in beneficiary form.
The designation of a TOD beneficiary on a registration in beneficiary form has no
effect on ownership of the security until the owner's death. A registration of a security in
beneficiary form may be cancelled or changed at any time by the sole owner or all
then-surviving owners, without the consent of the beneficiary.

§ 41-46. Ownership on death of owner.
On death of a sole owner or the last to die of all multiple owners, ownership of
securities registered in beneficiary form passes to the beneficiary or beneficiaries who
survive all owners. On proof of death of all owners and compliance with any applicable
requirements of the registering entity, a security registered in beneficiary form may be
reregistered in the name of the beneficiary or beneficiaries who survive the death of all
owners. Until division of the security after the death of all owners, multiple
beneficiaries surviving the death of all owners hold their interests as tenants in common.
If no beneficiary survives the death of all owners, the security belongs to the estate of
the deceased sole owner or the estate of the last to die of all multiple owners.

§ 41-47. Protection of registering entity.
(a) A registering entity is not required to offer or to accept a request for security
registration in beneficiary form. If a registration in beneficiary form is offered by a
registering entity, the owner requesting registration in beneficiary form assents to the protections given to the registering entity by this Article.

(b) By accepting a request for registration of a security in beneficiary form, the registering entity agrees that the registration will be implemented on death of the deceased owner as provided in this Article.

(c) A registering entity is discharged from all claims to a security by the estate, creditors, heirs, or devisees of a deceased owner if it registers a transfer of a security in accordance with G.S. 41-46 and does so in good faith reliance (i) on the registration, (ii) on this Article, and (iii) on information provided to it by affidavit of the personal representative of the deceased owner, or by the surviving beneficiary or by the surviving beneficiary’s representatives, or other information available to the registering entity. The protections of this Article do not extend to a reregistration or payment made after a registering entity has received written notice from any claimant to any interest in the security objecting to implementation of a registration in beneficiary form. No other notice or other information available to the registering entity affects its right to protection under this Article.

(d) The protection provided by this Article to the registering entity of a security does not affect the rights of beneficiaries in disputes between themselves and other claimants to ownership of the security transferred or its value or proceeds.

(a) A transfer on death resulting from a registration in beneficiary form is effective by reason of the contract regarding the registration between the owner and the registering entity and this Article and is not testamentary.

The interest of a deceased sole owner, or the last to die of several owners, remains liable for the debts of the decedent in the same manner as the personal property included in the decedent's estate, and recovery of that interest shall be made from the TOD beneficiary when the decedent's estate is insufficient to satisfy the debts.

(c) This Article does not repeal or modify any provision of law relating to estate taxes.

The terms and conditions established may provide for proving death, avoiding or resolving any problems concerning fractional shares, and designating primary or contingent beneficiaries. Forms of identifying beneficiaries who are to take on one or more contingencies, and rules for providing proofs and assurances needed to satisfy reasonable concerns by registering entities regarding conditions and identities relevant to accurate implementation of registrations in beneficiary form, may be contained in a registering entity's terms and conditions.

(b) The following are illustrations of registrations in beneficiary form that a registering entity may authorize:

(b) (1) A joint tenancy in shares of corporate stock or investment securities as provided by this section shall exist when such shares or securities indicate that they are owned with the right of survivorship, or otherwise clearly indicate an intention that upon the death of either party the interest of the decedent shall pass to the surviving party.
(2) Such a joint tenancy may also exist when a broker or custodian holds the shares or securities for the joint tenants and by book entry or otherwise indicates (i) that the shares or securities are owned with the right of survivorship, or (ii) otherwise clearly indicates that upon the death of either party, the interest of the decedent shall pass to the surviving party. H.B. 735 Session Law 2005-412

AN ACT TO REQUIRE ANNUAL FILING AND ACTUARIAL CERTIFICATION OF RATES FOR INSURERS PROVIDING INDIVIDUAL ACCIDENT AND HEALTH INSURANCE BENEFITS AND TO BETTER PROTECT CONSUMERS FROM THE HARMFUL IMPACT OF BLOCKS OF BUSINESS BEING CLOSED.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 58-51-95(f) reads as rewritten:

"§ 58-51-95. Approval by Commissioner of forms, classification and rates; hearing; exceptions.

(f) An insurer may increase revise rates chargeable on policies subject to this section, other than noncancellable policies, with the approval of the Commissioner if the Commissioner finds that the revised rates are not excessive, not inadequate, and not unfairly discriminatory; and exhibit a reasonable relationship to the benefits provided by the policies. The approved rates shall be guaranteed by the insurer, as to the policyholders affected by the rates, for a period of not less than 12 months; or as an alternative to the insurer giving the guarantee, the approved rates may be applicable to all policyholders at one time if the insurer chooses to apply for that relief with respect to those policies no more frequently than once in any 12-month period. The rates shall be applicable to all policies of the same type; provided that no rate increase revision may become effective for any policy unless the insurer has given the policyholder written notice of the rate revision 45 days before the effective date of the revision. The policyholder must then pay the revised rate in order to continue the policy in force. The Commissioner may adopt reasonable rules, after notice and hearing, to require the submission of supporting data and such information as the Commissioner considers
necessary to determine whether the rate revisions meet these standards. In adopting the
rules under this subsection, the Commissioner may require identification of the types of
rating methodologies used by filers and may also address issue age or attained age
rating, or both; policy reserves used in rating; and other recognized actuarial principles
of the NAIC, the American Academy of Actuaries, and the Society of Actuaries.

SECTION 1.(b) G.S. 58-51-95 is amended by adding the following new
subsections to read:

"§ 58-51-95. Approval by Commissioner of forms, classification and rates;
hearing; exceptions.

(h) Every policy that is subject to this section and that provides individual
accident and health insurance benefits to a resident of this State shall return to
policyholders benefits that are reasonable in relation to the premium charged. The
Commissioner may adopt rules or utilize existing rules to establish minimum standards
for loss ratios of policies on the basis of incurred claims experience and earned
premiums in accordance with accepted actuarial principles and practices to assure that
the benefits are reasonable in relation to the premium charged. Every insurer providing
policies in this State subject to this section shall not less than annually file for approval
its rates, rating schedules, and supporting documentation to demonstrate compliance
with the applicable loss ratio standards of this State as adopted by the Commissioner.
All filings of rates and rating schedules shall comply with the standards adopted by the
Commissioner. The filing shall include a certification by an individual who is either a
Fellow or an Associate of the Society of Actuaries or a Member of the American
Academy of Actuaries that the rates are not excessive, not inadequate, and not unfairly
discriminatory; and that the rates exhibit a reasonable relationship to the benefits
provided by the policy. Nothing in this subsection shall require an insurer to provide
certification with respect to a previous rate period, or to require an insurer to reduce
properly filed and approved rates before the end of a rate period. This subsection does
not apply to any long-term care policy issued in this State on or after February 1, 2003,
and noncancellable accident and health insurance.

(i) For any long-term care policy issued in this State on or after February 1,
2003, an insurer shall on or before March 15 of each year:

(1) Provide to the Commissioner an actuarial certification listing all of its
long-term care policy forms available for sale in this State as of
December 31 of the prior year, stating that the current premium rate
schedule for each form is sufficient to cover anticipated costs under
moderately adverse experience and stating that the premium rate
schedule is reasonably expected to be sustainable over the life of the
form with no future premium increases anticipated.

(2) For any policy form for which the statement in subdivision (1) of this
subsection cannot be made or is qualified, submit a plan of corrective
action to the Commissioner for approval.

(j) For purposes of this section, accident and health insurance means insurance
against death or injury resulting from accident or from accidental means and insurance
against disablement, disease, or sickness of the insured. This includes Medicare
supplemental insurance, long-term care, nursing home, or home health care insurance,
or any combination thereof, specified disease or illness insurance, hospital indemnity or
other fixed indemnity insurance, short-term limited duration health insurance, dental
insurance, vision insurance, and medical, hospital, or surgical expense insurance or any
combination thereof. Notwithstanding any other provision to the contrary, subsection (h) of this section does not apply to disability income insurance."

SECTION 2. Article 3 of Chapter 58 of the General Statutes is amended by adding the following new section to read:

"§ 58-3-275. Closure of a block of business.

(a) An insurer that determines to create a closed block of business in this State shall no later than 60 days prior to the closure date:

(1) Notify the Commissioner in writing of the insurer's decision to cease sales of the policy form(s) and provide a reasonable estimate, based on sound actuarial principles, of the expected impact on future premiums of ceasing sales of the policy form(s). If the insurer's qualified actuary estimates that the expected impact on future annual premiums of ceasing sales of the policy form(s) exceeds five percent (5%) per annum, then the insurer shall comply with the requirements of subdivision (3) of this subsection. If each subsequent annual premium rate filing results in an approved annual premium rate increase no greater than the last premium rate increase approved when the block of insurance was open, plus five percent (5%) per annum, then the insurer shall not be required to comply with the requirements of subdivision (3) of this subsection. If any subsequent annual premium rate filing results in an approved premium rate increase in excess of five percent (5%) per annum more than the last premium rate increase approved while the block of insurance was open, then the insurer shall comply with the requirements of subdivision (3) of this subsection at the time the filing is approved, unless the insurer can demonstrate to the satisfaction of the Commissioner that the portion of the increase that is due to the closing of the block is not more than five percent (5%) per annum.

(2) Inform each agent and broker selling the product of the decision and the date of closure.

(3) If required pursuant to subdivision (1) of this subsection, notify all affected policyholders of the determination and provide a statement of the general effect that might be expected to result from the closure of the block. Notice shall comply with any rules adopted pursuant to subsection (b) of this section.

(b) The Commissioner may adopt rules to carry out the purposes and provisions of this section, including rules establishing the language, content, format, and methods of distribution of the notices required by this section.

SECTION 3. G.S. 58-65-2 reads as rewritten:

6. Sell, lease, loan, trade, rent, or otherwise intentionally disclose an individual's social security number to a third party without written consent to the disclosure from the individual, when the party making the disclosure knows or in the exercise of reasonable diligence would have reason to believe that the third party lacks a legitimate purpose for obtaining the individual's social security number.

(d) A violation of this section is a violation of G.S. 75-1.1.

"§ 75-63. Security freeze.

(a) A consumer may place a security freeze on the consumer's credit report by making a request in writing by certified mail to a consumer reporting agency. A security freeze shall prohibit, subject to exceptions in subsection (l) of this section, the consumer reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. When a security freeze is in place, a consumer reporting agency may not release the consumer's credit report or information to a third party without prior express authorization from the consumer. This subsection does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

(b) A consumer reporting agency shall place a security freeze on a consumer's credit report no later than five business days after receiving a written request from the consumer.

(c) The consumer reporting agency shall send a written confirmation of the security freeze to the consumer within 10 business days of placing the freeze and at the same time shall provide the consumer with a unique personal identification number or password, other than the consumer's social security number, to be used by the consumer when providing authorization for the release of the consumer's credit report for a specific period of time.

(d) If the consumer wishes to allow the consumer's credit report to be accessed for a specific period of time while a freeze is in place, the consumer shall contact the consumer reporting agency, request that the freeze be temporarily lifted, and provide all of the following:

(1) Proper identification.

(2) The unique personal identification number or password provided by the consumer reporting agency pursuant to subsection (c) of this section.

(3) The proper information regarding the time period for which the report shall be available to users of the credit report.

(e) A consumer reporting agency may develop procedures involving the use of telephone, fax, the Internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (d) of this section in an expedited manner.

(f) A consumer reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (d) of this section shall comply with the request no later than three business days after receiving the request.

(g) A consumer reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

(1) Upon the consumer's request, pursuant to subsections (d) or (j) of this section.
(2) If the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer. If a consumer reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this subdivision, the consumer reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

(h) If a third party requests access to a consumer credit report on which a security freeze is in effect and this request is in connection with an application for credit or any other use and the consumer does not allow the consumer's credit report to be accessed for that specific period of time, the third party may treat the application as incomplete.

(i) If a consumer requests a security freeze pursuant to this section, the consumer reporting agency shall disclose to the consumer the process of placing and temporarily lifting a security freeze and the process for allowing access to information from the consumer's credit report for a specific period of time while the security freeze is in place.

(j) A security freeze shall remain in place until the consumer requests that the security freeze be removed. A consumer reporting agency shall remove a security freeze within three business days of receiving a request for removal from the consumer, who provides all of the following:

(1) Proper identification.
(2) The unique personal identification number or password provided by the consumer reporting agency pursuant to subsection (c) of this section.

(k) A consumer reporting agency shall require proper identification of the person making a request to place or remove a security freeze.

(l) The provisions of this section do not apply to the use of a consumer credit report by any of the following:

(1) A person, or the person's subsidiary, affiliate, agent, subcontractor, or assignee with whom the consumer has, or prior to assignment had, an account, contract, or debtor-creditor relationship for the purposes of reviewing the active account or collecting the financial obligation owing for the account, contract, or debt.

(2) A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under subsection (d) of this section for purposes of facilitating the extension of credit or other permissible use.

(3) Any person acting pursuant to a court order, warrant, or subpoena.

(4) A state or local agency, or its agents or assigns, which administers a program for establishing and enforcing child support obligations.

(5) A state or local agency, or its agents or assigns, acting to investigate fraud, including Medicaid fraud, or acting to investigate or collect delinquent taxes or assessments, including interest and penalties, unpaid court orders, or to fulfill any of its other statutory responsibilities.

(6) A federal, state, or local governmental entity, including law enforcement agency, court, or their agent or assigns.

(7) A person for the purposes of prescreening as defined by the Fair Credit Reporting Act, 15 U.S.C. § 1681, et seq.
(8) Any person for the sole purpose of providing for a credit file
monitoring subscription service to which the consumer has subscribed.

(9) A consumer reporting agency for the purpose of providing a consumer
with a copy of the consumer's credit report upon the consumer's
request.

(10) Any depository financial institution for checking, savings, and
investment accounts.

(11) Any property and casualty insurance company for use in setting or
adjusting a rate, adjusting a claim, or underwriting for property and
casualty insurance purposes.

(m) If a security freeze is in place, a consumer reporting agency shall not change
any of the following official information in a credit report without sending a written
confirmation of the change to the consumer within 30 days of the change being posted
to the consumer's file: name, date of birth, social security number, and address. Written
confirmation is not required for technical modifications of a consumer's official
information, including name and street abbreviations, complete spellings, or
transposition of numbers or letters. In the case of an address change, the written
confirmation shall be sent to both the new address and the former address.

(n) The following persons are not required to place in a credit report a security
freeze pursuant to this section provided, however, that any person that is not required to
place a security freeze on a credit report under the provisions of subdivision (3) of this
subsection shall be subject to any security freeze placed on a credit report by another
consumer reporting agency from which it obtains information:

(1) A check services or fraud prevention services company, which reports
on incidents of fraud or issues authorizations for the purpose of
approving or processing negotiable instruments, electronic fund
transfers, or similar methods of payment.

(2) A deposit account information service company, which issues reports
regarding account closures due to fraud, substantial overdrafts, ATM
abuse, or other similar negative information regarding a consumer to
inquiring banks or other financial institutions for use only in reviewing
a consumer request for a deposit account at the inquiring bank or
financial institution.

(3) A consumer reporting agency that does all of the following:
   a. Acts only to resell credit information by assembling and
      merging information contained in a database of one or more
      credit reporting agencies.
   b. Does not maintain a permanent database of credit information
      from which new credit reports are produced.

(o) This section does not prevent a consumer reporting agency from charging a
fee of no more than ten dollars ($10.00) to a consumer for each freeze, removal of the
freeze, or temporary lifting of the freeze for a period of time, regarding access to a
consumer credit report, except that a consumer reporting agency may not charge any fee
to a victim of identity theft who has submitted a copy of a valid investigative or incident
report or complaint with a law enforcement agency about the unlawful use of the
victim's identifying information by another person.

(p) At any time that a consumer is required to receive a summary of rights
required under section 609 of the federal Fair Credit Reporting Act, the following notice
shall be included:
"North Carolina Consumers Have the Right to Obtain a Security Freeze.
You have a right to place a "security freeze" on your credit report pursuant to North Carolina law. The security freeze will prohibit a consumer reporting agency from releasing any information in your credit report without your express authorization. A security freeze must be requested in writing by certified mail.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gains access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding new loans, credit, mortgage, insurance, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transactions, or other services, including an extension of credit at point of sale.

The freeze will be placed within five business days. When you place a security freeze on your credit report, within 10 business days, you will be provided a personal identification number or a password to use when you want to remove or lift temporarily the security freeze.

A freeze does not apply when you have an existing account relationship and a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control, or similar activities.

You should plan ahead and lift a freeze if you are actively seeking credit or services as a security freeze may slow your applications, as mentioned above.

You can remove a freeze or authorize temporary access for a specific period of time by contacting the consumer reporting agency and providing all of the following:

- Your personal identification number or password,
- Proper identification to verify your identity, and
- Proper information regarding the period of time you want your report available to users of the credit report.

A consumer reporting agency that receives a request from you to temporarily lift a freeze on a credit report shall comply with the request no later than three business days after receiving the request. A consumer reporting agency may charge you up to ten dollars ($10.00) for each time you freeze, remove the freeze, or temporarily lift the freeze for a period of time, except a consumer reporting agency may not charge any amount to a victim of identity theft who has submitted a copy of a valid investigative or incident report or complaint with a law enforcement agency about the unlawful use of the victim's identifying information by another person.

You have a right to bring a civil action against someone who violates your rights under the credit reporting laws. The action can be brought against a consumer reporting agency or a user of your credit report."

"§ 75-64. Destruction of personal information records.
(a) Any business that conducts business in North Carolina and any business that maintains or otherwise possesses personal information of a resident of North Carolina must take reasonable measures to protect against unauthorized access to or use of the information in connection with or after its disposal.

(b) The reasonable measures must include:

- Implementing and monitoring compliance with policies and procedures that require the burning, pulverizing, or shredding of

(2) Implementing and monitoring compliance with policies and procedures that require the destruction or erasure of electronic media and other nonpaper media containing personal information so that the information cannot practicably be read or reconstructed.

(3) Describing procedures relating to the adequate destruction or proper disposal of personal records as official policy in the writings of the business entity.

(c) A business may, after due diligence, enter into a written contract with, and monitor compliance by, another party engaged in the business of record destruction to destroy personal information in a manner consistent with this section. (3) Reviewing and evaluating the disposal business's information security policies or procedures or taking other appropriate measures to determine the competency and integrity of the disposal business.

(d) A disposal business that conducts business in North Carolina or disposes of personal information of residents of North Carolina must take all reasonable measures to dispose of records containing personal information by implementing and monitoring compliance with policies and procedures that protect against unauthorized access to or use of personal information during or after the collection and transportation and disposing of such information.

(e) This section does not apply to any of the following:

(1) Any bank or financial institution that is subject to and in compliance with the privacy and security provision of the Gramm Leach Bliley Act, 15 U.S.C. § 6801, et seq., as amended.

(3) Any consumer reporting agency that is subject to and in compliance with the Federal Credit Reporting Act, 15 U.S.C. § 1681, et seq., as amended.

(f) A violation of this section is a violation of G.S. 75-1.1, but any damages assessed against a business because of the acts or omissions of its nonmanagerial employees shall not be trebled as provided in G.S. 75-16 unless the business was negligent in the training, supervision, or monitoring of those employees. No private right of action may be brought by an individual for a violation of this section unless such individual is injured as a result of the violation.

§ 75-65. Protection from security breaches.

(a) Any business that owns or licenses personal information of residents of North Carolina or any business that conducts business in North Carolina that owns or licenses
personal information in any form (whether computerized, paper, or otherwise) shall provide notice to the affected person that there has been a security breach following discovery or notification of the breach. The disclosure notification shall be made without unreasonable delay, consistent with the legitimate needs of law enforcement, as provided in subsection (c) of this section, and consistent with any measures necessary to determine sufficient contact information, determine the scope of the breach and restore the reasonable integrity, security, and confidentiality of the data system. For the purposes of this section, personal information shall not include electronic identification numbers, electronic mail names or addresses, Internet account numbers, Internet identification names, parent's legal surname prior to marriage, or a password unless this information would permit access to a person's financial account or resources.

(b) Any business that maintains or possesses records or data containing personal information of residents of North Carolina that the business does not own or license, or any business that conducts business in North Carolina that maintains or possesses records or data containing personal information that the business does not own or license shall notify the owner or licensee of the information of any security breach immediately following discovery of the breach, consistent with the legitimate needs of law enforcement as provided in subsection (c) of this section.

(c) The notice required by this section shall be delayed if a law enforcement agency informs the business that notification may impede a criminal investigation or jeopardize national or homeland security, provided that such request is made in writing or the business documents such request contemporaneously in writing, including the name of the law enforcement officer making the request and the officer's law enforcement agency engaged in the investigation. The notice required by this section shall be provided without unreasonable delay after the law enforcement agency communicates to the business its determination that notice will no longer impede the investigation or jeopardize national or homeland security.

(d) The notice shall be clear and conspicuous. The notice shall include a description of the following:

1. The incident in general terms.
2. The type of personal information that was subject to the unauthorized access and acquisition.
3. The general acts of the business to protect the personal information from further unauthorized access.
4. A telephone number that the person may call for further information and assistance, if one exists.
5. Advice that directs the person to remain vigilant by reviewing account statements and monitoring free credit reports.

(e) For purposes of this section, notice to affected persons may be provided by one of the following methods:

1. Written notice.
2. Electronic notice, for those persons for whom it has a valid e-mail address and who have agreed to receive communications electronically if the notice provided is consistent with the provisions regarding electronic records and signatures for notices legally required to be in writing set forth in 15 U.S.C. § 7001.
3. Telephonic notice provided that contact is made directly with the affected persons.
(4) Substitute notice, if the business demonstrates that the cost of providing notice would exceed two hundred fifty thousand dollars ($250,000) or that the affected class of subject persons to be notified exceeds 500,000, or if the business does not have sufficient contact information or consent to satisfy subdivisions (1), (2), or (3) of this subsection, for only those affected persons without sufficient contact information or consent, or if the business is unable to identify particular affected persons, for only those unidentifiable affected persons. Substitute notice shall consist of all the following:
   a. E-mail notice when the business has an electronic mail address for the subject persons.
   b. Conspicuous posting of the notice on the Web site page of the business, if one is maintained.
   c. Notification to major statewide media.

(f) In the event a business provides notice to more than 1,000 persons at one time pursuant to this section, the business shall notify, without unreasonable delay, the Consumer Protection Division of the Attorney General's Office and all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined in 15 U.S.C. § 1681a(p), of the timing, distribution, and content of the notice.

(g) Any waiver of the provisions of this Article is contrary to public policy and is void and unenforceable.

(h) A financial institution that is subject to and in compliance with the Federal Interagency Guidance Response Programs for Unauthorized Access to Consumer Information and Customer Notice, issued on March 7, 2005, by the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of the Comptroller of the Currency, and the Office of Thrift Supervision, and any revisions, additions, or substitutions relating to said interagency guidance, shall be deemed to be in compliance with this section.

(i) A violation of this section is a violation of G.S. 75-1.1. No private right of action may be brought by an individual for a violation of this section unless such individual is injured as a result of the violation.

(j) Causes of action arising under this Article may not be assigned.

SECTION 2. G.S. 14-113.21 reads as rewritten:

In any criminal proceeding brought under G.S. 14-113.20, the crime is considered to be committed in any county in which the county where the victim resides, where the perpetrator resides, where any part of the financial identity fraud took place, or in any other county instrumental to the completion of the offense, regardless of whether the defendant was ever actually present in that county."

SECTION 3. Article 19C of Chapter 14 of the General Statutes is amended by adding a new section to read:

"§ 14-113.21A. Investigation of offenses.

(a) A person who has learned or reasonably suspects that the person has been the victim of identity theft may contact the local law enforcement agency that has jurisdiction over the person's actual residence. Notwithstanding the fact that jurisdiction may lie elsewhere for investigation and prosecution of a crime of identity theft, the local law enforcement agency may take the complaint, issue an incident report, and provide the complainant with a copy of the report and may refer the report to a law enforcement agency in that different jurisdiction.

1556
Nothing in this section interferes with the discretion of a local law enforcement agency to allocate resources for investigations of crimes. A complaint filed or report issued under this section is not required to be counted as an open case for purposes of compiling open case statistics.

SECTION 4. Chapter 132 of the General Statutes is amended by adding a new section to read:

"§ 132-1.8. Social security numbers and other personal identifying information.

(a) The General Assembly finds the following:

1. The social security number can be used as a tool to perpetuate fraud against a person and to acquire sensitive personal, financial, medical, and familial information, the release of which could cause great financial or personal harm to an individual. While the social security number was intended to be used solely for the administration of the federal Social Security System, over time this unique numeric identifier has been used extensively for identity verification purposes and other legitimate consensual purposes.

2. Although there are legitimate reasons for State and local government agencies to collect social security numbers and other personal identifying information from individuals, government should collect the information only for legitimate purposes or when required by law.

3. When State and local government agencies possess social security numbers or other personal identifying information, the governments should minimize the instances this information is disseminated either internally within government or externally with the general public.

(b) Except as provided in subsections (c) and (d) of this section, no agency of the State or its political subdivisions, or any agent or employee of a government agency, shall do any of the following:

1. Collect a social security number from an individual unless authorized by law to do so or unless the collection of the social security number is otherwise imperative for the performance of that agency's duties and responsibilities as prescribed by law. Social security numbers collected by an agency must be relevant to the purpose for which collected and shall not be collected until and unless the need for social security numbers has been clearly documented.

2. Fail, when collecting a social security number from an individual, to segregate that number on a separate page from the rest of the record, or as otherwise appropriate, in order that the social security number can be more easily redacted pursuant to a valid public records request.

3. Fail, when collecting a social security number from an individual, to provide, at the time of or prior to the actual collection of the social security number by that agency, that individual, upon request, with a statement of the purpose or purposes for which the social security number is being collected and used.

4. Use the social security number for any purpose other than the purpose stated.

5. Intentionally communicate or otherwise make available to the general public a person's social security number or other identifying information. "Identifying information", as used in this subdivision, shall have the same meaning as in G.S. 14-113.20(b), except it shall
not include electronic identification numbers, electronic mail names or addresses, Internet account numbers, Internet identification names, parent's legal surname prior to marriage, or drivers license numbers appearing on law enforcement records.

(6) Intentionally print or imbed an individual's social security number on any card required for the individual to access government services.

(7) Require an individual to transmit the individual's social security number over the Internet, unless the connection is secure or the social security number is encrypted.

(8) Require an individual to use the individual's social security number to access an Internet Web site, unless a password or unique personal identification number or other authentication device is also required to access the Internet Web site.

(9) Print an individual's social security number on any materials that are mailed to the individual, unless state or federal law required that the social security number be on the document to be mailed. A social security number that is permitted to be mailed under this subdivision may not be printed, in whole or in part, on a postcard or other mailer not requiring an envelope, or visible on the envelope or without the envelope having been opened.

(c) Subsection (b) of this section does not apply in the following circumstances:

(1) To social security numbers or other identifying information disclosed to another governmental entity or its agents, employees, or contractors if disclosure is necessary for the receiving entity to perform its duties and responsibilities. The receiving governmental entity and its agents, employees, and contractors shall maintain the confidential and exempt status of such numbers.

(2) To social security numbers or other identifying information disclosed pursuant to a court order, warrant, or subpoena.

(3) To social security numbers or other identifying information disclosed for public health purposes pursuant to and in compliance with Chapter 130A of the General Statutes.

(4) To social security numbers or other identifying information that have been redacted.

(5) To certified copies of vital records issued by the State Registrar and other authorized officials pursuant to G.S. 130A-93(c). The State Registrar may disclose any identifying information other than social security numbers on any uncertified vital record.

(6) To any recorded document in the official records of the register of deeds of the county.

(7) To any document filed in the official records of the courts.

(d) No person preparing or filing a document to be recorded or filed in the official records by the register of deeds or of the courts may include any person's social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords in that document, unless otherwise expressly required by law or court order, adopted by the State Registrar on records of vital events, or redacted. Any loan closing instruction that requires the inclusion of a person's social security number on a document to be recorded shall be void. Any person who violates
this subsection shall be guilty of an infraction, punishable by a fine not to exceed five hundred dollars ($500.00) for each violation.

(e) The validity of an instrument as between the parties to the instrument is not affected by the inclusion of personal information on a document recorded or filed with the official records of the register of deeds. The register of deeds may not reject an instrument presented for recording because the instrument contains an individual’s personal information.

(f) Any person has the right to request that a register of deeds or clerk of court remove, from an image or copy of an official record placed on a register of deeds’ or court’s Internet Web site available to the general public or an Internet Web site available to the general public used by a register of deeds or court to display public records by the register of deeds or clerk of court, the person’s social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords contained in that official record. The request must be made in writing, legibly signed by the requester, and delivered by mail, facsimile, or electronic transmission, or delivered in person to the register of deeds or clerk of court. The request must specify the personal information to be redacted, information that identifies the document that contains the personal information and unique information that identifies the location within the document that contains the social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords to be redacted. The request for redaction shall be considered a public record with access restricted to the register of deeds, the clerk of court, their staff, or upon order of the court. The register of deeds or clerk of court shall have no duty to inquire beyond the written request to verify the identity of a person requesting redaction and shall have no duty to remove redaction for any reason upon subsequent request by an individual or by order of the court, if impossible to do so. No fee will be charged for the redaction pursuant to such request. Any person who requests a redaction without proper authority to do so shall be guilty of an infraction, punishable by a fine not to exceed five hundred dollars ($500.00) for each violation.

(g) A register of deeds or clerk of court shall immediately and conspicuously post signs throughout his or her offices for public viewing and shall immediately and conspicuously post a notice on any Internet Web site available to the general public used by a register of deeds or clerk of court a notice stating, in substantially similar form, the following:

1. Any person preparing or filing a document for recordation or filing in the official records may not include a social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords in the document, unless expressly required by law or court order, adopted by the State Registrar on records of vital events, or redacted so that no more than the last four digits of the identification number is included.

2. Any person has a right to request a register of deeds or clerk of court to remove, from an image or copy of an official record placed on a register of deeds’ or clerk of court’s Internet Web site available to the general public or on an Internet Web site available to the general public used by a register of deeds or clerk of court to display public
records, any social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords contained in an official record. The request must be made in writing and delivered by mail, facsimile, or electronic transmission, or delivered in person, to the register of deeds or clerk of court. The request must specify the personal information to be redacted, information that identifies the document that contains the personal information and unique information that identifies the location within the document that contains the social security, employer taxpayer identification, drivers license, state identification, passport, checking account, savings account, credit card, or debit card number, or personal identification (PIN) code or passwords to be redacted. No fee will be charged for the redaction pursuant to such a request. Any person who requests a redaction without proper authority to do so shall be guilty of an infraction, punishable by a fine not to exceed five hundred dollars ($500.00) for each violation.

(h) Any affected person may petition the court for an order directing compliance with this section. No liability shall accrue to a register of deeds or clerk of court or to his or her agent for any action related to provisions of this section or for any claims or damages that might result from a social security number or other identifying information on the public record or on a register of deeds' or clerk of court's Internet website available to the general public or an Internet Web site available to the general public used by a register of deeds or clerk of court.

SECTION 5. Chapter 120 of the General Statutes is amended by adding a new Article to read:

"Article 30.
"Miscellaneous.

The evaluation shall include the review of public forms, the use of random personal identification numbers, restriction of access to personal identifying information, and reduction of use of personal identifying information when it is not necessary. Special attention shall be given to the use, collection, and dissemination of social security numbers. If the collection of a social security number is found to be unwarranted, the State agency shall immediately discontinue the collection of social security numbers for that purpose."

SECTION 6. G.S. 14-113.20 reads as rewritten:

SECTION 2.(a) G.S. 160A-371 reads as rewritten:

A city may by ordinance regulate the subdivision of land within its territorial
jurisdiction. In addition to final plat approval, the ordinance may include provisions for
review and approval of sketch plans and preliminary plats. The ordinance may provide
for different review procedures for differing classes of subdivisions. The ordinance may
be adopted as part of a unified development ordinance or as a separate subdivision
ordinance. Decisions on approval or denial of preliminary or final plats may be made
only on the basis of standards explicitly set forth in the subdivision or unified
development ordinance. Whenever the ordinance includes criteria for decision that
require application of judgment, those criteria must provide adequate guiding standards
for the entity charged with plat approval."

SECTION 2.(b) G.S. 153A-330 reads as rewritten:

A county may by ordinance regulate the subdivision of land within its territorial
jurisdiction. If a county, pursuant to G.S. 153A-342, has adopted a zoning ordinance
that applies only to one or more designated portions of its territorial jurisdiction, it may
adopt subdivision regulations that apply only within the areas so zoned and need not
regulate the subdivision of land in the rest of its jurisdiction. In addition to final plat
approval, the ordinance may include provisions for review and approval of sketch plans
and preliminary plats. The ordinance may provide for different review procedures for
differing classes of subdivisions. The ordinance may be adopted as part of a unified

denial of preliminary or final plats may be made only on the basis of standards
explicitly set forth in the subdivision or unified development ordinance. Whenever the
ordinance includes criteria for decision that require application of judgment, those
criteria must provide adequate guiding standards for the entity charged with plat
approval."

SECTION 3.(a) G.S. 160A-373 reads as rewritten:

"§ 160A-373. Ordinance to contain procedure for plat approval; approval
prerequisite to plat recordation; statement by owner.
Any subdivision ordinance adopted pursuant to this Part shall contain provisions
setting forth the procedures to be followed in granting or denying approval of a
subdivision plat prior to its registration.
The ordinance may provide that final approval of each individual subdivision plat is

(1) The city council,
(2) The city council on recommendation of a planning agency, designated
    body, or
(3) A designated planning board, technical review committee, or other
designated body or staff person.

From and after the effective date of a subdivision ordinance that is adopted by the
city, no subdivision plat of land within the city's jurisdiction shall be filed or recorded
until it shall have been submitted to and approved by the council or appropriate agency,
as specified in the subdivision ordinance, and until this approval shall have been entered
on the face of the plat in writing by an authorized representative of the city. The Review
Session Laws - 2005  S.L. 2005-418

Officer, pursuant to G.S. 47-30.2, shall not certify a plat of a subdivision of land located within the territorial jurisdiction of a city that has not been approved in accordance with these provisions, nor shall the clerk of superior court order or direct the recording of a plat if the recording would be in conflict with this section."

SECTION 3.(b) G.S. 153A-332 reads as rewritten:

"§ 153A-332. Ordinance to contain procedure for plat approval; approval prerequisite to plat recordation; statement by owner.

A subdivision ordinance adopted pursuant to this Part shall contain provisions setting forth the procedures to be followed in granting or denying approval of a subdivision plat before its registration.

The ordinance shall provide that the following agencies be given an opportunity to make recommendations concerning an individual subdivision plat before the plat is approved:

(1) The district highway engineer as to proposed State streets, State highways, and related drainage systems;

(2) The county health director or local public utility, as appropriate, as to proposed water or sewerage systems;

(3) Any other agency or official designated by the board of commissioners.

The ordinance may provide that final approval of each individual subdivision plat is to be given by decisions on preliminary plats and final plats are to be made by:

(1) The board of commissioners,

(2) The board of commissioners on recommendation of a planning agency, designated body, or

(3) A designated planning agency, board, technical review committee, or other designated body or staff person.

From the effective date of a subdivision ordinance that is adopted by the county, no subdivision plat of land within the county's jurisdiction may be filed or recorded until it has been submitted to and approved by the appropriate board or agency, as specified in the subdivision ordinance, and until this approval is entered in writing on the face of the plat by an authorized representative of the county. The Review Officer, pursuant to G.S. 47-30.2, shall not certify a plat of a subdivision of land located within the territorial jurisdiction of the county that has not been approved in accordance with these provisions, and the clerk of superior court may not order or direct the recording of a plat if the recording would be in conflict with this section."

SECTION 4.(a) G.S. 160A-384 reads as rewritten:

(a) The city council shall provide for the manner in which zoning regulations and restrictions and the boundaries of zoning districts shall be determined, established and enforced, and from time to time amended, supplemented or changed, in accordance with the provisions of this Article. The procedures adopted pursuant to this section shall provide that whenever there is a zoning map amendment, the owner of that parcel of land as shown on the county tax listing, and the owners of all parcels of land abutting that parcel of land as shown on the county tax listing, shall be mailed a notice of a public hearing on the proposed amendment by first class mail at the last addresses listed for such owners on the county tax abstracts. This notice must be deposited in the mail at least 10 but not more than 25 days prior to the date of the public hearing. The person or persons mailing such notices shall certify to the City Council that fact, and such certificate shall be deemed conclusive in the absence of fraud.

1575
(b) The first class mail notice required under subsection (a) of this section shall not be required if the zoning map amendment directly affects more than 50 properties, owned by a total of at least 50 different property owners, and the city elects to use the expanded published notice provided for in this subsection. In this instance, a city may elect to either make the mailed notice provided for in subsection (a) of this section or may as an alternative elect to publish once a week for four successive calendar weeks in a newspaper having general circulation in the area an advertisement of the public hearing that shows the boundaries of the area affected by the proposed zoning map amendment and explains the nature of the proposed change. The final two advertisements shall comply with and be deemed to satisfy the provisions of G.S. 160A-364. The advertisement notice of the hearing as required by G.S. 160A-364, but provided that each advertisement shall not be less than one-half of a newspaper page in size. The advertisement shall only be effective for property owners who reside in the area of general circulation of the newspaper which publishes the notice. Property owners who reside outside of the newspaper circulation area, according to the address listed on the most recent property tax listing for the affected property, shall be notified by first class mail pursuant to according to the provisions of subsection (a) of this section. The person or persons mailing the notices shall certify to the city council that fact, and the certificates shall be deemed conclusive in the absence of fraud. In addition to the published notice, a city shall post one or more prominent signs on or immediately adjacent to the subject area reasonably calculated to give public notice of the proposed rezoning.

(c) When a zoning map amendment is proposed, the city shall prominently post a notice of the public hearing on the site proposed for rezoning or on an adjacent public street or highway right-of-way. When multiple parcels are included within a proposed zoning map amendment, a posting on each individual parcel is not required, but the city shall post sufficient notices to provide reasonable notice to interested persons."

SECTION 4.(b) G.S. 153A-343 reads as rewritten:

(a) The board of commissioners shall, in accordance with the provisions of this Article, provide for the manner in which zoning regulations and restrictions and the boundaries of zoning districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. The procedures adopted pursuant to this section shall provide that whenever there is a zoning map amendment, the owner of that parcel of land as shown on the county tax listing, and the owners of all parcels of land abutting that parcel of land as shown on the county tax listing, shall be mailed a notice of a public hearing on the proposed amendment by first class mail at the last addresses listed for such owners on the county tax abstracts. This notice must be deposited in the mail at least 10 but not more than 25 days prior to the date of the public hearing. The person or persons mailing such notices shall certify to the Board of Commissioners that fact, and such certificate shall be deemed conclusive in the absence of fraud.

(b) The first class mail notice required under subsection (a) of this section shall not be required if the zoning map amendment directly affects more than 50 properties, owned by a total of at least 50 different property owners, and the county elects to use the expanded published notice provided for in this subsection. In this instance, a county may elect to either make the mailed notice provided for in subsection (a) of this section or may as an alternative elect to publish once a week for four successive calendar weeks in a newspaper having general circulation in the area an advertisement of the public
hearing that shows the boundaries of the area affected by the proposed zoning map amendment and explains the nature of the proposed change. The final two advertisements shall comply with and be deemed to satisfy the provisions of G.S. 153A-323. The advertisement notice of the hearings required by G.S. 153A-323, but provided that each of the advertisements shall not be less than one-half of a newspaper page in size. The advertisement shall only be effective for property owners who reside in the area of general circulation of the newspaper which publishes the notice. Property owners who reside outside of the newspaper circulation area, according to the address listed on the most recent property tax listing for the affected property, shall be notified by first class mail pursuant to according to the provisions of subsection (a) of this section. The person or persons mailing the notices shall certify to the board of commissioners that fact, and the certificates shall be deemed conclusive in the absence of fraud. In addition to the published notice, a county shall post one or more prominent signs on or immediately adjacent to the subject area reasonably calculated to give public notice of the proposed rezoning. 

c) The provisions of this section shall not be applicable to any zoning map adoption that initially zones property added to the territorial coverage of the ordinance.

d) When a zoning map amendment is proposed, the county shall prominently post a notice of the public hearing on the site proposed for rezoning or on an adjacent public street or highway right-of-way. When multiple parcels are included within a proposed zoning map amendment, a posting on each individual parcel is not required, but the county shall post sufficient notices to provide reasonable notice to interested persons.

SECTION 5. G.S. 160A-385 reads as rewritten:

(a) Qualified Protests.

(1) Zoning regulations and restrictions and zone boundaries ordinances may from time to time be amended, supplemented, changed, modified or repealed. In case, however, of a qualified protest against such change, signed by the owners of twenty percent (20%) or more of either of the area of the lots included in a proposed change, or of those immediately adjacent thereto either in the rear thereof or on either side thereof, extending 100 feet therefrom, or of those directly opposite thereto extending 100 feet from the street frontage of the opposite lots, an amendment—a zoning map amendment, that amendment shall not become effective except by favorable vote of three-fourths of all the members of the city council. For the purposes of this subsection, vacant positions on the council and members who are excused from voting shall not be considered 'members of the council' for calculation of the requisite supermajority.

(2) To qualify as a protest under this section, the petition must be signed by the owners of either (i) twenty percent (20%) or more of the area included in the proposed change or (ii) five percent (5%) of a 100-foot-wide buffer extending along the entire boundary of each discrete or separate area proposed to be rezoned. A street right-of-way shall not be considered in computing the 100-foot buffer area as long as that street right-of-way is 100 feet wide or less. When less than an entire parcel of land is subject to the proposed zoning map amendment, the 100-foot buffer shall be measured from the property
line of that parcel. In the absence of evidence to the contrary, the city may rely on the county tax listing to determine the owners' of potentially qualifying areas.

(3) The foregoing provisions concerning protests shall not be applicable to any amendment which initially zones property added to the territorial coverage of the ordinance as a result of annexation or otherwise, or to an amendment to an adopted (i) special use district or district, (ii) conditional use district or district, or (iii) conditional district if the amendment does not change the types of uses that are permitted within the district or increase the approved density for residential development, or increase the total approved size of nonresidential development, or reduce the size of any buffers or screening approved for the special use or use district, conditional use district, or conditional district.

(b) Amendments, modifications, supplements, repeal or other changes in zoning regulations and restrictions and zone boundaries. Amendments in zoning ordinances shall not be applicable or enforceable without consent of the owner with regard to buildings and uses for which either (i) building permits have been issued pursuant to G.S. 160A-417 prior to the enactment of the ordinance making the change or changes so long as the permits remain valid and unexpired pursuant to G.S. 160A-418 and unrevoked pursuant to G.S. 160A-422 or (ii) a vested right has been established pursuant to G.S. 160A-385.1 and such vested right remains valid and unexpired pursuant to G.S. 160A-385.1.

SECTION 6. G.S. 160A-386 reads as rewritten:

"§ 160A-386. Protest petition; form; requirements; time for filing.

No protest against any change in or amendment to a zoning ordinance or zoning map shall be valid or effective for the purposes of G.S. 160A-385 unless it be in the form of a written petition actually bearing the signatures of the requisite number of property owners and stating that the signers do protest the proposed change or amendment, and unless it shall have been received by the city clerk in sufficient time to allow the city at least two normal work days, excluding Saturdays, Sundays and legal holidays, before the date established for a public hearing on the proposed change or amendment to determine the sufficiency and accuracy of the petition. The city council may by ordinance require that all protest petitions be on a form prescribed and furnished by the city, and such form may prescribe any reasonable information deemed necessary to permit the city to determine the sufficiency and accuracy of the petition. A person who has signed a protest petition may withdraw his or her name from the petition at any time prior to the vote on the proposed zoning amendment. Only those protest petitions that meet the qualifying standards set forth in G.S. 160A-385 at the time of the vote on the zoning amendment shall trigger the supermajority voting requirement."

SECTION 7.(a) G.S. 160A-387 reads as rewritten:

"§ 160A-387. Planning agency, board, zoning plan; certification to city council.

In order to initially exercise the powers conferred by this Part, a city council shall create or designate a planning agency board under the provisions of this Article or of a special act of the General Assembly. The planning agency board shall prepare or shall review and comment upon a proposed zoning ordinance, including both the full text of such ordinance and maps showing proposed district boundaries. The planning agency board may hold public hearings in the course of preparing the ordinance. Upon completion, the planning agency board shall certify make a written recommendation
regarding adoption of the ordinance to the city council. The city council shall not hold its required public hearing or take action until it has received a certified recommendation regarding ordinance from the planning agency board. Following its required public hearing, the city council may refer the ordinance back to the planning agency board for any further recommendations that the agency board may wish to make prior to final action by the city council in adopting, modifying and adopting, or rejecting the ordinance.

Subsequent to initial adoption of a zoning ordinance, all proposed amendments to the zoning ordinance or zoning map shall be submitted to the planning board for review and comment. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the governing board may proceed in its consideration of the amendment without the planning board report. The governing board is not bound by the recommendations, if any, of the planning board.

SECTION 7.(b) G.S. 153A-344 reads as rewritten:

"§ 153A-344. Planning agency; board; zoning plan; certification to board of commissioners; amendments.  
(a) To initially exercise the powers conferred by this Part, a county shall create or designate a planning agency board under the provisions of this Article or of a local act. The planning agency board shall prepare or shall review and comment upon a proposed zoning ordinance, including both the full text of such ordinance and maps showing proposed district boundaries. The planning agency board may hold public hearings in the course of preparing the ordinance. Upon completion, the planning agency board shall make a written recommendation regarding adoption of the ordinance to the board of commissioners. The board of commissioners shall not hold the public hearing required by G.S. 153A-323 or take action until it has received a certified recommendation regarding the ordinance from the planning agency board. Following its required public hearing, the board of commissioners may refer the ordinance back to the planning agency board for any further recommendations that the agency board may wish to make prior to final action by the board in adopting, modifying and adopting, or rejecting the ordinance.

Zoning regulations and restrictions and zone boundaries may from time to time be amended, supplemented, changed, modified, or repealed. Whenever territory is added to an existing designated zoning area, it shall be treated as an amendment to the zoning ordinance for that area. Before an amendment may be adopted, it must be referred to the planning agency for the agency’s recommendation. The agency shall be given at least 30 days in which to make a recommendation. Subsequent to initial adoption of a zoning ordinance, all proposed amendments to the zoning ordinance or zoning map shall be submitted to the planning board for review and comment. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the board of county commissioners may proceed in its consideration of the amendment without the planning board report. The board of commissioners is not bound by the recommendations, if any, of the planning agency board.

(b) Amendments, modifications, supplements, repeal or other changes in zoning regulations and restrictions and zone boundaries. Amendments in zoning ordinances shall not be applicable or enforceable without consent of the owner with regard to buildings and uses for which either (i) building permits have been issued pursuant to G.S. 153A-357 prior to the enactment of the ordinance making the change or changes so long as the permits remain valid and unexpired pursuant to G.S. 153A-358 and unrevoked pursuant to G.S. 153A-362 or (ii) a vested right has been established
pursuant to G.S. 153A-344.1 and such vested right remains valid and unexpired pursuant to G.S. 153A-344.1.”

SECTION 8. (a) G.S. 160A-388 reads as rewritten:

"§ 160A-388. Board of adjustment.

(a) The city council may provide for the appointment and compensation of a board of adjustment consisting of five or more members, each to be appointed for three years. In appointing the original members of such board, or in the filling of vacancies caused by the expiration of the terms of existing members, the council may appoint certain members for less than three years to the end that thereafter the terms of all members shall not expire at the same time. The council may, in its discretion, appoint and provide compensation for alternate members to serve on the board in the absence or temporary disqualification of any regular member or to fill a vacancy pending appointment of a member. Alternate members shall be appointed for the same term, at the same time, and in the same manner as regular members. Each alternate member, while attending any regular or special meeting of the board and serving in the absence or absence on behalf of any regular member, shall have and may exercise all the powers and duties of a regular member. A city may designate a planning agency, board or governing board to perform any or all of the duties of a board of adjustment in addition to its other duties.

(b) The board of adjustment shall hear and decide appeals from and review any order, requirement, decision, or determination made by an administrative official charged with the enforcement of any ordinance adopted pursuant to this Part. A zoning ordinance or those provisions of a unified development ordinance adopted pursuant to the authority granted in this Part shall provide that the board of adjustment shall hear and decide appeals from and review any order, requirement, decision, or determination made by an administrative official charged with the enforcement of that ordinance. An appeal may be taken by any person aggrieved or by an officer, department, board, or bureau of the city. Appeals shall be taken within times prescribed by the board of adjustment by general rule, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal, specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment, after notice of appeal has been filed with him, that because of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property or that because the violation charged is transitory in nature a stay would seriously interfere with enforcement of the ordinance. In that case proceedings shall not be stayed except by a restraining order, which may be granted by the board of adjustment or by a court of record on application, on notice to the officer from whom the appeal is taken and on due cause shown. The board of adjustment shall fix a reasonable time for the hearing of the appeal, give due notice thereof to the parties, and decide it within a reasonable time. The board of adjustment may reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from, and shall make any order, requirement, decision, or determination that in its opinion ought to be made in the premises. To this end the board shall have all the powers of the officer from whom the appeal is taken.

(c) The zoning ordinance may provide that the board of adjustment may permit special exceptions to the zoning regulations in specified classes of cases or situations
and as provided in subsection (d) of this section, not including variances in permitted uses, and that the board may use special and conditional use permits, all to be in accordance with the principles, conditions, safeguards, and procedures specified in the ordinance. The ordinance may also authorize the board to interpret zoning maps and pass upon disputed questions of lot lines or district boundary lines and similar questions as they arise in the administration of the ordinance. The board shall hear and decide all matters referred to it or upon which it is required to pass under any zoning ordinance.

(d) When practical difficulties or unnecessary hardships would result from carrying out the strict letter of a zoning ordinance, the board of adjustment shall have the power, in passing upon appeals, power to vary or modify any of the regulations or provisions of the ordinance relating to the use, construction or alteration of buildings or structures or the use of land, so that the spirit of the ordinance shall be observed, public safety and welfare secured, and substantial justice done. No change in permitted uses may be authorized by variance. Appropriate conditions, which must be reasonably related to the condition or circumstance that gives rise to the need for a variance, may be imposed on any approval issued by the board.

(e) The concurring vote of four-fifths of the members of the board shall be necessary to reverse any order, requirement, decision, or determination of any administrative official charged with the enforcement of an ordinance adopted pursuant to this Part, or to decide in favor of the applicant any matter upon which it is required to pass under any ordinance, or to grant a variance from the provisions of the ordinance.

For the purposes of this subsection, vacant positions on the board and members who are disqualified from voting on a quasi-judicial matter shall not be considered ‘members of the board’ for calculation of the requisite supermajority if there are no qualified alternates available to take the place of such members.

(e1) A member of the board or any other body exercising the functions of a board of adjustment shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible conflicts include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter. If an objection is raised to a member’s participation and that member does not recuse himself or herself, the remaining members shall by majority vote rule on the objection.

(e2) Every decision of the board shall be subject to review by the superior court by proceedings in the nature of certiorari. Any petition for review by the superior court shall be filed with the clerk of superior court within 30 days after the decision of the board is filed in such office as the ordinance specifies, or after a written copy thereof is delivered to every aggrieved party who has filed a written request for such copy with the secretary or chairman of the board at the time of its hearing of the case, whichever is later. The decision of the board may be delivered to the aggrieved party either by personal service or by registered mail or certified mail return receipt requested.

(f) The chairman of the board of adjustment or any member temporarily acting as chairman, is authorized in his official capacity to administer oaths to witnesses in any matter coming before the board.

(g) The board of adjustment may subpoena witnesses and compel the production of evidence. If a person fails or refuses to obey a subpoena issued pursuant to this subsection, the board of adjustment may apply to the General Court of Justice for an order requiring that its order be obeyed, and the court shall have jurisdiction to issue
these orders after notice to all proper parties. No testimony of any witness before the board of adjustment pursuant to a subpoena issued in exercise of the power conferred by this subsection may be used against the witness in the trial of any civil or criminal action other than a prosecution for false swearing committed on the examination. Any person who, while under oath during a proceeding before the board of adjustment, willfully swears falsely, is guilty of a Class I misdemeanor."

SECTION 8. (b) G.S. 153A-345 reads as rewritten:

"§ 153A-345. Board of adjustment.
(a) The board of commissioners may provide for the appointment and compensation, if any, of a board of adjustment consisting of at least five members, each to be appointed for three years. In appointing the original members of the board, or in filling vacancies caused by the expiration of the terms of existing members, the board of commissioners may appoint some members for less than three years to the end that thereafter the terms of all members do not expire at the same time. The board of commissioners may provide for the appointment and compensation, if any, of alternate members to serve on the board in the absence or temporary disqualification of any regular member or to fill a vacancy pending appointment of a member. Alternate members shall be appointed for the same term, at the same time, and in the same manner as regular members. Each alternate member, while attending any regular or special meeting of the board and serving in the absence on behalf of a regular member, has and may exercise all the powers and duties of a regular member. If the board of commissioners does not zone the entire territorial jurisdiction of the county, each designated zoning area shall have at least one resident as a member of the board of adjustment.

A county may designate a planning agency, board or the board of county commissioners to perform any or all of the duties of a board of adjustment in addition to its other duties.

(b) The board of adjustment shall hear and decide appeals from and review any order, requirement, decision, or determination made by an administrative official charged with enforcing an ordinance adopted pursuant to this Part. A zoning ordinance or those provisions of a unified development ordinance adopted pursuant to the authority granted in this Part shall provide that the board of adjustment shall hear and decide appeals from and review any order, requirement, decision, or determination made by an administrative official charged with the enforcement of that ordinance. Any person aggrieved or any officer, department, board, or bureau of the county may take an appeal. Appeals shall be taken within times prescribed by the board of adjustment by general rule, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal, specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment, after notice of appeal has been filed with him, that because of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property or that because the violation charged is transitory in nature a stay would seriously interfere with enforcement of the ordinance. In that case proceedings may not be stayed except by a restraining order, which may be granted by the board of adjustment or by a court of record on application, on notice to the officer from whom the appeal is taken and on due cause shown. The board of adjustment shall fix a reasonable time for the hearing of the appeal, give due notice of the appeal to the
parties, and decide the appeal within a reasonable time. The board of adjustment may reverse or affirm, in whole or in part, or may modify the order, requirement, decision, or determination appealed from, and shall make any order, requirement, decision, or determination that in its opinion ought to be made in the circumstances. To this end the board has all of the powers of the officer from whom the appeal is taken.

(c) The zoning ordinance may provide that the board of adjustment may permit special exceptions to the zoning regulations in specified classes of cases or situations and, as provided in subsection (d) of this section, not including variances in permitted uses, and that the board may use special and conditional use permits, all to be in accordance with the principles, conditions, safeguards, and procedures specified in the ordinance. The ordinance may also authorize the board to interpret zoning maps and pass upon disputed questions of lot lines or district boundary lines and similar questions that may arise in the administration of the ordinance. The board shall hear and decide all matters referred to it or upon which it is required to pass under the zoning ordinance.

(d) When practical difficulties or unnecessary hardships would result from carrying out the strict letter of a zoning ordinance, the board of adjustment may, in passing upon appeals, shall have the power to vary or modify any regulation or provision of the ordinance relating to the use, construction, or alteration of buildings or structures or the use of land, so that the spirit of the ordinance is observed, public safety and welfare secured, and substantial justice done. No change in permitted uses may be authorized by variance. Appropriate conditions, which must be reasonably related to the condition or circumstance that gives rise to the need for a variance, may be imposed on any approval issued by the board.

(e) The board of adjustment, by a vote of four-fifths of its members, may reverse any order, requirement, decision, or determination of an administrative officer charged with enforcing an ordinance adopted pursuant to this Part, or may decide in favor of the applicant a matter upon which the board is required to pass under the ordinance, or may grant a variance from the provisions of the ordinance. For the purposes of this subsection, vacant positions on the board and members who are disqualified from voting on a quasi-judicial matter shall not be considered ‘members of the board’ for calculation of the requisite supermajority if there are no qualified alternates available to take the place of such members.

(e1) A member of the board or any other body exercising the functions of a board of adjustment shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons' constitutional rights to an impartial decision maker. Impermissible conflicts include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter. If an objection is raised to a member's participation and that member does not recuse himself or herself, the remaining members shall by majority vote rule on the objection.

(e2) Each decision of the board is subject to review by the superior court by proceedings in the nature of certiorari. Any petition for review by the superior court shall be filed with the clerk of superior court within 30 days after the decision of the board is filed in such office as the ordinance specifies, or after a written copy thereof is delivered to every aggrieved party who has filed a written request for such copy with the secretary or chairman of the board at the time of its hearing of the case, whichever is later. The decision of the board may be delivered to the aggrieved party either by personal service or by registered mail or certified mail return receipt requested.
(f) The chairman of the board of adjustment or any member temporarily acting as chairman may in his official capacity administer oaths to witnesses in any matter coming before the board.

(g) The board of adjustment may subpoena witnesses and compel the production of evidence. If a person fails or refuses to obey a subpoena issued pursuant to this subsection, the board of adjustment may apply to the General Court of Justice for an order requiring that its order be obeyed, and the court shall have jurisdiction to issue these orders after notice to all proper parties. No testimony of any witness before the board of adjustment pursuant to a subpoena issued in exercise of the power conferred by this subsection may be used against the witness in the trial of any civil or criminal action other than a prosecution for false swearing committed on the examination. Any person who, while under oath during a proceeding before the board of adjustment, willfully swears falsely, is guilty of a Class 1 misdemeanor.

SECTION 9. G.S. 136-44.50(d) reads as rewritten:

"(d) Within one year following the establishment of a transportation corridor official map or amendment, work shall begin on an environmental impact statement or preliminary engineering. The failure to begin work on the environmental impact statement or preliminary engineering within the one-year period shall constitute an abandonment of the corridor, and the provisions of this Article shall no longer apply to properties or portions of properties embraced within the transportation corridor. A city may prepare environmental impact studies and preliminary engineering work in connection with the establishment of a transportation corridor official map or amendments to a transportation corridor official map. When a city prepares a transportation corridor official map for a street or highway that has been designated a State responsibility pursuant to G.S. 136-66.2, the environmental impact study and preliminary engineering work shall be reviewed and approved by the Department of Transportation. An amendment to a corridor shall not extend the two-year period provided by this section unless it establishes a substantially different corridor in a primarily new location."

SECTION 10. G.S. 160A-360(a1) reads as rewritten:

"(a1) Any municipality planning to exercise extraterritorial jurisdiction under this Article shall notify the owners of all parcels of land proposed for addition to the area of extraterritorial jurisdiction, as shown on the county tax records. The notice shall be sent by first-class mail to the last addresses listed for affected property owners in the county tax records. The notice shall inform the landowner of the effect of the extension of extraterritorial jurisdiction, of the landowner's right to participate in a public hearing prior to adoption of any ordinance extending the area of extraterritorial jurisdiction, as provided in G.S. 160A-364, and the right of all residents of the area to apply to the board of county commissioners to serve as a representative on the planning agency board and the board of adjustment, as provided in G.S. 160A-362. The notice shall be mailed at least four weeks prior to the public hearing. The person or persons mailing the notices shall certify to the city council that the notices were sent by first-class mail, and the certificate shall be deemed conclusive in the absence of fraud."

SECTION 11. G.S. 160A-362 reads as rewritten:

When a city elects to exercise extraterritorial zoning or subdivision-regulation powers under G.S. 160A-360, it shall in the ordinance creating or designating its planning agency or agencies board provide a means of proportional representation based on population for residents of the extraterritorial area to be regulated. Representation
shall be provided by appointing at least one resident of the entire extraterritorial zoning and subdivision regulation area to the planning agency board and the board of adjustment that makes recommendations or grants relief in these matters. For purposes of this section, an additional member must be appointed to the planning agency board or board of adjustment to achieve proportional representation only when the population of the entire extraterritorial zoning and subdivision area constitutes a full fraction of the municipality's population divided by the total membership of the planning agency board or board of adjustment. Membership of joint municipal county planning agencies or boards of adjustment may be appointed as agreed by counties and municipalities. Any advisory board established prior to July 1, 1983, to provide the required extraterritorial representation shall constitute compliance with this section until the board is abolished by ordinance of the city. The representatives on the planning agency board and the board of adjustment shall be appointed by the board of county commissioners with jurisdiction over the area. When selecting a new representative to the planning agency board or to the board of adjustment as a result of an extension of the extraterritorial jurisdiction, the board of county commissioners shall hold a public hearing on the selection. A notice of the hearing shall be given once a week for two successive calendar weeks in a newspaper having general circulation in the area. The board of county commissioners shall select appointees only from those who apply at or before the public hearing. The county shall make the appointments within 45 days following the public hearing. Once a city provides proportional representation, no power available to a city under G.S. 160A-360 shall be ineffective in its extraterritorial area solely because county appointments have not yet been made. If there is an insufficient number of qualified residents of the area to meet membership requirements, the board of county commissioners may appoint as many other residents of the county as necessary to make up the requisite number. When the extraterritorial area extends into two or more counties, each board of county commissioners concerned shall appoint representatives from its portion of the area, as specified in the ordinance. If a board of county commissioners fails to make these appointments within 90 days after receiving a resolution from the city council requesting that they be made, the city council may make them. If the ordinance so provides, the outside representatives may have equal rights, privileges, and duties with the other members of the agency board to which they are appointed, regardless of whether the matters at issue arise within the city or within the extraterritorial area; otherwise they shall function only with respect to matters within the extraterritorial area.

SECTION 12. G.S. 160A-400.7 reads as rewritten:

Before it may designate one or more landmarks or historic districts, a municipality shall establish or designate a historic preservation commission. The municipal governing board shall determine the number of the members of the commission, which shall be at least three, and the length of their terms, which shall be no greater than four years. A majority of the members of such a commission shall have demonstrated special interest, experience, or education in history, architecture, archaeology, or related fields. All the members shall reside within the territorial jurisdiction of the municipality as established pursuant to G.S. 160A-360. The commission may appoint advisory bodies and committees as appropriate.

In lieu of establishing a historic preservation commission, a municipality may designate as its historic preservation commission, (i) a separate historic districts commission or a separate historic landmarks commission established pursuant to this
Part to deal only with historic districts or landmarks respectively, (ii) a planning agency board established pursuant to this Article, or (iii) a community appearance commission established pursuant to Part 7 of this Article. In order for a commission or board other than the preservation commission to be designated, at least three of its members shall have demonstrated special interest, experience, or education in history, architecture, or related fields. At the discretion of the municipality the ordinance may also provide that the preservation commission may exercise within a historic district any or all of the powers of a planning agency board or a community appearance commission.

A county and one or more cities in the county may establish or designate a joint preservation commission. If a joint commission is established or designated, the county and cities involved shall determine the residence requirements of members of the joint preservation commission."

SECTION 13. G.S. 160A-400.14(a) reads as rewritten:

"(a) An application for a certificate of appropriateness authorizing the relocation, demolition or destruction of a designated landmark or a building, structure or site within the district may not be denied except as provided in subsection (c). However, the effective date of such a certificate may be delayed for a period of up to 365 days from the date of approval. The maximum period of delay authorized by this section shall be reduced by the commission where it finds that the owner would suffer extreme hardship or be permanently deprived of all beneficial use of or return from such property by virtue of the delay. During such period the preservation commission shall negotiate with the owner and with any other parties in an effort to find a means of preserving the building or site. If the preservation commission finds that a building or site within a district has no special significance or value toward maintaining the character of the district, it shall waive all or part of such period and authorize earlier demolition, or removal.

If the commission or planning agency board has voted to recommend designation of a property as a landmark or designation of an area as a district, and final designation has not been made by the local governing board, the demolition or destruction of any building, site, or structure located on the property of the proposed landmark or in the proposed district may be delayed by the commission or planning agency board for a period of up to 180 days or until the local governing board takes final action on the designation, whichever occurs first."

"Article 26B. Distribution of Unpaid Residuals in Class Action Litigation.

§ 1-267.10. Distribution of unpaid residuals in class action litigation.

(a) It is the intent of the General Assembly to ensure that the unpaid residuals in class action litigation are distributed, to the extent possible, in a manner designed either to further the purposes of the underlying causes of action or to promote justice for all citizens of this State. The General Assembly finds that the use of funds collected by the State courts pursuant to this section for these purposes is in the public interest, is a proper use of the funds, and is consistent with essential public and governmental purposes.

(b) Prior to the entry of any judgment or order approving settlement in a class action established pursuant to Rule 23 of the Rules of Civil Procedure, the court shall determine the total amount that will be payable to all class members, if all class members are paid the amount to which they are entitled pursuant to the judgment or
settlement. The court shall also set a date when the parties shall report to the court the total amount that was actually paid to the class members. After the report is received, the court, unless it orders otherwise consistent with its obligations under Rule 23 of the Rules of Civil Procedure, shall direct the defendant to pay the sum of the unpaid residue, to be divided and credited equally, to the Indigent Person's Attorney Fund and to the North Carolina State Bar for the provision of civil legal services for indigents.

"§ 47F-3-116. Lien for assessments.
(a) Any assessment levied against a lot remaining unpaid for a period of 30 days or longer shall constitute a lien on that lot when a claim of lien is filed of record in the office of the clerk of superior court of the county in which the lot is located in the manner provided herein. Unless the declaration otherwise provides, fees, charges, late charges, and other charges imposed pursuant to G.S. 47F-3-102, 47F-3-107, 47F-3-107.1, and 47F-3-115 are enforceable as assessments under this section. The
Except as provided in subsections (a1) and (a2) of this section, the association may foreclose the claim of lien in like manner as a mortgage on real estate under power of sale under Article 2A of Chapter 45 of the General Statutes. Unless the declaration otherwise provides, fees, charges, late charges, fines, interest, and other charges imposed pursuant to G.S. 47F-3-102, 47F-3-107, 47F-3-107.1, and 47F-3-115 are enforceable as assessments under this section.

(a1) An association may not foreclose an association assessment lien under Article 2A of Chapter 45 of the General Statutes if the debt securing the lien consists solely of fines imposed by the association, interest on unpaid fines, or attorneys' fees incurred by the association solely associated with fines imposed by the association. The association, however, may enforce the lien by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(a2) An association shall not levy, charge, or attempt to collect a service, collection, consulting, or administration fee from any lot owner unless the fee is expressly allowed in the declaration. Any lien securing a debt consisting solely of these fees may only be enforced by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(b) The lien under this section is prior to all liens and encumbrances on a lot except (i) liens and encumbrances (specifically including, but not limited to, a mortgage or deed of trust on the lot) recorded before the docketing of the claim of lien in the office of the clerk of superior court, and (ii) liens for real estate taxes and other governmental assessments and charges against the lot. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the docketing of the claim of lien in the office of the clerk of superior court.

(d) This section does not prohibit other actions to recover the sums for which subsection (a) of this section creates a lien or prohibit an association taking a deed in lieu of foreclosure.

(e) A judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys' fees for the prevailing party. If the lot owner does not contest the collection of debt and enforcement of a lien after the expiration of the 15-day period following notice as required in subsection (e1) of this section, then reasonable attorneys' fees shall not exceed one thousand two hundred dollars ($1,200), not including costs or expenses incurred. The collection of debt and enforcement of a lien remain uncontested as long as the lot owner does not dispute, contest, or raise any objection, defense, offset, or counterclaim as to the amount or validity of the debt and lien asserted or the association's right to collect the debt and enforce the lien as provided in this section. The attorneys' fee limitation in this subsection shall not apply to judicial foreclosures or to proceedings authorized under subsection (d) of this section or G.S. 47F-3-120.

(e1) A lot owner may not be required to pay attorneys' fees and court costs until the lot owner is notified in writing of the association's intent to seek payment of attorneys' fees and court costs. The notice must be sent by first-class mail to the property address and, if different, to the mailing address for the lot owner in the association's records. The notice shall set out the outstanding balance due as of the date of the notice and state that the lot owner has 15 days from the mailing of the notice by first-class mail to pay the outstanding balance without the attorneys' fees and court costs. If the lot owner pays the outstanding balance within this period, then the lot owner may not be required to pay attorneys' fees and court costs.
owner shall have no obligation to pay attorneys' fees and court costs. The notice shall also inform the lot owner of the opportunity to contact a representative of the association to discuss a payment schedule for the outstanding balance as provided in subsection (e2) of this section and shall provide the name and telephone number of the representative.

(e2) The association, acting through its executive board and in the board's sole discretion, may agree to allow payment of an outstanding balance in installments. Neither the association nor the lot owner is obligated to offer or accept any proposed installment schedule. Reasonable administrative fees and costs for accepting and processing installments may be added to the outstanding balance and included in an installment payment schedule. Reasonable attorneys' fees may be added to the outstanding balance and included in an installment schedule only after the lot owner has been given notice as required in subsection (e1) of this section.

(f) Where the holder of a first mortgage or first deed of trust of record, or other purchaser of a lot obtains title to the lot as a result of foreclosure of a first mortgage or first deed of trust, such purchaser and its heirs, successors, and assigns, shall not be liable for the assessments against such lot which became due prior to the acquisition of title to such lot by such purchaser. Such unpaid assessments shall be deemed to be common expenses collectible from all the lot owners including such purchaser, its heirs, successors, and assigns.

(g) A claim of lien shall set forth the name and address of the association, the name of the record owner of the lot at the time the claim of lien is filed, a description of the lot, and the amount of the lien claimed.

SECTION 7. G.S. 47F-3-118 reads as rewritten:

"§ 47F-3-118. Association records.

(a) The association shall keep financial records sufficiently detailed to enable the association to comply with this Chapter. All financial and other records, including records of meetings of the association and executive board, shall be made reasonably available for examination by any lot owner and the lot owner's authorized agents as required in the bylaws and Chapter 55A of the General Statutes. If the bylaws do not specify particular records to be maintained, the association shall keep accurate records of all cash receipts and expenditures and all assets and liabilities. In addition to any specific information that is required by the bylaws to be assembled and reported to the lot owners at specified times, the association shall make an annual income and expense statement and balance sheet available to all lot owners at no charge and within 75 days after the close of the fiscal year to which the information relates. Notwithstanding the bylaws, a more extensive compilation, review, or audit of the association's books and records for the current or immediately preceding fiscal year may be required by a vote of the majority of the executive board or by the affirmative vote of a majority of the lot owners present and voting in person or by proxy at any annual meeting or any special meeting duly called for that purpose.

(b) The association, upon written request, shall furnish to a lot owner or the lot owner's authorized agents a statement setting forth the amount of unpaid assessments and other charges against a lot. The statement shall be furnished within 10 business days after receipt of the request and is binding on the association, the executive board, and every lot owner.

(c) In addition to the limitations of Article 8 of Chapter 55A of the General Statutes, no financial payments, including payments made in the form of goods and services, may be made to any officer or member of the association's executive board or
to a business, business associate, or relative of an officer or member of the executive board, except as expressly provided for in the bylaws or in payments for services or expenses paid on behalf of the association which are approved in advance by the executive board.

   b. For restrictions registered on or after October 1, 2005, the restriction shall be written on the first page of the instrument or conveyance in print that is in boldface type, capital letters, and no smaller than the largest print used elsewhere in the instrument or conveyance. The restriction shall be construed to regulate or prohibit the display of the United States or North Carolina flag only if the restriction specifically states: 'THIS DOCUMENT REGULATES OR PROHIBITS THE DISPLAY OF THE FLAG OF THE UNITED STATES OR STATE OF NORTH CAROLINA'.

This subdivision shall apply to owners of property who display the flag of the United States or North Carolina on property owned exclusively by them and does not apply to common areas, easements, rights-of-way, or other areas owned by others.

For restrictions registered on or after October 1, 2005, the restriction shall be written on the first page of the instrument or conveyance in print that is in boldface type, capital letters, and no smaller than the largest print used elsewhere in the instrument or conveyance. The restriction shall be construed to regulate or prohibit the display of political signs only if the restriction specifically states: 'THIS DOCUMENT REGULATES OR PROHIBITS THE DISPLAY OF THE POLITICAL SIGNS'.

1602
Even when display of a political sign is permitted under this subdivision, an association (i) may prohibit the display of political signs earlier than 45 days before the day of the election and later than seven days after an election day, and (ii) may regulate the size and number of political signs that may be placed on a member's property if the association's regulation is no more restrictive than any applicable city, town, or county ordinance that regulates the size and number of political signs on residential property. If the local government in which the property is located does not regulate the size and number of political signs on residential property, the association shall permit at least one political sign with the maximum dimensions of 24 inches by 24 inches on a member's property. For the purposes of this subdivision, 'political sign' means a sign that attempts to influence the outcome of an election, including supporting or opposing an issue on the election ballot. (11) Impose charges for late payment of assessments, not to exceed the greater of twenty dollars ($20.00) per month or ten percent (10%) of any assessment installment unpaid and, after notice and an opportunity to be heard, suspend privileges or services provided by the association (except rights of access to lots) during any period that assessments or other amounts due and owing to the association remain unpaid for a period of 30 days or longer, and levy reasonable fines not to exceed one hundred fifty dollars ($150.00) for violations of the declaration, bylaws, and rules and regulations of the association;".

SECTION 11. G.S. 47C-3-102(a)(14) reads as rewritten:
"(14) Assign its right to future income, including the right to receive common expense assessments, but only to the extent the declaration expressly so provides;"

SECTION 12. G.S. 47C-3-103(b) reads as rewritten:
"(b) The executive board may not act on behalf of the association to amend the declaration (G.S. 47C-2-117), to terminate the condominium (G.S. 47C-2-118), or to elect members of the executive board or determine the qualifications, powers and duties, or terms of office of executive board members (G.S. 47C-3-103(d),(G.S. 47C-3-103(e) and (f)) but the executive board may fill vacancies in its membership for the unexpired portion of any term. Notwithstanding any provision of the declaration or bylaws to the contrary, the unit owners, by at least sixty-seven percent (67%) vote of all persons present and entitled to vote at any meeting of the unit owners at which a quorum is present, may remove any member of the executive board with or without cause, other than members appointed by the declarant."

SECTION 13. G.S. 47C-3-103 is amended by adding a new subsection to read:
"(g) The association shall publish the names and addresses of all officers and board members of the association within 30 days of the election."

SECTION 14. G.S. 47C-3-107.1 reads as rewritten:
"§ 47C-3-107.1. Charges for late payments, fines. Procedures for fines and suspension of condominium privileges or services.
The bylaws of the association may provide for a hearing before an adjudicatory panel to determine if a unit owner should be fined not to exceed one hundred fifty dollars ($150.00) for a violation of the declaration, bylaws or rules and regulations of
the association. Such panel shall accord to the party charged with the violation notice of the charge, opportunity to be heard and to present evidence, and notice of the decision. Such a fine shall be an assessment secured by lien under G.S. 47C-3-116. Unless a specific procedure for the imposition of fines or suspension of condominium privileges or services is provided for in the declaration, a hearing shall be held before the executive board or an adjudicatory panel appointed by the executive board to determine if any unit owner should be fined or if condominium privileges or services should be suspended pursuant to the powers granted to the association in G.S. 47C-3-102(11). Any adjudicatory panel appointed by the executive board shall be composed of members of the association who are not officers of the association or members of the executive board. The unit owner charged shall be given notice of the charge, opportunity to be heard and to present evidence, and notice of the decision. If it is decided that a fine should be imposed, a fine not to exceed one hundred dollars ($100.00) may be imposed for the violation and without further hearing, for each day more than five days after the decision that the violation occurs. Such fines shall be assessments secured by liens under G.S. 47C-3-116. If it is decided that a suspension of condominium privileges or services should be imposed, the suspension may be continued without further hearing until the violation or delinquency is cured. A unit owner may appeal a decision of an adjudicatory panel to the full executive board by delivering written notice of appeal to the executive board within 15 days after the date of the decision. The executive board may affirm, vacate, or modify the prior decision of the adjudicatory body.

SECTION 15. G.S. 47C-3-108 reads as rewritten:

"§ 47C-3-108. Meetings.

(a) A meeting of the association shall be held at least once each year. Special meetings of the association may be called by the president, a majority of the executive board, or by unit owners having twenty percent (20%) or any lower percentage specified in the bylaws of the votes in the association. Not less than 10 nor more than 50 days in advance of any meeting, the secretary or other officer specified in the bylaws shall cause notice to be hand-delivered or sent prepaid by United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit owner, or sent by electronic means, including by electronic mail over the Internet, to an electronic mailing address designated in writing by the unit owner. The notice of any meeting must state the time and place of the meeting and the items on the agenda, including the general nature of any proposed amendment to the declaration or bylaws, any budget changes, and any proposal to remove a director or officer.

(b) Meetings of the executive board shall be held as provided in the bylaws. At regular intervals, the executive board meeting shall provide unit owners an opportunity to attend a portion of an executive board meeting and to speak to the executive board about their issues and concerns. The executive board may place reasonable restrictions on the number of persons who speak on each side of an issue and may place reasonable time restrictions on persons who speak.

(c) Except as otherwise provided for in the bylaws, meetings of the association and executive board shall be conducted in accordance with the most recent edition of Robert’s Rules of Order Newly Revised."

SECTION 16. G.S. 47C-3-116 reads as rewritten:

"§ 47C-3-116. Lien for assessments.

(a) Any assessment levied against a unit remaining unpaid for a period of 30 days or longer shall constitute a lien on that unit when a claim of lien is filed of record
in the office of the clerk of superior court of the county in which the unit is located in the manner provided therefor by Article 8 of Chapter 14 of the General Statutes herein. Unless the declaration otherwise provides, fees, charges, late charges and other charges imposed pursuant to G.S. 47C-3-102, 47C-3-107, 47C-3-107.1, and 47C-3-115 are enforceable as assessments under this section. Except as provided in subsections (a1) and (a2) of this section, the association’s lien may be foreclosed in like manner as a mortgage on real estate under power of sale under Article 2A of Chapter 45 of the General Statutes. Unless the declaration otherwise provides, fees, charges, late charges, fines, and interest charged pursuant to G.S. 47C-3-102(10), (11), and (12), G.S. 47C-3-107(d) and 47C-3-107.1, are enforceable as assessments under this section.

(a1) An association may not foreclose an association assessment lien under Article 2A of Chapter 45 of the General Statutes if the debt securing the lien consists solely of fines imposed by the association, interest on unpaid fines, or attorneys’ fees incurred by the association solely associated with fines imposed by the association. The association, however, may enforce the lien by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(a2) An association shall not levy, charge, or attempt to collect a service, collection, consulting, or administration fee from any unit owner unless the fee is expressly allowed in the declaration. Any lien secured by debt consisting solely of these fees may only be enforced by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(b) The lien under this section is prior to all other liens and encumbrances on a unit except (i) liens and encumbrances (specifically including, but not limited to, a mortgage or deed of trust on the unit) recorded before the docketing of the lien in the office of the clerk of superior court, and (ii) liens for real estate taxes and other governmental assessments or charges against the unit. This subsection does not affect the priority of mechanics’ or materialmen’s liens.

(c) A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the docketing thereof in the office of the clerk of superior court.

(d) This section does not prohibit actions to recover sums for which subsection (a) creates a lien or prohibit an association taking a deed in lieu of foreclosure.

(e) A judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys’ fees for the prevailing party. If the unit owner does not contest the collection of debt and enforcement of a lien after the expiration of the 15-day period following notice as required in subsection (e1) of this section, then reasonable attorneys’ fees shall not exceed one thousand two hundred dollars ($1,200), not including costs or expenses incurred. The collection of debt and enforcement of a lien remain uncontested as long as the unit owner does not dispute, contest, or raise any objection, defense, offset, or counterclaim as to the amount or validity of the debt and lien asserted or the association’s right to collect the debt and enforce the lien as provided in this section. The attorneys’ fee limitation in this subsection shall not apply to judicial foreclosures or proceedings authorized under subsection (d) of this section or G.S. 47F-4-117.

(e1) A unit owner may not be required to pay attorneys’ fees and court costs until the unit owner is notified in writing of the association’s intent to seek payment of attorneys’ fees and court costs. The notice must be sent by first-class mail to the property address and, if different, to the mailing address for the unit owner in the association’s records. The notice shall set out the outstanding balance due as of the date
of the notice and state that the unit owner has 15 days from the mailing of the notice by first-class mail to pay the outstanding balance without the attorneys' fees and court costs. If the unit owner pays the outstanding balance within this period, then the unit owner shall have no obligation to pay attorneys' fees and court costs. The notice shall also inform the unit owner of the opportunity to contact a representative of the association to discuss a payment schedule for the outstanding balance as provided in subsection (e2) of this section and shall provide the name and telephone number of the representative.

(e2) The association, acting through its executive board and in the board's sole discretion, may agree to allow payment of an outstanding balance in installments. Neither the association nor the unit owner is obligated to offer or accept any proposed installment schedule. Reasonable administrative fees and costs for accepting and processing installments may be added to the outstanding balance and included in an installment payment schedule. Reasonable attorneys' fees may be added to the outstanding balance and included in an installment schedule only after the unit owner has been given notice as required in subsection (e1) of this section.

(f) Where the holder of a first mortgage or first deed of trust of record, or other purchaser of a unit, obtains title to the unit as a result of foreclosure of a first mortgage or first deed of trust, such purchaser, and its heirs, successors and assigns, shall not be liable for the assessments against such unit which became due prior to acquisition of title to such unit by such purchaser. Such unpaid assessments shall be deemed to be common expenses collectible from all the unit owners including such purchaser, and its heirs, successors and assigns.

(g) A claim of lien shall set forth the name and address of the association, the name of the record owner of the lot at the time the claim of lien is filed, a description of the lot, and the amount of the lien claimed.”

SECTION 17. G.S. 47C-3-118 reads as rewritten:

"§ 47C-3-118. Association records.

(a) The association shall keep financial records sufficiently detailed to enable the association to comply with this chapter. All financial and other records, including records of meetings of the association and executive board, shall be made reasonably available for examination by any unit owner and the unit owner's authorized agents, as required by the bylaws and by Chapter 55A of the General Statutes if the association is a nonprofit corporation. If the bylaws do not specify particular records to be maintained, the association shall keep accurate records of all cash receipts and expenditures and all assets and liabilities. In addition to any specific information that is required by the bylaws to be assembled and reported to the unit owners at specified times, the association shall make an annual income and expense statement and balance sheet available to all unit owners at no charge and within 75 days after the close of the fiscal year to which the information relates. Notwithstanding the bylaws, a more extensive compilation, review, or audit of the association's books and records for the current or immediately preceding fiscal year may be required by a vote of the majority of the executive board or by the affirmative vote of a majority of the unit owners present and voting in person or by proxy at any annual meeting or any special meeting duly called for that purpose.

(b) The association, upon written request, shall furnish a unit owner or the unit owner's authorized agents a statement setting forth the amount of unpaid assessments and other charges against a unit. The statement shall be furnished within 10 business
days after receipt of the request and is binding on the association, the executive board, and every unit owner:

(c) In addition to the limitations of Article 8 of Chapter 55A of the General Statutes, no financial payments, including payments made in the form of goods and services, may be made to any officer or member of the association’s executive board or to a business, business associate, or relative of an officer or member of the executive board, except as expressly provided for in the bylaws or in payments for services or expenses paid on behalf of the association which are approved in advance by the executive board.

SECTION 18. Article 3 of Chapter 47C of the General Statutes is amended by adding the following new section to read:

"§ 47C-3-121. American and State flags and political sign displays.

Notwithstanding any provision in any declaration of covenants, no restriction on the use of land shall be construed to:

(1) Regulate or prohibit the display of the flag of the United States or North Carolina, of a size no greater than four feet by six feet, which is displayed in accordance with or in a manner consistent with the patriotic customs set forth in 4 U.S.C. §§ 5-10, as amended, governing the display and use of the flag of the United States unless:
   a. For restrictions registered prior to October 1, 2005, the restriction specifically uses the following terms:
      1. Flag of the United States of America;
      2. American flag;
      3. United States flag; or
   b. For restrictions registered on or after October 1, 2005, the restriction shall be written on the first page of the instrument or conveyance in print that is in boldface type, capital letters, and no smaller than the largest print used elsewhere in the instrument or conveyance. The restriction shall be construed to regulate or prohibit the display of the United States or North Carolina flag only if the restriction specifically states: 'THIS DOCUMENT REGULATES OR PROHIBITS THE DISPLAY OF THE FLAG OF THE UNITED STATES OF AMERICA OR STATE OF NORTH CAROLINA'.

This subdivision shall apply to owners of property who display the flag of the United States or North Carolina on property owned exclusively by them and does not apply to common areas, easements, rights-of-way, or other areas owned by others.

(2) Regulate or prohibit the indoor or outdoor display of a political sign by an association member on that member’s property owned exclusively by the member, unless:
   a. For restrictions registered prior to October 1, 2005, the restriction specifically uses the term ‘political signs’.
   b. For restrictions registered on or after October 1, 2005, the restriction shall be written on the first page of the instrument or conveyance in print that is in boldface type, capital letters, and no smaller than the largest print used elsewhere in the instrument or conveyance. The restriction shall be construed to
regulate or prohibit the display of political signs only if the restriction specifically states: ‘THIS DOCUMENT REGULATES OR PROHIBITS THE DISPLAY OF THE POLITICAL SIGNS’.

Even when display of a political sign is permitted under this subdivision, an association (i) may prohibit the display of political signs earlier than 45 days before the day of the election and later than seven days after an election day, and (ii) may regulate the size and number of political signs that may be placed on a member's property if the association's regulation is no more restrictive than any applicable city, town, or county ordinance that regulates the size and number of political signs on residential property. If the local government in which the property is located does not regulate the size and number of political signs on residential property, the association shall permit at least one political sign with the maximum dimensions of 24 inches by 24 inches on a member's property. For the purposes of this subdivision, 'political sign' means a sign that attempts to influence the outcome of an election, including supporting or opposing an issue on the election ballot. This subdivision shall apply to owners of property who display political signs on property owned exclusively by them and does not apply to common areas, easements, rights-of-way, or other areas owned by others."

SECTION 19. G.S. 47C-1-102 reads as rewritten:

"§ 47C-1-102. Applicability.

G.S. 47C-1-105 (Separate Titles and Taxation), 47C-1-106 (Applicability of Local Ordinances, Regulations, and Building Codes), 47C-1-107 (Eminent Domain), 47C-2-103 (Construction and Validity of Declaration and Bylaws), 47C-2-104 (Description of Units), 47C-2-121 (Merger or Consolidation of Condominiums), 47C-3-102(a)(1) through (6) and (11) through (16)(Powers of Unit Owners' Association), 47C-3-103 (Executive board members and officers), 47C-3-107.1 (Charges for Late Payment, Fines (Procedures for fines and suspension of condominium privileges or services), 47C-3-108 (Meetings), 47C-3-111 (Tort and Contract Liability), 47C-3-112 (Conveyance or Encumbrance of Common Elements), 47C-3-116 (Lien for Assessments), 47C-3-118 (Association Records), 47C-3-121 (American and State flags and political sign displays), and 47C-4-117 (Effect of Violation on Rights of Action; Attorney's Fees), and G.S. 47C-1-103 (Definitions), to the extent necessary in construing any of those sections, apply to all condominiums created in this State on or before October 1, 1986, unless the declaration expressly provides to the contrary. Those sections apply only with respect to events and circumstances occurring after October 1, 1986, and do not invalidate existing provisions of the declarations, bylaws, or plats or plans of those condominiums.

(b) The provisions of Chapter 47A, the Unit Ownership Act, do not apply to condominiums created after October 1, 1986 and do not invalidate any amendment to the declaration, bylaws, and plats and plans of any condominium created on or before October 1, 1986 if the amendment would be permitted by this chapter. The amendment must be adopted in conformity with the procedures and requirements specified by those instruments and by Chapter 47A, the Unit Ownership Act. If the amendment grants to
any person any rights, powers, or privileges permitted by this chapter, all correlative obligations, liabilities, and restrictions in this chapter also apply to that person.

(c) This chapter does not apply to condominiums or units located outside this State, but the public offering statement provisions (G.S. 47C-4-102 through 47C-4-108) apply to all contracts for the dispositions thereof signed in this State by any party unless exempt under G.S. 47C-4-101(b)."

SECTION 20. This act becomes effective January 1, 2006, and applies to violations occurring and proceedings commenced on or after that date and to fiscal years beginning on or after that date.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 50B-3 reads as rewritten:

"§ 50B-3. Relief.
(a) If the court, including magistrates as authorized under G.S. 50B-2(c1), finds that an act of domestic violence has occurred, the court shall grant a restraining order to bring about a cessation of acts of domestic violence. The orders may include any of the following types of relief:

1. Direct a party to refrain from such acts.
2. Grant to a party possession of the residence or household of the parties and exclude the other party from the residence or household.
3. Require a party to provide a spouse and his or her children suitable alternate housing.
4. Award temporary custody of minor children and establish temporary visitation rights pursuant to G.S. 50B-2 if the order is granted ex parte, and pursuant to subsection (a1) of this section if the order is granted after notice or service of process.
5. Order the eviction of a party from the residence or household and assistance to the victim in returning to it.
6. Order either party to make payments for the support of a minor child as required by law.
7. Order either party to make payments for the support of a spouse as required by law.
8. Provide for possession of personal property of the parties.
(9) Order a party to refrain from doing any or all of the following:
   a. Threatening, abusing, or following the other party,
   b. Harassing the other party, including by telephone, visiting the home or workplace, or other means,
   c. Otherwise interfering with the other party.
(10) Award attorney's fees to either party.
(11) Prohibit a party from purchasing a firearm for a time fixed in the order.
(12) Order any party the court finds is responsible for acts of domestic violence to attend and complete an abuser treatment program if the program is approved by the Domestic Violence Commission.
(13) Include any additional prohibitions or requirements the court deems necessary to protect any party or any minor child.
   (a1) Upon the request of either party at a hearing after notice or service of process, the court shall consider and may award temporary custody of minor children and establish temporary visitation rights as follows:
   (1) In awarding custody or visitation rights, the court shall base its decision on the best interest of the minor child with particular consideration given to the safety of the minor child.
   (2) For purposes of determining custody and visitation issues, the court shall consider:
      a. Whether the minor child was exposed to a substantial risk of physical or emotional injury or sexual abuse.
      b. Whether the minor child was present during acts of domestic violence.
      c. Whether a weapon was used or threatened to be used during any act of domestic violence.
      d. Whether a party caused or attempted to cause serious bodily injury to the aggrieved party or the minor child.
      e. Whether a party placed the aggrieved party or the minor child in reasonable fear of imminent serious bodily injury.
      f. Whether a party caused an aggrieved party to engage involuntarily in sexual relations by force, threat, or duress.
      g. Whether there is a pattern of abuse against an aggrieved party or the minor child.
      h. Whether a party has abused or endangered the minor child during visitation.
      i. Whether a party has used visitation as an opportunity to abuse or harass the aggrieved party.
      j. Whether a party has improperly concealed or detained the minor child.
      k. Whether a party has otherwise acted in a manner that is not in the best interest of the minor child.
   (3) If the court awards custody, the court shall also consider whether visitation is in the best interest of the minor child. If ordering visitation, the court shall provide for the safety and well-being of the minor child and the safety of the aggrieved party. The court may consider any of the following:
a. Ordering an exchange of the minor child to occur in a protected setting or in the presence of an appropriate third party.
b. Ordering visitation supervised by an appropriate third party, or at a supervised visitation center or other approved agency.
c. Ordering the noncustodial parent to attend and complete, to the satisfaction of the court, an abuser treatment program as a condition of visitation.
d. Ordering either or both parents to abstain from possession or consumption of alcohol or controlled substances during the visitation or for 24 hours preceding an exchange of the minor child.
e. Ordering the noncustodial parent to pay the costs of supervised visitation.
f. Prohibiting overnight visitation.
g. Requiring a bond from the noncustodial parent for the return and safety of the minor child.
h. Ordering an investigation or appointment of a guardian ad litem or attorney for the minor child.
i. Imposing any other condition that is deemed necessary to provide for the safety and well-being of the minor child and the safety of the aggrieved party.

If the court grants visitation, the order shall specify dates and times for the visitation to take place or other specific parameters or conditions that are appropriate. A person, supervised visitation center, or other agency may be approved to supervise visitation after appearing in court or filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(4) A temporary custody order entered pursuant to this Chapter shall be without prejudice and shall be for a fixed period of time not to exceed one year. Nothing in this section shall be construed to affect the right of the parties to a de novo hearing under Chapter 50 of the General Statutes. Any subsequent custody order entered under Chapter 50 of the General Statutes supersedes a temporary order issued pursuant to this Chapter.

(b) Protective orders entered pursuant to this Chapter shall be for a fixed period of time not to exceed one year. The court may renew a protective order for a fixed period of time not to exceed one year, including an order that previously has been renewed, upon a motion by the aggrieved party filed before the expiration of the current order; provided, however, that a temporary award of custody entered as part of a protective order may not be renewed to extend a temporary award of custody beyond the maximum one-year period. The court may renew a protective order for good cause. The commission of an act as defined in G.S. 50B-1(a) by the defendant after entry of the current order is not required for an order to be renewed. Protective orders entered, including consent orders, shall not be mutual in nature except where both parties file a claim and the court makes detailed findings of fact indicating that both parties acted as aggressors, that neither party acted primarily in self-defense, and that the right of each party to due process is preserved.

(c) A copy of any order entered and filed under this Article shall be issued to each party. In addition, a copy of the order shall be issued promptly to and retained by
the police department of the city of the victim's residence. If the victim does not reside in a city or resides in a city with no police department, copies shall be issued promptly to and retained by the sheriff, and the county police department, if any, of the county in which the victim resides. If the defendant is ordered to stay away from the child's school, a copy of the order shall be delivered promptly by the sheriff to the principal or, in the principal's absence, the assistant principal or the principal's designee of each school named in the order.

(d) The sheriff of the county where a domestic violence order is entered shall provide for prompt entry of the order into the National Crime Information Center registry and shall provide for access of such orders to magistrates on a 24-hour-a-day basis. Modifications, terminations, renewals, and dismissals of the order shall also be promptly entered.

SECTION 2. G.S. 50B-3.1(e) reads as rewritten:

"(e) Retrieval. – If the court does not enter a protective order when the ex parte or emergency order expires, the defendant may retrieve any weapons surrendered to the sheriff unless the court finds that the defendant is precluded from owning or possessing a firearm pursuant to State or federal law or final disposition of any pending criminal charges committed against the person that is the subject of the current protective order."

SECTION 3. G.S. 50B-3.1(f) reads as rewritten:

"(f) Motion for Return. – The defendant may request the return of any firearms, ammunition, or permits surrendered by filing a motion with the court at the expiration of the current order or final disposition of any pending criminal charges committed against the person that is the subject of the current protective order and not later than 90 days after the expiration of the current order, order or final disposition of any pending criminal charges committed against the person that is the subject of the current protective order. Upon receipt of the motion, the court shall schedule a hearing and provide written notice to the plaintiff who shall have the right to appear and be heard and to the sheriff who has control of the firearms, ammunition, or permits. The court shall determine whether the defendant is subject to any State or federal law or court order that precludes the defendant from owning or possessing a firearm. The inquiry shall include:

1. Whether the protective order has been renewed.
2. Whether the defendant is subject to any other protective orders.
3. Whether the defendant is disqualified from owning or possessing a firearm pursuant to 18 U.S.C. § 922 or any State law.
4. Whether the defendant has any pending criminal charges, in either State or federal court, committed against the person that is the subject of the current protective order.

The court shall deny the return of firearms, ammunition, or permits if the court finds that the defendant is precluded from owning or possessing a firearm pursuant to State or federal law or if the defendant has any pending criminal charges, in either State or federal court, committed against the person that is the subject of the current protective order until the final disposition of those charges."

SECTION 4. G.S. 50-13.1(c) reads as rewritten:

"(c) For good cause, on the motion of either party or on the court's own motion, the court may waive the mandatory setting under Article 39A of Chapter 7A of the General Statutes of a contested custody or visitation matter for mediation. Good cause..."
may include, but is not limited to, the following: a showing of undue hardship to a party; an agreement between the parties for voluntary mediation, subject to court approval; allegations of abuse or neglect of the minor child; allegations of alcoholism, drug abuse, or spouse abuse; domestic violence between the parents in common; or allegations of severe psychological, psychiatric, or emotional problems. A showing by either party that the party resides more than fifty miles from the court shall be considered good cause."

SECTION 5. G.S. 42-40 reads as rewritten:
For the purpose of this Article, the following definitions shall apply:

(4) "Protected tenant" means a tenant or household member who is a victim of domestic violence under Chapter 50B of the General Statutes or sexual assault or stalking under Chapter 14 of the General Statutes."

SECTION 6. Article 5 of Chapter 42 of the General Statutes is amended by adding the following new sections to read:
"§ 42-42.1. Victim protection – nondiscrimination.
A landlord shall not terminate a tenancy, fail to renew a tenancy, refuse to enter into a rental agreement, or otherwise retaliate in the rental of a dwelling based substantially on: (i) the tenant, applicant, or a household member's status as a victim of domestic violence, sexual assault, or stalking; or (ii) the tenant or applicant having terminated a rental agreement under G.S. 42-45.1. Evidence provided to the landlord of domestic violence, sexual assault, or stalking may include any of the following:

(1) Law enforcement, court, or federal agency records or files.
(2) Documentation from a domestic violence or sexual assault program.
(3) Documentation from a religious, medical, or other professional.

§ 42-42.2. Victim protection – change locks.
(a) If the perpetrator of domestic violence, sexual assault, or stalking is not a tenant in the same dwelling unit as the protected tenant, a tenant of a dwelling may give oral or written notice to the landlord that a protected tenant is a victim of domestic violence, sexual assault, or stalking and may request that the locks to the dwelling unit be changed. A protected tenant is not required to provide documentation of the domestic violence, sexual assault, or stalking to initiate the changing of the locks, pursuant to this subsection. A landlord who receives a request under this subsection shall change the locks to the protected tenant's dwelling unit or give the protected tenant permission to change the locks within 48 hours.

(b) If the perpetrator of the domestic violence, sexual assault, or stalking is a tenant in the same dwelling unit as the victim, any tenant or protected tenant of a dwelling unit may give oral or written notice to the landlord that a protected tenant is a victim of domestic violence, sexual assault, or stalking and may request that the locks to the dwelling unit be changed. In these circumstances, the following shall apply:

(1) Before the landlord or tenant changes the locks under this subsection, the tenant must provide the landlord with a copy of an order issued by a court that orders the perpetrator to stay away from the dwelling unit.
(2) Unless a court order allows the perpetrator to return to the dwelling to retrieve personal belongings, the landlord has no duty under the rental agreement or by law to allow the perpetrator access to the dwelling unit, to provide keys to the perpetrator, or to provide the perpetrator access to the perpetrator's personal property within the dwelling unit.
once the landlord has been provided with a court order requiring the perpetrator to stay away from the dwelling. If a landlord complies with this section, the landlord is not liable for civil damages, to a perpetrator excluded from the dwelling unit, for loss of use of the dwelling unit or loss of use or damage to the perpetrator's personal property.

(3) The perpetrator who has been excluded from the dwelling unit under this subsection remains liable under the lease with any other tenant of the dwelling unit for rent or damages to the dwelling unit.

A landlord who receives a request under this subsection shall change the locks to the protected tenant's dwelling unit or give the protected tenant permission to change the locks within 72 hours.

(c) The protected tenant shall bear the expense of changing the locks. If a landlord fails to act within the required time, the protected tenant may change the locks without the landlord's permission. If the protected tenant changes the locks, the protected tenant shall give a key to the new locks to the landlord within 48 hours of the locks being changed."

SECTION 7. Article 5 of Chapter 42 of the General Statutes is amended by adding the following new section to read:

"§ 42-45.1. Early termination of rental agreement by victims of domestic violence, sexual assault, or stalking.

(a) Any protected tenant may terminate his or her rental agreement for a dwelling unit by providing the landlord with a written notice of termination to be effective on a date stated in the notice that is at least 30 days after the landlord's receipt of the notice. The notice to the landlord shall be accompanied by either: (i) a copy of a valid order of protection issued by a court pursuant to Chapter 50B or 50C of the General Statutes, other than an ex parte order, (ii) a criminal order that restrains a person from contact with a protected tenant, or (iii) a valid Address Confidentiality Program card issued pursuant to G.S. 15C-4 to the victim or a minor member of the tenant's household. A victim of domestic violence or sexual assault must submit a copy of a safety plan with the notice to terminate. The safety plan, dated during the term of the tenancy to be terminated, must be provided by a domestic violence or sexual assault program which substantially complies with the requirements set forth in G.S. 50B-9 and must recommend relocation of the protected tenant.

(b) Upon termination of a rental agreement under this section, the tenant who is released from the rental agreement pursuant to subsection (a) of this section is liable for the rent due under the rental agreement prorated to the effective date of the termination and payable at the time that would have been required by the terms of the rental agreement. The tenant is not liable for any other rent or fees due only to the early termination of the tenancy. If, pursuant to this section, a tenant terminates the rental agreement 14 days or more before occupancy, the tenant is not subject to any damages or penalties.

(c) Notwithstanding the release of a protected tenant from a rental agreement subsection (a) of this section, or the exclusion of a perpetrator of domestic violence, sexual assault, or stalking by court order, if there are any remaining tenants residing in the dwelling unit, the tenancy shall continue for those tenants. The perpetrator who has been excluded from the dwelling unit under court order remains liable under the lease with any other tenant of the dwelling unit for rent or damages to the dwelling unit.

(d) The provisions of this section may not be waived or modified by agreement of the parties.

SECTION 8. G.S. 157-29(b) reads as rewritten:

"(b) In the operation or management of housing projects, or portions of projects, or other housing assistance programs for persons of low income, an authority shall at all times observe the following duties with respect to rentals and tenant selection:

... 

(3) In the administration of its waiting lists, it shall adopt a preference for households with incomes of less than thirty percent (30%) of the area median income.

(4) An authority shall take applications on a continuous basis from persons meeting the preference listed in this section and shall not close the application process to these persons. Any additional local preferences shall not take priority over the preference in this section."

SECTION 9. G.S. 7A-219 reads as rewritten:

"§ 7A-219. Certain counterclaims; cross claims; third-party claims not permissible.

No counterclaim, cross claim or third-party claim which would make the amount in controversy exceed the jurisdictional amount established by G.S. 7A-210(1) is permissible in a small claim action assigned to a magistrate. No determination of fact or law in an assigned small claim action estops a party thereto in any subsequent action which, except for this section, might have been asserted under the Code of Civil Procedure as a counterclaim in the small claim action. Notwithstanding G.S. 1A-1, Rule 13, failure by a defendant to file a counterclaim in a small claims action assigned to a magistrate, or failure by a defendant to appeal a judgment in a small claims action to district court, shall not bar such claims in a separate action."

SECTION 10. G.S. 42-30 reads as rewritten:

"§ 42-30. Judgment by confession or confession, where plaintiff has proved case, or failure to appear.

The summons shall be returned according to its tenor, and if on its return it appears to have been duly served, and if (i) the plaintiff proves his case by a preponderance of the evidence, or (ii) the defendant admits the allegations of the complaint, or (iii) the defendant fails to appear on the day of court, and the plaintiff requests in open court a judgment for possession based solely on the filed pleadings where the pleadings allege defendant's failure to pay rent as a breach of the lease for which reentry is allowed and the defendant has not filed a responsive pleading, the magistrate shall give judgment that the defendant be removed from, and the plaintiff be put in possession of, the demised premises; and if any rent or damages for the occupation of the premises after the cessation of the estate of the lessee, not exceeding the jurisdictional amount established by G.S. 7A-210(1), be claimed in the oath of the plaintiff as due and unpaid, the magistrate shall inquire thereof, and if supported by a preponderance of the evidence, give judgment as he may find the fact to be."

SECTION 11. G.S. 42-34(b) reads as rewritten:

"(b) During an appeal to district court, it shall be sufficient to stay execution of a judgment for ejectment if the defendant appellant pays to the clerk of superior court any rent in arrears as determined by the magistrate and signs an undertaking that he or she will pay into the office of the clerk of superior court the amount of the tenant's share of the contract rent as it becomes due periodically after the judgment was entered and, where applicable, comply with subdivision (c) below. For the sole purpose of
determining the amount of rent in arrears pursuant to a judgment for possession pursuant to G.S. 42-30(iii), the magistrate's determination shall be based upon (i) the available evidence presented to the magistrate or (ii) the amounts listed on the face of the filed Complaint in Summary Ejectment. Provided however, when the magistrate makes a finding in the record, based on evidence presented in court, that there is an actual dispute as to the amount of rent in arrears that is due and the magistrate specifies the specific amount of rent in arrears in dispute, in order to stay execution of a judgment for ejectment, the defendant appellant shall not be required to pay to the clerk of superior court the amount of rent in arrears found by the magistrate to be in dispute, even if the magistrate's judgment includes this amount in the amount of rent found to be in arrears. If a defendant appellant appeared at the hearing before the magistrate and the magistrate found an amount of rent in arrears that was not in dispute, and if an attorney representing the defendant appellant on appeal to the district court signs a pleading stating that there is evidence of an actual dispute as to the amount of rent in arrears, then the defendant appellant shall not be required to pay the rent in arrears alleged to be in dispute to stay execution of a judgment for ejectment pending appeal. Any magistrate, clerk, or district court judge shall order stay of execution upon the defendant appellant's paying the undisputed rent in arrears to the clerk and signing the undertaking. If either party disputes the amount of the payment or the due date in the undertaking, the aggrieved party may move for modification of the terms of the undertaking before the clerk of superior court or the district court. Upon such motion and upon notice to all interested parties, the clerk or court shall hold a hearing within 10 calendar days of the date the motion is filed and determine what modifications, if any, are appropriate.”

SECTION 12. Section 1 of this act becomes effective October 1, 2005, and applies to orders entered on or after that date. Sections 5, 6, and 7 of this act become effective October 1, 2005, and apply to leases entered into or renewed on or after that date. The remainder of this act becomes effective October 1, 2005.

PART II. SUBDIVISION REGULATION

SECTION 2.

(a) G.S. 160A-372 reads as rewritten:

(a) A subdivision control ordinance may provide for the orderly growth and development of the city; for the coordination of streets and highways, transportation networks and utilities within proposed subdivisions with existing or planned streets and highways and with other public facilities; for the dedication or reservation of recreation areas serving residents of the immediate neighborhood within the subdivision or, alternatively, for provision of funds to be used to acquire recreation areas serving...
residents of the development or subdivision or more than one subdivision or development within the immediate area, and rights-of-way or easements for street and utility purposes including the dedication of rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11; and for the distribution of population and traffic in a manner that will avoid congestion and overcrowding and will create conditions essential to that substantially promote public health, safety, and the general welfare.

(b) The ordinance may require a plat be prepared, approved, and recorded pursuant to the provisions of the ordinance whenever any subdivision of land takes place. The ordinance may include requirements that the final plats show sufficient data to determine readily and reproduce accurately on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformance with good surveying practice.

(c) The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with municipal policies and standards and, to assure compliance with these requirements, the ordinance may provide for the posting of bond or any other method that will offer guarantee of compliance. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements. If a performance guarantee is required, the city shall provide a range of options of types of performance guarantees, including, but not limited to, surety bonds or letters of credit, from which the developer may choose. For any specific development, the type of performance guarantee from the range specified by the city shall be at the election of the developer.

In order for this authorization to become effective, before approving such plans the council and the board of education shall jointly determine the specific location and size of any school sites to be reserved, which information shall appear in the comprehensive land use plan. If the board of education does not wish to reserve the site, it shall so notify the council or planning agency and no site shall be reserved. The board of education shall then have 18 months beginning on the date of final approval of the subdivision within which to acquire the site by purchase or by initiating condemnation proceedings. funds that are to be provided under this paragraph shall be based on the value of the
development or subdivision for property tax purposes. The ordinance may allow a
combination or partial payment of funds and partial dedication of land when the
governing body of the city determines that this combination is in the best interests of the
citizens of the area to be served.

The ordinance may provide that in lieu of required street construction, a developer
may be required to provide funds that the city may use for the construction of roads to
serve the occupants, residents, or invitees of the subdivision or development and these
funds may be used for roads which serve more than one subdivision or development
within the area. All funds received by the city pursuant to this paragraph shall be used
only for development of roads, including design, land acquisition, and construction.
However, a city may undertake these activities in conjunction with the Department of
Transportation under an agreement between the city and the Department of
Transportation. Any formula adopted to determine the amount of funds the developer is
to pay in lieu of required street construction shall be based on the trips generated from
the subdivision or development. The ordinance may require a combination of partial
payment of funds and partial dedication of constructed streets when the governing body
of the city determines that a combination is in the best interests of the citizens of the
area to be served.

SECTION 2. (b) G.S. 153A-331 reads as rewritten:

"§ 153A-331. Contents and requirements of ordinance.

(a) A subdivision control ordinance may provide for the orderly growth and
development of the county; for the coordination of streets and highways, transportation
networks and utilities within proposed subdivisions with existing or planned streets and
highways and with other public facilities; for the dedication or reservation of recreation
areas serving residents of the immediate neighborhood within the subdivision and of
rights-of-way or easements for street and utility purposes including the dedication of
rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11; and for the distribution of
population and traffic in a manner that will avoid congestion and overcrowding and will
create conditions essential to that substantially promote public health, safety, and the
general welfare.

(b) The ordinance may require that a plat be prepared, approved, and recorded
pursuant to the provisions of the ordinance whenever any subdivision of land takes
place. The ordinance may include requirements that the final plat show sufficient data to
determine readily and reproduce accurately on the ground the location, bearing, and
length of every street and alley line, lot line, easement boundary line, and other property
boundaries, including the radius and other data for curved property lines, to an
appropriate accuracy and in conformity with good surveying practice.

(c) A subdivision control ordinance may provide that a developer may provide
funds to the county whereby the county may acquire recreational land or areas to serve
the development or subdivision, including the purchase of land that may be used
to serve more than one subdivision or development within the immediate area.

The ordinance may provide that in lieu of required street construction, a developer
may provide funds to be used for the development of roads to serve the occupants,
residents, or invitees of the subdivision or development. All funds received by the
county under this section shall be transferred to the municipality to be used solely for
the development of roads, including design, land acquisition, and construction. Any
municipality receiving funds from a county under this section is authorized to expend
such funds outside its corporate limits for the purposes specified in the agreement

1626
between the municipality and the county. Any formula adopted to determine the amount of funds the developer is to pay in lieu of required street construction shall be based on the trips generated from the subdivision or development. The ordinance may require a combination of partial payment of funds and partial dedication of constructed streets when the governing body of the county determines that a combination is in the best interest of the citizens of the area to be served.

The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with county policies and standards, and, to assure compliance with these requirements, the ordinance may provide for the posting of bond or any other method that will offer guarantee of compliance, plans, policies, and standards. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements. If a performance guarantee is required, the county shall provide a range of options of types of performance guarantees, including, but not limited to, surety bonds or letters of credit, from which the developer may choose. For any specific development, the type of performance guarantee from the range specified by the county shall be at the election of the developer.

The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the board of commissioners or the planning agency. For the authorization to reserve school sites to be effective, the board of commissioners or planning agency, before approving a comprehensive land use plan, shall determine jointly with the board of education with jurisdiction over the area the specific location and size of each school site to be reserved, and this information shall appear in the plan. Whenever a subdivision that includes part or all of a school site to be reserved under the plan is submitted for approval, the board of commissioners or the planning agency shall immediately notify the board of education. The board of education shall promptly decide whether it still wishes the site to be reserved and shall notify the board of commissioners or planning agency of its decision. If the board of education does not wish the site to be reserved, no site may be reserved. If the board of education does wish the site to be reserved, the subdivision may not be approved without the reservation. The board of education must acquire the site within 18 months after the date the site is reserved, either by purchase or by exercise of the power of eminent domain. If the board of education has not purchased the site or begun proceedings to condemn the site within the 18 months, the subdivider may treat the land as freed of the reservation.

The ordinance may require that a plat be prepared, approved, and recorded pursuant to its provisions whenever a subdivision of land takes place.

SECTION 3.(a) G.S. 160A-375 reads as rewritten:

(a) If a city adopts an ordinance regulating the subdivision of land as authorized herein, any person who, being the owner or agent of the owner of any land located within the jurisdiction of that city, thereafter subdivides his land in violation of the ordinance or transfers or sells land by reference to, exhibition of, or any other use of a plat showing a subdivision of the land before the plat has been properly approved under such ordinance and recorded in the office of the appropriate register of deeds, shall be guilty of a Class 1 misdemeanor. The description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring land shall not exempt the transaction from this penalty. The city may bring an action for injunction of
any illegal subdivision, transfer, conveyance, or sale of land, and the court shall, upon appropriate findings, issue an injunction and order requiring the offending party to comply with the subdivision ordinance. Building permits required pursuant to G.S. 160A-417 may be denied for lots that have been illegally subdivided. In addition to other remedies, a city may institute any appropriate action or proceedings to prevent the unlawful subdivision of land, to restrain, correct, or abate the violation, or to prevent any illegal act or conduct.

(b) The provisions of this section shall not prohibit any owner or its agent from entering into contracts to sell or lease by reference to an approved preliminary plat for which a final plat has not yet been properly approved under the subdivision ordinance or recorded with the register of deeds, provided the contract does all of the following:

(1) Incorporates as an attachment a copy of the preliminary plat referenced in the contract and obligates the owner to deliver to the buyer a copy of the recorded plat prior to closing and conveyance.

(2) Plainly and conspicuously notifies the prospective buyer or lessee that a final subdivision plat has not been approved or recorded at the time of the contract, that no governmental body will incur any obligation to the prospective buyer or lessee with respect to the approval of the final subdivision plat, that changes between the preliminary and final plats are possible, and that the contract or lease may be terminated without breach by the buyer or lessee if the final recorded plat differs in any material respect from the preliminary plat.

(3) Provides that if the approved and recorded final plat does not differ in any material respect from the plat referred to in the contract, the buyer or lessee may not be required by the seller or lessor to close any earlier than five days after the delivery of a copy of the final recorded plat.

(4) Provides that if the approved and recorded final plat differs in any material respect from the preliminary plat referred to in the contract, the buyer or lessee may not be required by the seller or lessor to close any earlier than 15 days after the delivery of the final recorded plat, during which 15-day period the buyer or lessee may terminate the contract without breach or any further obligation and may receive a refund of all earnest money or prepaid purchase price.

(c) The provisions of this section shall not prohibit any owner or its agent from entering into contracts to sell or lease land by reference to an approved preliminary plat for which a final plat has not been properly approved under the subdivision ordinance or recorded with the register of deeds where the buyer or lessee is any person who has contracted to acquire or lease the land for the purpose of engaging in the business of construction of residential, commercial, or industrial buildings on the land, or for the purpose of resale or lease of the land to persons engaged in that kind of business, provided that no conveyance of that land may occur and no contract to lease it may become effective until after the final plat has been properly approved under the subdivision ordinance and recorded with the register of deeds."

SECTION 3. (b) G.S. 153A-334 reads as rewritten:

(a) If a person who is the owner or the agent of the owner of any land located within the territorial jurisdiction of a county that has adopted a subdivision regulation ordinance subdivides his land in violation of the ordinance or transfers or sells land by reference to, exhibition of, or any other use of a plat showing a subdivision of the land
before the plat has been properly approved under the ordinance and recorded in the office of the appropriate register of deeds, he is guilty of a Class 1 misdemeanor. The description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring land does not exempt the transaction from this penalty. The county may bring an action for injunction of any illegal subdivision, transfer, conveyance, or sale of land, and the court shall, upon appropriate findings, issue an injunction and order requiring the offending party to comply with the subdivision ordinance. Building permits required pursuant to G.S. 153A-357 may be denied for lots that have been illegally subdivided. In addition to other remedies, a county may institute any appropriate action or proceedings to prevent the unlawful subdivision of land, to restrain, correct, or abate the violation, or to prevent any illegal act or conduct.

(b) The provisions of this section shall not prohibit any owner or its agent from entering into contracts to sell or lease by reference to an approved preliminary plat for which a final plat has not yet been properly approved under the subdivision ordinance or recorded with the register of deeds, provided the contract does all of the following:

1. Incorporates as an attachment a copy of the preliminary plat referenced in the contract and obligates the owner to deliver to the buyer a copy of the recorded plat prior to closing and conveyance.
2. Plainly and conspicuously notifies the prospective buyer or lessee that a final subdivision plat has not been approved or recorded at the time of the contract, that no governmental body will incur any obligation to the prospective buyer or lessee with respect to the approval of the final subdivision plat, that changes between the preliminary and final plats are possible, and that the contract or lease may be terminated without breach by the buyer or lessee if the final recorded plat differs in any material respect from the preliminary plat.
3. Provides that if the approved and recorded final plat does not differ in any material respect from the plat referred to in the contract, the buyer or lessee may not be required by the seller or lessor to close any earlier than five days after the delivery of a copy of the final recorded plat.
4. Provides that if the approved and recorded final plat differs in any material respect from the preliminary plat referred to in the contract, the buyer or lessee may not be required by the seller or lessor to close any earlier than 15 days after the delivery of the final recorded plat, during which 15-day period the buyer or lessee may terminate the contract without breach or any further obligation and may receive a refund of all earnest money or prepaid purchase price.

(c) The provisions of this section shall not prohibit any owner or its agent from entering into contracts to sell or lease land by reference to an approved preliminary plat for which a final plat has not been properly approved under the subdivision ordinance or recorded with the register of deeds where the buyer or lessee is any person who has contracted to acquire or lease the land for the purpose of engaging in the business of construction of residential, commercial, or industrial buildings on the land, or for the purpose of resale or lease of the land to persons engaged in that kind of business, provided that no conveyance of that land may occur and no contract to lease it may become effective until after the final plat has been properly approved under the subdivision ordinance and recorded with the register of deeds.

SECTION 4. (a) G.S. 160A-376 reads as rewritten:
"§ 160A-376. Definition.

(a) For the purpose of this Part, "subdivision" means all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions when any one or more of those divisions is created for the purpose of sale or building development (whether immediate or future) and shall include all divisions of land involving the dedication of a new street or a change in existing streets; but the following shall not be included within this definition nor be subject to the regulations authorized by this Part:

1. The combination or recombination of portions of previously subdivided and recorded lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the municipality as shown in its subdivision regulations.

2. The division of land into parcels greater than 10 acres where no street right-of-way dedication is involved.

3. The public acquisition by purchase of strips of land for the widening or opening of streets or for public transportation system corridors.

4. The division of a tract in single ownership whose entire area is no greater than two acres into not more than three lots, where no street right-of-way dedication is involved and where the resultant lots are equal to or exceed the standards of the municipality, as shown in its subdivision regulations.

(b) A city may provide for expedited review of specified classes of subdivisions.

SECTION 4.(b) G.S. 153A-335 reads as rewritten:

(a) For purposes of this Part, "subdivision" means all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions when any one or more of those divisions are created for the purpose of sale or building development (whether immediate or future) and includes all division of land involving the dedication of a new street or a change in existing streets; however, the following is not included within this definition and is not subject to any regulations enacted pursuant to this Part:

1. The combination or recombination of portions of previously subdivided and recorded lots if the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the county as shown in its subdivision regulations.

2. The division of land into parcels greater than 10 acres if no street right-of-way dedication is involved.

3. The public acquisition by purchase of strips of land for widening or opening streets or for public transportation system corridors.

4. The division of a tract in single ownership whose entire area is no greater than two acres into not more than three lots, if no street right-of-way dedication is involved and if the resultant lots are equal to or exceed the standards of the county as shown by its subdivision regulations.

(b) A county may provide for expedited review of specified classes of subdivisions.

PART III. ZONING REGULATION
SECTION 5. (a) G.S. 160A-381 reads as rewritten:

"§ 160A-381. Grant of power.

(a) For the purpose of promoting health, safety, morals, or the general welfare of the community, any city may adopt zoning and development regulation ordinances. These ordinances may be adopted as part of a unified development ordinance or as a separate ordinance. A zoning ordinance may regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures and land for trade, industry, residence or other purposes and to land. The ordinance may provide density credits or severable development rights for dedicated rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11.

(b) Expired.

(b1) These regulations may provide that a board of adjustment may determine and vary their application in harmony with their general purpose and intent and in accordance with general or specific rules therein contained, provided no change in permitted uses may be authorized by variance.

(c) The regulations may also provide that the board of adjustment, the planning board, or the city council may issue special use permits or conditional use permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified therein and may impose reasonable and appropriate conditions and safeguards upon these permits. When deciding special use permits or conditional use permits, the city council or planning board shall follow quasi-judicial procedures. No vote greater than a majority vote shall be required for the city council or planning board to issue such permits. For the purposes of this section, vacant positions on the board and members who are disqualified from voting on a quasi-judicial matter shall not be considered 'members of the board' for calculation of the requisite majority. Every such decision of the city council or planning board shall be subject to review of the superior court in the nature of certiorari in accordance with G.S. 160A-388.

(d) Where appropriate, such conditions may include requirements that street and utility rights-of-way be dedicated to the public and that provision be made of recreational space and facilities. When issuing or denying special use permits or conditional use permits, the city council shall follow the procedures for boards of adjustment except that no vote greater than a majority vote shall be required for the city council to issue such permits, and every such decision of the city council shall be subject to review by the superior court by proceedings in the nature of certiorari. Any petition for review by the superior court shall be filed with the clerk of superior court within 30 days after the decision of the city council is filed in such office as the ordinance specifies, or after a written copy thereof is delivered to every aggrieved party who has filed a written request for such copy with the clerk at the time of the hearing of the case, whichever is later. The decision of the city council may be delivered to the aggrieved party either by personal service or by registered mail or certified mail return receipt requested.

(d1) A city council member shall not vote on any zoning map or text amendment where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. Members of appointed boards providing advice to the city council shall not vote on recommendations regarding any zoning map or text amendment where the outcome of

1631
the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member.

(e) As provided in this subsection, cities may adopt temporary moratoria on any city development approval required by law. The duration of any moratorium shall be reasonable in light of the specific conditions that warrant imposition of the moratorium and may not exceed the period of time necessary to correct, modify, or resolve such conditions. Except in cases of imminent and substantial threat to public health or safety, before adopting an ordinance imposing a development moratorium with a duration of 60 days or any shorter period, the governing board shall hold a public hearing and shall publish a notice of the hearing in a newspaper having general circulation in the area not less than seven days before the date set for the hearing. A development moratorium with a duration of 61 days or longer, and any extension of a moratorium so that the total duration is 61 days or longer, is subject to the notice and hearing requirements of G.S. 160A-364. Absent an imminent threat to public health or safety, a development moratorium adopted pursuant to this section shall not apply to any project for which a valid building permit issued pursuant to G.S. 160A-417 is outstanding, to any project for which a conditional use permit application or special use permit application has been accepted, to development set forth in a site-specific or phased development plan approved pursuant to G.S. 160A-385.1, to development for which substantial expenditures have already been made in good faith reliance on a prior valid administrative or quasi-judicial permit or approval, or to preliminary or final subdivision plats that have been accepted for review by the city prior to the call for public hearing to adopt the moratorium. Any preliminary subdivision plat accepted for review by the city prior to the call for public hearing, if subsequently approved, shall be allowed to proceed to final plat approval without being subject to the moratorium.

Any ordinance establishing a development moratorium must expressly include at the time of adoption each of the following:

1. A clear statement of the problems or conditions necessitating the moratorium and what courses of action, alternative to a moratorium, were considered by the city and why those alternative courses of action were not deemed adequate.

2. A clear statement of the development approvals subject to the moratorium and how a moratorium on those approvals will address the problems or conditions leading to imposition of the moratorium.

3. An express date for termination of the moratorium and a statement setting forth why that duration is reasonably necessary to address the problems or conditions leading to imposition of the moratorium.

4. A clear statement of the actions, and the schedule for those actions, proposed to be taken by the city during the duration of the moratorium to address the problems or conditions leading to imposition of the moratorium.

No moratorium may be subsequently renewed or extended for any additional period unless the city shall have taken all reasonable and feasible steps proposed to be taken by the city in its ordinance establishing the moratorium to address the problems or conditions leading to imposition of the moratorium and unless new facts and conditions warrant an extension. Any ordinance renewing or extending a development moratorium must expressly include, at the time of adoption, the findings set forth in subdivisions (1) through (4) of this subsection, including what new facts or conditions warrant the extension.
Any person aggrieved by the imposition of a moratorium on development approvals required by law may apply to the appropriate division of the General Court of Justice for an order enjoining the enforcement of the moratorium, and the court shall have jurisdiction to issue that order. Actions brought pursuant to this section shall be set down for immediate hearing, and subsequent proceedings in those actions shall be accorded priority by the trial and appellate courts. In any such action, the city shall have the burden of showing compliance with the procedural requirements of this subsection."

SECTION 5.(b) G.S. 153A-340 reads as rewritten:

"§ 153A-340. Grant of power.
(a) For the purpose of promoting health, safety, morals, or the general welfare, a county may adopt zoning and development regulation ordinances. These ordinances may be adopted as part of a unified development ordinance or as a separate ordinance. A zoning ordinance may regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes, as provided therein. The ordinance may provide density credits or severable development rights for dedicated rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11.

(b) (1) These regulations may affect property used for bona fide farm purposes only as provided in subdivision (3) of this subsection. This subsection does not limit regulation under this Part with respect to the use of farm property for nonfarm purposes.

(2) Bona fide farm purposes include the production and activities relating or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry, and all other forms of agricultural products having a domestic or foreign market.

(3) The definitions set out in G.S. 106-802 apply to this subdivision. A county may adopt zoning regulations governing swine farms served by animal waste management systems having a design capacity of 600,000 pounds steady state live weight (SSLW) or greater provided that the zoning regulations may not have the effect of excluding swine farms served by an animal waste management system having a design capacity of 600,000 pounds SSLW or greater from the entire zoning jurisdiction.

(c) The regulations may provide that a board of adjustment may determine and vary their application in harmony with their general purpose and intent and in accordance with general or specific rules therein contained, provided no change in permitted uses may be authorized by variance.

(c1) The regulations may also provide that the board of adjustment, the planning board, or the board of commissioners may issue special use permits or conditional use permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified therein and may impose reasonable and appropriate conditions and safeguards upon these permits. Where appropriate, the conditions may include requirements that street and utility rights-of-way be dedicated to the public and that recreational space be provided. When issuing or denying special use permits or conditional use permits, the board of commissioners shall follow the procedures for boards of adjustment except that no vote greater than a majority vote shall be required for the board of commissioners to issue such permits, and every such decision of the board of commissioners shall be subject to
review by the superior court by proceedings in the nature of certiorari. When deciding special use permits or conditional use permits, the board of county commissioners or planning board shall follow quasi-judicial procedures. No vote greater than a majority vote shall be required for the board of county commissioners or planning board to issue such permits. For the purposes of this section, vacant positions on the board and members who are disqualified from voting on a quasi-judicial matter shall not be considered 'members of the board' for calculation of the requisite majority. Every such decision of the board of county commissioners or planning board shall be subject to review of the superior court in the nature of certiorari consistent with G.S. 153A-345.

(d) A county may regulate the development over estuarine waters and over lands covered by navigable waters owned by the State pursuant to G.S. 146-12, within the bounds of that county.

(e) For the purpose of this section, the term "structures" shall include floating homes.

(f) Any petition for review by the superior court shall be filed with the clerk of superior court within 30 days after the decision of the board of commissioners is filed in such office as the ordinance specifies, or after a written copy thereof is delivered to every aggrieved party who has filed a written request for such copy with the clerk at the time of the hearing of the case, whichever is later. The decision of the board of commissioners may be delivered to the aggrieved party either by personal service or by registered mail or certified mail return receipt requested.

(g) A member of the board of county commissioners shall not vote on any zoning map or text amendment where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. Members of appointed boards providing advice to the board of county commissioners shall not vote on recommendations regarding any zoning map or text amendment where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member.

(h) As provided in this subsection, counties may adopt temporary moratoria on any county development approval required by law. The duration of any moratorium shall be reasonable in light of the specific conditions that warrant imposition of the moratorium and may not exceed the period of time necessary to correct, modify, or resolve such conditions. Except in cases of imminent and substantial threat to public health or safety, before adopting an ordinance imposing a development moratorium with a duration of 60 days or any shorter period, the board of commissioners shall hold a public hearing and shall publish a notice of the hearing in a newspaper having general circulation in the area not less than seven days before the date set for the hearing. A development moratorium with a duration of 61 days or longer, and any extension of a moratorium so that the total duration is 61 days or longer, is subject to the notice and hearing requirements of G.S. 153A-323. Absent an imminent threat to public health or safety, a development moratorium adopted pursuant to this section shall not apply to any project for which a valid building permit issued pursuant to G.S. 153A-357 is outstanding, to any project for which a conditional use permit application or special use permit application has been accepted, to development set forth in a site-specific or phased development plan approved pursuant to G.S. 153A-344.1, to development for which substantial expenditures have already been made in good faith reliance on a prior valid administrative or quasi-judicial permit or approval, or to preliminary or final subdivision plats that have been accepted for review by the county prior to the call for public hearing to adopt the moratorium. Any preliminary subdivision plat accepted for
Any ordinance establishing a development moratorium must expressly include at the time of adoption each of the following:

(1) A clear statement of the problems or conditions necessitating the moratorium and what courses of action, alternative to a moratorium, were considered by the county and why those alternative courses of action were not deemed adequate.

(2) A clear statement of the development approvals subject to the moratorium and how a moratorium on those approvals will address the problems or conditions leading to imposition of the moratorium.

(3) An express date for termination of the moratorium and a statement setting forth why that duration is reasonably necessary to address the problems or conditions leading to imposition of the moratorium.

(4) A clear statement of the actions, and the schedule for those actions, proposed to be taken by the county during the duration of the moratorium to address the problems or conditions leading to imposition of the moratorium.

No moratorium may be subsequently renewed or extended for any additional period unless the city shall have taken all reasonable and feasible steps proposed to be taken by the county in its ordinance establishing the moratorium to address the problems or conditions leading to imposition of the moratorium and unless new facts and conditions warrant an extension. Any ordinance renewing or extending a development moratorium must expressly include, at the time of adoption, the findings set forth in subdivisions (1) through (4) of this subsection, including what new facts or conditions warrant the extension.

Any person aggrieved by the imposition of a moratorium on development approvals required by law may apply to the appropriate division of the General Court of Justice for an order enjoining the enforcement of the moratorium, and the court shall have jurisdiction to issue that order. Actions brought pursuant to this section shall be set down for immediate hearing, and subsequent proceedings in those actions shall be accorded priority by the trial and appellate courts. In any such action, the county shall have the burden of showing compliance with the procedural requirements of this subsection.

SECTION 5.1.(a) G.S. 160A-75 reads as rewritten:

No member shall be excused from voting except upon matters involving the consideration of the member's own financial interest or official conduct or on matters on which the member is prohibited from voting under G.S. 14-234, 14-234, 160A-381(d), or 160A-388(e1). In all other cases, a failure to vote by a member who is physically present in the council chamber, or who has withdrawn without being excused by a majority vote of the remaining members present, shall be recorded as an affirmative vote. The question of the compensation and allowances of members of the council is not a matter involving a member's own financial interest or official conduct.

An affirmative vote equal to a majority of all the members of the council not excused from voting on the question in issue, including the mayor's vote in case of an equal division, shall be required to adopt an ordinance, take any action having the effect of an ordinance, authorize or commit the expenditure of public funds, or make, ratify, or authorize any contract on behalf of the city. In addition, no ordinance nor any action..."
having the effect of any ordinance may be finally adopted on the date on which it is introduced except by an affirmative vote equal to or greater than two thirds of all the actual membership of the council, excluding vacant seats and not including the mayor unless the mayor has the right to vote on all questions before the council. For purposes of this section, an ordinance shall be deemed to have been introduced on the date the subject matter is first voted on by the council."

SECTION 5.1.(b) G.S. 153A-44 reads as rewritten:

"§ 153A-44. Members excused from voting.

The board may excuse a member from voting, but only upon questions involving the member's own financial interest or official conduct or on matters on which the member is prohibited from voting under G.S. 14-234, 153A-340(g), or 153A-345(e1). For purposes of this section, the question of the compensation and allowances of members of the board does not involve a member's own financial interest or official conduct."

SECTION 6.(a) G.S. 160A-382 reads as rewritten:

(a) For any or all these purposes, the city may divide its territorial jurisdiction into districts of any number, shape, and area that may be deemed best suited to carry out the purposes of this Part; and within those districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures, or land. Such districts may include, but shall not be limited to, general use districts, in which a variety of uses are permissible in accordance with general standards; overlay districts, in which additional requirements are imposed on certain properties within one or more underlying general or special use districts; and special use districts or conditional use districts, in which uses are permitted only upon the issuance of a special use permit or a conditional use permit and conditional zoning districts, in which site plans and individualized development conditions are imposed.

(b) Property may be placed in a special use district or conditional use district only in response to a petition by the owners of all the property to be included. Specific conditions applicable to these districts may be proposed by the petitioner or the city or its agencies, but only those conditions mutually approved by the city and the petitioner may be incorporated into the zoning regulations or permit requirements. Conditions and site-specific standards imposed in a conditional district shall be limited to those that address the conformance of the development and use of the site to city ordinances and an officially adopted comprehensive or other plan and those that address the impacts reasonably expected to be generated by the development or use of the site.

A statement analyzing the reasonableness of the proposed rezoning shall be prepared for each petition for a rezoning to a special or conditional use district, or a conditional district, or other small-scale rezoning.

(c) Except as authorized by the foregoing, all regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts."

SECTION 6.(b) G.S. 153A-342 reads as rewritten:

"§ 153A-342. Districts; zoning less than entire jurisdiction.

(a) A county may divide its territorial jurisdiction into districts of any number, shape, and area that it may consider best suited to carry out the purposes of this Part. Within these districts a county may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land. Such districts
may include, but shall not be limited to, general use districts, in which a variety of uses are permissible in accordance with general standards; overlay districts, in which additional requirements are imposed on certain properties within one or more underlying general or special use districts; and special use districts or conditional use districts, in which uses are permitted only upon the issuance of a special use permit or a conditional use permit and conditional zoning districts, in which site plans and individualized development conditions are imposed.

(b) Property may be placed in a special use district or conditional use district, or conditional district, or conditional use district only in response to a petition by the owners of all the property to be included. Specific conditions applicable to the districts may be proposed by the petitioner or the county or its agencies, but only those conditions mutually approved by the county and the petitioner may be incorporated into the zoning regulations or permit requirements. Conditions and site-specific standards imposed in a conditional district shall be limited to those that address the conformance of the development and use of the site to county ordinances and an officially adopted comprehensive or other plan and those that address the impacts reasonably expected to be generated by the development or use of the site.

A statement analyzing the reasonableness of the proposed rezoning shall be prepared for each petition for a rezoning to a special or conditional use district, or a conditional district, or other small-scale rezoning.

(c) Except as authorized by the foregoing, all regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts.

(d) A county may determine that the public interest does not require that the entire territorial jurisdiction of the county be zoned and may designate one or more portions of that jurisdiction as a zoning area or areas. A zoning area must originally contain at least 640 acres and at least 10 separate tracts of land in separate ownership and may thereafter be expanded by the addition of any amount of territory. A zoning area may be regulated in the same manner as if the entire county were zoned, and the remainder of the county need not be regulated."

SECTION 7.(a) G.S. 160A-383 reads as rewritten:

Zoning regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to promote health, the public health, safety, and the general welfare. To that end, the regulations may address, among other things, the following public purposes: to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to lessen congestion..."
in the streets; to secure safety from fire, panic, and dangers; and to facilitate the efficient
and adequate provision of transportation, water, sewerage, schools, parks, and other
public requirements. The regulations shall be made with reasonable consideration,
among other things, as to the character of the district and its peculiar suitability for
particular uses, and with a view to conserving the value of buildings and encouraging
the most appropriate use of land throughout such city."

SECTION 7.(b) G.S. 153A-341 reads as rewritten:

Zoning regulations shall be made in accordance with a comprehensive plan and
designed to lessen congestion in the streets; to secure safety from fire, panic, and other
dangers. Prior to adopting or rejecting any zoning amendment, the governing board
shall adopt a statement describing whether its action is consistent with an adopted
comprehensive plan and explaining why the board considers the action taken to be
reasonable and in the public interest. That statement is not subject to judicial review.

The planning board shall advise and comment on whether the proposed amendment
is consistent with any comprehensive plan that has been adopted and any other officially
adopted plan that is applicable. The planning board shall provide a written
recommendation to the board of county commissioners that addresses plan consistency
and other matters as deemed appropriate by the planning board, but a comment by the
planning board that a proposed amendment is inconsistent with the comprehensive plan
shall not preclude consideration or approval of the proposed amendment by the
governing board.

Zoning regulations shall be designed to promote the public health, safety, and
the general welfare. To that end, the regulations may address, among other
things, the following public purposes: to provide adequate light and air; to prevent the
overcrowding of land; to avoid undue concentration of population; to lessen congestion
in the streets; to secure safety from fire, panic, and dangers; and to facilitate the efficient
and adequate provision of transportation, water, sewerage, schools, parks, and other
public requirements. The regulations shall be made with reasonable consideration as to,
among other things, the character of the district and its peculiar suitability for particular
uses, and with a view to conserving the value of buildings and encouraging the most
appropriate use of land throughout the county. In addition, the regulations shall be made
with reasonable consideration to expansion and development of any cities within the
county, so as to provide for their orderly growth and development."

PART IV. INFRASTRUCTURE AGREEMENTS

SECTION 8.(a) Article 21 of Chapter 160A of the General Statutes is
amended by adding a new section to read:

(a) A city may enter into reimbursement agreements with private developers and
property owners for the design and construction of municipal infrastructure that is
included on the city's Capital Improvement Plan and serves the developer or property
owner. For the purpose of this act, municipal infrastructure includes, without limitation,
water mains, sanitary sewer lines, lift stations, stormwater lines, streets, curb and gutter,
sidewalks, traffic control devices, and other associated facilities.
(b) A city shall enact ordinances setting forth procedures and terms under which
such agreements may be approved.
(c) A city may provide for such reimbursements to be paid from any lawful source.

(d) Reimbursement agreements authorized by this section shall not be subject to Article 8 of Chapter 143 of the General Statutes, except as provided by this subsection. A developer or property owner who is party to a reimbursement agreement authorized under this section shall solicit bids in accordance with Article 8 of Chapter 143 of the General Statutes when awarding contracts for work that would have required competitive bidding if the contract had been awarded by the city.

SECTION 8. (b) Article 23 of Chapter 153A of the General Statutes is amended by adding a new section to read:

(a) A county may enter into reimbursement agreements with private developers and property owners for the design and construction of municipal infrastructure that is included on the county's Capital Improvement Plan and serves the developer or property owner. For the purpose of this act, municipal infrastructure includes, without limitation, water mains, sanitary sewer lines, lift stations, stormwater lines, streets, curb and gutter, sidewalks, traffic control devices, and other associated facilities.

(b) A county shall enact ordinances setting forth procedures and terms under which such agreements may be approved.

(c) A county may provide for such reimbursements to be paid from any lawful source.

(d) Reimbursement agreements authorized by this section shall not be subject to Article 8 of Chapter 143 of the General Statutes, except as provided by this subsection. A developer or property owner who is party to a reimbursement agreement authorized under this section shall solicit bids in accordance with Article 8 of Chapter 143 of the General Statutes when awarding contracts for work that would have required competitive bidding if the contract had been awarded by the county.

SECTION 8. (c) Article 15 of Chapter 160A of the General Statutes is amended by adding a new section to read:

"§ 160A-309. Intersection and roadway improvements.

A city may contract with a developer or property owner, or with a private party who is under contract with the developer or property owner, for public intersection or roadway improvements that are adjacent or ancillary to a private land development project. Such a contract is not subject to Article 8 of Chapter 143 of the General Statutes if the public cost will not exceed two hundred fifty thousand dollars ($250,000) and the city or its designated agency determines that: (i) the public cost will not exceed the estimated cost of providing for those public intersection or roadway improvements through either eligible force account qualified labor or through a public contract let pursuant to Article 8 of Chapter 143 of the General Statutes; or (ii) the coordination of separately constructed public intersection or roadway improvements, and the adjacent or ancillary private land development improvements would be impracticable. A city may enact ordinances and policies setting forth the procedures, requirements, and terms for agreements authorized by this section.

SECTION 8. (d) Article 16 of Chapter 160A of the General Statutes is amended by adding a new section to read:

(a) Authorization. – A city may contract with a developer or property owner, or with a private party who is under contract with the developer or property owner, for public enterprise improvements that are adjacent or ancillary to a private land
development project. Such a contract shall allow the city to reimburse the private party for costs associated with the design and construction of improvements that are in addition to those required by the city's land development regulations. Such a contract is not subject to Article 8 of Chapter 143 of the General Statutes if the public cost will not exceed two hundred fifty thousand dollars ($250,000) and the city determines that: (i) the public cost will not exceed the estimated cost of providing for those improvements through either eligible force account qualified labor or through a public contract let pursuant to Article 8 of Chapter 143 of the General Statutes; or (ii) the coordination of separately constructed improvements would be impracticable. A city may enact ordinances and policies setting forth the procedures, requirements, and terms for agreements authorized by this section.

(b) Property Acquisition. The improvements may be constructed on property owned or acquired by the private party or on property owned or acquired by the city. The private party may assist the city in obtaining easements in favor of the city from private property owners on those properties that will be involved in or affected by the project. The contract between the city and the private party may be entered into before the acquisition of any real property necessary to the project.

SECTION 8.(e) Article 15 of Chapter 153A of the General Statutes is amended by adding a new section to read:

(a) Authorization. A county may contract with a developer or property owner, or with a private party who is under contract with the developer or property owner, for public enterprise improvements that are adjacent or ancillary to a private land development project. Such a contract shall allow the county to reimburse the private party for costs associated with the design and construction of improvements that are in addition to those required by the county's land development regulations. Such a contract is not subject to Article 8 of Chapter 143 of the General Statutes if the public cost will not exceed two hundred fifty thousand dollars ($250,000) and the county determines that: (i) the public cost will not exceed the estimated cost of providing for those improvements through either eligible force account qualified labor or through a public contract let pursuant to Article 8 of Chapter 143 of the General Statutes; or (ii) the coordination of separately constructed improvements would be impracticable. A county may enact ordinances and policies setting forth the procedures, requirements, and terms for agreements authorized by this section.

(b) Property Acquisition. The improvements may be constructed on property owned or acquired by the private party or on property owned or acquired by the county. The private party may assist the county in obtaining easements in favor of the county from private property owners on those properties that will be involved in or affected by the project. The contract between the county and the private party may be entered into before the acquisition of any real property necessary to the project."

PART V. DEVELOPMENT AGREEMENTS

SECTION 9.(a) Article 19 of Chapter 160A of the General Statutes is amended by adding a new Part to read:

(a) The General Assembly finds:"
(1) Large-scale development projects often occur in multiple phases extending over a period of years, requiring a long-term commitment of both public and private resources.

(2) Such large-scale developments often create potential community impacts and potential opportunities that are difficult or impossible to accommodate within traditional zoning processes.

(3) Because of their scale and duration, such large-scale projects often require careful integration between public capital facilities planning, financing, and construction schedules and the phasing of the private development.

(4) Because of their scale and duration, such large-scale projects involve substantial commitments of private capital by developers, which developers are usually unwilling to risk without sufficient assurances that development standards will remain stable through the extended period of the development.

(5) Because of their size and duration, such developments often permit communities and developers to experiment with different or nontraditional types of development concepts and standards, while still managing impacts on the surrounding areas.

(6) To better structure and manage development approvals for such large-scale developments and ensure their proper integration into local capital facilities programs, local governments need the flexibility in negotiating such developments.

(b) Local governments and agencies may enter into development agreements with developers, subject to the procedures and requirements of this Part. In entering into such agreements, a local government may not exercise any authority or make any commitment not authorized by general or local act and may not impose any tax or fee not authorized by otherwise applicable law.

(c) This Part is supplemental to the powers conferred upon local governments and does not preclude or supersede rights and obligations established pursuant to other law regarding building permits, site-specific development plans, phased development plans, or other provisions of law.

The following definitions apply in this Part:

(1) Comprehensive plan. – The comprehensive plan, land-use plan, small area plans, neighborhood plans, transportation plan, capital improvement plan, official map, and any other plans regarding land use and development that have been officially adopted by the governing board.

(2) Developer. – A person, including a governmental agency or redevelopment authority, who intends to undertake any development and who has a legal or equitable interest in the property to be developed.

(3) Development. – The planning for or carrying out of a building activity, the making of a material change in the use or appearance of any structure or property, or the dividing of land into two or more parcels. 'Development', as designated in a law or development permit, includes the planning for and all other activity customarily associated with it unless otherwise specified. When appropriate to the context,
'development' refers to the planning for or the act of developing or to the result of development. Reference to a specific operation is not intended to mean that the operation or activity, when part of other operations or activities, is not development. Reference to particular operations is not intended to limit the generality of this item.

(4) Development permit. – A building permit, zoning permit, subdivision approval, special or conditional use permit, variance, or any other official action of local government having the effect of permitting the development of property.

(5) Governing body. – The city council of a municipality.

(6) Land development regulations. – Ordinances and regulations enacted by the appropriate governing body for the regulation of any aspect of development and includes zoning, subdivision, or any other land development ordinances.

(7) Laws. – All ordinances, resolutions, regulations, comprehensive plans, land development regulations, policies, and rules adopted by a local government affecting the development of property, and includes laws governing permitted uses of the property, density, design, and improvements.

(8) Property. – All real property subject to land-use regulation by a local government and includes any improvements or structures customarily regarded as a part of real property.

(9) Local government. – Any municipality that exercises regulatory authority over and grants development permits for land development or which provides public facilities.

(10) Local planning board. – Any planning board established pursuant to G.S. 160A-361.

(11) Person. – An individual, corporation, business or land trust, estate, trust, partnership, association, two or more persons having a joint or common interest, State agency, or any legal entity.

(12) Public facilities. – Major capital improvements, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational, and health systems and facilities.

"§ 160A-400.22. Local governments authorized to enter into development agreements; approval of governing body required.

A local government may establish procedures and requirements, as provided in this Part, to consider and enter into development agreements with developers. A development agreement must be approved by the governing body of a local government by ordinance.

"§ 160A-400.23. Developed property must contain certain number of acres; permissible durations of agreements.

A local government may enter into a development agreement with a developer for the development of property as provided in this Part, provided the property contains 25 acres or more of developable property (exclusive of wetlands, mandatory buffers, unbuildable slopes, and other portions of the property which may be precluded from development at the time of application). Development agreements shall be of a term specified in the agreement, provided they may not be for a term exceeding 20 years.

Before entering into a development agreement, a local government shall conduct a public hearing on the proposed agreement following the procedures set forth in G.S. 160A-364 regarding zoning ordinance adoption or amendment. The notice for the public hearing must specify the location of the property subject to the development agreement, the development uses proposed on the property, and must specify a place where a copy of the proposed development agreement can be obtained. In the event that the development agreement provides that the local government shall provide certain public facilities, the development agreement shall provide that the delivery date of such public facilities will be tied to successful performance by the developer in implementing the proposed development (such as meeting defined completion percentages or other performance standards).

§ 160A-400.25. What development agreement must provide; what it may provide; major modification requires public notice and hearing.

(a) A development agreement shall at a minimum include all of the following:

1. A legal description of the property subject to the agreement and the names of its legal and equitable property owners.
2. The duration of the agreement. However, the parties are not precluded from entering into subsequent development agreements that may extend the original duration period.
3. The development uses permitted on the property, including population densities and building types, intensities, placement on the site, and design.
4. A description of public facilities that will service the development, including who provides the facilities, the date any new public facilities, if needed, will be constructed, and a schedule to assure public facilities are available concurrent with the impacts of the development.
5. A description, where appropriate, of any reservation or dedication of land for public purposes and any provisions to protect environmentally sensitive property.
6. A description of all local development permits approved or needed to be approved for the development of the property together with a statement indicating that the failure of the agreement to address a particular permit, condition, term, or restriction does not relieve the developer of the necessity of complying with the law governing their permitting requirements, conditions, terms, or restrictions.
7. A description of any conditions, terms, restrictions, or other requirements determined to be necessary by the local government for the public health, safety, or welfare of its citizens.
8. A description, where appropriate, of any provisions for the preservation and restoration of historic structures.

(b) A development agreement may provide that the entire development or any phase of it be commenced or completed within a specified period of time. The development agreement must provide a development schedule, including commencement dates and interim completion dates at no greater than five-year intervals; provided, however, the failure to meet a commencement or completion date shall not, in and of itself, constitute a material breach of the development agreement pursuant to G.S. 160A-400.27 but must be judged based upon the totality of the circumstances. The development agreement may include other defined performance
standards to be met by the developer. The developer may request a modification in the dates as set forth in the agreement. Consideration of a proposed major modification of the agreement shall follow the same procedures as required for initial approval of a development agreement.

(c) If more than one local government is made party to an agreement, the agreement must specify which local government is responsible for the overall administration of the development agreement.

(d) The development agreement also may cover any other matter not inconsistent with this Part.

"§ 160A-400.26. Law in effect at time of agreement governs development; exceptions.

(a) Unless the development agreement specifically provides for the application of subsequently enacted laws, the laws applicable to development of the property subject to a development agreement are those in force at the time of execution of the agreement.

(b) Except for grounds specified in G.S. 160A-385.1(e), a local government may not apply subsequently adopted ordinances or development policies to a development that is subject to a development agreement.

(c) In the event State or federal law is changed after a development agreement has been entered into and the change prevents or precludes compliance with one or more provisions of the development agreement, the local government may modify the affected provisions, upon a finding that the change in State or federal law has a fundamental effect on the development agreement, by ordinance after notice and a hearing.

(d) This section does not abrogate any rights preserved by G.S. 160A-385 or G.S. 160A-385.1, or that may vest pursuant to common law or otherwise in the absence of a development agreement.

"§ 160A-400.27. Periodic review to assess compliance with agreement; material breach by developer; notice of breach; cure of breach or modification or termination of agreement.

(a) Procedures established pursuant to G.S. 160A-400.22 must include a provision for requiring periodic review by the zoning administrator or other appropriate officer of the local government at least every 12 months, at which time the developer must be required to demonstrate good faith compliance with the terms of the development agreement.

(b) If, as a result of a periodic review, the local government finds and determines that the developer has committed a material breach of the terms or conditions of the agreement, the local government shall serve notice in writing, within a reasonable time after the periodic review, upon the developer setting forth with reasonable particularity the nature of the breach and the evidence supporting the finding and determination, and providing the developer a reasonable time in which to cure the material breach.

(c) If the developer fails to cure the material breach within the time given, then the local government unilaterally may terminate or modify the development agreement; provided, the notice of termination or modification may be appealed to the board of adjustment in the manner provided by G.S. 160A-388(b).

"§ 160A-400.28. Amendment or cancellation of development agreement by mutual consent of parties or successors in interest.

A development agreement may be amended or canceled by mutual consent of the parties to the agreement or by their successors in interest.
§ 160A-400.29. Validity and duration of agreement entered into prior to change of jurisdiction; subsequent modification or suspension.

(a) Except as otherwise provided by this Part, any development agreement entered into by a local government before the effective date of a change of jurisdiction shall be valid for the duration of the agreement, or eight years from the effective date of the change in jurisdiction, whichever is earlier. The parties to the development agreement and the local government assuming jurisdiction have the same rights and obligations with respect to each other regarding matters addressed in the development agreement as if the property had remained in the previous jurisdiction.

(b) A local government assuming jurisdiction may modify or suspend the provisions of the development agreement if the local government determines that the failure of the local government to do so would place the residents of the territory subject to the development agreement, or the residents of the local government, or both, in a condition dangerous to their health or safety, or both.

§ 160A-400.30. Developer to record agreement within 14 days; burdens and benefits inure to successors in interest.

Within 14 days after a local government enters into a development agreement, the developer shall record the agreement with the register of deeds in the county where the property is located. The burdens of the development agreement are binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

§ 160A-400.31. Applicability to local government of constitutional and statutory procedures for approval of debt.

In the event that any of the obligations of the local government in the development agreement constitute debt, the local government shall comply, at the time of the obligation to incur the debt and before the debt becomes enforceable against the local government, with any applicable constitutional and statutory procedures for the approval of this debt.

§ 160A-400.32. Relationship of agreement to building or housing code.

A development agreement adopted pursuant to this Chapter shall not exempt the property owner or developer from compliance with the State Building Code or State or local housing codes that are not part of the local government's planning, zoning, or subdivision regulations.

SECTION 9.(b) Article 18 of Chapter 153A of the General Statutes is amended by adding a new Part to read:

"Part 3A. Development Agreements.

(a) The General Assembly finds:

(1) Large-scale development projects often occur in multiple phases extending over a period of years, requiring a long-term commitment of both public and private resources.

(12) Public facilities. – Major capital improvements, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational, and health systems and facilities.

§ 153A-379.3. Local governments authorized to enter into development agreements; approval of governing body required.

A local government may establish procedures and requirements, as provided in this Part, to consider and enter into development agreements with developers. A development agreement must be approved by the governing body of a local government by ordinance.

§ 153A-379.4. Developed property must contain certain number of acres; permissible durations of agreements.

A local government may enter into a development agreement with a developer for the development of property as provided in this Part, provided the property contains 25 acres or more of developable property (exclusive of wetlands, mandatory buffers, unbuildable slopes, and other portions of the property which may be precluded from development at the time of application). Development agreements shall be of a term specified in the agreement, provided they may not be for a term exceeding 20 years.

Before entering into a development agreement, a local government shall conduct a public hearing on the proposed agreement following the procedures set forth in G.S. 153A-323 regarding zoning ordinance adoption or amendment. The notice for the public hearing must specify the location of the property subject to the development agreement, the development uses proposed on the property, and must specify a place where a copy of the proposed development agreement can be obtained. In the event that the development agreement provides that the local government shall provide certain public facilities, the development agreement shall provide that the delivery date of such public facilities will be tied to successful performance by the developer in implementing
the proposed development (such as meeting defined completion percentages or other performance standards).

§ 153A-379.6. What development agreement must provide; what it may provide; major modification requires public notice and hearing.

(7) A description of any conditions, terms, restrictions, or other requirements determined to be necessary by the local government for the public health, safety, or welfare of its citizens.

(8) A description, where appropriate, of any provisions for the preservation and restoration of historic structures.

(b) A development agreement may provide that the entire development or any phase of it be commenced or completed within a specified period of time. The development agreement must provide a development schedule, including commencement dates and interim completion dates at no greater than five-year intervals; provided, however, the failure to meet a commencement or completion date shall not, in and of itself, constitute a material breach of the development agreement pursuant to G.S. 153A-379.8 but must be judged based upon the totality of the circumstances. The development agreement may include other defined performance standards to be met by the developer. The developer may request a modification in the dates as set forth in the agreement. Consideration of a proposed major modification of the agreement shall follow the same procedures as required for initial approval of a development agreement.

(c) If more than one local government is made party to an agreement, the agreement must specify which local government is responsible for the overall administration of the development agreement.

(d) The development agreement also may cover any other matter not inconsistent with this Part.

§ 153A-379.8. Periodic review to assess compliance with agreement; material breach by developer; notice of breach; cure of breach or modification or termination of agreement.

(a) Procedures established pursuant to G.S. 153A-379.3 must include a provision for requiring periodic review by the zoning administrator or other appropriate officer of the local government at least every 12 months, at which time the developer must be required to demonstrate good faith compliance with the terms of the development agreement.

(b) If, as a result of a periodic review, the local government finds and determines that the developer has committed a material breach of the terms or conditions of the agreement, the local government shall serve notice in writing, within a reasonable time after the periodic review, upon the developer setting forth with reasonable particularity the nature of the breach and the evidence supporting the finding and determination, and providing the developer a reasonable time in which to cure the material breach.

(c) If the developer fails to cure the material breach within the time given, then the local government unilaterally may terminate or modify the development agreement; provided, the notice of termination or modification may be appealed to the board of adjustment in the manner provided by G.S. 153A-345(b).

§ 153A-379.9. Amendment or cancellation of development agreement by mutual consent of parties or successors in interest.

A development agreement may be amended or canceled by mutual consent of the parties to the agreement or by their successors in interest.

§ 153A-379.10. Validity and duration of agreement entered into prior to change of jurisdiction; subsequent modification or suspension.

(a) Except as otherwise provided by this Part, any development agreement entered into by a local government before the effective date of a change of jurisdiction shall be valid for the duration of the agreement, or eight years from the effective date of the change in jurisdiction, whichever is earlier. The parties to the development agreement and the local government assuming jurisdiction have the same rights and obligations with respect to each other regarding matters addressed in the development agreement as if the property had remained in the previous jurisdiction.
(b) A local government assuming jurisdiction may modify or suspend the provisions of the development agreement if the local government determines that the failure of the local government to do so would place the residents of the territory subject to the development agreement, or the residents of the local government, or both, in a condition dangerous to their health or safety, or both.

§ 153A-379.11. Developer to record agreement within 14 days; burdens and benefits inure to successors in interest.

Within 14 days after a local government enters into a development agreement, the developer shall record the agreement with the register of deeds in the county where the property is located. The burdens of the development agreement are binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

In the event that any of the obligations of the local government in the development agreement constitute debt, the local government shall comply, at the time of the obligation to incur the debt and before the debt becomes enforceable against the local government, with any applicable constitutional and statutory procedures for the approval of this debt.

§ 153A-379.13. Relationship of agreement to building or housing code.

A development agreement adopted pursuant to this Chapter shall not exempt the property owner or developer from compliance with the State Building Code or State or local housing codes that are not part of the local government's planning, zoning, or subdivision regulations.

§ 90-85.47. Pharmacy quality assurance program required; limited liability; discovery.

(a) Every person or entity holding a valid pharmacy permit pursuant to G.S. 90-85.21 or G.S. 90-85.21(a), shall establish or participate in a pharmacy quality assurance program as defined under G.S. 90-85.46(2), to evaluate the following:

(c) This section shall not be construed to confer immunity from liability on any professional association, pharmacy or pharmacist, or health care provider while performing services other than as a member of a pharmacy quality assurance program or upon any person, including a person acting as a witness or incident reporter to or investigator for a pharmacy quality assurance program, for any act or proceeding undertaken or performed outside the scope of the functions of the pharmacy quality assurance program. Documents otherwise available as public records within the meaning of G.S. 132-1 do not lose their status as public records merely because they were presented or considered during proceedings of the pharmacy quality assurance program. A member of the pharmacy quality assurance program may testify in a civil or administrative action but cannot be asked about the person's testimony before the pharmacy quality assurance program or any opinions formed as a result of the pharmacy quality assurance program. Nothing in this subsection shall preclude:

   a. A visit to a physician or an emergency room attributed to the alleged medication incident or error;
   b. Hospitalization requiring an overnight stay or longer;
   c. A fatality.

(2) The Board has initiated a disciplinary proceeding against the pharmacist as a result of the investigation. Unless the documentation relates to an alleged medication error or incident that was specifically the cause of the investigation, the Board may review the documentation only after the Board has made findings of fact and conclusions of law pursuant to G.S. 150B-42(a) and may use the documentation in determining the remedial action the pharmacist shall undergo as part of the disciplinary action imposed by the Board. The
documentation shall be released only to the Board or its designated employees pursuant to this subsection and shall not otherwise be released except as required by law.

The documentation provided to the Board shall not include the proceedings and records of a pharmacy quality assurance program or information prepared by the pharmacy solely for consideration by or upon request of a pharmacy quality assurance program.

(f) Nothing in this section shall preclude the Board from obtaining information concerning a specific alleged medication error or incident that is the subject of a Board investigation resulting from a complaint to the Board."

CENSUS REDISTRICTING DATA PROGRAM; AND TO AUTHORIZE
BOARDS OF ELECTIONS TO ALLOW KNOWN VOTERS WHOSE VOTES
WERE LOST TO RECAST THEIR BALLOTS DURING A TWO-WEEK PERIOD
AFTER THE ELECTION.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 163-45 reads as rewritten:

"§ 163-45. Observers; appointment.

The chairman of each political party in the county shall have the right to
designate two observers to attend each voting place at each primary and election and
such observers may, at the option of the designating party chairman, be relieved
during the day of the primary or election after serving no less than four hours and
provided the list required by this section to be filed by each chairman contains the
names of all persons authorized to represent such chairman's political party. Not
more than two observers from the same political party shall be permitted in the voting
enclosure at any time. This right shall not extend to the chairman of a political
party during a primary unless that party is participating in the primary. In any election in
which an unaffiliated candidate is named on the ballot, the candidate or the candidate's
campaign manager shall have the right to appoint two observers for each voting place
consistent with the provisions specified herein. Persons appointed as observers must be
registered voters of the county for which appointed and must have good moral
character. No person who is a candidate on the ballot in a primary or election may serve
as an observer or runner in that primary or election. Observers shall take no oath of
office.

Individuals authorized to appoint observers must submit in writing to the chief judge
each precinct a signed list of the observers appointed for that precinct. Individuals
authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any
primary or general election, submit in writing to the chairman of the county board
of elections two signed copies of a list of observers appointed by them, designating the
precinct for which each observer is appointed. Before the opening of the voting place on
the day of a primary or general election, the chairman shall deliver one copy of the
list to the chief judge for each affected precinct. He shall retain the other
copy. The chairman, or the chief judge and judges for each affected precinct, may
for good cause reject any appointee and require that another be appointed. The names of
any persons appointed in place of those persons rejected shall be furnished in writing to
the chief judge of each affected precinct no later than the time for opening the voting
place on the day of any primary or general election, either by the chairman of the
county board of elections or the person making the substitute appointment.

An observer shall do no electioneering at the voting place, and he shall in no manner
impede the voting process or interfere or communicate with or observe any voter in
casting a ballot, but, subject to these restrictions, the chief judge and judges of
elections shall permit him to make such observation and take such notes as
he may desire.

Whether or not the observer attends to the polls for the requisite time provided by
this section, each observer shall be entitled to obtain at times specified by the State
Board of Elections, but not less than three times during election day with the spacing
not less than one hour apart, a list of the persons who have voted in the precinct so far in
that election day. Counties that use an “authorization to vote document” instead of poll
books may comply with the requirement in the previous sentence by permitting each
observer to inspect election records so that the observer may create a list of persons who have voted in the precinct so far that election day; each observer shall be entitled to make the inspection at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart. Instead of having an observer receive the voting list, the county party chair may send a runner to do so. The runner may be the precinct party chair or any person named by the county party chair. That party chair must notify the chair of the county board of elections or the board chair's designee of the names of all runners to be used in each precinct before the runner goes to the precinct. The runner may receive a voter list from the precinct on the same schedule as an observer. Whether obtained by observer or runner, each party is entitled to only one voter list at each of the scheduled times. No runner may enter the voting enclosure except when necessary to announce that runner's presence and to receive the list. The runner must leave immediately after being provided with the list."

SECTION 1.(b) G.S. 163-166.3 reads as rewritten:

"§ 163-166.3. Limited access to the voting enclosure.
During the time allowed for voting in the voting place, only the following persons may enter the voting enclosure:
(1) An election official.
(2) An observer appointed pursuant to G.S. 163-45.
(2a) A runner appointed pursuant to G.S. 163-45, but only to the extent necessary to announce that runner's presence and to receive the voter list as provided in G.S. 163-45.
(3) A person seeking to vote in that voting place on that day but only while in the process of voting or seeking to vote.
(4) A voter in that precinct while entering or explaining a challenge pursuant to G.S. 163-87 or G.S. 163-88.
(5) A person authorized under G.S. 163-166.8 to assist a voter but, except as provided in subdivision (6) of this section, only while assisting that voter.
(6) Minor children of the voter under the age of 18, or minor children under the age of 18 in the care of the voter, but only while accompanying the voter and while under the control of the voter.
(7) Persons conducting or participating in a simulated election within the voting place or voting enclosure, if that simulated election is approved by the county board of elections.
(8) Any other person determined by election officials to have an urgent need to enter the voting enclosure but only to the extent necessary to address that need."

SECTION 2. G.S. 163-165.10 reads as rewritten:

"§ 163-165.10. Adequacy of voting system for each precinct.
The county board of elections shall make available for each precinct voting place an adequate quantity of official ballots or equipment so that all voters qualified to vote at the precinct may do so. Equipment. When the board of county commissioners has decided to adopt and purchase or lease a voting system for voting places under the provisions of G.S. 165-165.8, the board of county commissioners shall, as soon as practical, provide for each of those voting places sufficient equipment of the approved voting system in complete working order. If it is impractical to furnish each voting place with the equipment of the approved voting system, that which has been obtained may be placed in voting places chosen by the county board of elections. In that case, the
county board of elections shall choose the voting places and allocate the equipment in a way that as nearly as practicable provides equal access to the voting system for each voter. The county board of elections shall appoint as many voting system custodians as may be necessary for the proper preparation of the system for each election and for its maintenance, storage, and care. The Executive Director of the State Board of Elections may permit a county board of elections to provide more than one type of voting system in a precinct, but only upon a finding that doing so is necessary to comply with federal or State law."

SECTION 3.(a) Article 7A of Chapter 163 of the General Statutes is amended by adding a new section to read:

"§ 163-82.15A. Administrative change of registration when county line is adjusted.
When a boundary between counties is established by legislation or under G.S. 153A-18, the Executive Director shall direct the county boards of elections involved to administratively change the voter registration of any voter whose county of residence is altered by the establishment of the boundary. The voter shall not be required to submit a new application to register, and the provisions of G.S. 163-57 shall apply to the determination of residency. The Executive Director shall prescribe a method of notifying the voter of the change of county registration, the correct precinct, and other relevant information.""

SECTION 3.(b) G.S. 163-57 reads as rewritten:

"§ 163-57. Residence defined for registration and voting.
All election officials in determining the residence of a person offering to register or vote, shall be governed by the following rules, so far as they may apply:

(1) That place shall be considered the residence of a person in which that person's habitation is fixed, and to which, whenever that person is absent, has the intention of returning.
   a. In the event that a person's habitation is divided by a State, county, municipal, precinct, ward, or other election district, then the location of the bedroom or usual sleeping area for that person with respect to the location of the boundary line at issue shall be controlling as the residency of that person.
   b. If the person disputes the determination of residency, the person may request a hearing before the county board of elections making the determination of residency. The procedures for notice of hearing and the conduct of the hearing shall be as provided in G.S. 163-86. The presentation of an accurate and current determination of a person's residence and the boundary line at issue by map or other means available shall constitute prima facie evidence of the geographic location of the residence of that person.

(2) A person shall not be considered to have lost that person's residence if that person leaves home and goes into another state or county, state, county, municipality, precinct, ward, or other election district of this State, for temporary purposes only, with the intention of returning.

(3) A person shall not be considered to have gained a residence in any county, county, municipality, precinct, ward, or other election district of this State, into which that person comes for temporary purposes only, without the intention of making that county, county, municipality, precinct, ward, or other election district a permanent place of abode.

1657
If a person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of making that state or county, municipality, precinct, ward, or other election district a permanent residence, that person shall be considered to have lost residence in the state or county, from which that person has removed.

If a person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of remaining there an indefinite time and making that state or county, municipality, precinct, ward, or other election district that person's place of residence, that person shall be considered to have lost that person's place of residence in this State or county, notwithstanding that person may entertain an intention to return at some future time.

If a person goes into another state or county, municipality, precinct, ward, or other election district, or into the District of Columbia, and while there exercises the right of a citizen by voting in an election, that person shall be considered to have lost residence in this State or county.

School teachers who remove to a county, municipality, precinct, ward, or other election district in this State for the purpose of teaching in the schools of that county temporarily and with the intention or expectation of returning during vacation periods to live in the county in which their parents or other relatives reside, in this State and who do not have the intention of becoming residents of the county, municipality, precinct, ward, or other election district to which they have moved to teach, for purposes of registration and voting shall be considered residents of the county, in which their parents or other relatives reside.

If a person removes to the District of Columbia or other federal territory to engage in the government service, that person shall not be considered to have lost residence in this State during the period of such service unless that person votes in the place to which the person removed, and the place at which that person resided at the time of that person's removal shall be considered and held to be the place of residence.

If a person removes to a county, municipality, precinct, ward, or other election district to engage in the service of the State government, that person shall not be considered to have lost residence in the county, municipality, precinct, ward, or other election district from which that person removed, unless that person votes in the place to which the person removed, and the place at which that person resided at the time of that person's removal shall be considered and held to be the place of residence.
(9a) The establishment of a secondary residence by an elected official outside the district of the elected official shall not constitute prima facie evidence of a change of residence.

(10) For the purpose of voting a spouse shall be eligible to establish a separate domicile.

(11) So long as a student intends to make the student's home in the community where the student is physically present for the purpose of attending school while the student is attending school and has no intent to return to the student's former home after graduation, the student may claim the college community as the student's domicile. The student need not also intend to stay in the college community beyond graduation in order to establish domicile there. This subdivision is intended to codify the case law."

SECTION 4. G.S. 163-182.9(b)(4) reads as rewritten:

"(4) The timing for filing a protest shall be as follows:

a. If the protest concerns the manner in which votes were counted or results tabulated, the protest shall be filed before the beginning of the county board of election's canvass meeting.

b. If the protest concerns the manner in which votes were counted or results tabulated and the protest states good cause for delay in filing, the protest may be filed until 5:00 P.M. on the second business day after the county board of elections has completed its canvass and declared the results.

c. If the protest concerns an irregularity other than vote counting or result tabulation, the protest shall be filed no later than 5:00 P.M. on the second business day after the county board has completed its canvass and declared the results.

d. If the protest concerns an irregularity on a matter other than vote counting or result tabulation and the protest is filed before election day, the protest proceedings shall be stayed, unless a party defending against the protest moves otherwise, until after election day if any one of the following conditions exists:

1. The ballot has been printed.
2. The voter registration deadline for that election has passed.
3. Any of the proceedings will occur within 30 days before election day."

SECTION 5.(a) G.S. 163-227.2(e) reads as rewritten:

"(e) The voter shall vote that voter's absentee ballot in a voting booth in the office of the county board of elections, and the county board of elections shall provide a voting booth for that purpose, provided however, that the county board of elections may in the alternative provide a private room for the voter adjacent to the office of the board, in which case the voter shall vote that voter's absentee ballot in that room. If the voter needs assistance in getting to and from the voting booth and in preparing and marking that voter's ballots or if the voter is a blind voter, only a member of the county board of elections, the director of elections, an employee of the board of elections authorized by the board, a near relative of the voter or the voter's verifiable legal guardian shall be entitled to assist the voter. A voter at a one-stop site shall be entitled to the same assistance as a voter at a voting place on election day under G.S. 163-166.8. The State
Board of Elections shall, where appropriate, adapt the rules it adopts under G.S. 163-166.8 to one-stop voting:"

SECTION 5.(b) G.S. 163-226.3(a) reads as rewritten:

"(a) Any person who shall, in connection with absentee voting in any election held in this State, do any of the acts or things declared in this section to be unlawful, shall be guilty of a Class I felony. It shall be unlawful:

(1) For any person except the voter's near relative or the voter's verifiable legal guardian to assist the voter to vote an absentee ballot when the voter is voting an absentee ballot other than under the procedure described in G.S. 163-227.2; provided that if there is not a near relative or legal guardian available to assist the voter, the voter may request some other person to give assistance;

(3) For a voter who votes an absentee ballot under the procedures authorized by G.S. 163-227.2 to vote that voter's absentee ballot outside of the voting booth or private room provided to the voter for that purpose in or adjacent to the office of the county board of elections or at the additional site provided by G.S. 163-227.2(f1), or to receive assistance in getting to and from the voting booth or private room and in preparing and marking that voter's ballots from any person other than a member of the county board of elections, the director of elections, an employee of the board of elections authorized by the board, a near relative of the voter or the voter's verifiable legal guardian as provided in G.S. 163-227.2;

(4) For any owner, manager, director, employee, or other person, other than the voter's near relative or verifiable legal guardian, to make a written request pursuant to G.S. 163-230.1 or an application on behalf of a registered voter who is a patient in any hospital, clinic, nursing home or rest home in this State or for any owner, manager, director, employee, or other person other than the voter's near relative or verifiable legal guardian, to mark the voter's absentee ballot or assist such a voter in marking an absentee ballot;

(5) Repealed by Session Laws 1987, c. 583, s. 8.

(6) For any person to take into that person's possession for delivery to a voter or for return to a county board of elections the absentee ballot of any voter, provided, however, that this prohibition shall not apply to a voter's near relative or the voter's verifiable legal guardian;

SECTION 6.(a) G.S. 163-227.2 is amended by adding a new subsection to read:

1660
"(e2) A voter who has moved within the county more than 30 days before election day but has not reported the move to the board of elections shall not be required on that account to vote a provisional ballot at the one-stop site, as long as the one-stop site has available all the information necessary to determine whether a voter is registered to vote in the county and which ballot the voter is eligible to vote based on the voter's proper residence address. The voter with that kind of unreported move shall be allowed to vote the same kind of absentee ballot as other one-stop voters."

SECTION 6.(b) G.S. 163-166.11 is amended by adding a new subdivision to read:

"(2a) A voter who has moved within the county more than 30 days before election day but has not reported the move to the board of elections shall not be required on that account to vote a provisional ballot at the one-stop site, as long as the one-stop site has available all the information necessary to determine whether a voter is registered to vote in the county and which ballot the voter is eligible to vote based on the voter's proper residence address. The voter with that kind of unreported move shall be allowed to vote the same kind of absentee ballot as other one-stop voters as provided in G.S. 163-227.2(e2)."

SECTION 7. G.S. 163-227.2(c) reads as rewritten:

"(c) If the application is properly filled out, the authorized member or employee shall enter the voter's name in the register of absentee requests, applications, and ballots issued; shall furnish the voter with the instruction sheets called for by G.S. 163-229(c); and shall furnish the voter with the ballots to which the application for absentee ballots applies. The voter thereupon shall vote in accordance with subsection (e) of this section.

All actions required by this subsection shall be performed in the office of the board of elections, except that the voting may take place in an adjacent room as provided by subsection (e) of this section. The application under this subsection shall be signed in the presence of the chairman, member, director of elections of the board, or full-time employee, authorized by the board who shall sign the application and certificate as the witness and indicate the official title held by him or her. Notwithstanding G.S. 163-231(a), in the case of this subsection, only one witness shall be required on the certificate."

SECTION 8. G.S. 163-107(a) reads as rewritten:

"(a) Fee Schedule. – At the time of filing a notice of candidacy, each candidate shall pay to the board of elections with which he files under the provisions of G.S. 163-106 a filing fee for the office he seeks in the amount specified in the following tabulation:

SECTION 9.  G.S. 163-82.9 reads as rewritten:

"§ 163-82.9.  Cancellation of prior registration.
If an applicant indicates on an application form described in G.S. 163-82.3 a current registration to vote in any other county, municipality, or state, the county board of elections, upon registering the person to vote, shall send a notice to the appropriate official in the other county, municipality, or state and shall ask them to cancel the person’s voter registration there. If an applicant completes an application form described in G.S. 163-82.3 except that the applicant neglects to complete the portion of the form that authorizes cancellation of previous registration in another county, the State Board of Elections shall notify the county board of elections in the previous county of the new registration, and the board in the previous county shall cancel the registration. The State Board of Elections shall adopt rules to prevent disenfranchisement in the implementation of this section. Those rules shall include adequate notice to the person whose previous registration is to be cancelled."

SECTION 10.(a)  G.S. 163-82.10(b) reads as rewritten:

No list produced under this section shall contain a voter's date of birth. However, lists may be produced according to voters' ages.

Both the following shall apply if a county maintains or has its voter registration list maintained on a computer:

1. In addition to the typed, mimeographed, photocopied, computer printout or label lists, the county board of elections shall make the voter registration information available to the public on electronic or magnetic medium. Magnetic medium for the purpose of this section shall consist of nine track tape or 3.5 inch diskettes and 5.25 inch diskettes readily accessible using MS-DOS or Microsoft Windows operating systems or both such systems; and for purposes of this section, "electronic or magnetic medium" means any of the media in use by the State Board of Elections at the time of the request.

2. Information requested on electronic or magnetic medium shall contain the following: voter name, county voter identification number, residential address, mailing address, sex, race, age but not date of birth, party affiliation, precinct name, precinct identification code, congressional district, senate district, representative district, and, where applicable, county commissioner district, city governing board district, fire district, soil and water conservation district, and any other district information available, and voter history including primary, general, and special districts, or any other reasonable category.

The county board shall require each person to whom a list is furnished to reimburse the board for the actual cost incurred in preparing it, except as provided in subsection (c) of this section. Actual cost for the purpose of this section shall not include the cost of any equipment or any imputed overhead expenses. It may include the actual cost of paper, labels, and magnetic medium. The purchaser at its discretion may provide the magnetic medium. When furnishing information under this subsection to a purchaser on a magnetic medium provided by the county board or the purchaser, the county board may impose a service charge of up to twenty-five dollars ($25.00)."

SECTION 10.(b) G.S. 163-82.10(c) reads as rewritten:

"(c) Free Lists. – Free lists of all registered voters in the county shall be provided in the following cases:

every even-numbered year, and once during the latter six

provide one free paper list every two years to the county chair of each
political party.

Each free list shall include the name, address, gender, age but not date of birth, race,
political affiliation, voting history, precinct, precinct name, precinct identification code,
 congressional district, senate district, representative district, and, where applicable,
 county commissioner district, city governing board district, fire district, soil and water
 conservation district, and voter history including primary, general, and special districts
 of each registered voter. The free paper list to the county party chairs shall group voters
 by precinct. All free lists shall be provided as soon as practicable on one of any
 electronic or magnetic media, but no later than 30 days after written request. Each State
 party chair shall provide the discs or tapes the information on the media received from
 the county boards or a copy of the media containing the data itself to candidates of that
 party who request the discs or tapes data in writing. Each State party chair shall return
 discs and tapes to the county boards within 30 days after receiving them. As used in this
 section, "political party" means a political party as defined in G.S. 163-96."

SECTION 11.(a) G.S. 163-182.5(b) reads as rewritten:
"(b) Canvassing by County Board of Elections. – The county board of elections
shall meet at 11:00 A.M. on the seventh-tenth day after every election held on the same
day as a general election in November of the even-numbered year, and at 11:00 A.M. on
the seventh day after every other election, to complete the canvass of votes cast and to
authenticate the count in every ballot item in the county by determining that the votes
have been counted and tabulated correctly. If, despite due diligence by election officials,
the initial counting of all the votes has not been completed by that time, the county
board may hold the canvass meeting a reasonable time thereafter. The canvass meeting
shall be at the county board of elections office, unless the county board, by unanimous
vote of all its members, designates another site within the county. The county board
shall examine the returns from precincts, from absentee official ballots, and from
provisional official ballots and shall conduct the canvass."

SECTION 11.(b) G.S. 163-182.7 reads as rewritten:
"§ 163-182.7. Ordering recounts.
(a) Discretionary Recounts. – The county board of elections or the State Board of
Elections may order a recount when necessary to complete the canvass in an election.
The county board may not order a recount where the State Board of Elections has
already denied a recount to the petitioner.
(b) Mandatory Recounts for Ballot Items Within the Jurisdiction of the County
Board of Elections. – In a ballot item within the jurisdiction of the county board of
elections, a candidate shall have the right to demand a recount of the votes if the
difference between the votes for that candidate and the votes for a prevailing candidate
is not more than one percent (1%) of the total votes cast in the ballot item, or in the case
of a multiseat ballot item not more than one percent (1%) of the votes cast for those two
candidates. The demand for a recount must be made in writing and must be received by
the county board of elections by 5:00 P.M. on the first business day after the canvass.
The recount shall be conducted under the supervision of the county board of elections.
(c) Mandatory Recounts for Ballot Items Within the Jurisdiction of the State
Board of Elections. – In a ballot item within the jurisdiction of the State Board of
Elections, a candidate shall have the right to demand a recount of the votes if the
difference between the votes for that candidate and the votes for a prevailing candidate are not more than the following:

1. For a nonstatewide ballot item, one percent (1%) of the total votes cast in the ballot item, or in the case of a multiseat ballot item, one percent (1%) of the votes cast for those two candidates.

2. For a statewide ballot item, one-half of one percent (0.5%) of the votes cast in the ballot item, or in the case of a multiseat ballot item, one-half of one percent (0.5%) of the votes cast for those two candidates, or 10,000 votes, whichever is less.

The demand for a recount must be in writing and must be received by the State Board of Elections by noon on the second Thursday after the election, business day after the county canvass. If on that Thursday at that time the available returns show a candidate not entitled to a mandatory recount, but the Executive Director determines subsequently that the margin is within the threshold set out in this subsection, the Executive Director shall notify the eligible candidate immediately and that candidate shall be entitled to a recount if that candidate so demands within 48 hours of notice. The recount shall be conducted under the supervision of the State Board of Elections.

(d) Rules for Conducting Recounts. – The State Board of Elections shall promulgate rules for conducting recounts. Those rules shall be subject to the following guidelines:

1. The rules shall specify, with respect to each type of voting system, when and to what extent the recount shall consist of machine recounts and hand-to-eye recounts.

2. The rules shall provide guidance in interpretation of the voter's choice.

3. The rules shall specify how the goals of multipartisan participation, opportunity for public observation, and good order shall be balanced.

SECTION 12. G.S. 163-166.7(c) reads as rewritten:

"(c) The State Board of Elections shall promulgate rules for the process of voting. Those rules shall emphasize the appearance as well as the reality of dignity, good order, impartiality, and the convenience and privacy of the voter. Those rules, at a minimum, shall include procedures to ensure that all the following occur:

1. The voting system remains secure throughout the period voting is being conducted.

2. Only properly voted official ballots are introduced into the voting system.

3. Except as provided by G.S. 163-166.9, no official ballots leave the voting enclosure during the time voting is being conducted there.

4. All improperly voted official ballots are returned to the precinct officials and marked as spoiled.

5. Voters leave the voting place promptly after voting.

6. Voters not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote.

7. Information gleaned through the voting process that would be helpful to the accurate maintenance of the voter registration records is recorded and delivered to the county board of elections.

8. The registration records are kept secure. The State Board of Elections shall permit the use of electronic registration records in the voting
place in lieu of or in addition to a paper pollbook or other registration record.

(9) Party observers are given access as provided by G.S. 163-45 to current information about which voters have voted.

(10) The voter, before voting, shall sign that voter's name on the pollbook, other voting record, or voter authorization document. If the voter is unable to sign, a precinct official shall enter the person's name on the same document before the voter votes."

SECTION 13. G.S. 163-182.15 is amended by adding a subsection to read:

"(d) Determining Results. – In a primary for party nomination, the results shall be determined in accordance with G.S. 163-111. In a general election, the individuals having the highest number of votes for each office shall be declared elected to the office, and the certificate shall be issued accordingly. In a referendum, the ballot proposal receiving the highest number of votes shall be declared to have prevailed, and the certificate shall be issued accordingly;"

SECTION 14. G.S. 163-82.14(d) reads as rewritten:

"(d) Change of Address. – A county board of elections shall conduct a systematic program to remove from its list of registered voters those who have moved out of the county, and to update the registration records of persons who have moved within the county. The county board shall remove a person from its list if the registrant:

(1) Gives confirmation in writing of a change of address for voting purposes out of the county. "Confirmation in writing" for purposes of this subdivision shall include:
   a. A report to the county board from the Department of Transportation or from a voter registration agency listed in G.S. 163-82.20 that the voter has reported a change of address for voting purposes outside the county;
   b. A notice of cancellation received under G.S. 163-82.9; or
   c. A notice of cancellation received from an election jurisdiction outside the State.

(2) Fails to respond to a confirmation mailing sent by the county board in accordance with this subdivision and does not vote or appear to vote in an election beginning on the date of the notice and ending on the day after the date of the second general election for the United States House of Representatives that occurs after the date of the notice. A county board sends a confirmation notice in accordance with this subdivision if the notice:
   a. Is a postage prepaid and preaddressed return card, sent by forwardable mail, on which the registrant may state current address;
   b. Contains or is accompanied by a notice to the effect that if the registrant did not change residence but remained in the county, the registrant should return the card not later than the deadline for registration by mail in G.S. 163-82.6(c)(1); and
   c. Contains or is accompanied by information as to how the registrant may continue to be eligible to vote if the registrant has moved outside the county.

A county board shall send a confirmation mailing in accordance with this subdivision to every registrant after every congressional election if
the county board has not confirmed the registrant's address by another means.

(3) Any registrant who is removed from the list of registered voters pursuant to this subsection shall be reinstated if the voter appears to vote and gives oral or written affirmation that the voter has not moved out of the county but has maintained residence continuously within the county. That person shall be allowed to vote as provided in G.S. 163-82.15(f)."

SECTION 15. G.S. 163-82.4 reads as rewritten:

"§ 163-82.4. Contents of application form.

(a) Information Requested of Applicant. – The form required by G.S. 163-82.3(a) shall request the applicant's:

(1) Name,
(2) Date of birth,
(3) Residence address,
(4) County of residence,
(5) Date of application,
(6) Gender,
(7) Race,
(7a) Ethnicity,
(8) Political party affiliation, if any, in accordance with subsection (c) of this section,
(9) Telephone number (to assist the county board of elections in contacting the voter if needed in processing the application),
(10) Drivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant's social security number,

and any other information the State Board finds is necessary to enable officials of the county where the person resides to satisfactorily process the application. The form shall require the applicant to state whether currently registered to vote anywhere, and at what address, so that any prior registration can be cancelled. The portions of the form concerning race and ethnicity shall include as a choice any category shown by the most recent decennial federal census to compose at least one percent (1%) of the total population of North Carolina. The county board shall make a diligent effort to complete for the registration records any information requested on the form that the applicant does not complete, but no application shall be denied because an applicant does not state race, ethnicity, gender, or telephone number. The application shall conspicuously state that provision of the applicant's telephone number is optional. If the county board maintains voter records on computer, the free list provided under this subsection shall include telephone numbers if the county board enters the telephone number into its computer records of voters.

(a1) No Drivers License or Social Security Number Issued. – The State Board shall assign a unique identifier number to an applicant for voter registration if the applicant has not been issued either a current and valid drivers license or a social security number. That unique identifier number shall serve to identify that applicant for voter registration purposes.

(b) Notice of Requirements, Attestation, Notice of Penalty, and Notice of Confidentiality. – The form required by G.S. 163-82.3(a) shall contain, in uniform type, the following:
(1) A statement that specifies each eligibility requirement (including citizenship) and an attestation that the applicant meets each such requirement, with a requirement for the signature of the applicant, under penalty of a Class I felony under G.S. 163-275(13).

(2) A statement that, if the applicant declines to register to vote, the fact that the applicant has declined to register will remain confidential and will be used only for voter registration purposes.

(3) A statement that, if the applicant does register to vote, the office at which the applicant submits a voter registration application will remain confidential and will be used only for voter registration purposes.

(c) Party Affiliation or Unaffiliated Status. – The application form described in G.S. 163-82.3(a) shall provide a place for the applicant to state a preference to be affiliated with one of the political parties in G.S. 163-96, or a preference to be an "unaffiliated" voter. Every person who applies to register shall state his preference. If the applicant fails to declare a preference for a party or for unaffiliated status, that person shall be listed as "unaffiliated", except that if the person is already registered to vote in the county and that person's registration already contains a party affiliation, the county board shall not change the registrant's status to "unaffiliated" unless the registrant clearly indicates a desire in accordance with G.S. 163-82.17 for such a change. An unaffiliated registrant shall not be eligible to vote in any political party primary, except as provided in G.S. 163-119, but may vote in any other primary or general election. The application form shall so state.

(d) Citizenship and Age Questions. – Voter registration application forms shall include all of the following:

(1) The question "Are you a citizen of the United States of America?" and boxes for the applicant to check to indicate whether the applicant is or is not a citizen of the United States.

(2) The question "Will you be 18 years of age on or before election day?" and boxes for the applicant to check to indicate whether the applicant will be 18 years of age or older on election day.

(3) The statement "If you checked 'no' in response to either of these questions, do not complete this form."

(e) Correcting Registration Forms. – If the voter fails to answer the question set out in subdivision (1) of this subsection (d) of this section, the person filling out the registration voter shall be notified of the omission and given the opportunity to complete the form in a timely manner in order to be registered for the next election at any time before casting a vote in the election on election day. If the voter corrects that omission within that time, the voter may vote in the election."

SECTION 16. G.S. 163-132.1 reads as rewritten:

(a) Purpose. – The State of North Carolina shall participate in the 20002010 Census Redistricting Data Program, conducted pursuant to P.L. 94-171, of the United States Bureau of the Census, including Phase I (Block Boundary Suggestion Program) and Phase II (concerning the designation of precincts on 2000 Census maps or databases), so that the State will receive 20002010 Census data by voting precinct and be able to revise districts at all levels without splitting precincts and in compliance with the United States and North Carolina Constitutions and the Voting Rights Act of 1965, as amended.
(b) Phase I (Block Boundary Suggestion Program).—The State shall participate in the Block Boundary Suggestion Program of the United States Bureau of the Census so that the maps the Census Bureau will use in the 2000 Census will contain adequate features to permit reporting of Census data by precinct for use in the 2001 redistricting efforts. The Legislative Services Office shall send preliminary maps produced by the Census Bureau in preparation for the 2000 Census, as soon as practical after the maps are available, to the county boards of elections to determine which of their precincts have boundaries that are not coterminous with a physical feature, a current township boundary, or a current municipal boundary, as shown on those preliminary 2000 Census maps. The Legislative Services Office shall:

1. Assist county boards of elections in identifying the precincts with boundaries not shown on the preliminary Census maps and in identifying physical features the county boards may wish to have available for future precinct boundaries;
2. Place those boundaries and features on maps deemed appropriate by the State Board;
3. Request the U.S. Census Bureau to hold for census block identification in the 2000 U.S. Census all physical features the county boards have identified as current or potential precinct boundaries; and
4. Request the U.S. Census Bureau to hold for census block identification in the 2000 U.S. Census all other physical features already on 1990 Census maps.

(c) Phase II.—The State shall participate in Phase II of the 2000 Census Redistricting Data Program so that, to the extent practical, the precinct boundaries of all North Carolina counties will appear on the 2000 Census maps or database. The State’s effort shall be conducted as follows:

1. By January 1, 1998, or as soon thereafter as they become available, the Legislative Services Office shall provide the county boards of elections with access, on paper or electronically, to the Census Bureau's maps for Phase II of the Census Redistricting Data Program.
2. After receiving the maps, the county boards of elections shall designate their precinct lines along the lines the Census Bureau indicates on the maps it will hold as block boundaries for the 2000 Census. Where necessary, the county boards of elections shall alter precincts, including any precincts approved under the provisions of G.S. 163-132.1A, 163-132.2, or 163-132.3 or designated by local act, to conform to lines the Census Bureau indicates it will hold as Census block boundaries as shown on the official block maps to be used for the 2000 Census and to consist only of contiguous territory. The county boards of elections, at a time deemed necessary by the Executive Director of the State Board of Elections, shall file with the Legislative Services Office the maps on which they have designated their precincts pursuant to this subsection.
3. After examining the maps, the Legislative Services Office shall submit to the Executive Director of the State Board of Elections its opinion as to whether the county board of elections has complied with the provisions of this subsection, with notations as to where those boundaries do not comply with these standards.
(4) If the Executive Director determines that the county board of elections has complied, he shall approve the precinct boundaries as filed and those precincts shall be the official precincts.

(5) If the Executive Director determines that the county board of elections has not complied, he shall not approve those precinct boundaries but shall alter the precinct boundaries so that each precinct consists solely of contiguous territory and that each precinct's boundaries are coterminous with 2000 Census block boundaries nearest to the precinct boundaries shown by the county boards on the maps. These altered precincts shall then be the official precincts.

(6) Upon the adoption of a resolution by a county board of elections and instead of altering precinct lines as required by G.S. 163-132.1(c)(5), the Executive Director may combine for Census reporting purposes only two or more adjacent precincts of the county into a Combined Reporting Unit, if the Executive Director finds that:

a. The boundaries of the Combined Reporting Unit conform with the Census block boundaries as shown on the official block maps to be used in the 2000 Census;

b. The Combined Reporting Unit consists only of contiguous territory;

c. The precincts of which the Combined Reporting Unit consists were bounded as of January 1, 1996, by ridgelines, as certified on official county maps by the county manager of the relevant county, or if there is no county manager the chair of the board of commissioners, and the boundaries failed to comply with subdivision (2) of this subsection only because those ridgelines were unrecognized as Census block boundaries in the 2000 official Census maps;

d. The Combined Reporting Unit does not contain a majority of the territory of more than one township; and

e. To alter those precinct boundaries would result in significant voter dislocation.

If the Executive Director recognizes a Combined Reporting Unit for specific precincts, the official boundaries of those individual precincts forming the Combined Reporting Unit shall be those which the Legislative Services Office submitted to the Executive Director under subdivision (3) of this subsection.

(7) The Executive Director shall file the completed maps with the Census Bureau and request that the Census Bureau provide summaries of 2000 Census data by precinct and Combined Reporting Units.

(d) Freezing of Precincts.

(1) Notwithstanding the provisions of G.S. 163-132.3, after the Executive Director approves the precincts in accordance with subsection (c) of this section and before January 2, 2002, no county board of elections may establish, alter, discontinue, or create any precinct except by division of one precinct into two or more precincts using lines that the Census Bureau has indicated it will use as 2000 Census block boundaries for that division. Provided that, whenever an annexation ordinance adopted under Parts 1, 2, or 3 of Article 4A of Chapter 160A
of the General Statutes, or a local act of the General Assembly annexing property to a municipality, becomes effective during the period beginning with the date of the annexation as reported through the U.S. Census Bureau’s 1998 Boundary and Annexation Survey or a subsequent edition of that survey and ending January 2, 2002, and any part of the boundary of the area being annexed which is actually contiguous to the city is also a precinct boundary for elections administered by the county board of elections then the county board of elections may exercise one of the following options:

a. Direct by resolution that the annexed area is automatically moved into the “city precinct”, provided that if the annexed area is adjacent to more than one city precinct, the board of elections shall place the area in any one or more of the adjacent city precincts.

b. Adopt a resolution moving the precinct boundary to a line that the Census Bureau has indicated it will use as a 2000 block boundary.

(2) The Executive Director of the State Board of Elections may permit during the freeze a correction to a county’s precincts as they were approved pursuant to subsection (c) of this section where one of the following sets of conditions is present:

a. A precinct was designated pursuant to subsection (c) inaccurately, and the United States Bureau of the Census agrees to include the corrected precinct on its database for the 2000 Census.

b. The boundary of a precinct designated pursuant to subsection (c) of this section was subsequently removed by the United States Bureau of the Census as an acceptable feature for a precinct line based upon a determination by the Bureau that the feature did not exist as shown, and the county board of elections agrees by resolution to an alternative boundary for the precinct on a feature the Bureau does find acceptable.

(3) The county board of elections may move a precinct line from a township line to another line the Census Bureau has indicated will be a 2000 block boundary if a Boundary and Annexation Survey issued during the freeze shows that the township line has moved to a location the county board of elections considers unsuitable. This subdivision does not apply if local legislation enacted by the General Assembly governs the relationship between a county’s township lines and precinct lines.

(4) The county board of elections shall submit any proposed change made during the freeze under this subsection to the Legislative Services Office, which shall review the proposal and write a letter advising the Executive Director of its opinion as to the legal compliance of the proposal. If the proposal complies with the law, the Executive Director shall approve the proposal. No newly created or altered precinct boundary is effective until approved by the Executive Director as being in compliance with the provisions of this subsection.
Section 1672

(d1) Right to Postpone Effective Date Until January 1, 2000.—A county board of elections may postpone the effective date of the precincts designated in Phase II until January 1, 2000.

(d2) Special Permission to Postpone Effective Date Until January 1, 2001.—The Executive Director may permit a county board of elections to postpone the effective date of precinct lines designated under Phase II until January 1, 2001, upon written application by the county board of elections, if the Executive Director finds both of the following:

1. That the Phase II designated lines would create a split precinct in 2000 for county commissioner, board of education, judicial, State legislative, or congressional district elections and that a split could be avoided by using the pre-Phase II precinct.

2. That the county can provide reasonably reliable voter registration data for April and October of 2000 by the Phase II designated precincts.

In granting an exception under this subsection, the Executive Director shall allow an exception only for the precincts that would result in splits and for any adjacent precincts for which pre-Phase II precincts must be used to avoid geographic overlap or discontinuity. Every county board of elections granted an exception under this subsection shall provide to the State Board of Elections voter registration data for April and October of 2000 by the Phase II designated precincts.

(e) Municipal and Township Boundaries.—Notwithstanding the provisions of subsections (c) and (d) of this section, the county boards of elections may designate precinct boundaries on municipal or township boundaries that are not designated on the 2000 official Census block maps, according to directives promulgated by the Executive Director of the State Board of Elections and adopted to insure that all precincts shall be included on the 2000 Census database.

(f) Additional Rules. – In addition to the directives promulgated by the Executive Director of the State Board of Elections under G.S. 163-132.4, the Legislative Services Commission may promulgate rules to implement this section."

SECTION 17. G.S. 163-182.12 reads as rewritten:

"§ 163-182.12. Authority of State Board of Elections over protests.

The State Board of Elections may consider protests that were not filed in compliance with G.S. 163-182.9, may initiate and consider complaints on its own motion, may intervene and take jurisdiction over protests pending before a county board, and may take any other action necessary to assure that an election is determined without taint of fraud or corruption, without irregularities that may have changed the result of an election. Where a known group of voters cast votes that were lost beyond retrieval, the State Board of Elections may authorize a county board of elections to allow those voters to recast their ballots during a period of two weeks after the election. If the State Board approves a recasting of votes under this section, any procedures the county board uses to contact those voters and allow them to recast their votes shall be subject to approval by the State Board. Those recast votes shall be added to the returns and included in the canvass. The recasting of those votes shall not be deemed a new election for purposes of G.S. 163-182.13."

SECTION 18. Sections 2, 6, 7, 8, 10, 12, 13, 14, 15, and 16 of this act are effective when this act becomes law and apply to all primaries and elections held on or after that date. The remainder of this act becomes effective January 1, 2006, and applies to all primaries and elections held on or after that date.

Once the State, a local government, or the specific business has announced a commitment by the business to expand or locate a specific project in this State or a final decision not to do so and the business has communicated that commitment or decision to the State or local government agency involved with the project, the provisions of this subsection allowing public records to be withheld by the agency no longer apply. Once the provisions of this subsection no longer apply, the agency shall disclose as soon as practicable, and within 25 business days, public records requested for the announced project that are not otherwise made confidential by law. An announcement that a business or industrial project has committed to expand or locate in the State shall not require disclosure of local government records relating to the project if the business has not selected a specific location within the State for the project. Once a specific location for the project has been determined, local government records must be disclosed, upon request, in accordance with the provisions of this section. A candidate who exceeds either of these limits shall be ineligible to file a declaration of intent or receive funds from the Public Campaign Financing Fund.
(2) From the filing of a declaration of intent through the end of the qualifying period, a candidate may accept only qualifying contributions, contributions under ten dollars ($10.00) from North Carolina voters, and personal and family contributions permitted under subdivision (4) of this subsection. The total contributions the candidate may accept during this period shall not exceed the maximum qualifying contributions for that candidate. In addition to these contributions, the candidate may only expend during this period no more than an amount equal to the maximum qualifying contributions for that candidate, not including possible rescue funds or the remaining money raised pursuant to subdivision (1) of this subsection. Section 1679 Contributions a candidate may use to expend to that limit shall be
limited to qualifying contributions, and personal and family contributions permitted by subdivision (1) of this subsection.

(5) A candidate and the candidate's committee shall limit the use of all revenues permitted by this subsection to expenditures for campaign-related purposes only. The Board shall publish guidelines outlining permissible campaign-related expenditures. In establishing those guidelines, the Board shall differentiate expenditures that reasonably further a candidate's campaign from expenditures for personal use that would be incurred in the absence of the candidacy. In establishing the guidelines, the Board shall review relevant provisions of G.S. 163-278.42(e), the Federal Election Campaign Act, and rules adopted pursuant to it, and similar provisions in other states.

(6) Any contribution received by a participating or certified candidate that falls outside that permitted by this subsection shall be returned to the donor as soon as practicable. Contributions intentionally made, solicited, or accepted in violation of this Article are subject to civil penalties as specified in G.S. 163-278.70. The funds involved shall be forfeited to the Civil Penalty and Forfeiture Fund.

(7) A candidate shall return to the Fund any amount distributed for an election that is unspent and uncommitted at the date of the election, or at the time the individual ceases to be a certified candidate, whichever occurs first. For accounting purposes, all qualifying, personal, and family contributions shall be considered spent before revenue from the Fund is spent or committed."

SECTION 6. G.S. 163-278.69(a) reads as rewritten:

"(a) Judicial Voter Guide. – The Board shall publish a Judicial Voter Guide that explains the functions of the appellate courts and the laws concerning the election of appellate judges, the purpose and function of the Public Campaign Financing Fund, and the laws concerning voter registration. This section applies to Articles 22B, 22D, 22E, and 22F of the General Statutes to the same extent that it applies to this Article."

The entity that is the subject of the complaint will be given an opportunity to respond to the complaint before any action is taken requiring compliance.

The Executive Director of the Board of Elections shall issue written opinions to candidates, the communications media, political committees, referendum committees, or other entities upon request, regarding filing procedures and compliance with this Article. Any such opinion so issued shall specifically refer to this paragraph. Nothing in this paragraph shall be construed to prohibit or delay the regular and timely filing of reports. If the total amount of invoices submitted to the Board and approved for payment exceeds the amount in the Wireless Fund in any month, CMRS providers that have invoices approved for payment shall receive a pro rata share of the Wireless Fund, based on the relative amount of their approved invoices available that month, and the balance of the payments will be carried over to the following month or months and shall include interest at a rate equal to the rate earned by the Wireless Fund until all of the approved payments are made.

If a CMRS provider or PSAP does not cease making unauthorized expenditures or refuses to refund improperly spent moneys, the Board may suspend funding to the provider or PSAP until corrective action is taken."

AN ACT TO GRANT CERTAIN COUNTIES THE AUTHORITY TO DEFINE NOXIOUS AQUATIC WEED CONTROL SERVICE DISTRICTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-301 is amended by adding a new subsection to read:
"(e) The board of commissioners of a county that adjoins or contains a lake, river, or tributary of a river or lake that has an identified noxious aquatic weed problem may define any number of noxious aquatic weed control service districts composed of property that is contiguous to the water or that provides direct access to the water through a shared, certified access site to the water. As used in this subsection, the term "noxious aquatic weed" is any plant organism identified by the Secretary of Environment and Natural Resources under G.S. 113A-222 or regulated as a plant pest by the Commissioner of Agriculture under Article 36 of Chapter 106 of the General Statutes."

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 23rd day of August, 2005.

Became law upon approval of the Governor at 3:08 p.m. on the 27th day of September, 2005.

H.B. 1029 Session Law 2005-441

AN ACT FACILITATING THE ESTABLISHMENT OF LOCAL GOVERNMENT PROGRAMS TO CLEAR STREAMS BY CLARIFYING LOCAL GOVERNMENT LIABILITY FOR SUCH ACTIONS AND TO ALLOW THE VILLAGE OF CLEMMONS AND THE TOWN OF KERNERSVILLE TO COLLECT DELINQUENT STORMWATER UTILITY FEES IN THE SAME MANNER AS IT MAY COLLECT DELINQUENT PERSONAL AND REAL PROPERTY TAXES.

Whereas, the clearing of obstructions in streams, such as dead trees, fallen tree limbs, root balls, underbrush, and trash and debris furthers the health, safety, and welfare of the State's citizens by allowing such streams to function more efficiently to remove stormwater, thus reducing flooding; and

Whereas, local governments are deterred from engaging in stream-clearing activities by the possibility that they will become legally responsible for regular stream clearing, or the possibility that they will become legally responsible for the impact on private properties of natural events such as flooding, which have never been the legal responsibility of local governments; and

Whereas, many private landowners do not have the resources to clear obstructions from the streams that are located on their property, and it is in the public interest to facilitate the establishment of stream-clearing programs by local governments; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Article 6 of Chapter 153A of the General Statutes is amended by adding a new section to read:

"§ 153A-140.1. Stream-clearing programs.
(a) A county shall have the authority to remove natural and man-made obstructions in stream channels and in the floodway of streams that may impede the passage of water during rain events.
(b) The actions of a county to clear obstructions from a stream shall not create or increase the responsibility of the county for the clearing or maintenance of the stream, or for flooding of the stream. In addition, actions by a county to clear obstructions from
a stream shall not create in the county any ownership in the stream, obligation to control the stream, or affect any otherwise existing private property right, responsibility, or entitlement regarding the stream. These provisions shall not relieve a county for negligence that might be found under otherwise applicable law.

(c) Nothing in this section shall be construed to affect existing rights of the State to control or regulate streams or activities within streams. In implementing a stream-clearing program, the county shall comply with all requirements in State or federal statutes and rules."

SECTION 2. Article 8 of Chapter 160A of the General Statutes is amended by adding a new section to read:

(a) A city shall have the authority to remove natural and man-made obstructions in stream channels and in the floodway of streams that may impede the passage of water during rain events.
(b) The actions of a city to clear obstructions from a stream shall not create or increase the responsibility of the city for the clearing or maintenance of the stream, or for flooding of the stream. In addition, actions by a city to clear obstructions from a stream shall not create in the city any ownership in the stream, obligation to control the stream, or affect any otherwise existing private property right, responsibility, or entitlement regarding the stream. These provisions shall not relieve a city for negligence that might be found under otherwise applicable law.
(c) Nothing in this section shall be construed to affect otherwise existing rights of the State to control or regulate streams or activities within streams. In implementing a stream-clearing program, the city shall comply with all requirements in State or federal statutes and rules."

SECTION 3.(a) G.S. 160A-314(a1) reads as rewritten:

"(a1) (1) Before it establishes or revises a schedule of rates, fees, charges, or penalties for stormwater management programs and structural and natural stormwater and drainage systems under this section, the city council shall hold a public hearing on the matter. A notice of the hearing shall be given at least once in a newspaper having general circulation in the area, not less than seven days before the public hearing. The hearing may be held concurrently with the public hearing on the proposed budget ordinance.
(2) The fees established under this subsection must be made applicable throughout the area of the city. Schedules of rates, fees, charges, and penalties for providing stormwater management programs and structural and natural stormwater and drainage system service may vary according to whether the property served is residential, commercial, or industrial property, the property's use, the size of the property, the area of impervious surfaces on the property, the quantity and quality of the runoff from the property, the characteristics of the watershed into which stormwater from the property drains, and other factors that affect the stormwater drainage system. Rates, fees, and charges imposed under this subsection may not exceed the city's cost of providing a stormwater management program and a structural and natural stormwater and drainage system. The city's cost of providing a stormwater management program and a structural and natural stormwater and drainage system includes any costs necessary to assure
that all aspects of stormwater quality and quantity are managed in accordance with federal and State laws, regulations, and rules.

(3) No stormwater utility fee may be levied under this subsection whenever two or more units of local government operate separate stormwater management programs or separate structural and natural stormwater and drainage system services in the same area within a county. However, two or more units of local government may allocate among themselves the functions, duties, powers, and responsibilities for jointly operating a stormwater management program and structural and natural stormwater and drainage system service in the same area within a county, provided that only one unit may levy a fee for the service within the joint service area. For purposes of this subsection, a unit of local government shall include a regional authority providing stormwater management programs and structural and natural stormwater and drainage system services.

(4) A city may adopt an ordinance providing that any fee imposed under this subsection may be billed with property taxes, may be payable in the same manner as property taxes, and, in the case of nonpayment, may be collected in any manner by which delinquent personal or real property taxes can be collected. If an ordinance states that delinquent fees can be collected in the same manner as delinquent real property taxes, the fees are a lien on the real property described on the bill that includes the fee.

SECTION 3. (b) G.S. 160A-314(c) reads as rewritten:
"(c) Except as provided in subsections (a1) and (d) of this section and G.S. 160A-314.1, rents, rates, fees, charges, and penalties for enterprisory services shall be legal obligations of the person contracting for them, and shall in no case be a lien upon the property or premises served, provided that no contract shall be necessary in the case of structural and natural stormwater and drainage systems."

SECTION 4. This act is effective when it becomes law and applies to stream-clearing activities commenced on or after that date. Section 3 of this act applies only to the Town of Kernersville and the Village of Clemmons.

In the General Assembly read three times and ratified this the 23rd day of August, 2005.

Became law upon approval of the Governor at 3:10 p.m. on the 27th day of September, 2005.

Whereas, Fort Bragg is the home of the U.S. Army Special Operations Command, the U.S. Army John F. Kennedy Special Warfare Center and School, and of all Army Special Forces soldiers; and
Whereas, Pope Air Force Base and the 317th Airlift Wing play a vital role in our nation's defense by providing the means to deliver troops and equipment wherever needed in the world; and
Whereas, North Carolina is the home of Camp Lejeune, one of the nation's largest Marine Corps bases, and provides the training necessary to keep the Marines in a high state of readiness for any mission; and
Whereas, North Carolina is the home of Seymour Johnson Air Force Base, the base of an active air combat wing that can deploy worldwide on short notice and immediately generate combat power; and
Whereas, North Carolina is the home of the largest Marine Corps air station in the world, Cherry Point Marine Corps Air Station, and is the home of the 2nd Marine Corps Aircraft Wing, the Naval Air Depot, and the Marine Corps Air Station at New River; and
Whereas, North Carolina is the home of several United States Coast Guard stations, including the United States Coast Guard Air Station at Elizabeth City, with missions that include search and rescue, international ice patrol, maritime law enforcement, aids to navigation, and environmental response; and
Whereas, North Carolina ranks high in the United States with 4.5% of the total military payroll, and defense spending in the 2002 federal fiscal year in North Carolina was approximately $6.7 billion; and
Whereas, the military in North Carolina materially affects North Carolina's economy, generating approximately $18 billion per year; Now, therefore,

The General Assembly of North Carolina enacts:

PART I. FINDINGS.

SECTION 1.1. The General Assembly expresses its appreciation to the Department of Defense for the military bases and installations that are located in the State of North Carolina and that are vital parts of the national defense of the United States.

SECTION 1.2. The General Assembly declares its full support for its military installations and acknowledges the important role of the military in North Carolina's economy.

SECTION 1.3. The General Assembly has enacted several recent acts to accommodate the military and intends to continue:
(1) S.L. 2004-203, Section 80 (deployed personnel get extension to renew occupational licenses).
(2) S.L. 2004-130 (active duty personnel get in-State tuition rate at universities and community colleges; dependent relative continues to receive in-State rate if member reassigned; nonresident North Carolina National Guard members get in-State rate).
(3) S.L. 2003-152 (DMV to have a military designation for drivers licenses; allow renewal by mail).

SECTION 1A.1.(c) Funds distributed to a military installation exchange under this section must be deposited in the Military Morale, Recreation, and Welfare Fund for that installation and used only for community services and other expenditures
to improve quality of life programs for military members and their families in North Carolina.

SECTION 1A.3. This part becomes effective July 1, 2006.

PART II. ENCOURAGE CERTAIN OCCUPATIONAL LICENSING BOARDS TO DEVELOP POLICIES FOR EXPEDITING THE LICENSING PROCESS FOR MILITARY SPOUSES.

SECTION 2.1. Findings. – The General Assembly finds that:
(1) According to the Department of Defense, the unemployment rate of military spouses is three times greater than the average American spouse in the same age group;
(2) The mobile military lifestyle causes some military spouses to endure long periods of unemployment and, thus, loss of income; and
(3) Professional licensing requirements often differ among states, which in turn may limit career advancement or deter reentry into the workforce for military families moving to new locations.

SECTION 2.2.(a) In an effort to support military personnel and their families, each occupational licensing board in this State is encouraged to develop policies that would make the licensing process for military spouses more efficient and expedient. In expediting the licensing process, an occupational licensing board shall review its current licensing process especially as it relates to military personnel. After reviewing the licensing process, the licensing board may develop and implement policies regarding licensure that provide for assistance to military spouses and dependents to ensure a smooth process when military families move into this State or are transferred out of this State. Implementation of these policies shall not apply to occupational licensing boards regulating health care professionals.

SECTION 2.2.(b) This section does not apply to health professions or to teaching.

PART III. NEIT/FIT.

SECTION 3. G.S. 115D-5.1 is amended by adding a new subsection to read:
"(b1) Notwithstanding any other provision of law, the State Board of Community Colleges may adopt rules and guidelines that allow the New and Expanding Industry Training Program and the Focused Industrial Training Program to use funds appropriated for those programs to support training projects for the various branches of the United States Armed Forces."

PART IV. ALLOWING MEMBERS OF THE ARMED FORCES TO TERMINATE RENTAL AGREEMENTS EARLY WHEN BEING DEPLOYED.

SECTION 4.1. G.S. 42-45 reads as rewritten:
"§ 42-45. Early termination of rental agreement by military personnel.
(a) Any member of the United States Armed Forces who (i) is required to move pursuant to permanent change of station orders to depart 50 miles or more from the

The notice to the landlord must be accompanied by either a copy of the official military orders or a written verification signed by the member's commanding officer.

(a1) Any member of the United States Armed Forces who is deployed with a military unit for a period of not less than 90 days may terminate his rental agreement for a dwelling unit by providing the landlord with a written notice of termination. The notice to the landlord must be accompanied by either a copy of the official military orders or a written verification signed by the member's commanding officer. Termination of a lease pursuant to this subsection is effective 30 days after the first date on which the next rental payment is due or 45 days after the landlord's receipt of the notice, whichever is shorter, and payable after the date on which the notice of termination is delivered.

(a2) Upon termination of a rental agreement under this section, the tenant is liable for the rent due under the rental agreement prorated to the effective date of the termination payable at such time as would have otherwise been required by the terms of the rental agreement. The tenant is not liable for any other rent or damages due to the early termination of the tenancy except the liquidated damages provided in subsection (b) of this section. If a member terminates the rental agreement pursuant to this section 14 or more days prior to occupancy, no damages or penalties of any kind shall be due.

(b) In consideration of early termination of the rental agreement, the tenant is liable to the landlord for liquidated damages provided the tenant has completed less than nine months of the tenancy and the landlord has suffered actual damages due to loss of the tenancy. The liquidated damages shall be in an amount no greater than one month's rent if the tenant has completed less than six months of the tenancy as of the effective date of termination, or one-half of one month's rent if the tenant has completed at least six but less than nine months of the tenancy as of the effective date of termination.

(c) The provisions of this section may not be waived or modified by the agreement of the parties under any circumstances. Nothing in this section shall affect the rights established by G.S. 42-3."

SECTION 4.2. Section 4.1 of this act applies to rental agreements entered into or renewed on or after the date this act becomes law.

The State Board shall evaluate the effectiveness of alternative learning programs and, in its discretion, of any other programs funded from the Alternative Schools/At-Risk Student allotment. Local school administrative units shall report to the State Board of Education on how funds in the Alternative Schools/At-Risk Student allotment are spent and shall otherwise cooperate with the State Board of Education in evaluating the alternative learning programs. As part of its evaluation of the effectiveness of these programs, the State Board shall, through the application of the accountability system developed under G.S. 115C-105.35, measure the educational performance and growth of students placed in alternative schools and alternative

In developing these guidelines, local boards shall consider the State Board’s policies and guidelines standards developed under G.S. 115C-12(24). Upon adoption of policies and guidelines under this subdivision, local boards are encouraged to incorporate them in their safe school plans developed under G.S. 115C-105.47.

The General Assembly of North Carolina enacts:

SECTION 1. (a) There is established the Study Committee on Workers' Compensation Benefits. The Committee shall study disability benefits available under the Workers' Compensation Act, including the following:

(1) The appropriate coverage and benefit levels, including the level of scheduled payments under G.S. 97-31, the appropriateness of
cost-of-living adjustments, and a comparison of workers' compensation benefits in other states.

(2) How the workers' compensation system functions with other disability benefits, including social security and private disability.

(3) Employment issues and their relationship to the current workers' compensation system.

(1) Six appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives.

(2) Six appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate.

Vacancies in membership shall be filled by the original appointing authority. The Committee, while in the discharge of its official duties, may exercise all powers provided for under G.S. 120-19 and G.S. 120-19.1 through G.S. 120-19.4. The Committee may contract for professional, clerical, or consultant services as provided by G.S. 120-32.02.

**SECTION 1.(c)** Subject to the approval of the Legislative Services Commission, the Committee may meet in the Legislative Building or the Legislative Office Building. The House of Representatives' and the Senate's Supervisors of Clerks shall assign clerical support staff to the Committee, and the expenses relating to clerical employees shall be borne by the Committee. Members of the Committee shall receive subsistence and travel expenses at the rates set forth in G.S. 120-3.1, 138-5, or 138-6, as appropriate.

**SECTION 1.(d)** The Committee shall report to the 2006 Regular Session of the 2005 General Assembly upon its convening and shall make its final report to the 2007 General Assembly upon its convening. Progress and final reports of the Commission may include recommended legislation. The Committee shall terminate upon the convening of the 2007 General Assembly.

**SECTION 1.(e)** Of the funds appropriated to the General Assembly, the Legislative Services Commission shall allocate funds for the expenses of the Committee established by this act.

**SECTION 2.** G.S. 97-12 reads as rewritten:

"§ 97-12. Use of intoxicant or controlled substance; willful neglect; willful disobedience of statutory duty, safety regulation or rule.

No compensation shall be payable if the injury or death to the employee was proximately caused by:

(1) His intoxication, provided the intoxicant was not supplied by the employer or his agent in a supervisory capacity to the employee; or

(2) His being under the influence of any controlled substance listed in the North Carolina Controlled Substances Act, G.S. 90-86, et seq., where such controlled substance was not by prescription by a practitioner; or

(3) His willful intention to injure or kill himself or another."
When the injury or death is caused by the willful failure of the employer to comply with any statutory requirement or any lawful order of the Commission, compensation shall be increased ten percent (10%). When the injury or death is caused by the willful failure of the employee to use a safety appliance or perform a statutory duty or by the willful breach of any rule or regulation adopted by the employer and approved by the Commission and brought to the knowledge of the employee prior to the injury compensation shall be reduced ten percent (10%).

"Intoxication" and "under the influence" shall mean that the employee shall have consumed a sufficient quantity of intoxicating beverage or controlled substance to cause the employee to lose the normal control of his or her bodily or mental faculties, or both, to such an extent that there was an appreciable impairment of either or both of these faculties at the time of the injury.

A result consistent with "intoxication" or being "under the influence" from a blood or other medical test conducted in a manner generally acceptable to the scientific community and consistent with applicable State and federal law, if any, shall create a rebuttable presumption of impairment from the use of alcohol or a controlled substance.

SECTION 3.  G.S. 97-17(b) reads as rewritten:

"(b) The Commission shall not approve a settlement agreement under this section, unless all of the following conditions are satisfied:

1. The settlement agreement is deemed by the Commission to be fair and just, and that the interests of all of the parties and of any person, including a health benefit plan that paid medical expenses of the employee have been considered.

2. The settlement agreement contains a list of all of the known medical expenses of the employee related to the injury to the date of the settlement agreement, including medical expenses that the employer or carrier disputes, and a list of medical expenses, if any, that will be paid by the employer under the settlement agreement.

3. The settlement agreement contains a finding that the positions of all of the parties to the agreement are reasonable as to the payment of medical expenses.

It is not necessary, however, to satisfy the condition in subdivision (2) of this subsection when in the settlement agreement the employer agrees to pay all medical expenses of the employee related to the injury to the date of the settlement agreement.

SECTION 4.  G.S. 97-18 reads as rewritten:

"§ 97-18.  Prompt payment of compensation required; installments; payment without prejudice; notice to Commission; penalties.

(a) Compensation under this Article shall be paid periodically, promptly and directly to the person entitled thereto unless otherwise specifically provided.

(b) When the employer or insurer admits the employee's right to compensation, the first installment of compensation payable by the employer shall become due on the fourteenth day after the employer has written or actual notice of the injury or death, on which date all compensation then due shall be paid. Compensation thereafter shall be paid in installments weekly except where the Commission determines that payment in installments should be made monthly or at some other period. Upon paying the first installment of compensation and upon suspending, reinstating, changing, or modifying such compensation for any cause, the insurer shall immediately notify the Commission, on a form prescribed by the Commission, that compensation has begun, or has been
suspended, reinstated, changed, or modified. A copy of each notice shall be provided to the employee. The first notice of payment to the Commission shall contain the date and nature of the injury, the average weekly wages of the employee, the weekly compensation rate, the date the disability resulting from the injury began, and the date compensation commenced.

(c) If the employer or insurer denies the employee's right to compensation, the employer or insurer shall notify the Commission, on or before the fourteenth day after it has written or actual notice of the injury or death, or within such reasonable additional time as the Commission may allow, and advise the employee in writing of its refusal to pay compensation on a form prescribed by the Commission. This notification shall (i) include the name of the employee, the name of the employer, the date of the alleged injury or death, the insurer on the risk, if any, and a detailed statement of the grounds upon which the right to compensation is denied, and (ii) advise the employee of the employee's right to request a hearing pursuant to G.S. 97-83.

(d) In any claim for compensation in which the employer or insurer is uncertain on reasonable grounds whether the claim is compensable or whether it has liability for the claim under this Article, the employer or insurer may deny the claim in good faith or initiate compensation payments without prejudice and without admitting liability. The initial payment shall be accompanied by a form prescribed by and filed with the Commission, stating that the payments are being made without prejudice. Payments made pursuant to this subsection may continue until the employer or insurer contests or accepts liability for the claim or 90 days from the date the employer has written or actual notice of the injury or death, whichever occurs first, unless an extension is granted pursuant to this section. Prior to the expiration of the 90-day period, the employer or insurer may upon reasonable grounds apply to the Commission for an extension of not more than 30 days. The initiation of payment does not affect the right of the employer or insurer to continue to investigate or deny the compensability of the claim or its liability therefor during this period. If at any time during the 90-day period or extension thereof, the employer or insurer contests the compensability of the claim or its liability therefor, it may suspend payment of compensation and shall promptly notify the Commission and the employee on a form prescribed by the Commission. The employer or insurer must provide on the prescribed form a detailed statement of its grounds for denying compensability of the claim or its liability therefor. If the employer or insurer does not contest the compensability of the claim or its liability therefor within 90 days from the date it first has written or actual notice of the injury or death, or within such additional period as may be granted by the Commission, it waives the right to contest the compensability of and its liability for the claim under this Article. However, the employer or insurer may contest the compensability of or its liability for the claim after the 90-day period or extension thereof when it can show that material evidence was discovered after that period that could not have been reasonably discovered earlier, in which event the employer or insurer may terminate or suspend compensation subject to the provisions of G.S. 97-18.1.

(e) The first installment of compensation payable under the terms of an award by the Commission, or under the terms of a judgment of the court upon an appeal from such an award, shall become due 10 days from the day following expiration of the time for appeal from the award or judgment or the day after notice waiving the right of appeal by all parties has been received by the Commission, whichever is sooner. Thereafter compensation shall be paid in installments weekly, except where the
Commission determines that payment in installments shall be made monthly or in some other manner.

(f) The employer's or insurer's grounds for contesting the employee's claim or its liability therefor as specified in the notice suspending compensation under subsection (d) of this section are the only bases for the employer's or insurer's defense on the issue of compensability in a subsequent proceeding, unless the defense is based on newly discovered material evidence that could not reasonably have been discovered prior to the notice suspending compensation.

(g) If any installment of compensation is not paid within 14 days after it becomes due, there shall be added to such unpaid installment an amount equal to ten per centum (10%) thereof, which shall be paid at the same time as, but in addition to, such installment, unless such nonpayment is excused by the Commission after a showing by the employer that owing to conditions over which he had no control such installment could not be paid within the period prescribed for the payment.

(h) Within 16 days after final payment of compensation has been made, the employer or insurer shall send to the Commission and the employee a notice, in accordance with a form prescribed by the Commission, stating that such final payment has been made, the total amount of compensation paid, the name of the employee and of any other person to whom compensation has been paid, the date of the injury or death, and the date to which compensation has been paid. If the employer or insurer fails to so notify the Commission or the employee within such time, the Commission shall assess against such employer or insurer a civil penalty in the amount of twenty-five dollars ($25.00). The clear proceeds of civil penalties assessed pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(i) If any bill for services rendered under G.S. 97-25 by any provider of health care is not paid within 60 days after it has been approved by the Commission and returned to the responsible party, or within 60 days after it was properly submitted, in accordance with the provisions of this Article, to an insurer or managed care organization responsible for direct reimbursement pursuant to G.S. 97-26(g), there shall be added to such unpaid bill an amount equal to ten per centum (10%) thereof, which shall be paid at the same time as, but in addition to, such medical bill, unless such late payment is excused by the Commission.

(j) The employer or insurer shall promptly investigate each injury reported or known to the employer and at the earliest practicable time shall admit or deny the employee's right to compensation or commence payment of compensation as provided in subsections (b), (c), or (d) of this section. When an employee files a claim for compensation with the Commission, the Commission may order reasonable sanctions against an employer or insurer which does not, within 30 days following notice from the Commission of the filing of a claim, or within such reasonable additional time as the Commission may allow, do one of the following:

(1) Notify the Commission and the employee in writing that it is admitting the employee's right to compensation and, if applicable, satisfy the requirements for payment of compensation under subsection (b) of this section.

(2) Notify the Commission and the employee that it denies the employee's right to compensation consistent with subsection (c) of this section.

(3) Initiate payments without prejudice and without liability and satisfy the requirements of subsection (d) of this section.
For purposes of this subsection, reasonable sanctions shall not prohibit the employer or insurer from contesting the compensability of or its liability for the claim.

SECTION 5. G.S. 97-26 is amended by adding a new subsection to read:

"(i) Resolution of Dispute. – The employee or health care provider may apply to the Commission by motion or for a hearing to resolve any dispute regarding the payment of charges for medical compensation in accordance with this Article."

SECTION 6.1. Article 1 of Chapter 97 of the General Statutes is amended by adding a new section to read:

"§ 97-25.6. Reasonable access to medical information.

Notwithstanding the provisions of G.S. 8-53, any law relating to the privacy of medical records or information, and the prohibition against ex parte communications at common law, an employer or insurer paying medical compensation to a provider rendering treatment under this Article may obtain records of the treatment without the express authorization of the employee. In addition, with written notice to the employee, the employer or insurer may obtain directly from a medical provider medical records of evaluation or treatment restricted to a current injury or current condition for which an employee is claiming compensation from that employer under this Article.

Any medical records or reports, restricted to conditions related to the injury or illness for which the employee is seeking compensation, in the possession of the employee shall be furnished by the employee to the employer when requested in writing by the employer.

An employer or insurer paying compensation for an admitted claim or paying without prejudice pursuant to G.S. 97-18(d) may communicate with an employee's medical provider in writing, limited to specific questions promulgated by the Commission, to determine, among other information, the diagnosis for the employee's condition, the reasonable and necessary treatment, the anticipated time that the employee will be out of work, the relationship, if any, of the employee's condition to the employment, the restrictions from the condition, the kind of work for which the employee may be eligible, the anticipated time the employee will be restricted, and the permanent impairment, if any, as a result of the condition. When these questions are used, a copy of the written communication shall be provided to the employee at the same time and by the same means as the communication is provided to the provider.

Other forms of communication with a medical provider may be authorized by (i) a valid written authorization voluntarily given and signed by the employee, (ii) by agreement of the parties, or (iii) by order of the Commission issued upon a showing that the information sought is necessary for the administration of the employee's claim and is not otherwise reasonably obtainable under this section or through other provisions for discovery authorized by the Commission's rules. In adopting rules or authorizing employer communications with medical providers, the Commission shall protect the employee's right to a confidential physician-patient relationship while facilitating the release of information necessary to the administration of the employee's claim.

Upon motion by an employee or provider from whom medical records or reports are sought or upon its own motion, for good cause shown, the Commission may make any order which justice requires to protect an employee or other person from unreasonable annoyance, embarrassment, oppression, or undue burden or expense."

SECTION 6.2. G.S. 97-25 reads as rewritten:

"§ 97-25. Medical treatment and supplies.

Medical compensation shall be provided by the employer. Notwithstanding the provisions of G.S. 8-53, any law relating to the privacy of medical records or
information, and the prohibition against ex parte communications at common law, an employer paying medical compensation to a provider rendering treatment under this Chapter may obtain records of the treatment without the express authorization of the employee. In case of a controversy arising between the employer and employee relative to the continuance of medical, surgical, hospital, or other treatment, the Industrial Commission may order such further treatments as may in the discretion of the Commission be necessary.

The Commission may at any time upon the request of an employee order a change of treatment and designate other treatment suggested by the injured employee subject to the approval of the Commission, and in such a case the expense thereof shall be borne by the employer upon the same terms and conditions as hereinbefore provided in this section for medical and surgical treatment and attendance.

The refusal of the employee to accept any medical, hospital, surgical or other treatment or rehabilitative procedure when ordered by the Industrial Commission shall bar said employee from further compensation until such refusal ceases, and no compensation shall at any time be paid for the period of suspension unless in the opinion of the Industrial Commission the circumstances justified the refusal, in which case, the Industrial Commission may order a change in the medical or hospital service.

If in an emergency on account of the employer's failure to provide the medical or other care as herein specified a physician other than provided by the employer is called to treat the injured employee, the reasonable cost of such service shall be paid by the employer if so ordered by the Industrial Commission.

Provided, however, if he so desires, an injured employee may select a physician of his own choosing to attend, prescribe and assume the care and charge of his case, subject to the approval of the Industrial Commission.

SECTION 7. G.S. 97-82(a) reads as rewritten:

"(a) If the employer and the injured employee or his dependents reach an agreement in regard to compensation under this Article, they may enter into a memorandum of the agreement in the form prescribed by the Commission.

An agreement, however, shall be incorporated into a memorandum of agreement in regard to compensation: (i) for loss or permanent injury, disfigurement, or permanent and total disability under G.S. 97-31, (ii) for death from a compensable injury or occupational disease under G.S. 97-38, or (iii) when compensation under this Article is paid or payable to an employee who is incompetent or under 18 years of age.

The memorandum of agreement, accompanied by a full and complete medical report, the material medical and vocational records, shall be filed with and approved by the Commission; otherwise such agreement shall be voidable by the employee or his dependents."

SECTION 8. G.S. 97-88.2 is amended by adding a new subsection to read:

"(a1) When a person is convicted under subsection (a) of this section, the Commission may enter such orders as necessary to ensure that the person convicted does not benefit from the unlawful conduct."

SECTION 9. It is the intent of the General Assembly to provide the North Carolina Industrial Commission with adequate resources by establishing new positions to assist the Commission in performing its important task.

AN ACT TO PROVIDE THAT A PERSON CHARGED WITH MULTIPLE OFFENSES UNDER CERTAIN CIRCUMSTANCES MAY HAVE THOSE CHARGES EXPUNGED IF THE CHARGES ARE SUBSEQUENTLY DISMISSED OR FINDINGS OF NOT GUILTY OR NOT RESPONSIBLE ARE ENTERED AT THE SAME TERM OF COURT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 15A-146 reads as rewritten:

"§ 15A-146. Expunction of records when charges are dismissed or there are findings of not guilty.

(a) If any person is charged with a crime, either a misdemeanor or a felony, or was charged with an infraction under G.S. 18B-302(i) prior to December 1, 1999, and the charge is dismissed, or a finding of not guilty or not responsible is entered, that person may apply to the court of the county where the charge was brought for an order to expunge from all official records any entries relating to his apprehension or trial. The court shall hold a hearing on the application and, upon finding that the person had not previously received an expungement under this section, G.S. 15A-145, or G.S. 90-96, and that the person had not previously been convicted of any felony under the laws of the United States, this State, or any other state, the court shall order the expunction. No person as to whom such an order has been entered shall be held thereafter under any provision of any law to be guilty of perjury, or to be guilty of otherwise giving a false statement or response to any inquiry made for any purpose, by reason of his failure to recite or acknowledge any expunged entries concerning apprehension or trial.

(a1) Notwithstanding subsection (a) of this section, if a person is charged with multiple offenses and all the charges are dismissed, or findings of not guilty or not responsible are made, then a person may apply to have each of those charges expunged if the offenses occurred within the same 12-month period of time or if the charges are dismissed or findings are made at the same term of court. Unless circumstances
otherwise clearly provide, the phrase "term of court" shall mean one week for superior court and one day for district court. There is no requirement that the multiple offenses arise out of the same transaction or occurrence or that the multiple offenses were consolidated for judgment. The court shall hold a hearing on the application. If the court finds that the person had not previously received an expungement under this subsection, that the person had not previously received an expungement under G.S. 15A-145 or G.S. 90-96, and that the person had not previously been convicted of any felony under the laws of the United States, this State, or any other state, the court shall order the expunction. No person as to whom such an order has been entered shall be held thereafter under any provision of any law to be guilty of perjury, or to be guilty of otherwise giving a false statement or response to any inquiry made for any purpose, by reason of his failure to recite or acknowledge any expunged entries concerning apprehension or trial.

(b) The court may also order that the said entries shall be expunged from the records of the court, and direct all law-enforcement agencies bearing record of the same to expunge their records of the entries. The clerk shall forward a certified copy of the order to the sheriff, chief of police, or other arresting agency. The sheriff, chief or head of such other arresting agency shall then transmit the copy of the order with the form supplied by the State Bureau of Investigation to the State Bureau of Investigation, and the State Bureau of Investigation shall forward the order to the Federal Bureau of Investigation. The costs of expunging these records shall not be taxed against the petitioner.

(b1) Any person entitled to expungement under this section may also apply to the court for an order expunging DNA records when the person's case has been dismissed by the trial court and the person's DNA record or profile has been included in the State DNA Database and the person's DNA sample is stored in the State DNA Databank. A copy of the application for expungement of the DNA record or DNA sample shall be served on the district attorney for the judicial district in which the felony charges were brought not less than 20 days prior to the date of the hearing on the application. If the application for expungement is granted, a certified copy of the trial court's order dismissing the charges shall be attached to an order of expungement. The order of expungement shall include the name and address of the defendant and the defendant's attorney and shall direct the SBI to send a letter documenting expungement as required by subsection (b2) of this section.

(b2) Upon receiving an order of expungement entered pursuant to subsection (b1) of this section, the SBI shall purge the DNA record and all other identifying information from the State DNA Database and the DNA sample stored in the State DNA Databank covered by the order, except that the order shall not apply to other offenses committed by the individual that qualify for inclusion in the State DNA Database and the State DNA Databank. A letter documenting expungement of the DNA record and destruction of the DNA sample shall be sent by the SBI to the defendant and the defendant's attorney at the address specified by the court in the order of expungement.

(c) The Clerk of Superior Court in each county in North Carolina shall, as soon as practicable after each term of court in his county, file with the Administrative Office of the Courts, the names of those persons granted an expungement under the provisions of this section and the Administrative Office of the Courts shall maintain a confidential file containing the names of persons granted such expungement. The information contained in such files shall be disclosed only to judges of the General Court of Justice.

The Commissioner, after consultation with the Board, may adopt, modify, or revoke any rules and regulations governing the construction, installation, repair, alteration, inspection, use, and operation of boilers and pressure vessels as he deems appropriate to insure the safe operation and avoidance of injury to person or property from boilers and pressure vessels. The rules and regulations will conform as nearly as possible to the standards of the American Society of Mechanical Engineers and the amendments and interpretations thereto, but to avoid unnecessary hardships that would result from requiring replacement of existing non-code tanks that meet minimum safety requirements where there is no danger to persons, such rules and regulations shall vary for hydropneumatic pressure vessels installed or operated by a community water system prior to January 1, 1986. of those engineering standards.

The procedure for the adoption, modification, or revocation of such rules and regulations shall be the same as that contained within in accordance with the Administrative Procedure Act of North Carolina as the same appears in Chapter 150B of the General Statutes, the Administrative Procedure Act."

§ 159G-23. Common criteria for loan or grant from Wastewater Reserve or
Drinking Water Reserve.

The criteria in this section apply to a loan or grant from the Wastewater Reserve or
the Drinking Water Reserve. The Division of Water Quality and the Division of
Environmental Health must each establish a system of assigning points to applications
based on the following criteria:

(1) Public necessity. – An applicant must explain how the project
promotes public health and protects the environment. A project that
improves a system that is not in compliance with permit requirements or is under orders from the Department, enables a moratorium to be lifted, or replaces failing septic tanks with a wastewater collection system has priority.

(2) Effect on impaired waters. – A project that improves designated impaired waters of the State has priority.

(3) Efficiency. – A project that achieves efficiencies in meeting the State's water infrastructure needs by one of the following methods has priority:
   a. The combination of two or more wastewater or public water systems into a regional wastewater or public water system by merger, consolidation, or another means.
   b. Conservation or reuse of water.

(4) Comprehensive land-use plan. – A project that is located in a city or county that has adopted or has taken significant steps to adopt a comprehensive land-use plan under Article 18 of Chapter 153A of the General Statutes or Article 19 of Chapter 160A of the General Statutes has priority over a project located in a city or county that has not adopted a plan or has not taken steps to do so. The existence of a plan has more priority than steps taken to adopt a plan, such as adoption of a zoning ordinance. A plan that exceeds the minimum State standards for protection of water resources has more priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. A land-use plan is not considered a comprehensive land-use plan unless it has provisions that protect existing water uses and ensure compliance with water quality standards and classifications in all waters of the State affected by the plan.

(5) Flood hazard ordinance. – A project that is located in a city or county that has adopted a flood hazard prevention ordinance under G.S. 143-215.54A has priority over a project located in a city or county that has not adopted an ordinance. A plan that exceeds the minimum standards under G.S. 143-215.54A for a flood hazard prevention ordinance has more priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. If no part of the service area of a project is located within the 100-year floodplain, the project has the same priority under this subdivision as if it were located in a city or county that has adopted a flood hazard prevention ordinance. The most recent maps prepared pursuant to the National Flood Insurance Program or approved by the Department determine whether an area is within the 100-year floodplain.

(6) Sound management. – A project submitted by a local government unit that has demonstrated a willingness and ability to meet its responsibilities through sound fiscal policies and efficient operation and management has priority.

(7) Capital improvement plan. – A project that implements the applicant's capital improvement plan for the wastewater system or public water system it manages has priority over a project that does not implement a
capital improvement plan. To receive priority, a capital improvement plan must set out the applicant's expected water infrastructure needs for at least 10 years.

(8) Coastal habitat protection. – A project that implements a recommendation of a Coastal Habitat Protection Plan adopted by the Environmental Management Commission, the Coastal Resources Commission, and the Marine Fisheries Commission pursuant to G.S. 143B-279.8 has priority over other projects that affect counties subject to that Plan.

A grant awarded from the Wastewater Reserve or the Drinking Water Reserve is subject to a fee of one and one-half percent (1 1/2%) of the grant. The fee is payable when a loan or grant is awarded.

(b) Departmental Receipt. – The fee on a loan from the Wastewater Reserve or the Drinking Water Reserve is a departmental receipt and must be applied to the Department's and the Local Government Commission's costs in administering loans from these Reserves. The Department and the Local Government Commission must determine how to allocate the fee receipts between their agencies. The fee on a grant from the Wastewater Reserve or the Drinking Water Reserve is a departmental receipt of the Department and must be applied to the Department's costs in administering grants from these Reserves.

"§ 159G-25. Expenditure for emergency corrective action at a wastewater treatment works.

(a) The Department may use revenue in any account of the Wastewater Reserve to provide funds for emergency corrective action at a wastewater treatment works under the circumstances set out in this section. The amount expended in a fiscal year for corrective action under this section may not exceed two hundred thousand dollars ($200,000). An expenditure for emergency corrective action is authorized only under the following circumstances:

(1) A person holding a wastewater discharge or nondischarge permit issued under Article 21 of Chapter 143 of the General Statutes is violating the terms of the permit.

(2) The wastewater treatment works operated under the permit has a design flow capacity of no more than 100,000 gallons a day.

(3) The Department has given the permit holder written notice of the violation.

(4) The permit holder refuses to take the action required to comply with the permit.

(5) The inaction by the permit holder poses a threat to public health.

(6) The Department has informed the permit holder in writing that the Department plans to take emergency corrective action and then bring a civil action against the permit holder to recover the cost of the emergency corrective action.

(b) The Department may bring a civil action against the holder of the permit for the wastewater treatment works to recover the amount expended from the Wastewater Reserve for the emergency corrective action. The amount recovered in a civil action
must be credited to the account in the Wastewater Reserve from which the funds were expended.

"§ 159G-26. Annual reports on Water Infrastructure Fund.
(a) Requirement. – The Department must publish a report each year on the accounts in the Water Infrastructure Fund that are administered by the Division of Water Quality or the Division of Environmental Health. The report must be published by 1 November of each year and cover the preceding fiscal year. The Department must make the report available to the public and must give a copy of the report to the Environmental Review Commission and the Fiscal Research Division of the General Assembly.

(b) Content. – The report required by this section must contain the following information concerning the accounts of the Water Infrastructure Fund:

(1) The beginning and ending balance of the account for the fiscal year.
(2) The amount of revenue credited to the account during the fiscal year, by source.
(3) The total amount of loans and grants awarded from the account, by type, and the amount of any expenditure for emergency corrective action made from the account.

(2) High-unit-cost grant. – A high-unit-cost grant is available for the portion of the construction costs of a wastewater collection system project or a wastewater treatment works project that results in an estimated average household user fee for water and sewer service in the area served by the project that exceeds the high-unit-cost threshold.

(3) Technical assistance grant. – A technical assistance grant is available to determine the best way to correct the deficiencies in a wastewater collection system or wastewater treatment works that either is not in compliance with its permit limits or, as identified in the most recent inspection report by the Department under G.S. 143-215.3, is experiencing operational problems and is at risk of violating its permit limits.

§ 159G-35. Criteria for loans and grants.
(a) **CWSRF and DWSRF.** – Federal law determines the criteria for awarding a loan or grant from the CWSRF or the DWSRF. An award of a loan or grant from one of these accounts must meet the criteria set under federal law. The Department is directed to establish through negotiation with the United States Environmental Protection Agency the criteria for evaluating applications for loans and grants from the CWSRF and the DWSRF and the priority assigned to the criteria. The Department must incorporate the negotiated criteria and priorities in the Capitalization Grant Operating Agreement between the Department and the United States Environmental Protection Agency. The criteria and priorities incorporated in the Agreement apply to a loan or grant from the CWSRF or the DWSRF. The common criteria in G.S. 159G-23 do not apply to a loan or grant from the CWSRF or the DWSRF.

(b) **Reserves.** – The common criteria in G.S. 159G-23 apply to a loan or grant from the Wastewater Reserve or the Drinking Water Reserve. The Department may establish by rule other criteria that apply to a loan or grant from the Wastewater Reserve or the Drinking Water Reserve.

An application for a loan or grant from the CWSRF or the Wastewater Reserve must be filed with the Division of Water Quality of the Department. An application for a loan or grant from the DWSRF or the Drinking Water Reserve must be filed with the Division of Environmental Health of the Department. An application must be submitted on a form prescribed by the Division and must contain the information required by the Division. An applicant must submit to the Division any additional information requested by the Division to enable the Division to make a determination on the application. An application that does not contain information required on the application or requested by the Division is incomplete and is not eligible for consideration. An applicant may submit an application in as many categories as it is eligible for consideration under this Article.
§ 159G-38. Environmental assessment and public hearing.

(a) Required Information. – An application submitted under this Article for a loan or grant for a project must state whether the project requires an environmental assessment. If the application indicates that an environmental assessment is not required, it must identify the exclusion in the North Carolina Environmental Policy Act, Article 1 of Chapter 113A of the General Statutes, that applies to the project. If the application does not identify an exclusion in the North Carolina Environmental Policy Act, it must include an environmental assessment of the project's probable impacts on the environment.

(b) Division Review. – If, after reviewing an application, the Division of Water Quality or the Division of Environmental Health, as appropriate, determines that a project requires an environmental assessment, the assessment must be submitted before the Division continues its review of the application. If, after reviewing an environmental assessment, the Division concludes that an environmental impact statement is required, the Division may not continue its review of the application until a final environmental impact statement has been completed and approved as provided in the North Carolina Environmental Policy Act.

(c) Hearing. – The Division of Water Quality or the Division of Environmental Health, as appropriate, may hold a public hearing on an application for a loan or grant under this Article if it determines that holding a hearing will serve the public interest. An individual who is a resident of any county in which a proposed project is located may submit a written request for a public hearing. The request must set forth each objection to the proposed project or other reason for requesting a hearing and must include the name and address of the individual making the request. The Division may consider all written objections to the proposed project, any statement submitted with the hearing request, and any significant adverse effects the proposed project may have on the environment. The Division must make a written determination of an application's rank and attach the determination to the application. The Division's determination of rank is conclusive.

(b) Initial Consideration. – The Division may consider an application for an emergency loan from the Wastewater Reserve or the Drinking Water Reserve at any time. The Division must consider all other loan applications and all grant applications filed during an application period at the same time in order to rank the applications.

(c) Reconsideration. – When an application's rank is too low to receive an award of a loan or grant for an application period, the Division must include the application with those considered for the next application period. If the application's rank is again too low to receive an award, the application is not eligible for consideration in a subsequent application period. An applicant whose application does not receive an award after review in two application periods may file a new application.

(d) Notification of Decision. – When the Division determines that an application's rank makes it eligible for an award of a loan or grant, the Division must send the applicant a letter of intent to award the loan or grant. The notice must set out
any conditions the applicant must meet to receive an award of a loan or grant. When the applicant satisfies the conditions set out in the letter of intent, the Division must send the applicant an offer to award a loan or grant. The applicant must give the Division written notice of whether it accepts or rejects the offer. A loan or grant is considered awarded when an offer to award the loan or grant is issued.

§ 159G-40. Terms of loan and execution of loan documents.

(a) Approval by Local Government Commission. – The Department may not award a loan under this Article unless the Local Government Commission approves the award of the loan and the terms of the loan. The terms of a loan awarded from the CWSRF and the DWSRF must be consistent with federal law. In reviewing a proposed loan to a local government unit, the Local Government Commission must consider the loan as if it were a bond proposal and review the proposed loan in accordance with the factors set out in G.S. 159-52 for review of a proposed bond issue. The Local Government Commission must review a proposed loan to a nonprofit water corporation in accordance with the factors set out in G.S. 159-153.

When recommended by the Department, the Local Government Commission may set an interest rate for a loan for a targeted interest rate project at a rate that is lower than the standard rate to achieve the purpose of the target.

(2) Maturity. – The maximum maturity for a loan for a project that is not a high-unit-cost project may not exceed 20 years or the project's expected life, whichever is shorter. The maximum maturity for a loan for a high-unit-cost project is 30 years or the project's expected life, whichever is shorter.

(c) Security for Loan. – A local government unit may pledge any of the following, alone or in combination, as security for an obligation to repay the principal of and interest on a loan awarded under this Article:

(1) User fee revenues derived from operation of the wastewater system or public water system that benefits from the project for which the loan is awarded.

(2) A mortgage, deed of trust, security interest, or similar lien on part or all of the real and personal property comprising the wastewater system or public water system that benefits from the project for which the loan is awarded.

(3) Its full faith and credit if it meets the requirements of Article 4 of Chapter 159 of the General Statutes.

(4) Nontax revenue not included in subdivision (1) of this subsection.

(d) Debt Instrument. – A local government unit and a nonprofit water corporation may execute a debt instrument payable to the State to evidence an obligation to repay the principal of and interest on a loan awarded under this Article. The Treasurer, with the assistance of the Local Government Commission, must develop debt instruments for use by local government units and nonprofit water corporations under this section. The Local Government Commission must develop procedures for loan recipients to deliver debt instruments to the State without public bidding.
"§ 159G-41. Withdrawal of loan or grant.
A letter of intent to offer an award for a loan or grant for a project is withdrawn if the applicant fails to enter into a construction contract for the project within two years after the date of the letter, unless the Department finds that the applicant has good cause for the failure. An award for a loan or grant for a project is withdrawn if the applicant fails to enter into a construction contract for the project within one year after the date of the award, unless the Department finds that the applicant has good cause for the failure. If the Department finds good cause for an applicant's failure, the Department must set a date by which the applicant must take action or forfeit the loan or grant.

"§ 159G-42. Disbursement of loan or grant.
The Department must disburse the proceeds of a loan or grant to a recipient in a series of payments based on the progress of the project for which the loan or grant was awarded. To obtain a payment, a loan or grant recipient must submit a request for payment to the Department and document the expenditures for which the payment is requested.

"§ 159G-43. Inspection of project.
(a) Authority. – The Department may inspect a project for which it awards a loan or grant under this Article to determine the progress made on the project and whether the construction of the project is consistent with the project described in the loan or grant application. The inspection may be performed by personnel of the Department or by a professional engineer licensed under Chapter 89C of the General Statutes.

(b) Disqualification. – An individual may not perform an inspection of a project under this section if the individual meets any of the following criteria:

(2) Is an owner, officer, employee, or agent of a contractor or subcontractor engaged in the construction of the project for which the loan or grant was made.

"§ 159G-44. Rules.
The Department may adopt rules to implement this Chapter. Chapter 150B of the General Statutes, the Administrative Procedure Act, governs the adoption of rules by the Department. A rule adopted to administer a loan or grant from the CWSRF or the DWSRF must be consistent with federal law. The Department must give a copy of the rules adopted to implement this Article without charge to a person who requests a copy.

(5) Federal aid project reimbursements to the extent that endowment investment income originally funded the project for which the reimbursement is made,
(6) Transfers to the Endowment Fund,
(7) Any endowment investment income or marine resources license revenue that is credited to the Endowment Fund for the purpose of increasing the principal of the Endowment Fund.

(b) The State Treasurer shall hold the Endowment Fund separate and apart from all other moneys, funds, and accounts. The State Treasurer shall invest the assets of the Endowment Fund in accordance with the provisions of G.S. 147-69.2 and G.S. 147-69.3. The State Treasurer shall disburse the endowment investment income only upon the written direction of both the Marine Fisheries Commission and the Wildlife Resources Commission.

(c) Subject to the limitations set out in subsection (d) of this section, the Marine Fisheries Commission and the Wildlife Resources Commission may authorize the
disbursement of endowment investment income only to manage, protect, restore, develop, cultivate, conserve, and enhance the marine resources of the State. The Marine Fisheries Commission and the Wildlife Resources Commission may not authorize the disbursement of endowment investment income to establish positions without specific authorization from the General Assembly. All proposals to the Marine Fisheries Commission and the Wildlife Resources Commission for the disbursement of funds from the Endowment Fund shall be made by and through the Fisheries Director.

(d) The Endowment Fund is declared to constitute a special trust derived from a contractual relationship between the State and the members of the public whose investments contribute to the Endowment Fund. In recognition of this special trust, all of the following limitations are placed on disbursement of funds held in the Endowment Fund:

(1) Any restrictions specified by the donors on the uses of income derived from gifts, grants, and voluntary contributions shall be respected but shall not be binding.

(2) No disbursements of the endowment investment income derived from the endowment license revenues generated by the sale of Infant Lifetime CRFLs under G.S. 113-174.2(c)(6)e., Youth Lifetime CRFLs under G.S. 113-174.2(c)(6)f., Infant Lifetime Unified Sportsman/Coastal Recreational Fishing Licenses under G.S. 113-351(c)(3)a., or Youth Lifetime Unified Sportsman/Coastal Recreational Fishing Licenses under G.S. 113-351(c)(3)b. shall be made for any purpose until the respective licensees attain the age of 16 years. The State Treasurer shall periodically make an actuarial determination as to the amount of endowment investment income within the Endowment Fund that remains encumbered by the restriction of this subdivision and the amount that is free of the restriction. The Executive Director of the Wildlife Resources Commission shall provide the State Treasurer with the information necessary to make this determination.

(3) No disbursement shall be made from the principal of the Endowment Fund except as otherwise provided by law.

(e) Expenditure of the endowment investment income shall be made through the State budget accounts of the Division of Marine Fisheries in accordance with the provisions of the Executive Budget Act. "§ 113-175.6. Report.

The Chair of the Marine Fisheries Commission and the Chair of the Wildlife Resources Commission shall jointly submit to the Joint Legislative Commission on Seafood and Aquaculture by October 1 of each year a report on the Marine Resources Fund and the Endowment Fund that shall include the source and amounts of all moneys credited to each fund and the purpose and amount of all disbursements from each fund during the prior fiscal year."

SECTION 2.8. The first report required pursuant to G.S. 113-175.7, as enacted by Section 2.7 of this act, is due by October 1, 2006.

SECTION 2.9. G.S. 113-174.2(d), as enacted by Section 1.4 of this act, provides that the holders of certain lifetime licenses purchased prior to January 1, 2006, are exempt from the license requirement for engaging in recreational fishing in coastal
fishing waters. The General Assembly finds that, because the holders of these lifetime licenses will be authorized to take marine resources from the coastal fishing waters of the State, it is appropriate that a portion of the revenues derived from the sale of these lifetime licenses should be transferred to the Marine Resources Endowment Fund so that the endowment investment income generated by the transferred license revenues will be used to manage, protect, restore, develop, cultivate, conserve, and enhance the marine resources of the State. The General Assembly specifically finds that this transfer of funds is consistent with the overall spirit, intent, and purpose underlying the creation of the Wildlife Endowment Fund and the Marine Resources Endowment Fund. Therefore, in accordance with G.S. 143-250.1(d)(3), the State Treasurer shall transfer the sum of three million four hundred thousand dollars ($3,400,000) from the Wildlife Endowment Fund to the Marine Resources Endowment Fund. This transfer shall be made in five equal installments of six hundred eighty thousand dollars ($680,000) on the first day of March in 2006, 2007, 2008, 2009, and 2010.

SECTION 2.10.(a) The Wildlife Resources Commission may disburse up to one million dollars ($1,000,000) from the Wildlife Resources Fund to implement this act.

SECTION 2.10.(b) The State Treasurer shall transfer a sum equal to the sum of funds disbursed pursuant to subsection (a) of this section from the Marine Resources Fund to the Wildlife Resources Fund on July 1, 2010.

PART III. WILDLIFE RESOURCES COMMISSION LICENSE AGENTS

SECTION 3.1.(a) The Wildlife Resources Commission shall adopt rules to provide for the following:

SECTION 3.2. G.S. 113-270.1 reads as rewritten:

"§ 113-270.1. License agents.
(a) The Wildlife Resources Commission may by rule provide for the annual appointment of persons as license agents to sell licenses and permits which is that the Commission is authorized to issue by this Subchapter or by any other provisions of law. To facilitate the convenience of the public, the efficiency of administration, the need to keep statistics and records affecting the conservation of wildlife resources, boating, water safety, and other matters within the jurisdiction of the Wildlife Resources Commission, and the need to issue licenses and permits containing special restrictions, the Wildlife Resources Commission may issue licenses and permits in any particular category through:

(1) License agents.
(2) The Wildlife Resources Commission's headquarters.
(3) Employees of the Wildlife Resources Commission.
(4) Two or more such sources simultaneously.

(a1) When there are substantial reasons for differing treatment, the Wildlife Resources Commission may issue a type of license or permit by one method in one locality and by another method in another locality.

(b) License agents may deduct from the amount collected for each license or permit a fee of six percent (6%).

(2) Duties of the license agents.

(4) Types and amounts of evidence that a license agent must submit to relieve the agent of responsibility for losses due to occurrences beyond the control of the agent.
(5) Any other reasonable requirement or condition that the Wildlife Resources Commission deems necessary to expedite and control the issuance of licenses and permits by license agents.

(b2) The Wildlife Resources Commission may adopt rules to authorize the Executive Director to take any of the following actions related to license agents:

(2) Limit the number of license agents in an area if necessary for efficiency of operation.
(3) Require prompt and accurate reporting and remittance of public funds or documents by license agents.
(4) Conduct periodic and special audits of accounts.
(5) Suspend or terminate the authorization of any license agent found to be noncompliant with rules adopted by the Wildlife Resources
Commission or when State funds or property are reasonably believed to be in jeopardy.

(6) Require the immediate surrender of all equipment, forms, licenses, permits, records, and State funds and property, issued by or belonging to the Wildlife Resources Commission, in the event of the termination of a license agent.

(b3) The Wildlife Resources Commission is exempt from the contested case provisions of Chapter 150B of the General Statutes with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission.

(b4) If any check or bank account draft of any license agent for the issuance of licenses or permits shall be returned by the banking facility upon which the same is drawn for lack of funds, the license agent shall be liable to the Commission for a penalty of five percent (5%) of the amount of the check or bank account draft, but in no event shall the penalty be less than five dollars ($5.00) or more than two hundred dollars ($200.00). License agents shall be assessed a penalty of twenty-five percent (25%) of their issuing fee on all remittances to the Commission after the fifteenth day of the month immediately following the month of sale.

(c) The Wildlife Resources Commission may provide qualifications and standards concerning license agents and delegate to the Executive Director the task of appointment and supervision. Annual appointments run from May 1 to April 30 each year. The Wildlife Resources Commission may require license agents to post bonds, keep records and make reports concerning licenses and receipts, be subject to such audits and inspections as may be necessary, and pay a penalty of five percent (5%) on any worthless checks given the Wildlife Resources Commission. The minimum penalty for a worthless check, however, is five dollars ($5.00), and the maximum penalty is two hundred dollars ($200.00). The Wildlife Resources Commission shall require license agents to pay penalties of twenty-five percent (25%) of the agents' fees on any license fees remitted to the Commission after the fifteenth day of the month immediately following the month of sale.

(d) The Wildlife Resources Commission may make rules in implementing the authority granted in subsection (c), but it need not set out in its rules details as to forms of license, records and accounting procedures, and other reasonable requirements that may be administratively promulgated by employees of the Wildlife Resources Commission in implementation of the purposes of this Article in order for such administrative requirements to be deemed validly required. It is a Class 1 misdemeanor for a license agent to do any of the following:

(1) To withhold or misappropriate funds from the sale of licenses, licenses or permits.
(2) To falsify records of licenses sold or permits sold.
(3) Wilfully and knowingly to assist or allow a person to obtain a license or permit for which he is ineligible; the person is ineligible.
(4) Wilfully to issue a backdated license, license, or permit.
(5) Wilfully on records or licenses to include false information or omit material information as to on records, licenses, or permits regarding either:
   a. A person's entitlement to a particular license, license or permit.
b. The applicability or term of a particular license, or license or permit.

(6) To refuse to return all consigned licenses, or to remit the net value of consigned licenses sold or unaccounted for, upon demand from an authorized employee of the Wildlife Resources Commission. Charge or accept any additional fee, remuneration, or other item of value in association with any activity set out in subdivisions (1) through (5) of this subsection.

(e) The Executive Director may temporarily suspend, revoke, or refuse to renew a person’s appointment as a license agent if he fails in a timely manner to submit required reports, remit moneys due the Wildlife Resources Commission, or otherwise comply with the qualifications and standards set by the Wildlife Resources Commission or with reasonable administrative directives of the Executive Director. The temporary suspension is effective immediately upon communication of that fact to the license agent or his representative handling the licenses. The communication as to suspension must state the grounds for suspension and that the license agent may request a hearing within five working days if he contests the grounds for suspension. If not in writing, the communication must be followed by written notice of suspension containing the same information. By personal service of an impoundment order upon a license agent or his representative handling the licenses, an employee or agent of the Wildlife Resources Commission may enter the premises and impound all licenses, moneys, record books, reports, license forms, and other documents, ledgers, and materials pertinent or apparently pertinent to the license agency being suspended. The Executive Director must make the impounded property, or copies of it, available to the licensee during the period of temporary suspension.

(f) If a hearing is requested, it is before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. The temporary suspension remains in effect until the hearing, and after the hearing may be rescinded or continued in effect, as the facts warrant, in the discretion of the Executive Director. A temporary suspension may not last longer than 30 days, but additional suspensions may be imposed if at the end of the suspension period the license agent is still not in compliance with appropriate standards, qualifications, and administrative directives. A license agent may at any time after a hearing appeal his suspension to the Wildlife Resources Commission.

(g) Notice of revocation or nonrenewal of the appointment may be sent the license agent in lieu of or in addition to temporary suspension. The notice must state the grounds for termination of the appointment and the license agent’s right to a hearing if he has not previously been afforded one. If the appointment is to be revoked, the notice must state the effective date and hour of revocation. If the appointment is not to be renewed, the notice must state that the appointment expires at midnight on April 30. If he has not been previously afforded a hearing, a license agent is entitled to a hearing within 14 days before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. After the hearing, the Executive Director, applying appropriate standards, must take the action with respect to the appointment as license agent that the facts warrant. If the Executive Director upholds the decision to terminate the appointment, a license agent may appeal his termination to the Wildlife Resources Commission. Pending the hearing and any appeal from it, the termination is held in abeyance, but no license sales may be made once the license agent’s bond has expired.
(h) Upon termination of the appointment, the former agent must return to the Wildlife Resources Commission all record books, reports, license forms, moneys, and other property pertaining to the license agency, and must allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits required in terminating the license agency. Each day's refusal after termination to return, upon demand, the record books, reports, license forms, moneys, and other property pertaining to the license agency is a separate offense. Each instance of refusal, after termination, to allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits during regular business hours is a separate offense. A violation of this subsection is a Class 2 misdemeanor. Before termination, violations by license agents are punishable under G.S. 113-135, subsection (d) above, or other provision of this Subchapter, as appropriate.

(i) No person denied appointment or whose appointment was terminated under this section is eligible to apply again for an appointment as a license agent for two years. Upon application, the executive director may not grant the appointment as license agent unless the applicant produces clear evidence, convincing to the Executive Director, that he meets all standards and qualifications and will comply with all requirements of statutes, rules, and reasonable administrative directives pertaining to license agents.

(j) The Executive Director or his designee holding any hearing under this section must keep a written record of evidence considered and findings made. Upon appeal to the Wildlife Resources Commission, the commission chairman or other presiding officer must cause such a written record of evidence and findings to be made and kept. Hearings and appeals under this section are internal matters concerning license agents of the Wildlife Resources Commission and are not governed by the North Carolina Administrative Procedure Act.

SECTION 3.3. G.S. 150B-1(e) is amended by adding a new subdivision to read:

"(e) Exemptions From Contested Case Provisions. – The contested case provisions of this Chapter apply to all agencies and all proceedings not expressly exempted from the Chapter. The contested case provisions of this Chapter do not apply to the following:

(15) The Wildlife Resources Commission with respect to determinations of whether to authorize or terminate the authority of a person to sell licenses and permits as a license agent of the Wildlife Resources Commission."

§ 115C-264.3. Child Nutrition Program standards.  
The State Board of Education, in direct consultation with a cross section of local directors of child nutrition services, shall establish statewide nutrition standards for school meals, a la carte foods and beverages, and items served in the After School Snack Program administered by the Department of Public Instruction and child nutrition programs of local school administrative units. The nutrition standards will promote gradual changes to increase fruits and vegetables, increase whole grain products, and decrease foods high in total fat, trans fat, saturated fat, and sugar. The nutrition standards adopted by the State Board of Education shall be implemented initially in elementary schools. All elementary schools shall achieve a basic level by the end of the 2007-2008 school year, followed by middle schools and then high schools."

SECTION 2. The State Board of Education may use "Eat Smart: North Carolina's Recommended Standards for All Foods Available in School" and the "United States Dietary Guidelines" as references for establishing the nutrition standards under Section 1 of this act. In addition to the elementary school pilots established by Section 7.17 of S.L. 2004-124, the nutrition standards will also be piloted prior to statewide implementation in a minimum of eight middle schools and eight high schools at a time to be determined by the State Board of Education. The pilots shall be conducted in a manner that will hold the child nutrition program of a participating local school administrative unit financially harmless for its participation in the pilot project. It shall be the responsibility of the Child Nutrition Services Section of the Department of Public Instruction to oversee the pilot project, collect data from the pilots, interpret the data, and develop written guidance based on the outcomes of the pilots. The Child Nutrition Services Section of the Department of Public Instruction shall modify the nutrition standards as needed based on several criteria, including, but not limited to, the results of the pilot projects, current science, best practices in the food and beverage industry, and the availability and affordability of new foods and beverages. The Child Nutrition Services Section of the Department of Public Instruction shall monitor the progress of each local school administrative unit toward achieving the nutrition standards and shall provide technical assistance and training as needed to assist local school administrative units in implementing the nutrition standards. The Child Nutrition Services Section of the Department of Public Instruction shall report annually on the progress of each local school administrative unit to the State Board of Education and to the Joint Legislative Education Oversight Committee.

H.B. 911 Session Law 2005-458

AN ACT TO ELIMINATE THE REQUIREMENT THAT THE STATE BOARD OF EDUCATION DEVELOP A HIGH SCHOOL EXIT EXAM.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-12(9a) and G.S. 115C-12(9b) are repealed.

SECTION 2. G.S. 115C-12 is amended by adding a new subdivision to read:

"(9c) Power to develop content standards and exit standards. – The Board shall develop a comprehensive plan to revise content standards and the standard course of study in the core academic areas of reading, writing, mathematics, science, history, geography, and civics. The Board shall involve and survey a representative sample of parents, teachers, and the public to help determine academic content standard priorities and usefulness of the content standards. A full review of available and relevant academic content standards that are rigorous, specific, sequenced, clear, focused, and measurable, whenever possible, shall be a part of the process of the development of content standards. The revised content standards developed in the core academic areas shall (i) reflect high expectations for students and an in-depth mastery of the content; (ii) be clearly grounded in the content of each academic area; (iii) be defined grade-by-grade and course-by-course; (iv) be understandable to parents and teachers; (v) be developed in full recognition of the time available to teach the core academic areas at each grade level; and (vi) be measurable, whenever possible, in a reliable, valid, and efficient manner for accountability purposes.

High school course content standards shall include the knowledge and skills necessary to pursue further postsecondary education or to attain employment in the 21st century economy. The high school course content standards also shall be aligned with the minimum undergraduate course requirements for admission to the constituent institutions of The University of North Carolina. The Board may develop exit standards that will be required for high school graduation.

The Board also shall develop and implement an ongoing process to align State programs and support materials with the revised academic content standards for each core academic area on a regular basis. Alignment shall include revising textbook criteria, support materials, State tests, teacher and school administrator preparation, and ongoing professional development programs to be compatible with content standards. The Board shall develop and make available to teachers and parents support materials, including teacher and parent guides, for academic content standards. The State Board of Education shall work
in collaboration with the Board of Governors of The University of North Carolina to ensure that teacher and school administrator degree programs, ongoing professional development, and other university activity in the State's public schools align with the State Board's priorities."

SECTION 3.  G.S. 115C-174.11 reads as rewritten:

"§ 115C-174.11. Components of the testing program.

... (c) Annual Testing Program. (1) The State Board of Education shall adopt a system of annual testing for grades three through 12. These tests shall be designed to measure progress toward reading, communication skills, and mathematics for grades three through eight, and toward competencies designated by the State Board for grades nine through 12. The State Board may develop and implement a plan for high school end-of-course tests that must be aligned with the content standards developed under G.S. 115C-12(9c).

Students who do not pass the tests adopted for eighth grade shall be provided remedial instruction in the ninth grade. This assistance shall be calculated to prepare the students to pass the competency test administered under subsection (b) of this section. Notwithstanding subsection (a) of this section, the State Board shall develop and implement a study allowing selected local school administrative units that volunteer to administer a standardized test in May, 12 months prior to the third grade end-of-grade test, in order to establish a baseline that will be used to measure academic growth at the end of third grade. Initially, the State Board shall select 12 volunteer local school administrative units that are diverse in geography and size to participate in the study. If the State Board determines that a standardized test administered in May, 12 months prior to the third grade end-of-grade test, is more reliable than a standardized test administered at the beginning of third grade for the purpose of measuring academic growth, the State Board may change the test date for additional local school units. The State Board shall report the results of the study to the Joint Legislative Education Oversight Committee by October 15, 2000.

Baseline measurements administered in May, 12 months prior to the third grade end-of-grade test, are not public records as provided in Chapter 132 of the General Statutes.

(2) If the State Board of Education finds that additional testing in grades three through 12 is desirable to allow comparisons with national indicators of student achievement, that testing shall be conducted with the smallest size sample of students necessary to assure valid comparisons with other states."

AN ACT TO AUTHORIZE PUBLIC HEALTH AUTHORITIES TO CONTRACT DIRECTLY WITH PRIVATE VENDORS TO OPERATE THE COUNTY BILLING SYSTEM FOR MEDICAID CLAIMS AND TO AUTHORIZE PUBLIC HEALTH AUTHORITIES TO INCREASE THEIR MEMBERSHIP.

Whereas, the county share of the nonfederal share of Medicaid costs has a significant impact on county resources and cash flow; and
Whereas, more timely reimbursement of county Medicaid claims would improve county cash flow; and
Whereas, the current process for Medicaid billing is more complicated than necessary; and
Whereas, contracting with a private vendor to interface directly with the State Medicaid billing system would make the billing process for county Medicaid claims much simpler than it now is; and
Whereas, county public health authorities would benefit from private vendor-operated Medicaid billing by enabling the authorities to optimize revenue through efficiencies that are currently not in place through the State billing system; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Part 1B of Article 2 of Chapter 130A of the General Statutes is amended by adding the following new section to read:

"§ 130A-45.13. Authority to contract directly with private providers to operate billing system for county Medicaid claims.
A public health authority board may contract directly with private vendors to operate the authority’s Medicaid billing system as an alternative to the State-operated health services information system. The contract may provide for the private vendor to bill directly the State Medicaid billing system (MMIS), thereby bypassing the State health services information system (HSIS). The public health authority shall issue a "request for proposal" to solicit private vendor bids for contracts authorized under this section. Information systems authorized under this section shall be consistent with and interface with relevant statewide public health data systems to address State cost containment and service reporting needs."

SECTION 2. G.S. 130A-45.1 reads as rewritten:

"§ 130A-45.1. Membership of the public health authority board.
(a) A public health authority board shall be the policy-making, rule-making, and adjudicatory body for a public health authority and shall be composed of no fewer than seven members and no more than nine members; except that in an authority comprising two or more counties, the board shall be composed of no more than 11 members. Boards which intend to pursue federally qualified health center (or look-alike) status may have no fewer than nine and no more than 25 members.
(b) In a single county authority, the county board of commissioners shall appoint the members of the board; in an authority comprising two or more counties, the chair of the county board of commissioners of each county in the authority shall appoint one county commissioner, or the commissioner's express designee, to the authority board and these members shall jointly appoint the other members of the board.
Session Laws - 2005

S.L. 2005-460

(c) The members of the board shall include:
   (1) At least one physician licensed under Chapter 90 of the General Statutes to practice medicine in this State, and at least one dentist licensed under Article 2 of Chapter 90 of the General Statutes to practice dentistry in this State;
   (2) At least one county commissioner or the commissioner's express designee from each county in the authority;
   (3) At least two licensed or registered professionals from any of the following professions: optometry, veterinary science, nursing, pharmacy, engineering, or accounting;
   (4) At least one member from the administrative staff of a hospital serving the authority service area; and
   (5) At least one member from the general public.

(d) Except as provided in this subsection, members of the board shall serve terms of three years. Two of the original members shall serve terms of one year, and two of the original members shall serve terms of two years. In order to establish a uniform staggered term structure for the Board, a member may be appointed for less than a three-year term."

SECTION 3. This act is effective when it becomes law. Section 1 of this act applies to county Medicaid claims arising on or after that date.

In the General Assembly read three times and ratified this the 24th day of August, 2005.

Became law upon approval of the Governor at 12:15 p.m. on the 2nd day of October, 2005.

1884
AN ACT TO PROVIDE FOR THE REDEVELOPMENT OF CERTAIN MANUFACTURING DISTRICTS.

The General Assembly of North Carolina enacts:

SECTION 1. Manufacturing redevelopment districts: legislative findings.

(a) The General Assembly of North Carolina makes the following findings regarding the need for manufacturing redevelopment districts:

1. Economic development in the State will be served by providing an opportunity to restart production in manufacturing facilities designed for targeted industries such as photographic materials, digital inkjet products, digital photographic applications, and other photographic printing technology, thereby providing employment opportunities for the residents of North Carolina.

2. When an existing facility can be modified to meet the needs of the new industry and thereby preserve and create jobs, it is in the public interest to provide a mechanism for these modifications to occur.

3. Economically distressed counties continue to lose manufacturing jobs, and the General Assembly must act to create new jobs for citizens residing in those counties.

4. The health and safety of the citizens of North Carolina will be served through the assessment and remediation of known and unknown environmental conditions at manufacturing facilities.

5. The public interest will be served by State acquisition of title to real property located within significant State property holdings after manufacturing operations have permanently ceased, remediation has been completed, and the buildings associated with the manufacturing operation have been removed.

6. The public interest of the State will be served by encouraging owners of idle manufacturing facilities to transfer ownership in property in order to make it possible for new operators to restart production at these facilities.

(b) For purposes of this act, a new operator is an entity that proposes to restart operations at a manufacturing facility located within a manufacturing redevelopment district created under this act.

A manufacturing redevelopment district shall be established to provide manufacturing, research and development, and related service and support jobs to citizens of the State while ensuring the remediation of known and unknown environmental conditions at manufacturing facilities.

SECTION 3. Manufacturing redevelopment districts: establishment; criteria.

(a) A manufacturing redevelopment district may be established on any parcel or tract of land or on any combination of contiguous parcels or tracts of land as provided in this section. To establish a manufacturing redevelopment district, the new operator of the manufacturing facilities located within the boundaries of the district shall certify to the Secretary of State that the district meets all of the criteria set out in this section. The
certification shall describe the boundaries of the district by metes and bounds and shall set out the specific financial mechanism that guarantees completion of the assessment and remediation program as required under subdivision (b)(8) of this section. This certification shall constitute prima facie evidence that these criteria have been met. The district shall be considered to be established as a manufacturing redevelopment district on the date the certification is filed. Once established, a manufacturing redevelopment district shall continue to exist until title to the real property comprising the district is transferred to the State as provided in Section 7 of this act.

(b) A manufacturing redevelopment district may be established only if all of the following criteria are met at the time the district is to be established:

(1) The real property is located in a county that is economically distressed. For purposes of this subdivision, a county shall be considered economically distressed if, as of the date of the most recent annual assessment by county officials, all of the following apply:
   a. The average weekly wage in the county is less than five hundred twenty-five dollars ($525.00) per person.
   b. The percentage of unemployed workers is greater than six percent (6%).
   c. The percentage of citizens who are at or below the federal poverty level, as determined by the most recent federal decennial census, is greater than nine percent (9%).

(2) All of the real property comprising the district is a privately owned in-holding of 50 acres or more within a State forest of 10,000 acres or more.

(3) The district contains a manufacturing facility that has been out of production for two years or more.

(4) Failure to restart the manufacturing facility would result in a permanently lost opportunity to create 50 or more jobs.

(5) The manufacturing facility has a total square footage of 500 square feet or more.

(6) The new operator of the manufacturing facility guarantees investment of at least five million dollars ($5,000,000) in the manufacturing facility within 12 months following the creation of the manufacturing redevelopment district and guarantees employment of at least 50 persons.

(7) The new operator of the facility has done all of the following:
   a. Accepted responsibility for all requirements of this act.
   b. Accepted responsibility for assessment and remediation of known and unknown environmental conditions on the property that comprises the manufacturing redevelopment district in accordance with this act and other applicable environmental laws, regulations, and rules.
   c. Agreed to assume all other liabilities as provided in Section 5 of this act.
   d. Agreed to remove all buildings in the manufacturing redevelopment district when the new operator permanently ceases manufacturing operations.
   e. Agreed to comply with other requirements of Section 7 of this act.
(8) The new operator provides financial assurance, acceptable to the Department of Environment and Natural Resources, for the fulfillment of the requirements set out in Section 3(b)(7)b of this act. Such financial assurance shall include a prefunded escrow account or other financing mechanism, in an amount not less than five million dollars ($5,000,000), that runs in favor of the State in the event of a default. The establishment of the prefunded account shall not relieve the new operator of its obligation to comply with applicable laws in assessing and remediating the manufacturing facility. The Department of Environment and Natural Resources shall: (i) review the financial assurance contemplated by this act in light of reasonably available financial assurance and guaranteed remediation products and in light of known and reasonably anticipated unknown environmental conditions at the manufacturing redevelopment district, and (ii) complete its review of the financial assurance within 30 days of receipt by the Department of a request for such review by the new operator accompanied by a description of the financial assurance. The requirement that the financial assurance is acceptable to the Department shall be waived if the Department does not complete its review within such 30 day period.

(9) The owner of the real property has entered into an agreement to transfer the real property to be used as the manufacturing redevelopment district to a local government entity. This local government entity has, in turn, entered into an agreement to transfer the real property comprising the district to the new operator under a condition that when manufacturing operations permanently cease, the new operator will comply with the requirements of Section 7 of this act.

SECTION 4. Manufacturing redevelopment districts: qualified immunity for third-party claims; enforcement of environmental requirements.

(a) No person who owned or had an interest in any real property within a manufacturing redevelopment district at any time prior to the establishment of the district shall be liable to any private or third party for civil claims arising out of the presence of oil, a hazardous substance, or a hazardous waste on the real property if the cause of action arose after transfer of the property to the new operator under this act, regardless of when the oil, hazardous substance, or hazardous waste was brought to or discovered at the site. The qualified immunity provided by this section shall attach at the time that the new operator submits its certification to the Secretary of State pursuant to Section 3(a) of this act or at the time that the real property comprising the manufacturing redevelopment district is transferred to the new operator, whichever occurs later. The qualified immunity provided by this section is with respect to any theory of legal liability, including, but not limited to, any claim of negligence, nuisance, or trespass, or arising under other common law principles, or arising under any State statute or rule, including, but not limited to, Article 9 of Chapter 130A of the General Statutes, Articles 21 and 21A of Chapter 143 of the General Statutes, and rules adopted pursuant to those Articles. The qualified immunity provided by this section shall continue in effect after the termination of the manufacturing redevelopment district.

(b) Nothing in this act shall be construed to prevent the State from enforcing remediation standards, monitoring, or compliance requirements specifically required by
the United States Environmental Protection Agency to be enforced by the State as a condition to receiving and retaining federal funds or program approval, authorization, or delegation.

SECTION 5. Manufacturing redevelopment districts: assignment of liability.

In addition to any liability under any provision of law, the new operator of the manufacturing redevelopment district or its successor in interest shall be liable for all claims for which any prior owner has been granted qualified immunity by Section 4 of this act. This assignment of liability shall continue in effect after the termination of the manufacturing redevelopment district. The new operator or its successor in interest shall have all rights, claims, and defenses that are or would have been available to any prior owner with respect to claims for which the prior owner has been granted qualified immunity.

SECTION 6. Manufacturing redevelopment districts: transfer of property to a subsequent manufacturer.

The new operator or its successor in interest shall not transfer the property comprising the manufacturing redevelopment district to any person, including without limitation any corporate affiliate of the new operator, until such person has met all of the requirements applicable to a new operator under subdivisions 7 through 9 of Section 3(b) of this act.

SECTION 7. Manufacturing redevelopment districts: donation and transfer of the district; transfer to the State.

(a) The local government entity to which the real property comprising the manufacturing redevelopment district is transferred pursuant to Section 3(b)(9) of this act shall accept title to the real property and shall immediately transfer such title to the new operator. The consideration for the transfer by the local government entity of title to the new operator shall be the creation of jobs and economic opportunities that will result from restarting manufacturing operations on the real property.

(b) When the new operator or its successor in interest permanently ceases manufacturing operations at the facility within the manufacturing redevelopment district, it shall expeditiously do all of the following:

(1) Demolish and remove all buildings in the manufacturing redevelopment district.

(2) Perform any additional assessment and remediation required by the Department of Environment and Natural Resources in accordance with applicable environmental laws.

(3) Tender transfer of title to all of the land constituting the manufacturing redevelopment district to the State of North Carolina upon completion of any such assessment and remediation.

(c) The State Property Office shall accept donation of the property for allocation to the contiguous State forest upon demonstration that all buildings have been removed and remediation completed to the satisfaction of the Secretary of the Department of Environment and Natural Resources in light of the requirements of this section.

(d) When the State Property Office accepts donation of the property as provided in subsection (c) of this section, the manufacturing redevelopment district shall terminate.

SECTION 8. Effective date. This act is effective when it becomes law.

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

Senate Bill 130, "An act to convey certain described property in the County of Currituck and certain property to Johnson & Wales University," among other things, requires the conveyance of a deed for the James K. Polk Building to the Johnson and Wales University.

Pursuant to the mandate of Section 19.5 of the 2004-05 budget bill which states "Upon the sale of the James K. Polk Building in the City of Charlotte, (emphasis added)," the State put the property up for bid.

On March 24, 2005, the Council of State approved the sale of the Polk Building to Trinity Capital Advisors, LLC, pursuant to the legally established process set up for disposal of surplus state property.

Since the property has been sold and deeded for $5.25 million, it is now available to be deeded to another party as per this legislation, and such a conveyance as contemplated in the bill would be illegal.

Therefore, I veto the bill.

GOVERNOR’S OBJECTIONS AND VETO MESSAGE

House Bill 706, “An act to amend the teacher certification law to facilitate the hiring of teachers.”

This bill reduces the North Carolina teaching standards to the lowest in America. It cheats our children out of a quality education and dishonestly classifies unqualified teachers as “highly qualified.”

Further, it restricts the authority of the State Board of Education to certify teachers and puts it within the General Assembly.

Therefore, I veto the bill.

The bill, having been vetoed, is returned to the Clerk of the North Carolina House of Representatives on this 29th day of September 2005 at 11:41 for reconsideration by that body.
