§ 53-421. Objection to affiliate transfer.

If a client, or a person acting on behalf of the client, delivers a written objection to the affiliate transfer to the transferring trust institution at anytime prior to the date of the affiliate transfer, the transferring trust institution shall exclude that account from the affiliate transfer unless the objection is withdrawn. An objection to an affiliate transfer shall not affect the right of the transferring trust institution to continue to administer the account or to seek to transfer the account pursuant to the documents and law governing the account.

§ 53-422. Effect of affiliate transfer.

(a) Following an affiliate transfer, the transferee trust institution shall have all of the rights, powers, privileges, appointments, accounts, and designations of the transferring trust institution and shall be deemed successor to the transferring trust institution in any deed, trust, agreement, filing, instrument, notice, certificate, pleading, or other document related to the account.

(b) Following an affiliate transfer, the transferee trust institution is responsible for the performance of all duties, responsibilities, and obligations related to an account subject to the affiliate transfer.

(c) The affiliate transfer does not limit the transferring trust institution’s liability for any of its acts as fiduciary.

(d) Unless the affiliate transfer is authorized by the documents governing the account, the transferring trust institution remains liable and responsible, while affiliated with the transferee trust institution, for the transferee trust institution’s administration of accounts subject to an affiliate transfer. (2) Standards relating to the location or charter of the trust institution administering the account may be satisfied by the transferring trust institution or the transferee trust institution.

(f) Nothing in this Part shall be construed to impair any right of a trust institution to resign from administration of an account, or the right of a trust institution or a person interested in the account to seek the appointment of a replacement.

(g) Neither the rights of creditors nor any liens upon the property held in an account shall be impaired by an affiliate transfer.

(h) Any claim or proceeding by or against the transferring trust institution pending at the time of the affiliate transfer may proceed as if the affiliate transfer had not taken place.

"§ 53-423. Trust institution as agent.

A trust institution may appoint another trust institution that is its affiliate as its agent for the performance of acts, obligations, and responsibilities with respect to any account. In that event, the trust institution shall remain fully responsible and liable with respect to all actions of the affiliated trust institution as if those actions were performed by the trust institution. Except as explicitly provided in documents or laws governing an account, appointment of an affiliate agent is not:

(1) An impermissible delegation of responsibility or duty by the appointing trust institution.

(2) A transfer or relinquishment of account powers by the appointing institution.

(3) A resignation or disqualification from the account by the appointing trust institution.

"§ 53-424. Construction.

(a) Except as expressly provided in this Part, nothing in this Part shall be construed to amend or modify the laws of this State governing the establishment or administration of accounts or the actions of trust institutions.

(b) An affiliate transfer is not, in itself, a transfer of substantially all of the transferring trust institution's assets and liabilities.

(c) Except as explicitly provided by the documents governing the account, neither an affiliate transfer nor an agency appointment under G.S. 53-423 shall be subject to G.S. 36A-13 or any other provision requiring court approval for removal of fiduciary funds from this State.

(d) Except as explicitly provided by the documents governing the account, an affiliate transfer, but not an agency appointment, shall be subject to any provision of law requiring notice of a transfer of the principal place of administration of the account. The manner or timing of a notice required under G.S. 53-420(c) may be altered to comport with any provision of law requiring notice of a transfer of the principal place of administration of the account."

SECTION 3. Effective January 1, 2006, G.S. 53-424(c) as enacted by Section 2 of this act reads as rewritten:

"(c) Except as explicitly provided by the documents governing the account, neither an affiliate transfer nor an agency appointment under G.S. 53-423 shall be subject to G.S. 36A-13 or any other provision of law requiring court approval for removal of fiduciary funds from this State."

AN ACT TO AUTHORIZE THE NORTH CAROLINA TURNPIKE AUTHORITY TO ADOPT TRANSPORTATION CORRIDOR OFFICIAL MAPS, TO INCREASE THE NUMBER OF PROJECTS THE AUTHORITY MAY UNDERTAKE FROM THREE TO NINE, TO AUTHORIZE USE OF INCENTIVES IN TURNPIKE CONTRACTS, TO REQUIRE THE AUTHORITY TO CONTRACT WITH A SINGLE FIRM TO DESIGN, ACQUIRE PERMITS FOR, AND CONSTRUCT A DESCRIBED BRIDGE, TO AMEND THE AUTHORITY OF THE DEPARTMENT OF TRANSPORTATION TO ISSUE A PRIVATE PILOT TOLL PROJECT LICENSE, TO REQUIRE AN EIGHTEEN-HOUR HURRICANE EVACUATION STANDARD TO BE USED FOR BRIDGE OR HIGHWAY CONSTRUCTION, AND TO EXPEDITE CONSTRUCTION OF A REPLACEMENT FOR THE HERBERT C. The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-44.50 reads as rewritten:

§ 136-44.50. Transportation corridor official map act.

(a) A transportation corridor official map may be adopted or amended by any of the following:

1. The governing board of any city for any thoroughfare included as part of a comprehensive plan for streets and highways adopted pursuant to G.S. 136-66.2 or for any proposed public transportation corridor included in the adopted long-range transportation plan.

2. The Board of Transportation for any portion of the existing or proposed State highway system or for any public transportation corridor, to include rail, that is in the Transportation Improvement Program.

3. Regional public transportation authorities created pursuant to Article 26 of Chapter 160A of the General Statutes or regional transportation authorities created pursuant to Article 27 of Chapter 160A of the General Statutes for any proposed public transportation corridor, or adjacent station or parking lot, included in the adopted long-range transportation plan.

4. The North Carolina Turnpike Authority for any project being studied pursuant to G.S. 136-89.183.

Before a city adopts a transportation corridor official map that extends beyond the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, or adopts an amendment to a transportation corridor official map outside the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, the city shall obtain approval from the Board of County Commissioners.

No transportation corridor official map shall be adopted or amended, nor may any property be regulated under this Article until:

1. The governing board of the city, the regional transportation authority, the North Carolina Turnpike Authority, or the Department of Transportation has held a public hearing in each county affected by the
map on the proposed map or amendment. Notice of the hearing shall be provided:

a. By publication at least once a week for four successive weeks prior to the hearing in a newspaper having general circulation in the county in which the transportation corridor to be designated is located.

b. By two week written notice to the Secretary of Transportation, the Chairman of the Board of County Commissioners, and the Mayor of any city or town through whose corporate or extraterritorial jurisdiction the transportation corridor passes.

c. By posting copies of the proposed transportation corridor map or amendment at the courthouse door for at least 21 days prior to the hearing date. The notice required in sub-subdivision a. above shall make reference to this posting.

d. By first-class mail sent to each property owner affected by the corridor. The notice shall be sent to the address listed for the owner in the county tax records.

(2) A permanent certified copy of the transportation corridor official map or amendment has been filed with the register of deeds. The boundaries may be defined by map or by written description, or a combination thereof. The copy shall measure approximately 20 inches by 12 inches, including no less than one and one-half inches binding space on the left-hand side.

(3) The names of all property owners affected by the corridor have been submitted to the Register of Deeds.

(b) Transportation corridor official maps and amendments shall be distributed and maintained in the following manner:

(1) A copy of the official map and each amendment thereto shall be filed in the office of the city clerk and in the office of the district engineer.

(2) A copy of the official map, each amendment thereto and any variance therefrom granted pursuant to G.S. 136-44.52 shall be furnished to the tax supervisor of any county and tax collector of any city affected thereby. The portion of properties embraced within a transportation corridor and any variance granted shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

(3) Notwithstanding any other provision of law, the certified copy filed with the register of deeds shall be placed in a book maintained for that purpose and cross-indexed by number of road, street name, or other appropriate description. The register of deeds shall collect a fee of five dollars ($5.00) for each map sheet or page recorded.

(4) The names submitted as required under subdivision (a)(3) of this section shall be indexed in the "grantor" index by the Register of Deeds.

(c) Repealed by Session Laws 1989, c. 595, s. 1.

(d) Within one year following the establishment of a transportation corridor official map or amendment, work shall begin on an environmental impact statement or preliminary engineering. The failure to begin work on the environmental impact statement or preliminary engineering within the one-year period shall constitute an
abandonment of the corridor, and the provisions of this Article shall no longer apply to properties or portions of properties embraced within the transportation corridor. A city may prepare environmental impact studies and preliminary engineering work in connection with the establishment of a transportation corridor official map or amendments to a transportation corridor official map. When a city prepares a transportation corridor official map for a street or highway that has been designated a State responsibility pursuant to G.S. 136-66.2, the environmental impact study and preliminary engineering work shall be reviewed and approved by the Department of Transportation. An amendment to a corridor shall not extend the two-year period provided by this section unless it establishes a substantially different corridor in a primarily new location.

(c) The term "amendment" for purposes of this section includes any change to a transportation corridor official map, including:

(1) Failure of the Department of Transportation, the North Carolina Turnpike Authority, or a city, or a regional transportation authority to begin work on an environmental impact statement or preliminary engineering as required by this section; or

(2) Deletion of the corridor from the transportation corridor official map by action of the Board of Transportation, the North Carolina Turnpike Authority, or deletion of the corridor from the long-range transportation plan of a city or regional transportation authority by action of the city or regional transportation authority governing Board.

**SECTION 2.2.(b)** Notwithstanding G.S. 143-16.4(a2), of the funds credited to the Tobacco Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2 during the 2005-2007 fiscal biennium, the sum of thirty-four million dollars ($34,000,000) for the 2005-2006 fiscal year and the sum of thirty million dollars ($30,000,000) for the 2006-2007 fiscal year shall be transferred from the Department of Agriculture and Consumer Services, Budget Code 23703 (Tobacco Trust Fund) to the State Controller to be deposited in Nontax Budget Code 19978 (Intrastate Transfers) to support General Fund appropriations for the 2005-2006 and 2006-2007 fiscal years.

**SECTION 2.2.(c)** G.S. 143-15.3 is amended by adding a new subsection to read:

"(a2) The transfer of funds to the Savings Reserve Account in accordance with this section or any other provision of law is not an "appropriation made by law", as that phrase is used in Article V, Section 7(1) of the North Carolina Constitution."
This subsection becomes effective June 30, 2005.

**SECTION 2.2.(d)** Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, the State Controller shall transfer one hundred twenty-five million dollars ($125,000,000) from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2005. Funds transferred under this section to the Repairs and Renovations Reserve Account are appropriated for the 2005-2006 fiscal year to be used in accordance with G.S. 143-15.3A. This subsection becomes effective June 30, 2005.

**SECTION 2.2.(e)** When the Highway Trust Fund was created in 1989, the revenue from the sales tax on motor vehicles was transferred from the General Fund to the Highway Trust Fund. To offset this loss of revenue from the General Fund, the Highway Trust Fund was required to transfer one hundred seventy million dollars ($170,000,000) to the General Fund each year, an amount equal to the revenue in 1989 from the sales tax on motor vehicles. This transfer did not, however, make the General Fund whole after the transfer of the sales tax revenue because no provision has been made to adjust the amount for the increased volume of transactions and increased vehicle prices. The additional eighty million dollars ($80,000,000) transferred from the Highway Trust Fund to the General Fund by this act is an effort to recover a portion of the sales tax revenues that would have gone to the General Fund over the last 16 years.

**SECTION 2.2.(f)** Notwithstanding G.S. 105-187.9(b)(1), the sum to be transferred under that subdivision for the 2005-2006 fiscal year and for the 2006-2007 fiscal year is two hundred fifty million dollars ($250,000,000).

**SECTION 2.2.(g)** Section 2.2(g) of S.L. 2002-126 is repealed.

**SECTION 2.2.(h)** Notwithstanding any other provision of law to the contrary, effective July 1, 2005, cash balances remaining in special funds on June 30, 2005, shall be transferred to the State Controller to be deposited in Nontax Budget Code 19978 (Intrastate Transfers) according to the schedule that follows. These funds shall be used to support General Fund appropriations for the 2005-2006 fiscal year.

SECTION 2.2.(j) The Governor shall analyze the current State public school teacher salary schedule, trends in salaries, and the current disparity between North Carolina teacher pay and the national average to determine how teacher pay affects the State's ability to recruit and retain highly qualified public school teachers to improve educational opportunity and outcomes for children across North Carolina. The Governor may, after consultation with the Speaker of the House and the President Pro Tempore of the Senate, devise and execute prior to July 1, 2006, a plan to reduce the disparity and may use funds available from the Reserve for Contingent Appropriations to begin to execute such a plan.

**GENERAL PROVISIONS**

**SECTION 5.1.(b) Information to Be Included in Block Grant Plans.** – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

1. A delineation of the proposed allocations by program or activity, including State and federal match requirements.
2. A delineation of the proposed State and local administrative expenditures.
(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

(4) A comparison of the proposed allocations by program or activity with two prior years’ program and activity budgets and two prior years’ actual program or activity expenditures.

(5) A projection of current year expenditures by program or activity.

(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 5.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Department shall not propose funding for new programs or activities not appropriated in this section or increase State administrative expenditures.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section. In allocating a decrease in federal fund availability, the Department shall not eliminate the funding for a program or activity appropriated in this section unless it is related to the State administration.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 5.1.(d) All changes to the budgeted allocations to the Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and a report shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. All changes to the budgeted allocations to the Block Grant shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 5.1.(e) The Department of Health and Human Services shall develop a monitoring and oversight plan for all recipients, both public and private, and subrecipients of the federal Block Grant funding. The plan shall be modeled after the Department's performance contracting initiative and include the following:

(1) Performance standards for recipients.
(2) Financial audit standards for non-State entities equivalent to the requirements in G.S. 143-6.2 for non-State entities receiving State funds.

(3) Means for collecting performance data from recipients.

(4) Any other information necessary for monitoring and overseeing the use of Block Grant funding.

The Department shall provide the plan to the Fiscal Research Division by January 1, 2006.

SECTION 5.1.(f) The Department of Health and Human Services shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on positions funded from federal Block Grants. The report shall include the following for each Block Grant:

(1) All State positions currently funded through the Block Grant, including permanent, temporary, and time-limited positions.

BUDGET REPORTS ACCURATELY REFLECT PROJECTED RECEIPTS, EXPENDITURES, FUND BALANCES, AND ACTUAL COLLECTIONS

SECTION 6.4. G.S. 143-11(a) reads as rewritten:

“§ 143-11. Survey of departments, departments and recommended budget report.

(a) On or before the fifteenth day of December, biennially in the even-numbered years, the Director shall make a complete, careful survey of the operation and management of all the departments, bureaus, divisions, officers, boards, commissions, institutions, and agencies and undertakings of the State and all persons or corporations who use or expend State funds, in the interest of economy and efficiency, and of obtaining a working knowledge upon which to base recommendations to the General Assembly as to appropriations for maintenance and special funds and capital expenditures for the succeeding biennium. If the Director and the Commission shall agree in their recommendations for the budget for the next biennial period, he shall prepare their report in the form of a proposed budget, together with such comment and recommendations as they may deem proper to make. If the Director and Commission shall not agree in substantial particulars, the Director shall prepare the proposed budget based on his own conclusions and judgment, and the Commission or any of its members retain the right to submit separately to the General Assembly such statement of disagreement and the particulars thereof as representing their views. The budget report shall contain a complete and itemized plan of all proposed expenditures for each State department, bureau, board, division, institution, commission, State agency or undertaking, person or corporation who receives or may receive for use and expenditure any State funds, in accordance with the classification of funds and accounts adopted by the State Controller, and of the estimated revenues and borrowings for each year in the
ensuing biennial period beginning with the first day of July thereafter. Opposite each line item of the proposed expenditures, the budget shall show in separate parallel columns:

1. Proposed expenditures and receipts for each fiscal year of the biennium;
2. The certified budget for the preceding fiscal year;
3. The currently authorized budget for the preceding fiscal year;
4. Actual expenditures and receipts for the most recent fiscal year for which actual expenditure information is available; and
5. Proposed increases and decreases.

Revenue and expenditure information shall be no less specific than the two-digit level in the State Accounting System Chart of Accounts as prescribed by the State Controller. The budget shall clearly differentiate between general fund expenditures for operating and maintenance, special fund expenditures for any purpose, and proposed capital improvements. The budget report shall include accurate projections of receipts, expenditures, and fund balances for all budget codes, funds, and accounts. Estimated receipts, including tuition collected by university or community college institutions, shall be adjusted to reflect actual collections from the previous fiscal year, unless the Director either (i) recommends a change that will result in collections in the budget year that differ from the actual collections of the prior year or (ii) otherwise determines there is a more reasonable basis upon which to accurately project receipts.

AUTHORIZATION TO ESTABLISH RECEIPT-SUPPORTED POSITIONS

SECTION 6.5. Notwithstanding G.S. 143-34.1(a1), a department, institution, or other agency of State government may establish receipt-supported positions authorized in this act upon approval by the Director of the Budget. The Director, if necessary, may establish a receipt-supported position pursuant to this section at an annual salary amount different from the salary amount set out in this act if (i) funds are available from the proposed funding source and (ii) the alternative salary amount remains within the established salary range grade identified for the job classification of the affected receipt-supported position established in this act. The Director shall not change the job classifications or increase the number of receipt-supported positions specified in this act without prior consultation with the Joint Legislative Commission on Governmental Operations.

The General Assembly also finds that the General Fund bears the departmental administrative overhead costs for many programs, activities, boards, and commissions that are supported by non-General Fund sources. The General Assembly finds that an indirect cost allocation program should be established to reimburse the General Fund for overhead and indirect costs incurred on behalf of these programs, activities, boards, and commissions.
SECTION 6.6.(b) The Office of State Budget and Management shall study the allocation of overhead costs and propose an overhead cost recovery program for consideration by the General Assembly. In developing its recommendation, the Office of State Budget and Management shall do the following:

1. Determine a methodology appropriate for the calculation and allocation of overhead costs.
2. For each program whose overhead costs are borne in whole or in part by the General Fund and that receive overhead cost reimbursement from the federal government or other non-General Fund sources, ensure that all future overhead cost reimbursements revert to the General Fund in accordance with the State Budget Manual, except as otherwise required by law.
3. For each program whose overhead costs are borne in whole or in part by the General Fund and that are not recovering overhead costs from other funding sources, establish an indirect cost allocation methodology that properly reimburses the General Fund, except as otherwise required by law.
4. Estimate the anticipated reimbursement to the General Fund.

SECTION 6.6.(c) The Office of State Budget and Management shall report its recommendations developed pursuant to this section to the Chairs of the Senate Committee on Appropriations/Base Budget, the Chairs of the House of Representatives Committee on Appropriations, and the Fiscal Research Division by April 1, 2006.

SECTION 6.6.(d) Overhead cost recovery recommendations developed pursuant to this section shall not apply to overhead cost reimbursements collected under any grant agreement by The University of North Carolina or any of its affiliated institutions.

If the Commission does not hold a meeting to hear the
consultation within 90 days of receiving the submission of the detailed report, the consultation requirement is satisfied.

   a. Required by a court, Industrial Commission, or administrative hearing officer's order;

   c. Required to call out the National Guard.

The Director of the Budget shall report on a quarterly basis to the Joint Legislative Commission on Governmental Operations on any overexpenditures under this subdivision; or

(3) A purpose or program, after consultation with the Joint Legislative Commission on Governmental Operations in accordance with G.S. 120-76(8), and only if: (i) the overexpenditure is required to continue the purpose or programs due to complications or changes in circumstances that could not have been foreseen when the budget for the fiscal period was enacted and (ii) the scope of the purpose or program is not increased. The consultation is required as follows:
   a. For a purpose or program with a certified budget of up to five million dollars ($5,000,000), consultation is required when the authorization for the overexpenditure exceeds ten percent (10%) of the certified budget;
   b. For a purpose or program with a certified budget of from five million dollars ($5,000,000) up to twenty million dollars ($20,000,000), consultation is required when the authorization for the overexpenditure exceeds five hundred thousand dollars ($500,000) or seven and one-half percent (7.5%) of the certified budget, whichever is greater;
   c. For a purpose or program with a certified budget of twenty million dollars ($20,000,000) or more, consultation is required when the authorization for the overexpenditure exceeds one million five hundred thousand dollars ($1,500,000) or five percent (5%) of the certified budget, whichever is greater;
   d. For a purpose or program supported by federal funds or when expenditures are required for the reasons set out in subdivision (2) of this subsection, no consultation is required.
If the Joint Legislative Commission on Governmental Operations does not meet for more than 30 days, the Director of the Budget may satisfy the requirements of the subsection to report to or consult with the Commission by reporting to or consulting with a joint meeting of the Chairs of the Appropriations Committees of the Senate and the House of Representatives.”

The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units.

If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

**SECTION 7.6.(f) Formula for Distribution of Supplemental Funding Pursuant to This Section Only.** – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

**SECTION 7.6.(g) Minimum Effort Required.** – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only.

This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

**SECTION 7.6.(h) Nonsupplant Requirement.** – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2005-2007 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

1. The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

2. The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.
The State Board of Education shall adopt rules to implement this section.

**SECTION 7.6.(i) Reports.** – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2006, if it determines that counties have supplanted funds.

**SECTION 7.6.(j) Department of Revenue Reports.** – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

**SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING**

**SECTION 7.7.(a) Funds for Small School Systems.** – Except as provided in subsection (b) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,175 to 4,000 students. The allocation formula shall:

1. Round all fractions of positions to the next whole position.
2. Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four, and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.
3. Provide additional program enhancement teachers adequate to offer the standard course of study.
4. Change the duty-free period allocation to one teacher assistant per 400 average daily membership.
5. Provide a base for the consolidated funds allotment of at least seven hundred forty thousand seventy-four dollars ($740,074), excluding textbooks for the 2005-2006 fiscal year and a base of seven hundred forty thousand seventy-four dollars ($740,074) for the 2006-2007 fiscal year.
6. Allot vocational education funds for grade 6 as well as for grades 7-12.

If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.
SECTION 7.7.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2005-2007 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:
(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
(2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 7.7.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be continued for five years after the unit becomes ineligible.

SECTION 7.7.(d) Definitions. – As used in this section:
(1) "Average daily membership" means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual adopted by the State Board of Education.
(2) "County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.
(2a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

If property has been revalued in the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.7.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2006, if it determines that counties have supplanted funds.

SECTION 7.7.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

DISADVANTAGED STUDENT SUPPLEMENTAL FUNDING

SECTION 7.8.(a) Funds are appropriated in this act to address the capacity needs of local school administrative units to meet the needs of disadvantaged students. Each local school administrative unit shall use funds allocated to it for disadvantaged student supplemental funding to implement a plan jointly developed by the unit and the LEA Assistance Program team. The plan shall be based upon the needs of students in the unit not achieving grade-level proficiency. The plan shall detail how these funds shall be used in conjunction with all other supplemental funding allotments such as Low-Wealth, Small County, At-Risk Student Services/Alternative Schools, and Improving Student Accountability, to provide instructional and other services that meet the educational needs of these students. Prior to the allotment of disadvantaged student supplemental funds, the plan shall be approved by the State Board of Education.

Funds received for disadvantaged student supplemental funding shall be used, consistent with the policies and procedures adopted by the State Board of Education, only to:

1. Provide instructional positions or instructional support positions and/or professional development;
2. Provide intensive in-school and/or after-school remediation;
3. Purchase diagnostic software and progress-monitoring tools; and
4. Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.
SECTION 7.8.(b) Funds are appropriated in this act to evaluate the Disadvantaged Student Supplemental Funding Initiatives and Low-Wealth Initiatives. The State Board of Education shall use these funds to:

1. Evaluate the strategies implemented by local school administrative units with Disadvantaged Student Supplemental Funds and Low-Wealth Funds and assess their impact on student performance; and
2. Evaluate the efficiency and effectiveness of the technical assistance and support provided to local school administrative units by the Department of Public Instruction.

The State Board of Education shall report the results of the evaluation to the Office of State Budget and Management, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division by February 15, 2006, and by January 15 of each subsequent year.

STUDENTS WITH LIMITED ENGLISH PROFICIENCY

SECTION 7.9.(a) The State Board of Education shall develop guidelines for identifying and providing services to students with limited proficiency in the English language.

The State Board shall allocate these funds to local school administrative units and to charter schools under a formula that takes into account the average percentage of students in the units or the charters over the past three years who have limited English proficiency. The State Board shall allocate funds to a unit or a charter school only if (i) average daily membership of the unit or the charter school includes at least 20 students with limited English proficiency or (ii) students with limited English proficiency comprise at least two and one-half percent (2.5%) of the average daily membership of the unit or charter school. For the portion of the funds that is allocated on the basis of the number of identified students, the maximum number of identified students for whom a unit or charter school receives funds shall not exceed ten and six-tenths percent (10.6%) of its average daily membership.

Local school administrative units shall use funds allocated to them to pay for classroom teachers, teacher assistants, tutors, textbooks, classroom materials/instructional supplies/equipment, transportation costs, and staff development of teachers for students with limited English proficiency.

A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.

SECTION 7.9.(b) The Department of Public Instruction shall prepare a current head count of the number of students classified with limited English proficiency by December 1 of each year.

Students in the head count shall be assessed at least once every three years to determine their level of English proficiency. A student who scores "superior" on the standard English language proficiency assessment instrument used in this State shall not be included in the head count of students with limited English proficiency.

FLEXIBILITY FOR THE HIGHEST PRIORITY ELEMENTARY SCHOOLS

SECTION 7.10. The State Board of Education may allow high priority schools that have made high growth for three consecutive years to be removed from the list of high priority schools. If a local board of education chooses to have a school
removed from the list of high priority schools, the additional high priority funding for that school shall be discontinued.

**AT-RISK STUDENT SERVICES/ALTERNATIVE SCHOOLS**

**SECTION 7.11.** The State Board of Education may use up to two hundred thousand dollars ($200,000) of the funds in the Alternative Schools/At-Risk Student allotment each year for the 2005-2006 fiscal year and for the 2006-2007 fiscal year to implement G.S. 115C-12(24).

Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of the 2005-2006 allocated average daily membership in the local school administrative unit.

The State Board shall allocate funds for no more than 55,895 children for the 2005-2006 school year.

The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

**Expenditure of Funds to Improve Student Accountability**

**SECTION 7.14.(a)** Funds appropriated for the 2005-2006 and 2006-2007 fiscal years for Student Accountability Standards shall be used to assist students to perform at or above grade level in reading and mathematics in grades 3-8 as measured by the State's end-of-grade tests. The State Board of Education shall allocate these funds to LEAs based on the number of students who score at Level I or Level II on either reading or mathematics end-of-grade tests in grades 3-8. Funds in the allocation category shall be used to improve the academic performance of (i) students who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 or (ii) students who are performing at Level I or II on the writing tests in grades 4 and 7. These funds may also be used to improve the academic performance of students who are performing at Level I or II on the high school end-of-course tests. These funds shall not be transferred to other allocation categories or otherwise used for other
purposes. Except as otherwise provided by law, local boards of education may transfer other funds available to them into this allocation category.

The principal of a school receiving these funds, in consultation with the faculty and the site-based management team, shall implement plans for expending these funds to improve the performance of students.

Local boards of education are encouraged to use federal funds such as Title I Comprehensive School Reform Development Funds and to examine the use of State funds to ensure that every student is performing at or above grade level in reading and mathematics.

These funds shall be allocated to local school administrative units for the 2005-2006 fiscal year within 30 days of the date this act becomes law.

SECTION 7.14.(b) Funds appropriated for Student Accountability Standards shall not revert at the end of each fiscal year but shall remain available for expenditure until August 31 of the subsequent fiscal year.

qualified individuals who are pursuing college degrees to become teachers. The State
Education Assistance Authority shall administer the Fund.

(b) Criteria—The State Education Assistance Authority, in consultation with the

fund. These criteria shall include:

1. Measures of academic performance including grade point averages, scores on standardized tests, class rank, and recommendations of guidance counselors and principals.

2. North Carolina residency. – For purposes of this section, residency shall be determined by the same standard as residency for tuition purposes pursuant to G.S. 116-143.1.

3. The geographic areas or subjects of instruction in which the demand for teachers is greatest.

4. To the extent practical, an equal number of scholarships shall be awarded in each of the State's Congressional Districts.

(c) The Superintendent of Public Instruction may earmark each year up to twenty percent (20%) of the funds available for scholarship loans under this section for awards to applicants who have been employed for at least one year as teacher assistants and who are currently employed as teacher assistants. Preference for these scholarship loans from funds earmarked for teacher assistants shall be given first to applicants who worked as teacher assistants for at least five years and whose positions as teacher assistants were abolished and then to applicants who already hold a baccalaureate degree or who have already been formally admitted to an approved teacher education program in North Carolina. The provisions of this Article shall apply to these scholarship loans except that a recipient of one of these scholarship loans may receive credit upon the amount due by reason of the loan as provided in G.S. 115C-471(5) or by working in a nonteaching position in the North Carolina public schools or by working in a licensed child care center in North Carolina.

SECTION 9.17(d) G.S. 115C-471 recodified by subsection (b) of this section as G.S. 116-209.34 reads as rewritten:
§ 116-209.34. Fund administered by State Superintendent of Public Instruction; rules and regulations. State Education Assistance Authority; rule-making authority.

(a) The Scholarship Loan Fund for Prospective Teachers shall be administered by the State Superintendent of Public Instruction, under rules adopted by the State Board of Education and subject to the following directions and limitations: The State Education Assistance Authority shall establish the terms and conditions for the scholarship loans consistent with the following:

1. Any resident of North Carolina who is interested in preparing to teach in the public schools of the State may apply in writing to the State Superintendent of Public Instruction for a regular scholarship loan in the amount of not more than two thousand five hundred dollars ($2,500) per academic school year. An applicant who has been employed for at least one year as a teacher assistant and who is currently employed as a teacher assistant may apply for a scholarship loan from funds earmarked for teacher assistants in the amount of not more than one thousand two hundred dollars ($1,200) per academic school year. The loan amount shall be not more than four thousand dollars ($4,000) per academic school year for a maximum of four years for applicants who are pursuing a college degree to become a teacher.

2. All scholarship loans shall be evidenced by notes made payable to the State Board of Education Authority that bear interest at the rate of ten percent (10%) per annum from and after September 1 following fulfillment by a prospective teacher of the requirements for a certificate based upon the entry level degree; or in the case of persons already teaching in the public schools who obtain scholarship loans, the notes shall bear interest at the prescribed rate from and after September 1 of the school year beginning immediately after the use of the scholarship loans; or in the event any such scholarship is terminated under the provisions of subdivision (3) of this section, the notes shall bear interest from the date of termination. A minor recipient who signs a note shall also obtain the endorsement thereon by a parent, if there be a living parent, unless the endorsement is waived by the Superintendent of Public Instruction. The minor recipient shall be obligated upon the note as fully as if the recipient were of age and shall not be permitted to plead such minority as a defense in order to avoid the obligations undertaken upon the note, year, beginning September 1 after graduation, or immediately after termination of the scholarship loan, whichever is earlier.

3. Each recipient of a scholarship loan under the provisions of this program shall be eligible for scholarship loans each year until the recipient has qualified for a certificate based upon the entry level degree, but the recipient shall not be so eligible for more than the minimum number of years normally required for qualifying for the certificate. The permanent withdrawal of any recipient from college or failure of the recipient to do college work in a manner acceptable to the State Superintendent of Public Instruction shall immediately forfeit the recipient’s right to retain the scholarship and subject the
scholarship to termination by the State Superintendent of Public Instruction in the Superintendent's discretion. A scholarship loan shall be terminated upon the recipient's withdrawing from school or a finding by the Authority that the recipient fails to meet the standards set by the Authority. All terminated scholarships shall be regarded as vacant and subject to being awarded to other eligible persons.

(4) Except under emergency conditions applicable to the State Superintendent of Public Instruction, recipients of scholarship loans shall enter the public school system of North Carolina at the beginning of the next school term after qualifying for a certificate based upon the entry level degree or, in case of persons already teaching in the public schools, at the beginning of the next school term after the use of the loan. All teaching service for which the recipient of any scholarship loan is obligated shall be rendered by August 31 of the seventh school year following graduation.

(5)(4) For each full school year taught in a North Carolina public school, the recipient of a scholarship loan shall receive credit upon the amount due by reason of the loan equal to the loan amount for a school year as provided in the note plus credit for the total interest accrued on that amount. Also, the recipient of the loan shall receive credit upon the total amount due by reason of all four years of the loan if the recipient teaches for three consecutive years. The Authority shall forgive a four-year loan if, within seven years after graduation, the recipient teaches for four years at a North Carolina public school or at a school operated by the United States government in North Carolina. The Authority shall also forgive a four-year loan if, within seven years after graduation, the recipient teaches for three consecutive years, or for three years interrupted only by an approved leave of absence, at a North Carolina public school that is in a low-performing school system or a school system on warning status at the time the recipient accepts employment with the local school administrative unit. In lieu of teaching in the public school, a recipient may elect to pay in cash the full amount of scholarship loans received plus interest then due thereon or any part thereof that has not been canceled by the State Board of Education by reason of teaching service rendered. For loans of less than four years, the Authority shall forgive one year for each year the recipient teaches, within four years of graduation, at a North Carolina public school or a school operated by the United States government in North Carolina.

(6)(5) If any recipient of a scholarship loan dies during the period of attendance at a college or university under a scholarship loan or before the scholarship loan is satisfied by payment or teaching service, any balance shall be automatically canceled.

If any recipient of a scholarship loan fails to fulfill the recipient's obligations under subdivision (4) of this section, other than as provided above, the amount of the loan and accrued interest, if any, shall be due and payable from the time of failure to fulfill the recipient's obligations. The Authority may forgive or reduce any loan...
payment if the Authority considers that extenuating circumstances exist that would make teaching or repayment impossible.

(7)(6) The State Superintendent of Public Instruction shall award scholarship loans with due consideration to factors and circumstances such as aptitude, purposefulness, scholarship, character, financial need, and geographic areas or subjects of instruction in which the demands for teachers are greatest. Since the primary purpose of this Article is to attract worthy young people to the teaching profession, preference for scholarship loans, except for the scholarship loans from funds earmarked for teacher assistants, shall be given to high school seniors in the awarding of scholarships. Grant funds may not be used to supplant federal funds traditionally received by federally qualified community health centers and may not be used to finance or satisfy any existing debt. The Department of Health and Human Services shall distribute funds on the basis of the availability of other funds for the agency, and also on the basis of incidence of poverty or percentage of indigent clients served.

SECTION 10.9.(b) The Office shall work with the North Carolina Community Health Center Association (hereafter "NCCHCA") and the North Carolina Public Health Association (hereafter "NCPHA") to establish an advisory committee to develop an objective and equitable process for awarding grant funds. An initial prescription order for an atypical antipsychotic drug or a drug listed in the narrow therapeutic drug index that does not contain the phrase "medically necessary" shall be considered an order for the drug by its established or generic name, except that a pharmacy shall not substitute a generic or established name prescription drug for subsequent brand or trade name prescription orders of the same prescription drug without explicit oral or written approval of the prescriber given at the time the order is filled. Generic drugs shall be dispensed at a lower cost to the Medical Assistance Program rather than trade or brand-name drugs. As used in this subsection, "brand name" means the proprietary name the manufacturer places upon a drug product or on its container, label, or wrapping at the time of packaging; and "established name" has the same meaning as in section 502(e)(3) of the Federal Food, Drug, and Cosmetic Act as amended, 21 U.S.C. § 352(e)(3).

The Department shall administer the program in accordance with applicable federal law and regulations, including those under Title XIX of the Social Security Act, 42 U.S.C. § 1396(p). To the extent allowed by section 1396(p) of Title XIX of the Social Security Act, the Department may impose liens against real property, including the home, of a recipient of medical assistance. The Department shall file any liens imposed under this section in the court where the property is located in the same manner as for any other lien under North Carolina law.

(b) As used in this section:

1. "Medical assistance" means medical care services paid for by the North Carolina Medicaid Program on behalf of the recipient:

   a. If the recipient of any age is receiving these medical care services as an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, and cannot reasonably be expected to be discharged to return home; or

   b. If the recipient is 55 years of age or older and is receiving these medical care services, including related hospital care and prescription drugs, for nursing facility services, personal care services, or home and community-based services, one or more of the following medical care services:

      1. Nursing facility services.
      2. Home and community-based services.
      3. Hospital care and prescription drugs related to nursing facility services or home and community-based services.
      4. Personal care services.

      6. Private duty nursing.
      7. Home health aide services.
      8. Home health therapy.
      9. Speech pathology services.

2. "Estate" means all the real and personal property considered assets of the estate available for the discharge of debt pursuant to G.S. 28A-15-1.

3. "Home" means property in which a recipient has, or had immediately before or at the time of the recipient's death, an ownership interest or
(c) The amount the Department recovers from the estate of any recipient shall not exceed the amount of medical assistance made on behalf of the recipient and shall be recoverable only for medical care services prescribed in subsection (b) of this section. To the extent that allowable Medicaid claims are not satisfied as a result of the execution of any liens held by the Department, the Department is a fifth-class creditor, as prescribed in G.S. 28A-19-6, for purposes of determining the order of claims against an estate; provided, however, that judgments in favor of other fifth-class creditors docketed and in force before the Department seeks recovery for medical assistance shall be paid prior to recovery by the Department.

(d) The Department of Health and Human Services shall adopt rules pursuant to Chapter 150B of the General Statutes to implement the Plan, including rules to waive whole or partial recovery when this recovery would be inequitable because it would work an undue hardship or because it would not be administratively cost effective and rules to ensure that all recipients are notified that their estates are subject to recovery at the time they become eligible to receive medical assistance.

(e) Regarding trusts that contain the assets of an individual who is disabled as defined in Title 19 of Section 1014(a)(3) of the Social Security Act, as amended, if the trust is established and managed by a nonprofit association, to the extent that amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the nonprofit association, the trust pays to the Department from these remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary under the North Carolina Medicaid Program.

SECTION 10.21C.(b) Part 6 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new sections to read:

"§ 108A-70.6. Postponement of estate recovery required in cases of undue hardship.

(a) The Department shall postpone or waive its claim pursuant to G.S. 108A-70.5, including the execution of a lien in whole or in part, when the Department determines that the enforcement of its claim would work an undue hardship to an heir or a beneficiary of the Medicaid recipient. Nothing in this section shall be construed to prevent the Department from enforcing its claim if the owner of the property sells or transfers ownership of the property that is subject to the Department's claim.

(b) A claim of undue hardship to an heir or beneficiary shall be made in writing to the Department within 30 days after the receipt of notification of the Medicaid lien or claim. The claim for hardship shall describe the financial circumstance of the heir or beneficiary and the basis for the claim.

(c) An undue hardship exists if:

(1) The property subject to the lien has a tax value that is equal to or less than thirty thousand dollars ($30,000).

(2) The property subject to the Department's claim is the sole source of income for a surviving heir or beneficiary, and the loss of the net income derived from the property would result in the heir's or beneficiary's annual gross income to fall below one hundred percent (100%) of the federal poverty guidelines in the year in which the hardship is claimed; or
(3) The sale of the property would be required to satisfy the Department's claim, and all of the following conditions are met:
   a. The heir or beneficiary resided in the decedent's home on a continual basis for at least 24 months immediately prior to the date of the recipient's death and the heir or beneficiary was using the property as a principal place of residence on the date of the recipient's death;
   b. The heir or beneficiary has, from the time the Department first presents its claim for recovery against the deceased recipient's estate and after, annual gross income in the amount not exceeding one hundred fifty percent (150%) of the federal poverty income standard;
   c. The heir or beneficiary owns no other real property or agrees to sell other real property in partial payment of the Department's claim; and
   d. The heir or beneficiary owns other assets not exceeding a net value of thirty thousand dollars ($30,000).

"§ 108A-70.7. Estate recovery not cost effective.
   The Department shall waive its claim or lien imposed under G.S. 108A-70.5 upon the Department's determination that:
   (1) The amount of Medicaid payments for services and benefits subject to recovery is less than eight thousand dollars ($8,000); or
   (2) The assets subject to the Department's claim or lien are less than five thousand dollars ($5,000).

   (a) The Department shall provide each applicant for medical assistance, or the applicant's representative, written notice that:
      (1) Receipt of medical assistance may result in a Medicaid claim or lien upon the recipient's estate, including the recipient's home, to recover costs paid on behalf of the recipient for medical assistance in accordance with G.S. 108A-70.5; and
      (2) The Department may seek a lien against the real property of a recipient of any age before or after the recipient's death in the amount of assistance paid or to be paid for the recipient if the recipient is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, and the Department determines, after notice and an opportunity for a hearing in accordance with applicable law, that the recipient cannot reasonably be expected to be discharged and return home.
   (b) Notice under this section shall also explain the hardship conditions under which estate recovery, including the execution of a lien, may be postponed or waived.

"§ 108A-70.9. County departments of social services to provide information.
   The Department may require the county department of social services administering medical assistance to gather and provide the Department with the information and administrative or legal assistance needed to recover medical assistance under G.S. 108A-70.5. The Department shall pay to the county department of social services an amount equal to twenty percent (20%) of the nonfederal share of recovery collected by the Department. The Department may withhold payments under this section for a
county department's failure to comply with the Department's requirements under this section."

SECTION 10.21C.(c) This section becomes effective January 1, 2006, and applies to recipients of medical assistance on or after that date.

MEDICAID STUDY

SECTION 10.21E. The Department of Health and Human Services shall study Medicaid services for individuals who are dually eligible for Medicaid and Medicare, particularly including the Medicare Part D impact on these services, the financial impact on the State of Medicare clawback provisions, and efficiencies that can be realized in services for this dually eligible population. The study shall also include the impact on the Medicaid program as a whole. The Department shall report the results of the study to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division not later than May 1, 2006.

(3) If a responsible parent is under a court order to provide or maintain health insurance for a child and has failed to comply with the court order, then the child is deemed uninsured for purposes of determining eligibility for Program benefits if at the time of application the custodial parent shows proof of agreement to notify and cooperate with the child support enforcement agency in enforcing the order.

If health insurance other than under the Program is provided to the child after enrollment and prior to the expiration of the eligibility period for which the child is enrolled in the Program, then the child is deemed to be insured and ineligible for continued coverage under the Program. The custodial parent has a duty to notify the Department within 10 days of receipt of the other health insurance, and the Department, upon receipt of notice, shall disenroll the child from the Program.

LONG-TERM PLAN FOR MEETING MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES NEEDS

SECTION 10.24.(a) The Secretary of the Department of Health and Human Services shall, in consultation with interested advocacy groups and affected State and local agencies, develop a long-range plan for addressing the mental health, developmental disabilities, and substance abuse services needs of the State. The plan shall be consistent with the plan developed pursuant to G.S. 122C-102 and shall address the following:

1. The services needed at the community level within each LME in order to ensure an adequate level of services to the average number of persons needing the services based on population projections.
2. The full continuum of services needed for each disability group within an LME, including:
   a. Which services could be regional or multi-LME based;
   b. What percent of the population each LME would expect to use State-level facilities; and
   c. An inventory of existing services within each LME for each disability group, and the gaps that exist;
3. Projected growth in services for each disability group within each LME or region that can reasonably be managed over the ensuing five-year period; and
4. Projected start-up costs and the total funding needed in each year from the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs to implement the long-range plan.

Funds shall not be transferred from the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs until the Secretary has consulted with the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Chairs of the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services.

SECTION 10.24.(b) The Department shall use not less than fifty percent (50%) of moneys in the Trust Fund established pursuant to G.S. 143-15D for the 2005-2006 fiscal year for nonrecurring start-up funds for community-based services, including funding for existing area program services to transition to the private sector or to another public service agency. Moneys in the Trust Fund may be used to expand recurring community-based services only if sufficient recurring funds can be identified within the Department from funds currently budgeted for mental health, developmental disabilities, and substance abuse services, area mental health programs or county programs, or local government.

SECTION 10.24.(c) Not later than March 1, 2006, the Department of Health and Human Services shall report on the implementation of this section to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

The purpose of the Program is to provide appropriate and medically necessary residential and nonresidential treatment alternatives for children at risk of institutionalization or other out-of-home placement. 1. Provide only those treatment services that are medically necessary.
2. Implement utilization review of services provided.
3. Adopt the following guiding principles for the provision of services:
   a. Service delivery system must be outcome-oriented and evaluation-based.
   b. Services should be delivered as close as possible to the child's home.
c. Services selected should be those that are most efficient in terms of cost and effectiveness.
d. Services should not be provided solely for the convenience of the provider or the client.
e. Families and consumers should be involved in decision making throughout treatment planning and delivery.

(4) Implement all of the following cost-reduction strategies:

SECTION 10.25.(d) The Department shall not allocate funds appropriated for Program services until a Memorandum of Agreement has been executed between the Department of Health and Human Services, the Department of Public Instruction, and other affected State agencies. The Memorandum of Agreement shall address specifically the roles and responsibilities of the various departmental divisions and affected State agencies involved in the administration, financing, care, and placement of children at risk of institutionalization or other out-of-home placement. The Department shall not allocate funds appropriated in this act for the Program until the Memoranda of Agreement between local departments of social services, area mental health programs, local education agencies, and the Administrative Office of the Courts and the Department of Juvenile Justice and Delinquency Prevention, as appropriate, are executed to effectuate the purpose of the Program. The Memoranda of Agreement shall address issues pertinent to local implementation of the Program, including provision for the immediate availability of student records to a local school administrative unit receiving a child placed in a residential setting outside the child's home county.

SECTION 10.25.(e) Notwithstanding any other provision of law to the contrary, services under the Comprehensive Treatment Services Program are not an entitlement for non-Medicaid eligible children served by the Program.

SECTION 10.25.(f) Of the funds appropriated in this act for the Comprehensive Treatment Services Program, the Department of Health and Human Services shall establish a reserve of three percent (3%) to ensure availability of these funds to address specialized needs for children with unique or highly complex problems.

SECTION 10.25.(h) It is the intent of the General Assembly to (i) improve the safety and well-being of North Carolina's children, youth, and families; (ii) support collaboration among State, regional, and local agencies that deliver services to children, youth, and families; (iii) make more effective use of existing federal, State, and local resources and programs for children, youth, and families; and (iv) streamline service delivery, fill service gaps, and eliminate duplication of services for children, youth, and families.

The Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, the Department of Public Instruction, the Administrative Office of the Courts, and other affected State agencies share responsibility and accountability to assure effective collaboration among State and local agencies to improve outcomes for children and their families leading to full participation in their communities and schools.

The General Assembly recognizes that services to children, youth, and families are most effective when they are child- and family-centered, strengths-based, community-based, use multidisciplinary approaches, use evidence-based practices when appropriate, and recognize and respect cultural differences. These practices can be successfully implemented only where there is significant and ongoing collaboration and coordination among multiple public agencies. The General Assembly also recognizes that while agencies are making significant progress towards implementing these practices, there is also a need to focus State-level policy in order to provide support, remove barriers, and more fully implement these goals.

There is established a children's services work group. It shall be located in the Department of Administration for budgetary and staffing purposes only. The Secretary of the Department of Health and Human Services, the Secretary of the Department of Juvenile Justice and Delinquency Prevention, the Chair of the State Board of Education, the Superintendent of Public Instruction, and the Chief Justice of the North Carolina Supreme Court shall each designate at least one representative to serve on the work group from among the programs, divisions, or departments under that administrator's control that provide services to children and youth. Each administrator named in the preceding sentence shall also appoint to serve on the work group at least one parent of a child or youth who has or is at risk for behavioral, social, health, or safety problems or academic failure, at least one member of a local collaborative body, and at least one private sector service provider. The Chair of the State Board of Education and the Superintendent of Public Instruction may make joint appointments.

The work group shall meet at least monthly. The first meeting of the work group shall occur not less than 30 days after the effective date of this section. The Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, the Department of Public Instruction, and the Administrative Office of the Courts shall, in this order and on a rotating basis, host the monthly
meetings of the work group. The Department of Administration shall provide staff and clerical support to the work group. The work group shall:

1. Identify common outcome measures for child-serving agencies that can be used for monitoring the safety, health, and well-being of North Carolina's children, youth, and families, including preventative measures.

2. Identify strategies for funding flexibility between State and local agencies, including shared funding streams and the removal of financial and bureaucratic barriers.

3. Develop a common service terminology to be used across child-serving agencies that is appropriate and assists collaboration and coordination.

4. Make recommendations regarding the creation of a shared database to track population and program outcomes information while protecting individual confidentiality.

5. Develop mechanisms that would allow agencies to share information about individual children receiving multiple services. Any recommendations must take into account confidentiality requirements, be voluntary on the part of the party receiving services, and be time-limited. The mechanisms may address intake, assessment, and release procedures.

6. Examine State and local training needs for implementing increased coordination and collaboration.

7. Study other issues the work group determines would improve coordination and collaboration between child-serving agencies.

A majority of the work group shall constitute a quorum for the transaction of business.

Members of the work group shall receive per diem, subsistence, and travel allowances at the rate established in G.S. 138-5 or G.S. 138-6 as appropriate.

Upon the approval of the Secretary of the Department of Health and Human Services, the Secretary of the Department of Juvenile Justice and Delinquency Prevention, the Chair of the State Board of Education, the Superintendent of Public Instruction, and the Chief Justice of the North Carolina Supreme Court, the work group shall submit its findings and recommendations to the Coordination of Children's Services Study Commission created under Section 4 of this act. The work group shall submit an interim report no later than December 15, 2005, and a final report no later than April 15, 2006. The reports shall specify those recommendations that may be implemented without statutory changes and those that would require statutory authorization.

If the General Assembly has not adjourned by those dates, or if the membership of the Study Commission has not been appointed, the work group shall submit its reports to the Joint Legislative Education Oversight Committee, the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee, the Joint Legislative Health Care Oversight Committee, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

The work group shall expire upon the filing of the final report.
SECTION 10.25.(i) There is created the Coordination of Children's Services Study Commission ("Commission"). The Commission shall consist of 18 members appointed as follows:

(1) Nine members appointed by the Speaker of the House of Representatives as follows:
   a. Five members of the House of Representatives, of whom at least one shall also serve on the House of Representatives Health and Human Services Appropriations Subcommittee, at least one shall also serve on the Joint Legislative Education Oversight Committee, at least one shall also serve on the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and at least one shall also serve on a House of Representatives Judiciary Committee; and
   b. Four members of the public, including a district court judge, a member of a local collaborative body, a private sector service provider, and a parent of a child who has or is at risk for behavioral, social, health, or safety problems or academic failure.

(2) Nine members appointed by the President Pro Tempore of the Senate as follows:
   a. Five members of the Senate, of whom at least one shall also serve on the Senate Health and Human Services Appropriations Subcommittee, at least one shall also serve on the Joint Legislative Education Oversight Committee, at least one shall also serve on the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and at least one shall also serve on a Senate Judiciary Committee; and
   b. Four members of the public, including a parent of a child who has or is at risk for behavioral, social, health, or safety problems or academic failure, a child who has or is at risk for behavioral, social, health, or safety problems or academic failure, a member of a local board of education, and a member of a board of county commissioners.

The Speaker of the House of Representatives shall appoint a cochair, and the President Pro Tempore of the Senate shall appoint a cochair for the Commission. The Commission may meet at any time upon the joint call of the cochairs. Vacancies on the Commission shall be filled by the same appointing authority as made the initial appointment.

SECTION 10.25.(j) The purpose of the Commission is to study and recommend changes to improve collaboration and coordination among agencies that provide services to children, youth, and families with multiple service needs. The Commission's recommendations shall include mechanisms for establishing clear State leadership, consistent policy direction, and increased accountability at the State and local levels. As part of its work, the Commission shall:

(1) Identify existing State, regional, and local collaborative bodies (including their charges, scopes of authority, and accountability requirements) that have been created by legislation, administrative
rule, or agency policy and that are charged with serving, protecting, or improving the well-being of North Carolina's children, youth, and families. Once it has identified the collaborative bodies, the Commission shall consider how they could be consolidated, reorganized, or eliminated in order to improve their effectiveness and accountability, increase the likelihood that key players will actively participate, and reduce unnecessary duplication of effort. The Commission shall also consider the creation of a mechanism for coordination and communication among the State and local collaborative bodies, incentives for collaboration, clarification of roles among agencies, and ways to monitor the extent to which groups are collaborating.

(2) Study the practices of agencies currently implementing a system of care platform of practices and make recommendations regarding whether to adopt those practices statewide and across child-serving agencies as the preferred mechanism for providing services to children, youth, and families. In examining this issue, the Commission shall identify those State and local agencies that are currently implementing practices that are consistent with a system of care, those states that have implemented a system of care as a statewide policy initiative, and the extent to which a system of care is cost-effective.

(3) The Commission shall also examine the following principles that are associated with a system of care and determine whether to recommend the adoption of a State policy that reflects these principles:

a. Services for children should promote success, safety, and permanence.

b. Services should be child- and family-centered, giving priority to keeping children with their families, in their home, school, and community.

c. Services should actively promote early identification and intervention.

d. Services should be designed to protect the rights of children.

e. Services shall be integrated and comprehensive, addressing the child's physical, educational, social, and emotional needs through a single child and family team.

f. Services shall be outcomes-accountable and tied to a unified child and family plan.

g. Agency resources and services shall be shared and coordinated.

h. Services shall be provided as close to home as appropriate in the least restrictive setting consistent with what is known to be effective.

i. Services shall be culturally competent.

j. Services shall address the unique strengths, needs, and potential of each child and family, and shall be sufficiently flexible to meet highly individualized child and family needs.

k. Management of the child-serving system is a responsibility shared among all public and private child-serving agencies that should be held collectively accountable for outcomes.

SECTION 10.28.(a) In keeping with the United States Supreme Court decision in Olmstead vs. L.C. & E.W. and State policy to provide appropriate services to clients in the least restrictive and most appropriate environment, the Department of Health and Human Services shall continue to implement a plan for the transition of patients from State psychiatric hospitals to the community or to other long-term care facilities, as appropriate. The goal is to develop mechanisms and identify resources needed to enable patients and their families to receive the necessary services and supports based on the following guiding principles:

(1) Individuals shall be provided acute psychiatric care in non-State facilities when appropriate.

(2) Individuals shall be provided acute psychiatric care in State facilities only when non-State facilities are unavailable.

(4) The State shall minimize cost shifting to other State and local facilities or institutions.
SECTION 10.28.(b) The Department of Health and Human Services shall conduct an analysis of the individual patient service needs and shall develop and implement an individual transition plan, as appropriate, for patients in each hospital. The State shall ensure that each individual transition plan, as appropriate, shall take into consideration the availability of appropriate alternative placements based on the needs of the patient and within resources available for the mental health, developmental disabilities, and substance abuse services system. In developing each plan, the Department shall consult with the patient and the patient's family or other legal representative.

SECTION 10.28.(c) In accordance with the plan established in subsections (a) and (b) of this section, any nonrecurring savings in State appropriations that result from reductions in beds or services shall be placed in the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs. These funds shall be used to facilitate the transition of clients into appropriate community-based services and supports in accordance with G.S. 143-15.3D. Recurring savings realized through implementation of this section shall be retained by the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, (i) for implementation of subsections (a) and (b) of this section and (ii) to support the recurring costs of additional community-based placements from Division facilities in accordance with Olmstead vs. L.C. & E.W.

MENTAL RETARDATION CENTER DOWNSIZING

SECTION 10.29.(a) In accordance with the Department of Health and Human Services' plan for mental health, developmental disabilities, and substance abuse services system reform, the Department shall ensure that the downsizing of the State's regional mental retardation facilities is continuously based upon residents' needs and the availability of community-based services with a targeted goal of four percent (4%) each year. The Department shall implement cost-containment and reduction strategies to ensure the corresponding financial and staff downsizing of each facility. The Department shall manage the client population of the mental retardation centers in order to ensure that placements for ICF-MR level of care shall be made in non-State facilities. Admissions to State ICF-MR facilities are permitted only as a last resort and only upon approval of the Department. The corresponding budgets for each of the State mental retardation centers shall be reduced, and positions shall be eliminated as the census of each facility decreases. At no time shall mental retardation center positions be transferred to other units within a facility or assigned nondirect care activities such as outreach.

SECTION 10.29.(b) The Department of Health and Human Services shall apply any savings in State appropriations in each year of the 2005-2007 fiscal biennium that result from reductions in beds or services as follows:
The Department shall place nonrecurring savings in the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs and use the savings to facilitate the transition of clients into appropriate community-based services and support in accordance with G.S. 143-15.3D;

The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall retain recurring savings realized through implementation of this section to support the recurring costs of additional community-based placements from Division facilities in accordance with Olmstead vs. L.C. & E.W. In determining the savings in this section, savings shall include all savings realized from the downsizing of the State mental retardation centers, including the savings in direct State appropriations in the budgets of the State mental retardation centers; and

The Department of Health and Human Services, Division of Medical Assistance, shall transfer any recurring Medicaid savings resulting from the downsizing of State-operated MR centers from the ICF-MR line in Medicaid to the CAP-MR/DD line.

SECTION 10.29.(c) Consistent with the requirements of this section, the Secretary of Health and Human Services shall develop a plan to ensure that there are sufficient developmental disability/mental retardation regional centers to correspond with service catchment areas. The Plan shall address:

(1) Methods of funding for community services necessitated by down-sizing;
(2) How many State-operated beds and non-State operated beds are needed to serve the population; and
(3) Alternative uses for facilities.

Not later than April 1, 2006, the Department shall report on the development of the plan, and not later than April 1, 2007, shall report the final plan, including recommendations for legislative action, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

PRIVATE AGENCY UNIFORM COST-FINDING REQUIREMENT

SECTION 10.30. G.S. 122C-147.2 reads as rewritten:

"§ 122C-147.2. Purchase of services and reimbursement rates.

(a) When funds are used to purchase services, the following provisions apply:

(1) Reimbursement rates for specific types of service shall be negotiated between the Secretary and the area authority. The negotiation shall begin with the rate determined by the standardized cost-finding and rate-setting procedure that is required by G.S. 122C-143.2(a) or by another method approved by the Secretary.
(2) The reimbursement rate used for the payment of services shall incorporate operating and administrative costs, including costs for property in accordance with G.S. 122C-147.

(b) To ensure uniformity in rates charged to area programs and funded with State-allocated resources, the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services of the Department of Health and Human Services may require a private agency that provides services under contract with an area program or county program, except for hospital services that have an established Medicaid rate, to complete an agency-wide uniform cost finding in accordance with subsection (a) of this section. The resulting cost shall be the maximum included for the private agency in the contracting area program's unit cost finding. If a private agency fails to timely and accurately complete the required agency-wide uniform cost finding in a manner acceptable to the Department's controller's office, the Department may suspend all Department funding and payment to the private agency until such time as an acceptable cost finding has been completed by the private agency and approved by the Department's controller's office.”

DHHS POLICIES AND PROCEDURES IN DELIVERING COMMUNITY MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES

SECTION 10.31. The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall in cooperation with area mental health authorities and county programs, identify and eliminate administrative and fiscal barriers created by existing State and local policies and procedures in the delivery of community-based mental health, developmental disabilities, and substance abuse services provided through the area programs and county programs, including services provided through the Comprehensive Treatment Services Program for Children and services delivered to multiply diagnosed adults. The Department shall implement changes in policies and procedures in order to facilitate all of the following:

(1) The provision of services to adults and children as defined in the Mental Health System Reform State Plan as priority or targeted populations.

(2) A revised system of allocating State and federal funds to area mental health authorities and county programs that reflects projected needs, including the impact of system reform efforts rather than historical allocation practices and spending patterns.

(3) The provision of services to children not deemed eligible for the Comprehensive Treatment Services Program for Children, but who would otherwise be in need of medically necessary treatment services to prevent out-of-home placement.

(4) The provision of services in the community to adults remaining in and being placed in State institutions addressed in Olmstead v. L.C.

Area mental health, developmental disabilities, and substance abuse services authorities and county programs shall use all funds appropriated for and necessary to provide mental health, developmental disabilities, and substance abuse services to meet the need for these services. If excess funds are available after expending appropriated funds to fully meet service needs, one-half of these excess funds shall not revert to the General Fund but shall be transferred to the Trust Fund for Mental Health,
Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs, except that one-half of the funds appropriated for the Comprehensive Treatment Services Program for Children that are unexpended and unencumbered shall not revert to the General Fund but shall be carried forward and used only for services for children and adolescents.

The Department, in consultation with the area mental health authorities and county programs, shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on the progress in implementing these changes. The report shall be submitted on October 1, 2005, and February 1, 2006.

SECTION 10.34. The Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services shall study the oversight and monitoring roles and activities of the Divisions of: Social Services, Facility Services, Medical Assistance, and Mental Health, Developmental Disabilities,
and Substance Abuse Services, of the Department of Health and Human Services. The study shall focus on how the oversight and monitoring activities benefit consumers of mental health, developmental disabilities, and substance abuse services in residential settings, and shall include in its report recommendations on ensuring quality of care and increasing efficiency in the provision of services. **SECTION 10.35.(a)** G.S. 143B-147(a) is amended by adding the following new subdivision to read:

"(9) To adopt rules establishing a process for non-Medicaid eligible clients to appeal to the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services of the Department of Health and Human Services decisions made by an area authority or county program affecting the client. The purpose of the appeal process is to ensure that mental health, developmental disabilities, and substance abuse services are delivered within available resources, to provide an additional level of review independent of the area authority or county program to ensure appropriate application of and compliance with applicable statutes and rules, and to provide additional opportunities for the area authority or county program to resolve the underlying complaint. Upon receipt of a written request by the non-Medicaid eligible client, the Division shall review the decision of the area authority or county program and shall advise the requesting client and the area authority or county program as to the Division's findings and the bases therefor. Notwithstanding Chapter 150B of the General Statutes, the Division's findings are not a final agency decision for purposes of that Chapter. Upon receipt of the Division's findings, the area authority or county program shall issue a final decision based on those findings. Nothing in this subdivision shall be construed to create an entitlement to mental health, developmental disabilities, and substance abuse services."

**SECTION 10.35.(b)** The Commission shall commence the rule-making process in a timely manner to ensure, insofar as possible given the time constraints of Chapter 150B of the General Statutes, that the rules become effective not later than July 1, 2006.

(1) The financial and other impact accreditation will have on the facilities affected.
(2) The feasibility of developing an alternative to accreditation for small facilities.
(3) The potential for a reduction in the number of visits required by a local management entity if a residential facility were accredited.
(4) Review of accreditation requirements of other states.
(5) Cost of accreditation to the State and affected providers.
(6) The specific requirements to meet accreditation.

SECTION 10.35A.(b) The Department of Health and Human Services shall report its findings and recommendations to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division not later than March 1, 2006.

The temporary rules shall become effective as provided in G.S. 150B-21.3(a).

CONTROLLED SUBSTANCES REPORTING

SECTION 10.36.(a) Chapter 90 of the General Statutes is amended by adding a new Article to read:

"Article 5D.

"North Carolina Controlled Substances Reporting System Act.

"§ 90-113.60. Short title.

This Article shall be known and may be cited as the "North Carolina Controlled Substances Reporting System Act."

"§ 90-113.61. Legislative findings and purpose.

(a) The General Assembly makes the following findings:
(1) North Carolina is experiencing an epidemic of poisoning deaths from unintentional drug overdoses.
(2) Since 1997, the number of deaths from unintentional drug overdoses has increased threefold, from 228 deaths in 1997 to 690 deaths in 2003.
(3) The number of unintentional deaths from illicit drugs in North Carolina has decreased since 1992 while unintentional deaths from licit drugs, primarily prescriptions, have increased.
(4) Licit drugs are now responsible for over half of the fatal unintentional poisonings in North Carolina.
(5) Over half of the prescription drugs associated with unintentional deaths are narcotics (opioids).
(6) Of these licit drugs, deaths from methadone, usually prescribed as an analgesic for severe pain, have increased sevenfold since 1997.
Methadone from opioid treatment program clinics is a negligible source of the methadone that has contributed to the dramatic increase in unintentional methadone-related deaths in North Carolina.

Review of the experience of the 19 states that have active controlled substances reporting systems clearly documents that implementation of these reporting systems do not create a "chilling" effect on prescribing.

Review of data from controlled substances reporting systems help:
- Support the legitimate medical use of controlled substances.
- Identify and prevent diversion of prescribed controlled substances.
- Reduce morbidity and mortality from unintentional drug overdoses.
- Reduce the costs associated with the misuse and abuse of controlled substances.
- Assist clinicians in identifying and referring for treatment patients misusing controlled substances.
- Reduce the cost for law enforcement of investigating cases of diversion and misuse.
- Inform the public, including health care professionals, of the use and abuse trends related to prescription drugs.

This Article is intended to improve the State's ability to identify controlled substance abusers or misusers and refer them for treatment, and to identify and stop diversion of prescription drugs in an efficient and cost-effective manner that will not impede the appropriate medical utilization of licit controlled substances.

The following definitions apply in this Article:

(1) "Commission" means the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services established under Part 4 of Article 3 of Chapter 143B of the General Statutes.

(2) "Controlled substance" means a controlled substance as defined in G.S. 90-87(5).

(3) "Department" means the Department of Health and Human Services.

(4) "Dispenser" means a person who delivers a Schedule II through V controlled substance to an ultimate user in North Carolina, but does not include any of the following:
   - A licensed hospital or long-term care pharmacy that dispenses such substances for the purpose of inpatient administration.
   - A person authorized to administer such a substance pursuant to Chapter 90 of the General Statutes.
   - A wholesale distributor of a Schedule II through V controlled substance.

(5) "Ultimate user" means a person who has lawfully obtained, and who possesses, a Schedule II through V controlled substance for the person's own use, for the use of a member of the person's household, or for the use of an animal owned or controlled by the person or by a member of the person's household.

§ 90-113.63. Requirements for controlled substances reporting system.
(a) The Department shall establish and maintain a reporting system of prescriptions for all Schedule II through V controlled substances. Each dispenser shall
submit the information in accordance with transmission methods and frequency established by rule by the Commission. The Department may issue a waiver to a dispenser that is unable to submit prescription information by electronic means. The waiver may permit the dispenser to submit prescription information by paper form or other means, provided all information required of electronically submitted data is submitted. The dispenser shall report the information required under this section on a monthly basis for the first 12 months of the Controlled Substances Reporting System’s operation, and twice monthly thereafter.

(b) The Commission for Health Services shall adopt rules requiring dispensers to report the following information. The Commission may modify these requirements as necessary to carry out the purposes of this Article. The dispenser shall report:

1. The dispenser’s DEA number.
2. The name of the patient for whom the controlled substance is being dispensed, and the patient’s:
   a. Full address, including city, state, and zip code,
   b. Telephone number, and
   c. Date of birth.
3. The date the prescription was written.
4. The date the prescription was filled.
5. The prescription number.
6. Whether the prescription is new or a refill.
7. Metric quantity of the dispensed drug.
8. Estimated days of supply of dispensed drug, if provided to the dispenser.
10. Prescriber’s DEA number.

§ 90-113.64. Confidentiality.
(a) Prescription information submitted to the Department is privileged and confidential, is not a public record pursuant to G.S. 132-1, is not subject to subpoena or discovery or any other use in civil proceedings, and except as otherwise provided below may only be used for investigative or evidentiary purposes related to violations of State or federal law and regulatory activities. Except as otherwise provided by this section, prescription information shall not be disclosed or disseminated to any person or entity by any person or entity authorized to review prescription information.

(b) The Department may use prescription information data in the controlled substances reporting system only for purposes of implementing this Article in accordance with its provisions.

(c) The Department shall release data in the controlled substances reporting system to the following persons only:

1. Persons authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for their patients.
2. An individual who requests the individual’s own controlled substances reporting system information.
3. Special agents of the North Carolina State Bureau of Investigation who are assigned to the Diversion & Environmental Crimes Unit and whose primary duties involve the investigation of diversion and illegal use of prescription medication and who are engaged in a bona fide specific investigation related to enforcement of laws governing licit drugs.
SBI shall notify the Office of the Attorney General of North Carolina of each request for inspection of records maintained by the Department.

(4) Primary monitoring authorities for other states pursuant to a specific ongoing investigation involving a designated person, if information concerns the dispensing of a Schedule II through V controlled substance to an ultimate user who resides in the other state or the dispensing of a Schedule II through V controlled substance prescribed by a licensed health care practitioner whose principal place of business is located in the other state.

(5) To a court pursuant to a lawful court order in a criminal action.

(6) The Division of Medical Assistance for purposes of administering the State Medical Assistance Plan.

(7) Licensing boards with jurisdiction over health care disciplines pursuant to an ongoing investigation by the licensing board of a specific individual licensed by the board.

(d) The Department may provide data to public or private entities for statistical, research, or educational purposes only after removing information that could be used to identify individual patients who received prescription medications from dispensers.

(e) In the event that the Department finds patterns of prescribing medications that are unusual, the Department shall inform the Attorney General's Office of its findings. The Office of the Attorney General shall review the Department's findings to determine if the findings should be reported to the SBI for investigation of possible violations of State or federal law relating to controlled substances.

(f) The Department shall purge from the controlled substances reporting system database all information more than six years old.

“§ 90-113.65. Civil penalties; other remedies; immunity from liability.

(a) A person who intentionally, knowingly, or negligently releases, obtains, or attempts to obtain information from the system in violation of a provision of this section or a rule adopted pursuant to this section shall be assessed a civil penalty not to exceed five thousand dollars ($5,000) per violation. The clear proceeds of penalties assessed under this section shall be deposited to the Civil Penalty and Forfeiture Fund in accordance with Article 31A of Chapter 115C of the General Statutes.

(b) In addition to any other remedies available at law, an individual whose prescription information has been disclosed in violation of this section may bring an action against any person or entity who has intentionally, knowingly, or negligently released confidential information or records concerning the individual for either or both of the following:

(1) Nominal damages of one thousand dollars ($1,000). In order to recover damages under this subdivision, it shall not be necessary that the plaintiff suffered or was threatened with actual damages.

(2) The amount of actual damages, if any, sustained by the individual.

SECTION 10.36.(c) This section becomes effective January 1, 2006.

Appropriations Subcommittee on Health and Human Services

SENIOR CENTER OUTREACH

SECTION 10.37.(a) Funds appropriated to the Department of Health and Human Services, Division of Aging and Adult Services, for the 2005-2007 fiscal biennium, shall be used by the Division of Aging and Adult Services to enhance senior center programs as follows:

(1) To expand the outreach capacity of senior centers to reach unserved or underserved areas; or
(2) To provide start-up funds for new senior centers.

All of these funds shall be allocated by October 1 of each fiscal year.

SECTION 10.37.(b) Prior to funds being allocated pursuant to this section for start-up funds for a new senior center, the county commissioners of the county in which the new center will be located shall:

(1) Formally endorse the need for such a center;
(2) Formally agree on the sponsoring agency for the center; and
(3) Make a formal commitment to use local funds to support the ongoing operation of the center.

SECTION 10.37.(c) State funding shall not exceed seventy-five percent (75%) of reimbursable costs.

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.38.(a) The eligibility of Special Assistance recipients residing in adult care homes on August 1, 1995, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from adoption of the Rate Setting Methodology Report and Related Services, providing these recipients are otherwise eligible. The maximum monthly rate for these residents in adult care home facilities shall be one thousand two hundred thirty-one dollars ($1,231) per month per resident.

SECTION 10.38.(b) Effective October 1, 2005, the maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighteen dollars ($1,118) per month per resident unless adjusted by the Department in accordance with subsection (e) of this section.

SECTION 10.38.(c) Effective October 1, 2005, the maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (e) of this section.

SECTION 10.38.(d) It is the intent of the General Assembly to protect individuals who meet current eligibility standards for State-County Special Assistance
from becoming disenfranchised from the program as a result of any changes proposed in this section. Therefore, subject to any necessary approvals by the Center for Medicare & Medicaid Services (CMS), the eligibility of Special Assistance recipients who resided in adult care homes on September 30, 2003, and remain continuously eligible shall not be affected by an income reduction in the Special Assistance eligibility criteria, providing these recipients are otherwise eligible. The maximum monthly rate for these residents in adult care home facilities shall be one thousand ninety-one dollars ($1,091) per month per resident.

SECTION 10.38.(e) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Service (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SPECIAL ASSISTANCE IN-HOME

SECTION 10.39.(a) The Department of Health and Human Services may use funds from the existing State-County Special Assistance for Adults budget to provide Special Assistance payments to eligible individuals in in-home living arrangements. These payments may be made for up to 1,000 individuals during the 2005-2006 fiscal year and the 2006-2007 fiscal year. The standard monthly payment to individuals enrolled in the Special Assistance in-home program shall be seventy-five percent (75%) of the monthly payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case
manager. For State fiscal year 2005-2006, qualified individuals shall not receive payments at rates less than they would have been eligible to receive in State fiscal year 2004-2005. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that in-home program participants are those individuals who need and, but for the in-home program, would seek placement in an adult care home facility. The Department's policies and procedures shall include the use of a functional assessment. The Department shall make this in-home option available to all counties on a voluntary basis. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State.

SECTION 10.39.(b) The Department shall report on or before January 1, 2006, and on or before January 1, 2007, to the cochairs of the House of Representatives Appropriations Committee, the House of Representatives Appropriations Subcommittee on Health and Human Services, the cochairs of the Senate Appropriations Committee, and the cochairs of the Senate Appropriations Committee on Health and Human Services. This report shall include the following information:

1. A description of cost savings that result from allowing individuals eligible for State-County Special Assistance the option of remaining in the home.
2. A complete fiscal analysis of the in-home option to include all federal, State, and local funds expended.
3. How much case management is needed and which types of individuals are most in need of case management.
4. The geographic location of individuals receiving payments under this section.
5. A description of the services purchased with these payments.
6. A description of the income levels of individuals who receive payments under this section and the impact on the Medicaid program.
7. Findings and recommendations as to the feasibility of continuing or expanding the in-home program.
8. The level and quantity of services (including personal care services) provided to the demonstration project participants compared to the level and quantity of services for residents in adult care homes.

SECTION 10.39.(c) The Department shall incorporate data collection tools designed to compare quality of life among institutionalized versus noninstitutionalized populations (i.e., an individual's perception of his or her own health and well-being, years of healthy life, and activity limitations). To the extent national standards are available, the Department shall utilize those standards.

LICENSEURE OF RESIDENTIAL TREATMENT FACILITIES

SECTION 10.40.(a) Article 2 of Chapter 122C of the General Statutes is amended by adding the following new section to read:

"§ 122C-23.1. Licensure of residential treatment facilities.

The General Assembly finds:

1. That much of the care for residential treatment facility residents is paid by the State and the counties;
2. That the cost to the State for care for residents of residential treatment facilities is substantial, and high vacancy rates in residential treatment facilities further increase the cost of care;
(3) That the proliferation of residential treatment facilities results in costly duplication and underuse of facilities and may result in lower quality service;

(4) There is currently no ongoing relationship between some applicants for licensure and local management entities (LMEs) that are responsible for the placement of children and adults in residential treatment facilities; and

(5) That it is necessary to protect the general welfare and lives, health, and property of the people of the State for the local management entity (LME) to verify that additional beds are needed in the LME's catchment area before new residential treatment facilities are licensed. This process is established to ensure that unnecessary costs to the State do not result, residential treatment facility beds are available where needed, and that individuals who need care in residential treatment facilities may have access to quality care.

Based on these findings, the Department of Health and Human Services may license new residential treatment facilities if the applicant for licensure submits with the application a letter of support obtained from the local management entity in whose catchment area the facility will be located. The letter of support shall be submitted to the Department of Health and Human Services, Division of Facility Services and Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, and shall specify the number of existing beds in the same type of facility in the catchment area and the projected need for additional beds of the same type of facility. As used in this subsection, "residential treatment facility" means a "residential facility" as defined in and licensed under this Chapter, but not subject to Certificate of Need requirements under Article 9 of Chapter 131E of the General Statutes.

SECTION 10.40.(b) This section applies to license applications pending and license applications submitted on and after the effective date of this act.

During this period the licensable facility shall correct the noncompliance based on a plan submitted to and approved by the Secretary. The noncompliance may not present an immediate threat to the health and safety of the individuals in the licensable facility. These payment rates shall be based upon information collected by market rate surveys.

SECTION 10.62.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

1. Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

2. If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 10.62.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to unsubsidized privately paying parents for each age group of enrollees within the county. The governing authorities of the State prison system are authorized to determine by rules and regulations the manner of designating these agents and placing prisoners under their supervision and control, which rules and regulations shall be established in the same manner as other rules and regulations for the government of the State prison system.

The Secretary of Correction may extend the limits of the place of confinement of a prisoner, as to whom there is reasonable cause to believe he will honor his trust, by

The Department's medical director shall notify the Secretary immediately when an inmate has been classified as terminally ill and shall provide regular reports on inmates classified as permanently and totally disabled. The Secretary shall act expeditiously in determining whether to extend the limits of confinement under this subdivision upon receiving notice that an inmate has been classified as terminally ill or permanently and totally disabled and, in the case of a terminally ill inmate, the Secretary shall
make a good faith effort to reach a determination within 30 days of receiving notice of the inmate's terminal condition.

SECTION 17.23.(b) Notwithstanding the provisions of G.S. 143B-273.15 specifying that grants to participating counties are for the full fiscal year and that unobligated funds are returned to the State-County Criminal Justice Partnership Account at the end of the grant period, the Department of Correction may reallocate unspent or unclaimed funds distributed to counties participating in the State-County Criminal Justice Partnership Program in an effort to maintain the level of services realized in previous fiscal years.

SECTION 17.23.(c) The Department of Correction may not deny funds to a county to support both a residential program and a day reporting center if the Department of Correction determines that the county has a demonstrated need and a fully developed plan for each type of sanction.

No county shall use more than twenty-five percent (25%) of its funds to serve offenders released from jail prior to trial."

SECTION 17.23.(f) Effective July 1, 2006, G.S. 143B-273.4 reads as rewritten:
"§ 143B-273.4. Eligible population.

To determine the grant amount for which a county or counties may apply, the granting authority shall apply the following formula:
(1) Twenty percent (20%) based on a fixed equal dollar amount for each county;
(2) Sixty percent (60%) based on the county share of the State population; and
(3) Twenty-five percent (25%) based on the intermediate punishment entry rate for the county, using the total of the three most recent years of data available divided by the average county population for that same period.

The sum of the amounts in subdivisions (1), (2), and (3) is the total amount of the funding that a county may apply for under this subsection.

Grants to participating counties are for a period of one fiscal year with unobligated funds being returned to the Account at the end of the grant period. Funds are provided to participating counties on a reimbursement basis unless a county documents a need for an advance of grant funds. The data used for this funding formula shall be updated at least once every three years."

SECTION 17.23.(h) For the 2005-2006 fiscal year, notwithstanding the formula in G.S. 143B-273.15, each county's formula allocation shall be capped at no less than ninety-nine percent (99%) and no greater than one hundred twenty percent (120%) of the funds allocated to that county for the 2004-2005 fiscal year. Funding caps shall be accomplished by the redistribution of three hundred forty-four thousand four hundred ninety-one dollars ($344,491) that was spent on case management services in day reporting centers prior to 2002. No funds shall be used to fund programs that did not participate in the Criminal Justice Partnership Program in fiscal year 2004-2005.
For the 2006-2007 fiscal year, notwithstanding the formula in G.S. 143B-273.15, each county’s formula allocation shall be capped at no less than ninety-five percent (95%) and no greater than one hundred twenty percent (120%) of the funds allocated to that county for the 2004-2005 fiscal year. After determining the capped formula allocations, funds that were used in the 2005-2006 fiscal year for pretrial release programs shall be reallocated among all participating counties using the formula in G.S. 143B-273.15 and dedicated to sentenced offender programs.

SECTION 17.23.(i) Subsection (e) of this section expires July 1, 2006.

The accumulated contributions credited in the annuity savings fund in the Teachers' and State Employees' Retirement System for service as a Utilities Commissioner shall be credited to the annuity savings fund in the Consolidated Judicial Retirement System, and the member shall be credited with all membership service as a Utility Commissioner in the Consolidated Judicial Retirement System."

SECTION 29.30A.(i) G.S. 135-71 is amended by adding a new subsection to read:

SECTION 29.30A.(j) G.S. 120-4.21(c) reads as rewritten:

"(c) Limitations. – In no event shall any member receive a service retirement allowance greater than seventy-five percent (75%) of his highest annual salary nor shall a member receive any service retirement allowance whatsoever while employed in a position that makes the member a contributing member of either the Teachers' and State Employees' Retirement System or the Consolidated Judicial Retirement System. If the member should become a member of either of these systems, payment of the member's service retirement allowance shall be suspended until the member withdraws from membership in that system."

SECTION 29.30A.(k) Subsection (j) of this section becomes effective September 1, 2005, but applies only to members retiring on and after that date. The remainder of this section becomes effective September 1, 2005.

STATE HEALTH PLAN CHANGES

"SECTION 29.31.(a) G.S. 135-40.5 reads as rewritten:
"§ 135-40.5. Benefits not subject to deductible or coinsurance.
(a) Repealed by Session Laws 1985, c. 192, s. 5.
(b) Repealed by Session Laws 1991, c. 427, s. 20.
(c) Preadmission Testing. – The Plan will pay one hundred percent (100%) of reasonable and customary charges for diagnostic, laboratory and x-ray examinations performed on an outpatient basis.
(d) Repealed by Session Laws 2001-253, s. 1(d), effective July 1, 2001.
(e) Routine Diagnostic Examinations. – The Plan will pay one hundred percent (100%) of allowable charges for routine diagnostic examinations and tests, including breast, colon, rectal, and prostate exams, X rays, mammograms, blood and blood pressure checks, urine tests, tuberculosis tests, and general health checkups that are medically necessary for the maintenance and improvement of individual health but no more often than once every three years for covered individuals to age 40 years, once every two years for covered individuals to age 50 years, and once a year for covered individuals age 50 years and older, unless a more frequent occurrence is warranted by a medical condition when such charges are incurred in a medically supervised facility. The Plan will pay one hundred percent (100%) of allowable charges for mammograms once per year for covered individuals age 40 years and over, and not more often than once every three years for covered individuals to age 40 years, when such charges are incurred in a medically supervised facility. Routine diagnostic examinations and tests
covered under this subsection also include examinations and tests for the screening for the early detection of cervical cancer. The coverage shall be in accordance with the most recently published American Cancer Society guidelines or guidelines adopted by the North Carolina Advisory Committee on Cancer Coordination and Control for any covered female. For the purposes of this subsection, "examinations and laboratory tests for the screening for the early detection of cervical cancer" means conventional PAP smear screening, liquid-based cytology, and human papilloma virus (HPV) detection methods for women with equivocal findings on cervical cytologic analysis that are subject to the approval of and have been approved by the United States Food and Drug Administration. Provided, however, that charges for such examinations and tests are not covered by the Plan when they are incurred to obtain or continue employment, to secure insurance coverage, to comply with legal proceedings, to attend schools or camps, to meet travel requirements, to participate in athletic and related activities, or to comply with governmental licensing requirements. The maximum amount payable under this subsection for a covered individual is one hundred fifty dollars ($150.00) per fiscal year.

(f) Immunizations. – The Plan will pay one hundred percent (100%) of allowable charges for immunizations for the prevention of contagious diseases as generally accepted medical practices would dictate when directed by an attending physician.

(g) Prescription Drugs. – The Plan's allowable charges for prescription legend drugs to be used outside of a hospital or skilled nursing facility are to be determined by the Plan's Executive Administrator and Board of Trustees. The Plan will pay allowable charges for each outpatient prescription drug less a copayment to be paid by each covered individual equal to the following amounts: pharmacy charges up to ten dollars ($10.00) for each generic prescription, twenty five dollars ($25.00) for each branded prescription, and thirty five dollars ($35.00), forty dollars ($40.00) for each branded prescription with a generic equivalent drug, and forty dollars ($40.00), fifty dollars ($50.00) for each branded or generic prescription not on a formulary used by the Plan. Allowable charges shall not be greater than a pharmacy’s usual and customary charge to the general public for a particular prescription. Prescriptions shall be for no more than a 34-day supply for the purposes of the copayments paid by each covered individual. By accepting the copayments and any remaining allowable charges provided by this subsection, pharmacies shall not balance bill an individual covered by the Plan. A prescription legend drug is defined as an article the label of which, under the Federal Food, Drug, and Cosmetic Act, is required to bear the legend: "Caution: Federal Law Prohibits Dispensing Without Prescription." Such articles may not be sold to or purchased by the public without a prescription order. Benefits are provided for insulin even though a prescription is not required. The Plan may use a pharmacy benefit manager to help manage the Plan's outpatient prescription drug coverage. In managing the Plan's outpatient prescription drug benefits, the Plan and its pharmacy benefit manager shall not provide coverage for erectile dysfunction, growth hormone, antiwrinkle, weight loss, and hair growth drugs unless such coverage is medically necessary to the health of the member. The Plan and its pharmacy benefit manager shall not provide coverage for growth hormone and weight loss drugs and antifungal drugs for the treatment of nail fungus and botulinium toxin without approval in advance by the pharmacy benefit manager. Any formulary used by the Plan's Executive Administrator and pharmacy benefit manager shall be an open formulary. Plan members shall not be assessed more than two thousand five hundred dollars ($2,500) per person per fiscal year in copayments required by this subsection."
SECTION 29.31.(b) The first paragraph of G.S. 135-40.6 reads as rewritten:

"§ 135-40.6. Benefits subject to deductible and coinsurance (comprehensive benefits).

The benefits provided in this section are subject to a deductible of three hundred fifty dollars ($350.00) per covered individual to an aggregate maximum of one thousand fifty dollars ($1,050) per employee and child(ren) or employee and family coverage contract per fiscal year and are payable on the basis of eighty percent (80%) by the Plan and twenty percent (20%) by the covered individual up to a maximum of one thousand five hundred dollars ($1,500) two thousand dollars ($2,000) out-of-pocket per fiscal year. The aggregate maximum out-of-pocket required of individuals covered by this section shall not be more than four thousand five hundred dollars ($4,500) six thousand dollars ($6,000) per employee and child(ren) or employee and family coverage contract per fiscal year.

..."

SECTION 29.31.(c) G.S. 135-40.6(8)s. reads as rewritten:

"§ 135-40.6. Benefits subject to deductible and coinsurance (comprehensive benefits).

... (8) Other Covered Charges. –

... Routine Diagnostic Examinations: Allowable charges for routine diagnostic examinations and tests, including examinations and tests for the screening for the early detection of cervical cancer, breast, colon, rectal, and prostate exams, X rays, mammograms, blood and blood pressure checks, urine tests, tuberculosis tests, and general health checkups that are medically necessary for the maintenance and improvement of individual health but no more often than once every three years for covered individuals to age 40 years, once every two years for covered individuals to age 50 years, and once a year for covered individuals age 50 years and older and, for examinations and tests for the screening for the early detection of cervical cancer, in accordance with the most recently published American Cancer Society guidelines or guidelines adopted by the North Carolina Advisory Committee on Cancer Coordination and Control, unless a more frequent occurrence is warranted by a medical condition when such charges are incurred in a medically supervised facility. The Plan will pay one hundred percent (100%) of allowable charges for mammograms once per year for covered individuals age 40 years and over, and not more often than once every three years for covered individuals to age 40 years, when such charges are incurred in a medically supervised facility. Provided, however, that charges for such examinations and tests are not covered by the Plan when they are incurred to obtain or continue employment, to secure insurance coverage, to comply with legal proceedings, to attend schools or camps, to meet travel requirements, to participate in athletic and related activities or
to comply with governmental licensing requirements. For the purposes of this sub-subdivision, "examinations and laboratory tests for the screening for the early detection of cervical cancer" means conventional PAP smear screening, liquid-based cytology, and human papilloma virus (HPV) detection methods for women with equivocal findings on cervical cytologic analysis that are subject to the approval of and have been approved by the United States Food and Drug Administration.

SECTION 29.31.(d) G.S. 135-40.8 reads as rewritten:

(a) For the balance of any fiscal year after each eligible employee, retired employee, or dependent satisfies the cash deductible, the Plan pays eighty percent (80%) of the eligible expenses outlined in G.S. 135-40.6. The remaining twenty percent (20%) is paid by the covered individual up to an aggregate of four thousand five hundred dollars ($4,500) per employee and child(ren) or employee and family coverage contract per fiscal year in excess of the deductible has been paid out of pocket. The Plan then pays one hundred percent (100%) of the remaining covered expenses.

(b) Repealed by Session Laws 2001-253, s. 1(m), effective July 1, 2001.

(c) Notwithstanding any other provision of this Article, on the first day of each confinement the Plan does not pay the first one hundred dollars ($100.00) of the room accommodation charge allowable under G.S. 135-40.6(1). Any readmission within 60 days after discharge for the same reason shall be considered the same confinement for the purpose of this subsection. The exclusion made under this subsection shall not count toward the deductible nor toward the maximum amount of coinsurance out-of-pocket costs.

(c1) Notwithstanding any other provision of this Article, the Plan does not pay the first fifty dollars ($50.00) of the facility fees and ancillary charges for allowable charges exceeding five hundred dollars ($500.00) per episode of care for hospital outpatient departments and ambulatory surgical facilities under G.S. 135-40.6(4). Readmission within 30 days after discharge for the same reason shall be considered the same episode of care for the purpose of this subsection. The exclusion made under this subsection shall not count toward the deductible nor toward the maximum amount of coinsurance out-of-pocket costs.

(c2) Notwithstanding any other provision of this Article, the Plan does not pay the first one hundred dollars ($100.00) of allowable emergency room charges when admission to a hospital pursuant to the emergency room use does not immediately follow. This subsection shall apply only when less costly alternative means of emergency medical care are reasonably available as determined by the Executive Administrator and Board of Trustees. The exclusion made under this subsection shall not count toward the deductible nor toward the maximum amount of coinsurance out-of-pocket costs.

(c3) Notwithstanding any other provision of this Article, the Plan does not pay for the first fifteen dollars ($15.00) of allowable charges for each home, office, or skilled nursing facility visit under the provisions of G.S. 135-40.6(7)a. and b., G.S. 135-40.6(4), G.S. 135-40.6(8)i., j., k., n., r., and s., and G.S. 135-40.5(e). The co-payment assessed by this subsection shall be assessed only once per person per provider per day and shall not apply to laboratory, pathology, and radiology services, or
to charges for injected medications. The exclusion made under this subsection shall not
count toward the deductible nor toward the maximum amount of coinsurance
out-of-pocket costs.

(d) Where a network of qualified preferred providers of inpatient and outpatient
hospital care is reasonably available for use by those individuals covered by the Plan,
use of providers outside of the preferred network shall be subject to a twenty percent
(20%) coinsurance rate up to five thousand dollars ($5,000) per fiscal year per covered
individual up to an aggregate of fifteen thousand dollars ($15,000) per employee and
child(ren) or employee and family coverage contract per fiscal year in addition to the
general coinsurance percentage and maximum fiscal year amount specified by
G.S. 135-40.4 and G.S. 135-40.6. The Plan then pays one hundred percent (100%) of
the remaining covered expenses.

(e) Where qualified out-of-state preferred providers of medical care are not
reasonably available in medical emergencies, the Plan pays the amounts covered by
subsection (a) of this section. Any amount of charges for services under this section that
exceeds the amount allowed by the Plan for the services of qualified preferred providers
under this section shall be negotiated between the Plan and the provider of medical
services, and the Plan shall ensure that the Plan member is not held financially
responsible for the amount of these excess charges. If a Plan member is not capable of
making a decision about choosing an in-State qualified preferred provider and
emergency services personnel transport the Plan member to a provider outside of the
Plan network, then the coverage under this subsection shall apply. As used in this
section, a "medical emergency" is the sudden and unexpected onset of a condition
manifesting itself by acute symptoms of sufficient severity that, in the absence of
immediate medical care, could imminently result in injury or danger to self or others."

SECTION 29.31.(e) Section 31.21.(d) of S.L. 2004-124 reads as rewritten:

"SECTION 31.21.(d) This section becomes effective July 1, 2004, but
expires June 30, 2006."

FOREST CITY EMPLOYEES IN STATE HEALTH PLAN

SECTION 29.32. Section 31.26(j) of S.L. 2004-124 reads as rewritten:

"SECTION 31.26.(j) This section applies to:

(1) Bladen, Cherokee, Rutherford, Washington, and Wilkes Counties
    only, and

(2) The Town of Forest City only."

STATE HEALTH PLAN/OPTIONAL PROGRAMS

SECTION 29.33.(a) G.S. 135-39.5B reads as rewritten:

"§ 135-39.5B. Prepaid-Optional plans.

(a) The Executive Administrator and Board of Trustees may, after consultation
with the Committee on Employee Hospital and Medical Benefits, provide for optional
prepaid hospital and medical benefits plans. Benefits offered under such optional plans
shall be comparable to those offered under the Plan. The amounts of State funds
contributed for such optional plans shall not be more than the amounts contributed for
each person eligible under G.S. 135-40.2 on a noncontributory Employee Only basis,
with the person selecting an optional plan paying any excess, if necessary. The amount
of State funds contributed to such optional plans shall also not exceed the amount of an
optional plan's cost for Employee Only coverage. The Executive Administrator and
Board of Trustees are authorized to assess and collect fees from participating optional
plans provided by this section for administrative purposes and for risk management purposes. Such fees may be based upon the enrollees' risk factors and the number and types of contracts enrolled by each participating optional plan, and may be collected by the Plan in a manner prescribed by the Executive Administrator and Board of Trustees. In no instance shall benefits be paid under Part 3 of this Article for persons enrolled in an optional prepaid hospital and medical benefit plan authorized under this section on and after the effective date of enrollment in the optional prepaid plan, except in cases of continuous hospital confinement approved by the Executive Administrator.

(b) The Executive Administrator and Board of Trustees may, after consulting with the Committee on Employee Hospital and Medical Benefits, adopt an arrangement for an optional hospital and medical benefits program other than the one specified in subsection (a) of this section. The optional program may include one that is purchased or underwritten by the State and may be a PPO or other type optional program. Optional programs under this section are not subject to benefits and cost-sharing requirements under G.S. 135-40.5 through G.S. 135-40.9. The Executive Administrator and Board of Trustees may set premium rates for coverage under an optional program on a partially contributory basis, provided that the amounts of State funds contributed for coverage on a partially contributory basis shall not be more than the Plan's total noncontributory premium for Employee Only coverage, with the person selecting the optional program coverage paying the balance of the partially contributory premium not paid by the Plan.

The amount of State funds contributed for purchased optional programs shall not exceed the amount of a purchased optional program’s cost for Employee Only coverage. Contracts for an optional program under this subsection are not subject to Article 3 of Chapter 143 of the General Statutes.

SECTION 29.33.(b) G.S. 135-40.4(a) reads as rewritten:

“§ 135-40.4. Benefits in general.

(a) In the event a covered person, as a result of accidental bodily injury, disease or pregnancy, incurs covered expenses, the Plan will pay benefits up to the amounts described in G.S. 135-40.5 through G.S. 135-40.9.

The Plan is divided into two parts. The first part includes certain benefits which are not subject to a deductible or coinsurance. The second part is a comprehensive plan and includes those benefits which are subject to both a three hundred fifty dollar ($350.00) deductible for each covered individual to an aggregate maximum of one thousand fifty dollars ($1,050) per employee and child(ren) or employee and family coverage contract and coinsurance of 80%/20%. There is a limit on out-of-pocket expenses under the second part.

Notwithstanding the provisions of this Article, the Executive Administrator and Board of Trustees of the Teachers' and State Employees' Comprehensive Major Medical Plan may contract with providers of institutional and professional medical care and services to established preferred provider networks. The terms pertaining to reimbursement rates or other terms of consideration of any contract between hospitals, hospital authorities, doctors or other medical providers, an optional program contract authorized under G.S. 135-39.5B(b), or a pharmacy benefit manager and the Plan shall not be a public record under Chapter 132 of the General Statutes for a period of thirty months after the date of the expiration of the contract. Provided, however, nothing in this subsection shall be deemed to prevent or restrict the release of any information made not a public record under this subsection to the State Auditor, the Attorney General, the Director of the State Budget, the Plan's Executive Administrator, and the Committee on Employee Hospital and Medical Benefits solely and exclusively for their
use in the furtherance of their duties and responsibilities. The design, adoption, and implementation of the preferred provider contracts and networks are not subject to the requirements of Chapter 143 of the General Statutes, provided that for any hospital preferred provider network all hospitals will have an opportunity to contract with the Plan if they meet the contract requirements. The Executive Administrator and Board of Trustees shall, under the provisions of G.S. 135-39.5(12), pursue such preferred provider contracts on a timely basis and shall make reports as requested to the President of the Senate, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Committee on Employee Hospital and Medical Benefits on its progress in negotiating the preferred provider contracts. The Executive Administrator and Board of Trustees shall implement a refined diagnostic-related grouping or diagnostic-related grouping-based reimbursement system for hospitals as soon as practicable, but no later than January 1, 1995.

SECTION 29.33.(c) G.S. 135-39.4A(f) reads as rewritten:
"(f) The Executive Administrator shall appoint the Deputy Executive Administrator and may employ such clerical and professional staff, and such other assistance as may be necessary to assist the Executive Administrator and the Board of Trustees in carrying out their duties and responsibilities under this Article. The Executive Administrator may also negotiate, renegotiate and execute contracts with third parties in the performance of his duties and responsibilities under this Article; provided any contract negotiations, renegotiations and execution with a Claims Processor or Processor, with an optional prepaid hospital and medical benefit plan or program authorized under G.S. 135-39.5B, or with a preferred provider of institutional care or professional hospital and medical care, or with a pharmacy benefit manager shall be done only after consultation with the Committee on Employee Hospital and Medical Benefits."

SECTION 29.33.(d) The Executive Administrator of the Teachers' and State Employees' Comprehensive Major Medical Plan may, after consultation with the Joint Legislative Commission on Governmental Operations, negotiate an extension of the current claims processing contract. The extension shall not exceed three years beyond June 30, 2007, the expiration date of the current claims processing contract. In negotiating the extension, the Executive Administrator may include as part of the extension amendments to the terms of the current claims processing contract, as well as inclusion of optional plans or programs authorized under G.S. 135-39.5B, as amended by this section. Amendments to the terms of the current claims processing contract may also include changes in reimbursement levels, services, and other terms as deemed appropriate by the Executive Administrator. As used in this subsection, "current claims processing contract" means the claims processing contract in effect on July 1, 2005, and expiring June 30, 2007. Consultation with the Joint Legislative Commission on Governmental Operations pursuant to this subsection meets the requirements of Article 3 of Chapter 135 of the General Statutes pertaining to consultation with the Committee on Employee Hospital and Medical Benefits.
Executive Administrator may designate managerial, professional, or policy-making positions as exempt from the State Personnel Act. The Executive Administrator may also negotiate, renegotiate and execute contracts with third parties in the performance of his duties and responsibilities under this Article; provided any contract negotiations, renegotiations and execution with a Claims Processor or with an optional prepaid hospital and medical benefit plan or with a preferred provider of institutional or professional hospital and medical care or with a pharmacy benefit manager shall be done only after consultation with the Committee on Employee Hospital and Medical Benefits.”

SECTION 29.34.(b) G.S. 126-5(c1) is amended by adding the following new subdivision to read:

“(24) Employees of the Teachers' and State Employees' Comprehensive Major Medical Plan as designated by law or by the Executive Administrator of the Plan.”

SECTION 29.34.(c) Notwithstanding G.S. 143-34.1, the Executive Administrator may establish and fill up to three additional managerial, professional, or policy-making positions as necessary to implement the Plan and may designate these positions as exempt from the State Personnel Act.

$265,000,000

**PROCEDURES FOR DISBURSEMENT OF CAPITAL FUNDS**

**SECTION 30.4.** The appropriations made by the 2005 General Assembly for capital improvements shall be disbursed for the purposes provided by this act. Expenditure of funds shall not be made by any State department, institution, or agency until an allotment has been approved by the Governor as Director of the Budget. The allotment shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes. Prior to the award of construction contracts for projects to be financed in whole or in part with self-liquidating appropriations, the Director of the Budget shall approve the elements of the method of financing of those projects including the source of funds, interest rate, and liquidation period. Provided, however, that if the Director of the Budget approves the method of financing a project, the Director shall report that action to the Joint Legislative Commission on Governmental Operations at its next meeting.

Where direct capital improvement appropriations include the purpose of furnishing fixed and movable equipment for any project, those funds for equipment shall not be subject to transfer into construction accounts except as authorized by the Director of the Budget. The expenditure of funds for fixed and movable equipment and furnishings shall be reviewed and approved by the Director of the Budget prior to commitment of funds.

Capital improvement projects authorized by the 2005 General Assembly shall be completed, including fixed and movable equipment and furnishings, within the limits of the amounts of the direct or self-liquidating appropriations provided, except as otherwise provided in this act. Capital improvement projects authorized by the 2005 General Assembly for the design phase only shall be designed within the scope of the project as defined by the approved cost estimate filed with the Director of the Budget, including costs associated with site preparation, demolition, and movable and fixed equipment.

**ENCUMBERED APPROPRIATIONS AND PROJECT RESERVE FUNDS**

**SECTION 30.5.** When each capital improvement project appropriated by the 2005 General Assembly, other than those projects under the Board of Governors of The University of North Carolina, is placed under a construction contract, direct appropriations shall be encumbered to include all costs for construction, design,
investigation, administration, movable equipment, and a reasonable contingency. Unencumbered direct appropriations remaining in the project budget shall be placed in a project reserve fund credited to the Office of State Budget and Management. Funds in the project reserve may be used for emergency repair and renovation projects at State facilities with the approval of the Director of the Budget. The project reserve fund may be used, at the discretion of the Director of the Budget, to allow for award of contracts where bids exceed appropriated funds, if those projects supplemented were designed within the scope intended by the applicable appropriation or any authorized change in it, and if, in the opinion of the Director of the Budget, all means to award contracts within the appropriation were reasonably attempted. At the discretion of the Director of the Budget, any balances in the project reserve fund shall revert to the original source.

REPAIR AND RENOVATION RESERVE ALLOCATION

SECTION 30.6.(a) Of the funds in the Reserve for Repairs and Renovations for the 2005-2006 fiscal year, forty-six percent (46%) shall be allocated to the Board of Governors of The University of North Carolina for repairs and renovations pursuant to G.S. 143-15.3A, in accordance with guidelines developed in The University of North Carolina Funding Allocation Model for Reserve for Repairs and Renovations, as approved by the Board of Governors of The University of North Carolina, and fifty-four percent (54%) shall be allocated to the Office of State Budget and Management for repairs and renovations pursuant to G.S. 143-15.3A.

Notwithstanding G.S. 143-15.3A, the Board of Governors may allocate funds for the repair and renovation of facilities not supported from the General Fund if the Board determines that sufficient funds are not available from other sources and that conditions warrant General Fund assistance. Any such finding shall be included in the Board's submission to the Joint Legislative Commission on Governmental Operations on the proposed allocation of funds.

The Board of Governors and the Office of State Budget and Management shall consult with the Joint Legislative Commission on Governmental Operations prior to the allocation or reallocation of these funds.

SECTION 30.6.(b) Of the funds allocated to the Office of State Budget and Management in subsection (a) of this section, at least one million five hundred thousand dollars ($1,500,000) for the 2005-2006 fiscal year shall be used for the repair and renovation of the Charlotte Hawkins Brown State Historic Site.

SECTION 30.6.(c) Of the funds allocated to the Board of Governors of The University of North Carolina in subsection (a) of this section, up to seven hundred thousand dollars ($700,000) for the 2005-2006 fiscal year shall be used for the repair and reconstruction of the chancellor's residence at Fayetteville State University, notwithstanding G.S. 143-15.3A.

PROJECT COST INCREASE

SECTION 30.7. Upon the request of the administration of a State agency, department, or institution, the Director of the Budget may, when in the Director's opinion it is in the best interest of the State to do so, increase the cost of a capital improvement project. Provided, however, that if the Director of the Budget increases the cost of a project, the Director shall report that action to the Joint Legislative Commission on Governmental Operations at its next meeting. The increase may be funded from gifts, federal or private grants, special fund receipts, excess patient receipts
above those budgeted at the University of North Carolina Hospitals at Chapel Hill, or
direct capital improvement appropriations to that department or institution.

NEW PROJECT AUTHORIZATION
SECTION 30.8. Upon the request of the administration of any State agency,
department, or institution, the Director of the Budget may authorize the construction of
a capital improvement project not specifically authorized by the General Assembly if
such project is to be funded by gifts, federal or private grants, special fund receipts,
excess patient receipts above those budgeted at the University of North Carolina
Hospitals at Chapel Hill, or self-liquidating indebtedness. Prior to authorizing the
construction of a capital improvement project pursuant to this section, the Director shall
consult with the Joint Legislative Commission on Governmental Operations.

ADVANCE PLANNING OF CAPITAL IMPROVEMENT PROJECTS
SECTION 30.9. Funds that become available by gifts, excess patient receipts
above those budgeted at the University of North Carolina Hospitals at Chapel Hill,
federal or private grants, receipts becoming a part of special funds by act of the General
Assembly, or any other funds available to a State department or institution may be
utilized for advance planning through the working drawing phase of capital
improvement projects, upon approval of the Director of the Budget.

APPROPRIATIONS LIMITS/REVERSION OR LAPSE
SECTION 30.10. Except as permitted in previous sections of this act,
the appropriations for capital improvements made by the 2005 General Assembly may
be expended only for specific projects set out by the 2005 General Assembly and for no
other purpose. Construction of all capital improvement projects enumerated by the
2005 General Assembly shall be commenced, or self-liquidating indebtedness with
respect to them shall be incurred, within 12 months following the first day of the fiscal
year in which the funds are available. If construction contracts on those projects have
not been awarded or self-liquidating indebtedness has not been incurred within that
period, the direct appropriation for those projects shall revert to the original source, and
the self-liquidating appropriation shall lapse; except that direct appropriations may be
placed in a reserve fund as authorized in this act. This deadline with respect to both
direct and self-liquidating appropriations may be extended with the approval of the
Director of the Budget up to an additional 12 months if circumstances and conditions
warrant such extension.

That prize winner's identifying information shall be available for inspection by a law enforcement agency or by a person identified in a court order if inspection of the address by that person is directed by that court order.

(l) All prizes are subject to the State income tax.”

SECTION 31.I.(k1) If House Bill 1023, 2005 Regular Session, becomes law, then G.S. 18C-134, as enacted by that act, reads as rewritten:

"§ 18C-134. Prize winners with outstanding debts to State agencies, delinquent taxes, or past due child support; offset. Setoff for debt collection against lottery prizes.

(a) Before paying a prize of six hundred dollars ($600.00) or more to a person who claims to have won the prize, the Commission shall submit the name of that person to the Department of Revenue. The Department of Revenue shall, within 10 days after receiving the name of the person, identify whether that person owes a debt to a State
agency as provided in the Setoff Debt Collection Act, Chapter 105A of the General Statutes, and shall notify the Commission of the amount of the prize subject to debt setoff. The Commission shall remit the amount identified by the Department of Revenue to the Department, and shall pay any remaining funds from the prize to the prizewinner.

(b) Except as provided in this section, the provisions of Chapter 105A of the General Statutes apply to the funds identified by the Department of Revenue and remitted by the Commission to the Department.

(a) Purpose. – The Commission must establish a debt set-off program by which lottery prize payments may be used to satisfy a debt owed or collected by a claimant agency that is at least fifty dollars ($50.00). The collection remedy under this section is in addition to and not in substitution for any other remedy available by law.

(b) Notification. – A claimant agency seeking to attempt collection of a debt through setoff must notify the Commission in writing and supply information necessary to identify the debtor. The claimant agency may include with the notification the date, if any, that the debt is expected to expire. The agency must notify the Commission in writing when a debt has been paid or is no longer owed the agency. A local agency may not submit a debt for collection under this section until it has met the requirements of G.S. 105A-5, and it must submit the debt to the Commission through one of the entities listed in G.S. 105A-3(b1).

(c) Setoff. – The Commission must match the information submitted by the claimant agency with persons who are entitled to a State lottery prize payment in an amount of six hundred dollars ($600.00) or more. If there is a match, the Commission must set off the debt against the lottery winnings to which the debtor would otherwise be entitled. When there are multiple claims to be set off, the priority in claims to set off is the same as provided in G.S. 105A-12. The winnings that exceed the amount of the debt, if any, must be paid to that person. The Commission must mail the debtor written notice that the setoff has occurred and must transfer the net proceeds collected to the claimant agency. If the claimant agency is a State agency, that agency must credit the amount received to a nonreverting trust account and must follow the procedure set in G.S. 105A-8.

(d) Collection Assistance Fee. – To recover the costs incurred by the Commission in collecting debts under this section, a collection assistance fee of five dollars ($5.00) may be imposed on each debt collected through setoff. The Commission must collect this fee as part of the debt and retain it. To recover the costs incurred by local agencies in submitting debts for collection under this section, a collection assistance fee of fifteen dollars ($15.00) may be imposed on each local agency debt collected through setoff. The Commission must collect this fee as part of the debt and remit it to the clearinghouse that submitted the debt. The collection assistance fees do not apply to child support debts. If the Commission is able to collect only part of a debt through setoff, the Commission's collection assistance fee has priority over the local collection assistance fee and over the remainder of the debt. The local collection assistance fee has priority over the remainder of the debt.

(e) Confidentiality. – Notwithstanding any confidentiality statute of a claimant agency, the exchange of information among the Commission, the claimant agency, the organization submitting debts on behalf of a local agency, and the debtor necessary to implement this section is lawful. The information an agency or organization obtains from the Commission in accordance with the exemption in this subsection may be used

"(b) Licensure; inspections. –

(1) The Department of Health and Human Services shall inspect and license, under rules adopted by the Medical Care Commission, all adult care homes for persons who are aged or mentally or physically disabled except those exempt in subsection (c) of this section. The Department shall issue a license for a facility not currently licensed as an adult care home for a period of six months. If the licensee demonstrates substantial compliance with Articles 1 and 3 of this Chapter and rules adopted pursuant thereto, the Department shall issue a license for the balance of the calendar year. Licenses renewed under the authority of this section shall be valid for one year from the date of renewal unless revoked earlier by the Secretary for failure to comply with any part of this section or any rules adopted hereunder. Licenses shall be renewed annually upon filing and the Department's approval of the renewal application. The Department shall charge each adult care home with six or fewer beds a nonrefundable annual license fee in the amount of one hundred twenty-five dollars ($125.00), two hundred fifty dollars ($250.00). Fines and penalties for which an appeal is pending are exempt from consideration. The renewal application shall contain all necessary and reasonable information that the Department may by rule require. Except as otherwise provided in this subdivision, the Department may amend a license by reducing it from a full license to a provisional license for a period of not more than 90 days whenever the Department finds that:

a. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles;

b. There is a reasonable probability that the licensee can remedy the licensure deficiencies within a reasonable length of time; and

c. There is a reasonable probability that the licensee will be able thereafter to remain in compliance with the licensure rules for the foreseeable future.
The Department may extend a provisional license for not more than one additional 90-day period upon finding that the licensee has made substantial progress toward remedying the licensure deficiencies that caused the license to be reduced to provisional status.

The Department may revoke a license whenever:

a. The Department finds that:
   1. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles; and

b. The Department finds that:
   1. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles; and
   2. Although the licensee may be able to remedy the deficiencies within a reasonable time, it is not reasonably probable that the licensee will be able to remain in compliance with licensure rules for the foreseeable future; or

c. The Department finds that the licensee has failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles, and the failure to comply endangered the health, safety, or welfare of the patients in the facility.

The Department may also issue a provisional license to a facility, pursuant to rules adopted by the Medical Care Commission, for substantial failure to comply with the provisions of this section or rules adopted pursuant to this section. Any facility wishing to contest the issuance of a provisional license shall be entitled to an administrative hearing as provided in the Administrative Procedure Act, Chapter 150B of the General Statutes. Biennially thereafter, at each primary and election for the nomination and election of State and County officers, the vacancies occurring in the membership of said Board shall be filled by nomination and election as the said terms of the members expire, and all such members so elected shall hold office for terms of four years. The members of said Board nominated and elected in the primary and general election of 1968 shall take office on the first Monday in December, 1968, and the terms of their office shall date and extend from that time. All vacancies in the membership of the Elizabeth City-Pasquotank Board of Education by reason of death, resignation or removal from township shall be filled by the remaining members of said Board from area of residence where vacancy occurs for the complete unexpired term within 60 days after vacancy occurs.
In the event no candidate is elected in the General Election to fill any term which is to expire, then and in that event, the Elizabeth City-Pasquotank Board of Education shall declare a vacancy, and such vacancy shall be filled in accordance with Section 3. Three members of the Board shall be residents within the Elizabeth City Township, hereinafter referred to as "inside members", and three members of the Board shall be residents of the other townships outside Elizabeth City Township, hereinafter referred to as "outside members". The remaining member shall hereinafter be referred to as the "at-large member" and shall be a county resident with no residence required within a particular township area.

Candidates for membership on the Board shall file for office at the same time and on the same terms and conditions as candidates for other county offices. Candidates shall file, based upon residency, for any available "inside member" seats, "outside member" seats, or the "at-large member" seat that they qualify for by virtue of the residency at the time of filing. However, there shall be no primary, and filed candidates for each type of available seat shall be placed on the general election ballot to be voted on by all qualified voters of the county. Each voter shall have the right to vote in each race for "inside member" seats, "outside members" seats, or the "at-large member" seat up to the number of open seats up for election as to each particular type of seat, but may not cast more than one vote for each candidate. The election shall be held on a nonpartisan plurality basis with the candidates receiving the highest number of votes for each type of seat filling the available open seat or seats in descending order of their vote totals. Candidates elected shall take office the first Monday in December, and shall serve a four-year term.

All vacancies shall be filled by appointment by the remainder of the Board within 60 days, and the person so appointed shall serve the remainder of the unexpired term.

Terms shall be staggered, with two "inside member" seats and two "outside member" seats being elected in 2006 and every four years thereafter, and one "inside member" seat, one "outside member" seat, and the "at-large member" seat being elected in 2008 and every four years thereafter.

The Elizabeth City-Pasquotank Board of Education shall elect a chairman and vice chairman to preside over its meetings, and the vice chairman shall be entitled to vote in all matters being considered by said Board but neither the chairman nor the vice chairman shall have the authority to cast a vote to create a tie vote and then vote again to break the tie. The Elizabeth City-Pasquotank Board of Education shall exercise all the powers, authority and duties as are now exercised and performed by city and county boards of education and as provided by Chapter 115 of the General Statutes, as revised and amended, and as the same may hereafter be revised and amended. All members of the said Board shall hold their offices until their successors are elected and qualified."

SECTION 9.(c) The General Assembly reconfirms that it was the intent of Chapter 29 of the 1967 Session Laws to provide for nonpartisan elections for the Elizabeth City-Pasquotank Board of Education, which has been reflected in the conduct of those elections since 1967. The elections for the seats on the Elizabeth City-Pasquotank Board of Education since 1967 are validated, and any and all actions of the members since 1967 are ratified and confirmed.
SECTION 10.(a) A municipality may notify a chronic violator of the municipality's public nuisance ordinance that, if the violator's property is found to be in violation of the ordinance, the municipality shall, without further notice in the calendar year in which notice is given, take action to remedy the violation, and the expense of the action shall become a lien upon the property and shall be collected as unpaid taxes. The initial annual notice shall be served by registered or certified mail. A chronic violator is a person who owns property whereupon, in the previous calendar year, the municipality gave notice of violation at least three times under any provision of the public nuisance ordinance.

SECTION 10.(b) This section applies to the Town of Bladenboro only.

SECTION 11.(a) G.S. 160A-392 reads as rewritten:

"§ 160A-392. Part applicable to buildings constructed by State and its subdivisions; exception.

All of the provisions of this Part are hereby made applicable to the erection, construction, and use of buildings and land by the State of North Carolina and its political subdivisions.

Notwithstanding the provisions of any general or local law or ordinance, no land owned by the State of North Carolina may be included within a conditional use district without approval of the Council of State or its designate.

With respect to the docks, buildings, and land at Southport under the control of the State Ports Authority as defined by G.S. 143B-453, all of the provisions of this Part shall apply and are made applicable to those docks, buildings, and land, including those properties being subject to municipal planning and zoning jurisdiction and the imposition of overlay and special use districts."

SECTION 11.(b) This section applies to the Town of Southport only.

SECTION 12.(a) G.S. 160A-443 reads as rewritten:

"§ 160A-443. Ordinance authorized as to repair, closing, and demolition; order of public officer.

Upon the adoption of an ordinance finding that dwelling conditions of the character described in G.S. 160A-441 exist within a city, the governing body of the city is hereby authorized to adopt and enforce ordinances relating to dwellings within the city's territorial jurisdiction that are unfit for human habitation. These ordinances shall include the following provisions:

(1) That a public officer be designated or appointed to exercise the powers prescribed by the ordinance.

(2) That whenever a petition is filed with the public officer by a public authority or by at least five residents of the city charging that any dwelling is unfit for human habitation or whenever it appears to the public officer (on his own motion) that any dwelling is unfit for human habitation, the public officer shall, if his preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner of and parties in interest in such dwellings a complaint stating the charges in that respect and containing a notice that a hearing will be held before the public officer (or his designated agent) at a place within the county in which the property is located fixed not less than 10 days nor more than 30 days after the serving of the complaint; that the owner and parties in interest shall be given the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the
complaint; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the public officer.

(3) That if, after notice and hearing, the public officer determines that the dwelling under consideration is unfit for human habitation, he shall state in writing his findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order,

a. If the repair, alteration or improvement of the dwelling can be made at a reasonable cost in relation to the value of the dwelling (the ordinance of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified, to repair, alter or improve the dwelling in order to render it fit for human habitation or to vacate and close the dwelling as a human habitation.

b. If the repair, alteration or improvement of the dwelling cannot be made at a reasonable cost in relation to the value of the dwelling (the ordinance of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified in the order, to remove or demolish such dwelling. However, notwithstanding any other provision of law, if the dwelling is located in a historic district of the city and the Historic District Commission determines, after a public hearing as provided by ordinance, that the dwelling is of particular significance or value toward maintaining the character of the district, and the dwelling has not been condemned as unsafe, the order may require that the dwelling be vacated and closed consistent with G.S. 160A-400.14(a).

(4) That, if the owner fails to comply with an order to repair, alter or improve or to vacate and close the dwelling, the public officer may cause the dwelling to be repaired, altered or improved or to be vacated and closed; that the public officer may cause to be posted on the main entrance of any dwelling so closed, a placard with the following words: “This building is unfit for human habitation; the use or occupation of this building for human habitation is prohibited and unlawful.” Occupation of a building so posted shall constitute a Class 1 misdemeanor. Improved.

(5) That, if the owner fails to comply with an order to remove or demolish the dwelling, the public officer may cause such dwelling to be removed or demolished. The duties of the public officer set forth in subdivisions (4) and (5) shall not be exercised until the governing body shall have by ordinance ordered the public officer to proceed to effectuate the purpose of this Article with respect to the particular property or properties which the public officer shall have found to be unfit for human habitation and which property or properties shall be described in the ordinance. No such ordinance shall be adopted to require demolition of a dwelling until the owner has first been given a reasonable opportunity to bring it into conformity with the housing code. This ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and
shall be indexed in the name of the property owner in the grantor index.

(5a) If the governing body shall have adopted an ordinance, or the public officer shall have:

a. In a municipality located in counties which have a population in excess of 71,000 by the last federal census (including the entirety of any municipality located in more than one county at least one county of which has a population in excess of 71,000), other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced, then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and
shall be indexed in the name of the property owner in the grantor
index. If the owner fails to comply with this ordinance, the public
officer shall effectuate the purpose of the ordinance.

This subdivision only applies to municipalities located in counties
which have a population in excess of 71,000 by the last federal census
(including the entirety of any municipality located in more than one
county at least one county of which has a population in excess of
71,000).

[This subdivision does not apply to the local government units
listed in subdivision (5b) of this section.]

(5b) If the governing body shall have adopted an ordinance, or the public
officer shall have:

a. In a municipality other than municipalities with a population in
   excess of 190,000 by the last federal census, issued an order,
   ordering a dwelling to be repaired or vacated and closed, as
   provided in subdivision (3)a, and if the owner has vacated and
   closed such dwelling and kept such dwelling vacated and closed
   for a period of six months one year pursuant to the ordinance or
   order;

b. In a municipality with a population in excess of 190,000 by the
   last federal census, commenced proceedings under the
   substandard housing regulations regarding a dwelling to be
   repaired or vacated and closed, as provided in subdivision (3)a.,
   and if the owner has vacated and closed such dwelling and kept
   such dwelling vacated and closed for a period of six months one
   year pursuant to the ordinance or after such proceedings have
   commenced,

then if the governing body shall find that the owner has abandoned the
intent and purpose to repair, alter or improve the dwelling in order to
render it fit for human habitation and that the continuation of the
dwelling in its vacated and closed status would be inimical to the
health, safety, morals and welfare of the municipality in that the
dwelling would continue to deteriorate, would create a fire and safety
hazard, would be a threat to children and vagrants, would attract
persons intent on criminal activities, would cause or contribute to
blight and the deterioration of property values in the area, and would
render unavailable property and a dwelling which might otherwise
have been made available to ease the persistent shortage of decent and
affordable housing in this State, then in such circumstances, the
governing body may, after the expiration of such six-month one year
period, enact an ordinance and serve such ordinance on the owner,
setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit
   for human habitation can be made at a cost not exceeding fifty
   percent (50%) of the then current value of the dwelling, the
   ordinance shall require that the owner either repair or demolish
   and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit
   for human habitation cannot be made at a cost not exceeding

1123
fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision applies to the Cities of Eden, Greenville, Lumberton, Roanoke Rapids, and Whiteville, to the municipalities in Lee County, and the Towns of Bethel, Farmville, Newport, and Waynesville only.

(6) Liens. –

a. That the amount of the cost of repairs, alterations or improvements, or vacating and closing, or removal or demolition by the public officer shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of this Chapter.

b. If the real property upon which the cost was incurred is located in an incorporated city, then the amount of the cost is also a lien on any other real property of the owner located within the city limits or within one mile thereof except for the owner’s primary residence. The additional lien provided in this sub-subdivision is inferior to all prior liens and shall be collected as a money judgment.

c. If the dwelling is removed or demolished by the public officer, he shall sell the materials of the dwelling, and any personal property, fixtures or appurtenances found in or attached to the dwelling, and shall credit the proceeds of the sale against the cost of the removal or demolition and any balance remaining shall be deposited in the superior court by the public officer, shall be secured in a manner directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the court. Nothing in this section shall be construed to impair or limit in any way the power of the city to define and declare nuisances and to cause their removal or abatement by summary proceedings, or otherwise.

(7) If any occupant fails to comply with an order to vacate a dwelling, the public officer may file a civil action in the name of the city to remove such occupant. The action to vacate the dwelling shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying such dwelling. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served, and if at the hearing
the public officer produces a certified copy of an ordinance adopted by
the governing body pursuant to subdivision (5) authorizing the officer
to proceed to vacate the occupied dwelling, the magistrate shall enter
judgment ordering that the premises be vacated and that all persons be
removed. The judgment ordering that the dwelling be vacated shall be
enforced in the same manner as the judgment for summary ejectment
entered under G.S. 42-30. An appeal from any judgment entered
hereunder by the magistrate may be taken as provided in G.S. 7A-228,
and the execution of such judgment may be stayed as provided in
G.S. 7A-227. An action to remove an occupant of a dwelling who is a
tenant of the owner may not be in the nature of a summary ejectment
proceeding pursuant to this paragraph unless such occupant was served
with notice at least 30 days before the filing of the summary ejectment
proceeding that the governing body has ordered the public officer to
proceed to exercise his duties under subdivisions (4) and subdivision
(5) of this section to vacate and close or remove and demolish the
dwelling.

(8) That whenever a determination is made pursuant to subdivision (3) of
this section that a dwelling must be vacated and closed, or removed or
demolished, under the provisions of this section, notice of the order
shall be given by first-class mail to any organization involved in
providing or restoring dwellings for affordable housing that has filed a
written request for such notices. A minimum period of 45 days from
the mailing of such notice shall be given before removal or demolition
by action of the public officer, to allow the opportunity for any
organization to negotiate with the owner to make repairs, lease, or
purchase the property for the purpose of providing affordable housing.
The public officer or clerk shall certify the mailing of the notices, and
the certification shall be conclusive in the absence of fraud. Only an
organization that has filed a written request for such notices may raise
the issue of failure to mail such notices, and the sole remedy shall be
an order requiring the public officer to wait 45 days before causing
removal or demolition."

SECTION 12. (b) This section applies only to Morehead City.

SECTION 13. Sections 1 through 3 and Sections 5 through 13 of this act
are effective when it becomes law. Section 4 of this act becomes effective October 1,
2005, and applies to offenses occurring on or after that date.

In the General Assembly read three times and ratified this the 23rd day of
August, 2005.

Became law on the date it was ratified.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.2(3) reads as rewritten:

"(3) Horticultural land. – Land that is a part of a horticultural unit that is actively engaged in the commercial production or growing of fruits or vegetables or nursery or floral products under a sound management program. Horticultural land includes woodland and wasteland that is a part of the horticultural unit, but the woodland and wasteland included in the unit must be appraised under the use-value schedules as woodland or wasteland. A horticultural unit may consist of more than one tract of horticultural land, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(2), and each tract must be under a sound management program. If the horticultural land includes less than 20 acres of woodland, then the woodland portion is not required to be under a sound management program. Also, woodland is not required to be under a sound management program if it is determined that the highest and best use of the woodland is to diminish wind erosion of adjacent horticultural land or protect water quality of adjacent horticultural land. Land used to grow horticultural and agricultural crops on a rotating basis or where the horticultural crop is set out or planted and harvested within one growing season, may be treated as agricultural land as described in subdivision (1) of this section when there is determined to be no significant difference in the cash rental rates for the land."

SECTION 2. G.S. 105-277.2(7) reads as rewritten:

"(7) Unit. – One or more tracts of agricultural land, horticultural land, or forestland. Multiple tracts must be under the same
ownership and be of the same type of classification. If the multiple tracts are located within different counties, they must be within 50 miles of a tract qualifying under G.S. 105-277.3(a) and share one of the following characteristics:

a. Type of classification.
b. Use of the same equipment or labor force. 105-277.3(a).

SECTION 3. G.S. 105-277.3(b2) reads as rewritten:

"(b2) Exception to Ownership Requirements. – Notwithstanding the provisions of subsections (b) and (b1) of this section, land may qualify for classification in the hands of the new owner if all of the conditions listed in either subdivision of this subsection are met, even if the new owner does not meet all of the ownership requirements of subsections (b) and (b1) of this section with respect to the land.

(1) Exception for assumption of deferred liability. – If the land qualifies for classification in the hands of the new owner under the provisions of this subsection, then the deferred taxes remain a lien on the land under G.S. 105-277.4(c), the new owner becomes liable for the deferred taxes, and the deferred taxes become payable if the land fails to meet any other condition or requirement for classification. Land qualifies for classification in the hands of the new owner if all of the following conditions are met:

a. The land was appraised at its present use value or was eligible for appraisal at its present use value at the time title to the land passed to the new owner.

b. At the time title to the land passed to the new owner, the new owner acquires the land for the purposes of and continues to use the land for the purposes it was classified under subsection (a) of this section while under previous ownership.

c. The new owner has timely filed an application as required by G.S. 105-277.4(a) and has certified that the new owner accepts liability for the deferred taxes and intends to continue the present use of the land.

(2) Exception for expansion of existing unit. – If deferred liability is not assumed under subdivision (1) of this subsection, the land qualifies for classification in the hands of the new owner if, at the time title passed to the new owner, the land was being used for the same purpose and was eligible for appraisal at its present-use value as other land already owned by the new owner and classified under subsection (a) of this section. The new owner must timely file an application as required by G.S. 105-277.4(a).

SECTION 4. G.S. 105-277.4(b1) reads as rewritten:

"(b1) Appeal. – Decisions of the assessor regarding the qualification or appraisal of property under this section may be appealed to the county board of equalization and review or, if that board is not in session, to the board of county commissioners. An appeal must be made within 60 days after the decision of the assessor. If an owner submits additional information to the assessor pursuant to G.S. 105-296(i), the appeal must be made within 60 days after the assessor’s decision based on the additional information. Decisions of the county board may be appealed to the Property Tax Commission."

SECTION 5. G.S. 105-277.7(c)(1) and (c)(5) read as rewritten:

1136
"(c) Duties. – The Board must annually submit to the Department of Revenue a recommended use-value manual. In developing the manual, the Board may consult with federal and State agencies as needed. The manual must contain all of the following:

(1) The estimated cash rental rates for agricultural lands and horticultural lands for the various classes of soils found in the State. The rental rates must recognize the productivity levels by class of soil or geographic area, and the crop as either agricultural or horticultural. The rental rates must be based on the rental value of the land to be used for agricultural or horticultural purposes when those uses are presumed to be the highest and best use of the land. The recommended rental rates may be established from individual county studies or from contracts with federal or State agencies as needed.

(5) Recommendations concerning any changes to the capitalization rate for agricultural land and horticultural land and to the maximum value per acre for the best agricultural land and horticultural land based on a calculation to be determined by the Board. The Board shall annually report these recommendations to the Revenue Laws Study Committee and to the President Pro Tempore of the Senate and the Speaker of the House of Representatives."

SECTION 6.  G.S. 105-289(a)(7) reads as rewritten:

"(a) It is the duty of the Department of Revenue:

(7) To conduct studies of the cash rents for agricultural and horticultural lands on a county or a regional basis, such as the Major Land Resource Area map designated and developed by the U.S. Department of Agriculture. The results of the studies must be furnished to the North Carolina Use-Value Advisory Board. The studies may be conducted on any reasonable basis and timetable that will be reflective of rents and values for each local area based on the productivity of the land."

SECTION 7.  G.S. 105-296(j) and (l) read as rewritten:

"(j) The assessor must annually review at least one eighth of the parcels in the county classified for taxation at present-use value to verify that these parcels qualify for the classification. By this method, the assessor must review the eligibility of all parcels classified for taxation at present-use value in an eight-year period. The period of the review process is based on the average of the preceding three years’ data. The assessor may request assistance from the Farm Service Agency, the Cooperative Extension Service, the Forest Resources Division of the Department of Environment and Natural Resources, or other similar organizations.

The assessor may require the owner of classified property to submit any information, including sound management plans for forestland, needed by the assessor to verify that the property continues to qualify for present-use value taxation. The owner has 60 days from the date a written request for the information is made to submit the information to the assessor. If the assessor determines the owner failed to make the information requested available in the time required without good cause, the property loses its present-use value classification and the property's deferred taxes become due and payable as provided in G.S. 105-277.4(c). The property loses its present-use value classification for failure to provide the requested information, the assessor must reinstate the property's present-use value classification when the owner submits the
requested information within 60 days after the disqualification unless the information discloses that the property no longer qualifies for present-use value classification. When a property's present-use value classification is reinstated, it is reinstated retroactive to the date the classification was revoked and any deferred taxes that were paid as a result of the revocation must be refunded to the property owner. The owner may appeal the final decision of the assessor to the county board of equalization and review as provided in G.S. 105-277.4(b1).

In determining whether property is operating under a sound management program, the assessor must consider any weather conditions or other acts of nature that prevent the growing or harvesting of crops or the realization of income from cattle, swine, or poultry operations. The assessor must also allow the property owner to submit additional information before making this determination.

... (l) The assessor shall annually review at least one-eighth of the parcels in the county exempted or excluded from taxation to verify that these parcels qualify for the exemption or exclusion. By this method, the assessor shall review the eligibility of all parcels exempted or excluded from taxation in an eight-year period. The assessor may require the owner of exempt or excluded property to make available for inspection any information reasonably needed by the assessor to verify that the property continues to qualify for the exemption or exclusion. The owner has 60 days from the date a written request for the information is made to submit the information to the assessor. If the assessor determines that the owner failed to make the information requested available in the time required without good cause, then the property loses its exemption or exclusion. If the property loses its exemption or exclusion for failure to provide the requested information, the assessor must reinstate the property's exemption or exclusion when the owner makes the requested information available within 60 days after the disqualification unless the information discloses that the property is no longer eligible for the exemption or exclusion."

SECTION 8. G.S. 105-330.5(a) reads as rewritten:

"(a) For classified motor vehicles listed pursuant to G.S. 105-330.3(a)(1), upon receiving the registration lists from the Division of Motor Vehicles each month, the assessor shall prepare a tax notice for each vehicle; the tax notice shall contain all county, municipal, and special district taxes due on the motor vehicle. In computing the taxes, the assessor shall appraise the motor vehicle in accordance with G.S. 105-330.2 and shall use the tax rates of the various taxing units in effect on the first day of the month in which the current vehicle registration expired or the new registration was applied for. The tax on the motor vehicle is the product of a fraction and the number of months in the motor vehicle tax year. The numerator of the fraction is the product of the appraised value of the motor vehicle and the tax rate of the various taxing units. The denominator of the fraction is 12. This procedure shall constitute the listing and assessment of each classified motor vehicle for taxation. The tax notice shall contain:

(1) The date of the tax notice.
(2) The appraised value of the motor vehicle.
(3) The tax rate of the taxing units.
(4) A statement that the appraised value of the motor vehicle may be appealed to the assessor within 30 days after the date of the notice."

SECTION 9. G.S. 105-330.6 reads as rewritten:

"§ 105-330.6. Motor vehicle tax year; transfer of plates; surrender of plates.
(a) Tax Year. – The tax year for a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(1) and registered under the staggered system begins on the first day of the first month following the date on which the former registration expires or the new registration is applied for and ends on the last day of the twelfth month following the date on which the registration expires or the new registration is applied for, in which the current registration expires. The tax year for a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(1) and registered under the annual system begins on the first day of the first month following the date on which the registration expires or the new registration is applied for and ends the following December 31. The tax year for a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(2) is the fiscal year that opens in the calendar year in which the vehicle is required to be listed.

(a1) Change in Tax Year. – If the tax year for a classified motor vehicle changes because of a change in its registration for a reason other than the transfer of its registration plates to another classified motor vehicle pursuant to G.S. 20-64, and the new tax year begins before the expiration of the vehicle's original tax year, the taxpayer may receive a credit, in the form of a release, against the taxes on the vehicle for the new tax year. The amount of the credit is equal to a proportion of the taxes paid on the vehicle for the original tax year. The proportion is the number of full calendar months remaining in the original tax year as of the first day of the new tax year, divided by twelve-the number of months in the original tax year. To obtain the credit allowed in this subsection, the taxpayer must apply within 30 days after the taxes for the new tax year are due and must provide the county tax collector information establishing the original tax year of the vehicle, the amount of taxes paid on the vehicle for that year, and the reason for the change in registration.

(b) Transfer of Plates. – If the owner of a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(1) transfers the registration plates from the listed vehicle to another classified motor vehicle pursuant to G.S. 20-64 during the listed vehicle's tax year, the vehicle to which the plates are transferred is not required to be listed or taxed until the current registration expires or is renewed.

(c) Surrender of Plates. – If the owner of a classified motor vehicle listed pursuant to G.S. 105-330.3(a)(1) either transfers the motor vehicle to a new owner or moves out-of-state and registers the vehicle in another jurisdiction, and the owner surrenders the registration plates from the listed vehicle to the Division of Motor Vehicles, then the owner may apply for a release or refund of taxes on the vehicle for any full calendar months remaining in the vehicle's tax year after the date of surrender. To apply for a release or refund, the owner must present to the county tax collector within one year after surrendering the plates the receipt received from the Division of Motor Vehicles accepting surrender of the registration plates. The county tax collector shall then multiply the amount of the taxes for the tax year on the vehicle by a fraction, the denominator of which is twelve-the number of months in the tax year and the numerator of which is the number of full calendar months remaining in the vehicle's tax year after the date of surrender of the registration plates. The product of the multiplication is the amount of taxes to be released or refunded. If the taxes have not been paid at the date of application, the county tax collector shall make a release of the prorated taxes and credit the owner's tax notice with the amount of the release. If the taxes have been paid at the date of application, the county tax collector shall direct an order for a refund of the prorated taxes to the county finance officer, and the finance officer shall issue a refund to the vehicle owner."

SECTION 10.  G.S. 105-357(b)(2) reads as rewritten:
"(2) Penalty. – In addition to interest for nonpayment of taxes provided by G.S. 105-360 and in addition to any criminal penalties provided by law for the giving of worthless checks, the penalty for giving presenting in payment of taxes a check or electronic funds transfer that is returned or not completed because of insufficient funds or nonexistence of an account of the drawer or transferor is twenty-five dollars ($25.00) or ten percent (10%) of the amount of the check or electronic invoice, whichever is greater, subject to a maximum of one thousand dollars ($1,000). This penalty does not apply if the tax collector finds that, when the check or electronic funds transfer was presented for payment, the drawer of the check or transferor of funds had sufficient funds in an account at a financial institution in this State to pay the check or make the payment and, by inadvertence, the drawer of the check or transferor of the funds failed to draw the check or initiate a transfer on the account that had sufficient funds. This penalty shall be added to and collected in the same manner as the taxes for which the check or electronic payment was given."

SECTION 11. Sections 1 through 7 of this act are effective for taxes imposed for taxable years beginning on or after July 1, 2005. Sections 8 and 9 of this act become effective January 1, 2006. The remainder of this act is effective when it becomes law.

The General Assembly of North Carolina enacts:

SECTION 1. (a) Effective August 1, 2005, and applicable to any voting systems upgraded or acquired on or after that date and to all voting systems used in the State during any election during or after 2006, G.S. 163-165.7 reads as rewritten:

"§ 163-165.7. Voting systems: powers and duties of State Board of Elections.

(a) The State Board of Elections shall have authority to approve types, makes, and models of voting systems for use in elections and referenda held in this State. Only voting systems that have been approved by the State Board shall be used to conduct elections under this Chapter, and the approved systems shall be valid in any election or referendum held in any county or municipality. The State Board may, upon request of a local board of elections, authorize the use of a voting system not approved for general use. Only voting systems that have been certified by the State Board of Elections in accordance with the procedures and subject to the standards set forth in this section and that have not been subsequently decertified shall be permitted for use in elections in this State. Those certified voting systems shall be valid in any election held in the State or in
any county, municipality, or other electoral district in the State. Subject to all other applicable rules adopted by the State Board of Elections and, with respect to federal elections, subject to all applicable federal regulations governing voting systems, paper ballots marked by the voter and counted by hand shall be deemed a certified voting system. The State Board of Elections shall certify optical scan voting systems, optical scan with ballot markers voting systems, and direct record electronic voting systems if any of those systems meet all applicable requirements of federal and State law. The State Board may certify additional voting systems only if they meet the requirements of the request for proposal process set forth in this section and only if they generate either a paper ballot or a paper record by which voters may verify their votes before casting them and which provides a backup means of counting the vote that the voter casts. Those voting systems may include optical scan and direct record electronic (DRE) voting systems. In consultation with the Office of Information Technology Services, the State Board shall develop the requests for proposal subject to the provisions of thisChapter and other applicable State laws. Among other requirements, the request for proposal shall require at least all of the following elements:

1. That the vendor post a bond or letter of credit to cover damages resulting from defects in the voting system. Damages shall include, among other items, any costs of conducting a new election attributable to those defects.

2. That the voting system comply with all federal requirements for voting systems.

3. That the voting system must have the capacity to include in precinct returns the votes cast by voters outside of the voter's precinct as required by G.S. 163-132.5G.

4. With respect to electronic voting systems, that the voting system generate a paper record of each individual vote cast, which paper record shall be maintained in a secure fashion and shall serve as a backup record for purposes of any hand-to-eye count, hand-to-eye recount, or other audit. Electronic systems that employ optical scan technology to count paper ballots shall be deemed to satisfy this requirement.

5. With respect to DRE voting systems, that the paper record generated by the system be viewable by the voter before the vote is cast electronically, and that the system permit the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast.

6. With respect to all voting systems using electronic means, that the vendor provide access to all of any information required to be placed in escrow by a vendor pursuant to G.S. 163-165.9A for review and examination by the State Board of Elections; the Office of Information Technology Services; the State chairs of each political party recognized under G.S. 163-96; the purchasing county; and designees as provided in subdivision (9) of subsection (d) of this section.

7. That the vendor must quote a statewide uniform price for each unit of the equipment.

8. That the vendor must separately agree with the purchasing county that if it is granted a contract to provide software for an electronic voting system but fails to debug, modify, repair, or update the software as
agreed or in the event of the vendor having bankruptcy filed for or against it, the source code described in G.S. 163-165.9A(a) shall be turned over to the purchasing county by the escrow agent chosen under G.S. 163-165.9A(a)(1) for the purposes of continuing use of the software for the period of the contract and for permitting access to the persons described in subdivision (6) of this subsection for the purpose of reviewing the source code.

In its request for proposal, the State Board of Elections shall address the mandatory terms of the contract for the purchase of the voting system and the maintenance and training related to that voting system.

No voting system acquired or upgraded by a county before August 1, 2005, shall be used in an election during or after 2006 unless the county can demonstrate to the State Board of Elections compliance with the requirements in subdivisions (1) through (8) of this subsection, where those requirements are applicable to the type of voting system involved.

(b) The State Board may also, upon notice and hearing, disapprove decertify types, makes, and models of voting systems. Upon disapproving decertifying a type, make, or model of voting system, the State Board shall determine the process by which the disapproved decertified system is discontinued in any county. If a county makes a showing that discontinuance would impose a financial hardship upon it, the county shall be given up to four years from the time of State Board disapproval to replace the system. A county may appeal a decision by the State Board concerning discontinuance of a voting system the process by which the decertified system is discontinued in that county to the superior court in that county or to the Superior Court of Wake County. The county has 30 days from the time it receives notice of the State Board's decision on discontinuance the process by which the decertified system is discontinued in that county to make that appeal.

(c) Prior to certifying a voting system, the State Board of Elections shall review, or designate an independent expert to review, all source code made available by the vendor pursuant to this section and certify only those voting systems compliant with State and federal law. At a minimum, the State Board's review shall include a review of security, application vulnerability, application code, wireless security, security policy and processes, security/privacy program management, technology infrastructure and security controls, security organization and governance, and operational effectiveness, as applicable to that voting system. Any portion of the report containing specific information related to any trade secret as designated pursuant to G.S. 132-1.2 shall be confidential and shall be accessed only under the rules adopted pursuant to subdivision (9) of subsection (d) of this section. The State Board may hear and discuss the report of any such review under G.S. 143-318.11(a)(1).

(d) Subject to the provisions of this Chapter, the State Board of Elections shall prescribe rules for the adoption, handling, operation, and honest use of certified voting systems, including, but not limited to including all of the following:

1. Procedures for county boards of elections to utilize when recommending the purchase of a Types, makes, and models of certified voting systems approved system for use in this State that county.

2. Form of official ballot labels to be used on voting systems.

3. Operation and manner of voting on voting systems.

4. Instruction of precinct officials in the use of voting systems.
(5) Instruction of voters in the use of voting systems.
(6) Assistance to voters using voting systems.
(7) Duties of custodians of voting systems.
(8) Examination and testing of voting systems in a public forum in the county before and after use in an election.

   d. The purchasing county.
Each person listed in sub-divisions a. through d. of this subdivision may designate up to three persons as that person's agents to review and examine the information. No person shall designate under this subdivision a business competitor of the vendor whose proprietary information is being reviewed and examined. For purposes of this review and examination, any designees under this subdivision and the State party chairs shall be treated as public officials under G.S. 132-2.
(10) With respect to electronic voting systems, procedures to maintain the integrity of both the electronic vote count and the paper record. Those procedures shall at a minimum include procedures to protect against the alteration of the paper record after a machine vote has been recorded and procedures to prevent removal by the voter from the voting enclosure of any paper record or copy of an individually voted ballot or of any other device or item whose removal from the voting enclosure could permit compromise of the integrity of either the machine count or the paper record.
Any rules adopted under this subsection shall be in conjunction with procedures and standards adopted under G.S. 163-182.1, are exempt from Chapter 150B of the General Statutes, and are subject to the same procedures for notice and publication set forth in G.S. 163-182.1.
(e) The State Board of Elections shall facilitate training and support of the voting systems utilized by the counties.

SECTION 1.(a1) G.S. 163-166.7(c) reads as rewritten:
"(c) The State Board of Elections shall promulgate rules for the process of voting. Those rules shall emphasize the appearance as well as the reality of dignity, good order, impartiality, and the convenience and privacy of the voter. (2) Only properly voted official ballots or paper records of individual voted ballots are introduced into the voting system.
(3) Except as provided by G.S. 163-166.9, no official ballots leave the voting enclosure during the time voting is being conducted there. The rules shall also provide that during that time no one shall remove from the voting enclosure any paper record or copy of an individually voted ballot or of any other device or item whose removal from the voting enclosure could permit compromise of the integrity of either the machine count or the paper record.
(4) Procedures to ensure that the voting system remains secure throughout the period voting is being conducted.
(5) Procedures to ensure that only properly voted official ballots or paper records of individual voted ballots are introduced into the voting system.
(6) Procedures to prevent removal by the voter from the voting enclosure of any paper record or copy of an individually voted ballot or of any other device or item whose removal from the voting enclosure could permit compromise of the integrity of either the machine count or the paper record.
Any rules adopted under this subsection shall be in conjunction with procedures and standards adopted under G.S. 163-182.1, are exempt from Chapter 150B of the General Statutes, and are subject to the same procedures for notice and publication set forth in G.S. 163-182.1.
(e) The State Board of Elections shall facilitate training and support of the voting systems utilized by the counties."

machine count or the paper record.

(4) All improperly voted official ballots or paper records of individual
voted ballots are returned to the precinct officials and marked as
spoiled.

recorded and delivered to the county board of elections.

(8) The registration records are kept secure.

(9) Party observers are given access as provided by G.S. 163-45 to current
information about which voters have voted.

(10) The voter, before voting, shall sign that voter's name on the pollbook,
other voting record, or voter authorization document. If the voter is
unable to sign, a precinct official shall enter the person's name on the
same document before the voter votes."

SECTION 1.(b) Section 11 of S.L. 2003-226, which would have made
amendment to G.S. 163-165.7 effective January 1, 2006, is repealed.

SECTION 1.(c) In order to carry forward the first of two amendments that
would have been made by Section 11 of S.L. 2003-226 to the old version of
G.S. 163-165.7, effective January 1, 2006, G.S. 163-165.7, as rewritten by subsection
(a) of this section, is amended by adding the following new subsection:

"(a1) Federal Assistance. – The State Board may use guidelines, information,
testing reports, certification, decertification, recertification, and any relevant data
produced by the Election Assistance Commission, its Standards Board, its Board of
Advisors, or the Technical Guidelines Development Committee as established in Title II
of the Help America Vote Act of 2002 with regard to any action or investigation the
State Board may take concerning a voting system. The State Board may use, for the
purposes of voting system certification, laboratories accredited by the Election
Assistance Commission under the provisions of section 231(2) of the Help America
Vote Act of 2002."

SECTION 1.(d) In order to carry forward the second of two amendments that
would have been made by Section 11 of S.L. 2003-226 to the old version of
G.S. 163-165.7, effective January 1, 2006, G.S. 163-165.7(d), as rewritten by subsection
(a) of this section, is amended by adding the following new subdivision:

"(11) Compliance with section 301 of the Help America Vote Act of 2002."

SECTION 1.(e) G.S. 163-132.5G reads as rewritten:

"§ 163-132.5G. Voting data maintained by precinct.

To the extent that it can do so without compromising the secrecy of an individual's
ballot, each county board of elections shall maintain voting data by precinct so that
precinct returns for each item on the ballot shall include the votes cast by residents of
the precinct who voted by provisional ballot and by absentee ballot, both mail and
one-stop. The county board shall not be required to report provisional and absentee
voting data by precinct until 60 days after the election. The State Board of Elections
shall adopt rules for the enforcement of this section with the goal that all voting data
shall be reported by precinct by the 2006 election. Those rules shall provide for
exemptions where the expense of compliance would place a financial hardship on a county. Those rules shall provide for compliance by 2004 for counties the State Board determines are capable of complying by that year.

SECTION 1.(f) G.S. 163-165.1(e) reads as rewritten:

"(e) Voted ballots and paper records of individual voted ballots shall be treated as confidential, and no person other than elections officials performing their duties may have access to voted ballots or paper records of individual voted ballots except by court order or order of the appropriate board of elections as part of the resolution of an election protest or investigation of an alleged election irregularity or violation. Voted ballots and paper records of individual voted ballots shall not be disclosed to members of the public in such a way as to disclose how a particular voter voted, unless a court orders otherwise."

SECTION 2.(a) Part 2 of Article 14A of Chapter 163 of the General Statutes is amended by adding a new section to read:

§ 163-165.9A. Voting systems: requirements for voting systems vendors; penalties.

(a) Duties of Vendor. – Every vendor that has a contract to provide a voting system in North Carolina shall do all of the following:

(1) The vendor shall place in escrow with an independent escrow agent approved by the State Board of Elections all software that is relevant to functionality, setup, configuration, and operation of the voting system, including, but not limited to, a complete copy of the source and executable code, build scripts, object libraries, application program interfaces, and complete documentation of all aspects of the system including, but not limited to, compiling instructions, design documentation, technical documentation, user documentation, hardware and software specifications, drawings, records, and data. The State Board of Elections may require in its request for proposal that additional items be escrowed, and if any vendor that agrees in a contract to escrow additional items, those items shall be subject to the provisions of this section. The documentation shall include a list of programmers responsible for creating the software and a sworn affidavit that the source code includes all relevant program statements in low-level and high-level languages.

(2) The vendor shall notify the State Board of Elections of any change in any item required to be escrowed by subdivision (1) of this subsection.

(3) The chief executive officer of the vendor shall sign a sworn affidavit that the source code and other material in escrow is the same being used in its voting systems in this State. The chief executive officer shall ensure that the statement is true on a continuing basis.

(4) The vendor shall promptly notify the State Board of Elections and the county board of elections of any county using its voting system of any decertification of the same system in any state, of any defect in the same system known to have occurred anywhere, and of any relevant defect known to have occurred in similar systems.

(5) The vendor shall maintain an office in North Carolina with staff to service the contract.

(b) Penalties. – Willful violation of any of the duties in subsection (a) of this section is a Class G felony. Substitution of source code into an operating voting system without notification as provided by subdivision (a)(2) of this section is a Class I felony.
In addition to any other applicable penalties, violations of this section are subject to a civil penalty to be assessed by the State Board of Elections in its discretion in an amount of up to one hundred thousand dollars ($100,000) per violation. A civil penalty assessed under this section shall be subject to the provisions of G.S. 163-278.34(e).

SECTION 2. (b) This section applies with respect to purchase or upgrade of any voting system on or after August 1, 2005.

SECTION 3. Effective August 1, 2005, G.S. 163-165.8 reads as rewritten:

The board of county commissioners, with the approval of the county board of elections, may adopt and purchase or lease acquire only a voting system of a type, make, and model approved certified by the State Board of Elections for use in some or all voting places in the county at some or all elections.

The board of county commissioners may decline to adopt and purchase or lease acquire any voting system recommended by the county board of elections but may not adopt and purchase or lease acquire any voting system that has not been approved by the county board of elections. Article 8 of Chapter 143 of the General Statutes does not apply to the purchase of a voting system certified by the State Board of Elections."

SECTION 4. Effective August 1, 2005, G.S. 163-165.9 reads as rewritten:

(a) Before approving the adoption and purchase or lease acquisition of any voting system by the board of county commissioners, the county board of elections shall do all of the following:

(1) Obtain a current financial statement from the proposed vendor or lessor of the voting system and send copies of the statement to the county attorney and the chief county financial officer. Recommend to the board of county commissioners which type of voting system should be acquired by the county.

(2) Witness a demonstration, in that county or at a site designated by the State Board of Elections, of the type of voting system to be recommended by the proposed vendor or lessor and also witness a demonstration of at least one other type of voting system approved certified by the State Board of Elections.

(3) Test, during an election, the proposed voting system in at least one precinct in the county where the voting system would be used if adopted.

(b) After the acquisition of any voting system, the county board of elections shall comply with any requirements of the State Board of Elections regarding training and support of the voting system."

SECTION 5. (a) G.S. 163-182.1(b) reads as rewritten:

"(b) Procedures and Standards. – The State Board of Elections shall adopt uniform and nondiscriminatory procedures and standards for voting systems. The standards shall define what constitutes a vote and what will be counted as a vote for each category of voting system used in the State. The State Board shall adopt those procedures and standards at a meeting occurring not earlier than 15 days after the State Board gives notice of the meeting. The procedures and standards adopted shall apply to all elections occurring in the State and shall be subject to amendment or repeal by the State Board acting at any meeting where notice that the action has been proposed has been given at least 15 days before the meeting. These procedures and standards shall not be
considered to be rules subject to Article 2A of Chapter 150B of the General Statutes. However, the State Board shall publish in the North Carolina Register the procedures and standards and any changes to them after adoption, with that publication noted as information helpful to the public under G.S. 150B-21.17(a)(6). Copies of those procedures and standards shall be made available to the public upon request or otherwise by the State Board. For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those procedures and standards shall do both of the following:

(1) Provide for a sample hand-to-eye count of the paper ballots or paper records of a statewide ballot item in every county. The presidential ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The sample chosen by the State Board shall be of full precincts, full counts of absentee ballots, and full counts of one-stop early voting sites. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count. If the discrepancy between the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted.

(2) Provide that if the voter selects votes for more than the number of candidates to be elected or proposals to be approved in a ballot item, the voting system shall do all the following:
   (a) Notify the voter that the voter has selected more than the correct number of candidates or proposals in the ballot item.
   (b) Notify the voter before the vote is accepted and counted of the effect of casting overvotes in the ballot item.
   (c) Provide the voter with the opportunity to correct the official ballot before it is accepted and counted.

SECTION 5.(b) G.S. 163-182.2 reads as rewritten:

"§ 163-182.2. Initial counting of official ballots.
(a) The initial counting of official ballots shall be conducted according to the following principles:
   (1) Vote counting at the precinct shall occur immediately after the polls close and shall be continuous until completed.
   (2) Vote counting at the precinct shall be conducted with the participation of precinct officials of all political parties then present. Vote counting at the county board of elections shall be conducted in the presence or under the supervision of board members of all political parties then present.
   (3) Any member of the public wishing to witness the vote count at any level shall be allowed to do so. No witness shall interfere with the
orderly counting of the official ballots. Witnesses shall not participate in the official counting of official ballots.

(4) Provisional official ballots shall be counted by the county board of elections before the canvass. If the county board finds that an individual voting a provisional official ballot is not eligible to vote in one or more ballot items on the official ballot, the board shall not count the official ballot in those ballot items, but shall count the official ballot in any ballot items for which the individual is eligible to vote.

(5) Precinct officials shall provide a preliminary report of the vote counting to the county board of elections as quickly as possible. The preliminary report shall be unofficial and has no binding effect upon the official county canvass to follow.

(6) In counties that use any certified mechanical or electronic voting system, subject to the sample counts under G.S. 163-182.1 and subdivision (1a) of subsection (b) of this section, and of a hand-to-eye recount under G.S. 163-182.7 and G.S. 163-182.7A, a board of elections shall rely in its canvass on the mechanical or electronic count of the vote rather than the full hand-to-eye count of the paper ballots or records. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count or recount, the hand-to-eye count or recount shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count.

(b) The State Board of Elections shall promulgate rules for the initial counting of official ballots. All election officials shall be governed by those rules. In promulgating those rules, the State Board shall adhere to the following guidelines:

(1) For each voting system used, the rules shall specify the role of precinct officials and of the county board of elections in the initial counting of official ballots.

(1a) For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those rules shall provide for a sample hand-to-eye count of the paper ballots or paper records of a sampling of a statewide ballot item in every county. The presidential ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The sample chosen by the State Board shall be of full precincts, full counts of absentee ballots, and full counts of one-stop early voting sites. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count.
the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted.

(2) The rules shall provide for accurate unofficial reporting of the results from the precinct to the county board of elections with reasonable speed on the night of the election.

(3) The rules shall provide for the prompt and secure transmission of official ballots from the voting place to the county board of elections.

The State Board shall direct the county boards of elections in the application of the principles and rules in individual circumstances."

SECTION 5.(c) G.S. 163-182.5 reads as rewritten:

"§ 163-182.5. Canvassing votes.

(a) The Canvass. – As used in this Article, the term "canvass" means the entire process of determining that the votes have been counted and tabulated correctly, culminating in the authentication of the official election results. The board of elections conducting a canvass has authority to send for papers and persons and to examine them and pass upon the legality of disputed ballots.

(b) Canvassing by County Board of Elections. – The county board of elections shall meet at 11:00 A.M. on the seventh day after every election to complete the canvass of votes cast and to authenticate the count in every ballot item in the county by determining that the votes have been counted and tabulated correctly. If, despite due diligence by election officials, the initial counting of all the votes has not been completed by that time, the county board may hold the canvass meeting a reasonable time thereafter. The canvass meeting shall be at the county board of elections office, unless the county board, by unanimous vote of all its members, designates another site within the county. The county board shall examine the returns from precincts, from absentee official ballots, from the sample hand-to-eye paper ballot counts, and from provisional official ballots and shall conduct the canvass.

(c) Canvassing by State Board of Elections. – After each general election, the State Board of Elections shall meet at 11:00 A.M. on the Tuesday three weeks after election day to complete the canvass of votes cast in all ballot items within the jurisdiction of the State Board of Elections and to authenticate the count in every ballot item in the county by determining that the votes have been counted and tabulated correctly. After each primary, the State Board shall fix the date of its canvass meeting. If, by the time of its scheduled canvass meeting, the State Board has not received the county canvasses, the State Board may adjourn for not more than 10 days to secure the missing abstracts. In obtaining them, the State Board is authorized to secure the originals or copies from the appropriate clerks of superior court or county boards of elections, at the expense of the counties."

SECTION 5.(d) This section becomes effective January 1, 2006.

SECTION 6.(a) G.S. 163-182.7 reads as rewritten:

"§ 163-182.7. Ordering recounts.

(a) Discretionary Recounts. – The county board of elections or the State Board of Elections may order a recount when necessary to complete the canvass in an election. The county board may not order a recount where the State Board of Elections has already denied a recount to the petitioner.

(b) Mandatory Recounts for Ballot Items Within the Jurisdiction of the County Board of Elections. – In a ballot item within the jurisdiction of the county board of elections, a candidate shall have the right to demand a recount of the votes if the difference between the votes for that candidate and the votes for a prevailing candidate
is not more than one percent (1%) of the total votes cast in the ballot item, or in the case of a multiseat ballot item not more than one percent (1%) of the votes cast for those two candidates. The demand for a recount must be made in writing and must be received by the county board of elections by 5:00 P.M. on the first day after the canvass. The recount shall be conducted under the supervision of the county board of elections.

(c) Mandatory Recounts for Ballot Items Within the Jurisdiction of the State Board of Elections. – In a ballot item within the jurisdiction of the State Board of Elections, a candidate shall have the right to demand a recount of the votes if the difference between the votes for that candidate and the votes for a prevailing candidate are not more than the following:

1. For a nonstatewide ballot item, one percent (1%) of the total votes cast in the ballot item, or in the case of a multiseat ballot item, one percent (1%) of the votes cast for those two candidates.

2. For a statewide ballot item, one-half of one percent (0.5%) of the votes cast in the ballot item, or in the case of a multiseat ballot item, one-half of one percent (0.5%) of the votes cast for those two candidates, or 10,000 votes, whichever is less.

The demand for a recount must be in writing and must be received by the State Board of Elections by noon on the second Thursday after the election. If on that Thursday the available returns show a candidate not entitled to a mandatory recount, but the Executive Director determines subsequently that the margin is within the threshold set out in this subsection, the Executive Director shall notify the eligible candidate immediately and that candidate shall be entitled to a recount if that candidate so demands within 48 hours of notice. The recount shall be conducted under the supervision of the State Board of Elections.

(d) Rules for Conducting Recounts. – The State Board of Elections shall promulgate rules for conducting recounts. Those rules shall be subject to the following guidelines:

1. The rules shall specify, with respect to each type of voting system, when and to what extent the recount shall consist of machine recounts and hand-to-eye recounts. Hand-to-eye recounts shall also be ordered as provided by G.S. 163-182.7A.

2. The rules shall provide guidance in interpretation of the voter's choice.

3. The rules shall specify how the goals of multipartisan participation, opportunity for public observation, and good order shall be balanced.

SECTION 6.(b) Article 15A of Chapter 163 of the General Statutes is amended by adding a new section to read:

"§ 163-182.7A. Additional provisions for hand-to-eye recounts.

(a) The rules promulgated by the State Board of Elections for recounts shall provide that if the initial recount is not hand-to-eye, and if the recount does not reverse the results, the candidate who had originally been entitled to a recount may, within 24 hours of the completion of the first recount, demand a second recount on a hand-to-eye basis in a sample of precincts. If the initial recount was not hand-to-eye and it reversed the results, the candidate who had initially been the winner shall have the same right to ask for a hand-to-eye recount in a sample of precincts.

That sample shall be all the ballots in three percent (3%) of the precincts casting ballots in each county in the jurisdiction of the office, rounded up to the next whole number of precincts. For the purpose of that calculation, each one-stop (early) voting site shall be considered to be a precinct. The precincts to be recounted by a hand-to-eye
count shall be chosen at random within each county. If the results of the hand-to-eye recount differ from the previous results within those precincts to the extent that extrapolating the amount of the change to the entire jurisdiction (based on the proportion of ballots recounted to the total votes cast for that office) would result in the reversing of the results, then the State Board of Elections shall order a hand-to-eye recount of the entire jurisdiction in which the election is held. There shall be no cost to the candidate for that recount in the entire jurisdiction.

(b) Recounts under this section shall be governed by rules adopted under G.S. 163-182.7(d).

(c) No complete hand-to-eye recount shall be conducted under this section if one has already been done under another provision of law."

SECTION 6.(c) This section becomes effective January 1, 2006.

SECTION 7. G.S. 163-82.28 reads as rewritten:

"§ 163-82.28. The HAVA Election Fund.

There is established a special fund to be known as the Election Fund. All funds received for implementation of the Help America Vote Act of 2002, Public Law 107-252, shall be deposited in that fund. The State Board of Elections shall use funds in the Election Fund only to implement HAVA—HAVA and for purposes permitted by HAVA to comply with State law."

SECTION 7.1. Each county shall receive a grant of up to twelve thousand dollars ($12,000) per polling place and one-stop site from the Election Fund created under G.S. 163-82.28 for voting equipment that complies with the requirements of HAVA and this act. The grant shall also include two backup units per county. Each county shall also receive a grant equal to one dollar ($1.00) per voter in the 2004 presidential election, but no less than ten thousand dollars ($10,000) or more than one hundred thousand dollars ($100,000), for central administrative software for tabulation.

SECTION 8. The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the State Board of Elections. The code shall address the appropriate relations between those members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legislative Commission on Governmental Operations no later than 60 days after this act becomes law.

SECTION 9. The State Board of Elections may conduct, for primaries and elections in 2006 only, experiments with voting systems that use a means in addition to paper to fulfill the backup record and voter verification requirements of G.S. 163-165.7(a)(4) and G.S. 163-165.7(a)(5), as enacted by this act. The pilot program may be conducted in no more than nine counties. The county boards of elections shall cooperate in conducting the pilot program. The pilot program shall be conducted according to the following requirements:

(1) The experiment may be conducted in no more than two voting sites per county. The voting sites may include election-day voting places or one-stop sites.

(2) At each voting site in which the experiment is conducted, voters must have a choice of voting on the experimental voting system or on a voting system that is not part of the experiment.
(3) Each experimental voting system shall include an additional means for the voter to verify the choices that the voter makes in the electronically cast ballot, which means shall also provide for an additional count. That additional means may utilize audio technology, digital scanners, or some other material or technology that shall record the voters' choices but shall not record any image of any part of the voter.  

(4) On each voting machine or unit used in the experiment, the voting system shall comply with all the applicable requirements of G.S. 163-165.7, including the requirement in G.S. 163-165.7(a)(4) that a DRE system must generate a paper backup record of each individual vote cast electronically and the requirement in G.S. 163-165.7(a)(5) that the paper record generated by the DRE system must be viewable by the voter before the vote is cast electronically and that the system allow the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast. On every machine or unit, the experimental means to fulfill those functions shall be used in addition to, rather than instead of, the required paper means.  

(5) For all votes cast on an experimental voting system under the pilot, there shall be, in addition to an electronic count, a full hand-to-eye paper count and a full comparison count of the experimental verification technology.  

The State Board of Elections shall report the results of the pilot program, together with its recommendations, to the 2007 General Assembly and to the Joint Legislative Commission on Governmental Operations by February 1, 2007.  

SECTION 10. The requirement for testing a voting system in an election provided in G.S. 163-165.9(a)(3), as enacted in Section 4 of this act, does not apply to any voting system acquired before January 1, 2008, as long as the voting system is demonstrated in a public forum in the county. Notwithstanding G.S. 163-132.5G, as amended by this act, voting data by precinct shall be reported for the general elections of 2006 by March 1, 2007, and for the primary elections of 2006 by May 1, 2007. Except as otherwise provided in this act, the remainder of this act is effective when it becomes law.

An ambulatory surgical facility may be operated as a part of a physician or dentist's office, provided the facility is licensed under G.S. Chapter 131E, Article 6, Part D, but the performance of incidental, limited ambulatory surgical procedures which do not constitute an ambulatory surgical program as defined in subdivision (1b) and which are performed in a physician's or dentist's office does not make that office an ambulatory surgical facility.

"§ 132-1.9. Trial preparation materials.
(a) Scope. – A request to inspect, examine, or copy a public record that is also trial preparation material is governed by this section, and, to the extent this section conflicts with any other provision of law, this section applies.
(b) Right to Deny Access. – Except as otherwise provided in this section, a custodian may deny access to a public record that is also trial preparation material. If the denial is based on an assertion that the public record is trial preparation material that
was prepared in anticipation of a legal proceeding that has not commenced, the custodian shall, upon request, provide a written justification for the assertion that the public record was prepared in anticipation of a legal proceeding.

(c) Trial Preparation Material Prepared in Anticipation of a Legal Proceeding. – Any person who is denied access to a public record that is also claimed to be trial preparation material that was prepared in anticipation of a legal proceeding that has not yet been commenced may petition the court pursuant to G.S. 132-9 for determination as to whether the public record is trial preparation material that was prepared in anticipation of a legal proceeding.

(d) During a Legal Proceeding. –

(1) When a legal proceeding is subject to G.S. 1A-1, Rule 26(b)(3), or subject to Rule 26(b)(3) of the Federal Rules of Civil Procedure, a party to the pending legal proceeding, including any appeals and postjudgment proceedings, who is denied access to a public record that is also claimed to be trial preparation material that pertains to the pending proceeding may seek access to such record only by motion made in the pending legal proceeding and pursuant to the procedural and substantive standards that apply to that proceeding. A party to the pending legal proceeding may not directly or indirectly commence a separate proceeding for release of such record pursuant to G.S. 132-9 in any other court or tribunal.

(2) When a legal proceeding is not subject to G.S. 1A-1, Rule 26(b)(3), and not subject to Rule 26(b)(3) of the Federal Rules of Civil Procedure, a party to the pending legal proceeding, including any appeals and postjudgment proceedings, who is denied access to a public record that is also claimed to be trial preparation material that pertains to the pending legal proceeding may petition the court pursuant to G.S. 132-9 for access to such record. In determining whether to require the custodian to provide access to all or any portion of the record, the court or other tribunal shall apply the provisions of G.S. 1A-1, Rule 26(b)(3).

(3) Any person who is denied access to a public record that is also claimed to be trial preparation material and who is not a party to the pending legal proceeding to which such record pertains, and who is not acting in concert with or as an agent for any party to the pending legal proceeding, may petition the court pursuant to G.S. 132-9 for a determination as to whether the public record is trial preparation material.

(e) Following a Legal Proceeding. – Upon the conclusion of a legal proceeding, including the completion of all appeals and postjudgment proceedings, or, in the case where no legal proceeding has been commenced, upon the expiration of all applicable statutes of limitations and periods of repose, the custodian of a public record that is also claimed to be trial preparation material shall permit the inspection, examination, or copying of such record if any law that is applicable so provides.

(f) Effect of Disclosure. – Disclosure pursuant to this section of all or any portion of a public record that is also trial preparation material, whether voluntary or pursuant to an order issued by a court, or issued by an officer in an administrative or quasi-judicial legal proceeding, shall not constitute a waiver of the right to claim that any other document or record constitutes trial preparation material.

§ 15A-1431. Appeals by defendants from magistrate and district court judge; trial de novo.

(a) A defendant convicted before a magistrate may appeal for trial de novo before a district court judge without a jury.

(b) A defendant convicted in the district court before the judge may appeal to the superior court for trial de novo with a jury as provided by law. Upon the docketing in the superior court of an appeal from a judgment imposed pursuant to a plea arrangement between the State and the defendant, the jurisdiction of the superior court over any misdemeanor dismissed, reduced, or modified pursuant to that plea arrangement shall be the same as was had by the district court prior to the plea arrangement.

(c) Within 10 days of entry of judgment, notice of appeal may be given orally in open court or in writing to the clerk. Within 10 days of entry of judgment, the defendant may withdraw his appeal and comply with the judgment. Upon expiration of the 10-day period, if an appeal has been entered and not withdrawn, the clerk must transfer the case to the appropriate court.

(d) A defendant convicted by a magistrate or district court judge is not barred from appeal because of compliance with the judgment, but notice of appeal after compliance must be given by the defendant in person to the magistrate or judge who heard the case or, if he is not available, notice must be given:

(f) Appeal pursuant to this section stays the execution of portions of the judgment relating to fine and costs. Appeal stays portions of the judgment relating to

(1) Payment of costs.
(2) Payment of a fine.
(3) Probation or special probation.
(4) Active punishment.

Pursuant to subsection (e) of this section, however, the judge may order any appropriate condition of pretrial release, including confinement in a local confinement facility, pending the trial de novo in superior court.

(g) The defendant may withdraw his appeal at any time prior to calendaring of the case for trial de novo. The case is then automatically remanded to the court from which the appeal was taken, for execution of the judgment.

(h) The defendant may withdraw his appeal after the calendaring of the case for trial de novo only by consent of the court, and with the attachment of costs of that court, unless the costs or any part of the costs are remitted by the court. The case may then be remanded by order of the court to the court from which the appeal was taken for execution of the judgment with any additional court costs that attached and that have not been remitted."

AN ACT TO CHANGE THE DEFINITION OF "CRITICAL ACCESS HOSPITAL" TO CONFORM TO FEDERAL LAW; AND RELATING TO REGULATION OF GASTROINTESTINAL ENDOSCOPY ROOMS IN LICENSED HEALTH SERVICE FACILITIES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 131E-76(1a) reads as rewritten:

"§ 131E-76. Definitions.  
As used in this article, unless otherwise specified:

(1a) "Critical access hospital" means a hospital which has been designated as a critical access hospital by the North Carolina Department of Health and Human Services, Office of Research, Demonstrations and Rural Health Development. To be designated as a critical access hospital under this subdivision, the hospital must meet the requirements of federal law for certification as a critical access hospital pursuant to 42 CFR Part 485 Subpart F. The North Carolina Department of Health and Human Services, Office of Research, Demonstrations, and Rural Health Development may designate a hospital located in a Metropolitan Statistical Area as a rural hospital for the purposes of the critical access hospital program if the hospital is located in a county with twenty-five percent (25%) or more rural residents as defined by the most recent United States decennial census."

SECTION 2. G.S. 131E-76 is amended by inserting the following new subdivisions, in alphabetical order, to read:

"§ 131E-76. Definitions.  
As used in this article, unless otherwise specified:

(8) 'Gastrointestinal endoscopy room' means a room used for the performance of procedures that require the insertion of a flexible endoscope into a gastrointestinal orifice to visualize the gastrointestinal lining and adjacent organs for diagnostic or therapeutic purposes.

(9) 'Operating room' means a room used for the performance of surgical procedures requiring one or more incisions and that is required to comply with all applicable licensure codes and standards for an operating room."

SECTION 3. G.S. 131E-77(e) reads as rewritten:

"(e) The Department shall issue the license to the operator of the hospital who shall not transfer or assign it except with the written approval of the Department. The license shall designate the number and types of inpatient beds, the number of operating rooms, and the number of gastrointestinal endoscopy rooms."

SECTION 4. G.S. 131E-146 reads as rewritten:

"§ 131E-146. Definitions.  
As used in this Part, unless otherwise specified:
(1) "Ambulatory surgical facility" means a facility designed for the provision of a specialty ambulatory surgical program or a multispecialty ambulatory surgical program. An ambulatory surgical facility serves patients who require local, regional or general anesthesia and a period of post-operative observation. An ambulatory surgical facility may only admit patients for a period of less than 24 hours and must provide at least one designated operating room as defined in subdivision (1c) of this section or at least one gastrointestinal endoscopy room as defined in subdivision (1b) of this section and at least one designated recovery room, have available the necessary equipment and trained personnel to handle emergencies, provide adequate quality assurance and assessment by an evaluation and review committee, and maintain adequate medical records for each patient. An ambulatory surgical facility may be operated as a part of a physician or dentist's office, provided the facility is licensed under G.S. Chapter 131E, Article 6, Part 4, but the performance of incidental, limited ambulatory surgical procedures which do not constitute an ambulatory surgical program as defined in subdivision (1a) and which are performed in a physician or dentist's office does not make that office an ambulatory surgical facility.

(1a) "Ambulatory surgical program" means a formal program for providing on a same-day basis those surgical procedures which require local, regional or general anesthesia and a period of post-operative observation to patients whose admission for more than 24 hours is determined, prior to surgery or gastrointestinal endoscopy, to be medically unnecessary.

(1b) "Gastrointestinal endoscopy room" means a room used for the performance of procedures that require the insertion of a flexible endoscope into a gastrointestinal orifice to visualize the gastrointestinal lining and adjacent organs for diagnostic or therapeutic purposes.

(1c) "Operating room" means a room used for the performance of surgical procedures requiring one or more incisions and that is required to comply with all applicable licensure codes and standards for an operating room.

(2) "Commission" means the North Carolina Medical Care Commission.

SECTION 5. G.S. 131E-175 is amended by adding the following new subdivisions to read:

"§ 131E-175. Findings of fact.
The General Assembly of North Carolina makes the following findings:

... (11) That physicians providing gastrointestinal endoscopy services in unlicensed settings should be given an opportunity to obtain a license to provide those services to ensure the safety of patients and the provision of quality care.

(12) That demand for gastrointestinal endoscopy services is increasing at a substantially faster rate than the general population given the procedure is recognized as a highly effective means to diagnose and prevent cancer."

1246
SECTION 6.(a) G.S. 131E-176(1b) and 131E-176(1c) read as rewritten:

"§ 131E-176. Definitions.

…

(1b) "Ambulatory surgical facility" means a facility designed for the provision of a specialty ambulatory surgical program or a multispecialty ambulatory surgical program. An ambulatory surgical facility serves patients who require local, regional or general anesthesia and a period of post-operative observation. An ambulatory surgical facility may only admit patients for a period of less than 24 hours and must provide at least one designated operating room or gastrointestinal endoscopy room, as defined in Article 5 Part 1 and Article 6, Part 4 of this Chapter, and at least one designated recovery room, have available the necessary equipment and trained personnel to handle emergencies, provide adequate quality assurance and assessment by an evaluation and review committee, and maintain adequate medical records for each patient. An ambulatory surgical facility may be operated as a part of a physician or dentist's office, provided the facility is licensed under G.S. Chapter 131E, Article 6, Part D, but the performance of incidental, limited ambulatory surgical procedures which do not constitute an ambulatory surgical program as defined in subdivision (1b)-(1c) of this section and which are performed in a physician's or dentist's office does not make that office an ambulatory surgical facility.

(1c) "Ambulatory surgical program" means a formal program for providing on a same-day basis those surgical procedures which require local, regional or general anesthesia and a period of post-operative observation to patients whose admission for more than 24 hours is determined, prior to surgery or gastrointestinal endoscopy, to be medically unnecessary."

SECTION 6.(b) G.S. 131E-176(16)u. reads as rewritten:

"(16) "New institutional health services" means any of the following:

…

u. The construction, development, establishment, increase in the number, or relocation of an operating room or operating room, gastrointestinal endoscopy room in a licensed health service facility, other than the relocation of an operating room or operating rooms, gastrointestinal endoscopy room within the same building or on the same grounds or to grounds not separated by more than a public right-of-way adjacent to the grounds where the operating room is or operating rooms are gastrointestinal endoscopy room is currently located."

SECTION 6.(c) G.S. 131E-176(16) is amended by adding the following new sub-subdivision to read:

"v. The change in designation, in a licensed health service facility, of an operating room to a gastrointestinal endoscopy room or change in designation of a gastrointestinal endoscopy room to an operating room that results in a different number of each type of room than is reflected on the health service facility's license in effect as of January 1, 2005."

1247
SECTION 6.(d) G.S. 131E-176 is amended by adding the following new subdivisions to read:

"(7d) ‘Gastrointestinal endoscopy room’ means a room used for the performance of procedures that require the insertion of a flexible endoscope into a gastrointestinal orifice to visualize the gastrointestinal lining and adjacent organs for diagnostic or therapeutic purposes.

(18c) ‘Operating room’ means a room used for the performance of surgical procedures requiring one or more incisions and that is required to comply with all applicable licensure codes and standards for an operating room."

SECTION 7. G.S. 131E-178(a) reads as rewritten:

"(a) No person shall offer or develop a new institutional health service without first obtaining a certificate of need from the Department; provided, however, no hospital licensed pursuant to Article 5 of this Chapter that was established to serve a minority population that would not otherwise have been served and that continues to serve a minority population may be required to obtain a certificate of need for transferring up to 65 beds to nursing care facility beds. No person who provides gastrointestinal endoscopy procedures in one or more gastrointestinal endoscopy rooms located in a nonlicensed setting, shall be required to obtain a certificate of need to license that setting as an ambulatory surgical facility with the existing number of gastrointestinal endoscopy rooms, provided that:

1. The license application is postmarked for delivery to the Division of Facility Services by December 31, 2006;
2. The applicant verifies, by affidavit submitted to the Division of Facility Services within 60 days of the effective date of this act, that the facility is in operation as of the effective date of this act or that the completed application for the building permit for the facility was submitted by the effective date of this act;
3. The facility has been accredited by The Accreditation Association for Ambulatory Health Care, The Joint Commission on Accreditation of Healthcare Organizations, or The American Association for Accreditation of Ambulatory Surgical Facilities by the time the license application is postmarked for delivery to the Division of Facility Services of the Department; and
4. The license application includes a commitment and plan for serving indigent and medically underserved populations.

All other persons proposing to obtain a license to establish an ambulatory surgical facility for the provision of gastrointestinal endoscopy procedures shall be required to obtain a certificate of need. The annual State Medical Facilities Plan shall not include policies or need determinations that limit the number of gastrointestinal endoscopy rooms that may be approved."

SECTION 8. G.S. 131E-182(a), as amended by Senate Bill 740, 2005 General Assembly, reads as rewritten:

"(a) The Department in its rules shall establish schedules for submission and review of completed applications. The schedules shall provide that applications for similar proposals in the same service area will be reviewed together. However, there shall not be a review scheduled prior to February 1, 2006, for submission and review of certificate of need applications that propose an increase in the number of licensed
gastrointestinal endoscopy rooms. An applicant for a certificate of need to establish a licensed gastrointestinal endoscopy room shall show that it is performing or reasonably projects to perform at least 1,500 gastrointestinal endoscopy procedures per gastrointestinal endoscopy room per year."

SECTION 9. Nothing in Sections 2 through 10 of this act shall be construed to represent legislative intent as to the circumstances under which Medicare or Medicaid certification may be obtained for a provider of ambulatory surgery services.

SECTION 10. This act is effective when it becomes law. Section 8 of this act expires on the effective date of administrative rules adopted consistent with the provisions of this act regarding the number of gastrointestinal endoscopy procedures performed or projected to be performed.

In the General Assembly read three times and ratified this the 29th day of August, 2005.

Became law upon approval of the Governor at 12:28 p.m. on the 31st day of August, 2005.
